COLLEGE BOARD – Negotiated Acquisition – PIN# 775040040 – Department of Education to enter into a negotiated acquisition to enter into an agreement with the College Board, located at 45 Columbus Avenue, New York, NY 10023, to provide the Preliminary SAT/National Merit Scholarship Qualifying Test (PSAT/NMSQ) and Advanced Placement Exams (AP Test) and training in advanced placement pedagogy. The Office of Secondary Schools seeks to enter into an agreement with the College Board for the purchase of standarized exam materials for the PSAT/NMSQ and AP Test, and training in advanced placement pedagogy. The PSAT is multiple choice standardized test consisting of 3 sections: Math, Critical Reading, and Writing. The scoring for the PSAT/NMSQ is used for preliminary selection in the National Merit Scholarship Competition. The College Board supervises the Advanced Placement Program, wherein students take Advanced Placement courses in high school, followed by the AP test. Courses and exams are recognized by colleges as equivalent to college-level classes, depending upon a student's score on the AP test. The College Board provides examinations and is responsible for grading them and distributing the results. The College Board is the sole manufacturer and proprietor in the United States of the PSAT/NMSQ and AP Exams. In the Year One, these services will be provided to 40 schools targeting 11,500 students. In the second and third years, these services will be provided to 40 schools targeting 44,000 students. These services will be effective 7/1/05 - 6/30/08, for a total contract cost of $2,188,000.

COLLEGE BOARD – Negotiated Acquisition – PIN# 775040040 – Department of Education to enter into a negotiated acquisition to enter into an agreement with the College Board, located at 45 Columbus Avenue, New York, NY 10023, to provide the Preliminary SAT/National Merit Scholarship Qualifying Test (PSAT/NMSQ) and Advanced Placement Exams (AP Test) and training in advanced placement pedagogy. The Office of Secondary Schools seeks to enter into an agreement with the College Board for the purchase of standarized exam materials for the PSAT/NMSQ and AP Test, and training in advanced placement pedagogy. The PSAT is multiple choice standardized test consisting of 3 sections: Math, Critical Reading, and Writing. The scoring for the PSAT/NMSQ is used for preliminary selection in the National Merit Scholarship Competition. The College Board supervises the Advanced Placement Program, wherein students take Advanced Placement courses in high school, followed by the AP test. Courses and exams are recognized by colleges as equivalent to college-level classes, depending upon a student's score on the AP test. The College Board provides examinations and is responsible for grading them and distributing the results. The College Board is the sole manufacturer and proprietor in the United States of the PSAT/NMSQ and AP Exams. In the Year One, these services will be provided to 40 schools targeting 11,500 students. In the second and third years, these services will be provided to 40 schools targeting 44,000 students. These services will be effective 7/1/05 - 6/30/08, for a total contract cost of $2,188,000.

PREVAILING WAGE RATES EFFECTIVE IN THE CITY OF NEW YORK FOR THE PERIOD JULY 1, 2006 THROUGH JUNE 30, 2007

The following are the prevailing rates of wages and supplements which the Comptroller of the City of New York has determined, pursuant to the New York State Labor Law Section 220, will be in effect in the City of New York for the period beginning July 1, 2006 and ending June 30, 2007. The rates will become effective July 1, 2006.

Section 220.6 of the New York State Labor Law provides that an employer may contest rates determined by the Comptroller pursuant to Section 220.5. All questions or comments concerning rates scheduled to go into effect on July 1, 2006, should be directed, preferably before June 16, 2006, in writing, to:

Wasyl Kinach, P.E.
Director of Classifications
Bureau of Labor Law
Office of the Comptroller
One Centre Street, Room 1122
New York, New York 10007
By Facsimile: (212) 815-4002

LABOR LAW §220 PREVAILING WAGE SCHEDULE

Pursuant to Labor Law §220 (3) the Comptroller of the City of New York has promulgated this schedule solely for Workers, Laborers and Mechanics engaged by private contractors on New York City public work contracts. Contracting agencies anticipating doing work which requires the employment of a trade or classification not included in this schedule must request the Comptroller to establish a proper classification for the work pursuant to Labor Law §220 (3-a) (a). The prevailing rate schedule as promulgated by the Comptroller, must, in compliance with law, be annexed to and form part of the contract.

The appropriate schedule of prevailing wages and benefits must be posted at all public work sites pursuant to Labor Law §220 (3-a) (a).

This schedule is applicable for work performed from July 1, 2006 through June 30, 2007, unless otherwise noted. You will be notified of any changes to this schedule by addenda published on our web site @ www.comptroller.nyc.gov. The rate of wages and supplemental benefits to be paid or provided are those that prevail at the time the work is being performed. Preliminary schedules for future one-year periods are published annually in the City Record on or about June 1st of each succeeding year. Final schedules are published on or about July 1st in the City Record and on our web site @ www.comptroller.nyc.gov.

The Comptroller's Office has attempted to include all overtime, shift and night differential, Holiday, Saturday, Sunday or other premium time work. However, this schedule does not set forth every prevailing practice with respect to such rates with which employers must comply. All such rates and practices are nevertheless part of the employer's

prevailing wage obligation and contained in the collective bargaining agreements of the prevailing wage unions. These collective bargaining agreements are available for inspection by appointment. Requests for appointments may be made by calling (212) 669-4437, Monday through Friday between the hours of 9 a.m. and 5 p.m.

Answers to questions concerning the application of premium rates and or prevailing trade practices may be found in the collective bargaining agreements of the prevailing union or by requesting such information from the Bureau of Labor Law's Classification unit by calling Wasyl Kinach at (212) 669-4443.

All other inquiries concerning compliance with the Prevailing Wage Law, should be directed to; Bureau of Labor Law, ATT: Wasyl Kinach, Office of the Comptroller, 1 Centre Street, Room 1122, New York, N.Y. 10007; Fax (212) 669-4002.

Prevailing rates and ratios for apprentices are attached to this schedule as Appendix #1. Pursuant to Labor Law §220 (3-e), only apprentices who are individually registered in a bona fide program to which the employer contractor is a participant, registered with the New York State Department of Labor, may be employed on a public work project. Trainees, Assistants and Helpers who are not journey persons or not registered apprentices pursuant to Labor Law §220 (3-e) may not be substituted for apprentices and must be paid as journey persons.

Workers, Laborers and Mechanics employed on a public work project must receive not less than the prevailing rate of wage and benefits for the classification of work performed by each upon such public work. Contractors are solely responsible for maintaining original payroll records which delineate, among other things, the hours each employee worked within a given classification. Contractors using rates and/or classifications not promulgated by the Comptroller do so at their own risk. Additionally, prior to bid, Agency Chief Contracting Officers must contact the Bureau of Labor Law when the need arises for a work classification not published in this schedule.

Prevailing Rate Schedule Information: The information below is intended to assist you in meeting your prevailing wage rate obligation.

Covered Workers: Any and all individuals who are engaged, employed or otherwise occupied as Workers, Laborers or Mechanics on the public work site.

Supplemental Benefits: Employers may meet supplemental benefits obligation by paying the hourly supplemental benefits rate to their employees in cash. Such cash payments are considered income to the employee. Employers who elect to provide bona fide supplemental benefits to their employees will be given hourly cash credit for such benefits up to the hourly benefits rate set forth in the applicable schedule for the relevant trade or occupation at issue.

Particular attention should be given to the supplemental benefits requirement. Although in most instances the payment or provision for supplemental benefits is for each hour worked, some classifications require the payment or provision of supplemental benefits for each hour paid. Consequently, some prevailing practices require benefits to be purchased at the overtime, shift differential, Holiday, Saturday, Sunday or other premium time rate.

Contractors are advised to review the applicable Collective Bargaining Agreements and the Comptroller's Prevailing Wage Schedule before bidding on Public Work. If there are any questions concerning prevailing wages, benefits, overtime, Holiday pay, shift differentials or any prevailing practice, please contact this office.

Any error as to compensation under the prevailing wage law or other information as to trade classification, made by the contracting agency in the contract documents or in any other communication will not preclude a finding against the contractor of prevailing wage violation.

Wasyl Kinach, P.E.
Director of Classifications
Bureau of Labor Law

PREVAILING WAGE RATES EFFECTIVE IN THE CITY OF NEW YORK FOR THE PERIOD JULY 1, 2006 THROUGH JUNE 30, 2007

The following are the prevailing rates of wages and supplements which the Comptroller of the City of New York has determined, pursuant to the New York State Labor Law Section 230, will be in effect in the City of New York for the period beginning July 1, 2006 and ending June 30, 2007. The rates will become effective July 1, 2006.

All questions or comments concerning rates scheduled to go into effect on July 1, 2006, should be directed, preferably before June 16, 2006, in writing, to:

Wasyl Kinach, P.E.
Director of Classifications
Bureau of Labor Law
Office of the Comptroller
One Centre Street, Room 1122
New York, New York 10007
By Facsimile: (212) 669-4002

This schedule of prevailing wages and supplemental fringe benefits must be posted at the public work site as required by New York State Labor Law § 231 (6).

LABOR LAW § 230 BUILDING SERVICE EMPLOYEES

In accordance with Labor Law §230 et seq. the Comptroller of the City of New York has promulgated this schedule of prevailing wages and supplemental benefits for building service employees engaged on building service contracts in excess of $1,500.00. Prevailing rates are required to be annexed to and form part of the contract pursuant to §231 (4); however, only rates for trades anticipated by the contracting agency to be required on the work need be annexed to the contract.

Pursuant to §231 (4) contracting agencies that anticipate doing work that may require building service trades or classifications not included in this schedule, must request the Comptroller to establish a proper classification and wage determination for the work. Contractors using trades and/or classifications for which the Comptroller has not promulgated wages and benefits do so at their own risk.

Labor Law § 231 (6) requires contractors to post on the site of the work a current copy of this schedule of wages and supplements.

This schedule is applicable to work performed from July 1, 2006 through June 30, 2007, unless otherwise noted. Changes to this schedule are published on our web site www.comptroller.nyc.gov. Contractors must pay the wages and supplements in effect when the building service employee performs the work. Preliminary schedules for future one-year periods appear in the City Record on or about June 1 each succeeding year. Final schedules appear on or about July 1 in the City Record and on the our web site www.comptroller.nyc.gov .

Building service employees on public contracts must receive not less than the prevailing rate of wage and supplements for the classification of work preformed. Contractors are solely responsible for maintaining original payroll records delineating, among other things, the hours worked by each employee within a given classification.

Employers may pay cash supplements; however, cash payments made in lieu of providing bona fide benefits is considered income to the employee. Employers providing bona fide benefits are credited for the cost of such benefits up to the hourly rate for benefits in the schedule for the trade or occupation at issue. Employers may combine cash supplements with in-kind supplements to meet the prevailing rate minimum.

Particular attention should be given to the supplemental benefits requirement. Although in most instances the

payment or provision for supplemental benefits is tied to hours worked, some classifications require the payment or provision of supplemental benefits at overtime or premium time rates. Contractors are advised to review the applicable collective bargaining agreements and the Comptroller's Prevailing Wage Schedule before bidding on public work. Any Prevailing Wage Rate error made by the Contracting Agency, whether in a contract document or other communication, will not preclude a finding against the contractor of prevailing-wage violation.

Because this schedule may not list each prevailing wage practice, contractors should familiarize themselves with the prevailing collective bargaining agreements. Please make appointments to inspect such agreements by calling (212) 669-4437, Monday through Friday between the hours of 9:00 A.M. and 5:00 P.M.

Answers to questions concerning premium rates and or prevailing trade practices may also be obtained from the Classification and Determination Unit by calling Wasyl Kinach, Director, at (212) 669-2203. Please direct all other compliance issues to; Bureau of Labor Law, Attn: Wasyl Kinach, P.E., Office of the Comptroller, 1 Centre Street, Room 1122, New York, N.Y. 10007; Fax (212) 669-4002.

NYC ADMINISTRATIVE CODE § 6-109 SCHEDULE OF "LIVING WAGES"

Contractors who provide the following services to the City of New York must post a copy of this Prevailing Wage Schedule at their public work site(s) as required by New York City Administrative Code § 6-109:

- Building Services;
- Food Services;
- Temporary Services;
- Homecare Services;
- Day Care Services;
- Head Start Services, and
- Services to Persons with Cerebral Palsy.

In accordance with NYC Administrative Code § 6-109, the Comptroller of the City of New York promulgated this schedule of prevailing wages for the above services on public work contracts for non-emergency work in excess of the small purchase limit set by the procurement policy board; contracting agencies must annex this schedule to such contract.

A city service contractor or subcontractor that provides homecare services, day care services, head start services or services to persons with cerebral palsy must pay its covered employees that directly render such services in performance of the city service contract or subcontract no less than the living wage and must provide its employees health benefits* or must supplement their hourly wage rate by an amount no less than the health benefits* supplement rate. This requirement applies for each hour that the employee works performing the city service contract or subcontract.

A city service contractor or subcontractor that provides building services, food services or temporary services must pay its employees that are engaged in performing the city service contract or subcontract no less than the living wage or the prevailing wage, whichever is greater. Where the living wage is greater than the prevailing wage, the city service contractor or subcontractor must either provide its employees health benefits* or must supplement their hourly wage rate by an amount no less than the health benefits* supplement rate. Where the prevailing wage is greater than the living wage, the city service contractor or subcontractor must provide its employees the prevailing wage and supplements. These requirements apply for each hour that the employee works performing the city service contract or subcontract.

The appropriate schedule of prevailing wages must be posted at all public work sites pursuant to NYC Administrative Code 6-109.

The schedule is applicable for work performed from July 1, 2006 through June 30, 2007, unless otherwise noted. You will be notified of any changes to this schedule by addenda published on our web site www.comptroller.nyc.gov. Schedules for future one-year periods will be published annually in the City Record on or about July 1st of each succeeding year and on our web site www.comptroller.nyc.gov.

The living wage rate and the health benefit* supplement rate are known through June 30, 2007, therefore, those rates are listed in this schedule.

The prevailing wage rates listed in this schedule may not include all hourly wage calculations for overtime, shift differential, Holiday, Saturday, Sunday or other premium time work. Similarly, this schedule does not set forth every prevailing practice with which employers must comply. However, all such unpublished rates are nonetheless part of the employer's prevailing wage rate obligation.

Answers to questions concerning prevailing wage rates and supplements and the application of prevailing trade practices may be found in the collective bargaining agreements of the prevailing union. Such agreements are available for inspection by appointment. Requests for appointments may be made by calling (212) 669-4437, Monday through Friday between the hours of 9 A.M. to 5 P.M. All other inquiries concerning compliance with this law, should be directed to: Bureau of Labor Law, Attention: Wasyl Kinach, Director of Classifications, Office of the Comptroller, 1 Centre Street, Room 1122, New York, New York 10007; fax (212) 669-4002. Contractors are solely responsible for maintaining original payroll records, which delineate, among other things, the hours each employee worked within a given classification. Contractors using rates and/or classifications not promulgated by the Comptroller do so at their own risk. Additionally, prior to bid, an agency's chief contact officer must contact the Bureau of Labor Law when the need arises for a work classification not published in this schedule.

The information listed below is intended to assist you in meeting your living wage and prevailing wage obligation. Contractors are advised to review the Comptroller's Living Wage Schedule before bidding on public work. Any wage rate error made by the contracting agency in the contract documents will not preclude a finding against the contractor for an underpayment of the applicable living wage or the applicable prevailing wage.

This schedule sets forth the living wage and the prevailing wage rates required to be annexed to and form part of the contract specifications for New York City public work pursuant to New York City Administrative Code 6-109. The attached schedule of wages are the living wage rates and the prevailing rates and the contractor engaged in public work is obligated to pay not less that the rates specified in this schedule for the trade or occupation upon such public work.

SCHOOL CONSTRUCTION AUTHORITY

■ NOTICE

NOTICE OF FILING

Pursuant to Section 1731 of the New York City School Construction Authority Act, notice has been filed for the proposed site selection of Block 4091, Lot 1, located in the Borough of the Bronx, to be used to develop an approximately 550-seat primary/intermediate school facility in NYC Department of Education Region No. 2/Community School District No. 11.

The proposed site is located at the southeast corner of Van Nest Avenue and Bronxdale Avenue. The site contains a total of approximately 33,000 square feet (0.76 acres) of lot area, and is occupied by an approximately 65,000 square foot three-story warehouse building. The proposed school (which would be operated by the NYC Department of Education) would be part of a larger redevelopment that will also contain an approximately 300-seat charter school, which is not included within this filing.

Site plans and a summary thereof for the proposed action are available at:

New York City School Construction Authority
30-30 Thomson Avenue
Long Island City, New York, NY 11101

Attention: Ross J. Holden

Comments on the proposed actions are to be sent to the New York City School Construction Authority at the above address and will be accepted until July 16, 2006.

WATER BOARD

■ NOTICE

PUBLIC NOTICE IS HEREBY GIVEN THAT pursuant to Section 1045-j (9) of the Public Authorities Law, that after public hearings were held on May 1, 2 and 3, 2006, in accordance with the provisions of such law, the New York City Water Board (the "Board") has, at its meeting held on May 12, 2006, adopted a resolution approving increases in water rates to users of the Water Supply System of the City of New York, for the fiscal year commencing July 1, 2006, from those rates currently in effect, and making certain customer service and billing policy changes, as follows:

I. There will be a change from currently effective water and wastewater rates for services provided during the fiscal year commencing July 1, 2006.

(1) Metered and unmetered water rates will increase by 9.4%.

(2) Wastewater charges will remain at 159% of water charges.

(3) The regulated rate for water provided to municipalities and water districts outside of the City which does not exceed the allowance quantities set forth in Section 24-360 of the Administrative Code of the City of New York will increase by not more than 13% to approximately $700.00 per million gallons, and the rate charged for water provided to municipalities and water districts outside of the City which exceeds the allowance quantities of water set forth in Section 24-360 of the Administrative Code of the City of New York will be equal to the in-City metered rate of $2,419.79 per million gallons.

II. There will also be changes to certain billing policies and miscellaneous fees and charges.

(1) Multiple Family Conservation Program (MCP) - The deadline for filing an application for the MCP, currently set forth as December 31, 2006, will be extended by two years to December 31, 2008. Other billing programs due to expire June 30, 2007 will also be extended two years to June 30, 2009.

(2) Miscellaneous Fees for Wastewater Service – The current fee of $200 imposed when, at the request of a customer, the Department of Environmental Protection (DEP) performs a dye test to determine the existence of a connection to the wastewater system will be extended to include any engineering field investigation performed in lieu of a dye test which determines the availability and/or condition of a wastewater connection.

(3) Letter of Authorization (LOA) – A valid LOA must contain a statement that the owner hereby rescinds any previously issued LOA. In cases where an owner has authorized multiple representatives, DEP shall deem the latest dated LOA to be valid, superseding any earlier dated LOAs.

(4) Existing Water Board and DEP policies and procedures will be iterated in the Rate Schedule in the interest of providing a more complete source of information to the Board's customers including the following:

a. DEP's responsibility for the maintenance and repair of water meters used for billing purposes does not extend to the building's plumbing system, including but not limited to service lines, control valves, check valves, and internal piping which are the responsibility of the property owner. Accordingly, owners are responsible for ensuring that the building's plumbing system is in an adequate state of repair so as to enable DEP to repair, upgrade or replace the meter.

b. Currently, DEP may assess a fee when a water meter requires repair or replacement due to the customer's vandalism or other actions. The term "other actions" will be replaced with the more specific term "failure to reasonably protect the meter or components."

Copies of the New York City Water Board Water and Wastewater Rate Schedule are available for inspection by the public during regular business hours at the offices of the New York City Water Board, 59-17 Junction Boulevard, 8th Floor, Flushing, NY 11373.

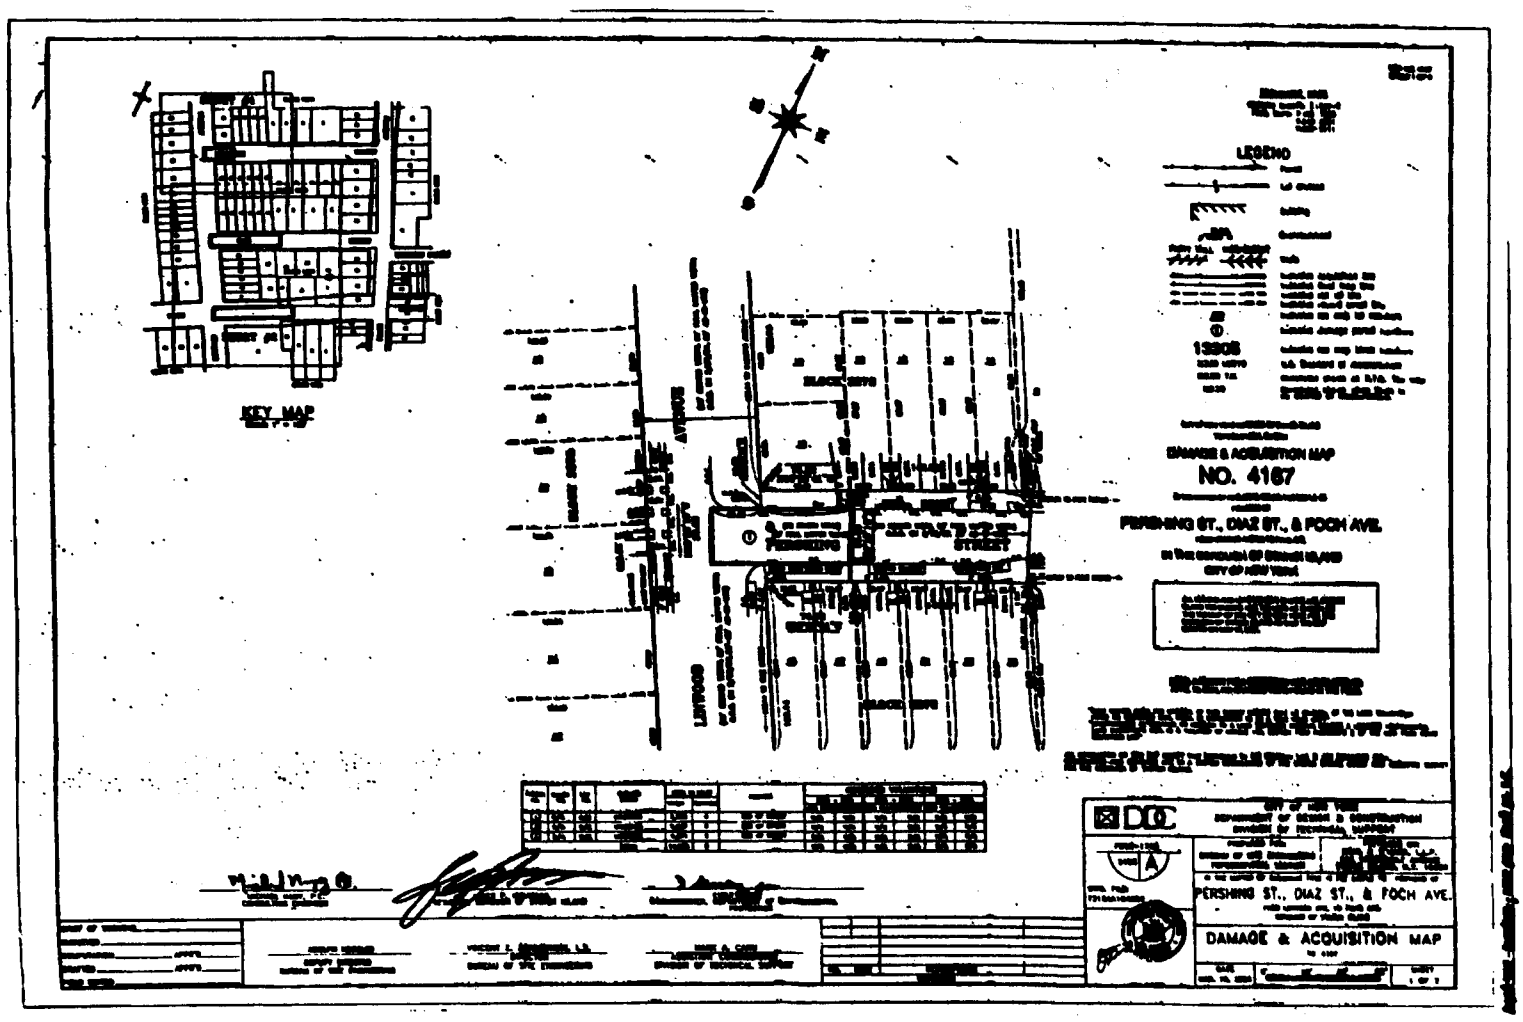
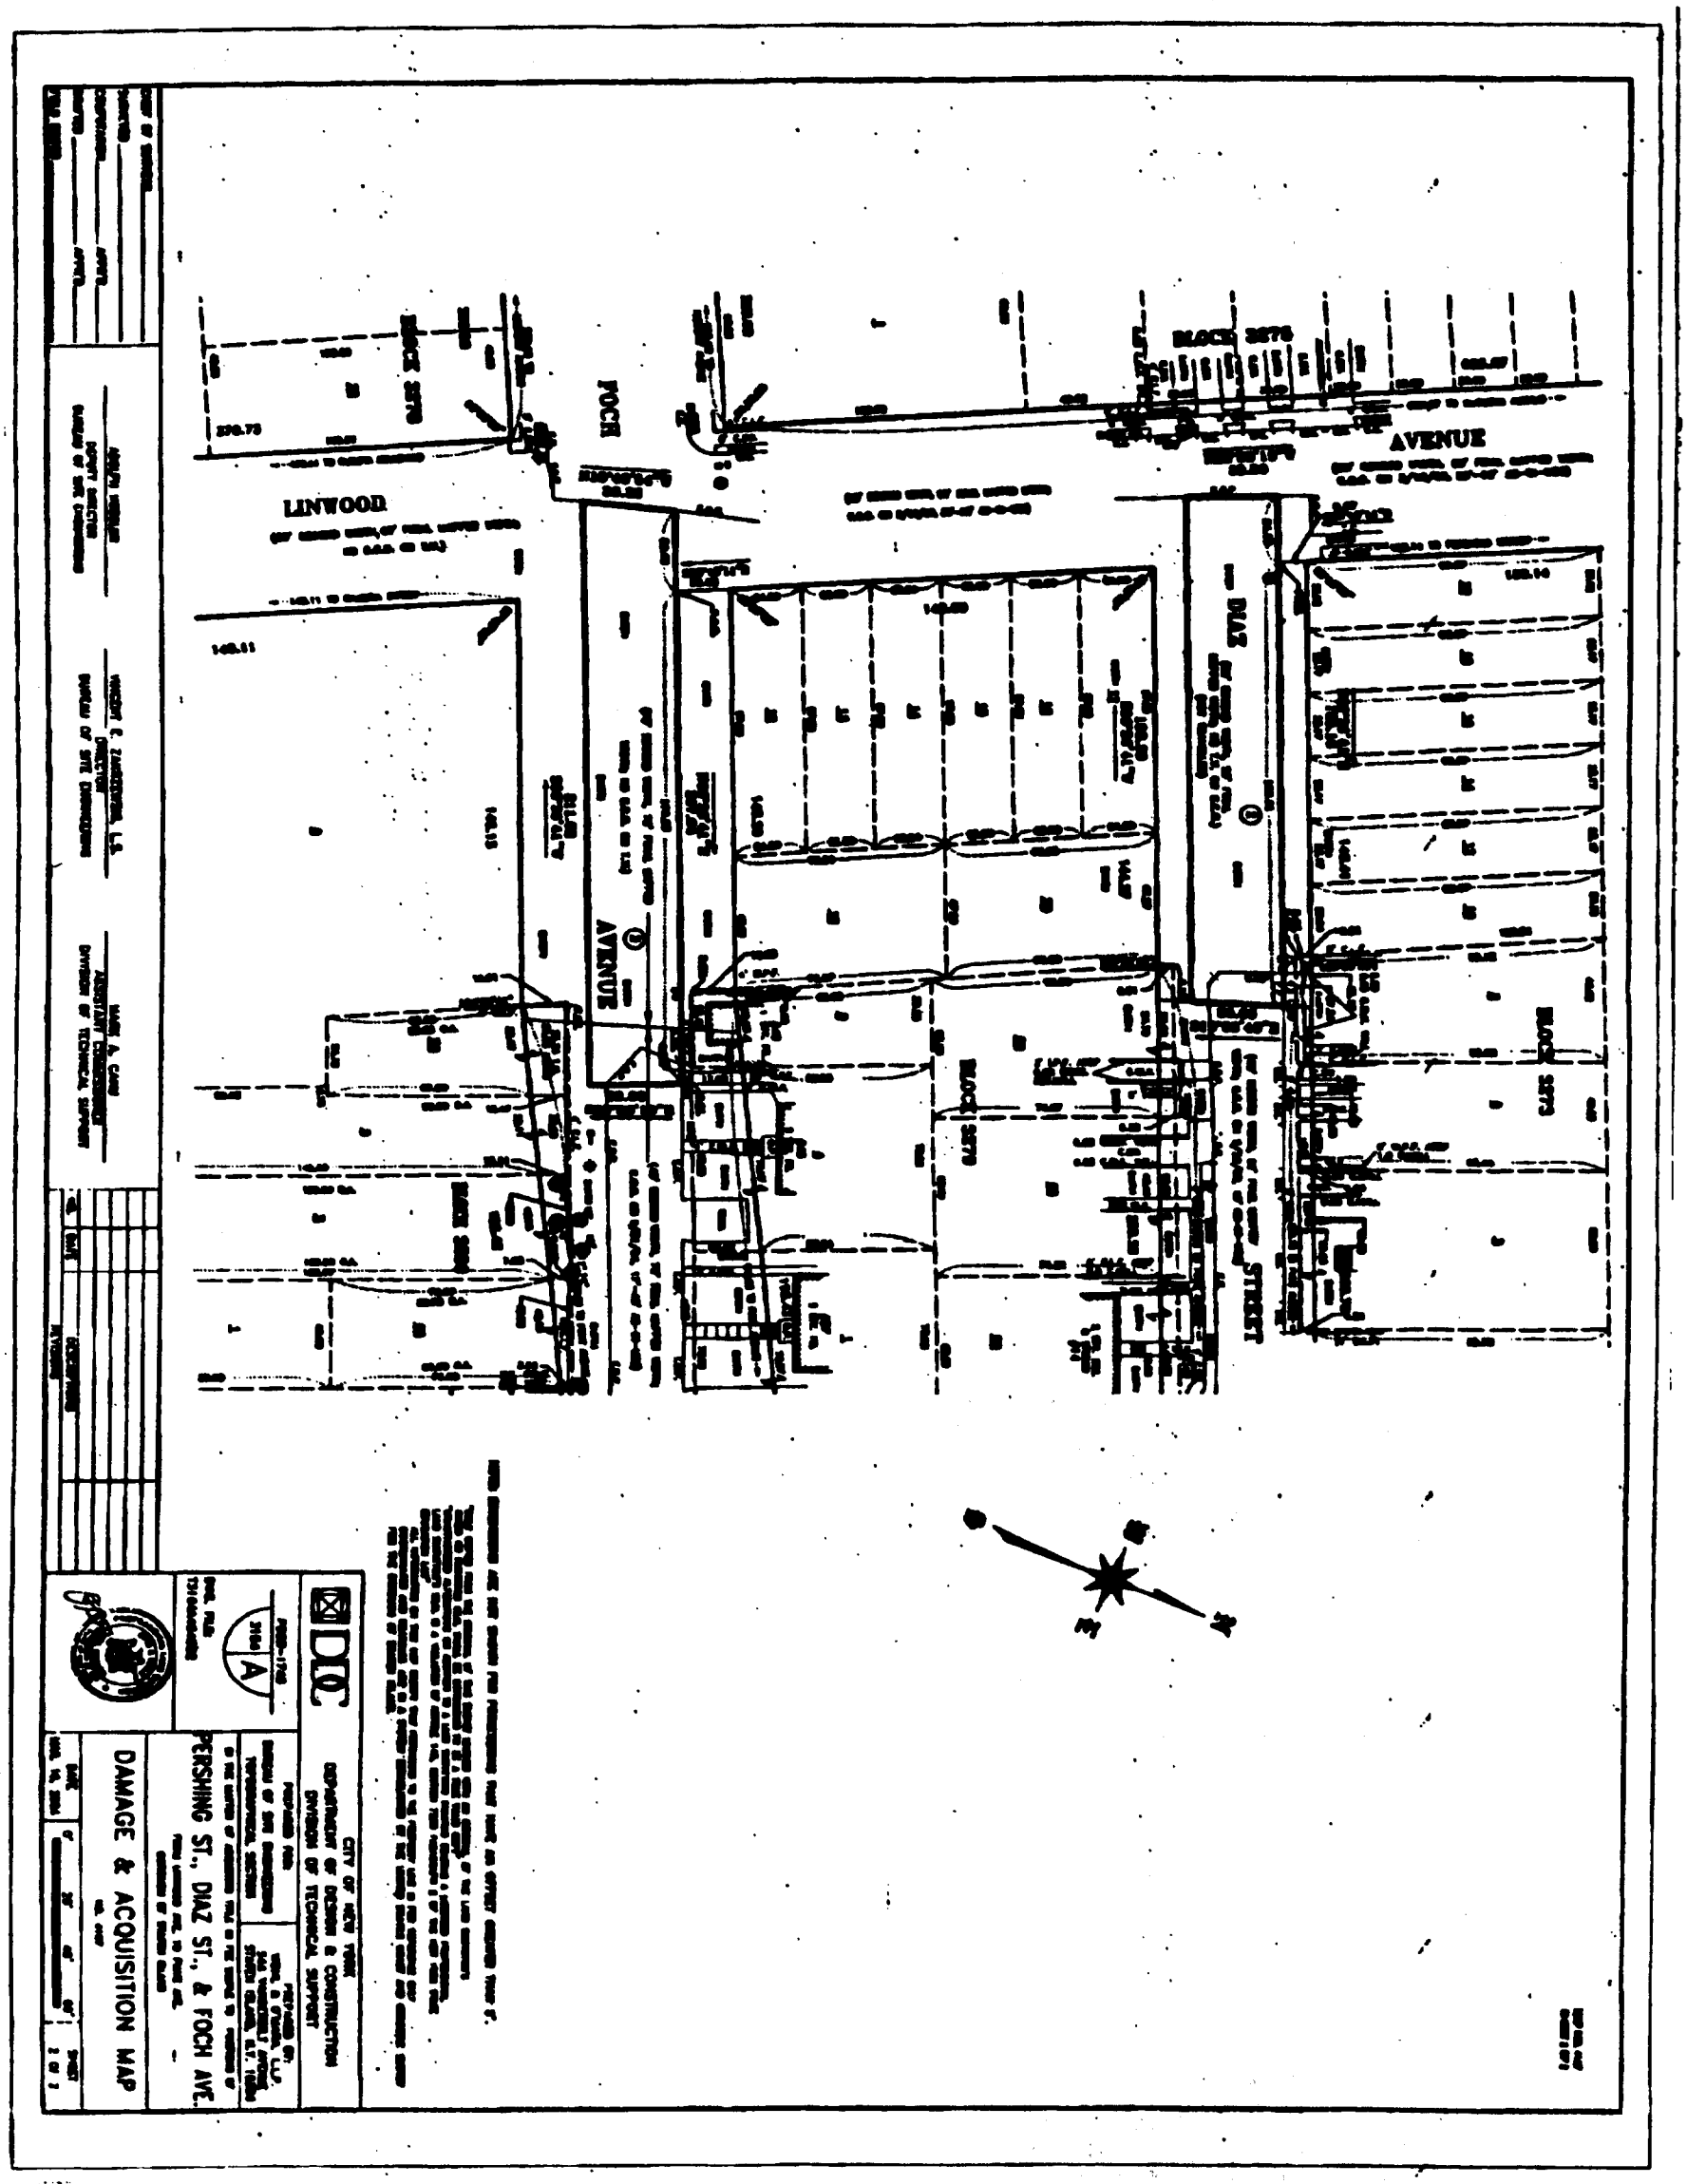
COURT NOTICE MAPS FOR PERSHING ST., DIAZ ST., & FOCH AVE.



COURT NOTICE MAPS FOR PERSHING ST., DIAZ ST., & FOCH AVE.



READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council**, 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists--free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

CONSUMER AFFAIRS

PUBLIC HEARING

The New York City Department of Cunsumer Affairs (DCA) announces an exploratory public hearing on debt collection practices in New York City

The Department of Consumer Affairs licenses all debt collection agencies doing business with New York City residents. Over the past two years, complaints reported to the DCA against debt collection agencies have jumped by 70%. Consumers contacting the Department describe a wide range of abusive and deceptive debt collection practices. This dramatic and troubling rise in the number of complaints indicates the need to assess whether there have been changes in industry practices that warrant reviewing the adequacy of current laws and regulations governing the industry, the adequacy of current enforcement practices, and how these may need to be adjusted to address the abuses reported by consumers.

We seek input from consumers, industry representatives, banking and credit experts, consumer groups, government agencies, and others to identify issues regarding debt collection practices and suggest recommendations for moving forward. MONDAY, JUNE 12, 2006 10:00 A.M. 3:00 P.M.

Borough of Manhattan Community College (BMCC) - Richard Harris Terrace, 199 Chambers Street (near the West Side Highway) - Lower Manhattan

Directions by subway: 1, 2, 3, A, C, E, J, M to Chambers Street, or R to City Hall

10:00AM - 1:00PM: Testimony from Individual Consumers
Testimony from Government Agencies, Banking and Credit Experts, and Community Groups

1:30PM - 3:00PM: Testimony from Industry Representatives

***Note:** Organizations or individuals wishing to comment should contact Andrew Eiler at the NYC Department of Consumer Affairs at 212-487-4240 or eilera@dca.nyc.gov no later than Friday, June 9 at 12 Noon. The duration of public testimony will be limited. Written testimony should be submitted to Andrew Eiler, 42 Broadway, 8th Floor, New York, NY 10004 and will be accepted until 5:00 p.m. June 12. For more information, please visit DCA online at www.nyc.gov/consumers.

COURT NOTICES

SUPREME COURT

NOTICE

RICHMOND COUNTY
IA PART 74
NOTICE OF PETITION
INDEX NUMBER (CY) 4009/06

In the Matter of Application of the CITY OF NEW YORK relative to acquiring title in fee simple absolute to certain real property where not heretofore acquired for **Portions of Pershing Street, Diaz Street, and Foch Avenue from Linwood Avenue to Piave Avenue** in the Borough of Staten Island, City and State of New York.

PLEASE TAKE NOTICE that the Corporation Counsel of the City of New York intends to make application to the Supreme Court of the State of New York, Richmond County, IA Part 74, for certain relief.

The application will be made at the following time and place: At 320 Jay Street, Room 17.21, Brooklyn, New York, on June 23, 2006, at 9:30 A.M., or as soon thereafter as counsel can be heard.

The application is for an order:

1. authorizing the City to file an acquisition map in the Office of the Clerk of Richmond County;

2. directing that upon the filing of said map, title to the property sought to be acquired shall vest in the City;

3. providing that the just compensation (if any) therefor be ascertained and determined by the Supreme Court without a jury; and

4. providing that notices of claim must be served and filed within one calendar year from the vesting date.

The City of New York, in this proceeding, intends to acquire title in fee simple absolute to certain real property where not heretofore acquired for the same purpose, for installation of storm sewers in the Borough of Staten Island, City and State of New York.

HOUSING PRESERVATION AND DEVELOPMENT

■ NOTICE

NOTICE OF AVAILABILITY OF LOW INCOME HOUSING TAX CREDITS

The New York City Department of Housing Preservation and Development (HPD) announces the availability of Low Income Housing Tax Credits ("2006 Tax Credits") for Calendar Year 2006, as authorized under Section 42 of the Internal Revenue Code. Persons or organizations who construct or rehabilitate rental housing that is: (a) reserved for low-income occupancy and (b) located within the five boroughs of New York City may apply for allocations of 2006 Tax Credits.

In this competitive funding round, HPD reserves the right to allocate all, a portion of, or none of its 2006 Tax Credit authority, depending on the availability of credit authority, the ability of applicants to meet HPD's threshold eligibility requirements, as well as the feasibility and competitiveness of applications received.

Set-Aside – In this funding round, HPD will set aside $3.2 million of its allocation authority for new construction or substantial rehabilitation of permanent supportive housing projects with HPD approved on-site services that are developed by not-for-profit sponsors where:

a) 100% of units are affordable to persons with incomes at or below 60% AMI, AND
b) 60% of units are set-aside for homeless single adults referred by New York City agencies.

Submission Deadlines - Applications will be accepted through **July 14, 2006.** HPD expects to make award announcements on or about September 22, 2006. To be considered complete all applications, including applications submitted electronically, must include a paper copy of the application and all required attachments. Complete applications for 2006 Tax Credits must be received by HPD no later than 4:30 p.m. on or before July 14, 2006 at the following address:

NYC Dept. of Housing Preservation and Development
Tax Credits and Compliance Unit, 100 Gold Street,
Room 9U-8, New York, New York 10038. (212) 863-6583

Applications will be reviewed for completeness, feasibility, and the extent to which they meet the threshold and competitive selection criteria contained in HPD's 2006 *Low Income Housing Tax Credit Qualified Allocation Plan.* Copies of the 2006 Qualified Allocation Plan can be obtained at the address shown above or from HPD's website at http://www.nyc.gov/html/hpd/html/developers/low_income.shtml.

Application Forms – Applications for 2006 Tax Credits may be obtained at the address shown above, and on HPD's website at http://www.nyc.gov/html/hpd/html/developers/low_income.shtml. The application can be submitted either in electronic form or in paper form although electronic submissions are strongly preferred.

Pre-submission Conference - A pre-submission conference will be held on **June 15, 2006** at10:00 AM at 100 Gold Street, Room 1-R. Changes in the 2006 Application will be reviewed and potential applicants will have the opportunity to ask questions about the new electronic application, and the application and award process.

TAXI AND LIMOUSINE COMMISSION

■ NOTICE

NOTICE REGARDING SALE OF TAXICAB MEDALLIONS

NOTICE IS GIVEN THAT the upset prices regarding the sale of new taxicab licenses ("medallions") offered for sale by the New York City Taxi and Limousine Commission pursuant to sealed bid auctions previously noticed have been set.

NOTICE IS GIVEN THAT, as previously noticed, the New York City Taxi and Limousine Commission is offering for sale 54 medallions set aside exclusively for use with vehicles accessible to passengers using wheelchairs (hereafter referred to as "accessible medallions"). Sealed bids for accessible medallions may be submitted only from 9:00 a.m. until 5:00 p.m. daily, from Tuesday, June 13, 2006 through Thursday, June 15, 2006, at the New York City Taxi and Limousine Commission, 5th Floor, 40 Rector Street, New York, NY 10006. Bids must be delivered by hand on these dates during these hours only. **THE DEADLINE FOR RECEIPT OF SEALED BIDS IS 5:00 P.M. ON THURSDAY, JUNE 15, 2006.** Bids received after the bid

closing time will not be accepted or opened. **BIDS WILL NOT BE ACCEPTED BY MAIL.** The terms, conditions, and timing of this sale are unchanged from those noticed previously.

Accessible medallions shall be sold as independent medallions in lots of one medallion and as minifleet medallions in lots of either one or two medallions. In order to purchase a single accessible minifleet medallion the buyer must already own a minifleet. In the event that the lowest bid for what would otherwise be a winning bid for accessible medallions would be for a lot of two medallions and only one accessible medallion remains to be sold, such medallion will be sold to the next highest bidder for a single medallion lot. Accessible medallions will be sold to the highest bidder without regard to whether the bid is for an independent or minifleet medallion lot, and will be sold as either independent or minifleet medallions depending on the bids accepted.

NOTICE IS GIVEN THAT, as previously noticed, the New York City Taxi and Limousine Commission is offering for sale 254 medallions for use with a vehicle powered by compressed natural gas (CNG) or a hybrid electric vehicle (hereafter referred to as "alternative fuel medallions"). These medallions will be sold as independent or minifleet medallions in accordance with the ratios established by the Administrative Code of the City of New York. The Taxi and Limousine Commission will post the exact number of independent and minifleet medallions to be offered on its website at www.nyc.gov/taxi prior to bidding deadline for alternative fuel medallions.

Alternative fuel independent medallions shall be sold in lots of one medallion. Alternative fuel minifleet medallions shall be sold in lots of one or two medallions. In order to purchase a single alternative fuel minifleet medallion the buyer must already own a minifleet. In the event that the lowest bid for what would otherwise be a winning bid for minifleet lots is for a lot of two medallions and only one minifleet medallion remains available, such medallion will be sold to the next highest bidder for a single minifleet medallion lot. If there is no bidder for such minifleet medallion lot, the medallion shall be converted into an independent medallion and sold to the next highest bidder for an independent medallion.

Sealed bids for alternative fuel medallions may be submitted only from 9:00 a.m. until 5:00 p.m. daily, from Monday, June 19, 2006 through Wednesday, June 21, 2006, at the New York City Taxi and Limousine Commission, 5th Floor, 40 Rector Street, New York, NY 10006. Bids must be delivered by hand on these dates during these hours only. **THE DEADLINE FOR RECEIPT OF SEALED BIDS IS 5:00 P.M. ON WEDNESDAY, JUNE 21, 2006.** Bids received after the bid closing time will not be accepted or opened. **BIDS WILL NOT BE ACCEPTED BY MAIL.**

Pursuant to the Rules of the New York City Taxi and Limousine Commission, the Chairperson has established the minimum upset bid price for an accessible medallion at $275,000 for a lot of one medallion (whether independent or minifleet), or $550,000 for a minifleet lot of two medallions. The Chairperson has established the minimum upset price for an independent alternative fuel medallion at $320,000 for one medallion. The Chairperson has established the minimum upset price for minifleet alternative fuel medallions at $375,000 for a lot of one medallion and $750,000 for a lot of two medallions. In accordance with the Rules of the New York City Taxi and Limousine Commission, any bid made for any type of medallion that is in an amount for less than the upset price established for a lot of medallion(s) of that type will be rejected as non-responsive.

Each sealed bid must be accompanied by a deposit and commitment letter for eighty percent (80%) of the purchase price, and otherwise be in conformance with the TLC's bidding instructions, as set forth in 35 RCNY Chapter 13. The rules, bidding procedures and bid forms may be obtained on the Taxi and Limousine Commission website: http://www.nyc.gov/taxi. Copies of the rules may also be obtained by calling 311 or by visiting the Commission at 40 Rector Street, New York, NY 10006. The bids shall be opened in public, commencing at 11:00 a.m. on the following dates and at the following locations:

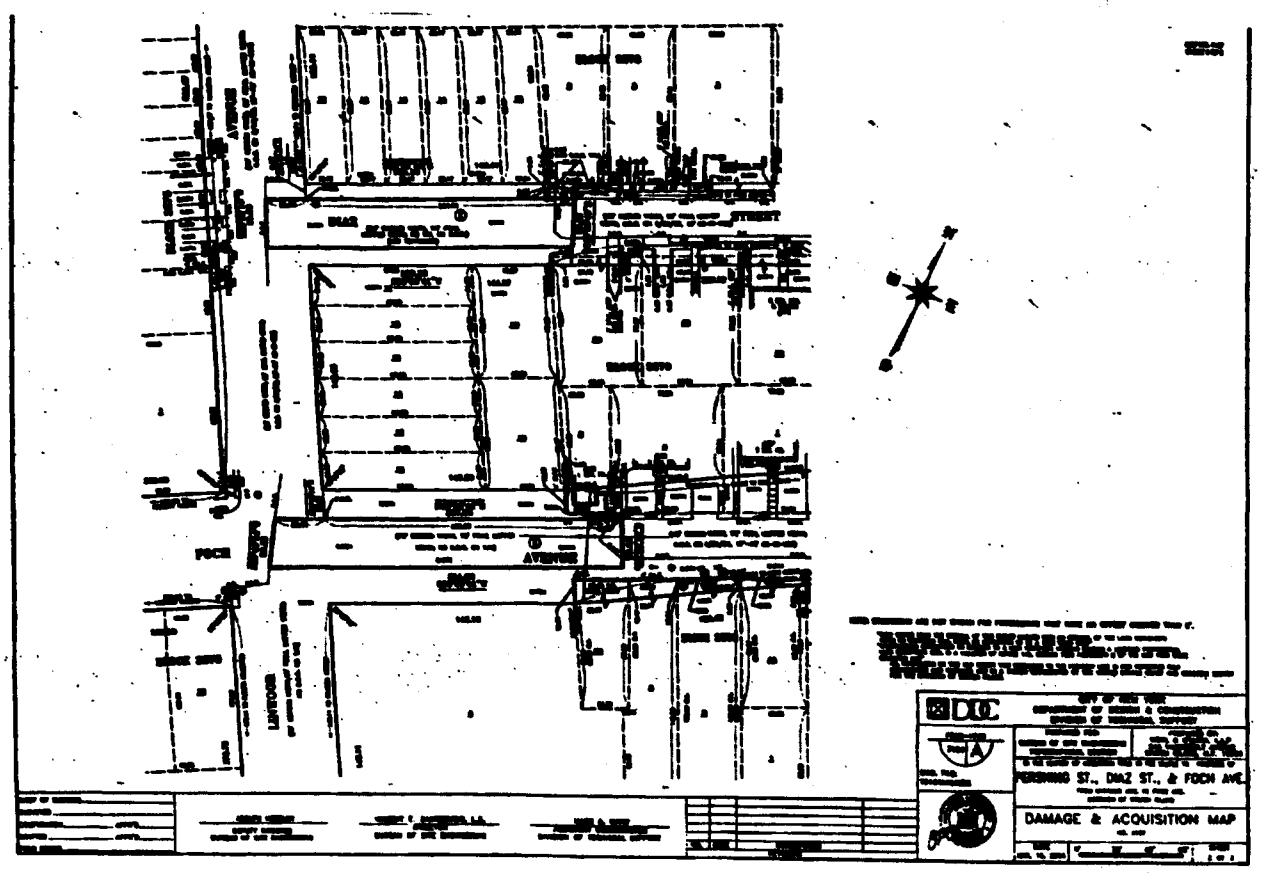
- Accessible medallions: Friday, June 16, 2006 at 40 Rector Street, 6th Floor, New York, NY 10006.
- Alternative fuel medallions: Thursday, June 22, 2006, at 40 Rector Street, 6th Floor, New York, NY 10006.

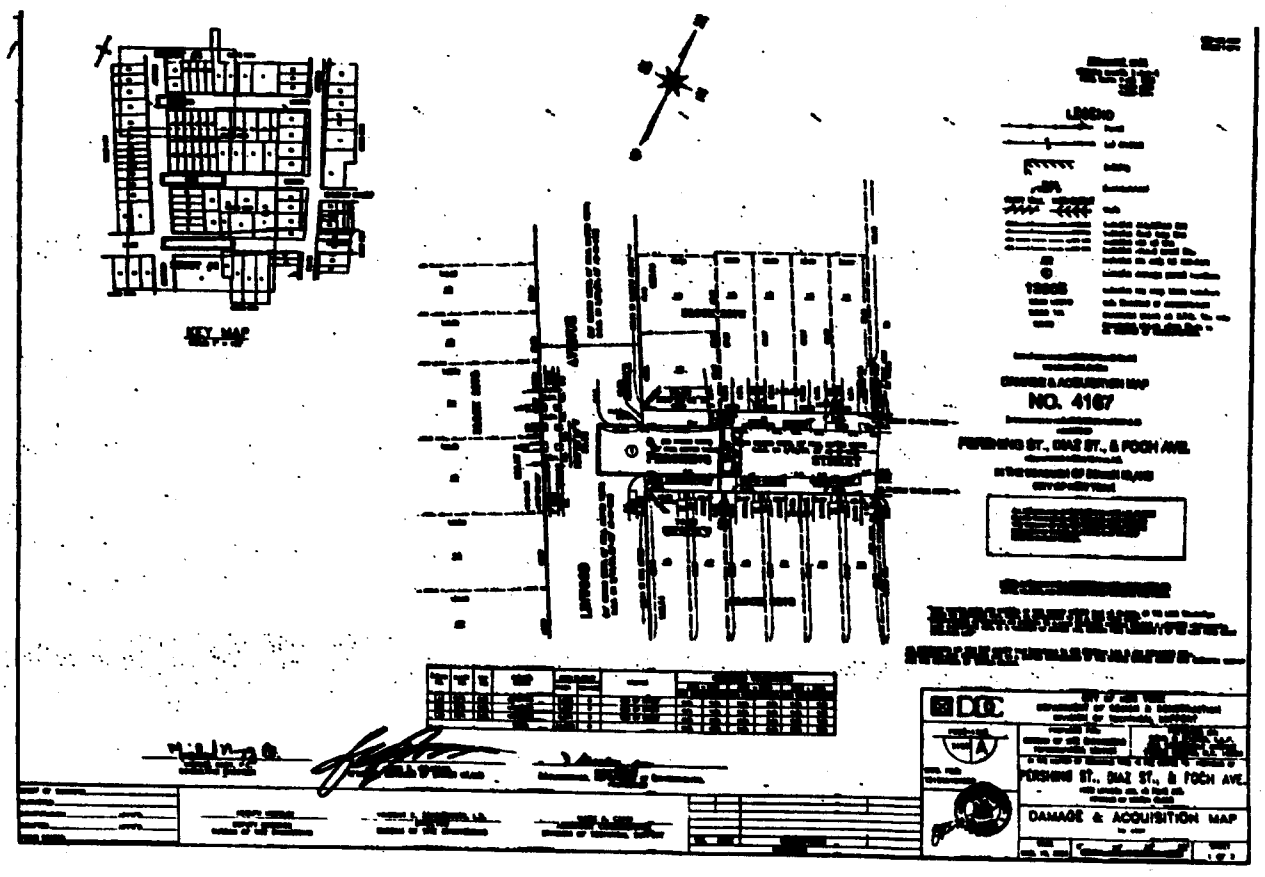
If you wish to attend any of the bid openings, and require the services of a sign language interpreter or other accommodation, please contact the Taxi and Limousine Commission at (212) 227-6324 by Friday, June 9, 2006 to request such accommodation.

FOR MORE INFORMATION CONCERNING THE SALE OR TO OBTAIN A BIDDER'S PACKAGE CALL 311 OR VISIT THE TLC'S WEBSITE AT WWW.NYC.GOV/TAXI.

This auction of medallions is held pursuant to, and governed by, the provisions of Section 19-532 of the Administrative Code of the City of New York and Chapter 13 of the Rules of the Taxi and Limousine Commission, which control notwithstanding anything to the contrary which may appear in this notice or the promotional materials prepared in connection with the auction. Any prospective bidder is urged to consult the provisions of the Administrative Code and the Rules of the Taxi and Limousine Commission.

COURT NOTICE MAPS FOR PERSHING ST., DIAZ ST., & FOCH AVE.





READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council,** 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists--free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

PROCUREMENT POLICY BOARD RULES

The Rules may also be accessed on the City Website, http://NYC.GOV.Selltonyc

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

CONSUMER AFFAIRS

■ **PUBLIC HEARING**

The New York City Department of Consumer Affairs (DCA) announces an exploratory public hearing on debt collection practices in New York City.

The Department of Consumer Affairs licenses all debt collection agencies doing business with New York City residents. Over the past two years, complaints reported to the DCA against debt collection agencies have jumped by 70%. Consumers contacting the Department describe a wide range of abusive and deceptive debt collection practices. This dramatic and troubling rise in the number of complaints indicates the need to assess whether there have been changes in industry practices that warrant reviewing the adequacy of **current laws and regulations governing the industry, the** adequacy of current enforcement practices, and how these **may need to be adjusted to address the abuses reported by consumers.**
We seek input from consumers, industry representatives, banking and credit experts, consumer groups, government agencies, and others to identify issues regarding debt collection practices and suggest recommendations for moving forward.

MONDAY, JUNE 12, 2006 AT 10:00AM – 3:00PM

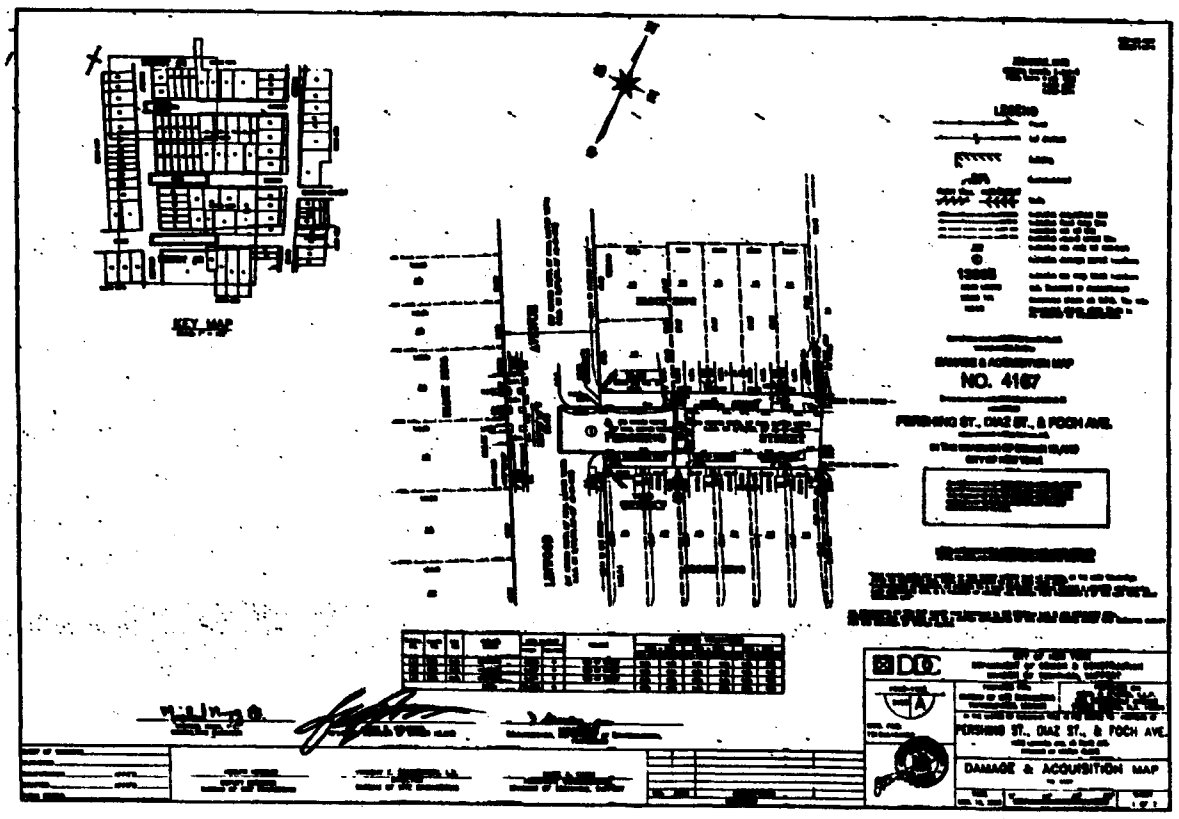
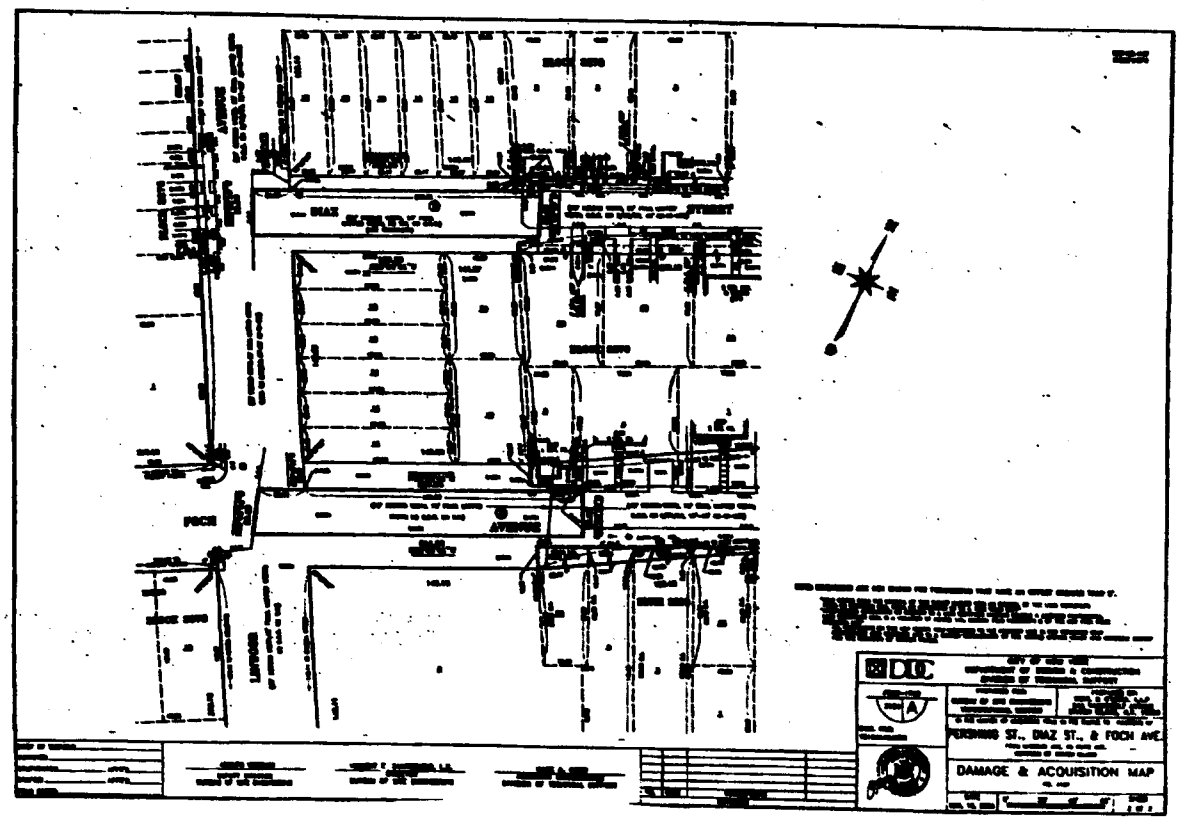
COURT NOTICE MAPS FOR PERSHING ST., DIAZ ST., & FOCH AVE.





READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council,** 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists--free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

Section 180 et seq., and be operational at any time from December 1, 2004 to August 31, 2006. The term of the contracts awarded from this solicitation will be for three years and will include an additional three-year option to renew.

Vendors interested in providing these services should contact Harry T. Bavaro at the Department of Juvenile Justice, 365 Broadway, 5th Floor, New York, NY 10013 for a copy of the solicitation document if they have not already received a copy. If a vendor is interested in being considered for award of a contract described above, please hand deliver a written expression of interest addressed to Harry T. Bavaro at the Department of Juvenile Justice, 365 Broadway, 5th Floor, New York, NY 10013 pursuant to the terms of the solicitation document.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/ blueprints; other information; and for opening and reading of bids at date and time specified above.

■ NOTICE

The Negative Declaration publication of May 30, 2006 should be disregarded. The corrected version is as follows:

THE CITY OF NEW YORK
DEPARTMENT OF HEALTH AND MENTAL HYGIENE
Michael R. Bloomberg, Mayor — Thomas R. Frieden, M.D., M.P.H., Commissioner

NEGATIVE DECLARATION

Date:	March 16, 2006
CEQR Number:	06DOH001Y
SEQRA Classification:	Unlisted
Name of Project:	Proposed amendments to Article 173 of the New York City HealthCode, changing the definition of "applicable age" from less than 7 years of age to less than 6 years of age.
Location:	Citywide

Project Description:
The proposed action is to: amend Article 173.14 of the New York City Health Code.

Statement Of No Significant Effect:
The New York City Department of Health and Mental Hygiene, on behalf of the New York City Board of Health, has completed its technical review of the Environmental Assessment Statement prepared in connection with the proposed amendments to Article 173 of the New York City Health Code. The New York City Board of Health has determined that the proposed action will not have a significant effect on the quality of the environment.

Supporting Statements:
The above determination is based on an environmental assessment that finds that no significant effects on the environment which would require the preparation of an Environmental Impact Statement are foreseeable.

This Negative Declaration has been prepared in accordance with Article 8 of the Environmental Conservation Law and 6 NYCRR Part 617.

INFORMATION TECHNOLOGY AND TELECOMMUNICATIONS

■ NOTICE

Notice of Proceeding Concerning Time Warner Cable's Renewal of its Cable Television Franchises

On December 6, 2005, Time Warner Cable provided the New York City Department of Information Technology and Telecommunications ("DoITT") notice of its intent to seek renewal of its franchises to provide cable television service in the boroughs of Queens, Manhattan, Staten Island, and Western Brooklyn. These franchises will expire on September 16, 2008. Pursuant to 16 NYCRR § 891.2 and 47 U.S.C. § 546, DoITT hereby provides the public an opportunity to comment on the renewal of these franchises. In their submissions, commenters are invited to:

(1) identify the future cable-related community needs and interests, taking into account the costs of meeting such needs and interests; and

(2) review Time Warner Cable's performance during the current franchise term, which began on September 16, 1998.

DoITT will accept comments until June 1, 2007, subject to a possible future extension of such date if authorized by the New York State Public Service Commission. Comments and any questions should be addressed to:

COURT NOTICE MAPS FOR PERSHING ST., DIAZ ST., & FOCH AVE.

READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council**, 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists--free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

■ NOTICE

RICHMOND COUNTY
IA PART 74
NOTICE OF PETITION
INDEX NUMBER (CY) 4009/06

In the Matter of Application of the CITY OF NEW YORK relative to acquiring title in fee simple absolute to certain real property where not heretofore acquired for **Portions of Pershing Street, Diaz Street, and Foch Avenue from Linwood Avenue to Piave Avenue** in the Borough of Staten Island, City and State of New York.

PLEASE TAKE NOTICE that the Corporation Counsel of the City of New York intends to make application to the Supreme Court of the State of New York, Richmond County, IA Part 74, for certain relief.

The application will be made at the following time and place: At 320 Jay Street, Room 17.21, Brooklyn, New York, on June 23, 2006, at 9:30 A.M., or as soon thereafter as counsel can be heard.
The application is for an order:

1. authorizing the City to file an acquisition map in the Office of the Clerk of Richmond County;

2. directing that upon the filing of said map, title to the property sought to be acquired shall vest in the City;

3. providing that the just compensation (if any) therefor be ascertained and determined by the Supreme Court without a jury; and

4. providing that notices of claim must be served and filed within one calendar year from the vesting date.

The City of New York, in this proceeding, intends to acquire title in fee simple absolute to certain real property where not heretofore acquired for the same purpose, for installation of storm sewers in the Borough of Staten Island, City and State of New York.

INFORMATION TECHNOLOGY AND TELECOMMUNICATIONS

■ NOTICE

Notice of Proceeding Concerning Time Warner Cable's Renewal of its Cable Television Franchises

On December 6, 2005, Time Warner Cable provided the New York City Department of Information Technology and Telecommunications ("DoITT") notice of its intent to seek renewal of its franchises to provide cable television service in the boroughs of Queens, Manhattan, Staten Island, and Western Brooklyn. These franchises will expire on September 16, 2008. Pursuant to 16 NYCRR § 891.2 and 47 U.S.C. § 546, DoITT hereby provides the public an opportunity to comment on the renewal of these franchises. In their submissions, commenters are invited to:

(1) identify the future cable-related community needs and interests, taking into account the costs of meeting such needs and interests; and
(2) review Time Warner Cable's performance during the current franchise term, which began on September 16, 1998.

DoITT will accept comments until June 1, 2007, subject to a possible future extension of such date if authorized by the New York State Public Service Commission. Comments and any questions should be addressed to:

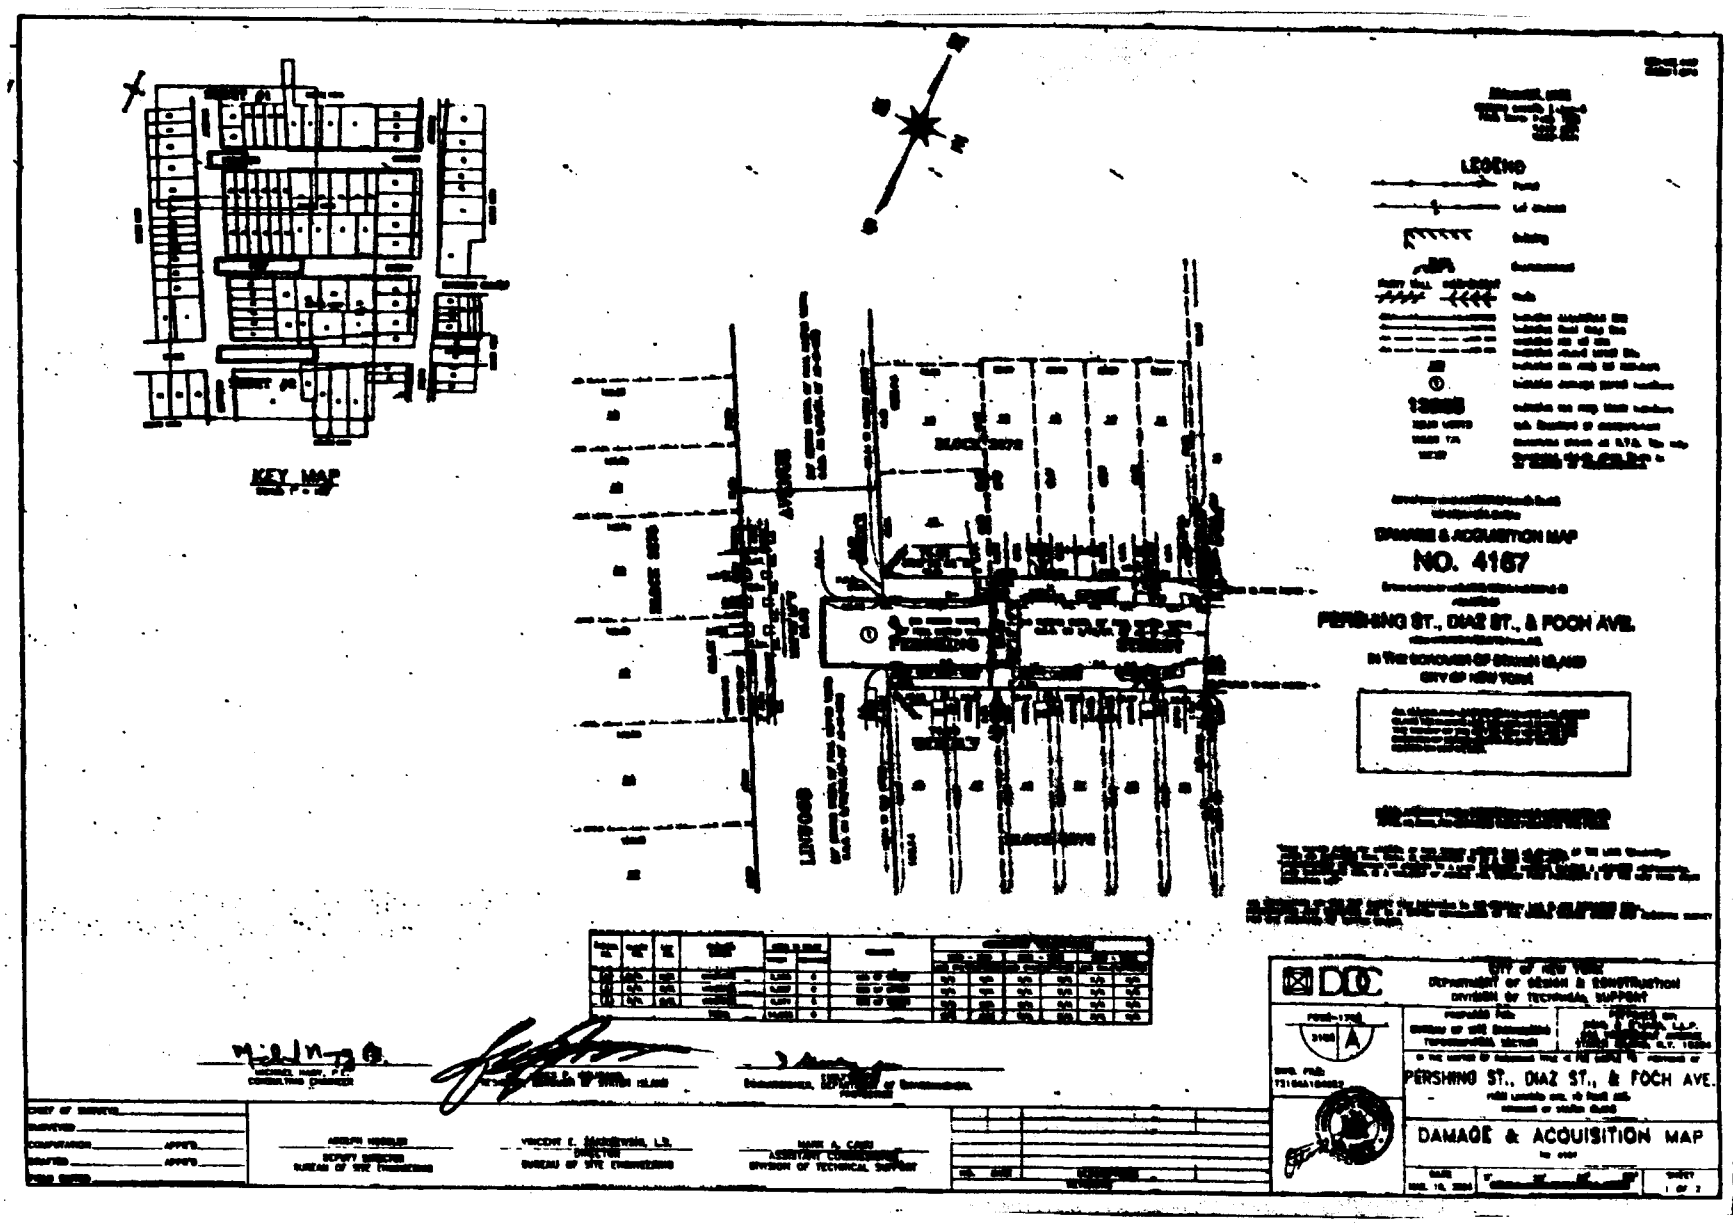
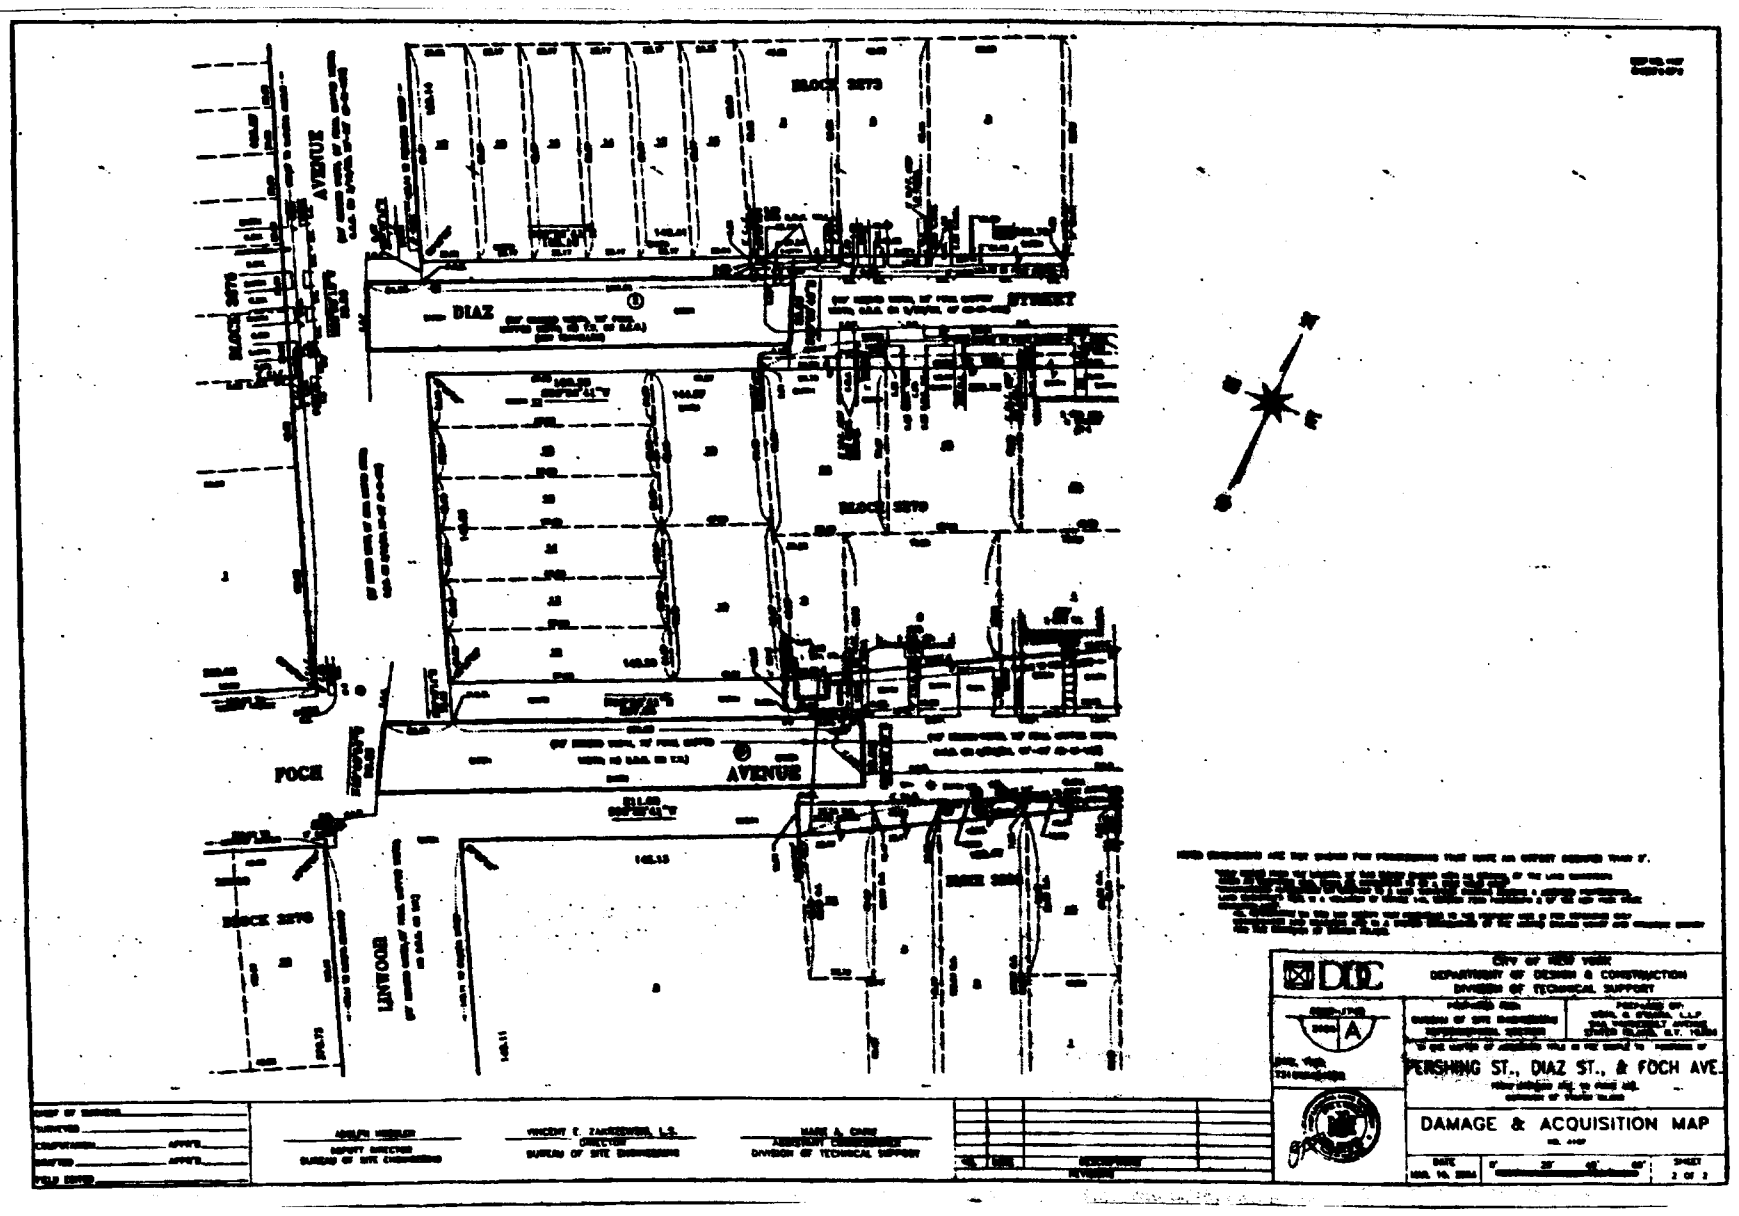
COURT NOTICE MAPS FOR PERSHING ST., DIAZ ST., & FOCH AVE.





READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council,** 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists--free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

PROCUREMENT POLICY BOARD RULES

The Rules may also be accessed on the City Website, http://NYC.GOV.Selltonyc

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

Definitions

For the purposes of the Inclusionary Housing program, matter in italics is defined either in Section 12-10 (DEFINITIONS) or in this Section.

Administering agent

The "administering agent" is the entity or entities identified in the #lower income housing plan# as responsible for ensuring compliance with such plan.

The #administering agent# shall be a not-for-profit organization, unless the Commissioner of Housing Preservation and Development finds that a good faith effort by the developer of the #compensated development# to secure a qualified not-for-profit organization as the #administering agent# was unsuccessful. However, in ~~Community Districts 1 and 7, Borough of Brooklyn~~, #R6, R7 and R8 designated areas#, the Commissioner may approve an entity that is responsible for compliance monitoring pursuant to city, state, or federal funding sources, to serve as the #administering agent# during such compliance period.

Fair rent

At initial occupancy of #lower income housing#, "fair rent" (the "Section 8 Standard") is an annual rent for each such housing equal to not more than either the public assistance shelter allowance if the #family# receives public assistance, or 30 percent of the annual income of the tenant of such housing, provided that such tenant is a #lower income household# at the time of initial occupancy pursuant to the provisions of this program.

Upon renewal of a lease for an existing tenant in #lower income housing#, #fair rent# (the "Rent Stabilization Standard") is not more than the then-current #fair rent# for such housing plus a percentage increase equal to the percentage increase for a renewal lease of the same term permitted by the Rent Guidelines Board for units subject to the rent stabilization law.

After initial occupancy, upon rental of #lower income housing# to a new tenant, #fair rent# is not more than the higher of:

(a) the then-currently applicable "Section 8 Standard"; or

(b) the Rent Stabilization Standard.

In order for rent to be #fair rent#, the following must also apply:

There shall be no additional charge to the tenant for the provision of heat and electric service, except that the Commissioner of Housing Preservation and Development may approve a #lower income housing plan# making a #lower income household# responsible for the payment of utilities as long as the sum of:

(1) the initial #fair rent#; and

(2) the monthly costs of a reasonable compensation for these utilities, by an energy conservative household of modest circumstances consistent with the requirements of a safe, sanitary and healthful living environment do not exceed 30 percent of said #lower income household's# income.

However, in ~~Community Districts 1 and 7, Borough of Brooklyn,~~ #R6, R7 and R8 designated areas#, the Commissioner of Housing Preservation and Development may determine that rents satisfying the requirements of City, State or Federal programs assisting #lower income housing# will be considered #fair rent#, provided that such rents do not exceed 30 percent of #lower income household's# income, as applicable, and provided further that upon expiration or termination of the requirements of the City, State or Federal program, rent increases and re-rentals shall be subject to the higher of the then-currently applicable

Section 8 Standard or the Rent Stabilization Standard.

At initial occupancy of any #lower income housing#, no portion of the #fair rents# shall be for the payment of the principal or interest on any debt, and the #lower income housing# shall not secure any debt and shall be free of all liens, except liens for real estate taxes, water charges and sewer rents and other governmental charges for which payment is not yet due. #Fair rents# may be used for the payment of principal or interest of debt only if such debt was incurred after the date of initial occupancy and is for a capital improvement to such #lower income housing# other than those capital improvements set forth in the #lower income housing plan#.

In ~~Community Districts 1, 2 and 7, Borough of Brooklyn,~~ #R6, R7 and R8 designated areas#, at initial occupancy of any #lower income housing#, a portion of the #fair rents# may be for the payment of the principal or interest on debt, and such housing may secure debt, provided that, as of the date of the approval of the #lower income housing plan#, the Commissioner of Housing Preservation and Development finds that the total annual rent, when such interest and principal payments are deducted, is in compliance with the requirements of Section 23-95, paragraph(c), and provided that the lender agrees to enter into a written agreement which subordinates such debt to the provisions of the #lower income housing plan#.

Lower income household

A "lower income household" is a #family# having an income equal to or less than the income limits (the "80 Percent of SMSA Limits") for New York City residents established by the U.S. Department of Housing and Urban Development pursuant to Section 3(b)(2) of the United States Housing Act of 1937, as amended, for lower income families receiving housing assistance payments.

In ~~Community Districts 1 and 7, Borough of Brooklyn,~~ #R6, R7 and R8 designated areas#, #lower income households# shall also include all existing households in tenancy, provided such households occupy units that are within a #building# in which rents for all occupied units are regulated by City or State law, and the aggregate maximum permitted annual rent roll for such occupied units, divided by the number of occupied units, is less than 30 percent of the applicable income limit for a #lower income household# as provided in this Section. In determining the applicable income limit for such #lower income households#, the Commissioner of Housing Preservation and Development may make adjustments, consistent with U. S. Department of Housing and Urban Development regulations, for the number of persons residing in each unit.

Lower income housing

"Lower income housing" are #standard units# occupied or to be occupied by #lower income households#. #Lower income housing# shall not include #standard units# assisted under city, state or federal programs, except where such assistance is in the form of:

(a) real estate tax abatements and exemptions which are specifically limited to the #lower income housing#; or

(b) operating assistance that the Commissioner of the Department of Housing Preservation and Development determines will be used to enable households with incomes of not more than 62.5 percent of the "80 Percent of SMSA Limits" to afford such #lower income housing#.

However, ~~in Community Districts 1 and 7, Borough of Brooklyn,~~ in #R6, R7 and R8 designated areas#, #lower income housing# shall include #standard units# assisted under City, State or Federal programs.

Lower income housing plan

R6, R7 and R8 designated areas

"R6, R7 and R8 designated areas" shall be those areas specified in Section 23-922 (Certain R6, R7 and R8 Districts)

* * *

23-941
In R10 Districts

* * *

23-942
~~In Community Districts 1 and 7, Borough of Brooklyn~~ In R6, R7 and R8 Districts

The provisions of this Section shall apply in the designated areas set forth in Section 23-922, except within Waterfront Access Plan BK-1.

(a) Maximum #floor area ratio#

The #floor area# of a #development# or #enlargement# may not exceed the base #floor area ratio# set forth in the following table, except that such #floor area# may be increased by one and one-quarter square feet for each square foot of #floor area# provided for #lower income housing#, up to the maximum #floor area ratio# specified in the table. However, the amount of #lower income housing# required to receive such bonus #floor area# need not exceed 20 percent of the total #floor area#, exclusive of ground floor non-#residential floor area#, in the #building#. In addition, the following rules shall apply:

District	Base #floor area ratio#	Maximum #floor area ratio#
R6*	2.2	2.42
R6**	2.7	3.6
R6A	2.7	3.6
R6B	2.0	2.2

R8A	5.4	7.2

* for #zoning lots#, or portions thereof, beyond 100 feet of a #wide street#

** for #zoning lots#, or portions thereof, within 100 feet of a #wide street#

(b) Height and setback

(1) Except in #Special Mixed Use Districts#, the compensated #building# must be #developed# or #enlarged# pursuant to the height and setback regulations of Sections 23-633 (Street wall location and height and setback regulations in certain districts) or 35-24 (Special Street Wall Location and Height and Setback Regulations in Certain Districts), as applicable.

(2) In #Special Mixed Use Districts#, where the #residence district# designation has a letter suffix, the compensated #building# must be #developed# or #enlarged# pursuant to paragraph (b) of Section 123-662 (All buildings in Special Mixed Use Districts with R6, R7, R8, R9 and R10 District designations). Where the #residence district# designation does not have a letter suffix, the compensated #building# must be #developed# or #enlarged# pursuant to the height and setback regulations of Section 23-633 regardless of whether the #building# is #developed# or #enlarged# pursuant to the Quality Housing Program.

(c) #Lower income housing# requirements

The #lower income housing# must be provided in accordance with the provisions set forth in Section 23-95 (Lower Income Housing Requirements).

23-95
Lower Income Housing Requirements

* * *

(f) Permits and certificates of occupancy

No building permit for the #compensated development# shall be issued until the Commissioner of Housing Preservation and Development certifies that an acceptable #lower income housing plan# has been filed and approved.

No temporary certificate of occupancy shall be issued for any part of the #compensated development# until a temporary certificate of occupancy for each unit of #lower income housing# has been issued or, in ~~Community Districts 1 and 7, Borough of Brooklyn,~~ #R6, R7 and R8 designated areas#, if the #building# has a valid certificate of occupancy and no new certificate of occupancy is required under the preservation option, until the Commissioner has certified to the Department of Buildings that the applicant has fulfilled its obligations with respect to the #lower income housing#.

No permanent certificate of occupancy shall be issued for any part of the #compensated development# until a permanent certificate of occupancy for each unit of the #lower income housing# has been issued or, in ~~Community Districts 1 and 7, Borough of Brooklyn,~~ #R6, R7 and R8 designated areas#, if the #building# has a valid certificate of occupancy and no new certificate of occupancy is required under the preservation option, until the Commissioner has certified to the Department of Buildings that the applicant has fulfilled its obligations with respect to the #lower income housing#. Prior to the issuance of any temporary or permanent certificate of occupancy for the #compensated development#, the Commissioner of Housing Preservation and Development shall certify that the #lower income housing# is in compliance with the #lower income housing plan#.

(g) Insurance

The #administering agent# of the #lower income housing# shall have said housing insured against any damage or destruction in an amount equal to no less than the replacement value of such housing.

Any insurance proceeds received as a result of damage or destruction of all or part of such housing shall be used first for restoring such damaged or destroyed housing to #lower income housing#, free of violations under the New York City Building Code, the New York State Multiple Dwelling Law, the New York City Housing Maintenance Code and this Resolution. However, in ~~Community Districts 1 and 7, Borough of Brooklyn~~ #R6, R7 and R8 designated areas#, the Commissioner of Housing Preservation and Development may modify this requirement to provide priority for lenders participating in the financing of #lower income housing# that is assisted under City, State or Federal programs.

23-951
On-site new construction option

To qualify for this option, the designated #lower income housing# shall meet the following requirements.

(a) The #lower income housing# shall be located in newly constructed #floor area# in the #compensated development#. The #lower income housing# shall be maintained and leased to #lower income households# for the life of the increased #floor area#.

(b) #Dwelling units# designated as #lower income housing# shall be distributed throughout the #development#. No #story# shall contain more than two such units unless at least 80 percent of all #stories# contain two such units. The size of the designated #lower income housing# units shall at least be distributed among the various size units in proportion to the total distribution of unit size within the #building# in the following categories of unit sizes:

under 600 net square feet
600 - 749 net square feet
750 - 949 net square feet
950 - 1149 net square feet
1150 or more net square feet

In ~~Community Districts 1 and 7, Borough of Brooklyn~~ #R6, R7 and R8 designated areas#, if the #lower income housing# is subject to the requirements of city, state or federal programs assisting the #lower income housing# that have size and distribution requirements conflicting with the size and distribution requirements of this paragraph, (b), then the size and distribution requirements of this paragraph, (b), may be waived by the Commissioner of Housing Preservation and Development to facilitate the #development# of #lower income housing#.

23-952
Substantial rehabilitation and off-site new construction options

To qualify for one or more of these options, the designated #lower income housing# shall meet the following requirements:

(a) The #lower income housing# shall be located either:

(1) within the same Community District as the #compensated development#; or

(2) within an adjacent Community District and within a one-half mile radius of the #compensated development#, except that #lower income housing# located within a one-half mile radius of a #compensated development# in Community District 1, Borough of Brooklyn, shall be located in an adjacent Community District in the Borough of Brooklyn.

For the new construction option the #lower income housing# shall be in a new #building#. For the substantial rehabilitation options, the #lower income housing# shall be in an existing #building# in which, prior to the submission of the #lower income housing plan# pursuant to this Section, any #residential# portion not in public ownership had been entirely vacant for not less than three years.

Furthermore, in ~~Community Districts 1 and 7, Borough of Brooklyn,~~ #R6, R7 and R8 designated areas#, the #administering agent# shall not be required to verify the income of households in tenancy, as of the date upon which the Commissioner of Housing Preservation and Development approves the #lower income housing plan#.

(b) The #lower income housing# shall be maintained and leased to #lower income households# for the life of the increased #floor area#.

(c) On-site substantial rehabilitation units shall be those units on the same #zoning lot# as the #compensated development#.

23-953
Preservation option

To qualify for this option, the designated #lower income housing# shall meet the following requirements.

(a) The #lower income housing# shall be located either:

(1) within the same Community District as the #compensated development#; or

(2) within an adjacent Community District and within a one-half mile radius of the #compensated development#, except that #lower income housing# located within a one-half mile radius of a #compensated development# in Community District 1, Borough of Brooklyn, shall be located in an adjacent Community District in the Borough of Brooklyn.

The #lower income housing# shall be in an existing occupied #residential# or #mixed building#. Only #standard units# occupied by #lower income households# shall be #lower income housing#. For each #standard unit# designated as #lower income housing# the #administering agent# shall verify the income of the household in tenancy.

Furthermore, in ~~Community Districts 1 and 7, Borough of Brooklyn,~~ #R6, R7 and R8 designated areas# the #administering agent# shall not be required to verify the income of households in tenancy, as of the date upon which the Commissioner of Housing Preservation and Development approves the #lower income housing plan#.

COURT NOTICES

SUPREME COURT

NOTICE

RICHMOND COUNTY
IA PART 74
NOTICE OF PETITION
INDEX NUMBER (CY) 4009/06

In the Matter of Application of the CITY OF NEW YORK relative to acquiring title in fee simple absolute to certain real property where not heretofore acquired for Portions of Pershing Street, Diaz Street, and Foch Avenue from Linwood Avenue to Piave Avenue in the Borough of Staten Island, City and State of New York.

PLEASE TAKE NOTICE that the Corporation Counsel of the City of New York intends to make application to the Supreme Court of the State of New York, Richmond County, IA Part 74, for certain relief.

The application will be made at the following time and place: At 320 Jay Street, Room 17.21, Brooklyn, New York, on June 23, 2006, at 9:30 A.M., or as soon thereafter as counsel can be heard.
The application is for an order:

1. authorizing the City to file an acquisition map in the Office of the Clerk of Richmond County;

2. directing that upon the filing of said map, title to the property sought to be acquired shall vest in the City;

3. providing that the just compensation (if any) therefor be ascertained and determined by the Supreme Court without a jury; and

4. providing that notices of claim must be served and filed within one calendar year from the vesting date.

The City of New York, in this proceeding, intends to acquire title in fee simple absolute to certain real property where not heretofore acquired for the same purpose, for installation of storm sewers in the Borough of Staten Island, City and State of New York.

Notice of Proceeding Concerning Time Warner Cable's Renewal of its Cable Television Franchises

On December 6, 2005, Time Warner Cable provided the New York City Department of Information Technology and Telecommunications ("DoITT") notice of its intent to seek renewal of its franchises to provide cable television service in the boroughs of Queens, Manhattan, Staten Island, and Western Brooklyn. These franchises will expire on September 16, 2008. Pursuant to 16 NYCRR § 891.2 and 47 U.S.C. § 546, DoITT hereby provides the public an opportunity to comment on the renewal of these franchises. In their submissions, commenters are invited to:

(1) identify the future cable-related community needs and interests, taking into account the costs of meeting such needs and interests; and

(2) review Time Warner Cable's performance during the current franchise term, which began on September 16, 1998.

DoITT will accept comments until June 1, 2007, subject to a possible future extension of such date if authorized by the New York State Public Service Commission. Comments and any questions should be addressed to:

Definitions

For the purposes of the Inclusionary Housing program, matter in italics is defined either in Section 12-10 (DEFINITIONS) or in this Section.

Administering agent

The "administering agent" is the entity or entities identified in the #lower income housing plan# as responsible for ensuring compliance with such plan.

The #administering agent# shall be a not-for-profit organization, unless the Commissioner of Housing Preservation and Development finds that a good faith effort by the developer of the #compensated development# to secure a qualified not-for-profit organization as the #administering agent# was unsuccessful. However, in ~~Community Districts 1 and 7, Borough of Brooklyn,~~ #R6, R7 and R8 designated areas#, the Commissioner may approve an entity that is responsible for compliance monitoring pursuant to city, state, or federal funding sources, to serve as the #administering agent# during such compliance period.

Fair rent

At initial occupancy of #lower income housing#, "fair rent" (the "Section 8 Standard") is an annual rent for each such housing equal to not more than either the public assistance shelter allowance if the #family# receives public assistance, or 30 percent of the annual income of the tenant of such housing, provided that such tenant is a #lower income household# at the time of initial occupancy pursuant to the provisions of this program.

Upon renewal of a lease for an existing tenant in #lower income housing#, #fair rent# (the "Rent Stabilization Standard") is not more than the then-current #fair rent# for such housing plus a percentage increase equal to the percentage increase for a renewal lease of the same term permitted by the Rent Guidelines Board for units subject to the rent stabilization law.

After initial occupancy, upon rental of #lower income housing# to a new tenant, #fair rent# is not more than the higher of:

(a) the then-currently applicable "Section 8 Standard"; or

(b) the Rent Stabilization Standard.

In order for rent to be #fair rent#, the following must also apply:

There shall be no additional charge to the tenant for the provision of heat and electric service, except that the Commissioner of Housing Preservation and Development may approve a #lower income housing plan# making a #lower income household# responsible for the payment of utilities as long as the sum of:

(1) the initial #fair rent#; and

(2) the monthly costs of a reasonable compensation for these utilities, by an energy conservative household of modest circumstances consistent with the requirements of a safe, sanitary and healthful living environment do not exceed 30 percent of said #lower income household's# income.

However, in ~~Community Districts 1 and 7, Borough of Brooklyn,~~ #R6, R7 and R8 designated areas#, the Commissioner of Housing Preservation and Development may determine that rents satisfying the requirements of City, State or Federal programs assisting #lower income housing# will be considered #fair rent#, provided that such rents do not exceed 30 percent of #lower income household's# income, as applicable, and provided further that upon expiration or termination of the requirements of the City, State or Federal program, rent increases and re-rentals shall be subject to the higher of the then-currently applicable Section 8 Standard or the Rent Stabilization Standard.

At initial occupancy of any #lower income housing#, no portion of the #fair rents# shall be for the payment of the principal or interest on any debt, and the #lower income housing# shall not secure any debt and shall be free of all liens, except liens for real estate taxes, water charges and sewer rents and other governmental charges for which payment is not yet due. #Fair rents# may be used for the payment of principal or interest of debt only if such debt was incurred after the date of initial occupancy and is for a capital improvement to such #lower income housing# other than those capital improvements set forth in the #lower income housing plan#.

In ~~Community Districts 1, 2 and 7, Borough of Brooklyn,~~ #R6, R7 and R8 designated areas#, at initial occupancy of any #lower income housing#, a portion of the #fair rents# may be for the payment of the principal or interest on debt, and such housing may secure debt, provided that, as of the date of the approval of the #lower income housing plan#, the Commissioner of Housing Preservation and Development finds that the total annual rent, when such interest and principal payments are deducted, is in compliance with the requirements of Section 23-95, paragraph(c), and provided that the lender agrees to enter into a written agreement which subordinates such debt to the provisions of the #lower income housing plan#.

Lower income household

A "lower income household" is a #family# having an income equal to or less than the income limits (the "80 Percent of SMSA Limits") for New York City residents established by the U.S. Department of Housing and Urban Development pursuant to Section 3(b)(2) of the United States Housing Act of 1937, as amended, for lower income families receiving housing assistance payments.

In ~~Community Districts 1 and 7, Borough of Brooklyn,~~ #R6, R7 and R8 designated areas#, #lower income households# shall also include all existing households in tenancy, provided such households occupy units that are within a #building# in which rents for all occupied units are regulated by City or State law, and the aggregate maximum permitted annual rent roll for such occupied units, divided by the number of occupied units, is less than 30 percent of the applicable income limit for a #lower income household# as provided in this Section. In determining the applicable income limit for

such #lower income households#, the Commissioner of Housing Preservation and Development may make adjustments, consistent with U. S. Department of Housing and Urban Development regulations, for the number of persons residing in each unit.

Lower income housing

"Lower income housing" are #standard units# occupied or to be occupied by #lower income households#. #Lower income housing# shall not include #standard units# assisted under city, state or federal programs, except where such assistance is in the form of:

(a) real estate tax abatements and exemptions which are specifically limited to the #lower income housing#; or

(b) operating assistance that the Commissioner of the Department of Housing Preservation and Development determines will be used to enable households with incomes of not more than 62.5 percent of the "80 Percent of SMSA Limits" to afford such #lower income housing#.

However, ~~in Community Districts 1 and 7, Borough of Brooklyn,~~ in #R6, R7 and R8 designated areas#, #lower income housing# shall include #standard units# assisted under City, State or Federal programs.

In R10 Districts

* * *

23-942
~~In Community Districts 1 and 7, Borough of Brooklyn~~
In R6, R7 and R8 Districts

The provisions of this Section shall apply in the designated areas set forth in Section 23-922, except within Waterfront Access Plan BK-1.

(a) Maximum #floor area ratio#

The #floor area# of a #development# or #enlargement# may not exceed the base #floor area ratio# set forth in the following table, except that such #floor area# may be increased by one and one-quarter square feet for each square foot of #floor area# provided for #lower income housing#, up to the maximum #floor area ratio# specified in the table. However, the amount of #lower income housing# required to receive such bonus #floor area# need not exceed 20 percent of the total #floor area#, exclusive of ground floor non-#residential floor area#, in the #building#. In addition, the following rules shall apply:

District	Base ratio# area #floor	Maximum #floor area ratio#
R6*	2.2	2.42
R6**	2.7	3.6
R6A	2.7	3.6
R6B	2.0	2.2

* for #zoning lots#, or portions thereof, beyond 100 feet of a #wide street#

** for #zoning lots#, or portions thereof, within 100 feet of a #wide street#

(b) Height and setback

(1) Except in #Special Mixed Use Districts#, the compensated #building# must be #developed# or #enlarged# pursuant to the height and setback regulations of Sections 23-633 (Street wall location and height and setback regulations in certain districts) or 35-24 (Special Street Wall Location and Height and Setback Regulations in Certain Districts), as applicable.

(2) In #Special Mixed Use Districts#, where the #residence district# designation has a letter suffix, the compensated #building# must be #developed# or #enlarged# pursuant to paragraph (b) of Section 123-662 (All buildings in Special Mixed Use Districts with R6, R7, R8, R9 and R10 District designations). Where the #residence district# designation does not have a letter suffix, the compensated #building# must be #developed# or #enlarged# pursuant to the height and setback regulations of Section 23-633 regardless of whether the #building# is #developed# or #enlarged# pursuant to the Quality Housing Program.

(c) #Lower income housing# requirements

The #lower income housing# must be provided in accordance with the provisions set forth in Section 23-95 (Lower Income Housing Requirements).

23-95
Lower Income Housing Requirements
* * *

(f) Permits and certificates of occupancy

No building permit for the #compensated development# shall be issued until the Commissioner of Housing Preservation and Development certifies that an acceptable #lower income housing plan# has been filed and approved.

No temporary certificate of occupancy shall be issued for any part of the #compensated development# until a temporary certificate of occupancy for each unit of #lower income housing# has been issued or, in ~~Community Districts 1 and 7, Borough of Brooklyn,~~ #R6, R7 and R8 designated areas#, if the #building# has a valid certificate of occupancy and no new certificate of occupancy is required under the preservation option, until the Commissioner has certified to the Department of Buildings that the applicant has fulfilled its obligations with respect to the #lower income housing#.

No permanent certificate of occupancy shall be issued for any part of the #compensated development# until a permanent certificate of occupancy for each unit of the #lower income housing# has been issued or, in ~~Community Districts 1 and 7, Borough of Brooklyn,~~ #R6, R7 and R8 designated areas#, if the #building# has a valid certificate of occupancy and no new certificate of occupancy is required under the preservation option, until the Commissioner has certified to the Department of Buildings that the applicant has fulfilled its obligations with respect to the #lower income housing#. Prior to the issuance of any temporary or permanent certificate of occupancy for the #compensated development#, the Commissioner of Housing Preservation and Development shall certify that the #lower income housing# is in compliance with the #lower income housing plan#.

(g) Insurance

The #administering agent# of the #lower income housing# shall have said housing insured against any damage or destruction in an amount equal to no less than the replacement value of such housing.

Any insurance proceeds received as a result of damage or destruction of all or part of such housing shall be used first for restoring such damaged or destroyed housing to #lower income housing#, free of violations under the New York City Building Code, the New York State Multiple Dwelling Law, the New York City Housing Maintenance Code and this Resolution. However, in ~~Community Districts 1 and 7, Borough of Brooklyn~~ #R6, R7 and R8 designated areas#, the Commissioner of Housing Preservation and Development may modify this requirement to provide priority for lenders participating in the financing of #lower income housing# that is assisted under City, State or Federal programs.

23-951
On-site new construction option

To qualify for this option, the designated #lower income housing# shall meet the following requirements.

(a) The #lower income housing# shall be located in newly constructed #floor area# in the #compensated development#. The #lower income housing# shall be maintained and leased to #lower income households# for the life of the increased #floor area#.

(b) #Dwelling units# designated as #lower income housing# shall be distributed throughout the #development#. No #story# shall contain more than two such units unless at least 80 percent of all #stories# contain two such units. The size of the designated #lower income housing# units shall at least be distributed among the various size units in proportion to the total distribution of unit size within the #building# in the following categories of unit sizes:

under 600 net square feet
600 - 749 net square feet
750 - 949 net square feet
950 - 1149 net square feet
1150 or more net square feet

In ~~Community Districts 1 and 7, Borough of Brooklyn~~ #R6, R7 and R8 designated areas#, if the #lower income housing# is subject to the requirements of city, state or federal programs assisting the #lower income housing# that have size and distribution requirements conflicting with the size and distribution requirements of this paragraph, (b), then the size and distribution requirements of this paragraph, (b), may be waived by the Commissioner of Housing Preservation and Development to facilitate the #development# of #lower income housing#.

23-952
Substantial rehabilitation and off-site new construction options

To qualify for one or more of these options, the designated #lower income housing# shall meet the following requirements:

(a) The #lower income housing# shall be located either:

(1) within the same Community District as the #compensated development#; or

(2) within an adjacent Community District and within a one-half mile radius of the #compensated development#, except that #lower income housing# located within a one-half mile radius of a #compensated development# in Community District 1, Borough of Brooklyn, shall be located in an adjacent Community District in the Borough of Brooklyn.

For the new construction option the #lower income housing# shall be in a new #building#. For the substantial rehabilitation options, the #lower income housing# shall be in an existing #building# in which, prior to the submission of the #lower income housing plan# pursuant to this Section, any #residential# portion not in public ownership had been entirely vacant for not less than three years.

Furthermore, in ~~Community Districts 1 and 7, Borough of Brooklyn,~~ #R6, R7 and R8 designated areas#, the #administering agent# shall not be required to verify the income of households in tenancy, as of the date upon which the Commissioner of Housing Preservation and Development approves the #lower income housing plan#.

(b) The #lower income housing# shall be maintained and leased to #lower income households# for the life of the increased #floor area#.

(c) On-site substantial rehabilitation units shall be those units on the same #zoning lot# as the #compensated development#.

23-953
Preservation option

To qualify for this option, the designated #lower income housing# shall meet the following requirements.

(a) The #lower income housing# shall be located either:

(1) within the same Community District as the #compensated development#; or

(2) within an adjacent Community District and within a one-half mile radius of the #compensated development#, except that #lower income housing# located within a one-half mile radius of a #compensated development# in Community District 1, Borough of Brooklyn, shall be located in an adjacent Community District in the Borough of Brooklyn.

The #lower income housing# shall be in an existing occupied #residential# or #mixed building#. Only #standard units# occupied by #lower income households# shall be #lower income housing#. For each #standard unit# designated as #lower income housing# the #administering agent# shall verify the income of the household in tenancy.

Furthermore, in ~~Community Districts 1 and 7, Borough of Brooklyn,~~ #R6, R7 and R8 designated areas# the #administering agent# shall not be required to verify the income of households in tenancy, as of the date upon which the Commissioner of Housing Preservation and Development approves the #lower income housing plan#.

■ NOTICE

RICHMOND COUNTY
IA PART 74
NOTICE OF PETITION
INDEX NUMBER (CY) 4009/06

In the Matter of Application of the CITY OF NEW YORK relative to acquiring title in fee simple absolute to certain real property where not heretofore acquired for **Portions of Pershing Street, Diaz Street, and Foch Avenue from Linwood Avenue to Piave Avenue** in the Borough of Staten Island, City and State of New York.

PLEASE TAKE NOTICE that the Corporation Counsel of the City of New York intends to make application to the Supreme Court of the State of New York, Richmond County, IA Part 74, for certain relief.

The application will be made at the following time and place: At 320 Jay Street, Room 17.21, Brooklyn, New York, on June 23, 2006, at 9:30 A.M., or as soon thereafter as counsel can be heard.
The application is for an order:

1. authorizing the City to file an acquisition map in the Office of the Clerk of Richmond County;

2. directing that upon the filing of said map, title to the property sought to be acquired shall vest in the City;

3. providing that the just compensation (if any) therefor be ascertained and determined by the Supreme Court without a jury; and

4. providing that notices of claim must be served and filed within one calendar year from the vesting date.

The City of New York, in this proceeding, intends to acquire title in fee simple absolute to certain real property where not heretofore acquired for the same purpose, for installation of storm sewers in the Borough of Staten Island, City and State of New York.

NOTICE IS HEREBY GIVEN PURSUANT TO THE AUTHORITY VESTED IN THE Commissioner of Housing Preservation and Development by §1802 (6)(c) and in accordance with the requirements of §1043 of the New York City Charter that the Department of Housing Preservation and Development intends to modify the rules governing tax exemption under §421-a of the Real Property Tax Law of the State of New York. Additions to the rules are underlined and proposed deletions are [bracketed].

Written comments regarding these rules may be sent to the Department of Housing Preservation and Development, Attention: Lisa S.J. Yee, TIP Director, 100 Gold Street, Room 9U-7A, New York, New York 10038, on or before July 14, 2006. A public hearing will be held from 10:00 A.M. to 1:00 P.M. on July 14, 2006, at 100 Gold Street, 9th floor, Room 9V-6, New York, New York. Persons seeking to testify are requested to notify the TIP Director at the foregoing address. Written comments and a summary of oral comments received at the hearing will be available for public inspection within a reasonable time after receipt between the hours of 9:00 A.M. and 5:00 P.M. at the Office of the TIP Director.

The proposed rule amendments were included in HPD's 2005-06 Regulatory Agenda.

Persons who request that a sign language interpreter or other form of reasonable accommodation for a disability be provided at the hearing are requested to notify the TIP Director by July 7, 2006.

Section one. Paragraph (10) of subdivision (c) of section 6-02 of title 28 of the Rules of the City of New York is amended to read as follows:

(10) Except for multiple dwellings qualifying for the benefits of the Act pursuant to §6-08 of this chapter[,]:

(i) any project commenced, as that term is defined herein, after November 29, 1985 and before March 7, 2006 within the geographic exclusion area, bounded and described as follows: Beginning at the intersection of the bulkhead line in the Hudson River and 96th Street extended; thence easterly to 96th Street and continuing along 96th Street to its easterly terminus; thence easterly to the intersection of 96th Street extended and the bulkhead line in the East River; thence southerly along said bulkhead line to the intersection of said bulkhead line and 14th Street extended; thence westerly to 14th Street and continuing along 14th Street to Broadway; thence southerly along Broadway to Houston Street; thence westerly along Houston Street to Thompson Street; thence southerly along Thompson Street to Spring Street[,]; thence westerly along Spring Street to Avenue of the Americas; thence northerly along Avenue of the Americas to Vandam Street; thence westerly along Vandam Street to Varick Street; thence northerly along Varick Street to Houston Street; thence westerly along Houston Street and continuing to its westerly terminus; thence westerly to the intersection of Houston Street extended and the bulkhead line in the Hudson River; thence northerly along said bulkhead line to the intersection of said bulkhead line and 11th Avenue extended; thence northerly to 11th Avenue and continuing along 11th Avenue to 14th Street; thence easterly along 14th Street to 10th Avenue; thence northerly along 10th Avenue to 28th Street; thence easterly along 28th Street to 9th Avenue; thence northerly along 9th Avenue to 33rd Street; thence easterly along 33rd Street to 8th Avenue; thence northerly along 8th Avenue to 34th Street; thence easterly along 34th Street to 7th Avenue; thence northerly along 7th Avenue to

41st Street; thence westerly along 41st Street and continuing to its westerly terminus; thence westerly to the intersection of 41st Street extended and the bulkhead line in the Hudson River; thence northerly along said bulkhead line to the place of beginning;

(ii) any project commenced, as that term is defined herein, on or after March 7, 2006 and before May 11, 2007 within the geographic exclusion area, bounded and described as follows: Beginning at the intersection of the bulkhead line in the Hudson River and 96th Street extended; thence easterly to 96th Street and continuing along 96th Street to its easterly terminus; thence easterly to the intersection of 96th Street extended and the bulkhead line in the East River; thence southerly along said bulkhead line to the intersection of said bulkhead line and 14th Street extended; thence westerly to 14th Street and continuing along 14th Street to Broadway; thence southerly along Broadway to Houston Street; thence westerly along Houston Street to Thompson Street; thence southerly along Thompson Street to Spring Street; thence westerly along Spring Street to Avenue of the Americas; thence northerly along Avenue of the Americas to Vandam Street; thence westerly along Vandam Street to Varick Street; thence northerly along Varick Street to Houston Street; thence westerly along Houston Street and continuing to its westerly terminus; thence westerly to the intersection of Houston Street extended and the bulkhead line in the Hudson River; thence northerly along said bulkhead line to the intersection of said bulkhead line and 11th Avenue extended; thence northerly to 11th Avenue and continuing along 11th Avenue to 14th Street; thence easterly along 14th Street to 10th Avenue; thence northerly along 10th Avenue to 30th Street; thence westerly along 30th Street to 11th Avenue; thence northerly along 11th Avenue to 41st Street; thence westerly along 41st Street and continuing to its westerly terminus; thence westerly to the intersection of 41st Street extended and the bulkhead line in the Hudson River; thence northerly along said bulkhead line to the place of beginning; or

(iii) any project commenced, as that term is defined herein, on or after May 11, 2007 and before December 31, 2007 within the geographic exclusion area, bounded and described as follows: Beginning at the intersection of the bulkhead line in the Hudson River and 96th Street extended; thence easterly to 96th Street and continuing along 96th Street to its easterly terminus; thence easterly to the intersection of 96th Street extended and the bulkhead line in the East River; thence southerly along said bulkhead line to the intersection of said bulkhead line and 14th Street extended; thence westerly to 14th Street and continuing along 14th Street to Broadway; thence southerly along Broadway to Houston Street; thence westerly along Houston Street to Thompson Street; thence southerly along Thompson Street to Spring Street; thence westerly along Spring Street to Avenue of the Americas; thence northerly along Avenue of the Americas to Vandam Street; thence westerly along Vandam Street to Varick Street; thence northerly along Varick Street to Houston Street; thence westerly along Houston Street and continuing to its westerly terminus; thence westerly to the intersection of Houston Street extended and the bulkhead line in the Hudson River; thence northerly along said bulkhead line to the intersection of said bulkhead line and 30th Street extended; thence easterly along 30th Street to 11th Avenue; thence northerly along 11th Avenue to 41st Street; thence westerly along 41st Street and continuing to its westerly terminus; thence westerly to the intersection of 41st Street extended and the bulkhead line in the Hudson River; thence northerly along said bulkhead line to the place of beginning.

§ 2. Subdivision (c) of section 6-02 of title 28 of the Rules of the City of New York is amended by adding a new paragraph (11) to read as follows:

(11) Notwithstanding subparagraphs (i), (ii) and (iii) of paragraph (10) of this subdivision, if a local law amending the boundaries of or project commencement dates for any geographic exclusion area set forth in section 11-245 of the Administrative Code is enacted after May 11, 2006, then the boundaries and project commencement dates for all geographic exclusion areas shall be as set forth in such section 11-245.

§ 3. Paragraph (1) of subdivision (d) of section 6-05 of title 28 of the Rules of the City of New York is amended by adding a new subparagraph (vii) to read as follows:

(vii) Proof that the multiple dwelling has been registered with the Department in accordance with the provisions of article two of subchapter four of the Housing Maintenance Code.

§ 4. Subdivision (n) of section 6-08 of title 28 of the Rules of the City of New York is amended by adding a new paragraph (5) to read as follows:

(5) Notwithstanding anything to the contrary contained in this subdivision, affordable units created to satisfy the requirements of the inclusionary housing program established pursuant to inclusionary housing program established in Subdistricts C, D1 and D2 of the Special Hudson Yards District, Preservation Area P-2 of the Special Garment Center District and the Special West Chelsea District pursuant to the New York City Zoning Resolution may be considered as satisfying the requirements of this section.

Statement of Basis and Purpose. This proposed rule amendment implements Local Law 22 of 2005 (expansion of Manhattan Geographic Exclusion Area to include all of the Special Hudson Yards District and certain midtown and Chelsea blocks). In order to receive benefits pursuant to Real Property Tax Law § 421-a in these areas, projects commenced on or after March 7, 2006 must either be created with substantial governmental assistance or include an affordability component on-site or off-site.

This proposed rule amendment also implements a local law enacted on May 11, 2006, which further expands the Manhattan Geographic Exclusion Area. This local law provision is effective one year from the date it was enacted, and the rule will apply to projects commenced on or after that effective date (i.e., May 11, 2007).

This proposed rule amendment further provides that for any subsequent amendments to the Manhattan Geographic Exclusion Area, the Administrative Code should be referred to to determine the boundaries for such area or areas as well as the applicable project commencement dates.

Furthermore, since affordable units created to satisfy the requirements of the inclusionary housing program established pursuant to the Special Hudson Yards District and the Special West Chelsea District in the Zoning Resolution may also receive other governmental assistance and satisfy the affordability requirement of another governmental program, the proposed rule amendment carves such units out of the "double dipping" prohibition currently applicable to the rest of the Manhattan Geographic Exclusion Area.

The proposed rule amendment also now requires multiple dwelling registration in accordance with article two of subchapter four of the Housing Maintenance Code as another prerequisite to getting Real Property Tax Law § 421-a benefits.

Notice of Opportunity to Comment on Proposed Rules Governing Tax Exemptions under Section 489 of the Real Property Tax Law

NOTICE IS HEREBY GIVEN PURSUANT TO THE AUTHORITY VESTED IN THE Commissioner of the Department of Housing Preservation and Development by New York City Charter § 1802 and in accordance with the requirements of § 1043 of the Charter, that the Department of Housing Preservation and Development intends to adopt amended rules governing tax exemptions under Section 489 of the Real Property Tax Law and Section 11-243 (formerly § J-51-2.5) of the New York City Administrative Code.

Written comments regarding these rules may be sent to the Department of Housing Preservation and Development, Attention: Lisa S.J. Yee, TIP Director, 100 Gold Street, Room 9U-7A, New York, New York 10038, on or before July 14, 2006. A public hearing shall be held from 10:00 A.M. to 1:00 P.M. on July 14, 2006 at 100 Gold Street, 9th floor, Room 9V-6, New York, New York 10038. Persons seeking to testify are requested to notify the TIP Director at the foregoing address. Written comments and a summary of oral comments received at the hearing will be available for public inspection, within a reasonable time after receipt, between the hours of 9:00 A.M. and 5:00 P.M. at the office of the TIP Director.

The proposed rule amendments were included in HPD's 2005-6 Regulatory Agenda.

Persons who request that a sign language interpreter or other form of reasonable accommodation for a disability be provided at the hearing are requested to notify the TIP Director at the foregoing address by July 7, 2006.

Material to be added is underlined. Material to be deleted is in [brackets].

Section one. Subdivision (c) of Section 5-05 of Chapter 5 of Title 28 of the Rules of the City of New York is amended by adding new paragraphs (9) and (10) to read as follows:

(9) Proof that the building has been registered with HPD in accordance with the provisions of article two of subchapter four of the Housing Maintenance Code.

(10) (i) For applications received on or after March 19, 2006, an affidavit from the owner certifying that whenever any household appliance in any dwelling unit, or any household appliance that provides heat or hot water for any dwelling unit in the multiple dwelling, is installed or replaced with a new household appliance, such new appliance shall be certified as Energy Star. If applicable, such affidavit may instead certify (A) that an appropriately-sized Energy Star certified household appliance is not manufactured, such that movement of walls or fixtures would be necessary to create sufficient space for such appliance, and/or (B) that an Energy Star certified boiler or furnace of sufficient capacity is not manufactured.

(ii) For purposes of this paragraph (10), (A) "household appliance" shall mean any refrigerator, room air conditioner, dishwasher or clothes washer, within a dwelling unit in the multiple dwelling that is provided by the owner, and any boiler or furnace that provides heat or hot water for any dwelling unit in the multiple dwelling, and (B) "Energy Star" shall mean a designation from the United States Environmental Protection Agency or Department of Energy indicating that a product meets the energy efficiency standards set forth by the agency for compliance with the Energy Star program.

Statement of Basis and Purpose: The proposed rule amendments would require multiple dwelling registration in accordance with article two of subchapter four of the Housing Maintenance Code as a prerequisite for getting J-51 benefits. They also implement Local Law 107 of 2005, which requires recipients of J-51 tax exemption benefits to purchase certain Energy Star certified household appliances.

CONDITIONAL NEGATIVE DECLARATION

Project Identification
CEQR No. 02DCP044Q
ULURP No. 02127 ZMQ
SEQRA Classification: Unlisted

Lead Agency
City Planning Commission
22 Reade Street
New York, New York 10007
Contact: Robert Dobruskin
(212) 720-3423

Name, Description and Location of Proposal:

45-02 83rd Street, Elmhurst

The proposal involves an application by H. K. Development Group, LTD. for a zoning map amendment to change an R6B and R6B/C2-3 district to an R7A/C2-3 district. The proposed action would affect a portion of the block fronting the south side of 45th Avenue between 82nd and 83rd Streets in the Elmhurst section of Community District 4, Queens. The affected addresses are 82-02/20 45th Avenue, 45-01/15 82nd Street, and 45-02/16 83rd Street (Block 1536, Lots 201, 210, 215 and 247). The proposed rezoning area is contiguous to an R7-A zone to the north.

The proposed action would facilitate the development of two new residential buildings containing a total of 151,366 gross square feet floor area, including 34,500 square feet of ground-floor retail space, 115 dwelling units and 150 parking spaces. It is anticipated that one building (Block 1536, Lot 215) would be 8-stories high with 70 dwelling units, and the other (Block 1536, Lot 247) 6-stories high with 45 dwelling units. The parking garage is expected to have entrances on 82nd and 83rd Streets. The uses on the other two lots within the rezoning area are expected to remain unchanged.

The affected area is 59,384 square feet and currently occupied by a one story supermarket to remain (Lot 201) with accessory parking (Lot 247) which will be developed, a one story commercial building to remain (Lot 210) and a one story warehouse (Lot 215) to be removed and redeveloped with a new residential building.

The development is expected to be completed in 2007.

To avoid any potential impacts associated with hazardous materials, the proposed action will place an (E) designation for hazardous materials on the following properties:

Block	Lots
1536	201
1536	210

The text of the (E) designation is as follows:

Due to the possible presence of hazardous materials on the aforementioned designated sites there is potential for contamination of the soil and groundwater. To determine if contamination exists and perform an appropriate remediation, the following tasks must be undertaken by the fee owners(s) of the lot restricted by this (E) designation prior to any demolition or disturbance of soil on the lot.

Task 1
The fee owner(s) of the lot(s) restricted by this (E) designation will be required to prepare a scope of work for any soil, gas, or groundwater sampling and testing needed to determine if contamination exists, the extent of the contamination, and to what extent remediation may be required. The scope of work will include all relevant supporting documentation, including site plans and sampling locations. This scope of work will be submitted to DEP for review and approval prior to implementation. It will be reviewed to ensure that an adequate number of samples will be collected and that appropriate parameters are selected for laboratory analysis.

No sampling program may begin until written approval of a work plan and sampling protocol is received from DEP. The number and location of sample sites should be selected to adequately characterize the type and extent of the contamination, and the condition of the remainder of the site. The characterization should be complete enough to determine what remediation strategy (if any) is necessary after review of the sampling data. Guidelines and criteria for choosing sampling sites and performing sampling will be provided by DEP upon request.

Task 2
A written report with findings and a summary of the data must be presented to DEP after completion of the testing phase and laboratory analysis for review and approval. After receiving such test results, a determination will be provided by DEP if the results indicate that remediation is necessary.

If DEP determines that no remediation is necessary, written notice shall be given by DEP.

If remediation is necessary according to test results, a proposed remediation plan must be submitted to DEP for review and approval. The fee owner(s) of the lot(s) restricted by this (E) designation must perform such remediation as determined necessary by DEP. After completing the remediation, the fee owner(s) of the lot restricted by this (E) designation should provide proof that the work has been satisfactorily completed.

A DEP-approved construction-related health and safety plan would be implemented during excavation and construction activities to protect workers and the community from potentially significant adverse impacts associated with contaminated soil and/or groundwater. This Plan would be submitted to DEP for review and approval prior to implementation.

The placement of the (E) designation (E-169) on the zoning map would eliminate the potential for significant adverse impact on those sites and would ensure that appropriate testing and/or remediation, if needed, would be undertaken.

Statement of No Significant Effect on Modification:

The Environmental Assessment and Review Division of the Department of City Planning, on behalf of the City Planning Commission, has completed its technical review of the Environmental Assessment Statement dated June 1, 2006, prepared in connection with the ULURP Application No. 020127 ZMQ. The City Planning Commission has determined that the proposed action will have no significant effect on the quality of the environment, once modified as follows:

1) The applicant agrees via a restrictive declaration to prepare a hazardous materials sampling protocol including a health and safety plan, including an ACM (Asbestos Containing Materilas) abatement program which would be submitted to the Department of Environmental Protection (DEP) for approval. The applicant agrees to provide a Health and Safety Plan prior to starting the proposed demolition activities and to test and identify any potential hazardous material impact pursuant to the approved sampling protocol and, if any such impact is found, submit a hazardous material remediation plan including a health and safety plan to DEP for approval. If necessary, remediation measures would be undertaken pursuant to the remediation plan.

   The restrictive declaration also restricts the manner in which the property may be developed or redeveloped, by requiring the sampling protocol and remediation measures to serve as a condition precedent to any change of use in any such development or redevelopment of the property.

Supporting Statement:

The above determination is based on an environmental assessment which finds that:

1. A Phase I Environmental Site Assessment (ESA), available in the proposal's CEQR file, was prepared in December 3, 2002 for the project site. The Phase I ESA was reviewed by DEP's Office of Environmental Planning and Assessment, and a restrictive declaration for the property owned by the applicant and an (E) designation for the property not owned by the applicant were recommended as stated in a memo by DEP, on February 24, 2003, due to the potential presence of hazardous materials as a result of past and present on-site land uses. The declaration and (E) designation require that detailed Phase II testing and Health and Safety Plan would occur and is binding upon the property's successors and assigns. The declaration serves as a mechanism to assure the potential for hazardous material contamination during demolition activities and that may exist in the sub-surface soils and groundwater on the project site would be characterized prior to any site disturbance (i.e., site grading, excavation, demolition, or building construction).

   With the implementation of the condition described above, no significant adverse impact related to hazardous materials would occur.

2. No other significant adverse effects on the environment which would require an Environmental Impact Statement are foreseeable.

   It is fully agreed and understood that if the foregoing conditions, modifications, and alterations are not fully incorporated into the proposed action that this Conditional Negative Declaration shall become null and void. In such event, the applicant shall be required to prepare a Draft Environmental Impact Statement before proceeding further with said proposal.

This Conditional Negative Declaration has been prepared in accordance with Article 8 of the Environmental Conservation Law 6NYCRR part 617.

Should you have any questions pertaining to this Conditional Negative Declaration, you may contact Mauricio Garcia at (212) 720-3418.

INFORMATION TECHNOLOGY AND TELECOMMUNICATIONS

■ NOTICE

Notice of Proceeding Concerning Time Warner Cable's Renewal of its Cable Television Franchises

On December 6, 2005, Time Warner Cable provided the New York City Department of Information Technology and Telecommunications ("DoITT") notice of its intent to seek renewal of its franchises to provide cable television service in the boroughs of Queens, Manhattan, Staten Island, and Western Brooklyn. These franchises will expire on September 16, 2008. Pursuant to 16 NYCRR § 891.2 and 47 U.S.C. § 546, DoITT hereby provides the public an opportunity to comment on the renewal of these franchises. In their submissions, commenters are invited to:

(1) identify the future cable-related community needs and interests, taking into account the costs of meeting such needs and interests; and
(2) review Time Warner Cable's performance during the current franchise term, which began on September 16, 1998.

DoITT will accept comments until June 1, 2007, subject to a possible future extension of such date if authorized by the New York State Public Service Commission. Comments and any questions should be addressed to:

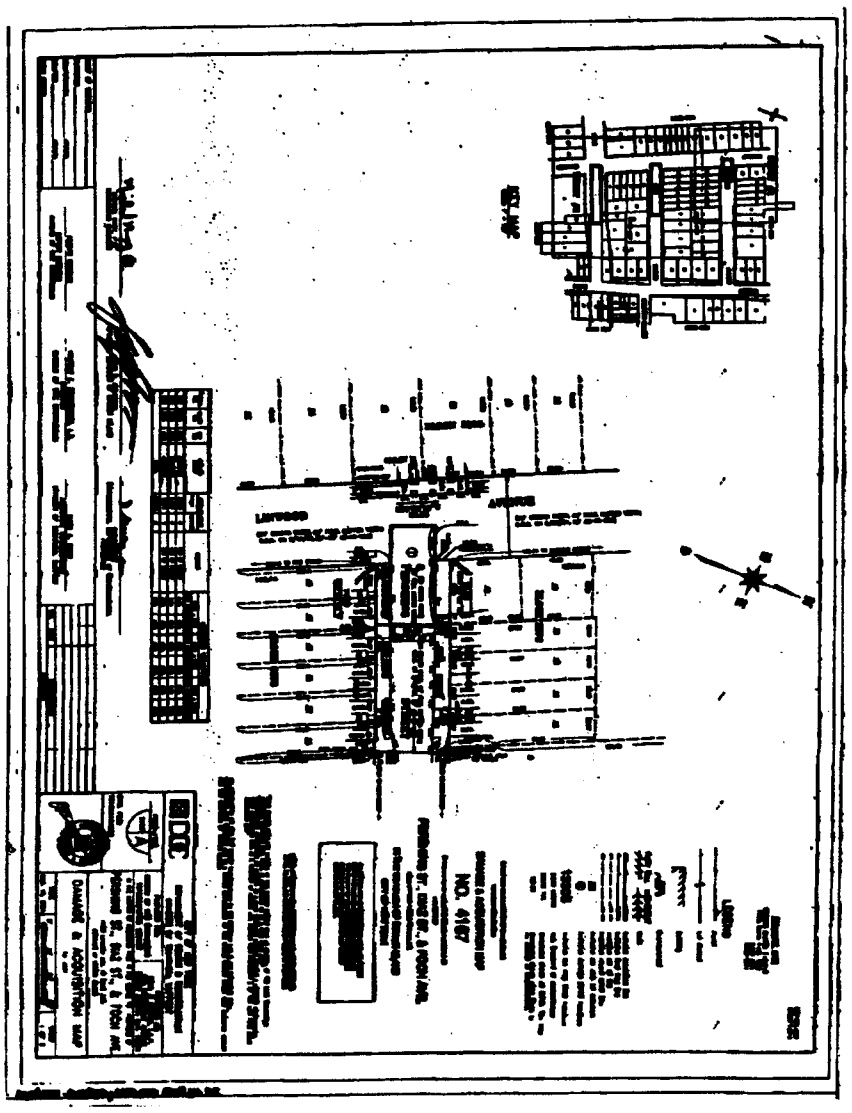
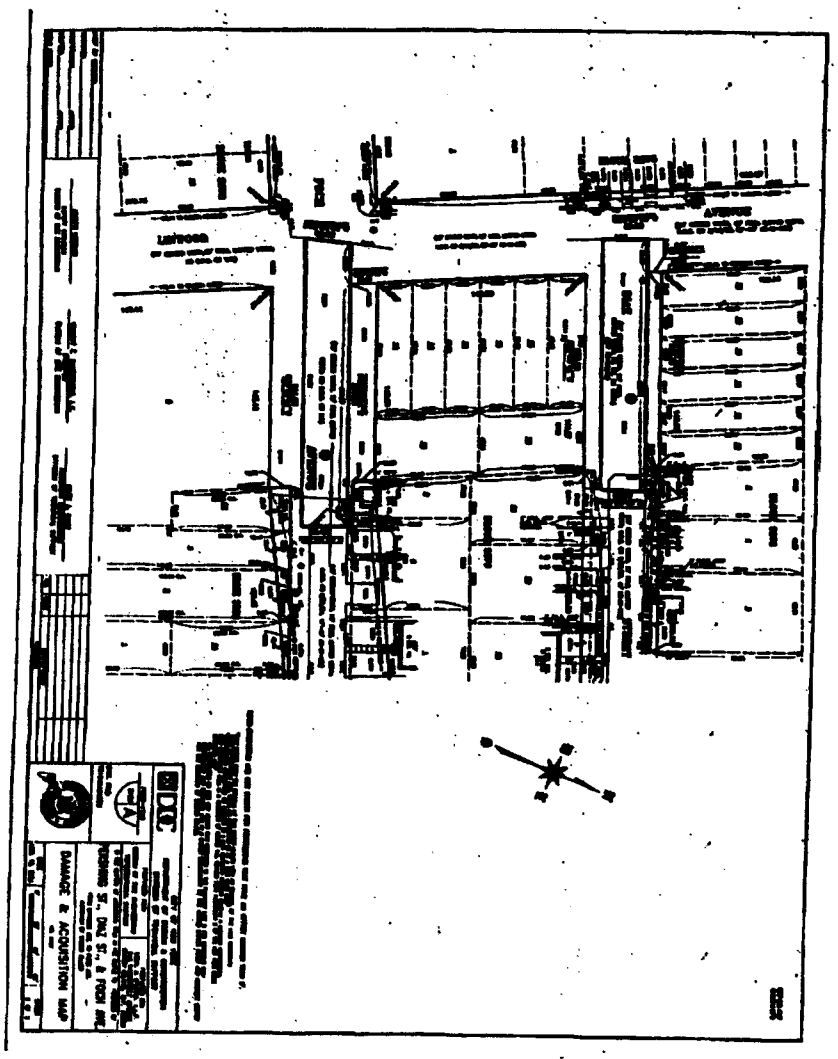
COURT NOTICE MAPS FOR PERSHING ST., DIAZ ST., & FOCH AVE.





READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council,** 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists--free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:

Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.

If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

Definitions

For the purposes of the Inclusionary Housing program, matter in italics is defined either in Section 12-10 (DEFINITIONS) or in this Section.

Administering agent

The "administering agent" is the entity or entities identified in the #lower income housing plan# as responsible for ensuring compliance with such plan.

The #administering agent# shall be a not-for-profit organization, unless the Commissioner of Housing Preservation and Development finds that a good faith effort by the developer of the #compensated development# to secure a qualified not-for-profit organization as the #administering agent# was unsuccessful. However, in ~~Community Districts 1 and 7, Borough of Brooklyn,~~ #R6, R7 and R8 designated areas#, the Commissioner may approve an entity that is responsible for compliance monitoring pursuant to city, state, or federal funding sources, to serve as the #administering agent# during such compliance period.

Fair rent

At initial occupancy of #lower income housing#, "fair rent" (the "Section 8 Standard") is an annual rent for each such housing equal to not more than either the public assistance shelter allowance if the #family# receives public assistance, or 30 percent of the annual income of the tenant of such housing, provided that such tenant is a #lower income household# at the time of initial occupancy pursuant to the provisions of this program.

Upon renewal of a lease for an existing tenant in #lower income housing#, #fair rent# (the "Rent Stabilization Standard") is not more than the then-current #fair rent# for such housing plus a percentage increase equal to the percentage increase for a renewal lease of the same term permitted by the Rent Guidelines Board for units subject to the rent stabilization law.

After initial occupancy, upon rental of #lower income housing# to a new tenant, #fair rent# is not more than the higher of:

(a) the then-currently applicable "Section 8 Standard"; or

(b) the Rent Stabilization Standard.

In order for rent to be #fair rent#, the following must also apply:

There shall be no additional charge to the tenant for the provision of heat and electric service, except that the Commissioner of Housing Preservation and Development may approve a #lower income housing plan# making a #lower income household# responsible for the payment of utilities as long as the sum of:

(1) the initial #fair rent#; and

(2) the monthly costs of a reasonable compensation for these utilities, by an energy conservative household of modest circumstances consistent with the requirements of a safe, sanitary and healthful living environment do not exceed 30 percent of said #lower income household's# income.

However, in ~~Community Districts 1 and 7, Borough of Brooklyn,~~ #R6, R7 and R8 designated areas#, the Commissioner of Housing Preservation and Development may determine that rents satisfying the requirements of City, State or Federal programs assisting #lower income housing# will be considered #fair rent#, provided that such rents do not exceed 30 percent of #lower income household's# income, as applicable, and provided further that upon expiration or termination of the requirements of the City, State or Federal program, rent increases and re-rentals shall be subject to the higher of the then-currently applicable Section 8 Standard or the Rent Stabilization Standard.

At initial occupancy of any #lower income housing#, no portion of the #fair rents# shall be for the payment of the principal or interest on any debt, and the #lower income housing# shall not secure any debt and shall be free of all liens, except liens for real estate taxes, water charges and sewer rents and other governmental charges for which payment is not yet due. #Fair rents# may be used for the payment of principal or interest of debt only if such debt was incurred after the date of initial occupancy and is for a capital improvement to such #lower income housing# other than those capital improvements set forth in the #lower income housing plan#.

In ~~Community Districts 1, 2 and 7, Borough of Brooklyn,~~ #R6, R7 and R8 designated areas#, at initial occupancy of any #lower income housing#, a portion of the #fair rents# may be for the payment of the principal or interest on debt, and such housing may secure debt, provided that, as of the date of the approval of the #lower income housing plan#, the Commissioner of Housing Preservation and Development finds that the total annual rent, when such interest and principal payments are deducted, is in compliance with the requirements of Section 23-95, paragraph(c), and provided that the lender agrees to enter into a written agreement which subordinates such debt to the provisions of the #lower income housing plan#.

Lower income household

A "lower income household" is a #family# having an income equal to or less than the income limits (the "80 Percent of SMSA Limits") for New York City residents established by the U.S. Department of Housing and Urban Development pursuant to Section 3(b)(2) of the United States Housing Act of 1937, as amended, for lower income families receiving housing assistance payments.

In ~~Community Districts 1 and 7, Borough of Brooklyn,~~ #R6, R7 and R8 designated areas#, #lower income households# shall also include all existing households in tenancy, provided such households occupy units that are within a #building# in which rents for all occupied units are regulated by City or State law, and the aggregate maximum permitted annual rent roll for such occupied units, divided by the number of occupied units, is less than 30 percent of the applicable income limit for a #lower income household# as provided in this Section. In determining the applicable income limit for such #lower income households#, the Commissioner of Housing Preservation and Development may make adjustments, consistent with U. S. Department of Housing and Urban Development regulations, for the number of persons residing in each unit.

Lower income housing

"Lower income housing" are #standard units# occupied or to be occupied by #lower income households#. #Lower income housing# shall not include #standard units# assisted under city, state or federal programs, except where such assistance is in the form of:

(a) real estate tax abatements and exemptions which are specifically limited to the #lower income housing#; or

(b) operating assistance that the Commissioner of the Department of Housing Preservation and Development determines will be used to enable households with incomes of not more than 62.5 percent of the "80 Percent of SMSA Limits" to afford such #lower income housing#.

However, ~~in Community Districts 1 and 7, Borough of Brooklyn,~~ in #R6, R7 and R8 designated areas#, #lower income housing# shall include #standard units# assisted under City, State or Federal programs.

In R10 Districts

* * *

23-942
~~In Community Districts 1 and 7, Borough of Brooklyn~~
In R6, R7 and R8 Districts

The provisions of this Section shall apply in the designated areas set forth in Section 23-922, except within Waterfront Access Plan BK-1.

(a) Maximum #floor area ratio#

The #floor area# of a #development# or #enlargement# may not exceed the base #floor area ratio# set forth in the following table, except that such #floor area# may be increased by one and one-quarter square feet for each square foot of #floor area# provided for #lower income housing#, up to the maximum #floor area ratio# specified in the table. However, the amount of #lower income housing# required to receive such bonus #floor area# need not exceed 20 percent of the total #floor area#, exclusive of ground floor non-#residential floor area#, in the #building#. In addition, the following rules shall apply:

District	Base ratio# area #floor	Maximum #floor area ratio#
R6*	2.2	2.42
R6**	2.7	3.6
R6A	2.7	3.6
R6B	2.0	2.2

R7X	3.75	5.0
R8A	5.4	7.2

* for #zoning lots#, or portions thereof, beyond 100 feet of a #wide street#

** for #zoning lots#, or portions thereof, within 100 feet of a #wide street#

(b) Height and setback

(1) Except in #Special Mixed Use Districts#, the compensated #building# must be #developed# or #enlarged# pursuant to the height and setback regulations of Sections 23-633 (Street wall location and height and setback regulations in certain districts) or 35-24 (Special Street Wall Location and Height and Setback Regulations in Certain Districts), as applicable.

(2) In #Special Mixed Use Districts#, where the #residence district# designation has a letter suffix, the compensated #building# must be #developed# or #enlarged# pursuant to paragraph (b) of Section 123-662 (All buildings in Special Mixed Use Districts with R6, R7, R8, R9 and R10 District designations). Where the #residence district# designation does not have a letter suffix, the compensated #building# must be #developed# or #enlarged# pursuant to the height and setback regulations of Section 23-633 regardless of whether the #building# is #developed# or #enlarged# pursuant to the Quality Housing Program.

(c) #Lower income housing# requirements

The #lower income housing# must be provided in accordance with the provisions set forth in Section 23-95 (Lower Income Housing Requirements).

23-95
Lower Income Housing Requirements

* * *

(f) Permits and certificates of occupancy

No building permit for the #compensated development# shall be issued until the Commissioner of Housing Preservation and Development certifies that an acceptable #lower income housing plan# has been filed and approved.

No temporary certificate of occupancy shall be issued for any part of the #compensated development# until a temporary certificate of occupancy for each unit of #lower income housing# has been issued or, in ~~Community Districts 1 and 7, Borough of Brooklyn,~~ #R6, R7 and R8 designated areas#, if the #building# has a valid certificate of occupancy and no new certificate of occupancy is required under the preservation option, until the Commissioner has certified to the Department of Buildings that the applicant has fulfilled its obligations with respect to the #lower income housing#.

No permanent certificate of occupancy shall be issued for any part of the #compensated development# until a permanent certificate of occupancy for each unit of the #lower income housing# has been issued or, in ~~Community Districts 1 and 7, Borough of Brooklyn,~~ #R6, R7 and R8 designated areas#, if the #building# has a valid certificate of occupancy and no new certificate of occupancy is required under the preservation option, until the Commissioner has certified to the Department of Buildings that the applicant has fulfilled its obligations with respect to the #lower income housing#. Prior to the issuance of any temporary or permanent certificate of occupancy for the #compensated development#, the Commissioner of Housing Preservation and Development shall certify that the #lower income housing# is in compliance with the #lower income housing plan#.

(g) Insurance

The #administering agent# of the #lower income housing# shall have said housing insured against any damage or destruction in an amount equal to no less than the replacement value of such housing.

Any insurance proceeds received as a result of damage or destruction of all or part of such housing shall be used first for restoring such damaged or destroyed housing to #lower income housing#, free of violations under the New York City Building Code, the New York State Multiple Dwelling Law, the New York City Housing Maintenance Code and this Resolution. However, in ~~Community Districts 1 and 7, Borough of Brooklyn~~ #R6, R7 and R8 designated areas#, the Commissioner of Housing Preservation and Development may modify this requirement to provide priority for lenders

participating in the financing of #lower income housing# that is assisted under City, State or Federal programs.

23-951
On-site new construction option

To qualify for this option, the designated #lower income housing# shall meet the following requirements.

(a) The #lower income housing# shall be located in newly constructed #floor area# in the #compensated development#. The #lower income housing# shall be maintained and leased to #lower income households# for the life of the increased #floor area#.

(b) #Dwelling units# designated as #lower income housing# shall be distributed throughout the #development#. No #story# shall contain more than two such units unless at least 80 percent of all #stories# contain two such units. The size of the designated #lower income housing# units shall at least be distributed among the various size units in proportion to the total distribution of unit size within the #building# in the following categories of unit sizes:

under 600 net square feet
600 - 749 net square feet
750 - 949 net square feet
950 - 1149 net square feet
1150 or more net square feet

In ~~Community Districts 1 and 7, Borough of Brooklyn~~ #R6, R7 and R8 designated areas#, if the #lower income housing# is subject to the requirements of city, state or federal programs assisting the #lower income housing# that have size and distribution requirements conflicting with the size and distribution requirements of this paragraph, (b), then the size and distribution requirements of this paragraph, (b), may be waived by the Commissioner of Housing Preservation and Development to facilitate the #development# of #lower income housing#.

23-952
Substantial rehabilitation and off-site new construction options

To qualify for one or more of these options, the designated #lower income housing# shall meet the following requirements:

(a) The #lower income housing# shall be located either:

(1) within the same Community District as the #compensated development#; or

(2) within an adjacent Community District and within a one-half mile radius of the #compensated development#, except that #lower income housing# located within a one-half mile radius of a #compensated development# in Community District 1, Borough of Brooklyn, shall be located in an adjacent Community District in the Borough of Brooklyn.

For the new construction option the #lower income housing# shall be in a new #building#. For the substantial rehabilitation options, the #lower income housing# shall be in an existing #building# in which, prior to the submission of the #lower income housing plan# pursuant to this Section, any #residential# portion not in public ownership had been entirely vacant for not less than three years.

Furthermore, in ~~Community Districts 1 and 7, Borough of Brooklyn,~~ #R6, R7 and R8 designated areas#, the #administering agent# shall not be required to verify the income of households in tenancy, as of the date upon which the Commissioner of Housing Preservation and Development approves the #lower income housing plan#.

(b) The #lower income housing# shall be maintained and leased to #lower income households# for the life of the increased #floor area#.

(c) On-site substantial rehabilitation units shall be those units on the same #zoning lot# as the #compensated development#.

23-953
Preservation option

To qualify for this option, the designated #lower income housing# shall meet the following requirements.

(a) The #lower income housing# shall be located either:

(1) within the same Community District as the #compensated development#; or

(2) within an adjacent Community District and within a one-half mile radius of the #compensated development#, except that #lower income housing# located within a one-half mile radius of a #compensated development# in Community District 1, Borough of Brooklyn, shall be located in an adjacent Community District in the Borough of Brooklyn.

The #lower income housing# shall be in an existing occupied #residential# or #mixed building#. Only #standard units# occupied by #lower income households# shall be #lower income housing#. For each #standard unit# designated as #lower income housing# the #administering agent# shall verify the income of the household in tenancy.

Furthermore, in ~~Community Districts 1 and 7, Borough of Brooklyn,~~ #R6, R7 and R8 designated areas# the #administering agent# shall not be required to verify the income of households in tenancy, as of the date upon which the Commissioner of Housing Preservation and Development approves the #lower income housing plan#.

123-63
Maximum Floor Area Ratio and Lot Coverage Requirements for Residential Buildings in R6, R7, R8 and R9 Districts

Where the designated #Residence District# is an R6, R7, R8 or R9 District, the ~~provisions of Sections 23-142 (In R6, R7, R8 or R9 Districts) through 23-144 regulating minimum required #open space ratios# and maximum #floor area ratios#~~ minimum required #open space ratio# and maximum #floor area ratio# provisions of Sections 23-142, 23-143 and paragraph (a) of Section 23-147 shall not apply. In lieu thereof, all #residential buildings#, regardless of whether they are required to be #developed# or #enlarged# pursuant to the Quality Housing Program, shall comply with the maximum #floor area ratio# and #lot coverage# requirements set forth for the designated district in Section 23-145, or paragraph (b) of Section 23-147 for #non-profit residences for the elderly#. For purposes of this Section, #non-profit residences for the elderly# in R6 and R7 Districts without a letter suffix, shall comply with the provisions for R6A or R7A Districts, respectively, as set forth in paragraph (b) of Section 23-147.

Where the designated district is an R7-3 District, the maximum #floor area ratio# shall be 5.0 and the maximum #lot coverage# shall be 70 percent on an #interior# or #through lot# and 80 percent on a #corner lot#.

Where the designated district is an R9-1 District, the maximum #floor area ratio# shall be 9.0, and the maximum #lot coverage# shall be 70 percent on an #interior# or #through lot# and 80 percent on a #corner lot#.

However, in designated R6, R7 or R8 Districts where the Inclusionary Housing Program is applicable, as listed below, the maximum permitted #floor area ratio# shall be as set forth in Section 23-942 (In R6, R7 and R8 Districts). The locations of such districts are specified in Section 23-922 (Certain R6, R7 and R8 Districts).

In the Matter of Application of the CITY OF NEW YORK relative to acquiring title in fee simple absolute to certain real property where not heretofore acquired for **Portions of Pershing Street, Diaz Street, and Foch Avenue from Linwood Avenue to Piave Avenue** in the Borough of Staten Island, City and State of New York.

PLEASE TAKE NOTICE that the Corporation Counsel of the City of New York intends to make application to the Supreme Court of the State of New York, Richmond County, IA Part 74, for certain relief.

The application will be made at the following time and place: At 320 Jay Street, Room 17.21, Brooklyn, New York, on June 23, 2006, at 9:30 A.M., or as soon thereafter as counsel can be heard.
The application is for an order:

1. authorizing the City to file an acquisition map in the Office of the Clerk of Richmond County;

2. directing that upon the filing of said map, title to the property sought to be acquired shall vest in the City;

3. providing that the just compensation (if any) therefor be ascertained and determined by the Supreme Court without a jury; and

4. providing that notices of claim must be served and filed within one calendar year from the vesting date.

The City of New York, in this proceeding, intends to acquire title in fee simple absolute to certain real property where not heretofore acquired for the same purpose, for installation of storm sewers in the Borough of Staten Island, City and State of New York.
The description of the real property to be acquired is as follows:

INFORMATION TECHNOLOGY AND TELECOMMUNICATIONS

■ **NOTICE**

Notice of Proceeding Concerning Time Warner Cable's Renewal of its Cable Television Franchises

On December 6, 2005, Time Warner C/able provided the New York City Department of Information Technology and Telecommunications ("DoITT") notice of its intent to seek renewal of its franchises to provide cable television service in the boroughs of Queens, Manhattan, Staten Island, and Western Brooklyn. These franchises will expire on September 16, 2008. Pursuant to 16 NYCRR § 891.2 and 47 U.S.C. § 546, DoITT hereby provides the public an opportunity to comment on the renewal of these franchises. In their submissions, commenters are invited to:

(1) identify the future cable-related community needs and interests, taking into account the costs of meeting such needs and interests; and
(2) review Time Warner Cable's performance during the current franchise term, which began on September 16, 1998.

DoITT will accept comments until June 1, 2007, subject to a possible future extension of such date if authorized by the New York State Public Service Commission. Comments and any questions should be addressed to:

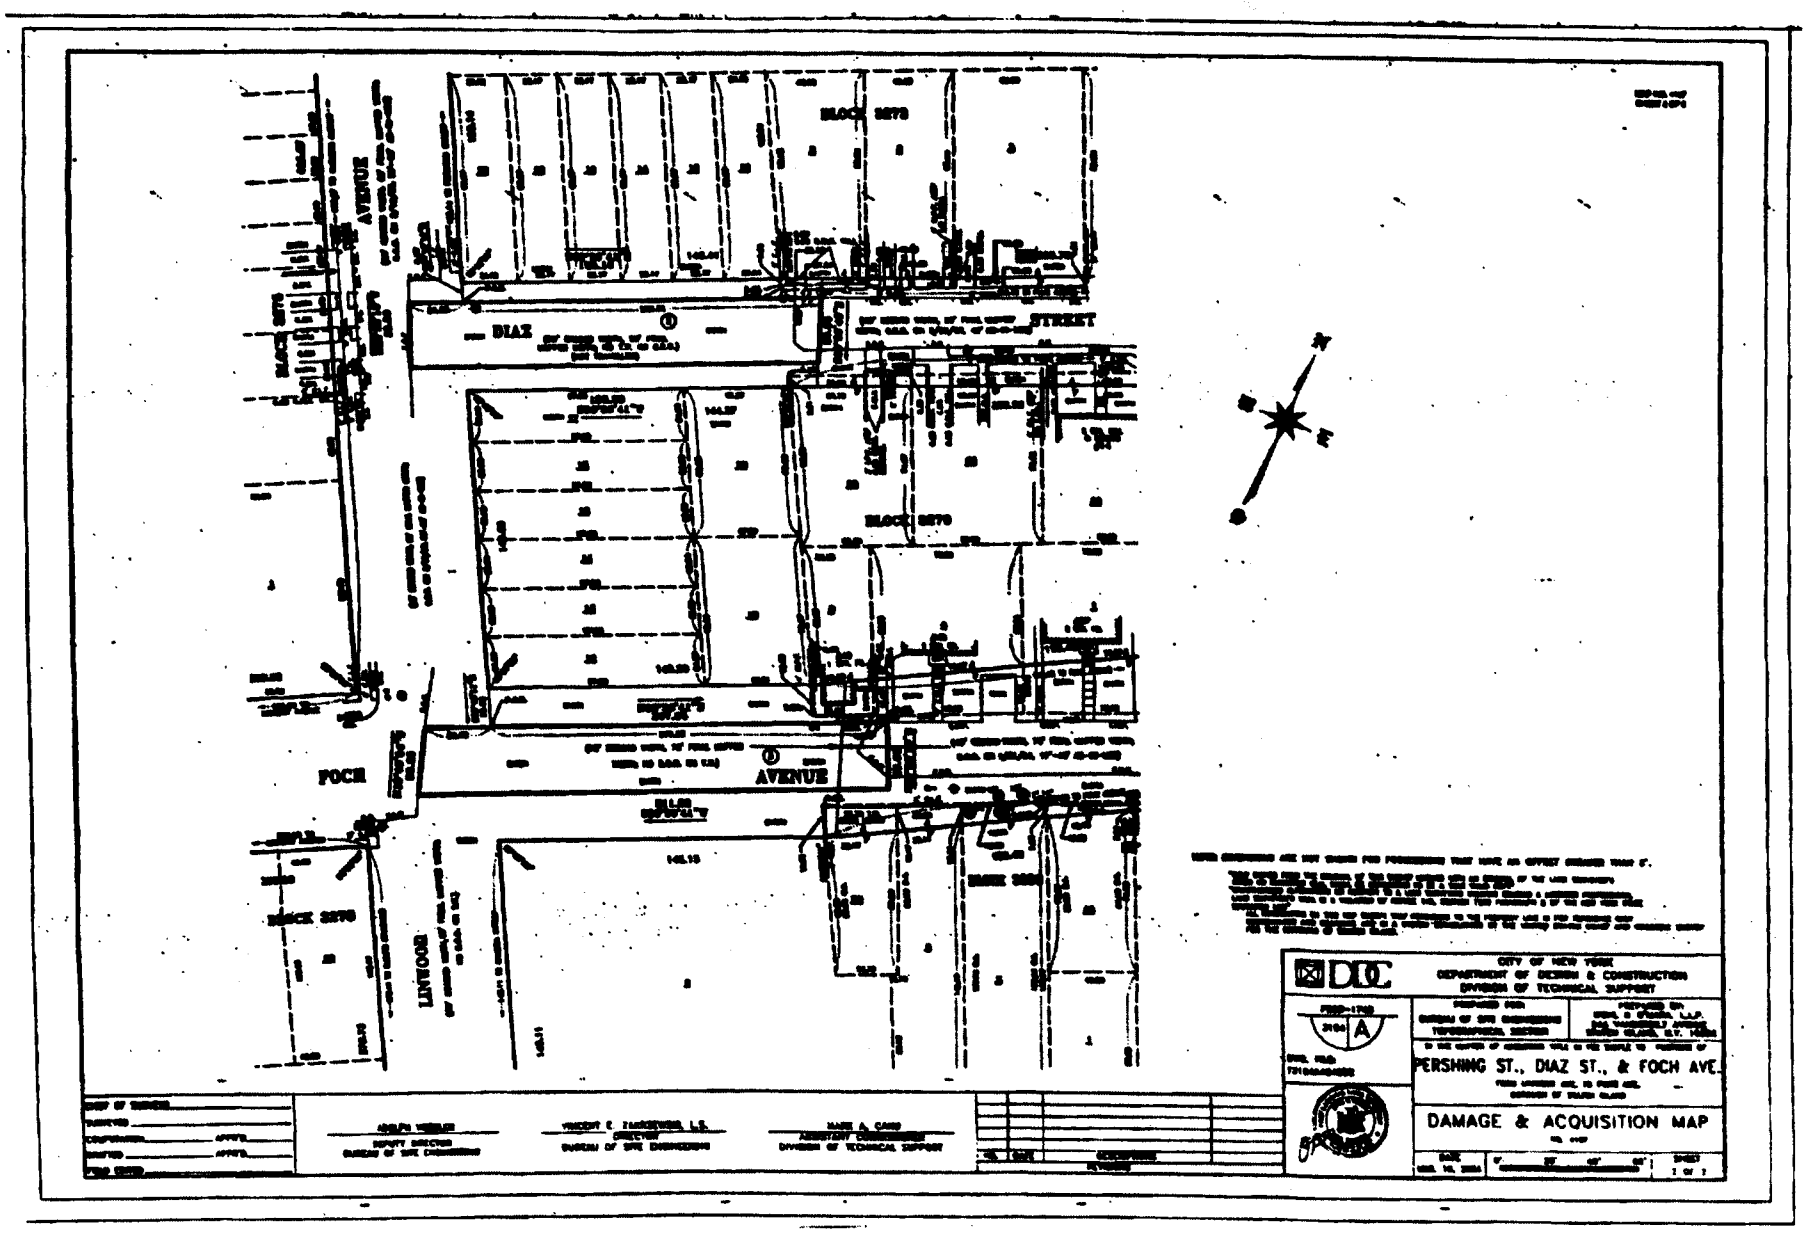
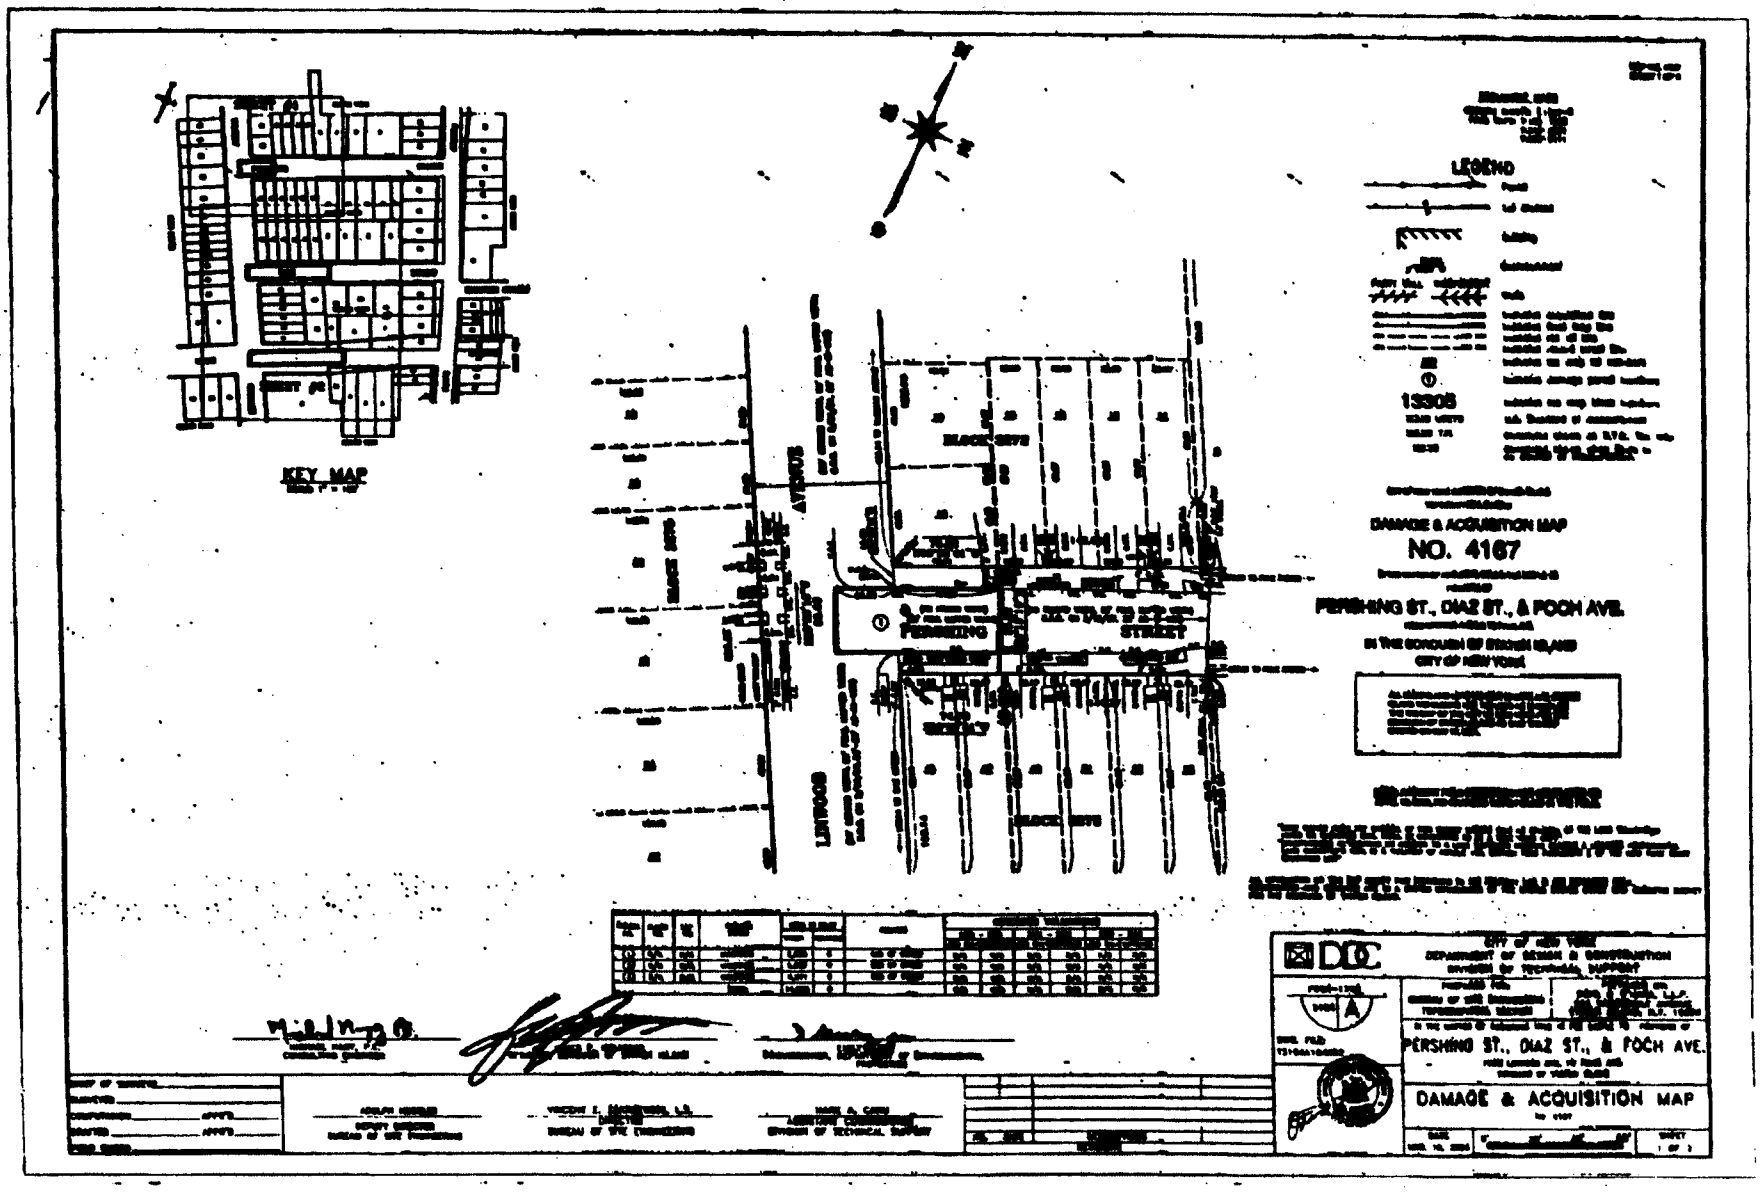
COURT NOTICE MAPS FOR PERSHING ST., DIAZ ST., & FOCH AVE.





READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council,** 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists--free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

Definitions

For the purposes of the Inclusionary Housing program, matter in italics is defined either in Section 12-10 (DEFINITIONS) or in this Section.

Administering agent

The "administering agent" is the entity or entities identified in the #lower income housing plan# as responsible for ensuring compliance with such plan.

The #administering agent# shall be a not-for-profit organization, unless the Commissioner of Housing Preservation and Development finds that a good faith effort by the developer of the #compensated development# to secure a qualified not-for-profit organization as the #administering agent# was unsuccessful. However, in ~~Community Districts 1 and 7, Borough of Brooklyn,~~ #R6, R7 and R8 designated areas#, the Commissioner may approve an entity that is responsible for compliance monitoring pursuant to city, state, or federal funding sources, to serve as the #administering

agent# during such compliance period.

Fair rent

At initial occupancy of #lower income housing#, "fair rent" (the "Section 8 Standard") is an annual rent for each such housing equal to not more than either the public assistance shelter allowance if the #family# receives public assistance, or 30 percent of the annual income of the tenant of such housing, provided that such tenant is a #lower income household# at the time of initial occupancy pursuant to the provisions of this program.

Upon renewal of a lease for an existing tenant in #lower income housing#, #fair rent# (the "Rent Stabilization Standard") is not more than the then-current #fair rent# for such housing plus a percentage increase equal to the percentage increase for a renewal lease of the same term permitted by the Rent Guidelines Board for units subject to the rent stabilization law.

After initial occupancy, upon rental of #lower income housing# to a new tenant, #fair rent# is not more than the higher of:

(a) the then-currently applicable "Section 8 Standard"; or

(b) the Rent Stabilization Standard.

In order for rent to be #fair rent#, the following must also apply:

There shall be no additional charge to the tenant for the provision of heat and electric service, except that the Commissioner of Housing Preservation and Development may approve a #lower income housing plan# making a #lower income household# responsible for the payment of utilities as long as the sum of:

(1) the initial #fair rent#; and

(2) the monthly costs of a reasonable compensation for these utilities, by an energy conservative household of modest circumstances consistent with the requirements of a safe, sanitary and healthful living environment do not exceed 30 percent of said #lower income household's# income.

However, in ~~Community Districts 1 and 7, Borough of Brooklyn,~~ #R6, R7 and R8 designated areas#, the Commissioner of Housing Preservation and Development may determine that rents satisfying the requirements of City, State or Federal programs assisting #lower income housing# will be considered #fair rent#, provided that such rents do not exceed 30 percent of #lower income household's# income, as applicable, and provided further that upon expiration or termination of the requirements of the City, State or Federal program, rent increases and re-rentals shall be subject to the higher of the then-currently applicable Section 8 Standard or the Rent Stabilization Standard.

At initial occupancy of any #lower income housing#, no portion of the #fair rents# shall be for the payment of the principal or interest on any debt, and the #lower income housing# shall not secure any debt and shall be free of all liens, except liens for real estate taxes, water charges and sewer rents and other governmental charges for which payment is not yet due. #Fair rents# may be used for the payment of principal or interest of debt only if such debt was incurred after the date of initial occupancy and is for a capital improvement to such #lower income housing# other than those capital improvements set forth in the #lower income housing plan#.

In ~~Community Districts 1, 2 and 7, Borough of Brooklyn,~~ #R6, R7 and R8 designated areas#, at initial occupancy of any #lower income housing#, a portion of the #fair rents# may be for the payment of the principal or interest on debt, and such housing may secure debt, provided that, as of the date of the approval of the #lower income housing plan#, the Commissioner of Housing Preservation and Development finds that the total annual rent, when such interest and principal payments are deducted, is in compliance with the requirements of Section 23-95, paragraph(c), and provided that the lender agrees to enter into a written agreement which subordinates such debt to the provisions of the #lower income housing plan#.

Lower income household

A "lower income household" is a #family# having an income equal to or less than the income limits (the "80 Percent of SMSA Limits") for New York City residents established by the U.S. Department of Housing and Urban Development pursuant to Section 3(b)(2) of the United States Housing Act of 1937, as amended, for lower income families receiving housing assistance payments.

In ~~Community Districts 1 and 7, Borough of Brooklyn,~~ #R6, R7 and R8 designated areas#, #lower income households# shall also include all existing households in tenancy, provided such households occupy units that are within a #building# in which rents for all occupied units are regulated by City or State law, and the aggregate maximum permitted annual rent roll for such occupied units, divided by the number of occupied units, is less than 30 percent of the applicable income limit for a #lower income household# as provided in this Section. In determining the applicable income limit for such #lower income households#, the Commissioner of Housing Preservation and Development may make adjustments, consistent with U. S. Department of Housing and Urban Development regulations, for the number of persons residing in each unit.

Lower income housing

"Lower income housing" are #standard units# occupied or to be occupied by #lower income households#. #Lower income housing# shall not include #standard units# assisted under city, state or federal programs, except where such assistance is in the form of:

(a) real estate tax abatements and exemptions which are specifically limited to the #lower income housing#; or

(b) operating assistance that the Commissioner of the Department of Housing Preservation and Development determines will be used to enable households with incomes of not more than 62.5 percent of the "80 Percent of SMSA Limits" to afford such #lower income housing#.

However, ~~in Community Districts 1 and 7, Borough of Brooklyn,~~ in #R6, R7 and R8 designated areas#, #lower income housing# shall include #standard units# assisted under City, State or Federal programs.

23-942
~~In Community Districts 1 and 7, Borough of Brooklyn~~
In R6, R7 and R8 Districts

The provisions of this Section shall apply in the designated areas set forth in Section 23-922, except within Waterfront Access Plan BK-1.

(a) Maximum #floor area ratio#

The #floor area# of a #development# or #enlargement# may not exceed the base #floor area ratio# set forth in the following table, except that such #floor area# may be increased by one and one-quarter square feet for each square foot of #floor area# provided for #lower income housing#, up to the maximum #floor area ratio# specified in the table. However, the amount of #lower income housing# required to receive such bonus #floor area# need not exceed 20 percent of the total #floor area#, exclusive of ground floor non-#residential floor area#, in the #building#. In addition, the following rules shall apply:

District	Base ratio# area #floor	Maximum #floor area ratio#

R8A	5.4	7.2

* for #zoning lots#, or portions thereof, beyond 100 feet of a #wide street#

** for #zoning lots#, or portions thereof, within 100 feet of a #wide street#

(b) Height and setback

(1) Except in #Special Mixed Use Districts#, the compensated #building# must be #developed# or #enlarged# pursuant to the height and setback regulations of Sections 23-633 (Street wall location and height and setback regulations in certain districts) or 35-24 (Special Street Wall Location and Height and Setback Regulations in Certain Districts), as applicable.

(2) In #Special Mixed Use Districts#, where the #residence district# designation has a letter suffix, the compensated #building# must be #developed# or #enlarged# pursuant to paragraph (b) of Section 123-662 (All buildings in Special Mixed Use Districts with R6, R7, R8, R9 and R10 District designations). Where the #residence district# designation does not have a letter suffix, the compensated #building# must be #developed# or #enlarged# pursuant to the height and setback regulations of Section 23-633 regardless of whether the #building# is #developed# or #enlarged# pursuant to the Quality Housing Program.

(c) #Lower income housing# requirements

The #lower income housing# must be provided in accordance with the provisions set forth in Section 23-95 (Lower Income Housing Requirements).

23-95
Lower Income Housing Requirements

* * *

(f) Permits and certificates of occupancy

No building permit for the #compensated development# shall be issued until the Commissioner of Housing Preservation and Development certifies that an acceptable #lower income housing plan# has been filed and approved.

No temporary certificate of occupancy shall be issued for any part of the #compensated development# until a temporary certificate of occupancy for each unit of #lower income housing# has been issued or, in ~~Community Districts 1 and 7, Borough of Brooklyn,~~ #R6, R7 and R8 designated areas#, if the #building# has a valid certificate of occupancy and no new certificate of occupancy is required under the preservation option, until the Commissioner has certified to the Department of Buildings that the applicant has fulfilled its obligations with respect to the #lower income housing#.

No permanent certificate of occupancy shall be issued for any part of the #compensated development# until a permanent certificate of occupancy for each unit of the #lower income housing# has been issued or, in ~~Community Districts 1 and 7, Borough of Brooklyn,~~ #R6, R7 and R8 designated areas#, if the #building# has a valid certificate of occupancy and no new certificate of occupancy is required under the preservation option, until the Commissioner has certified to the Department of Buildings that the applicant has fulfilled its obligations with respect to the #lower income housing#. Prior to the issuance of any temporary or permanent certificate of occupancy for the #compensated development#, the Commissioner of Housing Preservation and Development shall certify that the #lower income housing# is in compliance with the #lower income housing plan#.

(g) Insurance

The #administering agent# of the #lower income housing# shall have said housing insured against any damage or destruction in an amount equal to no less than the replacement value of such housing.

Any insurance proceeds received as a result of damage or destruction of all or part of such housing shall be used first for restoring such damaged or destroyed housing to #lower income housing#, free of violations under the New York City Building Code, the New York State Multiple Dwelling Law, the New York City Housing Maintenance Code and this Resolution. However, in ~~Community Districts 1 and 7, Borough of Brooklyn~~ #R6, R7 and R8 designated areas#, the Commissioner of Housing Preservation and Development may modify this requirement to provide priority for lenders participating in the financing of #lower income housing# that is assisted under City, State or Federal programs.

23-951
On-site new construction option

To qualify for this option, the designated #lower income housing# shall meet the following requirements.

(a) The #lower income housing# shall be located in newly constructed #floor area# in the #compensated development#. The #lower income housing# shall be maintained and leased to #lower income households# for the life of the increased #floor area#.

(b) #Dwelling units# designated as #lower income housing# shall be distributed throughout the #development#. No #story# shall contain more than two such units unless at least 80 percent of all #stories# contain two such units. The size of the designated #lower income housing# units shall at least be distributed among the various size units in proportion to the total distribution of unit size within the #building# in the following categories of unit sizes:

under 600 net square feet
600 - 749 net square feet
750 - 949 net square feet
950 - 1149 net square feet
1150 or more net square feet

In ~~Community Districts 1 and 7, Borough of Brooklyn~~ #R6, R7 and R8 designated areas#, if the #lower income housing# is subject to the requirements of city, state or federal programs assisting the #lower income housing# that have size and distribution requirements conflicting with the size and distribution requirements of this paragraph, (b), then the size and distribution requirements of this paragraph, (b), may be waived by the Commissioner of Housing Preservation and Development to facilitate the #development# of #lower income housing#.

23-952
Substantial rehabilitation and off-site new construction options

To qualify for one or more of these options, the designated #lower income housing# shall meet the following requirements:

(a) The #lower income housing# shall be located either:

(1) within the same Community District as the #compensated development#; or

(2) within an adjacent Community District and within a one-half mile radius of the #compensated development#, except that #lower income housing# located within a one-half mile radius of a #compensated development# in Community District 1, Borough of Brooklyn, shall be located in an adjacent Community District in the Borough of Brooklyn.

For the new construction option the #lower income housing# shall be in a new #building#. For the

substantial rehabilitation options, the #lower income housing# shall be in an existing #building# in which, prior to the submission of the #lower income housing plan# pursuant to this Section, any #residential# portion not in public ownership had been entirely vacant for not less than three years.

Furthermore, in ~~Community Districts 1 and 7, Borough of Brooklyn,~~ #R6, R7 and R8 designated areas#, the #administering agent# shall not be required to verify the income of households in tenancy, as of the date upon which the Commissioner of Housing Preservation and Development approves the #lower income housing plan#.

(b) The #lower income housing# shall be maintained and leased to #lower income households# for the life of the increased #floor area#.

(c) On-site substantial rehabilitation units shall be those units on the same #zoning lot# as the #compensated development#.

23-953
Preservation option

To qualify for this option, the designated #lower income housing# shall meet the following requirements.

(a) The #lower income housing# shall be located either:

(1) within the same Community District as the #compensated development#; or

(2) within an adjacent Community District and within a one-half mile radius of the #compensated development#, except that #lower income housing# located within a one-half mile radius of a #compensated development# in Community District 1, Borough of Brooklyn, shall be located in an adjacent Community District in the Borough of Brooklyn.

The #lower income housing# shall be in an existing occupied #residential# or #mixed building#. Only #standard units# occupied by #lower income households# shall be #lower income housing#. For each #standard unit# designated as #lower income housing# the #administering agent# shall verify the income of the household in tenancy.

Furthermore, in ~~Community Districts 1 and 7, Borough of Brooklyn,~~ #R6, R7 and R8 designated areas# the #administering agent# shall not be required to verify the income of households in tenancy, as of the date upon which the Commissioner of Housing Preservation and Development approves the #lower income housing plan#.

SCHOOL CONSTRUCTION AUTHORITY

■ PUBLIC HEARINGS

NOTICE OF PUBLIC HEARING PURSUANT TO ARTICLE 2 OF THE NEW YORK STATE EMINENT DOMAIN PROCEDURE LAW

The New York City School Construction Authority ("SCA") will hold a public hearing on June 27, 2006, at 3:30 P.M., pursuant to Article 2 of the New York State Eminent Domain Procedure Law with respect to the SCA's proposed acquisition, by condemnation, of Tax Block 2859, Lots 20, 58, 61, 65, 73, 77 & 90, located in the Borough of the Bronx, City and State of New York, for the purpose of constructing at the site an approximately 1,000-seat public school facility accommodating students in kindergarten through twelfth grade pursuant to the New York City Department of Education's Five-Year Educational Capital Facilities Plan.

The subject properties are located in the Mount Eden section of the Bronx, on the west side of Jerome Avenue between Goble Place and West 172nd Street. The hearing will be held at P.S. 64, located at 1425 Walton Avenue in the Borough of the Bronx.

The purposes of the hearing are to inform the public of the proposed project, to review the public use to be served by the proposed project and to give all interested persons an opportunity to be heard concerning the proposed public project. Property owners who may subsequently wish to challenge condemnation of their property via judicial review may do so only on the basis of issues, facts and objections raised at the hearing. All persons are invited to attend the hearing and to present oral and/or written statements concerning the proposed acquisition. The SCA will accept written comments on the proposed project at the address listed below until July 7, 2006. Materials relating to the project are available for examination during normal business hours at the Legal Department of the SCA at 30-30 Thomson Avenue, Long Island City, New York 11101. AGENCY RULES

HEALTH AND MENTAL HYGIENE

■ **NOTICE**

FY 2007 REGULATORY AGENDA

The following constitutes the items the Department of Health and Mental Hygiene (DOHMH) intends to promulgate in Fiscal Year 2007. Additionally, in Fiscal Year 2007, the Department intends to commence the promulgation process for a significant revision of the New York City Health Code.

SUBJECT AREA
Reportable diseases/conditions (Metal Poisoning Reporting Requirements)
SUMMARY OF PROPOSED RULE
Amend Article 11, Section 11.03 of the New York City Health Code, to modify the current reporting requirements for various metal poisonings.
REASON WHY ACTION IS BEING CONSIDERED
Currently, Section 11.03 requires the reporting of poisonings by drugs or other toxic agents and specifically refers to lead poisoning, pesticide poisoning and carbon monoxide poisoning. The proposal is to add requirements to this section that specify levels which must be reported for blood or urine evaluation for poisoning by mercury, cadmium, arsenic and manganese. These reports are needed to determine whether follow-up or intervention may be needed to protect the public health of New York City residents.
INDIVIDUALS LIKELY TO BE AFFECTED
Laboratories, clinicians, hospitals and clinics evaluating patients for metal poisoning.
RELEVANT FEDERAL, STATE AND LOCAL LAWS
10 NYCRR §22.7-Reportable levels of heavy metals in blood and urine
SCHEDULE FOR ADOPTION
Winter 2006
AGENCY CONTACT PERSON

Environmental Disease Prevention
212-676-6329

SUBJECT AREA
Physical facilities in schools and other children's institutions.
SUMMARY OF PROPOSED RULE
Amendments to Article 45 of the NYC Health Code, Section 45.11 concerning Physical Facilities in schools. Revision of standards and requirements for indoor air in schools are contemplated since existing provisions may not adequately protect children in school settings.
REASON WHY ACTION IS BEING CONSIDERED
Many provisions of the Section are obsolete and are covered by other regulations (e.g., the Building and Fire Codes) and/or require update and revision.
INDIVIDUALS LIKELY TO BE AFFECTED
Schools and children's institutions as defined by Article 45 of the Health Code.
RELEVANT FEDERAL, STATE AND LOCAL LAWS
Local building and fire codes.

(212) 676-1504

SUBJECT AREA
Day Care Services
SUMMARY OF PROPOSED RULE
Repeal and reenact Article 47 of the NYC Health Code in order to update provisions affecting day care services.
REASON WHY ACTION IS BEING CONSIDERED
The last substantial revision of these provisions was in 1988 and many provisions are outdated. Since 1988, there have been substantial amendments of regulations affecting State-regulated child care services and the Department believes that the Health Code provisions applicable to group day care in New York City need to be consistent and harmonized with the State requirements.
INDIVIDUALS LIKELY TO BE AFFECTED
Operators of day care services in New York City; children attending day care services.

SUMMARY OF PROPOSED RULE
Promulgate regulations for child day care services for inspection and enforcement of Article 47 of the Health Code.
REASON WHY ACTION IS BEING CONSIDERED
The rules will incorporate inspection assessment and evaluation procedures to be used by the Department's Bureau of Daycare in conducting inspection of child day care services.
INDIVIDUALS LIKELY TO BE AFFECTED
Owners, managers, and providers of all child day care services, except those that are currently regulated by the State.

SUBJECT AREA
Food Establishments
SUMMARY OF PROPOSED RULE
Amend Article 81 of the NYC Health Code to redefine potentially hazardous foods; establish requirements for elimination of parasites in raw fish preparations; and establish procedures for food service establishments to use reduced oxygen packaging food processing, cooking and storage methods that could otherwise allow growth of anaerobic bacteria.
REASON WHY ACTION IS BEING CONSIDERED
Many food service establishments are experimenting with some old and new food processing techniques that, if done improperly, could endanger the public health by facilitating growth of anaerobic bacteria. These processing techniques include: reduced oxygen packaging; cook-chill; sous vide. In addition, the rules would establish procedures for safe service and preparation of ready to eat raw fish products.
INDIVIDUALS LIKELY TO BE AFFECTED
Permittees operating food service establishments.

SUMMARY OF PROPOSED RULE
Revise Sections 139.07 and 181.17 of the New York City Health Code.
REASON WHY ACTION IS BEING CONSIDERED
These revisions are being proposed to eliminate redundancies and inconsistencies with Chapter 5 of Title 17 of the Administrative Code of the City of New York (Smoke Free Air Act) and other laws.
INDIVIDUALS LIKELY TO BE AFFECTED

REASON WHY ACTION IS BEING CONSIDERED
Certain types of equipment (e.g., electron microscopes) have not previously been registered or inspected by the Department. The Department now believes that such equipment should be registered and inspected.
INDIVIDUALS LIKELY TO BE AFFECTED
Medical facilities and college laboratories owning analytical x-ray equipment and electron microscopes.

LOFT BOARD

■ NOTICE

NOTICE OF PUBLIC HEARING AND OPPORTUNITY TO COMMENT

NOTICE IS HEREBY GIVEN PURSUANT TO THE AUTHORITY VESTED IN THE NEW YORK CITY LOFT BOARD by Article 7-C of the Multiple Dwelling Law and Mayor's Executive Order No. 66, dated September 30, 1982, and pursuant to and in accordance with the requirements of Section 1043 of the New York City Charter, that the New York City Loft Board intends to amend §2-10(f) of Title 29 of the Rules of the City of New York, relating to the abandonment of an interim multiple dwelling ("IMD"). The text proposed to be added to the rules is underlined, and text proposed for deletion is bracketed.

Written comments regarding these proposed rules may be sent to the New York City Loft Board, 100 Gold Street, 2nd Floor, New York, New York 10038 to the attention of Daphney Mathieu on or before July 13, 2006. A public hearing will be held on July 20, 2006 at 22 Reade Street, First Floor, New York, New York, commencing at 2:00 p.m. Persons seeking to testify are requested to notify Ms. Mathieu at the foregoing address or by telephone at (212) 788-7610. Persons who request that a sign language interpreter or other form of reasonable accommodation for a disability be provided at the hearing are asked to notify Ms. Mathieu by July 13, 2006. Written comments and an audiotape of oral comments received at the hearing will be available for public inspection, within a reasonable time after receipt, between the hours of 10:00 A.M. to 4:00 P.M. at the offices of the Loft Board.

These rules were not published in the regulatory agenda because they were not anticipated.

Subdivision (f) of section 2-10 of chapter 2 of Title 29 of the Rules of the City of New York is amended to read as follows:

(f) Abandonment of IMD unit. (1) An owner or its authorized representative may apply to the Loft Board for a determination that the occupant of an IMD unit has abandoned the unit and no sale of rights pursuant to Multiple Dwelling Law §286(12) or sale of fixtures pursuant to Multiple Dwelling Law §286(6) has been executed, provided there has been no finding of harassment as to any occupant(s) of the unit which has not been terminated pursuant to §2-02(d)(2) of the Board's Harassment Regulations.

(2) Abandonment shall be defined as the [voluntary] relinquishment of possession of a unit and all rights relating to a unit either (a) voluntarily, with the intention of never resuming possession or reclaiming the rights surrendered, or (b) by the death of the IMD tenant, provided no family member, as defined in 29 RCNY § 2-08.1(c)(3), is denied the benefits of succession rights in accordance with 29 RCNY § 2-08.1.

(3) To be considered timely, an owner's application alleging abandonment must be filed with the Loft Board within one year of the date the owner knew or should have known that the IMD tenant vacated the unit.

[(3)] (4) In deciding whether a unit has been abandoned pursuant to paragraph (2) above, the Loft Board may consider, inter alia, the following factors:

(i) the length of time the occupant allegedly abandoned the unit;

(ii) whether the occupant owed rent as of the time the occupant allegedly abandoned the unit and whether court proceedings to attempt to collect this rent have been installed;

(iii) whether the occupant's lease for the unit has expired;

(iv) whether the occupant provided notice of an intent to vacate or requested permission to sublet the unit for a specified period of time;

(v) whether the unit contained improvements which were made or purchased by the occupant and whether the occupant was reimbursed for those improvements;

(vi) whether any prior harassment findings have been made by the Loft Board concerning the occupant(s) of the unit or whether any harassment application remains pending;

(vii) whether any violations or notices to appear pursuant to the Loft Board's Minimum Housing Maintenance Standards have been issued;

(viii) whether the owner has made affirmative efforts to locate the occupant; to attempt to purchase rights pursuant to Multiple Dwelling Law §286(12) or improvements pursuant to Multiple Dwelling Law §286(6); and

(ix) whether an inspection of the unit by the Loft Board staff indicates that the unit is presently vacant.

[(4)] (5) In determining whether abandonment has occurred as a result of the death of an IMD tenant, proof of the death of such tenant of an IMD unit shall be made by the presentation of a death certificate, the testimony of a relative of the occupant alleged to be dead, or by any other trustworthy evidence.

(6) If the owner's application alleging abandonment is granted by the Loft Board and if the unit is to be used for non-residential purposes, the owner or its authorized representative must comply with §2-10(c)(1) of these regulations.

[(5)] (7) Upon compliance with these specified provisions of §2-10(c)(1) with regard to units to be used for non-residential purposes or upon the Loft Board's granting of the owner's application alleging abandonment with regard to units to remain residential, the legal effect of the Loft Board's determination of abandonment shall be the same as that of a sale of rights as provided in §2-10(c) of these regulations but only if and when:

(i) on or prior to the date of the Loft Board's granting of the owner's application alleging abandonment, the owner has obtained a certificate of occupancy for the affected building and filed an application seeking a final rent order and/or removal from the Loft Board's jurisdiction; or

(ii) within one year after the date of the Loft Board's granting of the owner's application alleging abandonment, or prior to the expiration of the code compliance deadline for obtaining a certificate of occupancy in effect on the date of the Loft Board's granting of such application (as such code compliance deadline may be extended pursuant to 29 RCNY § 2-01(b)), whichever is earlier, the owner has obtained a certificate of occupancy for the affected building and has filed an application seeking a final rent order and/or removal from the Loft Board's jurisdiction.

(8) If, whenever an IMD unit is abandoned, an owner fails to meet either the criteria set forth in § 2-10(f)(7)(i) or the criteria set forth in § 2-10(f)(7)(ii), the unit shall remain residential and the owner shall not be permitted to re-rent the unit at a market rate. If an owner re-rents the unit at a market rate in violation of this provision, the in-coming tenant(s) may challenge such rent by filing an application alleging a rent overcharge with the Loft Board.

(9) The provisions of this subdivision shall apply only to those IMD units for which applications alleging abandonment are filed more than six (6) months after the effective date of such provisions.

Statement of Basis and Purpose

The abandonment provisions set forth in 29 RCNY § 2-10(f) are being amended to further encourage owners of interim multiple dwellings ("IMD") to comply with the legalization requirements of the Loft Law.

One of the main purposes of the Loft Law is to require owners to bring their buildings up to the minimum standards of the New York City residential building code. This purpose is not served by allowing owners to rent abandoned IMD units at a market rent without also requiring them to obtain a residential certificate of occupancy. The proposed rule would prohibit owners from enjoying the benefits of a deregulated IMD unit without undertaking the necessary and reasonable steps to legalize their buildings in accordance with Multiple Dwelling Law § 284(1).

The proposed rule also would codify Loft Board precedent defining the death of an IMD tenant as an abandonment of the IMD unit. And it would establish a deadline for the filing of an abandonment application to prevent the loss of witnesses and other evidence relevant to the resolution of the application.

Finally, the proposed rule would require the Loft Board to make two determinations in processing abandonment applications. First, the Loft Board would determine whether sufficient proof had been offered to conclude that an IMD tenant abandoned a unit. Second, the Loft Board would determine, in those instances where the abandonment application is granted, whether the effect of the abandonment finding will be the deregulation of the unit based on the owner's actual completion of the necessary legalization work in the affected building.

By conditioning the benefit of a deregulated IMD unit on the fulfillment of the obligation to legalize the building in question, the proposed rule will serve as a valuable tool for furthering the goals of the Loft Law.

Notice of Proceeding Concerning Time Warner Cable's Renewal of its Cable Television Franchises

On December 6, 2005, Time Warner Cable provided the New York City Department of Information Technology and Telecommunications ("DoITT") notice of its intent to seek renewal of its franchises to provide cable television service in the boroughs of Queens, Manhattan, Staten Island, and Western Brooklyn. These franchises will expire on September 16, 2008. Pursuant to 16 NYCRR § 891.2 and 47 U.S.C. § 546, DoITT hereby provides the public an opportunity to comment on the renewal of these franchises. In their submissions, commenters are invited to:

(1) identify the future cable-related community needs and interests, taking into account the costs of meeting such needs and interests; and
(2) review Time Warner Cable's performance during the current franchise term, which began on September 16, 1998.

DoITT will accept comments until June 1, 2007, subject to a possible future extension of such date if authorized by the New York State Public Service Commission. Comments and any questions should be addressed to:

READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council,** 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists--free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

Application pursuant to §1301(2)(f) and (g) of the New York City Charter, concerning a proposed maritime lease at the South Brooklyn Marine Terminal between the Department of Small Business Services and Axis Group, Inc.

The Subcommittee on Planning, Dispositions and Concessions will hold a public hearing on the following matters in the Council Committee Room, City Hall, New York, New York 10007, commencing at 1:00 P.M. on Tuesday, June 20, 2006:

BROOKLYN CB - 4 **C 060221 PPK**
Application submitted by the Department of Citywide Administrative Services, pursuant to Section 197-c of the New York City Charter, for the disposition of one (1) city-owned property located at 134 Evergreen Avenue (Block 3162, Lot 28) pursuant to zoning.

MANHATTAN CB - 3 **C 060281 HAM**
An application submitted by the Department of Housing Preservation and Development (HPD):

1) pursuant to Article 16 of the General Municipal Law of New York State for:

a) the designation of property located at 212-214 East 7th Street (Block 389, Lot 24) and 617-619 East 9th Street (Block 392, Lot 53), as an Urban Development Action Area; and

b) an Urban Development Action Area Project for such area; and

2) pursuant to Section 197-c of the New York City Charter for the disposition of such lots to a developer to be selected by HPD;

to facilitate the development of two, six-story buildings, tentatively known as Fabria Houses, with approximately 37 residential units.

Proposal subject to Council review and action pursuant to the Urban Development Action Area Act, Article 16 of the New York General Municipal Law, at the request of the Department of Housing Preservation and Development ("HPD"), which requests that the Council:

1. Find that the present status of the listed areas tends to impair or arrest the sound growth and development of the municipality and that the proposed Urban Development Action Area Project is consistent with the policy and purposes of Section 691 of the General Municipal Law;

2. Waive the area designation requirement of Section 693 of the General Municipal Law pursuant to said Section;

3. Waive the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law; and

4. Approve the project as an Urban Development Action Area Project pursuant to Section 694 of the General Municipal Law.

Definitions

For the purposes of the Inclusionary Housing program, matter in italics is defined either in Section 12-10 (DEFINITIONS) or in this Section.

Administering agent

The "administering agent" is the entity or entities identified in the #lower income housing plan# as responsible for ensuring compliance with such plan.

The #administering agent# shall be a not-for-profit organization, unless the Commissioner of Housing Preservation and Development finds that a good faith effort by the developer of the #compensated development# to secure a qualified not-for-profit organization as the #administering agent# was unsuccessful. However, in ~~Community Districts 1 and 7, Borough of Brooklyn,~~ #R6, R7 and R8 designated areas#, the Commissioner may approve an entity that is responsible for compliance monitoring pursuant to city, state, or federal funding sources, to serve as the #administering

agent# during such compliance period.

Fair rent

At initial occupancy of #lower income housing#, "fair rent" (the "Section 8 Standard") is an annual rent for each such housing equal to not more than either the public assistance shelter allowance if the #family# receives public assistance, or 30 percent of the annual income of the tenant of such housing, provided that such tenant is a #lower income household# at the time of initial occupancy pursuant to the provisions of this program.

Upon renewal of a lease for an existing tenant in #lower income housing#, #fair rent# (the "Rent Stabilization Standard") is not more than the then-current #fair rent# for such housing plus a percentage increase equal to the percentage increase for a renewal lease of the same term permitted by the Rent Guidelines Board for units subject to the rent stabilization law.

After initial occupancy, upon rental of #lower income housing# to a new tenant, #fair rent# is not more than the higher of:

(a) the then-currently applicable "Section 8 Standard"; or

(b) the Rent Stabilization Standard.

In order for rent to be #fair rent#, the following must also apply:

There shall be no additional charge to the tenant for the provision of heat and electric service, except that the Commissioner of Housing Preservation and Development may approve a #lower income housing plan# making a #lower income household# responsible for the payment of utilities as long as the sum of:

(1) the initial #fair rent#; and

(2) the monthly costs of a reasonable compensation for these utilities, by an energy conservative household of modest circumstances consistent with the requirements of a safe, sanitary and healthful living environment do not exceed 30 percent of said #lower income household's# income.

However, in ~~Community Districts 1 and 7, Borough of Brooklyn,~~ #R6, R7 and R8 designated areas#, the Commissioner of Housing Preservation and Development may determine that rents satisfying the requirements of City, State or Federal programs assisting #lower income housing# will be considered #fair rent#, provided that such rents do not exceed 30 percent of #lower income household's# income, as applicable, and provided further that upon expiration or termination of the requirements of the City, State or Federal program, rent increases and re-rentals shall be subject to the higher of the then-currently applicable Section 8 Standard or the Rent Stabilization Standard.

At initial occupancy of any #lower income housing#, no portion of the #fair rents# shall be for the payment of the principal or interest on any debt, and the #lower income housing# shall not secure any debt and shall be free of all liens, except liens for real estate taxes, water charges and sewer rents and other governmental charges for which payment is not yet due. #Fair rents# may be used for the payment of principal or interest of debt only if such debt was incurred after the date of initial occupancy and is for a capital improvement to such #lower income housing# other than those capital improvements set forth in the #lower income housing plan#.

In ~~Community Districts 1, 2 and 7, Borough of Brooklyn,~~ #R6, R7 and R8 designated areas#, at initial occupancy of any #lower income housing#, a portion of the #fair rents# may be for the payment of the principal or interest on debt, and such housing may secure debt, provided that, as of the date of the approval of the #lower income housing plan#, the Commissioner of Housing Preservation and Development finds that the total annual rent, when such interest and principal payments are deducted, is in compliance with the requirements of Section 23-95, paragraph(c), and provided that the lender agrees to enter into a written agreement which subordinates such debt to the provisions of the #lower income housing plan#.

Lower income household

A "lower income household" is a #family# having an income equal to or less than the income limits (the "80 Percent of SMSA Limits") for New York City residents established by the U.S. Department of Housing and Urban Development pursuant to Section 3(b)(2) of the United States Housing Act of 1937, as amended, for lower income families receiving housing assistance payments.

In ~~Community Districts 1 and 7, Borough of Brooklyn,~~ #R6, R7 and R8 designated areas#, #lower income households# shall also include all existing households in tenancy, provided such households occupy units that are within a #building# in which rents for all occupied units are regulated by City or State law, and the aggregate maximum permitted annual rent roll for such occupied units, divided by the number of occupied units, is less than 30 percent of the applicable income limit for a #lower income household# as provided in this Section. In determining the applicable income limit for such #lower income households#, the Commissioner of Housing Preservation and Development may make adjustments, consistent with U. S. Department of Housing and Urban Development regulations, for the number of persons residing in each unit.

Lower income housing

"Lower income housing" are #standard units# occupied or to be occupied by #lower income households#. #Lower income housing# shall not include #standard units# assisted under city, state or federal programs, except where such assistance is in the form of:

(a) real estate tax abatements and exemptions which are specifically limited to the #lower income housing#; or

(b) operating assistance that the Commissioner of the Department of Housing Preservation and Development determines will be used to enable households with incomes of not more than 62.5 percent of the "80 Percent of SMSA Limits" to afford such #lower income housing#.

However, ~~in Community Districts 1 and 7, Borough of Brooklyn,~~ in #R6, R7 and R8 designated areas#, #lower income housing# shall include #standard units# assisted under City, State or Federal programs.

23-941
In R10 Districts

* * *

23-942
~~In Community Districts 1 and 7, Borough of Brooklyn~~
In R6, R7 and R8 Districts

The provisions of this Section shall apply in the designated areas set forth in Section 23-922, except within Waterfront Access Plan BK-1.

(a) Maximum #floor area ratio#

The #floor area# of a #development# or #enlargement# may not exceed the base #floor area ratio# set forth in the following table, except that such #floor area# may be increased by one and one-quarter square feet for each square foot of #floor area# provided for #lower income housing#, up to the maximum #floor area ratio# specified in the table. However, the amount of #lower income housing# required to receive such bonus #floor area# need not exceed 20 percent of the total #floor area#, exclusive of ground floor non-#residential floor area#, in the #building#. In addition, the following rules shall apply:

District	Base ratio# area #floor	Maximum #floor area ratio#
R6*	2.2	2.42
R6**	2.7	3.6
R6A	2.7	3.6
R6B	2.0	2.2

R7X	3.75	5.0
R8A	5.4	7.2

* for #zoning lots#, or portions thereof, beyond 100 feet of a #wide street#

** for #zoning lots#, or portions thereof, within 100 feet of a #wide street#

(b) Height and setback

(1) Except in #Special Mixed Use Districts#, the compensated #building# must be #developed# or #enlarged# pursuant to the height and setback regulations of Sections 23-633 (Street wall location and height and setback regulations in certain districts) or 35-24 (Special Street Wall Location and Height and Setback Regulations in Certain Districts), as applicable.

(2) In #Special Mixed Use Districts#, where the #residence district# designation has a letter suffix, the compensated #building# must be #developed# or #enlarged# pursuant to paragraph (b) of Section 123-662 (All buildings in Special Mixed Use Districts with R6, R7, R8, R9 and R10 District designations). Where the #residence district# designation does not have a letter suffix, the compensated #building# must be #developed# or #enlarged# pursuant to the height and setback regulations of Section 23-633 regardless of whether the #building# is #developed# or #enlarged# pursuant to the Quality Housing Program.

(c) #Lower income housing# requirements

The #lower income housing# must be provided in accordance with the provisions set forth in Section 23-95 (Lower Income Housing Requirements).

23-95
Lower Income Housing Requirements

* * *

(f) Permits and certificates of occupancy

No building permit for the #compensated development# shall be issued until the Commissioner of Housing Preservation and Development certifies that an acceptable #lower income housing plan# has been filed and approved.

No temporary certificate of occupancy shall be issued for any part of the #compensated development# until a temporary certificate of occupancy for each unit of #lower income housing# has been issued or, in ~~Community Districts 1 and 7, Borough of Brooklyn,~~ #R6, R7 and R8 designated areas#, if the #building# has a valid certificate of occupancy and no new certificate of occupancy is required under the preservation option, until the Commissioner has certified to the Department of Buildings that the applicant has fulfilled its obligations with respect to the #lower income housing#.

No permanent certificate of occupancy shall be issued for any part of the #compensated development# until a permanent certificate of occupancy for each unit of the #lower income housing# has been issued or, in ~~Community Districts 1 and 7, Borough of Brooklyn,~~ #R6, R7 and R8 designated areas#, if the #building# has a valid certificate of occupancy and no new certificate of occupancy is required under the preservation option, until the Commissioner has certified to the Department of Buildings that the applicant has fulfilled its obligations with respect to the #lower income housing#. Prior to the issuance of any temporary or permanent certificate of occupancy for the #compensated development#, the Commissioner of Housing Preservation and Development shall certify that the #lower income housing# is in compliance with the #lower income housing plan#.

(g) Insurance

The #administering agent# of the #lower income housing# shall have said housing insured against any damage or destruction in an amount equal to no less than the replacement value of such housing.

Any insurance proceeds received as a result of damage or destruction of all or part of such housing shall be used first for restoring such damaged or destroyed housing to #lower income housing#, free of violations under the New York City Building Code, the New York State Multiple Dwelling Law, the New York City Housing Maintenance Code and this Resolution. However, in ~~Community Districts 1 and 7, Borough of Brooklyn~~ #R6, R7 and R8 designated areas#, the Commissioner of Housing Preservation and Development may modify this requirement to provide priority for lenders participating in the financing of #lower income housing# that is assisted under City, State or Federal programs.

23-951
On-site new construction option

To qualify for this option, the designated #lower income housing# shall meet the following requirements.

(a) The #lower income housing# shall be located in newly constructed #floor area# in the #compensated development#. The #lower income housing# shall be maintained and leased to #lower income households# for the life of the increased #floor area#.

(b) #Dwelling units# designated as #lower income housing# shall be distributed throughout the #development#. No #story# shall contain more than two such units unless at least 80 percent of all #stories# contain two such units. The size of the designated #lower income housing# units shall at least be distributed among the various size units in proportion to the total distribution of unit size within the #building# in the following categories of unit sizes:

under 600 net square feet
600 - 749 net square feet
750 - 949 net square feet
950 - 1149 net square feet
1150 or more net square feet

In ~~Community Districts 1 and 7, Borough of Brooklyn~~ #R6, R7 and R8 designated areas#, if the #lower income housing# is subject to the requirements of city, state or federal programs assisting the #lower income housing# that have size and distribution requirements conflicting with the size and distribution requirements of this paragraph, (b), then the size and distribution requirements of this paragraph, (b), may be waived by the Commissioner of Housing Preservation and Development to facilitate the #development# of #lower income housing#.

23-952
Substantial rehabilitation and off-site new construction options

To qualify for one or more of these options, the designated #lower income housing# shall meet the following requirements:

(a) The #lower income housing# shall be located either:

(1) within the same Community District as the #compensated development#; or

(2) within an adjacent Community District and within a one-half mile radius of the #compensated development#, except that #lower income housing# located within a one-half mile radius of a #compensated development# in Community District 1, Borough of Brooklyn, shall be located in an adjacent Community District in the Borough of Brooklyn.

For the new construction option the #lower income housing# shall be in a new #building#. For the substantial rehabilitation options, the #lower income housing# shall be in an existing #building# in which, prior to the submission of the #lower income housing plan# pursuant to this Section, any #residential# portion not in public ownership had been entirely vacant for not less than three years.

Furthermore, in ~~Community Districts 1 and 7, Borough of Brooklyn,~~ #R6, R7 and R8 designated areas#, the #administering agent# shall not be required to verify the income of households in tenancy, as of the date upon which the Commissioner of Housing Preservation and Development approves the #lower income housing plan#.

(b) The #lower income housing# shall be maintained and leased to #lower income households# for the life of the increased #floor area#.

(c) On-site substantial rehabilitation units shall be those units on the same #zoning lot# as the #compensated development#.

23-953
Preservation option

To qualify for this option, the designated #lower income housing# shall meet the following requirements.

(a) The #lower income housing# shall be located either:

(1) within the same Community District as the #compensated development#; or

(2) within an adjacent Community District

and within a one-half mile radius of the #compensated development#, except that #lower income housing# located within a one-half mile radius of a #compensated development# in Community District 1, Borough of Brooklyn, shall be located in an adjacent Community District in the Borough of Brooklyn.

The #lower income housing# shall be in an existing occupied #residential# or #mixed building#. Only #standard units# occupied by #lower income households# shall be #lower income housing#. For each #standard unit# designated as #lower income housing# the #administering agent# shall verify the income of the household in tenancy.

Furthermore, in ~~Community Districts 1 and 7, Borough of Brooklyn,~~ #R6, R7 and R8 designated areas# the #administering agent# shall not be required to verify the income of households in tenancy, as of the date upon which the Commissioner of Housing Preservation and Development approves the #lower income housing plan#.

DESIGN & CONSTRUCTION

NOTICE

Determination and Findings of the City of New York Pursuant to Section 204 of the NYS Eminent Domain Procedure Law

Whereas, the acquisition of certain street properties known as portions of 146th Drive from 177th Street to Guy R. Brewer Boulevard; 147th Avenue from Farmers Boulevard to 181st Street; and 144th Terrace from Rockaway Boulevard to 167th Street has been proposed by the City of New York; and

Whereas, the acquisition is pursuant to the NYS Eminent Domain Procedure Law ("EDPL") which provides a uniform procedure for condemnations by municipalities throughout the State; and

Whereas, pursuant to the EDPL, the City of New York is required to hold a public hearing to determine whether the public would be served by the proposed acquisition of the above-mentioned properties and the impact of such acquisition on the neighborhood where the project is to be constructed; and

Whereas, the City of New York held a public hearing concerning this acquisition on March 21, 2006, in the borough of Queens.

Now, therefore, let it be known that the City of New York, pursuant to section 204 of EDPL, hereby determines and finds:

(1) The public use and benefit of this project is to improve street and traffic safety through various methods. The City will widen and reconstruct roadways, reconstruct sidewalks and curbs, reconstruct sanitary and install new storm sewers, and install new traffic appurtenances (streetlights, etc).

(2) The properties to be acquired is shown on the Tax Map of the City of New York for the Borough of Queens and include the following: Block 13307, part of Lots 91, 108, and 129; Block 13310, part of Lots 88 and 134; Block 13305, part of Lots 1 and 26; Block 13306, part of Lots 167, 170, and 172; Block 13377, part of Lot 26; Block 13378, part of Lot 32; Block 13406, part of Lots 28, 35, and 39; Block 13278, part of Lot 45; and Block 13279, part of Lot 1.

The location of the proposed acquisition is:

146th Drive from 177th Street to Guy R. Brewer Boulevard; 147th Avenue from Farmers Boulevard to 181st Street; and 144th Terrace from Rockaway Boulevard to 167th Street

In the Borough of Queens, City of New York.
The location was selected based on the need for pedestrian and traffic safety improvements, upgrading the existing water mains, install new storm sewers, and reconstruct sanitary sewers.

(3) The general effect on the residents of the locality will be improved traffic and pedestrian safety, and improved living conditions. The proposed property acquisition locations were included in an Environmental Assessment Statement (EAS), dated May 16, 2001 completed by New York City Department of Environmental Protection. Based on the recommendations contained in the EAS, necessary mitigation measures were included in the design for this and other projects in the area covered by the EAS.

(4) The City is currently reviewing comments and concerns raised by property owners at the public hearing and through subsequent written submissions. Issues raised at the hearing include concerns about what part of each property will be involved, what would be the compensation for the property, what impact will construction activities have on the residents such as limited access to buildings, and loss of services such as electricity, water, and parking. The City will work with the community to try to minimize the impact of the construction activities on the local community.

NOTICE:

Pursuant to EDPL section 207, property owners have thirty (30) days from completion of the publication of this determination and findings to seek judicial review of the determination and findings. Expected date of publication is June 14, 2006 to June 16, 2006.

Pursuant to EDPL sections 207 and 208, exclusive venue for judicial review of these determination and findings is the Appellate Division of the Supreme Court in the Judicial Department where any part of the property to be acquired is located.

Copies of this determination and findings of the New York City are available without cost upon written request to:

SCHOOL CONSTRUCTION AUTHORITY

■ PUBLIC HEARINGS

NOTICE OF PUBLIC HEARING PURSUANT TO ARTICLE 2 OF THE NEW YORK STATE EMINENT DOMAIN PROCEDURE LAW

The New York City School Construction Authority ("SCA") will hold a public hearing on June 27, 2006, at 3:30 P.M., pursuant to Article 2 of the New York State Eminent Domain Procedure Law with respect to the SCA's proposed acquisition, by condemnation, of Tax Block 2859, Lots 20, 58, 61, 65, 73, 77 & 90, located in the Borough of the Bronx, City and State of New York, for the purpose of constructing at the site an approximately 1,000-seat public school facility accommodating students in kindergarten through twelfth grade pursuant to the New York City Department of Education's Five-Year Educational Capital Facilities Plan.

The subject properties are located in the Mount Eden section of the Bronx, on the west side of Jerome Avenue between Goble Place and West 172nd Street. The hearing will be held at P.S. 64, located at 1425 Walton Avenue in the Borough of the Bronx.

The purposes of the hearing are to inform the public of the proposed project, to review the public use to be served by the proposed project and to give all interested persons an opportunity to be heard concerning the proposed public project. Property owners who may subsequently wish to challenge condemnation of their property via judicial review may do so only on the basis of issues, facts and objections raised at the hearing. All persons are invited to attend the hearing and to present oral and/or written statements concerning the proposed acquisition. The SCA will accept written comments on the proposed project at the address listed below until July 7, 2006. Materials relating to the project are available for examination during normal business hours at the Legal Department of the SCA at 30-30 Thomson Avenue, Long Island City, New York 11101. For further information, contact Gregory P. Shaw, Principal Attorney of the SCA, at (718) 472-8232.

INDEPENDENT AUDITORS' REPORT

To the Board of Trustees of the
New York City Police Department Police Officers'
Variable Supplements Fund

We have audited the accompanying statements of Plan net assets of The New York City Police Department Police Officers' Variable Supplements Fund (the "Plan") as of June 30, 2005 and 2004, and the related statements of changes in Plan net assets for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, such financial statements present fairly, in all material respects, the Plan net assets as of June 30, 2005 and 2004, and the changes in Plan net assets for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Management's Discussion and Analysis is not a required part of the financial statements, but is supplementary information required by the Governmental Accounting Standards Board. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit this information and express no opinion on it.

MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)
YEARS ENDED JUNE 30, 2005 AND 2004

The narrative discussion and analysis of the financial activities of The New York City Police Officers' Variable Supplements Fund (the "Fund" or the "Plan") for the fiscal years ended June 30, 2005 and 2004 is presented by management as an introduction to the basic financial statements. It is meant to assist the reader in understanding the Fund's financial statements by providing an overall review of financial activities during the year and the effects of significant changes, as well as a comparison with the prior year's activities and results.

Overview of Basic Financial Statements

The following discussion and analysis are intended to serve as an introduction to the Plan's basic financial statements. The basic financial statements are:

- The **Statement of Plan Net Assets** presents the financial position of the Plan at fiscal year end. It indicates the assets available for payment of future benefits and any current liabilities that are owed as of the statement date. Investments are shown at fair value. All other assets and liabilities are determined on an accrual basis.
- The **Statement of Changes in Plan Net Assets** presents the result of activities during the year. All changes affecting the assets and the liabilities of the Plan are reflected on an accrual basis when the activity occurred, regardless of the timing of the related cash flow. In that regard, changes in the fair values of investments are included in the year's activity as net appreciation (depreciation) in fair value of investments.
- The **Notes to Financial Statements** provide additional information that is essential to a full understanding of the data provided in the financial statements. The notes present information about the Plan's accounting policies, significant account balances and activities, material risks, obligations, contingencies, and subsequent events, if any.

The financial statements are prepared in accordance with Governmental Accounting Standards Board Pronouncements ("GASB").

Financial Highlights

- The Fund's total assets exceeded its liabilities by $1 billion and by $968.7 million as of June 30, 2005 and 2004 respectively.
- The Fund's net assets held in trust for benefits increased by $67.8 million or 7% compared to fiscal year 2004 and increased by $55.2 million or 6% compared to fiscal Year 2003.
- Benefit payments totaled $66 million for fiscal year 2005 compared to fiscal year 2004. This reflects an increase of 18%. A total of $56.1 million paid in fiscal year 2004 represented an increase of 16% over fiscal year 2003.

Financial Analysis

The Statements of Plan Net Assets for fiscal years 2005 and 2004 showed total assets exceeding total liabilities by $1 billion and $968.7 million. This represents total fund net assets held in trust for benefits. This amount is available to cover the Fund's obligation to pay benefits to the Fund's members. This year the Fund net assets held in trust for benefits increased by $67.8 million or 7% compared to fiscal year 2004. Last year the Fund increased by $55.2 million or 6% compared to fiscal year 2003. The investment portfolio performed better in the current years compared to the prior years due to an upward trend in the Economy. The Fund's Investment portfolio increased by 7% during fiscal year 2005 and by 8% during fiscal year 2004. With the improvement of the economy the performance of the investment portfolio has been increased.

The Fund's 2005 outstanding liabilities of $300 million, increased by 13%, compared to fiscal year 2004. As of fiscal year ended 2004 liabilities increased to $265 million or by 11% compared to fiscal year 2003. Total liabilities consist of outstanding securities lending transactions of 66%, accrued benefits payable 12%, and payable for investment securities purchased of 22% for fiscal year 2005.

Additions

The overall activities of the Fund shown in the Statements of Changes in Plan Net Assets are reflected in the difference between total additions and total deductions resulting in a net increase of $67.8 million for the fiscal year 2005 and $55.2 million for the fiscal year 2004. The following items represent the components of this difference: net investment gain of $133.8 million, and benefit payments of $66 million for 2005 and net investment gain of $111.3 million, and benefit payments of $56.1 million for 2004.

Deductions

All administrative and investment expenses are paid by The City of New York and not charged to the Fund. For fiscal year 2005, deductions totaled $66 million, $56.1 million was paid in fiscal year 2004 and for fiscal year 2003 the total amount was $48.2 million. This shows an increase of $9.9 million or 18% this year compared to the prior fiscal year and $7.9 million or 16% in 2004 compared to 2003. In addition, benefit payments increased this year primarily as a result of an increase in the number of retirees added to this plan and the increase in benefit payments.

Funding and Plan Benefits

The New York Police Pension Fund ("POLICE") is the source of funding for the Fund.

For fiscal years 2005, 2004 and 2003 there were no transfers from POLICE to the Fund.

Eligible retirees were entitled to a benefit of $11,000 for calendar year 2005 payable during December 2005. This benefit rate increases by $500 per year to $12,000 per year by Calendar year 2007. These benefits are reduced for certain supplementations and automatic cost-of-living adjustments from Police.

All data pertaining to benefits and other information concerning the fund is discussed in detail in the notes to the financial statements.

The ACNY provides that Police transfer to the Fund an amount equal to certain excess earning on equity investments, limited to the unfunded accumulated benefit obligation ("ABO") of the Fund. Excess earnings are defined as the amount by which earnings on equity investments of Police exceed what those earnings would have been had such funds been invested at a yield comparable to that available from fixed-income securities (Hypothetical Fixed Income Security Earnings) less any cumulative deficiencies. The fund also receives credit for investment earnings on fund assets.

The calculation of the Hypothetical Fixed Income Security Earnings requires the determination of the Hypothetical Interest Rate ("HIR"), which is computed by the Comptroller (Note 4).

Effective fiscal year 2000, the Actuary recommended revision to the calculation of the HIR. This change in methodology would make the HIR for Police consistent with Chapter 255 of the Laws of 2000 (Chapter 255/00) that modified the methodology for the HIR used for developing the Transferable Earnings Payable from the New York City Employees' Retirement System ("NYCERS") to certain VSFs.

Specifically, in recognition that 30-years U.S. Treasury Securities may become less plentiful in the future and subject to market distortion, the Actuary proposed to determine the HIR for fiscal year 2000 and later by taking an average of the monthly yields of 10-year U.S. Treasury Notes as published in Federal Reserve Statistical Bulletin H.15 and increasing it by 15%.

At its March 14, 2001 meeting, the Board of Trustees of the Police adopted this revised methodology for use in connecting with the calculation of the HIR for fiscal year 2000 and later.

Investments

The Board of Trustees of the Fund, in accordance with existing laws, has the authority to determine the manner in which the assets of the funds are invested. Investments are made by The New York City Comptroller, who acts as custodian of the assets. The primary object of the Fund is to provide benefits for its members and provide for growth in membership and also be prepared for inflation. Investments are made with the objective of minimizing risks and maintaining a high competitive return. Diversification has increased investment results and provided security for the assets of the retirement system. The Comptroller of the City of New York utilizes several investment advisors to manage long-term debt and equity portfolios. Advisors must obtain prior approval before each purchase or sale of a particular security. Investments are valued at fair value. Purchase and sales of Securities are reflected on the trade date. No investment in any one security represents 5% or more of plan net assets held in trust for benefits.

Assets are invested long-term for the benefit of the fund's participants and their beneficiaries. All investments are managed by registered investments advisors, pursuant to applicable laws and to guidelines issued by the Comptroller. Collectively the investments utilize one domestic equity manager, six domestic fixed-income managers and five international equity managers. Assets are allocated in accordance with plans adopted periodically by the Fund's Board of Trustees. The percentage in each category is determined based on a study indicating the probable rates of return and levels of risk for various assets' allocations. The actual allocation may vary from this policy mix as market values shift and as investments are added or terminated.

The Fund is expected to earn a higher long-term rate of return than short-term cash accounts, due to the long-term nature of its liabilities and the diversification of its investment holdings. For the ten-year period ended June 30, 2005, the fund had an annualized return of 8.5%. Investments in assets that are expected to produce higher returns are also subject to greater volatility and may also produce negative returns. That was the case in fiscal year 2005, which has been a good one for investors. Investments in stock markets within and outside the United States have generally gain value. For example, the Russell 3000 index, a broad measure of the U.S. stock market, gained 8.1% during this period, and the Europe, Australia and Far East (EAFE) Index, the most commonly used measure of performance in developed international markets, gained 14%. Less developed international markets gained 15.3%. The index used by the Fund for these fixed income investments returned 8.2% for the year, while lower-rated bonds ended the year essentially gained 11.8% in value. The returns of the Fund have been consistent with these broad market trends and as a result, the asset allocation followed by the pension funds produced a combined return of a gain of 9.5%. For the three-year period ended June 30, 2005 the combined return was a gain of 9.4%, and for the five-year period it was gain of 1.6%. Our above-average allocation to stocks has also meant that in the short-run the Fund's return has been greater than many public funds, which gained an average of 10.0% for the past year.

Cash temporarily idle during the year is subject to conservative investment restrictions, and was invested in obligations of the U.S. Treasury and U.S. agency securities, commercial paper, medium term notes, and repurchase agreements. The average maturity of the investments is 107 days. The Fund earned an average yield of 1.5% which compares with the average yield of 1.3% on three month Treasury Bills and 1.36% for a representative institutional money market fund. The Fund earned $123,000 in its short-term accounts during FY 2005.

During the quarter of fiscal year 2006 The Russell 3000 index gained 4.02% and the EAFE international index gained 10.38%. The New York City bond index lost 0.8%. No prediction can be made as to the returns that will be achieved during the next fiscal year.

Security Lending Transactions

The Board of Trustees permits the Fund to lend its securities to brokers, dealers and others with an agreement to return the collateral for the same securities in the future. In return, it receives collateral in the form of cash, treasury and US Government Securities at 100% to 105% of the principal, plus accrued interest for reinvestment.

NEW YORK CITY POLICE DEPARTMENT POLICE OFFICERS' VARIABLE SUPPLEMENTS FUND

NOTES TO FINANCIAL STATEMENTS
YEARS ENDED JUNE 30, 2005 AND 2004

1. PLAN DESCRIPTION

The New York City (the "City") Police Pension Fund administers both the Police Officers' Variable Supplements Fund (the "Fund" or the "Plan") and the Police Superior Officers' Variable Supplements Fund ("PSOVSF"). The Fund operates pursuant to the provisions of Title 13, Chapter 2 of the Administrative Code of The City of New York ("ACNY") and provides supplemental benefits to retired Police Officers. To be eligible to receive Fund benefits, Police Officers must retire, on or after October 1, 1968, and be receiving a service retirement benefit from the New York City Police Pension Fund ("POLICE").

Except for service retirement, Fund benefits are forfeitable upon separation from service.

The Fund is included in the Pension and Other Employee Benefit Trust Funds section of the City's Comprehensive Annual Financial Report.

The PSOVSF is maintained as a separate fund and is not included in these financial statements.

Under current law, the Fund is not to be construed as constituting a pension or retirement system. Instead, it provides defined supplemental payments, other than pension or retirement system allowances, in accordance with applicable statutory provisions. While the City guarantees these payments, the New York State Legislature has reserved to itself and the State of New York (the "State") the right and power to amend, modify, or repeal the Fund and the payments it provides.

At June 30, 2004 and 2003, the dates of the Fund's most recent actuarial valuations, the Fund's membership consisted of:

	2004	2003
Retirees currently receiving payments	9,131	8,738
Active members*	21,961	22,079
Total	31,092	30,817

* Represents the number of actively employed Police Officers as of the June 30 valuation dates.

The Fund provides a guaranteed level of supplemental benefits for Police Officers who retire (or have retired) as Police Officers on service retirement with at least 20 years of service as follows:

(a) For those who retired prior to July 1, 1988, the annual supplemental benefit was $2,500 in Calendar Year 1988. For those who retired during Calendar Year 1988, the benefit was a proportion of $2,500. The benefit increases $500 each year thereafter to a maximum of $12,000 in the Calendar Year 2007 and thereafter.

For those who were members of POLICE prior to July 1, 1988 and who retire after Calendar Year 1988, the benefit for the first year of retirement is a proportion of the annual increased amount computed as described above for the year of retirement and the full amount thereafter.

(b) For those who become members of POLICE on or after July 1, 1988, the annual supplemental benefit is $2,500 for the first twelve months of retirement, increasing by $500 each year until a maximum of $12,000 is payable in the twentieth and later years of retirement. This was modified by Chapter 503 of the Laws of 1995 as discussed below.

Chapter 503 of the Laws of 1995 ("Chapter 503/95") provides that police officers who became members of the Fund on or after July 1, 1988 will receive the maximum $12,000 benefit beginning Calendar Year 2008.

In the past, the New York State Legislature, in recognition of inflation, has increased retirement benefits to retirees of its public pension systems. Any increase in Supplementation or automatic Cost-of-Living Adjustments ("COLA") payable from POLICE for retirees of the Fund under legislation enacted after 1988 will reduce benefits payable from the Fund until the later of: (a) age 62, or (b) Calendar Year 2007 (the twentieth year of retirement or January 1, 2008, if earlier, in the case of new members on and after July 1, 1988).

Chapter 119 of the Laws of 1995 ("Chapter 119/95") provides additional benefits for Supplementation payable from POLICE on and after December 1, 1996 for certain retirees of POLICE effective as elected by the City Council on October 25, 1995.

Chapter 390 of the Laws of 1998 ("Chapter 390/98") provides additional benefits for Supplementation payable from POLICE on and after September 1, 1998 (with a second increase commencing September 1, 1999).

Chapter 125 of the Laws of 2000 ("Chapter 125/00") provides Supplementation benefits from POLICE for certain retirees who retired before Calendar Year 1997 effective September 2000. In addition, Chapter 125/00 provides future COLA increases from POLICE beginning September 2001 and on each subsequent September to eligible retirees.

Chapter 125/00 also provides for a five-year phase-in schedule for funding the additional actuarial liabilities created by benefits provided by Chapter 125/00.

Chapter 278 of the Laws of 2002 ("Chapter 278/02") requires the Fund's Chief Actuary of the Office of the Actuary (the "Actuary") to revise the phase-in period from five years to ten years for funding the additional actuarial liabilities of POLICE created by the benefits provided by this law.

Chapter 278/02 provides that, for the June 30, 2000 actuarial valuation of POLICE, the Actuary is required to recognize, on a theoretical basis, only 10% of the additional actuarial liabilities created by the benefits provided by Chapter 125/00 for determining Fiscal Year 2001 POLICE Employer contributions.

For each of the next eight June 30 actuarial valuations (i.e., June 30, 2001 to June 30, 2008), the Actuary is required to recognize progressively increasing percentages (i.e., 20% to 90%) of the additional actuarial liabilities attributable to Chapter 125/00 for determining the Fiscal Year 2002 to Fiscal Year 2009 POLICE Employer contributions.

For the June 30, 2009 and later actuarial valuations, the Actuary is required to recognize the full amount of the additional actuarial liabilities attributable to Chapter 125/00 for determining Fiscal Years 2010 and later POLICE Employer contributions.

Note, the actuarial liabilities shown herein reflect the full impact of offset for Supplementation benefits and COLA payable under Chapter 125/00. The actuarial liabilities do not reflect the phase-in schedule of Chapter 278/02 for funding the additional actuarial liabilities created by the benefits provided by Chapter 125/00.

Chapter 216 of the Laws of 2002 ("Chapter 216/02") provides that participants of the Fund who retire from POLICE on and after January 1, 2002 with 20 or more years of service are entitled to an additional one-time special lump sum payment in the first year following retirement equal to the cumulative Fund benefits that would have been paid after January 1, 2002 had they retired at the completion of their 20th year of service.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The Fund is accounted for on an accrual basis where the measurement focus is on the flow of economic resources. Revenues are recognized in the accounting period in which they are earned and expenses are recognized in the period incurred.

Method Used to Value Investments - Investments are valued at fair value. Trading securities are stated at the last reported sales price on a national securities exchange on the last business day of the fiscal year. Securities purchased pursuant to agreements to resell are carried at the contract price, exclusive of interest, at which the securities will be resold. Fair value is defined as the quoted market value on the last trading day of the period, except for the Short-Term Investment Fund (the "STIF") (a money market fund) and the International Investment Funds (the "IIF"). The IIF's are privately traded funds, which are managed by various investment managers on behalf of the Plan. Plan management determines fair value of the IIF's based on information provided by the various investment managers. Management records the STIF at cost, which approximates fair value.

Purchases and sales of securities are reflected on the trade date. Gains or losses on sales of securities are based on the average cost of securities.

Dividend income is recorded on the ex-dividend date. Interest income is recorded as earned on an accrual basis.

No investment in any one security represents 5% or more of the Fund's net assets held in trust for benefits.

Contributions - POLICE is the source of funding for the Fund. Section 13-232 of the ACNY states, among other things, how amounts transferred into the Fund shall be computed.

Income Taxes - Income earned by the Fund is not subject to Federal income tax.

Accrued Benefits Payable - Accrued benefits payable represent either: (1) benefits due and unpaid from the preceding payment date of December 15; or (2) benefits deemed incurred and unpaid (an accrual for a portion of the current Calendar Year benefit) for the Fiscal Year-end of June 30.

Securities Lending Transactions - State Statutes and the Fund Board of Trustees policies permit the Fund to lend its securities (the underlying securities) to broker-dealers and other entities with a simultaneous agreement to return the collateral for the same securities in the future. The Fund's custodian lends the following types of securities: short-term securities; common stock; long-term corporate bonds; U.S. Government and U.S. Government agency bonds; asset-backed securities; and international equities and bonds held in collective investment funds. In return, it receives collateral in the form of cash and treasury and U.S. Government agency securities at 100% to 105% of the principal plus accrued interest for reinvestment. At year-end, the Fund had no custodian credit risk exposure to borrowers because the amounts the Fund owed the borrowers exceeded the amounts the borrowers owed the Fund. The contracts with the fund custodian require borrowers to indemnify the Fund if the borrowers fail to return the securities and if the collateral is inadequate to replace the securities loaned or fail to pay the Fund for income distributions by the securities' issuers while the securities are on loan. All securities loans can be terminated on demand within a period specified in each agreement by either the Fund or the borrowers. Cash collateral is invested in the lending agents' short-term investment pools, which have a weighted average maturity of 90 days. The underlying securities (fixed income) which comprise these pools have an average maturity of ten years.

The securities lending program in which the Fund participates only allows pledging or selling securities in the case of borrower default. Accordingly, the Fund is fully indemnified against any loss of value between the securities loaned and the securities held as collateral.

Governmental Accounting Standards Board ("GASB") Statement No. 28, *Accounting and Financial Reporting for Securities Lending Transactions*, requires that securities loaned as assets be reported in the statements of plan net assets. Cash received as collateral on securities lending transactions and investments made with that cash are reported as assets. Securities received as collateral are also reported as assets if the government entity has the ability to pledge or sell them without a borrower default. Liabilities resulting from these transactions are reported in the statements of fund net assets. Accordingly, the Fund recorded the investments purchased with the cash collateral as collateral from securities lending transactions with a corresponding liability as securities lending transactions.

New Accounting Standards Adopted - In fiscal year 2005, the Plan adopted one new statement issued by Governmental Accounting Standards Board (GASB):

— Statement No. 40 *Deposit and Investment Risk Disclosures*, an amendment of GASB Statement No. 3

Statement No. 40 establishes and modifies disclosure requirement related to investment risks, which includes credit risk, interest rate risk and foreign currency risk. The implementation of Statement No. 40 expands note disclosure regarding the Plan's investments and their related investment and deposit risks. Under Statement No. 40, the Plan is required to disclose information (if applicable) covering four principal areas:

- Investment credit risk disclosures, including credit quality information issued by rating agencies;
- Interest rate disclosures that include investment maturity information, such as weighted average maturities or specific identification of the securities;
- Interest rate sensitivity for investments that are highly sensitive to changes in interest rates;
- Foreign exchange exposures that would indicate the foreign investment's denomination.

3. INVESTMENTS AND DEPOSITS

The Comptroller of The City of New York (the "Comptroller") acts as an investment advisor to the Plan. In addition, the Plan employs an independent investment consultant as an investment advisor. The Plan utilizes several investment managers to manage the long-term debt and equity portfolios. The managers are regularly reviewed, with regard to both their investment performance and for their adherence to investment guidelines.

Concentration of Credit Risk

The criteria for Plan investments are as follows:

The Plan does not have any investments in any one entity that represent 5% or more of plan net assets.

The legal requirements for Plan investments are as follows:

(a) Fixed income, equity and other investments may be made as permitted by New York State RSSL §§ 176-178(a) and Banking Law § 235, the New York City Administrative Code, and the Legal Investments for New York Savings Banks list as published by The New York State Banking Department, subject to Note 3(b).

(b) Investments up to 15% of total pension fund assets may be made in instruments not expressly permitted by the State RSSL.

Citibank, N.A. was the primary custodian for substantially all of the securities of the Plan for the periods prior to March 31, 2004. Bank of New York ("BONY") became custodian on April 1, 2004 to present.

Cash deposits are insured by the Federal Deposit Insurance Corporation for up to $100,000 per Plan member and are, therefore, fully insured.

The information reflected in the Credit Ratings and in the Years to Maturity is derived from the Custodian's Risk and Performance Analytics Reporting System. Such information is prepared as a result of the Custodian's Risk Management Analysis.

* U.S. Treasury Bonds, Notes and Treasury-inflation protected securities are obligations of the U.S. government or explicitly guaranteed by the U.S. government and therefore not considered to have credit risk and are not included above.

Custodial Credit Risk—Deposits are exposed to custodial credit risk if they are uninsured and uncollateralized. Custodial credit risk is the risk that, in the event of a failure of the counterparty, the Plan will not be able to recover the value of its investment or collateral securities that are in the possession of an outside party. Investment securities are exposed to custodial credit risk if the securities are uninsured, are not registered in the name of the Plan and are held by either the counterparty or the counterparty's trust department or agent but not in the Plan's name.

Consistent with the Plan's investment policy, the investments are held by the Plan's custodian and registered in the Plan's name.

All of the Plan's deposits are insured and/or collateralized by securities held by a financial institution separate from the Plan's depository financial institution.

All of the Plan's securities are held by the Plan's custodial bank in the Plan's name.

Interest Rate Risk—Interest rate risk is the risk that the fair value of investments could be adversely affected by the change in interest rates. The lengths of investment maturities (in years), as shown by the percent of the rated portfolio, are as follows:

4. **FUNDING**

The ACNY provides that POLICE transfer to the Fund an amount equal to certain excess earnings on equity investments, limited to the unfunded Accumulated Benefit Obligation ("ABO") of the Fund. Excess earnings are defined as the amount by which earnings on equity investments of POLICE exceed what those earnings would have been had such funds been invested at a yield comparable to that available from fixed-income securities ("Hypothetical Fixed Income Security Earnings") less any cumulative deficiencies. The Fund also receives credit for investment earnings on Fund assets.

The calculation of the Hypothetical Fixed Income Security Earnings requires the determination of the Hypothetical Interest Rate ("HIR"), which is computed by the Comptroller.

For Fiscal Year 2005, the expected excess earnings of POLICE are estimated to be equal to zero and, therefore, no transfer will be due from POLICE to the Fund as of June 30, 2005.

For Fiscal Year 2004, the expected excess earnings of POLICE were estimated to be equal to zero and, therefore, no transfer was due from POLICE to the Fund as of June 30, 2004.

In addition, Chapter 247 of the Laws of 1988 states that if the assets of the Fund are less than the amount required to pay the retirees' guaranteed scheduled annual supplemental benefit payments, then the City is required by law to fund the difference. However, it is not anticipated that the City will be required to contribute directly to the Fund.

The amount shown below as the ABO is the measure of the present value of supplemental benefits estimated to be payable in the future as a result of employee service-to-date. The ABO is calculated as the actuarial present value of credited projected benefits, prorated on service and is intended to help users assess the funded status of the Fund on a going-concern basis, assess progress made in accumulating sufficient assets to pay benefits when due and make comparisons among variable supplements funds.

Actuarial valuations are performed annually as of June 30.

A comparison of the ABO as calculated by the Actuary with the Fund net assets held in trust for benefits as calculated by the Actuary as of June 30, 2004 and June 30, 2003 follows:

	Amounts as of June 30 2004	2003
	(In Millions)	
Accumulated benefit obligation for:		
Retirees currently receiving benefits	$ 832.5	$ 750.2
Active members	386.9	392.1
Total accumulated benefit obligation*,**	1,219.4	1,142.3
Net assets held in trust for benefits***	968.7	913.5
Unfunded accumulated benefit obligation	$ 250.7	$ 228.8

* The June 30, 2004 and 2003 ABOs decreased by approximately $112.7 million and $139.4 million, respectively, compared to those projected prior to the enactment of Chapters 119/95, 390/98 and 125/00.

** These total ABOs have been reduced by accrued benefits payable. This basis of reporting the total ABO is consistent with that used to report Plan net assets held in trust for benefits in these financial statements, but may differ from the bases used for other purposes.

*** See Note 2 for valuation of investments in the calculation of Fund net assets held in trust for benefits.

For purposes of the June 30, 2004 and 2003 actuarial valuations of the Fund, Chapter 125/00 has been taken into account in the determination of the unfunded ABO relative to the Supplementation benefit increases that began Fiscal Year 2001 and to the automatic COLA benefits estimated to begin Fiscal Year 2002 and each future year (Note 1).

The actuarial valuation as of June 30, 2004 used to determine the ABO is based on the same actuarial assumptions and methods as were used in the actuarial valuation as of June 30, 2003.

Section 13-270 and 13-280 of the ACNY provide that the Boards of Trustees of the Fund and the PSOVSF shall adopt, upon the recommendation of the Actuary, actuarial assumptions as to interest rate, mortality of retirees and estimated number of active members of POLICE in service as of each June 30 who will retire for service with 20 or more years of service as Police Officers and Police Superior Officers, for use in making annual valuations of liabilities.

The following actuarial assumptions represent the recommendations of the Actuary that were used in the actuarial calculations to determine the ABO as of June 30, 2004 and June 30, 2003:

	June 30, 2004	June 30, 2003
Investment rate of return	8.0% per annum [1]	8.0% per annum [1]

5. **INVESTMENT ADVISORS**

The Comptroller of the City (the "Comptroller") utilizes several investment advisors to manage long-term debt and equity portfolios. Advisors must obtain prior approval before each purchase or sale of a particular security. To be eligible for consideration, investments must meet criteria set forth in governing laws and regulations.

6. **RELATED PARTIES**

Administrative expenses are paid by the City. The Comptroller provides certain administrative services to the Fund. The Actuary is appointed to be the technical advisor to the Fund and the Office of the Actuary provides related actuarial services to the Fund. The City's Corporation Counsel provides legal services to the Fund. The City also provides other administrative services.

The Comptroller has been appointed by law as custodian for the monies and assets of the Plan with revocable discretionary authority. Securities are held by certain banks under custodial agreements with the Comptroller.

7. **CONTINGENT LIABILITIES**

From time to time, the Fund has a number of claims pending against it and has been named as defendant in a number of lawsuits. The Fund also has certain other contingent liabilities. Management of the Fund, on the advice of legal counsel, believes that such proceedings and contingencies generally do not have a material effect on the Plan net assets or changes in the Plan net assets of the Fund. Under the State statutes and City laws that govern the functioning of the Fund, increases in the obligation of the Fund to members and beneficiaries ordinarily result in increases to the future potential obligations of POLICE.

8. **OTHER ACTUARIAL INFORMATION**

Actuarial Audit - Pursuant to Section 96 of the New York City Charter, a study of the actuarial assumptions used to value liabilities of the five actuarially-funded New York City Retirement Systems ("NYCRS") is conducted by an independent actuarial firm every two years. The most recent study was published by Gabriel, Roeder, Smith & Company ("GRS") dated October 2003 and analyzed experience for Fiscal Years 1998 through 2001. The Actuary has proposed changes to the actuarial assumptions and methods applicable to the determination of Fiscal Year 2006 Employer contributions to the NYCRS.

Revised Actuarial Assumptions and Methods - In accordance with the ACNY and with appropriate practice, the Boards of Trustees of the five actuarially-funded NYCRS are to periodically review and adopt actuarial assumptions proposed by the Actuary for use in the determination of Employer contributions.

Based upon a review of the October 1999 Watson Wyatt and Company ("Wyatt") study, the Actuary proposed changes to certain actuarial assumptions and methods to be used by the NYCRS for Fiscal Years beginning on and after July 1, 1999 (i.e., Fiscal Year beginning 2000).

Where required, the Board of Trustees of POLICE adopted those changes to the actuarial assumptions and methods that required Board approval and the State Legislature and the Governor enacted Chapter 85 of the Laws of 2000 to provide for those changes of the actuarial assumptions and methods that required legislation, including the investment rate of return assumption of 8.0% per annum.

For the actuarial valuations of the Fund from June 30, 1999 to June 30, 2004, the Actuary used actuarial assumptions that were adopted during Fiscal Year 2000 by the Board of Trustees of POLICE.

After reviewing results of the October 2003 GRS study, the Actuary issued a Report entitled "Proposed Changes in Assumptions and Methods for Determining Employer Contributions for Fiscal Years Beginning on and After July 1, 2005 for the New York City Police Pension Fund" dated August 24, 2005.

The Board of Trustees of POLICE has adopted the Actuary's proposed changes in actuarial assumptions and methods that require Board approval. Those changes to the actuarial assumptions and methods that require legislation, the legislation is pending the actions of the State Legislature and the Governor.

For actuarial valuations of the Fund beginning June 30, 2005, it is anticipated that the Actuary will utilize the actuarial assumptions that were adopted during Fiscal Year 2006 by the Board of Trustees of POLICE.

INDEPENDENT AUDITORS' REPORT

To the Board of Trustees of
New York City Police Department Police Superior Officers'
Variable Supplements Fund

We have audited the accompanying statements of Plan net assets of New York City Police Department Police Superior Officers' Variable Supplements Fund (the "Plan") as of June 30, 2005 and 2004, and the related statements of changes in Plan net assets for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, such financial statements present fairly, in all material respects, the Plan net assets as of June 30, 2005 and 2004, and the changes in Plan net assets for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Management's Discussion and Analysis is not a required part of the financial statements, but is supplementary information required by the Governmental Accounting Standards Board. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit this information and express no opinion on it.

MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)
YEARS ENDED JUNE 30, 2005 AND 2004

The narrative discussion and analysis of the financial activities of The New York City Police Superior Officers' Variable Supplements Fund (the "Fund" or the "Plan") for the fiscal years ended June 30, 2005 and 2004 is presented by management as an introduction of the basic financial statements. It is meant to assist the reader in understanding the Fund's financial statements by providing an overall review of financial activities during the year and the effects of significant changes, as well as a comparison with the prior year's activities and results. This discussion and analysis is intended to be read in conjunction with the Plan's financial statements, which begin on page 6.

Overview of Basic Financial Statements

The following discussion and analysis are intended to serve as an introduction to the Plan's basic financial statements. The basic financial statements are:

- **The Statement of Plan Net Assets** - presents the financial position of the Plan at fiscal year end. It indicates the assets available for payment of future benefits and any liabilities that are owed as of the statement date. Investments are shown at fair value. All assets and liabilities are determined on an accrual basis.

- **The Statement of Changes in Plan Net Assets** - presents the results of activities during the year. All changes affecting the assets and liabilities of the Plan are reflected on an accrual basis when the activity occurred, regardless of the timing of the related cash flows. In that regard, changes in the fair values of investments are included in the year's activity as net appreciation in fair value of investments.

- **The Notes to Financial Statements** - provide additional information that is essential to a full understanding of the data provided in the financial statements. The notes present information about the Plan's accounting policies, significant account balances and activities, material risks, obligations, contingencies, and subsequent events, if any.

The financial statements are prepared in accordance with Governmental Accounting Standards Board ("GASB") Pronouncements.

Financial Highlights

- The Fund's total assets exceeded its liabilities by $1.1 billion as of June 30, 2005 and by $1.0 billion as of June 30, 2004.

- The plan net assets held in trust for benefits at June 30, 2005, increased by $12.3 million or 1% compared to fiscal year 2004 and increased by $75.1 million or 7% compared to fiscal year 2003.

- Benefit payments in 2005 totaled $106.4 million; an increase of 18% over the prior year. For fiscal year 2004, a total of $90.5 million was paid, representing an increase of 16% over fiscal year 2003.

Financial Analysis

The Statements of Plan Net Assets for fiscal year 2005 and 2004 showed total assets exceeding total liabilities by $1.1 billion. This amount represents total Plan net assets held in trust for benefits. This amount is available to cover the Fund's obligation to pay benefits to the Fund beneficiaries. Compared with the previous fiscal year, Plan net assets held in trust for benefits as of June 30, 2005 increased by $12.3 million or 1% compared to June 30, 2004. During 2004, the Plan net assets increased by $75.1 million or 7%, compared to fiscal year 2003. The investment portfolio performed better in the current year compared to trends in the prior year due to an upward trend in the economy. The Fund's investment portfolio increased by 5% during fiscal year 2005 and by 14% during fiscal year 2004.

The Fund's outstanding liabilities of $351 million increased by 22%, compared to fiscal year 2004. Last year the outstanding liabilities totaled $288 million, an increase of 38% compared to fiscal year 2003. Total liabilities as of June 30, 2005 consist of outstanding securities lending transactions of 64%, accrued benefits payable of 16%, and payable for investment securities purchased of 20%.

Additions

The overall activities of the Fund shown in the Statements of Changes in Plan Net Assets are reflected in the difference between total additions and total deductions which resulted in a net increase of $12.3 million and a net increase of $75.1 million for the fiscal years ended June 30, 2005 and 2004, respectively. The changes consisted of investment earnings of $118.7 million and benefit payments of $106.4 million in 2005, and investment earnings of $165.6 million, and benefit payments $90.5 million for 2004. For fiscal year 2003, there was a loss of $43.7 million which consisted of investment income of $34.7 million less benefit payments of $78.3 million.

Deductions

Deductions from the Fund consist mainly of benefit payments to members. All administrative and investment expenses are paid by The City of New York (the "City"). For fiscal year 2005 deductions totaled $106.4 million compared to $90.5 million in fiscal year 2004, which is an increase of $15.9 million or 18% in 2005 compared to 2004. Benefits paid in fiscal year 2005, increased primarily as a result of the increase in the number of retirees and an increase in benefit payments amounts.

Funding and Plan Benefits

POLICE is the source of funding for the Fund.

For fiscal years 2005, 2004 and 2003 there were no transfers from Police to the Fund.

Eligible retirees were entitled to a benefit of $11,000 for calendar year 2005 payable during December 2005. This benefit rate increases by $500 per year to $12,000 per year by Calendar year 2007. These benefits are reduced for certain supplementations and COLA from POLICE.

All data pertaining to benefits and other information concerning the Fund is discussed in detail in the Notes to the Financial Statements.

The ACNY provides that POLICE transfer to the Fund an amount equal to certain excess earnings on equity investments, limited to the unfunded accumulated benefit obligation ("ABO") of the Fund. Excess earnings are defined as the amount by which earnings on equity investments of POLICE exceed what those earnings would have been had such funds been invested at a yield comparable to that available from fixed-income securities ("Hypothetical Fixed Income Security Earnings") less any cumulative deficiencies. The Fund also receives credit for investment earnings on the Fund's assets.

The calculation of the Hypothetical Fixed Income Security Earnings requires the determination of the Hypothetical Interest Rate ("HIR"), which is computed by the Comptroller (see note 4).

Effective fiscal year 2000, the Actuary recommended revisions to calculation of the HIR. This change in methodology makes the HIR for POLICE consistent with Chapter 255 of the Laws of 2000 that modified the methodology for the HIR used for developing the Transferable Earnings payable from the New York City Employees' Retirement System ("NYCERS") to certain VSFs.

Specifically, in recognition that 30-year U.S. Treasury securities may become less plentiful in the future and subject to market distortions, the Actuary proposed to determine the HIR for Fiscal Year 2000 and later by taking an average of the monthly yields of 10-year Treasury notes as published in Federal Reserve Statistical Release Bulletin H.15 and increasing it by 15%.

At its March 14, 2001 meeting, the Board of Trustees of POLICE adopted this revised methodology for use in connection with the calculation of HIR for Fiscal Years 2000 and later.

Investments

The Board of Trustees of the Fund, in accordance with existing laws, has the authority to determine the manner in which the assets of the Funds are invested. Investments are made by The New York City Comptroller, who acts as custodian of the funds. The primary objectives of the Fund are to provide benefits for its members and provide for growth in membership and also be prepared for inflation. Investments are made with the objective to minimize risks and maintain a high competitive return. Diversification has increased investment results and provided security for the assets of the Fund. The Comptroller of The City of New York utilizes several investment advisors to manage long-term debt and equity portfolios. Advisors must obtain prior approval before each purchase or sale of a particular security. Investments are valued at fair value. Purchase and sale of securities are reflected on the trade date. No investment in any one security represents 5% or more of the Plan net assets held in trust for benefits.

The Fund is expected to earn a higher long-term rate of return than short-term cash accounts, due to the long-term nature of its liabilities and the diversification of its investment holdings. For the ten-year period ended June 30, 2005, the Fund had an annualized return of 9%. Investments in assets that are expected to produce higher returns are also subject to greater volatility and may also produce negative returns. That was the case in fiscal year 2005, which has been a good one for investors. Investments in stock markets within and outside the United States have generally gain value. For example, The Russell 3000 index, a broad measure of the U.S. stock market, gained 8.1% during this period, and the Europe, Australia and Far East (EAFE) Index, the most commonly used measure of performance in developed international markets, gained 12.5%. Less-developed international markets gained 15.3%. The index used by the Fund for these fixed income investments returned 8.2% for the year, while lower-rated bonds ended the year with a gain of 12.1% in value. The returns of the Fund have been consistent with broad market trend; the asset allocation followed by the Fund produced a combined return of a gain of 10.4%. For the three-year period ended June 30, 2005 the combined gain was 10% and for the five-year period it was a gain of 2.1%. Our above-average allocation to stocks has also meant that in the short-run, the Fund's return has been greater than many public funds, which gained an average of 10.0% for the past year.

Cash temporarily idle during the year is subject to conservative investment restrictions, and was invested in obligations of the U.S. Treasury and U.S. agency securities, commercial paper, medium-term notes, and repurchase agreements. The average maturity of these investments is 107 days. The Fund earned an average yield of 1.5% which compares with the average of 1.3% on three month Treasury Bills and 1.36% for a representative institutional money market fund. The Fund earned $95,000 in its short-term accounts during FY2005.

During the first quarter of FY 2006 The Russell 3000 index gained 4.02% and the EAFE international index gained 10.38%. The NYC bond index lost 0.8%. No prediction can be made as to the returns that will be achieved during the next fiscal year.

Assets are invested long-term for the benefit of the participants and their beneficiaries. All investments are managed by registered investment advisors, pursuant to applicable law and to guidelines issued by the Comptroller. The Fund utilizes one domestic equity manager, six domestic fixed-income managers and three international equity managers. Assets are allocated in accordance with plans adopted periodically by the Fund's Board of Trustees. The percentage in each category is determined based on a study indicating the probable rates of return and levels of risk for various assets allocations. The actual allocation may vary from this policy mix as market values shift and as investments are added or terminated.

Security Lending Transactions

The Board of Trustees permits the Fund to lend its securities to brokers, dealers and others with an agreement to return the collateral for the same securities in the future. In return, it receives collateral in the form of cash, treasury and US Government Securities at 100% to 105% of the principal plus accrued interest for reinvestment.

Other Matters

The Fund has a number of lawsuits pending against it. Management and legal counsel believe that such proceedings will not have a material effect on the plan net assets or changes in plan net assets.

NEW YORK CITY POLICE DEPARTMENT POLICE SUPERIOR OFFICERS' VARIABLE SUPPLEMENTS FUND

NOTES TO FINANCIAL STATEMENTS
YEARS ENDED JUNE 30, 2005 AND 2004

1. PLAN DESCRIPTION

The New York City (the "City") Police Pension Fund administers the Police Superior Officers' Variable Supplements Fund (the "Fund" or the "Plan") and the Police Officers' Variable Supplements Fund ("POVSF"). The Fund operates pursuant to the provisions of Title 13, Chapter 2 of the Administrative Code of The City of New York ("ACNY") and provides supplemental benefits to retired Police Superior Officers (including Sergeants or higher and Detectives). To be eligible to receive Fund benefits, Police Superior Officers must retire, on or after October 1, 1968, and be receiving a service retirement benefit from The New York City Police Pension Fund ("POLICE").

Except for service retirement, Fund benefits are forfeited upon separation from service.

The Fund is included in the Pension and Other Employee Benefit Trust Funds section of The City's Comprehensive Annual Financial Report ("CAFR").

The POVSF is maintained as a separate fund and is not included in these financial statements.

Under current law, the Fund is not to be construed as constituting a pension or retirement system. Instead, it provides defined supplemental payments, other than pension or retirement system allowances, in accordance with applicable statutory provisions. While The City guarantees these payments, The New York State Legislature has reserved to itself and The State of New York (The "State") the right and power to amend, modify, or repeal the Fund and the payments it provides.

At June 30, 2004 and 2003, the dates of the Fund's most recent actuarial valuations, the Fund's membership consisted of:

	2004	2003
Retirees currently receiving payments	12,212	11,391
Active members*	13,088	13,762
Total	25,300	25,153

* Represents the number of actively employed Police Superior Officers as of the June 30 valuation dates.

The Fund provides a guaranteed level of supplemental benefits for Police Superior Officers who retire (or have retired) as Police Superior Officers on service retirement with at least 20 years of service as follows:

(a) A Police Superior Officer hired before July 1, 1988 who retires from service as a Police Superior Officer on or after October 1, 1988 receives a defined schedule of benefits starting at an annual rate of $5,000 payable during December 1993 for the Calendar Year 1993 payment.

The benefit increases $500 each year thereafter to a maximum of $12,000 in the Calendar Year 2007 and thereafter.

For those who were members of POLICE prior to July 1, 1988 and who retire after Calendar Year 1993, the benefit for the first year of retirement is a proportion of the annual scheduled amount as described above for the year of retirement and the full amount thereafter.

(b) For those who become members of POLICE on or after July 1, 1988, the annual supplemental benefit is $2,500 for the first twelve months of retirement, increasing by $500 each year until a maximum of $12,000 is payable in the twentieth and later years of retirement. This was later modified by Chapter 444 of the Laws of 2001 ("Chapter 444/01") as discussed below.

Chapter 503 of the Laws of 1995 ("Chapter 503/95") amended the ACNY in relation to the transfer of assets, liabilities and administration of certain pension funds in The New York City Police Department. In addition, this law permits certain active employees with prior service credit before entering POLICE to utilize their original dates of hire for determining benefits from the Fund.

In the past, the New York State Legislature, in recognition of inflation, has increased retirement benefits to retirees of its public pension systems. Any increase in Supplementation benefits or automatic Cost-of-Living Adjustments ("COLA") payable from POLICE for retirees of the Fund under legislation enacted after 1993 will reduce benefits payable from the Fund until the later of: (a) age 62, or (b) Calendar Year 2007 (the twentieth year of retirement in the case of new members on and after July 1, 1988).

Chapter 119 of the Laws of 1995 ("Chapter 119/95") provides additional benefits for Supplementation payable from POLICE on and after December 1, 1996 for Supplementation for certain retirees of POLICE effective as elected by The City Council on October 25, 1995.

Chapter 444/01 provides that Police Superior Officers who became members of the Fund on and after July 1, 1988 will receive the maximum $12,000 benefit beginning Calendar Year 2008.

Chapter 390 of the Laws of 1998 ("Chapter 390/98") provides additional benefits for Supplementation payable from POLICE on and after September 1, 1998 (with a second increase commencing September 1, 1999).

Chapter 125 of the Laws of 2000 ("Chapter 125/00") provides Supplementation benefits from POLICE for certain retirees who retired before Calendar Year 1997 effective September 2000. In addition, Chapter 125/00 provides future COLA increases from POLICE beginning September 2001 and on each subsequent September eligible retirees.

Chapter 125/00 also provides for a five-year phase-in schedule for funding the additional actuarial liabilities created by benefits provided by this law.

Chapter 278 of the Laws of 2002 ("Chapter 278/02") requires the Fund's Chief Actuary of the Office of the Actuary (the "Actuary") revise the phase-in period from five years to ten years for funding the additional actuarial liabilities of POLICE created by the benefits provided under Chapter 125/00.

Chapter 278/02 provides that, for the June 30, 2000 actuarial valuation of POLICE, the Actuary is required to recognize, on a theoretical basis, only 10% of the additional actuarial liabilities created by the benefits provided by Chapter 125/00 for determining Fiscal Year 2001 POLICE Employer contributions.

For each of the next eight June 30 actuarial valuations (i.e., June 30, 2001 to June 30, 2008), the Actuary is required to recognize progressively increasing percentages (i.e., 20% to 90%) of the additional actuarial liabilities attributable to Chapter 125/00 for determining the Fiscal Year 2002 to Fiscal Year 2009 POLICE Employer contributions.

For the June 30, 2009 and later actuarial valuations, the Actuary is required to recognize the full amount of the additional actuarial liabilities attributable to Chapter 125/00 for determining Fiscal Years 2010 and later POLICE Employer contributions.

Note, the actuarial liabilities shown herein reflect the full impact of offset for Supplementation and COLA payable under Chapter 125/00. The actuarial liabilities do not reflect the phase-in schedule of Chapter 278/02 for funding the additional actuarial liabilities created by the benefits provided by Chapter 125/00.

Chapter 216 of the Laws of 2002 ("Chapter 216/02") provides that participants of the Fund who retire from POLICE on and after January 1, 2002 with 20 or more years of service are entitled to an additional one-time special lump sum payment in the first year following retirement equal to the cumulative Fund benefits that would have been paid after January 1, 2002 had they retired at the completion of their 20th year of service.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The Fund is accounted for on an accrual basis where the measurement focus is on the flow of economic resources. Revenues are recognized in the accounting period in which they are earned and expenses are recognized in the period incurred.

Method Used to Value Investments - Investments are valued at fair value. Trading securities are stated at the last reported sales price on a national securities exchange on the last business day of the fiscal year. Securities purchased pursuant to agreements to resell are carried at the contract price, exclusive of interest, at which the securities will be resold. Fair value is defined as the quoted market value on the last trading day of the period, except for the Short-Term Investment Fund (the "STIF") (a money market fund) and the International Investment Funds (the "IIF"). The IIF's are private funds, which are managed by various investment managers on behalf of the Plan. Plan management determines fair value of the IIF's based on information provided by the various investment managers. Management records the STIF at cost, which approximated fair value.

Purchases and sales of securities are reflected on the trade date. Gains or losses on sales of securities are based on the average cost of securities.

Dividend income is recorded on the ex-dividend date. Interest income is recorded as earned on an accrual basis.

No investment in any one security represents 5% or more of the plan net assets held in trust for benefits.

Contributions - POLICE is the source of funding for the Fund. Section 13-232 of the ACNY states, among other things, how amounts transferred into the Fund shall be computed.

Income Taxes - Income earned by the Fund is not subject to Federal income tax.

Accrued Benefits Payable -Accrued benefits payable represent either: (1) benefits due and unpaid from the preceding payment date of December 15 or (2) benefits deemed incurred and unpaid (an accrual for a portion of the current calendar year benefit) for the Fiscal Year end of June 30.

Securities Lending Transactions – State Statutes and the Board of Trustees policies permit the Fund to lend its securities to broker-dealers and other entities with a simultaneous agreement to return the collateral for the same securities in the future. The Fund's custodian lends the following types of securities: short-term securities, common stock, long-term corporate bonds, U.S. Government and U.S. Government agencies bonds, asset-backed securities and international equities and bonds held in collective investment funds. In return, it receives collateral in the form of cash and treasury and U.S. Government agency securities at 100% to 105% of the principal plus accrued interest for reinvestment. At year-end, the Fund had no credit risk exposure to borrowers because the amounts the Fund owes the borrowers exceed the amounts the borrowers owe the Fund. The contracts with the Fund custodian require borrowers to indemnify the Fund if the borrowers fail to return the securities and if the collateral is inadequate to replace the securities loaned or fail to pay the Fund for income distributions by the securities' issuers while the securities are on loan. All securities loans can be terminated on demand within a period specified in each agreement by either the Fund or the borrowers. Cash collateral is invested in the lending agents' short-term investment pools, which have a weighted average maturity of 90 days. The underlying fixed income securities which comprise these pools have an average maturity of ten years.

The securities lending program in which the Fund participates only allows pledging or selling securities in the case of borrower default. Accordingly, the Fund is fully indemnified against any loss of value between the securities lent and the securities held as collateral.

Governmental Accounting Standards Board (GASB) Statement No. 28, *Accounting and Financial Reporting for Securities Lending Transactions*, requires that securities loaned as assets be reported in the statements of plan net assets. Cash received as collateral on securities lending transactions and investments made with that cash are reported as assets. Securities received as collateral are also reported as assets if the government entity has the ability to pledge or sell them without a borrower default. Liabilities resulting from these transactions will be reported in the Statements of Plan Net Assets. Accordingly, the Fund recorded the investments purchased with the cash collateral as collateral from securities lending transactions with a corresponding liability as securities lending transactions.

New Accounting Standards Adopted - In fiscal year 2005, the Plan adopted one new statement issued by Governmental Accounting Standards Board (GASB):

— Statement No. 40 *Deposit and Investment Risk Disclosures, an amendment of GASB Statement No. 3*

Statement No. 40 establishes and modifies disclosure requirement related to investment risks, which includes credit risk, interest rate risk and foreign currency risk. The implementation of Statement No. 40 expands note disclosure regarding the Plan's investments and their related investment and deposit risks.

Under Statement No. 40, the Plan is required to disclose information (if applicable) covering four principal areas:

- Investment credit risk disclosures, including credit quality information issued by rating agencies;
- Interest rate disclosures that include investment maturity information, such as weighted average maturities or specific identification of the securities;
- Interest rate sensitivity for investments that are highly sensitive to changes in interest rates
- Foreign exchange exposures that would indicate the foreign investment's denomination.

3. INVESTMENTS AND DEPOSITS

The Comptroller of The City of New York (the "Comptroller") acts as an investment advisor to the Plan. In addition, the Plan employs an independent investment consultant as an investment advisor. The Plan utilizes several investment managers to manage the long-term debt and equity portfolios. The managers are regularly reviewed, with regard to both their investment performance and for their adherence to investment guidelines.

Concentration of Credit Risk

The Plan does not have any investments in any one entity that represent 5% or more of plan net assets.

The legal requirements for Plan investments are as follows:

(a) Fixed income, equity and other investments may be made as permitted by New York State RSSL §§ 176-178(a) and Banking Law § 235, the New York City Administrative Code, and the Legal Investments for New York Savings Banks list as published by The New York State Banking Department, subject to Note 3(b).

(b) Investments up to 15% of total pension fund assets may be made in instruments not expressly permitted by the State RSSL.

Citibank, N.A. was the primary custodian for substantially all of the securities of the Plan for the periods prior to March 31, 2004. Bank of New York ("BONY") became custodian on April 1, 2004 to present.

Cash deposits are insured by the Federal Deposit Insurance Corporation for up to $100,000 per Plan member and are, therefore, fully insured.

* U.S. Treasury Bonds, Notes and Treasury-inflation protected securities are obligations of the U.S. government or explicitly guaranteed by the U.S. government and therefore not considered to have credit risk and are not included above.

Custodial Credit Risk—Deposits are exposed to custodial credit risk if they are uninsured and uncollateralized. Custodial credit risk is the risk that, in the event of a failure of the counterparty, the Plan will not be able to recover the value of its investment or collateral securities that are in the possession of an outside party. Investment securities are exposed to custodial credit risk if the securities are uninsured, are not registered in the name of the Plan and are held by either the counterparty or the counterparty's trust department or agent but not in the Plan's name.

Consistent with the Plan's investment policy, the investments are held by the Plan's custodian and registered in the Plan's name.

All of the Plan's deposits are insured and or collateralized by securities held by a financial institution separate from the Plan's depository financial institution.

All of the Plan's securities are held by the Plan's custodial bank in the Plan's name.

Interest Rate Risk—Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of the investment. The length of investment maturities (in years) are as follows:

4. FUNDING

The ACNY provides that POLICE transfer to the Fund an amount equal to certain excess earnings on equity investments, limited to the unfunded Accumulated Benefit Obligation ("ABO") of the Fund. Excess earnings are defined as the amount by which earnings on equity investments of POLICE exceed what those earnings would have been had such funds been invested at a yield comparable to that available from fixed-income securities ("Hypothetical Fixed Income Security Earnings") less any cumulative deficiencies. The Fund also receives credit for investment earnings on Fund assets.

The calculation of the Hypothetical Fixed Income Security Earnings requires the determination of the Hypothetical Interest Rate ("HIR"), which is computed by the Comptroller.

For Fiscal Year 2005, the expected excess earnings of POLICE are estimated to be equal to zero and, therefore, no transfer will be due from POLICE to the Fund as of June 30, 2005.

For Fiscal Year 2004, the expected excess earnings of POLICE were equal to zero and therefore, no transfer was due from POLICE to the Fund as of June 30, 2004.

In addition, Chapter 479 of the Laws of 1993 states that if the assets of the Fund are less than the amount required to pay the retirees' guaranteed scheduled annual supplemental benefit payments, then The City
In addition, Chapter 479 of the Laws of 1993 states that if the assets of the Fund are less than the amount required to pay the retirees' guaranteed scheduled annual supplemental benefit payments, then The City
is required by law to fund the difference. However, it is not anticipated that The City will be required to contribute directly to the Fund.

The amount shown below as the ABO is the measure of the present value of supplemental benefits estimated to be payable in the future as a result of employee service-to-date. The ABO is calculated as the actuarial present value of credited projected benefits, prorated on service and is intended to help users assess the funded status of the Fund on a going-concern basis, assess progress made in accumulating sufficient assets to pay benefits when due and make comparisons among variable supplements funds.

Actuarial valuations are performed annually as of June 30.

A comparison of the ABO as calculated by the Actuary with the Plan net assets held in trust for benefits as calculated by the Actuary as of June 30, 2004 and June 30, 2003 follows:

	Amount as of June 30 2004	2003
	(In millions)	
Accumulated benefit obligation for:		
Retirees currently receiving benefits	$ 1,236.4	$ 1,102.7
Active members	787.4	783.1
Total accumulated benefit obligation*,**	2,023.8	1,885.8
Plan net assets held in trust for benefits***	1,089.5	1,014.4
Unfunded accumulated benefit obligation	$ 934.3	$ 871.4

* The June 30, 2004 and 2003 ABOs decreased by approximately $113.8 million and $136.6 million, respectively, compared to those projected prior to the enactment of Chapters 119/95, 390/98 and 125/00.

** These total ABOs have been reduced by accrued benefits payable. This basis of reporting the total ABO is consistent with that used to report Plan net assets held in trust for benefits in these financial statements, but may differ from the bases used for other purposes.

*** See note 2 for valuation of investments in the calculation of Plan net assets held in trust for benefits.

For purposes of the June 30, 2004 and 2003 actuarial valuations of the Fund, Chapter 125/00 has been taken into account in the determination of the unfunded ABO relative to the Supplementation benefit increases that began Fiscal Year 2001 and to the automatic COLA estimated to begin Fiscal Year 2002 and each future year (see Note 1).

The actuarial valuation as of June 30, 2004, used to determine the ABO, is based on the same actuarial assumptions and methods as were used in the actuarial valuation as of June 30, 2003.

Sections 13-270 and 13-280 of the ACNY provide that the Boards of Trustees of the POVSF and the Fund shall adopt, upon the recommendation of the Actuary, actuarial assumptions as to interest rate, mortality of beneficiaries and estimated number of active members of POLICE in service as of each June 30 who will retire for service with 20 or more years of service as Police Officers and Police Superior Officers, for use in making annual valuations of liabilities.

The following actuarial assumptions represent the recommendations of the Actuary that were used in the actuarial calculations to determine the ABO as of June 30, 2004 and June 30, 2003, respectively:

	June 30, 2004	June 30, 2003
Investment rate of return	8.0% per annum. (1)	8.0% per annum. (1)

5. **INVESTMENT ADVISORS**

The Comptroller of The City (the "Comptroller") utilizes several investment advisors to manage long-term debt and equity portfolios. Advisors must obtain prior approval before each purchase or sale of a particular security. To be eligible for consideration, investments must meet criteria set forth in governing laws and regulations.

6. **RELATED PARTIES**

Administrative expenses are paid by The City. The Comptroller provides certain administrative services to the Fund. The Actuary is appointed to be the technical advisor to the Fund and the Office of the Actuary provides related actuarial services to the Fund. The City's Corporation Counsel provides legal services to the Fund. The City also provides other administrative services.

The Comptroller has been appointed by law as the custodian for monies and assets of the Plans with revocable discretionary authority. Securities are held by certain banks under custodial agreements with the Comptroller.

7. **CONTINGENT LIABILITIES**

From time to time the Fund has a number of claims pending against it and has been named as defendant in a number of lawsuits. The Fund also has certain other contingent liabilities. Management of the Fund, on the advice of legal counsel, believes that such proceedings and contingencies generally do not have a material effect on the plan net assets or changes in the plan net assets of the Fund. Under the State statutes and City laws that govern the functioning of the Fund, increases in the obligation of the Fund to members and beneficiaries ordinarily result in increases to the future potential obligations of POLICE.

8. **OTHER ACTUARIAL INFORMATION**

Actuarial Audit - Pursuant to Section 96 of The New York City Charter, a study of the actuarial assumptions used to value liabilities of the five actuarially-funded New York City Retirement Systems ("NYCRS") is conducted by an independent actuarial firm every two years. The most recent study was published by Gabriel, Roeder, Smith & Company ("GRS") dated October 2003 and analyzed experience for Fiscal Years 1998 through 2001. The Actuary has proposed changes to the actuarial assumptions and methods applicable to the determination of Fiscal Year 2006 Employer contributions to the NYCRS.

Revised Actuarial Assumptions and Methods - In accordance with the ACNY and with appropriate practice, the Boards of Trustees of the five actuarially funded NYCRS are to periodically review and adopt actuarial assumptions as proposed by the Actuary for use in the determination of employer contributions.

Based upon a review of the October 1999 Watson Wyatt and Company ("Wyatt") actuarial study, the Actuary proposed changes to certain actuarial assumptions and methods to be used by the NYCRS for Fiscal Years beginning on and after July 1, 1999 (i.e., Fiscal Years beginning 2000).

Where required, the Board of Trustees of POLICE has adopted those changes to the actuarial assumptions and methods that required Board approval and the State Legislature and the Governor have enacted Chapter 85 of the Laws of 2000 to provide for those changes of the actuarial assumptions and methods that required legislation, including the investment rate of return assumption of 8.0% per annum.

For the actuarial valuations of the Fund from June 30, 1999 to June 30, 2004, the Actuary used actuarial assumptions that were adopted during Fiscal Year 2000 by the Board of Trustees of POLICE.

After reviewing results of the October 2003 GRS study, the Actuary issued a Report entitled "Proposed Changes in Assumptions and Methods for Determining Employer Contributions for Fiscal Years Beginning on and After July 1, 2005 for The New York City Police Pension Fund" dated August 24, 2005.

The Board of Trustees of the POLICE has adopted the Actuary's proposed changes in actuarial assumptions and methods that require Board approval. For those changes to the actuarial assumptions and methods that require legislation, such actions are anticipated during Fiscal Year 2006.

For active valuations of the Fund beginning June 30, 2005, it is anticipated that the Actuary will utilize the actuarial assumptions that were adopted during Fiscal Year 2006 by the Board of Trustees of POLICE.

INDEPENDENT AUDITORS' REPORT

To the Board of Trustees of the
New York City Fire Department Firefighters'
Variable Supplements Fund

We have audited the accompanying statements of Plan net assets of New York City Fire Department Firefighters' Variable Supplements Fund (the "Plan") as of June 30, 2005 and 2004, and the related statements of changes in Plan net assets for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, such financial statements present fairly, in all material respects, the Plan net assets as of June 30, 2005 and 2004, and the changes in Plan net assets for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Management's Discussion and Analysis is not a required part of the financial statements, but is supplementary information required by the Governmental Accounting Standards Board. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit this information and express no opinion on it.

MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)
JUNE 30, 2005 AND 2004

This narrative discussion and analysis of the New York City Fire Department Firefighters' Variable Supplements Fund's (the "Fund" or the "Plan"), financial performance provides an overview of the Plan's financial activities for the fiscal years ended June 30, 2005 and 2004. It is meant to assist the reader in understanding the Plan's financial statements by providing an overall review of the financial activities during the two years and the effects of significant changes, as well as a comparison with the prior years' activity and results. This discussion and analysis is intended to be read in conjunction with the Plan's financial statements, which begin on page 6.

Overview of Basic Financial Statements

The following discussion and analysis are intended to serve as an introduction to the basic financial statements. The basic financial statements are:

- **The Statement of Plan Net Assets** - presents the financial position of the Plan at each fiscal year end. It indicates the assets available for payment of future benefits and any current liabilities that are owed as of the statement date. Investments are shown at fair value. All other assets and liabilities are determined on an accrual basis.
- **The Statement of Changes in Plan Net Assets** - presents the results of activities during the fiscal year. All changes affecting the assets and liabilities of the Plan are reflected on an accrual basis when the activity occurred, regardless of the timing of the related cash flows. In that regard, changes in the fair values of investments are included in the year's activity as net appreciation (depreciation) in fair value of investments.
- **The Notes to Financial Statements** - provide additional information that is essential to a full understanding of the data provided in the financial statements. The notes present information about the Plan's accounting policies, significant account balances and activities, material risks, obligations, contingencies, and subsequent events, if any.

The financial statements are prepared in accordance with Governmental Accounting Standards Board ("GASB") Pronouncements.

FINANCIAL HIGHLIGHTS

The Plan's net assets held in trust for pension benefits increased by $16 million (3.1%) to $526.9 million in fiscal year 2005 compared to Plan net assets held in trust for pension benefits as of June 30, 2004. The increase in the Plan's net assets for fiscal year 2005 can be attributed to net changes in the fair market value of investments and increases in investment income.

The Plan's net assets held in trust for pension benefits increased by $47.2 million (10.2%) to $510.9 million in fiscal year 2004 compared to Plan net assets of $463.7 million in fiscal year 2003. The increase in the Plan's net assets in fiscal year 2004 was attributed to the net appreciation in the fair market value of investments.

Changes in Plan Net Assets
Years Ended June 30, 2005, 2004 and 2003
(In thousands)

	2005	2004	2003
Net investment income	$ 47,085	$ 74,939	$ 15,501
Benefit payments and withdrawals	31,057	27,719	20,555
Net increase (decrease)	16,028	47,220	(5,054)
Plan net assets held in trust for benefits:			
Beginning of year	510,926	463,706	468,760
End of year	$ 526,954	$ 510,926	$ 463,706

During fiscal year 2005, the Plan enjoyed a net investment gain of $47.1 million; this gain was less than the gain recorded for fiscal year 2004. The gain for fiscal year 2005 can be attributed to net changes in the fair value of investments and net investment income.

During fiscal year 2004, the Plan enjoyed a net investment gain of $74.9 million or an increase of 383.4% compared to net investment gain of $15.5 million in fiscal year 2003. The gain for fiscal year 2004 can be attributed to the net appreciation in the fair market value of investments.

Benefit payments and withdrawals for fiscal year 2005 totaled $31.1 million, an increase of 12 % over benefit payments and withdrawals reported in fiscal year 2004. The increase in fiscal year 2005 is primarily due to increases in both the rate paid and the number of retirees on payroll.

Benefit payments and withdrawals for fiscal year 2004 totaled $27.7 million, an increase of 34.8% over benefit payments and withdrawals of $20.6 million recorded in fiscal year 2003. The increase in fiscal year 2004 was primarily due to increases in both the rate paid and the number of retirees on payroll.

PLAN NET ASSETS

The Plan's net assets held in trust for benefits increased to $526.9 million or 3.1% in fiscal year 2005, compared to Plan net assets in fiscal year 2004. The increase in 2005 can be attributed to net improvements in the fair value of investments.

The Plan's net assets held in trust for benefits increased by 10.2% in fiscal year 2004 compared to Plan net assets of $463.7 million in fiscal year 2003.The increase in 2004 was primarily the result of a net appreciation in the fair value of investments.

The Plan's receivables and payables are primarily generated through the timing difference between the trade and settlement dates for investment securities purchased or sold.

FUNDING AND PLAN BENEFITS

New York City Fire Pension Fund ("FIRE") is the source of funding for the Plan. For fiscal years 2005, 2004 and 2003, there were no transfers from FIRE to the Plan. Eligible Firefighters and Wipers were entitled to a benefit of $10,500 for calendar year 2004 payable during December 2004. This benefit rate increases by $500 per year to $12,000 per year by calendar year 2007. These benefits are reduced for certain supplementations and automatic COLA payable from FIRE.

The Administrative Code of the City of New York provides that FIRE transfer to the Fund an amount equal to certain excess earnings on equity investments, limited to the unfunded accumulated benefit obligation ("ABO") of the Fund. Excess earnings are defined as the amount by which earnings on equity investments of FIRE exceed what the earnings would have been had such funds been invested at a yield comparable to that available from fixed income securities ("Hypothetical Fixed Income Security Earnings") less any cumulative deficiencies. The Fund also receives credit for investment earnings on Fund assets. For further discussion on Funding, refer to the caption "Funding" in the Notes to Financial Statements.

INVESTMENTS

The table above summarizes the Plan's investment portfolio including collateral securities lending. Due to the long-term nature of the Plan's liabilities, the Plan's assets are invested with a long -term investment horizon. Assets are invested in a diversified portfolio of capital market securities. Investments in these assets are expected to produce higher returns but are also subject to greater volatility and may produce negative returns. For example, the Russell 3000 index, a broad measure of the United States stock market – increased 8.1% in fiscal year 2005, increased 20.5% in fiscal year 2004 and increased 1 % in fiscal year 2003. The overall return on the Plan's investment portfolio was a positive 9 % for fiscal year 2005, 15.1% for fiscal year 2004 and a positive 3.4% for fiscal year 2003.For the three-year period ended June 30, 2005, the overall rate of return on investments was a positive 9.1%.

NEW YORK CITY FIRE DEPARTMENT FIREFIGHTERS' VARIABLE SUPPLEMENTS FUND

NOTES TO FINANCIAL STATEMENTS
YEARS ENDED JUNE 30, 2005 AND 2004

1. PLAN DESCRIPTION

The New York City (the "City") Fire Pension Fund administers both the Firefighters' Variable Supplements Fund (the "Fund" or the "Plan") and the Fire Officers' Variable Supplements Fund ("FOVSF"). The Fund operates pursuant to the provisions of Title 13, Chapter 3 of the Administrative Code of The City of New York ("ACNY") and provides supplemental benefits to retired Firefighters and Wipers from the New York City Fire Department. To be eligible to receive Fund benefits, Firefighters and Wipers must retire, on or after October 1, 1968, and be receiving a service retirement benefit from the New York City Fire Pension Fund ("FIRE").

Except for service retirement, Fund benefits are forfeitable upon separation from service.

The Fund is included in the Pension and Other Employee Benefit Trust Funds section of the City's Comprehensive Annual Financial Report ("CAFR").

The FOVSF is maintained as a separate fund and is not included in these financial statements.

Under current law, the Fund is not to be construed as constituting a pension or retirement system. Instead, it provides defined supplemental payments, other than pension or retirement system allowances, in accordance with applicable statutory provisions. While these payments are guaranteed by the City, the New York State Legislature has reserved to itself and the State of New York (the "State") the right and power to amend, modify, or repeal the Fund and the payments it provides.

At June 30, 2004 and 2003, the dates of the Fund's most recent actuarial valuations, the Fund's membership consisted of:

	2004	2003
Retirees currently receiving payments*	4,555	4,464
Active members**	8,755	8,424
Total	13,310	12,888

* This includes all retired Firefighters and Wipers currently receiving payments

** Represents the number of actively- employed Firefighters and Wipers as of the June 30 valuation dates.

As a result of Chapter 480 of the Laws of 1993 ("Chapter 480/93"), all Wipers now receive the same benefits as Firefighters and, hereafter for prospective supplemental benefits, the term Firefighters will include Wipers.

The Fund provides a guaranteed level of supplemental benefits for Firefighters who retire (or have retired) as Firefighters on service retirement with at least 20 years of service as follows:

(a) For those Firefighters who retired from service as Firefighters before July 1, 1988, the annual supplemental benefit was $2,500 in Calendar Year 1988. For those who retired during Calendar Year 1988, the benefit was a proportion of $2,500. The benefit increases $500 each year thereafter to a maximum of $12,000 in the Calendar Year 2007 and thereafter. The 1988 benefits include any payments made under the prior program.

For those Firefighters hired before July 1, 1988 and who retire after Calendar Year 1988, the benefit for the first year of retirement is a proportion of the annually increased amount computed as described above for the year of retirement, and the full amount thereafter.

(b) For those who become members of FIRE on or after July 1, 1988, the annual supplemental benefit is $2,500 for the first 12 months of retirement, increasing by $500 each year until a maximum of $12,000 is payable in the twentieth and later years of retirement. This was later modified by Chapter 500 of the Laws of 1995 ("Chapter 500/95") as discussed below.

In the past, the State Legislature, in recognition of inflation, has increased retirement benefits to retirees of its public pension systems. Any increase in Supplementation benefits or automatic Cost-of-Living Adjustments ("COLA") payable from FIRE to retirees of the Fund under legislation enacted after 1988 will reduce benefits payable from the Fund until the later of: (a) age 62, or (b) Calendar Year 2007 (the twentieth year of retirement or January 1, 2008, if earlier, in the case of new members on and after July 1, 1988).

Chapter 500/95 provided that Firefighters who became members on and after July 1, 1988 will receive the maximum $12,000 benefit beginning Calendar Year 2008 and thereafter. In addition, this law permits certain active employees with prior service credit before entering FIRE to utilize their original dates of hire for determining benefits from the Fund.

Chapter 119 of the Laws of 1995 ("Chapter 119/95") provided additional benefits for Supplementation payable from FIRE on and after December 1, 1996 for certain retirees of FIRE effective as elected by the City Council on October 25, 1995.

Chapter 404 of the Laws of 1998 ("Chapter 404/98") provided that some FIRE members who had dual membership with a prior pension fund at entry into FIRE may be entitled to transfer that prior membership if they met certain criteria and make proper application for such transfers.

Chapter 216 of the Laws of 2002 ("Chapter 216/02") provided that participants of the Fund who retire from Fire on and after January 1, 2002 with 20 or more years of service are entitled to an additional one-time special lump sum payment in the first year following retirement equal to the cumulative Fund benefits that would have been paid after January 1, 2002 had they retired at the completion of their twentieth year of service.

Chapter 390 of the Laws of 1998 ("Chapter 390/98") provided additional benefits for Supplementation payable from FIRE on and after September 1, 1998 (with a second benefit increase commencing September 1, 1999).

Chapter 125 of the Laws of 2000 ("Chapter 125/00") provided Supplementation benefits from FIRE for certain retirees who retired before Calendar Year 1997 effective September 2000. In addition, Chapter 125/00 provided future COLA increases from FIRE beginning September 2001 and on each subsequent September to eligible retirees.

Chapter 125/00 also provided for a five-year phase-in schedule for funding the additional actuarial liabilities created by benefits provided by this law.

Chapter 278 of the Laws of 2002 ("Chapter 278/02") required the Fund's Chief Actuary of the Office of the Actuary ("the Actuary") to revise the phase-in period from five years to ten years for funding the additional actuarial liabilities of FIRE created by the benefits provided under Chapter 125/00.

Chapter 278/02 provided that, for the June 30, 2000 actuarial valuation of FIRE, the Actuary is required to recognize, on a theoretical basis, only 10% of the additional actuarial liabilities created by the benefits provided by Chapter 125/00 for determining Fiscal Year 2001 FIRE Employer contributions.

For each of the next eight June 30 actuarial valuations (i.e., June 30, 2001 to June 30, 2008), the Actuary is required to recognize progressively increasing percentages (i.e., 20% to 90%) of the additional actuarial liabilities attributable to Chapter 125/00 for determining the Fiscal Year 2002 to Fiscal Year 2009 FIRE Employer contributions.

For the June 30, 2009 and later actuarial valuations, the Actuary is required to recognize the full amount of the additional actuarial liabilities attributable to Chapter 125/00 for determining Fiscal Years 2010 and later FIRE Employer contributions.

Note, the actuarial liabilities shown herein reflect the full impact of offset for Supplementation benefits and COLA payable under Chapter 125/00. The liabilities do not reflect the phase-in schedule of Chapter 278/02 for funding the additional actuarial liabilities created by the benefits provided by Chapter 125/00.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The Fund is accounted for on an accrual basis where the measurement focus is on the flow of economic resources. Revenues are recognized in the accounting period in which they are earned and expenses are recognized in the period incurred.

Method Used to Value Investments - Investments are valued at fair value. Trading securities are stated at the last reported sales price on a national securities exchange on the last business day of the Fiscal Year. Securities purchased pursuant to agreements to resell are carried at the contract price, exclusive of interest, at which the securities will be resold. Fair value is defined as the quoted market value on the last trading day of the period, except for the Short-Term Investment Fund (the "STIF") (a money market fund) and the International Investment Funds (the "IIF"). The IIF's are private funds, which are managed by various investment managers on behalf of the Plan. Plan management determines fair value of the IIF's based on information provided by the various investment managers. Management records the STIF at cost, which approximates fair value.

Purchases and sales of securities are reflected on the trade date. Gains and losses on the sale of securities are based on the average cost of securities.

Dividend income is recorded on the ex-dividend date. Interest income is recorded as earned on an accrual basis.

No investment in any one security represents 5% or more of the plan net assets held in trust for benefits.

Contributions - FIRE is the source of funding for the Fund. Section 13-335 of the ACNY states, among other things, how amounts transferred into the Fund shall be computed.

See Note 4 for more information on funding and for information regarding the City's liability.

Income Taxes - Income earned by the Fund is not subject to Federal income tax.

Accrued Benefits Payable - Accrued benefits payable represent either: (1) benefits due and unpaid from the preceding payment date of December 15: or (2) benefits deemed incurred and unpaid (an accrual for a portion of the subsequent calendar year benefit) for the Fiscal Year ending June 30.

Securities Lending Transactions - State statutes and the Fund's Board of Trustees policies permit the Fund to lend its securities to broker-dealers and other entities with a simultaneous agreement to return the collateral for the same securities in the future. The Fund's custodian lends the following types of securities: short-term securities, common stock, long-term corporate bonds, U.S. Government and U.S. Government agencies' bonds, asset-backed securities and international equities and bonds held in collective investment funds. In return, it receives collateral in the form of cash and treasury and U.S. Government agency securities at 100% to 105% of the principal plus accrued interest for reinvestment. At year end, the Fund had no credit risk exposure to borrowers because the amounts the Fund owed the borrowers exceeded the amounts the borrowers owed the Fund. The contracts with the plan custodian require borrowers to indemnify the Fund if the borrowers fail to return the securities and if the collateral is inadequate to replace the securities loaned or fail to pay the Fund for income distributions by the securities' issuers while the securities are on loan. All securities loans can be terminated on demand within a period specified in each agreement by either the Fund or the borrowers. Cash collateral is invested in the lending agents' short-term investment pools, which have a weighted-average maturity of 90 days. The underlying fixed income securities in these pools have an average maturity of ten years.

The securities lending program in which the Fund participates only allows pledging or selling securities in the case of borrower default. Accordingly, the Fund is fully indemnified against any loss of value between the securities lent and the securities held as collateral.

Governmental Accounting Standards Board ("GASB") Statement No. 28, *Accounting and Financial Reporting for Securities Lending Transactions*, requires that securities loaned as assets be reported in the statements of plan net assets. Cash received as collateral on securities lending transactions and investments made with that cash are reported as assets. Securities received as collateral are also reported as assets if the government entity has the ability to pledge or sell them without a borrower default. Liabilities resulting from these transactions are also reported in the statements of plan net assets. Accordingly, the Fund recorded the investments purchased with the cash collateral as collateral from securities lending transactions with a corresponding liability as securities lending transactions.

New Accounting Standards Adopted - In fiscal year 2005, the Plan adopted one new statement issued by Governmental Accounting Standards Board (GASB):

— Statement No. 40 *Deposit and Investment Risk Disclosures, an amendment of GASB Statement No. 3*

Statement No. 40 establishes and modifies disclosure requirement related to investment risks, which includes credit risk, interest rate risk and foreign currency risk. The implementation of Statement No. 40 expands note disclosure regarding the Plan's investments and their related investment and deposit risks. Under Statement No. 40, the Plan is required to disclose information (if applicable) covering four principal areas:

- Investment credit risk disclosures, including credit quality information issued by rating agencies;
- Interest rate disclosures that include investment maturity information, such as weighted average maturities or specific identification of the securities;
- Interest rate sensitivity for investments that are highly sensitive to changes in interest rates
- Foreign exchange exposures that would indicate the foreign investment's denomination.

3. INVESTMENTS AND DEPOSITS

The Comptroller of The City of New York (the "Comptroller") acts as an investment advisor to the Plan. In addition, the Plan employs an independent investment consultant as an investment advisor. The Plan utilizes several investment managers to manage the long-term debt and equity portfolios. The managers are regularly reviewed, with regard to both their investment performance and for their adherence to investment guidelines.

Concentration of Credit Risk

The Plan does not have any investments in any one entity that represent 5% or more of plan net assets.

The legal requirements for Plan investments are as follows:

(a) Fixed income, equity and other investments may be made as permitted by New York State RSSL §§ 176-178(a) and Banking Law § 235, the New York City Administrative Code, and the Legal Investments for New York Savings Banks list as published by The New York State Banking Department, subject to Note 3(b).

(b) Investments up to 15% of total pension fund assets may be made in instruments not expressly permitted by the State RSSL.

Citibank, N.A. was the primary custodian for substantially all of the securities of the Plan for the periods prior to March 31, 2004. Bank of New York ("BONY") became custodian on April 1, 2004 to present.

Cash deposits are insured by the Federal Deposit Insurance Corporation for up to $100,000 per Plan member and are, therefore, fully insured.

The information reflected in the Credit Ratings and in the Years to Maturity is derived from the Custodian's Risk and Performance Analytics Reporting System. Such information is prepared as a result of the Custodian's Risk Management Analysis.

*U.S. Treasury Bonds, Notes and Treasury-inflation protected securities are obligations of the U.S. government or explicitly guaranteed by the U.S. government and therefore not considered to have credit risk and are not included above.

Custodial Credit Risk—Deposits are exposed to custodial credit risk if they are uninsured and uncollateralized. Custodial credit risk is the risk that, in the event of a failure of the counterparty, the Plan will not be able to recover the value of its investment or collateral securities that are in the possession of an outside party. Investment securities are exposed to custodial credit risk if the securities are uninsured, are not registered in the name of the Plan and are held by either the counterparty or the counterparty's trust department or agent but not in the Plan's name.

Consistent with the Plan's investment policy, the investments are held by the Plan's custodian and registered in the Plan's name.

All of the Plan's deposits are insured and or collateralized by securities held by a financial institution separate from the Plan's depository financial institution.

All of the Plan's securities are held by the Plan's custodial bank in the Plan's name.

Interest Rate Risk—Interest rate risk is the risk that the fair value of investments could be adversely affected by the change in interest rates. The lengths of investment maturities (in years), as shown by the percent of the rated portfolio, are as follows:

4. FUNDING

The ACNY provides that FIRE transfer to the Fund an amount equal to certain excess earnings on equity investments limited to the unfunded Accumulated Benefit Obligation ("ABO") of the Fund. Excess earnings are defined as the amount by which earnings on equity investments of FIRE exceed what the earnings would have been had such funds been invested at a yield comparable to that available from fixed-income securities ("Hypothetical Fixed Income Security Earnings"), less any cumulative deficiencies. The Fund also receives credit for investment earnings on Fund assets.

The calculation of the Hypothetical Fixed Income Security Earnings requires the determination of the Hypothetical Interest Rate ("HIR"), which is computed by the Comptroller.

For Fiscal Year 2005, the expected excess earnings of FIRE are estimated to be equal to zero, and therefore, no transfer will be due from FIRE to the Fund as of June 30 2005.

For Fiscal Year 2004, the excess earnings of FIRE were equal to zero, and therefore, no transfer was due from FIRE to the Fund as of June 30, 2004.

In addition, Chapter 583 of the Laws of 1989 states that if the assets of the Fund are less than the amount required to pay the retirees' guaranteed scheduled annual supplemental benefit payments, then the City is required by law to fund the difference. However, it is not anticipated that the City will be required to contribute directly to the Fund.

The amount shown below as the ABO is the measure of the present value of supplemental benefits estimated to be payable in the future as a result of employee service-to-date. The ABO is calculated as the actuarial present value of credited projected benefits, prorated on service and is intended to help users assess the funded status of the Fund on a going-concern basis, assess progress made in accumulating sufficient assets to pay benefits when due and make comparisons among variable supplements funds.

Actuarial valuations are performed annually as of June 30.

A comparison of the ABO as calculated by the Actuary with the plan net assets held in trust for benefits as of June 30, 2004 and June 30, 2003 is as follows:

	Amount as of June 30 2004	2003
	(In Millions)	
Accumulated benefit obligation for:		
Retirees currently receiving benefits	$ 416.0	$ 390.4
Active employees	129.4	133.5
Total accumulated benefit obligation *,**	545.4	523.9
Plan net assets held in trust for benefits ***	510.9	463.8
Unfunded accumulated benefit obligation	$ 34.5	$ 60.1

* The June 30, 2004 and June 30, 2003 ABOs decreased by approximately $45.2 million and $56.9 million, respectively, compared to those projected prior to the enactment of Chapters 119/95, 390/98 and 125/00.

** These total ABOs have been reduced by accrued benefits payable. This basis of reporting the total ABO is consistent with that used to report Plan net assets held in trust for benefits in these financial statements, but may differ from the bases used for other purposes.

*** See Note 2 for valuation of investments in the calculation of Plan net assets held in trust for benefits.

For purpose of the June 30, 2004 and June 30, 2003 actuarial valuations of the Fund, Chapter 125/00 has been taken into account in the determination of the unfunded ABO relative to the Supplementation benefit increases that began Fiscal Year 2001 and to the automatic COLA benefits estimated to begin Fiscal Year 2002 and each future year (Note 1).

The actuarial valuation as of June 30, 2004, used to determine the ABO, is based on the same actuarial assumptions and methods as were used in the actuarial valuation as of June 30, 2003.

Sections 13-384 and 13-394 of the ACNY provide that the Boards of Trustees of the Fund and the FOVSF shall adopt, upon the recommendation of the Actuary, actuarial assumptions as to interest rate, mortality of retirees and estimated number of active members of FIRE in service as of each June 30 who will retire for service with 20 or more years of service as Firefighters and Fire Officers, for use in making annual valuations of liabilities.

The following actuarial assumptions represent the recommendations of the Actuary and were used in the actuarial calculations to determine the ABO as of June 30, 2004 and June 30, 2003, respectively:

	June 30, 2004	June 30, 2003
Investment rate of return	8.0% per annum. (1)	8.0% per annum. (1)
Post-retirement mortality	Tables adopted by FIRE during Fiscal Year 2000.	Tables adopted by FIRE during Fiscal Year 2000.
Active service: withdrawal, death, disability	Tables adopted by FIRE during Fiscal Year 2000.	Tables adopted by FIRE during Fiscal Year 2000.
Service retirement	Tables adopted by FIRE during Fiscal Year 2000.	Tables adopted by FIRE during Fiscal Year 2000.
Percentage of all active FIRE members estimated to retire for service with 20 or more years of service as Firefighters	68%	68%
Percentage of all active Fire Officers estimated to retire for service with 20 or more years of service as Fire Officers	100%	100%
Cost-of-Living Adjustments	1.3% per annum. (1)	1.3% per annum. (1)
Actuarial Asset Valuation Method	Fair market value.	Fair market value.

(1) Developed assuming a long-term Consumer Price Inflation assumption of 2.5% per year.

5. INVESTMENT ADVISORS

The Comptroller of the City (the "Comptroller") utilizes several investment advisors to manage long-term debt and equity portfolios. Advisors must obtain prior approval before each purchase or sale of a particular security. To be eligible for consideration, investments must meet criteria set forth in governing laws and regulations.

6. RELATED PARTIES

Administrative expenses are paid for by the City. The Comptroller also provides certain administrative services to the Fund. The Actuary is appointed to be technical advisor to the Fund and the Office of the Actuary provides related actuarial services to the Fund. The City's Corporation Counsel provides legal services to the Fund. Other administrative services are also provided by the City.

The Comptroller has been appointed by law as custodian for the monies and assets of the Plan with revocable discretionary authority. Securities are held by certain banks under custodial agreements with the Comptroller.

7. CONTINGENT LIABILITIES

From time to time, the Fund has a number of claims pending against it and has been named as defendant in a number of lawsuits. The Fund also has certain other contingent liabilities.

Management of the Fund, on the advice of legal counsel, believes that such proceedings and contingencies generally do not have a material effect on the plan net assets or changes in the plan net assets of the Fund. Under the State statutes and City laws that govern the functioning of the Fund, increases in the obligation of the Fund to members and beneficiaries ordinarily result in increases to the future potential obligations of FIRE.

8. OTHER ACTUARIAL INFORMATION

Actuarial Audit - Pursuant to Section 96 of the New York City Charter, a study of the actuarial assumptions used to value liabilities of the five actuarially-funded New York City Retirement Systems ("NYCRS") is conducted by an independent actuarial firm every two years. The most recent study was published by Gabriel, Roeder, Smith & Company ("GRS") dated October 2003 and analyzed experience for Fiscal Years 1998 through 2001. The Actuary has proposed changes to the actuarial assumptions and methods applicable to the determination of Fiscal Year 2006 Employer contributions to the NYCRS.

Revised Actuarial Assumptions and Methods - In accordance with the ACNY and with appropriate practice, the Boards of Trustees of the five actuarially-funded NYCRS are to periodically review and adopt actuarial assumptions as proposed by the Actuary for use in the determination of Employer contributions.

Based on a review of the October 1999 Watson Wyatt and Company ("Wyatt") study, the Actuary proposed changes to certain actuarial assumptions and methods to be used by the NYCRS for Fiscal Years beginning on and after July 1, 1999 (i.e., Fiscal Years beginning 2000).

Where required, the Board of Trustees of FIRE adopted those changes to the actuarial assumptions and methods that required Board approval and the State Legislature and the Governor have enacted Chapter 85 of the Laws of 2000 ("Chapter 85/00") to provide for those changes to the actuarial assumptions and methods that required legislation, including the investment rate of return assumption of 8.0% per annum.

For the actuarial valuations of the Fund from June 30, 1999 to June 30, 2004, the Actuary used actuarial assumptions that were adopted during Fiscal Year 2000 by the Board of Trustees of FIRE.

After reviewing the results of the October 2003 GRS study, the Actuary issued a Report entitled "Proposed Changes in Actuarial Assumptions and Methods for Determining Employer Contributions for Fiscal Years Beginning on and After July 1, 2005 for the New York City Fire Pension Fund" dated August 31, 2005.

The Board of Trustees of FIRE has adopted the Actuary's proposed changes in actuarial assumptions and methods that require Board approval. For those changes to the actuarial assumptions and methods that require legislation, such actions are anticipated during Fiscal Year 2006.

For actuarial valuations of the Fund beginning June 30, 2005, it is anticipated that the Actuary will utilize the actuarial assumptions that were adopted during Fiscal Year 2006 by the Board of Trustees of FIRE.

INDEPENDENT AUDITORS' REPORT

To the Board of Trustees of the
New York City Fire Department Fire Officers'
Variable Supplements Fund

We have audited the accompanying statements of Plan net assets of New York City Fire Department Fire Officers' Variable Supplements Fund (the "Plan") as of June 30, 2005 and 2004, and the related statements of changes in Plan net assets for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, such financial statements present fairly, in all material respects, the Plan net assets as of June 30, 2005 and 2004, and the changes in Plan net assets for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Management's Discussion and Analysis is not a required part of the financial statements, but is supplementary information required by the Governmental Accounting Standards Board. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit this information and express no opinion on it.
