This substantial capital investment was made for the purchase, installation and operation, in all Fire Department ambulances, of automatic vehicle locator (AVL) equipment, which utilizes global positioning satellite technology. By providing exact locations for each of the Fire Department's ambulances as they move around the city, this technology will enable the Fire Department's Computer Aided Dispatch system and Fire Department dispatchers to identify more precisely the ambulances best situated to respond to a call for medical assistance, thereby reducing ambulance response time.

The current and proposed charges set forth above are the amounts that the Fire Department would bill for EMS ambulance service. The charges do not necessarily reflect the amounts accepted by the Fire Department as payment for such services from government and private health insurance plans.

The increase in mileage charges is consistent with the mileage rate approved by the Centers for Medicare and Medicaid Services.

Neither the current nor proposed rates apply to emergency medical care provided by Fire Department firefighters as certified first responders. The Fire Department does not charge for such services.

READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council,** 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists--free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

PROCUREMENT POLICY BOARD RULES

The Rules may also be accessed on the City Website, http://NYC.GOV.Selltonyc

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

SUPREME COURT

■ NOTICE

QUEENS COUNTY
IA PART 8
NOTICE OF PETITION
INDEX NUMBER 13712/06

In the Matter of Application of the CITY OF NEW YORK relative to acquiring title in fee simple absolute to certain real property where not heretofore acquired for portions of **130th Avenue At Guy Brewer Boulevard** located in the Borough of Queens, City and State of New York.

PLEASE TAKE NOTICE that the Corporation Counsel of the City of New York intends to make application to the Supreme Court of the State of New York, Queens County for certain relief.

The application will be made at the following time and place: At the Courthouse located at 88-11 Sutphin Boulevard, Room 26, in the Borough of Queens, City and State of New York, on July 14, 2006, at 9:30 A.M., or as soon thereafter as counsel can be heard.

The application is for an order:

1. authorizing the City to file an acquisition map in the Office of the Clerk in the County of Queens or the City Register;
2. directing that upon the filing of said map, title to the property sought to be acquired shall vest in the City;

3. providing that just compensation therefor be ascertained and determined by the Supreme Court without a jury; and

4. providing that notices of claim must be served and filed within one calendar year from the vesting date.

The City of New York, in this proceeding, intends to acquire title in fee simple absolute to certain real property where not heretofore acquired for the same purpose, for street purposes in the Borough of Queens, City and State of New York.

The description of the real property to be acquired is as follows:

All that certain plot, piece or parcel of land, with the buildings and improvements thereon erected, situate, lying and being in the Borough and County of Queens, City and State of New York, more particularly bounded and described as follows:

Beginning at the point formed by the intersection of the southwesterly line of Guy R. Brewer Boulevard with the northwesterly line of 130th Avenue as shown on the Official Map of The City of New York for the Borough of Queens, which point is distant 198.06 feet southeastwardly, as measured along the southwesterly line of Guy R. Brewer Boulevard, from the point formed by the intersection of the southwesterly line of Guy R. Brewer Boulevard with the southeasterly line of 129th Avenue and which point is on the northeasterly line of Tax Lot 66 in Tax Block 12276 as shown on the Tax Map of The City of New York for the Borough of Queens, as said Tax Map existed on July 17, 2001, and is distant 22.17 feet northwestwardly, as measured along the northeasterly line of Tax Lot 66 in Tax Block 12276, from the northwesterly line of Tax Lot 69 in Tax Block 12277 as shown on the Tax Map of The City of New York for the Borough of Queens, as said Tax Map existed on July 17, 2001, and distant 37.83 feet southeastwardly, as measured along the northeasterly line of Tax Lot 66 in Tax Block 12276, from a southeasterly line of Tax Lot 63 in Tax Block 12276; Running thence southwestwardly along said northwesterly line of 130th Avenue through Tax Lot 66 in Tax Block 12276 and through Tax Lot 69 in Tax Block 12277 for 97.27 feet to a line dividing Tax Lot 63 in Tax Block 12276 from Tax Lot 69 in Tax Block 12277;

Thence southeastwardly along the southeastwardly prolongation of said dividing line, being partly along the southwesterly line of Tax Lot 69 in Tax Block 12277 and partly along the southwesterly line of Tax Lot 71 in Tax Block 12277, across 130th Avenue as shown on the Official Map of The City of New York for the Borough of Queens for 52.06 feet to the southeasterly line of 130th Avenue as shown on the Official Map of The City of New York for the Borough of Queens at a point in the southwesterly line of Tax Lot 71 in Tax Block 12277 which is distant 7.06 feet southeastwardly, as measured along the southwesterly line of Tax Lot 71 in Tax Block 12277, from the line dividing Tax Lot 71 from Tax Lot 69 in Tax Block 12277 and distant 12.64 feet northwestwardly, as measured along the southwesterly line of Tax Lot 71 in Tax Block 12277 and being also measured along a northeasterly line of Tax Lot 20 in Tax Block 12277, from a northwesterly line of Tax Lot 20 in Tax Block 12277;

Thence northeastwardly along said southeasterly line of 130th Avenue through Tax Lots 71 and 69 in Tax Block 12277 for 97.05 feet to the point formed by the intersection of said southeasterly line of 130th Avenue with the southwesterly line of Guy R. Brewer Boulevard as coincident with the northeasterly line of Tax Lot 69 in Tax Block 12277 and the northeasterly line of Tax Lot 66 in Tax Block 12276;

Thence northwestwardly along said southwesterly line of Guy R. Brewer Boulevard for 52.12 feet to the point or place of beginning.

The above described parcel consists of part of Tax Lot 66 in Tax Block 12276 and part of Tax Lots 69 and 71 in Tax Block 12277, being part of the bed of 130th Avenue as shown on the Official Map of The City of New York for the Borough of Queens.

The property shall be acquired subject to encroachments, if any, of the structures, improvements and appurtenances standing or maintained partly upon the above described parcels and partly upon the lands and premises adjoining the same, as long as such encroachments shall stand.

Surveys, maps or plans of the property to be acquired are on file in the office of the Corporation Counsel of the City of New York, 100 Church Street, New York, New York 10007.

PLEASE TAKE FURTHER NOTICE THAT, pursuant to EDPL § 402(B)(4), any party seeking to oppose the acquisition must interpose a verified answer, which must contain specific denial of each material allegation of the petition controverted by the opponent, or any statement of new matter deemed by the opponent to be a defense to the proceeding. Pursuant to CPLR 403, said answer must be served upon the office of the Corporation Counsel at least seven (7) days before the date that the petition is noticed to be heard.

NOTICE OF PROPOSED RATEMAKING

Notice of Opportunity To Comment on Proposed Schedule of Charges for Fire Department Ambulance Service

NOTICE IS HEREBY GIVEN PURSUANT TO THE AUTHORITY VESTED in the Fire Commissioner of the City of New York pursuant to Section 487(f) of the New York City Charter, the New York City Fire Department intends to increase its charges for Fire Department Emergency Medical Service (EMS) ambulance service. New material is underlined and material to be deleted is [bracketed].

A public hearing will be held on Wednesday, August 2, 2006, at 10:30 a.m., in the Auditorium at Fire Department Headquarters at 9 MetroTech Center, Brooklyn, New York 11201-3857. Written comments regarding this ratemaking may be submitted to the Counsel to the Department, at Fire Department Headquarters, by the above date.

Persons who request that a sign language interpreter or other form of reasonable accommodation for a disability be provided at the hearing are requested to notify the Counsel to the Department at the foregoing address by Wednesday, July 19, 2006.

The Notice of Proposed Ratemaking, Proposed Schedule of Charges for Fire Department Ambulance Service, and Justification for Proposed Ratemaking, will be available on the Fire Department Internet Home Page at:
www.nyc.gov/fdny

The Fire Department proposes to amend its schedule of charges for ambulance transport service provided by the Fire Department's Emergency Medical Service through the New York City 911 System, as set forth in Appendix A to Title 3 of the Rules of the City of New York (following Chapter 43 thereof), as follows:

Schedule of Charges for
Fire Department Ambulance Transport Service
(effective [November 24, 2002] (new effective date))

Type of Service	Charge
Basic Life Support Ambulance	$[420.00] 475.00
[Advanced Life Support Ambulance	$ 535.00]
Advanced Life Support Ambulance Service – Level 1 (ALS1)	$ 600.00
Advanced Life Support Ambulance Service – Level 2 (ALS2)	$ 700.00
Additional Charges:	
– Mileage (distance traveled to hospital)	$[6.00] 7.00/mile
– Provision of Oxygen (as applicable)	$ 50.00

JUSTIFICATION FOR PROPOSED RATEMAKING:

The Fire Department is proposing to increase the amounts it charges patients and insurers for Emergency Medical Service (EMS) ambulance transport service provided through the New York City 911 System, to reflect increased costs and help defray the City's cost of providing these services.

The charges for ambulance transport service were last increased in November 2002. The rates adopted at that time and currently in effect areThe Department currently charges $420 for an ambulance response (including treatment and transport) by a Basic Life Support (BLS) ambulance staffed by two Fire Department Emergency Medical Technicians, and; $535 for an ambulance response (including treatment and transport) by an Advanced Life Support (ALS) ambulance staffed by two Fire Department Paramedics.

The Department currently charges; $6.00/per mile for hospital transports;in mileage charges and $50.00 for provision of oxygen.
The Department proposes to increase the rates to continue to bring them more in line with the cost of providing these services. The proposed schedule of charges continues the existing single rate for BLS service, but proposes separate rates for the two levels of ALS service established by the Centers for Medicare and Medicaid Services of the United States Department of Health and Human Services for Medicare reimbursementThe charges for ambulance service were last increased in November of 2002. Included in this proposal are the separation of fees for ALS1 and ALS2 level of service. This will bring FDNY in line with the Medicare, wh service level definitions which have become the nationally -accepted standards for ambulance .service levels.

The Department proposes to adjust the ambulance service charges to more closely reflect the cost of providing these services. The fully allocated costs of providing Basic Life Support (BLS) & Advanced Life Support (ALS) ambulance transports are $498 and $705 respectively.

The proposed schedule of charges represents a single rate for BLS service, and separate rates for ALS1 & ALS2 levels of service. The AALS1 service comprises all regular ALS ambulance treatment and transport. The ALS2 level of level of sservice is limited to treatment and transport requiring certain includes transport and more aadvanced dvanced treatment by Paramedics wcare, as set forth in Medicare regulations, including manual defibrillation, endotracheal intubation, the insertion of a central venous line, and the intravenous administration of certain ho perform specific forms of treatment and/or administer certain levels of drugsmedications, such as morphine, diazepam, lidocaine and lasix.

The proposed schedule of charges reflects a 13% increase above the current BLS rate. With respect to the proposed ALS rates, more than 90% of ALS transports involve the provision of ALS1 care, and accordingly the estimated average bill for all ALS transports (ALS1 and ALS2 combined) under the proposed ALS rates would . The definition of ALS1 and ALS2 are determined by the Federal Department of Health and Human Services' Centers for Medicare and Medicaid Services. be $605, also an increase of 13% above the current ALS rate.

The proposed 13% increase in BLS and ALS rates is necessitated by increased costs. The most significant cost increases during the relevant time period were the collective bargaining increases for the Fire Department EMS personnel who staff the ambulances, and the very substantial capital investment made by the Fire Department in new communications equipment. The balance of the proposed increase is accounted for by a general increase in non-personnel costs, based on the cost of living index.

This substantial capital investment was made for the purchase, installation and operation, in all Fire Department ambulances, of automatic vehicle locator (AVL) equipment, which utilizes global positioning satellite technology. By providing exact locations for each of the Fire Department's ambulances as they move around the city, this technology will enable the Fire Department's Computer Aided Dispatch system and Fire Department dispatchers to identify more precisely the ambulances best situated to respond to a call for medical assistance, thereby reducing ambulance response time.

The current and proposed charges set forth above are the amounts that the Fire Department would bill for EMS ambulance service. The charges do not necessarily reflect the amounts accepted by the Fire Department as payment for such services from government and private health insurance plans.

The increase in mileage charges is consistent with the mileage rate approved by the Centers for Medicare and Medicaid Services.

Neither the current nor proposed rates apply to emergency medical care provided by Fire Department firefighters as certified first responders. The Fire Department does not charge for such services.

READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council,** 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists--free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

81-744
Transfer of development rights from listed theaters

* * *

(a) Transfer of development rights by certification

~~Within the Theater Subdistrict, t~~The City Planning Commission shall allow, by certification, a transfer of development rights from a "granting site" to a "receiving site," provided that:

(1) the maximum amount of #floor area# transferred from a "granting site" is the basic maximum #floor area ratio# established pursuant to Sections 81-211 (Maximum floor area ratio for non-residential or mixed buildings) or 81-213 (Special provisions for transfer of development rights from listed theaters within the Special Clinton District), as applicable, for such #granting site# as if it were undeveloped, less the total #floor area# of all existing #buildings# or portions of #buildings# on the #granting site# and #floor area# attributed to the "granting site" that has been previously used or transferred;

(2) each transfer, once completed, irrevocably reduces the amount of #floor area# that may be #developed# on the #zoning lot# containing the "granting site" by the amount of #floor area# transferred;

(3) the maximum amount of #floor area# transferred to a "receiving site" shall not exceed the basic maximum #floor area ratio# established pursuant to Section 81-211 for such #receiving site# by more than 20 percent;

* * *

(b) Transfer of development rights by authorization

~~Within the Theater Subdistrict, t~~The City Planning Commission shall allow, by authorization, an additional transfer of development rights beyond the amount of #floor area# transfer permitted by certification in paragraph (a) of this Section from a "granting site" to any portion of a "receiving site" located within the Eighth Avenue Corridor, subject to the following conditions:

SUPREME COURT

■ NOTICE

QUEENS COUNTY
IA PART 8
NOTICE OF PETITION
INDEX NUMBER 13712/06

In the Matter of Application of the CITY OF NEW YORK relative to acquiring title in fee simple absolute to certain real property where not heretofore acquired for portions of **130th Avenue At Guy Brewer Boulevard** located in the Borough of Queens, City and State of New York.

PLEASE TAKE NOTICE that the Corporation Counsel of the City of New York intends to make application to the Supreme Court of the State of New York, Queens County for certain relief.

The application will be made at the following time and place: At the Courthouse located at 88-11 Sutphin Boulevard, Room 26, in the Borough of Queens, City and State of New York, on July 14, 2006, at 9:30 A.M., or as soon thereafter as counsel can be heard.

The application is for an order:

1. authorizing the City to file an acquisition map in the Office of the Clerk in the County of Queens or the City Register;
2. directing that upon the filing of said map, title to the property sought to be acquired shall vest in the City;

3. providing that just compensation therefor be ascertained and determined by the Supreme Court without a jury; and

4. providing that notices of claim must be served and filed within one calendar year from the vesting date.

The City of New York, in this proceeding, intends to acquire title in fee simple absolute to certain real property where not heretofore acquired for the same purpose, for street purposes in the Borough of Queens, City and State of New York.

The description of the real property to be acquired is as follows:

All that certain plot, piece or parcel of land, with the buildings and improvements thereon erected, situate, lying and being in the Borough and County of Queens, City and State of New York, more particularly bounded and described as follows:

Beginning at the point formed by the intersection of the southwesterly line of Guy R. Brewer Boulevard with the northwesterly line of 130th Avenue as shown on the Official Map of The City of New York for the Borough of Queens, which point is distant 198.06 feet southeastwardly, as measured along the southwesterly line of Guy R. Brewer Boulevard, from the point formed by the intersection of the southwesterly line of Guy R. Brewer Boulevard with the southeasterly line of 129th Avenue and which point is on the northeasterly line of Tax Lot 66 in Tax Block 12276 as shown on the Tax Map of The City of New York for the Borough of Queens, as said Tax Map existed on July 17, 2001, and is distant 22.17 feet northwestwardly, as measured along the northeasterly line of Tax Lot 66 in Tax Block 12276, from the northwesterly line of Tax Lot 69 in Tax Block 12277 as shown on the Tax Map of The City of New York for the Borough of Queens, as said Tax Map existed on July 17, 2001, and distant 37.83 feet southeastwardly, as measured along the northeasterly line of Tax Lot 66 in Tax Block 12276, from a southeasterly line of Tax Lot 63 in Tax Block 12276; Running thence southwestwardly along said northwesterly line of 130th Avenue through Tax Lot 66 in Tax Block 12276 and through Tax Lot 69 in Tax Block 12277 for 97.27 feet to a line dividing Tax Lot 63 in Tax Block 12276 from Tax Lot 69 in Tax Block 12277;

Thence southeastwardly along the southeastwardly prolongation of said dividing line, being partly along the southwesterly line of Tax Lot 69 in Tax Block 12277 and partly along the southwesterly line of Tax Lot 71 in Tax Block 12277, across 130th Avenue as shown on the Official Map of The City of New York for the Borough of Queens for 52.06 feet to the southeasterly line of 130th Avenue as shown on the Official Map of The City of New York for the Borough of Queens at a point in the southwesterly line of Tax Lot 71 in Tax Block 12277 which is distant 7.06 feet southeastwardly, as measured along the southwesterly line of Tax Lot 71 in Tax Block 12277, from the line dividing Tax Lot 71 from Tax Lot 69 in Tax Block 12277 and distant 12.64 feet northwestwardly, as measured along the southwesterly line of Tax Lot 71 in Tax Block 12277 and being also measured along a northeasterly line of Tax Lot 20 in Tax Block 12277, from a northwesterly line of Tax Lot 20 in Tax Block 12277;

Thence northeastwardly along said southeasterly line of 130th Avenue through Tax Lots 71 and 69 in Tax Block 12277 for 97.05 feet to the point formed by the intersection of said southeasterly line of 130th Avenue with the southwesterly line of Guy R. Brewer Boulevard as coincident with the northeasterly line of Tax Lot 69 in Tax Block 12277 and the northeasterly line of Tax Lot 66 in Tax Block 12276; Thence northwestwardly along said southwesterly line of Guy R. Brewer Boulevard for 52.12 feet to the point or place of beginning.

The above described parcel consists of part of Tax Lot 66 in Tax Block 12276 and part of Tax Lots 69 and 71 in Tax Block 12277, being part of the bed of 130th Avenue as shown on the Official Map of The City of New York for the Borough of Queens.

The property shall be acquired subject to encroachments, if any, of the structures, improvements and appurtenances standing or maintained partly upon the above described parcels and partly upon the lands and premises adjoining the same, as long as such encroachments shall stand.

Surveys, maps or plans of the property to be acquired are on file in the office of the Corporation Counsel of the City of New York, 100 Church Street, New York, New York 10007.

PLEASE TAKE FURTHER NOTICE THAT, pursuant to EDPL § 402(B)(4), any party seeking to oppose the acquisition must interpose a verified answer, which must contain specific denial of each material allegation of the petition controverted by the opponent, or any statement of new matter deemed by the opponent to be a defense to the proceeding. Pursuant to CPLR 403, said answer must be served upon the office of the Corporation Counsel at least seven (7) days before the date that the petition is noticed to be heard.

AGENCY RULES

CITY CLERK

■ NOTICE

NOTICE OF INTENTION TO AMEND TITLE 51 OF THE RULES OF THE CITY OF NEW YORK TO DESIGNATE THE OFFICE OF ADMINISTRATIVE TRIALS AND HEARINGS TO CONDUCT CERTAIN REVIEWS AND HEARINGS WITH RESPECT TO PERSONS WHO HAVE BEEN DENIED A MARRIAGE LICENSE OR DOMESTIC PARTNERSHIP REGISTRATION BY THE CITY CLERK, TO ALLOW A CURRENT SPOUSE TO DETERMINE WHETHER HIS OR HER SPOUSE HAS FRAUDULENTLY OBTAINED A MARRIAGE CERTIFICATE WITH A PARTY OTHER THAN THE INQUIRING SPOUSE SUBSEQUENT TO THEIR MARRIAGE, TO REMOVE THE PROHIBITION FROM MARRIAGE OFFICIANT REGISTRATION FOR PERSONS ORDAINED BY THE UNIVERSAL LIFE CHURCH, TO CREATE A MECHANISM FOR CHAPLAINS TO REGISTER AS MARRIAGE OFFICIANTS, TO REQUIRE THE NOTARIZATION OF WRITTEN CONSENTS TO RELEASE MARRIAGE AND DOMESTIC PARTNERSHIP RECORDS AND TO PERMIT THE TERMINATION OF DOMESTIC PARTNERSHIP TO BE FILED BY CERTIFIED MAIL.

NOTICE IS HEREBY GIVEN PURSUANT TO THE AUTHORITY VESTED IN the City Clerk of the City of New York by Section 48 of the New York City Charter and in accordance with the requirements of Section 1043, that the City Clerk of the City of New York intends to amend Title 51 of the Rules of the City of New York to designate the Office of Administrative Trials and Hearings to conduct certain reviews and hearings with respect to persons who have been denied a marriage license or domestic partnership registration by the City Clerk, to allow a current spouse to determine whether his or her spouse has fraudulently obtained a marriage certificate with a party other than the inquiring spouse subsequent to their marriage, to remove the prohibition from marriage officiant registration for persons ordained by the Universal Life Church, to create a mechanism for chaplains to register as marriage officiants, to require the notarization of written consents to release marriage and domestic partnership records and to permit the termination of a domestic partnership to be filed by certified mail.

Written comments regarding this Proposed Amendment to the Rules may be sent to the Office of the City Clerk of the City of New York, Attention: Patrick Synmoie, 1 Centre Street, Room 265, New York, New York 10007 on or before July 24, 2006. A public hearing on the Proposed Amendment to the Rules will be held on July 31, 2006 at 11 a.m. at the Office of Administrative Trials and Hearing, 40 Rector Street, 6th Floor, New York, New York 10006. Persons requesting that a sign language interpreter or other form of reasonable accommodation for disability be provided at the hearing are asked to notify Patrick Synmoie by July 18, 2006. Written comments and a summary of the oral comments will be available for public inspection within a reasonable time after receipt thereof between the hours of 9:00 a.m. and 4:30 p.m. at 1 Centre Street, Room 265, New York, New York 10007. The following Proposed Amendment to the Rules was not included in this agency's Regulatory Agenda.

Proposed Amendment to Rules

New material is indicated by underlining. Deleted material is indicated by [bracketing].

Section 3-03 of Title 51 of the Rules of the City of New York is amended to read as follows:

§ 3-03 Hearings Pursuant to Domestic Relations Law §15.

(a) *Production of witnesses or notarized affidavits to establish identity.* If in the opinion of the issuing clerk there appears to be some question as to the identity of one or both of the parties, the City Clerk, pursuant to the provisions of § 15 of the New York State Domestic Relations Law, may compel the production of witnesses, certified official records or notarized affidavits to establish the identity of the parties.

(b) *Request for review of City Clerk's preliminary denial of marriage license.*

(1) Applicants who have been preliminarily denied a marriage license by the City Clerk may request a review of such determination by paying a $25 fee and filing a request for a review on such form as may be provided by the City Clerk no later than 30 days after such preliminary denial. The City Clerk may waive this fee upon a showing of financial hardship.

(2) *Duty of the City Clerk.* Within fifteen days of receipt of a request for review the City Clerk shall forward to the Office of Administrative Trials and Hearings (OATH) such request for review, a written statement outlining the reason for the preliminary denial of the marriage license and the documentary evidence supporting the preliminary denial, all of which documentation with the exception of the request for review shall constitute the petition. A copy of the petition shall be mailed contemporaneously to the applicant via certified mail return receipt requested.

(3) *Notice to spouse of record.* Where the marriage license was denied because of the existence in the records of the City Clerk of a prior non-terminated marriage, the City Clerk shall exert its best efforts to notify the spouse of record of the impending action. The spouse of record shall be given twenty-one days to respond to such notification. In such response, the spouse of record may request an opportunity to be heard on the issue, either in writing or at the hearing, if OATH decides a hearing is warranted. Upon request contained in such response, the City Clerk shall forward to the spouse of record all documentation exchanged among OATH, the City Clerk and the applicant.

(4) *Applicant's duty to respond.* Applicant shall, no later than thirty days after he or she receives the petition, submit in duplicate an answer to the City Clerk including therein any documentary evidence or other proof which may include notarized affidavits in support of his or her claim. Upon written request of the applicant stating the specific reason for such request, submitted no later than five days prior to the due date for such answer, the City Clerk may for good cause grant an extension of time for applicant to submit the same. Upon receipt of the answer the City Clerk shall forward a copy thereof to OATH. Applicant's failure to respond by the deadline set forth herein, including any extension granted by the City Clerk pursuant to this sub-paragraph, shall be deemed a withdrawal of the applicant's challenge to the City Clerk's preliminary decision and such preliminary decision shall thereafter be deemed final.

(5) *Designation of OATH.* Pursuant to Charter §1048, the City Clerk designates OATH to conduct on its behalf all the reviews and hearings referred to herein.

(6) *The reviewing officer.* An administrative law judge ("ALJ") employed by OATH shall review the petition and the answer no later than fifteen days after the date of receipt of both the petition and the answer as well as any documentation presented by the spouse of record, if any. If upon such review the ALJ shall conclude that such evidence is sufficient to form a conclusion then the ALJ shall prepare no later than thirty days after receipt of all of the documents referred to in the first sentence of this sub-section a report summarizing the evidence presented, an analysis of the legal and factual issues, recommended findings of fact and recommended disposition. Such report shall be sent to the City Clerk for a final determination of the facts and a final disposition. Alternatively, if the ALJ shall conclude that the evidence presented is insufficient to form a conclusion, the ALJ shall convene a hearing at a date to be determined in such ALJ's sole discretion but no later than sixty days from the date of such initial review. Upon notification thereof by such ALJ, which notification may be electronic, the City Clerk, not later than five days after the date of such notification, shall notify the applicant as well as his or her attorney or other representative, if any, and the spouse of record, if any, of the date of the hearing by certified mail return receipt requested. Such notification shall be post-marked no later than thirty days prior to the date of such hearing.

(7) *Use of expert witness.* It shall be the obligation of any party intending to present the testimony of expert witness or witnesses at the hearing to notify the ALJ and the opposing parties of such intention no later than fifteen days prior to the date of the hearing and to submit to both the ALJ and the opposing parties no later than seven days prior to the date of the hearing copies of any reports, filings or any other documentation produced by such expert witness or witnesses which such party intends to use at the hearing. The ALJ may grant an extension of time to the parties.

(8) *The hearing.* The ALJ shall preside over the hearing, make all procedural rulings, and make a statement on the record describing the nature of the proceedings, the issues, and the manner in which the hearing will be conducted. The ALJ shall have all the requisite powers conferred by law to administer oaths, issue subpoenas, require the attendance of witnesses and production of records, rule upon requests for adjournment, rule upon evidentiary matters and to otherwise regulate the hearing, observe the requirements of due process and effectuate the purposes and provisions of applicable law. All testimony shall be given under oath or affirmation administered by the ALJ. The City Clerk shall have the burden of demonstrating by a preponderance of the evidence that the applicant should not be granted a marriage license.

(9) The applicant and the spouse of record, if any, may be represented by an attorney or other representative of his or her choice.

(10) The applicant as well as the City Clerk and the spouse of record, if any, may have witnesses, may give testimony and may otherwise present relevant and material evidence on his or her behalf, may cross-examine witnesses and may examine any document or other item offered into evidence.

(11) A recorded copy of the record of the hearing shall be prepared by OATH; upon request a compact disc audio recording of the hearing, at no cost, or a transcript of the hearing, at a cost to be determined by OATH, may be provided.

(12) At the discretion of the ALJ, the hearing may be adjourned for good cause upon the request of any of the parties or upon the ALJ's own motion and with notice to the parties.

(13) The hearing shall be conducted in conformity with procedural requirements of applicable law and the rules of procedure adopted by OATH which are not inconsistent with these rules. In the event of any conflict of laws, the rules of this section shall be determinative and controlling.

(14) After the conclusion of the hearing, the ALJ shall prepare a report summarizing the evidence presented, an analysis of the legal and factual issues, recommended findings of fact and a recommended disposition. Such report shall be sent to the City Clerk for a final determination of the facts and a final disposition.

(15) *Final decision.* (a) The City Clerk's final decision shall be in writing and shall state reasons for the determinations and, when appropriate, direct specific action. Notwithstanding the foregoing, such final decision need not be a separate formal document and a report submitted to the City Clerk pursuant to sub-paragraph b(6) or b(14) hereof together with a letter from the City Clerk concurring with the recommended findings of fact and recommended disposition shall constitute a final decision. In reaching such final decision, the City Clerk may review the petition and answer and memoranda of law of the parties, if any, and any record of the hearing. The City Clerk shall not be bound by the ALJ's recommendation.

(b) A copy of such final decision shall be mailed by the City Clerk to the applicant and his or her attorney or representative, if any, and the spouse of record, if any.

(c) Any of the aggrieved parties have the right to judicial review in accordance with the provisions of Article 78 of the Civil Practice Law and Rules.

Section 3-04(b) of Title 51 of the Rules of the City of New York is amended to read as follows:

Where the personal presence of "both parents" at the wedding ceremony is required by § 11-[b] a (c) of the Domestic Relations Law, the Office of the City Clerk shall deem the requirement met when the party or parties whose consent was required for the issuance of the license is/are personally present at the wedding ceremony. All such parties must have proper identification with them showing their signature. In addition, custodial parents must present a divorce decree or death certificate; guardians must present guardianship papers.

Section 3-05(a)(2) of Title 51 of the Rules of the City of New York is amended to read as follows:

(2) to individuals presenting written authorization from one of the parties to the marriage (the authorization [does not have to be] must be notarized);

Section 3-05(c) of Title 51 of the Rules of the City of New York is amended to read as follows:

(c) If a person requires information regarding a current [spouse's] or prospective spouse's [prior] marital history, the Office of the City Clerk will, upon the payment of the appropriate search fee, the furnishing of an approximate marriage date, and sufficient information to search under at least one party's name, confirm only the fact of a prior marriage or a subsequent fraudulent acquisition of a marriage certificate with a party other than the inquiring spouse subsequent to their marriage by a "yes" or "no" answer. Under no circumstances will a copy of the record be provided. Nothing in this rule shall be construed to permit a divorced person to obtain the information described in this sub-paragraph with respect to his or her former spouse.

Section 3-06 (a)(2) of Title 51 of the Rules of the City of New York is amended to read as follows:

(2) In cases where the denomination does not have such a directory, the registrant must show several pieces of documentary proof of authority. First, the registrant must present an ordination certificate accompanied, if necessary, by an English translation thereof. [Ordination certificates issued by the Universal Life Church or its affiliates are not acceptable as evidence of clerical authority (based on Ranieri v. Ranieri, New York Law Journal, March 27, 1989, Ravenal v. Ravenal, 72 Misc. 2d 100 (Sup. Ct., NY Co., 1972))]. In lieu of an ordination certificate, the registrant must present a "license to minister" or a letter of appointment from his or her religious body, i.e., from its hierarch or its board of trustees. Second, the registrant must present a letter from his or her local congregation verifying that he or she is the pastor or associate pastor of that congregation, and that the congregation therefore consents to the registering of that individual. Lastly, if the church is incorporated, the registrant must present a copy of the articles or incorporation. If the church is not incorporated, the registrant must submit a statement as to the location of the house of worship, the reason for its founding, the number of trustees, the approximate size of its congregation, and how often it meets.

Section 3-06 of Title 51 of the Rules of the City of New York is amended by adding a new subparagraph (d) to read as follows:

(d) In the case of chaplains of the armed forces of the United States, registrants must present active military identification that indicates their occupation.

Section 4-03 of Title 51 of the Rules of the City of New York is amended to read as follows:

§ 4-03 Identification to Register.

1. *Acceptable forms of identification.* At the time of submitting an application to register a domestic partnership, each party must present identification. Identification documents acceptable for registration purposes are:

(a) valid drivers license, learner's permit or identification card issued by the department of motor vehicles of a state or territory of the United States;

(b) original birth certificate;

(c) valid passport;

(d) school records;

(e) immigration card; [and]

(f) employee identification card; and

(e) such form of identification deemed acceptable by the City Clerk.

All documents that are not written in English must be translated into English with an affidavit attesting to the accuracy of the translation.

2. *Production of witnesses or notarized affidavits to establish identity for persons who do not possess forms of identification pursuant to paragraph 1 above.* If in the opinion of the issuing clerk there appears to be some question as to the identity of one or both of the parties to the prospective domestic partnership, the City Clerk may compel the production of witnesses, certified official records or notarized affidavits to establish the identity of the parties.

3. *Request for review of City Clerk's preliminary denial of domestic partnership*

(a) Applicants who have been preliminarily denied a domestic partnership by the City Clerk may request a review of such determination by paying a $25 fee and filing a request for a review on such form as may be provided by the City Clerk no later than 30 days after such preliminary denial. The City Clerk may waive this fee upon a showing of financial hardship.

(b) *Duty of the City Clerk.* Within fifteen days of receipt of a request for review the City Clerk shall forward to the Office of Administrative Trials and Hearings (OATH) such request for review, a written statement outlining the reason for the preliminary denial of the domestic partnership and the documentary evidence supporting the preliminary denial all of which documentation with the exception of the request for review shall constitute the petition. A copy of the petition shall be mailed contemporaneously to the applicant via certified mail return receipt requested.

(c) *Notice to domestic partner or spouse of record.* Where the domestic partnership registration was denied because of the existence in the records of the City Clerk of a prior non-terminated domestic partnership registration or marriage, the City Clerk shall exert its best efforts to notify the domestic partner or spouse of record of the impending action. The domestic partner or spouse of record shall be given twenty-one days to respond to such notification. In such response, the domestic partner or spouse of record may request an opportunity to be heard on the issue, either in writing or at the hearing, if OATH decides a hearing is warranted. Upon request contained in such response, the City Clerk shall forward to the domestic partner or spouse of record all documentation exchanged among OATH, the City Clerk and the applicant.

(d) *Applicant's duty to respond.* Applicant shall, no later than thirty days after he or she receives the petition, submit in duplicate an answer to the City Clerk including therein any documentary evidence or other proof which may include notarized affidavits in support of his or her claim. Upon written request of the applicant stating the specific reason for such request submitted no later than five days prior to the due date for such answer, the City Clerk may for good cause grant an extension of time for applicant to submit the same. Upon receipt of the answer the City Clerk shall forward a copy thereof to OATH. Applicant's failure to respond by the deadline set forth herein, including any extension granted by the City Clerk pursuant to this sub-paragraph, shall be deemed a withdrawal of the applicant's challenge to the City Clerk's preliminary decision and such preliminary decision shall thereafter be deemed final.

(e) *Designation of OATH.* Pursuant to Charter §1048, the City Clerk designates OATH to conduct on its behalf all the reviews and hearings referred to herein.

(f) *The reviewing officer.* An ALJ employed by OATH shall review the petition and the answer no later than fifteen days after the date of receipt of both the petition and the answer as well as any documentation presented by the domestic partner or spouse of record, if any. If upon such review the ALJ shall conclude that such evidence is sufficient to form a conclusion then the ALJ shall prepare no later than thirty days after receipt of all of the documents referred to in the first sentence of this sub-section a report summarizing the evidence presented, an analysis of the legal and factual issues, recommended findings of fact and recommended disposition. Such report shall be sent to the City Clerk for a final determination of the facts and a final disposition. Alternatively, if the ALJ shall conclude that the evidence presented is insufficient to form a conclusion, the ALJ shall convene a hearing at a date to be determined in such ALJ's sole discretion but no later than sixty days from the date of such initial review. Upon notification thereof by such ALJ, which notification may be electronic, the City Clerk, not later than five days after the date of such notification, shall notify the applicant as well as his or her attorney or other representative, if any, and the domestic partner or spouse of record, if any, of the date of the hearing by certified mail return receipt requested. Such notification shall be post-marked no later than thirty days prior to the date of such hearing.

(g) *Use of expert witness.* It shall be the obligation of any party intending to present the testimony of expert witness or witnesses at the hearing to notify the ALJ and the opposing parties of such intention no later than fifteen days prior to the date of the hearing and to submit to both the ALJ and the opposing parties no later than seven days prior to the date of the hearing copies of any reports, filings or any other documentation produced by such expert witness or witnesses which such party intends to use at the hearing. The ALJ may grant an extension of time to the parties.

(h) *The hearing.* The ALJ shall preside over the hearing, make all procedural rulings, and make a statement on the record describing the nature of the proceedings, the issues, and the manner in which the hearing will be conducted. The ALJ shall have all the requisite powers conferred by law to administer oaths, issue subpoenas, require the attendance of witnesses and production of records, rule upon requests for adjournment, rule upon evidentiary matters and to otherwise regulate the hearing, observe the requirements of due process and effectuate the purposes and provisions of applicable law. All testimony shall be given under oath or affirmation administered by the ALJ. The City Clerk shall have the burden of demonstrating by a preponderance of the evidence that the applicant should not be granted a domestic partnership.

(i) The applicant and the domestic partner or spouse of record, if any, may be represented by an attorney or other representative of his or her choice.

(j) The applicant as well as the City Clerk and the domestic partner or spouse of record, if any, may have witnesses, may give testimony and may otherwise present relevant and material evidence on his or her behalf, may cross-examine witnesses and may examine any document or other item offered into evidence.

(k) A recorded copy of the record of the hearing shall be prepared by OATH; upon request a compact disc audio recording of the hearing, at no cost, or a transcript of the hearing, at a cost to be determined by OATH, may be provided.

(l) At the discretion of the ALJ, the hearing may be adjourned for good cause upon the request of any of the parties or upon the ALJ's own motion and with notice to the parties.

(m) The hearing shall be conducted in conformity with procedural requirements of applicable law and the rules of procedure adopted by OATH which are not inconsistent with these rules. In the event of any conflict of laws, the rules of this section shall be determinative and controlling

(n) After the conclusion of the hearing, the ALJ shall prepare a report summarizing the evidence presented, an analysis of the legal and factual issues, recommended findings of fact and a recommended disposition. Such report shall be sent to the City Clerk for a final determination of the facts and a final disposition.

(o) *Final decision.* (i) The City Clerk's final decision shall be in writing and shall state reasons for the determinations and, when appropriate, direct specific action. Notwithstanding the foregoing, such final decision need not be a separate formal document and a report submitted to the City Clerk pursuant to sub-paragraph 3(f) or 3(n) hereof together with a letter from the City Clerk concurring with the recommended findings of fact and recommended disposition shall constitute a final decision. In reaching such final decision, the City Clerk may review the petition and answer and memoranda of law of the parties, if any, and any record of the hearing. The City Clerk shall not be bound by the ALJ's recommendation.

(ii) A copy of such final decision shall be mailed by the City Clerk to the applicant and his or her attorney or representative, if any, and the domestic partner or spouse of record, if any.

(iii) Any of the aggrieved parties have the right to judicial review in accordance with the provisions of Article 78 of the Civil Practice Law and Rules.

Section 4-05 of Title 51 of the Rules of the City of New York is amended to read as follows:

§ 4-05 Release of Domestic Partners Registration Records. Domestic Partner Registration information and documents shall not be subject to public inspection or disclosure. In the ordinary course of business, domestic partner records only shall be released to either of the parties to the registration in person, after proper identification has been submitted to the City Clerk staff. No requests shall be accepted through the mail or over the telephone. Further, domestic partnership information released pursuant to written authorization from one of the parties to the domestic partnership, shall only be released if such written authorization is notarized.

Section 4-07 of Title 51 of the Rules of the City of New York is amended by adding a new subparagraph (d) to read as follows:

(d) The termination statement must be filed in person except that in circumstances where in- person filing is impossible or such filing would create a hardship, the City Clerk may permit such filing by certified mail.

Statement of Basis and Purpose: The Proposed Amendment to the Rules would provide applicants who are denied a marriage license or registration as a domestic partnership an administrative redress. Specifically, it allows the aggrieved party to challenge within thirty days and upon payment of a nominal fee any denial of a marriage license or domestic partner registration by the City Clerk. Currently persons who at the time of application have a marriage or domestic partnership listed on the records of the City Clerk and cannot prove the dissolution of such marriage or domestic partnership are denied a marriage license or domestic partnership registration, respectively, by the Office of the City Clerk pursuant to law. (This has no effect on a domestic partner seeking a marriage license since by law marriage automatically terminates the domestic partnership.) The aggrieved party's sole recourse is to bring an Article 78 proceeding. For low-income and indigent persons who cannot afford the costs of retaining an attorney, the unintended consequence of this policy is to effectively deny such applicant the right to marry or register a domestic partnership. The effect can be especially onerous given the alarming increase in identity theft. The Proposed Amendment to the Rules would offer an affordable alternative to challenge a City Clerk refusal without interfering with the current legal recourse. It would also require the spouse or domestic partner of record to be notified of the proceeding. The other changes are necessary to update the Rules of the City of New York. The provision in the current Rules of the City of New York with respect to spouses or prospective spouses obtaining information with respect to their spouse or prospective spouse is inadequate. In many instances spouses want to know if their present spouse has fraudulently obtained a marriage certificate with a party other than the inquiring spouse subsequent to their marriage and the current law does not permit the Office of the City Clerk to disclose such information. The Proposed Amendment to the Rules is meant to remove that restriction. Due to case law persons ordained by the Universal Life Church are not permitted to officiate marriage ceremonies under the current Rules of the City of New York. Currently persons who are ordained by many other internet-based religious organizations are allowed to register while persons who are ordained by Universal Life Church are not. There is no logical basis for this distinction and the Proposed Amendment to the Rules would fix this disparity. In addition, there is no provision in the Rules of the City of New York to permit chaplains to register and the Proposed Amendment to the Rules would provide such a mechanism. The Proposed Amendment to the Rules also corrects a citation error in Section 3-04(b) of Title 51 of the Rules of the City of New York. Finally notarization of third-party consents would safeguard the process and consequently enhance the integrity of the marriage database which, by law, is confidential. The Office of the City Clerk wishes to ensure that the party writing the consent is indeed an authorized party and consequently avoid fraud. The City Clerk of the City of New York has re-evaluated the proposed fee based on a current cost analysis and has determined that the fee is warranted.

HEALTH AND MENTAL HYGIENE

NOTICE

BOARD OF HEALTH

NOTICE OF ADOPTION OF AMENDMENTS TO ARTICLE 47 OF THE NEW YORK CITY HEALTH CODE

In compliance with Sections 1043(b) and (d) of the New York City Charter, a notice of intention to amend Article 47 of the New York City Health Code was published in the City Record on March 17, 2006 and a public hearing was held on April 19, 2006. One person testified and written comments were received. In response to two of the comments, further amendments were made to §47.36 and §47.37 (b). At its meeting on June 15, 2006, the Board of Health adopted the following resolution.

STATUTORY AUTHORITY

These amendments to the New York City Health Code (the "Health Code") are made pursuant to §§556, 558 and 1043 of the New York City Charter (the "Charter"). Section 556 of the Charter grants the New York City Department of Health and Mental Hygiene (the "Department") jurisdiction to regulate matters affecting health in the City of New York. Section 558 (b), (c) and (g) of the Charter empowers the Board of Health to amend the Health Code and to include in the Health Code all matters to which the Department's authority extends. Section 1043(a) of the Charter grants rule-making powers to the Department.

STATEMENT OF BASIS AND PURPOSE

The New York City Department of Health and Mental Hygiene is required by law to protect and promote the health of all New Yorkers. This requirement includes the prevention and control of chronic disease, as well as communicable disease. The Department's Bureau of Chronic Disease Prevention and Control, in the Division of Health Promotion and Disease Prevention, supports programs which promote increased physical activities and nutrition to prevent chronic diseases. The Bureau of Day Care, in the Division of Environmental Health, enforces Article 47 ("Day Care Services") of the Health Code, which regulates public and private group day care services operating within New York City. The Bureau of Tuberculosis Control in the Division of Disease Control supervises reporting, control and prevention of tuberculosis in the City.

The Department has requested the Board of Health to amend various provisions relating to operation of day care services regulated by Article 47 of the Health Code. The affected provisions include §47.27(d), which has been amended to update requirements for day care staff tuberculosis testing and followup; §47.35(b), which has been amended to require increased indoor and outdoor play; adding a new §47.36 to require structured and guided physical activities and establish limits on sedentary TV viewing; and §47.37(b) and (c), which have been amended to update requirements for nutritional standards.

Tuberculosis testing and followup

Currently, Health Code §47.27(d) requires new employees and volunteers who work in sites that provide day care services for children to be medically evaluated for tuberculosis infection at hire and annually thereafter. This requirement dates from a time when tuberculosis rates were considerably higher than they are currently. Tuberculosis rates in New York City are at an all-time low although rates of newly reported cases continue to be high in certain populations within New York City (e.g., immigrant communities), and new tuberculosis infections are increasingly uncommon.Day care and other teachers are not considered to be among the populations at high risk for tuberculosis disease and infection, and no national body recommends annual testing for this group. See, e.g., "Targeted tuberculin testing and treatment of latent tuberculosis infection," US Centers for Disease Control and Prevention ("CDC"), MMWR, June 9, 2000. In view of these circumstances, this provision has been amended to eliminate annual retesting of day care staff for tuberculosis infection.

It is still important to monitor tuberculosis infection in new day care staff because they will be working with children, a vulnerable population. Children are at high risk of progressing from latent tuberculosis infection to active tuberculosis disease. The purpose of testing staff and volunteers at hire is to intervene when there is evidence of tuberculosis infection to prevent such individuals from progressing from latent tuberculosis infection to active tuberculosis disease. This can be achieved by testing all day care staff when they are initially hired, and requiring reporting only of those persons with latent infection to the Department.

The amended provision also requires day care operators to report to the Department the names of newly hired staff found to be infected with latent tuberculosis, so that the Department may determine whether such staff were placed on treatment, and, if treatment was started, what was the final outcome. The Bureau of Day Care currently receives calls from day care operators requesting guidance when staff tuberculosis testing is positive. Requiring a formal report to the Department's Bureau of Tuberculosis Control will facilitate this Bureau's ability to improve completion of preventive treatment. Reports received will be considered confidential, in accordance with Health Code §11.07, and staff testing positive will not be compelled to undergo treatment for latent tuberculosis infection. Examination forms and instructions for their completion will continue to be provided by the Department, and will be modified to include instructions on reporting positive test results.

The amended provision preserves the Department's authority to order further tuberculosis testing of day care services staff and children at any time if deemed necessary for epidemiological investigation.

Obesity prevention

Obesity is epidemic in New York City, and it begins early in life. Being obese in childhood increases the likelihood of adult obesity, which is associated with diabetes, high blood pressure, high cholesterol, heart disease, and cancer. Nationally, childhood obesity more than doubled over the past two decades, from 7% in 1980 to 16% in 2002. U.S. Department of Health and Human Services ("DHHS"), *The Surgeon General's Call to Action to Prevent and Decrease Overweight and Obesity*, 2001. In 2003, a joint Department and Department of Education survey found that as early as kindergarten, 21% of children were obese. DOHMH, Vital Signs, June 2003. A 2004 study of NYC children ages two to four enrolled in the Special Supplemental Nutrition Program for Women, Infants and Children ("WIC") found that 22% were obese. Nelson, et al., American Journal of Public Health, 94, 2004. This level is more than 50% higher than national data reported by the CDC Pediatric Nutrition Surveillance System that 14% of two- to four year-old children from low-income families were obese in 2000. Sherry, et al. Archives of Pediatric and Adolescent Medicine, 158, 2004.

Obesity increases risks of diabetes, heart disease, stroke, cancer and other health problems. Fortunately, obesity is preventable and if obesity rates decrease, so will chronic disease and associated mortality. This epidemic requires similar urgency in public health response to that traditionally accorded to infectious disease monitoring and control. Left unabated, the CDC estimates that among children born in 2000, one of three will develop diabetes during their lifetime; this applies to one of every two Hispanic children. Narayan, et al. JAMA, 290, 2003.

Enhanced outdoor and indoor physical activities

Section 47.35(b) of the Health Code currently provides only that "[a]dequate periods of outdoor play shall be provided daily for all children, except during inclement weather." This provision has been amended to require that children be appropriately dressed for outdoor play and that in inclement weather, safe, active indoor play be substituted. In addition, a new §47.36 has been added to establish a required minimum number of minutes of structured and guided physical activity daily. Both the CDC and the National Association for Sport and Physical Education ("NASPE") recommend that toddlers and preschoolers receive a total of at least 60 minutes of physical activity per day, and that young children not be sedentary for more than 60 minutes at a time, except when sleeping. U.S. Department of Health and Human Services ("DHHS"), *Healthy People, 2010*, 2000; DHHS, *Physical Activity and Health: A Report of the Surgeon General*, 1996; NASPE, *Active Start: A Statement of Physical Activity Guidelines for Children Birth to Five Years*, 2002. This requirement is reduced proportionately for children who spend less than a full day in a day care service.

Limits on television viewing

An additional challenge to obesity prevention is the increasing amount of passive, sedentary time that children spend in front of the television. Television viewing is positively associated with an increase in body-mass index ("BMI"). Among children in the longitudinal Framingham Children's Study, those who watched the most television had the greatest increase in body fat when followed from age four to age 11. Proctor, et al., Int'l Journal of Obesity, 27(7), 2003. A study of three- to four-year-old children found that television viewing was a significant predictor of BMI over three years, and that it became an even stronger predictor over time. Jago, et al., Int'l Journal of Obesity, 29(6), 2005. Evidence from the Institute of Medicine also indicates that food and beverage marketing targeted to children ages 12 and under leads them to request and consume high-calorie, low-nutrient products. Institute of Medicine, *Food Marketing to Children and Youth*, 2006.

Excessive television and other sedentary viewing undermine the establishment of healthy behaviors in early childhood. Consistent with the recommendations of the American Academy of Pediatrics ("AAP"), this new Health Code provision sets limits on television viewing in the group day care environment. In order to address the negative impact of television on children, the AAP recommends against television viewing for children younger than two years of age. For older children, the AAP recommends no more than one to two hours per day of quality, educational screen time. AAP Position Statement, *Television's impact on children*, 2002. §47.36 (b) limits passive sedentary activities such as television viewing in group day care services to no more than 60 minutes per day. The limitation on passive sedentary activities is also to be applied proportionately to children who spend less than a full day in a day care service.

Nutritional standards

Section 47.37 (b) of the Health Code currently states that "Food shall be supplied to children which is...sufficient in amount, varied according to a diet approved by the Department ...." This language was written during a time when insufficient amounts of food were the major concerns affecting nutritional health, and when the Department maintained a Bureau of Nutrition with many nutritionists to review and approve day care menus. This language has been updated in order to address the current environment of obesity and the need for guidance on appropriate kinds of foods and portion sizes for children. The updated language also now accurately reflects the role and capacity of the Department in establishing nutritional guidelines, but not directly approving each day care service's diet plan.

In accordance with this amended provision, the Department will establish and distribute, or approve, nutrition standards and guidelines. The amended provision also establishes limits on beverages served by day care services. In order to reduce energy imbalance and juice over consumption, the proposed regulations would only allow juice to be provided to children over eight months of age, and only 100% juice would be permitted. In the original proposal, children over six months of age would have been limited to consuming no more than six ounces of 100% juice per day. As a result of a comment from the New York State Department of Health Division of Nutrition Child and Adult Care Food Program ("CACFP"), the age limit has been increased to eight months to be consistent with CACFP regulations. Beverages with added sweeteners would not be permitted. Since parents and caregivers rarely set limits on juice consumption and since juice can be consumed more quickly than its whole fruit equivalents, children are prone to over-consume juice. Although juice has some benefits, it offers no nutritional advantage over whole fruit. In fact, juice lacks the fiber of whole fruit, and is more concentrated with sugars and calories.

When milk is served, children ages two and older may receive only low-fat (1%) or non-fat (skim) milk, unless medically indicated. Although potable drinking water supplies are already required by §47.39, a new paragraph (iv) of §47.37 (b) requires that water be made easily accessible to children throughout the day, including at meals.

These beverage standards are consistent with the AAP Position Statement, *The Use and Misuse of Fruit Juice in Pediatrics*, [Pediatrics, 107(5), 2001] and the American Heart Association's "Dietary Recommendations for Children and Adolescents: A Guide for Practitioners." Pediatrics, 117(2), 2006; USDA/DHHS, *U.S. Dietary Guidelines*, 2005.

In addition, §47.37 (c), which applies to food provided by parents, has been similarly updated to provide guidance to parents, through materials provided or approved by the Department, regarding current nutritional standards.

Because of the addition of a new §47.36, the Table of Section Headings has also been amended.

Public comment

Four written comments were received, and one person testified at the hearing, and provided a written comment as well. Three of the persons submitting comments favored the proposal. As noted above, a further change was made to §47.37 in response to the comment from a public health nutritionist at CACFP. One person opposing the amendments wrote that restricting television viewing to one hour per day actually encourages viewing, rather than restricting it, and that the requirement for structured and guided physical activity was likely to inhibit children's "freedom to explore and stretch the limits of their individual physical capabilities." In response to this comment, the Department has amended §47.36 to indicate that it will provide guidelines to clarify what activities should be considered structured physical activities and assist teachers in achieving an appropriate balance of structured and free play activities. In addition, because the Department guidelines concerning structured activity (§47.36) and nutrition (§47.37) were not available at the time of adoption, the resolution adopted by the Board of Health includes new provisions postponing the effective date of these amendments.

STATEMENT PURSUANT TO SECTION 1042-REGULATORY AGENDA

This proposal was not included in the fiscal year 2005 New York City Department of Health and Mental Hygiene Regulatory Agenda as this action is the result of recent analyses by the Department.

The proposal is as follows:

[(d) Such medical examinations must include an annual tuberculin skin test. Tuberculin tests shall be administered and interpreted in accordance with criteria established by the Department. If a tuberculin test is negative, no X-ray examination in necessary. If an individual's tuberculin test in positive, he/shall be X-rayed unless there are medical contraindications to X-ray examination. Documentation of the X-ray, any further medical and laboratory examination, and any treatment or follow-up are required to be kept on file in the place of employment. Exemption from tuberculin testing shall be permitted for a previously positive tuberculin test, documentation of diagnosis or treatment of tuberculosis in the past, or having had BCG examination.]

(d) *Test for tuberculosis infection for new hires.* Prior to commencing work at a day care service, all persons newly hired as an employee or accepted as a volunteer to work in a day care service shall provide a written statement to the day care service operator from a physician indicating that a test for tuberculosis infection has been performed and, if necessary, an X-ray examination, in a manner consistent with the Department's medical and epidemiologic recommendations. Persons with a history of BCG vaccination shall not be exempt from testing.

(i)Either a tuberculin skin test or blood based test may be performed. A documented positive test result may be submitted regardless of the date the test was performed. A documented negative test result may be submitted only if such test was performed within one year prior to commencing work in the day care service.

(ii) Persons who have tested positive for tuberculosis infection shall be reported to the Department by the day care service operator, on forms provided by the Department. Such reports shall contain all information required by the Department, including whether such persons have been or are being treated for latent tuberculosis infection, and, if treated, whether they have completed such treatment, and shall be maintained as confidential in accordance with §11.07 of this Code.

(iii) The Department may require further testing for tuberculosis at any time of any persons working in or attending a day care service when such testing is deemed necessary for epidemiological investigation.
Notes: Subdivision (d) was amended by resolution adopted on June xx, 2006 to update the requirements for tuberculosis testing for day care services staff, and, in view of the generally low risk of tuberculosis transmission in day care settings, limit such testing to the time of hiring only.

RESOLVED, that subdivision (b) of section 47.35 of the New York City Health Code as adopted on the seventeenth of October, nineteen hundred eighty-eight, be, and the same hereby is amended, to be printed together with explanatory notes, to read as follows:

47.35 Outdoor Play

* * *

(b) Adequate periods of outdoor play shall be provided for all children, except during inclement weather. During outdoor play, children shall be dressed appropriately for weather and temperature. In inclement weather, active play shall be encouraged and supported in safe indoor play areas.

Notes: Subdivision (b) of Section 47.35 was amended by resolution adopted on June 15, 2006 to add a provision to substitute active indoor play for outdoor play during inclement weather.

RESOLVED, that Article 47 of the New York City Health Code as last amended on the twenty-second of July, two thousand and four, be and the same hereby is amended to add a new section 47.36, to be printed together with explanatory notes, to read as follows:

47.36 Physical activity and limits on television viewing.

(a) *Physical activity.* Each day care service shall provide a program of age and developmentally appropriate physical activity.
(i) Children ages 12 months or older attending a full-day program shall be scheduled to participate in at least 60 minutes of physical activity per day. Children attending less than a full day program shall be scheduled to participate in a proportionate amount of such activities. For children ages three (3) and older, at least 30 of the 60 minutes shall be structured and guided physical activity. The remainder of the physical activity may be concurrent with other active play, learning and movement activities.
(ii)Structured and guided physical activity shall be facilitated by teachers and/or caregivers and shall promote basic movement, creative movement, motor skills development, and general coordination. A program of structured and guided physical activity shall be developed in accordance with guidelines provided or approved by the Department.
(iii)Day care operators shall document physical activities and make such documentation available to the Department upon request. This documentation shall be included in the program daily schedule and program lesson/activity plans.
(iv)Children shall not be allowed to remain sedentary or to sit passively for more than 60 minutes continuously, except during scheduled rest or naptime.
(b) *Television viewing.* Television, video and other visual recordings shall not be used with children under two (2) years of age. For children ages two (2) and older, viewing of television, videos, and other visual recordings shall be limited to no more than 60 minutes per day of educational programs or programs that actively engage child movement. Children attending less than a full day program shall be limited to a proportionate amount of such viewing.
(c) *Effective date.* This section shall be effective 30 days after approval of the guidelines referred to in paragraph (ii) thereof, or January 1, 2007, whichever is earlier.

Notes: Section 47.36 was added by resolution adopted on June 15, 2006 in response to data showing young children at increasing risk of obesity and associated diseases, and requires enhanced structured and guided physical activity and a limit on passive and sedentary activities, including watching television, and video or other visual recordings.

RESOLVED, that subdivisions (b) and (c) of Section 47.37 of the New York City Health Code as last amended on the fourteenth of January, two thousand three, be and the same hereby are amended, to be printed together with explanatory notes, to read as follows:

47.37 Food and Food Areas

* * *

(b) Food [shall be] supplied to children [which is] shall be wholesome, of good quality, properly prepared [,] [sufficient in amount, varied according to a diet approved by the Department] in accordance with nutritional guidelines provided or approved by the Department, age-appropriate in portion size and variety, and served at regular hours at appropriate intervals.
(i) Beverages with added sweeteners, whether artificial or natural, shall not be provided to children.
(ii) Juice shall only be provided to children eight (8) months of age and older, and shall not be provided in a bottle. Only 100% juice shall be permitted and children shall receive no more than six (6) ounces per day.
(iii) When milk is provided, children ages two and older shall only be served milk with 1% or less milk-fat unless milk with a higher fat content is medically required for an individual child, as documented by the child's medical provider.
(iv) Water shall be made available and shall be easily accessible to children throughout the day, including at meals.
(v) Any special diet shall be provided only in accordance with a note from a physician.
(vi) The provisions of this subdivision shall not apply to day care services operated by a religious organization in instances where religious dietary requirements would be inconsistent with such provisions.
(vii) The amendments to this subdivision adopted on June 15, 2006 shall be effective 30 days after approval of the guidelines referred to herein, or January 1, 2007, whichever is earlier.

(c) When [children bring] parents or other responsible persons provide meals, [from home, they] such foods shall be properly refrigerated and the operator shall provide [parents with information regarding appropriate diet for age] such persons with age-appropriate nutritional guidelines approved or provided by the Department. [Any special diet shall be provided only in accord with a physician's order.] The amendments to this subdivision adopted on June 15, 2006 shall be effective 30 days after approval of the guidelines referred to herein, or January 1, 2007, whichever is earlier.

* * *

Notes: Subdivision (b) of §47.37 was amended by resolution adopted on June 15, 2006 to limit the use of sweetened beverages and require service of non-fat or low fat milk in meals served by day care services. The requirement in subdivision (c) that any special diet be medically recommended was removed to and renumbered as paragraph (v) in subdivision (b). A new paragraph (vi) provides that this subdivision is not intended to affect religious dietary requirements in day care services operated by religious organizations.

Subdivision (c) of §47.37 was amended by resolution adopted on June 15, 2006 to require day care services to provide parents with Department approved or provided age-appropriate nutritional guidelines when parents supply food for service to their own children, and the requirement that special diets be medically recommended was removed to and renumbered as paragraph (v) in subdivision (b).

Regulatory Agenda

Fiscal Year Ending June 30, 2007

Pursuant to Section 1042 of the Charter of the City of New York, the New York City Taxi and Limousine Commission ("TLC") hereby publishes a Regulatory Agenda for the Fiscal Year ending June 30, 2007. This Regulatory Agenda describes briefly the subject areas in which it is anticipated that rules may be promulgated during the fiscal year.

The legal basis for each proposed rule is the authority conferred to the TLC pursuant to Chapter 65 of the City Charter and Title 19, Chapter 5 of the Administrative Code of the City of New York, which confer upon the Commission the authority to promulgate rules relating to public safety, comfort and convenience, standards and conditions of service, the issuance, suspension and revocation of licenses, and the development of a transportation policy relating to for-hire vehicles and taxicabs.

The individuals and entities likely to be subject to the proposed rules are the owners and drivers of licensed medallion taxicabs, for-hire vehicles, commuter vans and paratransit services vehicles; the owners of bases dispatching for-hire vehicles, paratransit services vehicles and commuter vans; taxicab brokers; taxicab agents; taximeter businesses; and representatives authorized to appear before the Commission's Adjudications Tribunal.

An agency official knowledgeable about the subject area of each proposal is:

Charles R. Fraser
Deputy Commissioner for Legal Affairs/General Counsel
Taxi and Limousine Commission
40 Rector Street, New York, New York 10006
Telephone: (212) 676-1135

1. Base Station Licensing

The Commission expects to propose amendments to existing rules governing the application for issuance or renewal of for-hire vehicle base stations. The proposed amendments will reflect planned changes in the application process. This proposal is scheduled for consideration in the Fall of 2006.

The Commission also expects to propose that the rules governing the conduct of for-hire vehicle base station owners be amended to require that closings on transfers of base station licenses be conducted on Commission premises, as are closings on taxicab medallion transfers. This will allow the Commission to fingerprint and conduct criminal background checks prior to a base station license transfer, and to apprise the new base station owners of applicable rules and requirements. This proposal is scheduled for consideration in the Fall or Winter of 2006.

2. Require FHV Drivers to Post Their Licenses

The Commission expects to propose rules requiring drivers of for-hire vehicles to post their operators' licenses and their base station affiliations in their vehicles, so that the licenses and affiliations are visible to passengers. This proposal is scheduled for consideration in the Fall of 2006 or Winter of 2007.

3. Hybrid Electric Vehicles

The Commission expects to propose rules revising existing vehicle specifications for taxicabs that are powered by hybrid electric technology, based on developments in the automotive industry, and based on the Commission's experience with hybrid electric vehicles to date. This proposal is scheduled for consideration in the Fall of 2006.

In addition, the Commission expects to propose amendments to its taxicab vehicle specifications to expand and promote the use of clean air vehicles, including hybrid electric vehicles and other clean air technologies. This proposal is scheduled for consideration in the Winter of 2006.

4. Adjudications Procedures

The Commission expects to propose several rules relating to adjudications before the Commission's tribunal. One proposed rule will establish fixed fines for all violations, and would eliminate fines that can vary within specified ranges. The proposal would also enable individuals who wish to plead guilty to violations to do so by mail, thereby eliminating the requirement of a personal appearance before an administrative law judge. Other proposed rules would rules revise the procedures for appeals from decisions rendered by the Commission's administrative law judges. These proposals are scheduled for consideration in the Summer or Fall of 2006.

5. Medallion Transfer Procedures

The Commission expects to propose rules revising the procedures for transfer of ownership of medallions. The proposal will reflect planned changes in and clarifications to the Commission's existing procedures. This proposal is scheduled for consideration in the Fall of 2006.

6. Taxicab Technology Project – Service Enhancements

The Commission expects to propose rules revising existing rules relating to the Commission's taxicab technology project, including rules specifying the deadline for installation of the service enhancements entailed in that project. This proposal is scheduled for consideration in the Summer or Fall of 2006.

7. Repeal of citizenship/residency requirement for licensees

The Commission expects to propose rules eliminating the requirement that license applicants must prove their citizenship or residency status in order to qualify for licenses. This proposal is scheduled for consideration in the Summer or Fall of 2006.

8. Clarification of "unlicensed" operation

The Commission expects to propose rules clarifying that operation of a vehicle with a suspended Commission-issued license constitutes unlicensed operation of the vehicle for purposes of the Commission's authority to seize unlicensed for-hire vehicles. This proposal is scheduled for consideration in the Fall or Winter of 2006.

9. Lease cap revisions

The Commission expects to propose rules clarifying its existing rules governing lease caps for taxicab medallions and vehicles, in light of confusion in the industry about those rules that was revealed at the Commission's most recent hearing on lease caps. This proposal is scheduled for consideration in the Winter of 2006 or Spring of 2007.

NOTICE OF PROPOSED RATEMAKING

Notice of Opportunity To Comment on Proposed Schedule of Charges for Fire Department Ambulance Service

NOTICE IS HEREBY GIVEN PURSUANT TO THE AUTHORITY VESTED in the Fire Commissioner of the City of New York pursuant to Section 487(f) of the New York City Charter, the New York City Fire Department intends to increase its charges for Fire Department Emergency Medical Service (EMS) ambulance service. New material is underlined and material to be deleted is [bracketed].

A public hearing will be held on Wednesday, August 2, 2006, at 10:30 a.m., in the Auditorium at Fire Department Headquarters at 9 MetroTech Center, Brooklyn, New York 11201-3857. Written comments regarding this ratemaking may be submitted to the Counsel to the Department, at Fire Department Headquarters, by the above date.

Persons who request that a sign language interpreter or other form of reasonable accommodation for a disability be provided at the hearing are requested to notify the Counsel to the Department at the foregoing address by Wednesday, July 19, 2006.

The Notice of Proposed Ratemaking, Proposed Schedule of Charges for Fire Department Ambulance Service, and Justification for Proposed Ratemaking, will be available on the Fire Department Internet Home Page at: www.nyc.gov/fdny

The Fire Department proposes to amend its schedule of charges for ambulance service provided by the Fire Department's Emergency Medical Service through the New York City 911 System, as set forth in Appendix A to Title 3 of the Rules of the City of New York (following Chapter 43 thereof), as follows:

Schedule of Charges for Fire Department Ambulance Service
(effective [November 24, 2002] (new effective date))

Type of Service	Charge
Basic Life Support Ambulance	$[420.00] 475.00
[Advanced Life Support Ambulance	$ 535.00]
Advanced Life Support Ambulance Service – Level 1 (ALS1)	$ 600.00
Advanced Life Support Ambulance Service – Level 2 (ALS2)	$ 700.00
Additional Charges:	
– Mileage (distance traveled to hospital)	$[6.00] 7.00/mile
– Provision of Oxygen (as applicable)	$ 50.00

JUSTIFICATION FOR PROPOSED RATEMAKING:

The Fire Department is proposing to increase the amounts it charges patients and insurers for Emergency Medical Service (EMS) ambulance transport service provided through the New York City 911 System, to reflect increased costs and help defray the City's cost of providing these services.

The charges for ambulance transport service were last increased in November 2002. The rates adopted at that time and currently in effect are $420 for an ambulance response (including treatment and transport) by a Basic Life Support (BLS) ambulance staffed by two Fire Department Emergency Medical Technicians; $535 for an ambulance response (including treatment and transport) by an Advanced Life Support (ALS) ambulance staffed by two Fire Department Paramedics; $6.00/per mile for hospital transports; and $50.00 for provision of oxygen.

The Department proposes to increase the rates to continue to bring them more in line with the cost of providing these services. The proposed schedule of charges continues the existing single rate for BLS service, but proposes separate rates for the two levels of ALS service established by the Centers for Medicare and Medicaid Services of the United States Department of Health and Human Services for Medicare reimbursement, which have become the nationally-accepted standards for ambulance service levels.

ALS1 service comprises all regular ALS ambulance treatment and transport. The ALS2 level of service is limited to treatment and transport requiring certain advanced care, as set forth in Medicare regulations, including manual defibrillation, endotracheal intubation, the insertion of a central venous line, and the intravenous administration of certain medications, such as morphine, diazepam, lidocaine and lasix.

The proposed schedule of charges reflects a 13% increase above the current BLS rate. With respect to the proposed ALS rates, more than 90% of ALS transports involve the provision of ALS1 care, and accordingly the estimated average bill for all ALS transports (ALS1 and ALS2 combined) under the proposed ALS rates would be $605, also an increase of 13% above the current ALS rate.

The proposed 13% increase in BLS and ALS rates is necessitated by increased costs. The most significant cost increases during the relevant time period were the collective bargaining increases for the Fire Department EMS personnel who staff the ambulances, and the very substantial capital investment made by the Fire Department in new communications equipment. The balance of the proposed increase is accounted for by a general increase in non-personnel costs, based on the cost of living index.

This substantial capital investment was made for the purchase, installation and operation, in all Fire Department ambulances, of automatic vehicle locator (AVL) equipment, which utilizes global positioning satellite technology. By providing exact locations for each of the Fire Department's ambulances as they move around the city, this technology will enable the Fire Department's Computer Aided Dispatch system and Fire Department dispatchers to identify more precisely the ambulances best situated to respond to a call for medical assistance, thereby reducing ambulance response time.

The current and proposed charges set forth above are the amounts that the Fire Department would bill for EMS ambulance service. The charges do not necessarily reflect the amounts accepted by the Fire Department as payment for such services from government and private health insurance plans.

The increase in mileage charges is consistent with the mileage rate approved by the Centers for Medicare and Medicaid Services.

Neither the current nor proposed rates apply to emergency medical care provided by Fire Department firefighters as certified first responders. The Fire Department does not charge for such services.

READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council,** 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists--free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

INVOCATION

The Invocation was delivered by Rev. Renee Washington, Memorial Baptist Church, 141 West 115th Street, New York, New York 10026.

Our God and our Father, we come in
the name of the Creator of us all. We thank you for
this day, because truly this is the day that you
have made, and we are rejoicing and glad in it.
We pray, God, right now that you
would have free course in this place. We pray for
the City of New York. We pray for our Mayor. We pray
for every City Council, every leader that's
represented here. We pray for every community.
Now we pray for every budget, every
plan, every agenda, that it would go forth, but you
would get all the glory.
We ask now, Lord, that you would have
your way in this place. We ask that you would bless
us. Keep us. We pray for your love. We pray for your
justice. We pray for your peace.
Now let the words of our mouth, and
the meditation of our hearts be acceptable in Thy
sight, oh, Lord, our strength and our redeemer, and
let the people of God say, amen.

Council Member Dickens moved to spread the Invocation in full upon the Record.

At this point, the Speaker (Council Member Quinn), asked for a Moment of Silence in memory of the following individuals:

Sgt. Bobby Mendez, 38, of Brooklyn, assigned to the 2nd Special Troops Battalion, 2nd Brigade, 4th Infantry Division, who died of his injuries sustained in Baghdad, Iraq on April 27, 2006 when an explosive device detonated by his Humvee.

First Sgt. Jose Gomez, 23, of Corona, assigned to the 10th Cavalry, 4th Brigade, 4th Infantry Division, who died of his injuries on April 27, 2006 after an explosive device detonated by his Humvee in Iraq. Sgt. Gomez was three months into his second Iraq tour but kept this fact from his mother so she would not worry. In October 2003, Sgt. Gomez's fiancee was also killed by a roadside bomb in Iraq.

Tajmere Clark, a 3 year old girl from Brooklyn, who was shot and killed on May 7, 2006 in East New York.

ADOPTION OF MINUTES

Council Member Clarke moved that the Minutes of the Stated Meeting of April 5, 2006 be adopted as printed.

Re: Third Party Transfer Program Brooklyn, In Rem Action No. 49 Community District No. 5 Council District No. 37

Dear Madame Speaker:

Enclosed for your review is a list of properties ("Transfer Parcels"); which are the subject of a final judgment of foreclosure in the referenced In Rem Action.

Pursuant to Administrative Code §11-412.1, the judgment authorizes the Commissioner of Finance to execute and deliver deeds conveying such Transfer Parcels to transferees selected by the Commissioner of Housing Preservation and Development. Pursuant to Administrative Code §11-412.2, the enclosed list identifies the proposed transferee of each Transfer Parcel. Pursuant to Administrative Code §11-412.2, such conveyances will be deemed approved 45 days from the date hereof unless disapproved by local law during such period.

I recommend approval of this matter in the manner provided in Administrative Code §11-412.2 and request that it be referred to the appropriate committee at the next scheduled, meeting of the Council.

Sincerely,

Martha E. Stark
Commissioner

Referred to the Committee on Housing and Buildings.

REPORTS OF THE STANDING COMMITTEES

Report of the Committee on Contracts

Report for Int. No. 180-A

Report of the Committee on Contracts in favor of approving and adopting, as amended, a Local Law to amend the charter and the administrative code of the city of New York, in relation to the enhancement of opportunities for emerging business enterprises in city procurement.

The Committee on Contracts to which was referred on March 1, 2006 (Minutes, page 843; softcover edition , p. 741) the annexed amended proposed local law respectfully

REPORTS:

Today the Committee on Contracts will consider Prop. Intro. 180-A, the Emerging Business Enterprise (EBE) bill.[1] The Committee previously held a hearing on this bill on March 28, 2006. Testimony was taken from the Department of Small Business Services (SBS) and from members and representatives of the small business community. Prop. Intro. 180-A amends the City Charter and the Administrative Code to establish the EBE Program.[2] The purpose of the EBE bill is to enhance opportunities for emerging business enterprises in city procurement in a way that is similar to the MWBE Program that was created by Local Law 129 of 2005.[3] Prop. Intro. 180-A creates a separate and distinct, race and gender-neutral classification known as an EBE.

EMERGING BUSINESS ENTERPRISES

Prop. Intro. 180-A articulates two prongs that must be satisfied for a business to be certified as an EBE.[4] First, its owner must be a person who has demonstrated, in accordance with regulations promulgated by the Commissioner of Small Business Services (SBS), that he or she is a person who is *socially* disadvantaged, meaning that that he or she has "experienced social disadvantage in American society as a result of causes not common to persons who are not socially disadvantaged."[5] Second, the business owner must show that he or she is *economically* disadvantaged, meaning that he or she is a person "whose ability to compete in the free enterprise system has been impaired due to diminished capital and credit opportunities as compared to others in the same business area who are not socially disadvantaged."[6]

Prop. Intro. 180-A states that in promulgating EBE-related regulations, the Commissioner of SBS shall consider criteria developed for federal programs established to promote opportunities for businesses owned by persons who are socially and economically disadvantaged.[7] As this is not a federal program, the bill does not limit the Commissioner's consideration to the federal regulations. However, following the previous hearing the bill was amended to specify that race, national origin, or gender do not by themselves qualify a person as socially disadvantaged.[8] The new version also sets a net worth limit of $1 million exclusive of a person's interest in the business and any equity in the person's primary residence.[9]

The need for Prop. Intro. 180-A is driven by the fact that there are businesses that are owned and operated by individuals who may not be recognized by a disparity study as suffering from disparate treatment when competing for city contracts, yet who have nevertheless experienced the burden of institutionalized social and economic disadvantage. The EBE bill recognizes the existence of this race and gender-neutral status. It creates a separate and distinct program that affords EBEs opportunities in the same industry categories that are also addressed by the MWBE Program.[10]

Prop. Intro. 180-A establishes the specific goal of 6% of citywide procurement for EBEs in all industry categories that are also addressed by the MWBE Program.[11] The bill also specifies that, "the participation of a certified company shall not be credited toward more than one participation goal."[12] This provision prevents agencies from "double dipping" by counting compliance with one program's participation goals toward the participation goals of other programs. An agency's compliance with its EBE requirements cannot be counted toward its MWBE compliance.

Following the previous hearing the periodic review provision was amended to require the Commissioner to perform a preliminary review one year after enactment of the law, and every two years thereafter.[13] Additionally, the bill now requires information regarding all full or partial waivers of target subcontracting goals to be included in the annual compliance report submitted to the Council.[14]

(The following is the Fiscal Impact Statement for Int. No. 180-A:)

for the Lower Ma———————————

[1] The version of the bill that was considered by the Committee on March 28, 2006 was known as the Disadvantaged Business Enterprise Bill (DBE). The name was changed to avoid confusion with other governmental programs.
[2] §6-129(a).
[3] Local Law 129 was adopted at the end of the previous Council session. It is a race and gender-conscious law that is designed to address the specific racial and gender disparities in procurement that were revealed by a study conducted by Mason Tillman and Associates on behalf of the City Council.

FISCAL IMPACT STATEMENT:

	Effective FY 06	FY Succeeding Effective FY 07	Full Fiscal Impact FY 08
Revenues (+)	$0	$0	$0
Expenditures (-)	$0	$0	$0
Net	$0	$0	$0

IMPACT ON REVENUES: There would be no impact on revenues as a result of the enactment of this legislation.

IMPACT ON EXPENDITURES: Council Finance estimates that enactment of this legislation will be cost neutral as a result of passage of the MWBE legislation last year. Council Finance estimated a potential expense of up to $425,000 annually resulting from the enactment of the MWBE legislation. The cost of the studies is estimated at $250,000 and the cost of additional personnel is estimated at $300,000. However, because the dates in the legislation will require the studies to begin near the end of every other fiscal year, this expense of up to a total of $250,000 for each study will likely carry over and be divided between two fiscal years. Thus, the full cost of personnel, combined with half the cost of the biennial study would lead to a full fiscal impact of $425,000. Implementation of the EBE program will be absorbed by these costs.

DATE SUBMITTED TO COUNCIL: MARCH 1, 2006.

Accordingly, Your Committee recommends its adoption, as amended.

(The following is the text of Int. No. 180-A:)

Int. No. 180-A

By Council Members Reyna, Liu, Gonzalez, Monserrate, Dilan, Martinez, Rivera, Baez, Palma, Arroyo, Clarke, Mark-Viverito, Sanders, Stewart, Foster, Comrie, Dickens, Jackson, James, Mendez and Barron.

A Local Law to amend the charter and the administrative code of the city of New York, in relation to the enhancement of opportunities for emerging business enterprises in city procurement.

Be it enacted by the Council as follows:

Section 1. Subdivisions a, b, d, and e of 1304 of chapter 56 of the New York city charter, as amended local law number 129 for the year 2005, are amended to read as follows:

§1304 Division of Economic and Financial Opportunity. There shall be a division of economic and financial opportunity within the department.

a. The purpose of the division shall be to enhance the ability of minority and women owned business enterprises *and emerging business enterprises* to compete for city contracts, to enhance city agencies' awareness of such business enterprises, and to ensure their meaningful participation in city procurement.

b. The commissioner shall administer, coordinate, and enforce a citywide program established by local law for the identification, recruitment, certification and participation in city procurement of minority and women owned business enterprises *and emerging business enterprises*.

d. The commissioner shall monitor the implementation of all financial, technical, managerial, and bonding assistance programs operated by city agencies to enhance

participation by minority and women owned business enterprises *and emerging business enterprises* in city procurement.

e. The commissioner shall have the following powers and duties to implement the purposes of this section:

1. to direct and assist agencies in their efforts to increase participation by minority and women owned business enterprises *and emerging business enterprises* as contractors and subcontractors in city procurement;

2. to develop standardized forms and reporting documents;

3. to conduct, coordinate and facilitate technical assistance and educational programs;

4. to periodically review the compliance of city agencies with the provisions of local law for the identification, recruitment, certification and participation in city procurement of minority and women owned business enterprises *and emerging business enterprises*;

5. to annually report to the mayor and the council, as required by such local law, on the activities of the division and efforts by agencies to comply with the provisions of such local law;

6. a. to establish and operate, on behalf of the city, a centralized program for the certification of minority owned business enterprises, [and] women owned business enterprises *and emerging business enterprises* for the purposes of establishing the eligibility of such businesses for participation in the programs and processes established pursuant to local law to ensure their meaningful participation in city procurement.

b. For the purposes of such certification, "minority owned business enterprise" and "women owned business enterprise" shall mean business enterprises authorized to do business in this state, including sole proprietorships, partnerships and corporations, in which (i) at least fifty-one percent of the ownership interest is held by United States citizens or permanent resident aliens who are either minority group members or women, (ii) the ownership interest of such persons is real, substantial and continuing, and (iii) such persons have and exercise the authority to control independently the day to day business decisions of the enterprise;

c. For the purposes of such certification, "emerging business enterprise" shall mean a business enterprise authorized to do business in this state, including sole proprietorships, partnerships and corporations, in which (i) at least fifty-one percent of the ownership interest is held by United States citizens or permanent resident aliens; (ii) the ownership interest of such persons is real, substantial and continuing, (iii) such persons have and exercise the authority to control independently the day to day business decisions of the enterprise; and (iv) such persons have demonstrated, in accordance with regulations promulgated by the commissioner, that they are socially and economically disadvantaged. A person who is "socially and economically disadvantaged" shall mean a person who has experienced social disadvantage in American society as a result of causes not common to persons who are not socially disadvantaged, and whose ability to compete in the free enterprise system has been impaired due to diminished capital and credit opportunities as compared to others in the same business area who are not socially disadvantaged. A person's race, national origin, or gender by itself, shall not qualify the person as "socially disadvantaged." In drafting such regulations, the commissioner shall consider criteria developed for federal programs established to promote opportunities for businesses owned by persons who are socially and economically disadvantaged, including criteria for determining initial and continued eligibility in relation to the net worth of persons claiming to be economically disadvantaged, provided that the net worth of a person claiming disadvantage pursuant to this section must be less than one million dollars. In determining such net worth, the department shall exclude the ownership interest in the business enterprise and the equity in the primary personal residence.

[c]*d.* To be eligible for certification, a business enterprise shall have a real and substantial business presence in the market for the city of New York, as defined by the commissioner pursuant to local law.

7. to audit such business enterprises and periodically review and in appropriate cases recertify their eligibility for participation in programs established pursuant to local law;

8. to direct and assist city agencies in their efforts to increase participation by minority owned business enterprises, [and] women owned business enterprises *and emerging business enterprises* in any city-operated financial, technical, and management assistance program;

9. to assist all business enterprises certified pursuant to this section in becoming prequalified for all categories of procurement for which they may be eligible and for which contracting agencies utilize prequalification in the procurement process;

10. to prepare and periodically update a directory of such city certified business enterprises for use by city agencies and contractors and develop a clearinghouse of information on programs and services available to such business enterprises; and

11. to provide such assistance to [certified] business enterprises interested in being certified as is needed to ensure that such businesses benefit from city technical, managerial, and financial assistance, and other business development programs.

§2. Paragraph 8 of subdivision b of section 311 of the charter of the city of New York, as added by local law number 129 for the year 2005, is amended to read as follows:

8. rules relating to the making of small purchases in a manner that will advance the purposes of the program for minority- and women-owned business enterprises *and emerging business enterprises* established pursuant to subdivision b of section thirteen hundred four.

§3. Subdivisions a and c of section 6-129 of the administrative code of the city of New York, as added by local law number 129 for the year 2005, are amended to read as follows:

§6-129. Participation by minority-owned and women-owned business enterprises and emerging business enterprises in city procurement. a. [Program] Programs established. There [is] are hereby established a program, to be administered by the department of small business services in accordance with the provisions of this section, designed to enhance participation by minority-owned and women-owned business enterprises in city procurement *and a program, also to be administered by such department in accordance with the provisions of this section, designed to enhance participation by emerging business enterprises in city procurement.*

c. Definitions. For purposes of this section, the following terms shall have the following meaning:

(1) "Agency" means a city, county, borough, or other office, position, administration, department, division, bureau, board or commission, or a corporation, institution or agency of government, the expenses of which are paid in whole or in part from the city treasury.

(2) "Agency chief contracting officer" means the person to whom an agency head has delegated authority to organize and supervise the agency's procurement activity.

(3) "Availability rate" means the percentage of business enterprises within an industry classification that are owned by minorities, [or] women or persons who are socially and economically disadvantaged willing and able to perform agency contracts.

(4) "Bidder" means any person submitting a bid or proposal in response to a solicitation for such bid or proposal from an agency.

(5) "Bidders list" or "proposers list" means a list maintained by an agency that includes persons from whom bids or proposals can be solicited.

(6) "City" means the city of New York.

(7) "City chief procurement officer" means the person to whom the mayor has delegated authority to coordinate and oversee the procurement activity of mayoral agency staff, including the agency chief contracting officers and any offices that have oversight responsibility for procurement.

(8) "Commercially useful function" means a real and actual service that is a distinct and verifiable element of the work called for in a contract. In determining whether an MBE, [or] WBE *or EBE* is performing a commercially useful function, factors including but not limited to the following shall be considered:

(i) whether it has the skill and expertise to perform the work for which it is being utilized, and possesses all necessary licenses;

(ii) whether it is in the business of performing, managing or supervising the work for which it has been certified and is being utilized; and

(iii) whether it purchases goods and/or services from another business and whether its participation in the contract would have the principal effect of allowing it to act as a middle person or broker in which case it may not be considered to be performing a commercially useful function for purposes of this section.

(9) "Commissioner" shall mean the commissioner of small business services.

(10) "Construction contract" means any agreement with an agency for or in connection with the construction, reconstruction, demolition, excavation, renovation, alteration, improvement, rehabilitation, or repair of any building, facility, physical structure of any kind.

(14) "Division" shall mean the division of economic and financial opportunity within the department of small business services.

(15) "Geographic market of the city" means the following counties: Bronx, Kings, New York, Queens, Richmond, Nassau, Putnam, Rockland, Suffolk and Westchester within the State of New York; and Bergen, Hudson, and Passaic within the state of New Jersey.

(16) "Goal" means a numerical target.

(17) "Graduate MBE," [or] "graduate WBE" *or "graduate EBE"* means an MBE, [or] WBE *or EBE* which shall have been awarded [$15 million or more in] prime contracts by one or more agencies within the past three years *where the*total city funding from the expense and capital budgets for such contracts was equal to or greater than fifteen million dollars.

(18) "Industry classification" means one of the following classifications:

(i) construction;

(ii) professional services;

(iii) standard services; and

(iv) goods.

(19) "Joint venture" means an association, of limited scope and duration, between two or more persons who have entered into an agreement to perform and/or provide services required by a contract, in which each such person contributes property, capital, effort, skill and/or knowledge, and in which each such person is entitled to share in the profits of the venture in reasonable proportion to the economic value of its contribution.

(20) "MBE" means a minority-owned business enterprise certified in accordance with section 1304 of the charter.

(21) "Minority group" means Black Americans; Asian Americans, and Hispanic Americans, provided that the commissioner shall be authorized to add additional groups to this definition upon a finding that there is statistically significant disparity between the availability of firms owned by persons in such a group and the utilization of such firms in city procurement.

(22) "Person" means any business, individual, partnership, corporation, firm, company, or other form of doing business.

(23) "Professional services" means services that require specialized skills and the exercise of judgment, including but not limited to accountants, lawyers, doctors, computer programmers and consultants, architectural and engineering services, and construction management services.

(24) "Qualified joint venture agreement" means a joint venture between one or more MBEs, [and/or] WBES, *and/or EBEs* and another person, in which the percentage of profit to which the certified firm or firms is entitled for participation in the contract, as set forth in the joint venture agreement, is at least 25% of the total profit.

(25) "Scope of work" means specific tasks required in a contract and/or services or goods that must be provided to perform specific tasks required in a contract.

(26) "Standard services" means services other than professional services.

(27) "Subcontractor" means a person who has entered into an agreement with a contractor to provide something that is required pursuant to a contract.

(28) "Utilization rate" means the percentage of total contract expenditures expended on contracts or subcontracts with firms that are owned by women, [or] minorities, *or persons who are socially and economically disadvantaged*, respectively, in one or more industry classifications.

(29) "WBE" means a women-owned business enterprise certified in accordance with section 1304 of the charter.

(30) "EBE" means an emerging business enterprise certified in accordance with section 1304 of the charter.

§4. Subdivisions d, e, f, g, h, i, j, k, l, n, o and q of section 6-129 of the administrative code of the city of New York, as added by local law number 129 for the year 2005, are amended to read as follows:

d. Citywide goals. (1) The citywide contracting participation goals for MBEs, WBEs and EBEs shall be as follows:

For construction contracts under one million dollars:

Category:	Participation goal:
Black Americans	12.63% of total annual agency expenditures on such contracts
Hispanic Americans	9.06% of total annual agency expenditures on such contracts
Emerging	*6% of total annual agency expenditures on such contracts*

For professional services contracts under one million dollars:

Hispanic Americans	5% of total annual agency expenditures on such contracts
Caucasian females	16.5% of total annual agency expenditures on such subcontracts
Emerging	*6% of total annual agency expenditures on such contracts*

(2) Agencies shall develop agency utilization plans pursuant to subdivision g of this section. Agencies shall seek to ensure substantial progress toward the attainment of each of these goals in as short a time as practicable.

(3) The citywide goals shall not be summarily adopted as goals for individual procurements; rather, as set forth in subdivision i of this section, goals for such procurements may be set at levels higher, lower, or the same as the citywide goals.

(4)(A) Beginning twelve months after the effective date of the local law that added this section and every two years thereafter, the commissioner, in consultation with the city chief procurement officer, shall, for each industry classification and each minority group, review and compare the availability rates of firms owned by minorities and women to the utilization rates of such firms in agency contracts and subcontracts, and shall on the basis of such review and any other relevant information, where appropriate, revise by rule the citywide participation goals set forth in this subdivision. In making such revision, the commissioner shall consider the extent to which discrimination continues to have an impact on the ability of minorities and women to compete for city contracts and subcontracts. The commissioner shall submit the results of such review and any proposed revisions to the participation goals to the speaker of the council at least sixty days prior to publishing a proposed rule that would revise participation goals.

(B) Beginning twelve months after the effective date of the local law that added this section and every two years thereafter, the commissioner shall review information collected by the department to determine the availability and utilization of EBEs, and shall on the basis of such review and any other relevant information, where appropriate, revise by rule the citywide participation goals set forth in this subdivision. Such revised goals shall be set at a level intended to assist in overcoming the impact of discrimination on such businesses.

e. Responsibilities of the division. (1) The division shall create and maintain and periodically update directories by industry classification of MBEs, [and] WBES, *and EBEs* which it shall supply to all agencies, post on its website and on other relevant city websites and make available for dissemination and/or public inspection at its offices and other locations within each borough.

(2) The division shall make its resources available to assist agencies and contractors in (i) determining the availability of MBEs, [and] WBES, *and EBEs* to participate in their contracts as prime contractors and/or subcontractors; and (ii) identifying opportunities appropriate for participation by MBEs, [and] WBES, *and EBEs* in contracts.

(3) The division shall develop and maintain relationships with organizations representing contractors, including MBEs, [and] WBES, *and EBEs* , and solicit their support and assistance in efforts to increase participation of MBEs, [and] WBES, *and EBEs* in city procurement.

(4) The division shall coordinate with city and state entities that maintain databases of MBEs, [and] WBES, *and EBEs* and work to enhance city availability data and directories.

(5) The division shall keep agency M/WBE *and EBE* officers informed of conferences, contractor fairs, and other services that are available to assist them in pursuing the objectives of this section.

(6) The division shall conduct, coordinate and facilitate technical assistance and educational programs for MBEs, [and] WBES, *and EBEs* and other contractors designed to enhance participation of MBEs, [and] WBES, *and EBEs* in city procurement. The division shall further develop a clearinghouse of information on programs and services available to MBEs, [and] WBES, *and EBEs* .

(7) The division shall develop standardized forms and reporting documents for agencies and contractors to facilitate the reporting requirements of this section.

(8) The division shall direct and assist agencies in their efforts to increase participation by MBEs, [and] WBES, *and EBEs* in any city-operated financial, technical, and management assistance program.

(9) The division shall study and recommend to the commissioner methods to streamline the M/WBE *and EBE* certification process.

(10) Each fiscal year the division, in consultation with the city chief procurement officer, shall audit at least 5% of all contracts for which utilization plans are established in accordance with subdivision i of this section and 5% of all contracts awarded to MBEs, [and] WBES, *and EBEs* to assess compliance with this section. All solicitations for contracts for which utilization plans are to be established shall include notice of potential audit.

(11) The division shall assist agencies in identifying and seeking ways to reduce or eliminate practices such as bonding requirements or delays in payment by prime

contractors that may present barriers to competition by MBEs, [and] WBES, and EBEs .

f. Responsibilities of agency M/WBE officers. Each agency head shall designate a deputy commissioner or other executive officer to act as the agency M/WBE officer who shall be directly accountable to the agency head concerning the activities of the agency in carrying out its responsibilities pursuant to this section. The duties of the M/WBE officer shall include, but not be limited to:

(i) creating the agency's utilization plan in accordance with subdivision g of this section;

(ii) acting as the agency's liaison with the division;

(iii) acting as a liaison with organizations and/or associations of MBEs, [and] WBEs, *and EBEs*, informing such organizations and/or associations of the agency's procurement procedures, and advising them of future procurement opportunities;

(iv) ensuring that agency bid solicitations and requests for proposals are sent to MBEs, [and] WBEs, *and EBEs* in a timely manner, consistent with this section and rules of the procurement policy board;

(v) referring MBEs, [and] WBEs, *and EBEs* to technical assistance services available from agencies and other organizations;

(vi) reviewing requests for waivers *of target subcontracting percentages* and/or modifications of participation goals and contractor utilization plans in accordance with [paragraph 13] *paragraphs 11 and/or 12* of subdivision i of this section;

(vii) working with the division and city chief procurement officer in creating directories as required pursuant to subdivision k of this section. In fulfilling this duty, the agency M/WBE officer shall track and record each contractor that is an MBE, [or] WBE *or EBE* and each subcontractor hired pursuant to such officer's agency contracts that is an MBE, [or] WBE *or EBE*, and shall share such information with the commissioner and the city chief procurement officer;

(viii) for contracts for which utilization goals have been established pursuant to subdivision i of this section, monitoring each contractor's compliance with its utilization plan by appropriate means, which shall include, but need not be limited to, job site inspections, contacting MBEs, [and] WBEs *and EBEs* identified in the plan to confirm their participation, and auditing the contractor's books and records;

(ix) monitoring the agency's procurement activities to ensure compliance with its agency utilization plan and progress towards the participation goals as established in such plan; and

(x) providing to the city chief procurement officer information for the reports required in subdivision l of this section and providing any other plans and/or reports required pursuant to this section or requested by the city chief procurement officer.

g. Agency utilization plans. (1) Beginning May 15, 2006, and on April 1 of each year thereafter, each agency which has made procurements in excess of five million dollars during the fiscal year which ended on June 30 of the preceding calendar year shall submit an agency utilization plan for the fiscal year commencing in July of the year when such plan is to be submitted to the commissioner. Upon approval by the commissioner such plan shall be submitted to the speaker of the council. Each such plan shall, at a minimum, include the following:

(i) the agency's participation goals for MBEs, [and] WBEs *and EBEs* for the year;

(ii) an explanation for any agency goal that is different than the participation goal for the relevant group and industry classification as determined pursuant to subdivision d of this section;

(iii) a list of the names and titles of agency personnel responsible for implementation of the agency utilization plan;

(iv) methods and relevant activities proposed for achieving the agency's participation goals; and

(v) any other information which the agency or the commissioner deems relevant or necessary.

(2) An agency utilization plan may be amended from time to time to reflect changes in the agency's projected expenditures or other relevant circumstances and resulting changes in such agency's participation goals. Such amendments shall be submitted to the commissioner, the city chief procurement officer and the speaker of the council at least thirty days prior to implementation.

h. Achieving agency participation goals. (1) Each agency head shall be directly accountable for the goals set forth in his or her agency's utilization plan.

(2) Each agency shall make all reasonable efforts to meet the participation goals established in its agency utilization plan. Agencies shall, at a minimum, use the following methods to achieve participation goals:

(i) Agencies shall engage in outreach activities to encourage MBEs, [and] WBEs *and EBEs* to compete for all facets of their procurement activities, including contracts awarded by negotiated acquisition, emergency and sole source contracts, and each agency shall seek to utilize MBEs, *WBEs* and/or [WBEs] *EBEs* for all types of goods, services and construction they procure.

(ii) Agencies shall encourage eligible businesses to apply for certification as MBEs, [and] WBEs *and EBEs* and inclusion in the directories of MBEs, [and] WBEs *and EBEs*. Agencies shall also encourage MBEs, [and] WBEs *and EBEs* to have their names included on their bidders lists, seek pre-qualification where applicable, and compete for city business as contractors and subcontractors. Agencies are encouraged to advertise procurement opportunities in general circulation media, trade and professional association publications and small business media, and publications of minority and women's business organizations, and send written notice of specific procurement opportunities to minority and women's business organizations.

(iii) All agency solicitations for bids or proposals shall include information referring potential bidders or proposers to the directories of MBEs, [and] WBEs *and EBEs* prepared by the division.

(iv) In planning procurements, agencies shall consider the effect of the scope, specifications and size of a contract on opportunities for participation by MBEs, [and] WBEs *and EBEs*.

(v) For construction contracts, agencies shall consider whether to enter into separate prime contracts for construction support services including, but not limited to, trucking, landscaping, demolition, site clearing, surveying and site security.

(vi) Prior to soliciting bids or proposals for contracts valued at over ten million dollars, an agency shall submit the bid or proposal to the city chief procurement officer for a determination whether it is practicable to divide the proposed contract into smaller contracts and whether doing so will enhance competition for such contracts among MBEs, [and] WBEs *and EBEs* and other potential bidders or proposers. If the city chief procurement officer determines that it is both practicable and advantageous in light of cost and other relevant factors to divide such contracts into smaller contracts, then he or she shall direct the agency to do so.

(vii) Agencies shall examine their internal procurement policies, procedures and practices and, where practicable, address those elements, if any, that may negatively affect participation of MBEs, [and] WBEs *and EBEs* in city procurement.

(viii) Agency M/WBE officers shall, in accordance with guidelines established by the city chief procurement officer, establish a process for quarterly meetings with MBEs, [and] WBEs *and EBEs* to discuss what the agency looks for in evaluating bids and proposals.

(ix) Agencies shall encourage prime contractors to enter joint venture agreements with MBEs, [and] WBEs *and EBEs* .

i. Participation goals for construction and professional services contracts. (1) Prior to issuing the solicitation of bids or proposals for individual construction and professional services contracts, agencies shall establish a target subcontracting percentage for the contract and participation goals for MBEs, [and] WBEs *and EBEs*. The "target subcontracting percentage" for the contract shall represent the percentage of the total contract which the agency anticipates a typical prime contractor in the relevant industry would in the normal course of business award to one or more subcontractors for amounts under one million dollars. The participation goals established for a contract shall represent a percentage of the total dollar value of all subcontracts for amounts under one million dollars pursuant to the award. Such goals may be greater than, less than or the same as the relevant citywide goal or goals established pursuant to subdivision d of this section. In determining the participation goals for a particular contract, an agency shall consider the following factors:

(i) the scope of work;

(ii) the availability of MBEs, [and] WBEs *and EBEs* able to perform the particular tasks required in the contract;

(iii) the extent to which the type of work involved in the contract presents subcontracting opportunities for amounts under one million dollars;

(iv) the agency's progress to date toward meeting its annual participation goals through race-neutral, gender-neutral and other means, and the agency's expectations as to the effect such methods will have on participation of MBEs, [and] WBEs *and EBEs* in the agency's future contracts; and

(v) any other factors the contracting agency deems relevant.

(2) A contracting agency shall not be required to establish participation goals (i) for procurements described in subdivision q of this section; or

(ii) when the agency has already attained the relevant goal in its annual utilization plan, or expects that it will attain such goal without the use of such participation goals.

(3) For each contract in which a contracting agency has established participation goals, such agency shall state in the solicitation for such contract that bidders and/or proposers shall be required to agree as a material term of the contract that, with respect to the total amount of the contract to be awarded to one or more subcontractors pursuant to subcontracts for amounts under one million dollars, the contractor shall be subject to participation goals unless such goals are modified by the agency in accordance with this section.

(4) For each contract in which participation goals are established, the agency shall include in its solicitation and/or bidding materials, a referral to the directories prepared by the division pursuant to this section.

(5) For each contract for which participation goals are established the contractor shall be required to submit with its bid or proposal, a utilization plan indicating the percentage of the work it intends to subcontract, and the percentage of work it intends to award to subcontractors for amounts under one million dollars, and, in cases where the contractor intends to award subcontracts for amounts under one million dollars, a description of the type and dollar value of work designated for participation by MBEs, [and/or] WBEs *and/or EBEs*, and the time frames in which such work is scheduled to begin and end. When the utilization plan indicates that the bidder or proposer does not intend to award the target subcontracting percentage, the bid or proposal shall not be deemed responsive unless the agency has granted a pre-award waiver pursuant to paragraph 11 of this subdivision.

(6) For each contract for which a utilization plan has been submitted, the contracting agency shall require that within thirty days of the issuance of notice to proceed, the contractor submit a list of persons to which it intends to award subcontracts within the next twelve months. In the event that a contracting agency disapproves a contractor's selection of a subcontractor or subcontractors, the contracting agency shall allow such contractor a reasonable time to propose alternate subcontractors.

(7) For each contract for which a utilization plan has been submitted, the contractor shall, with each voucher for payment, and/or periodically as the agency may require, submit statements, certified under penalty of perjury, which shall include, but not be limited to, the total amount paid to subcontractors (including subcontractors that are not MBEs, [or] WBEs *or EBEs*); the names, addresses and contact numbers of each MBE, [or] WBE *or EBE* hired as a subcontractor pursuant to such plan as well as the dates and amounts paid to each MBE, [or] WBE *or EBE*. The contractor shall also submit, along with its voucher for final payment, the total amount paid to subcontractors (including subcontractors that are not MBEs, *[or] WBEs or EBEs*); and a final list, certified under penalty of perjury, which shall include the name, address and contact information of each subcontractor that is an MBE, *WBE* or [WBE] *EBE* hired pursuant to such plan, the work performed by, and the dates and amounts paid to each.

(8) If payments made to, or work performed by, MBEs, [or] WBEs *or EBEs* are less than the amount specified in the contractor's utilization plan, the agency shall take appropriate action in accordance with subdivision o of this section, unless the contractor has obtained a modification of its utilization plan pursuant to paragraph 12 of this subdivision.

(9) When advertising a solicitation for bids or proposals for a contract for which a participation goal has been established, agencies shall include in the advertisement a general statement that the contract will be subject to participation goals for MBEs, *WBEs* and/or [WBEs] *EBEs*.

(10) In the event that a contractor with a contract that includes a utilization plan submits a request for a change order the value of which exceeds ten percent of such contract, the agency shall establish participation goals as if for a new contract for the work to be performed pursuant to such change order.

(11) Pre-award waiver. (i) Subject to subparagraph (ii) of this paragraph, the contracting agency may grant a full or partial waiver of the target subcontracting percentage to a bidder or proposer who demonstrates that it has legitimate business reasons for proposing the level of subcontracting in its utilization plan. The contracting agency shall make its determination in light of factors which shall include, but not be limited to, whether the bidder or proposer has the capacity and the bona fide intention to perform the contract without any subcontracting, or to perform the contract without awarding the amount of subcontracts for under one million dollars represented by the target subcontracting percentage. In making such determination, the agency may consider whether the utilization plan is consistent with past subcontracting practices of the bidder or proposer, and whether the bidder or proposer has made good faith efforts to identify portions of the contract that it intends to subcontract. Within thirty days of the registration of a contract, the city chief contracting officer shall notify the council of any such waiver granted with respect to the contract.

(ii) The agency M/WBE officer shall provide written notice of requests for a full or partial waiver of the target subcontracting percentage to the division and the city chief procurement officer and shall not approve any such request without the approval of the city chief procurement officer, provided that the city chief procurement officer, upon adequate assurances of an agency's ability to administer its utilization plan in accordance with the provisions of this section, may determine that further approval from the city chief procurement officer is not required with respect to such requests for an agency's contracts or particular categories of an agency's contracts. The city chief procurement officer shall notify the speaker of the council in writing within [seven] *thirty* days of the [approval] *registration* of a *contract for which a* request for a full or partial waiver of a target subcontracting percentage *was granted*, provided that where an agency has been authorized to grant waivers without approval of the chief procurement officer, such notice shall be provided to the speaker of the council by the agency. Such notification shall include, but not be limited to, the name of contractor, the original target subcontracting percentage, the waiver request, including all documentation, and an explanation for the approval of such request.

(12) Modification of utilization plans. (i) A contractor may request modification of its utilization plan after the award of a contract. Subject to subparagraph (ii) of this paragraph, an agency may grant such request if it determines that such contractor has established, with appropriate documentary and other evidence, that it made all reasonable, good faith efforts to meet the goals set by the agency for the contract. In making such determination, the agency shall consider evidence of the following efforts, as applicable, along with any other relevant factors:

(A) The contractor advertised opportunities to participate in the contract, where appropriate, in general circulation media, trade and professional association publications and small business media, and publications of minority and women's business organizations;

(B) The contractor provided notice of specific opportunities to participate in the contract, in a timely manner, to minority and women's business organizations;

(C) The contractor sent written notices, by certified mail or facsimile, in a timely manner, to advise MBEs, [or] WBEs *or EBEs* that their interest in the contract was solicited;

(D) The contractor made efforts to identify portions of the work that could be substituted for portions originally designated for participation by MBEs, *WBEs* and/or [WBEs] *EBEs* in the contractor utilization plan, and for which the contractor claims an inability to retain MBEs, *WBEs* or [WBEs]*EBEs*;

(E) The contractor held meetings with MBEs, *WBEs* and/or [WBEs]*EBEs* prior to the date their bids or proposals were due, for the purpose of explaining in detail the scope and requirements of the work for which their bids or proposals were solicited;

(F) The contractor made efforts to negotiate with MBEs, *WBEs* and/or [WBEs]*EBEs* as relevant to perform specific subcontracts, or act as suppliers or service providers;

(G) Timely written requests for assistance made by the contractor to the agency M/WBE liaison officer and to the division;

(H) Description of how recommendations made by the division and the contracting agency were acted upon and an explanation of why action upon such recommendations did not lead to the desired level of participation of MBEs, *WBEs* and/or [WBEs]*EBEs*.

(ii) The agency M/WBE officer shall provide written notice of requests for such modifications to the division and the city chief procurement officer and shall not approve any such request for modification without the approval of the city chief procurement officer, provided that the city chief procurement officer, upon adequate assurances of an agency's ability to administer its utilization plan in accordance with the provisions of this section, may determine that further approval from the city chief procurement officer is not required with respect to such requests for an agency's contracts or particular categories of an agency's contracts. The city chief procurement officer, shall notify the speaker of the council in writing within seven days of the approval of a request for modification of a utilization plan, provided that where an agency has been authorized to grant modifications without approval of the chief procurement officer, such notice shall be provided to the speaker of the council by the agency. Such notification shall include, but not be limited to, the name of the contractor, the original utilization plan, the modification request, including all documentation, and an explanation for the approval of such request.

(iii) The agency M/WBE officer shall provide written notice to the contractor of its determination that shall include the reasons for such determination.

(13) For each contract in which a contracting agency has established participation goals, the agency shall evaluate and assess the contractor's performance in meeting [such goals] *each such goal*. Such evaluation and assessment shall be a part of the contractor's overall contract performance evaluation required pursuant to section 333 of the charter.

j. Determining credit for MBE, *WBE* and [WBE] *EBE* participation. (1) An agency's achievement of its annual goals shall be calculated as follows:

(i) The total dollar amount that an agency has paid or is obligated to pay to a [primecontractor] *prime contractor* which is an MBE, *WBE* or [WBE] *EBE* may be credited toward the relevant goal.

(ii) The total dollar amount that a prime contractor has paid or is obligated to pay to a subcontractor which is an MBE, [or] WBE *or EBE* may be credited toward the relevant goal.

(iii) For requirements contracts, credit may be given for the actual dollar amount paid under the contract.

(iv) Where one or more MBEs, [or] WBEs *or EBEs* is participating in a qualified joint venture, the dollar amount of the percentage of total profit to which MBEs, *WBEs* or [WBEs]*EBEs* are entitled pursuant to the joint venture agreement shall be credited toward the relevant goal.

(v) No credit shall be given for participation in a contract by an MBE, *WBE* or [WBE]*EBE* that does not perform a commercially useful function.

(vi) No credit shall be given for the participation in a contract by any company that has not been certified as an MBE, [or] WBE *or EBE* in accordance with section 1304 of the charter.

(vii) In the case of a contract for which the contractor is paid on a commission basis, the dollar amount of the contract may be determined on the basis of the commission earned or reasonably anticipated to be earned under the contract.

(viii) No credit shall be given to a contractor for participation in a contract by a graduate MBE, [or] WBE or EBE.

(ix) The participation of a certified company shall not be credited toward more than one participation goal.

(2) A contractor's achievement of [the goals] each goal established in its utilization plan shall be calculated in the same manner as described for calculating the achievement of agency utilization goals as described in paragraph (1) of this subdivision; provided that no credit shall be given to the contractor for the participation of a company that is not certified in accordance with section 1304 of the charter before the date that the agency approves the subcontractor.

k. Small purchases. (1) Each agency shall, consistent with the participation goals established in subdivision d of this section and such agency's [M/WBE] utilization plan, establish goals for purchases valued at or below five thousand dollars which shall be made from MBEs, *WBEs* and/or [WBEs] *EBEs*.

(2) Whenever an agency solicits bids or proposals for small purchases pursuant to section three hundred fourteen of the charter, the agency shall maintain records identifying the MBEs, *[and]* WBEs and EBEs it solicited, which shall become part of the contract file.

l. Compliance reporting. (1) The city chief procurement officer, in consultation with the division shall prepare and submit semiannual reports to the speaker of the council as described in this section. A preliminary report containing information for the fiscal year in progress shall be submitted to the speaker of the council by April 1, 2007, and annually thereafter, and a final report containing information for the preceding fiscal year shall be submitted to the speaker of the council by October 1, 2007 and annually thereafter. The reports, which shall also be posted on the division's website, shall contain the following information, disaggregated by agency:

(i) the number and total dollar value of contracts awarded, disaggregated by industry classification, provided that contracts for amounts under five thousand dollars need not be disaggregated by industry;

(ii) the number and total dollar value of contracts awarded to MBEs, *[and]* WBEs *and EBEs*, disaggregated by minority and gender group and industry classification, provided that contracts for amounts under five thousand dollars need not be disaggregated by industry;

(iii) the total number and total dollar value of contracts awarded valued at less than five thousand dollars and the total number and total dollar value of such contracts awarded to MBEs, *[and]* WBEs *and EBEs*, disaggregated by minority and gender group;

(iv) the total number and total dollar value of contracts awarded valued at between five thousand and one hundred thousand dollars and the total number and total dollar value of such contracts awarded to MBEs, *[and]* WBEs *and EBEs*, disaggregated by minority and gender group and industry classification;

(v) the total number and total dollar value of contracts awarded valued at between one hundred thousand dollars and one million dollars and the total number and total dollar value of such contracts awarded to MBEs, *[and]* WBEs *and EBEs*, disaggregated by minority and gender group and industry classification;

(vi) the total number and total dollar value of contracts awarded valued at over one million dollars and the total number and total dollar value of such contracts awarded to MBEs, *[and]* WBEs *and EBEs*, disaggregated by minority and gender group and industry classification;

(vii) for those contracts for which an agency set participation goals in accordance with subdivision i of this section:

A. The number and total dollar amount of such contracts disaggregated by industry classification;

B. the number and total dollar value of such contracts that were awarded to qualified joint ventures and the total dollar amount attributed to the MBE, *WBE* or [WBE]*EBE* joint venture partners, disaggregated by minority and gender group and industry classification;

C. The number and total dollar value of subcontracts entered into pursuant to such contracts and the number and total dollar amount of such subcontracts awarded to MBEs, *[and]* WBEs *and EBEs*, disaggregated by minority and gender group and industry classification; and

D. *a list of the full or partial waivers of target subcontracting percentages granted for such contracts pursuant to paragraph 11 of subdivision i of this section, and the number and dollar amount of those contracts for which such waivers were granted, disaggregated by industry classification*;

E. a list of the requests for [waiver or] modification of participation requirements for such contracts made pursuant to paragraph 12 of subdivision i of this section and the determinations made with respect to such requests, and the number and dollar amount of those contracts for which such [waivers or] modifications were granted, disaggregated by industry classification;

(viii) a detailed list of each complaint received pursuant to paragraph 1 of subdivision o of this section which shall, at a minimum, include the nature of each complaint and the action taken in investigating and addressing such complaint including whether and in what manner the enforcement provisions of subdivision o of this section were invoked and the remedies applied;

(ix) a detailed list of all non-compliance findings made pursuant to paragraph 4 of subdivision o of this section and actions taken in response to such findings;

(x) the number of firms certified or recertified in accordance with section 1304 of the charter during the six months immediately preceding such report;

(xi) the number and percentage of contracts audited pursuant to section paragraph 10 of subdivision e of this section and a summary of the results of each audit.

(xii) a summary of efforts to reduce or eliminate barriers to competition as required pursuant to paragraph 11 of subdivision e of this section;

A list of all solicitations submitted to the city chief procurement officer pursuant to subparagraph vi of paragraph 2 of subdivision h of this section and a summary of the determination made regarding each such submission; and

(xiv) any other information as may be required by the commissioner.

(2) The annual reports submitted in October shall, in addition, contain a determination made by the commissioner, as to whether each agency has made substantial progress toward achieving its utilization goals and whether the city has made substantial progress toward achieving the citywide goals established pursuant to subdivision d of this section. The first three annual reports shall also include detailed information about steps that agencies have taken to initiate and ramp up their efforts to comply with the requirements this section.

(3) The data that provide the basis for the reports required by this subdivision shall be made available electronically to the council at the time the reports are submitted.

n. Pre-qualification. An agency establishing a list of pre-qualified bidders or proposers may deny pre-qualification to prospective contractors who fail to demonstrate in their application for pre-qualification that they have complied with applicable federal, state and local requirements for participation of MBEs, *[and]* WBEs *and EBEs* in procurements. A denial of pre-qualification may be appealed pursuant to applicable procurement policy board rules.

o. Enforcement. (1) Any person who believes that a violation of the requirements of this section, rules promulgated pursuant to its provisions, or any provision of a contract that implements this section or such rules, including, but not limited to, any contractor utilization plan, has occurred may submit a complaint in writing to the division, the city chief procurement officer and the comptroller. Such complaint shall be signed and dated. The division shall promptly investigate such complaint and determine whether there has been a violation.

(2) Any complaint alleging fraud, corruption or other criminal behavior on, the part of a bidder, proposer, contractor, subcontractor or supplier shall be referred to the commissioner of the department of investigation.

(3) Contract award. (i) When an agency receives a protest from a bidder or proposer regarding a contracting action that is related to this section, the agency shall send copies of the protest and any appeal thereof, and any decisions made on the protest or such appeal, to the division and the comptroller.

(ii) Whenever a contracting agency has determined that a bidder or proposer has violated this section, or rules promulgated pursuant to its provisions, the agency may disqualify such bidder or proposer from competing for such contract and the agency may revoke such bidder's or proposer's prequalification status.

(4) Contract administration. (i) Whenever an agency believes that a contractor or a subcontractor is not in compliance with this section, rules promulgated pursuant to its provisions or any provision of a contract that implements this section, including, but not limited to any contractor utilization plan, the agency shall send a written notice to the city chief procurement officer, the division and the contractor describing the alleged noncompliance and offering an opportunity to be heard. The agency shall then conduct an investigation to determine whether such contractor or subcontractor is in compliance.

(ii) In the event that a contractor has been found to have violated this section, rules promulgated pursuant to its provisions, or any provision of a contract that implements this section, including, but not limited any contractor utilization plan, the contracting agency shall, after consulting with the city chief procurement officer and the division, determine whether any of the following actions should be taken:

(A) enter an agreement with the contractor allowing the contractor to cure the violation;

(B) revoke the contractor's pre-qualification to bid or make proposals for future contracts;

(C) make a finding that the contractor is in default of the contract;

(D) terminate the contract;

(E) declare the contractor to be in breach of contract;

(F) withhold payment or reimbursement;

(G) determine not to renew the contract;

(H) assess actual and consequential damages;

(I) assess liquidated damages or reduction of fees, provided that liquidated damages may be based on amounts representing costs of delays in carrying out the purposes of the program established by this section, or in meeting the purposes of the contract, the costs of meeting utilization goals through additional procurements, the administrative costs of investigation and enforcement, or other factors set forth in the contract;

(J) exercise rights under the contract to procure goods, services or construction from another contractor and charge the cost of such contract to the contractor that has been found to be in noncompliance; or

(K) take any other appropriate remedy.

(5) To the extent available pursuant to rules of the procurement policy board, a contractor may seek resolution of a dispute regarding a contract related to this section. The contracting agency shall submit a copy of such submission to the division.

(6) Whenever an agency has reason to believe that an MBE, [or] WBE *or EBE* is not qualified for certification, or is participating in a contract in a manner that does not serve a commercially useful function, or has violated any provision of this section, the agency shall notify the commissioner who shall determine whether the certification of such business enterprise should be revoked.

(7) Statements made in any instrument submitted to a contracting agency pursuant to these rules shall be submitted under penalty of perjury and any false or misleading statement or omission shall be grounds for the application of any applicable criminal and/or civil penalties for perjury. The making of a false or fraudulent statement by an MBE, [or] WBE *or EBE* in any instrument submitted pursuant to these rules shall, in addition, be grounds for revocation of its certification.

(8) A contractor's record in implementing its contractor utilization plan shall be a factor in the evaluation of its performance. Whenever a contracting agency determines that a contractor's compliance with a contractor utilization plan has been unsatisfactory, the agency shall, after consultation with the city chief procurement officer, file an advice of caution form for inclusion in VENDEX as caution data.

q. Applicability. Agencies shall not be required to apply participation requirements to the following types of contracts :

(i) those subject to federal or state funding requirements which preclude the city from imposing the requirements of this subdivision;

(ii) those subject to federal or state law participation requirements for MBEs, *WBEs* and/or [WBEs]*EBEs*;

(iii) contracts between agencies;

(iv) procurements made through the united states general services administration or another federal agency, or through the New York state office of general services or another state agency, or any other governmental agency.

(v) emergency procurements pursuant to section three hundred fifteen of the charter;

(vi) sole source procurements pursuant to section three hundred twenty-one of the charter;

(vii) small purchases as defined pursuant to section three hundred fourteen of the charter; and

(viii) contracts awarded to not-for-profit organizations.

§5. Severability. If any section, subsection, paragraph, sentence, clause, phrase or

other portion of this local law is, for any reason, declared unconstitutional or invalid, in whole or in part, by any court of competent jurisdiction, such portion shall be deemed severable, and such unconstitutionality or invalidity shall not affect the validity of the remaining portions of this law, which remaining portions shall continue in full force and effect.

§6. Effective date. a. Sections 1, 2, 3 and 5 of this local law shall take effect immediately, and section 4 of this local law shall take effect 180 days after the date of enactment of this local law; provided that any agency, including, but not limited to, the procurement policy board, may take actions necessary, including rulemaking, to implement the requirements of this local law prior to its effective date.

b. The council shall review the annual reports prepared pursuant to this local law and take action to repeal provisions for participation goals upon finding that such provisions are no longer necessary to address the impact of discrimination on the city's procurement.

YVETTE D. CLARKE, Chairperson; ROBERT JACKSON, JOHN C. LIU, DAVID I. WEPRIN, MELISSA MARK-VIVERITO, Committee on Contracts, May 10, 2006.

On motion of the Speaker (Council Member Quinn), and adopted, the foregoing matter was coupled as a General Order for the day (see ROLL CALL ON GENERAL ORDERS FOR THE DAY).

Reports of the Committee on Finance

At this point, the Speaker (Council Member Quinn) announced that the following items have been **preconsidered** by the Committee on Finance and have been favorably reported for adoption.

Report for Res. No. 295

Report of the Committee on Finance in favor of approving a Resolution concerning the establishment of the Bay Ridge 5th Avenue Business Improvement District in the Borough of Brooklyn and setting the date, time and place for the public hearing to hear all persons interested in the establishment of such district.

The Committee on Finance to which was referred on May 10, 2006 the annexed resolution respectfully

REPORTS:

ANALYSIS:

This Proposed Resolution No. is required by the existing law, Chapter 4 of Title 25 of the New York City Administrative Code, as amended by Local Law 82 of 1990, which authorized the City Council to establish Business Improvement Districts (BIDs).

The main purpose of Proposed Resolution No. is to set the public hearing date, time and place for the review of the local law, which would establish the Bay Ridge Fifth Avenue Business Improvement District.

The hearing on the local law and the BID plan, will be held on May 24, 2006 in the City Council Committee Room, 2nd Floor, City Hall at 11:00 a.m.,, before the Committee on Finance.

Proposed Reso. No. also directs that all notices required under the BID law be properly given by the Department of Small Business Services and the Bay Ridge 5th Avenue BID Steering Committee, respectively.

BIDs, which are specifically established areas, use the City's property tax collection mechanism to approve a special tax assessment with which to fund additional services that would enhance the area and improve local business. The additional services are normally in the areas of security, sanitation, physical/capital improvements (lighting, landscaping, sidewalks, etc.), seasonal activities (Christmas lighting) and related business services (marketing and advertising). The BID demarcates the areas in which services will be enhanced and also establishes the mechanism for the assessment needed to generate the required budget.

Accordingly, Your Committee recommends its adoption.

BID ATTACHMENT to Committee Report:

CITY PLANNING COMMISSION

February 8, 2006 Calendar No. 15 N 060222 BDK

IN THE MATTER of an application submitted by the Department of Small Business Services on behalf of the Bay Ridge 5th Avenue Business Improvement District pursuant to Section 25-405 of the Administrative Code of the City of New York, as amended, concerning the formation of the Bay Ridge 5th Avenue Business Improvement District, Borough of Brooklyn, Community District 10.

On September 28, 2005, the Mayor authorized the preparation of a district plan for the Bay Ridge 5th Avenue Business Improvement District (BID). On November 14, 2005, on behalf of the Bay Ridge 5th Avenue District Management Association (DMA), the Department of Small Business Services (DSBS) submitted the district plan for the BID, located in Community District 10 in the Borough of Brooklyn.

BACKGROUND

The proposed Bay Ridge 5th Avenue BID is located in the area generally known as Bay Ridge, in the Borough of Brooklyn. The BID's boundaries extend along 5th Avenue from 65th Street to 85th Street.

There are 340 properties in the BID, most of which are mixed-use buildings consisting of commercial use on the ground floor and residential units above. The District represents 320 property owners and 320 businesses.

The District can be described as a local commercial neig hborhood street. Two existing BIDs anchor each end of the proposed BID including the 86th Street Bay Ridge and the Sunset Park 5th Avenue BIDs. There are approximately 1200 residential units, typically in the upper floors of three-to-four story buildings.

The services of the expanded BID will include sanitation and graffiti removal, security, holiday lighting and marketing. The sanitation program may include cleaning and sweeping of sidewalks and gutters; maintenance of street trees and snow removal at bus shelters and crosswalks. The BID proposes to employ a sanitation crew of four persons, and services will be provided 7 days a week. The program will supplement the existing municipal sanitation program.

The budget for the first year of the BID i s projected to be $338,000. The budget will allocate $ 175,000 to sanitation/graffiti removal , $38,000 to security, $30,000 to holiday lighting, $ 30,000 to merchant promotions , $ 50,000 to administration and $15,000 towards the contingency plan.

The BID ass essment method is based upon linear front footage. Commercial properties will be assessed at $41 dollars per linear foot. Corner lots will be additionally assessed $100. Vacant lots along with wholly residential properties will be assessed at $1, annually . Government and not -for-profit owned properties

devoted in whole to public and/or not -for-profit use will be exempt from assessment.

Outreach to property owners, merchants and residents was done by the Bay Ridge 5th Avenue Steering Committee. The outreach efforts included eleven meetings with property owners and merchants; six informational mailings; two hand -delivered informational material distribution; two public meetings and fifteen newspaper article announcements . The outreach for the BID was documen ted and submitted to City Planning.

ENVIRONMENTAL REVIEW

The district plan was reviewed pursuant to the New York State Environmental Quality Review Act (SEQRA) and the SEQRA regulations set forth in Volume 6 of the New York State Code of Rules and Regula tions, Section 617.00 et seq., and the New York City Environmental Quality Review (CEQR) Rules of Procedure of 1991 and Executive Order No. 91 of 1977. The designated CEQR number is 06SBS003K. The lead agency is the Department of Small Business Services.

After a study of the potential environmental impact of the proposed action, a negative declaration was issued on November 1, 2005.

LAND USE REVIEW

On November 14, 2005 the Department of Small Business Services submitted the district plan for the Bay Ridge 5th Avenue Business Improvement District (BID) to the Department of City Planning. The plan was then transmitted for review to the Office of the Mayor, Office of the Brooklyn Borough President, City Council Speaker, City Council Member of Community Distr ict 43 and Brooklyn Community Board 10.

Community Board Public Hearing

On December 19, 2005, Community Board 10 adopted a resolution recommending approval of this application (N 060222 BDK).

City Planning Commission Public Hearing

On December 19, 2005 (Calendar No. 28) the Commission scheduled January 11, 2006 for a public hearing on the district plan. On January 11, 2006 (Calendar No. 24), the hearing was duly held. There were three speakers in favor of the proposal and none in opposition.

A property owner spoke about how the BID would be beneficial to aid in the maintenance of the recent investments completed in the area that included street and roadway improvements, utility upgrades and urban design enhancements that included

streetlights, benches and trees.

The chairman of the steering committee , as well as a property and business owner, spoke about how establishing a BID for the area would improve the quality of life for the residents in the community and help sustain the businesses in the distri ct. He also spoke of the issues which plague the area such as garbage, graffiti and safety, and how the issues would be alleviated if a BID existed there.

The executive director of the 86th Street Bay Ridge BID stated that he was in support of the proposed BID.

There were no other speakers and the hearing was closed.

Consideration

The Commission believes that the proposal to create the Bay Ridge 5th Avenue Business Improvement District in Brooklyn is appropriate.

The Commission has carefully reviewe d the documents that the proposed BID sponsor submitted regarding notification of constituents about the pending BID and believes that these outreach efforts for the BID were adequate and satisfactory.

BIDs are important to the City because they help retai n and attract businesses to the District and promote healthy economic development for the City.

Resolution

The Commission supports the proposed plan and has adopted the following resolution:

RESOLVED, that the City Planning Commission certifi es its unqualified approval of the proposed district plan for the Bay Ridge 5th Avenue Business Improvement District.

The above resolution duly adopted by the City Planning Commission on February 8, 2006 (Calendar No. 15) is filed with the City Council and the City Clerk pursuant to Section 25 -405 of the Administrative Code of the City of New York.

I. MAP OF THE DISTRICT

The Bay Ridge 5th Avenue Business Improvement District (hereinafter the "District") is located in the Borough of Brooklyn in the area generally known as Bay Ridge. It extends twenty (20) blocks along 5th Avenue on both sides of the street from 65th Street to 85th Street. Properties in the District are indicated on the map (the "District Map") hereto marked Exhibit A.

The Mayor of the City of New York, by written authorization dated September 28th 2005, a copy of which is annexed hereto as Exhibit B, has provided for the preparation of this plan (the "Plan") pursuant to authority granted by Local law 96 of 1989 (the "Law").

II. DISTRICT PROFILE: PRESENT USES OF DISTRICT PROPERTY

A. DISTRICT PROFILE

5th Avenue is a long-established commercial corridor that runs north to south along the western side of the Borough, from Flatbush Avenue to the southern end at 94th Street. The northern neighbor of the proposed District is the Sunset Park Business Improvement District (BID), and at the southern end is the 86th Street Bay Ridge BID. The housing stock that supports the proposed BID is principally 1st floor professional and retail businesses, with two- to six-family apartments above, the majority of these buildings built in the 1920s – 1930s. The population of those homes is primarily blue collar and city services workers. The areas adjacent to 5th Avenue are a mix of one- to three-family homes with some higher density apartment buildings.

The proposed District has just benefited from a New York City street and roadway reconstruction. It has been determined that the area would continue to benefit the most from the creation of a BID. Our surveys clearly showed that the business and property owners along 5th Avenue between 65th Street and 85th Street were interested in addressing issues of sanitation,

graffiti, safety, marketing, holiday promotions and parking. This proposed District is located in the heart of Bay Ridge. Property owners and merchants are well aware of the marked progress and improvements of our neighboring BIDs (Sunset Park and Bay Ridge 86th Street). 5th Avenue is a stable commercial corridor with national and local retailers, grocery stores, professional offices, restaurants, banks and taverns.

The proposed District is within the boundaries of Brooklyn Community Board 10, and is covered by the 68th Police Precinct, and Sanitation District #BK10. Bay Ridge is also served by a volunteer group known as Bay Ridge Development Association.

B. PRESENT USES OF DISTRICT PROPERTY

1) ZONING

The District zoning is primarily R-6B.

2) COMMERCIAL/RETAIL

The District is a healthy, vibrant community encompassing approximately 340 properties (blocks & lots) with very few vacancies. The buildings within the boundaries of the District are sound, predominately three- to four-story buildings, 1st floor utilized for retail, commercial and professional purposes.

The District is served by several MTA bus lines (B1, B4 and B63) and the subway "R" train, which runs along 4th Avenue with stations at Bay Ridge Avenue (69th Street), 77th Street and 86th Street.

The District contains approximately three hundred and twenty (320) businesses such as restaurants, bakeries, green grocers, clothiers, optical, and other variety and convenience stores. The District is also accented by a variety of professional practices including local and regional banking institutions, REALTORS®, and beauty salons, medical and dental centers. In addition, several national chains (e.g. Eckerd Drugs, Petland Discounts, Dunkin' Donuts, Carvel, Baskin-Robbins) have positioned themselves on the avenue. Limited on the 2nd floor above storefront business is additional office space.

3) RESIDENTIAL

The District serves the predominately middle-class population. The area is basically residential with a strong real estate and rental markets. Many of the buildings are well over 60 years old or older, but appear to be structurally sound and maintained.

4) NOT-FOR-PROFIT AND PUBLIC

On both sides of 5th Avenue between 66th Street and 67th Street, the properties are part of the Leif Ericksson Park, owned by the City of New York. The park consists of a playground, softball fields and basketball courts. There are no other Federal, State or City offices in the proposed District.

5) TRANSPORTATION

Brooklyn is an eclectic mix of public transportation and the automobile. The District presently has a mix of one-hour and two-hour parking meters. There is a municipal parking garage located at 85th Street, just east of 5th Avenue.

Public transportation includes MTA bus lines (B1, B4 and B63) with the subway "R" line on 4th Avenue with local stops at Bay Ridge Avenue (69th Street), 77th Street and 86th Street.

6) GENERAL COMMENTS

5th Avenue has recently completed a major overhaul of the streetscape. This three-year project included: sewer and watermain work, and utilities (such as Verizon, Keyspan, Time-Warner Cable, and Con Edison) all contributing to the major upgrade of 5th Avenue. Entire District then received new sidewalks, new roadway, new and additional street lighting plus other sidewalk amenities.

5th Avenue is alive and vibrant mix of retail stores and restaurants. For quite a number of years, property owners, business owners, residents and tenants have recognized the need to renew and maintain a clean and attractive environment. Many of the businesses have participated in the 5th Avenue Board of Trade, which, in the past, has sponsored activities such as cooperative advertising and holiday lighting. However, a few property owners and merchants did not participate and therefore did not pay their fair share of the costs of these events and activities, yet they benefited by them. That coupled with the knowledge from our survey we need to address the perception that 5th Avenue is an area that is dirty, unsafe, and uninviting to shoppers and businesses.

Over the past few months, a series of meetings were held, together with a survey form mailed to all property owners and merchant. A consensus has been reached to develop a mechanism to provide funds and services through a Business Improvement District (BID) similar to our adjoining BID Districts. Only with a coordinated approach and dedicated staffing, which a BID District can provide, will we see positive results.

III. PROPOSED SERVICES

A. DESCRIPTION OF SERVICES

The services to be provided pursuant to this Plan (the "Services") shall include any services required for the enjoyment, protection, and general welfare of the public, the promotion, and enhancement of the District, and to meet needs identified by the members of the District. These Services shall not take the place of, but supplement those services provided by the City on a citywide basis. The Services shall be performed under the direction of the Bay Ridge 5th Avenue District Management Association (hereinafter, "DMA").

5th Avenue is alive and vibrant mix of retail stores and restaurants. For quite a number of years, property owners, business owners, residents and tenants have recognized the need to renew and maintain a clean and attractive environment. Many of the businesses have participated in the 5th Avenue Board of Trade, which, in the past, has sponsored activities such as cooperative advertising and holiday lighting. However, a few property owners and merchants did not participate and therefore did not pay their fair share of the costs of these events and activities, yet they benefited by them. That coupled with the knowledge from our survey we need to address the perception that 5th Avenue is an area that is dirty, unsafe, and uninviting to shoppers and businesses.

Over the past few months, a series of meetings were held, together with a survey form mailed to all property owners and merchant. A consensus has been reached to develop a mechanism to provide funds and services through a Business Improvement District (BID) similar to our adjoining BID Districts. Only with a coordinated approach and dedicated staffing, which a BID District can provide, will we see positive results.

III. PROPOSED SERVICES

A. DESCRIPTION OF SERVICES

The services to be provided pursuant to this Plan (the "Services") shall include any services required for the enjoyment, protection, and general welfare of the public, the promotion, and enhancement of the District, and to meet needs identified by the members of the District. These Services shall not take the place of, but supplement those services provided by the City on a citywide basis. The Services shall be performed under the direction of the Bay Ridge 5th Avenue District Management Association (hereinafter, "DMA").

1) SANITATION

The DMA Sanitation Program may be carried out in-house or it may be contracted out. The Program may include, but shall not be limited to, manual sweeping and cleaning of sidewalks, curbs and gutters, emptying of pedestrian trash receptacles, cleaning of graffiti from street furniture including security gates, maintenance of street trees and tree pits, and snow removal at bus shelters and crosswalks. The DMA plans to purchase trash receptacles that would include the BID logo and the maintenance firm will be responsible for their maintenance thereby assuring litter reduction. Special attention will be given to problems of overflowing trash receptacles, trash bags awaiting pickup being ripped open, and other sanitation problems in the hours prior to retail shops opening - all negatively impacting on vision and perception of a grand shopping avenue. Unauthorized posters/signs will be removed. Catch basins will receive special attention. The District will closely coordinate its sanitary activities with the New York City Sanitation Department and the local Community Board.

It is anticipated that four (4) uniformed maintenance personnel will work seven (7) days a week for eight (8) hours per day. The scheduled hours may vary depending on seasonal needs and activities. This Program may include such other maintenance service as are required from time to time in order to achieve a clean environment. This Sanitation Program will complement, but not replace, New York City Sanitation services.

2) MARKETING AND PROMOTION

A Marketing and Promotion Program for the District may include joint advertising, special events, website and publications. The purpose of the Program is to increase awareness of the businesses, and to increase business activity for all retailers and businesses within the District. Marketing and promotion are of prime importance to the merchants within the District. The DMA may also develop a website that will have a comprehensive directory of all our retailers and professionals. The website service directory will enable us to highlight our fine restaurants and shops. Other promotions will include the St. Patrick's Day and Norwegian Day Parades, and the Annual 5th Avenue Street Fair. Special events, to include discount coupons, late night shopping, holiday lighting with balloons, hot cocoa, snacks, etc., all may be sponsored by the DMA.

3) BEAUTIFICATION

The DMA may provide special identity banners and/or hanging baskets to reflect the changing seasons.

4) HOLIDAY LIGHTING

Holiday and other seasonal decorations may include, but will not be limited to, the installation of ornaments and/or lighting in the District.

5) PUBLIC SAFETY

It is anticipated that the DMA will contract out safety patrol service to a private security company that is licensed by the State of New York. The Safety Patrol will be motorized with uniformed personnel. The number of days and schedule of patrol times will vary in accordance with special events and seasonal requirements.

6) PARKING

Parking has always been a major headache along 5th Avenue. The DMA will study and make several alternative recommendations for consideration. The objective is to fine tune a system to increase available parking during peak shopping hours, and allow for longer periods of parking in off-peak hours.

7) ADMINISTRATION

Administration of the District (DMA) shall be by a salaried staff (the "Staff") that may include an Executive Director, clerical support and/or other special staff and/or consultants that the Board of Directors may, from time to time, deem necessary. The Executive Director will oversee District

Services and Improvements (such as the Sidewalk and Street Maintenance Program, Public Safety, Holiday Lighting, etc.) as directed by the DMA Board of Directors. In addition, the Executive Director will serve as ombudsman/spokesperson for the Bay Ridge 5th Avenue Business Improvement District collectively and/or individually. Administrative expenses also may include office rental, utilities, equipment, supplies, insurance, postage, etc. Legal and accounting services will be contracted as required. Whenever possible, in-kind services will be used.

8) ADDITIONAL SERVICES

Subject to any approvals and controls that may be required by a New York City agency having jurisdiction thereof, and in addition to the approval of the Board of Directors of the DMA, in subsequent years the District may provide such additional services as are permitted by law.

B. IMPLEMENTATION

It is anticipated that the DMA will commence most Services during the first Contract Year (hereinafter defined).

C. GENERAL PROVISIONS

1) All Services shall be in addition to and not in substitution for required and customary municipal services provided by the New York City on a citywide basis. Benchmarks for existing New York City services will be developed and monitored by the DMA.

2) All Services need not be performed in every Contract Year.

3) The staff and/or subcontractors of the DMA may render such administrative services are as needed to support performance of the Services.

4) In the event that in any given Contract Year the Sources of Funding (as hereafter described) do not in the aggregate produce revenues equal to the Total Budget Amount (as

hereinafter described) for such Contract Year, the DMA may, subject to the Contract (as hereinafter defined) forego providing one or more or all Services in order to have revenues sufficient to pay debt service required in the Budget (as hereafter defined) for the Contract Year.

IV. PROPOSED IMPROVEMENTS

A. IMPROVEMENTS

The improvements (the "Improvements") to be provided pursuant to this Plan may include, but are not limited to, the following, provided that any Improvements that require review and approval by an appropriate New York City Agency shall be submitted to that New York City Agency and to the affected Community Board prior to undertaking any Improvements.

1) Sidewalk amenities to identify, enhance and beautify the District including the following proposals but not limited to:

a. Sidewalk plantings, trees, shrubs and flowers in accordance with New York City guidelines.

b. Sidewalk logos/plaques identifying the area as a BID.

c. Kiosks, with a complete location index of merchants/professionals, in the District at several locations.

d. Street identification.

e. Pedestrian crossing enhancements.

B. IMPLEMENTATION SCHEDULE

The Improvements may be implemented on as-needed basis.

C. GENERAL PROVISIONS

1) All Improvements shall be in addition to and not in substitution for required and customary municipal improvements provided by New York City on a citywide basis, benchmarks for which are presently being studied and recorded.

2) The staff and/or subcontractors of the DMA may render such administrative services as are needed to support implementation and construction of the Improvements.

V. PROPOSED SOURCE OF FUNDING

A. SOURCES OF FUNDING: GENERAL

The proposed sources of funding for all (i) Services, (ii) Improvements, (iii) proceeds arising from indebtedness as permitted pursuant to paragraph D herein below, and (iv) administrative costs necessary to support the program contemplated under this Plan shall be the sources of funding described in paragraphs B through F (inclusive). Subject to requirements of the law, the DMA may apply all monies derived from the sources of funding permitted herein to fund any expenditure permitted under this Plan.

B. SOURCES OF FUNDING: ASSESSMENTS

The DMA may enter into a Contract (hereinafter defined) for the purpose of having New York City levy and collect and then disburse to the DMA, assessments with respect to the Benefited Properties (hereinafter defined) in exchange for the rendering of Services and Improvements. Such assessments, as described herein below, shall be defined as "Assessments".

1) GENERAL

To defray the cost of Services and Improvements in the District, all real property in the District shall be assessed in proportion to the benefit such property receives from the Services and Improvements. Each property shall be assessed an amount determined by the DMA, that when totaled together with amounts for other properties in the District shall yield an amount sufficient to meet the District's annual budget. Each individual assessment shall be calculated based upon a formula (set forth below) applicable to the class of property (hereinafter defined).

The amounts, exclusive of debt service, assessed and levied in a given year against the Benefited Properties as Assessments, may not exceed 20% of the total general city taxes levied in that year against the Benefited Properties.

2) SPECIFIC FORMULA

All properties as classified in the most recent New York City tax rolls and as described below as Classes A, B, C and D shall be assessed as follows:

CLASS A PROPERTY – COMMERCIAL

All properties in whole or in part devoted to commercial and/or mixed uses shall constitute Class A property and shall be assessed at a rate that shall not exceed $42.25 per individual property linear front foot for the first contract year.

$$\text{Rate 1} = \frac{\text{Budget (total Assessment)}}{\text{Total Class A Linear Front Feet}}$$

Individual assessment = Rate 1 X Individual Property Front Feet

(** Corner properties will be assessed an additional $100 per year.)
(*** In the event a movie theatre becomes a mini-mall, there will be an additional assessment of $500.00 per year)

CLASS B PROPERTY – VACANT LOTS

All vacant lots, if any, will be assessed at one dollar ($1.00 per year).

CLASS C PROPERTY – RESIDENTIAL

All property devoted in whole to residential uses will be assessed at one dollar ($1.00) per year.

CLASS D PROPERTY - PUBLIC USE AND NOT-FOR-PROFIT

Government and not-for-profit owned property devoted in whole to public or not-for-profit use shall be exempt from district assessment. Government or not-for-profit owned property devoted in part to commercial/for-profit uses shall constitute Class A property and the proportion of the property devoted to commercial/for-profit uses shall be assessed in the same manner as those properties listed in Class A properties.

C. SOURCE OF FUNDING: GRANTS AND DONATIONS

The DMA may accept grants and donations from private institutions, the City, other public and private entities and individuals, and other not-for-profit organizations.

D. SOURCE OF FUNDING: BORROWING

1) Subject to Subparagraphs 2 and 3 immediately herein below, the DMA may borrow money from private lending institution, the City, other public and private entities or individuals, and other not-for-profit organizations for the purposes of funding operations or financing the cost of Improvements.

2) The use of monies received by the DMA from the City or from any other public entity, whether in the form of a grant or as proceeds from a loan, shall be subject to (i) all statutory requirements applicable to the expenditure and use of such monies, and (ii) any contractual requirements imposed by the City (whether pursuant to the Contract or otherwise) or by any other public entity, as the case may be.

3) Any loans, which the DMA may enter into as a borrower shall be subject to Section VI of this Plan.

E. SOURCE OF FUNDING: CHARGES FOR USER RIGHTS

Subject to the approval and control of the appropriate City Agency, the DMA may, in accordance with Section IX of this Plan, impose charges as consideration for the sub-granting or sub-licensing of User Rights (hereinafter defined) as such charges and User Rights are described in Section IX of this Plan.

F. SOURCE OF FUNDING: OTHER

The DMA may derive revenues from any other sources of funding not heretofore mentioned and which are permitted by law.

G. ASSIGNMENT OF FUNDING

The DMA may assign revenues from the sources of funding described in paragraphs B, C, D, E and F of this Section V for the purpose of securing loans which the DMA may enter in pursuant to paragraph D of this Section V, provided such assignments are subject to the requirements of Section VI of this Plan.

VI. PROPOSED EXPENDITURES: ANNUAL BUDGETS

A. TOTAL ANNUAL EXPENDITURES AND MAXIMUM COST OF IMPROVEMENTS

The total amount proposed to be expended by the DMA for Improvements, if any, Services and operations for the first Year is $338,000 as more fully set forth in Subsection B of this Section VI.

The total, as proposed to be expended by the DMA for any subsequent Contract Year shall not be greater than aggregate amount of all monies which the DMA may collect for the Contract Year in question from all funding sources permitted under Section V of this Plan. During the existence of this BID, the maximum cost of the Improvements, if any, will not exceed $1,500,000.

B. ANNUAL BUDGET

1) FIRST YEAR BUDGET

It is estimated that the annualized budget of proposed expenditures to be made during the first Contract Year shall be as follows:

a. SERVICES

i. Supplemental Sanitation; Graffiti Removal	$175,000
ii. Holiday Promotions (lights, decorations, flowers, baskets, trees, etc.)	$ 30,000
iii. Merchant Promotions (sales promos, directories, website, etc.)	$ 30,000
iv. Safety and Security (5 days)	$ 38,000
v. Administration (rent, salary, benefits, insurance, utilities, equipment, postage, etc.)	$ 50,000
vi. Contingency	$ 15,000
TOTAL FIRST YEAR BUDGET	$338,000

2) SUBSEQUENT BUDGETS

The DMA shall establish for each Contract Year after the first Contract Year, a proposed budget of expenditures. Such proposed budgets shall (with respect to the Contract Years to which they respectively apply): (i) reasonably itemized the purposes for which monies are proposed to be expended by the DMA; (ii) specify the amount, if any, proposed to be expended by the DMA for debt service; and (iii) set forth the total amount proposed to be expended (the "Total Annual Budget Amount"). A proposed assessment budget, whether for the First Contract Year or for a subsequent Contract Year shall be referred to as a "Budget".

C. GENERAL PROVISIONS

1) The DMA shall make no expenditure other than in accordance with and pursuant to:

(i) a Budget for which a Total Annual Budget Amount has been approved by the City and the Directors of the DMA;

(ii) any provisions in the Contract providing for the satisfaction of outstanding obligations of the DMA; or

(iii) any provisions in the Contract providing for the expenditure of amounts provided in the budget for, but unexpended in, a previous Contract Year.

2) The Total Annual Budget Amount shall not exceed the maximum total and annual amount that the DMA may expend for the Contract Year in question, pursuant to Paragraph A of this Section VI.

3) The Total Annual Budget Amount shall not be less than the amount needed to satisfy the DMA's debt service obligations for the Contract Year in question.

4) Subject to the DMA's need to satisfy its debt service for the Contract Year in question, the DMA may revise the itemizations within any Budget accordingly.

5) In the event that in any given Contract Year the sources of funding do not in the aggregate produce revenues equal to the Total Annual Budget Amount for such Contract Year, the DMA may, subject to the Contract, forego some or all of the non-debt service expenditures as are provided for in the Budget in question in order to have revenues sufficient to pay the debt service provided for in such Budget.

6) In the event the DMA needs to reallocate its non-debt service expenditures for the Contract Year in question, and provided further, that any debt service has been provided for, the DMA may revise the itemizations within any Budget to accomplish such goal.

VII. BENEFITED PROPERTIES

The providing of Services and Improvements shall benefit all properties within the District (the "Benefited Properties"). The Benefited Properties are described by the District Map (Exhibit A) and tax block and lots indicated in Exhibit C herein below.

VIII. DISTRICT MANAGEMENT ASSOCIATION

The DMA established for the Bay Ridge 5th Avenue BID shall be incorporated under Section 402 of the New York State Not-for-Profit Corporation Law. The DMA shall be organized for the purpose of executing the responsibilities of a DMA as set forth in the Law. Furthermore, the DMA shall carry out the activities prescribed in the Plan and shall promote and support the District.

The DMA shall be organized exclusively for charitable and education purposes as specified in Section 501 (c) of the Internal Revenue Code.

The DMA shall have four classes of voting membership and one class of non-voting membership. The voting classes are composed of: (i) owners of record of real property located within the District; (ii) commercial tenants leasing space within the District; (iii) residential tenants leasing space within the District, (iv) public representatives. The non-voting class shall include community board representatives, and may include others with an interest in the welfare of the District.

Each voting class shall elect members to the Board of Directors in the manner prescribed by the by-laws of the Corporation. The Board of Directors includes the representatives of owners of record of real property located within the District (which shall constitute a majority of the board), representatives of both commercial and residential tenants (including proprietary leases) leasing space in the buildings within the District and one member appointed by each of the following public officials: the Mayor of the City; the Comptroller of the City; the Borough President of Brooklyn; and the City Council member who represents the District or, if more than one City Council member

represents a portion of the District, by appointment of the Speaker of the City Council. The Community Board Chairperson or designated representative shall serve in a non-voting capacity.

IX. USER RIGHTS

A. USER RIGHTS: GENERAL

The DMA may undertake or permit commercial activities or other private uses of the streets or other parts of the District in which the City has any real property interest (the "User Rights"), provided, however, that the User Rights to be so undertaken or permitted by the DMA shall have been: (i) set forth in this Plan or authorized for licensing or granting by the City Council, and (ii) licensed or granted to the DMA by the City, and (iii) authorized by the appropriate City Agency having jurisdiction thereof. Once so granted or licensed, the User Right(s) in question shall be undertaken or permitted by the DMA in such a manner as to conform to the requirements, if any, set forth in this Plan, or the aforesaid Local Law with respect to User Right(s), and conform to the requirements authorized by the appropriate City Agency having jurisdiction thereof. Such requirements may include but shall not be limited to: (i) requirements as to what consideration the DMA shall pay to the City for the grant and/or license in question, (ii) requirements as to whether and how the DMA may permit other persons to undertake the User Right(s) in question pursuant to a sub-grant or sub license; (iii) requirements as to what charges the DMA may impose upon other persons as consideration for such sub-grant or sub-license; and (iv) requirements as the general regulation of the User Right(s) by whomsoever undertaken.

B. USER RIGHTS: PROPOSED

Subject to the approval and control of the appropriate City Agency and/or subject to any requirements set forth by the City, the DMA may undertake or permit the following User Rights, subject to the requirements set forth in the Contract: (1) information and promotion kiosks; (2) newsstands; and (3) news boxes.

X. REGULATIONS

The rules and regulations proposed for governing the operation of the District and the provision of Services and Improvements by the DMA ("the Regulations") are set forth herein below.

1. The DMA shall obligate itself to provide the Services and Improvements in a Contract or Contracts into which both the DMA and the City shall enter (collectively, the "Contract") for a specified term (each year or the Contract term to be defined as a "Contract Year"). The City shall, pursuant to the terms, conditions and requirements of the Contract, levy, collect and disburse to the DMA the Assessments. Such disbursements shall be made in accordance with general procedures for the payment of other City expenditures.
2. The DMA shall comply with all terms, conditions and requirements (i) elsewhere set forth in this Plan, and (ii) to be set forth in the Contract and in any other Contracts into which both the DMA and the City may enter, and (iii) shall comply with all terms, conditions and requirements set forth by the appropriate City Agency which is required to give its approval.
3. The DMA shall let any sub-contracts that it intends to enter into in connection with providing the Services and/or the Improvements.

RE: Finance Committee Agenda of May 20, 2006: Resolution approving a property tax exemption for one Preconsidered Land Use Item as requested by the Department of Housing Preservation and Development (Council District 9).

HPD has submitted two requests to the Council to approve property tax exemptions for two Cornerstone programs. The first, Beacon Mews, is located at 34 West 139 Street. The second, Beacon Tower, is located at 21 West 138 Street.

The Cornerstone Program is an HPD initiative whereby sponsors purchase City-owned land and construct multi-family 1-4 family homes, rental apartments, or cooperative/condominium units. The housing is developed with financing from either public or private sources, and the City provides property tax exemptions pursuant to State law.

The sponsor of 34 West 139 Street, Beacon Mews LLC, will purchase the disposition area at the negotiated price of $797,900. The sponsor will then construct 1 building containing a total of 124 rental units plus one unit for a superintendent and approximately

17, 901 square feet of community space, and will develop approximately 2,952 square feet as open space.

The value of the tax exemption is projected at approximately $45,681 for the first year and $1,061,116 over the 20-year length of the exemption.

The sponsor of 21 West 138 Street, Beacon Tower LLC, will purchase the disposition area at the negotiated price of $777,700. The sponsor will then construct 1 building containing a total of 73 cooperative units and develop approximately 2,960 square feet as open space.

The value of the tax exemption is projected at approximately $45,681 for the first year and $1,061,116 over the 20-year length of the exemption.

Both items have the approval of Council Member Dickens.

Accordingly, Your Committee recommends its adoption.

In connection herewith, Council Member Weprin offered the following resolution:

Res. No. 302

Resolution approving an exemption from real property taxes pursuant to Section 696 of the General Municipal Law for property located in Manhattan, Community District 10 and designated as the Beacon Mews project of the New York City Department of Housing Preservation and Development's Cornerstone Program (L.U. No. 66).

By Council Member Weprin

WHEREAS, the New York City Department of Housing Preservation and Development ("HPD") submitted to the Council its request dated April 3, 2006 that the Council take the following action regarding property listed in the attached Appendix A (the "Disposition Area"), which is located in Manhattan, Community District 10 and designated as the Beacon Mews Project of HPD's Cornerstone Program (the "Project"):

Approve an exemption of the Project from real property taxes pursuant to Section 696 of the General Municipal Law (the "Tax Exemption");

WHEREAS, the Council held a hearing on the exemption of the Project from real property taxes on May 10, 2006;

WHEREAS, the Council has considered the financial implications relating to the Tax

Exemption;

RESOLVED:

The Council hereby approves, pursuant to Section 696 of the General Municipal Law, a Tax Exemption for the Project as follows:

All of the value of the buildings, structures, and other improvements situated on the Disposition Area shall be exempt from local and municipal taxes, other than assessments for local improvements and land value, for a period of twenty years commencing on the July 1st following the conveyance of the Disposition Area to the the Sponsor, during the last ten years of which such exemption shall decrease in equal annual decrements.

The partial tax exemption granted hereunder shall terminate with respect to all or any portion of the Disposition Area if the Department of Housing Preservation and Development determines that such real property has not been, or is not being, developed, used, and/or operated in compliance with the requirements of all applicable agreements made by the Sponsor or the owner of such real property with, or for the benefit of, the City of New York. The Department of Housing Preservation and Development shall deliver written notice of any such determination of noncompliance to the owner of such real property and all mortgagees of record, which notice shall provide for an opportunity to cure of not less than ninety (90) days. If the noncompliance specified in such notice is not cured within the time period specified therein, the partial tax exemption granted hereunder shall prospectively terminate with respect to the real property specified therein.

RE: Finance Committee Agenda of May 10, 2006: Resolution approving new property tax exemptions for two Preconsidered Land Use Items as requested by the Department of Housing Preservation and Development (Council District 9).

HPD has submitted requests to the Council to approve new property tax exemptions for two existing projects under the Federal Section 202 Supportive Housing Program for the Elderly. The first property is Wyatt Tee Walker Senior Housing, located at 2177 Frederick Douglas Boulevard. The second property is E.M. Moore Housing for the Elderly, located at 160 West 116 Street. Through the Section 202 program, housing is developed with financing from the Federal Department of

Housing and Urban Development (HUD) and property tax exemptions are granted by the City pursuant to State law. The completed projects provide rental housing for low-income elderly.

The sponsor for both supportive housing projects, Canaan Housing Development Fund Corporation, wishes to refinance its HUD mortgages. Under the current terms, the proposed refinancing would terminate the property tax exemptions the sponsor receives from the City. HPD requests that the Council approve new tax exemptions for the projects, as the projects would not be economically viable without such exemptions.

The value of the tax exemption for Wyatt Tee Walker Senior Housing is projected at approximately $210,673 for the first year and $13,539,607 million over the 35-year length of the exemption. The value of the tax exemption for E.M. Moore Housing for the Elderly is projected at approximately $260,375 for the first year and $16,976,179 million over the 35-year length of the exemption.

Both items have the approval of Council Member Dickens.

Accordingly, Your Committee recommends its adoption.

In connection herewith, Council Member Weprin offered the following resolution:

Res. No. 303

Resolution approving a new partial tax exemption from real property taxes for property located at 160 West 116th Street, (Block 1825, Lot 59), Manhattan, pursuant to Section 577 of the Private Housing Finance Law.

By Council Member Weprin

WHEREAS, The New York City Department of Housing Preservation and Development ("HPD") submitted to the Council its request dated May 3, 2006 that the Council take the following action regarding a property located at 160 West 116th Street, (Block 1825, Lot 59) Borough of Manhattan ("Exemption Area"):

Approve a new exemption on substantially the same terms as the original exemption of the property in the Exemption Area from real property taxes pursuant to Section 577 of the Private Housing Finance Law ("PHFL");

WHEREAS, The Exemption Area contains a nine-story building that provides 88 units of rental housing for elderly persons of low income, plus one unit for a superintendent ("Project"); and

WHEREAS, Canaan Housing Development Fund Corporation ("Sponsor") developed the Project under the Section 202 Supportive Housing Program for the Elderly with financing and operating subsidies from the United States Department of Housing and Urban Development ("HUD") and a partial tax exemption from the City approved by the Board of Estimate on December 3, 1981 (Cal. No. 11) (the "Approval"); and

WHEREAS, The Sponsor wishes to refinance its original HUD mortgage to fund certain physical improvements, pay past due expenses, decrease debt service costs, and facilitate provision of additional services to tenants; and

WHEREAS, In connection with such refinancing, Sponsor and HUD will execute a Use Agreement, which requires Sponsor to continue to operate the Project on terms at least as advantageous to existing and future tenants as required by the original Section 202 loan agreement or any Section 8 rental assistance payments contract; and

WHEREAS, Under the terms of the Approval, the proposed refinancing would terminate the tax exemption; and

WHEREAS, The Council held a hearing on the Project on May 10, 2006; and

WHEREAS, The Council has considered the financial implications relating to the new tax exemption requested by HPD;

RESOLVED:

The Council hereby grants a new exemption, on substantially the same terms as the original exemption, from real property taxes pursuant to Section 577 of the Private Housing Finance Law as follows:

1. For the purposes hereof, the following terms shall have the following meanings:

a. "Exemption Area" shall mean the real property located in the Borough of Manhattan, City and State of New York, known as Block 1825, Lot 59 on the Tax Map of the City.

b. "Sponsor" shall mean the Canaan Housing Development Fund Corporation.

c. "HUD" shall mean the Department of Housing and Urban Development of the United States of America.

d. "HPD" shall mean the Department of Housing Preservation and Development of the City of New York.

e. "Prior Exemption" shall mean the partial exemption from real property taxes approved by the Board of Estimate on December 3, 1981 (Cal. No. 11) with respect to the Exemption Area.

f. "New Exemption" shall mean the partial exemption from real property taxes provided hereunder with respect to the Exemption Area.

g. "Effective Date" shall mean the date of repayment or refinancing of the HUD Mortgage.

h. "Expiration Date" shall mean the earlier to occur of (i) a date which is thirty-five (35) years from the Effective Date, or (ii) the date upon which the Regulatory Agreement ceases to bind all parties in interest to the Exemption Area.

i. "HUD Mortgage" shall mean the original loan made by HUD to Sponsor in connection with the Section 202 Supportive Housing Program for the Elderly, which loan is secured by a mortgage on the Exemption Area.

j. "Rental Subsidy" shall mean Section 8 rental assistance and any similar form of rental assistance from any governmental entity.

k. "Use Agreement" shall mean a use agreement by and between Sponsor and HUD which commences on or before the Effective Date, runs with the land, binds all subsequent not-for-profit owners and creditors of the Exemption Area, and requires that the housing project on the Exemption Area continue to operate on terms at least as advantageous to existing and future tenants as the terms required by the original Section 202 loan agreement or any Section 8 rental assistance payments contract or any other rental housing assistance contract and all applicable federal regulations.

l. "Regulatory Agreement" shall mean a regulatory agreement by and between Sponsor and HPD which commences on or before the Effective Date, runs with the land, binds all subsequent parties in interest to the Exemption Area until a date which is thirty-five (35) years from the Effective Date, and requires that (i) notwithstanding any term of the Use Agreement or any other agreement to the contrary, the Exemption Area shall remain subject to the terms of the Use Agreement until a date which is thirty-five (35) years from the Effective Date, (ii) in the event of a breach or a threatened breach of any of the covenants and agreements contained in the Use Agreement, in addition to any other remedies that HPD has or may have at law or in equity, HPD shall be entitled to institute legal action to enforce specific performance of such covenants and agreements and to enjoin any acts which violate such covenants and agreements, (iii) the Sponsor shall exercise any and all available options to obtain and renew Rental Subsidy for eligible tenants, and (iv) the Sponsor shall not cause or permit the Rental Subsidy to expire, to not be extended, to not be renewed, or to be terminated.

2. The Prior Exemption shall terminate upon the Effective Date.

3. All of the value of the property in the Exemption Area, including both the land and improvements (excluding those portions, if any, devoted to business or commercial use), shall be exempt from real property taxes, other than assessments for local improvements, commencing upon the Effective Date and terminating upon the Expiration Date; provided, however, that the Sponsor shall make an annual real property tax payment commencing upon the Effective Date and terminating upon the Expiration Date,

4. Commencing upon the Effective Date and during each year thereafter until the Expiration Date, the Sponsor shall make real property tax payments in the sum of (i) $117,821 plus (ii) an additional amount equal to twenty-five percent (25%) of the amount by which the total contract rents applicable to the housing project for that year (as adjusted and established pursuant to Section 8 of the United States Housing Act of 1937, as amended) exceed the total contract rents which are authorized as of the Effective Date. Notwithstanding the foregoing, the total annual real property tax payment by the Sponsor shall not at any time exceed the lesser of either (i) seventeen percent (17%) of the contract rents, or (ii) the amount of real property taxes that would otherwise be due and payable in the absence of any form of tax exemption or

abatement provided by an existing or future local, state, or federal law, rule, or regulation.

5. In consideration of the New Exemption, prior to or simultaneous with repayment or refinancing of the HUD Mortgage, Sponsor, for itself, its successors and assigns, shall (i) execute and record a Use Agreement with HUD, (ii) execute and record a Regulatory Agreement with HPD, and (iii) waive, for so long as the New Exemption shall remain in effect, the benefits, if any, of additional or concurrent real property tax abatement and/or real property tax exemption which may be authorized under any existing or future local, state or federal law, rule or regulation.

Report for L.U. No. 146

Report of the Committee on Finance in favor of approving Section 202 Supportive Housing Program for the Elderly, Wyatt Tee Walker Senior Housing, 2177 Frederick Douglas Boulevard, Block 1944, Lot 36 Community District No. 10, Council District No. 9 in Manhattan.

The Committee on Finance to which was referred on May 10, 2006 the annexed Land Use resolution respectfully

REPORTS:

(For text of the Memo, please see the Report of the Committee on Finance for L.U. No. 144 printed above in these Minutes.)

Accordingly, Your Committee recommends its adoption.

In connection herewith, Council Member Weprin offered the following resolution:

Res. No. 304

Resolution approving a new partial tax exemption from real property taxes for property located at 2177 Frederick Douglas Boulevard, (Block 1944, Lot 36), Manhattan, pursuant to Section 577 of the Private Housing Finance Law.

By Council Member Weprin

WHEREAS, The New York City Department of Housing Preservation and Development ("HPD") submitted to the Council its request dated May 3, 2006 that the Council take the following action regarding a property located at 2177 Frederick Douglas Boulevard, (Block 1944, Lot 36) Borough of Manhattan ("Exemption Area"):

Approve a new exemption on substantially the same terms as the original exemption of the property in the Exemption Area from real property taxes pursuant to Section 577 of the Private Housing Finance Law ("PHFL");

WHEREAS, The Exemption Area contains a seven-story building that provides 79 units of rental housing for elderly persons of low income, plus one unit for a superintendent ("Project"); and

WHEREAS, Canaan Baptist Housing Development Fund Company, Inc. ("Sponsor") developed the Project under the Section 202 Supportive Housing Program for the Elderly with financing and operating subsidies from the United States Department of Housing and Urban Development ("HUD") and a partial tax exemption from the City, approved by the Board of Estimate on January 12, 1989 (Cal. No. 8) (the "Approval"); and

WHEREAS, The Sponsor wishes to refinance its original HUD mortgage to fund certain physical improvements, pay past due expenses, decrease debt service costs, and facilitate provision of additional services to tenants; and

WHEREAS, In connection with such refinancing, Sponsor and HUD will execute a Use Agreement, which requires Sponsor to continue to operate the Project on terms at least as advantageous to existing and future tenants as required by the original Section 202 loan agreement or any Section 8 rental assistance payments contract; and

WHEREAS, Under the terms of the Approval, the proposed refinancing would terminate the tax exemption; and

WHEREAS, The Council held a hearing on the Project on May 10, 2006; and

WHEREAS, The Council has considered the financial implications relating to the new tax exemption requested by HPD;

RESOLVED:

The Council hereby grants a new exemption, on substantially the same terms as the original exemption, from real property taxes pursuant to Section 577 of the Private Housing Finance Law as follows:

1. For the purposes hereof, the following terms shall have the following meanings:

a. "Exemption Area" shall mean the real property located in the Borough of Manhattan, City and State of New York, known as Block 1944, Lot 36 on the Tax Map of the City.

b. "Sponsor" shall mean the Canaan Baptist Housing Development Fund Company, Inc.

c. "HUD" shall mean the Department of Housing and Urban Development of the United States of America.

d. "HPD" shall mean the Department of Housing Preservation and Development of the City of New York.

e. "Prior Exemption" shall mean the partial exemption from real property taxes approved by the Board of Estimate on January 12, 1989 (Cal. No. 8) with respect to the Exemption Area.

f. "New Exemption" shall mean the partial exemption from real property taxes provided hereunder with respect to the Exemption Area.

g. "Effective Date" shall mean the date of repayment or refinancing of the HUD Mortgage.

h. "Expiration Date" shall mean the earlier to occur of (i) a date which is thirty-five (35) years from the Effective Date, or (ii) the date upon which the Regulatory Agreement ceases to bind all parties in interest to the Exemption Area.

i. "HUD Mortgage" shall mean the original loan made by HUD to Sponsor in connection with the Section 202 Supportive Housing Program for the Elderly, which loan is secured by a mortgage on the Exemption Area.

j. "Rental Subsidy" shall mean Section 8 rental assistance and any similar form of rental assistance from any governmental entity.

k. "Use Agreement" shall mean a use agreement by and between Sponsor and HUD which commences on or before the Effective Date, runs with the land, binds all subsequent not-for-profit owners and creditors of the Exemption Area, and requires that the housing project on the Exemption Area continue to operate on terms at least as advantageous to existing and future tenants as the terms required by the original

Section 202 loan agreement or any Section 8 rental assistance payments contract or any other rental housing assistance contract and all applicable federal regulations.

1. "Regulatory Agreement" shall mean a regulatory agreement by and between Sponsor and HPD which commences on or before the Effective Date, runs with the land, binds all subsequent parties in interest to the Exemption Area until a date which is thirty-five (35) years from the Effective Date, and requires that (i) notwithstanding any term of the Use Agreement or any other agreement to the contrary, the Exemption Area shall remain subject to the terms of the Use Agreement until a date which is thirty-five (35) years from the Effective Date, (ii) in the event of a breach or a threatened breach of any of the covenants and agreements contained in the Use Agreement, in addition to any other remedies that HPD has or may have at law or in equity, HPD shall be entitled to institute legal action to enforce specific performance of such covenants and agreements and to enjoin any acts which violate such covenants and agreements, (iii) the Sponsor shall exercise any and all available options to obtain and renew Rental Subsidy for eligible tenants, and (iv) the Sponsor shall not cause or permit the Rental Subsidy to expire, to not be extended, to not be renewed, or to be terminated.

2. The Prior Exemption shall terminate upon the Effective Date.

3. All of the value of the property in the Exemption Area, including both the land and improvements (excluding those portions, if any, devoted to business or commercial use), shall be exempt from real property taxes, other than assessments for local improvements, commencing upon the Effective Date and terminating upon the Expiration Date; provided, however, that the Sponsor shall make an annual real property tax payment commencing upon the Effective Date and terminating upon the Expiration Date,

4. Commencing upon the Effective Date and during each year thereafter until the Expiration Date, the Sponsor shall make real property tax payments in the sum of (i) $117,821 plus (ii) an additional amount equal to twenty-five percent (25%) of the amount by which the total contract rents applicable to the housing project for that year (as adjusted and established pursuant to Section 8 of the United States Housing Act of 1937, as amended) exceed the total contract rents which are authorized as of the Effective Date. Notwithstanding the foregoing, the total annual real property tax payment by the Sponsor shall not at any time exceed the lesser of either (i) seventeen percent (17%) of the contract rents, or (ii) the amount of real property taxes that would otherwise be due and payable in the absence of any form of tax exemption or abatement provided by an existing or future local, state, or federal law, rule, or regulation.

5. In consideration of the New Exemption, prior to or simultaneous with repayment or refinancing of the HUD Mortgage, Sponsor, for itself, its successors and assigns, shall (i) execute and record a Use Agreement with HUD, (ii) execute and record a Regulatory Agreement with HPD, and (iii) waive, for so long as the New Exemption shall remain in effect, the benefits, if any, of additional or concurrent real property tax abatement and/or real property tax exemption which may be authorized under any existing or future local, state or federal law, rule or regulation.

Report for L.U. No. 147

Report of the Committee on Finance in favor of approving Cornerstone Program Beacon Tower 21 West 138th Street, Community District No. 10, Council District No. 9. in Manhattan.

The Committee on Finance to which was referred on May 10, 2006 the annexed Land Use resolution respectfully

REPORTS:

(For text of the Memo, please see the Report of the Committee on Finance for L.U. No. 144 printed above in these Minutes.)

Accordingly, Your Committee recommends its adoption.

In connection herewith, Council Member Weprin offered the following resolution:

Res. No. 305

Resolution approving an exemption from real property taxes pursuant to Section 696 of the General Municipal Law for property located in Manhattan, Community District 10 and designated as the Beacon Towers project of the New York City Department of Housing Preservation and Development's Cornerstone Program (L.U. No. 66).

By Council Member Weprin.

WHEREAS, the New York City Department of Housing Preservation and Development ("HPD") submitted to the Council its request dated April 3, 2006 that the Council take the following action regarding property listed in the attached Appendix A (the "Disposition Area"), which is located in Manhattan, Community District 10 and designated as the Beacon Towers Project of HPD's Cornerstone Program (the "Project"):

Approve an exemption of the Project from real property taxes pursuant to Section 696 of the General Municipal Law (the "Tax Exemption");

WHEREAS, the Council held a hearing on the exemption of the Project from real property taxes on May 10, 2006;

WHEREAS, the Council has considered the financial implications relating to the Tax Exemption;

RESOLVED:

The Council hereby approves, pursuant to Section 696 of the General Municipal Law, a Tax Exemption for the Project as follows:

All of the value of the buildings, structures, and other improvements situated on the Disposition Area shall be exempt from local and municipal taxes, other than assessments for local improvements and land value, for a period of twenty years commencing on the July 1st following the conveyance of the Disposition Area to the Sponsor, during the last ten years of which such exemption shall decrease in equal annual decrements.

The partial tax exemption granted hereunder shall terminate with respect to all or any portion of the Disposition Area if the Department of Housing Preservation and Development determines that such real property has not been, or is not being, developed, used, and/or operated in compliance with the requirements of all applicable agreements made by the Sponsor or the owner of such real property with, or for the benefit of, the City of New York. The Department of Housing Preservation and Development shall deliver written notice of any such determination of noncompliance to the owner of such real property and all mortgagees of record, which notice shall provide for an opportunity to cure of not less than ninety (90) days. If the noncompliance specified in such notice is not cured within the time period specified therein, the partial tax exemption granted hereunder shall prospectively terminate with respect to the real property specified therein.

INTENT

HPD requests that the Council:

1. Find that the present status of the Disposition Areas tends to impair or arrest the sound growth and development of the municipality and that the proposed Urban Development Action Area Project is consistent with the policy and purposes of Section 691 of the General Municipal Law;

2. Waive the area designation requirement of Section 693 of the General Municipal Law pursuant to said Section;

3. Waive the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law;

4. Approve the projects as Urban Development Action Area Projects pursuant to Section 694 of the General Municipal Law; and

5. Approve an exemption of the projects from real property taxes pursuant to Section 696 of the General Municipal Law for L.U. Nos. 55, 111, 112, 113, 114, 116, 129, 130, 134, and 135; and pursuant to Section 577 of the Private Housing Finance Law for L.U. Nos. 53 and 97.

Report Summary:

COMMITTEE ACTION

DATE: May 4, 2006

The Committee recommends that the Council approve the attached resolutions and thereby approve the proposals, grant the requests made by the Department of Housing Preservation and Development, and make the findings required by Article 16 of the General Municipal Law.

In connection herewith, Council Members Katz and Garodnick offered the following resolution:

Res. No. 306

Resolution approving an Urban Development Action Area Project located at 242 West 112th Street (Block 1827/Lot 52), Manhattan, and waiving the urban development action area designation requirement and the Uniform Land Use Review Procedure, pursuant to Sections 693 and 694 of the General Municipal Law (L.U. No. 53; 20065172 HAM).

By Council Members Katz and Garodnick

WHEREAS, the New York City Department of Housing Preservation and Development ("HPD") submitted to the Council on January 17, 2006 its request dated December 27, 2005 that the Council take the following actions regarding the following Urban Development Action Area Project (the "Project") located at 242 West 112th Street (Block 1827/Lot 52), Community District 10, Borough of Manhattan (the "Disposition Area"):

1. Find that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the municipality and that the proposed Urban Development Action Area Project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law;

2. Waive the area designation requirement of Section 693 of the General Municipal Law pursuant to said Section;

3. Waive the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law;

4. Approve the Project as an Urban Development Action Area Project pursuant to Section 694 of the General Municipal Law; and

5. Approve a partial exemption of the Project from real property taxes pursuant to Section 577 of Article XI of the Private Housing Finance Law (the "Tax Exemption");

WHEREAS, the Project is to be developed on land that is now an eligible area as defined in Section 692 of the General Municipal Law, consists solely of the rehabilitation or conservation of existing private or multiple dwellings or the construction of one- to four-unit dwellings, and does not require any change in land use permitted under the New York City Zoning Resolution;

WHEREAS, the project description that HPD provided to the Council states that the purchaser in connection with the Sale (the "Sponsor") is a duly organized housing development fund company under Article XI of the Private Housing Finance Law;

WHEREAS, upon due notice, the Council held a public hearing on the Project on May 2, 2006;

WHEREAS, the Council has considered the land use and financial implications and other policy issues relating to the Project;

RESOLVED:

The Council finds that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the City of New York and that a designation of the Project as an urban development action area project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law.

The Council waives the area designation requirement of the Disposition Area as an urban development action area under Section 693 of the General Municipal Law pursuant to said Section.

The Council waives the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law.

The Council approves the Project as an Urban Development Action Area Project pursuant to Section 694 of the General Municipal Law.

The Project shall be disposed of and developed upon the terms and conditions set forth in the Project Summary that HPD has submitted to the Council, a copy of which is attached hereto.

The Council approves the partial Tax Exemption as follows:

The partial tax exemption provided hereunder shall commence upon the date of conveyance of the housing project to Sponsor ("Effective Date") and shall terminate upon July 1, 2029 ("Expiration Date"); provided, however, that such partial tax exemption shall terminate if the Department of Housing Preservation and Development determines that (i) Sponsor is not organized as a housing development fund corporation, (ii) Sponsor is not operating the housing project in accordance with the requirements of Article XI of the Private Housing Finance Law, or (iii) such real property has not been, or is not being, developed, used, and/or operated in compliance with the requirements of all applicable agreements made by Sponsor with, or for the benefit of, the City of New York.

Those portions of the property included in the housing project which are devoted to business or commercial use (collectively, "Commercial Property"), if any shall not be eligible for real property tax exemption hereunder. The Commercial Property shall be subject to full real property taxation; provided, however, that nothing herein shall prohibit Sponsor from utilizing any abatement, exemption, or other tax benefit for which the Commercial Property would otherwise be eligible.

All of the value of the property, other than the Commercial Property, included in the housing project (collectively, "Residential Property") shall be exempt from real property taxes, other than assessments for local improvements; provided, however, that Sponsor shall make a partial annual real property tax payment on the Residential Property. Sponsor shall make such partial annual real property tax payment on an assessed valuation equal to the lesser of (i) an amount equal to the full assessed valuation of the Residential Property, or (ii) an amount calculated by multiplying $3500 times the number of residential units included in the housing project and increasing such product by six percent (6%) on July 1, 1990 and July 1 of each successive year, but not by more than twenty percent (20%) in any five-year period.

pursuant to Sections 693 and 694 of the General Municipal Law (L.U. No. 55; 20065146 HAK).

By Council Members Katz and Garodnick

WHEREAS, the New York City Department of Housing Preservation and Development ("HPD") submitted to the Council on December 23, 2005 its request dated November 28, 2005 that the Council take the following actions regarding the following Urban Development Action Area Project (the "Project") located at 16 Stockholm Street (Block 3253/Lot 15), 33 Garden Street (Block 3138/Lot 10), 63 Stockholm Street (Block 3243/Lot 65), 84 Stockholm Street (Block 3254/Lot 31), 86 Stanhope Street (Block 3265/Lot 33), 99 Suydam Street (Block 3207/Lot 60), 130 Jefferson Street (Block 3172/Lot 18), 210 Evergreen Avenue (Block 3206/Lot 15), and 315 Central Avenue (Block 3306/Lot 02), Community District 4, Borough of Brooklyn (the "Disposition Area"):

1. Find that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the municipality and that the proposed Urban Development Action Area Project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law;

2. Waive the area designation requirement of Section 693 of the General Municipal Law pursuant to said Section;

3. Waive the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law;

4. Approve the Project as an Urban Development Action Area Project pursuant to Section 694 of the General Municipal Law; and

5. Approve the exemption of the Project from real property taxes pursuant to Section 696 of the General Municipal Law (the "Tax Exemption").

WHEREAS, the Project is to be developed on land that is now an eligible area as defined in Section 692 of the General Municipal Law, consists solely of the rehabilitation or conservation of existing private or multiple dwellings or the construction of one to four unit dwellings, and does not require any change in land use permitted under the New York City Zoning Resolution;

WHEREAS, upon due notice, the Council held a public hearing on the Project on May 2, 2006;

WHEREAS, the Council has considered the land use and financial implications and other policy issues relating to the Project;

RESOLVED:

The Council finds that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the City of New York and that a designation of the Project as an urban development action area project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law.

The Council waives the area designation requirement pursuant to Section 693 of the General Municipal Law.

The Council waives the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law.

The Council approves the Project as an urban development action area project pursuant to Section 694 of the General Municipal Law.

The Project shall be developed in a manner consistent with the Project Summary that HPD has submitted to the Council, a copy of which is attached hereto.

The exemption of the Project from real property taxes pursuant to Section 696 of the General Municipal Law is approved as follows:

a. All of the value of the buildings, structures, and other improvements situated on the Disposition Area shall be exempt from local and municipal taxes, other than assessments for local improvements and land value, for a period of ten years commencing on the date of the conveyance of the Disposition Area to the Sponsor.

b. The partial tax exemption granted hereunder shall terminate with respect to all or any portion of the Disposition Area if the Department of Housing Preservation and Development determines that such real property has not been, or is not being, developed, used, and/or operated in compliance with the requirements of all applicable agreements made by the Sponsor or the owner of such real property with, or for the benefit of, the City of New York. The Department of Housing Preservation and Development shall deliver written notice of any such determination of noncompliance to the owner of such real property and all mortgagees of record, which notice shall provide for an opportunity to cure of not less than ninety (90) days. If the noncompliance specified in such notice is not cured within the time period specified therein, the partial tax exemption granted hereunder shall prospectively terminate with respect to the real property specified therein.

Report for L.U. No. 97

Report of the Committee on Land Use in favor of approving Application no. 20065303 HAM, an Urban Development Action Area Project located at 285 West 150th Street, Council District no. 9, Borough of Manhattan. This matter is subject to Council review and action pursuant to Article 16 of the New York General Municipal Law, at the request of the New York City Department of Housing Preservation and Development, and pursuant to Section 577 of the Private Housing Finance Law for an exemption from real property taxes.

The Committee on Land Use to which was referred on March 22, 2006 (Minutes, page 1170) the annexed Land Use resolution respectfully

REPORTS:

(For text of the report, please see the Report for L.U. No. 53 printed in these Minutes.)

Accordingly, Your Committee recommends its adoption.

In connection herewith, Council Members Katz and Garodnick offered the following resolution:

Res. No. 310

Resolution approving an Urban Development Action Area Project located at 285 West 150th Street (Block 2036/part of Lot 13), Manhattan, and waiving the urban development action area designation requirement and the Uniform Land Use Review Procedure, pursuant to Sections 693 and 694 of the General Municipal Law (L.U. No. 97; 20065303 HAM).

By Council Members Katz and Garodnick

WHEREAS, the New York City Department of Housing Preservation and Development ("HPD") submitted to the Council on March 14, 2006 its request dated February 20, 2006 that the Council take the following actions regarding the following Urban Development Action Area Project (the "Project") located at 285 West 150th Street (Block 2036/part of Lot 13), Community District 10, Borough of Manhattan (the "Disposition Area"):

1. Find that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the municipality and that the proposed Urban Development Action Area Project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law;

2. Waive the area designation requirement of Section 693 of the General Municipal Law pursuant to said Section;

3. Waive the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law;

4. Approve the Project as an Urban Development Action Area Project pursuant to Section 694 of the General Municipal Law; and

5. Approve an exemption of the Project from real property taxes pursuant to Section 577 of Article XI of the Private Housing Finance Law (the "Tax Exemption");

WHEREAS, the Project is to be developed on land that is now an eligible area as defined in Section 692 of the General Municipal Law, consists solely of the rehabilitation or conservation of existing private or multiple dwellings or the construction of one- to four-unit dwellings, and does not require any change in land use permitted under the New York City Zoning Resolution;

WHEREAS, the project description that HPD provided to the Council states that the purchaser in connection with the Sale (the "Sponsor") is a duly organized housing development fund company under Article XI of the Private Housing Finance Law;

WHEREAS, upon due notice, the Council held a public hearing on the Project on May 2, 2006;

WHEREAS, the Council has considered the land use and financial implications and other policy issues relating to the Project;

RESOLVED:

The Council finds that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the City of New York and that a designation of the Project as an urban development action area project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law.

The Council waives the area designation requirement of the Disposition Area as an urban development action area under Section 693 of the General Municipal Law pursuant to said Section.

The Council waives the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law.

The Council approves the Project as an Urban Development Action Area Project pursuant to Section 694 of the General Municipal Law.

The Project shall be disposed of and developed upon the terms and conditions set forth in the Project Summary that HPD has submitted to the Council, a copy of which is attached hereto.

The Council approves the Tax Exemption as follows:

a. All of the value of the property in the Disposition Area, including both the land and any improvements, shall be exempt from real property taxes, other than assessments for local improvements, for a period commencing upon the date of conveyance of the Disposition Area to Sponsor ("Commencement Date") and terminating upon the earlier to occur of (i) the fortieth anniversary of the Commencement Date, (ii) the date of reconveyance of the Disposition Area to an owner which is not a housing development fund company, or (iii) the date upon which the owner of the Disposition Area voluntarily surrenders and revokes such exemption by written notice to the Department of Finance ("Expiration Date"), provided, however, that such tax exemption shall terminate if the Department of Housing Preservation and Development determines that (i) Sponsor is not organized as a housing development fund corporation, (ii) Sponsor is not operating the housing project in accordance with the requirements of Article XI of the Private Housing Finance Law, or (iii) such real property has not been, or is not being, developed, used, and/or operated in compliance with the requirements of all applicable agreements made by Sponsor with, or for the benefit of, the City of New York.

b. Those portions of the property included in the housing project which are devoted to business or commercial use (collectively, "Commercial Property"), if any shall not be eligible for real property tax exemption hereunder. The Commercial Property shall be subject to full real property taxation; provided, however, that nothing herein shall prohibit Sponsor from utilizing any abatement, exemption, or other tax benefit for which the Commercial Property would otherwise be eligible.

c. In consideration of the tax exemption pursuant to Section 577 of the Private Housing Finance Law provided hereunder ("Exemption"), the Sponsor or its successors and assigns shall waive the benefits, if any, of additional or concurrent real property tax abatement and/or tax exemption which may be authorized under any existing or future local, state, or federal law, rule, or regulation ("Alternative Tax Benefit"), for so long as the Exemption shall remain in effect; provided, however, that the Sponsor and its successors and assigns may (i) voluntarily surrender and revoke the Exemption at any time by written notice to the Department of Finance, and (ii) following the effective date of the surrender and revocation stated in such written notice, utilize any Alternative Tax Benefit for the Disposition Area.

Report for L.U. No. 111

Report of the Committee on Land Use in favor of approving Application no. 20065340 HAK, an Urban Development Action Area Project located at 2198 Fulton Street, Council District no. 37, Borough of Brooklyn. This matter is subject to Council review and action pursuant to Article 16 of the New York General Municipal Law, at the request of the New York City Department of Housing Preservation and Development, and pursuant to Section 696 of the General Municipal Law for an exemption from real property taxes.

The Committee on Land Use to which was referred on April 5, 2006 (Minutes, page 1395) the annexed Land Use resolution respectfully

REPORTS:

(For text of the report, please see the Report for L.U. No. 53 printed in these Minutes.)

Accordingly, Your Committee recommends its adoption.

In connection herewith, Council Members Katz and Garodnick offered the following resolution:

Res. No. 311

Resolution approving an Urban Development Action Area Project located at 2198 Fulton Street (Block 1552/Lot 35), Brooklyn, and waiving the urban development action area designation requirement and the Uniform Land Use Review Procedure, pursuant to Sections 693 and 694 of the General Municipal Law (L.U. No. 111; 20065340 HAK).

By Council Members Katz and Garodnick

WHEREAS, the New York City Department of Housing Preservation and Development ("HPD") submitted to the Council on March 23, 2006 its request dated March 6, 2006 that the Council take the following actions regarding the following Urban Development Action Area Project (the "Project") located at 2198 Fulton Street (Block 1552/Lot 35), Community District 16, Borough of Brooklyn (the "Disposition Area"):

1. Find that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the municipality and that the proposed Urban Development Action Area Project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law;

2. Waive the area designation requirement of Section 693 of the General Municipal Law pursuant to said Section;

3. Waive the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law;

4. Approve the Project as an Urban Development Action Area Project pursuant to Section 694 of the General Municipal Law; and

5. Approve the exemption of the Project from real property taxes pursuant to Section 696 of the General Municipal Law (the "Tax Exemption").

WHEREAS, the Project is to be developed on land that is now an eligible area as defined in Section 692 of the General Municipal Law, consists solely of the

rehabilitation or conservation of existing private or multiple dwellings or the construction of one to four unit dwellings, and does not require any change in land use permitted under the New York City Zoning Resolution;

WHEREAS, upon due notice, the Council held a public hearing on the Project on May 2, 2006;

WHEREAS, the Council has considered the land use and financial implications and other policy issues relating to the Project;

RESOLVED:

The Council finds that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the City of New York and that a designation of the Project as an urban development action area project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law.

The Council waives the area designation requirement pursuant to Section 693 of the General Municipal Law.

The Council waives the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law.

The Council approves the Project as an urban development action area project pursuant to Section 694 of the General Municipal Law.

The Project shall be developed in a manner consistent with the Project Summary that HPD has submitted to the Council, a copy of which is attached hereto.

The exemption of the Project from real property taxes pursuant to Section 696 of the General Municipal Law is approved as follows:

a. All of the value of the buildings, structures, and other improvements situated on the Disposition Area shall be exempt from local and municipal taxes, other than assessments for local improvements and land value, for a period of twenty years commencing on the July 1st following the conveyance of the Disposition Area to the Sponsor, during the last ten years of which such exemption shall decrease in equal annual decrements.

b. The partial tax exemption granted hereunder shall terminate with respect to all or any portion of the Disposition Area if the Department of Housing Preservation and Development determines that such real property has not been, or is not being, developed, used, and/or operated in compliance with the requirements of all applicable agreements made by the Sponsor or the owner of such real property with, or for the benefit of, the City of New York. The Department of Housing Preservation and Development shall deliver written notice of any such determination of noncompliance to the owner of such real property and all mortgagees of record, which notice shall provide for an opportunity to cure of not less than ninety (90) days. If the noncompliance specified in such notice is not cured within the time period specified therein, the partial tax exemption granted hereunder shall prospectively terminate with respect to the real property specified therein.

REPORTS:

(For text of the report, please see the Report for L.U. No. 53 printed in these Minutes.)

Accordingly, Your Committee recommends its adoption.

In connection herewith, Council Members Katz and Garodnick offered the following resolution:

Res. No. 312

Resolution approving an Urban Development Action Area Project located at 719 Franklin Avenue (Block 1238/Lot 11), 721 Franklin Avenue (Block 1238/Lot 10), and 259 Troy Avenue (Block 1338/Lot 5), Brooklyn, and waiving the urban development action area designation requirement and the Uniform Land Use Review Procedure, pursuant to Sections 693 and 694 of the General Municipal Law (L.U. No. 112; 20065341 HAK).

By Council Members Katz and Garodnick

WHEREAS, the New York City Department of Housing Preservation and Development ("HPD") submitted to the Council on March 23, 2006 its request dated March 6, 2006 that the Council take the following actions regarding the following Urban Development Action Area Project (the "Project") located at 719 Franklin Avenue (Block 1238/Lot 11), 721 Franklin Avenue (Block 1238/Lot 10), and 259 Troy Avenue (Block 1338/Lot 5), Community District 8, Borough of Brooklyn (the "Disposition Area"):

1. Find that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the municipality and that the proposed Urban Development Action Area Project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law;

2. Waive the area designation requirement of Section 693 of the General Municipal Law pursuant to said Section;

3. Waive the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law;

4. Approve the Project as an Urban Development Action Area Project pursuant to Section 694 of the General Municipal Law; and

5. Approve the exemption of the Project from real property taxes pursuant to Section 696 of the General Municipal Law (the "Tax Exemption").

WHEREAS, the Project is to be developed on land that is now an eligible area as defined in Section 692 of the General Municipal Law, consists solely of the rehabilitation or conservation of existing private or multiple dwellings or the construction of one to four unit dwellings, and does not require any change in land use permitted under the New York City Zoning Resolution;

WHEREAS, upon due notice, the Council held a public hearing on the Project on May 2, 2006;

WHEREAS, the Council has considered the land use and financial implications and other policy issues relating to the Project;

RESOLVED:

The Council finds that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the City of New York and that a designation of the Project as an urban development action area project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law.

The Council waives the area designation requirement pursuant to Section 693 of the General Municipal Law.

The Council waives the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law.

The Council approves the Project as an urban development action area project pursuant to Section 694 of the General Municipal Law.

The Project shall be developed in a manner consistent with the Project Summary that HPD has submitted to the Council, a copy of which is attached hereto.

The exemption of the Project from real property taxes pursuant to Section 696 of the General Municipal Law is approved as follows:

a. All of the value of the buildings, structures, and other improvements situated on the Disposition Area shall be exempt from local and municipal taxes, other than assessments for local improvements and land value, for a period of twenty years commencing on the July 1st following the conveyance of the Disposition Area to the Sponsor, during the last ten years of which such exemption shall decrease in equal annual decrements.

b. The partial tax exemption granted hereunder shall terminate with respect to all or any portion of the Disposition Area if the Department of Housing Preservation and Development determines that such real property has not been, or is not being, developed, used, and/or operated in compliance with the requirements of all applicable agreements made by the Sponsor or the owner of such real property with, or for the benefit of, the City of New York. The Department of Housing Preservation and Development shall deliver written notice of any such determination of noncompliance to the owner of such real property and all mortgagees of record, which notice shall provide for an opportunity to cure of not less than ninety (90) days. If the noncompliance specified in such notice is not cured within the time period specified therein, the partial tax exemption granted hereunder shall prospectively terminate with respect to the real property specified therein.

This matter is subject to Council review and action pursuant to Article 16 of the New York General Municipal Law, at the request of the New York City Department of Housing Preservation and Development, and pursuant to Section 696 of the General Municipal Law for an exemption from real property taxes.

The Committee on Land Use to which was referred on April 5, 2006 (Minutes, page 1396) the annexed Land Use resoluition respectfully

REPORTS:

(For text of the report, please see the Report for L.U. No. 53 printed in these Minutes.)

Accordingly, Your Committee recommends its adoption.

In connection herewith, Council Members Katz and Garodnick offered the following resolution:

Res. No. 313

Resolution approving an Urban Development Action Area Project located at 328 Tompkins Avenue (Block 1814/Lot 36), Brooklyn, and waiving the urban development action area designation requirement and the Uniform Land Use Review Procedure, pursuant to Sections 693 and 694 of the General Municipal Law (L.U. No. 113; 20065342 HAK).

By Council Members Katz and Garodnick

WHEREAS, the New York City Department of Housing Preservation and Development ("HPD") submitted to the Council on March 23, 2006 its request dated March 6, 2006 that the Council take the following actions regarding the following Urban Development Action Area Project (the "Project") located at 328 Tompkins Avenue (Block 1814/Lot 36), Community District 3, Borough of Brooklyn (the "Disposition Area"):

1. Find that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the municipality and that the proposed Urban Development Action Area Project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law;

2. Waive the area designation requirement of Section 693 of the General Municipal Law pursuant to said Section;

3. Waive the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law;

4. Approve the Project as an Urban Development Action Area Project pursuant to Section 694 of the General Municipal Law; and

5. Approve the exemption of the Project from real property taxes pursuant to Section 696 of the General Municipal Law (the "Tax Exemption").

WHEREAS, the Project is to be developed on land that is now an eligible area as defined in Section 692 of the General Municipal Law, consists solely of the rehabilitation or conservation of existing private or multiple dwellings or the construction of one to four unit dwellings, and does not require any change in land use permitted under the New York City Zoning Resolution;

WHEREAS, upon due notice, the Council held a public hearing on the Project on May 2, 2006;

WHEREAS, the Council has considered the land use and financial implications and other policy issues relating to the Project;

RESOLVED:

The Council finds that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the City of New York and that a designation of the Project as an urban development action area project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law.

The Council waives the area designation requirement pursuant to Section 693 of the General Municipal Law.

The Council waives the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law.

The Council approves the Project as an urban development action area project pursuant to Section 694 of the General Municipal Law.

The Project shall be developed in a manner consistent with the Project Summary that HPD has submitted to the Council, a copy of which is attached hereto.

The exemption of the Project from real property taxes pursuant to Section 696 of the General Municipal Law is approved as follows:

a. All of the value of the buildings, structures, and other improvements situated on the Disposition Area shall be exempt from local and municipal taxes, other than assessments for local improvements and land value, for a period of twenty years commencing on the July 1st following the conveyance of the Disposition Area to the Sponsor, during the last ten years of which such exemption shall decrease in equal annual decrements.

b. The partial tax exemption granted hereunder shall terminate with respect to all or any portion of the Disposition Area if the Department of Housing Preservation and Development determines that such real property has not been, or is not being, developed, used, and/or operated in compliance with the requirements of all applicable agreements made by the Sponsor or the owner of such real property with, or for the benefit of, the City of New York. The Department of Housing Preservation and Development shall deliver written notice of any such determination of noncompliance to the owner of such real property and all mortgagees of record, which notice shall provide for an opportunity to cure of not less than ninety (90) days. If the noncompliance specified in such notice is not cured within the time period specified therein, the partial tax exemption granted hereunder shall prospectively terminate with respect to the real property specified therein.

This matter is subject to Council review and action pursuant to Article 16 of the New York General Municipal Law, at the request of the New York City Department of

Housing Preservation and Development, and pursuant to Section 696 of the General Municipal Law for an exemption from real property taxes.

The Committee on Land Use to which was referred on April 26, 2006 (Minutes, page 1678) the annexed Land Use resolution respectfully

REPORTS:

(For text of the report, see the Report for L.U. No. 53 printed in these Minutes.)

Accordingly, Your Committee recommends its adoption.

In connection herewith, Council Members Katz and Garodnick offered the following resolution:

Res. No. 324

Resolution approving an Urban Development Action Area Project located at 149 West 136th Street (Block 1921/Lot 13), 211 West 121st Street (Block 1927/Lot 25), and 265 West 113th Street (Block 1829/Lot 10), Manhattan, and waiving the urban development action area designation requirement and the Uniform Land Use Review Procedure, pursuant to Sections 693 and 694 of the General Municipal Law (L.U. No. 129; 20065400 HAM).

By Council Members Katz and Garodnick

WHEREAS, the New York City Department of Housing Preservation and Development ("HPD") submitted to the Council on April 12, 2006 its request dated March 20, 2006 that the Council take the following actions regarding the following Urban Development Action Area Project (the "Project") located at 149 West 136th Street (Block 1921/Lot 13), 211 West 121st Street (Block 1927/Lot 25), and 265 West 113th Street (Block 1829/Lot 10), Community District 10, Borough of Manhattan (the "Disposition Area"):

1. Find that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the municipality and that the proposed Urban Development Action Area Project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law;

2. Waive the area designation requirement of Section 693 of the General Municipal Law pursuant to said Section;

3. Waive the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law;

4. Approve the Project as an Urban Development Action Area Project pursuant to Section 694 of the General Municipal Law; and

5. Approve the exemption of the Project from real property taxes pursuant to Section 696 of the General Municipal Law (the "Tax Exemption").

WHEREAS, the Project is to be developed on land that is now an eligible area as defined in Section 692 of the General Municipal Law, consists solely of the rehabilitation or conservation of existing private or multiple dwellings or the construction of one to four unit dwellings, and does not require any change in land use permitted under the New York City Zoning Resolution;

WHEREAS, upon due notice, the Council held a public hearing on the Project on May 2, 2006;

WHEREAS, the Council has considered the land use, environmental and financial implications and other policy issues relating to the Project;

RESOLVED:

The Council finds that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the City of New York and that a designation of the Project as an urban development action area project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law.

The Council waives the area designation requirement pursuant to Section 693 of the General Municipal Law.

The Council waives the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law.

The Council approves the Project as an urban development action area project pursuant to Section 694 of the General Municipal Law.

The Project shall be developed in a manner consistent with the Project Summary that HPD has submitted to the Council, a copy of which is attached hereto.

The exemption of the Project from real property taxes pursuant to Section 696 of the General Municipal Law is approved as follows:

a. All of the value of the buildings, structures, and other improvements situated on the Disposition Area shall be exempt from local and municipal taxes, other than assessments for local improvements and land value, for a period of twenty years commencing on the July 1st following the date of issuance of the first temporary or permanent Certificate of Occupancy for a building located on the Disposition Area, during the last ten years of which such exemption shall decrease in equal annual decrements.

b. The partial tax exemption granted hereunder shall terminate with respect to all or any portion of the Disposition Area if the Department of Housing Preservation and Development determines that such real property has not been, or is not being, developed, used, and/or operated in compliance with the requirements of all applicable agreements made by the Sponsor or the owner of such real property with, or for the benefit of, the City of New York. The Department of Housing Preservation and Development shall deliver written notice of any such determination of noncompliance to the owner of such real property and all mortgagees of record, which notice shall provide for an opportunity to cure of not less than ninety (90) days. If the noncompliance specified in such notice is not cured within the time period specified therein, the partial tax exemption granted hereunder shall prospectively terminate with respect to the real property specified therein.

Res. No. 325

Resolution approving an Urban Development Action Area Project located at 239 West 137th Street (Block 2023/Lot 14), Manhattan, and waiving the urban development action area designation requirement and the Uniform Land Use Review Procedure, pursuant to Sections 693 and 694 of the General Municipal Law (L.U. No. 130; 20065401 HAM).

By Council Members Katz and Garodnick

WHEREAS, the New York City Department of Housing Preservation and Development ("HPD") submitted to the Council on April 12, 2006 its request dated March 20, 2006 that the Council take the following actions regarding the following Urban Development Action Area Project (the "Project") located at 239 West 137th Street (Block 2023/Lot 14), Community District 10, Borough of Manhattan (the "Disposition Area"):

1. Find that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the municipality and that the proposed Urban Development Action Area Project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law;

2. Waive the area designation requirement of Section 693 of the General Municipal Law pursuant to said Section;

3. Waive the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law;

4. Approve the Project as an Urban Development Action Area Project pursuant to Section 694 of the General Municipal Law; and

5. Approve the exemption of the Project from real property taxes pursuant to Section 696 of the General Municipal Law (the "Tax Exemption").

WHEREAS, the Project is to be developed on land that is now an eligible area as defined in Section 692 of the General Municipal Law, consists solely of the rehabilitation or conservation of existing private or multiple dwellings or the construction of one to four unit dwellings, and does not require any change in land use permitted under the New York City Zoning Resolution;

WHEREAS, upon due notice, the Council held a public hearing on the Project on May 2, 2006;

WHEREAS, the Council has considered the land use, environmental and financial implications and other policy issues relating to the Project;

RESOLVED:

The Council finds that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the City of New York and that a designation of the Project as an urban development action area project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law.

The Council waives the area designation requirement pursuant to Section 693 of the General Municipal Law.

The Council waives the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law.

The Council approves the Project as an urban development action area project pursuant to Section 694 of the General Municipal Law.

The Project shall be developed in a manner consistent with the Project Summary that HPD has submitted to the Council, a copy of which is attached hereto.

The exemption of the Project from real property taxes pursuant to Section 696 of the General Municipal Law is approved as follows:

a. All of the value of the buildings, structures, and other improvements situated on the Disposition Area shall be exempt from local and municipal taxes, other than assessments for local improvements and land value, for a period of twenty years commencing on the July 1st following the date of issuance of the first temporary or permanent Certificate of Occupancy for a building located on the Disposition Area, during the last ten years of which such exemption shall decrease in equal annual decrements.

b. The partial tax exemption granted hereunder shall terminate with respect to all or any portion of the Disposition Area if the Department of Housing Preservation and Development determines that such real property has not been, or is not being, developed, used, and/or operated in compliance with the requirements of all applicable agreements made by the Sponsor or the owner of such real property with, or for the benefit of, the City of New York. The Department of Housing Preservation and Development shall deliver written notice of any such determination of noncompliance to the owner of such real property and all mortgagees of record, which notice shall provide for an opportunity to cure of not less than ninety (90) days. If the noncompliance specified in such notice is not cured within the time period specified therein, the partial tax exemption granted hereunder shall prospectively terminate with respect to the real property specified therein.

By Council Members Katz and Garodnick

WHEREAS, the New York City Department of Housing Preservation and Development ("HPD") submitted to the Council on March 15, 2006 its request dated March 13, 2006 that the Council take the following actions regarding the following Urban Development Action Area Project (the "Project") located at 2295 Andrews Avenue North (Block 3225/Lot 22), 1641 Andrews Avenue South (Block 2878/Lot 61), and 1629 Parker Street (Block 3990/Lot 66), Community Districts 5, 7, 10; Borough of the Bronx (the "Transfer Area"):

1. Find that the present status of the Transfer Area tends to impair or arrest the sound growth and development of the municipality and that the proposed Urban Development Action Area Project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law;

2. Waive the area designation requirement of Section 693 of the General Municipal Law pursuant to said Section;

3. Approve the Project as an Urban Development Action Area Project pursuant to Section 694 of the General Municipal Law; and

Approve an exemption of the Project from real property taxes pursuant to Sections 577 of Article XI of the Private Housing Finance Law; and Section 696 of the General Municipal Law (the "Tax Exemption");

WHEREAS, by letter dated April 27, 2006, the Department of Housing Preservation and Development removed the property located at 1629 Parker Street (Block 3990/Lot 66);

WHEREAS, the Project is to be developed on land that is now an eligible area as defined in Section 692 of the General Municipal Law, consists solely of the rehabilitation or conservation of existing private or multiple dwellings and does not require any change in land use permitted under the New York City Zoning Resolution;

WHEREAS, upon due notice, the Council held a public hearing on the Project on May 2, 2006;

WHEREAS, the Council has considered the land use and financial implications and other policy issues relating to the Project;

RESOLVED:

The Council finds that the present status of the Transfer Area tends to impair or arrest the sound growth and development of the City of New York and that a designation of the Project as an urban development action area project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law.

The Council waives the area designation requirement pursuant to Section 693 of the General Municipal Law.

The Council approves the Project as an Urban Development Action Area Project pursuant to Section 694 of the General Municipal Law.

The Project shall be disposed of and developed upon the terms and conditions set forth in the Project Summary that HPD has submitted to the Council, a copy of which is attached hereto.

The Council approves the Tax Exemptions as follows:

1. Pursuant to Section 577 of the Private Housing Finance Law as follows:

a. All of the value of the property in the Transfer Area, including both the land and any improvements, shall be exempt from real property taxes, other than assessments for local improvements, for a period commencing upon the date of conveyance of the Transfer Area to the transferee ("Article XI Commencement Date") and terminating upon the earlier to occur of (i) the fortieth anniversary of the Article XI Commencement Date, (ii) the date of reconveyance of the Transfer Area to an owner which is not a housing development fund company, or (iii) the date upon which the owner of the Transfer Area voluntarily surrenders and revokes such exemption by written notice to the Department of Finance ("Article XI Expiration Date").

b. In consideration of the tax exemption pursuant to Section 577 of the Private Housing Finance Law provided hereunder ("Article XI Exemption"), the owner of the Transfer Area shall waive the benefits, if any, of additional or concurrent real property tax abatement and/or tax exemption which may be authorized under any existing or future local, state, or federal law, rule, or regulation ("Alternative Tax Benefit"), for so long as the Article XI Exemption shall remain in effect; provided, however, that the owner of the Transfer Area may (i) voluntarily surrender and revoke the Article XI Exemption at any time by written notice to the Department of Finance, and (ii) following the effective date of the surrender and revocation stated in such written notice, utilize any Alternative Tax Benefit for the Transfer Area.

The provisions of the Article XI Exemption shall apply separately to each individual property comprising the Transfer Area, and a sale or other event which would cause the expiration, termination, or revocation of the Article XI Exemption with respect to one property in the Transfer Area shall not affect the continued validity of the Article XI Exemption with respect to other properties in the Transfer Area.

2. Pursuant to Section 696 of the General Municipal Law as follows:

a. All of the value of the buildings, structures, and other improvements situated on the Transfer Area shall be exempt from local and municipal taxes, other than assessments for local improvements and land value, for a period of twenty years commencing on the Article XI Expiration Date ("UDAAP Commencement Date"); provided, however, that such exemption shall decrease in ten equal annual decrements commencing upon the July 1st immediately preceding the tenth anniversary of the UDAAP Commencement Date.

b. In consideration of the tax exemption pursuant to Section 696 of the General Municipal Law provided hereunder ("UDAAP Exemption"), the owner of the Transfer Area shall waive the benefits, if any, of any Alternative Tax Benefit for so long as the UDAAP Exemption shall remain in effect; provided, however, that the owner of the Transfer Area may (i) voluntarily surrender and revoke the UDAAP Exemption at any time by written notice to the Department of Finance, and (ii) following the effective date of the surrender and revocation stated in such written notice, utilize any Alternative Tax Benefit for the Transfer Area.

c. The UDAAP Exemption shall terminate with respect to all or any portion of the Transfer Area if the Department of Housing Preservation and Development ("HPD") determines that such real property has not been, or is not being, developed, used, and/or operated in compliance with the requirements of all applicable agreements made by the transferee or any subsequent owner of such real property with, or for the benefit of, the City of New York. HPD shall deliver written notice of any such determination of noncompliance to the owner of such real property and all mortgagees of record, which notice shall provide for an opportunity to cure of not less than ninety (90) days. If the noncompliance specified in such notice is not cured within the time period specified therein, the UDAAP Exemption shall prospectively terminate with respect to the real property specified therein.

d. Notwithstanding any other provision to the contrary, the combined duration of the Article XI Exemption and the UDAAP Exemption shall not exceed forty (40) years.

e. The provisions of the UDAAP Exemption shall apply separately to each individual property comprising the Transfer Area, and a sale or other event which would cause the expiration, termination, or revocation of the UDAAP Exemption with respect to one property in the Transfer Area shall not affect the continued validity of the UDAAP Exemption with respect to other properties in the Transfer Area.

The Committee recommends that the Council approve the attached resolution and thereby approve the proposal, make the findings required by Article 16 of the General Municipal Law and grant the requests made by the Department of Housing Preservation and Development.

In connection herewith, Council Members Katz and Garodnick offered the following resolution:

Res. No. 330

Resolution approving an Urban Development Action Area Project located at 459 Beach 37th Street (Block 15954/Lot 52), Queens, and waiving the urban development action area designation requirement and the Uniform Land Use Review Procedure, pursuant to Sections 693 and 694 of the General Municipal Law (L.U. No. 149; 20065334 HAQ).

By Council Members Katz and Garodnick

WHEREAS, the New York City Department of Housing Preservation and Development ("HPD") submitted to the Council on March 15, 2006 its request dated March 13, 2006 that the Council take the following actions regarding the following Urban Development Action Area Project (the "Project") located at 459 Beach 37th Street (Block 15954/Lot 52), Community District 14, Borough of Queens (the "Transfer Area"):

1. Find that the present status of the Transfer Area tends to impair or arrest the sound growth and development of the municipality and that the proposed Urban Development Action Area Project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law;

2. Waive the area designation requirement of Section 693 of the General Municipal Law pursuant to said Section;

3. Approve the Project as an Urban Development Action Area Project pursuant to Section 694 of the General Municipal Law; and

4. Approve an exemption of the Project from real property taxes pursuant to Sections 577 of Article XI of the Private Housing Finance Law; and Section 696 of the General Municipal Law (the "Tax Exemption");

WHEREAS, the Project is to be developed on land that is now an eligible area as defined in Section 692 of the General Municipal Law, consists solely of the rehabilitation or conservation of existing private or multiple dwellings and does not require any change in land use permitted under the New York City Zoning Resolution;

WHEREAS, upon due notice, the Council held a public hearing on the Project on May 2, 2006;

WHEREAS, the Council has considered the land use and financial implications and other policy issues relating to the Project;

RESOLVED:

The Council finds that the present status of the Transfer Area tends to impair or arrest the sound growth and development of the City of New York and that a designation of the Project as an urban development action area project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law.

The Council waives the area designation requirement pursuant to Section 693 of the General Municipal Law.

The Council approves the Project as an Urban Development Action Area Project pursuant to Section 694 of the General Municipal Law.

The Project shall be disposed of and developed upon the terms and conditions set forth in the Project Summary that HPD has submitted to the Council, a copy of which is attached hereto.

The Council approves the Tax Exemptions as follows:

1. Pursuant to Section 577 of the Private Housing Finance Law as follows:

a. All of the value of the property in the Transfer Area, including both the land and any improvements, shall be exempt from real property taxes, other than assessments for local improvements, for a period commencing upon the date of conveyance of the Transfer Area to the transferee ("Article XI Commencement Date") and terminating upon the earlier to occur of (i) the fortieth anniversary of the Article XI Commencement Date, (ii) the date of reconveyance of the Transfer Area to an owner which is not a housing development fund company, or (iii) the date upon which the owner of the Transfer Area voluntarily surrenders and revokes such exemption by written notice to the Department of Finance ("Article XI Expiration Date").

b. In consideration of the tax exemption pursuant to Section 577 of the Private Housing Finance Law provided hereunder ("Article XI Exemption"), the owner of the Transfer Area shall waive the benefits, if any, of additional or concurrent real property tax abatement and/or tax exemption which may be authorized under any existing or future local, state, or federal law, rule, or regulation ("Alternative Tax Benefit"), for so long as the Article XI Exemption shall remain in effect; provided, however, that the owner of the Transfer Area may (i) voluntarily surrender and revoke the Article XI Exemption at any time by written notice to the Department of Finance, and (ii) following the effective date of the surrender and revocation stated in such written notice, utilize any Alternative Tax Benefit for the Transfer Area.

The provisions of the Article XI Exemption shall apply separately to each individual property comprising the Transfer Area, and a sale or other event which would cause the expiration, termination, or revocation of the Article XI Exemption with respect to one property in the Transfer Area shall not affect the continued validity of the Article XI Exemption with respect to other properties in the Transfer Area.

2. Pursuant to Section 696 of the General Municipal Law as follows:

a. All of the value of the buildings, structures, and other improvements situated on the Transfer Area shall be exempt from local and municipal taxes, other than assessments for local improvements and land value, for a period of twenty years commencing on the Article XI Expiration Date ("UDAAP Commencement Date"); provided, however, that such exemption shall decrease in ten equal annual decrements commencing upon the July 1st immediately preceding the tenth anniversary of the UDAAP Commencement Date.

b. In consideration of the tax exemption pursuant to Section 696 of the General Municipal Law provided hereunder ("UDAAP Exemption"), the owner of the Transfer Area shall waive the benefits, if any, of any Alternative Tax Benefit for so long as the UDAAP Exemption shall remain in effect; provided, however, that the owner of the Transfer Area may (i) voluntarily surrender and revoke the UDAAP Exemption at any time by written notice to the Department of Finance, and (ii) following the effective date of the surrender and revocation stated in such written notice, utilize any Alternative Tax Benefit for the Transfer Area.

c. The UDAAP Exemption shall terminate with respect to all or any portion of the Transfer Area if the Department of Housing Preservation and Development ("HPD") determines that such real property has not been, or is not being, developed, used, and/or operated in compliance with the requirements of all applicable agreements made by the transferee or any subsequent owner of such real property with, or for the benefit of, the City of New York. HPD shall deliver written notice of any such determination of noncompliance to the owner of such real property and all mortgagees of record, which notice shall provide for an opportunity to cure of not less than ninety (90) days. If the noncompliance specified in such notice is not cured within the time period specified therein, the UDAAP Exemption shall prospectively terminate with respect to the real property specified therein.

d. Notwithstanding any other provision to the contrary, the combined duration of the Article XI Exemption and the UDAAP Exemption shall not exceed forty (40) years.

e. The provisions of the UDAAP Exemption shall apply separately to each individual property comprising the Transfer Area, and a sale or other event which would cause the expiration, termination, or revocation of the UDAAP Exemption with respect to one property in the Transfer Area shall not affect the continued validity of the UDAAP Exemption with respect to other properties in the Transfer Area.

COMMITTEE ACTION

DATE: May 4, 2006

The Committee recommends that the Council approve the attached resolution and thereby approve the proposal, make the findings required by Article 16 of the General Municipal Law and grant the requests made by the Department of Housing Preservation and Development.

In connection herewith, Council Members Katz and Garodnick offered the following resolution:

Res. No. 331

Resolution approving an Urban Development Action Area Project located at 18-10 Astoria Boulevard (Block 539/Lot 25), and 76-07 Blake Avenue (Block 11338/Lot 15), Queens, and waiving the urban development action area designation requirement and the Uniform Land Use Review Procedure, pursuant to Sections 693 and 694 of the General Municipal Law (L.U. No. 150; 20065335 HAQ).

By Council Members Katz and Garodnick

WHEREAS, the New York City Department of Housing Preservation and Development ("HPD") submitted to the Council on March 15, 2006 its request dated March 13, 2006 that the Council take the following actions regarding the following Urban Development Action Area Project (the "Project") located at 18-10 Astoria Boulevard (Block 539/Lot 25), and 76-07 Blake Avenue (Block 11338/Lot 15), Community Districts 1 and 10, Borough of Queens (the "Transfer Area"):

1. Find that the present status of the Transfer Area tends to impair or arrest the sound growth and development of the municipality and that the proposed Urban Development Action Area Project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law;

2. Waive the area designation requirement of Section 693 of the General Municipal Law pursuant to said Section;

3. Approve the Project as an Urban Development Action Area Project pursuant to Section 694 of the General Municipal Law; and

4. Approve an exemption of the Project from real property taxes pursuant to Sections 577 of Article XI of the Private Housing Finance Law; and Section 696 of the General Municipal Law (the "Tax Exemption");

WHEREAS, the Project is to be developed on land that is now an eligible area as defined in Section 692 of the General Municipal Law, consists solely of the rehabilitation or conservation of existing private or multiple dwellings and does not require any change in land use permitted under the New York City Zoning Resolution;

WHEREAS, upon due notice, the Council held a public hearing on the Project on May 2, 2006;

WHEREAS, the Council has considered the land use and financial implications and other policy issues relating to the Project;

RESOLVED:

The Council finds that the present status of the Transfer Area tends to impair or arrest the sound growth and development of the City of New York and that a designation of the Project as an urban development action area project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law.

The Council waives the area designation requirement pursuant to Section 693 of the General Municipal Law.

The Council approves the Project as an Urban Development Action Area Project pursuant to Section 694 of the General Municipal Law.

The Project shall be disposed of and developed upon the terms and conditions set forth in the Project Summary that HPD has submitted to the Council, a copy of which is attached hereto.

The Council approves the Tax Exemptions as follows:

1. Pursuant to Section 577 of the Private Housing Finance Law as follows:

a. All of the value of the property in the Transfer Area, including both the land and any improvements, shall be exempt from real property taxes, other than assessments for local improvements, for a period commencing upon the date of conveyance of the Transfer Area to the transferee ("Article XI Commencement Date") and terminating upon the earlier to occur of (i) the fortieth anniversary of the Article XI Commencement Date, (ii) the date of reconveyance of the Transfer Area to an owner which is not a housing development fund company, or (iii) the date upon which the owner of the Transfer Area voluntarily surrenders and revokes such exemption by written notice to the Department of Finance ("Article XI Expiration Date").

b. In consideration of the tax exemption pursuant to Section 577 of the Private Housing Finance Law provided hereunder ("Article XI Exemption"), the owner of the Transfer Area shall waive the benefits, if any, of additional or concurrent real property tax abatement and/or tax exemption which may be authorized under any existing or future local, state, or federal law, rule, or regulation ("Alternative Tax Benefit"), for so long as the Article XI Exemption shall remain in effect; provided, however, that the owner of the Transfer Area may (i) voluntarily surrender and revoke the Article XI Exemption at any time by written notice to the Department of Finance, and (ii) following the effective date of the surrender and revocation stated in such written notice, utilize any Alternative Tax Benefit for the Transfer Area.

The provisions of the Article XI Exemption shall apply separately to each individual property comprising the Transfer Area, and a sale or other event which would cause the expiration, termination, or revocation of the Article XI Exemption with respect to one property in the Transfer Area shall not affect the continued validity of the Article XI Exemption with respect to other properties in the Transfer Area.

2. Pursuant to Section 696 of the General Municipal Law as follows:

a. All of the value of the buildings, structures, and other improvements situated on the Transfer Area shall be exempt from local and municipal taxes, other than assessments for local improvements and land value, for a period of twenty years commencing on the Article XI Expiration Date ("UDAAP Commencement Date"); provided, however, that such exemption shall decrease in ten equal annual decrements commencing upon the July 1st immediately preceding the tenth anniversary of the UDAAP Commencement Date.

b. In consideration of the tax exemption pursuant to Section 696 of the General Municipal Law provided hereunder ("UDAAP Exemption"), the owner of the Transfer Area shall waive the benefits, if any, of any Alternative Tax Benefit for so long as the UDAAP Exemption shall remain in effect; provided, however, that the owner of the Transfer Area may (i) voluntarily surrender and revoke the UDAAP Exemption at any time by written notice to the Department of Finance, and (ii) following the effective date of the surrender and revocation stated in such written notice, utilize any Alternative Tax Benefit for the Transfer Area.

c. The UDAAP Exemption shall terminate with respect to all or any portion of the Transfer Area if the Department of Housing Preservation and Development ("HPD") determines that such real property has not been, or is not being, developed, used, and/or operated in compliance with the requirements of all applicable agreements made by the transferee or any subsequent owner of such real property with, or for the benefit of, the City of New York. HPD shall deliver written notice of any such determination of noncompliance to the owner of such real property and all mortgagees of record, which notice shall provide for an opportunity to cure of not less than ninety (90) days. If the noncompliance specified in such notice is not cured within the time period specified therein, the UDAAP Exemption shall prospectively terminate with respect to the real property specified therein.

d. Notwithstanding any other provision to the contrary, the combined duration of the Article XI Exemption and the UDAAP Exemption shall not exceed forty (40) years.

e. The provisions of the UDAAP Exemption shall apply separately to each individual property comprising the Transfer Area, and a sale or other event which would cause the expiration, termination, or revocation of the UDAAP Exemption with respect to one property in the Transfer Area shall not affect the continued validity of the UDAAP Exemption with respect to other properties in the Transfer Area.

RESOLVED:

The Council finds that the present status of the Transfer Area tends to impair or arrest the sound growth and development of the City of New York and that a designation of the Project as an urban development action area project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law.

The Council waives the area designation requirement pursuant to Section 693 of the General Municipal Law.

The Council approves the Project as an Urban Development Action Area Project pursuant to Section 694 of the General Municipal Law.

The Project shall be disposed of and developed upon the terms and conditions set forth in the Project Summaries that HPD has submitted to the Council, copies of which are attached hereto.

The Council approves the Tax Exemptions as follows:

1. Pursuant to Section 577 of the Private Housing Finance Law as follows:

a. All of the value of the property in the Transfer Area, including both the land and any improvements, shall be exempt from real property taxes, other than assessments for local improvements, for a period commencing upon the date of conveyance of the Transfer Area to the transferee ("Article XI Commencement Date") and terminating upon the earlier to occur of (i) the fortieth anniversary of the Article XI Commencement Date, (ii) the date of reconveyance of the Transfer Area to an owner which is not a housing development fund company, or (iii) the date upon which the owner of the Transfer Area voluntarily surrenders and revokes such exemption by written notice to the Department of Finance ("Article XI Expiration Date").

b. In consideration of the tax exemption pursuant to Section 577 of the Private Housing Finance Law provided hereunder ("Article XI Exemption"), the owner of the Transfer Area shall waive the benefits, if any, of additional or concurrent real property tax abatement and/or tax exemption which may be authorized under any existing or future local, state, or federal law, rule, or regulation ("Alternative Tax Benefit"), for so long as the Article XI Exemption shall remain in effect; provided, however, that the owner of the Transfer Area may (i) voluntarily surrender and revoke the Article XI Exemption at any time by written notice to the Department of Finance, and (ii) following the effective date of the surrender and revocation stated in such written notice, utilize any Alternative Tax Benefit for the Transfer Area.

The provisions of the Article XI Exemption shall apply separately to each individual property comprising the Transfer Area, and a sale or other event which

would cause the expiration, termination, or revocation of the Article XI Exemption with respect to one property in the Transfer Area shall not affect the continued validity of the Article XI Exemption with respect to other properties in the Transfer Area.

2. Pursuant to Section 696 of the General Municipal Law as follows:

a. All of the value of the buildings, structures, and other improvements situated on the Transfer Area shall be exempt from local and municipal taxes, other than assessments for local improvements and land value, for a period of twenty years commencing on the Article XI Expiration Date ("UDAAP Commencement Date"); provided, however, that such exemption shall decrease in ten equal annual decrements commencing upon the July 1st immediately preceding the tenth anniversary of the UDAAP Commencement Date.

b. The Committee on Parks and Recreation to which was referred on April 26, 2006 (Minutes, page 1605) the annexed amended proposed local law respectfully

REPORTS:

Comment:

On May 3, 2006, the Committee on Parks and Recreation will hold a hearing to consider a bill renaming thoroughfares and public places. The Council acts upon the authority granted in Title 25 of the New York City Administrative Code, section 102.1 (b), which states:

b. Unless the local law specifically provides otherwise, any local law changing the name of a street, park, playground or portion thereof, or any facility or structure, located and laid out on the city map, that bears a name indicated on the city map shall not be construed to require a change in such name as it is indicated on the city map; provided, however, that in the case of a local law changing the name of a street or portion thereof, the name added by such local law shall be posted on a sign placed adjacent to or near a sign bearing the name of such street or portion thereof indicated on the city map.

The following street name changes are not to be construed as a change in the City map, but as additional names to be posted near or adjacent to the street or location indicated on the City map.

Section 52. Al Jolson Way

Introduced by the Speaker (Council Member Quinn)

Al Jolson was the singular and most influential stage personality and popular singer of the 20th century. Jolson was the unanimous king of Broadway for close to thirty years As a result his name was synonymous with the Winter Garden Theater. During his lifetime he was the acknowledged "World's Greatest Entertainer," at a time when the landscape was bursting with fabulous stars.

Although often confused and labeled as a racist because of his use of "Blackface," nothing could be further from the truth. During the 1910's and 20's, a different time and society existed that saw Blackface as meaning something entirely different. Blackface was a tool, not to belittle a race of human beings, but to free the actor and to enable him "take on" the characteristics inherent in the "mask," as in the traditions of Greek theater and of the Commedia dell Arte. One need not even be portraying a black person to where Blackface and the black performers who did wear it (Bert Williams, considered the greatest comedian of the vaudeville era) did so to

take advantage of its "stageness." As such, Jolson's use of Blackface is more closely and properly associated with Commedia dell' Arte. His stage persona was likened by critics to that of the Harlequin, and was never done for the purposes of maligning the black race but, Jolson and his audience thought, for ennobling it.

Contrary to controversial opinions, Al Jolson was always something of a hero in the black community during his lifetime. Some reasons why:

Covering the Jack Johnson – Jim Jeffries boxing match of 1910 for Variety he was of very few reporters who had the courage to say that Johnson won the fight on his own merit and boxing ability. Other reporters, more concerned about the fighters color, made excuses for Jeffries, refusing to give Johnson full credit for his victory. Jolson was one of very few reporters to accurately credit Johnson's superior boxing talents. This is forgotten and ignored.

As early as 1911 Jolson fought for equality on the Broadway stage. On his return from San Francisco, he brought with him to New York the black dance team of Johnny Peters and Mary Dewson, whom Jolson wanted to feature in his next show. The Shubert Brothers, his producers, said no. This is forgotten and ignored.

Perhaps as a result of this, perhaps not, but it remains that Al Jolson was the only white man allowed into Leroy's, an all black nightclub in Harlem. This is no small honor

In the 1920's, Garland Anderson, a porter who was a fledgling playwright, approached Jolson about a play he had written. He was a black man. Thanks to Jolson's efforts on his behalf the piece became the first drama with an all-black cast ever produced on Broadway.

In 1919, Eubie Blake and Noble Sissle were refused service in a Connecticut restaurant. Jolson heard about this and promptly tracked them down and told them that he would take them back there and he would "punch anyone who tried to stop us." Blake and Sissle never forgot this and remained his friends for the rest of his life.

Al Jolson's final resting place and memorial were designed by a prominent black architect.

Al Jolson also often spoke of his love of entertaining American armed forces and his record in his commitment to them is unsurpassed. Today, thanks largely to the visibility of the Bob Hope USO shows, we take the USO for granted. But there would be no USO had it not been for the tireless efforts and petitioning of the War Department by Al Jolson.

Section 53. Goldie M. Maple Way

Introduced by Council Member Sanders

Died June 6, 2004

For over forty years, Goldie M. Maple devoted her life to the service of others. She insisted that true education begins in the home and effective public education must actively include parent involvement. To that end, in 1982, Ms. Maple started her informative newsletter "*Pass The Word*" which instructed parents on their rights as co-administrators of their children's education. Today these efforts are systematically applied through the local school parent coordinators and soon through the much-anticipated NYC Board of Education Community and citywide education councils.

Section 54. Juan Pablo Duarte Square

Introduced by Council Member Martinez

January 26, 1813 - 1876

Juan Pablo Duarte, born in the city of Santo Domingo on January 26, 1813, is considered the "Founding Father of the Dominican Republic". He was the son of a Spanish merchant and, as a teenager, he was sent to Spain to continue his studies. During this time he was greatly influenced by Catalonia's "autonomous community" goals. When he returned to Santo Domingo in 1838, he found that young Dominicans were resentful of Haitian rule. The Haitian domination of eastern portion of the island of Hispaniola had begun in 1822. The political unification of Hispaniola brought liberation to the slaves, land reforms, and political rights for all the people living on the eastern part of the island. Haitian domination made the Dominican people recognize the importance of self-government and political participation. Haitian law recognized political participation but Dominicans were actually considered a minority with few rights.

Is was in this atmosphere that Juan Pablo Duarte created a secret society, called "La Trinitaria", in 1838 so that the yearning for liberty and self-government could be further intensified. He developed a political underground movement that organized the youth of the most important cities of the eastern part of Hispaniola. To promote their goals they used flyers, "cantaletas" (serenades with songs that had political content), and presented dramas with political content through a cultural organization called "La Filantropica". This organization was open to all, promoted cultural activities and was controlled by "La Trinitaria". In 1843, La Trinitaria worked together with the "Reformista" movement from the western part of the island to overthrow Jean Pierre Boyer's Regime. Though this did not end Haitian rule, the situation made it possible for the La Trinitaria movement to gain political strength and to work in the open during elections.

Charles Herard, the leader of the Reformista movement and successor to Boyer, understood and mistrusted the political goals of the Trinitaria. After he was elected president in 1843 Herard persecuted the "La Trinitaria" movement and Duarte was forced to escape to Curacaco while his closest collaborators went into hiding. However, the movement toward independence continued to grow even with Duarte in exile. On February 27, 1844 the forces for independence issued a proclamation declaring the freedom of the Dominican Republic. Duarte returned and he immediately took charge of the army. This situation was short lived, however, for another political group that also promoted annexation took over the government and jailed Duarte. He was sent into exile within a year.

Duarte retired to an isolated village in Venezuela and remained away from his country for twenty years. In 1861, Spain took over the Dominican Republic and made it a colony. War broke out in 1863 against Spanish rule and Duarte returned the following year to fight again for Dominican Independence. He was sent on a diplomatic mission by the provisional Dominican government to solicit funding for the war from neighboring countries. After independence was reestablished he returned to Venezuela. He died there in 1876, having devoted his entire life to the independence of the Dominican Republic.

Section 55. S. Anesta Samuel Avenue

Introduced by Council Member James

March 2, 1917 – August 16, 2004

Ms. Samuel was a well-known and well-loved community activist and philanthropist. Originally from Panama, she started a very successful line of women's beauty products and became one of Panama's leading businesswomen. When she moved to New York, she graduated from an American high school and went on to receive a BA and MA in early childhood education. Throughout her life, she was deeply involved in her church, Emanuel Baptist. She received awards from the NAACP, the Black Political Action Union and the City Council of New York.

Section 56. Bob Marley Boulevard

Introduced by Council Member Barron

February 6, 1945 – May 11, 1981

Bob Marley was a reggae international superstar born in Jamaica. His career spanned over forty years. In 1964, he was the founding member of a group called the Wailing Wailers and his musical talents landing him on top of the Jamaican charts. By the year 1972, Bob Marley and the Wailers had become a well-known reggae band that had signed with Island Records. They released 13 albums that played a key role in exposing reggae to a global audience. In 1978, Bob Marley visited Africa for the first time, going to Kenya and then Ethiopia, spiritual home of Rastafari. His concerts were known for bringing peace and harmony and reducing tensions between warring political factions. He symbolically united the nation by bringing the rival political party leaders together on stage at the One Love Concert. Marley and his entourage were attacked by a group of gunmen. Wounded but not killed, Marley electrified a crowd of 80,000 people when he took the stage that night. It was a gesture of survival that only heightened his legend. Bob Marley was known for his music but also for courageously speaking out against oppression, poverty, slavery and apartheid.

Section 57. Lois Sanders Drive

Introduced by Council Member Sanders

March 7, 1922 – June 25, 2003

Lois sanders was born in Quitman, Mississippi and moved to New York City in 1941. She was an active member of the Lenox Avenue Church of God where she met the love of her life, James Sanders, Sr., and married him after just two weeks. In 1955, they moved to Far Rockaway and immersed herself in the activities of the First Church of God and held various positions. At the National Ushers' Convention in 1989, Lois was honored with an award for her dedication toward the ministry of ushering. Lois Sanders' life was chronicled in the book, *Grandma Lois Remembers*, written by world-renowned author, Ann Morris.

Section 58. Dance Theatre of Harlem Way

Introduced by Council Member Jackson

Dance Theatre of Harlem has and continues to serve thousands of people each year through its School, Education and Community Outreach programs and Professional Dance Company. Since its inception in 1969, DTH has grown from 2 professional dancers and 30 children to a leading arts institution of unparalleled global acclaim, whose mission, simply put, is to transform the world through the arts.

Report Summary:

COMMITTEE ACTION

DATE: May 10, 2006

The Committee recommends that the Council approve the attached resolution:

Accordingly, Your Committee recommends its adoption, as amended.

(The following is the text of Res. No. 136-A:)

Res. No. 136-A

Resolution calling on the New York Congressional Delegation and all other members of Congress to oppose several bills that have been introduced into the 109th Congress of the United States —Senate Bills S. 1349 and S. 1504 and House of Representatives Bill H.R. 3146—along with the proposed bill of the House of Representatives Energy and Commerce Committee entitled The Communications, Opportunity, Promotion, and Enhancement Act of 2006 (referred to as COPE") which would amend the Communications Act of 1934 to restrict, if not eliminate, local franchising and severely undermine community programming and the implementation of universal, affordable broadband access.

By Council Members Brewer, Katz, James, Martinez, Foster, Palma, Arroyo, Barron, Clarke, Comrie, Felder, Seabrook and Weprin.

Whereas, public, educational, and governmental ("PEG") access provides thousands of hours of local programs each week to New York City residents, such as City Council meetings and hearings, community and neighborhood events and forums, foreign language programming health care information, school sports, services for houses of worship, and legislative updates and public access channels in all five boroughs allow New York City residents to exercise their First Amendment Rights and to create opportunities for non-commercial communication, education, artistic expression on an open and equitable basis; and

Whereas, local cable franchising allows municipalities around the country to exercise local authority and receive franchise fees for the use of public rights-of-way in order to meet the specific public access, community programming, consumer protection, public safety, and technology needs of residents and businesses; and

Whereas, the City Council of New York contends that the City's future economic success depends on universal, affordable broadband access and that the only way to achieve this objective is if New York City has the authority to regulate at the local level to help increase and improve broadband services for underserved residents; and

Whereas, existing law enables New York City (through local franchise agreements with cable television companies) to offer City residents vibrant and diverse local programming, Public Access channels in all five boroughs, and the City run Educational and Governmental channels; and

Whereas, existing law supports the objectives of localism and universal service by providing states and municipalities sufficient rights to manage local build out of services and determine local public access needs; and

Whereas, these bills could prevent New York City and other municipalities around the nation from requiring Multi Channel Video Providers (including cable or telecommunications companies) and advanced Internet communications service providers from having to obtain a franchise from the City for the use of City rights-of-way, thus impeding each municipality's ability to (i) control the use of its own resources, and (ii) determine what is required to meet local access needs; and

Whereas, these bills could nationalize franchising, which would remove local protection for consumers and would transfer effective local enforcement to the federal bureaucracy or the courts; and

Whereas, these bills may eliminate any build-out requirements for any video service provider, allowing providers to "red-line" and discriminate based on the wealth of the local neighborhoods they choose to serve; and

Whereas, these bills could substantially reduce the city's compensation for use of its rights of way by private companies and also reduce financial and operational support for PEG access; and

Whereas, although these bills contain some provisions that require companies to dedicate channel capacity to PEG access, they could lower the number of required PEG access channels and limit or eliminate support for public infrastructure like the I-Net (Institutional Network), which supports public safety, schools, emergency services and municipal communications; and

Whereas, although these bills contain some provisions that require PEG access, a Federal one-size-fits-all approach to public access does not serve the public interest in New York City because it does not take into account the local needs and circumstances that are unique to the City; and

Whereas, passage of these bills paves the way for the cable and telecommunications companies that have existing local franchise agreements with municipalities to lobby Congress to amend Federal law to exempt them from local franchise obligations; and

Whereas, these bills are unnecessary; because under existing law, telephone companies may enter the video market as common carriers, as open video service providers, or under the same franchising framework as cable companies; now, therefore, be it

Resolved, That the City Council of New York opposes, and urges the New York Congressional Delegation and all other members of Congress to oppose, Senate bills S. 1349 and S. 1504 and House bill H.R. 3146, as well as COPE and any other similar legislative proposals.

Pursuant to Rule 8.50 of the Council, the Public Advocate (Ms. Gotbaum) called for a voice vote. Hearing no objections, the Public Advocate (Ms. Gotbaum) declared **Res. No. 136-A** to be adopted.

Adopted unanimously by the Council by voice vote.

Report for Voice Vote Res. No. 187-A

Report of the Committee on Lower Manhattan Redevelopment in favor of approving, as amended, a Resolution calling upon the United States Environmental Protection Agency to abandon its technically and scientifically flawed 2005 Test and Clean Program, and work with the residents and workers, community and labor organizations and elected officials to design and implement an effective, science-based sampling and cleanup program for residences and workplaces in all affected areas.

The Committee on Lower Manhattan Redevelopment to which was referred on March 22, 2006 (Minutes, page 1109) the annexed amended resolution respectfully

INTRODUCTION

On April 28, 2006, the Committee on Lower Manhattan Redevelopment, chaired by Council Member Alan J. Gerson, will meet to consider Proposed Res. No.187-A. Proposed Res. No. 187-A calls upon the United States Environmental Protection Agency to abandon its technically and scientifically flawed 2005 Test and Clean Program and work to design and implement an effective, science-based sampling and cleanup program to clean dust contaminated in the 9-11 attacks on the World Trade Center from residences and workplaces in Lower Manhattan and elsewhere in New York City.

BACKGROUND AND ANALYSIS

The attacks on the World Trade Center on September 11, 2001 not only killed thousands but also caused multiple contaminants, including lead, mercury, asbestos and other toxic substances, to be deposited upon and within residences, places of employment, schools and mixed-use buildings in Lower Manhattan and elsewhere in New York City.

The legal responsibility for ensuring a thorough cleanup of these buildings after such acts of terrorism rests with the United States Environmental Protection Agency (EPA), in accordance with federal law as expressed in the National Contingency Plan, the National Response Plan and Presidential Decision Directive 62.

In the summer of 2002, EPA implemented a voluntary residential test and clean program that ultimately provided some cleanup of only 3,425 of the more than 25,000 apartments (and none of the workplaces) below Canal Street. The 2002 program was the subject of substantial criticism including from EPA's own Office of Inspector General which, in an August 2003 report, called on EPA to ensure that the cleanup met minimum Superfund site cleanup goals, to treat impacted buildings as a single system rather than simply addressing individual apartments, to include workspaces as well as residential buildings and to include all geographic areas impacted by WTC dust.

In response to the criticism and due particularly to the efforts of Senator Hillary Rodham Clinton and Congressman Jerrold Nadler, in March 2004, EPA convened the World Trade Center Expert Technical Review Panel which was charged with characterizing any remaining exposures and risks, identifying unmet public health needs, and recommending steps to further minimize risks associated with the aftermath of the World Trade Center attacks.

Later that year, in September 2004, the Government Accountability Office (GAO) issued a report entitled "September 11 Health Effects in the Aftermath of the World Trade Center Attack." In that report the GAO described a broad and continuing health impact, based on evidence that thousands of people involved in WTC rescue, recovery and cleanup, as well as those who lived and worked in the WTC vicinity, had been treated for respiratory sicknesses.

Further, in testimony before the EPA World Trade Center Expert Technical Review Panel and, on March 29, 2004 before the Council Committee on Lower Manhattan Redevelopment meeting jointly with the Committee on Health, medical experts reported finding evidence of serious, ongoing, and still emerging 9-11 related environmental health impacts among Ground Zero workers, and downtown and Brooklyn residents and workers.

Finally, on November 29, 2005, twenty months after the creation of its Expert Technical Review Panel, the EPA released a revised, final "Test and Clean Program" without the endorsement of the Technical Review Panel. Thereafter, on December 13, 2005, the Panel met for the last time and was disbanded.

On February 27, 2006, the Council Committee on Lower Manhattan Redevelopment held a hearing on the status of EPA's cleanup of World Trade Center dust contamination from residences and workplaces in Lower Manhattan and elsewhere. Although EPA declined the Committee's invitation to appear and testify at the hearing, among the witnesses that did testify were representatives of New York City's Departments of Environmental Protection and Health and Mental Hygiene, EPA's Expert Technical Review Panel, Congressman Jerrold Nadler, representatives of Manhattan Community Board No.1 and of other elected officials and community groups. Most of the witnesses criticized EPA's new Test and Clean Program as being inadequate, grossly underfunded and technically and scientifically flawed. At the hearing, the Manhattan Community Board No. 1 witnesses proposed and read into the record a suggested Resolution which has served as the framework for and has provided much of the wording of Proposed Res. 187-A.

Proposed Res. 187-A spells out in some detail many of the most significant criticisms of EPA's new "Test and Clean Program." It notes that EPA's program limits cleanup to the area south of Canal Street and west of Pike and Allen Streets, thus excluding parts of Lower Manhattan and all of Brooklyn that were subject to the 9-11 dust plume and the smoke and dust from the ongoing fires that burned for weeks after 9-11. It notes that the Program excludes workplaces, schools, small businesses and emergency responder facilities and thus, according to critics, will fail to assess the extent of remaining contamination in buildings and in areas known to have been impacted.

Further, the Resolution points out that the Program proposes to test and, if necessary, clean individual apartments rather than addressing buildings as integrated

systems, and it fails to provide cleanup of building mechanical ventilation systems thus, according to critics, making it likely that cleaned spaces will be recontaminated.

Moreover, as noted in the Resolution, critics contend that EPA's Program, by failing to use appropriate sampling methodologies and failing to specify sensitive detection limits, will likely generate a stream of inaccurate data which will cause the Program to fail to detect and clean significant contamination.

EPA has defended its new Program as being scientifically sound, but its arguments have not satisfied critics, especially those living and working in the affected communities.

Accordingly, Your Committee recommends its adoption, as amended.

(The following is the text of Res. No. 187-A:)

Res. No. 187-A

Resolution calling upon the United States Environmental Protection Agency to abandon its technically and scientifically flawed 2005 Test and Clean Program, and work with the residents and workers, community and labor organizations and elected officials to design and implement an effective, science-based sampling and cleanup program for residences and workplaces in all affected areas.

By Council Members Gerson, Barron, Brewer, Fidler, Gennaro, James, Recchia, Sanders, Liu, Seabrook and Weprin

Whereas, The City of New York was suddenly and deliberately attacked on September 11, 2001; and

Whereas, The destruction of the World Trade Center (WTC) not only killed thousands but also caused multiple contaminants, including polycyclic aromatic hydrocarbons (PAHs), lead, man-made vitreous fibers (MMVF), mercury, asbestos, and other toxic substances, to be deposited upon and within residences, places of employment, schools and mixed-use buildings in Lower Manhattan; and

Whereas, The legal responsibility for ensuring a thorough and responsible cleanup at these places after such acts of terrorism rests with the United States Environmental Protection Agency (EPA), in accordance with the National Contingency Plan, the National Response Plan, and Presidential Decision Directive 62; and

Whereas, In the summer of 2002, EPA implemented a poorly publicized, voluntary residential test and clean program that failed to adequately characterize and clean up WTC contaminants and that provided an inadequate cleanup of only 3,425 of the more than 25,000 apartments below Canal Street; and

Whereas, The August 21, 2003 report of EPA's Office of Inspector General was highly critical of EPA's 2002 test and clean efforts in Lower Manhattan and called on EPA to ensure that cleanup meets minimum Superfund site cleanup goals, to treat impacted buildings as a system, to include workspaces as well as residential buildings, and to include all geographic areas impacted by WTC dust; and

Whereas, In March of 2004, in response to requests from Senator Hillary Rodham Clinton, Congressman Jerrold Nadler, and the affected communities of residents and workers, EPA convened the WTC Expert Technical Review Panel which was charged with characterizing any remaining exposures and risks, identifying unmet public health needs, and recommending steps to further minimize risks associated with the aftermath of the World Trade Center attacks; and

Whereas, The Government Accountability Office (GAO), in its September 8, 2004 report "September 11 Health Effects in the Aftermath of the World Trade Center Attack," described a broad and continuing health impact, based on evidence that thousands of people involved in rescue, recovery, cleanup, as well as those who lived and worked in the WTC vicinity, were treated mainly for respiratory sicknesses; and

Whereas, On October 19, 2004, Manhattan Community Board No.1 unanimously passed a resolution requesting additional EPA testing and clean-up based on 7 key principles, which resolution was subsequently passed by Manhattan Community Boards Nos. 2 and 3; and

Whereas, Medical experts testifying before the EPA WTC Expert Technical Review Panel and the New York City Council, reported finding evidence of serious, ongoing, and still emerging 9/11-related environmental health impacts among Ground Zero workers, and downtown and Brooklyn residents and workers; and

Whereas, Unless proper scientific testing and cleanup are conducted, undetected toxic contaminants from the collapse and fires at the WTC could pose an ongoing threat to public health; and

Whereas, On November 29, 2005, the EPA released a final "Test and Clean Program" that, as currently constituted, is grossly underfunded, inadequate, and technically and scientifically flawed, and will repeat the most serious limitations and deficiencies of the 2002 program as delineated by the Inspector General; and

Whereas, EPA's current program, by reverting to the limited geographic area established in the 2002 program as the area south of Canal Street and west of Pike and Allen Streets and by excluding workplaces, schools, small businesses and firehouses, will fail to assess the extent of remaining contamination in buildings and in areas known to have been impacted; and

Whereas, EPA's current program, by addressing individual apartments rather than addressing buildings as integrated systems and by failing to provide for proper assessment and cleanup of building mechanical ventilation systems, is likely to result in inadequate cleaning and/or the recontamination of cleaned spaces; and

Whereas, EPA's current program, by failing to use appropriate sampling methodologies and protocols, and failing to properly specify sensitive detection limits, will likely generate a stream of inaccurate data; and

Whereas, EPA's current program, by rendering ineligible apartments previously sampled and cleaned by EPA, will fail to detect and cleanup recontamination; and

Whereas, EPA's current program, by omitting from cleanup criteria sampling results from mechanical ventilation systems, plenums, closets, and other areas known to be reservoirs for contamination, will fail to detect hot spots and to trigger clean up of contamination that may pose a continual health threat; and

Whereas, Although EPA's program results from a 21-month deliberation with the EPA WTC Expert Technical Review Panel, it did not receive the endorsement or support of a single panel member at the final December 13, 2005 panel meeting; and

Whereas, EPA's current program repeats a familiar pattern in which the Agency has sought to downplay the potential risks and convey false assurances regarding World Trade Center contamination, rather than developing a scientifically sound approach to assessing and reducing these risks; and

Whereas, On February 2, 2006, the Federal District Court in Manhattan ruled that a 2004 class action lawsuit against the EPA for failing to warn people of hazardous substances in the air following the collapse of the World Trade Center, and then failing to carry out an adequate cleanup of building interiors, could go forward. Judge Deborah A. Batts wrote, "No reasonable person would have thought that telling thousands of people that it was safe to return to lower Manhattan, while knowing that such return could pose long-term health risks and other dire consequences, was conduct sanctioned by our laws" and called former EPA's chief Whitman's actions "conscience-shocking"; and

Whereas, At the request of Senator Clinton and Congressman Nadler, the Government Accountability Office (GAO) has begun an investigation into the EPA's failure to establish an effective, science-based testing and clean-up plan in response to the September 11, 2001 terrorist attacks; now, therefore, be it

Resolved, That the Council of the City of New York calls on the United States Environmental Protection Agency to abandon its technically and scientifically flawed 2005 Test and Clean Program, and work with the residents and workers, community and labor organizations and elected officials to design and implement an effective, science-based sampling and cleanup program for residences and workplaces in all affected areas.

ALAN J. GERSON, Chairperson; HELEN D. FOSTER, JOHN C. LIU, ROSIE MENDEZ, Committee on Lower Manhattan Redevelopment, April 28, 2006.

Pursuant to Rule 8.50 of the Council, the Public Advocate (Ms. Gotbaum) called for a voice vote. Hearing no objections, the Public Advocate (Ms. Gotbaum) declared **Res. No. 187-A** to be adopted.

Adopted unanimously by the Council by voice vote.

INTRODUCTION AND READING OF BILLS

Int. No. 322

By Council Members Avella, Gennaro, Gentile, James, Mendez, Monserrate, Seabrook and Lanza.

A Local Law to amend the New York city charter, in relation to granting the Council authority over disposition of city owned real property through a local development corporation.

Be it enacted by the Council as follows:

Section 1. Declaration of legislative findings and intent. The Council notes that as currently constituted in section 384(b)(4) of the charter, the Mayor may dispose of city-owned property through a local development corporation ("LDC"), such as the Economic Development Corporation ("EDC"), with the approval of a majority of the members of the borough board of the borough in which such real property is located. This may be done without any competitive bidding process and "for such purpose or purposes and at such rental or for such price as may be determined by the mayor to be in the public interest." The Council finds that this creates a situation where there is minimal meaningful input by the affected communities as to how city-owned properties are developed, when LDCs are spearheading the development. Thus

affected communities are ultimately left at the mercy of individuals who may or may not take their opinions and needs into consideration. Yet these communities bear the brunt of the after-effects of the development, while the city and private developers reap the benefits of the sale or rental of a valuable piece of property.

This local law would grant authority to the Council to help address the long-term effects of the development of valuable city-owned property and help restore a balance to land-use decision-making.

§ 2. Paragraph 4 of subdivision b of section 384 of the New York city charter is hereby amended to read as follows:

4. Notwithstanding the provisions of this charter, or any general, special, or local law to the contrary, the mayor may, with the approval of a majority of the members of the borough board of the borough in which such real property is located, *and the approval of the council,* lease or sell any real property of the city, except inalienable property or any interest therein, to a local development corporation without competitive bidding and for such purpose or purposes and at such rental or for such price as may be determined by the mayor to be in the public interest, and no such lease shall run for a term longer than ninety-nine years.

§ 3. This local law shall become effective immediately after it shall be approved by the voters at the next general election held after its enactment.

Referred to the Committee on Governmental Operations.

Int. No. 323

By Council Members Avella, Mendez and Palma.

A Local Law to amend the New York city charter, in relation to prohibiting the use of taxpayer monies for holiday, anniversary, and congratulation greetings in newspaper advertisements by city elected officials.

Be it enacted by the Council as follows:

Section 1. Subdivision b of section 2604 of the New York City charter is hereby amended to add a new paragraph 16 to read as follows:

(16) No public servant shall use city funds to purchase or effect the purchase of, any holiday, anniversary, birthday, or any other congratulatory greeting in any newspaper, magazine or other paid print media advertisement.

§2. This local law shall become effective immediately after it shall be approved by the voters at the next general election held after its enactment.

Referred to the Committee on Governmental Operations.

Int. No. 324

By Council Members Barron, James, Mark-Viverito, Mendez, Reyna, Seabrook and Stewart.

A Local Law to amend the administrative code of the city of New York, in relation to general vendor licenses and food cart permits.

Be it enacted by the Council as follows:

Section 1. Legislative findings and intent. Street vendors are an indelible part of New York City's cultural landscape. For generations — dating back to the 1800s on the Lower East Side, and continuing today throughout all five boroughs — vending has provided new waves of immigrants the opportunity to contribute to the economic development of their neighborhoods, and to integrate into the New York City economy. Street vendors serve hundreds of thousands of New Yorkers and tourists every day. They are a source of pride and attraction, embodying the diversity, charm and vitality that make New York City so unique.

Vending not only adds to the commercial and cultural value of the City, but also provides vendors the opportunity to be self-sufficient, work legitimately, and support themselves and their families. Vending has historically enabled those with few or no other economic options – such as recent immigrants and small business entrepreneurs – to realize the American dream of advancing themselves through their own hard work, and to provide their children with greater opportunities than they had themselves.

Despite the importance of street vending to the City, its consumers, and its workers, the number of individual licenses for general vendors and cart licenses for food vendors issued by the city of New York are woefully inadequate. There are over 10,000 unlicensed vendors who cannot get a license because there is a cap on the number of general vendor and food cart licenses that can be given out. These licensing caps have been fixed for a quarter-century, and even the waiting lists — created in response to the disproportionate demand for the limited supply of licenses — are now closed due to existing long lists and the lack of license turnover.

This restrictive licensing scheme harms both the vendors and the City. For the thousands of vendors who have no other viable option to earn a living but to vend, this system leaves them with no choice but to work without a license, outside the regulatory system. This problem has only worsened in the post-September 11th economy, where work has been increasingly hard to find. At the same time, the caps force the City to forego potential tax revenue and licensing fees from vendors. The caps also artificially prevent the free market from functioning efficiently, and allow some to capture unfair economic windfalls by monopolizing the limited number of licenses, leasing them out for exorbitant fees.

The City respects the need for people to earn a living, and the desire of unlicensed vendors to integrate into the existing regulatory system. The City recognizes the benefit to the public of being able to regulate — through its health code, administrative code, and licensing process — the sale and hygiene of food and the sale of general merchandise on the streets. The City appreciates the potential added revenue for the City that will come from more licensing fees being paid, and from broadening the city tax base. The City acknowledges its past support for improving access to vending licenses as exemplified by Local Law 66 of 2005. Considering these factors, the City finds the present caps on licenses to be harmful to vendors who are presently outside of the licensing system, detrimental to the public interest in regulation, and contrary to the City's interest in promoting diversity, equality, justice, and entrepreneurship. Therefore, the Council finds that legislation removing the caps on the licenses issued to general vendors and permits granted for food carts is warranted.

§2. Subparagraph (a) of paragraph 2 of subdivision b of section 17-307 of the administrative code of the city of New York is hereby REPEALED and a new subparagraph (a) is added, to read as follows:

(a) There shall be no limitation on the number of permits issued pursuant to this subchapter.

§3. Subparagraph (b) of paragraph 2 of subdivision b of section 17-307 of the administrative code of the city of New York is hereby REPEALED.

§4. Subparagraph (e) of paragraph 2 of subdivision b of section 17-307 of the administrative code of the city of New York is hereby REPEALED.

§5. Paragraph 3 of subdivision b of section 17-307 of the administrative code of the city of New York is hereby REPEALED.

§6. Subdivision a of section 20-459 of the administrative code of the city of New York is hereby REPEALED and a new subdivision a is added, to read as follows:

a. There shall be no limitation on the number of licenses issued pursuant to this subchapter.

§7. This local law shall take effect thirty days after it is enacted into law.

A Local Law to amend the New York city charter in relation to extending the time limits during July and August for community board action with respect to the uniform land use review procedure.

Be it enacted by the Council as follows:

Section 1. Subdivisions e and g of section one hundred ninety-seven-c of the New York city charter are hereby amended to read as follows:

e. Each affected community board shall, not later than sixty days after receipt of an application that has been certified pursuant to subdivision c of this section,

(1) notify the public of the application in a manner specified by the city planning commission pursuant to subdivision i of this section, and

(2) either (a) conduct a public hearing thereon and prepare and submit a written recommendation directly to the city planning commission and to the affected borough president or (b) where authorized by this charter, submit a written waiver of the right to conduct a public hearing and to submit such written recommendations to the commission and the affected borough president.

The sixty day time limitation shall be suspended during the months of July and August. In calculating the sixty days, the time period commencing on the first day of July and ending on the first day of September inclusive, shall be considered one day.

g. [Not] *Except during the sixty-day suspension period specified in subdivision e, not* later than thirty days after the filing of a recommendation or waiver with the borough president by all affected community boards, or, if any affected community board shall fail to act, thirty days after the expiration of the time allowed for such community board to act, the borough president shall submit a written recommendation or waiver thereof to the city planning commission.

§2. This local law shall take effect immediately.

Section one. Chapter 5 of title 20 of the administrative code of the city of New York is hereby amended by adding a new subchapter 16 to read as follows:

SUBCHAPTER 16

INFORMATION WITH RESPECT TO MOTORIZED SCOOTERS

§ 20-807 Definitions.

§ 20-808 Display of information.

§ 20-809 Advertising.

§ 20-810 Penalties.

§20-807 ***Definitions.*** *For the purposes of this subchapter, (i) "motorized scooter" shall mean any wheeled device that is designed to be stood or sat upon by the operator, is powered by an electric motor or by a gasoline motor that is capable of propelling the device without human power and may not be registered with the New York state department of motor vehicles, but shall not include wheelchairs or other mobility aids designed for use by disabled persons, and (ii) "person" shall mean any individual, firm, company, partnership, corporation, association or other organization that is engaged, in whole or in part, in the business of selling, leasing or renting motorized scooters.*

§20-808 ***Display of information.*** *Any person selling, leasing or renting or displaying for sale, lease or rental any motorized scooter shall prominently display, in an area readily visible to consumers, a sign that shall contain the following statement in English and any other language that the commissioner shall designate by rule:*

• UNDER NEW YORK LAW, IT IS ILLEGAL TO OPERATE A MOTORIZED SCOOTER ON ANY SIDEWALK OR STREET. MOTORIZED SCOOTERS MAY NOT LEGALLY BE OPERATED OUTSIDE OF PRIVATE PROPERTY.

§20-809 ***Advertising.*** *Any person who advertises the sale, lease or rental of a motorized scooter in the city of New York shall include in any advertisement the required disclosure in accordance with section 20-776 of this subchapter.*

§20-810 ***Penalties.*** *Any person that violates any provision of this subchapter shall be liable for a civil penalty of not less than one hundred dollars nor more than two hundred fifty dollars for the first violation and for each succeeding violation a civil penalty of not less than two hundred fifty dollars nor more than five hundred dollars.*

§2. This local law shall take effect thirty days after its enactment into law.

Res. No. 290

Resolution calling upon the State of New York to alter the state tax code to allow city agencies that manage job placement and retention programs funded under the Workforce Investment Act (WIA) to access individual-level wage data from the New York State Department of Labor, in order to allow better tracking of outcomes for those placed in employment through these programs.

By Council Members Brewer, Dickens, Fidler, James, Mark-Viverito, Palma, Sanders and White.

Whereas, The Workforce Investment Act (WIA) of 1998 dramatically changed the federal government's employment and training policy; and

Whereas, The WIA provides funding for programs that provide employment and training services for adults, dislocated and youth workers; and

Whereas, Under WIA guidelines, the City created Workforce 1 Centers, one-stop career centers where anyone can access a broad array of employment services and training, throughout the five boroughs; and

Whereas, Workforce 1 centers provide job-matching services for all New Yorkers, as well as access to state-sponsored training for those who meet the federal income requirements under WIA; and

Whereas, Workforce 1 centers have had to respond to constant federal and state cutbacks over the last few years; and

Whereas, Workforce 1 centers are heavily performance monitored and are held to targets that emphasize placing people in jobs as quickly as possible; and

Whereas, Workforce 1 centers must maintain strong relationships with employers, and ensure that the people they put forward have a strong chance of being and staying hired; and

Whereas, The New York State Department of Labor (NYSDOL) services for those registering for unemployment insurance have the same broad goals as those offered by the Workforce 1 system; and

Whereas, New York State Tax law prevents the NYSDOL from releasing individual-level wage data to other agencies for privacy reasons, meaning that the Department of Small Business Services can only be given performance measures such as earnings improvement as an average across all people served in that quarter; and

Whereas, This average is far less useful than individual level data would be for performance monitoring purposes, since averages can conceal or distort important differences between users; and

Whereas, Forty-three other states have now amended their tax laws to allow WIA-funded programs access to individual level wage data; and

Whereas, With over 200,000 job-seekers in New York City, and tens of thousands more looking to improve their marketability and earning potential, workforce initiatives are a serious concern of the City Council; now, therefore, be it

Resolved, That the Council of the City of New York calls upon the State of New York to alter the state tax code to allow city agencies who manage job placement and retention programs funded under the Workforce Investment Act (WIA) to access individual-level wage data from the New York State Department of Labor, in order to allow better tracking of outcomes for those placed in employment through these programs.

A Local Law to amend the administrative code of the city of New York, in relation to requiring demolition site safety coordinators on demolition sites.

Be it enacted by the Council as follows:

Section 1. Section 27-167 of the administrative code of the city of New York is amended to read as follows:

§27-167 General requirements. All applications for demolition or removal permits shall be subject to the requirements of article ten, section 27-156 of article eleven, *section 27-167.1 of this article, and* section 27-198 and section 27-198.1 of article nineteen of this subchapter.

§2. Article 14 of subchapter one of chapter one of title 27 is amended by adding a new section to read as follows:

§27-167.1 Demolition site safety. It shall be unlawful to commence work for which a demolition permit is required unless a demolition site safety coordinator is designated and present on the site when such work that requires a demolition permit is conducted. The department shall promulgate rules as necessary for the enforcement of this section, including the establishment of qualifications and the delineation of responsibilities for any demolition site safety coordinator.

§3. This local law shall take effect one hundred eighty days after its enactment, provided however, that the department of buildings may promulgate rules and take all actions necessary to implement this local law on or before the date upon which it shall take effect.

A Local Law to amend the administrative code of the city of New York, in relation to licensing of demolition contractors and providing for the registration of demolition contracting businesses.

Be it enacted by the Council as follows:

Section 1. Subchapter two of chapter one of title twenty-six of the administrative code of the city of New York is amended by adding a new article eleven to read as follows:

Article 11

Demolition Contractor License and Registration of Demolition Contracting Business

§26-204.6 Definitions.

§26-204.7 Requirement of license.

§26-204.8 License application.

§26-204.9 License qualifications.

§26-204.10 License fees.

§26-204.11 Registration requirements.

§26-204.12 Registration fee.

§26-204.13 Civil penalty.

§26-204.6 Definitions. For the purposes of this article: "Direct and continuing supervision" shall mean responsible control exercised by a licensed demolition contractor, either personally or through one or more levels of competent supervision, over those persons performing the actual work.

§26-204.7 Requirement of license. It shall be unlawful for any demolition work to be performed on or after the effective date of this section unless such work is performed under the direct and continuing supervision of an individual licensed as a demolition contractor under the provisions of this article.

§26-204.8 License application. All applications for demolition contractor licenses shall be subject to the provisions of section 26-132 of this subchapter; and all applicants for such licenses shall comply with and be subject to the provisions of section 26-133 of this subchapter.

§26-204.9 License qualifications. In addition to the general qualifications prescribed in section 26-133 of this subchapter, all applicants for a demolition contractor license shall submit satisfactory proof establishing that the applicant is either a registered architect or a licensed professional engineer or has had at least seven years practical experience in demolition work, at least two years of which must have been in a supervisory position. The commissioner shall promulgate rules relating to the documentation necessary to establish that an applicant satisfies the experience requirement.

§26-204.10 License fees. The fee for a demolition contractor license shall be two hundred and fifty dollars and the annual renewal fee shall be one hundred dollars. Renewal of a license shall be subject to the payment of all penalties for adjudicated violations relating to the licensee which are outstanding at the time of application for renewal.

§26-204.11 Registration requirements. No individual, corporation, partnership or other business entity shall engage in the business of performing demolition work on or after the effective date of this section unless:

(a) such individual or entity has registered as a demolition contracting business with the department in accordance with the provisions of this section and the rules adopted pursuant thereto;

(b) such individual or a principal or employee of such entity is licensed as a demolition contractor pursuant to this article;

(c) all demolition work performed by such entity is performed by or under the direct and continuing supervision of a licensed demolition contractor; and

(d) such individual or entity shall at the time of registration with the department as a demolition contracting business and during the term thereof, have an established place of business within the city. The registrant shall notify the commissioner of any change of address of its place of business.

§26-204.12 Registration fee. The fee for registration as a demolition contracting business shall be five hundred dollars and the annual renewal fee shall be one hundred dollars.

§26-204.13 Civil penalty. In addition to any other remedies or penalties, any person who violates the provisions of this article or any of the rules promulgated hereunder shall be liable for a civil penalty of not more than twenty-five thousand dollars which may be imposed by the commissioner after notice and the opportunity for a hearing in accordance with the rules of the department. Such civil penalty may be recovered by the corporation counsel in an action in any court of appropriate jurisdiction.

§2. Section 27-167 of the administrative code of the city of New York is amended to read as follows:

§27-167 General requirements. All applications for demolition or removal permits shall be subject to the requirements of article ten, section 27-156 of article eleven, section 27-198 and section 27-198.1 of article nineteen of this subchapter. *No demolition permit shall be issued to any person other than an individual who is licensed as a demolition contractor pursuant to article eleven of subchapter two of chapter one of title twenty-six of the administrative code.*

§3. This local law shall take effect one hundred eighty days after its enactment.

Int. No. 331

By Council Members Comrie, Martinez, McMahon, Mendez, Monserrate, Seabrook, Stewart and White (by request of the Mayor).

A Local Law to amend the administrative code of the city of New York in relation to regulating and licensing pedicabs.

Be it enacted by the Council as follows:

Section 1. Chapter 2 of title 20 of the administrative code of the city of New York is amended by adding a new subchapter 9 to read as follows.

Subchapter 9

Pedicabs

§20-248 Legislative findings. *It is the purpose of this subchapter to regulate and control pedicab businesses to protect consumers and to ensure the safety of the public, including passengers using pedicabs, and to minimize the effect of pedicabs on traffic and congestion. It is also the purpose of this subchapter to require the inspection of pedicabs to ensure that pedicabs are safely operated in the streets of the city, and to provide a process for their removal if they have not been inspected as required.*

§20-249 Definitions. *Whenever used in this subchapter:*

a. "Owned" or "owns" shall mean possession with good legal title, or possession under a lease, reserve title contract, conditional sales agreement or vendor's agreement or similar agreement.

b. "Pedicab" shall mean a bicycle as defined in the vehicle and traffic law or other device that is designed and constructed to transport or carry passengers, that is propelled by human power, and that is operated to transport passengers for hire.

c. "Pedicab owner" or "owner" shall mean any person who owns one or more pedicabs in the city of New York.

d. "Pedicab business" or "business" shall mean a pedicab owner who operates or authorizes the operation of one or more pedicabs in the city of New York.

e. "Pedicab business license" shall mean a license issued by the commissioner pursuant to section 20-250.

f. "Pedicab driver" shall mean any natural person who propels and operates a pedicab in the city of New York.

g. "Pedicab driver license" shall mean a license issued by the commissioner to a pedicab driver to operate a pedicab.

h. "Person" shall mean any natural person, firm, partnership, joint venture, corporation or association.

§20-250 Pedicab business license. *a. It shall be unlawful for a pedicab owner to conduct a pedicab business unless such pedicab owner shall have first obtained from the commissioner a pedicab business license.*

b. In order to obtain, amend or renew a pedicab business license, a pedicab owner shall file an application with the commissioner. Such application shall be made upon such form as prescribed by the commissioner and shall contain:

1. A list of all pedicabs owned, leased or controlled by such pedicab owner to be used in such owner's pedicab business. Each such pedicab shall be uniquely identified on such list. Any device prohibited from operation by section 19-171.1 of title 19 of this code shall not be included on such list;

2. Proof that there is in force for the full license term a policy of public liability and property damage insurance that meets the requirements of section 20-252 of this subchapter for each pedicab listed pursuant to paragraph one of this subdivision; and

3. Such other information as the commissioner may require to establish the pedicab owner's eligibility for a pedicab business license under this subchapter.

c. A pedicab business license shall be valid for a term of one year. There shall be an annual fee of one hundred and ten dollars dollars for such license that shall include the fee for registration pursuant to section 20-254 of one pedicab. The registration fee for each additional pedicab shall be sixty dollars.

d. Notwithstanding subdivision a of this section, a person holding a pedicab driver license shall not be required to obtain a pedicab business license to drive a pedicab that is owned by a pedicab business licensed under this subchapter.

§20-251. Issuance of pedicab business license. *a. A pedicab business license shall be issued only to a person who meets all the requirements of this subchapter and any rules promulgated by the commissioner to effectuate the purposes of this subchapter.*

b. A pedicab business license shall be valid only for the person in whose name it is issued.

c. The commissioner may refuse to issue to a pedicab owner a pedicab business license or to renew a pedicab business license to a pedicab owner based upon a determination that such applicant has engaged in conduct that would constitute a basis for license suspension or revocation as set forth in subdivision a of section 20-260 of this subchapter.

§20-252. Insurance. *a. It shall be unlawful for any pedicab business to operate or authorize the operation of a pedicab within the city unless there is in force for such pedicab a policy of insurance that meets the requirements of this section.*

b. Such policy of liability insurance shall insure such pedicab business and all pedicab drivers of the pedicabs of such business, whether such pedicab drivers are employees of the pedicab business or operate such pedicabs otherwise by agreement with the pedicab business. The insurance shall cover liability for injury or death of any person or persons, and damage to or destruction of any property in a combined single limit amount of one million dollars, or such higher amount as the commissioner may determine pursuant to rule, where liability for such injury or death of a person or persons, or damage to or destruction of property shall arise out of the operation of the pedicab business's pedicabs.

c. The pedicab business shall notify the commissioner of any modification, amendment, cancellation or substitution of any insurance policy required under subdivision b of this section within ten days of notice to the pedicab business of such modification, amendment, cancellation or substitution.

d. If the policy of insurance required by this section lapses for any reason, the license issued pursuant to section 20-250 shall become void for such pedicab business.

§20-253. ***Required equipment of pedicabs.***

a. Each pedicab operated in the city shall be equipped with the following features:

1. three or more wheels, each axle not exceeding forty-eight inches with no protrusion of the pedicab extending more than six inches beyond the end of each axle;

2. a unibody frame for the entire vehicle;

3. passenger seating for no more than two adult passengers and one passenger three years old or younger;

4. hydraulic or mechanical disc or drum brakes, which are unaffected by rain or wet conditions;

5. a secondary or emergency brake system;

6. battery-operated headlights capable of projecting a beam of light for a distance of 300 feet;

7. battery-operated taillights which are visible from 500 feet;

8. turn lights;

9. side-mounted rear-view mirrors affixed to the right and left sides of the pedicab;

10. seat belts for each passenger;

11. an audible signaling device;

12. reflectors on the spokes of the wheels of the pedicab;

13. a timer, of a type approved by the commissioner, affixed within clear view of passengers, if the rate charged is based on period of use;

14. a sign attached to the interior of the pedicab within view of passengers indicating the name and telephone number of the pedicab business and a telephone number that can be used to direct consumer complaints about such pedicab to the department; and

15. a sign on the exterior of the pedicab indicating the amount to be charged for the use of the pedicab or the basis for calculating such amount.

b. It shall be unlawful for a pedicab business to operate or authorize the operation of, or for a pedicab driver to operate, a pedicab that does not comply with the requirements of this section.

§20-254. Inspection; pedicab registration plate.

a. It shall be unlawful for a pedicab business to operate or authorize the operation of, or for a pedicab driver to operate, a pedicab unless it has been inspected by the department and has been issued a registration plate that indicates on such plate, or by a replaceable registration tag or decal, the expiration date of the current registration.

b. The expiration date of such registration plate or replaceable registration tag or decal shall be a date specified by the commissioner by rule.

c. If the commissioner determines after such inspection that a pedicab is equipped with the features set forth in subdivision a of section 20-253, upon payment of the registration fee provided by section 20-250 of this subchapter, the department shall issue a registration plate or replaceable registration tag or decal to the pedicab business that leased or otherwise authorized the operation of such pedicab.

d. Such registration plate shall be securely affixed by the department to a conspicuous and indispensable part of each pedicab.

e. The registration plate may, in the discretion of the commissioner, be of a permanent nature with a replaceable registration tag or decal attached thereto, indicating the expiration date of the current registration tag or decal.

f. The registration plate and the replaceable registration tag or decal shall be of such material, form, design and dimension and set forth such distinguishing number or other identification marks as the commissioner shall prescribe.

g. A pedicab business shall pay an additional fifty-five dollars as the re-inspection fee for any pedicab that is determined upon inspection not to meet the requirements of this section and re-applies for a registration plate or replaceable registration tag or decal.

§20-255. ***Records.*** *Every pedicab business shall maintain such records related to the ownership and operation of its pedicabs as the commissioner may prescribe by rule. Such records shall be made available for inspection by the commissioner at his or her request at either the offices of the pedicab business or at the offices of the department.*

§20-256. Pedicab driver license. *a. It shall be unlawful for a pedicab driver to operate a pedicab unless the pedicab driver shall have first obtained a pedicab driver license from the commissioner.*

b. It shall be unlawful for a pedicab business to permit the operation of any pedicabs owned by it by a person who does not have a pedicab driver license in full force and effect.

c. In order to obtain or renew a pedicab driver license, a pedicab driver shall file an application with the commissioner for such pedicab driver license. Such application shall be made upon such form as prescribed by the commissioner and shall contain such information as the commissioner may require to establish the applicant's eligibility for a pedicab driver license under this subchapter.

d. To be eligible for a pedicab driver license, an applicant shall:

1. be at least eighteen years of age;

2. possess a currently valid motor vehicle driver's license; and

3. meet such fitness requirements as the commissioner may determine by rule.

e. A pedicab driver license shall be valid for a term of one year. There shall be a fee of thirty-five dollars for such license. The commissioner shall establish the expiration date for such license by rule.

f. The commissioner may refuse to issue a pedicab driver license or to renew such a license based upon a determination that such pedicab driver has engaged in conduct which would constitute a basis for the suspension or revocation of a pedicab driver license as set forth in subdivision c of section 20-260 of this subchapter.

§20-257. Display of pedicab driver's identification. *The commissioner shall provide a photo identification card to each pedicab driver who has obtained a pedicab driver license. Such photo identification card shall include the license number of such pedicab driver license and the motor vehicle driver's license number of such pedicab driver, as well as the issuing state of such motor vehicle driver's license. The pedicab driver shall wear such card so that it is visible to passengers and enforcement officers when such pedicab driver is operating a pedicab.*

§20-258. Restrictions on the operation of pedicabs. *a. A pedicab driver shall be subject to all provisions of state and local law governing the operation of a bicycle, which include, but are not limited to, provisions of the vehicle and traffic law, the New York city administrative code, and rules of the city of New York promulgated by the department of transportation and the department of parks and recreation.*

b. A pedicab driver shall not:

1. operate a pedicab to transport more than two persons and one child three years old or younger.

2. operate a pedicab in motion while a passenger is standing in such pedicab.

3. operate a pedicab within any park in the city of New York without the authorization of the department of parks and recreation.

4. operate a pedicab on any bridge or in any tunnel in the city of New York.

5. permit a pedicab to be operated by anyone in addition to him or herself.

6. operate a pedicab that is designed or constructed to permit propulsion by more than one individual at any one time.

7. operate a pedicab while such pedicab driver's ability to operate such pedicab is impaired by the consumption of alcohol, the use of any drug or by any other means.

c. A pedicab business shall submit to the department, upon such form prescribed by the commissioner, a written report of every accident relating to a pedicab by such pedicab business within twenty-four hours after the occurrence of such accident. Such form shall be signed by a principal or officer of such pedicab business.

§20-259. Rates of pedicabs. *a. The basis for calculating the amount of the charge for the use of a pedicab shall be displayed on the pedicab at all times.*

b. It shall be unlawful for a pedicab driver to charge a passenger more than the amount or rate displayed on the pedicab.

c. The pedicab driver shall provide passengers with a receipt listing the amount of the charge for the use of the pedicab, the license number of the pedicab business and a telephone number of such business to which complaints by consumers shall be directed, the pedicab driver's license number and the telephone number at the department where complaints by consumers can be reported.

§20-260. Denial of license or renewal, suspension and revocation.

a. In addition to any of the powers that may be exercised by the commissioner pursuant to this subchapter or chapter one of this title, the commissioner, after due notice and an opportunity to be heard, may suspend or revoke a pedicab business license upon the occurrence of any one or more of the following conditions:

1. the occurrence of fraud, misrepresentation, or false statements contained in the application for such license;

2. the operation of a pedicab, owned by the pedicab business, by a pedicab driver who does not have in full force and effect a pedicab driver license and a motor vehicle driver's license;

3. the operation of a pedicab, owned by the pedicab business, that has not been inspected or that does not have affixed to it a registration plate or replaceable registration tag or decal as required by section 20-254 of this subchapter; or

4. violation by a pedicab business of any of the provisions of chapter one of this title, provisions of this subchapter, rules promulgated pursuant to this subchapter, or any other law applicable to the operation of a pedicab business.

b. Notwithstanding subdivision a of this section, upon the occurrence of any of the conditions set forth in subdivision a, if the commissioner determines that continued possession by a pedicab owner of a pedicab business license would pose an exigent danger to the public, the commissioner may suspend such pedicab business license, subject to a prompt post-suspension hearing.

c. In addition to any of the powers that may be exercised by the commissioner pursuant to this subchapter or chapter one of this title, the commissioner, after due notice and an opportunity to be heard, may suspend or revoke a pedicab driver license upon the occurrence of any one or more of the following conditions:

1. the occurrence of fraud, misrepresentation, or false statements contained in the application for such license;

2. the operation of a pedicab that has not been inspected or that does not have affixed to it a registration plate or replaceable registration tag or decal as required by section 20-254 of this subchapter; or

3. the violation by a pedicab driver of any of the provisions of chapter one of this title, provisions of this subchapter, rules promulgated pursuant to this subchapter, or of any other law applicable to the operation of a pedicab by such pedicab driver.

d. Notwithstanding subdivision c of this section, upon the occurrence of any of the provisions set forth in subdivision c of this section, if the commissioner determines that continued possession by a pedicab driver of a pedicab driver license would pose an exigent danger to the public, the commissioner may suspend such pedicab driver license, subject to a prompt post-suspension hearing.

e. Any pedicab business that has been found, or pedicab driver who has been found, to have committed at least three violations of this subchapter within any twelve-month period shall have its, his or her license suspended by the commissioner for a period of not less than three months. For purposes of this subdivision only, all violations committed on any one day shall constitute a single violation.

f. Notwithstanding the provisions of subdivision e of this section, any pedicab business that has been found, or pedicab driver who has been found, to have committed at least five violations of this subchapter within any twelve month period shall have its, his or her license revoked by the commissioner. For purposes of this subdivision only, all violations committed on any one day shall constitute a single violation.

g. A pedicab business that, or pedicab driver who, has had its, his or her license revoked, in accordance with this section may not apply for a new license for three years from the date of revocation.

§20-261. Failure to display pedicab registration or pedicab driver's license. *a. In any civil, criminal or administrative action or proceeding, the failure to display the registration tag or decal on the pedicab on which it is required to be displayed as provided in section 20-254 of this subchapter shall be presumptive evidence that such pedicab has not been inspected and is not duly registered as required by this subchapter.*

b. In any civil, criminal or administrative action or proceeding, the failure by a pedicab driver who is required to be licensed pursuant to the provisions of this subchapter to display or to exhibit on demand such pedicab driver's license in accordance with the provisions of this subchapter to any officer or employee authorized to enforce the provisions of this subchapter, shall be presumptive evidence that such pedicab driver is not duly licensed.

§20-262. Penalties. *a. Any person who violates any provision of this subchapter or any rules promulgated pursuant to this subchapter shall be subject to a civil penalty that shall not be: (1) less than two hundred nor more than five hundred dollars for the first violation; (2) less than five hundred nor more than one thousand dollars for the second violation committed within a one year period; (3) less than one thousand nor more than four thousand dollars for the third violation committed within a one year period. The pedicab business that authorizes the operation of such pedicab shall be jointly and severally liable with the pedicab driver thereof, for the penalties imposed by this section. For purposes of this paragraph, violations committed on the same day shall constitute a single violation.*

b. A violation of sections 20-250 or 20-256 of this subchapter or any rules promulgated thereunder shall constitute a violation punishable by a fine of not more than two hundred fifty dollars or imprisonment of up to fifteen days, or by both such fine and imprisonment.

c. Any police officer or authorized officer or employee of the department, upon service on the pedicab business or pedicab driver of a notice of violation for the failure of the pedicab business to obtain the required inspection of a pedicab pursuant to subdivision a of section 20-254, may seize such pedicab. Any pedicab seized pursuant to this subdivision shall be delivered into the custody of the department or other appropriate agency. The commissioner shall hold a hearing to adjudicate the violation of subdivision a of section 20-254 within two business days after the date of the seizure and shall render his or her determination within two business days after the conclusion of the hearing.

d. A pedicab business shall be eligible to obtain release of a pedicab seized pursuant to subdivision c of this section prior to the hearing provided for in such subdivision, if such business has not been found liable for a violation of subdivision a of section 20-254 within a five-year period prior to the violation resulting in seizure. The pedicab shall be released to such business upon the posting of an all cash bond in a form satisfactory to the commissioner in an amount sufficient to cover the maximum civil penalties which may be imposed for a violation of subdivision a of section 20-254 and all reasonable costs for removal and storage of such vehicle.

e. Where the commissioner, after adjudication of the violation of subdivision a of section 20-254, finds that the pedicab business has not violated such subdivision, the department shall promptly release such pedicab upon written demand of the pedicab business.

f. Where the commissioner, after adjudication of the violation of subdivision a of section 20-254, finds a violation of such subdivision, then (i) if the pedicab is not subject to forfeiture pursuant to paragraph one of subdivision h of this section, the

department shall release such pedicab to the pedicab business upon payment of all applicable civil penalties and all reasonable costs of removal and storage; or (ii) if the pedicab is subject to forfeiture pursuant to paragraph one of subdivision h of this section, the department may release such pedicab to the pedicab business upon payment of all civil penalties and all reasonable costs of removal and storage, or may commence a forfeiture action within ten days after the written demand by such business for such pedicab.

g. The department shall establish by rule the time within which pedicabs that are not redeemed may be deemed abandoned and the procedures for disposal.

h. 1. In addition to any other penalty or sanction provided for in section 20-260 or in this section, a pedicab seized pursuant to subdivision c of this section, and all rights, title and interest therein shall be subject to forfeiture to the city upon notice and judicial determination thereof if the pedicab business that owns such pedicab has been found liable at least two times within a five-year period for failing to have such pedicab inspected as required by subdivision a of section 20-254.

2. A forfeiture action pursuant to this subdivision shall be commenced by the filing of a summons with a notice or a summons and complaint in accordance with the civil practice law and rules. Such summons with notice or a summons and complaint shall be served in accordance with the civil practice law and rules on the pedicab business that owns such pedicab, and on any person listed on an application or other record of the department as an owner of such pedicab. A pedicab which is the subject of such action shall remain in the custody of the department or other appropriate agency pending the final determination of the forfeiture action.

3. Any person who receives notice of the institution of a forfeiture action who claims an interest in the pedicab subject to forfeiture may assert a claim in such action for the recovery of the pedicab or satisfaction of such owner's interest in such pedicab.

4. Forfeiture pursuant to this subdivision shall be made subject to the interest of a person who claims an interest in such pedicab pursuant to subdivision three of this subdivision, where such person establishes that: (i) such pedicab was operated without having been inspected as required by subdivision a of section 20-254 without the knowledge of such person, or if such person had knowledge of such operation, that such person did not consent to such operation by doing all that could reasonably have been done to prevent such operation, or (ii) that the operation of such pedicab without having been inspected as required by subdivision a of section 20-254 was conducted by any person other than such person claiming an interest in the pedicab, while such pedicab was unlawfully in the possession of a person who acquired possession thereof in violation of the criminal laws of the United States or any state.

5. The department or agency having custody of the pedicab, after judicial determination of forfeiture, shall, by public notice of at least five days, sell such forfeited pedicab at public sale. The net proceeds of any such sale shall be paid into the general fund of the city.

6. In any forfeiture action commenced pursuant to this subdivision, where the court awards a sum of money to one or more persons in satisfaction of such person's interest in the forfeited pedicab, the total amount awarded to satisfy such interest or interests shall not exceed the amount of the net proceeds of the sale of the forfeited vehicle after deduction of the lawful expenses incurred by the city, including reasonable costs of removal and storage of the pedicab between the time of the seizure and the date of sale.

i. The penalties provided by subdivisions a, b, c and h of this section shall be in addition to any other penalty imposed by any other provision of law or rule promulgated thereunder.

***§20-263. Enforcement.** Authorized officers and employees of the department, the police department and any department designated by the commissioner, shall have the power to enforce any provision of this subchapter or any rule or regulation promulgated pursuant to this subchapter.*

***§20-264. Rules.** a. The commissioner may make and promulgate such rules and prescribe such forms as are necessary to carry out the provisions of this subchapter.*

b. The commissioner, in consultation with the commissioner of the department of transportation, may establish by rule a maximum number of pedicabs that may be operated pursuant to pedicab business licenses that may be issued pursuant to this subchapter.

c. The commissioner, in consultation with the commissioner of the department of transportation, may establish by rule restrictions on the areas in which pedicabs are permitted to operate in the city.

§2. Subdivision b of section 20-452, as amended by local law 14 for the year 1995, is amended to read as follows:

b. "General vendor." A person who hawks, peddles, sells, leases or offers to sell or lease, at retail, goods or services, including newspapers, periodicals, books, pamphlets or other similar written matter in a public space. This definition shall not include a food vendor as defined in subdivision c of section 17-306 of chapter three of title seventeen of this code, or a person required to be licensed under section 20-229 of subchapter seven of chapter two of this title of this code. This definition also shall not include persons who use stands or booths in a public space for the shining of shoes. *The definition of services, for purposes of this subdivision, shall not include the operation of pedicabs licensed in accordance with subchapter nine of this chapter.*

§3. Title 19 of the administrative code of the city of New York is amended by adding a new section 19-171.1 to read as follows:

§19-171.1. Multi-passenger wheeled device prohibited.

a. Definitions. For purposes of this section:

1. "Multi-passenger wheeled device" shall mean a wheeled device that is designed and constructed to permit seating by more than two people, that is propelled by human power, and that is designed to permit propulsion by more than two individuals simultaneously.

2. "Owner" shall mean any person who possesses with good legal title, or possesses under a lease, reserve title contract, conditional sales agreement or vendor's agreement or similar agreement one or more multi-passenger wheeled device in the city of New York.

b. It shall be unlawful to operate, or cause to be operated, any multi-passenger wheeled device on any street, sidewalk, highway, bridge, tunnel or park within New York City.

c. Any person who violates subdivision b of this section may be issued a notice of violation and shall be subject to a civil penalty that shall not be: (1) less than two hundred nor more than five hundred dollars for the first violation; (2) less than five hundred nor more than one thousand dollars for the second violation committed within a one year period; (3) less than one thousand nor more than four thousand dollars for the third violation committed within a one year period. This penalty may be recovered in a proceeding before the environmental control board.

d. A person who violates subdivision b of this section shall be guilty of a misdemeanor, punishable by a fine of not more than two hundred fifty dollars or imprisonment of up to sixteen days, or by both such fine and imprisonment.

e. Where a police officer or an authorized employee of a department designated by the commissioner serves a summons or notice of violation for violation of this section on a person operating a multi-passenger wheeled device, such multi-passenger wheeled device may be seized. Any device seized pursuant to this subdivision shall be delivered into the custody of the police department. The environmental control board shall hold a hearing to adjudicate the violation of subdivision b of this section on an expedited schedule and shall render its determination accordingly.

f. The owner of a multi-passenger wheeled device seized pursuant to subdivision e of this section shall be eligible to obtain release of such device prior to the hearing provided for in such subdivision, if such owner has not been found liable for a violation of subdivision b of this section within a five year period prior to the violation resulting in seizure. The multi-passenger wheeled device shall be released to such owner upon the posting of an all cash bond in a form satisfactory to the commissioner in an amount satisfactory to cover the maximum civil penalties which may be imposed for a violation of subdivision b of this section and all reasonable costs for removal and storage of such device.

g. Where the environmental control board finds that there was no violation of subdivision b of this section, the owner shall be entitled forthwith to possession of the multi-passenger wheeled device without charge or to the extent that any amount has been previously paid for release of the device, such amount shall be refunded.

h. Where the board, after adjudication of the violation of subdivision b of this section, finds a violation of such subdivision, then (i) if the multi-passenger wheeled device is not subject to forfeiture pursuant to paragraph one of subdivision j, the police department shall release such device to its owner upon payment of all applicable civil penalties and all reasonable costs of removal and storage; or (ii) if the multi-passenger wheeled device is subject to forfeiture pursuant to paragraph one of subdivision j of this section, the police department may release such device to its owner upon payment of all civil penalties and all reasonable costs of removal and storage, or may commence a forfeiture action within ten days after the written demand by such owner for such device.

i. The department shall establish by rule the time within which multi-passenger wheeled devices that are not redeemed may be deemed abandoned and the procedures for disposal.

j. 1. In addition to any other penalty or sanction provided for in this section, a multi-passenger wheeled device seized pursuant to subdivision e of this section, and all rights, title and interest therein shall be subject to forfeiture to the city upon notice and judicial determination thereof if the owner of such multi-passenger wheeled device has been found liable at least two times within a five-year period for violation of subdivision b of this section.

2. A forfeiture action pursuant to this subdivision shall be commenced by the filing of a summons with a notice or a summons and complaint in accordance with the civil practice law and rules. Such summons with notice or a summons and complaint shall be served in accordance with the civil practice law and rules on the owner of such multi-passenger wheeled device. A multi-passenger wheeled device which is the subject of such action shall remain in the custody of the police department or other appropriate agency pending the final determination of the forfeiture action.

3. Any person who receives notice of the institution of a forfeiture action who claims an interest in the multi-passenger wheeled device subject to forfeiture may assert a claim in such action for the recovery of such device or satisfaction of such owner's interest in such device.

4. Forfeiture pursuant to this subdivision shall be made subject to the interest of a person who claims an interest in such device pursuant to subdivision three of this subdivision, where such person establishes that: (i) such multi-passenger wheeled device was operated in violation of this section without the knowledge of such person, or if such person had knowledge of such operation, that such person did not consent to such operation by doing all that could reasonably have been done to prevent such operation, or (ii) that the operation of such multi-passenger wheeled device in violation of this section was conducted by any person other than such person claiming an interest in the device, while such device was unlawfully in the possession of a person who acquired possession thereof in violation of the criminal laws of the United States or any state.

5. The police department, after judicial determination of forfeiture, shall, by public notice of at least five days, sell such forfeited multi-passenger wheeled device at public sale. The net proceeds of any such sale shall be paid into the general fund of the city.

6. In any forfeiture action commenced pursuant to this subdivision, where the court awards a sum of money to one or more persons in satisfaction of such person's interest in the forfeited device, the total amount awarded to satisfy such interest or interests shall not exceed the amount of the net proceeds of the sale of the forfeited device after deduction of the lawful expenses incurred by the city, including reasonable costs of removal and storage of the device between the time of the seizure and the date of sale.

k. The penalties provided by subdivisions c, d, e and j of this section shall be in addition to any other penalty imposed by any other provision of law or rule promulgated thereunder.

§4. This local law shall take effect 90 days after its enactment, provided that prior to such date, the Commissioner may take such actions, including the promulgating of rules, as necessary to implement this local law.

Res. No. 291

Resolution urging the New York State Legislature and the State Board of Elections to refrain from implementing the current plan for compliance with the federal Help America Vote Act of 2002 and to concentrate its efforts on ensuring that New York is appropriately HAVA-compliant for 2007 and that the compliance process is transparent and secure.

By Council Members Felder, Jackson, Comrie, Fidler, Dickens, Brewer, Clarke, Gonzalez, James, Koppell, Mark-Viverito, Nelson, Recchia, Seabrook, Sears and Weprin.

Whereas, Congress passed the Help America Vote Act of 2002 ("HAVA") largely in response to the 2000 Presidential election debacle; and

Whereas, The purpose of HAVA is to improve the administration of elections in the United States; and

Whereas, Among HAVA's mandates are that by January 1, 2004, all states must: (i) replace all punch card and lever voting machines; (ii) create a computerized statewide voter registration database; and (iii) provide at least one disabled accessible voting machine at each polling place that provides the same opportunity for access and participation (including privacy and independence) as for other voters; and

Whereas, New York received a one-time waiver from the Department of Justice ("DOJ"), which extended its compliance with HAVA until the first election for federal office held after January 1, 2006, which is the primary election on September 12, 2006; and

Whereas, Despite four years' notice of HAVA's requirements and a looming deadline, the State and the State Board of Elections ("State Board") have taken negligible steps towards implementing HAVA; and

Whereas, In fact, New York is the last state in the country to implement HAVA; and

Whereas, In fact, it was three years after HAVA before the New York State Legislature ("Legislature") passed the Election Reform and Modernization Act of 2005 ("ERMA"), which outlined how the State planned to implement HAVA; and

Whereas, ERMA merely shifts the burden to the local Boards of Elections to make the final decision about which systems to select to replace the current lever machines in their respective counties; and

Whereas, The only guidance the Legislature provided to the local Boards in ERMA was that, subject to state certification of the specific models, the local Boards could only choose between the direct recording electronic (DRE) and the paper ballot-optical scan system (PBOS) voting systems; and

Whereas, ERMA exposes the local Boards and, more importantly, the voters of the State of New York to confusion and possibly disenfranchisement because the lack of mandated coordination in voting system selection means that theoretically two counties in close proximity could share the same media outlets and yet choose and advertise for different voting systems; and

Whereas, On March 1, 2006, the United States DOJ sued the State of New York and the New York State Board of Elections in federal Court, alleging that the State failed to comply with HAVA by not ensuring that its voting systems met HAVA's standards and failed to create and implement a computerized statewide voter registration database; and

Whereas, On March 6, 2006, the DOJ moved for a preliminary injunction requiring that the State comply with HAVA and file a plan specifying how it will do so; and

Whereas, On March 23, 2006, the Court granted the preliminary injunction as a result of its finding that the State Board was not yet in compliance with HAVA; and

Whereas, The Court ordered the State Board to take all necessary steps to comply with HAVA as soon as practicable, in accordance with a short term remedial plan to be approved by the Court; and

Whereas, Additionally, the Court ordered that the State Board file a longer term comprehensive plan for compliance with HAVA, by April 10, 2006; and

Whereas, Pursuant to the Court's order, on April 10, 2006, the State Board filed its proposed plan for compliance (the "Plan"); and

Whereas, As required by the Court's order, the plan consists of a short term remedial plan for 2006 and a longer term plan for 2007; and

Whereas, The Plan for 2006 provides for the acquisition of "ballot marking devices" to assist disabled voters throughout the State; and

Whereas, Pursuant to the Plan for 2006, the State Board must: (i) accept ballot marking machines by April 10, 2006, (2) test the machines by May 5, 2006 and (3) conduct pre-election testing of the machines by September 11, 2006; and

Whereas, On April 20, 2006, the State Board filed a "summary of county responses," which sets forth the number of ballot marking devices that each county in the State would install by September 2006; and

Whereas, In reliance upon U.S. Census data and other data from the New York City Department of City Planning, the City Board indicated in its county response to the State that the City could only feasibly implement disabled accessible ballot marking devices in 20 to 30 polling sites; and

Whereas, Further, the City Board expressed concern in its county response regarding the 2006 implementation because the two voting machines that it has tested are both "relatively new on the market and have very limited track records in elections"; and

Whereas, In addition, the City Board expressed reservations in its county response with the wisdom of obtaining disabled accessible ballot marking devices for 2006 because "it is possible that any devices bought this year may be used only once because when the State Board finally provides a selection of certified HAVA-compliant voting systems, some of these systems may allow disabled voters to use the same equipment as other voters instead of separate ballot marking devices"; and

Whereas, The Plan for 2006 threatens to disenfranchise voters due to the lack of adequate time to properly educate voters and train poll workers, and because it lacks the transparency required by ERMA; and

Whereas, The longer term Plan for 2007 discusses the procedure for replacing the lever voting machines statewide by the 2007 elections; and

Whereas, While, pursuant to the Plan for 2007, the State must adopt voting systems standards regulations, after which there will be certification testing, final certification, the awarding of contracts, and final acceptance testing, it fails to provide any concrete details about this process; and

Whereas, Consequently, at this late juncture, the Plan for 2007 is an inadequate plan; and

Whereas, Although the State Board adopted final voting systems regulations on April 20, 2006, there are still many steps that must take place before the systems are procured; and

Whereas, The Plan for 2007 does not include a process for selecting and testing new voting equipment that is transparent and accessible to all citizens; and

Whereas, The State and the State Board must take all measures necessary to involve the public in the process of selecting new accessible voting systems and to instill confidence in the public that the process for selecting new voting systems will be open and transparent; and

Whereas, Therefore, the State and the State Board must conduct statewide public hearings to assess the ease of use and accuracy of all systems under consideration, and to certify for all systems under consideration, that all work necessary for the conduct of elections can be performed by bi-partisan elections staff and will not require the delegation of any tasks to vendor technicians for any reason; and

Whereas, The State must conduct functionality tests by people with disabilities of the accessible features of the voting systems and demonstrate that arrangements made meet access standards; and

Whereas, The Plan submitted by the State Board should therefore be rejected by the Court; and

Whereas, Instead, the State Board should submit a more comprehensive implementation plan and obtain public input that reflects the level of diligence and consideration that the issue of implementation of new voting technology merits; now, therefore, be it

Resolved, That the council of the city of New York urges the New York State Legislature and the State Board of Elections to refrain from implementing the current plan for compliance with the federal Help America Vote Act of 2002 and to concentrate its efforts on ensuring that New York is appropriately HAVA-compliant for 2007 and that the compliance process is transparent and secure.

By Council Members Fidler, Clarke, Gennaro, Nelson, Stewart and Weprin.

A Local Law to amend the administrative code of the city of New York, in relation to the issuance of certificates of occupancy for one-, two- or three-family dwellings.

Be it enacted by the Council as follows:

Section 1. Article 22 of subchapter one of chapter one of title 27 of the administrative code of the city of New York, is amended by adding a new section 27-222.1 to read as follows:

§27-222.1 Additional occupancy requirements for a one- two- or three-family dwelling. (a) Prior to the issuance of the certificate of occupancy for a one-, two- or three-family dwelling, the holder of the new building permit for such dwelling thereof shall complete all work necessary for the issuance of a certificate of occupancy in accordance with a schedule to be established by the department.

(b) Where there is a failure to perform work required pursuant to subdivision a of this section or to perform such work in a manner that complies with all legal requirements, or when any violations of this title or title 26 of this code are issued as a result of either failure, such violations shall be issued to, and in the name of, the holder of the new building permit for such one-, two- or three-family dwelling and such permit holder, including the principal shareholders and officers thereof if a corporation. Such permit holder shall be responsible for the performance of any such work and the correction of any such violations, provided that the owner did not direct or control the work performed by such permit holder.

(c) Notwithstanding the provisions of subdivision b of this section, such permit holder shall pay for the performance of work required by subdivision a of this section and for the correction of any such violations, at the option of the owner of the one-, two- or three-family dwelling, and shall reimburse the owner of such dwelling for any other expenses that such owner may have occurred due to any violations issued prior to the issuance of the certificate of occupancy.

(d) For violations that were issued to the owner of a one-, two- or three-family dwelling prior to the effective date of this section and prior to the issuance of the certificate of occupancy for such dwelling, it shall be an affirmative defense by the owner of such dwelling that the failure of the holder of the new building permit to perform any work required by subdivision a or to perform such work in a manner that complies with all legal requirements or that when any violations of this title or title 26 of this code are issued as a result of either failure, that the failure to adequately perform the work in such dwelling was the responsibility of the holder of the new building permit. Where violations have been issued in the name of the owner of a one-. two- or three-family dwelling and where the certificate of occupancy for such dwelling has not been issued, such owner may request that the department re-inspect such dwelling and issue or re-issue any violations in the name of the holder of the new building permit for such dwelling and such permit holder shall be responsible for the performance of any such work and the correction of any such violations pursuant to the provisions of subdivisions a through c of this section.

§2. This local law shall take effect immediately after enactment.

A Local Law to amend the New York city charter, in relation to ensuring a minimum level of gifted and talented programs in public schools.

Be it enacted by the Council as follows:

Section 1. Legislative findings. Approximately 1.1 million students attend public school within the City of New York. Many of these students are exceptionally bright and talented, and their needs are not fully met by the school system because there are not enough programs for gifted and talented students.

The Council finds that the lack of programs for gifted and talented students negatively impacts the quality of education in New York City and is a significant cause of parents leaving the public school system and the City in order to find appropriate placements for their children. This deterioration in quality can be remedied though appropriate legislation that ensures a minimum level of gifted and talented programs in public schools.

§2. Title 20 of the New York city charter is hereby amended to add a new section 530 to read as follows:

§ 530 a. Definitions. The following terms shall have the following meanings:

1. "Department" shall mean the New York city department of education.

2. "Gifted and talented programs" shall mean programs that are developed for and restricted to children who excel academically or in a special talent, and that are designed to provide enhanced, accelerated, enriched or extra instruction to such students. Such programs shall include, but not be limited to honors, advanced placement, college preparatory and accelerated placement classes, and programs at schools that limit admissions to students with above average grades and/or who pass specialized admissions tests.

3. "School district" shall mean each of the community school districts established pursuant to article 52-A of the New York state education law and, with respect to a high school, the school district in which such high school is located.

b. Preservation of gifted and talented programs.

1. The department shall either:

i. maintain the overall number of gifted and talented programs, including the number of classroom seats allocated thereto, as of the last day of school in June 2006; or

ii. ensure that in each school district, not fewer than 10% of classroom seats are maintained for gifted and talented programs.

2. At each grade level, the average student to teacher ratio in gifted and talented programs shall be no more than the citywide average student to teacher ratio in all general academic programs at such grade level.

c. Reporting. The department shall report to the city council twice annually, not later than October 1 and February 1 of each year, the total number of gifted and talented programs and the number of students attending such programs citywide, disaggregated by grade level, subject matter and school district, and shall further report on the same based on department projections for the upcoming school year to begin in September. Such report shall be promptly placed on the department's website and made available at each school and regional office in the city.

§3. If any subsection, sentence, clause, phrase or other portion of this local law is, for any reason, declared unconstitutional or invalid, in whole or in part, by any court of competent jurisdiction, such portion shall be deemed severable and such unconstitutionality or invalidity shall not affect the validity of the remaining portions of the local law that added this section, which remaining portions shall remain in full force and effect.

§4. This local law shall take effect immediately upon enactment.

A Local Law to amend the administrative code of the city of New York, in relation to creating an ombudsman position within the New York city department of youth and community development.

Be it enacted by the Council as follows:

Section 1. Chapter 30 of the New York city charter is amended by adding a new section 737 to read as follows:

*§ 737. **Ombudsman**. a. Establishment of ombudsman position and duties. There shall be in the department the position of ombudsman whose duties shall include, but not be limited to:*

1. establishing a system to receive comments and complaints with respect to any emergency shelter, transitional independent living program, drop-in center and any other program or facility that receives funding from the department to serve the city's runaway and homeless youth population, including but not limited to establishing and publicizing the availability of a telephone number to receive such comments and complaints;

2. monitoring all emergency shelters, transitional independent living programs, drop-in centers and any other programs or facilities that receive funding from the department to serve the city's runaway and homeless youth population, including but not limited to making site visits to such programs or facilities, in order to ascertain whether such programs or facilities are operating in compliance with any contract with the department and in a manner that respects the rights of all youth under the jurisdiction of the department;

3. investigating complaints received pursuant to paragraph 1 of this subdivision and taking any appropriate action regarding such complaints; provided that the ombudsman shall immediately notify all appropriate agency officials of any incident that indicates that an act has occurred that may be the basis for disciplinary action and/or criminal prosecution; and

4. making recommendations to the commissioner with respect to improving programs and facilities that receive funding from the department to serve the city's runaway and homeless youth population.

b. Reporting 1. The ombudsman shall submit monthly reports to the commissioner indicating the number and nature of any comments and complaints received regarding any emergency shelter, transitional independent living program, drop-in center or other program or facility that receives funding from the department to serve the city's runaway and homeless youth population; steps undertaken to monitor such programs or facilities and the results of such monitoring; any investigation undertaken pursuant to paragraph 3 of subdivision a of this section and the results of such investigation; and recommendations made pursuant to paragraph 4 of subdivision a of this section.

2. The department shall submit a yearly report to the mayor and the speaker of the city council beginning on January 1, 2007, which shall include a compilation of the monthly reports submitted pursuant to subdivision b of this section and indicate any action taken by the department as a result of any complaint or recommendation received or monitoring or investigation undertaken pursuant to subdivision a of this section.

c. Posting of ombudsman information. All emergency shelters, transitional independent living programs, drop-in centers and other programs or facilities that receive funding from the department to serve the city's runaway and homeless youth population shall post in a conspicuous location a sign indicating the phone number of the ombudsman established pursuant to paragraph 1 of subdivision a of this section and a statement indicating that any person may contact such ombudsman if such person has a comment or complaint regarding such program or facility.

§2. Effect of invalidity; severability. If any section, subsection, sentence, clause, phrase or other portion of this local law is, for any reason, declared unconstitutional or invalid, in whole or in part, by any court of competent jurisdiction, such portion shall be deemed severable, and such unconstitutionality or invalidity shall not affect the validity of the remaining portions of this local law, which remaining portions shall continue in full force and effect.

§3. Effective date. This local law shall take effect immediately.

Section 1. Section 19-152 of the administrative code of the city of New York, as last amended by local law number 64 for the year 1995, is amended by adding thereto a new subdivision o to read as follows:

o. Within sixty days of the effective date of this section, a joint task force on sidewalk maintenance shall be established and shall be comprised of one representative from the office of the public advocate, one representative from the office of the comptroller, four members of the council designated by the speaker, and at least one, but not exceeding four, representatives designated by the mayor from among the office of the mayor, the department of parks and recreation, the department of buildings and the department. The task force shall be charged with:

(1) examining issues related to responsibility for repairing and maintaining sidewalks and liability for any failures to undertake repairs and maintenance of that property; and

(2) improving coordination between city agencies that have jurisdiction over various aspects of sidewalk repair; and such task force shall submit a written report to the council and the mayor within two hundred forty days of the formation of the task force, making such report available on the department's website within two hundred forty days from the effective date of this section.

§2. This local law shall take effect immediately after it is enacted into law.

Int. No. 337

By Council Members Fidler, Gennaro, James, Nelson and Weprin.

A Local Law to amend the administrative code of the city of New York, in relation to the sale of tax liens and in rem foreclosure actions on class 1 properties and class 2 properties that are residential condominiums or residential cooperatives and have been deemed abandoned.

Be it enacted by the Council as follows:

Section 1. Subdivision a of section 11-319 of the administrative code of the city of New York, as amended by local law number 36 for the year 2001, is amended to read as follows:

a. A tax lien or tax liens on a property or any component of the amount thereof may be sold by the city as authorized by subdivision b of this section, when such tax lien or tax liens shall have remained unpaid in whole or in part for one year, provided, however, that a tax lien or tax liens on any class 1 property or on class 2 property that is a residential condominium or residential cooperative, as such classes of property are defined in subdivision 1 of section 1802 of the real property tax law, may be sold by the city only when the real property tax component of such tax lien or tax liens shall have remained unpaid in whole or in part for three years, *except that a tax lien or tax liens on any class 1 property or on class 2 property that is a residential condominium or residential cooperative and has been deemed to be abandoned may be sold by the city when the real property tax component of such tax lien or tax liens shall have remained unpaid in whole or in part for eighteen months* and after such sale, shall be transferred, in the manner provided by this chapter. A tax lien or tax liens on any property classified as a class 2 property, except a class 2 property that is a residential condominium or residential cooperative, or class 3 property, as such classes of property are defined in subdivision 1 of section 1802 of the real property tax law, shall not be sold by the city unless such tax lien or tax liens include a real property tax component as of the date of the first publication, pursuant to subdivision a of section 11-320 of this chapter, of the notice of sale. Notwithstanding any provision of this subdivision to the contrary, any such tax lien or tax liens that remain unpaid in whole or in part after such date may be sold regardless of whether such tax lien or tax liens include a real property tax component. A tax lien or tax liens on a property classified as a class 4 property, as such class of property is defined in subdivision 1 of section 1802 of the real property tax law, shall not be sold by the city unless such tax lien or tax liens include a real property tax component or sewer rents component or sewer surcharges component or water rents component as of the date of the first publication, pursuant to subdivision a of section 11-320 of this chapter, of the notice of sale, provided, however, that any tax lien or tax liens that remain unpaid in whole or in part after such date may be sold regardless of whether such tax lien or tax liens include a real property tax component, sewer rents component, sewer surcharges component or water rents component. For purposes of this subdivision, the words "real property tax" shall not include an assessment or charge upon property imposed pursuant to section 25-411 of the administrative code. A sale of a tax lien or tax liens shall include, in addition to such lien or liens that have remained unpaid in whole or in part for one year, or, in the case of any class 1 property or on class 2 property that is a residential condominium or residential cooperative, when the real property tax component of such lien or liens has remained unpaid in whole or in part for three years *except, in the case of any class 1 property or on class 2 property that is a residential condominium or residential cooperative and has been deemed to be abandoned, when the real property tax component of such tax lien or tax liens shall have remained unpaid in whole or in part for eighteen months,* any taxes, assessments, sewer rents, sewer surcharges, water rents, any other charges that are made a lien subject to the provisions of this chapter, the costs of any advertisements and notices given pursuant to this chapter, any other charges that are due and payable, a surcharge pursuant to section 11-332 of this chapter, and interest and penalties thereon or such component of the amount thereof as shall be determined by the commissioner of finance. *For the purposes of this chapter, a class 1 property or class 2 property that is a residential condominium or residential cooperative shall be deemed to be "abandoned" when (a) the entranceways to a dwelling on such property have been sealed in any fashion or there is evidence that they had been sealed; (b) when a dwelling on such property has been determined to be vacant, whether or not such dwelling has been sealed; or (c) when it has been determined that no one with legal responsibility for the operation and maintenance of a dwelling on such property is operating or maintaining such dwelling. In making a determination pursuant to paragraph c of this subdivision, consideration shall be given to such criteria as whether required repairs are being made on a regular and routine basis, services such as heat and hot water are being regularly and routinely provided, rent is being collected on a regular basis, responses are being made to summonses and notices of violation issued with respect to such dwelling or the property is otherwise not being operated and maintained in accordance with the requirements of law.*

§2. Subdivision a of section 11-354 of the administrative code of the city of New York, as amended by local law number 37 for the year 1996, is amended to read as follows:

(a) Notwithstanding any other provision of law and notwithstanding any omission to hold a tax lien sale, whenever any tax, assessment, sewer rent, sewer surcharge, water rent, any charge that is made a lien subject to the provisions of this chapter or chapter four of this title, or interest and penalties thereon, has been due and unpaid for a period of at least one year from the date on which the tax, assessment or other legal charge represented thereby became a lien, or, in the case of any class one property or any class two property that is a residential condominium or residential cooperative, *other than one which has been deemed abandoned,* as such classes of property are defined in subdivision one of section eighteen hundred two of the real property tax law, or in the case of a multiple dwelling owned by a company organized pursuant to article XI of the private housing finance law with the consent and approval of the department of housing preservation and development, for a period of at least three years from the date on which the tax, assessment or other legal charge became a lien, the city, as owner of a tax lien, may maintain an action in the supreme court to foreclose such lien. *However, in the case of any class 1 property or class 2 property that is a residential condominium or residential cooperative and has been deemed to be abandoned, whenever any tax, assessment, sewer rent, sewer surcharge, water rent, any charge that is made a lien subject to the provisions of this chapter or chapter four of this title, or interest and penalties thereon, has been due and unpaid for a period of at least eighteen months from the date on which the tax, assessment or other legal charge became a lien, where such tax lien has not been sold, the city, as owner of a tax lien, shall maintain an action in the supreme court to foreclose such lien.* Such action shall be governed by the procedures set forth in section 11-335 of this chapter; provided, however, that such parcel shall only be sold to the highest responsible bidder. Such purchaser shall be deemed qualified as a responsible bidder pursuant to such criteria as are established in rules promulgated by the commissioner of finance after consultation with the commissioner of housing preservation and development.

§3. Section 11-401 of the administrative code of the city of New York, as amended by local law number 37 for the year 1996, is amended by adding thereto a new subdivision 5 to read as follows:

5. "Abandoned." *(a) the entranceways to a dwelling that is a class one property or a class 2 property that is a residential condominium or a residential cooperative have been sealed in any fashion or there is evidence that they had been sealed; (b) when such dwelling has been determined to be vacant, whether or not such dwelling has been sealed; or (c) when it has been determined that no one with legal responsibility for the operation and maintenance of such dwelling is operating or maintaining such dwelling. In making a determination pursuant to item c of this subdivision, consideration shall be given to such criteria as whether required repairs are being made on a regular and routine basis, services such as heat and hot water are being regularly and routinely provided, rent is being collected on a regular basis, responses are being made to summonses and notices of violation issued with respect to such dwelling or the property is otherwise not being operated and maintained in accordance with the requirements of law.*

§4. Subdivision b of section 11-404 of the administrative code of the city of new York, as amended by local law number 37 for the year 1996, is amended to read as follows:

b. A tax lien on any class one property or any class two property that is a residential condominium or residential cooperative, *other than one which has been deemed abandoned,* as such classes of property are defined in subdivision one of section eighteen hundred two of the real property tax law, and on any multiple dwelling owned by a company organized pursuant to article XI of the private housing finance law with the consent and approval of the department of housing preservation and development, shall not be foreclosed in the manner provided in this chapter until such tax lien has been due and unpaid for a period of at least three years from the date on which the tax, assessment or other legal charge represented thereby became a lien. *A tax lien on any class one property or any two property that is a residential condominium or residential cooperative that has been deemed to be abandoned, shall be foreclosed in the manner provided in this chapter when such tax lien has been due and unpaid for a period of at least eighteen months from the date on which the tax, assessment or other legal charge represented thereby became a lien and such tax lien has not been sold.*

§5. This local law shall take effect immediately upon its enactment into law.

Res. No. 292

Resolution calling upon the appropriate Committee of the Council of the City of New York to hold a hearing on the efficiency of air filtration technologies with respect to Local Law 47 of 2002 (The Smoke Free Air Act) and the New York State Clean Indoor Air Act.

By Council Members Fidler, Mark-Viverito and Foster.

Whereas, The Council of the City of New York passed the Smoke-Free Air Act (SFAA), which was signed into law by the Mayor on December 30, 2002, with the intent to afford a safe, smoke-free environment for all workers in New York City; and

Whereas, New York State passed the Clean Indoor Air Act, which was intended to provide such an environment for all workers in New York State and became effective on July 24, 2003; and

Whereas, Some believe that air filtration technologies were not fully researched as an alternative to the prohibition of smoking in bars, restaurants and other workplaces prior to the passage of the SFAA and the Clean Indoor Air Act; and

Whereas, Experts seem to disagree as to whether air filtration systems are sufficiently effective to provide a safe workplace; and

Whereas, Air filtration systems are designed to remove low level contaminants and odors, such as tobacco smoke, and, in particular, the High Efficiency Gas Absorption (HEGA) media filter is a patent-pending air filtration system which affirms to be 95% effective for specified contaminants, including tobacco smoke; and

Whereas, If it is found that air filtration systems are effective in providing a safe work environment, then the SFAA and Clean Indoor Air Act should be amended to allow for certain exceptions to the prohibition of smoking in certain enclosed areas when air filtration systems are established in those areas; now, therefore, be it

Resolved, That the appropriate Committee of the Council of the City of New York hold a hearing on the efficiency of air filtration technologies with respect to Local Law 47 of 2002 (The Smoke Free Air Act) and the Clean Indoor Air Act.

Referred to the Committee on Health.

Res. No. 293

Resolution calling upon the United States Congress to tighten advertising restrictions in the federal Cigarette Labeling and Advertising Act and to allow localities to legislate in this area, in order to reduce the exposure of youth to tobacco advertising.

By Council Members Fidler, Brewer, Gennaro, James, Koppell, Mark-Viverito, Mendez, Palma, Recchia, Weprin and Foster.

Whereas, The National Center for Chronic Disease and Prevention reported in 2003 that 21.9 percent of high school students smoked cigarettes; and

Whereas, The "Youth Tobacco Survey" issued in 2000, by the Centers for Disease Control, found that 49.5 percent of surveyed students had smoked at one point in their lives, 23.1 percent were currently using a tobacco product and 14.5 percent used tobacco products other than cigarettes; and

Whereas, According to testimony delivered to the City Council Committee on Youth Services by the Kings County Reality Check Organization ("Reality Check"), 90 percent of all current adult smokers began using tobacco as teens; and

Whereas, According to a 2002 article authored by K.M. Cummings in Tobacco Control magazine (the "Tobacco Control" article), cigarette manufacturers are in the business of making a profit, and such profits depend on the ability to recruit new smokers; and

Whereas, The Tobacco Control article also states that in a market where brand loyalties are shaped at an early age, there is a strong incentive for tobacco companies to target young beginning smokers, and such companies have routinely researched the smoking habits of teenagers and competed vigorously to capture a share of the youth smoking market; and

Whereas, In an effort to reduce youth exposure to cigarette advertising, the federal Cigarette Labeling and Advertising Act (the "CLAA"), which prescribes mandatory health warnings for cigarette packaging and advertising and pre-empts similar state regulations, was enacted; and

Whereas, The United States Supreme Court in Lorillard Tobacco Co. et al. v. Reilly, Attorney General of Massachusetts et al. (2001), held that pursuant to §1333 and § 1334(b) of the CLAA, states and localities cannot legislate additional requirements or prohibitions based on smoking and health with respect to the advertising or promotion of cigarettes; and

Whereas, Other initiatives aimed at reducing youth exposure to tobacco advertising include the prohibition of tobacco product advertisements from television and radio during the 1970s and the implementation of the Master Settlement Agreement in 1998, which prohibited the use of cartoon characters in cigarette advertising, cigarette oriented "gear" for children and tobacco advertising in magazines with youth readership of 15 percent or greater; and

Whereas, Despite the above-mentioned initiatives to curb tobacco use by youth, evidence described in the Tobacco Control article demonstrates that the tobacco industry has continued to market and "subtlety" advertise its products to youth, and has a strategic interest in placing youth oriented brands, promotions and advertising in locations where young people congregate; and

Whereas, The continued advertising efforts of tobacco companies, along with the current levels of tobacco use among youth, present compelling evidence that the federal government should take additional steps to restrict cigarette advertising aimed at young people; now, therefore, be it

Resolved, That the Council of the City of New York calls upon the United States Congress to tighten advertising restrictions in the federal Cigarette Labeling and Advertising Act and to allow localities to legislate in this area, in order to reduce the exposure of youth to tobacco advertising.

Res. No. 294

Resolution calling upon the Mayor to create a reporting mechanism that specifically identifies the number of dollars spent on City parks by not-for-profit and other non-governmental organizations that have entered into contractual or other formal agreements with the City of New York.

By Council Members Foster, James, Mark-Viverito, Mendez, Nelson, Palma and Seabrook.

Whereas, 28,800 acres of parkland in New York City provide active and passive recreational opportunities to eight million New Yorkers and to those who work and visit in New York; and

Whereas, Parks and open space promote good health and help to reduce asthma and obesity; and

Whereas, In an analysis done by New Yorkers For Parks, since 1986, the New York City Department of Parks and Recreation's budget has been cut by more than 20%, decreasing from $277 million in "city funds" in 1986 to $213 million in 2006; and

Whereas, Based on the Office and Management and Budget, Expense, Revenue and Capital Reports, (Adopted Budget Fiscal Years 1986-2006), these dramatic funding cuts have resulted in a nearly 60% decline in staffing over the same time period, from almost 5,000 full-time workers in 1986 to approximately 1,950 workers last year; and

Whereas, These large cuts made the raising of private monies necessary to provide park maintenance services; and

Whereas, Generous contributions from many individuals, corporations and foundations through not-for-profit and other non-governmental organizations have helped to positively transform many components of the City's parks system; and

Whereas, An accurate accounting of private dollars being infused into parks from not-for-profit and other non-governmental organizations is not currently available; and

Whereas, Such an accounting of private dollars could provide for a more efficient distribution of public funds to parks; now, therefore, be it

Resolved, That the Council of the City of New York call upon the Mayor to create a reporting mechanism that specifically identifies the number of dollars spent on City parks by not-for-profit and other non-governmental organizations that have entered into contractual or other formal agreements with the City of New York.

Res. No. 295

Resolution concerning the establishment of the Bay Ridge 5th Avenue Business Improvement District in the Borough of Brooklyn and setting the date, time and place for the public hearing to hear all persons interested in the establishment of such district

By Council Member Gentile (by request of the Mayor).

Whereas, Pursuant to the authority granted by Chapter 4 of Title 25 of the Administrative Code of the City of New York (the "Law"), the Mayor, by authorization dated September 28, 2005, provided for the preparation of a district plan (the "Plan") for the Bay Ridge 5th Avenue Business Improvement District (the "District") in the Borough of Brooklyn; and

Whereas, Pursuant to Local Law No. 82 of 1990, the City Council assumed responsibility for adopting legislation establishing Business Improvement Districts; and

Whereas, Pursuant to section 25-405 (c) of the Law, the New York City Department of Small Business Services ("SBS") submitted the Plan to the City Planning Commission (the "CPC") on November 14, 2005; and

Whereas, Pursuant to section 25-405 (c) of the Law, the CPC submitted the Plan to the City Council on November 14, 2005; and

Whereas, Pursuant to section 25-405 (c) of the Law, the CPC submitted the Plan to the Council Member representing the council district in which the proposed District is located on November 14, 2005; and

Whereas, Pursuant to section 25-405 (c) of the Law, the CPC submitted the Plan to the community board (Brooklyn Community Board Number 10, hereinafter referred to as the "Community Board") for the community district in which the proposed District is located on November 14, 2005; and

Whereas, Pursuant to section 25-405 (c) of the Law, the Community Board notified the public of the Plan in accordance with the requirements established by the CPC; and

Whereas, Pursuant to section 25-405 (c) of the Law, the Community Board conducted a public hearing on December 19, 2005; and

Whereas, On December 19, 2005, the Community Board voted to approve the establishment of the District; and

Whereas, Pursuant to section 25-405 (c) of the Law, the CPC reviewed the Plan, held a public hearing and prepared a report certifying its unqualified approval of the Plan; and

Whereas, Pursuant to section 25-405 (c) of the Law, the CPC submitted its report to the Mayor, to the City Council and to the Council Member representing the council district in which the proposed District is located; and

Whereas, Pursuant to section 25-405 (c) of the Law, a copy of the CPC's report, together with the original Plan, was transmitted for filing with the City Clerk on February 16, 2006; and

Whereas, Pursuant to section 25-406 (a) of the Law, a copy of the Plan, and the CPC's report are annexed hereto and are made part of this Resolution; and

Whereas, Pursuant to section 25-406 (a) of the Law, the Plan is on file for public inspection in the Office of the City Clerk, Municipal Building, Room 265, New York, New York; and

Whereas, Pursuant to Section 25-406 (b) of the Law, any owner of real property, deemed benefited and therefore within the District, objecting to the Plan must file an objection at the Office of the City Clerk within thirty days of the conclusion of the hearing held by the City Council, notice of which is provided by this Resolution, on forms made available by the City Clerk; and

Whereas, Pursuant to Section 25-406 (b) of the Law, if owners of at least fifty-one percent of the assessed valuation of all the benefited real property situated within the boundaries of the District proposed for establishment, as shown upon the latest completed assessment roll of the City, or at least fifty-one percent of the owners of benefited real property within the area included in the District proposed for establishment, file objections to the Plan with the City Clerk within the thirty-day objection period, the District will not be established; now, therefore, be it

Resolved, that the Council of the City of New York, pursuant to Section 25-406 of the Law, hereby directs that:

(i) May 24, 2006 is the date and 11:00 a.m. is the time and the City Council Committee Meeting Room, 2nd Floor, City Hall is the place for a public hearing (the "Public Hearing") to hear all persons interested in the establishment of the District;

(ii) the Bay Ridge 5th Avenue BID Steering Committee shall, not less than ten nor more than thirty days before the date of the Public Hearing, mail a copy of this Resolution or a summary thereof to each owner of real property within the proposed District at the address shown on the latest City assessment roll, to such other persons as are registered with the City to receive tax bills concerning real property within the proposed District, and to the tenants of each building within the proposed District;

the Department of Small Business Services shall arrange for the publication of a copy of this Resolution or a summary thereof at least once in the City Record or a newspaper in general circulation in the City, the first publication to be not less than ten nor more than thirty days before the date of the Public Hearing; and

(iii) in the event that the Bay Ridge 5th Avenue BID Steering Committee mails, or the Department of Small Business Services arranges for the publication of, a summary of this Resolution, such summary shall include the information required by section 25-406 (c) of the Law.

Adopted by the Council (preconsidered and approved by the Committee on Finance.)

Res. No. 296

Resolution calling upon the New York State legislature to amend the Vehicle and Traffic Law, in relation to the placement of automobile license plates within frames.

By Council Members Gentile, Recchia and Seabrook.

Whereas, Section 402 of the Vehicle and Traffic Law currently prohibits the use of coverings made of glass or any plastic material on license plates. Such plates are also prohibited from being knowingly covered or coated with any "artificial or synthetic material or substance that conceals or obscures such number plates or that distorts a recorded or photographic image of such number plates"; and

Whereas, An individual receiving a summons from the New York Police Department for violating this law is subject to a fine of not less than twenty-five dollars and not more than two hundred dollars; and

Whereas, A frame around a New York State automobile license plate that does not render the numbers or letters on said plate unreadable does not interfere with the ability of law enforcement personnel to perform their duties or in any way hinder the identification of the vehicle; and

Whereas, The Vehicle and Traffic Law should be amended to clearly permit an automobile license plate to be placed within a frame, so long as such frame does not obscure the numbers or letters of the license plate or render the information unreadable and any one of the two state logos remains in full view; now, therefore, be it

Resolved, That the Council of the City of New York calls upon the New York State legislature to amend the Vehicle and Traffic Law in relation to the placement of automobile license plates within frames.

Referred to the Committee on Transportation.

Res. No. 297

Resolution calling upon the New York State Legislature to pass legislation mandating that deaths resulting from injuries or illnesses derived from serving in rescue operations in or around Ground Zero and related sites be afforded "in the line of duty" status, thereby allowing dependants of individuals who died as a result of such injuries or illnesses to receive more comprehensive benefits.

By Council Members Gerson, Addabbo Jr., Brewer, Fidler, James, Mark-Viverito, Mendez, Nelson, Palma, Weprin, White and Lanza.

Whereas, The tragic events of September 11, 2001, claimed nearly 3,000 victims; and

Whereas, Such death toll might climb as first responders succumb to injuries and illnesses that were received while performing their heroic duties; and

Whereas, The tragic death of New York City Detective James Zadroga is the first official fatality to be directly linked to the contamination of the World Trade Center site; and

Whereas, Detective Zadroga's heroic actions on and after September 11, 2001, ultimately caused his death; and

Whereas, Detective Zadroga's death may well be a harbinger of future fatalities, as there are many police officers, firefighters, and other emergency responders whose health continues to decline as a result of exposure to contaminants at Ground Zero and related sites; and

Whereas, Under current New York State Law, Detective Zadroga's four-year-old daughter and future beneficiaries in her position will only receive a "disability pension," instead of the full "line of duty" death benefits for which they should be entitled; now, therefore, be it

Resolved, That the Council of the City of New York calls upon the New York State Legislature to pass legislation mandating that deaths resulting from injuries or illnesses derived from serving in rescue operations in or around Ground Zero and related sites be afforded "in the line of duty" status, thereby allowing dependants of individuals who died as a result of such injuries or illnesses to receive more comprehensive benefits.

A Local Law to amend the administrative code of the city of New York, in relation to the notification of community boards and council members of demolition permits.

Be it enacted by the Council as follows:

Section 1. Article 14 of subchapter one of chapter one of title 27 of the administrative code of the city of New York is hereby amended by adding a new section 27-169.1 to read as follows:

§27-169.1 Notice to community boards and council members. For any building that is seventy-five years old or less, no demolition or removal permit shall be issued, except under exigent circumstances involving public safety and health, unless at least five days prior to the issuance thereof written notice of the permit application shall have been given by the department to the community board and council member in whose respective districts the property in question is located. Such notice shall contain a general description of the proposed work and the need for such demolition or removal work. Where exigent circumstances involving public safety and health exist and the department orders the demolition or removal of any property prior to the issuance of the written notice to such community board and council member as required by this section, then the department shall give written notice to such community board and council member within five days following the issuance of such order to demolish or remove any such property.

§2. This local law shall take effect ninety days after its enactment.

A Local Law to amend the administrative code of the city of New York in relation to the public sale of additional taxicab licenses.

Be it enacted by the Council as follows:

Section 1. Subdivision b of section 19-532 of the administrative code is hereby amended to read as follows:

b. Of the total number of taxicab licenses issued by the commission pursuant to this section, at least nine percent shall be issued subject to the requirement that the vehicles operated by or under agreement with the owners of such licenses either be powered by compressed natural gas or be a hybrid electric vehicle, and at least nine percent shall be issued subject to the requirement that the vehicles operated by or under agreement with the owners of such licenses be fully accessible to persons with disabilities in accordance with standards established by the commission; *provided however for all such licenses issued after June 1, 2006, fifty percent shall be issued subject to the requirement that the vehicles operated by or under agreement with the owners of such licenses either be powered by compressed natural gas or be a hybrid electric vehicle, and fifty percent shall be issued subject to the requirement that the vehicles operated by or under agreement with the owners of such licenses be fully accessible to persons with disabilities in accordance with standards established by the commission;* [Provided however,] *and provided further* that if the prices which the commission is able to obtain for the issuance of licenses subject to either of the foregoing requirements does not exceed ninety percent of the average price otherwise obtained by the commission for the issuance of licenses pursuant to this section, the commission is authorized to issue such licenses without such requirement.

§ 2. This local law shall take effect immediately after enactment.

A Local Law to amend the administrative code of the city of New York, in relation to notification of intent to demolish certain rent regulated housing accommodations.

Be it enacted by the Council as follows:

Section 1. Article 12 of subchapter one of chapter one of title 27 of the administrative code of the city of New York is amended by adding a new section 27-162.1 to read as follows:

§27-162.1 Alteration application, statement of intent to demolish rent regulated housing. In addition to all other requirements of this article, an applicant intending to file an application with the New York state division of housing and community renewal for permission to terminate the tenancy rights of the occupants of any housing accommodation subject to rent control based upon the alteration of said housing accommodation pursuant to paragraph three of subdivision b of section 26-408 of the administrative code, must indicate such intent in writing on the application filed with the department. The department shall, within five business days of granting any permit pursuant to such application, notify in writing the community board and the council member in whose respective districts any such housing accommodation in question is located.

§2. Article 14 of subchapter one of chapter one of title 27 of the administrative code of the city of New York is amended by adding a new section 27-168.1 to read as follows:

§27-168.1 Demolition or removal application, statement of intent to demolish rent regulated housing. In addition to all other requirements of this article, an applicant intending to file an application with the New York state division of housing and community renewal for permission to terminate the tenancy rights of the

occupants of any housing accommodation subject to rent stabilization or rent control due to the demolition of said housing accommodation pursuant to paragraph four of subdivision b of section 26-408 of the administrative code or pursuant to subparagraph a of paragraph nine of subdivision c of section 26-511 of the administrative code must indicate such intent in writing on the application filed with the department. The department shall, within five business days of granting any permit pursuant to such application, notify in writing the community board and the council member in whose respective districts such housing accommodation in question is located.

A Local Law to amend the administrative code of the city of New York, in relation to prohibiting the use of non-wood bats.

Be it enacted by the Council as follows:

Section 1. Title 10 of the administrative code of the city of New York is hereby amended by adding a new section 10-163 to read as follows:

Section 10-163 ***Prohibition of use of non-wood bats****. a. Legislative Findings. Since its inception, the game of baseball has been played with a wood bat. In the 1970's, baseball bat manufacturers developed aluminum bats for teams who wanted to reduce the cost of replacing broken wood bats. Aluminum bats were originally designed to have similar dimensions as wood bats, but with the durability of metal. In the last two decades, however, the trend toward the use of new high performance materials in the construction of metal baseball bats has dramatically increased the speed at which baseballs are propelled off bats. Such increase in speed has shortened the necessary reaction time needed by defensive players in the field, placing players in compromising and dangerous positions. The Council hereby finds that the use of these non-wood bats places our children, particularly those of high school age, at an unacceptable risk of injury.*

b. Definitions. When used herein, the following terms shall have the following meanings:

1. "Competitive baseball game" shall mean any organized baseball game at which a certified umpire officiates and which takes place in the city of New York.

2. "High school age children" shall mean persons older than thirteen years of age, but younger than eighteen years of age.

3. "School" shall mean any public or private school which includes any grade nine through twelve and which is located in the city of New York.

4. "Non-wood bat" shall mean any non-wood baseball bat made of metal, including, but not limited to, a bat made of aluminum, magnesium, scandium, titanium or any other alloy compound; provided, however, that a non-wood bat shall also include any composite, laminated or composite-coated wood bat that is not verified by test data showing that such bat performs, weighs and is balanced like a wood bat.

c. The use of a non-wood bat is prohibited in any competitive baseball in which high school age children are participants and which involves the participation and/or sponsorship of a school.

A Local Law to amend the administrative code of the city of New York, in relation to ensuring housing permanency for formerly homeless New Yorkers.

Be it enacted by the Council as follows:

Section 1. Chapter one of title 21 of the administrative code of the city of New York is hereby amended by adding a new section 21-134 to read as follows:

§21-134. a. Definitions. 1. "Additional supplement" means a rent supplement, authorized by this section, to ensure stability of permanent housing for recipients of housing stability plus, which shall not exceed the amount of the supplement reduction.

2. "Covered agency" means the department of homeless services, the human resources administration/department of social services or the administration for children's services.

3. "Housing stability plus" means the rental supplement program currently administered by covered agencies as housing stability plus or any subsequent city-administered, time-limited program to offer rent subsidies to persons who are ready to leave shelter for permanent residency or families reunifying from foster care where the only barrier to reunification is housing.

4. "Recipient" means a person who receives housing stability plus.

5. "Supplement reduction" means a 20 percent annual reduction in the amount of the rental supplement dictated by the terms of housing stability plus.

b. Any recipient who faces a supplement reduction and who meets the criteria set forth in subdivision c of this section shall be eligible for an additional supplement to ensure ongoing housing stability.

c. To be eligible for an additional supplement under the terms of this section, a recipient must:

1. demonstrate that the supplement reduction will subject the recipient to the risk of losing permanent housing; and

2. be receiving housing stability plus.

d. Notification. No less than 45 days prior to any supplement reduction, a covered agency shall notify the recipient of the date on which the supplement reduction will take effect; the availability of the additional supplement set forth in this section; and the process for applying for the additional supplement.

e. Rules. The commissioner of the department of homeless services shall promulgate such rules and regulations as are necessary to carry out the provisions of this chapter.

§2. This local law shall take effect 180 days after its enactment.

A Local Law to amend the administrative code of the city of New York, in relation to establishing restrictions on the use of ultraviolet radiation devices at tanning facilities.

Be it enacted by the Council as follows:

Section 1. Legislative findings and intent. According to the United States Food and Drug Administration (FDA) and numerous health care organizations, approximately one million Americans are stricken with skin cancer, a potentially deadly disease, each year. Skin cancer is more common than any other type of cancer among women between 25 and 29 years of age.

The United States Food and Drug Administration (FDA), the National Institutes of Health (NIH), the United States Centers for Disease Control and Prevention (CDC) and numerous health care organizations discourage the use of tanning beds, tanning booths and sunlamps, and conclude that indoor tanning can be as harmful as outdoor tanning in causing skin cancer. Recent studies suggest a strong correlation between artificial tanning devices and skin cancer. A 2002 Dartmouth study found that people who had used an artificial tanning device at least once in their life were 2.5 times more likely than people who did not use such a device to develop squamous cell skin cancer, and 1.5 times more likely to develop basal cell skin cancer. A 2003 study published in the *Journal of the National Cancer Institute* found that women between the ages of 30 and 50 who use artificial tanning devices at least once a month have increased their risk of developing melanoma (a form of skin cancer) by 55%, and that this risk is further increased to 150% for women between the ages of 20 and 29 who use such devices at least once a month.

Despite the potential harmful effects of using artificial tanning devices, the *Archives of Pediatric and Adolescent Medicine* reported that, in a survey of 7,000 teenagers, one in three girls and 11% of boys reported having used an indoor tanning bed at least once. Given that there are currently no repair treatments available for reversing the brutal effects of ultraviolet light, type A (UVA) and type B (UVB) rays on the skin, and the risk of developing skin cancer is greater for adolescents and young adults, public education and greater regulation is necessary to prevent damage from UVA and UVB rays and protect the public health of the citizens of New York City.

§2. Chapter one of title seventeen of the administrative code of the city of New York is amended by adding a new section 17-192 to read as follows:

§17-192 Restrictions on the use of ultraviolet radiation devices by minors. a. Definitions. For purposes of this section, the following terms shall have the following meanings:

1. "Tanning facility" shall mean any establishment where ultraviolet radiation devices are used, offered or made available for use by any person, for which a fee is charged, but shall not include any facility where such devices are used by a qualified health care professional for the treatment of medical conditions.

2. "Ultraviolet radiation device" shall mean any equipment which is designed to emit electromagnetic radiation in the wavelength interval of two hundred to four hundred nanometers in air, and which is intended to induce tanning of the human skin through irradiation, including, but not limited to, any sunlamp, tanning booth or tanning bed.

b. Restrictions and prohibitions. 1. No person under fourteen years of age shall be permitted to use an ultraviolet radiation device in a tanning facility.

2. No person fourteen to seventeen years of age shall be permitted to use an ultraviolet radiation device in a tanning facility unless such person is accompanied by a parent or legal guardian or provides such facility with written consent of such parent or legal guardian. Such consent shall be (i) executed by such parent or legal guardian in the presence of an owner or employee of the tanning facility and (ii) state the period of time not to exceed one year for which an individual shall be permitted to use such device in such facility.

c. Records. An owner of a tanning facility shall (i) retain any consent written by a parent or legal guardian pursuant to paragraph 2 of subdivision b of this section for the duration of such consent and (ii) present any such consent to the department or department of consumer affairs upon request.

d. Violations and penalties. 1. Where an owner or employee of a tanning facility violates subdivision b of this section, the owner of such facility shall be liable for a civil penalty not to exceed two hundred and fifty dollars for each violation, provided that for a first such violation, such owner may be issued a written warning in lieu of such civil penalty.

2. Notwithstanding any provision of law to the contrary, any owner or employee of a tanning facility who intentionally or knowingly violates subdivision b of this section shall be guilty of a misdemeanor and, upon conviction thereof, shall be punishable by (i) a fine of not more than five hundred dollars for each violation, or by imprisonment not to exceed six months, or both, and (ii) a civil penalty of not more than five hundred dollars for each violation.

e. Enforcement. The department and the department of consumer affairs shall enforce the provisions of this section. A proceeding to recover any civil penalty authorized pursuant to subdivision d of this section shall be commenced by the service of a notice of violation returnable to the administrative tribunal established by the board of health where the department issues such notice or to the adjudication division of the department of consumer affairs where such department issues such notice. The notice of violation or copy thereof when filled in and served shall constitute notice of the violation charged. The administrative tribunal of the board of health and the adjudication division of the department of consumer affairs shall have the power to render decisions and to impose the remedies and penalties provided for in subdivision d of this section, in addition to any other remedies or penalties provided for the enforcement of such provisions under any other law including, but not limited to, civil or criminal actions or proceedings.

f. Rules. The commissioner of the department and the commissioner of the department of consumer affairs may promulgate any rules as may be necessary for the purposes of carrying out the provisions of this section.

§3. Severability. If any subsection, sentence, clause, phrase or other portion of this local law is, for any reason, declared unconstitutional or invalid, in whole or in part, by any court of competent jurisdiction, such portion shall be deemed severable and such unconstitutionality or invalidity shall not affect the validity of the remaining portions of this local law, which remaining portions shall remain in full force and effect.

§4. This local law shall take effect one hundred and eighty days after its enactment into law.

A Local Law to amend the administrative code of the city of New York, in relation to requiring the reporting of statistics relating to students receiving special education services.

Be it enacted by the Council as follows:

Section 1. Chapter 20 of the New York city charter is hereby amended by adding a new section 530, to read as follows:

§530 Compilation and reporting of data on students receiving special education services. a. Whenever used in this section, the following terms shall be defined as follows:

1. "Academic period" shall mean the academic school year beginning in September and ending in June and the remaining period of that calendar year, including the summer school session, until the next academic school year begins in September.

2. "Chancellor" shall mean the chancellor of the department of education.

3. "English language learner" shall mean a student who is eligible for a program of bilingual education, dual language education, English as a second language instruction, or any other similar educational program, as set forth in subdivision three of section 3204 of the New York state education law and any regulations promulgated thereto.

4. "Individualized education program" shall have the meaning of such term as defined pursuant to section 1401 of title twenty of the United States code and any regulations promulgated thereto.

5. "Initial evaluation" shall mean an "individual evaluation" as defined pursuant to subdivision four of section 4401-a of the New York state education law and any regulations promulgated thereto, that is conducted for a student who is not currently receiving any special education services or programs.

6. "Length of time" shall mean the number of school days that are counted from the official date of receipt of a referral by the chairperson of the regional committee on special education or by an appropriate official of the school that the student attends or is eligible to attend.

7. "Placement" shall mean placement of a student in education programs with appropriate supports that offer special education services or programs in accordance with the student's individualized education program and pursuant to section 4401-a of the New York state education law.

8. "Reevaluation" shall mean an "individual evaluation" as defined pursuant to subdivision four of section 4401-a of the New York state education law and any regulations promulgated thereto (i) that is conducted for a student currently receiving any special education services or programs; or (ii) where conditions warrant an evaluation or where the student's parent or guardian or teacher requests an evaluation; provided that such term shall not include a triennial evaluation.

9. "Referral" shall mean a referral for special education services or programs pursuant to section 4401-a of the New York state education law and any regulations promulgated thereto.

10. "Special education services or programs" or "special education services" shall mean "special services or programs" as defined pursuant to section 4401 of the New York state education law and any regulations promulgated thereto.

11. "Student" shall mean a student attending a pre-primary, primary or secondary public, private or parochial school providing instruction for students at or below the twelfth-grade level.

10. "Triennial evaluation" shall mean an "individual evaluation" as defined pursuant to subsection four of section 4401-a of the New York state education law and its implementing regulations which is (i) conducted for a student currently receiving any special education services or programs and (ii) mandated to be conducted at least once every three years during which any other reevaluation has not already occurred.

b. The chancellor shall compile data concerning each student seeking or receiving any special education services or programs. The data collected shall include, at a minimum, and as applicable to each student:

1. the district or, if a high school student, the region that serves the student, and whether the student is enrolled in a public, private or parochial school;

2. whether the student is an English language learner;

3. whether the student has received a referral for an initial evaluation and, if so, the date such referral was received;

4. whether the student has undergone an initial evaluation and, if so, the length of time such student had to wait for an initial evaluation to occur;

5. whether the student has an individualized education program;

6. whether as a result of undergoing an initial evaluation, the student has received a placement, and the length of time such student had to wait before such placement occurred;

7. whether the student is currently receiving all special education services or programs included in his or her individualized education program and, if not, which services or programs are not being provided;

8. whether the student has received a referral for a reevaluation, where such referral would be appropriate and if so, the date such referral was received;

9. whether the student has undergone reevaluation, where such reevaluation would be appropriate, and the length of time such student had to wait before the reevaluation occurred;

10. whether, as a result of undergoing a reevaluation, the student has a new individualized education program, where such new program is appropriate;

11. whether, following a change to his or her individualized education program resulting from a reevaluation, such student has received a new placement, and the length of time the student had to wait before such new placement occurred;

12. whether the student has undergone a triennial evaluation, where such triennial evaluation would be appropriate;

13. whether, as a result of undergoing a triennial evaluation, the student has a new individualized education program; and

14. whether, following a change to his or her individualized education program resulting from a triennial evaluation, the student has received a new placement.

c. The chancellor shall prepare and submit to the city council, the public advocate and the citywide council on special education established pursuant to section 2590-b of the New York state education law, an annual report. Such report shall be submitted no later than ninety calendar days after the conclusion of each academic period, and shall include data compiled during such academic period. Such report shall include, but not be limited to, the following list of data. With respect to each item on such list, all information required by this subdivision shall be disaggregated by district and, if related to high school, by region, and shall also indicate the number of students enrolled in private and parochial schools.

1. the number of referrals made during the academic period as well as the number of referrals for (i) initial evaluations and (ii) reevaluations;

2. the number of evaluations conducted during the academic period, as well as the number of (i) initial evaluations; (ii) reevaluations; and (iii) triennial evaluations;

3. the number of students who underwent initial evaluations that occurred within thirty or fewer school days after their referral, as well as the number of such students who are English language learners;

4. the number of students who underwent reevaluations that occurred within thirty or fewer school days after their referral, as well as the number of such students who are English language learners;

5. the number of students who underwent initial evaluations that occurred more than thirty school days after their referral, as well as the number of such students who are English language learners;

6. the number of students who underwent reevaluations that occurred more than thirty school days after their referral, as well as the number of such students who are English language learners;

7. the number of students who had individualized education programs;

8. the number of placements made and the number of placements resulting from (i) initial evaluations; (ii) reevaluations; and (iii) triennial evaluations;

9. the number of placements made resulting from initial evaluations, where the student waited sixty school days or fewer to be placed, as well as the number of such placements where the students are English language learners;

10. the number of placements made resulting from reevaluations, where the student waited sixty school days or fewer to be placed, as well as the number of such placements where the students are English language learners;

11. the number of placements made resulting from initial evaluations, where the student waited more than sixty school days to be placed, as well as the number of such placements where the students are English language learners;

12. the number of placements made resulting from reevaluations, where the student waited more than sixty school days to be placed, as well as the number of such placements where the students are English language learners;

13. the number of students who have been referred for an initial evaluation but who did not receive such initial evaluation at the end of such academic period, indicating separately the number of such students who did not receive such initial evaluation more than thirty days after referral, as well as the number of such students who are English language learners;

14. the number of students who had been referred for a reevaluation but who did not receive such reevaluation at the end of such academic period, indicating separately the number of such students who did not receive such reevaluation more than thirty days after referral, as well as the number of such students who are English language learners;

15. the number of students who underwent an initial evaluation that determined that such students receive a placement, but who did not receive such placement at the end of such academic period, indicating separately the number of such students who did not receive such placement more than sixty school days after referral for such initial evaluation;

16. the number of students who underwent a reevaluation that determined that such students receive a placement, but who did not receive such placement at the end of such academic period, indicating separately the number of such students who did not receive such placement more than sixty school days after referral for reevaluation;

17. the number of students who underwent a triennial evaluation that determined that such students receive a placement, but who did not receive such placement at the end of such academic period, indicating separately the number of such students who did not receive such placement more than thirty school days after triennial evaluation;

18. the number of students receiving all special education services or programs included in their individualized education programs at the end of the academic period, as well as the number of such students who are English language learners; and

19. the number of students not receiving all special education services or programs included in their individualized education programs at the end of the academic period, as well as the number of such students who are English language learners.

§ 2. Effect of invalidity; severability. If any section, subsection, sentence, clause, phrase, or other portion of this local law is, for any reason, declared unconstitutional or invalid, in whole or in part, by any court, of competent jurisdiction, such portion shall be deemed severable, and such unconstitutionality or invalidity shall not affect the validity of the remaining portions of this local law, which remaining portions shall continue in full force and effect.

§ 3. This local law shall take effect one hundred days after its enactment.

Res. No. 298

Resolution supporting the Child Nutrition Promotion and School Lunch Protection Act of 2006, a Congressional bill which would amend the Child Nutrition Act of 1966 to improve the nutrition and health of schoolchildren by updating the definition of "food of minimal nutritional value" to conform to current nutrition science and protect the federal investment in the national school lunch and breakfast programs.

By Council Members Recchia, Fidler, Brewer, Clarke, Dickens, Gennaro, Gonzalez, James, Mark-Viverito and Nelson.

Whereas, Our nation faces a public health crisis, with poor diet and physical inactivity contributing to growing rates of chronic disease in the U.S., not only in adults, but also in children as well; and

Whereas, According to the Congressional Record, research suggests that one-third of American children born today will develop type II diabetes at some point, with rates as high as 50 percent for some minority children; and

Whereas, According to the Centers for Disease Control and Prevention, over the past three decades, the percentage of children who are overweight has doubled and the number of overweight adolescents has tripled; and

Whereas, The Congressional Record, also indicates that only 2 percent of children eat a healthy diet that is consistent with federal nutrition recommendations, and 3 out of 4 high school students do not eat the minimum recommended number of servings of fruits and vegetables each day; and

Whereas, Some scientists fear that--because of obesity and preventable chronic diseases--the current generation of children could be the first in American history to live shorter lives than their parents; and

Whereas, One place where we can begin to address this public health crisis is in our schools; and

Whereas, A recent study from the Government Accountability Office found that 99 percent of high schools, 97 percent of middle schools, and 83 percent of elementary schools nationwide sell foods having little or no positive nutritional value from vending machines, school stores, or a-la-carte lines in the cafeteria; and

Whereas, Since 1979, Congress has authorized the Secretary of Agriculture to establish nutritional standards for federally-reimbursed school meals and has prohibited the sale of food of minimal nutritional value, as defined by the Secretary, in areas where school meals are sold or eaten during certain defined periods of the school day; and

Whereas, Federal investment in school lunch and breakfast programs, as well as child nutrition and health, are undermined by the uneven authority of the Secretary to set nutritional standards throughout the school campus and over the course of the entire school day; and

Whereas, Since 1979, when the Secretary defined the term "food of minimal nutritional value" and promulgated regulations for the sale of those foods during meal times, nutrition science has evolved and expanded and the current definition of "food of minimal nutritional value" is inconsistent with current knowledge about nutrition and health; and

Whereas, S. 2592 and H.R. 5167, also known as The Child Nutrition Promotion and School Lunch Protection Act of 2006, would, among other things, amend the Child Nutrition Act of 1966 to require that 1) the Secretary of Agriculture initiate a process to update nutritional standards for foods sold in schools, and 2) the updated standards be applied everywhere on school grounds and throughout the school day; and

Whereas, The Child Nutrition Promotion and School Lunch Protection Act of 2006 is bipartisan legislation supported by key health and education groups, including the National PTA, the American Medical Association, the Center for Science in the Public Interest, the American Heart Association, the American Dietetic Association, the American Diabetes Association, and others; and

Whereas, Protecting the health and well-being of our nation's children, including New York City's 1.1 million public schoolchildren, is of paramount importance; now, therefore, be it

Resolved, That the Council of the City of New York supports the Child Nutrition Promotion and School Lunch Protection Act of 2006, a Congressional bill which would amend the Child Nutrition Act of 1966 to improve the nutrition and health of schoolchildren by updating the definition of "food of minimal nutritional value" to conform to current nutrition science and protect the federal investment in the national school lunch and breakfast programs.

Resolution commemorating the life and mourning the death of Jane Jacobs.

By Council Members Recchia, James, Brewer, Lappin, McMahon, Mendez and White.

Whereas, Jane Jacobs, the visionary urban theorist who forever changed the way Americans perceive the urban environment, died on April 26, 2006, at age 89; and

Whereas, This remarkable intellectual's ten books documenting the condition and economy of American cities have had a profound impact on the development of not only New York City, but also of countless other American cities; and

Whereas, Jane Jacobs, born Jane Butzner on May 4, 1916, in Scranton, Pennsylvania, moved to New York City in 1934 in hopes of pursuing a career in journalism; and

Whereas, After arriving in New York City, Jane Jacobs held a variety of jobs, working primarily as a freelance writer and editor, as well as attending Columbia University's School of General Studies; and

Whereas, In 1952, Jane Jacobs was appointed editor of Architectural Forum, where she witnessed the emergence of a powerful new doctrine of urban planning which called for the demolition of older neighborhoods in favor of large high rise housing developments surrounded by open space and removed from existing street grids; and

Whereas, Jane Jacobs became increasingly critical of the prevailing urban planning doctrines of post-war America as she observed the intricate street life of her own Greenwich Village block, as well as in New York City's many other communities, and recognized the absence of such urban vitality in new developments rising throughout the City; and

Whereas, In 1958, the renowned sociologist and urban planner William Whyte invited Jane Jacobs to write an article on downtown development for Fortune magazine, which lead to a Rockefeller Foundation grant to write a book about American cities; and

Whereas, In 1961, Jane Jacobs published her landmark book, "The Death and Life of Great American Cities," which is considered by many to be one of the most important works in the history of American urban planning; and

Whereas, Jane Jacobs' book advocated for ethnically and economically diverse neighborhoods with active street life, mixed used developments and high population densities, and stressed the importance of community input in the planning process; and

Whereas, These simple ideas represented a revolutionary change in urban planning theories and boldly challenged the orthodoxy of modernist urban planning that was championed at the time by such famous and influential critics and architects as Lewis Mumford and Le Corbusier; and

Whereas, In 1962, Jane Jacobs applied her ideas to her own community when she became the chairwoman of the Joint Committee to Stop the Lower Manhattan Expressway, a community organization formed to prevent the building of the proposed Lower Manhattan Expressway, which had been recommended by Robert Moses, the City's most powerful development official at the time and which, if built, would have displaced 1,972 families and destroyed most of modern day SoHo and Little Italy; and

Whereas, Jane Jacobs succeeded in convincing the New York City Board of Estimate to reject the necessary appropriation for the roadway in 1962, a decision which many historians consider to be a significant turning point in the career of Robert Moses; and

Whereas, Jane Jacobs' victory over Robert Moses' highway plans signaled the beginning of significant community input into urban planning in New York City and lead other civic leaders in the City to question proposed "slum clearance" and highway projects that may have done irreparable damage to the City's neighborhoods; and

Whereas, In 1969, Jane Jacobs moved with her family to Toronto, Canada, and continued to write about the future of cities in the United States and Canada; and

Whereas, Jane Jacobs went on to publish nine more books, including her most recent publication, "Dark Age Ahead," published in 2004; and

Whereas, Jane Jacobs continued to speak out on major planning and development issues in the United States and Canada, including offering recent criticism of the proposed New York Sports and Convention Center; and

Whereas, Jane Jacobs' writings have had a profound influence on the American city and on the way that Americans relate to their cities; and

Whereas, That influence can be felt strongly in New York City, where countless planning decisions have been affected by the resonance of Jane Jacobs' powerful vision of a healthy city; now, therefore, be it

Resolved, That the Council of the City of New York commemorates the life and mourns the death of Jane Jacobs.

A Local Law to amend the administrative code of the city of New York, in relation to the creation of a commission to determine whether it would be feasible for the city of New York to separate from the state of New York and to establish a state, or any other entity that such commission shall deem appropriate, of Greater New York.

Be it enacted by the Council as follows:

Section 1. Chapter 1 of title 2 of the administrative code of the city of New York is hereby amended by adding a new section 2-107, to read as follows:

1. A secession commission for the city of New York shall be created for the purpose of researching and recommending to the mayor and the council whether it would be feasible for the city of New York to separate from the state of New York and to establish a state, or any entity that such commission shall deem appropriate, of Greater New York.

a. Such commission shall consist of seven members, three of whom shall be appointed by the mayor; three of whom shall be appointed by the speaker of the council; and one of whom shall be appointed jointly by the mayor and the speaker as chairperson of the commission. The members of the commission shall be appointed within thirty days of the effective date of this section and shall serve without compensation. All appointed members of the commission shall be residents of the city of New York. Vacancies in the membership of the commission shall be filled by appointment by whosoever was responsible for such original appointment. A majority of those members appointed and serving shall constitute a quorum for the transaction of any commission business and a majority of those present may approve any measure before it.

b. The study of any subject relevant to the property, affairs or government, structure or organization of the new state, or other entity, as appropriate, of Greater New York, or any acts, laws, regulations, and codes relating thereto, or any matter or thing considered by the commission to be pertinent thereto, shall be deemed to be within the scope of the commission's powers hereunder.

c. Within thirty months, but not before twenty-four months following the enactment of this law, the commission shall submit its recommendation for the new state, or other entity, as appropriate, of Greater New York to the speaker of the council.

2. The secession commission shall also be subject to the following provisions:

a. No member of the commission may hold any other state or local office, as such terms are defined in section two of the state public officers law, except that a member of the council of the city of New York shall not be disqualified from being a member of such commission pursuant to this subdivision or any other law.

b. All members of the commission shall be allowed their actual and necessary expenses incurred by them in the performance of their duties hereunder. Members of the commission who do not hold public office shall also receive a per diem allowance of one hundred fifty dollars, not to exceed ten thousand dollars in any one fiscal year, when rendering services as such member.

c. The commission shall employ and may at pleasure remove such employees and consultants as it shall require and fix their compensation with amounts appropriated therefore and may accept any services, facilities or funds and use or expend the same for its purposes.

d. The commission shall have the power to conduct private hearings, take testimony, subpoena witnesses and require the production of books, papers and records.

e. The commission may request and receive from any city department, board, bureau, commission, council, office, agency or other instrumentality such facilities, assistance, data and personnel as may be necessary or desirable for the proper execution of its powers and duties, and the commission may request from any state of New York department, board, bureau, commission, council, office, agency or other instrumentality such facilities, assistance, data and personnel as may be necessary or desirable for the proper execution of its powers and duties.

f. The terms of office of the members of the commission shall expire upon the recommendation of the proposed plan to the mayor and the council.

§2. Severability. If any sentence, paragraph, section or part of this local law shall be adjudged invalid by a court of competent jurisdiction such judgment shall not impair or invalidate the remainder thereof but shall be confined to that part.

§3. This local law shall take effect immediately upon its enactment into law.

Res. No. 300

Resolution urging the New York State Legislature to classify certain sexual assaults as class A felonies.

By Council Members Vallone Jr., Clarke, Gennaro, Martinez, Mendez, Nelson, Palma, Recchia, White and Lanza.

Whereas, In New York State, felony sexual assaults—including the most egregious sex offenses—are class B felonies that carry a maximum sentence of 25 years in prison and are subject to a statute of limitations of five years, which can be extended to ten years in those cases where the identity or whereabouts of the defendant are unknown; and

Whereas, DNA evidence from a Manhattan rape that occurred in 1973 led to the conviction of Clarence Williams in November 2005 for Rape in the First Degree and Robbery in the First Degree, for which he faced a maximum 25-year prison term on

each count, and was ultimately sentenced to 46 years in prison; when Williams was extradited to New York and his image was publicized in 2005, other women recognized him as the perpetrator who sexually assaulted them, but because of the statute of limitations in New York State, Williams could not be prosecuted for any of those crimes, and could only be prosecuted for the 1973 Manhattan rape because he fled the jurisdiction after being charged with that crime; Williams was also linked to 24 other rapes in Maryland and New Jersey through the DNA database system, and fortunately for the survivors of those crimes, neither Maryland nor New Jersey bars his prosecution under statutes of limitations; and

Whereas, With the evolution of DNA technology and its importance to the administration of criminal justice, there is no rationale for violent offenders to escape justice; defendants charged with committing such predatory crimes should face increased prison terms, with the possibility of lifetime supervision by parole, given the reported high rate of recidivism by convicted sex offenders released into society; and

Whereas, Legislation is needed that raises the status of certain sexual assault crimes to the most serious class of felonies—class A felonies—which include murder, arson, and kidnapping; the most serious sexual assaults should become A-II felonies, eliminating the statute of limitations for these sex offenses and carrying a sentence with a mandatory maximum of life imprisonment; and

Whereas, Rape and sexual assault have a lifelong impact on victims, and perpetrators of these heinous crimes should be subject to prosecution for life as well; passing legislation to increase the punishment in serious sexual assaults and abolish the statute of limitations in violent sexual assaults is a significant and progressive action; now, therefore, be it

Resolved, That the Council of the city of New York urges the New York State Legislature to classify certain sexual assaults as class A felonies.

Res. No. 301

Resolution urging fast food restaurants to limit the amount of trans fat in their food products, and calling upon the federal government to implement restrictions on trans fat content in food served by fast food restaurants.

By Council Members Vallone Jr., Gennaro, James, Recchia, Sanders, Foster and Lanza.

Whereas, According to the National Heart, Lung, and Blood Institute of the National Institutes of Health, over 12.5 million Americans suffer from coronary heart disease (CHD), and more than 500,000 die each year, making CHD one of the leading causes of death in the United States today; and

Whereas, Since January 2006, the U.S. Food and Drug Administration (FDA) requires that trans fat levels be listed on food packaging labels; and

Whereas, According to the FDA, trans fat, like saturated fat and dietary cholesterol, raises the low-density lipoprotein (LDL or "bad") cholesterol levels that increase the risk of CHD; and

Whereas, An article published by Agence France Presse on April 14, 2006, notes that research indicates that eating just 5 grams of trans fat per day increases the risk of CHD by 25%; and

Whereas, According to a letter written by Steen Stender, MD, a cardiologist in Denmark and the former head of the Danish Nutrition Council, and colleagues, and published in the New England Journal of Medicine issue released April 13, 2006, the results of a recent internationally-conducted study indicate that the amount of trans fat found in fast food restaurant products is significantly higher in the United States than in many other countries; and

Whereas, The letter notes that fast food restaurants could address this problem by changing the industrial grade cooking oil they use to prepare their food; now, therefore, be it

Resolved, That the Council of the City of New York urges fast food restaurants to limit the amount of trans fat in their food products, and calls upon the federal government to implement restrictions on trans fat content in food served by fast food restaurants.

Int. No. 346

By Council Members Vann, Clarke, Dickens, James, Mark-Viverito, Martinez, Palma, Sanders, Seabrook, Stewart, White and Foster.

A Local Law to amend the New York city charter and the administrative code of the city of New York, in relation to designating high poverty areas within New York City as "community development zones" in order to strategically address poverty through economic development and human service delivery.

Be it enacted by the Council as follows:

Section 1. Legislative intent and findings. The Council of the City of New York hereby finds that there are neighborhoods within New York City with high concentrations of poverty, joblessness, low educational attainment, and poor health outcomes and that many of those have historically been where negative social and economic conditions have become entrenched and perpetuated for successive generations. Furthermore, these conditions within these distressed areas have also served to diminish the economic growth potential of area businesses. The combined adverse impact of such social and economic conditions on residents and businesses within these areas has engendered increased dependency on public assistance programs, increased homelessness, decreased business tax revenue, and decreased consumer spending. In order to remedy these conditions, the Council proposes to create a "community development zone" program. This strategic and comprehensive geographic approach to social and economic development is designed to diminish long standing social and economic inequities within designated high poverty areas of the City. The legislation authorizes the designation of community districts as community development zones using a set of widely recognized socioeconomic indicators at designated thresholds that serve to depict the overall economic well-being, social welfare, health conditions and level of education within distressed areas of the City. The legislation embodies a dual approach to reducing poverty and achieving sustainable social and economic growth within designated "community development zones" by combining elements of economic development with human service delivery. Within this context, the Council finds that requiring collaborative planning among city agencies to develop a statement of needs for each community development zone is essential to best address community development zone needs that promote economic opportunity and employment. To this effect, the Council creates a Community Development Zone Governance Board to be led jointly by the Commissioner of Small Business Services and the Commissioner of Youth and Community Development. As proposed, the Community Development Zone Governance Board will also include agency member participation by the Commissioner of Human Resources, the Chancellor of the Department of Education, the Commissioner of Children's Services, the Commissioner of Housing Preservation and Development, Commissioner of the Department of Health and Mental Hygiene, and the President of the Economic Development Corporation. The purpose of such proposed Community Development Zone Governance Board will be to: (i) promote community development zone economic development, (ii) generate employment opportunities for community development zone residents, and (iii) increase economic self-sufficiency of community development zone residents by addressing a range of needs that improve their ability to attain and retain employment. Such needs include: child care, adult education, English language proficiency, family and individual counseling, parent engagement in schools, health awareness and disease prevention and housing assistance. As a complement to the human service aims of the legislation, the economic development aims of this legislation serve to ensure that residents of and businesses in community development zones benefit from citywide and local economic development projects, business incentive programs, neighborhood revitalization services, and business development services.

§2. Title 21 of the administrative code of the city of New York is amended by adding a new chapter 8 to read as follows:

Chapter 8

Community Development Zones

§21-801. Definitions.

§21-802. Community Development Zones.

§21-803. Community Development Zone De-designation.

§21-804. Community Development Zone Governance Board.

§21-805. Community Development Zone Needs Statements.

§21-806. Community Development Zone Action Plans.

§21-807. Reporting Requirements.

§21-808. Public Hearings.

§21-809. Community Development Zone Evaluation.

§21-810. Re-evaluation of Community Development Zone Criteria.

§21-801 Definitions. For the purposes of this section, the following definitions shall apply: a. "High level of poverty" shall mean where a community district has two of three economic conditions: (i) thirty percent or more of the population lives below the federal poverty level, as determined in the 2000 census; (ii) the median household income is seventy five percent or less of the median household income for New York City as determined by the 2000 census; or (iii) the employment to population ratio is fifty percent or less, as determined by the 2000 census.

b. "Low educational attainment" shall mean where a community district has two of three educational conditions: (i) fifteen percent or more of individuals over the age of twenty-five have only achieved an eighth-grade education, (ii) fifteen percent or less of the individuals over the age of 25 have earned a bachelor's degree or higher, as has been determined by the 2000 census; or (iii) thirty percent or less of elementary and middle school students have met New York state and city reading and math standards as determined by the 2000 academic school year.

c. "Poor health outcomes" shall mean where the infant mortality rate in a community district was ten live births or greater in calendar year 2000.

d. " Governance board" shall mean the community development zone governance board.

e. "Action plan" shall mean the community development zone action plan.

f. "Representative of the poor" shall mean an individual that has experience, either personal or professional, with issues that affect low income communities within the city of New York.

§21-802. Community development zones. A community district that meets the following criteria, (1) high levels of poverty and either (2) low educational attainment or poor health outcomes, shall be a community development zone or shall be included within a community development zone. Community development zones may be comprised of up to three contiguous community districts that meet these criteria.

§21-803. Community development zone de-designation. A community district may be de-designated as a community development zone or a community district may be de-designated for inclusion in a community development zone by the community development zone governance board but no community district shall be de-designated as a community development zone or for inclusion in a community development zone until the levels of poverty, low educational attainment and poor health outcomes shall be reduced to fifty percent of the levels set forth in subdivision b of section 21-801 of this chapter.

§21-804. Community development zone governance board. a. A community development zone governance board shall be created to:

1. Prioritize community development zone needs;

2. Support the coordination and integration of city programs and services within community development zones that are essential to the social and economic growth of such zones; and

3. Examine how funding, including private and philanthropic funds, may be used as part of a collective effort to improve socioeconomic conditions within community development zones, as well as how city tax levy revenues may be used to increase state and federal funding in furtherance of those efforts.

b. The community development zone governance board shall be jointly chaired by the commissioner of small business services and the commissioner of youth and community development and shall also have as members the commissioner of the human resources administration, chancellor of the department of education, commissioner of children's services, commissioner of housing preservation and development, commissioner of health and mental hygiene, and the president of the economic development corporation. Each agency head that is a member of the community development zone governance board may designate as his or her representative someone of deputy commissioner rank or higher within that agency. The governance board shall be staffed by personnel from the member agencies.

c. The mayor may appoint up to five persons who are not affiliated with any city agency to the governance board that are representatives of the poor, private industry or philanthropic groups. Such non-agency-related appointees to the board shall serve for three-year terms, may be removed from the board at the discretion of the mayor, and shall have no voting power.

d. Persons appointed to the governance board by the mayor shall recuse themselves from any and all discussions of substantive areas in which the member or the organization(s) with which the member is affiliated has applied for city funding, or has sought a city contract, or has reason to believe that they or the organization(s) with which they are affiliated, would apply for or compete for city funding or a city contract. If such non-city agency-related appointee does not recuse themselves from such discussions, they shall be prohibited from applying for, or competing for, city funding or city contracts that may result from such discussions.

e. The commissioner of youth and community development shall be responsible for the oversight and assessment of each applicable member agency's progress in meeting the human services priority goals set forth in each community development zone needs statement. Human services priority needs that shall be outlined in such community development zone needs statement shall include child care services, adult education, literacy services, English language proficiency training, individual and family counseling, parent engagement in local schools, health awareness and disease prevention services, housing assistance and such other components as the commissioner of youth and community development shall deem appropriate.

f. The commissioner of small business services shall be responsible for the oversight and assessment of each applicable member agency's progress in meeting the economic development priorities outlined in each community development zone needs statement. Such priorities shall include employment services, neighborhood revitalization services and business development services including business financing assistance, marketing assistance, business registration, government procurement information and assistance, city government information and assistance, area commercial revitalization services, insurance information, workforce training, recruitment, job screening, job placement assistance, enrollment in business incentive programs and such other components as the commissioner of small business services shall deem appropriate.

g. The community development zone governance board shall be permitted to aggregate contiguous community districts that meet the criterion for inclusion within a community development zone pursuant to section 21-802 of this chapter.

h. The community development zone governance board shall convene at such times as the co-chairs deem necessary but in no event shall it convene less than four times in any fiscal year.

§21-805. Community development zone needs statements. Every two years the community development zone governance board shall develop a community development zone needs statement for each community development zone. Such community development zone needs statements shall be developed in consultation with such other agencies or private entities as the community development zone governance board shall deem appropriate.

§21-806. Community development zone action plans. a. An agency action plan for each community development zone shall be prepared and submitted by each community development zone governance board member on behalf of such member's agency. Such agency actions plans shall include: (1) an outline for how each agency plans to address the priority needs identified in the community development zone needs statements, and (2) a report on how the agency acted independently and collaboratively with other city agencies to address the priority needs outlined in the preceding year's community development zone needs statement. Such agency action plans may include information regarding existing programs and services, new programs and services, interagency planning, interagency programs and services, and/or additional funding allocations made to meet priority community development zone needs identified. Such agency action plans shall also include the name and location of not-for-profit service providers, for-profit service providers, businesses and firms located within each community development zone that are the recipients of city contracts that have been awarded by each agency which is a member of the community development zone governance board that is intended to achieve the priority goals outlined in the community development zone needs statement for each community development zone.

b. Such action plans shall be submitted to the commissioner of youth and community development and to the commissioner of small business services within ninety days following the release of the community development zone needs statements. Each agency action plan shall be integrated and coordinated by the community development zone governance board co-chairs into a draft community development zone action plan for each community development zone within one hundred eighty days following the release of the community development zone needs statements. Such draft community development zone action plans shall be made available to the public for review and comment through public hearings to be held within each community development zone within thirty days following preparation of the draft community development zone action plan. Following such public hearings, final drafts of the community development zone action plans that include each member agency's action plan shall be coordinated and integrated into a proposed final plan by the co-chairs for submission to the community development zone governance board for approval within thirty days from the completion of such public hearings. The community development zone governance board shall have thirty days within which to either approve or disapprove such plan. Should the community development zone governance board disapprove a proposed community development zone action plan it shall state in writing the bases for its disapproval. The co-chairs of the community development zone governance board and the governance board shall resolve such differences within thirty days from such disapproval.

§21-807. Reporting requirements. The community development zone governance board shall submit to the mayor, the speaker of the city council, each council member who has all or a portion of a community development zone within his or her district, each borough president and the chairpersons of each of the appropriate community boards with a community development zone located within his or her borough a copy of the community development zone needs statements for each community development zone, a copy of a community development zone action plan for each community development zone and a copy of each community development zone progress report prepared pursuant to subdivision a of section §21-809 of this chapter. Each such document shall be submitted within ten days of its preparation and shall simultaneously be posted on the city's official website.

§21-808. Public hearings. a. Draft community development zone action plans shall be made available to the public for review and comment through public hearings to be held by the community development zone governance board within each community development zone.

b. The community development zone governance board shall hold at least one public hearing within each of the community development zones during the period of re-evaluation of community development zone criteria pursuant to section 21-810 of this chapter.

§21-809. Community development zone evaluation. a. Every three years the community development zone governance board shall provide a community development zone progress report on the socioeconomic conditions within each community development zone to the mayor, speaker of the city council, each borough president and to the chairpersons of each of the appropriate community boards with a community development zone located within his or her borough. Such progress reports may include city agency generated data. The content of such progress reports is not limited to the criteria that are used to determine whether a community district qualifies for inclusion in a community development zone pursuant to section 21-802 of this chapter.

b. The city shall contract with an independent entity to assess the overall impact of community development zone program planning, initiatives, and funding on the social and economic conditions within the designated community development zones.

§21-810. Re-evaluation of community development zone criteria. a. The governance board shall re-evaluate the community development zone criteria prescribed in section 21-802 of this chapter in 2010, shall be re-evaluated following the United States census bureau release of 2010 United States census data in 2013 and every five years thereafter.

b. Re-evaluation of those criteria shall consist of an evaluation of current socioeconomic conditions within New York city to determine the appropriate thresholds for those criteria to be used to designate the areas within the city that

have high concentrations of poverty, low educational attainment and poor health outcomes that will serve as community development zones and to determine whether those criteria themselves should be revised. Such criteria must be based on the spirit of the original community development zone legislation.

c. The re-evaluation period shall not exceed six months.

d. The community development zone governance board shall hold at least one public hearing within each of the community development zones within this re-evaluation period.

e. Data used to create criteria for designation of community development zones shall be objective and taken from reputable official sources which shall include, but not be limited to, United States census data.

f. The community development zone governance board shall, within ninety days after each re-evaluation, propose to the mayor and the speaker of the council, when appropriate, modifications to those criteria.

§3. Section 733 of the New York city charter is amended by adding thereto a new subdivision e to read as follows:

e. Such duties relating to community development zones as are prescribed by law.

§4. Paragraph a of subdivision 5 of section 1301 of the New York city charter is amended to read as follows:

a. advise and assist the mayor in developing policies designed to meet the job training and employment needs of the economically disadvantaged and unemployed residents of the city of New York, as well as the labor needs of private industry *and to participate in the community development zone program established in chapter eight of title twenty-one of the administrative code of the city of New York;*

§5. Section 1802 of the New York city charter is amended by amending subdivisions l and m of such section and by adding thereto a new subdivision n to read as follows:

(l) exercise such other powers and duties as may be prescribed by law in relation to the management, demolition or sealing or other treatment of residential real property of the city; [and]

(m) employ professional, community and other personnel to manage residential real property of the city[.]; and

(n) participate in the community development zone program established in chapter eight of title twenty-one of the administrative code of the city of New York.

§6. Paragraph 8 of subdivision b of section 556 of the New York city charter is amended to read as follows:

(8) in accordance with section five hundred fifty-five of this chapter, determine the public health needs of the city, participate in the community development zone program established in chapter 8 of title twenty-one of the administrative code of the city of New York, and prepare plans and programs addressing such needs.

§7. Section 617 of the New York city charter is amended by adding thereto a new subdivision c to read as follows:

c. Participate in the community development zone program established in chapter eight of title twenty-one of the administrative code of the city of New York.

§8. This local law shall take effect ninety days after its enactment into law.

Int. No. 348

By Council Members Yassky and White.

A Local Law to amend the administrative code of the city of New York, in relation to tax lien foreclosure by action in rem for properties where the redevelopment or reuse of which may be complicated by the presence or potential presence of contamination.

Be it enacted by the Council as follows:

Section 1. Section 11-401 of the administrative code of the city of New York is hereby amended by adding thereto new subdivisions five through eight to read as follows:

§11-401 Definitions. Whenever used in this chapter, the following terms shall mean:

5. "Revitalization property." Any parcel of class one, class two, or class four real property that is subject to a tax lien or liens with a lien or liens to value ratio, as determined by the commissioner of finance, equal to or greater than 15 percent and where the reuse of such property may be complicated by the presence or potential presence of contamination. A revitalization property shall also meet one of the following criteria: i. such parcel is vacant or abandoned, as determined by the commissioner of finance; ii. such parcel is underutilized, as determined by the commissioner of environmental protection upon the recommendation of the advisory board; iii. such parcel is determined to be a parcel of revitalization property by the commissioner of environmental protection and the advisory board upon the recommendation of a community based organization, as defined by subdivision six of this section. Any such recommendation shall be received by the commissioner of environmental protection and the advisory board not less than thirty days preceding the date of the sale of a tax lien or tax liens and shall include, but not be limited to, the following: (a) a written statement explaining why the parcel should be considered a revitalization property, (b) support for the petition from community residents, property owners and local elected officials.

6. "Community based organization." i. A not-for-profit corporation that meets one of the following criteria;

a. is located within a priority block, as defined by subdivision seven of this section, which has twenty-five percent or more of its board of directors residing in the community in such area; ; or

b. whose stated mission includes, but is not limited to;

1. a commitment to owning and operating affordable space to manufacturing companies; and

2. a commitment to redeveloping the revitalization property to those ends that satisfy the needs of the surrounding community. The use of the revitalization property shall include, but not be limited to, the following uses: i). units of affordable housing for low—and moderate—income individuals; ii). community services targeted to low—and moderate—income individuals, including but not limited to homeownership counseling, healthcare facilities, community centers, recreation centers, parks or open space, daycare centers; iii). commercial or industrial space for small businesses provided that these businesses shall support local job development and retention; iv). and residential, mixed-use, commercial or industrial projects which are designed to eliminate blight or revitalize or stabilize low—and moderate—income communities, or both;

c. "Community based organization" shall not include any not-for-profit corporation that has caused or contributed to the release or threatened release of a hazardous waste or petroleum from or onto a parcel of real property, or any not-for-profit corporation that has generated, transported, or disposed of, or that arranged for, or caused, the illegal disposal of hazardous waste or petroleum from or onto the parcel of real property.

7. "Priority block." Any block selected by the commissioner of environmental protection in consultation with the advisory board that meets one of the following criteria:

i. is located in or adjacent to census tracts and block numbering areas which, as of the two thousand census that have:

a. areas that have a poverty rate of at least twenty percent for the year to which the data relate; and

b. areas with an unemployment rate of at least one and one-quarter times the state wide unemployment rate for the year to which the data relate;

ii. is located in an area zoned as a manufacturing district, pursuant to article IV of the zoning resolution of the city of New York on January 1, 2006;

iii. is located in an area zoned as a manufacturing district within ten years prior to January 1, 2006;

iv. is located in an area designated as brownfield opportunity areas, brownfield opportunity area study area, urban renewal areas, empire zones, empowerment zones, or is within a geographic area subject to a plan created pursuant to section 197-a of the New York city charter;

8. "Advisory board." An advisory board shall be created and comprised of eleven members, five of whom shall be appointed by the speaker of the city council and five by the mayor. The commissioner of environmental protection, or his or her designee, shall be an ex-officio member of the advisory committee and serve as chairperson. The ten other advisory committee members shall be selected so as to achieve a broad range of perspectives and expertise on issues related to revitalization properties and shall include members representing environmental and environment al justice organizations, the building industry, community development interests, and community-based organizations. The members shall be appointed within thirty days of the effective date of this section and shall serve without compensation. The commissioner of environmental protection and the director of office of environmental coordination shall provide staff to assist the advisory board.

§2. Chapter four of title eleven of the administrative code of the city of New York is hereby amended by adding a new section 11-401.2 to read as follows:

§11-401.2 Procedures for designation of priority blocks and revitalization properties. a. The commissioner of environmental protection shall, in consultation with the advisory board, not less than one hundred eighty days preceding the date of the sale of a tax lien or tax liens, shall designate priority blocks. The director of city planning shall map priority blocks by block and lot, or by such other identification as the director of city planning deems appropriate, not less than ninety days preceding the date of the sale of a tax lien or tax liens. Additionally, the commissioner, in consultation with the advisory board, may designate additional priority blocks as he or she deems appropriate.

b. The commissioner of finance shall, not less than sixty days preceding the date of the sale of a tax lien or tax liens, submit to the commissioner of environmental protection a list by block and lot, or by such other method of identification as the commissioner of finance may deem appropriate, of any parcel of real property on which there is a tax lien that may be foreclosed by the city. The commissioner of environmental protection shall determine, and inform the commissioner of finance, not less than ten days preceding the date of the sale of a tax lien or tax liens, whether any such parcel is a revitalization property and determine whether any such parcels are located in or adjacent to priority blocks. Any tax liens on a parcel so determined to be located on a priority block may not be included in such sale. In connection with a subsequent sale of a tax lien or tax liens, the commissioner of finance may, not less than sixty days preceding the date of the sale, resubmit to the commissioner of environmental protection a list by block and lot, or by such other identification as the commissioner of finance may deem appropriate, of any parcel of real property that was previously determined to be a revitalization property pursuant to this paragraph and on which there is a tax lien that may be included in such sale. If the commissioner of environmental protection determines that the parcel is not a revitalization property, then the tax lien on the parcel may be included in the sale. The commissioner of environmental protection shall determine if the revitalization property is located on a priority block, and inform the commissioner of finance, not less than ten days preceding the date of the sale, whether such parcel remains a revitalization property.

c. The commissioner of environmental protection may periodically review whether a parcel of class one, class two, or class four real property that is subject to the provisions of subdivision d of this section or subdivision j of section 11-412.4 of this chapter remains a revitalization property. If the commissioner determines that the parcel is not a revitalization property then the parcel shall not be subject to the provisions of such subdivisions.

d. Any parcel designated as a revitalization property that is located on a priority block may be subject to an in rem foreclosure action, or in the case where the commissioner of finance does not commence such action the commissioner of environmental protection shall evaluate such parcel and take such action as he or she deems appropriate under the programs, existing at the time of such evaluation, that are designed to encourage the remediation of contaminated properties, and shall monitor or cause to be monitored the status of the property. The commissioner of environmental protection, in his or her discretion, shall cause a preliminary site visit to be conducted on any parcel so determined to be a revitalization property. Such site visit shall include the site history and the site conditions and any other criteria established by the commissioner of environmental protection. In addition, the commissioner of environmental protection shall submit to the city council a list of all parcels so determined to be a revitalization properties within thirty days from the date each such parcel is identified as a revitalization property.

§3. Paragraph two of subdivision b of section 11-412.1 of the administrative code of the city of New York is amended to read as follows:

(2) Such third party shall be deemed qualified and shall be designated pursuant to such criteria as are established in rules promulgated by the commissioner of housing preservation and development, provided, however, that such criteria shall include but not be limited to: residential management experience; financial ability; rehabilitation experience; ability to work with government and community organizations; neighborhood ties; and that the commissioner shall consider whether the third party is a responsible legal tenant, not-for-profit organization or neighborhood-based-for-profit individual or organization. The commissioner *of housing preservation and development* shall not deem qualified any third party who has been finally adjudicated by a court of competent jurisdiction, within seven years of the date on which such third party would otherwise be deemed qualified, to have violated any section of articles one hundred fifty, one hundred seventy-five, one hundred seventy-six, one hundred eighty, one hundred eighty-five or two hundred of the penal law or any similar laws of another jurisdiction, or who has been suspended or debarred from contracting with the city or any agency of the city pursuant to section 335 of the charter during the period of such suspension or debarment. The rules promulgated by the commissioner *of housing preservation and development* pursuant to this paragraph may establish other bases for disqualification of a third party.

§4. Chapter four of title eleven of the administrative code of the city of New York is hereby amended by adding a new section 11-412.3 to read as follows:

§11-412.3 Special procedures relating to final judgment and release of revitalization properties. Notwithstanding any other provision of law to the contrary:

a. The court shall determine upon proof and shall make a finding upon such proof whether there has been due compliance by the city with the applicable provisions of this chapter.

b. (1) The court shall make a final judgment authorizing the award of possession of any parcel determined to be a revitalization property pursuant to section 11-401.2 of this chapter, described in the list of delinquent taxes not redeemed or withdrawn as provided in this chapter and as to which no answer is interposed as provided herein, and authorizing the commissioner of finance to prepare, execute and cause to be recorded a deed conveying either to the city or to a third party deemed qualified and designated by the commissioner of environmental protection full and complete title to such lands. Any such conveyance to a third party shall be for a use described in section 11-412.4 of this chapter.

(2) Such third party shall be deemed qualified provided the third party satisfies any criteria as are established in rules promulgated by the commissioner of environmental protection, provided, however, that such criteria shall include but not be limited to: property management experience; financial ability; environmental remediation experience; environmental remediation expertise; and the ability to work with government. The commissioner shall not deem qualified any third party who has been finally adjudicated by a court of competent jurisdiction, within seven years of the date on which such third party would otherwise be deemed qualified, to have violated any section of articles one hundred fifty, one hundred seventy-five, one hundred seventy-six, one hundred eighty, one hundred eighty-five or two hundred of the penal law or any similar laws of another jurisdiction; or who has been suspended or debarred from contracting with the city or any agency of the city pursuant to section 335 of the charter during the period of such suspension or debarment; or that has caused or contributed to the release or threatened release of a hazardous waste or petroleum from or onto a parcel of real property, or any not-for-profit corporation that has generated, transported, or disposed of, or that arranged for, or caused, the illegal disposal of hazardous waste or petroleum from or onto the parcel of real. The rules promulgated by the commissioner of environmental protection pursuant to this paragraph may establish other criteria for disqualification of a third party.

c. Following the expiration of the four-month period prescribed in subdivision d of this section, but not more than eight months after the date on which, pursuant to subdivision b of this section, the final judgment authorizing the award of possession of a parcel of revitalization property was entered, the commissioner of finance may execute a deed, pursuant to subdivision b of this section, with respect to such parcel. The owner of said parcel shall continue to have all of the rights, liabilities, responsibilities, duties and obligations of an owner of such parcel, including, but not limited to, maintaining such parcel in compliance with the housing maintenance, building and fire codes, and all other applicable laws, unless and until the commissioner of finance has prepared and executed a deed conveying to the city or to a third party full and complete title to such parcel. Upon the execution of such deed, the city or the third party shall be seized of an estate in fee simple absolute in such land and all persons, including the state of New York, infants, incompetents, absentees and non-residents who may have had any right, title, interest, claim, lien or equity of redemption in or upon such lands shall be barred and forever foreclosed of all such right, title, interest, claim, lien or equity of redemption, except as otherwise provided in subdivisions e and f of this section. The appointment and tenure of receivers, trustees or any other persons, including administrators under article seven-A of the real property actions and proceedings law, appointed by an order of a court to manage real property, shall terminate when title to such property vests in the city or a third party pursuant to the provisions of this chapter. After such termination, said receivers, trustees or administrators shall be accountable to the courts that appointed them for the faithful performance of their fiduciary obligations during the term of their appointment and to the city or such third party for any rents and income received by them for any period subsequent to the date of the vesting of title in the city or such third party. If the city serves a tenant in possession of a commercial, manufacturing or residential unit within a parcel of revitalization property a notice of termination of tenancy on grounds other than nonpayment of rent, the acceptance of rent for the first forty-five days after termination of tenancy by anyone other than an employee of the department designated by the department to receive such rent shall not be deemed or construed as a waiver of the city's right to initiate and prosecute a proceeding to terminate the tenancy for good cause.

d. Within four months after the date on which, pursuant to subdivision b of this section, the final judgment authorizing the award of possession of a parcel of revitalization property was entered, any person claiming to have an interest in such parcel shall have the right to make a payment to the commissioner of finance consisting of all taxes, assessments and other legal charges owing on said parcel including payment expenses incurred to a third party for remediation actions described in section 11-412.4 of this chapter, the lawful interest thereon to the date of payment and a penalty of five percent of said payment of taxes, assessments and other legal charges and interest, which penalty may not exceed one thousand

dollars. Such payment shall be made in cash or by certified or bank check. Within such four-month period, such interested person may also request an installment agreement from the commissioner of finance. Such agreement shall require, in addition to full payment of the penalty specified in this subdivision at the time such agreement is entered into, the payment at such time of a first installment equal of fifty percent of all taxes, assessments and other legal charges, and the lawful interest thereon, then owing on such parcel, and the payment of the balance of such taxes, assessments and other legal charges and interest in four equal quarterly installments together with all current taxes, assessments and other legal charges that accrue during such period. Upon receipt of payment in full of the amount specified in the first sentence of this subdivision, the commissioner of finance shall direct the corporation counsel to prepare and cause to be entered an order discontinuing the in rem tax foreclosure action as to said property, canceling the notice of pendency of such action as to said property and vacating and setting aside the final judgment. Upon the execution of an installment agreement and payment of the amounts due at the time such agreement is executed as provided in this subdivision, the commissioner of finance shall direct the corporation counsel to prepare and cause to be entered an order vacating and setting aside the final judgment. The entry of either such order shall restore all parties, including owners, mortgagees and any and all lienors, receivers and administrators and encumbrancers, to the status they held immediately before such final judgment was entered. Where the commissioner of finance approves an application requesting an installment agreement pursuant to this subdivision, the order vacating and setting aside the final judgment shall provide that in the event of any default as to the payment of either quarterly installments or current taxes, assessments or other legal charges during the term of such agreement, all payments under said agreement shall be forfeited and the corporation counsel, immediately upon notification by the commissioner of finance of such default, shall cause to be entered as to such property a supplemental judgment of foreclosure in the in rem action which authorizes the commissioner of finance to prepare, execute and cause to be recorded a deed conveying either to the city or to a third party full and complete title to such lands. Upon the entry of such supplemental judgment, the provisions of subdivisions c through i of this section shall apply in the same manner as such subdivisions would have applied had no payment been made nor installment agreement executed during the four-month period specified in this subdivision.

e. (1) If the commissioner of finance has prepared, executed and caused to be recorded a deed conveying to the city full and complete title to a parcel of revitalization property acquired by in rem tax foreclosure, the city's interest in such parcel may be released pursuant to this subdivision on the application of any party who has an interest in said parcel as either owner, mortgagee, lienor, or encumbrancer at the time of the city's acquisition thereof where such application is made at any time up to sixteen months from the date on which the deed by which the city acquired title to said parcel was recorded.

(2) Any such application shall be made in writing to the commissioner of citywide administrative services and shall be verified. It shall contain the information required pursuant to paragraph one of subdivision b of section 11-424 of this chapter, the documents required by subdivision c of such section, and shall be accompanied by the fees required by paragraphs three and six of subdivision b of such section. The fee required by paragraph three of subdivision b of section 11-424 of this chapter shall not be refundable.

(3) The city's interest in any such parcel shall be released only after payment of the sums of money specified in subdivision d of section 11-424 of this chapter.

(4) The provisions contained in subdivision g of section 11-424 of this chapter shall govern such an application, except as follows:

a. where such provisions are inconsistent with the provisions contained in this subdivision, the provisions contained in this subdivision shall govern such application; and

b. where the in rem foreclosure release board denies a written request for an installment agreement that was filed in connection with an application for release of the city's interest in a parcel of revitalization property and such application was filed within thirty days of the date of the city's acquisition of the property sought to be released, the board may, in its discretion, authorize a release of the city's interest, provided that the applicant thereafter pays all the amounts required to be paid pursuant to subdivision d of section 11-424 of this chapter within thirty days of the date on which a letter requesting such payment is mailed or delivered to such applicant.

(5) Upon receipt of all the amounts required to be paid pursuant to this subdivision, the commissioner of finance shall direct the corporation counsel to prepare and cause to be entered an order discontinuing the in rem tax foreclosure action as to said property, canceling the notice of pendency of such action as to said property and vacating and setting aside the final judgment entered pursuant to subdivision b of this section and the deed executed and recorded pursuant to such final judgment as to said property. The entry of such order shall restore all parties, including owners, mortgagees and any and all lienors, receivers and administrators and encumbrancers, to the status they held immediately before the final judgment was entered, as if the in rem tax foreclosure had never taken place, and shall render said property liable for all taxes, deficiencies, management fees and liens which shall accrue subsequent to those paid in order to obtain the release provided for in this subdivision, or which were, for whatever reason, omitted from the payment made to obtain said release.

f. If the commissioner of finance has prepared, executed and caused to be recorded a deed conveying to the city full and complete title to a parcel of revitalization property acquired by in rem tax foreclosure and such parcel is entitled to an exemption under any of the provisions of article four of the real property tax law during all or part of the period covered by the tax items appearing on a list of delinquent taxes, the owner of such parcel may apply for a release of the city's interest in such exempt property under the provisions of subdivision e of this section during the period of time set forth in paragraph one of such subdivision and for an additional period up to ten years from the date on which the deed by which the city acquired title to said property was recorded. The application of such owner shall be accompanied by the nonrefundable fee required by paragraph four of subdivision b of section 11-424 of this chapter and shall contain, in addition to the statements, searches and proofs required by subdivision e of this section, a statement that an exemption under the real property tax law is being claimed. Such application shall also state either that it is accompanied by the written certificate of the comptroller setting forth the precise period during which said property, while owned by such application, and during the period after the city's acquisition up to the date of the certificate if said property was still being used for an exempt purpose after said acquisition, was entitled to an exemption and the exact nature and extent of such exemption or that an application for such written certificate has been filed with the comptroller. On issuing such written certificate, the comptroller shall cancel those tax items which have accrued during the period covered by the certificate to the extent the applicant is entitled to an exemption as set forth in the certificate. A release of the city's interest may be authorized only at the discretion of the in rem foreclosure release board and, except as otherwise provided in paragraph four of subdivision e of this section, subject to all the restrictions set forth in subdivision g of section 11-424 of this chapter. A release to an exempt applicant shall be effected only after said applicant has paid all of the amounts required to be paid by subdivision d of section 11-424 of this chapter, except for those tax items which have been canceled, in whole or in part, pursuant to the comptroller's certificate, within thirty days of the date on which the letter requesting payment is mailed or delivered to the applicant.

g. If the commissioner of finance has prepared, executed and delivered and caused to be recorded a deed conveying to the city or to a third party full and complete title to a parcel of revitalization property acquired through an in rem tax foreclosure, the provisions contained in subdivisions f and i of section 11-424 of this chapter for the release of property so acquired shall not be available. If the commissioner of finance has prepared, executed and caused to be recorded a deed conveying to a third party full and complete title to a parcel of revitalization property acquired by in rem tax foreclosure, the provisions contained in subdivisions e and f of this section for the release of property so acquired shall not be available.

h. Every deed given pursuant to the provisions of this section shall be presumptive evidence that the action and all proceedings therein and all proceedings prior thereto from and including the assessment of the lands affected and all notices required by law were regular and in accordance with all provisions of law relating thereto. After four months from the date of entry of the final judgment authorizing the award of possession of any parcel of revitalization property pursuant to the provisions of this section, the presumption shall be conclusive. No action to set aside such deed may be maintained unless the action is commenced and a notice of pendency of the action is filed in the office of the property county clerk prior to the time that the presumption becomes conclusive as aforesaid. Should any lawsuit or proceeding be commenced to set aside a deed conveying to a third party a parcel of revitalization property pursuant to the provisions of this section, such third party shall send to the corporation counsel within ten days of their receipt a copy of any papers served on such third party in such lawsuit or proceeding.

i. If the commissioner of finance does not execute a deed conveying to the city or to a third party a parcel of revitalization property within eight months after the entry of final judgment authorizing the award of possession of such parcel pursuant to subdivision b of this section, the commissioner of finance shall direct the corporation counsel to prepare and cause to be entered an order discontinuing the in rem foreclosure action as to said property, canceling the notice of pendency of such action as to said property and vacating and setting aside said final judgment. The entry of such order shall restore all parties, including owners, mortgagees and any and all lienors, receivers and administrators and encumbrancers, to the status they held immediately before such final judgment was entered.

j. If the commissioner of finance directs the corporation counsel, pursuant to subdivision i of this section, to prepare and cause to be entered an order discontinuing the in rem foreclosure action with respect to a parcel of revitalization property determined to be a revitalization property pursuant to section 11-401.2 of this chapter, the commissioner of environmental protection shall evaluate the revitalization property and take such action as he or she deems appropriate under the programs, provided however that the third party would not be subject to any enforcement action by virtue of its status as qualified third party, existing at the time of such evaluation, that are designed to encourage the remediation of environmental contamination and the redevelopment of the property in a manner consistent with the existing neighborhood and desires of the community, and shall monitor or cause to be monitored the status of the property. The commissioner of environmental protection shall maintain a register of revitalization properties.

§5. Chapter four of title eleven of the administrative code of the city of New York is hereby amended by adding a new section 11-412.4 to read as follows:

§11-412.4. Special procedures for reuse of revitalization properties. a. Not more than ninety days from such date that the commissioner of finance records a deed conveying a parcel of revitalization property to the City or to a third party, as determined by subdivision b of section 11-412.3 of this chapter, the City or third party shall complete an inspection of the parcel of revitalization property and submit a report with such inspections findings to the commissioner of environmental protection and the advisory board. Such report shall include, but is not limited to, the following criteria: (1) the results of an inquiry by an environmental professional; (2) interviews with past and present owners, operators and occupants of the site for the purpose of gathering information regarding the potential for contamination

at the site; (3) reviews of historical sources, such as chain of title documents, aerial photographs, building department records, and land use records, to determine previous uses and occupancies of the real property since the property was first developed; (4) searches for recorded environmental cleanup liens against the site that are filed under federal, state, or local law; (5) reviews of federal, state, and local government records, waste disposal records, underground storage tank records, and hazardous waste handling, generation, treatment, disposal, and spill records, concerning contamination at or near the site; (6) visual inspections of the site and of adjoining properties; (7) specialized knowledge or experience on the part of the person; (8) the relationship of the purchase price to the value of the property, if the property was not contaminated; (9) commonly known or reasonably ascertainable information about the property; and (10) the degree of obviousness of the presence or likely presence of contamination at the property, and the ability to detect the contamination by appropriate investigation.

b. Not more than 180 days from such date that the commissioner of finance records a deed conveying a parcel of revitalization property to the City or to a designated third party, as deemed qualified by subdivision b of section 11-412.3 of this chapter, the City or designated third party shall provide site control to a community-based organization or a community-based organization in partnership with a for-profit developer or a not-for-profit developer for the purpose of developing a revitalization property development plan. The third party shall issue a request for qualifications to interested community based organizations or community-based organizations in partnership with for-profit developers or not-for-profit developers for the purpose of providing site control. Any request for qualifications shall require, but not be limited to, demonstrated capacity by a community-based organization to undertake the redevelopment of the revitalization property or demonstrated capacity by a community-based organization in partnership with a for-profit development company to undertake the redevelopment of the revitalization property. The advisory board shall assist the third party in the drafting of the request for qualifications and the determination of a community-based organization or community-based organization in partnership with a for-profit developer or a not-for-profit developer.

c. The designated community-based organization or community-based organization in partnership with a for-profit developer or a not-for-profit developer shall develop a plan for the revitalization parcel. This plan shall be completed not more than one hundred eighty days from the date of designation provided, however, that such plan shall include, but not be limited to: the proposed use of the revitalization property, the steps that will be taken to remediate the parcel of revitalization property, the costs of such remediation action, the sources of funding for such remediation action, and a community outreach plan. A community outreach plan shall include, but not be limited to, the following criteria: a description of the manner in which the development of the revitalization property benefits the community; preliminary letters of support from community based organizations, elected officials, residents, and local government; an explanation of how the development plan is consistent with an area-wide 197-A plan if such plan exists; a summary of the opportunities that will be provided for public input during the remedial action. The community-based organization in partnership with a for-profit developer or a not-for-profit developer shall submit land use applications as required under the universal land use review process of the city of New York.

d. Any parcel of revitalization property shall include but not be limited to one of the following functions as its final use: (1)units of affordable housing for low—and moderate—income individuals; (2) community services targeted to low or moderate income individuals, this may include but shall not be limited to: homeownership counseling, healthcare facilities, community centers, recreation centers, parks or open space, daycare centers; (3)commercial or industrial space for small businesses provided these businesses support local job development and retention and target job opportunities for low and moderate income individuals; (4) residential, mixed-use, commercial or industrial projects which are designed to eliminate blight or revitalize or stabilize low or moderate income communities or both;

e. Any community-based organization or community based organization in partnership with a for-profit developer undertaking the reuse of a revitalization property shall submit to the mayor, the speaker of the city council, the commissioner of environmental protection, the advisory board, borough president and community board in which the revitalization parcel is located a report of the development progress of the parcel of revitalization property and a list of the outreach activities conducted to the local community.

§6. Chapter four of title eleven of the administrative code of the city of New York is hereby amended by adding a new section 11-412.5 to read as follows:

§11-412.5 Council review of conveyance to a third party. *The commissioner of finance shall, prior to the execution of a deed conveying full and complete title of any parcel of revitalization property to a third party pursuant to subdivision c of section 11-412.3 of this chapter, notify the council of the proposed conveyance. Within forty-five days of such notification, the council may act by local law disapproving the proposed conveyance. In the event the council does not act by local law within such forty-five day period, the council shall be deemed to have approved the proposed conveyance. During such forty-five day period or, if the city council acts by local law pursuant to this section, during the period of time from the notification of the council to the presentation to the mayor of such local law and during any additional period of time prescribed in section 37 of the charter, eight-month period provided in subdivisions c and i of section 11-412.3 of this chapter shall be tolled.*

§7. Section 11-424.1 of the administrative code of the city of New York is hereby amended to read as follows:

§11-424.1 In rem foreclosure release board. There shall be an in rem foreclosure release board consisting of the mayor, the speaker of the city council, the affected borough president, the corporation counsel and the commissioner of finance. For the purposes of this section, the affected borough president shall be the president of the borough in which a property proposed for release pursuant to this section is located. Members of the board may, by written authority filed with the board and with the city clerk, appoint delegates to act on their behalf as members of the board. The board shall have the power, acting by resolution, to authorize the release of the city's interest in property acquired by in rem tax foreclosure in accordance with sections 11-412.1, *11-412.3,* and 11-424 of the code based upon a determination, in its discretion, that such release would be in the best interests of the city. The board shall act after a meeting at which the public has been provided an opportunity to comment on the proposed action. A resolution of the board authorizing a release of the city's interest in any property shall be adopted only upon the affirmative vote of not less than a majority of all the members of the board. The board may consider any information it deems relevant to a determination. The board shall not be required to state the reasons for its determination.

§8. This local law shall take effect three hundred sixty five days after its enactment into law except that the commissioners of environmental protection and finance shall take all actions as necessary, including the designation of priority blocks, for the implementation of this law prior to such effective date.

Referred to the Committee on Environmental Protection and the Committee on Finance.

Int. No. 349

By Council Members Yassky and White.

A Local Law to amend the administrative code of the city of New York, in relation to small businesses and the repeal of subdivision f of section 20-268, section 20-283, subdivision f of section 20-296, and section 24-423 of such code.

Be it enacted by the Council as follows:

Section 1. Declaration of legislative findings and intent. The Council of the City of New York hereby finds that the Administrative Code of the City of New York contains several provisions that are either outdated, in need of modification or are no longer practical and the enforcement of which has a detrimental impact upon the City's small business community. It is the Council's intention to modify or repeal these antiquated and problematic provisions of the Administrative Code in a first effort to improve the small business environment in New York City so that these businesses can thrive.

§2. Section 17-311 of the administrative code of the city of New York is amended to read as follows.

§17-311 Display of license or plate. a. Each food vendor shall carry his or her license upon his or her person and it shall be exhibited upon demand to any police officer, public health sanitarian or other authorized officer or employee of the city.

b. [The food vendor's license shall be worn conspicuously by him or her at all times while he or she is operating as a food vendor.

c.] The permit plate shall be firmly affixed to the vending vehicle or pushcart in a conspicuous place.

§3. Subdivision c of section 17-315 of the administrative code of the city of New York is amended to read as follows:

c. All items relating to the operation of a food vending business shall be kept in or under the vending vehicle or pushcart, *except that samples of the types of items sold may be displayed on the vending vehicle or pushcart.* No such items other than an adjoining acceptable waste container shall be placed upon any public space adjacent to the vending vehicle or pushcart, and no food shall be sold except from an authorized vehicle or pushcart.

§4. Subdivision k of section 17-508 of the administrative code of the city of New York is amended to read as follows:

k. The penalties provided [by] *for in* this section [shall] *may not be* imposed if they would be in addition to any other penalty *that may be* imposed pursuant to any other provision of law, *rule* or regulation [thereunder] *for the commission of the same act that was the subject of the notice of violation. This shall not be deemed a limitation on the issuance of notices of violation relating to other acts that may be in violation of any provision of this chapter.*

§5. Section 20-217 of the administrative code of the city of New York is amended to read as follows:

§20-217 Prohibitions. It shall be unlawful for a person, firm, corporation, association, society or any other organized group of persons holding such license to:

1. [Suffer] *suffer* or permit any game of chance to be played or gambling in any manner on the licensed premises.

2. [Suffer] *suffer* or permit the licensed premises to become disorderly.

3. [Sell] *sell,* barter, furnish or possess in such billiard room or place any habit forming drugs or any appliances for administering same.

4.] [Suffer] *suffer* or permit any minor under the age of [sixteen] *fourteen* years to enter or remain in such billiard or pocket billiard room or place unless

accompanied by his or her parent or guardian, or by [an adult] *another* person [authorized by his or her parent or guardian] *eighteen years of age or older.*

§6. Section 20-224 of the administrative code of the city of New York is amended by adding a new subdivision g to read as follows:

g. A license to maintain or operate a sidewalk cafe shall recite a description of the boundary of the area licensed as a sidewalk cafe and the total number of tables permissible under the license, but shall not specify the configuration of such tables.

§7. Section 20-244 of the administrative code of the city of New York is amended to read as follows:

Each applicant for such license shall be at least eighteen years of age.

b. [Each applicant shall submit recommendations from at least three residents of the city who have known such applicant for at least two years. No such resident shall recommend more than two applicants.

c. Each application shall be accompanied by a certificate from the department of health and mental hygiene certifying that the applicant is not suffering from any disease or infirmity which would render him or her unfit as a guide.]

[d.] Each such applicant shall be required to pass an examination. Such examination shall be under the supervision of the commissioner and shall test the knowledge of the applicant concerning places or points of historic or public interest in and about the city. Any person who can present satisfactory proof to the commissioner that he or she has been engaged as a sightseeing guide in the city for a period of at least two years prior to August second, nineteen hundred thirty-seven shall be exempt from such examination.

[e.]*c.* The commissioner shall investigate each applicant as to character and fitness before such license shall be issued.

§8. Subdivisions b and c of section 20-268 of the administrative code of the city of New York are amended, subdivision f is REPEALED and subdivisions g and h of such section are relettered as subdivisions f and g, respectively.

b. It shall be unlawful for any such dealer to purchase any second-hand goods, or things from any person whom he or she knows to be or has reason to believe is a minor [, apprentice, or servant].

c. It shall be unlawful for any person whose principal business is dealing in second-hand articles to purchase any second-hand goods or articles from any person between the hours of [six o'clock in the evening and seven o'clock in the morning] *12:00 A.M. and 6:00 A.M.*

§9. Section 20-283 of the administrative code of the city of New York is REPEALED.

§10. Subdivision f of section 20-296 of the administrative code of the city of New York is REPEALED, subdivision g is relettered as subdivision f and, as relettered, is amended to read as follows:

f. All coin-operated laundries shall be required to have on the premises an attendant from [6:00] *8:00* P.M. until [closing] *12:00 A.M., or in lieu of an attendant, have a video camera or other video recording device continuously recording the activity in every doorway authorized to be utilized by customers during such hours. A written placard or other notice that such camera or other video recording device has been installed and is in continuous operation shall be prominently displayed at every entrance of the premises that may be utilized by customers.*

§11. Section 20-368 of the administrative code of the city of New York is amended to read as follows:

§20-368 Rules and regulations. a. The commissioner is authorized to adopt such reasonable rules and regulations as he or she may deem necessary for the proper control, operation, and supervision of public dance halls, cabarets and catering establishments.

b. Upon request of a patron or guest of a public dance hall or cabaret establishment, such patron or guest shall be furnished with a clearly printed menu or other written list that itemizes the prices charged for food and drink sold before he or she is served, or, in the alternative, one or more signs reciting such itemized prices may be placed in conspicuous locations within the premises so as to be readily observable to all patrons and guests.

§12. Subdivision b of section 20-461 of the administrative code of the city of New York is amended to read as follows:

b. The general vendor's license shall contain [his or her] *the general vendor's* name, his or her license number and a non-removable photograph of the licensee. [It shall be worn conspicuously by him or her at all times while he or she is operating as a general vendor.]

§13. Subdivision g of section 20-465 of the administrative code of the city of New York is amended to read as follows:

g. (1) No general vendor shall vend on any street which is in a C4, C5, or C6 zoning district, or in the area bounded on the east by Second Avenue, on the south by Thirtieth Street, on the west by Ninth Avenue and Columbus Avenue and on the north by Sixty-fifth Street, except that as chairperson of the street vendor review panel established pursuant to section 20-465.1 of this subchapter, the commissioner of the department of small business services or his or her designee may receive applications from any person, group, organization or other entity to permit general vendors on any street within said area or said zones, or to prohibit general vendors on any other street. Such applications shall be considered by the street vendor review panel in accordance with the procedures enumerated in section 20-465.1 of this subchapter.

(2) No general vendor shall vend on any street which is in the area including and bounded on the east by the easterly side of Broadway, on the south by the southerly side of Liberty Street, on the west by the westerly side of West Street and on the north by the northerly side of Vesey Street.

(3). Within ninety days of the effective date of this paragraph, the commissioner shall prepare a color-coded map in sufficient detail to accurately identify the boundaries of those areas of the city where general vending is permitted and those areas where general vending is not permitted. Such map will be provided to each licensed general vendor free of charge.

§14. Section 24-332 of the administrative code of the city of New York is amended to read as follows:

§24-332 Use of water through hose. It shall be unlawful for any person *other than an owner, employee or agent of a business* to wash any street, sidewalk, areaway, steps, building or other place in the city *adjacent to such business* by means of *a* hose or piping, or to use water through *a* hose or sprinkler for watering lawns or gardens, or to operate any outside shower where the water runs upon a street, sidewalk, or other public place, unless and until a permit therefor shall have been obtained from the department [of environmental protection]. Such permit shall not be granted for the use of *a* hose, sprinkler or outside shower between the first day of November and the last day of March following.

§15. Section 24-423 of the administrative code of the city of New York is REPEALED.

§16. This local law shall take effect sixty days after it is enacted into law.

Referred to the Committee on Small Business.
