OFFICE OF PRESERVATION SERVICES CERTIFICATION OF NO HARASSMENT UNIT

REQUEST FOR COMMENT ON APPLICATION FOR CERTIFICATION OF NO HARASSMENT PURSUANT TO THE SPECIAL CLINTON DISTRICT PROVISIONS OF THE ZONING RESOLUTION

DATE OF NOTICE: August 7, 2006

TO: OCCUPANTS, FORMER OCCUPANTS AND OTHER INTERESTED PARTIES OF

Address	Application #	Inquiry Period
733 8th Avenue, Manhattan a/k/a 301 West 46th Street	94/06	July 7, 1991 to Present

Prior to the issuance of a permit by the Department of Buildings for the alteration or demolition of residential buildings in certain areas of the Special Clinton District, the Department of Housing Preservation and Development is required to certify that: 1) prior to evicting or otherwise terminating the occupancy of any tenant preparatory to alteration or demolition, the owner shall have notified HPD of the owner's intention to alter or demolish the building and 2) the eviction and relocation practices followed by the owner of the building satisfy all applicable legal requirements and that no harassment has occurred.

The owner of the building located at the above-referenced address seeks the issuance of an HPD Certification. The owner has represented and certified to HPD of the owner's intention to alter or demolish the building and that the eviction and relocation practices followed by the owner satisfy all applicable legal requirements and that no harassment has occurred. For your information HPD considers harassment to include, but not be limited to, the threatened or actual use of physical force, deprivation of essential services such as heat, water, gas or electric, or any other conduct intended to cause persons to vacate the premises or waive rights related to their occupancy.

HPD requests that if you have any comments or evidence of unlawful eviction and relocation practices or harassment

occurring at the above referenced premises that you notify the Housing Litigation Division, SRO Anti-Harassment Unit, 3rd Floor, 100 Gold Street, New York, NY 10038, by letter postmarked not later than 30 days from the date of this notice or by an in-person statement made within the same period. OFFICE OF MANAGEMENT AND BUDGET

■ NOTICE

OFFICE OF MANAGEMENT AND BUDGET NEW YORK CITY ECONOMIC DEVELOPMENT CORPORATION

SECTION 108 LOAN & ECONOMIC DEVELOPMENT INITIATIVE PROGRAMS

NOTICE OF FINDING OF NO SIGNIFICANT EFFECT ON THE ENVIRONMENT AND INTENT TO REQUEST RELEASE OF FUNDS

TO ALL INTERESTED AGENCIES, COMMUNITY BOARDS, GROUPS AND PERSONS:

Regulations promulgated under Title 1 of the Housing and Community Development Act of 1974 require that an Environmental Review Record (ERR) be prepared for activities to be funded under Title 1. The ERR must include a determination whether the proposed activity significantly affects the quality of the human environment. Accordingly, on August 30, 2006, the City of New York will submit to the U.S. Department of Housing and Urban Development (HUD) its Request for Release of Funds for the following project.

Foundation for Dance Promotion Inc., Cultural Facility Project

The Foundation for Dance Promotion Inc. (d/b/a the "Bill T. Jones/Arnie Zane Dance Company") proposes to create the Cultural Facility Project by acquiring and constructing an approximately 32,000 square foot, four-story condominium unit above a Grid Properties, Inc. retail development located at 261 W. 125th Street in Manhattan. The Cultural Facility Project will comprise a black box performance space, 4-5 high quality dance and theater rehearsal studios for the profit and not-for-profit arts and entertainment community and rental and administrative offices for the Bill T. Jones/Arnie Zane Dance Company, Inc. The Cultural Facility Project will serve as a cultural anchor to the redevelopment of the 125th Street corridor. The Cultural Facility Project will also create a permanent home for the Bill T. Jones/Arnie Zane Dance Company, Inc. by allowing it to expand its operations, and provide classes and services for adults and children in the Harlem community in its rehearsal studios.

The proposed Cultural Facility Project has a total development cost of approximately $35.3 million. The City has received a HUD Economic Development Initiative Grant of $2 million to complement the requested Section 108 Loan of $3 million to assist in financing the Cultural Facility Project. The proposed activities meet the Section 108 Loan Program's economic development eligibility requirements at 24 CFR Part 570.703(a) and (i)(1)(2) and the national objective requirement at 570.208(a)(1)(i). The City of New York is pledging its future Community Development Block Grant funds as a condition of receiving the Section 108 Loan Guarantee. Community Development funds are pledged as security to ensure repayment.

The City of New York has determined that the project will have no significant impact on the human environment. Therefore, an Environmental Impact Statement (EIS) under the National Environmental Policy Act of 1969 is not required. Additional project information is contained in the ERR on file at the New York City Economic Development Corporation, 110 William Street, New York, New York 10038, between 10:00 A.M. AND 5:00 P.M., Monday through Friday. Please call Marysa Wilcox at (212) 312-4216 to obtain a copy of the document. Any individual, group, or agency disagreeing with this determination or wishing to comment on the project may submit written comments to Ms. Wilcox at the afore-mentioned address. All comments received by August 29th will be considered by the City of New York prior to authorizing submission of a request for release of funds.

The City of New York will undertake the project described above with Section 108 Loan and Economic Development Initiative funds from HUD, under Title I. The City of New York is certifying to HUD that the City and Budget Director Mark Page, in his official capacity as the Certifying Officer for the Community Development Block Grant, Section 108 Loan and Economic Development Initiative Programs consent to accept the jurisdiction of the Federal Courts if an action is brought to enforce responsibilities in relation to the environmental review process and that these responsibilities have been satisfied. HUD's approval of the certification satisfies its responsibilities under NEPA and related laws and authorities, and allows the City of New York to use the Section 108 Loan and Economic Development Initiative funds.

HUD will accept objections to its release of funds and the City's certification for a period of fifteen days following the anticipated submission date or its actual receipt of the request (whichever is later) only if they are on one of the following bases: (a) the certification was not executed by the Certifying Officer for the City of New York for the referenced programs; (b) the City of New York has omitted a step or failed to make a decision or finding required by HUD regulations at 24 CFR part 58; (c) the grant recipient has committed funds or incurred costs not authorized by 24 CFR part 58 before approval of a release of funds by HUD; or (d) another Federal agency acting pursuant to 40 CFR part 1504 has submitted a written finding that the project is unsatisfactory from the standpoint of environmental quality. Objections must be prepared and submitted in accordance with the required procedures (24 CFR Part 58) and shall be addressed to the U.S. Department of Housing and Urban Development, Office of Community Planning and Development, 26 Federal Plaza, 35th Floor, New York, New York, 10278. Potential objectors should contact HUD to verify the actual last day of the objection period (anticipated to be September 14, 2006).

City of New York: Office of Management and Budget
Mark Page, Budget Director. Date: August 14, 2006.

READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council,** 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists--free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

PROCUREMENT POLICY BOARD RULES

The Rules may also be accessed on the City Website, http://NYC.GOV.Selltonyc

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

Article XI – Special Purpose Districts

Chapter 6
Special Stapleton Waterfront District

116-00
GENERAL PURPOSES

The "Special Stapleton Waterfront District" established in this Resolution is designed to promote and protect public health, safety and general welfare. These general goals include among others, the following specific purposes:

(a) encourage design of new development that is in character with the neighborhood and surrounding community;

(b) maintain and reestablish physical and visual public access to and along the waterfront;

(c) strengthen the traditional town center of Stapleton by allowing the development of new residential and commercial uses;

(d) encourage the creation of a lively and attractive environment that will provide daily amenities and services for the use and enjoyment of the working population and the new residents;

(e) take maximum advantage of the beauty of the New York Harbor waterfront, thereby best serving the business community, the residential population and providing regional recreation; and

(f) promote the most desirable use of land and thus conserve and enhance the value of land and buildings, and thereby protect City tax revenues.

116-01
Definitions

For the purposes of this Chapter, matter in italics is defined in Section 12-10 (DEFINITIONS) or in this Section.

Esplanade

The "Esplanade" is a park extending along all waterfront edges of the #Special Stapleton Waterfront District#. The #Esplanade# is shown in the District Plan, Map 1 (Special Stapleton Waterfront District, Subareas and Public Spaces), in the Appendix to this Chapter.

Mandatory front building wall

A "mandatory front building wall" is the front wall of a building that generally coincides with a #mandatory front building wall line#, as provided in Section 116-232 (Street Wall Location).

Mandatory front building wall line

"Mandatory front building wall lines" are imaginary lines extending through Subarea B of the #Special Stapleton Waterfront District# which are shown on Map 3 (Mandatory Front Building Wall Lines) in the Appendix to this Chapter, and with which building walls must generally coincide, as provided in Section 116-232 (Street Wall Location).

Pier Place and the Cove

"Pier Place" and the "Cove" are designated open spaces accessible to the public, located within the #Special Stapleton Waterfront District" as shown in the District Plan, Map 1 in the Appendix to this Chapter.

Upland connection

An "upland connection" is a pedestrian way which provides a public access route from the #Esplanade# to a public sidewalk within a public #street#. Required #upland connections# are shown in the District Plan, Map 5 (Upland Connections and Visual Corridors) in the Appendix to this Chapter.

Visual corridor

A "visual corridor" is a public #street# or tract of land within a #block# that provides a direct and unobstructed view to the water from a vantage point within a public #street#. Required #visual corridors# are shown in the District Plan, Map 5 in the Appendix to this Chapter.

116-02
General Provisions

In harmony with the general purposes and content of this Resolution and the general purposes of the #Special Stapleton Waterfront District#, the provisions of this Chapter shall apply to all #developments#, #enlargements# and changes of #use# within the #Special Stapleton Waterfront District#. The regulations of all other Chapters of this Resolution are applicable except as modified, supplemented or superseded by the provisions of this Chapter. In the event of a conflict between the provisions of this Chapter and other regulations of this Resolution, the provisions of this Chapter shall control.

Within the #Special Stapleton Waterfront District#, the regulations of the underlying C4-2A District shall apply, as modified in this Chapter.

116-03
District Plan and Maps

The District Plan for the #Special Stapleton Waterfront District# identifies specific areas comprising the Special District in which special zoning regulations are established in order to carry out the general purposes of the #Special Stapleton Waterfront District#. These areas shall include the #Esplanade#, Subareas A, B1, B2, B3, B4, B5, C, and two designated public open spaces: the #Cove# and the #Pier Place#.

The District Plan includes the following maps in the Appendix to this Chapter.

Map 1 - Special Stapleton Waterfront District, Subareas and Public Spaces
Map 2 - Ground Floor Use and Frontage Requirements
Map 3 - Mandatory Front Building Wall Lines
Map 4 - Restricted Curb Cut and Off-Street Loading Locations
Map 5 - Upland Connections and Visual Corridors

The maps are hereby incorporated and made part of this Resolution for the purpose of specifying locations where the special regulations and requirements set forth in the text of this Chapter shall apply.

116-04
Subareas

In order to carry out the purposes and provisions of this Chapter, the following subareas are established within the #Special Stapleton Waterfront District#: Subarea A, Subarea B, comprised of Subareas B1, B2, B3, B4 and B5, Subarea C, #Esplanade#, #Pier Place# and the #Cove#. In each of these subareas, special regulations apply that may not apply in other subareas.

116-05
Applicability

The provisions of Article VI, Chapter 2 (Special Regulations Applying in the Waterfront Area) shall not apply in the #Special Stapleton Waterfront District#, except where specifically stated otherwise in this Chapter.

#Lower density growth management area# regulations shall not apply in the #Special Stapleton Waterfront District#.

116-10
SPECIAL USE REGULATIONS

Within the #Special Stapleton Waterfront District#, the following special #use# regulations shall apply. The #use# regulations of the underlying C4-2A District shall be modified by the following Sections 116-101 through 116-13:

116-101
Use Groups 12 and 14

The #uses# listed in Section 32-21 (Use Group 12) shall not be permitted in Subarea C.

The #uses# listed in Section 32-23 (Use Group 14) shall be permitted in the #Special Stapleton Waterfront District#; however, boat storage, repair or painting shall be allowed without restriction relating to boat length.

116-102
Special permit uses

#Physical culture or health establishments# shall be permitted in Subarea B2. The special permit provisions of Section 73-36 shall not apply.

116-103
Supplementary use regulations

The provisions of Section 32-41 (Enclosure within Buildings) shall be modified as follows: In Subarea B3, a Farmers Market may be unenclosed.

The provisions of Section 32-423 (Limitation on ground floor location) shall be modified as follows: In Subareas B1 and B2, the #uses# listed in Section 32-18 (Use Group 9) may be located on the ground floor and within 50 feet of any #street wall# of the #building# and with #show windows# facing on the #street#.

116-11
Special Sign Regulations

The #sign# regulations of the underlying C4-2 District in Section 32-60 (Sign Regulations) shall be modified as follows: #flashing signs# shall not be permitted in the #Special Stapleton Waterfront District#.

116-12
Mandatory Ground Floor Use and Frontage Requirements

The provisions of Section 32-433 (Ground floor use in C1, C2 and C4 Districts in the Borough of Staten Island) shall not apply in the #Special Stapleton Waterfront District#. However, on designated #streets# and #mandatory front building wall lines# in Subareas B3 and C, as shown on Map 2 in the Appendix to this Chapter, the special ground floor #use# and frontage regulations of this Section shall apply to any #development# or #enlargement#.

#Uses# located on the ground floor level, or within two feet of the as-built level of the adjoining sidewalk, shall be limited to the non-#residential uses# permitted by the underlying district regulations, as modified by the special #use# provisions of this Chapter. A building's ground floor frontage shall be allocated exclusively to such #uses#, and shall have a depth of at least 30 feet from the #street wall# of the #building# and extend along the entire width of the #building#, except for lobbies or entrances to #accessory# parking spaces.

In no event shall lobbies and entrances to #accessory# parking spaces occupy more than 50 percent of the building's total frontage along such #street# or #mandatory front building wall line#, or 35 feet, whichever is less. However, the total length of such frontage occupied by such lobbies and entrances need not be less than 25 feet.

116-13
Transparency Requirements

Within the #Special Stapleton Waterfront District#, the transparency requirements of this Section shall apply to any #development# or an #enlargement# where the #enlarged# portion of the ground floor of the #building# is within eight feet of the #street line# and where non-#residential uses# are located on the ground floor level or within two feet of the as-built level of the adjoining sidewalk.

At least 50 percent of a building's front building wall surface shall be glazed and transparent at the ground floor level. For the purpose of the glazing requirements, the building's #street wall# surface at the ground floor level shall be measured from the floor to the height of the ceiling or 14 feet above grade, whichever is less. The lowest point of any transparency that is provided to satisfy the requirements of this Section shall not be higher than four feet above the as-built level of the adjoining sidewalk.

116-20
SPECIAL BULK REGULATIONS

The special #bulk# regulations of this Section shall apply within the #Special Stapleton Waterfront District#.

116-21
Residential Bulk Regulations in C4-2A Districts

The provisions of Sections 34-112 and 35-23 (Residential Bulk Regulations in other C1 or C2 Districts or in C3, C4, C5 or C6 Districts) are modified as follows:

The applicable #bulk# regulations for #residential uses# in

C4-2A Districts shall be those for R6B districts.

116-22
Maximum Floor Area Ratio

The maximum #floor area ratio# for all #uses# shall be 2.0.

116-221
Special floor area regulations for mixed buildings

For #buildings# containing #residences#, the area in such #buildings# occupied by non-#residential uses# on the ground floor, or within two feet of the as-built level of the adjoining sidewalk, shall be excluded from the definition of #floor area# in Section 12-10.

116-23
Special Height and Setback Regulations

The special height and setback regulations set forth in this Section shall apply.

116-231
Special rooftop regulations

The provisions of Section 33-42 (Permitted Obstructions) shall apply to all #buildings or other structures# in the #Special Stapleton Waterfront District#, except the provisions of paragraph(c) of Section 33-42 shall not apply. In lieu thereof, the following regulations shall apply:

Elevator or stair bulkheads, roof water tanks, cooling towers or other mechanical equipment (including enclosures) may exceed a maximum height limit provided that either:

(a) the product, in square feet, of the #aggregate width of street walls# of such obstructions facing each #street# frontage, times their average height, in feet, shall not exceed a figure equal to eight times the width, in feet, of the #street wall# of the #building# facing such frontage; or,

(b) the #lot coverage# of all such obstructions does not exceed 20 percent of the #lot coverage# of the #building#, and the height of all such obstructions does not exceed 20 feet.

In addition, dormers may penetrate a maximum base height in accordance with the provisions of paragraph (c) of Section 23-621 (Permitted obstructions in certain districts).

116-232
Street wall location

In Subarea A, the underlying #street wall# location regulations shall apply.

In Subareas B and C, the underlying #street wall# location regulations of a C4-2A District, or an R6B District as applicable, shall be modified as set forth in this Section. Map 3 (Mandatory Front Building Wall Lines) in the Appendix to this Chapter, specifies locations in Subareas B and C where #mandatory front building wall# requirements apply as follows:

(a) Type 1: Front building walls shall be coincident with and extend along the entire length of the #mandatory front building wall line#, except to allow articulation at the intersection of two such lines, the front building wall may be located anywhere within 15 feet of their point of intersection.

(b) Type 2: Front building walls shall be located within eight feet of and extend along at least 70 percent of the length of the #mandatory front building wall line#. For phased #development#, this requirement may be satisfied by more than one # building#, provided that upon completion 70 percent of the length of the #mandatory front building wall line# is occupied by such front building walls.

(c) Wherever Map 3 does not indicate a #mandatory front building wall line#, the underlying #street wall# location rules shall apply.

If more than one #building# is developed in Subareas B1, B2, B3 or B4, the first #building# shall be located along a Type 1 #mandatory front building wall line#. Subsequent buildings shall locate along a Type 2 #mandatory front building wall line# until 70 percent of the length of the #mandatory front building wall line# is occupied.

All #mandatory front building walls# shall rise without setback to a maximum height of 40 feet or the height of the #building#, whichever is less. A #building# may exceed a height of 40 feet, up to the maximum building height specified in Section 116-233 if a setback is provided at a minimum height of 35 feet. Such setback shall have a minimum depth of 10 feet and shall be measured from the front building wall. Recesses shall be permitted on the ground floor where required to provide access to the #building#. Above the ground floor, up to 30 percent of the aggregate width of the front building wall may be recessed. However, in Subarea B2, the #mandatory front building wall# may rise without setback to the permitted maximum height of the #building#.

116-233
Maximum building height

Within the #Special Stapleton Waterfront District#, the maximum height of a #building or other structure# shall not exceed 50 feet, except in Subarea B2 where the maximum height of a #building or other structure# shall not exceed 60 feet.

116-30
SPECIAL ACCESSORY OFF-STREET PARKING AND LOADING REGULATIONS

Within the #Special Stapleton Waterfront District#, the parking and loading regulations of the underlying C4-2A District shall apply, except as modified in this Section.

116-31
Modification of Required Accessory Off-Street Parking Spaces Regulations for Certain Commercial Uses

The following #uses# listed in Section 32-23 (Use Group 14) shall be subject to the parking requirements applicable to a C4-2 District pursuant to Section 62-53 (Parking Requirements for Commercial Docking Facilities):

Boat rentals, open or enclosed [PRC–H]

Docks for ferries, other than #gambling vessels#, limited to an aggregate operational passenger load, per #zoning lot#, of 150 passengers per half hour [PRC-H]

Docks for sightseeing, excursion or sport fishing vessels, other than #gambling vessels#

Docks or mooring facilities for non-commercial pleasure boats [PR-H]

116-32
Modification of Waiver of Requirements

The provisions of Section 36-362(For new development or enlargements in other C1 or C2 Districts or in C4, C5 or C6 Districts) shall not apply.

All other waivers of parking requirements shall only apply to #zoning lots# existing both on (the effective date of amendment) and on the date of application for a building permit.

116-33
Modification of Location of Parking Spaces

For all #zoning lots# with frontage on Front Street, no #accessory# off-street parking spaces shall be located in any open area that is between the #street wall# of the #building# and the Front Street #street line#; except that such spaces may be located between the #street wall# of the #building# and the Front Street #street line# in Subarea B5.

116-34
Location and Width of Curb Cuts

Curb cuts are prohibited in the locations shown on Map 4 (Restricted Curb Cut and Off-Street Loading Locations), in the Appendix to this Chapter.

In Subarea C, for #zoning lots# with access only to Front Street, only one curb cut shall be permitted along Front Street.

Within the #Special Stapleton Waterfront District#, the maximum width of curb cuts shall not exceed 25 feet, including splays.

116-35
Screening and Tree Planting Requirements for Parking Facilities

The provisions of this Section shall apply to any new or #enlarged# open off-street parking facility with ten spaces or more.

(a) Screening

Such off-street parking facilities shall be screened in accordance with the provisions of this Section from all adjoining #zoning lots#, including such #zoning lots# situated across a #street#, and from any designated open space accessible to the public situated on the same #zoning lot#, including the #Esplanade#.

Such screening shall consist of a strip at least four feet wide, densely planted with evergreen shrubs at least four feet high at the time of planting and which are of a type which may be expected to form a year–round dense screen at least six feet high within three years.

#Accessory# parking spaces that front upon a #street# shall be screened by a strip at least four feet wide and densely planted with evergreen shrubs to be maintained at all times at a height not less than two and one-half feet and not more than four feet.

In addition, a wall or barrier or uniformly-painted fence of fire-resistant material at least four feet high but not more than eight feet above finished grade may be provided. Such wall, barrier, or fence must be 100 percent opaque up to a height of four feet above the finished grade of the parking facility and not more than 35 percent opaque above four feet. No chain link fences shall be permitted. All permitted fences shall be located behind landscaped areas when viewed from the street.

Such screening shall be maintained in good condition at all times, may be interrupted by normal entrances or exits, and shall have no signs hung or attached thereto other than those permitted in Sections 32-60 (Sign Regulations) inclusive, or 62-674 (Signage).

(b) Tree planting requirements

Trees, pre-existing or newly-planted, shall be provided at the rate of one tree for every eight open parking spaces within the off-street parking facility and may be located on the perimeter of the parking facility or in planting islands within the parking area. For parking facilities with more than 25 open parking spaces, at least 30 percent of trees provided to meet this requirement shall be located in planting islands within the parking area. Trees shall be planted in accordance with the requirements of the Department of Parks and Recreation.

116-40
UPLAND CONNECTIONS AND VISUAL CORRIDORS

116-41
Upland Connections

In the locations shown on Map 5 (Upland Connections and Visual Corridors) in the Appendix to this Chapter, #upland connections# shall be provided. An #upland connection# traversing a #zoning lot# shall consist of a single pedestrian circulation zone bordered continuously along both sides by buffer zones.

(a) Required Dimensions

The minimum width of the #upland connection# shall be 30 feet, within which the pedestrian circulation zone shall have a minimum width of 16 feet and each buffer zone shall have a minimum width of seven feet. When an #upland connection# or a portion thereof is located within a private drive, no buffer zone is required.

(b) Buffer zone

The provisions of paragraph(b)(2)of Section 62-62 (General Requirements for Public Access Areas) shall apply.

(c) Permitted Obstructions

The provisions of Section 62-626 (Permitted obstructions) shall apply to #upland connections# within the #Special Stapleton Waterfront District#. Certain permitted obstructions listed in sub-paragraph (a)(2)(iii)of Section 62-626, are further subject to the tree and planting requirements of Section 62-675. WD (Water-dependent)uses referenced in paragraph (c) of Section 62-626 shall be as listed in Section 62-211.

116-42
Visual Corridors

#Visual corridors# shall be provided for #developments# in the locations shown on Map 5 in the Appendix to this Chapter. Such #visual corridors# shall be subject to the requirements of Section 116-522 (Design requirements for visual corridors).

116-50
Special Urban Design Requirements

The special urban design requirements of this Section, inclusive, shall apply to all #developments# and #enlargements# within the #Special Stapleton Waterfront District#:

116-51
#Street# trees

#Street# trees, pre-existing or newly-planted, shall be provided along the entire length of the #street# frontage of the #zoning lot#. The trees shall be located between the #front lot line# and the curb line and shall be provided at the rate of one tree for each 25 feet of frontage. Trees shall be planted in accordance with the requirements of the Department of Parks and Recreation.

116-52
Design Requirements for Upland Connections and Visual Corridors

116-521
Design requirements for upland connections

(a) Circulation and access

(1) Where an #upland connection# is located within a private drive, a circulation path with a minimum clear width of six feet shall be provided in each pedestrian circulation zone. The remaining area shall be planted pursuant to the provisions of paragraph (c) of this Section.

(2) All other #upland connections# through #zoning lots# shall have a circulation path with a minimum clear width equal to the minimum required width of the pedestrian circulation zone.

(b) Seating

For #upland connections# 100 feet in length or greater, a minimum of 24 linear feet of seating shall be provided.

(c) Planting

Where an #upland connection# is located within a private drive, a single row of shade trees shall be planted adjoining a required circulation path in accordance with the standards of Section 62-675 (Planting and trees). Within all #upland connections#, any unpaved area shall be planting area.

116-522
Design requirements for visual corridors

The requirements of this Section shall apply to all #visual corridors#. When a #visual corridor# coincides with an #upland connection#, the provisions of Section 116-521 (Design requirements for upland connections) shall also apply.

No #building or other structure# shall be erected within the width of a #visual corridor#, except as provided in this Section. #Visual corridors# shall be the width of the #street# but shall not be less than 50 feet wide.

Permitted obstructions within #visual corridors# shall be limited to:

(a) boats, ships or other vessels, and #floating structures# permitted as-of-right by paragraph (a)of Section 62-25 (Uses on Floating Structures);

(b) any moving or parked vehicles or street furniture, including but not limited to, benches, seats, kiosks, carts and open display booths, lighting fixtures, flagpoles, trash receptacles, drinking fountains and public telephones;

(c) guardrails and fences provided they comply with the design standards of Section 62-671 (Guardrails, gates and other protective barriers), except that fences may be eight feet high;

(d) sculpture;

(e) planting areas, provided that no shade trees are

planted within a 15 foot wide area along both sides of the center line of the #visual corridor#; and

(f) those obstructions permitted in #rear yards# as listed in Section 23-44 (Permitted Obstructions in Required Yards or Rear Yard Equivalents), except walls exceeding four feet in height shall not be permitted.

116-53
Waterfront public access signage

The New York City Waterfront Symbol Plaque shall be used to direct the public to waterfront public access areas including the #Esplanade# and #upland connections# and to identify the entry points of these areas. Such signage shall be provided in accordance with requirements of Section 62-674 (Signage).

116-54
Refuse Storage Areas

Refuse shall be stored within a completely enclosed #building#.

ARCHITECTURAL/ENGINEERING REQUIREMENTS CONTRACTS – Competitive Sealed Proposals – Judgment required in evaluating proposals - PIN# 04207DDCM002 – DUE 09-06-06 AT 3:00 P.M. – The City University of New York (CUNY) is New York City's public university system, CUNY, was created in 1847, and is the third largest university system in the nation; it is comprised of eleven senior colleges, six community colleges, a graduate school, a law school, a school of biomedical education, a graduate school of journalism and a central office ("Colleges"). Historically, the Department of Design, Construction and Management ("DDCM") issued RFP's to solicit proposals for Architectural/Engineering services on an individual project basis. This "by project" solicitation process is burdensome, inefficient, expensive to adminsiter, and does not allow DDCM to expeditiously meet the needs of the University. This is crucial for the University's older colleges, where the ability to act quickly can mitigate further damages to the College infrastructure. To address this need, DDCM is seeking to award up to twenty-four (24) separate requirements contracts to provide Architectural/Engineering services on an expedited "As needed" term basis for small, medium and large projects with a cap of $5 million dollar. Requirements: Interested, proposing entities should submit seven (7) copies of their firm brochure, a list of client names and telephone numbers, their latest SF254 and 255 forms of SF330 form, a copy of their EEO Policy Statements, their latest audited financial statement, a document which lists and describes in detail work/contracts of similar nature, with a list of the proposed project team. Proposing entities shall: demonstrate their ability to perform requested services based on prior related experience in the design and programming specialties for higher education facilities in similar urban environments, and shall submit examples of comparable, satisfactorily completed projects. Proposing entities shall be licensed to practice in the State of New York. Selection of proposing entities shall be made in accordance with CUNY policies and solicitation procedures. Minority Sub-Contracting Goals: 20%. Women-Owned Sub-Contracting Goals: 10%.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/ blueprints; other information; and for opening and reading of bids at date and time specified above.

■ **NOTICE**

NOTICE OF ADOPTION OF RULES GOVERNING RECREATIONAL USE OF WATER SUPPLY LANDS AND WATERS

NOTICE IS HEREBY GIVEN PURSUANT TO THE AUTHORITY GRANTED TO THE New York City Department of Environmental Protection as set forth in Section 24-315 of Title 24, Chapter 3 of the New York City Administrative Code and in accordance with Section 1043(a) of the New York City Charter and after duly advertised public hearings held on September 1, 2004, September 2, 2004, September 8, 2004, September 14, 2004 and September 23, 2004 that the Department of Environmental Protection has repealed the provisions of Chapter 16 of Title 15 of the Rules of the City of New York ("RCNY"), the Rules relating to Fishing and Boating on New York City Water Supply Lands and Waters, and has re-enacted and adopted Chapter 16 of 15 RCNY as the Rules For the Recreational Use of Water Supply Lands and Waters.

STATEMENT OF BASIS AND PURPOSE

The City of New York, by and through its Department of Environmental Protection, is the owner of certain parcels of real property located in the drainage basins of the Catskill, Delaware and Croton Systems, the source waters for the New York City drinking supply. As a private landowner, the City is authorized to limit or condition the use of its property, and in accordance with the statutory provisions cited above, is authorized to issue permits for and adopt rules and regulations regarding recreational uses thereof.

The purpose of the rules is to repeal 15 RCNY Chapter 16 and replace it with comprehensive rules concerning all permissible recreational uses of New York City water supply lands and waters. One specific purpose of the rules is to consolidate interim permit conditions for hunting and hiking with the former Fishing and Boating rules to establish one statutory chapter for all recreational rules. A second specific purpose of the rules is to establish the requirement that all persons accessing New York City water supply lands and waters apply for, receive, maintain and carry a New York City Department of Environmental Protection Access Permit. The Access Permit will benefit the integrity of the water supply. Additionally, the rules establish increased fees for the City to remove boats found on water supply lands and waters and shorten the time period within which the City may dispose of such removed boats.

The rules are derived from an assessment of recreational uses currently allowed on certain City-owned watershed lands, and do not (and are not intended to) create any obligation or liability on the part of the City to supervise or ensure the safety of individuals accessing its lands for recreational use. The City does not assume any liability for the recreational use by the public of its land beyond that provided in General Obligations Law Section 9-103.

Chapter 16 of Title 15 of the Rules of the City of New York is repealed and reenacted to read as follows. The new language is indicated by underlining.

NYCDEP

Rules for the Recreational Use of

Water Supply Lands and Waters

§16-01 ***Scope and Purpose.***

The following rules shall apply to all recreational use of the New York City lands, lakes and reservoirs owned for Water Supply purposes in the counties of Delaware, Dutchess, Greene, Orange, Putnam, Schoharie, Sullivan, Ulster, and Westchester. These rules are in furtherance of the City's goal of safeguarding an adequate supply of high quality drinking water while allowing compatible recreational use and enjoyment. Additional information about recreational use opportunities is available from NYCDEP offices and on the NYCDEP Internet website at www.nyc.gov/watershedrecreation.

§16-02 ***Definitions.***

All terms shall have the same meaning as in the New York State Environmental Conservation Law ("ECL") unless defined differently as follows:

(a) **Access Permit.** "Access Permit" means an instrument of registration and permission to access certain City Property for recreational use as further described in Section 16-03 herein.

(b) **Boat Storage Area.** "Boat Storage Area" means a location on land designated by NYCDEP for boats to be stored when not on the water.

(c) **Boat Tag.** "Boat Tag" means an instrument of permission granted for the purpose of allowing Access Permit holders to store a boat on City Property while accessing the area for recreational use, as further described in Section 16-05 herein.

(d) **City.** "City" means the City of New York.

(e) **City Property.** "City Property" means all real property owned by the City in the counties of Delaware, Dutchess, Greene, Orange, Putnam, Schoharie, Sullivan, Ulster, and Westchester.

(f) **Fishing.** "Fishing" means taking fish by angling as defined in New York State Environmental Conservation Law Section 11-0103 and shall include the use of tip-ups for ice fishing and the taking of carp by bow and arrow.

(g) **Fishing Area.** "Fishing Area" means a location designated by NYCDEP as available for Fishing to holders of valid Access Permits.

(h) **Group Access Permit.** "Group Access Permit" means an instrument of registration and permission for groups to temporarily access certain City Property for recreational use without each member having to obtain an individual Access Permit, as further described in Section 16-12 herein.

(i) **Group.** "Group" means any congregation of individuals in excess of twelve people and shall not consist of more than thirty individuals.

(j) **Group Leader.** "Group Leader" means the person who applies for the Group Access Permit and who agrees to accept responsibility for the conduct, activities, and safety of all Group Members.

(k) **Group Member.** "Group Member" means an individual listed on the Group Access Permit application for whom completed liability waivers have been received and accepted by NYCDEP, and who will accompany the Group Leader on the permitted Group activity.

(l) **Guest.** "Guest" means a person accompanying a valid Access Permit holder aged 18 or older onto City Property.

(m) **Guest Pass.** "Guest Pass" means an instrument of registration and permission for Guests of valid Access Permit holders to temporarily access certain City Property for recreational use as further described in Section 16-10 herein.

(n) **Hiking.** "Hiking" means foot travel including hiking, walking, running, cross-country skiing, snowshoeing, bird watching, nature observation and photography.

(o) **Hiking Area.** "Hiking Area" means a location designated by NYCDEP as available for Hiking to holders of valid Access Permits.

(p) **Hunting.** "Hunting" means pursuing, shooting, killing or capturing (other than by trapping) game species specified herein or on a participant's Hunt Tag.

(q) **Hunting Area.** "Hunting Area" means a location designated by NYCDEP as available for Hunting to holders of valid Hunt Tags.

(r) **Hunt Tag.** "Hunt Tag" means an instrument of permission granted for the purpose of allowing Access Permit holders to Hunt at Hunting Areas, as further described in Section 16-07 herein.

(s) **NYCDEP.** "NYCDEP" means the New York City Department of Environmental Protection, an executive agency of the City.

(t) **NYSDEC.** "NYSDEC" means the New York State Department of Environmental Conservation, an executive agency of the State of New York.

(u) **Public Area.** "Public Area" means a location designated by NYCDEP as available for certain recreational uses but not requiring Access Permits.

(v) **Public Map.** "Public Map" means a map produced by NYCDEP to convey information to Access Permit holders and the public.

(w) **Vehicle Tag.** "Vehicle Tag" means an instrument of permission granted in support of an Access Permit for the purpose of allowing visitors to park a vehicle on City Property while accessing City Property for recreational use, as further described in Section 16-11 herein.

(x) **Water Supply.** "Water Supply" means the New York City public water supply system, and includes all watercourses, wetlands, reservoirs, reservoir stems and controlled lakes tributary thereto.

(y) **Watercourse.** "Watercourse" means a visible path through which surface water travels on a regular basis, including an intermittent stream, which is tributary to the Water Supply.

(z) **Watershed.** "Watershed" or "New York City Watershed" means the land area contributing surface water to the New York City water supply.

(aa) **Watershed Rules.** "Watershed Rules" means the Rules and Regulations for the Protection from Contamination, Degradation and Pollution of the New York City Water Supply and Its Sources, 18 Rules of the City of New York, Sections 18-11, et seq.

§16-03 ***Access Permit.***

All persons 16 years of age and older must complete an application for and receive, maintain and carry a valid Access Permit in order to access Hiking Areas, Fishing Areas and Hunting Areas for recreational purposes as defined in these regulations. Entry onto City Property, other than Public Areas, without a valid Access Permit, Guest Pass, or without appropriate accompaniment as described herein is prohibited and shall be considered a trespass.

(a) **Application.** The Access Permit application shall be available for download or completion on the NYCDEP Internet website at www.nyc.gov/watershedrecreation and for pick-up at NYCDEP facilities in New York City and at NYCDEP Land Management offices throughout the Watershed and at such other locations as indicated on the NYCDEP website. No application fee is required.

(b) **Required Information.** An Access Permit application shall request the following required information:

1. Applicant name, mailing address, phone number, electronic mail address and date of birth;
2. Applicant gender, height, eye color and hair color;
3. Applicant driver's license number and state of issuance, or non-driver's identification number and state of issuance;
4. Acknowledgement of risks and waiver of liability;
5. Applicant signature and date of signature.
6. Parent or legal guardian signature and date of signature if applicant is under 18.

Information provided shall be maintained by NYCDEP for agency purposes only.

(c) **Eligibility.** Individuals aged 14 years or older who do not have an outstanding Access Permit suspension, revocation, or a restriction on their ability to apply for public access privileges from NYCDEP; do not have a valid current Access Permit; and are not otherwise restricted for security or public safety reasons from applying by NYCDEP are eligible to receive an Access Permit. Individuals under the age of 18 must have the written consent of their parent or legal guardian indicated on their Access Permit application.

(d) **Minors.** Persons between the ages of 14 and 18 are eligible to receive Access Permits with parental or legal guardian consent and may participate in recreational opportunities unaccompanied in accordance with these rules. Persons under 16 years of age may access City Property for recreational purposes without an Access Permit, but must be accompanied by a valid Access Permit holder aged 18 or older. A valid Access Permit holder aged 18 or older may accompany up to five (5) persons under the age of 16 who do not have Access Permits, but he or she is responsible for their conduct and safety and shall be liable for any of their violations of these rules.

(e) **Mail Submission.** Completed Access Permit applications may be submitted by regular mail to the address on the form.

(f) **Internet Submission.** The NYCDEP Access Permit application may be completed and submitted, and Access Permits issued through the NYCDEP Internet website.

(g) **Refusal.** Rejected applications shall be returned to the applicant, accompanied by a letter identifying the reason(s) for refusal, generally within two weeks of application receipt or by electronic means through the Internet. Within ten days of receipt of the communication, the applicant may provide NYCDEP with an appeal of NYCDEP's refusal to issue an Access Permit that shall include any relevant information pertaining to the basis for the refusal. Upon examination of the circumstances and generally within two weeks of receipt, NYCDEP will either uphold the refusal or revise its prior decision and issue an Access Permit upon such terms and conditions as may be appropriate. The applicant will be notified of NYCDEP's determination in writing. Grounds for refusal of an Access Permit include the following:

1. Incomplete or illegible application;
2. Failure to meet application eligibility requirements;
3. Submission of false information;
4. Current, valid Access Permit status.

(h) **Mail Processing.** Accepted applications submitted by regular mail shall include the following steps:

1. An Access Permit issuance letter and Access Permit shall be generated and mailed with the corresponding Vehicle Tag directly to the address on file for the permittee.
2. Processing time shall generally be within two weeks of application receipt, except in unusual circumstances.
3. Mailings may be accompanied by other official NYCDEP communications, e.g. the *Watershed Recreation* newsletter, notices, and other recreational use materials.

(i) **Internet Processing.** Accepted applications submitted through the interactive NYCDEP Internet website shall include the following:

1. An Access Permit issuance letter, Access Permit and corresponding Vehicle Tag which may be printed directly from the Internet.
2. Processing time shall generally be immediate, although limitations of equipment and services not maintained by NYCDEP or its representatives may cause delays or prevent printing.

(j) **Returned Mailings.** Mailings returned to NYCDEP as undeliverable by the United States Postal Service (USPS) shall be handled as follows:

1. If a forwarding address is provided by USPS, the contact information shall be updated accordingly in NYCDEP files and the returned mailing re-mailed to the new address on file;
2. If no forwarding address is provided, the address will be checked for accuracy and corrected and re-mailed if necessary; updated via telephone or electronic-mail, and re-mailed if necessary; and/or status marked "invalid" in NYCDEP files and excluded from all further access permit mailings, the returned mail filed, and contact attempts documented.

(k) **Term.** An Access Permit is valid for the period of five (5) years, or the period indicated thereon, expiring on the permit holder's day and month of birth, unless revoked, suspended or altered by NYCDEP.

(l) **Renewal.** An Access Permit renewal application shall be sent via electronic or regular mail to the address on file for each valid Access Permit holder generally two months prior to the Access Permit expiration date. Content of an Access Permit renewal application shall include confirmation of the permit holder's information on file, as well as user survey questions, if any. Access Permit renewal processing shall be as provided for initial application, except that Vehicle Tags do not expire, and therefore will not be renewed.

(m) **Replacement.** Lost or destroyed Access Permits may be replaced upon the permit holder's written request to NYCDEP by U.S. or electronic mail. Electronically requested replacements may be printed immediately. Replacements requested by U.S. mail will generally be issued within two weeks.

(n) **Notifications.** Notices to Access Permit holders shall be sent to the address on record with NYCDEP. It is the Access Permit holder's responsibility to inform NYCDEP of any changes to the address and information submitted on a permit application or renewal form.

(o) **Updating Registration Information.** Access Permit holders shall notify NYCDEP in writing, via electronic-mail or regular mail, of any changes to their contact information on file with NYCDEP. Failure to do so may result in the Access Permit holder not receiving important communications, such as boat removal or area closure notices. Access Permit holders may use the Access Permits update form to submit such changes. This form shall be available for download or completion on the NYCDEP Internet website at www.nyc.gov/watershedrecreation and for pick-up at NYCDEP facilities in New York City and at NYCDEP Land Management offices throughout the Watershed and at such other locations as indicated on the NYCDEP Internet website.

(p) **Transferability.** An Access Permit is not transferable and may be used only by the person to whom it has been issued.

§16-04 ***Fishing and Fishing Areas.***

(a) **Access.** Access to Fishing Areas on City Property for purposes of Fishing shall be by Access Permit. No additional NYCDEP permits or tags are required. Individuals engaged in Fishing shall also posses a valid New York State fishing license, when required by State law.

(b) **Designation.** Fishing Areas shall be designated by NYCDEP in publications and notices, on the NYCDEP Internet website, on Public Maps available to Access Permit holders, and by sign postings.

(c) **Shoreline Fishing.** Shoreline Fishing is allowed at Fishing and Hiking Areas.

(d) **Ice Fishing.** Ice Fishing is allowed only on the Amawalk, Bog Brook, Boyds Corner, Cross River, Diverting, East Branch, Muscoot, Titicus, West Branch, Croton Falls and Middle Branch Reservoirs, on Lake Gilead and Lake Gleneida and on ponds located in Hiking Areas. All other reservoirs are off-limits to ice fishing due to safety considerations.

(e) **Season.** Access to Fishing Areas is year-round during New York State fishing seasons, except as otherwise restricted by these regulations or by NYCDEP postings or notices.

(f) **Means.** Angling is the only permissible means of Fishing on City Property. Tip-ups may be used for ice fishing, and bow and arrow may be used for carp fishing. Anglers shall be in immediate attendance of their lines.

(g) **Bait and Bait Disposal.** Live aquatic bait may be used for Fishing unless it has been taken from waters infested with zebra mussels, including, but not limited to:

Lake Champlain, Lake Erie, Lake Ontario, the Finger Lakes, Greenwood Lake, the Erie Canal, Niagara River, Mohawk River, St. Lawrence River, Susquehanna River and Hudson River. Neither aquatic bait nor the water from aquatic bait containers shall be disposed of on City Property.

(h) **Fishing Equipment.** The following equipment rules apply to Fishing:

1. Waterproof waders shall be used when entering water for purposes of Fishing.

2. Temporary, portable, fabric fishing shelters and windbreaks may be used for ice fishing on City property. Wood or metal shelters are not permitted.

3. Ice fishing equipment, including shelters and windbreaks, shall remain within view of the occupant and shall be removed from City property by the occupant when not in use or at the end of each day, whichever is sooner.

4. Use of float tubes or inflatable waders is prohibited.

5. Motorized fishing equipment is prohibited on City property, including but not limited to power ice augers and trolling motors.

6. Abandoned or prohibited equipment found on City lands shall be confiscated by NYCDEP.

7. Anglers may carry pocket or hunting knives for purposes of Fishing.

(i) **Fishing Litter.** Upon leaving City Property, anglers shall remove any and all equipment, supplies, or other items brought onto the City Property for use while Fishing. These include but are not limited to: equipment packaging, fishing line, monofilament, bait, bait containers, lures, hooks, sinkers, bobbers, food and drink containers, bags, chairs, cigarette remains, and clothing. Anglers are encouraged to carry trash bags with them and remove trash and litter left by others to help protect the Water Supply, wildlife and the scenic appearance of Fishing Areas.

(j) **Fish Entrails.** Fish entrails shall not be deposited in or within 100 feet of a reservoir, lake, pond, Watercourse, public access point, public road, or private property.

(k) **Fishing from Bridges.** Fishing from vehicular bridges located on City Property is not permitted except where designated by DEP.

§16-05 ***Boat Tag.***

Due to the threat of Water Supply contamination by organisms such as zebra mussel larvae that may be introduced to City waters by boats previously used in contaminated waters, all boats used on City Property shall be registered and cleaned by NYCDEP or its designees, and permanently stored on-site in Boat Storage Areas designated by NYCDEP. All boats on City Property must have a valid Boat Tag affixed thereto.

(a) **Application.** Boat Tag applications shall be available at the same locations as Access Permit applications as indicated in Section 16-03 (b) above. No application fee is required.

(b) **Required Information.** A Boat Tag application shall request the following required information:

1. Applicant's valid Access Permit number;

2. Applicant's name, mailing address, phone number, electronic mail address, and date of birth;

3. Boat make, model, serial number, color, width, length, material, and hull shape;

4. Designated fishing area and Boat Storage Area requested;

5. Acknowledgement of risk and waiver of liability; and

6. Applicant signature and date of signature.

7. Parent or legal guardian signature and date of signature if applicant is under 18.

(c) **Eligibility.** Valid Access Permit holders aged 16 years or older who do not have an outstanding Access Permit suspension, revocation, or a restriction on their ability to apply for public access privileges from NYCDEP; are not otherwise restricted for security or public safety reasons from applying by NYCDEP; and who own the rowboat that they are registering are eligible to receive a Boat Tag for the boat documented on the application. Applicants under 18 need parental or legal guardian consent. Each Boat Tag will be issued to one boat owner only. Access Permit holders may apply for Boat Tags for more than one boat.

(d) **Application Submission and Appointment.** Boat Tag applications shall be submitted to NYCDEP at the boat registration appointment on the day the boat is to be placed on a reservoir or lake. The appointment must be made in advance by contacting the NYCDEP Land Management office nearest the reservoir where the boat will be located as listed on the NYCDEP Internet website at www.nyc.gov/watershedrecreation. Boat owners shall speak directly with a NYCDEP representative and provide their name, telephone number, valid Access Permit number, and desired boat storage location in order to make a processing appointment. Completed applications shall be submitted in person at the processing appointment. Boat Tag applications may be completed in advance of the appointment. A boat owner who is unable to attend his or her appointment shall notify NYCDEP in advance. Appointments may be rescheduled to a later available date.

(e) **Internet Submission and Appointment.** Processing appointments may be made and the Boat Tag application may be completed and submitted in advance of the appointment through the NYCDEP Internet website.

(f) **Boat Processing and Tag Issuance.** A boat owner shall attend the processing appointment for his or her boat in person and shall bring his or her boat, valid Access Permit, and government-issued photo identification to the processing appointment. A boat processing appointment shall consist of the following steps:

1. The boat owner shall submit the completed Boat Tag application.

2. Access Permit data on file shall be confirmed with the applicant. This information shall include contact information and Access Permit status.

3. Boat type, shape, size, color, make, model, serial number, absence of possible contaminants, and apparent seaworthiness shall be confirmed and entered into the file.

4. Boats shall be steam cleaned by NYCDEP on all surfaces to remove any possible Water Supply contaminants such as zebra mussel larvae.

5. A unique number shall be assigned to the boat.

6. The boat number shall be painted by NYCDEP on both sides of the bow hull above the anticipated immersion line using permanent white or black paint, whichever color is most visible given the color of the boat.

7. An appropriately-dated Boat Tag shall be completed in permanent ink and affixed to the exterior port-side bow. Boat Tag completion shall include: writing the boat owner's Access Permit number in the appropriate field; writing the reservoir prefix, if any, and boat number in the appropriate field; and punching out the appropriate water supply location abbreviation.

8. The boat owner shall receive from NYCDEP at the processing appointment information including: a copy of the current rules, if the boat owner does not already have one; a current *Watershed Recreation* newsletter, if desired; a map and/or directions to the designated storage location for their boat; a verbal summary of important rules and conditions, including the Boat Tag expiration and renewal process, boat storage requirements, and the procedures for boat removal and disposal.

9. Upon completion of the boat cleaning and processing appointment, the boat owner shall immediately place the registered boat at the assigned Boat Storage Area without storing or placing the boat in any other location or water body.

(g) **Eligible Boats.** Boats eligible for Boat Tags shall be aluminum or metal-alloy row boats, except boats on record as having had valid Boat Tags that were issued initially prior to March 31, 2006 may be wooden or fiberglass row boats. Only rowboats that are a minimum of 11'6" in length and 42" in width and are a maximum of 16' in length are permitted on City Property. Other vessels, including but not limited to sailboats, motorized boats, canoes, kayaks, sculls, inflatable boats and collapsible boats are prohibited.

(h) **Rejection.** Grounds for rejection of a Boat Tag application include the following:

1. Incomplete application;

2. Failure to meet application eligibility requirements;

3. Submission of false information;

4. Illegible application;

5. Failure of boat to meet inspection and cleaning standards.

Rejected applications shall be returned immediately to the applicant, accompanied by an explanation of the reason(s) for rejection, and an opportunity provided for the immediate resubmission of the corrected application, if applicable.

(i) **Term.** Boat Tags shall be valid for two (2) years or until the expiration date indicated thereon, unless revoked, suspended, or altered by NYCDEP. Boat Tags shall only remain valid so long as the boat owner remains a valid Access Permit holder. If an Access Permit holder's Access Permit is suspended or revoked, they may remove their boat if accompanied by a NYCDEP representative.

(j) **Display.** Boat Tags shall be affixed to the upper port-side exterior bow (top left outside front) of the corresponding registered boat. It shall be the Boat Tag holder's responsibility to keep a Boat Tag affixed and clearly legible at all times.

(k) **Replacement.** Lost or destroyed Boat Tags may be replaced upon the boat owner's written request to NYCDEP by U.S. or electronic mail. Electronically requested replacements may be printed immediately. Replacements requested by U.S. mail will generally be issued within two weeks.

(l) **Renewal.** A renewal Boat Tag application shall be sent via electronic or regular mail to the address on file for each valid boat owner generally in the spring of the Boat Tag expiration year. Content of the renewal Boat Tag application shall include confirmation of boat owner and boat information on file, as well as any angler survey questions. Boat owners may generate, complete, and submit renewal Boat Tag applications on the NYCDEP Internet website. Renewed Boat Tags shall be mailed to the address on file for the boat owner generally within two weeks of application receipt.

(m) **Transferability.** Boat Tags are not transferable to either another person or another boat.

(n) **Transfer of Boat Ownership.** Owners of boats with valid Boat Tags who would like to transfer ownership of their boat to another valid Access Permit holder may do so according to the following process:

1. The current boat owner shall put the following information in writing to NYCDEP: the current boat owner's Access Permit number and name; the reservoir or lake and specific storage area where the boat is currently stored; the boat number issued by NYCDEP; the name of the person to whom ownership is being transferred; the valid Access Permit number of the person to whom ownership is being transferred; and the signature of the current boat owner; the date of signature.

2. The new owner shall complete a Boat Tag application for the boat, in accordance with Section 16-05.

3. The current owner shall mail the transfer information together with the Boat Tag application completed by the new owner to NYCDEP at the address indicated on the application.

4. The NYCDEP Land Management Office shall issue and mail a new Boat Tag and other materials to the accepted new boat owner at the address on file generally within two weeks of transfer of ownership request receipt.

5. The new boat owner shall remove the old invalid Boat Tag from the boat and replace it with the new valid Boat Tag.

New boat owners who would like to change the Boat Storage Area for the boat shall comply with the rules for a change of Boat Storage Area location.

(o) **Boat Storage Area.** Each registered boat shall be assigned to a Boat Storage Area. The boat must be stored in the assigned Boat Storage Area when not in use on the water, except that during the months from April through September the boat may be temporarily stored at any other Boat Storage Area on the same reservoir or lake for convenience of fishing, provided there is space available. NYCDEP may limit the number of boats assigned to any particular Boat Storage Area. Information about Boat Storage Areas closed to additional boats shall be available at the local NYCDEP Land Management Office and on the NYCDEP Internet website. Requests to place a boat at high-demand Boat Storage Areas shall be handled in the order they are received. Boat Tags on boats not stored within their assigned Boat Storage Areas during the months from October through March shall be invalid. Boat owners may request a change of assigned Boat Storage Area for their boat on the same water body once per calendar year by contacting the local NYCDEP Land Management Office. NYCDEP shall grant a change of assigned Boat Storage Area provided that the requested area is open to additional boats.

(p) **Boat Storage.** When not in use on the water for Fishing, boats shall be stored in assigned Boat Storage Areas at all times. Boats shall be stored above the high water mark within their assigned Boat Storage Areas from December 1 to April 1. Boat owners are encouraged to store their boats back from the shoreline so as not to obstruct other anglers' access to the water. Boats shall not be stored in designated shoreline buffer zones, where indicated. Boats shall not be stored on or against other stored boats as this may make some boats inaccessible to their owners. Boats shall not be secured to dead trees or those identified by blue paint as subject to NYCDEP removal.

(q) **Boat Placement and Securing.** To prevent the creation of insect breeding grounds in water-filled boats, boats shall be stored hull-up (upside down) at all times. Boat owners may store on site such fishing equipment as may be secured under their overturned, stored boat. Equipment or items left on City Property and not secured under boats shall be subject to confiscation and disposal. Boat owners are encouraged to secure their stored boats to reduce the possibility of theft and scattering. Boats shall be secured to manufactured hitches provided by NYCDEP where these are available. Where NYCDEP has provided such securing resources, boats shall not be secured to trees. Where no securing resources are provided by NYCDEP, boats may be secured to trees. Boats secured to trees shall not be tightly bound to trees, but shall be loosely secured so as not to damage the trees.

(r) **Owner Removal of a Boat.** Boat owners may remove their boats from City Property at any time. Boat owners shall notify the local NYCDEP Land Management Office prior to removing their boat from City Property. The NYCDEP Land Management Office shall document the owner removal activity. Upon removal of a boat from City Property, its Boat Tag shall be immediately rendered invalid. Boat owners wishing to return a once-registered, removed boat to a City reservoir or lake shall make a registration and processing appointment with the local NYCDEP Land Management Office.

(s) **Change of Boat Storage Area Location.** Boat owners may change the location of their boat from one reservoir or lake in the Water Supply system to another, but such change shall be treated the way a new boat would be treated. This shall require an application, boat processing appointment, and a new Boat Tag. It is prohibited for a boat owner to move their boat away from the assigned reservoir or lake without first notifying NYCDEP. It is prohibited for a boat owner to place any boat on a reservoir or lake without a valid Boat Tag for that location.

(t) **NYCDEP Removal of Boats.** Any boat left in the water unattended, found on land outside of the boat's assigned Boat Storage Area from October through March; found without a valid Boat Tag or found on City Property after expiration, suspension or revocation of the owner's Boat Tag or Access Permit; or found in a restricted area is subject to removal and storage by NYCDEP at the owner's expense of $120.00 for removal and $1.00 per day for storage. While boats without valid Boat Tags may be removed from City Property, confiscated, and stored by NYCDEP at any time, such boat removal shall generally commence on October 1 of each year and be completed before March 15 of the following year. NYCDEP shall attempt to contact the owner of an invalid or removed boat at least once during the three-month storage period in order to notify them of their boat's status. This contact may be by regular mail, telephone, or electronic-mail for the contact information on file for the boat, and the attempt as well as its outcome shall be documented.

(u) **Storage of NYCDEP-Removed Boats.** NYCDEP shall store removed boats in designated storage yards on NYCDEP properties until the removed boats are claimed by their owners or until three months have passed since NYCDEP's initial attempt to contact the owner. If a boat remains unclaimed three months from the date of NYCDEP's initial attempt to locate the owner, it will be deemed the property of NYCDEP and will be disposed of at NYCDEP's discretion. By accepting a NYCDEP Boat Tag, the owner of the subject boat acknowledges and accepts NYCDEP's right to remove, store and/or dispose of the boat in accordance with this section in lieu of any other procedure for the storage and disposition of abandoned property required or permitted by law, and waives any right to assert a claim against NYCDEP pursuant to the provisions of the New York State Personal Property Law, Abandoned Property Law or by any such other procedure. NYCDEP is not liable to the owner under any circumstances for damage to or loss of a boat during its removal, storage or disposition.

(v) **Owner Claim of Stored Boats.** Boats removed and stored by NYCDEP shall be available for claim and pick up by the boat owner of record by appointment with the NYCDEP Land Management Office which has stored the boat. NYCDEP Land Management staff shall confirm that the person claiming the boat is the boat owner of record. Any accumulated removal and storage fees shall be paid to the NYCDEP Land Management Office storing the boat by certified check, bank check, or money order made out to "NYCDEP" in order for the boat to be released. Owners shall pay any accumulated fees and remove their claimed boat at the same appointment. NYCDEP shall not hold claimed boats nor allow deferred payment.

(w) **Disposal of NYCDEP-owned Boats.** When necessary, NYCDEP shall dispose of boats owned by the City through the following means:

1. Disposal or sale of unseaworthy boats as refuse or scrap metal;

2. Donation of seaworthy boats to public or community non-profit organizations through a City-approved donation process;

3. Sale of boats in as-is condition at public, sealed bid auction generally in the month of June.

(x) **Boat Relinquishment.** Boat owners may relinquish ownership of their boat stored on City Property to NYCDEP according to the following process:

1. The boat owner shall write a letter stating that they relinquish ownership of their boat to NYCDEP. The letter shall contain the following information: boat owner name, address, telephone number, and Access Permit number; boat number and Boat Storage Area; signature of the boat owner; and date of signature.

2. The relinquishment letter shall be mailed to NYCDEP.

(y) **Lost and Stolen Boats.** Boat owners shall report boats believed to be lost or stolen to the local NYCDEP Land Management Office immediately upon discovery. The NYCDEP Land Management staff shall document the report, attempt to locate the boat, and, if unsuccessful, submit the report to the NYCDEP Police for further investigation.

§16-06 ***Fishing by Boat.***

People with valid Access Permits and valid New York State fishing licenses, where applicable, may Fish on City Property from boats with valid Boat Tags in accordance with the following rules.

(a) **Relationship to Fishing Rules.** All Fishing rules shall also apply to all Fishing by boat.

(b) **Use.** Boats with valid Boat Tags shall be used at Fishing Areas only for the purposes of Fishing. All boat occupants shall be in possession of valid New York State fishing licenses when required by State law; at least minimum Fishing equipment including a pole, line, and a hook and bait or a lure; and shall be plausibly engaged in the activity of Fishing while using a boat on Fishing Areas.

(c) **Mooring.** Mooring of boats, including to buoys, is prohibited.

(d) **Season.** Boats with valid Boat Tags may be placed on the water on April 1st of each year or when ice leaves the lakes, ponds and reservoirs, whichever is later. No boats may be placed on the water after December 1st of each year.

(e) **Condition and Maintenance.** Boat owners are responsible for the sanitary condition and seaworthiness of their vessels and for all activities that occur thereon. Any supplies used for boat maintenance may not enter a water body and must be removed from City Property immediately following maintenance activities.

(f) **Safety.** Every boat used on City Property shall have at least one U.S. Coast Guard approved wearable personal flotation device in good condition for each person on board. Each person on board who is under the age of 12 must wear a securely fastened U.S. Coast Guard approved wearable flotation device of an appropriate size.

(g) **Capacity.** Each boat may carry no more than three occupants; unless the boat has a U.S. Coast Guard approved "Maximum Capacities" plate or label affixed by the manufacturer that identifies a greater occupancy capacity.

(h) **Winter Storage.** Boats must be brought to a point above the high water mark within the assigned Boat Storage Area no later than December 1st of each year where they must remain until the following April 1st or until the ice melts, whichever is later.

§16-07 ***Hunt Tag.***

All persons Hunting on Hunting Areas must have a valid Hunt Tag.

(a) **Application.** The Hunt Tag application shall be available at the same locations as the Access Permit application as indicated in Section 16-03 (b) herein and publications such as the *Watershed Recreation* newsletter.

(b) **Required Information.** A Hunt Tag application shall request the following required information:

1. Game species and season for which a Hunt Tag is being requested, if applicable;

2. Hunting Area for which a Hunt Tag is being requested, if applicable;

3. Applicant Access Permit number;

4. Applicant name;

5. Completed survey questions, if applicable.

(c) **Eligibility.** Any person 14 years of age or older with a valid Access Permit may apply for a Hunt Tag. Individuals under the age of 18 must have the written consent of their parent or legal guardian indicated on their Hunt Tag application.

(d) **Submission.** Completed Hunt Tag applications may be submitted to NYCDEP by regular mail or by electronic mail to the address on the application. Applications may be submitted over the NYCDEP Internet website.

(e) **Processing.** Accepted applications shall be fulfilled by regular mail in the order in which they were received, generally within two weeks of receipt. Applications submitted at the Internet website shall be processed over the NYCDEP Internet website. Applications shall be accepted or rejected based on the following considerations:

1. Application for the current season is fully completed, or automatic issuance eligibility exists due to proper submission of the previous year's hunt survey;

2. Applicant has a valid Access Permit and meets eligibility requirements.

(f) **Term.** Hunt Tags are valid for one hunting season or until the expiration date indicated thereon, unless revoked, suspended, or altered by NYCDEP. Hunt Tags shall only remain valid so long as the holder remains a valid Access Permit holder.

(g) **Content.** A valid Hunt Tag contains the following information:

1. A unique number of the holder as issued by NYCDEP;

2. Signed acknowledgement and waiver of liability of holder or of parent or legal guardian if holder is under 18;

3. Emergency medical information;

4. Term for which the Hunt Tag is valid;

5. Hunting Area(s) for which use is valid, if applicable; and

6. Species for which use is valid, if applicable.

(h) **Transferability.** A Hunt Tag is non-transferable and may be used only by the person to whom it was issued.

(i) **Replacement.** Lost or destroyed Hunt Tags will be replaced upon tag holder's written request to NYCDEP by U.S. or electronic mail. Electronically requested replacements may be printed immediately. Replacements issued by U.S. mail will generally be issued within two weeks.

(j) **Tag Display.** Display of the Hunt Tag shall be on the back of the holder's outermost upper body garment so that all face content is clearly legible. The Hunt Tag shall be displayed at all times while Hunting on Hunting Areas and while scouting on Hunting Areas not also designated as Hiking Areas.

(k) **Renewal.** Hunt Tags are not renewable and must be applied for annually except in the case of automatic issuance eligibility due to proper submission of the previous year's hunt survey or other such mechanism.

§16-08 ***Hunting and Hunting Areas.***

(a) **Designation.** Hunting Areas shall be designated by NYCDEP in publications and notices, on the NYCDEP Internet website, on Public Maps available to Access Permit holders, and/or by sign postings. Hunting Areas may be further designated by implement and type of hunting as follows:

1. Big Game Bow Hunting Area – big game hunting by bow only;

2. Big Game General Hunting Area – big game hunting by bow and gun;

3. Multi-Game Bow Hunting Area – big game, small game, and turkey hunting by bow.

4. Multi-Game General Hunting Area – big game, small game, and turkey hunting by bow and gun.

(b) **Access.** Access to Hunting Areas on City Property for purposes of Hunting shall be by Access Permit and Hunt Tag for the particular types of hunting designated herein. Hunters must have a valid Hunt Tag in order to Hunt on Hunting Areas. Hunting is not allowed on any other City Property. Hunters shall also be properly licensed by the State of New York.

(c) **Big Game Deer Hunting.** Hunters with valid Hunt Tags may hunt for white-tailed deer during and in accordance with all available NYSDEC hunting seasons and NYCDEP property designations.

(d) **Big Game Bear Hunting.** During the 2006-2007 hunting season, hunters with valid Hunt Tags may hunt for bear at the twenty-one (21) areas designated for small game hunting during and in accordance with all available NYSDEC hunting seasons and NYCDEP property designations. Effective September, 2007, bear hunting will be permitted at NYCDEP Hunting Areas which can be found on the NYCDEP Internet website at www.nyc.gov/watershedrecreation, unless the host town requests that an area be excluded.

(e) **Scouting for Big Game.** Hunters with valid Hunt Tags in their possession may access Big Game Hunting Areas for pre-season scouting starting fourteen (14) days prior to the opening day of the earliest NYSDEC big game hunting season. They may also access Big Game Hunting Areas for post-season scouting for up to fourteen (14) days following the last day of the final NYSDEC big game hunting season. Weapons are prohibited during big game scouting except at Multi-Game Hunting Areas.

(f) **Small Game Hunting.** During the 2006-2007 hunting season twenty-one (21) areas will be designated for small game hunting. The following small game species may be hunted at the designated Small Game Hunting Areas: varying hare, squirrel, rabbit, ruffed grouse, pheasant, frog, unprotected wildlife species, red fox, gray fox, coyote, bobcat, raccoon, skunk, mink, weasel, and opossum. Turkey may also be hunted during the 2006-2007 hunting season at these areas. Effective September, 2007, small game and turkey hunting will be permitted at NYCDEP Hunting Areas which can be found on the NYCDEP Internet website at www.nyc.gov/watershedrecreation, unless the host town requests that an area be excluded.

(g) **Entry.** Access to Hunting Areas may be regulated at entry points or locations as indicated by NYCDEP on a site specific basis. Closed access points shall be indicated by NYCDEP by signs, postings, and notices or on Public Maps. Motor vehicle access into Hunting Areas is prohibited unless otherwise posted or indicated by NYCDEP by signs, postings, and notices or on Public Maps.

(h) **Game Pursuit.** Hunters shall respect the rights of owners of neighboring properties and shall not trespass on private lands. If an animal wounded by a hunter travels onto neighboring property, the Hunt Tag holder shall obtain the property owner's permission to enter the property for retrieval. If an animal wounded by a hunter travels onto City Property that is not a Hunting Area, the hunter shall obtain permission to enter the area from NYCDEP Police before entering by calling (888) 426-7433.

(i) **Hunter Behavior.** Hunt Tag holders shall abide by the principles of the NYSDEC hunter education training program and conduct themselves in a safe and courteous manner vis-à-vis other hunters and recreational users, NYCDEP employees and representatives, neighboring land owners and community members. Failure to do so may advance a detrimental image of Hunting and hunters, and result in the loss of individual Hunting opportunities, Hunting Area closures, and individual permissions.

(j) **Game Cleaning Practices.** Hunters are encouraged to remove all game entrails from City Property and to use gloves while cleaning harvested game in order to hinder the spread of disease and possible water contamination. Entrails shall not be deposited in or within one hundred (100) feet of a reservoir, lake, pond, Watercourse, public access point, public road, or private property.

(k) **Tree Stands and Hunting Blinds.** Temporary tree stands and hunting blinds may be used on Hunting Areas during big game hunting seasons provided that they do not cause damage to trees. The following apply:

1. The use of screws, nails or foot pegs in trees on City Property is prohibited.

2. Tree stands and hunting blinds may be placed at Hunting Areas beginning on the first day of pre-season scouting.

3. Hunters may leave temporary tree stands or temporary hunting blinds at Hunting Areas at their own risk on a first-come, first-served basis during big game hunting seasons.

4. Any tree stand or hunting blind at Hunting Areas shall be clearly and legibly labeled with the user's name, Access Permit number and telephone number.

5. Tree stands and hunting blinds unlabeled or left at the Hunting Area after big game hunting season are subject to removal and disposal by NYCDEP.

(l) **Shooting Lanes.** Hunters may cut limbs not greater than two inches in diameter and not further than twenty-five yards from a tree stand with a hand tool for purposes of clearing shooting lanes. The use of chainsaws is prohibited. Any vegetation removed for shooting lanes shall be cut flush with the vegetation's main stem. All vegetation cut shall be scattered and not stacked to a height greater than two (2) feet off of the ground.

(m) **Use of Dogs.** Dogs shall not be used for tracking injured deer, without express permission from NYCDEP Police. Any tracking of injured deer permitted by NYCDEP shall comply with NYSDEC conditions for tracking injured deer with dogs. Dogs may be used for hunting small game species in compliance with NYSDEC conditions. Such dogs shall be under the control of their handler at all times.

(n) **Blaze Orange.** All persons at Hunting Areas during big game gun hunting seasons shall wear blaze or safety orange as an outermost layer in the form of an entire vest, an entire jacket, or an entire hat.

(o) **Hunt Tag Automatic Issuance.** Valid Hunt Tag holders who submit completed annual hunt surveys postmarked by the due date will automatically receive their next season's Hunt Tags in the weeks prior to the pre-season scouting period provided their Access Permits remain valid. These automatic recipients will be listed on the NYCDEP Internet website by Access Permit number as early in the year as possible.

(p) **Hunting Area Closures.** NYCDEP may close Hunting Areas or parts thereof to public access, to hunting, or to certain hunting activities, and may limit the number of hunters permitted on a Hunting Area as it deems necessary. Possible considerations for Hunting Area closure include but are not limited to Water Supply protection, management and security concerns.

§16-09 ***Hiking and Hiking Areas.***

(a) **Access.** Access to Hiking Areas on City Property for purposes of Hiking shall be by Access Permit. No additional NYCDEP permits or tags are required.

(b) **Designation.** Hiking Areas shall be designated by NYCDEP in publications and notices, on the NYCDEP Internet website, on Public Maps available to Access Permit holders, and/or by sign postings.

(c) **Hiking Activities.** Activities permitted in Hiking Areas are foot travel including hiking, walking, running, cross-country skiing, snowshoeing, bird watching, nature observation and photography. These activities may be further restricted at certain locations in accordance with NYCDEP sign postings or notices. Additional activities may be allowed at certain locations in accordance with NYCDEP sign postings or notices.

(d) **Season.** Access to Hiking Areas is year-round, except as otherwise restricted by NYCDEP sign postings or notices.

(e) **Hours.** The hours that Hiking Areas shall be open to holders of valid Access Permits are day round except as otherwise indicated by NYCDEP sign postings or notices.

§16-10 ***Guest Pass.***

Guest Passes are for temporary access for the recreational use of certain City Property. A valid Access Permit holder aged 18 or older may host up to two (2) Guests on City Property who would otherwise require a valid Access Permit, provided that the Guests are each in possession of a valid Guest Pass. Guests may participate in Watershed recreational opportunities, other than Hunting, while accompanied by a person who has a valid Access Permit. Sponsoring Access Permit holders are responsible for the conduct and safety of their Guests and are liable for any violations of these rules by a Guest.

(a) **Application.** The Guest Pass is a fully completed Access Permit application signed by the Guest, or signed by the Guest's parent or legal guardian if the Guest is under 18, and carried by the Guest, which shall be available as indicated in Section 16-03 (b) above. No application fee is required.

(b) **Required Information.** A valid Guest Pass shall consist of an Access Permit application completed and signed by the Guest in permanent ink and containing the following required information:

1. Guest name, mailing address, phone number, and date of birth;

2. Guest gender, height, eye color and hair color;

3. Guest's driver's license number and state of issuance, or non-driver's identification number and state of issuance;

4. Acknowledgement of risks and waiver of liability;

5. Guest signature and date of signature or parent or legal guardian signature and date of signature if Guest is under 18;

(c) **Eligibility.** An individual aged 16 years or older who does not have a current valid Access Permit, does not have an outstanding Access Permit suspension or revocation, and is not otherwise restricted is eligible to use a Guest Pass. The sponsoring Access Permit holder must be aged 18 years or older.

(d) **Term.** A Guest Pass shall be valid for seven (7) consecutive days starting on and including the signature date thereon. A Guest Pass without a signature date is invalid.

(e) **Using a Guest Pass.** The following is required for proper use of a Guest Pass:

1. Guests must fully complete the Guest Pass and carry it with them at all times while on City Property.

2. Guests must carry their government-issued photo identification while on City Property.

3. Guests must produce their Guest Pass and identification upon request of any law enforcement officer or NYCDEP representative.

4. All Guests shall be accompanied by the valid Access Permit holder sponsoring the Guest at all times while on City Property. Access to City property by a Guest unaccompanied by the sponsor Access Permit holder constitutes a trespass. The accompanying, sponsor Access Permit holder shall be responsible for the conduct and safety of their Guests, and is liable for any violations committed by their Guest. A valid Access Permit holder may sponsor and accompany up to two (2) Guests at any one time on City Property.

5. Guests shall comply with the Rules for the Recreational Use of New York City Water Supply Lands and Waters. Guest Pass holders may not hunt on City Property.

(f) **Transferability.** A Guest Pass is non-transferable and may only be used by the person identified therein.

(g) **Renewal.** A Guest Pass is not renewable but may be submitted in application for an Access Permit. Guest Pass holders may submit their completed and signed Guest Pass in application for a permanent Access Permit by mailing them to NYCDEP at the address indicated on the application. An Access Permit will be mailed directly to each accepted applicant.

§16-11 ***Vehicle Tag.***

All vehicles used for access to or parked on City Property for recreational uses other than at Public Areas must have the driver's valid Vehicle Tag prominently displayed so that it is visible from the front of the vehicle.

(a) **Issuance.** Any person over the age of 16 who has been issued an Access Permit and who has a valid driver's license issued by any state as indicated on his or her Access Permit application shall be issued a Vehicle Tag. An Access Permit holder who subsequently obtains a driver's license may request and receive a Vehicle Tag at no cost.

(b) **Term.** A Vehicle Tag is valid only if and for so long as the person's Access Permit is valid.

(c) **Use of a Vehicle Tag.** The driver's Vehicle Tag shall be prominently displayed so that it is visible from the front of the vehicle, typically hanging from the rear view mirror whenever a person is accessing City Property for recreational use, except in Public Areas. Only one Vehicle Tag is required to be displayed if multiple Access Permit holders are visiting City Property in the same vehicle, but for emergency reasons, it is recommended that all Vehicle Tags be displayed on the dashboard. Motorcycle drivers may display a photocopy of their Vehicle Tag on the motorcycle.

(d) **Transferability.** Vehicle Tags are not transferable to another person but may be used by that person on any vehicle.

(e) **Replacement.** Lost or destroyed Vehicle Tags will be replaced upon the holder's written request to NYCDEP by U.S. or electronic mail. Electronically requested replacements may be printed immediately. Replacements requested by U.S. mail will generally be issued within two weeks.

§16-12 ***Group Access Permit.***

Group Access Permits of limited duration are available for Groups of between twelve and thirty individuals to conduct such activities as would normally be available to individual Access Permit holders and shall be issued in accordance with NYCDEP policies and procedures.

(a) **Term.** Group Access Permits may be issued for a term of one day to three consecutive months.

(b) **Application.** Applicants for a Group Access Permit must fully complete a Group Access Permit application and submit it to the address on the application or through the NYCDEP Internet website. Group Access Permit applications and waivers shall be available at the same locations as indicated in Section 16-03. No application fee is required.

(c) **Required Information.** The following information shall be required on or with the Group Access Permit application:

1. Application date;

2. Group name and address;

3. Group Leader name, date of birth, address, primary telephone, electronic mail address, driver's license or non-driver's identification number and state of issuance;

4. Signed and dated responsibility statement of Group Leader accepting all responsibility for Group and Group Member activity and safety while on City Property and indemnifying the City of New York;

5. Description of the purpose for which the Group is applying for access;

6. Date(s) and duration(s) for which the Group is seeking access;

7. Location of City Property for which Group access is being requested, including township, adjacent roadways, and description of intended entrance and exit points;

8. Names, ages, addresses and telephone numbers of up to twenty-nine Group Members;

9. Waiver of liability and acknowledgement of risk for Group Leader and Group Members, with parent or guardian signature for those under 18 years of age.

(d) **Issuance Criteria.** NYCDEP shall deny Group Access Permit applications that fail to meet the issuance criteria. Although NYCDEP shall strive to accommodate Group Access Permit requests whenever possible, the use of Water Supply lands for non-Water Supply purposes is subordinate to the primary interests of the Water Supply. Group Leaders must be aged 18 years or older. The City shall consider the following criteria when evaluating a Group Access Permit application:

1. Completeness of the application;

2. Consistency of proposed use with allowable activities;

3. Eligibility of Group or Group Leader to receive an Access Permit;

4. Availability and public access status of City Property proposed for use;

5. Consistency with water quality protection, Water Supply security, good neighborhood relations, and available City resources;

6. Compatibility with the City's land management goals;

7. Compatibility with existing uses, rights, easements, or facilities requirements on those Water Supply lands where Group access is requested.

(e) **General Conditions.** Group Access Permit holders and Group Members shall comply with the Rules for the Recreational Use of New York City Water Supply Lands and Waters. Group Access Permit holders and Group Members shall also comply with the following conditions:

1. Access to City property by the Group is only allowed for the dates, locations and Group Members stated on the approved Group Access Permit;

2. Use of City property by the Group is only permitted for those uses stated on the approved Group Access Permit;

3. The Group Leader shall carry the approved Group Access Permit or legible photocopy thereof at all times while on City Property;

4. Group Members must be accompanied by a Group Leader at all times while on water supply lands.

5. The Group Leader and all Group Members age 14 years or older shall carry a government issued photo identification while on City Property;

6. All vehicles used by the Group to access City property shall be identified by a photocopy of the approved Group Access Permit in or on the vehicle such that it is clearly visible from the exterior front of the vehicle.

(f) **Responsibility.** Use of and activities on Water Supply lands under the Group Access Permit by Group Members is the sole responsibility of the Group Leader who shall accept responsibility for the conduct, activities, and safety of all Group Members. The Group Leader must accompany the Group at all times while on water supply lands. The Group Leader is the permit holder.

§16-13 ***Public Areas.***

NYCDEP may, in its discretion, designate portions of City Property as Public Areas that may be entered and used by the public for certain, specified recreational uses without the requirement of having a valid Access Permit or Vehicle Tag.

(a) **Locations.** Public Areas are posted with signs or otherwise designated as such by NYCDEP on Public Maps, the NYCDEP Internet website, and/or in other NYCDEP publications.

(b) **Use.** Recreational uses allowed in Public Areas include Hiking, bicycle riding, and roller-blading. These uses may be restricted and certain additional uses may be allowed in some or all such areas by NYCDEP sign postings and/or notices.

(c) **Season.** Access to Public Areas is year-round except as otherwise restricted by these regulations or by NYCDEP sign postings and/or notices.

(d) **Hours.** The hours that Public Areas shall be open to the public are day round except as otherwise indicated by NYCDEP sign postings and/or notices.

§16-14 ***Restricted Areas.***

(a) **General.** NYCDEP may, in its discretion, temporarily limit or forbid access to any or all City Properties at any time and from time to time as may be necessary for Water Supply security, for public safety or resource protection by posting signs or by publishing announcements.

(b) **Location.** Unless otherwise posted or designated as a Public Area, all persons other than NYCDEP employees and contractors on City business, on-duty law enforcement personnel and others with express written permission from NYCDEP are prohibited from entering City Property that is:

1. on or within five hundred (500) feet of any dikes, dams, tunnel outlets, spillways, buildings and other significant Water Supply structures;

2. any area not officially designated as a Hiking, Fishing, Hunting or Public Area; and

3. any other area posted with signs or otherwise designated as a restricted area.

§16-15 *General Rules.*

The following general requirements apply to all recreational use on City Property.

(a) **Personal Identification.** All Access Permit holders, their guests, and visitors to Public Areas, except for minors under the age of 14, shall carry government-issued, photo identification while on City Property and must produce such identification upon request of any law enforcement officer or NYCDEP representative.

(b) **Signs and Instruction.** All persons on City Property shall observe all instructions and warnings on posted signs and notices and from NYCDEP representatives.

(c) **Blaze Orange.** All persons at Hunting Areas during big game gun hunting seasons shall wear blaze or safety orange as an outermost layer in the form of an entire vest, an entire jacket, or an entire hat.

(d) **Trespass.** All persons entering on City Property shall respect the rights of owners of adjacent property and shall not trespass onto private lands.

(e) **Property Use and Designation.** NYCDEP shall designate and list areas for recreational use by posting signs, by publishing announcements in newsletters and/or direct mailings, in press releases, on Public Maps, and/or on the NYCDEP Internet website.

§16-16 *Prohibitions.*

The activities and uses enumerated in this section shall be prohibited on all City Property.

(a) **Littering, Polluting, Dumping.** No person shall in any manner cause any rubbish, garbage, trash, refuse, organic or inorganic waste, cremated remains, diseased or dead animal or other offensive matter or any abandoned property or material to be placed or left on City Property.

(b) **Bathing, Swimming, Washing of Objects.** No bathing, swimming or washing of any objects is permitted on City Property.

(c) **Unauthorized Presence on City Property.** No person shall enter upon and remain on City Property without participating in a recreational use activity allowed by these rules.

(d) **Camping.** Camping is not permitted on City Property.

(e) **Fires.** The causing, building or maintaining of fires on City Property is prohibited.

(f) **Smoking.** Smoking is prohibited on City Property during fire danger prediction periods classified as "very high" or "extreme" by New York State. Smoking is also prohibited during any period in which New York State or a local municipality has suspended the issuance of burning permits due to drought or high fire danger or by the direction or order of NYCDEP.

(g) **Motorized Equipment.** The use or possession of motorized equipment on City Property is prohibited unless designated by NYCDEP on sign postings, Public Maps, and notices or granted by express written permission.

(h) **Commercial Activities.** The use of City Property for any commercial activity or as part of any commercial enterprise is prohibited.

(i) **Other Activities.** Any recreational or other activity not expressly allowed by these rules including but not limited to bicycle riding, horseback riding, ice-skating, recreational boating, sleigh riding, and downhill skiing is prohibited on City Property unless designated by NYCDEP on sign postings and notices or granted by NYCDEP by express written permission.

§16-17 *Regulated Activities.*

The activities and uses enumerated in this section shall be regulated on all City Property.

(a) **Injury, Destruction or Abuse of Natural Resources or Property.** No person shall disturb, deface, remove or injure any vegetation, trees, wildlife, soil, stone or other cultural or natural resources located on City Property, including, but not limited to equipment, sampling stations, fences, gates, stone walls, boundary markers, monuments, blaze marks, NYCDEP signs, roads, trails or other improvements, without prior written permission from NYCDEP, with the following exceptions:

1. The cutting of vegetation for tree stands and shooting lanes is prohibited except that limbs not greater than two inches in diameter and not further than twenty-five yards from a tree stand may be cut with a hand tool. The use of power cutting equipment such as chainsaws is prohibited.

2. The hunting of game species is allowed in accordance with these rules.

(b) **Firearms, Weapons, Explosives.** Rifles, shotguns, handguns, bows and arrows, muzzleloaders and hunting knives may only be carried and used as permitted in Hunting Areas during designated hunting seasons by persons with valid Hunt Tags in accordance with NYSDEC regulations (i.e., rifles may be prohibited by the State in certain locations). Bows and arrows may be used when Fishing for carp. The use or carrying of handguns is prohibited on all City Property except for purposes of Hunting at Hunting Areas by persons with valid Hunt Tags. Access Permit holders engaged in Hiking, Fishing, or Hunting may carry pocket or hunting knives for purposes of Hiking, Fishing, or Hunting. All other weapons, fireworks and explosives are prohibited.

(c) **Animals.** Securely leashed dogs and small game hunting dogs are allowed on City Property, unless otherwise posted or designated by NYCDEP. Pet owners or handlers shall keep their dog(s) under personal control at all times and shall remove their animal's feces from City Property. Dogs are not permitted to enter any water body. No other animals shall be brought onto City Property.

(d) **Posting of Notices, Signs and Marking of Trails.** The posting of signs, notices or the marking of trails without express written permission from NYCDEP is prohibited. Temporary markings for purposes of tracking game may be used, but must be removed within forty-eight (48) hours of placement.

(e) **Tents and Other Structures.** Tents and other temporary or permanent structures, except for temporary tree stands, temporary hunting blinds, and temporary ice fishing windbreaks, are not allowed on City Property and are subject to removal at the owner's expense and risk. Temporary tree stands may be used for Hunting in accordance with Section 16-08.

(f) **Motor Vehicle Access.** Trucks, automobiles, all-terrain vehicles, motorcycles, snowmobiles and all other motorized vehicles, including aircraft, are prohibited on all City Property unless designated by NYCDEP on postings, Public Maps and/or notices or granted by express written permission. Vehicles blocking gates or entryways, found in areas posted with "No Parking" signs, found in any unauthorized area on City Property, or found without a valid NYCDEP Vehicle Tag are subject to removal and storage at the owner's expense and risk.

(g) **Trapping.** Trapping is not permitted on City Property without express written permission.

§16-18 *Permit Suspension and Revocation.*

Any violation of these rules by an Access Permit holder or by any person accompanying an Access Permit holder is cause for suspension or revocation of such Access Permit and any related Tags. Such violation may also affect issuance of future Access Permits and/or Tags as determined by NYCDEP and may also subject the violator to prosecution to the fullest extent of the law. Any violation of these rules by a person without an Access Permit and/or Tag may affect future eligibility for an Access Permit and/or Tag and may also subject the violator to prosecution to the fullest extent of law.

(a) **Confiscation.** Upon request of a NYCDEP representative or law enforcement officer, an Access Permit holder or Guest Pass holder shall surrender his or her Access Permit and/or Guest Pass and/or any related Tag to the requestor and must immediately leave the City Property. Such NYCDEP representative or law enforcement officer shall submit the confiscated items within ten (10) days to the NYCDEP Land Management office in Kingston along with the following information:

1. Date and location of alleged violation;

2. Confiscating personnel name, title and contact information;

3. Name, Access Permit number, address, telephone number, and driver's license or non-driver's identification number and state of alleged violator, as applicable;

4. Nature and description of the alleged violation;

5. Nature and description of any NYCDEP enforcement action taken, including identification number(s) and description(s) of any tickets issued or arrests made.

(b) **Initial Appeal.** The Access Permit holder may provide the NYCDEP Land Management office in Kingston with a written explanation of the alleged violation within fifteen (15) days of the confiscation. NYCDEP will consider the written explanation before notifying the Access Permit holder of a decision.

(c) **Notification Procedure.** Upon examination of the circumstances, NYCDEP will suspend, revoke or return the Access Permit, Guest Pass, and/or Tag, and will notify the person in writing of its determination generally within forty-five (45) days of the alleged violation or receipt of the written explanation, whichever is later. NYCDEP shall send a letter of suspension, revocation, or reinstatement via regular mail to the individual's address on file. This letter shall specify the following:

1. Date, location, and nature of the infraction;

2. The violator's name, address, and Access Permit or Tag number(s), as applicable;

3. Citation of the violation as per these rules;

4. Notification of any penalty imposed and Access Permit or Tag status;

5. Notification of the opportunity and timeline for appeal.

(d) **Suspension.** If NYCDEP determines that the Access Permit and/or Tag should be suspended, a letter including the basis for the suspension, the period of suspension and the expiration date of the suspension period shall be sent to the Access Permit holder at the address on file. The person may not enter upon City Property until the period of suspension has ended and NYCDEP returns the Access Permit and related Tags, as applicable. Depending on the severity of the violation and record of previous violations, Access Permit/Tag suspension may be from three months to five years from the date of the violation.

(e) **Revocation.** If NYCDEP determines that the Access Permit and/or Tag should be revoked due to significant, repeated, or egregious violations, a letter including the basis for revocation shall be sent to the former Access Permit holder. Revocation is effective immediately upon issuance of such letter. The former Access Permit holder may not apply for a new Access Permit and/or Tag until the date specified in the letter, if any.

(f) **Appeals.** Individuals may appeal the suspension or revocation of their public access privileges and/or ability to apply for public access privileges by submitting a request in writing explaining why the penalty should be changed to NYCDEP within thirty (30) days of the date of the letter of suspension or revocation. NYCDEP shall respond to all appeal requests in writing within thirty (30) days of receipt. In response to a written appeal, the NYCDEP Director of the Division of Watershed Lands and Community Planning may reduce the duration of suspension or revocation period. Individuals dissatisfied with the first appeal response may elect to submit a final written appeal to the NYCDEP Deputy Commissioner of the Bureau of Water Supply, for a final determination.

(g) **Reinstatement.** Upon conclusion of the suspension period, NYCDEP shall send notification of reinstatement via regular mail or electronic mail to the individual at the address on file. This notification shall include the return of any confiscated Access Permit or Tag that is still valid or an application for a replacement.

(h) **Group Infractions.** Any violation of these rules and/or the Group Access Permit conditions by a Group Member may result in:

1. Removal of the Group and/or Group Members from the property;

2. Revocation of the Group Access Permit;

3. Loss of general privileges to access Water Supply lands including loss of eligibility to apply for an Access Permit, suspension or revocation of Access Permits; and

4. Arrest and prosecution to the full extent of the law of the Group Members, Group Leader, and/or organization sponsoring the Group and/or which the Group represents.

(i) **Public Area Infractions.** Failure to comply with these rules, postings or notices in a Public Area may result in, but is not limited to, one or more of the following measures:

1. Removal from the property;

2. Suspension or revocation of Access Permit privileges, if violator is an Access Permit holder.

3. Suspension from applying for an Access Permit.

4. Suspension from access to some, any or all City Property.

5. Arrest and prosecution to the full extent of the law.

§16-19 *Conformance with State and Local Laws.*

All persons using City Property for recreational purposes are subject to the Environmental Conservation Law of the State of New York and all other statutes, ordinances, rules applicable, including (without limitation) the Watershed Rules and the rules set forth herein. The Access Permit and Hunt Tag are not substitutes for any NYSDEC Fishing or Hunting Licenses required by law.

§16-20 *Unenforceability.*

If any clause, sentence, paragraph, subdivision, section, rule or part of this chapter shall be adjudged by any court of competent jurisdiction to be invalid, such judgment shall not affect, impair or invalidate the remainder thereof, but shall be confined in its operation to the clause, sentence, paragraph, subdivision, section, rule or part thereof directly involved in the controversy in which such judgment shall have been rendered.

OFFICE OF MANAGEMENT AND BUDGET

■ NOTICE

OFFICE OF MANAGEMENT AND BUDGET
NEW YORK CITY ECONOMIC DEVELOPMENT CORPORATION

SECTION 108 LOAN & ECONOMIC DEVELOPMENT INITIATIVE PROGRAMS

NOTICE OF FINDING OF NO SIGNIFICANT EFFECT ON THE ENVIRONMENT AND INTENT TO REQUEST RELEASE OF FUNDS

TO ALL INTERESTED AGENCIES, COMMUNITY BOARDS, GROUPS AND PERSONS:

Regulations promulgated under Title 1 of the Housing and Community Development Act of 1974 require that an Environmental Review Record (ERR) be prepared for activities to be funded under Title 1. The ERR must include a determination whether the proposed activity significantly affects the quality of the human environment. Accordingly, on August 30, 2006, the City of New York will submit to the U.S. Department of Housing and Urban Development (HUD) its Request for Release of Funds for the following project.

Foundation for Dance Promotion Inc., Cultural Facility Project
The Foundation for Dance Promotion Inc. (d/b/a the "Bill T. Jones/Arnie Zane Dance Company") proposes to create the Cultural Facility Project by acquiring and constructing an approximately 32,000 square foot, four-story condominium unit above a Grid Properties, Inc. retail development located at 261 W. 125th Street in Manhattan. The Cultural Facility Project will comprise a black box performance space, 4-5 high quality dance and theater rehearsal studios for the profit and not-for-profit arts and entertainment community and rental and administrative offices for the Bill T. Jones/Arnie Zane Dance Company, Inc. The Cultural Facility Project will serve as a cultural anchor to the redevelopment of the 125th Street corridor. The Cultural Facility Project will also create a permanent home for the Bill T. Jones/Arnie Zane Dance Company, Inc. by allowing it to expand its operations, and provide classes and services for adults and children in the Harlem community in its rehearsal studios.

The proposed Cultural Facility Project has a total development cost of approximately $35.3 million. The City has received a HUD Economic Development Initiative Grant of $2 million to complement the requested Section 108 Loan of $3 million to assist in financing the Cultural Facility Project. The proposed activities meet the Section 108 Loan Program's economic development eligibility requirements at 24 CFR Part 570.703(a) and (i)(1)(2) and the national objective requirement at 570.208(a)(1)(i). The City of New York is pledging its future Community Development Block Grant funds as a condition of receiving the Section 108 Loan Guarantee. Community Development funds are pledged as security to ensure repayment.

The City of New York has determined that the project will have no significant impact on the human environment. Therefore, an Environmental Impact Statement (EIS) under the National Environmental Policy Act of 1969 is not required. Additional project information is contained in the ERR on file at the New York City Economic Development Corporation, 110 William Street, New York, New York 10038, between 10:00 A.M. AND 5:00 P.M., Monday through Friday. Please call Marysa Wilcox at (212) 312-4216 to obtain a copy of the document. Any individual, group, or agency disagreeing with this determination or wishing to comment on the project may submit written comments to Ms. Wilcox at the afore-mentioned address. All comments received by August 29th will be considered by the City of New York prior to authorizing submission of a request for release of funds.

The City of New York will undertake the project described above with Section 108 Loan and Economic Development Initiative funds from HUD, under Title I. The City of New York is certifying to HUD that the City and Budget Director Mark Page, in his official capacity as the Certifying Officer for the Community Development Block Grant, Section 108 Loan and Economic Development Initiative Programs consent to accept the jurisdiction of the Federal Courts if an action is brought to enforce responsibilities in relation to the environmental review process and that these responsibilities have been satisfied. HUD's approval of the certification satisfies its responsibilities under NEPA and related laws and authorities, and allows the City of New York to use the Section 108 Loan and Economic Development Initiative funds.

HUD will accept objections to its release of funds and the City's certification for a period of fifteen days following the anticipated submission date or its actual receipt of the request (whichever is later) only if they are on one of the following bases: (a) the certification was not executed by the Certifying Officer for the City of New York for the referenced programs; (b) the City of New York has omitted a step or failed to make a decision or finding required by HUD regulations at 24 CFR part 58; (c) the grant recipient has committed funds or incurred costs not authorized by 24 CFR part 58 before approval of a release of funds by HUD; or (d) another Federal agency acting pursuant to 40 CFR part 1504 has submitted a written finding that the project is unsatisfactory from the standpoint of environmental quality. Objections must be prepared and submitted in accordance with the required procedures (24 CFR Part 58) and shall be addressed to the U.S. Department of Housing and Urban Development, Office of Community Planning and Development, 26 Federal Plaza, 35th Floor, New York, New York, 10278. Potential objectors should contact HUD to verify the actual last day of the objection period (anticipated to be September 14, 2006).

City of New York: Office of Management and Budget
Mark Page, Budget Director. Date: August 14, 2006.

Article XI - Special Purpose Districts

Chapter 6
Special Stapleton Waterfront District

116-00
GENERAL PURPOSES

The "Special Stapleton Waterfront District" established in this Resolution is designed to promote and protect public health, safety and general welfare. These general goals include among others, the following specific purposes:

(a) encourage design of new development that is in character with the neighborhood and surrounding community;

(b) maintain and reestablish physical and visual public access to and along the waterfront;

(c) strengthen the traditional town center of Stapleton by allowing the development of new residential and commercial uses;

(d) encourage the creation of a lively and attractive environment that will provide daily amenities and services for the use and enjoyment of the working population and the new residents;

(e) take maximum advantage of the beauty of the New York Harbor waterfront, thereby best serving the business community, the residential population and providing regional recreation; and

(f) promote the most desirable use of land and thus conserve and enhance the value of land and buildings, and thereby protect City tax revenues.

116-01
Definitions

For the purposes of this Chapter, matter in italics is defined in Section 12-10 (DEFINITIONS) or in this Section.

Esplanade

The "Esplanade" is a park extending along all waterfront edges of the #Special Stapleton Waterfront District#. The #Esplanade# is shown in the District Plan, Map 1 (Special Stapleton Waterfront District, Subareas and Public Spaces), in the Appendix to this Chapter.

Mandatory front building wall

A "mandatory front building wall" is the front wall of a building that generally coincides with a #mandatory front building wall line#, as provided in Section 116-232 (Street Wall Location).

Mandatory front building wall line

"Mandatory front building wall lines" are imaginary lines extending through Subarea B of the #Special Stapleton Waterfront District# which are shown on Map 3 (Mandatory Front Building Wall Lines) in the Appendix to this Chapter, and with which building walls must generally coincide, as provided in Section 116-232 (Street Wall Location).

Pier Place and the Cove

"Pier Place" and the "Cove" are designated open spaces accessible to the public, located within the #Special Stapleton Waterfront District" as shown in the District Plan, Map 1 in the Appendix to this Chapter.

Upland connection

An "upland connection" is a pedestrian way which provides a public access route from the #Esplanade# to a public sidewalk within a public #street#. Required #upland connections# are shown in the District Plan, Map 5 (Upland Connections and Visual Corridors) in the Appendix to this Chapter.

Visual corridor

A "visual corridor" is a public #street# or tract of land within a #block# that provides a direct and unobstructed view to the water from a vantage point within a public #street#. Required #visual corridors# are shown in the District Plan, Map 5 in the Appendix to this Chapter.

116-02
General Provisions

In harmony with the general purposes and content of this Resolution and the general purposes of the #Special Stapleton Waterfront District#, the provisions of this Chapter shall apply to all #developments#, #enlargements# and changes of #use# within the #Special Stapleton Waterfront District#. The regulations of all other Chapters of this Resolution are applicable except as modified, supplemented or superseded by the provisions of this Chapter. In the event of a conflict between the provisions of this Chapter and other regulations of this Resolution, the provisions of this Chapter shall control.

Within the #Special Stapleton Waterfront District#, the regulations of the underlying C4-2A District shall apply, as modified in this Chapter.

116-03
District Plan and Maps

The District Plan for the #Special Stapleton Waterfront District# identifies specific areas comprising the Special District in which special zoning regulations are established in order to carry out the general purposes of the #Special Stapleton Waterfront District#. These areas shall include the #Esplanade#, Subareas A, B1, B2, B3, B4, B5, C, and two designated public open spaces: the #Cove# and the #Pier Place#.

The District Plan includes the following maps in the Appendix to this Chapter.

Map 1 - Special Stapleton Waterfront District, Subareas and Public Spaces
Map 2 - Ground Floor Use and Frontage Requirements
Map 3 - Mandatory Front Building Wall Lines
Map 4 - Restricted Curb Cut and Off-Street Loading Locations
Map 5 - Upland Connections and Visual Corridors

The maps are hereby incorporated and made part of this Resolution for the purpose of specifying locations where the special regulations and requirements set forth in the text of this Chapter shall apply.

116-04
Subareas

In order to carry out the purposes and provisions of this Chapter, the following subareas are established within the #Special Stapleton Waterfront District#: Subarea A, Subarea B, comprised of Subareas B1, B2, B3, B4 and B5, Subarea C, #Esplanade#, #Pier Place# and the #Cove#. In each of these subareas, special regulations apply that may not apply in other subareas.

116-05
Applicability

The provisions of Article VI, Chapter 2 (Special Regulations Applying in the Waterfront Area) shall not apply in the #Special Stapleton Waterfront District#, except where specifically stated otherwise in this Chapter.

#Lower density growth management area# regulations shall not apply in the #Special Stapleton Waterfront District#.

116-10
SPECIAL USE REGULATIONS

Within the #Special Stapleton Waterfront District#, the following special #use# regulations shall apply. The #use# regulations of the underlying C4-2A District shall be modified by the following Sections 116-101 through 116-13:

116-101
Use Groups 12 and 14

The #uses# listed in Section 32-21 (Use Group 12) shall not be permitted in Subarea C.

The #uses# listed in Section 32-23 (Use Group 14) shall be permitted in the #Special Stapleton Waterfront District#; however, boat storage, repair or painting shall be allowed without restriction relating to boat length.

116-102
Special permit uses

#Physical culture or health establishments# shall be permitted in Subarea B2. The special permit provisions of Section 73-36 shall not apply.

116-103
Supplementary use regulations

The provisions of Section 32-41 (Enclosure within Buildings) shall be modified as follows: In Subarea B3, a Farmers Market may be unenclosed.

The provisions of Section 32-423 (Limitation on ground floor location) shall be modified as follows: In Subareas B1 and B2, the #uses# listed in Section 32-18 (Use Group 9) may be located on the ground floor and within 50 feet of any #street wall# of the #building# and with #show windows# facing on the #street#.

116-11
Special Sign Regulations

The #sign# regulations of the underlying C4-2 District in Section 32-60 (Sign Regulations) shall be modified as follows: #flashing signs# shall not be permitted in the #Special Stapleton Waterfront District#.

116-12
Mandatory Ground Floor Use and Frontage Requirements

The provisions of Section 32-433 (Ground floor use in C1, C2 and C4 Districts in the Borough of Staten Island) shall not apply in the #Special Stapleton Waterfront District#. However, on designated #streets# and #mandatory front building wall lines# in Subareas B3 and C, as shown on Map 2 in the Appendix to this Chapter, the special ground floor #use# and frontage regulations of this Section shall apply to any #development# or #enlargement#.

#Uses# located on the ground floor level, or within two feet of the as-built level of the adjoining sidewalk, shall be limited to the non-#residential uses# permitted by the underlying district regulations, as modified by the special #use# provisions of this Chapter. A building's ground floor frontage shall be allocated exclusively to such #uses#, and shall have a depth of at least 30 feet from the #street wall# of the #building# and extend along the entire width of the #building#, except for lobbies or entrances to #accessory# parking spaces.

In no event shall lobbies and entrances to #accessory# parking spaces occupy more than 50 percent of the building's total frontage along such #street# or #mandatory front building wall line#, or 35 feet, whichever is less. However, the total length of such frontage occupied by such lobbies and entrances need not be less than 25 feet.

116-13
Transparency Requirements

Within the #Special Stapleton Waterfront District#, the transparency requirements of this Section shall apply to any #development# or an #enlargement# where the #enlarged# portion of the ground floor of the #building# is within eight feet of the #street line# and where non-#residential uses# are located on the ground floor level or within two feet of the as-built level of the adjoining sidewalk.

At least 50 percent of a building's front building wall surface shall be glazed and transparent at the ground floor level. For the purpose of the glazing requirements, the building's #street wall# surface at the ground floor level shall be measured from the floor to the height of the ceiling or 14 feet above grade, whichever is less. The lowest point of any transparency that is provided to satisfy the requirements of this Section shall not be higher than four feet above the as-built level of the adjoining sidewalk.

116-20
SPECIAL BULK REGULATIONS

The special #bulk# regulations of this Section shall apply within the #Special Stapleton Waterfront District#.

116-21
Residential Bulk Regulations in C4-2A Districts

The provisions of Sections 34-112 and 35-23 (Residential Bulk Regulations in other C1 or C2 Districts or in C3, C4, C5 or C6 Districts) are modified as follows:

The applicable #bulk# regulations for #residential uses# in

C4-2A Districts shall be those for R6B districts.

116-22
Maximum Floor Area Ratio

The maximum #floor area ratio# for all #uses# shall be 2.0.

116-221
Special floor area regulations for mixed buildings

For #buildings# containing #residences#, the area in such #buildings# occupied by non-#residential uses# on the ground floor, or within two feet of the as-built level of the adjoining sidewalk, shall be excluded from the definition of #floor area# in Section 12-10.

116-23
Special Height and Setback Regulations

The special height and setback regulations set forth in this Section shall apply.

116-231
Special rooftop regulations

The provisions of Section 33-42 (Permitted Obstructions) shall apply to all #buildings or other structures# in the #Special Stapleton Waterfront District#, except the provisions of paragraph(c) of Section 33-42 shall not apply. In lieu thereof, the following regulations shall apply:

Elevator or stair bulkheads, roof water tanks, cooling towers or other mechanical equipment (including enclosures) may exceed a maximum height limit provided that either:

(a) the product, in square feet, of the #aggregate width of street walls# of such obstructions facing each #street# frontage, times their average height, in feet, shall not exceed a figure equal to eight times the width, in feet, of the #street wall# of the #building# facing such frontage; or,

(b) the #lot coverage# of all such obstructions does not exceed 20 percent of the #lot coverage# of the #building#, and the height of all such obstructions does not exceed 20 feet.

In addition, dormers may penetrate a maximum base height in accordance with the provisions of paragraph (c) of Section 23-621 (Permitted obstructions in certain districts).

116-232
Street wall location

In Subarea A, the underlying #street wall# location regulations shall apply.

In Subareas B and C, the underlying #street wall# location regulations of a C4-2A District, or an R6B District as applicable, shall be modified as set forth in this Section. Map 3 (Mandatory Front Building Wall Lines) in the Appendix to this Chapter, specifies locations in Subareas B and C where #mandatory front building wall# requirements apply as follows:

(a) Type 1: Front building walls shall be coincident with and extend along the entire length of the #mandatory front building wall line#, except to allow articulation at the intersection of two such lines, the front building wall may be located anywhere within 15 feet of their point of intersection.

(b) Type 2: Front building walls shall be located within eight feet of and extend along at least 70 percent of the length of the #mandatory front building wall line#. For phased #development#, this requirement may be satisfied by more than one # building#, provided that upon completion 70 percent of the length of the #mandatory front building wall line# is occupied by such front building walls.

(c) Wherever Map 3 does not indicate a #mandatory front building wall line#, the underlying #street wall# location rules shall apply.

If more than one #building# is developed in Subareas B1, B2, B3 or B4, the first #building# shall be located along a Type 1 #mandatory front building wall line#. Subsequent buildings shall locate along a Type 2 #mandatory front building wall line# until 70 percent of the length of the #mandatory front building wall line# is occupied.

All #mandatory front building walls# shall rise without setback to a maximum height of 40 feet or the height of the #building#, whichever is less. A #building# may exceed a height of 40 feet, up to the maximum building height specified in Section 116-233 if a setback is provided at a minimum height of 35 feet. Such setback shall have a minimum depth of 10 feet and shall be measured from the front building wall. Recesses shall be permitted on the ground floor where required to provide access to the #building#. Above the ground floor, up to 30 percent of the aggregate width of the front building wall may be recessed. However, in Subarea B2, the #mandatory front building wall# may rise without setback to the permitted maximum height of the #building#.

116-233
Maximum building height

Within the #Special Stapleton Waterfront District#, the maximum height of a #building or other structure# shall not exceed 50 feet, except in Subarea B2 where the maximum height of a #building or other structure# shall not exceed 60 feet.

116-30
SPECIAL ACCESSORY OFF-STREET PARKING AND LOADING REGULATIONS

Within the #Special Stapleton Waterfront District#, the parking and loading regulations of the underlying C4-2A District shall apply, except as modified in this Section.

116-31
Modification of Required Accessory Off-Street Parking Spaces Regulations for Certain Commercial Uses

The following #uses# listed in Section 32-23 (Use Group 14) shall be subject to the parking requirements applicable to a C4-2 District pursuant to Section 62-53 (Parking Requirements for Commercial Docking Facilities):

Boat rentals, open or enclosed [PRC–H]

Docks for ferries, other than #gambling vessels#, limited to an aggregate operational passenger load, per #zoning lot#, of 150 passengers per half hour [PRC-H]

Docks for sightseeing, excursion or sport fishing vessels, other than #gambling vessels#

Docks or mooring facilities for non-commercial pleasure boats [PR-H]

116-32
Modification of Waiver of Requirements

The provisions of Section 36-362(For new development or enlargements in other C1 or C2 Districts or in C4, C5 or C6 Districts) shall not apply.

All other waivers of parking requirements shall only apply to #zoning lots# existing both on (the effective date of amendment) and on the date of application for a building permit.

116-33
Modification of Location of Parking Spaces

For all #zoning lots# with frontage on Front Street, no #accessory# off-street parking spaces shall be located in any open area that is between the #street wall# of the #building# and the Front Street #street line#; except that such spaces may be located between the #street wall# of the #building# and the Front Street #street line# in Subarea B5.

116-34
Location and Width of Curb Cuts

Curb cuts are prohibited in the locations shown on Map 4 (Restricted Curb Cut and Off-Street Loading Locations), in the Appendix to this Chapter.

In Subarea C, for #zoning lots# with access only to Front Street, only one curb cut shall be permitted along Front Street.

Within the #Special Stapleton Waterfront District#, the maximum width of curb cuts shall not exceed 25 feet, including splays.

116-35
Screening and Tree Planting Requirements for Parking Facilities

The provisions of this Section shall apply to any new or #enlarged# open off-street parking facility with ten spaces or more.

(a) Screening

Such off-street parking facilities shall be screened in accordance with the provisions of this Section from all adjoining #zoning lots#, including such #zoning lots# situated across a #street#, and from any designated open space accessible to the public situated on the same #zoning lot#, including the #Esplanade#.

Such screening shall consist of a strip at least four feet wide, densely planted with evergreen shrubs at least four feet high at the time of planting and which are of a type which may be expected to form a year–round dense screen at least six feet high within three years.

#Accessory# parking spaces that front upon a #street# shall be screened by a strip at least four feet wide and densely planted with evergreen shrubs to be maintained at all times at a height not less than two and one-half feet and not more than four feet.

In addition, a wall or barrier or uniformly-painted fence of fire-resistant material at least four feet high but not more than eight feet above finished grade may be provided. Such wall, barrier, or fence must be 100 percent opaque up to a height of four feet above the finished grade of the parking facility and not more than 35 percent opaque above four feet. No chain link fences shall be permitted. All permitted fences shall be located behind landscaped areas when viewed from the street.

Such screening shall be maintained in good condition at all times, may be interrupted by normal entrances or exits, and shall have no signs hung or attached thereto other than those permitted in Sections 32-60 (Sign Regulations) inclusive, or 62-674 (Signage).

(b) Tree planting requirements

Trees, pre-existing or newly-planted, shall be provided at the rate of one tree for every eight open parking spaces within the off-street parking facility and may be located on the perimeter of the parking facility or in planting islands within the parking area. For parking facilities with more than 25 open parking spaces, at least 30 percent of trees provided to meet this requirement shall be located in planting islands within the parking area. Trees shall be planted in accordance with the requirements of the Department of Parks and Recreation.

116-40
UPLAND CONNECTIONS AND VISUAL CORRIDORS

116-41
Upland Connections

In the locations shown on Map 5 (Upland Connections and Visual Corridors) in the Appendix to this Chapter, #upland connections# shall be provided. An #upland connection# traversing a #zoning lot# shall consist of a single pedestrian circulation zone bordered continuously along both sides by buffer zones.

(a) Required Dimensions

The minimum width of the #upland connection# shall be 30 feet, within which the pedestrian circulation zone shall have a minimum width of 16 feet and each buffer zone shall have a minimum width of seven feet. When an #upland connection# or a portion thereof is located within a private drive, no buffer zone is required.

(b) Buffer zone

The provisions of paragraph(b)(2)of Section 62-62 (General Requirements for Public Access Areas) shall apply.

(c) Permitted Obstructions

The provisions of Section 62-626 (Permitted obstructions) shall apply to #upland connections# within the #Special Stapleton Waterfront District#. Certain permitted obstructions listed in sub-paragraph (a)(2)(iii)of Section 62-626, are further subject to the tree and planting requirements of Section 62-675. WD (Water-dependent)uses referenced in paragraph (c) of Section 62-626 shall be as listed in Section 62-211.

116-42
Visual Corridors

#Visual corridors# shall be provided for #developments# in the locations shown on Map 5 in the Appendix to this Chapter. Such #visual corridors# shall be subject to the requirements of Section 116-522 (Design requirements for visual corridors).

116-50
Special Urban Design Requirements

The special urban design requirements of this Section, inclusive, shall apply to all #developments# and #enlargements# within the #Special Stapleton Waterfront District#:

116-51
#Street# trees

#Street# trees, pre-existing or newly-planted, shall be provided along the entire length of the #street# frontage of the #zoning lot#. The trees shall be located between the #front lot line# and the curb line and shall be provided at the rate of one tree for each 25 feet of frontage. Trees shall be planted in accordance with the requirements of the Department of Parks and Recreation.

116-52
Design Requirements for Upland Connections and Visual Corridors

116-521
Design requirements for upland connections

(a) Circulation and access

(1) Where an #upland connection# is located within a private drive, a circulation path with a minimum clear width of six feet shall be provided in each pedestrian circulation zone. The remaining area shall be planted pursuant to the provisions of paragraph (c) of this Section.

(2) All other #upland connections# through #zoning lots# shall have a circulation path with a minimum clear width equal to the minimum required width of the pedestrian circulation zone.

(b) Seating

For #upland connections# 100 feet in length or greater, a minimum of 24 linear feet of seating shall be provided.

(c) Planting

Where an #upland connection# is located within a private drive, a single row of shade trees shall be planted adjoining a required circulation path in accordance with the standards of Section 62-675 (Planting and trees). Within all #upland connections#, any unpaved area shall be planting area.

116-522
Design requirements for visual corridors

The requirements of this Section shall apply to all #visual corridors#. When a #visual corridor# coincides with an #upland connection#, the provisions of Section 116-521 (Design requirements for upland connections) shall also apply.

No #building or other structure# shall be erected within the width of a #visual corridor#, except as provided in this Section. #Visual corridors# shall be the width of the #street# but shall not be less than 50 feet wide.

Permitted obstructions within #visual corridors# shall be limited to:

(a) boats, ships or other vessels, and #floating structures# permitted as-of-right by paragraph (a)of Section 62-25 (Uses on Floating Structures);

(b) any moving or parked vehicles or street furniture, including but not limited to, benches, seats, kiosks, carts and open display booths, lighting fixtures, flagpoles, trash receptacles, drinking fountains and public telephones;

(c) guardrails and fences provided they comply with the design standards of Section 62-671 (Guardrails, gates and other protective barriers), except that fences may be eight feet high;

(d) sculpture;

(e) planting areas, provided that no shade trees are

planted within a 15 foot wide area along both sides of the center line of the #visual corridor#; and

(f) those obstructions permitted in #rear yards# as listed in Section 23-44 (Permitted Obstructions in Required Yards or Rear Yard Equivalents), except walls exceeding four feet in height shall not be permitted.

116-53
Waterfront public access signage

The New York City Waterfront Symbol Plaque shall be used to direct the public to waterfront public access areas including the #Esplanade# and #upland connections# and to identify the entry points of these areas. Such signage shall be provided in accordance with requirements of Section 62-674 (Signage).

116-54
Refuse Storage Areas

Refuse shall be stored within a completely enclosed #building#.

COURT NOTICE

SUPREME COURT

■ NOTICE

KINGS COUNTY
IA PART 74
NOTICE OF ACQUISITION
INDEX NUMBER 18717/06

In the Matter of the Application of the **NEW YORK CITY SCHOOL CONSTRUCTION AUTHORITY,** Petitioner, To Acquire By Exercise of its Powers of Eminent Domain Title in Fee Simple Absolute to Certain Real Property Known as Tax Block 4102, Lots 19, 27, 35 & 36, Located in the Borough of Brooklyn City of New York, in Connection With the Construction of P.S./I.S. 798K.

PLEASE TAKE NOTICE, that by order of the Supreme Court of the State of New York, County of Kings, IA Part 74 (Hon. Abraham G. Gerges, J.S.C.), duly entered in the office of the Clerk of the County of Kings on July 26, 2006, the application of the Petitioner, New York City School Construction Authority (the Authority"), to acquire certain real property, for the construction of P.S./I.S. 798K, was granted and the City was thereby authorized to file an acquisition map with the Office of the City Register. Said map, showing the property acquired by the Authority, was filed with the City Register on July 27, 2006. Title to the real property vested in the Authority on July 27, 2006.

PLEASE TAKE FURTHER NOTICE, that the Authority has acquired the following parcels of real property:

Damage Parcel	Block	Lot
1	4102	19
2	4102	27
3	4102	35
4	4102	36

PLEASE TAKE FURTHER NOTICE, that pursuant to said Order and to §§503 and 504 of the Eminent Domain Procedure Law of the State of New York, each and every person interested in the real property acquired in the above-referenced proceeding and having any claim or demand on account thereof is hereby required, on or before 180 days from the date of service of this notice, to file a written claim with the Clerk of the Court of Kings County, and to serve within the same time a copy thereof on the Corporation Counsel of the City of New York, Tax and Bankruptcy Litigation Division, 100 Church Street, New York, New York 10007. Pursuant to EDPL §504, the claim shall include:

A. the name and post office address of the condemnee;

B. reasonable identification by reference to the acquisition map, or otherwise, of the property affected by the acquisition, and the condemnee's interest therein;

C. a general statement of the nature and type of damages claimed, including a schedule of fixture items which comprise part or all of the damages claimed; and,

D. if represented by an attorney, the name, address and telephone number of the condemnee's attorney.

Pursuant to EDPL § 503(C), in the event a claim is made for fixtures or for any interest other than the fee in the real property acquired, a copy of the claim, together with the schedule of fixture items, if applicable, shall also be served upon the fee owner of said real property.

Dated: July 31, 2006, New York, New York

ARCHITECTURAL/ENGINEERING REQUIREMENTS CONTRACTS – Competitive Sealed Proposals – Judgment required in evaluating proposals - PIN# 04207DDCM002 – DUE 09-06-06 AT 3:00 P.M. – The City University of New York (CUNY) is New York City's public university system, CUNY, was created in 1847, and is the third largest university system in the nation; it is comprised of eleven senior colleges, six community colleges, a graduate school, a law school, a school of biomedical education, a graduate school of journalism and a central office ("Colleges"). Historically, the Department of Design, Construction and Management ("DDCM") issued RFP's to solicit proposals for Architectural/Engineering services on an individual project basis. This "by project" solicitation process is burdensome, inefficient, expensive to adminsiter, and does not allow DDCM to expeditiously meet the needs of the University. This is crucial for the University's older colleges, where the ability to act quickly can mitigate further damages to the College infrastructure. To address this need, DDCM is seeking to award up to twenty-four (24) separate requirements contracts to provide Architectural/Engineering services on an expedited "As needed" term basis for small, medium and large projects with a cap of $5 million dollar.

Requirements: Interested, proposing entities should submit seven (7) copies of their firm brochure, a list of client names and telephone numbers, their latest SF254 and 255 forms of SF330 form, a copy of their EEO Policy Statements, their latest audited financial statement, a document which lists and describes in detail work/contracts of similar nature, with a list of the proposed project team. Proposing entities shall: demonstrate their ability to perform requested services based on prior related experience in the design and programming specialties for higher education facilities in similar urban environments, and shall submit examples of comparable, satisfactorily completed projects. Proposing entities shall be licensed to practice in the State of New York. Selection of proposing entities shall be made in accordance with CUNY policies and solicitation procedures. Minority Sub-Contracting Goals: 20%. Women-Owned Sub-Contracting Goals: 10%.

LOCAL LAWS

■ NOTICE

LOCAL LAWS
OF
THE CITY OF NEW YORK
FOR THE YEAR 2006

No. 7

Introduced by Council Members Weprin, Stewart and Fidler (by request of the Mayor).

A LOCAL LAW

To amend the administrative code of the city of New York, in relation to the establishment of the Flatbush-Nostrand Junction business improvement district.

Be it enacted by the Council as follows:

Section 1. Chapter 5 of title 25 of the administrative code of the city of New York is amended by adding a new section 25-470 to read as follows:

§25-470. Flatbush-Nostrand Junction business improvement district.

a. The city council having determined, pursuant to section 25-407 of chapter four of this title: that notice of hearing for all hearings required to be held was published and mailed as required by law and was otherwise sufficient; that, except as otherwise provided in section 25-403 of chapter four of this title, all the real property within the boundaries of the district will benefit from the establishment of the district; that all the real property benefited is included within the limits of the district; and that the establishment of the district is in the public interest; and the council having determined further that the requisite number of owners have not objected as provided in section 25-406 of chapter four of this title, there is hereby established in the borough of Brooklyn, the Flatbush-Nostrand Junction business improvement district. Such district is established in accordance with the district plan required to be filed with the city clerk pursuant to subdivision b of this section.

b. Immediately upon adoption of this local law by the council, the council shall file with the city clerk the district plan upon which the Flatbush-Nostrand Junction business improvement district is based.

c. The district plan shall not be amended except in accordance with chapter four of this title.

§2. This local law shall take effect upon compliance with section 25408 of chapter 4 of title 25 of the administrative code of the city of New York.

THE CITY OF NEW YORK, OFFICE OF THE CITY CLERK, s.s.:

I hereby certify that the foregoing is a true copy of a local law of the City of New York, passed by the Council on April 26, 2006 and approved by the Mayor on May 11, 2006.

MICHAEL McSWEENEY, 1st Deputy & Acting City Clerk

CERTIFICATION PURSUANT TO MUNICIPAL HOME RULE LAW §27

Pursuant to the provisions of Municipal Home Rule Law §27, I hereby certify that the enclosed Local Law (Local Law 7 of 2006, Council Int. No. 143) contains the correct text and:

HOUSING AUTHORITY

■ NOTICE

The New York City Housing Authority will be conducting an informational conference for both established and prospective NYCHA paint contractors concerning significant revisions to the painting program and existing pre-qualification process. The revisions include elimination of the bonding requirement for most contracts under $500,000.00 and mandatory participation in a New York State or United States Department of Labor apprenticeship program for contracts at or above $500,000.00.

The pre-qualification process and the painting program will be explained in detail by the Contract Services Unit of the Technical Services Department. Additionally, representatives of the Office of the Inspector General, Law Department, Resident Employment Services and the Department of Equal Opportunity will be on hand to answer any questions you may have.

Attendance is strongly recommended if your firm wishes to begin, or continue to, competitively bid on NYCHA painting contracts.

The conference will be held on Friday, August 25th from 10:00 A.M. - 12:00 P.M. at the Breukelen Houses Community Center located at 715 East 105th Street between Flatlands and Glenwood Aves. in Brooklyn.

Please contact Steven Vetrano prior to the conference date at (718) 707-7778 to confirm your attendance.

OFFICE OF MANAGEMENT AND BUDGET

■ NOTICE

OFFICE OF MANAGEMENT AND BUDGET
NEW YORK CITY ECONOMIC DEVELOPMENT CORPORATION

SECTION 108 LOAN & ECONOMIC DEVELOPMENT INITIATIVE PROGRAMS

NOTICE OF FINDING OF NO SIGNIFICANT EFFECT ON THE ENVIRONMENT AND INTENT TO REQUEST RELEASE OF FUNDS

TO ALL INTERESTED AGENCIES, COMMUNITY BOARDS, GROUPS AND PERSONS:

Regulations promulgated under Title 1 of the Housing and Community Development Act of 1974 require that an Environmental Review Record (ERR) be prepared for activities to be funded under Title 1. The ERR must include a determination whether the proposed activity significantly affects the quality of the human environment. Accordingly, on August 30, 2006, the City of New York will submit to the U.S. Department of Housing and Urban Development (HUD) its Request for Release of Funds for the following project.

Foundation for Dance Promotion Inc., Cultural Facility Project

The Foundation for Dance Promotion Inc. (d/b/a the "Bill T. Jones/Arnie Zane Dance Company") proposes to create the Cultural Facility Project by acquiring and constructing an approximately 32,000 square foot, four-story condominium unit above a Grid Properties, Inc. retail development located at 261 W. 125th Street in Manhattan. The Cultural Facility Project will comprise a black box performance space, 4-5 high quality dance and theater rehearsal studios for the profit and not-for-profit arts and entertainment community and rental and administrative offices for the Bill T. Jones/Arnie Zane Dance Company, Inc. The Cultural Facility Project will serve as a cultural anchor to the redevelopment of the 125th Street corridor. The Cultural Facility Project will also create a permanent home for the Bill T. Jones/Arnie Zane Dance Company, Inc. by allowing it to expand its operations, and provide classes and services for adults and children in the Harlem community in its rehearsal studios.

The proposed Cultural Facility Project has a total development cost of approximately $35.3 million. The City has received a HUD Economic Development Initiative Grant of $2 million to complement the requested Section 108 Loan of $3 million to assist in financing the Cultural Facility Project. The proposed activities meet the Section 108 Loan Program's economic development eligibility requirements at 24 CFR Part 570.703(a) and (i)(1)(2) and the national objective requirement at 570.208(a)(1)(i). The City of New York is pledging its future Community Development Block Grant funds as a condition of receiving the Section 108 Loan Guarantee. Community Development funds are pledged as security to ensure repayment.

The City of New York has determined that the project will have no significant impact on the human environment. Therefore, an Environmental Impact Statement (EIS) under the National Environmental Policy Act of 1969 is not required. Additional project information is contained in the ERR on file at the New York City Economic Development Corporation, 110 William Street, New York, New York 10038, between 10:00 A.M. AND 5:00 P.M., Monday through Friday. Please call Marysa Wilcox at (212) 312-4216 to obtain a copy of the document. Any individual, group, or agency disagreeing with this determination or wishing to comment on the project may submit written comments to Ms. Wilcox at the afore-mentioned address. All comments received by August 29th will be considered by the City of New York prior to authorizing submission of a request for release of funds.

The City of New York will undertake the project described above with Section 108 Loan and Economic Development Initiative funds from HUD, under Title I. The City of New York is certifying to HUD that the City and Budget Director Mark Page, in his official capacity as the Certifying Officer for the Community Development Block Grant, Section 108 Loan and Economic Development Initiative Programs consent to accept the jurisdiction of the Federal Courts if an action is brought to enforce responsibilities in relation to the environmental review process and that these responsibilities have been satisfied. HUD's approval of the certification satisfies its responsibilities under NEPA and related laws and authorities, and allows the City of New York to use the Section 108 Loan and Economic Development Initiative funds.

HUD will accept objections to its release of funds and the City's certification for a period of fifteen days following the anticipated submission date or its actual receipt of the request (whichever is later) only if they are on one of the following bases: (a) the certification was not executed by the Certifying Officer for the City of New York for the referenced programs; (b) the City of New York has omitted a step or failed to make a decision or finding required by HUD regulations at 24 CFR part 58; (c) the grant recipient has committed funds or incurred costs not authorized by 24 CFR part 58 before approval of a release of funds by HUD; or (d) another Federal agency acting pursuant to 40 CFR part 1504 has submitted a written finding that the project is unsatisfactory from the standpoint of environmental quality. Objections must be prepared and submitted in accordance with the required procedures (24 CFR Part 58) and shall be addressed to the U.S. Department of Housing and Urban Development, Office of Community Planning and Development, 26 Federal Plaza, 35th Floor, New York, New York, 10278. Potential objectors should contact HUD to verify the actual last day of the objection period (anticipated to be September 14, 2006).

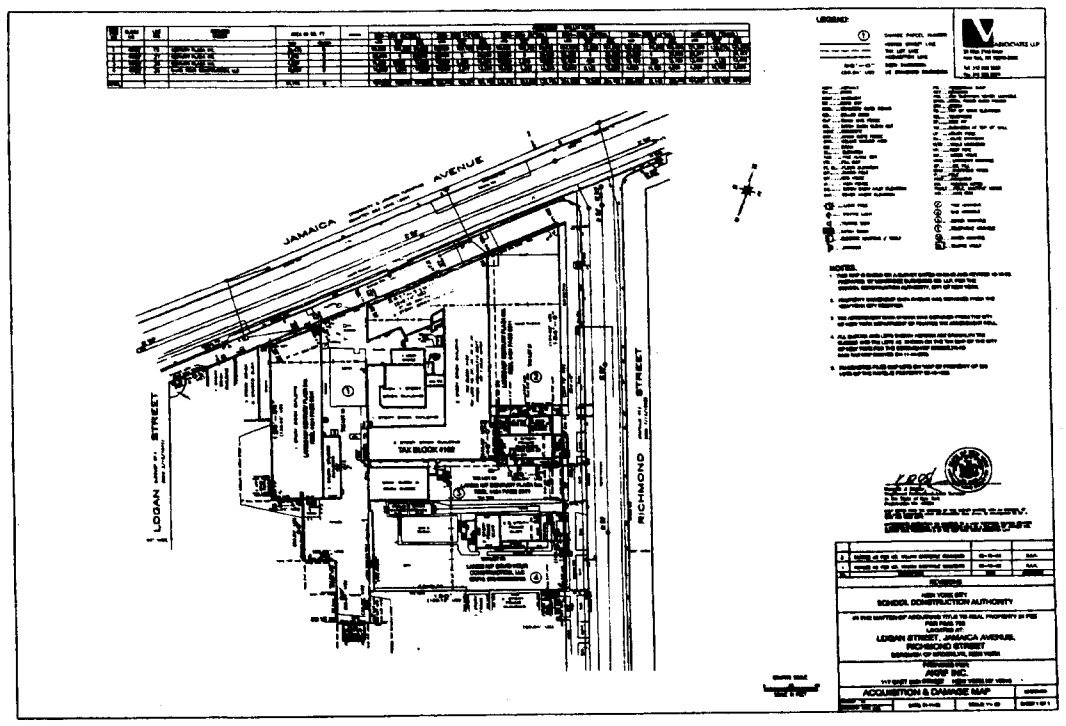
COURT NOTICE MAP FOR NEW YORK CITY SCHOOL CONSTRUCTION AUTHORITY PS/IS 798K



READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council,** 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists--free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

PROCUREMENT POLICY BOARD RULES

The Rules may also be accessed on the City Website, http://NYC.GOV.Selltonyc

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

Article XI – Special Purpose Districts

Chapter 6
Special Stapleton Waterfront District

116-00
GENERAL PURPOSES

The "Special Stapleton Waterfront District" established in this Resolution is designed to promote and protect public health, safety and general welfare. These general goals include among others, the following specific purposes:

(a) encourage design of new development that is in character with the neighborhood and surrounding community;

(b) maintain and reestablish physical and visual public access to and along the waterfront;

(c) strengthen the traditional town center of Stapleton by allowing the development of new residential and commercial uses;

(d) encourage the creation of a lively and attractive environment that will provide daily amenities and services for the use and enjoyment of the working population and the new residents;

(e) take maximum advantage of the beauty of the New York Harbor waterfront, thereby best serving the business community, the residential population and providing regional recreation; and

(f) promote the most desirable use of land and thus conserve and enhance the value of land and buildings, and thereby protect City tax revenues.

116-01
Definitions

For the purposes of this Chapter, matter in italics is defined in Section 12-10 (DEFINITIONS) or in this Section.

Esplanade

The "Esplanade" is a park extending along all waterfront edges of the #Special Stapleton Waterfront District#. The #Esplanade# is shown in the District Plan, Map 1 (Special Stapleton Waterfront District, Subareas and Public Spaces), in the Appendix to this Chapter.

Mandatory front building wall

A "mandatory front building wall" is the front wall of a building that generally coincides with a #mandatory front building wall line#, as provided in Section 116-232 (Street Wall Location).

Mandatory front building wall line

"Mandatory front building wall lines" are imaginary lines extending through Subarea B of the #Special Stapleton Waterfront District# which are shown on Map 3 (Mandatory Front Building Wall Lines) in the Appendix to this Chapter, and with which building walls must generally coincide, as provided in Section 116-232 (Street Wall Location).

Pier Place and the Cove

"Pier Place" and the "Cove" are designated open spaces accessible to the public, located within the #Special Stapleton Waterfront District" as shown in the District Plan, Map 1 in the Appendix to this Chapter.

Upland connection

An "upland connection" is a pedestrian way which provides a public access route from the #Esplanade# to a public sidewalk within a public #street#. Required #upland connections# are shown in the District Plan, Map 5 (Upland Connections and Visual Corridors) in the Appendix to this Chapter.

Visual corridor

A "visual corridor" is a public #street# or tract of land within a #block# that provides a direct and unobstructed view to the water from a vantage point within a public #street#. Required #visual corridors# are shown in the District Plan, Map 5 in the Appendix to this Chapter.

116-02
General Provisions

In harmony with the general purposes and content of this Resolution and the general purposes of the #Special Stapleton Waterfront District#, the provisions of this Chapter shall apply to all #developments#, #enlargements# and changes of #use# within the #Special Stapleton Waterfront District#. The regulations of all other Chapters of this Resolution are applicable except as modified, supplemented or superseded by the provisions of this Chapter. In the event of a conflict between the provisions of this Chapter and other regulations of this Resolution, the provisions of this Chapter shall control.

Within the #Special Stapleton Waterfront District#, the regulations of the underlying C4-2A District shall apply, as modified in this Chapter.

116-03
District Plan and Maps

The District Plan for the #Special Stapleton Waterfront District# identifies specific areas comprising the Special District in which special zoning regulations are established in order to carry out the general purposes of the #Special Stapleton Waterfront District#. These areas shall include the #Esplanade#, Subareas A, B1, B2, B3, B4, B5, C, and two designated public open spaces: the #Cove# and the #Pier Place#.

The District Plan includes the following maps in the Appendix to this Chapter.

Map 1 - Special Stapleton Waterfront District, Subareas and Public Spaces
Map 2 - Ground Floor Use and Frontage Requirements
Map 3 - Mandatory Front Building Wall Lines
Map 4 - Restricted Curb Cut and Off-Street Loading Locations
Map 5 - Upland Connections and Visual Corridors

The maps are hereby incorporated and made part of this Resolution for the purpose of specifying locations where the special regulations and requirements set forth in the text of this Chapter shall apply.

116-04
Subareas

In order to carry out the purposes and provisions of this Chapter, the following subareas are established within the #Special Stapleton Waterfront District#: Subarea A, Subarea B, comprised of Subareas B1, B2, B3, B4 and B5, Subarea C, #Esplanade#, #Pier Place# and the #Cove#. In each of these subareas, special regulations apply that may not apply in other subareas.

116-05
Applicability

The provisions of Article VI, Chapter 2 (Special Regulations Applying in the Waterfront Area) shall not apply in the #Special Stapleton Waterfront District#, except where specifically stated otherwise in this Chapter.

#Lower density growth management area# regulations shall not apply in the #Special Stapleton Waterfront District#.

116-10
SPECIAL USE REGULATIONS

Within the #Special Stapleton Waterfront District#, the following special #use# regulations shall apply. The #use# regulations of the underlying C4-2A District shall be modified by the following Sections 116-101 through 116-13:

116-101
Use Groups 12 and 14
The #uses# listed in Section 32-21 (Use Group 12) shall not be permitted in Subarea C.

The #uses# listed in Section 32-23 (Use Group 14) shall be permitted in the #Special Stapleton Waterfront District#; however, boat storage, repair or painting shall be allowed without restriction relating to boat length.

116-102
Special permit uses

#Physical culture or health establishments# shall be permitted in Subarea B2. The special permit provisions of Section 73-36 shall not apply.

116-103
Supplementary use regulations

The provisions of Section 32-41 (Enclosure within Buildings) shall be modified as follows: In Subarea B3, a Farmers Market may be unenclosed.

The provisions of Section 32-423 (Limitation on ground floor location) shall be modified as follows: In Subareas B1 and B2, the #uses# listed in Section 32-18 (Use Group 9) may be located on the ground floor and within 50 feet of any #street wall# of the #building# and with #show windows# facing on the #street#.

116-11
Special Sign Regulations

The #sign# regulations of the underlying C4-2 District in Section 32-60 (Sign Regulations) shall be modified as follows: #flashing signs# shall not be permitted in the #Special Stapleton Waterfront District#.

116-12
Mandatory Ground Floor Use and Frontage Requirements

The provisions of Section 32-433 (Ground floor use in C1, C2 and C4 Districts in the Borough of Staten Island) shall not apply in the #Special Stapleton Waterfront District#. However, on designated #streets# and #mandatory front building wall lines# in Subareas B3 and C, as shown on Map 2 in the Appendix to this Chapter, the special ground floor #use# and frontage regulations of this Section shall apply to any #development# or #enlargement#.

#Uses# located on the ground floor level, or within two feet of the as-built level of the adjoining sidewalk, shall be limited to the non-#residential uses# permitted by the underlying district regulations, as modified by the special #use# provisions of this Chapter. A building's ground floor frontage shall be allocated exclusively to such #uses#, and shall have a depth of at least 30 feet from the #street wall# of the #building# and extend along the entire width of the #building#, except for lobbies or entrances to #accessory# parking spaces.

In no event shall lobbies and entrances to #accessory# parking spaces occupy more than 50 percent of the building's total frontage along such #street# or #mandatory front building wall line#, or 35 feet, whichever is less. However, the total length of such frontage occupied by such lobbies and entrances need not be less than 25 feet.

116-13
Transparency Requirements

Within the #Special Stapleton Waterfront District#, the transparency requirements of this Section shall apply to any #development# or an #enlargement# where the #enlarged# portion of the ground floor of the #building# is within eight feet of the #street line# and where non-#residential uses# are located on the ground floor level or within two feet of the as-built level of the adjoining sidewalk.

At least 50 percent of a building's front building wall surface shall be glazed and transparent at the ground floor level. For the purpose of the glazing requirements, the building's #street wall# surface at the ground floor level shall be measured from the floor to the height of the ceiling or 14 feet above grade, whichever is less. The lowest point of any transparency that is provided to satisfy the requirements of this Section shall not be higher than four feet above the as-built level of the adjoining sidewalk.

116-20
SPECIAL BULK REGULATIONS

The special #bulk# regulations of this Section shall apply within the #Special Stapleton Waterfront District#.

116-21
Residential Bulk Regulations in C4-2A Districts

The provisions of Sections 34-112 and 35-23 (Residential Bulk Regulations in other C1 or C2 Districts or in C3, C4, C5 or C6 Districts) are modified as follows:

The applicable #bulk# regulations for #residential uses# in C4-2A Districts shall be those for R6B districts.

116-22
Maximum Floor Area Ratio

The maximum #floor area ratio# for all #uses# shall be 2.0.

116-221
Special floor area regulations for mixed buildings

For #buildings# containing #residences#, the area in such #buildings# occupied by non-#residential uses# on the ground floor, or within two feet of the as-built level of the adjoining sidewalk, shall be excluded from the definition of #floor area# in Section 12-10.

116-23
Special Height and Setback Regulations

The special height and setback regulations set forth in this Section shall apply.

116-231
Special rooftop regulations

The provisions of Section 33-42 (Permitted Obstructions) shall apply to all #buildings or other structures# in the #Special Stapleton Waterfront District#, except the provisions of paragraph(c) of Section 33-42 shall not apply. In lieu thereof, the following regulations shall apply:

Elevator or stair bulkheads, roof water tanks, cooling towers or other mechanical equipment (including enclosures) may exceed a maximum height limit provided that either:

(a) the product, in square feet, of the #aggregate width of street walls# of such obstructions facing each #street# frontage, times their average height, in feet, shall not exceed a figure equal to eight times the width, in feet, of the #street wall# of the #building# facing such frontage; or,

(b) the #lot coverage# of all such obstructions does not exceed 20 percent of the #lot coverage# of the #building#, and the height of all such obstructions does not exceed 20 feet.

In addition, dormers may penetrate a maximum base height in accordance with the provisions of paragraph (c) of Section 23-621 (Permitted obstructions in certain districts).

116-232
Street wall location

In Subarea A, the underlying #street wall# location regulations shall apply.

In Subareas B and C, the underlying #street wall# location regulations of a C4-2A District, or an R6B District as applicable, shall be modified as set forth in this Section. Map 3 (Mandatory Front Building Wall Lines) in the Appendix to this Chapter, specifies locations in Subareas B and C where #mandatory front building wall# requirements apply as follows:

(a) Type 1: Front building walls shall be coincident with and extend along the entire length of the #mandatory front building wall line#, except to allow articulation at the intersection of two such lines, the front building wall may be located anywhere within 15 feet of their point of intersection.

(b) Type 2: Front building walls shall be located within eight feet of and extend along at least 70 percent of the length of the #mandatory front building wall line#. For phased #development#, this requirement may be satisfied by more than one # building#, provided that upon completion 70 percent of the length of the #mandatory front building wall line# is occupied by such front building walls.

(c) Wherever Map 3 does not indicate a #mandatory front building wall line#, the underlying #street wall# location rules shall apply.

If more than one #building# is developed in Subareas B1, B2, B3 or B4, the first #building# shall be located along a Type 1 #mandatory front building wall line#. Subsequent buildings shall locate along a Type 2 #mandatory front building wall line# until 70 percent of the length of the #mandatory front building wall line# is occupied.

All #mandatory front building walls# shall rise without setback to a maximum height of 40 feet or the height of the #building#, whichever is less. A #building# may exceed a height of 40 feet, up to the maximum building height specified in Section 116-233 if a setback is provided at a minimum height of 35 feet. Such setback shall have a minimum depth of 10 feet and shall be measured from the front building wall. Recesses shall be permitted on the ground floor where required to provide access to the #building#. Above the ground floor, up to 30 percent of the aggregate width of the front building wall may be recessed. However, in Subarea B2, the #mandatory front building wall# may rise without setback to the permitted maximum height of the #building#.

116-233
Maximum building height

Within the #Special Stapleton Waterfront District#, the maximum height of a #building or other structure# shall not exceed 50 feet, except in Subarea B2 where the maximum height of a #building or other structure# shall not exceed 60 feet.

116-30
SPECIAL ACCESSORY OFF-STREET PARKING AND LOADING REGULATIONS

Within the #Special Stapleton Waterfront District#, the parking and loading regulations of the underlying C4-2A District shall apply, except as modified in this Section.

116-31
Modification of Required Accessory Off-Street Parking Spaces Regulations for Certain Commercial Uses

The following #uses# listed in Section 32-23 (Use Group 14) shall be subject to the parking requirements applicable to a C4-2 District pursuant to Section 62-53 (Parking Requirements for Commercial Docking Facilities):

Boat rentals, open or enclosed [PRC–H]

Docks for ferries, other than #gambling vessels#, limited to an aggregate operational passenger load, per #zoning lot#, of 150 passengers per half hour [PRC-H]

Docks for sightseeing, excursion or sport fishing vessels, other than #gambling vessels#

Docks or mooring facilities for non-commercial pleasure boats [PR-H]

116-32
Modification of Waiver of Requirements

The provisions of Section 36-362(For new development or enlargements in other C1 or C2 Districts or in C4, C5 or C6 Districts) shall not apply.

All other waivers of parking requirements shall only apply to #zoning lots# existing both on (the effective date of amendment) and on the date of application for a building permit.

116-33
Modification of Location of Parking Spaces

For all #zoning lots# with frontage on Front Street, no #accessory# off-street parking spaces shall be located in any open area that is between the #street wall# of the #building# and the Front Street #street line#; except that such spaces may be located between the #street wall# of the #building# and the Front Street #street line# in Subarea B5.

116-34
Location and Width of Curb Cuts

Curb cuts are prohibited in the locations shown on Map 4 (Restricted Curb Cut and Off-Street Loading Locations), in the Appendix to this Chapter.

In Subarea C, for #zoning lots# with access only to Front Street, only one curb cut shall be permitted along Front Street.

Within the #Special Stapleton Waterfront District#, the maximum width of curb cuts shall not exceed 25 feet, including splays.

116-35
Screening and Tree Planting Requirements for Parking Facilities

The provisions of this Section shall apply to any new or #enlarged# open off-street parking facility with ten spaces or more.

(a) Screening

Such off-street parking facilities shall be screened in accordance with the provisions of this Section from all adjoining #zoning lots#, including such #zoning lots# situated across a #street#, and from any designated open space accessible to the public situated on the same #zoning lot#, including the #Esplanade#.

Such screening shall consist of a strip at least four feet wide, densely planted with evergreen shrubs at least four feet high at the time of planting and which are of a type which may be expected to form a year–round dense screen at least six feet high within three years.

#Accessory# parking spaces that front upon a #street# shall be screened by a strip at least four feet wide and densely planted with evergreen shrubs to be maintained at all times at a height not less than two and one-half feet and not more than four feet.

In addition, a wall or barrier or uniformly-painted fence of fire-resistant material at least four feet high but not more than eight feet above finished grade may be provided. Such wall, barrier, or fence must be 100 percent opaque up to a height of four feet above the finished grade of the parking facility and not more than 35 percent opaque above four feet. No chain link fences shall be permitted. All permitted fences shall be located behind landscaped areas when viewed from the street.

Such screening shall be maintained in good condition at all times, may be interrupted by normal entrances or exits, and shall have no signs hung or attached thereto other than those permitted in Sections 32-60 (Sign Regulations) inclusive, or 62-674 (Signage).

(b) Tree planting requirements

Trees, pre-existing or newly-planted, shall be provided at the rate of one tree for every eight open parking spaces within the off-street parking facility and may be located on the perimeter of the parking facility or in planting islands within the parking area. For parking facilities with more than 25 open parking spaces, at least 30 percent of trees provided to meet this requirement shall be located in planting islands within the parking area. Trees shall be planted in accordance with the requirements of the Department of Parks and Recreation.

116-40
UPLAND CONNECTIONS AND VISUAL CORRIDORS

116-41
Upland Connections

In the locations shown on Map 5 (Upland Connections and Visual Corridors) in the Appendix to this Chapter, #upland connections# shall be provided. An #upland connection# traversing a #zoning lot# shall consist of a single pedestrian circulation zone bordered continuously along both sides by buffer zones.

(a) Required Dimensions

The minimum width of the #upland connection# shall be 30 feet, within which the pedestrian circulation zone shall have a minimum width of 16 feet and each buffer zone shall have a minimum width of seven feet. When an #upland connection# or a portion thereof is located within a private drive, no buffer zone is required.

(b) Buffer zone

The provisions of paragraph(b)(2)of Section 62-62 (General Requirements for Public Access Areas) shall apply.

(c) Permitted Obstructions

The provisions of Section 62-626 (Permitted obstructions) shall apply to #upland connections# within the #Special Stapleton Waterfront District#. Certain permitted obstructions listed in sub-paragraph (a)(2)(iii)of Section 62-626, are further subject to the tree and planting requirements of Section 62-675. WD (Water-dependent)uses referenced in paragraph (c) of Section 62-626 shall be as listed in Section 62-211.

116-42
Visual Corridors

#Visual corridors# shall be provided for #developments# in the locations shown on Map 5 in the Appendix to this Chapter. Such #visual corridors# shall be subject to the requirements of Section 116-522 (Design requirements for visual corridors).

116-50
Special Urban Design Requirements

The special urban design requirements of this Section, inclusive, shall apply to all #developments# and #enlargements# within the #Special Stapleton Waterfront District#:

116-51
#Street# trees

#Street# trees, pre-existing or newly-planted, shall be provided along the entire length of the #street# frontage of the #zoning lot#. The trees shall be located between the #front lot line# and the curb line and shall be provided at the rate of one tree for each 25 feet of frontage. Trees shall be planted in accordance with the requirements of the Department of Parks and Recreation.

116-52
Design Requirements for Upland Connections and Visual Corridors

116-521
Design requirements for upland connections

(a) Circulation and access

(1) Where an #upland connection# is located within a private drive, a circulation path with a minimum clear width of six feet shall be provided in each pedestrian circulation zone. The remaining area shall be planted pursuant to the provisions of paragraph (c) of this Section.

(2) All other #upland connections# through #zoning lots# shall have a circulation path with a minimum clear width equal to the minimum required width of the pedestrian circulation zone.

(b) Seating

For #upland connections# 100 feet in length or greater, a minimum of 24 linear feet of seating shall be provided.

(c) Planting

Where an #upland connection# is located within a private drive, a single row of shade trees shall be planted adjoining a required circulation path in accordance with the standards of Section 62-675 (Planting and trees). Within all #upland connections#, any unpaved area shall be planting area.

116-522
Design requirements for visual corridors

The requirements of this Section shall apply to all #visual corridors#. When a #visual corridor# coincides with an #upland connection#, the provisions of Section 116-521 (Design requirements for upland connections) shall also apply.

No #building or other structure# shall be erected within the width of a #visual corridor#, except as provided in this Section. #Visual corridors# shall be the width of the #street# but shall not be less than 50 feet wide.

Permitted obstructions within #visual corridors# shall be limited to:

(a) boats, ships or other vessels, and #floating structures# permitted as-of-right by paragraph (a)of Section 62-25 (Uses on Floating Structures);

(b) any moving or parked vehicles or street furniture, including but not limited to, benches, seats, kiosks, carts and open display booths, lighting fixtures, flagpoles, trash receptacles, drinking fountains and public telephones;

(c) guardrails and fences provided they comply with the design standards of Section 62-671 (Guardrails, gates and other protective barriers), except that fences may be eight feet high;

(d) sculpture;

(e) planting areas, provided that no shade trees are planted within a 15 foot wide area along both sides of the center line of the #visual corridor#; and

(f) those obstructions permitted in #rear yards# as listed in Section 23-44 (Permitted Obstructions in Required Yards or Rear Yard Equivalents), except walls exceeding four feet in height shall not be permitted.

116-53
Waterfront public access signage

The New York City Waterfront Symbol Plaque shall be used to direct the public to waterfront public access areas including the #Esplanade# and #upland connections# and to identify the entry points of these areas. Such signage shall be provided in accordance with requirements of Section 62-674 (Signage).

116-54
Refuse Storage Areas
Refuse shall be stored within a completely enclosed #building#.

SCHOOL CONSTRUCTION AUTHORITY

■ NOTICE

NOTICE OF PUBLIC HEARING PURSUANT TO ARTICLE 8 OF THE NEW YORK STATE ENVIRONMENTAL CONSERVATION LAW FOR THE MOTT HAVEN SCHOOL CAMPUS PROJECT

The New York City School Construction Authority ("SCA") shall conduct a public hearing on Wednesday, September 6, 2006, at 4:00 P.M. at P.S. 156, located at 750 Concourse Village West, Bronx, New York. The hearing is being held pursuant to Article 8 of the New York State Environmental Conservation Law, and concerns the Draft Environmental Impact Statement ("DEIS") that has been prepared to address potential significant adverse environmental impacts resulting from the proposed project.

The proposed project involves the construction of a new school facility accommodating a total of approximately 2,400 students on a former rail yard that adjoins P.S. 156. The proposed site is currently bounded by Concourse Village West to the west, P.S. 156 and I.S. 151 to the north, the MTA Metro-North Railroad right-of-way and Concourse Village East to the east, and the right-of-way for the planned East 153rd Street to the south (Block 2443, portion of Lot 78). The site is vacant, owned by the City of New York, and is under the control of the New York City Department of Education. The project is a State Environmental Quality Review Type I action.

The purpose of this hearing is to receive comments on the DEIS that has been prepared for the proposed project. All interested persons are invited to attend the hearing and to present oral and/or written statements concerning the DEIS. The SCA will continue to accept written comments on the DEIS at the address listed below until the close of business on September 18, 2006.

The DEIS is available for examination during normal business hours at the SCA Legal Department, located at 30-30 Thomson Avenue, Long Island City, New York, 11101. The DEIS is also available on the SCA's website (http://www.nycsca.org). For further information, contact Ross J. Holden, SCA Vice President & General Counsel, at (718) 472-8220.

PROCUREMENT

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination. As part of this effort, the City is pleased to announce the following contracting opportunities for construction/construction services and construction-related services.

ARCHITECTURAL/ENGINEERING REQUIREMENTS CONTRACTS – Competitive Sealed Proposals – Judgment required in evaluating proposals - PIN# 04207DDCM002 – DUE 09-06-06 AT 3:00 P.M. – The City University of New York (CUNY) is New York City's public university system, CUNY, was created in 1847, and is the third largest university system in the nation; it is comprised of eleven senior colleges, six community colleges, a graduate school, a law school, a school of biomedical education, a graduate school of journalism and a central office ("Colleges"). Historically, the Department of Design, Construction and Management ("DDCM") issued RFP's to solicit proposals for Architectural/Engineering services on an individual project basis. This "by project" solicitation process is burdensome, inefficient, expensive to adminsiter, and does not allow DDCM to expeditiously meet the needs of the University. This is crucial for the University's older colleges, where the ability to act quickly can mitigate further damages to the College infrastructure. To address this need, DDCM is seeking to award up to twenty-four (24) separate requirements contracts to provide Architectural/Engineering services on an expedited "As needed" term basis for small, medium and large projects with a cap of $5 million dollar.
Requirements: Interested, proposing entities should submit seven (7) copies of their firm brochure, a list of client names and telephone numbers, their latest SF254 and 255 forms of SF330 form, a copy of their EEO Policy Statements, their latest audited financial statement, a document which lists and describes in detail work/contracts of similar nature, with a list of the proposed project team. Proposing entities shall: demonstrate their ability to perform requested services based on prior related experience in the design and programming specialties for higher education facilities in similar urban environments, and shall submit examples of comparable, satisfactorily completed projects. Proposing entities shall be licensed to practice in the State of New York. Selection of proposing entities shall be made in accordance with CUNY policies and solicitation procedures. Minority Sub-Contracting Goals: 20%. Women-Owned Sub-Contracting Goals: 10%.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/blueprints; other information; and for opening and reading of bids at date and time specified above.

HOUSING AUTHORITY

■ NOTICE

The New York City Housing Authority will be conducting an informational conference for both established and prospective NYCHA paint contractors concerning significant revisions to the painting program and existing pre-qualification process. The revisions include elimination of the bonding requirement for most contracts under $500,000.00 and mandatory participation in a New York State or United States Department of Labor apprenticeship program for contracts at or above $500,000.00.

The pre-qualification process and the painting program will be explained in detail by the Contract Services Unit of the Technical Services Department. Additionally, representatives of the Office of the Inspector General, Law Department, Resident Employment Services and the Department of Equal Opportunity will be on hand to answer any questions you may have.

Attendance is strongly recommended if your firm wishes to begin, or continue to, competitively bid on NYCHA painting contracts.

The conference will be held on Friday, August 25th from 10:00 A.M. - 12:00 P.M. at the Breukelen Houses Community Center located at 715 East 105th Street between Flatlands and Glenwood Aves. in Brooklyn.

Please contact Steven Vetrano prior to the conference date at (718) 707-7778 to confirm your attendance.

OFFICE OF MANAGEMENT AND BUDGET

■ NOTICE

OFFICE OF MANAGEMENT AND BUDGET
NEW YORK CITY ECONOMIC DEVELOPMENT CORPORATION

SECTION 108 LOAN & ECONOMIC DEVELOPMENT INITIATIVE PROGRAMS

NOTICE OF FINDING OF NO SIGNIFICANT EFFECT ON THE ENVIRONMENT AND INTENT TO REQUEST RELEASE OF FUNDS

TO ALL INTERESTED AGENCIES, COMMUNITY BOARDS, GROUPS AND PERSONS:

Regulations promulgated under Title 1 of the Housing and Community Development Act of 1974 require that an Environmental Review Record (ERR) be prepared for activities to be funded under Title 1. The ERR must include a determination whether the proposed activity significantly affects the quality of the human environment. Accordingly, on August 30, 2006, the City of New York will submit to the U.S. Department of Housing and Urban Development (HUD) its Request for Release of Funds for the following project.

Foundation for Dance Promotion Inc., Cultural Facility Project
The Foundation for Dance Promotion Inc. (d/b/a the "Bill T. Jones/Arnie Zane Dance Company") proposes to create the Cultural Facility Project by acquiring and constructing an approximately 32,000 square foot, four-story condominium unit above a Grid Properties, Inc. retail development located at 261 W. 125th Street in Manhattan. The Cultural Facility Project will comprise a black box performance space, 4-5 high quality dance and theater rehearsal studios for the profit and not-for-profit arts and entertainment community and rental and administrative offices for the Bill T. Jones/Arnie Zane Dance Company, Inc. The Cultural Facility Project will serve as a cultural anchor to the redevelopment of the 125th Street corridor. The Cultural Facility Project will also create a permanent home for the Bill T. Jones/Arnie Zane Dance Company, Inc. by allowing it to expand its operations, and provide classes and services for adults and children in the Harlem community in its rehearsal studios.

The proposed Cultural Facility Project has a total development cost of approximately $35.3 million. The City has received a HUD Economic Development Initiative Grant of $2 million to complement the requested Section 108 Loan of $3 million to assist in financing the Cultural Facility Project. The proposed activities meet the Section 108 Loan Program's economic development eligibility requirements at 24 CFR Part 570.703(a) and (i)(1)(2) and the national objective requirement at 570.208(a)(1)(i). The City of New York is pledging its future Community Development Block Grant funds as a condition of receiving the Section 108 Loan Guarantee. Community Development funds are pledged as security to ensure repayment.

The City of New York has determined that the project will have no significant impact on the human environment. Therefore, an Environmental Impact Statement (EIS) under the National Environmental Policy Act of 1969 is not required. Additional project information is contained in the ERR on file at the New York City Economic Development Corporation, 110 William Street, New York, New York 10038, between 10:00 A.M. AND 5:00 P.M., Monday through Friday. Please call Marysa Wilcox at (212) 312-4216 to obtain a copy of the document. Any individual, group, or agency disagreeing with this determination or wishing to comment on the project may submit written comments to Ms. Wilcox at the afore-mentioned address. All comments received by August 29th will be considered by the City of New York prior to authorizing submission of a request for release of funds.

The City of New York will undertake the project described above with Section 108 Loan and Economic Development Initiative funds from HUD, under Title I. The City of New York is certifying to HUD that the City and Budget Director Mark Page, in his official capacity as the Certifying Officer for the Community Development Block Grant, Section 108 Loan and Economic Development Initiative Programs consent to accept the jurisdiction of the Federal Courts if an action is brought to enforce responsibilities in relation to the environmental review process and that these responsibilities have been satisfied. HUD's approval of the certification satisfies its responsibilities under NEPA and related laws and authorities, and allows the City of New York to use the Section 108 Loan and Economic Development Initiative funds.

HUD will accept objections to its release of funds and the City's certification for a period of fifteen days following the anticipated submission date or its actual receipt of the request (whichever is later) only if they are on one of the following bases: (a) the certification was not executed by the Certifying Officer for the City of New York for the referenced programs; (b) the City of New York has omitted a step or failed to make a decision or finding required by HUD regulations at 24 CFR part 58; (c) the grant recipient has committed funds or incurred costs not authorized by 24 CFR part 58 before approval of a release of funds by HUD; or (d) another Federal agency acting pursuant to 40 CFR part 1504 has submitted a written finding that the project is unsatisfactory from the standpoint of environmental quality. Objections must be prepared and submitted in accordance with the required procedures (24 CFR Part 58) and shall be addressed to the U.S. Department of Housing and Urban Development, Office of Community Planning and Development, 26 Federal Plaza, 35th Floor, New York, New York, 10278. Potential objectors should contact HUD to verify the actual last day of the objection period (anticipated to be September 14, 2006).

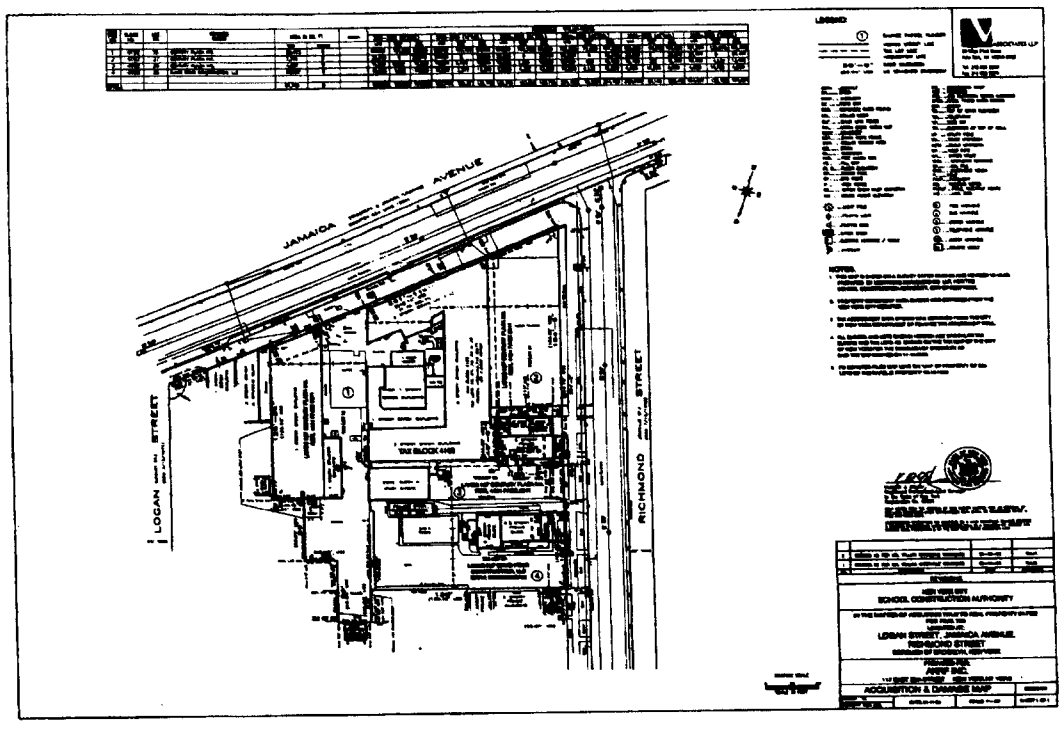
COURT NOTICE MAP FOR NEW YORK CITY SCHOOL CONSTRUCTION AUTHORITY PS/IS 798K



READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council**, 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists--free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

PROCUREMENT POLICY BOARD RULES

The Rules may also be accessed on the City Website, http://NYC.GOV.Selltonyc

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

Article XI – Special Purpose Districts

Chapter 6
Special Stapleton Waterfront District

116-00
GENERAL PURPOSES

The "Special Stapleton Waterfront District" established in this Resolution is designed to promote and protect public health, safety and general welfare. These general goals include among others, the following specific purposes:

(a) encourage design of new development that is in character with the neighborhood and surrounding community;

(b) maintain and reestablish physical and visual public access to and along the waterfront;

(c) strengthen the traditional town center of Stapleton by allowing the development of new residential and commercial uses;

(d) encourage the creation of a lively and attractive environment that will provide daily amenities and services for the use and enjoyment of the working population and the new residents;

(e) take maximum advantage of the beauty of the New York Harbor waterfront, thereby best serving the business community, the residential population and providing regional recreation; and

(f) promote the most desirable use of land and thus conserve and enhance the value of land and buildings, and thereby protect City tax revenues.

116-01
Definitions

For the purposes of this Chapter, matter in italics is defined in Section 12-10 (DEFINITIONS) or in this Section.

Esplanade

The "Esplanade" is a park extending along all waterfront edges of the #Special Stapleton Waterfront District#. The #Esplanade# is shown in the District Plan, Map 1 (Special Stapleton Waterfront District, Subareas and Public Spaces), in the Appendix to this Chapter.

Mandatory front building wall

A "mandatory front building wall" is the front wall of a building that generally coincides with a #mandatory front building wall line#, as provided in Section 116-232 (Street Wall Location).

Mandatory front building wall line

"Mandatory front building wall lines" are imaginary lines extending through Subarea B of the #Special Stapleton Waterfront District# which are shown on Map 3 (Mandatory Front Building Wall Lines) in the Appendix to this Chapter, and with which building walls must generally coincide, as provided in Section 116-232 (Street Wall Location).

Pier Place and the Cove

"Pier Place" and the "Cove" are designated open spaces accessible to the public, located within the #Special Stapleton Waterfront District" as shown in the District Plan, Map 1 in the Appendix to this Chapter.

Upland connection

An "upland connection" is a pedestrian way which provides a public access route from the #Esplanade# to a public sidewalk within a public #street#. Required #upland connections# are shown in the District Plan, Map 5 (Upland Connections and Visual Corridors) in the Appendix to this Chapter.

Visual corridor

A "visual corridor" is a public #street# or tract of land within a #block# that provides a direct and unobstructed view to the water from a vantage point within a public #street#. Required #visual corridors# are shown in the District Plan, Map 5 in the Appendix to this Chapter.

116-02
General Provisions

In harmony with the general purposes and content of this Resolution and the general purposes of the #Special Stapleton Waterfront District#, the provisions of this Chapter shall apply to all #developments#, #enlargements# and changes of #use# within the #Special Stapleton Waterfront District#. The regulations of all other Chapters of this Resolution are applicable except as modified, supplemented or superseded by the provisions of this Chapter. In the event of a conflict between the provisions of this Chapter and other regulations of this Resolution, the provisions of this Chapter shall control.

Within the #Special Stapleton Waterfront District#, the regulations of the underlying C4-2A District shall apply, as modified in this Chapter.

116-03
District Plan and Maps

The District Plan for the #Special Stapleton Waterfront District# identifies specific areas comprising the Special District in which special zoning regulations are established in order to carry out the general purposes of the #Special Stapleton Waterfront District#. These areas shall include the #Esplanade#, Subareas A, B1, B2, B3, B4, B5, C, and two designated public open spaces: the #Cove# and the #Pier Place#.

The District Plan includes the following maps in the Appendix to this Chapter.

Map 1 - Special Stapleton Waterfront District, Subareas and Public Spaces
Map 2 - Ground Floor Use and Frontage Requirements
Map 3 - Mandatory Front Building Wall Lines
Map 4 - Restricted Curb Cut and Off-Street Loading Locations
Map 5 - Upland Connections and Visual Corridors

The maps are hereby incorporated and made part of this Resolution for the purpose of specifying locations where the special regulations and requirements set forth in the text of this Chapter shall apply.

116-04
Subareas

In order to carry out the purposes and provisions of this Chapter, the following subareas are established within the #Special Stapleton Waterfront District#: Subarea A, Subarea B, comprised of Subareas B1, B2, B3, B4 and B5, Subarea C, #Esplanade#, #Pier Place# and the #Cove#. In each of these subareas, special regulations apply that may not apply in other subareas.

116-05
Applicability

The provisions of Article VI, Chapter 2 (Special Regulations Applying in the Waterfront Area) shall not apply in the #Special Stapleton Waterfront District#, except where specifically stated otherwise in this Chapter.

#Lower density growth management area# regulations shall not apply in the #Special Stapleton Waterfront District#.

116-10
SPECIAL USE REGULATIONS

Within the #Special Stapleton Waterfront District#, the following special #use# regulations shall apply. The #use# regulations of the underlying C4-2A District shall be modified by the following Sections 116-101 through 116-13:

116-101
Use Groups 12 and 14

The #uses# listed in Section 32-21 (Use Group 12) shall not be permitted in Subarea C.

The #uses# listed in Section 32-23 (Use Group 14) shall be permitted in the #Special Stapleton Waterfront District#; however, boat storage, repair or painting shall be allowed without restriction relating to boat length.

116-102
Special permit uses

#Physical culture or health establishments# shall be permitted in Subarea B2. The special permit provisions of Section 73-36 shall not apply.

116-103
Supplementary use regulations

The provisions of Section 32-41 (Enclosure within Buildings) shall be modified as follows: In Subarea B3, a Farmers Market may be unenclosed.

The provisions of Section 32-423 (Limitation on ground floor location) shall be modified as follows: In Subareas B1 and B2, the #uses# listed in Section 32-18 (Use Group 9) may be located on the ground floor and within 50 feet of any #street wall# of the #building# and with #show windows# facing on the #street#.

116-11
Special Sign Regulations

The #sign# regulations of the underlying C4-2 District in Section 32-60 (Sign Regulations) shall be modified as follows: #flashing signs# shall not be permitted in the #Special Stapleton Waterfront District#.

116-12
Mandatory Ground Floor Use and Frontage Requirements

The provisions of Section 32-433 (Ground floor use in C1, C2 and C4 Districts in the Borough of Staten Island) shall not apply in the #Special Stapleton Waterfront District#. However, on designated #streets# and #mandatory front building wall lines# in Subareas B3 and C, as shown on Map 2 in the Appendix to this Chapter, the special ground floor #use# and frontage regulations of this Section shall apply to any #development# or #enlargement#.
#Uses# located on the ground floor level, or within two feet of the as-built level of the adjoining sidewalk, shall be limited to the non-#residential uses# permitted by the underlying district regulations, as modified by the special #use# provisions of this Chapter. A building's ground floor frontage shall be allocated exclusively to such #uses#, and shall have a depth of at least 30 feet from the #street wall# of the #building# and extend along the entire width of the #building#, except for lobbies or entrances to #accessory# parking spaces.

In no event shall lobbies and entrances to #accessory# parking spaces occupy more than 50 percent of the building's total frontage along such #street# or #mandatory front building wall line#, or 35 feet, whichever is less. However, the total length of such frontage occupied by such lobbies and entrances need not be less than 25 feet.

116-13
Transparency Requirements

Within the #Special Stapleton Waterfront District#, the transparency requirements of this Section shall apply to any #development# or an #enlargement# where the #enlarged# portion of the ground floor of the #building# is within eight feet of the #street line# and where non-#residential uses# are located on the ground floor level or within two feet of the as-built level of the adjoining sidewalk.

At least 50 percent of a building's front building wall surface shall be glazed and transparent at the ground floor level. For the purpose of the glazing requirements, the building's #street wall# surface at the ground floor level shall be measured from the floor to the height of the ceiling or 14 feet above grade, whichever is less. The lowest point of any transparency that is provided to satisfy the requirements of this Section shall not be higher than four feet above the as-built level of the adjoining sidewalk.

116-20
SPECIAL BULK REGULATIONS

The special #bulk# regulations of this Section shall apply

within the #Special Stapleton Waterfront District#.

116-21
Residential Bulk Regulations in C4-2A Districts

The provisions of Sections 34-112 and 35-23 (Residential Bulk Regulations in other C1 or C2 Districts or in C3, C4, C5 or C6 Districts) are modified as follows:

The applicable #bulk# regulations for #residential uses# in C4-2A Districts shall be those for R6B districts.

116-22
Maximum Floor Area Ratio

The maximum #floor area ratio# for all #uses# shall be 2.0.

116-221
Special floor area regulations for mixed buildings

For #buildings# containing #residences#, the area in such #buildings# occupied by non-#residential uses# on the ground floor, or within two feet of the as-built level of the adjoining sidewalk, shall be excluded from the definition of #floor area# in Section 12-10.

116-23
Special Height and Setback Regulations

The special height and setback regulations set forth in this Section shall apply.

116-231
Special rooftop regulations

The provisions of Section 33-42 (Permitted Obstructions) shall apply to all #buildings or other structures# in the #Special Stapleton Waterfront District#, except the provisions of paragraph(c) of Section 33-42 shall not apply. In lieu thereof, the following regulations shall apply:

Elevator or stair bulkheads, roof water tanks, cooling towers or other mechanical equipment (including enclosures) may exceed a maximum height limit provided that either:

(a) the product, in square feet, of the #aggregate width of street walls# of such obstructions facing each #street# frontage, times their average height, in feet, shall not exceed a figure equal to eight times the width, in feet, of the #street wall# of the #building# facing such frontage; or,

(b) the #lot coverage# of all such obstructions does not exceed 20 percent of the #lot coverage# of the #building#, and the height of all such obstructions does not exceed 20 feet.

In addition, dormers may penetrate a maximum base height in accordance with the provisions of paragraph (c) of Section 23-621 (Permitted obstructions in certain districts).

116-232
Street wall location

In Subarea A, the underlying #street wall# location regulations shall apply.

In Subareas B and C, the underlying #street wall# location regulations of a C4-2A District, or an R6B District as applicable, shall be modified as set forth in this Section. Map 3 (Mandatory Front Building Wall Lines) in the Appendix to this Chapter, specifies locations in Subareas B and C where #mandatory front building wall# requirements apply as follows:

(a) Type 1: Front building walls shall be coincident with and extend along the entire length of the #mandatory front building wall line#, except to allow articulation at the intersection of two such lines, the front building wall may be located anywhere within 15 feet of their point of intersection.

(b) Type 2: Front building walls shall be located within eight feet of and extend along at least 70 percent of the length of the #mandatory front building wall line#. For phased #development#, this requirement may be satisfied by more than one # building#, provided that upon completion 70 percent of the length of the #mandatory front building wall line# is occupied by such front building walls.

(c) Wherever Map 3 does not indicate a #mandatory front building wall line#, the underlying #street wall# location rules shall apply.

If more than one #building# is developed in Subareas B1, B2, B3 or B4, the first #building# shall be located along a Type 1 #mandatory front building wall line#. Subsequent buildings shall locate along a Type 2 #mandatory front building wall line# until 70 percent of the length of the #mandatory front building wall line# is occupied.

All #mandatory front building walls# shall rise without setback to a maximum height of 40 feet or the height of the #building#, whichever is less. A #building# may exceed a height of 40 feet, up to the maximum building height specified in Section 116-233 if a setback is provided at a minimum height of 35 feet. Such setback shall have a minimum depth of 10 feet and shall be measured from the front building wall. Recesses shall be permitted on the ground floor where required to provide access to the #building#. Above the ground floor, up to 30 percent of the aggregate width of the front building wall may be recessed. However, in Subarea B2, the #mandatory front building wall# may rise without setback to the permitted maximum height of the #building#.

116-233
Maximum building height

Within the #Special Stapleton Waterfront District#, the maximum height of a #building or other structure# shall not exceed 50 feet, except in Subarea B2 where the maximum height of a #building or other structure# shall not exceed 60 feet.

116-30
SPECIAL ACCESSORY OFF-STREET PARKING AND LOADING REGULATIONS

Within the #Special Stapleton Waterfront District#, the parking and loading regulations of the underlying C4-2A District shall apply, except as modified in this Section.

116-31
Modification of Required Accessory Off-Street Parking Spaces Regulations for Certain Commercial Uses

The following #uses# listed in Section 32-23 (Use Group 14) shall be subject to the parking requirements applicable to a C4-2 District pursuant to Section 62-53 (Parking Requirements for Commercial Docking Facilities):

Boat rentals, open or enclosed [PRC–H]

Docks for ferries, other than #gambling vessels#, limited to an aggregate operational passenger load, per #zoning lot#, of 150 passengers per half hour [PRC-H]

Docks for sightseeing, excursion or sport fishing vessels, other than #gambling vessels#

Docks or mooring facilities for non-commercial pleasure boats [PR-H]

116-32
Modification of Waiver of Requirements

The provisions of Section 36-362(For new development or enlargements in other C1 or C2 Districts or in C4, C5 or C6 Districts) shall not apply.

All other waivers of parking requirements shall only apply to #zoning lots# existing both on (the effective date of amendment) and on the date of application for a building permit.

116-33
Modification of Location of Parking Spaces

For all #zoning lots# with frontage on Front Street, no #accessory# off-street parking spaces shall be located in any open area that is between the #street wall# of the #building# and the Front Street #street line#; except that such spaces may be located between the #street wall# of the #building# and the Front Street #street line# in Subarea B5.

116-34
Location and Width of Curb Cuts

Curb cuts are prohibited in the locations shown on Map 4 (Restricted Curb Cut and Off-Street Loading Locations), in the Appendix to this Chapter.

In Subarea C, for #zoning lots# with access only to Front Street, only one curb cut shall be permitted along Front Street.

Within the #Special Stapleton Waterfront District#, the maximum width of curb cuts shall not exceed 25 feet, including splays.

116-35
Screening and Tree Planting Requirements for Parking Facilities

The provisions of this Section shall apply to any new or #enlarged# open off-street parking facility with ten spaces or more.

(a) Screening

Such off-street parking facilities shall be screened in accordance with the provisions of this Section from all adjoining #zoning lots#, including such #zoning lots# situated across a #street#, and from any designated open space accessible to the public situated on the same #zoning lot#, including the #Esplanade#.

Such screening shall consist of a strip at least four feet wide, densely planted with evergreen shrubs at least four feet high at the time of planting and which are of a type which may be expected to form a year–round dense screen at least six feet high within three years.

#Accessory# parking spaces that front upon a #street# shall be screened by a strip at least four feet wide and densely planted with evergreen shrubs to be maintained at all times at a height not less than two and one-half feet and not more than four feet.

In addition, a wall or barrier or uniformly-painted fence of fire-resistant material at least four feet high but not more than eight feet above finished grade may be provided. Such wall, barrier, or fence must be 100 percent opaque up to a height of four feet above the finished grade of the parking facility and not more than 35 percent opaque above four feet. No chain link fences shall be permitted. All permitted fences shall be located behind landscaped areas when viewed from the street.

Such screening shall be maintained in good condition at all times, may be interrupted by normal entrances or exits, and shall have no signs hung or attached thereto other than those permitted in Sections 32-60 (Sign Regulations) inclusive, or 62-674 (Signage).

(b) Tree planting requirements

Trees, pre-existing or newly-planted, shall be provided at the rate of one tree for every eight open parking spaces within the off-street parking facility and may be located on the perimeter of the parking facility or in planting islands within the parking area. For parking facilities with more than 25 open parking spaces, at least 30 percent of trees provided to meet this requirement shall be located in planting islands within the parking area. Trees shall be planted in accordance with the requirements of the Department of Parks and Recreation.

116-40
UPLAND CONNECTIONS AND VISUAL CORRIDORS

116-41
Upland Connections

In the locations shown on Map 5 (Upland Connections and Visual Corridors) in the Appendix to this Chapter, #upland connections# shall be provided. An #upland connection# traversing a #zoning lot# shall consist of a single pedestrian circulation zone bordered continuously along both sides by buffer zones.

(a) Required Dimensions

The minimum width of the #upland connection# shall be 30 feet, within which the pedestrian circulation zone shall have a minimum width of 16 feet and each buffer zone shall have a minimum width of seven feet. When an #upland connection# or a portion thereof is located within a private drive, no buffer zone is required.

(b) Buffer zone

The provisions of paragraph(b)(2)of Section 62-62 (General Requirements for Public Access Areas) shall apply.

(c) Permitted Obstructions

The provisions of Section 62-626 (Permitted obstructions) shall apply to #upland connections# within the #Special Stapleton Waterfront District#. Certain permitted obstructions listed in sub-paragraph (a)(2)(iii)of Section 62-626, are further subject to the tree and planting requirements of Section 62-675. WD (Water-dependent)uses referenced in paragraph (c) of Section 62-626 shall be as listed in Section 62-211.

116-42
Visual Corridors

#Visual corridors# shall be provided for #developments# in the locations shown on Map 5 in the Appendix to this Chapter. Such #visual corridors# shall be subject to the requirements of Section 116-522 (Design requirements for visual corridors).

116-50
Special Urban Design Requirements

The special urban design requirements of this Section, inclusive, shall apply to all #developments# and #enlargements# within the #Special Stapleton Waterfront District#:

116-51
#Street# trees

#Street# trees, pre-existing or newly-planted, shall be provided along the entire length of the #street# frontage of the #zoning lot#. The trees shall be located between the #front lot line# and the curb line and shall be provided at the rate of one tree for each 25 feet of frontage. Trees shall be planted in accordance with the requirements of the Department of Parks and Recreation.

116-52
Design Requirements for Upland Connections and Visual Corridors

116-521
Design requirements for upland connections

(a) Circulation and access

(1) Where an #upland connection# is located within a private drive, a circulation path with a minimum clear width of six feet shall be provided in each pedestrian circulation zone. The remaining area shall be planted pursuant to the provisions of paragraph (c) of this Section.

(2) All other #upland connections# through #zoning lots# shall have a circulation path with a minimum clear width equal to the minimum required width of the pedestrian circulation zone.

(b) Seating

For #upland connections# 100 feet in length or greater, a minimum of 24 linear feet of seating shall be provided.

(c) Planting

Where an #upland connection# is located within a private drive, a single row of shade trees shall be planted adjoining a required circulation path in accordance with the standards of Section 62-675 (Planting and trees). Within all #upland connections#, any unpaved area shall be planting area.

116-522
Design requirements for visual corridors

The requirements of this Section shall apply to all #visual

corridors#. When a #visual corridor# coincides with an #upland connection#, the provisions of Section 116-521 (Design requirements for upland connections) shall also apply.

No #building or other structure# shall be erected within the width of a #visual corridor#, except as provided in this Section. #Visual corridors# shall be the width of the #street# but shall not be less than 50 feet wide.

Permitted obstructions within #visual corridors# shall be limited to:

(a) boats, ships or other vessels, and #floating structures# permitted as-of-right by paragraph (a)of Section 62-25 (Uses on Floating Structures);

(b) any moving or parked vehicles or street furniture, including but not limited to, benches, seats, kiosks, carts and open display booths, lighting fixtures, flagpoles, trash receptacles, drinking fountains and public telephones;

(c) guardrails and fences provided they comply with the design standards of Section 62-671 (Guardrails, gates and other protective barriers), except that fences may be eight feet high;

(d) sculpture;

(e) planting areas, provided that no shade trees are planted within a 15 foot wide area along both sides of the center line of the #visual corridor#; and

(f) those obstructions permitted in #rear yards# as listed in Section 23-44 (Permitted Obstructions in Required Yards or Rear Yard Equivalents), except walls exceeding four feet in height shall not be permitted.

116-53
Waterfront public access signage

The New York City Waterfront Symbol Plaque shall be used to direct the public to waterfront public access areas including the #Esplanade# and #upland connections# and to identify the entry points of these areas. Such signage shall be provided in accordance with requirements of Section 62-674 (Signage).

116-54
Refuse Storage Areas

Refuse shall be stored within a completely enclosed #building#.

PROCUREMENT

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination. As part of this effort, the City is pleased to announce the following contracting opportunities for construction/construction services and construction-related services.

CITY UNIVERSITY

DEPT. OF DESIGN, CONSTRUCTION & MANAGEMENT

SOLICITATIONS

Construction Related Services

ARCHITECTURAL/ENGINEERING REQUIREMENTS CONTRACTS – Competitive Sealed Proposals – Judgment required in evaluating proposals - PIN# 04207DDCM002 – DUE 09-06-06 AT 3:00 P.M. – The City University of New York (CUNY) is New York City's public university system, CUNY, was created in 1847, and is the third largest university system in the nation; it is comprised of eleven senior colleges, six community colleges, a graduate school, a law school, a school of biomedical education, a graduate school of journalism and a central office ("Colleges"). Historically, the Department of Design, Construction and Management ("DDCM") issued RFP's to solicit proposals for Architectural/Engineering services on an individual project basis. This "by project" solicitation process is burdensome, inefficient, expensive to adminsiter, and does not allow DDCM to expeditiously meet the needs of the University. This is crucial for the University's older colleges, where the ability to act quickly can mitigate further damages to the College infrastructure. To address this need, DDCM is seeking to award up to twenty-four (24) separate requirements contracts to provide Architectural/Engineering services on an expedited "As needed" term basis for small, medium and large projects with a cap of $5 million dollar.
Requirements: Interested, proposing entities should submit seven (7) copies of their firm brochure, a list of client names and telephone numbers, their latest SF254 and 255 forms of SF330 form, a copy of their EEO Policy Statements, their latest audited financial statement, a document which lists and describes in detail work/contracts of similar nature, with a list of the proposed project team. Proposing entities shall: demonstrate their ability to perform requested services based on prior related experience in the design and programming specialties for higher education facilities in similar urban environments, and shall submit examples of comparable, satisfactorily completed projects. Proposing entities shall be licensed to practice in the State of New York. Selection of proposing entities shall be made in accordance with CUNY policies and solicitation procedures. Minority Sub-Contracting Goals: 20%. Women-Owned Sub-Contracting Goals: 10%.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/blueprints; other information; and for opening and reading of bids at date and time specified above.

AGENCY RULES

ENVIRONMENTAL PROTECTION

■ NOTICE

Notice of Opportunity to Comment on Promulgation of Chapter 25 of Title 15 of the Rules of the City of New York Rules Concerning the Use of Emissions Control Technology on Sight-Seeing Buses

NOTICE IS HEREBY GIVEN PURSUANT TO THE AUTHORITY VESTED IN THE Department of Environmental Protection by section 1043 of the New York City Charter, section 24-163.6 of the Administrative Code of the City of New York and section 6 of Local Law 41 for the year 2005 that the Department of Environmental Protection is promulgating rules concerning the use of emissions control technology on sight-seeing buses.

PLEASE BE ADVISED THAT WRITTEN COMMENTS regarding the proposed Rule may be sent on or before September 27th, 2006 to the New York City Department of Environmental Protection, Office of Legal and Legislative Affairs, 59-17 Junction Boulevard, 19th Floor, Flushing, New York 11373 Attention: Judah Prero, Esq.

PLEASE BE FURTHER ADVISED THAT ORAL COMMENTS regarding the proposed Rule may be delivered at a public hearing to be held on September 27th, 2006 at 59-17 Junction Boulevard, 6th Floor, Flushing, New York 11373 from 10:00 A.M. to 12:00 P.M. If you have any questions about the location of the hearing, please contact Belinda Pantina at (718) 595-6555.

Persons who request that a sign language interpreter or other form of reasonable accommodation for a disability be provided at the hearing are asked to contact Belinda Pantina at the phone number above by September 13, 2006.

PLEASE BE FURTHER ADVISED THAT COPIES OF ALL WRITTEN COMMENTS and a summary of the oral comments delivered at the public hearing will be available for inspection within a reasonable time after receipt between the hours of 9:00 A.M. and 5:00 P.M. at the Department of Environmental Protection, Office of Legal Affairs, 59-17 Junction Boulevard, 19th floor, Flushing, New York 11373.

The proposed Rule was listed in the Department of Environmental Protection's FY'07 Agenda.

Statement of Basis and Purpose

On May 11, 2005, Mayor Michael Bloomberg signed Local Law 41 for the year 2005. The law amended the Administrative Code of the City of New York in relation to the use of best available retrofit technology ("BART") by sight-seeing buses. The law requires that beginning January 1, 2007, any sight-seeing bus that is licensed by the Department of Consumer Affairs (DCA) and is equipped with an engine that is over three years old shall utilize BART for reducing the emission of pollutants. A sight-seeing bus, as defined by the law, is a vehicle that carries eight or more passengers and operates for hire from a fixed point in the City to a place of interest or amusement. The law provides that the Commissioner of the Department of Environmental Protection shall make determinations, and shall publish a list of such determinations, as to the BART for reducing the emission of pollutants to be used for each type of diesel fuel-powered sight-seeing bus affected by the law.

This rulemaking sets forth the initial determinations of the Commissioner of the Department of Environmental Protection as to what constitutes BART for purposes of compliance with section 24-163.6 of the Administrative Code.

The Rules are authorized by section 1043 of the Charter of the City of New York, section 24-163.6 of the Administrative Code of the City of New York and section 6 of Local Law 41 for the year 2005.

***

Title 15 of the Rules of the City of New York is amended by adding a new Chapter 25 to read as follows:

Chapter 25
Rules Concerning the Use of Emissions Control Technology on Sight-Seeing Buses

Subchapter
A General Provisions
B Use of Best Available Retrofit Technology
C Waiver Procedure

Subchapter A
General Provisions
§ 25-01 Definitions.

§ 25-01 Definitions.

"Best available retrofit technology" (BART) shall mean a technology, verified by the United States environmental protection agency or the California air resources board, for reducing the emission of pollutants that achieves reductions in particulate matter emissions at the highest classification level for diesel emission control strategies, as set forth in §25-04 of subchapter B of this chapter, that is applicable to the particular engine and application. Such technology shall also, at a reasonable cost, achieve the greatest reduction in emissions of nitrogen oxides at such particulate matter reduction level and shall in no event result in a net increase in the emissions of either particulate matter or nitrogen oxides.

"Commissioner" shall mean the Commissioner of the New York City Department of Environmental Protection or her designee.

"Person" shall mean any natural person, partnership, firm, company, association, joint stock association, corporation or other legal entity.

"Reasonable cost" shall mean that such technology does not cost greater than thirty percent more than other technology applicable to the particular engine and application that falls within the same classification level for diesel emission control strategies, as set forth in §25-04 of subchapter B of this chapter, when considering the cost of the strategies, themselves, and the cost of installation.

"Sight-seeing bus" shall mean a motor vehicle designed to comfortably seat and carry eight or more passengers operating for hire from a fixed point in the city of New York to a place or places of interest or amusements, and shall also include a vehicle, designed as aforesaid which by oral or written contract is let and hired or otherwise engaged for its exclusive use for a specific or special trip or excursion from a starting point within the city of New York.

Subchapter B
Use of Best Available Retrofit Technology

§ 25-02 Best Available Retrofit Technology Determination.
§ 25-03 Motor Vehicles That Are Not Subject to BART.
§ 25-04 Classification Levels.
§ 25-05 Selection Process.
§ 25-06 Best Available Retrofit Technology Selection Applicability.

§ 25-02 Best Available Retrofit Technology Determination. Pursuant to section 24-163.6 of the Code, any diesel fuel-powered sight-seeing bus licensed by the department of consumer affairs and equipped with an engine that is over three years old shall utilize the Best Available Retrofit Technology, as defined in § 25-01 of subchapter A of this chapter. In making their selections, owners or operators of such buses are directed to consult the EPA and CARB verified lists at http://www.epa.gov/otaq/retrofit/retroverifiedlist.htm and http://www.arb.ca.gov/diesel/verdev/background.htm.

§ 25-03 Motor Vehicles That Are Not Subject to BART. Any diesel fuel-powered sight- seeing bus that is equipped with an engine certified to the applicable 2007 United States Environmental Protection Agency standard for particulate matter as set forth in section 86.007-11 of title 40 of the code of federal regulations or to any subsequent United States environmental protection agency standard for such pollutant that is at least as stringent, shall not be required to utilize the BART as defined in §25-01 of subchapter A of this chapter.

§ 25-04 Classification Levels.

Level IV
Any Diesel Particulate Filter (DPF) or other technology verified for a specific application from either the CARB or EPA verified lists that reduces diesel particulate matter emissions by 85 percent or greater, or reduces engine emissions to less than or equal to 0.01 grams diesel particulate matter per brake horsepower-hour.

Level III
Any DPF or Diesel Oxidation Catalyst (DOC) or Catalyzed Wire Mesh Filter (CWMF) or other technology or combination of technologies verified for a specific application from either the CARB or EPA verified lists that reduces diesel particulate matter emissions by between 50 and 84 percent.

Level II
Any DOC or other technology verified for a specific application from either the CARB or EPA verified lists that reduces diesel particulate matter emissions by between 25 and 49 percent.

Level I
Any DOC or emulsified diesel fuel or other technology verified for a specific application from either the CARB or EPA verified lists that reduces diesel particulate matter emissions by between 20 and 24 percent.

§ 25-05 Selection Process.
(a) For each type of diesel fuel-powered sight-seeing bus subject to the BART requirement, the owner or operator of such sight-seeing bus must identify, in list form, all types of pollution control technology devices verified for such sight-seeing bus at classification Level IV.

(b) All types of pollution control technology devices identified by the owner or operator of such sight-seeing bus as classification Level IV devices that are not technologically feasible for use with respect to the particular vehicle, engine or application are to be eliminated from such list. To eliminate all types of pollution control technology devices identified by the owner or operator of such sight-seeing bus at classification Level IV, or a specific type of pollution control technology, or a particular pollution control technology device, the owner or operator must demonstrate to the satisfaction of the Commissioner that operational constraints or physical, chemical or engineering principles preclude the successful and effective use of the bus when used with such types of technology devices, or type of technology, or particular pollution control technology device.

(c) If, after the elimination process, no pollution control technology devices remain in classification Level IV from which the owner or operator can select a BART, the same identification and elimination process must be done for classification Level III. If, after the elimination process, no pollution control technology devices remain in classification Level III from which the owner or operator can select a BART, the same identification and elimination process must be done for classification Level II. If, after the elimination process, no pollution control technology devices remain in classification Level II from which the owner or operator can select a BART, the same identification and elimination process must be done for classification Level I.

(d) Once a level is selected as provided for in subdivisions (a), (b), and (c) of this section, an economic impact analysis is to be performed on the remaining technologies where the technology reduces both particulate matter and nitrogen oxide. The owner or operator shall select the technology that achieves, at a reasonable cost, the greatest reduction in nitrogen oxide emissions. If there is no such technology that achieves, at a reasonable cost, a reduction in nitrogen oxide emissions, the technology that achieves the greatest particulate matter reduction must be selected.

§ 25-06 Best Available Retrofit Technology Selection Applicability.

No owner or operator of a sight-seeing bus subject to this chapter shall be required to replace a selected BART or other authorized technology within three years of having first utilized such technology. Furthermore, no owner or operator of such bus shall be required to replace Level IV technology until it has reached the end of its useful life.

Subchapter C
Waiver Procedure
§25-07 Application for Waiver and Approval of a Written Finding of Unavailability.

§ 25-07 Application for Waiver and Approval of a Written Finding of Unavailability.

(a) An application for a waiver for the use of the required BART shall contain the following information:
(1) Identification of the required BART;
(2) An explanation as to why the applicable BART is unavailable. Such explanation must include all documentation generated in the BART selection process described in section 25-05 of this chapter;
(3) Identification of a technology for reducing the emission of pollutants, if any, that is available and appropriate for such vehicle, which may include a technology that does not appear on the EPA or CARB verified lists, and that, if available and appropriate, will be used instead of the BART.
(4) The name and contact number of the applicant.

(b) The application shall be submitted to:

Director of the Division of Air and Noise Programs, Enforcement and Policy
Bureau of Environmental Compliance
New York City Department of Environmental Protection
59-17 Junction Blvd., Flushing, NY 11373

(c) The Department shall submit such application to the Department of Consumer Affairs with a request for a Written Finding of Unavailability from the Commissioner of Consumer Affairs.

(d) The Department of Consumer Affairs will make a written finding regarding such request within thirty days of receipt of the Department of Environmental Protection's request for a Written Finding of Unavailability.

(e) The Department's decision whether to grant the waiver for the use of BART shall be subject to a Written Finding of Unavailability by the Department of Consumer Affairs.

(f) Waivers are effective for three years. Any application for renewal shall be submitted no later than thirty days prior to the expiration date of the waiver.

NOTICE OF PUBLICATION OF THE REGULATORY AGENDA FISCAL YEAR 2007

In compliance with Section 1042 of the New York City Administrative Procedure Act, the following is a brief description of the subject areas in which DEP may promulgate rules during the upcoming fiscal year.

I. Subject Area: Rules and Regulations Governing the Emissions from Certain Diesel-Powered Motor Vehicles.

A. *Summary of Proposed Regulation:*

The proposed regulation will require licensed sight-seeing companies to control emissions from their buses by installing the best available emission control technology or replacing buses with newer, cleaner burning buses.

Regulated Community: Licensed sight-seeing bus companies that carry eight or more passengers

Relevant Federal, State and Local Laws and Regulations: Section 24-163.3 et seq of the New York City Administrative Code, 15 RCNY 25-01 et seq

Schedule for Adoption: Fiscal Year 2007
Agency Contact Person: Gerry Kelpin (718) 595-3627

B. *Summary of Proposed Regulation:*

The proposed regulation requires the use of ultra-low sulfur diesel fuel and emission control requirements to certain vehicles used in the fulfillment of City solid waste and recycling contracts.

Regulated Community: Private Carting Industry and Solid Waste Management Industry

Relevant Federal, State and Local Laws and Regulations: Section 24-263.5 et seq of the New York City Administrative Code, 15 RCNY 13-01 et seq

Schedule for Adoption: Fiscal Year 2007
Agency Contact Person: Gerry Kelpin (718) 595-3627

C. *Summary of Proposed Regulation:*

The proposed regulation requires buses used to transport New York City's public school students to take action to protect children from harmful diesel emissions by requiring the use of ultra-low sulfur diesel fuel and the best available emission control technology.

Regulated Community: Individuals who contract with the Department of Education to transport children to or from school.

Relevant Federal, State and Local Laws and Regulations: Section 24-163.7 et seq of the New York City Administrative Code, 15 RCNY 26-01 et seq.

Schedule for Adoption: Fiscal Year 2007
Agency Contact Person: Gerry Kelpin (718) 595-3627

HOUSING AUTHORITY

NOTICE

The New York City Housing Authority will be conducting an informational conference for both established and prospective NYCHA paint contractors concerning significant revisions to the painting program and existing pre-qualification process. The revisions include elimination of the bonding requirement for most contracts under $500,000.00 and mandatory participation in a New York State or United States Department of Labor apprenticeship program for contracts at or above $500,000.00.

The pre-qualification process and the painting program will be explained in detail by the Contract Services Unit of the Technical Services Department. Additionally, representatives of the Office of the Inspector General, Law Department, Resident Employment Services and the Department of Equal Opportunity will be on hand to answer any questions you may have.

Attendance is strongly recommended if your firm wishes to begin, or continue to, competitively bid on NYCHA painting contracts.

The conference will be held on Friday, August 25th from 10:00 A.M. - 12:00 P.M. at the Breukelen Houses Community Center located at 715 East 105th Street between Flatlands and Glenwood Aves. in Brooklyn.

Please contact Steven Vetrano prior to the conference date at (718) 707-7778 to confirm your attendance.

LANDMARKS PRESERVATION COMMISSION

NOTICE

BINDING REPORTS

ISSUE DATE:	DOCKET #:	SRB #:
07/26/06	068294	SRB 07-0797

ADDRESS	BOROUGH:	BLOCK/LOT:
435 WAVERLY AVENUE HISTORIC DISTRICT CLINTON HILL	BROOKLYN	1962 / 8

To the Mayor, the Council, and the Branch Chief, U.S. Department of Housing & Urban Development.

This report is issued pursuant to Sections 3020 and 854 (h) of the New York City Charter and Section 25-318 of the Administrative Code of the City of New York, which require a report from the Landmarks Preservation Commission for certain plans for the construction, reconstruction, alteration, or demolition of any improvement or proposed improvement which is owned by the City or is to be constructed upon property owned by the City and is or is to be located on a landmark site or in a historic district or which contains an interior landmark.

The Landmarks Preservation Commission has reviewed a proposal for restorative work at the subject premises including the removal of paint from the brick and brownstone facade; pointing work; patching deteriorated areas of brownstone; cornice repair; the installation of railing at the roof; the installation of areaway railing; repaving the areaway with scored concrete; the installation of new lighting fixtures; the installation of a new arch-headed wood and glass door at the entrance; the removal and replacement of wooc two-over-two, double-hung arch-headed windows, painted black at the primary elevation; the installation of new windows within existing window openings on the rear elevation; and related interior alterations. The proposed work is shown and described in existing condition photographs and drawings labeled 6-T-1, 6-A-0, 6-A-1, 6-A-1.1,6-A-2 through 6-A-7, 6-M-1 through 6-M-3, 6-E-1 and 6-E-2. all dated April 7, 2006, prepared by Carlos Alberto Micles, R.A.

In reviewing this proposal the Commission notes that the Clinton Hill Historic District designation report describes 435 Waverly Avenue as one of a pair of brick and brownstone, Anglo-Italianate style rowhouses. The Commission also notes that the design for the areaway railing will match existing ironwork at 437 Waverly Avenue.

With regard to this proposal, the Commission finds that the cleaning of the facade will be done by the gentlest effective methods in a manner which will not damage the brick and stone face; that the proposed mortar will match the historic mortar in terms of composition, texture, profile, tooling and color and will not be detrimental to the brick in terms of being too strong or hard; that documentation reveals that the existing brownstone surface is exfoliating, damaged or otherwise unsound; that the proposal calls for the replication of the original texture, color, profiles and details; that the proposal calls for the damaged stone to be cut back to sound stone and the new surface be keyed into the sound stone and built in successive layers using a cementitious mix with the top layer tinted and finished to match the original sandstone texture and color; that the basis for the design of the proposed restoration of the stoop railing and of the new door and areaway railing is based on matching buildings; that scored tinted concrete is typically found at areaways within this historic district; that the simple design of the lighting fixtures will not detract from the architectural details of the building; that the proposed replacement windows at the primary elevation will match the historic windows in terms of configuration, operation, material, details and finish; that the windows at the secondary elevation are not visible from any public thoroughfare, that they are to be installed in existing or historic openings; that they have no adverse effect on protected features of the building, and that they do not replace "special" windows. Based on these findings, the work has been found to be appropriate to the building and the Clinton Hill Historic District. The work, therefore, is approved.

This permit is issued contingent upon the Commission's review and approval of test samples of the proposed mortar joints and of the proposed brownstone-tinted top stucco layer. Please contact staff to arrange a site visit.

This report is issued on the basis of the building and site conditions described in the application and disclosed during the review process. By accepting this permit, the applicant agrees to notify the Commission if the actual building or site conditions vary or if original or historic building fabric is discovered. The Commission reserves the right to amend or revoke this permit, upon written notice to the applicant, in the event that the actual building or site conditions are materially different from those described in the application or disclosed during the review process.

All approved drawings are marked approved by the Commission with a perforated seal indicating the date of approval. The work is limited to what is contained in the perforated documents. Other work or amendments to this filing must be reviewed and approved separately. This report constitutes the permit; a copy must be prominently displayed at the site while work is in progress. Please direct inquiries to Jared Knowles.

ADDRESS	BOROUGH:	BLOCK/LOT:
341 EAST 143RD STREET Fire House, Hook & Ladder 17/ also Engine Co 60 INDIVIDUAL LANDMARK	BRONX	2308 / 52

To the Mayor, the Council, and the Assistant Commissioner of Facilities, FDNY.

This report is issued pursuant to Sections 3020 and 854 (h) of the New York City Charter and Section 25-318 of the Administrative Code of the City of New York, which require a report from the Landmarks Preservation Commission for certain plans for the construction, reconstruction, alteration, or demolition of any improvement or proposed improvement which is owned by the City or is to be constructed upon property owned by the City and is or is to be located on a landmark site or in a historic district or which contains an interior landmark.

the Landmarks Preservation Commission has reviewed a proposal for interior mechanical alterations at the basement; and the installation of a flue, installed at the eastern secondary elevation, used to vent an emergency generator installed at a non-designated portion of the site; as shown and described on the application form and drawings labeled EL-04 and EL-04A, dated March 2006, prepared by John Grammas, P.E.

In reviewing this proposal, the Commission notes that the designation report for this individual landmark states that 341 East 143rd Street, Fire House, Hook and Ladder 17 (a.k.a., Engine Company 60), is a classically styled brick and stone building constructed in 1906-07, and designed by Michael J. Garvin. The commission also notes that the side elevations are undeveloped.

With regard to this proposal, the Commission finds that the interior alterations will have no effect on the significant protected features of this Individual Landmark; that the installation of the flue does not result in the damage to, or demolition of a significant architectural feature of the structure; and that the flue will be only minimally visible from a public thoroughfare.

This report is issued on the basis of the building and site conditions described in the application and disclosed during the review process. By accepting this permit, the applicant agrees to notify the Commission if the actual building or site conditions vary or if original or historic building fabric is discovered. The Commission reserves the right to amend or revoke this permit, upon written notice to the applicant, in the event that the actual building or site conditions are materially different from those described in the application or disclosed during the review process.

All approved drawings are marked approved by the Commission with a perforated seal indicating the date of approval. The work is limited to what is contained in the perforated documents. Other work or amendments to this filing must be reviewed and approved separately. This report constitutes the permit; a copy must be prominently displayed at the site while work is in progress. OFFICE OF MANAGEMENT AND BUDGET

NOTICE

OFFICE OF MANAGEMENT AND BUDGET
NEW YORK CITY ECONOMIC DEVELOPMENT CORPORATION

SECTION 108 LOAN & ECONOMIC DEVELOPMENT INITIATIVE PROGRAMS

NOTICE OF FINDING OF NO SIGNIFICANT EFFECT ON THE ENVIRONMENT AND INTENT TO REQUEST RELEASE OF FUNDS

TO ALL INTERESTED AGENCIES, COMMUNITY BOARDS, GROUPS AND PERSONS:

Regulations promulgated under Title 1 of the Housing and Community Development Act of 1974 require that an Environmental Review Record (ERR) be prepared for activities to be funded under Title 1. The ERR must include a determination whether the proposed activity significantly affects the quality of the human environment. Accordingly, on August 30, 2006, the City of New York will submit to the U.S. Department of Housing and Urban Development (HUD) its Request for Release of Funds for the following project.

Foundation for Dance Promotion Inc., Cultural Facility Project

The Foundation for Dance Promotion Inc. (d/b/a the "Bill T. Jones/Arnie Zane Dance Company") proposes to create the Cultural Facility Project by acquiring and constructing an approximately 32,000 square foot, four-story condominium unit above a Grid Properties, Inc. retail development located at 261 W. 125th Street in Manhattan. The Cultural Facility Project will comprise a black box performance space, 4-5 high quality dance and theater rehearsal studios for the profit and not-for-profit arts and entertainment community and rental and administrative offices for the Bill T. Jones/Arnie Zane Dance Company, Inc. The Cultural Facility Project will serve as a cultural anchor to the redevelopment of the 125th Street corridor. The Cultural Facility Project will also create a permanent home for the Bill T. Jones/Arnie Zane Dance Company, Inc. by allowing it to expand its operations, and

provide classes and services for adults and children in the Harlem community in its rehearsal studios.

The proposed Cultural Facility Project has a total development cost of approximately $35.3 million. The City has received a HUD Economic Development Initiative Grant of $2 million to complement the requested Section 108 Loan of $3 million to assist in financing the Cultural Facility Project. The proposed activities meet the Section 108 Loan Program's economic development eligibility requirements at 24 CFR Part 570.703(a) and (i)(1)(2) and the national objective requirement at 570.208(a)(1)(i). The City of New York is pledging its future Community Development Block Grant funds as a condition of receiving the Section 108 Loan Guarantee. Community Development funds are pledged as security to ensure repayment.

The City of New York has determined that the project will have no significant impact on the human environment. Therefore, an Environmental Impact Statement (EIS) under the National Environmental Policy Act of 1969 is not required. Additional project information is contained in the ERR on file at the New York City Economic Development Corporation, 110 William Street, New York, New York 10038, between 10:00 A.M. AND 5:00 P.M., Monday through Friday. Please call Marysa Wilcox at (212) 312-4216 to obtain a copy of the document. Any individual, group, or agency disagreeing with this determination or wishing to comment on the project may submit written comments to Ms. Wilcox at the afore-mentioned address. All comments received by August 29th will be considered by the City of New York prior to authorizing submission of a request for release of funds.

The City of New York will undertake the project described above with Section 108 Loan and Economic Development Initiative funds from HUD, under Title I. The City of New York is certifying to HUD that the City and Budget Director Mark Page, in his official capacity as the Certifying Officer for the Community Development Block Grant, Section 108 Loan and Economic Development Initiative Programs consent to accept the jurisdiction of the Federal Courts if an action is brought to enforce responsibilities in relation to the environmental review process and that these responsibilities have been satisfied. HUD's approval of the certification satisfies its responsibilities under NEPA and related laws and authorities, and allows the City of New York to use the Section 108 Loan and Economic Development Initiative funds.

HUD will accept objections to its release of funds and the City's certification for a period of fifteen days following the anticipated submission date or its actual receipt of the request (whichever is later) only if they are on one of the following bases: (a) the certification was not executed by the Certifying Officer for the City of New York for the referenced programs; (b) the City of New York has omitted a step or failed to make a decision or finding required by HUD regulations at 24 CFR part 58; (c) the grant recipient has committed funds or incurred costs not authorized by 24 CFR part 58 before approval of a release of funds by HUD; or (d) another Federal agency acting pursuant to 40 CFR part 1504 has submitted a written finding that the project is unsatisfactory from the standpoint of environmental quality. Objections must be prepared and submitted in accordance with the required procedures (24 CFR Part 58) and shall be addressed to the U.S. Department of Housing and Urban Development, Office of Community Planning and Development, 26 Federal Plaza, 35th Floor, New York, New York, 10278. Potential objectors should contact HUD to verify the actual last day of the objection period (anticipated to be September 14, 2006).

READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council**, 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists--free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

Article XI – Special Purpose Districts

Chapter 6
Special Stapleton Waterfront District

116-00
GENERAL PURPOSES

The "Special Stapleton Waterfront District" established in this Resolution is designed to promote and protect public health, safety and general welfare. These general goals include among others, the following specific purposes:

(a) encourage design of new development that is in character with the neighborhood and surrounding community;

(b) maintain and reestablish physical and visual public access to and along the waterfront;

(c) strengthen the traditional town center of Stapleton by allowing the development of new residential and commercial uses;

(d) encourage the creation of a lively and attractive environment that will provide daily amenities and services for the use and enjoyment of the working population and the new residents;

(e) take maximum advantage of the beauty of the New York Harbor waterfront, thereby best serving the business community, the residential population and providing regional recreation; and

(f) promote the most desirable use of land and thus conserve and enhance the value of land and buildings, and thereby protect City tax revenues.

116-01
Definitions

For the purposes of this Chapter, matter in italics is defined in Section 12-10 (DEFINITIONS) or in this Section.

Esplanade

The "Esplanade" is a park extending along all waterfront edges of the #Special Stapleton Waterfront District#. The #Esplanade# is shown in the District Plan, Map 1 (Special Stapleton Waterfront District, Subareas and Public Spaces), in the Appendix to this Chapter.

Mandatory front building wall

A "mandatory front building wall" is the front wall of a building that generally coincides with a #mandatory front building wall line#, as provided in Section 116-232 (Street Wall Location).

Mandatory front building wall line

"Mandatory front building wall lines" are imaginary lines extending through Subarea B of the #Special Stapleton Waterfront District# which are shown on Map 3 (Mandatory Front Building Wall Lines) in the Appendix to this Chapter, and with which building walls must generally coincide, as provided in Section 116-232 (Street Wall Location).

Pier Place and the Cove

"Pier Place" and the "Cove" are designated open spaces accessible to the public, located within the #Special Stapleton Waterfront District" as shown in the District Plan, Map 1 in the Appendix to this Chapter.

Upland connection

An "upland connection" is a pedestrian way which provides a public access route from the #Esplanade# to a public sidewalk within a public #street#. Required #upland connections# are shown in the District Plan, Map 5 (Upland Connections and Visual Corridors) in the Appendix to this Chapter.

Visual corridor

A "visual corridor" is a public #street# or tract of land within a #block# that provides a direct and unobstructed view to the water from a vantage point within a public #street#. Required #visual corridors# are shown in the District Plan, Map 5 in the Appendix to this Chapter.

116-02
General Provisions

In harmony with the general purposes and content of this Resolution and the general purposes of the #Special Stapleton Waterfront District#, the provisions of this Chapter shall apply to all #developments#, #enlargements# and changes of #use# within the #Special Stapleton Waterfront District#. The regulations of all other Chapters of this Resolution are applicable except as modified, supplemented or superseded by the provisions of this Chapter. In the event of a conflict between the provisions of this Chapter and other regulations of this Resolution, the provisions of this Chapter shall control.

Within the #Special Stapleton Waterfront District#, the regulations of the underlying C4-2A District shall apply, as modified in this Chapter.

116-03
District Plan and Maps

The District Plan for the #Special Stapleton Waterfront District# identifies specific areas comprising the Special District in which special zoning regulations are established in order to carry out the general purposes of the #Special Stapleton Waterfront District#. These areas shall include the #Esplanade#, Subareas A, B1, B2, B3, B4, B5, C, and two designated public open spaces: the #Cove# and the #Pier Place#.

The District Plan includes the following maps in the Appendix to this Chapter.

Map 1 - Special Stapleton Waterfront District, Subareas and Public Spaces
Map 2 - Ground Floor Use and Frontage Requirements
Map 3 - Mandatory Front Building Wall Lines
Map 4 - Restricted Curb Cut and Off-Street Loading Locations
Map 5 - Upland Connections and Visual Corridors

The maps are hereby incorporated and made part of this Resolution for the purpose of specifying locations where the special regulations and requirements set forth in the text of this Chapter shall apply.

116-04
Subareas

In order to carry out the purposes and provisions of this Chapter, the following subareas are established within the #Special Stapleton Waterfront District#: Subarea A, Subarea B, comprised of Subareas B1, B2, B3, B4 and B5, Subarea C, #Esplanade#, #Pier Place# and the #Cove#. In each of these subareas, special regulations apply that may not apply in other subareas.

116-05
Applicability

The provisions of Article VI, Chapter 2 (Special Regulations Applying in the Waterfront Area) shall not apply in the #Special Stapleton Waterfront District#, except where specifically stated otherwise in this Chapter.

#Lower density growth management area# regulations shall not apply in the #Special Stapleton Waterfront District#.

116-10
SPECIAL USE REGULATIONS

Within the #Special Stapleton Waterfront District#, the following special #use# regulations shall apply. The #use# regulations of the underlying C4-2A District shall be modified by the following Sections 116-101 through 116-13:

116-101
Use Groups 12 and 14

The #uses# listed in Section 32-21 (Use Group 12) shall not be permitted in Subarea C.

The #uses# listed in Section 32-23 (Use Group 14) shall be permitted in the #Special Stapleton Waterfront District#; however, boat storage, repair or painting shall be allowed without restriction relating to boat length.

116-102
Special permit uses

#Physical culture or health establishments# shall be permitted in Subarea B2. The special permit provisions of Section 73-36 shall not apply.

116-103
Supplementary use regulations

The provisions of Section 32-41 (Enclosure within Buildings) shall be modified as follows: In Subarea B3, a Farmers Market may be unenclosed.

The provisions of Section 32-423 (Limitation on ground floor location) shall be modified as follows: In Subareas B1 and

B2, the #uses# listed in Section 32-18 (Use Group 9) may be located on the ground floor and within 50 feet of any #street wall# of the #building# and with #show windows# facing on the #street#.

116-11
Special Sign Regulations

The #sign# regulations of the underlying C4-2 District in Section 32-60 (Sign Regulations) shall be modified as follows: #flashing signs# shall not be permitted in the #Special Stapleton Waterfront District#.

116-12
Mandatory Ground Floor Use and Frontage Requirements

The provisions of Section 32-433 (Ground floor use in C1, C2 and C4 Districts in the Borough of Staten Island) shall not apply in the #Special Stapleton Waterfront District#. However, on designated #streets# and #mandatory front building wall lines# in Subareas B3 and C, as shown on Map 2 in the Appendix to this Chapter, the special ground floor #use# and frontage regulations of this Section shall apply to any #development# or #enlargement#.
#Uses# located on the ground floor level, or within two feet of the as-built level of the adjoining sidewalk, shall be limited to the non-#residential uses# permitted by the underlying district regulations, as modified by the special #use# provisions of this Chapter. A building's ground floor frontage shall be allocated exclusively to such #uses#, and shall have a depth of at least 30 feet from the #street wall# of the #building# and extend along the entire width of the #building#, except for lobbies or entrances to #accessory# parking spaces.

In no event shall lobbies and entrances to #accessory# parking spaces occupy more than 50 percent of the building's total frontage along such #street# or #mandatory front building wall line#, or 35 feet, whichever is less. However, the total length of such frontage occupied by such lobbies and entrances need not be less than 25 feet.

116-13
Transparency Requirements

Within the #Special Stapleton Waterfront District#, the transparency requirements of this Section shall apply to any #development# or an #enlargement# where the #enlarged# portion of the ground floor of the #building# is within eight feet of the #street line# and where non-#residential uses# are located on the ground floor level or within two feet of the as-built level of the adjoining sidewalk.

At least 50 percent of a building's front building wall surface shall be glazed and transparent at the ground floor level. For the purpose of the glazing requirements, the building's #street wall# surface at the ground floor level shall be measured from the floor to the height of the ceiling or 14 feet above grade, whichever is less. The lowest point of any transparency that is provided to satisfy the requirements of this Section shall not be higher than four feet above the as-built level of the adjoining sidewalk.

116-20
SPECIAL BULK REGULATIONS

The special #bulk# regulations of this Section shall apply within the #Special Stapleton Waterfront District#.
116-21
Residential Bulk Regulations in C4-2A Districts

The provisions of Sections 34-112 and 35-23 (Residential Bulk Regulations in other C1 or C2 Districts or in C3, C4, C5 or C6 Districts) are modified as follows:

The applicable #bulk# regulations for #residential uses# in C4-2A Districts shall be those for R6B districts.

116-22
Maximum Floor Area Ratio

The maximum #floor area ratio# for all #uses# shall be 2.0.

116-221
Special floor area regulations for mixed buildings

For #buildings# containing #residences#, the area in such #buildings# occupied by non-#residential uses# on the ground floor, or within two feet of the as-built level of the adjoining sidewalk, shall be excluded from the definition of #floor area# in Section 12-10.

116-23
Special Height and Setback Regulations

The special height and setback regulations set forth in this Section shall apply.

116-231
Special rooftop regulations

The provisions of Section 33-42 (Permitted Obstructions) shall apply to all #buildings or other structures# in the #Special Stapleton Waterfront District#, except the provisions of paragraph(c) of Section 33-42 shall not apply. In lieu thereof, the following regulations shall apply:

Elevator or stair bulkheads, roof water tanks, cooling towers or other mechanical equipment (including enclosures) may exceed a maximum height limit provided that either:

(a) the product, in square feet, of the #aggregate width of street walls# of such obstructions facing each #street# frontage, times their average height, in feet, shall not exceed a figure equal to eight times the width, in feet, of the #street wall# of the #building# facing such frontage; or,

(b) the #lot coverage# of all such obstructions does not exceed 20 percent of the #lot coverage# of the #building#, and the height of all such obstructions does not exceed 20 feet.

In addition, dormers may penetrate a maximum base height in accordance with the provisions of paragraph (c) of Section 23-621 (Permitted obstructions in certain districts).

116-232
Street wall location

In Subarea A, the underlying #street wall# location regulations shall apply.

In Subareas B and C, the underlying #street wall# location regulations of a C4-2A District, or an R6B District as applicable, shall be modified as set forth in this Section. Map 3 (Mandatory Front Building Wall Lines) in the Appendix to this Chapter, specifies locations in Subareas B and C where #mandatory front building wall# requirements apply as follows:

(a) Type 1: Front building walls shall be coincident with and extend along the entire length of the #mandatory front building wall line#, except to allow articulation at the intersection of two such lines, the front building wall may be located anywhere within 15 feet of their point of intersection.

(b) Type 2: Front building walls shall be located within eight feet of and extend along at least 70 percent of the length of the #mandatory front building wall line#. For phased #development#, this requirement may be satisfied by more than one # building#, provided that upon completion 70 percent of the length of the #mandatory front building wall line# is occupied by such front building walls.

(c) Wherever Map 3 does not indicate a #mandatory front building wall line#, the underlying #street wall# location rules shall apply.

If more than one #building# is developed in Subareas B1, B2, B3 or B4, the first #building# shall be located along a Type 1 #mandatory front building wall line#. Subsequent buildings shall locate along a Type 2 #mandatory front building wall line# until 70 percent of the length of the #mandatory front building wall line# is occupied.

All #mandatory front building walls# shall rise without setback to a maximum height of 40 feet or the height of the #building#, whichever is less. A #building# may exceed a height of 40 feet, up to the maximum building height specified in Section 116-233 if a setback is provided at a minimum height of 35 feet. Such setback shall have a minimum depth of 10 feet and shall be measured from the front building wall. Recesses shall be permitted on the ground floor where required to provide access to the #building#. Above the ground floor, up to 30 percent of the aggregate width of the front building wall may be recessed. However, in Subarea B2, the #mandatory front building wall# may rise without setback to the permitted maximum height of the #building#.

116-233
Maximum building height

Within the #Special Stapleton Waterfront District#, the maximum height of a #building or other structure# shall not exceed 50 feet, except in Subarea B2 where the maximum height of a #building or other structure# shall not exceed 60 feet.

116-30
SPECIAL ACCESSORY OFF-STREET PARKING AND LOADING REGULATIONS

Within the #Special Stapleton Waterfront District#, the parking and loading regulations of the underlying C4-2A District shall apply, except as modified in this Section.

116-31
Modification of Required Accessory Off-Street Parking Spaces Regulations for Certain Commercial Uses

The following #uses# listed in Section 32-23 (Use Group 14) shall be subject to the parking requirements applicable to a C4-2 District pursuant to Section 62-53 (Parking Requirements for Commercial Docking Facilities):

Boat rentals, open or enclosed [PRC–H]

Docks for ferries, other than #gambling vessels#, limited to an aggregate operational passenger load, per #zoning lot#, of 150 passengers per half hour [PRC-H]

Docks for sightseeing, excursion or sport fishing vessels, other than #gambling vessels#

Docks or mooring facilities for non-commercial pleasure boats [PR-H]

116-32
Modification of Waiver of Requirements

The provisions of Section 36-362(For new development or enlargements in other C1 or C2 Districts or in C4, C5 or C6 Districts) shall not apply.

All other waivers of parking requirements shall only apply to #zoning lots# existing both on (the effective date of amendment) and on the date of application for a building permit.

116-33
Modification of Location of Parking Spaces

For all #zoning lots# with frontage on Front Street, no #accessory# off-street parking spaces shall be located in any open area that is between the #street wall# of the #building# and the Front Street #street line#; except that such spaces may be located between the #street wall# of the #building# and the Front Street #street line# in Subarea B5.

116-34
Location and Width of Curb Cuts

Curb cuts are prohibited in the locations shown on Map 4 (Restricted Curb Cut and Off-Street Loading Locations), in the Appendix to this Chapter.

In Subarea C, for #zoning lots# with access only to Front Street, only one curb cut shall be permitted along Front Street.

Within the #Special Stapleton Waterfront District#, the maximum width of curb cuts shall not exceed 25 feet, including splays.

116-35
Screening and Tree Planting Requirements for Parking Facilities

The provisions of this Section shall apply to any new or #enlarged# open off-street parking facility with ten spaces or more.

(a) Screening

Such off-street parking facilities shall be screened in accordance with the provisions of this Section from all adjoining #zoning lots#, including such #zoning lots# situated across a #street#, and from any designated open space accessible to the public situated on the same #zoning lot#, including the #Esplanade#.

Such screening shall consist of a strip at least four feet wide, densely planted with evergreen shrubs at least four feet high at the time of planting and which are of a type which may be expected to form a year–round dense screen at least six feet high within three years.

#Accessory# parking spaces that front upon a #street# shall be screened by a strip at least four feet wide and densely planted with evergreen shrubs to be maintained at all times at a height not less than two and one-half feet and not more than four feet.

In addition, a wall or barrier or uniformly-painted fence of fire-resistant material at least four feet high but not more than eight feet above finished grade may be provided. Such wall, barrier, or fence must be 100 percent opaque up to a height of four feet above the finished grade of the parking facility and not more than 35 percent opaque above four feet. No chain link fences shall be permitted. All permitted fences shall be located behind landscaped areas when viewed from the street.

Such screening shall be maintained in good condition at all times, may be interrupted by normal entrances or exits, and shall have no signs hung or attached thereto other than those permitted in Sections 32-60 (Sign Regulations) inclusive, or 62-674 (Signage).

(b) Tree planting requirements

Trees, pre-existing or newly-planted, shall be provided at the rate of one tree for every eight open parking spaces within the off-street parking facility and may be located on the perimeter of the parking facility or in planting islands within the parking area. For parking facilities with more than 25 open parking spaces, at least 30 percent of trees provided to meet this requirement shall be located in planting islands within the parking area. Trees shall be planted in accordance with the requirements of the Department of Parks and Recreation.

116-40
UPLAND CONNECTIONS AND VISUAL CORRIDORS

116-41
Upland Connections

In the locations shown on Map 5 (Upland Connections and Visual Corridors) in the Appendix to this Chapter, #upland connections# shall be provided. An #upland connection# traversing a #zoning lot# shall consist of a single pedestrian circulation zone bordered continuously along both sides by buffer zones.

(a) Required Dimensions

The minimum width of the #upland connection# shall be 30 feet, within which the pedestrian circulation zone shall have a minimum width of 16 feet and each buffer zone shall have a minimum width of seven feet. When an #upland connection# or a portion thereof is located within a private drive, no buffer zone is required.

(b) Buffer zone

The provisions of paragraph(b)(2)of Section 62-62 (General Requirements for Public Access Areas) shall apply.

(c) Permitted Obstructions

The provisions of Section 62-626 (Permitted obstructions) shall apply to #upland connections# within the #Special Stapleton Waterfront District#. Certain permitted obstructions listed in sub-paragraph (a)(2)(iii)of Section 62-626, are further subject to the tree and planting requirements of Section 62-675. WD (Water-dependent)uses referenced in paragraph (c) of Section 62-626 shall be as listed in Section 62-211.

116-42
Visual Corridors

#Visual corridors# shall be provided for #developments# in the locations shown on Map 5 in the Appendix to this Chapter. Such #visual corridors# shall be subject to the requirements of Section 116-522 (Design requirements for visual corridors).

116-50
Special Urban Design Requirements

The special urban design requirements of this Section, inclusive, shall apply to all #developments# and #enlargements# within the #Special Stapleton Waterfront District#:

116-51
#Street# trees

#Street# trees, pre-existing or newly-planted, shall be provided along the entire length of the #street# frontage of the #zoning lot#. The trees shall be located between the #front lot line# and the curb line and shall be provided at the rate of one tree for each 25 feet of frontage. Trees shall be planted in accordance with the requirements of the Department of Parks and Recreation.

116-52
Design Requirements for Upland Connections and Visual Corridors

116-521
Design requirements for upland connections

(a) Circulation and access

(1) Where an #upland connection# is located within a private drive, a circulation path with a minimum clear width of six feet shall be provided in each pedestrian circulation zone. The remaining area shall be planted pursuant to the provisions of paragraph (c) of this Section.

(2) All other #upland connections# through #zoning lots# shall have a circulation path with a minimum clear width equal to the minimum required width of the pedestrian circulation zone.

(b) Seating

For #upland connections# 100 feet in length or greater, a minimum of 24 linear feet of seating shall be provided.

(c) Planting

Where an #upland connection# is located within a private drive, a single row of shade trees shall be planted adjoining a required circulation path in accordance with the standards of Section 62-675 (Planting and trees). Within all #upland connections#, any unpaved area shall be planting area.

116-522
Design requirements for visual corridors

The requirements of this Section shall apply to all #visual corridors#. When a #visual corridor# coincides with an #upland connection#, the provisions of Section 116-521 (Design requirements for upland connections) shall also apply.

No #building or other structure# shall be erected within the width of a #visual corridor#, except as provided in this Section. #Visual corridors# shall be the width of the #street# but shall not be less than 50 feet wide.

Permitted obstructions within #visual corridors# shall be limited to:

(a) boats, ships or other vessels, and #floating structures# permitted as-of-right by paragraph (a)of Section 62-25 (Uses on Floating Structures);

(b) any moving or parked vehicles or street furniture, including but not limited to, benches, seats, kiosks, carts and open display booths, lighting fixtures, flagpoles, trash receptacles, drinking fountains and public telephones;

(c) guardrails and fences provided they comply with the design standards of Section 62-671 (Guardrails, gates and other protective barriers), except that fences may be eight feet high;

(d) sculpture;

(e) planting areas, provided that no shade trees are planted within a 15 foot wide area along both sides of the center line of the #visual corridor#; and

(f) those obstructions permitted in #rear yards# as listed in Section 23-44 (Permitted Obstructions in Required Yards or Rear Yard Equivalents), except walls exceeding four feet in height shall not be permitted.

116-53
Waterfront public access signage

The New York City Waterfront Symbol Plaque shall be used to direct the public to waterfront public access areas including the #Esplanade# and #upland connections# and to identify the entry points of these areas. Such signage shall be provided in accordance with requirements of Section 62-674 (Signage).

116-54
Refuse Storage Areas

Refuse shall be stored within a completely enclosed #building#.

PROCUREMENT

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination. As part of this effort, the City is pleased to announce the following contracting opportunities for construction/construction services and construction-related services.

ARCHITECTURAL/ENGINEERING REQUIREMENTS CONTRACTS – Competitive Sealed Proposals – Judgment required in evaluating proposals - PIN# 04207DDCM002 – DUE 09-06-06 AT 3:00 P.M. – The City University of New York (CUNY) is New York City's public university system, CUNY, was created in 1847, and is the third largest university system in the nation; it is comprised of eleven senior colleges, six community colleges, a graduate school, a law school, a school of biomedical education, a graduate school of journalism and a central office ("Colleges"). Historically, the Department of Design, Construction and Management ("DDCM") issued RFP's to solicit proposals for Architectural/Engineering services on an individual project basis. This "by project" solicitation process is burdensome, inefficient, expensive to adminsiter, and does not allow DDCM to expeditiously meet the needs of the University. This is crucial for the University's older colleges, where the ability to act quickly can mitigate further damages to the College infrastructure. To address this need, DDCM is seeking to award up to twenty-four (24) separate requirements contracts to provide Architectural/Engineering services on an expedited "As needed" term basis for small, medium and large projects with a cap of $5 million dollar. Requirements: Interested, proposing entities should submit seven (7) copies of their firm brochure, a list of client names and telephone numbers, their latest SF254 and 255 forms of SF330 form, a copy of their EEO Policy Statements, their latest audited financial statement, a document which lists and describes in detail work/contracts of similar nature, with a list of the proposed project team. Proposing entities shall: demonstrate their ability to perform requested services based on prior related experience in the design and programming specialties for higher education facilities in similar urban environments, and shall submit examples of comparable, satisfactorily completed projects. Proposing entities shall be licensed to practice in the State of New York. Selection of proposing entities shall be made in accordance with CUNY policies and solicitation procedures. Minority Sub-Contracting Goals: 20%. Women-Owned Sub-Contracting Goals: 10%.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/ blueprints; other information; and for opening and reading of bids at date and time specified above.

AGENCY RULES

LOFT BOARD

■ NOTICE

NOTICE OF ADOPTION OF FINAL RULES

NOTICE IS HEREBY GIVEN PURSUANT TO THE AUTHORITY VESTED IN THE NEW YORK CITY LOFT BOARD by Article 7-C of the Multiple Dwelling Law and Mayor's Executive Order No. 66, dated September 30, 1982, and pursuant to and in accordance with the requirements of Section 1043 of the New York City Charter, that the New York City Loft Board has amended section 2-04(e)(8) of Title 29 of the Rules of the City of New York, relating to fines for violations of the minimum housing standards. The text added to the rules is underlined, and deleted text is bracketed.

A duly noticed public hearing was held on June 15, 2006, affording the public opportunity to comment on the proposed

amendments, as required by section 1043 of the New York City Charter. Written comments were accepted through June 9, 2006.

These rules were not published in the regulatory agenda because they were not anticipated.

Section 1. Section 2-04(e)(8) of Title 29 of the Rules of the City of New York is amended to read as follows:

2-04(c)	Failure to provide other minimum housing maintenance services	[$50 - $500] $750 - $1000 (first finding sustaining a violation) [$250 - $750] $1,000 (second finding within 12 months) [$750 - $1,000] $1,000 (third finding within 12 months)

Statement of Basis and Purpose:

The Loft Law fine schedule, established on the basis of authority granted to the Loft Board by section 282 of the Multiple Dwelling Law, has not been updated since the inception of the law (September 30, 1982). The proposed increases in the fine schedule are modest in comparison to similar increases in City, State, and Federal statutes over the same time period.

OFFICE OF MANAGEMENT AND BUDGET

■ NOTICE

OFFICE OF MANAGEMENT AND BUDGET
NEW YORK CITY ECONOMIC DEVELOPMENT CORPORATION

SECTION 108 LOAN & ECONOMIC DEVELOPMENT INITIATIVE PROGRAMS

NOTICE OF FINDING OF NO SIGNIFICANT EFFECT ON THE ENVIRONMENT AND INTENT TO REQUEST RELEASE OF FUNDS

TO ALL INTERESTED AGENCIES, COMMUNITY BOARDS, GROUPS AND PERSONS:

Regulations promulgated under Title 1 of the Housing and Community Development Act of 1974 require that an Environmental Review Record (ERR) be prepared for activities to be funded under Title 1. The ERR must include a determination whether the proposed activity significantly affects the quality of the human environment. Accordingly, on August 30, 2006, the City of New York will submit to the U.S. Department of Housing and Urban Development (HUD) its Request for Release of Funds for the following project.

Foundation for Dance Promotion Inc., Cultural Facility Project

The Foundation for Dance Promotion Inc. (d/b/a the "Bill T. Jones/Arnie Zane Dance Company") proposes to create the Cultural Facility Project by acquiring and constructing an approximately 32,000 square foot, four-story condominium unit above a Grid Properties, Inc. retail development located at 261 W. 125th Street in Manhattan. The Cultural Facility Project will comprise a black box performance space, 4-5 high quality dance and theater rehearsal studios for the profit and not-for-profit arts and entertainment community and rental and administrative offices for the Bill T. Jones/Arnie Zane Dance Company, Inc. The Cultural Facility Project will serve as a cultural anchor to the redevelopment of the 125th Street corridor. The Cultural Facility Project will also create a permanent home for the Bill T. Jones/Arnie Zane Dance Company, Inc. by allowing it to expand its operations, and provide classes and services for adults and children in the Harlem community in its rehearsal studios.

The proposed Cultural Facility Project has a total development cost of approximately $35.3 million. The City has received a HUD Economic Development Initiative Grant of $2 million to complement the requested Section 108 Loan of $3 million to assist in financing the Cultural Facility Project. The proposed activities meet the Section 108 Loan Program's economic development eligibility requirements at 24 CFR Part 570.703(a) and (i)(1)(2) and the national objective requirement at 570.208(a)(1)(i). The City of New York is pledging its future Community Development Block Grant funds as a condition of receiving the Section 108 Loan Guarantee. Community Development funds are pledged as security to ensure repayment.

The City of New York has determined that the project will have no significant impact on the human environment. Therefore, an Environmental Impact Statement (EIS) under the National Environmental Policy Act of 1969 is not required. Additional project information is contained in the ERR on file at the New York City Economic Development Corporation, 110 William Street, New York, New York 10038, between 10:00 A.M. AND 5:00 P.M., Monday through Friday. Please call Marysa Wilcox at (212) 312-4216 to obtain a copy of the document. Any individual, group, or agency disagreeing with this determination or wishing to comment on the project may submit written comments to Ms. Wilcox at the afore-mentioned address. All comments received by August 29th will be considered by the City of New York prior to authorizing submission of a request for release of funds.

The City of New York will undertake the project described above with Section 108 Loan and Economic Development Initiative funds from HUD, under Title I. The City of New York is certifying to HUD that the City and Budget Director Mark Page, in his official capacity as the Certifying Officer for the Community Development Block Grant, Section 108 Loan and Economic Development Initiative Programs consent to accept the jurisdiction of the Federal Courts if an action is brought to enforce responsibilities in relation to the environmental review process and that these responsibilities have been satisfied. HUD's approval of the certification satisfies its responsibilities under NEPA and related laws and authorities, and allows the City of New York to use the Section 108 Loan and Economic Development Initiative funds.

HUD will accept objections to its release of funds and the City's certification for a period of fifteen days following the anticipated submission date or its actual receipt of the request (whichever is later) only if they are on one of the following bases: (a) the certification was not executed by the Certifying Officer for the City of New York for the referenced programs; (b) the City of New York has omitted a step or failed to make a decision or finding required by HUD regulations at 24 CFR part 58; (c) the grant recipient has committed funds or incurred costs not authorized by 24 CFR part 58 before approval of a release of funds by HUD; or (d) another Federal agency acting pursuant to 40 CFR part 1504 has submitted a written finding that the project is unsatisfactory from the standpoint of environmental quality. Objections must be prepared and submitted in accordance with the required procedures (24 CFR Part 58) and shall be addressed to the U.S. Department of Housing and Urban Development, Office of Community Planning and Development, 26 Federal Plaza, 35th Floor, New York, New York, 10278. Potential objectors should contact HUD to verify the actual last day of the objection period (anticipated to be September 14, 2006).

Article XI - Special Purpose Districts

Chapter 6
Special Stapleton Waterfront District

116-00
GENERAL PURPOSES

The "Special Stapleton Waterfront District" established in this Resolution is designed to promote and protect public health, safety and general welfare. These general goals include among others, the following specific purposes:

(a) encourage design of new development that is in character with the neighborhood and surrounding community;

(b) maintain and reestablish physical and visual public access to and along the waterfront;

(c) strengthen the traditional town center of Stapleton by allowing the development of new residential and commercial uses;

(d) encourage the creation of a lively and attractive environment that will provide daily amenities and services for the use and enjoyment of the working population and the new residents;

(e) take maximum advantage of the beauty of the New York Harbor waterfront, thereby best serving the business community, the residential population and providing regional recreation; and

(f) promote the most desirable use of land and thus conserve and enhance the value of land and buildings, and thereby protect City tax revenues.

116-01
Definitions

For the purposes of this Chapter, matter in italics is defined in Section 12-10 (DEFINITIONS) or in this Section.

Esplanade

The "Esplanade" is a park extending along all waterfront edges of the #Special Stapleton Waterfront District#. The #Esplanade# is shown in the District Plan, Map 1 (Special Stapleton Waterfront District, Subareas and Public Spaces), in the Appendix to this Chapter.

Mandatory front building wall

A "mandatory front building wall" is the front wall of a building that generally coincides with a #mandatory front building wall line#, as provided in Section 116-232 (Street Wall Location).

Mandatory front building wall line

"Mandatory front building wall lines" are imaginary lines extending through Subarea B of the #Special Stapleton Waterfront District# which are shown on Map 3 (Mandatory Front Building Wall Lines) in the Appendix to this Chapter, and with which building walls must generally coincide, as provided in Section 116-232 (Street Wall Location).

Pier Place and the Cove

"Pier Place" and the "Cove" are designated open spaces accessible to the public, located within the #Special Stapleton Waterfront District" as shown in the District Plan, Map 1 in the Appendix to this Chapter.

Upland connection

An "upland connection" is a pedestrian way which provides a public access route from the #Esplanade# to a public sidewalk within a public #street#. Required #upland connections# are shown in the District Plan, Map 5 (Upland Connections and Visual Corridors) in the Appendix to this Chapter.

Visual corridor

A "visual corridor" is a public #street# or tract of land within a #block# that provides a direct and unobstructed view to the water from a vantage point within a public #street#. Required #visual corridors# are shown in the District Plan, Map 5 in the Appendix to this Chapter.

116-02
General Provisions

In harmony with the general purposes and content of this Resolution and the general purposes of the #Special Stapleton Waterfront District#, the provisions of this Chapter shall apply to all #developments#, #enlargements# and changes of #use# within the #Special Stapleton Waterfront District#. The regulations of all other Chapters of this Resolution are applicable except as modified, supplemented or superseded by the provisions of this Chapter. In the event of a conflict between the provisions of this Chapter and other regulations of this Resolution, the provisions of this Chapter shall control.

Within the #Special Stapleton Waterfront District#, the regulations of the underlying C4-2A District shall apply, as modified in this Chapter.

116-03
District Plan and Maps

The District Plan for the #Special Stapleton Waterfront District# identifies specific areas comprising the Special District in which special zoning regulations are established in order to carry out the general purposes of the #Special Stapleton Waterfront District#. These areas shall include the #Esplanade#, Subareas A, B1, B2, B3, B4, B5, C, and two designated public open spaces: the #Cove# and the #Pier Place#.

The District Plan includes the following maps in the Appendix to this Chapter.

Map 1 - Special Stapleton Waterfront District, Subareas and Public Spaces
Map 2 - Ground Floor Use and Frontage Requirements
Map 3 - Mandatory Front Building Wall Lines
Map 4 - Restricted Curb Cut and Off-Street Loading Locations
Map 5 - Upland Connections and Visual Corridors

The maps are hereby incorporated and made part of this Resolution for the purpose of specifying locations where the special regulations and requirements set forth in the text of this Chapter shall apply.

116-04
Subareas

In order to carry out the purposes and provisions of this Chapter, the following subareas are established within the #Special Stapleton Waterfront District#: Subarea A, Subarea B, comprised of Subareas B1, B2, B3, B4 and B5, Subarea C, #Esplanade#, #Pier Place# and the #Cove#. In each of these subareas, special regulations apply that may not apply in other subareas.

116-05
Applicability

The provisions of Article VI, Chapter 2 (Special Regulations Applying in the Waterfront Area) shall not apply in the #Special Stapleton Waterfront District#, except where specifically stated otherwise in this Chapter.

#Lower density growth management area# regulations shall not apply in the #Special Stapleton Waterfront District#.

116-10
SPECIAL USE REGULATIONS

Within the #Special Stapleton Waterfront District#, the following special #use# regulations shall apply. The #use# regulations of the underlying C4-2A District shall be modified by the following Sections 116-101 through 116-13:

116-101
Use Groups 12 and 14

The #uses# listed in Section 32-21 (Use Group 12) shall not be permitted in Subarea C.

The #uses# listed in Section 32-23 (Use Group 14) shall be permitted in the #Special Stapleton Waterfront District#; however, boat storage, repair or painting shall be allowed without restriction relating to boat length.

116-102
Special permit uses

#Physical culture or health establishments# shall be permitted in Subarea B2. The special permit provisions of Section 73-36 shall not apply.

116-103
Supplementary use regulations

The provisions of Section 32-41 (Enclosure within Buildings) shall be modified as follows: In Subarea B3, a Farmers Market may be unenclosed.

The provisions of Section 32-423 (Limitation on ground floor location) shall be modified as follows: In Subareas B1 and B2, the #uses# listed in Section 32-18 (Use Group 9) may be located on the ground floor and within 50 feet of any #street wall# of the #building# and with #show windows# facing on the #street#.

116-11
Special Sign Regulations

The #sign# regulations of the underlying C4-2 District in Section 32-60 (Sign Regulations) shall be modified as follows: #flashing signs# shall not be permitted in the #Special Stapleton Waterfront District#.

116-12
Mandatory Ground Floor Use and Frontage Requirements

The provisions of Section 32-433 (Ground floor use in C1, C2 and C4 Districts in the Borough of Staten Island) shall not apply in the #Special Stapleton Waterfront District#. However, on designated #streets# and #mandatory front building wall lines# in Subareas B3 and C, as shown on Map 2 in the Appendix to this Chapter, the special ground floor #use# and frontage regulations of this Section shall apply to any #development# or #enlargement#.
#Uses# located on the ground floor level, or within two feet of the as-built level of the adjoining sidewalk, shall be limited to the non-#residential uses# permitted by the underlying district regulations, as modified by the special #use# provisions of this Chapter. A building's ground floor frontage shall be allocated exclusively to such #uses#, and shall have a depth of at least 30 feet from the #street wall# of the #building# and extend along the entire width of the #building#, except for lobbies or entrances to #accessory# parking spaces.

In no event shall lobbies and entrances to #accessory# parking spaces occupy more than 50 percent of the building's total frontage along such #street# or #mandatory front building wall line#, or 35 feet, whichever is less. However, the total length of such frontage occupied by such lobbies and entrances need not be less than 25 feet.

116-13
Transparency Requirements

Within the #Special Stapleton Waterfront District#, the transparency requirements of this Section shall apply to any #development# or an #enlargement# where the #enlarged# portion of the ground floor of the #building# is within eight feet of the #street line# and where non-#residential uses# are located on the ground floor level or within two feet of the as-built level of the adjoining sidewalk.

At least 50 percent of a building's front building wall surface shall be glazed and transparent at the ground floor level. For the purpose of the glazing requirements, the building's #street wall# surface at the ground floor level shall be measured from the floor to the height of the ceiling or 14 feet above grade, whichever is less. The lowest point of any transparency that is provided to satisfy the requirements of this Section shall not be higher than four feet above the as-built level of the adjoining sidewalk.

116-20
SPECIAL BULK REGULATIONS

The special #bulk# regulations of this Section shall apply within the #Special Stapleton Waterfront District#.

116-21
Residential Bulk Regulations in C4-2A Districts

The provisions of Sections 34-112 and 35-23 (Residential Bulk Regulations in other C1 or C2 Districts or in C3, C4, C5 or C6 Districts) are modified as follows:

The applicable #bulk# regulations for #residential uses# in C4-2A Districts shall be those for R6B districts.

116-22
Maximum Floor Area Ratio

The maximum #floor area ratio# for all #uses# shall be 2.0.

116-221
Special floor area regulations for mixed buildings

For #buildings# containing #residences#, the area in such #buildings# occupied by non-#residential uses# on the ground floor, or within two feet of the as-built level of the adjoining sidewalk, shall be excluded from the definition of #floor area# in Section 12-10.

116-23
Special Height and Setback Regulations

The special height and setback regulations set forth in this Section shall apply.

116-231
Special rooftop regulations

The provisions of Section 33-42 (Permitted Obstructions) shall apply to all #buildings or other structures# in the #Special Stapleton Waterfront District#, except the provisions of paragraph(c) of Section 33-42 shall not apply. In lieu thereof, the following regulations shall apply:

Elevator or stair bulkheads, roof water tanks, cooling towers or other mechanical equipment (including enclosures) may exceed a maximum height limit provided that either:

(a) the product, in square feet, of the #aggregate width of street walls# of such obstructions facing each #street# frontage, times their average height, in feet, shall not exceed a figure equal to eight times the width, in feet, of the #street wall# of the #building# facing such frontage; or,

(b) the #lot coverage# of all such obstructions does not exceed 20 percent of the #lot coverage# of the #building#, and the height of all such obstructions does not exceed 20 feet.

In addition, dormers may penetrate a maximum base height in accordance with the provisions of paragraph (c) of Section 23-621 (Permitted obstructions in certain districts).

116-232
Street wall location

In Subarea A, the underlying #street wall# location regulations shall apply.

In Subareas B and C, the underlying #street wall# location regulations of a C4-2A District, or an R6B District as applicable, shall be modified as set forth in this Section. Map 3 (Mandatory Front Building Wall Lines) in the Appendix to this Chapter, specifies locations in Subareas B and C where #mandatory front building wall# requirements apply as follows:

(a) Type 1: Front building walls shall be coincident with and extend along the entire length of the #mandatory front building wall line#, except to allow articulation at the intersection of two such lines, the front building wall may be located anywhere within 15 feet of their point of intersection.

(b) Type 2: Front building walls shall be located within eight feet of and extend along at least 70 percent of the length of the #mandatory front building wall line#. For phased #development#, this requirement may be satisfied by more than one # building#, provided that upon completion 70 percent of the length of the #mandatory front building wall line# is occupied by such front building walls.

(c) Wherever Map 3 does not indicate a #mandatory front building wall line#, the underlying #street wall# location rules shall apply.

If more than one #building# is developed in Subareas B1, B2, B3 or B4, the first #building# shall be located along a Type 1 #mandatory front building wall line#. Subsequent buildings shall locate along a Type 2 #mandatory front building wall line# until 70 percent of the length of the #mandatory front building wall line# is occupied.

All #mandatory front building walls# shall rise without setback to a maximum height of 40 feet or the height of the #building#, whichever is less. A #building# may exceed a height of 40 feet, up to the maximum building height specified in Section 116-233 if a setback is provided at a minimum height of 35 feet. Such setback shall have a minimum depth of 10 feet and shall be measured from the front building wall. Recesses shall be permitted on the ground floor where required to provide access to the #building#. Above the ground floor, up to 30 percent of the aggregate width of the front building wall may be recessed. However, in Subarea B2, the #mandatory front building wall# may rise without setback to the permitted maximum height of the #building#.

116-233
Maximum building height

Within the #Special Stapleton Waterfront District#, the maximum height of a #building or other structure# shall not exceed 50 feet, except in Subarea B2 where the maximum height of a #building or other structure# shall not exceed 60 feet.

116-30
SPECIAL ACCESSORY OFF-STREET PARKING AND LOADING REGULATIONS

Within the #Special Stapleton Waterfront District#, the parking and loading regulations of the underlying C4-2A District shall apply, except as modified in this Section.

116-31
Modification of Required Accessory Off-Street Parking Spaces Regulations for Certain Commercial Uses

The following #uses# listed in Section 32-23 (Use Group 14) shall be subject to the parking requirements applicable to a C4-2 District pursuant to Section 62-53 (Parking Requirements for Commercial Docking Facilities):

Boat rentals, open or enclosed [PRC–H]

Docks for ferries, other than #gambling vessels#, limited to an aggregate operational passenger load, per #zoning lot#, of 150 passengers per half hour [PRC-H]

Docks for sightseeing, excursion or sport fishing vessels, other than #gambling vessels#

Docks or mooring facilities for non-commercial pleasure boats [PR-H]

116-32
Modification of Waiver of Requirements

The provisions of Section 36-362(For new development or enlargements in other C1 or C2 Districts or in C4, C5 or C6 Districts) shall not apply.

All other waivers of parking requirements shall only apply to #zoning lots# existing both on (the effective date of amendment) and on the date of application for a building permit.

116-33
Modification of Location of Parking Spaces

For all #zoning lots# with frontage on Front Street, no #accessory# off-street parking spaces shall be located in any open area that is between the #street wall# of the #building# and the Front Street #street line#; except that such spaces may be located between the #street wall# of the #building# and the Front Street #street line# in Subarea B5.

116-34
Location and Width of Curb Cuts

Curb cuts are prohibited in the locations shown on Map 4 (Restricted Curb Cut and Off-Street Loading Locations), in the Appendix to this Chapter.

In Subarea C, for #zoning lots# with access only to Front Street, only one curb cut shall be permitted along Front Street.

Within the #Special Stapleton Waterfront District#, the maximum width of curb cuts shall not exceed 25 feet, including splays.

116-35
Screening and Tree Planting Requirements for Parking Facilities

The provisions of this Section shall apply to any new or #enlarged# open off-street parking facility with ten spaces or more.

(a) Screening

Such off-street parking facilities shall be screened in accordance with the provisions of this Section from all adjoining #zoning lots#, including such #zoning lots# situated across a #street#, and from any designated open space accessible to the public situated on the same #zoning lot#, including the #Esplanade#.

Such screening shall consist of a strip at least four feet wide, densely planted with evergreen shrubs at least four feet high at the time of planting and which are of a type which may be expected to form a year–round dense screen at least six feet high within three years.

#Accessory# parking spaces that front upon a #street# shall be screened by a strip at least four feet wide and densely planted with evergreen shrubs to be maintained at all times at a height not less than two and one-half feet and not more than four feet.

In addition, a wall or barrier or uniformly-painted fence of fire-resistant material at least four feet high but not more than eight feet above finished grade may be provided. Such wall, barrier, or fence must be 100 percent opaque up to a height of four feet above the finished grade of the parking facility and not more than 35 percent opaque above four feet. No chain link fences shall be permitted. All permitted fences shall be located behind landscaped areas when viewed from the street.

Such screening shall be maintained in good condition at all times, may be interrupted by normal entrances or exits, and shall have no signs hung or attached thereto other than those permitted in Sections 32-60 (Sign Regulations) inclusive, or 62-674 (Signage).

(b) Tree planting requirements

Trees, pre-existing or newly-planted, shall be provided at the rate of one tree for every eight open parking spaces within the off-street parking facility and may be located on the perimeter of the parking facility or in planting islands within the parking area. For parking facilities with more than 25 open parking spaces, at least 30 percent of trees provided to meet this requirement shall be located in planting islands within the parking area. Trees shall be planted in accordance with the requirements of the Department of Parks and Recreation.

116-40

Leland DeGrasse, J.S.C.), duly entered in the office of the Clerk of the County of New York on August 10, 2006, the application of the City of New York to acquire certain subsurface easements in real property, for the No. 7 Subway Extension - Hudson Yards Rezoning and Development Program, Phase 1, Stage 1, was granted and the City was thereby authorized to file an acquisition map with the Office of the City Register. Said map, showing the easements acquired by the City, was filed with the City Register. The subsurface easements vested in the City of New York on August 18, 2006.

The subsurface easements acquired by the City of New York are situated in the City, County, and State of New York, and are generally located at the properties known as: Block 670, part of Lot 70; Block 672, part of Lot 1; Block 673, part of Lot 1; Block 674, part of Lot 1; Block 675, parts of Lots 29 and 36; Block 696, parts of Lots 1 and 65; Block 698, part of Lot 1; Block 699, part of Lot 1; Block 700, part of Lot 1; Block 701, parts of Lots 1, 68 and 70; Block 708, parts of Lots 1 and 65; Block 709, parts of Lots 1, 2, 3, 68, 70 and 71; Block 710, part of Lot 1; Block 1013, part of Lot 1; Block 1032, parts of Lots 7, 48, 101, and 1001-1553; Block 1050, parts of Lots 1, 6, 49, 61 and 158; Block 1069, parts of Lots 24 and 136; and Block 1070, parts of Lots 5 and 29. These acquisitions are for the purpose of constructing an extension of the No. 7 Subway Line, which is to be extended westward from Times Square along 41st Street, then turn southward under 11th Avenue and continue to West 24th Street.

PLEASE TAKE FURTHER NOTICE that if you intend to file a written claim or notice of appearance pursuant to § 503 of the New York State Eminent Domain Procedure Law, such claim must be filed with the Clerk of the Supreme Court of the State of New York, County of New York, with copies served upon petitioner's counsel, Office of the Corporation Counsel, Tax and Bankruptcy Litigation Division, 100 Church Street, New York, New York, 10007, and Carter Ledyard & Milburn LLP, 2 Wall Street, New York, New York, 10005, on or before February 10, 2007.

ARCHITECTURAL/ENGINEERING REQUIREMENTS CONTRACTS – Competitive Sealed Proposals – Judgment required in evaluating proposals - PIN# 04207DDCM002 – DUE 09-06-06 AT 3:00 P.M. – The City University of New York (CUNY) is New York City's public university system, CUNY, was created in 1847, and is the third largest university system in the nation; it is comprised of eleven senior colleges, six community colleges, a graduate school, a law school, a school of biomedical education, a graduate school of journalism and a central office ("Colleges"). Historically, the Department of Design, Construction and Management ("DDCM") issued RFP's to solicit proposals for Architectural/Engineering services on an individual project basis. This "by project" solicitation process is burdensome, inefficient, expensive to adminsiter, and does not allow DDCM to expeditiously meet the needs of the University. This is crucial for the University's older colleges, where the ability to act quickly can mitigate further damages to the College infrastructure. To address this need, DDCM is seeking to award up to twenty-four (24) separate requirements contracts to provide Architectural/Engineering services on an expedited "As needed" term basis for small, medium and large projects with a cap of $5 million dollar.
Requirements: Interested, proposing entities should submit seven (7) copies of their firm brochure, a list of client names and telephone numbers, their latest SF254 and 255 forms of SF330 form, a copy of their EEO Policy Statements, their latest audited financial statement, a document which lists and describes in detail work/contracts of similar nature, with a list of the proposed project team. Proposing entities shall: demonstrate their ability to perform requested services based on prior related experience in the design and programming specialties for higher education facilities in similar urban environments, and shall submit examples of comparable, satisfactorily completed projects. Proposing entities shall be licensed to practice in the State of New York. Selection of proposing entities shall be made in accordance with CUNY policies and solicitation procedures. Minority Sub-Contracting Goals: 20%. Women-Owned Sub-Contracting Goals: 10%.

OFFICE OF MANAGEMENT AND BUDGET

■ NOTICE

OFFICE OF MANAGEMENT AND BUDGET
NEW YORK CITY ECONOMIC DEVELOPMENT CORPORATION

SECTION 108 LOAN & ECONOMIC DEVELOPMENT INITIATIVE PROGRAMS

NOTICE OF FINDING OF NO SIGNIFICANT EFFECT ON THE ENVIRONMENT AND INTENT TO REQUEST RELEASE OF FUNDS

TO ALL INTERESTED AGENCIES, COMMUNITY BOARDS, GROUPS AND PERSONS:

Regulations promulgated under Title 1 of the Housing and Community Development Act of 1974 require that an Environmental Review Record (ERR) be prepared for activities to be funded under Title 1. The ERR must include a determination whether the proposed activity significantly affects the quality of the human environment. Accordingly, on August 30, 2006, the City of New York will submit to the U.S. Department of Housing and Urban Development (HUD) its Request for Release of Funds for the following project.

Foundation for Dance Promotion Inc., Cultural Facility Project

The Foundation for Dance Promotion Inc. (d/b/a the "Bill T. Jones/Arnie Zane Dance Company") proposes to create the Cultural Facility Project by acquiring and constructing an approximately 32,000 square foot, four-story condominium unit above a Grid Properties, Inc. retail development located at 261 W. 125th Street in Manhattan. The Cultural Facility Project will comprise a black box performance space, 4-5 high quality dance and theater rehearsal studios for the profit and not-for-profit arts and entertainment community and rental and administrative offices for the Bill T. Jones/Arnie Zane Dance Company, Inc. The Cultural Facility Project will serve as a cultural anchor to the redevelopment of the 125th Street corridor. The Cultural Facility Project will also create a permanent home for the Bill T. Jones/Arnie Zane Dance Company, Inc. by allowing it to expand its operations, and provide classes and services for adults and children in the Harlem community in its rehearsal studios.

The proposed Cultural Facility Project has a total development cost of approximately $35.3 million. The City has received a HUD Economic Development Initiative Grant of $2 million to complement the requested Section 108 Loan of $3 million to assist in financing the Cultural Facility Project. The proposed activities meet the Section 108 Loan Program's economic development eligibility requirements at 24 CFR Part 570.703(a) and (i)(1)(2) and the national objective requirement at 570.208(a)(1)(i). The City of New York is pledging its future Community Development Block Grant funds as a condition of receiving the Section 108 Loan Guarantee. Community Development funds are pledged as security to ensure repayment.

The City of New York has determined that the project will have no significant impact on the human environment. Therefore, an Environmental Impact Statement (EIS) under the National Environmental Policy Act of 1969 is not required. Additional project information is contained in the ERR on file at the New York City Economic Development Corporation, 110 William Street, New York, New York 10038, between 10:00 A.M. AND 5:00 P.M., Monday through Friday. Please call Marysa Wilcox at (212) 312-4216 to obtain a copy of the document. Any individual, group, or agency disagreeing with this determination or wishing to comment on the project may submit written comments to Ms. Wilcox at the afore-mentioned address. All comments received by August 29th will be considered by the City of New York prior to authorizing submission of a request for release of funds.

The City of New York will undertake the project described above with Section 108 Loan and Economic Development Initiative funds from HUD, under Title I. The City of New York is certifying to HUD that the City and Budget Director Mark Page, in his official capacity as the Certifying Officer for the Community Development Block Grant, Section 108 Loan and Economic Development Initiative Programs consent to accept the jurisdiction of the Federal Courts if an action is brought to enforce responsibilities in relation to the environmental review process and that these responsibilities have been satisfied. HUD's approval of the certification satisfies its responsibilities under NEPA and related laws and authorities, and allows the City of New York to use the Section 108 Loan and Economic Development Initiative funds.

HUD will accept objections to its release of funds and the City's certification for a period of fifteen days following the anticipated submission date or its actual receipt of the request (whichever is later) only if they are on one of the following bases: (a) the certification was not executed by the Certifying Officer for the City of New York for the referenced programs; (b) the City of New York has omitted a step or failed to make a decision or finding required by HUD regulations at 24 CFR part 58; (c) the grant recipient has committed funds or incurred costs not authorized by 24 CFR part 58 before approval of a release of funds by HUD; or (d) another Federal agency acting pursuant to 40 CFR part 1504 has submitted a written finding that the project is unsatisfactory from the standpoint of environmental quality. Objections must be prepared and submitted in accordance with the required procedures (24 CFR Part 58) and shall be addressed to the U.S. Department of Housing and Urban Development, Office of Community Planning and Development, 26 Federal Plaza, 35th Floor, New York, New York, 10278. Potential objectors should contact HUD to verify the actual last day of the objection period (anticipated to be September 14, 2006).

READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council,** 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists--free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

Article XI – Special Purpose Districts

Chapter 6
Special Stapleton Waterfront District

116-00
GENERAL PURPOSES

The "Special Stapleton Waterfront District" established in this Resolution is designed to promote and protect public health, safety and general welfare. These general goals include among others, the following specific purposes:

(a) encourage design of new development that is in character with the neighborhood and surrounding community;

(b) maintain and reestablish physical and visual public access to and along the waterfront;

(c) strengthen the traditional town center of Stapleton by allowing the development of new residential and commercial uses;

(d) encourage the creation of a lively and attractive environment that will provide daily amenities and services for the use and enjoyment of the working population and the new residents;

(e) take maximum advantage of the beauty of the New York Harbor waterfront, thereby best serving the business community, the residential population and providing regional recreation; and

(f) promote the most desirable use of land and thus conserve and enhance the value of land and buildings, and thereby protect City tax revenues.

116-01
Definitions

For the purposes of this Chapter, matter in italics is defined in Section 12-10 (DEFINITIONS) or in this Section.

Esplanade

The "Esplanade" is a park extending along all waterfront edges of the #Special Stapleton Waterfront District#. The #Esplanade# is shown in the District Plan, Map 1 (Special Stapleton Waterfront District, Subareas and Public Spaces), in the Appendix to this Chapter.

Mandatory front building wall

A "mandatory front building wall" is the front wall of a building that generally coincides with a #mandatory front building wall line#, as provided in Section 116-232 (Street Wall Location).

Mandatory front building wall line

"Mandatory front building wall lines" are imaginary lines extending through Subarea B of the #Special Stapleton Waterfront District# which are shown on Map 3 (Mandatory Front Building Wall Lines) in the Appendix to this Chapter, and with which building walls must generally coincide, as provided in Section 116-232 (Street Wall Location).

Pier Place and the Cove

"Pier Place" and the "Cove" are designated open spaces accessible to the public, located within the #Special Stapleton Waterfront District" as shown in the District Plan, Map 1 in the Appendix to this Chapter.

Upland connection

An "upland connection" is a pedestrian way which provides a public access route from the #Esplanade# to a public sidewalk within a public #street#. Required #upland connections# are shown in the District Plan, Map 5 (Upland Connections and Visual Corridors) in the Appendix to this Chapter.

Visual corridor

A "visual corridor" is a public #street# or tract of land within a #block# that provides a direct and unobstructed view to the water from a vantage point within a public #street#. Required #visual corridors# are shown in the District Plan, Map 5 in the Appendix to this Chapter.

116-02
General Provisions

In harmony with the general purposes and content of this Resolution and the general purposes of the #Special Stapleton Waterfront District#, the provisions of this Chapter shall apply to all #developments#, #enlargements# and changes of #use# within the #Special Stapleton Waterfront District#. The regulations of all other Chapters of this Resolution are applicable except as modified, supplemented or superseded by the provisions of this Chapter. In the event of a conflict between the provisions of this Chapter and other regulations of this Resolution, the provisions of this Chapter shall control.

Within the #Special Stapleton Waterfront District#, the regulations of the underlying C4-2A District shall apply, as modified in this Chapter.

116-03
District Plan and Maps

The District Plan for the #Special Stapleton Waterfront District# identifies specific areas comprising the Special District in which special zoning regulations are established in order to carry out the general purposes of the #Special Stapleton Waterfront District#. These areas shall include the #Esplanade#, Subareas A, B1, B2, B3, B4, B5, C, and two designated public open spaces: the #Cove# and the #Pier Place#.

The District Plan includes the following maps in the Appendix to this Chapter.

Map 1 - Special Stapleton Waterfront District, Subareas and Public Spaces
Map 2 - Ground Floor Use and Frontage Requirements
Map 3 - Mandatory Front Building Wall Lines
Map 4 - Restricted Curb Cut and Off-Street Loading Locations
Map 5 - Upland Connections and Visual Corridors

The maps are hereby incorporated and made part of this Resolution for the purpose of specifying locations where the special regulations and requirements set forth in the text of this Chapter shall apply.

116-04
Subareas

In order to carry out the purposes and provisions of this Chapter, the following subareas are established within the #Special Stapleton Waterfront District#: Subarea A, Subarea B, comprised of Subareas B1, B2, B3, B4 and B5, Subarea C, #Esplanade#, #Pier Place# and the #Cove#. In each of these subareas, special regulations apply that may not apply in other subareas.

116-05
Applicability

The provisions of Article VI, Chapter 2 (Special Regulations Applying in the Waterfront Area) shall not apply in the #Special Stapleton Waterfront District#, except where specifically stated otherwise in this Chapter.

#Lower density growth management area# regulations shall not apply in the #Special Stapleton Waterfront District#.

116-10
SPECIAL USE REGULATIONS

Within the #Special Stapleton Waterfront District#, the following special #use# regulations shall apply. The #use# regulations of the underlying C4-2A District shall be modified by the following Sections 116-101 through 116-13:

116-101
Use Groups 12 and 14

The #uses# listed in Section 32-21 (Use Group 12) shall not be permitted in Subarea C.

The #uses# listed in Section 32-23 (Use Group 14) shall be permitted in the #Special Stapleton Waterfront District#; however, boat storage, repair or painting shall be allowed without restriction relating to boat length.

116-102
Special permit uses

#Physical culture or health establishments# shall be permitted in Subarea B2. The special permit provisions of Section 73-36 shall not apply.

116-103
Supplementary use regulations

The provisions of Section 32-41 (Enclosure within Buildings) shall be modified as follows: In Subarea B3, a Farmers Market may be unenclosed.

The provisions of Section 32-423 (Limitation on ground floor location) shall be modified as follows: In Subareas B1 and B2, the #uses# listed in Section 32-18 (Use Group 9) may be located on the ground floor and within 50 feet of any #street wall# of the #building# and with #show windows# facing on the #street#.

116-11
Special Sign Regulations

The #sign# regulations of the underlying C4-2 District in Section 32-60 (Sign Regulations) shall be modified as follows: #flashing signs# shall not be permitted in the #Special Stapleton Waterfront District#.

116-12
Mandatory Ground Floor Use and Frontage Requirements

The provisions of Section 32-433 (Ground floor use in C1, C2 and C4 Districts in the Borough of Staten Island) shall not apply in the #Special Stapleton Waterfront District#. However, on designated #streets# and #mandatory front building wall lines# in Subareas B3 and C, as shown on Map 2 in the Appendix to this Chapter, the special ground floor #use# and frontage regulations of this Section shall apply to any #development# or #enlargement#.
#Uses# located on the ground floor level, or within two feet of the as-built level of the adjoining sidewalk, shall be limited to the non-#residential uses# permitted by the underlying district regulations, as modified by the special #use# provisions of this Chapter. A building's ground floor frontage shall be allocated exclusively to such #uses#, and shall have a depth of at least 30 feet from the #street wall# of the #building# and extend along the entire width of the #building#, except for lobbies or entrances to #accessory# parking spaces.

In no event shall lobbies and entrances to #accessory# parking spaces occupy more than 50 percent of the building's total frontage along such #street# or #mandatory front building wall line#, or 35 feet, whichever is less. However, the total length of such frontage occupied by such lobbies and entrances need not be less than 25 feet.

116-13
Transparency Requirements

Within the #Special Stapleton Waterfront District#, the transparency requirements of this Section shall apply to any #development# or an #enlargement# where the #enlarged# portion of the ground floor of the #building# is within eight feet of the #street line# and where non-#residential uses# are located on the ground floor level or within two feet of the as-built level of the adjoining sidewalk.

At least 50 percent of a building's front building wall surface shall be glazed and transparent at the ground floor level. For the purpose of the glazing requirements, the building's #street wall# surface at the ground floor level shall be measured from the floor to the height of the ceiling or 14 feet above grade, whichever is less. The lowest point of any transparency that is provided to satisfy the requirements of this Section shall not be higher than four feet above the as-built level of the adjoining sidewalk.

116-20
SPECIAL BULK REGULATIONS

The special #bulk# regulations of this Section shall apply within the #Special Stapleton Waterfront District#.

116-21
Residential Bulk Regulations in C4-2A Districts

The provisions of Sections 34-112 and 35-23 (Residential Bulk Regulations in other C1 or C2 Districts or in C3, C4, C5 or C6 Districts) are modified as follows:

The applicable #bulk# regulations for #residential uses# in C4-2A Districts shall be those for R6B districts.

116-22
Maximum Floor Area Ratio

The maximum #floor area ratio# for all #uses# shall be 2.0.

116-221
Special floor area regulations for mixed buildings

For #buildings# containing #residences#, the area in such #buildings# occupied by non-#residential uses# on the ground floor, or within two feet of the as-built level of the adjoining sidewalk, shall be excluded from the definition of #floor area# in Section 12-10.

116-23
Special Height and Setback Regulations

The special height and setback regulations set forth in this Section shall apply.

116-231
Special rooftop regulations

The provisions of Section 33-42 (Permitted Obstructions) shall apply to all #buildings or other structures# in the #Special Stapleton Waterfront District#, except the provisions of paragraph(c) of Section 33-42 shall not apply. In lieu thereof, the following regulations shall apply:

Elevator or stair bulkheads, roof water tanks, cooling towers or other mechanical equipment (including enclosures) may exceed a maximum height limit provided that either:

(a) the product, in square feet, of the #aggregate width of street walls# of such obstructions facing each #street# frontage, times their average height, in feet, shall not exceed a figure equal to eight times the width, in feet, of the #street wall# of the #building# facing such frontage; or,

(b) the #lot coverage# of all such obstructions does not exceed 20 percent of the #lot coverage# of the #building#, and the height of all such obstructions does not exceed 20 feet.

In addition, dormers may penetrate a maximum base height in accordance with the provisions of paragraph (c) of Section 23-621 (Permitted obstructions in certain districts).

116-232
Street wall location

In Subarea A, the underlying #street wall# location regulations shall apply.

In Subareas B and C, the underlying #street wall# location regulations of a C4-2A District, or an R6B District as applicable, shall be modified as set forth in this Section. Map 3 (Mandatory Front Building Wall Lines) in the Appendix to this Chapter, specifies locations in Subareas B and C where #mandatory front building wall# requirements apply as follows:

(a) Type 1: Front building walls shall be coincident with and extend along the entire length of the #mandatory front building wall line#, except to allow articulation at the intersection of two such lines, the front building wall may be located anywhere within 15 feet of their point of intersection.

(b) Type 2: Front building walls shall be located within eight feet of and extend along at least 70 percent of the length of the #mandatory front building wall line#. For phased #development#, this requirement may be satisfied by more than one # building#, provided that upon completion 70 percent of the length of the #mandatory front building wall line# is occupied by such front building walls.

(c) Wherever Map 3 does not indicate a #mandatory front building wall line#, the underlying #street wall# location rules shall apply.

If more than one #building# is developed in Subareas B1, B2, B3 or B4, the first #building# shall be located along a Type 1 #mandatory front building wall line#. Subsequent buildings shall locate along a Type 2 #mandatory front building wall line# until 70 percent of the length of the #mandatory front building wall line# is occupied.

All #mandatory front building walls# shall rise without setback to a maximum height of 40 feet or the height of the #building#, whichever is less. A #building# may exceed a height of 40 feet, up to the maximum building height specified in Section 116-233 if a setback is provided at a minimum height of 35 feet. Such setback shall have a minimum depth of 10 feet and shall be measured from the front building wall. Recesses shall be permitted on the ground floor where required to provide access to the #building#. Above the ground floor, up to 30 percent of the aggregate width of the front building wall may be recessed. However, in Subarea B2, the #mandatory front building wall# may rise without setback to the permitted maximum height of the #building#.

116-233
Maximum building height

Within the #Special Stapleton Waterfront District#, the maximum height of a #building or other structure# shall not exceed 50 feet, except in Subarea B2 where the maximum height of a #building or other structure# shall not exceed 60 feet.

116-30
SPECIAL ACCESSORY OFF-STREET PARKING AND LOADING REGULATIONS

Within the #Special Stapleton Waterfront District#, the parking and loading regulations of the underlying C4-2A District shall apply, except as modified in this Section.

116-31
Modification of Required Accessory Off-Street Parking Spaces Regulations for Certain Commercial Uses

The following #uses# listed in Section 32-23 (Use Group 14) shall be subject to the parking requirements applicable to a C4-2 District pursuant to Section 62-53 (Parking Requirements for Commercial Docking Facilities):

Boat rentals, open or enclosed [PRC–H]

Docks for ferries, other than #gambling vessels#, limited to an aggregate operational passenger load, per #zoning lot#, of 150 passengers per half hour [PRC-H]

Docks for sightseeing, excursion or sport fishing vessels, other than #gambling vessels#

Docks or mooring facilities for non-commercial pleasure boats [PR-H]

116-32
Modification of Waiver of Requirements

The provisions of Section 36-362(For new development or enlargements in other C1 or C2 Districts or in C4, C5 or C6 Districts) shall not apply.

All other waivers of parking requirements shall only apply to #zoning lots# existing both on (the effective date of amendment) and on the date of application for a building permit.

116-33
Modification of Location of Parking Spaces

For all #zoning lots# with frontage on Front Street, no #accessory# off-street parking spaces shall be located in any open area that is between the #street wall# of the #building# and the Front Street #street line#; except that such spaces may be located between the #street wall# of the #building# and the Front Street #street line# in Subarea B5.

116-34
Location and Width of Curb Cuts

Curb cuts are prohibited in the locations shown on Map 4 (Restricted Curb Cut and Off-Street Loading Locations), in the Appendix to this Chapter.

In Subarea C, for #zoning lots# with access only to Front Street, only one curb cut shall be permitted along Front Street.

Within the #Special Stapleton Waterfront District#, the maximum width of curb cuts shall not exceed 25 feet, including splays.

116-35
Screening and Tree Planting Requirements for Parking Facilities

The provisions of this Section shall apply to any new or #enlarged# open off-street parking facility with ten spaces or more.

(a) Screening

Such off-street parking facilities shall be screened in accordance with the provisions of this Section from all adjoining #zoning lots#, including such #zoning lots# situated across a #street#, and from any designated open space accessible to the public situated on the same #zoning lot#, including the #Esplanade#.

Such screening shall consist of a strip at least four feet wide, densely planted with evergreen shrubs at least four feet high at the time of planting and which are of a type which may be expected to form a year–round dense screen at least six feet high within three years.

#Accessory# parking spaces that front upon a #street# shall be screened by a strip at least four feet wide and densely planted with evergreen shrubs to be maintained at all times at a height not less than two and one-half feet and not more than four feet.

In addition, a wall or barrier or uniformly-painted fence of fire-resistant material at least four feet high but not more than eight feet above finished grade may be provided. Such wall, barrier, or fence must be 100 percent opaque up to a height of four feet above the finished grade of the parking facility and not more than 35 percent opaque above four feet. No chain link fences shall be permitted. All permitted fences shall be located behind landscaped areas when viewed from the street.

Such screening shall be maintained in good condition at all times, may be interrupted by normal entrances or exits, and shall have no signs hung or attached thereto other than those permitted in Sections 32-60 (Sign Regulations) inclusive, or 62-674 (Signage).

(b) Tree planting requirements

Trees, pre-existing or newly-planted, shall be provided at the rate of one tree for every eight open parking spaces within the off-street parking facility and may be located on the perimeter of the parking facility or in planting islands within the parking area. For parking facilities with more than 25 open parking spaces, at least 30 percent of trees provided to meet this requirement shall be located in planting islands within the parking area. Trees shall be planted in accordance with the requirements of the Department of Parks and Recreation.

116-40
UPLAND CONNECTIONS AND VISUAL CORRIDORS

116-41
Upland Connections

In the locations shown on Map 5 (Upland Connections and Visual Corridors) in the Appendix to this Chapter, #upland connections# shall be provided. An #upland connection# traversing a #zoning lot# shall consist of a single pedestrian circulation zone bordered continuously along both sides by buffer zones.

(a) Required Dimensions

The minimum width of the #upland connection# shall be 30 feet, within which the pedestrian circulation zone shall have a minimum width of 16 feet and each buffer zone shall have a minimum width of seven feet. When an #upland connection# or a portion thereof is located within a private drive, no buffer zone is required.

(b) Buffer zone

The provisions of paragraph(b)(2)of Section 62-62 (General Requirements for Public Access Areas) shall apply.

(c) Permitted Obstructions

The provisions of Section 62-626 (Permitted obstructions) shall apply to #upland connections# within the #Special Stapleton Waterfront District#. Certain permitted obstructions listed in sub-paragraph (a)(2)(iii)of Section 62-626, are further subject to the tree and planting requirements of Section 62-675. WD (Water-dependent)uses referenced in paragraph (c) of Section 62-626 shall be as listed in Section 62-211.

116-42
Visual Corridors

#Visual corridors# shall be provided for #developments# in the locations shown on Map 5 in the Appendix to this Chapter. Such #visual corridors# shall be subject to the requirements of Section 116-522 (Design requirements for visual corridors).

116-50
Special Urban Design Requirements

The special urban design requirements of this Section, inclusive, shall apply to all #developments# and #enlargements# within the #Special Stapleton Waterfront District#:

116-51
#Street# trees

#Street# trees, pre-existing or newly-planted, shall be provided along the entire length of the #street# frontage of the #zoning lot#. The trees shall be located between the #front lot line# and the curb line and shall be provided at the rate of one tree for each 25 feet of frontage. Trees shall be planted in accordance with the requirements of the Department of Parks and Recreation.

116-52
Design Requirements for Upland Connections and Visual Corridors

116-521
Design requirements for upland connections

(a) Circulation and access

(1) Where an #upland connection# is located within a private drive, a circulation path with a minimum clear width of six feet shall be provided in each pedestrian circulation zone. The remaining area shall be planted pursuant to the provisions of paragraph (c) of this Section.

(2) All other #upland connections# through #zoning lots# shall have a circulation path with a minimum clear width equal to the minimum required width of the pedestrian circulation zone.

(b) Seating

For #upland connections# 100 feet in length or greater, a minimum of 24 linear feet of seating shall be provided.

(c) Planting

Where an #upland connection# is located within a private drive, a single row of shade trees shall be planted adjoining a required circulation path in accordance with the standards of Section 62-675 (Planting and trees). Within all #upland connections#, any unpaved area shall be planting area.

116-522
Design requirements for visual corridors

The requirements of this Section shall apply to all #visual corridors#. When a #visual corridor# coincides with an #upland connection#, the provisions of Section 116-521 (Design requirements for upland connections) shall also apply.

No #building or other structure# shall be erected within the width of a #visual corridor#, except as provided in this Section. #Visual corridors# shall be the width of the #street# but shall not be less than 50 feet wide.

Permitted obstructions within #visual corridors# shall be limited to:

(a) boats, ships or other vessels, and #floating structures# permitted as-of-right by paragraph (a)of Section 62-25 (Uses on Floating Structures);

(b) any moving or parked vehicles or street furniture, including but not limited to, benches, seats, kiosks, carts and open display booths, lighting fixtures, flagpoles, trash receptacles, drinking fountains and public telephones;

(c) guardrails and fences provided they comply with the design standards of Section 62-671 (Guardrails, gates and other protective barriers), except that fences may be eight feet high;

(d) sculpture;

(e) planting areas, provided that no shade trees are planted within a 15 foot wide area along both sides of the center line of the #visual corridor#; and

(f) those obstructions permitted in #rear yards# as listed in Section 23-44 (Permitted Obstructions in Required Yards or Rear Yard Equivalents), except walls exceeding four feet in height shall not be permitted.

116-53
Waterfront public access signage

The New York City Waterfront Symbol Plaque shall be used to direct the public to waterfront public access areas including the #Esplanade# and #upland connections# and to identify the entry points of these areas. Such signage shall be provided in accordance with requirements of Section 62-674 (Signage).

116-54
Refuse Storage Areas

Refuse shall be stored within a completely enclosed #building#.

On behalf of
THE CITY COUNCIL
NOTICE OF A PUBLIC HEARING

The City Council, by resolution adopted on August 16, 2006, set September 13, 2006 as the date, 11:00 a.m. as the time, and the City Council Committee Room, 2nd Floor, City Hall, New York, New York 10007, as the place for a public hearing (the "Public Hearing") to hear all persons interested in the proposed legislation which would extend the Village Alliance Business Improvement District (the "District") in the Borough of Manhattan. The District shall be extended in accordance with an amended district plan (the "District Plan") on file at the Office of the City Clerk. The City Council has authorized the New York City Department of Small Business Services to publish, on its behalf, this notice of the Public Hearing containing the information required by Section 25-406(c) of the Administrative Code of the City of New York and summarizing the resolution adopted.

The District Plan was submitted to, and reviewed by, the City Planning Commission and Manhattan Community Board Number 2. The Community Board and the City Planning Commission have approved the District Plan.

The District Plan provides that the extended District shall include properties on Sixth Avenue from 4th Street to the south side of West 12th Street on the west side of the street and to West 13th Street on the east side; both sides of University Place from the north side of East 9th Street to the south side of 13th Street; both sides of Broadway from the north side of East 9th Street to the south side of 10th Street; and both sides of 8th Street from Sixth Avenue to Second Avenue including Astor Place between Broadway and Fourth Avenue. Services to be provided in the extended District shall include, but not be limited to, supplemental sanitation, graffiti removal, public safety, marketing and promotion, community outreach/consultants, administration of the District, and additional services required for the enjoyment and protection of the public and the promotion and enhancement of the District. Pursuant to the District Plan, capital improvements (hereinafter "Improvements") may include, but shall not limited to, sidewalk amenities to identify, enhance and beautify the District; and street and sidewalk amenities to improve pedestrian circulation and safety. The Improvements shall be implemented on an as-needed basis. During the existence of the BID, the maximum cost of the Improvements, if any, shall not exceed $2 million. The extended District shall be managed by the Village Alliance District Management Association, Inc.

To defray the cost of services and improvements provided in the extended District, all real property in the District shall be assessed in proportion to the benefit such property receives from the services and improvements. Each property shall be assessed at a rate, determined annually by the Village Alliance District Management Association, Inc., to yield an amount sufficient to meet the District's annual budget. The annual budget for the extended District's first year of operation is $735,000.

Those properties within the District which are devoted in whole to commercial uses shall constitute Class A properties and shall be assessed at 90% of the Front Footage Rate (FFR) and 90% of the Assessed Valuation Rate (AVR).

Those properties, with 2 floors or more of commercial use, shall constitute Class B1 properties, and shall be assessed at 65% of FFR and 65% of AVR.

Those properties composed of rental, condominium and cooperative units, all with commercial use(s) only on the ground floor, shall constitute Class B2 properties. Where commercial and residential units receive one tax bill and occupy the same tax lot, the property will be assessed at 40% of the FFR and 40% of the AVR. Where the ground floor commercial use(s) has a separate tax lot and receives a separate real estate tax bill, the property will be assessed as Class A or wholly commercial.

Those properties devoted in whole to privately-owned parking lots shall constitute Class C properties and will be assessed at 25% of FFR and 25% of AVR. Properties used for garages will be assessed at 25% of AVR only.

Those properties with not-for-profit use shall constitute Class D properties and will be exempt from the assessment unless there is an agreement to be assessed. The portion of not-for-profit owned property devoted in part to commercial/for profit use(s) shall be assessed at 50% of FFR and 50% of AVR. Other properties within this class will be exempt to the same degree that they are exempt form the City's general real estate tax.

Wholly residential properties shall constitute Class E properties. There are no wholly residential properties within the District. If such properties are erected, they will be assessed at $1 per year.

FFR and AVR will be calculated in the following manner:

FFR = 50% BUDGET
90% of total Class A (FF) + 65% of total Class B1(FF)
+ 40% of total Class B2 (FF) + 25% of total Class C (FF)
+ 50% of total Class D (FF)

AVR = 50% BUDGET
90% of total Class A (AV) + 65% of total Class B1(AV)
+ 40% of total Class B2 (AV)
+ 25% of total Class C (AV) + 50% of total Class D (AV)

INDIVIDUAL ASSESSMENT = FFR + AVR
FFR = FFR x class percentage of FF
AVR = AVR x class percentage of AV

The annual assessment rate is anticipated to be no greater than $60.34 per front foot and $0.001968667 per dollar of assessed valuation for the first year of the extended District.

The amount, exclusive of debt service, assessed and levied in any given year against benefited real property within the District may not exceed twenty percent (20%) of the total general City taxes levied in such year against such properties.

Copies of the resolution adopted by the City Council, which include a copy of the District Plan, are available for public inspection from 9:00 A.M. to 4:00 P.M. Monday through Friday at the Office of the City Clerk located at 265 Municipal Building (South Side), One Centre Street, New York, New York 10007. In addition, copies of the resolution are available free of charge to the public at the Office of the City Clerk.

Any owner of real property, deemed benefited and therefore within the District, objecting to the District Plan, must file an objection at the Office of the City Clerk, on forms made available by the City Clerk, within thirty (30) days of the close of the hearing on the proposed District. If owners of at least fifty-one percent (51%) of the assessed value of benefited real property situated within the boundaries of the District proposed for establishment, as shown on the latest completed assessment roll of the City, or at least fifty-one percent (51%) of the owners of benefited real property within the area included in the District proposed for establishment file objections with the City Clerk, the District shall not be established.

SUPREME COURT

■ NOTICE

COUNTY OF NEW YORK
NOTICE OF ACQUISITION
Index No. 402591/06
IAS PART 25
(DeGrasse, J.)

In the Matter of the Application of THE CITY OF NEW YORK, Petitioner, To Acquire By Exercise of its Powers of Eminent Domain Easements in Certain Real Property Required for the Extension of the No. 7 Subway Line as Part of the **No. 7 SUBWAY EXTENSION - HUDSON YARDS REZONING AND DEVELOPMENT PROGRAM, PHASE 1, STAGE 1**

PLEASE TAKE NOTICE, that by Order of the Supreme Court of the State of New York, County of New York, IAS Part 25 (Hon. Leland DeGrasse, J.S.C.), duly entered in the office of the Clerk of the County of New York on August 10, 2006, the application of the City of New York to acquire certain subsurface easements in real property, for the No. 7 Subway Extension - Hudson Yards Rezoning and Development Program, Phase 1, Stage 1, was granted and the City was thereby authorized to file an acquisition map with the Office of the City Register. Said map, showing the easements acquired by the City, was filed with the City Register. The subsurface easements vested in the City of New York on August 18, 2006.

The subsurface easements acquired by the City of New York are situated in the City, County, and State of New York, and are generally located at the properties known as: Block 670, part of Lot 70; Block 672, part of Lot 1; Block 673, part of Lot 1; Block 674, part of Lot 1; Block 675, parts of Lots 29 and 36; Block 696, parts of Lots 1 and 65; Block 698, part of Lot 1; Block 699, part of Lot 1; Block 700, part of Lot 1; Block 701, parts of Lots 1, 68 and 70; Block 708, parts of Lots 1 and 65; Block 709, parts of Lots 1, 2, 3, 68, 70 and 71; Block 710, part of Lot 1; Block 1013, part of Lot 1; Block 1032, parts of Lots 7, 48, 101, and 1001-1553; Block 1050, parts of Lots 1, 6, 49, 61 and 158; Block 1069, parts of Lots 24 and 136; and Block 1070, parts of Lots 5 and 29. These acquisitions are for the purpose of constructing an extension of the No. 7 Subway Line, which is to be extended westward from Times Square along 41st Street, then turn southward under 11th Avenue and continue to West 24th Street.

PLEASE TAKE FURTHER NOTICE that if you intend to file a written claim or notice of appearance pursuant to § 503 of the New York State Eminent Domain Procedure Law, such claim must be filed with the Clerk of the Supreme Court of the State of New York, County of New York, with copies served upon petitioner's counsel, Office of the Corporation Counsel, Tax and Bankruptcy Litigation Division, 100 Church Street, New York, New York, 10007, and Carter Ledyard & Milburn LLP, 2 Wall Street, New York, New York, 10005, on or before February 10, 2007.

ARCHITECTURAL/ENGINEERING REQUIREMENTS CONTRACTS – Competitive Sealed Proposals – Judgment required in evaluating proposals - PIN# 04207DDCM002 – DUE 09-06-06 AT 3:00 P.M. – The City University of New York (CUNY) is New York City's public university system, CUNY, was created in 1847, and is the third largest university system in the nation; it is comprised of eleven senior colleges, six community colleges, a graduate school, a law school, a school of biomedical education, a graduate school of journalism and a central office ("Colleges"). Historically, the Department of Design, Construction and Management ("DDCM") issued RFP's to solicit proposals for Architectural/Engineering services on an individual project basis. This "by project" solicitation process is burdensome, inefficient, expensive to adminsiter, and does not allow DDCM to expeditiously meet the needs of the University. This is crucial for the University's older colleges, where the ability to act quickly can mitigate further damages to the College infrastructure. To address this need, DDCM is seeking to award up to twenty-four (24) separate requirements contracts to provide Architectural/Engineering services on an expedited "As needed" term basis for small, medium and large projects with a cap of $5 million dollar.
Requirements: Interested, proposing entities should submit seven (7) copies of their firm brochure, a list of client names and telephone numbers, their latest SF254 and 255 forms of SF330 form, a copy of their EEO Policy Statements, their latest audited financial statement, a document which lists and describes in detail work/contracts of similar nature, with a list of the proposed project team. Proposing entities shall: demonstrate their ability to perform requested services based on prior related experience in the design and programming specialties for higher education facilities in similar urban environments, and shall submit examples of comparable, satisfactorily completed projects. Proposing entities shall be licensed to practice in the State of New York. Selection of proposing entities shall be made in accordance with CUNY policies and solicitation procedures. Minority Sub-Contracting Goals: 20%. Women-Owned Sub-Contracting Goals: 10%.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/blueprints; other information; and for opening and reading of bids at date and time specified above.

OFFICE OF MANAGEMENT AND BUDGET

■ NOTICE

OFFICE OF MANAGEMENT AND BUDGET
NEW YORK CITY ECONOMIC DEVELOPMENT CORPORATION

SECTION 108 LOAN & ECONOMIC DEVELOPMENT INITIATIVE PROGRAMS

NOTICE OF FINDING OF NO SIGNIFICANT EFFECT ON THE ENVIRONMENT AND INTENT TO REQUEST RELEASE OF FUNDS

TO ALL INTERESTED AGENCIES, COMMUNITY BOARDS, GROUPS AND PERSONS:

Regulations promulgated under Title 1 of the Housing and Community Development Act of 1974 require that an Environmental Review Record (ERR) be prepared for activities to be funded under Title 1. The ERR must include a determination whether the proposed activity significantly affects the quality of the human environment. Accordingly, on August 30, 2006, the City of New York will submit to the U.S. Department of Housing and Urban Development (HUD) its Request for Release of Funds for the following project.

Foundation for Dance Promotion Inc., Cultural Facility Project

The Foundation for Dance Promotion Inc. (d/b/a the "Bill T. Jones/Arnie Zane Dance Company") proposes to create the Cultural Facility Project by acquiring and constructing an approximately 32,000 square foot, four-story condominium unit above a Grid Properties, Inc. retail development located at 261 W. 125th Street in Manhattan. The Cultural Facility Project will comprise a black box performance space, 4-5 high quality dance and theater rehearsal studios for the profit and not-for-profit arts and entertainment community and rental and administrative offices for the Bill T. Jones/Arnie Zane Dance Company, Inc. The Cultural Facility Project will serve as a cultural anchor to the redevelopment of the 125th Street corridor. The Cultural Facility Project will also create a permanent home for the Bill T. Jones/Arnie Zane Dance Company, Inc. by allowing it to expand its operations, and provide classes and services for adults and children in the Harlem community in its rehearsal studios.

The proposed Cultural Facility Project has a total development cost of approximately $35.3 million. The City has received a HUD Economic Development Initiative Grant of $2 million to complement the requested Section 108 Loan of $3 million to assist in financing the Cultural Facility Project. The proposed activities meet the Section 108 Loan Program's economic development eligibility requirements at 24 CFR Part 570.703(a) and (i)(1)(2) and the national objective requirement at 570.208(a)(1)(i). The City of New York is pledging its future Community Development Block Grant funds as a condition of receiving the Section 108 Loan Guarantee. Community Development funds are pledged as security to ensure repayment.

The City of New York has determined that the project will have no significant impact on the human environment. Therefore, an Environmental Impact Statement (EIS) under the National Environmental Policy Act of 1969 is not required. Additional project information is contained in the ERR on file at the New York City Economic Development Corporation, 110 William Street, New York, New York 10038, between 10:00 A.M. AND 5:00 P.M., Monday through Friday. Please call Marysa Wilcox at (212) 312-4216 to obtain a copy of the document. Any individual, group, or agency disagreeing with this determination or wishing to comment on the project may submit written comments to Ms. Wilcox at the afore-mentioned address. All comments received by August 29th will be considered by the City of New York prior to authorizing submission of a request for release of funds.

The City of New York will undertake the project described above with Section 108 Loan and Economic Development Initiative funds from HUD, under Title I. The City of New York is certifying to HUD that the City and Budget Director Mark Page, in his official capacity as the Certifying Officer for the Community Development Block Grant, Section 108 Loan and Economic Development Initiative Programs consent to accept the jurisdiction of the Federal Courts if an action is brought to enforce responsibilities in relation to the environmental review process and that these responsibilities have been satisfied. HUD's approval of the certification satisfies its responsibilities under NEPA and related laws and authorities, and allows the City of New York to use the Section 108 Loan and Economic Development Initiative funds.

HUD will accept objections to its release of funds and the City's certification for a period of fifteen days following the anticipated submission date or its actual receipt of the request (whichever is later) only if they are on one of the following bases: (a) the certification was not executed by the Certifying Officer for the City of New York for the referenced programs; (b) the City of New York has omitted a step or failed to make a decision or finding required by HUD regulations at 24 CFR part 58; (c) the grant recipient has committed funds or incurred costs not authorized by 24 CFR part 58 before approval of a release of funds by HUD; or (d) another Federal agency acting pursuant to 40 CFR part 1504 has submitted a written finding that the project is unsatisfactory from the standpoint of environmental quality. Objections must be prepared and submitted in accordance with the required procedures (24 CFR Part 58) and shall be addressed to the U.S. Department of Housing and Urban Development, Office of Community Planning and Development, 26 Federal Plaza, 35th Floor, New York, New York, 10278. Potential objectors should contact HUD to verify the actual last day of the objection period (anticipated to be September 14, 2006).

City of New York: Office of Management and Budget
Mark Page, Budget Director. Date: August 14, 2006.

READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council,** 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists--free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

PROCUREMENT POLICY BOARD RULES

The Rules may also be accessed on the City Website, http://NYC.GOV.Selltonyc

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

COUNTY OF NEW YORK
NOTICE OF ACQUISITION
Index No. 402591/06
IAS PART 25
(DeGrasse, J.)

In the Matter of the Application of THE CITY OF NEW YORK, Petitioner, To Acquire By Exercise of its Powers of Eminent Domain Easements in Certain Real Property Required for the Extension of the No. 7 Subway Line as Part of the **No. 7 SUBWAY EXTENSION - HUDSON YARDS REZONING AND DEVELOPMENT PROGRAM, PHASE 1, STAGE 1**

PLEASE TAKE NOTICE, that by Order of the Supreme Court of the State of New York, County of New York, IAS Part 25 (Hon. Leland DeGrasse, J.S.C.), duly entered in the office of the Clerk of the County of New York on August 10, 2006, the application of the City of New York to acquire certain subsurface easements in real property, for the No. 7 Subway Extension - Hudson Yards Rezoning and Development Program, Phase 1, Stage 1, was granted and the City was thereby authorized to file an acquisition map with the Office of the City Register. Said map, showing the easements acquired by the City, was filed with the City Register. The subsurface easements vested in the City of New York on August 18, 2006.

The subsurface easements acquired by the City of New York are situated in the City, County, and State of New York, and are generally located at the properties known as: Block 670, part of Lot 70; Block 672, part of Lot 1; Block 673, part of Lot 1; Block 674, part of Lot 1; Block 675, parts of Lots 29 and 36; Block 696, parts of Lots 1 and 65; Block 698, part of Lot 1; Block 699, part of Lot 1; Block 700, part of Lot 1; Block 701, parts of Lots 1, 68 and 70; Block 708, parts of Lots 1 and 65; Block 709, parts of Lots 1, 2, 3, 68, 70 and 71; Block 710, part of Lot 1; Block 1013, part of Lot 1; Block 1032, parts of Lots 7, 48, 101, and 1001-1553; Block 1050, parts of Lots 1, 6, 49, 61 and 158; Block 1069, parts of Lots 24 and 136; and Block 1070, parts of Lots 5 and 29. These acquisitions are for the purpose of constructing an extension of the No. 7 Subway Line, which is to be extended westward from Times Square along 41st Street, then turn southward under 11th Avenue and continue to West 24th Street.

PLEASE TAKE FURTHER NOTICE that if you intend to file a written claim or notice of appearance pursuant to § 503 of the New York State Eminent Domain Procedure Law, such claim must be filed with the Clerk of the Supreme Court of the State of New York, County of New York, with copies served upon petitioner's counsel, Office of the Corporation Counsel, Tax and Bankruptcy Litigation Division, 100 Church Street, New York, New York, 10007, and Carter Ledyard & Milburn LLP, 2 Wall Street, New York, New York, 10005, on or before February 10, 2007.

Systems for one or more asset classes. The contract resulting from this RFP will be for an initial term of three years with renewal options of an additional two years.

Proposers must meet the minimum requirements as of June 30, 2006. These include:

1. Have at least three years of experience transitioning assets for institutional clients.
2. Have provided transition management services to at least three public pension fund clients over the past three years.
3. Have the ability to trade on an agency basis.
4. Act as a fiduciary to the Systems.
5. Must certify compliance with the Systems' Ethics and Compliance Policy.
6. Be registered with the SEC as an investment advisor and/or a broker/dealer.

In addition to the minimum requirements, the Comptroller and the Systems anticipate that proposers should have the preferred experience set forth below in order to achieve the highest ratings. Failure of a proposer to meet the preferred experience requirements will not result in the rejection of that proposal providing the proposer demonstrates a track record of superior ability and capacity to provide transition services in one or more asset classes.

Proposers should meet the preferred requirements by June 30, 2006. These include:

1. Have conducted a minimum of $15 billion in transition management activities for the past year, and an aggregate of at least $35 billion over the last three years (across all major public securities markets - U.S. equity, non-U.S. equity, and fixed income).
2. Have conducted transitions over the last three years for each investment category proposed (any one or all of U.S. equity, non-U.S. equity, and/or fixed income), at the following minimum levels:

- U.S. equity (all capitalization ranges): 50 transition events, with at least three at $250 million or more (round trip)
- Non-U.S. equity (developed and emerging markets): 25 transition events, with at least three $100 million or more (round trip)
- U.S. fixed income: 25 transition events, with at least three at $100 million or more (round trip)

ARCHITECTURAL/ENGINEERING REQUIREMENTS CONTRACTS – Competitive Sealed Proposals – Judgment required in evaluating proposals - PIN# 04207DDCM002 – DUE 09-06-06 AT 3:00 P.M. – The City University of New York (CUNY) is New York City's public university system, CUNY, was created in 1847, and is the third largest university system in the nation; it is comprised of eleven senior colleges, six community colleges, a graduate school, a law school, a school of biomedical education, a graduate school of journalism and a central office ("Colleges"). Historically, the Department of Design, Construction and Management ("DDCM") issued RFP's to solicit proposals for Architectural/Engineering services on an individual project basis. This "by project" solicitation process is burdensome, inefficient, expensive to adminsiter, and does not allow DDCM to expeditiously meet the needs of the University. This is crucial for the University's older colleges, where the ability to act quickly can mitigate further damages to the College infrastructure. To address this need, DDCM is seeking to award up to twenty-four (24) separate requirements contracts to provide Architectural/Engineering services on an expedited "As needed" term basis for small, medium and large projects with a cap of $5 million dollar.
Requirements: Interested, proposing entities should submit seven (7) copies of their firm brochure, a list of client names and telephone numbers, their latest SF254 and 255 forms of SF330 form, a copy of their EEO Policy Statements, their latest audited financial statement, a document which lists and describes in detail work/contracts of similar nature, with a list of the proposed project team. Proposing entities shall: demonstrate their ability to perform requested services based on prior related experience in the design and programming specialties for higher education facilities in similar urban environments, and shall submit examples of comparable, satisfactorily completed projects. Proposing entities shall be licensed to practice in the State of New York. Selection of proposing entities shall be made in accordance with CUNY policies and solicitation procedures. Minority Sub-Contracting Goals: 20%. Women-Owned Sub-Contracting Goals: 10%.

OFFICE OF MANAGEMENT AND BUDGET

■ NOTICE

OFFICE OF MANAGEMENT AND BUDGET
NEW YORK CITY ECONOMIC DEVELOPMENT CORPORATION

SECTION 108 LOAN & ECONOMIC DEVELOPMENT INITIATIVE PROGRAMS

NOTICE OF FINDING OF NO SIGNIFICANT EFFECT ON THE ENVIRONMENT AND INTENT TO REQUEST RELEASE OF FUNDS

TO ALL INTERESTED AGENCIES, COMMUNITY BOARDS, GROUPS AND PERSONS:

Regulations promulgated under Title 1 of the Housing and Community Development Act of 1974 require that an Environmental Review Record (ERR) be prepared for activities to be funded under Title 1. The ERR must include a determination whether the proposed activity significantly affects the quality of the human environment. Accordingly, on August 30, 2006, the City of New York will submit to the U.S. Department of Housing and Urban Development (HUD) its Request for Release of Funds for the following project.

Foundation for Dance Promotion Inc., Cultural Facility Project

The Foundation for Dance Promotion Inc. (d/b/a the "Bill T. Jones/Arnie Zane Dance Company") proposes to create the Cultural Facility Project by acquiring and constructing an approximately 32,000 square foot, four-story condominium unit above a Grid Properties, Inc. retail development located at 261 W. 125th Street in Manhattan. The Cultural Facility Project will comprise a black box performance space, 4-5 high quality dance and theater rehearsal studios for the profit and not-for-profit arts and entertainment community and rental and administrative offices for the Bill T. Jones/Arnie Zane Dance Company, Inc. The Cultural Facility Project will serve as a cultural anchor to the redevelopment of the 125th Street corridor. The Cultural Facility Project will also create a permanent home for the Bill T. Jones/Arnie Zane Dance Company, Inc. by allowing it to expand its operations, and provide classes and services for adults and children in the Harlem community in its rehearsal studios.

The proposed Cultural Facility Project has a total development cost of approximately $35.3 million. The City has received a HUD Economic Development Initiative Grant of $2 million to complement the requested Section 108 Loan of $3 million to assist in financing the Cultural Facility Project. The proposed activities meet the Section 108 Loan Program's economic development eligibility requirements at 24 CFR Part 570.703(a) and (i)(1)(2) and the national objective requirement at 570.208(a)(1)(i). The City of New York is pledging its future Community Development Block Grant funds as a condition of receiving the Section 108 Loan Guarantee. Community Development funds are pledged as security to ensure repayment.

The City of New York has determined that the project will have no significant impact on the human environment. Therefore, an Environmental Impact Statement (EIS) under the National Environmental Policy Act of 1969 is not required. Additional project information is contained in the ERR on file at the New York City Economic Development Corporation, 110 William Street, New York, New York 10038, between 10:00 A.M. AND 5:00 P.M., Monday through Friday. Please call Marysa Wilcox at (212) 312-4216 to obtain a copy of the document. Any individual, group, or agency disagreeing with this determination or wishing to comment on the project may submit written comments to Ms. Wilcox at the afore-mentioned address. All comments received by August 29th will be considered by the City of New York prior to authorizing submission of a request for release of funds.

The City of New York will undertake the project described above with Section 108 Loan and Economic Development Initiative funds from HUD, under Title I. The City of New York is certifying to HUD that the City and Budget Director Mark Page, in his official capacity as the Certifying Officer for the Community Development Block Grant, Section 108 Loan and Economic Development Initiative Programs consent to accept the jurisdiction of the Federal Courts if an action is brought to enforce responsibilities in relation to the environmental review process and that these responsibilities have been satisfied. HUD's approval of the certification satisfies its responsibilities under NEPA and related laws and authorities, and allows the City of New York to use the Section 108 Loan and Economic Development Initiative funds.

HUD will accept objections to its release of funds and the City's certification for a period of fifteen days following the anticipated submission date or its actual receipt of the request (whichever is later) only if they are on one of the following bases: (a) the certification was not executed by the Certifying Officer for the City of New York for the referenced programs; (b) the City of New York has omitted a step or failed to make a decision or finding required by HUD regulations at 24 CFR part 58; (c) the grant recipient has committed funds or incurred costs not authorized by 24 CFR part 58 before approval of a release of funds by HUD; or (d) another Federal agency acting pursuant to 40 CFR part 1504 has submitted a written finding that the project is unsatisfactory from the standpoint of environmental quality. Objections must be prepared and submitted in accordance with the required procedures (24 CFR Part 58) and shall be addressed to the U.S. Department of Housing and Urban Development, Office of Community Planning and Development, 26 Federal Plaza, 35th Floor, New York, New York, 10278. Potential objectors should contact HUD to verify the actual last day of the objection period (anticipated to be September 14, 2006).

READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council,** 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists--free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

CAPITAL RESOURCE CORPORATION

■ PUBLIC HEARINGS

The New York City Capital Resource Corporation (the "Corporation") is a not-for-profit local development corporation organized under Sections 402 and 1411 of the Not-for-Profit Corporation Law of the State of New York. In accordance with the aforesaid law, and pursuant to its certificate of incorporation, the Corporation has the power to issue non-recourse revenue bonds and to make the proceeds of those bonds available for projects that promote community and economic development in The City of New York (the "City"), and to thereby create jobs in the non-profit and for-profit sectors of the City's economy. The Corporation has been requested to issue such bonds for the financings listed below in the approximate dollar amounts respectively indicated. As used herein, "bonds" are the bonds of the Corporation, the interest on which may be exempt from local and/or state and/or federal income taxes; and, with reference to the bond amounts provided herein below, "approximately" shall be deemed to mean up to such stated bond amount or a greater principal amount not to exceed 10% of such stated bond amount.

Approximately $5,000,000 triple tax-exempt revenue bond transaction for the benefit of Manhattan Community Access Corporation, Inc. (d/b/a Manhattan Neighborhood Network), a not-for-profit corporation that manages four public access cablecast channels and provides media access and training services, in connection with the financing of the acquisition, renovation, improving and equipping of an approximately 8,000 square foot building located on an approximately 3,000 square foot parcel of land located at 175 E.104th Street, New York, New York, Block 1632, Lot 29, for use as a public access TV production and broadcast facility and a new media skills training and access center. The financial assistance proposed to be conferred by the Corporation will consist of such tax-exempt bond financing.

The Corporation will hold a public hearing on the proposed financings described hereinabove at the offices of the New York City Economic Development Corporation ("NYCEDC"), located at 110 William Street, New York, New York 10038, commencing at 10:00 A.M. on **Thursday, September 7, 2006.** Interested members of the public are invited to attend. The Corporation will invite comments at such hearing on the proposed financings. In addition, at such hearing the Corporation will provide the public with an opportunity to review the financing application and the cost-benefit analysis for each of the proposed financings. For those members of the public desiring to review applications and cost-benefit analyses before the date of the hearing, copies of these materials will be made available, starting on or about noon on the Friday preceding the hearing. Persons desiring to obtain copies should call (212) 312-3543. Persons desiring to make a brief statement regarding the proposed financings should give prior notice to the Agency at the address or phone number shown below. Written comments may be submitted to the Corporation to the attention of Mr. David Shelley at the address shown below. Please be advised that certain of the aforementioned proposed financings may possibly be removed from the hearing agenda prior to the hearing date.

INDUSTRIAL DEVELOPMENT AGENCY

■ PUBLIC HEARINGS

The New York City Industrial Development Agency (the "Agency") is empowered under the New York State Industrial Development Agency Act (constituting Title 1 of Article 18-A of the General Municipal Law), and Chapter 1082 of the 1974 Laws of New York, as amended, to issue nonrecourse revenue bonds to provide financing for qualified projects, and to enter into industrial and small industry incentive program transactions and other straight-lease transactions for the benefit of qualified projects, and thereby advance the job opportunities, general prosperity and economic welfare of the people of the State of New York (the "State") and to improve their prosperity and standard of living. The Agency has been requested (i) to make available the proceeds of its bonds to be issued in the approximate aggregate dollar amounts, to be used by the persons, for the purposes, and at the addresses identified below, and (ii) to participate in industrial and small industry incentive program straight-lease transactions and other straight-lease transactions for the purposes and at the addresses also identified below. As used herein, "bonds" are bonds, the interest on which may be exempt from local and/or State and/or Federal income taxes; and the "City" shall mean The City of New York. As used herein with reference to bond amounts, "approximately" shall be deemed to mean up to such stated bond amount or a greater principal amount not to exceed 10 % of such stated bond amount.

Site expansion of straight-lease (commercial retention) transaction for the benefit of American International Group, Inc. and its eligible affiliates for the renovation of office space and for the acquisition and/or leasing and installation of machinery, equipment, furniture, fixtures and other tangible personal property located at the following additional location: approximately 79,332 square feet located at 40 Wall Street, Floors 19-21, New York, New York. The financial assistance proposed to be conferred by the Agency will consist of exemption from City and State sales and use taxes. The financial assistance for this project was induced and authorized on November 12, 1996. No new financial assistance is being provided.

Approximately $12,500,000 civic facility revenue bond transaction for the benefit of All Stars Project, Inc., a not-for-profit corporation that provides out-of-school educational and

performing arts activities to New York City youth, in connection with (i) the refinancing of approximately $7,665,000 in outstanding bonds issued in 2002 in the original amount of $8,250,000 by the Agency that were used to finance the acquisition, renovation, and equipping of a facility consisting of approximately 30,209 square feet and located on an approximately 30,209 square foot parcel of land located at 543 West 42nd Street, New York, New York, and (ii) the financing of approximately $4,500,000 in new renovations and improvements for the aforementioned facility which serves as the organization's headquarters, educational, training and theater production facility. The financial assistance proposed to be conferred by the Agency will consist of such bond financing and exemption from City and State mortgage recording taxes.

Straight-lease (Industrial Incentive Program) transaction for a real estate holding company to be formed for the benefit of Candid Litho Printing Ltd., a provider of printing services, in connection with the purchase and renovation of an approximately 114,000 square foot building, of which Candid Litho will initially occupy approximately 73,000 square feet, located on an approximately 190,000 square foot parcel of land located at 25-11 Hunters Point Avenue (also known as 25-11 49th Avenue), Long Island City, Queens, New York, and the purchase of equipment for use in such building. The financial assistance proposed to be conferred by the Agency will consist of payments in lieu of City real property taxes, exemption from City and State mortgage recording taxes, and exemption from City and State sales and use taxes.

Site expansion of straight-lease (commercial retention) transaction for the benefit of CBS Broadcasting Inc. and its eligible affiliates, in connection with the acquisition and/or leasing and installation of machinery and equipment located at the following additional location: approximately 24,000 square feet of office space on the 17th floor at 1675 Broadway, New York, New York. The financial assistance proposed to be conferred by the Agency will consist of exemption from City and State sales and use taxes. The financial assistance for this project was induced and authorized on April 13, 1993 and May 11, 1993, respectively. No new financial assistance is being provided.

Straight-lease transaction for the benefit of Alexandria Real Estate Equities, Inc., a real estate development firm, and/or an affiliated entity, in connection with the financing of the construction, development and/or operation of buildings not to exceed approximately 872,000 square feet to be known as the East River Science Park, to be located on an approximately 4.2-acre site located between East 28th and East 30th Streets and First Avenue and the FDR Drive, New York, New York. The financial assistance proposed to be conferred by the Agency will consist of exemption from City and State mortgage recording taxes.

Straight Lease (Industrial Incentive Program) transaction for the benefit of Federal Express Ground Package System, Inc. ("FedEx Ground"), a wholly-owned subsidiary of FedEx Corporation, and Steel Equities ("Steel"), which will develop the build-to-suit facility, in connection with the construction, furnishing and equipping of an approximately 225,265 square foot facility (expandable to approximately 253,337 square feet) to be used by FedEx Ground as a new business-to-business and business-to-residential small package transportation facility, to be located on an approximately 927,392 square foot parcel of land located at 20th Avenue and 31st Street, at 31-01 20th Avenue and at 36-16 19th Avenue in Astoria, Queens, New York and further identified as Block 850, Lot 1, Block 826, Lot 28 and Block 826, part of Lot 41. COURT NOTICE

SUPREME COURT

■ NOTICE

COUNTY OF NEW YORK
NOTICE OF ACQUISITION
Index No. 402591/06
IAS PART 25
(DeGrasse, J.)

In the Matter of the Application of THE CITY OF NEW YORK, Petitioner, To Acquire By Exercise of its Powers of Eminent Domain Easements in Certain Real Property Required for the Extension of the No. 7 Subway Line as Part of the **No. 7 SUBWAY EXTENSION - HUDSON YARDS REZONING AND DEVELOPMENT PROGRAM, PHASE 1, STAGE 1**

PLEASE TAKE NOTICE, that by Order of the Supreme Court of the State of New York, County of New York, IAS Part 25 (Hon. Leland DeGrasse, J.S.C.), duly entered in the office of the Clerk of the County of New York on August 10, 2006, the application of the City of New York to acquire certain subsurface easements in real property, for the No. 7 Subway Extension - Hudson Yards Rezoning and Development Program, Phase 1, Stage 1, was granted and the City was thereby authorized to file an acquisition map with the Office of the City Register. Said map, showing the easements acquired by the City, was filed with the City Register. The subsurface easements vested in the City of New York on August 18, 2006.

The subsurface easements acquired by the City of New York are situated in the City, County, and State of New York, and are generally located at the properties known as: Block 670, part of Lot 70; Block 672, part of Lot 1; Block 673, part of Lot 1; Block 674, part of Lot 1; Block 675, parts of Lots 29 and 36; Block 696, parts of Lots 1 and 65; Block 698, part of Lot 1; Block 699, part of Lot 1; Block 700, part of Lot 1; Block 701, parts of Lots 1, 68 and 70; Block 708, parts of Lots 1 and 65; Block 709, parts of Lots 1, 2, 3, 68, 70 and 71; Block 710, part of Lot 1; Block 1013, part of Lot 1; Block 1032, parts of Lots 7, 48, 101, and 1001-1553; Block 1050, parts of Lots 1, 6, 49, 61 and 158; Block 1069, parts of Lots 24 and 136; and Block 1070, parts of Lots 5 and 29. These acquisitions are for the purpose of constructing an extension of the No. 7 Subway Line, which is to be extended westward from Times Square along 41st Street, then turn southward under 11th Avenue and continue to West 24th Street.

PLEASE TAKE FURTHER NOTICE that if you intend to file a written claim or notice of appearance pursuant to § 503 of the New York State Eminent Domain Procedure Law, such claim must be filed with the Clerk of the Supreme Court of the State of New York, County of New York, with copies served upon petitioner's counsel, Office of the Corporation Counsel, Tax and Bankruptcy Litigation Division, 100 Church Street, New York, New York, 10007, and Carter Ledyard & Milburn LLP, 2 Wall Street, New York, New York, 10005, on or before February 10, 2007.

ARCHITECTURAL/ENGINEERING REQUIREMENTS CONTRACTS – Competitive Sealed Proposals – Judgment required in evaluating proposals - PIN# 04207DDCM002 – DUE 09-06-06 AT 3:00 P.M. – The City University of New York (CUNY) is New York City's public university system. CUNY, was created in 1847, and is the third largest university system in the nation; it is comprised of eleven senior colleges, six community colleges, a graduate school, a law school, a school of biomedical education, a graduate school of journalism and a central office ("Colleges"). Historically, the Department of Design, Construction and Management ("DDCM") issued RFP's to solicit proposals for Architectural /Engineering services on an individual project basis. This "by project" solicitation process is burdensome, inefficient, expensive to adminsiter, and does not allow DDCM to expeditiously meet the needs of the University. This is crucial for the University's older colleges, where the ability to act quickly can mitigate further damages to the College infrastructure. To address this need, DDCM is seeking to award up to twenty-four (24) separate requirements contracts to provide Architectural/Engineering services on an expedited "As needed" term basis for small, medium and large projects with a cap of $5 million dollar.
Requirements: Interested, proposing entities should submit seven (7) copies of their firm brochure, a list of client names and telephone numbers, their latest SF254 and 255 forms of SF330 form, a copy of their EEO Policy Statements, their latest audited financial statement, a document which lists and describes in detail work/contracts of similar nature, with a list of the proposed project team. Proposing entities shall: demonstrate their ability to perform requested services based on prior related experience in the design and programming specialties for higher education facilities in similar urban environments, and shall submit examples of comparable, satisfactorily completed projects. Proposing entities shall be licensed to practice in the State of New York. Selection of proposing entities shall be made in accordance with CUNY policies and solicitation procedures. Minority Sub-Contracting Goals: 20%. Women-Owned Sub-Contracting Goals: 10%.

TRANSITION MANAGEMENT SERVICES FOR THE DEFINED BENEFIT ASSETS OF THE NEW YORK CITY RETIREMENT SYSTEMS – CP/2 – PIN# 015-07810300 QS – DUE 09-28-06 AT 4:00 P.M. – The Comptroller of the City of New York, acting on behalf of the New York City retirement systems (the "Systems"), invites proposals for transition management services. The objective of this solicitation is to establish a pool of qualified transition managers for the Systems for one or more asset classes. The contract resulting from this RFP will be for an initial term of three years with renewal options of an additional two years.

Proposers must meet the minimum requirements as of June 30, 2006. These include:

1. Have at least three years of experience transitioning assets for institutional clients.
2. Have provided transition management services to at least three public pension fund clients over the past three years.
3. Have the ability to trade on an agency basis.
4. Act as a fiduciary to the Systems.
5. Must certify compliance with the Systems' Ethics and Compliance Policy.
6. Be registered with the SEC as an investment advisor and/or a broker/dealer.

In addition to the minimum requirements, the Comptroller and the Systems anticipate that proposers should have the preferred experience set forth below in order to achieve the highest ratings. Failure of a proposer to meet the preferred experience requirements will not result in the rejection of that proposal providing the proposer demonstrates a track record of superior ability and capacity to provide transition services in one or more asset classes.

Proposers should meet the preferred requirements by June 30, 2006. These include:

1. Have conducted a minimum of $15 billion in transition management activities for the past year, and an aggregate of at least $35 billion over the last three years (across all major public securities markets - U.S. equity, non-U.S. equity, and fixed income).
2. Have conducted transitions over the last three years for each investment category proposed (any one or all of U.S. equity, non-U.S. equity, and/or fixed income), at the following minimum levels:

- U.S. equity (all capitalization ranges): 50 transition events, with at least three at $250 million or more (round trip)
- Non-U.S. equity (developed and emerging markets): 25 transition events, with at least three $100 million or more (round trip)
- U.S. fixed income: 25 transition events, with at least three at $100 million or more (round trip)

SUPREME COURT

NOTICE

COUNTY OF NEW YORK
NOTICE OF ACQUISITION
Index No. 402591/06
IAS PART 25
(DeGrasse, J.)

In the Matter of the Application of THE CITY OF NEW YORK, Petitioner, To Acquire By Exercise of its Powers of Eminent Domain Easements in Certain Real Property Required for the Extension of the No. 7 Subway Line as Part of the **No. 7 SUBWAY EXTENSION - HUDSON YARDS REZONING AND DEVELOPMENT PROGRAM, PHASE 1, STAGE 1**

PLEASE TAKE NOTICE, that by Order of the Supreme Court of the State of New York, County of New York, IAS Part 25 (Hon. Leland DeGrasse, J.S.C.), duly entered in the office of the Clerk of the County of New York on August 10, 2006, the application of the City of New York to acquire certain subsurface easements in real property, for the No. 7 Subway Extension - Hudson Yards Rezoning and Development Program, Phase 1, Stage 1, was granted and the City was thereby authorized to file an acquisition map with the Office of the City Register. Said map, showing the easements acquired by the City, was filed with the City Register. The subsurface easements vested in the City of New York on August 18, 2006.

The subsurface easements acquired by the City of New York are situated in the City, County, and State of New York, and are generally located at the properties known as: Block 670, part of Lot 70; Block 672, part of Lot 1; Block 673, part of Lot 1; Block 674, part of Lot 1; Block 675, parts of Lots 29 and 36; Block 696, parts of Lots 1 and 65; Block 698, part of Lot 1; Block 699, part of Lot 1; Block 700, part of Lot 1; Block 701, parts of Lots 1, 68 and 70; Block 708, parts of Lots 1 and 65; Block 709, parts of Lots 1, 2, 3, 68, 70 and 71; Block 710, part of Lot 1; Block 1013, part of Lot 1; Block 1032, parts of Lots 7, 48, 101, and 1001-1553; Block 1050, parts of Lots 1, 6, 49, 61 and 158; Block 1069, parts of Lots 24 and 136; and Block 1070, parts of Lots 5 and 29. These acquisitions are for the purpose of constructing an extension of the No. 7 Subway Line, which is to be extended westward from Times Square along 41st Street, then turn southward under 11th Avenue and continue to West 24th Street.

PLEASE TAKE FURTHER NOTICE that if you intend to file a written claim or notice of appearance pursuant to § 503 of the New York State Eminent Domain Procedure Law, such claim must be filed with the Clerk of the Supreme Court of the State of New York, County of New York, with copies served upon petitioner's counsel, Office of the Corporation Counsel, Tax and Bankruptcy Litigation Division, 100 Church Street, New York, New York, 10007, and Carter Ledyard & Milburn LLP, 2 Wall Street, New York, New York, 10005, on or before February 10, 2007.

ARCHITECTURAL/ENGINEERING REQUIREMENTS CONTRACTS – Competitive Sealed Proposals – Judgment required in evaluating proposals - PIN# 04207DDCM002 – DUE 09-06-06 AT 3:00 P.M. – The City University of New York (CUNY) is New York City's public university system, CUNY, was created in 1847, and is the third largest university system in the nation; it is comprised of eleven senior colleges, six community colleges, a graduate school, a law school, a school of biomedical education, a graduate school of journalism and a central office ("Colleges"). Historically, the Department of Design, Construction and Management ("DDCM") issued RFP's to solicit proposals for Architectural/Engineering services on an individual project basis. This "by project" solicitation process is burdensome, inefficient, expensive to adminsiter, and does not allow DDCM to expeditiously meet the needs of the University. This is crucial for the University's older colleges, where the ability to act quickly can mitigate further damages to the College infrastructure. To address this need, DDCM is seeking to award up to twenty-four (24) separate requirements contracts to provide Architectural/Engineering services on an expedited

"As needed" term basis for small, medium and large projects with a cap of $5 million dollar.
Requirements: Interested, proposing entities should submit seven (7) copies of their firm brochure, a list of client names and telephone numbers, their latest SF254 and 255 forms of SF330 form, a copy of their EEO Policy Statements, their latest audited financial statement, a document which lists and describes in detail work/contracts of similar nature, with a list of the proposed project team. Proposing entities shall: demonstrate their ability to perform requested services based on prior related experience in the design and programming specialties for higher education facilities in similar urban environments, and shall submit examples of comparable, satisfactorily completed projects. Proposing entities shall be licensed to practice in the State of New York. Selection of proposing entities shall be made in accordance with CUNY policies and solicitation procedures. Minority Sub-Contracting Goals: 20%. Women-Owned Sub-Contracting Goals: 10%.

TRANSITION MANAGEMENT SERVICES FOR THE DEFINED BENEFIT ASSETS OF THE NEW YORK CITY RETIREMENT SYSTEMS – CP/2 – PIN# 015-07810300 QS – DUE 09-28-06 AT 4:00 P.M. – The Comptroller of the City of New York, acting on behalf of the New York City retirement systems (the "Systems"), invites proposals for transition management services. The objective of this solicitation is to establish a pool of qualified transition managers for the Systems for one or more asset classes. The contract resulting from this RFP will be for an initial term of three years with renewal options of an additional two years.

Proposers must meet the minimum requirements as of June 30, 2006. These include:

1. Have at least three years of experience transitioning assets for institutional clients.
2. Have provided transition management services to at least three public pension fund clients over the past three years.
3. Have the ability to trade on an agency basis.
4. Act as a fiduciary to the Systems.
5. Must certify compliance with the Systems' Ethics and Compliance Policy.
6. Be registered with the SEC as an investment advisor and/or a broker/dealer.

In addition to the minimum requirements, the Comptroller and the Systems anticipate that proposers should have the preferred experience set forth below in order to achieve the highest ratings. Failure of a proposer to meet the preferred experience requirements will not result in the rejection of that proposal providing the proposer demonstrates a track record of superior ability and capacity to provide transition services in one or more asset classes.

Proposers should meet the preferred requirements by June 30, 2006. These include:

1. Have conducted a minimum of $15 billion in transition management activities for the past year, and an aggregate of at least $35 billion over the last three years (across all major public securities markets - U.S. equity, non-U.S. equity, and fixed income).
2. Have conducted transitions over the last three years for each investment category proposed (any one or all of U.S. equity, non-U.S. equity, and/or fixed income), at the following minimum levels:

● U.S. equity (all capitalization ranges): 50 transition events, with at least three at $250 million or more (round trip)
● Non-U.S. equity (developed and emerging markets): 25 transition events, with at least three $100 million or more (round trip)
● U.S. fixed income: 25 transition events, with at least three at $100 million or more (round trip)

To obtain the RFP, visit the Comptroller's Web site at www.comptroller.nyc.gov, then link to "Asset Management", "RFPs" and register to download the RFP. For assistance you may contact Evelyn Dresler at bamcontracts@comptroller.nyc.gov

AGENCY RULES

LOFT BOARD

■ NOTICE

NOTICE OF ADOPTION OF FINAL RULES

NOTICE IS HEREBY GIVEN PURSUANT TO THE AUTHORITY VESTED IN THE NEW YORK CITY LOFT BOARD by Article 7-C of the Multiple Dwelling Law and Mayor's Executive Order No. 66, dated September 30, 1982, and pursuant to and in accordance with the requirements of Section 1043 of the New York City Charter, that the New York City Loft Board has amended section 2-01(a) of Title 29 of the Rules of the City of New York, relating to code compliance legalization deadlines and the expiration of the Loft Law. The text added to the rules is underlined, and deleted text is bracketed.

A duly noticed public hearing was held on June 15, 2006, affording the public opportunity to comment on the proposed amendments, as required by section 1043 of the New York City Charter. Written comments were accepted through June 9, 2006.

These rules were not published in the regulatory agenda because they were not anticipated.

Section 1. Section 2-01(a) of Title 29 of the Rules of the City of New York is amended to read as follows:

§ 2-01 **Code Compliance Work**.

(a) *Code compliance timetable for IMD's.* The owner of any building, structure or portion thereof that meets the criteria for an IMD set forth in §281 of Article 7-C and Loft Board coverage regulations, shall comply with the code compliance deadlines set forth below. Any building or unit that is not covered by Article 7-C because of the denial of a grandfathering application or expiration of study area status is not required to be legalized pursuant to these regulations, unless either the area in which the building is located is rezoned to permit residential use or a unit or units at the building qualify for coverage pursuant to M.D.L. §281(4). However, the building must still comply with all other applicable laws and regulations.
In these code[s] compliance regulations, the term "month" shall mean thirty days and the term "occupant," unless otherwise provided, shall mean a residential occupant qualified for the protections of Article 7-C, any other residential tenant, and any nonresidential tenant.
The failure of an owner to meet any of the code compliance deadlines set forth below does not relieve the owner of its obligations to comply with these requirements.
Paragraphs (1) through (4) of this subdivision implement the initial code compliance deadlines that applied pursuant to section 284(1)(i) of Article 7-C before the enactment of later amendments, and paragraphs (5) through (8) reflect those amendments, as set forth in section 284(1)(ii) through (v).

(1) *Deadlines for filing alteration applications.* (i) Code compliance timetable for buildings in which all residential units are as of right.

The owner of an IMD that contains only residential units in which residential use is permitted as of right under the Zoning Resolution shall have filed an alteration application by March 21, 1983.

(ii) Buildings with 3 or more as of right units and additional units eligible for grandfathering.

The owner of an IMD that, on December 1, 1981, contained 3 or more residential units as of right and 1 or more units eligible for coverage by use of one of the grandfathering procedures set forth in subsection 281(2)(i) or (iv) of Article 7-C, as defined in §2-08(a) "Grandfathering" (i) and (ii) of these Loft Board regulations:

(A) Shall have filed an alteration application for all covered as of right residential units by March 21, 1983, and

(B) Following the grandfathering approval of any additional residential units, the owner shall amend the existing alteration application to reflect approval of the grandfathering application for the additional unit or units within a month from such approval or within a month of the effective date of these regulations, whichever is later.

(iii) Buildings with fewer than 3 as of right units and additional units eligible for grandfathering.

The owner of an IMD that, on December 1, 1981, contained fewer than three residential units as of right and 1 or more units eligible for coverage by use of the grandfathering procedures set forth in §281(2)(i) or (iv) of Article 7-C, as defined in §2-08(a) "Grandfathering" (i) and (ii) of these Loft Board regulations:

(A) Shall file an alteration application for all covered residential units within 9 months after approval of the grandfathering application of the unit that becomes the third covered residential unit, and

(B) Following the grandfathering approval of the unit that becomes the third eligible residential unit, the owner of a building with additional units eligible for grandfathering shall amend the existing alteration application to reflect approval of the grandfathering application for the additional unit or units within a month after such approval or within a month after the initial timely filing of the alteration application referred to in §2-01(a)(1)(iii)(A) above, whichever is later.

(iv) Buildings in study areas rezoned to permit as of right residential use.

The owner of an IMD located in an area designated by the Zoning Resolution as a study area that is rezoned to permit residential use as of right shall file an alteration application within 9 months after the effective date of such rezoning.

(v) Buildings in study areas rezoned to permit residential use with 3 or more as of right units and additional units eligible for grandfathering.

The owner of an IMD that is located in an area designated by the Zoning Resolution as a study area and that, as a result of rezoning, contains 3 or more residential units as of right and 1 or more units eligible for coverage by use of one of the grandfathering procedures set forth in §§281(2)(i) or (iv) of Article 7-C, as defined in §§2-08 "Grandfathering" (i) and (ii) of these Loft Board regulations:

(A) Shall file an alteration application for all covered as of right residential units within 9 months after the effective date of such rezoning, and

(B) Following the grandfathering approval of any additional residential units, the owner shall amend the existing alteration application to reflect approval of the grandfathering application for the additional unit or units within a month after such approval.

(vi) Buildings in study areas rezoned to permit residential use with fewer than 3 as of right units and additional units eligible for grandfathering.

The owner of an IMD that is located in an area designated by the Zoning Resolution as a study area and that, as a result of rezoning, contains fewer than 3 residential units as of right and 1 or more units eligible for coverage by use of one of the grandfathering procedures set forth in §281(2)(i) or (iv) of Article 7-C, as defined in §2-08(a) "Grandfathering" (i) and (ii) of these Loft Board regulations:

(A) Shall file an alteration application for all covered residential units within 9 months after approval of the grandfathering application of the unit that becomes the third covered residential unit, and

(B) Following the grandfathering approval of the unit that becomes the third eligible residential unit, the owner of a building with additional units eligible for grandfathering shall amend the existing alteration application to reflect approval of the grandfathering application for the additional unit or units within a month after such approval or within a month after the initial timely filing of the alteration application referred to in §2-01(a)(1)(vi)(A) above, whichever is later.

(2) *Deadlines for obtaining permits.*

(i) Code compliance timetable for buildings in which all residential units are as of right.

The owner of an IMD that contains only residential units in which residential use is permitted as of right under the Zoning Resolution shall take all necessary and reasonable actions to obtain a building permit within 6 months after the effective date of these regulations.

(ii) Buildings with 3 or more as of right units and additional units eligible for grandfathering.

The owner of an IMD that, on December 1, 1981, contained 3 or more residential units as of right and 1 or more units eligible for coverage by use of one of the grandfathering procedures set forth in §§281(2)(i) or (iv) of Article 7-C, as defined in §§2-08(a) "Grandfathering" (i) and (ii) of these Loft Board regulations:

(A) Shall take all necessary and reasonable actions to obtain a building permit for all covered residential units within 6 months after the effective date of these regulations, and

(B) Following the grandfathering approval of any additional residential units, the owner shall take all necessary and reasonable actions to obtain approval of the amended alteration application for the additional units within 6 months after such grandfathering approval or within 6 months after the effective date of these regulations, whichever is later.

(iii) Buildings with fewer than 3 as of right units and additional units eligible for grandfathering.

The owner of an IMD that, on December 1, 1981, contained fewer than 3 residential units as of right and 1 or more units eligible for coverage by use of one of the grandfathering procedures set forth in §§281(2)(i) or (iv) of Article 7-C, as defined in §§2-08(a) "Grandfathering" (i) and (ii) of these Loft Board regulations:

(A) Shall take all necessary and reasonable actions to obtain a building permit for all covered residential units within 6 months after the effective date of these regulations or within 6 months after the timely filing of an alteration application, whichever is later, and

(B) Following the grandfathering approval of the unit that becomes the third eligible residential units, the owner of a building with additional units eligible for grandfathering shall take all necessary and reasonable actions to obtain approval of the amended alteration application for the additional units within 6 months after such grandfathering approval or within 6 months after the effective date of these regulations, whichever is later.

(iv) Buildings in study areas rezoned to permit as of right residential use.

The owner of an IMD located in an area designated by the Zoning Resolution as a study area[s] that is rezoned to permit residential use as of right shall take all necessary and reasonable actions to obtain a building permit for all covered residential units within 6 months after the effective date of these regulations or within 6 months after the timely filing of the alteration application, whichever is later.

(v) Buildings in study areas rezoned to permit residential use with 3 or more as of right units and additional units eligible for grandfathering.

The owner of an IMD that is located in an area designated by the Zoning Resolution as a study area and that, as a result of rezoning, contains 3 or more residential units as of right and 1 or more units eligible for coverage by use of one of the grandfathering procedures set forth in §§281(2)(i) or (iv) of Article 7-C, as defined in §§2-08(a) "Grandfathering" (i) and (ii) of these Loft Board regulations:

(A) Shall take all necessary and reasonable actions to obtain a building permit for all covered residential units within 6 months after the effective date of these regulations or within 6 months after the timely filing of the alteration application whichever is later, and

(B) Following the grandfathering approval of any additional residential units, the owner shall take all necessary and reasonable actions to obtain approval of the amended alteration application for the additional units within 6 months after such grandfathering approval.

(vi) Buildings in study areas rezoned to permit residential use with fewer than 3 as of right units and additional units eligible for grandfathering.

The owner of an IMD that is located in an area designated by the Zoning Resolution as a study area and that, as result of rezoning, contains fewer than three residential units as of right and one or more units eligible for coverage by use of one of the grandfathering procedures set forth in §§281(2)(i) or (iv) of Article 7-C, as defined in §2-08(a) "Grandfathering" (i) and (ii) of these Loft Board regulations:

(A) Shall take all necessary and reasonable actions to obtain a building permit for all covered residential units within 6 months after the effective date of these regulations or within 6 months after the timely filing of the alteration application, whichever is later, and

(B) Following the grandfathering approval of the unit that becomes the third eligible residential unit, the owner of a building with additional units eligible for grandfathering shall take all necessary and reasonable actions to obtain approval of the amended alteration application for the additional units within 6 months after such grandfathering approval.

(3) *Deadlines for Article 7-B compliance.* The owner of an IMD shall achieve compliance with the fire and safety standards of Article 7-B of the M.D.L. for all covered residential units within 18 months after a building permit has been obtained or within 18 months after the effective date of these regulations, whichever is later. Or the owner may elect to comply with other local building codes or provisions of the M.D.L. that provide alternative means of meeting the fire and safety standards of Article 7-B (pursuant to §287 or Article 7-C) within 18 months after a building permit has been obtained or within 18 months after the effective date of these regulations, whichever is later. Where an owner is required to amend the existing alteration application to reflect approval of grandfathering applications for additional units pursuant to §§2-01(a)(1)(ii)(B), (iii)(B), (v)(B) or (vi)(B) above, the owner shall achieve compliance with the fire and safety standards of Article 7-B, or with alternative building codes or provisions of the M.D.L. for the additional grandfathered unit or units within 18 months after the timely approval of the amended alteration application or within 18 months after the effective date of these regulations, whichever is later. Issuance of a temporary certificate of occupancy shall be considered the equivalent of Article 7-B compliance or compliance with alternative building codes or provisions of the M.D.L.

(4) *Deadlines for obtaining a final certificate of occupancy.* The owner of an IMD shall take all necessary and reasonable actions to obtain a final certificate of occupancy as a class A multiple dwelling for all covered residential units within 6 months after compliance with the fire and safety standards of Article 7-B, alternative building codes or provisions of the M.D.L. has been achieved, or within 6 months after a temporary certificate of occupancy has been obtained. The owner of an IMD that contains additional units subject to §§2-01(a)(1)(ii)(B), (iii)(B), (v)(B), or (vi)(B) above, shall take all necessary and reasonable actions to obtain a final certificate of occupancy as a class A multiple dwelling for the additional unit or units within 6 months after the date such unit or units come into compliance with the fire and safety standards of Article 7-B, alternative building codes, or provisions of the M.D.L., or within 6 months after the date such unit or units are covered by a temporary certificate of occupancy.

(5) [*1992 Amended Code Compliance Timetable.*] Notwithstanding the provisions of subdivisions (a)(1) through (4) of this section, [T]The] the owner of an IMD [that] who has not been issued a final certificate of occupancy as a class A multiple dwelling for all covered residential units on or before June 21, 1992 shall:

(i) File an alteration application by October 1, 1992; and

(ii) Take all reasonable and necessary action to obtain a building permit by October 1, 1993; and

(iii) Achieve compliance with the fire and safety standards of Article 7-B of the M.D.L. for all covered residential units by April 1, 1995, or within 18 months after an approved alteration permit has been obtained, whichever is later. The owner may, alternatively, elect to comply with other building codes or provisions of the M.D.L. that provide alternative means of meeting the fire and safety standards of Article 7-B (pursuant to M.D.L. §287) by April 1, 1995 or within 18 months after an approved alteration permit has been obtained, whichever is later; and

(iv) Take all reasonable and necessary actions to obtain a final certificate of occupancy as a class A multiple dwelling for all covered residential units by October 1, 1995, or within 6 months after achieving compliance with the fire and safety standards of Article 7-B, alternative building codes, or provisions of the M.D.L. [has been achieved], whichever is later.

(6) [*1996 Amended Code Compliance Timetable.*] Notwithstanding the provisions of subdivisions (a)(1) [and] through (a)(5) of this section, the owner of an IMD who has not complied with the requirements of M.D.L. §§284(1)(i) or (ii) by June 30, 1996 shall:

(i) File an alteration application by October 1, 1996; and

(ii) Take all reasonable and necessary action to obtain an approved alteration permit by October 1, 1997; and

(iii) Achieve compliance with the fire and safety standards of Article 7-B of the M.D.L. for all covered residential units by April 1, 1999 or within 18 months after obtaining an approved alteration permit, whichever is later; and

(iv) Take all reasonable and necessary action to obtain a certificate of occupancy as a class A multiple dwelling for all covered residential units by June [20] 30, 1999, or within 3 months after achieving compliance with the fire and safety standards of Article 7-B of the M.D.L., whichever is later.

(v) As an alternative to complying with the requirements of subparagraph (iii) of this subdivision, an owner may, pursuant to M.D.L. §287, elect to comply with other local building codes or provisions of the M.D.L. that provide alternative means of meeting the fire and safety standards of Article 7-B by April 1, 1999 or within 18 months after obtaining an approved alteration permit, whichever is later.

(7) [*2005 Amended Code Compliance Timetable.*] Notwithstanding the provisions of subdivisions (a)(1)[, (a)[(5), and] through (a)(6) of this section, the owner of an IMD who has not complied with the requirements of M.D.L. §§284(1)(i), (ii), or (iii) by June 30, 1999 shall:

(i) File an alteration application by September 1, 1999; and

(ii) Take all reasonable and necessary actions to obtain an approved alteration permit by March 1, 2000; and

(iii) Achieve compliance with the fire and safety standards of Article 7-B of the M.D.L. for all covered residential units by May 1, [2006] 2002, or within 12 months after obtaining an approved alteration permit, whichever is later; and

(iv) Take all reasonable and necessary action to obtain a certificate of occupancy as a class A multiple dwelling for all covered residential units by May 31, [2006] 2002, or within [12] 1 month[s] after [obtaining an approved alteration permit] achieving compliance with the fire and safety standards of Article 7-B of the M.D.L., whichever is later.

(v) As an alternative to complying with the requirements of subparagraph (iii) of this subdivision, an owner may, pursuant to M.D.L. §287, elect to comply with other local building codes or provisions of the M.D.L. that provide alternative means of meeting the fire and safety standards of Article 7-B by May 1, [2006] 2002 or within 12 months after obtaining an approved alteration permit, whichever is later.

(8) [*2005 Amended Code Compliance Timetable.*] Notwithstanding the provisions of subdivisions (a)(1)[, (a)[(5), (a)(6) and] through (a)(7) of this section, the owner of an IMD who has not complied with the requirements of M.D.L. §§284(1)(i), (ii), (iii) or (iv) by May 31, [2005] 2002 shall:

(i) File an alteration application by September 1, 1999; and

(ii) Take all reasonable and necessary actions to obtain an approved alteration permit by March 1, 2000; and

(iii) Achieve compliance with the fire and safety standards of Article 7-B of the M.D.L. for all covered residential units by May 1, [2006] 2007, or within 12 months after obtaining an approved alteration permit, whichever is later; and

(iv) Take all reasonable and necessary action to obtain a certificate of occupancy as a class A multiple dwelling for all covered residential units by May 31, [2006] 2007, or within one month after achieving compliance with the fire and safety standards of Article 7-B of the M.D.L., whichever is later.

(v) As an alternative to complying with the requirements of subparagraph (iii) of this subdivision, an owner may, pursuant to M.D.L. §287, elect to comply with other local building codes or provisions of the M.D.L. that provide alternative means of meeting the fire and safety standards of Article 7-B by May 1, [2006] 2007 or within 12 months after obtaining an approved alteration permit, whichever is later.

Statement of Basis and Purpose:

The Legislature recently amended Article 7-C of the Multiple Dwelling Law (the "Loft Law") to extend the code compliance deadlines that IMD owners are required to meet in legalizing their buildings and to extend the deadline for the Loft Law itself. The compliance extensions are set forth in section 284 of the Multiple Dwelling Law. As a result, it is necessary to amend the Loft Board rules to conform to the legislative changes.

After consultation with counsel and further deliberation, these amendments were drafted to parallel more closely the language in the statute and to conform to the terms of the amended Loft Law, including the recent amendment by Part Q of Chapter 62 of the Laws of 2006. Sections 2-01(a)(1)(iv) through 2-01(2)(iii) have been restored because these sections were inadvertently omitted by the present publisher, although they were duly promulgated prior to the time they became effective.

CITY COUNCIL

PUBLIC HEARINGS

NOTICE IS HEREBY GIVEN THAT the Council has scheduled the following public hearings on the matters indicated below:

The Subcommittee on Zoning and Franchises will hold a public hearing on the following matters in the Council Committee Room, City Hall, New York, New York 10007, commencing at 9:30 A.M. on Thursday, September 7, 2006:

MANHATTAN CB - 5 **N 060433 ZRM**
An application submitted by SJP Residential Properties pursuant to Section 201 of the New York City Charter for an amendment of the Zoning Resolution of the City of New York relating to Article VIII, Chapter 1, Article VIII, Chapter 7 and Article IX Chapter 6, concerning Sections 81-21 (Floor Area Ratio Regulations), 81-71 (General Provisions), 81-741 (General provisions), 81-744 (Transfer of development rights from listed theaters) and 96-101 (Floor area regulations) to clarify theater transfer provisions in Community District 4 and Community District 5, Borough of Manhattan.

The Zoning Resolution of the City of New York, effective as of December 15, 1961, and as subsequently amended, is further amended as follows:

Matter in underline is new, to be added;
Matter in ~~strikeout~~ is old, to be deleted;
Matter within # # is defined in section 12-10;
* * * indicates where unchanged text appears in the Zoning Resolution

* * *

ARTICLE VIII SPECIAL PURPOSE DISTRICTS

Chapter 1
Special Midtown District

* * *

81-213
Special provisions for transfer of development rights from listed theaters within the Special Clinton District

In C6-2 Districts within the #Special Clinton District#, for #zoning lots# or portions thereof comprised of listed theaters designated in Section 81-742, the City Planning Commission shall allow a transfer of development rights pursuant to Section 81-744 (Transfer of development rights from listed theaters). The basic maximum #floor area ratio# for transfer purposes for such #zoning lots# or portions thereof shall be 6.02.

* * *

81-70
SPECIAL REGULATIONS FOR THEATER SUBDISTRICT

81-71
General Provisions

The regulations of Sections 81-72 to 81-75, inclusive, relating to Special Regulations for the Theater Subdistrict, are applicable only in the Theater Subdistrict, of which the Theater Subdistrict Core and the Eighth Avenue Corridor are parts, except that any listed theater designated in Section 81-742, or portion thereof, located outside of the Theater Subdistrict shall be deemed to be a "granting site" pursuant to Section 81-744 (Transfer of development rights from listed theaters).

* * *

81-741
General provisions

(a) Certifications

(1) In ~~the Theater Subdistrict, t~~The transfer of development rights from any ~~eligible theater~~ "granting site" in accordance with the provisions of Section 81-744 (Transfer of development rights from listed theaters) shall be permitted upon certification by the City Planning Commission.

(2) In the Theater Subdistrict, modifications of the provisions of Article VII, Chapter 7 (Special Provisions for Zoning Lots Divided by District Boundaries), in accordance with the provisions of Section 81-746 (Additional provisions for zoning lots divided by district or subdistrict core boundaries) shall be permitted upon certification of the Chairperson of the City Planning Commission.

(b) Authorizations by the City Planning Commission

~~In the Eighth Avenue Corridor, t~~The transfer of development rights from any ~~eligible theater~~ "granting site" in accordance with the provisions of paragraph (b) of Section 81-744 shall be permitted by authorization by the City Planning Commission.

* * *

81-744
Transfer of development rights from listed theaters

* * *

(a) Transfer of development rights by certification

~~Within the Theater Subdistrict, t~~The City Planning Commission shall allow, by certification, a transfer of development rights from a "granting site" to a "receiving site," except that any "granting site," or portion thereof, located outside the Theater Subdistrict may not transfer development rights to any portion of a "receiving site" within the Special Clinton District, provided that:

(1) the maximum amount of #floor area# transferred from a "granting site" is the basic maximum #floor area ratio# established pursuant to Sections 81-211 (Maximum floor area ratio for non-residential or mixed buildings) or 81-213 (Special provisions for transfer of development rights from listed theaters within the Special Clinton District), as applicable, for such #granting site# as if it were undeveloped, less the total #floor area# of all existing #buildings# or portions of #buildings# on the #granting site# and #floor area# attributed to the "granting site" that has been previously used or transferred;

(2) each transfer, once completed, irrevocably reduces the amount of #floor area# that may be #developed# on the #zoning lot# containing the "granting site" by the amount of #floor area# transferred;

(3) the maximum amount of #floor area# transferred to a "receiving site" shall not exceed the basic maximum #floor area ratio# established pursuant to Section 81-211 for such #receiving site# by more than 20 percent;

* * *

(b) Transfer of development rights by authorization

~~Within the Theater Subdistrict, t~~The City Planning Commission shall allow, by authorization, an additional transfer of development rights beyond the amount of #floor area# transfer permitted by certification in paragraph (a) of this Section from a "granting site" to any portion of a "receiving site" located within the Eighth Avenue Corridor, except that any "granting site," or portion thereof, located outside the Theater Subdistrict may not transfer development rights to any portion of a "receiving site" within the Special Clinton District, subject to the following conditions:

* * *

ARTICLE IX - SPECIAL PURPOSE DISTRICTS

Chapter 6
Special Clinton District

* * *

96-101
Floor area regulations

For any #development# or #enlargement# within the Preservation Area, the #floor area ratio# for a #residential#, #commercial# or #community facility building#, or portions of a #mixed building# containing such #uses#, shall not exceed the following:

#Uses#	#Floor Area Ratio#
#Residential buildings# or #community facility buildings# or portions of #mixed buildings# containing #residential# or #community facility uses# in the following Districts:	
R8 C1-45 C2-5 C6-2	4.2
#Commercial buildings# or commercial portion of #mixed buildings# in the following Districts:	
C1-5 C2-5	2.0
C6-2*	4.2

The maximum #floor area# in a #mixed building# shall be the maximum #floor area# permitted for either the commercial portion of such #building# or the community facility portion of such #building# or the #residential# portion of such #building#, as set forth in this Section, whichever permits the greatest amount of #floor area#.

* In C6-2 Districts, for #zoning lots# or portions thereof comprised of listed theaters designated in Section 81-742 of the #Special Midtown District#, the City Planning Commission shall allow a transfer of development rights pursuant to Section 81-744 (Transfer of development rights from listed theaters). The basic maximum #floor area ratio# for transfer purposes for such #zoning lots# or portions thereof shall be 6.02.

BROOKLYN CB - 4 **C 060515 HAK**
An application submitted by the Department of Housing Preservation and Development (HPD):

1) pursuant to Article 16 of the General Municipal Law of New York State for:

   a. the designation of property located at 161-171 Himrod Street; 235-237 Central Avenue (Block 3266/Lots 1, 2, 40-44) as an Urban Development Action Area; and

   b. an Urban Development Action Area Project for such area;

2) pursuant to Section 197-c of the New York City Charter for the disposition of such property to a sponsor to be determined by HPD;

to facilitate the development of a 6-story building tentatively known as Himrod Street Apartments, with approximately 34 residential units to be developed under The New York State Housing Trust Fund Program.

Proposal subject to Council review and action pursuant the Private Housing Finance Law, at the request of the Department of Housing Preservation and Development ("HPD"), which requests that the Council:

1. Approve, pursuant to Section 114 of the PHFL, the Project Summary as to conformity with the provisions and purposes of Article V of the PHFL;

2. Approve, pursuant to Section 122(1) of the PHFL, the conveyance of the Exemption Area by the Current Owner to the New Owner;

3. Approve, pursuant to Section 125 of the PHFL, the termination of the partial tax exemption of the Exemption Area granted by the Board of Estimate on September 17, 1979 (Cal. No. 55), which termination shall be effective (1) day preceding the date of the conveyance of the Exemption Area from the Current Owner to the New Owner;

4. Consent, pursuant to Section 123(4) of the PHFL, to the voluntary dissolution of the Current Owner after the date of the conveyance of the Exemption Area from the Current Owner to the New Owner;

5. Approve, the partial exemption of the Project from real property taxes pursuant to Section 125 of the PHFL; and

6. Approve, pursuant to Section 114 of the PHFL, the HPD Regulatory Agreement and authorize the Commissioner of HPD to execute the regulatory agreement in substantially the form submitted, when approved as to form by the Corporation Counsel.

Proposals subject to Council review and action pursuant to the Urban Development Action Area Act, Article 16 of the New York General Municipal Law, at the request of the Department of Housing Preservation and Development ("HPD"), which requests that the Council:

1. Find that the present status of the listed areas tends to impair or arrest the sound growth and development of the municipality and that the proposed Urban Development Action Area Project is consistent with the policy and purposes of Section 691 of the General Municipal Law;

2. Waive the area designation requirement of Section 693 of the General Municipal Law pursuant to said Section;

3. Waive the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law;

4. Approve the projects as Urban Development Action Area Projects pursuant to Section 694 of the General Municipal Law; and

5. Approve an exemption of the projects from real property taxes pursuant to Section 577 of the Private Housing Finance Law for Non-ULURP Nos. 20075030 HAX through 20075033 HAK; and Section 696 of the General Municipal Law for Non-ULURP Nos. 20075043 HAX through 20075063 HAK.

ARCHITECTURAL/ENGINEERING REQUIREMENTS CONTRACTS – Competitive Sealed Proposals – Judgment required in evaluating proposals - PIN# 04207DDCM002 – DUE 09-06-06 AT 3:00 P.M. – The City University of New York (CUNY) is New York City's public university system, CUNY, was created in 1847, and is the third largest university system in the nation; it is comprised of eleven senior colleges, six community colleges, a graduate school, a law school, a school of biomedical education, a graduate school of journalism and a central office ("Colleges"). Historically, the Department of Design, Construction and Management ("DDCM") issued RFP's to solicit proposals for Architectural/Engineering services on an individual project basis. This "by project" solicitation process is burdensome, inefficient, expensive to adminsiter, and does not allow DDCM to expeditiously meet the needs of the University. This is crucial for the University's older colleges, where the ability to act quickly can mitigate further damages to the College infrastructure. To address this need, DDCM is seeking to award up to twenty-four (24) separate requirements contracts to provide Architectural/Engineering services on an expedited "As needed" term basis for small, medium and large projects with a cap of $5 million dollar.
Requirements: Interested, proposing entities should submit seven (7) copies of their firm brochure, a list of client names and telephone numbers, their latest SF254 and 255 forms of

SF330 form, a copy of their EEO Policy Statements, their latest audited financial statement, a document which lists and describes in detail work/contracts of similar nature, with a list of the proposed project team. Proposing entities shall: demonstrate their ability to perform requested services based on prior related experience in the design and programming specialties for higher education facilities in similar urban environments, and shall submit examples of comparable, satisfactorily completed projects. Proposing entities shall be licensed to practice in the State of New York. Selection of proposing entities shall be made in accordance with CUNY policies and solicitation procedures. Minority Sub-Contracting Goals: 20%. Women-Owned Sub-Contracting Goals: 10%.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/ blueprints; other information; and for opening and reading of bids at date and time specified above.

ARCHITECTURAL FIRMS – Competitive Sealed Proposals – Judgment required in evaluating proposals - PIN# 04207QC00706 – DUE 09-19-06 AT 11:00 A.M. – to design, prepare contract documents and provide construction administration services for a new 8500 sq. ft. Visitor's Center for the Louis Armstrong House. The house, located in Corona, has been restored and is being operated as a historic house museum. The new center will be located across the street from the house, and will house archives, exhibition, performance and support service spaces.
Firms who wish to be considered for this project should submit two (2) copies of firm brochure, client names and phone numbers from previous similar projects, latest SF254 and 255 forms OR SF 330 form, EEO Policy Statements, latest financial statement, list and description of similar completed projects and proposed project team. Prior project experience with exhibition / museum design and sustainable design is desirable. Consultant must be licensed to practice in NY State. Selection of firms to be made in accordance with CUNY procedures. Minority business subcontracting goal: 15% Women-owned business subcontracting goal: 10%.

TRANSITION MANAGEMENT SERVICES FOR THE DEFINED BENEFIT ASSETS OF THE NEW YORK CITY RETIREMENT SYSTEMS – CP/2 – PIN# 015-07810300 QS – DUE 09-28-06 AT 4:00 P.M. – The Comptroller of the City of New York, acting on behalf of the New York City retirement systems (the "Systems"), invites proposals for transition management services. The objective of this solicitation is to establish a pool of qualified transition managers for the Systems for one or more asset classes. The contract resulting from this RFP will be for an initial term of three years with renewal options of an additional two years.

Proposers must meet the minimum requirements as of June 30, 2006. These include:

1. Have at least three years of experience transitioning assets for institutional clients.
2. Have provided transition management services to at least three public pension fund clients over the past three years.
3. Have the ability to trade on an agency basis.
4. Act as a fiduciary to the Systems.
5. Must certify compliance with the Systems' Ethics and Compliance Policy.
6. Be registered with the SEC as an investment advisor and/or a broker/dealer.

In addition to the minimum requirements, the Comptroller and the Systems anticipate that proposers should have the preferred experience set forth below in order to achieve the highest ratings. Failure of a proposer to meet the preferred experience requirements will not result in the rejection of that proposal providing the proposer demonstrates a track record of superior ability and capacity to provide transition services in one or more asset classes.

Proposers should meet the preferred requirements by June 30, 2006. These include:

1. Have conducted a minimum of $15 billion in transition management activities for the past year, and an aggregate of at least $35 billion over the last three years (across all major public securities markets - U.S. equity, non-U.S. equity, and fixed income).
2. Have conducted transitions over the last three years for each investment category proposed (any one or all of U.S. equity, non-U.S. equity, and/or fixed income), at the following minimum levels:

● U.S. equity (all capitalization ranges): 50 transition events, with at least three at $250 million or more (round trip)
● Non-U.S. equity (developed and emerging markets): 25 transition events, with at least three $100 million or more (round trip)
● U.S. fixed income: 25 transition events, with at least three at $100 million or more (round trip)

Name, Description and Location of Proposal

149 Wooster Street
The proposal involves an application by Isak Namer for a Special Permit pursuant to Zoning Resolution (ZR) Section 74-711. The proposed action would modify the use regulations in an M1-5A zoning district to allow twelve (12) new Joint Living Working Quarters for Artists (JLWQA) in an 8-story building at 149 Wooster Street (Block 515, Lot 27) in the SoHo-Cast Iron Historic District in Community District 2, Manhattan. The new dwelling units would occupy floors three through eight and a new penthouse that would be constructed.

The application is also seeking to legalize the retail use on the ground and cellar floors by requesting a special permit pursuant to Section 74-711 to modify the M1-5A use regulations to allow 6,104 square feet of retail (Use Group 6) on the cellar level and 6,620 square feet of retail use in the ground floor level of the building. A total of 12,724 square feet of retail use is proposed. The existing retail uses on the ground floor and offices on the second floor would remain unchanged.

As part of the proposed special permit, a program will be established for continuing maintenance that will result in preservation of the building.

Statement of No Significant Effect Upon Modification:

The Environmental Assessment and Review Division of the Department of City Planning, on behalf of the City Planning Commission, has completed its technical review of the Environmental Assessment Statement, dated July 7, 2006 prepared in connection with the ULURP Application (ULURP No. 060102 ZSM). The City Planning Commission has determined that the proposed action will have no significant effect on the quality of the environment once it is modified as follows:

1. The applicant, Isak Namer agrees via a restrictive declaration to prepare a hazardous materials sampling protocol including a health and safety plan, which would be submitted to the Department of Environmental Protection (DEP) for approval. The applicant agrees to test and identify any potential hazardous material impact pursuant to the approved sampling protocol and, if any such impact is found, submit a hazardous material remediation plan including a health and safety plan to DEP for approval. If necessary, remediation measures would be undertaken pursuant to the remediation plan.

2. The applicant agrees via restrictive declaration to collect adequate floor wipe samples for heavy metals from the basement area where a waste storage drum is located as well as from the floor of the fifth and sixth floors where the Allied Brass Company exists.

3. The applicant agrees via restrictive declaration to conduct a thorough ACM and lead-based paint survey, including sampling and testing at the project site prior to starting any demolition/ renovation activities. The results of the ACM/Lead-based paint survey should be incorporated into an adequate O&M or abatement plan that would be completed under an appropriate HASP and implemented in accordance with all applicable federal, state and local regulations.

4. The applicant agrees via restrictive declaration to remove/close the 5,000-gallon fuel oil AST system pursuant to all applicable federal, state and local regulations.

Supporting Statement:

The above determination is based on an environmental assessment which finds that:

1. A Phase I Environmental Site Assessment (ESA), available in the proposal's CEQR file was prepared in April 2004 for the sites located at 149 Wooster Street in Manhattan (Block 515, Lot 27).

   The Phase I ESA was reviewed by the Department of Environmental Protection's (DEP) Office of Environmental Planning and Assessment, who found suspect/known ACM, Lead-based paint, an existing 5,000-gallon fuel oil AST in the basement, two basement floor drains, potential metal contamination from the brass company operation on the fifth and sixth floors as well as in the basement where a 55-gallon drum (with contaminant) is utilized for temporary on-site storage of generated waste and confirmed soil/groundwater impacts in the immediate vicinity of the site. A restrictive declaration was recommended, as stated in a memo from DEP dated February 22, 2006 due to the potential presence of hazardous materials on the site. The restrictive declaration was prepared by the applicant and filed against the properties under the control of the applicant located at 149 Wooster Street (Block 515, Lot 27).

   The declaration, binding on all successors and assigns of the applicant, requires that Phase II testing be prepared, including a sampling protocol and a health and safety plan for DEP's review and approval. If hazardous materials impacts exist, the declaration requires that the applicant submit a remediation plan for DEP's review and approval and provide for such remediation. The declaration serves as a mechanism to assure the potential for hazardous material contamination that may exist in the sub-surface soils and groundwater on the applicant's property would be characterized prior to any site disturbance.

   The restrictive declaration was executed on June 22, 2006. On July 21, 2006, the DEP confirmed, via written correspondence, that the applicant filed a DEP-approved Restrictive Declaration with the New York City Department of Finance of the City Register.

2. With the implementation of the condition described above, no significant adverse impacts related to hazardous materials would occur. No other significant adverse effects on the environment which would require an Environmental Impact Statement are foreseeable.

It is fully agreed and understood that if the foregoing conditions are not fully incorporated into the proposed action, the Conditional Negative Declaration shall become null and void. In such event, the applicant shall be required to prepare a Draft Environmental Impact Statement before proceding further with said proposal.

Should you have any questions pertaining to this Conditional Negative Declaration, you may contact Jessica Neilan, at (212) 720-3425.

ENVIRONMENTAL PROTECTION

NOTICE

The New York City Department of Environmental Protection (NYCDEP) is proposing to acquire 8,200 square feet of the southeast portion of Block 246, Lot 1, in the Borough of Manhattan. The site would be used during future dewatering activities which support the inspection, maintenance and repair of City Water Tunnel No. 1, as well as provide for any interim unplanned emergency dewatering operations.

LANDMARKS PRESERVATION COMMISSION

NOTICE

BINDING REPORT

ISSUE DATE:	DOCKET #:	SRB #:
08/10/06	071019	SRB 07-1203

ADDRESS	BOROUGH:	BLOCK/LOT:
153 EAST 67TH STREET 19th Police Precinct Station House INDIVIDUAL LANDMARK	MANHATTAN	1402 / 25

To the Mayor, the Council, and the Deputy Program Director, DCAS.

This report is issued pursuant to Sections 3020 and 854 (h) of the New York City Charter and Section 25-318 of the Administrative Code of the City of New York, which require a report from the Landmarks Preservation Commission for certain plans for the construction, reconstruction, alteration, or demolition of any improvement or proposed improvement which is owned by the City or is to be constructed upon property owned by the City and is or is to be located on a landmark site or in a historic district or which contains an interior landmark.

The Landmarks Preservation Commission has reviewed a proposal for miscellaneous interior and exterior alterations in conjunction with the upgrading of underground fuel storage tanks. The proposal is shown in drawings labeled 2 through 4, 15 through 22, 42 and 43, all dated March 2006, prepared by Michael R. Belling, P.E., and submitted as components of the application.

The Commission has reviewed the drawings and other application components and finds that the work will have no effect on the significant architectural features of the building. Based on this finding, the proposed work is approved.

This report is issued on the basis of the building and site conditions described in the application and disclosed during the review process. By accepting this permit, the applicant agrees to notify the Commission if the actual building or site conditions vary or if original or historic building fabric is discovered. The Commission reserves the right to amend or revoke this permit, upon written notice to the applicant, in the event that the actual building or site conditions are materially different from those described in the application or disclosed during the review process.

All approved drawings are marked approved by the Commission with a perforated seal indicating the date of approval. The work is limited to what is contained in the perforated documents. Other work or amendments to this filing must be reviewed and approved separately. This report constitutes the permit; a copy must be prominently displayed at the site while work is in progress. Please direct inquiries to Jared Knowles.

READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council,** 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists--free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:

Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.

If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

PROCUREMENT POLICY BOARD RULES

The Rules may also be accessed on the City Website, http://NYC.GOV.Selltonyc

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

ENVIRONMENTAL PROTECTION

■ PUBLIC HEARINGS

PLEASE TAKE NOTICE that in accordance with SECTIONS 201-204 of the New York State Eminent Domain Procedure Law (the "EDPL"), a public hearing will be held by the Department of Environmental Protection of the City of New York in connection with the acquisition of the property located at 73rd Place between South Railroad Avenue and 51st Avenue, in the Borough of Queens, City and State of New York on Thursday, September 14, 2006, at 2:00 P.M., at the New York City Department of Environmental Protection, 59-17 Junction Boulevard, Flushing, New York 11373, 6th Floor Conference Room, as hereinafter set forth.

The purpose of the hearing is to inform the public concerning the proposed acquisition of the subject property for construction of and access to a shaft (designated "Shaft 18B") to City Water Tunnel No 3.

The property affected is located at 50-40 73rd Place, Elmhurst, New York, in tax Block 2448, Lot 60 on the Tax Map of the City of New York, Borough of Queens, as the Tax Map existed in December of 1993 and comprises a total area of approximately 83,000 (eighty-three thousand) square feet, only a portion of which will be acquired as follows:

(1) approximately 27,266.56 (twenty seven thousand two hundred sixty-six point fifty-six) square feet in fee simple absolute for the Shaft and appurtenances.

In addition, approximately 4,653 (four thousand six hundred fifty-three) square feet will be utilized for a period of approximately five years as a temporary staging area during construction of the Shaft. This hearing will be conducted in order to inform the public and review this public use and its impact on the environment and local residents. Any person in attendance at the hearing shall be given a reasonable opportunity to present an oral or written statement and to submit other documents concerning the proposed acquisition and public use. Each speaker will have a maximum of ten (10) minutes. In addition, written statements may be submitted to the Bureau of Legal Affairs at the address below provided the comments are received by the close of business on September 14, 2006. Only statements delivered on or before 5:00 P.M. on September 14, 2006 will be considered in the making of a determination and findings. Questions and statements regarding this hearing should be directed to the New York City Department of Environmental Protection, Bureau of Legal Affairs 59-17 Junction Boulevard, Flushing New York 11373, 19th Floor Attn: Karen Zemble, Esq.

■ NOTICE

NOTICE OF PUBLIC HEARING ON THE ONE POLICE PLAZA SECURITY PLAN DRAFT ENVIRONMENTAL IMPACT STATEMENT

The New York City Police Department (NYPD) will hold a public hearing on the Draft Environmental Impact Statement (DEIS) on **Thursday, September 14, 2006, from 4:00 P.M. to 8:00 P.M. in the 2nd floor auditorium at 125 Worth Street, New York, NY. The first session will run from 2:00 P.M. to 4:00 P.M. and the second session will run from 6:00 P.M. to 8:00 P.M. Members of the public will need photo identification to gain entrance to the building.** Oral and written comments will be accepted at the public hearing. In addition, written comments on the DEIS are requested and will be received and considered byshould be sent to Inspector Anthony Tria, NYPD Capital Construction, 620 Circle Drive, Fort Totten, NY 11359 Phone: (718) 281-1254, Fax: (718) 281-1593 through the 20th calendar day (October 4, 2006) following the close of the public hearing.

The New York City Police Department (NYPD) has prepared a Draft Environmental Impact Statement (DEIS) for the security plan established following the events of September 11, 2001 in order to protect City, State, and Federal facilities in the "civic center" portion of lower Manhattan which were, and continue to be, considered potential targets. These security measures included the installation of attended security checkpoint booths, planters, bollards and hydraulically-operated delta barriers to restrict the access of unauthorized vehicles from the roadways situated adjacent to the civic facilities located near NYPD headquarters at One Police Plaza.

The DEIS contains a description and analysis of the action and its environmental setting; the environmental impacts of the action, including its short and long term effects, and typical associated environmental effects; identification of any significant adverse environmental effects; a discussion of alternatives to the action; the identification of any irreversible and irretrievable commitments of resources that would be involved in the action; and a description of any necessary mitigation measures proposed to minimize significant adverse environmental impacts.

The action results in no significant adverse impacts to land use, zoning, public policy, community facilities and services, socioeconomic conditions, visual resources and parking. The DEIS discloses that the action, however, does result in significant adverse impacts to urban design, neighborhood character, traffic, transit and pedestrian conditions, and air quality and noise related to traffic diversions.

The DEIS describes mitigation measures including installation of a landscaped esplanade along Park Row, the reconfiguration of Chatham Square, and the restoration of bus service along Park Row. Four alternatives to the action are examined, but found not to satisfy the goals and objectives of the action, which are to secure police headquarters and the "civic center" area of lower Manhattan. Traffic impacts at Robert F. Wagner, Sr. Place and Pearl Street, and traffic-related noise impacts to residential buildings and Columbus Park on Worth Street at intersections of Worth and Baxter Streets and Worth and Mulberry Streets cannot be fully mitigated.

This public hearing is being held in conformance with Article 8 of the Environmental Conservation Law, the State Environmental Quality Review Act, City Environmental Quality Review procedures, and Local Law No. 24 of 2005.

Copies of the DEIS may be reviewed at the New York City Office of Environmental Coordination, 100 Gold Street, 2nd Floor, New York, NY 10038, Robert Kulikowski, Director, (212) 788-9956. The DEIS is also available online through a link from the homepage of the New York City Police Department at http://www.nyc.gov/html/nypd under the "Recent Press Releases/News" section of the website.

ARCHITECTURAL/ENGINEERING REQUIREMENTS CONTRACTS – Competitive Sealed Proposals – Judgment required in evaluating proposals - PIN# 04207DDCM002 – DUE 09-06-06 AT 3:00 P.M. – The City University of New York (CUNY) is New York City's public university system, CUNY, was created in 1847, and is the third largest university system in the nation; it is comprised of eleven senior colleges, six community colleges, a graduate school, a law school, a school of biomedical education, a graduate school of journalism and a central office ("Colleges"). Historically, the Department of Design, Construction and Management ("DDCM") issued RFP's to solicit proposals for Architectural/ Engineering services on an individual project basis. This "by project" solicitation process is burdensome, inefficient, expensive to adminsiter, and does not allow DDCM to expeditiously meet the needs of the University. This is crucial for the University's older colleges, where the ability to act quickly can mitigate further damages to the College infrastructure. To address this need, DDCM is seeking to award up to twenty-four (24) separate requirements contracts to provide Architectural/Engineering services on an expedited "As needed" term basis for small, medium and large projects with a cap of $5 million dollar.
Requirements: Interested, proposing entities should submit seven (7) copies of their firm brochure, a list of client names and telephone numbers, their latest SF254 and 255 forms of SF330 form, a copy of their EEO Policy Statements, their latest audited financial statement, a document which lists and describes in detail work/contracts of similar nature, with a list of the proposed project team. Proposing entities shall: demonstrate their ability to perform requested services based on prior related experience in the design and programming specialties for higher education facilities in similar urban environments, and shall submit examples of comparable, satisfactorily completed projects. Proposing entities shall be licensed to practice in the State of New York. Selection of proposing entities shall be made in accordance with CUNY policies and solicitation procedures. Minority Sub-Contracting Goals: 20%. Women-Owned Sub-Contracting Goals: 10%.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/blueprints; other information; and for opening and reading of bids at date and time specified above.
City University of New York, Department of Design, Construction and Management, 555 W57 Street, 10th Floor, New York, NY 10019. Diana Zayas (212) 541-0440.

ARCHITECTURAL FIRMS – Competitive Sealed Proposals – Judgment required in evaluating proposals - PIN# 04207QC00706 – DUE 09-19-06 AT 11:00 A.M. – to design, prepare contract documents and provide construction administration services for a new 8500 sq. ft. Visitor's Center for the Louis Armstrong House. The house, located in Corona, has been restored and is being operated as a historic house museum. The new center will be located across the street from the house, and will house archives, exhibition, performance and support service spaces.
Firms who wish to be considered for this project should submit two (2) copies of firm brochure, client names and phone numbers from previous similar projects, latest SF254 and 255 forms OR SF 330 form, EEO Policy Statements, latest financial statement, list and description of similar completed projects and proposed project team. Prior project experience with exhibition / museum design and sustainable design is desirable. Consultant must be licensed to practice in NY State. Selection of firms to be made in accordance with CUNY procedures. Minority business subcontracting goal: 15% Women-owned business subcontracting goal: 10%.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/blueprints; other information; and for opening and reading of bids at date and time specified above.

NON-SECURE DETENTION GROUP HOME SERVICES – Negotiated Acquisition – Judgment required in evaluating proposals - PIN# 13005DJJ001 – DUE 09-01-06 AT 3:00 P.M. – The Department of Juvenile Justice (DJJ) is seeking expressions of interest from qualified vendors to provide non-secure detention group home services. Since DJJ must respond to a court order, there is a time-sensitive situation in which DJJ must retain a supplier quickly, at one time or from time to time, permitting this procurement to be processed as a negotiated acquisition. Facilities should provide at least 10 and no more than 12 beds in accordance with the applicable regulations promulgated by the New York State Office of Children and Family Services (NYSOCFS), 9 N.Y.C.R.R. Section 180 et seq., and be operational at any time from December 1, 2004 to August 31, 2006. The term of the contracts awarded from this solicitation will be for three years and will include an additional three-year option to renew.

Vendors interested in providing these services should contact Harry T. Bavaro at the Department of Juvenile Justice, 365 Broadway, 5th Floor, New York, NY 10013 for a copy of the solicitation document if they have not already received a copy. If a vendor is interested in being considered for award of a contract described above, please hand deliver a written expression of interest addressed to Harry T. Bavaro at the Department of Juvenile Justice, 365 Broadway, 5th Floor, New York, NY 10013 pursuant to the terms of the solicitation document.

ENVIRONMENTAL PROTECTION

■ NOTICE

The New York City Department of Environmental Protection (NYCDEP) is proposing to acquire 8,200 square feet of the southeast portion of Block 246, Lot 1, in the Borough of Manhattan. The site would be used during future dewatering activities which support the inspection, maintenance and repair of City Water Tunnel No. 1, as well as provide for any interim unplanned emergency dewatering operations.

READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council,** 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists--free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

COURT NOTICE

SUPREME COURT

NOTICE

COUNTY OF NEW YORK
NOTICE OF ACQUISITION
Index No. 402591/06
IAS PART 25
(DeGrasse, J.)

In the Matter of the Application of THE CITY OF NEW YORK, Petitioner, To Acquire By Exercise of its Powers of Eminent Domain Easements in Certain Real Property Required for the Extension of the No. 7 Subway Line as Part of the **No. 7 SUBWAY EXTENSION - HUDSON YARDS REZONING AND DEVELOPMENT PROGRAM, PHASE 1, STAGE 1**

PLEASE TAKE NOTICE, that by Order of the Supreme Court of the State of New York, County of New York, IAS Part 25 (Hon. Leland DeGrasse, J.S.C.), duly entered in the office of the Clerk of the County of New York on August 10, 2006, the application of the City of New York to acquire certain subsurface easements in real property, for the No. 7 Subway Extension - Hudson Yards Rezoning and Development Program, Phase 1, Stage 1, was granted and the City was thereby authorized to file an acquisition map with the Office of the City Register. Said map, showing the easements acquired by the City, was filed with the City Register. The subsurface easements vested in the City of New York on August 18, 2006.

The subsurface easements acquired by the City of New York are situated in the City, County, and State of New York, and are generally located at the properties known as: Block 670, part of Lot 70; Block 672, part of Lot 1; Block 673, part of Lot 1; Block 674, part of Lot 1; Block 675, parts of Lots 29 and 36; Block 696, parts of Lots 1 and 65; Block 698, part of Lot 1; Block 699, part of Lot 1; Block 700, part of Lot 1; Block 701, parts of Lots 1, 68 and 70; Block 708, parts of Lots 1 and 65; Block 709, parts of Lots 1, 2, 3, 68, 70 and 71; Block 710, part of Lot 1; Block 1013, part of Lot 1; Block 1032, parts of Lots 7, 48, 101, and 1001-1553; Block 1050, parts of Lots 1, 6, 49, 61 and 158; Block 1069, parts of Lots 24 and 136; and Block 1070, parts of Lots 5 and 29. These acquisitions are for the purpose of constructing an extension of the No. 7 Subway Line, which is to be extended westward from Times Square along 41st Street, then turn southward under 11th Avenue and continue to West 24th Street.

PLEASE TAKE FURTHER NOTICE that if you intend to file a written claim or notice of appearance pursuant to § 503 of the New York State Eminent Domain Procedure Law, such claim must be filed with the Clerk of the Supreme Court of the State of New York, County of New York, with copies served upon petitioner's counsel, Office of the Corporation Counsel, Tax and Bankruptcy Litigation Division, 100 Church Street, New York, New York, 10007, and Carter

ARCHITECTURAL/ENGINEERING REQUIREMENTS CONTRACTS – Competitive Sealed Proposals – Judgment required in evaluating proposals - PIN# 04207DDCM002 – DUE 09-06-06 AT 3:00 P.M. – The City University of New York (CUNY) is New York City's public university system, CUNY, was created in 1847, and is the third largest university system in the nation; it is comprised of eleven senior colleges, six community colleges, a graduate school, a law school, a school of biomedical education, a graduate school of journalism and a central office ("Colleges"). Historically, the Department of Design, Construction and Management ("DDCM") issued RFP's to solicit proposals for Architectural/Engineering services on an individual project basis. This "by project" solicitation process is burdensome, inefficient, expensive to adminsiter, and does not allow DDCM to expeditiously meet the needs of the University. This is crucial for the University's older colleges, where the ability to act quickly can mitigate further damages to the College infrastructure. To address this need, DDCM is seeking to award up to twenty-four (24) separate requirements contracts to provide Architectural/Engineering services on an expedited "As needed" term basis for small, medium and large projects with a cap of $5 million dollar.
Requirements: Interested, proposing entities should submit seven (7) copies of their firm brochure, a list of client names and telephone numbers, their latest SF254 and 255 forms of SF330 form, a copy of their EEO Policy Statements, their latest audited financial statement, a document which lists and describes in detail work/contracts of similar nature, with a list of the proposed project team. Proposing entities shall: demonstrate their ability to perform requested services based on prior related experience in the design and programming specialties for higher education facilities in similar urban environments, and shall submit examples of comparable, satisfactorily completed projects. Proposing entities shall be licensed to practice in the State of New York. Selection of proposing entities shall be made in accordance with CUNY policies and solicitation procedures. Minority Sub-Contracting Goals: 20%. Women-Owned Sub-Contracting Goals: 10%.

TRANSITION MANAGEMENT SERVICES FOR THE DEFINED BENEFIT ASSETS OF THE NEW YORK CITY RETIREMENT SYSTEMS – CP/2 – PIN# 015-07810300 QS – DUE 09-28-06 AT 4:00 P.M. – The Comptroller of the City of New York, acting on behalf of the New York City retirement systems (the "Systems"), invites proposals for transition management services. The objective of this solicitation is to establish a pool of qualified transition managers for the Systems for one or more asset classes. The contract resulting from this RFP will be for an initial term of three years with renewal options of an additional two years.

Proposers must meet the minimum requirements as of June 30, 2006. These include:

1. Have at least three years of experience transitioning assets for institutional clients.
2. Have provided transition management services to at least three public pension fund clients over the past three years.
3. Have the ability to trade on an agency basis.
4. Act as a fiduciary to the Systems.
5. Must certify compliance with the Systems' Ethics and Compliance Policy.
6. Be registered with the SEC as an investment advisor and/or a broker/dealer.

In addition to the minimum requirements, the Comptroller and the Systems anticipate that proposers should have the preferred experience set forth below in order to achieve the highest ratings. Failure of a proposer to meet the preferred experience requirements will not result in the rejection of that proposal providing the proposer demonstrates a track record of superior ability and capacity to provide transition services in one or more asset classes.

Proposers should meet the preferred requirements by June 30, 2006. These include:

1. Have conducted a minimum of $15 billion in transition

management activities for the past year, and an aggregate of at least $35 billion over the last three years (across all major public securities markets - U.S. equity, non-U.S. equity, and fixed income).
2. Have conducted transitions over the last three years for each investment category proposed (any one or all of U.S. equity, non-U.S. equity, and/or fixed income), at the following minimum levels:
- U.S. equity (all capitalization ranges): 50 transition events, with at least three at $250 million or more (round trip)
- Non-U.S. equity (developed and emerging markets): 25 transition events, with at least three $100 million or more (round trip)
- U.S. fixed income: 25 transition events, with at least three at $100 million or more (round trip)

To obtain the RFP, visit the Comptroller's Web site at www.comptroller.nyc.gov, then link to "Asset Management", "RFPs" and register to download the RFP. For assistance you may contact Evelyn Dresler at bamcontracts@comptroller.nyc.gov

NON-SECURE DETENTION GROUP HOME SERVICES – Negotiated Acquisition – Judgment required in evaluating proposals - PIN# 13005DJJ001 – DUE 09-01-06 AT 3:00 P.M. – The Department of Juvenile Justice (DJJ) is seeking expressions of interest from qualified vendors to provide non-secure detention group home services. Since DJJ must respond to a court order, there is a time-sensitive situation in which DJJ must retain a supplier quickly, at one time or from time to time, permitting this procurement to be processed as a negotiated acquisition. Facilities should provide at least 10 and no more than 12 beds in accordance with the applicable regulations promulgated by the New York State Office of Children and Family Services (NYSOCFS), 9 N.Y.C.R.R. Section 180 et seq., and be operational at any time from December 1, 2004 to August 31, 2006. The term of the contracts awarded from this solicitation will be for three years and will include an additional three-year option to renew.

Vendors interested in providing these services should contact Harry T. Bavaro at the Department of Juvenile Justice, 365 Broadway, 5th Floor, New York, NY 10013 for a copy of the solicitation document if they have not already received a copy. If a vendor is interested in being considered for award of a contract described above, please hand deliver a written expression of interest addressed to Harry T. Bavaro at the Department of Juvenile Justice, 365 Broadway, 5th Floor, New York, NY 10013 pursuant to the terms of the solicitation document.

R10 Inclusionary Housing Program Description and Guidelines for Lower Income Housing Plans

These guidelines for the Inclusionary Housing Program (the "Program") are issued pursuant to the New York City Zoning Resolution (the "Resolution"). The Resolution will be referenced throughout this document. These guidelines may be modified from time to time by the Department of Housing Preservation and Development (the "Department"). All revisions of these guidelines will be published in the City Record.

The body of these guidelines refers to Lower Income Housing projects that either use their zoning bonuses on-site within R10 zoning districts or Lower Income Housing projects that are eligible to sell their zoning bonuses to compensated developments located in R10 zoning districts. For district-specific variations to the Program, please refer to the addenda.

I. Administration and Plan Application Submission

The Program will be administered by the Department.

Every applicant (the "Applicant") must submit a Lower Income Housing Plan (the "Plan") application to the Department for approval. Such Plan application shall be in the form approved by the Department. The Plan application should set forth the Applicant's proposal for creating and maintaining the lower income housing units (the "Lower Income Units"). The Plan application should be developed in accordance with these guidelines. Acceptance of the Plan application will be signified by the execution of a Lower Income Housing Plan Written Agreement between the Applicant and the Department.

A non-refundable filing deposit toward a non-refundable filing fee for each Plan application shall be paid at the time of the filing of the Plan application. The deposit shall be in the amount of one hundred ($100) dollars and shall form part of the non-refundable filing fee of one thousand ($1000) dollars per Lower Income Unit to be created pursuant to the Plan application for the first fifty (50) of such Lower Income Units, and five hundred ($500) dollars for each additional such Lower Income Unit to be created pursuant to the Plan application. Payment of the balance of this fee shall be due at the time of execution of the Lower Income Housing Plan Written Agreement. In no event shall a Lower Income Housing Plan Written Agreement be issued prior to full payment of all filing fees deemed by the Department to be outstanding. This fee must be paid from the equity or from any developer fee (if applicable). The fee shall not be derived directly or indirectly from subsidy programs.

Payment shall be made by a certified or cashier's check payable to the Department of Finance of the City of New York.

A copy of the Plan application shall be submitted to the affected Community Board no later than the date on which the Plan application is first submitted to the Department. The submission must be hand delivered or sent by certified or registered U.S. mail, return receipt requested. A Plan application shall be deemed to have been submitted to the affected Community Board upon delivery if sent by hand delivery or certified or registered U.S. Mail, return receipt requested. Such Community Board shall have 45 days to review said Plan application. No Plan application shall be approved by the Department during the Community Board review period.

II. Ownership & Management of Buildings Containing Lower Income Units

(1) Lower Income Units may be owned by a for-profit or a not-for-profit entity and an Administering Agent shall be responsible for ensuring compliance with the Plan.

(a) An Administering Agent shall be a not-for-profit group that has been approved by the Department.

(b) In the event that no qualified not-for-profit group can be found to act as Administering Agent, the Department may, in its sole discretion, approve a for-profit entity to fulfill that role. If the Department approves a for-profit entity to act as Administering Agent, the Department may still require such for-profit entity to retain an approved not-for-profit group to retain responsibility for tenant selection, rent-up, and annual reporting to the Department.

(c) The Applicant may opt to transfer ownership of the Lower Income Units to the not-for-profit Administering Agent. If so, the Applicant must transfer title for a consideration of no more than $1.00.

(2) The Administering Agent shall be responsible for management of the Lower Income Units, unless the Department grants approval for a for-profit entity to provide certain management services; provided, however, that the not-for-profit Administering Agent must retain responsibility for marketing, tenant selection, rent-up, and reporting to the Department.

(a) The Administering Agent shall carry out tenant selection under the Department's supervision in accordance with its tenant selection procedures and must comply with all applicable laws regarding equal opportunity and fair housing.

(b) The Administering Agent must retain all records and documents relating to income determination for a minimum of three years after the date an incoming tenant commences occupancy in a Lower Income Unit. The Administering Agent or, when applicable, the Applicant, also shall be required to maintain the following information on an annual basis and to submit to the Department, upon demand:

i) household income and household composition of all households who began occupancy (incoming tenants) during the prior year, and, at the Department's request, all supporting documentation;

ii) certified rent roll;

iii) income and expense statements in a form acceptable to the Department;

iv) copies of leases; and

v) an audited financial report

Any modifications in the reporting requirements may be imposed retroactively.

III. Construction and Rehabilitation Standards

In order to ensure that the City of New York receives full value of the zoning bonus through the creation of Lower Income Units, Applicants will be required to comply with all relevant design and construction guidelines established by the Department.

All costs of development shall be born by the Applicant, and the Lower Income Units must be unencumbered by debt or lien instrument. The Department must approve any debt incurred subsequent to the execution of the Lower Income Housing Plan Written Agreement.

Lower Income Units created, rehabilitated or preserved pursuant to this Program must obtain real property tax benefits.

(1) Lower Income Units that are Class A dwelling units created through new construction must meet the standards set forth in the Department's "Design Guidelines for Housing-New Construction" and construction guidelines issued in conjunction with such Design Guidelines. Applicant should obtain the most recent edition of the Design Guidelines from the Department.

(2) Lower Income Units that are Class A dwelling units rehabilitated through substantial rehabilitation must meet the standards set forth in the Department's "Design Guidelines for Housing – Substantial Rehabilitation" and construction guidelines issued in conjunction with such Design Guidelines. Applicant should obtain the most recent edition of the Design Guidelines from the Department.

(3) For Lower Income Units newly created onsite, Lower Income Units shall be distributed evenly throughout the development. No story shall contain more than two Lower Income Units unless 80% of all of the stories contain two such Lower Income Units. Furthermore, the size of the Lower Income Units shall at least be distributed among the various size units in proportion to the total distribution of unit size within the building in the following categories of unit sizes:

under 600 net square feet
600-749 net square feet
750-949 net square feet
950-1149 net square feet
1150 or more net square feet

(4) Lower Income Units that are Class A dwelling units preserved under the Program's preservation option will be required to meet the scope of work determined jointly by the Applicant and the Department. The scope shall ensure that, with normal maintenance, the Lower Income Units will continue to provide a decent, safe, and sanitary living environment for the life of the increased floor area in the compensated development.

IV. Income & Occupancy Limits

(1) For the purposes of this Program, a Lower Income Household is defined as one having an income of equal to or less than 80% of the area median income. The rent roll will determine the precise income eligibility, in the following manner.

(a) Incoming tenants shall not pay more than 30% of the annual household income in gross rent; and

(b) Incoming tenants shall not pay less than 25% of the annual household income in gross rent

(2) Occupants of occupied units that qualify under the Preservation option must have a household income equal to or less than 80% of the area median income if the unit is to be counted as a Lower Income Unit for purposes of approval of the Plan application.

(3) The following occupancy requirements will apply to all Lower Income Units under the Program (with the exception of those occupied units which qualify under the Preservation option):

Bedroom Size	Minimum Number of People
0	1
1	1
2	2
3	4

Incoming tenants will be limited to households who meet the same occupancy levels.

V. Rents and Re-rentals

(1) The Department will establish a Total Rent Roll for the Lower Income Units based on a program-wide standard not to exceed the amount necessary for maintenance, operation, administration, and the creation of ongoing reserve accounts. The amount of the total rent roll will be based on the sample pro forma and a cash flow analysis prepared by the Department, both of which are based on Department- approved maintenance and operating costs (M & O).

(a) The Administering Agent may choose to set all the rents at an average or to skew the rents to allow some of the units to be affordable to very low income households. In this instance, some rents would have to be set higher to provide the income necessary to operate the property. In no event may rents paid by incoming tenants exceed the affordability limits for a family earning 80% of area median income. The Department may impose a requirement that rents initially be set to the affordability limits for a family earning 75% of area median income in order to ensure an adequate marketing band.

(2) The rents must be registered with the rent stabilization system administered by

the State Division of Housing and Community Renewal (DHCR) and will be subject to the restrictions of rent stabilization. There shall be no rent increases for existing tenants in excess of the allowable Rent Guidelines Board adjustments for a renewal lease of the same term. Vacancy increases, any increase due to improvements to the Lower Income Unit, or any increase due to tenant income and/or the Lower Income Unit's rent exceeding a prescribed amount, are expressly prohibited. With the approval of the Department, the rents for Lower Income Units that receive project-based rental assistance from a Federal or State entity may be registered at a higher level than the Rent Roll established by the Department pursuant to Section V(1). Such approval will be granted only if the Plan submitted by the Applicant includes the provision of social services approved by and consistent with the policies and programs of the Department's Division of Special Needs Housing. Notwithstanding the foregoing, tenants who reside in such Lower Income Units shall not pay more than the rent or rent increases authorized herein.

(3) In order to ensure continued affordability of the Lower Income Units for the life of the increased floor area of the compensated development, the rent restrictions of the Program will continue to apply to the Lower Income Units even if the Inclusionary Housing Program is eliminated.

VI. Reserve Funds

(1) To reduce the risk of future insolvency due to unanticipated increases in operating costs while permitting rents to be set at a level that covers ordinary maintenance and operation, the Applicant must establish a Special Reserve Fund. The Special Reserve Fund shall be in the amount of $2.25 for each square foot of lower income housing provided, including a pro rata share of common spaces of buildings not entirely low income. This fund shall be placed in a blocked account which will be administered by the Department or its designee. The Special Reserve Fund is intended to cover unanticipated one-time expenses which cannot be covered by the ongoing building reserve account.

(2) The ongoing building reserve account will be built up over time through the rents when rent revenues exceed the amount needed to cover maintenance and operating costs. The Administering Agent shall administer this fund. The Department may require additional blocked reserves to be funded on an annual basis. Funds from this additional reserve may be withdrawn only with the prior approval of the Department.

(3) Where Lower Income Units are Class A dwelling units preserved under the Program's preservation option, Applicant will be required to fund a one-time Replacement Reserve Fund in an amount equal to a minimum of $5,000 per Lower Income Unit. In addition, Applicant will be required to establish a one-time Preservation Reserve Fund in an amount equal to a minimum of six months of operating expenses as determined by the Department. Both reserves shall be administered by the Department and shall be used to cover unanticipated one-time expenses. Such reserves shall replace the Special Reserve Fund requirement established pursuant to paragraph (1) of this Section VI.

VII. Insurance

(1) The Applicant shall have the Lower Income Housing insured against any damage or destruction in an amount equal to no less than the replacement value of such housing. Any insurance proceeds received as a result of damage or destruction of all or any part of such Lower Income Housing shall be used first for restoring such damaged or destroyed housing to Lower Income Housing, free of violations under the New York City Building Code, the New York City Housing Maintenance Code and the Zoning Resolution.

VIII. Certificate of Eligibility for a Zoning Bonus

(1) The Department shall issue a Certificate of Eligibility for a Zoning Bonus within ten (10) business days after the occurrence of:

(a) receipt of a Certificate of Occupancy ("C of O") or a Temporary Certificate of Occupancy ("T C of O") for the residential portions of the building containing the Lower Income Units, provided, however, that if a T C of O has been received, the Applicant must also provide to the Department an unconditional, irrevocable letter of credit in an amount equal to one hundred and fifty percent (150%) of the Department's estimated cost of completing the Lower Income Units from a New York State clearing house bank which may be drawn down by the Department upon failure of the Applicant to receive a C of O within ninety days of receipt of the T C of O for the residential portions of the building containing the Lower Income Units; and

(b) conduct of a site inspection which establishes to the satisfaction of the Department that the Lower Income Units have been completed in accordance with the Lower Income Housing Plan Written Agreement, the Department's design guidelines and construction guidelines issued in conjunction with such design guidelines, and the building plans previously submitted to and approved by the Department; and

(c) submission of proof that the Premises are free of violations of the New York City Housing Maintenance Code, violations of the Building Code (Chapter 1 of Title 27 of the New York City Administrative Code), and violations of the New York, State Multiple Dwelling Law, and

(d) funding of the Special Reserve Fund, or, in the case of Preservation, funding of the Replacement Reserve Fund and Preservation Reserve Fund; and

(e) commencement of and progress with rent-up of the Lower Income Units satisfactory to the Department; and

(f) submission of certificates of insurance required by the Lower Income Housing Plan Written Agreement with all premiums for the current year fully paid; and

(g) submission of a policy of title insurance and proof of payment of premiums therefor, where such policy (i) has been issued by a title company in good standing licensed to issue title insurance in New York State, (ii) such policy evidences fee simple or leasehold ownership in the Applicant or the Administering Agent (where property has been transferred) and the absence of liens and other encumbrances other than those approved by the Department, and (iii) such policy contains the Standard New York Endorsement (Owner's Policy); and

(h) submission of an executed contract between the Department and the Department-approved Administering Agent; and

(i) submission of proof of recordation of the Lower Income Housing Plan Written Agreement in the Office of the City Register; and

(k) submission of proof of multiple dwelling registration in accordance with the New York City Housing Maintenance Code and of registration of all Lower Income Units as rent stabilized units with the New York State Division of Housing and Community Renewal.

(l) submission of proof of recordation of subordination agreements deemed necessary by the Department subordinating any instruments encumbering the premises containing the Lower Income Units to the Lower Income Housing Plan Written Agreement.

(m) certification that the representations, warranties and statements made by the Applicant that are contained in the Lower Income Housing Plan Written Agreement and in any other documents executed in connection with such Agreement remain true and correct as of the date on which the foregoing conditions have been satisfied.

(2) In the event that the compensated development wishes to apply for a building permit before the Certificate of Eligibility for a Zoning Bonus is issued, the Department will submit a letter certifying acceptance of the Lower Income Housing Plan Written Agreement only after it has been executed.

INCLUSIONARY HOUSING PROGRAM GUIDELINES: GREENPOINT-WILLIAMSBURG WATERFRONT DISTRICT

The provisions of the Inclusionary Housing Program Guidelines for R10 Districts (Zoning Resolution Sections 23-90 through 23-953) ("R10 Guidelines") shall be applicable to Lower Income Housing projects selling their zoning bonuses to compensated developments within the Waterfront Access Plan BK-1: Greenpoint Williamsburg, except as modified below.

II. Ownership & Management of Buildings Containing Lower Income Units

Paragraph (1)(b) of Section II of the R10 Guidelines is modified as follows:

In the event that no qualified not-for-profit group can be found to act as Administering Agent, the Department may, in its sole discretion, approve a for-profit entity to fulfill that role. However, the Department may approve an entity that is responsible for compliance monitoring pursuant to city, state or federal funding sources, to serve as the administering agent during such compliance period.

III. Construction and Rehabilitation Standards

The second introductory paragraph of Section III is modified as follows:

At initial occupancy of any Lower Income Units, a portion of fair rents may be for the payment of the principal or interest on debt, and such Lower Income Units may secure debt, provided that, as of the date of the approval of the Lower Income Housing Plan, the Department finds that the total annual rent, when such interest and principal payments are deducted, is in compliance with the requirements of paragraph (c) of Section 23-95 of the Zoning Resolution (Lower Income Housing Requirements) and provided that the lender agrees to enter into a written agreement which subordinates such debt to the provisions of the Plan.

Paragraph (3) of Section III is modified as follows:

The Department may waive the size and distribution requirements if the Lower Income Housing is subject to the requirements of other city, state or federal programs assisting the Lower Income Housing that have size and distribution requirements that conflict with the size and distribution requirements of Zoning Resolution Section 23-951(b).

IV. Income and Occupancy Limits

The introductory clause in paragraph (1) of Section IV is modified as follows:

For the purposes of this Program, Lower Income Housing shall include standard units assisted under city, state or federal programs and shall also include standard units occupied or to be occupied by Lower Income Households, as defined in Section 23-93 of the Zoning Resolution (heretofore referred to as Low Income Households), and Moderate Income Households, as defined in Section 62-352 of the Zoning Resolution.

Moderate Income Household

For purposes of Section 62-352, a "moderate income household" is a family having an income greater than 80% but less than or equal to 125% of the income limits for New York City residents established by the U.S. Department of Housing and Urban Development pursuant to Section 3(b)(2) of the United States Housing Act of 1937, as amended, for lower income families receiving housing assistance payments.

Paragraph (2) of Section IV is modified as follows:

Under the Preservation option, Lower Income Households shall also include all existing households in tenancy, provided such households occupy units that are within buildings in which the rents for all occupied units are regulated by City or State law and that the average existing rents in a building would qualify to be occupied by Low or Moderate Income Households as defined above. The Administering Agent shall not be required to verify the income of households in tenancy as of the date upon which the Department approves the Lower Income Housing Plan.

V. Rents and Re-rentals

Paragraph (1) and (1)(a) of Section V are modified as follows:

The Department may determine that rents satisfying the requirements of city, state or federal programs assisting lower income housing will be considered "fair rent", provided that such rents do not exceed 30 percent of a Low Income or Moderate Income Household's income, as applicable, and provided further that upon expiration or termination of the requirements of the city, state or federal program, rent increases and re-rentals shall be subject to the higher of the then-currently applicable 30 Percent Standard or the Rent Stabilization Standard.

(a) Rents may exceed the affordability limits for a family earning 80% of area median income if the family is a Moderate Income Household, subject to the geographic eligibility outlined in Section IV above.

VII. Insurance

Paragraph (1) of section VII is modified as follows:

The Department may modify this requirement to provide priority for lenders participating in the financing of Lower Income Housing that is assisted under city, state or federal programs.

VIII. Certificate of Eligibility for a Zoning Bonus

Paragraph (1)(a) of Section VIII is modified as follows:

For the Preservation option only, if the building has a valid certificate of occupancy and no new certificate of occupancy is required, the Department must certify that the applicant has fulfilled its obligations with respect to the Lower Income Housing before this requirement for issuance of the Certificate of Eligibility for a Zoning Bonus is fulfilled.

OFFICE OF MANAGEMENT AND BUDGET

■ NOTICE

OFFICE OF MANAGEMENT AND BUDGET
NEW YORK CITY ECONOMIC DEVELOPMENT CORPORATION

SECTION 108 LOAN & ECONOMIC DEVELOPMENT INITIATIVE PROGRAMS

NOTICE OF FINDING OF NO SIGNIFICANT EFFECT ON THE ENVIRONMENT AND INTENT TO REQUEST RELEASE OF FUNDS

TO ALL INTERESTED AGENCIES, COMMUNITY BOARDS, GROUPS AND PERSONS:

Regulations promulgated under Title 1 of the Housing and Community Development Act of 1974 require that an Environmental Review Record (ERR) be prepared for activities to be funded under Title 1. The ERR must include a determination whether the proposed activity significantly affects the quality of the human environment. Accordingly, on August 30, 2006, the City of New York will submit to the U.S. Department of Housing and Urban Development (HUD) its Request for Release of Funds for the following project.

Foundation for Dance Promotion Inc., Cultural Facility Project

The Foundation for Dance Promotion Inc. (d/b/a the "Bill T. Jones/Arnie Zane Dance Company") proposes to create the Cultural Facility Project by acquiring and constructing an approximately 32,000 square foot, four-story condominium unit above a Grid Properties, Inc. retail development located at 261 W. 125th Street in Manhattan. The Cultural Facility Project will comprise a black box performance space, 4-5 high quality dance and theater rehearsal studios for the profit and not-for-profit arts and entertainment community and rental and administrative offices for the Bill T. Jones/Arnie Zane Dance Company, Inc. The Cultural Facility Project will serve as a cultural anchor to the redevelopment of the 125th Street corridor. The Cultural Facility Project will also create a permanent home for the Bill T. Jones/Arnie Zane Dance Company, Inc. by allowing it to expand its operations, and provide classes and services for adults and children in the Harlem community in its rehearsal studios.

The proposed Cultural Facility Project has a total development cost of approximately $35.3 million. The City has received a HUD Economic Development Initiative Grant of $2 million to complement the requested Section 108 Loan of $3 million to assist in financing the Cultural Facility Project. The proposed activities meet the Section 108 Loan Program's economic development eligibility requirements at 24 CFR Part 570.703(a) and (i)(1)(2) and the national objective requirement at 570.208(a)(1)(i). The City of New York is pledging its future Community Development Block Grant funds as a condition of receiving the Section 108 Loan Guarantee. Community Development funds are pledged as security to ensure repayment.

The City of New York has determined that the project will have no significant impact on the human environment. Therefore, an Environmental Impact Statement (EIS) under the National Environmental Policy Act of 1969 is not required. Additional project information is contained in the ERR on file at the New York City Economic Development Corporation, 110 William Street, New York, New York 10038, between 10:00 A.M. AND 5:00 P.M., Monday through Friday. Please call Marysa Wilcox at (212) 312-4216 to obtain a copy of the document. Any individual, group, or agency disagreeing with this determination or wishing to comment on the project may submit written comments to Ms. Wilcox at the afore-mentioned address. All comments received by August 29th will be considered by the City of New York prior to authorizing submission of a request for release of funds.

The City of New York will undertake the project described above with Section 108 Loan and Economic Development Initiative funds from HUD, under Title I. The City of New York is certifying to HUD that the City and Budget Director Mark Page, in his official capacity as the Certifying Officer for the Community Development Block Grant, Section 108 Loan and Economic Development Initiative Programs consent to accept the jurisdiction of the Federal Courts if an action is brought to enforce responsibilities in relation to the environmental review process and that these responsibilities have been satisfied. HUD's approval of the certification satisfies its responsibilities under NEPA and related laws and authorities, and allows the City of New York to use the Section 108 Loan and Economic Development Initiative funds.

HUD will accept objections to its release of funds and the City's certification for a period of fifteen days following the anticipated submission date or its actual receipt of the request (whichever is later) only if they are on one of the following bases: (a) the certification was not executed by the Certifying Officer for the City of New York for the referenced programs; (b) the City of New York has omitted a step or failed to make a decision or finding required by HUD regulations at 24 CFR part 58; (c) the grant recipient has committed funds or incurred costs not authorized by 24 CFR part 58 before approval of a release of funds by HUD; or (d) another Federal agency acting pursuant to 40 CFR part 1504 has submitted a written finding that the project is unsatisfactory from the standpoint of environmental quality. Objections must be prepared and submitted in accordance with the required procedures (24 CFR Part 58) and shall be addressed to the U.S. Department of Housing and Urban Development, Office of Community Planning and Development, 26 Federal Plaza, 35th Floor, New York, New York, 10278. Potential objectors should contact HUD to verify the actual last day of the objection period (anticipated to be September 14, 2006).

City of New York: Office of Management and Budget
Mark Page, Budget Director. Date: August 14, 2006.

READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council,** 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists--free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.
