# HOMELESS SERVICES

OFFICE OF CONTRACTS AND PROCUREMENT

■ SOLICITATIONS

*Human/Client Service*

**DEVELOP TRANSITIONAL RESIDENCE FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS** – Competitive Sealed Proposals – Judgment required in evaluating proposals - PIN# 071-00S-003-262 – DUE 01-03-06 AT 5:00 P.M. – The Department of Homeless Services is soliciting proposals from organizations interested in developing and operating transitional residences for homeless adults and families including the Neighborhood Based Cluster Residence and drop-in centers for adults. This is an open-ended solicitation; there is no due date for submission. Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-forth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the transitional residence contracts will range from 3 to 20 years including renewal options and depending on the financial terms and conditions.

Pursuant to Section 312 (c) (1) (ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgment is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03 (c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences in order to address the need to create additional shelter capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated as a for-profit entity; 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed Standalone facility location(s); and 3) must demonstrate an intent to enter into lease agreements with the owner(s) or management designee(s) for each property.

Any organization that believes it can provide these services may contact: John Iaffaldano, Associate Staff Analyst, Office of Contracts and Procurement at the Department of Homeless Services at (212) 361-8435, 33 Beaver Street, 13th Floor, NY, NY 10004, to request a copy of the RFP application, which is available for pick-up Monday through Friday on business days between the hours of 9:00 a.m. to 5:00 p.m.

*Use the following address* unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/ blueprints; other information; and for opening and reading of bids at date and time specified above.

*Human/Client Service*

**NON-SECURE DETENTION GROUP HOME SERVICES** – Negotiated Acquisition – Judgment required in evaluating proposals - PIN# 13005DJJ001 – DUE 09-01-06 AT 3:00 P.M. – The Department of Juvenile Justice (DJJ) is seeking expressions of interest from qualified vendors to provide non-secure detention group home services. Since DJJ must respond to a court order, there is a time-sensitive situation in which DJJ must retain a supplier quickly, at one time or from time to time, permitting this procurement to be processed as a negotiated acquisition. Facilities should provide at least 10 and no more than 12 beds in accordance with the applicable regulations promulgated by the New York State Office of Children and Family Services (NYSOCFS), 9 N.Y.C.R.R. Section 180 et seq., and be operational at any time from December 1, 2004 to August 31, 2006. The term of the contracts awarded from this solicitation will be for three years and will include an additional three-year option to renew.

Vendors interested in providing these services should contact Harry T. Bavaro at the Department of Juvenile Justice, 365 Broadway, 5th Floor, New York, NY 10013 for a copy of the solicitation document if they have not already received a copy. If a vendor is interested in being considered for award of a contract described above, please hand deliver a written expression of interest addressed to Harry T. Bavaro at the Department of Juvenile Justice, 365 Broadway, 5th Floor, New York, NY 10013 pursuant to the terms of the solicitation document.

## THE CITY OF NEW YORK

■ NOTICE

***SYNOPSIS OF DETERMINATION AND FINDINGS BY THE CITY OF NEW YORK PURSUANT TO EDPL SECTION 204 WITH RESPECT TO CERTAIN PROPERTY TO BE ACQUIRED IN CONNECTION WITH THE NO. 7 SUBWAY EXTENSION - HUDSON YARDS REZONING AND DEVELOPMENT PROGRAM***

Project Objectives and Proposed Acquisitions

The No. 7 Subway Extension - Hudson Yards Rezoning and Redevelopment Program (the "Project") is a collaborative effort involving the City of New York (the "City"), the Metropolitan Transportation Authority ("MTA") and numerous other City and State agencies for the transit-oriented redevelopment of over 300 acres on the Far West Side of Midtown Manhattan. The area involved generally extends from West 24th to West 43rd Streets and from Seventh Avenue to the Hudson River Park. The purpose of the Project is to transform the area into a modern, pedestrian-friendly, mixed-use extension of Midtown Manhattan, complete with improved public transit access, enhanced public facilities, and new parkland. This comprehensive plan has been designed to accommodate the projected commercial, residential and retail development over the next several decades.

The Project consists of several elements. The first is the extension of the No. 7 subway line from its current terminus at Times Square to a new terminus at West 34th Street and Eleventh Avenue. The Project also includes the creation of a mid-block park and boulevard system running between Tenth and Eleventh Avenues, from 33rd to 39th Streets. There will also be a subsurface public parking garage under a portion of the mid-block park and boulevard system running between Tenth and Eleventh Avenues from 34th to 36th Streets. A third component of the Project is the acquisition of the block between Eleventh and Twelfth Avenues and 29th and 30th Streets in order to create an active recreation park, together with space for the potential relocation of certain municipal facilities.

Property Description

Attached hereto as Exhibit A is a list of all of the parcels proposed to be acquired by the City, including the type of interest in each parcel to be acquired (fee interest in the entirety of the parcel, fee interest in a portion of the parcel, permanent easement interest, or temporary easement interest). In the event of any conflict between the Block and Lot shown on Exhibit A and the address shown on Exhibit A, the Block and Lot shall control. It is presently anticipated that the City will acquire the property interests described in Exhibit A in phases, with most property interests being acquired in Phase 1, and the property interests required for the northern portion of the mid-block park and boulevard, described below, to be acquired in Phase 2.

With respect to the parcels where the City seeks an easement interest (all such easements being in connection with the No. 7 Subway Line Extension), attached hereto as Exhibit B is a chart showing the upper and lower limiting planes of each such easement interest, as well as the horizontal distance (measured from the property line at Eleventh Avenue or 41st Street, as the case may be) that the easement encroaches onto the property. The upper limiting plane and the lower limiting plane depths are approximate. The temporary easements may be needed for a period of up to seven years.

On Thursday, June 16, 2005, a duly noticed joint public hearing by the City and MTA was held, in accordance with the provisions of Article 2 of the New York State Eminent Domain Procedure Law ("EDPL"). The record of the hearing was left open until July 8, 2005, at 5:00 P.M. All testimony and written comments received at the hearing or by July 8, 2005, and all materials made available at the hearing, have been reviewed, made a part of the record, and afforded full consideration.

Findings and Determination

Pursuant to EDPL § 204 and having given due consideration to the complete hearing record, the City makes the following findings and determination concerning the above-described acquisitions and the Project:

The Public Use, Benefit, and Purpose To Be Served By The Project [EDPL § 204(B)(1)].

1. No. 7 Subway Line Extension. The acquisition of the property interests for rapid transit subway purposes is integral to, and necessary for, the implementation of the Hudson Yards redevelopment. Specifically, because transportation and urban development patterns are historically linked and interdependent, by allowing for the extension of the No. 7 subway into an area that is currently underserved by public transportation, these acquisitions will spur the development of much-needed, new residential and commercial development in a transit-friendly environment. This redevelopment will both furnish the source of funds to build the No. 7 extension and generate fiscal surpluses of tens of billions of dollars. In addition, as a result of the project, it is anticipated that approximately 13,500 new residential units (of which nearly 4,000 will be affordable), and 24 million square feet of new commercial office space will be created in the area, together with over 200,000 temporary and 225,000 permanent jobs, as a result of the construction and on-going economic activity. The No. 7 subway extension and other substantial infrastructure investments by the City will make higher density development feasible, unlocking the potential of an underutilized portion of Manhattan.

2. Mid-Block Park and Boulevard System and Underground Public Parking Garage. The mid-block park and boulevard system will contain a series of parks and two one-way streets. The proposed acquisitions will also permit the construction of a new subterranean public parking facility located beneath a portion of the mid-block park and boulevard system running in the mid-block from 34th to 36th Streets.

The mid-block park and boulevard system will bring light and air to an area that is zoned for high-density development reflective of Manhattan's central business districts. In addition, the boulevard and park system will also provide a visual and recreational corridor, while also improving vehicular and pedestrian circulation. The construction of the underground public parking facility, meanwhile, will help the area meet the parking needs of new residential and commercial development. In this way, the mid-block park and boulevard system and the public parking facility will serve as vital components of the Project, providing critical infrastructure that would ultimately facilitate the contemplated development that is at the heart of the Project.

3. Active Recreation Park and Municipal Facilities. The full-block located between 29th and 30th Streets and Eleventh and Twelfth Avenues is currently envisioned to contain a new active recreation park, and possibly certain relocated municipal facilities which could be placed beneath the new active recreation park.

These uses will serve as a link between the Hudson Yards area and the Hudson River Park, as well as provide state-of-the-art facilities for vital municipal functions. The construction of recreation space will enhance the livability of the area for current and future residents while the underlying structure would provide space for necessary municipal services.

Location of Real Property and Reasons for Selection of that Location [EDPL § 204(B)(2)].

The locations of the properties to be acquired are described above and in the exhibits attached hereto. The fee and easement acquisitions necessitated by the proposed route of the No. 7 subway extension were the product of a rigorous alternatives analysis that was performed in conjunction with the extensive environmental review for the Project under the State Environmental Quality Review Act ("SEQRA") and the City Environmental Quality Review.

The mid-block park and boulevard and underground garage sites were selected in order to provide improved vehicular and pedestrian circulation, address parking demand and create new parks and public open space in an area sorely lacking in each.

The full-block active recreation park and relocated municipal facilities site was selected not only because it can serve as a bridge between the neighborhood (which lacks active recreation space) and the Hudson River Park but also because its topography is such that it can also accommodate subsurface construction.

General Effect of Real Property Acquisitions on the Environment [EDPL § 204(B)(3)].

The general effects of the property acquisitions described herein and the Project as a whole upon the environment are beneficial in that they would result in an area of Manhattan that is presently underutilized being transformed into an area characterized by open space, open vistas, high-density commercial office, retail and residential development and economic growth for the next several decades – all within close proximity to public transportation.

Environmental impacts of the Project were analyzed in exhaustive detail in the final generic environmental impact statement ("FGEIS"). The FGEIS discloses a number of significant adverse impacts during construction and after construction, most of which could be mitigated either fully or in part through the mitigation measures described in the FGEIS. SEQRA findings were issued by the MTA on November 18, 2004 and by the City on November 22, 2004. The decisionmakers considered the relevant environmental impacts, facts and conclusions disclosed in the FGEIS and weighed and balanced relevant environmental impacts with social, economic and other considerations. It was determined that the Project will avoid or minimize adverse environmental impacts to the maximum extent practicable and that adverse environmental impacts will be avoided or minimized to the maximum extent practicable by incorporating the mitigation measures described in the FGEIS.

General Effect of the Proposed Acquisitions on the Residents of the Locality [EDPL § 204(B)(3)].

It is anticipated that the proposed acquisitions will require the relocation of the occupants of approximately 50 residential units, as well as approximately 93 businesses. At the June 16, 2005 hearing, the City explained that, where relocation would be necessary, it would undertake extensive efforts to assist impacted occupants, and would even consider mitigation measures beyond what would be required by law. To this end, the City has been in contact with area businesses and residents in an effort to ascertain the issues that might be created by condemnation so as to determine, if condemnation occurs, how best to address these issues. Moreover, the Project would be enormously beneficial to the large number of area residents and businesses that would not be required to relocate as a result of condemnation by affording them a greater availability of housing (including extensive affordable housing), temporary and permanent employment opportunities, new open space, civic facilities and expanded mass transit.

Other Relevant Factors [EDPL § 204(B)(4)].

At the public hearing, oral and written comments were received from the public and written comments were accepted until the close of business on July 8, 2005. A number of comments were received that supported the Hudson Yards Project and the proposed acquisitions. A number of objections were also received.

All comments have been given due consideration by the City of New York, acting by and through its Department of Citywide Administrative Services.

**DETERMINATION**

Based on due consideration of the record and the foregoing findings, it is determined that the City of New York should

exercise its power of condemnation to acquire the above-described property in order to promote and permit the purposes of the Project to be achieved.

## METROPOLITAN TRANSPORTATION AUTHORITY

**NOTICE**

### DETERMINATION AND FINDINGS PURSUANT TO ARTICLE 2 OF THE NEW YORK EMINENT DOMAIN PROCEDURE LAW

**PROJECT: NO. 7 SUBWAY EXTENSION - HUDSON YARDS REZONING AND DEVELOPMENT PROGRAM**

In accordance with Section 204 of the New York Eminent Domain Procedure Law ("EDPL"), the Board of the Metropolitan Transportation Authority ("MTA") hereby approves the acquisition of certain subsurface easements described below by eminent domain, if necessary, and adopts the following statutory findings:

**1. Project Description and Objectives.** The No. 7 Subway Extension—Hudson Yards Rezoning and Development Program (the "Project") is a collaborative effort involving the City of New York ("the City"), the Metropolitan Transportation Authority ("MTA") and various other City and State agencies to formulate a comprehensive transit-oriented plan for redeveloping the Far West Side of Midtown Manhattan. The Project area generally extends from West 24th to West 43rd Streets and from Seventh Avenue to the Hudson River Park - an underutilized area that is now primarily characterized by parking lots, auto repair shops, highway entrance ramps and an open rail yard, MTA's John D. Caemmerer West Side Yard, located between Tenth and Twelfth Avenues from West 30th to West 33rd Streets, which is used to store Long Island Rail Road's commuter rail cars and related equipment. The Project's programmatic objective is to transform the Far West Side into a transit-oriented, pedestrian-friendly, mixed-use extension of Midtown Manhattan, having new civic facilities, open spaces and parkland including a new broad, tree lined boulevard and park system between Tenth and Eleventh Avenues and 33rd and 42nd Streets. It has been designed to accommodate projected future growth in commercial, residential and retail development over the next several decades, allowing the City and State to maintain their respective positions in an increasingly competitive global marketplace.

One of the Project's key components is the proposed extension of the No. 7 Subway Line from its current terminus near Times Square. The No. 7 Subway Extension would extend westward under West 41st Street, then turn southward under Eleventh Avenue and continue underground to West 24th Street. The proposed extension would have two new stations: a Terminal Station on Eleventh Avenue at approximately West 34th Street, and eventually, a Tenth Avenue Intermediate Station at approximately West 41st Street and Tenth Avenue. The extension also has been designed to include two lay-up tracks located south of the Terminal Station, with the most southerly end of the lay-up tracks ending in the vicinity of West 24th Street. In addition to tracks and stations, the extension would require ancillary facilities, such as electrical substations, ventilation facilities, mechanical equipment rooms, and maintenance rooms.

Extension of the No. 7 Subway line offers the best opportunity to meet the Project's transportation objectives and satisfy the Project's transportation needs. In particular, the No. 7 Subway:

- Has the potential, in combination with other transportation services, to provide the capacity needed to support the anticipated new demand from residents, visitors, and office workers.
- Is the closest east-west subway to the Hudson Yards area.
- Could be extended from its current West 41st Street terminus without interfering with other subway lines.
- Already connects to major transportation hubs in Manhattan (Grand Central Terminal, Times Square, and the Port Authority Bus Terminal).
- Provides connections to all of Midtown Manhattan's major north-south subway lines.
- Would offer direct service between the Hudson Yards area and Queens.

The five subsurface easements (four permanent and one temporary) that MTA herein approves for acquisition are required for construction of the portions of the No. 7 Subway Extension.

**2. EDPL Public Hearing.** In accordance with Article 2 of the New York State Eminent Domain Procedure Law ("EDPL"), the City and MTA jointly conducted a public hearing on June 16, 2005 to describe and to invite public comment on the public uses, benefits, and purposes to be served by the proposed acquisitions for the Project; the property interests to be acquired; the reasons for acquiring property at the proposed locations; and the general effect of the proposed acquisitions on the environment and residents of the locality. Notices of this public hearing were duly published as required under the EDPL. Property owners and other interested parties also were given advance notice of the hearing by mail. As stated at the hearing, the record of the hearing remained open until July 8, 2005 at 5:00 P.M. for purposes of receiving any additional written comments with respect to the proposed acquisitions. At the hearing site, copies of the detailed surveys of the property interests to be acquired by the City and MTA for the No. 7 Subway Extension were posted and reduced copies of those surveys were made available to the public. At the hearing, the City and MTA also made available to the public copies of a previously distributed booklet outlining the proposed property acquisitions and tenant/occupant relocations and the previously issued Executive Summary of the Final Generic Environmental Impact Statement for the Project. Representatives of the MTA and the City were present at the June 16, 2005 public hearing and have been given the transcript of that hearing and the written comments subsequently submitted. All oral and written comments received during the public hearing, and in the written submission period following the hearing, have been reviewed, made part of the record, and given due consideration.

**3. Location of Property Required for the Project.** The following five (5) subsurface easements in real property located in the Borough of Manhattan, New York County, are approved for acquisition by MTA:

| Block | Lot | Property Address | Subsurface Interest | Upper Limiting Plane* | Lower Limiting Plane* |
|---|---|---|---|---|---|
| 1013 | 6 | 640 8th Avenue | Temporary Easement | approx. 130' | approx. 85' |
| 1050 | 1 | 538 10th Avenue | Permanent Easement | approx. 80' | approx. 35' |
| 1050 | 6 | 455 West 40th Street | Permanent Easement | approx. 80' | approx. 35' |
| 1050 | 61 | 554 10th Avenue | Permanent Easement | approx. 80' | approx. 35' |
| 1050 | 158 | 454 West 41st Street | Permanent Easement | approx. 80' | approx. 35' |

*Project Elevation 0.0000 feet refers to New York City Transit Authority Datum, which is 97.347 feet below the U.S. Coast and Geodetic Survey mean sea level at Sandy Hook, New Jersey, established in 1929

If an address shown above conflicts with a Block/Lot number, the Block/Lot number will control. The temporary easement in Block 1013, Lot 6 will be approximately 24.75 feet wide, run the length of the Lot in an easterly-westerly direction, and be located approximately 15 feet to 60 feet below street level. This temporary easement is required to install rock bolts for temporary support of the subway tunnel during construction and may be needed for a period of up to seven years from the date of its acquisition. The four adjacent, permanent easements in Block 1050 will be approximately 5 feet wide, run in an easterly-westerly direction along the northerly property line of each affected Lot, and be located approximately 43 feet to 88 feet below street level. These permanent easements are required to accommodate the encroachment of a structural key for the Tenth Avenue Station box.

MTA reserves the right to acquire a lesser interest in any of the properties described above, or to refrain from acquiring any of the above property interests, as dictated by the needs of the Project.

**4. The Public Use, Benefit, and Purpose to Be Served by MTA's Acquisition of Easements to Support the Project [EDPL § 204(B)(1)].** MTA's acquisition of property interests to construct the No. 7 Subway Extension is integral to and necessary for implementing the Project. Because transportation and urban development patterns are historically linked and interdependent, the No. 7 Subway Extension will facilitate the transit-oriented development of higher residential and commercial densities and new civic facilities, public open space and parkland in the Hudson Yards area. This type of transit-oriented development represents a sustainable plan in that it both will reduce urban sprawl and allow travel at lower per capita levels of energy consumption and vehicular emissions production.

The No. 7 Subway Extension will help integrate the Far West

Side into the rest of Midtown and the metropolitan area. The redevelopment contemplated by the Project and the revenues that it will generate are important for the City's fiscal well-being and, among other things, will fund construction of the No. 7 Subway Extension. In addition, the City anticipates that there will be approximately 13,500 new residential units created in the area (of which nearly 4,000 will be affordable) and that about 218,000 temporary and approximately 234,000 permanent jobs will be generated as a result of the Project's construction and on-going economic activity. As noted above, the No. 7 Subway Extension and other substantial infrastructure investments by the City are crucial to supporting the higher density development needed to realize these benefits.

The subway extension also will make some 300 acres of the Far West Side more accessible and will unlock the potential of an underutilized portion of Manhattan that is now replete with parking lots, auto repair shops, roadway entrance ramps and similar uses. Moreover, new civic facilities, open space and parkland will be created to enhance an area that currently is lacking in such amenities for City residents and visitors. The Project, therefore, will produce significant and long-lasting economic, aesthetic and social benefits to the City and State, and construction of the No. 7 Subway Extension is a necessary part of the Project plan.

**5. Location of Real Property Interests and Reasons for Selection of those Locations [EDPL § 204(B)(2)].** The proposed alignment for the No. 7 Subway Extension was the product of a rigorous alternatives analysis that was performed in conjunction with the extensive environmental review for the Project under the State Environmental Quality Review Act ("SEQRA") and the City Environmental Quality Review ("CEQR"). The location of the five subsurface easements that MTA will acquire for subway construction was driven by the need to construct and stabilize the subway tunnels and related facilities within and adjacent to the proposed subway alignment. The depth of the subway alignment was dictated by factors of clearance, environmental impact minimization, and quality of rock. The five subsurface easements that MTA will acquire are not anticipated to either materially restrict or adversely impact the current surface uses of the parcels in which they are located. Temporary easements for the No. 7 Subway Extension generally are needed for such uses as site preparation, staging, tunnel excavation, and support for subway tunnels and related subway equipment and facilities. Permanent easements are necessary for the long term maintenance, stability and functioning of the subway extension. It is contemplated that MTA will acquire the five subsurface easements that are described herein in conjunction and in coordination with the City's acquisition of easements and other property acquisitions for the No. 7 Subway Extension.

**6. General Effect of Real Property Acquisition on the Environment and Residents of the Locality [EDPL § 204(B)(3)].** The Project's environmental impacts are discussed in detail in a Final Generic Environmental Impact Statement ("FGEIS") that was adopted in November 2004 by the City of New York City Planning Commission and MTA, as co-lead agencies. The FGEIS has been made available to the public at various locations, including internet access at http://nyc.gov/html/dcp/html/hyards/eis.html. In addition, the Project has been the subject of more than 150 outreach meetings and numerous public hearings.

As fully discussed in the FGEIS, various impacts may occur during construction of the No. 7 Subway Extension, including increased construction-related noise and vibration, traffic congestion at several intersections, and possible periodic disruptions to businesses and subway service. MTA and its affiliate, the New York City Transit Authority ("NYCT"), will implement, through a Construction Environmental Protection Program ("CEEP"), mitigation measures to reduce, where practicable, construction related impacts. With respect to air quality, and with mitigation measures in place such as use of ultra-low sulfur diesel fuel and engine retrofit technology in certain construction equipment, construction of the Project is not expected to generate air pollutants in concentrations that exceed the Environmental Protection Agency's National Ambient Air Quality Standards. Furthermore, MTA and NYCT, in cooperation with the City, will incorporate into design, construction, and operation of the No. 7 Subway Extension all mitigation measures identified in the FGEIS as well as any additional measures identified during final design. These measures will reduce Project-related impacts to the fullest extent practicable. The City also has committed to provide relocation assistance to any residents and businesses displaced by property acquisitions needed for the No. 7 Subway Extension and by other property acquisitions for the Project that are undertaken by the City. No such relocations are anticipated for the five subsurface easements that MTA is authorized herein to acquire for the No. 7 Subway Extension.

Operation of the No. 7 Subway Extension is not expected to result in any significant adverse impacts in the Project Area, because subway operations would occur deep below ground or in specially designated enclosures with no significant impacts to the surrounding neighborhoods.

On the basis of a technical memo that was prepared by MTA's engineering consultants, the five subsurface easements to be acquired by MTA are not themselves anticipated to generate any significant adverse construction or operational impacts on existing surface uses, because the easements and related activities will be located in rock at a sufficiently safe depth below existing surface uses and the lowest levels of existing buildings on or adjacent to these sites.

Long term, the Project's impact on the residents in the area will be beneficial with the greater availability of housing, employment opportunities, new civic facilities and open space amenities, and expansion of mass transit to the Far West Side. Once constructed, the general effects of the No. 7 Subway Extension on the environment will be beneficial in that a presently underutilized area of Manhattan will be transferred into an area capable of supporting open space, high density commercial, retail and housing development and growth for the next several decades – all with ready access to mass transit.

Copies of this Determination and Findings by the Metropolitan Transportation Authority are available and will be forwarded without cost and, upon request, by writing to:

■ PUBLIC HEARINGS

## NOTICE OF PUBLIC HEARING ON THE DRAFT DESIGN REPORT/DRAFT ENVIRONMENTAL IMPACT STATEMENT

### WILLIS AVENUE BRIDGE RECONSTRUCTION PROJECT
### PROJECT IDENTIFICATION NO. X757.00
### CEQR NO. 06DOT003X

The Federal Highway Administration (FHWA), in cooperation with the New York State Department of Transportation (NYSDOT) and the New York City Department of Transportation (NYCDOT), has prepared a Draft Design Report/Draft Environmental Impact Statement (Draft DR/DEIS) for the proposed reconstruction of the 100-year-old Willis Avenue Bridge over the Harlem River between Manhattan (New York County) and the Bronx (Bronx County), New York. In the Bronx, the Willis Avenue Bridge also traverses over the Harlem River Yard. The project involves the complete replacement of the bridge with a new swing span and flanking girder spans on each side, on a new alignment immediately south of the existing bridge. New approaches and ramps would transition back to the existing connections with the street and arterial highway networks. The purpose of the proposed project is to improve lane width and geometry of the bridge and its approach ramps, improve safety, increase load carrying capacity, improve bicycle and pedestrian facilities, and to address all structural and seismic deficiencies. Funding for the project is being sought from the FHWA, in conjunction with NYSDOT. The FHWA is the Federal Lead Agency sponsoring the Willis Avenue Bridge reconstruction, which will be undertaken by NYCDOT.

The Draft DR/DEIS assesses the project's effect on the quality of the human environment in accordance with the provisions of Section 102(2) (c) of the National Environmental Policy Act of 1969 P.L. 91-190 (NEPA); the State Environmental Quality Review Act, Article 8 of the State Environmental Conservation Law (SEQRA); and the City Environmental Quality Review (CEQR), Mayoral Executive Order 91 of 1977 as amended. The Draft DR/DEIS identifies significant adverse impacts related to cultural resources, noise and natural resources.

Public hearings on the Draft DR/DEIS will be held from 5:30 P.M. to 8:30 P.M. on Monday, October 17, 2005 at the East Harlem Council for Community Improvement Multi-Service Center Auditorium, 413 East 120th Street, New York, NY, and on Tuesday, October 18, 2005 at the Lincoln Medical and Mental Health Center Auditorium, 234 East 149th Street, Bronx, NY, to accept verbal and written comments. Written comments will be accepted through October 28, 2005, and should be forwarded to:

Douglas Currey, P.E., Regional Director, NYSDOT, Region 11, Hunters Point Plaza, 47-40 21st Street, Long Island City, NY 11101, or

Robert Arnold, P.E., Division Administrator, FHWA, Leo W. O'Brien Federal Building, Rm 719, Clinton Avenue and North Pearl Street, Albany, New York 12207, or

Balram Chandiramani, P.E., Director, Movable Bridges Group, NYCDOT, 2 Rector Street, 5th Floor, New York, NY 10006, or

Naim Rasheed, Director, Division of Traffic Planning, NYCDOT, 40 Worth Street, Room 928, New York, NY 10013.

Copies of the Draft DR/DEIS are available for review and copying during business hours at the offices listed above, and at the following additional locations:

New York Public Library, Melrose Branch, 910 Morris Avenue, Bronx, NY 10451

New York Public Library, 125th Street Branch, 224 E.125th Street, New York, NY 10035

# READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

**NOTICE TO ALL NEW YORK CITY CONTRACTORS**

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in Crosby v. National Foreign Trade Council, 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

**CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES**

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

**VENDOR ENROLLMENT APPLICATION**

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists–free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

**Attention Existing Suppliers:**
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

**SELLING TO GOVERNMENT TRAINING WORKSHOP**

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

**PRE-QUALIFIED LIST**

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

**NON-MAYORAL ENTITIES**

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

**PUBLIC ACCESS CENTER**

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

**ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES**

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

**PROMPT PAYMENT**

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

**HOW TO READ CR PROCUREMENT NOTICES**

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

4. providing that notices of claim must be served and filed within one calendar year from the vesting date.

The City of New York, in this proceeding, intends to acquire title in fee simple absolute to certain real property where not heretofore acquired for the same purpose, for the **FDNY ENGINE COMPANY 201 ADDITION** in the Borough of Brooklyn, City and State of New York.

The description of the real property to be acquired is as follows:

all that certain plot, piece or parcel of land, with the buildings and improvements thereon erected, situated, lying and being in the Borough of Brooklyn, County of Kings, City and State of New York, known as Tax block 799, lot 3.

The property shall be acquired subject to encroachments, if any, of the structures, improvements and appurtenances standing or maintained partly upon the above described parcels and partly upon the lands and premises adjoining the same, so long as such encroachments shall stand.

Surveys, maps or plans of the property to be acquired are on file in the office of the Corporation Counsel of the City of New York, 100 Church Street, New York, New York 10007.

**PLEASE TAKE FURTHER NOTICE THAT,** pursuant to EDPL Section 402(B)(4), any party seeking to oppose the acquisition must interpose a verified answer, which must contain specific denial of each material allegation of the petition controverted by the opponent, or any statement of new matter deemed by the opponent to be a defense to the proceeding.

Pursuant to CPLR 403, said answer must be served upon the office of the Corporation Counsel at least seven (7) days before the date that the petition is noticed to be heard.

Dated: September 20, 2005, New York, New York

## HOMELESS SERVICES

**OFFICE OF CONTRACTS AND PROCUREMENT**

■ SOLICITATIONS

*Human / Client Service*

**DEVELOP TRANSITIONAL RESIDENCE FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS** – Competitive Sealed Proposals – Judgment required in evaluating proposals - PIN# 071-00S-003-262 – DUE 01-03-06 AT 5:00 P.M. – The Department of Homeless Services is soliciting proposals from organizations interested in developing and operating transitional residences for homeless adults and families including the Neighborhood Based Cluster Residence and drop-in centers for adults. This is an open-ended solicitation; there is no due date for submission. Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-forth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the transitional residence contracts will range from 3 to 20 years including renewal options and depending on the financial terms and conditions.

Pursuant to Section 312 (c) (1) (ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgment is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03 (c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences in order to address the need to create additional shelter capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated as a for-profit entity; 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed Standalone facility location(s); and 3) must demonstrate an intent to enter into lease agreements with the owner(s) or management designee(s) for each property.

Any organization that believes it can provide these services may contact: John Iaffaldano, Associate Staff Analyst, Office of Contracts and Procurement at the Department of Homeless Services at (212) 361-8435, 33 Beaver Street, 13th Floor, NY, NY 10004, to request a copy of the RFP application, which is available for pick-up Monday through Friday on business days between the hours of 9:00 a.m. to 5:00 p.m.

## THE CITY OF NEW YORK

■ NOTICE

***SYNOPSIS OF DETERMINATION AND FINDINGS BY THE CITY OF NEW YORK PURSUANT TO EDPL SECTION 204 WITH RESPECT TO CERTAIN PROPERTY TO BE ACQUIRED IN CONNECTION WITH THE NO. 7 SUBWAY EXTENSION - HUDSON YARDS REZONING AND DEVELOPMENT PROGRAM***

Project Objectives and Proposed Acquisitions

The No. 7 Subway Extension - Hudson Yards Rezoning and Redevelopment Program (the "Project") is a collaborative effort involving the City of New York (the "City"), the Metropolitan Transportation Authority ("MTA") and numerous other City and State agencies for the transit-oriented redevelopment of over 300 acres on the Far West Side of Midtown Manhattan. The area involved generally extends from West 24th to West 43rd Streets and from Seventh Avenue to the Hudson River Park. The purpose of the Project is to transform the area into a modern, pedestrian-friendly, mixed-use extension of Midtown Manhattan, complete with improved public transit access, enhanced public facilities, and new parkland. This comprehensive plan has been designed to accommodate the projected commercial, residential and retail development over the next several decades.

The Project consists of several elements. The first is the extension of the No. 7 subway line from its current terminus at Times Square to a new terminus at West 34th Street and Eleventh Avenue. The Project also includes the creation of a mid-block park and boulevard system running between Tenth and Eleventh Avenues, from 33rd to 39th Streets. There will also be a subsurface public parking garage under a portion of the mid-block park and boulevard system running between Tenth and Eleventh Avenues from 34th to 36th Streets. A third component of the Project is the acquisition of the block between Eleventh and Twelfth Avenues and 29th and 30th Streets in order to create an active recreation park, together with space for the potential relocation of certain municipal facilities.

Property Description

Attached hereto as Exhibit A is a list of all of the parcels proposed to be acquired by the City, including the type of interest in each parcel to be acquired (fee interest in the entirety of the parcel, fee interest in a portion of the parcel, permanent easement interest, or temporary easement interest). In the event of any conflict between the Block and Lot shown on Exhibit A and the address shown on Exhibit A, the Block and Lot shall control. It is presently anticipated that the City will acquire the property interests described in Exhibit A in phases, with most property interests being acquired in Phase 1, and the property interests required for the northern portion of the mid-block park and boulevard, described below, to be acquired in Phase 2.

With respect to the parcels where the City seeks an easement interest (all such easements being in connection with the No. 7 Subway Line Extension), attached hereto as Exhibit B is a chart showing the upper and lower limiting planes of each such easement interest, as well as the horizontal distance (measured from the property line at Eleventh Avenue or 41st Street, as the case may be) that the easement encroaches onto the property. The upper limiting plane and the lower limiting plane depths are approximate. The temporary easements may be needed for a period of up to seven years.

On Thursday, June 16, 2005, a duly noticed joint public hearing by the City and MTA was held, in accordance with the provisions of Article 2 of the New York State Eminent Domain Procedure Law ("EDPL"). The record of the hearing was left open until July 8, 2005, at 5:00 P.M. All testimony and written comments received at the hearing or by July 8, 2005, and all materials made available at the hearing, have been reviewed, made a part of the record, and afforded full consideration.

Findings and Determination

Pursuant to EDPL § 204 and having given due consideration to the complete hearing record, the City makes the following findings and determination concerning the above-described acquisitions and the Project:

The Public Use, Benefit, and Purpose To Be Served By The Project [EDPL § 204(B)(1)].

1. No. 7 Subway Line Extension. The acquisition of the property interests for rapid transit subway purposes is integral to, and necessary for, the implementation of the Hudson Yards redevelopment. Specifically, because transportation and urban development patterns are historically linked and interdependent, by allowing for the extension of the No. 7 subway into an area that is currently underserved by public transportation, these acquisitions will spur the development of much-needed, new residential and commercial development in a transit-friendly environment. This redevelopment will both furnish the source of funds to build the No. 7 extension and generate fiscal surpluses of tens of billions of dollars. In addition, as a result of the project, it is anticipated that approximately 13,500 new residential units (of which nearly 4,000 will be affordable), and 24 million square feet of new commercial office space will be created in the area, together with over 200,000 temporary and 225,000 permanent jobs, as a result of the construction and on-going economic activity. The No. 7 subway extension and other substantial infrastructure investments by the City will make higher density development feasible, unlocking the potential of an underutilized portion of Manhattan.

2. Mid-Block Park and Boulevard System and Underground Public Parking Garage. The mid-block park and boulevard system will contain a series of parks and two one-way streets. The proposed acquisitions will also permit the construction of a new subterranean public parking facility located beneath a portion of the mid-block park and boulevard system running in the mid-block from 34th to 36th Streets.

The mid-block park and boulevard system will bring light and air to an area that is zoned for high-density development reflective of Manhattan's central business districts. In addition, the boulevard and park system will also provide a visual and recreational corridor, while also improving vehicular and pedestrian circulation. The construction of the underground public parking facility, meanwhile, will help the area meet the parking needs of new residential and commercial development. In this way, the mid-block park and boulevard system and the public parking facility will serve as vital components of the Project, providing critical infrastructure that would ultimately facilitate the contemplated development that is at the heart of the Project.

3. Active Recreation Park and Municipal Facilities. The full-block located between 29th and 30th Streets and Eleventh and Twelfth Avenues is currently envisioned to contain a new active recreation park, and possibly certain relocated municipal facilities which could be placed beneath the new active recreation park.

These uses will serve as a link between the Hudson Yards area and the Hudson River Park, as well as provide state-of-the-art facilities for vital municipal functions. The construction of recreation space will enhance the livability of the area for current and future residents while the underlying structure would provide space for necessary municipal services.

Location of Real Property and Reasons for Selection of that Location [EDPL § 204(B)(2)].

The locations of the properties to be acquired are described above and in the exhibits attached hereto. The fee and easement acquisitions necessitated by the proposed route of the No. 7 subway extension were the product of a rigorous alternatives analysis that was performed in conjunction with the extensive environmental review for the Project under the State Environmental Quality Review Act ("SEQRA") and the City Environmental Quality Review.

The mid-block park and boulevard and underground garage sites were selected in order to provide improved vehicular and pedestrian circulation, address parking demand and create new parks and public open space in an area sorely lacking in each.

The full-block active recreation park and relocated municipal facilities site was selected not only because it can serve as a bridge between the neighborhood (which lacks active recreation space) and the Hudson River Park but also because its topography is such that it can also accommodate subsurface construction.

General Effect of Real Property Acquisitions on the Environment [EDPL § 204(B)(3)].

The general effects of the property acquisitions described herein and the Project as a whole upon the environment are beneficial in that they would result in an area of Manhattan that is presently underutilized being transformed into an area characterized by open space, open vistas, high-density commercial office, retail and residential development and economic growth for the next several decades – all within close proximity to public transportation.

Environmental impacts of the Project were analyzed in exhaustive detail in the final generic environmental impact statement ("FGEIS"). The FGEIS discloses a number of significant adverse impacts during construction and after construction, most of which could be mitigated either fully or in part through the mitigation measures described in the FGEIS. SEQRA findings were issued by the MTA on November 18, 2004 and by the City on November 22, 2004. The decisionmakers considered the relevant environmental impacts, facts and conclusions disclosed in the FGEIS and weighed and balanced relevant environmental impacts with social, economic and other considerations. It was determined that the Project will avoid or minimize adverse environmental impacts to the maximum extent practicable and that adverse environmental impacts will be avoided or minimized to the maximum extent practicable by incorporating the mitigation measures described in the FGEIS.

General Effect of the Proposed Acquisitions on the Residents of the Locality [EDPL § 204(B)(3)].

It is anticipated that the proposed acquisitions will require the relocation of the occupants of approximately 50 residential units, as well as approximately 93 businesses. At the June 16, 2005 hearing, the City explained that, where relocation would be necessary, it would undertake extensive efforts to assist impacted occupants, and would even consider mitigation measures beyond what would be required by law. To this end, the City has been in contact with area businesses and residents in an effort to ascertain the issues that might be created by condemnation so as to determine, if condemnation occurs, how best to address these issues. Moreover, the Project would be enormously beneficial to the large number of area residents and businesses that would not be required to relocate as a result of condemnation by affording them a greater availability of housing (including extensive affordable housing), temporary and permanent employment opportunities, new open space, civic facilities and expanded mass transit.

Other Relevant Factors [EDPL § 204(B)(4)].

At the public hearing, oral and written comments were received from the public and written comments were accepted until the close of business on July 8, 2005. A number of comments were received that supported the Hudson Yards Project and the proposed acquisitions. A number of objections were also received.

All comments have been given due consideration by the City of New York, acting by and through its Department of Citywide Administrative Services.

**DETERMINATION**

Based on due consideration of the record and the foregoing findings, it is determined that the City of New York should exercise its power of condemnation to acquire the above-described property in order to promote and permit the purposes of the Project to be achieved.

## METROPOLITAN TRANSPORTATION AUTHORITY

■ NOTICE

### DETERMINATION AND FINDINGS PURSUANT TO ARTICLE 2 OF THE NEW YORK EMINENT DOMAIN PROCEDURE LAW

PROJECT: NO. 7 SUBWAY EXTENSION - HUDSON YARDS REZONING AND DEVELOPMENT PROGRAM

In accordance with Section 204 of the New York Eminent Domain Procedure Law ("EDPL"), the Board of the Metropolitan Transportation Authority ("MTA") hereby approves the acquisition of certain subsurface easements described below by eminent domain, if necessary, and adopts the following statutory findings:

**1. Project Description and Objectives.** The No. 7 Subway Extension—Hudson Yards Rezoning and Development Program (the "Project") is a collaborative effort involving the City of New York ("the City"), the Metropolitan Transportation Authority ("MTA") and various other City and State agencies to formulate a comprehensive transit-oriented plan for redeveloping the Far West Side of Midtown Manhattan. The Project area generally extends from West 24th to West 43rd Streets and from Seventh Avenue to the Hudson River Park - an underutilized area that is now primarily characterized by parking lots, auto repair shops, highway entrance ramps and an open rail yard, MTA's John D. Caemmerer West Side Yard, located between Tenth and Twelfth Avenues from West 30th to West 33rd Streets, which is used to store Long Island Rail Road's commuter rail cars and related equipment. The Project's programmatic objective is to transform the Far West Side into a transit-oriented, pedestrian-friendly, mixed-use extension of Midtown Manhattan, having new civic facilities, open spaces and parkland including a new broad, tree lined boulevard and park system between Tenth and Eleventh Avenues and 33rd and 42nd Streets. It has been designed to accommodate projected future growth in commercial, residential and retail development over the next several decades, allowing the City and State to maintain their respective positions in an increasingly competitive global marketplace.

One of the Project's key components is the proposed extension of the No. 7 Subway Line from its current terminus near Times Square. The No. 7 Subway Extension would extend westward under West 41st Street, then turn southward under Eleventh Avenue and continue underground to West 24th Street. The proposed extension would have two new stations: a Terminal Station on Eleventh Avenue at approximately West 34th Street, and eventually, a Tenth Avenue Intermediate Station at approximately West 41st Street and Tenth Avenue. The extension also has been designed to include two lay-up tracks located south of the Terminal Station, with the most southerly end of the lay-up tracks ending in the vicinity of West 24th Street. In addition to tracks and stations, the extension would require ancillary facilities, such as electrical substations, ventilation facilities, mechanical equipment rooms, and maintenance rooms.

Extension of the No. 7 Subway line offers the best opportunity to meet the Project's transportation objectives and satisfy the Project's transportation needs. In particular, the No. 7 Subway:

- Has the potential, in combination with other transportation services, to provide the capacity needed to support the anticipated new demand from residents, visitors, and office workers.
- Is the closest east-west subway to the Hudson Yards area.
- Could be extended from its current West 41st Street terminus without interfering with other subway lines.
- Already connects to major transportation hubs in Manhattan (Grand Central Terminal, Times Square, and the Port Authority Bus Terminal).
- Provides connections to all of Midtown Manhattan's major north-south subway lines.
- Would offer direct service between the Hudson Yards area and Queens.

The five subsurface easements (four permanent and one temporary) that MTA herein approves for acquisition are required for construction of the portions of the No. 7 Subway Extension.

**2. EDPL Public Hearing.** In accordance with Article 2 of the New York State Eminent Domain Procedure Law ("EDPL"), the City and MTA jointly conducted a public hearing on June 16, 2005 to describe and to invite public comment on the public uses, benefits, and purposes to be served by the proposed acquisitions for the Project; the property interests to be acquired; the reasons for acquiring property at the proposed locations; and the general effect of the proposed acquisitions on the environment and residents of the locality. Notices of this public hearing were duly published as required under the EDPL. Property owners and other interested parties also were given advance notice of the hearing by mail. As stated at the hearing, the record of the hearing remained open until July 8, 2005 at 5:00 P.M. for purposes of receiving any additional written comments with respect to the proposed acquisitions. At the hearing site, copies of the detailed surveys of the property interests to be acquired by the City and MTA for the No. 7 Subway Extension were posted and reduced copies of those surveys were made available to the public. At the hearing, the City and MTA also made available to the public copies of a previously distributed booklet outlining the proposed property acquisitions and tenant/occupant relocations and the previously issued Executive Summary of the Final Generic Environmental Impact Statement for the Project. Representatives of the MTA and the City were present at the June 16, 2005 public hearing and have been given the transcript of that hearing and the written comments subsequently submitted. All oral and written comments received during the public hearing, and in the written submission period following the hearing, have been reviewed, made part of the record, and given due consideration.

**3. Location of Property Required for the Project.** The following five (5) subsurface easements in real property located in the Borough of Manhattan, New York County, are approved for acquisition by MTA:

| Block | Lot | Property Address | Subsurface Interest | Upper Limiting Plane* | Lower Limiting Plane* |
|---|---|---|---|---|---|
| 1013 | 6 | 640 8th Avenue | Temporary Easement | approx. 130' | approx. 85' |
| 1050 | 1 | 538 10th Avenue | Permanent Easement | approx. 80' | approx. 35' |
| 1050 | 6 | 455 West 40th Street | Permanent Easement | approx. 80' | approx. 35' |
| 1050 | 61 | 554 10th Avenue | Permanent Easement | approx. 80' | approx. 35' |
| 1050 | 158 | 454 West 41st Street | Permanent Easement | approx. 80' | approx. 35' |

*Project Elevation 0.0000 feet refers to New York City Transit Authority Datum, which is 97.347 feet below the U.S. Coast and Geodetic Survey mean sea level at Sandy Hook, New Jersey, established in 1929

If an address shown above conflicts with a Block/Lot number, the Block/Lot number will control. The temporary easement in Block 1013, Lot 6 will be approximately 24.75 feet wide, run the length of the Lot in an easterly-westerly direction, and be located approximately 15 feet to 60 feet below street level. This temporary easement is required to install rock bolts for temporary support of the subway tunnel during construction and may be needed for a period of up to seven years from the date of its acquisition. The four adjacent, permanent easements in Block 1050 will be approximately 5 feet wide, run in an easterly-westerly direction along the northerly property line of each affected Lot, and be located approximately 43 feet to 88 feet below street level. These permanent easements are required to accommodate the encroachment of a structural key for the Tenth Avenue Station box.
MTA reserves the right to acquire a lesser interest in any of the properties described above, or to refrain from acquiring any of the above property interests, as dictated by the needs of the Project.

**4. The Public Use, Benefit, and Purpose to Be Served by MTA's Acquisition of Easements to Support the Project [EDPL § 204(B)(1)].** MTA's acquisition of property interests to construct the No. 7 Subway Extension is integral to and necessary for implementing the Project. Because transportation and urban development patterns are historically linked and interdependent, the No. 7 Subway Extension will facilitate the transit-oriented development of higher residential and commercial densities and new civic facilities, public open space and parkland in the Hudson Yards area. This type of transit-oriented development represents a sustainable plan in that it both will reduce urban sprawl and allow travel at lower per capita levels of energy consumption and vehicular emissions production.

The No. 7 Subway Extension will help integrate the Far West Side into the rest of Midtown and the metropolitan area. The redevelopment contemplated by the Project and the revenues that it will generate are important for the City's fiscal well-being and, among other things, will fund construction of the No. 7 Subway Extension. In addition, the City anticipates

that there will be approximately 13,500 new residential units created in the area (of which nearly 4,000 will be affordable) and that about 218,000 temporary and approximately 234,000 permanent jobs will be generated as a result of the Project's construction and on-going economic activity. As noted above, the No. 7 Subway Extension and other substantial infrastructure investments by the City are crucial to supporting the higher density development needed to realize these benefits.

The subway extension also will make some 300 acres of the Far West Side more accessible and will unlock the potential of an underutilized portion of Manhattan that is now replete with parking lots, auto repair shops, roadway entrance ramps and similar uses. Moreover, new civic facilities, open space and parkland will be created to enhance an area that currently is lacking in such amenities for City residents and visitors. The Project, therefore, will produce significant and long-lasting economic, aesthetic and social benefits to the City and State, and construction of the No. 7 Subway Extension is a necessary part of the Project plan.

**5. Location of Real Property Interests and Reasons for Selection of those Locations [EDPL § 204(B)(2)].** The proposed alignment for the No. 7 Subway Extension was the product of a rigorous alternatives analysis that was performed in conjunction with the extensive environmental review for the Project under the State Environmental Quality Review Act ("SEQRA") and the City Environmental Quality Review ("CEQR"). The location of the five subsurface easements that MTA will acquire for subway construction was driven by the need to construct and stabilize the subway tunnels and related facilities within and adjacent to the proposed subway alignment. The depth of the subway alignment was dictated by factors of clearance, environmental impact minimization, and quality of rock. The five subsurface easements that MTA will acquire are not anticipated to either materially restrict or adversely impact the current surface uses of the parcels in which they are located. Temporary easements for the No. 7 Subway Extension generally are needed for such uses as site preparation, staging, tunnel excavation, and support for subway tunnels and related subway equipment and facilities. Permanent easements are necessary for the long term maintenance, stability and functioning of the subway extension. It is contemplated that MTA will acquire the five subsurface easements that are described herein in conjunction and in coordination with the City's acquisition of easements and other property acquisitions for the No. 7 Subway Extension.

**6. General Effect of Real Property Acquisition on the Environment and Residents of the Locality [EDPL § 204(B)(3)].** The Project's environmental impacts are discussed in detail in a Final Generic Environmental Impact Statement ("FGEIS") that was adopted in November 2004 by the City of New York City Planning Commission and MTA, as co-lead agencies. The FGEIS has been made available to the public at various locations, including internet access at http://nyc.gov/html/dcp/html/hyards/eis.html. In addition, the Project has been the subject of more than 150 outreach meetings and numerous public hearings.

As fully discussed in the FGEIS, various impacts may occur during construction of the No. 7 Subway Extension, including increased construction-related noise and vibration, traffic congestion at several intersections, and possible periodic disruptions to businesses and subway service. MTA and its affiliate, the New York City Transit Authority ("NYCT"), will implement, through a Construction Environmental Protection Program ("CEEP"), mitigation measures to reduce, where practicable, construction related impacts. With respect to air quality, and with mitigation measures in place such as use of ultra-low sulfur diesel fuel and engine retrofit technology in certain construction equipment, construction of the Project is not expected to generate air pollutants in concentrations that exceed the Environmental Protection Agency's National Ambient Air Quality Standards. Furthermore, MTA and NYCT, in cooperation with the City, will incorporate into design, construction, and operation of the No. 7 Subway Extension all mitigation measures identified in the FGEIS as well as any additional measures identified during final design. These measures will reduce Project-related impacts to the fullest extent practicable. The City also has committed to provide relocation assistance to any residents and businesses displaced by property acquisitions needed for the No. 7 Subway Extension and by other property acquisitions for the Project that are undertaken by the City. No such relocations are anticipated for the five subsurface easements that MTA is authorized herein to acquire for the No. 7 Subway Extension.

Operation of the No. 7 Subway Extension is not expected to result in any significant adverse impacts in the Project Area, because subway operations would occur deep below ground or in specially designated enclosures with no significant impacts to the surrounding neighborhoods.

On the basis of a technical memo that was prepared by MTA's engineering consultants, the five subsurface easements to be acquired by MTA are not themselves anticipated to generate any significant adverse construction or operational impacts on existing surface uses, because the easements and related activities will be located in rock at a sufficiently safe depth below existing surface uses and the lowest levels of existing buildings on or adjacent to these sites.

Long term, the Project's impact on the residents in the area will be beneficial with the greater availability of housing, employment opportunities, new civic facilities and open space amenities, and expansion of mass transit to the Far West Side. Once constructed, the general effects of the No. 7 Subway Extension on the environment will be beneficial in that a presently underutilized area of Manhattan will be transferred into an area capable of supporting open space, high density commercial, retail and housing development and growth for the next several decades – all with ready access to mass transit.

## NOTICE OF PUBLIC HEARING ON THE DRAFT DESIGN REPORT/DRAFT ENVIRONMENTAL IMPACT STATEMENT

## WILLIS AVENUE BRIDGE RECONSTRUCTION PROJECT
## PROJECT IDENTIFICATION NO. X757.00
## CEQR NO. 06DOT003X

The Federal Highway Administration (FHWA), in cooperation with the New York State Department of Transportation (NYSDOT) and the New York City Department of Transportation (NYCDOT), has prepared a Draft Design Report/Draft Environmental Impact Statement (Draft DR/DEIS) for the proposed reconstruction of the 100-year-old Willis Avenue Bridge over the Harlem River between Manhattan (New York County) and the Bronx (Bronx County), New York. In the Bronx, the Willis Avenue Bridge also traverses over the Harlem River Yard. The project involves the complete replacement of the bridge with a new swing span and flanking girder spans on each side, on a new alignment immediately south of the existing bridge. New approaches and ramps would transition back to the existing connections with the street and arterial highway networks. The purpose of the proposed project is to improve lane width and geometry of the bridge and its approach ramps, improve safety, increase load carrying capacity, improve bicycle and pedestrian facilities, and to address all structural and seismic deficiencies. Funding for the project is being sought from the FHWA, in conjunction with NYSDOT. The FHWA is the Federal Lead Agency sponsoring the Willis Avenue Bridge reconstruction, which will be undertaken by NYCDOT.

The Draft DR/DEIS assesses the project's effect on the quality of the human environment in accordance with the provisions of Section 102(2) (c) of the National Environmental Policy Act of 1969 P.L. 91-190 (NEPA); the State Environmental Quality Review Act, Article 8 of the State Environmental Conservation Law (SEQRA); and the City Environmental Quality Review (CEQR), Mayoral Executive Order 91 of 1977 as amended. The Draft DR/DEIS identifies significant adverse impacts related to cultural resources, noise and natural resources.

# READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

**NOTICE TO ALL NEW YORK CITY CONTRACTORS**

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in Crosby v. National Foreign Trade Council, 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

**CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES**

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

**VENDOR ENROLLMENT APPLICATION**

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists--free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

**Attention Existing Suppliers:**
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

**SELLING TO GOVERNMENT TRAINING WORKSHOP**

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

**PRE-QUALIFIED LIST**

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

**NON-MAYORAL ENTITIES**

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

**PUBLIC ACCESS CENTER**

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

**ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES**

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

**PROMPT PAYMENT**

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

**PROCUREMENT POLICY BOARD RULES**

The Rules may also be accessed on the City Website, http://NYC.GOV.Selltonyc

**HOW TO READ CR PROCUREMENT NOTICES**

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

**Minimum Lot Area**
**and Lot Width for Residences**

~~For the purposes of this Chapter, all #residences# permitted by the underlying district regulations shall comply with the minimum #lot area# and #lot width# requirements which shall vary with the building height as set forth in Table A.~~

For all #zoning lots# containing #residences#, the minimum #lot area# and #lot width# requirements set forth in Table A shall apply, which shall vary by building height. Where two or more #buildings# that are #single# or #two-family detached# or #semi-detached residences# are located on a #zoning lot#, the applicable minimum #lot area# requirement shall be multiplied by the number of such #buildings# on the #zoning lot#.

The #lot width# requirements set forth in this Section shall be applied as set forth in the definition of #lot width# in Section 12-10, provided that the applicable lot width, in feet, set forth in the table above shall be met along at least one #street line# of the #zoning lot#, or, for #corner lots#, along each intersecting #street line#. No #residence#, or portion thereof, shall be permitted between opposing #side lot lines# where such #lot lines# would be nearer to one another at any point where such #residence# is located than the applicable minimum lot width, in feet, set forth in the table above.

However, one #single-family detached residence# or, where permitted, one #single# or #two-family residence#, may be built upon a #zoning lot# consisting entirely of a tract of land, that:

(a) has less than the minimum ~~of~~ #lot area# or ~~#lot width# prescribed in Table A~~ lot width required pursuant to this Section; and

(b) was owned separately and individually from all other adjoining tracts of land, ~~both on September 11, 1975 and on the date of application for a building permit,~~ both on (effective date of amendment) and on the date of application for a building permit.

In all cases, the density regulations of the applicable district shall remain in effect, except that the factor for determining the maximum number of #dwelling units# shall be 1,000 in R3A and R4A Districts, 1,140 in R3X Districts, and 685 for #semi-detached residences# in R3-1 and R3-2 Districts.

## HOMELESS SERVICES

**OFFICE OF CONTRACTS AND PROCUREMENT**

■ SOLICITATIONS

*Human / Client Service*

**DEVELOP TRANSITIONAL RESIDENCE FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS** – Competitive Sealed Proposals – Judgment required in evaluating proposals - PIN# 071-00S-003-262 – DUE 01-03-06 AT 5:00 P.M. – The Department of Homeless Services is soliciting proposals from organizations interested in developing and operating transitional residences for homeless adults and families including the Neighborhood Based Cluster Residence and drop-in centers for adults. This is an open-ended solicitation; there is no due date for submission. Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-forth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the transitional residence contracts will range from 3 to 20 years including renewal options and depending on the financial terms and conditions.

Pursuant to Section 312 (c) (1) (ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgment is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03 (c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences in order to address the need to create additional shelter capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated as a for-profit entity; 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed Standalone facility location(s); and 3) must demonstrate an intent to enter into lease agreements with the owner(s) or management designee(s) for each property.

Any organization that believes it can provide these services may contact: John Iaffaldano, Associate Staff Analyst, Office of Contracts and Procurement at the Department of Homeless Services at (212) 361-8435, 33 Beaver Street, 13th Floor, NY, NY 10004, to request a copy of the RFP application, which is available for pick-up Monday through Friday on business days between the hours of 9:00 a.m. to 5:00 p.m.

*Use the following address* unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/ blueprints; other information; and for opening and reading of bids at date and time specified above.

*Human / Client Service*

**NON-SECURE DETENTION GROUP HOME SERVICES** – Negotiated Acquisition – Judgment required in evaluating proposals - PIN# 13005DJJ001 – DUE 09-01-06 AT 3:00 P.M. – The Department of Juvenile Justice (DJJ) is seeking expressions of interest from qualified vendors to provide non-secure detention group home services. Since DJJ must respond to a court order, there is a time-sensitive situation in which DJJ must retain a supplier quickly, at one time or from time to time, permitting this procurement to be processed as a negotiated acquisition. Facilities should provide at least 10 and no more than 12 beds in accordance with the applicable regulations promulgated by the New York State Office of Children and Family Services (NYSOCFS), 9 N.Y.C.R.R. Section 180 et seq., and be operational at any time from December 1, 2004 to August 31, 2006. The term of the contracts awarded from this solicitation will be for three years and will include an additional three-year option to renew.

Vendors interested in providing these services should contact Harry T. Bavaro at the Department of Juvenile Justice, 365 Broadway, 5th Floor, New York, NY 10013 for a copy of the solicitation document if they have not already received a copy. If a vendor is interested in being considered for award of a contract described above, please hand deliver a written expression of interest addressed to Harry T. Bavaro at the Department of Juvenile Justice, 365 Broadway, 5th Floor, New York, NY 10013 pursuant to the terms of the solicitation document.

# AGENCY RULES

## BUSINESS INTEGRITY COMMISSION

■ **NOTICE**

Notice of Adoption of Rule Establishing the Boundaries of a Seafood Distribution Area, Including the New Fulton Fish Market at Hunts Point and Related Areas, and for the Orderly and Lawful Conduct of Business in Such Area.

NOTICE IS HEREBY GIVEN PURSUANT TO section 1043 of the New York City Charter that the Business Integrity Commission, exercising its authority pursuant to sections 1043(a) and 2101(b)(6) of the New York City Charter, promulgates and adopts as a permanent rule the emergency rule, effective July 13, 2005, establishing the boundaries of a seafood distribution area, including the New Fulton Fish Market at Hunts Point and related areas, and for the orderly and lawful conduct of business in such area. The rule was proposed and published in The City Record on July 22, 2005. The required public hearing was held on August 23, 2005.

Material to be added is underlined, and material to be deleted is in brackets.

**RULE**

Section 1. Subchapter C of Chapter 1 of Title 66 of the Rules of the City of New York is amended by adding a new section 1-58 to read as follows:

§1-58 The Seafood Distribution Area at Hunts Point.

a. The following area is declared to be a Seafood Distribution Area pursuant to §22-222 of the Administrative Code:

(1) the area in Hunts Point in the Borough of the Bronx, which includes the structure known as the New Fulton Fish Market at Hunts Point and all parking and other areas adjacent thereto, beginning at the intersection of the bulkhead line in the East River and the easterly street line of Halleck Street extended, thence northwesterly to the intersection of the easterly street line of Halleck Street extended and the southerly street line of Food Center Drive, thence easterly along the southerly street line of Food Center Drive to the intersection of the southerly street line of Food Center Drive and the southerly street line of Farragut Street, thence easterly along the southerly street line of Farragut Street continuing to its easterly terminus, thence easterly to the intersection of Farragut Street extended and the bulkhead line in the East River, thence westerly along said bulkhead line to the place of beginning, but excluding (i) the southern portion of the above-described area that is under the jurisdiction of the Department of Correction and includes a prison barge and adjacent parking lot and other facilities and areas controlled by the Department of Correction, and (ii) the eastern portion of the above-described area that is under the jurisdiction of the Department of Sanitation and includes a marine transfer station and other facilities and areas controlled by the Department of Sanitation; and

(2) the parking lot for use by persons employed at the New Fulton Fish Market at Hunts Point, including the pathway connecting such parking lot with Food Center Drive and the driveway connecting such parking lot with Halleck Street, that lies northwest of the area described in paragraph (1) of this subdivision, northeast of Halleck Street, southeast of the northerly street line of Viele Street extended, and southwest of the Hunts Point Meat Market.

The aerial photograph constituting Appendix A of this subchapter illustrates the Seafood Distribution Area at Hunts Point described above. Appendix A is for illustration purposes only, and the area indicated therein is not necessarily to scale. If there is a conflict between the description set forth in this subdivision and the area illustrated by such photograph, the description set forth in this subdivision shall prevail.

b. The following provisions relating to licenses, photo identification cards and stand permits shall apply with respect to the Seafood Distribution Area described in subdivision a of this section.

(1) Loading and unloading licenses issued for the Fulton Fish Market distribution area shall not be valid for use in the Seafood Distribution Area described in subdivision a of this section unless specifically so amended. If amended, such licenses shall be valid for the duration of their terms, unless suspended or revoked in accordance with §1-28 of this chapter, and may be renewed in accordance with §1-25(c) of this chapter.

(2) As of the date seafood distribution activities commence in the Seafood Distribution Area described in subdivision a of this section, photo identification cards issued for the Fulton Fish Market distribution area shall be valid for use in such area described in subdivision a, unless suspended or revoked in accordance with §1-23(d) or §1-23(g) of this chapter.

(3) Stand permits issued for the Fulton Fish Market distribution area shall not be valid for the Seafood Distribution Area described in subdivision a of this section.

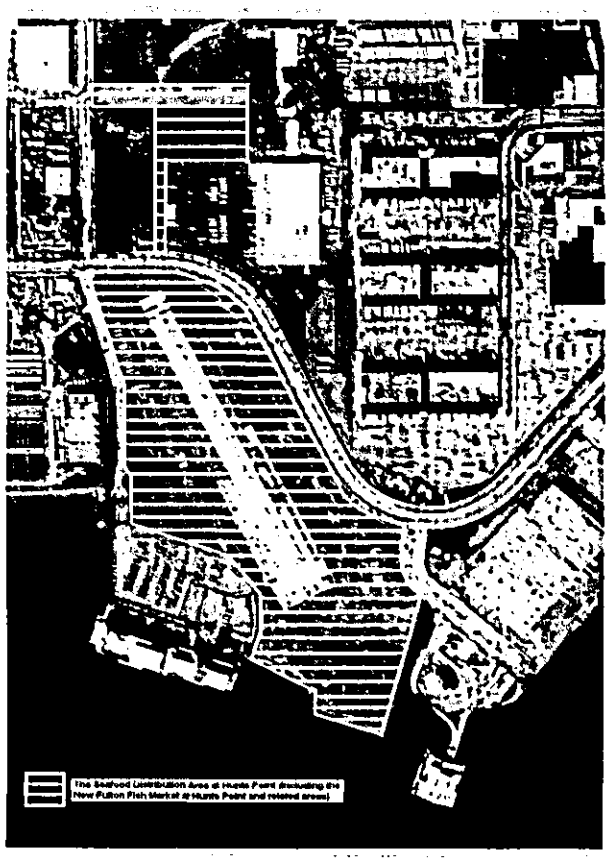
c. Loading and unloading licenses, photo identification cards, seafood delivery business registrations and stand permits issued for the Fulton Fish Market distribution area shall not be valid for use in such area as of the date seafood distribution activities commence in the Seafood Distribution Area described in subdivision a of this section.

d. Wholesale seafood business registrations shall be valid for the duration of their terms, unless revoked in accordance with §1-32 of this chapter, and may be renewed in accordance with §1-31 of this chapter.

e. Enforcement action may be taken against any

person or entity required to be registered with or licensed by the Business Integrity Commission or possess a class A or B photo identification card.

APPENDIX A



STATEMENT OF BASIS AND PURPOSE

This rule adopts on a permanent basis an emergency rule published on June 13, 2005 that establishes the City's full regulatory authority over the New Fulton Fish Market at Hunts Point and related areas by applying thereto the provisions of Local Law 50 for the year 1995, as amended, and Subchapters B and C of Chapter 1 of Title 66 of the Rules of the City of New York.

The rule also provides that previously issued loading and unloading licenses will not be valid for the new seafood distribution area at Hunts Point unless the Business Integrity Commission determines that such licenses should be valid for the new facilities and the licenses are amended accordingly. Wholesaler and seafood delivery business registrations and classes A and B photo identification cards issued during the period of operation of the old Fulton Fish Market will continue to be valid for the new market until they expire or are suspended or revoked. Any licenses and registrations that will be valid for the new market may be renewed in accordance with applicable law. Stand permits will no longer be valid in the New Fulton Fish Market.

Finally, the rule provides that enforcement action may be taken as of the effective date of the rule against anyone required to be registered with or licensed by the Business Integrity Commission or possess a class A or B photo identification card.

**Name, Description, and Location of Proposal:**

Sheepshead Bay Rezoning
The Department of City Planning proposes to rezone portions of eight (8) blocks in the south Brooklyn neighborhood of Sheepshead Bay/Plumb Beach in Community District 15. The rezoning area is generally bounded by East 27th Street on the east, Emmons Avenue on the south, Shore Parkway on the north and the mid-block east of Ford Street on the east. A portion of the rezoning area is located within the Special Sheepshead Bay District (SSBD).

Portions of five blocks north of Emmons Avenue between Nostrand Avenue and the mid-block east of Ford Street would be rezoned from R5 and R5/C2-2(SSBD) to R4-1. A portion of one block north of Emmons Avenue between East 28th Street and East 29th Street would be rezoned from R5 (SSBD) to R4B. A portion of two blocks north of Emmons Avenue between East 29th Street and Haring Street would be rezoned from R5 and R5(SSBD) to R4-1 and R4B. The proposed action will limit new development to housing types that correspond to the neighborhood's residential context and built form without precluding future development opportunities.

This zoning proposal responds to a request from the Sheepshead Bay Plumb Beach Civic Association and Community Board 15 for low density contextual zoning in the Sheepshead Bay/Plumb Beach community. An overwhelming majority of residences in the rezoning area are one-and two-family detached and semi-detached homes. However, the existing R5 zoning permits multi-family structures that could, over time, result in a substantial change in the neighborhood's character. The proposed R4-1 and R4B zoning would preserve the existing neighborhood context.

The proposed action is not expected to have a substantial effect on the amount of new construction in the foreseeable future. It would neither induce nor preclude new development, but rather it would ensure that new construction and development would occur in a manner that reflects the existing low-scale character of the area.

**Statement of No Significant Effect:**

The Environmental Assessment and Review Division of the Department of City Planning, on behalf of the City Planning Commission, has completed its technical review of the Environmental Assessment Statement, dated September, 23 2005 prepared in connection with the ULURP Applications (ULURP Nos. 06132ZMK and N060133ZRK). The City Planning Commission has determined that the proposed action will have no significant effect on the quality of the environment.

**Supporting Statement:**

The above determination is based on an environmental assessment which finds that no significant effects on the environment which would require an Environmental Impact Statement are foreseeable. This Negative Declaration has been prepared in accordance with Article 8 of the Environmental Conservation Law 6NYCRR part 617.

Should you have any questions pertaining to this Negative Declaration, you may contact Jessica Neilan, at (212) 720-3425.

■ NOTICE

PUBLIC NOTICE OF A SCOPING MEETING
DRAFT ENVIRONMENTAL IMPACT STATEMENT
(CEQR No. 06DCP032M)

Notice is hereby given that pursuant to Section 5-07 of the Rules of Procedure for Environmental Review (CEQR) and 6 NYCRR 617.8 (State Environmental Quality Review) the New York City Department of City Planning (DCP), acting on behalf of the City Planning Commission as CEQR lead agency, has determined that a draft environmental impact statement is to be prepared for the proposed Manhattanville in West Harlem Rezoning and Academic Mixed-Use Development (CEQR No. 06DCP032M).

Columbia University is proposing the Manhattanville in West Harlem Rezoning and Academic Mixed-Use Development project for an approximately 35-acre area (the "Project Area") in the Manhattanville section of West Harlem in Manhattan Community District 9. The Project Area is roughly bounded by the Hudson River to the west, West 133rd and West 135th Streets to the north, Broadway to the east, including several parcels located east of Broadway between West 131st and West 135th Streets, and West 125th Street and St. Claire Place to the south. The proposed action would amend the zoning map from M1-1, M1-2, M2-3, and M3-1 to M1-1, R8A, R8A with a C1-4 overlay, and C6-2 and establish a new Special Manhattanville Mixed- Use Zoning District in the Project Area.

The proposed action is intended to facilitate a proposal by Columbia to develop approximately 6.8 million gross square feet of new academic facilities and related uses over a 25-year period as part of an Academic Mixed-Use Development plan to meet its need for long-term growth and modernization. The Academic Mixed-Use Area is an approximately 17 acre area generally located between Broadway and Twelfth Avenue, from West 125th Street to West 133rd Street, including several parcels located east of Broadway between West 131st and West 134th Streets. The rezoning could also result in additional development on numerous sites within the Project Area that are not within the Academic Mixed-Use Area. In addition to the rezoning, implementation of the Academic Mixed-Use Development plan would require the adoption of a General Project Plan for the Academic Mixed-Use Area by the New York State Urban Development Corporation doing business as the ESDC.

Public comments are requested with respect to the issues to be addressed in the draft environmental impact statement.

**A public scoping meeting has been scheduled for Tuesday, November 15, 2005 from 4:00 P.M. to approximately 8:00 P.M., and will be held at I.S. 195, 625 West 133rd Street, between Broadway and Twelfth Avenue, New York, New York 10027.** Written comments will be accepted by the lead agency until November 28, 2005.

Copies of the Draft Scope of Work and the Environmental Assessment Statement may be obtained from the Environmental Assessment and Review Division, New York City Department of City Planning, 22 Reade Street, 4E, New York, New York 10007, Robert Dobruskin, Director (212) 720-3423; or from the Office of Environmental Coordination, 100 Gold Street, 2nd Floor, New York, New York 10038, Robert Kulikowski, Ph.D., Director (212) 788-2937.

To the Mayor, the Council, and the Department of Housing Preservation & Development.

This report is issued pursuant to Sections 3020 and 854 (h) of the New York City Charter and Section 25-318 of the Administrative Code of the City of New York, which require a report from the Landmarks Preservation Commission for certain plans for the construction, reconstruction, alteration, or demolition of any improvement or proposed improvement which is owned by the City or is to be constructed upon property owned by the City and is or is to be located on a landmark site or in a historic district or which contains an interior landmark.

The Landmarks Preservation Commission has reviewed a proposal for the removal and replacement of a fire door and the installation of a metal fire stair and landing, located within an interior courtyard, as shown in photographs and a drawing labeled 1 of 1, prepared by Shahid N. Malik, P.E.

The Commission has reviewed the application and these drawings and finds that the work will have no effect on the significant protected features of the building or the historic district. The work, therefore, is approved.

This report is issued on the basis of the building and site conditions described in the application and disclosed during the review process. By accepting this permit, the applicant agrees to notify the Commission if the actual building or site conditions vary or if original or historic building fabric is discovered. The Commission reserves the right to amend or revoke this permit, upon written notice to the applicant, in the event that the actual building or site conditions are materially different from those described in the application or disclosed during the review process.

All approved drawings are marked approved by the Commission with a perforated seal indicating the date of approval. The work is limited to what is contained in the perforated documents. Other work or amendments to this filing must be reviewed and approved separately. This report constitutes the permit; a copy must be prominently displayed at the site while work is in progress. ## MAYOR'S OFFICE OF ENVIRONMENTAL COORDINATION

■ NOTICE

### Project Description for a Revised Draft Scope of Work for an Environmental Impact Statement Downtown Jamaica Redevelopment Plan CEQR No. 05DCP081Q

### A. INTRODUCTION

This is the revised Draft Scope of Work to prepare an Environmental Impact Statement (EIS) for the proposed Downtown Jamaica Redevelopment Plan (the "proposed action"). A draft scope for the proposed action was issued on May 20, 2005 and a public scoping meeting for the proposed action was held on June 23, 2005 at the York College Atrium located at 94-30 Guy R. Brewer Boulevard in Jamaica, Queens. Subsequently, changes have been made to the proposed action in response resulting in an increase in the proposed floor area ratio on a number of sites and additional actions have been proposed to comments received at the scoping meeting and comment period. These changes include a clarification of the proposed zoning text, resulting in an increase in the floor area ratio on a number of blocks and a decrease in floor area ratio facilitate developments on a number of other blocks, and two actions that would allow for specific development on two sites including a commercial development in the entirety of Block 9999 and the disposition by the Economic Development Corporation (EDC) of interest in real property for Block 10209, Lot 115 for future commercial development. The Department of City Planning has therefore determined the need to rescope the proposed action. This rescoping meeting would provide the public opportunity to comment on the revised proposed action. A rescoping meeting is scheduled to be held on Thursday, November 3rd, 2005 at 4:00 PM at York College (in the York College Performing Arts Center) at 94-45 Guy R. Brewer Boulevard, Jamaica, Queens.

The proposed Downtown Jamaica Redevelopment Plan is located in Queens Community Districts 8 and 12 (see Figures 1A and 1B) and the communities of Jamaica, South Jamaica, Hollis, and St. Albans. The New York City Department of City Planning (DCP) has determined that an EIS for the proposed action will be prepared pursuant to New York City Environmental Quality Review (CEQR) with DCP as lead agency. The proposed action comprises zoning map amendments, a zoning text amendment to establish the Downtown Jamaica Special District (DJSD), an amendment to the City Map involving the elimination of a portion of a street and acquisition or disposition of real property related thereto, and Urban Renewal Area Designation. The actions would potentially facilitate the disposition to the Economic Development Corporation (EDC) of the City's interest in real property for Block 10209, Lot 115, and other existing City-owned property or property that will become City-owned that is located within the boundaries of the proposed Jamaica Gateway Urban Renewal Area. This document provides a description of the proposed action, how it differs from the proposed action as described in the May 20, 2005 Draft Scope of Work, the projected development scenario, and task categories for all technical areas to be analyzed in the EIS.

The EIS will be prepared in conformance with all applicable laws and regulations, including Executive Order No. 91, CEQR regulations, dated August 24, 1977, and will follow the guidance of the *CEQR Technical Manual*, January 2001.

The EIS will contain:

- A description of the proposed action and its environmental settings;
- A statement of the environmental impacts of the proposed action, including its short- and long-term effects, and typical, associated environmental effects;
- An identification of any adverse environmental effects that cannot be avoided if the proposed action is implemented;
- A discussion of alternatives to the proposed action;
- An identification of any irreversible and irretrievable commitments of resources that would be involved in the proposed action should it be implemented; and
- A description of mitigation measures proposed to minimize adverse environmental impacts.

The EIS will compare conditions in the future with the proposed action to conditions in the future without the proposed action. The environmental analyses in the EIS will assume a conservative projection of long-term development in a period of 10 years for a reasonable worst-case development scenario (RWCDS) under the proposed action (Build year 2015) and consider the cumulative potential impacts of the entire area to be rezoned (the "project area"). The RWCDS is further described in section C, "Description of the Proposed Action." DCP, as lead agency, will coordinate review of the proposed action among the involved and interested agencies and the public.

### B. REQUIRED APPROVALS AND REVIEW PROCEDURES

The proposed action, as fully described below in section C, "Description of the Proposed Action," is subject to CEQR and requires City Planning Commission (CPC) and New York City Council approvals through the City's Uniform Land Use Review Procedure (ULURP) for the following:

- DCP is proposing zoning map amendments to change approximately 793 acres of land currently zoned R2, R3-2, R4, R5, R6, C4-2, C4-6, C6-1, C6-1A, C8-1, M1-1 and M1-5 (see Figure 2) to R1-2, R3A, R3X, R4, R4-1, R5, R6A, R6B, R7A, R7X, C4-3A, C4-4A, C4-5X, C6-2, C6-3, C6-4, M1-1, M1-2 and M1-4 (see Figure 3A). Under the proposed action, new C1-3, C2-3, C1-4 and C2-4 commercial overlays would be mapped along commercial streets, and existing C1-2 and C2-2 overlays would also be changed to C1-3, C2-3, C1-4 and C2-4.
- DCP is proposing zoning text amendments to establish the Downtown Jamaica Special District (DJSD), which is proposed to extend over all or portions of 70 blocks in Jamaica's Central Business District (CBD) and located entirely within the 793-acre project area (see Figure 3B). The proposed DJSD, between 169th Street and 138th Place, south of Hillside Avenue and north of Liberty Avenue, would consist of four distinct sub-districts with assigned floor area ratios (FAR) ranging from 2.0 to 12.0. This area's current zoning consisting of C4-2, C4-6, C6-1, C6-1A, R5, R6, M1-1, M1-4 and M1-5 zoning districts, would be changed to C4-4A, C4-5X, C6-2, C6-3, and C6-4 zoning districts.
- New York City Department of Housing Preservation and Development (HPD) is proposing an Urban Renewal Designation and Urban Renewal Plan, developed in collaboration with the New York City Economic Development Corporation (EDC) and DCP, for three full blocks in the area immediately surrounding the Jamaica AirTrain Station. This proposed Jamaica Gateway Urban Renewal Area (JGURA) would encourage mixed-use development containing office, retail, and residential uses, a hotel, new open space, and parking on key development sites adjacent to the Jamaica Station (see Figure 4). This proposed action would also involve the disposition of property within the boundaries of the proposed Jamaica Gateway Urban Renewal Area that will become City-owned.
- An amendment to the City Map involving the elimination of 148th Street between 94th and 95th avenues, and acquisition or disposition of real property related thereto. This would facilitate the development of an approximately 1,261,656 square foot commercial building consisting of approximately 250,000 square feet (three floors) of retail, 1,011,656 square feet (10 floors) of showrooms and offices, and three levels of below-grade parking with approximately 700 parking spaces.
- Disposition to EDC of the City's interest in real property for Block 10209, Lot 115 for future commercial, so that EDC may issue an RFP (Request for Proposals) for development on this site pursuant to the proposed zone, C6-2. Under the proposed zoning it could accommodate new mixed use development.
- Based on an Environmental Assessment Statement (EAS) prepared for the proposed action, DCP, acting as lead agency on behalf of CPC, has determined that the proposed action would have the potential for significant adverse impacts. Therefore, a detailed assessment of likely effects in those areas of concern must be prepared and disclosed in an EIS.

This revised draft scoping document sets forth the analyses and methodologies proposed for that EIS. The public, Queens Community Boards 8 and 12, and elected officials are invited to comment on the revised draft scope, either in writing or orally, at a public scoping meeting to be held on Thursday November 3, 2005 at 4PM at York College (in the York College Performing Arts Center) at 94-45 Guy R. Brewer Boulevard, Jamaica. Comments received during the revised draft scope's public hearing, and written comments received up to 10 days after the hearing will be considered and incorporated as appropriate into a final scope of work, which will then be used as a framework for preparing the Draft EIS (DEIS) for the proposed action.

### NOTICE OF PUBLIC HEARING ON THE DRAFT DESIGN REPORT/DRAFT ENVIRONMENTAL IMPACT STATEMENT

### WILLIS AVENUE BRIDGE RECONSTRUCTION PROJECT PROJECT IDENTIFICATION NO. X757.00 CEQR NO. 06DOT003X

The Federal Highway Administration (FHWA), in cooperation with the New York State Department of Transportation (NYSDOT) and the New York City Department of Transportation (NYCDOT), has prepared a Draft Design Report/Draft Environmental Impact Statement (Draft DR/DEIS) for the proposed reconstruction of the 100-year-old Willis Avenue Bridge over the Harlem River between Manhattan (New York County) and the Bronx (Bronx County), New York. In the Bronx, the Willis Avenue Bridge also traverses over the Harlem River Yard. The project involves the complete replacement of the bridge with a new swing span and flanking girder spans on each side, on a new alignment immediately south of the existing bridge. New approaches and ramps would transition back to the existing connections with the street and arterial highway networks. The purpose of the proposed project is to improve lane width and geometry of the bridge and its approach ramps, improve safety, increase load carrying capacity, improve bicycle and pedestrian facilities, and to address all structural and seismic deficiencies. Funding for the project is being sought from the FHWA, in conjunction with NYSDOT. The FHWA is the Federal Lead Agency sponsoring the Willis Avenue Bridge reconstruction, which will be undertaken by NYCDOT.

The Draft DR/DEIS assesses the project's effect on the quality of the human environment in accordance with the provisions of Section 102(2) (c) of the National Environmental Policy Act of 1969 P.L. 91-190 (NEPA); the State Environmental Quality Review Act, Article 8 of the State Environmental Conservation Law (SEQRA); and the City Environmental Quality Review (CEQR), Mayoral Executive Order 91 of 1977 as amended. The Draft DR/DEIS identifies significant adverse impacts related to cultural resources, noise and natural resources.

Public hearings on the Draft DR/DEIS will be held from 5:30 P.M. to 8:30 P.M. on Monday, October 17, 2005 at the East Harlem Council for Community Improvement Multi-Service Center Auditorium, 413 East 120th Street, New York, NY, and on Tuesday, October 18, 2005 at the Lincoln Medical and Mental Health Center Auditorium, 234 East 149th Street, Bronx, NY, to accept verbal and written comments. Written comments will be accepted through October 28, 2005, and should be forwarded to:

Douglas Currey, P.E., Regional Director, NYSDOT, Region 11, Hunters Point Plaza, 47-40 21st Street, Long Island City, NY 11101, or

Robert Arnold, P.E., Division Administrator, FHWA, Leo W. O'Brien Federal Building, Rm 719, Clinton Avenue and North Pearl Street, Albany, New York 12207, or

Balram Chandiramani, P.E., Director, Movable Bridges Group, NYCDOT, 2 Rector Street, 5th Floor, New York, NY 10006, or

Naim Rasheed, Director, Division of Traffic Planning, NYCDOT, 40 Worth Street, Room 928, New York, NY 10013.

Copies of the Draft DR/DEIS are available for review and copying during business hours at the offices listed above, and at the following additional locations:

New York Public Library, Melrose Branch, 910 Morris Avenue, Bronx, NY 10451

New York Public Library, 125th Street Branch, 224 E.125th Street, New York, NY 10035

**AUDIT AND MANAGEMENT TRAINING PROGRAM/ GRANT CONTINUING EDUCATION CREDITS** – Other – PIN# 856050001340 – DUE 10-21-05 AT 11:00 A.M. – The Department of Citywide Administrative Services, Division of Citywide Personnel Services intends to enter into contract negotiations with the United States Department of Agriculture (USDA) Graduate School to provide audit and management training programs and grant continuing professional education credits to City audit and audit management personnel for three years. The USDA Graduate School has provided training to the City of New York since 1992. The courses have been specifically tailored to reflect the City's rules, regulations and structures. It is the best interest of the City to use the USDA Graduate School to provide these training services because it is the only training organization that deals exclusively with government auditing. Any qualified suppliers may express their interest in providing such services for any future procurements by sending a letter to Department of Citywide Administrative Services, Office of Contracts, Room 2212, New York, NY 10007. Attn: Grace Ann Polichetti by 11:00 a.m. on October 21, 2005.
This is a Government to Government Contract.

*Use the following address* unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/ blueprints; other information; and for opening and reading of bids at date and time specified above.

# READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

**NOTICE TO ALL NEW YORK CITY CONTRACTORS**

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in Crosby v. National Foreign Trade Council, 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

**CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES**

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

**VENDOR ENROLLMENT APPLICATION**

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists–free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

**Attention Existing Suppliers:**
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

**SELLING TO GOVERNMENT TRAINING WORKSHOP**

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

**PRE-QUALIFIED LIST**

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

**NON-MAYORAL ENTITIES**

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

**PUBLIC ACCESS CENTER**

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

**ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES**

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

**PROMPT PAYMENT**

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

**PROCUREMENT POLICY BOARD RULES**

The Rules may also be accessed on the City Website, http://NYC.GOV.Selltonyc

**HOW TO READ CR PROCUREMENT NOTICES**

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

**COURT REGULATIONS, ~~AND~~ MINIMUM DISTANCE BETWEEN WINDOWS AND WALLS OR LOT LINES AND OPEN AREA REQUIREMENTS**

* * *

**23-89**
**Open Area Requirements for Residences in Lower Density Growth Management Areas in the Borough of Staten Island**

The provisions of this Section shall apply in #lower density growth management areas# in the Borough of Staten Island, to all #zoning lots# in #Residence Districts# with two or more #residential buildings# or #building segments#. All such #residential buildings# or #building segments# shall provide open areas as set forth below:

(a) An open area shall be provided adjacent to the rear wall of each such #building# or #building segment#. For the purposes of this Section, the "rear wall" shall be the wall opposite the wall of each #building# or #building segment# that faces a #street# or #private road#. The width of such open area shall be equal to the width of each #building# or #building segment#, and the depth of such open area shall be at least 30 feet when measured perpendicular to each rear wall. No such open areas shall serve more than one #building# or #building segment#. Only those obstructions set forth in paragraph (b) of Section 23-44 shall be allowed, except that parking spaces, whether enclosed or unenclosed, and driveways shall not be permitted within such open areas.

(b) For #buildings# or #building segments# that front upon two or more #streets# or #private roads#, and for #buildings# or #building segments# that do not face a #street# or #private road#, one wall of such #building# or #building segment# shall be designated the rear wall, and the open area provisions of this Section applied adjacent to such wall. However, for not more than one #building# or #building segment# located at the corner of intersecting #streets# or #private roads#, the depth of such required open area may be reduced to 20 feet.

**107-42**
**Minimum Lot Area and Lot Width for Residences**

~~For the purposes of this Chapter, all #residences# permitted by the underlying district regulations shall comply with the minimum #lot area# and #lot width# requirements which shall vary with the building height as set forth in Table A.~~

For all #zoning lots# containing #residences#, the minimum #lot area# and #lot width# requirements set forth in Table A shall apply, which shall vary by building height. Where two or more #buildings# that are #single# or #two-family detached# or #semi-detached residences# are located on a #zoning lot#, the applicable minimum #lot area# requirement shall be multiplied by the number of such #buildings# on the #zoning lot#.

The #lot width# requirements set forth in this Section shall be applied as set forth in the definition of #lot width# in Section 12-10, provided that the applicable lot width, in feet, set forth in the table above shall be met along at least one #street line# of the #zoning lot#, or, for #corner lots#, along each intersecting #street line#. No #residence#, or portion thereof, shall be permitted between opposing #side lot lines# where such #lot lines# would be nearer to one another at any point where such #residence# is located than the applicable minimum lot width, in feet, set forth in the table above.

However, one #single-family detached residence# or, where permitted, one #single# or #two-family residence#, may be built upon a #zoning lot# consisting entirely of a tract of land, that:

(a) has less than the minimum ~~of~~ #lot area# or ~~#lot width# prescribed in Table A~~ lot width required pursuant to this Section; and

(b) was owned separately and individually from all other adjoining tracts of land, ~~both on September 11, 1975 and on the date of application for a building permit,~~ both on (effective date of amendment) and on the date of application for a building permit.

In all cases, the density regulations of the applicable district shall remain in effect, except that the factor for determining the maximum number of #dwelling units# shall be 1,000 in R3A and R4A Districts, 1,140 in R3X Districts, and 685 for #semi-detached residences# in R3-1 and R3-2 Districts.

KINGS COUNTY IA PART 74
NOTICE OF PETITION
INDEX NUMBER 29083/05

In the Matter of Application of the CITY OF NEW YORK relative to acquiring title in fee simple absolute to certain real property where not heretofore acquired for the **FDNY ENGINE COMPANY 201 ADDITION (5115 4th Avenue)** located in the area and generally bounded by Fourth Avenue and Fifty Second Street in the Borough of Brooklyn, City and State of New York.

**PLEASE TAKE NOTICE** that the Corporation Counsel of the City of New York intends to make application to the Supreme Court of the State of New York, Kings County, IA Part 74, for certain relief.

The application will be made at the following time and place: At 320 Jay Street, Room 17-21 in the Borough of Brooklyn, City and State of New York, on October 28, 2005, at 9:30 A.M., or as soon thereafter as counsel can be heard.

The application is for an order:

1. authorizing the City to file an acquisition map in the office of the Clerk of Kings County or the Office of the City Register;

2. directing that upon the filing of said map, title to the property sought to be acquired shall vest in the City;

3. providing that just compensation therefor be ascertained and determined by the Supreme Court without a jury; and

4. providing that notices of claim must be served and filed within one calendar year from the vesting date.

The City of New York, in this proceeding, intends to acquire title in fee simple absolute to certain real property where not heretofore acquired for the same purpose, for the **FDNY ENGINE COMPANY 201 ADDITION** in the Borough of Brooklyn, City and State of New York.

The description of the real property to be acquired is as follows:

all that certain plot, piece or parcel of land, with the buildings and improvements thereon erected, situated, lying and being in the Borough of Brooklyn, County of Kings, City and State of New York, known as Tax block 799, lot 3.

The property shall be acquired subject to encroachments, if any, of the structures, improvements and appurtenances standing or maintained partly upon the above described parcels and partly upon the lands and premises adjoining the same, so long as such encroachments shall stand.

Surveys, maps or plans of the property to be acquired are on file in the office of the Corporation Counsel of the City of New York, 100 Church Street, New York, New York 10007.

**PLEASE TAKE FURTHER NOTICE THAT,** pursuant to EDPL Section 402(B)(4), any party seeking to oppose the acquisition must interpose a verified answer, which must contain specific denial of each material allegation of the petition controverted by the opponent, or any statement of new matter deemed by the opponent to be a defense to the proceeding.

Pursuant to CPLR 403, said answer must be served upon the office of the Corporation Counsel at least seven (7) days before the date that the petition is noticed to be heard.

## HOMELESS SERVICES

**OFFICE OF CONTRACTS AND PROCUREMENT**

■ SOLICITATIONS

*Human / Client Service*

**DEVELOP TRANSITIONAL RESIDENCE FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS** – Competitive Sealed Proposals – Judgment required in evaluating proposals - PIN# 071-00S-003-262 – DUE 01-03-06 AT 5:00 P.M. – The Department of Homeless Services is soliciting proposals from organizations interested in developing and operating transitional residences for homeless adults and families including the Neighborhood Based Cluster Residence and drop-in centers for adults. This is an open-ended solicitation; there is no due date for submission. Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-forth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the transitional residence contracts will range from 3 to 20 years including renewal options and depending on the financial terms and conditions.

Pursuant to Section 312 (c) (1) (ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgment is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03 (c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences in order to address the need to create additional shelter capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated as a for-profit entity; 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed Standalone facility location(s); and 3) must demonstrate an intent to enter into lease agreements with the owner(s) or management designee(s) for each property.

Any organization that believes it can provide these services may contact: John Iaffaldano, Associate Staff Analyst, Office of Contracts and Procurement at the Department of Homeless Services at (212) 361-8435, 33 Beaver Street, 13th Floor, NY, NY 10004, to request a copy of the RFP application, which is available for pick-up Monday through Friday on business days between the hours of 9:00 a.m. to 5:00 p.m.

**NON-SECURE DETENTION GROUP HOME SERVICES** – Negotiated Acquisition – Judgment required in evaluating proposals - PIN# 13005DJJ001 – DUE 09-01-06 AT 3:00 P.M. – The Department of Juvenile Justice (DJJ) is seeking expressions of interest from qualified vendors to provide non-secure detention group home services. Since DJJ must respond to a court order, there is a time-sensitive situation in which DJJ must retain a supplier quickly, at one time or from time to time, permitting this procurement to be processed as a negotiated acquisition. Facilities should provide at least 10 and no more than 12 beds in accordance with the applicable regulations promulgated by the New York State Office of Children and Family Services (NYSOCFS), 9 N.Y.C.R.R. Section 180 et seq., and be operational at any time from December 1, 2004 to August 31, 2006. The term of the contracts awarded from this solicitation will be for three years and will include an additional three-year option to renew.

Vendors interested in providing these services should contact Harry T. Bavaro at the Department of Juvenile Justice, 365 Broadway, 5th Floor, New York, NY 10013 for a copy of the solicitation document if they have not already received a copy. If a vendor is interested in being considered for award of a contract described above, please hand deliver a written expression of interest addressed to Harry T. Bavaro at the Department of Juvenile Justice, 365 Broadway, 5th Floor, New York, NY 10013 pursuant to the terms of the solicitation document.

# AGENCY RULES

## FINANCE

■ **NOTICE**

### NOTICE OF RULEMAKING

Pursuant to the power vested in me as Commissioner of Finance by sections 389(b) and 1043 of the New York New York City Charter and section 11-208.1(g) of the Administrative Code of the City of New York, I hereby promulgate the within amendments to the Rules Relating to the Filing of Income and Expense Statements. These rules were published in proposed form on August 1, 2005. A hearing for public comment was held on September 1, 2005.

Martha E. Stark
Commissioner of Finance

Section 1. Subparagraphs (iii), (v) (vii), (xv), (xx) and (xxi) of paragraph (1) of subdivision (b) of section 33-01 of 19 RCNY Chapter 33 (Rules Relating to the Filing of Income and Expense Statements) are amended, and a new subparagraph (xxii) is added to paragraph (1) of subdivision (b) of section 33-01 of these rules, to read as follows:

(iii) department stores; notwithstanding the provisions of subparagraph (iv) of paragraph (2) of this section, any owner-occupied department store occupying 10,000 or more square feet in a building is income-producing property for purposes of these rules;

(v) garages[, gasoline stations] and parking lots, regardless of whether they are owner-occupied;

(vii) hotels or motels, regardless of whether they are owner-occupied;

(xv) rented commercial and/or professional space in residential condominium buildings, or cooperative buildings with more than 2,500 square feet of commercial space, not including any garage;

(xx) vacant land (when income is derived from the land, e.g., unimproved land used as a parking lot); [and]

(xxi) warehouses[.]; and

(xxii) gasoline stations.

§2. Subparagraphs (iv) and (vi) of paragraph (2) of subdivision (b) of section 33-01 of these rules are amended, and a new paragraph (4) is added to subdivision (b) of section 33-01 of these rules, to read as follows:

(iv) except as otherwise provided in paragraph (1) of this subdivision, residential or commercial properties which are completely owner-occupied; for purposes of these rules, the meaning of "owner-occupied" shall include property that is leased to (A) individuals that are the spouse, parents, children or siblings of the property owner; (B) individuals that are the mother-in-law, father-in-law, son-in-law, daughter-in-law, brother-in-law or sister-in-law of the property owner; (C) businesses that are in common control with the property owner; and (D) beneficiaries of a property owner that is a fiduciary for such beneficiaries;

(vi) exclusively residential property held in [cooperative or] condominium form of ownership, or cooperative property with no more than 2,500 square feet of commercial space;

(4) Notwithstanding any other provision of this subdivision, an income and expense statement must be filed for the commercial portion of a property owned by a not-for-profit organization or government entity if the property is leased to a commercial tenant, and in such cases, the commercial tenant may file the income and expense statement. Notwithstanding the preceding sentence, no income and expense statement is required if the use of the property by the commercial tenant is an exempt use under the provisions of the Real Property Tax Law and if real property owned by such tenant, if it owned any, is or would be exempt from taxation under the Real Property Tax Law, and if the rent paid by such tenant does not exceed the amount of the carrying, maintenance and depreciation charges of the portion of the property occupied by such tenant.

§3. Paragraph (1) of subdivision (a) of section 33-02 of these rules is amended to read as follows:

(a) Deadlines. (1) Owners of income-producing property shall file with the Department of Finance an income and expense statement [(form RPIE) and, where required, an addendum,] no later than the first day of September of each year. A separate income and expense statement shall be filed for each parcel of income-producing property. Owners of [contiguous parcels of income-producing property] condominium lots may file a consolidated income and expense statement where such [parcels] lots are operated as a single entity.

§4. Paragraph (1) of subdivision (b) of section 33-02 of such rules is amended, and a new paragraph (3) is added to subdivision (b) of section 33-02 of such rules, to read as follows:

(b) Forms. (1) Income and expense statements [and, where required, addenda,] shall be submitted on the appropriate forms prepared by the Department of Finance. The only acceptable substitute for [an addendum] required lease information is a computerized rent roll containing the same information as is required in the [addendum] form.

(3) In the discretion of the Commissioner of Finance, a copy of an income and expense statement filed with the New York City Tax Commission as part of an application for correction of assessment for a property for the year for which an income and expense statement must be filed with the Department of Finance for such property, may be submitted with the Department of Finance income and expense statement form and may satisfy either all or part of the form's requirements for income and expense information as determined by the Commissioner. A property owner submitting a copy of the Tax Commission income and expense statement must also complete the ownership and descriptive property information required by the Department of Finance income and expense statement form (Form RPIE).

§5. Paragraph (4) of subdivision (c) of section 33-02 of such rules is repealed, and paragraph (5) of subdivision (c) of section 33-02 of such rules is renumbered as paragraph (4) to read as follows:

[(4) In addition to the income and expense statement, owners of income-producing property shall file an addendum on the form specified in § 33- 02(b)(1) containing rental information for the month of April for the period set forth in the income and expense statement, when:

(i) the property's final actual assessed value for the tax year in which the statement is being filed exceeds one million dollars and is used for non-residential purposes; or,

(ii) the property's final actual assessed value for the tax year in which the statement is being filed exceeds one million dollars and is a mixed-use property ("mixed-use" is property utilized for more than one purpose, e.g., a residential apartment building with commercial space). The addendum for a mixed-use property must contain data only for the non-residential portion(s) of the property.

(5)] (4) Owners of income-producing property who purchase their property within the twelve month period prior to the first day of August immediately preceding the deadline for filing such statements, and who are without knowledge of the income and expenses of the property for the entire year, shall file an income and expense statement containing the date of purchase, the sale price, the name of the grantor(s) and all information reflecting their actual period of ownership.

§6. Paragraphs (3) and (6) of subdivision (d) of section 33-02 of these rules is amended, and paragraph (7) of subdivision (d) of section 33-02 of these rules is repealed, to read as follows:

(3) Owners of income-producing property must file an income and expense statement notwithstanding the fact that the building was vacant for all or part of the calendar or fiscal year preceding the deadline for filing such statement, unless as of the deadline for filing the income and expense statement, the property is vacant due to an impending demolition and has no existing leases.

(6) Owners of residential condominium [or cooperative buildings] with commercial and/or professional space, and owners of residential cooperative buildings with more than 2,500 square feet of commercial and/or professional space, must file an income and expense statement, but income and expense information is required only for the commercial and/or professional portion of the property.

[(7) Owners are required to file two photocopies of each form in addition to any original forms submitted to the Department of Finance.]

§7. Paragraphs (2) and (3) of subdivision (e) of section 33-02 of such rules are amended, and a new paragraph (8) is added to subdivision (e) of section 33-02 of such rules, to read as follows:

(2) Notwithstanding the submission of a form RPIE by an owner, for purposes of § 33-03 of these [regulations] rules, the term "failure to file an income and expense statement" may include, but not be limited to:

(i) [failure to submit an addendum where required (a computerized rent roll will be accepted in lieu of an addendum);

(ii)] failure to use the forms prepared by the Department of Finance[, except in the case of the addendum, where a computerized rent roll will be accepted];

[(iii)] (ii) failure to submit a separate income and expense statement for each parcel (consolidated statements may be submitted only for contiguous condominium lots operated as a single entity);

[(iv)] (iii) failure to complete forms in a legible manner;

[(v)] (iv) failure to submit an income and expense statement [and, where required, an addendum,] containing the original signature of the owner(s) (the signature of an agent is not acceptable unless a power of attorney is attached to the statement); or

[(vi)] (v) failure to file a substantially complete income and expense statement[, and where required, an addendum,] which shall include but shall not be limited to:

(A) [failure to define the accounting period (fiscal or calendar) and whether the cash or accrual method is used];

[(B)] failure to provide data for the appropriate accounting period; and

[(C)] (B) failure to provide a complete and itemized list of income and expense data.

(3) Owners of property described in § 33-01(b)(2) and (3) of these [regulations] rules who [are requested by the Department of Finance file an income and expense statement] contend that they are excluded from the filing requirement [shall] must notify the Department of their current status on a [certificate of exclusion] form [supplied] prepared by the Department of Finance. Owners who erroneously claim to be excluded from the filing requirements shall be subject to the penalties set forth in § 11-208.1 of the Administrative Code and § 33-03 of these [regulations] rules for failure to file an income and expense

statement. [The Department of Finance shall notify those who file a certificate of exclusion as to whether their claim of exclusion is valid.] Owners [who file a valid certificate of] whose claim of exclusion [shall] is approved by the Department must notify the Department [of Finance] of any subsequent change in the physical condition or use of their property which would result in their being required to file an income and expense statement in future years. Failure to notify the Department of Finance of such a change may result in the imposition of penalties for the year(s) in which an income and expense statement was required.

(8) If a property for which an income and expense statement is required is owned by either a government entity or a not-for-profit corporation, the income and expense statement may be filed by either the owner or, with respect to any space occupied by a commercial lessee, by such commercial lessee.

§8. Section 33-04 of such rules is amended to read as follows:

§ 33-04. Hearings.

(a) General Provisions. (1) Notice of failure to file timely statements and opportunity to cure. [(1)] (i) Owners of income-producing property who fail to file a timely income and expense statement in compliance with § 11-208.1 of the Administrative Code and these [regulations] rules shall be notified of such failure to comply and of the opportunity for a hearing prior to the imposition of the penalties contained in § 33-03 of these [regulations].

[(2) In cases in which owners are deemed to have failed to file for any of the reasons provided in § 33-02(e)(2) of these regulations, the] (ii) The notice shall also provide that such owners may avoid penalties for failure to file by filing a properly completed income and expense statement no later than twenty days following the date of the notice. [Nothing herein shall be construed to afford such an opportunity to cure to an owner who failed to submit a form RPIE by the filing deadline.]

[(b)] (2) Opportunity for hearings. Owners of income-producing property who were served with a notice pursuant to [§ 33-04(a)] this subdivision shall have thirty days from the date of such notice to request a hearing before the Department of Finance by filing a petition for hearing on the form provided by the Department. Failure to file a petition for a hearing within thirty days of the date of such notice shall result in the imposition of such penalty or penalties as the Commissioner of Finance deems appropriate and as provided for in [§ 33-03(a) of] these [regulations] rules.

[(c)] (3) Where to file petitions. Petitions shall be filed in person or by mail with the New York City Department of Finance at such address as may be designated by the Department.

[(d)] (4) Eligible petitioners. A petition may be filed only by an owner or by a duly authorized representative of the owner.

[(e)] (5) Designation of hearing officer. The Commissioner of Finance shall designate employees of the Department of Finance or administrative law judges to serve as hearing officers to hear petitions filed pursuant to these [regulations] rules.

[(f)] (6) Representation of petitioners. [(1)] (i) An individual owner may file a petition on his or her own behalf and may present his or her own case at the hearing. A partnership may file a petition on its own behalf and may present its own case through a general partner without filing a power of attorney. A corporation may file a petition on its own behalf and may present its own case at the hearing through an officer or an employee for whom a duly authorized power of attorney is submitted.

[(2)] (ii) Attorney or agent with power of attorney. A petitioner may appear by [a representative for whom a duly authorized power of attorney has been submitted.] an attorney or agent in a proceeding under these rules if such attorney or agent appears with the petitioner or files a power of attorney in proper form authorizing the attorney or agent to represent the petitioner.

(iii) In any case in which a power of attorney has been filed and thereafter the petitioner desires to authorize an additional or a new attorney or agent, a new power of attorney must be filed revoking any and all powers of attorney previously filed with respect to the same proceeding. The revocation of the authority of the former attorney or agent shall not be effective so far as the Commissioner of Finance is concerned until the petitioner gives notice to that effect to the Commissioner.

(iv) The power of attorney shall be filed with the hearing officer, unless one was filed with the petition.

[(g)] (7) Matters reviewable. The purpose of the hearing is to determine whether:

[(1)] (i) an income and expense statement was not filed, and if it was not filed, what penalties, if any, should be imposed;

[(2)] (ii) an income and expense statement was not timely filed, and if it was not timely filed, what penalties, if any, should be imposed; and/or

[(3)] (iii) a defective income and expense statement was filed, and if so, what penalties, if any, should be imposed;

[(h)] (8) Consolidation, joinder, severance. [(1)] (i) Any party may request the consolidation of hearings relating to the same owner or parcel.

[(2)] (ii) Any party may request the severance of a case relating to another parcel when such parcel is not owned or controlled by the same owner or identical issues of fact or law are not involved.
[(3)] (iii) Consolidation, joinder or severance of any case or issue shall be permitted at the discretion of the hearing officer, subject to the provisions of § 33-06 of these [regulations] rules.

(9) All final decisions rendered by the Commissioner of Finance are reviewable under article 78 of the Civil Practice Law and Rules.

(10) Ex parte communications. There shall be no ex parte communication with respect to the merits of any pending case between any party and the hearing officer.

(11) Burden of proof. The petitioner shall have the burden of establishing each fact relevant to a determination of the matters reviewable under § 33-04(g).

(b) Hearings without personal appearance. A petition for a hearing without a personal appearance may be made by mail or by the Department of Finance internet website in accordance with this subdivision. In addition to the provisions of subdivision (a) of this section, the provisions of this subdivision shall apply to hearings that do not require a personal appearance.

(1) Petition for hearing by mail. (i) A petition for a hearing by mail may be made only on a form provided by the Department of Finance, and must be made within the time prescribed for a request for a hearing pursuant to subdivision (a) of this section.

(ii) Submission of additional documents. The petitioner may submit legal memoranda, additional documents or other material with the petition in support of the petitioner's position. The Department of Finance may also submit additional material to the hearing officer to support its position within a reasonable time as determined by the hearing officer.

(2) Petition for hearing by website. (i) A petition for a hearing by website may be made only via the Department's website in accordance with the instructions that are found on the website for making such a request.

(ii) Submission of additional documents. Except as otherwise provided in paragraph (3) of this subdivision, no documents other than the electronically filed petition may be submitted by the petitioner. The Department of Finance may submit additional material to the hearing officer to support its position within a reasonable time as determined by the hearing officer.

(3) Request for additional documentation. Notwithstanding any other provision of this subdivision, the hearing officer may request additional memoranda or evidence from the parties where the hearing officer deems the submissions insufficient for a decision to be rendered.

(4) At any time after approval of a request for a hearing by mail or website, the Commissioner of Finance may by subpoena require the production of books, papers and documents required to be kept by statute or rule.

(5) The Commissioner of Finance shall issue a final determination based on the submissions that contains findings of fact, conclusions of law, and the dollar amount of the penalty imposed, if any. A copy of the determination shall be mailed to the petitioner and to the petitioner's representative.

(c) Hearing in person. In addition to the provisions of subdivision (a) of this section, the following provisions shall apply to hearings at which the parties shall appear.

[(i)] (1) Subpoena. [(1)] (i) At any time during a proceeding, the Commissioner of Finance may by subpoena require the attendance of witnesses and the production of books, papers and documents required to be kept by statute or [regulation] rule.

[(2)] (ii) Upon request of a party not represented by an attorney, the Commissioner of Finance may issue subpoenas to require the attendance of witnesses at a hearing or to require the production of documentary evidence. Such request shall be made to the hearing officer by submitting a proposed subpoena. If the request is approved, service of the subpoena shall be the responsibility of the requesting party. An attorney may subpoena a witness or the production of documents as provided by article 23 of the Civil Practice Law and Rules.

[(j) Prehearing conference, stipulated record. (1) The Commissioner of Finance may request that the petitioner meet and confer with representatives of the Department of Finance prior to the scheduled date of a hearing. The purpose of such meeting shall be to discuss and narrow disagreements as to facts or issues; to consider any matter which will tend to simplify issues or expedite the hearing; and to attempt to resolve the controversy, where possible, consistent with the applicable laws and regulations.

(2) If prior to the hearing the parties reach an agreement on substantially all the material facts, but the parties still disagree as to the imposition of penalties because of questions of law or the application of the law to the facts, the parties shall submit a stipulation of agreed facts to the hearing officer.]

[(k)] (2) Hearing officer. [(1)] (i) The hearing shall be conducted by a hearing officer, who shall be authorized to:

[(i)] (A) administer oaths and affirmations;

[(ii)] (B) regulate the course of the hearing, set the time and place for continuing the hearing, and fix the time for filing of legal briefs, memoranda and other documents;

[(iii)] (C) rule upon offers of proof and receive relevant evidence;

[(iv)] (D) require the parties at any time during the hearing to state their respective positions in support of any issues under consideration in the case;

[(v)] (E) question any party or witness for the purpose of clarifying the record;

[(vi)] (F) take any other action for a speedy and expeditious hearing.

[(2) The hearing officer may waive the appearance of the parties or their representatives, if any, for the submission of evidence where sufficient facts have been admitted, stipulated or included in the record in some way, and the parties consent in writing to have the controversy heard or submitted without need for their appearance at an oral hearing. The parties may submit legal memoranda, additional documents or other material in support of their positions to the hearing officer within a reasonable time as agreed upon by the parties, subject to the approval of the hearing officer. The hearing officer may, however, request additional memoranda or evidence from the parties where the hearing officer deems the stipulated submission insufficient for a decision to be rendered.

(3) The hearing officer may require that the parties report on the number of witnesses each party expects to call at the hearing, plus an estimate of the amount of time the parties expect will be required for the presentation of their direct case. The information received in response to such request shall be used for hearing calendaring purposes only. No party's hearing shall be limited to the estimated time reported, or to the number of witnesses listed in the report.]

[(l)] (3) Hearing schedule. [(1)] (i) The hearing shall be scheduled as soon as is practicable. The parties shall be given notice of the hearing date no fewer than twenty days prior to such date. The notice shall include the time, place and nature of the hearing.

[(2)] (ii) No request for postponement of the hearing date will be considered unless a written application setting forth good cause for the postponement is received by the hearing officer within ten calendar days after mailing of the hearing notice. In the event of an emergency, however, a postponement may be considered on less notice than provided herein. A postponement may be granted only in writing by the hearing officer.

[(m) Ex parte communications. There shall be no ex parte communication with respect to the merits of any pending case between any party and the hearing officer.

(n) Burden of proof. The petitioner shall have the burden of establishing each fact relevant to a determination of the matters reviewable under § 33-04(g).

(o)] (4) Evidence. [(1)] (i) At the hearing, the parties shall have the right to call and examine witnesses, to introduce exhibits, and to cross-examine opposing witnesses.

[(2)] (ii) No decision or determination shall be made except upon consideration of the record as a whole and as supported by the evidence. In the discretion of the hearing officer, technical [Technical] rules of evidence [may be waived to the extent permitted by the decisions of the courts of this state, provided the evidence offered is relevant and material to the issues] need not be applied. However, effect shall be given to the rules of privilege recognized by law. Objections to evidentiary offers may be made and shall be noted in the record.

[(p)] (5) Failure to appear. A default shall be entered upon the failure of the petitioner to appear at a hearing or at any adjourned date thereof, provided the petitioner has been given notice of the hearing date, and no written postponement has been granted pursuant to § 33-04[(l)](c)(3). In the event of a default, the hearing shall be concluded and a final determination shall be issued pursuant to § 33-04[(r)] (c)(7) based on the record, if any, previously made.

[(q)] (6) Hearing record. Hearings shall be transcribed verbatim or recorded by electronic recording devices. A copy of the transcript or electronic recording may be purchased at such rates as may be fixed by the Commissioner of Finance. If any party deems the hearing record to be inaccurate in any material respect, that party shall promptly notify the other parties and the hearing officer not later than five calendar days from receipt of the hearing record, specifying the portions of the record believed to be inaccurate.

[(r)] (7) Final determination. [(1)] Upon completion of the hearing, the [hearing officer shall transmit to the Commissioner of Finance the entire record, including the stenographic transcript or electronic recording of the hearing, exhibits offered in evidence and any briefs or legal memoranda filed by the parties, together with findings of fact and conclusions of law and recommendations. The] Commissioner of Finance shall [review the record and the report of the hearing officer and shall] issue a final determination containing findings of fact, conclusions of law, and the dollar amount of the penalty imposed, if any. A copy of the determination shall be mailed to the petitioner and to the petitioner's representative.

[(2) All final decisions rendered by the Commissioner of Finance are reviewable under article 78 of the Civil Practice Law and Rules.

(s) Power of attorney. (1) No attorney or agent shall appear on behalf of any person, appear before, or be recognized by, any officer or employee of the Department of Finance in any proceedings under these regulations, unless such attorney or agent appears with the petitioner or files a power of attorney in proper form authorizing the attorney or agent to represent the petitioner.

(2) In any case in which a power of attorney has been filed and thereafter the petitioner desires to authorize an additional or a new attorney or agent, a new power of attorney must be filed revoking any and all powers of attorney previously filed with respect to the same proceeding. The revocation of the authority of the former attorney or agent shall not be effective so far as the Commissioner of Finance is concerned until the petitioner gives notice to that effect to the Commissioner.
(3) The power of attorney shall be filed with the hearing

officer, unless one was filed with the petition.]

§9. Section 33-06 of such rules is amended to read as follows:

§ 33-06. Confidentiality—Disclosure Restrictions.

(a) Neither income and expense statements [nor addenda] filed in accordance with § 11-208.1 of the Administrative Code and these [regulations] rules, nor any information set forth or contained in such statements, shall be disclosed to any person or entity, except:

(1) to the Tax Commission;

(2) to the property owner who filed such income and expense statement or the duly authorized representative of such owner;

(3) to the duly authorized agent of the Department of Finance or the Tax Commission whose services have been retained in connection with the review, analysis, or compilation of information contained in such statements upon the execution of an agreement to maintain the confidentiality of such statements;

(4) to the legal representative of the Department of Finance or Tax Commission where an owner has brought an action to correct an assessment of real property; or

(5) pursuant to proper judicial order or as otherwise provided by law.

(b) Nothing contained in this chapter shall prevent the publication by the Department of Finance or the Tax Commission of statistics taken from income and expense statements [and addenda] which are so classified as to prevent the identification of particular statements and the items thereof.

(c) The Department of Finance shall notify any person or entity that has filed an income and expense statement [and/or addenda] in accordance with § 11- 208.1 of the Administrative Code and these [regulations] rules of any proceeding commenced or motion or subpoena served to compel disclosure of such statement or of any information contained therein within five business days of receiving any papers requesting such relief, except that in the event of a proceeding, motion or subpoena seeking disclosure of more than fifty income and expense statements, the Department of Finance shall give notice to those authorized representatives whose names are on file with the Department of Finance within fifteen business days of receiving any papers requesting such relief.

**BASIS AND PURPOSE OF AMENDMENTS**

Section 11-208.1 of the Administrative Code of the City of New York requires that owners of income producing real property in New York City file income and expense statements relating to the property each year no later than September 1. The information provided on the statements is used by the Department of Finance in assessing real property in the City. These proposed amendments to the Rules Relating to the Filing of Income and Expense Statements reflect policy changes made by the Department of Finance, many of which generally simplify some of the filing requirements.

The Administrative Code authorizes the Department of Finance to impose monetary penalties for the failure of a property owner to timely file an income and expense statement, after providing the owner with notice and an opportunity to be heard. These proposed amendments will revise the procedures concerning notice of failure to file and the procedures for hearings before the Department of Finance at which an owner can contest a penalty. The amendments concern the opportunity afforded an owner to cure the noncompliance with the law, and will streamline administrative procedures concerning hearings.

■ NOTICE

### NOTICE OF ADOPTION OF RULE IMPLEMENTING SECTION 17-188 OF THE ADMINISTRATIVE CODE REQUIRING THE PLACEMENT OF AUTOMATED EXTERNAL DEFIBRILLATORS AT CERTAIN PUBLIC PLACES

IN COMPLIANCE WITH SECTION 1043(b) and 389(b) OF THE NEW YORK CITY CHARTER (the "Charter") and pursuant to Title 17, Chapter 1, Section 17-188(f) of the New York City Administrative Code, notice is hereby given of the adoption of the following rule implementing Section 17-188 of the New York City Administrative Code requiring the placement of automated external defibrillators at certain public places. The Notice of Public Hearing was printed in the City Record on July 20, 2005. A public hearing was held on August 22, 2005. The Department received four written comments and two testimonials at its public hearing.

STATUTORY AUTHORITY

This rule is promulgated pursuant to New York City Charter Sections 389(b) and 1043(a) and Section 17-188(f) of the New York City Administrative Code. Section 1043(a) of the Charter provides that each "agency is empowered to adopt rules necessary to carry out the powers and duties delegated to it by or pursuant to federal, state of local law". Section 389(b) similarly provides that the "heads of mayoral agencies shall have the powers to adopt rules to carry out the powers and duties delegated to the agency head or the agency by or pursuant to federal, state or local law. Section 17-188(f) of Chapter 1 of Title 17 of the Administrative Code authorizes the Commissioner of the Department of Health and Mental Hygiene to "promulgate such rules as may be necessary for the purpose of implementing the provisions of this section, including, but not limited to, rules regarding the quantity and location of automated external defibrillators to be placed in a particular public place or general category of public place; the form of notice in which the availability of automated external defibrillators in a public place shall be made known to the public and any accompanying fee; and any information on the use of automated external defibrillators that must accompany and be kept with each automated external defibrillator...."

STATEMENT OF BASIS AND PURPOSE

This rule is required to be promulgated pursuant to Section 17-188 of the Administrative Code, specifically subsections (b), (c), (f) and (j) thereof, and is necessary for that law's proper implementation and enforcement. The general purpose of Section 17-188 of the Administrative Code is to make "automated external defibrillators" available in the "publicly accessible areas" of certain "public places" in order to encourage persons to "voluntarily and without expectation of monetary compensation" provide first aid or emergency treatment using an automated external defibrillator that has been made available pursuant to this section, to a person who is unconscious, ill or injured....". Section 24-01 of a new Chapter 24 of Title 24 of the Rules of the City of New York provides the meaning of specific words and terms used in this rule and in Section 17-188 of the Code and further provides that the meaning of other words and terms used in the rule are as specified in Section 17-188 of the Code. In response to a comment received, the definition of "publicly accessible areas" in Section 24-01(b)(3) has been modified. The revised version makes clearer that this definition was not intended to exclude employees but rather to clarify which areas within these public places are open to the public. The definition of "membership" in former Section 24-01(b)(4) has been deleted from the final version because Section 631 of the New York State General Business Law ("GBL") reflects the State Legislature's intent to preempt the area of automated external defibrillators in health clubs, as now set forth in Section 627-a of the "GBL". Section 627-a, which went into effect on July 20, 2005, establishes statewide requirements relating to the provision of automated external defibrillators in health clubs. Therefore, consistent with Section 631 of the "GBL", those provisions of Local Law 20 of 2005 as they relate to health clubs and related facilities defined in Section 17-188(a)(3)(vii) of the Code are of no force and effect. The definition of "membership" as it relates solely to health clubs and related facilities has been deleted.

Section 24-02 provides that those required to make automated external defibrillators available pursuant to Section 17-188 must in implementing this rule also comply with the requirements of Section 3000-b of the New York State Public Health Law in connection with the acquisition, possession and operation of automated external defibrillators. Section 24-03 provides necessary guidance as to the appropriate location and quantities of automated external defibrillators that must be maintained pursuant to the new law. According to Section 24-03(a), the owner or operator of a public place, as defined in Section 17-188(a)(3) of the Code and limited by Section 17-188(e) of the Code, must "place at least one automated external defibrillator(s) in a prominent location in that public place." Subsection (b) of this section provides that the automated external defibrillator(s) is to be "located or placed so that this equipment can be obtained in a timely manner". Section 24-04 entitled Required Notice: Signage Information, provides the information that is required to appear on the wall sign informing the public as to the availability of an automated external defibrillator at that location and specifies where that wall sign should be placed. It also identifies information that must be included on a second sign and provides that this second sign may be placed either on a wall or on the face of the storage container in which the automated external defibrillator is contained. In response to a comment, changes to Section 24-04 reducing the minimum height of the lettering on the required signage and allowing the use of the abbreviation "AED" have been made. The Department determined that the use of the abbreviation and the size reduction in lettering would not affect legibility and that these changes were necessary to ensure that the language could be accommodated on the signage. Upon further consideration, the Department has deleted paragraph (ii) of subsection (e) of Section 24-04 as unnecessary. The reference to a paragraph (i) has, accordingly, also been deleted. The content of former paragraph (i) remains as subsection (e) of Section 24-04. Section 24-05 specifies what must be contained in a required written Site-Specific Response Plan and provides that the Plan must be made available to the Department upon its request.

In response to a comment, the definition of "On A Regular Basis" in Section 24-01(b)(7) was modified to increase the number of senior centers that would be required to make an automated external defibrillator available by reducing the number of hours of services per week, including lunch, that a senior center has to provide before it is required to have an automated external defibrillator. A definition of "Advanced Life Support" [Section 24-01(b)(8)] and a section entitled "Nursing Homes" [Section 24-06] have been added as the Department determined that there existed a need to provide guidance to nursing homes as to which facilities would have to make automated external defibrillators available and the number of trained responders that must be specifically required in those facilities.

THE RULE IS AS FOLLOWS:

Note: Matter underlined is new

COMMISSIONER OF HEALTH AND MENTAL HYGIENE RULE IMPLEMENTING SECTION 17-188 OF THE ADMINISTRATIVE CODE REQUIRING PLACEMENT OF AUTOMATED EXTERNAL DEFIBRILLATORS AT CERTAIN PUBLIC PLACES

**Chapter 24**

**AUTOMATED EXTERNAL DEFIBRILLATORS IN CERTAIN PUBLIC PLACES**

**Section 24-01(a). Definitions.**

Words and terms used in this rule, other than those specified in subsection (b) of this section, shall have the same meaning as specified in §17-188 of the New York City Administrative Code.

(b) When used in this rule, the following words or terms shall have the following meaning:

(1) Department. "Department" means the New York City Department of Health and Mental Hygiene.

(2) Code. Code means the Administrative Code of the City of New York.

(3) Publicly Accessible Areas. Publicly accessible areas of buildings operated by the Division of Facilities Management and Construction of the Department of Citywide Administrative Services means the areas within a "public place", as that term is defined in §17-188(a)(3) of the Code, to which members of the public are regularly invited or permitted on most business days and which do not require an appointment or special authorization or permission in order to gain admission.

(4) Prominent Location. Prominent location shall mean any central location in a public place where the automated external defibrillators can be located and are readily available at all times for use by persons trained in their operation.

(5) Public access defibrillation provider. Public access defibrillation provider means a person, firm, organization or other entity having control of a public place and possessing or operating an automated external defibrillator pursuant to a collaborative agreement, as that term is defined in §3000-b of the New York State Public Health Law.

(6) Trained Responder(s). Employees/volunteers recruited by or, if necessary, designated by the owner/management of those public places specified in §17-188(a)(3) of the Code, to operate automated external defibrillators. Such employees shall have received appropriate training in the use and operation of automated external defibrillators, as evidenced by the successful completion of a combination cardio-pulmonary resuscitation/automated external defibrillator (CPR/AED) training class.

(7) On A Regular Basis. As used in § 17-188(a)(3)(iv) of the Code, refers to those senior centers offering services, including lunch, to senior citizens at least three days per week.

(8) Advanced Life Support. As used in § 17-188(j) of the Code and § 24-06, advanced life support must include, although is not limited to, the availability of manual defibrillation.

**Section 24-02. Compliance with State Law**

Any automated external defibrillator required pursuant to §17-188 of the Code shall be acquired, possessed and operated in accordance with the requirements of §3000-b of the New York State Public Health Law.

**Section 24-03. Quantity and Location of Automated External Defibrillators**

(a) The owner or operator of a public place, as defined in §17-188(a)(3) of the Code and limited by §17-188(e), shall place at least one automated external defibrillator(s) in a prominent location in that public place. In those public places maintained by the Division of Facilities Management and Construction of the Department of Citywide Administrative Services, this placement shall be within a "publicly accessible area", as defined in §24-01 (b)(3).

(b) Automated external defibrillator(s) shall be located or placed so that this equipment can be obtained in a timely manner. For those buildings operated by the Division of Facilities Management and Construction of the Department of Citywide Administrative Services having publicly accessible areas located more than five (5) floors apart, no such publicly accessible area shall be more than five floors from where an automated external defibrillator is located.

(c) Storage conditions for the automated external defibrillators shall be in compliance with the manufacturer's specifications.

**Section 24-04. Required Notice: Signage Information**

(a) The owner or operator of a public place shall provide written notice to all persons using a public place, as that term is defined in §17-188(a)(3) of the Code, in the form of a clear and conspicuous wall sign placed at a height between five and seven feet above the floor and which is also in close proximity to the automated external defibrillator unit storage location.

(b) The sign shall contain the following language in lettering and representation (symbol) in the size indicated:

- "DEFIBRILLATOR" or "AED" (minimum height - two (2) inches)
- Automated External Defibrillator (minimum height – five eighths (5/8) inch)
- Heart and lightening bolt logo (minimum height - two (2) inches)

(c) A second wall sign either similarly placed as the one required in subsection (a) of this section or located on the storage cabinet containing the automated external defibrillator must contain the following information in the size indicated:

- In event of emergency call 911 (minimum height –three eighths (3/8) inch)
- and
- Contact this facility's trained responder(s) at: (Give contact information for trained responder(s) (minimum height – three eighths (3/8) inch)

(d) In addition to the signs required in subsections (a) and (b) of this section, a wall sign containing the information specified in subsection (c) of this section shall be placed in a prominent location on all publicly accessible floors of a public place. Such sign shall also state that more information on CPR/AED training may be obtained by calling 311.

(e) Exception. The wall signs required by subsections (c) and (d) of this section shall not be required in nursing homes.

(f) Signs in conformity with the requirements specified in §24-03 (b) and (c) shall be made available by the Department, at no cost to the owner or operator of a public place required to have an automated external defibrillator. An owner or operator shall use either the sign provided by the Department or its own sign provided that the sign used meets the requirements specified in this section.

(g) All automated external defibrillators shall be stored with clear concise written or pictorial instructions for their use.

Section 24-05 Site-Specific Response Plan

(a) The owner or operator of a public place, as defined in §17-188 of the Code, must have a site response and maintenance plan as part of the written practice protocols included in the collaborative agreement required by §3000-b of New York State Public Health Law. This plan must be made available to the Department upon its request.

(b) The Site-Specific Plan must specify the following:

1. A list of the trained responders, the specific training they received, how they can be contacted, the locations of the trained responders at the site.

2. The provider of the AED/CPR training received by each trained responder, the date that training was received as well as the due dates for training recertification of each trained responder.

3. The specific location(s) of the automated external defibrillator(s) at the public place. The automated external defibrillator(s) shall be in a location(s) accessible to the trained responder(s).

4. The party responsible for verifying that the automated external defibrillator(s) is in operable condition and for ensuring that the equipment is maintained in conformity with the manufacturer's recommendations.

5. The placement and exact location of the signs required by §24-04(a), (b) and (c) along with the information on how to contact the site's trained responder(s).

6. Instructions on how to identify an on-site medical emergency and a listing of procedures to be followed to notify trained responders of the existence of that emergency.

7. Procedures to be followed to notify the emergency medical services system as to the existence of an on-site medical emergency.

8. How the trained responder(s) at a site will be dispatched to the location of the medical emergency.

9. The procedures to be followed by the trained responder(s) at the location upon their response to the location of a medical emergency.

10. Procedures to be followed by trained responders upon their transfer of care of an emergency to the emergency medical services system.

11. Instructions on how to document each use of an automated external defibrillator and immediately report such usage in accordance with Public Health Law §3000-b.

( c ) The number of trained responders in each public place shall be commensurate with the size and configuration of the facility to permit rapid response during regular business hours. The number of trained responders in nursing homes required to make on-site automated external defibrillators available pursuant to §17-188(b) of the Code shall be as specified in §24-06.

Section 24-06 Nursing Homes

(a) Nursing homes not making available advanced life support, as that term is defined in §24-01(b)(8), by a physician, registered nurse or emergency medical technician present on-site twenty-four hours a day, seven days a week or not making available automated external defibrillators to be used by a trained physician, registered nurse or emergency medical technician present on-site twenty-fours hours a day, seven days a week, shall provide on-site automated external defibrillators, as required by §17-188(b) of the Code in the number specified in §24-03(a). Such nursing homes must acquire, possess and operate their automated external defibrillators in accordance with the requirements of § 3000-b of the Public Health Law, as specified in § 24-02.

(b) A minimum of two trained responders, as defined in §24-01(b)(6), shall be present at all times in those nursing homes required to make automated external defibrillators available.

## PROCUREMENT POLICY BOARD

■ NOTICE

### NOTICE OF OPPORTUNITY TO COMMENT ON PROPOSED RULE AMENDMENT

The Procurement Policy Board (PPB) intends to promulgate an amendment to **Chapter 4 Contract Administration** of its Rules pursuant to Section 311 of the New York City Charter.

**Basis and Purpose of the Amendment**

The proposed rule creates a new section 4-12 which establishes standards regarding the submission of certain contracts to the Comptroller for registration and provides for monetary penalties in the event that an agency fails to meet such standards.

**How to Comment**

A public hearing will be held on November 8, 2005 at 11:30 a.m. at the Mayor's Office of Contracts, 253 Broadway, 9th Floor, New York City. In lieu of testimony, written comments may be sent to Brendan J. Sexton, Chair, Procurement Policy Board, 253 Broadway, 9th Floor, New York, N.Y., 10007. *To be considered, comments must be received by November 8th, 2005.*

**The Amended Rule**

In the amendment, which immediately follows this notice, new material is underlined and deletions are bracketed.

Brendan J. Sexton, Chair

**Section 1. Chapter 4 of Title 9 of the Rules of the City of New York is amended by adding a new section 4-12, to read as follows:**

§4-12 Late Registration.

(a) Policy. (i) No contract shall be implemented until the procedures set forth in Charter § 328 have been followed.

(ii) In the circumstance wherein an expiring contract for services is to be replaced by a new contract awarded from an RFP pursuant to Section 3-03, renewed pursuant to Section 4-04 or extended pursuant to Sections 3-04(b)(2)(iii) or 402(b)(1)(iii), the agency should notify the selected vendor of its selection by no later than ninety (90) days prior to the expiration date of the contract that is to be replaced, renewed or extended. Earlier notification is preferable, particularly where the agency anticipates that the vendor will be required to file a new VENDEX questionnaire pursuant to Section 2-08(e)(2). In addition, where an agency proposes to continue services by means of a new RFP award, the Notice of Solicitation for such RFP should be published by the agency pursuant to Section 3-03(d) by no later than two hundred fifty (250) days prior to the expiration of the contract(s) to be replaced.

(b) Timeliness of Submission for Registration. The provisions of this subdivision shall apply to client service contracts and extensions of the following types: contracts awarded by negotiated acquisition where there is a compelling need to extend the contract one or more times beyond the cumulative twelve-month limit, pursuant to Section 304(b)(2)(iii); contracts for which no public hearing is required pursuant to these Rules because they do not differ materially in terms and conditions from contracts currently held by the City where the parties to such contracts are the same, pursuant to Section 211(b)(3); extensions of contract terms for a cumulative period not to exceed one year, pursuant to Section 4-02(b)(1)(iii); and renewal contracts, pursuant to Section 4-04. Notwithstanding the above, contracts awarded pursuant to Section 1-02(e) shall not be subject to the provisions of this subdivision. Any agency that submits such a contract or extension to the Comptroller for registration after the start date of such contract shall be deemed to have submitted the contract in an untimely manner, unless the ACCO determines that the vendor's conduct constituted a material cause of such late submission. The ACCO shall not make such a determination against a vendor unless the agency met the timely notification requirements set forth in subdivision (a)(ii) above, i.e., by notifying the vendor at least ninety (90) days prior to the expiration of the contract to be replaced.

(c) Substantial Compliance. The CCPO shall review each agency's performance under this Section at least twice each year. Any agency that the CCPO determines is generally submitting contracts in an untimely manner as defined in this Section, i.e., is not in substantial compliance with the provisions of subdivision (b) of this Section, shall be required to make interest payments in accordance with subdivision (d) for any subsequent contracts that are submitted to the Comptroller for registration in an untimely manner. The CCPO may, upon application of an agency previously determined not to be in substantial compliance with the provisions of this Section, review the agency's intervening performance, and may determine that the agency is now in substantial compliance with the provisions of this Section. Contracts entered into by the agency subsequent to such a determination shall not be required to make late registration interest payments.

(d) Interest payments. (i) An agency required to make interest payments under this Section shall make them for the period commencing thirty (30) days after the effective date of the contract and ending with the date the contract is registered. Interest payments shall be made only to reimburse the vendor for interest actually incurred by the vendor pursuant to a loan taken out by the vendor, where such loan was used and interest incurred because of the untimely registration of a contract. The rate at which such interest is reimbursed shall not exceed the maximum rate allowed by law or the rate set jointly by the Comptroller and OMB pursuant to Section 4-06, whichever is lower. The amount of the loan on which the interest payments are based shall not be greater than the amount due under the contract prior to registration.

(ii) The Comptroller and OMB may, for a limited period of time not to exceed thirty days per calendar year, jointly defer the City's obligation to pay interest when the City is experiencing a shortage of cash. In such event, the CCPO shall provide, at the earliest practicable opportunity, written notice to ACCOs of this action and its expected duration. Notice of this action shall be published by the CCPO in the City Record as soon as is practicable after such determination is made, not to exceed thirty days. The CCPO shall provide similar written notice of subsequent action either to extend or cancel this period of deferral.

(iii) Except where otherwise required by law, an interest payment required by these Rules shall be paid from the agency expense budget of the agency awarding the contract, provided however that if the obligation to make an interest payment is incurred in whole or in part due to another agency's involvement in the procurement process, then the portion of the total interest payment that is attributable to delays by that agency shall be charged to that agency's miscellaneous budget.

### PUBLIC NOTICE OF A SCOPING MEETING DRAFT ENVIRONMENTAL IMPACT STATEMENT (CEQR No. 06DCP032M)

Notice is hereby given that pursuant to Section 5-07 of the Rules of Procedure for Environmental Review (CEQR) and 6 NYCRR 617.8 (State Environmental Quality Review) the New York City Department of City Planning (DCP), acting on behalf of the City Planning Commission as CEQR lead agency, has determined that a draft environmental impact statement is to be prepared for the proposed Manhattanville in West Harlem Rezoning and Academic Mixed-Use Development (CEQR No. 06DCP032M).

Columbia University is proposing the Manhattanville in West Harlem Rezoning and Academic Mixed-Use Development project for an approximately 35-acre area (the "Project Area") in the Manhattanville section of West Harlem in Manhattan Community District 9. The Project Area is roughly bounded by the Hudson River to the west, West 133rd and West 135th Streets to the north, Broadway to the east, including several parcels located east of Broadway between West 131st and West 135th Streets, and West 125th Street and St. Claire Place to the south. The proposed action would amend the zoning map from M1-1, M1-2, M2-3, and M3-1 to M1-1, R8A, R8A with a C1-4 overlay, and C6-2 and establish a new Special Manhattanville Mixed- Use Zoning District in the Project Area.

The proposed action is intended to facilitate a proposal by Columbia to develop approximately 6.8 million gross square feet of new academic facilities and related uses over a 25-year period as part of an Academic Mixed-Use Development plan to meet its need for long-term growth and modernization. The Academic Mixed-Use Area is an approximately 17 acre area generally located between Broadway and Twelfth Avenue, from West 125th Street to West 133rd Street, including several parcels located east of Broadway between West 131st and West 134th Streets. The rezoning could also result in additional development on numerous sites within the Project Area that are not within the Academic Mixed-Use Area. In addition to the rezoning, implementation of the Academic Mixed-Use Development plan would require the adoption of a General Project Plan for the Academic Mixed-Use Area by the New York State Urban Development Corporation doing business as the ESDC.

Public comments are requested with respect to the issues to be addressed in the draft environmental impact statement.

**A public scoping meeting has been scheduled for Tuesday, November 15, 2005 from 4:00 P.M. to approximately 8:00 P.M., and will be held at I.S. 195, 625 West 133rd Street, between Broadway and Twelfth Avenue, New York, New York 10027.** Written comments will be accepted by the lead agency until November 28, 2005.

Copies of the Draft Scope of Work and the Environmental Assessment Statement may be obtained from the Environmental Assessment and Review Division, New York City Department of City Planning, 22 Reade Street, 4E, New York, New York 10007, Robert Dobruskin, Director (212) 720-3423; or from the Office of Environmental Coordination, 100 Gold Street, 2nd Floor, New York, New York 10038, Robert Kulikowski, Ph.D., Director (212) 788-2937.

■ PUBLIC HEARINGS

**NOTICE OF PUBLIC HEARING ON THE DRAFT DESIGN REPORT/DRAFT ENVIRONMENTAL IMPACT STATEMENT**

**WILLIS AVENUE BRIDGE RECONSTRUCTION PROJECT**
**PROJECT IDENTIFICATION NO. X757.00**
**CEQR NO. 06DOT003X**

The Federal Highway Administration (FHWA), in cooperation with the New York State Department of Transportation (NYSDOT) and the New York City Department of Transportation (NYCDOT), has prepared a Draft Design Report/Draft Environmental Impact Statement (Draft DR/DEIS) for the proposed reconstruction of the 100-year-old Willis Avenue Bridge over the Harlem River between Manhattan (New York County) and the Bronx (Bronx County), New York. In the Bronx, the Willis Avenue Bridge also traverses over the Harlem River Yard. The project involves the complete replacement of the bridge with a new swing span and flanking girder spans on each side, on a new alignment immediately south of the existing bridge. New approaches and ramps would transition back to the existing connections with the street and arterial highway networks. The purpose of the proposed project is to improve lane width and geometry of the bridge and its approach ramps, improve safety, increase load carrying capacity, improve bicycle and pedestrian facilities, and to address all structural and seismic deficiencies. Funding for the project is being sought from the FHWA, in conjunction with NYSDOT. The FHWA is the Federal Lead Agency sponsoring the Willis Avenue Bridge reconstruction, which will be undertaken by NYCDOT.

The Draft DR/DEIS assesses the project's effect on the quality of the human environment in accordance with the provisions of Section 102(2) (c) of the National Environmental Policy Act of 1969 P.L. 91-190 (NEPA); the State Environmental Quality Review Act, Article 8 of the State Environmental Conservation Law (SEQRA); and the City Environmental Quality Review (CEQR), Mayoral Executive Order 91 of 1977 as amended. The Draft DR/DEIS identifies significant adverse impacts related to cultural resources, noise and natural resources.

Public hearings on the Draft DR/DEIS will be held from 5:30 P.M. to 8:30 P.M. on Monday, October 17, 2005 at the East Harlem Council for Community Improvement Multi-Service Center Auditorium, 413 East 120th Street, New York, NY, and on Tuesday, October 18, 2005 at the Lincoln Medical and Mental Health Center Auditorium, 234 East 149th Street, Bronx, NY, to accept verbal and written comments. Written comments will be accepted through October 28, 2005, and should be forwarded to:

Douglas Currey, P.E., Regional Director, NYSDOT, Region 11, Hunters Point Plaza, 47-40 21st Street, Long Island City, NY 11101, or

Robert Arnold, P.E., Division Administrator, FHWA, Leo W. O'Brien Federal Building, Rm 719, Clinton Avenue and North Pearl Street, Albany, New York 12207, or

Balram Chandiramani, P.E., Director, Movable Bridges Group, NYCDOT, 2 Rector Street, 5th Floor, New York, NY 10006, or

Naim Rasheed, Director, Division of Traffic Planning, NYCDOT, 40 Worth Street, Room 928, New York, NY 10013.

Copies of the Draft DR/DEIS are available for review and copying during business hours at the offices listed above, and at the following additional locations:

New York Public Library, Melrose Branch, 910 Morris Avenue, Bronx, NY 10451

New York Public Library, 125th Street Branch, 224 E.125th Street, New York, NY 10035

**CORRECTION: CENTRALIZED JOB DEVELOPMENT PROJECT** – Demonstration Project – Testing or experimentation is required - PIN# 8012005Y1000 – DUE 10-11-05 AT 2:00 P.M. – CORRECTION: CORRECTED AND AMENDED

To conduct a one year Demonstration Project for centralized job development and jobseeker screening and placement services with Structured Employment Economic Development Corporation (SEEDCO).

This project will sevice medium and large scale businesses citywide by creating a single point of contact to connect them with SBS workforce development services and its pool of jobseekers, and facilitate the process of meeting large scale and recurring hiring needs of large businesses.

SBS has determined that this approach to working with businesses and handling large scale placement is not currently in use in City government and that it is advisable to evaluate this approach before contracting for these services on long term basis. If this demonstration project is successful, SBS and the City will work with neighborhood stakeholders to institutionalize the program through a competitive procurement.

Other service providers may express their interest in providing the services described above by submitting a statement of their qualifications and experience by 10/11/05 at 2:00 p.m. to Tony Monroe, Agency Chief Contracting Officer, New York City Department of Small Business Services, at 110 William Street, 7th Floor, New York, NY 10038.

*Use the following address* unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/ blueprints; other information; and for opening and reading of bids at date and time specified above.

# READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

**NOTICE TO ALL NEW YORK CITY CONTRACTORS**

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in Crosby v. National Foreign Trade Council, 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

**CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES**

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

**VENDOR ENROLLMENT APPLICATION**

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists--free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

**Attention Existing Suppliers:**
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

**SELLING TO GOVERNMENT TRAINING WORKSHOP**

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

**PRE-QUALIFIED LIST**

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

**NON-MAYORAL ENTITIES**

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

**PUBLIC ACCESS CENTER**

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

**ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES**

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

**PROMPT PAYMENT**

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

**PROCUREMENT POLICY BOARD RULES**

The Rules may also be accessed on the City Website, http://NYC.GOV.Selltonyc

**HOW TO READ CR PROCUREMENT NOTICES**

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

**COURT REGULATIONS, ~~AND~~ MINIMUM DISTANCE BETWEEN WINDOWS AND WALLS OR LOT LINES AND OPEN AREA REQUIREMENTS**

* * *

**23-89**
**Open Area Requirements for Residences in Lower Density Growth Management Areas in the Borough of Staten Island**

The provisions of this Section shall apply in #lower density growth management areas# in the Borough of Staten Island, to all #zoning lots# in #Residence Districts# with two or more #residential buildings# or #building segments#. All such #residential buildings# or #building segments# shall provide open areas as set forth below:

(a) An open area shall be provided adjacent to the rear wall of each such #building# or #building segment#. For the purposes of this Section, the "rear wall" shall be the wall opposite the wall of each #building# or #building segment# that faces a #street# or #private road#. The width of such open area shall be equal to the width of each #building# or #building segment#, and the depth of such open area shall be at least 30 feet when measured perpendicular to each rear wall. No such open areas shall serve more than one #building# or #building segment#. Only those obstructions set forth in paragraph (b) of Section 23-44 shall be allowed, except that parking spaces, whether enclosed or unenclosed, and driveways shall not be permitted within such open areas.

(b) For #buildings# or #building segments# that front upon two or more #streets# or #private roads#, and for #buildings# or #building segments# that do not face a #street# or #private road#, one wall of such #building# or #building segment# shall be designated the rear wall, and the open area provisions of this Section applied adjacent to such wall. However, for not more than one #building# or #building segment# located at the corner of intersecting #streets# or #private roads#, the depth of such required open area may be reduced to 20 feet.

**107-42**
**Minimum Lot Area and Lot Width for Residences**

~~For the purposes of this Chapter, all #residences# permitted by the underlying district regulations shall comply with the minimum #lot area# and #lot width# requirements which shall vary with the building height as set forth in Table A.~~

For all #zoning lots# containing #residences#, the minimum #lot area# and #lot width# requirements set forth in Table A shall apply, which shall vary by building height. Where two

or more #buildings# that are #single# or #two-family detached# or #semi-detached residences# are located on a #zoning lot#, the applicable minimum #lot area# requirement shall be multiplied by the number of such #buildings# on the #zoning lot#.

The #lot width# requirements set forth in this Section shall be applied as set forth in the definition of #lot width# in Section 12-10, provided that the applicable lot width, in feet, set forth in the table above shall be met along at least one #street line# of the #zoning lot#, or, for #corner lots#, along each intersecting #street line#. No #residence#, or portion thereof, shall be permitted between opposing #side lot lines# where such #lot lines# would be nearer to one another at any point where such #residence# is located than the applicable minimum lot width, in feet, set forth in the table above.

However, one #single-family detached residence# or, where permitted, one #single# or #two-family residence#, may be built upon a #zoning lot# consisting entirely of a tract of land, that:

(a) has less than the minimum ~~of~~ #lot area# or ~~#lot width# prescribed in Table A~~ lot width required pursuant to this Section; and

(b) was owned separately and individually from all other adjoining tracts of land, ~~both on September 11, 1975 and on the date of application for a building permit,~~ both on (effective date of amendment) and on the date of application for a building permit.

In all cases, the density regulations of the applicable district shall remain in effect, except that the factor for determining the maximum number of #dwelling units# shall be 1,000 in R3A and R4A Districts, 1,140 in R3X Districts, and 685 for #semi-detached residences# in R3-1 and R3-2 Districts.

**INDEX NUMBER 28174/05**

In the Matter of Application of the CITY OF NEW YORK Relative to Acquiring Title in Fee Simple Absolute to Certain Real Property where not heretofore acquired for **CROWN HEIGHTS 5TH AMENDMENT, URBAN RENEWAL PROJECT** generally bounded by Buffalo Avenue, Rochester Avenue, Bergen Street and St. Marks Avenue, in the Borough of Brooklyn, City and State of New York.

**PLEASE TAKE NOTICE** that the Corporation Counsel of the City of New York intends to make application to the Supreme Court of the State of New York, Kings County, IA Part 74, for certain relief.

The application will be made at the following time and place: At 320 Jay Street, Room 17-21, in the Borough of Brooklyn, City and State of New York, on October 21, 2005, at 9:30 A.M., or as soon thereafter as counsel can be heard.

The application is for an order:

1. authorizing the City to file an acquisition map in the Office of the City Register;
2. directing that upon the filing of said map, title to the property sought to be acquired shall vest in the City;
3. providing that just compensation therefor be ascertained and determined by the Supreme Court without a jury; and
4. providing that notices of claim must be served and filed within one calendar year from the vesting date.

The City of New York, in this proceeding, intends to acquire title in fee simple absolute to certain real property where not heretofore acquired for the same purpose, for CROWN HEIGHTS 5TH AMENDMENT, URBAN RENEWAL PROJECT in the Borough of Brooklyn, City and State of New York.

The description of the real property to be acquired is as follows:

all that certain plot, piece or parcel of land, with the buildings and improvements thereon erected, situated, lying and being in the Borough of Brooklyn, County of Kings, City and State of New York, known as Tax Block 1356, Lots 46, 47, and 48.

The property shall be acquired subject to encroachments, if any, of the structures, improvements and appurtenances standing or maintained partly upon the above described parcels and partly upon the lands and premises adjoining the same, as long as such encroachments shall stand.
Surveys, maps or plans of the property to be acquired are on file in the office of the Corporation Counsel of the City of New York, 100 Church Street, New York, New York 10007.

**PLEASE TAKE FURTHER NOTICE THAT,** pursuant to EDPL Section 402(B)(4), any party seeking to oppose the acquisition must interpose a verified answer, which must contain specific denial of each material allegation of the petition controverted by the opponent, or any statement of new matter deemed by the opponent to be a defense to the proceeding.

Pursuant to CPLR 403, said answer must be served upon the office of the Corporation Counsel at least seven (7) days before the date that the petition is noticed to be heard.

**AUDIT AND MANAGEMENT TRAINING PROGRAM/ GRANT CONTINUING EDUCATION CREDITS** – Other – PIN# 856050001340 – DUE 10-21-05 AT 11:00 A.M. – The Department of Citywide Administrative Services, Division of Citywide Personnel Services intends to enter into contract negotiations with the United States Department of Agriculture (USDA) Graduate School to provide audit and management training programs and grant continuing professional education credits to City audit and audit management personnel for three years. The USDA Graduate School has provided training to the City of New York since 1992. The courses have been specifically tailored to reflect the City's rules, regulations and structures. It is the best interest of the City to use the USDA Graduate School to provide these training services because it is the only training organization that deals exclusively with government auditing. Any qualified suppliers may express their interest in providing such services for any future procurements by sending a letter to Department of Citywide Administrative Services, Office of Contracts, Room 2212, New York, NY 10007. ## HOMELESS SERVICES

**OFFICE OF CONTRACTS AND PROCUREMENT**

■ SOLICITATIONS

*Human/Client Service*

**DEVELOP TRANSITIONAL RESIDENCE FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS** – Competitive Sealed Proposals – Judgment required in evaluating proposals - PIN# 071-00S-003-262 – DUE 01-03-06 AT 5:00 P.M. – The Department of Homeless Services is soliciting proposals from organizations interested in developing and operating transitional residences for homeless adults and families including the Neighborhood Based Cluster Residence and drop-in centers for adults. This is an open-ended solicitation; there is no due date for submission. Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-forth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the transitional residence contracts will range from 3 to 20 years including renewal options and depending on the financial terms and conditions.

Pursuant to Section 312 (c) (1) (ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgment is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03 (c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences in order to address the need to create additional shelter capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated as a for-profit entity; 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed Standalone facility location(s); and 3) must demonstrate an intent to enter into lease agreements with the owner(s) or management designee(s) for each property.

Any organization that believes it can provide these services may contact: John Iaffaldano, Associate Staff Analyst, Office of Contracts and Procurement at the Department of Homeless Services at (212) 361-8435, 33 Beaver Street, 13th Floor, NY, NY 10004, to request a copy of the RFP application, which is available for pick-up Monday through Friday on business days between the hours of 9:00 a.m. to 5:00 p.m.

*Use the following address* unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/ blueprints; other information; and for opening and reading of bids at date and time specified above.

*Human/Client Service*

**NON-SECURE DETENTION GROUP HOME SERVICES** – Negotiated Acquisition – Judgment required in evaluating proposals - PIN# 13005DJJ001 – DUE 09-01-06 AT 3:00 P.M. – The Department of Juvenile Justice (DJJ) is seeking expressions of interest from qualified vendors to provide non-secure detention group home services. Since DJJ must respond to a court order, there is a time-sensitive situation in which DJJ must retain a supplier quickly, at one time or from time to time, permitting this procurement to be processed as a negotiated acquisition. Facilities should provide at least 10 and no more than 12 beds in accordance with the applicable regulations promulgated by the New York State Office of Children and Family Services (NYSOCFS), 9 N.Y.C.R.R. Section 180 et seq., and be operational at any time from December 1, 2004 to August 31, 2006. The term of the contracts awarded from this solicitation will be for three years and will include an additional three-year option to renew.

Vendors interested in providing these services should contact Harry T. Bavaro at the Department of Juvenile Justice, 365 Broadway, 5th Floor, New York, NY 10013 for a copy of the solicitation document if they have not already received a copy. If a vendor is interested in being considered for award of a contract described above, please hand deliver a written expression of interest addressed to Harry T. **CORRECTION: CENTRALIZED JOB DEVELOPMENT PROJECT** – Demonstration Project – Testing or experimentation is required - PIN# 8012005Y1000 – DUE 10-11-05 AT 2:00 P.M. – CORRECTION: CORRECTED AND AMENDED

To conduct a one year Demonstration Project for centralized job development and jobseeker screening and placement services with Structured Employment Economic Development Corporation (SEEDCO).

This project will sevice medium and large scale businesses citywide by creating a single point of contact to connect them with SBS workforce development services and its pool of jobseekers, and facilitate the process of meeting large scale and recurring hiring needs of large businesses.

SBS has determined that this approach to working with businesses and handling large scale placement is not currently in use in City government and that it is advisable to evaluate this approach before contracting for these services on long term basis. If this demonstration project is successful, SBS and the City will work with neighborhood stakeholders to institutionalize the program through a competitive procurement.

Other service providers may express their interest in providing the services described above by submitting a statement of their qualifications and experience by 10/11/05 at 2:00 p.m. to Tony Monroe, Agency Chief Contracting Officer, New York City Department of Small Business Services, at 110 William Street, 7th Floor, New York, NY 10038.

## CITY PLANNING

■ NOTICE

NYC DEPARTMENT OF CITY PLANNING
PROPOSED 2006 CONSOLIDATED PLAN
30 DAY PUBLIC COMMENT PERIOD AND PUBLIC HEARING

NYC Department of City Planning announces the PUBLIC COMMENT PERIOD and PUBLIC HEARING for the Proposed 2006 Consolidated Plan. The thirty-day PUBLIC COMMENT PERIOD will begin on OCTOBER 7, 2005, and will end NOVEMBER 7, 2005.

A PUBLIC HEARING will be held on Thursday, November 3, 2005 beginning at 3:30 p.m. at 22 Reade Street, Spector Hall, New York, N.Y. 10007. The Public Hearing will be followed by a question and answer session with City agency representatives in attendance.

The 2006 Proposed Consolidated Plan contains the City's annual application for four U.S. Department of Housing and Urban Development (HUD) Community Planning and Development programs: Community Development Block Grant (CDBG), HOME Investment Partnership (HOME), Emergency Shelter Grant (ESG), and Housing Opportunities for Persons with AIDS (HOPWA).

Proposed Funding allocations for 2006 are as follows: CDBG $260.531 million; HOME=$126.735 million; ESG=$8.004 million; HOPWA=$47.056 million totaling $442.326 million.

The *2006 Proposed Consolidated Plan* consists of three volumes: Volume 1. Contains Action Plan: One-Year Use of Funds; Volume 2. Contains the City(s Supportive Housing Continuum of Care for the Homeless and Other Non-Homeless Special Needs Populations, and Other Actions, which are the statutory requirements of the Cranston-Gonzalez Housing Act's Comprehensive Housing Affordability Strategy; and Volume 3. Summary of Citizens' Comments, and Appendices. The Appendices include: Definitions; Abbreviations and Acronyms; Maps of Areas for Directed Assistance and Minority Populations; Dictionary of Program Description Variables; Index of Programs; and Resources for Prospective Homebuyers.
To obtain a free copy of the 2006 Proposed Consolidated Plan, please visit the City Planning Bookstore, 22 Read Street, New York, N.Y. (M - F, 10:00 am to 4:00 pm).

### PUBLIC NOTICE OF A SCOPING MEETING
### DRAFT ENVIRONMENTAL IMPACT STATEMENT
### (CEQR No. 06DCP032M)

Notice is hereby given that pursuant to Section 5-07 of the Rules of Procedure for Environmental Review (CEQR) and 6 NYCRR 617.8 (State Environmental Quality Review) the New York City Department of City Planning (DCP), acting on behalf of the City Planning Commission as CEQR lead agency, has determined that a draft environmental impact statement is to be prepared for the proposed Manhattanville in West Harlem Rezoning and Academic Mixed-Use Development (CEQR No. 06DCP032M).

Columbia University is proposing the Manhattanville in West Harlem Rezoning and Academic Mixed-Use Development project for an approximately 35-acre area (the "Project Area") in the Manhattanville section of West Harlem in Manhattan Community District 9. The Project Area is roughly bounded by the Hudson River to the west, West 133rd and West 135th Streets to the north, Broadway to the east, including several parcels located east of Broadway between West 131st and West 135th Streets, and West 125th Street and St. Claire Place to the south. The proposed action would amend the zoning map from M1-1, M1-2, M2-3, and M3-1 to M1-1, R8A, R8A with a C1-4 overlay, and C6-2 and establish a new Special Manhattanville Mixed- Use Zoning District in the Project Area.

The proposed action is intended to facilitate a proposal by Columbia to develop approximately 6.8 million gross square feet of new academic facilities and related uses over a 25-year period as part of an Academic Mixed-Use Development plan to meet its need for long-term growth and modernization. The Academic Mixed-Use Area is an approximately 17 acre area generally located between Broadway and Twelfth Avenue, from West 125th Street to West 133rd Street, including several parcels located east of Broadway between West 131st and West 134th Streets. The rezoning could also result in additional development on numerous sites within the Project Area that are not within the Academic Mixed-Use Area. In addition to the rezoning, implementation of the Academic Mixed-Use Development plan would require the adoption of a General Project Plan for the Academic Mixed-Use Area by the New York State Urban Development Corporation doing business as the ESDC.

Public comments are requested with respect to the issues to be addressed in the draft environmental impact statement.

**A public scoping meeting has been scheduled for Tuesday, November 15, 2005 from 4:00 P.M. to approximately 8:00 P.M., and will be held at I.S. 195, 625 West 133rd Street, between Broadway and Twelfth Avenue, New York, New York 10027.** Written comments will be accepted by the lead agency until November 28, 2005.

Copies of the Draft Scope of Work and the Environmental Assessment Statement may be obtained from the Environmental Assessment and Review Division, New York City Department of City Planning, 22 Reade Street, 4E, New York, New York 10007, Robert Dobruskin, Director (212) 720-3423; or from the Office of Environmental Coordination, 100 Gold Street, 2nd Floor, New York, New York 10038, Robert Kulikowski, Ph.D., Director (212) 788-2937.

## TRANSPORTATION

■ PUBLIC HEARINGS

**NOTICE OF PUBLIC HEARING ON THE DRAFT DESIGN REPORT/DRAFT ENVIRONMENTAL IMPACT STATEMENT**

**WILLIS AVENUE BRIDGE RECONSTRUCTION PROJECT**
**PROJECT IDENTIFICATION NO. X757.00**
**CEQR NO. 06DOT003X**

The Federal Highway Administration (FHWA), in cooperation with the New York State Department of Transportation (NYSDOT) and the New York City Department of Transportation (NYCDOT), has prepared a Draft Design Report/Draft Environmental Impact Statement (Draft DR/DEIS) for the proposed reconstruction of the 100-year-old Willis Avenue Bridge over the Harlem River between Manhattan (New York County) and the Bronx (Bronx County), New York. In the Bronx, the Willis Avenue Bridge also traverses over the Harlem River Yard. The project involves the complete replacement of the bridge with a new swing span and flanking girder spans on each side, on a new alignment immediately south of the existing bridge. New approaches and ramps would transition back to the existing connections with the street and arterial highway networks. The purpose of the proposed project is to improve lane width and geometry of the bridge and its approach ramps, improve safety, increase load carrying capacity, improve bicycle and pedestrian facilities, and to address all structural and seismic deficiencies. Funding for the project is being sought from the FHWA, in conjunction with NYSDOT. The FHWA is the Federal Lead Agency sponsoring the Willis Avenue Bridge reconstruction, which will be undertaken by NYCDOT.

The Draft DR/DEIS assesses the project's effect on the quality of the human environment in accordance with the provisions of Section 102(2) (c) of the National Environmental Policy Act of 1969 P.L. 91-190 (NEPA); the State Environmental Quality Review Act, Article 8 of the State Environmental Conservation Law (SEQRA); and the City Environmental Quality Review (CEQR), Mayoral Executive Order 91 of 1977 as amended. The Draft DR/DEIS identifies significant adverse impacts related to cultural resources, noise and natural resources.

Public hearings on the Draft DR/DEIS will be held from 5:30 P.M. to 8:30 P.M. on Monday, October 17, 2005 at the East Harlem Council for Community Improvement Multi-Service Center Auditorium, 413 East 120th Street, New York, NY, and on Tuesday, October 18, 2005 at the Lincoln Medical and Mental Health Center Auditorium, 234 East 149th Street, Bronx, NY, to accept verbal and written comments. Written comments will be accepted through October 28, 2005, and should be forwarded to:

Douglas Currey, P.E., Regional Director, NYSDOT, Region 11, Hunters Point Plaza, 47-40 21st Street, Long Island City, NY 11101, or

Robert Arnold, P.E., Division Administrator, FHWA, Leo W. O'Brien Federal Building, Rm 719, Clinton Avenue and North Pearl Street, Albany, New York 12207, or

Balram Chandiramani, P.E., Director, Movable Bridges Group, NYCDOT, 2 Rector Street, 5th Floor, New York, NY 10006, or

Naim Rasheed, Director, Division of Traffic Planning, NYCDOT, 40 Worth Street, Room 928, New York, NY 10013.

Copies of the Draft DR/DEIS are available for review and copying during business hours at the offices listed above, and at the following additional locations:

# READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

**NOTICE TO ALL NEW YORK CITY CONTRACTORS**

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in Crosby v. National Foreign Trade Council, 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

**CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES**

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

**VENDOR ENROLLMENT APPLICATION**

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists--free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

**Attention Existing Suppliers:**
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

**SELLING TO GOVERNMENT TRAINING WORKSHOP**

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

**PRE-QUALIFIED LIST**

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

**NON-MAYORAL ENTITIES**

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

**PUBLIC ACCESS CENTER**

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

**ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES**

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

**PROMPT PAYMENT**

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

**PROCUREMENT POLICY BOARD RULES**

The Rules may also be accessed on the City Website, http://NYC.GOV.Selltonyc

**HOW TO READ CR PROCUREMENT NOTICES**

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

### INVOCATION

The Invocation was delivered by Rev. Larry Seabrook, Council Member from the 12th Council District, The Bronx.

Giving honor to the Creator that certainly provides us with an opportunity to rise up for another day, and we must be blessed for the opportunity because there were many who did not give up today.

Our Creator, we give to you all of the glory for which you have provided us the opportunity to serve the people of this City and to serve this nation.

We must also give honor to those who are fighting over in Iraq today, so that they must have all of the blessings, and it is our hope that we will be able to live in harmony and in peace so that the world will be able to say that on this day that you did the service of the people and you did it well.

These and many other blessings I ask in Thy name, amen.

*At this point, the Speaker (Council Member Miller) asked for a Moment of Silence for the following New Yorkers killed in the Iraqi conflict:*

*James McNorton, NYPD Transit District 2 in Lower Manhattan, died August 2, 2005 as a member of Unit 306 of the Army Reserve's 800th Military Police Brigade;*

*Army Private Miles Thompson, born in Staten Island, died August 4, 2004;*

*PFC Armondo Rios of Queens, N.Y., died August 8, 2005, Army National Guard, member of the Fighting 69th.*

Council Member Barron moved to spread the Invocation in full upon the record.

**REPORTS OF THE STANDING COMMITTEES**

**Reports of the Committee on Civil Service and Labor**

Report for Int. No. 629-A

**Report of the Committee on Civil Service and Labor in favor of approving and adopting, a Local Law to amend the administrative code of the city of New York, in relation to prohibiting employers from locking employees or other individuals inside a workplace.**

The Committee on Civil Service and Labor to which was referred on April 20, 2005 (Minutes, page 2002) the annexed amended proposed local law respectfully

**REPORTS:**

On August 17, 2005, the Committee on Civil Service and Labor, chaired by Council Member Joseph P. Addabbo, Jr., will hold a hearing on Proposed Int. No. 629-A, a bill that would amend the Administrative Code of the City of New York, in relation to prohibiting employers from locking employees or other individuals working inside a workplace and increasing the fines for obstruction of exits and unlawful change of exits. The Committee previously held a hearing on June 7, 2005 to consider Int. No. 629.

**Background:**

The Triangle Shirtwaist Fire of 1911 remains a vivid and horrid tragedy that changed American labor unions and labor laws. At that time, 146 women and girls whose average age was 19 perished in that fire because they were locked in their workplace. According to David Von Drehle's book, entitled *Triangle: the Fire that Changed America*, the Triangle Shirtwaist Company fire started on an upper floor of a high-rise factory building in Greenwich Village on a Saturday afternoon in March 1911. For several critical minutes during the initial commotion, no one notified the 250 workers on the ninth floor, where most of the employees and sewing machines were located. At 4:45 p.m., a guard routinely locked one of the two exit doors on the ninth floor, to discourage theft. It was then that the workers on the ninth floor first learned about the fire from the smoke and flames. Some escaped through the other, unlocked door. Others used a fire escape. Still others braved the elevators. According to Von Drehle, "eventually there was just the locked door. The other exit was blocked by fire, the elevators couldn't run, the fire escape had collapsed...and there

were two horrible choices left: to jump out the windows or to die in the fire." Fifty-four people died by jumping and the rest died in the fire.[1] Shortly after this incident, the governor of New York appointed the Factory Investigating Commission. Over the next three years, the commission held dozens of hearings, resulting in the passage of the most sweeping set of workplace labor reforms in America.

Despite numerous workplace safety laws and regulations that dictate emergency egress plans and fire safety equipment and plans, the problem of locking workers in the workplace still exists. Large retailers have been cited for and accused of continuing this potentially fatal practice. For example, the Untied States Department of Labor's Occupational Safety and Health Administration ("OSHA") cited the Sears, Roebuck and Company store at 5200 Flatbush Avenue, Brooklyn in August 2000 for $82,500 in violations for padlocking fire exits and other alleged fire safety violations.[2] According to OSHA, Sears was also cited for this type of violation in Syracuse, NY in February 1999; in Bayshore, NY in February 1998; and in Boca Raton, FL in July 1997. In January 2004, a Sam's Club[3] employee severely crushed his ankle when heavy machinery fell while he was stocking shelves at 3 a.m. The trip to the hospital was delayed by over an hour because, according to a Wal-Mart Vice President, "the company used lock-ins to protect stores and employees in high crime areas."[4] Furthermore, according to a report in *The New York Times,* "[f]ive janitors said in interviews that supermarkets in Brooklyn, Queens and the Bronx still locked them in, with fire exits blocked or padlocked, even though the Fire Department was alerted to the problem [in June 2004]."[5] According to a March 25, 2005 article in *The New York Times*, "three immigrant janitors will file a lawsuit... against two supermarkets in the Bronx, accusing them of endangering their lives by locking them in at night with fire exits blocked or padlocked."[6]

**Proposed Int. No. 629-A**

Section 1 of Proposed Int. No. 629-A would explain the legislative findings and intent for the proposed legislation. Pursuant to this section, a workplace is intended to be "any location, away from the home, permanent or temporary, where any employee, independent contractor or other individual performs any work-related duty in the course of employment, whether or not

such duty is a direct responsibility of such person, including, but not limited to, any building that is classified by Title 27 the Administrative Code of the City of New York" (the "Code").

Section 2 would amend §26-248(g)(3) of the Code. Currently, subdivision g provides penalties for violations "at any structure, or part thereof, or land,"[7] that produce "an imminent hazard to persons or property as a result of (a) chance of occupancy; (b) use without a permit; (c) obstruction of exits; and (d) unlawful change of exits. Proposed Int. No. 629-A would delete the imminent hazard violations contained in subparagraphs c and d of §26-248(g)(3) and create harsher penalties for such violations in §3, discussed below.

Section 3 of Proposed Int. No. 629-A would amend §26-248 of the Code by adding a new subdivision i, which would increase the penalties for the violations deleted from paragraph 3 of subdivision g (see above). Pursuant to this subdivision, violations that produce an imminent hazard to persons or property as a result of any (a) obstruction of an exit of (b) wrongful change of an exit would subject the violator to a penalty of not less than $5,000 for a first violation; not less than $5,000 nor more than $10,000 for a second violation; not less than $10,000 nor more than $15,000 for a third violation; and not less than $15,000 nor more than $20,000 dollars for a fourth violation and every subsequent violation, or for any such violation by imprisonment for not more than six months, or by both the applicable fine and imprisonment. Such penalties would be applicable notwithstanding any other law, rule or regulation, and would be in addition to any other penalties provided in the Code or elsewhere.

Section 4 would amend Article 10 of Subchapter 3 of Chapter 1 of Title 26 of the Code by adding a new section, §26-252.1. Subdivision one of the new section would prohibit an employer or the agent of such employer from locking the doors of or otherwise prohibiting exit from any workplace when the health and safety of any employee, independent contractor or other

[7]Administrative Code of the City of New York §26-248(a).

person working in the workplace may become endangered by fire or other hazardous condition. There is an exemption to this prohibition for places specifically designated in §27-371(j) of the Code, "where extra safeguards are required," including penal facilities, mental institutions, banks, museums and jewelry stores.

Subdivision 2 of proposed §26-252.1 would require the Fire Department of the City of New York ("FDNY") to conduct a minimum of 50 unannounced inspections per year to ensure the identification and abatement of any hazardous conditions in violation of this section. Such inspections would be required to include, but not be limited to, sites where there are known or suspected conditions affecting employee safety and health.

Subdivision 3 of proposed §26-252.1 would create "whistleblower" protections for employees who are the subject of retaliatory action by their employer for lawful acts made in furtherance of civil or criminal enforcement proceedings brought concerning the failure of any employer to comply with §26-252.1. Employees of the City and State of New York already have similar protection under §12-113 of the Code and §75-B of the New York State Civil Service Law, respectively. The lawful acts protected by the proposed paragraph 3 would include, but not be limited to, assisting in the investigation and initiation of an enforcement proceeding relating to non-compliance with the provisions of §26-252.1, providing testimony in any such proceeding or providing other assistance in connection therewith. Subdivision 3 would provide that employees would be entitled to relief for any adverse action, including, but not limited to an injunction to restrain any adverse or retaliatory action; reinstatement to the same or equivalent position; reinstatement of full benefits and seniority rights, including payment of any missed back pay, plus interest; and compensation for any special damages sustained because of the action, including litigation costs and reasonable attorneys' fees.

Subdivision 4 of proposed §26-252.1 would require employers to post a sign in English, Spanish, Korean, Chinese and any other language deemed necessary by the Fire Commissioner for any employer, to be prominently displayed at all workplaces notifying all employees, independent contractors or any other individuals working in such workplace of the prohibitions against locking the doors of or otherwise prohibiting exit from any workplace and employer retaliation established pursuant to §26-252.1. Such sign would be in a form prescribed by the Fire Commissioner and may contain any other information deemed necessary by the Fire Commissioner, or as recommended by the Police Commissioner or the Buildings Commissioner.

Subdivision 5 would classify any violation of §26-252.1 as a misdemeanor, and for each employee, independent contractor or other individual working in a workplace at the time such person violated this section, the violation would carry a penalty of not less than $5,000 for a first violation; not less than $5,000 nor more than $10,000 for a second violation; not less than $10,000 nor more than $15,000 for a third violation; and not less than $15,000 nor more than $20,000 dollars for a fourth violation and any subsequent violation, or for any such violation by imprisonment of a term of not more than nine months, or both fine and imprisonment. This subdivision would also give a court discretion to enter separate sentences for each offense, and concurrent or consecutive sentences if a jail term is imposed. In addition, this subdivision would subject a violator to a civil penalty of not more than $5,000 for each employee, independent contractor or other individual locked inside a workplace in violation of the subdivision, to be recovered in a civil action brought in a court of competent jurisdiction or in a proceeding before the Environmental Control Board, in accordance with §§26-126.1 and 26-126.2. Such penalties would be applicable notwithstanding any other law, rule or regulation, and would be in addition to any other penalties provided in this Code or elsewhere.

To further protect employees from hazardous conditions, section 5 of Proposed Int. No. 629-A would amend Subchapter 29 of Chapter 4 of Title 27 of the Code by adding §27-4267.5. Proposed §27-4267.5 would require the owner or other person having charge of a building or space classified in Occupancy Group C,[8] designed to be occupied or arranged to be occupied for an occupant load of more than five hundred persons in such building or space, or in which more than twenty-five persons are employed, to keep on file a safety plan for evacuation procedures in accordance with the requirements of the Fire Commissioner. Such plan would be required to be distributed by such owner or person to the tenants and employees of such establishment.

Section 6 of Proposed Int. No. 629-A would contain a severability clause. If enacted, Proposed Int. No. 629-A would be effective 90 days after its enactment into law.

[8]Occupancy group C (mercantile occupancy group) is classified in §27-248 of the Code as follows: "[b]uildings and spaces shall be classified in the mercantile occupancy group when they are used for display and sales of goods accessible to public inspection. Highly combustible or flammable goods, such as those made of pyroxylin products, shall be limited to small quantities that do not constitute a high hazard; if not so limited, the occupancy shall meet the requirements for high hazard occupancies when the latter are more restrictive than the corresponding requirements for the mercantile classification."

Accordingly, Your Committee recommends its adoption, as amended.

Int. No. 629-A

By Council Members Yassky, Barron, Clarke, Fidler, James, Koppell, Liu, Nelson, Stewart, Weprin, Foster, Gennaro, Quinn, Gerson, Addabbo Jr., Jackson, Brewer, Comrie, Martinez, DeBlasio, The Speaker (Council Member Miller), Gonzalez, Seabrook, Katz and The Public Advocate (Ms. Gotbaum).

**A Local Law to amend the administrative code of the city of New York, in relation to prohibiting employers from locking employees or other individuals inside a workplace and increasing the fines for obstruction of exits and unlawful change of exits.**

*Be it enacted by the Council as follows:*

Section 1. Legislative findings and intent. The Triangle Shirtwaist fire of 1911 significantly impacted labor unions and labor laws in the United States. At that time, 146 women and girls whose average age was 19 tragically perished in that fire because they were locked in their workplace. Despite numerous workplace safety laws and regulations that mandate emergency egress plans and fire safety equipment and plans, the problem of locking workers in the workplace still exists. A number of large retailers have been cited by the Untied States Department of Labor's Occupational Safety and Health Administration for continuing this potentially fatal practice. In addition, newspaper accounts have indicated that janitors and immigrant workers at supermarkets in Brooklyn, Queens and the Bronx are being locked in the workplace, with fire exits blocked or padlocked.

This legislation would increase the penalties for obstruction of exits and unlawful change of exits. In addition, this legislation would create a penalty where an employer locks the doors of or otherwise prohibits the exit from any workplace when by doing so the health or safety of an employee may become endangered. A workplace is intended to be any location, away from the home, permanent or temporary, where any employee, independent contractor or other individual performs any work-related duty in the course of employment, whether or not such duty is a direct responsibility of such person, including, but not limited to, any building that is classified by title twenty-seven of the Administrative Code of the City of New York. This legislation would also help some of the most vulnerable workers in the City by requiring employers to post notices stating that locking exits in the workplace is illegal, and indicating that employer retaliation for reporting any violations of this law is prohibited.

§2. Paragraph 3 of subdivision g of section 26-248 of the administrative code of the city of New York, as last amended by local law number 33 for the year 1991, is amended to read as follows:

3. A violation which produces an imminent hazard to persons or property as a result of (a) a change of occupancy[;] *or* (b) use without a permit[; (c) obstruction of exits; (d) unlawful change of exits;].

§3. Section 26-248 of the administrative code of the city of New York, as last amended by local law number 33 for the year 1991, is amended by adding a new subdivision i to read as follows:

*i. Notwithstanding any other law, rule or regulation, and in addition to any other penalties provided in this code or pursuant to any other law, rule or regulation, any person who is convicted of a violation which produces an imminent hazard to persons or property as a result of any (a) obstruction of an exit or (b) unlawful change of an exit shall be punished by a fine of not less than five thousand dollars for a first violation, not less than five thousand dollars nor more than ten thousand dollars for a second violation, not less than ten thousand dollars nor more than fifteen thousand dollars for a third violation, and not less than fifteen thousand dollars nor more than twenty thousand dollars for a fourth violation and any subsequent violation, or for any such violation by imprisonment for not more than six months, or by both the applicable fine and imprisonment.*

§4. Article 10 of subchapter 3 of chapter 1 of title 26 of the administrative code of the city of New York is amended by adding a new section 26-252.1 to read as follows:

§26-252.1 **Workplace exits** (1) Except for the exemptions specified in subdivision j of section 27-371 of title twenty seven of the administrative code of the city of New York, no employer or agent of such employer shall lock the doors of or otherwise prohibiting exit from any workplace, when by so doing the health or safety of any employee, independent contractor or other individual working in such workplace may become endangered by fire or other hazardous condition.

(2) In addition to any other inspection requirements imposed by law, rule or regulation, a minimum of fifty unannounced inspections per year shall be conducted by the fire department to ensure the identification and abatement of any hazardous conditions in violation of this section. Such inspections shall include, but not be limited to, sites where there are known or suspected conditions affecting employee safety and health.

(3) Any employee who believes that he or she has been the subject of a retaliatory action by his or her employer or the agent of such employer, as defined by section seven hundred forty of the labor law, due to the lawful acts of such employee in furtherance of a civil or criminal enforcement proceeding brought concerning the failure of any employer or the agent of such employer to comply with this section, may bring an action in any court of competent jurisdiction for the relief provided for in this subdivision and shall be entitled to all relief necessary to make such employee whole. Such lawful acts of an employee shall include, but not be limited to, assisting in the investigation and initiation of an enforcement proceeding concerning the non-compliance of this section, providing testimony in any such proceeding or providing other assistance in connection therewith. The relief to which such employee shall be entitled shall include, but not be limited to, (i) an injunction to restrain any adverse or retaliatory action, (ii) reinstatement to the position such officer or employee would have had but for such action, or to an equivalent position, (iii) reinstatement of full benefits and seniority rights including payment of any missed back pay, plus interest and (iv) compensation for any special damages sustained as a result of such action, including litigation costs and reasonable attorneys' fees.

(4) Employers shall post a sign in English, Spanish, Korean, Chinese and any other language deemed necessary by the fire commissioner for any employer, to be prominently displayed at all workplaces notifying all employees, independent contractors or any other individuals working in such workplace of the prohibitions against locking the doors of or otherwise prohibiting exit from any workplace and employer retaliation established pursuant to this section. Such sign shall be in a form prescribed by the fire commissioner and may contain any other information deemed necessary by the fire commissioner, or as recommended by the police commissioner or the commissioner.

*(5) Notwithstanding the provisions of any other law, rule or regulation, and in addition to any other penalties provided in this code or pursuant to any other law, rule or regulation, any person who is convicted of any violation of this section shall be guilty of a misdemeanor and shall be subject to a fine for each employee, independent contractor or other individual working in a workplace at the time such person violated this section, of not less than five thousand dollars for a first violation, not less than five thousand dollars nor more than ten thousand dollars for a second violation, not less than ten thousand dollars nor more than fifteen thousand dollars for a third violation, and not less than fifteen thousand dollars nor more than twenty thousand dollars for a fourth violation and any subsequent violation, or a term of imprisonment not exceeding nine months, or both the applicable fine and imprisonment. The court may impose a separate sentence for each offense, and if imprisonment is imposed, the court may order any of such sentences to be served concurrently or consecutively. Such violator shall also be subject to a civil penalty of not more than five thousand dollars for each employee, independent contractor or other individual working in a workplace at the time such person violated this section, to be recovered in a civil action brought in a court of competent jurisdiction or in a proceeding before the environmental control board.*

§5. Subchapter 29 of chapter 4 of title 27 of the administrative code of the city of New York is amended by adding new section 27-4267.5 to read as follows:

§27-4267.5 Safety plans for mercantile establishments. The owner or other person having charge of a building or space classified in occupancy group C, designed to be occupied or arranged to be occupied for an occupant load of more than five hundred persons in such building or space, or in which more than twenty-five persons are employed, shall keep on file a safety plan for evacuation procedures in accordance with the requirements of the commissioner. Such plan shall be distributed by such owner or person to the tenants and employees of such establishment.

§6. If any section, subsection, sentence, clause, phrase or other portion of this local law is, for any reason, declared unconstitutional or invalid, in whole or in part, by any court of competent jurisdiction, such portion shall be deemed severable, and such unconstitutionality or invalidity shall not affect the validity of the remaining portions of this law, which remaining portions shall continue in full force and effect.

§7. This local law shall take effect ninety days after its enactment into law.

JOSEPH P. ADDABBO, JR., Chairperson; LARRY B. SEABROOK, SARA M. GONZALEZ, DENNIS P. GALLAGHER, Committee on Civil Service and Labor, August 17, 2005.

Re-referred to the Committee on Civil Service and Labor.

**Reports of the Committee on Finance**

At this point the Speaker (Council Member Miller) announced that the following items had been **preconsidered** by the Committee on Finance and had been favorably reported for adoption.

Report for Res. No. 1121

**Report of the Committee on Finance in favor of approving and adopting, a Resolution providing exemptions from sales and compensating use taxes for receipts from sales of, and consideration given or contracted to be given for, or for the use of, property and services exempt from State sales and compensating use taxes pursuant to subdivision (ee) of section 1115 of the New York Tax Law, pursuant to the authority of Article 29 of the Tax Law of the State of New York.**

The Committee on Finance to which was referred on August 17, 2005 the annexed resolution respectfully

**REPORTS:**

Today, the Committee on Finance, chaired by Council Member David Weprin, will hold a hearing on a preconsidered reso. which would exempt the sale and installation of residential solar energy systems equipment from the City sales and compensating use tax.

**BACKGROUND**

On July 26, 2005, Albany lawmakers adopted legislation pursuant to which the State will exempt the sale and installation of residential solar energy systems equipment from the State sales and compensating use tax. In addition, such legislation grants municipalities the option of granting such exemption.[1] In order to adopt such legislation, the local legislative body of the City (the Council), must enact a resolution in substantially the form set forth in the State legislation, which would then be deemed to amend the City's sales tax pursuant to § 1115 and 1210 of the State Tax Law. *Benefits of Solar Energy/ State Tax Incentives*

Through the use of photovoltaics ("PV"), energy from the sun can be converted into electricity. Since solar energy uses the sun in the production of energy, it is known to be one of the cleanest and most renewable sources of energy on earth. The use of PV to generate electricity releases zero emissions into the atmosphere, requires no fuel, and is designed to provide power over a long period of time. In addition, once an initial investment is made and the system is installed, there are generally no additional expenses and homeowners and businesses can benefit from clean energy generation for decades.[2]

Currently, the State provides incentives, largely to homeowners, for the purchase and installation of solar energy equipment. For instance, the New York State Energy Research and Development Authority ("NYSERDA") currently offers cash incentives for the installation of small PV or solar-electric systems under its New York Energy $martSM Photovoltaic or Solar Electric Program.

[1] L. 2005, c. 306, effective July 26, 2005.

[2] *See* "Benefits of Solar Power," www.beaconpower.com, visited on August 15, 2005.

Unfortunately, even with such existing incentives, a homeowner installing a typical 10 kilowatt (kW) system still faces out-of-pocket costs in the tens of thousands of dollars. Clearly, these high costs prevent many homeowners from purchasing and installing these systems. Exempting this purchase and installation of residential solar energy systems from sales and compensating use taxes would save a typical homeowner around $5,000.[3]

This tax incentive will likely spur the increased installation of residential solar energy systems equipment in New York State and City, help us meet our increasing demand for electricity, reduce our dependence on fossil fuels and have a positive effect on our environment.

**PRECONSIDERED RES. NO. 1121**

This Preconsidered Reso. would express the City's intent to exercise its local option to exempt the sale and installation of "residential solar energy systems equipment" from the local sales and compensating use tax. "Residential solar systems equipment" is defined as "an arrangement or combination of components installed in a residence that utilizes solar radiation to produce energy designed to provide heating, cooling, hot water and/or electricity." The Resolution will be deemed to amend §§1115 and 1210 of the State Tax Law, pursuant to which the City's portion of the sales tax is imposed.

This Preconsidered Res. shall take effect December 1, 2005, and shall apply to sales made, services rendered and uses occurring on and after that date in accordance with the applicable transitional provisions in sections 1106, 1216 and 1217 of the New York Tax Law.

[3] Memo in Support, Assembly Bill #8262, New York State Legislature. Although this number is provided for state purposes, the City savings would be similar since the State and local sales and use tax are both 4%.

**FISCAL IMPACT STATEMENT:**

| | FY Succeeding Effective FY 06 | Full Fiscal Impact FY 04 |
|---|---|---|
| Revenues (+) | ($82,000) | ($140,000) |
| Expenditures (-) | - 0 - | - 0 - |
| Net | ($82,000) | ($140,000) |

**IMPACT ON REVENUES:** The cost to the City of exempting such purchases from sales and compensating use taxes is minimal.

**IMPACT ON EXPENDITURES:** There will be no impact on expenditure as a result of this legislation.

**SOURCE OF FUNDS TO COVER ESTIMATED COSTS:** Not Applicable

**SOURCE OF INFORMATION:** City Council Finance

**ESTIMATE PREPARED BY:** Patrick Joyce, Revenue Analyst
Raymond Majewski, Chief Economist
Pablo Zangerle, Deputy Director
City Council Finance Division

**DATE SUBMITTED TO COUNCIL:** August 17, 2005

**FISCAL HISTORY:** This is a new bill.

Accordingly, Your Committee recommends its adoption.

DAVID I. WEPRIN, Chairperson; CHRISTINE C. QUINN, EVA S. MOSKOWITZ, JOEL RIVERA, GALE A. BREWER, LEROY G. COMRIE, BILL deBLASIO, SIMCHA FELDER, LEWIS A. FIDLER, JAMES F. GENNARO, ERIC N. GIOIA, ROBERT JACKSON, G. OLIVER KOPPELL, MICHAEL E. McMAHON, HELEN SEARS, DENNIS P. GALLAGHER, JAMES S. ODDO, Committee on Finance, August 17, 2005.

On motion of the Speaker (Council Member Miller), and adopted, the foregoing matter was coupled as a General Order for the day (see ROLL CALL ON GENERAL ORDERS FOR THE DAY).

At this point the Speaker (Council Member Miller) announced that the following item had been **preconsidered** by the Committee on Finance and had been favorably reported for adoption.

Report for Res. No. 1125

**Report of the Committee on Finance in favor of approving a Resolution concerning the establishment of the DUMBO Business Improvement District in the Borough of Brooklyn and setting the date, time and place for the public hearing to hear all persons interested in the establishment of such district.**

The Committee on Finance to which was referred on August 17, 2005 the annexed resolution respectfully

**REPORTS:**

**ANALYSIS:**

This Resolution is required by the existing law, Chapter 4 of Title 25 of the New York City Administrative Code, as amended by Local Law 82 of 1990, which authorized the City Council to establish Business Improvement Districts (BIDs).

The main purpose of this Resolution is to set the public hearing date, time and place for the review of the local law, which would establish the DUMBO Business Improvement District.

The hearing on the local law and the BID plan, will be held on September 15, 2005 in the City Council Committee Room, 2nd Floor, City Hall at 11:00 a.m., before the Committee on Finance.

This Resolution also directs that all notices required under the BID law be properly given by the Department of Small Business Services and the DUMBO BID Steering Committee, respectively.

BIDs, which are specifically established areas, use the City's property tax collection mechanism to approve a special tax assessment with which to fund additional services that would enhance the area and improve local business. The additional services are normally in the areas of security, sanitation, physical/capital improvements (lighting, landscaping, sidewalks, etc.), seasonal activities (Christmas lighting) and related business services (marketing and advertising). The BID demarcates the areas in which services will be enhanced and also establishes the mechanism for the assessment needed to generate the required budget.

Accordingly, Your Committee recommends its adoption.

## I. MAP OF THE DISTRICT

DUMBO is an acronym for Down Under the Manhattan Bridge Overpass. The DUMBO Business Improvement District (hereinafter the "District") is defined by Old Fulton Street on the west, the East River on the north, and generally Gold, Plymouth and Bridge Streets on the east, and York Street on the south[1] as indicated on the map (the "District Map") annexed hereto as Appendix A.

The Mayor of the City of New York, by authorizing a letter dated March 3, 2005, a copy of which is annexed hereto as Appendix B, has provided for the preparation of this District Plan pursuant to authority granted by Local Law 96 of 1989 ( the "Law").

## II. DISTRICT PROFILE: PRESENT USES OF DISTRICT PROPERTY

### A. DISTRICT PROFILE

Although historically a manufacturing and shipping neighborhood, DUMBO is now a mixed-use community with light manufacturing, offices, artist's studios and residences that have been largely created from former industrial and manufacturing buildings. Institutional offices include the NYC Human Resources Administration and the New York State Department of Labor and Childcare.

DUMBO offers superb access to the water, the Brooklyn Bridge Park and spectacular views of Manhattan. Its location beneath the great masonry piers of the Brooklyn Bridge and Manhattan Bridge approaches also increases its unique character. DUMBO has attracted a growing number of residents, workers, shops and visitors, most of whom were not here as recently as five years ago. This rapid growth has made DUMBO one of Brooklyn's most well-known neighborhoods.

[1] As the boundary runs along York Street, it jogs south to include the subway at the corner of York and Jay Streets.

B. BACKGROUND

Dumbo initially developed as Brooklyn's transportation center. Old Fulton Street led to the main departure point for shipping to and from Manhattan. The street served as a hub for stage coaches and trolley lines throughout the 1800s until the opening of the Brooklyn Bridge in 1883 moved the transportation center of Brooklyn from Old Fulton Street to the area now thought of as Downtown Brooklyn around Borough Hall. Since ending in 1914, ferry service to Old Fulton Street did not operate until 2002 when New York Water Taxi started service to Fulton Ferry Landing. Although the area to the east of old Fulton Street, what is today referred to as DUMBO, remained a manufacturing and shipping neighborhood, the street had lost its commercial vitality.

The waterfront remained an active shipping area through the end of World War II, when the Brooklyn waterfront, including the Brooklyn Navy Yard, was one of the most active ports in the world. The rest of the neighborhood consisted of both manufacturing uses side-by-side with small row houses occupied by the people working on the docks and in the neighboring factories. The biggest manufacturer was Robert Gair, whose Gair Company was the world's largest producer of corrugated cardboard at the time. In the early twentieth century, his company employed over 1,700 people in 10 buildings, many of them local residents. Gair buildings still dominate the western section of the district, comprising almost the entire street wall along Washington and Main Streets.

Following World War II, much of the local shipping industry moved to New Jersey. The 1950s and 1960s saw a general trend of disinvestment in the area, as American industry moved away from central cities. In 1950, Brooklyn had the third highest number of manufacturing jobs of any county in America. The loss of 70,000 jobs at the Brooklyn Navy Yard and over 10,000 jobs at the Brooklyn Army terminal, as well as the jobs associated with the supply and servicing of these industries was devastating to all of Brooklyn and particularly to neighborhoods where these workers lived. In addition, the construction of the Brooklyn-Queens Expressway, Cadman plaza and the Farragut houses served to isolate the neighborhood from the rest of Brooklyn. DUMBO and Vinegar Hill were devastated by these events.

The low-point came during the recession and energy crisis in the 1970s, when many of DUMBO's buildings were empty or nearly-vacant. Concurrently, the DUMBO waterfront fell into disuse and was almost entirely abandoned.

DUMBO is unique in that it has very distinct physical boundaries: the Brooklyn Bridge, the East River, the BQE, the Manhattan Bridge and the Navy Yard are all impressive presences. For years, despite its excellent access to the waterfront and exceptional building stock, this isolation made DUMBO an underutilized and under-invested neighborhood. Now, its physical separation has given DUMBO an advantage — the neighborhood has a certain intimacy and character defined by its physical boundaries. The neighborhood's small physical size is one of the factors that has led to a rapid revitalization in the past five years.

DUMBO's location on the waterfront is also part of its strength as a neighborhood. People have been drawn to the area by the views, access to the water , and the historic quality of its building stock. With plans underway for the Brooklyn Bridge Park and the revitalization of Brooklyn's waterfront, a great deal of land in DUMBO is now poised for re-use and adaptation to a 21st century urban waterfront.

DUMBO currently has several varied uses, none of which can be defined as dominant. Its diversity, despite its small physical size, is one of its defining qualities. Often, several different uses are contained in a single building. It is this wide variety of uses that currently gives it strength and makes DUMBO attractive to artists, professionals, visitors investors, and city planners alike.

The neighborhood is perhaps best known for its artistic character. Beginning in the 1970s, artists started moving to the neighborhood, attracted by large, inexpensive spaces with open floor plans and high ceilings of the area industrial buildings. Many of these artists moved to DUMBO from areas such as SoHo and Greenwich Village, pushed out by rising prices. Today, DUMBO is one of the largest centers of working artists in New York City.

Every October, the *dumbo arts center*, a local not-for-profit arts group and gallery space, hosts the three-day "arts under the bridge festival", during which local artists open their studios to the public, the streets are closed for outdoor installations and exhibitions, and local galleries host exhibitions and events. The festival draws over 150,000 people each year.

In the era of Robert Gair and big shipping, there was a large residential presence in the neighborhood, particularly in the eastern section, sometimes referred to as Vinegar Hill. Most of the housing was primarily rowhouses, a few of which remain on Front Street, Water Street, Gold Street and Hudson Avenue, in what is now the Vinegar Hill Historic District. The neighborhood had a church with a 3,500 member congregation and vibrant commercial strips on Hudson Avenue and on Sands Street. Large public works projects, including the Manhattan Bridge ramp, the Brooklyn-Queens Expressway and its access roads, the Farragut Houses and the Con Edison plant on John Street literally demolished much of the neighborhood. The final blow came when shipping jobs left the Navy Yard for New Jersey. One by one, row houses were demolished and garages or other one-two story industrial structures or vacant lots took their place.

In 1998, 1 Main Street was converted from an office building into 124 luxury condominiums. It was the first new residential development in the neighborhood in over 80 years. The success of the project brought a great deal of attention to DUMBO, and helped reestablish a trend of investment in the area. Since then, fifteen other large gut rehab or new developments have been completed or are taking place in DUMBO, with several more planned.

C. Present Uses of District Property

1. Zoning

Despite its relatively small geographic size, DUMBO is a zoning quilt (a map is attached). Formerly entirely manufacturing, several privately sponsored zoning changes and one City-sponsored zoning change have been approved in the last six years. A portion of the district lies within the Fulton Ferry Historic District.

2. Commercial

The nature of commercial activity in DUMBO has changed dramatically in the past three years, as DUMBO has undergone a rapid transformation from a center of industry in Brooklyn to one of the largest office districts in the borough. There are 550 businesses operating on the upper floors of buildings in the DUMBO area. In addition there are 25 retail businesses. Although DUMBO is no longer predominantly an industrial center, manufacturing still continues in the neighborhood, including a growing printing sector. There are still garment shops, sheet metal fabricators, and other traditional manufacturing uses. Some of the spaces that were used for manufacturing are now used for less intensive industrial uses, including warehousing all manner of goods from novelty items to legal storage.

DUMBO has also increasingly become home to a concentration of light manufacturing. Small shops — cabinet makers, upholsterers, designers, etc. — have been locating in DUMBO in increasing numbers and in 2004, DUMBO was host to the first ever *Brooklyn Designs* trade show. DUMBO should continue to emerge in the coming years as a center for crafts shops and artisans.

It is estimated that there are over 1000 artists working in DUMBO, with many of them living in the neighborhood as well. DUMBO has become a magnet for all kinds of companies with particular concentrations in design, architecture, and software. The presence of nationally recognized companies such as Paychex, ADP, Williams-Sonoma and the Associated Press has established DUMBO as an emerging office district.

With an increase in population and media attention, DUMBO has experienced a surge in retail use, including its first grocery store, several new restaurants, first bank, and first dry cleaner. Retail is of vital importance to the future of the neighborhood relative to its percentage of space. With the exception of Independence Community Bank and ABC Carpet and Home, the rest of the retail in the neighborhood is of the "mom and pop" variety.

3. Residential

In addition to the few remaining older rowhouse buildings, the vast majority of DUMBO's legal housing stock is in buildings that have undergone conversions from industrial space. In the DUMBO area there are nine residential buildings: five are rental and four are condominiums. The total number of rental residential units is 200; there are 220 condominiums.

Two Trees Management and Boymelgreen Developers are two of the larger companies active in the neighborhood. Recent conversions in the area include 29 Bridge Street and 30 Main Street, while recent ground-up residential projects include buildings at 65 Washington Street and 67 Front Street. Meanwhile, several other new developments and rehabilitations are underway or planned. Of the over 6 million feet of built square footage, approximately 15% is residential. Almost all new development in the district has been residential, and new residential development can be expected to increase in the future. Because there are so many condominiums in the district, a majority of property owners in the district are residential owners.

4. Public Uses

Roughly 15% of the property in the district is publicly-owned land, including land bordering the waterfront, designated as part of the planned Brooklyn Bridge Park, and the vacant Empire Stores warehouses owned by the State of New York. These lots will receive the same services as the rest of the district.

The city also owns most of the land under and adjacent to the Manhattan Bridge north of York Street. The property connected to the Manhattan Bridge is used mostly for maintenance of the Bridge itself. The city also owns a large lot used by the Department of Environmental Protection at the end of Washington Street.

6. Not for Profit Uses

The Watchtower Bible and Tract Society, also known as the Jehovah's Witnesses, owns a significant amount of property in the district including a 60,000 square foot undeveloped lot occupying the entire block bounded by York, Front, Bridge and Jay Streets. The property is used primarily for printing and vehicle maintenance for the Jehovah's Witnesses.

The only other significant not-for-profit property owner in the district is Phoenix House, the drug and alcohol counseling and rehabilitation organization.

There are also many not-for-profit arts and performance groups located in DUMBO, including St Ann's Center for the Arts, Smackmellon Studios and the dumbo arts center.

7. Utility

Con Edison owns most of the property within two blocks of the river to the East of Jay Street. This includes active transformers, vacant land, parking for Con Edison's fleet and an inactive generator.

8. Transportation

DUMBO is served by the F (York Street Station) and A and C (High Street Station) subways.

Bus service is provided to the area by the B25, which stops in the heart of the district at Main Street and Water Street.

The ferry landing at the foot of Old Fulton Street is one of the stops on the new Water Taxi route, which connects Brooklyn via the East River and Hudson River to the Financial District and the West Side of Manhattan.

Although DUMBO's small one-way streets are difficult to navigate, there is easy access to the neighborhood — the neighborhood has immediate access to both the Brooklyn and Manhattan Bridges and the Brooklyn-Queens Expressway.

9. Public Services

The district is located entirely within the 84th Police Precinct and within the 2nd Brooklyn Sanitation District and Brooklyn Community Board 2. The BID will work with these and other municipal agencies to improve municipal services in the district.

## III. PROPOSED SERVICES

### A. DESCRIPTION OF SERVICES

The services to be provided pursuant to this plan (the "Services") shall include any Services required for the enjoyment, protection, and general welfare of the public, the promotion, and enhancement of the District, and to meet needs identified by members of the District. The Services shall not take the place of, but supplement those services provide by the City on a citywide basis. The Services shall be performed under the direction of the DUMBO District Management Association (hereinafter, the "DMA").

1. SECURITY

The DMA Security Program may be carried out in-house or it may be contracted out. The Program may include, but shall not be limited to, foot patrols, stationary positioned officers, walkie-talkie communications with other personnel, recording and reporting instances of suspicious activity, creating a uniformed physical presence to deter criminal or misdemeanor activity, surveillance of the District, and direct communication with the Police Precinct. Special attention will be paid to persons suspected of engaging in criminal activities including drug dealing and graffiti writing. Close coordination will be maintained with the New York Police Department, and with the local Community Board.

An in-house or outside contractor may provide a uniformed, motorized patrol throughout the neighborhood from the hours of 6 PM to 2 AM. A marked patrol will assure people that some form of authority is nearby at all times.

Local residents, workers, and security personnel will be able to contact the patrol in case of any emergency. Additionally, the patrol will serve as a link to the local police precinct.

2. SANITATION AND MAINTENANCE

Sanitation and maintenance services may be preformed in house or contracted out to an outside cleaning contractor and may include but is not limited to a crew or crews of two or more employees working eight hour days each weekday, and possibly weekends. Tasks for the cleaning vendor would include litter removal, catch basin cleaning, tree pit cleaning, and cleaning of street furniture, including light poles, mailboxes, etc. Particular attention would be given to Jay Street and Washington Street which serve as "gateways" for the neighborhood. Crews could also be given snow removal responsibilities.

3. ADVOCACY

Advocacy will be an important function. The DUMBO BID will work to insure the DUMBO area is receiving appropriate levels and intensity of municipal services. The DUMBO BID will liaison with all city agencies to address issues relating to city service delivery and with utilities and other private concerns to coordinate interventions and activities that affect the quality of life in the BID.

4. MARKETING AND PROMOTIONS

A Marketing and Promotion Program for the District, including joint advertising, special events, banners, brochures, and publications, may be carried out. The purpose of the Program will be to increase business activity for all retailers and businesses within the District and to promote awareness of local businesses and increase the profile of the DUMBO community. A special effort will be made to market and promote DUMBO's prominence as a destination for the arts and to attract visitors from outside the neighborhood. Marketing and promotion programs may include but are not limited to the following:

- BID Newsletter
- A "virtual" bulletin board or trading post, where local retailers, artists and businesses can promote their services on-line, post classified ads, solicit business etc.
- Press releases
- Website with access for local businesses and artists
- Promote shows and events with local merchants, arts groups and galleries
- Co-ordinate discount programs for local residents and workers
- Regular (weekly or monthly) neighborhood events – meals, meetings, lectures, etc

Other special events may include but are not limited to the following:

- Film Festival
- Openings: Coordinate events throughout the neighborhood around opening of new store; Local artist shows at businesses
- Themed: Targeted, small-scale special interest "conventions"— Antiques, Decorating, Furnishings
- Discover DUMBO/Springfest: Large scale festivals with sponsors, music and events
- Restaurant Row: Week of prix fixe specials modeled on a "Taste of Tribeca"
- Dinner and a show: Sponsor efforts to bring together local retailers
- Evenings in DUMBO: Walking tours, gallery and studio tours combined with dinner or wine tasting
- Artist Competitions: Themed competitions
- Public art festivals and displays
- Holiday decorating/Celebrations/Events/Promotions
- "Antique" and "Yard" Sales: Artists cleaning their studios and retailers clearing out last season's merchandise.

5. ADMINISTRATION

Administration of the District shall be performed by a salaried staff (the "Staff") which may include an Executive Director, clerical and bookkeeping support, other special staff and/or consultants that the Board of Directors may, from time to time, deem necessary. The Executive Director will oversee District Services and Improvements including the Sidewalk and Street Maintenance Program, the Security Services Program, and Marketing and Promotions Program as directed by the DMA Board of Directors for the benefit of the District constituents. In addition, the Executive Director will serve as ombudsman or spokesperson for the DUMBO owners and tenants collectively and individually. Administrative expenses also may include office rental, utility services, equipment, supplies and insurance, mailings to owners and tenants, and newsletters. Legal and accounting services will be contracted on an as-needed basis. When possible, in-kind services will be used.

6. ADDITIONAL SERVICES

Subject to any approvals and controls that may be required by a City agency having jurisdiction thereof, and in addition to the approval of the Board of Directors of the DMA, in subsequent years, the District may provide such additional services as are permitted by law.

B. IMPLEMENTATION

It is anticipated that the DMA will commence most Services during the first Contract Year (hereinafter defined).

C. GENERAL PROVISIONS

1. All Services shall be in addition to (and not in substitution for) required and customary municipal services provided by the City on a citywide basis. Benchmarks for existing City services will be developed and monitored by the DMA.

2. All Services need not be performed in every Contract Year.

3. The staff and/or subcontractors of the DMA may render such administrative services as are needed to support performance of the Services.

4. In the event that in any given Contract Year, the Sources of Funding.(hereinafter described in Section V of this Plan) do not produce revenues equal to the Total Annual Budget Amount(hereinafter defined) for such Contract Year, the DMA may, subject to the Contract (hereinafter defined) forego providing one or more or all Services in order to have revenues sufficient to pay debt services required in the Budget ( hereinafter defined) for the Contract Year.

IV. PROPOSED CAPITAL IMPROVEMENTS

A. CAPITAL IMPROVEMENTS

Capital improvements (the "Capital Improvements") to be provided pursuant to this Plan may include, but are not limited to, the following, provided that any Improvements that require review and approval by an appropriate City Agency or an affected property owner shall be submitted to that City Agency, the affected property owner and to the affected community board prior to undertaking any Capital Improvement.

1. Sidewalk amenities to identify, enhance and beautify the District including the following proposals but not limited to:

a. Sidewalk plantings, trees, shrubs and flowers in tubs and at grade: and

b. Sidewalk logos and plaques identifying the area of the BID as the DUMBO BID

2. Street and sidewalk amenities to improve pedestrian circulation and safety, which may include, but are not limited to:

a. Information boards, kiosks, public "bulletin boards" for local announcements, flyers, etc;

b. Pedestrian crossing enhancements; and

c. Identification of nearby sights and landmarks.

3. Other Improvements that may be undertaken by the BID include, but are not limited to:

a. Exterior and street lighting;

b. Sponsorship of public artwork (commissions, competitions, etc.);

c. Street and sidewalk repair;

d. Signage and artwork to improve streetscape appearance and help direct visitors; and

e. Architectural and landscaping improvements (i.e. storefront and lobby repair, tree planting, etc.).

B. IMPLEMENTATION SCHEDULE

The Capital Improvements may be implemented on an as-needed basis.

C. GENERAL PROVISIONS

1. All Capital Improvements shall be in addition to and not in substitution for required and customary municipal improvements provided by the city on a citywide basis.

2. The staff and/or subcontractors of the DMA may render such administrative services as are needed to support installation of the Capital Improvements.

3. The cost of these Capital Improvements is not meant to compromise or reduce the BID's other activities. The BID may seek additional funding (grants, politicians discretionary funding, etc.) to help pay for the cost of these Capital Improvements.

V. PROPOSED SOURCES OF FUNDING

A. SOURCES OF FUNDING GENERAL

The proposed sources of funding for all (i) Services, (ii) Capital Improvements, (iii) Proceeds arising from indebtedness as permitted pursuant to paragraph D herein below, and (iv) administrative costs necessary to support the program contemplated under this Plan shall be the sources of funding described in paragraphs B through F (inclusive). Subject to requirements of law, the DMA may apply all monies derived from the sources of funding permitted herein to fund any expenditure permitted under this Plan.

B. SOURCES OF FUNDING: ASSESSMENTS

The DMA may enter into a Contract (hereinafter defined) with the City for the purpose of having the City levy and collect and disburse to the DMA, assessments with respect to the Benefited Properties (hereinafter defined). Such assessments, as described herein below, shall be defined as "Assessments."

1. GENERAL

To defray the cost of Services and Improvements in the District as herein before described, all real property in the District shall be assessed in proportion to the benefit such property receives from the Services and Improvements. Each property, according to its Class, shall be assessed an amount, that when totaled together with amounts for other properties in the District shall yield an amount sufficient to meet the District's annual budget as determined by the DMA.

The amounts exclusive of debt service, assessed and levied in a given year against the benefited properties, as assessments, may not exceed 20% of the total general taxes levied in that year against the general properties.

2. SPECIFIC FORMULA

All properties as classified in the most recent New York City tax rolls and as described below as Classes A, B, C, D, and E shall be assessed as follows:

CLASS A PROPERTY – COMMERCIAL AND INDUSTRIAL

All commercial or industrial uses shall constitute Class A property and shall be assessed by total square footage and by assessed valuation. Also included in Class A properties are vacant lots and parking lots. The rate per individual property lot size square foot shall not exceed $ .05 and the rate per dollar of individual property assessed valuation (AV) shall not exceed $.004 for the first Contract Year. Class A property shall be assessed in the following manner:

$$\text{RATE 1} = \frac{(50\% \times [\text{TOTAL BUDGET} - \text{TOTAL CLASS B ASSESSMENT}])}{(\text{TOTAL CLASS A SQUARE FOOTAGE} + 1\% \text{ CLASS E SQUARE FOOTAGE})}$$

$$\text{RATE 2} = \frac{(50\% \times [\text{TOTAL BUDGET} - \text{TOTAL CLASS B ASSESSMENT}])}{(\text{TOTAL CLASS A AV} + 1\% \text{ CLASS E AV})}$$

CLASS A INDIVIDUAL ASSESSMENT = (RATE 1 X PROPERTY SQUARE FOOTAGE) + (RATE 2 x PROPERTY AV)

CLASS B PROPERTY – RESIDENTIAL AND MIXED USE

All properties devoted in whole to residential use, and properties devoted in part to commercial and/or industrial use and in part to residential use shall constitute Class B property. The proportion of the property devoted to commercial use shall be assessed at the commercial rate of Class A property and the proportion of the property devoted to residential use shall be assessed at $1.

CLASS C PROPERTY – NOT-FOR-PROFIT

Not-for-profit owned property devoted in whole to public or not-for-profit use shall be exempt from district assessment. Not-for-profit owned property devoted in part to commercial/for profit uses shall constitute Class C property and the proportion of the property devoted to commercial/for-profit uses shall be assessed in the same manner as those properties listed as Class A properties.

CLASS D PROPERTY - PUBLIC

Government owned property devoted to public or not-for-profit use shall be exempt from district assessment. Government owned property devoted in part to commercial/for profit uses shall constitute Class D property and the proportion of the commercial/for-profit uses shall be assessed in the same manner as those properties listed as Class A properties.

CLASS E PROPERTY – UTILITY

Properties of over 60,000 square feet owned by utilities shall constitute Class E property and shall be assessed by lot size and by assessed valuation. The Class E properties shall be assessed at 1% of the Class A property rate. Properties of under 60,000 square feet shall be assessed in the same manner as properties listed as Class A properties.

C. SOURCES OF FUNDING: GRANTS AND DONATIONS

The DMA may accept grants and donations from private institutions, the City, other public and private entities and individuals, and other not-for-profit organizations.

D. SOURCE OF FUNDING: BORROWING

1. Subject to subparagraphs 2 and 3 immediately described below, the DMA may borrow money from private lending institutions, the City, other public and private entities or individuals and other not-for-profit organizations for the purpose of funding operations or improvements. In no event will the DMA issue bonds. The DMA does not plan to borrow money to meet short term working capital needs.

2. The use of monies received by the DMA from the City or from any other public entity, whether in the form of a grant or as proceeds from a loan, shall be subject to (i) all statutory requirements applicable to the expenditure and use of such monies, and (ii) any contractual requirements imposed by the City (whether pursuant to contract or otherwise) or by any other public entity, as the case may be.

3. Any loans which the DMA may enter into as borrower shall be subject to Section VI of this Plan.

E. SOURCE OF FUNDING: CHARGES FOR USER RIGHTS

Subject to the approval and control of the appropriate City Agency, the DMA may, in accordance with Section IX of this Plan, impose charges as consideration for the sub-granting or sub-licensing of User Rights (hereinafter defined) as such charges and user rights are described in Section IX of the Plan.

F. SOURCE OF FUNDING: OTHER

The DMA may derive revenues from any other sources of funding not heretofore mentioned and which are permitted by law.

G. ASSIGNMENT OF FUNDING

The DMA may assign revenues from the sources of funding described in paragraphs B, C, D, E, and F of this Section V for the purpose of securing loans which the DMA may enter in pursuant to paragraph D of this Section V, provided such assignments are subject to the requirements of Section VI of this Plan.

**VI. PROPOSED EXPENDITURES: ANNUAL BUDGETS**

A. TOTAL ANNUAL EXPENDITURES AND MAXIMUM COST OF IMPROVEMENTS

The total amount proposed to be expended by the DMA for Improvements, if any, Services and operations for the first Contract Year is $400,000, as more fully set forth in Subsection B of the Section VI.

The total, as proposed to be expended by the DMA, for any subsequent Contract Year shall not be greater than the aggregate amount of all monies which the DMA may collect for the Contract Year in question from all funding sources permitted under Section V of the Plan. During the existence of this BID, the maximum cost of the Improvements, if any, will not exceed $4,000,000.

B. ANNUAL BUDGET

1. FIRST YEAR BUDGET

It is estimated that the annualized budget of proposed expenditures to be made during the first Contract Year shall be as follows:

| | |
|---|---|
| a. SERVICES | |
| i. Maintenance/Sanitation | $60,600 |
| ii. Security | $52,080 |
| iii. Marketing/Promotions/Advocacy | $30,000 |
| iv Capital Improvements | $60,320 |
| b. ADMINISTRATION | |
| i. Staff salaries, taxes, benefits | $140,000 |
| ii. OTPS | $18,000 |
| c. CONTINGENCY | $39,000 |
| TOTAL FIRST YEAR BUDGET | $400,000 |

2. SUBSEQUENT BUDGETS

The DMA shall establish for each Contract Year after the first Contract Year, a proposed budget of expenditures. Such proposed budgets shall (with respect to the Contract Years to which they respectively apply): (i) reasonably itemize the purposes for which assessment monies are proposed to be expended by the DMA; (ii) specify the amount, if any, proposed to be expended by the DMA for debt service; and (iii) set forth the total assessment amount to be expended (the "Total Annual Budget Amount"). A proposed budget, whether for the First Contract Year or for a subsequent Contract Year shall be referred to as a "Budget."

Any increase in the amount to be expended annually for Improvements and Services shall be adopted by local law.

C. GENERAL PROVISIONS

1. The DMA shall make no expenditure of assessment monies other than in accordance with and pursuant to: (i) a Budget for which a Total Annual Budget Amount has been approved with the City and the Directors of the DMA; (ii) any provisions in the Contract providing for the satisfaction of outstanding obligations of the DMA; or (iii) any provisions in the Contract providing for the expenditure of amounts provided in the Budget for, but expended in, a previous Contract Year.

2. The Total Annual Budget Amount shall not exceed the maximum total and annual amount which the DMA may expend for the Contract Year in question pursuant to paragraph A of this Section VI.

3. The Total Annual Budget Amount shall not be less than the amount needed to satisfy the DMA's debt service obligations for the Contract Year in question.

4. Subject to the DMA's need to satisfy its debt service obligations for the Contract Year in question, the DMA may revise the budget accordingly.

5. In the event that in any given Contract Year the sources of funding do not in the aggregate produce revenues equal to the Total Annual Budget amount for such Contract Year, the DMA may, subject to the Contract, forego some or all of the non-debt service expenditures as are provided for the Budget in question in order to have revenues sufficient to pay the debt service provided for in such Budget.

6. In the event the DMA needs to reallocate its non-debt service expenditures for the Contract Year in question, and provided further, that any debt service has been provided for, the DMA may revise the itemizations within any Budget to accomplish such goal.

## VII. BENEFITED PROPERTIES

The providing of Services and Improvements shall benefit all properties within the District (the "Benefited Properties"). The Benefited Properties are described by the District Map (Appendix A) and tax block and lots indicated in Appendix C herein below.

## VIII. DISTRICT MANAGEMENT ASSOCIATION

The DMA established for the DUMBO BID shall be incorporated under Section 402 of the New York State Not-for-Profit Corporation Law. The DMA shall be organized for the purpose of executing the responsibilities of a DMA as set forth in the law. Furthermore, the DMA shall carry out the activities prescribed in the Plan and shall promote and support the District.

The DMA shall be organized exclusively for charitable and education purposes as specified in Section 501 (c) of the Internal Revenue Code of 1954, as amended.

The DMA shall have four classes of voting membership and one class of non-voting membership. The voting classes are composed of: (i) owners of record of real property located within the District; (ii) commercial tenants leasing space within the District; (iii) residential tenants leasing space within the District, (iv) public representatives. The non-voting class shall include community board representatives and may include others with an interest in the welfare of the District.

Each voting class shall elect members to the Board of Directors in the manner prescribed by the bylaws of the Corporation. The Board of Directors includes the representatives of owners of record of real property located within the District (which shall constitute a majority of the board), representatives of both commercial and residential tenants (including proprietary leases) leasing space in buildings within the District and one member appointed by each of the following public officials: the Mayor of the City, the Comptroller of the City, the Borough President of Brooklyn; and the City Council member who represents the District or, if more than one City Council member represents a portion of the District, by appointment of the Speaker of the City Council. The community Board Chairperson or designated representative shall serve in a non-voting capacity.

## IX. USER RIGHTS

### A. USER RIGHTS: GENERAL

The DMA may undertake or permit commercial activities or other private uses of the streets or other parts of the District in which the City has any real property interests (the "User Rights"), provided, however, that the User Rights to be so undertaken or permitted by the DMA shall have been: (i) set forth in this Plan or authorized for licensing or granting by the City to the DMA in a local law adopted by the City Council, and (ii) licensed or granted to the DMA by the City pursuant to the Contract and (iii) authorized by the appropriate City Agency having jurisdiction thereof. Once so granted or licensed, the User Right(s) in question shall be undertaken or permitted by the DMA in such a manner as to conform to the requirements, if any, set forth in this Plan, or the aforesaid Local Law and in the Contract with respect to User Right(s), and conform to the requirements authorized by the appropriate City Agency having jurisdiction thereof. Such requirements may include but shall not be limited to: (i) requirements as to what consideration the DMA shall pay to the City for the grant and/or license in question; (ii) requirements as to whether and how the DMA may permit other persons to undertake the User Right(s) in question pursuant to a sub-grant or sub-license; (iii) requirements as to what charges the DMA may impose upon other persons as consideration for such sub-grant or sub-license; and (iv) requirements as the general regulation of the User Right(s) by whomsoever undertaken.

### B. USER RIGHTS: PROPOSED

Subject to the approval and control of the appropriate City Agency and/or subject to any requirements set forth in any contract , the DMA may undertake or permit the following User Rights, subject to the requirements set forth in the Contract:

1) information and promotion kiosks;

2) newsstands;

3) and news boxes.

## X. REGULATIONS

A. The rules and regulations proposed governing the operation of the District and the provision of Services and Improvements by the DMA ("the Regulations") are set forth herein below.

1. The DMA shall obligate itself to provide the Services and Improvements in a Contract or Contracts into which both the DMA and the City shall enter (collectively, the "Contract") for a specified term (each year or the Contract term to be defined as a "Contract Year"). The City shall, pursuant to the terms, conditions and requirements of the Contract, levy, collect and disburse to the DMA the Assessments. Such disbursements shall be made in accordance with general procedures for the payment of other City expenditures.

2. The DMA shall comply with all terms, conditions and requirements (i) elsewhere set forth in this Plan, and (ii) to be set forth in the Contract and in any other Contracts into which both the DMA and the City may enter, and (iii) shall comply with all terms, conditions and requirements set forth by the appropriate City Agency which is required to give its approval.

3. The DMA shall let any sub-contracts that it intends to enter into in connection with providing the Services and/or the Improvements.

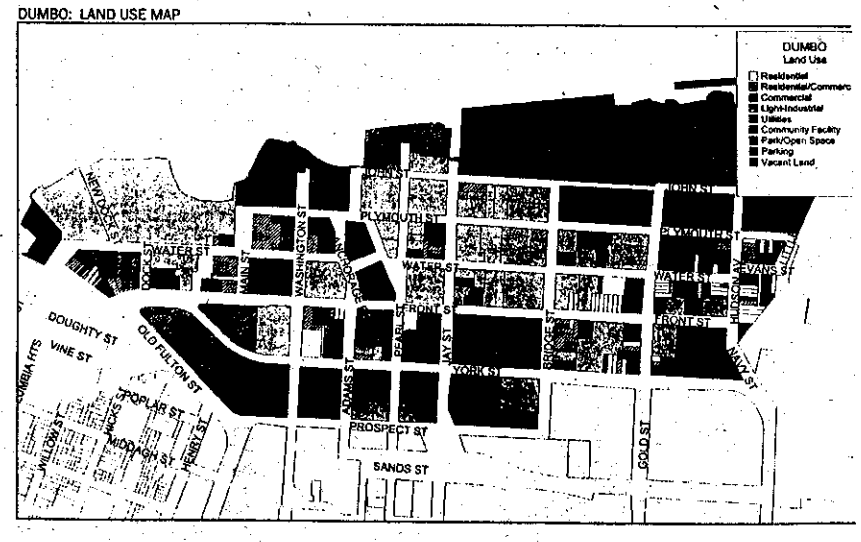
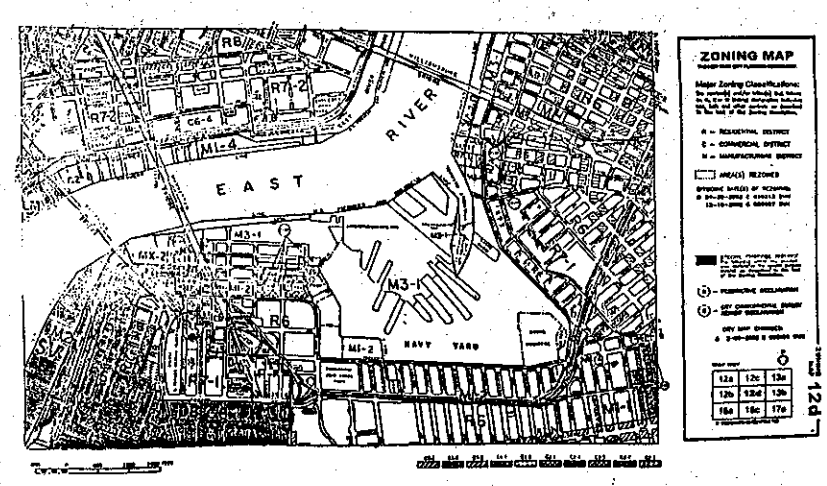
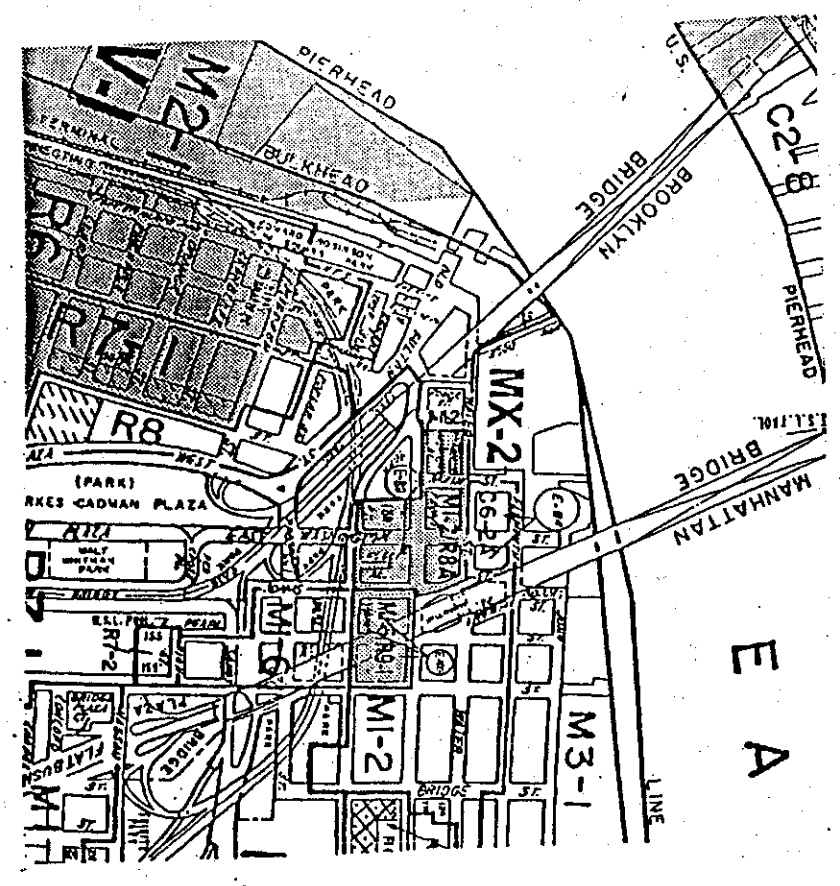
DUMBO: LAND USE MAP







CITY PLANNING COMMISSION

May 25, 2005 Calendar No. 18 N 050365 BDK

**IN THE MATTER of an application submitted by the Department of Small Business Services on behalf of the DUMBO Business Improvement District pursuant to Section 25-405 of the Administrative Code of the City of New York, as amended, concerning the formation of the DUMBO Business Improvement District, Borough of Brooklyn, Community District 2.**

On March 3, 2005, the Mayor authorized the preparation of a district plan for the DUMBO Business Improvement District (BID). On March 14, 2005, o n behalf of the DUMBO District Management Association (DMA), the Department of Small Business Services (DSBS) submitted the district plan for the BID, located in Community District 2 in the Borough of Brooklyn.

**BACKGROUND**

The proposed BID is located in the area generally known as DUMBO, in the Borough of Brooklyn. The BID's boundaries extends along the East River waterfront on the north; Old Fulton Street on the west, York Street on the south and generally Gold and Bridge streets on the east.

There are 366 properties in the BID, represented by 283 property owners. There are 575 businesses which include 25 retail businesses and 550 commercial spaces on the upper floors of the buildings within the District.

Historically, DUMBO was a manufacturing and shipping district. Today, DUMBO can be described as a mixed -use neighborhood with artists studios, offices, light manufacturing and residences. Within the BID, there are two major not-for-profit organizations; the Watchtower Bible and Tract Society and Phoe nix House. The Metrotech, Montague Street and Myrtle Avenue BIDs are in close proximity to the proposed BID.

The services of the BID will primarily focus on sanitation, security, promotion and marketing. The sanitation program may include cleaning and sweeping of sidewalks and gutters; graffiti removal; maintenance of street trees and maintenance of street furniture. The BID proposes to employ a sanitation crew of two or more persons, and services will be provided throughout the week and possibly the weekends. The program will supplement the existing municipal sanitation program.

The budget for the first year of the BID is projected to be $400,000. The budget will allocate $60,600 to sanitation, $52,080 to security, $30,000 to marketing and promo tions, $60,320 to capital improvements, $140,000 to administration, $18,000 to OTPS and $39,000 towards the contingency plan.

The BID assessment method is based upon total square footage and

assessed valuation per individual property. Properties devoted to commercial and industrial use will be assessed at a rate not to exceed $.05 per property square foot and $.004 per dollar of the individual property assessed valuation. Vacant or undeveloped lots will pay the commercial rate. Wholly residential properties and properties devoted in part to commercial and/or industrial use and in part to residential use will be assessed at $1, annually. Government and not -for-profit properties will not be assessed. Utility properties 60,000 square feet or larger will pay1% of the commercial rate. Utility properties less than 60,000 square feet will be assessed at the commercial rate.

Outreach to property owners, merchants and residents was done by the DUMBO BID Steering Committee. All property owners were informed of the BID assessment and services . The outreach for the BID was documented and submitted to City Planning.

**ENVIRONMENTAL REVIEW**

The district plan was reviewed pursuant to the New York State Environmental Quality Review Act (SEQRA) and the SEQRA regulatins set forth in Volume 6 of the New York State Code of Rules and Regulations, Section 617.00 et seq., and the New York City Environmental Quality Review (CEQR) Rules of Procedure of 1991 and Executive Order No. 91 of 1977. The designated CEQR number is

05SBS003K. The lead agency is the Department of Small Business Services. After a study of the potential environmental impact of the proposed action, a negative declaration was issued on March 9, 2005.

**LAND USE REVIEW**

On March 14, 2005 the Department of Small Business Services (DSBS) submitted the district plan for the DUMBO Business Improvement District(BID) to the Department of City Planning. The plan was then transmitted for review to the Office of the Mayor, Office of the Brooklyn Borough President, City Council Speaker, City Council Member of Community District 33 and Brooklyn Community Board 2.

Community Board Public Hearing

On April 13, 2005, Community Board 2 adopted a resolution recommending approval of this application (N 050365 BDK) by a vote of 37 in favor, 0 opposed with 0 abstentions.

City Planning Commission Public Hearing

On April 13, 2005 (Calendar No. 3) the Commission scheduled April 27, 2005 for a public hearing on the district plan. On April 27, 2005 (Calendar No. 32), the hearing was d uly held. There were three speakers in favor of the proposal and none in opposition.

The president of the Downtown Brooklyn Council stated that the council is a supporter of the proposed BID. He explained how other BIDs in proximity to the proposed BI D, were strong business and economic mechanisms that helped to strengthen the areas. He spoke about how the evolving transformation of DUMBO, from a manufacturing district to a business and residential district, has attracted more businesses. He also state d that the community organizations in the area are in support of the proposed BID.

The president of Constructive Strategies-a planning and consultant company-- and member of the BID's Steering Committee, also spoke in favor of the BID. He talked about the outreach efforts by the DUMBO Steering Committee, that included several mailings and public meetings.

The vice -president of Two Trees, a development company, and a member of the Steering Committee spoke about the sources of support for the BID that will be received from the community, retailers, residents and developers. He stated that the proposed BID would be great for the neighborhood as well as the City.

There were no other speakers and the hearing was closed.

Consideration

The Commission beli eves that the proposal to create the DUMBO Business Improvement District in Brooklyn is appropriate.

The Commission has carefully reviewed the documents that the proposed BID sponsor submitted regarding notification of constituents about the pending BID.It believes that these outreach efforts for the BID were adequate and satisfactory.

BID's are important to the City because they help retain and attract businesses to the District and promote healthy economic development for the City.

Resolution

The Commission supports the proposed plan and has adopted the following resolution:

RESOLVED, that the City Planning Commission certifies its unqualified approval of the proposed district plan for the DUMBO Business Improvement District.

The above resolution duly adopted by the City Planning Commission on May 25, 2005 (Calendar No. 18) is filed with the City Council

and the City Clerk pursuant to Section 25405 of the Administrative Code of the City of New York.

Dear Ms. Dewberry:

I am writing to inform you that Community Board 2 has reviewed the district management plan for a business improvement district (BID) in the DUMBO neighborhood. The community board recommends approval of the plan.

The BID steering committee presented the plan to the Land Use Committee of Community Board 2 on March 16, 2005. The committee voted unanimously, 11-0-0, to recommend that the full community board approve the district management plan. On April 13, 2005, Community Board 2 voted 37-0-0 to recommend approval of the plan.

Thank you for the opportunity to review the district management plan for a DUMBO BID.

Sincerely,

Shirley A. M'Rae

## Reports of the Committee on General Welfare

Report for Int. No. 22-A

**Report of the Committee on General Welfare in favor of approving and adopting, as amended, a Local Law to amend the administrative code of the City of New York, in relation to the human rights law.**

The Committee on General Welfare to which was referred on February 4, 2004 (Minutes, page 338) the annexed amended proposed local law respectfully

**REPORTS:**

The Committee on General Welfare, chaired by Council Member Bill de Blasio, will meet on Wednesday, August 17, 2005, at 10:45 a.m. to consider Prop. Int. 22-A, the "Local Civil Rights Restoration Act of 2005," a proposed local law that would amend New York City's human rights law.

Prop. Int. 22-A aims to ensure construction of the City's human rights law in line with the purposes of fundamental amendments to the law enacted in 1991. Speaking at the bill signing ceremony for Int. 465-A, the 1991 amendments to the City's human rights law, Mayor Dinkins stated: "[t]his bill gives us a human rights law that is the most progressive in the nation, and reaffirms New York's traditional leadership in civil rights."[1] Mayor Dinkins went on to explain: "there is no time in the modern civil rights era when vigorous local enforcement of anti-discrimination laws has been more important. Since 1980, the federal government has been steadily marching backward on civil rights issues"[2] and "it is the intention of the Council that judges interpreting the City's Human Rights Law are not bound by restrictive state and federal rulings and are to take seriously the requirement that this law be liberally and independently construed."[3]

Prop. Int. 22-A responds to concerns that construction of numerous provisions of the human rights law as amended in 1991 has narrowed the scope of the law's protections since its enactment by clarifying a number of its provisions and by again underscoring that protections afforded by New York City's human rights law are not to be limited by restrictive interpretations of similarly worded state and federal statutes.

Specifically, the bill would add "partnership status," defined as the status of being in a domestic partnership, as set forth in § 3-240(a) of the administrative code of the city of New York, to the list of categories protected from discrimination under the administrative code. Pending judicial reconsideration of the proper scope of protection from discrimination based on marital status, this provision will ensure that life partners who have memorialized their relationship by becoming domestic partners (or are otherwise considered domestic partners under the Administrative Code) receive protection from all forms of discrimination addressed by the human rights law, just as married partners do.

Prop. Int. 22-A also would amend § 8-107 of the administrative code of the city of New York to clarify the standard to be applied in cases alleging retaliation prohibited by the human rights law. The amendment would make clear that the standard to be applied to retaliation claims under the City's human rights law differs from the standard currently applied by the Second Circuit in retaliation claims made pursuant to Title VII of the Civil Rights Act of 1964; it is in line with the standard set out in guidelines of the Equal Employment Opportunity Commission and applied to retaliation claims by federal courts in several other circuits.[4]

Further, Prop. Int. 22-A would amend § 8-109 of the administrative code of the city of New York to require the human rights commission to conduct a thorough investigation of every complaint filed under the human rights law. A 2003 report published by the Anti-Discrimination Center of Metro New York, Inc., based on an examination of approximately 100 case files from the human rights commission, provides a lengthy discussion of concerns regarding current human rights commission practices with respect to investigations of complaints filed under the human rights law.[5] In brief, the report found that the human rights commission did not adequately investigate allegations of conduct in violation of the human rights law in a significant number of cases. The proposed clarification of the human rights law to require a thorough investigation of every complaint[6] is consistent with the goal of ensuring that New York City does everything within its power to identify and root out discrimination.

Henderson, 217 F.3d 1234, 1241-1243 (9th Cir. 2000) (adopting EEOC interpretation of "adverse employment action" to mean "any adverse treatment that is based on retaliatory motive and is reasonably likely to deter the charging party or others from engaging in protected activity" and further explaining that "[t]he EEOC test covers lateral transfers, unfavorable job references, and changes in work schedules. These changes are all reasonably likely to deter employees from engaging in protected activity." Nonetheless, it does not cover every offensive utterance by co-workers, because offensive statements by co-workers do not reasonably deter employees from engaging in protected activity." New York City Bd. of Educ., 202 F.3d 636 (2nd Cir. 2000); Gurry v. Merck & Co., 2003 U.S. Dist. Lexis 6161 (SDNY) ("An employee experiences an adverse employment action when she endures a 'materially adverse change' in the terms and conditions of employment...Such actions include discharge, refusal to hire, refusal to promote, demotion, reduction in pay, and reprimand." Id. at *15 (internal citations omitted).

Section 7 of the bill would amend § 8-130 of the administrative code concerning construction of the human rights law. Prop. Int. 22-A expressly instructs decision makers assessing claims asserted under the City's human rights law to construe the human rights law independent of similarly worded provisions of state and federal

law. A number of recent judicial decisions underscore the need to clarify the breadth of protections afforded by New York City's human rights law. For instance, in McGrath v. Toys "R" Us, Inc., 3 N.Y.3d 421 (2004), the Court of Appeals reasoned that broad statements regarding the intended liberal construction of the City's human rights law are insufficient to justify interpretation of the law to afford broader rights than are protected under comparably worded state or federal laws.[7] For this reason, Prop. Int. 22-A explicitly states that the human rights law must be construed independently from both federal and New York State civil and human rights laws, including laws with comparably worded provisions. The bill further clarifies that interpretations of comparable federal and state laws may not be used to limit or restrict the provisions of this title from being construed more liberally than those laws to accomplish the purposes of the human rights law and provisions of the human rights law may not be construed less liberally than interpretations of comparably worded federal and state laws.[8]

[5]See At the Crossroads: Is There Hope for Civil Rights Law Enforcement in New York, Anti-Discrimination Law Center of Metro New York, Inc., 6-10 (2003), at http://www.antibiaslaw.com/today/crossroads.pdf.

[6]While the steps required to complete a "thorough" investigation depend upon the facts presented by a particular complaint, in general investigations should include steps such as probing the reasons for a respondent's conduct and actively seeking out facts from witnesses.

[7]Specifically, the court explained that "[t]he attorney's fee provision [of the City's human rights law] is indistinguishable from provisions in comparable federal civil rights statutes...Where state and local provisions overlap with federal statutes, our approach to resolution of civil rights claims has been consistent with the federal courts in recognition of the fact that, whether enacted by Congress or the state legislature or a local body, these statutes serve the same remedial purpose – they are all designed to combat discrimination." McGrath, 3 N.Y.3d at 428-29.

Under the bill's provisions, a number of principles should guide decision makers when they analyze claims asserting violations of rights protected under the City's human rights law: discrimination should not play a role in decisions made by employers, landlords and providers of public accommodations; traditional methods and principles of law enforcement ought to be applied in the civil rights context; and victims of discrimination suffer serious injuries, for which they ought to receive full compensation.

In addition to the clarifications regarding overall construction of the human rights law, Prop. Int. 22-A aims to encourage rigorous enforcement of the City's human rights law by amending § 8-502 to remove any doubt that attorney's fees may be awarded under the City's human rights law in circumstances that differ from those under which they are awarded under similarly worded federal law. Specifically, it would ensure that a person who successfully effects policy change by filing a complaint under the human rights law may be eligible to receive reimbursement for costs and attorney's fees, notwithstanding recent changes to longstanding federal policy on a similar issue.[9] The bill would allow complainants to recover costs and attorney's fees in cases where the filing of a complaint serves as a catalyst for the change advocated in the complaint, but when the respondent makes the change before there is a final ruling on the merits of the complaint.[10] Further, the bill aims to enhance the human rights law's power to deter unlawful discriminatory acts by increasing the amount of civil penalties that may be awarded for violations of the law. Imposition of civil penalties sends a strong signal to those who discriminate that such acts cause serious injury, to both the persons directly involved and the social fabric of the City as a whole, which will not be tolerated. The bill would amend §8-126 to increase the maximum civil penalties that can be awarded to $125,000 in all cases and to $250,000 in cases involving willful, wanton or malicious acts.

[8]This bill does not require a decision maker to accept any particular argument being advanced by an advocate, but underscores the need for thoughtful, independent consideration of whether the proposed interpretation would fulfill the uniquely broad and remedial purposes of the City's human rights law.

The bill would take effect immediately upon enactment.

[9]See Buckhannon Bd. and Care Home, Inc. v. W. Va. Dep't of Health and Human Res., 532 U.S. 598 (2001) (despite the longstanding approach of federal appellate courts nationwide, holding that the "catalyst theory," which allows for recovery of attorney's fees and costs under federal civil rights statutes, does not provide a basis for such recovery for attorney's fees where the change sought was effected in the absence of a consent decree or final judgment).

[10]The analysis of whether a plaintiff is entitled to recover costs and fees on a catalyst theory can be based on a three part analysis, which requires: (1) that the respondent provide at least some of the benefit sought by the lawsuit; (2) that the suit stated a genuine claim; and (3) that the suit was a substantial or significant cause of the act providing the relief. See, e.g., Buckhannon, 532 U.S. at 627-28 (Ginsburg, J. dissenting).

Accordingly, Your Committee recommends its adoption, as amended.

**(The following is the text of Int. No. 22-A:)**

Int. No. 22-A

By Council Members Brewer, The Speaker (Council Member Miller), Comrie, Jackson, Jennings, Koppell, Lopez, Martinez, Monserrate, Perkins, Quinn, Sanders Jr., Seabrook, Stewart, Vann, DeBlasio, Reyna, Moskowitz, Gonzalez, Rivera, James, Yassky, Gerson, Barron, Palma, Baez, Katz, Weprin, Clarke, Liu, Dilan, Reed, Sears, Boyland, Gentile, Recchia, Foster, Avella, Arroyo, Gioia and The Public Advocate (Gotbaum).

**A Local Law to amend the administrative code of the City of New York, in relation to the human rights law.**

*Be it enacted by the Council as follows:*

**Section 1.** The purpose of this local law, which shall be known as the "Local Civil Rights Restoration Act of 2005," is to clarify the scope of New York City's Human Rights Law. It is the sense of the Council that New York City's Human Rights Law has been construed too narrowly to ensure protection of the civil rights of all persons covered by the law. In particular, through passage of this local law, the Council seeks to underscore that the provisions of New York City's Human Rights Law are to be construed independently from similar or identical provisions of New York state or federal statutes. Interpretations of New York state or federal statutes with similar wording may be used to aid in interpretation of the New York City Human Rights Law, viewing similarly worded provisions of federal and state civil rights laws as a floor below which the City's Human Rights law cannot fall, rather than a ceiling above which the local law cannot rise.

**§ 2.** Section 8-102 of chapter one of title eight of the administrative code of the City of New York is amended as follows:

*24. The term "partnership status" means the status of being in a domestic partnership, as defined by § 3-240(a) of the administrative code of the city of New York.*

**§ 3.** Subdivisions 1, 2, 4, 5, 7, 9 and 18 of section 8-107 of chapter one of title eight of the administrative code of the City of New York are amended to read as follows:

1. Employment. It shall be an unlawful discriminatory practice:

(a) For an employer or an employee or agent thereof, because of the actual or perceived age, race, creed, color, national origin, gender, disability, marital status, *partnership status*, sexual orientation or alienage or citizenship status of any person, to refuse to hire or employ or to bar or to discharge from employment such person or to discriminate against such person in compensation or in terms, conditions or privileges of employment.

(b) For an employment agency or an employee or agent thereof to discriminate against any person because of such person's actual or perceived age, race, creed, color, national origin, gender, disability, marital status, *partnership status*, sexual orientation or alienage or citizenship status in receiving, classifying, disposing or otherwise acting upon applications for its services or in referring an applicant or applicants for its services to an employer or employers.

(c) For a labor organization or an employee or agent thereof, because of the actual or perceived age, race, creed, color, national origin, gender, disability, marital status, *partnership status*, sexual orientation or alienage or citizenship status of any person, to exclude or to expel from its membership such person or to discriminate in any way against any of its members or against any employer or any person employed by an employer.

(d) For any employer, labor organization or employment agency or an employee or agent thereof to declare, print or circulate or cause to be declared, printed or circulated any statement, advertisement or publication, or to use any form of application for employment or to make any inquiry in connection with prospective employment, which expresses, directly or indirectly, any limitation, specification or discrimination as to age, race, creed, color, national origin, gender, disability, marital status, *partnership status*, sexual orientation or alienage or citizenship status, or any intent to make any such limitation, specification or discrimination.

2. Apprentice training programs. It shall be an unlawful discriminatory practice for an employer, labor organization, employment agency or any joint labor-management committee controlling apprentice training programs or an employee or agent thereof:

(b) To deny to or withhold from any person because of his or her actual or perceived race, creed, color, national origin, gender, age, disability, marital status, *partnership status*, sexual orientation or alienage or citizenship status the right to be admitted to or participate in a guidance program, an apprentice training program, on-the-job training program, or other occupational training or retraining program.

(c) To discriminate against any person in his or her pursuit of such program or to discriminate against such a person in the terms, conditions or privileges of such program because of actual or perceived race, creed, color, national origin, gender, age, disability, marital status, *partnership status*, sexual orientation or alienage or citizenship status.

(d) To declare, print or circulate or cause to be declared, printed or circulated any statement, advertisement or publication, or to use any form of application for such program or to make any inquiry in connection with such program which

expresses, directly or indirectly, any limitation, specification or discrimination as to race, creed, color, national origin, gender, age, disability, marital status, *partnership status*, sexual orientation or alienage or citizenship status, or any intent to make any such limitation, specification or discrimination.

4. Public accommodations. a. It shall be an unlawful discriminatory practice for any person, being the owner, lessee, proprietor, manager, superintendent, agent or employee of any place or provider of public accommodation, because of the actual or perceived race, creed, color, national origin, age, gender, disability, marital status, *partnership status*, sexual orientation or alienage or citizenship status of any person, directly or indirectly, to refuse, withhold from or deny to such person any of the accommodations, advantages, facilities or privileges thereof, or, directly or indirectly, to make any declaration, publish, circulate, issue, display, post or mail any written or printed communication, notice or advertisement, to the effect that any of the accommodations, advantages, facilities and privileges of any such place or provider shall be refused, withheld from or denied to any person on account of race, creed, color, national origin, age, gender, disability, marital status, *partnership status*, sexual orientation or alienage or citizenship status or that the patronage or custom of any person belonging to, purporting to be, or perceived to be, of any particular race, creed, color, national origin, age, gender, disability, marital status, *partnership status*, sexual orientation or alienage or citizenship status is unwelcome, objectionable or not acceptable, desired or solicited.

5. Housing accommodations, land, commercial space and lending practices. (a) Housing accommodations. It shall be an unlawful discriminatory practice for the owner, lessor, lessee, sublessee, assignee, or managing agent of, or other person having the right to sell, rent or lease or approve the sale, rental or lease of a housing accommodation, constructed or to be constructed, or an interest therein, or any agent or employee thereof:

(1) To refuse to sell, rent, lease, approve the sale, rental or lease or otherwise deny to or withhold from any person or group of persons such a housing accommodation or an interest therein because of the actual or perceived race, creed, color, national origin, gender, age, disability, sexual orientation, marital status, partnership status, or alienage or citizenship status of such person or persons, or because children are, may be or would be residing with such person or persons.

(2) To discriminate against any person because of such person's actual or perceived race, creed, color, national origin, gender, age, disability, sexual orientation, marital status, *partnership status*, or alienage or citizenship status, or because children are, may be or would be residing with such person, in the terms, conditions or privileges of the sale, rental or lease of any such housing accommodation or an interest therein or in the furnishing of facilities or services in connection therewith.

(3) To declare, print or circulate or cause to be declared, printed or circulated any statement, advertisement or publication, or to use any form of application for the purchase, rental or lease of such a housing accommodation or an interest therein or to make any record or inquiry in conjunction with the prospective purchase, rental or lease of such a housing accommodation or an interest therein which expresses, directly or indirectly, any limitation, specification or discrimination as to race, creed, color, national origin, gender, age, disability, sexual orientation, marital status, *partnership status*, or alienage or citizenship status, or whether children are, may be, or would be residing with a person, or any intent to make such limitation, specification or discrimination.

(b) Land and commercial space. It shall be an unlawful discriminatory practice for the owner, lessor, lessee, sublessee, or managing agent of, or other person having the right of ownership or possession of or the right to sell, rent, or lease, or approve the sale, rental or lease of land or commercial space or an interest therein, or any agency or employee thereof:

(1) To refuse to sell, rent, lease, approve the sale, rental or lease or otherwise deny or to withhold from any person or group of persons land or commercial space or an interest therein because of the actual or perceived race, creed, color, national origin, gender, age, disability, sexual orientation, marital status, *partnership status*, or alienage or citizenship status of such person or persons, or because children are, may be or would be residing with such person or persons.

(2) To discriminate against any person because of actual or perceived race, creed, color, national origin, gender, age, disability, sexual orientation, marital status, *partnership status*, or alienage or citizenship status, or because children are, may be or would be residing with such person, in the terms, conditions or privileges of the sale, rental or lease of any such land or commercial space or an interest therein or in the furnishing of facilities or services in connection therewith.

(3) To declare, print or circulate or cause to be declared, printed or circulated any statement, advertisement or publication, or to use any form of application for the purchase, rental or lease of such land or commercial space or an interest therein or to make any record or inquiry in connection with the prospective purchase, rental or lease of such land or commercial space or an interest therein which expresses, directly or indirectly, any limitation, specification or discrimination as to race, creed, color, national origin, gender, age, disability, sexual orientation, marital status, *partnership status*, or alienage or citizenship status, or whether children are, may be or would be residing with such person, or any intent to make any such limitation, specification or discrimination.

(c) Real estate brokers. It shall be an unlawful discriminatory practice for any real estate broker, real estate salesperson or employee or agent thereof:

(1) To refuse to sell, rent or lease any housing accommodation, land or commercial space or an interest therein to any person or group of persons or to refuse to negotiate for the sale, rental or lease, of any housing accommodation, land or commercial space or an interest therein to any person or group of persons because of the actual or perceived race, creed, color, national origin, gender, age, disability, sexual orientation, marital status, *partnership status*, or alienage or citizenship status of such person or persons, or because children are, may be or would be residing with such person or persons, or to represent that any housing accommodation, land or commercial space or an interest therein is not available for inspection, sale, rental or lease when in fact it is so available, or otherwise to deny or withhold any housing accommodation, land or commercial space or an interest therein or any facilities of any housing accommodation, land or commercial space or an interest therein from any person or group of persons because of the actual or perceived race, creed, color, national origin, gender, age, disability, sexual orientation, marital status, *partnership status*, or alienage or citizenship status of such person or persons, or because children are, may be or would be residing with such person or persons.

(2) To declare, print or circulate or cause to be declared, printed or circulated any statement, advertisement or publication, or to use any form of application for the purchase, rental or lease of any housing accommodation, land or commercial space or an interest therein or to make any record or inquiry in connection with the prospective purchase, rental or lease of any housing accommodation, land or commercial space or an interest therein which expresses, directly or indirectly, any limitation, specification or discrimination as to race, creed, color, national origin, gender, age, disability, sexual orientation, marital status, *partnership status*, or alienage or citizenship status, or to whether children are, may be or would be residing with a person, or any intent to make such limitation, specification or discrimination.

(3) To induce or attempt to induce any person to sell or rent any housing accommodation, land or commercial space or an interest therein by representations, explicit or implicit, regarding the entry or prospective entry into the neighborhood or area of a person or persons of any race, creed, color, gender, age, disability, sexual orientation, marital status, *partnership status*, national origin, alienage or citizenship status or a person or persons with whom children are, may be or would be residing.

(d) Lending practices. It shall be an unlawful discriminatory practice for any person, bank, trust company, private banker, savings bank, industrial bank, savings and loan association, credit union, investment company, mortgage company, insurance company, or other financial institution or lender, doing business in the city and if incorporated regardless of whether incorporated under the laws of the state of New York, the United States or any other jurisdiction, or any officer, agent or employee thereof to whom application is made for a loan, mortgage or other form of financial assistance for the purchase, acquisition, construction, rehabilitation, repair or maintenance of any housing accommodation, land or commercial space or an interest therein:

(1) To discriminate against such applicant or applicants because of the actual or perceived race, creed, color, national origin, gender, disability, sexual orientation, age, marital status, *partnership status*, or alienage or citizenship status of such applicant or applicants or of any member, stockholder, director, officer or employee of such applicant or applicants, or of the occupants or tenants or prospective occupants or tenants of such housing accommodation, land or commercial space, or because children are, may be or would be residing with such applicant or other person, in the granting, withholding, extending or renewing, or in the fixing of rates, terms or conditions of any such financial assistance or in the appraisal of any housing accommodation, land or commercial space or an interest therein.

(2) To use any form of application for a loan, mortgage, or other form of financial assistance, or to make any record or inquiry in connection with applications for such financial assistance, or in connection with the appraisal of any housing accommodation, land or commercial space or an interest therein, which expresses, directly or indirectly, any limitation, specification or discrimination as to race, creed, color, national origin, gender, disability, sexual orientation, age, marital status, *partnership status*, or alienage or citizenship status, or whether children are, may be, or would be residing with a person.

(e) Real estate services. It shall be an unlawful discriminatory practice to deny a person access to, or membership in or participation in, a multiple listing service, real estate brokers' organization, or other service because of the actual or perceived race, creed, color, national origin, gender, disability, sexual orientation, age, marital status, *partnership status*, or alienage or citizenship status of such person or because children are, may be or would be residing with such person.

(f) Real estate related transactions. It shall be an unlawful discriminatory practice for any person whose business includes the appraisal of housing accommodations, land or commercial space or interest therein or an employee or agent thereof to discriminate in making available or in the terms or conditions of such appraisal on the basis of the actual or perceived race, creed, color, national origin, gender, disability, sexual orientation, age, marital status, *partnership status*, or alienage or citizenship status of any person or because children are, may be or would be residing with such person.

7. Retaliation. It shall be an unlawful discriminatory practice for any person engaged in any activity to which this chapter applies to retaliate or discriminate in any manner against any person because such person has (i) opposed any practice forbidden under this chapter, (ii) filed a complaint, testified or assisted in any proceeding under this chapter, (iii) commenced a civil action alleging the commission of an act which would be an unlawful discriminatory practice under this chapter, (iv) assisted the commission or the corporation counsel in an investigation commenced pursuant to this title, or (v) provided any information to the commission pursuant to the terms of a conciliation agreement made pursuant to section 8-115 of this chapter. *The retaliation or discrimination complained of under this subdivision need not result in an ultimate action with respect to employment, housing or a public accommodation or in a materially adverse change in the terms and conditions of employment, housing, or a public accommodation, provided, however, that the retaliatory or discriminatory act or acts complained of must be reasonably likely to deter a person from engaging in protected activity.*

9. Licenses and permits. It shall be an unlawful discriminatory practice:

(a) Except as otherwise provided in paragraph (c), for an agency authorized to issue a license or permit or an employee thereof to discriminate against an applicant for a license or permit because of the actual or perceived race, creed, color, national origin, age, gender, marital status, *partnership status*, disability, sexual orientation or alienage or citizenship status of such applicant.

(b) Except as otherwise provided in paragraph (c), for an agency authorized to issue a license or permit or an employee thereof to declare, print or circulate or cause to be declared, printed or circulated any statement, advertisement or publication, or to use any form of application for a license or permit or to make any inquiry in connection with any such application, which expresses, directly or indirectly, any limitation, specification or discrimination as to race, creed, color, national origin, age, gender, marital status, *partnership status*, disability, sexual orientation or alienage or citizenship status, or any intent to make any such limitation, specification or discrimination.

(c) Nothing contained in this subdivision shall be construed to bar an agency authorized to issue a license or permit from using age or disability as a criterion for determining eligibility for a license or permit when specifically required to do so by any other provision of law.

18. Unlawful boycott or blacklist. It shall be an unlawful discriminatory practice (i) for any person to discriminate against, boycott or blacklist or to refuse to buy from, sell to or trade with, any person, because of such person's actual or perceived race, creed, color, national origin, gender, disability, age, marital status, *partnership status*, sexual orientation or alienage or citizenship status or of such person's partners, members, stockholders, directors, officers, managers, superintendents, agents, employees, business associates, suppliers or customers, or (ii) for any person willfully to do any act or refrain from doing any act which enables any such person to take such action. This subdivision shall not apply to:

(a) Boycotts connected with labor disputes;

(b) Boycotts to protest unlawful discriminatory practices; or

(c) Any form of expression that is protected by the First Amendment.

**§ 4.** Section 8-109 of chapter one of title eight of the administrative code of the City of New York is amended as follows:

(g) In relation to complaints filed on or after September first, nineteen hundred ninety one, the commission shall commence proceedings with respect to the complaint, complete [the] *a thorough* investigation of the allegations of the complaint and make a final disposition of the complaint promptly and within the time periods to be prescribed by rule of the commission. If the commission is unable to comply with the time periods specified for completing its investigation and for final disposition of the complaint, it shall notify the complainant, respondent, and any necessary party in writing of the reasons for not doing so.

**§ 5.** Section 8-120 of chapter one of title eight of the administrative code of the City of New York is amended as follows:

§ 8-120 Decision and order.

a. If, upon all the evidence at the hearing, and upon the findings of fact, conclusions of law and relief recommended by an administrative law judge, the commission shall find that a respondent has engaged in any unlawful discriminatory practice or any act of discriminatory harassment or violence as set forth in chapter six of this title, the commission shall state its findings of fact and conclusions of law and shall issue and cause to be served on such respondent an order requiring such respondent to cease and desist from such unlawful discriminatory practice or acts of discriminatory harassment or violence. Such order shall require the respondent to take such affirmative action as, in the judgment of the commission, will effectuate the purposes of this chapter including, but not limited to:

(1) hiring, reinstatement or upgrading of employees;

(2) the award of back pay and front pay;

(3) admission to membership in any respondent labor organization;

(4) admission to or participation in a program, apprentice training program, on-the-job training program or other occupational training or retraining program;

(5) the extension of full, equal and unsegregated accommodations, advantages, facilities and privileges;

(6) evaluating applications for membership in a club that is not distinctly private without discrimination based on race, creed, color, age, national origin, disability, marital status, *partnership status*, gender, sexual orientation or alienage or citizenship status;

(7) selling, renting or leasing, or approving the sale, rental or lease of housing accommodations, land or commercial space or an interest therein, or the provision of credit with respect thereto, without unlawful discrimination;

(8) payment of compensatory damages to the person aggrieved by such practice or act; and

(9) submission of reports with respect to the manner of compliance.

**§ 6.** Section 8-126 of chapter one of title eight of the administrative code of the City of New York is amended as follows:

a. Except as otherwise provided in subdivision thirteen of section 8-107 of this chapter, in addition to any of the remedies and penalties set forth in subdivision a of section 8-120 of this chapter, where the commission finds that a person has engaged in an unlawful discriminatory practice, the commission may, to vindicate the public interest, impose a civil penalty of not more than [fifty] *one hundred and twenty-five* thousand dollars. Where the commission finds that an unlawful discriminatory practice was the result of the respondent's willful, wanton or malicious act or where the commission finds that an act of discriminatory harassment or violence as set forth in chapter six of this title has occurred, the commission may, to vindicate the public interest, impose a civil penalty of not more than [one hundred thousand] *two hundred and fifty* thousand dollars.

**§ 7.** Section 8-130 of chapter one of title eight of the administrative code of the City of New York is amended as follows:

§ 8-130. Construction. The provisions of this [chapter] *title* shall be construed liberally for the accomplishment of the *uniquely broad and remedial* purposes thereof, *regardless of whether federal or New York State civil and human rights laws, including those laws with provisions comparably-worded to provisions of this title, have been so construed.*

**§ 8.** Section 8-502 of chapter five of title eight of the administrative code of the City of New York is amended as follows: b. Notwithstanding any inconsistent provision of subdivision a of this section, where a complaint filed with the city commission on human rights or the state division on human rights is dismissed by the city commission on human rights pursuant to subdivisions a, b or c of section

8-113 of chapter one of this title, or by the state division of human rights pursuant to subdivision nine of section two hundred ninety-seven of the executive law *either* for administrative convenience *or on the grounds that such person's election of an administrative remedy is annulled,* an aggrieved person shall maintain all rights to commence a civil action pursuant to this chapter as if no such complaint had been filed. c. *The city commission on human rights and the corporation counsel shall each designate a representative authorized to receive copies of complaints in actions commenced in whole or in part pursuant to subdivision a of this section. Within 10 days after having commenced* [Prior to commencing] a civil action pursuant to subdivision a of this section, the plaintiff shall serve a copy of the complaint upon *such authorized representatives* [the city commission on human rights and the corporation counsel].

f. In any civil action commenced pursuant to this section, the court, in its discretion, may award the prevailing party costs and reasonable attorney's fees. *For the purposes of this subdivision, the term "prevailing" includes a plaintiff whose commencement of litigation has acted as a catalyst to effect policy change on the part of the defendant, regardless of whether that change has been implemented voluntarily, as a result of a settlement or as a result of a judgment in such plaintiff's favor.*

**§ 9.** Section 8-602 of chapter five of title eight of the administrative code of the City of New York is amended as follows:

§ 8-602 Civil action to enjoin discriminatory harassment or violence; equitable remedies.

a. Whenever a person interferes by threats, intimidation or coercion or attempts to interfere by threats, intimidation or coercion with the exercise or enjoyment by any person of rights secured by the constitution or laws of the United States, the constitution or laws of this state, or local law of the city and such interference or attempted interference is motivated in whole or in part by the victim's actual or perceived race, creed, color, national origin, gender, sexual orientation, age, whether children are, may or would be residing with such victim, marital status, *partnership status*, disability, or alienage or citizenship status as defined in chapter one of this title, the corporation counsel, at the request of the city commission on human rights or on his or her own initiative, may bring a civil action on behalf of the city for injunctive and other appropriate equitable relief in order to protect the peaceable exercise or enjoyment of the rights secured.

**§ 10.** Section 8-603 of chapter five of title eight of the administrative code of the City of New York is amended as follows:

§ 8-603 Discriminatory harassment; civil penalties.

a. No person shall by force or threat of force, knowingly injure, intimidate or interfere with, oppress, or threaten any other person in the free exercise or enjoyment of any right or privilege secured to him or her by the constitution or laws of this state or by the constitution or laws of the United States or by local law of the city when such injury, intimidation, interference, oppression or threat is motivated in whole or in part by the victim's actual or perceived race, creed, color, national origin, gender, sexual orientation, age, marital status, *partnership status*, disability or alienage or citizenship status, as defined in chapter one of this title.

b. No person shall knowingly deface, damage or destroy the real or personal property of any person for the purpose of intimidating or interfering with the free exercise or enjoyment of any right or privilege secured to the other person by the constitution or laws of this state or by the constitution or laws of the United States or by local law of the city when such defacement, damage or destruction of real or personal property is motivated in whole or in part by the victim's actual or perceived race, creed, color, national origin, gender, sexual orientation, age, marital status, *partnership status*, or whether children are, may be, or would be residing with such victim, disability or alienage or citizenship status, as defined in chapter one of this title.

c. Any person who violates subdivision a or b of this section shall be liable for a civil penalty of not more than one hundred thousand dollars for each violation, which may be recovered by the corporation counsel in an action or proceeding in any court of competent jurisdiction.

**§ 11.** Section 8-701 of chapter five of title eight of the administrative code of the City of New York is amended as follows:

§ 8-701 Legislative declaration.

Boycotts or blacklists that are based on a person's race, color, creed, age, national origin, alienage or citizenship status, marital status, *partnership status*, gender, sexual orientation, or disability pose a menace to the city's foundation and institutions. In contrast to protests that are in reaction to an unlawful discriminatory practice, connected with a labor dispute or associated with other speech or activities that are protected by the first amendment discriminatory boycotts cause havoc, divide

the citizenry and do not serve a legitimate purpose. The council declares that discriminatory boycotts are a dangerously insidious form of prejudice and hereby establishes a procedure for expeditiously investigating allegations of this type of prejudice, assuring that the council and mayor are duly alerted to the existence of such activity and combating discriminatory boycotts or blacklists.

**§ 12.** This local law shall take effect upon enactment.

Report for Int. No. 593-A

**Report of the Committee on General Welfare in favor of approving and adopting, as amended, notwithstanding the objection of the Mayor, a Local Law to amend the administrative code of the city of New York, in relation to maximizing the number of eligible New Yorkers enrolled in the federal food stamp program by distributing applications to emergency feeding programs throughout New York City.**

The Committee on General Welfare to which was referred on March 9, 2005 (Minutes, page 1242) and originally passed by the Council on June 23, 2005 (Minutes, page 3015) the annexed amended proposed local law respectfully

**REPORTS:**

On Wednesday, August 17, at 10:45 a.m., the Committee on General Welfare, chaired by Council Member Bill de Blasio, will meet to consider whether to override the Mayor's veto of Int. 593-A. The Committee on General Welfare first approved Int. 593-A on Tuesday, June 21, 2005, at 10:00 a.m. by a unanimous vote. On June 23, 2005, the full council voted to adopt the legislation by a vote of 46-4. On July 21, 2005, the Mayor returned Int. 593-A to the Council without his approval. The Council received the Mayor's veto of Int. 593-A on July 27, 2005.[1] The bill aims to increase enrollment in the food stamp program by requiring the Human Resources Administration to distribute applications for food stamps to soup kitchens and food pantries throughout New York City.

**Background**

Substantial numbers of New York City residents suffer from food insecurity. A recent report published by the Food Bank for New York City concluded that at least two million New Yorkers are at risk of going hungry.[2] According to the Food Bank study, nearly one-third of those residents access no hunger relief services.[3] Of the persons who do access hunger relief services, approximately 38% rely exclusively on soup kitchens and food pantries, rather than food stamps or other government subsidies.[4]

The food stamp program, funded by the federal government and run by state and local government agencies, provides financial assistance to families on public assistance and low income working families to purchase food. Persons enrolled in the program receive benefits that they can redeem at authorized retail food stores. The United States

Department of Agriculture (USDA) administers the food stamp program. New York State's Office of Temporary and Disability Assistance (OTDA) is responsible for ensuring that local social service districts throughout New York State comply with federal and state laws, regulations and guidelines. In New York City, the Human Resources Administration (HRA) administers the food stamp program. The federal government funds all food stamp benefits and some of the cost of administering the program; New York City and New York State share the remaining administrative costs.

Food stamp eligibility and benefit levels are based on household size, income, assets, and other factors.[5] According to HRA figures released in January 2005, the average monthly food stamp allotment in New York City for a household of one was $110 and for a household of three was $329.[6] Federal regulations require applications for food stamps to be processed within 30 days[7] and require expedited service for households with few or no resources.[8]

From April 2002 to February 2005, aggregate food stamp enrollment in New York City increased by approximately 33%, from 822,530 to 1,091,049. Notwithstanding recent increases, current enrollment in food stamps in New York City is approximately 22% lower than enrollment in October of 1995.[9] Advocates continue to

[7]See 7 C.F.R. § 273.2(g) (2002). The committee has received reports that substantial numbers of applications are not processed for final disposition in this timeframe. According to the most recent data made available by HRA, the agency is making determinations within the required 30 days 85.4% of the time.

[8]Under federal regulations, individuals entitled to expedited service must receive benefits within seven days of application. See 7 C.F.R. §273.2(i). State regulations require issuance of benefits to those entitled to expedited service within five days. See 18 NYCRR § 387.8(a)(2).

[9]At that time, there were 1,405,342 individuals receiving food stamps in New York City. See Human Resources Administration, "HRA Fact Sheet," October 2002. Available at: http://www.nyc.gov/html/hra/html/hrafacts.html

report that more than 700,000 low-income New Yorkers are eligible for, but not currently receiving, food stamps.[10] Int. 593-A aims to enhance New York City's ability to increase enrollment in the food stamp program by increasing awareness of the availability of food stamps among people who rely upon soup kitchens and food pantries.

**Analysis**

Int. No. 593-A would amend chapter 1 of title 21 of the administrative code of the city of New York by adding a new section 21-131 to require HRA to distribute food stamp applications at all city-funded emergency feeding programs, meaning soup kitchens or food pantries. The bill would also require HRA to submit quarterly reports to the City Council indicating the emergency feeding programs to which HRA distributed food stamp applications and the number of food stamp applications distributed to each emergency feeding program.

**Effective Date**

This local law would take effect ninety days after its enactment.

**IMPACT ON REVENUES:** There would be no impact on revenues as a result of this legislation.

**IMPACT ON EXPENDITURES:** The City costs of this legislation would be minimal as HRA has applied for a $1 million grant over three years from the U.S. Department of Agriculture to automate HRA's food stamps application process and the eligibility systems. Minimal City funds may be required to jump start the automation process which involves training and internet access for the HRA Food Stamp Program staff.

**A Local Law to amend the administrative code of the city of New York, in relation to maximizing the number of eligible New Yorkers enrolled in the federal food stamp program by distributing applications to emergency feeding programs throughout New York City.**

*Be it enacted by the Council as follows:*

Section 1. Chapter 1 of title 21 of the administrative code of the city of New York is hereby amended by adding a new section 21-131 to read as follows:

*§21-131. Food Stamp Applications at Emergency Feeding Programs. a. The commissioner shall arrange for the distribution of applications for the food stamp program to all city-funded emergency feeding programs. For purposes of this section, "emergency feeding program" means a food pantry or soup kitchen.*

*b. Reports regarding distribution of food stamp applications. Beginning January 1, 2006, and on the first business day of each succeeding calendar quarter thereafter, the commissioner shall submit a report to the speaker of the city council indicating the emergency feeding programs to which it distributed applications in the prior calendar quarter and the number of applications distributed to each emergency feeding program.*

§2. This local law shall become effective ninety days after its enactment.

The Committee on General Welfare to which was referred on March 9, 2005 (Minutes, page 1243) and originally passed by the Council on June 23, 2005 (Minutes, page ) the annexed amended proposed local law respectfully

**REPORTS:**

The Committee on General Welfare, chaired by Council Member Bill de Blasio, will meet on Wednesday, August 17, at 10:45 a.m., to consider whether to override the Mayor's veto of Int. 594-A. The Committee on General Welfare first approved Int. 594-A on Tuesday, June 21, 2005, at 10:00 a.m. by a unanimous vote. On June 23, 2005, the full council voted to adopt the legislation by a vote of 45-5. On July 21, 2005, the Mayor returned Int. 594-A to the Council without his approval. The Council received the Mayor's veto of Int. 594-A on July 27, 2005.[1] The bill aims to increase enrollment in the food stamp program by requiring the development of an on-line application system.

**Background**

Substantial numbers of New York City residents suffer from food insecurity. A recent report published by the Food Bank for New York City concluded that at least two million New Yorkers are at risk of going hungry.[2] According to the Food Bank study, nearly one-third of those residents access no hunger relief services.[3] Of the persons who do access hunger relief services, approximately 38% rely on soup kitchens and food pantries, rather than food stamps or other government subsidies.[4]

The food stamp program, funded by the federal government and run by state and local government agencies, provides financial assistance to families on public assistance and low income working families to purchase food. Persons enrolled in the program receive benefits that they can redeem at authorized retail food stores. The United States Department of Agriculture (USDA) administers the food stamp program. New York State's Office of Temporary and Disability Assistance (OTDA) is responsible for ensuring that local social service districts throughout New York State comply with federal and state laws, regulations and guidelines. In New York City, the Human Resources Administration (HRA) administers the food stamp program. The federal government funds all food stamp benefits and some of the cost of administering the program; New York City and New York State share the remaining administrative costs.

Food stamp eligibility and benefit levels are based on household size, income, assets, and other factors.[5] According to HRA figures released in January 2005, the average monthly food stamp allotment in New York City for a household of one was $110 and for a household of three was $329.[6] Federal regulations require applications for food stamps to be processed within 30 days,[7] and require expedited service for households with few or no resources.[8]

From April 2002 to February 2005, aggregate food stamp enrollment in New York City increased by approximately 33%, from 822,530 to 1,091,049. Notwithstanding recent increases, current enrollment in food stamps in New York City is approximately 22% lower than enrollment in October of 1995.[9] Advocates continue to report that more than 700,000 low-income New Yorkers are eligible for, but not currently receiving, food stamps.[10]

Further, despite recent enrollment increases, New York still lags behind much of the rest of the nation in participation of low income working families in the food stamp program. A recent report based on a study of food stamp participation rates for low income working families nationwide commissioned by the USDA ranked New York in the bottom half of states.[11] For all three years covered by the report, New York's food stamp participation rate for low-income working families was substantially below the national average.[12]

Several jurisdictions nationwide have developed on-line food stamp applications. As of January 25, 2005, USDA reported the availability of on-line applications in Kansas, New Jersey, Pennsylvania and West Virginia, as well as in Madison County, New York.[1] Additional jurisdictions, such as Virginia also have recently developed or are in the process of developing on-line applications.

**Analysis**

Int. 594-A would amend chapter 1 of title 21 of the administrative code of the city of New York by adding a new section 21-132 to require HRA to develop, within a year of the effective date of the provision, a procedure that enables food stamp applicants to access and submit applications using the internet. The bill would require HRA to seek any necessary approval from the New York State Office of Temporary and Disability Assistance ("OTDA") within 90 days of the bill's enactment.

**Effective Date**

This local law would take effect thirty days after its enactment.

**IMPACT ON REVENUES:** There would be no impact on revenues as a result of this legislation.

**IMPACT ON EXPENDITURES:** While there would be added expenses associated with printing additional food stamps application forms, the added costs would be minimal. With respect to the quarterly reports, it is assumed that HRA can fulfill this requirement with existing administrative staff.

Report for Int. No. 615-A

**Report of the Committee on General Welfare in favor of approving and adopting, as amended, notwithstanding the objection of the Mayor, a Local Law to amend the administrative code of the city of New York, in relation to increasing the number of eligible New Yorkers enrolled in the federal food stamp program.**

The Committee on General Welfare to which was referred on April 12, 2005 (Minutes, page ) and originally passed by the Council on June 23, 2005 (Minutes, page 1664) the annexed amended proposed local law respectfully

**REPORTS:**

The Committee on General Welfare, chaired by Council Member Bill de Blasio, will meet on Wednesday, August 17, at 10:45 a.m., to consider whether to override the Mayor's veto of Int. 615-A. The Committee on General Welfare first approved Int. 615-A on Tuesday, June 21, 2005, at 10:00 a.m. by a unanimous vote. On June 23, 2005, the full council voted to adopt the legislation by a vote of 45-5. On July 21, 2005, the Mayor returned Int. 615-A to the Council without his approval. The Council received the Mayor's veto of Int. 615-A on July 27, 2005.[1]

**Background**

Substantial numbers of New York City residents suffer from food insecurity. A recent report published by the Food Bank for New York City concluded that at least two million New Yorkers are at risk of going hungry.[2] According to the Food Bank study, nearly one-third of those residents access no hunger relief services.[3] Of the persons who do access hunger relief services, approximately 38% rely on soup kitchens and food pantries, rather than food stamps or other government subsidies.[4]

The food stamp program, funded by the federal government and run by state and local government agencies, provides financial assistance to families on public assistance and low income working families to purchase food. Persons enrolled in the program receive benefits that they can redeem at authorized retail food stores. The United States Department of Agriculture (USDA) administers the food stamp program. New York State's Office of Temporary and Disability Assistance (OTDA) is responsible for ensuring that local social service districts throughout New York State comply with

federal and state laws, regulations and guidelines. In New York City, the Human Resources Administration (HRA) administers the food stamp program. The federal government funds all food stamp benefits and some of the cost of administering the program; New York City and New York State share the remaining administrative costs.

Food stamp eligibility and benefit levels are based on household size, income, assets, and other factors.[5] According to HRA figures released in January 2005, the average monthly food stamp allotment in New York City for a household of one was

$110 and for a household of three was $329.[6] Federal regulations require applications for food stamps to be processed within 30 days,[7] and require expedited service for households with few or no resources.[8]

From April 2002 to February 2005, aggregate food stamp enrollment in New York City increased by approximately 33%, from 822,530 to 1,091,049. Notwithstanding recent increases, current enrollment in food stamps in New York City is approximately 22% lower than enrollment in October of 1995.[9] Advocates continue to report that more than 700,000 low-income New Yorkers are eligible for, but not currently receiving, food stamps.[10]

[6]See Human resources Administration, "HRA Fact Sheet," January 2005, available at: http://www.nyc.gov/html/hra/html/hrafacts.html.

[7]See 7 C.F.R. § 273.2(g) (2002). The committee has received reports that substantial numbers of applications are not processed for final disposition in this timeframe. According to the most recent data made available by HRA, the agency is making determinations within the required 30 days 85.4% of the time.

[8]Under federal regulations, individuals entitled to expedited service must receive benefits within seven days of application. See 7 C.F.R. §273.2(i). State regulations require issuance of benefits to those entitled to expedited service within five days. See 18 NYCRR § 387.8(a)(2).

[9]At that time, there were 1,405,342 individuals received food stamps in New York City. See Human Resources Administration, "HRA Fact Sheet," October 2002. Available at: http://www.nyc.gov/html/hra/html/hrafacts.html

[10]See e.g., New York City Coalition Against Hunger, Empty Plates, Empty Pantries: Armies of Compassion Face More Hunger, Fewer Resources, 3 (2004).

Further, despite recent enrollment increases, New York still lags behind much of the rest of the nation in participation of low income working families in the food stamp program. A recent report based on a study of food stamp participation rates for low income working families nationwide commissioned by the USDA ranked New York in the bottom half of states.[11] For all three years covered by the report, New York's food stamp participation rate for low-income working families was substantially below the national average.[12]

**Analysis**

Int. 615-A is part of a broader Council initiative – including legislation, oversight and adequate allocation of resources to hunger relief efforts -- to facilitate access to the food stamp program and ensure that New Yorkers do not go hungry. Int. 615-A would amend the administrative code of the City of New York by adding a new section 21-132. The bill would require HRA to develop and maintain, within a year of the effective date of the provision, a procedure that enables food stamp applicants to submit applications by facsimile. In addition, the bill would require HRA to waive face-to-face interviews for food stamp applicants for whom the requirement constitutes a hardship, including but not limited to illness, transportation difficulties, care of a household member, or work or training hours which prevent applicants from participating in an in-office interview.[13] A description of the circumstances that constitute hardship would be included in any information developed or distributed by or on behalf of HRA regarding the food stamp program. In addition, the bill would require HRA to provide a receipt, in the form of a checklist, to each food stamp program applicant, which would indicate the date on which the application was made, describe information received from the applicant, and indicate whether the application is complete or incomplete, and if incomplete, would identify any information or documents needed in order for the application to be deemed complete. Finally, the bill aims to enhance the accuracy of public information regarding location and office hours of food stamp offices by requiring regular reviews of such information.

**Effective Date**

This local law would take effect ninety days after its enactment.

**FISCAL IMPACT STATEMENT:**

**IMPACT ON REVENUES:** There would be no impact on revenues as a result of this legislation.

**IMPACT ON EXPENDITURES:** While there are expenses associated with increasing the number of fax machines and telephone lines at HRA food stamp offices, the City costs of this legislation would be minimal as HRA has submitted a proposal to the U.S. Department of Agriculture for $1 million over three years to automate the food stamps application process.

**A Local Law to amend the administrative code of the city of New York, in relation to increasing the number of eligible New Yorkers enrolled in the federal food stamp program.**

*Be it enacted by the Council as follows:*

Section 1. Chapter 1 of title 21 of the administrative code of the city of New York is hereby amended by adding a new section 21-132 to read as follows:

*§ 21-132. Handling of applications for the food stamp program.*

*a. Submission of applications by facsimile. Within one year of the effective date of the local law that added this section, the commissioner shall develop and maintain a procedure that enables applicants for the federal food stamp program to submit applications by facsimile.*

*b. Waiver of face-to-face interviews. The commissioner shall maintain a procedure for waiving a face-to-face interview for applicants for food stamps for whom the requirement constitutes a hardship, including but not limited to illness, transportation difficulties, care of a household member, or work or training hours which prevent the applicant from participating in an in-office interview. Within 180 days of the effective date of the local law that added this section, a description of the circumstances under which a face-to-face interview can be waived shall be included in any information developed and circulated by or on behalf of the department that describes the food stamp program.*

*c. Receipt. Upon written or oral application to the department for food stamps an applicant shall immediately be provided with a receipt, which shall be in the form of a checklist and shall include, at a minimum, the date of the application, a description of the information received, and an indication as to whether any application for such benefits and services is complete or incomplete, and if incomplete, such receipt shall identify any information or documents needed in order for the application to be deemed complete.*

*d. Ensuring accuracy of public information regarding location and office hours of food stamp offices. The department shall regularly review all information available to the public on the department's website or any other website maintained by or on behalf of the city of New York; any printed materials developed and circulated by or on behalf of the department or the city of New York; and any information provided by 311 or any hotline operated by or on behalf of the department, that describes the locations and office hours of all food stamp offices in new fork city and update such information as necessary to maintain accuracy. At a minimum, the department shall review all such information on a monthly basis.*

*e. Approvals. To the extent that the requirements set forth in this section are subject to the approval of the state office of temporary and disability assistance or the united states department of agriculture or any other state or federal agency, the commissioner shall request such permission within 90 days of the effective date of the local law that added this section.*

**REPORTS:**

On August 17, 2005, the Health Committee will hold a hearing on Proposed Int. 468-A, which would amend Chapter 5 of Title 22 of the Administrative Code of the City of New York by adding a new section 22-506. Previous hearings on this legislation were held on December 10, 2004 and June 9, 2005.

## I. BACKGROUND

### A. National

The number of people without health insurance in the United States is striking. According to a 2004 report by Families USA (the "Families USA Report"), approximately 81.8 million people – one out of three (32.2 percent) of those under the age of 65 – were without health insurance in the United States for all or part of 2002 and 2003.[1] Of these 81.8 million uninsured individuals, two-thirds (65.3 percent) were uninsured for six months or more.[2] In fourteen (14) states, including New York, more than one out of three people under the age of 65 went without health insurance for all or part of 2002-2003.[3] The ten states with the largest number of uninsured people were California (11.9 million), Texas (8.5 million), New York (5.6 million), Florida (4.8 million), Illinois (3.5 million), Pennsylvania (2.8 million), Ohio (2.8 million), Michigan (2.5 million), Georgia (2.5 million), and North Carolina (2.4 million).[4]

The Families USA Report notes that, contrary to popular perception, the overwhelming majority of people who experienced periods without health insurance in the last two years were connected to the workforce (either employed or actively seeking work). More than four in five individuals (85.5 percent) who went without health insurance during 2002-2003 were connected to the workforce in December 2003.[5] More specifically, of those uninsured individuals connected to the workforce, 78.8 percent were employed in December 2003, and 5.7 percent were actively looking for employment.[6]

Living without health insurance results in myriad negative impacts on one's current and long-term health. These impacts result in a situation where the uninsured[7]

- Are less likely to have a usual source of care outside the emergency room
- Often go without screening and preventive care
- Are sicker and die earlier than those who have insurance
- Are subject to medical care that is more costly than that provided for insured Americans
- Often delay or forgo needed medical care

Furthermore, the delay in obtaining medical attention for preventable and treatable illnesses has the unfortunate consequence of contributing to a sicker and less productive workforce.[8]

The Families USA Report further notes that while lack of health insurance coverage is a problem that affects people of all races and ethnic origins,

African Americans and Hispanics are much more likely to be uninsured. While 23.5 percent of white, non-Hispanic people were uninsured, nearly three out of five non-elderly Hispanics (59.5 percent) and more than two out of five non-elderly African Americans (42.9 percent) were uninsured.[9] The Report also finds that Hispanics and African Americans experience longer spells of uninsurance compared to white, non-Hispanic people. Of the total number of uninsured Hispanics, African Americans and white, non-Hispanic people, 50.2, 34.1, and 24.2 percent, respectively, were uninsured for 13 months or more.[10]

### B. New York City

According to a report written by the Brennan Center for Justice at NYU School of Law and New York Jobs with Justice, entitled "An Analysis of the New York City Health Care Security Act" in March 2005, 1.8 million working people in New York City, or a quarter of the City's population, did not have health insurance.[11]

A recent survey by the Commonwealth Fund found that one out of every three workers in New York City do not receive health insurance through their jobs.[12] Additionally, while many businesses continue to provide health insurance, the rising costs of providing such insurance are increasingly being shifted to employees.[13] Between 2002 and 2003, the average American worker faced an increase of 11.2% on their health

insurance premium.[14] In New York, the average worker's contribution for family coverage rose 54 percent, from $1,392 per year in 2001 to $2,148 per year in 2003.[15] As the cost of the required employee contribution has risen, the number of employees able to participate in employer-sponsored health insurance has decreased.[16]

According to the Association of Senior Human Resource Executives, there are currently bills pending in approximately thirty states that would require employers to provide some form of health insurance coverage for their employees.[17] This plethora of bills requiring some form of health insurance coverage can be attributed to the continued increase of uninsured Americans and the lack of immediate and viable solutions at the federal level. Even localities have sought to address the crisis in health insurance. In addition to the Health Care Security Act currently being considered in New York City, San Francisco has had a law in effect for several years that requires employers who contract with the City of San Francisco provide health insurance to their employees. The City of San Francisco recently held a hearing in April on broadening the law to apply to all employers in the city.

Retailers in the grocery industry have helped pay for their employees' health care costs for several decades.[18] Currently, nearly 72% of grocery retailers help pay for health

care for approximately 20,794 employees and their families.[19] However, the ability of such retailers to continue to financially assist with employee health care costs is becoming increasingly threatened due to a new trend among certain grocery retailers, especially gourmet groceries and "big box" food retailers, not to pay for the cost of health care, which in turn puts pressure on those employers who pay for health care costs to eliminate or reduce such benefits in an effort to remain competitive.[20]

Ensuring that employers do not eliminate employer-paid health care is important for minimizing the burden on taxpayers and the public health care system, protecting the health, safety and well-being of hardworking New Yorkers and promoting safe conditions and stable growth. Furthermore, research shows that ensuring access to employer-paid health care can strengthen industries by reducing employee turnover and improving employers' ability to recruit new employees. Under the Health Care Security Act, an estimated 300 hundred employers in the grocery industry will be required to make health care expenditures, thus helping the approximately 6,000 grocery employees and their families who presently do not have health care coverage to receive some financial assistance toward their health care costs.[21]. By requiring that grocery retailers provide financial assistance for their employees' health care costs, the Health Care Security Act is the first step toward reducing the number of working New Yorkers who do not receive health care coverage.

**PROPOSED INT. NO. 468-A**

Section 1 of Proposed Int. No. 468-A would set forth the legislative findings of the New York City Council.

Section 2 of the proposed legislation would amend Chapter 5 of Title 22 of the Administrative Code by adding a new section 22-506. Subdivision a of this section would state the short title of this proposed legislation, the "Health Care Security Act."

Subdivision b of section 2 of Proposed Int. No. 468-A would state definitions of key terms used in the legislation. Paragraph 1 of proposed subdivision b would define "administering agency" as "any city agency, office, department, division, bureau or institution of government, the expenses of which are paid in whole or in part from the city treasury, as the mayor shall designate." Paragraph 2 would define "city" as the City of New York. Paragraph 3 would define "covered employer" as "any grocery employer operating in the city." Paragraph 4 would define "covered industry" as "the grocery industry operating in the city."

Paragraph 5 of subdivision b of section 22-506 would define "employee" as "any person who works at any location in the city on a full-time, part-time, temporary, casual, on-call, pool or seasonal basis for any grocery employer, including, but not limited to persons who perform work for such employers as independent contractors or as contingent or contracted workers, and persons made available to work through the services of a temporary employment agency." "Employee," as defined, would not include persons who are managerial, supervisory or confidential employees.

[21]Working Paper: "NYC Health Care Security Act, Leveling the Playing Field for Responsible Businesses, An Analysis of the New York City Health Care Security Act," Brennan Center for Justice at NYU School of Law and New York Jobs with Justice, December 2004, at 11.

Paragraph 6 of subdivision b would define "entity" or "person" as "any natural person, corporation, sole proprietorship, association, joint venture, limited liability company or other legal entity." Paragraph 7 would define "family of employee" as "the spouse or domestic partner as defined in section 3-240 of the administrative code of an employee and each dependent child of such employee." Paragraph 8 would define "fiscal year" as the period from July 1 of each year through June 30 of the following year."

Paragraph 9 of subdivision b of section 22-506 would define "grocery employer" as "any entity operating one or more retail stores in the city that (i) primarily sell food for off-site consumption, where such entity employs thirty-five or more employees at any one such store, provided that such entity shall be deemed to employ the highest number of employees that such entity employed at any time during the preceding fiscal year or (ii) contain 10,000 square feet or more of floor space for the sale of food for off-site consumption, such as a "big box" retail store or warehouse club." The term "grocery employer" would not include "any retail store for which pharmacy sales comprise fifty percent or more of store sales."

Paragraph 10 of subdivision b would define "health care expenditure" as "any amount paid by a covered employer to its employees or to another party on behalf of its employees and/or the families of its employees for the purpose of providing health care services or reimbursing the cost of such services for its employees and/or the families of its employees. Such an expenditure would include, but not be limited to, contributions by such employer to a health savings account as defined under section 223 of the United States Internal Revenue Code on behalf of any of its employees and/or the families of its employees or reimbursement by such employer to its employees and/or the families of its employees for incurred health care expenses where such recipients had no entitlement to have expense reimbursed under any plan, fund or program maintained by such employer. Paragraph 10 would also specify that "health care expenditure" would not include any payment made directly or indirectly for workers compensation, Medicare benefits or any other health care costs, taxes or assessments that an employer is required to pay pursuant to any federal, state or local law other than this section, or any amount deducted from an employee's wages and not reimbursed by such employer.

Paragraph 11 of subdivision b of section 22-506 would define "health care services" as primary or secondary medical care or services that would include, but not be limited to (i) inpatient and outpatient hospital services, (ii) physicians' surgical and medical services, (iii) laboratory, diagnostic and x-ray services, (iv) prescription drug coverage, (v) annual physical examinations, (vi) preventative services, (vii) mental health services or (viii) substance abuse treatment services. Paragraph 11 would also provide that this term would not include any medical procedure or treatment that is solely cosmetic.

Paragraph 12 of subdivision b would define "prevailing health care expenditure rate" as the amount of health care expenditure customarily made on behalf of a full-time employee and/or the family of such employee in the same trade or occupation in the covered industry." Such expenditure would be prorated on an hourly basis and calculated pursuant to paragraph 2 of subdivision c of this section.

Paragraph 13 would define "required health care expenditure" as the total health care expenditure that a covered employer would be required to make each year for its employees and/or the families of its employees pursuant to subdivision c of this section.

Paragraph 14 would define "retaliatory action" as the discharge, suspension, demotion or penalization of, or discrimination or taking other adverse action against, an employee with respect to the terms and conditions of such employee's employment.

Subdivision c of section 22-506 of Proposed Int. No. 468-A would create requirements with respect to health care expenditures. Specifically, paragraph 1 of subdivision c would mandate that covered employees make required health care expenditures on behalf of their employees and/or the families of their employers each fiscal year.

Paragraph 2 of subdivision c would state that the administering agency shall annually determine the prevailing health care expenditure rate for employees in the covered industry using procedures and standards similar to those used to calculate prevailing wages and fringe benefits pursuant to sections 230 and 220 of the New York state labor law. This paragraph would also provide that where 30 percent or more of such employees are covered by a valid collective bargaining agreement, the prevailing health care expenditure rate for such employees would be equal to the health care expenditure rate for full-time employees as provided under such collective bargaining agreements. This paragraph would also provide that where there are more than one such collective bargaining agreements with differing health care expenditure rates for full-time employees which together cover 30 percent or more of the employees in the covered industry, the prevailing health care expenditure rate for such employees would be the average such rate of all such agreements. Additionally, paragraph 2 if subdivision c would provide that all employees

employed in the covered industry would be deemed to be in the same trade or occupation for purposes of determining the prevailing health care expenditure rate. Finally, paragraph 2 of this subdivision would state that each prevailing health care expenditure rate determined pursuant to this subdivision shall be published by the administering agency by March 1 of each year and shall take effect on July 1 of the fiscal year.

Paragraph 3 of subdivision c Proposed Int. No. 468-A would state that each covered employer must annually determine its required health care expenditure by multiplying the prevailing health care expenditure rate as determined by the administering agency pursuant to this subdivision for such employer's covered industry by the total number of hours worked during the fiscal year by all the employees of that employer.

Paragraph 4 of subdivision c of Proposed Int. No. 468-A would establish certain record keeping requirements for employers. Subparagraph (i) of paragraph 4 of subdivision c would state that a covered employer is required to maintain an accurate work log that lists, for each employee, such employee's name, trade or occupation and the dates and hours worked by that employee. Subparagraph (ii) would require that a covered employer provide an employee or his/her designated representative(s) with access to such employee's work log and payroll records for inspection and copying. Subparagraph (iii) would require the maintenance of accurate records of health care expenditures and required health care expenditures, as well as proof of such expenditures each year, provided that covered employers would not be required to maintain such records in any particular form. Subparagraph (iv) would require employers to submit a report to the administering agency on an annual basis containing the information required to be maintained pursuant to subparagraphs (i) and (iii) of this paragraph, and such other information that the administering agency shall require. This report would be made available to the public upon request without employee names or other personally identifying information. Furthermore, paragraph 4 would state that a covered employer that is a signatory to one or more collective bargaining agreements that cover at least 75 percent of its employees may comply with this section as provided in subdivision g.

Subdivision d of section 22-506 of Proposed Int. No. 468-A would specify provisions with respect to unlawful retaliation. Specifically, subdivision d would make it unlawful for any covered employer to deprive or threaten to deprive any person of employment, take or threaten to take any retaliatory action against any person, or directly or indirectly intimidate, threaten, coerce, command or influence or attempt to intimidate, threaten, coerce, command or influence any person because such person has taken an action to enforce, inquire about or inform others about the requirements of this section. Subdivision d would also provide that taking any such adverse action against any person within 90 days of such person's exercise of rights pursuant to this section shall raise a rebuttable presumption that such action was in retaliation for the exercise of such rights.

Subdivision e of section 22-506 of Proposed Int. No. 468-A would create violations and penalties. Paragraph 1 of subdivision e would provide that any covered employer found to be in violation of this section by failing to make health care expenditures during the fiscal year at least equal to the required health care expenditure for such employer shall be liable for a civil penalty equal to the amount of the shortfall. Paragraph 2 of subdivision e would state that any covered employer found to be in violation of this section by failing to make health care expenditures during the fiscal year at least equal to the required health care expenditure for such employer shall correct such violation within 90 days of such determination. Pursuant to paragraph 2, the administering agency would serve a notice to correct such violation, which would specify the date that is 90 days from such determination by which the violation shall be corrected. Failure to correct such violation would subject a covered employer to a civil penalty of not less than $500 for each day that such violation continues.

Paragraph 3 of subdivision e would provide that any covered employer found to have violated any of the requirements of paragraph (4) of subdivision c of this section would be liable for a civil penalty of not less than $500 for each violation.

Paragraph 4 of subdivision e would provide that in addition to being liable for civil penalties pursuant to this subdivision, any covered employer found to have violated this section may be subject to other action taken by the administering agency, including, but not limited to, requesting that City agencies or departments revoke or suspend any City-issued registration certificates, permits or licenses held by such covered employer until such time as the violation is remedied.

Paragraph 5 of subdivision e would provide that penalties imposed pursuant to this section shall not affect any right or remedy available or any civil or criminal penalty applicable under law to any individual or entity, or in any way diminish or reduce the remedy or damages recoverable in any action in equity or law before a court with competent jurisdiction.

Subdivision f of section 22-506 of Proposed Int. No. 468-A would provide for enforcement of this legislation. Specifically, paragraph 1 of this subdivision would provide that the administering agency shall take appropriate action to enforce this section, including, but not limited to, periodically auditing covered employers to monitor compliance with this section, establishing a system to receive complaints from any person charging that a violation has occurred pursuant to this section, investigating complaints received and making findings of violations and civil penalties in accordance with the provisions of this section.

Paragraph 2 of subdivision f would provide that any proceeding to recover any civil penalty authorized pursuant to this chapter shall be commenced by the service of a notice of violation, which would be returnable to the administering agency. The commissioner or other designated person of such administering agency would be authorized to impose the civil penalties prescribed by this section after due notice and an opportunity for a hearing.

Paragraph 3 of subdivision f would provide that any action or proceeding that may be appropriate or necessary for the correction of any violation issued pursuant to this section, including, but not limited to, actions to secure permanent injunctions, enjoining any act or practices which constitute such violation, mandating compliance with the provisions of this section or such other relief as may be appropriate, may be initiated in any court of competent jurisdiction by the corporation counsel or such other persons designated by the corporation counsel on behalf of the administering agency.

Paragraph 4 of subdivision f would provide that any joint-labor management committee established pursuant to the federal Labor Management Cooperation Act of 1978 (section 175a of title 29 of the United States Code) operating in the covered industry may bring an action in any court of competent jurisdiction against a covered employer that fails to make health care expenditures during the fiscal year at least equal to the required health care expenditure for such employer in violation of this section. Upon a determination of any such violation, the court may award any appropriate remedy at law or equity and shall award reasonable attorney's fees and costs incurred in maintaining the action to any complaining party who prevails in any such enforcement action.

Paragraph 5 of subdivision f would state that any aggrieved person may bring an action in any court of competent jurisdiction against a covered employer for violation of subdivision d of this section. Upon a determination of any such violation, the court may award any appropriate remedy at law or equity and shall award reasonable attorney's fees and costs incurred in maintaining the action to any complaining party who prevails in any such enforcement action.

Paragraph 6 of subdivision f would require that any enforcement proceedings commenced under this section must be commenced within 3 years after the date of the occurrence or termination of the alleged violation, which ever occurs later.

Subdivision g of section 22-506 of Proposed Int. No. 468-A would provide for an exemption to the legislation. Specifically, a covered employer that is a signatory to one or more collective bargaining agreements that cover at least 75 percent of its employees may fully comply with the requirements of this section by filing annually with the administering agency proof of such collective bargaining agreements and their terms, in such form and manner as specified by the administering agency, and would otherwise be exempt from all other provisions of this section.

Subdivision h of section 22-506 of Proposed Int. No. 468-A would state requirements regarding rules. Specifically, the administering agency shall promulgate rules in accordance with this section and such other rules as might be necessary for the purpose of implementing, construing and carrying out the provisions of this section.

Section 3 of Proposed Int. No. 468-A would contain a severability clause.

Section 4 would state that Proposed Int. No. 468-A would take effect 90 days after its enactment into law.

By Council Members Quinn, Jackson, Reyna, Rivera, Gioia, Gennaro, Addabbo, Palma, Weprin, Yassky, Baez, Brewer, James, Gerson, Perkins, Katz, de Blasio, Martinez, Monserrate, Comrie, Sanders, Barron, Boyland, Clarke, Fidler, Gentile, Gonzalez, Koppell, McMahon, Nelson, Recchia, Sears, Stewart, Vann, Foster, Liu, Reed, Moskowitz, Lopez, Seabrook, Vallone Jr., The Speaker (Council Member Miller), The Public Advocate (Gotbaum) and Avella.

**A Local Law to amend the administrative code of the city of New York, in relation to requiring employers in the grocery industry to make prevailing health care expenditures on behalf of their employees.**

*Be it enacted by the Council as follows:*

Section 1. Declaration of legislative findings and intent. In major industries in New York City, such as the grocery industry, responsible employers have long provided employer-paid health care for their employees and the families of their employees. Ensuring that employers do not eliminate employer-paid health care is important for minimizing the burden on taxpayers and the public health care system, protecting the health, safety and well-being of hardworking New Yorkers and promoting safe conditions and stable growth. Furthermore, research shows that ensuring access to employer-paid health care can strengthen industries by reducing employee turnover and improving employers' ability to recruit new employees.

The City Council finds that in order to achieve these goals, employers should make prevailing health care expenditures on behalf of their employees. This local law initially establishes such a program in the grocery industry, where responsible employers have demonstrated that it is economically feasible to pay for their employees' health care, but a growing number of employers in this industry are not doing so.

§2. Chapter 5 of title 22 of the administrative code of the city of New York is hereby amended by adding a new section 22-506 to read as follows:

*§22-506 a. Short title. This section shall be known and may be cited as the "Health Care Security Act."*

*b. Definitions. For purposes of this section, the following terms shall have the following meanings:*

*(1) "Administering agency" means any city agency, office, department, division, bureau or institution of government, the expenses of which are paid in whole or in part from the city treasury, as the mayor shall designate.*

*(2) "City" means the city of New York.*

*(3) "Covered employer" means any grocery employer operating in the city.*

*(4) "Covered industry" means the grocery industry operating in the city.*

*(5) "Employee" means any person who works at any location in the city on a full-time, part-time, temporary, casual, on-call, pool or seasonal basis for any grocery employer, including, but not limited to persons who perform work for such employers as independent contractors or as contingent or contracted workers, and persons made available to work through the services of a temporary employment agency; provided, however, that such term shall not include persons who are managerial, supervisory or confidential employees.*

*(6) "Entity" or "Person" means any natural person, corporation, sole proprietorship, partnership, association, joint venture, limited liability company or other legal entity.*

*(7) "Family of employee" means the spouse or domestic partner as defined in section 3-240 of the administrative code of an employee and each dependent child of such employee.*

*(8) "Fiscal year" means the period from July 1 of each year through June 30 of the following year.*

*(9) "Grocery employer" means any entity operating one or more retail stores in the city that (i) primarily sell food for off-site consumption, where such entity employs thirty-five or more employees at any one such store, provided that such entity shall be deemed to employ the highest number of employees that such entity employed at any time during the preceding fiscal year or (ii) contain 10,000 square feet or more of floor space for the sale of food for off-site consumption, such as a "big box" retail store or warehouse club; provided that such term shall not include any retail store for which pharmacy sales comprise fifty percent or more of store sales.*

*(10) "Health care expenditure" means any amount paid by a covered employer to its employees or to another party on behalf of its employees and/or the families of its employees for the purpose of providing health care services or reimbursing the cost of such services for its employees and/or the families of its employees, including, but not limited to, contributions by such employer to a health savings account as defined under section 223 of the United States internal revenue code on behalf of any of its employees and/or the families of its employees, or reimbursement by such employer to its employees and/or the families of its employees for incurred health care expenses where such recipients had no entitlement to have expenses reimbursed under any plan, fund or program maintained by such employer; provided, however, that such term shall not include any payment made directly or indirectly for workers' compensation, Medicare benefits or any other health care costs, taxes or assessments that such employer is required to pay pursuant to any federal, state or local law other than this section, or any amount deducted from an employee's wages and not reimbursed by such employer.*

*(11) "Health care services" means primary or secondary medical care or services, including, but not limited to, (i) inpatient and outpatient hospital services, (ii) physicians' surgical and medical services, (iii) laboratory, diagnostic and x-ray services, (iv) prescription drug coverage, (v) annual physical examinations, (vi) preventative services, (vii) mental health services or (viii) substance abuse treatment services; provided, however, that such term shall not include any medical procedure or treatment which is solely cosmetic.*

*(12) "Prevailing health care expenditure rate" means the amount of health care expenditure customarily made on behalf of a full-time employee and/or the family of such employee in the same trade or occupation in the covered industry, prorated on an hourly basis and calculated pursuant to paragraph 2 of subdivision c of this section.*

*(13) "Required health care expenditure" means the total health care expenditure that a covered employer is required to make each year for its employees and/or the families of its employees pursuant to subdivision c of this section.*

*(14) "Retaliatory action" means the discharge, suspension, demotion or penalization of, or discrimination or taking other adverse action against, an employee with respect to the terms and conditions of such employee's employment.*

*c. Required health care expenditures. (1) Covered employers shall make required health care expenditures on behalf of their employees and/or the families of their employees each fiscal year.*

*(2) The administering agency shall annually determine the prevailing health care expenditure rate for employees in the covered industry using procedures and standards similar to those used to calculate prevailing wages and fringe benefits pursuant to sections 230 and 220 of the New York state labor law; provided that where thirty percent or more of such employees are covered by a valid collective bargaining agreement, the prevailing health care expenditure rate for such employees shall be equal to the health care expenditure rate for full-time employees as provided under such collective bargaining agreement; provided further that where there are more than one such collective bargaining agreements with differing health care expenditure rates for full-time employees which together cover thirty percent or more of the employees in the covered industry, the prevailing health care expenditure rate for such employees shall be the average such rate of all such agreements; and provided further that all employees employed in the covered industry shall be deemed to be in the same trade or occupation for purposes of determining the prevailing health care expenditure rate. Each prevailing health care expenditure rate determined pursuant to this subdivision shall be published by the administering agency by March 1 of each year and shall take effect on July 1 of the fiscal year.*

*(3) Each covered employer shall annually determine its required health care expenditure by multiplying the prevailing health care expenditure rate as determined by the administering agency pursuant to this subdivision for such employer's covered industry by the total number of hours worked during the fiscal year by all the employees of such employer.*

*(4) A covered employer shall (i) maintain an accurate work log that lists, for each employee, such employee's name, trade or occupation and the dates and hours worked by such employee; (ii) provide an employee or such employee's designated representative(s) with access to such employee's work log and payroll records for inspection and copying; (iii) maintain accurate records of health care expenditures and required health care expenditures, and proof of such expenditures each year, provided, however, that covered employers shall not be required to maintain such records in any particular form; and (iv) provide a report to the administering agency on an annual basis containing the information required to be maintained pursuant to subparagraphs (i) and (iii) of this paragraph, and such other information as the administering agency shall require. Such report shall be made available to the public upon request without employee names or other personally identifying information. A covered employer that is a signatory to one or more collective bargaining agreements that cover at least seventy-five percent of its employees may comply with this section as provided in subdivision g.*

*d. Unlawful retaliation. It shall be unlawful for any covered employer to deprive or threaten to deprive any person of employment, take or threaten to take any retaliatory action against any person, or directly or indirectly intimidate, threaten, coerce, command or influence or attempt to intimidate, threaten, coerce, command or influence any person because such person has taken an action to enforce, inquire about or inform others about the requirements of this section. Taking any such adverse action against any person within ninety days of such person's exercise of rights pursuant to this section shall raise a rebuttable presumption that such action was in retaliation for the exercise of such rights.*

*e. Violations and penalties. (1) Any covered employer found to be in violation of this section by failing to make health care expenditures during the fiscal year at least equal to the required health care expenditure for such employer shall be liable for a civil penalty equal to the amount of the shortfall.*

*(2) Any covered employer found to be in violation of this section by failing to make health care expenditures during the fiscal year at least equal to the required health care expenditure for such employer shall correct such violation within ninety days of such determination. The administering agency shall serve a notice to correct such violation which shall specify the date which is ninety days from such determination by which the violation shall be corrected. Failure to correct such violation pursuant to this paragraph shall subject a covered employer to a civil penalty of not less than five hundred dollars for each day such violation continues.*

*(3) Any covered employer found to have violated any of the requirements of paragraph (4) of subdivision c of this section shall be liable for a civil penalty of not less than five hundred dollars for each such violation.*

*(4) In addition to being liable for civil penalties pursuant to this subdivision, any covered employer found to have violated this section may be subject to other action taken by the administering agency, including, but not limited to, requesting that city agencies or departments revoke or suspend any city-issued registration certificates, permits or licenses held by such covered employer until such time as the violation is remedied.*

*(5) Penalties imposed pursuant to this section shall not affect any right or remedy available or civil or criminal penalty applicable under law to any individual or entity, or in any way diminish or reduce the remedy or damages recoverable in any action in equity or law before a court of law with competent jurisdiction.*

*f. Enforcement. (1) The administering agency shall take appropriate action to enforce this section, including, but not limited to, periodically auditing covered employers to monitor compliance with this section; establishing a system to receive complaints from any person charging that a violation has occurred pursuant to this section; investigating complaints received; and making findings of violations and civil penalties in accordance with the provisions of this section.*

*(2) Any proceeding to recover any civil penalty authorized pursuant to this chapter shall be commenced by the service of a notice of violation which shall be returnable to the administering agency. The commissioner or other designated person of such administering agency shall, after due notice and an opportunity for a hearing, be authorized to impose the civil penalties prescribed by this section.*

*(3) Any action or proceeding that may be appropriate or necessary for the correction of any violation issued pursuant to this section, including, but not limited to, actions to secure permanent injunctions, enjoining any acts or practices which constitute such violation, mandating compliance with the provisions of this section or such other relief as may be appropriate, may be initiated in any court of competent jurisdiction by the corporation counsel or such other persons designated by the corporation counsel on behalf of the administering agency.*

*(4) Any joint-labor management committee established pursuant to the federal Labor Management Cooperation Act of 1978 (section 175a of title 29 of the United States code) operating in the covered industry may bring an action in any court of competent jurisdiction against a covered employer that fails to make health care expenditures during the fiscal year at least equal to the required health care expenditure for such employer in violation of this section. Upon a determination of any such violation, the court may award any appropriate remedy at law or equity and shall award reasonable attorney's fees and costs incurred in maintaining the action to any complaining party who prevails in any such enforcement action.*

*(5) Any aggrieved person may bring an action in any court of competent jurisdiction against a covered employer for violation of subdivision d of this section. Upon a determination of any such violation, the court may award any appropriate remedy at law or equity and shall award reasonable attorney's fees and costs incurred in maintaining the action to any complaining party who prevails in any such enforcement action.*

*(6) Any enforcement proceedings commenced under this section must be commenced within three years after the date of the occurrence or termination of the alleged violation, which ever occurs later.*

*g. Exemption. A covered employer that is a signatory to one or more collective bargaining agreements that cover at least seventy-five percent of its employees may fully comply with the requirements of this section by filing annually with the administering agency proof of such collective bargaining agreements and their terms, in such form and manner as specified by the administering agency, and shall otherwise be exempt from all other provisions of this section.*

*h. Rules. The administering agency shall promulgate rules in accordance with this section and such other rules as may be necessary for the purpose of implementing, construing and carrying out the provisions this section.*

§ 3. If any section, subsection, sentence, clause, phrase, or other portion of this local law, including any requirement imposed pursuant to it, is for any reason declared unconstitutional or invalid, in whole or in part, by any court of competent jurisdiction, such portion shall be deemed severable, and such unconstitutionality or invalidity shall not affect the validity of the remaining portions of this local law, which remaining portions shall continue in full force and effect.

§ 4. This local law shall take effect ninety days after its enactment into law.

CHRISTINE C. QUINN, Chairperson; YVETTE D. CLARKE, HELEN SEARS, KENDALL B. STEWART, Committee on Health, August 17, 2005.

On motion of the Speaker (Council Member Miller), and adopted, the foregoing matter was coupled as a General Order for the day (see ROLL CALL ON GENERAL ORDERS FOR THE DAY).

**Reports of the Committee on Housing and Buildings**

Report for Int. No. 186-A

**Report of the Committee on Housing and Buildings in favor of approving and adopting, as amended, notwithstanding the objection of the Mayor, a local law to amend the administrative code of the city of New York, in relation to creating a right of refusal and a first opportunity to purchase.**

The Committee on Housing and Buildings to which was referred on February 26, 2004, (Minutes, page 858) the annexed amended proposed local law respectfully

**REPORTS:**

**BACKGROUND**:

The increasing scarcity of affordable housing in the City makes it critical to preserve existing subsidized housing units. Private owners are currently electing to prepay subsidized mortgages or to opt out of project-based subsidy programs at an alarming rate. Once they are no longer bound by the constraints imposed by such programs, many owners put their buildings up for sale, while others raise rents to market levels. In either situation, low- and moderate-income tenants lose the protections offered by these programs as the buildings open to market rents.

One in ten federally subsidized assisted rental housing units in New York City has been or is in the process of being removed from the affordable housing stock, according to data compiled by the Community Service Society[1]. Compounding this problem, the federal government has drastically eliminated or reduced funding for programs of this type that were designed to promote the preservation of subsidized housing, and it does not appear that any new federal programs will be funded to create new subsidized housing. In the face of such conversions from affordable housing to market rate housing, some city and state governments have enacted legislation granting a right of first refusal and/or a first opportunity to purchase to low- to moderate-income residents who will maintain the buildings as affordable housing.

Int. No. 186-A would provide a mechanism to help safeguard against the loss of affordable housing and to ensure that the assisted rental housing stock is maintained for the people of New York. This bill would give tenants in certain developments a right of first refusal and/or a first opportunity to purchase the property where they reside in order to preserve the property as low- or moderate-income housing. Concurrent with these options, the bill provides owners of these developments with the opportunity to maintain the housing development as affordable or to sell the property at a competitively appraised market value. These developments include Mitchell-Lama developments, project-based Section 8 developments, as well as certain other developments receiving government subsidies and assistance.

The Committee conducted two prior hearings on earlier versions of this legislation on October 28, 2004 and on May 9, 2005.

Int. No. 186-A:

Bill section one contains a declaration of legislative findings and intent.

Bill section 2 creates a new Chapter 9 entitled "Right of First Refusal and First Opportunity to Purchase" in Title 26 (sections 26-801 through 26-810) of the Administrative Code of the City of New York.

Section 26-801 would provide new definitions that would apply to this Chapter. The terms defined are as follows:

"Affordable" shall mean dwelling units whose rental expenses do not exceed thirty percent of the annual gross household income of existing tenants, and/or where rental expenses do not exceed the rent levels allowable pursuant to the rent restrictions applicable to such dwelling units prior to conversion, provided however that units which become vacant in assisted rental housing should not be rented to households whose income exceeds eighty percent of the New York metropolitan area median income as determined by the United States department of housing and urban development.

"Appraised value" shall mean the value as determined by a majority vote of an advisory panel of three appraisers who shall perform such appraisal in accordance with the American Arbitration Association's Rules for the Real Estate Industry.

"Assisted rental housing" shall mean a privately-owned multiple dwelling or group of multiple dwelling units managed together under the same ownership in which the majority of dwelling units therein are subject to federal, state or city

income eligibility restrictions and in which rents for such dwelling units are controlled, regulated or assisted by a federal, state or city agency pursuant to a regulatory agreement or rental assistance agreement designed to make such dwelling units affordable on a project-based basis. Assisted rental housing programs shall include, but not be limited to:

(1) any program created, administered, or supervised by the city or state under article II or article IV of the private housing finance law;

(2) any program providing project-based assistance under section eight of the United States housing act of 1937, as it may be amended from time to time; and

(3) mortgage insurance programs under sections 202, 207, 221, 232, 236, or 811 of the national housing act, (12 U.S.C. 1701 et seq.), as they may be amended from time to time.

Int. No. 186-A was not intended to capture buildings that are receiving benefits under section 421-a of the Real Property Tax Law.

"Bona fide purchaser" shall mean a person or entity that has tendered a bona fide offer to purchase the assisted rental housing.

"Bona fide offer to purchase" shall mean a good faith and without fraud offer, made in writing and approved by the department that is tendered by a bona fide purchaser that is non-binding on the owner with intent to convert.

"Conversion" or "convert" shall mean the transfer of title, leasing, intention to sell or lease, mortgage pre-payment, withdrawal from an assisted housing program, decision not to extend or renew participation in the program or any other action taken by the owner that would result in the termination of participation by the owner in the assisted rental housing program.

"Household" shall mean all lawful occupants of any dwelling unit as defined in section 27-2004 of this code.

"Household income" shall mean, for any household, the sum of the amount reported separately in the most recent individual or joint tax return for wage or salary income, net self-employed income, interest, dividends, rent received, royalties, social security or railroad retirement benefits or disability benefits and all other income for each member of the household reported on a tax return.

"Department" shall mean the department of housing preservation and development or successor agency.

"Financial assistance" shall mean any benefits received as a result of an assisted rental housing program that act to maintain affordable rents in the assisted rental housing.

"First opportunity to purchase" shall mean the opportunity by a tenant association or if applicable, a qualified entity to purchase in good faith and without fraud the assisted rental housing at or below its appraised value before such assisted rental housing becomes subject to conversion.

"Notice" shall mean a written communication addressed to a tenant association, or if no tenant association exists, to each tenant, or if applicable, to a qualified entity, by means of first class and registered mail, or personal delivery upon a tenant association, or if no tenant association exists, upon each tenant, or if applicable, a qualified entity. Each such notice shall be deemed to have been given upon the deposit of such first class and registered mail in the custody of the United States postal service or upon receipt of personal delivery, and by posting of such notice in the common areas of the assisted rental housing.

"Owner" shall mean any person or entity, or combination of such persons or entities, or any agent of such persons or entities, that has a controlling interest in assisted rental housing that is subject to conversion.

"Qualified entity" shall mean any individual, partnership, limited liability partnership, limited liability corporation, not-for-profit corporation or business corporation, or other entity authorized to do business in New York state and experienced in the management of affordable housing, designated by the tenants residing in at least sixty percent of the occupied dwelling units within the same assisted rental housing to act on its behalf pursuant to section 26-809 of this chapter and approved in writing by the department and which obligates itself and any successors in interest to assume the ongoing responsibility of continuing maintenance and operation of the assisted rental housing as affordable for the duration of the housing's useful life and in accordance with the purposes of this chapter.

"Right of first refusal" shall mean the right of a tenant association or if applicable, a qualified entity to submit a good faith and without fraud offer, in writing to the owner to purchase the higher of the assisted rental housing's appraised value or the identical price, terms and conditions offered by a bona fide purchaser as approved by the department.

"Tenant" shall mean a lawful occupant who resides within a dwelling unit within such assisted rental housing pursuant to law or a lease recognized by either the owner of such assisted rental housing, the department or a court of competent jurisdiction.

"Tenant association" shall mean an association, whether incorporated or not, for which written consent to forming a tenant association has been given by tenants representing at least sixty percent of the occupied dwelling units within the same assisted rental housing, and which association notifies or has notified the owner of the assisted rental housing and the department of its existence or establishment and has provided to such owner and the department the names and addresses of at least two of the officers or representatives of such association. Where more than one group of tenants in the same assisted rental housing claims to be the tenant association for such assisted rental housing, the department shall determine which group, if any, is the tenant association for the purposes of this chapter in the same manner as the department certifies a tenant association for the purposes of article II of the private housing finance law.

Section 26-802 is intended to insure that early notification of an impending conversion is provided to the tenant association, as such term is defined in this bill, or if no tenant association exists, to each tenant, and to the Department of Housing Preservation and Development (HPD) of the owner's intention to take any action that will result in the conversion of the assisted rental housing.

Pursuant to subdivision (b) of section 26-802, the bill would require that the notice be provided no less than twelve months prior to the taking of such action by the owner that will result in the conversion of the assisted rental housing. Such notice is also to include the following information:

(1) The name and address of each owner of the assisted rental housing. For any owner that is a corporation, the notice shall contain the names and addresses of the officers and directors of the corporation and of any person directly or indirectly holding more than 10 percent of any class of the outstanding stock of the corporation. For any owner that is a partnership or joint venture, the notice shall contain the name and address of each individual who is a principal or exercises control of such entities.

(2) The address and/or addresses and the name and/or names of the assisted rental housing and the type of program or programs to which the assisted rental housing is subject;

(3) The nature of the action that the owner intends to take that will result in a conversion;

(4) The date on which such action resulting in the conversion is anticipated to take place;

(5) The provision of law, rule or regulation pursuant to which such action is authorized;

(6) The total number and type of dwelling units subject to a conversion;

(7) The current rent schedule for the dwelling units along with an estimation of the

rent increases anticipated upon conversion;

(8) The income and expense report for the twelve-month period prior to the notice including capital improvements, real property taxes and other municipal charges;

(9) The amount of the outstanding mortgage as of the date of the notice;

(10) The two most recent inspection reports from the real estate assessment center of the United States department of housing and urban development, for the assisted rental housing or group of multiple dwelling units operated together under the same ownership for which such inspection reports are required, or, the reports of the two most recent comprehensive building-wide inspection reports that may have been conducted by the department or by the New York state division of housing and community renewal;

(11) A statement of notice in a manner approved by the department which advises a tenant association, or if no tenant association exists, advises each tenant, of the first opportunity to purchase as required by section 26-806 of this chapter, or of the right of first refusal, as required by section 26-805 of this chapter;

(12) Such other information the department may require.

Subdivision (c) of section 26-802 mandates that during this twelve-month notification period the owner is not to sell nor contract to sell the assisted rental housing. However, the owner may engage in such discussions with any and all other outside interested parties.

Subdivision (d) of section 26-802 exempts the owner who intends to maintain the property as assisted rental housing or intends to transfer, lease or refinance a mortgage in order to maintain the property as assisted rental housing, from the twelve-month notification requirement.

Subdivision (e) of section 26-802 addresses the issue of an owner who decides not to convert the assisted rental housing program after having already provided notification of an impending conversion. This subdivision allows for an owner to withdraw the prior notice of intention to convert the assisted rental housing program, subject to the terms of any accepted offer to purchase or executed purchase and sale agreement, and to existing statutory and common law remedies. In such event, the owner is to give notice to the tenant association, or if no tenant association exists, to each tenant, or if applicable, to a qualified entity, as defined in the bill, and to the department. However, should the owner at any time decide to take an action that will result in conversion, a new twelve month notification period begins and all the other applicable requirements of this chapter need be complied with.

Subdivisions (f) and (g) of section 26-802 clarify that where there is an applicable supervening statute or program that has a notice requirement substantially similar to any notice requirement of this section, then the period of notice required under this section shall be that of the supervening statute or program. Similarly, should the notices required by this section require more information than is required by any applicable supervening city, state or federal statute or program, then such additional information shall be provided within the time period established by the supervening statute or program.

New section 26-803 addresses the situation where the notified action of conversion intended by the owner is to sell the assisted housing development and, hence, entertain bona fide offers to purchase the property. This will automatically trigger a tenant association's, or if applicable, a qualified entity's, right of first refusal, as defined by this bill. If during the time period stated in subdivision (b) of section 26-802 of this chapter, the owner receives a bona fide offer to purchase with intention to convert the assisted rental housing and intends to consider, or respond to such bona fide offer to purchase, then the owner needs to provide notice to a tenant association, or if no tenant association exists, to each tenant, or if applicable, a qualified entity, and the department, no more than fifteen days from the date that such bona fide offer to purchase is delivered to the owner. The notice also need to contain the name and address of the proposed bona fide purchaser; as well as the price and terms and conditions of the offer.

Subdivision (b) of section 26-803 exempts the owner from complying with this section if the bona fide purchaser making the offer agrees to maintain the assisted rental housing as affordable. Should that be the case, then the bona fide purchaser is required to inform the department as to how such bona fide purchaser intends to keep the assisted rental housing as affordable.

New section 26-804 speaks to the procedure for determining the appraised market and/or near speculative market value for the assisted rental housing. Specifically, the department will convene an advisory panel which shall determine the appraised value of the assisted rental housing within thirty days of a tenant association's, or if applicable, a qualified entity's notice to the owner and the department pursuant to subdivision (a) of section 26-805, or subdivision (a) of section 26-806 of this chapter.

According to subdivision (b) of section 26-804, the advisory panel will consist of one appraiser selected by the owner, one appraiser selected by the tenant association, or if applicable, a qualified entity, and one appraiser to be selected either by mutual agreement between the owner and the tenant association or if applicable, a qualified entity, or by mutual agreement between the appraiser that was selected by the owner and the appraiser selected by the tenant association, or if applicable, a qualified entity, if such condition is deemed acceptable to the owner and the tenants association, or if applicable, a qualified entity, and is agreed upon in writing. However, should there be no agreement between the owner and the tenant association, or if applicable, a qualified entity, or between the appraiser that was selected by the owner and the appraiser selected by the tenant association, or if applicable, a qualified entity, then the appraiser will be selected by the department.

In keeping with the timeliness of the notification process of this bill, subdivision (c) of section 26-804 states that notice shall be provided by the department to the owner and the tenant association, or if applicable, a qualified entity, fifteen days before the intended date that such advisory panel is to initiate the performance of the appraisal. In the instance when either the owner fails to provide an appraiser within fifteen days of such notice or when the tenant association, or if applicable, a qualified entity, fails to provide an appraiser within fifteen days of such notice then the department shall select the appraiser on behalf of the party or parties that failed to select an appraiser.

In the same vein, subdivision (d) of section 26-804 allows the department to promulgate rules for the timely determination of the appraised value, which will be consistent with the notice requirements mandated under this chapter. The department will then make such appraised value publicly available within fifteen days from the date of such advisory panel's determination. The cost for the appraiser shall be borne by the party responsible for providing such appraiser. However, where the department must select the third appraiser, the cost for such appraiser shall be equally borne by the owner and the tenant association, or if applicable, a qualified entity.

New subdivision (e) provides for a waiver of the appraisal requirement where the owner and the tenant association, or if applicable, a qualified entity, have mutually agreed upon an appraised value for the assisted rental housing prior to the convening of the advisory panel. The owner and the tenant association, or if applicable, a qualified entity, may in writing apply to the department for a waiver from subdivisions a through d of this section. The department has fifteen days from the receipt of such application to make a determination.

Section 26-805 has been amended to describe the procedures by which a tenant association, or if applicable, a qualified entity, will exercise the right of first refusal. In order to exercise this right, subdivision (a) of section 26-805 provides that a tenant association or if applicable, a qualified entity, needs to notify the owner and the department in writing of its intent to exercise its right of first refusal within sixty days from receipt of notice from the owner pursuant to subdivision (a) of section 26-802 of this chapter.

Upon satisfaction of such notice of intent requirement, subdivisions (b) and (c) of section 26-805 give a tenant association, or if applicable, a qualified entity, following notice by the owner in compliance with subdivision (a) of section 26-802 of this chapter, one hundred twenty days from either the date of the notice of the determination of the appraised value or from the date of the bona fide offer to purchase as approved by the department, to submit its offer to purchase.

Subdivision (d) of section 26-805 provides that if through no fault of a tenant association, or if applicable, a qualified entity, or the owner, the time periods provided for in subdivisions (b) or (c) of this section need to be extended, then such time periods may be extended by the department. However, should such time period be extended past the notice period provided for in subdivision (a) of section 26-802 of this chapter, then the provisions of the applicable assisted rental-housing program shall remain in full force and effect.

Subdivision (e) of section 26-805 mandates that unless otherwise agreed upon between the owner and a tenant association, or if applicable, a qualified entity, to purchase the assisted rental housing below its appraised value, the owner must sell the assisted housing at the appraised value or at the bona fide offer to purchase price as approved by the department.

In order to remain in compliance with the timeliness of the notice requirements of this chapter, subdivision (f) of section 26-805 allows the department to promulgate rules for the timely completion of all lending program applications, credit reviews and loan closings.

Similarly, in adherence with such notice requirements, subdivision (g) of section 26-805 mandates that should a tenant association, or if applicable, a qualified entity not submit its offer in writing to the owner and the department within the time periods stated in subdivisions (b) or (c) of this section following notice by the owner in compliance with subdivision (a) of section 26-802 of this chapter, then such right will be deemed waived and the owner shall have no further obligations under this section.

Section 26-806 is amended to describe the procedures by which a tenant association, or if applicable, a qualified entity, will exercise the first opportunity to purchase. Akin to the notification requirements in the right of first refusal, subdivision (a) of section 26-806 mandates that a tenant association or if applicable, a qualified entity, notify the owner and the department in writing of its intent to exercise its right of first opportunity to purchase within sixty days from receipt of notice from the owner pursuant to subdivision (a) of section 26-802 of this chapter.

Subdivision (b) section 26-806, gives a tenant association, or if applicable, a qualified entity, following notice by the owner in compliance with subdivision (a) of section 26-802 of this chapter, one hundred twenty days from the date of the notice of the determination of the appraised value to submit its offer to purchase.

Subdivisions (c), (d) and (e) of section 26-806 mirror the compliance requirements of subdivisions (d), (e) and (g) of section 26-805.

New section 26-807 was added to the bill to specify that notwithstanding any other provision of this chapter, where an owner has given notice prior to the effective date of this chapter and the intent of such notice is to initiate a procedure to withdraw the assisted rental housing from a program set forth in subdivision (c) of section 26-801 of this chapter, and such notice was properly given in accordance with any other applicable provision of law and more than forty-five days remain prior to the expiration of the time period applicable to such notice, a tenant association, or if applicable, a qualified entity, may complete any action authorized by sections 26-804, 26-805 and 26-806 of this chapter at any time prior to the expiration of such time period. This is intended to address the situation where an owner has given proper notice in accordance with the applicable affordable housing program prior to the effective date of this bill and more than 45 days remains in that notice period. Tenants would have the unexpired portion of the notice period to complete the exercise of their rights under this bill.

Section 26-808 provides for the long term maintenance of the assisted housing as affordable. A tenant association, or if applicable, a qualified entity, including all successors in interest, which chooses to exercises the rights of first refusal or first opportunity to purchase will be obligated to maintain the assisted rental housing as affordable.

Newly added section 26-809 allows for the assignment of the rights of first refusal and first opportunity to purchase. Specifically, subdivision (a) of section 26-809 states that during the notice period provided for in section 26-802 of this chapter, the tenants, by written consent of tenants representing at least sixty percent of the occupied dwelling units, may transfer the rights established by section 26-805 and section 26-806 of this chapter to a qualified entity.

Should the tenants exercise this right of assignment, subdivision (b) of section 26-809 mandates that notice of such transfer of rights be provided to the owner and the department in writing within sixty days from receipt of notice from the owner pursuant to section 26-802 of this chapter.

Formerly section 26-805, section 26-810 provides that notwithstanding the provisions of section 26-805 and section 26-806 of this chapter, when a conversion occurs, an owner or bona fide purchaser must allow the current tenant or tenants to remain in their respective dwelling units for the longer of six months from the effective date of the conversion or until the tenant's lease expires, and at the same terms and conditions as before such conversion. Such owner or purchaser may, with the agreement of the tenant or tenants, relocate such tenant or tenants to comparable units with comparable rents in accordance with procedures to be established by HPD rules.

Formerly section 26-806, section 26-811 is enhanced to addresses the penalties for noncompliant owners. Any owner who violates any of the provisions of this chapter will, in addition to any other monetary and/or equitable damages for which the owner may be liable, be liable for a civil penalty of five thousand dollars per month per dwelling unit in the assisted rental housing, and shall also pay a tenant association, or if no tenant association exists, each tenant, or if applicable, a qualified entity, for fees and costs incurred in bringing the action. This section limits the total civil penalties to not more than one hundred thousand dollars per dwelling unit. Nothing in this section prohibits the tenant association, or if no tenant association exists, the tenants, or if applicable, a qualified entity, from seeking injunctive relief against a non-compliant owner before a court of competent jurisdiction.

Newly added section 26-812 specifically enumerates exclusions to the requirements of this chapter. Subdivision (a) of section 26-812 seeks to protect any existing agreement between a tenant association and an owner regarding the management and operation of the assisted rental housing or the transfer of the assisted rental housing to a tenant association or similar organization in effect on the effective date of this chapter. The only exception to this exclusion is that any renewal, modification or amendment of such agreement occurring on or after the effective date of this local law will still be subject to the provisions of this chapter.

Subdivision (b) of section 26-811 carves out an exclusion from this chapter for any existing agreement(s) between an owner and one or more governmental entities relating to the management and operation of a multiple dwelling that is not otherwise subject to the private housing finance law or to federal law.

Subdivision (c) of section 26-811 provides an exclusion from this chapter for any owner or purchaser who wants to refinance in order to maintain an assisted rental housing program, or an owner or purchaser who wants to take the assisted rental housing out of a program but still maintain its affordability status.

Subdivision (d) of section 26-811 states in general that the provisions of this chapter do not apply to a purchase by a governmental entity implementing its powers of eminent domain; a judicially supervised sale or transfer of property; any bankruptcy proceedings; or operation of law.

Bill section 3 provides for any clause, sentence, paragraph, section or part of this local law which shall be adjudged by any court of competent jurisdiction to be

invalid, such judgment shall not impair or invalidate the remainder thereof, but shall be confined to that part.

Bill section 4 contains the enactment clause and provides that this local law shall take effect ninety days after its enactment into law, except that the Commissioner of Housing Preservation and Development shall take all actions as necessary for the implementation of this law, including the promulgation of rules, prior to such effective date.

**AMENDMENTS TO INT. NO. 186**

The major amendments to Int. No. 186 are as follows:

**Section 26-801 Definitions**

In section 26-801 (a), the definition of the term "affordable" has been more closely linked to household income and provision has been made to allow new tenants to have a household income of up to 80% of the New York Area Median Income.

In section 26-801 (b), the appraisal determination process and standard has been changed from a generic uniform standard to a more specific standard that is in accordance with the American Arbitration Association's Rules for the Real Estate Industry.

The definition of "assisted rental housing" in section 26-801 (c) has been amended to include privately-owned groups of multiple dwelling units that are managed together under the same ownership, excludes from coverage pre-1974 Mitchell-Lama developments and adds housing governed by sections 202 and 811 of the National Housing Act of 1937, which includes programs for seniors and people with disabilities.

Subdivision (d) of section 26-801 has been amended and its definition is now linked to the newly added subdivision (e) of section 26-801, which addresses the definition of a bona fide offer to purchase. Where the original bill allowed for an owner to accept any good faith offer to purchase the assisted rental housing regardless of the intention of the purchaser to convert the property or not, subdivision (e) of section 26-801 now requires an offer to purchase the assisted rental housing (1) to be without fraud; (2) to be made in writing; (3) to be approved by the department who shall determine that such offer is being made in good faith and without fraud, and whose terms and conditions are in accordance with the rules promulgated by the department regarding such offers to purchase; (4) to be made with the intention of converting the assisted rental housing dwelling units to market price rentals; and (5) to be non-binding on the owner in accordance with amended subdivision (c) of section 26-802 which prohibits an owner from selling or contracting to sell the assisted rental housing to outside interested parties before the tenants, or if applicable, a qualified entity, have fully exercised their right of first refusal or right of first opportunity to purchase the assisted rental housing.

The definition of conversion in subdivision (f) of section 26-801 now specifies the term "transfer" to mean "transfer of title," while "leasing" and "the intention to sell or lease" have been added as acts in furtherance of conversion. The term "sale" has been deleted. The term "opt out" has been replaced with "withdrawal from an assisted housing program," and language making an owner's decision not to extend or renew participation in a current program has been added as an act in furtherance of conversion.

The definition of the terms "household" and "household income" are newly added as subdivisions (g) and (h) of section 26-801, respectively.

The definition of first opportunity to purchase, as reflected in subdivision (k) of section 26-801, has been amended to apply to all intended acts of conversion by an owner with the exception of an intention to sell the assisted rental housing to a bona fide purchaser. As such, it is at the appraised value that a tenant organization, or if applicable, a qualified entity may purchase the assisted rental housing, and the owner must accept as per subdivision (d) of section 26-806 of this chapter. In addition, the amended definition of first opportunity to purchase also addresses those circumstances where a tenant organization, or if applicable, a qualified entity, in agreement with an owner, may purchase the assisted rental housing at an amount below the appraised value. However, no longer part of the amended definition of first opportunity to purchase is the reference to the unavailability of any assisted rental housing program used to support such assisted rental housing as a means of an act of conversion, as it is only the intended acts of conversion by an owner, exclusively, that triggers the first opportunity to purchase.

Amended subdivision (l) of section 26-801 provides a more detailed definition to the term "notice," and the procedures for service of such notice.

Newly added subdivision (n) of section 26-801, which defines "qualified entity", allows for-profit entities, as well as not-for-profit corporations, to be transferees of a tenant association's rights of "first refusal" and "first opportunity to purchase" so long as the transferee is (1) authorized to do business in New York state; (2) experienced in the management of affordable housing; (3) designated by tenants residing in at least sixty percent of the occupied dwelling units in the assisted rental housing to act on their behalf; (4) approved by the department; and also (5) obligates itself and any successors in interest to continue and maintain the assisted rental housing as affordable.

In subdivision (o) of section 26-801, the definition of right of first refusal has been amended to clarify that is a tenant association, or if applicable, a qualified entity, that has this particular privilege. In addition, the offer submitted must be in good faith and without fraud, and must be communicated in writing to the owner. Unlike the right to the first opportunity to purchase, the right of first refusal applies only in the event that the owner's intended act of conversion is to sell the assisted rental housing. As such, the owner may entertain offers from outside purchasers whose price, terms and conditions must be approved by the department, or the owner may accept the higher of the offer or the assisted rental housing's appraised value.

The definition of the term "tenant" in subdivision (p) of section 26-801 has been amended in part to reflect the rights of any lawful occupant, not just a "resident who is eighteen years of age or older", to exercise rights created by this bill, where the person resides in a dwelling unit within the assisted rental housing pursuant to law or a lease that is recognized either by the owner of such assisted rental housing, the department or a court of competent jurisdiction.

Subdivision (q) of section 26-801 has been amended to recognize the existence of a tenant association regardless of its incorporated status. The new criteria is that the association must; (1) represent at least sixty percent of the tenants within the same assisted rental housing; (2) have received written consent from such percentage of tenants to form the association; (3) notify the owner of the assisted rental housing as well as the department of its existence or establishment; and (4) provide to such owner the names and addresses of at least two officers or representatives of such association.

Language has been added specifying that where more than one group of tenants in the same assisted rental housing claims to be the tenant association, the department shall determine which group, if any, is the tenant association for the purposes of this chapter in the same manner as the department certifies a tenant association for the purposes of article II of the private housing finance law.

**Section 26-802 Notification of impending conversion**

The most immediate amendment to this section is the amount of time an owner has to notify the tenants, and now also the department, of the intention of the owner to take any action that will result in the conversion of the assisted rental housing. Subdivision (b) of section 26-802 alters the notification time form eighteen months to twelve months prior to the taking of such action by the owner.

This section now also requires more detailed information in the notice in order to have all the necessary information a tenant association, or if applicable, a qualified entity, will most likely need to secure financing for the purchase of the assisted rental housing in the most expeditious manner.

As stated earlier, amended subdivision (c) of section 26-802 disallows an owner from selling or contracting to sell the assisted rental housing to outside purchasers during this twelve-month period. However, an owner may entertain offers and submit them to the tenant association of the assisted rental housing, or if applicable, the assigned qualified entity, for consideration, but must submit them to the department for approval.

The original subdivision (c) to section 26-802 has been eliminated from the bill.

Other amendments include subdivision (d) of section 26-802, which eliminates the notice requirement of this bill for an owner who intends to maintain the property as assisted rental housing; and subdivision (e) of section 26-802, which basically allows for an owner to rescind the notice at anytime if such owner decides not to convert the property. The caveat to this amendment is that should an owner decide again to take an action to convert the assisted rental housing, a brand new twelve-month period notification period and resulting requirements will apply.

**Section 26-803 Notification of bona fide offer to purchase**

This newly added section addresses the notification process and conditions for an owner who receives a bona fide offer to purchase the assisted rental housing, regardless of that bona fide purchaser's intention to convert the property or not.

**Section 26-804 Appraisal determination**

While mentioned in the original bill under subdivisions (d)(i)(ii)(iii) and (iv) of section 26-802, this newly added section expands and more coherently details the appraisal process as well as all the required time periods for notice and value determination, provides for who bears the cost of the appraisal and provides an opportunity to waive the need for an appraisal.

**Sections 26-805 Right of first refusal and Section 26-806 First opportunity to purchase**

Both of these sections have been amended and expanded to reflect the following corresponding terms:

Both subdivisions (a) of section 26-805 and section 26-806 require a tenant association, or if applicable, a qualified entity, to notify the owner and the department, in writing, of its intent to exercise either right within sixty days from receipt of the owner's notice of intention to convert the assisted rental housing.

Both subdivision (b) of section 26-805 and subdivision (b) of section 26-806 give a tenant association, or if applicable, a qualified entity, one hundred and twenty days from the date of the appraised value determination to submit an offer to purchase. The only difference is that in subdivision (c) of section 26-805, which deals with bona fide offers to purchase, the one hundred and twenty day period starts from the date of the bona fide offer as approved by the department.

Both subdivision (d) of section 26-805 and subdivision (c) of section 26-806 allow the department to grant an extension of time for a tenant association to present its purchase offer, even if such extension would go beyond the notice period provided for in this bill. In such case, the provisions of the applicable assisted rental housing remain in full force and effect.

Both subdivision (e) of section 26-805 and subdivision (d) of 26-806 explicitly state that an owner shall accept the offer to purchase the assisted rental housing made by a tenant association, or if applicable, a qualified entity, in accordance with the terms of the appraised value, or if applicable, at the bona fide offer to purchase price as approved by the department.

Subdivision (f) of section 26-805 has specific language pertaining to the timely completion of all pertinent loan applications, credit reviews and loan closings, once a tenant association, or if applicable, a qualified entity, the offer is made in compliance with subdivision (e) of this section. The department will promulgate rules for such timely completion.

Subdivision (g) of section 26-805 and subdivision (e) of section 26-806 require a tenant association, or if applicable, a qualified entity, to make an affirmative within the time periods stated in these sections or the opportunity to exercise the respective rights will be deemed waived and the owner will have no further obligations under this bill.

**Section 26-807 Prior notification**

This is a new section added to this bill which specifies that notwithstanding any other provision of this chapter, where an owner has given notice prior to the effective date of this chapter and the intent of such notice is to initiate a procedure to withdraw the assisted rental housing from a program set forth in subdivision (c) of section 26-801 of this chapter, and such notice was properly given in accordance with any other applicable provision of law and more than forty-five days remain prior to the expiration of the time period applicable to such notice, a tenant association, or if applicable, a qualified entity, may complete any action authorized by sections 26-804, 26-805 and 26-806 of this chapter at any time prior to the expiration of such time period. In other words, whatever time is left before conversion can take place, even if it is less time than is stated in this bill, that is the time period the tenants have to work with to purchase the building from the owner.

**Section 26-808 Long term affordability**

This is a newly created section which obligates a tenant association, or if applicable, a qualified entity, including all successors in interest, after purchasing the assisted rental housing, to maintain as affordable.

**Section 26-809 Right of transfer**

As discussed earlier, this newly added section speaks to the right a tenant association has to select a qualified entity to exercise its right of refusal and/or right of first opportunity to purchase and to transfer those rights, as well as requiring notification by the tenant association of such transfer to the owner and the department.

**Former section 26-809 was renumbered as 26-810 and was not amended**

**Section 26-811 Penalty**

This section has been amended to raise the civil penalties for non-compliance by an owner from $500 to $5000 per month per dwelling unit for an owner's failure to comply with the provisions of this chapter.. In addition a non-compliant owner is responsible for fees and cost incurred if a tenant association, or if applicable, a qualified entity, brings an action to enforce this chapter. Injunctive relief is also allowable under this section.

**Section 26-812 Exclusions**

This newly added section addresses events and circumstances which are not subject to this bill. Subdivision (a) of section 26-812 addresses existing agreements between a tenant association and an owner regarding the management, operation of, or transfer of title of the assisted rental housing at the time this bill becomes effective. The only exception to this exclusion are that any renewal, modification or amendment to such existing agreements after the enactment of this bill will become subject to requirements of this bill.

Subdivision (b) of section 26-812 excludes existing agreements between an owner and one or more governmental entities regarding management and operation of multiple dwellings that are not subject to the private housing finance law or to federal law.

Subdivision (c) of section 26-812 excludes an owner or purchaser who want to refinance in order to maintain an assisted housing program, or an owner or purchaser who want to take the assisted rental housing out of a program but still maintain its affordability status.

Subdivision (d) of section 26-812 excludes governmental and legal proceedings already in existence against the property at the time this bill is enacted.

Newly added subdivision (e) states that the provisions of this chapter shall not apply where a notice as described in section 26-807 of this chapter was properly given in accordance with any other applicable provision of law and forty-five or fewer days remain prior to the expiration of such applicable notice period.

**Section 26-813 Judicial review**

This newly added section states that any person aggrieved by an appraisal determination made pursuant to section 26-804 of this chapter, or by the failure of the department to approve a bona fide offer to purchase, may, within thirty days of the appraisal determination or action by the department, seek judicial review pursuant to article seventy-eight of the civil practice law and rules in the supreme court for the county in which the assisted rental housing is located. In the event that a court may find that the appraisal or action by the department constitutes the equivalent of a taking without just compensation, the court shall require that a new appraisal or determination be made. The time periods set forth in this chapter shall be tolled during the pendency of such a proceeding and until a new appraisal or determination, if needed, is made.

**Section 4**

The section was amended to change the effective date of this bill from sixty days to ninety days following its enactment.

**CHANGES AND ADDITIONS SINCE MAY 9, 2005 HEARING**

**Section 26-801 Definitions**

In section 26-801 (c)(1), language has been added to clarify that this bill does not apply to any multiple dwelling owned or operated by a company organized under article II or article IV of the private housing finance law that was occupied prior to January 1, 1974.

In section 26-801 (e), language has been added to clarify that an owner can entertain bona fide offers no more than one hundred and twenty days after an appraisal is performed pursuant to section 26-804 of this chapter. It should be noted, however, that an owner may start entertaining offers to purchase before the appraisal is performed and before the department approves such offer as bona fide, as long as the owner served notice in accordance with section 26-802 of this chapter.

In section 26-801 (q), language has been added specifying that where more than one group of tenants in the same assisted rental housing claims to be the tenant association for such assisted rental housing, the department shall determine which group, if any, is the tenant association for the purposes of this chapter in the same manner as the department certifies a tenant association for the purposes of article II of the private housing finance law.

**Section 26-804 Appraisal determination**

In 26-804 (b), new language has been added specifying that the cost for an appraiser shall be borne by each party responsible for providing such appraiser. However, where the department must select the third appraiser, the cost for such appraiser shall be equally borne by the owner and the tenant association, or if applicable, a qualified entity. Similarly, in 26-804 (c), where the department must pick an appraiser because either the owner or the tenant association, or if applicable, a qualified entity, has failed to select an appraiser, the cost for the appraiser chosen by the department shall be borne by the party responsible for providing the appraiser.

Newly added section 26-804 (e) states that in the instance where the owner and the tenant association, or if applicable, a qualified entity, have mutually agreed upon an appraised value for the assisted rental housing prior to the convening of the advisory panel, the owner and the tenant association, or if applicable, a qualified entity, may in writing apply to the department for a waiver from subdivisions (a) through (d) of section 26-804, and the department shall make a determination upon such application for a waiver within fifteen days from receipt of such application.

**Sections 26-805 (g) and 26-806 (e)**

In both of the above referenced subdivisions, new language has been added which states that where a tenant association, or if applicable, a qualified entity, has previously submitted a notice in accordance with either subdivision (a) of section 26-805 or subdivision (a) of section 26-806 of this chapter and then subsequently decides not to exercise such right, it may withdraw such notice by giving written notice to that effect to the owner and to the department.

**Section 26-807 Prior notification**

This is a new section added to this bill which specifies that notwithstanding any other provision of this chapter, where an owner has given notice prior to the effective date of this chapter and the intent of such notice is to initiate a procedure to withdraw the assisted rental housing from a program set forth in subdivision (c) of section 26-801 of this chapter, and such notice was properly given in accordance with any other applicable provision of law and more than forty-five days remain prior to the expiration of the time period applicable to such notice, a tenant association, or if applicable, a qualified entity, may complete any action authorized by sections 26-804, 26-805 and 26-806 of this chapter at any time prior to the expiration of such time period. This is intended to address the situation where an owner has given proper notice in accordance with the applicable affordable housing program prior to the effective date of this bill and more than 45 days remains in that notice period. Tenants would have the unexpired portion of the notice period to complete the exercise of their rights under this bill.

**Section 26-809 Right of Transfer**

The title of this section was changed to reflect the text. All other language in this subdivision remains the same.

**Section 26-812 Exclusions**

Newly added subdivision (e) states that the provisions of this chapter shall not apply where a notice as described in section 26-807 of this chapter was properly given in accordance with any other applicable provision of law and forty-five or fewer days remain prior to the expiration of such applicable notice period. Subdivision (e) provides that the new chapter shall not apply where a notice as described in new section 26-807 was properly given in accordance with any other applicable provision of law and forty-five (45) or fewer days remain prior to the expiration of such applicable notice period and is intended to address the situation

where an owner properly gave notice under the applicable affordable housing program and forty-five (45) or fewer days remain in such notice period.

**Section 26-813 Judicial review**

This newly added section states that any person aggrieved by an appraisal determination made pursuant to section 26-804 of this chapter, or by the failure of the department to approve a bona fide offer to purchase, may, within thirty days of the appraisal determination or action by the department, seek judicial review pursuant to article seventy-eight of the civil practice law and rules in the supreme court for the county in which the assisted rental housing is located. In the event that a court may find that the appraisal or action by the department constitutes the equivalent of a taking without just compensation, the court shall require that a new appraisal or determination be made. The time periods set forth in this chapter shall be tolled during the pendency of such a proceeding and until a new appraisal or determination, if needed, is made.

**Update**

On Thursday, June 23, 2005, the Committee adopted this legislation by a vote of eight in the affirmative, one in the negative and one abstention.

Accordingly, the Committee recommended its adoption.

On June 23, 2005, Int. No. 186-A was passed by this Council by a vote of forty-seven in the affirmative and three in the negative, and then sent to the Mayor. On July 21, 2005, this legislation was disapproved by the Mayor and subsequently received by the Council from the Clerk when it was presented at the Stated Meeting on July 27, 2005.

On August 17, 2005, the Committee voted to override the Mayor's veto of Int. No. 186-A and to file M 642 by a vote of nine in the affirmative, one in the negative and zero abstentions.

Notwithstanding the objection of the Mayor, the Committee recommends the adoption of Int. No. 186-A.

**A Local Law to amend the administrative code of the city of New York, in relation to creating a right of first refusal and a first opportunity to purchase.**

*Be it enacted by the Council as follows:*

Section 1. Declaration of legislative findings and intent. The Council of the City of New York hereby finds that the increasing scarcity of affordable housing in the City makes it crucial to preserve existing subsidized housing units. Private owners are electing to prepay subsidized mortgages or to opt out of project-based subsidy programs at an alarming rate. No longer constrained by such programs, owners are putting their buildings up for sale, with the new purchasers forcing out low- and moderate-income tenants as the buildings open to market rents.

One in ten federally subsidized assisted rental housing units in New York City has been or is in the process of being removed from the affordable housing stock, according to data compiled by the Community Service Society. Compounding this problem, the federal government has eliminated funding for programs designed to promote the preservation of subsidized housing, and it does not appear that any new federal programs will be funded to create new subsidized housing. In the face of such conversions from affordable housing to market rate housing, some city and state governments have enacted legislation granting a right of first refusal and a first opportunity to purchase to low to moderate-income residents who will maintain the buildings as housing for low- and moderate-income residents. The City of New York has an obligation to safeguard against the loss of affordable housing and the Council is enacting this local law to help ensure that the assisted rental housing stock is maintained for the people of New York.

§2. Title 26 of the administrative code of the city of New York is amended by adding a new chapter 9 to read as follows:

*Chapter 9*

*Right of First Refusal and First Opportunity to Purchase*

*§26-801 Definitions.*

*§26-812 Exclusions.*

*§26-813 Judicial review.*

*§26-801 Definitions. For the purposes of this section, the following definitions shall apply:*

*(a) "Affordable" shall mean that rental expenses for dwelling units do not exceed thirty percent of the annual gross household income of the existing tenants, and/or where rental expenses do not exceed the rent levels allowable pursuant to the rent restrictions applicable to such dwelling units prior to conversion, provided however that dwelling units which become vacant in assisted rental housing should not be rented to households whose income exceeds eighty percent of the New York metropolitan area median income as determined by the United States department of housing and urban development.*

*(b) "Appraised value" shall mean the value as determined by a majority vote of an advisory panel of three appraisers who shall perform such appraisal in accordance with the American Arbitration Association's rules for the real estate industry.*

*(c) "Assisted rental housing" shall mean a privately-owned multiple dwelling or group of multiple dwelling units managed together under the same ownership in which the majority of dwelling units therein are subject to federal, state or city income eligibility restrictions and in which rents for such dwelling units are controlled, regulated or assisted by a federal, state or city agency pursuant to a regulatory agreement or rental assistance agreement designed to make such dwelling units affordable on a project-based basis. Assisted rental housing programs shall include:*

*(1) any program created, administered, or supervised by the city or state under article II or article IV of the private housing finance law, but shall not include any multiple dwelling owned or operated by a company organized under article II or article IV of the private housing finance law that was occupied prior to January 1, 1974.*

*(2) any program providing project-based assistance under section eight of the United States housing act of 1937, as it may be amended from time to time; and*

*(3) housing programs governed by sections 202, 207, 221, 232, 236, or 811 of the national housing act, (12 U.S.C. 1701 et seq.), as they may be amended from time to time;*

*(d) "Bona fide purchaser" shall mean a person or entity that has tendered a bona fide offer to purchase the assisted rental housing.*

*(e) "Bona fide offer to purchase" shall mean a good faith and without fraud offer, made in writing and approved by the department that is tendered by a bona fide purchaser no later than one hundred and twenty days after an appraisal performed pursuant to section 26-804 of this chapter, and that is non-binding on the owner with intent to convert.*

*(f) "Conversion" or "convert" shall mean the transfer of title, leasing, intention to sell or lease, mortgage pre-payment, withdrawal from an assisted housing program, decision not to extend or renew participation in the program or any other action taken by the owner that would result in the termination of participation by the owner in the assisted rental housing program.*

*(g) "Household" shall mean all lawful occupants of any dwelling unit as defined in section 27-2004 of this code.*

*(h) "Household income" shall mean, for any household, the sum of the amount reported separately in the most recent individual or joint tax return for wage or salary income, net self-employed income, interest, dividends, rent received, royalties, social security or railroad retirement benefits or disability benefits and all other income for each member of the household reported on a tax return.*

*(i) "Department" shall mean the department of housing_ preservation and development or successor agency.*

*(j) "Financial assistance" shall mean any benefits received as a result of an assisted rental housing program that act to maintain affordable rents in the assisted rental housing.*

*(k) "First opportunity to purchase" shall mean the opportunity by a tenant association, or if applicable, a qualified entity, to purchase in good faith and without fraud the assisted rental housing at or below its appraised value before such assisted rental housing becomes subject to conversion.*

*(l) "Notice" shall mean a written communication addressed to a tenant association, or if no tenant association exists, to each tenant, or if applicable, to a qualified entity, by means of first class and registered mail, or personal delivery upon a tenant association, or if no tenant association exists, upon each tenant, or if applicable, a qualified entity. Each such notice shall be deemed to have been given upon the deposit of such first class and registered mail in the custody of the United States postal service or upon receipt of personal delivery, and by posting of such notice in the common areas of the assisted rental housing,*

*(m) "Owner" shall mean any person or entity, or combination of such persons or entities, or any agent of such persons or entities, that has a controlling interest in assisted rental housing that is subject to conversion.*

*(n) "Qualified entity" shall mean any individual, partnership, limited liability partnership, limited liability corporation, not-for-profit corporation or business corporation, or other entity authorized to do business in New York state and experienced in the management of affordable housing, designated by the tenants residing in at least sixty percent of the occupied dwelling units within the same assisted rental housing to act on its behalf pursuant to section 26809 of this chapter and approved in writing by the department and which obligates itself and any successors in interest to assume the ongoing responsibility of continuing maintenance and operation of the assisted rental housing as affordable for the duration of the housing's useful life and in accordance with the purposes of this chapter.*

*(o) "Right of first refusal" shall mean the right of a tenant association, or if applicable, a qualified entity, to submit a good faith and without fraud offer, in writing to the owner to purchase the higher of the assisted rental housing's appraised value or the identical price, terms and conditions offered by a bona fide purchaser as approved by the department.*

*(p) "Tenant" shall mean a lawful occupant who resides within a dwelling unit within such assisted rental housing pursuant to law or a lease recognized by either the owner of such assisted rental housing, the department or a court of competent jurisdiction.*

*(q) "Tenant association" shall mean an association, whether incorporated or not, for which written consent to forming a tenant association has been given by tenants representing at least sixty percent of the occupied dwelling units within the same assisted rental housing, and which association notifies or has notified the owner of the assisted rental housing and the department of its existence or establishment and has provided to such owner and the department the names and addresses of at least two of the officers or representatives of such association. Where more than one group of tenants in the same assisted rental housing claims to be the tenant association for such assisted rental housing, the department shall determine which group, if any, is the tenant association for the purposes of this chapter in the same manner as the department certifies a tenant association for the purposes of article II f the private housing finance law.*

*§26-802 Notification of impending conversion. (a) Notice shall be provided by the owner to the tenant association, or if no tenant association exists, to each tenant, and to the department of the intention of the owner to take any action that will result in the conversion of the assisted rental housing.*

*(b) Such notice shall be provided no less than twelve months prior to the taking of such action by the owner. Such notice shall include the following information:*

*(1) The name and address of each owner of the assisted rental housing. For any owner that is a corporation, the notice shall contain the names and addresses of the officers and directors of the corporation and of any person directly or indirectly holding more than ten percent of any class of the outstanding stock of the corporation. For any owner that is a partnership or joint venture, the notice shall contain the name and address of each individual who is a principal or exercises control of such entities.*

*(2) The address and/or addresses and the name and/or names of the assisted rental housing and the type of program or programs to which the assisted rental housing is subject;*

*(3) The nature of the action that the owner intends to take that will result in a conversion;*

*(4) The date on which such action resulting in the conversion is anticipated to take*

*place;*

*(5) The provision of law, rule or regulation pursuant to which such action is authorized;*

*(6) The total number and type of dwelling units subject to a conversion;*

*(7) The current rent schedule for the dwelling units along with an estimation of the rent increases anticipated upon conversion;*

*(8) The income and expense report for the twelve-month period prior to the notice including capital improvements, real property taxes and other municipal charges;*

*(9) The amount of the outstanding mortgage as of the date of the notice;*

*(10) The two most recent inspection reports from the real estate assessment center of the United States department of housing and urban development, for the assisted rental housing or group of multiple dwelling units operated together under the same ownership for which such inspection reports are required, or, the reports of the two most recent comprehensive buildingwide inspection reports that may have been conducted by the department or by the New York state division of housing and community renewal;*

*(11) A statement of notice in a manner approved by the department which advises a tenant association, or if no tenant association exists, advises each tenant, of the first opportunity to purchase as required by section 26-806 of this chapter, or of the right of first refusal, as required by section 26-805 of this chapter;*

*(12) Such other information the department may require.*

*(c) During the twelve- month notification period provided for in subdivision b of this section the owner may not sell or contract to sell the assisted rental housing, but may engage in such discussions with other interested parties.*

*(d) Notice shall not be required of an owner who intends to maintain the property as assisted rental housing or intends to transfer, lease or refinance a mortgage in order to maintain the property as assisted rental housing.*

*(e) Where an owner decides not to convert the assisted rental housing program, such owner may withdraw the notice of intention to convert the assisted rental housing program, subject to the terms of any accepted offer to purchase or executed purchase and sale agreement, and to existing statutory and common law remedies. In such event, the owner shall give notice to the tenant association, or if no tenant association exists, to each tenant, or if applicable, to a qualified entity and to the department. However should the owner at an time decide to take an action that will result in conversion, the twelve- month notice period of this section as well as all other applicable requirements of this chapter shall be complied with.*

*(f) Notwithstanding any of the above, if any applicable supervening statute or program has a notice requirement substantially similar to any notice requirement of this section, then the notice requirement under this section shall be that of the supervening statute or program.*

*(g) Notwithstanding any of the above, if the notices required by this section requires more information than is required by any applicable supervening city, state or federal statute or program, then such additional information shall be provided within the time period established by the supervening statute or program.*

*§26-803 Notification of bona fide offer to purchase. (a) If the owner receives a bona fide offer to purchase and intends to consider, or respond to such bona fide offer to purchase, then notice shall be provided by the owner to a tenant association, or if no tenant association exists, to each tenant, or if applicable, a qualified entity, and the department, no more than fifteen days from the date that such bona fide offer to purchase is delivered to the owner. Such notice shall contain the following information:*

*(1) The name and address of the proposed bona fide purchaser; and*

*(2) The price and terms and conditions of the offer;*

*(b) The owner shall not be required to provide notice in accordance with subdivision a of this section if the bona fide purchaser making the offer agrees to maintain the assisted rental housing as affordable. The bona fide purchaser shall be required to inform the department as to how such bona fide purchaser intends to keep the assisted rental housing as affordable.*

*§26-804 Appraisal determination. (a) The department shall convene an advisory panel, which advisory panel shall determine the appraised value of the assisted rental housing within thirty days of a tenant association's, or if applicable, a qualified entity's notice to the owner and the department pursuant to subdivision a of section 26-805 or subdivision a of section 26-806 of this chapter.*

*(b) The advisory panel shall consist of one appraiser selected by the owner, one appraiser selected by the tenant association, or if applicable, a qualified entity, and one appraiser to be selected either by mutual agreement between the owner and the tenant association or if applicable, a qualified entity, or by mutual agreement between the appraiser that was selected by the owner and the appraiser selected by the tenant association, or if applicable, a qualified entity, if such condition is deemed acceptable to the owner and the tenants association, or if applicable, a qualified entity, and is agreed upon in writing except that in the case of where there is no agreement between the owner and the tenant association, or if applicable, a qualified entity, or between the appraiser that was selected by the owner and the appraiser selected by the tenant association; or if applicable, a qualified entity, then the appraiser will be selected by the department. The cost for the appraiser shall be borne by the part responsible for providing such a. .raiser. However where the department must select the third appraiser the cost for such appraiser shall be equally borne by the owner and the tenant association, or if applicable, a qualified entity.*

*(c) Notice shall be provided by the department to the owner and the tenant association, or if applicable, a qualified entity, fifteen days before the intended date that such advisory panel is to initiate the performance of the appraisal. In the instance when either the owner fails to provide an appraiser within fifteen days of such notice or when the tenant association, or if applicable, a qualified entity, fails to provide an appraiser within fifteen days of such notice then the department shall select the appraiser on behalf of the party or parties that failed to select an appraiser. In such circumstance, the cost for the appraiser selected by the department shall be borne by the party responsible for providing that appraiser.*

*(d) The department shall promulgate rules for the timely determination of the appraised value and that such rules are to be consistent with the notice requirements mandated under this chapter. The department shall make such appraised value publicly available within fifteen days from the date of such advisory panel's determination.*

*(e) In the instance where the owner and the tenant association, or if applicable, a qualified entity, have mutually agreed upon an appraised value for the assisted rental housing prior to the convening of the advisory panel, the owner and the tenant association, or if applicable, a qualified entity, may in writing apply to the department for a waiver from subdivisions a through d of this section. The department shall make a determination upon such application for a waiver within fifteen days from receipt of such application.*

*§26-805 Right of first refusal. (a) A tenant association, or if applicable, a qualified entity, shall notify the owner and the department in writing of its intent to exercise its right of first refusal within sixty days from receipt of notice from the owner pursuant to subdivision a of section 26-802 of this chapter.*

*(b) The tenant association, or if applicable, a qualified entity, following notice by the owner in compliance with subdivision a of section 26-802 of this chapter,*

*shall have one hundred twenty days from the date of the notice of the determination of the appraised value to submit its offer to purchase.*

*(c) The tenant association, or if applicable, a qualified entity, following notice by the owner in compliance with subdivision a of section 26-803 of this chapter, shall have one hundred twenty days from the date of a bona fide offer to purchase to submit its offer to purchase.*

*(d) If through no fault of a tenant association, or if applicable, a qualified entity, or the owner, the time periods provided for in subdivisions b or c of this section need to be extended, then such time periods may be extended by the department. Should such time period be extended past the notice period provided for in subdivision a of section 26-802 of this chapter, then the provisions of the applicable assisted rental housing program shall remain in full force and effect to the extent permitted by law.*

*(e) Unless the owner and a tenant association, or if applicable, a qualified entity, otherwise agree to purchase the assisted rental housing below its appraised value, the owner shall sell such assisted rental housing at the appraised value or at the price contained in a bona fide offer to purchase price as approved by the department.*

*(f) The department shall promulgate rules for the timely completion of all lending program applications, credit reviews and loan closings.*

*(g) If a tenant association, or if applicable, a qualified entity, does not submit its offer in writing to the owner and the department within the time periods stated in subdivisions b or c of this section following notice by the owner in compliance with subdivision a of section 26-802 of this chapter, then such right will be deemed waived and the owner shall have no further obligations under this section. However, where a tenant' 9ssociation, or if applicable, a qualified entity, has previously submitted a notice in accordance with subdivision a of this section decides not to exercise such right, it may withdraw such notice by giving written notice to that effect to the owner and to the department.*

*§26-806 First opportunity to purchase. (a) A tenant association, or if applicable, a qualified entity, shall notify the owner and the department in writing of its intent to exercise its right of first opportunity to -purchase within sixty days from receipt of notice from the owner pursuant to subdivision a of section 26-802 of this chapter.*

*(b) The tenant association, or if applicable, a qualified entity, following notice by the owner in compliance with subdivision a of section 26-802 of this chapter, shall have one hundred twenty days from the date of the notice of the determination of the appraised value to submit its offer to purchase.*

*(c) If through no fault of a tenant association, or if applicable, a qualified entity, or the owner, the time period provided for in subdivision b of this section needs to be extended, then such time period may be extended by the department. Should such time period be extended past the notice period provided for in subdivision a of section 26-802 of this chapter, then the provisions of the applicable assisted rental housing program shall remain in full force and effect to the extent permitted by law.*

*(d) Except where the owner and a tenant association, or if applicable, a qualified entity, agree to a purchase price of the assisted rental housing at an amount below the appraised value, any offer made pursuant to this section shall be accepted by the owner.*

*(e) If a tenant association, or if applicable, a qualified entity, does not submit its offer in writing to the owner and the department within the time periods stated in subdivision b of this section following notice by the owner in compliance with subdivision a of section 26-802 of this chapter, then such right will be deemed waived and the owner shall have no further obligations under this section. However, where a tenant association, or if applicable, a qualified entity, has previously submitted a notice in accordance with subdivision a of this section decides not to exercise such right, it may withdraw such notice by giving written notice to that effect to the owner and to the department.*

*$26-807 Prior notification. Notwithstanding any other provision of this chapter, where an owner has given notice prior to the effective date of this chapter and the intent of such notice is to initiate a procedure to withdraw the assisted rental housing from a program set forth in subdivision c of section 26-801 of this chapter, and such notice was properly given in accordance with any other applicable provision of law and more than forty-five days remain prior to the expiration of the time period applicable to such notice, a tenant association, or if applicable, a qualified entity, may complete any action authorized by sections 26-804, 26-805 and 26-806 of this chapter at any time prior to the expiration of such time period.*

*§26-808 Long term affordability. A tenant association, or if applicable, a qualified entity, including all successors in interest, which chooses to exercise the rights provided for in section 26-805 or section 26-806 of this chapter will be obligated to maintain the assisted rental housing as affordable.*

*§26-809 Right of transfer. (a) During the notice period provided for in section 26-802 of this chapter, the tenants, by written consent of the tenants residing in at least sixty percent of the occupied dwelling units within the same assisted rental housing, may transfer the rights established by section 26-805 and section 26-806 of this chapter to a qualified entity.*

*(b) Notice of such transfer shall be a provided to the owner and the department in writing within sixty days from receipt of notice from the owner pursuant to section 26-802 of this chapter.*

*§26-810 Conversion of property. Notwithstanding the provisions of section 26-805 and section 26-806 of this chapter, when a conversion occurs, an owner or bona fide purchaser shall allow the current tenant or tenants to remain in their respective dwelling units for the longer of six months from the effective date of the conversion or until the tenant's lease expires, and at the same terms and conditions as before such conversion. Such owner or purchaser may, with the agreement of the tenant or tenants, relocate such tenant or tenants to comparable units with comparable rents in accordance with procedures to be established by the rules of the department.*

*§26-811 Penalty. An owner found to have violated any provision of this chapter shall, in addition to any other monetary and/or equitable damages for which the owner may be liable, be liable for a civil penalty of five thousand dollars per month per dwelling unit in the assisted rental housing, and shall also pay to a tenant association, or if no tenant association exists, each tenant, or if applicable, a qualified entity, fees and costs incurred in bringing an enforcement proceeding. The total civil penalties may not exceed one hundred thousand dollars per dwelling unit. Nothing in this section shall be interpreted as prohibiting the tenant association, or if no tenant association exists, the tenants, or if applicable, a qualified entity, from seeking injunctive relief against a non-compliant owner. Such proceeding shall be brought in a court of competent jurisdiction.*

*§26-812 Exclusions. (a) Nothing in this chapter shall affect any existing agreement between a tenant association and an owner regarding the management and operation of the assisted rental housing or the transfer of the assisted rental housing to a tenant association or similar organization in effect on the effective date of this chapter, except that any renewal, modification or amendment of such agreement occurring on or after the effective date of this local law shall be subject to the provisions of this chapter.*

*(b) Nothing in this chapter shall affect any existing agreement between an owner and one or more governmental entities relating to the management and operation of a multiple dwelling that is not otherwise subject to the private housing finance law or to federal law.*

*(c) Nothing in this chapter shall affect an owner or purchaser who wants to refinance in order to maintain participation in an assisted rental housing program.*

*(d) The provisions of this chapter shall not apply to a purchase by a governmental entity implementing its powers of eminent domain; a judicially supervised sale or transfer of property; any bankruptcy proceedings; or operation of law.*

*(e) The provisions of this chapter shall not apply where a notice as described in section 26-807 of this chapter was - properly given in accordance with any other applicable provision of law and forty-five or fewer days remain prior to the expiration of such applicable notice period.*

*§26-813 Judicial Review. Any person aggrieved by an appraisal determination made pursuant to section 26-804 of this chapter, or by the failure of the department to approve a bona fide offer to purchase, may, within thirty days of the appraisal determination or action by the department, seek judicial review pursuant to article seventy-eight of the civil practice law and rules in the supreme court for the county in which the assisted rental housing is located. In the event that a court may find that the appraisal or action by the department constitutes the equivalent of a taking without lust compensation, the court shall require that a new appraisal or determination be made. The time periods set forth in this chapter shall be tolled during the pendency of such a proceeding and until a new appraisal or determination, if needed, is made.*

§3. If any sentence, paragraph, section or part of this local law shall be adjudged invalid by a court of competent jurisdiction such judgment shall not impair or invalidate the remainder thereof but shall be confined to that part deemed invalid.

§ 4. This local law shall take effect ninety days after its enactment into law except that the commissioner of housing preservation and development shall take all actions, including the

promulgation of rules, necessary for the implementation of this local law prior to such effective date.

(b) the #enlargement# of #buildings# designed for non-#residential use# and erected prior to December 15, 1961, for #loft dwellings#, provided that:

(1) all #loft dwellings# comply with the requirements of Section 111-111 or have received a certification pursuant to Section 111-20(b);

(2) the #bulk# regulations of an M1-5 District shall apply, except that the #enlarged# portion of the #building# shall comply with the requirements of Sections 23-47 (Minimum Required Rear Yards) and 23-86 (Minimum Distance Between Legally Required Windows and Walls or Lot Lines) applicable to R8 Districts; and

(3) the maximum #floor area ratio# for all #loft dwellings# shall not exceed 5.0.

(c) In order to grant a special permit, the City Planning Commission shall find that:

(1) the process of #enlargement# will not unduly burden #commercial# and #manufacturing uses# in the #building# and

(2) the neighborhood in which the #enlargement# is taking place will not be excessively burdened by increased #residential# activity.

The City Planning Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area, including requiring the preservation of #floor area# for #commercial# or #manufacturing uses#.

**WHEREAS**, the Application is related to ULURP Applications Numbers N 050281 ZRM (L.U. No. 536), zoning text amendment to Sections 111-02, 111-111, 111-50 and a new Section 111-51; C 050282 ZSM (L.U. No. 537), special permit pursuant to Section 111-50 to permit the conversion to loft dwellings of an existing building; C 050283 ZSM (L.U. No. 538), special permit pursuant to Section 111-51(b) (a new section) to permit the enlargement of a building containing loft dwellings; C 050284 ZSM (L.U. No. 539), special permit pursuant to Section 74-921 to permit Use Group 4A community facility use on the first, second and third floors in an M1-5 zoning district;

**WHEREAS**, the City Planning Commission has made the findings required pursuant to Section 13-561 of the Zoning Resolution;

**WHEREAS**, the Decision is subject to review and action by the Council pursuant to Section 197-d(b)(1) of the City Charter;

**WHEREAS**, upon due notice, the Council held a public hearing on August 15, 2005 on the Decision and Application;

**WHEREAS**, the Council has considered the relevant environmental issues and the Conditional Negative Declaration, issued on March 28, 2005 (CEQR No. 05DCP037M); and

**WHEREAS**, the Council has considered the land use implications and other policy issues relating to the Decision and Application;

**RESOLVED:**

Pursuant to Sections 197-d and 200 of the New York City Charter and on the basis of the Decision and Application, the Council approves the Decision.

84-031
Special permit uses

The following #uses# are permitted only by special permit of the City Planning Commission:

Electrical or gas utility substations, open or enclosed, pursuant to Section 74-61

In Zone A, #public parking garages# as provided for in C5 Districts, pursuant to Section
74-52

As a condition precedent to the granting of such special permit, the Commission shall make a finding that such #use# is located so as to minimize adverse effects on existing or future #development# in nearby areas or on the use or enjoyment of the #Esplanade# or other public facilities.

The following #uses# are permitted only by special permit of the Board of Standards and Appeals:

Electrical or gas utility substations, open or enclosed, pursuant to Section 73-14

Public utility stations for oil or gas metering or regulating, pursuant to Section 73-15

Telephone exchanges or other communications equipment structures pursuant to Section
73-14

In Zone A, #Physical culture or health establishments# in subzone A-4 only, pursuant to Section 73-36. However, #physical culture or health establishments# located below the level of the first #story# ceiling shall not be permitted to front on the #Esplanade#.

84-12
Use Regulations

In the areas indicated as permitted commercial locations in Appendices 2.3 and 3.3, the #use# regulations applying in a C2 District shall apply, except as provided in Sections 84-031 (Special permit uses), 84-032 (Uses not permitted), 84-121(Uses along Esplanade) and this Section.

In the case of a mixed #building# containing #residential# and non-#residential uses#, #residential uses# are permitted on the same #story# as a non-#residential use# provided no access exists between such #uses# at any level containing #residences# and provided any non-#residential uses# are not located over any #residences#. However, such non-#residential uses# may be located over #residences# by authorization of the City Planning Commission upon finding that sufficient separation of #residences# from non-#residential uses# exists within the #building#.

Notwithstanding any other provisions of this Resolution, the permitted #uses# listed in Use Groups 6, 7, 8, 9 or 14 and the additional #uses# permitted hereunder shall be limited, per establishment, to 10,000 square feet of #floor area# of any #story# and shall not be located above the first #story# ceiling, except that:

(a) in any #development# containing an #arcade# required in Section 84-134 (Mandatory arcades), any permitted #use# may be located above the first #story# ceiling and below the second #story# ceiling; and

(b) supermarkets are permitted with no limitation on #floor area#.

Notwithstanding any other provisions of this Resolution, the #zoning lot# south of First Place and east of Battery Place may be #developed# either with #residential uses#, #transient hotel uses#, or as a #building# containing both #residential# and hotel #uses#. In the case of a #development# containing hotel #uses# on this #zoning lot#, (a) a #physical culture or health establishment# may be permitted and (b) an eating and drinking establishment as permitted in Use Group 6 and a #physical culture and health establishment# or a non-residential accessory use may be located above a #story# containing #residential uses#.

~~For #developments# and #enlargements# located in subzone A-4, the City Planning Commission~~
~~may, upon application, authorize modification of the supplementary #use# regulations of Section~~
~~32-422 (Location of floors occupied by non-residential uses), provided the following findings are~~
~~made:~~

~~(1) that the non-#residential uses# are located in a portion of the #mixed building# which has separate access to the outside with no opening of any kind to the #residential# portion of the #building# at any #story#;~~

~~(2) that the non-#residential uses# are not located directly over any #story# containing #dwelling units#; and~~

~~(3) that the modifications shall not adversely affect the #residential# character of the area.~~

Limited height of buildings

No portion of any #building or other structure# may be built to a height greater than 85 feet
above #curb level#, except that:

(a) any portion of a #building# required to have an exterior wall coincident with a 110-135 foot #mandatory front building wall line#, as provided in Section 84-132 (Mandatory front building walls), may be built to a height of up to 135 feet above #curb level#;

(b) any portion of a #building# required to have an exterior wall coincident with a 110-230 foot #mandatory front building wall line#, as provided in Section 84-132 and subject to the requirements contained in paragraph (f) therein, may be built to a height of up to 230 feet above #curb level#;

(c) portions of a #building# required to have an exterior wall coincident with a 150-250 foot #mandatory front building wall line#, as provided in Section 84-132, may be built to a height of up to 250 feet above #curb level#;

(d) on the portion of any #zoning lot# designated as a #special height location# in Appendices 2.2 or 3.2, a #building# may be built to the height above #curb level# indicated in Appendices 2.2 or 3.2, subject to the following:

(1) on any #development# south of First Place and east of Battery Place, with a mandatory front building wall, the area of which, below the level of the second story ceiling, occupies 100 percent of the frontage along its #mandatory front building wall line#, a height of not more than 450 feet, provided, however, that a setback of not more than 10 feet may be provided at a height of 85 feet or more above #curb level#;

(2) on #zoning lots# located north of First Place, south of Third Place, and east of Battery Place, #special height locations# not to exceed heights of 135 feet or 360 feet above #curb level# are permitted as indicated in Appendix 2.2, provided that a setback of 10 feet is provided at a height of 85 feet above #curb level# along any #narrow street# frontage;

(3) on the #zoning lot# at the southeast corner of Chambers Street and North End Avenue, the #special height location# indicated in Appendix 3.2 shall apply only if such #zoning lot# is occupied by #school# and #residential uses# and the portion of the #building# above a height of 135 feet above #curb level# does not exceed a #lot coverage# of 40 percent; and

(4) on the #zoning lot# at the northeast corner of Murray Street and North End Avenue, a #special height location# of 320 feet above #curb level# is permitted as indicated in Appendix 3.2, subject to the requirements contained in Section 84-132, paragraph (f);

(e) Sections 23-62 (Permitted Obstructions) and 33-42 (Permitted Obstructions) are hereby made inapplicable. Any portion of a #building or other structure# that exceeds an established height limit shall be subject to the following provisions:

(1) The following shall not be considered obstructions and may thus penetrate a maximum height limit:

Chimneys or flues, with a total width not exceeding 10 percent of the #aggregate width of street walls# of a #building# at any level

Elevator or stair bulkheads, roof water tanks, cooling towers or other #accessory# mechanical equipment (including enclosure walls), provided that either the product, in square feet, of the #aggregate width of street walls# of such obstructions facing each #street# frontage times their average height, in feet, shall not exceed a figure equal to eight times the width, in feet, of the #street wall# of the #building# facing such frontage at #curb level#, or the #lot coverage# of all such obstructions does not exceed 20 percent of the #lot coverage# of the #building# and the height of all such obstructions does not exceed 40 feet

Flagpoles and aerials

Parapet walls, not more than four feet high

Wire, chain link or other transparent fences

Heliostats and wind turbines

(2) The maximum permitted size of enclosure walls surrounding elevator or stair bulkheads, roof water tanks, cooling towers or other mechanical equipment may be increased by authorization of the City Planning Commission, provided the Commission finds that:

(i) the width of such additional enclosure wall at each building face does not exceed 80 percent of the width of the enclosure wall as allowed in paragraph (e)(1) of this Section;

(ii) the additional area of the enclosure wall at each building face is not more than 50 percent of the area permitted as-of-right; and

(iii) the enclosure wall is compatible with the #building# and the urban design goals of the Special District and complements the design by providing a decorative top; and

in #special height locations# in Appendices 2.2 and 3.2, no portion of a #building#, including permitted obstructions, shall exceed a height of 450 feet above #curb level#.

Res. No. 1135

**Resolution approving the decision of the City Planning Commission on an application submitted by the Department of Housing Preservation and Development, ULURP No. C 050305 HAK, approving the designation of 768 and 770 Decatur Street (Block 1507, Lots 32 and 33) and 1696, 1698, 1700, 1708, and 1712 Broadway (Block 1507, Lots 35-37, 39 and 41), Brooklyn, as an Urban Development Action Area, approving the project for the area as an Urban Development Action Area Project, and approving the disposition of such property to a developer selected by the Department of Housing Preservation and Development (L.U. No. 431; C 050305 HAK).**

By Council Members Katz and Martinez

WHEREAS, the City Planning Commission filed with the Council on August 1, 2005 its decision dated July 27, 2005 (the "Decision"), on the application submitted by the Department of Housing Preservation and Development pursuant to Section

197-c of the New York City Charter and Article 16 of the General Municipal Law of New York State regarding:

a) the designation of 768 and 770 Decatur Street (Block 1507, Lots 32 and 33) and 1696, 1698, 1700, 1708, and 1712 Broadway (Block 1507, Lots 35-37, 39 and 41), as an Urban Development Action Area (the "Area");

b) an Urban Development Action Area Project for such area (the "Project"); and

pursuant to Section 197-c of the New York City Charter for the disposition of such property to a developer selected by the Department of Housing Preservation and Development to facilitate development of new retail development, tentatively known as Anchor-Broadway Site 8, under the Department of Housing Preservation and Development's ANCHOR (Alliance for Neighborhood Commerce, Homeownership and Revitalization) Program (the "Disposition"), Community District 16, Borough of Brooklyn (ULURP No. C 050305 HAK) (the "Application");

**WHEREAS**, the Decision is subject to review and action by the Council pursuant to Section 197-d(b)(1) of the City Charter;

**WHEREAS**, the Application and Decision are subject to review and action by the Council pursuant to Article 16 of the General Municipal Law of New York State;

**WHEREAS**, the New York City Department of Housing Preservation and Development ("HPD") submitted to the Council its recommendations regarding the Application on August 12, 2005;

**WHEREAS**, upon due notice, the Council held a public hearing on the Application and Decision on August 15, 2005;

**WHEREAS**, the Council has considered the land use and financial implications and other policy issues relating to the Application;

**RESOLVED**:

Pursuant to Section 197-d, the Council approves the decision of the City Planning Commission (C 050305 HAK).

The Council finds that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the City of New York and that a designation of the Project as an urban development action area project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law.

The Council approves the designation of the Disposition Area as an urban development action area pursuant to Section 693 of the General Municipal Law.

The Council approves the Project as an urban development action area project pursuant to Section 694 of the General Municipal Law.

The Council approves the disposition of said property to a developer selected by the Department of Housing Preservation and Development.

**Resolution approving the decision of the City Planning Commission on an application submitted by the Department of Housing Preservation and Development, ULURP No. C 050311 HAX, approving the designation of property located 1345 Shakespeare Avenue (Block 2520, Lot 53); 1407, 1401, 1397, 1391, 1404, 1418, 1426, 1430 and 1450 Jesup Avenue (Block 2872, Lots 35-38, 58, 60, 62, 66, 68 and 189), the Bronx, as an Urban Development Action Area, approving the project for the area as an Urban Development Action Area Project, and approving the disposition of 1345 Shakespeare Avenue (Block 2520, Lot 53); 1407, 1404, 1418, 1426, 1430 and 1450 Jesup Avenue (Block 2872, Lots 35, 58, 60, 62, 66, 68 and 189), the Bronx (L.U. No. 439; C 050311 HAX).**

By Council Members Katz and Martinez.

**WHEREAS**, the City Planning Commission filed with the Council on July 19, 2005 its decision dated July 13, 2005 (the "Decision"), on the application submitted by the Department of Housing Preservation and Development pursuant to Section 197-c of the New York City Charter and Article 16 of the General Municipal Law of New York State regarding:

a) the designation of 1345 Shakespeare Avenue (Block 2520, Lot 53); 1407, 1401, 1397, 1391, 1404, 1418, 1426, 1430 and 1450 Jesup Avenue (Block 2872, Lots 3538, 58, 60, 62, 66, 68 and 189), as an Urban Development Action Area (the "Area");

b) an Urban Development Action Area Project for such area (the "Project"); and

pursuant to Section 197-c of the New York City Charter for the disposition of 1345 Shakespeare Avenue (Block 2520, Lot 53); 1407, 1404, 1418, 1426, 1430 and 1450 Jesup Avenue (Block 2872, Lots 35, 58, 60, 62, 66, 68 and 189), to facilitate the development of four buildings, tentatively known as Highbridge Apartments, with approximately 315 residential units for low-income families (the "Disposition"), Community District 4, Borough of the Bronx, (ULURP No. C 050311 HAX) (the "Application");

**WHEREAS**, the Application is related to Application Number C 050318 PQX (L.U. No. 439), an acquisition of property;

**WHEREAS**, the Decision is subject to review and action by the Council pursuant to Section 197-d(b)(1) of the City Charter;

**WHEREAS**, the Application and Decision are subject to review and action by the Council pursuant to Article 16 of the General Municipal Law of New York State;

**WHEREAS**, the New York City Department of Housing Preservation and Development ("HPD") submitted to the Council its recommendations regarding the Application on July 29, 2005;

**WHEREAS**, upon due notice, the Council held a public hearing on the Application and Decision on August 15, 2005;

**WHEREAS**, the Council has considered the relevant environmental review (CEQR No. 05HPDO15X) and the fact that a Negative Declaration was issued on February 1, 2005;

**WHEREAS**, the Council has considered the land use and financial implications and other policy issues relating to the Application;

**RESOLVED**:

The Council finds that the actions described herein will have no significant effect on the environment;

Pursuant to Section 197-d, the Council approves the decision of the City Planning Commission (C 050311 HAX).

The Council finds that the present status of the Project Area tends to impair or arrest the sound growth and development of the City of New York and that a designation of the Project as an urban development action area project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law.

The Council approves the designation of the Project Area as an urban development action area pursuant to Section 693 of the General Municipal Law.

The Council approves the Project as an urban development action area project pursuant to Section 694 of the General Municipal Law.

The Council approves the disposition of 1345 Shakespeare Avenue (Block 2520, Lot 53); 1407, 1404, 1418, 1426, 1430 and 1450 Jesup Avenue (Block 2872, Lots 35, 58, 60, 62, 66, 68 and

*Report Summary:*

**COMMITTEE ACTION:**

**DATE:** August 16, 2005

The Committee recommends that the Council approve the attached resolution and thereby approve the proposals, grant the requests made by the Department of Housing Preservation and Development, and make the findings required by Article 16 of the General Municipal Law.

In connection herewith, Council Members Katz and Martinez offered the following resolution:

Res. No. 1138

**Resolution approving an Urban Development Action Area Project located at 2323 Loring Place North (Block 3225/Lot 171), the Bronx, and waiving the urban development action area designation requirement and the Uniform Land Use Review Procedure, pursuant to Sections 693 and 694 of the General Municipal Law (L.U. No. 450; 20055491 HAX).**

By Council Members Katz and Martinez.

**WHEREAS**, the New York City Department of Housing Preservation and Development ("HPD") submitted to the Council on April 12, 2005 its request dated March 28, 2005 that the Council take the following actions regarding the following Urban Development Action Area Project (the "Project") located at 2323 Loring Place North (Block 3225/Lot 171), Community District 7, Borough of the Bronx. (the "Disposition Area"):

1. Find that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the municipality and that the proposed Urban Development Action Area Project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law;

2. Waive the area designation requirement of Section 693 of the General Municipal Law pursuant to said Section;

3. Waive the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law;

4. Approve the Project as an Urban Development Action Area Project pursuant to Section 694 of the General Municipal Law; and

5. Approve a partial exemption of the Project from real property taxes pursuant to Section 577 of Article XI of the Private Housing Finance Law (the "Tax Exemption");

**WHEREAS**, the Project is to be developed on land that is now an eligible area as defined in Section 692 of the General Municipal Law, consists solely of the rehabilitation or conservation of existing private or multiple dwellings or the construction of one- to four-unit dwellings, and does not require any change in land use permitted under the New York City Zoning Resolution;

**WHEREAS**, the project description that HPD provided to the Council states that the purchaser in connection with the Sale (the "Sponsor") is a duly organized housing development fund company under Article XI of the Private Housing Finance Law;

**WHEREAS**, upon due notice, the Council held a public hearing on the Project on August 15, 2005;

**WHEREAS**, the Council has considered the land use and financial implications and other policy issues relating to the Project;

**RESOLVED:**

The Council finds that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the City of New York and that a designation of the Project as an urban development action area project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law.

The Council waives the area designation requirement of the Disposition Area as an urban development action area under Section 693 of the General Municipal Law pursuant to said Section.

The Council waives the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law.

The Council approves the Project as an Urban Development Action Area Project pursuant to Section 694 of the General Municipal Law.

The Project shall be disposed of and developed upon the terms and conditions set forth in the Project Summary that HPD has submitted to the Council, a copy of which is attached hereto.

The Council approves the partial Tax Exemption as follows:

The partial tax exemption provided hereunder shall commence upon the date of conveyance of the housing project to Sponsor ("Effective Date") and shall terminate upon July 1, 2029 ("Expiration Date"); provided, however, that such partial tax exemption shall terminate if the Department of Housing Preservation and Development determines that (i) Sponsor is not organized as a housing development fund corporation, (ii) Sponsor is not operating the housing project in accordance with the requirements of Article XI of the Private Housing Finance Law, or (iii) such real property has not been, or is not being, developed, used, and/or operated in compliance with the requirements of all applicable agreements made by Sponsor with, or for the benefit of, the City of New York.

Those portions of the property included in the housing project which are devoted to business or commercial use (collectively, "Commercial Property"), if any shall not be eligible for real property tax exemption hereunder. The Commercial Property shall be subject to full real property taxation; provided, however, that nothing herein shall prohibit Sponsor from utilizing any abatement, exemption, or other tax benefit for which the Commercial Property would otherwise be eligible.

All of the value of the property, other than the Commercial Property, included in the housing project (collectively, "Residential Property") shall be exempt from real property taxes, other than assessments for local improvements; provided, however, that Sponsor shall make a partial annual real property tax payment on the Residential Property. Sponsor shall make such partial annual real property tax payment on an assessed valuation equal to the lesser of (i) an amount equal to the full assessed valuation of the Residential Property, or (ii) an amount calculated by multiplying $3500 times the number of residential units included in the housing project and increasing such product by six percent (6%) on July 1, 1990 and July 1 of each successive year, but not by more than twenty percent (20%) in any five-year period.

**COMMITTEE ACTION:**

**DATE:** August 16, 2005

The Committee recommends that the Council approve the attached resolution and thereby approve the decision of the City Planning Commission.

In connection herewith, Council Members Katz and Avella offered the following resolution:

Res. No. 1140

**Resolution approving the decision of the City Planning Commission on ULURP No. C 050376 ZMM, a Zoning Map change (L.U. No. 484).**

By Council Members Katz and Avella

**WHEREAS**, the City Planning Commission filed with the Council on August 1, 2005 its decision dated July 27, 2005 (the "Decision"), on the application submitted by the Department of Housing Preservation and Development, pursuant to Sections 197-c and 201 of the New York City Charter, for an amendment to the Zoning Map (ULURP No. C 050376 ZMM) (the "Application");

**WHEREAS**, the Application is related to Application Number C 050377 HAM (L.U. No. 485), an urban development action area project designation and project approval and the disposition of city-owned property;

**WHEREAS**, the Decision is subject to review and action by the Council pursuant to Section 197-d(b)(1) of the City Charter;

**WHEREAS**, upon due notice, the Council held a public hearing on the Decision and Application on August 15,2005;

**WHEREAS**, the Council has considered the land use implications and other policy issues relating to the Decision and Application; and

**WHEREAS**, the Council has considered the relevant environmental issues and the Negative Declaration, issued on January 13, 2005 (CEQR No. 05HPD003M);

**RESOLVED**:

The Council finds that the action described herein will have no significant effect on the environment.

Pursuant to Sections 197-d and 200 of the City Charter and on the basis of the Decision and Application, the Council approves the Decision.

The Zoning Resolution of the City of New York, effective as of December 15, 1961, and as subsequently amended, is further amended by changing the Zoning Map, Section No. 6a,

changing from a C8-3 district to an R7-2 District property bounded by a line 100 feet westerly of Park Avenue, East 132nd Street, the westerly boundary line of the Metro North Rail Road right-of-way, and East 131st Street; and

establishing within the proposed R7-2 District a C2-4 District bounded by a line 100 feet westerly of Park Avenue, East 132nd Street, the westerly boundary line of the Metro North Rail Road right-of-way, and East 131st Street;

as shown on a diagram (for illustrative purposes only) dated April 25, 2005, Community District 11, Borough of Manhattan.

**Resolution approving an Urban Development Action Area Project located at 82 Rogers Avenue (Block 1232/Lot 26), 367 Sterling Place (Block 1166/Lot 96), 455 Eastern Parkway (Block 1261/Lot 64), 658 Dean Street (block 1137/Lot 45), 818 St. Johns Place (Block 1254/Lot 31), 930 Pacific Street (Block 1132/Lot 25), 1271 St. Marks Avenue (Block 1356/Lot 70), 1687 Dean Street (Block 1342/Lot 71), and 1689 Dean Street (Block 1342/Lot 71), Brooklyn, and waiving the urban development action area designation requirement and the Uniform Land Use Review Procedure, pursuant to Sections 693 and 694 of the General Municipal Law (L.U. No. 488; 20055592 HAK).**

By Council Members Katz and Martinez

**WHEREAS**, the New York City Department of Housing Preservation and Development ("HPD") submitted to the Council on May 10, 2005, its request dated April 25, 2005 that the Council take the following actions regarding the following Urban Development Action Area Project (the "Project") located at 82 Rogers Avenue (Block 1232/Lot 26), 367 Sterling Place (Block 1166/Lot 96), 455 Eastern Parkway (Block 1261/Lot 64), 658 Dean Street (Block 1137/Lot 45), 818 St. Johns Place (Block 1254/Lot 31), 930 Pacific Street (Block 1132/Lot 25), 1271 St. Marks Avenue (Block 1356/Lot 70), 1687 Dean Street (Block 1342/Lot 71), and 1689 Dean Street (Block 1342/Lot 71), Community District 8, Borough of Brooklyn (the "Project Area"):

1. Find that the present status of the Project Area tends to impair or arrest the sound growth and development of the municipality and that the proposed Urban Development Action Area Project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law;

2. Waive the area designation requirement of Section 693 of the General Municipal Law pursuant to said Section;

3. Waive the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law;

4. Approve the Project as an Urban Development Action Area Project pursuant to Section 694 of the General Municipal Law; and

5. Approve the exemption of the Project from real property taxes pursuant to Section 696 of the General Municipal Law (the "Tax Exemption").

**WHEREAS**, the Project is to be developed on land that is now an eligible area as defined in Section 692 of the General Municipal Law, consists solely of the rehabilitation or conservation of existing private or multiple dwellings or the construction of one to four unit dwellings, and does not require any change in land use permitted under the New York City Zoning Resolution;

**WHEREAS**, upon due notice, the Council held a public hearing on the Project on August 15, 2005;

**WHEREAS**, the Council has considered the land use and financial implications and other policy issues relating to the Project;

**RESOLVED**:

The Council finds that the present status of the Project Area tends to impair or arrest the sound growth and development of the City of New York and that a designation of the Project as an urban development action area project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law.

The Council waives the area designation requirement pursuant to Section 693 of the General Municipal Law.

The Council waives the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law.

The Council approves the Project as an urban development action area project pursuant to Section 694 of the General Municipal Law.

The Project shall be developed in a manner consistent with the Project Summary that HPD has submitted to the Council, a copy of which is attached hereto.

The exemption of the Project from real property taxes pursuant to Section 696 of the General Municipal Law is approved as follows:

All of the value of the buildings, structures, and other improvements situated on the Project Area shall be exempt from local and municipal taxes, other than assessments for local improvements and land value, for a period of ten years commencing on the July 1st following the conveyance of the Project Area to the Sponsor.

b. The partial tax exemption granted hereunder shall terminate with respect to all or any portion of the Project Area if the Department of Housing Preservation and Development determines that such real property has not been, or is not being, developed, used, and/or operated in compliance with the requirements of all applicable agreements made by the Sponsor or the owner of such real property with, or for the benefit of, the City of New York. The Department of Housing Preservation and Development shall deliver written notice of any such determination of noncompliance to the owner of such real property and all mortgagees of record, which notice shall provide for an opportunity to cure of not less than ninety (90) days. If the noncompliance specified in such notice is not cured within the time period specified therein, the partial tax exemption granted hereunder shall prospectively terminate with respect to the real property specified therein.

By Council Members Katz and Martinez

**WHEREAS**, the New York City Department of Housing Preservation and Development ("HPD") submitted to the Council on May 10, 2005, its request dated April 25, 2005 that the Council take the following actions regarding the following Urban Development Action Area Project (the "Project") located at 387 New Jersey Avenue (Block 3756/Lot 7), 396 Vermont Street (Block 3756/Lot 40), 477 Miller Avenue (Block 4041/Lot 6), 770 Wortman Avenue (Block 4549/Lot 6), 305 Bradford Street (Block 3742/Lot 7), 318 Van Siclen Avenue (Block 4009/Lot 35), 427 Van Siclen Avenue (Block 4042/Lot 3), 778-80 Wortman Avenue a.k.a. 988 Autumn Avenue (Block 4549/Lot 10), Community District 5, Borough of Brooklyn (the "Project Area"):

1. Find that the present status of the Project Area tends to impair or arrest the sound growth and development of the municipality and that the proposed Urban Development Action Area Project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law;

2. Waive the area designation requirement of Section 693 of the General Municipal Law pursuant to said Section;

Waive the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law;

4. Approve the Project as an Urban Development Action Area Project pursuant to Section 694 of the General Municipal Law; and

5. Approve the exemption of the Project from real property taxes pursuant to Section 696 of the General Municipal Law (the "Tax Exemption").

**WHEREAS**, the Project is to be developed on land that is now an eligible area as defined in Section 692 of the General Municipal Law, consists solely of the rehabilitation or conservation of existing private or multiple dwellings or the construction of one to four unit dwellings, and does not require any change in land use permitted under the New York City Zoning Resolution;

**WHEREAS**, upon due notice, the Council held a public hearing on the Project on August 15, 2005;

**WHEREAS**, the Council has considered the land use and financial implications and other policy issues relating to the Project;

**RESOLVED**:

The Council finds that the present status of the Project Area tends to impair or arrest the sound growth and development of the City of New York and that a designation of the Project as an urban development action area project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law.

The Council waives the area designation requirement pursuant to Section 693 of the General Municipal Law.

The Council waives the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law.

The Council approves the Project as an urban development action area project pursuant to Section 694 of the General Municipal Law.

The Project shall be developed in a manner consistent with the Project Summary that HPD has submitted to the Council, a copy of which is attached hereto.

The exemption of the Project from real property taxes pursuant to Section 696 of the General Municipal Law is approved as follows:

a. All of the value of the buildings, structures, and other improvements situated on the Project Area shall be exempt from local and municipal taxes, other than assessments for local improvements and land value, for a period of ten years commencing on the July 1st following the conveyance of the Project Area to the Sponsor.

b. The partial tax exemption granted hereunder shall terminate with respect to all or any portion of the Project Area if the Department of Housing Preservation and Development determines that such real property has not been, or is not being, developed, used, and/or operated in compliance with the requirements of all applicable agreements made by the Sponsor or the owner of such real property with, or for the benefit of, the City of New York. The Department of Housing Preservation and Development shall deliver written notice of any such determination of noncompliance to the owner of such real property and all mortgagees of record, which notice shall provide for an opportunity to cure of not less than ninety (90) days. If the noncompliance specified in such notice is not cured within the time period specified therein, the partial tax exemption granted hereunder shall prospectively terminate with respect to the real property specified therein.

Accordingly, Your Committee recommends its adoption.

In connection herewith, Council Members Katz and Martinez offered the following resolution:

Res. No. 1145

**Resolution approving an Urban Development Action Area Project located at 700 Lafayette Avenue, a.k.a. 246 Tompkins Avenue (Block 1791/Lot 10), Brooklyn, and waiving the urban development action area designation requirement and the Uniform Land Use Review Procedure, pursuant to Sections 693 and 694 of the General Municipal Law (L.U. No. 532; 20065012 HAK).**

By Council Members Katz and Martinez

**WHEREAS**, the New York City Department of Housing Preservation and Development ("HPD") submitted to the Council on July 12, 2005 its request dated June 27, 2005 that the Council take the following actions regarding an Urban Development Action Area Project (the "Project") located at 700 Lafayette Avenue, a.k.a. 246 Tompkins Avenue (Block 1791/Lot 10), Community District 3, Borough of Brooklyn (the "Disposition Area"):

1. Find that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the municipality and that the proposed Urban Development Action Area Project is consistent with the policy and purposes of Section 691 of the General Municipal Law;

2. Waive the area designation requirement of Section 693 of the General Municipal Law pursuant to said Section;

3. Waive the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law; and

4. Approve the Project as an Urban Development Action Area Project pursuant to Section 694 of the General Municipal Law.

**WHEREAS**, the Project is to be developed on land that is now an eligible area as defined in Section 692 of the General Municipal Law, consists solely of the rehabilitation or conservation of existing private or multiple dwellings or the construction of one to four unit dwellings, and does not require any change in land use permitted under the New York City Zoning Resolution;

**WHEREAS**, upon due notice, the Council held a public hearing on the Project on August 15, 2005;

**WHEREAS**, the Council has considered the land use implications and other policy issues relating to the Project;

**RESOLVED**:

The Council finds that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the City of New York and that a designation of the Project as an urban development action area project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law.

The Council waives the area designation requirement of the Disposition Area as an urban development action area under Section 693 of the General Municipal Law pursuant to said Section.

The Council waives the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law.

The Council approves the Project as an urban development action area project pursuant to Section 694 of the General Municipal Law.

The Project shall be disposed of and developed upon the terms and conditions in the Project Summary that HPD has submitted to the Council, a copy of which is attached hereto.

**Report of the Committee on Parks and Recreation**

Report for Int. No. 566-A

**Report of the Committee on Parks and Recreation in favor of approving and adopting, as amended, a Local Law to create a temporary task force to study the feasibility of transferring city-owned wetlands to the jurisdiction of the department of parks and recreation.**

The Committee on Parks and Recreation to which was referred on February 16, 2005 (Minutes, page 983) the annexed amended proposed local law respectfully

**REPORTS:**

On August 17, 2005, the Committee on Parks and Recreation; chaired by Council Member Helen Diane Foster, will vote on Int. No. 566-A, in relation to creating a temporary task force to study the feasibility of transferring city-owned wetlands to the jurisdiction of the New York City Department of Parks and Recreation. On March 31, 2005, the Committee on Parks and Recreation held a joint hearing with the Committee on Environmental Protection on previous versions of the legislation. In light of testimony received at and information received subsequent to the hearing, the bill was changed to the form in which is exists today.

**II. Background**

Wetlands are among the most productive ecosystems in the world -- for example, wetlands such as intertidal or salt marshes are comparable in ecological productivity to rainforests. "Often called 'nurseries of life,' wetlands provide habitat for thousands of species of aquatic and terrestrial plants and animals."[1] They provide values that no other ecosystem can, including natural water quality improvement, flood protection, shoreline erosion control and opportunities for recreation and aesthetic appreciation.[2] In New York City, there are approximately fourteen square miles of wetlands, where more than 100 square miles once existed.[3] An outstanding example of wetlands in the City with ecological, water quality improvement, and recreational and aesthetic significance is those found in or near Jamaica Bay. Assessing the feasibility of transferring City-owned wetlands to the Department of Parks and Recreation is an important endeavor since the transfer of such properties to the Department would help to ensure their protection in perpetuity and thus maintain their environmental, economic and other benefits to New York City.

**III. Analysis of Int. No. 566-A**

Section one of Int. No. 566-A provides the legislative findings and intent of the legislation.

Subdivision (a) of section two of Int. No. 566-A creates a temporary task force, which is to advise the Mayor of the City of New York and the Speaker of the Council of the City of New York as to the technical, legal, environmental and economical

feasibility of a transfer of City-owned wetland areas, including, but not limited to, those listed in existing inventories, to the Department of Parks and Recreation.

Subdivision (b) provides that the task force shall be comprised of seven members, three of whom shall be appointed by the Speaker of the Council and four by the Mayor, which shall be appointed within sixty days of the enactment of this local law and shall serve without compensation. The chairperson shall be elected from amongst the members and any vacancy shall be filled in the same manner as the original appointment for the remainder of the unexpired term. The Commissioners of Environmental Protection and Parks and Recreation may provide staff to assist the task force.

Subdivision (c) states that the task force members shall serve for a period of nine months, after which time such task force shall cease to exist.

Subdivision (d) requires the task force to submit a report containing its conclusions and recommendations to the Mayor and the Speaker of the Council no later than three months before the expiration of the task force.

Subdivision (e) provides that the Mayor, or his or her designee, shall submit a report to the Speaker of the Council no later than six months after the submission of the task force report, regarding the transfer of City-owned wetlands to the Department of Parks and Recreation deemed feasible for such transfer by the task force.

Section three of Int. No. 566-A states that this local law shall take effect immediately upon its enactment.

**IV. Comparison of Int. No. 566-A to Int. No. 566**

In addition to minor stylistic and technical changes, the legislation was changed as follows:

Additional language was added to the legislative findings and intent, including a list of existing wetland inventories.

Subdivision (a) was amended to provide that the City-owned wetland areas to be assessed include, but are not limited to, those listed in existing inventories.

Subdivision (b) was amended to provide that the task force members shall be appointed within sixty days of enactment of the legislation, rather than within thirty days, and any vacancy shall be filled in the same manner as the original appointment for the remainder of the unexpired term, rather than within fourteen days. The Commissioners of Environmental Protection and Parks and Recreation may provide staff to assist the task force, but are not required to do so.

Subdivision (c) was amended to provide that the members of the task force shall serve for a period of nine months, after which such task force shall cease to exist, rather than serve for a period of eighteen months.

Subdivision (d) was amended to provide that the task force shall submit a report containing its conclusions and recommendations no later than three months before the expiration of the task force, or six months after the task force members are appointed, rather than six months before such expiration, or one year after such appointments are made.

A new subdivision (e) was added to the legislation, which provides that no later than six months after the submission of the report by the task force, the Mayor, or his or her designee, shall report to the Speaker of the Council regarding the transfer of City-owned wetland areas to the Department of Parks and Recreation, for those areas for which such transfer was deemed feasible by the task force.

Int. No. 566-A

By Council Members Gennaro, Addabbo Jr., Avella, Comrie, Fidler, Gerson, Gonzalez, Jennings, Koppell, Lopez, Martinez, McMahon, Palma, Quinn, Recchia Jr., Sanders Jr., Weprin, Reyna, Monserrate, Lanza, Vallone Jr., Brewer, Yassky, Gentile, Liu, Jackson, Gallagher, Arroyo and The Public Advocate (Ms. Gotbaum)

**A Local Law to create a temporary task force to study the feasibility of transferring city-owned wetlands to the jurisdiction of the department of parks and recreation.**

*Be it enacted by the Council as follows:*

Section 1. Legislative findings and intent. Wetlands are among the most productive ecosystems in the world. For example, wetlands such as intertidal or salt marshes are comparable in ecological productivity to rainforests. An immense variety of species of microbes, plants, insects, amphibians, reptiles, birds, fish and mammals can be part of a wetland ecosystem. Physical and chemical features such as climate, landscape shape, geology and the movement and abundance of water help to determine the plants and animals that inhabit a wetland. Wetlands provide values that no other ecosystem can, including natural water quality improvement, flood protection, shoreline erosion control and opportunities for recreation and aesthetic appreciation. In the City of New York, there are approximately fourteen square miles of wetlands still in existence, where more than 100 square miles once existed. Despite urbanization, 778 native plants and animals still exist in the City, accounting for sixty percent of the species that existed 100 years ago.

A number of inventories regarding wetland areas in New York City already exist, such as those included in recommendations of the Habitat Working Group of the Harbor Estuary Program; recommendations of "An Islanded Nature", the latest report on expanding the Harbor Herons Urban Nature Refuge concept; the recommendations of the Needs and Opportunities Report to the Army Corp of Engineers on environmental restoration of the harbor estuary; and, the recommendations of the Regional Plan Association. In addition, there may be other inventories in existence that are not included in the above-mentioned list.

An outstanding example of wetlands with ecological, water quality improvement, and recreational and aesthetic significance is those found in or near Jamaica Bay. This bill would create a task force to inventory City-owned wetlands in the City of New York and ascertain the feasibility of transferring these properties to be under the protection of the Department of Parks and Recreation.

The City Council finds that City-owned wetlands, for which a transfer to the Department of Parks and Recreation is feasible, should be transferred in an expeditious manner in order to protect and maintain their environmental, economic and other benefits to New York City.

§2. a. There is hereby established a temporary task force to advise the mayor of the city of New York and the speaker of the council of the city of New York as to the technical, legal, environmental and economical feasibility of a transfer of city-owned wetland areas, including, but not limited to, those listed in existing inventories, to the department of parks and recreation.

b. Such task force shall be comprised of seven members, three of whom shall be appointed by the speaker of the council and four by the mayor. The members shall be appointed within sixty days of the enactment of this local law and shall serve without compensation. The chairperson shall be elected from amongst the members. Any vacancy shall be filled in the same manner as the original appointment for the remainder of the unexpired term. The commissioners of environmental protection and parks and recreation may provide staff to assist the task force.

c. Such members of the task force shall serve for a period of nine months, after which time such task force shall cease to exist.

d. No later than three months before the expiration of the task force, the chairperson shall submit a report containing its conclusions and recommendations to the mayor of the city of New York and the speaker of the council of the city of New York.

e. No later than six months after the submission of the report pursuant to subdivision d of this section, the mayor of the city of New York, or his or her designee, shall submit a report to the speaker of the council of the city of New York,

which shall include, of those city-owned wetland areas that the task force deemed feasible for transfer to the department of parks and recreation:

1. the wetland areas that were transferred to such department, including the dates upon which such transfers occurred;

2. the wetland areas that are in the process of being transferred to such department or for which a determination to transfer has been made but for which the process to transfer has not yet begun, including the status of and anticipated dates for such transfers; and

3. the wetland areas that were not transferred and are not in the process of being transferred to such department, including an explanation as to why such action was not or will not be taken.

§3. This local law shall take effect immediately upon its enactment.

HELEN D. FOSTER, Chairperson; JOSEPH P. ADDABBO JR., GALE A. BREWER, ROBERT JACKSON, LETITIA JAMES, MARIA DEL CARMEN ARROYO, DENNIS P. GALLAGHER, Committee on Parks and Recreation, August 17, 2005.

On motion of the Speaker (Council Member Miller), and adopted, the foregoing matter was coupled as a General Order for the day (see ROLL CALL ON GENERAL ORDERS FOR THE DAY).

**Reports of the Committee on Transportation**

At this point, the Speaker (Council Member Miller) announced that the following items have been **preconsidered** by the Committee on Transportation and have been favorably reported for adoption.

Report for Int. No. 699

**Report of the Committee on Transportation in favor of approving and adopting, a Local Law to amend the administrative code of the city of New York, in relation to licensing of stoop line stands contingent upon certification that such stand does not obstruct pedestrian traffic.**

The Committee on Transportation to which was referred on August 17, 2005 the annexed proposed local law respectfully

**REPORTS:**

**INTRODUCTION**

On August 17, 2005, the Committee on Transportation, chaired by Council Member John C. Liu, will hold a hearing on a preconsidered introduction that would amend Section 20-239 of the Administrative Code of the City of New York. The bill would require the Department of Transportation ("DOT") to prepare a report on whether or not a stoop line stand would have an adverse effect on pedestrian safety or would obstruct pedestrian passage. The report would have to be based an on-site analysis and DOT would have to certify that there would be no adverse effect on pedestrian safety or obstruct pedestrian traffic before the Department of Consumer Affairs can issue a stoop line stand license to a merchant or renew such a license. Under this bill, the Commissioner of Consumer Affairs would be required to forward copies of stoop line stand applications or renewals and any Department of Transportation certification and reports on the stoop line stand to the local council member and community board within five days after the receipt of each by the Commissioner of Consumer Affairs.

The Committee has invited the Department of Transportation, the Department of Consumer Affairs, Sung Soo Kim, President of the Small Business Congress, Richard Lipsky, President of the Neighborhood Retail Alliance, and others, to testify on this bill.

**BACKGROUND**

The use of public sidewalks to sell goods has been a tradition since the founding of the City of New York. Selling goods to the public on streets provides work for many small entrepreneurs, many of whom are immigrants, and is convenient for customers. [1] But, for almost as long as people have been selling goods on streets, others have complained about the noise, confusion and congestion that street sales may create on a busy public sidewalk.[2]

Although many of the past discussions about the problem of selling goods on public streets involved mainly street peddlers, it was acknowledged that stoop line stands also caused problems.[3] In the early 1900s, merchants saw stoop line stands as a way to attract shoppers after laws were passed to prohibit street peddlers, but Mayor Fiorella LaGuardia considered stoop line stands to be glorified pushcarts.[4]

Almost a century later, with a greatly increased population,[5] many stoop line stands are still contributing to noise, congestion, confusion and potentially creating pedestrian safety issues as people have to walk in the streets because there are more people and stoop line stands competing for scarce sidewalk space. The problems caused by stoop line stands have lead to periodic enforcement blitzes by the City to curb the problem.

For instance, on September 25, 2004, a Brighton Beach fruit vendor was issued $3,000 in tickets because of problems with his stoop line stand.[6] In 2002, the Commissioner of Consumer Affairs joined local Flushing elected and community officials to visit local businesses to educate them about stoop line stands laws. The visit was initially successful, but within three weeks, many of the businesses again set up illegal stoop line stands.[7] In addition to pedestrian safety issues, public safety issues may arise from the operation of stoop line stands on crowded streets. The 109th Precinct, which covers Flushing, noted that pick pocketing near stoop line stands is a problem because of the increased congestion.[8]

Stoop line stands are regulated by Chapter 20, subchapter 7 of the New York City Administrative Code. Under the code, a merchant must obtain a license from the Department of Consumer Affairs before lawfully operating a stoop line stand.[9] Stoop line stands are also limited to the sale of certain types of merchandise.[10]

The Administrative Code regulates the size of the stand. Stoop line stands cannot exceed ten feet in length, four feet in width or seven feet in height.[11] However, on a sidewalk that is at least 16 feet wide, the stand may be five feet in width.[12] Before a stoop line stand license may be issued, the location must be approved by the Department of Transportation.[13] Similarly, the Department of Transportation cannot approve a renewal license unless it determines the stoop line stand does not obstruct the free use of the sidewalks by pedestrians.[14] These stoop line stands may be temporarily removed where a police officer or other authorized City employee determines that exigent conditions require the removal of the stoop line stand.[15]

**ANALYSIS**

Section one of the bill amends section 20-239 of the Administrative Code by clarifying what actions the Department of Transportation must take on a stoop line stand license before the Commissioner of Consumer Affairs may issue a stoop line stand license. Under current section 20-239, the Department of Consumer Affairs must obtain "approval" from the Department of Transportation to issue a new stoop line stand license or a determination from the Department of Transportation that the location does not obstruct the free use of sidewalks by pedestrians before a license may be renewed.

The bill would require that the Department of Transportation issue a written certification that the stoop line stand for which a license or renewal is sought will not have an adverse affect on pedestrian safety or pose an obstruction to the free use of sidewalks by pedestrians. Before a license or renewal may be issued, the Department of Transportation must support that determination by producing a report based upon an on-site analysis of pedestrian traffic volume. In the report, the Department of Transportation shall include the data used to reach its conclusion, describe the methodology used to make its determination and certify that the stoop line stand will not have an adverse effect on pedestrian safety nor pose an obstruction to the free use of the sidewalks by pedestrians.

To ensure that the community is aware of applications for and renewals of stoop line stands, the bill requires the Commissioner of Consumer Affairs to forward copies of applications for a stoop line stand license or renewal, and any certifications or reports to the local council member and community board within five days of receipt of each by the Commissioner.

Section two of the bill provides that this local law shall take effect immediately after its enactment into law.

**FISCAL IMPACT STATEMENT:**

| | Effective FY 06 | FY Succeeding Effective FY 07 | Full Fiscal Impact FY 06 |
|---|---|---|---|
| Revenues (+) | $0 | $0 | $0 |
| Expenditures (-) | $750,000 | $1 million | $750,000 |
| Net | $750,000 | $1 million | $750,000 |

**IMPACT ON REVENUES:** There would be no impact on revenues as a result of this legislation.

**IMPACT ON EXPENDITURES:** The Department of Transportation would need to hire at least 12 inspectors to conduct the necessary analysis. The cost to hire these inspectors is approximately $1 million annually. Because the inspectors would not be hired until after the first quarter of the fiscal year, the allocation of $750,000 in Fiscal 2006 reflects personal services and other than personal services costs for three-quarters of the fiscal year.

## RESOLUTIONS

**The following are the respective Committee Reports for each of the Resolutions referred to the Council for a voice-vote pursuant to Rule 8.50 of the Council:**

At this point, the Speaker (Council Member Miller) announced that the following items have been **preconsidered** by the Committee on Finance and have been favorably reported for adoption.

Report for Res. No. 1119

**Report of the Committee on Finance in favor of approving a Resolution in support of efforts for a referendum on class size reduction in New York City's Public Schools.**

The Committee on Finance to which was referred on August 17, 2005 the annexed resolution respectfully

## REPORTS:

Today the Committee will consider a preconsidered resolution in support of efforts for a referendum on class size reduction in New York City's public schools.

**BACKGROUND**

Section 37 of the State Municipal Home Rule Law (MHRL) provides for the adoption of amendments to city charters by petition. On July 8, 2005 a petition was filed with the City Clerk (hereinafter the "Petition") pursuant to these provisions seeking to amend the New York City Charter ("City Charter"). The petition was filed by a coalition of parents, civic organizations, labor unions and educators called New Yorkers for Smaller Classes. The petition seeks to amend Charter § 103 entitled "Contents of the executive expense budget," to add a new subdivision that would require the Mayor to include in the executive expense budget

"[a]n amount, as certified by the comptroller to be exclusively spent by the City School District of the City of New York to achieve a number of pupils per class in grades K through 12 that is comparable to the number of pupils per class in general and special education classes respectively in New York State exclusive of New York City, said amount having been allocated from the funds apportioned by the State of New York for the City School District of the City of New York for the purpose of providing the opportunity for a sound basic education pursuant to the final judgment in Campaign for Fiscal Equity v. State of New York, provided that said allocation is no less than twenty-five (25%) percent of said funds in any fiscal year. [1]

The proposed local law to amend the City Charter was accompanied by petitions containing over 70,000 signatures.[2] According to the City Clerk, the number of qualified signatures exceeded the MHRL §37 requirement concerning the number of qualified electors needed for the filing of the petition.[3]

However, subsequent to the filing of the Petition, the City Clerk received, on August 3, 2005, a proposal for amendments to the City Charter from the Mayor's Charter Revision Commission which included two proposals for the November Ballot to amend the City Charter[4]:

(1) to include certain financial requirements relating to budgeting, auditing and short term debt contained in State law in the City Charter; and (2) to require the promulgation of a code of ethics for City administrative law judges.[5]

According to MHRL §36(5)(e), where a Mayoral-created Charter revision commission submits any question or questions to the electors, "no other questions shall be submitted to or voted upon by such electors pursuant to any local law, ordinance, resolution or petition" at that election if the other questions "involve or relate directly or indirectly to the adoption of a new city charter, the amendment of a city charter, charter revision...." Thus, such Mayoral-created Charter Revision Commission ballot questions "bump" questions relating to Charter revision submitted by petition for that election. However, MHRL §36(5)(g) provides that if a question submitted by petition is "bumped" by questions submitted by a Mayoral created Charter Revision Commission, the question submitted by petition "shall be submitted at the general election in the year following regardless of other questions which may be voted on at the latter election..."

This is not the first time that a ballot question relating to reducing class size in the City's public schools has been "bumped" from the ballot by a Charter Revision Commission created by the current Mayor. On August 18, 2003 another petition was filed with the City Clerk which sought to create a charter revision commission pursuant to MHRL §36(e), to "review the entire Charter of the City of New York, including an examination of City Charter provisions that may relate to class size of New York City schools."[6] The City Clerk concluded that the 2003 petition contained the requisite number of signatures required to submit the local law for the creation of the commission to the electors. Similarly, following the submission of the 2003 petition to the City Clerk, the Clerk received ballot questions from a Mayoral-created Charter Revision Commission for placement on the ballot and similarly informed the Council that MHRL §36(5)(e) required the 2003 petition to be "bumped" in favor of the proposed charter changes submitted by the Mayoral-created commission. These proposals by the Mayoral-created Charter Revision Commission were soundly defeated by the electorate.

[5] New York City Charter Revision Commission, 2005 Ballot Questions, August 2, 2005.

Not only did the City Clerk determine that the Petition could not be placed on the ballot this November, because of the submission of the Mayoral-created Charter Revision Commission questions, but the City Clerk also found - based upon an opinion sought from the Corporation Counsel - that the question was legally invalid and therefore would not be certified for any year's ballot.[8] A large portion of the Corporation Counsel's opinion is devoted to arguing that State Education Law sets forth how the Department of Education (DOE) develops its budget and thereby preempts the Petition's proposed Charter amendment.[9] This argument is incorrect, in light of the fact that in this area, the State Education Law's requirements by their own terms specifically decline to override the City Charter's budget process.[10]

**PRECONSIDERED RESOLUTION NO.**

This Preconsidered Resolution supports efforts for a referendum on class size reduction in the City's public schools. Numerous studies have indicated that students who are assigned to smaller classes, particularly in the early grades, achieve significantly higher test scores, receive better grades, and have improved attendance." The resolution takes note of the dire situation as it relates to class size in City schools where class sizes exceed statewide averages by 10% to 60%, as well as research and the findings of the State's highest Court concerning the relationship between smaller class sizes and the ability of a school system to provide a better education for students. That court, in its decision issued on June 26, 2003 in *Campaign for Fiscal Equity v. State of New York,* found that there was "measurable proof, credited by the trial court, that New York City schools have excessive class sizes, and that class size affects learning," and that "class size, instrumentalities of learning and otherwise adequate facilities affect the provision of a sound basic education." The Preconsidered Reso. states that in spite of the broad support behind the Petition from a coalition that includes a wide array of parent and civic organizations, educators and unions, the Mayor's Charter Revision Commission failed to even consider the issue of class size reduction in the public schools. The resolution points out that the Mayor's similar abuse of the Charter revision process resulted in the 2003 petition for a Charter revision commission to review the

## INTRODUCTION AND READING OF BILLS

Int. No. 693

By The Speaker (Council Member Miller) and Council Members Gerson, Brewer, Gennaro, Liu, Sanders and Weprin.

**A Local Law to amend the administrative code of the city of New York, in relation to establishing a Chinatown/Lower East Side empire zone and the repeal of section 22-715 of such code.**

*Be it enacted by the Council as follows:*

Section 1. Declaration of legislation findings and intent. Section 961 of the general municipal law provides that a city may adopt a local law authorizing the submission of an application to the New York state commissioner of economic development for designation of an area within the city as an empire zone. Subdivision (f) of section 958 of the general municipal law authorizes the creation of an empire zone designated as the Chinatown Empire Zone, although the boundaries authorized for such zone also include geographic areas generally referred to as "the Lower East Side". The Council believes that the designation of such Chinatown/Lower East Side Empire Zone could greatly benefit the city of New York in that new businesses would be encouraged to locate in the zone, existing businesses would be encouraged to expand in the zone, and new and expanded businesses would generate new jobs for city residents.

§2. The city of New York is authorized to submit an application to the New York state commissioner of economic development for designation of an area within the city of New York as an empire zone, the boundaries of which area are set forth in section three of this local law.

§3. Section 22-715 of the administrative code of the city of New York, as enacted by local law number 25 for the year 2002, is REPEALED and a new section 22-715 is added to read as follows:

*§ 22-715 Chinatown/Lower East Side Empire Zone. a. Upon approval of the application for designation of the area set forth in subdivision d of this section as an empire zone, such area shall constitute and be known as the Chinatown/Lower East Side empire zone.*

*b. There shall be a local empire zone certification officer for the Chinatown/Lower East Side empire zone and the chairman of the New York City economic development corporation shall serve as such local empire zone certification officer. The duties of such local empire zone certification officer shall be those set forth in article 18-B of the general municipal law and shall include the duty to jointly certify and decertify, together with the New York state commissioner of economic development and the New York state commissioner of labor, those business enterprises eligible to receive the benefits referred to in section nine hundred sixty-six of the general municipal law, and any other applicable laws.*

*c. There shall be a local empire zone administrative board consisting of at least six members to be appointed by the mayor. The members shall include a representative of local businesses, organized labor, community organizations, financial institutions, local educational institutions, and at least one resident of the Chinatown/Lower East Side empire zone, but shall not include the local empire zone certification officer. The commissioner of small business services shall be a member of the local empire zone administrative board of the board and shall serve as its chair. The board shall perform all duties required of it pursuant to subdivision b of section nine hundred sixty-three of the general municipal law.*

*d. The boundaries of the Chinatown/Lower East Side empire zone are as follows:*

*Beginning at the point of intersection of the eastern line of Broadway and the southern line of East Houston Street; thence easterly along the southern line of East Houston Street to the bulkhead line of the East River; thence southerly along the bulkhead line of the East River to the point where it meets the center line of Robert F. Wagner, Sr. Place; thence westerly along the center line of Robert F. Wagner, Sr. Place and the Avenue of the Finest to the point where it meets the center line of Madison Street; thence northeasterly along the center line of Madison Street to the point where it meets the centerline of Pearl Street; thence northwesterly along the center line of Pearl Street to the point where it meets the center line of Park Row, said line being the district boundary line between the R7-2 and C6-4 zoning districts as it appears on Sheet 12d of the Zoning Map of the New York City Planning Commission as amended effective May eleventh, two thousand and five (A-1782), as contained in the Zoning Resolution of the City of New York; and as it appears on Sheet 12b of the Zoning Map of the New York City Planning Commission as amended effective April thirtieth, two thousand and three (A-1762), as contained in the Zoning Resolution of the City of New York; thence westerly along the center line of Park Row to the point where it meets the center of Police Plaza, said line being the district boundary line between the R7-2 and C6-1 zoning districts as it appears on Sheets 12d as described aforesaid and Sheet 12c of the Zoning Map of the New York City Planning Commission as amended effective May eleventh, two thousand and five (A-1731), as contained in the Zoning Resolution of the City of New York; thence northerly along the center of Police Plaza to the point where it meets the center line of St. Andrews Plaza; thence northerly along the center line of St. Andrews Plaza to the point where it meets the center line of Centre Street; thence southerly along the center line of Centre Street to the point where it meets the northern line of Chambers Street; thence westerly along the northern line of Chambers Street to the point where it meets the eastern line of Broadway; thence northerly along the eastern line of Broadway to the point and place of beginning.*

§4. This local law shall take effect immediately.

By The Speaker (Council Member Miller) and Council Members Quinn, Addabbo Jr., Avella, Barron, Boyland, Brewer, Clarke, Fidler, Foster, Gennaro, Gentile, Gerson, Gonzalez, James, Koppell, Liu, Nelson, Perkins, Sanders, Seabrook, Sears, Stewart, Vann and Weprin.

**A Local Law to amend the administrative code of the city of New York, in relation to establishing a comprehensive heat emergency assistance program for low-income senior citizens and persons with disabilities.**

*Be it enacted by the Council as follows:*

Section 1. Chapter four of title twenty-four of the administrative code of the city of New York is amended by adding a new section 24-424, to read as follows:

*§24-424 Comprehensive Heat Emergency Assistance Program. a. Definitions. For purposes of this section, the following terms shall have the following meanings:*

*1. "Department" shall mean the city of New York department of environmental protection.*

*2. "Domestic partner"* shall mean persons who have a registered domestic partnership, which shall include any partnership registered pursuant to subchapter three of chapter two of title three of this code, any partnership registered in accordance with executive order number 123, dated August 7, 1989, and any partnership registered in accordance with executive order number 48, dated January 7, 1993.

*3. "Dwelling unit" shall mean any building or structure or portion thereof located in the city of New York, which is occupied in whole or in part as a home or residence.*

*4. "Electricity bill" shall mean any bill for electricity usage for a dwelling unit billed to an eligible senior citizen or eligible person with disability.*

*5. "Eligible person with disability" shall mean any person or his or her spouse or domestic partner who at the time of a heat emergency: (i) was receiving social security disability insurance or supplemental security income benefits under the federal social security act or disability pension or disability compensation benefits provided by the United States department of veterans affairs, or was previously eligible by virtue of receiving disability benefits under the supplemental security income program or the social security disability program and was at such time receiving medical assistance benefits based on a determination of disability as provided in section three hundred sixty-six of the social services law, and was entitled to the possession or to the use and occupancy of a dwelling unit; and (ii) where the aggregate disposable income of all members of the household does not exceed twenty-five thousand dollars beginning July first, two thousand five, twenty-six thousand dollars beginning July first, two thousand six, twenty-seven thousand dollars beginning July first, two thousand seven, twenty-eight thousand dollars beginning July first, two thousand eight, and twenty-nine thousand dollars beginning July first, two thousand nine.*

*6. "Eligible senior citizen" shall mean any person or his or her spouse or domestic partner who at the time of a heat emergency: (i) was sixty-two years of age or older and was entitled to the possession or to the use and occupancy of a dwelling unit; and (ii) where the aggregate disposable income of all members of the household does not exceed twenty-five thousand dollars beginning July first, two thousand five, twenty-six thousand dollars beginning July first, two thousand six, twenty-seven thousand dollars beginning July first, two thousand seven, twenty-eight thousand dollars beginning July first, two thousand eight, and twenty-nine thousand dollars beginning July first, two thousand nine.*

*7. "Heat emergency" shall mean any emergency in the city of New York in which the health of a person may be endangered due to the existence of extremely high temperatures and where the mayor has declared or the department has found, pursuant to rules promulgated thereto, that such emergency existed for at least three days within a one month period.*

*b. Comprehensive heat emergency assistance program. The department shall establish and administer the "Comprehensive Heat Emergency Assistance Program" through which any eligible senior citizen and any eligible person with disability may apply to receive financial assistance to pay up to twenty-five percent of his or her electricity bill for the month during which a heat emergency existed; provided, however, that the total expenditures of such program shall not exceed five million dollars, exclusive of administrative costs. The form and manner of application and distribution of such financial assistance shall be determined pursuant to rules promulgated by the department; provided, however, that all applications for such assistance shall be submitted within three months of the date of such electricity bill.*

*c. Rules. The department shall promulgate such rules as may be necessary for the purposes of implementing the provisions of this section.*

§2. Severability. If any section, subsection, sentence, clause, phrase, or other portion of this local law is, for any reason, declared unconstitutional or invalid, in whole or in part, by any court of competent jurisdiction, such portion shall be deemed severable, and such unconstitutionality or invalidity shall not affect the validity of the remaining portions of the local law that added this section, which remaining portions shall remain in full force and effect.

§3. Effective date. This local law shall take effect thirty days after its enactment into law.

Referred to the Committee on Environmental Protection.

Res. No. 1119

**Resolution in support of efforts for a referendum on class size reduction in New York City's Public Schools.**

By The Speaker (Council Member Miller), and Council Members Weprin, Jackson, Quinn, Recchia, Liu, Gioia, Barron, Boyland, Clarke, Fidler, Gennaro, Gentile, Gerson, Gonzalez, James, Perkins, Rivera, Sanders, Seabrook, Stewart, Vann and The Public Advocate (Ms. Gotbaum).

**Whereas,** New York City's public schools are in dire need of smaller class sizes and have the largest class sizes in the state, exceeding statewide averages by 10% to 60%; and

**Whereas,** Research has shown that smaller class sizes generate substantially higher levels of student achievement, particularly for minority and inner-city school children, as was demonstrated in numerous longitudinal studies of class size reduction programs in Wisconsin, Tennessee and elsewhere throughout the country; and

**Whereas,** In September 2004, the United Federation of Teachers filed more than 11,000 grievances for classes that exceeded limits of 34 in a class; and

**Whereas,** The Court of Appeals, New York State's highest court, found in a decision issued on June 26, 2003 in Campaign for Fiscal Equity v. State of New York, that there was "measurable proof, credited by the trial court, that New York City schools have excessive class sizes, and that class size affects learning"; and

**Whereas,** As a result of that lawsuit, the City will be receiving substantial funds from the state for education; and

**Whereas,** On July 8, 2005, a coalition of parents, civic organizations, labor unions and educators called New Yorkers for Smaller Classes (the "Coalition") filed petitions with the City Clerk containing over 70,000 signatures and calling for a referendum on changing the City Charter to require the use of a portion of those funds for class size reduction in the City's public schools; and

**Whereas,** The Coalition, represents a wide-ranging spectrum of voices from across the city and includes: ACORN, Advocates for Children, Alliance for Quality Education, Asian-American Communications, Central Brooklyn Churches, Chancellor's Parent Advisory Council, Class Size Matters, Community Service Society, District 3 Presidents' Council, District 6 Presidents' Council, District 25 Presidents' Council, Dominican Foundation Culturarte of NY, Educational Priorities Panel, Goddard Riverside Community Center, Greater NY Labor-Religion Coalition, Harlem Congregations for Community Improvement, Hispanic Federation, NYU Institute for Education and Social Policy, NYC Central Labor Council AFL-CIO, NYC Chapter of National Coalition Parents of English Language Learners, NY State Conference of NAACP, Parents as Primary Teachers, Parent to Parent, People for the American Way, United Federation of Teachers, United Parents Associations, Women's City Club of New York and Working Families Party; and

**Whereas,** In August, 2004, the Mayor created a Charter Revision Commission, but despite this overwhelming demonstration of public support for a class size reduction ballot initiative, the Mayor's Charter Revision Commission failed to even consider the issue; and

**Whereas,** Instead, the Mayor's Commission proposed two ballot questions regarding minor administrative matters, effectively bumping the class size reduction proposal off of this year's ballot; and

**Whereas,** Given the minor nature of the matters the Charter Revision Commission chosen for this year's ballot as well as the timing of its creation, the Mayor's Charter Revision Commission actually appears to have been created to intentionally bump the class size reduction initiative from this year's ballot; and

**Whereas,** Under state law, a ballot initiative that is bumped by a Mayoral Charter Revision Commission question must appear on the next year's ballot; and

**Whereas,** However, the Mayor was not satisfied with merely bumping the class size reduction initiative onto next year's ballot; and

**Whereas,** Indeed, he is seeking to ensure that the Coalition's class size reduction initiative never reaches any ballot and is never brought before the public for a vote; and

**Whereas,** After the Coalition filed its petition to include the class size reduction question on the this year's ballot, the City Clerk replied that despite the fact that the coalition had followed all the rules for submission of a petition, the proposed question was legally invalid and that he would therefore not certify the proposed question for any year's ballot; and

**Whereas,** The City Clerk admittedly based his decision on an opinion he had received from the Corporation Counsel; and

**Whereas,** The Corporation Counsel's August 4, 2005 opinion advising the City Clerk to invalidate the proposed ballot question appears specious both as to the relevant provisions of law relating to adoption of the City's education budget and certain provisions of the proposed ballot question; and

**Whereas,** Mayor Bloomberg has repeatedly obstructed efforts to reduce class size in the City's public schools and denied the voters of the City of New York an opportunity to be heard on this issue; and

**Whereas,** In August 2003, the Coalition filed petitions with the City Clerk with over 100,000 signatures calling for the creation of a Charter Revision Commission to

decide whether a question regarding class size limits should be put before voters in a referendum; and

**Whereas,** The Mayor similarly fought that petition and prevented the class size referendum from going before the voters by creating his own Charter Revision Commission whose ballot question on nonpartisan elections took precedence for placement on that year's ballot; and

**Whereas,** The voters rejected that Charter Revision Commission's proposal, and the Mayor's abuse of the Charter revision process, by a margin of 70 percent to 30 percent; and

**Whereas,** The purpose of the Charter Revision Commission is to deal with the structure of city government, not to further the Mayor's personal legislative agenda, nor should it be used to frustrate the will of the public; and

**Whereas,** The Mayor has repeatedly revealed his lack of commitment to reducing class sizes by stating he would devote only two percent of the monies from the Campaign for Fiscal Equity lawsuit to class size reduction; and

**Whereas,** The State Comptroller's office is currently auditing the department of education to ensure that over $100 million in class size reduction funds are being spent appropriately, since, under the Mayor's leadership, discrepancies have arisen between reports from the Independent Budget Office and the department of education on its class size reduction efforts; and

**Whereas,** If the Mayor continues to block efforts to hold a referendum regarding class size reduction for New York City public schools, then the Council will explore other options including the possibility of submitting the question to the public in a special election; and

**Whereas,** If the Mayor's latest actions blocking the ballot initiative are challenged, the Council of the City of New York hereby states its intention to file an *amicus* brief with the court to support the class size reduction initiative's placement on the 2006 general election ballot now, therefore, be it

**Resolved,** That the Council of the City of New York supports efforts for a referendum on class size reduction in New York City's public schools.

Referred to the Committee on Finance.

Res. No. 1120

**Resolution calling upon the New York State Legislature to pass a bill to amend the education law in relation to the establishment of an Independent Institute for Research and Accountability, which would provide the public with an ongoing evaluation and assessment of programs and initiatives at the New York City Department of Education.**

By The Speaker (Council Member Miller) and Council Members Addabbo Jr., Brewer, Gennaro, Gentile, James, Koppell, Perkins, Seabrook, Stewart and Weprin.

**Whereas,** Despite major changes in school governance, including granting control over the City's school system to the Mayor on July 1, 2002, the dissolution of the old Board of Education and establishment of the New York City Department of Education, the merger of 40 school districts into 10 regions, the abolition of the City's community school boards and other subsequent education reforms, it is unclear whether the City's public schools are improving; and

**Whereas,** The City currently allocates $14 billion to the public school system, and it is imperative that only those programs and initiatives in the classroom and at the school, district, region and system-wide levels that are effective continue to receive funding, while those that are demonstrated to be ineffective are discontinued; and

**Whereas,** Unfortunately, the New York City Department of Education does not provide critical information to the public regarding the Department's programs and initiatives, making it impossible to determine which are successful; and

**Whereas,** There have been numerous attempts to access and analyze Departmental data, as well as public calls for greater review of the Department's actions; and

**Whereas,** After discrepancies between reports from the Independent Budget Office and the Department of Education on class size reduction efforts, in January 2005 the Council and the Deputy Minority Leader of the New York State Senate called for the State Comptroller's Office to conduct an audit on class size data to ensure that over $100 million in class size reduction funds were spent appropriately; and

**Whereas,** In 2003, due to the cost overruns and delays in school construction and repairs, the Council passed legislation over mayoral veto to mandate quarterly reports from the school construction authority on any projects that were past deadline and over budget; and

**Whereas,** During this academic year, experts in the field of education, parents and the Council have questioned the Department's reports that City students are outperforming their predecessors on standardized exams, as well as the methodology of the exams, and have called for an independent body, similar to that of Chicago's Consortium on School Research, to review exam results; and

**Whereas,** The City Council's Commission on the Campaign for Fiscal Equity recommended the creation of an independent body to conduct research and assessments needed to report on system reforms, recommend specific interventions to assist students based on performance results, provide data to the public, instill public confidence in the City's school system and help the public and local leadership use such findings to inform both policy and practice; and

**Whereas,** An independent analysis of school programs and initiatives would assist the City in targeting specific resources, such as after-school programs, smaller class sizes and more highly qualified teachers where they are most needed and support successful reform initiatives; and

**Whereas,** There would be greater public confidence in assessments of Department of Education programs and initiatives if any such review was disengaged from political pressures; now, therefore, be it

**Resolved,** The Council of the City of New York calls upon the New York State Legislature to pass a bill to amend the education law in relation to the establishment of an Independent Institute for Research and Accountability, which would provide the public with an ongoing evaluation and assessment of programs and initiatives at the New York City Department of Education.

Int. No. 695

By Council Members Comrie, Addabbo Jr., Clarke, Foster, James, Liu, McMahon, Nelson, Rivera, Sanders, Seabrook, Sears, Stewart, Vann and Weprin.

**A Local Law to amend the administrative code of the City of New York, in relation to requiring compensation to property owners for damage to or loss of private property or property or infrastructure owned by the City resulting from work undertaken by the City of New York.**

*Be it enacted by the Council as follows:*

Section 1. Declaration of Legislative Findings and Intent. While the City of New York contracts out many construction projects to various city agencies, there are instances in which the private property of homeowners or city infrastructure that is their responsibility to maintain is damaged by contractors working on roads and utilities. Examples of such damages include cracks in the facades of homes, sidewalks, and water main lines caused by the vibration during construction. Community Boards and residents allege that contractors regularly deny that the damages have been caused by their construction work. Although contractors take photographs to establish the appearance and condition of a home prior to construction, copies of those photographs are not shared with the homeowner and the photos lack the detail to demonstrate whether such defects such as streamline cracks on the facades of homes were present prior to construction.

According to anecdotal reports from various Community Boards, in many of these instances, the homeowners have either had to pay for the repairs themselves or had to hire lawyers to sue for compensatory damages from contractors believed to have caused the damage or both. There is no local law governing this area. Local law does allow for the Office of the Comptroller of the City of New York to compensate a property owner for repairs made to personal property damage or damage to city infrastructure that is the property owner's responsibility to maintain in circumstances where the contractor admits the damage is his or her fault.

Current standard provisions in City contracts do require the contractor to pay for the damage to private property and to city infrastructure that is the responsibility of the property owner to maintain. While this appears to address the problem, according to anecdotal evidence, the provision has not been carried out consistently and in good faith by the contractor, who denies the construction was the cause of the damage, and the City appears not to provide sufficient oversight in such circumstances. The Department of Design and Construction does have a mechanism to assign an engineer to help homeowners establish whether the damage was done by the contractor, but according to anecdotal information from community boards, by the time this program is consulted, the matter is already several months old and therefore more difficult to prove.

§ 2. Chapter 2 of title seven of the administrative code of the city of New York is amended by adding a new section 7-213 to read as follows:

*§7-213 Liability of contractors of the city of New York to private property owners and to the City for damage or removal of private property or city infrastructure.*

*a. For purposes of this section, the following definitions shall apply:*

*"City infrastructure" shall mean "the basic facilities and installations owned or leased by the City of New York that are needed for the functioning of the municipality, including such as transportation and communications systems, sidewalks, water and power lines, and public institutions including schools, and prisons.*

*"Contractor" shall mean an individual, a sole proprietorship, a partnership, a corporation, a not-for-profit corporation, any other business enterprise or any other party to a contract with the city.*

*"Work undertaken on behalf the city" shall mean any work that furthers any project undertaken on behalf of the city, including, but not limited to, street, sewer, or water main repair or construction, utility repair or construction, and home and/or building construction.*

*b. Any private property or infrastructure owned by the city that was destroyed, damaged or removed by contractors of the city while performing work undertaken on behalf of the city shall be restored, replaced, or repaired by the contractor to a condition equivalent to or superior to that prior to commencement of the contractual work.*

*c. Where an owner of private property, other than a state or federal agency or instrumentality, has sustained property damages for injury to, removal of or destruction of, such private property or city infrastructure that is the responsibility of a property owner to maintain, and said damage, destruction, or removal was caused by a contractor, the comptroller, after consultation with the corporation counsel, is hereby authorized and empowered to make a payment for said property damages provided that: (i) the owner of real or personal property or who is responsible for maintaining city infrastructure is not insured for the claimed loss; (ii) at the time of the claimed loss, the owner of real or personal property was not required under law or contract to maintain insurance for said loss; and (iii) the claim is limited to actual damages.*

*d. Notwithstanding any other provision of law to the contrary, a petition for payment under this section must be presented to the comptroller not more than ninety days after the discovery of the damage by the owner of real or personal property or a designee.*

*e. The comptroller shall notify the contractor and shall assign its own staff or notify the appropriate city agency within three business days of receipt of the petition presented by a property owner to assign an inspector to verify that the claim is the contractor's fault. In those circumstances where the contractor is found to be at fault, the comptroller's staff or assigned agency inspector shall determine how many days shall be required to complete the restoration, replacement, or repair and the assessed value of the damages. The inspector shall render a decision on the claim and inform the comptroller of such decision within ten business days of receiving the initial notification from the comptroller of the claim. The comptroller shall inform the property owner and the contractor of its staff decision or the inspector's decision within three business days from the day the notification is received from the inspector.*

*f. The restoration, replacement or repair required by subdivision b of this section shall be completed by the contractor found to be at fault within the number of days found to be necessary by the agency's inspector or the comptroller's staff, beginning on the day after the comptroller's notification.*

*g. Nothing in this section shall in any way affect the provisions of this chapter or of any other law or rule governing the manner in which an action or proceeding against the city is commenced, including any provisions requiring prior notice to the city of defective conditions.*

*h. Nothing in this section is intended to preclude or deter any owner of real or personal property or city infrastructure which he or she is responsible for maintaining that has sustained damage as described in subdivision b of this section from filing an action or pursuing a claim against any individual or entity for compensation for such damages.*

*i. Notwithstanding any other provisions of law to the contrary, before the comptroller shall make payment pursuant to this section, he or she shall require the party who owns the real or personal property or who is responsible for maintaining the city infrastructure that has been damaged, destroyed, or removed to execute an assignment to the city, in the amount of the claim paid pursuant to subdivision c, to be deducted from any potential judgment or settlement arising from any action filed, or claim made, as described in subdivision c of this section, to recover for damages to real or personal property or for amounts the property owner has already paid to repair, replace, or restore city infrastructure the property owner is responsible to maintain. After entry of a judgment or settlement on behalf of the property owner in said action or claim, the city shall be entitled to collect the amount of said assignment.*

*j. Notwithstanding the provisions of subdivisions h and i of this section, the city shall bear the sole responsibility, at the discretion of the corporation counsel, for recovering the costs of claims paid under this section, plus reasonable interest and reasonable recovery costs, from any individual or entity for the damages that resulted in the claim.*

*k. The comptroller shall, by rule, establish procedures for the submission of petitions and for timely payment of claims to owners of real or personal property pursuant to the provisions of subdivisions c, d, and e of this section, for the review of such petitions by the comptroller's office, and with respect to such other matters as are necessary to implement the provisions of this section. The comptroller shall, by rule established pursuant to subdivision k, provide owners of real or personal property with timely written notice of denial of payment of claims and such notice must enumerate the causes for said denial.*

*l. A civil penalty shall be imposed on the contractor of two thousand dollars, plus fifty dollars per one hundred square feet of private property or property and infrastructure owned by the city that is the responsibility of the property owner to maintain that is damaged or remains to be restored or replaced pursuant to this section for failure to comply with any requirements of this subdivision. An additional civil penalty of fifty dollars shall be imposed upon a contractor for each additional day beyond the number of days required by the comptroller's staff or agency inspector.*

*m. The city shall include in its contracts, where applicable, a requirement that the contractor comply with the provisions of this section.*

§ 3. Chapter two of title seven of the administrative code of the city of New York is amended by adding a new section 7-214 to read as follows

*§7-214 Personal injury and property damage liability insurance for a contractor. A contractor as defined in section 7-213 shall be required to have property damage liability insurance for such property for liability for any injury to private property or property or infrastructure owned by the city, personal injury, including death, proximately caused by the failure of such contractor to replace, restore, or repair private property or property and infrastructure owned by the city. The city shall not be liable for any injury to property or personal injury, including death, as a result of the failure of a contractor to comply with this section. Contractors with contracts in effect at the time of the enactment of the legislation shall be required to carry out this provision upon renewal or a modification to a contract.*

§4. This local law shall take immediately upon its enactment into law.

**A Local Law to amend the administrative code of the city of New York, in relation to renewal applications of certain full-term mobile food vendor permits.**

*Be it enacted by the Council as follows:*

Section 1. Subparagraph d of paragraph two of subdivision b of section 17-307 of the administrative code of the city of New York is amended to read as follows:

(d) *(i)* The issuance or renewal of a full-term permit pursuant to this subchapter shall be subject to the permittee within three months after the certification of a complete application therefor presenting a pushcart or vehicle for inspection by the department and within six months after such certification, passing such inspection.

*(ii) Notwithstanding the provisions of subparagraph (d)(i) of this paragraph, where a permittee with a certification of a complete application for the renewal of a full-term permit issued or renewed pursuant to this subchapter failed to present his or her pushcart or vehicle for inspection within six months after such certification and such full-term permit expired on or after May first, two thousand and four and before November first, two thousand and four, the provisions of such subparagraph (d)(i) shall not apply if such permittee presents a pushcart or vehicle for inspection by the department within thirty days after the effective date of the local law that added this subparagraph (d)(ii), and submits proof, in such form and manner as determined by the department, that, at any point within the six months after such certification, such permittee suffered from a serious medical illness and/or was hospitalized. Where such permittee meets all other requirements for renewal pursuant to the provisions of this subchapter and any rules promulgated pursuant thereto, the commissioner shall renew such full-term permit as soon as practicable; provided, however, the commissioner shall not exceed the maximum number of full-term permits as set forth in paragraph two of subdivision b of this section.*

§2. Rules. The department shall promulgate such rules as are necessary for the purposes of implementing and carrying out the provisions of subparagraph (d) (ii).

§3. Effective date. This local law shall take effect immediately after its enactment and shall be deemed repealed on October 1, 2006.

**A Local Law to amend the administrative code of the city of New York, in relation to raising the legal age to buy tobacco to nineteen years.**

*Be it enacted by the Council as follows:*

Section 1. Legislative intent. The Centers for Disease Control and Prevention (the "CDC") estimates that almost 23% of high school students in the United States are current cigarette smokers and, each day, nearly 4,400 young people between the ages of twelve and seventeen years begin cigarette smoking. According to the American Lung Association, everyday, approximately 40 New York City schoolchildren start smoking, 13 of whom will eventually die from the addiction.

Since many high school students reportedly get their cigarettes from their eighteen year-old classmates, the Council finds that raising the legal age to buy tobacco products to nineteen years will help curb the access of younger teenagers to tobacco and will help prevent them from starting to smoke. Three states – Alaska, Utah and Alabama – have raised the age when teenagers can buy tobacco products from eighteen to nineteen and, according to the CDC, in each of those states the rate of teenage smoking has dropped in the past five years. Additionally, Suffolk County, in May 2005, became the first county in the State to raise the legal age for tobacco products to nineteen, while Rockland County, in August 2005, passed similar

legislation. Furthermore, Nassau County is considering a similar action. A bill to raise the legal purchasing age throughout the State has also been recently introduced in the New York State Legislature.

In raising the legal age to buy tobacco to nineteen years, the Council seeks to augment existing tobacco prevention and control programs, to help prevent the initiation of smoking by teenagers and improve the general health of all New Yorkers.

§2. Section 17-620 of chapter 7 of title 17 of the administrative code of the city of New York is hereby amended to read as follows:

§17-620 Sale of tobacco products to minors prohibited. Any person operating a place of business wherein tobacco products are sold or offered for sale must be licensed as required by section 17-617.1 of this code and is prohibited from selling such products to individuals under [eighteen] *nineteen* years of age, and shall post in a conspicuous place a sign upon which there shall be imprinted the following statement, "SALE OF CIGARETTES, CIGARS, CHEWING TOBACCO, POWDERED TOBACCO, OR OTHER TOBACCO PRODUCTS, ROLLING PAPER OR PIPES, TO PERSONS UNDER [EIGHTEEN] *NINETEEN* YEARS OF AGE IS PROHIBITED BY LAW." Such sign shall be printed on a white card in red letters at least one-half inch in height. Sale of tobacco products in such places, other than by a vending machine, shall be made only to an individual who demonstrates, through a driver's license or other photographic identification card issued by a government entity or educational institution, that the individual is at least [eighteen] *nineteen* years of age. Such identification need not be required of any individual who reasonably appears to be at least twenty-five years of age, provided, however, that such appearance shall not constitute a defense in any proceeding alleging the sale of a tobacco product to an individual under [eighteen] *nineteen* years of age.

**A Local Law to amend the administrative code of the city of New York, in relation to restricting the use of eminent domain by the city of New York.**

*Be it enacted by the Council as follows:*

Section 1. Section 5-304 of the administrative code of the city of New York is amended by adding thereto new subdivisions d and e to read as follows:

d. Notwithstanding any other provision of law, the city may not use the power of eminent domain to take ownership of private property solely for economic development purposes, nor may city funds be used as part of or in conjunction with any other federal, state or local project undertaken for economic development purposes which uses the power of eminent domain to take ownership of private property.

*e. For the purposes of this section, the term "economic development" shall be defined as any activity to increase tax revenue, tax base, employment, or general economic health, when that activity does not result in (i) the transfer of land to public ownership, such as for a road, hospital or military base; (ii) the transfer of land to a private entity that is a common carrier, such as a railroad or utility; or (iii) the transfer of property to a private entity when eminent domain will remove a harmful use of the land, such as the removal of public nuisances, removal of structures that are beyond repair or that are unfit for human habitation or use, or acquisition of abandoned property.*

**A Local Law to amend the administrative code of the city of New York, in relation to licensing of stoop line stands contingent upon certification that such stand does not obstruct pedestrian traffic.**

*Be it enacted by the Council as follows:*

Section 1. Section 20-239 of the administrative code of the city of New York is hereby amended to read as follows:

20-239 Approval. [Any stand required to be licensed under section 20-233 shall not be licensed unless the location thereof has been approved by the department of transportation. No license issued under section 20-233 shall be renewed if the department of transportation determines that the stoop line stand so licensed poses an obstruction to the free use of sidewalks by pedestrians.] *No license may be issued or renewed under section 20-233 or 20-234 of this subchapter unless the commissioner has received a written certification from the department of transportation that the issuance or renewal of such license will not have an adverse effect on pedestrian safety and will not pose an obstruction to the free use of sidewalks by pedestrians. In order to issue such certification, the department of transportation shall conduct an on-site analysis of pedestrian traffic volume and prepare a report on its findings. The report shall contain the data used to reach its conclusion, attest to the department of transportation's determination that such stoop line stand would not have an adverse effect on pedestrian safety nor pose an obstruction to the free use of sidewalks by pedestrians, and describe the methodology used to make its determination. The commissioner shall forward a copy of the application for a license or renewal of a license under section 20-233 or 20-234 of this subchapter and every department of transportation certification and the applicable report to the council member in whose district the stoop line stand is or proposed to be located and the community board for the community district where the stoop line stand is or proposed to be located within five days after the receipt of each.* Notwithstanding anything in this subchapter to the contrary, if the department of transportation determines that a stoop line stand which is permitted to be five feet in width pursuant to section 20-237 *will have an adverse effect on pedestrian safety or* poses an obstruction to the free use of sidewalks by pedestrians solely because the width of such stand is five feet rather than four feet, the department of transportation [shall approve] *may certify* the renewal of such license at a width of four feet *if such certification is otherwise warranted.*

**Resolution denouncing state legislation, such as that proposed by Assemblyman Hikind, calling for racial profiling for law enforcement purposes and reaffirming the New York City Council's opposition to racial profiling.**

By Council Members Monserrate, Lopez, Barron, Boyland, Brewer, Clarke, Gerson, James, Liu, Reyna, Seabrook, Vann, Reed and Katz.

**Whereas,** Racial profiling is an ineffective law enforcement practice saturated in racial stereotypes and the erroneous assumption that any particular individual of one race, ethnicity, national origin, or religion is more likely to engage in certain conduct than any particular individual of another race, ethnicity, national origin, or religion; and

**Whereas,** Such assumptions in law enforcement perpetuate negative stereotypes that are harmful to our diverse population, and significantly impair efforts to maintain a fair and just society; and

**Whereas,** Law enforcement practices that are perceived to be biased or unfair, build a wall of distrust between minority communities and police departments; in such instances, these minority communities may be less willing to trust and confide in officers, report crimes, be witnesses at trials, or serve on juries; and

**Whereas,** In most instances, racial profiling is regarded as unconstitutional in the United States as it violates the equal protection clause of the 14th Amendment as well as the prohibition against unreasonable searches clause of the 4th Amendment; and

**Whereas,** Racial profiling is also considered by many a human rights violation as it violates certain international standards against non-discrimination and multiple treaties to which the United States is party, including the United Nations Convention for the Elimination of All Forms of Racial Discrimination (CERD) and the International Convention on Civil and Political Rights (ICCPR); and

**Whereas,** Especially in recent times of terror threats and other violent crimes, racial profiling depletes law enforcement resources from the effective detection of real threats and jeopardizes the strength of antiterrorism initiatives; and

**Whereas,** Racial profiling has reportedly undermined important terrorist investigations in the U.S., including the Oklahoma City bombing in which the white male assailant, Timothy McVeigh, was able to flee while law enforcement officers reportedly operated on the theory that "Arab terrorists" had committed the act; and

**Whereas,** Approximately 32 million people, a number roughly equivalent to the population of Canada, report they have already been victims of racial profiling; and

**Whereas,** According to Amnesty International U.S.A. Board Member and U.S. Marshal, Matthew Fogg, "racial profiling is a threat to our national security, to the effectiveness and fairness of our criminal justice system, and it is an affront to the dignity of all Americans."; and

**Whereas,** According to a New York City Police Department spokesperson, "Racial profiling is illegal, of doubtful effectiveness, and against department policy."; and

**Whereas,** The Executive Director of the New York Civil Liberties Union called racial profiling "discriminatory, serving no purpose whatsoever", and further added that "it is bad law enforcement, and it is fundamentally at odds with our basic democratic values."; and

**Whereas,** Recognizing the flaws and dangers associated with racial profiling in New York City, the City Council passed a local law, signed by the Mayor in July of 2004, prohibiting the use of racial or ethnic profiling by law enforcement officers; now, therefore, be it

**Resolved,** That the Council of the City of New York denounces state legislation, such as that proposed by Assemblyman Hikind, calling for racial profiling for law enforcement purposes and reaffirming the New York City Council's opposition to racial profiling.

**A Local Law to amend the administrative code of the city of New York, in relation to quarterly reporting regarding commercial establishments that receive the greatest number of noise complaints and violations.**

*Be it enacted by the Council as follows:*

Section 1. Legislative Findings and intent. While most bars in New York City are responsible community members, some have little consideration for their residential neighbors. Noise is by far the number one complaint to 311, with an astounding 18,755 calls about noisy bars this year alone. 10,538 of those calls were regarding Manhattan bars, 3,266 were regarding bars in Queens, 3,140 were regarding Brooklyn bars, 1,284 were regarding Bronx bars, and 527 were regarding bars on Staten Island.

The fact that many people are drawn to New York City's nightlife is a good thing, since it contributes to our vibrant cultural life and economy. However, the quality of life in residential neighborhoods suffers when bar and restaurant owners do not responsibly manage the noise coming from their establishments.

A significant impediment to controlling bar noise is the lack of information-sharing and coordination among the City agencies responsible for dealing with noise complaints. There is a complicated chain of events that occurs after a noisy bar complaint is made to 311. The complaint is simultaneously forwarded to both the New York City Police Department and the Department of Environmental Protection (DEP). If the complaint concerns loitering, smoking ban violations or civil disturbances, the police are sent to address the situation. The police may issue citations to both the bar owner and to noisy bar patrons. Notice of those noisy bar citations is not given to other City agencies.

If the complaint concerns loud noise emanating from within the bar, however, the DEP will also be sent to inspect it. The inspector determines whether the bar is in violation of the "unreasonable noise" standard or the 45 dB(A) standard established for commercial music. If the bar is in violation of either standard, the DEP issues a violation and sends the violation information to the Environmental Control Board to be adjudicated. Unfortunately, once the adjudication is made on the DEP-issued violation, that information is not sent back to the DEP to record. The Department therefore has no record of which of their violations result in a fine.

Council oversight and public scrutiny can improve the City's handling of noise complaints. Information regarding these complaints and violations should be disclosed to the public and to their local elected officials on a quarterly basis so that it is known whether City agencies have done their part to resolve noise-related problems.

§ 2. Title 24 of the administrative code of the city of New York is amended by adding thereto a new section 24-207.1 to read as follows:

*§24-207.1 Reporting of noise complaints. a. The department shall, in coordination with the police department and the board, submit a quarterly report to the speaker of the council, on or before the 10th day of January, April, July and October, respectively, of each year, which shall include, but not be limited to, the following information with respect to the three-month period ending on the last day of the month preceding such report date:*

*1. The names and addresses of the fifty commercial establishments receiving the greatest number of complaints concerning noise, as recorded by the 311 telephone information system, and for each such establishment, the number of complaints received, the number of distinct individuals placing such complaints, and whether each such establishment remains in operation as of the last day of the reporting period for which such report is made.*

*2. The names and addresses of the fifty commercial establishments receiving the greatest number of notices of violation from the department for violating a provision of this chapter, and for each such establishment, the total number of such notices received, the number of such notices that resulted in a fine, the average fines both assessed and paid for such violations, and whether each such establishment remains in operation as of the last day of the reporting period for which such report is made.*

*3. The names and addresses of the fifty commercial establishments receiving the greatest number of notices of violation from the police department for violating a provision of this chapter, and for each such establishment, the total number of such notices received, the number of such notices that resulted in a fine, the average fines both assessed and paid for such violations, and whether each such establishment remains in operation as of the last day of the reporting period for which such report is made.*

*b. The reports required pursuant to subdivision a of this section shall be published on the official website of the city of New York and disseminated through such other means that the commissioner deems sufficient to make such information readily available to the public.*

§3. If any section, subsection, sentence, clause, phrase or other portion of this local law is, for any reason, declared unconstitutional or invalid, in whole or in part, by any court of competent jurisdiction such portion shall be deemed severable, and such unconstitutionality or invalidity shall not affect the validity of the remaining portions of this law, which remaining portions shall continue in full force and effect.

§4 This local law shall take effect immediately upon its enactment into law, except that the first report required pursuant to subdivision a of section 24-207.1 of the administrative code of the city of New York as enacted by section two of this local law shall be submitted on or before the first reporting date that occurs at least ninety-one days subsequent to such effective date.

**A Local Law to amend the administrative code of the city of New York, in relation to requiring the placement of two-way radios, cellular phones and tracking devices on school buses.**

*Be it enacted by the Council as follows:*

Section 1. Legislative findings. Approximately 180,000 children travel to and from school on school buses or other motor vehicles that are operated pursuant to contracts with the New York City Department of Education or the New York City Department of Transportation. Based upon several hearings concerning school bus safety and the operation of school buses generally, the Council finds that the lack of real-time communication with certain of these vehicles while they are in the process of transporting children to and from school is a significant operational problem for the Departments of Education and Transportation, and a significant source of frustration to parents. Currently, no one can determine the location of a bus or other motor vehicle that lacks communication equipment. Therefore, when such vehicles are late, neither parents nor school administrators can determine why, or where they are located or when they might arrive at their destinations. The drivers of such vehicles, in turn, cannot communicate with anyone regarding conditions en route, if a pick-up or drop-off cannot occur as scheduled, or if the vehicle suffers a mechanical or other problem. Moreover, in the event of an emergency, such lack of communication could be life-threatening.

The Council finds that these problems could be solved if all school buses and other motor vehicles used to transport children to and from school pursuant to a contract with the Department of Education or the Department of Transportation were equipped with two-way radios or cell phones, as well as with a tracking system, *such as a global positioning tracking system, that would enable an individual not inside the vehicle to determine the vehicle's location.*

§2. Section 19-607 of the administrative code of the city of New York is renumbered as section 19-608, and a new section 19-607 is added to read as follows:

*§ 19-607 Two-way radios, cellular phones and tracking devices. Each bus or other motor vehicle used to transport children to and from schools in the city pursuant to a contract with the New York city department of education or the New York city department of transportation shall, at all times that children are present aboard such vehicle, be equipped with an operational two-way radio or cellular phone capable of allowing communication with the operator of such vehicle. All such vehicles shall also be equipped with a tracking device, such as a global positioning tracking system, that enables an individual not inside the vehicle to determine its location to within one hundred linear feet of the nearest intersection.*

**A Local Law to amend the administrative code of the city of New York, in relation to allowing the council to direct the landmarks preservation commission to hold a public designation hearing.**

*Be it enacted by the Council as follows:*

Section 1. Declaration of legislative findings and intent. The Council of the City of New York recognizes that the City is known throughout the world for its landmarks. As the largest city in the nation, and as one the oldest, the City's landscape is characterized by a wealth of buildings and other structures that evoke an indelible sense of time and place, and that retain the aesthetic and cultural values of the society that created them. The Landmarks Preservation Commission (LPC) is the city agency responsible for identifying and designating properties within the five boroughs whose preservation will benefit present and future generations of New Yorkers. Since its creation in 1965 the LPC has designated 1,119 individual landmarks, 83 historic districts, and 11 district extensions, totaling approximately 23,000 buildings. The Council recognizes the LPC's achievements. Nevertheless there is mounting criticism by stakeholders throughout the community, including property owners, preservation groups, public officials, and others, that the landmarks identification and designation procedures are not sufficiently transparent. The Council has consistently found that transparency in government is one of the cornerstones of democracy. Accordingly, this local law is designed to enhance the transparency of the LPC's decision-making process.

§2. Subdivision g of section 25-303 of the administrative code of the city of New York as amended by Local Law number 71 for the year 1991 is amended by adding new subsections 3 and 4, to read as follows:

*(3) The council may, by a majority vote, direct the commission to hold a public hearing regarding a proposed landmark designation pursuant to subdivisions a and b of this section within sixty (60) days of such vote.*

*(4) The commission shall, within sixty (60) days of receiving written notice that the New York State Historic Preservation Office has found that a property that is the subject of a proposed landmark designation is eligible to be listed on the New York State Register of Historic Places, calendar a public hearing regarding such proposed designation.*

**Whereas,** The bombings of Hiroshima and Nagasaki marked the first time that nuclear weapons were used in combat, and ushered in the nuclear age that led to the cold war; and

**Whereas,** The world is currently threatened by the proliferation of nuclear weapons and the outbreak of nuclear war as more nations seek ways to develop their nuclear technology; and

**Whereas,** Article 6 of the Nuclear Non-Proliferation Treaty, which has been signed by 189 nations including the United States, mandates that "each of the Parties to the Treaty undertakes to pursue negotiations in good faith on effective measures relating to [the] cessation of the nuclear arms race at an early date and to nuclear disarmament;" and

**Whereas,** The United States has refused to honor its agreement under the Nuclear Non-Proliferation Treaty and is, on the contrary, working to develop new, more usable nuclear weapons that can be used as conventional weapons on the battlefield; and

**Whereas,** The Mayors for Peace Emergency Campaign to Ban Nuclear Weapons, led by the Mayors of Hiroshima and Nagasaki, has launched an international campaign which calls for negotiations to eliminate nuclear weapons to begin immediately and conclude by 2010, with the goal of having global nuclear disarmament fully implemented by 2020; and

**Whereas,** Abolition Now has initiated a global campaign centered on encouraging Mayors from around the world to endorse the plans put forth by The Mayors for Peace Emergency Campaign to Ban Nuclear Weapons; and

**Whereas,** On June 28, 2004, The United States Conference of Mayors passed a Resolution supporting the commencement of negotiations on the elimination of nuclear weapons and has urged members to sign a Mayoral Statement in support of such negotiations; now, therefore, be it

**Resolved,** That the Council of the City of New York commemorates the 60th anniversary of the bombing of Hiroshima, Japan on August 6, 2005 and Nagasaki, Japan on August 9, 2005; and, be it further

**Resolved,** That the Council of the City of New York calls upon Mayor Michael R. Bloomberg to sign a Mayoral Statement supporting the commencement of negotiations on the elimination of nuclear weapons; and, be it further

**Resolved,** That the Council of the City of New York calls upon the United States Congress and President George W. Bush to support the immediate commencement of such negotiations.

Res. No. 1124

**Resolution urging all New York State Legislators to oppose any legislation that would permit racial profiling for law enforcement purposes.**

By Council Members Perkins, Barron, Boyland, Brewer, James, Liu, Seabrook, Sears and Reed.

**Whereas,** The New York City Police Department (NYPD) has begun random bag and package searches on the City public transit system; and

**Whereas,** The NYPD instituted this policy in response to terrorist attacks on the public transportation system of London, England; and

**Whereas,** A member of the assembly of the state of New York has stated that he intends to introduce legislation that would allow the NYPD to engage in racial profiling that targets Middle Easterners; and

**Whereas,** A member of the New York City Council has stated that he intends to introduce a resolution in support of such legislation; and

**Whereas,** Racial profiling by law enforcement officers is the practice of using race, ethnicity, national origin, or religion as the primary factor in deciding who to subject to law enforcement investigations; and

**Whereas,** Racial profiling by law enforcement officers is a dangerous and unconstitutional practice that has no place in a civilized society, either in times of peace or in times of war; and

**Whereas,** The racial profiling that led to the internment of Japanese-Americans during World War II was a travesty that has since been thoroughly discredited; and

**Whereas,** Racial profiling by law enforcement is based on erroneous, subjective assumptions; and

**Whereas,** Racial profiling has proved to be an ineffective method of law enforcement; and

**Whereas,** Racial profiling by law enforcement officers has a long history as a tool for the abuse and disenfranchisement of racial and ethnic minorities; and

**Whereas,** Racial profiling undermines important gains that have been made in the areas of civil and human rights; and

**Whereas,** Racial profiling of Middle Easterners, or people who purportedly look like Middle Easterners, ignores the fact that terrorists come in all colors and ethnicities, such as the white terrorists who blew up the Alfred P. Murrah Federal Building in Oklahoma City, Ted Kaczinski, the white terrorist who was also known as the Unabomber, and John Walker Lindh, the white terrorist who pled guilty to fighting alongside the Taliban; and

**Whereas,** Racial profiling by law enforcement violates the 14th Amendment of the United States Constitution of the United States as well as its prohibition against unreasonable searches; and

**Whereas,** Racial profiling by law enforcement is also prohibited by section 14-151 of the administrative code of the City of New York; now, therefore be it

**Resolved** that the Council of the City of New York urges all members of the New York State Legislature to oppose legislation that would permit racial profiling for law enforcement purposes.

State Legislation Res. No. 142

**State Legislation Resolution requesting the New York State Legislature to pass bills introduced by Senator Maltese, S.1958-A, and Assembly Member Seminerio, A.3866-A, "AN ACT to amend the retirement and social security law, in relation to eligibility of uniformed personnel of the New York city department of correction for ordinary disability benefits".**

By Council Members Rivera and Seabrook

**Whereas,** bills have been introduced in the New York State Legislature by Senator Maltese, S.1958-A, and Assembly Member Seminerio, A.3866-A, "AN ACT to amend the retirement and social security law, in relation to eligibility of uniformed personnel of the New York city department of correction for ordinary disability benefits"; and

**Whereas,** the enactment of the above State Legislation requires the concurrence of the Council of the City of New York as the local legislative body; now, therefore, be it

**Resolved,** that the Council of the City of New York, in accordance with the provisions of Section 2 of Article 9 of the Constitution of the State of New York, does hereby request the New York State Legislature to enact into law the aforesaid pending bills.

Int. No. 708

By Council Members Yassky, Nelson, Barron, Brewer, Fidler, Gentile, Gerson, Liu and Seabrook.

**A Local Law to amend the administrative code of the city of New York, in relation to reducing no-fault motor vehicle insurance fraud.**

*Be it enacted by the Council as follows:*

Section 1. Legislative findings and intent. The Council finds that fraud in the State's no-fault automobile insurance system is a significant and costly problem. According to a 2000 report of the Insurance Information Institute, no-fault automobile insurance medical claims are filed in New York State at a rate that is 30% higher than the median no-fault state nationwide, and the State's average cost per claim is greater than twice the no-fault median. Although recently the number of New York State claims and the average cost per claim has dropped in New York, the Council nevertheless finds that abuse of the no-fault automobile insurance system has led to higher automobile insurance costs in New York City, particularly in Brooklyn. According to an October 2004 report issued by a task force established by the Brooklyn Borough President's Office, it is generally accepted that Brooklyn experiences among the highest automobile insurance rates in the country.

The Council finds that, in order to safeguard the health of City residents injured in automobile accidents while maintaining access to quality health care through no-fault insurance to New York City residents, as well as address high costs stemming from the volume of fraudulent no-fault automobile insurance medical claims made in New York City, legislation is needed to ensure that the City's Department of Health and Mental Hygiene, Department of Consumer Affairs and other administrative and regulatory bodies receive sufficient information regarding claim submission practices with respect to no-fault automobile insurance. The Council further finds that medical facilities that process high volumes of no-fault insurance medical treatment claims should be licensed and subject to a comprehensive regulatory scheme.

§ 2. Chapter one of title 17 of the administrative code of the city of New York is hereby amended by adding a new section 17-191 to read as follows:

*§ 17-191 Motor Vehicle Insurance Fraud Reduction Act. a. Short title. This section shall be known and may be cited as the "Motor Vehicle Insurance Fraud Reduction Act".*

*b. Definitions. For the purposes of this section, the following terms shall have the following meanings:*

*1. "Clinic" shall mean any private, non-residential medical facility or practice, other than a hospital as defined in article 28 of the public health law, which provides health care services relating to injuries sustained as a result of motor vehicle accidents.*

*2. "Commissioner" shall mean the commissioner of the department of health and mental hygiene.*

*3. "Control", including the terms "controlling", "controlled by" and "under common control by or with", shall mean the possession, direct or indirect, of the power to direct or cause the direction of the management and policies of an institution, whether through ownership of voting securities, by contract or otherwise.*

*4. "Department" shall mean the department of health and mental hygiene.*

*5. "Health insurer" shall mean any insurer, company, corporation, partnership, governmental entity or other individual or entity authorized to transact or transacting business in New York state, or controlling or controlled by or under common control by or with such insurer, company, corporation, partnership, governmental entity or other individual or entity, which sells policies providing medical benefits.*

*6. "Medical benefits" shall mean full or partial payments for health care services, including, but not limited to, medical, hospital, surgical, nursing, dental, ambulance, x-ray, diagnostic, prescription drug, prosthetic, psychiatric, massage, acupuncture, chiropractic, and physical or occupational therapy and rehabilitation services.*

*7. "Motor vehicle" shall mean any vehicle operated upon a public highway or public street propelled by any power other than muscular power.*

*8. "Motor vehicle liability insurer" shall mean any insurer, company, corporation, partnership or other individual or entity authorized to transact or transacting business in New York state, or controlling or controlled by or under common control by or with such insurer, company, corporation, partnership or other individual or entity, which sells policies providing medical benefits with respect to injuries sustained as a result of a motor vehicle accident.*

*9. "No-fault motor vehicle insurance medical claim" shall mean any claim for medical benefits submitted to a motor vehicle liability insurer pursuant to a policy issued by such motor vehicle liability insurer pursuant to article 51 of the New York state insurance law, which provides "first party benefits" as that term is defined in section 5102 (b) of such article.*

*10. "Owner" shall mean any owner, manager, operator or other person or persons having control of a clinic and any authorized agent thereof.*

*c. Reports to the department. 1. Beginning June 30, 2006 and every six months thereafter, any owner of a clinic that submits a no-fault motor vehicle insurance medical claim to any motor vehicle liability insurer in connection with a patient's diagnosis and/or treatment shall submit a report to the department, in such form and manner as determined by rules promulgated by the department. Such report shall include, but not be limited to (i) such clinic's name, address and telephone number, and a list of all owners of such clinic; (ii) the total number of no-fault motor vehicle insurance medical claims submitted by or with the assistance of any such owner or employee of such clinic to motor vehicle liability insurers during the immediately preceding six months; and (iii) the total number of all other claims for medical benefits submitted by or with the assistance of any such owner or employee of such clinic to health insurers during the immediately preceding six months.*

*2. Beginning June 30, 2006 and every six months thereafter, any motor vehicle liability insurer may submit a report to the department containing the name, address, telephone number and total number of no-fault motor vehicle insurance medical claims submitted by each clinic that submitted such claims to such motor vehicle liability insurer during the immediately preceding six months.*

*d. Reports to the state insurance department. The department shall review the reports submitted pursuant to subdivision c of this section and, based upon such review, shall submit to the insurance fraud bureau of the New York state insurance department, or other appropriate division or bureau of such state insurance department, on a semi-annual basis, the name, address and telephone number of each clinic that the department suspects might be engaging in fraudulent practices, including, but not limited to, a "fraudulent insurance act" as defined pursuant to section 176.05(1) of the New York state penal law, involving no-fault motor vehicle insurance medical claims. The determination as to which clinics are submitted to the New York state insurance department for further review or investigation shall be based upon standards and guidelines established pursuant to rules promulgated by the department.*

*e. Reports to the department of consumer affairs. The department shall review reports submitted pursuant to subdivision c of this section, and, based upon such review, shall submit, on an ongoing basis, to the department of consumer affairs the name, address and telephone number of each clinic, as well as a list of all owners of such clinic, where fifty percent or more of the claims for medical benefits filed by such clinic within the preceding calendar year were no-fault motor vehicle insurance medical claims.*

*f. Prohibitions. 1. No person shall, for a pecuniary benefit, procure or attempt to procure a client or patient who is the alleged victim of a motor vehicle accident at the direction of, request of, or in cooperation with an owner of a clinic when such person knows or has reason to know that the purpose of such owner is to falsely or fraudulently assert a no-fault motor vehicle insurance medical claim for providing health care services to such client or patient.*

*2. No owner of a clinic shall use, solicit, direct, hire or employ a person to, for a pecuniary benefit, procure or attempt to procure a client or patient who is the alleged victim of a motor vehicle accident where the purpose of such owner is to falsely or fraudulently assert a no-fault motor vehicle insurance medical claim for providing health care services to such client or patient.*

*g. Violations and penalties. 1. Any person who violates paragraph one of subdivision c of this section shall be liable for a civil penalty of one thousand dollars for a first violation and two thousand dollars for a second or subsequent violation. In addition to such civil penalties, any person who knowingly makes a false statement or who knowingly falsifies or allows to be falsified any report required by paragraph one of subdivision c shall be guilty of a misdemeanor and upon conviction thereof shall be punished by a fine of not less than five thousand dollars, or by imprisonment not to exceed one year, or both.*

*2. Any person who violates paragraph one of subdivision f of this section shall be liable for a civil penalty not to exceed five thousand dollars for each violation and shall be guilty of a misdemeanor and upon conviction thereof shall be punished by a fine of not less than five thousand dollars, or by imprisonment not to exceed one year, or both.*

*3. Any person who violates paragraph two of subdivision f of this section shall be liable for a civil penalty not to exceed ten thousand dollars for each violation and shall be guilty of a misdemeanor and upon conviction thereof shall be punished by a fine of not less than ten thousand dollars, or by imprisonment not to exceed one year, or both.*

*4. A proceeding to recover any civil penalty authorized pursuant to this subdivision shall be commenced by service of notice of violation that shall be returnable to the administrative tribunal established by the board of health. The board of health's administrative tribunal shall have the power to impose the civil penalties prescribed by this paragraph. Criminal proceedings based upon violations of this section may be instituted by the commissioner of the department.*

*h. Rules. The department shall promulgate rules in accordance with the provisions contained in this section, and such other rules as may be necessary for the purposes of implementing and carrying out the provisions of this section.*

§ 3. Chapter two of title 20 of the administrative code of the city of New York is hereby amended by adding a new subchapter thirty-three to read as follows:

*Subchapter 33*

*No-fault Insurance Medical Clinics*

*11. "Owner" shall mean any owner, manager, operator or other person or persons having control of a clinic and any authorized agent thereof.*

*§20-541 License required. a. No person shall maintain or operate a clinic where it is determined that fifty percent or more of all claims for medical benefits filed by such clinic within a one-year period were no-fault motor vehicle medical claims unless licensed pursuant to this subchapter.*

*b. No person shall maintain or operate a clinic where no-fault motor vehicle medical claims are submitted to any motor vehicle liability insurer without first obtaining a license pursuant to this subchapter where any owner of such clinic: (i) owned another clinic that had closed within two years of such clinic's opening; (ii) owned another clinic that had closed within one year of the effective date of the local law that added this subchapter; (iii) violated the provisions of section 17-191 of this code or any rules promulgated thereunder; (iv) has been found by a court of competent jurisdiction to have engaged in fraudulent acts with respect to no-fault motor vehicle insurance medical claims; or (v) failed to license a clinic pursuant to this subchapter.*

*§ 20-542 Application. An application for any license required pursuant to this subchapter shall be made on a form to be provided by the commissioner and shall include, but not be limited to, (i) the name, address and telephone number of all owners of the clinic; (ii) the name, address and telephone number of all owners of any management company hired by such clinic, if applicable; (iii) the total number of claims for medical benefits filed within the previous year, disaggregated by the total number of no-fault motor vehicle insurance medical claims; and (iv) the total number of health care providers who provided health care services at such clinic and the total number of hours worked by such health care providers. A copy of the medical license of any physician in whose name such clinic is incorporated shall be attached to such application.*

*§ 20-543 Transferability. Licenses issued pursuant to this subchapter shall not be transferable from person to person or from the location for which it was originally issued.*

*§ 20-544 Bond. As a condition of the issuance of a license to operate or maintain a no-fault insurance medical clinic pursuant to this subchapter, each applicant shall furnish to the commissioner a surety bond in the sum of one hundred thousand dollars, payable to the city of New York, executed by the applicant and a surety approved by the commissioner. Such bond shall be conditioned upon an applicant's compliance with the provisions of this subchapter and any rules or regulations promulgated hereunder, and upon the further condition that the applicant will pay to the city any fine, penalty or other obligation within thirty days of its imposition, or any final judgment by a court of competent jurisdiction finding that an owner of such clinic has engaged in fraudulent acts with respect to no-fault motor vehicle insurance medical claims. The commissioner may in his or her discretion, after a public hearing, five days notice of which shall be published in the City Record, increase the amount of the surety bond required by this section. The commissioner may by regulation authorize an applicant to, in lieu of a bond, deposit cash to satisfy the requirements of this section in an amount equal to the sum of the surety bond required by this section.*

*§ 20-545 License renewal, suspension and revocation. In addition to any other powers of the commissioner, and not in limitation thereof, the commissioner may, after due notice and opportunity to be heard, refuse to renew any license for any no-fault insurance medical clinic required under this subchapter and may suspend or revoke such license if the person holding such license, or, where applicable, any of such clinic's officers, principals, directors, members, managers, employees or stockholders owning more than ten percent of the outstanding stock of the corporation, (i) have been found to have made a material false statement or concealed a material fact in connection with the filing of any application pursuant to this subchapter; (ii) violated the provisions of section 17-191 of this code or any rules promulgated thereunder; or (iii) have been found by a court of competent jurisdiction to have engaged in fraudulent acts with respect to no-fault motor vehicle insurance medical claims.*

*§ 20-546 Rules. The commissioner shall promulgate any rules as may be necessary for the purposes of implementing and enforcing this subchapter.*

*§ 20-547 Violations and penalties. a. The civil penalties imposed pursuant to this section shall be in addition to any other sanctions and orders which may be imposed pursuant to this title including, but not limited to, such sanctions and orders which may be imposed pursuant to section 20-105 or title 17 of this code or pursuant to such other law the commissioner is authorized to enforce under this code.*

*b. Notwithstanding the provisions of subdivision a and b of section 20-106 of this code, any person who violates any provision of this subchapter or any rules promulgated thereunder shall be subject to a civil penalty of not less than two*

*thousand dollars for each violation, to be recovered in a civil action or in an administrative tribunal with jurisdiction.*

§ 4. Severability. If any subdivision, sentence, clause, phrase or other portion of the local law that added this section is, for any reason, declared unconstitutional or invalid, in whole or in part, by any court of competent jurisdiction, such portion shall be deemed severable and such unconstitutionality or invalidity shall not affect the validity of the remaining portions of the local law that added this section, which remaining portions shall remain in full force and effect.

§ 5. Effective date. This local law shall take effect ninety days after its enactment into law.

Referred to the Committee on Health.

Res. No. 1127

**Resolution calling upon the United States Senate to reject the nomination of John G. Roberts, Jr. as an Associate Justice to the Supreme Court of the United States.**

By Council Members Yassky, Quinn, Barron, Brewer, Foster, James and Seabrook.

**Whereas,** On July 1, 2005, Sandra Day O'Connor announced her retirement as an Associate Justice of the Supreme Court of the United States after 24 terms of service; and

**Whereas,** On July 19, 2005, President George W. Bush announced that he had selected U.S. Circuit Judge John G. Roberts, Jr. to replace Justice O'Connor on the Supreme Court; and

**Whereas,** During his live nationally televised announcement to introduce Judge Roberts as his Supreme Court nominee, President Bush stated that the selection of a nominee to the nation's highest court was "one of the most consequential decisions a president makes;" and

**Whereas,** President Bush's nomination of Judge Roberts to the Supreme Court raises significant concerns; and

**Whereas,** Judge Roberts has only served on the U.S. Court of Appeals for the District of Columbia since 2003, and as such, has had limited experience on the bench, making it difficult in a number of instances to ascertain his judicial philosophy on vital issues; and

**Whereas,** The Leadership Conference on Civil Rights, the nations oldest, largest and most diverse civil and human rights coalition, has expressed serious concerns with Judge Roberts nomination, stating that "his approach to issues of protecting the rights and freedoms of individual Americans are, at best, unclear and, in some instances deeply troubling;" and

**Whereas,** According to the People for the American Way, Judge Roberts is hostile to reproductive freedom and has taken positions in religious liberty and free speech cases that were detrimental to those fundamental rights, and his short tenure as judge raises serious concerns about his ideology and judicial philosophy; and

**Whereas,** According to the National Abortion and Reproductive Rights Action League (NARAL), if confirmed to the Supreme Court, Judge Roberts would work to undermine a woman's right to choose because as Principal Deputy Solicitor General during the Presidency of George H.W. Bush, he co-authored a brief for the government in *Rust v. Sullivan* (1991), which stated that "*Roe [v. Wade]* was wrongly decided and should be overruled;" and

**Whereas,** Since Judge Roberts already has a history of disputing the fundamental right to privacy laid out in *Roe v. Wade,* the Human Rights Campaign has stated that with his nomination to the Supreme Court, "the rights and freedoms of millions of Americans are at stake;" and

**Whereas,** According to the Coalition for a Fair and Independent Judiciary, there are concerns that as a Supreme Court Justice, Judge Roberts would erode the nation's wall of separation between church and state, since he co-authored an amicus brief filed by the United States in *Lee v. Weisman* (1992) that argued that it was constitutional for a public school to sponsor prayers at graduation ceremonies and urged the Supreme Court to scrap the long-standing test the Court has used to decide whether laws and practices violate the Establishment Clause; and

**Whereas,** Under Article II, Section 2 of the United States Constitution, the President appoints Supreme Court Justices "by and with the advice and consent" of the Senate; and

**Whereas,** The Bush Administration refuses to release documents and files that Judge Roberts worked on during his tenure as Principal Deputy Solicitor General from 1989 to 1993, a move that prevents the United States Senate from entirely fulfilling its constitutional role of giving "advice and consent" with respect to the nomination of Supreme Court Justices; now, therefore, be it

**Resolved,** That the Council of the City of New York calls upon the United States Senate to reject the nomination of John G. Roberts, Jr. as an Associate Justice to the Supreme Court of the United States.

**COURT REGULATIONS, ~~AND~~ MINIMUM DISTANCE BETWEEN WINDOWS AND WALLS OR LOT LINES AND OPEN AREA REQUIREMENTS**

* * *

**23-89**
**Open Area Requirements for Residences in Lower Density Growth Management Areas in the Borough of Staten Island**

The provisions of this Section shall apply in #lower density growth management areas# in the Borough of Staten Island, to all #zoning lots# in #Residence Districts# with two or more #residential buildings# or #building segments#. All such #residential buildings# or #building segments# shall provide open areas as set forth below:

(a) An open area shall be provided adjacent to the rear wall of each such #building# or #building segment#. For the purposes of this Section, the "rear wall" shall be the wall opposite the wall of each #building# or #building segment# that faces a #street# or #private road#. The width of such open area shall be equal to the width of each #building# or #building segment#, and the depth of such open area shall be at least 30 feet when measured

perpendicular to each rear wall. No such open areas shall serve more than one #building# or #building segment#. Only those obstructions set forth in paragraph (b) of Section 23-44 shall be allowed, except that parking spaces, whether enclosed or unenclosed, and driveways shall not be permitted within such open areas.

(b) For #buildings# or #building segments# that front upon two or more #streets# or #private roads#, and for #buildings# or #building segments# that do not face a #street# or #private road#, one wall of such #building# or #building segment# shall be designated the rear wall, and the open area provisions of this Section applied adjacent to such wall. However, for not more than one #building# or #building segment# located at the corner of intersecting #streets# or #private roads#, the depth of such required open area may be reduced to 20 feet.

**107-42**
**Minimum Lot Area**
**and Lot Width for Residences**

~~For the purposes of this Chapter, all #residences# permitted by the underlying district regulations shall comply with the minimum #lot area# and #lot width# requirements which shall vary with the building height as set forth in Table A.~~

For all #zoning lots# containing #residences#, the minimum #lot area# and #lot width# requirements set forth in Table A shall apply, which shall vary by building height. Where two or more #buildings# that are #single# or #two-family detached# or #semi-detached residences# are located on a #zoning lot#, the applicable minimum #lot area# requirement shall be multiplied by the number of such #buildings# on the #zoning lot#.

The #lot width# requirements set forth in this Section shall be applied as set forth in the definition of #lot width# in Section 12-10, provided that the applicable lot width, in feet, set forth in the table above shall be met along at least one #street line# of the #zoning lot#, or, for #corner lots#, along each intersecting #street line#. No #residence#, or portion thereof, shall be permitted between opposing #side lot lines# where such #lot lines# would be nearer to one another at any point where such #residence# is located than the applicable minimum lot width, in feet, set forth in the table above.

However, one #single-family detached residence# or, where permitted, one #single# or #two-family residence#, may be built upon a #zoning lot# consisting entirely of a tract of land, that:

(a) has less than the minimum ~~of~~ #lot area# or ~~#lot width# prescribed in Table A~~ lot width required pursuant to this Section; and

(b) was owned separately and individually from all other adjoining tracts of land, ~~both on September 11, 1975 and on the date of application for a building permit,~~ both on (effective date of amendment) and on the date of application for a building permit.

In all cases, the density regulations of the applicable district shall remain in effect, except that the factor for determining the maximum number of #dwelling units# shall be 1,000 in R3A and R4A Districts, 1,140 in R3X Districts, and 685 for #semi-detached residences# in R3-1 and R3-2 Districts.

■ NOTICE

**QUEENS COUNTY IA PART 8**
**NOTICE OF ACQUISITION**
**INDEX NUMBER 15431/05**

In the Matter of Application of the CITY OF NEW YORK relative to acquiring title in fee simple absolute to certain real property where not heretofore acquired for **CARLOS LILLO MEMORIAL PARK** located in the area and generally bounded by 20th Avenue, 76th Street, and 21st Avenue, in the Borough of Queens, City and State of New York.

**PLEASE TAKE NOTICE,** that by order of the Supreme Court of the State of New York, County of Queens, duly entered in the office of the Clerk of the County of Queens on September 22, 2005, the application of the City of New York to acquire certain real property, for CARLOS LILLO MEMORIAL PARK, was granted and the City was thereby authorized to file an acquisition map with the Office of the City Register. Said map, showing the property acquired by the City, was filed with the City Register on September 22, 2005. Title to the real property vested in the City of New York on September 22, 2005.

| Damage Parcel | Block | Lot |
|---|---|---|
| 1 | 945 | 85 |

**PLEASE TAKE FURTHER NOTICE,** that pursuant to said Order and to Sections 503 and 504 of the Eminent Domain Procedure Law of the State of New York, each and every person interested in the real property acquired in the above-referenced proceeding and having any claim or demand on account thereof is hereby required, on or before September 22, 2006 (which is one (1) calendar year from the title vesting date), to file a written claim with the Clerk of the Court of Queens County, and to serve within the same time a copy thereof on the Corporation Counsel of the City of New York, Tax and Bankruptcy Litigation Division, 100 Church Street, New York, New York 10007. Pursuant to EDPL Section 504, the claim shall include:

A. the name and post office address of the condemnee;

B. reasonable identification by reference to the acquisition map, or otherwise, of the property affected by the acquisition, and the condemnee's interest therein;

C. a general statement of the nature and type of damages claimed, including a schedule of fixture items which comprise part or all of the damages claimed; and,

D. if represented by an attorney, the name, address and telephone number of the condemnee's attorney.

Pursuant to EDPL Section 503(C), in the event a claim is made for fixtures or for any interest other than the fee in the real property acquired, a copy of the claim, together with the schedule of fixture items, if applicable, shall also be served upon the fee owner of said real property.

**PLEASE TAKE FURTHER NOTICE,** that, pursuant to Section 5-310 of the New York City Administrative Code, proof of title shall be submitted to the Corporation Counsel of the City of New York, Tax and Bankruptcy Litigation Division, 100 Church Street, New York, New York 10007 on or before September 22, 2007 (which is two (2) calendar years from the title vesting date).

## HOMELESS SERVICES

**OFFICE OF CONTRACTS AND PROCUREMENT**

■ SOLICITATIONS

*Human/Client Service*

**DEVELOP TRANSITIONAL RESIDENCE FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS** – Competitive Sealed Proposals – Judgment required in evaluating proposals - PIN# 071-00S-003-262 – DUE 01-03-06 AT 5:00 P.M. – The Department of Homeless Services is soliciting proposals from organizations interested in developing and operating transitional residences for homeless adults and families including the Neighborhood Based Cluster Residence and drop-in centers for adults. This is an open-ended solicitation; there is no due date for submission. Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-forth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the transitional residence contracts will range from 3 to 20 years including renewal options and depending on the financial terms and conditions.

Pursuant to Section 312 (c) (1) (ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgment is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03 (c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences in order to address the need to create additional shelter capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated as a for-profit entity; 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed Standalone facility location(s); and 3) must demonstrate an intent to enter into lease agreements with the owner(s) or management designee(s) for each property.

Any organization that believes it can provide these services may contact: John Iaffaldano, Associate Staff Analyst, Office of Contracts and Procurement at the Department of Homeless Services at (212) 361-8435, 33 Beaver Street, 13th Floor, NY, NY 10004, to request a copy of the RFP application, which is available for pick-up Monday through Friday on business days between the hours of 9:00 a.m. to 5:00 p.m.

Since DJJ must respond to a court order, there is a time-sensitive situation in which DJJ must retain a supplier quickly, at one time or from time to time, permitting this procurement to be processed as a negotiated acquisition. Facilities should provide at least 10 and no more than 12 beds in accordance with the applicable regulations promulgated by the New York State Office of Children and Family Services (NYSOCFS), 9 N.Y.C.R.R. Section 180 et seq., and be operational at any time from December 1, 2004 to August 31, 2006. The term of the contracts awarded from this solicitation will be for three years and will include an additional three-year option to renew.

Vendors interested in providing these services should contact Harry T. Bavaro at the Department of Juvenile Justice, 365 Broadway, 5th Floor, New York, NY 10013 for a copy of the solicitation document if they have not already received a copy. If a vendor is interested in being considered for award of a contract described above, please hand deliver a written expression of interest addressed to Harry T. Bavaro at the Department of Juvenile Justice, 365 Broadway, 5th Floor, New York, NY 10013 pursuant to the terms of the solicitation document.

**NOTICE**

PROPOSED 2006 CONSOLIDATED PLAN
30 DAY PUBLIC COMMENT PERIOD AND PUBLIC HEARING

NYC Department of City Planning announces the PUBLIC COMMENT PERIOD and PUBLIC HEARING for the Proposed 2006 Consolidated Plan. The thirty-day PUBLIC COMMENT PERIOD will begin on OCTOBER 7, 2005, and will end NOVEMBER 7, 2005.

A PUBLIC HEARING will be held on Thursday, November 3, 2005 beginning at 3:30 p.m. at 22 Reade Street, Spector Hall, New York, N.Y. 10007. The Public Hearing will be followed by a question and answer session with City agency representatives in attendance.

The 2006 Proposed Consolidated Plan contains the City's annual application for four U.S. Department of Housing and Urban Development (HUD) Community Planning and Development programs: Community Development Block Grant (CDBG), HOME Investment Partnership (HOME), Emergency Shelter Grant (ESG), and Housing Opportunities for Persons with AIDS (HOPWA).

Proposed Funding allocations for 2006 are as follows: CDBG $260.531 million; HOME=$126.735 million; ESG=$8.004 million; HOPWA=$47.056 million totaling $442.326 million.

The *2006 Proposed Consolidated Plan* consists of three volumes: Volume 1. Contains Action Plan: One-Year Use of Funds; Volume 2. Contains the City(s Supportive Housing Continuum of Care for the Homeless and Other Non-Homeless Special Needs Populations, and Other Actions, which are the statutory requirements of the Cranston-Gonzalez Housing Act's Comprehensive Housing Affordability Strategy; and Volume 3. Summary of Citizen's Comments, and Appendices. The Appendices include: Definitions; Abbreviations and Acronyms; Maps of Areas for

Directed Assistance and Minority Populations; Dictionary of Program Description Variables; Index of Programs; and Resources for Prospective Homebuyers.

To obtain a free copy of the 2006 Proposed Consolidated Plan, please visit the City Planning Bookstore, 22 Read Street, New York, N.Y. (M - F, 10:00 am to 4:00 pm).

The Department of Housing Preservation and Development has received an application for a certification that during the inquiry period noted for the premises above, that no harassment has occurred at such premises in the form of threats, use of physical force, deprivation of essential services such as heat, water, gas or electric, or by any other conduct intended to cause persons to vacate the premises or waive rights related to their occupancy. Upon the issuance of a Certification, an owner can legally convert the premises to non-single room occupancy use.

Comments as to whether harassment has occurred at the premises should be submitted to the Housing Litigation Division, SRO Anti-Harassment Unit, 100 Gold Street, 3rd Floor, New York, NY 10038, by letter postmarked not later than 30 days from the date of this notice or by an in-person statement made within the same period. To schedule an appointment for an in-person statement call (212) 863-8272 or (212) 863- 8266.

**REQUEST FOR COMMENT ON APPLICATION FOR CERTIFICATE OF NO HARASSMENT PURSUANT TO THE SPECIAL CLINTON DISTRICT PROVISIONS OF THE ZONING RESOLUTION**

**DATE OF NOTICE:** October 6, 2005

**TO: OCCUPANTS, FORMER OCCUPANTS AND OTHER INTERESTED PARTIES OF**

| Address | Application # | Inquiry Period |
|---|---|---|
| 785 8th Avenue, Manhattan | C12/05 | September 5, 1973 to Present |

Prior to the issuance of a permit by the Department of Buildings for the alteration or demolition of residential buildings in certain areas of the Special Clinton District, the Department of Housing Preservation and Development is required to certify that: 1) prior to evicting or otherwise terminating the occupancy of any tenant preparatory to alteration or demolition, the owner shall have notified HPD of the owner's intention to alter or demolish the building and 2) the eviction and relocation practices followed by the owner of the building satisfy all applicable legal requirements and that no harassment has occurred.

The owner of the building located at the above-referenced address seeks the issuance of an HPD Certification. The owner has represented and certified to HPD of the owner's intention to alter or demolish the building and that the eviction and relocation practices followed by the owner satisfy all applicable legal requirements and that no harassment has occurred. For your information HPD considers harassment to include, but not be limited to, the threatened or actual use of physical force, deprivation of essential services such as heat, water, gas or electric, or any other conduct intended to cause persons to vacate the premises or waive rights related to their occupancy.

HPD requests that if you have any comments or evidence of unlawful eviction and relocation practices or harassment occurring at the above referenced premises that you notify the Housing Litigation Division, SRO Anti-Harassment Unit, 3rd Floor, 100 Gold Street, New York, NY 10038, by letter postmarked not later than 30 days from the date of this notice or by an in-person statement made within the same period. To schedule an appointment for an in-person statement call (212) 863-8272 or (212) 863-8266.

# READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

**NOTICE TO ALL NEW YORK CITY CONTRACTORS**

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in Crosby v. National Foreign Trade Council, 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

**CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES**

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

**VENDOR ENROLLMENT APPLICATION**

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists--free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

**Attention Existing Suppliers:**
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

**SELLING TO GOVERNMENT TRAINING WORKSHOP**

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

**PRE-QUALIFIED LIST**

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

**NON-MAYORAL ENTITIES**

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

**PUBLIC ACCESS CENTER**

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

**ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES**

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

**PROMPT PAYMENT**

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

**PROCUREMENT POLICY BOARD RULES**

The Rules may also be accessed on the City Website, http://NYC.GOV.Selltonyc

**HOW TO READ CR PROCUREMENT NOTICES**

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

23-89
Open Area Requirements for Residences in Lower Density Growth Management Areas in the Borough of Staten Island

The provisions of this Section shall apply in #lower density growth management areas# in the Borough of Staten Island, to all #zoning lots# in #Residence Districts# with two or more #residential buildings# or #building segments#. All such #residential buildings# or #building segments# shall provide open areas as set forth below:

(a) An open area shall be provided adjacent to the rear wall of each such #building# or #building segment#. For the purposes of this Section, the "rear wall" shall be the wall opposite the wall of each #building# or #building segment# that faces a #street# or #private road#. The width of such open area shall be equal to the width of each #building# or #building segment#, and the depth of such open area shall be at least 30 feet when measured perpendicular to each rear wall. No such open areas shall serve more than one #building# or #building segment#. Only those obstructions set forth in paragraph (b) of Section 23-44 shall be allowed, except that parking spaces, whether enclosed or unenclosed, and driveways shall not be permitted within such open areas.

(b) For #buildings# or #building segments# that front upon two or more #streets# or #private roads#, and for #buildings# or #building segments# that do not face a #street# or #private road#, one wall of such #building# or #building segment# shall be designated the rear wall, and the open area provisions of this Section applied adjacent to such wall. However, for not more than one #building# or #building segment# located at the corner of intersecting #streets# or #private roads#, the depth of such required open area may be reduced to 20 feet.

107-42
Minimum Lot Area
and Lot Width for Residences

~~For the purposes of this Chapter, all #residences# permitted by the underlying district regulations shall comply with the minimum #lot area# and #lot width# requirements which shall vary with the building height as set forth in Table A.~~

For all #zoning lots# containing #residences#, the minimum #lot area# and #lot width# requirements set forth in Table A shall apply, which shall vary by building height. Where two or more #buildings# that are #single# or #two-family detached# or #semi-detached residences# are located on a #zoning lot#, the applicable minimum #lot area# requirement shall be multiplied by the number of such #buildings# on the #zoning lot#.

The #lot width# requirements set forth in this Section shall be applied as set forth in the definition of #lot width# in Section 12-10, provided that the applicable lot width, in feet, set forth in the table above shall be met along at least one #street line# of the #zoning lot#, or, for #corner lots#, along each intersecting #street line#. No #residence#, or portion thereof, shall be permitted between opposing #side lot lines# where such #lot lines# would be nearer to one another at any point where such #residence# is located than the applicable minimum lot width, in feet, set forth in the table above.

However, one #single-family detached residence# or, where permitted, one #single# or #two-family residence#, may be built upon a #zoning lot# consisting entirely of a tract of land, that:

(a) has less than the minimum ~~of~~ #lot area# or ~~#lot width# prescribed in Table A~~ lot width required pursuant to this Section; and

(b) was owned separately and individually from all other adjoining tracts of land, ~~both on September 11, 1975 and on the date of application for a building permit,~~ both on (effective date of amendment) and on the date of application for a building permit.

In all cases, the density regulations of the applicable district shall remain in effect, except that the factor for determining the maximum number of #dwelling units# shall be 1,000 in R3A and R4A Districts, 1,140 in R3X Districts, and 685 for #semi-detached residences# in R3-1 and R3-2 Districts.
