## HOMELESS SERVICES

**OFFICE OF CONTRACTS AND PROCUREMENT**

■ SOLICITATIONS

*Human/Client Service*

**DEVELOP TRANSITIONAL RESIDENCE FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS** – Competitive Sealed Proposals – Judgment required in evaluating proposals - PIN# 071-00S-003-262 – DUE 01-03-06 AT 5:00 P.M. – The Department of Homeless Services is soliciting proposals from organizations interested in developing and operating transitional residences for homeless adults and families including the Neighborhood Based Cluster Residence and drop-in centers for adults. This is an open-ended solicitation; there is no due date for submission. Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-forth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the transitional residence contracts will range from 3 to 20 years including renewal options and depending on the financial terms and conditions.

Pursuant to Section 312 (c) (1) (ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgment is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03 (c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences in order to address the need to create additional shelter capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated as a for-profit entity; 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed Standalone facility location(s); and 3) must demonstrate an intent to enter into lease agreements with the owner(s) or management designee(s) for each property.

Any organization that believes it can provide these services may contact: John Iaffaldano, Associate Staff Analyst, Office of Contracts and Procurement at the Department of Homeless Services at (212) 361-8435, 33 Beaver Street, 13th Floor, NY, NY 10004, to request a copy of the RFP application, which is available for pick-up Monday through Friday on business days between the hours of 9:00 a.m. to 5:00 p.m.

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

**NOTICE TO ALL NEW YORK CITY CONTRACTORS**

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in Crosby v. National Foreign Trade Council, 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

**CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES**

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

**VENDOR ENROLLMENT APPLICATION**

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists–free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

**Attention Existing Suppliers:**
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

**SELLING TO GOVERNMENT TRAINING WORKSHOP**

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

**PRE-QUALIFIED LIST**

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

**NON-MAYORAL ENTITIES**

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

**PUBLIC ACCESS CENTER**

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

**ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES**

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

**PROMPT PAYMENT**

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

**HOW TO READ CR PROCUREMENT NOTICES**

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

(a) In any #yard# or #rear yard equivalent#:

* * *

Overhangs in R4 and R5 Districts, except R4A, R4-1, R4B, ~~or~~ R5A or R5B Districts, which are that portion of a #building# above the first #story# including the #basement# which projects not more than three feet into the required 18 foot #front yard#. In no case shall the lowest level of the projected portion be less than seven feet above the level of the #front yard# at the face of the #building#. Supports for the projected portion of any #building# are permitted obstructions within the required #front yard#, provided that the total area occupied by such supports does not exceed 15 percent of the area underneath the projected portion. * Except as provided in paragraphs (b) and (c) of this Section.

* * *

Furthermore, if an opening to an #accessory# off-street parking space is located within the #street wall# of a #residential building#, there shall be an open area between the opening and the #street line# which is at least 8 and 1/2 feet in width by 18 feet in depth.

R3A R3X R4A R4-1 R4B R5A R5B

(b) For the purpose of paragraphs (b) and (c) the area between the #street line# and the front building wall of adjacent #buildings# on the same or adjoining #zoning lots# shall be considered adjacent #front yards#.

Except as provided in paragraph (c) of this Section, in the districts indicated, if adjacent #residential buildings# on the same or on adjoining #zoning lots# fronting on the same #street# have #front yards# greater than the minimum set forth in paragraph (a) of this Section, then a #front yard# shall be provided which:

(1) in R3A, R3X, R4A, ~~or~~ R4-1, or R5A Districts is at least as deep as an adjacent #front yard#; and

(2) in R4B or R5B Districts is no deeper than the deepest adjacent #front yard# and no shallower than the shallowest adjacent #front yard#.

* An open area with a minimum width of eight feet, parallel to the #side lot line#, is required along a common #side lot line# between a new #development#, #enlargement# or alteration and a #residential building# on an adjacent #zoning lot#, except that the total width of #side yards# on a #zoning lot# need not exceed 13 feet, with both #side yards# at least five feet wide. However, where an adjacent #zoning lot# has an existing #detached residence# with #side yards# totaling 13 feet in width with one #side yard# at least five feet wide, or an existing #semi-detached residence# with a #side yard# at least eight feet wide, the open area shall have a minimum width of ten feet except that the total width of #side yards# on a #zoning lot# need not exceed 13 feet, with both #side yards# at least five feet wide. Only chimneys, eaves, gutters, downspouts, open #accessory# off-street parking spaces, steps, and ramps for access by the handicapped shall be permitted obstructions in such open area and such obstructions may not reduce the minimum width of the open area by more than three feet.

(a) has less than the prescribed minimum #lot width#; and

(b) was owned separately and individually from all other adjoining tracts of land, both on December 15, 1961 and on the date of application for a building permit.

However, in no event shall the required width of a #side yard# be less than five feet.

**23-49**

(b) incorporate a straight line extension of such a wall existing on December 15, 1961 or lawfully erected under the terms of this Resolution; or

(c) share a party wall or party walls with other #residences# being erected at the same time on an adjoining #zoning lot# or #zoning lots#.

If a #residence# is so constructed, the #side yard# requirements shall be waived along that boundary of the #zoning lot# coincident with said party wall or party walls, or independent wall or walls along a #side lot line#, and one

#side yard# shall be provided along any #side lot line# of the #zoning lot# where such a wall is not so utilized, at least eight feet wide in R3-1, R3-2, R4 or R5 Districts and four feet wide in R4-1, R4B or R5B Districts.

**Along short dimension of block**
R1 R2 R3 R4 R5 R6 R7 R8 R9 R10

In all districts, as indicated, except within #lower density growth management areas# ~~and~~ R2A and R5A Districts, whenever a #front lot line# of a #zoning lot# coincides with all or part of a #street line# measuring less than 230 feet in length between two intersecting #streets#, no #rear yard# shall be required within 100 feet of such #front lot line#.

**Maximum Height of Walls and Required Setbacks**
R2A R2X R3 R4 R4A R4-1 R5A

(b) In the districts indicated, the height and setback of a #building or other structure# shall be as set forth herein except where modified pursuant to paragraphs (g)and (h) of this Section.

For the purposes of this Section, where #base planes# of different elevations apply to different portions of a #building or other structure#, each such portion of the #building# may be considered to be a separate #building#. Furthermore, for the purposes of this Section, #building segments# may be considered to be separate #buildings# and abutting #semi-detached buildings# may be considered to be one #building#.

The perimeter walls of a #building or other structure# are those portions of the outermost walls enclosing the #floor area# within a #building or other structure# at any level and height is measured from the #base plane#. Perimeter walls are subject to setback regulations at a maximum height above the #base plane# of:

Above these heights, sloping planes control the maximum height of the #building or other structure# requiring either a setback or a pitched roof. These planes start at the maximum permitted height of the perimeter walls and meet at a ridge line of 35 feet above the #base plane#. The exact locations of these planes are flexible and are determined in the steps set forth in paragraphs (1) through (5) as follows:

* * *

R2X R3 R4 R4A R4-1 R5A
(6) Special Situations

(i) For convex curved perimeter walls the #building or other structure# must be within a plane curve tapering uniformly to a vertex located at a height of 35 feet. For concave curved perimeter walls, the #building or other structure# must lie within a plane curve extending from the maximum perimeter wall height to a ridge line parallel to the prolongation of the perimeter wall at the 35 foot level. Such plane curves may not exceed a pitch of 80 degrees in relation to a plane drawn parallel to the #base plane# at the maximum height of the permitted perimeter wall. (See Figure G).

## HOMELESS SERVICES

**OFFICE OF CONTRACTS AND PROCUREMENT**

■ SOLICITATIONS

*Human/Client Service*

**DEVELOP TRANSITIONAL RESIDENCE FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS** – Competitive Sealed Proposals – Judgment required in evaluating proposals - PIN# 071-00S-003-262 – DUE 01-03-06 AT 5:00 P.M. – The Department of Homeless Services is soliciting proposals from organizations interested in developing and operating transitional residences for homeless adults and families including the Neighborhood Based Cluster Residence and drop-in centers for adults. This is an open-ended solicitation; there is no due date for submission. Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-forth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the transitional residence contracts will range from 3 to 20 years including renewal options and depending on the financial terms and conditions.

Pursuant to Section 312 (c) (1) (ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgment is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03 (c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences in order to address the need to create additional shelter capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated as a for-profit entity; 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed Standalone facility location(s); and 3) must demonstrate an intent to enter into lease agreements with the owner(s) or management designee(s) for each property.

Any organization that believes it can provide these services may contact: John Iaffaldano, Associate Staff Analyst, Office of Contracts and Procurement at the Department of Homeless Services at (212) 361-8435, 33 Beaver Street, 13th Floor, NY, NY 10004, to request a copy of the RFP application, which is available for pick-up Monday through Friday on business days between the hours of 9:00 a.m. to 5:00 p.m.

# AGENCY RULES

## TRANSPORTATION

■ NOTICE

Notice of Opportunity to Comment on Proposed Rules regarding operation and management of the Staten Island Ferries and Terminals.

NOTICE IS HEREBY GIVEN PURSUANT TO THE AUTHORITY VESTED IN THE Commissioner of Transportation by section 2903(c) of the New York City Charter, and in accordance with section 1043 of the Charter, that the Department of Transportation proposes to amend Sections 1-01 and 1-02 of Chapter 1 of Title 34 of the Official Compilation of the Rules of the City of New York, the Ferry Rules. Matter underlined is new; matter [in brackets] is deleted. These rules are included in the agency's regulatory agenda.

Written comments regarding the proposed rules may be sent to Mr. Arthur Aaronson, Director of Administration, New York City Department of Transportation, Staten Island Ferry Division, 1 Bay Street, Staten Island, NY, NY 10301 on or before Tuesday, November 29, 2005. A public hearing shall be held on Wednesday, November 30, 2005 at 1 Bay Street, Staten Island, NY 10301 at 1:00 p.m. Persons seeking to testify are requested to notify Mr. Aaronson at the address stated above. Persons who need a sign language interpreter or other accommodation for a disability at the hearing are asked to notify Mr. Aaronson at the foregoing address by November 16, 2005. Persons interested in receiving comments may request them by writing to: NY City Department of Transportation, Record Access Office, 40 Worth Street, New York, N.Y. 10013, Iris Weinshall, Commissioner.

Section 1.

Section 1-01 of Title 34 of the Rules of the City of New York is amended by adding, in their proper alphabetical sequence, two new paragraphs, to read as follows:

> Person with a Disability. A person with a disability is an individual with a physical or mental impairment that, on a permanent or temporary basis, substantially limits one or more major life activities, has a record of such an impairment, or is regarded as having such an impairment.
>
> Service animal. A "service animal" is any animal that is individually trained or able to provide assistance to a person with a disability, or any animal shown by documentation to be necessary for the emotional well being of a passenger.

§ 2.

Paragraph (d) of § 1-02 of Title 34 of the Rules of the City of New York is amended to read as follows:

> (d) Unattended property. No person shall leave any property unattended in the terminals or on the ferries. Property shall be deemed abandoned if left unattended for a period longer than one hour. Bicycles shall be stowed at the designated bicycle areas for each Class of ferry. Bicycles left on racks will be removed and may be transferred to the Property Clerk of the New York City Police Department pursuant to the New York City Administrative Code. Owners of reclaimed property may be assessed a removal and/or storage fee.

§ 3.

Paragraph (n) of § 1-02 of Title 34 of the Rules of the City of New York is amended to read as follows:

> (n) *Animals barred.* No person, except a police officer or another person authorized by the Manager, shall enter the terminals or ferries with any animal except a ["seeing eye" dog] service animal or an animal properly caged for transport. No person shall feed any animal, including unconfined squirrels and birds, within the ferry terminals or on any vessel.

STATEMENT OF BASIS AND PURPOSE OF PROPOSED RULE

The Commissioner of the Department of Transportation is authorized to maintain and operate the ferries of the city and to be responsible for all ferry boats, ferry houses, ferry terminals and equipment thereof pursuant to Sections 1043 and 2903(c) of the New York City Charter.

Section 1-01 of Title 34 of the Official Compilation of the Rules of the City of New York provides definitions related to Chapter 1: Ferry Terminals and Vessels.

> Definitions are being added to define terms related to compliance with the Americans with Disabilities Act. A previous rule on the Staten Island Ferry allowed no animals on the ferry with the exception of pets in cages and "seeing eye" dogs. According to ADA mandates service animals must be accommodated in all public places/transportation conveyances without exception. Service animals are not limited to Seeing Eye dogs.

Section 1-02 of Title 34 of the Official Compilation of the Rules of the City of New York delineates rules of conduct for users of the Ferry facilities and vessels.

> Paragraph (d) of section 1-02 is being amended to provide procedures for the stowing of bicycles during the transit of passengers on the Ferry and for removal, reclamation and storage of bicycles abandoned on the Ferry. Unattended bicycles left continuously on the bicycle racks for more than one hour may be removed from the ferry. To reclaim a bicycle, the owner may call 311 within 10 days. After 10 days, bicycles will be considered abandoned and may be transferred to the NYPD Property Clerk for disposal pursuant to law (General Municipal Law Section 250 and NYC Administrative Code Section 10-106).
>
> Paragraph [n] of section 1-02 is being amended to have the written rules reflect the Ferry Division's compliance with the Americans with Disabilities Act regarding service animals, which are no longer limited to guide dogs, and to provide a more healthful facility for the use of ferry riders by prohibiting activities that may encourage birds, scavengers or rodent populations in the Ferry Division facilities or vessels. Commuters are directed not to feed the pigeons in the terminals and on the boats.

# READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

**NOTICE TO ALL NEW YORK CITY CONTRACTORS**

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in Crosby v. National Foreign Trade Council, 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

**CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES**

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

**VENDOR ENROLLMENT APPLICATION**

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists--free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

**Attention Existing Suppliers:**
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

**SELLING TO GOVERNMENT TRAINING WORKSHOP**

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

**PRE-QUALIFIED LIST**

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

**NON-MAYORAL ENTITIES**

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

**PUBLIC ACCESS CENTER**

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

**ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES**

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

**PROMPT PAYMENT**

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

**PROCUREMENT POLICY BOARD RULES**

The Rules may also be accessed on the City Website, http://NYC.GOV.Selltonyc

**HOW TO READ CR PROCUREMENT NOTICES**

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

(b) In the districts indicated, the height and setback of a #building or other structure# shall be as set forth herein except where modified pursuant to paragraphs (g)and (h) of this Section.

For the purposes of this Section, where #base planes# of different elevations apply to different portions of a #building or other structure#, each such portion of the #building# may be considered to be a separate #building#. Furthermore, for the purposes of this Section, #building segments# may be considered to be separate #buildings# and abutting #semi-detached buildings# may be considered to be one #building#.

The perimeter walls of a #building or other structure# are those portions of the outermost walls enclosing the #floor area# within a #building or other structure# at any level and height is measured from the #base plane#. Perimeter walls are subject to setback regulations at a maximum height above the #base plane# of:

Above these heights, sloping planes control the maximum height of the #building or other structure# requiring either a setback or a pitched roof. These planes start at the maximum permitted height of the perimeter walls and meet at a ridge line of 35 feet above the #base plane#. The exact locations of these planes are flexible and are determined in the steps set forth in paragraphs (1) through (5) as follows:

R2X R3 R4 R4A R4-1 R5A
(6) Special Situations

(i) For convex curved perimeter walls the #building or other structure# must be within a plane curve tapering uniformly to a vertex located at a height of 35 feet. For concave curved perimeter walls, the #building or other structure# must lie within a plane curve extending from the maximum perimeter wall height to a ridge line parallel to the prolongation of the perimeter wall at the 35 foot level. Such plane curves may not exceed a pitch of 80 degrees in relation to a plane drawn parallel to the #base plane# at the maximum height of the permitted perimeter wall. (See Figure G).

## HOMELESS SERVICES

**OFFICE OF CONTRACTS AND PROCUREMENT**

■ SOLICITATIONS

*Human/Client Service*

**DEVELOP TRANSITIONAL RESIDENCE FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – Competitive Sealed Proposals –** Judgment required in evaluating proposals - PIN# 071-00S-003-262 – DUE 01-03-06 AT 5:00 P.M. – The Department of Homeless Services is soliciting proposals from organizations interested in developing and operating transitional residences for homeless adults and families including the Neighborhood Based Cluster Residence and drop-in centers for adults. This is an open-ended solicitation; there is no due date for submission. Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible

applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-forth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the transitional residence contracts will range from 3 to 20 years including renewal options and depending on the financial terms and conditions.

Pursuant to Section 312 (c) (1) (ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgment is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03 (c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences in order to address the need to create additional shelter capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated as a for-profit entity; 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed Standalone facility location(s); and 3) must demonstrate an intent to enter into lease agreements with the owner(s) or management designee(s) for each property.

Any organization that believes it can provide these services may contact: John Iaffaldano, Associate Staff Analyst, Office of Contracts and Procurement at the Department of Homeless Services at (212) 361-8435, 33 Beaver Street, 13th Floor, NY, NY 10004, to request a copy of the RFP application, which is available for pick-up Monday through Friday on business days between the hours of 9:00 a.m. to 5:00 p.m.

**Name, Description, and Location of Proposal:**

Pelham Bay Rezoning
The New York City Department of City Planning proposes zoning map changes for all or protions of a 45 block area in the northeastern Bronx neighborhood of Pelham Bay in Community District 10. The area proposed for rezoning is a predominately residential area generally bounded by Pelham Parkway South to the north, the Bruckner Expressway to the east, Middletown Road to the south and the Hutchinson River Parkway to the west.

The proposed amendments to the Zoning Map are as follows:

- A change from an R5 district to an R5-A district;
- A change from an R6 district to an R5A district;
- A change from an R7-1 district to an R5A district;
- A change from an R7-1 district to an R6 district.
- A change from C1-2 overlay districts to C1-4 overlay districts
- A change from C2-2 overlay districts to C2-4 overlay districts
- A change from R7-1/C2-2 overlay districts to R7-1
- A change from R7-1/C2-2 over lay districts to R5A
- A reduction of the depth from 150 to 100 feet on proposed C2-4 overlay districts
- A change from R7-1/C2-2 overlay districts to R6/C2-4 overlay districts

The proposed rezoning is aimed at preserving the community's low- to mid-density context of detached single- and two-family homes on inner blocks and apartment buildings along the wider avenues of the rezoning area, and to address parking concerns.

The majority of the rezoning area is composed of detached housing. However, the existing R5 district allows for a variety of housing types including semi-detached, attached, and apartment buildings, which is not reflective of the overall existing built character. The Pelham Bay rezoning proposal would limit new development to a housing type and density that corresponds to the neighborhood's residential context and form. Additionally, the proposed rezoning would better match the commercial overlay districts to the development that currently exists.

The proposed action is not expected to have a substantial effect on the amount of new construction in the foreseeable future. It would neither induce nor preclude new development, but rather it would ensure that new construction and development would occur in a manner that reflects the existing lowscale character of the area.

To avoid the potential for impacts related to hazardous materials, air quality and noise, the proposed rezoning includes (E) designations.

The (E) designations for hazardous materials would be placed on all of the development sites. These sites are comprised of the following parcels.

| | |
|---|---|
| **Projected Development Site** | **Block 4248, Lot 56** |
| **Potential Development Site** | **Block 4235, Lots 4, 36** |

On the sites receiving (E) designation for hazardous materials, the contamination can be classified as petroleum based, non-petroleum based or both. The NYCDEP has developed protocols for both petroleum and non-petroleum based, or both. The NYCDEP has developed protocols for both petroleum and non-petroleum based (E) designated sites that are required to be followed in order to address possible contamination. The placement of the (E) designation on the zoning map would eliminate the potential for significant adverse impacts from hazardous materials and would ensure that appropriate testing and remediation, if needed, would be undertaken. The text of the (E) designation is as follows:

**Task 1-Sampling Protocol**

**A. Petroleum**

**A soil, soil gas, and groundwater testing protocol (including a description of methods), and a site map with all sampling location represented clearly and precisely, must be submitted to the NYCDEP by the fee owner(s) of the lot which is restricted by this (E) designation, for review and approval.**

**A site map with the sampling locations clearly identified and a testing protocol with a description of methods, for soil, soil gas, and groundwater, must be submitted by the fee owner(s), of the lot which is restricted by the (E) designation, to the NYCDEP for review and approval.**

**B. Non-Petroleum**

**The fee owner(s) of the lot restricted by this (E) designation will be required to prepare a scope of work for any sampling and testing needed to determine if contamination exists and to what extent remediation may be required. The scope of work will include all relevant supporting documentation, including site plans and sampling locations. This scope of work will be submitted to NYCDEP for review and**

approval prior to implementation. It will be reviewed to ensure that an adequate number of samples will be collected and that appropriate parameters are selected for laboratory analysis. For all non-petroleum (E) designated sites, the three generic NYCDEP soil and ground-water sampling protocols should be followed.

A scope of work for any sampling and testing to be completed, which will determine the extent of on-site contamination and the required remediation, must be prepared by the fee owner(s) of the lot restricted by this (E) designation. The scope of work will include the following: site plans, sampling locations, and all other relevant supporting documentation. The scope of work must be submitted to the NYCDEP for review and confirmation that an adequate testing protocol ( i.e., number of samples collected, appropriate parameters for laboratory analysis) has been prepared. The NYCDEP must approve the scope of work before it can be implemented.

For non-petroleum (E) designated sites, one of the three generic soil and groundwater sampling protocols prepared by the NYCDEP should be followed.

The protocols are based on three types of releases to soil and groundwater sampling protocols prepared by the NYCDEP should be followed.

The protocols are based on three types of releases to soil and groundwater, including: the release of a solid hazardous material to ground surface; the release of a liquid hazardous material to the ground surface; and the release of a hazardous material to the subsurface (i.e., storage tank or piping). The type of release defines the areas of soil to be sampled from surface, near-surface, to subsurface. Additionally, it determines the need for groundwater sampling.

A written approval of the sampling protocol must be received from the NYCDEP before commencement of sampling activities. Sample site quantity and location should be determined so as to adequately characterize the site, the source of contamination, and the condition of the remainder of the site. After review of the sampling data, the characterization should b\have been complete enough to adequately determine what remediation strategy (if any) is necessary. Upon request, NYCDEP will provide guidelines and criteria for choosing sampling sites and performing sampling.

Finally, a Health and Safety Plan must be devised and approved by the NYCDEP before the commencement on any on-site activities.

Task 2-Remediation Determination and Protocol

After sample collection and laboratory analysis have been completed on the soil and/or groundwater samples collected in Task 1, a summary of the data and findings in the form of a written report must be presented to the NYCDEP for review and approval. The NYCDEP will provide a determination as to whether remediation is necessary.

If it is determined that no remediation activities are necessary, a written notice will be released to that effect. However, if it is the NYCDEP's determination that remediation is necessary the fee owner(s) of the lot restricted by the (E) designation must submit a proposed remediation plan to the NYCDEP for review and approval. Once approval has been obtain, and the work completed, the fee owner(s) of the lot restricted by the (E) designation must provide proof to the NYCDEP that the work has been completed satisfactorily.

With the placement of the (E) designations on the above block and lots, no impacts related to hazardous materials are anticipated.

To avoid any potential impacts associated with noise, the proposed action would place an (E) designation for noise on both the projected and potential development site:

| | |
|---|---|
| Projected Development Site | Block 4248, Lot 56 |
| Potential Development Site | Block 4235, Lots 4, 36 |

The text of the (E) designation for noise for the above properties is as follows:

In order to ensure an acceptable interior noise environment, future residential/commercial uses must provide a closed window condition with a minimum of 35 dB(A) window/wall attenuation in order to maintain an interior noise level of 45 dB(A). In order to maintain a closed-window condition, an alternate means of ventilation must also be provided. Alternate means of ventilation includes, but is not limited to, central air conditioning or air conditioning sleeves containing air conditioners or HUD-approved fans.

With the placement of the (E) designations for noise on the above block and lots, no impacts related to noise are expected.

To avoid the potential for impacts related to air quality, the proposed rezoning includes (E) designations for air quality on two potential development sites. Accordingly, (E) designations will be mapped on the following parcels:

| | |
|---|---|
| Projected Development Site | Block 4248,Lot 56 |
| Potential Development Site | Block 4235, Lots 4, 36 |

The text of the (E) designation for air quality for the above properties is as follows:

Any new residential and/or commercial development on the above-referenced properties must use natural gas as the type of fuel for space heating and hot water (HVAC) systems.

With the placement of the (E) designation for air quality on the above blocks and lots, no impacts related to air quality are expected.

Statement of No Significant Effect:

The Environmental Assessment and Review Division of the Department of City Planning, on behalf of the City Planning Commission, has completed its technical review of the Environmental Assessment Statement, dated October, 14 2005 prepared in connection with the ULURP Applications (ULURP Nos. 060179ZMX). The City Planning Commission has determined that the proposed action will have no significant effect on the quality of the environment.

Supporting Statement:

The above determination is based on an environmental assessment which finds that no significant effects on the environment which would require an Environmental Impact Statement are foreseeable. This Negative Declaration has been prepared in accordance with Article 8 of the Environmental Conservation Law 6NYCRR part 617.

Should you have any questions pertaining to this Negative Declaration, you may contact Jessica Neilan, at (212) 720-3425.

Name, Description, and Location of Proposal:

Westchester Square Rezoning
The New York City Department of City Planning proposes zoning map changes for all or portions of a 45 block area in the northeastern Bronx neighborhood of Westchester Square in Community District 10. The area proposed for rezoning is a predominately residential area generally bounded by East Tremont Avenue to the north and east, and Castle Hill Avenue to the west.

The proposed amendments to the Zoning Map are as follows:

- A change from an R6 to an R5A district;
- A change from an R6 to an R4A district
- A change from an M1-1 to an R4A district
- A change from C1-2 to C1-4 overlay districts on Castle Hill and East Tremont Avenues;
- A change from C2-2 to C2-4 overlay districts on East Tremont and Westchester Avenues;
- A change from R6/C2-2 to R6 on Zerega and Westchester Avenues
- A reduction of the depth from 150 to 100 feet on C1-4 overlay districts on Castle Hill Avenue
- A reduction of the depth from 150 to 100 feet on C2-4 overlay districts on East Tremont Avenue
- A change from R6 to R6/C2-4 overlay district on Castle Hill Avenue.

The proposed rezoning is aimed at preserving the community's low- to mid-density context of detached single- and two-family homes on inner blocks and apartment buildings along the wider avenues of the rezoning area, and to address parking concerns.

The majority of the rezoning area is composed of detached housing. However, the existing R6 district allows for a variety of housing types including semi-detached, attached, and apartment buildings, which is not reflective of the overall existing built character. The Westchester Square rezoning proposal would limit new development to a housing type and density that corresponds to the neighborhood's residential context and form. Additionally, the proposed rezoning would match the commercial overlay districts to the development that currently exists.

The proposed action is not expected to have a substantial effect on the amount of new construction in the foreseeable future. It would neither induce nor preclude new development, but rather it would ensure that new construction and development would occur in a manner that reflects the existing low-scale character of the area.

To avoid the potential for impacts related to hazardous materials, air quality and noise, the proposed rezoning includes (E) designations.

The (E) designations for hazardous materials would be placed on all of the development sites. These sites are comprised of the following parcels:

| | |
|---|---|
| Projected Site Block 3980 | Lot 1 and 38 |
| Potential Site Block 3974 | Lot 50 |

On the sites receiving (E) designation for hazardous materials, the contamination can be classified as petroleum based, non-petroleum based or both. The NYCDEP has developed protocols for both petroleum and non-petroleum based, or both. The NYCDEP has developed protocols for both petroleum and non-petroleum based (E) designated sites that are required to be followed in order to address possible contamination. The placement of the (E) designation on the zoning map would eliminate the potential for significant adverse impacts from hazardous materials and would ensure that appropriate testing and remediation, if needed, would be undertaken. The text of the (E) designation is as follows:

Task 1-Sampling Protocol

A. Petroleum

A soil, soil gas, and groundwater testing protocol (including a description of methods), and a site map with all sampling location represented clearly and precisely, must be submitted to the NYCDEP by the fee owner(s) of the lot which is restricted by this (E) designation, for review and approval.
A site map with the sampling locations clearly identified and a testing protocol with a description of methods, for soil, soil gas, and groundwater, must be submitted by the fee owner(s), of the lot which is restricted by the (E) designation, to the NYCDEP for review and approval.

B. Non-Petroleum

The fee owner(s) of the lot restricted by this (E) designation will be required to prepare a scope of work for any sampling and testing needed to determine if contamination exists and to what extent remediation may be required. The scope of work will include all relevant supporting documentation, including site plans and sampling locations. This scope of work will be submitted to NYCDEP for review and approval prior to implementation. It will be reviewed to ensure that an adequate number of samples will be collected and that appropriate parameters are selected for laboratory analysis. For all non-petroleum (E) designated sites, the three generic NYCDEP soil and ground-water sampling protocols should be followed.

A scope of work for any sampling and testing to be completed, which will determine the extent of on-site contamination and the required remediation, must be prepared by the fee owner(s) of the lot restricted by this (E) designation. The scope of work will include the following: site plans, sampling locations, and all other relevant supporting documentation. The scope of work must be submitted to the NYCDEP for review and confirmation that an adequate testing protocol ( i.e., number of samples collected, appropriate parameters for laboratory analysis) has been prepared. The NYCDEP must approve the scope of work before it can be implemented.

For non-petroleum (E) designated sites, one of the three generic soil and groundwater sampling protocols prepared by the NYCDEP should be followed.

The protocols are based on three types of releases to soil and groundwater sampling protocols prepared by the NYCDEP should be followed.

The protocols are based on three types of releases to soil and groundwater, including: the release of a solid hazardous material to ground surface; the release of a liquid hazardous material to the ground surface; and the release of a hazardous material to the subsurface (i.e., storage tank or piping). The type of release defines the areas of soil to be sampled from surface, near-surface, to subsurface. Additionally, it determines the need for groundwater sampling.

A written approval of the sampling protocol must be received from the NYCDEP before commencement of sampling activities. Sample site quantity and location should be determined so as to adequately characterize the site, the source of contamination, and the condition of the remainder of the site. After review of the sampling data, the characterization should b\have been complete enough to adequately determine what remediation strategy (if any) is necessary. Upon request, NYCDEP will provide guidelines and criteria for choosing sampling sites and performing sampling.

Finally, a Health and Safety Plan must be devised and approved by the NYCDEP before the commencement on any on-site activities.

Task 2-Remediation Determination and Protocol

After sample collection and laboratory analysis have been completed on the soil and/or groundwater samples collected in Task 1, a summary of the data and findings in the form of a written report must be presented to the NYCDEP for review and approval. The NYCDEP will provide a determination as to whether remediation is necessary.

If it is determined that no remediation activities are necessary, a written notice will be released to that effect. However, if it is the NYCDEP's determination that remediation is necessary the fee owner(s) of the lot restricted by the (E) designation must submit a proposed remediation plan to the NYCDEP for review and approval. Once approval has been obtain, and the work completed, the fee owner(s) of the lot restricted by the (E) designation must provide proof to the NYCDEP that the work has been completed satisfactorily.

With the placement of the (E) designations on the above block and lots, no impacts related to hazardous materials are anticipated.

To avoid any potential impacts associated with noise, the proposed action would place an (E) designation for noise on both the projected and potential development sites:

| | |
|---|---|
| Projected Site Block 3980 | Lot 1 and 38 |
| Potential Site Block 3974 | Lot 50 |

The text of the (E) designation for noise for the above properties is as follows:

In order to ensure an acceptable interior noise environment, future residential/commercial uses must provide a closed window condition with a minimum of 35 dB(A) window/wall attenuation in order to maintain an interior noise level of 45 dB(A). In order to maintain a closed-window condition, an alternate means of ventilation must also be provided. Alternate means of ventilation includes, but is not limited to, central air conditioning or air conditioning sleeves containing air conditioners or HUD-approved fans.

With the placement of the (E) designations for noise on the above block and lots, no impacts related to noise are expected.

To avoid the potential for impacts related to air quality, the proposed rezoning includes (E) designations for air quality on

two potential development sites. Accordingly, (E) designations will be mapped on the following parcels:

**Projected Site Block 3980,Lot 1 and 38**
**Potential Site Block 3974 Lot 50**

The text of the (E) designation for air quality for the above properties is as follows:

**Any new residential and/or commercial development on the above-referenced properties must use natural gas as the type of fuel for space heating and hot water (HVAC) systems.**

With the placement of the (E) designation for air quality on the above blocks and lots, no impacts related to air quality are expected.

**Statement of No Significant Effect:**

The Environmental Assessment and Review Division of the Department of City Planning, on behalf of the City Planning Commission, has completed its technical review of the Environmental Assessment Statement, dated October, 14 2005 prepared in connection with the ULURP Applications (ULURP Nos. 060180ZMX). # READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

**NOTICE TO ALL NEW YORK CITY CONTRACTORS**

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in Crosby v. National Foreign Trade Council, 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

**CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES**

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

**VENDOR ENROLLMENT APPLICATION**

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists–free of charge–, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

**Attention Existing Suppliers:**
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

**SELLING TO GOVERNMENT TRAINING WORKSHOP**

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

**PRE-QUALIFIED LIST**

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

**NON-MAYORAL ENTITIES**

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

**PUBLIC ACCESS CENTER**

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

**ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES**

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

**PROMPT PAYMENT**

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

**PROCUREMENT POLICY BOARD RULES**

The Rules may also be accessed on the City Website, http://NYC.GOV.Selltonyc

**HOW TO READ CR PROCUREMENT NOTICES**

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

(b) In the districts indicated, the height and setback of a #building or other structure# shall be as set forth herein except where modified pursuant to paragraphs (g)and (h) of this Section.

For the purposes of this Section, where #base planes# of different elevations apply to different portions of a #building or other structure#, each such portion of the #building# may be considered to be a separate #building#. Furthermore, for the purposes of this Section, #building segments# may be considered to be separate #buildings# and abutting #semi-detached buildings# may be considered to be one #building#.

The perimeter walls of a #building or other structure# are those portions of the outermost walls enclosing the #floor area# within a #building or other structure# at any level and height is measured from the #base plane#. Such plane curves may not exceed a pitch of 80 degrees in relation to a plane drawn parallel to the #base plane# at the maximum height of the permitted perimeter wall. (See Figure G).

The District shall be established in accordance with a district plan, as revised, (the "Revised Plan") on file at the Office of the City Clerk. The City Council has authorized the New York City Department of Small Business Services to publish, on its behalf, this notice of the Public Hearing containing the information required by Section 25-406(c) of the Administrative Code of the City of New York and summarizing the resolution adopted.

The District Plan was submitted to, and reviewed by, the City Planning Commission and Manhattan Community Boards Number 4, 5, and 6. The Community Boards and the City Planning Commission have approved the District Plan.

The City Council held a public hearing on May 19, 2004 to hear all persons interested in the proposed establishment of the District.

**Pursuant to a City Council session held on October 21, 2005, the City Council finds that unlike other properties in the proposed District area, the real property located between Park Avenue South and Broadway from the west side of 29th Street to the west side of 28th Street; the real property between Broadway and the Avenue of the Americas from the west side of 29th Street to the west side of 26th Street; and the real property directly facing on the east and west side of the Avenue of the Americas from the north side of 29th Street to the south side of 24th Street located within the proposed establishment of the District will not be benefited thereby and should be excluded from the proposed establishment; therefore, the City Council shall call for a further public hearing on the proposed establishment.**

The Revised Plan provided that the proposed District shall include properties from the south side of the 21st Street to the north side of 28th Street including avenues and mid-blocks along Fifth and Park Avenue South; Madison Avenue from 23rd to 28th Street, Lexington Avenue between 22nd Street and 26th Street and along 23rd Street from the west side of Third Avenue to the west side of Sixth Avenue. The District shall be managed by the Madison/23rd/Flatiron/ Chelsea District Management Association, Inc.

To defray the cost of services provided in the District, all real property in the District shall be assessed in proportion to the benefit such property receives from the services. Each property shall be assessed at a rate, determined annually by the Madison/23rd/Flatiron/Chelsea District Management Association, Inc., to yield an amount sufficient to meet the District's annual budget. The annual budget for the District's first year of operation is $1,680,000.

Those properties within the District which are devoted in whole or in part to commercial uses shall constitute Class A properties and shall be assessed in accordance with the following formula:

$$\text{Class A Rate} = \frac{\text{Budget} - [\text{Total Class B lots } (\$1.00) + \text{Total Class D lot } (\$1.00) + \text{Total Class D. 1 lots}]}{[\text{Total Commercial Square Footage} - \text{Class D lots} - \text{Class D.1 lots}]}$$

Those buildings over 1.0 million square feet covering a single city block shall constitute Class A.1 and shall be assessed at 80% of the total rate otherwise applicable to that building.

Those privately-owned vacant or undeveloped properties shall constitute Class D properties and shall be assessed one dollar ($1.00) per annum until such time as they receive a temporary or permanent certificate of occupancy.

Those Class D properties used as parking lots shall constitute Class D.1 properties and shall be assessed on lot square footage and calculated at the Class A rate.

The amount, exclusive of debt service, assessed and levied in any given year against benefited real property within the District may not exceed twenty percent (20%) of the total general City taxes levied in such year against such properties.

Copies of the resolution adopted by the City Council, which include a copy of the Revised Plan, are available for public inspection from 9:00 A.M. to 4:00 P.M. Monday through Friday at the Office of the City Clerk located at 265 Municipal Building (South Side), One Centre Street, New York, New York 10007. In addition, copies of the resolution are available free of charge to the public at the Office of the City Clerk.

Any owner of real property, deemed benefited and therefore within the District, objecting to the Revised Plan, must file an objection at the Office of the City Clerk, on forms made available by the City Clerk, within thirty (30) days of the close of the hearing on the proposed District. If owners of at least fifty-one percent (51%) of the assessed value of benefited real property situated within the boundaries of the District proposed for establishment, as shown on the latest completed assessment roll of the City, or at least fifty-one percent (51%) of the owners of benefited real property within the area included in the District proposed for establishment file objections with the City Clerk, the District shall not be established.

**DIRECT STUDENT SUPPORT SERVICES** – Negotiated Acquisition – PIN# 69940040 – To enter into a negotiated acquisition to enter into an agreement with SCAN-New York to provide transitional support services through a Manhattan Off-Site Suspension Center from September 1, 2005 until June 30, 2009. The Office of Alternative, Adult and Continuing Education Schools and Programs ("Alternative Schools") issued an RFP in June 2005 requesting proposals from Community Based Organizations experienced in providing instructional and support services for students placed in transitional programs. No proposals were submitted for the operation of the Manhattan Off-Site Suspension Center. To secure a provider for the upcoming school year, Alternative Schools discussed the needs of the DOE with several community based organizations that operate similar transitional service programs in Manhattan including New York City Mission Society, Boys and Girls Club Republic and SCAN-New York. Of the organizations contacted, SCAN-New York had both available space and the experience to operate a Manhattan Off-Site Suspension Center. Scan-New York has been a successful provider of transitional services to the Department for the past two years. The proposed budget is fair and reasonable and includes in-kind contributions from SCAN-New York. The expectation is that SCAN-New York will manage the Manhattan Off-Site Suspension Center each year until June 30, 2009 when the Transitional Services RFP and this agreement will expire. The term of this contract is 9/1/05 - 6/30/09, at an annual not to exceed $288,887.50.

**DIRECT STUDENT SUPPORT SERVICES** – Negotiated Acquisition – PIN# 69940040 – To enter into a negotiated acquisition to enter into an agreement with SCAN-New York to provide transitional support services through a Manhattan Off-Site Suspension Center from September 1, 2005 until June 30, 2009. The Office of Alternative, Adult and Continuing Education Schools and Programs ("Alternative Schools") issued an RFP in June 2005 requesting proposals from Community Based Organizations experienced in providing instructional and support services for students placed in transitional programs. No proposals were submitted for the operation of the Manhattan Off-Site Suspension Center. To secure a provider for the upcoming school year, Alternative Schools discussed the needs of the DOE with several community based organizations that operate similar transitional service programs in Manhattan including New York City Mission Society, Boys and Girls Club Republic and SCAN-New York. Of the organizations contacted, SCAN-New York had both available space and the experience to operate a Manhattan Off-Site Suspension Center. Scan-New York has been a successful provider of transitional services to the Department for the past two years. The proposed budget is fair and reasonable and includes in-kind contributions from SCAN-New York. The expectation is that SCAN-New York will manage the Manhattan Off-Site Suspension Center each year until June 30, 2009 when the Transitional Services RFP and this agreement will expire. The term of this contract is 9/1/05 - 6/30/09, at an annual not to exceed $288,887.50.

## HOMELESS SERVICES

**OFFICE OF CONTRACTS AND PROCUREMENT**

■ SOLICITATIONS

*Human/Client Service*

**DEVELOP TRANSITIONAL RESIDENCE FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS** – Competitive Sealed Proposals – Judgment required in evaluating proposals - PIN# 071-00S-003-262 – DUE 01-03-06 AT 5:00 P.M. – The Department of Homeless Services is soliciting proposals from organizations interested in developing and operating transitional residences for homeless adults and families including the Neighborhood Based Cluster Residence and drop-in centers for adults. This is an open-ended solicitation; there is no due date for submission. Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-forth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the transitional residence contracts will range from 3 to 20 years including renewal options and depending on the financial terms and conditions.

Pursuant to Section 312 (c) (1) (ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgment is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03 (c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences in order to address the need to create additional shelter capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated as a for-profit entity; 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed Standalone facility location(s); and 3) must demonstrate an intent to enter into lease agreements with the owner(s) or management designee(s) for each property.

Any organization that believes it can provide these services may contact: John Iaffaldano, Associate Staff Analyst, Office of Contracts and Procurement at the Department of Homeless Services at (212) 361-8435, 33 Beaver Street, 13th Floor, NY, NY 10004, to request a copy of the RFP application, which is available for pick-up Monday through Friday on business days between the hours of 9:00 a.m. to 5:00 p.m.

*Use the following address* unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/ blueprints; other information; and for opening and reading of bids at date and time specified above.

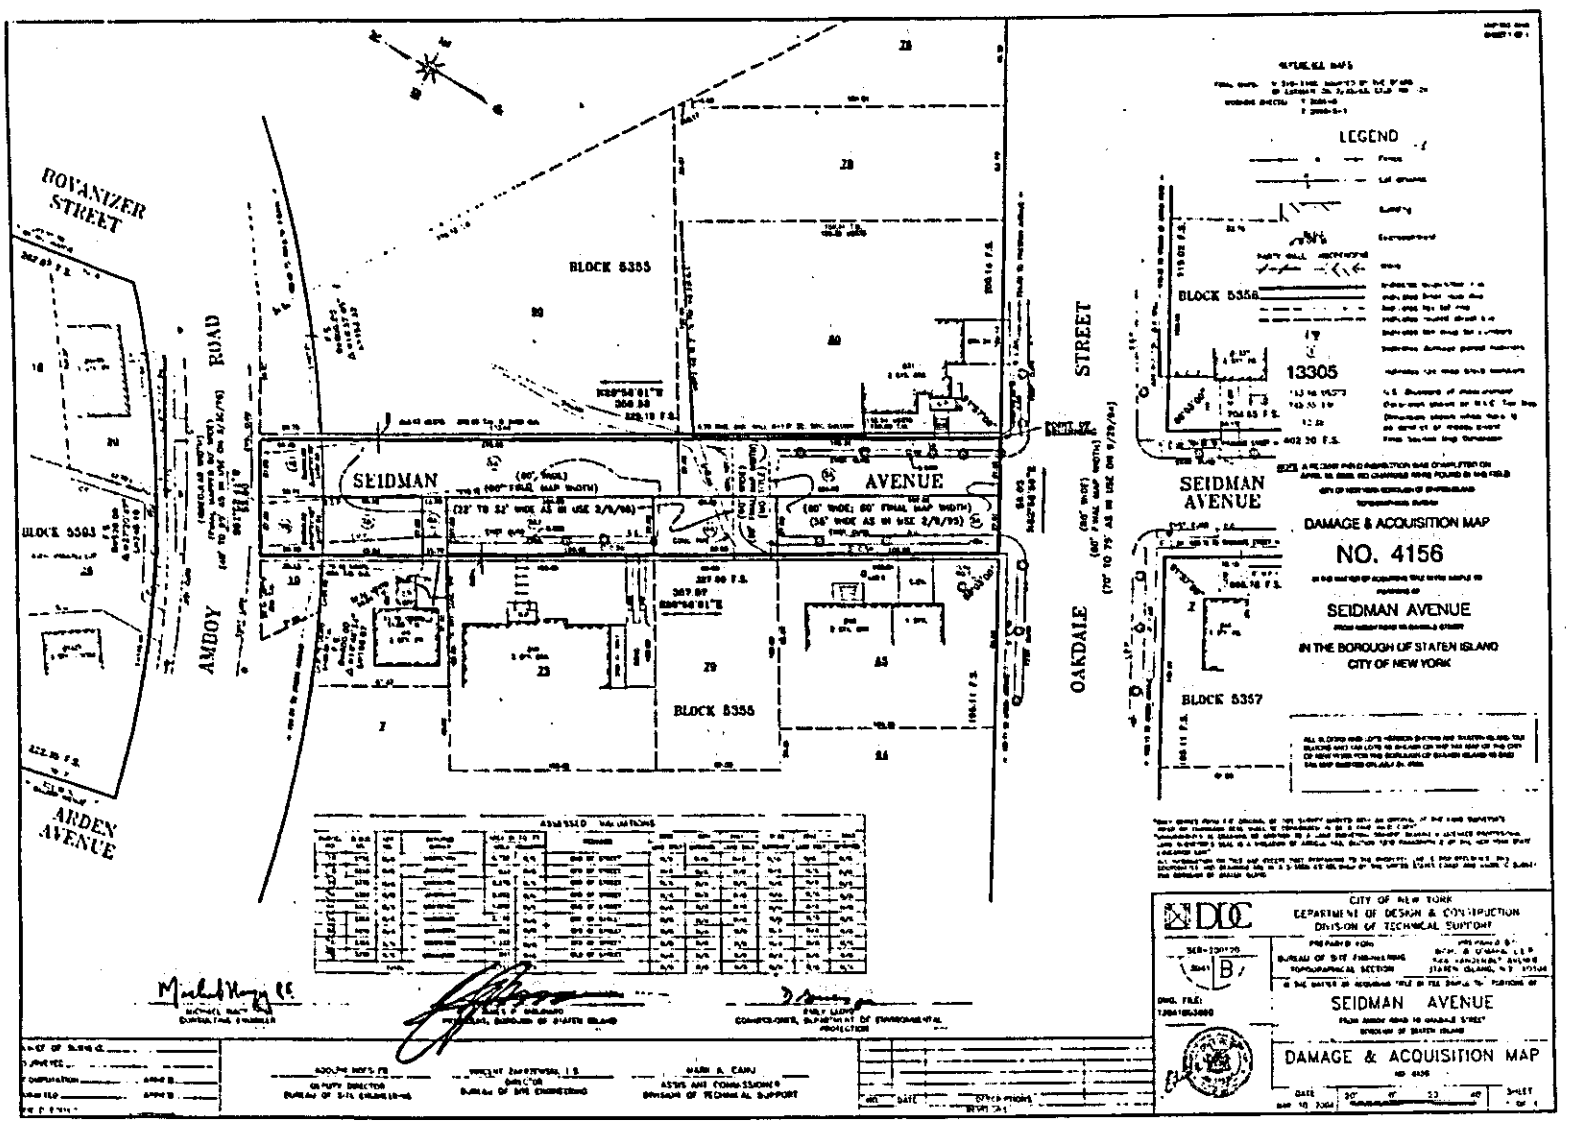
## COURT NOTICE MAP FOR SEIDMAN AVENUE STATEN ISLAND



# READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9.00 A.M. to 5:00 P.M. except legal holidays.

**NOTICE TO ALL NEW YORK CITY CONTRACTORS**

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in Crosby v. National Foreign Trade Council, 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

**CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES**

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

**VENDOR ENROLLMENT APPLICATION**

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists--free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

**Attention Existing Suppliers:**
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

**SELLING TO GOVERNMENT TRAINING WORKSHOP**

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

**PRE-QUALIFIED LIST**

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

**NON-MAYORAL ENTITIES**

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

**PUBLIC ACCESS CENTER**

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

**ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES**

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

**PROMPT PAYMENT**

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

**PROCUREMENT POLICY BOARD RULES**

**HOW TO READ CR PROCUREMENT NOTICES**

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

(a) In any #yard# or #rear yard equivalent#:

* * *

Overhangs in R4 and R5 Districts, except R4A, R4-1, R4B, ~~or~~ R5A or R5B Districts, which are that portion of a #building# above the first #story# including the #basement# which projects not more than three feet into the required 18 foot #front yard#. Furthermore, if an opening to an #accessory# off-street parking space is located within the #street wall# of a #residential building#, there shall be an open area between the opening and the #street line# which is at least 8 and 1/2 feet in width by 18 feet in depth.

R3A R3X R4A R4-1 R4B R5A R5B
(b) For the purpose of paragraphs (b) and (c) the area between the #street line# and the front building wall of adjacent #buildings# on the same or adjoining #zoning lots# shall be considered adjacent #front yards#.
Except as provided in paragraph (c) of this Section, in the districts indicated, if adjacent #residential buildings# on the same or on adjoining #zoning lots# fronting on the same #street# have #front yards# greater than the minimum set forth in paragraph (a) of this Section, then a #front yard# shall be provided which:

(1) in R3A, R3X, R4A, ~~or~~ R4-1, or R5A Districts is at least as deep as an adjacent #front yard#; and

(a) has less than the prescribed minimum #lot width#; and

(b) was owned separately and individually from all other adjoining tracts of land, both on December 15, 1961 and on the date of application for a building permit.

However, in no event shall the required width of a #side yard# be less than five feet.

23-49

If a #residence# is so constructed, the #side yard# requirements shall be waived along that boundary of the #zoning lot# coincident with said party wall or party walls, or independent wall or walls along a #side lot line#, and one #side yard# shall be provided along any #side lot line# of the #zoning lot# where such a wall is not so utilized, at least eight feet wide in R3-1, R3-2, R4 or R5 Districts and four feet wide in R4-1, R4B or R5B Districts.

**Maximum Height of Walls and Required Setbacks**
R2A R2X R3 R4 R4A R4-1 R5A

(b) In the districts indicated, the height and setback of a #building or other structure# shall be as set forth herein except where modified pursuant to paragraphs (g)and (h) of this Section.

For the purposes of this Section, where #base planes# of different elevations apply to different portions of a #building or other structure#, each such portion of the #building# may be considered to be a separate #building#. Furthermore, for the purposes of this Section, #building segments# may

be considered to be separate #buildings# and abutting #semi-detached buildings# may be considered to be one #building#.

The perimeter walls of a #building or other structure# are those portions of the outermost walls enclosing the #floor area# within a #building or other structure# at any level and height is measured from the #base plane#. Perimeter walls are subject to setback regulations at a maximum height above the #base plane# of:

|---|---|
| 21 feet | R2A R2X R3 R4A |
| 25 feet | R4 R4-1 R5A |
| 26 feet* | R3 R4A R4-1 within #lower density growth management areas# |

* In R3, R4A and R4-1 Districts within #lower density growth management areas#, where a #base plane# is established at a #base flood elevation# higher than grade, the maximum perimeter wall height shall be 21 feet above such base flood elevation or 26 feet above grade, whichever is more.

Above these heights, sloping planes control the maximum height of the #building or other structure# requiring either a setback or a pitched roof. These planes start at the maximum permitted height of the perimeter walls and meet at a ridge line of 35 feet above the #base plane#. The exact locations of these planes are flexible and are determined in the steps set forth in paragraphs (1) through (5) as follows:

* * *

R2X R3 R4 R4A R4-1 R5A

(6) Special Situations

(i) For convex curved perimeter walls the #building or other structure# must be within a plane curve tapering uniformly to a vertex located at a height of 35 feet. For concave curved perimeter walls, the #building or other structure# must lie within a plane curve extending from the maximum perimeter wall height to a ridge line parallel to the prolongation of the perimeter wall at the 35 foot level. Such plane curves may not exceed a pitch of 80 degrees in relation to a plane drawn parallel to the #base plane# at the maximum height of the permitted perimeter wall. (See Figure G).

* * *

R3-2 R4 R5

(h) In the districts indicated, except R4A, R4B, R4-1, R5A and R5B Districts, the City Planning Commission may authorize a #building or other structure# that penetrates the height and setback regulations set forth in paragraphs (b) and (d) above except for #buildings# utilizing the optional regulations for #predominantly built-up areas#. **DEVELOP TRANSITIONAL RESIDENCE FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS** – Competitive Sealed Proposals – Judgment required in evaluating proposals - PIN# 071-00S-003-262 – DUE 01-03-06 AT 5:00 P.M. – The Department of Homeless Services is soliciting proposals from organizations interested in developing and operating transitional residences for homeless adults and families including the Neighborhood Based Cluster Residence and drop-in centers for adults. This is an open-ended solicitation; there is no due date for submission. Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-forth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the transitional residence contracts will range from 3 to 20 years including renewal options and depending on the financial terms and conditions.

Pursuant to Section 312 (c) (1) (ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgment is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03 (c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences in order to address the need to create additional shelter capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated as a for-profit entity; 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed Standalone facility location(s); and 3) must demonstrate an intent to enter into lease agreements with the owner(s) or management designee(s) for each property.

Any organization that believes it can provide these services may contact: John Iaffaldano, Associate Staff Analyst, Office of Contracts and Procurement at the Department of Homeless Services at (212) 361-8435, 33 Beaver Street, 13th Floor, NY, NY 10004, to request a copy of the RFP application, which is available for pick-up Monday through Friday on business days between the hours of 9:00 a.m. to 5:00 p.m.

# READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

**NOTICE TO ALL NEW YORK CITY CONTRACTORS**

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in Crosby v. National Foreign Trade Council, 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

**CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES**

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

**VENDOR ENROLLMENT APPLICATION**

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists--free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

**Attention Existing Suppliers:**
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

**SELLING TO GOVERNMENT TRAINING WORKSHOP**

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

**PRE-QUALIFIED LIST**

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

**NON-MAYORAL ENTITIES**

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

**PUBLIC ACCESS CENTER**

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

**ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES**

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

**PROMPT PAYMENT**

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

**PROCUREMENT POLICY BOARD RULES**

The Rules may also be accessed on the City Website, http://NYC.GOV.Selltonyc

**HOW TO READ CR PROCUREMENT NOTICES**

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

(b) For the purpose of paragraphs (b) and (c) the area between the #street line# and the front building wall of adjacent #buildings# on the same or adjoining #zoning lots# shall be considered adjacent #front yards#.
Except as provided in paragraph (c) of this Section, in the districts indicated, if adjacent #residential buildings# on the same or on adjoining #zoning lots# fronting on the same #street# have #front yards# greater than the minimum set forth in paragraph (a) of this Section, then a #front yard# shall be provided which:

(1) in R3A, R3X, R4A, ~~or~~ R4-1, or R5A Districts is at least as deep as an adjacent #front yard#; and

* An open area with a minimum width of eight feet, parallel to the #side lot line#, is required along a common #side lot line# between a new #development#, #enlargement# or alteration and a #residential building# on an adjacent #zoning lot#, except that the total width of #side yards# on a #zoning lot# need not exceed 13 feet, with both #side yards# at least five feet wide. However, where an adjacent #zoning lot# has an existing #detached residence# with #side yards# totaling 13 feet in width with one #side yard# at least five feet wide, or an existing #semi-detached residence# with a #side yard# at least eight feet wide, the open area shall have a minimum width of ten feet except that the total width of #side yards# on a #zoning lot# need not exceed 13 feet, with both #side yards# at least five feet wide. (a) has less than the prescribed minimum #lot width#; and

(b) was owned separately and individually from all other adjoining tracts of land, both on December 15, 1961 and on the date of application for a building permit.

However, in no event shall the required width of a #side yard# be less than five feet.

23-49

(b) incorporate a straight line extension of such a wall existing on December 15, 1961 or lawfully erected under the terms of this Resolution; or

(c) share a party wall or party walls with other #residences# being erected at the same time on an adjoining #zoning lot# or #zoning lots#.

If a #residence# is so constructed, the #side yard# requirements shall be waived along that boundary of the #zoning lot# coincident with said party wall or party walls, or independent wall or walls along a #side lot line#, and one #side yard# shall be provided along any #side lot line# of the #zoning lot# where such a wall is not so utilized, at least eight feet wide in R3-1, R3-2, R4 or R5 Districts and four feet wide in R4-1, R4B or R5B Districts.

**Maximum Height of Walls and Required Setbacks**
R2A R2X R3 R4 R4A R4-1 R5A

(b) In the districts indicated, the height and setback of a #building or other structure# shall be as set forth herein except where modified pursuant to paragraphs (g)and (h) of this Section.

For the purposes of this Section, where #base planes# of different elevations apply to different portions of a #building or other structure#, each such portion of the #building# may be considered to be a separate #building#. Furthermore, for the purposes of this Section, #building segments# may be considered to be separate #buildings# and abutting #semi-detached buildings# may be considered to be one #building#.

The perimeter walls of a #building or other structure# are those portions of the outermost walls enclosing the #floor area# within a #building or other structure# at any level and height is measured from the #base plane#. Perimeter walls are subject to setback regulations at a maximum height above the #base plane# of:

| 25 feet | R4 R4-1 R5A |
| 26 feet* | R3 R4A R4-1 within #lower density growth management areas# |

* In R3, R4A and R4-1 Districts within #lower density growth management areas#, where a #base plane# is established at a #base flood elevation# higher than grade, the maximum perimeter wall height shall be 21 feet above such base flood elevation or 26 feet above grade, whichever is more.

Above these heights, sloping planes control the maximum height of the #building or other structure# requiring either a setback or a pitched roof. These planes start at the maximum permitted height of the perimeter walls and meet at a ridge line of 35 feet above the #base plane#. The exact locations of these planes are flexible and are determined in the steps set forth in paragraphs (1) through (5) as follows:

* * *

R2X R3 R4 R4A R4-1 R5A
(6) Special Situations

(i) For convex curved perimeter walls the #building or other structure# must be within a plane curve tapering uniformly to a vertex located at a height of 35 feet. For concave curved perimeter walls, the #building or other structure# must lie within a plane curve extending from the maximum perimeter wall height to a ridge line parallel to the prolongation of the perimeter wall at the 35 foot level. Such plane curves may not exceed a pitch of 80 degrees in relation to a plane drawn parallel to the #base plane# at the maximum height of the permitted perimeter wall. (See Figure G).

## ECONOMIC DEVELOPMENT CORPORATION

■ NOTICE

**NOTICE OF PUBLIC SCOPING**
**NEW STAPLETON WATERFRONT DEVELOPMENT PROJECT**

**Office of the Deputy Mayor for Economic Development and Rebuilding**

NOTICE IS HEREBY GIVEN THAT, pursuant to Section 5-07(b) of the Rules of Procedure of the New York City Charter, a public scoping meeting will be held on **Wednesday, November 30, 2005, at the Former Homeport, located at 455 Front Street (at the intersection of Canal Street), Staten Island, New York, at 5:00 p.m.,** as submitted by the New York City Economic Development Corporation on behalf of the Office of the Deputy Mayor for Economic Development and Rebuilding, to hear comments from the public regarding the proposed scope of work for the Environmental Impact Statement (EIS) for the New Stapleton Waterfront Development Plan.

The Project Area includes the former United States Navy Homeport, generally bounded by the approximate extension of St. Julian Place to the north, Front Street to the west, Vanderbilt Avenue to the south, and Upper New York Bay to the east (the Homeport Site), and the adjacent properties located between Hannah Street to the north, the Staten Island Rapid Transit (SIRT) tracks to the west, Willow Avenue to the south, and the waterfront to the east.

The New Stapleton Waterfront Development Project is a plan for the redevelopment of the former Homeport Navy base along the waterfront in the Stapleton section of Staten Island. The development project is the result of a public planning effort by the Mayor's Homeport Task Force, a working group comprised of city and elected officials and community and business representatives. The New Stapleton Waterfront Development Project is a mixed-use plan combining residential, local retail, restaurant/event space, sports complex, commercial uses. The development is expected to total approximately 682,500 square feet. The project also includes the creation of a waterfront esplanade and open spaces, the reconstruction of Front Street, which borders the site to the west, and site preparation to establish developable parcels within the site.

Implementation of the proposed development project requires several land use approvals subject to the ULURP process, including zoning map changes, zoning text changes, the disposition of city-owned property and changes to the City Map. In addition to the Homeport Site, the rezoning includes the blocks immediately west of the site between the SIRT tracks and Front Street, which could result in approximately 343,000 square feet of residential and local retail development.

The purpose of the scoping meeting is to provide the public with the opportunity to comment on the scope of analysis proposed to be included in the EIS for the referenced project. A copy of the Scoping Document for the project may be obtained by any member of the public from:

## HOMELESS SERVICES

**OFFICE OF CONTRACTS AND PROCUREMENT**

■ SOLICITATIONS

*Human / Client Service*

**DEVELOP TRANSITIONAL RESIDENCE FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS** – Competitive Sealed Proposals – Judgment required in evaluating proposals - PIN# 071-00S-003-262 – DUE 01-03-06 AT 5:00 P.M. – The Department of Homeless Services is soliciting proposals from organizations interested in developing and operating transitional residences for homeless adults and families including the Neighborhood Based Cluster Residence and drop-in centers for adults. This is an open-ended solicitation; there is no due date for submission. Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-forth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the transitional residence contracts will range from 3 to 20 years including renewal options and depending on the financial terms and conditions.

Pursuant to Section 312 (c) (1) (ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgment is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03 (c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences in order to address the need to create additional shelter capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated as a for-profit entity; 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed Standalone facility location(s); and 3) must demonstrate an intent to enter into lease agreements with the owner(s) or management designee(s) for each property.

Any organization that believes it can provide these services may contact: John Iaffaldano, Associate Staff Analyst, Office of Contracts and Procurement at the Department of Homeless Services at (212) 361-8435, 33 Beaver Street, 13th Floor, NY, NY 10004, to request a copy of the RFP application, which is available for pick-up Monday through Friday on business days between the hours of 9:00 a.m. to 5:00 p.m.

# READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

**NOTICE TO ALL NEW YORK CITY CONTRACTORS**

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in Crosby v. National Foreign Trade Council, 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

**CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES**

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

**VENDOR ENROLLMENT APPLICATION**

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists--free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

**Attention Existing Suppliers:**
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

**SELLING TO GOVERNMENT TRAINING WORKSHOP**

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

**PRE-QUALIFIED LIST**

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

**NON-MAYORAL ENTITIES**

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

**PUBLIC ACCESS CENTER**

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

**ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES**

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

**PROMPT PAYMENT**

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

**PROCUREMENT POLICY BOARD RULES**

The Rules may also be accessed on the City Website, http://NYC.GOV.Selltonyc

**HOW TO READ CR PROCUREMENT NOTICES**

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.
