HOMELESS SERVICES

■ SOLICITATIONS

Human / Client Service

TRAINING SERVICES – Contract with another Government – PIN# 071-05S-003-895 – DUE 04-18-05 AT 5:00 P.M. – The Department of Homeless Services (DHS) intends to enter into negotiations with the US Department of Labor to provide job training and educational opportunities for youth between the ages of 18-24. The facility is located in Glenmont, NY and houses 345 youth of which DHS is allocated 40 slots annually. The vendor offers job/vocational training in the following areas: clerical, maintenance, culinary arts, computer, nursing, carpentry, electrical and other related trades. In addition, a nominal stipend is paid to all participants enrolled during the job training or educational program.

In addition, DHS has determined that the vocational and educational training needs offered by the Government are appropriate for the types of youth, both males and female clients residing in the DHS shelter system, who are referred to the program.

It is anticipated that the term of the contract will be for two years, with an option to renew for one-year. The total estimated cost of this contract is not-to exceed $323,916 annually.

Any vendor who is interested in providing such may contact in writing, Calvin Pitter, Deputy Chief Contracting Officer, Department of Homeless Services at 33 Beaver Street, 13th Floor, NY, NY 10004, at (212) 361-8413. The due date and time for submission of expressions of interest is 5:00 P.M. on Monday, April 18, 2005.

The proposed contractor has been selected by means of a government-to-government purchase pursuant to Section 3-13 of the Procurement Policy Board Rules.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/ blueprints; other information; and for opening and reading of bids at date and time specified above.

DEVELOP TRANSITIONAL RESIDENCE FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – Competitive Sealed Proposals – Judgment required in evaluating proposals - PIN# 071-00S-003-262 – DUE 01-03-06 AT 5:00 P.M. – The Department of Homeless Services is soliciting proposals from organizations interested in developing and operating transitional residences for homeless adults and families including the Neighborhood Based Cluster Residence and drop-in centers for adults. This is an open-ended solicitation; there is no due date for submission. Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-forth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the transitional residence contracts will range from 3 to 20 years including renewal options and depending on the financial terms and conditions.

Pursuant to Section 312 (c) (1) (ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgment is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03 (c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences in order to address the need to create additional shelter capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated as a for-profit entity; 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed Standalone facility location(s); and 3) must demonstrate an intent to enter into lease agreements with the owner(s) or management designee(s) for each property.

Any organization that believes it can provide these services may contact: John Iaffaldano, Associate Staff Analyst, Office of Contracts and Procurement at the Department of Homeless Services at (212) 361-8435, 33 Beaver Street, 13th Floor, NY, NY 10004, to request a copy of the RFP application, which is available for pick-up Monday through Friday on business days between the hours of 9:00 a.m. to 5:00 p.m.

Name, Description and Location of Proposal:

Great Kills Harbor & Tottenville Waterfront Rezoning
The applicant, New York City Councilmember Andrew J. Lanza, seeks an amendment to the zoning map to rezone two C3 districts to a C3A, R3-1, and R3-2 district within the Great Kills Harbor and Tottenville Waterfront areas in the Special South Richmond Development District of Staten Island, Community District 3. The approximately 18-block portion of Great Kills Harbor to be rezoned is currently bounded by the existing C3 zoning district boundary and bordered by an R3-2 zoning district to the northeast, and R3-1 zoning districts to the north and west. The approximately 2-block area to be rezoned from a C3 district to an R3-1 district is an area generally bounded by Ackerman street on the south, Nelson Avenue on the west, Cleveland Avenue on the east, and Hartford Street on the north and an area generally bounded by Great Kills Road on the west, a boundary line 95' north of Mansion Avenue, a boundary line 170' east of Great Kills Road and a current C3 zoning district boundary on the north. The approximately 1 block area to be rezoned from a C3 district to an R3-2 district is an area generally bounded by Fairlawn Avenue on the east, Mansion Avenue on the south, 170' west of Fairlawn Avenue and a current C3 zoning district boundary on the north. The approximately 4- block area to be rezoned from a C3 district to a C3A district is a portion of the Tottenville Waterfront currently bounded by the existing C3 zoning district boundary and bordered by R3A zoning districts to the south and west and an M1-1 zoning district to the east.

The rezoning is being proposed pursuant to a recent application (No. N040480 ZRX) by the Department of City Planning and adopted by the New York City Council on September 28, 2004, amending Article I, Chapter 1 and Article III, Chapters 4 and 5 of the New York City Zoning Resolution to establish a new C3A zoning designation. The C3A zoning designation may be applied in any Growth Management Area, and it changes the underlying zoning district from R3- 2, governing residential development in C3 zoning districts, to R3A.

Under the current application, residential development under the existing C3 zoning district is governed by R3-2 zoning regulations of the Special South Richmond Development District, which allow general residences, including attached homes. The proposed C3A zoning district would continue to allow commercial development but would result in residential development governed by the R3A zoning regulations of the Special South Richmond Development District, which restrict development to one- and two-family detached homes. Part of the rezoning area is bordered by R3-2 and R3-1 zoning districts, which permit semi-detached and attached residences.

Statement of No Significant Effect:

The Environmental Assessment and Review Division of the Department of City Planning, on behalf of the City Planning Commission, has completed its technical review of the Environmental Assessment Statement dated March 24, 2005 prepared in connection with the ULURP Application (No. 050143 ZMR). The City Planning Commission has determined that the proposed action will have no significant effect on the quality of the environment.

Supporting Statement:

The above determination is based on an environmental assessment which finds that no significant effects on the environment which would require an Environmental Impact Statement are foreseeable.

This Negative Declaration has been prepared in accordance with Article 8 of the Environmental Conservation Law 6NYCRR part 617.

Name, Location, and Description of Project:

Seneca Avenue Comprehensive Care Management Corporation
The applicant, Kramer Levin Naftalis & Frankel, LLP, is seeking a City Planning Commission special permit pursuant to Section 74-921 (Community Facilities in Manufacturing Districts) of the Zoning Resolution to facilitate the conversion of a vacant building to a two-story Comprehensive Care Management program facility for senior citizens. The subject site,11-40 Seneca Avenue (Block 3568, Lot 60), is located in a M1-4D zoning district within the Ridgewood neighborhood in Queens Community District 5. The proposed project site is generally bounded by the Long Island Rail Road to the west and north, Seneca Avenue to the east, and Saint Felix to the south.

The project site is currently occupied by a one-story (16.5 feet in height) manufacturing building that is vacant. There are seven accessory parking spaces located on-site adjacent to the building. A special permit is necessary to allow a community facility use (Use Group 4A) within the M1-4D district.

Statement of No Significant Effect Upon Modification:

The Environmental Assessment and Review Division of the Department of City Planning, on behalf of the City Planning Commission, has completed its review of the Environmental Assessment Statement dated March 24, 2005, prepared in connection with the ULURP Application (050083 ZSQ). The City Planning Commission has determined that the proposed action will have no significant effect on the quality of the environment, once it is modified as follows:

1. To avoid the potential for impacts related to noise, the proposed action includes sound attenuation by the addition of double-glazed windows and an alternate means of ventilation through the provision of central air conditioning. With these design measures, the window/wall attenuation would be at least 45 dB(A). These mitigation measures will ensure that an interior level of 45 dB(A) will be maintained.

Supporting Statement:

The above determination is based on an environmental assessment which finds that:

1. Existing ambient noise levels were measured at a nearby residential project location to help evaluate the potential noise impacts of the Long Island Rail Road (LIRR) on the proposed facility at 11-40 Seneca Avenue. The measured ambient noise levels are within the Marginally Unacceptable (II) category as per CEQR Technical Manual Table 3R-4 Required Attenuation Values To Achieve Acceptable Interior Noise Levels. The ambient noise levels were measured during the morning, midday and evening peak hour. The nearby residential project location was selected for comparison because it is located at a similar distance from the LIRR as the proposed project; it would introduce new sensitive receptors (residential use) as would the proposed project (community facility use); and it is representative of the noise levels to which the proposed facility at 11-40 Seneca Avenue would be exposed.

2. No other significant adverse effects on the environment which would require an Environmental Impact Statement are foreseeable.

It is fully agreed and understood that if the foregoing conditions, modification, and alterations are not fully incorporated into the proposed action, this Conditional Negative Declaration shall become null and void. In such event, the applicant shall be required to prepare a Draft Environmental Impact Statement before preceding further with said proposal.

This Conditional Negative Declaration has been prepared in accordance with Article 8 of the Environmental Conservation Law 6NYCRR part 617.

Should you have any questions pertaining to this Conditional Negative Declaration, you may contact Radhika Patel at (212) 720-3321.

OFFICE OF MANAGEMENT AND BUDGET

■ PUBLIC HEARINGS

Draft Ten-Year Capital Strategy

Pursuant to Section 234 of the New York City Charter, the Draft Ten-Year Capital Strategy, Fiscal Years 2006-2015, was issued jointly by the Office of Management and Budget and the Department of City Planning on January 2005. After a public comment period, it will be issued in final form by the Mayor. Issued every two years, the strategy proposes capital commitments to be made during the ensuing ten years, by program category and agency.

The draft strategy is available on the Office of Management and Budget's website at

READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council**, 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists--free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

CITY PLANNING

■ PUBLIC HEARINGS

PROPOSED 2006 CONSOLIDATED PLAN

A **public hearing** on the formulation of the Proposed 2006 Consolidated Plan: One Year Action Plan for HUD Entitlement Funds will be held on **TUESDAY, APRIL 12, 2005** beginning at **3:30 P.M.** at the Department of City Planning located at 22 Reade Street, Spector Hall, Manhattan. The PUBLIC HEARING will be followed by a brief question and answer session with City agency representatives in attendance. In addition, at this forum, agency representatives will receive comments on the City's performance on Consolidated Plan activities in 2005.

The Consolidated Plan defines the use of federal entitlement funds for housing, homeless assistance, supportive housing services and community development programs and is required by the United States Department of Housing and Urban Development (HUD). It consolidates the statutory requirements of the Cranston-Gonzalez Housing Act's Comprehensive Housing Affordability Strategy, and the City's annual application for the four HUD Office of Community Planning and Development entitlement programs: Community Development Block Grant (CDBG), HOME Investment Partnership, Emergency Shelter Grants (ESG), and Housing Opportunities for Persons with AIDS (HOPWA).

MARKETING DEVELOPMENT CORPORATION

■ JOINT PUBLIC HEARING

NOTICE OF A JOINT PUBLIC HEARING between the Franchise and Concession Review Committee ("FCRC") and NYC Marketing Development Corporation on behalf of the Department of Small Business Services to be held on Monday, April 11, 2005 at Spector Hall, 22 Reade Street, Main Floor, Borough of Manhattan, commencing at 10:00 a.m. relative to:

NYC Marketing Development Corporation's application on behalf of the Department of Small Business Services to utilize different procedures (i.e., a sole source concession), pursuant to Section 1-13 of the Concession rules to implement a concession with The History Channel. NYC Marketing Development Corporation will seek the FCRC's approval at their April 13th meeting for both the use of different procedures and approval of the proposed concession.

This partnership is non-exclusive and NYC Marketing Development Corporation entering into such a partnership on behalf of the City does not preclude either NYC Marketing Development Corporation or the City from entering into a similar partnership in the future.

Term: The term of the agreement is for the period commencing August 26, 2004 and shall expire on February 13, 2008.

The agreement includes two (2) proposed concessions involving the use of intellectual property, both of which are related to the New York City's Official History Center (NYCOHC) (a city owned tourism information center):

1. The designation of certain historically themed tours of New York City that will be planned and/or mapped by The History Channel, as "New York City's Official History Tours"

2. The designation of "New York City's Official History Trolley" in connection with NYC Marketing Development Corporation's efforts to promote historical tourism to New York City and the new City-owned and operated NYCOHC. It is intended that New York City's Official History Trolley will be a parade type float for use in local events and parades.

The value of the two (2) concessions in this agreement involving the use of the City's intellectual property is estimated to be $2.25M in advertising time on the History Channel networks (comprised of time for 30-second commercials, not cash), plus the economic impact created by the marketing and promotion of the tours as well as the exposure of the parade type float. The City will be highlighted as a tourism attraction and this will presumably drive tourists to New York.

A copy of the agreement is available for viewing Monday through Friday beginning on March 17, 2005 and ending on April 11, 2005 at the offices of NYC Marketing Development Corporation, 1 Liberty Plaza, 33rd Floor, New York, NY 10006 between the hours of 9:00 a.m. and 5:00 p.m.

SPECIAL EDUCATION SUPPORT SERVICES – Negotiated Acquisition – PIN# 60040040 – To enter into a negotiated acquisition to enter into an agreement with eligible non-Department of Education independent providers for the provision of related services to students with disabilities aged 3 to 21 years. The New York City Department of Education (NYCDOE) is mandated by Federal and State law to provide special education related services where indicated. In cases where the NYCDOE is unable to meet this mandate, it has been directed to seek the assistance of outside service provides. Despite the availability of vendors contracted through the RFP process, it is often the case that more students in a district require a particular related service than all contracted vendors are able to provide. In those instances, parents have the right to choose their own independent related service provider and the NYCDOE is obligated to pay. Currently, these services are provided without a contract for up to $100,000. When an independent provider exceeds that amount or is anticipated to exceed that amount annually, NYCDOE takes steps to enter into a contract with this vendor. Based upon payments to date, the following constitutes the initial list of vendors projected to earn over $100,000 in Fiscal Year '05: Advanced Interactive Solutions, Bilingual Sign Talk, Emelia's Kids, Dear and Hard of Hearing, Ready Set Grow, and Theracare Preschool Services. The term of these contracts is September 1, 2004 through August 31, 2007.

☛ a7

RELATED SERVICES FOR STUDENTS WITH DISABILITIES – Negotiated Acquisition – PIN# 60140040 – To enter into a negotiated acquisition to enter into an agreement with eligible independent providers for the provision of special education teacher support services to students with disabilities, aged 5 to 21. The State Education Department and the Chancellor have made the provision or special education services in the least restrictive environment a priority for the New York City public schools. Special Education Teacher Support Services combine the services of Consultant Teacher and Resource Room services. These services are recommended on students' Individualized Education Programs (IEP) and independent providers are only utilized in cases where the DOE staff is unable to provide the service. In these cases, a "P3 letter" entitles the parent to obtain the services of a State licensed independent provider, typically a special education teacher selected by the parent, at public expense. Currently, these services are provided without a contract up to $100,000.00. When an independent provider exceeds that amount or is anticipated to exceed that amount annually, NYCDOE takes steps to enter into a contract with the vendor. Based upon payments to date, the following constitutes the initial list of vendors projected to earn over $100,000 in Fiscal Years '05: Brienza' Academic Advantage and New Karma Holding Corp. The term of these contracts is September 1, 2004 through August 31, 2007.

☛ a7

CAREER AND TECHNICAL EDUCATION COURSES – Negotiated Acquisition – PIN# 59240040 – To enter into a negotiated acquisition to enter into an agreement with the Research Foundation of the City of New York on behalf of the New York City College of Technology to provide the Career and Technical Education Courses necessary for the Success Via Apprenticeship (SVA) Program. The term of these contracts is September 1, 2004 through June 30, 2007 at a cost of $384,300 over three years.

☛ a7

ARBITRATION AND DISPUTE RESOLUTION SERVICES – Negotiated Acquisition – PIN# 53905040 – New York City Department of Education to enter into a negotiated acquisition to enter into an agreement with Arthur Riegel to provide arbitration and other dispute resolution services. Arthur Riegel is a professional arbitrator who is regularly selected, by mutual agreement of various labor unions and the DOE, to provide arbitration and other dispute resolution services in labor relations cases to which the DOE is a party. Accordingly, Mr. Riegel serves as a member of the DOE-UFT and DOE-Local 237 grievance arbitration panels. In addition, he serves as the DOE-CSA Letter in File arbitrator and was chosen jointly by the DOE and UFT to serve as an arbitration in School-Bases Options cases. The term of this contract is July 1, 2004 through June 20, 2005, for an amount not to exceed $140,000.

SPECIAL EDUCATION SUPPORT SERVICES – Negotiated Acquisition – PIN# 60040040 – To enter into a negotiated acquisition to enter into an agreement with eligible non-Department of Education independent providers for the provision of related services to students with disabilities aged 3 to 21 years. The New York City Department of Education (NYCDOE) is mandated by Federal and State law to provide special education related services where indicated. In cases where the NYCDOE is unable to meet this mandate, it has been directed to seek the assistance of outside service provides. Despite the availability of vendors contracted through the RFP process, it is often the case that more students in a district require a particular related service than all contracted vendors are able to provide. In those instances, parents have the right to choose their own independent related service provider and the NYCDOE is obligated to pay. Currently, these services are provided without a contract for up to $100,000. When an independent provider exceeds that amount or is anticipated to exceed that amount annually, NYCDOE takes steps to enter into a contract with this vendor. Based upon payments to date, the following constitutes the initial list of vendors projected to earn over $100,000 in Fiscal Year '05: Advanced Interactive Solutions, Bilingual Sign Talk, Emelia's Kids, Dear and Hard of Hearing, Ready Set Grow, and Theracare Preschool Services. The term of these contracts is September 1, 2004 through August 31, 2007.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/ blueprints; other information; and for opening and reading of bids at date and time specified above.

RELATED SERVICES FOR STUDENTS WITH DISABILITIES – Negotiated Acquisition – PIN# 60140040 – To enter into a negotiated acquisition to enter into an agreement with eligible independent providers for the provision of special education teacher support services to students with disabilities, aged 5 to 21. The State Education Department and the Chancellor have made the provision or special education services in the least restrictive environment a priority for the New York City public schools. Special Education Teacher Support Services combine the services of Consultant Teacher and Resource Room services. These services are recommended on students' Individualized Education Programs (IEP) and independent providers are only utilized in cases where the DOE staff is unable to provide the service. In these cases, a "P3 letter" entitles the parent to obtain the services of a State licensed independent provider, typically a special education teacher selected by the parent, at public expense. Currently, these services are provided without a contract up to $100,000.00. When an independent provider exceeds that amount or is anticipated to exceed that amount annually, NYCDOE takes steps to enter into a contract with the vendor. Based upon payments to date, the following constitutes the initial list of vendors projected to earn over $100,000 in Fiscal Years '05: Brienza' Academic Advantage and New Karma Holding Corp. The term of these contracts is September 1, 2004 through August 31, 2007.

TRAINING SERVICES – Contract with another Government – PIN# 071-05S-003-895 – DUE 04-18-05 AT 5:00 P.M. – The Department of Homeless Services (DHS) intends to enter into negotiations with the US Department of Labor to provide job training and educational opportunities for youth between the ages of 18-24. The facility is located in Glenmont, NY and houses 345 youth of which DHS is allocated 40 slots annually. The vendor offers job/vocational training in the following areas: clerical, maintenance, culinary arts, computer, nursing, carpentry, electrical and other related trades. In addition, a nominal stipend is paid to all participants enrolled during the job training or educational program.

In addition, DHS has determined that the vocational and educational training needs offered by the Government are appropriate for the types of youth, both males and female clients residing in the DHS shelter system, who are referred to the program.

It is anticipated that the term of the contract will be for two years, with an option to renew for one-year. The total estimated cost of this contract is not-to exceed $323,916 annually.

Any vendor who is interested in providing such may contact in writing, Calvin Pitter, Deputy Chief Contracting Officer, Department of Homeless Services at 33 Beaver Street, 13th Floor, NY, NY 10004, at (212) 361-8413. The due date and time for submission of expressions of interest is 5:00 P.M. on Monday, April 18, 2005.

The proposed contractor has been selected by means of a government-to-government purchase pursuant to Section 3-13 of the Procurement Policy Board Rules.

DEVELOP TRANSITIONAL RESIDENCE FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – Competitive Sealed Proposals – Judgment required in evaluating proposals - PIN# 071-00S-003-262 – DUE 01-03-06 AT 5:00 P.M. – The Department of Homeless Services is soliciting proposals from organizations interested in developing and operating transitional residences for homeless adults and families including the Neighborhood Based Cluster Residence and drop-in centers for adults. This is an open-ended solicitation;

there is no due date for submission. Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-forth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the transitional residence contracts will range from 3 to 20 years including renewal options and depending on the financial terms and conditions.

Pursuant to Section 312 (c) (1) (ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgment is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03 (c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences in order to address the need to create additional shelter capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated as a for-profit entity; 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed Standalone facility location(s); and 3) must demonstrate an intent to enter into lease agreements with the owner(s) or management designee(s) for each property.

Any organization that believes it can provide these services may contact: John Iaffaldano, Associate Staff Analyst, Office of Contracts and Procurement at the Department of Homeless Services at (212) 361-8435, 33 Beaver Street, 13th Floor, NY, NY 10004, to request a copy of the RFP application, which is available for pick-up Monday through Friday on business days between the hours of 9:00 a.m. to 5:00 p.m.

CITYWIDE ADMINISTRATIVE SERVICES

■ NOTICE

The City of New York is seeking a federated community campaign* to serve as the Coordinating Agency for the annual **COMBINED MUNICIPAL CAMPAIGN**. The Combined Municipal Campaign enables qualified charitable organizations to participate in a single annual fund-raising effort among City employees. The Coordinating Agency is the primary coordinator and organizer of the campaign.

You may qualify if your organization is a federated community campaign, which conducts a ***bona fide*** program of human health and welfare or recreation services for a substantial number of residents in New York City, and meets certain other legal requirements regarding the operation of charitable organizations in the State of New York.

Information and applications may be obtained from:

The City of New York
Department of Citywide Administrative Services
Office of Special Programs
1 Centre Street, Room 2130 South
New York, New York 10007
(212) 669-3290

Applications must be submitted by May 13, 2005.

*Pursuant to the New York General Municipal Law §93-b, a federated community campaign is a charitable non-profit organization which solicits funds for distribution among a substantial number of charitable non-profit organizations.

Section 2.

The terms "employee" and "employees" as used in this Agreement shall mean only those persons in the unit described in Section 1 of this Article.

ARTICLE II - DUES CHECKOFF

Section 1.

a. The Union shall have the exclusive right to the checkoff and transmittal of dues on behalf of each employee in accordance with the Mayor's Executive Order No. 98, dated May 15, 1969, entitled "Regulations Relating to the Checkoff of Union Dues" and in accordance with the Mayor's Executive Order No. 107, dated December 29, 1986, entitled "Procedures for Orderly Payroll Check-Off of Union Dues and Agency Shop Fees."

b. Any Employee may consent in writing to the authorization of the deduction of dues from the Employee's wages and to the designation of the Union as the recipient thereof. Such consent, if given, shall be in a proper form acceptable to the City, which bears the signature of the Employee.

Section 2.

The parties agree to an agency shop to the extent permitted by applicable law, as described in a supplemental agreement hereby incorporated by reference into this Agreement.

ARTICLE III - SALARIES

Section 1.

a. This Article III is subject to the provisions, terms and conditions of the Alternative Career and Salary Pay Plan Regulations, dated March 15, 1967 as amended, except that the specific terms and conditions of this Article shall supersede any provisions of such Regulations inconsistent with this Agreement subject to the limitations of applicable provisions of law.

b. Unless otherwise specified, all salary provisions of this Agreement, including minimum and maximum salaries, advancement or level increases, general increases, education differentials and any other salary adjustments, are based upon a normal work week of 35 hours (except that such matters for Computer Facilities Maintainer (FISA) is based upon normal work week of 40 hours). In accordance with Article IX, Section 24 of the 1995 – 2001 Citywide Agreement, an Employee who works on a full-time, per-diem basis shall receive their base salary (including salary increment schedules) and/or additions-to-gross payment in the same manner as a full-time, per-annum employee. An employee who works on a part-time per annum basis and who is eligible for any salary adjustments provided in this Agreement shall receive the appropriate pro-rata portion of such salary adjustment computed on the relationship between the number of hours regularly worked each week by such employee and the number of hours in the said normal work week, unless otherwise specified.

c. Employees who work on a part-time per diem or hourly basis and who are eligible for any salary adjustment provided in this Agreement shall receive the appropriate pro rata portion of such salary adjustment computed as follows, unless otherwise specified:

Per diem rate - 1/261 of the appropriate minimum basic salary.

Hourly Rate - 35 hour week basis 1/1827 of the appropriate minimum basic salary.
40 hour week basis 1/2088 of the appropriate minimum basic salary.

d. The maximum salary for a title shall not constitute a bar to the payment of any salary adjustment or pay differentials provided for in this Agreement but the said increase above the maximum shall not be deemed a promotion.

Section 2.

Employees in the following title(s) shall be subject to the following specified salary(ies), salary adjustment(s), and/or salary range(s):

a. **Effective July 1, 2002**

i. **Unit A (Engineering/Scientific)**

SCHEDULE A

TITLE	(1) Minimum (a) Hiring Rate[1]	(b) Incumbent Rate	(2) Maximum
Air Pollution Control Engineer Level I	$47,802	$54,972	$69,230
Air Pollution Control Engineer Level II	$56,832	$65,357	$78,957
Air Pollution Control Engineer Level III	$63,577	$73,113	$86,190
Air Pollution Control Engineering Intern	See Section 2(c)(i) - Schedule B		
Air Pollution Control Engineering Trainee	$34,802	$40,022	Flat Rate
Air Pollution Inspector	$32,968	$37,913	$46,297
Architect (including specialties) Level I	$47,802	$54,972	$69,230
Architect (including specialties) Level II	$56,832	$65,357	$78,957
Architect (including specialties) Level III	$63,577	$73,113	$86,190
Architectural Intern	See Section 2(c)(i) - Schedule B		
Architectural Specialist Level I	$56,832	$65,357	$78,957
Architectural Specialist Level II	$63,577	$73,113	$86,190
Asbestos Hazard Investigator	$38,386	$44,144	$57,601
Assistant Air Pollution Control Engineer	$40,269	$46,309	$60,423
Assistant Architect (including OTB)[2]	$40,269	$46,309	$60,423
Assistant Area Manager of School Maintenance.	$52,665	$60,565	$77,189
Assistant Chemical Engineer[2]	$40,269	$46,309	$60,423
Assistant Chemist (including specialties)[4]	$37,337	$42,938	$54,677
Assistant Civil Engineer[2]	$40,269	$46,309	$60,423
Assistant Coordinator of Highway Transportation Studies	$52,665	$60,565	$77,189
Assistant Director of Technical Services (Air Pollution Control)	$59,593	$68,532	$78,314
Assistant Director of Technical Services (Emissions Inventory - Stationary Sources)	$59,593	$68,532	$78,314
Assistant Electrical Engineer (including OTB)[2]	$40,269	$46,309	$60,423
Assistant Engineer (Accounting)[2]	$40,269	$46,309	$60,423
Assistant Engineering Technician (JOP & OTB)[5]	$26,723	$30,732	$34,780
Assistant Environmental Engineer	$40,269	$46,309	$60,423
Assistant Geologist	$40,269	$46,309	$60,423
Assistant Health Facilities Planner	$42,092	$48,406	$63,076
Assistant Highway Transportation Specialist	$34,802	$40,022	$51,198
Assistant Landscape Architect[2]	$40,269	$46,309	$60,423
Assistant Mechanical Engineer[2]	$40,269	$46,309	$60,423
Assistant Physicist (including specialist)[4]	$40,269	$46,309	$60,423
Assistant Plan Examiner (Buildings)[2]	$42,092	$48,406	$63,076
Assistant Planner (including OTB)	$38,950	$44,792	$56,252
Assistant Project Coordinator (including OTB)	$40,269	$46,309	$60,423
Assistant Project Development Coordinator[5]	$40,269	$46,309	$60,423
Assistant Project Manager	$40,269	$46,309	$60,423
Assistant Project Services Specialist[5]	$40,269	$46,309	$60,423
Assistant Scientist (Radiation Control)	$40,269	$46,309	$60,423
Assistant Signal Circuit Engineer[2]	$40,269	$46,309	$60,423
Assistant Space Analyst	$40,269	$46,309	$60,423
Assistant Superintendent of Construction (including OTB)[5]	$40,269	$46,309	$60,423
Assistant Superintendent of Construction and Repairs	$40,269	$46,309	$60,423
Assistant Supervisor of Electrical Installations	$40,269	$46,309	$60,423
Assistant Supervisor of Mechanical Installations	$40,269	$46,309	$60,423
Assistant Surveyor	$47,802	$54,972	$69,230
Assistant Surveyor Trainee[3]	$40,269	$46,309	$49,257
Assistant Urban Designer	$40,269	$46,309	$60,423
Associate Chemist Level I[4]	$42,358	$48,712	$62,825
Associate Chemist Level II[4]	$50,248	$57,785	$71,058
Associate Chemist Level III[4]	$55,119	$63,387	$83,713
Associate City Planner Level I	$51,710	$59,466	$75,539
Associate City Planner Level II	$55,119	$63,387	$83,713
Associate Engineering Technician (Including OTB) Level I	$34,572	$39,758	$50,935
Associate Engineering Technician (Including OTB) Level II	$39,557	$45,490	$55,130
Associate Fire Protection Inspector Level I	$36,828	$42,352	$51,857
Associate Fire Protection Inspector Level II	$41,257	$47,446	$57,367
Associate Fire Protection Inspector Level III	$45,694	$52,548	$62,888
Associate Graphic Artist	$41,510	$47,737	$70,656
Associate Housing Development Specialist	$52,665	$60,565	$77,189
Associate Landmarks Preservationist	$47,510	$54,636	$66,519
Associate Project Manager Level I	$47,802	$54,972	$69,230
Associate Project Manager Level II	$52,665	$60,565	$77,189
Associate Project Manager Level III	$63,577	$73,113	$86,190
Associate Space Analyst	$47,802	$54,972	$69,230
Associate Urban Designer Level I	$47,802	$54,972	$69,230
Associate Urban Designer Level II	$52,665	$60,565	$77,189
Associate Urban Designer Level III	$55,016	$63,268	$83,395
Automotive Specialist	$47,802	$54,972	$69,230
Cartographer (Civil Defense)	$32,852	$37,780	$48,129
Chemical, Biological & Radiological Officer (C.D.)	$42,092	$48,406	$63,076

Section 3. Wage Increases.

A. Lump Sum Cash Payment

i. Effective upon ratification of the *2002 DC 37 MEA*, a lump sum cash payment in the amount of $1,000 shall be paid in accordance with the established eligibility guidelines contained in Appendix C.

ii. Part-time per annum, part-time per diem (including seasonal appointees), per session and hourly paid Employees and Employees whose normal work year is less than a full calendar year shall receive a pro-rata portion of the lump sum cash payment set forth in Section 4. A. i. on the basis of computations heretofore utilized by the parties for all such Employees.

iii. The lump sum cash payment provided in Section 4. A. shall be pensionable, consistent with applicable law, and shall be paid as soon as practicable upon ratification of this *2002 DC 37 MEA*.

iv. The lump sum cash payments provided for in this Section shall not become part of the Employee's basic salary rate nor be added to the Employee's basic salary for the calculation of any salary based benefits including the calculation of future collective bargaining increases.

B. General Wage Increase

a. The general increases, effective as indicated, shall be:

i. Effective July 1, 2003, Employees shall receive a general increase of 3 percent.

ii. Effective July 1, 2004, Employees shall receive an additional general increase of 2 percent.

iii. Part-time per annum, part-time per diem Employees (including seasonal appointees), per session and hourly paid Employees and Employees whose normal work year is less than a full calendar year shall receive the increases provided in subsections 3B(a)(i) and 3B(a)(ii) on the basis of computations heretofore utilized by the parties for all such Employees.

b. The increases provided for in Section 3B(a) above shall be calculated as follows:

i. The general increase in Section 3B(a)(i) shall be based upon the base rates (including salary or incremental salary schedules) of the applicable titles in effect on June 30, 2003;

ii. The general increase in Section 3B(a)(ii) shall be based upon the base rates (including salary or incremental salary schedules) of the applicable titles in effect on June 30, 2004.

c. i. The general increases provided for in this Section 3 shall be applied to the base rates, incremental salary levels and the minimum "hiring rates," minimum "incumbent rates" and maximum rates (including levels), if any, fixed for the applicable titles.

ii. The general increases provided for in this Section 3B a. i. and 3B a.ii shall be applied to the following "additions to gross:" uniform allowances, equipment allowances, transportation allowances, uniform maintenance allowances, assignment differentials, service increments, longevity differentials, longevity increments, recurring increment payments, advancement increases, assignment (level) increases, and experience, certification, educational, license, evening, or night shift differentials.

Section 4. New Hires.

a. For the purposes of Sections 4(c) and 4(d), employees 1) who were in active pay status before July 1, 2002, and 2) who are affected by the following personnel actions after said date shall not be treated as "newly hired" employees and shall be entitled to receive the indicated minimum "incumbent rate" set forth in subsections 2(a)(i)(2), 2(b)(i)(1)(b), and 2(c)(i)(2) of this Article III:

i. Employees who return to active status from an approved leave of absence.

ii. Employees in active status (whether full or part-time) appointed to permanent status from a civil service list, or to a new title (regardless of jurisdictional class or civil service status) without a break in service of more than 31 days.

iii. Employees who were laid off or terminated for economic reasons who are appointed from a recall/preferred list or who were subject to involuntary redeployment.

iv. Provisional employees who were terminated due to a civil service list who are appointed from a civil service list within one year of such termination.

v. Permanent employees who resign and are reinstated or who are appointed from a civil service list within one year of such resignation.

vi. Employees (regardless of jurisdictional class or civil service status) who resign and return within 31 days of such resignation.

vii. A provisional employee who is appointed directly from one provisional appointment to another.

viii. For employees whose circumstances were not anticipated by the parties, the First Deputy Commissioner of Labor Relations is empowered to issue, on a case-by-case basis, interpretations concerning application of this Section 4. Such case-by-case interpretations shall not be subject to the dispute resolution procedures set forth in Article VI of this Agreement.

b. Any employee hired prior to July 1, 2002 and appointed at a reduced hiring rate pursuant to Article III, Section 4(b) of the 2000-2002 Engineering and Scientific Agreement, shall be paid the applicable minimum "hiring rate" set forth in subsection 2(a)(i)(1). On the one year

anniversary of the employee's original date of appointment, such employee shall be paid the indicated minimum "incumbent rate" for the applicable title that is in effect on such one year anniversary as set forth in subsection 2(a)(i)(2) and 2(b)(i)(2) of this Article III.

c. The appointment rate for any employee newly hired between July 1, 2002 and June 30, 2004, shall be the applicable minimum "hiring rate" set forth in subsections 2(a)(i)(1) and 2(b)(i)(1) of this Article III. Upon completion of one year of service, such employee shall be paid the indicated minimum "incumbent rate" for the applicable title that is in effect on the one year anniversary of the employee's original date of appointment as set forth in subsections 2(a)(i)(2), 2(b)(i)(2), and 2(c)(i)(2) of this Article III.

d.

i. For a title subject to an incremental pay plan, the employee shall be paid the appropriate increment based upon the employee's length of service. Section 2 of this Article III reflects the correct amounts and has been adjusted in accordance with the provisions of Section 3(c)(i) of this Article III.

ii. Employees who change titles or levels before attaining one year of service will be treated in the new title or level as if they had been originally appointed to said title or level on their original hiring date.

e. The following provisions shall apply to Employees newly hired on or after July 1, 2004:

i. During the first two (2) years of service, the "appointment rate" for a newly hired employee shall be fifteen percent (15%) less than the applicable "incumbent minimum" for said title that is in effect on the date of such appointment as set forth in this *Agreement*. The general increases provided for in subsections 4B(a)(i) and 4B(a)(ii) shall be applied to the "appointment rate."

ii. Upon completion of two (2) years of service such employees shall be paid the indicated "incumbent minimum" for the applicable title that is in effect on the two (2) year anniversary of their original date of appointment as set forth in this *Agreement*.

f. For the purposes of Section 4(e) and 4(g), employees 1) who were in active pay status before July 1, 2004, and 2) who are affected by the following personnel actions after said date shall not be treated as "newly hired" employees and shall be entitled to receive the indicated minimum "incumbent rate" set forth in subsections 2(a)(i)(2), 2(b)(i)(2) and 2(c)(i)(2) of this Article III:

i. Employees who return to active status from an approved leave of absence.

ii. Employees in active status (whether full or part-time) appointed to permanent status from a civil service list, or to a new title (regardless of jurisdictional class or civil service status) without a break in service of more than 31 days.

iii. Employees who were laid off or terminated for economic reasons who are appointed from a recall/preferred list or who were subject to involuntary redeployment.

iv. Provisional employees who were terminated due to a civil service list who are appointed from a civil service list within one year of such termination.

v. Permanent employees who resign and are reinstated or who are appointed from a civil service list within one year of such resignation.

vi. Employees (regardless of jurisdictional class or civil service status) who resign and return within 31 days of such resignation.

vii. A provisional employee who is appointed directly from one provisional appointment to another.

viii. For employees whose circumstances were not anticipated by the parties, the First Deputy Commissioner of Labor Relations is empowered to issue, on a case-by-case basis, interpretations concerning application of this Section 4. Such case-by-case interpretations shall not be subject to the dispute resolution procedures set forth in Article VI of this Agreement.

g.

i. For a title subject to an incremental pay plan, the employee shall be paid the appropriate increment based upon the employee's length of service.

ii. Employees who change titles or levels before attaining two years of service will be treated in the new title or level as if they had been originally appointed to said title or level on their original hiring date.

h. The First Deputy Commissioner of Labor Relations may, after notification to the affected union(s), exempt certain hard to recruit titles from the provisions of subsection 4(c) and 4(e).

Section 5.

Each general increase provided herein, effective as of each indicated date, shall be applied to the rate in effect on the date as specified in Section 3 of this Article. In the case of a promotion or other advancement to the indicated title on the effective date of the general increase specified in Section 3 of this Article, such general increase shall not be applied, but the general increase, if any, for the title formerly occupied, effective on the date indicated shall be applied.

Section 6.

In the case of an Employee on leave of absence without pay the salary rate of such Employee shall be changed to reflect the salary adjustments specified in Article III.

Section 7. Advancement Increases

A person permanently employed by the Employer who is appointed or promoted on a permanent, provisional, or temporary basis in accordance with the Personnel Rules and Regulations of the City of New York or, where the Personnel Rules and Regulations of the City of New York are not applicable to a public employer, such other Rules or Regulations as are applicable to the public employer, without a break in service to any of the following title(s) from another title in the direct line of promotion or from another title in the Career and Salary Plan, the minimum rate of which is exceeded by at least 8 percent by the minimum rate of the title to which appointed or promoted, shall receive upon the date of such appointment or promotion either the minimum basic salary for the title to which such appointment or promotion is made, or the salary received or receivable in the lower title plus the specified advancement increase, whichever is greater:

b. The RIPs shall be based upon years of City service and shall be paid in addition to the service increment set forth in Section 9, the longevity differential set forth in Section 10 or the longevity increment set forth in Section 11. RIPs shall be payable on the January 1, April 1, July 1, or October 1 subsequent to the qualifying employee's anniversary date, subject to the rules for eligibility set forth in Appendix B of this Agreement.

ARTICLE IV - WELFARE FUND

Section 1.

a. In accordance with the election by the Union pursuant to the provisions of Article XIII of the Citywide Agreement between the City of New York and related public employers and District Council 37, AFSCME, AFL-CIO, the Welfare Fund provisions of the 1995-01 Citywide Agreement, as amended or any successor agreement(s) thereto,

shall apply to Employees covered by this Agreement.

b. When an election is made by the Union pursuant to the provisions of Article XIII, Section l(b), of the Citywide Agreement between the City of New York and related public employers and District Council 37, AFSCME, AFL-CIO, the provisions of Article XIII, Section l(b) of the 1995-01 Citywide Agreement, as amended or any successor agreement(s) thereto, shall apply to Employees covered by this Agreement, and when such election is made, the Union hereby waives its right to training, education and/or legal services contributions provided in this Agreement, if any. In no case shall the single contribution provided in Article XIII, Section l(b) of the 1995-01 Citywide Agreement, as amended or any successor agreement(s) thereto, exceed the total amount that the Union would have been entitled to receive if the separate contributions had continued.

Section 2.

The Unions agree to provide welfare fund benefits to domestic partners of covered employees in the same manner as those benefits are provided to spouses of married covered employees.

Section 3.

In accordance with the Health Benefits Agreement dated January 11, 2001, each welfare fund shall provide welfare fund benefits equal to the benefits provided on behalf of an active employee to widow(er)s, domestic partners and/or children of any employee who dies in the line of duty as that term is referenced in Section 12-126(b)(2) of the New York City Administrative Code. The cost of providing this benefit shall be funded by the Stabilization Fund.

ARTICLE V - PRODUCTIVITY AND PERFORMANCE

Introduction

Delivery of municipal services in the most efficient, effective and courteous manner is of paramount importance to the Employer and the Union. Such achievement is recognized to be a mutual obligation of both parties within their respective roles and responsibilities. To achieve and maintain a high level of effectiveness, the parties hereby agree to the following terms:

Section 1. - Performance Levels

a. The Union recognizes the Employer's right under the New York City Collective Bargaining Law to establish and/or revise performance standards or norms notwithstanding the existence of prior performance levels, norms or standards. Such standards, developed by usual work measurement procedures, may be used to determine acceptable performance levels, to prepare work schedules and to measure the performance of each Employee or group of Employees. Notwithstanding the above, questions concerning the practical impact that decisions on the above matters have on Employees are within the scope of collective bargaining. The Employer will give the Union prior notice of the establishment and/or revision of performance standards or norms hereunder.

b. Employees who work at less than acceptable levels of performance may be subject to disciplinary measures in accordance with applicable law.

Section 2. - Supervisory Responsibility

a. The Union recognizes the Employer's right under the New York City Collective Bargaining Law to establish and/or revise standards for supervisory responsibility in achieving and maintaining performance levels of supervised employees for Employees in supervisory positions listed in Article I, Section 1, of this Agreement. Notwithstanding the above, questions concerning the practical impact that decisions on the above matters have on employees are within the scope of collective bargaining. The Employer will give the Union prior notice of the establishment and/or revision of standards for supervisory responsibility hereunder.

b. Employees who fail to meet such standards may be subject to disciplinary measures in accordance with applicable law.

Section 3. - Performance Compensation

The Union acknowledges the Employer's right to pay additional compensation for outstanding performance. The Employer agrees to notify the Union of its intent to pay such additional compensation.

ARTICLE VI - GRIEVANCE PROCEDURE

Section 1. - Definition:

The term "**Grievance**" shall mean:

a. A dispute concerning the application or interpretation of the terms of this Agreement;

b. A claimed violation, misinterpretation or misapplication of the rules or regulations, ***written*** policy or orders of the Employer applicable to the agency which employs the grievant affecting terms and conditions of employment; provided, disputes involving the Personnel Rules and Regulations of the City of New York or the Rules and Regulations of the Health and Hospitals Corporation with respect to those matters set forth in the first paragraph of Section 7390.1 of the Unconsolidated Laws shall not be subject to the grievance procedure or arbitration;

c. A claimed assignment of Employees to duties substantially different from those stated in their job specifications;

d. A claimed improper holding of an open-competitive rather than a promotional examination;

e. A claimed wrongful disciplinary action taken against a permanent Employee covered by Section 75(1) of the Civil Service Law or a permanent Employee covered by the Rules and Regulations of the Health and Hospitals Corporation upon whom the agency head has served written charges of incompetence or misconduct while the Employee is serving in the Employee's permanent title or which affects the Employee's permanent status.

f. Failure to serve written charges as required by Section 75 of the Civil Service Law or the Rules and Regulations of the Health and Hospitals Corporation upon a permanent Employee covered by Section 75(1) of the Civil Service Law or a permanent Employee covered by the Rules and Regulations of the Health and Hospitals Corporation where any of the penalties (including a fine) set forth in Section 75(3) of the Civil Service Law have been imposed.

g. A claimed wrongful disciplinary action taken against a provisional employee who has served for two years in the same or similar title or related occupational group in the same agency.

h. A claimed wrongful disciplinary action taken against a full-time non-competitive employee with one year of service in title, except for employees during the period of a mutuallyagreed upon extension of probation. This provision shall not apply to non-competitive class employees with rights pursuant to Section 75(1) of the Civil Service Law.

Section 2.

The Grievance Procedure, except for grievances as defined in Sections l(d), 1(e), 1(g) and 1(h) of this Article VI, shall be as follows:

Employees may at any time informally discuss with their supervisors a matter which may become a grievance. If the results of such a discussion are unsatisfactory, the Employees may present the grievance at **STEP I**.
All grievances must be presented in writing at all steps in the grievance procedure. For all grievances as defined in Section l(c), no monetary award shall in any event cover any period prior to the date of the filing of the **STEP I** grievance unless such grievance has been filed within thirty (30) days of the assignment to alleged out-of-title work. No monetary award for a grievance alleging a miscalculation of salary rate resulting in a payroll error of a continuing nature shall be issued unless such grievance has been filed within the time limitation set forth in **STEP I** below for such grievances; if the grievance is so filed, any monetary award shall in any event cover only the period up to six years prior to the date of the filing of the grievance.

STEP I The Employee and/or the Union shall present the grievance in the form of a memorandum to the person designated for such purpose by the agency head no later than 120 days after the date on which the grievance arose except that grievances alleging a miscalculation of salary rate resulting in a payroll error of a continuing nature shall be presented no later than 120 days after the first date on which the grievant discovered the payroll error. The Employee may also request an appointment to discuss the grievance and such request shall be granted. The person designated by the Employer to hear the grievance shall take any steps necessary to a proper disposition of the grievance and shall issue a determination in writing by the end of the third work day following the date of submission.
The following STEP I(a) shall be applicable only in the Health and Hospitals Corporation in the case of grievances arising under Section 1(a) through 1(c) of this Article and shall be applied prior to Step II of this Section:

STEP I(a) An appeal from an unsatisfactory determination at **STEP I** shall be presented in writing to the person designated by the agency head for such purpose. An appeal must be made within five (5) work days of the receipt of the **STEP I** determination. A copy of the grievance appeal shall be sent to the person who initially passed upon the grievance. The person designated to receive the appeal at this **STEP I** shall meet with the Employee and/or the Union for review of the grievance and shall issue a determination to the Employee and/or the Union by the end of the fifth work day following the day on which the appeal was filed.

STEP II An appeal from an unsatisfactory determination at **STEP I** or **STEP I(a)**, where applicable, shall be presented in writing to the agency head or the agency head's designated representative who shall not be the same person designated in **STEP I**. An appeal must be made within five (5) work days of the receipt of the **STEP I** or **STEP I(a)** determination. The agency head or designated representative, if any, shall meet with the Employee and/or the Union for review of the grievance and shall issue a determination in writing by the end of the tenth work day following the date on which the appeal was filed.

STEP III An appeal from an unsatisfactory determination at **STEP II** shall be presented by the Employee and/or the Union to the Commissioner of Labor Relations in writing within ten (10) work days of the receipt of the **STEP II** determination. The grievant or the Union should submit copies of the **STEP I** and **STEP II** grievance filings and any agency responses thereto. Copies of such appeal shall be sent to the agency head. The Commissioner of Labor Relations or the Commissioner's designee shall review all appeals from **STEP II** determinations and shall issue a determination on such appeals within fifteen (15) work days following the date on which the appeal was filed.

STEP IV An appeal from an unsatisfactory determination at **STEP III** may be brought solely by the Union to the Office of Collective Bargaining for impartial arbitration within fifteen (15) work days of receipt of the **STEP III** determination. In addition, the Employer shall have the right to bring directly to arbitration any dispute between the parties concerning any matter defined herein as a "grievance". The Employer shall commence such arbitration by submitting a written request therefor to the Office of Collective Bargaining. A copy of the notice requesting impartial arbitration shall be forwarded to the opposing party. The arbitration shall be conducted in accordance with the Title 61 of the Rules of the City Of New York. The costs and fees of such arbitration shall be borne equally by the Union and the Employer.

The arbitrator's decision, order or award (if any) shall be limited to the application and interpretation of the Agreement, and the arbitrator shall not add to, subtract from or modify the Agreement. The arbitrator's award shall be final and binding and enforceable in any appropriate tribunal in accordance with Article 75 of the Civil Practice Law and Rules. The arbitrator may provide for and direct such relief as the arbitrator deems necessary and proper, subject to the limitations set forth above and any applicable limitations of law.

Section 3.

As a condition to the right of the Union to invoke impartial arbitration set forth in this Article, including the arbitration of a grievance involving a claimed improper holding of an open-competitive rather than a promotional examination, the Employee or Employees and the Union shall be required to file with the Director of the Office of Collective Bargaining a written waiver of the right, if any, of such Employee(s) and the Union to submit the underlying dispute to any other administrative or judicial tribunal except for the purpose of enforcing the arbitrator's award.

Section 4.

a. Any grievance under Section l(d) relating to a claimed improper holding of an open-competitive rather than a promotional examination shall be presented in writing by the Employee or the Union representative to the Commissioner of Labor Relations not later than thirty (30) days after the notice of the intention to conduct such open competitive examination, or copy of the appointing officer's request for such open-competitive examination, as the case may be, has been posted in accordance with Section 51 of the Civil Service Law. The grievance shall be considered and passed upon within ten (10) days after its presentation. The determination shall be in writing, copies of which shall be transmitted to both parties to the grievance upon issuance.

b. A grievance relating to the use of an open-competitive rather than a promotional examination which is unresolved by the Commissioner of Labor Relations may be brought to impartial arbitration as provided in Sections 2 and 3 above. Such a grievance shall be presented by the Union, in writing, for arbitration within 15 days of the presentation of such grievance to the Commissioner of Labor Relations, and the arbitrator shall decide such grievance within 75 days of its presentation to the arbitrator. The party requesting such arbitration shall send a copy of such request to the other party. The costs and fees of such arbitration shall be borne equally by the Employer and the Union.

Section 5. Disciplinary Procedure for Permanent Employees Subject to Section 75(1)
In any case involving a grievance under Section l(e) of this Article, the following procedure shall govern upon service of written charges of incompetence or misconduct:

STEP A Following the service of written charges, a conference with such Employee shall be held with respect to such charges by the person designated by the agency head to review a grievance at **STEP I** of the Grievance Procedure set forth in this Agreement. The Employee may be represented at such conference by a representative of the Union. The person designated by the agency head to review the charges shall take any steps necessary to a proper disposition of the charges and shall issue a determination in writing by the end of the fifth day following the date of the conference.
If the Employee is satisfied with the determination in **STEP A** above, the Employee may choose to accept such determination as an alternative to and in lieu of a determination made pursuant to the procedures provided for in Section 75 of the Civil Service Law or the Rules and Regulations of the Health and Hospitals Corporation. As a condition of accepting such determination, the Employee shall sign a waiver of the Employee's right to the procedures available to him or her under Sections 75 and 76 of the Civil Service Law or the Rules and Regulations of the Health and Hospitals Corporation.

STEP B(i) If the Employee is not satisfied with the determination at **STEP A** above then the Employer shall proceed in accordance with the disciplinary procedures set forth in Section 75 of the Civil Service Law or the Rules and Regulations of the Health and Hospitals Corporation. As an alternative, the Union with the consent of the Employee may choose to proceed in accordance with the Grievance Procedure set forth in this Agreement, including the right to proceed to binding arbitration pursuant to **STEP IV** of such Grievance Procedure. As a condition for submitting the matter to the Grievance Procedure the Employee and the Union shall file a written waiver of the right to utilize the procedures available to the Employee pursuant to Sections 75 and 76 of the Civil Service Law or the Rules and Regulations of the Health and Hospitals Corporation or any other administrative or judicial tribunal, except for the purpose of enforcing an arbitrator's award, if any. Notwithstanding such waiver, the period of an Employee's suspension without pay pending hearing and determination of charges shall not exceed thirty (30) days.

STEP B(ii) If the election is made to proceed pursuant to the Grievance Procedure, an appeal from the determination of **STEP A** above, shall be made to the agency head or designated representative. The appeal must be made in writing within five (5) work days of the receipt of the

determination. The agency head or designated representative shall meet with the Employee and the Union for review of the grievance and shall issue a determination to the Employee and the Union by the end of the tenth work day following the day on which the appeal was filed. The agency head or designated representative shall have the power to impose the discipline, if any, decided upon, up to and including termination of the accused Employee's employment. In the event of such termination or suspension without pay totalling more than thirty (30) days, the Union with the consent of the grievant may elect to skip **STEP C** of this Section and proceed directly to **STEP D**.

STEP C If the grievant is not satisfied with the determination of the agency head or designated representative the grievant or the Union may appeal to the Commissioner of Labor Relations in writing within ten (10) work days of the determination of the agency head or designated representative. The Commissioner of Labor Relations shall issue a written reply to the grievant and the Union within fifteen (15) work days.

STEP D If the grievant is not satisfied with the determination of the Commissioner of Labor Relations, the Union with the consent of the grievant may proceed to arbitration pursuant to the procedures set forth in **STEP IV** of the Grievance Procedure set forth in this Agreement.

Section 6. Provisional Disciplinary Procedure

In any case involving a grievance under Section 1(g) of this Article, the following procedure shall govern upon service of written charges of incompetence or misconduct:

STEP A Following the service of written charges, a conference with such Employee shall be held with respect to such charges by the person designated by the agency head to review a grievance at **STEP I** of the Grievance Procedure set forth in this Agreement. The Employee may be represented at such conference by a representative of the Union. The person designated by the agency head to review the charges shall take any steps necessary to a proper disposition of the charges and shall issue a determination in writing by the end of the fifth day following the date of the conference.

STEP B(i) If the Employee is not satisfied with the determination at **STEP A** above, then the Employee may choose to proceed in accordance with the Grievance Procedure set forth in this Agreement through **STEP III**. The Union, with the consent of the Employee, shall have the right to proceed to binding arbitration pursuant to **STEP IV** of such Grievance Procedure. The period of an Employee's suspension without pay pending hearing and determination of charges shall not exceed thirty (30) days.

STEP B(ii) An appeal from the determination of **STEP A** above shall be made to the agency head or designated representative. The appeal must be made in writing within five (5) work days of the receipt of the determination. The agency head or designated representative shall meet with the Employee and the Union for review of the grievance and shall issue a determination to the Employee and the Union by the end of the tenth work day following the day on which the appeal was filed. The agency head or designated representative shall have the power to impose the discipline, if any, decided upon, up to and including termination of the accused Employee's employment. In the event of such termination or suspension without pay totalling more than thirty (30) days, the Union with the consent of the grievant may elect to skip **STEP C** of this Section and proceed directly to **STEP D**.

STEP C If the grievant is not satisfied with the determination of the agency head or designated representative the grievant or the Union may appeal to the Commissioner of Labor Relations in writing within ten (10) days of the determination of the agency head or designated representative. The Commissioner of Labor Relations shall issue a written reply to the grievant and the Union within fifteen (15) work days.

STEP D If the grievant is not satisfied with the determination of the Commissioner of Labor Relations, the Union with the consent of the grievant may proceed to arbitration pursuant to the procedures set forth in **STEP IV** of the Grievance Procedure set forth in this Agreement.

Section 7. Non-Competitive Disciplinary Procedure

In any case involving a grievance under Section1(h) of this Article, the following procedures shall apply upon service of charges of incompetence or misconduct:

STEP A Following the service of written charges upon an employee a conference with such employee shall be held with respect to such charges by the person designated by the agency head to review a grievance at **STEP I** of the Grievance Procedure set forth in this agreement. The employee may be represented at such conference by a representative of the Union. At the conference the person designated by the agency head to review the charges shall: (1) verbally communicate to the employee any information reasonably necessary for the employee to understand the nature of the charges; (2) furnish to the employee copies of documentary evidence necessary to support the charges; and (3) furnish to the employee the names of potential witnesses except under unusual circumstances. The person designated by the agency head to review the charges shall take any steps necessary to a proper disposition of the charges and shall issue a determination in writing by the end of the fifth day following the date of the conference.

STEP B If the employee is dissatisfied with the determination in **STEP A** above, he or she may appeal such determination. The appeal must be made within five (5) working days of the receipt of such determination. Such appeal shall be treated as a grievance appeal beginning with **STEP II** of the Grievance Procedure set forth herein.

Section 8.
A grievance concerning a large number of Employees and which concerns a claimed misinterpretation, inequitable application, violation or failure to comply with the provisions of this *Agreement* may be filed directly at **STEP III** of the grievance procedure except that a grievance concerning Employees of the Health and Hospitals Corporation may be filed directly at **STEP II** of the grievance procedure. Such "group" grievance must be filed no later than 120 days after the date on which the grievance arose, and all other procedural limits, including time limits, set forth in this Article shall apply. All other individual grievances in process concerning the same issue shall be consolidated with the "group" grievance.

Section 9.
If a determination satisfactory to the Union at any level of the Grievance Procedure is not implemented within a reasonable time, the Union may re-institute the original grievance at **STEP III** of the Grievance Procedure; or if a satisfactory **STEP III** determination has not been so implemented, the Union may institute a grievance concerning such failure to implement at **STEP IV** of the Grievance Procedure.

Section 10.
If the Employer exceeds any time limit prescribed at any step in the Grievance Procedure, the grievant and/or the Union may invoke the next step of the procedure, except that only the Union may invoke impartial arbitration under **STEP IV**.

Section 11.
The Employer shall notify the Union in writing of all grievances filed by employees, all grievance hearings, and all determinations. The Union shall have the right to have a representative present at any grievance hearing and shall be given forty-eight (48) hours' notice of all grievance hearings.

Section 12.
Each of the steps in the Grievance Procedure, as well as time limits prescribed at each step of this Grievance Procedure, may be waived by mutual agreement of the parties.

Section 13.
A non-Mayoral agency not covered by this Agreement but which employs employees in titles identical to those covered by this Agreement may elect to permit the Union to appeal an unsatisfactory determination received at the last step of its Grievance Procedure prior to arbitration on fiscal matters only to the Commissioner of Labor Relations. If such election is made, the Union shall present its appeal to the Commissioner of Labor Relations in writing within ten (10) work days of the receipt of the last step determination. The Union should submit copies of the grievance filings at the prior steps of its Grievance Procedure and any agency responses thereto. Copies of such appeals shall be sent to the agency head. The Commissioner of Labor Relations, or the Commissioner's designee, shall review all such appeals and answer all such appeals within fifteen (15) work days. An appeal from a determination of the Commissioner of Labor Relations may be taken to arbitration under procedures, if any, applicable to the non-Mayoral agency involved.

Section 14.
The grievance and the arbitration procedure contained in this Agreement shall be the exclusive remedy for the resolution of disputes defined as "grievances" herein. This shall not be interpreted to preclude either party from enforcing the arbitrator's award in court. This Section shall not be construed in any manner to limit the statutory rights and obligations of the Employer under Article XIV of the Civil Service Law.

Section 15. Expedited Arbitration Procedure.

a. The parties agree that there is a need for an expedited arbitration process which would allow for the prompt adjudication of grievances as set forth below.

b. The parties voluntarily agree to submit matters to final and binding arbitration pursuant to the New York City Collective Bargaining Law and under the jurisdiction of the Office of Collective Bargaining. An arbitrator or panel of arbitrators, as agreed to by the parties, will act as the arbitrator of any issue submitted under the expedited procedure herein.

c. The selection of those matters which will be submitted shall include, but not limited to, out-of-title cases concerning all titles, disciplinary cases wherein the proposed penalty is a monetary fine of one week or less or written reprimand, and other cases pursuant to mutual agreement by the parties. The following procedures shall apply:

i. **SELECTION AND SCHEDULING OF CASES:**

(1) The Deputy Chairperson for Disputes of the Office of Collective Bargaining shall propose which cases shall be subject to the procedures set forth in this Section 14 and notify the parties of propose hearing dates for such cases.

(2) The parties shall have ten business days from the receipt of the Deputy Chairperson's proposed list of cases and hearing schedule(s) raise any objections thereto.

(3) If a case is not proposed by the Deputy Chairperson for expedited handling, either party may, at any time prior to the scheduling of an arbitration hearing date for such case, request in writing to the other party and to the Deputy Chairperson of Disputes of the Office of Collective Bargaining that said case be submitted to the expedited procedure. The party receiving such request shall have ten business days from the receipt of the request to raise any objections thereto.

(4) No case shall be submitted to the expedited arbitration process without the mutual agreement of the parties.

ii. **CONDUCT OF HEARINGS:**

(1) The presentation of the case, to the extent possible, shall be made in the narrative form. To the degree that witnesses are necessary, examination will be limited to questions of material fact and cross examination will be similarly limited. Submission of relevant documents, etc., will not be unreasonably limited and may be submitted as a "packet" exhibit.

(2) In the event either party is unable to proceed with hearing a particular case, the case shall be rescheduled. However, only one adjournment shall be permitted. In the event that either party is unable to proceed on a second occasion, a default judgment may be entered against the adjourning party at the Arbitrator's discretion absent good cause shown.

(3) The Arbitrator shall not be precluded from attempting to assist the parties in settling a particular case.

(4) A decision will be issued by the Arbitrator within two weeks. It will not be necessary in the Award to recount any of the facts presented. However, a brief explanation of the Arbitrator's rationale may be included. Bench decisions may also be issued by the Arbitrator.

(5) Decisions in this expedited procedure shall not be considered as precedent for any other case nor entered into evidence in any other forum or dispute except to enforce the Arbitrator's award.

(6) The parties shall, whenever possible, exchange any documents intended to be offered in evidence at least one week in advance of the first hearing date and shall endeavor to stipulate to the issue in advance of the hearing date.

ARTICLE VII - BULLETIN BOARDS: EMPLOYER FACILITIES

The Union may post notices on bulletin boards in places and locations where notices usually are posted by the Employer for the Employees to read. All notices shall be on Union stationery, and shall be used only to notify Employees of matters pertaining to Union affairs. Upon request to the responsible official in charge of a work location, the Union may use Employer premises for meetings during Employees' lunch hours, subject to availability of appropriate space and provided such meetings do not interfere with the Employer's business.

ARTICLE VIII - NO STRIKES

In accordance with the New York City Collective Bargaining Law, as amended, neither the Union nor any Employee shall induce or engage in any strikes, slowdowns, work stoppages, mass absenteeism, or induce any mass resignations during the term of this Agreement.

ARTICLE IX - CITYWIDE ISSUES

This Agreement is subject to the provisions, terms and conditions of the agreement which has been or may be negotiated between the City and the union recognized as the exclusive collective bargaining representative on citywide matters which must be uniform for specified employees, including the Employees covered by this Agreement.

Employees in Rule X titles shall receive the benefits of the Citywide Agreement unless otherwise specifically excluded herein.

ARTICLE X - UNION ACTIVITY

Time spent by Employee representatives in the conduct of labor relations with the City and on Union activities shall be governed by the terms of Executive Order No. 75, as amended, dated March 22, 1973, entitled "Time Spent on the Conduct of Labor Relations between the City and Its employees and on Union Activity" or any other applicable Executive Order.

ARTICLE XI - LABOR-MANAGEMENT COMMITTEE

Section 1.
The Employer and the Union, having recognized that cooperation between management and employees is indispensable to the accomplishment of sound and harmonious labor relations, shall jointly maintain and support a labor-management committee in each of the agencies having at least fifty Employees covered by this Agreement.

Section 2.
Each labor-management committee shall consider and recommend to the agency head changes in the working conditions of the Employees within the agency who are covered by this Agreement. Matters subject to the Grievance Procedure shall not be appropriate items for consideration by the labor-management committee.

Section 3.
Each labor-management committee shall consist of six members who shall serve for the term of this Agreement. The Union shall designate three members and the agency head shall designate three members. Vacancies shall be filled by the appointing party for the balance of the term to be served. Each member may designate one alternate. Each committee shall select a chairperson from among its members at each meeting. The chairpersonship of each committee shall alternate between the members designated by the agency head and the members designated by the Union. A quorum shall consist of a majority of the total membership of a committee. A committee shall make its recommendations to the agency head in writing.

Section 4.
The labor-management committee shall meet at the call of either the Union members or the Employer members at times mutually agreeable to both parties. At least one week in advance of a meeting the party calling the meeting shall provide, to the other party, a written agenda of matters to be discussed. Minutes shall be kept and copies supplied to all

members of the committee.

ARTICLE XII - FINANCIAL EMERGENCY ACT

The provisions of this Agreement are subject to applicable provisions of law, including the New York State Financial Emergency Act for the City of New York as amended.

ARTICLE XIII - APPENDICES

The Appendix or Appendices, if any, attached hereto and initialed by the undersigned shall be deemed a part of this Agreement as if fully set forth herein.

ARTICLE XIV - SAVINGS CLAUSE

In the event that any provision of this Agreement is found to be invalid, such invalidity shall not impair the validity and enforceability of the remaining provisions of this Agreement.

ARTICLE XV - CONTRACTING-OUT CLAUSE

The problem of "contracting out" or "farming out" of work normally performed by personnel covered by this Agreement shall be referred to the Labor-Management Committee as provided for in Article XI of this Agreement.

ARTICLE XVI - ASSIGNMENT DIFFERENTIALS

Section 1.

a. Conditions:

i. Differentials in the pro rata annual amounts set forth in subsection 1(c) shall be paid to employees in the indicated titles when assigned to a position with duties of a special nature requiring responsibilities not ordinarily performed by employees in the said titles. Eligible assignments shall be limited to those set forth in subsection 1(b), and shall not be deemed a promotion to the next higher title.

ii. Notwithstanding the provisions of subsection 1(a)(i), an employee receiving an assignment differential which was approved prior to July 1, 1989, shall continue to receive such differential for the *duration of said assignment*.

For the period July 1, 2002 through June 30, 2005, the City agrees to continue the practice of contributing the sum of $25,000 per annum to a Union Administered Training Fund. The training fund provided pursuant to this Article shall be utilized for such programs as may be approved by the Department of Personnel. No contributions shall be made to such training fund during any period in which the separate trust agreement required between the City and the Union relating to the operation of such fund is not in effect. The entire sum due pursuant to this Section for the period ending June 30, 2002, shall be paid as a lump sum following the execution of the trust agreement.

ARTICLE XVIII - RECRUITMENT & RETENTION OF PROFESSIONAL PERSONNEL

Section 1.
A joint committee composed of representatives of the Office of Management and Budget, the Office of Labor Relations, the Department of Citywide Administrative Services, and the Union shall meet to study problems related to the recruitment and retention of qualified professional personnel and where deemed necessary, make recommendations to the appropriate City officials. The Professional Development Committee shall meet regularly so that it may be able to consider these matters in an expeditious fashion.

Section 2.
The Union agrees that if the City determines at any time during the period of this Agreement that it is impracticable to recruit for any of the titles covered by the Agreement at the then minimum salary, it may unilaterally increase the minimum entrance salary of such title by an amount deemed necessary to recruit for such title.

ARTICLE XIX - PROFESSIONAL FEE ALLOWANCE

Appendix A

Increment Eligibility Rules

The following rules shall govern the eligibility of Employees for the longevity increments provided for in Article III, Section 11 of the 2002-2005 Engineering & Scientific Agreement.

1. Only service in pay status shall be used to calculate the 15 years of service, except that for other than full time per annum Employees only a continuous year of service in pay status shall be used to calculate the 15 years of service. A continuous year of service shall be a full year of service without a break of more than 31 days. Where the regular and customary work year for a title is less than a twelve month year, such as a school year, such regular and customary year shall be credited as a continuous year of service counting towards the 15 years of service. If the normal work year for an Employee is less than the regular and customary work year for the Employee's title, it shall be counted as a continuous year of service if the Employee has customarily worked that length work year and the applicable agency verifies that information.

2. Service in pay status prior to any breaks in service of more than one year shall not be used to calculate the 15 years of service. Where an Employee has less than seven years of continuous service in pay status, breaks in service of less than one year shall be aggregated. Where breaks in service aggregate to more than one year they shall be treated as a break in service of more than one year and the service prior to such breaks and the aggregated breaks shall not be used to calculate the 15 years of service. No break used to disqualify service shall be used more than once.

3. The following time in which an Employee is not in pay status shall not constitute a break in service as specified in paragraph 2 above:

   a. Time on a leave approved by the proper authority which is consistent with the Personnel Rules and

Regulations of the City of New York or the appropriate personnel authority of a covered organization.

b. Time prior to a reinstatement.

c. Time on a preferred list pursuant to Civil Service Law Sections 80 and 81 or any similar contractual provision.

d. Time not in pay status of 31 days or less.

Notwithstanding the above, such time as specified in subsections a, b and c above shall not be used to calculate the 15 years of service.

4. Once an Employee has completed the 15 years of "City" service in pay status and is eligible to receive the $800 longevity increment, the $800 shall become part of the Employee's base rate for all purposes except as provided in paragraph 5 below.

5. The $800 longevity increment shall not become pensionable until fifteen months after the Employee begins to receive such $800 increment. Fifteen months after the Employee begins to receive the $800 longevity increment, such $800 longevity increment shall become pensionable and as part of the Employee's base rate, the $800 longevity increment shall be subject to the general increases provided in Article III, Section 3(a) of this Agreement.

Appendix B

Recurring Increment Payment Eligibility Rules

The following rules shall govern the eligibility of Employees for the Recurring Increment Payment ("RIP") provided for in Article III, Section 12 of the 2002-2005 Engineering/Scientific Agreement.

1. Only service in pay status shall be used to calculate the qualifying years of service. A continuous year of service shall be a full year of service without a break of more than 31 days. Where the regular and customary work year for a title is less than a twelve month year, such as a school year, such regular and customary year shall be credited as a continuous year of service counting towards the qualifying years of service. If the normal work year for an employee is less than the regular and customary work year for the employee's title, it shall be counted as a continuous year of service if the employee has customarily worked that length work year and the applicable agency verifies that information.

2. Part-time employees shall be ineligible to receive RIPs, but prior part-time service shall be credited to full-time employees on a pro rata basis, provided all other terms and conditions set forth herein are met.

a. An employee must have regularly worked at least one half the regular hours of full time employees in the same title or if no full-time equivalent title exists then at least 17-1/2 hours for white collar positions or 20 hours for blue collar positions.

b. Such part-time service shall be prorated by dividing the number of hours worked per week by a part-time employee by the number of hours worked per week by a full-time employee in the same title. If no full-time equivalent title exists then the divisor shall be 35 hours for white collar positions or 40 hours for blue collar positions.

3. Service in pay status prior to a break in service of more than one year shall ***not*** be used to calculate the qualifying years of service.

4. The following time in which an Employee is not in pay status shall not constitute a break in service, but such time shall ***not*** be used to calculate the qualifying years of service:

a. time on a leave approved by the proper authority which is consistent with the Personnel Rules and Regulations of the City of New York or the appropriate personnel authority of a covered organization,

b. time prior to a reinstatement,

c. time on a preferred or recall list, and

d. time not in pay status of 31 days or less.

5. RIPs shall be considered a salary adjustment for the purposes of Article III, Section 1(d) of this Agreement and the maximum salary of an eligible title shall not constitute a bar to the payment thereof.

6. Once an Employee has qualified for a RIP and is receiving it, the RIP shall become part of the Employee's base rate and included in calculating all salary based payments, except as provided in paragraph 7 below. Any future negotiated general increases shall be applied to RIPs.

7. A RIP shall not become pensionable until two years after the Employee begins to receive such RIP.

Appendix C

As set forth in Section 5 of the *2002 District Council 37 Memorandum of Economic Agreement*, ("*2002 DC 37 MEA*") the parties agree to establish the "Joint Labor Management Committee on Productivity Initiatives" ("*Committee*").

Composition of the Committee

The Committee shall comprise representatives designated by: the Deputy Mayor for Operations, the Law Department, the Office of Labor Relations, the Office of Management and Budget, the Office of Operations, and District Council 37.

Goals and Objectives

The Committee shall work to identify efficiencies in the administration and delivery of governmental services which shall in turn be utilized to provide additional compensation to employees. This agreement expresses the joint labor and management commitment to associate improved City service and performance with appropriate compensation for the workforce.

The goal of the Committee's work shall be to identify, review, recommend and develop initiatives that generate workplace savings, maximize the potential of the City workforce and ensure the provision of essential services while at the same time improving compensation for the City workforce. To that end, the parties will seek to identify quantifiable savings while at the same time maintaining or improving City services.

The Committee shall make all reasonable efforts to issue a report or reports on or about October 1, 2004 which propose initiatives representing meaningful, quantifiable, recurring savings to the City and which generate funding to be utilized to compensate employees. Upon completion and acceptance of all committee members of the report, an additional one percent (1%) increase shall be paid to employees covered by this agreement.

The parties agree to meet and negotiate the application of any additional savings above 1% generated by the programs developed by the Committee.

Areas for Consideration

The Committee's study may encompass such matters, including, but not limited to, absence control, contracting in, workers compensation and other efficiencies.

1. Sick leave usage. The Committee will seek to design a program to examine baseline data as to sick leave usage as a benchmark for comparison. The goal will be to reduce employee sick leave usage on an ongoing basis as a productivity enhancement.

2. Contracting-in. The Committee shall identify areas wherein City services are now being outsourced with the goal of providing those services by City employees with a cost savings to the City.

3. Workers Compensation Cost Containment Task Force. The Committee shall create a special task force, requesting such assistance of cost containment experts as necessary, with the goal of developing reforms that emphasize effective treatments and speed the return to work; that explore the manner in which treatment services are provided; that set specific standards of evaluation and treatment; and that serve to root out fraudulent claims.

4. Such other areas as the Committee may mutually agree.

Implementation of Savings

The initiatives and programs developed pursuant to this Committee must be unanimously agreed upon. In the event there is a dispute as to the amount of savings generated by an initiative or the implementation of a program, or the savings generated by a program are not paid pursuant to this agreement, a party may file for final and binding arbitration pursuant to Section 12(a) of the *2002 DC 37 MEA*.

Appendix D

For those employees hired between July 15, 1996 through March 31, 2000, upon completion of four (4) years of active or qualified inactive service, an employee in active pay status appointed pursuant to the provisions set forth in Section 5(b) of the 1995 MCMEA shall receive a one-time lump sum payment calculated by taking the difference between the "hiring rate" received by the employee and the indicated minimum for the applicable title set forth in the applicable *Successor Separate Unit Agreement* that was in effect on the one year anniversary of the employee's original date of appointment to their title. Such one-time lump sum payment shall be equivalent to the difference between the annual salary rate the employee would have actually earned during the employee's second year of service had the higher salary rate been in effect and the annual salary rate they did earn.

"Qualified inactive service" is defined for the purposes of this agreement to include the following employees:

1. those who are on preferred or recall lists; or
2. those who are on an approved leave.

"Approved leave" is further defined to include:

a. maternity/childcare leave
b. military leave
c. unpaid time while on jury duty'
d. unpaid leave for union business pursuant to Executive Order 75
e. unpaid leave pending workers' compensationmdetermination
f. unpaid leave while on workers' compensation option 2
g. approved unpaid time off due to illness or exhaustion of paid sick leave
h. approved unpaid time off due to family illness
i. other pre-approved leaves without pay

OFFICE OF MANAGEMENT AND BUDGET

■ PUBLIC HEARINGS

Draft Ten-Year Capital Strategy

Pursuant to Section 234 of the New York City Charter, the Draft Ten-Year Capital Strategy, Fiscal Years 2006-2015, was issued jointly by the Office of Management and Budget and the Department of City Planning on January 2005. After a public comment period, it will be issued in final form by the Mayor. Issued every two years, the strategy proposes capital commitments to be made during the ensuing ten years, by program category and agency.

The draft strategy is available on the Office of Management and Budget's website at http://nyc.gov/html/omb/pdf/typ1_05.pdf

READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council**, 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists--free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

CITY PLANNING

■ PUBLIC HEARINGS

PROPOSED 2006 CONSOLIDATED PLAN

A **public hearing** on the formulation of the Proposed 2006 Consolidated Plan: One Year Action Plan for HUD Entitlement Funds will be held on **TUESDAY, APRIL 12, 2005** beginning at **3:30 P.M.** at the Department of City Planning located at 22 Reade Street, Spector Hall, Manhattan. The PUBLIC HEARING will be followed by a brief question and answer session with City agency representatives in attendance. In addition, at this forum, agency representatives will receive comments on the City's performance on Consolidated Plan activities in 2005.

The Consolidated Plan defines the use of federal entitlement funds for housing, homeless assistance, supportive housing services and community development programs and is required by the United States Department of Housing and Urban Development (HUD). It consolidates the statutory requirements of the Cranston-Gonzalez Housing Act's Comprehensive Housing Affordability Strategy, and the City's annual application for the four HUD Office of Community Planning and Development entitlement programs: Community Development Block Grant (CDBG), HOME Investment Partnership, Emergency Shelter Grants (ESG), and Housing Opportunities for Persons with AIDS (HOPWA).

For more information contact: Charles V. Sorrentino, New York City Consolidated Plan Coordinator, Department of City Planning, 22 Reade Street 4N, New York, New York 10007, (212) 720-3337.

MARKETING DEVELOPMENT CORPORATION

■ JOINT PUBLIC HEARING

NOTICE OF A JOINT PUBLIC HEARING between the Franchise and Concession Review Committee ("FCRC") and NYC Marketing Development Corporation on behalf of the Department of Small Business Services to be held on Monday, April 11, 2005 at Spector Hall, 22 Reade Street, Main Floor, Borough of Manhattan, commencing at 10:00 a.m. relative to:

NYC Marketing Development Corporation's application on behalf of the Department of Small Business Services to utilize different procedures (i.e., a sole source concession), pursuant to Section 1-13 of the Concession rules to implement a concession with The History Channel. NYC Marketing Development Corporation will seek the FCRC's approval at their April 13th meeting for both the use of different procedures and approval of the proposed concession.

This partnership is non-exclusive and NYC Marketing Development Corporation entering into such a partnership on behalf of the City does not preclude either NYC Marketing Development Corporation or the City from entering into a similar partnership in the future.

Term: The term of the agreement is for the period commencing August 26, 2004 and shall expire on February 13, 2008.

The agreement includes two (2) proposed concessions involving the use of intellectual property, both of which are related to the New York City's Official History Center (NYCOHC) (a city owned tourism information center):

1. The designation of certain historically themed tours of New York City that will be planned and/or mapped by The History Channel, as "New York City's Official History Tours".

2. The designation of "New York City's Official History Trolley" in connection with NYC Marketing Development Corporation's efforts to promote historical tourism to New York City and the new City-owned and operated NYCOHC. It is intended that New York City's Official History Trolley will be a parade type float for use in local events and parades.

The value of the two (2) concessions in this agreement involving the use of the City's intellectual property is estimated to be $2.25M in advertising time on the History Channel networks (comprised of time for 30-second commercials, not cash), plus the economic impact created by the marketing and promotion of the tours as well as the exposure of the parade type float. The City will be highlighted as a tourism attraction and this will presumably drive tourists to New York.

A copy of the agreement is available for viewing Monday through Friday beginning on March 17, 2005 and ending on April 11, 2005 at the offices of NYC Marketing Development Corporation, 1 Liberty Plaza, 33rd Floor, New York, NY 10006 between the hours of 9:00 a.m. and 5:00 p.m.

Services (Other Than Human Services)

CONSTRUCTION MANAGEMENT – Competitive Sealed Proposals – Judgment required in evaluating proposals - PIN# 071-05S-002-829 – DUE 05-24-05 AT 5:00 P.M. – The New York City Department of Homeless Services ("DHS") is issuing a Request for Proposals seeking up to two appropriately qualified vendors to provide on-call Construction Management services for Capital and Expense renovation projects at Adult and Family residential shelter sites citywide. These services may include plans for general construction, plumbing, mechanical, electrical, HVAC and elevator systems, structural work and site work. DHS maintains approximately 200 homeless shelter sites citywide. To ensure that all applicable regulatory codes are met, DHS must undertake various construction and renovation projects at these locations. The size of the structures vary significantly from armories to residential brownstones. Additional shelter sites may be added during the term of this contract.

It is anticipated that the term of the contract(s) awarded from this RFP will be for three (3) years, subject to the availability of funds . The contract(s) may additionally include a one year option to renew, likewise subject to the availability of funds. The agency reserves the right prior to contract award to determine the length of the contract term and each option to renew, if any.

It is anticipated that the maximum available funding for Capital funded projects is $2,500,000 and for Expense funded projects $1,000,000.

The Request for Proposals will be available for pick-up beginning Friday, April 8, 2005 at the Department of Homeless Services, 33 Beaver Street, 13th Floor Bid Desk, New York, NY. 10004.

The pre-proposal conference will be held on Tuesday, April 26, 2005 at 1:30 P.M. at the Department of Homeless Services, 33 Beaver Street, 17th Floor Training Room, New York, NY 10004.

Any questions regarding this solicitation should be directed to Calvin Pitter, Deputy Agency Chief Contracting Officer, DHS, 33 Beaver Street, Room 1312, New York, N.Y. 10004 at (212) 361-8413 or e-mail at cpitter@dhs.nyc.gov

TRAINING SERVICES – Contract with another Government – PIN# 071-05S-003-895 – DUE 04-18-05 AT 5:00 P.M. – The Department of Homeless Services (DHS) intends to enter into negotiations with the US Department of Labor to provide job training and educational opportunities for youth between the ages of 18-24. The facility is located in Glenmont, NY and houses 345 youth of which DHS is allocated 40 slots annually. The vendor offers job/vocational training in the following areas: clerical, maintenance, culinary arts, computer, nursing, carpentry, electrical and other related trades. In addition, a nominal stipend is paid to all participants enrolled during the job training or educational program.

In addition, DHS has determined that the vocational and educational training needs offered by the Government are appropriate for the types of youth, both males and female clients residing in the DHS shelter system, who are referred to the program.

It is anticipated that the term of the contract will be for two years, with an option to renew for one-year. The total estimated cost of this contract is not-to exceed $323,916 annually.

Any vendor who is interested in providing such may contact in writing, Calvin Pitter, Deputy Chief Contracting Officer, Department of Homeless Services at 33 Beaver Street, 13th Floor, NY, NY 10004, at (212) 361-8413. The due date and time for submission of expressions of interest is 5:00 P.M. on Monday, April 18, 2005.

The proposed contractor has been selected by means of a government-to-government purchase pursuant to Section 3-13 of the Procurement Policy Board Rules.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/ blueprints; other information; and for opening and reading of bids at date and time specified above.

CONSTRUCTION MANAGEMENT – Competitive Sealed Proposals – Judgment required in evaluating proposals - PIN# 071-05S-002-829 – DUE 05-24-05 AT 5:00 P.M. – The New York City Department of Homeless Services ("DHS") is issuing a Request for Proposals seeking up to two appropriately qualified vendors to provide on-call Construction Management services for Capital and Expense renovation projects at Adult and Family residential shelter sites citywide. These services may include plans for general construction, plumbing, mechanical, electrical, HVAC and elevator systems, structural work and site work. DHS maintains approximately 200 homeless shelter sites citywide. To ensure that all applicable regulatory codes are met, DHS must undertake various construction and renovation projects at these locations. The size of the structures vary significantly from armories to residential brownstones. Additional shelter sites may be added during the term of this contract.

It is anticipated that the term of the contract(s) awarded from this RFP will be for three (3) years, subject to the availability of funds . The contract(s) may additionally include a one year option to renew, likewise subject to the availability of funds. The agency reserves the right prior to contract award to determine the length of the contract term and each option to renew, if any.

It is anticipated that the maximum available funding for Capital funded projects is $2,500,000 and for Expense funded projects $1,000,000.

The Request for Proposals will be available for pick-up beginning Friday, April 8, 2005 at the Department of Homeless Services, 33 Beaver Street, 13th Floor Bid Desk, New York, NY. 10004.

The pre-proposal conference will be held on Tuesday, April 26, 2005 at 1:30 P.M. at the Department of Homeless Services, 33 Beaver Street, 17th Floor Training Room, New York, NY 10004.

Any questions regarding this solicitation should be directed to Calvin Pitter, Deputy Agency Chief Contracting Officer, DHS, 33 Beaver Street, Room 1312, New York, N.Y. 10004 at (212) 361-8413 or e-mail at cpitter@dhs.nyc.gov

DEVELOP TRANSITIONAL RESIDENCE FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – Competitive Sealed Proposals – Judgment required in evaluating proposals - PIN# 071-00S-003-262 – DUE 01-03-06 AT 5:00 P.M. – The Department of Homeless Services is soliciting proposals from organizations interested in developing and operating transitional residences for homeless adults and families including the Neighborhood Based Cluster Residence and drop-in centers for adults. This is an open-ended solicitation; there is no due date for submission. Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-forth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the transitional residence contracts will range from 3 to 20 years including renewal options and depending on the financial terms and conditions.

Pursuant to Section 312 (c) (1) (ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgment is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03 (c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences in order to address the need to create additional shelter capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated as a for-profit entity; 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed Standalone facility location(s); and 3) must demonstrate an intent to enter into lease agreements with the owner(s) or management designee(s) for each property.

Any organization that believes it can provide these services may contact: John Iaffaldano, Associate Staff Analyst, Office of Contracts and Procurement at the Department of Homeless Services at (212) 361-8435, 33 Beaver Street, 13th Floor, NY, NY 10004, to request a copy of the RFP application, which is available for pick-up Monday through Friday on business days between the hours of 9:00 a.m. to 5:00 p.m.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/ blueprints; other information; and for opening and reading of bids at date and time specified above.

Human / Client Service

HRA WORKS – Competitive Sealed Proposals – Judgment required in evaluating proposals - PIN# 06905H051200 – DUE 06-01-05 AT 2:00 P.M. – The Human Resources Administration is seeking appropriately qualified vendors to provide services, directly and/or indirectly through one or more subcontractors that prevent the need for public assistance and prepare employable individuals to successfully transition from welfare to work and remain self-sufficient. Programs must focus on preparing participants for work, job placement, job retention and career advancement.

The Pre-Proposal Conference will take place on April 19, 2005 at 10:30 A.M. - 12:30 P.M., 1 Centre Street (Northside), Mezzanine Level, New York, New York 10038.

Attendance at the conference by proposing vendors is optional but strongly recommended by the Agency. Space constraints limit attendance to two (2) persons per proposing organization. Potential proposers should pre-register by calling (212) 331-4831 by close of business on April 18, 2005. Please leave adequate time to go through security at the site at the Pre-Proposal Conference. The Vendor Source ID number is 24418.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/ blueprints; other information; and for opening and reading of bids at date and time specified above.

NON-SECURE DETENTION GROUP HOME SERVICES – Negotiated Acquisition – Judgment required in evaluating proposals - PIN# 13005DJJ001 – DUE 08-28-06 AT 3:00 P.M. – The Department of Juvenile Justice (DJJ) is seeking expressions of interest from qualified vendors to provide non-secure detention group home services. Since DJJ must respond to a court order, there is a time-sensitive situation in which DJJ must retain a supplier quickly, at one time or from time to time, permitting this procurement to be processed as a negotiated acquisition. Facilities should provide at least 10 and no more than 12 beds in accordance with the applicable regulations promulgated by the New York State Office of Children and Family Services (NYSOCFS), 9 N.Y.C.R.R. Section 180 et seq., and be operational at any time from December 1, 2004 to August 31, 2006. The term of

the contracts awarded from this solicitation will be for three years and will include an additional three-year option to renew.

Vendors interested in providing these services should contact Harry T. Bavaro at the Department of Juvenile Justice, 365 Broadway, 5th Floor, New York, NY 10013 for a copy of the solicitation document if they have not already received a copy. If a vendor is interested in being considered for award of a contract described above, please hand deliver a written expression of interest addressed to Harry T. Bavaro at the Department of Juvenile Justice, 365 Broadway, 5th Floor, New York, NY 10013 pursuant to the terms of the solicitation document.

■ PUBLIC HEARINGS

NOTICE IS HEREBY GIVEN that a Contract Public Hearing will be held on **Tuesday, April 19, 2005, in Spector Hall, 22 Reade Street, Main Floor, Borough of Manhattan, commencing at 2:00 P.M. on the following:**

IN THE MATTER of a proposed contract between the Department of Transportation of the City of New York and Hardesty & Hanover, LLP, 1501 Broadway, New York, NY 10036, providing for Final Design and Construction Support Services relative to the Reconstruction of Harlem River Drive Over the Entrance and Exit at the Northbound Harlem River Drive and East 127th Street, Borough of Manhattan. Contract No. HBM1027. The contract term shall be 2210 Consecutive Calendar Days from the Date of Notice to Proceed until the final completion of the Construction Contract. The contract amount shall be $5,556,422.80. PIN #: 84102MNBR503.

The proposed consultant has been selected by means of Required Method of Source Selection, pursuant to Section 1-02 (d)(1) of the Procurement Policy Board Rules.

A draft copy of the proposed contract will be available for inspection by members of the public at the Department of Transportation, Office of the Agency Chief Contracting Officer at 40 Worth Street, Room 1228, New York, NY 10013, from April 8, 2005 to April 19, 2005, excluding Saturdays, Sundays and Legal Holidays, between the hours of 9:00 A.M. and 5:00 P.M.

IN THE MATTER of a proposed contract between the Department of Transportation of the City of New York and Ocean & Coastal Consultants Engineering, P.C., 35 Corporate Drive, Trumbull, Ct. 06611, for the provision of Resident Engineering Inspection Services for Protection Against Marine Borers, Boroughs of Manhattan and Brooklyn. Contract No. HBCBORERS-RA. The contract term shall be 1580 Consecutive Calendar Days from the date of Written Notice to Proceed plus 60 Consecutive Calendar days after Completion of the Construction Contract. The contract amount shall be $15,392,965.17. PIN #: 84104MBBR657.

The proposed consultant has been selected by means of Required Method of Source Selection, pursuant to Section 1-02 (d) (1) of the Procurement Policy Board Rules.

A draft copy of the proposed contract will be available for inspection by members of the public at the Department of Transportation, Office of the Agency Chief Contracting Officer at 40 Worth Street, Room 1228, New York, NY 10013, from April 8, 2005 to April 19, 2005, excluding Saturdays, Sundays and Legal Holidays, between the hours of 9:00 A.M. and 5:00 P.M.

YOUTH AND COMMUNITY DEVELOPMENT

■ PUBLIC HEARINGS

NOTICE IS HEREBY GIVEN that a Contracts Public Hearing will be held **Tuesday, April 19, 2005, in Spector Hall, 22 Reade Street, Main Floor, Borough of Manhattan, commencing at 2:00 P.M. on the following:**

IN THE MATTER of a proposed contract between the Department of Youth and Community Development and United Way of New York City, 2 Park Avenue, New York, NY 10011, for the operation of the Economic and Housing Stability Program for Domestic Violence Victims, aimed at providing case management, housing and benefit assistance, counseling and legal services to victims of domestic abuse. The term of the contract shall be from July 1, 2004 to June 30, 2005 and shall contain no options to renew. The contract amount is not to exceed $335,000.00. PIN #: 26005068006C.

The proposed contractor is being funded through City Council Discretionary Funds appropriation, pursuant to Section 1-02 (e) of the Procurement Policy Board Rules.

A draft copy of the proposed contract may be inspected at the Department of Youth and Community Development, Office of the ACCO, 156 William Street, 2nd Floor, New York, NY 10038, on business days, between the hours of 9:00 A.M. and 5:00 P.M., from April 8, 2005 to April 19, 2005, excluding weekends and holidays.

Anyone who wishes to speak at this public hearing should request to do so in writing. The written request must be received by the Agency within 5 days after publication of this notice. Written requests to speak should be sent to Ms. Patricia Chabla, Agency Chief Contracting Officer, 156 William Street, 2nd Floor, New York, NY 10038, pchabla@dycd.nyc.gov. If the Department of Youth and Community Development receives no written requests to speak within the prescribed time, the Department reserves the right not to conduct the public hearing.

■ NOTICE

NOTICE OF OPPORTUNITY TO COMMENT on the proposed promulgation of the New York City Building Code Reference Standard RS 6-1, Photoluminescent Low-level Exit Path Markings, and RS 6-1A, Additional Standards.

Pursuant to the authority vested in the Commissioner of Buildings by Chapter 26 of the New York City Charter and Sections 27-131.1 and 27-383(b) of the Administrative Code of the City of New York, and in accordance with the requirements of 1 RCNY §37-01(f), the Department of Buildings hereby gives notice that it proposes to promulgate NYC Building Code Reference Standard RS 6-1 and 6-1A relating to photoluminescent low-level exit path markings.

NOTICE IS HEREBY GIVEN that a Public Hearing on the proposed reference standard promulgation will be held on Monday, May 2, 2005 at **280 Broadway, 7th Floor Conference Room, Borough of Manhattan, commencing at 1:30 a.m.** Identification must be provided to gain entry to the building. No food or drink is permitted to be brought in to the building.

The final date for the receipt of written comments on this proposed amendment to the Reference Standard is May 9, 2005. Mail all written comments to: New York City Department of Buildings, Attention: Executive Architect, Division of Technical Affairs, 280 Broadway 7th Floor, NY, NY 10007.

This notice of opportunity to comment will be available on the Department of Building's website at NYC.gov/buildings.

Date: April 6, 2005
New York, New York

Fatma Amer, P.E.
Acting Deputy Commissioner

Reference Standard 6-1
Photoluminescent low-level exit path markings
as required by Local Law 26 of 2004, New York City Building Code § 27-383(b)

Introduction

This standard is intended to provide minimum requirements for low-level photoluminescent exit path markings that will aid in evacuation from buildings in the event of failure of both the power and back-up power to the lighting and illuminated exit signs. Photoluminescent material is charged by exposure to light and will emit luminance after the activating light source is unavailable. The markings covered by this standard are not designed to provide enough light to illuminate a dark egress path, but rather will provide luminescent signs and outlines of the egress path, handrails, and stairs, so that occupants can discern these egress path elements in dark conditions. The markings are generally required to be located at a low level in case of smoke and to be readily seen, such as in a crowd situation. They are in addition to, and not as a substitute for, any other signage required under the Building Code, such as electrically illuminated exit signs with electrical back-up power required under 27-383(a).

This standard covers: 1) the technical specifications for minimum performance of the materials; 2) the minimum requirements for placement of the signs and markings; 3) administrative filings to certify compliance; and 4) maintenance requirements.

1.0 Technical specifications for minimum performance

1.1 Mandatory certifications. All photoluminescent products covered by this standard shall be independently tested to certify compliance with the following characteristics in accordance with Reference Standard RS 6-1A:

1.1.1. Brightness Rating ("BR"): Minimum BR of 30-5-2, being the laboratory measurement of luminance at 10, 60, and 90 minutes, respectively

1.1.2 Washability

1.1.3 Toxicity

1.1.4 Radioactivity

1.1.5 Flame spread

1.2 Additional certification. For manufacturers seeking to represent their photoluminescent products in New York City as UV resistant (resistant to UV degradation and weather), such products shall be independently tested to certify compliance with Reference Standard RS 6-1A for UV degradation. Only products meeting this characteristic shall be installed in locations exposed to direct sunlight or exterior weather conditions. UV-approved products may also be used in other locations where materials with proven long-term stability are desired by the owner.

1.3 Approval. Only those products approved by the Department of Buildings' Materials Equipment Acceptance Division ("MEA") shall be installed.

1.4 Labeling. All approved materials shall be labeled and identified with the manufacturer's name and model number as well as with "NYC MEA #_____ BR:_____" in a minimum of 6 point type with at least one such identification on each piece of material installed. Those products certified for UV degradation shall be labeled with "UV" (e.g: NYC MEA 0392-05 BR: 39-7-3 UV).

Note: A Brightness Rating of 30-5-2 means that the brightness (luminance) will be 30.0 mc/m² (millicandelas per square meter) at 10 minutes, 5.0 mc/m² at 60 minutes, and 2.0 mc/m² at 90 minutes, under test conditions. The level of 2.0 mc/m² affords the minimum to achieve safe egress.

2.0 Minimum requirements for placement

2.1 Markings on 1) doors opening to "exits" or "exit passageways"; 2) doors opening to "corridors" where such "corridors" act as required "exit passageways" connecting two "vertical exits", and 3) doors serving as "horizontal exits".[1] All such doors, other than intermediate or final exit doors, shall be marked in compliance with 2.1. Intermediate and final exit doors shall comply with 2.2.9.

2.1.1 Door signs. Doors shall be marked with a photoluminescent door sign designed in compliance with 2.3.1. The top of the signs shall be no higher than 26 inches (660 mm) above the finished floor. Signs shall be installed either on the door itself, or on the wall surface directly adjacent to the door, or both:

2.1.1.1. Door-mounted option (see fig. 1).
The sign shall be centered with the door, or shall be located such that the centerline of the sign is located in that half of the door, either the right or left, that contains the latch. In case of double-doors, both doors shall be marked and the signs shall be centered with the doors. For door-mounted signs, arrows may be omitted. The door-mounted option is not available if the door is connected to an approved hold-open device.

2.1.1.2 Wall-mounted option (see fig. 2).
Signs shall be mounted on the wall surface directly adjacent to the latch-side of the door, as close as practicable to the door such that in no case shall there be more than 6" (152 mm) from the door to the edge of the sign. In case of double-doors, signs shall be placed on the wall surface directly adjacent to the hinge-sides of both doors. For wall-mounted signs, arrows are mandatory.

2.2 Markings within "vertical exits," horizontal extensions in "vertical exits," "horizontal exits," "supplemental vertical exits," and "exit passageways", exclusive of "street level lobbies"[2]

2.2.1 Steps (see fig. 3). The entire horizontal leading edge of each step shall be marked with a solid and continuous stripe of photoluminescent material The dimensions, distances and locations shall be consistent and uniform throughout the same exit.

2.2.1.1 Width. The width of the stripes,

measured horizontally shall be:
Maximum: 2" (51 mm)
Minimum: 1" (25 mm) minimum, except that the minimum shall be ½" (13 mm) for products with a brightness rating demonstrating at least 16 mc/m^2 at 90 minutes.

2.2.1.2 Length. The stripes shall extend lengthwise to within 2" (51 mm) of both sides of each step.

2.2.1.3 Placement. The leading edge of the stripe shall be:
Maximum: ½" (13 mm) from the leading edge of the step
Minimum: 0" from the leading edge of the step.

2.2.1.4 Overlap. The stripe shall not overlap the leading edge of the step by more than ½" (13 mm) down the vertical face of the step.

EXCEPTION – Existing buildings (see fig. 4). For buildings constructed pursuant to plans approved prior to July 1, 2006, in lieu of marking the full horizontal leading edge, the following markings may be provided on both horizontal sides of each step: side edge markings that provide returns extending along the leading edge. The dimensions, distances and locations shall be consistent and uniform throughout the same exit. Such side edge markings shall be solid and continuous stripes of photoluminescent material:

1. **Width of side edge markings.** The width of the side edge marking shall comply with 2.2.1.1.
2. **Placement of side edge markings.** The side edge markings shall be placed no further than 2" (51 mm) from both sides of steps. Such stripes shall extend to within 2" (51 mm) of the back of each step and to within ½" (13 mm) of the leading edge of each step.
3. **Width of returns.** The returns shall also comply with 2.2.1.1 but are not required to be the same width as the side edge markings.
4. **Placement of returns.** The returns shall extend from the side edge marking, parallel with the leading edge of the step, for a minimum distance of 2" (51 mm). Such returns shall extend to within ½" (13 mm) of the leading edge of each step.
5. **Overlap.** The side edge markings including returns shall not overlap the face of the leading edge of the step by more than ½" (13 mm) down the vertical face of the step.

2.2.2 Leading edge of landings (see fig. 5). The leading edge of all landings (for example the platforms at the top of stairs) shall be marked in a consistent and uniform manner throughout the same exit. Such markings shall comprise stripes following the same requirements as for steps in 2.2.1, except that: 1) the stripe shall be the same length as and consistent with the stripes on the steps, or may extend the full length of the leading edge of the landing; and 2) the leading edge of each landing shall be marked regardless of the age of the building.

2.2.3 Handrails (see fig 6). All handrails and handrail extensions shall be marked with a solid and continuous stripe of photoluminescent material. The dimensions, distances and locations shall be consistent and uniform throughout the same exit.

2.2.3.1 Width. The minimum width of the stripe shall be 1" (25 mm), except that the minimum shall be ½" (13 mm) for products with a brightness rating demonstrating at least 16 mc/m^2 at 90 minutes.

2.2.3.2 Placement. The stripe shall be placed at least on the top surface of the handrail for the entire length of any handrails including handrail extensions, but newel post caps are not required to be marked.

2.2.3.3 Continuity. Where handrails or handrail extensions bend or turn corners, the stripe shall be as continuous as practicable with no more than a 4" (102 mm) gap without photoluminescent material permitted at such bends.

EXCEPTION – Existing buildings. For buildings constructed pursuant to plans approved prior to July 1, 2006, handrails may be marked in accordance with 2.2.3 or may, in the alternative and at the option of the owner, comply with either of the following:

1. a solid and continuous photoluminescent stripe may be placed on the wall immediately adjacent to and extending the full length of the handrail including handrail extensions, such that the bottom edge of the stripe is located within 1" (25 mm) of the top of the handrail measured vertically (see fig. 7). Such stripe shall be a minimum of 1" and a maximum of 2" (51 mm) wide, except that the minimum width shall be ½" (13 mm) for products with a brightness rating demonstrating at least 16 mc/m^2 at 90 minutes. The dimensions, distances and locations shall be consistent and uniform throughout the same exit. For handrails not adjacent to a wall, this exception shall not apply.
2. a solid and continuous stripe shall be marked on all handrails and handrail extensions in accordance with 2.2.3.1, 2.2.3.2, and 2.2.3.3, except that such marked areas need only extend only 18" from each bend in the handrail and only 18" from each end of the handrail. The dimensions, distances and locations shall be consistent and uniform throughout the same exit.

2.2.4 Floor perimeter demarcation lines. Floor perimeter demarcations lines are intended to outline the egress path by providing low level photoluminescent lines on both sides of the path. All flooring areas shall be provided with floor perimeter demarcation lines, except: 1) on the sides of steps, where they are permitted but not required; and 2) where an area is selected not to be outlined because the area is not part of the egress path and because marking it would cause confusion, for example an obstruction or dead end. The lines shall be a solid and continuous 1" to 2" (25 to 51 mm) wide stripe of photoluminescent material, except that the minimum shall be ½" (13 mm) for products with a brightness rating demonstrating at least 16 mc/m^2 at 90 minutes. Gaps in the continuity of the demarcation lines, for instance where a line traverses a conduit, molding, or other obstruction, are permitted, but shall be as small as practicable and in no case greater than 4" (102 mm). The dimensions, distances and locations shall be uniform and consistent throughout the same exit. Demarcation lines shall be located on the floor, or on the walls/vertical surface, or a combination of the two, as elected by the owner:

2.2.4.1 Floor-mounted option (fig. 8). Perimeter demarcation lines may be located on the floor, and shall be placed as close as practicable to the wall, and shall extend to within 2" (51 mm) of the markings on the leading edge of landings. Where an obstruction (such as a standpipe) is located within the egress path, the demarcation line may, at the option of the owner, extend across the floor so that the obstruction is outside of the outlined area (see fig. 9).

2.2.4.2 Wall-mounted option (fig. 10). Perimeter demarcation lines may be located on the wall, placed with the bottom edge no more than 4" (102 mm) above the finished floor. At the top or bottom of stairs, demarcation lines shall drop vertically to the floor within 2" (51 mm) of the step or landing edge. Demarcation lines on walls shall transition vertically to the floor and then extend across the floor where a line on the floor is the only practical method of outlining the path, for instance where obstructions or dead ends are to be outside of the outlined egress areas. Demarcation lines on walls shall continue across the face of all doors except intermediate or final exit doors (as per 2.2.9), or may transition to the floor and extend across the floor in front of the door.

2.2.5 Obstacles. Obstacles that project more than 4" (102 mm) into the egress path shall be outlined with material no less than 1" (25 mm) in width comprised of a pattern of alternating equal bands, of photoluminescent material and black, with the alternating bands no more than 2" thick and angled at 45 degrees. Where the object to be marked is not rectilinear (for example projecting round standpipe valves), the markings may be solid photoluminescent material rather than photoluminescent/black material. Examples of such obstacles include standpipes, hose cabinets, wall projections, and restricted height areas (see fig. 9).

2.2.6 Directional signage upon entering an exit (fig. 12). Photoluminescent directional signs designed in compliance with 2.3.1 shall be placed in the stairwell or exit at every entrance thereto such that they are visible upon opening the door into the stairwell or exit (i.e., the opened door shall not obscure the sign). Such directional signs shall include arrows indicating the direction of travel leading to the final exit door. The word EXIT is not required. They shall be located either high or low: 1) such that their top edge is between 47" to 63" (1194 to 1600 mm) above the finished floor; or 2) such that their top edge is within 26" (660 mm) above the finished floor.

EXCEPTION – Existing buildings. Buildings constructed pursuant to plans approved prior to July 1, 2006 are exempt from the requirements of 2.2.6. However, this exception shall not apply to those entrances into the stairwell that are below grade, or to other instances where the travel direction is up stairs.

2.2.7 Directional signage at transfer levels and where egress direction is not clear (fig. 12). Photoluminescent directional signs designed in compliance with 2.3.1 and installed at heights indicated in 2.2.6 shall be placed on the wall: 1) at transfer levels; and 2) wherever egress direction is unclear. These directional signs shall include arrows indicating the direction of travel leading to the final exit door. The word EXIT is not required. Examples of placement include: at turns along horizontal extensions; at transitions from vertical to horizontal direction; immediately after a door that does not lead to an exit (for instance a storage room door); at a "T" intersection; and immediately prior to and after paths along the escape route that lead to dead ends longer than 6 ft (1829 mm).

2.2.8 Not an exit sign (fig. 13). Photoluminescent signs shall be placed on doors that lead to dead ends (e.g. doors to mechanical rooms, storage closets, etc.) Such signs shall be designed in compliance with 2.3.1, except that 1) the egress symbol shall be black and shall be a minimum of 2 ¾" (70 mm), 2) the sans serif lettering shall be black and at least 1" (25 mm) high reading "NOT AN EXIT", the prohibition circle with slash shall be red, and 4) there shall be no arrow.

EXCEPTION – Existing buildings. Buildings constructed pursuant to plans approved prior to July 1, 2006 are exempt from this requirement.

2.2.9 Intermediate exit doors and final exit doors. For the purposes of this section and elsewhere in this standard, the following terms shall have the meanings set forth herein:

Intermediate exit door (fig. 14). When traveling in the egress direction, doors that lead from a vertical exit, horizontal extension in a vertical exit, horizontal exit, supplemental vertical exit, or exit passageway, but do not lead directly to the exterior or to a street level lobby are intermediate exit doors.

Final exit door (fig. 15). Doors leading directly to the exterior or a street level lobby are final exit doors.

2.2.9.1 Door signs. A photoluminescent wall-mounted door sign complying with 2.1.1.2 shall be mounted on the wall adjacent to all intermediate and final exit door. At the final exit door, such sign shall contain supplemental directional text in sans serif letters one-half as high as the word EXIT. Examples of such texts are "FINAL EXIT", or "EXIT THROUGH LOBBY" or "EXIT TO STREET", or "EXIT TO CHAMBERS STREET", etc. (see fig. 16).

2.2.9.2 Door Hardware markings. Door handles of all intermediate and final exit doors shall be outlined with no less than 16 in^2 (406 mm^2) of photoluminescent material. This cutout or backplate shall be located behind or immediately adjacent to the door handle and/or escutcheon. Where a panic bar is installed, such hardware shall be marked with a stripe of photoluminescent material no less than 1" (25 mm) wide for the entire length of the bar, except that the minimum shall be ½" (13 mm) for products with a brightness rating demonstrating at least 16 mc/m^2 at 90 minutes. This marking shall be placed for maximum visibility from the direction of approach, either on the face of the bar, on the top of the bar, or on the door (directly behind/above the bar). The marking shall not be placed below the bar.

2.2.9.3 Door frame markings. The top and sides of the door frame of all intermediate and exit doors shall be marked with a solid and continuous 1" to 2" (25 mm to 51 mm) wide stripe of photoluminescent material, except that the minimum shall be ½" (13 mm) for products with a brightness rating demonstrating at least 16 mc/m^2 at 90 minutes. Where the door molding does not provide enough flat surface on which to locate the stripe, the stripes may be located on the wall surrounding the frame. The dimensions, distances and locations of the required markings shall be consistent and uniform on all doors that the same evacuee will encounter on his or her route to the exterior of the building.

2.3 General standards.

2.3.1. Design of door and directional signs. Unless otherwise specified, all photoluminescent door signs and directional signs referenced herein (see figs. 12, 17, 18):

1. may be either positive or negative image;
2. shall be printed in safety green as per ANSI Z535.1-2002, *American National Standard for Safety Color Code;*
3. shall include three components:

3.1 the word EXIT printed in sans serif letters at least 4" high (102 mm) with strokes no less than ½" (13 mm);

3.2 an emergency exit symbol at least 4" high (102 mm), complying with E001 or E002 as per ISO 7010 (2003-10-01), *Graphical Symbols—Safety Colours and Safety Signs— Safety Signs Used in Workplaces and Public Areas*; and

3.3 an arrow at least 2 ¾" (70 mm) high, complying with E005 or E006 as per ISO 7010.

Exceptions:

1. Arrows are not mandatory on door-mounted door signs required by 2.1.1.1.
2. The word EXIT is not mandatory on directional signs required by 2.2.6 and 2.2.7.
3. Additional descriptive text is permitted, provided such words are in sans serif letters and, where the word EXIT or emergency exit symbol is required on such sign, that such descriptive text is no more than one-half as high as any the work EXIT or the emergency exit symbol.

2.3.2. Solid and continuous. For the purposes

of this standard, solid and continuous means without gaps or interruption, except for gaps, required by the methods of manufacture or required for the control expansion and contraction, that are no greater than 1/4" (6 mm) with a repeat of more than 3 ft (914 mm). A series of dashes, chevrons, dots, or other similar patterns is not solid and continuous. Nonetheless, photoluminescent materials shall be considered solid and continuous if they occasionally contain the following safety green (ANSI Z535.1) symbols or words: 1) the word EXIT, 2) egress symbol E001 or E002 as per ISO 7010; or 3) direction arrows E005 or E006 as per ISO 7010.

2.4 Good faith prior installations
The Commissioner may accept variations to the required dimensions, distances, returns (for side edge markings), locations, and MEA labeling for buildings where: 1) photoluminescent materials were installed prior to January 1, 2005; 2) such installations meet the intent of this standard. Applications for acceptance shall indicate all deviations from this standard. The commissioner shall require documentation that the photoluminescent materials installed achieve the equivalent brightness ratings as stated in 1.1.1. The commissioner may require installation of additional photoluminescent signs or markings in order to conform to the intent of this standard. Any such acceptance by the commissioner shall be annexed to the affidavit or report filed with the Department of Buildings pursuant to 3.3, and a copy of such report or affidavit or report including attachments shall be kept and maintained on the premises for inspection by the Department of Buildings and Fire Department.

2.5 Installation of additional signs and markings. Where photoluminescent signs or markings are installed in locations where they are not required by 27-383(b), such signs and markings shall be MEA-approved in accordance with 1.0 and shall comply with 2.5.

2.5.1 Steps and leading edge of landings. Where steps or landings are marked, such markings shall comply with 2.2.1 and 2.2.2. Where one step or landing is marked, all such steps and landings within the same environment shall be marked, and all dimensions, distances and locations shall be consistent and uniform.

2.5.2. Handrails. Where handrails are marked, such handrails shall comply with 2.2.3. Where one handrail is marked, all such handrails within the same environment shall be marked, and all dimensions, distances and locations shall be consistent and uniform.

2.5.3 Floor perimeter demarcation lines. Where a flooring area is marked with floor perimeter demarcation lines, such markings shall comply with 2.2.4. Where one flooring area is marked, all flooring areas within the same environment shall be marked, and all dimensions, distances and locations shall be consistent and uniform. All obstacles within such marked areas shall be marked in accordance with 2.2.5.

2.5.4 Directional signage. Where directional signage is installed, such signage shall comply with 2.2.7. Such directional signage shall be in addition to, and not a substitute for, any other signage required under the Building Code, such as electrically illuminated exit signs with electrical back up power.

2.5.5 Not an exit sign. Where "not an exit" signs are installed, such signs shall comply with 2.2.8.

2.5.6 Door signs. Where doors signs are installed, they shall comply with 2.1.1. Where additional door signs are installed at a door already provided with a low-level sign(s) described in 2.1.1, such additional door-mounted or wall-mounted door signs shall be installed in accordance with 2.1.1.1 and/or 2.1.1.2 except that the top edge of the such additional signs shall be between 47" to 63" (1194 to 1600 mm) above the finish floor.

2.5.7 Door hardware markings. Where door hardware markings are installed, they shall comply with 2.2.9.2 in the same manner as intermediate or final exit doors.

2.5.8 Door frame markings. Where door frame markings are installed, they shall comply with 2.2.9.3 in the same manner as intermediate or final exit doors

2.5.9 Other signs. Where any other signs made of photoluminescent materials are installed, such signs shall be MEA approved in accordance with 1.0 (technical specifications for minimum performance). Examples of such other signs could include floor numbering signs, elevator landing signs, elevator bank indicator signs, re-entry signs, etc. Such signage shall not be a substitute for any electrically illuminated exit signs with electrical back up power required under the Building Code.

3.0 Administrative filings to certify compliance

3.1 Existing buildings; Affidavit. Owners of existing buildings shall submit an affidavit of completion certifying compliance with 27-383(b) and RS 6-1, on or before July 1, 2006 for occupied buildings, or prior to issuance of a Certificate of Occupancy for new buildings under construction. In lieu of such affidavit, the owner may, at the owners option, submit a report by an architect or engineer complying with 3.2. Such affidavit shall also comply with the following:

3.1.1 Inspection. In such affidavit the owner shall certify that all components have been visually inspected, both with the normal and emergency lighting turned on and turned off.

3.1.2 Product identification. In such affidavit the owner shall certify the manufacturer's name and MEA approval number of each product installed, for each of the items required by this standard, and shall be accompanied by the manufacturer's product literature. The affidavit shall describe which particular products were installed in each part of the building.

3.1.3 Paints. Where *in situ* painting was utilized, the owner shall state in such affidavit the MEA numbers of the paints used as well as certify that the owner has inspected the installation during the painting process to verify that the specified paint was utilized and that that the MEA-approved methods of application were followed.

3.1.4 Deviations. Any minor deviations to the requirements of this standard shall have been approved in advance by the department in writing, and such written approvals shall accompany the affidavit.

3.2 New buildings; Report. Owners of buildings filed pursuant to plans approved on or after July 1, 2006 shall submit a report of completion by an architect or engineer certifying compliance with 27-383(b) and RS 6-1, prior to issuance of a certificate of occupancy. Such report shall also comply with the following:

3.2.1 Inspection. Such report shall be submitted under controlled inspection as per Building Code § 27-132. The report shall certify that all components have been visually inspected, both with the normal and emergency lighting turned on and turned off.

3.2.2 Product identification. Such report shall certify the manufacturer's name and MEA approval number of each product installed for each of the items required by this standard, and shall be accompanied by the manufacturer's product literature. The report shall describe which particular products were installed in which parts of the building.

3.2.3 Paints. Where *in situ* painting was utilized, the architect or engineer shall state in such report the MEA numbers of the paints used as well as certify that the architect or engineer has inspected the installation during the painting process to verify that the specified paint was utilized and that the MEA-approved methods of application were followed.

3.2.4 Deviations. Any minor deviations to the requirements of this standard shall have been approved in advance by the department in writing, and such written approvals shall accompany the report.

3.3 Submission of Affidavit or Report. Such affidavit or report, including all attachments thereto, shall be filed in duplicate with the Department of Buildings' Local Law Enforcement Unit for buildings constructed pursuant to plans approved prior to July 1, 2006, and with the respective Borough Office for new buildings. A third copy of the accepted affidavit or report, including all attachments thereto, shall be kept and maintained on the premises for inspection by the Department of Buildings and Fire Department. Failure to have such affidavit or report available for inspection, including all attachments thereto, shall constitute a violation of the code.

3.4 Fire protection plans. When construction of a new building or alteration of an existing building requires that a new or amended fire protection plan be filed in accordance with section 27-228, compliance with the photoluminescent sign and marking requirements of section 27-383(b) and RS 6-1 shall be indicated in such new or amended fire protection plan.

4.0 Maintenance program. Owners shall keep the required photoluminescent signs and markings in good repair. At a minimum, owners shall, once per year, perform a visual inspection of the signs and marking with the normal lighting turned on. Signs and markings that are missing, damaged, loose, or that show signs of wear or missing MEA labels shall be noted and promptly repaired. The log of such inspections, including the results and any corrective measures taken, shall be kept and maintained on the premises for inspection by the Department of Buildings and Fire Department. Deviations from any of the requirements of this standard shall be a violation of the code, unless the affidavit or report per 3.3 is available for inspection by the Department of Buildings and Fire Department, and the written approvals for such deviations accompany such affidavit or report per 3.1.4 or 3.2.4.

EXPLANATORY MATERIAL

The following are additional technical considerations and do not constitute a portion of the mandatory requirements.

A. Activating Illumination.
The products approved for use under Reference Standard 6-1 are tested in a laboratory with a fluorescent activating light source of 2 footcandles as measured on the surface of the test specimen. The measurement of 2 footcandles was derived from the minimum lighting levels as measured on the floor in exits as required by the New York City Building Code for buildings constructed after December 1, 1968. The Department of Buildings recognizes that many buildings are voluntarily providing more than 2 footcandles, and that many buildings erected before 1968 may properly be providing less. Additionally, some existing buildings are illuminated with incandescent lamps, which might not efficiently charge certain photoluminescent materials.

Reference Standard 6-1 does not permit the use of lower-performing photoluminescent products for brightly-lit environments, nor does it mandate the use of higher-performing photoluminescent products for grandfathered lighting environments. Therefore, prior to choosing a product, owners are encouraged to conduct a survey of existing lighting conditions to ensure adequate performance of the photoluminescent materials selected for the particular installation.

Reference Standard 6-1 relies on the current requirement of the New York City Building Code that continuous illumination be provided at all periods of building occupancy in corridors and exits1. Over the years, on a case-by-case basis, some buildings have been approved for the installation of motion-sensor activating switches allowing dark exit stairs, with the determination made that the resulting installation was equivalent to what was then required under the code. However, such determinations were made prior to the requirement of photoluminescent materials; motion-sensor devices that reduce continuous illumination to a level below the required 2 footcandles are no longer acceptable in exits where photoluminescent materials are required.

B. Dissimilar Luminance Levels Within Same Environment
It is neither necessary nor possible to require that photoluminescent products in the same environment emit identical luminance levels; many factors, including the distance to the activating light source, the angle of incidence and shadows, will result in different luminance levels for identical photoluminescent products placed in the same stairway. Variations in actual luminance are expected in the same environment. However, grossly dissimilar brightness ratings within the same environment should be avoided.

C. Contrasting Colors
Photoluminescent material are effective in completely dark conditions, and, conversely, are usually visible in normal lighting conditions. However, in dim or semi-lit conditions, such as when batteries for an emergency light are running low or when a stair is dark but a door is open to a lighted area, the photoluminescent materials forming the outlines of steps, landing, demarcation lines, and handrails might become hard to discern. Photoluminescent materials installed adjacent to a contrasting, dark color ameliorate this effect.

D. Abrasion Resistance
Reference Standard 6-1 does not mandate minimum standards for abrasion resistance. For products that are to be applied to walking surfaces, it is recommended that owners consider 1) the amount of traffic in the stairs by building occupants, and 2) the products' durability and resistance to abrasion. For instance, certain thin films and paints may be sufficient where the stairs are alarmed and only used in emergencies. However, where the occupants use the stairs on a daily basis, more durable products should be considered. Ultimately, the building owner is responsible for maintaining the photoluminescent materials in accordance with Reference Standard 6-1, Section 4.0.

E. Adhesives.
Reference Standard 6-1 does not specify the adhesives to be used. The choice of adhesive should be carefully considered for the longevity of the installation, particularly if the surface to which the product to be applied is porous, uneven, or subject to temperature or humidity variation. At a minimum owners should follow the manufacturers' instructions.

F. Slip-resistance.
Reference Standard 6-1 does not specify minimum slip-resistance requirements for photoluminescent products installed on walking surfaces. Whether or not a particular building's egress path is subject to any slip-resistance requirements may depend on the original date of construction. Any photoluminescent materials installed should be as slip-resistant as the minimum standard that is applicable to the building in which they are being installed. A stripe of photoluminescent material that is not slip resistant may, depending on the design of the stair nosing product, be compensated for by the inclusion of an adjacent, slip-resistant strip.

G. Wall-mounted floor perimeter markings at doors.
In deciding whether to continue a wall-mounted demarcation line across a door or to transition to the floor (2.2.4.2), consideration should be given to how the door is used or secured so as to avoid the possibility that the demarcation line on the door, if left open, might lead evacuees into a non-egress space or area.

1 As such terms are defined in the Building Code of the City of New York

Reference Standard 6-1A
Additional Standards as Required by RS 6-1 for Photoluminescent exit path markings

Samples to be tested shall be finished products as they would be sold to purchasers. Each distinct product material shall be separately tested and receive its respective test results for its respective MEA approval number. However, variation in the size of the product and differences in the text or arrow directions, etc., shall not constitute a distinct product material, but shall constitute a different model number—provided that product literature describing with pictorial representations of all such model numbers associated with the test samples is submitted to MEA.

Thin gauge films and paints shall be tested when applied to a rigid cement board ¼" thick. In the case of paints, such painted test samples shall be submitted along with the description of the procedures used to produce the test samples (such as surface preparation, primer coats, number of photoluminescent coats, encapsulant coat if applicable, maximum/minimum temperature or humidity during painting if applicable, etc.). Such description shall be included in the laboratory's test report; and such description shall be included in the MEA resolution as the mandatory labeling on the paint cans as instructions to purchasers.

1.0 Brightness Rating
ISO 17398:2004, Safety Colours and Safety Signs—Classification, Performance and Durability of Safety Signs, Clause 7.11. Three samples shall be tested (separately for each distinct product material). Thin gauge films and paints shall be tested when applied to a rigid cement board ¼" thick. The testing shall be in accordance with ISO 17398, clause 7.11, with the following modifications:

1.1 Clause 7.11.5 – Excitation Light Conditions. The test established in Clause 7.11.5.1. for classification of photoluminescent materials in accordance with Clause 5.5 is not required. The test in Clause 7.11.5.2 is required, however subclauses a), b), and c) are replaced with the following excitation standard: "Excitation of the phosphorescent test specimens shall be by a 4000K to 4500 K fluorescent light providing a mean illuminance of 2 footcandles (21.6 lux) on the surface of the test specimen. The excitation duration shall be 2 hours."

1.2 Clause 7.11.6.1 – Luminance Instrumentation. This Clause 7.11.6.1 describes two luminance instrumentation options. For this Reference Standard 6-1A, the contact luminance meter option shall be limited only to test samples that are both smooth and flat.

1.3 Clause 7.11.6.4.2 – Luminance recordings for classification purposes. This Clause 7.11.6.4.2 is not required.

1.4 Clause 7.11.6.4.3 – Luminance recordings for product description purposes. The luminance performance shall be based on the mean values of the three test specimens measured at 10 minutes, the mean values of the three test specimens measured at 60 minutes, and the mean values of the three test specimens measured at 90 minutes. The resulting luminance performances shall constitute a "brightness rating", which shall be indicated in the test report. The minimum brightness rating shall be 30.0 mcd/m^2 at 10 minutes, 5.0 mcd/m^2 at 60 minutes, and 2.0 mcd/m^2 at 90 minutes. For example, a product that minimally meets the luminance levels would have a brightness rating of 30-5-2.

2.0 Washability
ASTM D 4828-1994 (2003), Standard Test Methods for Practical Washability of Organic Coatings.

2.1 Three samples (of each distinct product material) shall be tested in accordance with ASTM D 4828. Thin gauge films and paints shall be tested when applied to a rigid cement board ¼" thick.

2.2 After completion of the test, each sample shall be rated at 5 or greater in accordance with clause 8.8.

3.0 Toxicity
Bombardier SMP 800-C Toxic Gas Generation Test

3.1 One test sample (of each distinct product material) shall be tested in accordance with SMP 800-C. Where the test sample is narrower than the required 3" x 3" (76 mm x 76 mm), more than one test samples shall be placed next to each other to provide 9 in^2 (229 mm^2) of surface area. Thin gauge films and paints shall be tested when applied to a rigid cement board ¼" thick.

EXCEPTION: For photoluminescent products that, when installed, provide coverage exceeding the limits of interior trim, such products shall instead be tested for toxicity as interior finishes if and as required by Building Code section 27-348(e).

4.0 Radioactivity
ASTM D 3648-2004, Standard Practices for the Measurement of Radioactivity.

4.1 Three test samples (of each distinct product material) shall be tested in accordance with ASTM D 3648. Thin gauge films and paints shall be tested when applied to a rigid cement board ¼" thick.

4.2 The samples shall be shown to be non-radioactive.

5.0 Flame Spread
ASTM E 162-2002, Standard Test Method for Surface Flammability of Materials Using a Radiant Heat Energy Source.

5.1 Three test samples (of each distinct product material) shall be tested in accordance with ASTM E 162. Thin gauge films and paints shall be tested when applied to a rigid cement board ¼" thick.

5.2 The samples shall have a flame spread index (ls) not to exceed 35.

EXCEPTION: For photoluminescent products that, when installed, provide coverage exceeding the limits of interior trim, such products shall instead be tested for flame spread and smoke density as interior finishes if and as required by Building Code section 27-348(c) and (d).

6.0 UV Degradation ("UV") (only where a "UV" rating is requested for exterior or direct sunlight applications)
ASTM G 155-2004, Standard Practice for Operating Xenon Arc Light Apparatus for Exposure of Nonmetallic Materials.

6.1 Three samples (of each distinct product material) shall be tested for a period of 2000 hours in accordance with ASTM G 155. The samples shall be subjected to Cycle 1 exposure condition noted in Table x3.1 of such standard. Thin gauge films and paints shall be tested when applied to a rigid cement board ¼" thick.

6.2 The testing laboratory that conducted the weathering test shall certify that none of the following surface characteristics exist when viewed under a minimum of 5x magnification: cracking, checking, crazing, or erosion.

6.3 After conclusion of the testing, such laboratory shall directly send the samples to the testing laboratory that conducted the brightness rating tests in 1.0.

6.4 The brightness rating testing laboratory shall perform luminance tests as per 1.0 on the weathered samples and report the results. The samples shall indicate at least 95% of the original brightness at 10 minutes, at least 95% of the original brightness at 60 minutes, and at least 95% of the original brightness at 90 minutes, as compared to the brightness ratings prior to the weathering test.

STATEMENT OF BASIS AND PURPOSE:

The September 11th terrorist attacks and subsequent collapse of the World Trade Center (WTC) Twin Towers and building number 7 WTC were a national tragedy that had an enormous impact on New York City, more than the obvious physical damage.

Before 9/11, New York City was commonly acknowledged to have one of the most stringent building codes in the United States. The aftermath of these attacks caused us to rethink our codes in relation to high-rise building safety. The lessons learned from the tragedy had a practical application for improvements to our codes. To that end, the New York City Department of Buildings convened the World Trade Center Building Code Task Force (Task Force) to review current building design, construction and operating requirements for high rise office buildings, and to determine if modifications were needed to enhance public safety.

The Task Force brought together a broad coalition of affected groups, including experts from both the public and private sectors (government, academia and industry) and survivors of the attacks. It was this deliberate consensus building that ensured the success of the Task Force.

In February 2003, the Task Force released its findings (available at http://nyc.gov/html/dob/pdf/wtcbctf.pdf), recommending changes to the way that high-rise office buildings are designed and how they function during an extreme event. The Task Force focused its efforts in four main areas: structural strength, evacuation and egress, fire protection, and mechanical systems. The resulting recommendations serve public safety and are realistic and practicable. Thirteen of these recommendations were signed into law on June 24, 2004 by Local Law 26 of 2004, which amended the New York City Building Code and Fire Prevention Code.

One component of Local Law 26 or 2004 mandates the retroactive installation of photoluminescent signs and markings in high rise office buildings on or before July 1, 2006, and requires that the Commissioner of Buildings adopt a reference standard establishing the technical standards for the installation and placement of the standards on of before January 1, 2006.

This proposed Reference Standard RS 6-1 and 6-1A establish the technical standards for the installation of photoluminescent building signs in compliance with Local Law 26 of 2004.

NOTICE OF REQUEST FOR QUALIFICATIONS URBAN PLANNING CONSULTANT SERVICES

BOROUGH OF MANHATTAN, COMMUNITY BOARD 12

PROJECT: Washington Heights and Inwood District-wide Land Use and Neighborhood Planning Study
CLIENT: Community Board 12 – Manhattan ("CB-12M"), Martin Collins, Chair
PRIMARY CONTACTS: Land Use Committee
OBJECTIVE: The objective of this Request for Qualifications ("RFQ") is to identify one or more urban planning consultants who will work with CB-12M to undertake the planning study as generally outlined below.

A land use and planning assessment of Washington Heights and Inwood which includes a current demographic profile, highlights trends (local, citywide, etc.), places CB-12M's planning activities in the context of other planning activities in Upper Manhattan and citywide, identifies issues and opportunities, summarizes district assets, strengths and weaknesses and provides recommendations for addressing the initial planning goals and objectives listed below.

Updating zoning to implement contextual zoning where appropriate, reconcile zoning and land use, and encourage desired development patterns.
Identify buildings and areas of special interest for historic or neighborhood preservation or other form of protection and/or recognition.
Identify and/or explore the creation of sites to accommodate the development of housing, educational, cultural and recreational facilities, etc.
Safeguard against over-development to preserve and enhance neighborhood character and quality of life.
Encourage the development of new affordable housing for renters and homeowners and the preservation of existing affordable housing stock.
Identify trends and best practices associated with community planning which can assist CB-12M in fulfilling its mission

RFQ ISSUE DATE: April 5, 2005 RFQ DUE DATE: April 29, 2005
OTHER REQUIREMENTS:
The scope of the study will also include public information / education workshops, stakeholder surveys and interviews, progress meetings with the Executive Committee of the CB-12M or other Committee as designated by the Chair, a draft report and a final report. CB 12 M may request that the study be executed in phases or that particular areas of interest receive immediate attention in advance of the completion of the district-wide demographic assessment.

SUBMISSION REQUIRMENTS:

1. All respondents to this RFQ must provide information satisfactory to CB 12M to document their prior experience with successfully completing planning studies of similar size and scope specifically within the past 10 years. The documentation submitted must demonstrate the respondent's professional qualifications, experience and expertise in the areas of urban and city planning, include summary information on completed planning studies and a minimum of three client references. Additionally, respondents must document their experience working with Community Boards and agencies of City government to undertake and/or implement the recommendations of neighborhood planning studies. Further, respondents should highlight any pro-bono projects completed or in-kind services offered to community organizations as well as its experience in assisting with identifying funding sources for neighborhood planning studies.

2. In addition to the respondent's qualifications all submissions must include a Technical Proposal which outlines the intended approach / method-of-inquiry, tasks, milestones, schedule, deliverables, etc. associated with the CB 12 study.

3. All submissions must also include a separate Cost Proposal which details all fees and reimbursables associated with the Technical Proposal. The tasks, activities, phases, etc. included in the Technical Proposal should be itemized and priced separately. The Cost Proposal must be presented in a sealed envelop. No reference to the amount of fees and/or reimbursables should be made in the Technical Proposal, the Respondent's Statement of Qualifications, Cover Letter or elsewhere in materials submitted to CB 12M.

SUBMISSION DELIVERY:

All respondents to this RFQ must deliver two signed original proposals to CB12M in a sealed envelope no later than the above referenced Due Date. Proposals must be addressed to:

Martin Collins, Chair, Community Board 12 – Manhattan

ENVIRONMENTAL PROTECTION

■ NOTICE

NOTICE OF DRAFT SCOPE OF WORK TO PREPARE AN ENVIRONMENTAL IMPACT STATEMENT for NYCDEP City Tunnel No. 3, Stage 2 Manhattan Leg, Shaft 33B Project

NYCDEP, as lead agency in this process, has determined that the proposed Shaft 33B project is appropriate for analysis within the context of an Environmental Impact Statement (EIS) to permit the highest level of community involvement in the environmental review process. A Draft Scope of Work (DSOW) has been prepared that sets for the analyses and methodologies to be used in the preparation of the Draft EIS. Any member of the public may obtain a copy of the DSOW by contacting NYCDEP at the address listed at the end of this notice.

NYCDEP is proposing to improve water supply capabilities and redundancy in the area of Midtown Manhattan by constructing a vertical water supply shaft, Shaft 33B, and associated trunk water mains to supply water from City Tunnel No. 3, Stage 2, Manhattan Leg to Manhattan residents. Once constructed, the Shaft would be an unmanned, underground facility capable of conveying water from City Tunnel No. 3 to the surface distribution system.

NYCDEP has performed a site screening process to evaluate potential Shaft 33B locations and identify a preferred location for Shaft 33B. As a result of this process, four feasible locations that could possibly accommodate shaft construction were identified, these are: E. 54th Street and Second Avenue; E. 61st Street between First and Second Avenues; E. 59th Street and Second Avenue; and E. 59th Street and First Avenue. The site at E. 59th Street and First Avenue (on the northwest corner of E. 59th Street in the sidewalk area) has been identified as the preferred site based on the NYCDEP determination that the advantages of this site are more attractive than those of the other feasible sites and that the disadvantages are more manageable.

The primary purpose of the Draft EIS is to provide a discussion of the potential environmental impacts associated with implementation of the proposed Shaft 33B project at the E. 59th Street and First Avenue site. The three feasible alternative sites identified above will be assessed at a level of detail that allows a comparative assessment of the engineering and environmental issues related to each of the alternative sites.

A public meeting to obtain oral testimony on this DSOW is to be held on:

Date: May 9, 2005 Time: 6:30 p.m. – 9:00 p.m.

Location: NY Blood Center Auditorium
310 East 67th Street, NY, NY (between First and Second Avenues)

NYCDEP is inviting comments on this DSOW from other local government agencies, local public officials, and the public. The period for submitting written comments on the DSOW will remain open until May 19th, 2005.

Requests for copies of the DSOW and/ or submissions of written comments regarding the DSOW should be submitted to Constance Vavilis, EIS Project Manager, New York City Department of Environmental Protection, Office of Environmental Planning and Assessment, 59-17 Junction Boulevard, 11th Floor, Flushing, NY 11373. Requests for the DSOW can also be made by telephone at 718-595-7262 or emial at constance@dep.nyc.gov.

ADVISORY REPORTS

ISSUE DATE:	DOCKET #:	SRA #:
03/23/05	056080	SRA 05-6467
ADDRESS: 170 EAST 121ST STREET, Harlem Courthouse, INDIVIDUAL LANDMARK	BOROUGH: MANHATTAN	BLOCK/LOT: 1799 / 45

To the Mayor, the Council, and the Asst. Commissioner, Dept. of Citywide Administrative Services.
This report is issued pursuant to Section 25-318 of the Administrative Code of the City of New York, which requires a report from the Landmarks Preservation Commission for plans for the construction, reconstruction, alteration, or demolition of any improvement or proposed improvement which is owned by the City or is to be constructed upon property owned by the City and is or is to be located on a landmark site or in a historic district or which contains an interior landmark.

The Landmarks Preservation Commission has reviewed a proposal for interior alterations at the fourth floor; as shown on drawings labeled A-100, D-101, A-101, A-201 and A-301, all dated revised March 11, 2005, submitted by Alta Indelman, Architect.

The Commission has reviewed the application and these drawings and finds that the work will have no effect on the significant protected features of this Individual Landmark

This report is issued on the basis of the building and site conditions described in the application and disclosed during the review process. By accepting this permit, the applicant agrees to notify the Commission if the actual building or site conditions vary or if original or historic building fabric is discovered. The Commission reserves the right to amend or revoke this permit, upon written notice to the applicant, in the event that the actual building or site conditions are materially different from those described in the application or disclosed during the review process.

All approved drawings are marked approved by the Commission with a perforated seal indicating the date of approval. The work is limited to what is contained in the perforated documents. Other work or amendments to this filing must be reviewed and approved separately. This report constitutes the permit; a copy must be prominently displayed at the site while work is in progress. ISSUE DATE: 03/18/05	DOCKET #: 055163	SRA #: SRA 05-6357
ADDRESS CENTRAL PARK Bethesda Terrace SCENIC LANDMARK	BOROUGH: MANHATTAN	BLOCK/LOT: 1111 / 1

To the Mayor, the Council, and the Commissioner, Department of Parks and Recreation.

This report is issued pursuant to Section 25-318 of the Administrative Code of the City of New York, which requires a report from the Landmarks Preservation Commission for plans for the construction, reconstruction, alteration, or demolition of any improvement or proposed improvement which is owned by the City or is to be constructed upon property owned by the City and is or is to be located on a landmark site or in a historic district or which contains an interior landmark.

The Landmarks Preservation Commission has reviewed a proposal for alterations to the Bethesda Terrace, including the re-installation of the previously removed Arcade ceiling Minton tiles; the replacement of any missing or damaged tiles in-kind; the replacement of the Arcade ceiling tile framework with steel to match the existing cast iron; the removal of formerly structural brickwork, the installation of ceiling suspension bracing, and waterproofing, all above the suspended Arcade ceiling and beneath the Upper Terrace and Cross Drive paving; the replacement of the existing square concrete and glass block skylight, linking the Upper Terrace and Arcade, and brick paving surround with a new circular cast iron and glass skylight and bluestone paving surround; the replacement of standard asphalt roadway paving at the Cross Drive with asphalt paving stones, the replacement of a concrete curb, serving as a traffic divider island, with a bluestone curb; and the replacement of steel bollards with cast iron bollards, as shown in written specifications, drawings 1-12, dated January, 2005, and drawings 13-15, dated March 2, 2005, prepared by the Central Park Conservancy and submitted as components of the application.

In reviewing this proposal, the Commission notes that the Bethesda Terrace, along with the Mall, was created as an original and important axis, with formal design elements, within the primarily picturesque Central Park, designed by Olmstead and Vaux in 1858; that the Terrace includes two pedestrian plazas, known as the Upper and Lower Terraces, a section of the 72nd Street Cross Drive, adjoining the Upper Terrace, and an arcade-gallery, known as the Arcade and located beneath both the Upper Terrace and the Cross Drive; that a cast iron and glass skylight was included in the original 1860s construction of the Terrace and no longer remains; that, during the 1980s, extensive work was conducted at the Terrace, including restoring sandstone walls and decorative paving, replacing structural support system elements, and installing a skylight, traffic divider curb and bollards, that the original Minton tiles, which lined the Arcade ceiling, were removed to facilitate the structural and restoration work, thereby temporarily exposing structural beams and brickwork, that following this removal, many of the Minton tiles were found to be in deteriorated condition and alternative solutions to addressing this condition were investigated.

With regard to this proposal, the Commission finds, in accordance with the provisions of Title 63, of the RCNY, Section 2-17, that the work will help restore the Bethesda Terrace more closely to its historic appearance; that the re-installation of the original Minton ceiling tiles will return significant historic fabric to the Arcade; that any replacement tiles will match the historic tiles in material, design, dimensions, details and finish; that the documentation reveals that sections of the existing ceiling tile framework and related supports are deteriorated; that the replacement framework will match the historic installation in design, dimensions, details and finish; that the alterations to the ceiling support system, the removal of brickwork and waterproofing beneath the Upper Terrace and Cross Drive will be obscured from view by the re-installed ceiling tiles; that the waterproofing will help protect the Terrace from damage due to water penetration; that the placement, size and materials of the proposed skylight are based on a historic site plan of the Upper Terrace; that evidence of the exact design of the historic skylight has not been found; that the size, scale, design, materials and finish of the proposed skylight, paving, curb and bollard are in keeping with the historic design of the Terrace; and that the work will not eliminate significant historic fabric. Based on these findings, the Commission determines the proposed work to be appropriate. The work, therefore, is approved.

The issuance of this permit is contingent upon the review and approval of construction drawings, shop drawings of the ceiling tile frames and samples of the replacement Minton tiles and asphalt pavers prior to the commencement of work. Please contact the staff of the Commission when samples are available.

This report is issued on the basis of the building and site conditions described in the application and disclosed during the review process. By accepting this permit, the applicant agrees to notify the Commission if the actual building or site conditions vary or if original or historic building fabric is discovered. The Commission reserves the right to amend or revoke this permit, upon written notice to the applicant, in the event that the actual building or site conditions are materially different from those described in the application or disclosed during the review process.

All approved drawings are marked approved by the Commission with a perforated seal indicating the date of approval. The work is limited to what is contained in the perforated documents. Other work or amendments to this filing must be reviewed and approved separately. This report constitutes the permit; a copy must be prominently displayed at the site while work is in progress. BINDING REPORTS

ISSUE DATE: 03/28/05	DOCKET #: 056138	SRB #: SRB 05-6550
ADDRESS 881 7TH AVENUE Carnegie Hall INDIVIDUAL LANDMARK	BOROUGH: MANHATTAN	BLOCK/LOT: 1009 / 1

To the Mayor, the Council, and the Commissioner, City of New York Dept. of Cultural Affairs.

This report is issued pursuant to Sections 3020 and 854 (h) of the New York City Charter and Section 25-318 of the Administrative Code of the City of New York, which require a report from the Landmarks Preservation Commission for certain plans for the construction, reconstruction, alteration, or demolition of any improvement or proposed improvement which is owned by the City or is to be constructed upon property owned by the City and is or is to be located on a landmark site or in a historic district or which contains an interior landmark.

The Landmarks Preservation Commission has reviewed a proposal for restorative facade work, including the removal and replacement of deteriorated or unsound elements of the brick and terra cotta facade and associated repointing, caulking, patching, and planing; repair of the cornices, balcony railings fire escapes and associated structural support elements; the installation of pigeon proofing; and the removal and replacement of membrane roofing system and various roof levels. The proposed work is shown and described in photographs, specifications, and drawings labeled A-101 through A-106, A-201 through A-203, A-801 through A-807, and A-901 through A-906, all dated March 16, 2005, prepared by Israel Meir Berger, R.A.

The Commission has reviewed the application and these drawings and finds that the work to the parapets and bulkhead will not damage historic fabric; that the proposed brick and terra cotta will match the historic materials in terms of texture, profile and color; that the mortar for repointing will match the historic mortar in terms of composition, texture, profile, tooling and color; that the pigeon proofing system will be installed in such a way that it will not detract from the significant architectural elements of the building; and that the work will seal the building against potentially damaging water penetration and is supportive of the long term preservation of the building.

This permit is issued contingent upon the Commission's review and approval of test samples of the proposed brick, terra cotta, mortar, caulk, and patching material, on a section of the facade that has been cleaned and a mock-up of the pigeon proofing system. Please contact staff to arrange a site visit.

This report is issued on the basis of the building and site conditions described in the application and disclosed during the review process. By accepting this permit, the applicant agrees to notify the Commission if the actual building or site conditions vary or if original or historic building fabric is discovered. The Commission reserves the right to amend or revoke this permit, upon written notice to the applicant, in the event that the actual building or site conditions are materially different from those described in the application or disclosed during the review process.

All approved drawings are marked approved by the Commission with a perforated seal indicating the date of approval. The work is limited to what is contained in the perforated documents. Other work or amendments to this filing must be reviewed and approved separately. This report constitutes the permit; a copy must be prominently displayed at the site while work is in progress. ISSUE DATE: 03/11/05	DOCKET #: 053986	SRB #: SRB 05-6208
ADDRESS UNIVERSITY AVENUE High Bridge Gatehouse INDIVIDUAL LANDMARK	BOROUGH: BRONX	BLOCK/LOT: 2533 / 22

To the Mayor, the Council, and the Commissioner of the Department of Environmental Protection.

This report is issued pursuant to Sections 3020 and 854 (h) of the New York City Charter and Section 25-318 of the Administrative Code of the City of New York, which require a report from the Landmarks Preservation Commission for certain plans for the construction, reconstruction, alteration, or demolition of any improvement or proposed improvement which is owned by the City or is to be constructed upon property owned by the City and is or is to be located on a landmark site or in a historic district or which contains an interior landmark.

The Landmarks Preservation Commission has reviewed a proposal for the restoration and rehabilitation of the subject premises, including removing paint and cleaning at the exterior facades, using chemical strippers, a restoration cleaner and low pressure water rinses; replacing missing, flawed and damaged sections of exterior masonry in-kind; temporarily removing and resetting the masonry at the parapets and the upper sections of exterior facades; repointing throughout the exterior facades; replacing the existing concrete roof in-kind; installing flashing at the interior of the parapet walls; re-opening the brick and stucco sealed ventilation openings at the western, southern and eastern facades; installing exterior metal grilles, and perforated metal screens behind the grilles, within the restored openings; temporarily removing the concrete-block infill, with a stucco coating and central hatch door, from the western facade entrance opening to facilitate interior repairs; re-installing the infill, recessed 4" from the exterior facade; and interior alterations, including disassembling and rebuilding sections of the masonry back-up walls and masonry infill above an interior arch, repointing, repairing cracked bricks, and replacing interior masonry in-kind, as needed, as shown in current condition photographs; written specifications; and drawings N-1, A-1, A-2, A-3, A-4, A-5, A-6, A-7, A-8 and A-9, dated September 1, 2004, prepared by the New York City Department of Parks and Recreation Olmstead Center, and submitted as components of the application.

In reviewing this proposal, the Commission notes that the building was constructed as a gatehouse for the High Bridge Aqueduct, built between 1836 and 1848.

With regard to this proposal, the Commission finds that the work is restorative in nature; that the paint removal and cleaning will return the natural color, texture and finish to the facades, while utilizing the gentlest methods available; that the repointing of the parapet walls and portions of the facades, replacement of masonry and installation of flashing will return the facades to sound condition and help insure the weatherproofing of the masonry; that the upper portions of the exterior facades and the parapets, including the coping, will be rebuilt to match the existing in terms of material, placement, size, dimensions, profiles and finishes; that any replacement stones will match the existing in terms of material, size, color, texture, coursing and finishes; that the repointing will be compatible with the historic masonry in terms of composition, and will match the original mortar in terms of color, texture, and tooling; that the ventilation openings will be restored to their historic condition; that the design, dimensions and placement of the proposed grilles will match a historic grille, currently in place at the building; that the that the screens will be obscured from view by the grilles; that the re-installed concrete-block infill at the entrance will be recessed, thereby recalling the historic presence of the opening; and that the work will not alter or destroy significant features of the building. The work, therefore, is approved.

This approval is contingent upon the Commission's review and approval of a paint and mortar analysis, proposed mortar and exterior paint color samples, shop drawings of the proposed exterior masonry replacement and stone samples prior to the commencement of the related work. Please contact the Landmarks Preservation Commission staff when the samples are ready in order to arrange a site visit.

Additionally, staff notes that alterations to a separate gatehouse in the Manhattan section of High Bridge Park, approved by Staff Binding Report 05-6209 (LPC 05-3716), issued on March 11, 2005, are shown on the approved drawings.

Please send 8 by 10 inch black and white photographs of the completed work, to the archives of the Art Commission of the City of New York, City Hall, 3rd floor, New York, NY 10007.

This report is issued on the basis of the building and site conditions described in the application and disclosed during the review process. By accepting this permit, the applicant agrees to notify the Commission if the actual building or site conditions vary or if original or historic building fabric is discovered. The Commission reserves the right to amend or revoke this permit, upon written notice to the applicant, in the event that the actual building or site conditions are materially different from those described in the application or disclosed during the review process.

All approved drawings are marked approved by the Commission with a perforated seal indicating the date of approval. The work is limited to what is contained in the perforated documents. Other work or amendments to this filing must be reviewed and approved separately. This report constitutes the permit; a copy must be prominently displayed at the site while work is in progress. Please direct inquiries to Bernadette Artus.

ADDRESS 10 READE STREET HISTORIC DISTRICT AFRICAN BURIAL GROUND	BOROUGH: MANHATTAN	BLOCK/LOT: 155 / 1

To the Mayor, the Council, and the Asst. Commissioner, Dept. of Citywide Administrative Services.

This report is issued pursuant to Sections 3020 and 854 (h) of the New York City Charter and Section 25-318 of the Administrative Code of the City of New York, which require a report from the Landmarks Preservation Commission for certain plans for the construction, reconstruction, alteration, or demolition of any improvement or proposed improvement which is owned by the City or is to be constructed upon property owned by the City and is or is to be located on a landmark site or in a historic district or which contains an interior landmark.

The Landmarks Preservation Commission has reviewed a proposal for the installation of an unenclosed sidewalk café consisting of twenty moveable tables with chairs, as shown in drawings labeled A1 and A2, dated May 12, 2004, prepared by Kwong T. Seung, P.E., and submitted as components of the application.

The Commission has reviewed the application and these drawings and finds that the work will have no effect on the significant protected features of the African Burial Ground Historic District. The work, therefore, is approved.

This report is issued on the basis of the building and site conditions described in the application and disclosed during the review process. By accepting this permit, the applicant agrees to notify the Commission if the actual building or site conditions vary or if original or historic building fabric is discovered. The Commission reserves the right to amend or revoke this report, upon written notice to the applicant, in the event that the actual building or site conditions are materially different from those described in the application or disclosed during the review process.

ADDRESS CITY HALL City Hall INDIVIDUAL LANDMARK	BOROUGH: MANHATTAN	BLOCK/LOT: 122 / 1

To the Mayor, the Council, and the Deputy Commissioner, Department of Citywide Administrative Services.

This report is issued pursuant to Sections 3020 and 854 (h) of the New York City Charter and Section 25-318 of the Administrative Code of the City of New York, which require a report from the Landmarks Preservation Commission for certain plans for the construction, reconstruction, alteration, or demolition of any improvement or proposed improvement which is owned by the City or is to be constructed upon property owned by the City and is or is to be located on a landmark site or in a historic district or which contains an interior landmark.

The Landmarks Preservation Commission has reviewed a proposal for the removal of non-historic metal doors, located at the basement level at the east and west elevations; and the installation of new metal doors, painted to match the surrounding masonry; as shown in photographs and drawings labeled SK-1 through SK 3, dated received February 23, 2005.

The Commission has reviewed the application and these drawings and finds that the work will not cause the removal of significant architectural fabric from the building; that the proposed doors will fit neatly within the existing masonry opening; that the doors will have a painted finish that will cause them to blend in with the surrounding masonry; and that the work will have no effect on the significant protected features of this Individual Landmark.

This report is issued on the basis of the building and site conditions described in the application and disclosed during the review process. By accepting this report, the applicant agrees to notify the Commission if actual building or site conditions vary or if original or historic building fabric is discovered. The Commission reserves the right to amend or revoke this report, upon written notice to the applicant, in the event that the actual building or site conditions are materially different from those described in the application or disclosed during the review process.

All approved drawings are marked approved by the Commission with a perforated seal indicating the date of approval. The work is limited to what is contained in the perforated documents. Other work or amendments to this filing must be reviewed and approved separately. This report constitutes the permit; a copy must be prominently displayed at the site while work is in progress. Please direct inquiries to Jared Knowles.

OFFICE OF MANAGEMENT AND BUDGET

■ PUBLIC HEARINGS

Draft Ten-Year Capital Strategy

Pursuant to Section 234 of the New York City Charter, the Draft Ten-Year Capital Strategy, Fiscal Years 2006-2015, was issued jointly by the Office of Management and Budget and the Department of City Planning on January 2005. After a public comment period, it will be issued in final form by the Mayor. Issued every two years, the strategy proposes capital commitments to be made during the ensuing ten years, by program category and agency.

The draft strategy is available on the Office of Management and Budget's website at http://nyc.gov/html/omb/pdf/typ1_05.pdf

READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council**, 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists--free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

PROCUREMENT POLICY BOARD RULES

The Rules may also be accessed on the City Website, http://NYC.GOV.Selltonyc

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

CITY PLANNING

■ PUBLIC HEARINGS

PROPOSED 2006 CONSOLIDATED PLAN

A **public hearing** on the formulation of the Proposed 2006 Consolidated Plan: One Year Action Plan for HUD Entitlement Funds will be held on **TUESDAY, APRIL 12, 2005** beginning at **3:30 P.M.** at the Department of City Planning located at 22 Reade Street, Spector Hall, Manhattan. The PUBLIC HEARING will be followed by a brief question and answer session with City agency representatives in attendance. In addition, at this forum, agency representatives will receive comments on the City's performance on Consolidated Plan activities in 2005.

The Consolidated Plan defines the use of federal entitlement funds for housing, homeless assistance, supportive housing services and community development programs and is required by the United States Department of Housing and Urban Development (HUD). It consolidates the statutory requirements of the Cranston-Gonzalez Housing Act's Comprehensive Housing Affordability Strategy, and the City's annual application for the four HUD Office of Community Planning and Development entitlement programs: Community Development Block Grant (CDBG), HOME Investment Partnership, Emergency Shelter Grants (ESG), and Housing Opportunities for Persons with AIDS (HOPWA).

For more information contact: Charles V. Sorrentino, New York City Consolidated Plan Coordinator, Department of City Planning, 22 Reade Street 4N, New York, New York 10007, (212) 720-3337.

MARKETING DEVELOPMENT CORPORATION

■ JOINT PUBLIC HEARING

NOTICE OF A JOINT PUBLIC HEARING between the Franchise and Concession Review Committee ("FCRC") and NYC Marketing Development Corporation on behalf of the Department of Small Business Services to be held on Monday, April 11, 2005 at Spector Hall, 22 Reade Street, Main Floor, Borough of Manhattan, commencing at 10:00 a.m. relative to:

NYC Marketing Development Corporation's application on behalf of the Department of Small Business Services to utilize different procedures (i.e., a sole source concession), pursuant to Section 1-13 of the Concession rules to implement a concession with The History Channel. NYC Marketing Development Corporation will seek the FCRC's approval at their April 13th meeting for both the use of different procedures and approval of the proposed concession.

This partnership is non-exclusive and NYC Marketing Development Corporation entering into such a partnership on behalf of the City does not preclude either NYC Marketing Development Corporation or the City from entering into a similar partnership in the future.

Term: The term of the agreement is for the period commencing August 26, 2004 and shall expire on February 13, 2008.

The agreement includes two (2) proposed concessions involving the use of intellectual property, both of which are related to the New York City's Official History Center (NYCOHC) (a city owned tourism information center):

1. The designation of certain historically themed tours of New York City that will be planned and/or mapped by The History Channel, as "New York City's Official History Tours".

2. The designation of "New York City's Official History Trolley" in connection with NYC Marketing Development Corporation's efforts to promote historical tourism to New York City and the new City-owned and operated NYCOHC. It is intended that New York City's Official History Trolley will be a parade type float for use in local events and parades.

The value of the two (2) concessions in this agreement involving the use of the City's intellectual property is estimated to be $2.25M in advertising time on the History Channel networks (comprised of time for 30-second commercials, not cash), plus the economic impact created by the marketing and promotion of the tours as well as the exposure of the parade type float. The City will be highlighted as a tourism attraction and this will presumably drive tourists to New York.

A copy of the agreement is available for viewing Monday through Friday beginning on March 17, 2005 and ending on April 11, 2005 at the offices of NYC Marketing Development Corporation, 1 Liberty Plaza, 33rd Floor, New York, NY 10006 between the hours of 9:00 a.m. and 5:00 p.m.

WATER BOARD

■ PUBLIC HEARINGS

PUBLIC NOTICE IS HEREBY GIVEN THAT in accordance with Section 1045-j (3) of the Public Authorities Law, public hearings will be held on May 2, 3 and 4, 2005, concerning proposed rates and charges to be effective July 1, 2005, for the use of, or services furnished, rendered or made available by the Water and Wastewater System of the City of New York (the "System") and concerning changes to certain billing policies and miscellaneous fees and charges to be incorporated into the New York City Water Board's Rate Schedule effective July 1, 2005. The hearings will be held as follows:

Borough	Place	Date/Time
Queens	Department of Environmental Protection Lecture Room, 6th Floor 59-17 Junction Boulevard Flushing, NY 11373	Monday May 2, 2005 1:00 PM
Staten Island	College of Staten Island Center for the Arts, Recital Hall 2800 Victory Boulevard Staten Island, NY 10314	Monday May 2, 2005 6:00 PM
Brooklyn	Brooklyn College Student Center-Alumni Lounge, Rm. 409 (opposite Whitehead Hall) East 27th Street and Campus Road Brooklyn, NY 11210	Tuesday May 3, 2005 7:00 PM
Bronx	Herbert H. Lehman College Carman Hall, Rm. B-39 250 Bedford Park Boulevard West Bronx, NY 10468	Wednesday May 4, 2005 9:30 AM
Manhattan	St. John's University - Manhattan Room 118, 101 Murray Street New York, NY 10007	Wednesday May 4, 2005 5:00 PM

I. It is anticipated that there will be a change from currently effective water rates and wastewater charges for services provided during the fiscal year commencing July 1, 2005.

(1) Metered and unmetered water rates will increase by 3%.
(2) Wastewater charges will remain at 159% of water charges.
(3) The regulated rate for water provided to municipalities and water districts outside of the City which does not exceed the allowance quantities set forth in Section 24-360 of the Administrative Code of the City of New York will increase by not more than 9.3% to $646.09 per million gallons, and the rate charged for water provided to municipalities and water districts outside of the City which exceeds the allowance quantities of water set forth in Section 24-360 of the Administrative Code of the City of New York will be equal to the in-City metered rate, currently anticipated to be $2,205.88 per million gallons.

II. It is also anticipated that changes to certain billing policies and miscellaneous fees and charges will be considered.

(1) Comprehensive Water Reuse Program – The Board proposes to extend this program to include graywater as well as blackwater systems.
(2) Renovation Bill Cap Program – The Board will consider discontinuing this program in its entirety or in the alternative respecifying program requirements to reincorporate omissions from the current version of the Rate Schedule, including but not limited to the age of eligible renovations, the duration of the program and the replacement of fixtures.
(3) Title Meter Readings, Flat-rate Reconciliations and Special Meter Readings – The Board will eliminate fees for title meter readings and flat-rate account reconciliations conducted in connection with property ownership transfers, and will increase the fee for a Special Meter Reading, requested by an owner and unconnected with a property transfer, from $55 to $115.
(4) Laundry Rate – The Board will establish an additional laundry fixture rate for clothes washing machines located within an individual apartment unit of $26.47 per fixture.
(5) Multiple Family Conservation Program (MCP) - The deadline for filing an application for the MCP, currently set forth as December 31, 2005, will be extended by one year to December 31, 2006. Other billing programs due to expire June 30, 2006 also will be extended by one year.
(6) Transition Program for Residential Premises with Six or More Dwelling Units – This program shall be modified to exclude new construction from program eligibility. All new construction should be billed on the basis of metered consumption or on the MCP rate.
(7) Cap on Metered Charges – Eligibility for this program will be limited to properties entirely equipped with low-flow toilets.
(8) Forgiveness Program for Extraordinary Leaks and Disasters – The minimum annualized threshold value used to determine program eligibility will be increased from $300 to $381.04 to account for previously adopted rate increases.
(9) Billing Program Requests - Part VI Section 1.D will be modified by requiring that all Billing Program requests must be in writing and requests will no longer be accepted over the phone or by visiting a borough office.
(10) Existing Board and Department of Environmental Protection ("DEP") policies and procedures will be reiterated in the Rate Schedule to provide a more complete source of information to the Board's customers including the following:
   a. Exemptions – the existing statutory authorization of and DEP's administrative policies and procedures for implementing exemptions will be incorporated by reference into the Board's Rate Schedule.
   b. Forgiveness Program for Extraordinary Leaks and Disasters – a failure of a maintainable plumbing fixture such as a toilet or faucet is not an extraordinary leak or disaster and will not be eligible for the program.
   c. Part VII Section 3 – Billing based on a representative average daily flow may be calculated based on a representative period occurring prior to or after failure of the meter as reasonably determined by DEP.
   d. Part VII Section 4 – Estimated bills, if not paid when due, are subject to late payment charges.
   e. Election of Meter Based Billing
      i. Election must be made on a DEP Election of Meter Based Billing Form
      ii. If a meter is not registering, meter billing will be prospective only from the date a working meter is installed and approved by DEP.

All members of the public who wish to obtain copies of the Board's Information Booklet describing the rate proposal, and changes to billing policies and miscellaneous fees and charges, or who wish to testify at the hearing should contact Kevin Kunkle, New York City Water Board, 59-17 Junction Boulevard, 8th Floor, Flushing, NY 11373, Telephone (718) 595-3601 not later than April 28, 2005. Oral testimony will be limited to five (5) minutes duration. A copy of any prepared or written statement may be submitted to the Water Board at the above address at least two days prior to the meeting.

TRAINING SERVICES – Contract with another Government – PIN# 071-05S-003-895 – DUE 04-18-05 AT 5:00 P.M. – The Department of Homeless Services (DHS) intends to enter into negotiations with the US Department of Labor to provide job training and educational opportunities for youth between the ages of 18-24. The facility is located in Glenmont, NY and houses 345 youth of which DHS is allocated 40 slots annually. The vendor offers job/vocational training in the following areas: clerical, maintenance, culinary arts, computer, nursing, carpentry, electrical and other related trades. In addition, a nominal stipend is paid to all participants enrolled during the job training or educational program.

In addition, DHS has determined that the vocational and educational training needs offered by the Government are appropriate for the types of youth, both males and female clients residing in the DHS shelter system, who are referred to the program.

It is anticipated that the term of the contract will be for two years, with an option to renew for one-year. The total estimated cost of this contract is not-to exceed $323,916 annually.

Any vendor who is interested in providing such may contact in writing, Calvin Pitter, Deputy Chief Contracting Officer, Department of Homeless Services at 33 Beaver Street, 13th Floor, NY, NY 10004, at (212) 361-8413. The due date and time for submission of expressions of interest is 5:00 P.M. on Monday, April 18, 2005.

The proposed contractor has been selected by means of a government-to-government purchase pursuant to Section 3-13 of the Procurement Policy Board Rules.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/ blueprints; other information; and for opening and reading of bids at date and time specified above.

CONSTRUCTION MANAGEMENT – Competitive Sealed Proposals – Judgment required in evaluating proposals - PIN# 071-05S-002-829 – DUE 05-24-05 AT 5:00 P.M. – The New York City Department of Homeless Services ("DHS") is issuing a Request for Proposals seeking up to two appropriately qualified vendors to provide on-call Construction Management services for Capital and Expense renovation projects at Adult and Family residential shelter sites citywide. These services may include plans for general construction, plumbing, mechanical, electrical, HVAC and elevator systems, structural work and site work. DHS maintains approximately 200 homeless shelter sites citywide. To ensure that all applicable regulatory codes are met, DHS must undertake various construction and renovation projects at these locations. The size of the structures vary significantly from armories to residential brownstones. Additional shelter sites may be added during the term of this contract.

It is anticipated that the term of the contract(s) awarded from this RFP will be for three (3) years, subject to the availability of funds . The contract(s) may additionally include a one year option to renew, likewise subject to the availability of funds. The agency reserves the right prior to contract award to determine the length of the contract term and each option to renew, if any.

It is anticipated that the maximum available funding for Capital funded projects is $2,500,000 and for Expense funded projects $1,000,000.

The Request for Proposals will be available for pick-up beginning Friday, April 8, 2005 at the Department of Homeless Services, 33 Beaver Street, 13th Floor Bid Desk, New York, NY. 10004.

The pre-proposal conference will be held on Tuesday, April 26, 2005 at 1:30 P.M. at the Department of Homeless Services, 33 Beaver Street, 17th Floor Training Room, New York, NY 10004.

Any questions regarding this solicitation should be directed to Calvin Pitter, Deputy Agency Chief Contracting Officer, DHS, 33 Beaver Street, Room 1312, New York, N.Y. 10004 at (212) 361-8413 or e-mail at cpitter@dhs.nyc.gov

DEVELOP TRANSITIONAL RESIDENCE FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – Competitive Sealed Proposals – Judgment required in evaluating proposals - PIN# 071-00S-003-262 – DUE 01-03-06 AT 5:00 P.M. – The Department of Homeless Services is soliciting proposals from organizations interested in developing and operating transitional residences for homeless adults and families including the Neighborhood Based Cluster Residence and drop-in centers for adults. This is an open-ended solicitation; there is no due date for submission. Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-forth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the transitional residence contracts will range from 3 to 20 years including renewal options and depending on the financial terms and conditions.

Pursuant to Section 312 (c) (1) (ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgment is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03 (c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences in order to address the need to create additional shelter capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated as a for-profit entity; 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed Standalone facility location(s); and 3) must demonstrate an intent to enter into lease agreements with the owner(s) or management designee(s) for each property.

Any organization that believes it can provide these services may contact: John Iaffaldano, Associate Staff Analyst, Office of Contracts and Procurement at the Department of Homeless Services at (212) 361-8435, 33 Beaver Street, 13th Floor, NY, NY 10004, to request a copy of the RFP application, which is available for pick-up Monday through Friday on business days between the hours of 9:00 a.m. to 5:00 p.m.

PROJECT: Washington Heights and Inwood District-wide Land Use and Neighborhood Planning Study
CLIENT: Community Board 12 – Manhattan ("CB-12M"), Martin Collins, Chair
PRIMARY CONTACTS: Land Use Committee
OBJECTIVE: The objective of this Request for Qualifications ("RFQ") is to identify one or more urban planning consultants who will work with CB-12M to undertake the planning study as generally outlined below.

A land use and planning assessment of Washington Heights and Inwood which includes a current demographic profile, highlights trends (local, citywide, etc.), places CB-12M's planning activities in the context of other planning activities in Upper Manhattan and citywide, identifies issues and opportunities, summarizes district assets, strengths and weaknesses and provides recommendations for addressing the initial planning goals and objectives listed below.
Updating zoning to implement contextual zoning where appropriate, reconcile zoning and land use, and encourage desired development patterns.
Identify buildings and areas of special interest for historic or neighborhood preservation or other form of protection and/or recognition.
Identify and/or explore the creation of sites to accommodate the development of housing, educational, cultural and recreational facilities, etc.
Safeguard against over-development to preserve and enhance neighborhood character and quality of life.
Encourage the development of new affordable housing for renters and homeowners and the preservation of existing affordable housing stock.
Identify trends and best practices associated with community planning which can assist CB-12M in fulfilling its mission

RFQ ISSUE DATE: April 5, 2005 RFQ DUE DATE: April 29, 2005
OTHER REQUIREMENTS:
The scope of the study will also include public information / education workshops, stakeholder surveys and interviews, progress meetings with the Executive Committee of the CB-12M or other Committee as designated by the Chair, a draft report and a final report. CB 12 M may request that the study be executed in phases or that particular areas of interest receive immediate attention in advance of the completion of the district-wide demographic assessment.

SUBMISSION REQUIRMENTS:

1. All respondents to this RFQ must provide information satisfactory to CB 12M to document their prior experience with successfully completing planning studies of similar size and scope specifically within the past 10 years. The documentation submitted must demonstrate the respondent's professional qualifications, experience and expertise in the areas of urban and city planning, include summary information on completed planning studies and a minimum of three client references. Additionally, respondents must document their experience working with Community Boards and agencies of City government to undertake and/or implement the recommendations of neighborhood planning studies. Further, respondents should highlight any pro-bono projects completed or in-kind services offered to community organizations as well as its experience in assisting with identifying funding sources for neighborhood planning studies.

2. In addition to the respondent's qualifications all submissions must include a Technical Proposal which outlines the intended approach / method-of-inquiry, tasks, milestones, schedule, deliverables, etc. associated with the CB 12 study.

3. All submissions must also include a separate Cost Proposal which details all fees and reimbursables associated with the Technical Proposal. The tasks, activities, phases, etc. included in the Technical Proposal should be itemized and priced separately. The Cost Proposal must be presented in a sealed envelop. No reference to the amount of fees and/or reimbursables should be made in the Technical Proposal, the Respondent's Statement of Qualifications, Cover Letter or elsewhere in materials submitted to CB 12M.

SUBMISSION DELIVERY:

All respondents to this RFQ must deliver two signed original proposals to CB12M in a sealed envelope no later than the above referenced Due Date. Proposals must be addressed to:

Section 1.
a. The Union shall have the exclusive right to the checkoff and transmittal of dues on behalf of each employee in accordance with the Mayor's Executive Order No. 98, dated May 15, 1969, entitled "Regulations Relating to the Checkoff of Union Dues" and in accordance with the Mayor's Executive Order No. 107, dated December 29, 1986, entitled "Procedures for Orderly Payroll Check-Off of Union Dues and Agency Shop Fees."

b. Any Employee may consent in writing to the authorization of the deduction of dues from the Employee's wages and to the designation of the Union as the recipient thereof. Such consent, if given, shall be in a proper form acceptable to the City, which bears the signature of the Employee.

Section 2.
The parties agree to an agency shop to the extent permitted by applicable law, as described in a supplemental agreement hereby incorporated by reference into this Agreement.

ARTICLE III - SALARIES

Section 1.
a. This Article III is subject to the provisions, terms and conditions of the Alternative Career and Salary Pay Plan Regulations, dated March 15, 1967 as amended, except that the specific terms and conditions of this Article shall supersede any provisions of such Regulations inconsistent with this Agreement subject to the limitations of applicable provisions of law.

b. Unless otherwise specified, all salary provisions of this Agreement, including minimum and maximum salaries, advancement or level increases, general increases, education differentials and any other salary adjustments, are based upon a normal work week of 40 hours except as provided for in Article IV, Section 1. In accordance with Article IX, Section 24 of the 1995–2001 Citywide Agreement, Employees who work on a full-time, per-diem basis shall receive their base salary (including salary increment schedules) and/or additions-to-gross payment in the same manner as a full-time, per-annum Employee. An Employee who works on a part-time per annum basis and who is eligible for any salary adjustment provided in this Agreement shall receive the appropriate pro-rata portion of such salary adjustment computed on the relationship between the number of hours regularly worked each week by such Employee and the number of hours in the said normal work week, unless otherwise specified.

c. Employees who work on a part-time per diem or hourly basis and who are eligible for any salary adjustment provided in this Agreement shall receive the appropriate pro-rata portion of such salary adjustment computed as follows, unless otherwise specified:

Per diem rate - 1/261 of the appropriate minimum basic salary.

Hourly Rate - 40 hour week basis 1/2088 of the appropriate minimum basic salary.

d. The maximum salary for a title shall not constitute a bar to the payment of any salary adjustment or pay differentials provided for in this Agreement but the said increase above the maximum shall not be deemed a promotion.

Section 2.
During the term of this Agreement, the following basic salary rates shall prevail for Employees:

Section 3. – Wage Increases.

A. General Wage Increases

The general increases, effective as indicated, shall be:

i. Effective September 1, 2003, Fire Alarm Dispatcher, and Supervising Fire Alarm Dispatcher, Levels I and II shall receive an additional general increase of 3 percent.

ii. Effective September 1, 2004, Fire Alarm Dispatcher and Supervising Fire Alarm Dispatcher, Levels I and II shall receive an additional general increase of 2 percent.

iii. Part-time per annum, per session, hourly paid and part-time per diem employees (including seasonal appointees) and Employees whose normal work year is less than a full calendar year shall receive the increases provided in Sections 3(a)(i) and 3(a)(ii) on the basis of computations heretofore utilized by the parties for all such Employees.

b. The increases provided for in Section 3(a) above shall be calculated as follows:

i. The general increase in Section 3(a)(i) shall be based upon the base rates (including salary or incremental salary schedules) of the applicable titles in effect on August 31, 2003.

ii. The general increase in Section 3(a)(ii) shall be based upon the base rates (including salary or incremental salary schedules) of the applicable titles in effect on August 31, 2004.

iii. Notwithstanding the provisions set forth in Sections 3 (a)(i) and 3(a)(ii), the appointment rate for any Employee newly hired on or after July 1,1993 shall be the minimum rate which was in effect for the applicable title on December 31,1991. Upon completion of one year of service, an Employee hired on or after July 1,1993 shall be paid the indicated minimum for the applicable title in effect on the one year anniversary of such Employee's original date of appointment to the title.

c. i. The general increases provided for in this Section 3 shall be applied to the base rates, incremental salary levels and the minimum "hiring rate", minimum "incumbent rates" and maximum rates (including levels), fixed for the applicable titles.

New Hires.
The following provisions shall apply to Employees newly hired on or after September 1, 2004:

Upon completion of one year of active or qualified inactive service, such employee shall be paid the indicated rate for fifth grade. Upon completion of the second year, such employee shall be paid the indicated rate for the fourth grade.

Section 4.
Each general increase provided herein, effective as of each indicated date, shall be applied to the rate in effect on the date as specified in Section 3 of this Article. In the case of a promotion or other advancement to the indicated title on the effective date of the general increase specified in Section 3 of this Article, such general increase shall not be applied, but the general increase, if any, provided to be effective as of such date for the title formerly occupied shall be applied.

Section 5.
In the case of an Employee on leave of absence without pay, the salary rate of such Employee shall be changed to reflect the salary adjustments specified in Article III.

Section 6.
The service increments listed below shall be paid to all eligible Employees upon completion of the specified years of "City" service in pay status in the pro-rated annual amounts listed below. Such Employees shall begin to receive such pro-rata payments on the Employee's anniversary date. The pro-rata payments provided for in this Section shall be deemed included in the base rate of the eligible Employee for all collective bargaining purposes. The provisions of Section 3(c)(ii) of this Agreement shall not apply to the service increment set forth in this Section 6.

Service Increments	Effective 9/1/02
10 year	$61
15 year	$707
20 year	$589

ARTICLE IV – HOURS & LEAVE

Section 1.
The hourly work week for Fire Alarm Dispatcher and Supervising Fire Alarm Dispatcher shall be 40 hours. It is understood and agreed that Fire Alarm Dispatchers and Supervising Fire Alarm Dispatchers, Level I shall continue to work on the average of 40.32 hours per week.

Section 2.
Employees shall receive the following eleven (11) regular holidays with pay:

New Year's Day	January 1st
Lincoln's Birthday	February 12th
Washington's Birthday	Third Monday in February
Memorial Day	Last Monday in May
Independence Day	July 4th
Labor Day	First Monday in September

Veteran's Day	November 11th (or other date established by N.Y.S. Legislature)
Election Day	First Tuesday following the First Monday in November
Thanksgiving Day	Fourth Thursday in November
Christmas Day	December 25th

Section 3.
Notwithstanding anything to the contrary contained in the 1995-2001 *Citywide Contract* or the *Time and Leave Rules* which are incorporated by reference therein, and in lieu thereof, the Fire Department shall promulgate a ten (10) group vacation chart for Fire Alarm Dispatchers and Supervising Fire Alarm Dispatchers, Level I.

Section 4.
Employees in the title of Supervising Fire Alarm Dispatcher, Level II shall continue to be covered for shift differential pursuant to Article III, Section I of the 1995-2001 Citywide Agreement through August 30, 2002.

ARTICLE V – WELFARE FUND

Section 1.
In accordance with the election by the Union pursuant to the provisions of Article XIII of the *1995-2001 Citywide Agreement* negotiated pursuant to Section 1173-4.3 (a)(2) of the New York City Collective Bargaining Law recodified as Section 12-307 (a)(2) of the current New York City Collective Bargaining Law or its successor Agreement(s), the Welfare Fund provisions of that *Citywide Agreement* as amended or any successor(s) thereto shall apply to Employees covered by this Agreement.

Section 2.
The unions agree to provide welfare fund benefits to domestics partners of covered Employees in the same manner as those benefits are provided to spouses of married covered Employees.

Section 3.
In accordance with the Health Benefits Agreement dated January 11, 2001, each welfare fund shall provide welfare fund benefits equal to the benefits provided on behalf of an active Employee to widow(er)s, domestic partners and/or children of any Employee who dies in the line of duty as that term is referenced in Section 12-126(b)(2) of the New York City Administrative Code. The cost of providing this benefit shall be funded by the Stabilization Fund.

ARTICLE VI- PRODUCTIVITY AND PERFORMANCE

Introduction

Delivery of municipal services in the most efficient, effective and courteous manner is of paramount importance to the Employer and the Union. Such achievement is recognized to be a mutual obligation of both parties within their respective roles and responsibilities. To achieve and maintain a high level of effectiveness, the parties hereby agree to the following terms:

Section 1. – Performance Levels
(a) The Union recognizes the Employer's right under the New York City Collective Bargaining Law to establish and/or revise performance standards or norms notwithstanding the existence of prior performance levels, norms or standards. Such standards, developed by usual work measurement procedures, may be used to determine acceptable performance levels, to prepare work schedules and to measure the performance of each employee or group of employees. Notwithstanding the above, questions concerning the practical impact that decisions on the above matters have on Employees are within the scope of collective bargaining. The Employer will give the Union prior notice of the establishment and/or revision of performance standards or norms hereunder.

(b) Employees who work at less than acceptable levels of performance may be subject to disciplinary measures in accordance with applicable law.

Section 2. – Supervisory Responsibility
(a) The Union recognizes the Employer's right under the New York City Collective Bargaining Law to establish and/or revise standards for supervisory responsibility in achieving and maintaining performance levels of supervised employees for employees in supervisory positions listed in Article I, Section 1, of this Agreement. Notwithstanding the above, questions concerning the practical impact that decisions on the above matters have on employees are within the scope of collective bargaining. The Employer will give the Union prior notice of the establishment and/or revision of standards for supervisory responsibility hereunder.

(b) Employees who fail to meet such standards may be subject to disciplinary measures in accordance with applicable law.

Section 3. – Performance Compensation
The Union acknowledges the Employer's right to pay additional compensation for outstanding performance. The Employer agrees to notify the Union of its intent to pay such additional compensation.

ARTICLE II- GRIEVANCE PROCEDURE

Section 1. – Definition:

The term "*Grievance* " shall mean:

a. A dispute concerning the application or interpretation of the terms of this Agreement;

b. A claimed violation, misinterpretation or misapplication of the rules or regulations, written policy or orders of the Employer applicable to the agency which employs the grievant affecting terms and conditions of employment; provided, disputes involving the Personnel Rules and Regulations of the City of New York shall not be subject to the grievance procedure or arbitration;

c. A claimed assignment of Employees to duties substantially different from those stated in their job specifications;

d. A claimed improper holding of an open competitive rather than a promotional examination; and

e. A claimed wrongful disciplinary action taken against a permanent Employee covered by Section 75(1) of the Civil Service Law upon whom the agency head has served written charges of incompetence or misconduct while the Employee is serving in the employee's permanent title or which affects the Employee's permanent status.

f. A claimed wrongful disciplinary action taken against a provisional Employee who has served for two years in the same or similar title or related occupational group in the same agency.

Section 2.
The Grievance Procedure, except for grievances as defined in Sections l d, 1e and 1f of this Article, shall be as follows:

Employees may at any time informally discuss with their supervisors a matter which may become a grievance. If the results of such a discussion are unsatisfactory, the employees may present the grievance at Step I.

All grievances must be presented in writing at all steps in the grievance procedure. For all grievances as defined in Section lc, no monetary award shall in any event cover any period prior to the date of the filing of the Step I grievance.

Step I - The Employee and/or the Union shall present the grievance in the form of a memorandum to the person designated for such purpose by the agency head no later than 120 days after the date on which the grievance arose. The Employee may also request an appointment to discuss the grievance. The person designated by the Employer to hear the grievance shall take any steps necessary to a proper disposition of the grievance and shall issue a determination in writing by the end of the third work day following the date of submission.

STEP II – An appeal from an unsatisfactory determination at STEP I shall be presented in writing to the agency head or the agency head's designated representative who shall not be the same person designated in STEP I. The appeal must be made within five (5) work days of the receipt of the STEP I determination. The agency head or designated representative, if any, shall meet with the Employee and/or the Union for review of the grievance and shall issue a determination in writing by the end of the tenth work day following the date on which the appeal was filed.

STEP III – An appeal from an unsatisfactory determination at STEP II shall be presented by the employee and/or the Union to the Commissioner of Labor Relations in writing within ten (10) work days of the receipt of the STEP II determination. The grievant or the Union should submit copies of the STEP I and STEP II grievance filings and any agency responses thereto. Copies of such appeal shall be sent to the agency head. The Commissioner of Labor Relations or the Commissioner's designee shall review all appeals from STEP II determinations and shall issue a determination on such appeals within fifteen (15) work days following the date on which the appeal was filed.

STEP IV – An appeal from an unsatisfactory determination at STEP III may be brought solely by the Union to the Office of Collective Bargaining for impartial arbitration within fifteen (15) work days of receipt of the STEP III determination. In addition, the Employer shall have the right to bring directly to arbitration any dispute between the parties concerning any matter defined herein as a "grievance." The Employer shall commence such arbitration by submitting a written request therefor to the Office of Collective Bargaining. A copy of the notice requesting impartial arbitration shall be forwarded to the opposing party. The arbitration shall be conducted in accordance with the Consolidated Rules of the Office of Collective Bargaining. The costs and fees of such arbitration shall be borne equally by the Union and the Employer. The assigned arbitrator shall hold a hearing at a time and place convenient to the parties and shall issue an award within 30 days after the completion of the hearing.

The arbitrator's decision, order or award (if any) shall be limited to the application and interpretation of the Agreement, and the arbitrator shall not add to, subtract from or modify the Agreement. The arbitrator's award shall be final and binding and enforceable in any appropriate tribunal in accordance with Article 75 of the Civil Practice Law and Rules. The arbitrator may provide for and direct such relief as the arbitrator deems necessary and proper, subject to the limitations set forth above and any applicable limitations of law.

Section 3.
As a condition to the right of the Union to invoke impartial arbitration set forth in this Article, including the arbitration of a grievance involving a claimed improper holding of an open-competitive rather than a promotional examination, the Employee or Employees and the Union shall be required to file with the Director of the Office of Collective Bargaining a written waiver of the right, if any, of the Employee and the Union to submit the underlying dispute to any other administrative or judicial tribunal except for the purpose of enforcing the arbitrator's award.

Section 4.
In any case involving a grievance under Section le of this Article, the following procedure shall govern upon service of written charges of incompetence or misconduct:

STEP A - Following the service of written charges, a conference with such Employee shall be held with respect to such charges by the person designated by the agency head to review a grievance at STEP I of the Grievance Procedure set forth in this Agreement. The Employee may be represented at

such conference by a representative of the Union. The person designated by the agency head to review the charges shall take any steps necessary to a proper disposition of the charges and shall issue a determination in writing by the end of the fifth day following the date of the conference.
If the Employee is satisfied with the determination in STEP A above, the Employee may choose to accept such determination as an alternative to and in lieu of a determination made pursuant to the procedures provided for in Section 75 of the Civil Service Law. As a condition of accepting such determination, the Employee shall sign a waiver of the Employee's right to the procedures available to him or her under Sections 75 and 76 of the Civil Service Law.

STEP B (i) - If the Employee is not satisfied with the determination at STEP A above then the Employer shall proceed in accordance with the disciplinary procedures set forth in Section 75 of the Civil Service Law. As an alternative, the Union with the consent of the Employee may choose to proceed in accordance with the Grievance Procedure set forth in this Agreement, including the right to proceed to binding arbitration pursuant to STEP IV of such Grievance Procedure. As a condition for submitting the matter to the Grievance Procedure the Employee and the Union shall file a written waiver of the right to utilize the procedures available to the employee pursuant to Sections 75 and 76 of the Civil Service Law or any other administrative or judicial tribunal, except for the purpose of enforcing an arbitrator's award, if any. Notwithstanding such waiver, the period of an employee's suspension without pay pending hearing and determination of charges shall not exceed thirty (30) days.

STEP B (ii) - If the election is made to proceed pursuant to the Grievance Procedure, an appeal from the determination of STEP A above, shall be made to the agency head or designated representative. The appeal must be made in writing within five (5) work days of the receipt of the determination. The agency head or designated representative shall review the grievance and shall issue a written reply to the Employee and the Union by the end of the tenth work day following the day on which the appeal was filed. The agency head or designated representative shall have the power to impose the discipline, if any, decided upon, up to and including termination of the accused Employee's employment.

STEP C - If the grievant is not satisfied with the determination of the agency head or designated representative the grievant or the Union may appeal to the Commissioner of Labor Relations in writing within ten (10) days of the determination of the agency head or designated representative. The Commissioner of Labor Relations shall issue a written reply to the grievant and the Union within fifteen (15) work days.

STEP D - If the grievant is not satisfied with the determination of the Commissioner of Labor Relations, the Union with the consent of the grievant may proceed to arbitration pursuant to the procedures set forth in STEP IV of the Grievance Procedure set forth in this Agreement.

Section 5.
In any case involving a grievance under Section 1f of this Article, the following procedure shall govern upon service of written charges of incompetence or misconduct:

STEP A - Following the service of written charges, a conference with such Employee shall be held with respect to such charges by the person designated by the agency head to review a grievance at STEP I of the Grievance Procedure set forth in this Agreement. The Employee may be represented at such conference by a representative of the Union. The person designated by the agency head to review the charges shall take any steps necessary to a proper disposition of the charges and shall issue a determination in writing by the end of the fifth day following the date of the conference.

STEP B (i) - If the Employee is not satisfied with the determination at STEP A above, then the Employee may choose to proceed in accordance with the Grievance Procedure set forth in this Agreement through STEP III. The Union, with the consent of the Employee, shall have the right to proceed to binding arbitration pursuant to STEP IV of such Grievance Procedure. The period of an Employee's suspension without pay pending hearing and determination of charges shall not exceed thirty (30) days.

STEP B (ii) - An appeal from the determination of STEP A above shall be made to the agency head or designated representative. The appeal must be made in writing within five (5) work days of the receipt of the determination. The agency head or designated representative shall meet with the Employee and the Union for review of the grievance and shall issue a determination to the employee and the Union by the end of the tenth work day following the day on which the appeal was filed. The agency head or designated representative shall have the power to impose the discipline, if any, decided upon, up to and including termination of the accused Employee's employment. In the event of such termination or suspension without pay totaling more than thirty (30) days, the Union with the consent of the grievant may elect to skip STEP C of this Section and proceed directly to STEP D.

STEP C - If the grievant is not satisfied with the determination of the agency head or designated representative, the grievant or the Union may appeal to the Commissioner of Labor Relations in writing within ten (10) days of the determination of the agency head or designated representative. The Commissioner of Labor Relations shall issue a written reply to the grievant and the Union within fifteen (15) work days.

STEP D - If the grievant is not satisfied with the determination of the Commissioner of Labor Relations, the Union with the consent of the grievant may proceed to arbitration pursuant to the procedures set forth in STEP IV of the Grievance Procedure set forth in this Agreement.

Section 6.
A grievance concerning a large number of employees and which concerns a claimed misinterpretation, inequitable application, violation or failure to comply with the provisions of this Agreement may be filed directly at STEP III of the grievance procedure. Such group grievance must be filed no later than 120 days after the date on which the grievance arose, and all other procedural limits including time limits set forth in this Article shall apply. All other individual grievances in process concerning the same issue shall be consolidated with the "group" grievance.

Section 7.
If a determination satisfactory to the Union at any level of the Grievance Procedure is not implemented within a reasonable time, the Union may re-institute the original grievance at STEP III of the Grievance Procedure; or if a satisfactory STEP III determination has not been so implemented, the Union may institute a grievance concerning such failure to implement at STEP IV of the Grievance Procedure.

Section 8.
If the Employer exceeds any time limit prescribed at any step in the Grievance Procedure, the grievant and/or the Union may invoke the next step of the procedure, except that only the Union may invoke impartial arbitration under STEP IV.

Section 9.
The Employer shall notify the Union in writing of all grievances filed by Employees, all grievance hearings, and all determinations. The Union shall have the right to have a representative present at any grievance hearing and shall be given forty-eight (48) hours' notice of all grievance hearings.

Section 10.
Each of the steps in the Grievance Procedure, as well as time limits prescribed at each step of this Grievance Procedure, may be waived by mutual agreement of the parties.

Section 11.
a. Any grievance relating to a claimed improper holding of an open-competitive rather than promotional examination shall be presented in writing by the Employee or the Union representative to the Commissioner of Labor Relations not later than thirty (30) days after the notice of the intention to conduct such open-competitive examination, or copy of the appointing officer's request for such open-competitive examination, as the case may be, has been posted in accordance with Section 51 of the Civil Service Law. The grievance shall be considered and passed upon within ten (10) days after its presentation. The determination shall be in writing, copies of which shall be transmitted to both parties to the grievance upon issuance.

b. A grievance relating to the use of an open-competitive rather than promotional examination which is unresolved by the Commissioner of Labor Relations may be brought to impartial arbitration as provided in Sections 2 and 3 above. Such a grievance shall be presented by the Union, in writing, for arbitration within 15 days of the presentation of such grievance to the Commissioner of Labor Relations, and the arbitrator shall decide such grievance within 75 days of its presentation to the arbitrator. The party requesting such arbitration shall send a copy of such request to the other party. The costs and fees of such arbitration shall be borne equally by the employer and the Union.

Section 12.
The grievance and the arbitration procedure contained in this Agreement shall be the exclusive remedy for the resolution of disputes defined as "grievances" herein. This shall not be interpreted to preclude either party from enforcing the arbitrator's award in court. This Section shall not be construed in any manner to limit the statutory rights and obligations of the Employer under Article XIV of the Civil Service Law.

Section 13. Expedited Arbitration Procedure.
a. The parties agree that there is a need for an expedited arbitration process which would allow for the prompt adjudication of grievances as set forth below.

b. The parties voluntarily agree to submit matters to final and binding arbitration pursuant to the New York City Collective Bargaining Law and under the jurisdiction of the Office of Collective Bargaining. An arbitrator or panel of arbitrators, as agreed to by the parties, will act as the arbitrator of any issue submitted under the expedited procedure herein.

c. The selection of those matters which will be submitted shall include, but not limited to, out-of-title cases concerning all titles, disciplinary cases wherein the proposed penalty is a monetary fine of one week or less or written reprimand, and other cases pursuant to mutual agreement by the parties. The following procedures shall apply:

i. **Selection and Scheduling of Cases:**

(1) The Deputy Chairperson for Disputes of the Office of Collective Bargaining shall propose which cases shall be subject to the procedures set forth in this Section 13 and notify the parties of proposed hearing dates for such cases.

(2) The parties shall have ten business days from the receipt of the Deputy Chairperson's proposed list of cases and hearing schedule(s) to raise any objections thereto.

(3) If a case is not proposed by the Deputy Chairperson for expedited handling, either party may, at any time prior to the scheduling of an arbitration hearing date for such case, request in writing to the other party and to the Deputy Chairperson of Disputes of the Office of Collective Bargaining that said case be submitted to the expedited procedure. The party receiving such request shall have ten business days from the receipt of the request to raise any objections thereto.

(4) No case shall be submitted to the expedited arbitration process without the mutual agreement of the parties.

ii. **Conduct of Hearings:**

(1) The presentation of the case, to the extent possible, shall be made in the narrative form. To the degree that witnesses are necessary, examination will be limited to questions of material fact and cross examination will be similarly limited. Submission of relevant documents, etc., will not be unreasonably limited and may be submitted as a "packet" exhibit.

(2) In the event either party is unable to proceed with hearing a particular case, the case shall be rescheduled. However, only one adjournment shall be permitted. In the event that either party is unable to proceed on a second occasion, a default judgment may be entered against the adjourning party at the Arbitrator's discretion absent good cause shown.

(3) The Arbitrator shall not be precluded from attempting to assist the parties in settling a particular case.

(4) A decision will be issued by the Arbitrator within two weeks. It will not be necessary in the Award to recount any of the facts presented. However, a brief explanation of the Arbitrator's rationale may be included. Bench decisions may also be issued by the Arbitrator.

(5) Decisions in this expedited procedure shall not be considered as precedent for any other case nor entered into evidence in any other forum or dispute except to enforce the Arbitrator's award.

(6) The parties shall, whenever possible, exchange any documents intended to be offered in evidence at least one week in advance of the first hearing date and shall endeavor to stipulate to the issue in advance of the hearing date.

ARTICLE VIII – BULLETIN BOARDS: EMPLOYER FACILITIES

The Union may post notices on bulletin boards in places and locations where notices usually are posted by the Employer for the Employees to read. All notices shall be on Union stationery, and shall be used only to notify Employees of matters pertaining to Union affairs. Upon request to the responsible official in charge of a work location, the Union may use Employer premises for meetings during Employees' lunch hours, subject to availability of appropriate space and provided such meetings do not interfere with the Employer's business.

ARTICLE IX – NO STRIKES

In accordance with the New York City Collective Bargaining Law, as amended, neither the Union nor any employee shall induce or engage in any strikes, slowdowns, work stoppages, mass absenteeism, or induce any mass resignations during the term of this Agreement.

ARTICLE X – CITYWIDE ISSUES

Except as otherwise provided, herein, this Agreement is subject to the provisions, terms and conditions of the Agreement which has been or may be negotiated between the City and the Union recognized as the exclusive collective bargaining representative on Citywide matters which must be uniform for specified employees, including the employees covered by this Agreement.

Employees in Rule X titles shall receive the benefits of the *Citywide Agreement* unless otherwise specifically excluded herein.

ARTICLE XI – UNION ACTIVITY

Time spent by employee representatives in the conduct of labor relations with the City and on Union activities shall be governed by the terms of Executive Order No. 75, as amended, dated March 22, 1973, entitled "Time Spent on the Conduct of Labor Relations between the City and Its employees and on Union Activity" or any successor thereto.

ARTICLE XII – LABOR-MANAGEMENT COMMITTEE

Section 1.
The Employer and the Union, having recognized that cooperation between management and employees is indispensable to the accomplishment of sound and harmonious labor relations, shall jointly maintain and support a labormanagement committee.

Section 2.
The labor-management committee shall consider and recommend to the agency head changes in the working conditions of the employees within the agency who are covered by this Agreement. Matters subject to the Grievance Procedure shall not be appropriate items for consideration by the labor-management committee.

Section 3.
The labor-management committee shall consist of six members who shall serve for the term of this Agreement. The Union shall designate three members and the agency head shall designate three members. Vacancies shall be filled by the appointing party for the balance of the term to be served. Each member may designate one alternate. Each committee shall select a chairperson from among its members at each meeting. The chairpersonship of each committee shall alternate between the members designated by the agency head and the members designated by the Union. A quorum shall consist of a majority of the total membership of a committee. A committee shall make its recommendations to the agency head in writing.

Section 4.
The labor-management committee shall meet at the call of either the Union members or the Employer members at times mutually agreeable to both parties. RE: 2002-2005 F. A.D.B.A. Agreement

Dear Mr. Rosenzweig:

This is to confirm our mutual understanding and agreement regarding the above Agreement which was negotiated in the context of the April 15, 1986 effective date for the application of the Fair Labor Standards Act (*FLSA*) to State and Local governments:

Notwithstanding the provisions of the FLSA, Supervising Fire Alarm Dispatchers, Level I shall be compensated in the same manner as Fire Alarm Dispatchers for hours of work.

In the event that the FLSA is further modified by amendment, regulation or interpretation in a manner that impacts upon the costing of this Agreement, either party may reopen this Agreement for the limited and sole purpose of determining the cost impact of such modification under the above Agreement.

In the event that the Fire Department makes a change in the configuration of the work schedule which has more than a negligible impact upon the costing of this Agreement in light of the FLSA, the Union may reopen this Agreement for the limited and sole purpose of determining the cost impact of such modification under the above Agreement, and shall have the right to bargain on that impact.

In no event shall any such reopening result in a cost that exceeds the costs previously agreed upon.
Dispatcher Directive #84-7 (Revised) dated December 3, 1985, shall be amended in part to read:

The availability of personnel on a city-wide basis will be the criterion upon which approval will be made. SFAD Level I requests will be approved to a level of one SFAD Level I below the scheduled city-wide SFAD, Level I manning for each tour. SFADs, Level I on terminal leave will not be counted as part of the scheduled manning.

If the above accords with your understanding, please execute the signature line below.

Very truly yours,

JAMES F. HANLEY

Re: 2002-2005 FADBA Agreement

Dear Mr. Rosenzweig:

This letter is to confirm certain mutual understandings and agreements regarding the above-captioned agreement.
The parties agree to establish the "Joint Labor Management Committee on Productivity Initiatives" ("*Committee*").

Composition of the Committee

The Committee shall comprise representatives designated by: the Deputy Mayor for Operations, the Law Department, the Office of Labor Relations, the Office of Management and Budget, the Office of Operations, and FADBA.

Goals and Objectives

The Committee shall work to identify efficiencies in the administration and delivery of governmental services which shall in turn be utilized to provide additional compensation to employees. This agreement expresses the joint labor and management commitment to associate improved City service and performance with appropriate compensation for the workforce.

The goal of the Committee's work shall be to identify, review, recommend and develop initiatives that generate workplace savings, maximize the potential of the City workforce and ensure the provision of essential services while at the same time improving compensation for the City workforce. To that end, the parties will seek to identify quantifiable savings while at the same time maintaining or improving City services.

The Committee shall make all reasonable efforts to issue a report or reports on or about August 31, 2005 which propose initiatives representing meaningful, quantifiable, recurring savings to the City and which generate funding to be utilized to compensate employees. Upon completion and acceptance of all committee members of the report, an additional one percent (1%) increase shall be paid to employees covered by this agreement.

The parties agree to meet and negotiate the application of any additional savings above 1% generated by the programs developed by the Committee.

Resolution of Disputes

The initiatives and programs developed pursuant to this Committee must be unanimously agreed upon. In the event there is a dispute as to the amount of savings generated by an initiative or the implementation of a program, or the savings generated by a program are not paid pursuant to this agreement, a party may file for final and binding arbitration consisting of the three impartial members of the Board of Collective Bargaining pursuant to Title 61 of the Rules of the City of New York. Any award in such arbitration proceeding shall be final and binding and shall be enforceable pursuant to Article 75 of the CPLR.

If the above accords with your understanding, kindly execute the signature line provided below.

Very truly yours,

JAMES F. HANLEY

Lump Sum Cash Payment Guidelines

December 8, 2004

David Rosenzweig, President
Fire Alarm Dispatchers Benevolent Association
204 East 23rd Street, 3rd Floor
New York, NY 10010

Re: 2002-2005 FADBA Agreement

Dear Mr. Rosenzweig:
This is to confirm the understanding and agreement of the parties concerning the guidelines for receipt of the lump sum cash payment provided for in the Agreement.

A. Eligibility Guidelines

The following categories of Employees shall be eligible to receive a lump sum cash payment in the amount of $1,000, or a pro-rata portion thereof, in accordance with the further provisions of paragraph B, below.

i. Employees who are in active pay status between December 8, 2004 and the date of ratification of the Agreement.

ii. Employees who worked the full period from July 1, 2002 through June 30, 2003 and who retired on or after June 30, 2003.

Employees who had at least one year of service and who had been in service during the period from July 1, 2002 through June 30, 2003 and who were laid-off/terminated for economic reasons.

Employees on active Military Duty pursuant to "Operation Enduring Freedom."

Employees who are in pay status between December 8, 2004 and the date of ratification of the Agreement, albeit on approved leave without pay, will receive the applicable lump sum payment upon their return to work.

Note: It is understood that Employees who were terminated for cause or who resigned shall not be eligible for the lump sum cash payment.

B. Proration of Lump Sum Cash Payment

Full-time per annum and full-time per diem Employees shall receive a lump sum cash payment in the amount of $1,000.

Part-time per annum, part-time per diem (including seasonal appointees), per session, hourly paid Employees and Employees whose normal work year is less than a full calendar year shall receive a pro-rata portion of the lump sum cash payment on the basis of computations heretofore utilized by the parties for all such Employees.

C. The lump sum cash payments shall not become part of the Employee's basic salary rate nor be added to the Employee's basic salary for the calculation of any salary based benefits including the calculation of future collective bargaining increases.

D. The lump sum cash payment shall be pensionable, consistent with applicable law, and shall be paid as soon as practicable upon ratification of the Agreement.

E. For circumstances that were not anticipated by the parties, the First Deputy Commissioner of Labor Relations may elect to issue, on a case-by-case basis, interpretations concerning the application of Section 3. A. of the Agreement.

If the above accords with your understanding, kindly execute the signature line provided below.

Very truly yours,

JAMES F. HANLEY

READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council**, 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists--free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

PROCUREMENT POLICY BOARD RULES

The Rules may also be accessed on the City Website, http://NYC.GOV.Selltonyc

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

CITY PLANNING

■ PUBLIC HEARINGS

PROPOSED 2006 CONSOLIDATED PLAN

A **public hearing** on the formulation of the Proposed 2006 Consolidated Plan: One Year Action Plan for HUD Entitlement Funds will be held on **TUESDAY, APRIL 12, 2005** beginning at **3:30 P.M.** at the Department of City Planning located at 22 Reade Street, Spector Hall, Manhattan. The PUBLIC HEARING will be followed by a brief question and answer session with City agency representatives in attendance. In addition, at this forum, agency representatives will receive comments on the City's performance on Consolidated Plan activities in 2005.

The Consolidated Plan defines the use of federal entitlement funds for housing, homeless assistance, supportive housing services and community development programs and is required by the United States Department of Housing and Urban Development (HUD). It consolidates the statutory requirements of the Cranston-Gonzalez Housing Act's Comprehensive Housing Affordability Strategy, and the City's annual application for the four HUD Office of Community Planning and Development entitlement programs: Community Development Block Grant (CDBG), HOME Investment Partnership, Emergency Shelter Grants (ESG), and Housing Opportunities for Persons with AIDS (HOPWA).

WATER BOARD

PUBLIC HEARINGS

PUBLIC NOTICE IS HEREBY GIVEN THAT in accordance with Section 1045-j (3) of the Public Authorities Law, public hearings will be held on May 2, 3 and 4, 2005, concerning proposed rates and charges to be effective July 1, 2005, for the use of, or services furnished, rendered or made available by the Water and Wastewater System of the City of New York (the "System") and concerning changes to certain billing policies and miscellaneous fees and charges to be incorporated into the New York City Water Board's Rate Schedule effective July 1, 2005. The hearings will be held as follows:

Borough	Place	Date/Time
Queens	Department of Environmental Protection Lecture Room, 6th Floor 59-17 Junction Boulevard Flushing, NY 11373	Monday May 2, 2005 1:00 PM
Staten Island	College of Staten Island Center for the Arts, Recital Hall 2800 Victory Boulevard Staten Island, NY 10314	Monday May 2, 2005 6:00 PM
Brooklyn	Brooklyn College Student Center-Alumni Lounge, Rm. 400 (opposite Whitehead Hall) East 27th Street and Campus Road Brooklyn, NY 11210	Tuesday May 3, 2005 7:00 PM
Bronx	Herbert H. Lehman College Carman Hall, Rm. B-39 250 Bedford Park Boulevard West Bronx, NY 10468	Wednesday May 4, 2005 9:30 AM
Manhattan	St. John's University - Manhattan Room 118, 101 Murray Street New York, NY 10007	Wednesday May 4, 2005 5:00 PM

I. It is anticipated that there will be a change from currently effective water rates and wastewater charges for services provided during the fiscal year commencing July 1, 2005.

(1) Metered and unmetered water rates will increase by 3%.
(2) Wastewater charges will remain at 159% of water charges.
(3) The regulated rate for water provided to municipalities and water districts outside of the City which does not exceed the allowance quantities set forth in Section 24-360 of the Administrative Code of the City of New York will increase by not more than 9.3% to $646.09 per million gallons, and the rate charged for water provided to municipalities and water districts outside of the City which exceeds the allowance quantities of water set forth in Section 24-360 of the Administrative Code of the City of New York will be equal to the in-City metered rate, currently anticipated to be $2,205.88 per million gallons.

II. It is also anticipated that changes to certain billing policies and miscellaneous fees and charges will be considered.

(1) Comprehensive Water Reuse Program – The Board proposes to extend this program to include graywater as well as blackwater systems.
(2) Renovation Bill Cap Program – The Board will consider discontinuing this program in its entirety or in the alternative respecifying program requirements to reincorporate omissions from the current version of the Rate Schedule, including but not limited to the age of eligible renovations, the duration of the program and the replacement of fixtures.
(3) Title Meter Readings, Flat-rate Reconciliations and Special Meter Readings – The Board will eliminate fees for title meter readings and flat-rate account reconciliations conducted in connection with property ownership transfers, and will increase the fee for a Special Meter Reading, requested by an owner and unconnected with a property transfer, from $55 to $115.
(4) Laundry Rate – The Board will establish an additional laundry fixture rate for clothes washing machines located within an individual apartment unit of $26.47 per fixture.
(5) Multiple Family Conservation Program (MCP) - The deadline for filing an application for the MCP, currently set forth as December 31, 2005, will be extended by one year to December 31, 2006. Other billing programs due to expire June 30, 2006 also will be extended by one year.
(6) Transition Program for Residential Premises with Six or More Dwelling Units – This program shall be modified to exclude new construction from program eligibility. All new construction should be billed on the basis of metered consumption or on the MCP rate.
(7) Cap on Metered Charges – Eligibility for this program will be limited to properties entirely equipped with low-flow toilets.
(8) Forgiveness Program for Extraordinary Leaks and Disasters – The minimum annualized threshold value used to determine program eligibility will be increased from $300 to $381.04 to account for previously adopted rate increases.
(9) Billing Program Requests - Part VI Section 1.D will be modified by requiring that all Billing Program requests must be in writing and requests will no longer be accepted over the phone or by visiting a borough office.
(10) Existing Board and Department of Environmental Protection ("DEP") policies and procedures will be reiterated in the Rate Schedule to provide a more complete source of information to the Board's customers including the following:
   a. Exemptions – the existing statutory authorization of and DEP's administrative policies and procedures for implementing exemptions will be incorporated by reference into the Board's Rate Schedule.
   b. Forgiveness Program for Extraordinary Leaks and Disasters – a failure of a maintainable plumbing fixture such as a toilet or faucet is not an extraordinary leak or disaster and will not be eligible for the program.
   c. Part VII Section 3 – Billing based on a representative average daily flow may be calculated based on a representative period occurring prior to or after failure of the meter as reasonably determined by DEP.
   d. Part VII Section 4 – Estimated bills, if not paid when due, are subject to late payment charges.
   e. Election of Meter Based Billing
      i. Election must be made on a DEP Election of Meter Based Billing Form
      ii. If a meter is not registering, meter billing will be prospective only from the date a working meter is installed and approved by DEP.

All members of the public who wish to obtain copies of the Board's Information Booklet describing the rate proposal, and changes to billing policies and miscellaneous fees and charges, or who wish to testify at the hearing should contact Kevin Kunkle, New York City Water Board, 59-17 Junction Boulevard, 8th Floor, Flushing, NY 11373, Telephone (718) 595-3601 not later than April 28, 2005. Oral testimony will be limited to five (5) minutes duration. A copy of any prepared or written statement may be submitted to the Water Board at the above address at least two days prior to the meeting.

Services (Other Than Human Services)

CONSTRUCTION MANAGEMENT – Competitive Sealed Proposals – Judgment required in evaluating proposals - PIN# 071-05S-002-829 – DUE 05-24-05 AT 5:00 P.M. – The New York City Department of Homeless Services ("DHS") is issuing a Request for Proposals seeking up to two appropriately qualified vendors to provide on-call Construction Management services for Capital and Expense renovation projects at Adult and Family residential shelter sites citywide. These services may include plans for general construction, plumbing, mechanical, electrical, HVAC and elevator systems, structural work and site work. DHS maintains approximately 200 homeless shelter sites citywide. To ensure that all applicable regulatory codes are met, DHS must undertake various construction and renovation projects at these locations. The size of the structures vary significantly from armories to residential brownstones. Additional shelter sites may be added during the term of this contract.

It is anticipated that the term of the contract(s) awarded from this RFP will be for three (3) years, subject to the availability of funds . The contract(s) may additionally include a one year option to renew, likewise subject to the availability of funds. The agency reserves the right prior to contract award to determine the length of the contract term and each option to renew, if any.

It is anticipated that the maximum available funding for Capital funded projects is $2,500,000 and for Expense funded projects $1,000,000.

The Request for Proposals will be available for pick-up beginning Friday, April 8, 2005 at the Department of Homeless Services, 33 Beaver Street, 13th Floor Bid Desk, New York, NY. 10004.

The pre-proposal conference will be held on Tuesday, April 26, 2005 at 1:30 P.M. at the Department of Homeless Services, 33 Beaver Street, 17th Floor Training Room, New York, NY 10004.

Any questions regarding this solicitation should be directed to Calvin Pitter, Deputy Agency Chief Contracting Officer, DHS, 33 Beaver Street, Room 1312, New York, N.Y. 10004 at (212) 361-8413 or e-mail at cpitter@dhs.nyc.gov

DEVELOP TRANSITIONAL RESIDENCE FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – Competitive Sealed Proposals – Judgment required in evaluating proposals - PIN# 071-00S-003-262 – DUE 01-03-06 AT 5:00 P.M. – The Department of Homeless Services is soliciting proposals from organizations interested in developing and operating transitional residences for homeless adults and families including the Neighborhood Based Cluster Residence and drop-in centers for adults. This is an open-ended solicitation; there is no due date for submission. Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-forth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the transitional residence contracts will range from 3 to 20 years including renewal options and depending on the financial terms and conditions.

Pursuant to Section 312 (c) (1) (ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgment is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03 (c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences in order to address the need to create additional shelter capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated as a for-profit entity; 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed Standalone facility location(s); and 3) must demonstrate an intent to enter into lease agreements with the owner(s) or management designee(s) for each property.

Any organization that believes it can provide these services may contact: John Iaffaldano, Associate Staff Analyst, Office of Contracts and Procurement at the Department of Homeless Services at (212) 361-8435, 33 Beaver Street, 13th Floor, NY, NY 10004, to request a copy of the RFP application, which is available for pick-up Monday through Friday on business days between the hours of 9:00 a.m. to 5:00 p.m.

AGENCY RULES

TRANSPORTATION

■ NOTICE

NOTICE OF ADOPTION OF RULE

NOTICE IS HEREBY GIVEN PURSUANT TO THE AUTHORITY VESTED IN THE Commissioner of the Department of Transportation by Section 2903 of the New York City Charter and in accordance with Section 1043 of the Charter, that the Department of Transportation hereby adopts the amendment to subdivision (b) of section 4-01 and paragraph (2) of subdivision (f) of section 4-08 of Chapter 4 of Title 34 of the Official Compilation of the Rules of the City of New York, the Traffic Rules, regarding parking in front of inactive driveways. This rule was first published on February 8, 2005 and a public hearing thereon was held on March 10, 2005. This rule shall take effect 30 days from the date hereof.

Section 1. Subdivision (b) of section 4-01 of Title 34 of the Rules of the City of New York is amended to add a new definition after "Cruising" and before "D/S Decals", to read as follows:

Driveway. Every entrance or exit authorized pursuant to applicable law and used by vehicular traffic to or from lands or buildings abutting a roadway.

§2. Paragraph (2) of subdivision (f) of section 4-08 of Title 34 of the Rules of the City of New York is amended to read as follows:

(2) Driveways. In front of a public or private driveway, except that it shall be permissible for the owner, lessor or lessee of the lot accessed by a private driveway to park a passenger vehicle registered to him/her at that address in front of such driveway, provided that such lot does not contain more than two dwelling units and further provided that such parking does not violate any other provision of the Vehicle and Traffic Law or local law or rule concerning the parking, stopping or standing of motor vehicles. The prohibition herein shall not apply to driveways that have been rendered unusable due to the presence of a building or other fixed obstruction and, therefore, are not being used as defined in section 4-01(b) of these rules.

STATEMENT OF BASIS AND PURPOSE OF RULE

The Commissioner of the Department of Transportation is authorized to promulgate rules regarding parking in the City pursuant to section 2903 of the New York City Charter.

Subdivision (b) of section 4-01 is being amended to add a definition of "driveway."

Paragraph (2) of subdivision (f) of section 4-08 is being amended to facilitate parking in front of driveways that have been rendered unusable by building renovation.

PROJECT: Washington Heights and Inwood District-wide Land Use and Neighborhood Planning Study
CLIENT: Community Board 12 – Manhattan ("CB-12M"), Martin Collins, Chair
PRIMARY CONTACTS: Land Use Committee
OBJECTIVE: The objective of this Request for Qualifications ("RFQ") is to identify one or more urban planning consultants who will work with CB-12M to undertake the planning study as generally outlined below.

A land use and planning assessment of Washington Heights and Inwood which includes a current demographic profile, highlights trends (local, citywide, etc.), places CB-12M's planning activities in the context of other planning activities in Upper Manhattan and citywide, identifies issues and opportunities, summarizes district assets, strengths and weaknesses and provides recommendations for addressing the initial planning goals and objectives listed below.
Updating zoning to implement contextual zoning where appropriate, reconcile zoning and land use, and encourage desired development patterns.
Identify buildings and areas of special interest for historic or neighborhood preservation or other form of protection and/or recognition.
Identify and/or explore the creation of sites to accommodate the development of housing, educational, cultural and recreational facilities, etc.
Safeguard against over-development to preserve and enhance neighborhood character and quality of life.
Encourage the development of new affordable housing for renters and homeowners and the preservation of existing affordable housing stock.
Identify trends and best practices associated with community planning which can assist CB-12M in fulfilling its mission

RFQ ISSUE DATE: April 5, 2005 RFQ DUE DATE: April 29, 2005
OTHER REQUIREMENTS:
The scope of the study will also include public information / education workshops, stakeholder surveys and interviews, progress meetings with the Executive Committee of the CB-12M or other Committee as designated by the Chair, a draft report and a final report. CB 12 M may request that the study be executed in phases or that particular areas of interest receive immediate attention in advance of the completion of the district-wide demographic assessment.

SUBMISSION REQUIRMENTS:

1. All respondents to this RFQ must provide information satisfactory to CB 12M to document their prior experience with successfully completing planning studies of similar size and scope specifically within the past 10 years. The documentation submitted must demonstrate the respondent's professional qualifications, experience and expertise in the areas of urban and city planning, include summary information on completed planning studies and a minimum of three client references. Additionally, respondents must document their experience working with Community Boards and agencies of City government to undertake and/or implement the recommendations of neighborhood planning studies. Further, respondents should highlight any pro-bono projects completed or in-kind services offered to community organizations as well as its experience in assisting with identifying funding sources for neighborhood planning studies.

2. In addition to the respondent's qualifications all submissions must include a Technical Proposal which outlines the intended approach / method-of-inquiry, tasks, milestones, schedule, deliverables, etc. associated with the CB 12 study.

3. All submissions must also include a separate Cost Proposal which details all fees and reimbursables associated with the Technical Proposal. The tasks, activities, phases, etc. included in the Technical Proposal should be itemized and priced separately. The Cost Proposal must be presented in a sealed envelop. No reference to the amount of fees and/or reimbursables should be made in the Technical Proposal, the Respondent's Statement of Qualifications, Cover Letter or elsewhere in materials submitted to CB 12M.

SUBMISSION DELIVERY:

All respondents to this RFQ must deliver two signed original proposals to CB12M in a sealed envelope no later than the above referenced Due Date. Proposals must be addressed to:

REQUEST FOR COMMENT ON APPLICATION FOR CERTIFICATE OF NO HARASSMENT PURSUANT TO THE SPECIAL CLINTON DISTRICT PROVISIONS OF THE ZONING RESOLUTION

DATE OF NOTICE: April 7, 2005

TO: OCCUPANTS, FORMER OCCUPANTS AND OTHER INTERESTED PARTIES OF

Address	Application #	Inquiry Period
783 9th Avenue, Manhattan	C4/05	September 5, 1973 to Present
421 West 50th Street, Manhattan	C3/05	September 5, 1973 to Present

Prior to the issuance of a permit by the Department of Buildings for the alteration or demolition of residential buildings in certain areas of the Special Clinton District, the Department of Housing Preservation and Development is required to certify that: 1) prior to evicting or otherwise terminating the occupancy of any tenant preparatory to alteration or demolition, the owner shall have notified HPD of the owner's intention to alter or demolish the building and 2) the eviction and relocation practices followed by the owner of the building satisfy all applicable legal requirements and that no harassment has occurred.

The owner of the building located at the above-referenced address seeks the issuance of an HPD Certification. The owner has represented and certified to HPD of the owner's intention to alter or demolish the building and that the eviction and relocation practices followed by the owner satisfy all applicable legal requirements and that no harassment has occurred. For your information HPD considers harassment to include, but not be limited to, the threatened or actual use of physical force, deprivation of essential services such as heat, water, gas or electric, or any other conduct intended to cause persons to vacate the premises or waive rights related to their occupancy.

HPD requests that if you have any comments or evidence of unlawful eviction and relocation practices or harassment occurring at the above referenced premises that you notify the Housing Litigation Division, SRO Anti-Harassment Unit, 3rd Floor, 100 Gold Street, New York, NY 10038, by letter postmarked not later than 30 days from the date of this notice or by an in-person statement made within the same period. To schedule an appointment for an in-person statement call (212) 863-8272 or (212) 863-8266.

READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council**, 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists--free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

PROCUREMENT POLICY BOARD RULES

The Rules may also be accessed on the City Website, http://NYC.GOV.Selltonyc

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

WATER BOARD

■ PUBLIC HEARINGS

PUBLIC NOTICE IS HEREBY GIVEN THAT in accordance with Section 1045-j (3) of the Public Authorities Law, public hearings will be held on May 2, 3 and 4, 2005, concerning proposed rates and charges to be effective July 1, 2005, for the use of, or services furnished, rendered or made available by the Water and Wastewater System of the City of New York (the "System") and concerning changes to certain billing policies and miscellaneous fees and charges to be incorporated into the New York City Water Board's Rate Schedule effective July 1, 2005. The hearings will be held as follows:

Borough	Place	Date/Time
Queens	Department of Environmental Protection Lecture Room, 6th Floor 59-17 Junction Boulevard Flushing, NY 11373	Monday May 2, 2005 1:00 PM
Staten Island	College of Staten Island Center for the Arts, Recital Hall 2800 Victory Boulevard Staten Island, NY 10314	Monday May 2, 2005 6:00 PM
Brooklyn	Brooklyn College Student Center-Alumni Lounge, Rm. 409 (opposite Whitehead Hall) East 27th Street and Campus Road Brooklyn, NY 11210	Tuesday May 3, 2005 7:00 PM
Bronx	Herbert H. Lehman College Carman Hall, Rm. B-39 250 Bedford Park Boulevard West Bronx, NY 10468	Wednesday May 4, 2005 9:30 AM
Manhattan	St. John's University - Manhattan Room 118, 101 Murray Street New York, NY 10007	Wednesday May 4, 2005 5:00 PM

I. It is anticipated that there will be a change from currently effective water rates and wastewater charges for services provided during the fiscal year commencing July 1, 2005.

(1) Metered and unmetered water rates will increase by 3%.
(2) Wastewater charges will remain at 159% of water charges.
(3) The regulated rate for water provided to municipalities and water districts outside of the City which does not exceed the allowance quantities set forth in Section 24-360 of the Administrative Code of the City of New York will increase by not more than 9.3% to $646.09 per million gallons, and the rate charged for water provided to municipalities and water districts outside of the City which exceeds the allowance quantities of water set forth in Section 24-360 of the Administrative Code of the City of New York will be equal to the in-City metered rate, currently anticipated to be $2,205.88 per million gallons.

II. It is also anticipated that changes to certain billing policies and miscellaneous fees and charges will be considered.

(1) Comprehensive Water Reuse Program – The Board proposes to extend this program to include graywater as well as blackwater systems.
(2) Renovation Bill Cap Program – The Board will consider discontinuing this program in its entirety or in the alternative respecifying program requirements to reincorporate omissions from the current version of the Rate Schedule, including but not limited to the age of eligible renovations, the duration of the program and the replacement of fixtures.
(3) Title Meter Readings, Flat-rate Reconciliations and Special Meter Readings – The Board will eliminate fees for title meter readings and flat-rate account reconciliations conducted in connection with property ownership transfers, and will increase the fee for a Special Meter Reading, requested by an owner and unconnected with a property transfer, from $55 to $115.
(4) Laundry Rate – The Board will establish an additional laundry fixture rate for clothes washing machines located within an individual apartment unit of $26.47 per fixture.
(5) Multiple Family Conservation Program (MCP) - The deadline for filing an application for the MCP, currently set forth as December 31, 2005, will be extended by one year to December 31, 2006. Other billing programs due to expire June 30, 2006 also will be extended by one year.
(6) Transition Program for Residential Premises with Six or More Dwelling Units – This program shall be modified to exclude new construction from program eligibility. All new construction should be billed on the basis of metered consumption or on the MCP rate.
(7) Cap on Metered Charges – Eligibility for this program will be limited to properties entirely equipped with low-flow toilets.
(8) Forgiveness Program for Extraordinary Leaks and Disasters – The minimum annualized threshold value used to determine program eligibility will be increased from $300 to $381.04 to account for previously adopted rate increases.
(9) Billing Program Requests - Part VI Section 1.D will be modified by requiring that all Billing Program requests must be in writing and requests will no longer be accepted over the phone or by visiting a borough office.
(10) Existing Board and Department of Environmental Protection ("DEP") policies and procedures will be reiterated in the Rate Schedule to provide a more complete source of information to the Board's customers including the following:
   a. Exemptions – the existing statutory authorization of and DEP's administrative policies and procedures for implementing exemptions will be incorporated by reference into the Board's Rate Schedule.
   b. Forgiveness Program for Extraordinary Leaks and Disasters – a failure of a maintainable plumbing fixture such as a toilet or faucet is not an extraordinary leak or disaster and will not be eligible for the program.
   c. Part VII Section 3 – Billing based on a representative average daily flow may be calculated based on a representative

period occurring prior to or after failure of the meter as reasonably determined by DEP.

d. Part VII Section 4 – Estimated bills, if not paid when due, are subject to late payment charges.

e. Election of Meter Based Billing
   i. Election must be made on a DEP Election of Meter Based Billing Form
   ii. If a meter is not registering, meter billing will be prospective only from the date a working meter is installed and approved by DEP.

All members of the public who wish to obtain copies of the Board's Information Booklet describing the rate proposal, and changes to billing policies and miscellaneous fees and charges, or who wish to testify at the hearing should contact Kevin Kunkle, New York City Water Board, 59-17 Junction Boulevard, 8th Floor, Flushing, NY 11373, Telephone (718) 595-3601 not later than April 28, 2005. Oral testimony will be limited to five (5) minutes duration. A copy of any prepared or written statement may be submitted to the Water Board at the above address at least two days prior to the meeting.

Services (Other Than Human Services)

CONSTRUCTION MANAGEMENT – Competitive Sealed Proposals – Judgment required in evaluating proposals - PIN# 071-05S-002-829 – DUE 05-24-05 AT 5:00 P.M. – The New York City Department of Homeless Services ("DHS") is issuing a Request for Proposals seeking up to two appropriately qualified vendors to provide on-call Construction Management services for Capital and Expense renovation projects at Adult and Family residential shelter sites citywide. These services may include plans for general construction, plumbing, mechanical, electrical, HVAC and elevator systems, structural work and site work. DHS maintains approximately 200 homeless shelter sites citywide. To ensure that all applicable regulatory codes are met, DHS must undertake various construction and renovation projects at these locations. The size of the structures vary significantly from armories to residential brownstones. Additional shelter sites may be added during the term of this contract.

It is anticipated that the term of the contract(s) awarded from this RFP will be for three (3) years, subject to the availability of funds . The contract(s) may additionally include a one year option to renew, likewise subject to the availability of funds. The agency reserves the right prior to contract award to determine the length of the contract term and each option to renew, if any.

It is anticipated that the maximum available funding for Capital funded projects is $2,500,000 and for Expense funded projects $1,000,000.

The Request for Proposals will be available for pick-up beginning Friday, April 8, 2005 at the Department of Homeless Services, 33 Beaver Street, 13th Floor Bid Desk, New York, NY. 10004.

The pre-proposal conference will be held on Tuesday, April 26, 2005 at 1:30 P.M. at the Department of Homeless Services, 33 Beaver Street, 17th Floor Training Room, New York, NY 10004.

Any questions regarding this solicitation should be directed to Calvin Pitter, Deputy Agency Chief Contracting Officer, DHS, 33 Beaver Street, Room 1312, New York, N.Y. 10004 at (212) 361-8413 or e-mail at cpitter@dhs.nyc.gov

DEVELOP TRANSITIONAL RESIDENCE FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – Competitive Sealed Proposals – Judgment required in evaluating proposals - PIN# 071-00S-003-262 – DUE 01-03-06 AT 5:00 P.M. – The Department of Homeless Services is soliciting proposals from organizations interested in developing and operating transitional residences for homeless adults and families including the Neighborhood Based Cluster Residence and drop-in centers for adults. This is an open-ended solicitation; there is no due date for submission. Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-forth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the transitional residence contracts will range from 3 to 20 years including renewal options and depending on the financial terms and conditions.

Pursuant to Section 312 (c) (1) (ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgment is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03 (c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences in order to address the need to create additional shelter capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated as a for-profit entity; 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed Standalone facility location(s); and 3) must demonstrate an intent to enter into lease agreements with the owner(s) or management designee(s) for each property.

Any organization that believes it can provide these services may contact: John Iaffaldano, Associate Staff Analyst, Office of Contracts and Procurement at the Department of Homeless Services at (212) 361-8435, 33 Beaver Street, 13th Floor, NY, NY 10004, to request a copy of the RFP application, which is available for pick-up Monday through Friday on business days between the hours of 9:00 a.m. to 5:00 p.m.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/ blueprints; other information; and for opening and reading of bids at date and time specified above.

AGENCY RULES

TRANSPORTATION

■ NOTICE

NOTICE OF ADOPTION OF RULE

NOTICE IS HEREBY GIVEN PURSUANT TO THE AUTHORITY VESTED IN THE Commissioner of the Department of Transportation by Section 2903 of the New York City Charter and in accordance with Section 1043 of the Charter, that the Department of Transportation hereby adopts the amendments to section 2-03 and subdivision (e) of section 2-14 of Chapter 2 of Title 34 of the Official Compilation of the Rules of the City of New York, the Highway Rules, regarding temporary festoon/holiday lighting and other temporary lighting. This rule was first published on January 11, 2005 and a public hearing thereon was held on February 10, 2005. This rule shall take effect 30 days from the date hereof.

Section 1. The entry "Hang temporary decorative lights" under "Construction Activity Permits" in Section 2-03 of Title 34 of the Rules of the City of New York is amended to read as follows:

Permit or Activity	Fee	Other Charges	Maximum Duration per Permit	Maximum Distance per Permit	Maximum Width per Permit
Hang temporary [decorative lights] festoon/holiday lighting and/or other temporary lighting	$50.00		[30] 90 days	One block face	

§2. Subdivision (e) of section 2-14 of Title 34 of the Rules of the City of New York is amended to read as follows:

(e) **[Holiday Lights.] Temporary Festoon/Holiday Lighting and/or other Temporary Lighting.**

(1) No individuals shall be permitted to hang [holiday lights] temporary festoon/holiday lighting and/or other temporary lighting from lampposts or poles containing electrical traffic control devices.

(2) Groups, including but not limited to, Business Improvement Districts, Block Associations and Chambers of Commerce shall be permitted to hang [such lights] temporary festoon/holiday lighting and/or other temporary lighting from lampposts, provided the following conditions are met:

(i) All temporary festoon/holiday lighting and/or other temporary lighting, their attachments, accessories, installations, and methods of attachment shall be in compliance with the applicable requirements of these rules, the New York City Electrical Code (Chapter 3 of Title 27 of the Administrative Code) and the rules of the New York City Department of Buildings.

([i] ii) A letter requesting permission to hang [holiday lights] temporary festoon/holiday lighting and/or other temporary lighting shall be sent to the Department's Street Lighting Unit each year, [30] 60 days before the holiday or event by the sponsoring group. Such letter shall state the anticipated installation and removal dates of the lighting, [and] the proposed location(s) [for hanging the lights] where the lights shall be installed including the number of block faces of streets to be used, and the number of lampposts to be affected, including those from which power is to be drawn and those that are to be used only as an attachment for the temporary lighting.

(iii) The Street Lighting Unit shall provide a disposition in writing. If approved, the sponsoring group or its electrical contractor shall submit such disposition from the Street Lighting Unit to the Department of Buildings when applying for a Certificate of Electrical Inspection.

([ii] iv) The sponsoring group shall hire an electrical contractor licensed by the City to furnish and install a Ground Fault Circuit Interrupter (GFCI) weatherproof receptacle and install the lighting fixtures and supporting equipment. The GFCI shall be installed near the top of the shaft of the lamppost from which the power is to be drawn. [The contractor shall file an application for a Certificate of Electrical Inspection with the Department of Buildings prior to commencing work.]

([iii] v) The sponsoring group or its electrical contractor shall be responsible for the maintenance and replacement, [if] as necessary, of [these] the weatherproof receptacles.

(vi) The sponsoring group or its electrical contractor shall obtain a Certificate of Electrical Inspection from the Department of Buildings prior to applying for a permit from the Department.

([iv] vii) The sponsoring group shall make arrangements with the appropriate electric utility company to pay for the electricity that will be used to illuminate the [holiday lights] temporary festoon/holiday lighting and/or other temporary lighting.

([v] viii) The sponsoring group shall obtain and maintain in force an insurance policy [holding] as provided in section 2-02 of these rules and shall indemnify and hold the City harmless from any and all claims for personal injury or property damage arising from the installation, maintenance, operation and eventual removal of the [holiday lights] temporary festoon/holiday lighting and/or other temporary lighting.

(ix) A permit to hang temporary festoon/holiday lighting and/or other temporary lighting shall be obtained from the Department of Transportation, prior to commencing work, upon the showing of the letter of consent from the Street Lighting Unit and the Certificate of Electrical Inspection from the Department of Buildings pursuant to subparagraphs (iii) and (vi) of this paragraph.

(x) Temporary festoon/holiday lighting and/or other temporary lighting with necessary feed wires and supports may be permitted over sidewalks for a period not to exceed 90 days, provided they do not interfere with the free use of fire escapes and drop ladders. All such electrical construction shall be removed within the time stated on the permit, excluding the authorized GFCI weatherproof receptacle. The receptacle shall be permitted to remain provided that it is properly maintained. Any receptacle(s) not properly maintained shall be removed, within one (1) to ten (10) days of notice from the Department, as directed by the Department, by the sponsoring group at its sole cost and expense. In the event that the sponsoring group fails to remove the receptacle(s) or in the case of an emergency, the Department may remove such receptacle(s) and charge the cost of removal to the sponsoring group.

(xi) Prior to commencing any work, the electrical contractor shall test each pole for stray voltage. If a pole tests positive, the electrical contractor shall contact the Department and Con Edison immediately and shall report such test result and the location of the pole. The electrical contractor shall wait for clearance from the Department and Con Edison prior to the commencement of work.

(xii) After completing the installation of the temporary festoon/holiday lighting and/or other temporary lighting, the electrical contractor shall retest each pole for stray voltage. If a pole tests positive, the electrical contractor shall contact the Department and Con Edison immediately and shall report such test result and the location of the pole.

(xiii) The electrical service shall not exceed 120 volts and shall not be fused larger than fifteen (15) amperes.

(xiv) The installation of temporary festoon/holiday lighting and/or other temporary lighting shall comply with the minimum height clearances below:

Nature of Crossing	Conductors Guys, Spans, Messengers			
	Under 300 Volts	300 Volts to 750 Volts	750 Volts to 15,000 Volts	15,000 Volts to 33,000 Volts
Above track rails of freight railroads.	27 feet	27 feet	28 feet	30 feet
Above track rails of elevated railways.	25 feet	25 feet	25 feet	25 feet
Above track rails of surface railways.	22 feet	22 feet	25 feet	25 feet
Above roadways of streets, etc.	18 feet	18 feet	20 feet	22 feet
Above spaces or ways accessible to pedestrians only, i.e., sidewalks and alleyways.	14 feet* *For guys, 8 feet shall be sufficient for anchor guys not crossing pathways.	18 feet	20 feet	22 feet

(xv) Temporary festoon/holiday lighting and/or other temporary lighting, strings or messengers shall not be supported by or secured to any fire escape or drainpipe. They shall be insulated from their supports by strain insulators.

(xvi) Streamers, messengers or supports shall not be attached to or supported from electric, light, telephone, communications or trolley poles or lines without permission from the owners.

(xvii) Any sponsoring group and/or electrical contractor who fails to comply with the requirements of this subdivision shall be excluded from the permit process for temporary festoon/holiday lighting and/or other temporary lighting for the following year or seasonal cycle, or other period of time as determined by the Department.

(xviii) Requests to make adjustments to the work performed shall be approved by the Department.

(xix) The Department may mandate that changes be made to the work performed.

(xx) The electrical contractor shall test each pole for stray voltage after removing the temporary festoon/holiday lighting and/or other temporary lighting equipment in compliance with the permit limits. If a pole tests positive, the electrical contractor shall contact the Department and Con Edison immediately and shall report such test result and the location of the pole.

(xxi) At the completion of the work, a letter shall be sent to the Department certifying that the work was conducted in accordance with all rules and regulations.

STATEMENT OF BASIS AND PURPOSE OF RULE
The Commissioner of the Department of Transportation is authorized to regulate work taking place on City streets and sidewalks pursuant to section 2903 of the New York City Charter and Title 19 of the New York City Administrative Code.

Section 2-03 is being amended to increase the duration and distance covered by a permit for hanging temporary festoon/holiday lighting and/or other temporary lighting.

Subdivision (e) of section 2-14 is being amended to enable the Department to more closely monitor the installation of temporary festoon/holiday lighting and/or other temporary lighting to ensure its safety and compliance with all applicable rules.

Name, Description and Location of Proposal:

Prince's Bay Rezoning
The applicant, Councilman Andrew J. Lanza, seeks an amendment to the zoning map to rezone portions of the Prince's Bay section of Staten Island, Community District 3 within the Special South Richmond Development District, from R3X to R1-1 and R1-2 and from R3-2 to R3X. The proposed rezoning consists of an approximately 20-block area generally bounded by Amboy Road to the north; Bayview Avenue to the east; Hylan Boulevard and Johnston Avenue to the south; and Richard Avenue to the west.

The proposed rezoning would prohibit the development of attached and semi-detached housing within the affected area, and is intended to ensure that the density and character of new development is similar to that of the area's existing, predominantly detached housing type. The present R3-2 zoning district permits residences of all kinds, including multi-family attached buildings. The proposed R1-1, R1-2 and R3X zoning districts would only permit the development of one- and two-family detached houses, and the proposed R1-2 district would further restrict development to larger lots. The rezoning area is bordered to the north, east, and west by R3X zoning districts and to the south by an R1-1 district.

Statement of No Significant Effect:

The Environmental Assessment and Review Division of the Department of City Planning, on behalf of the City Planning Commission, has completed its technical review of the Environmental Assessment Statement dated April 7, 2005 prepared in connection with the ULURP Application (No. 050186 ZMR). The City Planning Commission has determined that
the proposed action will have no significant effect on the quality of the environment.

Supporting Statement:

The above determination is based on an environmental assessment which finds that no significant effects on the environment which would require an Environmental Impact Statement are foreseeable.

This Negative Declaration has been prepared in accordance with Article 8 of the Environmental Conservation Law 6NYCRR part 617.

READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in Crosby v. National Foreign Trade Council, 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists--free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

WATER BOARD

■ PUBLIC HEARINGS

PUBLIC NOTICE IS HEREBY GIVEN THAT in accordance with Section 1045-j (3) of the Public Authorities Law, public hearings will be held on May 2, 3 and 4, 2005, concerning proposed rates and charges to be effective July 1, 2005, for the use of, or services furnished, rendered or made available by the Water and Wastewater System of the City of New York (the "System") and concerning changes to certain billing policies and miscellaneous fees and charges to be incorporated into the New York City Water Board's Rate Schedule effective July 1, 2005. The hearings will be held as follows:

Borough	Place	Date/Time
Queens	Department of Environmental Protection Lecture Room, 6th Floor 59-17 Junction Boulevard Flushing, NY 11373	Monday May 2, 2005 1:00 PM
Staten Island	College of Staten Island Center for the Arts, Recital Hall 2800 Victory Boulevard Staten Island, NY 10314	Monday May 2, 2005 6:00 PM
Brooklyn	Brooklyn College Student Center-Alumni Lounge, Rm. 409 (opposite Whitehead Hall) East 27th Street and Campus Road Brooklyn, NY 11210	Tuesday May 3, 2005 7:00 PM
Bronx	Herbert H. Lehman College Carman Hall, Rm. B-39 250 Bedford Park Boulevard West Bronx, NY 10468	Wednesday May 4, 2005 9:30 AM
Manhattan	St. John's University - Manhattan Room 118, 101 Murray Street New York, NY 10007	Wednesday May 4, 2005 5:00 PM

I. It is anticipated that there will be a change from currently effective water rates and wastewater charges for services provided during the fiscal year commencing July 1, 2005.

(1) Metered and unmetered water rates will increase by 3%.
(2) Wastewater charges will remain at 159% of water charges.
(3) The regulated rate for water provided to municipalities and water districts outside of the City which does not exceed the allowance quantities set forth in Section 24-360 of the Administrative Code of the City of New York will increase by not more than 9.3% to $646.09 per million gallons, and the rate charged for water provided to municipalities and water districts outside of the City which exceeds the allowance quantities of water set forth in Section 24-360 of the Administrative Code of the City of New York will be equal to the in-City metered rate, currently anticipated to be $2,205.88 per million gallons.

II. It is also anticipated that changes to certain billing policies and miscellaneous fees and charges will be considered.

(1) Comprehensive Water Reuse Program – The Board proposes to extend this program to include graywater as well as blackwater systems.
(2) Renovation Bill Cap Program – The Board will consider discontinuing this program in its entirety or in the alternative respecifying program requirements to reincorporate omissions from the current version of the Rate Schedule, including but not limited to the age of eligible renovations, the duration of the program and the replacement of fixtures.
(3) Title Meter Readings, Flat-rate Reconciliations and Special Meter Readings – The Board will eliminate fees for title meter readings and flat-rate account reconciliations conducted in connection with property ownership transfers, and will increase the fee for a Special Meter Reading, requested by an owner and unconnected with a property transfer, from $55 to $115.
(4) Laundry Rate – The Board will establish an additional laundry fixture rate for clothes washing machines located within an individual apartment unit of $26.47 per fixture.
(5) Multiple Family Conservation Program (MCP) - The deadline for filing an application for the MCP, currently set forth as December 31, 2005, will be extended by one year to December 31, 2006. Other billing programs due to expire June 30, 2006 also will be extended by one year.
(6) Transition Program for Residential Premises with Six or More Dwelling Units – This program shall be modified to exclude new construction from program eligibility. All new construction should be billed on the basis of metered consumption or on the MCP rate.
(7) Cap on Metered Charges – Eligibility for this program will be limited to properties entirely equipped with low-flow toilets.
(8) Forgiveness Program for Extraordinary Leaks and Disasters – The minimum annualized threshold value used to determine program eligibility will be increased from $300 to $381.04 to account for previously adopted rate increases.
(9) Billing Program Requests - Part VI Section 1.D will be modified by requiring that all Billing Program requests must be in writing and requests will no longer be accepted over the phone or by visiting a borough office.
(10) Existing Board and Department of Environmental Protection ("DEP") policies and procedures will be reiterated in the Rate Schedule to provide a more complete source of information to the Board's customers including the following:
   a. Exemptions – the existing statutory authorization of and DEP's administrative policies and procedures for implementing exemptions will be incorporated by reference into the Board's Rate Schedule.
   b. Forgiveness Program for Extraordinary Leaks and Disasters – a failure of a maintainable plumbing fixture such as a toilet or faucet is not an extraordinary leak or disaster and will not be eligible for the program.
   c. Part VII Section 3 – Billing based on a representative average daily flow may be calculated based on a representative period occurring prior to or after failure of

the meter as reasonably determined by DEP.

d. Part VII Section 4 – Estimated bills, if not paid when due, are subject to late payment charges.

e. Election of Meter Based Billing
   i. Election must be made on a DEP Election of Meter Based Billing Form
   ii. If a meter is not registering, meter billing will be prospective only from the date a working meter is installed and approved by DEP.

All members of the public who wish to obtain copies of the Board's Information Booklet describing the rate proposal, and changes to billing policies and miscellaneous fees and charges, or who wish to testify at the hearing should contact Kevin Kunkle, New York City Water Board, 59-17 Junction Boulevard, 8th Floor, Flushing, NY 11373, Telephone (718) 595-3601 not later than April 28, 2005. Oral testimony will be limited to five (5) minutes duration. A copy of any prepared or written statement may be submitted to the Water Board at the above address at least two days prior to the meeting.

Services (Other Than Human Services)

CONSTRUCTION MANAGEMENT – Competitive Sealed Proposals – Judgment required in evaluating proposals - PIN# 071-05S-002-829 – DUE 05-24-05 AT 5:00 P.M. – The New York City Department of Homeless Services ("DHS") is issuing a Request for Proposals seeking up to two appropriately qualified vendors to provide on-call Construction Management services for Capital and Expense renovation projects at Adult and Family residential shelter sites citywide. These services may include plans for general construction, plumbing, mechanical, electrical, HVAC and elevator systems, structural work and site work. DHS maintains approximately 200 homeless shelter sites citywide. To ensure that all applicable regulatory codes are met, DHS must undertake various construction and renovation projects at these locations. The size of the structures vary significantly from armories to residential brownstones. Additional shelter sites may be added during the term of this contract.

It is anticipated that the term of the contract(s) awarded from this RFP will be for three (3) years, subject to the availability of funds . The contract(s) may additionally include a one year option to renew, likewise subject to the availability of funds. The agency reserves the right prior to contract award to determine the length of the contract term and each option to renew, if any.

It is anticipated that the maximum available funding for Capital funded projects is $2,500,000 and for Expense funded projects $1,000,000.

The Request for Proposals will be available for pick-up beginning Friday, April 8, 2005 at the Department of Homeless Services, 33 Beaver Street, 13th Floor Bid Desk, New York, NY. 10004.

The pre-proposal conference will be held on Tuesday, April 26, 2005 at 1:30 P.M. at the Department of Homeless Services, 33 Beaver Street, 17th Floor Training Room, New York, NY 10004.

Any questions regarding this solicitation should be directed to Calvin Pitter, Deputy Agency Chief Contracting Officer, DHS, 33 Beaver Street, Room 1312, New York, N.Y. 10004 at (212) 361-8413 or e-mail at cpitter@dhs.nyc.gov

DEVELOP TRANSITIONAL RESIDENCE FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – Competitive Sealed Proposals – Judgment required in evaluating proposals - PIN# 071-00S-003-262 – DUE 01-03-06 AT 5:00 P.M. – The Department of Homeless Services is soliciting proposals from organizations interested in developing and operating transitional residences for homeless adults and families including the Neighborhood Based Cluster Residence and drop-in centers for adults. This is an open-ended solicitation; there is no due date for submission. Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-forth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the transitional residence contracts will range from 3 to 20 years including renewal options and depending on the financial terms and conditions.

Pursuant to Section 312 (c) (1) (ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgment is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03 (c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences in order to address the need to create additional shelter capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated as a for-profit entity; 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed Standalone facility location(s); and 3) must demonstrate an intent to enter into lease agreements with the owner(s) or management designee(s) for each property.

Any organization that believes it can provide these services may contact: John Iaffaldano, Associate Staff Analyst, Office of Contracts and Procurement at the Department of Homeless Services at (212) 361-8435, 33 Beaver Street, 13th Floor, NY, NY 10004, to request a copy of the RFP application, which is available for pick-up Monday through Friday on business days between the hours of 9:00 a.m. to 5:00 p.m.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/ blueprints; other information; and for opening and reading of bids at date and time specified above.

BOROUGH OF MANHATTAN, COMMUNITY BOARD 12

PROJECT: Washington Heights and Inwood District-wide Land Use and Neighborhood Planning Study
CLIENT: Community Board 12 – Manhattan ("CB-12M"), Martin Collins, Chair
PRIMARY CONTACTS: Land Use Committee
OBJECTIVE: The objective of this Request for Qualifications ("RFQ") is to identify one or more urban planning consultants who will work with CB-12M to undertake the planning study as generally outlined below.

A land use and planning assessment of Washington Heights and Inwood which includes a current demographic profile, highlights trends (local, citywide, etc.), places CB-12M's planning activities in the context of other planning activities in Upper Manhattan and citywide, identifies issues and opportunities, summarizes district assets, strengths and weaknesses and provides recommendations for addressing the initial planning goals and objectives listed below.

Updating zoning to implement contextual zoning where appropriate, reconcile zoning and land use, and encourage desired development patterns.
Identify buildings and areas of special interest for historic or neighborhood preservation or other form of protection and/or recognition.
Identify and/or explore the creation of sites to accommodate the development of housing, educational, cultural and recreational facilities, etc.
Safeguard against over-development to preserve and enhance neighborhood character and quality of life.
Encourage the development of new affordable housing for renters and homeowners and the preservation of existing affordable housing stock.
Identify trends and best practices associated with community planning which can assist CB-12M in fulfilling its mission

RFQ ISSUE DATE: April 5, 2005 RFQ DUE DATE: April 29, 2005
OTHER REQUIREMENTS:
The scope of the study will also include public information / education workshops, stakeholder surveys and interviews, progress meetings with the Executive Committee of the CB-12M or other Committee as designated by the Chair, a draft report and a final report. CB 12 M may request that the study be executed in phases or that particular areas of interest receive immediate attention in advance of the completion of the district-wide demographic assessment.

SUBMISSION REQUIRMENTS:

1. All respondents to this RFQ must provide information satisfactory to CB 12M to document their prior experience with successfully completing planning studies of similar size and scope specifically within the past 10 years. The documentation submitted must demonstrate the respondent's professional qualifications, experience and expertise in the areas of urban and city planning, include summary information on completed planning studies and a minimum of three client references. READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council**, 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists--free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

PROCUREMENT POLICY BOARD RULES

The Rules may also be accessed on the City Website, http://NYC.GOV.Selltonyc

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.
