**DEVELOP TRANSITIONAL RESIDENCE FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS** – Competitive Sealed Proposals – Judgment required in evaluating proposals - PIN# 071-00S-003-262 – DUE 01-03-06 AT 5:00 P.M. – The Department of Homeless Services is soliciting proposals from organizations interested in developing and operating transitional residences for homeless adults and families including the Neighborhood Based Cluster Residence and drop-in centers for adults. This is an open-ended solicitation; there is no due date for submission. Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-forth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the transitional residence contracts will range from 3 to 20 years including renewal options and depending on the financial terms and conditions.

Pursuant to Section 312 (c) (1) (ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgment is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03 (c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences in order to address the need to create additional shelter capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated as a for-profit entity; 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed Standalone facility location(s); and 3) must demonstrate an intent to enter into lease agreements with the owner(s) or management designee(s) for each property.

Any organization that believes it can provide these services may contact: John Iaffaldano, Associate Staff Analyst, Office of Contracts and Procurement at the Department of Homeless Services at (212) 361-8435, 33 Beaver Street, 13th Floor, NY, NY 10004, to request a copy of the RFP application, which is available for pick-up Monday through Friday on business days between the hours of 9:00 a.m. to 5:00 p.m.

ARTICLE V - PRODUCTIVITY AND PERFORMANCE

Introduction

Delivery of municipal services in the most efficient, effective and courteous manner is of paramount importance to the Employer and the Union. Such achievement is recognized to be a mutual obligation of both parties within their respective roles and responsibilities. To achieve and maintain a high level of effectiveness, the parties hereby agree to the following terms:

Section 1. Performance Levels

a. The Union recognizes the Employer's right under the New York City Collective Bargaining Law to establish and/or revise performance standards or norms notwithstanding the existence of prior performance levels, norms or standards. Such standards, developed by usual work measurement procedures, may be used to determine acceptable performance levels, to prepare work schedules and to measure the performance of each employee or group of employees. Notwithstanding the above, questions concerning the practical impact that decisions on the above matters have on employees are within the scope of collective bargaining. The Employer will give the Union prior notice of the establishment and/or revision of performance standards or norms hereunder.

b. Employees who work at less than acceptable levels of performance may be subject to disciplinary measures in accordance with applicable law.

Section 2. Supervisory Responsibility

a. The Union recognizes the Employer's right under the New York City Collective Bargaining Law to establish and/or revise standards for supervisory responsibility in achieving and maintaining performance levels of supervised employees for employees in supervisory positions listed in Article I, Section 1, of this Agreement. Notwithstanding the above, questions concerning the practical impact that decisions on the above matters have on employees are within the scope of collective bargaining. The employer will give the Union prior notice of the establishment and/or revision of standards for supervisory responsibility hereunder.

b. Employees who fail to meet such standards may be subject to disciplinary measures in accordance with applicable law.

Section 3. Performance Compensation

The Union acknowledges the Employer's right to pay additional compensation for outstanding performance.

The Employer agrees to notify the Union of its intent to pay such additional compensation.

ARTICLE VI - GRIEVANCE PROCEDURE

Section 1. Definition: The term "Grievance" shall mean:

a. A dispute concerning the application or interpretation of the terms of this Agreement;

b. A claimed violation, misinterpretation or misapplication of the rules or regulations, written policy or orders of the Employer applicable to the agency which employs the grievant affecting terms and conditions of employment; provided, disputes involving the Personnel Rules and Regulations of the City of New York shall not be subject to the grievance procedure or arbitration;

c. A claimed assignment of employees to duties substantially different from those stated in their job specifications;

d. A claimed improper holding of an open-competitive rather than a promotional examination;

The Grievance Procedure, except for grievances as defined in Sections 1d. shall be as follows:

Employees may at any time informally discuss with their supervisors a matter which may become a grievance. If the results of such a discussion are unsatisfactory, the employees may present the grievance at Step I.

All grievances must be presented in writing at all steps in the grievance procedure. Grievances must cite the contractual provision which is alleged to have been violated and the remedy requested. For all grievances as defined in Section 1c, no monetary award shall in any event cover any period prior to the date of the filing of the Step I grievance.

**Step I** - The Employee and/or the Union shall present the grievance in the form of a memorandum to the person designated for such purpose by the agency head no later than 120 days after the date on which the grievance arose. The Employee may also request an appointment to discuss the grievance and such request shall be granted. The person designated by the Employer to review or, upon the Employee's request, hear the grievance shall take any steps necessary to a proper disposition of the grievance and shall reply in writing by the end of the third work day following the date of submission.

**STEP I(a)** - An appeal from an unsatisfactory determination at **Step I** shall be presented in writing to the person designated by the agency head for such purpose. The appeal must be made within five (5) work days of the receipt of the **Step I** determination. A copy of the grievance appeal shall be sent to the person who initially passed upon the grievance. The person designated to receive the appeal at this Step shall review the Grievance and shall issue a written reply to the Employee and/or the **Union** by the end of the fifth work day following the day on which the appeal was filed.

**STEP II** - An appeal from an unsatisfactory determination at **STEP I** or **STEP I(a)**, where applicable, shall be presented in writing to the agency head or the agency head's designated representative who shall not be the same person designated in **STEP I**. The appeal must be made within five (5) work days of the receipt of the **STEP I** or **STEP I(a)** determination. The agency head or designated representative, if any, shall review the grievance and shall issue a determination in writing by the end of the tenth work day following the date on which the appeal was filed.

**STEP III**-An appeal from an unsatisfactory determination at **STEP II** shall be presented by the Employee and/or the Union to the Commissioner of Labor Relations in writing within ten (10) work days of the receipt of the **STEP II** determination. The grievant or the Union should submit copies of the **STEP I** and **STEP II** grievance filings and any agency responses thereto. Copies of such appeal shall be sent to the agency head. The Commissioner of Labor Relations or the Commissioner's designee shall review all appeals from **STEP II** determinations and shall issue a determination on such appeals within fifteen (15) work days following the date on which the appeal was filed.

**STEP IV**-An appeal from an unsatisfactory determination at **STEP III** may be brought solely by the Union to the Office of Collective Bargaining for impartial arbitration within fifteen (15) work days of receipt of the **STEP III** determination. In addition, the Employer shall have the right to bring directly to arbitration any dispute between the parties concerning any matter defined herein as a "grievance". The Employer shall commence such arbitration by submitting a written request therefor to the Office of Collective Bargaining. A copy of the notice requesting impartial arbitration shall be forwarded to the opposing party. The arbitration shall be conducted in accordance with the Consolidated Rules of the Office of Collective Bargaining. The costs and fees of such arbitration shall be borne equally by the Union and the Employer. The determination or award of the arbitrator shall be final and binding in accord with applicable law and shall not add to, subtract from or modify any contract, rule, regulation, written policy or order mentioned in Section 1 of this Article.

A transcript shall be taken of all arbitrations unless the taking of a transcript is waived by both parties. The costs of one (1) copy for each party and one (1) copy for the arbitrator of the transcripts shall be borne equally by the parties.

The arbitrator's decision, order or award (if any), shall be limited to the application and interpretation of the Agreement, and the arbitrator shall not add to, subtract from or modify the Agreement. The arbitrator's award shall be final and binding and enforceable in any appropriate tribunal in accord with Article 75 of the Civil Practice Law and Rules. An arbitrator may provide for and direct such relief as the arbitrator deems shall be necessary and proper, subject to the limitations set forth above and any applicable limitations of law.

Section 2.

As a condition to the right of the Union to invoke impartial arbitration set forth in this Article, including the arbitration of a grievance involving a claimed improper holding of an open-competitive rather than a promotional examination, the Employee or Employees and the Union shall be required to file with the Director of the Office of Collective Bargaining a written waiver of the right, if any, of the employee and the union to submit the underlying dispute to any other administrative or judicial tribunal except for the purpose of enforcing the arbitrator's award.

Section 3.

a. Any grievance under Section 1d relating to a claimed improper holding of an open-competitive rather than a promotional examination shall be presented in writing by the Employee or the Union representative to the Commissioner of Labor Relations not later than thirty (30) days after the notice of the intention to conduct such open-competitive examination, or copy of the appointing officer's request for such open-competitive examination, as the case may be, has been posted in accordance with Section 51 of the Civil Service Law. The grievance shall be considered and passed upon within ten (10) days after its presentation. The determination shall be in writing, copies of which shall be transmitted to both parties to the grievance upon issuance.

b. A grievance relating to the use of an open-competitive rather than a promotional examination which is unresolved by the Commissioner of Labor Relations may be brought to impartial arbitration as provided in Sections 2 and 3 above. Such a grievance shall be presented by the Union, in writing, for arbitration within 15 days of the presentation of such grievance to the Commissioner of Labor Relations, and the arbitrator shall decide such grievance within 75 days of its presentation to the arbitrator. The party requesting such arbitration shall send a copy of such request to the other party. The costs and fees of such arbitration shall be borne equally by the Employer and the Union.

Section 4.

A grievance concerning a large number of employees and which concerns a claimed misinterpretation, inequitable application, violation or failure to comply with the provisions of this Agreement may be filed directly at **STEP III** of the grievance procedure. All other grievances in process shall be dropped. If OLR determines that a grievance does not fall within this provision, the grievance shall be remanded to the agency for determination. Such determination by OLR shall not be subject to the grievance procedure.

Section 5.

If a determination satisfactory to the Union at any level of the Grievance Procedure is not implemented within a reasonable time, the Union may re-institute the original grievance at **STEP III** of the Grievance Procedure; or if a satisfactory **STEP III** determination has not been so implemented, the Union may institute a grievance concerning such failure to implement at **STEP IV** of the Grievance Procedure.

Section 6.

If the Employer exceeds any time limit prescribed at any step in the Grievance Procedure, the grievant and/or the Union may invoke the next step of the procedure, except that only the Union may invoke impartial arbitration under **STEP IV**.

Section 7.

The Employer shall notify the Union in writing of all grievances filed by employees, all grievance hearings, and all determinations. The Union shall have the right to have a representative present at any grievance hearing and shall be given forty-eight (48) hours' notice of all grievance hearings.

Section 8.

Each of the steps in the Grievance Procedure, as well as time limits prescribed at each step of this Grievance Procedure, may be waived by mutual agreement of the parties.

Section 9.

The grievance and the arbitration procedure contained in this Agreement shall be the exclusive remedy for the resolution of disputes defined as "grievances" herein. This shall not be interpreted to preclude either party from enforcing the arbitrator's award in court. This Section shall not be construed in any manner to limit the statutory rights and obligations of the Employer under Article XIV of the Civil Service Law.

Section 10. Expedited Arbitration Procedure

a. The parties agree that there is a need for an expedited arbitration process which would allow for the prompt adjudication of the grievances as set forth below.

b. The parties voluntarily agree to submit matters to final and binding arbitration pursuant to the New York City Collective Bargaining Law and under the jurisdiction of the Office of Collective Bargaining. An arbitrator or panel of arbitrators, as agreed to by the parties will act as the arbitrator of any issue

submitted under the expedited procedure herein.

c. The selection of those matters which will be submitted shall include, but not limited to, out-of-title cases concerning all titles, disciplinary cases wherein the proposed penalty is a monetary fine of one week or less or written reprimand, and other cases pursuant to a mutual agreement by the parties. The following procedures shall apply:

i. SELECTION AND SCHEDULING OF CASES:

(1) The Deputy Chairperson for Disputes of the Office of Collective Bargaining shall propose which cases shall be subject to the procedures set forth in this Section 11 and notify the parties of proposed hearing dates for such cases.

(2) The parties shall have ten business days from the receipt of the Deputy Chairperson's proposed list of cases and hearing schedule(s) to raise any objections thereto.

(3) If a case is not proposed by the Deputy Chairperson for expedited handling, either party may, at any time prior to the scheduling of an arbitration hearing date for such case, request in writing to the other party and to the Deputy Chairperson of Disputes of the Office of Collective Bargaining that said case be submitted to the expedited procedure. The party receiving such request shall have ten business days from the receipt of the request to raise any objections thereto.

(4) No case shall be submitted to the expedited arbitration process without the mutual agreement of the parties.

ii. CONDUCT OF HEARINGS:

(1) The presentation of the case, to the extent possible, shall be made in the narrative form. To the degree that witnesses are necessary, examination will be limited to questions of material fact and cross examination will be similarly limited. Submission of relevant documents, etc., will not be unreasonably limited and may be submitted as a "packet" exhibition.

(2) In the event either party is unable to proceed with hearing a particular case, the case shall be rescheduled. However, only one adjournment shall be permitted. In the event that either party is unable to proceed on a second occasion, a default judgment may be entered against the adjourning party at the Arbitrator's discretion absent a good cause shown.

(3) The Arbitrator shall not be precluded from attempting to assist the parties in settling a particular case.

(4) A decision will be issued by the Arbitrator within two weeks. It will not be necessary in the Award to recount any of the facts presented. However, a brief explanation of the Arbitrator's rationale may be included. Bench decisions may also be issued by the Arbitrator.

# READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

**NOTICE TO ALL NEW YORK CITY CONTRACTORS**

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in Crosby v. National Foreign Trade Council, 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

**CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES**

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

**VENDOR ENROLLMENT APPLICATION**

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists–free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

**Attention Existing Suppliers:**
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

**SELLING TO GOVERNMENT TRAINING WORKSHOP**

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

**PRE-QUALIFIED LIST**

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

**NON-MAYORAL ENTITIES**

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

**PUBLIC ACCESS CENTER**

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

**ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES**

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

**PROMPT PAYMENT**

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

**PROCUREMENT POLICY BOARD RULES**

The Rules may also be accessed on the City Website, http://NYC.GOV.Selltonyc

**HOW TO READ CR PROCUREMENT NOTICES**

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

**DEVELOP TRANSITIONAL RESIDENCE FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS** – Competitive Sealed Proposals –

Judgment required in evaluating proposals - PIN# 071-00S-003-262 – DUE 01-03-06 AT 5:00 P.M. – The Department of Homeless Services is soliciting proposals from organizations interested in developing and operating transitional residences for homeless adults and families including the Neighborhood Based Cluster Residence and drop-in centers for adults. This is an open-ended solicitation; there is no due date for submission. Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-forth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the transitional residence contracts will range from 3 to 20 years including renewal options and depending on the financial terms and conditions.

Pursuant to Section 312 (c) (1) (ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgment is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03 (c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences in order to address the need to create additional shelter capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated as a for-profit entity; 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed Standalone facility location(s); and 3) must demonstrate an intent to enter into lease agreements with the owner(s) or management designee(s) for each property.

Any organization that believes it can provide these services may contact: John Iaffaldano, Associate Staff Analyst, Office of Contracts and Procurement at the Department of Homeless Services at (212) 361-8435, 33 Beaver Street, 13th Floor, NY, NY 10004, to request a copy of the RFP application, which is available for pick-up Monday through Friday on business days between the hours of 9:00 a.m. to 5:00 p.m.

Longevity Increment Eligibility Rules

The following rules shall govern the eligibility of Employees for the longevity increments provided for in Article III, Section 12 of the *2002-2005 Blue Collar Agreement*.

1. Only service in pay status shall be used to calculate the 15 years of service, except that for other than full time per annum Employees only a continuous year of service in pay status shall be used to calculate the 15 years of service. A continuous year of service shall be a full year of service without a break of more than 31 days. Where the regular and customary work year for a title is less than a twelve month year, such as a school year, such regular and customary year shall be credited as a continuous year of service counting towards the 15 years of service. If the normal work year for an employee is less than the regular and customary work year for the Employee's title, it shall be counted as a continuous year of service if the Employee has customarily worked that length work year and the applicable agency verifies that information.

2. Service in pay status prior to any breaks in service of more than one year shall not be used to calculate the 15 years of service. Where an Employee has less than seven years of continuous service in pay status, breaks in service of less than one year shall be aggregated. Where breaks in service aggregate to more than one year they shall be treated as a break in service of more than one year and the

service prior to such breaks and the aggregated breaks shall not be used to calculate the 15 years of service. No break used to disqualify service shall be used more than once.

3. The following time in which an employee is not in pay status shall not constitute a break in service as specified in paragraph 2 above:

   a. Time on a leave approved by the proper authority which is consistent with the **Rules and Regulations of the New York City Personnel Director** or the appropriate personnel authority of a covered organization.

   b. Time prior to a reinstatement.

   c. Time on a preferred list pursuant to **Civil Service Law Sections 80 and 81** or any similar contractual provision.

   d. Time not in pay status of 31 days or less. Notwithstanding the above, such time as specified in subsections a, b and c above shall not be used to calculate the 15 years of service.

4. Once an Employee has completed the 15 years of "City" service in pay status and is eligible to receive the $800 longevity increment, the $800 shall become part of the Employee's base rate for all purposes except as provided in paragraph 5 below.

5. The $800 longevity increment shall not become pensionable until fifteen months after the Employee begins to receive such $800 increment. Fifteen months after the Employee begins to receive the $800 longevity increment, such $800 longevity increment shall become pensionable and as part of the Employee's base rate, the $800 longevity increment shall be subject to the general increases provided in Article III, Section 3(a) of this **Agreement**.

## Appendix B

The following rules shall govern the eligibility of Employees for the Recurring Increment Payment ("RIP") provided for in Article III, Section 13 of the 2002 -2005 Blue Collar Agreement.

1. Only service in pay status shall be used to calculate the qualifying years of service. A continuous year of service shall be a full year of service without a break of more than 31 days. Where the regular and customary work year for a title is less than a twelve month year, such as a school year, such regular and customary year shall be credited as a continuous year of service counting towards the qualifying years of service. If the normal work year for an Employee is less than the regular and customary work year for the Employee's title, it shall be counted as a continuous year of service if the Employee has customarily worked that length work year and the applicable agency verifies that information.

2. Part-time employees shall be ineligible to receive RIPs, but prior part-time service shall be credited to full-time employees on a pro rata basis, provided all other terms and conditions set forth herein are met.

   a. An employee must have regularly worked at least one half the regular hours of full time employees in the same title or if no full-time equivalent title exists then at least 172 hours for white collar positions or 20 hours for blue collar positions.

   b. Such part time service shall be prorated by dividing the number of hours worked per week by a part-time employee by the number of hours worked per week by a full-time employee in the same title. If no full-time equivalent title exists then the divisor shall be 35 hours for white collar positions or 40 hours for blue collar positions.

3. Service in pay status prior to a break in service of more than one year shall ***not*** be used to calculate the qualifying years of service.

4. The following time in which an Employee is not in pay status shall not constitute a break in service, but such time shall ***not*** be used to calculate the qualifying years of service:

   a. time on a leave approved by the proper authority which is consistent with the Personnel Rules and Regulations of the City of New York or the appropriate personnel authority of a covered organization,

   b. time prior to a reinstatement,

   c. time on a preferred or recall list, and

   d. time not in pay status of 31 days or less.

5. RIPs shall be considered a salary adjustment for the purposes of Article III, Section 1(d) of this Agreement and the maximum salary of an eligible title shall not constitute a bar to the payment thereof.

6. Once an Employee has qualified for a RIP and is receiving it, the RIP shall become part of the Employee's base rate and included in calculating all salary based payments, except as provided in paragraph 7 below. Any future negotiated general increases shall be applied to RIPs.

7. A RIP shall not become pensionable until two years after the Employee begins to receive such RIP.

## Appendix C

As set forth in Section 5 of the *2002 District Council 37 Memorandum of Economic Agreement*, (*"2002 DC 37 MEA"*) the parties agree to establish the "Joint Labor Management Committee on Productivity Initiatives" (*"Committee"*).

Composition of the Committee

The Committee shall comprise representatives designated by: the Deputy Mayor for Operations, the Law Department, the Office of Labor Relations, the Office of Management and Budget, the Office of Operations, and District Council 37.

Goals and Objectives

The Committee shall work to identify efficiencies in the administration and delivery of governmental services which shall in turn be utilized to provide additional compensation to employees. This agreement expresses the joint labor and management commitment to associate improved City service and performance with appropriate compensation for the workforce.

The goal of the Committee's work shall be to identify, review, recommend and develop initiatives that generate workplace savings, maximize the potential of the City workforce and ensure the provision of essential services while at the same time improving compensation for the City workforce. To that end, the parties will seek to identify quantifiable savings while at the same time maintaining or improving City services.

The Committee shall make all reasonable efforts to issue a report or reports on or about October 1, 2004 which propose initiatives representing meaningful, quantifiable, recurring savings to the City and which generate funding to be utilized to compensate employees. Upon completion and acceptance of all committee members of the report, an additional one percent (1%) increase shall be paid to employees covered by this agreement.

The parties agree to meet and negotiate the application of any additional savings above 1% generated by the programs developed by the Committee.

Areas for Consideration

The Committee's study may encompass such matters, including, but not limited to, absence control, contracting in, workers compensation and other efficiencies.

1. Sick leave usage. The Committee will seek to design a program to examine baseline data as to sick leave usage as a benchmark for comparison. The goal will be to reduce employee sick leave usage on an ongoing basis as a productivity enhancement.

2. Contracting-in. The Committee shall identify areas wherein City services are now being outsourced with the goal of providing those services by City employees with a cost savings to the City.

3. Workers Compensation Cost Containment Task Force. The Committee shall create a special task force, requesting such assistance of cost containment experts as necessary, with the goal of developing reforms that emphasize effective treatments and speed the return to work; that explore the manner in which treatment services are provided; that set specific standards of evaluation and treatment; and that serve to root out fraudulent claims.

4. Such other areas as the Committee may mutually agree.

Implementation of Savings

The initiatives and programs developed pursuant to this Committee must be unanimously agreed upon. In the event there is a dispute as to the amount of savings generated by an initiative or the implementation of a program, or the savings generated by a program are not paid pursuant to this agreement, a party may file for final and binding arbitration pursuant to Section 12(a) of the *2002 DC 37 MEA*.

## Appendix D

For those employees hired between July 15, 1996 through March 31, 2000, upon completion of four (4) years of active or qualified inactive service, an employee in active pay status appointed pursuant to the provisions set forth in Section 5(b) of the 1995 MCMEA shall receive a one-time lump sum payment calculated by taking the difference between the "hiring rate" received by the employee and the indicated minimum for the applicable title set forth in the applicable Successor Separate Unit Agreement that was in effect on the one year anniversary of the employee's original date of appointment to their title. Such one-time lump sum payment shall be equivalent to the difference between the annual salary rate the employee would have actually earned during the employee's second year of service had the higher salary rate been in effect and the annual salary rate they did earn.

"Qualified inactive service" is defined for the purposes of this agreement to include the following employees:

1. those who are on preferred or recall lists; or

# READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

**NOTICE TO ALL NEW YORK CITY CONTRACTORS**

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in Crosby v. National Foreign Trade Council, 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

**CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES**

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

**VENDOR ENROLLMENT APPLICATION**

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists--free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

**Attention Existing Suppliers:**
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

**SELLING TO GOVERNMENT TRAINING WORKSHOP**

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

**PRE-QUALIFIED LIST**

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

**NON-MAYORAL ENTITIES**

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

**PUBLIC ACCESS CENTER**

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

**ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES**

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

**PROMPT PAYMENT**

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

**PROCUREMENT POLICY BOARD RULES**

**HOW TO READ CR PROCUREMENT NOTICES**

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the transitional residence contracts will range from 3 to 20 years including renewal options and depending on the financial terms and conditions.

Pursuant to Section 312 (c) (1) (ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgment is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03 (c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences in order to address the need to create additional shelter capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated as a for-profit entity; 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed Standalone facility location(s); and 3) must demonstrate an intent to enter into lease agreements with the owner(s) or management designee(s) for each property.

Any organization that believes it can provide these services may contact: John Iaffaldano, Associate Staff Analyst, Office of Contracts and Procurement at the Department of Homeless Services at (212) 361-8435, 33 Beaver Street, 13th Floor, NY, NY 10004, to request a copy of the RFP application, which is available for pick-up Monday through Friday on business days between the hours of 9:00 a.m. to 5:00 p.m.

# AGENCY RULES

## TRANSPORTATION

■ NOTICE

**Notice of Adoption** regarding temporary festoon/holiday lighting and/or other temporary lighting.

**NOTICE IS HEREBY GIVEN PURSUANT TO THE AUTHORITY VESTED IN THE** Commissioner of Transportation by section 2903(b) of the New York City Charter, and in accordance with section 1043 of the Charter, that the Department of Transportation hereby adopts the amendments to section 2-03 of Chapter 2 of Title 34 of the Official Compilation of the Rules of the City of New York, the Highway Rules, regarding temporary festoon/holiday lighting and other temporary lighting. This rule was first published on September 6, 2005 and a public hearing thereon was held on October 6, 2005. This rule shall take effect 30 days from the date hereof.

Section 2-03 of Title 34 of the Rules of the City of New York is amended to read as follows:

| Permit or Activity | Fee | Other Charges | Maximum Duration per Permit | Maximum Distance per Permit | Maximum Width per Permit |
|---|---|---|---|---|---|
| Hang temporary festoon/holiday lighting and/or other temporary lighting | $50.00 | | 90 days | [One block face] | |

**STATEMENT OF BASIS AND PURPOSE OF RULE**

The Commissioner of the Department of Transportation is authorized to regulate work taking place on City streets and sidewalks pursuant to section 2903 of the New York City Charter and Title 19 of the New York City Administrative Code.

Section 2-03 is being amended to adjust the permit fee for hanging temporary festoon/holiday lighting and/or other temporary lighting. A flat $50 permit fee will now cover all such lights installed by one entity.

Installing such lighting benefits the City, individual communities, and the Business Improvement Districts in terms of increased retail sales, tourism and enhancement of neighborhood pride. Upon further consideration, the $50 per block face fee appears to be financially overburdensome. Accordingly, the rule is being amended to revert to the flat permit fee of $50.

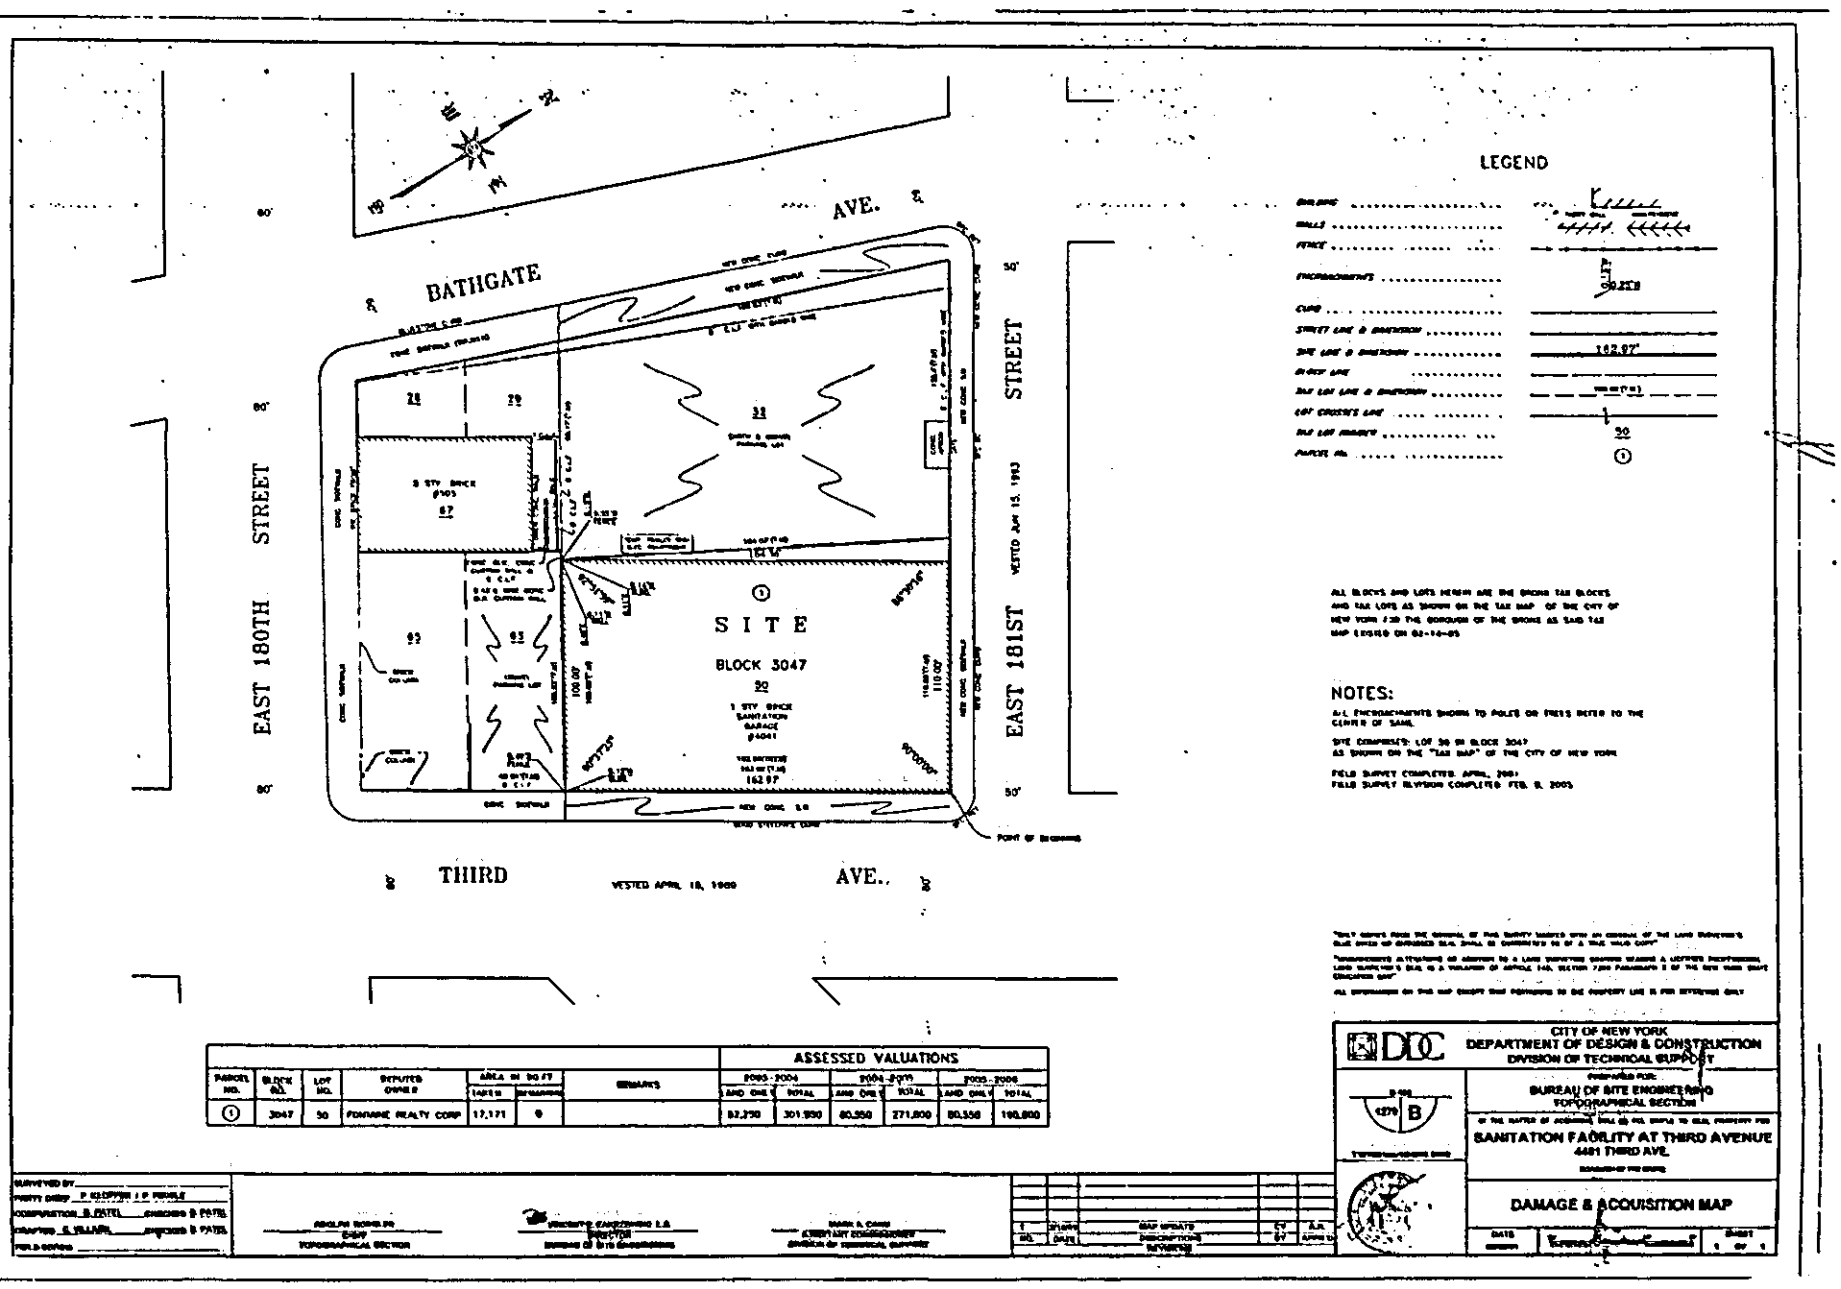
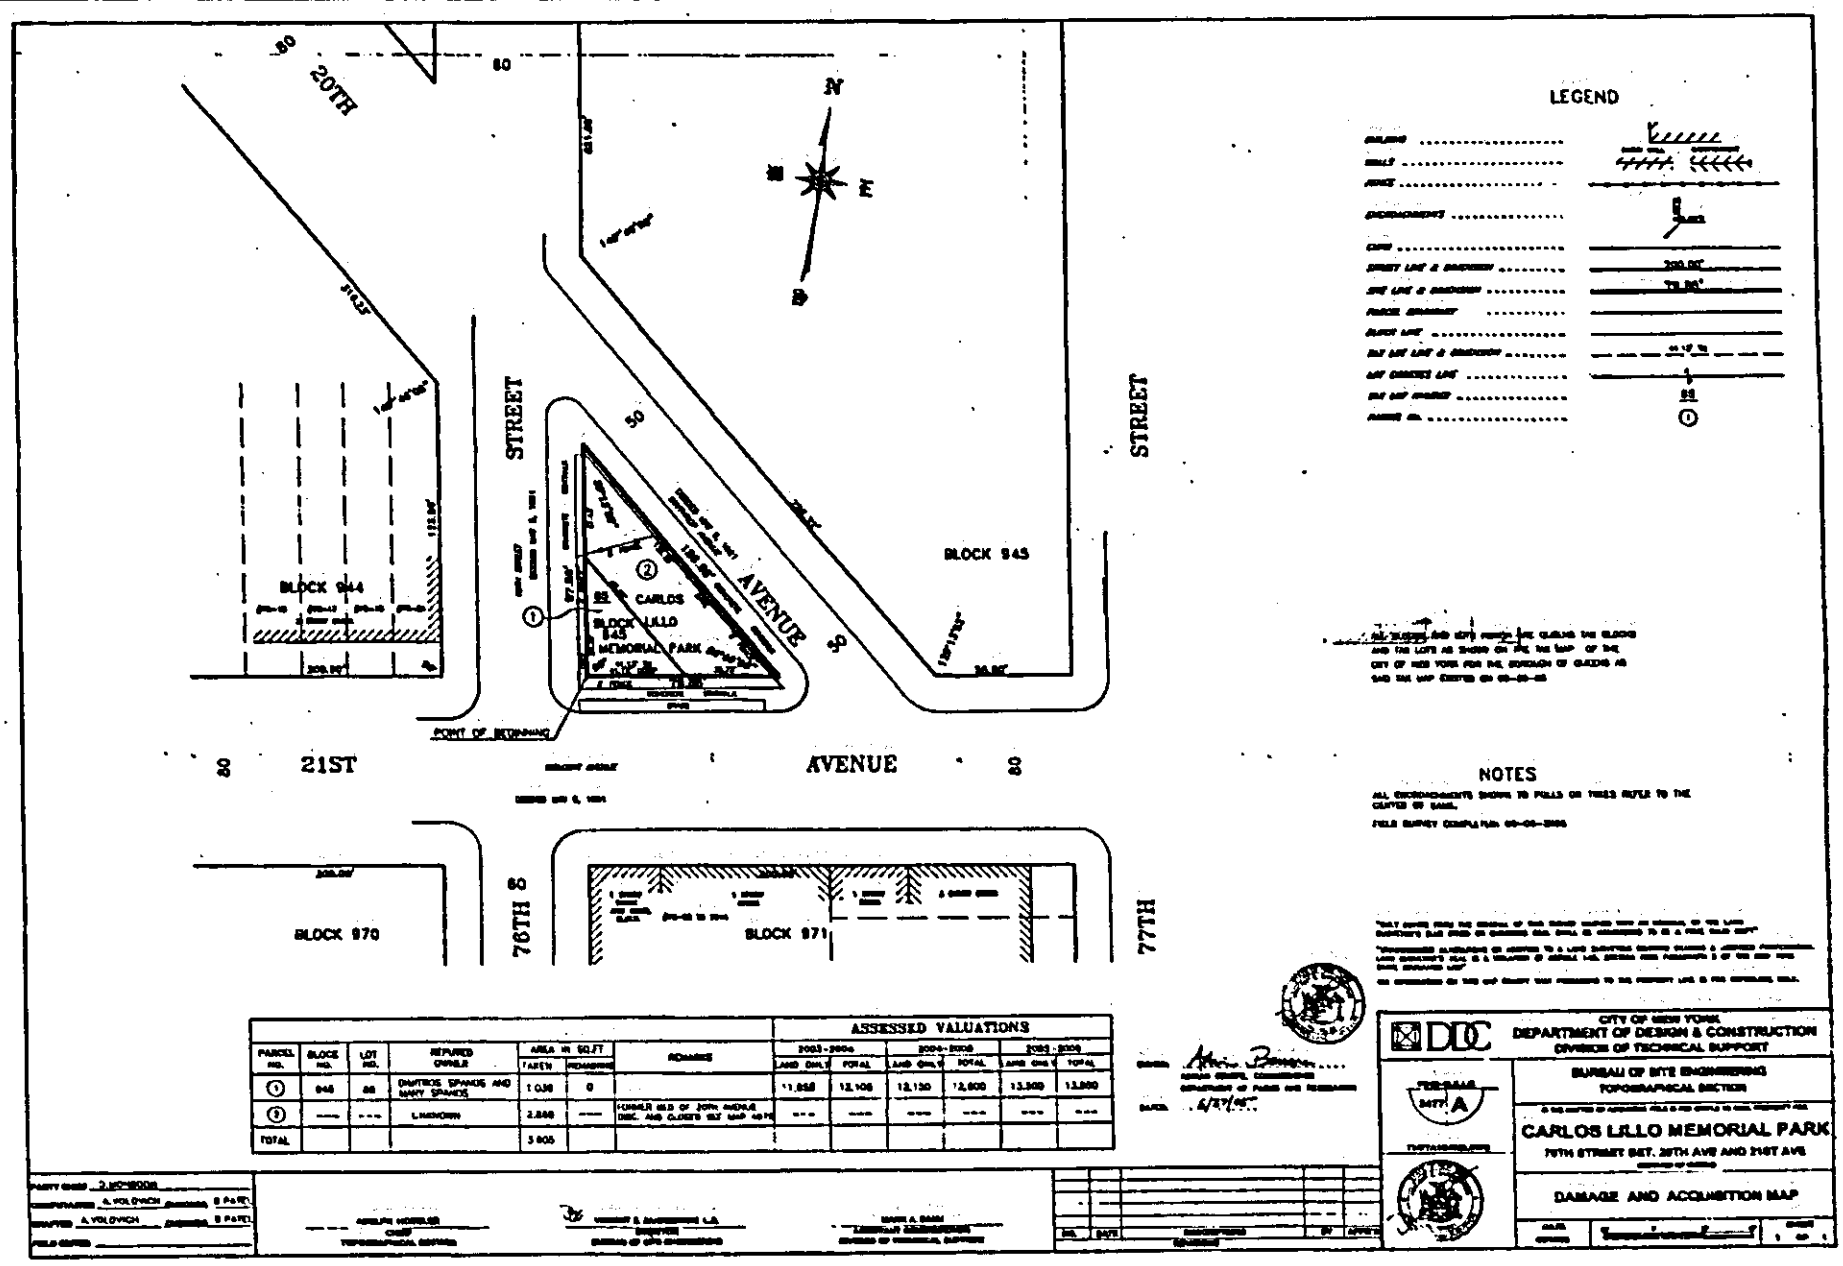
# COURT NOTICE MAP FOR SANITATION FACILITY AT THIRD AVENUE



# COURT NOTICE MAP FOR CARLOS LILLO MEMORIAL PARK



The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

**NOTICE TO ALL NEW YORK CITY CONTRACTORS**

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in Crosby v. National Foreign Trade Council, 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

**CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES**

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

**VENDOR ENROLLMENT APPLICATION**

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists–free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

**Attention Existing Suppliers:**
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

**SELLING TO GOVERNMENT TRAINING WORKSHOP**

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

**PRE-QUALIFIED LIST**

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

**NON-MAYORAL ENTITIES**

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

**PUBLIC ACCESS CENTER**

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

**ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES**

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

**PROMPT PAYMENT**

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

**PROCUREMENT POLICY BOARD RULES**

The Rules may also be accessed on the City Website, http://NYC.GOV.Selltonyc

**HOW TO READ CR PROCUREMENT NOTICES**

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

## ECONOMIC DEVELOPMENT CORPORATION

■ PUBLIC HEARINGS

The Office of the Deputy Mayor for Economic Development and Rebuilding

NOTICE IS HEREBY GIVEN THAT a public hearing will be held on **Wednesday, November 2, 2005 at 10:00 A.M. at the Department of City Planning, 22 Reade Street, Spector Hall, New York, New York,** as submitted by the New York City Economic Development Corporation on behalf of the Office of the Deputy Mayor for Economic Development and Rebuilding, to hear and receive comments on the Draft Environmental Impact Statement (DEIS) for the Gateway Center at Bronx Terminal Market project. Interested persons are requested to appear at the hearing and present their comments, or submit written comments at the public hearing or to the Contact listed below. Written comments will be accepted until 5:00 P.M. on Monday, November 14, 2005. The Gateway Center at Bronx Terminal Market project is located in the West Haven neighborhood of the Bronx on a site bordered by Metro North Rail Road tracks to the north, River Avenue to the east, 149th Street to the south, and Exterior Street to the west. The project is a proposed redevelopment of a portion of the current Bronx Terminal Market site, along with the Bronx House of Detention. The project would include two 1-story retail buildings with an adjacent surface parking lot; one 4-story retail building with parking at the ground floor; a 6-level parking garage with retail space on Exterior Street and River Avenue; one 3-story retail building; and a hotel with a banquet facility and parking. In total, the project will comprise approximately 2,252,000 gross square feet of new development on the site. The project is expected to be complete and operational in 2009, except for the hotel, which would not be completed until 2014. The project would involve the closing of the Bronx Terminal Market and the Bronx House of Detention.

Discretionary actions include the disposition of land (a long-term lease); a zoning map amendment; modification of the City Map; and special permits to modify the site's underlying bulk regulations and parking requirements, to permit a public parking garage in excess of 150 spaces, and to provide relief for signs not otherwise permitted under the NYC Zoning Resolution. In addition, the project sponsor may seek financing from the New York City Industrial Development Agency (NYCIDA). The project has applied for and been accepted into the Brownfield Cleanup Program (BCP) by the New York State Department of Environmental Conservation (NYSDEC). The project would also require a NYSDEC State Pollution Discharge Elimination System (SPDES) permit for stormwater discharges associated with construction activities. An amendment of the City's SPDES permit would be required for new outfalls for stormwater discharge into the Harlem River, as well as Tidal Wetlands and Protection of Waters permits from NYSDEC, a U.S. Army Corps of Engineers (USACOE) permit, an amendment to the City's drainage plan, and possibly a Water Quality Certification. The Proposed Project is within the boundaries of the coastal zone and will require a NYSDOS determination of consistency with New York City's Local Waterfront Revitalization Program. The project may also involve a land transfer from the New York State Department of Transportation (NYSDOT) to New York City, and a revocable consent for utility lines underneath Exterior Street. The potential widening of the 149th Street exit ramp from the Major Deegan Expressway will require approval from NYSDOT.

A Notice of Completion of the DEIS was issued on July 7, 2005. Copies of the DEIS and the Notice of Completion are available from the Lead Agency or from the Contact Person noted below.

**DEVELOP TRANSITIONAL RESIDENCE FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS** – Competitive Sealed Proposals – Judgment required in evaluating proposals - PIN# 071-00S-003-262 – DUE 01-03-06 AT 5:00 P.M. – The Department of Homeless Services is soliciting proposals from organizations interested in developing and operating transitional residences for homeless adults and families including the Neighborhood Based Cluster Residence and drop-in centers for adults. This is an open-ended solicitation; there is no due date for submission. Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-forth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the transitional residence contracts will range from 3 to 20 years including renewal options and depending on the financial terms and conditions.

Pursuant to Section 312 (c) (1) (ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgment is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03 (c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences in order to address the need to create additional shelter capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated as a for-profit entity; 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed Standalone facility location(s); and 3) must demonstrate an intent to enter into lease agreements with the owner(s) or management designee(s) for each property.

Any organization that believes it can provide these services may contact: John Iaffaldano, Associate Staff Analyst, Office of Contracts and Procurement at the Department of Homeless Services at (212) 361-8435, 33 Beaver Street, 13th Floor, NY, NY 10004, to request a copy of the RFP application, which is available for pick-up Monday through Friday on business days between the hours of 9:00 a.m. to 5:00 p.m.

*Information about Refund Anticipation Loans (RALs)*

• A Refund Anticipation Loan (RAL) is not a tax refund, but is in fact a high-interest loan against an anticipated tax refund.

• Any advertisement for an RAL must conspicuously identify it as a loan and that a fee or interest will be charged by the lender, and it must identify the lender.

• Before entering into a RAL, a tax preparer must disclose in writing in English and Spanish:

• If a tax payer does not understand English or Spanish, a tax preparer must orally explain the information about a RAL in a language the tax payer understands.

• Earned Income Tax Credit ("EITC") eligible consumers and other taxpayers entitled to tax refunds should ask tax preparers about electronic and other filing options that will speed up payment of refunds without the high cost of using RALs.

• Receive all personal papers upon request, when the original tax return is given to the taxpayer for filing (unless the tax preparer is specifically permitted to retain such papers under state law).

• Receive a copy of every tax return prepared, at the time the original is given to the taxpayer for filing.

• Have the tax preparer sign every tax return.

*A Tax Preparer Cannot:*

• Ask a taxpayer to sign a blank or incomplete tax return.

• Misrepresent his or her qualifications.

• Reveal any information appearing on, or related to, a tax return to any person or business other than the taxpayer, or his or her authorized designee.

• Induce or attempt to induce a taxpayer to violate any governmental law, rule or regulation.

• Use the word "accountant" in any advertisement unless at least one Certified Public Accountant or Public Accountant is present at each tax preparation location during all business hours, and controls all tax returns prepared at the location.

• Use any term describing a specialty or expertise in an advertisement, unless the tax preparer's relevant education or experience is also disclosed in the advertisement.

• Change a tax return after it has been signed by the taxpayer, without the taxpayer's written consent.

## SMALL BUSINESS SERVICES

■ NOTICE

**SYNOPSIS OF DETERMINATION AND FINDINGS PURSUANT TO SECTION 204 OF THE EMINENT DOMAIN PROCEDURE LAW**

**WHEREAS,** The City of New York Department of Small Business Services ("DSBS") has proposed to acquire certain permanent railroad right of way easements and temporary construction easements in real property located in the vicinity of Victory Boulevard, the West Shore Expressway and the New York City Fresh Kills Landfill for operation of the Staten Island Railroad to accommodate the New York City Department of Sanitation's Transfer Station ("Transfer Station"), and such real property are identified on the Tax Map of the City of New York for the borough of Staten Island as Tax Block 2705, Lot 1 and Tax Block 2705, Lot 300; and

**WHEREAS,** at 3:00 p.m. on June 22, 2005 at the Sea View Hospital Rehabilitation Center and Home located at 460 Brielle Avenue, Staten Island, New York, the City of New York, acting through DSBS, held a hearing pursuant to Article 2 of the Eminent Domain Procedure Law ("EDPL"), after giving notice of said hearing, as required by EDPL §202;

**NOW THEREFORE**, be it known that DSBS, pursuant to Section 204 of the EDPL has determined and found that:

1. The proposed public project will serve to allow for the development of new track on the Travis Branch of the Staten Island Railroad ("SIRR") so as to provide rail access to the Transfer Station. The proposed public project is part of the City's comprehensive solid waste plan for the export of the City's municipal solid waste, and will help alleviate vehicular congestion as it will allow for the rail movement of freight from the Transfer Station.

2. The properties that are to be acquired have been chosen because of their location between the current end of the Travis Branch of the SIRR and the location of the Transfer Station; and there is no other feasible alternative for the alignment of the proposed rail connection.

3. The proposed public project will not have any significant negative effects on the environment or residents of the locality in which the property to be acquired is located. At the public hearing on June 22, 2005, and during the period for the submission of written comments thereafter, oral and written public comments were received. DSBS has considered all comments and has determined that none of the comments raise new information or changes in circumstances related to the project that may result in a significant adverse effect.

4. Based on due consideration of the record and the foregoing findings, acquisition of the above-described property under the provisions of the EDPL is approved.

Copies of the full text of the determination and findings of DSBS will be forwarded, without cost, upon written request to:

New York City Economic Development Corporation
110 William Street
New York, New York 10038
Attention: Ms. Michelle Pak

Property owners that are subject to this determination and findings are hereby informed that (a) under EDPL §207, there are thirty (30) days from the completion of the newspaper publication of notice of the determination and findings to seek judicial review of the determination and findings; and (b) under EDPL §207 and EDPL §208, the exclusive venue for judicial review of these determination and findings is the Appellate Division of the Supreme Court in the Judicial Department where any part of the property is located.

# READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

**NOTICE TO ALL NEW YORK CITY CONTRACTORS**

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in Crosby v. National Foreign Trade Council, 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

**CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES**

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

**VENDOR ENROLLMENT APPLICATION**

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists–free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

**Attention Existing Suppliers:**
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

**SELLING TO GOVERNMENT TRAINING WORKSHOP**

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

**PRE-QUALIFIED LIST**

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

**NON-MAYORAL ENTITIES**

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

**PUBLIC ACCESS CENTER**

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

**ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES**

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

**PROMPT PAYMENT**

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

**PROCUREMENT POLICY BOARD RULES**

**HOW TO READ CR PROCUREMENT NOTICES**

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

### OFFICE OF CONTRACTS AND PROCUREMENT

*Human / Client Service*

**DEVELOP TRANSITIONAL RESIDENCE FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS** – Competitive Sealed Proposals – Judgment required in evaluating proposals - PIN# 071-00S-003-262 – DUE 01-03-06 AT 5:00 P.M. – The Department of Homeless Services is soliciting proposals from organizations interested in developing and operating transitional residences for homeless adults and families including the Neighborhood Based Cluster Residence and drop-in centers for adults. This is an open-ended solicitation; there is no due date for submission. Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-forth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the transitional residence contracts will range from 3 to 20 years including renewal options and depending on the financial terms and conditions.

Pursuant to Section 312 (c) (1) (ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgment is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03 (c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences in order to address the need to create additional shelter capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated as a for-profit entity; 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed Standalone facility location(s); and 3) must demonstrate an intent to enter into lease agreements with the owner(s) or management designee(s) for each property.

Any organization that believes it can provide these services may contact: John Iaffaldano, Associate Staff Analyst, Office

of Contracts and Procurement at the Department of Homeless Services at (212) 361-8435, 33 Beaver Street, 13th Floor, NY, NY 10004, to request a copy of the RFP application, which is available for pick-up Monday through Friday on business days between the hours of 9:00 a.m. to 5:00 p.m.

## SMALL BUSINESS SERVICES

■ NOTICE

### SYNOPSIS OF DETERMINATION AND FINDINGS PURSUANT TO SECTION 204 OF THE EMINENT DOMAIN PROCEDURE LAW

WHEREAS, The City of New York Department of Small Business Services ("DSBS") has proposed to acquire certain permanent railroad right of way easements and temporary construction easements in real property located in the vicinity of Victory Boulevard, the West Shore Expressway and the New York City Fresh Kills Landfill for operation of the Staten Island Railroad to accommodate the New York City Department of Sanitation's Transfer Station ("Transfer Station"), and such real property are identified on the Tax Map of the City of New York for the borough of Staten Island as Tax Block 2705, Lot 1 and Tax Block 2705, Lot 300; and

WHEREAS, at 3:00 p.m. on June 22, 2005 at the Sea View Hospital Rehabilitation Center and Home located at 460 Brielle Avenue, Staten Island, New York, the City of New York, acting through DSBS, held a hearing pursuant to Article 2 of the Eminent Domain Procedure Law ("EDPL"), after giving notice of said hearing, as required by EDPL §202;

NOW THEREFORE, be it known that DSBS, pursuant to Section 204 of the EDPL has determined and found that:

1. The proposed public project will serve to allow for the development of new track on the Travis Branch of the Staten Island Railroad ("SIRR") so as to provide rail access to the Transfer Station. The proposed public project is part of the City's comprehensive solid waste plan for the export of the City's municipal solid waste, and will help alleviate vehicular congestion as it will allow for the rail movement of freight from the Transfer Station.

2. The properties that are to be acquired have been chosen because of their location between the current end of the Travis Branch of the SIRR and the location of the Transfer Station; and there is no other feasible alternative for the alignment of the proposed rail connection.

3. The proposed public project will not have any significant negative effects on the environment or residents of the locality in which the property to be acquired is located. At the public hearing on June 22, 2005, and during the period for the submission of written comments thereafter, oral and written public comments were received. DSBS has considered all comments and has determined that none of the comments raise new information or changes in circumstances related to the project that may result in a significant adverse effect.

4. Based on due consideration of the record and the foregoing findings, acquisition of the above-described property under the provisions of the EDPL is approved.

Copies of the full text of the determination and findings of DSBS will be forwarded, without cost, upon written request to:

New York City Economic Development Corporation
110 William Street
New York, New York 10038
Attention: Ms. Michelle Pak

Property owners that are subject to this determination and findings are hereby informed that (a) under EDPL §207, there are thirty (30) days from the completion of the newspaper publication of notice of the determination and findings to seek judicial review of the determination and findings; and (b) under EDPL §207 and EDPL §208, the exclusive venue for judicial review of these determination and findings is the Appellate Division of the Supreme Court in the Judicial Department where any part of the property is located.

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

**NOTICE TO ALL NEW YORK CITY CONTRACTORS**

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in Crosby v. National Foreign Trade Council, 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

**CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES**

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

**VENDOR ENROLLMENT APPLICATION**

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists--free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

**Attention Existing Suppliers:**
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

**SELLING TO GOVERNMENT TRAINING WORKSHOP**

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

**PRE-QUALIFIED LIST**

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

**NON-MAYORAL ENTITIES**

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

**PUBLIC ACCESS CENTER**

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

**ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES**

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

**PROMPT PAYMENT**

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. ## OFFICE OF CONTRACTS AND PROCUREMENT

■ SOLICITATIONS

*Human / Client Service*

**DEVELOP TRANSITIONAL RESIDENCE FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS** – Competitive Sealed Proposals – Judgment required in evaluating proposals - PIN# 071-00S-003-262 – DUE 01-03-06 AT 5:00 P.M. – The Department of Homeless Services is soliciting proposals from organizations interested in developing and operating transitional residences for homeless adults and families including the Neighborhood Based Cluster Residence and drop-in centers for adults. This is an open-ended solicitation; there is no due date for submission. Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-forth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the transitional residence contracts will range from 3 to 20 years including renewal options and depending on the financial terms and conditions.

Pursuant to Section 312 (c) (1) (ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgment is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03 (c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences in order to address the need to create additional shelter capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated as a for-profit entity; 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed Standalone facility location(s); and 3) must demonstrate an intent to enter into lease agreements with the owner(s) or management designee(s) for each property.

Any organization that believes it can provide these services may contact: John Iaffaldano, Associate Staff Analyst, Office of Contracts and Procurement at the Department of Homeless Services at (212) 361-8435, 33 Beaver Street, 13th Floor, NY, NY 10004, to request a copy of the RFP application, which is available for pick-up Monday through Friday on business days between the hours of 9:00 a.m. to 5:00 p.m.

**Mailing.** "Mailing" shall mean the deposit, in a post office or official depository under the exclusive care and custody of the United States Postal Service, of a paper enclosed in a first class postpaid wrapper, addressed to the address designated by a person for that purpose or, if none is designated, at such person's last known address.

**§ 1-05 Effective Date.**

This chapter shall be effective on the first day permitted by CAPA, § 1043(e), and shall apply to all cases. However, for cases initiated prior to the effective date of these [R]rules, no act which was valid, timely or otherwise proper under the [R]rules applicable at the time of the act will be rendered improper by the subsequent effectiveness of this chapter.

**§ 1-06 Computation of Time.**

Periods of days prescribed in this chapter shall be calculated in calendar days, except that when a period of days expires on a Saturday, Sunday or legal holiday, the period shall run until the next business day. Where this chapter prescribes different time periods for taking an action depending whether service of papers is personal or by mail, service of papers by [telephonic facsimile (FAX) or similar transmission] electronic means shall be deemed to be personal service, solely for purposes of calculating the applicable period of time.

**§ 1-07 Filing of Papers.**

(a) Generally. Papers may be filed at OATH in person, by mail or by electronic means.

(b) Headings. The subject matter heading for each paper sent by personal service, mail or electronic means must indicate the OATH index number where one has been assigned pursuant to § 1-26(b).

(c) Means of service on adversary. Submission of papers by a party in a case to the administrative law judge by electronic means mail or personal delivery without providing equivalent method of service to all other parties shall be deemed to be an *ex parte* communication.

A request for accommodation shall be submitted to OATH's office manager.

**§ 1-11 Appearances.**

(a) A party may appear in person, by an attorney, or by a duly authorized representative. A person appearing for a party, including by telephone conference call, is required to file a notice of appearance with OATH. Docketing of a case by an attorney or representative of a party shall be deemed to constitute the filing of a notice of appearance by that person. The filing of any papers by an attorney or representative who has not previously appeared shall constitute the filing of a notice of appearance by that person, and shall conform to the requirements of subdivisions (b) and (d) of this section.

(b) The appearance of a member in good standing of the bar of a court of general jurisdiction of any state or territory of the United States shall be indicated by the suffix "Esq." and the designation "attorney for (petitioner or respondent)", and the appearance of any other person shall be indicated by the designation "representative for (petitioner or respondent)".

(c) Absent extraordinary circumstances, no application shall be made or argued by any attorney or other representative who has not filed a notice of appearance. Participation in a telephone conference call on behalf of a party by an attorney or representative of the party shall be deemed an appearance by the attorney or representative. Nonetheless, upon making such an appearance, the attorney or representative shall file a notice of appearance in conformity with subdivisions (b) and (d) of this section.

(d) A person may not file a notice of appearance on behalf of a party unless he or she has been retained by that party to represent the party before OATH. Filing a notice of appearance constitutes a representation that the person appearing has been so retained. Filing a notice of appearance pursuant to §1-11(a) of this subchapter constitutes a representation that the person appearing has read and is familiar with the rules of this subchapter.

**§ 1-13 Conduct; Suspension From Practice at OATH.**

(a) Individuals appearing before OATH shall comply with the rules of this chapter and any other applicable rules, and shall comply with the orders and directions of the administrative law judge.

(b) Individuals appearing before OATH shall conduct themselves at all times in a dignified, orderly and decorous manner. In particular, at the hearing, all parties, their attorneys or representatives, and observers shall address themselves only to the administrative law judge, avoid colloquy and argument among themselves, and cooperate with the orderly conduct of the hearing. [Persons who engage in disruptive conduct, including failure to comply with the orders and directions of the administrative law judge, shall be warned to desist, and, if such conduct persists, the administrative law judge may bar that individual from the proceedings. In appropriate cases, disruptive conduct may also be cause for imposition of other sanctions, including those specified in § 1-33(e).]

(c) Attorneys and other representatives appearing before OATH shall be familiar with the rules of this title.

(d) Attorneys appearing before OATH shall conduct themselves in accordance with the canons, ethical considerations and disciplinary rules set forth in the code of professional responsibility in their representation of their clients, in their dealings with other parties, attorneys and representatives before OATH, and with OATH's administrative law judges and staff.

(e) Willful failure of any person to abide by the standards of conduct stated in paragraphs (a) through (d) of this section, may, in the discretion of the administrative law judge, be cause for the imposition of sanctions. Such sanctions may include formal admonishment or reprimand, assessment of costs or imposition of a fine, exclusion of the offending person from the proceedings, exclusion or limitation of evidence, adverse evidentiary inference, adverse disposition of the case, in whole or in part, or other sanctions as the administrative law judge may determine to be appropriate. The imposition of sanctions may be made after a reasonable opportunity to be heard. The form of the hearing shall depend upon the nature of the conduct and the circumstances of the case.

[(b)](f) In the event that an attorney or other representative of a party persistently fails to [comply with the rules set forth in this title, the orders or directions of one or more administrative law judges, or otherwise with the minimal standards of decorum or applicable ethical or legal requirements, or in the event that an attorney or other representative fails to maintain minimal standards of competence] abide by the standards of conduct stated in paragraphs (a) through (d) of this section, the chief administrative law judge may, upon notice to the attorney or representative and a reasonable opportunity to rebut the claims against him or her, suspend that attorney or representative from appearing at OATH, either for a specified period of time or indefinitely until the attorney or representative demonstrates to the satisfaction of the chief administrative law judge that the basis for the suspension no longer exists.

**§ 1-23 Services of the Petition.**

(a) The petitioner shall be responsible for serving the respondent with the petition. The petition shall be accompanied by a notice of the following: the respondent's right to file an answer[,] and the deadline to do so under § 1-24; the respondent's right to representation by an attorney or other representative; and the requirement that a person representing the respondent must file a notice of appearance with OATH. The notice shall include the statement that OATH's rules of practice and procedure are published in Title 48 of the Rules of the City of New York, and that copies of OATH's rules are available at OATH's offices.

(b) Service of the petition shall be made pursuant to statute, rule, contract, or other provision of law applicable to the type of proceeding being initiated. Absent any such applicable law, service of the petition shall be made in a manner reasonably calculated to achieve actual notice to the respondent. Service by certified mail, return receipt requested, contemporaneously with service by regular first-class mail, shall be presumed to be reasonably calculated to achieve actual notice. Appropriate proof of service shall be maintained.

(c) A copy of the petition and accompanying notices, with proof of service, shall be filed with OATH at or before the commencement of the trial.

**§ 1-26 Docketing the Case.**

(a) A case shall be docketed by [delivering to]filing with OATH a completed intake sheet and either a petition or a written application for relief. Parties are encouraged to docket cases by electronic means. When a case is docketed, OATH shall place it on the trial calendar, the conference calendar, or on open status. Absent prejudice, cases involving the same respondent or respondents shall be scheduled for joint trials or conferences, as shall cases alleging different respondents' involvement in the same incident or incidents.

(b) When a case is docketed, it shall be given an index number and assigned to an administrative law judge. Assignments shall be made and changed in the discretion of the chief administrative law judge or his or her designee, and motions concerning such assignments shall not be entertained except pursuant to § 1-27.

(c) OATH may determine that the case is not ready for trial or conference and may adjourn the trial or conference, or may remove the case from the trial or conference calendar and place it on open status. In addition, OATH may determine that the case should proceed on an expedited basis, and may direct expedited procedures, including expedited pre-trial and post-trial procedures, shortened notice periods, and/or expedited calendaring.

(d) The party docketing a case may do so *ex parte*. If the case is placed on the conference calendar or the trial calendar rather than on open status, the party may at the time of docketing also select a trial date and/or conference date *ex parte*. However, OATH encourages selection of trial and conference dates by all parties jointly. In the event that a party selects a trial date or a conference date *ex parte*, that party shall serve the notice of conference or trial required by § 1-28, within one business day of selecting that date. Whenever practicable, such notice shall be served by personal delivery[, telephonic facsimile, ] or [similar transmission] electronic means.

**§ 1-28 Notice of Conference or Trial.**

(a) When a case is placed on either the trial calendar or the conference calendar, and within the time provided in § 1-26(d), if applicable, the [petitioner] party that placed the case on the calendar shall serve [the respondent] each other party with notice of the following: the date, time and place of the hearing or conference; [the respondent's] each party's right to representation by an attorney or other representative at the hearing or conference; the requirement that a person representing [the respondent] a party at the hearing or conference must file a notice of appearance with OATH prior to the hearing or conference; and, in a notice of a hearing served by the petitioner, the fact that failure of the respondent or an authorized representative of the respondent to appear at the hearing may result in a declaration of default, and a waiver of the right to a hearing or other disposition against the respondent. The notice may be served personally or by mail, and appropriate proof of service shall be maintained. A copy of the notice of conference, with proof of service, shall be filed with OATH at or before the commencement of the conference. A copy of the notice of trial, with proof of service, shall be filed with OATH at or before the commencement of the trial.

(b) When multiple petitions against a single respondent, or petitions against multiple respondents, are placed on the calendar or calendar conference for joint trial or conference pursuant to § 1-26(a), notice of trial or notice of conference pursuant to this section shall include notice of such joinder.

**§ 1-30 Conduct of Conferences.**

(a) All parties are required to attend conferences as scheduled unless timely application is made to the administrative law judge. Participants shall be prompt and prepared to begin on time. No particular format for conducting the conference is required. The structure of the conference may be tailored to the circumstances of the particular case. The administrative law judge may propose mediation and, where the parties consent, may refer the parties to the Center for Mediation Services or other qualified mediators. In the discretion of the administrative law judge, conferences may be conducted by telephone.

(b) At the conference, all parties must be fully prepared to discuss all aspects of the case, including the formulation and simplification of issues, the possibility of obtaining admissions or stipulations of fact and of admissibility or authenticity of documents, the order of proof and of witnesses, discovery issues, legal issues, pre-hearing applications, scheduling, and settlement of the case.

(c) In the event that the case is not settled at the conference, outstanding pre-trial matters, including discovery issues, shall be raised during the conference. In the event that the case is not settled at the conference, a trial date may be set, if such a date has not already been set. The parties shall be expected to know their availability and the availability of their witnesses for trial.

**§ 1-31 Settlement Conferences and Agreements.**

(a) If settlement is to be discussed at the conference, each party shall have an individual possessing authority to settle the matter either present at the conference or readily accessible. A settlement conference shall be conducted by an administrative law judge or other individual designated by the chief administrative law judge, other than the administrative law judge assigned to hear the case. During settlement discussions, upon notice to the parties, the administrative law judge or other person conducting the conference may confer with each party and/or representative separately.

(b) All settlement offers, whether or not made at a conference, shall be confidential and shall be inadmissible at trial of any case. Administrative law judges shall not be called to testify in any proceeding concerning statements made at a settlement conference.

(c) A settlement shall be reduced to writing, or, in the discretion of the administrative law judge, placed on the record. In the event that a settlement is reached other than at a conference, OATH shall be notified immediately pursuant to § 1-32(f). Copies of all written settlement agreements shall be sent promptly to OATH.

**§ 1-32 Adjournments.**

(a) Applications for adjournments of conferences or hearings shall be governed by this section and by § 1-34 or § 1-50. Conversion of a trial date to a conference date, or from conference to trial, shall be deemed to be an adjournment.

(b) Applications to adjourn conferences or hearings shall be made to the assigned administrative law judge as soon as the need for the adjournment becomes apparent. Applications for adjournments are addressed to the discretion of the administrative law judge, and shall be granted only for good cause. Although consent of all parties to a request for an adjournment shall be a factor in favor of granting the request, such consent shall not by itself constitute good cause for an adjournment. Delay in seeking an adjournment shall militate against grant of the request.

(c) If a party selects a trial or conference date without consulting with or obtaining the consent of another party pursuant to § 1-26(d), an application for an adjournment of such date by that other party, especially if such application is based upon a scheduling conflict, shall be decided with due regard to the *ex parte* nature of the case scheduling.

(d) Counsel shall file an affirmation of actual engagement prior to a ruling on an adjournment sought on that basis. Such affirmation shall state the name and nature of the conflicting matter, the court or tribunal hearing the matter,

the judge before whom it is scheduled, the date that the conflicting engagement became known to counsel, and the date, time, place and approximate duration of the engagement.

(e) Approved adjournments, other than adjournments granted on the record, shall be promptly confirmed in writing by the applicant, to all parties and to the administrative law judge.

(f) Withdrawal of a case from the calendar by the petitioner shall not be subject to the "good cause" requirement of subdivision (b) of this section. However, such withdrawal, other than pursuant to settlement agreement or other final disposition of the case, shall be permitted only upon application to the administrative law judge, who may grant or deny the application, either in full or upon stated terms and conditions.

(g) At the discretion of the administrative law judge, a grant of an adjournment may be conditioned upon the imposition of costs for travel, lost earnings and witness fees, which may be assessed against the party causing the need for an adjournment.

**§ 1-33 Discovery.**

(a) Requests for production of documents, for identification of trial witnesses, and for inspection of real evidence to be introduced at the hearing may be directed by any party to any other party without leave of the administrative law judge.

(b) Depositions shall only be taken upon motion for good cause shown. Other discovery devices, including interrogatories, shall not be permitted except upon agreement among the parties or upon motion for good cause shown. Demands for bills of particulars shall be deemed to be interrogatories. Resort to such extraordinary discovery devices shall not generally be cause for adjournment of a conference or hearing.

(c) Discovery shall be requested and completed promptly, so that each party may reasonably prepare for trial. A demand for identification of witnesses, for production of documents, or for inspection of real evidence to be introduced at trial shall be made not less than twenty days before trial, or not less than twenty-five days if service of the demand is by mail. An answer to a discovery request shall be made within fifteen days of receipt of the request, or within ten days if service of the answer is by mail. An objection to a discovery request shall be made as promptly as possible, but in any event within the time for an answer to that request. Different times may be fixed by consent of the parties, or by the administrative law judge for good cause. Notwithstanding the foregoing time periods, where the notice of the hearing is served less than twenty-five days in advance of trial, discovery shall proceed as quickly as possible, and time periods may be fixed by consent of the parties or by the administrative law judge.

(d) Any discovery dispute shall be presented to the assigned administrative law judge sufficiently in advance of the hearing to allow a timely determination. Discovery motions are addressed to the discretion of the administrative law judge. The timeliness of discovery requests and responses, and of discovery-related motions, the complexity of the case, the need for the requested discovery, and the relative resources of the parties shall be among the factors in the administrative law judge's exercise of discretion.

(e) In ruling upon a discovery motion, the judge may deny the motion, order compliance with a discovery request, order other discovery, or take other appropriate action. The administrative law judge may grant or deny discovery upon specified conditions, including payment by one party to another of stated expenses of the discovery. Failure to comply with an order compelling discovery may result in imposition of appropriate sanctions upon the disobedient party, attorney or representative, such as the sanctions set forth in §1-13(e), the preclusion of witnesses or evidence, drawing of adverse inferences, or, under exceptional circumstances, removal of the case from the calendar, dismissal of the case, or declaration of default.

**§ 1-34 Pre-Trial Motions.**

(a) Pre-trial motions shall be consolidated and addressed to the administrative law judge as promptly as possible, and sufficiently in advance of the hearing to permit a timely decision to be made. Delay in presenting such a motion may, in the discretion of the administrative law judge, weigh against the granting of the motion, or may lead to the granting of the motion upon appropriate conditions.

(b) The administrative law judge may in his or her discretion permit pre-trial motions to be made orally, including by telephone, electronic means, or in writing. The administrative law judge may require the parties to submit legal briefs on any motion. Parties are encouraged to make pre-trial motions, or to conduct preliminary discussions and scheduling of such motions, by conference telephone call or by electronic means to the administrative law judge.

(c) Motion papers shall state the grounds upon which the motion is made and the relief or order sought. Motion papers shall include notice to all other parties of their time pursuant to subdivision (d) of this section to serve papers in opposition to the motion. Motion papers and papers in opposition shall be served on all other parties, and proof of service shall be filed with the papers. The filing of motion papers or papers in opposition by a representative who has not previously appeared shall constitute the filing of a notice of appearance by that representative, and shall conform to the requirements of § 1-11(b).

(d) Unless otherwise directed by the administrative law judge upon application or *sua sponte*, the opposing party shall file and serve responsive papers no later than eight days after service of the motion papers if service of the motion papers was personal or by electronic means, and no later than thirteen days after service if service of the motion papers was by mail.

(e) Reply papers shall not be filed unless authorized by the administrative law judge, and oral argument shall not be scheduled except upon the direction of the administrative law judge.

(f) Nothing in this section shall limit the applicability of other provisions to specific pre-trial motions. For instance, an application for withdrawal or substitution of counsel is also governed by §1-12; an application for an adjournment is also governed by § 1-32; an application for issuance of a subpoena is also governed by § 1-43.

**§ 1-42 Witnesses and Documents.**

The parties shall have all of their witnesses available on the hearing date. A party intending to introduce documents into evidence shall bring to trial copies of those documents for the administrative law judge, the witness, and the other parties. Repeated failure to comply with this section may be cause for sanctions, as set forth in §1-13(e).

**§ 1-43 Subpoenas.**

(a) A subpoena *ad testificandum* requiring the attendance of a person to give testimony prior to or at a hearing or a subpoena *duces tecum* requiring the production of documents or things at or prior to a hearing may be issued only by the Administrative Law Judge upon application of a party or *sua sponte*,

(b) A request by a party that the Administrative Law Judge issue a subpoena shall be deemed to be a motion, and shall be made in compliance with § 1-34 or § 1-50, as appropriate; provided, however, that such a motion shall be made on 24 hours notice by [facsimile]electronic means or personal delivery of papers, including a copy of the proposed subpoena, unless the Administrative Law Judge directs otherwise. The proposed subpoena may be prepared by completion of a form subpoena available from OATH. The making and scheduling of requests for issuance of subpoenas by telephone conference call to the Administrative Law Judge or by electronic means is encouraged.

(c) Subpoenas shall be served in the manner provided by § 2303 of the Civil Practice Law and Rules, unless the Administrative Law Judge directs otherwise. The party requesting the issuance of a subpoena shall bear the cost of service, and of witness and mileage fees, which shall be the same as for a trial subpoena in the Supreme Court of the State of New York.

(d) In the event of a dispute concerning a subpoena after the subpoena is issued, informal resolution shall be attempted with the party who requested issuance of the subpoena. If the dispute is not thus resolved, a motion to quash, modify or enforce the subpoena shall be made to the Administrative Law Judge.

**§ 1-45 Failure to Appear.**

All parties, counsel and other representatives are required to be present at OATH and prepared to proceed at the time scheduled for commencement of trial. Commencement of trial, or of any session of trial, shall not be delayed beyond the scheduled starting time except for good cause as determined in the discretion of the administrative law judge. Absent a finding of good cause, and to the extent permitted by the law applicable to the claims asserted in the petition, the administrative law judge may direct that the trial proceed in the absence of any missing party or representative, render a disposition of the case adverse to the missing party, or take other appropriate measures, including the imposition of sanctions listed in §1-13(e). Relief from the direction of the administrative law judge may be had only upon motion brought as promptly as possible pursuant to § 1-50 or § 1-52. The administrative law judge may grant or deny such a motion, in whole, in part, or upon stated conditions.

**§ 1-47 Evidence pertaining to penalty or relief.**

(a) A separate trial shall not be held as to the penalty to be imposed or the relief to be granted in the event that the petition is sustained in whole or in part.

(b) In the event that a personnel file, abstract of a personnel file, driver record, owner record, or other similar or analogous file is not admitted into evidence at the trial on the merits, the administrative law judge, upon determining that the petition shall be sustained in whole or in part, may request that the petitioner forward such file or record to the administrative law judge for consideration relative to penalty or relief. That request may be conveyed to the petitioner or the petitioner's representative *ex parte* and without further notice to the respondent. The petitioner shall forward only the requested file or record, without accompanying material, and such file or record shall include only material which is available from the petitioner for inspection by the respondent as of right. In his or her report and recommendation, the administrative law judge shall refer to any material from such file or record relied on in formulating the recommendation as to penalty or other relief.

**§ 1-51.1 Decision Made on the Record**

An administrative law judge may dispose of a case by making a decision or report and recommendation on the record.

§2. Sections 2-01 and 2-03 of chapter 2 of Title 48 of the Rules of the City of New York are amended and a new section 2-07 is added, to read as follows:

**§ 2-01 Applicability.**

This subchapter shall apply solely to prequalified vendor appeals pursuant to § 324(b) of the [City]Charter and the rules of the Procurement Policy Board, 9 RCNY § [7-06(c)] 3-10(m). Chapter 1 shall also apply to such proceedings except to the extent that it is inconsistent with this subchapter.

**§ 2-03 Answer; Reply.**

(a) If the petition is served personally on the respondent, the respondent shall file an answer, with appropriate proof of service, within [fifteen days of service of the petition] fourteen days of the respondent's receipt of the petition. If the petition is served by mail, [the respondent shall file the answer within twenty days of service of the petition]it shall be presumed that the respondent received the petition five days after it was served.

(b) The answer shall include the determination to be reviewed, the basis of the determination, admission, denial or other response to each allegation in the petition, and a statement of any other defenses to the petition. The basis of the determination included in the answer shall consist of all documentation and information that was before the agency head, including any submissions by the vendor. To the extent that information in support of the determination was not written, it shall be reduced to writing and included in the answer in the form of affidavits or affirmations, documentary exhibits, or other evidentiary material. Also, defenses may be supported by evidentiary material. The answer may be accompanied by a memorandum of law.

(c) If the respondent's attorney or other representative has not already filed a notice of appearance, such notice shall be filed with the answer.

(d) Within fifteen days of the service of the answer, or within twenty days if such service is by mail, the petitioner may file a reply. The reply may include affidavits or affirmations, documentary exhibits, or other evidentiary material in rebuttal of the answer, including information provided to the agency head which was not written. The reply may be accompanied by a memorandum of law.

**§ 2-07 Copies of Determination.**

The respondent shall send copies of the administrative law judge's determination to such non-parties as may be required, for instance, by the rules of the Procurement Policy Board, 9 RCNY § 3-10(m)(5).

§3. Subchapter B of chapter 2 of Title 48 of the Rules of the City of New York, "Additional Rules for Debarment Cases", relating to procedures for the adjudication of challenges to the debarment of vendors from City procurement actions, is REPEALED.

§4. Section 3-01 of chapter 3 of Title 48 of the Rules of the City of New York is amended to read as follows:

**§ 3-01 Fitness and Discipline of Employees of the Office of Administrative Trials and Hearings.**

The chief administrative law judge or, upon his or her designation, an administrative law judge, shall conduct administrative hearings regarding OATH employees' fitness and discipline pursuant to N.Y. Civil Service Law, §§ 71-75, and pursuant to Charter, §[1049(a)] 1049(1). If such a hearing is conducted by an administrative law judge other than the chief administrative law judge, the administrative law judge shall make written proposed findings of fact and a recommended decision. The chief administrative law judge shall review the proposed findings and recommendations of the administrative law judge and shall make the final findings of fact and decision in the matter being adjudicated.

## STATEMENT OF BASIS AND PURPOSE

Pursuant to sections 1043 and 1049 of the City Charter, the Chief Judge hereby amends various sections in chapter 1 of title 48 of the Rules of the City of New York (RCNY), the "Rules of Practice Applicable to Cases at OATH Generally," sections 2-01, 2-03 and 2-07 of subchapter A of chapter 2 of title 48 RCNY, "Additional Rules for Pre-qualified Vendor Appeals," repeals subchapter B of chapter 2 of title 48 RCNY, "Additional Rules for Debarment Cases" and amends section 3-01 of chapter 3 of title 48 of the RCNY, "Fitness and Discipline Hearings for OATH Employees."

Chapter 1 of title 48 has not been changed since the last rule revision in 1998. During the ensuing years, there have been instances where OATH Administrative Law Judges have discovered that certain provisions in chapter 1 were unclear and that practices have developed which are inconsistent with the text of the rules. The changes to chapter 1 clarify existing rules and ensure that the text of the rules comports with the principles of good administrative trial practice. Among other things, the amendments provide for electronic filing of papers, provide procedures for requesting reasonable accommodation for people with disabilities, and provide sanctions for not complying with the standards of conduct.

The amendments to the "Additional Rules for Prequalified Vendor Appeals" clarify the method for calculating the deadline for a respondent to file an answer to the petition and reflect that an applicable Procurement Policy Board rule has been renumbered.

The "Additional Rules for Debarment Cases" are repealed due to amendments to section 335 of the City Charter in 2001, which repealed provisions for OATH to hear debarment cases. The current section 335 does not provide for an OATH hearing.

The amendment to the rule for "Fitness and Discipline Hearings for OATH Employees" reflects the correct charter section authorizing such proceedings.

### BINDING REPORT

| ADDRESS | BOROUGH: | BLOCK/LOT: |

| 555 EAST 90TH STREET<br>Municipal Asphalt Plant/ now Asphalt Green<br>INDIVIDUAL LANDMARK | MANHATTAN | 1587 / 1 |

To the Mayor, the Council, and the Commissioner, New York City Department of Parks & Recreation.

This report is issued pursuant to Sections 3020 and 854 (h) of the New York City Charter and Section 25-318 of the Administrative Code of the City of New York, which require a report from the Landmarks Preservation Commission for certain plans for the construction, reconstruction, alteration, or demolition of any improvement or proposed improvement which is owned by the City or is to be constructed upon property owned by the City and is or is to be located on a landmark site or in a historic district or which contains an interior landmark.

The Landmarks Preservation Commission received a proposal for the installation of 4'-0" pin mounted, brushed stainless steel letters, "ASPHALT GREEN", 2'-0" numerals "(1944-1968)," and the installation of a 2"-0" Department of Parks & Recreation logo, to be installed on the eastern elevation of the building, as shown on an unlabeled elevation drawing, date revised August 18, 2005, prepared by Pentagram.

In reviewing this proposal, the Commission notes that the designation report states that the Municipal Asphalt Plant is a parabolic-arch-form steel-reinforced concrete industrial building designed by Ely Jacques Kahn and Robert Allan Jacobs and the Department of Borough Works of the Office of the Borough President of Manhattan and constructed in 1941-44.

With regard to this proposal, the Commission finds that the design for the proposed lettering matches the existing historic lettering; that the size and placement of the proposed lettering will not overwhelm the facade of this Individual Landmark; and that no significant architectural feature of the building will be affected by the installation. The work, therefore, is approved.

Based on these findings, the proposed work is determined to be appropriate to this Individual Landmark. Please send a copy of the drawings and at least one 8x10-inch black and white photograph of the completed project to the Art Commission of the City of New York, for its archives.

This report is issued on the basis of the building and site conditions described in the application and disclosed during the review process. By accepting this permit, the applicant agrees to notify the Commission if the actual building or site conditions vary or if original or historic building fabric is discovered. The Commission reserves the right to amend or revoke this permit, upon written notice to the applicant, in the event that the actual building or site conditions are materially different from those described in the application or disclosed during the review process.

All approved drawings are marked approved by the Commission with a perforated seal indicating the date of approval. The work is limited to what is contained in the perforated documents. Other work or amendments to this filing must be reviewed and approved separately. This report constitutes the permit; a copy must be prominently displayed at the site while work is in progress. Please direct inquiries to Jared Knowles.

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

**NOTICE TO ALL NEW YORK CITY CONTRACTORS**

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in Crosby v. National Foreign Trade Council, 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

**CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES**

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

**VENDOR ENROLLMENT APPLICATION**

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists--free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

**Attention Existing Suppliers:**
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

**SELLING TO GOVERNMENT TRAINING WORKSHOP**

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

**PRE-QUALIFIED LIST**

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

**NON-MAYORAL ENTITIES**

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

**PUBLIC ACCESS CENTER**

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

**ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES**

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

**PROMPT PAYMENT**

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

**HOW TO READ CR PROCUREMENT NOTICES**

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. (a) has less than the prescribed minimum #lot width#; and

(b) was owned separately and individually from all other adjoining tracts of land, both on December 15, 1961 and on the date of application for a building permit.

If a #residence# is so constructed, the #side yard# requirements shall be waived along that boundary of the #zoning lot# coincident with said party wall or party walls, or independent wall or walls along a #side lot line#, and one #side yard# shall be provided along any #side lot line# of the #zoning lot# where such a wall is not so utilized, at least eight feet wide in R3-1, R3-2, R4 or R5 Districts and four feet wide in R4-1, R4B or R5B Districts.

**Maximum Height of Walls and Required Setbacks**
R2A R2X R3 R4 R4A R4-1 R5A
(b) In the districts indicated, the height and setback of a #building or other structure# shall be as set forth herein except where modified pursuant to paragraphs (g)and (h) of this Section.

For the purposes of this Section, where #base planes# of different elevations apply to different portions of a #building or other structure#, each such portion of the #building# may be considered to be a separate #building#. Furthermore, for the purposes of this Section, #building segments# may be considered to be separate #buildings# and abutting #semi-detached buildings# may be considered to be one #building#.

The perimeter walls of a #building or other structure# are those portions of the outermost walls enclosing the #floor area# within a #building or other structure# at any level and height is measured from the #base plane#. Perimeter walls are subject to setback regulations at a maximum height above the #base plane# of:

| | |
|---|---|
| 21 feet | R2A R2X R3 R4A |
| 25 feet | R4 R4-1 R5A |
| 26 feet* | R3 R4A R4-1 within #lower density growth management areas# |

* In R3, R4A and R4-1 Districts within #lower density growth management areas#, where a #base plane# is established at a #base flood elevation# higher than grade, the maximum perimeter wall height shall be 21 feet above such base flood elevation or 26 feet above grade, whichever is more.

Above these heights, sloping planes control the maximum height of the #building or other structure# requiring either a setback or a pitched roof. These planes start at the maximum permitted height of the perimeter walls and meet at a ridge line of 35 feet above the #base plane#. The exact locations of these planes are flexible and are determined in the steps set forth in paragraphs (1) through (5) as follows:

* * *

R2X R3 R4 R4A R4-1 R5A
(6) Special Situations

(i) For convex curved perimeter walls the #building or other structure# must be within a plane curve tapering uniformly to a vertex located at a height of 35 feet. For concave curved perimeter walls, the #building or other structure# must lie within a plane curve extending from the maximum perimeter wall height to a ridge line parallel to the prolongation of the perimeter wall at the 35 foot level. Such plane curves may not exceed a pitch of 80 degrees in relation to a plane drawn parallel to the #base plane# at the maximum height of the permitted perimeter wall. (See Figure G).

## HOMELESS SERVICES

**OFFICE OF CONTRACTS AND PROCUREMENT**

■ SOLICITATIONS

*Human/Client Service*

**DEVELOP TRANSITIONAL RESIDENCE FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS** – Competitive Sealed Proposals – Judgment required in evaluating proposals - PIN# 071-00S-003-262 – DUE 01-03-06 AT 5:00 P.M. – The Department of Homeless Services is soliciting proposals from organizations interested in developing and operating transitional residences for homeless adults and families including the Neighborhood Based Cluster Residence and drop-in centers for adults. This is an open-ended solicitation; there is no due date for submission. Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-forth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the transitional residence contracts will range from 3 to 20 years including renewal options and depending on the financial terms and conditions.

Pursuant to Section 312 (c) (1) (ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgment is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03 (c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences in order to address the need to create additional shelter capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated as a for-profit entity; 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed Standalone facility location(s); and 3) must demonstrate an intent to enter into lease agreements with the owner(s) or management designee(s) for each property.

Any organization that believes it can provide these services may contact: John Iaffaldano, Associate Staff Analyst, Office of Contracts and Procurement at the Department of Homeless Services at (212) 361-8435, 33 Beaver Street, 13th Floor, NY, NY 10004, to request a copy of the RFP application, which is available for pick-up Monday through Friday on business days between the hours of 9:00 a.m. to 5:00 p.m.

# READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

**NOTICE TO ALL NEW YORK CITY CONTRACTORS**

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in Crosby v. National Foreign Trade Council, 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

**CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES**

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

**VENDOR ENROLLMENT APPLICATION**

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists--free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

**Attention Existing Suppliers:**
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

**SELLING TO GOVERNMENT TRAINING WORKSHOP**

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

**PRE-QUALIFIED LIST**

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

**NON-MAYORAL ENTITIES**

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

**PUBLIC ACCESS CENTER**

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

**ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES**

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

**PROMPT PAYMENT**

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

**PROCUREMENT POLICY BOARD RULES**

The Rules may also be accessed on the City Website, http://NYC.GOV.Selltonyc

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

(b) For the purpose of paragraphs (b) and (c) the area between the #street line# and the front building wall of adjacent #buildings# on the same or adjoining #zoning lots# shall be considered adjacent #front yards#.

Except as provided in paragraph (c) of this Section, in the districts indicated, if adjacent #residential buildings# on the same or on adjoining #zoning lots# fronting on the same #street# have #front yards# greater than the minimum set forth in paragraph (a) of this Section, then a #front yard# shall be provided which:

(1) in R3A, R3X, R4A, ~~or~~ R4-1, or R5A Districts is at least as deep as an adjacent #front yard#; and

* An open area with a minimum width of eight feet, parallel to the #side lot line#, is required along a common #side lot line# between a new #development#, #enlargement# or alteration and a #residential building# on an adjacent #zoning lot#, except that the total width of #side yards# on a #zoning lot# need not exceed 13 feet, with both #side yards# at least five feet wide. However, where an adjacent #zoning lot# has an existing #detached residence# with #side yards# totaling 13 feet in width with one #side yard# at least five feet wide, or an existing #semi-detached residence# with a #side yard# at least eight feet wide, the open area shall have a minimum width of ten feet except that the total width of #side yards# on a #zoning lot# need not exceed 13 feet, with both #side yards# at least five feet wide. R2A R2X R3 R4 R4A R4-1 R5A
(b) In the districts indicated, the height and setback of a #building or other structure# shall be as set forth herein except where modified pursuant to paragraphs (g)and (h) of this Section.

For the purposes of this Section, where #base planes# of different elevations apply to different portions of a #building or other structure#, each such portion of the #building# may be considered to be a separate #building#. Furthermore, for the purposes of this Section, #building segments# may be considered to be separate #buildings# and abutting #semi-detached buildings# may be considered to be one #building#.

The perimeter walls of a #building or other structure# are those portions of the outermost walls enclosing the #floor area# within a #building or other structure# at any level and height is measured from the #base plane#. Above these heights, sloping planes control the maximum height of the #building or other structure# requiring either a setback or a pitched roof. These planes start at the maximum permitted height of the perimeter walls and meet at a ridge line of 35 feet above the #base plane#. The exact locations of these planes are flexible and are determined in the steps set forth in paragraphs (1) through (5) as follows:

For concave curved perimeter walls, the #building or other structure# must lie within a plane curve extending from the maximum perimeter wall height to a ridge line parallel to the prolongation of the perimeter wall at the 35 foot level. Such plane curves may not exceed a pitch of 80 degrees in relation to a plane drawn parallel to the #base plane# at the maximum height of the permitted perimeter wall. (See Figure G).

### OFFICE OF CONTRACTS AND PROCUREMENT

**DEVELOP TRANSITIONAL RESIDENCE FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS** – Competitive Sealed Proposals – Judgment required in evaluating proposals - PIN# 071-00S-003-262 – DUE 01-03-06 AT 5:00 P.M. – The Department of Homeless Services is soliciting proposals from organizations interested in developing and operating transitional residences for homeless adults and families including the Neighborhood Based Cluster Residence and drop-in centers for adults. This is an open-ended solicitation; there is no due date for submission. Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-forth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the transitional residence contracts will range from 3 to 20 years including renewal options and depending on the financial terms and conditions.

Pursuant to Section 312 (c) (1) (ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgment is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03 (c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences in order to address the need to create additional shelter capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated as a for-profit entity; 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed Standalone facility location(s); and 3) must demonstrate an intent to enter into lease agreements

with the owner(s) or management designee(s) for each property.

Any organization that believes it can provide these services may contact: John Iaffaldano, Associate Staff Analyst, Office of Contracts and Procurement at the Department of Homeless Services at (212) 361-8435, 33 Beaver Street, 13th Floor, NY, NY 10004, to request a copy of the RFP application, which is available for pick-up Monday through Friday on business days between the hours of 9:00 a.m. to 5:00 p.m.

# READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

**NOTICE TO ALL NEW YORK CITY CONTRACTORS**

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in Crosby v. National Foreign Trade Council, 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

**CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES**

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

**VENDOR ENROLLMENT APPLICATION**

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists--free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

**Attention Existing Suppliers:**
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

**SELLING TO GOVERNMENT TRAINING WORKSHOP**

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

**PRE-QUALIFIED LIST**

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

**NON-MAYORAL ENTITIES**

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

**PUBLIC ACCESS CENTER**

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

**ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES**

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

**PROMPT PAYMENT**

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

**PROCUREMENT POLICY BOARD RULES**

The Rules may also be accessed on the City Website, http://NYC.GOV.Selltonyc

**HOW TO READ CR PROCUREMENT NOTICES**

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

**Permitted Obstructions in Required Yards or Rear Yard Equivalents**

In all #Residence Districts#, the following shall not be considered obstructions when located within a required #yard# or #rear yard equivalent#:

(a) In any #yard# or #rear yard equivalent#:

* * *

Overhangs in R4 and R5 Districts, except R4A, R4-1, R4B, ~~or~~ R5A or R5B Districts, which are that portion of a #building# above the first #story# including the #basement# which projects not more than three feet into the required 18 foot #front yard#. In no case shall the lowest level of the projected portion be less than seven feet above the level of the #front yard# at the face of the #building#. Supports for the projected portion of any #building# are permitted obstructions within the required #front yard#, provided that the total area occupied by such supports does not exceed 15 percent of the area underneath the projected portion. No support may extend beyond the three-foot projection;

**Minimum Required Front Yards**
R1 R2 R3 R4 R5

(a) In the districts indicated, #front yards# shall be provided as set forth in the following table, except that for a #corner lot# in an R1-2 District, one #front yard# may have a depth of 15 feet and, for a #corner lot# in an R3 District, one #front yard# may have a depth of 10 feet.

| Front Yard | District |

| 10 feet* | R3A R3X R4A R4-1 R5A |
| 10 feet** | R4 R5 |
| 5 feet* | R4B R5B |

* Except as provided in paragraphs (b) and (c) of this Section.

* * *

Furthermore, if an opening to an #accessory# off-street parking space is located within the #street wall# of a #residential building#, there shall be an open area between the opening and the #street line# which is at least 8 and 1/2 feet in width by 18 feet in depth.

R3A R3X R4A R4-1 R4B R5A R5B

(b) For the purpose of paragraphs (b) and (c) the area between the #street line# and the front building wall of adjacent #buildings# on the same or adjoining #zoning lots# shall be considered adjacent #front yards#.

Except as provided in paragraph (c) of this Section, in the districts indicated, if adjacent #residential buildings# on the same or on adjoining #zoning lots# fronting on the same #street# have #front yards# greater than the minimum set forth in paragraph (a) of this Section, then a #front yard# shall be provided which:

(1) in R3A, R3X, R4A, ~~or~~ R4-1, or R5A Districts is at least as deep as an adjacent #front yard#; and

(2) in R4B or R5B Districts is no deeper than the deepest adjacent #front yard# and no shallower than the shallowest adjacent #front yard#.

However, a #front yard# need not exceed 20 feet in depth.

(a) In all districts, as indicated, for #single-family detached residences# or, where permitted, for #two-family detached residences#, #side yards# shall be provided as set forth in the table in this paragraph, except that on #corner lots# in #lower density growth management areas#, and on #corner lots# in R2A Districts, one #side yard# shall be at least 20 feet in width:

MINIMUM REQUIRED SIDE YARDS

| Number Required | Required Total Width (in feet) | Required Minimum Width of any #Side Yard# (in feet) | District |
|---|---|---|---|
| 2 | 35 | 15 | R1-1 |

| 1 | 8 | 0* | R3A R4-1 R4B R5B |

* An open area with a minimum width of eight feet, parallel to the #side lot line#, is required along a common #side lot line# between a new #development#, #enlargement# or alteration and a #residential building# on an adjacent #zoning lot#, except that the total width of #side yards# on a #zoning lot# need not exceed 13 feet, with both #side yards# at least five feet wide. However, where an adjacent #zoning lot# has an existing #detached residence# with #side yards# totaling 13 feet in width with one #side yard# at least five feet wide, or an existing #semi-detached residence# with a #side yard# at least eight feet wide, the open area shall have a minimum width of ten feet except that the total width of #side yards# on a #zoning lot# need not exceed 13 feet, with both #side yards# at least five feet wide. Only chimneys, eaves, gutters, downspouts, open #accessory# off-street parking spaces, steps, and ramps for access by the handicapped shall be permitted obstructions in such open area and such obstructions may not reduce the minimum width of the open area by more than three feet.

In all districts, as indicated, except R2X, R3A, R3X, R4A, R4-1, R4B, R5A or R5B Districts, the required total width of #side yards# for a #single-family detached# or #two-family detached residence# may be reduced by four inches for each foot by which the width of a #zoning lot# is less than that required under the provisions of Section 23-32 (Minimum Lot Area or Lot Width for Residences) if such #zoning lot# consists entirely of a tract of land which:

(a) has less than the prescribed minimum #lot width#; and

(b) was owned separately and individually from all other adjoining tracts of land, both on December 15, 1961 and on the date of application for a building permit.

However, in no event shall the required width of a #side yard# be less than five feet.

**23-49**
**Special Provisions for Party or Side Lot Line Walls**
R3-1 R3-2 R4 R5

In the districts indicated, except R4A and R5A Districts, a #residence# may be constructed so as to:

(b) incorporate a straight line extension of such a wall existing on December 15, 1961 or lawfully erected under the terms of this Resolution; or

(c) share a party wall or party walls with other #residences# being erected at the same time on an adjoining #zoning lot# or #zoning lots#.

If a #residence# is so constructed, the #side yard# requirements shall be waived along that boundary of the #zoning lot# coincident with said party wall or party walls, or independent wall or walls along a #side lot line#, and one #side yard# shall be provided along any #side lot line# of the #zoning lot# where such a wall is not so utilized, at least eight feet wide in R3-1, R3-2, R4 or R5 Districts and four feet wide in R4-1, R4B or R5B Districts.

* * *

**23-541**

R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

In all districts, as indicated, except within #lower density growth management areas#, ~~and~~ R2A and R5A Districts, no #rear yard# shall be required within 100 feet of the point of intersection of two #street lines# intersecting at an angle of 135 degrees or less.

**23-542**
**Along short dimension of block**
R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

In all districts, as indicated, except within #lower density growth management areas# ~~and~~ R2A and R5A Districts, whenever a #front lot line# of a #zoning lot# coincides with all or part of a #street line# measuring less than 230 feet in length between two intersecting #streets#, no #rear yard# shall be required within 100 feet of such #front lot line#.

**Permitted obstructions in certain districts**
R2A R3 R4 R4A R4-1 R5A

(a) In the districts indicated, permitted obstructions are limited to those listed in paragraphs (b), (e) and (g) of Section 23-62 (Permitted Obstructions).

* * *

**23-63**
**Maximum Height of Walls and Required Setbacks**
R2A R2X R3 R4 R4A R4-1 R5A

(b) In the districts indicated, the height and setback of a #building or other structure# shall be as set forth herein except where modified pursuant to paragraphs (g)and (h) of this Section.

For the purposes of this Section, where #base planes# of different elevations apply to different portions of a #building or other structure#, each such portion of the #building# may be considered to be a separate #building#. Furthermore, for the purposes of this Section, #building segments# may be considered to be separate #buildings# and abutting #semi-detached buildings# may be considered to be one #building#.

The perimeter walls of a #building or other structure# are those portions of the outermost walls enclosing the #floor area# within a #building or other structure# at any level and height is measured from the #base plane#. Perimeter walls are subject to setback regulations at a maximum height above the #base plane# of:

| | |
|---|---|
| 21 feet | R2A R2X R3 R4A |
| 25 feet | R4 R4-1 R5A |
| 26 feet* | R3 R4A R4-1 within #lower density growth management areas# |

* In R3, R4A and R4-1 Districts within #lower density growth management areas#, where a #base plane# is established at a #base flood elevation# higher than grade, the maximum perimeter wall height shall be 21 feet above such base flood elevation or 26 feet above grade, whichever is more.

Above these heights, sloping planes control the maximum height of the #building or other structure# requiring either a setback or a pitched roof. These planes start at the maximum permitted height of the perimeter walls and meet at a ridge line of 35 feet above the #base plane#. The exact locations of these planes are flexible and are determined in the steps set forth in paragraphs (1) through (5) as follows:

* * *

R2X R3 R4 R4A R4-1 R5A
(6) Special Situations

(i) For convex curved perimeter walls the #building or other structure# must be within a plane curve tapering uniformly to a vertex located at a height of 35 feet. For concave curved perimeter walls, the #building or other structure# must lie within a plane curve extending from the maximum perimeter wall height to a ridge line parallel to the prolongation of the perimeter wall at the 35 foot level. Such plane curves may not exceed a pitch of 80 degrees in relation to a plane drawn parallel to the #base plane# at the maximum height of the permitted perimeter wall. (See Figure G).

R3-2 R4 R5
(h) In the districts indicated, except R4A, R4B, R4-1, R5A and R5B Districts, the City Planning Commission may authorize a #building or other structure# that penetrates the height and setback regulations set forth in paragraphs (b) and (d) above except for #buildings# utilizing the optional regulations for #predominantly built-up areas#. As a condition for granting such authorizations the Commission shall find that:

(a) in R2X, R3, ~~or~~ R4 or R5A Districts, with a maximum height of 35 feet and with a maximum of three units; and

(b) in other districts either:
