■ **NOTICE**

NOTICE OF PUBLIC HEARING
ON THE ONE POLICE PLAZA SECURITY PLAN
DRAFT ENVIRONMENTAL IMPACT STATEMENT

The New York City Police Department (NYPD) will hold a public hearing on the Draft Environmental Impact Statement (DEIS) on **Thursday, September 14, 2006, from 4:00 P.M. to 8:00 P.M. in the 2nd floor auditorium at 125 Worth Street, New York, NY. The first session will run from 2:00 P.M. to 4:00 P.M. and the second session will run from 6:00 P.M. to 8:00 P.M. Members of the public will need photo identification to gain entrance to the building.** Oral and written comments will be accepted at the public hearing. In addition, written comments on the DEIS are requested and will be received and considered byshould be sent to Inspector Anthony Tria, NYPD Capital Construction, 620 Circle Drive, Fort Totten, NY 11359 Phone: (718) 281-1254, Fax: (718) 281-1593 through the 20th calendar day (October 4, 2006) following the close of the public hearing.

The New York City Police Department (NYPD) has prepared a Draft Environmental Impact Statement (DEIS) for the security plan established following the events of September 11, 2001 in order to protect City, State, and Federal facilities in the "civic center" portion of lower Manhattan which were, and continue to be, considered potential targets. These security measures included the installation of attended security checkpoint booths, planters, bollards and hydraulically-operated delta barriers to restrict the access of unauthorized vehicles from the roadways situated adjacent to the civic facilities located near NYPD headquarters at One Police Plaza.

The DEIS contains a description and analysis of the action and its environmental setting; the environmental impacts of the action, including its short and long term effects, and typical associated environmental effects; identification of any significant adverse environmental effects; a discussion of alternatives to the action; the identification of any irreversible and irretrievable commitments of resources that would be involved in the action; and a description of any necessary mitigation measures proposed to minimize significant adverse environmental impacts.

The action results in no significant adverse impacts to land use, zoning, public policy, community facilities and services, socioeconomic conditions, visual resources and parking. The DEIS discloses that the action, however, does result in significant adverse impacts to urban design, neighborhood character, traffic, transit and pedestrian conditions, and air quality and noise related to traffic diversions.

The DEIS describes mitigation measures including installation of a landscaped esplanade along Park Row, the reconfiguration of Chatham Square, and the restoration of bus service along Park Row. Four alternatives to the action are examined, but found not to satisfy the goals and objectives of the action, which are to secure police headquarters and the "civic center" area of lower Manhattan. Traffic impacts at Robert F. Wagner, Sr. Place and Pearl Street, and traffic-related noise impacts to residential buildings and Columbus Park on Worth Street at intersections of Worth and Baxter Streets and Worth and Mulberry Streets cannot be fully mitigated.

This public hearing is being held in conformance with Article 8 of the Environmental Conservation Law, the State Environmental Quality Review Act, City Environmental Quality Review procedures, and Local Law No. 24 of 2005.

Copies of the DEIS may be reviewed at the New York City Office of Environmental Coordination, 100 Gold Street, 2nd Floor, New York, NY 10038, Robert Kulikowski, Director, (212) 788-9956. The DEIS is also available online through a link from the homepage of the New York City Police Department at http://www.nyc.gov/html/nypd under the "Recent Press Releases/News" section of the website.

ARCHITECTURAL/ENGINEERING REQUIREMENTS CONTRACTS – Competitive Sealed Proposals – Judgment required in evaluating proposals - PIN# 04207DDCM002 – DUE 09-06-06 AT 3:00 P.M. – The City University of New York (CUNY) is New York City's public university system, CUNY, was created in 1847, and is the third largest university system in the nation; it is comprised of eleven senior colleges, six community colleges, a graduate school, a law school, a school of biomedical education, a graduate school of journalism and a central office ("Colleges"). Historically, the Department of Design, Construction and Management ("DDCM") issued RFP's to solicit proposals for Architectural/ Engineering services on an individual project basis. This "by project" solicitation process is burdensome, inefficient, expensive to adminsiter, and does not allow DDCM to expeditiously meet the needs of the University. This is crucial for the University's older colleges, where the ability to act quickly can mitigate further damages to the College infrastructure. To address this need, DDCM is seeking to award up to twenty-four (24) separate requirements contracts to provide Architectural/Engineering services on an expedited "As needed" term basis for small, medium and large projects with a cap of $5 million dollar.
Requirements: Interested, proposing entities should submit seven (7) copies of their firm brochure, a list of client names and telephone numbers, their latest SF254 and 255 forms of SF330 form, a copy of their EEO Policy Statements, their latest audited financial statement, a document which lists and describes in detail work/contracts of similar nature, with a list of the proposed project team. Proposing entities shall: demonstrate their ability to perform requested services based on prior related experience in the design and programming specialties for higher education facilities in similar urban environments, and shall submit examples of comparable, satisfactorily completed projects. Proposing entities shall be licensed to practice in the State of New York. Selection of proposing entities shall be made in accordance with CUNY policies and solicitation procedures. Minority Sub-Contracting Goals: 20%. Women-Owned Sub-Contracting Goals: 10%.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/blueprints; other information; and for opening and reading of bids at date and time specified above.

Prior project experience with exhibition/museum design and sustainable design is desirable. Consultant must be licensed to practice in NY State. Selection of firms to be made in accordance with CUNY procedures. Minority business subcontracting goal: 15% Women-owned business subcontracting goal: 10%.

NOTICE OF ADDITIONAL COMMUNITY FORUM

- AND -

NOTICE EXTENDING PUBLIC COMMENT PERIOD ATLANTIC YARDS ARENA AND REDEVELOPMENT PROJECT

Please be advised that a second community forum, open to all persons, will be held at the New York City College of Technology (Klitgord Auditorium), 285 Jay Street, Brooklyn, New York, from 4:30 P.M. to 8:00 P.M. on Monday, September 18, 2006, by the New York State Urban Development Corporation d/b/a Empire State Development Corporation ("ESDC"), to receive comments on the Draft Environmental Impact Statement ("DEIS") for the Atlantic Yards Arena and Redevelopment Project (the "project"). This community forum is in addition to the community forum scheduled for Tuesday, September 12, 2006, from 4:30 P.M. to 8:00 P.M. at the same location. The basic protocol for the community forums can be viewed at http://www.nylovesbiz.com/pdf/AtlanticYards/Community_Forum_Protocol.pdf.

In addition, please be advised that ESDC has extended the public comment period from Friday, September 22, 2006, to Friday, September 29, 2006, at 5:30 P.M.

As a result of these changes, the following opportunities remain for public comment on the project:

Verbal Comments on the Draft Environmental Impact Statement ("DEIS")

- Tuesday, September 12, 2006, 4:30 P.M. to 8:00 P.M., New York City College of Technology (Klitgord Auditorium), 285 Jay Street, Brooklyn, New York
- Monday, September 18, 2006, 4:30 P.M. to 8:00 P.M., New York City College of Technology (Klitgord Auditorium), 285 Jay Street, Brooklyn, New York

Written Comments

- Submission of written comments that are received by ESDC on or before Friday, September 29, 2006, at 5:30 P.M. by e-mail to atlanticyards@empire.state.ny.us or by mail to the attention of Maria Mooney, ESDC, 633 Third Avenue, New York, NY 10017.

Background

On July 24 through July 28, 2006, ESDC published notice of a combined public hearing with respect to the proposed project pursuant to sections 6 and 16 of the New York State Urban Development Corporation Act, section 2 of the New York State Eminent Domain Procedure Law, and the State Environmental Quality Review Act. The public hearing was held on August 23, 2006 and was closed on that date. The public hearing notice advised the public that comments could also be made verbally at a community forum on September 12, 2006, or in writing. In addition, it announced that all written comments received by ESDC prior to September 22, 2006 at 5:30 P.M. would be considered. As a result of the significant turn-out at the August 23rd public hearing and requests received from the public, ESDC has elected to schedule the additional community forum and has extended the public comment period as described above.

Project Location and Description

The proposed project would occupy an approximately 22-acre site in the Atlantic Terminal area of Brooklyn, roughly bounded by Flatbush and 4th Avenues on the west, Vanderbilt Avenue on the east, Atlantic Avenue on the north, and Dean and Pacific Streets on the south.

The proposed project would include the development of an approximately 18,000 seat arena, 16 buildings for residential, office, retail, community facilities, parking, and possibly hotel uses, and a minimum of 7 acres of publicly accessible open space. The proposed project would also include a reconfigured and improved Vanderbilt rail yard and improved access to the Atlantic Terminal subway station.

Availability of the DEIS, GPP and other Project Materials

The DEIS and General Project Plan ("GPP") are available at ESDC's web site: http://www.nylovesbiz.com/AtlanticYards. Copies of the DEIS and GPP are available for inspection at ESDC, 633 Third Avenue, New York, NY 10017. A CD of the entire DEIS and/or a paper copy of the executive summary of the DEIS are available at no charge upon request, as are a CD of the GPP and all exhibits and paper copy of the GPP. Paper copies of the complete DEIS are available for purchase. In addition, the DEIS is available at branches of the Brooklyn Public Library at: Grand Army Plaza, 496 Franklin Avenue, 380 Washington Avenue, 25 4th Avenue, and 93 St. Edwards Street. Inspection copies of the DEIS will also be available at both the September 12 and September 18 community forums. To inspect and/or obtain copies of the DEIS from ESDC, please call (212) 803-3233 or email atlanticyards@empire.state.ny.us.

READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council,** 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists--free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

NOTICE OF PUBLIC HEARING ON THE ONE POLICE PLAZA SECURITY PLAN DRAFT ENVIRONMENTAL IMPACT STATEMENT

The New York City Police Department (NYPD) will hold a public hearing on the Draft Environmental Impact Statement (DEIS) on **Thursday, September 14, 2006, from 4:00 P.M. to 8:00 P.M. in the 2nd floor auditorium at 125 Worth Street, New York, NY. The first session will run from 2:00 P.M. to 4:00 P.M. and the second session will run from 6:00 P.M. to 8:00 P.M. Members of the public will need photo identification to gain entrance to the building.** Oral and written comments will be accepted at the public hearing. In addition, written comments on the DEIS are requested and will be received and considered byshould be sent to Inspector Anthony Tria, NYPD Capital Construction, 620 Circle Drive, Fort Totten, NY 11359 Phone: (718) 281-1254, Fax: (718) 281-1593 through the 20th calendar day (October 4, 2006) following the close of the public hearing.

The New York City Police Department (NYPD) has prepared a Draft Environmental Impact Statement (DEIS) for the security plan established following the events of September 11, 2001 in order to protect City, State, and Federal facilities in the "civic center" portion of lower Manhattan which were, and continue to be, considered potential targets. These security measures included the installation of attended security checkpoint booths, planters, bollards and hydraulically-operated delta barriers to restrict the access of unauthorized vehicles from the roadways situated adjacent to the civic facilities located near NYPD headquarters at One Police Plaza.

The DEIS contains a description and analysis of the action and its environmental setting; the environmental impacts of the action, including its short and long term effects, and typical associated environmental effects; identification of any significant adverse environmental effects; a discussion of alternatives to the action; the identification of any irreversible and irretrievable commitments of resources that would be involved in the action; and a description of any necessary mitigation measures proposed to minimize significant adverse environmental impacts.

The action results in no significant adverse impacts to land use, zoning, public policy, community facilities and services, socioeconomic conditions, visual resources and parking. The DEIS discloses that the action, however, does result in significant adverse impacts to urban design, neighborhood character, traffic, transit and pedestrian conditions, and air quality and noise related to traffic diversions.

The DEIS describes mitigation measures including installation of a landscaped esplanade along Park Row, the reconfiguration of Chatham Square, and the restoration of bus service along Park Row. Four alternatives to the action are examined, but found not to satisfy the goals and objectives of the action, which are to secure police headquarters and the "civic center" area of lower Manhattan. Traffic impacts at Robert F. Wagner, Sr. Place and Pearl Street, and traffic-related noise impacts to residential buildings and Columbus Park on Worth Street at intersections of Worth and Baxter Streets and Worth and Mulberry Streets cannot be fully mitigated.

This public hearing is being held in conformance with Article 8 of the Environmental Conservation Law, the State Environmental Quality Review Act, City Environmental Quality Review procedures, and Local Law No. 24 of 2005.

Copies of the DEIS may be reviewed at the New York City Office of Environmental Coordination, 100 Gold Street, 2nd Floor, New York, NY 10038, Robert Kulikowski, Director, (212) 788-9956. The DEIS is also available online through a link from the homepage of the New York City Police Department at http://www.nyc.gov/html/nypd under the "Recent Press Releases/News" section of the website.

Pursuant to Section 695(2)(b) of the General Municipal Law and Section 1802(6)(j) of the Charter, notice is hereby given that the Department of Housing Preservation and Development ("HPD") of the City of New York ("City") has proposed an amendment to the previously approved terms of disposition of real property located in the Borough of Manhattan, City and State of New York, identified as Block 2011, Lot 52 on the Tax Map of the City and known by the street addresses 134, 138, 142, 148, and 152 West 143rd Street and as the Harriet Tubman Site ("Disposition Area")

On October 25, 1984 (Cal. No. 23), pursuant to Article 16 of the General Municipal Law, the Board of Estimate approved the sale of the Disposition Area to 136-152 West 143rd Housing Development Fund Corporation ("Sponsor") for the rehabilitation of four multiple dwellings in order to provide 100 dwelling units of temporary emergency housing ("Project"). Pursuant to such approval, the City conveyed the Disposition Area to the Sponsor on April 17, 1985. The Sponsor then developed the Project, which has operated as the Harriet Tubman Family Center for the past two decades. HPD now proposes to amend the original approval for the Project so that 50 dwelling units in two of the multiple dwellings on the Disposition Area located at 142 and 152 West 143rd Street, together with open space located at 148 West 143rd Street, may be operated as permanent housing rather than temporary emergency housing. A proposed amendment to the deed ("Amended Deed") between the City and Sponsor setting forth the proposed and conditions has been submitted to the Mayor.

The proposed Amended Deed and Amended Project Summary are available for public examination at the office of HPD, 100 Gold Street, Room 5M, New York, New York on business days during business hours.

PLEASE TAKE NOTICE that a Real Property Acquisition and Disposition Public Hearing will be held on Wednesday, October 11, 2006 before the Mayor's Office of City Legislative Affairs at 22 Reade Street, 2nd Floor Conference Room, Borough of Manhattan, commencing at 10:00 A.M., or as soon thereafter as the matter may be reached on the calendar, at which time and place those wishing to be heard will be given an opportunity to be heard concerning the proposed sale of the Disposition Area pursuant to Section 695(2)(b) of the General Municipal Law and Section 1802(6)(j) of the Charter.

Individuals requesting sign language interpreters should contact the Mayor's Office of Contract Services, Public Hearings Unit, 253 Broadway, Room 915, New York, New York 10007, (212) 788-7490, no later than seven (7) business days prior to the public hearing. Name, Description and Location of Proposal:

Grandview Plaza

The applicant, Land Planning and Engineering, is proposing a zoning map amendment to rezone Block 1262, Lots 1, 12, 15, 18, 19, 20, 28 and 35, in the Mariners Harbor neighborhood of Staten Island from R3-2 and R3-2/C2-1 zoning districts to a R3-2/C2-2 district. The area proposed to be rezoned, totaling approximately 123,571 square feet, is generally bounded by Netherland Avenue to the north, Grand Avenue to the west, Forrest Avenue to the south and South Avenue to east. The project site is located at 2295 Forrest Avenue, in Staten Island Community District 1.

The project site is partially occupied by a 22,500 sq. ft. food store and 59 accessory parking spaces, which would remain on the site. The remainder of the site (approx. 65,571 sq. ft.) is vacant. The proposed rezoning would facilitate a proposal by the applicant to develop the vacant portion of the site with an approximately 18,001 sq. ft. one-story commercial building with 109 additional accessory parking spaces.

Statement of No Significant Effect Upon Modification:

The Environmental Assessment and Review Division of the Department of City Planning, on behalf of the City Planning Commission, has completed its technical review of the Environmental Assessment Statement dated August 15, 2006, prepared in connection with the ULURP Application Number 030153 ZMR. The City Planning Commission has determined that the proposed action will have no significant effect on the quality of the environment, once it is modified as follows:

1. For the property located at 2295 Forest Avenue (Block 1262, Lots 1, 12, 15, 18, 19, 20, 28 and 35), the applicant agrees via a restrictive declaration to prepare a hazardous materials sampling protocol including a health and safety plan, which would be submitted to the Department of Environmental Protection (DEP) for approval. The applicant agrees to test and identify any potential hazardous material impact pursuant to the approved sampling protocol and, if any such impact is found, submit a hazardous material remediation plan including a health and safety plan to DEP for approval. If necessary, remediation measures would be undertaken pursuant to the remediation plan.

   The restrictive declaration also restricts the manner in which the property may be developed or redeveloped, by requiring the sampling protocol and remediation measures to serve as a condition precedent to any change of use in any such development or redevelopment of the property.

Supporting Statement:
The above determination is based on an environmental assessment which finds that:

1. A Phase I Environmental Site Assessment (ESA), available in the proposal's CEQR file, was prepared in August 18, 2004, for the project site. The Phase I ESA was reviewed by DEP's Office of Environmental Planning and Assessment, and a restrictive declaration was recommended, as stated in a memo by DEP, on November 4, 2004, due to the potential presence of hazardous materials on the site as a result of past on-site land uses. The declaration requires that detailed Phase II testing would occur and is binding upon the property's successors and assigns. The declaration serves as a mechanism to assure the potential for hazardous material contamination that may exist in the sub-surface soils, groundwater, and existing buildings on the project site would be characterized prior to any site disturbance (i.e., site grading, excavation, demolition, or building construction).

   On November 15, 2005, the restrictive declaration was signed, recorded and executed. In a November 18, 2005 letter sent to City Planning, DEP agreed to the conditions of the restrictive declaration. With the implementation of the condition described above, no significant adverse impact related to hazardous materials would occur.

2. No other significant adverse effects on the environment which would require an Environmental Impact Statement are foreseeable.

It is fully agreed and understood that if the foregoing conditions, modification, and alterations are not fully incorporated into the proposed action, this Conditional Negative Declaration shall become null and void. In such event, the applicant shall be required to prepare a Draft Environmental Impact Statement before preceding further with said proposal.

This Conditional Negative Declaration has been prepared in accordance with Article 8 of the Environmental Conservation Law 6NYCRR part 617.

Should you have any questions pertaining to this Conditional Negative Declaration, you may contact Art Aguilar at (212) 720-3248.

Background

On July 24 through July 28, 2006, ESDC published notice of a combined public hearing with respect to the proposed project pursuant to sections 6 and 16 of the New York State Urban Development Corporation Act, section 2 of the New York State Eminent Domain Procedure Law, and the State Environmental Quality Review Act. The public hearing was held on August 23, 2006 and was closed on that date. The public hearing notice advised the public that comments could

also be made verbally at a community forum on September 12, 2006, or in writing. In addition, it announced that all written comments received by ESDC prior to September 22, 2006 at 5:30 P.M. would be considered. As a result of the significant turn-out at the August 23rd public hearing and requests received from the public, ESDC has elected to schedule the additional community forum and has extended the public comment period as described above.

Project Location and Description

The proposed project would occupy an approximately 22-acre site in the Atlantic Terminal area of Brooklyn, roughly bounded by Flatbush and 4th Avenues on the west, Vanderbilt Avenue on the east, Atlantic Avenue on the north, and Dean and Pacific Streets on the south.

The proposed project would include the development of an approximately 18,000 seat arena, 16 buildings for residential, office, retail, community facilities, parking, and possibly hotel uses, and a minimum of 7 acres of publicly accessible open space. The proposed project would also include a reconfigured and improved Vanderbilt rail yard and improved access to the Atlantic Terminal subway station.

READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council,** 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists--free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

NOTICE OF PUBLIC HEARING ON THE ONE POLICE PLAZA SECURITY PLAN DRAFT ENVIRONMENTAL IMPACT STATEMENT

The New York City Police Department (NYPD) will hold a public hearing on the Draft Environmental Impact Statement (DEIS) on **Thursday, September 14, 2006, from 4:00 P.M. to 8:00 P.M. in the 2nd floor auditorium at 125 Worth Street, New York, NY. The first session will run from 2:00 P.M. to 4:00 P.M. and the second session will run from 6:00 P.M. to 8:00 P.M. Members of the public will need photo identification to gain entrance to the building.** Oral and written comments will be accepted at the public hearing. In addition, written comments on the DEIS are requested and will be received and considered byshould be sent to Inspector Anthony Tria, NYPD Capital Construction, 620 Circle Drive, Fort Totten, NY 11359 Phone: (718) 281-1254, Fax: (718) 281-1593 through the 20th calendar day (October 4, 2006) following the close of the public hearing.

The New York City Police Department (NYPD) has prepared a Draft Environmental Impact Statement (DEIS) for the security plan established following the events of September 11, 2001 in order to protect City, State, and Federal facilities in the "civic center" portion of lower Manhattan which were, and continue to be, considered potential targets. These security measures included the installation of attended security checkpoint booths, planters, bollards and hydraulically-operated delta barriers to restrict the access of unauthorized vehicles from the roadways situated adjacent to the civic facilities located near NYPD headquarters at One Police Plaza.

The DEIS contains a description and analysis of the action and its environmental setting; the environmental impacts of the action, including its short and long term effects, and typical associated environmental effects; identification of any significant adverse environmental effects; a discussion of alternatives to the action; the identification of any irreversible and irretrievable commitments of resources that would be involved in the action; and a description of any necessary mitigation measures proposed to minimize significant adverse environmental impacts.

The action results in no significant adverse impacts to land use, zoning, public policy, community facilities and services, socioeconomic conditions, visual resources and parking. The DEIS discloses that the action, however, does result in significant adverse impacts to urban design, neighborhood character, traffic, transit and pedestrian conditions, and air quality and noise related to traffic diversions.

The DEIS describes mitigation measures including installation of a landscaped esplanade along Park Row, the reconfiguration of Chatham Square, and the restoration of bus service along Park Row. Four alternatives to the action are examined, but found not to satisfy the goals and objectives of the action, which are to secure police headquarters and the "civic center" area of lower Manhattan. Traffic impacts at Robert F. Wagner, Sr. Place and Pearl Street, and traffic-related noise impacts to residential buildings and Columbus Park on Worth Street at intersections of Worth and Baxter Streets and Worth and Mulberry Streets cannot be fully mitigated.

This public hearing is being held in conformance with Article 8 of the Environmental Conservation Law, the State Environmental Quality Review Act, City Environmental Quality Review procedures, and Local Law No. 24 of 2005.

Copies of the DEIS may be reviewed at the New York City Office of Environmental Coordination, 100 Gold Street, 2nd Floor, New York, NY 10038, Robert Kulikowski, Director, (212) 788-9956. The DEIS is also available online through a link from the homepage of the New York City Police Department at http://www.nyc.gov/html/nypd under the "Recent Press Releases/News" section of the website.

If the architect or engineer has not committed any of the acts described in § 21-02(b)(2) or (3) during such period and applications and plans submitted by him or her during such period which were subject to complete examination by the Department demonstrate adequate knowledge of the Building Code, Multiple Dwelling Law, Labor Law and the Zoning Resolution and the Commissioner determines that it would be in the public interest to do so, he or she may rescind such determination. In making such decision, the Commissioner may consider any relevant documents submitted by the applicant bearing upon his or her capability to resume participation in the procedures for limited supervisory check.]

STATEMENT OF BASIS AND PURPOSE

These amendments are proposed pursuant to the authority of the Commissioner of Buildings under §§ 643 and 1043 of the New York City Charter and §27-143 of the New York City Administrative Code.

Pursuant to §27-143 of the Administrative Code, the Department of Buildings has established procedures for limited supervisory check and professional certification of applications and plans submitted by architects and engineers. In general, these procedures have benefited both the construction industry and the general public by expediting departmental review without sacrifices to public safety or zoning regulations. While the vast majority of architects and engineers have justified the confidence that the Department has in their professionalism, there have been occasions when the laws that govern construction in the City have been disregarded, threatening public safety or the integrity of zoning regulations.

The purpose of this rule, which amends §§ 21-01 and 21-02, is to protect the safety and integrity of the public by expanding the grounds for suspending or excluding architects and engineers from procedures for limited supervisory check and professional certification. This suspension or exclusion will result in increased Department scrutiny of applications and plans from those architects and engineers. This will encourage increased applicant compliance with public safety and zoning requirements in order to have expedited reviews.

Section 13-11 is being amended to add a reference to professional certification and to make technical amendments to several references to the Office of Administrative Trials and Hearings (OATH).

NOTICE OF CONCEPT PAPER

New York City's Department of Homeless Services ("DHS") in partnership with New York City's Department of Mental Health and Hygiene ("DOHMH") intends in the near future to jointly issue a Request for Proposals ("RFP") seeking approximately qualified not-for-profit contractors to provide street outreach and housing placement services to homeless individuals living on the street or in public places, many of who are diagnosed with serious and persistent mental illness and/or alcohol or substance abuse disorders. The envisioned program is a shift from the historic approach of immediate emergency assistance to one of expedited placement of clients into transitional or long term supportive housing, safe havens, long term substance abuse treatment programs, or specialized DHS program shelters, in order to promote client recovery and reintegration into meaningful community life. In advance of the insurance of the RFP, DHS and DOHMH are releasing a "concept paper" representing the agency's proposed approach and requesting comments and feedback on this important new program. The concept paper will be posted **September 12, 2006** on the agencies' respective websites, (www.nyc.gov/dhs, click on "Providers", click "Current Requests for Proposals and NOFA", click "Concept Paper", **OR** www.nyc.gov, go to "Agency Web Sites" and click on "Health and Mental Hygiene", click "Health Topics A-Z", click "Contracting Opportunities", click "Concept Paper for Homeless Street Outreach"). **Public comment is invited until September 26, 2006.**

ADVISORY REPORT

ISSUE DATE: 07/27/06	DOCKET #: 070663	CRA #: CRA 07-0710
ADDRESS RIVERSIDE PARK Riverside Park & Riverside Drive SCENIC LANDMARK	BOROUGH: MANHATTAN	BLOCK/LOT: 1897 / 19

To the Mayor, the Council, and the Commissioner, Department of Parks & Recreation.

This report is issued pursuant to Section 25-318 of the Administrative Code of the City of New York, which requires a report from the Landmarks Preservation Commission for plans for the construction, reconstruction, alteration, or demolition of any improvement or proposed improvement which is owned by the City or is to be constructed upon property owned by the City and is or is to be located on a landmark site or in a historic district or which contains an interior landmark.

The Landmarks Preservation Commisison, at the Public Meeting of July 18, 2006, following the Public Hearing of the same date, voted to issue a favorable report for a proposal to modify two playgrounds at West 117th Street and West 118th Street, as put forward in your application completed on June 15, 2006.

The proposal, as approved, consists of the removal of Moses-era benches and playground equipment, alterations to perimeter fencing; the removal and replacement of asphalt hex-pavers and curbing; and the installation of new "hoof" benches, playground equipment, and fencing to match the 2' "Type C" metal pipe rail fence and 3' steel panel fence found at the site; and asphalt hex pavers. The proposal was shown on undated presentation boards labeled 1 through 6, consisting of existing condition photographs and existing and proposed condition site plans, submitted by the City of New York Department of Parks & Recreation.

In reviewing this proposal the Commission noted that the Riverside Park and Riverside Drive Scenic Landmark designation report describes Riverside Park as an English-Romantic style park designed by Frederick Law Olmsted in 1873-75, with modifications and additions built in 1934-37 designed by Clifton Lloyd and Gilmore Clarke.

With regard to this proposal, the Commission found that the existing playground design to be altered is not a significant feature of the scenic landmark; that the proposed fencing will match existing fencing found throughout the park and will be harmonious with the park's character; that the proposed furnishings and pavements are typical of playgrounds in the park and will not detract from the surrounding landscape; that the playgrounds at this portion of the park typically utilize elements of both the Olmsted and Moses eras, therefore, the combination of the proposed elements, including two different fence designs, 19th century "hoof" benches and Moses era paving will be in keeping with the design of the existing playgrounds at this portion of the park; and that the proposed work will not detract from the significant architectural and historic character of the Riverside Park and Riverside Drive Scenic Landmark. Based on these findings, the proposed work is determined to be appropriate to the Riverside Park and Riverside Drive Scenic Landmark and voted to approve it.

However, in voting to approve this proposal, the Commission required that a reduced set of the presentation and two complete sets of drawings be submitted for review and approval by the staff of the Commission. Subsequently, on July 20, 2006, the staff received a reduced set of the presentation and drawings labeled L1, L2, F1, F2, D1, and P1 through P3, all dated May 12, 2006 prepared by Margaret C. Bracken of the Department of Parks & Recreation. Accordingly the staff reviewed these drawings and determined that the approved design had been maintained. These drawings have been marked approved by the LPC with a perforated seal, and this report is being issued.

This report is issued on the basis of the building and site conditions described in the application and disclosed during the review process. By accepting this permit, the applicant agrees to notify the Commission if the actual building or site conditions vary or if original or historic building fabric is discovered. The Commission reserves the right to amend or revoke this permit, upon written notice to the applicant, in the event that the actual building or site conditions are materially different from those described in the application or disclosed during the review process.

All approved drawings are marked approved by the Commission with a perforated seal indicating the date of approval. The work is limited to what is contained in the perforated documents. Other work or amendments to this filing must be reviewed and approved separately. This report constitutes the permit; a copy must be prominently displayed at the site while work is in progress. Please direct inquiries to Jared Knowles.

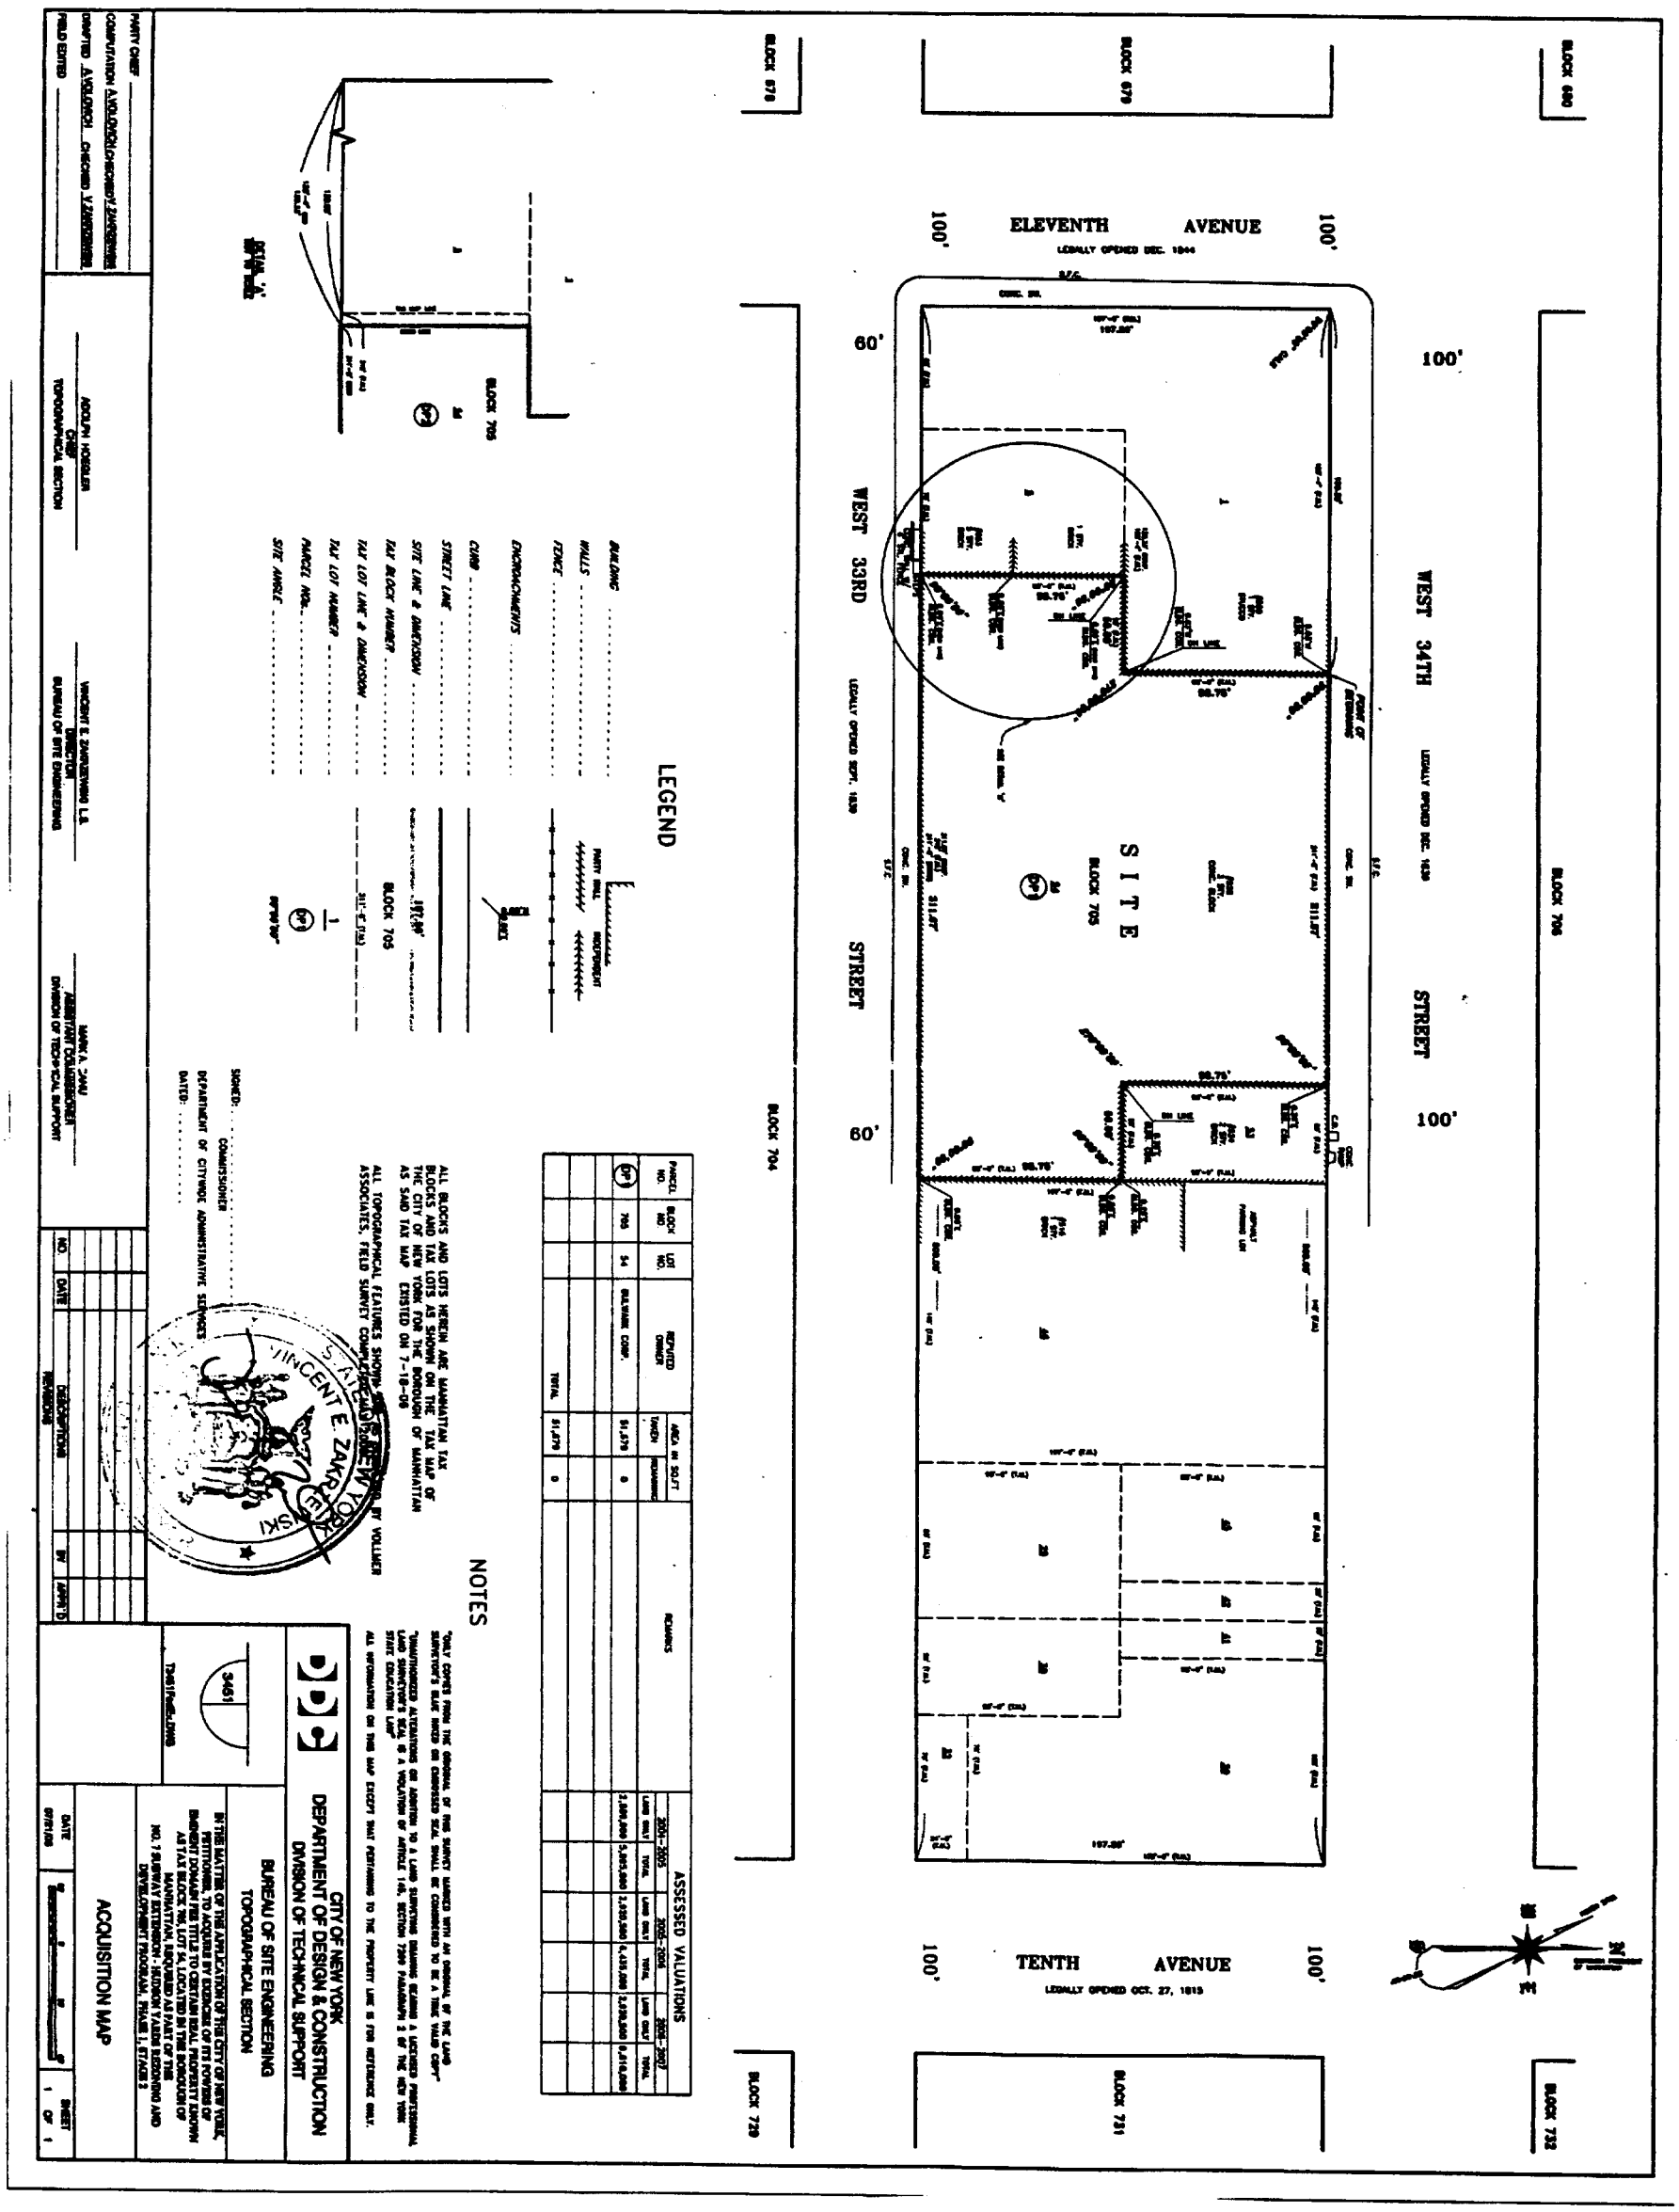
COURT NOTICE MAP FOR PHASE 1, STAGE 2 OF THE NO. 7 SUBWAY EXTENSION



READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council,** 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists--free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

The Rules may also be accessed on the City Website, http://NYC.GOV.Selltonyc

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

■ **NOTICE**

NOTICE OF PUBLIC HEARING ON THE ONE POLICE PLAZA SECURITY PLAN DRAFT ENVIRONMENTAL IMPACT STATEMENT

The New York City Police Department (NYPD) will hold a public hearing on the Draft Environmental Impact Statement (DEIS) on **Thursday, September 14, 2006, in the 2nd floor auditorium at 125 Worth Street, New York, NY. The first session will run from 2:00 P.M. to 4:00 P.M. and the second session will run from 6:00 P.M. to 8:00 P.M. Members of the public will need photo identification to gain entrance to the building.** Oral and written comments will be accepted at the public hearing. In addition, written comments on the DEIS are requested and should be sent to Inspector Anthony Tria, NYPD Capital Construction, 620 Circle Drive, Fort Totten, NY 11359 Phone: 718-281-1254, Fax: 718-281-1593 through the 20th calendar day (October 4, 2006) following the close of the public hearing.

The New York City Police Department (NYPD) has prepared a Draft Environmental Impact Statement (DEIS) for the security plan established following the events of September 11, 2001 in order to protect City, State, and Federal facilities in the "civic center" portion of lower Manhattan which were, and continue to be, considered potential targets. These security measures included the installation of attended security checkpoint booths, planters, bollards and hydraulically-operated delta barriers to restrict the access of unauthorized vehicles from the roadways situated adjacent to the civic facilities located near NYPD headquarters at One Police Plaza.

The DEIS contains a description and analysis of the action and its environmental setting; the environmental impacts of the action, including its short and long term effects, and typical associated environmental effects; identification of any significant adverse environmental effects; a discussion of alternatives to the action; the identification of any irreversible and irretrievable commitments of resources that would be involved in the action; and a description of any necessary mitigation measures proposed to minimize significant adverse environmental impacts.

The action results in no significant adverse impacts to land use, zoning, public policy, community facilities and services, socioeconomic conditions, visual resources and parking. The DEIS discloses that the action, however, does result in significant adverse impacts to urban design, neighborhood character, traffic, transit and pedestrian conditions, and air quality and noise related to traffic diversions.

The DEIS describes mitigation measures including installation of a landscaped esplanade along Park Row, the reconfiguration of Chatham Square, and the restoration of bus service along Park Row. Four alternatives to the action are examined, but found not to satisfy the goals and objectives of the action, which are to secure police headquarters and the "civic center" area of lower Manhattan. Traffic impacts at Robert F. Wagner, Sr. Place and Pearl Street, and traffic-related noise impacts to residential buildings and Columbus Park on Worth Street at intersections of Worth and Baxter Streets and Worth and Mulberry Streets cannot be fully mitigated.

This public hearing is being held in conformance with Article 8 of the Environmental Conservation Law, the State Environmental Quality Review Act, City Environmental Quality Review procedures, and Local Law No. 24 of 2005.

Copies of the DEIS may be reviewed at the New York City Office of Environmental Coordination, 100 Gold Street, 2nd Floor, New York, NY 10038, Robert Kulikowski, Director, 212-788-9956. The DEIS is also available online through a link from the homepage of the New York City Police Department at http://www.nyc.gov/html/nypd under the "Recent Press Releases/News" section of the website.

Notice of Adoption of amendment to rules regarding street opening and excavation permits.

NOTICE IS HEREBY GIVEN PURSUANT TO THE AUTHORITY VESTED IN THE Commissioner of the Department of Transportation by subdivision (b) of Section 2903 of the New York City Charter, and in accordance with the requirements of Section 1043 of the New York City Charter, that the Department of Transportation hereby adopts the amendments to paragraph 1 of subdivision (a) of Section 2-11 of Chapter 2 of Title 34 of the Official Compilation of the Rules of the City of New York, the Traffic Rules. This rule was first published on July 19, 2006, and a public hearing was held on August 16, 2006. This rule shall take effect 30 days from the date hereof.

Paragraph (1) of subdivision (a) of § 2-11 of Chapter 2 of Title 34 of the Rules of the City of New York is amended to read as follows:

(a) Permit Required.

(1) No excavations shall be made in any street unless a Street Opening Permit is obtained.

(i) For plumbing work requiring a street opening or excavation, a Street Opening Permit will only be issued to a licensed master plumber as defined in section 26-141 of the Administrative Code.

(A) The licensed master plumber shall be required to provide a valid New York City licensed master plumber's certificate issued by the New York City Department of Buildings. The licensed master plumber shall also present a copy of any documentation issued by the New York City Department of Environmental Protection regarding the plumbing work that is to be conducted. These items must be submitted to the Department before the Department approves the Street Opening Permit.

(B) The Commissioner may suspend review of applications for permits under this subparagraph, revoke or refuse to renew a permit, or refuse to issue a permit to any applicant, pursuant to the provisions of § 2-02 (j), 2-02 (k), or 2-02 (l) of these rules.

(ii) Notwithstanding the provisions of subparagraph (i) of this paragraph, for any work performed pursuant to a valid contract with a local or state governmental entity requiring a street opening or excavation, a Street Opening Permit will be only be issued to the contractor retained by the local or state governmental entity to perform the work requiring the street opening or excavation.

STATEMENT OF BASIS AND PURPOSE OF RULE

The Commissioner of the Department of Transportation is authorized to regulate work taking place on City streets and sidewalks pursuant to section 2903 of the New York City Charter and Title 19 of the New York City Administrative Code.

Paragraph (1) of subdivision (a) of Section 2-11 is being amended to add subparagraphs (i) and (ii). Subparagraph (i) provides that Street Opening Permits will only be issued to a company affiliated with a master plumber's license and outlines the circumstances under which the Department may suspend review of an application for a permit, revoke or refuse to renew a permit, or refuse to issue a permit to a licensed master plumber or affiliated companies of the licensed master plumber company pursuant to specific provisions contained within existing rules. Subparagraph (i) also requires a licensed master plumber or a company affiliated with the master plumber's license to provide the certificate issued to such company by the New York City Department of Buildings and additional documentation from the New York City Department of Environmental Protection before the Department issues a Street Opening Permit. Subparagraph (ii) provides that where a Street Opening Permit is necessary for any work performed pursuant to a valid contact with a local or state governmental entity, the Street Opening Permit will be issued to the general contractor performing work.

Currently, when a street requires excavation for the purposes of conducting plumbing work, a permit is issued directly to the excavators. These subcontractors performing excavation work are not required to hold professional licenses and sometimes do not restore the streets that they have excavated to the satisfaction of the Department. This amendment is being proposed to change the Department's permit process in order to ensure stricter compliance with agency requirements for restoring the streets, and to impose this responsibility directly upon licensed master plumbers in the manner similar to requirements already imposed upon other corporate entities.

■ NOTICE

NOTICE OF PUBLIC HEARING ON THE ONE POLICE PLAZA SECURITY PLAN DRAFT ENVIRONMENTAL IMPACT STATEMENT

The New York City Police Department (NYPD) will hold a public hearing on the Draft Environmental Impact Statement (DEIS) on **Thursday, September 14, 2006, in the 2nd floor auditorium at 125 Worth Street, New York, NY. The first session will run from 2:00 P.M. to 4:00 P.M. and the second session will run from 6:00 P.M. to 8:00 P.M. Members of the public will need photo identification to gain entrance to the building.** Oral and written comments will be accepted at the public hearing. In addition, written comments on the DEIS are requested and should be sent to Inspector Anthony Tria, NYPD Capital Construction, 620 Circle Drive, Fort Totten, NY 11359 Phone: 718-281-1254, Fax: 718-281-1593 through the 20th calendar day (October 4, 2006) following the close of the public hearing.

The New York City Police Department (NYPD) has prepared a Draft Environmental Impact Statement (DEIS) for the security plan established following the events of September 11, 2001 in order to protect City, State, and Federal facilities in the "civic center" portion of lower Manhattan which were, and continue to be, considered potential targets. These security measures included the installation of attended security checkpoint booths, planters, bollards and hydraulically-operated delta barriers to restrict the access of unauthorized vehicles from the roadways situated adjacent to the civic facilities located near NYPD headquarters at One Police Plaza.

The DEIS contains a description and analysis of the action and its environmental setting; the environmental impacts of the action, including its short and long term effects, and typical associated environmental effects; identification of any significant adverse environmental effects; a discussion of alternatives to the action; the identification of any irreversible and irretrievable commitments of resources that would be involved in the action; and a description of any necessary mitigation measures proposed to minimize significant adverse environmental impacts.

The action results in no significant adverse impacts to land use, zoning, public policy, community facilities and services, socioeconomic conditions, visual resources and parking. The DEIS discloses that the action, however, does result in

significant adverse impacts to urban design, neighborhood character, traffic, transit and pedestrian conditions, and air quality and noise related to traffic diversions.

The DEIS describes mitigation measures including installation of a landscaped esplanade along Park Row, the reconfiguration of Chatham Square, and the restoration of bus service along Park Row. Four alternatives to the action are examined, but found not to satisfy the goals and objectives of the action, which are to secure police headquarters and the "civic center" area of lower Manhattan. Traffic impacts at Robert F. Wagner, Sr. Place and Pearl Street, and traffic-related noise impacts to residential buildings and Columbus Park on Worth Street at intersections of Worth and Baxter Streets and Worth and Mulberry Streets cannot be fully mitigated.

This public hearing is being held in conformance with Article 8 of the Environmental Conservation Law, the State Environmental Quality Review Act, City Environmental Quality Review procedures, and Local Law No. 24 of 2005.

Copies of the DEIS may be reviewed at the New York City Office of Environmental Coordination, 100 Gold Street, 2nd Floor, New York, NY 10038, Robert Kulikowski, Director, 212-788-9956. The DEIS is also available online through a link from the homepage of the New York City Police Department at http://www.nyc.gov/html/nypd under the "Recent Press Releases/News" section of the website.

NOTICE OF ADOPTION OF DROUGHT EMERGENCY RULES

NOTICE IS HEREBY GIVEN PURSUANT TO THE AUTHORITY GRANTED TO THE New York City Department of Environmental Protection as set forth in Section 24-315 of Title 24, Chapter 3 of the New York City Administrative Code and in accordance with Section 1043(a) of the New York City Charter and after a duly advertised public hearing held on July 20, 2004 that the Department of Environmental Protection has repealed and repromulgated the drought emergency rules

STATEMENT OF BASIS AND PURPOSE

On April 1, 2002, Mayor Michael Bloomberg declared a Stage I Drought Emergency in the City of New York. The legal implication of this declaration was that the Drought Emergency Rules (the "Rules") contained in the Rules of the City of New York (Title 15, Chapter 21) became immediately effective and enforceable. The Drought Emergency lasted until November 1, 2002. During this seven-month period, Department of Environmental Protection ("DEP") officials worked with other agency representatives to ensure that the public was aware of the rules and the applicable provisions therein.

To deal with internal drought policy determinations, DEP Commissioner Christopher Ward appointed a Drought Emergency Variance Board (the "Board"). The Board primarily entertained requests, made pursuant to the Rules, for variances from the Rules in circumstances of hardship and difficulty. As many of these requests implicated general agency policy on drought issues, the Board served as an advisory panel on drought policy as well.

DEP, in light of the recent experiences with the drought, recognized that amendments to the Drought Emergency Rules were needed. The amended Rules are streamlined and simplified. Redundancy has been omitted and inconsistencies eliminated. Definitions have been added for greater clarity and conformance with general style of RCNY rules. The appointment of a Drought Emergency Variance Board to entertain variance requests has been formalized in the Rules. In addition, a process by which an applicant may appeal an adverse determination has been created. The Rules have been amended to provide for greater flexibility and consistency for water usage during the various stages of drought.

The Rules are authorized by section 1403 of the Charter of the City of New York and sections 24-337 and 24-346 of the Administrative Code of the City of New York

§21-02 Definitions.

Acceptable Irrigation Controller means a microprocessor –based controller for the valve(s) of an irrigation system that can be programmed for the various time and date intervals set forth in §21-09(e), 21-10(e) and 21-11(e) of these Rules, and that incorporates a rain sensor, soil moisture sensor or evapo-transpiration control.

Active Source. "Active source" means any sprinkling device or system and any device that delivers water under pressure.

Commissioner. "Commissioner" means the commissioner of the department or his or her designee or successor in function.

Department. "Department" means the New York City Department of Environmental Protection or its successor in function.

Drought emergency. "Drought emergency" as declared by the commissioner, exists when, in the opinion of the commissioner, there is a reasonable probability that without the implementation of stringent measures to reduce consumption, a protracted dry period would cause the City's reservoirs to drop to levels that would threaten public health and safety.

ECB. "ECB" means the New York City Environmental Control Board.

Health care facilities. "Health care facilities" means hospitals, hospices, medical clinics, physician's offices, nursing homes or any other facility caring for persons who are ill, aged or infirm, where, in the opinion of the commissioner, relief from the prohibition contained in §21-10(j) is necessary to protect the health and well-being of such persons.

Non-turf plants. "Non-turf plants" means all plants excluding turf.

Turf. "Turf" means grasses used as ground cover or lawn.

(b) In addition to any penalties that may be imposed by the ECB, where a leak and waste notice has been served in accordance with §24-337 of the Administrative Code and the condition to which such notice relates has not been corrected, a fine of up to fifty dollars per day may be imposed by the commissioner.

(c) A flow restrictor may be installed or water service may be terminated for violation of any provision of the rules contained in this chapter for any waste of water.

§21-04 Variances. (a) The Commissioner may appoint a "Drought Emergency Variance Board" (the "Variance Board") for the purpose of entertaining requests for variances from compliance with any of the requirements of the rules contained in this chapter. Variance Board members shall only be appointed from the personnel of the Department or the New York City Water Board.

(b) Any person or entity applying for a variance must submit a notarized application for a variance to the Variance Board. The applicant must demonstrate, at a minimum, to the satisfaction of the Variance Board:

(1) that compliance with such rules would result in an undue hardship;

(2) that there are no reasonable alternatives;

(3) that the applicant has taken and will take all possible measures to conserve water, with a complete description of such measures and the water savings to be effected; and

(4) that such variance is not inconsistent with the purpose of such rules.

(c) The Variance Board may grant a variance relieving a person or entity from compliance with the requirements of the rules in this subchapter. In connection with any variance that may be granted, the Variance Board shall impose such terms and conditions as deemed appropriate. Requests for variances shall be processed in a timely fashion, and determinations shall not be unreasonably withheld or delayed. The filing or pendency of a variance application shall not relieve any person or entity from complying with these rules, and shall not immunize any person or entity from any civil or criminal prosecution or sanction under the rules.

(d) Variance application forms may be obtained at 59-17 Junction Boulevard, Flushing, NY 11373, or by calling 311.

(e) Appeals.

(1) An applicant may appeal the denial of a variance issued by the Variance Board under the rules of this subchapter by filing a notarized petition in writing with the Commissioner within thirty (30) days of the date the denial notification was mailed. The appeal shall state the name and address of the petitioner and shall include a short and plain statement of the matters to be adjudicated, identifying the variance sought by the petitioner with citation to the applicable provisions of such rules, the proposed location of the activity, and the date of the Variance Board's denial. A copy of the denial notification being appealed shall be attached to the petition.

(2) The applicant may appeal only the issue of whether the Variance Board abused its discretion in denying a request for a variance or in imposing a substantial condition in a grant of a variance.

(3) Upon review of any appeal filed pursuant to §21-04(e), the Commissioner may, in his/her discretion, grant a variance relieving a person or entity from compliance with any of the requirements of the rules. In connection with any variance that may be granted, the Commissioner may impose such terms and conditions as deemed appropriate. Appeals shall be processed in a timely fashion, and determinations shall not be unreasonably withheld or delayed.

(4) The filing of an appeal shall not relieve the petitioner from complying with any requirements of the rules of this subchapter, and shall not immunize any person or entity from any civil or criminal prosecution or sanction authorized under such rules.

(f) The Commissioner may delegate to personnel of the Department or of the New York City Water Board any or all of his or her powers relating to the Drought Emergency Rule variances and/or appeals thereof.

§21-05 Drought Emergency Rate Plan. Such rate plan shall have as its goal the creation of enhanced incentives for water conservation by increasing the cost of city water by such amounts, and for such duration, as the Commissioner may recommend and which the Water Board in its sole discretion shall consider appropriate.

NOTICE OF ADOPTION OF FINAL RULES

NOTICE IS HEREBY GIVEN PURSUANT TO THE AUTHORITY VESTED IN THE NEW YORK CITY LOFT BOARD by Article 7-C of the Multiple Dwelling Law and Mayor's Executive Order No. 66, dated September 30, 1982, and pursuant to and in accordance with the requirements of Section 1043 of the New York City Charter, that the New York City Loft Board has amended section §2-10(f) of Title 29 of the Rules of the City of New York, relating to the abandonment of an interim multiple dwelling ("IMD").
The text added to the rules is underlined, and deleted text is bracketed.

A duly noticed public hearing was held on July 20, 2006, affording the public opportunity to comment on the proposed amendments, as required by section 1043 of the New York City Charter. Written comments were accepted through July 13, 2006.

These rules were not published in the regulatory agenda because they were not anticipated.

Subdivision (f) of section 2-10 of chapter 2 of Title 29 of the Rules of the City of New York is amended to read as follows:

(f) Abandonment of IMD unit. (1) An owner or its authorized representative may apply to the Loft Board for a determination that the occupant of an IMD unit has abandoned the unit and no sale of rights pursuant to Multiple Dwelling Law §286(12) or sale of fixtures pursuant to Multiple Dwelling Law §286(6) has been executed, provided there has been no finding of harassment as to any occupant(s) of the unit which has not been terminated pursuant to §2-02(d)(2) of the Board's Harassment Regulations.

(2) Abandonment shall be defined as the [voluntary] relinquishment of possession of a unit and all rights relating to a unit either (i) voluntarily, with the intention of never resuming possession or reclaiming the rights surrendered, or (ii) by the death of the IMD tenant, provided no family member, as defined in 29 RCNY § 2-08.1(c)(3), is denied the benefits of succession rights in accordance with 29 RCNY § 2-08.1.

(3) To be considered timely, an owner's application alleging abandonment must be filed with the Loft Board within one year of the date the owner knew or should have known that the IMD tenant vacated the unit.

[(3)] (4) In deciding whether a unit has been abandoned pursuant to subparagraph (i) of paragraph (2) above, the Loft Board may consider, inter alia, the following factors:

(i) the length of time the occupant allegedly abandoned the unit;

(ii) whether the occupant owed rent as of the time the occupant allegedly abandoned the unit and whether court proceedings to attempt to collect this rent have been installed;

(iii) whether the occupant's lease for the unit has expired;

(iv) whether the occupant provided notice of an intent to vacate or requested permission to sublet the unit for a specified period of time;

(v) whether the unit contained improvements which were made or purchased by the occupant and whether the occupant was reimbursed for those improvements;

(vi) whether any prior harassment findings have been made by the Loft Board concerning the occupant(s) of the unit or whether any harassment application remains pending;

(vii) whether any violations or notices to appear pursuant to the Loft Board's Minimum Housing Maintenance Standards have been issued;

(viii) whether the owner has made affirmative efforts to locate the occupant; to attempt to purchase rights pursuant to Multiple Dwelling Law §286(12) or improvements pursuant to Multiple Dwelling Law §286(6); and

(ix) whether an inspection of the unit by the Loft Board staff indicates that the unit is presently vacant.

[(4)] (5) In determining whether abandonment has occurred as a result of the death of an IMD tenant as set forth in subparagraph (ii) of paragraph (2) above, proof of the death of such tenant of an IMD unit shall be made by the presentation of a death certificate, the testimony of a relative of the occupant alleged to be dead, or any other trustworthy evidence.

(6) If the owner's application alleging abandonment is granted by the Loft Board and if the unit is to be used for non-residential purposes, the owner or its authorized representative must comply with §2-10(c)(1) of these regulations.

[(5)] (7) (i) Upon compliance with these specified provisions of §2-10(c)(1) with regard to units to be used for non-residential purposes [or upon the Loft Board's granting of the owner's application alleging abandonment with regard to units to remain residentiall, the legal effect of the Loft Board's determination of abandonment shall be the same as that of a sale of rights as provided in §2-10(c) of these regulations.

(ii) Upon the Loft Board's granting of the owner's application alleging abandonment with regard to units to remain residential, the legal effect of the Loft Board's determination of abandonment shall be the same as that of a sale of rights as provided in §2-10(c) of these regulations but only if and when:

(A) on or prior to the date of the Loft Board's granting of the owner's application alleging abandonment, the owner has obtained a certificate of occupancy for the affected building and filed an application seeking a final rent order and/or removal from the Loft Board's jurisdiction; or

(B) within one year after the date of the Loft Board's granting of the owner's application alleging abandonment, or prior to the expiration of the code compliance deadline for obtaining a certificate of occupancy in effect on the date of the Loft Board's granting of such application (as such code compliance deadline may be extended pursuant to 29 RCNY § 2-01(b)), whichever is earlier, the owner has obtained a certificate of occupancy for the affected building and has filed an application seeking a final rent order and/or removal from the Loft Board's jurisdiction.

(8) If, whenever an IMD unit becomes vacant without a prior sale of rights or improvements and subparagraph (i) of paragraph (7) does not apply, an owner fails to meet either the criteria set forth in § 2-10(f)(7)(ii)(A) or the criteria set forth in § 2-10(f)(7)(ii)(B), the unit shall remain residential and the owner shall not be permitted to re-rent the unit at a market rate. Additionally, the owner shall provide any incoming tenant(s) with written notice that the rent for the IMD unit may increase to a market rate if and when the owner complies with the criteria set forth in § 2-10(f)(7)(ii)(A) or § 2-10(f)(7)(ii)(B). Such written notice to an incoming tenant or tenants shall include a copy of this subdivision (f) and a copy of the Loft Board order granting the abandonment application, (if any). If an owner re-rents the unit at a market rate in violation of this provision, the in-coming tenant(s) may challenge such rent by filing an application alleging a rent overcharge with the Loft Board.

(9) New paragraphs (3) and (8), and the amendments to paragraph (7) made by the rulemaking that added this paragraph, shall apply only to those IMD units for which applications alleging abandonment are filed more than six (6) months after the effective date of this paragraph.

Statement of Basis and Purpose

The abandonment provisions set forth in 29 RCNY § 2-10(f) are being amended to further encourage owners of interim multiple dwellings ("IMD") to comply with the legalization requirements of the Loft Law.

One of the main purposes of the Loft Law is to require owners to bring their buildings up to the minimum standards of the New York City residential building code. This purpose is not served by allowing owners to rent abandoned IMD units at a market rent without also requiring them to obtain a residential certificate of occupancy. The proposed rule would prohibit owners from enjoying the benefits of a deregulated IMD unit as a result of abandonment without undertaking the necessary and reasonable steps to legalize their buildings in accordance with Multiple Dwelling Law § 284(1). Until such steps are taken, owners also would be required to provide notice to new tenants that rents for the relevant units may increase to market rate if the abandonment determination becomes effective.

The proposed rule also would codify Loft Board precedent defining the death of an IMD tenant as an abandonment of the IMD unit. Further, it would establish a deadline for the filing of an abandonment application to prevent the loss of witnesses and other evidence relevant to the resolution of the application.

Finally, the proposed rule would in effect require the Loft Board to make two determinations in processing abandonment applications. First, the Loft Board would determine whether sufficient proof had been offered to conclude that an IMD tenant abandoned a unit. Second, the Loft Board would determine, in those instances where the abandonment application is granted, whether the effect of the abandonment finding will be the deregulation of the unit based on the owner's actual completion of the necessary legalization work in the affected building.

By conditioning the benefit of a deregulated IMD unit on the fulfillment of the obligation to legalize the building in question, the proposed rule will serve as a valuable tool for furthering the goals of the Loft Law.

■ NOTICE

Notice of Adoption of amendment to rules regarding street opening and excavation permits.

NOTICE IS HEREBY GIVEN PURSUANT TO THE AUTHORITY VESTED IN THE Commissioner of the Department of Transportation by subdivision (b) of Section 2903 of the New York City Charter, and in accordance with the requirements of Section 1043 of the New York City Charter, that the Department of Transportation hereby adopts the amendments to paragraph 1 of subdivision (a) of Section 2-11 of Chapter 2 of Title 34 of the Official Compilation of the Rules of the City of New York, the Traffic Rules. This rule was first published on July 19, 2006, and a public hearing was held on August 16, 2006. This rule shall take effect 30 days from the date hereof.

Paragraph (1) of subdivision (a) of § 2-11 of Chapter 2 of Title 34 of the Rules of the City of New York is amended to read as follows:

(a) **Permit Required.**

(1) No excavations shall be made in any street unless a Street Opening Permit is obtained.

(i) For plumbing work requiring a street opening or excavation, a Street Opening Permit will only be issued to a licensed master plumber as defined in section 26-141 of the Administrative Code.

(A) The licensed master plumber shall be required to provide a valid New York City licensed master plumber's certificate issued by the New York City Department of Buildings. The licensed master plumber shall also present a copy of any documentation issued by the New York City Department of Environmental Protection regarding the plumbing work that is to be conducted. These items must be submitted to the Department before the Department approves the Street Opening Permit.

(B) The Commissioner may suspend review of applications for permits under this subparagraph, revoke or refuse to renew a permit, or refuse to issue a permit to any applicant, pursuant to the provisions of § 2-02 (j), 2-02 (k), or 2-02 (l) of these rules.

(ii) Notwithstanding the provisions of subparagraph (i) of this paragraph, for any work performed pursuant to a valid contract with a local or state governmental entity requiring a street opening or excavation, a Street Opening Permit will be only be issued to the contractor retained by the local or state governmental entity to perform the work requiring the street opening or excavation.

STATEMENT OF BASIS AND PURPOSE OF RULE

The Commissioner of the Department of Transportation is authorized to regulate work taking place on City streets and sidewalks pursuant to section 2903 of the New York City Charter and Title 19 of the New York City Administrative Code.

Paragraph (1) of subdivision (a) of Section 2-11 is being amended to add subparagraphs (i) and (ii). Subparagraph (i) provides that Street Opening Permits will only be issued to a company affiliated with a master plumber's license and outlines the circumstances under which the Department may suspend review of an application for a permit, revoke or refuse to renew a permit, or refuse to issue a permit to a licensed master plumber or affiliated companies of the licensed master plumber company pursuant to specific provisions contained within existing rules. Subparagraph (i) also requires a licensed master plumber or a company affiliated with the master plumber's license to provide the certificate issued to such company by the New York City Department of Buildings and additional documentation from the New York City Department of Environmental Protection before the Department issues a Street Opening Permit. Subparagraph (ii) provides that where a Street Opening Permit is necessary for any work performed pursuant to a valid contact with a local or state governmental entity, the Street Opening Permit will be issued to the general contractor performing work.

Currently, when a street requires excavation for the purposes of conducting plumbing work, a permit is issued directly to the excavators. These subcontractors performing excavation work are not required to hold professional licenses and sometimes do not restore the streets that they have excavated to the satisfaction of the Department. This amendment is being proposed to change the Department's permit process in order to ensure stricter compliance with agency requirements for restoring the streets, and to impose this responsibility directly upon licensed master plumbers in the mahner similar to requirements already imposed upon other corporate entities.

NOTICE OF CONCEPT PAPER

New York City's Department of Homeless Services ("DHS") in partnership with New York City's Department of Mental Health and Hygiene ("DOHMH") intends in the near future to jointly issue a Request for Proposals ("RFP") seeking approximately qualified not-for-profit contractors to provide street outreach and housing placement services to homeless individuals living on the street or in public places, many of who are diagnosed with serious and persistent mental illness and/or alcohol or substance abuse disorders. The envisioned program is a shift from the historic approach of immediate emergency assistance to one of expedited placement of clients into transitional or long term supportive housing, safe havens, long term substance abuse treatment programs, or specialized DHS program shelters, in order to promote client recovery and reintegration into meaningful community life. In advance of the insurance of the RFP, DHS and DOHMH are releasing a "concept paper" representing the agency's proposed approach and requesting comments and feedback on this important new program. The concept paper will be posted **September 12, 2006** on the agencies' respective websites, (www.nyc.gov/dhs, click on "Providers", click "Current Requests for Proposals and NOFA", click "Concept Paper", **OR** www.nyc.gov, go to "Agency Web Sites" and click on "Health and Mental Hygiene", click "Health Topics A-Z", click "Contracting Opportunities", click "Concept Paper for Homeless Street Outreach"). **Public comment is invited until September 26, 2006.**

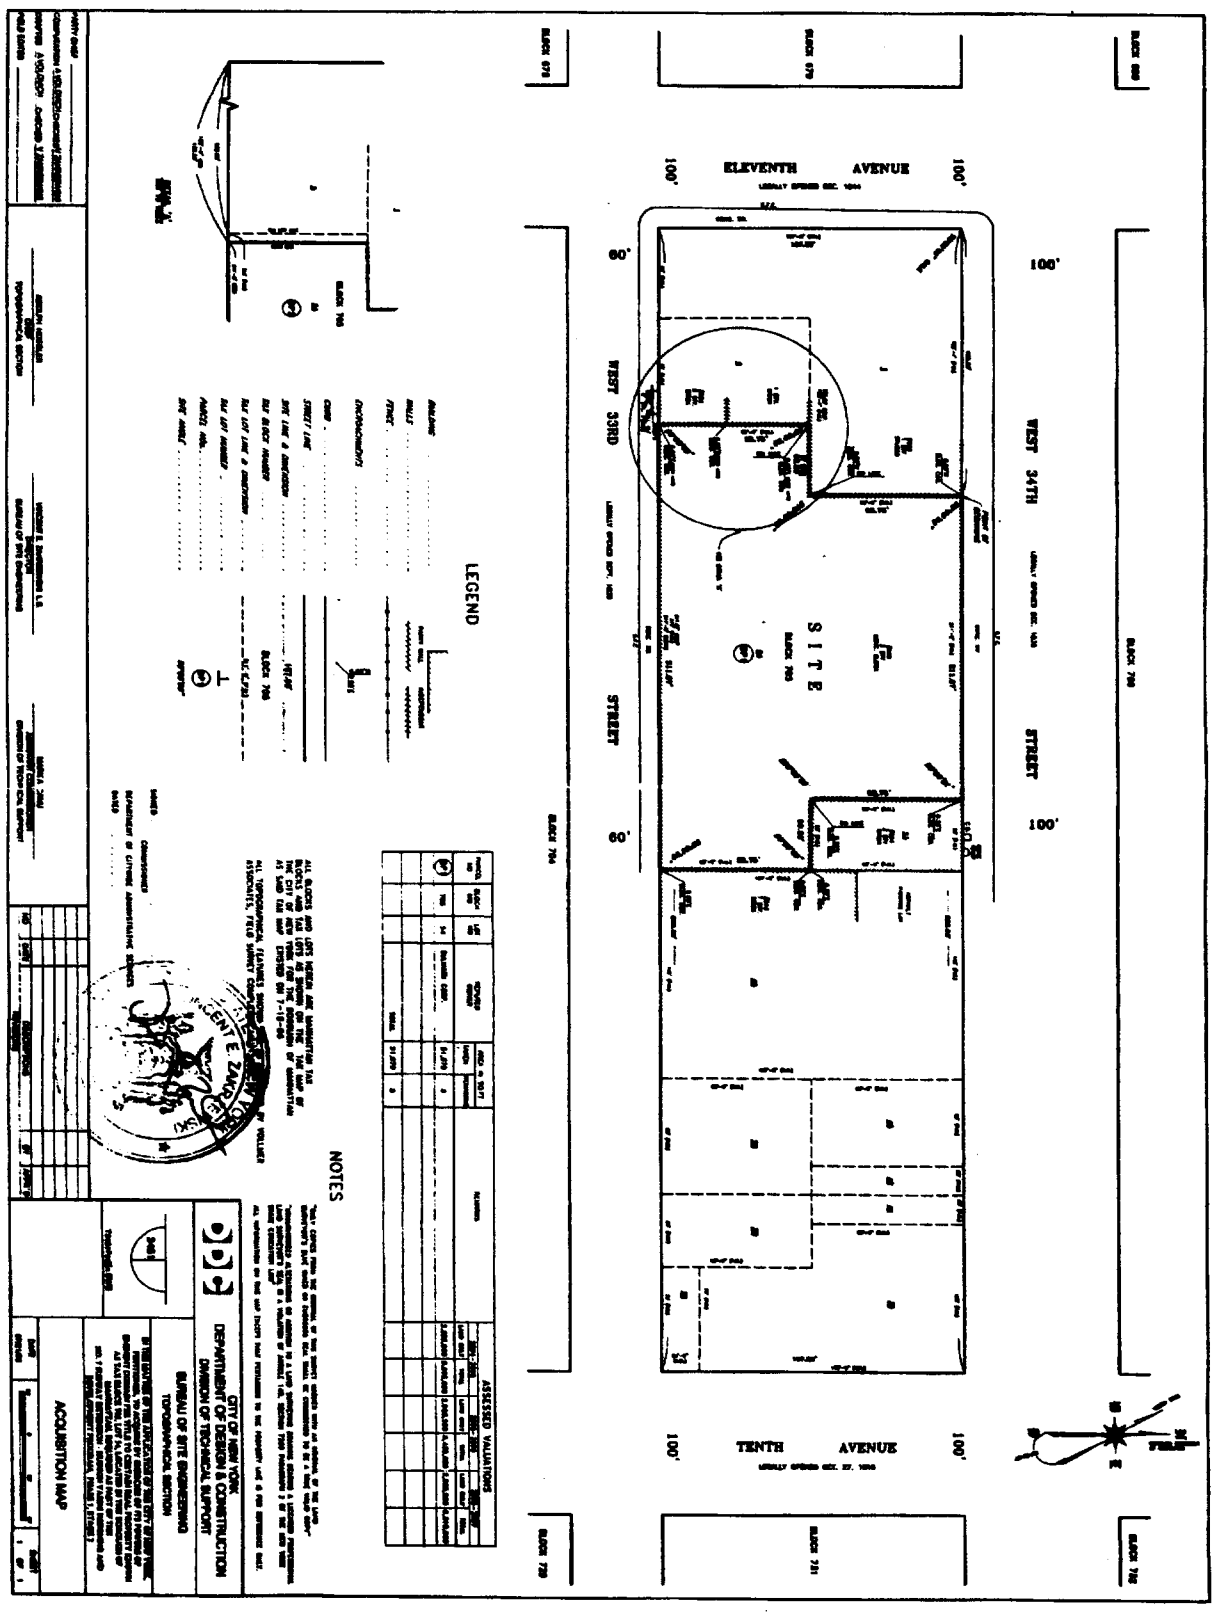
COURT NOTICE MAP FOR PHASE 1, STAGE 2 OF THE NO. 7 SUBWAY EXTENSION



READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council,** 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists--free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

POLICE

■ **NOTICE**

NOTICE OF PUBLIC HEARING ON THE ONE POLICE PLAZA SECURITY PLAN DRAFT ENVIRONMENTAL IMPACT STATEMENT

The New York City Police Department (NYPD) will hold a public hearing on the Draft Environmental Impact Statement (DEIS) on **Thursday, September 14, 2006, in the 2nd floor auditorium at 125 Worth Street, New York, NY. The first session will run from 2:00 P.M. to 4:00 P.M. and the second session will run from 6:00 P.M. to 8:00 P.M. Members of the public will need photo identification to gain entrance to the building.** Oral and written comments will be accepted at the public hearing. In addition, written comments on the DEIS are requested and should be sent to Inspector Anthony Tria, NYPD Capital Construction, 620 Circle Drive, Fort Totten, NY 11359 Phone: 718-281-1254, Fax: 718-281-1593 through the 20th calendar day (October 4, 2006) following the close of the public hearing.

The New York City Police Department (NYPD) has prepared a Draft Environmental Impact Statement (DEIS) for the security plan established following the events of September 11, 2001 in order to protect City, State, and Federal facilities in the "civic center" portion of lower Manhattan which were, and continue to be, considered potential targets. These security measures included the installation of attended security checkpoint booths, planters, bollards and hydraulically-operated delta barriers to restrict the access of unauthorized vehicles from the roadways situated adjacent to the civic facilities located near NYPD headquarters at One Police Plaza.

The DEIS contains a description and analysis of the action and its environmental setting; the environmental impacts of the action, including its short and long term effects, and typical associated environmental effects; identification of any significant adverse environmental effects; a discussion of alternatives to the action; the identification of any irreversible and irretrievable commitments of resources that would be involved in the action; and a description of any necessary mitigation measures proposed to minimize significant adverse environmental impacts.

The action results in no significant adverse impacts to land use, zoning, public policy, community facilities and services, socioeconomic conditions, visual resources and parking. The DEIS discloses that the action, however, does result in significant adverse impacts to urban design, neighborhood character, traffic, transit and pedestrian conditions, and air quality and noise related to traffic diversions.

The DEIS describes mitigation measures including installation of a landscaped esplanade along Park Row, the reconfiguration of Chatham Square, and the restoration of bus service along Park Row. Four alternatives to the action are examined, but found not to satisfy the goals and objectives of the action, which are to secure police headquarters and the "civic center" area of lower Manhattan. Traffic impacts at Robert F. Wagner, Sr. Place and Pearl Street, and traffic-related noise impacts to residential buildings and Columbus Park on Worth Street at intersections of Worth and Baxter Streets and Worth and Mulberry Streets cannot be fully mitigated.

This public hearing is being held in conformance with Article 8 of the Environmental Conservation Law, the State Environmental Quality Review Act, City Environmental Quality Review procedures, and Local Law No. 24 of 2005.

Copies of the DEIS may be reviewed at the New York City Office of Environmental Coordination, 100 Gold Street, 2nd Floor, New York, NY 10038, Robert Kulikowski, Director, 212-788-9956. The DEIS is also available online through a link from the homepage of the New York City Police Department at http://www.nyc.gov/html/nypd under the "Recent Press Releases/News" section of the website.

NOTICE OF CONCEPT PAPER

New York City's Department of Homeless Services ("DHS") in partnership with New York City's Department of Mental Health and Hygiene ("DOHMH") intends in the near future to jointly issue a Request for Proposals ("RFP") seeking approximately qualified not-for-profit contractors to provide street outreach and housing placement services to homeless individuals living on the street or in public places, many of who are diagnosed with serious and persistent mental illness and/or alcohol or substance abuse disorders. The envisioned program is a shift from the historic approach of immediate emergency assistance to one of expedited placement of clients into transitional or long term supportive housing, safe havens, long term substance abuse treatment programs, or specialized DHS program shelters, in order to promote client recovery and reintegration into meaningful community life. In advance of the insurance of the RFP, DHS and DOHMH are releasing a "concept paper" representing the agency's proposed approach and requesting comments and feedback on this important new program. COURT NOTICE MAP FOR PHASE 1, STAGE 2 OF THE NO. 7 SUBWAY EXTENSION

READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council,** 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists--free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

■ NOTICE

NOTICE OF PUBLIC HEARING ON THE ONE POLICE PLAZA SECURITY PLAN DRAFT ENVIRONMENTAL IMPACT STATEMENT

The New York City Police Department (NYPD) will hold a public hearing on the Draft Environmental Impact Statement (DEIS) on **Thursday, September 14, 2006, in the 2nd floor auditorium at 125 Worth Street, New York, NY. The first session will run from 2:00 P.M. to 4:00 P.M. and the second session will run from 6:00 P.M. to 8:00 P.M. Members of the public will need photo identification to gain entrance to the building.** Oral and written comments will be accepted at the public hearing. In addition, written comments on the DEIS are requested and should be sent to Inspector Anthony Tria, NYPD Capital Construction, 620 Circle Drive, Fort Totten, NY 11359 Phone: 718-281-1254, Fax: 718-281-1593 through the 20th calendar day (October 4, 2006) following the close of the public hearing.

The New York City Police Department (NYPD) has prepared a Draft Environmental Impact Statement (DEIS) for the security plan established following the events of September 11, 2001 in order to protect City, State, and Federal facilities in the "civic center" portion of lower Manhattan which were, and continue to be, considered potential targets. These security measures included the installation of attended security checkpoint booths, planters, bollards and hydraulically-operated delta barriers to restrict the access of unauthorized vehicles from the roadways situated adjacent to the civic facilities located near NYPD headquarters at One Police Plaza.

The DEIS contains a description and analysis of the action and its environmental setting; the environmental impacts of the action, including its short and long term effects, and typical associated environmental effects; identification of any significant adverse environmental effects; a discussion of alternatives to the action; the identification of any irreversible and irretrievable commitments of resources that would be involved in the action; and a description of any necessary mitigation measures proposed to minimize significant adverse environmental impacts.

The action results in no significant adverse impacts to land use, zoning, public policy, community facilities and services, socioeconomic conditions, visual resources and parking. The DEIS discloses that the action, however, does result in significant adverse impacts to urban design, neighborhood character, traffic, transit and pedestrian conditions, and air quality and noise related to traffic diversions.

The DEIS describes mitigation measures including installation of a landscaped esplanade along Park Row, the reconfiguration of Chatham Square, and the restoration of bus service along Park Row. Four alternatives to the action are examined, but found not to satisfy the goals and objectives of the action, which are to secure police headquarters and the "civic center" area of lower Manhattan. Traffic impacts at Robert F. Wagner, Sr. Place and Pearl Street, and traffic-related noise impacts to residential buildings and Columbus Park on Worth Street at intersections of Worth and Baxter Streets and Worth and Mulberry Streets cannot be fully mitigated.

This public hearing is being held in conformance with Article 8 of the Environmental Conservation Law, the State Environmental Quality Review Act, City Environmental Quality Review procedures, and Local Law No. 24 of 2005.

Copies of the DEIS may be reviewed at the New York City Office of Environmental Coordination, 100 Gold Street, 2nd Floor, New York, NY 10038, Robert Kulikowski, Director, 212-788-9956. The DEIS is also available online through a link from the homepage of the New York City Police Department at http://www.nyc.gov/html/nypd under the "Recent Press Releases/News" section of the website.

INTERIM FORMATIVE ASSESSMENTS IN ENGLISH LANGUAGE ARTS AND MATHEMATICS – Negotiated Acquisition – PIN# 827040 – DOE to enter into a negotiated acquisition to extend an agreement with Princeton Review to provide interim formative assessments in English Language Arts and Mathematics for each of grades 3 through 8, and to pilot periodic formative assessments in empowerment schools. This contract was originally awarded through a Request for Proposals in 2003 (1C030), and is set to expire on August 31, 2006. Through this contract, the Princeton Review has provided formative assessments of student abilities three times per year for the past three years, both online and in print form, along with rapid scoring to allow schools to focus on using data to improve instruction. The Office of Accountability (OA) would like to extend their agreement and increase the number of periodic assessments provided in Empowerment Schools to five times per year. The assessments provide a gauge of what students know, and provide the ability to target instruction at the classroom level. Student assessment results from paper and pencil administrations are reported online and available in about 5 days for teachers to use to direct instruction. The results of the online assessments are provided almost instantly. This extension will run from 7/1/06 to 7/31/07 for an estimated amount of $5,422,338.

INTERIM FORMATIVE ASSESSMENTS IN ENGLISH LANGUAGE ARTS AND MATHEMATICS – Negotiated Acquisition – PIN# 827040 – DOE to enter into a negotiated acquisition to extend an agreement with Princeton Review to provide interim formative assessments in English Language Arts and Mathematics for each of grades 3 through 8, and to pilot periodic formative assessments in empowerment schools. This contract was originally awarded through a Request for Proposals in 2003 (1C030), and is set to expire on August 31, 2006. Through this contract, the Princeton Review has provided formative assessments of student abilities three times per year for the past three years, both online and in print form, along with rapid scoring to allow schools to focus on using data to improve instruction. The Office of Accountability (OA) would like to extend their agreement and increase the number of periodic assessments provided in Empowerment Schools to five times per year. The assessments provide a gauge of what students know, and provide the ability to target instruction at the classroom level. Student assessment results from paper and pencil administrations are reported online and available in about 5 days for teachers to use to direct instruction. The results of the online assessments are provided almost instantly. This extension will run from 7/1/06 to 7/31/07 for an estimated amount of $5,422,338.

READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council**, 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists–free of charge–, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

(b) To provide, to the maximum extent practicable, that space will be available for continued use as manufacturing or industrial space in those areas designated by city and/or state agencies as priority locations for such uses;

(c) To retain adequate wage- and job-producing industries in areas in close proximity to new commercial and residential development;

(d) To provide a reasonable level of certainty to property owners, developers and areas residents in regard to what uses are permitted;

(e) To help attract significant clusters of manufacturing, industrial, warehousing, wholesaling and distribution activities that will complement and enhance presently existing areas; and

(f) To promote the stability of the city's manufacturing and industrial sector and to maintain as diverse its economic base by promoting certain areas as especially appropriate for manufacturing and industrial purposes thus conserving the value of land and protecting the city's tax revenue.

■ NOTICE

NOTICE OF PUBLIC HEARING ON THE ONE POLICE PLAZA SECURITY PLAN DRAFT ENVIRONMENTAL IMPACT STATEMENT

The New York City Police Department (NYPD) will hold a public hearing on the Draft Environmental Impact Statement (DEIS) on **Thursday, September 14, 2006, in the 2nd floor auditorium at 125 Worth Street, New York, NY. The first session will run from 2:00 P.M. to 4:00 P.M. and the second session will run from 6:00 P.M. to 8:00 P.M. Members of the public will need photo identification to gain entrance to the building.** Oral and written comments will be accepted at the public hearing. In addition, written comments on the DEIS are requested and should be sent to Inspector Anthony Tria, NYPD Capital Construction, 620 Circle Drive, Fort Totten, NY 11359 Phone: 718-281-1254, Fax: 718-281-1593 through the 20th calendar day (October 4, 2006) following the close of the public hearing.

The New York City Police Department (NYPD) has prepared a Draft Environmental Impact Statement (DEIS) for the security plan established following the events of September 11, 2001 in order to protect City, State, and Federal facilities in the "civic center" portion of lower Manhattan which were, and continue to be, considered potential targets. These security measures included the installation of attended security checkpoint booths, planters, bollards and hydraulically-operated delta barriers to restrict the access of unauthorized vehicles from the roadways situated adjacent to the civic facilities located near NYPD headquarters at One Police Plaza.

The DEIS contains a description and analysis of the action and its environmental setting; the environmental impacts of the action, including its short and long term effects, and typical associated environmental effects; identification of any significant adverse environmental effects; a discussion of alternatives to the action; the identification of any irreversible and irretrievable commitments of resources that would be involved in the action; and a description of any necessary mitigation measures proposed to minimize significant adverse environmental impacts.

The action results in no significant adverse impacts to land use, zoning, public policy, community facilities and services, socioeconomic conditions, visual resources and parking. The DEIS discloses that the action, however, does result in significant adverse impacts to urban design, neighborhood character, traffic, transit and pedestrian conditions, and air quality and noise related to traffic diversions.

The DEIS describes mitigation measures including installation of a landscaped esplanade along Park Row, the reconfiguration of Chatham Square, and the restoration of bus service along Park Row. Four alternatives to the action are examined, but found not to satisfy the goals and objectives of the action, which are to secure police headquarters and the "civic center" area of lower Manhattan. Traffic impacts at Robert F. Wagner, Sr. Place and Pearl Street, and traffic-related noise impacts to residential buildings and Columbus Park on Worth Street at intersections of Worth and Baxter Streets and Worth and Mulberry Streets cannot be fully mitigated.

This public hearing is being held in conformance with Article 8 of the Environmental Conservation Law, the State Environmental Quality Review Act, City Environmental Quality Review procedures, and Local Law No. 24 of 2005.

Copies of the DEIS may be reviewed at the New York City Office of Environmental Coordination, 100 Gold Street, 2nd Floor, New York, NY 10038, Robert Kulikowski, Director, 212-788-9956. The DEIS is also available online through a link from the homepage of the New York City Police Department at http://www.nyc.gov/html/nypd under the "Recent Press Releases/News" section of the website.

AGENCY RULES

TAXI AND LIMOUSINE COMMISSION

■ **NOTICE**

Notice of Public Hearing and Opportunity to Comment on Proposed Rules

Notice is hereby given in accordance with section 1043(b) of the Charter of the City of New York ("Charter") that the Taxi and Limousine Commission ("TLC") proposes rules to eliminate the requirement that applicants for certain licenses must prove their citizenship or residency status in order to obtain licenses and to set forth standard documentation required for verification of the identity of applicants for all licenses and authorizations.

These rules are proposed pursuant to section 1043 of the Charter and section 19-503 of the Administrative Code of the City of New York. The proposed rules are included in the TLC's regulatory agenda for Fiscal Year 2007.

A public hearing on these proposed rules will be held by the TLC at its offices at 40 Rector Street, 5th Floor, New York, New York 10006 on October 25, 2006, at 9:30 a.m. Persons wishing to testify at the hearing may notify the TLC in advance, either in writing or by telephone to the TLC's Office of Legal Affairs at the address and telephone given below. Any request for a sign language interpreter or other form of reasonable accommodation for a disability at the hearing must be submitted to the Office of Legal Affairs in writing, by telephone, or by TTY/TDD no later than October 20, 2006.

Written comments in connection with these proposed rules should be submitted to the Office of Legal Affairs and must be received no later than October 13, 2006 to:

Charles R. Fraser
Deputy Commissioner for Legal Affairs / General Counsel
Taxi and Limousine Commission
40 Rector Street, 5th Floor, New York, New York 10006
Telephone: 212-676-1117 Fax: 212-676-1102
TTY/TDD: 212-341-9596

Written comments and a summary of all comments received at the hearing will be available for public inspection at that office.

Statement of Basis and Purpose of Proposed Rules

The proposed rules would amend existing Taxi and Limousine Commission ("TLC") rules to eliminate the requirement that applicants for certain licenses issued by the TLC must prove their citizenship or residency status in order to obtain licenses. This change is made to enhance consistency of application requirements for the various licenses issued by TLC.

The proposed rules would preserve the TLC's ability to verify the identity of those applicants who formerly had to prove their citizenship or residency status. Verifying identity is crucial to the completion of accurate background checks and fitness assessments, and therefore is necessary to protect the public interest in the safety and integrity of operations of the for-hire transportation industry. The proposed rules provide that each applicant must establish his or her identity by producing a government-issued photo ID and an original social security card. These standards will apply to applicants who are individuals, and to partners, officers, members and/or shareholders of applicants who are partnerships or corporations. The proposed rules leave unchanged the TLC's ability to fingerprint applicants for the purpose of conducting criminal background checks.

STEP D If the grievant is not satisfied with the determination of the Commissioner of Labor Relations, the Union, with the consent of the grievant, may proceed to arbitration pursuant to the procedures set forth in **STEP IV** of the Grievance Procedure set forth in this Agreement.

Section 7.

A grievance concerning a large number of Employees and which concerns a claimed misinterpretation, inequitable application, violation or failure to comply with the provisions of this Agreement may be filed directly at **STEP III** of the grievance procedure except that a grievance concerning Employees of the Health and Hospitals Corporation may be filed directly at **STEP II** of the grievance procedure. Such group grievance must be filed no later than 120 days after the date on which the grievance arose, and all other procedural limits, including time limits, set forth in this Article shall apply. All other individual grievances in process concerning the same issue shall be consolidated with the group grievance.

Section 8.

If a determination satisfactory to the Union at any level of the Grievance Procedure is not implemented within a reasonable time, the Union may re-institute the original grievance at **STEP III** of the Grievance Procedure; or if a satisfactory **STEP III** determination has not been so implemented, the Union may institute a grievance concerning such failure to implement at **STEP IV** of the Grievance Procedure.

Section 9.

If the Employer exceeds any time limit prescribed at any step in the Grievance Procedure, the grievant and/or the Union may invoke the next step of the procedure, except that only the Union may invoke impartial arbitration under **STEP IV.**

Section 10.

The Employer shall notify the Union in writing of all grievances filed by Employees, all grievance hearings, and all determinations. The Union shall have the right to have a representative present at any grievance hearing and shall be given forty-eight (48) hours notice of all grievance hearings.

Section 11.

Each of the steps in the Grievance Procedure, as well as time limits prescribed at each step of this Grievance Procedure, may be waived by mutual agreement of the parties.

Section 12.

A non-Mayoral agency not covered by this Agreement but which employs Employees in titles identical to those covered by this Agreement may elect to permit the Union to appeal an unsatisfactory determination received at the last step of its Grievance Procedure prior to arbitration on fiscal matters only to the Commissioner of Labor Relations. If such election is made, the Union shall present its appeal to the Commissioner of Labor Relations in writing within ten (10) work days of the receipt of the last step determination. The Union should submit copies of the grievance filings at the prior steps of its Grievance Procedure and any agency responses thereto. Copies of such appeals shall be sent to the agency head. The Commissioner of Labor Relations, or the Commissioner's designee, shall review all such appeals and answer all such appeals within fifteen (15) work days. An appeal from a determination of the Commissioner of Labor Relations may be taken to arbitration under procedures, if any, applicable to the non-Mayoral agency involved.

Section 13.

The grievance and the arbitration procedure contained in this Agreement shall be the exclusive remedy for the resolution of disputes defined as grievances herein. This shall not be interpreted to preclude either party from enforcing the arbitrator's award in court. This Section shall not be construed in any manner to limit the statutory rights and obligations of the Employer under Article XIV of the Civil Service Law.

Section 14. Expedited Arbitration Procedure

a. The parties agree that there is a need for an expedited arbitration process which would allow for the prompt adjudication of grievances as set forth below.

b. The parties voluntarily agree to submit matters to final and binding arbitration pursuant to the New York City Collective Bargaining Law and under the jurisdiction of the Office of Collective Bargaining. An arbitrator or panel of arbitrators, as agreed to by the parties, will act as the arbitrator of any issue submitted under the expedited procedure herein.

c. The selection of those matters which will be submitted shall include, but not be limited to, out-of-title cases concerning all titles, disciplinary cases wherein the proposed penalty is a monetary fine of one week or less or written reprimand, and other cases pursuant to mutual agreement by the parties. The following procedure shall apply:

i. SELECTION AND SCHEDULING OF CASES:

(1) The Deputy Chairperson for Disputes of the Office of Collective Bargaining shall propose which cases shall be subject to the procedures set forth in this Section 14 and notify the parties of proposed hearing dates for such cases.

(2) The parties shall have ten business days from the receipt of the Deputy Chairperson's proposed list of cases and hearing schedule(s) to raise any objections thereto.

(3) If a case is not proposed by the Deputy Chairperson for expedited handling, either party may, at any time prior to the scheduling of an arbitration hearing date for such case, request in writing to the other party and to the Deputy Chairperson of Disputes of the Office of Collective Bargaining that said case be submitted to the expedited procedure. The party receiving such request shall have ten business days from the receipt of the request to raise any objections thereto.

(4) No case shall be submitted to the expedited arbitration process without the mutual agreement of the parties.

ii. CONDUCT OF HEARINGS:

(1) The presentation of the case, to the extent possible, shall be made in the narrative form. To the degree that witnesses are necessary, examination will be limited to questions of material fact and cross examination will be similarly limited. Submission of relevant documents, etc., will not be unreasonably limited and may be submitted as a packet exhibit.

(2) In the event either party is unable to proceed with hearing a particular case, the case shall be rescheduled. However, only one adjournment shall be permitted. In the event that either party is unable to proceed on a second occasion, a default judgment may be entered against the adjourning party at the Arbitrator's discretion absent good cause shown.

(3) The Arbitrator shall not be precluded from attempting to assist the parties in settling a particular case.

(4) A decision will be issued by the Arbitrator within two weeks. It will not be necessary in the Award to recount any of the facts presented. However, a brief explanation of the Arbitrator's rationale may be included. Bench decisions may also be issued by the Arbitrator.

(5) Decisions in this expedited procedure shall not be considered as precedent for any other case nor entered into evidence in any other forum or dispute except to enforce the Arbitrator's award.

(6) The parties shall, whenever possible, exchange any documents intended to be offered in evidence at least one week in advance of the first hearing date and shall endeavor to stipulate to the issue in advance of the hearing date.

ARTICLE VII - BULLETIN BOARDS: EMPLOYER FACILITIES

ARTICLE XI - LABOR-MANAGEMENT COMMITTEE

Section 1.

The Employer and the Union, having recognized that cooperation between management and Employees is indispensable to the accomplishment of sound and harmonious labor relations, shall jointly maintain and support a labor-management committee in each of the agencies having at least fifty (50) Employees covered by this Agreement.

Section 2.

Each labor-management committee shall consider and recommend to the agency head changes in the working conditions of the Employees within the agency who are covered by this Agreement. The chairpersonship of each committee shall alternate between the members designated by the agency head and the members designated by the Union. A quorum shall consist of a majority of the total membership of a committee. A committee shall make its recommendations to the agency head in writing.

Section 4.

The labor-management committee shall meet at the call of either the Union members or the Employer members at times mutually agreeable to both parties. At least one week in advance of a meeting the party calling the meeting shall provide, to the other party, a written agenda of matters to be discussed. Minutes shall be kept and copies supplied to all members of the committee.

The provisions of this Agreement are subject to applicable provisions of law, including the New York State Financial Emergency Act for the City of New York as amended.

Longevity Increment Eligibility Rules

The following Rules shall govern the eligibility of employees for the longevity increments provided for in Article III, Section 10, of the 2005-2006 Agreement:

1. Only service in pay status shall be used to calculate the 15 years of service, except that for other than full time per annum Employees only a continuous year of service in pay status shall be used to calculate the 15 years of service. A continuous year of service shall be a full year of service without a break of more than 31 days. Where the regular and customary work year for a title is less than a twelve month year, such as a school year, such regular and customary year shall be credited as a continuous year of service counting towards the 15 years of service. If the normal work year for an Employee is less than the regular and customary work year for the employee's title, it shall be counted as a continuous year of service if the employee has customarily worked that length work year and the applicable agency verifies that information.

2. Service in pay status prior to any breaks in service of more than one year shall not be used to calculate the 15 years of service. Where an Employee has less than seven years of continuous service in pay status, breaks in service of less than one year shall be aggregated. Where breaks in service aggregate to more than one year they shall be treated as a break in service of more than one year and the service prior to such breaks and the aggregated breaks shall not be used to calculate the 15 years of service. No break used to disqualify service shall be used more than once.

3. The following time in which an Employee is not in pay status shall not constitute a break in service as specified in paragraph 2 above:

   a. Time on a leave approved by the proper authority which is consistent with the **Rules and Regulations of the New York City Personnel Director** or the appropriate personnel authority of a covered organization.

   b. Time prior to a reinstatement.

   c. Time on a preferred list pursuant to **Civil Service Law Sections 80 and 81** or any similar contractual provision.

   d. Time not in pay status of 31 days or less.

   Notwithstanding the above, such time as specified in subsections a, b and c above shall not be used to calculate the 15 years of service.

4. Once an Employee has completed the 15 years of City service in pay status and is eligible to receive the $500 longevity increment, the $500 shall become part of the employee's base rate for all purposes.

ARTICLE V - PRODUCTIVITY AND PERFORMANCE

Introduction

Delivery of municipal services in the most efficient, effective and courteous manner is of paramount importance to the Employer and the Union. Such achievement is recognized to be a mutual obligation of both parties within their respective roles and responsibilities. To achieve and maintain a high level of effectiveness, the parties hereby agree to the following terms:

Section 1. - Performance Levels

a. The Union recognizes the Employer's right under the New York City Collective Bargaining Law to establish and/or revise performance standards or norms notwithstanding the existence of prior performance levels, norms or standards. Such standards, developed by usual work measurement procedures, may be used to determine acceptable performance levels, to prepare work schedules and to measure the performance of each Employee or group of Employees. Notwithstanding the above, questions concerning the practical impact that decisions on the above matters have on Employees are within the scope of collective bargaining. The Employer will give the Union prior notice of the establishment and/or revision of performance standards or norms hereunder.

b. Employees who work at less than acceptable levels of performance may be subject to disciplinary measures in accordance with applicable law.

Section 2. - Supervisory Responsibility

a. The Union recognizes the Employer's right under the New York City Collective Bargaining Law to establish and/or revise standards for supervisory responsibility in achieving and maintaining performance levels of supervised Employees for Employees in supervisory positions listed in Article I, Section 1, of this Agreement. Notwithstanding the above, questions concerning the practical impact that decisions on the above matters have on employees are within the scope of collective bargaining. The Employer will give the Union prior notice of the establishment and/or revision of standards for supervisory responsibility hereunder.

b. Employees who fail to meet such standards may be subject to disciplinary measures in accordance with applicable law.

Section 3. - Performance Compensation

The Union acknowledges the Employer's right to pay additional compensation for outstanding performance.

The Employer agrees to notify the Union of its intent to pay such additional compensation.

c. A claimed assignment of Employees to duties substantially different from those stated in their job specifications;

d. A claimed improper holding of an open-competitive rather than a promotional examination;

e. A claimed wrongful disciplinary action taken against a permanent Employee covered by Section 75(1) of the Civil Service Law or a permanent employee covered by the Rules and Regulations of the Health and Hospitals Corporation upon whom the agency head has served written charges of incompetence or misconduct while the Employee is serving in the Employee's permanent title or which affects the Employee's permanent status.

f. A claimed wrongful disciplinary action taken against a provisional Employee who has served for two years in the same or similar title or related occupational group in the same agency.

Section 2.

The Grievance Procedure, except for grievances as defined in Sections 1(d) and 1(e) of this Article, shall be as follows:

Employees may at any time informally discuss with their supervisors a matter which may become a grievance. If the results of such a discussion are unsatisfactory, the Employees may present the grievance at **Step I**.

All grievances must be presented in writing at all steps in the grievance procedure. For all grievances as defined in Section 1(c), no monetary award shall in any event cover any period prior to the date of the filing of the **Step I** grievance.

Step I The Employee and/or the Union shall present the grievance in the form of a memorandum to the person designated for such purpose by the agency head no later than 120 days after the date on which the grievance arose except that grievances alleging a miscalculation of salary rate resulting in a payroll error of a continuing nature shall be presented no later than 120 days after the first date on which the grievant discovered the payroll error. The Employee may also request an appointment to discuss the grievance. The person designated by the Employer to hear the grievance shall take any steps necessary to a proper disposition of the grievance and shall issue a determination in writing by the end of the third work day following the date of submission.

NOTE: *The following **STEP I(a)** shall be applicable only in the Health and Hospitals Corporation in the case of grievances arising under Section 1(a) through 1(c) of this Article and shall be applied prior to **Step II** of this Section:*

STEP I(a) An appeal from an unsatisfactory determination at **Step I** shall be presented in writing to the person designated by the agency head for such purpose. The appeal must be made within five (5) work days of the receipt of the **Step I** determination. The person designated to receive the appeal at this Step shall meet with the Employee and/or the Union for review of the grievance and shall issue a determination to the Employee and/or the Union by the end of the fifth work day following the day on which the appeal was filed.

STEP II An appeal from an unsatisfactory determination at **STEP I** or **STEP I(a)**, where applicable, shall be presented in writing to the agency head or the agency head's designated representative who shall

not be the same person designated in **STEP I**. The appeal must be made within five (5) work days of the receipt of the **STEP I** or **STEP I(a)** determination. The agency head or designated representative, if any, shall meet with the Employee and/or the Union for review of the grievance and shall issue a determination in writing by the end of the tenth work day following the date on which the appeal was filed.

STEP III An appeal from an unsatisfactory determination at **STEP II** shall be presented by the Employee and/or the Union to the Commissioner of Labor Relations in writing within ten (10) work days of the receipt of the **STEP II** determination. The grievant or the Union should submit copies of the **STEP I** and **STEP II** grievance filings and any agency responses thereto. Copies of such appeal shall be sent to the agency head. The Commissioner of Labor Relations or the Commissioner's designee shall review all appeals from **STEP II** determinations and shall issue a determination on such appeals within fifteen (15) work days following the date on which the appeal was filed.

STEP IV An appeal from an unsatisfactory determination at **STEP III** may be brought solely by the Union to the Office of Collective Bargaining for impartial arbitration within fifteen (15) work days of receipt of the **STEP III** determination. In addition, the Employer shall have the right to bring directly to arbitration any dispute between the parties concerning any matter defined herein as a "grievance". The Employer shall commence such arbitration by submitting a written request therefor to the Office of Collective Bargaining. A copy of the notice requesting impartial arbitration shall be forwarded to the opposing party. The arbitration shall be conducted in accordance with Title 61 of the Rules of the City Of New York. The costs and fees of such arbitration shall be borne equally by the Union and the Employer.

The assigned arbitrator shall hold a hearing at a time and place convenient to the parties and shall issue an award within 30 days after the completion of the hearing.

The arbitrator's decision, order or award (if any) shall be limited to the application and interpretation of the Agreement, and the arbitrator shall not add to, subtract from or modify the Agreement or any rule, regulation, written policy or order mentioned in Section 1 of this Article. The arbitrator's award shall be final and binding and enforceable in any appropriate tribunal in accordance with Article 75 of the Civil Practice Law and Rules. The arbitrator may provide for and direct such relief as the arbitrator deems necessary and proper, subject to the limitations set forth above and any applicable limitations of law.

Section 3.

As a condition to the right of the Union to invoke impartial arbitration set forth in this Article, including the arbitration of a grievance involving a claimed improper holding of an open-competitive rather than a promotional examination, the Employee or Employees and the Union shall be required to file with the Director of the Office of Collective Bargaining a written waiver of the right, if any, of the Employee and the Union to submit the underlying dispute to any other administrative or judicial tribunal except for the purpose of enforcing the arbitrator's award.

Section 4.

a. Any grievance under Section l (d) relating to a claimed improper holding of an open-competitive rather than a promotional examination shall be presented in writing by the employee or the Union representative to the Commissioner of Labor Relations not later than thirty (30) days after the notice of the intention to conduct such open-competitive examination, or copy of the appointing officer's request for such open-competitive examination, as the case may be, has been posted in accordance with Section 51 of the Civil Service Law. The grievance shall be considered and passed upon within ten (10) days after its presentation. The determination shall be in writing, copies of which shall be transmitted to both parties to the grievance upon issuance.

b. A grievance relating to the use of an open-competitive rather than a promotional examination which is unresolved by the Commissioner of Labor Relations may be brought to impartial arbitration as provided in Sections 2 and 3 above. Such a grievance shall be presented by the Union, in writing, for arbitration within 15 days of the presentation of such grievance to the Commissioner of Labor Relations, and the arbitrator shall decide such grievance within 75 days of its presentation to the arbitrator. The party requesting such arbitration shall send a copy of such request to the other party. The costs and fees of such arbitration shall be borne equally by the Employer and the Union.

Section 5.

In any case involving a grievance under Section 1(e) of this Article, the following procedure shall govern upon service of written charges of incompetence or misconduct:

STEP A Following the service of written charges, a conference with such Employee shall be held with respect to such charges by the person designated by the agency head to review a grievance at **STEP I** of the Grievance Procedure set forth in this Agreement. The Employee may be represented at such conference by a representative of the Union. The person designated by the agency head to review the charges shall take any steps necessary to a proper disposition of the charges and shall issue a determination in writing by the end of the fifth day following the date of the conference.

If the Employee is satisfied with the determination in **STEP A** above, the Employee may choose to accept such determination as an alternative to and in lieu of a determination made pursuant to the procedures provided for in Section 75 of the Civil Service Law or the Rules and Regulations of the Health and Hospitals Corporation. As a condition of accepting such determination, the Employee shall sign a waiver of the Employee's right to the procedures available to him or her under Sections 75 and 76 of the Civil Service Law or the Rules and Regulations of the Health and Hospitals Corporation.

STEP B(i) If the Employee is not satisfied with the determination at **STEP A** above then the Employer shall proceed in accordance with the disciplinary procedures set forth in Section 75 of the Civil Service Law or the Rules and Regulations of the Health and Hospitals Corporation. As an alternative, the Union with the consent of the employee may choose to proceed in accordance with the Grievance Procedure set forth in this Agreement, including the right to proceed to binding arbitration pursuant to **STEP IV** of such Grievance Procedure. As a condition for submitting the matter to the Grievance Procedure the employee and the Union shall file a written waiver of the right to utilize the procedures available to the employee pursuant to Sections 75 and 76 of the Civil Service Law or the Rules and Regulations of the Health and Hospitals Corporation or any other administrative or judicial tribunal, except for the purpose of enforcing an arbitrator's award, if any. Notwithstanding such waiver, the period of an Employee's suspension without pay pending hearing and determination of charges shall not exceed thirty (30) days.

STEP B(ii) If the election is made to proceed pursuant to the Grievance Procedure, an appeal from the determination of **STEP A** above, shall be made to the agency head or designated representative. The appeal must be made in writing within five (5) work days of the receipt of the determination. The agency head or designated representative shall meet with the Employee and the Union for review of the grievance and shall issue a determination to the Employee and the Union by the end of the tenth work day following the day on which the appeal was filed. The agency head or designated representative shall have the power to impose the discipline, if any, decided upon, up to and including termination of the accused Employee's employment. In the event of such termination or suspension without pay totaling more than thirty (30) days, the Union with the consent of the grievant may elect to skip **STEP C** of this Section and proceed directly to **STEPD**.

STEP C If the grievant is not satisfied with the determination of the agency head or designated representative the grievant or the Union may appeal to the Commissioner of Labor Relations in writing within ten (10) days of the determination of the agency head or designated representative. The Commissioner of Labor Relations shall issue a written reply to the grievant and the Union within fifteen (15) work days.

STEP D If the grievant is not satisfied with the determination of the Commissioner of Labor Relations, the Union with the consent of the grievant may proceed to arbitration pursuant to the procedures set forth in **STEP IV** of the Grievance Procedure set forth in this Agreement.

Section 6.

In any case involving a grievance under Section 1(f) of this Article, the following procedure shall govern upon service of written charges of incompetence or misconduct:

STEP A Following the service of written charges, a conference with such Employee shall be held with respect to such charges by the person designated by the agency head to review a grievance at **STEP I** of the Grievance Procedure set forth in this Agreement. The Employee may be represented at such conference by a representative of the Union. The person designated by the agency head to review the charges shall take any steps necessary to a proper disposition of the charges and shall issue a determination in writing by the end of the fifth day following the date of the conference.

STEP B(i) If the Employee is not satisfied with the determination at **STEP A** above, then the Employee may choose to proceed in accordance with the Grievance Procedure set forth in this Agreement through **STEP III**. The Union, with the consent of the employee, shall have the right to proceed to binding arbitration pursuant to **STEP IV** of such Grievance Procedure. The period of an Employee's suspension without pay pending hearing and determination of charges shall not exceed thirty (30) days.

STEP B(ii) An appeal from the determination of **STEP A** above shall be made to the agency head or designated representative. The appeal must be made in writing within five (5) work days of the receipt of the determination. The agency head or designated representative shall meet with the Employee and the Union for review of the grievance and shall issue a determination to the employee and the Union by the end of the tenth work day following the day on which the appeal was filed. The agency head or designated representative shall have the power to impose the discipline, if any, decided upon, up to and including termination of the accused Employee's employment. In the event of such termination or suspension without pay totaling more than thirty (30) days, the Union with the consent of the grievant may elect to skip **STEP C** of this Section and proceed directly to **STEP D**.

STEP C If the grievant is not satisfied with the determination of the agency head or designated representative the grievant or the Union may appeal to the Commissioner of Labor Relations in writing within ten (10) days of the determination of the agency head or designated representative. The Commissioner of Labor Relations shall issue a written reply to the grievant and the Union within fifteen (15) work days.

STEP D If the grievant is not satisfied with the determination of the Commissioner of Labor Relations, the Union with the consent of the grievant may proceed to arbitration pursuant to the procedures set forth in **STEP IV** of the Grievance Procedure set forth in this Agreement.

Section 7.

A grievance concerning a large number of Employees and which concerns a claimed misinterpretation, inequitable application, violation or failure to comply with the provisions of this Agreement may be filed directly at **STEP III** of the grievance procedure except that a grievance concerning employees of the Health and Hospitals Corporation may be filed directly at **STEP II** of the grievance procedure. Such "group" grievance must be filed no later than 120 days after the date on which the grievance arose, and all other procedural limits, including time limits, set forth in this Article shall apply. All other individual grievances in process concerning the same issue shall be consolidated with the "group" grievance.

Section 8.

If a determination satisfactory to the Union at any level of the Grievance Procedure is not implemented within a reasonable time, the Union may re-institute the original grievance at **STEP III** of the Grievance Procedure; or if a satisfactory **STEP III** determination has not been so implemented, the Union may institute a grievance concerning such failure to implement at **STEP IV** of the Grievance Procedure.

Section 9.

If the Employer exceeds any time limit prescribed at any step in the Grievance Procedure, the grievant and/or the Union may invoke the next step of the procedure, except that only the Union may invoke impartial arbitration under **STEP IV**.

Section 10.

The Employer shall notify the Union in writing of all grievances filed by Employees, all grievance hearings, and all determinations. The Union shall have the right to have a representative present at any grievance hearing and shall be given forty-eight (48) hours' notice of all grievance hearings.

Section 11.

Each of the steps in the Grievance Procedure, as well as time limits prescribed at each step of this Grievance Procedure, may be waived by mutual agreement of the parties.

Section 12.

A non-Mayoral agency not covered by this Agreement but which employs Employees in titles identical to those covered by this Agreement may elect to permit the Union to appeal an unsatisfactory determination received at the last step of its Grievance Procedure prior to arbitration on fiscal matters only to the Commissioner of Labor Relations. If such election is made, the Union shall present its appeal to the Commissioner of Labor Relations in writing within ten (10) work days of the receipt of the last step determination. The Union should submit copies of the grievance filings at the prior steps of its Grievance Procedure and any agency responses thereto. Copies of such appeals shall be sent to the agency head. The Commissioner of Labor Relations, or the Commissioner's designee, shall review all such appeals and answer all such appeals within fifteen (15) work days. An appeal from a

determination of the Commissioner of Labor Relations may be taken to arbitration under procedures, if any, applicable to the nonMayoral agency involved.

Section 13.

The grievance and the arbitration procedure contained in this Agreement shall be the exclusive remedy for the resolution of disputes defined as "grievances" herein. This shall not be interpreted to preclude either party from enforcing the arbitrator's award in court. This Section shall not be construed in any manner to limit the statutory rights and obligations of the Employer under Article XIV of the Civil Service Law.

Section 14. Expedited Arbitration Procedure

a. The parties agree that there is a need for an expedited arbitration process which would allow for the prompt adjudication of the grievances as set forth below.

b. The parties voluntarily agree to submit matters to final and binding arbitration pursuant to the New York City Collective Bargaining Law and under the jurisdiction of the Office of Collective Bargaining. An arbitrator or panel of arbitrators, as agreed to by the parties, will act as the arbitrator of any issue submitted under the expedited procedure herein.

c. The selection of those matters which will be submitted shall include, but not limited to, out-of-title cases concerning all titles, disciplinary cases wherein the proposed penalty is a monetary fine of one week or less or written reprimand, and other cases pursuant to mutual agreement by the parties. The following procedures shall apply.

i. **SELECTION AND SCHEDULING OF CASES:**

(2) The parties shall have ten business days from the receipt of the Deputy Chairpersons proposed list of cases and hearing schedule(s) to raise any objections thereto.

(3) If a case is not proposed by the Deputy Chairperson for expedited handling, either party may, at any time prior to the scheduling of an arbitration hearing date for such case, request in writing to the other party and to the Deputy Chairperson of Disputes of the Office of Collective Bargaining that said case be submitted to the expedited procedure. The party receiving such request shall have ten business days from the receipt of the request to raise any objections thereto.

(4) No case shall be submitted to the expedited arbitration process without the mutual agreement of the parties.

ii. **CONDUCT OF HEARINGS:**

(1) The presentation of the case, to the extent possible, shall be made in the narrative form. To the degree that witnesses are necessary, examination will be limited to questions of material fact and cross examination will be similarly limited. Submission of relevant documents, etc., will not be unreasonably limited and may be submitted as a packet exhibit.

(2) In the event either party is unable to proceed with hearing a particular case, the case shall be rescheduled. However, only one adjournment shall be permitted. In the event that either party is unable to proceed on a second occasion, a default judgment may be entered against the adjourning party at the Arbitrator's discretion absent good cause shown.

(3) The arbitrator shall not be precluded from attempting to assist the parties in settling a particular case.

(4) A decision will be issued by the Arbitrator within two weeks. It will not be necessary in the Award to recount any of the facts presented. However, a brief explanation of the Arbitrator's rationale may be included. Bench decisions may also be issued by the Arbitrator.

(5) Decisions in this expedited procedure shall not be considered as precedent for any other case nor entered into evidence in any other forum or dispute except to enforce the Arbitrator's award.

(6) The parties, shall whenever possible, exchange any documents intended to be offered in evidence at least one week in advance of the first hearing date and shall endeavor to stipulate to the issue in advance of the hearing date.

ARTICLE VII - BULLETIN BOARDS: EMPLOYER FACILITIES

The Union may post notices on bulletin boards in places and locations where notices usually are posted by the Employer for the Employees to read. All notices shall be on Union stationery, and shall be used only to notify employees of matters pertaining to Union affairs. Upon request to the responsible official in charge of a work location, the Union may use Employer premises for meetings during Employees' lunch hours, subject to availability of appropriate space and provided such meetings do not interfere with the Employer's business.

ARTICLE VIII - NO STRIKES

In accordance with the New York City Collective Bargaining Law, as amended, neither the Union nor any employee shall induce or engage in any strikes, slowdowns, work stoppages, mass absenteeism, or induce any mass resignations during the term of this Agreement.

ARTICLE IX - CITYWIDE ISSUES

This Agreement is subject to the provisions, terms and conditions of the Agreement which has been or may be negotiated between the City and the Union recognized as the exclusive collective bargaining representative on Citywide matters which must be uniform for specified Employees, including the Employees covered by this Agreement.

Employees in Rule X titles shall receive the benefits of the *Citywide Agreement* unless otherwise specifically excluded herein.

ARTICLE X - UNION ACTIVITY

Time spent by Employee representatives in the conduct of labor relations with the City and on Union activities shall be governed by the terms of Executive Order No. 75, as amended, dated March 22, 1973, entitled "Time Spent on the Conduct of Labor Relations between the City and Its employees and on Union Activity" or any other applicable Executive Order.

ARTICLE XI - LABOR-MANAGEMENT COMMITTEE

Section 1.

The Employer and the Union, having recognized that cooperation between management and employees is indispensable to the accomplishment of sound and harmonious labor relations, shall jointly maintain and support a labor-management committee in each of the agencies having at least fifty employees covered by this Agreement.

Section 2.

Each labor-management committee shall consider and recommend to the agency head changes in the working conditions of the Employees within the agency who are covered by this Agreement.

Matters subject to the Grievance Procedure shall not be appropriate items for consideration by the labor-management committee.

Section 3.

Each labor-management committee shall consist of six members who shall serve for the term of this Agreement. The Union shall designate three members and the agency head shall designate three members. Vacancies shall be filled by the appointing party for the balance of the term to be served. Each member may designate one alternate. The chairpersonship of each committee shall alternate between the members designated by the agency head and the members designated by the Union. A quorum shall consist of a majority of the total membership of a committee. A committee shall make its recommendations to the agency head in writing.

Section 4.

The labor-management committee shall meet at the call of either the Union members or the Employer members at times mutually agreeable to both parties. At least one week in advance of a meeting the party calling the meeting shall provide, to the other party, a written agenda of matters to be discussed. Minutes shall be kept and copies supplied to all members of the committee.

The provisions of this Agreement are subject to applicable provisions of law, including the New York State Financial Emergency Act for the City of New York as amended.

The Appendix or Appendices, if any, attached hereto and initialed by the undersigned shall be deemed a part of this Agreement as if fully set forth herein.

ARTICLE XIV - SAVINGS CLAUSE

In the event that any provision of this Agreement is found to be invalid, such invalidity shall not impair the validity and enforceability of the remaining provisions of this Agreement.

Longevity Increment Eligibility Rules

The following rules shall govern the eligibility of Employees for the longevity increments provided for in Article III, Section 10 of the *Special Officers 2005 – 2006 Agreement*:

1. Only service in pay status shall be used to calculate the 15 years of service, except that for other than full time per annum Employees only a continuous year of service in pay status shall be used to calculate the 15 years of service. A continuous year of service shall be a full year of service without a break of more than 31 days. Where the regular and customary work year for a title is less than a twelve month year, such as a school year, such regular and customary year shall be credited as a continuous year of service counting towards the 15 years of service. If the normal work year for an Employee is less than the regular and customary work year for the employee's title, it shall be counted as a continuous year of service if the Employee has customarily worked that length work year and the applicable agency verifies that information.

2. Service in pay status prior to any breaks in service of more than one year shall not be used to calculate the 15 years of service. Where an Employee has less than seven years of continuous service in pay status, breaks in service of less than one year shall be aggregated. Where breaks in service aggregate to more than one year they shall be treated as a break in service of more than one year and the service prior to such breaks and the aggregated breaks shall not be used to calculate the 15 years of service. No break used to disqualify service shall be used more than once.

3. The following time in which an Employee is not in pay status shall not constitute a break in service as specified in Section 2 above:

a. Time on a leave approved by the proper authority which is consistent with the **Rules and Regulations of the City of New York** or the appropriate personnel authority of a covered organization.

b. Time prior to a reinstatement.

c. Time on a preferred list pursuant to **Civil Service Law Sections 80 and 81** or any similar contractual provision.

d. Time not in pay status of 31 days or less.

Notwithstanding the above, such time as specified in subsections a, b and c above shall not be used to calculate the 15 years of service.

4. Once an Employee has completed the 15 years of "City" service in pay status and is eligible to receive the $500 longevity increment, the $500 shall become part of the Employee's base rate for all purposes. Fifteen months after the Employee begins to receive the $500 longevity increment, such $500 longevity increment shall become pensionable and as part of the Employee's base rate, the $500 longevity increment shall be subject to the general increases provided in Article III, Section 3(a) of this **Agreement**.

Nothing contained in the current 2005-2006 Local 237 IBT Agreements shall preclude the parties from continuing discussions to identify, review, recommend and develop initiatives that will generate workplace savings, maximize the potential of the City workforce and ensure the provision of essential services, while at the same time providing increased compensation for the City workforce.

The terms of the side letter dated April 5, 2005 shall continue in full force and effect except as modified below. In no case shall the single contribution provided in Article XIII, Section l(b) of the 1995-2001 Citywide Agreement, as amended or any successor agreement(s) thereto, exceed the total amount that the Union would have been entitled to receive if the separate contributions had continued.

The cost of providing this benefit shall be funded by the Stabilization Fund.

ARTICLE V - PRODUCTIVITY AND PERFORMANCE

Introduction

Delivery of municipal services in the most efficient, effective and courteous manner is of paramount importance to the Employer and the Union. Such achievement is recognized to be a mutual obligation of both parties within their respective roles and responsibilities. To achieve and maintain a high level of effectiveness, the parties hereby agree to the following terms:

Section 1. - Performance Levels

a. The Union recognizes the Employer's right under the New York City Collective Bargaining Law to establish and/or revise performance standards or norms notwithstanding the existence of prior performance levels, norms or standards. Such standards, developed by usual work measurement procedures, may be used to determine acceptable performance levels, to prepare work schedules and to measure the performance of each Employee or group of Employees. Notwithstanding the above, questions concerning the practical impact that decisions on the above matters have on Employees are within the scope of collective bargaining. The Employer will give the Union prior notice of the establishment and/or revision of performance standards or norms hereunder.

b. Employees who work at less than acceptable levels of performance may be subject to disciplinary measures in accordance with applicable law.

Section 2. - Supervisory Responsibility

a. The Union recognizes the Employer's right under the New York City Collective Bargaining Law to establish and/or revise standards for supervisory responsibility in achieving and maintaining performance levels of supervised Employees for Employees in supervisory positions listed in Article I, Section 1, of this Agreement. Notwithstanding the above, questions concerning the practical impact that decisions on the above matters have on Employees are within the scope of collective bargaining. The Employer will give the Union prior notice of the establishment and/or revision of standards for supervisory responsibility hereunder.

b. Employees who fail to meet such standards may be subject to disciplinary measures in accordance with applicable law.

Section 3. - Performance Compensation

The Union acknowledges the Employer's right to pay additional compensation for outstanding performance.

The Employer agrees to notify the Union of its intent to pay such additional compensation.

The term **"Grievance"** shall mean:

a. A dispute concerning the application or interpretation of the terms of this Agreement;

A claimed violation, misinterpretation or misapplication of the rules or regulations, *written* policy or orders of the Employer applicable to the agency which employs the grievant affecting terms and conditions of employment; provided, disputes involving the Personnel Rules and Regulations of the City of New York or the Rules and Regulations of the Health and Hospitals Corporation with respect to those matters set forth in the first paragraph of Section 7390.1 of the Unconsolidated Laws shall not be subject to the grievance procedure or arbitration;

Employees may at any time informally discuss with their supervisors a matter which may become a grievance. If the results of such a discussion are unsatisfactory, the Employees may present the grievance at **STEP I**.

All grievances must be presented in writing at all steps in the grievance procedure. For all grievances as defined in Section l(c), no monetary award shall in any event cover any period prior to the date of the filing of the **STEP I** grievance unless such grievance has been filed within thirty (30) days of the assignment to alleged out-of-title work. No monetary award for a grievance alleging a miscalculation of salary rate resulting in a payroll error of a continuing nature shall be issued unless such grievance has been filed within the time limitation set forth in **STEP I** below for such grievances; if the grievance is so filed, any monetary award shall in any event cover only the period up to six years prior to the date of the filing of the grievance.

STEP I The Employee and/or the Union shall present the grievance in the form of a memorandum to the person designated for such purpose by the agency head no later than 120 days after the date on which the grievance arose except that grievances alleging a miscalculation of salary rate resulting in a payroll error of a continuing nature shall be presented no later than 120 days after the first date on which the grievant discovered the payroll error. The Employee may also request an appointment to discuss the grievance and such request shall be granted. The person designated by the Employer to hear the grievance shall take any steps necessary to a proper disposition of the grievance and shall issue a determination in writing by the end of the third work day following the date of submission.

The following STEP I(a) shall be applicable only in the Health and Hospitals Corporation in the case of grievances arising under Section 1(a) through 1(c) of this Article and shall be applied prior to Step II of this Section:

STEP I(a) An appeal from an unsatisfactory determination at **STEP I** shall be presented in writing to the person designated by the agency head for such purpose. An appeal must be made within five (5) work days of the receipt of the **STEP I** determination. A copy of the grievance appeal shall be sent to the person who initially passed upon the grievance. The person designated to receive the appeal at this **STEP I** shall meet with the Employee and/or the Union for review of the grievance and shall issue a determination to the Employee and/or the Union by the end of the fifth work day following the day on which the appeal was filed.

STEP II An appeal from an unsatisfactory determination at **STEP I** or **STEP I(a)**, where applicable, shall be presented in writing to the agency head or the agency head's designated representative who shall not be the same person designated in **STEP I**. An appeal must be made within five (5) work days of the receipt of the **STEP I** or **STEP I(a)** determination. The agency head or designated representative, if any, shall meet with the Employee and/or the Union for review of the grievance and shall issue a determination in writing by the end of the tenth work day following the date on which the appeal was filed.

STEP III An appeal from an unsatisfactory determination at **STEP II** shall be presented by the Employee and/or the Union to the Commissioner of Labor Relations in writing within ten (10) work days of the receipt of the **STEP II** determination. The grievant or the Union should submit copies of the **STEP I** and **STEP II** grievance filings and any agency responses thereto. Copies of such appeal shall be sent to the agency head. The Commissioner of Labor Relations or the Commissioner's designee shall review all appeals from **STEP II** determinations and shall issue a determination on such appeals within fifteen (15) work days following the date on which the appeal was filed.

STEP IV An appeal from an unsatisfactory determination at **STEP III** may be brought solely by the Union to the Office of Collective Bargaining for impartial arbitration within fifteen (15) work days of receipt of the **STEP III** determination. In addition, the Employer shall have the right to bring directly to arbitration any dispute between the parties concerning any matter defined herein as a "grievance". The Employer shall commence such arbitration by submitting a written request therefor to the Office of Collective Bargaining. A copy of the notice requesting impartial arbitration shall be forwarded to the opposing party. The arbitration shall be conducted in accordance with the Title 61 of the Rules of the City Of New York. The costs and fees of such arbitration shall be borne equally by the Union and the Employer.

The arbitrator's decision, order or award (if any) shall be limited to the application and interpretation of the Agreement, and the arbitrator shall not add to, subtract from or modify the Agreement or any rule, regulation, written policy or order mentioned in Section 1 of this Article. The arbitrator's award shall be final and binding and enforceable in any appropriate tribunal in accordance with Article 75 of the Civil Practice Law and Rules. The arbitrator may provide for and direct such relief as the arbitrator deems necessary and proper, subject to the limitations set forth above and any applicable limitations of law.

Section 3.

As a condition to the right of the Union to invoke impartial arbitration set forth in this Article, including the arbitration of a grievance involving a claimed improper holding of an open-competitive rather than a promotional examination, the Employee or Employees and the Union shall be required to file with the Director of the Office of Collective Bargaining a written waiver of the right, if any, of such Employee(s) and the Union to submit the underlying dispute to any other administrative or judicial tribunal except for the purpose of enforcing the arbitrator's award.

Section 4.

a. Any grievance under Section l(d) relating to a claimed improper holding of an open-competitive rather than a promotional examination shall be presented in writing by the Employee or the Union representative to the Commissioner of Labor Relations not later than thirty (30) days after the notice of the intention to conduct such open-competitive examination, or copy of the appointing officer's request for such open-competitive examination, as the case may be, has been posted in accordance with Section 51 of the Civil Service Law. The grievance shall be considered and passed upon within ten (10) days after its presentation. The determination shall be in writing, copies of which shall be transmitted to both parties to the grievance upon issuance.

b. A grievance relating to the use of an open-

competitive rather than a promotional examination which is unresolved by the Commissioner of Labor Relations may be brought to impartial arbitration as provided in Sections 2 and 3 above. Such a grievance shall be presented by the Union, in writing, for arbitration within 15 days of the presentation of such grievance to the Commissioner of Labor Relations, and the arbitrator shall decide such grievance within 75 days of its presentation to the arbitrator. The party requesting such arbitration shall send a copy of such request to the other party. The costs and fees of such arbitration shall be borne equally by the Employer and the Union.

Section 5.

In any case involving a grievance under Section l(e) of this Article, the following procedure shall govern upon service of written charges of incompetence or misconduct:

STEP A Following the service of written charges, a conference with such Employee shall be held with respect to such charges by the person designated by the agency head to review a grievance at **STEP I** of the Grievance Procedure set forth in this Agreement. The Employee may be represented at such conference by a representative of the Union. The person designated by the agency head to review the charges shall take any steps necessary to a proper disposition of the charges and shall issue a determination in writing by the end of the fifth day following the date of the conference.

If the Employee is satisfied with the determination in **STEP A** above, the Employee may choose to accept such determination as an alternative to and in lieu of a determination made pursuant to the procedures provided for in Section 75 of the Civil Service Law or the Rules and Regulations of the Health and Hospitals Corporation. As a condition of accepting such determination, the Employee shall sign a waiver of the Employee's right to the procedures available to him or her under Sections 75 and 76 of the Civil Service Law or the Rules and Regulations of the Health and Hospitals Corporation.

STEP B(i) If the Employee is not satisfied with the determination at **STEP A** above then the Employer shall proceed in accordance with the disciplinary procedures set forth in Section 75 of the Civil Service Law or the Rules and Regulations of the Health and Hospitals Corporation. As an alternative, the Union with the consent of the Employee may choose to proceed in accordance with the Grievance Procedure set forth in this Agreement, including the right to proceed to binding arbitration pursuant to **STEP IV** of such Grievance Procedure. As a condition for submitting the matter to the Grievance Procedure the Employee and the Union shall file a written waiver of the right to utilize the procedures available to the Employee pursuant to Sections 75 and 76 of the Civil Service Law or the Rules and Regulations of the Health and Hospitals Corporation or any other administrative or judicial tribunal, except for the purpose of enforcing an arbitrator's award, if any. Notwithstanding such waiver, the period of an Employee's suspension without pay pending hearing and determination of charges shall not exceed thirty (30) days.

STEP B(ii) If the election is made to proceed pursuant to the Grievance Procedure, an appeal from the determination of **STEP A** above, shall be made to the agency head or designated representative. The appeal must be made in writing within five (5) work days of the receipt of the determination. The agency head or designated representative shall meet with the Employee and the Union for review of the grievance and shall issue a determination to the Employee and the Union by the end of the tenth work day following the day on which the appeal was filed. The agency head or designated representative shall have the power to impose the discipline, if any, decided upon, up to and including termination of the accused Employee's employment. In the event of such termination or suspension without pay totaling more than thirty (30) days, the Union with the consent of the grievant may elect to skip **STEP C** of this Section and proceed directly to **STEP D**.

STEP C If the grievant is not satisfied with the determination of the agency head or designated representative the grievant or the Union may appeal to the Commissioner of Labor Relations in writing within ten (10) work days of the determination of the agency head or designated representative. The Commissioner of Labor Relations shall issue a written reply to the grievant and the Union within fifteen (15) work days.

STEP D If the grievant is not satisfied with the determination of the Commissioner of Labor Relations, the Union with the consent of the grievant may proceed to arbitration pursuant to the procedures set forth in **STEP IV** of the Grievance Procedure set forth in this Agreement.

Section 6.

In any case involving a grievance under Section 1(g) of this Article, the following procedure shall govern upon service of written charges of incompetence or misconduct:

STEP A Following the service of written charges, a conference with such Employee shall be held with respect to such charges by the person designated by the agency head to review a grievance at **STEP I** of the Grievance Procedure set forth in this Agreement. The Employee may be represented at such conference by a representative of the Union. The person designated by the agency head to review the charges shall take any steps necessary to a proper disposition of the charges and shall issue a determination in writing by the end of the fifth day following the date of the conference.

STEP B(i) If the Employee is not satisfied with the determination at **STEP A** above, then the Employee may choose to proceed in accordance with the Grievance Procedure set forth in this Agreement through **STEP III**. The Union, with the consent of the Employee, shall have the right to proceed to binding arbitration pursuant to **STEP IV** of such Grievance Procedure. The period of an Employee's suspension without pay pending hearing and determination of charges shall not exceed thirty (30) days.

STEP B(ii) An appeal from the determination of **STEP A** above shall be made to the agency head or designated representative. The appeal must be made in writing within five (5) work days of the receipt of the determination. The agency head or designated representative shall meet with the Employee and the Union for review of the grievance and shall issue a determination to the Employee and the Union by the end of the tenth work day following the day on which the appeal was filed. The agency head or designated representative shall have the power to impose the discipline, if any, decided upon, up to and including termination of the accused Employee's employment. In the event of such termination or suspension without pay totaling more than thirty (30) days, the Union with the consent of the grievant may elect to skip **STEP C** of this Section and proceed directly to **STEP D**.

STEP C If the grievant is not satisfied with the determination of the agency head or designated representative the grievant or the Union may appeal to the Commissioner of Labor Relations in writing within ten (10) days of the determination of the agency head or designated representative. The Commissioner of Labor Relations shall issue a written reply to the grievant and the Union within fifteen (15) work days.

STEP D If the grievant is not satisfied with the determination of the Commissioner of Labor Relations, the Union with the consent of the grievant may proceed to arbitration pursuant to the procedures set forth in **STEP IV** of the Grievance Procedure set forth in this Agreement.

Section 7.

Grievances relating to a claimed wrongful disciplinary action taken against a non-competitive Employee shall be subject to and governed by the following special procedure:

The provisions contained in this Section shall not apply to any of the following categories of Employees covered by this contract:

a. Per diem Employees

b. Temporary Employees

c. Probationary Employees

d. Trainees and provisional Employees

e. Noncompetitive Employees with less than three (3) months of service in the title

f. Competitive class Employees.

Step I(n) Following the service of written charges upon an Employee, a conference with such Employee shall be held with respect to such charges by a person designated by the agency head to review such charges. The Employee may be represented at such conference by a representative of the Union. The person designated by the agency head to review the charges shall take any steps necessary to a proper disposition of the charges and shall issue a determination in writing by the end of the fifth day following the date of the conference.

Step II(n) - If the Employee is not satisfied with the decision in Step I above, he may appeal such decision. The appeal must be within five (5) working days of the receipt of such decision. Such appeal shall be treated as a grievance appeal beginning with Step II of the Grievance Procedure set forth in Article VI, Section 2.

Section 8.

A grievance concerning a large number of Employees and which concerns a claimed misinterpretation, inequitable application, violation or failure to comply with the provisions of this Agreement may be filed directly at **STEP III** of the grievance procedure except that a grievance concerning Employees of the Health and Hospitals Corporation may be filed directly at **STEP II** of the grievance procedure. Such "group" grievance must be filed no later than 120 days after the date on which the grievance arose, and all other procedural limits, including time limits, set forth in this Article shall apply. All other individual grievances in process concerning the same issue shall be consolidated with the "group" grievance.

Section 9.

If a determination satisfactory to the Union at any level of the Grievance Procedure is not implemented within a reasonable time, the Union may re-institute the original grievance at **STEP III** of the Grievance Procedure; or if a satisfactory **STEP III** determination has not been so implemented, the Union may institute a grievance concerning such failure to implement at **STEP IV** of the Grievance Procedure.

Section 10.

If the Employer exceeds any time limit prescribed at any step in the Grievance Procedure, the grievant and/or the Union may invoke the next step of the procedure, except that only the Union may invoke impartial arbitration under **STEP IV**.

Section 11.

The Employer shall notify the Union in writing of all grievances filed by Employees, all grievance hearings, and all determinations. The Union shall have the right to have a representative present at any grievance hearing and shall be given forty-eight (48) hours' notice of all grievance hearings.

Section 12.

Each of the steps in the Grievance Procedure, as well as time limits prescribed at each step of this Grievance Procedure, may be waived by mutual agreement of the parties.

Section 13.

A non-Mayoral agency not covered by this Agreement but which employs Employees in titles identical to those covered by this Agreement may elect to permit the Union to appeal an unsatisfactory determination received at the last step of its Grievance Procedure prior to arbitration on fiscal matters only to the Commissioner of Labor Relations. If such election is made, the Union shall present its appeal to the Commissioner of Labor Relations in writing within ten (10) work days of the receipt of the last step determination. The Union should submit copies of the grievance filings at the prior steps of its Grievance Procedure and any agency responses thereto. Copies of such appeals shall be sent to the agency head. The Commissioner of Labor Relations, or the Commissioner's designee, shall review all such appeals and answer all such appeals within fifteen (15) work days. An appeal from a determination of the Commissioner of Labor Relations may be taken to arbitration under procedures, if any, applicable to the non-Mayoral agency involved.

Section 14.

The grievance and the arbitration procedure contained in this Agreement shall be the exclusive remedy for the resolution of disputes defined as "grievances" herein. This shall not be interpreted to preclude either party from enforcing the arbitrator's award in court. This Section shall not be construed in any manner to limit the statutory rights and obligations of the Employer under Article XIV of the Civil Service Law.

Section 15. Expedited Arbitration Procedure

a. The parties agree that there is a need for an expedited arbitration process which would allow for the prompt adjudication of grievances as set forth below.

b. The parties voluntarily agree to submit matters to final and binding arbitration pursuant to the New York City Collective Bargaining Law and under the jurisdiction of the Office of Collective Bargaining. An arbitrator or panel of arbitrators, as agreed to by the parties, will act as the arbitrator of any issue submitted under the expedited procedure herein.

c. The selection of those matters which will be submitted shall include, but not limited to, out-of-title cases concerning all titles, disciplinary cases wherein the proposed penalty is a monetary fine of one week or less or written reprimand, and other cases pursuant to mutual agreement by the parties. The following procedures shall apply:

i. SELECTION AND SCHEDULING OF CASES:

(1) The Deputy Chairperson for Disputes of the Office of Collective Bargaining shall propose which cases shall be subject to the procedures set forth in this Section 15 and notify the parties of proposed hearing dates for such cases.

(2) The parties shall have ten business days from the

receipt of the Deputy Chairperson's proposed list of cases and hearing schedule(s) to raise any objections thereto.

(3) If a case is not proposed by the Deputy Chairperson for expedited handling, either party may, at any time prior to the scheduling of an arbitration hearing date for such case, request in writing to the other party and to the Deputy Chairperson of Disputes of the Office of Collective Bargaining that said case be submitted to the expedited procedure. The party receiving such request shall have ten business days from the receipt of the request to raise any objections thereto.

(4) No case shall be submitted to the expedited arbitration process without the mutual agreement of the parties.

ii. **CONDUCT OF HEARINGS:**

(1) The presentation of the case, to the extent possible, shall be made in the narrative form. To the degree that witnesses are necessary, examination will be limited to questions of material fact and cross examination will be similarly limited. Submission of relevant documents, etc., will not be unreasonably limited and may be submitted as a "packet" exhibit.

(2) In the event either party is unable to proceed with hearing a particular case, the case shall be rescheduled. However, only one adjournment shall be permitted. In the event that either party is unable to proceed on a second occasion, a default judgment may be entered against the adjourning party at the Arbitrator's discretion absent good cause shown.

(3) The Arbitrator shall not be precluded from attempting to assist the parties in settling a particular case.

(4) A decision will be issued by the Arbitrator within two weeks. It will not be necessary in the Award to recount any of the facts presented. However, a brief explanation of the Arbitrator's rationale may be included. Bench decisions may also be issued by the Arbitrator.

(5) Decisions in this expedited procedure shall not be considered as precedent for any other case nor entered into evidence in any other forum or dispute except to enforce the Arbitrator's award.

(6) The parties shall, whenever possible, exchange any documents intended to be offered in evidence at least one week in advance of the first hearing date and shall endeavor to stipulate to the issue in advance of the hearing date.

ARTICLE VII - BULLETIN BOARDS: EMPLOYER FACILITIES

The Union may post notices on bulletin boards in places and locations where notices usually are posted by the Employer for the Employees to read. All notices shall be on Union stationery, and shall be used only to notify Employees of matters pertaining to Union affairs. Upon request to the responsible official in charge of a work location, the Union may use Employer premises for meetings during Employees' lunch hours, subject to availability of appropriate space and provided such meetings do not interfere with the Employer's business.

ARTICLE VIII - NO STRIKES

In accordance with the New York City Collective Bargaining Law, as amended, neither the Union nor any Employee shall induce or engage in any strikes, slowdowns, work stoppages, mass absenteeism, or induce any mass resignations during the term of this Agreement.

ARTICLE IX - CITYWIDE ISSUES

This Agreement is subject to the provisions, terms and conditions of the agreement which has been or may be negotiated between the City and the union recognized as the exclusive collective bargaining representative on citywide matters which must be uniform for specified Employees, including the Employees covered by this Agreement. Employees in Rule X titles shall receive the benefits of the Citywide Agreement unless otherwise specifically excluded herein.

ARTICLE X - UNION ACTIVITY

Time spent by Employee representatives in the conduct of labor relations with the City and on Union activities shall be governed by the terms of Executive Order No. 75, as amended, dated March 22, 1973, entitled "Time Spent on the Conduct of Labor Relations between the City and Its Employees and on Union Activity" or any other applicable Executive Order.

ARTICLE XI - LABOR-MANAGEMENT COMMITTEE

Section 1.

The Employer and the Union, having recognized that cooperation between management and Employees is indispensable to the accomplishment of sound and harmonious labor relations, shall jointly maintain and support a labor-management committee in each of the agencies having at least fifty Employees covered by this Agreement.

Section 2.

Each labor-management committee shall consider and recommend to the agency head changes in the working conditions of the Employees within the agency who are covered by this Agreement. Matters subject to the Grievance Procedure shall not be appropriate items for consideration by the labor-management committee.

Section 3.

Each labor-management committee shall consist of six members who shall serve for the term of this Agreement. The Union shall designate three members and the agency head shall designate three members. Vacancies shall be filled by the appointing party for the balance of the term to be served. Each member may designate one alternate. Each committee shall select a chairperson from among its members at each meeting. The chairpersonship of each committee shall alternate between the members designated by the agency head and the members designated by the Union. A quorum shall consist of a majority of the total membership of a committee. A committee shall make its recommendations to the agency head in writing.

Section 4.

The labor-management committee shall meet at the call of either the Union members or the Employer members at times mutually agreeable to both parties. At least one week in advance of a meeting the party calling the meeting shall provide, to the other party, a written agenda of matters to be discussed. Minutes shall be kept and copies supplied to all members of the committee.

ARTICLE XII- FINANCIAL EMERGENCY ACT

The provisions of this Agreement are subject to applicable provisions of law, including the New York State Financial Emergency Act for the City of New York as amended.

Appendix A
Longevity Increment Eligibility Rules - Local 832

The following rules shall govern the eligibility of Employees for the longevity increments provided for in Article III, Section 8 of the **2005-2006 Institutional Titles Agreement**:

1. Only service in pay status shall be used to calculate the 15 years of service, except that for other than full time per annum Employees only a continuous year of service in pay status shall be used to calculate the 15 years of service. A continuous year of service shall be a full year of service without a break of more than 31 days. Where the regular and customary work year for a title is less than a twelve-month year, such as a school year, such regular and customary year shall be credited as a continuous year of service counting towards the 15 years of service. If the normal work year for an Employee is less than the regular and customary work year for the Employee's title, it shall be counted as a continuous year of service if the Employee has customarily worked that length work year and the applicable agency verifies that information.

2. Service in pay status prior to any breaks in service of more than one year shall not be used to calculate the 15 years of service. Where an Employee has less than seven years of continuous service in pay status, breaks in service of less than one year shall be aggregated. Where breaks in service aggregate to more than one year they shall be treated as a break in service of more than one year and the service prior to such breaks and the aggregated breaks shall not be used to calculate the 15 years of service. No break used to disqualify service shall be used more than once.

3. The following time in which an Employee is not in pay status shall not constitute a break in service as specified in paragraph 2 above:

   a. Time on a leave approved by the proper authority which is consistent with **the Rules and Regulations of the New York City Personnel Director** or the appropriate personnel authority of a covered organization.

   b. Time prior to a reinstatement.

   c. Time on a preferred list pursuant to **Civil Service Law Sections 80 and 81** or any similar contractual provision.

   d. Time not in pay status of 31 days or less.

Notwithstanding the above, such time as specified in subsections a, b and c above shall not be used to calculate the 15 years of service.

4. (g) Evaluation Process. [The RFP]Award, if any, must [state that the contract award will] be made to the responsible proposer whose proposal is determined to be the most advantageous to the City, taking into consideration the price and such other factors or criteria that are set forth in the RFP. [No other factors or criteria shall be used in the evaluation and award of the contract except those specified in the RFP.]In evaluating the proposals, the agency may consider only price and the criteria set forth in the RFP. In considering price, the agency may use methods such as ranking technically viable proposals by price, evaluating price per technical point, or evaluating proposals in accordance with another combination of price and technical merit, which may result in the agency selecting the highest technically rated proposer over another technically qualified proposer who offered a lower fee as a result of factors including, but not limited to, the selected vendor's superior technical skill and expertise, increased likelihood of timely completion, and/or ability to manage several projects simultaneously with lower overall costs to the City, in City personnel time and consultant costs. In addition, for construction-related consulting services, the agency shall rank proposers by technical merit, and then consider price by methods such as negotiating a fair and reasonable price with the highest technically ranked proposer or using fee curves based on market-derived data with appropriate consideration of complexity. Other methods, such as ranking technically viable proposals by price, evaluating price per technical point, or evaluating proposals in accordance with another combination of price and technical merit, may be used for construction-related consulting services with the written approval of the CCPO.

(1) Evaluation Committee. Proposals shall be reviewed by an evaluation committee consisting of no fewer than three persons with knowledge, expertise, and experience sufficient to make a fair and reasonable evaluation. If an RFP incorporates multiple competitions, each competition may be evaluated by a separate committee. The ACCO shall require each member of the evaluation committee(s) to submit a signed statement, in a format approved by the CCPO, agreeing to prohibitions on any conflicts of interest.

(a) Randomized evaluation process. If the ACCO determines that such a high volume of competing proposals is likely to be received that it will be infeasible for each member of the evaluation committee to read each proposal, the ACCO may, subject to the approval of the CCPO, establish a pool of appropriate evaluators and then randomly assign each proposal to at least three such evaluators for review.

(b) Outside Evaluators. The evaluation committee may include persons who are not employed by the agency. In addition, the ACCO may determine, subject to the approval of the CCPO, that it in the best interests of the City for the evaluation committee to include persons who are not employees of the City of New York. Such persons must serve without financial compensation, but may be entitled to travel and other related expenses as may be reasonably incurred in the execution of their role as an evaluator.

(2) Rating Sheets. Ratings sheets or other written evaluation forms shall be used to evaluate proposals [and shall be signed and dated by all members of the evaluation committee]by the evaluators and each evaluator shall sign and date his or her rating sheets. Initial ratings may be amended and the amended ratings recorded on amended ratings sheets. Copies of all initial and amended rating sheets or evaluation forms shall be maintained.

(3) Proposal Discussions with Individual Offerors. The evaluation committee shall evaluate all proposals and may elect to enter into discussions with those whose proposals are acceptable or are reasonably likely to be made acceptable for any or all of the [purpose of]following purposes:

(i) promoting understanding of the City's requirements and the vendors' proposals and capabilities;

(ii) obtaining the best price for the City; [and]or

(iii) arriving at a contract that will be most advantageous to the City taking into consideration price and the other evaluation factors set forth in the RFP.

(4) Conduct of Discussions.

(i) Proposers shall be accorded fair treatment with respect to any opportunity for discussions and revisions of proposals.

(ii) The ACCO shall establish an agenda and schedule for conducting discussions.

(iii) If there is a need for any substantial clarification of, or change in, the RFP, the RFP must be amended to incorporate such clarification or change and shall be provided to all proposers.

(iv) Auction techniques (revealing one proposer's price to another) and disclosure of any information derived from competing proposals are prohibited.

(v) Any oral clarification of a proposal shall be confirmed in writing by the proposer.

(5) Best and Final Offers. Best and final offers are the revised and corrected final proposals submitted by proposers after discussions, if any, have been held by the procuring agency.

(i) The ACCO shall establish a common date and time for the submission of best and final offers.

(ii) Best and final offers shall be submitted only once unless the ACCO makes a determination that it is in the City's best interest to conduct additional discussions and/or require another submission of best and final offers.

(iii) Proposers shall be informed that if they do not submit a notice of withdrawal or another best and final offer, their immediate previous offer will be construed as their best and final offer.

(iv) All best and final offers shall be recorded on the Register of Proposals and handled in accordance with the control procedures contained in these Rules.

(v) The ACCO may request best and final offers on the whole proposal or on any one or combination of its component parts (e.g., price, technical qualifications, approach, and/or capability). The request shall be the same for all proposers.

(vi) Best and final offers shall be evaluated in accordance with this subdivision.

(vii) For construction-related consulting services, in the event that the agency has chosen to negotiate a fair and reasonable price with the top-ranked proposer, if such a fee is not successfully negotiated, the agency may conclude such negotiations, and enter into negotiations with the next ranked vendor(s), as necessary.

Section 3-04 NEGOTIATED ACQUISITION.

(a) Policy. Negotiated acquisition may be used for all categories of procurement under the circumstances and subject to the conditions set forth in this section. Authority for approvals or determinations required by this section shall not be delegated, unless otherwise stated herein.

(b) Procedures.

* * *

(4) The agency shall negotiate with all qualified vendors that have expressed interest unless the ACCO determines for a particular procurement or for a particular type of procurement that it is in the City's best interest to negotiate with fewer vendors, and the CCPO approves such determination. For construction-related consulting services, the agency may choose to rank vendors with whom it negotiates without consideration of price, and then negotiate a fair and reasonable fee with the top-ranked vendor. If such a fee is not successfully negotiated, the agency may conclude such negotiations, and enter into negotiations with the next ranked vendor(s), as necessary.

READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council,** 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists--free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

Article XII
Chapter 4
Special Industrial Employment District
124-00 GENERAL PURPOSES
The Special Industrial Employment District regulations established in this Chapter of the Resolution are designed to promote and protect public health, safety and general welfare, and contribute to a well-considered plan. These general goals include, among others, the following specific purposes:

(a) To provide sufficient space, in locations where nearby redevelopment has the potential to create obstacles to the viability and growth of existing industrial employment clusters, to meet the city's present and future needs with regard to manufacturing and industrial activities;
(b) To provide, to the maximum extent practicable, that space will be available for continued use as manufacturing or industrial space in those areas designated by city and/or state agencies as priority locations for such uses;
(c) To retain adequate wage- and job-producing industries in areas in close proximity to new commercial and residential development;
(d) To provide a reasonable level of certainty to property owners, developers and areas residents in regard to what uses are permitted;
(e) To help attract significant clusters of manufacturing, industrial, warehousing, wholesaling and distribution activities that will complement and enhance presently existing areas; and
(f) To promote the stability of the city's manufacturing and industrial sector and to maintain as diverse its economic base by promoting certain areas as especially appropriate for manufacturing and industrial purposes thus conserving the value of land and protecting the city's tax revenue.

124-01

Special Permits for uses not allowed as-of-right in Industrial Employment Districts

In Industrial Employment Districts, located within M1, M2, or M3 Districts, the City Planning Commission may permit those uses set forth in Article XII, Chapter 4, Section 124-03 provided the following findings are made:

(b) that adequate consideration has been given to the selection of a site in a district where such use is permitted as-of-right and that no such site has been deemed feasible; and

(c) that such use will not draw vehicular traffic into such district in a volume that would disrupt permitted uses within the district.

NOTICE OF PUBLIC HEARING ON THE ONE POLICE PLAZA SECURITY PLAN DRAFT ENVIRONMENTAL IMPACT STATEMENT

The New York City Police Department (NYPD) will hold a public hearing on the Draft Environmental Impact Statement (DEIS) on **Thursday, September 14, 2006, in the 2nd floor auditorium at 125 Worth Street, New York, NY. The first session will run from 2:00 P.M. to 4:00 P.M. and the second session will run from 6:00 P.M. to 8:00 P.M. Members of the public will need photo identification to gain entrance to the building.** Oral and written comments will be accepted at the public hearing. In addition, written comments on the DEIS are requested and should be sent to Inspector Anthony Tria, NYPD Capital Construction, 620 Circle Drive, Fort Totten, NY 11359 Phone: 718-281-1254, Fax: 718-281-1593 through the 20th calendar day (October 4, 2006) following the close of the public hearing.

The New York City Police Department (NYPD) has prepared a Draft Environmental Impact Statement (DEIS) for the security plan established following the events of September 11, 2001 in order to protect City, State, and Federal facilities in the "civic center" portion of lower Manhattan which were, and continue to be, considered potential targets. These security measures included the installation of attended security checkpoint booths, planters, bollards and hydraulically-operated delta barriers to restrict the access of unauthorized vehicles from the roadways situated adjacent to the civic facilities located near NYPD headquarters at One Police Plaza.

The DEIS contains a description and analysis of the action and its environmental setting; the environmental impacts of the action, including its short and long term effects, and typical associated environmental effects; identification of any significant adverse environmental effects; a discussion of alternatives to the action; the identification of any irreversible and irretrievable commitments of resources that would be involved in the action; and a description of any necessary mitigation measures proposed to minimize significant adverse environmental impacts.

The action results in no significant adverse impacts to land use, zoning, public policy, community facilities and services, socioeconomic conditions, visual resources and parking. The DEIS discloses that the action, however, does result in significant adverse impacts to urban design, neighborhood character, traffic, transit and pedestrian conditions, and air quality and noise related to traffic diversions.

The DEIS describes mitigation measures including installation of a landscaped esplanade along Park Row, the reconfiguration of Chatham Square, and the restoration of bus service along Park Row. Four alternatives to the action are examined, but found not to satisfy the goals and objectives of the action, which are to secure police headquarters and the "civic center" area of lower Manhattan. Traffic impacts at Robert F. Wagner, Sr. Place and Pearl Street, and traffic-related noise impacts to residential buildings and Columbus Park on Worth Street at intersections of Worth and Baxter Streets and Worth and Mulberry Streets cannot be fully mitigated.

This public hearing is being held in conformance with Article 8 of the Environmental Conservation Law, the State Environmental Quality Review Act, City Environmental Quality Review procedures, and Local Law No. 24 of 2005.

Copies of the DEIS may be reviewed at the New York City Office of Environmental Coordination, 100 Gold Street, 2nd Floor, New York, NY 10038, Robert Kulikowski, Director, 212-788-9956. The DEIS is also available online through a link from the homepage of the New York City Police Department at http://www.nyc.gov/html/nypd under the "Recent Press Releases/News" section of the website.

AGREEMENT made this 5th day of September, 2006, by and between the City of New York (hereinafter called the "City"), acting by the Commissioner of Labor Relations, and the Correction Officers Benevolent Association of the City of New York, Inc. (hereinafter called the "Union" or the "C.O.B.A."), for the twenty-seven (27) month period from May 1, 2005 to July 31, 2007.

W I T N E S S E T H:

WHEREAS, the Correction Officers employed by the City have duly designated the Union as their exclusive bargaining representative for the purpose of collective bargaining with the City with respect to wages, hours and conditions of employment; and

WHEREAS, the Union and the City desire to cooperate in establishing conditions which will tend to secure standards and conditions of employment consistent with the dignity of Correction Officers, and to provide methods for fair and peaceful adjustment of disputes that may arise between the Union and the City; and

WHEREAS, as a result of collective bargaining the parties have reached an agreement which they desire to reduce to writing;

NOW, THEREFORE, it is mutually agreed as follows:

ARTICLE I - UNION RECOGNITION AND UNIT DESIGNATION

Section 1.

The City recognizes the Union as the sole and exclusive collective bargaining representative for the unit consisting of the employees of New York City in the title of "Correction Officer."

Section 2.

Except as otherwise provided herein, for purposes of this Contract, the terms "employee," "employees," "Correction Officer" or "Correction Officers" shall be interchangeable and shall relate solely to employees in the unit described in Section 1 of this Article.

ARTICLE II - UNION SECURITY - DUES CHECKOFF

Section 1.

All employees covered by this Agreement shall be free to become and remain members of the Union in good standing.

Section 2.

The Union shall have the exclusive right to the checkoff and transmittal of dues in behalf of each employee in the unit in accord with the Mayor's Executive Order No. 98, dated May 15, 1969 entitled "Regulations Regulating the Checkoff of Union Dues" and in accord with the Mayor's Executive Order No. 107, dated December 29, 1986 entitled "Regulations Governing Procedures for Orderly Payroll Checkoff of Union Dues" and any executive orders which amend or supersede said Executive Orders.

Section 3.

An employee may consent in writing to the authorization of the deduction of dues from his wages and to the designation of the Union as the recipient thereof. Such consent, if given, shall be in a proper form, in accord with Section 2 of this Article II, which bears the signature of the employee.

Section 4.

The parties agree to an agency shop to the extent permitted by applicable law, as described in a supplemental agreement hereby incorporated by reference.

Such cash payments or compensatory time off shall be computed on the basis of fifteen (15) minute segments.

Section 2.

In order to preserve the intent and spirit of this Section on overtime compensation, there shall be no rescheduling of days off and/or tours of duty. This restriction shall apply both to the retrospective crediting of time off against hours already worked and to the anticipatory re-assignment of personnel to different days off and/or tours of duty.

d. a claimed improper holding of an open-competitive rather than a promotional examination;

Step I The employee and/or the Union shall present the grievance verbally or in the form of a memorandum to the "Head of the Facility" not later than ninety (90) days after the date on which the grievance arose. The employee may also request an appointment to discuss the grievance. The Head of the Facility shall take any steps necessary to a proper disposition of the grievance and shall reply in writing by the end of the third work day following the date of submission.

Step II An appeal from an unsatisfactory decision at Step I shall be presented in writing to the agency head or the designated representative. The appeal must be made within five (5) working days of the receipt of the Step I decision. The agency head or the designated representative, if any, shall meet with the employee and/or the Union for review of the grievance and shall issue a decision by the end of the tenth work day following the date on which the appeal was filed.

Step III An appeal from an unsatisfactory decision at Step II shall be presented by the employee and/or the Union to the Commissioner of Labor Relations, in writing, within ten (10) working days of the receipt of the Step II decision. Copies of such appeals shall be sent to the agency head. The Commissioner of Labor Relations, or designee, shall review all appeals from Step II decisions and shall answer such appeals within fifteen (15) working days.

Step IV An appeal from an unsatisfactory decision at Step III may be brought solely by the Union to the Office of Collective Bargaining for impartial arbitration within fifteen (15) working days of receipt of the Step III decision. In addition, the City shall have the right to bring directly to arbitration any dispute between the parties concerning any matter defined herein as a "grievance." The City shall commence such arbitration by submitting a written request therefor to the Office of Collective Bargaining. A copy of the notice requesting impartial arbitration shall be forwarded to the opposing party. The arbitration shall be conducted in accord with the Consolidated Rules of the Office of Collective Bargaining. The costs and fees of such arbitration shall be borne equally by the Union and the City. The decision or award of the arbitrator shall be final and binding in accord with applicable law and shall not add to, subtract from or modify any contract, rule, regulation, existing policy or order mentioned in Section 1 of this Article.

Section 3.

As a condition to the right of a Union to invoke impartial arbitration set forth in this Article, including the arbitration of a grievance involving a claimed improper holding of an open-competitive rather than a promotional examination, the employee or employees and the Union shall be required to file with the Director of the Office of Collective Bargaining a written waiver of the right, if any, of the employee or employees and the Union to submit the underlying dispute to any other administrative or judicial tribunal except for the purpose of enforcing the arbitrator's award.

Section 4.

Any grievance of a general nature affecting a large group of employees and which concerns the claimed misinterpretation, inequitable application, violation or failure to comply with the provisions of this Agreement shall be filed at the option of the Union at Step III of the grievance procedure, without resort to previous steps.

Section 5.

If a decision satisfactory to the Union at any level of the grievance procedure is not implemented within a reasonable time, the Union may re-institute the original grievance at Step III of the grievance procedure; or if a satisfactory Step III decision has not been so implemented, the Union may institute a grievance concerning such failure to implement at Step IV of the grievance procedure.

Section 6.

If the City exceeds any time limit prescribed at any step in the grievance procedure, the grievant and/or the Union may invoke the next step of the procedure, except, however, that only the Union may invoke impartial arbitration under Step IV.

Section 7.

The City shall notify the Union in writing of all grievances filed by employees, all grievance hearings, and all determinations. The Union shall have the right to have a representative present at any grievance hearing and shall be given forty-eight (48) hours' notice of all grievance hearings.

Section 8.

Each of the steps in the grievance procedure, as well as time limits prescribed at each step of this grievance procedure, may be waived by mutual agreement of the parties.

Section 9.

a. Any grievance relating to a claimed improper holding of an open-competitive rather than a promotional examination shall be presented in writing by the employee or the Union representative to the Commissioner of Labor Relations not later than thirty (30) days after the notice of intention to conduct such open-competitive examination, or copy of the appointing officer's request for such open-competitive examination, as the case may be, has been posted in accordance with Section 51 of the Civil Service Law. The grievance shall be considered and passed upon within ten (10) days after its presentation. The decision shall be in writing, copies of which shall be transmitted to both parties to the grievance upon issuance.

b. A grievance relating to the use of an open competitive rather than a promotional examination which is unresolved by the Commissioner of Labor Relations may be brought to impartial arbitration as provided in Sections 2 and 3 above. Such a grievance shall be presented by the Union, in writing, for arbitration within fifteen (15) days of the presentation of such grievance to the Commissioner of Labor Relations, and the arbitrator shall decide such grievance within seventy-five (75) days of its presentation to him. The party requesting such arbitration shall send a copy of such request to the other party. The costs and fees of such arbitration shall be borne equally by the Union and the City.

Section 10.

The availability of the grievance or arbitration procedure shall not justify a failure to follow orders.

Section 11.

The grievance and arbitration procedures contained in this Agreement shall be the exclusive remedy for the resolution of disputes defined as "grievance" herein. This Section shall not be construed in any manner to limit the statutory rights and obligations of the City under Article XIV of the Civil Service Law.

Re: COBA Agreement for the period of May 1, 2005 to July 31, 2007

Dear Mr. Seabrook:

When the Departmental Doctor determines that a Correction Officer is injured in the line of duty and is incapacitated and unable to return to work for a finite period of time, then the Department will not confine such Officer to his/her residence for that period. If the administrative determination by the Commissioner or his/her designee is different from that of the Departmental Doctor, then the change will be communicated to the Officer by telephone or in writing.

It is expressly understood that the determination by the Commissioner or his/her designee is final and not subject to the grievance procedure. This procedure does not affect any other rule or regulation of the Department.

Re: COBA Agreement for the period of May 1, 2005 to July 31, 2007 - Change of Sick Leave Language

Dear Mr. Seabrook:

The sole intent of the change in the sick leave language in Article X, Section 2 of the October 1, 1991 - March 31, 1995 Agreement was to acknowledge enactment of Section 9-117.1(a) of the New York City Administrative Code which allows Correction Officers to continue to exclude line of duty sick leave payments from gross income in accordance with Internal Revenue Code Section 104 (a)(1) and Section 1.104 (b) of the Internal Revenue Service Regulations.

Please be assured that the 1987-90 Police Agreement varied in the same manner from the 1984-87 Police Agreement as did the Correction Officers Agreement, and that there was no intent to nor does it deprive any Correction Officer of any benefit nor diminish any benefit, but rather to keep and further an existing benefit.

The sick leave provisions of Article X, Section 2 (i) and (ii) of the 2005-2007 Correction Officer Agreement have no other purpose, nor shall they have any other use, but to continue the benefit therein previously contained.

James F. Hanley

Dear Mr. Seabrook:

If the stabilization fund referred to in Article XII does not have sufficient monies to maintain the then current level of health insurance benefits provided under GHI-CBP/Blue Cross plan, payroll deductions in the appropriate amounts shall be taken from employees and retirees enrolled in such plan unless agreement is reached on a program wide basis to take the needed monies from the contributions to the welfare fund provided in Article XIII of the above Agreement.

Re: COBA Agreement for the period of May 1, 2005 to July 31, 2007

Dear Mr. Seabrook:

This is to confirm the mutual understanding of the parties with respect to the above captioned Agreement.

The Department of Correction plans to expand the application of "unit management" on a phased-in basis.

The Department reserves its rights to staff its facilities in accordance with the needs of the Agency. To this end, "unit management" shall not impede the assignment of staff, at the discretion of management, between and/or among units in a facility under unit management. The terms of the "travel time" sideletter shall continue to apply in instances where a Correction Officer is assigned to a location outside his/her parent command, except for field assignments.

The Department of Correction will schedule vacations in the most efficient and cost-effective manner (i.e., "vacation smoothing"). Vacation picks shall be based on seniority by tour within the command to assure to the greatest extent practicable an even distribution by tour in each of the respective vacation picks, that is, no more than ten percent of the command by tour per pick.

In the event that unit management is not implemented, or discontinued at management's discretion after implementation, the vacation scheduling modifications shall nevertheless continue to apply. In such an instance, however, the parties agree to reopen the contract on a limited basis with respect to negotiations on an alternate disposition of the savings associated with this issue.

Nothing contained herein shall limit or diminish the Employer's or the Union's rights pursuant to §12-307(b) of the New York City Collective Bargaining Law, except as specifically provided herein. Notwithstanding this, the Union waives its right to raise any claims of any nature relating to this vacation scheduling modification including, but not limited to, a claim of practical impact relating to this scheduling modification, and the Union agrees that all matters subject to bargaining have been disposed of in this Agreement. Notwithstanding this, a claimed violation, misinterpretation, or misapplication of the vacation scheduling modification may be the subject of a grievance.

The Employer and the Union agree to convene a labor-management meeting at the request of either party to meet and confer on issues that may arise from the implementation of unit management in the various facilities. The Office of Labor Relations will send a representative at the request of either party.

The Employer and the Union understand and agree that in the event that any aspect of this agreement is contingent on the amendment of Section 9-116 of the Administrative Code for the purpose of effectuating this agreement, then the Union shall cooperate and assist the Employer in its efforts to achieve the necessary amendment, if any, subject to approval by both the City and the union of the language and other terms of the said legislation.

If any part of this Agreement is found by a Court of competent jurisdiction to be invalid, then the terms of this Agreement in its entirety will immediately terminate and be given no further effect. In such event, the parties agree to negotiate immediately over substitute savings to be achieved.

If the above accords with your understanding, please execute the signature line provided below.

Very truly yours,

James F. Hanley

Dear Mr. Seabrook:

This is to confirm the mutual understanding of the parties with respect to the above captioned Agreement.

Effective upon ratification of the 2003-2005 Agreement, the provisions of Article X, Section 4., "Military Leave", are to be applied in a manner consistent with the practice in other agencies, i.e., 22 work days, 30 calendar days.

If the above accords with your understanding, please execute the signature line provided below.

Very truly yours,
