RICHMOND COUNTY
IA PART 74
NOTICE OF PETITION
INDEX NUMBER (CY) 4021/06

In the Matter of Application of the CITY OF NEW YORK, relative to acquiring title in fee simple absolute to certain real property where not heretofore acquired for the

SWEET BROOK BLUEBELT EXPANSION, ALONG GRANTWOOD AVENUE, FROM ANNADALE ROAD TO DRUMGOOLE ROAD EAST,

within the area generally bounded by Wolcott Avenue, Annadale Road, Grantwood Avenue, and Richmond Parkway, in the Borough of Staten Island, City and State of New York.

PLEASE TAKE NOTICE that the Corporation Counsel of the City of New York intends to make application to the Supreme Court of the State of New York, Richmond County, IA Part 74, for certain relief.

The application will be made at the following time and place: At 320 Jay Street, Room 17.21, Brooklyn, New York, in the City and State of New York, on November 17, 2006, at 9:30 A.M., or as soon thereafter as counsel can be heard.

The application is for an order:

1. authorizing the City to file an acquisition map in the office of the Clerk of Richmond County;

2. directing that upon the filing of said map, title to the property sought to be acquired shall vest in the City;

3. providing that just compensation therefor be ascertained and determined by the Supreme Court without a jury; and

4. providing that notices of claim must be served and filed within one calendar year from the vesting date.

The City of New York, in this proceeding, intends to acquire title in fee simple absolute to certain real property where not heretofore acquired for the same purpose, for the Sweet Brook Bluebelt Expansion, Along Grantwood Avenue, from Annadale Road to Drumgoole Road East, for the storage and conveyance of stormwater, and the maintenance of open space, in the Borough of Richmond City and State of New York.

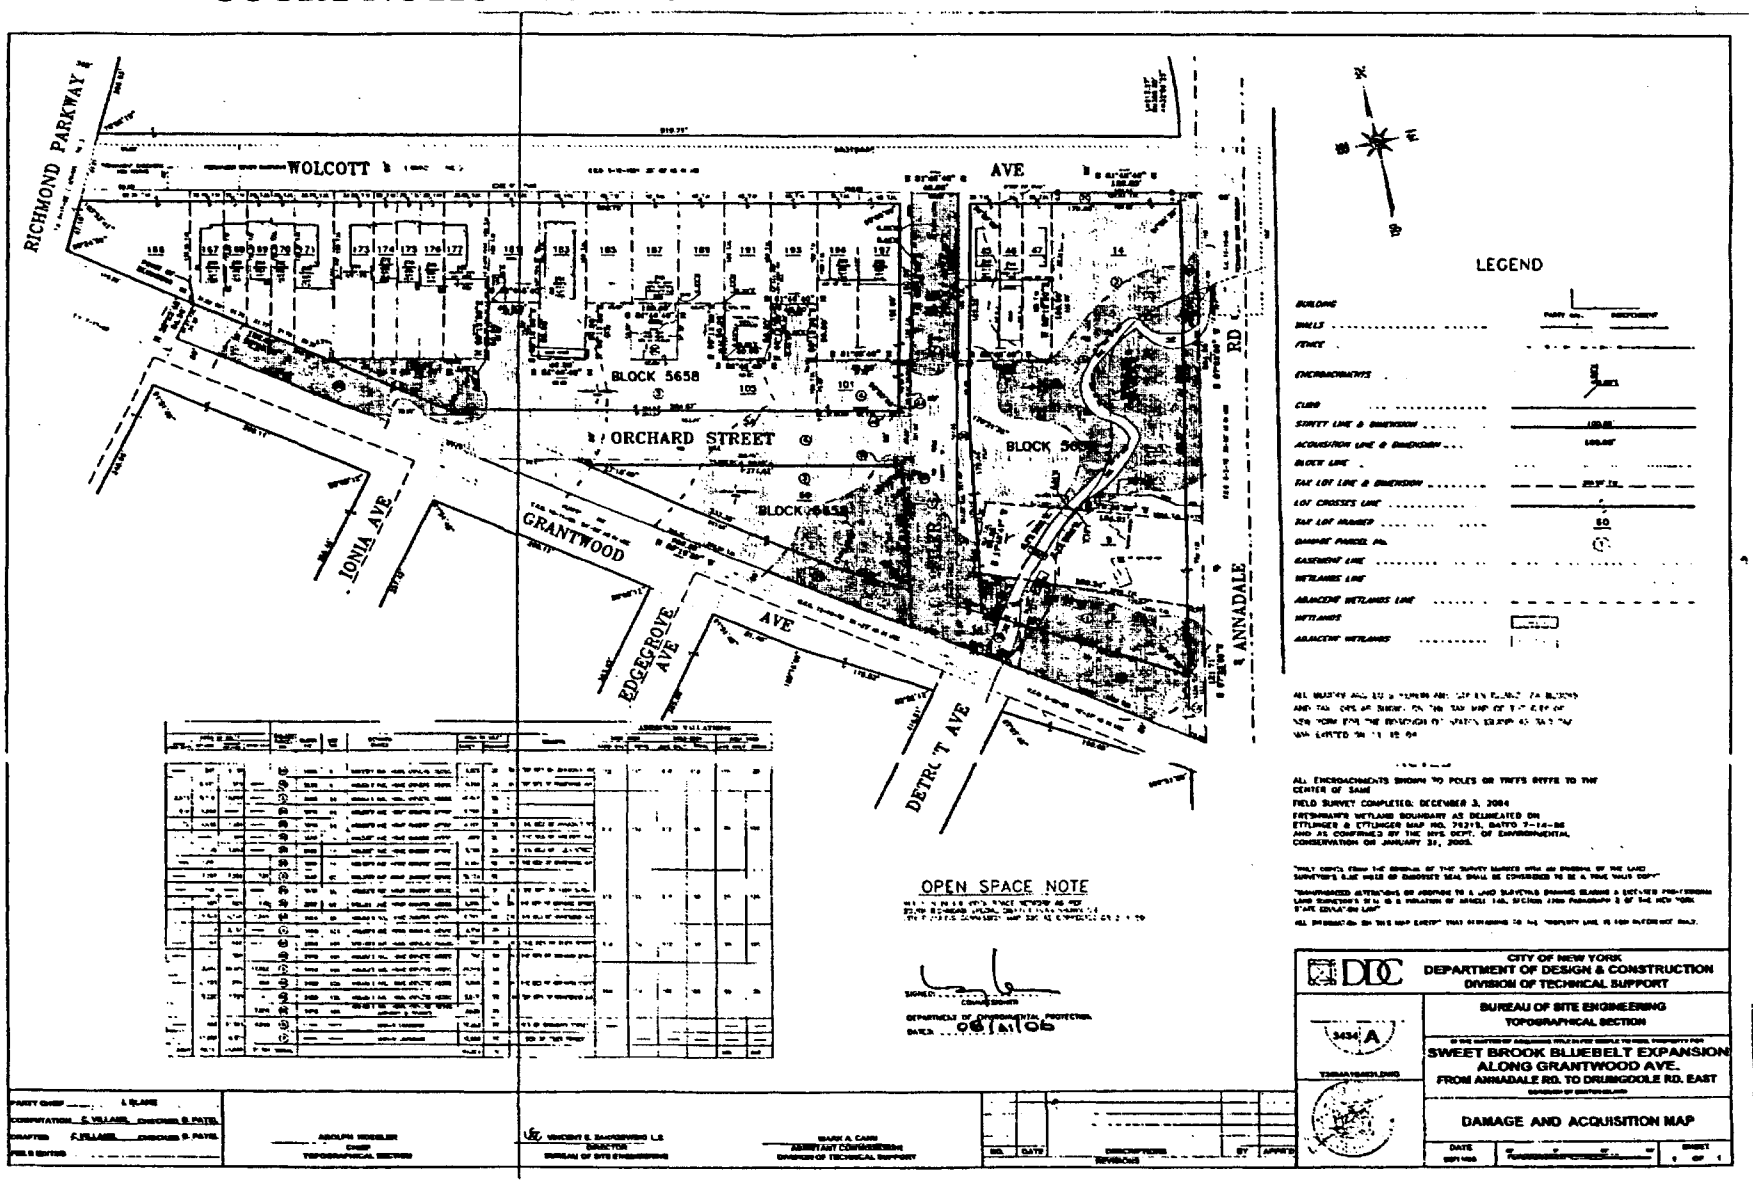
COURT NOTICE MAP FOR SWEET BROOK BLUEBELT EXPANSION



READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council**, 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists--free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

COURT NOTICE

SUPREME COURT

■ NOTICE

RICHMOND COUNTY
IA PART 74
NOTICE OF PETITION
INDEX NUMBER (CY) 4021/06

In the Matter of Application of the CITY OF NEW YORK, relative to acquiring title in fee simple absolute to certain real property where not heretofore acquired for the

SWEET BROOK BLUEBELT EXPANSION, ALONG GRANTWOOD AVENUE, FROM ANNADALE ROAD TO DRUMGOOLE ROAD EAST,

within the area generally bounded by Wolcott Avenue, Annadale Road, Grantwood Avenue, and Richmond Parkway, in the Borough of Staten Island, City and State of New York.

PLEASE TAKE NOTICE that the Corporation Counsel of the City of New York intends to make application to the Supreme Court of the State of New York, Richmond County, IA Part 74, for certain relief.

The application will be made at the following time and place: At 320 Jay Street, Room 17.21, Brooklyn, New York, in the City and State of New York, on November 17, 2006, at 9:30 A.M., or as soon thereafter as counsel can be heard.

The application is for an order:

1. authorizing the City to file an acquisition map in the office of the Clerk of Richmond County;
2. directing that upon the filing of said map, title to the property sought to be acquired shall vest in the City;
3. providing that just compensation therefor be ascertained and determined by the Supreme Court without a jury; and
4. providing that notices of claim must be served and filed within one calendar year from the vesting date.

The City of New York, in this proceeding, intends to acquire title in fee simple absolute to certain real property where not heretofore acquired for the same purpose, for the Sweet Brook Bluebelt Expansion, Along Grantwood Avenue, from Annadale Road to Drumgoole Road East, for the storage and conveyance of stormwater, and the maintenance of open space, in the Borough of Richmond City and State of New York.

Section 2.

The terms "employee" and "employees" as used in this Agreement shall mean only those persons in the unit described in Section 1 of this Article.

ARTICLE II - DUES CHECKOFF

Section 1.

a. The Association shall have the exclusive right to the check-off and transmittal of dues on behalf of each employee in accordance with the Mayor's Executive Order No. 98, dated May 15, 1969, entitled "Regulations Relating to the Check-off of Association Dues" and in accordance with the Mayor's Executive Order No. 99, dated May 15, 1969 as amended by Executive Order No. 107 dated December 29, 1986 entitled "Regulations Governing Procedures for Orderly Payroll Check-off of Union Dues" or any other applicable Executive Order.

b. Any employee may consent in writing to the authorization of the deduction of dues from the employee's wages and to the designation of the Association as the recipient thereof. Such consent, if given, shall be in a proper form acceptable to the City, which bears the signature of the employee.

Section 2.

The parties agree to an agency shop to the extent permitted by applicable law, as described in a supplemental agreement hereby incorporated by reference.

ARTICLE III - SALARIES

Section 1.

a. This Article III is subject to the provisions, terms and conditions of the Alternative Career and Salary Pay Plan Regulations, dated March 15, 1967 as amended to date, except that the specific terms and conditions of this Article shall supersede any provisions of such Regulations inconsistent with this Agreement subject to the limitations of applicable provisions of law.

b. Unless otherwise specified, all salary provisions of this Agreement, including minimum and maximum salaries, general increases, education differentials and any other salary adjustments, are based upon a normal work week of 40 (37.5 in Health and Hospitals Corporation) hours for employees in the titles of Staff Nurse, Staff Nurse (Department for the Aging), Assistant Head Nurse, Head Nurse, Supervisor of Nurses, Midwife, Nurse-Midwife, Nurse-Practitioner, Associate Midwife (Level A), Associate Midwife (Level B), Associate Nurse Practitioner (Level I), and Associate Nurse Practitioner (Level II) and 35 hours for all remaining titles, except for the title Home Health Nurse (Level I and II) (Per Visit).

An employee who works on a part-time per annum basis and who is eligible for any salary adjustments provided in this Agreement shall receive the appropriate pro-rata portion of such salary adjustment computed on the relationship between the number of hours regularly worked each week by such employee and the number of hours in the said normal work week, unless otherwise specified.

c. Employees who work on a per diem or hourly basis and who are eligible for any salary adjustment provided in this Agreement shall receive the appropriate pro-rata portion of such salary adjustment computed as follows, unless otherwise specified:

Per diem rate - 1/261 of the appropriate minimum basic salary.

Hourly Rate - 35 hour week basis - 1/1827 of the appropriate minimum basic salary.

- 37.5 hour week basis - 1/1957.5 of the appropriate minimum basic salary.

- 40 hour week basis - 1/2088 of the appropriate minimum basic salary

d. The maximum salary for a title shall not constitute a bar to the payment of any salary adjustment or pay differentials provided for in this Agreement, but said increase above the maximum shall not be deemed a promotion.

Section 2.

Employees in the following title(s) shall be subject to the following specified salary(ies), salary adjustment(s), and/or salary range(s):

Section 3. General Wage Increase.

a. The general increases, effective as indicated, shall be:

i. Effective March 16, 2004, Employees shall receive a general increase of 3 percent.

ii. Effective January 1, 2005, Employees shall receive an additional general increase of 2 percent.

iii. Effective July 1, 2006, Employees shall receive an additional general increase of 3.28 percent.

iv. Effective October 1, 2006, Employees shall receive an additional general increase of 3.68 percent.

v. Part-time per annum, per session, hourly paid and part-time per diem Employees (including seasonal appointees) and Employees whose normal work year is less than a full calendar year shall receive the increases provided in subsections 3(a)(i), 3(a)(ii) 3(a)(iii) and 3(a)(iv) on the basis of computations heretofore utilized by the parties for all such Employees.

vi. The Per Visit rate shall be increased by the same amounts as provided in subsections 3(a)(i), 3(a)(ii), 3 (a)(iii), and 3 (a)(iv) above.

b. The increases provided for in Section 3(a) above shall be calculated as follows:

i. The general increase in Section 3(a)(i) shall be based upon the base rates (including salary or incremental salary schedules) of the applicable titles in effect on March 15, 2004;

ii. The general increase in Section 3(a)(ii) shall be based upon the base rates (including salary or incremental salary schedules) of the applicable titles in effect on December 31, 2004.

iii. The general increase in Section 3(a)(iii) shall be based upon the base rates (including salary or incremental salary schedules) of the applicable titles in effect on June 30, 2006.

iv. The general increase in Section 3(a)(iv) shall be based upon the base rates (including salary or incremental salary schedules) of the applicable titles in effect on September 30, 2006.

Section 4. Parity Provision

a. Article III, Section 4. "Parity Provision" of the 2000-2002 Staff Nurse Agreement continued from January 1, 2003 through June 30, 2006.

b. Effective July 1, 2006, each January 1 the salary rates in effect December 31 for the classes of positions included in this Agreement, and any other salary rates subsequently in effect as a result of the application of this provision, shall be adjusted by the addition thereto of the amount of the difference, if any, by which the average basic entrance salary of Staff Nurse in the hospitals listed below shall exceed by $1,000 per annum or more the basic entrance salary of Staff Nurse (Title Code No. 50910, 509100) employed by the City of New York or by the New York City Health and Hospitals Corporation in effect for the twelve month period commencing with each date listed above. This section 4(b) is suspended for the term of this agreement.

c. The January 1 salaries shall be determined by examining the salaries in the hospitals listed below on the preceding November 30 that are the then current salaries or the salaries that will be effective on January 1, if known on the preceding November 30, in those hospitals. Adjustments made pursuant to Section 4(b) shall be effective on the succeeding January 1. This section 4(c) is suspended during the term of this agreement.

The hospitals whose salaries shall be used for parity calculations pursuant to Article III, Section 4 of this Agreement are as follows:

HOSPITALS

Columbia Presbyterian Hospital
New York Hospital
Mount Sinai Hospital
St. Vincent's Hospital and Medical Center
Montefiore Medical Center
St. Luke's Roosevelt Hospital Center

Section 5. Experience/Longevity Pay

a. Article III, Section 5. "Experience/Longevity Pay" of the 2000-2002 Staff Nurse Agreement continued from January 1, 2003 through June 30, 2006.

b. Effective July 1, 2006, experience/longevity pay shall be paid to employees on January 1st of each year after one (1) through twenty-one (21) years of experience, based on the total number of years of HHC/Mayoralty service in any NYSNA-represented title. The rates determined are set forth in Appendix A of this agreement.

c. Employees with experience as a registered professional nurse with an employer other than the Health and Hospitals Corporation or a Mayoral agency will be credited with a maximum of five years of prior experience in placing an employee on the appropriate step of the experience/longevity schedule. Such prior experience shall only be credited if an employee is hired into the same or equivalent title in the Health and Hospitals Corporation/ Mayoral agency as the employee held with the non-Health and Hospitals Corporation/Mayoral employer. Such credited experience shall be effective as of the employee's date of hire with the Health and Hospitals Corporation/Mayoral agency.

Section 6. Evening and Night Shift Differential

a. Article III, Section 6. of the 2000-2002 Staff Nurse Agreement continued from January 1, 2003 through June 30, 2006.

b. Effective July 1, 2006, an annual differential in the amounts listed below shall be provided to employees in the following listed titles who are assigned to the evening or night shift:

Assistant Head Nurse
Associate Midwife (Level A)
Associate Midwife (Level B)
Associate Nurse Practitioner (Level I)
Associate Nurse Practitioner (Level II)
Head Nurse, Head Nurse (DOS)
Midwife
Nurse-Midwife
Nurse-Practitioner
Nurse Practitioner (DOS)
Staff Nurse
Staff Nurse (Department for the Aging)
Supervisor of Nurses

c. An annual differential of $4,654 shall be provided to employees who are assigned to the evening shift.

d. An annual differential of $5,689 shall be provided to employees who are assigned to the night shift.

e. Evening and night shift differentials shall be paid during authorized paid time off to persons so assigned.

f. Employees in the following listed titles are excluded from the provisions of this Section 6 and shall receive a night shift differential in accordance with Article XVII, Section 4 (b) of this Agreement:

Case Management Nurse Level I, Level II (DOC)
Case Management Nurse (DOS)
Case Management Nurse Level I, Level II (FD)
Case Management Nurse Level I, Level II (PD)
Senior Case Management Nurse (DOS)

Section 7.

The Association agrees that the City and the Health and Hospitals Corporation has the entitlement to institute an additional increase in the compensation for new and recent hires based upon an inability to retain and recruit Registered Nurses.

Section 8.

In the case of an employee on leave of absence without pay the salary rate of such employee shall be changed to reflect the salary adjustments specified in Article III.

Section 9.

An employee covered by this Agreement who is appointed, with no break in service, to a higher title also covered by this Agreement, shall be placed on the schedule for the newly-appointed title at the same experience level as the employee had in the prior title.

Section 10. Differentials

a. Department of Correction
An annual differential of $1100 shall continue to be provided for each employee engaged in direct patient care on a continuing basis in a Department of Correction prison facility.

b. Education
An annual differential shall continue to be provided for each employee who possesses an appropriate degree in nursing or an allied health field from an accredited College or University, as follows:

Baccalaureate	-	$ 900
Masters	-	$1200

c. Responsibility
A differential of $3.00 per tour shall continue to be provided for each Staff Nurse, who is assigned or exercised responsibility on an evening or night shift for one or more Staff Nurse(s), or for two or more units.

d. Differential for Working in a Higher Title
Any Nurse in a title covered by the agreement who is acting in a higher title pursuant to written authorization, shall receive a differential equal to the difference between the rate of pay for that individual and the greater of either the starting salary of the higher title or the annual amount stated below pro-rated for the period of time applicable. Such differential is to be paid commencing the 31st day of such assignment, and payment shall be made within sixty days of entitlement.

Assistant Head Nurse	$450
Head Nurse	$550
Supervisor of Nurses	$700
Midwife	$700
Nurse Midwife	$700
Nurse Practitioner	$700
Associate Nurse Practitioner	$700

e. Certification
An annual differential of $500 shall be provided for each employee who possesses an appropriate certification. Employees holding a nationally recognized certification in the field or area of specialization for which they are employed shall be paid the differential. Employees must maintain certification and submit appropriate documentation in order to continue receiving the differential. Failure to maintain certification will cause the employee to lose this differential. An employee is entitled to receive only one (1) certification differential at any time.

f. Application of Differentials
The differentials provided in this Section 10 shall not be a part of the basic salary or considered in computation of a maximum salary of any employee.

Section 11. Tuition Reimbursement

Reimbursement for tuition shall be granted upon satisfactory completion of courses or work shops approved by the executive director of the institution, or the agency head of a mayoral department, for nursing and related credit, in a sum not to exceed the annual amount of $2,000.

Section 12. Uniform Allowance

Effective January 1, 2003 through June 30, 2006, a pro-rated annual uniform allowance of $400 shall be provided for each employee, except those in titles paid on a per visit basis.

ARTICLE IV - WELFARE FUND

Section 1.

a. In accordance with the election by the Association pursuant to the provisions of Article XIII of the Citywide Agreement between the City of New York and related public employers and District Council 37, AFSCME, AFL-CIO, the Welfare Fund provisions of that 1995-2001 Citywide Agreement as amended or any successor agreement(s) thereto, shall apply to employees covered by this Agreement.

b. When an election is made by the Union pursuant to the provisions of Article XIII, Section 1 (b), of the Citywide Agreement between the City of New York and related public employers and District Council 37, AFSCME, AFL-CIO, the provisions of Article XIII, Section 1 (b) of the 1995-2001 Citywide Agreement, as amended or any successor agreement(s) thereto, shall apply to Employees covered by this Agreement, and when such election is made, the Union hereby waives its right to training, education and/or legal services contributions provided in this Agreement, if any. In no case shall the single contribution provided in Article XIII, Section 1 (b) of the 1995-2001Citywide Agreement, as amended or any successor agreement(s) thereto, exceed the total amount that the Union would have been entitled to receive if the separate contributions had continued.

Section 2.

The Union agrees to provide welfare fund benefits to domestic partners of covered employees in the same manner as those benefits are provided to spouses of married covered employees.

Section 3.

In accordance with the Health Benefits Agreement dated January 11, 2001, each welfare fund shall provide welfare fund benefits equal to the benefits provided on behalf of an active employee to widow(er)s, domestic partners and/or children of any employee who dies in the line of duty as that term is referenced in Section 12-126(b)(2) of the New York City Administrative Code. The cost of providing this benefit shall be funded by the Stabilization Fund.

ARTICLE V - PRODUCTIVITY AND PERFORMANCE

Section 1.

Delivery of municipal services in the most efficient, effective and courteous manner is of paramount importance to the Employer and the Association. Such achievement is recognized to be a mutual obligation of both parties within their respective roles and responsibilities. To achieve and maintain a high level of effectiveness, the parties hereby agree to utilize their best efforts to achieve the highest levels of productivity and performance in the delivery of professional nursing care and treatment of patients.

Section 2. Performance Compensation

The Union acknowledges the Employer's right to pay additional compensation for outstanding performance. The Employer agrees to notify the Union of its intent to pay such additional compensation.

Section 3. Supervisory Responsibility

The Union recognizes the Employer's right under the New York City Collective Bargaining Law to establish and/or revise standards for supervisory responsibility in achieving and maintaining clinical standards and performance levels of supervised employees for employees in supervisory positions listed in Article I, Section 1, of this Agreement. Notwithstanding the above, questions concerning the practical impact that decisions on the above matters have on employees are within the scope of collective bargaining. The employer will give the union prior notice of the establishment and/or revision of standards for supervisory responsibility hereunder.

ARTICLE VI - GRIEVANCE PROCEDURE

Section 1.

D E F I N I T I O N: The term "Grievance" shall mean:

(A) A dispute concerning the application or interpretation of the terms of this collective bargaining agreement;
(B) A claimed violation, misinterpretation or misapplication of the rules and regulations, written policy or orders of the Employer applicable to the agency which employs the grievant affecting terms and conditions of employment; provided disputes involving the Rules and Regulations of the New York City Civil Service Commission or the Rules and Regulations of the Health and Hospitals Corporation with respect to those matters set forth in the first paragraph of Section 7390.1 of the Unconsolidated Laws shall not be subject to the grievance procedure or arbitration;
(C) A claimed assignment of employees to duties substantially different from those stated in their job specifications;
(D) A claimed wrongful disciplinary action taken against an employee.

Section 2.

For all grievances as defined in Section 1(c), no monetary award shall in any event cover any period prior to the date of the filing of the Step I grievance unless such grievance has been filed within thirty (30) days of the assignment to the alleged out-of-title work. This limitation shall not apply to a violation of Article III, Section 10 D, "Differential for Working in a Higher Title."

The Grievance Procedure, except for paragraph (D) of Section 1, shall be as follows:

Step I. The Employee and/or the Association shall present the grievance verbally or in the form of a memorandum to the person designated for such purpose by the agency head no later than 120 days after the date on which the grievance arose. The employee may also request an appointment to discuss the grievance. The person designated by the Employer to hear the grievance shall take any steps necessary to a proper disposition of the grievance and shall reply in writing by the end of the third working day following the date of submission.*

* N.B. In the case of grievance in the Health and Hospitals Corporation arising under paragraphs (A) through (C) of Section 1 of this Article, the following STEP I(a) shall apply prior to Step II of this Section: Step I(a) An appeal from an unsatisfactory determination at Step I, or Step I(a) where applicable, shall be presented in writing to the agency head or his designated representative who shall not be the same person designated in Step I. The appeal must be made within five (5) working days of the receipt of the Step I determination. A copy of the grievance appeal shall be sent to the person who initially passed upon the grievance. The person designated to receive the appeal at this Step shall meet with the employee and/or the Association for review of the grievance and shall issue a written reply to the employee and/or the Association by the end of the fifth (5th) work day following the day on which the appeal was filed.

Step II. An appeal from an unsatisfactory determination at Step I, or Step I(a) where applicable, shall be presented in writing to the agency head or his designated representative who shall not be the same person designated in Step I. The appeal must be made within five (5) working days of the receipt of the Step I or Step I(A) determination. The agency head or his designated representative, if any, shall meet with the employee and/or the Association for review of the grievance and shall issue a determination in writing by the end of the tenth (10th) work day following the date on which the appeal was filed.

Step III. An appeal from an unsatisfactory determination at Step II shall be presented by the employee and/or the Association to the Commissioner of Labor Relations, in writing within ten (10) working days of the receipt of the Step II determination. Copies of such appeal shall be sent to the agency head. The Commissioner of Labor Relations, or his designee, shall review all appeals from Step II determinations and shall answer such appeals within ten (10) working days following the date on which the appeal was filed.

Step IV. An appeal from an unsatisfactory determination at Step III may be brought solely by the Association to the Office of Collective Bargaining for impartial arbitration within fifteen (15) working days of receipt of the Step III determination.

In addition, the Employer shall have the right to bring directly to arbitration any dispute between the parties concerning any matter defined herein as a "grievance." The Employer shall commence such arbitration by submitting a written request therefor to the Office of Collective Bargaining. A copy of the notice requesting impartial arbitration shall be forwarded to the opposing party. The arbitration shall be conducted in accord with the Consolidated Rules of the Office of Collective Bargaining. The costs and fees of such arbitration shall be borne equally by the Association and the Employer. The determination or award of the arbitrator shall be final and binding in accord with applicable law and shall not add to, subtract from or modify any contract, rule, regulation, written policy or order mentioned in Section 1 of this Article.

Section 3.

As a condition to the right of the Association to invoke impartial arbitration set forth in this Article, the employee or employees and the Association shall be required to file with the Director of the Office of Collective Bargaining a written waiver of the right, if any, of the employee or employees and the Association to submit the underlying dispute to any other administrative or judicial tribunal except for the purpose of enforcing the arbitrator's award.

Section 4.

Any grievance of a general nature affecting a large number of employees and which concerns the claimed misinterpretation, inequitable application, violation or failure to comply with the provisions of this agreement shall be filed at the option of the Association at Step III of the Grievance Procedure, without resort to previous steps, except that a grievance concerning employees of the Health and Hospitals Corporation shall be filed directly at Step II of the Grievance Procedure. Such "group" grievance must be filed no later than 120 days after the date on which the grievance arose, and all other procedural limits, including time limits, set forth in this Article shall apply. All other individual grievances in process concerning the same issue shall be consolidated with the "group" grievance.

Section 5.

If a determination satisfactory to the Association at any level of the Grievance Procedure is not implemented within a reasonable time, the Association may reinstitute the original grievance at Step III of the Grievance Procedure; or if a satisfactory Step III determination has not been so implemented, the Association may institute a grievance concerning such failure to implement at Step IV of the Grievance Procedure.

Section 6.

If the Employer exceeds any time limit prescribed at any step in the Grievance Procedure, the grievant and/or the Association may invoke the next step of the procedure, except, however, that only the Association may invoke impartial arbitration under Step IV.

Section 7.

The Employer shall notify the Association in writing of all grievances filed by employees, all grievance hearings, and all determinations. The Association shall have the right to have a representative present at any grievance hearing and shall be given forty-eight (48) hours notice of all such grievance hearings.

Section 8.

Grievances relating to a claimed wrongful disciplinary action taken against an employee shall be subject to and governed by the following special procedure:

The provisions contained in this section shall not apply to the following category of employees covered by this contract:

a. Effective January 1, 2003 through June 30, 2006, full-time employees with less than three (3) months of service unless a longer period is agreed by the Association.

Effective July 1, 2006, full-time employees with less than twelve (12) months of service unless a longer period is agreed by the Association.

b. Employees covered by Section 75(1) of the Civil Service Law or Section 7:5:1 of the Rules and Regulations of the Health and Hospitals Corporation.

c. Employees paid on a per visit basis.

Effective January 1, 2003 through June 30, 2006, any per diem employee who works at least half-time per week and has performed such per diem work at least six (6) months shall be entitled to utilize the contractual grievance procedure (including disciplinary matters) up to and including Step III. Effective July 1, 2006, any per diem employee who works at least half-time per week and has performed such per diem work at least twelve (12) months shall be entitled to utilize the contractual grievance procedure (including disciplinary matters) up to and including Step III.

Step I. Following the service of written charges upon an employee, with a copy to be sent to the Association's New York City office, a conference shall be held with respect to such charges by a person who is designated by the agency head to review such charges. The employee may be represented at such conference by a representative of the Association. The person designated by the agency head to review the charges shall take any steps necessary to a proper disposition of the charges and shall issue a decision in writing by the end of the fifth day following the date of the conference.

Step II. If the employee is dissatisfied with the decision in Step I above, she/he may appeal such decision. The appeal must be within five (5) working days of the receipt of such decision. Such appeal shall be treated as a grievance appeal beginning with Step II of the Grievance Procedure set forth herein.

Section 9.

A non-Mayoral agency not covered by this agreement but which employs employees in titles identical to those certified to be covered by this contract may elect to permit the Association to appeal an unsatisfactory determination received at the last step of its Grievance Procedure prior to arbitration on fiscal matters only to the Commissioner of Labor Relations. If such election is made, the Association shall present its appeal to the Commissioner of Labor Relations in writing within ten (10) working days of the receipt of the last step determination. Copies of such appeal shall be sent to the agency head. The Commissioner of Labor Relations, or his designee, shall review all such appeals and answer all such appeals within ten (10) working days.

An appeal from a determination of the Commissioner of Labor Relations may be taken to arbitration under procedures, if any, applicable to the non-Mayoral agency involved.

Section 10.

The grievance and the arbitration procedure contained in this agreement shall be the exclusive remedy for the resolution of disputes defined as "grievances" herein. This shall not be interpreted to preclude either party from enforcing the arbitrator's award in court. This Section shall not be construed in any manner to limit the statutory right and obligation of the Employer under Article XIV of the Civil Service Law.

Section 11. Expedited Arbitration Procedure.

a. The parties agree that there is a need for an expedited arbitration process which would allow for the prompt adjudication of grievances as set forth below.

b. The parties voluntarily agree to submit matters to final and binding arbitration pursuant to the New York City Collective Bargaining Law and under the jurisdiction of the Office of Collective Bargaining. An arbitrator or panel of arbitrators, as agreed to by the parties, will act as the arbitrator of any issue submitted under the expedited procedure herein.

c. The selection of those matters which will be submitted shall include, but not limited to, out-of-title cases concerning all titles, disciplinary cases wherein the proposed penalty is a monetary fine of one week or less or written reprimand, and other cases pursuant to mutual agreement by the parties. The following procedures shall apply:

i. **SELECTION AND SCHEDULING OF CASES:**

(1) The Deputy Chairperson for Disputes of the Office of Collective Bargaining shall propose which cases shall be subject to the procedures set forth in this Section 11 and notify the parties of proposed hearing dates for such cases.

(2) The parties shall have ten business days from the receipt of the Deputy Chairperson's proposed list of cases and hearing schedule(s) raise any objections thereto.

(3) If a case is not proposed by the Deputy Chairperson for expedited handling, either party may, at any time prior to the scheduling of an arbitration hearing date for such case, request in writing to the other party and to the Deputy Chairperson of Disputes of the Office of Collective Bargaining that said case be submitted to the expedited procedure. The party receiving such request shall have ten business days from the receipt of the request to raise any objections thereto.

(4) No case shall be submitted to the expedited arbitration process without the mutual agreement of the parties.

ii. **CONDUCT OF HEARINGS:**

(1) The presentation of the case, to the extent possible, shall be made in the narrative form. To the degree that witnesses are necessary, examination will be limited to questions of material fact and cross examination will be similarly limited. Submission of relevant documents, etc., will not be unreasonably limited and may be submitted as a "packet" exhibit.

(2) In the event either party is unable to proceed with hearing a particular case, the case shall be rescheduled. However, only one adjournment shall be permitted. In the event that either party is unable to proceed on a second occasion, a default judgment may be entered against the adjourning party at the Arbitrator's discretion absent good cause shown.

(3) The Arbitrator shall not be precluded from attempting to assist the parties in settling a particular case.

(4) A decision will be issued by the Arbitrator within two weeks. It will not be necessary in the Award to recount any of the facts presented. However, a brief explanation of the Arbitrator's rationale may be included. Bench decisions may also be issued by the Arbitrator.

(5) Decisions in this expedited procedure shall not be considered as precedent for any other case nor entered into evidence in any other forum or dispute except to enforce the Arbitrator's award.

(6) The parties shall, whenever possible, exchange any documents intended to be offered in evidence at least one week in advance of the first hearing date and shall endeavor to stipulate to the issue in advance of the hearing date.

ARTICLE VII - WORK SCHEDULES

The City of New York and the Health and Hospitals Corporation shall post a schedule of each employee's work assignments not less than two (2) weeks in advance of the start of each work cycle. Except when prevented by circumstances beyond its control, or when accommodating the particular employee affected, any change in work schedule within the month shall be posted not less than 48 hours in advance of the scheduled date of change. A copy of such change shall be given to the employee affected.

ARTICLE VIII - REASSIGNMENTS

All routine, non-emergency changes of assignments of an involuntary nature will be given to the employee in writing two weeks in advance and shall state the duration of the assignments, if known. In the Health and Hospitals Corporation, if the reassignment involves a change of tour, the employee will be given four (4) weeks written notice. The Mayoral Agencies will make their best efforts to give more than two (2) weeks written notice of reassignments involving a change of tour; such notice will not be made in an arbitrary or capricious manner.

ARTICLE IX - SENIORITY

The Employer will furnish annually to the Association seniority lists by facility and will correct such lists from time to time as may be necessary. Such lists shall reflect each employee's date of original appointment and length of service in the employee's current title. The list will conclusively establish an employee's seniority in the facility unless the employee protests it, in writing, within thirty (30) days from the time it is furnished or, if the employee is on absence leave or vacation or otherwise unable to so protest it within such time, within thirty (30) days after the employee returns from such leave or vacation or such disability is removed.

ARTICLE X - PROFESSIONAL PRACTITIONER STATUS

Section 1.

The City of New York and Health and Hospitals Corporation recognize that employees covered by this Agreement have a unique contribution to make towards maintaining and improving professional nursing care. Therefore, procedures should be developed whereby the views and recommendations of the employees covered by this Agreement can be heard and considered in the decision making process within each institution.

The City of New York and Health and Hospitals Corporation recognize the importance of Registered Professional Nurses adhering to the scope of the Nurse Practice Act and the standards of the profession.

Section 2.

a. A Nursing Practice Committee shall be maintained at each Health and Hospitals Corporation institution and Mayoral agency to consider problems of nursing practice and to make recommendations on such matters. The committee should be comprised of an equal number of members of nursing management and of the Association. Association members should consist of one from each clinical service/ specialty with a cross section of titles currently utilized in the respective facility or agency. Members of nursing management serving on this committee should be composed of representatives from the services within the facility or agency. The committee shall select a chairman from among its members every six months. The chairmanship of the committee shall alternate between the members designated by the Director of Nursing and the members designated by the Association. A quorum shall consist of a majority of the respective Association and Management membership of the Committee. The Committee shall meet on a monthly basis on a schedule established by the committee.

b. Recommendations on nursing practice issues shall be made in writing to the institutional Director of Nursing or the Director of Nursing of Prison Health Services. The institutional Director of Nursing or the Director of Nursing of Prison Health Services shall respond in writing, within fifteen (15) working days. The decision of the institutional Director of Nursing or the Director of Prison Health Services is not subject to the grievance and arbitration procedure of this Agreement. Matters subject to the grievance and arbitration procedure shall not be appropriate items for consideration by this committee.

Section 3.

The Corporation/City of New York shall work towards the elimination of non-nursing functions where performed by Registered Professional Nurses. The Nursing Practice Committee in each facility shall consider steps to be taken by the facility to relieve Registered Professional Nurses of tasks and responsibilities which in the judgment of the Nursing Practice Committee constitute non-nursing functions, subject to the Rules and Regulations of the HHC and the City of New York. Recommendations of the Committee shall be made in writing to the institutional Director of Nursing and to the Executive Director or Program Director who shall consider the recommendations and who will respond, in writing, within twenty (20) working days.

CORPORATION:

The decision of the Executive Director may be appealed by the Association in writing, within fifteen (15) working days after issuance, to a HHC Central Office Appeal Committee composed of the Vice President, Human Resources; Vice President, Finance; Vice President, Medical Operations; the Assistant Vice President - Corporate Nursing; an Executive Director; and a Director of Nursing from an HHC facility; or their designee. The committee will meet at least monthly to hear and consider appeals of an Executive Director's decision on non-nursing functions. The written appeal filed by the Association shall include information submitted to the Nursing Practice Committee, the recommendation of the Nursing Practice Committee the decision of the Executive Director, other information the Association believes is relevant to the appeal and a statement explaining why the Association disagrees with the decision of the Executive Director on the recommendation of the Nursing Practice Committee. The Appeal Committee shall issue a written response within forty-five (45) working days of the date the Appeal Committee heard the appeal.

Matters presented to the Central Office Appeal Committee shall not be subject to the grievance procedure and arbitration nor appeal to the Personnel Review Board, and the decision of the Appeal Committee shall be final and binding:

MAYORAL AGENCY:

The decision of the Program Director may be appealed by the Association in writing within fifteen working days after issuance to the Commissioner of the Office of Labor Relations. The written appeal filed by the Association shall include information submitted to the Nursing Practice Committee, the recommendation of the Nursing Practice Committee, the decision of the Program Director, other information the Association believes is relevant to the appeal and a statement explaining why the Association disagrees with the decision of the Program Director on the recommendation of the Nursing Practice Committee. The Commissioner of the Office of Labor Relations or his designee shall issue a written response within forty-five (45) working days of the date the Office of Labor Relations heard the appeal.

Matters presented to the Office of Labor Relations shall not be subject to the grievance procedure nor arbitration, and the decision of the Office of Labor Relations shall be final and binding.

ARTICLE XI - PATIENT CLASSIFICATION SYSTEMS

The City of New York and the Health and Hospitals Corporation are presently developing uniform patient classification systems for the various clinical services and, from such systems, will continue developing appropriate staffing standards and patterns pertinent to the delivery of quality nursing care and responsive to patient acuity. Consistent with such standards, consideration will be given to: Reallocation of fiscal and/or human resources within an institution; intensification of recruitment efforts; and, in situations of greatest urgency, in collaboration with the Nursing Practice Committee, consolidation of services and control of admissions.

ARTICLE XII - ORIENTATION AND IN-SERVICE EDUCATION

The Nursing Orientation and In-Service Education Program(s) at each facility shall be in conformance with the JCAHO standards. Any dispute concerning this paragraph shall be submitted to the Education and Staff Development Committee as provided by Article XIII of the Agreement and shall not be subject to the Grievance Procedure.

ARTICLE XIII - EDUCATION AND STAFF DEVELOPMENT COMMITTEE

A Committee shall continue to recommend guidelines with respect to eligibility for tuition reimbursement, education leave and staff development. The Committee shall be comprised of an equal number of representatives from the New York State Nurses Association and the Health and Hospitals Corporation, but not to exceed five (5) in number from each side. The Committee will meet on a bi-monthly basis on a schedule established by the Committee. Though the Committee shall be apprised of all current grievances relating to tuition reimbursement, et al., no action of the Committee will affect the progression of grievances under the contract.

ARTICLE XIV - BULLETIN BOARDS: EMPLOYER FACILITIES

The Association may post notices on bulletin boards in places and locations where notices usually are posted by the employer for the employees to read. The City of New York and the Health and Hospitals Corporation will provide one (1) such bulletin board in every building where Registered Professional Nurses are employed. Upon request to the responsible official in charge of a work location, the Association may use the employer premises for meetings during employees' lunch hours subject to availability of appropriate space and provided such meetings do not interfere with employer business. Notices to be on Association's stationery and letterhead.

ARTICLE XV - LOCKER ROOMS

The Health and Hospitals Corporation's Director for Personnel and Labor Relations and the Commissioner of Labor Relations for each affected mayoral agency shall issue a memorandum, within 30 days of the Financial Control Board's approval of the Contract, to the institution's Executive Directors requesting the preparation of a report within 60 days from issuance date of the memorandum. The report shall include evaluation of locker room availability and security, and the submission of plans for improvements (including projected timetables) where indicated and feasible. A copy of report(s) shall be given to the Association.

ARTICLE XVI - NO STRIKES

In accordance with the New York City Collective Bargaining Law, as amended, neither the Association nor any employee shall induce or engage in any strikes, slowdowns, work stoppages, mass absenteeism, or induce any mass resignations during the term of this Agreement.

ARTICLE XVII - CITYWIDE ISSUES

Section 1.

Except as provided in Section 2 through Section 4 of this Article XVII, this Agreement is subject to the provisions, terms and conditions of the Agreement which has been or may be negotiated between the City and the Union recognized as the exclusive collective bargaining representative on Citywide matters which must be uniform for specified employees, including the employees covered by this Agreement.
Employees in Rule X titles shall receive the benefits of the Citywide Agreement unless otherwise specifically excluded herein.

Section 2.

a. Pursuant to Article V, Section 23 of the 1985-87 Citywide Agreement or its successor as modified by a Supplemental Agreement dated September 5, 1985, the parties agree that it is impracticable to recruit for the titles covered by this Agreement and the City has applied for and received a variation of the provisions contained in that Citywide Agreement as they relate to annual leave allowances for employees hired on or after July 1, 1985 and has also applied for and received a variation of the list and number of holidays.

b. The employees covered by this Agreement shall continue to receive annual leave allowances in accordance with Article V, Section 1a of the 1980-82 Citywide Agreement as modified by the Supplemental Agreement dated September 5, 1985 and shall not be subject to the modification of Article V, Section 9 of the 1980-82 Citywide Agreement set forth in paragraph "Second" of the Supplemental Agreement dated September 5, 1985.

c. The following annual leave schedules shall apply to all employees hired by the Employer on or before July 1, 2006:

Beginning the first year:	20 days
Beginning the 8th year:	25 days
Beginning the 15th year:	27 days

d. The following annual leave accrual schedule shall apply only to employees hired after July 1, 2006:

Beginning the first year:	18 days
Beginning the third year:	20 days
Beginning the 8th year:	25 days

e. Employees hired after July 1, 2006 shall not be entitled to use accrued annual leave for the first 6 months of employment, nor shall they be entitled to payment for accrued annual leave upon termination of employment before completing 6 months of employment.

Section 3. Holidays

a. Effective January 1, 2003 through June 30, 2006, employees shall continue to receive the following listed eleven (11) paid holidays per year:

New Year's Day	Independence Day	Veterans Day
Lincoln's Birthday	Labor Day	Thanksgiving Day
Washington's Birthday	Columbus Day	Christmas Day
Memorial Day	Election Day	

Employees may designate Martin Luther King Day as a paid holiday in exchange for Lincoln's Birthday, Columbus Day or Election Day.

b. Effective July 1, 2006, Employees shall receive the following listed eight (8) paid holidays per year:

New Year's Day	Labor Day
Washington's Birthday	Veteran's Day
Memorial Day	Thanksgiving Day
Independence Day	Christmas Day

c. Effective July 1, 2006, Employees shall receive three (3) paid personal leave days per Calendar Year, to be used consistent with the rules governing annual leave, and treated separately from annual leave accrual. Employees may designate Martin Luther King Day as one of the personal leave days.

Section 4. Night Shift Differential

a. Employees in the following listed titles shall continue to receive a Night Shift Differential as provided in Article III, Section 6 of this Agreement:

Staff Nurse
Staff Nurse (Department for the Aging)
Assistant Head Nurse
Head Nurse
Head Nurse (DOS)
Supervisor of Nurses
Midwife
Nurse-Midwife
Nurse-Practitioner
Associate Midwife (Level A)
Associate Midwife (Level B)
Associate Nurse Practitioner (Level I)
Associate Nurse Practitioner (Level II)

b. Employees in the following listed titles shall continue to receive a Night Shift Differential in accordance with Article III, Section 1 of the 1995-2001 Citywide Agreement:

Case Management Nurse, Level I, Level II (PD)
Case Management Nurse, Level I, Level II (FD)
Case Management Nurse, Level I, Level II (DOC)
Case Management Nurse (DOS)
Sr. Case Management Nurse (DOS)

ARTICLE XVIII - ASSOCIATION ACTIVITIES

Time spent by employee representatives to conduct labor relations with the City and on Association activities shall be governed by the terms of Executive Order No. 75, as amended, dated March 22, 1973, entitled "Time Spent on the Conduct of Labor Relations between the City and Its Employees and on Union Activity" or any other applicable Executive Order.

ARTICLE XIX - OFFICE SPACE

The Health and Hospitals Corporation's Director for Personnel and Labor Relations shall issue a memorandum requesting that each Executive Director determine if space is available to be used by the NYSNA for the conduct of Association business within each facility.
The Commissioner of Labor Relations for the affected Mayoral agencies shall request that such space availability be determined by the agency.

ARTICLE XX - LABOR-MANAGEMENT COMMITTEE

Section 1.

The Employer and the Association, having recognized that cooperation between management and employees is indispensable to the accomplishment of sound and harmonious labor relations, shall jointly maintain and support a labor-management committee in each of the agencies.

Section 2.

Each labor-management committee shall consider and recommend to the agency head, utilization of professional nursing personnel, problems of nursing education, patient care, involuntary overtime, shift rotation, involuntary frequent assignment rotation (floating) and changes in the working conditions of the employees within the agency who are covered by this Agreement. Matters subject to the Grievance Procedure shall not be appropriate items for consideration by the labor-management committee.

Section 3.

Each labor-management committee shall consist of six members who shall serve for the term of this agreement. The Association may, through its members on the committee, designate a consultant to attend a particular meeting. The agency shall have the same right. The Association shall designate three members and the agency head shall designate three members. Vacancies shall be filled by the appointing party for the balance of the term to be served. Each member may designate one alternate. Each committee shall select a chairman from among its members at each meeting. The chairmanship of each committee shall alternate between the members designated by the agency head and the members designated by the Association. A quorum shall consist of a majority of the total membership of a committee. A committee shall make its recommendations to the agency head in writing.

Section 4.

The labor-management committee shall meet at the call of either the Association members or the Employer members at times mutually agreeable to both parties. At least one week in advance of a meeting, the party calling the meeting shall provide, to the other party, a written agenda of matters to be discussed. Minutes shall be kept and copies supplied to all members of the committee.

ARTICLE XXI - FINANCIAL EMERGENCY ACT

The provisions of this Agreement are subject to applicable provisions of law, including the New York State Financial Emergency Act for the City of New York as amended.

ARTICLE XXII - APPENDICES

The Appendix or Appendices, if any, attached hereto and initialed by the undersigned shall be deemed a part of this Agreement as if fully set forth herein.

ARTICLE XXIII - SAVINGS CLAUSE

In the event that any provision of this Agreement is found to be invalid, such invalidity shall not impair the validity and enforceability of the remaining provisions of this Agreement.

ARTICLE XXIV - CONTRACTING-OUT CLAUSE

The use of supplemental nursing services by the Health and Hospitals Corporation's facilities shall be in conformance with applicable Corporation Operating Procedures (including Operating Procedure 130-1).

WHEREFORE, we have hereunto set our hands and seals this 20th day of October, 2006.

Dear Ms. Seidel:

Pursuant to negotiations for the 2003-2007 NYSNA contract, the following was agreed:

In the event any registered nurse considers that in his/her professional opinion he/she has been given an assignment that is unsafe and/or endangers patient care, he/she will accept and perform the assignment, but shall immediately notify his/her nurse manager. The nurse manager, or

designee, shall review the assignment as soon as practicable with the registered nurse and shall make a determination concerning the appropriateness of the assignment. If the registered nurse, in his/her professional judgement, disagrees with the nurse manager's or designee's determination, then he/she will accept and perform the assignment and shall file a Protest of Assignment with the Nursing Office. Nursing management will respond to the Protest of Assignment in writing.

The NYSNA may bring the issue of protests of assignment to the labor-management committee at each facility. In so doing the NYSNA shall notify the management representatives in advance and in writing of the protests of assignment that will be raised. The notice will include specific information concerning the protests and/or the pattern of protests that the NYSNA wishes to discuss. After meeting at the facility level, if the NYSNA believes that a consistent pattern of protests of assignments persists at a facility, they may bring that pattern of protests to the monthly labor-management meeting held at the Corporate level. The NYSNA will notify the Corporation management representatives in advance and in writing of the patterns of protests of assignment that will be raised and the notice will include specific information concerning the protests and the pattern of protests that the NYSNA wishes to discuss. There shall be no adverse action taken against any employee for exercising this right.

If the above conforms to your understanding, please countersign below.

Very truly yours,

Re: PRECEPTORSHIP PROGRAM

Dear Ms. Seidel:

Pursuant to negotiations for the 2003-2007 NYSNA contract, the following is agreed:

The Parties agree that the adoption, implementation and maintenance of an effective orientation program is a key element in ensuring that newly hired, promoted or transferred nurses are properly prepared to assume their professional duties. The parties further agree that such a program will enhance the recruitment and retention of newly hired nurses and facilitate the provision of high quality health services to the people of the City of New York.

Accordingly, the Employer and the Union recognize the importance of providing a core clinical orientation to each newly hired, promoted and/or transferred employee and of providing these employees with appropriate monitoring and guidance. In furtherance of this objective the parties agree to discuss the creation of preceptorship programs in the various facilities that will include the following program guidelines:

1. Participation in the preceptor program will be voluntary and no employee will be required to become a preceptor.

2. Employees who volunteer to participate in the preceptor program and successfully complete all required training will be eligible to perform the role of preceptor. Time spent in required preceptor training programs, including mandated continuing preceptor training, will be considered paid working time.

3. The direct patient care duties of preceptors will be limited, wherever possible, during the period of time that they are precepting. Conditions permitting, the assignment of patients to the orientee will be progressive and the preceptor's evaluation of the orientee's capabilities will be considered. A preceptor will not be unreasonably assigned simultaneously to more than one orientee.

4. Employees assigned to preceptor duties will be paid additional compensation at the rate of $1.00 per hour for time worked as a preceptor.

5. Issues related to the implementation and maintenance of preceptor programs may be brought to a labor-management meeting at the facility level, or to the Corporate level, if appropriate.

If the above conforms to your understanding, please countersign below.

Re: NYSNA Agreement for the Period January 1, 2003 to November 30, 2007

Dear Ms. Seidel:

This is to confirm that pursuant to the 2000-2002 Staff Nurse Agreement negotiations, the New York State Nurses Association (NYSNA) was permitted three (3) additional full-time positions with full pay and benefits pursuant to Executive Order No. 75.

The NYSNA Staff Nurse collective bargaining settlement was charged to fully fund these additional positions.

Dear Ms. Seidel:

Pursuant to negotiations for the 2003-2007 NYSNA contract, the following is agreed:

It is understood that the creation and classification of titles is a managerial prerogative.

The parties agree that the labor/management committee established pursuant to negotiations for the 1992-95 NYSNA contract will continue to be responsible for discussing and proposing "career ladders" applicable to registered professional nurses. It is understood that any proposal agreed to by the committee can only be implemented if there is sufficient funding available to cover the costs of such proposal and if such a proposal is consistent with the operational needs of HHC.

Dear Ms. Seidel:

This is to summarize agreements made pursuant to negotiations for the 2003-2007 Staff Nurse Agreement

1. HHC has re-issued Operating Procedure 120-2, with a cover memorandum as discussed during prior negotiations, concerning hospital to hospital transfers; HHC has also notified its facilities to establish policies so that registered professional nurses will not be used to accompany patients on clinic visits when the patient's condition does not require professional care.

2. HHC has established In Service/Leadership Training for nurses. All registered professional nurses are eligible to apply for this training; applications will have to be approved by the applying nurse's respective facility; and training will be provided centrally. The time allocated for attendance at this training will not be charged to an individual's leave balances. The HHC will continue to provide training to registered professional nurses on how to recognize and deal with violent patients and visitors.

3. HHC has issued a letter to all its facilities requesting that when space planning is done the facilities consider providing lounge space for nursing staff.

4. HHC has issued a letter to nursing directors stating that when a facility's Infection Control Department determines that a number of the nursing staff should be released from duty because of exposure to a communicable disease such release will be made without charge to leave balances.

5. The documentation forms already agreed to by the parties for situations where nursing staff are assigned to higher level duties pursuant to Article III, Section 10D have been issued.

6. The Health and Hospitals Corporation and Mayoral agencies will make concerted efforts to provide locker rooms and lounges for registered professional nurses in each facility.

7. The Health and Hospitals Corporation Vice President for Human Resources will arrange a meeting with representatives from the New York State Nurses Association and appropriate staff from Kings County Hospital to discuss provision of lounges in the currently planned new hospital buildings at Kings County Hospital.

8. The Health and Hospital Corporation and the Mayoral agencies have issued the agreed to policies concerning floating, rotations, and weekends. These policies are attached to the contract.

Very truly yours,

AGREED AND ACCEPTED

New York State Nurses Association

AGREEMENT entered into this 20th day of Oct., by and between the City of New York, the Health and Hospitals Corporation, and New York State Nurses Association consistent with Article II, Section 2 of the 1995-2001 Citywide Agreement with regard to the scheduling of the group of employees covered by this Agreement.

1. DURATION

A. This Agreement, unless otherwise stated, will be effective from **January 1, 2003** and will remain in effect until **November 30, 2007.**

2. DEFINITIONS

A. Normal Schedule: An arrangement of workdays and hours in which an employee fulfills her/his work commitment in five (5), seven and one-half hour(7 ½) days within a seven (7) day period of time.

B. AWS: An arrangement of workdays and hours in which an employee fulfills her/his work commitment in a manner other than the standard five (5), seven and one-half (7 ½) hour days.

C. The term "employee" is defined, for the purpose of this Agreement, to include full-time, part-time, and per diem employees employed by the Health and Hospitals Corporation.

3. PROCEDURES FOR IMPLEMENTATION OF AWS

A. Alternate work schedules may be implemented in units where no AWS had been utilized upon submission of the following information to the facility Director of Human Resources and to the Association at least one (1) month before the commencement of AWS:

1. The specific unit and service involved in the AWS, indicating by tour, the name and title and schedule of all employees on the unit.

2. A copy of the first months schedule for the unit.

B. The parties shall then review the submission and discuss, prior to implementation date, any inconsistency with this Agreement.

4. ELIGIBILITY AND PARTICIPATION IN AWS

A. Employees shall select AWS on a voluntary basis only.

B. Employees working an alternate work schedule may request to be changed to a normal schedule upon four (4) weeks written notice to the Director of Nursing. Such request shall be granted whenever possible, at the discretion of the Director.

C. The parties recognize that sick calls that occur by employees working AWS are more difficult to cover than employees working a normal schedule. Therefore, every effort will be made by the parties to reduce the number of sick calls and provide coverage when they occur.

5. TERMINATION OR REDUCTION OF AWS

A. The Employer may terminate or reduce the AWS to a normal schedule upon sixty (60) days written notice to the Association and affected employees.

B. After the above-mentioned sixty day notice of intent is provided, a Labor-Management Committee meeting will be convened to discuss alternatives to the termination or reduction. At that meeting the Employer shall provide the Association with the rationale for the termination or reduction of AWS and will provide relevant information for review by the Committee. The HHC Director of Labor Relations, or his/her designee, will participate in the Labor-Management Committee meetings. At the conclusion of the sixty (60) day notice period, the final decision whether to terminate or reduce the AWS, or to modify the original notice of intent to terminate or reduce AWS, shall be made by the facility Executive Director or his/her designee. The sixty (60) day notice period may be extended to allow for further discussion upon the expressed written consent of the Employer to the Association.

C. Upon termination or reduction of the Alternate Work Schedule in a unit, Employees will volunteer to cover all three tours. In the existence of a conflict regarding an assignment to a tour, seniority will prevail.

6. TYPES OF AWS

A. Any schedules that the Employee and Employer may mutually agree to as an accommodation to an employee, other than those referred to below, shall not be construed to be an AWS and shall not fall within the scope of this agreement. Any AWS other than those listed below must be by mutual written agreement of the Association and the Employer.

B. Examples of alternative work schedules for full-time employees include, but are not limited to, the schedules listed below:

1. Three Day Work Week - Three (3) twelve and one-half (12 ½) hour tours in one week.

2. Four Day Work Week - Four (4) ten (10) hour tours in one (1) week; three (3) ten (10) hour tours plus one (1) five (5) hour tour in the other week.

3. Four Week Tour - Three (3) eleven and one-half (11 ½) hour tours for three (3) weeks, plus three (3) eleven and one-half (11 ½) hour tours and one twelve (12) hour tour in the other week.

a.) While on this schedule, six (6) hours earned annual leave must be retained in the employee's leave bank.

b.) If during this four (4) week schedule and employee leaves after working a 3 day/3 day portion or a 3 day/ 3 day/ 3 day portion, the employee shall have deducted from her/his annual leave balance the number of hours for which the employee was paid but were not actually worked. If the annual leave balance is insufficient for this purpose, deduction for the balance owed will be deducted from the employee's paycheck.

c.) If during this four (4) week schedule an employee leaves after working a 3 day/4 day portion, the employee shall receive overtime for all hours worked beyond seventy-five (75) hours in a two (2) week period. Such payment shall be in accordance with Section 8B of this Agreement.

d.) If during the four (4) week schedule an employee leaves after working a 4 day portion, the employee shall receive overtime credit for all hours worked beyond 37.5 hours per week in accordance with the provisions of the 1995-2000 Citywide Agreement, Article IV, Section 2, or any successor agreement(s).

4. Two Week Tour - Three (3) thirteen (13) hours tours one week; three (3) twelve (12) hour tours in the other week.

C. Part-time employees may work any of the alternative shifts provided they complete their normal bi-weekly schedule.

D. All of the above schedules are exclusive of an unpaid one (1) hour meal period (see Section 7A below).

7. MEAL AND REST PERIODS

Meal and rest period(s) for employees on the AWS program:

A. All employees will have an unpaid one (1) hour meal period during each tour of duty, except those employees working a five (5) or six (6) hour tour.

B. An employee working on an AWS tour of eleven (11) or more hours will receive two (2) fifteen minute rest periods per tour of duty. An employee working on an AWS tour between seven (7) and eleven (11) hours will receive at least one (1) twenty minute rest period per tour of duty. An employee working on a six (6) hour tour will receive one (1) twenty minute rest period per tour of duty.

C. The meal and/or rest period(s) can, by agreement, be scheduled and/or combined at any time or in any way, provided that no meal period or rest period(s) are scheduled in the first two (2) hours or the last two (2) hours of the tour.

8. OVERTIME

A. Except in an emergency situation pursuant to Article IV, Section 13 of the 1995-2000 Citywide Contract or its successors, and employee on an alternative work schedule shall not be required to work more than fifteen and one-half (15 ½) hours in a work day.

B. Overtime for full-time employees on the 3 day/4 day AWS shall be calculated on the basis of time worked beyond seventy-five (75) hours in a two week period. Ordered involuntary overtime which results in an employee working in excess of eighty (80) hours every two week period shall be compensated in cash at time and one-half (1 ½ x). For those employees whose normal work schedule is less than eighty (80) hours every two (2) weeks, any such ordered involuntary overtime worked between the maximum of those two work weeks and eighty (80) hours in those same calendar weeks, shall be compensated in cash at straight time.

C. Overtime for full-time employees on a 3 day/ 3 day/3 day/4 day AWS shall be calculated on the basis of time worked beyond one hundred fifty (150) hours in a four (4) week period. Ordered involuntary overtime which results in an employee working in excess of one hundred sixty (160) hours in a four (4) week period shall be compensated in cash at time and one-half (1 ½ x). For those employees whose normal work schedule is less than one hundred sixty (160) hours every four weeks, any such ordered involuntary overtime worked between the maximum of those four weeks and one hundred sixty (160) hours in those same calendar weeks, shall be compensated in cash at straight time.

9. SHIFT DIFFERENTIAL

A. An employee will be paid shift differential at an hourly rate determined by dividing the applicable evening or night shift differential by 1957.5. The evening differential shall be paid for hours in pay status between 3:00 p.m. and 11:00 p.m.; night shift differential shall be paid for hours in pay status between 11:00 p.m. and 8:00 a.m.

B. An employee currently receiving full shift differential for working a unique schedule of which 50% of the hours fall within the normal evening tour hours and who works an AWS tour of which 50% of the hours fall within the hours of 3:00 p.m. -11:30 p.m. shall continue to receive the full shift differential.

10. RESPONSIBILITY PAY

A differential of $.40 per hour shall be provided to each Staff Nurse who is assigned or exercises responsibility during the time 3:00 p.m. through 8:00 a.m. for one or more Staff Nurse, or for two (2) or more units.

11. POSTING

Each institution will post approved alternate work schedule positions and provide a copy to the Union's hospital representative(s).

12. Employees and potential employees shall be provided with the provisions of Article VI of the 1995-2000 Citywide Contract, or its successors, which addressed time and leave variations for employees working other than the standard work week.

WHEREFORE, we have hereunto set our hands and seals this 20th day of October, 2006.

SUBJECT: Scheduling of Registered Professional Nurses on Weekends

This memorandum states the Corporation policy concerning the weekend scheduling of registered professional nurses represented by the New York State Nurses Association. "Weekend" is defined as the two-day period consisting of Saturday and Sunday. Registered professional nurses on units/services which are open on Saturday and/or Sunday shall be entitled to at least 26 weekends off per year. In implementing this policy, no changes shall be made in existing work schedules, except to the extent necessary to comply with the requirements of this policy. Notwithstanding the above, exceptions may be made where strict adherence to this policy would compromise patient care.

SUBJECT: Floating Assignments for Nurses

This memorandum states the Corporation policy concerning "floating" assignments for registered professional nurses represented by the New York State Nurses Association. The guidelines for these assignments are

1) Floating shall not be used to cover vacancies whose existence can be identified in advance, e.g. scheduled vacations, long-term sick leave, workers compensation, etc., it shall only be used to cover unexpected vacancies which arise on a particular tour in a unit or service.

2) When registered professional nurses represented by NYSNA are assigned to float, it shall be between units within their assigned service or related service, or to units on a service where they have worked or have had orientation.

3) Floating assignments shall be distributed equitably among the registered professional nurse staff.

4) Floating assignments shall be made at the beginning of a tour of duty. To that end, nurses who are going to be unexpectedly absent must call in a minimum of two hours prior to the start of the tour of duty. It is the responsibility of the Director of Nursing or the Director's designee to arrange for staff coverage prior to the commencement of the tour.

5) Notwithstanding the above, when, in the judgment of the Director of Nursing or the Director's designee, adherence to this policy would compromise the delivery of patient care, floating assignments will be made as required.

From: Donna Lynne

Subject: Shift Rotation - Registered Professional Nurses

This memorandum establishes a revised Corporate policy on shift rotation for registered professional nurses. This policy will commence immediately and employees shall be given at least three months advance notice of their rotation schedule.

Shift rotations shall be scheduled for no less than one month at a time. Employees with seven or more years of service as a registered professional nurse with the Corporation and/or mayoral agencies, or who regularly work the evening or night tour, shall not be required to rotate. Employees with less than seven years of service shall not be required to rotate more than three months in any year unless the employee submits a written request for additional rotation to the Director of Nursing.

In implementing this policy, no changes shall be made in existing work schedules except to the extent necessary to comply with the requirements of this policy.

Where this policy limits a facility's ability to provide shift coverage due to a lack of personnel with less than seven years of service, the facility shall initiate a Labor/Management meeting with the NYSNA to discuss alternatives, including, but not limited to, hiring for tour and rotation of employees with more than seven years of service.

Notwithstanding the above, any employee may be required to rotate in an emergency situation.

LATE NOTICE

TAXI AND LIMOUSINE COMMISSION

■ NOTICE

Corrected Notice of Promulgation of Rules

This rule was previously published in the City Record on October 31, 2006. The corrected text herein constitutes the final rule and statement of basis and purpose being promulgated. Notice is hereby given in accordance with section 1043(e) of the Charter of the City of New York ("Charter") that the Taxi and Limousine Commission hereby promulgates rules relating to the establishment of summary suspension and hearing procedures for licensees who are not in compliance with the rules of the Commission.

The rules are promulgated pursuant to sections 1043 and 2303(b)(11) and (c) of the Charter and section 19-503 of the Administrative Code of the City of New York. The rule was not included in the TLC's regulatory agenda for Fiscal Year 2006 because the need for these rules was not anticipated at the time that the regulatory agenda was compiled.

These rules were published for comment in The City Record on September 21, 2006, and a public hearing in connection with these rules was held on October 25, 2006, before the Taxi and Limousine Commission. Pursuant to section 1043(e)(1)(c) of the Charter, these rules will take effect 30 days following publication in The City Record.

New material is underlined. Deleted material in brackets.

§1. Section 1-07 of Chapter 1 of Title 35 of the Rules of the City of New York is amended by adding a new Subdivision (c):

(c) A taxicab may be operated only while the registration of the vehicle remains valid. Operation of a vehicle without a valid registration shall constitute operation without a Commission-issued license in violation of section 19-506 of the Administrative Code of the City of New York, regardless of whether a Commission-issued license had previously been obtained while a registration was valid.

§2. Section 1-10 of Chapter 1 of Title 35 of the Rules of the City of New York is amended to read as follows:

§1-10 Taxicab Inspections

(a) No new or replacement taxicab shall operate for hire unless it has been inspected and approved by the Commission.

(b) An owner shall have his taxicab inspected every four months at a date and time designated by the Commission and at any other time deemed necessary by the Commission.

(c) An owner shall comply with all notices and directives to correct defects in taxicabs.

(d) An owner shall repair or replace a taxicab when the Commission determines that the vehicle is unsafe or unfit for use as a taxicab, and directs the owner to remove it from service. [Upon failure to comply with such order within ten (10) days of service thereof, t]The owner shall surrender the medallion and rate card to the Commission for storage and shall be suspended pursuant to section 8-17(b) of this title. [If the owner fails to comply with the order within one hundred and twenty (120) days of service thereof, or in the event the owner has sold his vehicle and has failed to replace it within one hundred and twenty (120) days from the date of sale, the Commission may deem the taxicab license to have been abandoned and may initiate revocation proceedings.]

§3. Section 1-86 of Chapter 1 of Title 35 of the Rules of the City of New York is amended by adding the following language, adding a new penalty labeled §1-07(c) between the penalties labeled §1-07(b) and §1-09(a), amending the penalties labeled §1-10(a) through §1-10(d), by removing the penalty labeled §1-11(e) & (f), and amending the penalties labeled §1-22(a) and §1-23(a) to read as follows:

§1-86 Penalties for Violation of Rules Governing Owners of Medallion Taxicabs and Coaches.

§4. Subdivision (a) of Section 2-04 of Chapter 2 of Title 35 of the Rules of the City of New York is amended to read as follows:

(a) [All] An applicant[s] will be issued a probationary license valid for a period of one year subsequent to the [last day of the month in which the application was made] date the license was issued. The Commission will evaluate the applicant at the conclusion of the one-year probationary period, and will determine if renewal of the license is appropriate. In making such determination, the Commission may consider the driving record, any violation of the Taxicab Drivers Rules, or any other evidence that suggests that the driver no longer meets all requirements for a license.

§5. Subdivision 1 of paragraph (a) of section 2-10 of Chapter 2 of Title 35 of the Rules of the City of New York is amended to read as follows:

(1) A license issued to a new applicant shall expire [two years] one year subsequent to the date the license was issued as provided in section 2-04 of this chapter. [The first year of said license period shall be a probationary period as defined in §2-04.]

§6. Paragraph (a) of section 2-11 of Chapter 2 of Title 35 of the Rules of the City of New York is amended to read as follows:

(a) All licensees are required to attend and satisfactorily complete an authorized course of training in taxi-related subjects prior to the [completion] expiration of their probationary [period as defined in §] license pursuant to section 2-04 of this chapter. The course shall be a minimum of four hours and shall include an update of rule changes, a review of driver responsibilities and duties, driver-passenger relations, and an awareness of serving passengers with disabilities. A renewal applicant must successfully complete such course, as verified by the designated school, as a prerequisite to the first renewal of a taxicab driver's license. The course must be completed no sooner than sixty (60) days prior to, and in any event no later than the expiration date of the one-year probationary license.

§7. Paragraph (b) of section 2-12 of Chapter 2 of Title 35 of the Rules of the City of New York is amended to read as follows:

(b) A driver shall [net] not operate a taxicab without a valid New York State chauffeur's license or a valid license of similar class of the state of which he is a resident.

§8. Section 2-86 of Chapter 2 of Title 35 of the Rules of the City of New York is amended by adding the following language and amending the penalty labeled §2-12(b) to read as follows:

RULE NO.	PENALTY	Personal Appearance Required
	All fines listed below also include a separate license suspension, to run concurrent with any underlying suspension, until such fine is paid, unless such fine is paid by the close of business on the day assessed.	
§2-12(b)	$100 – 350 and/or suspension up to 30 days; summary suspension until compliance pursuant to section 8-17(b) of this title. *Presentation of a valid license in effect at the [date] time of the violation shall result in a dismissal of the charge	Yes

§ 9. Section 4-06 of Chapter 4 of Title 35 of the Rules of the City of New York is amended by adding the following language and amending subdivision (d) to read as follows:

	Penalty
	All fines listed below also include a separate license suspension, to run concurrent with any underlying suspension, until such fine is paid, unless such fine is paid by the close of business on the day assessed.
(d) A driver shall not operate a paratransit vehicle unless:	
(1) he or she possesses a paratransit driver's identification card;	(1) $100 Personal Appearance Required.
(2) he or she possesses a valid New York State chauffeur's license or appropriate valid license of similar class of the state of which he is a resident;	(2) $100 - $350 and/or suspension up to 30 days; [for the same period of time imposed by the issuing Department of Motor Vehicles unless exempted by the Commission. Personal Appearance Required] summary suspension until compliance pursuant to section 8-17(b) of this title.
(3) the vehicle is adequately insured in accordance [to] with New York State Law.	(3) $100 Personal Appearance Required.

§ 10. Section 5-09 of Chapter 5 of Title 35 of the Rules of the City of New York is amended by adding the following language:

RULE NO.	PENALTY	Personal Appearance Required
	All fines listed below also include a separate license suspension, to run concurrent with any underlying suspension, until such fine is paid, unless such fine is paid by the close of business on the day assessed.	

§11. Paragraph 1 of subdivision (a) of section 6-02 of Chapter 6 of Title 35 of the Rules of the City of New York is amended to read as follows:

(1) A license issued to a new applicant for a for-hire vehicle driver's license shall expire [two years] one year subsequent to the date the license was issued as provided in section 6-14. [The first year of said license period shall be a probationary period as defined in Rule §6-14.]

§12. Subdivision (a) of Section 6-14 of Chapter 6 of Title 35 of the Rules of the City of New York is amended to read as follows:

(a) [All] An applicant[s] will be issued a probationary license valid for a period of one-year subsequent to the [last day of the month in which the application was made] date the license was issued. The Commission will evaluate the applicant at the conclusion of the one-year probationary period and will determine if renewal of the license is appropriate. In making such determination, the Commission may consider the driving record, any violation of the For-Hire Vehicle Rules, or any other evidence that suggests that the driver no longer meets all requirements for a license.

§13. Section 6-22 of Chapter 6 of Title 35 of the Rules of the City of New York is amended by adding the following language and revising the penalties labeled §6-04(i)(1) through §6-04(i)(5), §6-04(j), §6-11(b), and §6-15(a)(2) to read as follows:

RULE NO.	PENALTY	Personal Appearance Required
	All fines listed below also include a separate license suspension, to run concurrent with any underlying suspension, until such fine is paid, unless such fine is paid by the close of business on the day assessed.	
§6-04([i]h)(1)	$25 for each day of non-compliance, to a maximum of $10,000, and either suspension until compliance or base license revocation.	Yes
§6-04([i]h)(2)	$25 for each day of non-compliance, to a maximum of $10,000, and either suspension until compliance or base license revocation.	Yes
§6-04([i]h)(3)	$25 for each day of non-compliance, to a maximum of $10,000, and either suspension until compliance or base license revocation.	Yes
§6-04([i]h)(4)	$500-$5,000 for each twenty days said payment is overdue, and suspension until compliance or revocation, together with restitution to the Fund for any unpaid amount, together with interest at the rate of 12 percent per annum.	Yes
§6-04([i]h)(5)	$500-$10,000 and suspension until compliance or revocation.	Yes
	* * *	
§ 6-11(b)	$100 - $350 and/or suspension [for the period of time imposed by the issuing Department of Motor Vehicles] up to 30 days; summary suspension until compliance pursuant to section 8-17(b) of this title.	Yes
	* * * *	
§6-15(a)(2)	$100-350, and/or suspension [for the same period of time imposed by the issuing Department of Motor Vehicles unless exempted by the Commission] up to 30 days; summary suspension until compliance pursuant to section 8-17(b) of this title.	Yes

§14. Section 8-11 of Chapter 8 of Title 35 of the Rules of the City of New York is amended to read as follows:

§8-11 Hearing Procedure.

(a) No licensee shall be permitted to appear at a hearing unless he [has surrendered his license] or she shows a valid photo ID to the Commission prior to the hearing. [The Commission may, in its discretion, accept a bond in lieu of a license for licensed vehicle owners, including owners of taxicabs, for-hire vehicles, paratransit vehicles and commuter vans.]

(b) All hearings shall be conducted before an ALJ who shall consider all relevant testimony and review documentary evidence submitted at the hearing. Evidence at a hearing may include affidavits or affirmations submitted under penalties of perjury and may also include the records of the Commission or of another governmental body maintained in the regular course of business. Failure of the respondent to produce at a hearing any document either requested by the Commission or required to be maintained by the respondent

pursuant to Commission Rules shall lead to a rebuttable presumption that the document, if produced, would have been adverse to the respondent. Although the formal rules of evidence do not apply, all witnesses shall testify under oath. (c) All hearings shall be recorded. The record of the hearing and the written decision of the ALJ shall constitute the only official record of the hearing. No individual may record or photograph the hearing without prior written permission from the Commission.

(d) At the conclusion of the hearing, the ALJ shall issue a decision which shall include findings of fact and conclusions of law. If the ALJ finds a violation has been committed, the appropriate penalties shall be imposed, which may include a fine, and/or suspension or revocation of the respondent's license. In the event a suspension for a specified period of time is imposed, such suspension period will not include any period of time during which the respondent's license is not in the possession of the Commission.

[(e) The failure to pay any fines imposed at the conclusion of a hearing shall result in the suspension of the respondent's license until payment is received by the Commission. Such suspension period will not be included in the calculation of any specified suspension period imposed by the ALJ.]

§15. Section 8-12 of Chapter 8 of Title 35 of the Rules of the City of New York is amended to read as follows:

§8-12 Procedures in the Event of a Failure to Appear.

(a) In the event that a respondent fails to appear at a scheduled hearing, the Commission shall conduct an inquest on any violation of the Administrative Code or the Commission Rules. At said inquest, to be conducted on or after the hearing date, the ALJ shall impose any penalties deemed appropriate, including additional penalties for the failure to appear at such hearing imposed upon licensees pursuant to Commission Rules.

(b) The Commission shall inform the respondent of the determination of the inquest by regular, first class mail to the address of the respondent on file with the Commission.

(c) [If the respondent is a licensee, his license shall be suspended following the inquest until either:

(i) The respondent pays all fines imposed at the inquest, as well as all other fines due and owing to the Commission, and has complied with all Commission directives; or

(ii) The inquest is vacated by an Administrative Law Judge.]

If the penalty imposed at the inquest includes the suspension of a license as a result of a violation of a Commission Rule or the Administrative Code, said suspension shall not [be deemed to run concurrently with any suspension imposed under this subdivision. If a summons or notice of violation issued to the owner of a taxicab, for-hire vehicle, paratransit service vehicle or commuter van was served by personal service upon the driver of such vehicle pursuant to §8-05(a)(iii), the suspension imposed following the inquest shall not] commence until ten (10) days after the mailing of the ALJ's decision with respect to the inquest conducted herein.

(d) A respondent may move to vacate the inquest determination within one hundred twenty (120) calendar days of the date of the inquest. Said motion must be made in writing unless otherwise authorized by the Executive Director of Adjudications or his designee and shall be filed in accordance with the Commission procedures for the submission of such motions. In support of this motion to vacate, the respondent shall present written evidence as to:

(i) the reasons for his failure to appear at the hearing; and

(ii) a defense to the charge, which, if established and proven at a hearing, would result in the dismissal of the summons.

If the respondent fails to make a timely motion to vacate the default, any penalties imposed pursuant to Rule 2-70 or 6-23 shall be assessed and the respondent shall be notified of this determination by regular, first class mail.

(e) If the ALJ determines that the respondent has established both a valid excuse for his failure to appear at the hearing and a defense to the violation which, if proven, would be legally sufficient, the inquest determination shall be vacated and the respondent shall be entitled to a hearing de novo. Any suspension or revocation imposed at the inquest shall be vacated.

(f) If the ALJ denies the motion to vacate, the penalties imposed at the inquest shall be assessed. In addition, the ALJ shall impose any appropriate penalty required pursuant to §2-70 or §6-23 of the Commission Rules.

§16. Section 8-15 of Chapter 8 of Title 35 of the Rules of the City of New York is amended to read as follows:

§8-15 Special Procedures Relating to Fitness Hearings.

(a) If the Commission believes that a licensee or applicant for a license (hereinafter referred to as "respondent") does not meet or does not continue to meet the qualifications for licensure, as set forth in Commission Rules, it may direct that such respondent appear for a fitness hearing. Such hearing shall be conducted by an ALJ.

(b) The Commission shall prepare a notice of hearing which shall be served upon the respondent in accordance with §8-05. Such notice shall set forth, at a minimum, the date, time and location of the hearing and the basis for the Commission's charge that the respondent fails to meet the minimum requirements for licensure.

(c) Notwithstanding paragraphs (a) and (b) of this section, the Commission may order the summary suspension of a driver's license to ensure the public safety in cases where the Commission receives notice that a licensee has failed a required drug test. The Commission shall notify the licensee either by personal service or by first class mail of the summary suspension, within five (5) calendar days of the suspension. An expedited fitness hearing shall be scheduled within ten (10) calendar days of such suspension. The hearing shall be conducted by an ALJ in accordance with paragraphs (d) and (e) of this section, and based upon the ALJ's findings, either the suspension shall be lifted or the license shall be revoked.

[(c)](d) The hearing shall be conducted before an ALJ who shall review the documentary evidence and testimony submitted by the Commission and afford the respondent an opportunity to respond under oath and to proffer evidence on his or her behalf. The hearing shall be recorded.

[(d)](e) The ALJ shall issue a Recommended Decision which shall include a determination as to the respondent's fitness to possess a license. If the respondent is or has ever been a licensee, the Recommendation shall be issued to the Chairperson. If the respondent is an applicant who has never held a license issued by the Commission, the Recommendations shall be issued to the Deputy Commissioner for Licensing, his or her designee, or any other person designated by the Chairperson. The Chairperson, Deputy Commissioner for Licensing, or designee, may accept, reject or modify said Recommendation. The decision of the Chairperson, Deputy Commissioner for Licensing, or designee shall constitute the final determination of the Commission.

§17. Section 8-16 of Chapter 8 of Title 35 of the Rules of the City of New York is amended to read as follows:

§8-16 [Emergency] Summary Suspension Pending Revocation to Protect the Public [Welfare] Health or Safety.

(a) If the Chairperson finds that emergency action is required to insure public health[,]or safety [or welfare], he/she may order the summary suspension of a license or licensee, pending revocation proceedings.

(b) Such revocation proceedings shall be initiated within five (5) calendar days of the summary suspension.

(c) Notwithstanding paragraph (b) of this section, the Chairperson may summarily suspend a license subject to the provisions of (a) and (d) through (g) of this section based upon an arrest on criminal charges that the Chairperson determines is relevant to the licensee's qualifications for continued licensure. At the hearing pursuant to subdivision (e) of this section, the issue shall be whether the charges underlying the licensee's arrest, if true, demonstrate that the licensee's continued licensure during the pendency of the criminal charges would pose a threat to the health or safety of the public. Revocation proceedings need not be commenced during the pendency of the criminal charges. In such a case, within five (5) calendar days of the Commission's receipt from the licensee of a certificate of disposition of the criminal charges, the Chairperson shall either lift the suspension or commence revocation proceedings.

(d) The Chairperson shall notify the licensee either by personal service or by [both] first class [and certified] mail of the summary suspension, within five (5) calendar days of the suspension. If the licensee wishes to receive a hearing concerning the suspension, he or she may request a hearing within ten (10) calendar days of receipt of the notice of suspension. Upon receipt of a request for a hearing, the Chairperson shall schedule a hearing, which shall be held within ten (10) calendar days of the receipt of the request, unless the Commission determines that such hearing will be prejudicial to any ongoing civil or criminal investigation. This paragraph shall not apply, and no summary suspension hearing shall be required, where the Commission schedules the revocation hearing within fifteen (15) calendar days of the suspension.

[d](e) A summary suspension hearing conducted pursuant to this section shall be held before an ALJ who shall consider relevant evidence and testimony under oath, according to the hearing procedures set forth in this Chapter. In any such hearing, where applicable, the affirmative defenses may include those set forth in subdivision b of §19-512.1 of the Administrative Code [may be available].

[e](f) Upon the conclusion of the summary suspension hearing, the ALJ shall issue a written Recommended Decision to the Chairperson, who may accept, reject or modify the recommendation. The decision of the Chairperson shall be the final determination of the Commission with respect to the summary suspension.

[f](g) In the event no decision is rendered by the Chairperson within sixty (60) calendar days of the conclusion of the suspension hearing, the suspension shall be thereafter stayed until such decision is rendered.

§18. Section 8-17 of Chapter 8 of Title 35 of the Rules of the City of New York is amended to read as follows:

§8-17 Summary Suspension Pending Compliance with Commission Rules.

(a)(i) If the Chairperson or his or her designee determines that [the] a licensee is not in compliance with the requirements in subdivision (b) of §2-19 or subdivision (v) of §6-16 in this title, such licensee's [driver's] TLC-issued license shall be summarily suspended pending an opportunity to be heard.

(ii) Upon a determination made pursuant to paragraph (i) of this [section] subdivision that a [driver's] TLC-issued license shall be summarily suspended, the Commission shall notify the licensee either by personal service or by first class mail to the last mailing address filed with the Commission that the licensee's [driver's] TLC-issued license shall be suspended either immediately upon service of such notice if made by personal service, or five (5) days after the date of the mailing of such notice if mailed. Such notice shall contain, at a minimum the following information:

(1) a notice that the licensee's [driver's] TLC-issued license is being suspended for a violation of the Commission's [R]rules or applicable Administrative Code [S]section;

(2) a description of the nature of the violation;

(3) the [R]rule or Administrative Code [S]section alleged to have been violated; provided, however, that if there is a conflict between the [R]rule or [C]code [S]section cited and the description of the violation, the description shall be dispositive; and

(4) a notice that if the licensee wishes to be heard concerning the suspension, he or she may provide the Commission with written documentation refuting the suspension of his or her license within ten (10) calendar days of the receipt of the notice if notice was given by personal service, or fifteen (15) calendar days of the mailing of the notice of suspension if the notice was mailed.

(iii) All documentation submitted by a licensee refuting the suspension shall be reviewed by an ALJ. Suspension of the [driver's] TLC-issued license shall continue while documentation is under review by the ALJ. After review of the documentary evidence, the ALJ shall issue a decision which shall include findings of fact and conclusions of law. If the ALJ finds that a violation has been committed, the appropriate penalties shall be imposed, which shall include continued suspension of the driver's license until compliance and may also include a fine. If the ALJ finds that no violation has been committed, the suspension shall be vacated. The decision of the ALJ shall be final, and [a licensee may appeal such decision] may be appealed pursuant to §8-13 of this [C]chapter. Where an ALJ decision made pursuant to this subdivision lifting a suspension is reversed on appeal, such matter will be remanded for a new hearing pursuant to this subdivision, and the TLC-issued license shall be suspended until final disposition of the case or until compliance as appropriate.

(iv) In the event no decision is rendered by the ALJ within sixty (60) calendar days of the receipt of written documentation provided by the licensee, the suspension shall be thereafter stayed until such decision is rendered.

[(b)](v) In the event a licensee does not provide the Commission with written documentation refuting the suspension within ten (10) calendar days of the receipt of the notice if notice was given by personal service, or fifteen (15) calendar days of the mailing of the notice of suspension if the notice was mailed, it shall be deemed that the opportunity to be heard has been waived and a violation has been committed, and the appropriate penalties shall be imposed, which shall include continued suspension of the [driver's] TLC-issued license until compliance and may also include a fine.

[(c)](vi) Suspension of [driver's] TLC-issued licenses pursuant to this [section] subdivision shall continue until the fines assessed pursuant to paragraph (iii) of this subdivision [(a) of this section] have been paid and until compliance with the underlying Commission [R]rule or Administrative Code [S]section has been shown to the satisfaction of the Chairperson or his or her designee.

[(d)](vii) At any time after a licensee has been notified of suspension, a licensee may pay any applicable fine, comply with the underlying Commission [R]rule or Administrative Code [S]section and furnish proof of such compliance to the satisfaction of the Chairperson or his or her designee. Upon such payment and submission of proof of compliance, the suspension of the [driver's] TLC-issued license shall be lifted. If the licensee pays any applicable fine and furnishes proof of compliance either in lieu of submitting documentation or after documentation has been submitted but before a decision has been rendered, the suspension shall be lifted and the opportunity to be heard shall be deemed to have been waived.

(b)(i) If the Chairperson or his or her designee determines that a licensee is not in compliance with a rule in this title that provides for summary suspension until compliance, such licensee's TLC-issued license may be summarily suspended until compliance pending an opportunity for a hearing.

(ii) Upon a determination made pursuant to paragraph (b)(i) of this section that a TLC-issued license shall be summarily suspended, the Chairperson shall notify the licensee either by personal service or by first class mail to the last mailing address filed with the Commission that the licensee's TLC-issued license shall be suspended either immediately upon service of such notice if made by personal service, or five (5) days after the date of the mailing of such notice if mailed. Such notice shall contain, at a minimum the following information:

(1) a notice that the licensee's TLC-issued license is being suspended for a violation of the Commission's rules or applicable Administrative Code section;

(2) a description of the nature of the violation;

(3) the rule or Administrative Code section alleged to have been violated; provided, however, that if there is a conflict between the rule or code section cited and the description of the violation, the description shall be dispositive; and

(4) a notice that if the licensee wishes to receive a hearing concerning the suspension, he or she may request a hearing within ten (10) calendar days of receipt of the notice of suspension if notice was given by personal service, or fifteen (15) calendar days of the mailing of the notice of suspension if the notice was mailed.

(iii) Upon receipt of request for a hearing, the Commission shall schedule a hearing, which shall be held within ten (10) calendar days of the receipt of the request, unless adjourned upon consent of the licensee or for good cause by the ALJ. Such summary suspension hearing shall be conducted by an ALJ who shall consider relevant evidence and testimony under oath, according to the hearing procedures set forth in this chapter.

(iv) The ALJ shall issue a decision which shall include findings of fact and conclusions of law. If the ALJ finds that a violation has been committed, the appropriate penalties shall be imposed, which shall include continued suspension of the TLC-issued license until compliance and may also include a fine. If the ALJ finds that no violation has been committed, the suspension shall be vacated. The decision of the ALJ shall be final, and such decision may be appealed pursuant to section 8-13 of this chapter. Where an ALJ decision made pursuant to this subdivision lifting a suspension is reversed on appeal, such matter will be remanded for a new hearing pursuant to this subdivision, and the TLC-issued license shall be suspended until final disposition of the case or until compliance as appropriate.

(v) In the event no decision is rendered by the ALJ within sixty (60) calendar days of the receipt of written documentation provided by the licensee, the suspension shall be thereafter stayed until such decision is rendered.

(vi) Suspension of TLC-issued licenses pursuant to paragraph (b)(iv) of this section shall continue until the fines assessed pursuant to that paragraph have been paid and until compliance with the underlying Commission Rule or Administrative Code section has been shown to the satisfaction of the Chairperson or his or her designee.

(vii) In the event a licensee does not provide the Commission with a request for a hearing regarding the suspension within ten (10) calendar days of the receipt of the notice if notice was given by personal service, or fifteen (15) calendar days of the mailing of the notice of suspension if the notice was mailed, it shall be deemed that the opportunity to be heard on an expedited basis pursuant to this subdivision

has been waived and the licensee shall be scheduled for a hearing on the underlying violation pursuant to the procedures in this chapter. In such an event, the summary suspension of the TLC-issued license shall be continued until either lifted by the ALJ in such regularly scheduled hearing, or until the licensee furnishes proof of compliance to the satisfaction of the Chairperson or his or her designee.

(viii) At any time after a licensee has been notified of suspension, a licensee may pay any applicable fine, comply with the underlying Commission rule or Administrative Code section and furnish proof of such compliance to the satisfaction of the Chairperson or his or her designee. Upon such payment and submission of proof of compliance, the suspension of the TLC-issued license shall be lifted. If the licensee pays any applicable fine and furnishes proof of compliance either in lieu of submitting documentation or after documentation has been submitted but before a decision has been rendered, the suspension shall be lifted and the opportunity to be heard shall be deemed to have been waived.

§19. Section 9-17(a) of Chapter 9 of Title 35 of the Rules of the City of New York is amended by adding the following language:

(a)

RULE NO.	PENALTY	Personal Appearance Required
	All fines listed below also include a separate license suspension, to run concurrent with any underlying suspension, until such fine is paid, unless such fine is paid by the close of business on the day assessed.	
§9-02(a)	$500 – first violation $1,000 – subsequent violation within twenty-four months	Yes
§9-03(c)	$500 – first violation $1,000 – subsequent violation within twenty-four months	Yes

§ 20. Section 12-08(a) of Chapter 12 of Title 35 of the Rules of the City of New York is amended by adding the following language:

(a)

RULE NO.	PENALTY	Personal Appearance Required
	All fines listed below also include a separate license suspension, to run concurrent with any underlying suspension, until such fine is paid, unless such fine is paid by the close of business on the day assessed.	
12-02(a)	$500-1,000	Yes
12-02(e)	$500-10,000 and/or revocation	Yes

§ 21. Section 15-43 of Chapter 15 of Title 35 of the Rules of the City of New York is amended by adding the following language:

(a)

RULE NO.	PENALTY	Personal Appearance Required
	All fines listed below also include a separate license suspension, to run concurrent with any underlying suspension, until such fine is paid, unless such fine is paid by the close of business on the day assessed.	
§15-02	$10,000 and revocation if the taximeter business license is suspended	Yes
§15-08(a)	$1,000-5,000 and suspension until consent of commission is obtained or change in business ownership is withdrawn, or revocation	Yes

STATEMENT OF BASIS AND PURPOSE

These rules create procedures for suspending licenses pending compliance with applicable rules, as an alternative to the existing procedure for suspending licenses pending revocation of those licenses. This rulemaking follows the pattern of recently promulgated amendments to the Commission's drug testing rules, which provided for suspension of licensees who fail to submit to required annual drug testing – the new rule provides for suspension pending compliance as an alternative to suspension pending revocation. This rulemaking creates the alternative of suspension pending compliance for several rules violations involving pre-hearing suspensions, in order to protect against an imminent threat to the health and safety of the riding public.

Because the suspensions are pre-hearing, prompt post-suspension review of the suspension is provided for in these rules. Section 8-17(a) provides for post-suspension review based on the submission of papers, and is applicable only to a suspension imposed for failure to submit to required annual drug testing. Section 8-17(b) provides for post-suspension hearings, and is applicable to all other summary suspensions that are imposed pending compliance. Both section 8-17(a) and section 8-17(b) provide deadlines within which the suspended licensee may contest the suspension. Where a suspension is imposed and a summons is issued for the same violation, the hearing on the summons will be consolidated with any hearing on the suspension pursuant to section 8-17(b). Each rule that may result in a summary suspension pending compliance includes a reference to 8-17(a) or (b) in the penalty in these rules.

In addition to or instead of contesting a summary suspension that is imposed pending compliance, a licensee has the alternative of complying with the underlying rule, and demonstrating compliance to the Commission, whereupon the suspension will be lifted without a hearing, and regardless of whether a hearing has been scheduled or has been held.

Other substantive changes in these rules include:

- Elimination of suspensions for failure to comply with Commission rules requiring personal appearances at hearing. This requirement is eliminated in anticipation of future rulemaking to substitute fixed fines for "range fines," which were the reason underlying the personal appearance requirements.
- Amendment of section 8-15 to provide for pre-hearing suspension of a licensee pending a fitness hearing, where the licensee fails a drug test and the licensee's continued operation would pose a threat to the public safety. As with other summary suspensions, the amendment provides for prompt post-suspension process – in this case, a prompt fitness hearing.
- Explicit provision for summary suspension pending revocation where the licensee is arrested on charges that are relevant to the licensee's qualification for licensure and pose a threat to public health or safety. Prompt post-suspension challenges are provided for, and a revocation proceeding must be commenced, or the suspension lifted, promptly upon notice to the Commission of disposition of the criminal proceedings.
- Provision that holders of probationary taxicab driver licensees must complete their continuing education requirements within a prescribed time, and that failure to do so results in expiration of their licenses.
- Elimination of the existing rule requiring surrender of a license as a precondition to appearing at a hearing. The new rule requires only that photo identification be shown, in conformance with current practice.
- Rule 8-11(e) is deleted and instead incorporated into each penalty table, to make the requirement of paying fines more clear throughout the rules.

Finally, this rulemaking corrects various typographical errors, eliminates references only to the male pronoun, and provides for more consistent usage of terms.

AGENCY RULES

PROCUREMENT POLICY BOARD

■ NOTICE

NOTICE OF ADOPTION OF FINAL RULE

The Procurement Policy Board (PPB) adopted an amendment to §3-03, **Competitive Sealed Proposals, of chapter 3 of Title 9 of the Rules of the City of New York,** pursuant to Sections 311 and 1043 of the New York City Charter. The proposed amendment was published on September 13, 2006. A public hearing was held on October 13, 2006. The amendment was adopted by the PPB on October 19, 2006. The effective date of this amendment is December 4, 2006.

Basis and Purpose of the Amendment

The proposed amendment to section 3-03: (1) clarifies how price is to be evaluated by agencies in evaluating proposals, including proposals for construction related services and those procured through multiple task orders, (2) clarifies rules regarding the evaluation process including the use of a randomized evaluation process in the case of high volume competing proposals and outside evaluators on evaluation committees, and (3) renumbers and reorganizes text as appropriate.

The Amended Rule

In the amendment, which immediately follows this notice, new material is underlined and deletions are bracketed.

Brendan J. Sexton, Chair

Section 1. Subdivisions (a) and (g) of section 3-03 of Title 9 of the Rules of the City of New York are amended to read as follows:

(a) The Request for Proposals (RFP) – Contents. RFPs shall include the following data:

(1) statement that the contract award will be made to the responsible proposer whose proposal is determined to be the most advantageous to the City, taking into consideration the price and such other factors or criteria that are set forth in the RFP;

(2) statement of work or scope of services statement, performance requirements, and any special instructions;

[(2)](3) the specific criteria and the relative weight of each criterion or category of criteria that will be used to evaluate the proposals;

(4) statement of how price will be evaluated. In addition, the following statements regarding price must be included:

(i) a notice that prices shall be irrevocable until contract award, unless the proposal is withdrawn, and that offers may be withdrawn only after the expiration of ninety days (or such longer period as is specified in the solicitation) after opening of proposals, in writing received by the agency prior to award;

(ii) if applicable, request for cost breakdown of the proposed price;

[(3)](5) proposal submission requirements including requirements, if any, for the electronic submission of proposals; if applicable, that technical and price proposals shall be submitted in separate sealed envelopes (electronic or paper); and the time and date after which proposals will not be accepted as well as location of proposal submission;

[(4)](6) other information such as delivery dates or time frames within which the work must be completed. Where it is anticipated that a contract will extend beyond one year, the following information must be included in any solicitation, in addition to any other requirements of these Rules:

(i) a statement of intent to award a multi-term contract, and an estimate of the quantity of services required for the proposed contract period;

(ii) for client services only, a request for a proposal of a total price which shall be binding in the first year and may be negotiable from year to year thereafter;

(iii) that the multi-term contract is subject to modification or cancellation if adequate funds are not appropriated to the agency to support continuation of performance in any fiscal year succeeding the first;

(iv) that the multi-term contract is subject to modification or cancellation if the vendor's performance is not satisfactory;

(v) that the Contracting Officer shall notify the vendor as soon as is practicable that the funds are, or are not, available for the continuation of the multi-term contract for each succeeding fiscal year;

(vi) for client services only, whether proposers shall submit prices for the first year, for the entire period of performance, or for some portion of the period; and

(vii) a statement setting forth those costs (if any) for which the vendor will be reimbursed in the event of cancellation;

[(5)](7) general as well as special terms and conditions, if applicable;

[(6)](8) a notice of the proposer's rights to appeal certain decisions;

[(7)](9) a notice of the City's prompt payment policy, including an explanation of the requirements for invoicing;

[(8) a notice that prices shall be irrevocable until contract award, unless the proposal is withdrawn, and that offers may be withdrawn only after the expiration of ninety days (or such longer period as is specified in the solicitation) after opening of proposals, in writing received by the agency prior to award;]

[(9)](10) a requirement for acknowledgment of amendments;

[10](11) if applicable, a request for a description of experience in the line of work being considered (including references);

[(11)](12) if applicable and necessary in the judgment of the Contracting Officer, a request for description of staff capability along with the resumes of key individuals who will work on the contract;

[(12) if applicable, request for cost breakdown of the proposed price;]

(13) a notice that although discussions may be conducted with offerors submitting acceptable proposals, award may be made without any discussions;

(14) if applicable, provision on the submission and consideration of multiple or alternate proposals;

(15) a provision that proposers should give specific attention to the identification of those portions of their proposals that they deem to be confidential, proprietary information or trade secrets and provide any justification why such materials, upon request, should not be disclosed by the City. Such information must be easily separable from the non-confidential sections of the proposals;

(16) a notice that contract award is subject to the provisions of the MacBride Principles Law;

(17) a notice that contract award is subject to applicable provisions of federal, State, and local laws and executive orders requiring affirmative action and equal employment opportunity;

(18) if applicable, a notice that contract award is subject to completion of a VENDEX questionnaire and review of that information by the Department of Investigation;

(19) if applicable for construction and construction-related services contracts, a notice that contract award is subject to the provisions of Section 6-108.1 of the New York City Administrative Code relating to the LBE program and its implementation rules;

(20) where applicable, all information required pursuant to Section 312(a) of the Charter;

(21) the following statement:

The New York City Comptroller is charged with the audit of contracts in New York City. Any vendor who believes that there has been unfairness, favoritism, or impropriety in the proposal process should inform the Comptroller, Office of Contract Administration, 1 Centre Street, Room 1005, New York, NY 10007; telephone number (212) 669-2323; and

(22) name, address, and telephone number of contact person; and

(23) if applicable, information regarding multiple award task order contracts for services.

(g) Evaluation Process. [The RFP]Award, if any, must [state that the contract award will] be made to the responsible proposer whose proposal is determined to be the most advantageous to the City, taking into consideration the price and such other factors or criteria that are set forth in the RFP. [No other factors or criteria shall be used in the evaluation and award of the contracts except those specified in the RFP] In evaluating the proposals, the agency may consider only price and the criteria set forth in the RFP. In considering price, the agency may use methods such as ranking technically viable proposals by price, evaluating price per technical point, or evaluating proposals in accordance with another combination of price and technical merit. Such methods may result in the agency selecting the highest technically rated proposer over another technically qualified proposer who offered a lower fee as a result of factors including, but not limited to, the selected vendor's superior technical skill and expertise, increased likelihood of timely completion, and/or ability to manage several projects simultaneously with lower overall costs to the City, including costs in City personnel time and consultants. However, for construction-related consulting services, including those procured through multiple award task orders, the agency shall rank proposers by technical merit, and then consider price by negotiating a fair and reasonable price with the highest technically ranked proposer(s). Other methods for considering price, including using fee curves based on market-derived data with appropriate consideration of complexity, or evaluating proposals in accordance with another combination of price and technical merit, may be used for construction-related consulting services only with the written approval of the CCPO.

(1) Evaluation Committee. Proposals shall be reviewed by an evaluation committee consisting of no fewer than three persons with knowledge, expertise, and experience sufficient to make a fair and reasonable evaluation. If an RFP incorporates multiple competitions, each competition may be evaluated by a separate committee. The ACCO shall require each member of the evaluation committee(s) to submit a signed statement, in a format approved by the CCPO, agreeing to prohibitions on any conflicts of interest.

(a) Randomized evaluation process. If the ACCO determines that such a high volume of competing proposals is likely to be received that it will be infeasible for each member of the evaluation committee to read each proposal, the ACCO may, subject to the approval of the CCPO, establish a pool of appropriate evaluators and then randomly assign each proposal to at least three such evaluators for review.

(b) Outside Evaluators. The evaluation committee may include persons who are not employed by the agency. In addition, the ACCO may determine, subject to the approval of the CCPO, that it in the best interests of the City for the evaluation committee to include persons who are not employees of the City of New York, provided however that such non-City employees may not constitute a majority of the evaluation committee. Such persons must serve without financial compensation, but may be entitled to travel and other related expenses as may be reasonably incurred in the execution of their role as an evaluator.

(2) Rating Sheets. Ratings sheets or other written evaluation forms shall be used to evaluate proposals [and shall be signed and dated by all members of the evaluation committee]by the evaluators and each evaluator shall sign and date his or her rating sheets. Initial ratings may be amended and the amended ratings recorded on amended ratings sheets. Copies of all initial and amended rating sheets or evaluation forms shall be maintained.

(3) Proposal Discussions with Individual Offerors. The evaluation committee shall evaluate all proposals and may elect to enter into discussions with those whose proposals are acceptable or are reasonably likely to be made acceptable for any or all of the [purpose of]following purposes:

(i) promoting understanding of the City's requirements and the vendors' proposals and capabilities;

(ii) obtaining the best price for the City; [and]or

(iii) arriving at a contract that will be most advantageous to the City taking into consideration price and the other evaluation factors set forth in the RFP.

(4) Conduct of Discussions.

(i) Proposers shall be accorded fair treatment with respect to any opportunity for discussions and revisions of proposals.

(ii) The ACCO shall establish an agenda and schedule for conducting discussions.

(iii) If there is a need for any substantial clarification of, or change in, the RFP, the RFP must be amended to incorporate such clarification or change and shall be provided to all proposers.

(iv) Auction techniques (revealing one proposer's price to another) and disclosure of any information derived from competing proposals are prohibited.

(v) Any oral clarification of a proposal shall be confirmed in writing by the proposer.

(5) Best and Final Offers. Best and final offers are the revised and corrected final proposals submitted by proposers after discussions, if any, have been held by the procuring agency.

(i) The ACCO shall establish a common date and time for the submission of best and final offers.

(ii) Best and final offers shall be submitted only once unless the ACCO makes a determination that it is in the City's best interest to conduct additional discussions and/or require another submission of best and final offers.

(iii) Proposers shall be informed that if they do not submit a notice of withdrawal or another best and final offer, their immediate previous offer will be construed as their best and final offer.

(iv) All best and final offers shall be recorded on the Register of Proposals and handled in accordance with the control procedures contained in these Rules.

(v) The ACCO may request best and final offers on the whole proposal or on any one or combination of its component parts (e.g., price, technical qualifications, approach, and/or capability). The request shall be the same for all proposers.

(vi) Best and final offers shall be evaluated in accordance with this subdivision.

(vii) For construction-related consulting services, in the event that the agency has chosen to negotiate a fair and reasonable price with the top-ranked proposer, if such a fee is not successfully negotiated, the agency may conclude such negotiations, and enter into negotiations with the next ranked vendor(s), as necessary.

ADVISORY REPORTS

ISSUE DATE: 10/04/06	DOCKET #: 071010	CRA #: CRA 07-2181
ADDRESS: CENTRAL PARK, Ancient Playground, SCENIC LANDMARK	BOROUGH: MANHATTAN	BLOCK/LOT: 1111 / 1

To the Mayor, the Council, and the Commissioner, Department of Parks and Recreation.

This report is issued pursuant to Section 25-318 of the Administrative Code of the City of New York, which requires a report from the Landmarks Preservation Commission for plans for the construction, reconstruction, alteration, or demolition of any improvement or proposed improvement which is owned by the City or is to be constructed upon property owned by the City and is or is to be located on a landmark site or in a historic district or which contains an interior landmark.

At the Public Meeting of July 18, 2006, following the Public Hearing of July 11, 2006, the Landmarks Preservation Commission reviewed a proposal for alterations to the Ancient Playground in Central Park. The proposed work consists of the replacement of pathways, planting areas, fencing and play equipment with new installations of different designs and placement; the reinstallation of the Osborn Gates, designed by Paul Manship and previously removed from the entrance to the Toddler Play Area, as an independent sculptural element, located between the playground entrance gates and the park entrance gates; and the replacement of an existing fence at the southern perimeter of the playground and adjoining greenspace with a new masonry wall and fencing, as shown on presentation boards, labeled L1 through L15 by the Commission staff and prepared by the Central Park Conservancy, consisting of drawings and photographs; and one board, labeled L16 and prepared by the Commission staff, consisting of photographs, all presented at the Public Hearing and Meeting.

In reviewing this proposal, the Commission noted that the Ancient Playground was designed by Richard Dattner and constructed in 1972; and that the playground is located on a triangular site bound by a perimeter wall, facing Fifth Avenue, and two transverse roadways at East 84th and East 85th Streets, within an English Romantic style public park designed in 1856 by Olmsted and Vaux. The Commission also noted that the footprint of the site was modified in 1945 with the realignment of the transverse roadways; that a playground was initially constructed within this site in 1936, and modified and expanded in 1945 and 1953; that the current Ancient Playground was designed as an "Adventure Playground;" and that the Osborn Gates, commissioned in the 1950s and designed by Paul Manship, were relocated from a nearby playground to the Ancient Playground in 1972 and were removed in 1974.

With regard to this proposal, the Commission expressed a general consensus that the proposed pathways leading to the comfort station and related grade change were appropriate and that modifications to the playground could be appropriately achieved. However, the Commissioners also expressed specific concerns about the following segments of this work:

The modifications and expansion of the Toddler Play Area: Some of the Commissioners expressed support for the proposed modifications or a preference to defer to those with expertise in playground design with regard to these changes. Other Commissioners found that the relocation of the Obelisk and the creation of a prominent secondary pathway into the rounded section of the Toddler Area would weaken the termination of the major axis within the playground; that the proposed toddler swing area was not well integrated into the overall design; and that this work would disrupt the unity of the playground design.

The proposed reinstallation of the Osborn Gates: All of the Commissioners expressed support for the reinstallation of the gates. However, they unanimously opposed their installation as an independent sculptural element, instead of as functioning gates. Several of the Commissioners also expressed concerns about the placement of the gates near the entrance to the playground, instead of their previous location at the entrance to the Toddler Play Area, and the redundancy of the three sets of gates in close proximity. Some of the Commissioners recommended possible alternative installation locations for the gates to be considered, including returning the gates to the Toddler Play area or installing the gates as the entrance gates to the playground.

The replacement of the existing southern perimeter fence with a masonry wall and fencing: The Commissioners expressed support for this work. However, some of the Commissioners expressed concerns about the transition of the fencing at the western portion of the new masonry to the proposed adjoining pier and recommended that this connection point be revised.

Additionally, several of the Commissioners indicated that the existing water feature should be restored or that an equivalent element be incorporated into the proposed design.

Please note that this report is being issued in conjunction with Binding Commission Report 07-0418 (LPC 06-8353) issued on October 4, 2006 for alterations to the adjoining comfort station; and that the Commission requests the submission of final filing drawings for the playground alterations when they are available.

This report is issued on the basis of the building and site conditions described in the application and disclosed during the review process. By accepting this permit, the applicant agrees to notify the Commission if the actual building or site conditions vary or if original or historic building fabric is discovered. The Commission reserves the right to amend or revoke this permit, upon written notice to the applicant, in the event that the actual building or site conditions are materially different from those described in the application or disclosed during the review process.

All approved drawings are marked approved by the Commission with a perforated seal indicating the date of approval. The work is limited to what is contained in the perforated documents. Other work or amendments to this filing must be reviewed and approved separately. This report constitutes the permit; a copy must be prominently displayed at the site while work is in progress. To the Mayor, the Council, and the Commissioner, Department of Cultural Affairs.

This report is issued pursuant to Sections 3020 and 854 (h) of the New York City Charter and Section 25-318 of the Administrative Code of the City of New York, which require a report from the Landmarks Preservation Commission for certain plans for the construction, reconstruction, alteration, or demolition of any improvement or proposed improvement which is owned by the City or is to be constructed upon property owned by the City and is or is to be located on a landmark site or in a historic district or which contains an interior landmark.

The Landmarks Preservation Commission has reviewed a proposal for installation of a rooftop exhaust duct and interior alterations, including the demolition and construction of non-bearing partitions and finishes; the installation of a fire suppression system; and HVAC, mechanical and electrical work, at the second, third and fourth floor levels in Wing K, including the Greek and Roman Galleries, as described in written specifications, dated September 12, 2006, and shown on a marked photograph, dated received September 15, 2006; drawings A.000, FA 103, FA.103F, FA.104, FA.104F, FA.300, FA 603, FA.604, FA.104DL, FA.403A, FA.403B, FA.403C, FA.404, FA.404A, FA.404B, FA.404C, FA.404D, FA.404E, FA 404F, FA.700, and FA.701, dated revised August 28, 2006 and prepared by James P. Owens, RA; drawings FM 103, FM.104, FP 103, FFP 103, FFP.104, FMD.103, FMD.104, FP.102, FP.104, and FP.200, dated revised June 23, 2006; drawings FE.103, FE.104 and FE.104.1, dated revised August 17, 2006; and drawing FE.103.1, dated revised January 13, 2006 and prepared by Andrew J. Sebor, PE, all submitted as components of this application.

The Commission has reviewed these drawings and finds, in accordance with the provisions of Title 63 of the R.C.N.Y., Section 2-19, that the duct will not result in damage to, or demolition of, a significant architectural feature of the roof of the building; that the duct will not adversely affect significant architectural features of adjacent improvements; and that the duct will not be visible from a public thoroughfare. The work, therefore, is approved.

This report is issued on the basis of the building and site conditions described in the application and disclosed during the review process. By accepting this permit, the applicant agrees to notify the Commission if the actual building or site conditions vary or if original or historic building fabric is discovered. The Commission reserves the right to amend or revoke this permit, upon written notice to the applicant, in the event that the actual building or site conditions are materially different from those described in the application or disclosed during the review process.

All approved drawings are marked approved by the Commission with a perforated seal indicating the date of approval. The work is limited to what is contained in the perforated documents. Other work or amendments to this filing must be reviewed and approved separately. This report constitutes the permit; a copy must be prominently displayed at the site while work is in progress. To the Mayor, the Council, and the Commissioner, Department of Cultural Affairs.

This report is issued pursuant to Sections 3020 and 854 (h) of the New York City Charter and Section 25-318 of the Administrative Code of the City of New York, which require a report from the Landmarks Preservation Commission for certain plans for the construction, reconstruction, alteration, or demolition of any improvement or proposed improvement which is owned by the City or is to be constructed upon property owned by the City and is or is to be located on a landmark site or in a historic district or which contains an interior landmark.

The Landmarks Preservation Commission has reviewed a proposal for installation of rooftop ducts and interior alterations at the lower level, ground floor, third floor mezzanine level and third, fourth and fifth floors in Wings G, J, K, P, R and T including plumbing, HVAC, mechanical and work and the installation of a fire suppression system, as described in written specifications, dated September 12, 2006, and shown on two marked photograph, dated received September 15, 2006; drawings A.000, A.100, and A.101, dated revised August 28, 2006 and prepared by James P. Owens, RA; drawings MEP.100, M.101, M.102, M.103, M.104, M.105, M.106, M.107, M.200, ME.201, M.202, M.300, M.400, M.500, P.100, P.101, F.001, E.100, and E.101, dated revised June 23, 2006 and prepared by Andrew J. Sebor, PE, all submitted as components of this application.

The Commission has reviewed these drawings and finds, in accordance with the provisions of Title 63 of the R.C.N.Y., Section 2-19, that the rooftop ducts will not result in damage to, or demolition of, a significant architectural feature of the roof of the building; that the ducts will not adversely affect significant architectural features of adjacent improvements; and that the ducts will not be visible from a public thoroughfare. The work, therefore, is approved.

ADDRESS	BOROUGH:	BLOCK/LOT:
1000 FIFTH AVENUE Metropolitan Museum of Art INDIVIDUAL LANDMARK	MANHATTAN	1111 / 1

To the Mayor, the Council, and the Commissioner, Department of Cultural Affairs.

This report is issued pursuant to Sections 3020 and 854 (h) of the New York City Charter and Section 25-318 of the Administrative Code of the City of New York, which require a report from the Landmarks Preservation Commission for certain plans for the construction, reconstruction, alteration, or demolition of any improvement or proposed improvement which is owned by the City or is to be constructed upon property owned by the City and is or is to be located on a landmark site or in a historic district or which contains an interior landmark.

The Landmarks Preservation Commission has reviewed a proposal for the in-kind replacement of a skylight over Stair R-3; selective replacement of glazing panels at stair R-3; temporarily removing and reinstalling adjoining stonework; and related selective repointing, as necessary. The proposed work also includes interior alterations at the first floor, second floor, and first floor mezzanine levels at Wings K and R, including the demolition and construction of non-bearing partitions and finishes, HVAC, electrical, plumbing and mechanical work; and the installation of a fire suppression system, as described in written specifications, dated September 12, 2006 and September 26, 2006, and shown in two current condition photograph, dated August 7, 2006; drawing RA.602, dated revised January 7, 2006; drawings A.000, RA 102, RA.201, A.101, A.101a, A.101M, A.200, A.400, A.601, A.601M, RA 401, RA.402, RA.602A, RD.102, RD.602A, A.201, A.310, A.311, A.312, A.313, A.314, A.315, A.316, A.317, A.318, A.319, A.320, A.321, A.322, A.323, A.324, A.325, A.326, A.401, A.500, A.610, A.611, A.612, A.700, A.701, D 101, D.601, and D.601M, dated revised August 28, 2006 and prepared by James P. Owens, RA; drawings A101, A202, A252, A301, A302, A303, A304 and A305, dated September 25, 2006 and prepared by Robert Ward Evans, RA; drawings M.101, E.101, E.101M, RM.102, RFP.101M, RFP.102, RE.102, RM.101M, RM.200, FRM.400, FRM.500, FRM.501, FRM.600, RFP.101, FRFP.001, FRFP.002, and FRE.203, dated revised June 23, 2006; drawings FRE.200 and FRE.201 dated revised August 17, 2006; drawing FRE.202, dated revised February 13, 2006 and prepared by Andrew J. Sebor, PE; and drawings S-1 (Ceiling Support Framing Plan Sections & Notes), S-1 (Wing R Casework Structural Plans I), S-2, S-3, S-4, S-5 and S-6, dated revised August 28, 2006 and prepared by Edward Michael Messina, PE, all submitted as components of this application.

The Commission has reviewed these drawings and finds that the exterior alterations will not eliminate any significant historic fabric; that the replacement skylight will match the existing in materials, slope, dimensions, profiles, details, finishes and overall appearance, thereby remaining in harmony with the matching stair facade and surrounding masonry; that the glazing panels will be replaced and any removed masonry will be reinstalled to match the existing conditions; and that all pointing will be compatible with the historic masonry in terms of composition, and will match the original mortar in terms of color, texture, and tooling. The work, therefore, is approved.

This permit is issued contingent upon the Commission's review and approval of test samples of repointing mortar prior to the commencement of the work. Please contact the Landmarks Preservation Commission staff when the samples are ready in order to arrange a site visit.

This report is issued on the basis of the building and site conditions described in the application and disclosed during the review process. By accepting this permit, the applicant agrees to notify the Commission if the actual building or site conditions vary or if original or historic building fabric is discovered. The Commission reserves the right to amend or revoke this permit, upon written notice to the applicant, in the event that the actual building or site conditions are materially different from those described in the application or disclosed during the review process.

All approved drawings are marked approved by the Commission with a perforated seal indicating the date of approval. The work is limited to what is contained in the perforated documents. Other work or amendments to this filing must be reviewed and approved separately. This report constitutes the permit; a copy must be prominently displayed at the site while work is in progress. ADDRESS	BOROUGH:	BLOCK/LOT:
PROSPECT PARK Prospect Park 3rd Street Playground SCENIC LANDMARK	BROOKLYN	1117 / 1

To the Mayor, the Council, and the Commissioner of the Department of Parks & Recreation.

This report is issued pursuant to Sections 3020 and 854 (h) of the New York City Charter and Section 25-318 of the Administrative Code of the City of New York, which require a report from the Landmarks Preservation Commission for certain plans for the construction, reconstruction, alteration, or demolition of any improvement or proposed improvement which is owned by the City or is to be constructed upon property owned by the City and is or is to be located on a landmark site or in a historic district or which contains an interior landmark.

The Landmarks Preservation Commission has reviewed a proposal for modifications to the 3rd Street Playground, including resetting existing benches and replacing play equipment (water features and a sand box) and paving. The proposed work also includes the in-kind replacement of asphalt and hexagonal asphalt block paving at pathways, near the playground and Litchfield Villa, and the installation of man hole covers, catch basins and below-grade sewer and plumbing lines. The proposed work is described in written specifications and shown in current condition photographs; drawings S-1, R-1, R-2, L-1, G-1, G-2, G-3 and D-1, dated June 30, 2006; an undated drawing title page; drawing L-2, dated June 28, 2006; and two site plan illustrations, dated June 30, 2006, all prepared by the Prospect Park Alliance and submitted as components of the application.

The Commission notes that the Prospect Park Designation Report describes Prospect Park as a primarily naturalistic style park, with picturesque features, designed in 1865 by Frederick Law Olmsted and Calvert Vaux; that Lichfield Villa is an Italianate mansion, designed by Alexander J. Davis and built in 1856; and that the 3rd Street Playground is located within Prospect Park, between Prospect Park West and West Drive and between the 3rd Street entrance and the Litchfield Villa parking lot. Given that segments of the excavation will occur within areas where the applicant cannot document previous disturbance, archaeology should be completed as part of the work in these areas as per LPC Guidelines for Archaeology in New York City (available at nyc.gov/landmarks) and a final report detailing the findings of the archaeology will be prepared by the archaeologist to be submitted for review and approval to the LPC. Once an archaeologist who is certified or eligible for certification by the Register of Professional Archaeologists (R.P.A.) has been retained for this project, they should submit a scope of work for the archaeology to the LPC for review and approval before work begins.

With regard to this proposal, the Commission finds that the proposed work will not cause damage to any significant architectural features of the building or site; that the archaeology will be completed by an archaeologist who is certified or eligible for certification by the Register of Professional Archaeologists (R.P.A.); that a final report detailing the findings of the archaeology will be prepared by the archaeologist to be submitted for review and approval to the LPC; that the play equipment and paving to be eliminated are not significant features of the scenic landmark; that the proposed play equipment and playground paving will be in keeping with these elements at playgrounds throughout the park; that the replacement paving at the nearby pathways will match the adjoining paving; that the benches to be reset and the proposed man hole covers and catch basins will be typical in design and placement; and that none of the proposed work will detract from the surrounding landscape. Based on these findings, the proposed work is determined to be appropriate to the Prospect Park Scenic Landmark.

This report is issued on the basis of the building and site conditions described in the application and disclosed during the review process. By accepting this permit, the applicant agrees to notify the Commission if the actual building or site conditions vary or if original or historic building fabric is discovered. The Commission reserves the right to amend or revoke this permit, upon written notice to the applicant, in the event that the actual building or site conditions are materially different from those described in the application or disclosed during the review process.

All approved drawings are marked approved by the Commission with a perforated seal indicating the date of approval. The work is limited to what is contained in the perforated documents. Other work or amendments to this filing must be reviewed and approved separately. This report constitutes the permit; a copy must be prominently displayed at the site while work is in progress. ADDRESS	BOROUGH:	BLOCK/LOT:
CENTRAL PARK Ancient Playground SCENIC LANDMARK	MANHATTAN	1111 / 1

To the Mayor, the Council, and the Commissioner, Department of Parks and Recreation.

This report is issued pursuant to Sections 3020 and 854 (h) of the New York City Charter and Section 25-318 of the Administrative Code of the City of New York, which require a report from the Landmarks Preservation Commission for certain plans for the construction, reconstruction, alteration, or demolition of any improvement or proposed improvement which is owned by the City or is to be constructed upon property owned by the City and is or is to be located on a landmark site or in a historic district or which contains an interior landmark.

At the Public Meeting of July 18, 2006, following the Public Hearing of July 11, 2006, the Landmarks Preservation Commission reviewed a proposal for alterations to the comfort station within the Ancient Playground, north of the Metropolitan Museum, near Fifth Avenue.

The proposed work consists of enlarging masonry openings at the eastern and western facades by lowering the sills at two sealed window openings and installing doors within the openings; and removing the concrete steps at the comfort station entrances, as shown on presentation boards, labeled L1 through L15 by the Commission staff and prepared by Central Park Conservancy, consisting of drawings and photographs; and one board, labeled L16 and prepared by the Commission staff, consisting of photographs, all presented at the Public Hearing and Meeting.

In reviewing this proposal, the Commission noted that the building is a neo-Classical style comfort station, built circa 1928; and that the building is located at a triangular site bound by a perimeter wall, facing Fifth Avenue, and two transverse roadways at East 84th and East 85th Streets, within an English Romantic style public park designed in 1856 by Olmsted and Vaux. The Commission also noted that the existing window openings at the building are currently sealed and that the submitted photographs document evidence of disrepair.

With regard to this proposal, the Commission found that the proposed door openings will be well scaled to the building and will utilize the existing masonry openings, without eliminating any significant features, that the proposed doors are simple in design and will be harmonious with the facades; and that the windows are in keeping with the material and configuration of windows historically found on buildings of this age and style. Based on these findings, the Commission determined the work to be appropriate to the building and the Central Park Scenic Landmark.

Additionally, staff noted that interior alterations are restorative work at the exterior facades and chimney, including reopening sealed masonry openings; installing multi-light windows and paneled doors within existing openings; cleaning, repointing, and resetting masonry as necessary; and rebuilding the parapet back-up wall in-kind were included on the presentation boards. Staff found that the additional work is restorative in nature and will help protect the building from further disrepair due to water penetration and return this building more closely to its historic appearance; that no significant historic features will be altered or destroyed; that the proposed windows and doors will be installed within existing masonry openings; and that the proposed windows and doors are in keeping with those found at buildings of this type, style and age. Therefore, this work is approved.

The issuance of this permit is contingent on the documentation of the original window configurations and the review and approval of final filing drawings; documentation of any remaining historic windows if present and any available historic documentation of the original windows; fully dimensioned window, door and parapet sections; restorative work specifications; finish samples; pointing samples; and any additional samples, identified by the Commission staff based on the submitted restorative work specifications, prior to the commencement of the work. Please forward the drawings and finish samples to the Landmarks Preservation Commission staff and contact the staff when field samples are ready in order to arrange a site visit.

Please note that this report is being issued in conjunction with Advisory Commission Report 07-2181 (LPC 07-1010), issued on October 4, 2006 for the creation of new pathways leading to the Comfort Station entrances and alterations to the Ancient Playground.

This report is issued on the basis of the building and site conditions described in the application and disclosed during the review process. By accepting this permit, the applicant agrees to notify the Commission if the actual building or site conditions vary or if original or historic building fabric is discovered. The Commission reserves the right to amend or revoke this permit, upon written notice to the applicant, in the event that the actual building or site conditions are materially different from those described in the application or disclosed during the review process.

All approved drawings are marked approved by the Commission with a perforated seal indicating the date of approval. The work is limited to what is contained in the perforated documents. Other work or amendments to this filing must be reviewed and approved separately. This report constitutes the permit; a copy must be prominently displayed at the site while work is in progress. ADDRESS	BOROUGH:	BLOCK/LOT:
RUFUS KING PARK Rufus King Park INDIVIDUAL LANDMARK	QUEENS	9682 / 1

To the Mayor, the Council, and the Commissioner of the Department of Parks and Recreation.

This report is issued pursuant to Sections 3020 and 854 (h) of the New York City Charter and Section 25-318 of the Administrative Code of the City of New York, which require a report from the Landmarks Preservation Commission for certain plans for the construction, reconstruction, alteration, or demolition of any improvement or proposed improvement which is owned by the City or is to be constructed upon property owned by the City and is or is to be located on a landmark site or in a historic district or which contains an interior landmark.

The Landmarks Preservation Commission received a proposal for alterations throughout the park, including replacing the existing asphalt paving at the semi-circular entrance drive, parking area at the eastern side of the house, and adjoining road with stabilized gravel pavement; installing below-grade sewer systems, below-grade electrical conduits and 3" high handles ("hand holes") for access to below-grade electrical lines at select locations within the park; installing two 28" high electrical cabinets at the eastern side of the park; installing 23" high detention system vent pipes and at-grade hatch doors at the eastern side of the park; temporarily removing and resetting existing asphalt blocks and bluestone pavers at pathways and replacing asphalt paving in-kind to facilitate below grade conduit installations; and installing at-grade storm drains and manhole covers, as described in written specifications and shown in current condition photographs, material samples, drawings 2-5, dated May 20, 2005 and prepared by Neville V. Ramsay, Licensed Land Surveyor; drawings 6-19 and 21-27, dated April 10, 2006; and drawing 20, dated August 5, 2005, prepared by the City of New York Parks & Recreation Olmsted Center, all submitted as components of the application.

In reviewing this proposal, the Commission noted that the King Mansion Designation Report describes Rufus King Park as a remnant of the Rufus King Estate and site of the Rufus King Mansion, a Colonial style residence, built circa 1730-1755, with additions added in 1806, 1810 and circa 1830s, and that the estate originally consisted of a mansion, a large farm with outbuildings and landscaped grounds, of which only the historic Rufus King mansion remains. The Commission also noted that the park was given to the City of New York in 1896 and has been altered several times since, including the relocation of active recreational facilities to the northern section during the 1980s and 1990s. However, given that the park is known to contain significant archaeological resources and the applicant cannot document that all of the excavation will occur only within previously disturbed soils, archaeology should be completed as part of this work as per LPC Guidelines for Archaeology in New York City (available at nyc.gov/landmarks) and a final report detailing the findings of the archaeology will be prepared by the archaeologist to be submitted for review and approval to the LPC. Once an archaeologist who is certified or eligible for certification by the Register of Professional Archaeologists (R.P.A.) has been retained for this project, they should submit a scope of work for the archaeology to the LPC for review and approval before work begins.

With regard to this proposal, the Commission finds that the proposed work will not cause damage to any significant architectural features of the building or site; that the archaeology will be completed by an archaeologist who is certified or eligible for certification by the Register of Professional Archaeologists (R.P.A.); that a final report detailing the findings of the archaeology will be prepared by the archaeologist to be submitted for review and approval to the LPC; that the stabilized gravel pavement will harmonize with existing materials adjoining these areas and throughout the park and will be well related to traditional paving materials; that the detention systems and conduits will not be below-grade and not visible from any public thoroughfare; that the electrical cabinet, handles and vent pipes will be simple in design, small in scale in relation to the park and located at a distance from the house, thereby remaining discreet installations; that the asphalt blocks and bluestone pavers will be reinstalled to match their existing conditions; that any asphalt paving replacement will match the existing paving in placement and the adjoining paving in color, texture and overall appearance; that the storm drains and manholes covers will be installed at-grade and typical in placement and design, thereby not drawing undue attention to themselves, and that the work will not detract from the special architectural and historic character of the house and park. The work, therefore, is approved.

Please note that this permit is being issued in conjunction with Commission Binding Report 07-2188 (LPC 05-5893), issued September 26, 2006, for work including installing artificial turf, concrete curbing, an asphalt paver platform, driveway and a water fountain, and related landscaping, all at the northern section of park.

This report is issued on the basis of the building and site conditions described in the application and disclosed during the review process. By accepting this permit, the applicant agrees to notify the Commission if the actual building or site conditions vary or if original or historic building fabric is discovered. The Commission reserves the right to amend or revoke this permit, upon written notice to the applicant, in the event that the actual building or site conditions are materially different from those described in the application or disclosed during the review process.

All approved drawings are marked approved by the Commission with a perforated seal indicating the date of approval. The work is limited to what is contained in the perforated documents. RUFUS KING PARK Rufus King Park INDIVIDUAL LANDMARK	QUEENS	9682 / 1

To the Mayor, the Council, and the Commissioner of the Department of Parks and Recreation.

This report is issued pursuant to Sections 3020 and 854 (h) of the New York City Charter and Section 25-318 of the Administrative Code of the City of New York, which require a report from the Landmarks Preservation Commission for certain plans for the construction, reconstruction, alteration, or demolition of any improvement or proposed improvement which is owned by the City or is to be constructed upon property owned by the City and is or is to be located on a landmark site or in a historic district or which contains an interior landmark.

The Landmarks Preservation Commission, at the Public Meeting of February 8, 2005, following the Public Hearing of the same date, voted to approve a proposal to install synthetic turf and alter the landscape at the subject premises, as put forward in your application completed December 15, 2004 and as you were informed in Status Update Letter 05-5360 (LPC 05-3372) issued on January 8, 2005.

The proposed work, as approved, consists of installing artificial turf within a recreation field, surrounded by concrete curbing; installing an asphalt paver platform and driveway in the northwestern section of the field

and a water fountain in the southwestern section of the field; and landscaping throughout this section of the park. The approved work was shown as material samples of the artificial turf and pavers and on presentation boards consisting of existing condition photographs; historic maps of the park; drawing 10, dated January 15, 2003; a drawing labeled "Existing Conditions Plan," dated October 12, 2004; a drawing labeled "Schematic Design Plan," dated October 26, 2004; a drawing labeled "Current Survey, " dated received January 21, 2005; and a street plan of a three mile radius of Rufus King Park, dated received January 21, 2005, presented at the Public Hearing and Public Meeting.

In reviewing this proposal, the Commission noted that the recreational field, is located within the northern section of Rufus King Park, a remnant of the Rufus King Estate and site of the Rufus King Mansion, a Colonial style residence, built circa 1730-1755, with additions added in 1806, 1810 and circa 1830s; and that the estate originally consisted of a mansion, a large farm with outbuildings and landscaped grounds, of which only the historic Rufus King mansion remains.

With regard to this proposal, the Commission found that the proposed work will not cause damage to any significant architectural features of the building or site; that the archaeology will be completed by an archaeologist who is certified or eligible for certification by the Register of Professional Archaeologists (R.P.A.); that a final report detailing the findings of the archaeology will be prepared by the archaeologist to be submitted for review and approval to the LPC; that the work will not compromise any historic landscape features or be seen in close proximity to the Rufus King Mansion; that the proposed stage platform and driveway, to be installed near the edge of the field and low to the ground, and the proposed concrete curbing to be installed flush with the lawn, will not be visually intrusive within the landscape or call undue attention to themselves; that the proposed artificial turf replicates the color, texture and finish of the surrounding natural lawn, and thus, will not call attention to itself within the park; that the use of asphalt pavers at the platform and driveway will harmonize with asphalt pavers at the edges of the pathways surrounding the field and adjoining the driveway; that the proposed water fountain, simple in design and small in scale, will not detract from the significant features of the park; and that this proposed work will not diminish the special architectural and historic character of the Rufus King Mansion and Park.

The Commission authorized the issuance of a Binding Report upon receipt, review and approval of two sets of final drawings showing the approved design.

Subsequently, on May 2, 2006 and July 18, 2006, the Landmarks Preservation Commission received written specifications and final Department of Buildings filing drawings 2-5, dated May 20, 2005 and prepared by Neville V. Ramsay, Licensed Land Surveyor; drawings 6-19 and 21-27, dated April 10, 2006; and drawing 20, dated August 5, 2005, prepared by the City of New York Parks & Recreation Olmsted Center.

Accordingly staff reviewed the written specifications and drawings and noted that the concert pad has been changed from a rectangular to a circular form and that a 27" high electrical receptacle cabinet, with a concrete pedestal, near the concert pad has been added to the proposed work. With regard to these modifications, staff finds that the circular form will be well related to the circular form of the field and nearby bandstand, thereby harmonizing with the surrounding parkland; and that the cabinet will be simple in design and form and installed near the edge of the field, thereby not drawing undue attention to itself. Based on these and the above findings, the drawings have been marked approved with a perforated seal, and Binding Report 07-2188 is being issued.

Please note that this permit is being issued in conjunction with Staff Binding Report 07-2189 (LPC 06-8459), issued September 26, 2006, for work including resetting and replacing paving materials; and installing detention systems, electrical cabinets, conduits, vent pipes, hatch doors, storm drains and manhole covers.

Additionally, please note that the park was given to the City of New York in 1896 and has been altered several times since, including the relocation of active recreational facilities to the northern section during the 1980s and 1990s. However, given that the park is known to contain significant archaeological resources and the applicant cannot document that all of the excavation will occur only within previously disturbed soils, archaeology should be completed as part of this work as per LPC Guidelines for Archaeology in New York City (available at nyc.gov/landmarks) and a final report detailing the findings of the archaeology will be prepared by the archaeologist to be submitted for review and approval to the LPC. Once an archaeologist who is certified or eligible for certification by the Register of Professional Archaeologists (R.P.A.) has been retained for this project, they should submit a scope of work for the archaeology to the LPC for review and approval before work begins.

This report is issued on the basis of the building and site conditions described in the application and disclosed during the review process. By accepting this permit, the applicant agrees to notify the Commission if the actual building or site conditions vary or if original or historic building fabric is discovered. The Commission reserves the right to amend or revoke this permit, upon written notice to the applicant, in the event that the actual building or site conditions are materially different from those described in the application or disclosed during the review process.

All approved drawings are marked approved by the Commission with a perforated seal indicating the date of approval. The work is limited to what is contained in the perforated documents. Other work or amendments to this filing must be reviewed and approved separately. This report constitutes the permit; a copy must be prominently displayed at the site while work is in progress. Please direct inquiries to Bernadette Artus.

READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council**, 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists–free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

SUPREME COURT

■ NOTICE

KINGS COUNTY
IA PART 74
NOTICE OF PETITION
INDEX NUMBER 32821/06

In the Matter of the Application of the City of New York, relative to acquiring title in fee simple absolute to certain real property where not heretofore acquired for the same purpose, required as a site for the
BROOKLYN CENTER FIFTH AMENDED URBAN RENEWAL PLAN, PHASE I

located in the area generally bounded by Myrtle Avenue to the North; Ashland Place to the East; Willoughby Street to the South; and Flatbush Avenue Extension to the West, in the Borough of Brooklyn, City and State of New York.

PLEASE TAKE NOTICE that the Corporation Counsel of the City of New York intends to make application to the Supreme Court of the State of New York, Kings County, IA Part 74, for certain relief.

The application will be made at the following time and place: At 320 Jay Street, Room 17.21, in the Borough of Brooklyn, City and State of New York, on December 1, 2006, at 9:30 A.M., or as soon thereafter as counsel can be heard.

The application is for an order:

1. authorizing the City to file an acquisition map in the Office of the City Register;

2. directing that upon the filing of said map, title to the property sought to be acquired shall vest in the City;

3. providing that just compensation therefor be ascertained and determined by the Supreme Court without a jury; and

4. providing that notices of claim must be served and filed within one calendar year from the vesting date.

The City of New York, in this proceeding, intends to acquire title in fee simple absolute to certain real property where not heretofore acquired for the same purpose, for BROOKLYN CENTER FIFTH AMENDED URBAN RENEWAL PLAN, PHASE I in the Borough of Brooklyn City and State of New York.

The property shall be acquired subject to the interests of the Metropolitan Transportation Authority and the New York City Transit Authority. The description of the real property to be acquired is as follows:

HWMWTCA6E, RESIDENT ENGINEERING INSPECTION SERVICES – Competitive Sealed Proposals – Judgment required in evaluating proposals - PIN# 8502007HW0006P – DUE 12-04-06 AT 4:00 P.M. – for the Reconstruction of Beekman Street, Manhattan.

The New York City Department of Design and Construction is seeking a firm to perform Resident Engineering Inspection Services under negotiated Cost Plus Fixed Fee basis, for the Reconstruction of Beekman Street, a Federally funded project located in Lower Manhattan, New York City.

The project involves the rehabilitation of sewer mains, reconstruction of roadway, curbs, and sidewalks including street-lighting and traffic signal work, and private utilities work within project limits. The term of this REI contract is twenty eight months. The estimated cost of construction is $13,856,244. Anticipated start date for the construction contract is late Spring 2007 with a completion in Summer 2009.

Construction inspection will include, but not limited to, providing on-site construction inspection and oversight to ensure the quality of construction and conformity with the final plans and specifications and preparation of as-built plans. DDC will select the most qualified firm according to the criteria set forth in the RFP.

Special Requirements: The selection and retention of a consultant will be contingent upon the availability of the proposed Key Staff, unless substitutes are approved by the Commissioner during negotiations. Disadvantaged Business Enterprises (DBE) are encouraged to participate in this solicitation. Other proposers should submit DBE sub-consultants. All proposers are required to indicate their DBE participation as part of their submission. The DBE goal is 18 percent calculated by the direct technical labor of each DBE firm divided by the total direct technical labor of the entire REI contract.

Sub-consultants, subcontracting, and/or joint ventures are permitted.

All qualified and interested firms are advised to download the Request for Proposal at http://ddcrfp.nyc.gov/rfpweb/ from Tuesday, November 7, 2006, or contact the person listed for this RFP. The submission date is indicated above.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/blueprints; other information; and for opening and reading of bids at date and time specified above.

HWMWTCA6E, RESIDENT ENGINEERING INSPECTION SERVICES – Competitive Sealed Proposals – Judgment required in evaluating proposals - PIN# 8502007HW0006P – DUE 12-04-06 AT 4:00 P.M. – for the Reconstruction of Beekman Street, Manhattan.

The New York City Department of Design and Construction is seeking a firm to perform Resident Engineering Inspection Services under negotiated Cost Plus Fixed Fee basis, for the Reconstruction of Beekman Street, a Federally funded project located in Lower Manhattan, New York City.

The project involves the rehabilitation of sewer mains, reconstruction of roadway, curbs, and sidewalks including street-lighting and traffic signal work, and private utilities work within project limits. The term of this REI contract is twenty eight months. The estimated cost of construction is $13,856,244. Anticipated start date for the construction contract is late Spring 2007 with a completion in Summer 2009.

Construction inspection will include, but not limited to, providing on-site construction inspection and oversight to ensure the quality of construction and conformity with the final plans and specifications and preparation of as-built plans. DDC will select the most qualified firm according to the criteria set forth in the RFP.

Special Requirements: The selection and retention of a consultant will be contingent upon the availability of the proposed Key Staff, unless substitutes are approved by the Commissioner during negotiations. Disadvantaged Business Enterprises (DBE) are encouraged to participate in this solicitation. Other proposers should submit DBE sub-consultants. All proposers are required to indicate their DBE participation as part of their submission. The DBE goal is 18 percent calculated by the direct technical labor of each DBE firm divided by the total direct technical labor of the entire REI contract.

Sub-consultants, subcontracting, and/or joint ventures are permitted.

All qualified and interested firms are advised to download the Request for Proposal at http://ddcrfp.nyc.gov/rfpweb/ from Tuesday, November 7, 2006, or contact the person listed for this RFP. The submission date is indicated above.

NYC BUSINESS SOLUTIONS TRAINING GRANT – Other – PIN# 801WDC004 – DUE 12-13-06 AT 5:00 P.M. – The New York City Department of Small Business Services is pleased to announce another round of funding for the NYC Business Solutions Training Grant. The Grant is designed to grow the City's economy by enabling employers to create and retain jobs, increase wages, build skills, and help workers advance in their careers. Over $1 million is available in this round for employers in the following sectors: Aviation, Construction, Film/Media, Financial Services, Healthcare/ Bioscience, Hospitality/Tourism, Industrial/Manufacturing, Retail, and Technology. The grant can fund up to 50 percent of eligible training costs ($300,000 maximum), with the employer paying the balance.

To apply for the NYC Business Solutions Training Grant, employers must complete a three page application, accompanied by a narrative and an outline of the training curriculum. Applications will be evaluated based on each applicant's ability to demonstrate that training leads to job creation or retention, wage gains, new or upgraded skills, and career advancement. Employers may receive applications and technical assistance now for this round of funding. Final applications are due by December 13, 2006.

Matter underlined is new.

Rules Relating to Qualification as a Responsible Bidder

Section 1. Title 19 of the Compilation of the Rules of the City of New York is amended by adding a new Chapter 45 (Rules Relating to Qualification as a Responsible Bidder) to read as follows:

§45-01. Purpose and Scope.

Section 11-354 of the New York City Administrative Code provides that real property sold pursuant to a foreclosure action brought by the City of New York under such section may be sold only to the highest responsible bidder. As authorized by such section, the Commissioner of Finance, after consultation with the Commissioner of Housing Preservation and Development, promulgates these rules establishing criteria by which a purchaser may be deemed a responsible bidder. These rules shall apply to all sales of real property pursuant to judgments in foreclosure actions brought pursuant to New York City Administrative Code § 11-354 to foreclose a tax lien.

§45-02. Definitions.

(a) "Affiliate" means (1) any other person controlling or controlled by or under common control with the bidder; or

(2) any other person, as defined in this section, who has, directly or indirectly, a five percent (5%) or greater ownership interest in the bidder, or any other person in which the bidder, a partner or shareholder of the bidder, or partner or shareholder of any person that is a partner or shareholder of the bidder, has a five percent (5%) or greater ownership interest; or

(3) any individual who is a member of the immediate family (whether by birth or marriage) of a person who is an affiliate, which includes for purposes of this definition a spouse, a domestic partner as defined in §1150(13) of the New York City Charter, a brother or sister of the whole or half blood (including an individual related by or through legal adoption) of such individual or his/her spouse or domestic partner, a lineal descendant or ancestor (including an individual related by or through legal adoption) of any of the foregoing, or a trust for the benefit of any of the foregoing; or

(4) any person who is a nominee of an affiliate, or serves in the capacity of a straw-buyer for an affiliate. The term "ownership" includes beneficial ownership effected by ownership of intermediate entities.

(b) "Bidder" means a person that intends to bid in a sale of property foreclosed pursuant to New York City Administrative Code § 11-354, and includes any subsidiary, parent or affiliate of such bidder, as defined herein.

(c) "Control" means the power to direct the management and policies of such bidder directly or indirectly, whether through the ownership of voting securities, by contract or otherwise. The terms "controlling" and "controlled" have meanings correlative to the foregoing.

(d) "Owner" shall mean and include the owner or owners of the freehold of the premises or lesser estate therein, a mortgagee or vendee in possession, assignee of rents, receiver, executor, trustee, lessee, agent or any other person, firm or corporation, directly or indirectly in control of a dwelling, or an affiliate of an owner.

(e) "Person" means any natural person, individual, corporation, partnership, joint venture, association, limited liability company, joint stock company, trust or estate (including any beneficiary thereof), unincorporated organization or government or any agency or political subdivision thereof, or other business entity, and any fiduciary acting in such capacity on behalf of any of the foregoing.

§45-03. Responsible bidder criteria. The criteria used by the Departments of Finance and Housing Preservation and Development to determine whether a bidder qualifies as a responsible bidder for the purchase of real property pursuant to New York City Administrative Code §11-354 may include the following:

(a) The bidder, if a natural person, must be at least eighteen years of age.

(b) The bidder must not be the owner or an affiliate of the owner of the property that is subject to the foreclosure judgment.

(c) The bidder must not have been a former owner or an affiliate of the former owner of the property during the period of time in which any part of the current tax arrears accrued.

(d) The bidder shall not have been finally adjudicated by a court of competent jurisdiction, within seven years of the date on which such bidder would otherwise be deemed responsible, to have committed grand larceny or tenant harassment, or to have violated any section of article one hundred fifty (relating to arson), one hundred seventy-five (relating to offenses involving false written statements), one hundred seventy-six (relating to insurance fraud), one hundred eighty (relating to bribery not involving public servants, and related offenses), one hundred eighty-five (relating to fraud on creditors) or two hundred (relating to bribery involving public servants, and related offenses) of the Penal Law or any similar laws of another jurisdiction, and there must be no civil or criminal proceedings pending against the bidder for any such acts. A responsible bidder may not be an affiliate of a person who has committed any of the acts specified in this subdivision.

(e) The bidder must not be, at the time of the bid, suspended or debarred from contracting with the City, any agency of the City, any public authority, or any other governmental entity.

(f) With respect to other City obligations, the bidder must not:

(1) be delinquent in the payment of any taxes or charges to the City of New York;
(2) be in default in or on any other monetary or non-monetary obligation to the City;
(3) be the owner or an affiliate of an owner of real property, or for one year prior to the sale of the property, have been the owner or an affiliate of an owner of property that has an average of three or more hazardous or immediately hazardous violations of record per dwelling unit under the New York City Housing Maintenance Code, or that is subject to a lien or liens for the repair or the elimination of any dangerous or unlawful conditions pursuant to §27-2144 of the New York City Administrative Code, in an amount equal to or greater than one thousand dollars; or
(4) be the owner or an affiliate of an owner of real property that is the subject of pending litigation or an unpaid judgment resulting from litigation to enforce the New York City Housing Maintenance Code by the Department of Housing Preservation and Development's Housing Litigation Division.

For purposes of this subdivision, a bidder is delinquent in the payment of taxes if a tax or charge on a property owned by the bidder remains unpaid following the last date such tax or charge could be paid before accruing interest. For purposes of this subdivision, a bidder who has entered into an in rem installment agreement for the payment of delinquent taxes or charges, and who has not defaulted on such agreement at any time, shall not be considered to be delinquent in the payment of taxes or charges.

(g) The bidder may not have lost title to real property in New York City by reason of a tax lien foreclosure proceeding or other tax enforcement within five years prior to the date of the sale and may not be the owner or an affiliate of the owner of real property that is the subject of any such enforcement proceedings in New York City.

(h) The bidder, upon request, shall demonstrate to the satisfaction of the Departments of Finance and Housing Preservation and Development that he or she has adequate experience in or has resources in the following areas:

(1) residential management experience;
(2) financial capacity;
(3) rehabilitation experience;
(4) ability to work with government and community organizations;
(5) neighborhood ties;
(6) ability to finance or obtain financing for any required rehabilitation; and
(7) intent and ability to improve, manage and maintain the foreclosed property.

The Departments of Finance and Housing Preservation and Development may also consider whether the entity is a not for profit organization or neighborhood-based for-profit individual or organization.

(i) The responsible bidder shall agree to the following conditions where applicable:

(1) If the property subject to the foreclosure sale is operated as a limited profit housing company project within the meaning of Article II of the Private Housing Finance Law, or a redevelopment company pursuant to Article V of such law, or a housing development fund company pursuant to Article XI of such law, a bidder may be required by the Department of Housing Preservation and Development to execute an agreement in which the bidder agrees that the property will continue to be subject to any statutory covenants and restrictions pursuant to Articles II, V or XI of such law for any period of time remaining during which such property would otherwise have been subject to such covenants and restrictions.

(2) If the property subject to the foreclosure sale is subject to any statutory covenants or restrictions imposed as a result of a loan, grant, tax benefit or other expenditure of public funds made pursuant to the Private Housing Finance Law or pursuant to Article 16 of the General Municipal Law, a bidder may be required by the Department of Housing Preservation and Development to execute an agreement in which the bidder agrees that the property will continue to be subject to any such statutory covenants and restrictions for any period of time remaining during which such property would otherwise have been subject to such covenants and restrictions.

(j) Public servants may be eligible to purchase the property that is the subject of the foreclosure sale in accordance with New York City Charter § 2604. However, any officer or employee of the City of New York who has participated in decisions or matters affecting the disposition of such property or has such matters under active consideration will not be considered a responsible bidder within the meaning of Administrative Code § 11-354 and these rules.

(k) A successful bidder at the foreclosure sale shall furnish a disclosure statement to the Departments of Finance and Housing Preservation and Development, setting forth the address and the block and lot numbers of all properties that he or she owns or for which he or she is an owner or an affiliate of an owner within the City of New York. Such statement shall be submitted upon demand prior to closing on the property that is the subject of the sale.

(l) The Departments of Finance and Housing Preservation and Development may require potential responsible bidders to provide any information immediately upon demand that is necessary to determine whether such bidders are responsible bidders pursuant to these rules. Such information shall be provided prior to closing of the sale of the foreclosed property, and no deed for such property shall be executed unless the Departments have determined that the winning bidder is a responsible bidder pursuant to these rules. The failure to provide relevant information requested specifically by the Department of Finance or Housing Preservation and Development shall exclude a bidder from consideration as a responsible bidder.

(m) The Commissioner of Finance reserves the right, if an investigation establishes to his or her satisfaction that any provision in this section has been violated, to declare a default and revoke the sale or to take any other action permitted under the terms and conditions of sale or applicable provisions of law. A material misrepresentation of any of the information or disclosures required as a condition to finding a bidder to be responsible pursuant to these rules shall be deemed a default of the terms of sale of the property and will result in forfeiture of any deposit made by such bidder toward the purchase of such property.

§45-04. Pre-approval of Responsible Bidders. The Departments of Finance and Housing Preservation and Development may review the qualifications of any potential bidder prior to any foreclosure sale pursuant to Administrative Code § 11-354 to determine whether any such potential bidder qualifies as a responsible bidder in accordance with this chapter.

§45-05. Incorporation of rules. These rules shall be deemed to be incorporated into any judgment of foreclosure made pursuant to Administrative Code § 11-354 and shall be deemed to be incorporated into the terms of a foreclosure sale of any property subject to such judgment.

§45-06. Severability. If any sentence, paragraph, section or part of these rules shall be adjudged invalid by a court of competent jurisdiction such judgment shall not impair or invalidate the remainder thereof but shall be confined to that part.

Statement of Basis and Purpose

The purpose of these proposed rules is to establish criteria by which a bidder may be deemed qualified as a responsible bidder to purchase property sold pursuant to a foreclosure by the City pursuant to New York City Administrative Code § 11-354. The Code authorizes the Commissioner of Finance, after consultation with the Commissioner of Housing Preservation and Development, to promulgate rules establishing such criteria.

Local Law 37 of 1996 amended § 11-354, which provides an additional method to enforce the payment of tax liens held by the City. This section allows the City to foreclose on a property when a tax, assessment, sewer rent or surcharge, water rent, or any other charge that is a made a lien, or interest and penalties thereon, becomes outstanding for at least one year from the date that the tax, assessment or other legal charge became a lien. For class one property and class two property that is a residential condominium or cooperative, that period is at least three years. As amended, the Administrative Code requires that the parcel be sold only to the highest responsible bidder.

The proposed rule provides that a responsible bidder may not be a former or current owner of the property that is the subject of the bidding, or an affiliate of such owner. In addition, the rules require that the bidder not have outstanding tax or other obligations to the City or serious Housing Maintenance Code violations. Bidders would also have to demonstrate experience in various areas related to housing, and agree to maintain housing as affordable under applicable programs. As the bidder would be seeking to purchase real property, the rules further provide that a responsible bidder may not have committed relevant acts such as arson, bribery, fraud and tenant harassment.

The applicability of the criteria established in this rule is limited to purchases of property at auction sale resulting from foreclosures brought pursuant to §11-354. These proposed rules would not be applicable to a bidder's eligibility to purchase property or a determination of responsibility under other Code provisions.

READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council,** 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists--free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

New York City Department of City Planning

The New York City Department of City Planning, on behalf of the City Planning Commission as lead agency, issued a Notice of Completion on August 4, 2006 for a Draft Environmental Impact Statement (DEIS) for the proposed West 61st Street Rezoning and Citywide General Large-Scale Development Text Amendment, in accordance with Article 8 of the Environmental Conservation Law.

A public hearing on the DEIS will be held on Wednesday, December 6, 2006, at 10:00 A.M., at City of New York Department of City Planning, Spector Hall, 22 Reade Street, New York, New York 10007, to receive comments from the public on the DEIS. Comments are requested on the DEIS and will be accepted until ten days after the close of the public hearing.

The DEIS analyzes a proposal by West End Enterprises, LLC and West 60th Street Associates, LLC, to develop a mixed-use building on a property located at 239 West 60th Street (Block 1152, Lots 5, 8, 10-13, 43, 52, 53, and 55), which is a through-lot site with frontages on both West 60th Street and West 61st Street, in the Upper West Side neighborhood of Manhattan Community Board 7.

The proposed project requires the following discretionary approvals: an amendment to the zoning map to change the zoning designation of the western half of the block bounded by West End Avenue, West 61st Street, Amsterdam Avenue, and West 60th Street (Block 1152, Lots 1, 5, 8, 10- 13, p/o 43, 52, 53, 55-58, and 61) from M1-6 to C4-7 and C6-2; a special permit pursuant to Zoning Resolution (ZR) Section 74-52 for a public parking garage; a special permit pursuant to ZR Section 74-74 for a General Large-Scale Development (GLSD); and a zoning text amendment to the provisions of ZR Section 74-743 to waive the height factor and open space requirements for GLSDs located partially in C6-1, C6-2, or C6-3 zoning districts citywide.

The proposed text amendment to modify the provisions of ZR Section 74-743 would allow the City Planning Commission to permit developments at their maximum floor area ratio without regard for height factor and open space requirements for proposed GLSDs located partially in C6-1, C6-2, or C6-3 zoning districts provided that certain requirements related to the amount of open space and quality of landscaping provided on the site are met. The zoning districts within which the proposed text amendment could potentially be utilized (C6-1, C6-2, and C6-3) are located within areas of Manhattan Community Districts 1-8, and 12; Queens Community District 12; and Brooklyn Community District 2.

The proposed actions would facilitate a proposal by the applicant to construct an approximately 481,425 gross square foot (gsf) building consisting of 342 residential units; 4,420 gsf of medical office space; 10,340 gsf of ground-floor

retail space; and 200 parking spaces below-ground, of which 121 would be accessory parking spaces and 79 would be public parking spaces. The applicant has merged the properties located at 242 West 61st Street (Block 1152, Lot 56) and 244 West 61st Street (Block 1152, Lot 57) with the project site to create a combined zoning lot. This would allow a portion of the unused development rights from these properties, which are developed with two 5-story residential buildings, to be used in developing the proposed project. The proposed project would be comprised of a 27-story tower with a maximum height of 304 feet and three mid-rise components of 7, 9 and 14 stories. Construction of the proposed project is expected to be completed in 2008.

Although the applicant intends to construct a development with 342 dwelling units on the projects site, a development with more dwelling units could be built under the proposed zoning. The DEIS analyzes a reasonable worst case development scenario (RWCDS) which assumes that 559 units would be constructed on the project site, which would be the maximum number of dwelling units allowed under the proposed zoning. The RWCDS also projects that four additional properties would be developed as a result of the proposed rezoning. The property located at 246 West 61th Street (Block 1152, Lot 58), which is not under the control of the applicant, would be developed with a 10-story residential building containing approximately 61 dwelling units, and the property located at 28 West End Avenue (Block 1152, Lot 61), also not under the control of the applicant, would be developed with a 31-story building containing approximately 190 dwelling units and a 100,000 gsf middle school. The RWCDS also assumes that the two 5-story residential buildings located at 242 West 61st Street (Block 1152, Lot 56) and 244 West 61st Street (Block 1152, Lot 57), which are under the applicant's control, would each be enlarged with an additional penthouse unit.

The DEIS identifies significant adverse impacts related to hazardous materials and traffic, and identifies measures that would mitigate the impacts. The DEIS considers four alternatives to the proposed project: the No Action Alternative, the As-Of-Right Alternative, the Height Factor Building Alternative, and the Quality Housing Building Alternative.

Copies of the DEIS may be obtained from the Environmental Assessment and Review Division, New York City Department of City Planning, 22 Reade Street, 4E, New York, NY 10007, Robert Dobruskin, Director (212) 720-3423; or from the Office of Environmental Coordination, 100 Gold Street, 2nd Floor, New York, NY 10038, Robert Kulikowski, Ph.D., Director (212) 788- 2924.

This notice has been prepared in accordance with Article 8 of the New York State Environmental Conservation Law.

■ NOTICE

KINGS COUNTY
IA PART 74
NOTICE OF PETITION
INDEX NUMBER 32821/06

In the Matter of the Application of the City of New York, relative to acquiring title in fee simple absolute to certain real property where not heretofore acquired for the same purpose, required as a site for the
BROOKLYN CENTER FIFTH AMENDED URBAN RENEWAL PLAN, PHASE I
located in the area generally bounded by Myrtle Avenue to the North; Ashland Place to the East; Willoughby Street to the South; and Flatbush Avenue Extension to the West, in the Borough of Brooklyn, City and State of New York.

PLEASE TAKE NOTICE that the Corporation Counsel of the City of New York intends to make application to the Supreme Court of the State of New York, Kings County, IA Part 74, for certain relief.

The application will be made at the following time and place: At 320 Jay Street, Room 17.21, in the Borough of Brooklyn, City and State of New York, on December 1, 2006, at 9:30 A.M., or as soon thereafter as counsel can be heard.

The application is for an order:

1. authorizing the City to file an acquisition map in the Office of the City Register;

2. directing that upon the filing of said map, title to the property sought to be acquired shall vest in the City;

3. providing that just compensation therefor be ascertained and determined by the Supreme Court without a jury; and

4. providing that notices of claim must be served and filed within one calendar year from the vesting date.

The City of New York, in this proceeding, intends to acquire title in fee simple absolute to certain real property where not heretofore acquired for the same purpose, for BROOKLYN CENTER FIFTH AMENDED URBAN RENEWAL PLAN, PHASE I in the Borough of Brooklyn City and State of New York.

The property shall be acquired subject to the interests of the Metropolitan Transportation Authority and the New York City Transit Authority. The description of the real property to be acquired is as follows:

HWMWTCASE, RESIDENT ENGINEERING INSPECTION SERVICES – Competitive Sealed Proposals – Judgment required in evaluating proposals - PIN# 8502007HW0006P – DUE 12-04-06 AT 4:00 P.M. – for the Reconstruction of Beekman Street, Manhattan.

The New York City Department of Design and Construction is seeking a firm to perform Resident Engineering Inspection Services under negotiated Cost Plus Fixed Fee basis, for the Reconstruction of Beekman Street, a Federally funded project located in Lower Manhattan, New York City.

The project involves the rehabilitation of sewer mains, reconstruction of roadway, curbs, and sidewalks including street-lighting and traffic signal work, and private utilities work within project limits. The term of this REI contract is twenty eight months. The estimated cost of construction is $13,856,244. Anticipated start date for the construction contract is late Spring 2007 with a completion in Summer 2009.

Construction inspection will include, but not limited to, providing on-site construction inspection and oversight to ensure the quality of construction and conformity with the final plans and specifications and preparation of as-built plans. DDC will select the most qualified firm according to the criteria set forth in the RFP.

Special Requirements: The selection and retention of a consultant will be contingent upon the availability of the proposed Key Staff, unless substitutes are approved by the Commissioner during negotiations. Disadvantaged Business Enterprises (DBE) are encouraged to participate in this solicitation. Other proposers should submit DBE sub-consultants. All proposers are required to indicate their DBE participation as part of their submission. The DBE goal is 18 percent calculated by the direct technical labor of each DBE firm divided by the total direct technical labor of the entire REI contract.

Sub-consultants, subcontracting, and/or joint ventures are permitted.

All qualified and interested firms are advised to download the Request for Proposal at http://ddcrfp.nyc.gov/rfpweb/ from Tuesday, November 7, 2006, or contact the person listed for this RFP. The submission date is indicated above.

■ **NOTICE**

Notice of Opportunity to Comment on Proposed Amendments to Rules Relating to the Filing of Income and Expense Statements

NOTICE IS HEREBY GIVEN PURSUANT TO THE AUTHORITY VESTED IN the Commissioner of Finance by sections 389(b) and 1043 of the New York City Charter and section 11-208.1(c) of the Administrative Code of the City of New York, and in accordance with the requirements of section 1043 of the New York City Charter, that the New York City Department of Finance intends to adopt the following proposed Amendments to Rules Relating to the Filing of Income and Expense Statements which are necessary to carry out the powers and duties delegated to the Commissioner of Finance by section 11-208.1 of the Administrative Code of the City of New York. This rulemaking proposal was not listed on the Department of Finance regulatory agenda for fiscal year 2007 because the legislation authorizing the proposal had not been enacted as of April 29, 2006, the date of publication of the agenda.

Written comments regarding these proposed rule amendments must be submitted to the office of Dara Jaffee, Assistant Commissioner for Legal Affairs, One Centre Street, Room 500, New York, New York 10007 on or before December 11, 2006. Comments may be submitted electronically to Jaffeed@Finance.nyc.gov.

A hearing for public comment shall be held on December 11, 2006 at 345 Adams Street, 3rd Floor, Brooklyn, New York at 10:30 A.M. Persons seeking to testify are requested to notify Joan Best at (718) 403-3669 at least three business days prior to the date scheduled for the hearing. Persons who request that a sign language interpreter or other form of reasonable accommodation for a disability be provided at the hearing are asked to notify the above named person at the foregoing address no later than two weeks prior to the hearing.

Written comments and an audio tape recording of oral comments received at the hearing will be available for public review within a reasonable time after receipt, by appointment between the hours of 9:00 A.M. and 5:00 P.M. on weekdays at the office of Robert Dauman, Office of Legal Affairs, 345 Adams Street, 3rd Floor, Brooklyn, New York 11201, telephone number (718) 403-3600.

Note: New matter underscored; old matter in brackets [] to be deleted.

Amendments to Rules Relating to the Filing of Income and Expense Statements

Section 1. Paragraph (1) of subdivision (a) of section 33-01 of 19 RCNY Chapter 33 (Rules Relating to the Filing of Income and Expense Statements) is amended to read as follows:

(a) Purpose. (1) Title 11, Chapter 2, §11-208.1 of the Administrative Code of the City of New York requires owners of designated income-producing properties to file annual income and expense statements with the Department of Finance. The income and expense statement must be filed by electronic means in accordance with the provisions of subdivision (b) of section 33-02 of these rules. The annual filing of income and expense statements is necessary to improve the accuracy of assessments of income-producing properties, reduce the number of administrative and judicial review proceedings challenging tentative assessed valuations, ensure the equitable distribution of the intra-class tax burden, substantially reduce tax refunds to be paid by the City of New York, and ultimately to achieve fairness in the assessment process.

§2. Subdivision (b) of section 33-02 of such rules is amended to read as follows:

(b) Electronic filing [Forms]. (1) Income and expense statements shall be submitted [on the appropriate forms] electronically in the format prepared by the Department of Finance and located on the Department of Finance Internet website and in accordance with the instructions for submission of the income and expense statement found on the website. The only acceptable substitute for required lease information is a computerized rent roll containing the same information as is required in the form.

(2) [All forms required by these regulations shall] Request for waiver of electronic filing requirement. The Commissioner may, for good cause, waive the requirement that the income and expense statement be filed electronically and permit the income and expense statement to be filed by means of a paper form. A request for waiver of the electronic filing requirement must be made in writing no later than 30 days prior to the deadline for filing an income and expense statement. Any filing in paper format must be filed with the New York City Department of Finance at such address as may be designated by the Department.

(3) In the discretion of the Commissioner of Finance, [a copy of an income and expense statement filed with] if the New York City Tax Commission accepted an electronic filing of an income and expense statement as part of an application for correction of assessment for a property for the year for which an income and expense statement must be filed with the Department of Finance for such property, the electronic filing with the Tax Commission [may be submitted with the Department of Finance income and expense statement form and] may satisfy either all or part of the [form's] requirements for the filing of an income and expense [information] statement as determined by the Commissioner. [A property owner submitting a copy of the Tax Commission income and expense statement must also complete the ownership and descriptive property information required by the Department of Finance income and expense statement form (Form RPIE).]

§3. Paragraph (2) of subdivision (e) of section 33-02 of such rules is amended to read as follows:

(2) Notwithstanding the submission of a form RPIE by an owner, for purposes of § 33-03 of these rules, the term "failure to file an income and expense statement" may include, but not be limited to:
(i) failure to [use] file in the electronic format prepared by the Department of Finance, or, in the event that the electronic filing requirement is waived by the Commissioner under §33-02(b)(2) of these rules, failure to use the forms prepared by the Department of Finance;
(ii) failure to submit a separate income and expense statement for each parcel (consolidated statements may be submitted only for contiguous condominium lots operated as a single entity);
(iii) failure to complete forms in a legible manner;
(iv) [failure to submit an income and expense statement containing the original signature of the owner(s) (the signature of an agent is not acceptable unless a power of attorney is attached to the statement); or
(v)] failure to file a substantially complete income and expense statement which shall include but shall not be limited to: (A) failure to provide data for the appropriate accounting period; and (B) failure to provide a complete and itemized list of income and expense data; or
(v) in the event that the electronic filing requirement is waived by the Commissioner under §33-02(b)(2) of these rules, failure to use the forms prepared by the Department of Finance, or failure to submit an income and expense statement containing the original signature of the owner(s) (the signature of an agent is not acceptable unless a power of attorney is attached to the statement).

§4. The heading of section 33-05, and subdivision (a), the heading of subdivision (b), and the first sentence of paragraph (1) of subdivision (b) of section 33-05 of such rules are amended to read as follows:

§33-05 **Mailing Rules.**

(a) Date of filing. [Any] In the event that the Commissioner has waived the electronic filing requirement with respect to a property, and will accept an income and expense statement filed in paper format, any form or document required to be filed within a prescribed period or on or before a prescribed date under authority of any provision of §11-208.1 of the Administrative Code, or any regulation enacted relating to the administration of such provision, shall be deemed delivered as of the date of the United States Postal Service postmark stamped on the envelope.

(b) [Mailing] Filing by paper form; mailing requirements. (1) In the event that the Commissioner has waived the electronic filing requirement with respect to a property, and will accept an income and expense statement filed in paper format, a [A] document will not be considered to be timely filed unless the document is mailed in accordance with the following requirements:

Basis and Purpose of Proposed Amendments

Section 11-208.1 of the Administrative Code of the City of New York requires that owners of income producing real property in New York City file income and expense statements relating to the property each year no later than September 1. The information provided on the statements is used by the Department of Finance in assessing real property in the City. Chapter 385 of the Laws of 2006 amended section 11-208.1 to authorize the New York City Commissioner of Finance to require by rule that income and expense statements be filed by electronic means. This rulemaking proposal amends the Department of Finance rules to require that income and expense statements be filed electronically. As authorized by chapter 385 of the Laws of 2006, these proposed amendments provide that the Commissioner may for good cause waive the electronic filing requirement.

Martha E. Stark
Commissioner of Finance

■ **NOTICE**

Notice of Opportunity to Comment on Proposed Amendments to the rules relating to overweight and/or overdimensional vehicle permits.

NOTICE IS HEREBY GIVEN PURSUANT TO THE AUTHORITY VESTED IN THE Commissioner of the Department of Transportation by subdivision (a) of Section 2903 of the New York City Charter, and in accordance with the requirements of Section 1043 of the New York City Charter, that the Department of Transportation proposes to amend paragraph (15) of subdivision (b) of Section 4-15 of Chapter 4 of Title 34 of the Official Compilation of the Rules of the City of New York, the Traffic Rules. Matter underlined is new; matter in [brackets] is deleted. The rule was included in the agency's regulatory agenda.

Written comments regarding the proposed rule may be sent to Kamal Kishore, Deputy Chief Engineer, Division of Bridges, Department of Transportation, 2 Rector Street, 6th Floor, New York, NY 10006 on or before November 29, 2006. A public hearing shall be held on December 6, 2006 at 40 Worth Street, Room 1015, New York, NY at 10:00 A.M. Persons seeking to testify are requested to notify Deputy Chief Engineer Kishore at the address stated above by November 29, 2006. Persons who need a sign language interpreter or other accommodation for a disability at the hearing are asked to notify Deputy Chief Engineer Kishore at the foregoing address by November 29, 2006. Persons interested in receiving comments may request them by writing to: Department of Transportation, Record Access Office, 40 Worth Street, New York, N.Y. 10013.
Iris Weinshall, Commissioner.

Paragraph (15) of subdivision (b) of section 4-15 of Title 34 of the Rules of the City of New York is amended to read as follows:

(15) Permits. Upon application in writing showing good cause, the Commissioner may issue a permit to operate or move a vehicle or a combination of vehicles, the weights and dimensions of which exceed the limitations provided for in this subdivision (b), upon any highway under his/her jurisdiction. Every such permit may designate the route to be traversed and may contain any other restrictions or conditions deemed necessary by the Commissioner. Every such permit shall be carried on the vehicle to which it refers and shall be open to the inspection of any law enforcement officer or any inspector of the Bureau of Weights and Measures of the Department of Consumer Affairs of the City of New York. All permits issued shall be revocable by the Commissioner at his/her discretion without a hearing or the necessity of showing the cause.

(i) If an operator of a vehicle with a gross weight of 300,000 pounds or more seeks to cross a bridge under the jurisdiction of the Department of Transportation of the City of New York, the operator must comply with the following:

(A) A load rating determined by a New York State licensed Professional Engineer with at least three years experience in the design, inspection and load rating of bridges must be submitted with the permit application. The information contained within such load rating shall include, but is not limited to: (1) the ratings for the inventory and operating level for all structural elements of the bridge so that the critical element of the bridge is identified; (2) the actual weight of the vehicle per axle and the actual axle spacing; and (3) the method used for establishing the capacity of the bridge(s). Load ratings shall be submitted for each bridge on the travel route. Load ratings should conform to "Level 1" load ratings pursuant to New York State Department of Transportation Engineering Instructions for Load Ratings and the latest edition of the American Association of State Highway and Transportation Officials (AASHTO) Condition Evaluation of

Bridges. Each load rating must be stamped and certified by the licensed Professional Engineer who prepared it.

(B) Within one week from the vehicle's crossover of the bridge(s), the permittee must file a post inspection report of the bridge(s) with the Department. The post inspection report should analyze the structural integrity of the bridge(s), to the Department's satisfaction, as a result of the vehicle's crossover. If the post inspection report indicates any type of distress to the bridge(s), the permittee must rectify the distress and/or damage to the Department's satisfaction. The permittee may submit a pre-inspection report of the bridge's structural integrity for comparison purposes; otherwise the Department will use its latest biennial inspection reports for such purposes. Any pre or post inspection report must comply with the requirements set forth in the latest edition of the New York State Department of Transportation Bridge Inspection Manual. Any distress that is not identified in the pre-inspection report or the biennial inspection reports will be deemed to have been caused by the move.

(C) Should the permittee fail to comply with any of the requirements contained in this subparagraph, the Commissioner may refuse to issue future overweight and/or overdimensional vehicle permits to the permittee.

STATEMENT OF BASIS AND PURPOSE OF PROPOSED RULES

The Commissioner of the Department of Transportation is authorized to promulgate rules regarding traffic operations in the City pursuant to Section 2903 (a) of the New York City Charter.

Paragraph (15) of subdivision (b) of section 4-15 is being amended to require applicants filing for an overweight and/or overdimensional vehicle permit to file with their permit application an engineer's load rating for every bridge under the jurisdiction of the Department of Transportation which the applicant expects to cross. It also requires post inspection reports to be filed by the permittee's engineer for a structural integrity analysis of the bridge(s) crossed. This will expedite the permit process and safeguard the integrity of the bridges subjected to heavy loads.

ENVIRONMENTAL PROTECTION

■ NOTICE

SYNOPSIS OF FINDINGS AND DETERMINATION OF THE DEPARTMENT OF ENVIRONMENTAL PROTECTION PURSUANT TO SECTIONS 201-204 OF THE EMINENT DOMAIN PROCEDURE LAW

Whereas, the acquisition of a portion of the property located at 50-40 73rd Place in Elmhurst, New York in the Borough of Queens has been proposed by the Department of Environmental Protection ("DEP"); and

Whereas, the Eminent Domain Procedure Law ("EDPL") provides for a uniform procedure for condemnation by municipalities and others throughout the State of New York; and

Whereas, the Department of Environmental Protection, pursuant to the provisions of the EDPL, is required to hold a public hearing to inform the public and review the public use to be served by the proposed acquisition of the above mentioned property and the impact of such acquisition on the locality where the project is to take place; and

Whereas, the Department of Environmental Protection is required to make a determination and findings concerning the proposed public project and to publish a brief synopsis of such determination and findings; and

Whereas, the Department of Environmental Protection held such hearing on September 14, 2006.

Now, therefore, be it known that the Department of Environmental Protection, pursuant to the EDPL hereby determines and finds:

1. The public use, benefit or purpose to be served by the proposed public project is to construct a water supply shaft along the Brooklyn-Queens leg of City Water Tunnel No. 3, Stage 2, City Tunnel No. 3 is an underground water tunnel designed to increase the system's capacity, enhance peak flow capacity, improve pressure in outlying areas, permit the inspection and repair of City Water Tunnels Nos. 1 and 2 and provide back-up service in the event of a system failure. DEP proposes to acquire a portion of the property (approximately 27,413 square feet) in fee for Shaft No.18B. In addition, approximately 4,653 square feet will be used for a period of approximately five years as a temporary staging area during construction of the Shaft.

2. The proposed project involves the acquisition of property located at 50-40 73rd Place, Elmhurst, New York. The property is situated in Block 2448, Lot 60, in the Borough of Queens. The location of this Shaft and others were shown on a report, map, plan and profile for Stage 2 of City Tunnel No. 3 and was approved in a resolution of the Board of Estimate on July 19, 1973 (Calendar No. 19) which adopted the "report, map, plan, and profile for Stage 2 of City Tunnel No. 3". One of the major benefits of having Shaft 18B located along the tunnel route is that no additional construction needs to be undertaken to connect the Shaft to the tunnel thereby keeping construction costs to a minimum. In addition, having the Shaft in close proximity to street distribution mains facilitates interconnections and thereby reduces construction related impacts when the distribution piping is tied into street mains during a later phase of the project.

3. The proposed project was reviewed in accordance with the New York State Environmental Quality Review Act ("SEQR") and the New York City Environmental Quality Review Procedure ("CEQR"). The project was deemed to be a Type II action and not subject to environmental review because it was "undertaken, funded or approved prior to the effective dates set forth in SEQR"; nevertheless, an environmental assessment was performed. The environmental assessment concluded that the project's impact on land uses, zoning, neighborhood character, socio-economics, traffic, air quality, and noise was within the parameters DEP has established for use on water supply projects, and all other projects in the City of New York. While some elevated traffic and noise is to be expected during certain portions of the work, these impacts are relatively short lived and are not considered to be significant given the measures to be taken by DEP during the project's construction.

4. One person appeared at the hearing and no written or verbal statements were submitted for the record.

5. The proposed acquisition is in the public interest and is therefore approved.

NOTICE TO THE PUBLIC

Copies of the findings and determination are available, without cost, upon request by writing to:

Mark D. Hoffer, General Counsel, New York City Department of Environmental Protection, Bureau of Legal Affairs, 59-17 Junction Boulevard, 19th Floor, Flushing New York 11373-5108.

COURT NOTICE MAPS FOR BROOKLYN CENTER

READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council,** 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists--free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

PROCUREMENT POLICY BOARD RULES

The Rules may also be accessed on the City Website, http://NYC.GOV.Selltonyc

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

The New York City Department of City Planning, on behalf of the City Planning Commission as lead agency, issued a Notice of Completion on August 4, 2006 for a Draft Environmental Impact Statement (DEIS) for the proposed West 61st Street Rezoning and Citywide General Large-Scale Development Text Amendment, in accordance with Article 8 of the Environmental Conservation Law.

A public hearing on the DEIS will be held on Wednesday, December 6, 2006, at 10:00 A.M., at City of New York Department of City Planning, Spector Hall, 22 Reade Street, New York, New York 10007, to receive comments from the public on the DEIS. Comments are requested on the DEIS and will be accepted until ten days after the close of the public hearing.

The DEIS analyzes a proposal by West End Enterprises, LLC and West 60th Street Associates, LLC, to develop a mixed-use building on a property located at 239 West 60th Street (Block 1152, Lots 5, 8, 10-13, 43, 52, 53, and 55), which is a through-lot site with frontages on both West 60th Street and West 61st Street, in the Upper West Side neighborhood of Manhattan Community Board 7.

The proposed project requires the following discretionary approvals: an amendment to the zoning map to change the zoning designation of the western half of the block bounded by West End Avenue, West 61st Street, Amsterdam Avenue, and West 60th Street (Block 1152, Lots 1, 5, 8, 10- 13, p/o 43, 52, 53, 55-58, and 61) from M1-6 to C4-7 and C6-2; a special permit pursuant to Zoning Resolution (ZR) Section 74-52 for a public parking garage; a special permit pursuant to ZR Section 74-74 for a General Large-Scale Development (GLSD); and a zoning text amendment to the provisions of ZR Section 74-743 to waive the height factor and open space requirements for GLSDs located partially in C6-1, C6-2, or C6-3 zoning districts citywide.

The proposed text amendment to modify the provisions of ZR Section 74-743 would allow the City Planning Commission to permit developments at their maximum floor area ratio without regard for height factor and open space requirements for proposed GLSDs located partially in C6-1, C6-2, or C6-3 zoning districts provided that certain requirements related to the amount of open space and quality of landscaping provided on the site are met. The zoning districts within which the proposed text amendment could potentially be utilized (C6-1, C6-2, and C6-3) are located within areas of Manhattan Community Districts 1-8, and 12; Queens Community District 12; and Brooklyn Community District 2.

The proposed actions would facilitate a proposal by the applicant to construct an approximately 481,425 gross square foot (gsf) building consisting of 342 residential units; 4,420 gsf of medical office space; 10,340 gsf of ground-floor retail space; and 200 parking spaces below-ground, of which 121 would be accessory parking spaces and 79 would be public parking spaces. The applicant has merged the properties located at 242 West 61st Street (Block 1152, Lot 56) and 244 West 61st Street (Block 1152, Lot 57) with the project site to create a combined zoning lot. This would allow a portion of the unused development rights from these properties, which are developed with two 5-story residential buildings, to be used in developing the proposed project. The proposed project would be comprised of a 27-story tower with a maximum height of 304 feet and three mid-rise components of 7, 9 and 14 stories. Construction of the proposed project is expected to be completed in 2008.

Although the applicant intends to construct a development with 342 dwelling units on the projects site, a development with more dwelling units could be built under the proposed zoning. The DEIS analyzes a reasonable worst case development scenario (RWCDS) which assumes that 559 units would be constructed on the project site, which would be the maximum number of dwelling units allowed under the proposed zoning. The RWCDS also projects that four additional properties would be developed as a result of the proposed rezoning. The property located at 246 West 61th Street (Block 1152, Lot 58), which is not under the control of the applicant, would be developed with a 10-story residential building containing approximately 61 dwelling units, and the property located at 28 West End Avenue (Block 1152, Lot 61), also not under the control of the applicant, would be developed with a 31-story building containing approximately 190 dwelling units and a 100,000 gsf middle school. The RWCDS also assumes that the two 5-story residential buildings located at 242 West 61st Street (Block 1152, Lot 56) and 244 West 61st Street (Block 1152, Lot 57), which are under the applicant's control, would each be enlarged with an additional penthouse unit.

The DEIS identifies significant adverse impacts related to hazardous materials and traffic, and identifies measures that would mitigate the impacts. The DEIS considers four alternatives to the proposed project: the No Action Alternative, the As-Of-Right Alternative, the Height Factor Building Alternative, and the Quality Housing Building Alternative.

Copies of the DEIS may be obtained from the Environmental Assessment and Review Division, New York City Department of City Planning, 22 Reade Street, 4E, New York, NY 10007, Robert Dobruskin, Director (212) 720-3423; or from the Office of Environmental Coordination, 100 Gold Street, 2nd Floor, New York, NY 10038, Robert Kulikowski, Ph.D., Director (212) 788- 2924.

This notice has been prepared in accordance with Article 8 of the New York State Environmental Conservation Law.

COURT NOTICE

SUPREME COURT

■ NOTICE

KINGS COUNTY
IA PART 74
NOTICE OF PETITION
INDEX NUMBER 32821/06

In the Matter of the Application of the City of New York, relative to acquiring title in fee simple absolute to certain real property where not heretofore acquired for the same purpose, required as a site for the
BROOKLYN CENTER FIFTH AMENDED URBAN RENEWAL PLAN, PHASE I
located in the area generally bounded by Myrtle Avenue to the North; Ashland Place to the East; Willoughby Street to the South; and Flatbush Avenue Extension to the West, in the Borough of Brooklyn, City and State of New York.

PLEASE TAKE NOTICE that the Corporation Counsel of the City of New York intends to make application to the Supreme Court of the State of New York, Kings County, IA Part 74, for certain relief.

The application will be made at the following time and place: At 320 Jay Street, Room 17.21, in the Borough of Brooklyn, City and State of New York, on December 1, 2006, at 9:30 A.M., or as soon thereafter as counsel can be heard.

The application is for an order:

1. authorizing the City to file an acquisition map in the Office of the City Register;

2. directing that upon the filing of said map, title to the property sought to be acquired shall vest in the City;

3. providing that just compensation therefor be ascertained and determined by the Supreme Court without a jury; and

4. providing that notices of claim must be served and filed within one calendar year from the vesting date.

The City of New York, in this proceeding, intends to acquire title in fee simple absolute to certain real property where not heretofore acquired for the same purpose, for BROOKLYN CENTER FIFTH AMENDED URBAN RENEWAL PLAN, PHASE I in the Borough of Brooklyn City and State of New York.

The property shall be acquired subject to the interests of the Metropolitan Transportation Authority and the New York City Transit Authority. The description of the real property to be acquired is as follows:

Block 2060, part of Lots 22, 23, 24, 25, 26 and 27; and Block 2061, two (2) separate parts of Lot 1:

All that certain plot, piece or parcel of land, situate, lying and being portions of Tax Lots 22, 23, 24 , 25 , 26 , and 27 in Tax Block 2060, Borough of Brooklyn, County of Kings, City and State of New York, bounded and described as follows:

Beginning at the corner formed by the intersection of the easterly line of Flatbush Avenue Extension with the southerly line of Myrtle Avenue, which corner was eliminated by Alteration Map No. Y-2668, filed August 11, 2006;

Running thence eastwardly, along the southerly line of Myrtle Avenue as eliminated by Alteration Map No. Y-2668 filed August 11, 2006, for 118 feet 10 inches, to a point;

Thence southwardly, along the westerly line of the discontinued and closed portion of Prince Street between Flatbush Avenue Extension and Myrtle Avenue which is co-incident with the easterly line of Tax Lot 27 in Brooklyn Tax Block 2060 for 14 feet 8 inches to an angle point;

Thence westwardly, along an interior angle of 93 degrees 26 minutes 53 seconds, more or less, passing through Tax Lots 27, 26, 25, 24, 23 and 22 in Brooklyn Tax Block 2060 for 109 feet 10 inches, more or less, as shown on Alteration Map No. X-2669 filed August 11, 2006, to the easterly line of Flatbush Avenue Extension;

Thence northwardly, along a portion of the easterly line of Flatbush Avenue Extension, which portion was eliminated by Alteration Map No. Y-2668, for 24 feet 4 inches, more or less, to the point or place of beginning, the aforesaid distances being more or less.

The above described area is known as Part of Tax Lot 22, Part of Tax Lot 23, Part of Tax Lot 24, Part of Tax Lot 25, Part of Tax Lot 26, and Part of Tax Lot 27 in Brooklyn Tax Block 2060.

All that certain plot, piece or parcel of land, situate, lying and being in two (2) separate portions of Tax Lot 1 in Tax Block 2061, Borough of Brooklyn, County of Kings, City and State of New York, bounded and described as follows:

Part of Lot 1 (northerly portion): Beginning at a point on the southerly line of Myrtle Avenue, as eliminated by Alteration Map No. Y-2668 filed August 11, 2006, distant 168 feet 10 inches eastwardly from the corner formed by the intersection of the southerly line of Myrtle Avenue, as eliminated, with the easterly line of Flatbush Avenue Extension as eliminated by Alteration Map No. Y-2668;

Running thence southwardly, along the easterly line of the discontinued and closed portion of Prince Street between Flatbush Avenue Extension and Myrtle Avenue which is co-incident with the most westerly line of Tax Lot 1 in Brooklyn Tax Block 2061 for 11 feet 2 inches to an angle point;

Thence eastwardly at an exterior angle of 93 degrees 26 minutes 53 seconds from the previous course, as shown on Alteration Map No. X-2669 filed August 11, 2006, for 162 feet 3-5/8 inches, more or less, to the southerly line of Myrtle Avenue;

Thence westwardly, along the southerly line of Myrtle Avenue, as eliminated, for 162 feet 0 inches to the point or place of beginning, the aforesaid distances being more or less.

Part of Lot 1 (easterly portion):Beginning at a point on the southerly line of Myrtle Avenue distant 330 feet 10 inches eastwardly from the corner formed by the intersection of the southerly line of Myrtle Avenue, with the easterly line of Flatbush Avenue Extension, which corner was eliminated by Alteration Map No. Y-2668, filed August 11, 2006;

Running thence southwardly along a line at a right angle to the previous course for 160 feet 2-5/8 inches to the northerly line of the discontinued and closed portion of Fair Street between Prince Street and Fleet Place, which is co-incident with a southerly line of Tax Lot 1 in Brooklyn Tax Block 2061;

Thence eastwardly, along the northerly line of the discontinued and closed portion of Fair Street and the northerly line of Fleet Place, which line has been eliminated by Alteration Map No. Y-2668, filed August 11, 2006, for 60 feet 0 inches to the easterly line of Fleet Place;

Thence northwardly, along the easterly line of Fleet Place, through Tax Lot 1 in Brooklyn Tax Block 2061, for 160 feet 2-5/8 inches to the southerly line of Myrtle Avenue;

Thence westwardly, along the southerly line of Myrtle Avenue for 60 feet to the point or place of beginning, the aforesaid distances being more or less.

The above described areas are two (2) separate Parts of Tax Lot 1 in Brooklyn Tax Block 2061.

The above described property shall be acquired subject to the interests of the Metropolitan Transportation Authority and the New York City Transit Authority. Surveys, maps or plans of the property to be acquired are on file in the office of the Corporation Counsel of the City of New York, 100 Church Street, New York, New York 10007.

PLEASE TAKE FURTHER NOTICE THAT, pursuant to EDPL §402(B)(4), any party seeking to oppose the acquisition must interpose a verified answer, which must contain specific denial of each material allegation of the petition controverted by the opponent, or any statement of new matter deemed by the opponent to be a defense to the proceeding. Pursuant to CPLR 403, said answer must be served upon the office of the Corporation Counsel at least seven (7) days before the date that the petition is noticed to be heard.

HWMWTCASE, RESIDENT ENGINEERING INSPECTION SERVICES – Competitive Sealed Proposals – Judgment required in evaluating proposals - PIN# 8502007HW0006P – DUE 12-04-06 AT 4:00 P.M. – for the Reconstruction of Beekman Street, Manhattan.

The New York City Department of Design and Construction is seeking a firm to perform Resident Engineering Inspection Services under negotiated Cost Plus Fixed Fee basis, for the Reconstruction of Beekman Street, a Federally funded project located in Lower Manhattan, New York City.

The project involves the rehabilitation of sewer mains, reconstruction of roadway, curbs, and sidewalks including street-lighting and traffic signal work, and private utilities work within project limits. The term of this REI contract is twenty eight months. The estimated cost of construction is $13,856,244. Anticipated start date for the construction contract is late Spring 2007 with a completion in Summer 2009.

Construction inspection will include, but not limited to, providing on-site construction inspection and oversight to ensure the quality of construction and conformity with the final plans and specifications and preparation of as-built plans. DDC will select the most qualified firm according to the criteria set forth in the RFP.

Special Requirements: The selection and retention of a consultant will be contingent upon the availability of the proposed Key Staff, unless substitutes are approved by the Commissioner during negotiations. Disadvantaged Business Enterprises (DBE) are encouraged to participate in this solicitation. Other proposers should submit DBE sub-consultants. All proposers are required to indicate their DBE participation as part of their submission. The DBE goal is 18 percent calculated by the direct technical labor of each DBE firm divided by the total direct technical labor of the entire REI contract.

Sub-consultants, subcontracting, and/or joint ventures are permitted.

All qualified and interested firms are advised to download the Request for Proposal at http://ddcrfp.nyc.gov/rfpweb/ from Tuesday, November 7, 2006, or contact the person listed for this RFP. The submission date is indicated above.

NYC BUSINESS SOLUTIONS TRAINING GRANT – Other – PIN# 801WDC004 – DUE 12-13-06 AT 5:00 P.M. – The New York City Department of Small Business Services is pleased to announce another round of funding for the NYC Business Solutions Training Grant. The Grant is designed to grow the City's economy by enabling employers to create and retain jobs, increase wages, build skills, and help workers advance in their careers. Over $1 million is available in this round for employers in the following sectors: Aviation, Construction, Film/Media, Financial Services, Healthcare/ Bioscience, Hospitality/Tourism, Industrial/Manufacturing, Retail, and Technology. The grant can fund up to 50 percent of eligible training costs ($300,000 maximum), with the employer paying the balance.

To apply for the NYC Business Solutions Training Grant, employers must complete a three page application, accompanied by a narrative and an outline of the training curriculum. Applications will be evaluated based on each applicant's ability to demonstrate that training leads to job creation or retention, wage gains, new or upgraded skills, and career advancement. Employers may receive applications and technical assistance now for this round of funding. Final applications are due by December 13, 2006.

Two Pre-Submission Information Sessions will take place at the NYC Department of Small Business Services, 110 William Street, 7th Floor, New York NY 10038 on November 8, 2006. Businesses planning to apply may register for the sessions by sending an email to training@sbs.nyc.gov, indicating the organization's name and which session they will attend, 9:30 A.M. - 11:00 A.M. or 1:30 P.M. - 3:00 P.M.

AGENCY RULES

TRANSPORTATION

■ **NOTICE**

Notice of Opportunity to Comment on Proposed Amendments to the rules regarding General No Standing Zones.

NOTICE IS HEREBY GIVEN PURSUANT TO THE AUTHORITY VESTED IN THE Commissioner of the Department of Transportation by subdivision (b) of Section 2903 of the New York City Charter, Title 19 of the Administrative Code, and in accordance with the requirements of Section 1043 of the New York City Charter, that the Department of Transportation proposes to amend paragraph (1) of subdivision (f) of Section 4-08 of Chapter 4 of Title 34 of the Official Compilation of the Rules of the City of New York, the Traffic Rules. The proposed amendments were not included in DOT's regulatory agenda as it was not anticipated at the time that the agenda was published.

Written comments regarding the proposed rule may be sent to Michael Primeggia, Deputy Commissioner for Traffic Operations, Department of Transportation, 40 Worth Street, 9th Floor, New York NY 10013. A public hearing shall be held on December 11, 2006 at 40 Worth Street, Room 1015, New York, NY at 10:00 A.M. Persons seeking to testify are requested to notify Deputy Commissioner Michael Primeggia at the address stated above. Persons who need a sign language interpreter or other accommodation for a disability at the hearing are asked to notify Deputy Commissioner Michael Primeggia at the foregoing address by December 4, 2006. Persons interested in receiving comments may request them by writing to: Department of Transportation, Record Access Office, 40 Worth Street, New York, N.Y. 10013. Iris Weinshall, Commissioner.

Matter underlined is new; matter in [brackets] is deleted.

Section one. Paragraph (1) of subdivision (f) of § 4-08 of Title 34 of the Rules of the City of New York is amended to read as follows:

(f) General No Standing zones (standing and parking prohibited in specified places). No person shall stand or park a vehicle in any of the following places, unless otherwise indicated by posted signs, markings or other traffic control devices, or at the direction of a law enforcement officer:

> **(1) Double parking.** On the roadway side of a vehicle stopped, standing, or parked at the curb, except a person may stand a commercial vehicle alongside a vehicle parked at the curb at such locations and during such hours that stopping, standing, or parking is not prohibited, while expeditiously making pickups, deliveries or service calls, provided that there is no unoccupied parking space or designated loading zone on either side of the street within 100 feet that can be used for such standing, and provided further that such standing is in compliance with the provisions of §1102 of the State Vehicle and Traffic Law. A person may stand a commercial vehicle along the roadway side of a bicycle lane provided all other conditions of this paragraph are met. For the purposes of this paragraph (f)(1), "expeditiously making pick-ups, deliveries or service calls" shall mean that any period of inactivity at the pick-up, delivery or service-call location does not exceed 30 minutes. However, such definition shall in no way limit the discretion of the Department of Finance Adjudication Tribunal to determine whether a violation of this paragraph has occurred.

STATEMENT OF BASIS AND PURPOSE OF PROPOSED RULES

The Commissioner of the Department of Transportation is authorized to promulgate rules regarding parking and traffic in the City pursuant to Section 2903 of the New York City Charter.

Paragraph (1) of subdivision (f) of section 4-08 of the New York is being amended to clarify the meaning of "expeditiously making pick-ups, deliveries, or service calls" for the purposes of double parking for commercial vehicles. This clarification will primarily benefit the public by providing a time frame for such deliveries, pick-ups, and service calls. It will also benefit administrative law judges interpreting whether a delivery was made in an expeditious manner, and will also benefit the police department in their enforcement of this provision.

ENVIRONMENTAL PROTECTION

■ NOTICE

SYNOPSIS OF FINDINGS AND DETERMINATION OF THE DEPARTMENT OF ENVIRONMENTAL PROTECTION PURSUANT TO SECTIONS 201-204 OF THE EMINENT DOMAIN PROCEDURE LAW

Whereas, the acquisition of a portion of the property located at 50-40 73rd Place in Elmhurst, New York in the Borough of Queens has been proposed by the Department of Environmental Protection ("DEP"); and

Whereas, the Eminent Domain Procedure Law ("EDPL") provides for a uniform procedure for condemnation by municipalities and others throughout the State of New York; and

Whereas, the Department of Environmental Protection, pursuant to the provisions of the EDPL, is required to hold a public hearing to inform the public and review the public use to be served by the proposed acquisition of the above mentioned property and the impact of such acquisition on the locality where the project is to take place; and

Whereas, the Department of Environmental Protection is required to make a determination and findings concerning the proposed public project and to publish a brief synopsis of such determination and findings; and

Whereas, the Department of Environmental Protection held such hearing on September 14, 2006.

Now, therefore, be it known that the Department of Environmental Protection, pursuant to the EDPL hereby determines and finds:

1. The public use, benefit or purpose to be served by the proposed public project is to construct a water supply shaft along the Brooklyn-Queens leg of City Water Tunnel No. 3, Stage 2, City Tunnel No. 3 is an underground water tunnel designed to increase the system's capacity, enhance peak flow capacity, improve pressure in outlying areas, permit the inspection and repair of City Water Tunnels Nos. 1 and 2 and provide back-up service in the event of a system failure. DEP proposes to acquire a portion of the property (approximately 27,413 square feet) in fee for Shaft No.18B. In addition, approximately 4,653 square feet will be used for a period of approximately five years as a temporary staging area during construction of the Shaft.

2. The proposed project involves the acquisition of property located at 50-40 73rd Place, Elmhurst, New York. The property is situated in Block 2448, Lot 60, in the Borough of Queens. The location of this Shaft and others were shown on a report, map, plan and profile for Stage 2 of City Tunnel No. 3 and was approved in a resolution of the Board of Estimate on July 19, 1973 (Calendar No. 19) which adopted the "report, map, plan, and profile for Stage 2 of City Tunnel No. 3". One of the major benefits of having Shaft 18B located along the tunnel route is that no additional construction needs to be undertaken to connect the Shaft to the tunnel thereby keeping construction costs to a minimum. In addition, having the Shaft in close proximity to street distribution mains facilitates interconnections and thereby reduces construction related impacts when the distribution piping is tied into street mains during a later phase of the project.

3. The proposed project was reviewed in accordance with the New York State Environmental Quality Review Act ("SEQR") and the New York City Environmental Quality Review Procedure ("CEQR"). The project was deemed to be a Type II action and not subject to environmental review because it was "undertaken, funded or approved prior to the effective dates set forth in SEQR"; nevertheless, an environmental assessment was performed. The environmental assessment concluded that the project's impact on land uses, zoning, neighborhood character, socio-economics, traffic, air quality, and noise was within the parameters DEP has established for use on water supply projects, and all other projects in the City of New York. While some elevated traffic and noise is to be expected during certain portions of the work, these impacts are relatively short lived and are not considered to be significant given the measures to be taken by DEP during the project's construction.

4. One person appeared at the hearing and no written or verbal statements were submitted for the record.

5. The proposed acquisition is in the public interest and is therefore approved.

NOTICE TO THE PUBLIC

Copies of the findings and determination are available, without cost, upon request by writing to:

Mark D. Hoffer, General Counsel, New York City Department of Environmental Protection, Bureau of Legal Affairs, 59-17 Junction Boulevard, 19th Floor, Flushing, New York 11373-5108.

TO: OCCUPANTS, FORMER OCCUPANTS AND OTHER INTERESTED PARTIES OF

Address	Application #	Inquiry Period
356 West 48th Street, Manhattan	148/06	October 6, 1991 to Present

Prior to the issuance of a permit by the Department of Buildings for the alteration or demolition of residential buildings in certain areas of the Special Clinton District, the Department of Housing Preservation and Development is required to certify that: 1) prior to evicting or otherwise terminating the occupancy of any tenant preparatory to alteration or demolition, the owner shall have notified HPD of the owner's intention to alter or demolish the building and 2) the eviction and relocation practices followed by the owner of the building satisfy all applicable legal requirements and that no harassment has occurred.

The owner of the building located at the above-referenced address seeks the issuance of an HPD Certification. The owner has represented and certified to HPD of the owner's intention to alter or demolish the building and that the eviction and relocation practices followed by the owner satisfy all applicable legal requirements and that no harassment has occurred. For your information HPD considers harassment to include, but not be limited to, the threatened or actual use of physical force, deprivation of essential services such as heat, water, gas or electric, or any other conduct intended to cause persons to vacate the premises or waive rights related to their occupancy.

HPD requests that if you have any comments or evidence of unlawful eviction and relocation practices or harassment occurring at the above referenced premises that you notify the Operations Division, Anti-Harassment Unit, 3rd Floor, 100 Gold Street, New York, NY 10038, by letter postmarked not later than 30 days from the date of this notice or by an in-person statement made within the same period. COURT NOTICE MAPS FOR BROOKLYN CENTER

COURT NOTICE MAPS FOR BROOKLYN CENTER

READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council**, 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists–free of charge–, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

INVOCATION

The Invocation was delivered by Rabbi Joseph Potasnik, Chaplain, New York City Fire Department.

Thank you. Before the invocation, I just want to say, years ago I was invited to the installation of Archbishop Edwin O'Brien, and he sent me two tickets, and I arrived at St. Patrick's for the ceremony and an elderly Catholic woman came over to me and she said, "I wish I had a ticket to get into the ceremony, but I don't." I said "I have one." She said, "well, please, can I have it?" I said "absolutely." She said "well, may Jesus bless you. And by the way, who are you?" So I told her I was a rabbi, and she said "only in New York in order for a Catholic to get into St. Patrick's Cathedral do you need a rabbi to give you a ticket." So, perhaps the message here is that everyone needs a rabbi.

The Boroughs of Brooklyn and Staten Island are connected to one another by the Verrazano Narrows Bridge. Interestingly, as you approach that bridge, you find the different faith chapels to the side. That vision should remind all of us that if we want to cross this bridge of life safely and securely, we must walk together.

There are different paths to find God, but there has to be one path where people can find one another.

Not far from this Chamber is a beautiful exhibit at the Museum for Jewish Heritage, which chronicles the life of John Paul II, the Pope, and the Jewish community. And as you walk out, you see the inscription from Jeremiah, which says in Hebrew (in Hebrew) "There is hope for your future."

I would say today there is hope for our future, if we only learn that of different faiths of different faces must see each other as one family.

Amen.

Council Member Gerson moved to spread the Invocation in full upon the Record.

At this point, the Speaker (Council Member Quinn) asked for a Moment of Silence in memory of the following individuals:

Capt. John J. McKenna IV, 30, from the Windsor Terrace section of Brooklyn, died on August 16,2006 while conducting combat operations the Iraqi province of Al Anbar. He was assigned to Marine Forces Reserve's 2nd Battalion, 25th Marine Regiment, 4th Marine Division, Albany, N.Y. He is survived by his parents and his sister.

Lance Cpl. Michael D. Glover, 28, born in the Rockaways, died on August 16, 2006 while conducting combat operations in the Iraqi province of Al Anbar in the same skirmish that killed Captain McKenna above. He was assigned to the Marine Forces Reserve's 2nd Battalion, 25th Marine Regiment, 4th Marine Division, Albany, N.Y. Cpl. Glover is survived by his parents, grandparents and sister.

NYC Sanitation worker Michael Occhine, 25, from Council Member's Gentile district, killed when his truck overturned and crashed into a guard rail on the rain slicked Brooklyn-Queens Expressway as he was returning to his Brooklyn garage at the end of his tour at 4 a.m. He was assigned to the Brooklyn South District 11 in Besonhurst. He is survived by his mother, grandparents, great grandmother and brother.

NYC Sanitation worker Damon Allen, 33, who was fatally shot on Labor Day September 4, 2006 after pleading with a gunman to stop firing into a crowd. Mr. Allen had managed to pull two women to the ground before he was shot. In 2005, he was given a Gold Medal of Honor by Mayor Bloomberg and was named a Daily News hero of the month for helping save 4 year old Emani McCovery from a burning building. He was assigned to the Brooklyn South 17 Depot. He is survived by 2 daughters, his mother, his sister and his grandparents. NYC Sanitation worker Allen Gormely, 53, a 21 year old veteran of the Department who suffered a fatal heart attack while at the wheel of his sanitation truck while working his route on Bay 46th Street in Brooklyn. He is survived by his wife Joann, a son, a daughter, and a son-in-law.

FDNY Lt. Howard Carpluk, 43 and FDNY probationary firefighter Michael Reilly, 25, were killed on August 27, 2006 in a store fire in the Bronx. The two firefighters while jointly manning a hose line when a floor collapsed beneath their feet Lt. Carpluk. Lt. Carpluk, a twice decorated FDNY hero, is survived by his wife Debra, 14 year old son Bradley and 10 year old daughter Paige. Firefighter Reilly is

survived by his parents and brother and sister. The deaths of Lt. Carpluk and Firefighter Reilly sadly mark the 1,132nd and 1,133rd members of the FDNY to lose their lives in the Department's 141 year history.

This Moment of Silence was also observed in Memory of the nearly three thousand who were killed in the September 11, 2001 attacks five years ago this week in New York City, Washington, D.C. and Pennsylvania.

***

At this point, the Speaker (Council Member Quinn) marked the 5th anniversary of the historic September 13, 2001 City Council session held at the New York Public Library's Main Branch in midtown Manhattan. During that meeting, the Council adopted a Home Rule Message to allow New York City to borrow an additional 2.5 billion dollars from the TFA to use for either Capital or Expense purposes in the recovery and rebuilding efforts after the September 11, 2001 attacks.

ADOPTION OF MINUTES

Council Member Gioia moved that the Minutes of the Stated Meeting of June 29, 2006 be adopted as printed.

REPORTS OF THE STANDING COMMITTEES

Reports of the Committee on Consumer Affairs

Override Report for Int. No. 296-A

Report of the Committee on Consumer Affairs on favor of approving and adopting, as amended, notwithstanding the objection of the Mayor, a Local Law to amend the administrative code of the city of New York, in relation to regulating the effective period of prices posted on signs, posters or placards for the sale of gasoline and diesel motor fuel.

The Committee on Consumer Affairs to which was referred on April 26, 2006 (Minutes, page 1626) the annexed amended proposed local law originally adopted by the Council on July 19, 2006 (Minutes, page 3290) respectfully

REPORTS:

INTRODUCTION

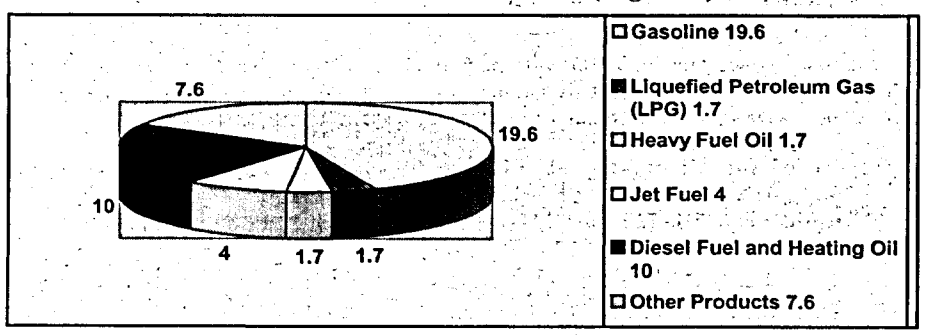
On Wednesday, September 13, 2006, the Consumer Affairs Committee, chaired by Leroy Comrie, will consider Introductory Bill Number 296-A ("Int. No. 296-A"), which would amend subdivision b of §20-672 of subchapter 5 of title 20 of the Administrative Code of the City of New York.

BACKGROUND

No footnote or citation seems necessary to state that New Yorkers are facing an unprecedented crisis of skyrocketing gasoline prices. The rising price of crude oil has particularly caused financial hardships for working class commuters who face long drives to and from the workplace.[1] For these workers and their families, necessities must often be scaled down to accommodate the shifting needs of a family budget that gasoline – at $3.00 or more per gallon – is increasingly coming to dominate. A recent New York Times/CBS News poll showed that 63 percent of respondents had cut back on their driving because of gas price increases, and 56 percent had cut back on other household spending.[2]

Nationwide, consumers face hardships beyond merely filling gas tanks. Companies transporting passengers are raising prices to cover their own rising costs.[3] Merchants providing home services are becoming forced to bill fuel surcharges to cover their own increasing expenses[4]; indeed, major delivery services like FedEx and UPS have been known to impose gasoline surcharges when gasoline costs are high – in UPS's case, a summer 2005 surcharge of nearly 10% for air deliveries.[5] Consumer goods are constantly delivered from their place of production to their place of sale, and the escalating cost of transport will inevitably be passed on to consumer purchasers – and in a city like New York, where most goods are delivered daily via truck rather than rail or ship, the repercussions of such transport cost could be dire.[6] Indeed, a single barrel of oil engenders a wide variety of uses: the chart below details the most basic range of categories into which a standard 42 U.S. gallon barrel of crude oil will generally be divided.[7]

Products made from a barrel of crude oil in 2004 (in gallons)



"Other Products" includes materials that will end up as elements of many consumer goods, e.g. ink, crayons, bubble gum, dishwashing liquids, deodorant, eyeglasses, records, tires, ammonia, and heart valves. Spanning countless industries, the insidious repercussions of rising prices are increasingly damaging to New Yorkers' wallets and psyches.

Although gasoline intended to power automobiles is not the sole end product of crude oil, the escalating cost of such usage is, in the minds of many consumers, especially distressing. In such time of crisis, local government is both compelled and empowered to take targeted action to encourage stability and strengthen the public trust. Today, the Council will consider legislation aimed at rebuilding consumer confidence, fostering a sense of consumer agency, and establishing transparency guidelines for an industry experiencing great strain and scrutiny from both raw material producers and refined product consumers.

There is strong legal precedent supporting the legitimacy of local regulatory authority. In 1988's oft-cited United States Supreme Court decision *Puerto Rico Department of Consumer Affairs, et al., v. Isla Petroleum Corporation et al.*, the Supreme Court unanimously agreed that although the federal government is constitutionally empowered to impose petroleum apportionment and price regulation, such powers to do so as were granted in Congress's Emergency Petroleum Allocation Act (EPAA) of 1973, extended with the Energy Policy and Conservation Act of 1975, and ultimately expired in 1981 in no way pre-empted the Commonwealth of Puerto Rico from enacting its own regulatory controls in 1986.[8]

ANALYSIS OF PROPOSED INT. NO. 296-A

The State of New Jersey currently imposes controls similar to the ones Proposed Int. No. 296-A would enact: gas stations statewide may not raise prices more than once every twenty-four hours and station owners are prohibited from charging a different price at the gas pump than what is posted on company signage. Highway-side gas stations in particular are further restricted from raising gas prices to one allowable increase per week.[9]

The proposed legislation would amend subdivision (b) of § 20-672 of subchapter 5 of chapter 4 of title 20 of the Administrative Code of the City of New York. This local law would prohibit a gasoline retailer from changing the per-gallon sale more than once in a period of twenty-four hours.

Accordingly, consumers can be secure that posted prices will be valid for at least one full day.

Further provisions added on for the bill's A-version detail requirements regarding record keeping. Gasoline retailers would be required to document total volume of each type of product sold, unit price of each type of product sold, total daily amount of sales for each type of product, and the date and time when a change to the price posting was made. Records would have to be available to the Department of Consumer Affairs (DCA) for at least one year, kept in chronological order in writing or electronically, and be available for inspection by DCA.

In accordance with subdivision (a) of §20-674 of the same subchapter, a violation of this bill would be classified as a misdemeanor and would be punishable by a fine ranging between five hundred and ten thousand dollars and/or by imprisonment for not more than thirty days. A second violation within the span of twenty-four months would be punishable by a fine ranging between one thousand and fifteen thousand dollars and/or by imprisonment for not more than ninety days. All violations would be further subject to civil penalties ranging in identical dollar amount ranges, given analogous violation occurrences, to these criminal violations.

This bill would take effect thirty days after being enacted into law.

UPDATE

On July 19, 2006, the Committee unanimously approved the proposed Int. No. 296-A by a vote of five in favor to zero opposed. The bill was subsequently sent to the full Council and passed by a vote of forty-three in the affirmative and six in the negative. On July 27, 2006, Mayor Bloomberg vetoed Int. No. 296-A; a copy of the Mayor's veto is appended on the following page.

Int. No. 296-A

By Council Members Liu, Comrie, Addabbo Jr., Brewer, Clarke, Foster, Gennaro, Gentile, Gonzalez, James, Mark-Viverito, Martinez, Monserrate, Nelson, Weprin, Gerson, Dickens and The Public Advocate (Ms. Gotbaum).

A Local Law to amend the administrative code of the city of New York, in relation to regulating the effective period of prices posted on signs, posters or placards for the sale of gasoline and diesel motor fuel.

Be it enacted by the Council as follows:

Section 1. Subdivision b of section 20-672 of subchapter 5 of chapter 4 of title 20 of the administrative code of the city of New York is hereby amended to read as follows:

(b) Where a sign, poster or placard advertises the selling price per gallon of gasoline or diesel motor fuel on, at or about the premises where such gasoline or diesel motor fuel is sold or offered for sale, or where such sign, poster or placard directly or indirectly refers to a premises where the advertised gasoline or diesel motor fuel is sold or offered for sale, such sign, poster or placard shall state the name, trade name, brand, mark or symbol and grade or quality classification of such gasoline or diesel motor fuel, together with the total selling price per gallon. Total selling price shall be the sum of the basic price per gallon plus all applicable taxes. *A retail dealer shall only sell at such posted price. Any such price when posted may not be raised for a period of not less than twenty-four hours.* Such sign, poster or placard shall conform to the rules and regulations of all governmental agencies with jurisdiction as to structure and location.

§2. Subchapter 5 of chapter 4 of title 20 of the administrative code of the city of New York is amended by adding a new section 20-672.1 to read as follows:

§20-672.1 ***Sales Record Keeping Requirements.*** *a. Every retail dealer of petroleum products shall maintain a daily sales record of all petroleum products for which prices are required to be posted as provided in section 20-672. Such records shall document the total volume of each such type of product sold each day, the unit price and the total daily amount of sales for each such type of product, and the date and time when a change to the price posting specified in section 20-672 was made.*

b. All records required to be maintained shall be preserved in a manner that ensures their security and accessibility for inspection by the department for a period of one year.

c. All records required to be maintained shall be kept in chronological order, either in writing or electronically, and shall be available for inspection by the department as follows:

1. Records maintained in writing shall be retained at the premises where sales are made for each of the immediately preceding thirty days. Such records shall be made available on demand to the department at such premises. The records required to be kept for the period beyond the immediately preceding thirty days shall be presented at the offices of the department within five business days after demand to produce them has been served on a retail dealer.

2. Records maintained electronically shall be retained on the premises in a manner that displays the data for the entire period for which the electronic data system retains such data to permit an inspector to view it on demand on the device, and if such period is for less than the immediately preceding thirty days, then the data must be provided on demand in a chronologically ordered print-out for the full thirty days. A complete and accurate print out of the electronically maintained records that are required to be kept for the period beyond the immediately preceding thirty days shall be presented at the offices of the department within five business days after demand to produce them has been served on a retail dealer.

§3. This local law shall take effect thirty days after it shall have been enacted into law; provided, however, that the commissioner of consumer affairs may take any actions necessary prior to such effective date for the implementation of this local law including, but not limited to, establishing guidelines and promulgating rules.

LEROY G. COMRIE, Chairperson; JAMES F. GENNARO, G. OLIVER KOPPELL, JOHN C. LIU, Committee on Consumer Affairs, September 13, 2006.

On motion of the Speaker (Council Member Quinn), and adopted, the foregoing matter was coupled as a General Order for the day (see ROLL CALL ON GENERAL ORDERS FOR THE DAY).

Report for M-276

Report of the Committee on Consumer Affairs in favor of filing a Communication for the Mayor regarding the Mayor's veto and disapproval message of Introductory Number 296-A, in relation to regulating the effective period of prices posted on signs, posters or placards for the sale of gasoline and diesel motor fuel.

The Committee on Consumer Affairs to which was referred on August 16, 2006 (Minutes, page 3458) the annexed communication respectfully

REPORTS:

Since Int. No. 296-A is expected to be passed again today, this Committee recommends the filing of the related Veto and Disapproval Message M-276.

Accordingly, Your Committee recommends the filing of M-276.

Reports of the Committee on Finance

At this point, the Speaker (Council Member Quinn) announced that the following items have been **preconsidered** by the Committee on Finance and have been favorably reported for adoption.

Report for L.U. No. 236

Report of the Committee on Finance in favor of approving Section 202 Supportive Housing Program for the Elderly, A. Malcom Senior Residences, 720-722 East 221st Street, The Bronx, Community District No. 12, Council District No. 12.

The Committee on Finance to which was referred on September 13, 2006 the annexed Land Use resolution respectfully

REPORTS:

(The following is the text of the Fiscal Impact Memo to the Finance Committee from the Finance Division of the New York City Council:)

TO: Hon. David Weprin
Chair, Finance Committee

Members of the Finance Committee

FROM: Anthony Brito, Finance Division

RE: Finance Committee Agenda of September 13, 2006-Resolution approving tax exemptions for two preconsidered Land Use Items (Council District 37 and 12).

HPD has submitted a request to the Council to approve a property tax exemption for the A. Malcolm Senior Residences located at 720-722 East 221st Street in Council Member Seabrook's District and for the Atlantic Avenue Residences located at 2335, 2341-2349 Atlantic Avenue, 1870, 1874 Eastern Parkway, 20-30, Sherlock Place in Council Member Dilan's District.

The A. Malcolm Senior Residence will be a newly constructed 8-story elevator building that will provide 35 units of rental housing for elderly persons of low income. The sponsor, A. Malcolm Housing Development Fund Corporation, will develop the project under the Section 202 Supportive Housing Program For The Elderly with financing and operating subsidies from the United States Department of Housing and Urban , Development ("HUD"). The value of the tax exemption is projected at $132,000 in the first year of the exemption and $7.8 million over the 40-year length of the exemption.

The Atlantic Avenue Residences will be three new multiple dwellings that will provide 41 units of limited equity cooperative and condominium housing for low income families. The sponsor, Habitat for Humanity Housing Development Fund Company, Inc, will develop the project under the Habitat for Humanity Program, which allows for the purchase and rehabilitation of vacant City-owned residential buildings or land in order to construct new residential buildings. Financing for the project may be provided through loans from the City, the New York State Affordable Housing Corporation, private lenders, and from developer equity. The value of the tax exemption is projected at $208,887 in the first year of the exemption and $3.9 million over the 20-year length of the exemption.

These two items have the approval of Council Members Dilan and Seabrook.

Accordingly, Your Committee recommends the adoption of these two items along with their coupled resolutions.

In connection herewith, Council Member Weprin offered the following resolution:

Res. No. 506

Resolution approving a partial exemption from real property taxes for property located at 720-722 East 221st Street (Block 4668, Lots 65, 66), The Bronx, pursuant to Section 422 of the Real Property Tax Law (Preconsidered L.U. No. 236).

By Council Member Weprin

Whereas, the New York City Department of Housing Preservation and Development ("HPD") submitted to the Council its request dated August 21, 2006 that the Council take the following action regarding a housing project to be located at 720-722 East 221st Street (Block 4668, Lots 65, 66), Borough of The Bronx ("Exemption Area "):

Approve a partial exemption of the Project from real property taxes pursuant to Section 422 of the Real Property Tax Law (the "Tax Exemption");

Whereas, the project description that HPD provided to the Council states that the purchaser of the Project (the "Sponsor") is a duly organized housing development fund company under Article XI of the Private Housing Finance Law;

Whereas, the Council held a hearing on the Project on September 13, 2006;

Whereas, the Council has considered the financial implications relating to the Tax Exemption;

Resolved:

The Project shall be developed upon the terms and conditions set forth in the Project Summary that HPD has submitted to the Council, a copy of which is attached hereto.

The Council hereby grants an exemption from real property taxes as follows:

1. All of the value of the property in the Exemption Area, including both the land and improvements, shall be exempt from real property taxes, other than assessments for local improvements, from the date of conveyance of the land to the Sponsor until the date of issuance of the temporary or permanent Certificate of Occupancy for the housing project;

2. All of the value of the property in the Exemption Area, including both the land and improvements, (excluding those portions, if any, devoted to business or commercial use), shall be exempt from real property taxes, other than assessments for local improvements, commencing upon the date of issuance of the temporary or permanent Certificate of Occupancy for the housing project (or, if the housing project is constructed in stages, upon the date of issuance of the temporary or permanent Certificate of Occupancy for each such stage) ("Effective Date") and terminating upon the earlier to occur of (i) the date the HUD mortgage is satisfied, or (ii) a date which is forty (40) years from the Effective Date ("Expiration Date"); provided, however, that the Sponsor shall make an annual real estate tax payment commencing upon the Effective Date and terminating upon the Expiration Date;

3. Commencing upon the Effective Date and during each year thereafter until the Expiration Date, the Sponsor shall make real estate tax payments in the sum of (i) $16,842, which is ten percent (10%) of the annual shelter rent for the housing project, as determined by HPD in accordance with the formula agreed upon with HUD, plus (ii) an additional amount equal to twenty-five percent (25%) of the amount by which the total contract rents applicable to the housing project for that year (as adjusted and established pursuant to Section 8 of the United States Housing Act of 1937, as amended) exceed the total contract rents which are authorized as of the Effective Date. Notwithstanding the foregoing, the total annual real estate tax payment by the Sponsor shall not at any time exceed the lesser of either (i) seventeen percent (17%) of the contract rents, or (ii) the amount of real estate taxes that would otherwise be due in the absence of any form of tax exemption or abatement provided by any existing or future local, state, or federal law, rule or regulation; and

4. In consideration of such tax exemption, the Sponsor, for so long as the partial tax exemption provided hereunder shall remain in effect, shall waive the benefits, if any, of additional or concurrent real property tax abatement and/or tax exemption which may be authorized under any existing or future local, state, or federal law, rule or regulation.

DAVID I. WEPRIN, Chairperson; JOEL RIVERA, DIANA REYNA, GALE A. BREWER, LEROY G. COMRIE, BILL DEBLASIO, LEWIS A. FIDLER, JAMES F. GENNARO, ALAN J. GERSON, ERIC N. GIOIA, ROBERT JACKSON, G. Whereas, the Council has considered the financial implications relating to the Tax Exemption;

Resolved:

The Council hereby approves, pursuant to Section 696 of the General Municipal Law, a tax exemption for the Project as follows:

All of the value of the buildings, structures, and other improvements in the Project shall be exempt from local and municipal taxes, other than assessments for local improvements and land value, for a period of twenty years commencing on the July 1st following the conveyance of the Project to the Sponsor, during the last ten years of which such exemption shall decrease in equal annual decrements.

The partial tax exemption granted hereunder shall terminate with respect to all or any portion of the Project if the Department of Housing Preservation and Development determines that such real property has not been, or is not being, developed, used, and/or operated in compliance with the requirements of all applicable agreements made by the Sponsor or the owner of such real property with, or for the benefit of, the City of New York. The Department of Housing Preservation and Development shall deliver written notice of any such determination of noncompliance to the owner of such real property and all mortgages of record, which notice shall provide for an opportunity to cure of not less than ninety (90) days. If the noncompliance specified in such notice is not cured within the time period specified therein, the partial tax exemption granted hereunder shall prospectively terminate with respect to the real property specified therein.

REPORTS:

SUBJECT

MANHATTAN CB - 5 **N 060433 ZRM**

City Planning Commission decision approving an application submitted by SJP Residential Properties pursuant to Section 201 of the New York City Charter for an amendment of the Zoning Resolution of the City of New York relating to Article VIII, Chapter 1, Article VIII, Chapter 7 and Article IX Chapter 6, concerning Sections 81-21 (Floor Area Ratio Regulations), 81-71 (General Provisions), 81-741 (General provisions), 81-744 (Transfer of development rights from listed theaters) and 96-101 (Floor area regulations) to clarify theater transfer provisions in Community District 4 and Community District 5 in the Borough of Manhattan.

INTENT

To allow a portion of the Martin Beck/Al Hirschfeld Theater located outside of the Theater Subdistrict to be considered a granting site for transfers of development rights.

Report Summary:

COMMITTEE ACTION

DATE: September 8, 2006

The Committee recommends that the Council approve the attached resolution and thereby approve the decision of the City Planning Commission.

In connection herewith, Council Members Katz and Avella offered the following resolution:

Res. No. 508

Resolution approving the decision of the City Planning Commission on Application No. N 060433 ZRM, an amendment to the text of the Zoning Resolution of the City of New York relating to Article VIII, Chapter 1, Article VIII, Chapter 7 and Article IX Chapter 6, concerning Sections 81-21 (Floor Area Ratio Regulations), 81-71 (General Provisions), 81-741 (General provisions), 81-744 (Transfer of development rights from listed theaters) and 96-101 (Floor area regulations) to clarify theater transfer provisions in Community District 4 and Community District 5, Borough of Manhattan (L.U. No. 190).

By Council Members Katz and Avella

Whereas, the City Planning Commission filed with the Council on August 14, 2006 its decision dated August 9, 2006 (the "Decision"), on the application submitted by SJP Residential Properties, pursuant to Section 201 of the New York City Charter, for an amendment to the text of the Zoning Resolution (Application No. N 060433 ZRM) (the "Application");

Whereas, the Application is related to ULURP Application Number C 060434 ZSM (L.U. No. 191), grant of a special permit pursuant to Sections 13-562 and 74-

52 of the Zoning Resolution for an attended public parking garage with a maximum capacity of 101 spaces;

Whereas, the Decision is subject to review and action by the Council pursuant to Section 197-d(b)(1) of the City Charter;

Whereas, upon due notice, the Council held a public hearing on the Decision and Application on September 7, 2006;

Whereas, the Council has considered the land use implications and other policy issues relating to the Decision and Application; and

Whereas, the Council has considered the relevant environmental issues and the Revised Negative Declaration, issued on August 9, 2006 (CEQR No. 06DCP093M);

Resolved:

The Council finds that the action described herein will have no significant effect on the environment;

Pursuant to Sections 197-d and 200 of the City Charter and on the basis of the Decision and Application the Council approves the Decision; and

The Zoning Resolution of the City of New York, effective as of December 15, 1961, and as subsequently amended, is further amended as follows:

Report for M-278

Report of the Committee on Rules, Privileges & Elections in favor of approving the appointment of Simon P. Gourdine as a member of the New York City Civil Service Commission.

The Committee on Rules, Privileges & Elections to which was referred on August 16, 2006 (Minutes, page 3552) the annexed communication respectfully

REPORTS:

Topic I: New York City Civil Service Commission – (Mayoral candidate for appointment upon advice and consent of the Council)

Simon P. Gourdine [M – 278]

New York City Charter ("*Charter*") § 813 (d) provides for a Civil Service Commission ("CSC") to hear and determine appeals by any person aggrieved by an action of the Commissioner of the New York City Department of Citywide Administrative Services ("DCAS").[1] CSC may affirm, modify or reverse such action or determination. Any such appeal is taken by application in writing to CSC within thirty days after the action or determination appealed from. CSC is also vested with the powers and responsibilities of a municipal civil service commission under New York Civil Service Law § 26. Moreover, CSC is authorized to promulgate rules of procedure, including rules establishing time schedules, for authorized hearings and determinations.[2] CSC, upon its own initiative, or upon request of the Mayor, Council or DCAS Commissioner, has the power and duty to conduct reviews, studies or analyses of the administration of personnel in the city, including classification of titles by the DCAS Commissioner. *Charter* § 813(e). CSC is also required to prepare and transmit directly to the Mayor departmental estimates. The Mayor includes these proposed appropriations for CSC as a separate agency in the preliminary and executive budgets to assure sufficient funding for CSC to fulfill the obligations assigned to it by the *Charter* or other law. *Charter* § 813 (b).

CSC consists of five members, not more than three of whom may be members of the same political party.[3] The members of CSC are appointed by the Mayor from a list of nominations provided by a six member Screening Committee,[4] of whom four members are appointed by the Mayor and two by the Municipal Labor Committee. The Screening Committee submits the list of nominees upon the occurrence of a vacancy on CSC, or at least three months prior to the expiration of the term of an incumbent member.[5] *Charter* § 813(b).

Members of CSC are appointed to six-year terms, and may be removed from office in the manner provided for the members of a municipal Civil Service Commission outlined in the New York State Civil Service Law. The Mayor designates a member of CSC as Chair and Vice Chair, respectively, for one-year terms. Members are reimbursed on a per-diem basis for attendance at regularly scheduled meetings and hearings of CSC. *Charter* § 813 (a). According to the CSC's Counsel, the Chair receives $ 363.61 per-diem, while the Vice Chair and the remaining members each receive $ 333.86 per-diem.

CSC appoints a Counsel, who may not be employed or retained by another City agency, and may appoint a Secretary and such other subordinates as may be necessary, within the appropriation therefor. *Charter* § 813(c).

If appointed, Mr. Gourdine, a resident of the Bronx, and a registered member of the Democratic Party, will succeed Stanley Schlein, a Democrat. Mr. Gourdine will be eligible to complete the remainder of a six-year term, which began on March 22, 2005 and expires on March 21, 2011. A copy of Mr. Gourdine's résumé and report/resolution is annexed to this briefing paper.

Topic II: New York City Tax Commission – (Mayoral candidate for re-appointment upon advice and consent of the Council)

Susan Grossman [M-279]

The Tax Commission (the "Commission") is charged with the duty of reviewing and correcting all assessments of real property within the City of New York that are set by the New York City Department of Finance. New York City *Charter* ("*Charter*") § 153 (b). Any Commissioner shall exercise such other powers and duties as the President may from time to time assign. *Charter* § 154.

The Commission consists of the President and six Commissioners. *Charter* § 31 states that the Mayor, with advice and consent of the Council, shall appoint members of the Commission after a public hearing. Each Commissioner shall have at least three years of business experience in the field of real estate or real estate law. At least one resident of each borough shall be included among the Commissioners. *Charter* § 153 (a). The President of the Commission receives an annual salary of $166,884. Commissioners receive an annual salary of $25,174.[6]

Real property tax assessment-related claims subject to administrative and corrective action by the Commission may assert: inequality; excessiveness, including the denial of a full or partial exemption; unlawfulness; and misclassification. See definitions – *Charter* §§ 163 and 164(b) (class one property). The Commission's administrative determinations are subject to de novo judicial review. *Charter* § 165(a).

Between the fifteenth day of January and the twenty-fifth day of May, the Commission may itself, or by a Commissioner or assessor authorized by the Commission, act upon applications, compel the attendance of witnesses, administer oaths or affirmations and examine applicants and other witnesses under oath. In addition, the Commission is empowered to make rules of practice for its proceedings. *Charter* § 164(a).

The Commission determines the final assessed valuation or taxable assessed valuation, or the actual assessment or transition assessment, or the proper class designation of the real property of each applicant. The final assessed valuation or taxable assessed valuation of real property may be the same or less than the original assessment or, if determined to be unlawful, the same shall be ordered stricken from the roll or, where appropriate, entered on the exempt portion of the roll. If it is determined that the real property is misclassified, the correct class designation or allocation of assessed valuation shall be entered on the roll. *Charter* § 164(b).

Applications for correction of assessment of real property assessed at seven hundred fifty thousand dollars or more are dealt with between the first day of February and the first day of September. *Charter* § 164-a (a).

The final determination of the Commission upon any application for the correction of an assessment shall be rendered not later than the twenty-fifth day of May. Otherwise, the assessment objected to shall be deemed to be the final determination of the Commission. *Charter* § 165 . A proceeding to review or correct on the merits any final determination of the Commission may be had as provided by law, and, if brought to review a determination mentioned in *Charter* § 165, must be commenced before the twenty-fifth day of October following the time when the determination sought to be reviewed or corrected was made. *Charter* § 166.

The President or any Commissioner may enter upon real property and into buildings and structures at all reasonable times to ascertain the character of the property. Refusal by the owner or his agent to permit such entry shall be triable by a judge of the Criminal court and punishable by not more than thirty days' imprisonment, or by a fine of not more than fifty dollars, or both. *Charter* § 156.

The Commission shall issue an annual report to the City Council and to the Mayor not later than the first day of March in each year. *Charter* § 155.

If re-appointed, Ms. Grossman, a resident of Manhattan, will be eligible to serve the remainder of a six-year term that will expire on January 6, 2012. A copy of Ms. Grossman's résumé and report/resolution is annexed to this briefing paper.

Topic III: New York City Board of Health – (Mayoral candidate for appointment upon advice and consent of the Council)

Marlon E. Brewer [M-280]

Pursuant to New York City *Charter* ("the *Charter*") § 553, there shall be in the New York City Department of Health and Mental Hygiene ("the Department")[7] a Board of Health ("the Board")[8] the Chairperson of which shall be the Commissioner of the Department.

The main function of the Board is to promulgate the New York City Health Code ("Code"), which can encompass any matter within the jurisdiction of the Department, and has "the force and effect of law" *Charter* § 558. The Board may legislate on "all matters and subjects to which the power and authority of the Department extends." *Charter* § 558(c). The jurisdiction of the department is among the most extensive and varied of all City agencies. Except as otherwise provided by law, the Department has jurisdiction to regulate all matters affecting health in the City and to perform all those functions and operations performed by the City that relate to the health of the people of the City, including but not limited to the mental health, mental retardation, alcoholism and substance abuse related needs of the people of the City. *Charter* § 556. The scope of the Departments jurisdiction includes such diverse disciplines as communicable diseases, environmental health services, radiological health, food safety, veterinary affairs, water quality, pest control and vital statistics. New emerging pathogens and biological warfare are the most recent additions to the Department's roster of concerns.

In addition to its primary legislative function in relation to the Code , the Board is charged with certain administrative responsibilities. The Board may issue, suspend or revoke permits (e.g., food vendor permits) or may delegate this duty to the Commissioner, in which case a party aggrieved by the decision of the Commissioner has a right of appeal to the Board. *Charter* § 561. The Board may declare a state of "great and imminent peril" and take appropriate steps subject to Mayoral approval. *Charter* § 563. Other administrative functions of the Board are contained in the Administrative Code of the City of New York. One important function is to declare conditions as public nuisances and to order that such conditions be abated or otherwise corrected. Administrative Code § 17-145.

In addition to the Chairperson, the Board consists of ten members, five of whom shall be doctors of medicine who shall each have had not less than ten years experience in any or all of the following: clinical medicine, neurology, psychiatry, public health administration or college or university public health teaching. The other five members need not be physicians. However, non-physician members shall hold at least a Masters degree in environmental, biological, veterinary, physical, or behavioral health or science, or rehabilitative science or in a related field, and shall

have at least ten years experience in the field in which they hold such a degree. The Chairperson of the Mental Hygiene Advisory Board[9] sits as one of the ten board members, provided that such individual meets the requirements for Board membership of either a physician or non-physician member.

The nine Board members[10] other than the Chairperson and the member who shall be the Chairperson of the Mental Hygiene Advisory Board shall serve without compensation and shall be appointed by the Mayor, each for a term of six-years.[11] In the case of a vacancy, the Mayor shall appoint a member to serve for the un-expired term. *Charter* § 553(b). The Mayor's appointees are subject to the advice and consent of the New York City Council as set forth in *Charter* § 31.

The Commissioner shall designate such Department employees as may be necessary to the service of the Board, including an employee designated by him to serve as the Secretary to the Board. *Charter* § 553 (c).

Pursuant to *Charter* § 554, a member of the Board other than the Chairperson may be removed by the Mayor upon proof of official misconduct or of negligence in official duties or of conduct in any manner connected with his/her official duties that tends to discredit his/her office, or of mental of physical inability to perform his/her duties. Prior to removal, however, the Board member shall receive a copy of the charges and shall be entitled to a hearing before the Mayor and to the assistance of counsel at such hearing.

If appointed, Dr. Brewer, a resident of Queens, will fill a vacancy and serve the remainder of a six-year term that will expire on May 31, 2012.[12] A copy of Dr. Brewer's résumé and report/resolution is annexed to this briefing paper.

Topic IV: New York City Board of Standards and Appeals – (Mayoral candidate for appointment upon advice and consent of the Council)

Susan Hinkson [M-281]

New York City *Charter* ("*Charter*") § 659 provides for the establishment of an independent Board of Standards and Appeals ("BSA") located within the Office of Administrative Trials and Hearings ("OATH"). The BSA consists of five Commissioners, each appointed by the Mayor for a term of six years. Pursuant to *Charter* § 31, appointments to the BSA are made with the advice and consent of the Council. The *Charter* further provides that one of the BSA's members shall be a planner with professional qualifications and at least ten years' experience as a planner; one of the members shall be a registered architect and shall have at least ten years' experience as an architect; and one of the members shall be a licensed and professional engineer and shall have at least ten years' experience as an engineer. The particular qualifications of the two remaining members are not delineated in the *Charter*. The Mayor designates one of the members with the required experience of an architect, planner or engineer to serve as Chair, and designates one of the members to serve as Vice-Chair. In the absence of the Chair, or in the event that a vacancy exists in the office of the Chair, the Vice-Chair acts as Chair of the BSA. No more than two members may reside in one borough.[13] The BSA is empowered to: (1) hear and decide appeals from and review, except as otherwise provided by law, any order, requirement, decision or determination of the Commissioner of Buildings or any Borough Superintendent of Buildings acting under written delegation of power from the Commissioner of Buildings filed in accordance with *Charter* § 645 (b); (2) hear and decide appeals from and review any order, requirement, decision or determination of the fire Commissioner, or any rule or regulation or amendment or repeal thereof made by the Fire Commissioner; or (3) hear and decide appeals from and review any order, requirement or determination of the Commissioner of Transportation, or the Commissioner of the Department of Business Services[14] made in relation to the structures or uses on water front property under his or her jurisdiction in connection with the application or enforcement of the provisions of the *Zoning Resolution of the city of New York ("Zoning Resolution")*, the labor law and such other laws, rules, and regulations as may govern the construction, alteration, maintenance, use, occupancy, safety, sanitary conditions, mechanical equipment and inspection of structures in the City.

The BSA has the power to determine and vary the application of the Zoning Resolution, and to issue special permits as authorized by the Zoning Resolution. The BSA has the same powers as those exercised by the New York State Department of Labor with respect to buildings situated in the City. The BSA may also consider appeals to vary or modify any rule or regulation or the provisions of any law relating to the construction, use, structural changes, equipment, alteration or removal of buildings or structures, or vaults in sidewalks appurtenant thereto, where there are practical difficulties or unnecessary hardship in carrying out the strict letter of the law, so that the spirit of the law shall be observed, public safety secured and substantial justice done.

Each member of the BSA receives a salary, and may not engage in any other occupation, profession or employment. The Chair earns an annual salary of $166,884. The Vice-Chair receives $155,205 annually, while the other members earn an annual salary of $131,318. Members attend the hearings and executive sessions of the BSA, and perform such other duties as may be required by the Chair. The Mayor fills vacancies for the un-expired term of the member whose place becomes vacant with a person having his or her qualifications.

If appointed, Ms. Hinkson, a resident of the Bronx and a registered architect, would fill a vacant position on the BSA. She will be eligible to complete the remainder of a six-year term that expires on July 10, 2007. A copy of Ms. Hinkson's résumé and report/resolution is annexed to this briefing paper.

Topic V: New York City Art Commission – (Mayoral candidates for appointment upon advice and consent of the Council)

Paula Scher [M-277]
James S. Polshek [M-282]
Guy J.P. Nordenson[M-283]

The New York City Art Commission ("Commission") reviews and approves all works of art to be maintained on City properties or in City buildings; advises agencies having jurisdiction over them as to methods and procedures for their proper maintenance; and reviews and approves the designs of City agencies erecting public structures on City property, except for landmarks or projects located in a historic district. For projects where the total estimated cost does not exceed $1 million, Commission approval is not required if the Mayor or the Council makes written requests to the Commission not to act.

The Commission itself does not contract for any artwork, nor does it select contractors, negotiate fees, or otherwise involve itself in the selection or approval of contracts. The Commission brings its expertise to the process by reviewing submitted plans or work in accordance with standards enumerated in the *Charter*. Commission members have no say in what projects are initiated, or how City funds are allocated. The *Charter* states that the Commission has general advisory oversight over all works of art belonging to the City, and advises agencies having jurisdiction over them as to methods and procedures for their proper maintenance. *Charter* § 857 (a).

The Commission is composed of the Mayor or his representative, the President of the Metropolitan Museum of Art, the President of the New York Public Library, the President of the Brooklyn Museum, one painter, one sculptor, one sculptor, one architect, one landscape architect, all of whom shall be residents of the City, and three other residents of the City who cannot be painters, sculptors, architects, landscape architects, or active members of any other profession in the fine arts. *Charter* § 851 (a). The Mayor and the museum and library presidents serve in an ex-officio capacity. Section 31 of the *Charter* states that the Council performs an advice and consent review of mayoral appointees for membership on the Commission. The Council does not review ex-officio members.

The appointive members whose service is not ex-officio are chosen from a list submitted by the Fine Arts Federation of not less than three times the number to be appointed. If the Federation fails to present a list of nominees within three months from the time when a vacancy occurs, the Mayor may appoint an individual without such input. In case the Mayor fails to appoint within one year from the time when a vacancy occurs, the Commission is authorized to fill such vacancy for any balance of the un-expired term without the Council's advice and consent review. *Charter* § 851 (b).

All members serve on the Commission without compensation. Members serve for three-year terms, or until a successor has been appointed and qualified.[15]

If appointed, Ms. Scher, a graphic designer, will succeed Hugh Freund, who has been sitting in a holdover capacity since December 31, 2005, as one of the Commission's lay members. Ms. Scher will be eligible to complete the remainder of Mr. Freund's three-year term that will expire on December 31, 2008. A copy of Ms. Sher's résumé and report/resolution are annexed to this report.

If appointed, Mr. Polshek, a registered architect, will succeed LeAnn Shelton, who has been sitting in a holdover capacity since December 31, 2004, as the Commission's architect member. Mr. Polshek will be eligible to complete the remainder of Ms. Shelton's three-year term that will expire on December 31, 2007. Mr. Polshek's résumé and report/resolution are annexed to this report.

If appointed, Mr. Nordenson, an engineer, will succeed Estrellita Brodsky, who has been sitting in a holdover capacity since December 31, 2003, as one of the Commission's lay members. Mr. Nordenson will be eligible to complete the remainder of Ms. Brodsky's three-year term that will expire on December 31, 2006. Mr. Nordenson's résumé and report/resolution are annexed to this report

Topic VI: New York City Conflicts of Interest Board –

Kevin Frawley [M-284] (Mayoral candidate for appointment upon advice and consent of the Council)

Monica Blum [M-285] (Mayoral candidate for re-appointment upon advice and consent of the Council)

The New York City Conflicts of Interest Board ("COIB"), which is mandated to meet at least once per month, primarily serves to provide clear guidance to public employees regarding prohibited conduct through training, education, and the issuance of advisory opinions. COIB is required to publish an index of its opinions and an annual report. COIB's mandate covers Council as well as mayoral agency employees.

COIB also collects and reviews financial disclosure reports. New York City *Charter* ("*Charter*") §§ 2602 and 2603. COIB promulgates rules as necessary to implement and interpret the provisions of Chapter 68 of the *Charter* ("Conflicts of Interest Code" or the "Code"), consistent with the goal of providing clear guidance regarding prohibited conduct. *Charter* § 2603(a). COIB is authorized to hear and decide violations of the Code. Additionally, COIB is empowered to impose fines of up to $10,000 and recommend suspensions or removals from City employment in appropriate cases.

COIB members are chosen for their independence, integrity, civic commitment and high ethical standards. Members are prohibited from holding public office, seeking election to any public office, being a public employee in any jurisdiction, holding political party office, or appearing as a lobbyist before the city. *Charter* § 2602(b).

COIB consists of five members who are appointed by the Mayor with the advice and consent of the City Council.[16] The term of office for COIB members is six years. The Council must act on mayoral nominations to COIB within forty-five days of submission. *Charter* § 2602(c). If the Council fails to act within forty-five days of receipt of such nomination from the Mayor, the nomination is deemed to be confirmed. *Charter* § 2602(c). If the Mayor does not submit a nomination for appointment of a successor to the Council at least sixty days prior to the expiration of the term of the member whose term is expiring, the term of the member of the member in office is extended for an additional year and the term of the eventual successor to such member is shortened by an equal amount of time. COIB members are prohibited from serving more than two consecutive six-year terms. *Charter* § 2602(c). Two members of COIB constitute a quorum and all acts of COIB must be by the affirmative vote of at least two members. *Charter* § 2602 (h).

Members of COIB serve until their successors have been confirmed. Any vacancy occurring other than by expiration of term is filled by nomination by the Mayor, made to the Council within sixty days of the creation of the vacancy, for the un-expired portion of the term of the member succeeded. If the Council fails to act within forty-five days of receipt of such nomination from the Mayor, the nomination is deemed to be confirmed. *Charter* § 2602(e).

COIB members may be removed by the Mayor for substantial neglect of duty, gross misconduct in office, inability to discharge the powers or duties of office or violation of the COIB section of the *Charter*, after written notice and an opportunity for a reply. *Charter* § 2602(f).

Pursuant to the *Charter*, COIB is authorized to appoint a Counsel to serve at its pleasure and to employ or retain other such officers, employees and consultants as are necessary to exercise its powers and fulfill its obligations. The authority of the Counsel may be defined in writing, provided that neither the Counsel, nor any other officer, employee or consultant of COIB, shall be authorized to issue advisory opinions, promulgate rules, issue subpoenas, issue final determinations concerning violations of Chapter 68 of the *Charter*, or recommend or impose penalties. Also, COIB may, and has, delegated its authority to issue advisory opinions under *Charter* § 2604(e) to its Chair. *Charter* § 2602(g), and as per COIB's Executive Director.[17]

By statute, members are entitled to receive per-diem compensation for each calendar day when performing the work of COIB. According to COIB's Deputy Executive Director, the rate for members is $250 per diem, and the rate for the Chair is $275 per diem.

If appointed by the Mayor with advice and consent of the Council, Mr. Frawley, a resident of Manhattan, will be eligible to serve for the remainder of a six-year term that commenced on April 1, 2006 and will expire on March 31, 2012. Mr. Frawley will succeed Jane Parver who has been serving in a holdover position since April 1, 2006.

If re-appointed, Ms. Blum, a resident of Manhattan, will serve the remainder of a six-year term that commenced on April 1, 2006 and will expire on March 31, 2012. A copy of Ms. Blum's résumé and report/resolution are annexed to this briefing paper.

After interviewing the candidates and reviewing the relevant material, the Committee decided to approve the appointments of the nominees. For the nominee Simon P. Goudine, please see coupled Res No. 518 printed below; for the other nominees please see the respective coupled resolutions for the Reports for M-277, M-279, M-280, M-282, M-283, M-284 and M-285 printed in this Report of the Committee on Rules, Privileges and Elections section of the Minutes.

In regard to the nominee Simon P. Gourdine, the Committee finds as follows:

Pursuant to §§ 31 and 813 of the *New York City Charter*, the Committee on Rules, Privileges and elections, hereby approves the appointment by the Mayor of Simon P. Gourdine, as a member of the New York City Civil Service Commission to serve for the remainder of a six-year term that expires on March 21, 2011.

The matter was referred to the Committee on August 16, 2006.

[1] The Commissioner of DCAS is responsible for citywide personnel matters. [Charter § 811.]

[2] CSC has established rules of procedure, which appear in Chapter 2 of Title 60 of the Rules of the City of New York.

[3] CSC currently constitutes the following: Stanley Schlein, Chair (Democrat), David Lande, Vice-Chair, (Republican), Rudy Washington (Republican), Stephanie E. Kupferman (Republican), and Nicholas LaPorte (Democrat).

[4] The "list of nominees shall include persons with knowledge or experience of the civil service system, or personnel management, or compensation practices, from which the Mayor shall make appointments to the Civil Service Commission." Charter § 813 (b).

[5] If appointed, Mr. Gourdine will succeed Mr. Stanley Schlein, whose term expired on March 21, 2005. Mr. Schlein has been serving as a holdover since his term expired.

[6] The Tax Commission's current members are: Glenn Newman, President; Kirk Tzanides, Susan Grossman; Aladar Gyimesi; Alice Olick; Ben Celaj and; Richard Stabile.

[7] On November 6, 2001, the voters of New York City approved the merger of the New York City Department of Health and the New York City Department of Health, Mental Retardation and Alcoholism Services to create a new agency called the Department of Public Health. The agency is presently known as the Department of Health and Mental Hygiene.

[8] The ballot proposal approved by the City's voters on November 6, 2001, expanded the Board's membership from five to eleven members (including the Commissioner), while maintaining the current ratio of medical to non-medical personnel. Also, member terms were reduced from eight years to six years, and staggered to assure continuity. The Charter Revision Commission (the "Commission") asserted that these changes would ensure that the Board is better able to address todays "more complex public health threats and meet the new and emerging public health challenges of the future." Also, the Commission reasoned that the expansion of the Board would "provide the opportunities to increase the variety of expertise represented, and allow for inclusion of representatives with experience relating to special health needs of different racial and cultural groups in the City." Moreover, the Commission felt "a larger Board would also bring to bear greater diversity of academic, clinical and community perspectives on the broad spectrum of public health problems and issues that need to be addressed." Report of the New York City Charter Revision Commission, *Making Our City's Progress Permanent*, pp69-70 (September 5, 2001).

[9] This body advises the Commissioner of Health and Mental Hygiene and the Deputy Commissioner for Mental Hygiene Services in the development of community mental health, mental retardation, alcoholism and substance abuse facilities and services and programs related thereto. Charter § 568.

[10] The current Board members are: Dr. Angela Diaz, MD; Dr. Pamela Brier, M.D.; Dr. Susan Klitzman; Dr. Beatrix Hamburg, M.D.; Dr. Lynn Richardson, M.D.; Dr. Bruce Vladeck, P.hD; Dr. David Vlahov, Ph.D; Dr. Sixto Caro, M.D.; vacancy.

[11] The term of the Board of Health Chair, who is the Commissioner of Health, is not specified. The Chair of the Mental Hygiene Advisory Board can serve an unlimited number of four-year terms on that advisory Board and, thus, on the New York City Board of Health as well. Mental Hygiene Law § 41.11(d) and Charter § 568(a)(1).

[12] This position was vacated by Benjamin Chu, M.D.

[13] BSA's Chair, Meenakshi Srinivasan ; Vice Chair, Satish Babbar; and Christopher Collins.

[14] Charter § 666 (6)(c) still reads "the Commissioner of Ports and Trade." The Department of Small Business Services ("DSBS") is recognized as the successor agency to the Department of Ports and Trade. BSA handles DSBS' requests for interpretive appeals.

[15] The current appointed members are: Alice Aycock, Sculptor; Estrillita Brodsky, Lay Member; Hugh Freund, Lay Member; Signe Nielson, Landscape Architect; LeAnn Shelton, Architect; James P. Stuckey, Lay Member; and Byron Kim, Painter.

[16] At present, COIB's members include: Steven B. Rosenfeld (Chair), Angela Mariana Freyre, Andrew Irving, Jane W. Parver, and Monica Blum.

[17] Mark Davies currently serves as the COIB's Executive Director.

Accordingly, Your Committee recommends its adoption.

In connection herewith, Council Member Reyna offered the following resolution:

Report Summary:

COMMITTEE ACTION

DATE: August 16, 2006

The Committee recommends that the Council approve the attached resolution and thereby approve the decision of the City Planning Commission.

In connection herewith, Council Members Katz and Avella offered the following resolution:

Res. No. 525

Resolution approving the decision of the City Planning Commission on ULURP No. C 040543 ZMM, a Zoning Map change (L.U. No. 225).

By Council Members Katz and Avella

Whereas, the City Planning Commission filed with the Council on July 14, 2006 its decision dated July 12, 2006 (the "Decision"), on the application submitted by Truffles LLC, pursuant to Sections 197-c and 201 of the New York City Charter, for an amendment to the Zoning Map (ULURP No. C 040543 ZMM) (the "Application");

Whereas, the Application is related to Applications Numbers N 040544 ZRM (L.U. No. 226), zoning text amendment to the Special Tribeca Mixed Use District, Zoning Resolution Section 111-00, to establish a new Area A4 and to establish use and bulk regulations within the new Area A4, and C 040545 ZSM (L.U. No. 227), zoning special permit pursuant to Zoning Resolution Sections 13-562 and 74-52 to allow a 180-space public parking garage to be developed as part of a proposed residential building in the area of the rezoning;

Whereas, the Decision is subject to review and action by the Council pursuant to Section 197-d(b)(1) of the City Charter;

Whereas, upon due notice, the Council held a public hearing on the Decision and Application on August 14, 2006, which was recessed to August 16, 2006;

Whereas, the Council has considered the land use implications and other policy issues relating to the Decision and Application; and

Whereas, the Council has considered the relevant environmental issues (CEQR No. 06DCP067M): In January 2006, the applicant revised the 2004 version of the applications, proposing C6-2A (6 FAR) and C6-3A (7.5 FAR) districts for the four blocks and a reduced maximum building height of 160 feet along a wide street in the C6-3A portion. After a study of the potential environmental impact of the subject application (C 040543 ZMM), a Negative Declaration was issued on February 6, 2006, which included a restrictive declaration for hazardous materials and "E" designations for hazardous materials and noise;

Resolved:

The Council finds that the action described herein will have no significant effect on the environment.

Pursuant to Sections 197-d and 200 of the City Charter and on the basis of the Decision and Application, the Council approves the Decision.

The Zoning Resolution of the City of New York, effective as of December 15, 1961, and as subsequently amended, is further amended by changing the Zoning Map, Section 12a:

1. changing from an M1-5 District to a C6-2A District property bounded by Watts Street, Washington Street, Hubert Street, and a line 100 feet westerly of Washington Street; and

2. changing from an M1-5 District to a C6-3A District property bounded by Watts Street, a line 100 feet westerly of Washington Street, Hubert Street, and West Street.

within the Special Tribeca Mixed Use District, as shown on a diagram (for illustrative purposes only) dated February 6, 2006, modified by the City Planning Commission on July 12, 2006, and subject to CEQR Designation E-162, Community District 1, Borough of Queens.

On motion of the Speaker (Council Member Quinn), and adopted, the foregoing matter was coupled as a General Order for the day (see ROLL CALL ON GENERAL ORDERS FOR THE DAY).

Report for L.U. No. 226 & Res. No. 526

Report of the Committee on Land Use in favor of approving Uniform land use review procedure application no. N 040544 ZRM, pursuant to Sections 197-c and 201 of the New York City Charter for an amendment of the Zoning Resolution of the City of New York relating to Section 111-00 (Special Tribeca Mixed Use District), to create a new Area A4 within the special district, and to apply certain use and bulk regulations within the proposed Area A4.

The Committee on Land Use to which was referred on August 16, 2006 (Minutes, page 3876) and originally reported to the Council on August 16, 2006 (Minutes, page 3738) the annexed Land Use resolution respectfully

REPORTS:

SUBJECT

Report for L.U. No. 227 & Res. No. 527

Report of the Committee on Land Use in favor of approving Uniform land use review procedure application no. C 040545 ZSM, pursuant to §197-c and d of the New York City Charter for the grant of a special permit pursuant to Sections 13-562 and 74-52 of the Zoning Resolution in the Borough of Manhattan, Council District no. 1 to allow an attended public parking garage.

The Committee on Land Use to which was referred on August 16, 2006 (Minutes, page 3876) and originally reported to the Council on August 16, 2006 (Minutes, page 3740) the annexed Land Use resolution respectfully

REPORTS:

SUBJECT

MANHATTAN CB - 1 **C 040545 ZSM**

City Planning Commission decision approving an application submitted by Truffles LLC pursuant to Sections 197-c and 201 of the New York City Charter for the grant of a special permit pursuant to Sections 13-562 and 74-52 of the Zoning Resolution to allow an attended public parking garage with a maximum capacity of 180 spaces on a portion of the ground floor and cellar of a proposed mixed-use building on property located at 34-36 Debrosses Street (Block 224, Lots 1, 3, 7, 8, 13, 16 and 18), in C6-2A and C6-3A Districts, within the Special Tribeca Mixed Use District.

INTENT

To allow the construction of a proposed public parking garage as part of a proposed residential development.

Report Summary:

COMMITTEE ACTION

DATE: August 16, 2006

The Committee recommends that the Council approve the attached resolution and thereby approve the decision of the City Planning Commission.

In connection herewith, Council Members Katz and Avella offered the following resolution:

Res. No. 527

Resolution approving the decision of the City Planning Commission on ULURP No. C 040545 ZSM (L.U. No. 227), grant of a special permit pursuant to Sections 13-562 and 74-52 of the New York City Zoning Resolution to allow an attended public parking garage with a maximum capacity of 180 spaces.

By Council Members Katz and Avella

Whereas, the City Planning Commission filed with the Council on July 14, 2006 its decision dated July 12, 2006 (the "Decision") on the application submitted by Truffles LLC, pursuant to Sections 197-c and 201 of the New York City Charter, for the grant of a special permit pursuant to Sections 13-562 and 74-52 of the Zoning Resolution to allow an attended public parking garage with a maximum capacity of 180 spaces on a portion of the ground floor and cellar of a proposed mixed-use building on property located at 34-36 Debrosses Street (Block 224, Lots 1, 3, 7, 8,

13, 16 and 18), in C6-2A and C6-3A Districts, within the Special Tribeca Mixed Use District, Community District 1, Borough of Manhattan (ULURP No. C 040545 ZSM) (the "Application");

Whereas, the Application is related to Applications Numbers C 040543 ZMM (L.U. No. 225), zoning map amendment to rezone a four block area in the Special Tribeca Mixed Use District from an M1-5 district to C6-2A and C6-3A districts, and N 040544 ZRM (L.U. No. 226), zoning text amendment to the Special Tribeca Mixed Use District, Zoning Resolution Section 111-00, to establish a new Area A4 and to establish use and bulk regulations within the new Area A4;

Whereas, the City Planning Commission has made the findings required pursuant to Section 74-52 of the Zoning Resolution;

Whereas, the Decision is subject to review and action by the Council pursuant to Section 197-d(b)(1) of the City Charter;

Whereas, upon due notice, the Council held a public hearing on August 14, 2006, which was recessed to August 16, 2006, on the Decision and Application;

Whereas, the Council has considered the relevant environmental issues (CEQR No. 06DCP067M): In January 2006, the applicant revised the 2004 version of the applications, proposing C6-2A (6 FAR) and C6-3A (7.5 FAR) districts for the four blocks and a reduced maximum building height of 160 feet along a wide street in the C6-3A portion. After a study of the potential environmental impact of the subject application (C 040543 ZMM), a Negative Declaration was issued on February 6, 2006, which included a restrictive declaration for hazardous materials and "E" designations for hazardous materials and noise;

Whereas, the Council has considered the land use implications and other policy issues relating to the Decision and Application;

Resolved:

The Council finds that the action described herein will have no significant effect on the environment; and

Pursuant to Sections 197-d and 200 of the New York City Charter and on the basis of the Decision and Application, the Council approves the Decision.

On motion of the Speaker (Council Member Quinn), and adopted, the foregoing matter was coupled as a General Order for the day (see ROLL CALL ON GENERAL ORDERS FOR THE DAY).

RESOLUTIONS

(presented for voice-vote)

The following are the respective Committee Reports for each of the Resolutions referred to the Council for a voice-vote pursuant to Rule 8.50 of the Council:

Report for voice-vote Res. No. 433-A

Report of the Committee on Health in favor of approving, as amended, a Resolution declaring September 21, 2006, as "Myositis Awareness Day" in the City of New York.

The Committee on Health to which was referred on July 19, 2006 (Minutes, page 1682) the annexed amended resolution respectfully

REPORTS:

On Wednesday, September 13, 2006, the City Council's Committee on Health, Chaired by Council Member Joel Rivera, will hold a hearing on Proposed Res. No. 433-A, a Resolution declaring September 21, 2006, as "Myositis Awareness Day" in the City of New York. A copy of Proposed Resolution No. 433 is attached.

Proposed Resolution No. 433-A would indicate that according to the Myositis Association, "myositis" is a general term that describes swelling of the muscles, and is associated with several different illnesses, including polymyositis, dermatomyositis and inclusion body myositis, as well as forms of myositis that occur in children (juvenile myositis). Proposed Resolution No. 433-A would note that Myositis can also occur in people with other rheumatic diseases, including rheumatoid arthritis, lupus and scleroderma. Proposed Resolution No. 433-A would also note that all forms of myositis involve chronic or persistent muscle inflammation, which almost always results in weakness, and may be associated with inflammation in other organs or areas of the body, such as the joints, heart, lungs, intestines and skin.

Proposed Resolution No. 433-A would indicate that according to the Myositis Association, it is estimated that each year, five to ten out of every one million people in the United States develop one of the forms of myositis. Proposed Resolution No. 433-A would point out that it is unknown as to what triggers the outbreak of myositis and there is no known cure for myositis, although aggressive treatment can reduce inflammation and help prevent muscle weakness from progressing. Proposed Resolution No. 433-A would also note that Myositis usually develops slowly over time, and can range in severity from mild to debilitating or worse.

Proposed Resolution No. 433-A would indicate that while myositis, according to the Arthritis Foundation, can affect people of any age, most children who develop the disease are between five and 15 years of age, and most adults are between 30 and 60 years of age.

Additionally, Proposed Resolution No. 433-A would note that the Arthritis Foundation indicates that like many other inflammatory rheumatic diseases, most

forms of myositis affect more women than men, with the exception being a specific form of myositis called inclusion body myositis, which affects more men than women, and which almost always affects older individuals.

Proposed Resolution No. 433-A would point out that the first sign of myositis is often weakness and pain in the muscles of the hips and shoulders, causing individuals to have difficulty rising from a chair, climbing the stairs, or combing their hair, and in some cases to become too tired to stand or walk. Proposed Resolution No. 433-A would note that myositis can also affect the muscles in the front of the neck and throat, causing difficulty in speaking or swallowing, and it can also affect the lung and/or chest muscles, causing difficulty in breathing. Proposed Resolution No. 433-A would indicate that many Americans are not aware of the devastating impact this disease has on those who suffer from it, as well as on their family and loved ones.

Finally, Proposed Resolution No. 433-A would point out that Myositis Awareness Day is a nationwide effort to raise awareness of this debilitating illness, and seventeen states have passed proclamations recognizing September 21 as Myositis Awareness Day.

Accordingly, Your Committee recommends its adoption, as amended.

Res. No. 433-A

Resolution declaring September 21, 2006, as "Myositis Awareness Day" in the City of New York.

By Council Members Oddo, Comrie, Gennaro, Mealy, Stewart, Weprin, Dickens, Sears, Avella and Lanza

Whereas, According to the Myositis Association, "myositis" is a general term that describes swelling of the muscles, and is associated with several different illnesses, including polymyositis, dermatomyositis, and inclusion body myositis, as well as forms of myositis that occur in children (juvenile myositis); and

Whereas, Myositis can also occur in people with other rheumatic diseases, including rheumatoid arthritis, lupus and scleroderma; and

Whereas, All forms of myositis involve chronic or persistent muscle inflammation, which almost always results in weakness, and may be associated with inflammation in other organs or areas of the body, such as the joints, heart, lungs, intestines and skin; and

INTRODUCTION AND READING OF BILLS

Int. No. 423

By Council Members Avella, Dickens, Palma, Seabrook, Stewart and Mark-Viverito

A Local Law to amend the New York city charter in relation to the review and approval of franchises.

Be it enacted by the Council as follows:

Section 1. Subdivision f of Section 363 of the New York city charter is hereby amended to read as follows:

f. The selection of a franchisee shall be in accordance with the provisions of the authorizing resolution covering franchises of the type involved. *Prior to the submission of a proposed franchise agreement to the franchise and concession review committee pursuant to sections three hundred seventy-one, three hundred seventy-two and three hundred seventy-three, the agreement shall be submitted to the council. After the conduct of a public hearing held on due notice, the council shall determine whether or not the agreement conforms with the terms and conditions of the authorizing resolution. If the council determines that such conformity exists, it shall submit the agreement to the franchise and concession review committee for its review and action consistent with the provisions of this chapter. If the council determines that such conformity does not exist, it may amend the agreement to achieve such conformity and then submit the agreement to the franchise and concession review committee for its review and action consistent with the provisions of this chapter.*

§2: This local law shall take effect on the first day of the month following its ratification by the voters of this city in a referendum to be held in the general election next following its enactment.

Referred to the Committee on Land Use.

Res. No. 495

Resolution calling upon the State Legislature and the Governor to amend the Municipal Home Rule Law by placing limitations on the number of consecutive charter revision commissions that may be created by the Mayor of the City of New York pursuant to Municipal Home Rule Law §36(4).

By Council Members Avella, Dickens, Monserrate, Palma and Sanders.

Whereas, Charter revision commissions in New York City created pursuant to Municipal Home Rule Law §36 have at times dramatically altered and bettered governmental operation; and

Whereas, It was the clear intention of the State legislature that charter revision commissions, both those created by local legislative bodies under Municipal Home Rule Law §36(2) and those created by a mayor under Municipal Home Rule Law §36(4), be given ample time to thoroughly review a city's charter in its entirety before releasing its proposals to the general public; and

Whereas, The State legislature further intended such charter revision commissions to be utilized rarely, and then only for large overhauls of the system of government, such as the 1989 New York City charter revision commission mandated by a decision of the United States Supreme Court; and

Whereas, Unfortunately, such statutory provisions of the Municipal Home Rule Law have been construed by recent New York City mayoralties to permit the creation of numerous Charter Review Commissions in the past ten years, each lasting an average of less than ten weeks, in order to pervert the political process envisioned by the drafters of Municipal Home Rule Law §36; and

Whereas, The four previous commissions created before the most recent set, each required an average of approximately eighteen months in order to sufficiently complete its work and were created over a period of nearly twenty years; and

Whereas, The most recent set of commissions, all created by the Mayor, have shared in common with the Mayor's office significant resources, including the entire staffs of each commission; and

Whereas, The relatively short durations of the recent commissions created in close succession and each reviewing only a small portion of the charter, evince a common and deep bias toward the partisan political concerns of the Mayor; and

Whereas, creating the commissions often exploits the charter review process, as it is used as a tool to shift the legislative function of the city's government to the Mayor, who is empowered by law only to implement legislation, not to create it; and

Whereas, Though it cannot be denied that these practices are antithetical to the purposes of Municipal Home Rule Law §36, absent explicit statutory language enumerating such purposes in unequivocal terms, the practices of the current and previous administrations in this area will continue to the detriment of the governmental representation of all New York City residents; and

Whereas, Limiting the number of consecutive charter revision commissions that may be created by the Mayor would have the effect of curtailing this subversive and unacceptable practice, as well as restoring the balance of power necessary to ensure an informed and duly authorized method of amending the New York City Charter; now, therefore, be it

Resolved, That the Council of the City of New York urges the State Legislature and the Governor to amend Municipal Home Rule Law by placing limitations on the number of consecutive charter revision commissions that may be created by the Mayor of the City of New York pursuant to Municipal Home Rule Law §36(4).

Referred to the Committee on Governmental Operations.

Res. No. 496

Resolution urging the State Legislature and the Governor to amend the Municipal Home Rule Law to ensure that multiple validly created charter revision commissions may submit ballot questions to be proposed during the same election.

By Council Members Avella, Dickens, Palma, Sanders and Seabrook

Whereas, Charter revision commissions in New York City created pursuant to Municipal Home Rule Law §36 have at times dramatically altered and bettered governmental operation; and

Whereas, It was the clear intention of the state legislature that charter revision commissions, both those created by local legislative bodies under Municipal Home Rule Law §36(2), those created by qualified electors under Municipal Home Rule Law §36(3), and those created by a mayor pursuant to Municipal Home Rule Law §36(4), be given ample time to thoroughly review the city's charter in its entirety before releasing its proposals to the general public; and

Whereas, The State Legislature further intended such charter revision commissions to be utilized rarely, and then only for large overhauls of the system of government, such as the 1989 New York City charter revision commission mandated by a decision of the United States Supreme Court; and

Whereas, Unfortunately, however, the statutory provisions of the Municipal Home Rule Law have been construed by recent New York City mayoralties to permit the creation of numerous charter revision commissions in the past ten years, each lasting an average of less than ten weeks, in order to pervert the political process envisioned by the drafters of Municipal Home Rule Law §36; and

Whereas, The four previous commissions created before the most recent set of commissions each required an average of approximately eighteen months in order to sufficiently complete its work and were created over a period of nearly twenty years; and

Whereas, The last several commissions, all created by the Mayor, have shared in common with the Mayor's office significant resources, including the entire staffs of each commission; and

Whereas, The relatively short durations of the recent commissions, created in close succession and each reviewing only a small portion of the charter, evince a common and deep bias toward the partisan political concerns of the Mayor creating the commissions, often exploiting the charter revision process as a tool to shift the legislative function of the city's government to the Mayor, the executive, who is by law empowered only to implement and not create legislation; and

Whereas, This exploitation of the charter revision process was evident in 1998, when Mayor Giuliani created a charter revision commission with the sole purpose of blocking a Council ballot proposal regarding Yankee Stadium; and

Whereas, More recently, a ballot proposal regarding mandatory class size, signed by the required number of qualified electors pursuant to Municipal Home Rule Law §36(3), was bumped from the November 2003 ballot by the Mayor's charter revision commission; and

Whereas, Municipal Home Rule Law §36, and several cases interpreting its language, allow mayorally created charter revision commissions to bump any ballot initiatives proposed by legislation adopted by the Council or by voter initiative; and

Whereas, It is also not clear whether the ballot proposals of a Council created Charter Revision Commission would be preempted by the mayor's commission; and

Whereas, This imbalance in favor of the Mayor must be addressed so that the will of the people is not thwarted by the power of the executive; now, therefore, be it

Resolved, That the Council of the City of New York urges the State Legislature and the Governor to amend the Municipal Home Rule Law to ensure that multiple validly created charter revision commissions may submit ballot questions to be proposed during the same election.

Res. No. 497

Resolution calling upon the New York City Department of Education to help increase compliance with Section 809 of the New York State Education Law, which requires instruction on the humane treatment and protection of animals, by issuing a memorandum to all New York City public schools that notifies them of the humane education mandate in Section 809 and by requiring that all elementary school principals direct their teachers to act in accordance with this requirement.

By Council Members Avella, Brewer, Dickens, Fidler, James, Mealy, Mendez, Nelson, Palma, Sanders, Seabrook, Sears, Mark-Viverito, Gerson and Lappin.

Whereas, Section 809 of the New York State Education Law ("Section 809") requires that every elementary school under State control, or supported wholly or partly by public money of the State, provide instruction on the humane treatment and protection of animals and lessons on the importance of spaying and neutering ("humane education"); and

Whereas, According to the American Society for the Prevention of Cruelty to Animals (ASPCA), humane education cultivates empathy, compassion and respect in our youth towards all living beings and helps children develop into caring, responsible citizens; and

Whereas, According to the Humane Society of the U.S., sociological and psychological research studies confirm that there is a strong correlation between animal cruelty and violence against humans, and that violent offenders frequently have childhood and adolescent histories of serious and repeated animal abuse; and

Whereas, Violence among youth is widespread in our communities today, according to the Centers for Disease Control and Prevention, and research studies support the proposition that humane education is a valuable deterrent to violence and a first defense in breaking cycles of violence; and

Whereas, Section 809 provides that the penalty for non-compliance with the humane education mandate is withdrawal of public school funding; and

Whereas, Despite Section 809's strong mandate promoting humane education, animal rights advocates maintain that most administrators and teachers are unaware of the law, and the law's penalty provision has not been enforced; and

Whereas, Instruction in humane education can easily and effectively be integrated into a standards-based curriculum; and

Whereas, Section 809 does not require teacher training in humane education; and

Whereas, Several organizations, such as the ASPCA, Humane Education Advocates Reaching Teachers (HEART), International Institute for Humane Education (IIHE), and Roots and Shoots (part of the Jane Goodall Institute), are working to implement humane education in school programs through in-classroom presentations, teacher training, and an array of relevant resources; and

Whereas, These same organizations can assist New York City schools in complying with this important law designed to teach children the character-building virtues of compassion, kindness and respect, and can help schools utilize staff development days to train teachers in how to implement humane education in their classes; now, therefore, be it

Resolved, That the Council of the City of New York calls upon the New York City Department of Education to help increase compliance with Section 809 of the New York State Education Law, which requires instruction on the humane treatment and protection of animals, by issuing a memorandum to all New York City public schools that notifies them of the humane education mandate in Section 809, and by requiring that all elementary school principals direct their teachers to act in accordance with this requirement.

Int. No. 424

By Council Members Brewer, Gerson, James, Palma, Seabrook and Gentile.

A Local Law in relation to establishing separate units of appropriation for uniformed personnel overtime in the city budget.

Be it enacted by the Council as follows:

Section 1. Notwithstanding any provision of law to the contrary, and consistent with the authority of the council pursuant to section 107 and 254 of the charter, there shall be established in the fiscal year 2008 budget separate units of appropriation within each agency for uniformed personnel overtime, which shall correspond to each particular program, purpose, activity or responsibility within such agency.

§2. This local law shall take effect immediately.

Referred to the Committee on Finance.

Res. No. 498

Resolution calling upon Congress to increase funding to the Women, Infants and Children program and to continue the Commodity Supplemental Food Program.

By Council Members Brewer, Comrie, Dickens, Fidler, Gerson, Gonzalez, James, Liu, Mealy, Mendez, Nelson, Palma, Sanders, Seabrook, Sears, Mark-Viverito and Foster

Whereas, President Bush's proposed budget for Fiscal Year 2007 calls for insufficient funding to the Women, Infants, and Children ("WIC") program and elimination of the Commodity Supplemental Food Program ("CSFP"); and

Whereas, Since 1974, WIC has been helping low-income pregnant, postpartum and breastfeeding women, and infants and children up to age five who are at nutrition risk through grants to state agencies and local clinics that provide services such as food vouchers, education on nutrition and breastfeeding, and improved healthcare access; and

Whereas, Research has demonstrated that the WIC program has played a vital role in improving birth outcomes, diets, cognitive development and savings in health care costs; and

Whereas, According to the United States Department of Agriculture, WIC serves over eight million people nationally each month, approximately 75 percent of whom are children and infants; and

Whereas, In 2005, over 482,000 New York State residents participated in WIC; and

Whereas, The proposed budget cut, which would result in a $9 million funding loss for New York State in the next year alone, would impose a heavy financial burden on the State or result in the loss of nutrition benefits services for over 50,000 mothers, infants, and children; and

Whereas, CSFP offers free nutritious food to women, infants, children and seniors over 60 years of age, and costs the federal government less than $20 per participant per month; and

Whereas, The elimination of CSFP would have a serious negative impact on all participants, including 33,000 New York State residents, approximately two thirds of whom are seniors, and 420,000 low-income seniors nationwide; and

Whereas, Eradicating CSFP would cause thousands more senior citizens to apply for Food Stamps and women, infants and children to apply for WIC benefits, while both of these programs will be facing cuts under the proposed budget; and

Whereas, Because nearly one in three New York City children live in poverty, child nutrition programs such as WIC and CSFP are essential tools in guaranteeing that these at-risk children and their mothers receive the nutrition they need; and

Whereas, WIC and CSFP are cost-effective and sound investments that ensure the health of our most vulnerable citizens; now, therefore, be it

Resolved, That the Council of the City of New York calls upon Congress to increase funding to the Women, Infants and Children program and to continue the Commodity Supplemental Food Program.

Referred to the Committee on General Welfare.

Int. No. 425

By Council Members Dilan, Comrie, Nelson, Seabrook, Sears and Stewart (by request of the Mayor)

A Local Law to amend the administrative code of the city of New York, in relation to the electrical code.

Be it enacted by the Council as follows:

Section 1. The definition of RESPONSIBLE REPRESENTATIVE in section 27-3004 of the administrative code of the city of New York, as added by local law number 64 for the year 2001, is amended to read as follows:

RESPONSIBLE REPRESENTATIVE: A master electrician who has the authority to make final determinations and who has full responsibility on behalf of a master electrician business for the manner in which electrical work is done and for the selection, supervision and control of all employees of such business who perform such work. A partnership or corporation shall designate one master electrician who is a partner of such partnership or an officer of such corporation to be the responsible representative of such partnership or corporation. The proprietor of a sole proprietorship shall be the responsible representative of such sole proprietorship. A master electrician shall not be the responsible representative of more than one partnership or corporation and shall file for, supervise, direct and be responsible for only the work of such partnership or corporation. If the master electrician business is in the form of a sole proprietorship, only the master electrician who owns such business shall be the responsible representative of such business and shall file for, supervise, direct and be responsible for only his or her own work and the work of his or her employees. Notwithstanding the foregoing provisions, where the department has issued a violation notice for work performed by an unlicensed person or work performed without the required permit [and/or application for certificate of electrical inspection] and where such work is otherwise in compliance with the electrical code and the electrical code technical standards, a responsible representative may file an application for a permit [and/or certificate of electrical inspection] or take any other actions with respect to such work directed by the department to address the violation.

§2. Subdivision a of section 27-3009 of the administrative code of the city of New York, as amended by local law number 64 for the year 2001, is amended to read as follows:

a. For each calendar year, the commissioner shall appoint a board to review the character and fitness of applicants for a master electrician's or special electrician's licenses and the approval of master electrician businesses, *to advise the commissioner regarding allegations of illegal practices on the part of master and special electricians or master electrician businesses,* [and] to investigate and report on all proposed suspensions or revocations of licenses and approvals of master electrician businesses and all proposed penalties, *and to perform any other responsibilities as may be requested by the commissioner and as set forth in rules promulgated by the department. The commissioner* [and] may, for good cause shown, remove any member thereof and shall fill any vacancy therein, which board shall consist of:

1. Two officers or employees of the department.

2. Two licensed master electricians actively engaged in the trade.

3. A journeyman electrician.

4. An electrical inspector in the employ of an inspection agency certified by the commissioner.

5. An electrician in the employ of a public service corporation of the city.

6. A registered architect or licensed professional engineer of at least five years experience.

7. A real estate owner or manager.

§3. Subdivision d of section 27-3010 of the administrative code of the city of New York, as amended by local law number 64 for the year 2001, is amended to read as follows:

d. Every applicant shall submit to such investigation by the license board as may be proper to determine the applicant's character and fitness. *Every applicant shall commence the application process with the department within one year of passing the examination for licensure and shall furnish to the department a completed application within one year of submission of the first filing. Failure to provide all requested documents in a timely manner will constitute an incomplete application and may result in denial of the license.*

§4. Section 27-3013 of the administrative code of the city of New York, as amended by local law number 64 for the year 2001, is amended to read as follows:

§ 27-3013 Business establishments, master electricians and special electricians. a. Master electrician. Every master electrician business shall at all times have a place of business at a specified address in the city *at which the licensee may be contacted by the public and the department by mail, telephone or other modes of communication,* located in a business zone in conformity with the zoning regulations and kept open during the usual business hours unless other means acceptable to the commissioner is provided. At such place of business, [the master electrician's license of the responsible representative of such business and if the business is a partnership or corporation, the master electrician's license of any other master electrician associated with who does business on behalf of such partnership or corporation] *there* shall at all times be prominently displayed [together with] a permanent sign of a minimum size of one hundred fifty square inches, stating the name of such license holder, *the license number of such licensee,* and the words "licensed electrician" or "licensed electrical contractor" on a plate glass window and the name of the master electrician business if different than the name of the license holder; or an outside sign of permanent construction fastened and readily visible to pedestrians; or if such place of business be an office, commercial or industrial building, the names shall be indicated on the entrance door of the particular portion of the premises or on a bulletin board on the main floor.

1. The applicant for approval of a master electrician business under a license issued to a master electrician shall have filed with the commissioner, in such form as the commissioner may direct, proof that such applicant[,] carries all insurance required by law including, but not limited to, workers' compensation, disability and [adequate]- *one million dollars of general* liability insurance *listing the department as certificate holder,* and that the applicant business is financially responsible. *Each policy of insurance shall contain a provision for continuing liability notwithstanding any recovery under such policy.* The applicant shall indicate the name and license number of the master electrician who shall serve as the responsible representative of such business, and, if the business is a partnership or corporation, the names of all other master electricians associated with such business. Upon approval of such

application the commissioner shall issue an authorization number to the business. The authorization number shall be included on all applications for permits [and certificates of electrical inspection] and any other documents required to be filed with the department.

2. The office or other place where the master electrician business is to be conducted may be shared by one or more master electrician businesses. However, each business whether in the form of a sole proprietorship, partnership or corporation, shall distinguish its identity from any other business sharing the same office space. Such distinctions shall be maintained in a manner satisfactory to the department.

3. A master electrician business shall be principally engaged in the business of performing electrical work in or on buildings, premises or lots in the city.

4. In the case of a partnership or corporation, a master electrician's license may be separately held by more than one partner or officer as a representative of such partnership or corporation; however, only one master electrician shall be the responsible representative of such corporation or partnership. Under no circumstances shall any one licensee represent more than one business at any one time.

5. A master electrician representing a master electrician business shall, during the hours the business is engaged in the performance of electrical work, devote his or her full time to the operation of such business.

6. The holder of a master electrician's license shall be issued a seal, of a design *or form* authorized by the commissioner, bearing the holder's full name, license number, and the legend "licensed master electrician." Applications for permits [and certificates of electrical inspection,] and any other document [which] *that* the commissioner may require to be filed with the department, shall bear the stamp of the seal as well as the signature of the responsible representative of the master electrician business or, if the business is a partnership or corporation, such document may bear the stamp of the seal and the signature of a master electrician [associated with] *who files on behalf of* such business acting pursuant to a written delegation, filed with the department, from the responsible representative of such business. *For applications and other documents submitted electronically, the digital signature and imprint of the seal may be submitted in a manner authorized by the commissioner.* The responsible representative of a business may not delegate such authority to a master electrician who is not an officer of such corporation or a partner of such partnership. Such person shall personally sign applications for permits. [and certificates of electrical inspection.] The responsible representative of a business shall have the authority to make final determinations and shall have full responsibility for the manner in which the work is done, except that where work is done under a permit issued pursuant to an application bearing the signature and seal of a master electrician acting pursuant to a written delegation from the responsible representative of such business, both the responsible representative of such business and the master electrician who signed and affixed his or her seal to the application for such permit shall be jointly and severally responsible for the manner in which the work is done.

7. The holder of a master electrician's license shall report [promptly] in writing to the license board any change in the place of business *within thirty days of such change. If such change occurs prior to issuance of the license, an applicant shall report the change to the license board within fourteen days of the change.*

8. The approval of a master electrician business is valid only as long as the responsible representative identified on the application for approval of the master electrician business actively participates in the actual operation of the business. In the event a responsible representative leaves a master electrician business, both the representative and the business must notify the license board within [such time as shall be provided by rule] *thirty days of the change.* A corporation or partnership must notify the license board of the death of a responsible representative within thirty days after such death. Failure to do so shall be deemed sufficient cause for suspending or revoking the approval to do business of the master electrician business or the license of the master electrician. *The decedent licensee's legal representative may, with the commissioner's consent, retain the licensee's license and seal for the purpose of completing all unfinished work of such licensee for which plans have been approved and permits issued, provided that such work is performed by or under the direct supervision of a licensed electrician.* Except as otherwise provided by rule, a master electrician business whether in the form of a corporation, a partnership or a sole proprietorship, may continue to engage in the business of performing electrical work only so long as the responsible representative of such business identified on the application for approval of the master electrician business remains an officer of such corporation, a partner of such partnership or the proprietor of such sole proprietorship unless the department approves a change in the responsible representative as provided in this section. The commissioner may promulgate rules providing for the continuation of a master electrician business pending the approval of a new responsible representative. Except as otherwise provided in such rules, the revocation, suspension, voluntary surrender or non-renewal of the master electrician's license of the responsible representative of a master electrician business automatically revokes its approval to do business and cancels any delegation of authority given by such responsible representative to another master electrician associated with such business pending the approval by the department of a new responsible representative.

9. Except as otherwise provided by rule, a master electrician business shall not change its name, form or designate a new responsible representative without the prior approval of the license board. Approval of an application for a change is conditional upon the following: Filing the necessary forms, payment of the prescribed fee and full payment of all fees incurred with respect to such business prior to the date of the change. Except as otherwise provided by rule, a master electrician may not be approved as the responsible representative of a master electrician business if there are any outstanding fees due and owing to the department or outstanding violation notices attributable to him or her as responsible representative of another master electrician business.

10. A master electrician's license and a special electrician's license and seal shall not be held by any person at the same time.

11. The holder of a master electrician's license, upon entering employment as a special electrician, shall surrender his or her master electrician's license and seal and change over to a special electrician's license and seal to cover the building, buildings, or parts thereof, for which he or she will be employed.

12. All business vehicles, advertising, *websites* and stationery used in connection with electrical work required to be performed under a license issued to a master electrician shall display prominently in a manner provided by rule the words "N.Y.C. Licensed Electrician", the license number of the responsible representative of such business and of all other master electricians associated with such business, the authorization number of the master electrician business and the business address. If the business is conducted under a trade name, or is a partnership or corporation, the trade name, partnership, or corporate name shall be displayed prominently in a manner provided by rule.

13. Nothing in this chapter shall be construed to prevent two or more master electrician businesses from entering into a joint venture of limited duration for a particular project in accordance with the rules of the department. An application for a permit [or certificate for electrical work] involving a joint venture shall so indicate on the application and shall identify all of the master electrician businesses that are parties to such joint venture by name and authorization number and the names and license numbers of the responsible representatives of such businesses. The application shall be signed by the responsible representative of one of the parties to the joint venture on behalf of all such parties and all of such parties shall be jointly and severally liable for any fees due with respect to electrical work performed by such joint venture and for violations of this chapter and the rules of the department arising out of such work.

b. Special electrician's license.

1. A special electrician shall at all times have a place of business at a specified address in the city *at which the licensee may be contacted by the department by mail, telephone or other modes of communication,.* His or her license shall [at all times be prominently displayed at such a place of business, and shall] plainly indicate the address or addresses of the building, buildings or parts thereof for which such license is issued.

2. The commissioner may issue more than one special license for a building or buildings if, in the commissioner's judgment, he or she deems it necessary for the proper operation and maintenance of the electric wiring and equipment of the building or buildings involved.

3. The holder of a special electrician's license shall report *in writing* any change in employment to the license board *within thirty days of the change. If such change occurs prior to issuance of the license, an applicant shall report the change to the license board within fourteen days of the change.*

4. The holder of a special electrician's license shall be issued a seal, of a design *and form* authorized by the commissioner, bearing the holder's full name, license number, and the legend "licensed special electrician." Applications for permits [and certificates of electrical inspection,] and any other document [which] *that* the commissioner may require to be filed with the department, shall bear the stamp of the seal as well as the signature of a person holding such license. Such person shall personally sign applications for permits [and certificates of electrical inspection] and shall have the authority to make final determinations and full responsibility for the manner in which the work is done. *For applications and other documents submitted electronically, the digital signature and imprint of the seal may be submitted in a manner authorized by the commissioner.*

§5. Subdivisions b and e of section 27-3014 of the administrative code of the city of New York, as amended by local law number 64 for the year 2001, are amended to read as follows and section 27-3014 is amended by adding a new section f to read as follows:

b. No license [or seal] shall be transferable. *The seal is the property of the department and is not transferable by the licensee.*

e. Each license and seal shall be issued for [the calendar] *one* year [during which they are issued] and the full fee shall be payable irrespective of the date of issue.

f. Not more than one license and/or seal shall be issued to an individual and no individual shall make or cause to be made a duplicate of such license or seal.

§6. Subdivision a of section 27-3015 of the administrative code of the city of New York, as amended by local law number 81 for the year 2003, is amended to read as follows:

a. Any license and seal issued hereunder *shall expire one year from the year of issuance on the licensee's date of birth for that year irrespective of the date of issue. Such license* may be renewed *every year thereafter* without examination, provided application for such renewal, accompanied by the renewal fees prescribed above and such information as may be required by the commissioner to ensure compliance with section 27-3016 of this chapter[,] *and evidence of insurance coverage in compliance with section 27-3013 of this chapter,* shall have been filed prior to the expiration of the existing license. Where an applicant can show good and sufficient cause for his or her inability to renew his or her license and seal before its expiration, the commissioner may, within [thirty] *ninety* days after the expiration of such license, permit the issuance, without examination, of a new license and seal upon payment of the prescribed fees for such new license and seal within said [thirty] *ninety* days. No license shall be renewed and no new license and seal shall be issued unless all outstanding fees required by section 27-3018 of this code have been paid. *Renewal shall also be subject to the licensee's good moral character. As provided in*

department rule, the licensee's failure to clear open violations in a timely manner may result in the refusal to renew a license until the violations are resolved. The commissioner may promulgate rules requiring applicants for the renewal of master or special electrician's licenses to submit proof, in such form as he or she shall determine, that, in each year of the license term, such applicant completed at least ten hours of continuing education courses approved by the department. Such proof shall be submitted not less than two months prior to the expiration of the license term.

§7. Paragraph (1) of subdivision a and subdivision b of section 27-3016 of the administrative code of the city of New York, as amended by local law number 64 for the year 2001, are amended to read as follows:

a. 1. After notice and the opportunity for a hearing in accordance with the rules of the department, master electrician's or special electrician's licenses and/or approvals of master electrician businesses may be suspended or revoked by the commissioner or the commissioner may impose penalties, which shall not exceed [one] *five* thousand dollars for each violation, for violation of *this chapter or of* any of the rules of the department and, among other things, for any of the following causes:

(i) [Failure to display license certificate at the established place of business.

(ii)] Failure to file an application for a permit or inspection.

[(iii)] *(ii)* Failure, upon receipt of a notice of violation, to take the action called for in such notice.

[(iv)] *(iii)* Performance of electrical work in a manner contrary to the requirements of the electrical code or the electrical code technical standards.

[(v)] *(iv)* Contract work by holders of special electrician's licenses.

[(vi)] *(v)* Fraudulent dealing or misrepresentation.

[(vii)] *(vi)* Subject to applicable provisions of the correction law, conviction of a crime by a court of competent jurisdiction.

[(viii)] *(vii)* False statement in an application for a license or the renewal of a license or in an application for approval of a master electrician business or other application or certification required by this code or the rules of the commissioner, or in any proof or instrument in writing in connection therewith.

[(ix)] *(viii)* Failure to pay outstanding fees owed pursuant to section 27-3018 of this chapter.

b. In the event the holder of a master electrician's license is no longer engaged in a master electrician business or a special electrician is engaged during normal working hours in a business activity [which] *that* does not involve the installation, alteration, or repair of electrical wiring for light, heat or power, then he or she shall so notify the department and submit his or her license and seal for voluntary surrender with the provision that[,] (i) such license and seal will be restored without fee or examination if such application is made prior to the date on which it would have otherwise expired, or (ii) if application is made after such date a new license and seal will be issued, without written re-examination, after the submission of satisfactory evidence that the applicant has been engaged in the electrical field during the period of surrender; provided that at the time of the submission of the license for voluntary surrender:

1. All outstanding fees required by section 27-3018 of this chapter are paid, and

2. There are no outstanding violation notices for electrical work performed under such license, and

3. Open applications [for certificates of electrical inspection] filed under such license have been scheduled for inspection in accordance with department procedures, re-filed by another licensee or have been withdrawn.

§8. Subdivision b of section 27-3017 of the administrative code of the city of New York, as amended by local law number 64 for the year 2001, is amended to read as follows:

b. False statement. No person shall, with intent to defraud or deceive, knowingly make a false statement, or cause or procure to be made or aid and assist in the making of a false statement in an application for a master electrician's or special electrician's license or for certification as a low voltage installer or in an application for approval of a master electrician business or the renewal of a license or certificate or in an application for a permit [or certificate of electrical inspection] and approval or in any application provided for in this chapter, or in any proof or instrument in writing in connection therewith, or in any examination hereunder, deceive or substitute or cause another to deceive or substitute.

§9. The administrative code of the city of New York shall be amended by adding a new section 27-3017.1 to read as follows:

§ 27-3017.1 Cooperation required- a. Any person, including any corporation, partnership, business or other entity, issued a license by the department shall, pursuant to a request or order of the commissioner or any city agency or office, cooperate fully and completely with respect to any department or city agency or office investigation. Evidence of cooperation shall include, but is not limited to, appearing before the department or other city agency or office, answering questions completely and accurately, and providing any and all requested documents. Failure to comply with such request or order may subject such person to disciplinary measures authorized by law, including but not limited to suspension or revocation of the license.

b. Service of request or order. Such request or order by the commissioner or other city agency or office shall be mailed by regular mail to the person named therein to his or her last known business address or home address at least ten days before such appearance and shall contain the name of the person, the date, time and place of such appearance and, if known or applicable, a description of any requested documents. If the appearance or information is required immediately, the request or order may be transmitted via facsimile or delivered to the person's last known business or home address prior to the date and time specified therein.

§10. Section 27-3018 of the administrative code of the city of New York, as amended by local law number 81 for the year 2003, is amended to read as follows:

§ 27-3018 Inspection; application for permit [and inspection certificate,] *and* application fees [,and certificate of inspection]. - a. The commissioner or any officer or employee of the department authorized thereto by the commissioner, or any other person designated by the commissioner pursuant to section 27-3005 of this code, may enter or go upon any premises in or upon which there are any wiring or appliances for electric light, heat or power to make an inspection of the same. Any person who willfully refuses to permit such entry or inspection, shall be guilty of a violation of this subdivision, and upon conviction thereof, shall be punished by a fine of not more than fifty dollars, imprisonment for a period not exceeding thirty days, or both.

b. Before commencing any electrical work, other than low voltage electrical work, a master electrician business or special electrician shall file with the commissioner an application for a *work* permit *to be issued by the department* [and, if applicable, certificate of electrical inspection for such work on a form prescribed by the commissioner]. No such work shall be performed until the commissioner has reviewed and approved such application and issued an appropriate permit for such work. The permit shall be conspicuously posted at the work site at all times while the work is in progress. Each permit shall be issued with an expiration date *of three years.* [to be determined in accordance with the rules of the department, but not less than one year after the date of issuance. An expired permit may be renewed in accordance with the rules of the department upon payment of a renewal fee as set forth in such rules.]

c. The fee for a permit for minor electrical work as described in subdivision h of this section shall be fifteen dollars, payable upon filing of the application.

d. 1. The fee for electrical work requiring a *permit* [certificate of electrical inspection or other authorization shall be computed in accordance with paragraph two of this subdivision and] shall be payable as follows: forty dollars upon filing of the application for such work and the balance of the total fee[, prior to the issuance of a certificate of electrical inspection or other authorization or as otherwise provided by rule] *upon an electrical sign-off from the department.*

2. The fee for electrical work requiring a [certificate of electrical inspection or other authorization] *work permit by the department* shall be computed as follows but shall not exceed five thousand dollars:

(i) Each outlet, each fixture, each horsepower or fraction thereof of a motor or generator, each kilowatt or fraction thereof of a heater, each horsepower or fraction thereof of an air conditioner, each kilovolt-ampere or fraction thereof of a transformer installed, altered or repaired shall be assigned the value of one unit. In computing the aforementioned fee, the sum of the units will determine the charges as set forth herein below:

Sum of units Fee	
1-10	$ 0.00
Over 10.....	0.25 per unit
(ii) For each service switch installed, altered or repaired:	
0-100 Amperes.....	$ 8.00
101-200 Amperes.....	$ 30.00
201-600 Amperes.....	$ 105.00
601-1200 Amperes.....	$ 225.00
Over 1200 Amperes.....	$ 375.00
(iii) For each set of service entrance cables and for each set of feeder conductors installed, altered or repaired:	
Up to #2 Conductors.....	$ 15.00
Over #2 to #1/0 Conductors.....	$ 30.00
Over #1/0 to 250 MCM.....	$ 45.00
Over 250 MCM.....	$ 75.00
(iv) For each panel installed, altered or repaired:	
1 Phase up to 20-1 or 10-2 pole cutouts or breakers.....	$ 15.00
1 Phase over 20-1 or 10-2 pole cutouts or breakers.....	$ 37.50
3 Phase up to 225 amperes.....	$ 50.00
3 Phase over 225 amperes.....	$ 75.00
(v) (a) For each sign manufactured (in-shop inspections) .	$ 40.00
(b) For each sign manufactured (on-site inspections):	
0 to 30 square feet.....	$ 65.00
31 to 60 square feet.....	$ 90.00
Over 60 square feet.....	$ 115.00
(vi) For each elevator:	
10 floors or less.....	$ 125.00
Each additional ten or fewer floors.....	$ 83.00
(vii) For wiring or rewiring boiler controls in buildings:..	$ 12.00

3. If, after inspection, such wiring or appliances shall be found to have been installed, altered or repaired in conformity with the requirements of this chapter, the electrical code, the electrical code technical standards and the rules of the department, and the required fees paid, the commissioner shall issue to the applicant a [certificate of electrical inspection] *sign-off of the approved work completed.* The provisions of this subdivision shall not apply to work performed pursuant to a permit for minor electrical work as defined in subdivision h of this section.

e. Whenever a master electrician business or special electrician files an application for a permit [or certificate of electrical inspection] covering electrical

work installed by an unlicensed or unauthorized person, it shall be his or her duty to specify such fact upon the application.

f. The commissioner shall be entitled to charge the following special fees:

1. For an application with respect to electrical work made after a violation was issued for failure to file an application for a permit [or a certificate of electrical inspection] for such work — up to ten times the total fee [which] *that* would otherwise be payable as set forth in subdivisions c and d of this section.

2. Duplicate copy of notice of violation — $5.

[3. Duplicate copy of certificate of electrical inspection -- $7.50

4. Letter in lieu of certificate of electrical inspection -- $20.00]

g. No application or fees shall be required for electrical work relating to the construction and maintenance of city street lights and city traffic lights owned, operated or controlled by the city government or any agency thereof.

h. 1. For purposes of this section a permit for minor electrical work may be issued

for any of the following:

(i) replacement of defective circuit breakers or switches rated thirty amperes or less, excluding main service disconnects;

(ii) replacement of parts in electrical panels where voltage does not exceed one hundred fifty volts to ground;

(iii) replacement of minor elevator parts as defined by rule;

(iv) replacement of defective controls rated at thirty amperes or less;

(v) repair of defective fixtures;

(vi) replacement of fixtures in existing outlets, provided the number of such fixtures does not exceed five and does not increase existing wattage;

(vii) replacement, repair, disconnection or reconnection of motors not to exceed one horsepower, and associated devices;

(viii) repairs to low pressure heating plants with a capacity of less than fifteen pounds per square inch, except as may otherwise be required by rule of the commissioner.

(i) installation of any ten or fewer units not requiring the installation of an additional branch circuit;

(j) installation of motors of fractional horsepower;

(k) installation of transformers rated at one thousand volt amperes or less.

2. Notwithstanding any other provision of this chapter, [a certificate of electrical inspection or other authorization] *an electrical sign-off by the department* shall not be required for electrical work performed pursuant to a permit for minor electrical work.

3. Notwithstanding any other provision of this chapter, the commissioner may promulgate a rule providing that minor electrical work may be performed without a permit or the payment of a fee under the conditions to be prescribed in such rule.

i. The department shall not issue a permit or, if applicable, [a certificate of electrical inspection or other authorization] *an electrical sign-off* pursuant to an application [which] *that* involves the energizing of a meter in a one-, two-, three-, or four-family residence, if the department finds that such action will cause the total number of meters for the building to exceed the number of dwelling units specified for such building in the certificate of occupancy, or if there is no certificate of occupancy, as determined by the department, except as permitted herein. A building specified as a one-family residence in the certificate of occupancy or, if there is no certificate of occupancy, as determined by the department, may have only one electric meter. A building in which two or more dwelling units have been constructed in accordance with the certificate of occupancy, or if there is no certificate of occupancy, as determined by the department, may have one meter for each dwelling unit and one additional meter for the common areas of the building, provided that smoke detecting devices are installed in all common areas in accordance with departmental requirements. Such common areas may include boiler rooms, shared hallway lighting, shared stairway lighting, and outdoor perimeter lighting but shall not include any habitable space. In the event that a meter has been found to have been installed or to exist in violation of this section, the [department's bureau of electrical control] *department* may take action leading to the disconnecting of such meter in accordance with the notice requirements set forth in section 27-3020 of this code.

j. Any application for a permit [and, if applicable, certificate of electrical inspection] filed with the department in relation to a request for the authorization to power or energize electrical wiring or appliances or in relation to work [which] *that* will result in the issuance of a new or amended certificate of occupancy must include [from the building owner or his/her authorized representative, a signed authorization as prescribed by the department, permitting such work to be performed] *a statement, signed and sealed by the electrician, that the building owner or his or her authorized representative has authorized in writing the work to be performed. This signed authorization must be available upon request by the department.* In addition, any electrical application filed with the department involving the energizing of a meter, must include, as well, a statement, *signed and sealed by the electrician, that the building owner or his or her authorized representative has indicated in writing* [from the owner or his/her authorized representative indicating] the intended use or purpose of such meter and *has affirmed* [affirming] that such meter will be maintained in compliance with the provisions of this section. *This statement must be available upon request by the department.* Any individual who knowingly misrepresents the use of a meter or allows a meter to be used in violation of the provisions of this section shall be guilty of a misdemeanor punishable by a fine of not less than one thousand dollars nor more than five thousand dollars, or imprisonment of not more than six months or both such fine and imprisonment. Such person shall also be liable for a civil penalty of not more than five thousand dollars which may be recovered by the corporation counsel in an action or proceeding in any court of competent jurisdiction.

k. Any authorization to power or energize electrical wiring or appliances issued by the department shall expire ninety days after the date of issuance unless a [certificate of electrical inspection] *sign-off* has been issued by the department or an extension of such authorization has been granted by the department. In the event no such [certificate of electrical inspection] *sign-off* has been issued or extension authorization granted, the department may take action leading to the disconnecting of such meter(s) in accordance with the notice requirements set forth in section 27-3020 of this code.

l. An application for a work permit may be amended by filing with the department a post-approval amendment in a form prescribed by rule of the department.

§11. Section 27-3019 of the administrative code of the city of New York, as amended by local law number 64 for the year 2001, is amended to read as follows:

§ 27-3019 Modification, suspension or revocation [of certificate of inspection], *electrical sign-off,* permit or other authorization. - The commissioner may at any time by an order in writing for good cause shown, modify, suspend or revoke any [certificate of electrical inspection,] *sign-off,* permit or other authorization issued pursuant to this chapter, but no such order shall be effective unless the same shall state specifically the reason therefor. A copy of any such order shall be served in the manner provided in this subchapter, within five days after its date, upon any person, partnership or corporation affected thereby, who has not applied to the commissioner for such modification, suspension or revocation. No person other than the commissioner or an officer or employee of the department, duly authorized thereto by the commissioner, shall alter or amend any [certificate of electrical inspection,] *sign-off,* permit or other authorization issued pursuant to this chapter or the rules of the department.

§12. Subdivision a of section 27-3020 of the administrative code of the city of New York, as amended by local law number 64 for the year 2001, is amended to read as follows:

a. Except as otherwise provided in this code, no person, partnership or corporation shall supply, or cause to be supplied or used, electrical energy for light, heat or power, signaling, alarm or data transmission to any wiring or appliance in any building unless a [certificate of electrical inspection] *sign-off* or other authorization as set forth in the rules of the department authorizing the use of said wiring or appliance shall have been issued by the commissioner.

§13. Section 27-3021.1 of the administrative code of the city of New York, as renumbered and amended by local law 64 for the year 2001, is amended to read as follows:

§ 27-3021.1 Electric meter installation; restriction. No public utility shall supply electricity to a one, two, three or four family residence building, nor shall such utility energize more electrical meters in a building than the number of distinct and separate residences in such building as authorized in the certificate of occupancy applicable thereto, or if there is no certificate of occupancy, as determined by the department, without first receiving a *sign-off* [certificate of electrical inspection or other authorization] from the *department.* [department's bureau of electrical control.] In the event that an owner of a one, two, three or four family building wants to install an additional electrical meter other than provided for herein, approval shall be obtained in writing from the [bureau of electrical control in the] department [of buildings]. A public utility shall not install such additional electrical meter without such approval. A building in which two or more dwelling units have been constructed in accordance with the certificate of occupancy, or if there is no certificate of occupancy, as determined by the department, may have one meter for each dwelling unit and one additional meter for the common areas of the building, provided that smoke detecting devices are installed in all common areas in accordance with departmental requirements. Such common areas may include boiler rooms, shared hallway lighting, shared stairway lighting, and outdoor perimeter lighting but shall not include any habitable space. In the event that a meter has been found to have been installed or to exist in violation of this section, the utility must report such findings to the *department,* [bureau of electrical control,] which may take action leading to the disconnecting of such meter in accordance with the notice requirements set forth in section 27-3020 of this code.

§14. Section 27-3024 of the administrative code of the city of New York, as amended by local law number 81 for the year 2003, is amended to read as follows:

§ 27-3024. Adoption of the electrical code technical standards. a. The city of New York hereby adopts the [2002] *2005* edition of the National Fire Protection Association NFPA 70 National Electrical Code as the minimum requirements for the design, installation, alteration or repair of electric wires and wiring apparatus and other appliances used or to be used for the transmission of electricity for electric light, heat, power, signaling, communication, alarm and data transmission in the city subject to the amendments adopted by local law and set forth in section 27-3025 of this subchapter, which shall be known and cited as " the New York city amendments to the [2002] 2005 National Electrical Code". Such [2002] *2005* edition of the National Fire Protection Association NFPA 70 National Electrical Code with such New York city amendments shall together be known and cited as the "electrical code technical standards". The commissioner shall make a copy of the electrical code technical standards available for public inspection at the department of buildings.

b. No later than [September thirtieth, two thousand three and on or before] August thirty-first, *two thousand nine and on or before such date* in every third year thereafter, the commissioner shall submit to the city council proposed amendments that he or she determines should be made to the electrical code technical standards to bring them up to date with the latest edition of the National Fire Protection

Association NFPA 70 National Electrical Code or otherwise modify the provisions thereof. [The city council shall act upon such proposal within ninety days.] In addition, prior to the submission of such proposal to the city council, such proposal shall be submitted to an advisory committee established by the commissioner pursuant to this chapter for review and comment.

§15. Section 27-3025 of the administrative code of the city of New York is REPEALED and a new section 27-3025 is added to read as follows:

§ 27-3025 The New York city amendments to the 2005 National Electrical Code. The following New York City amendments to the 2005 National Electrical Code are hereby adopted as set forth in this section. In the event of conflicts between technical provisions, the more restrictive shall apply:

2005 NEC New York City Amendment

ARTICLE 100
Definitions

Add a new definition for "Electric Closet", in front of "Electric Sign", to read as follows:

Electric Closet. *A room containing substantial electrical distribution equipment such as vertical risers, bus ducts, transformers or panelboards.*

ARTICLE 110
Requirements for Electrical Installations

SECTION 110.2
Section 110.2 - Revise to read as follows:

110.2 Approval of Electrical Materials, Equipment and Installations.

(A) Listed and Approved Materials and Equipment. *All electrical equipment, apparatus, materials, devices, appliances or wiring thereto installed or used in any electrical construction or installation regulated by the terms of this Code, shall be designed and constructed so as to be safe and suitable for the purpose intended.*

(1) All electrical equipment, apparatus, materials, devices, appliances and wiring used in New York City shall be acceptable to the Commissioner of Buildings, with submittals required in accordance with rules of the Department of Buildings.

(2) The maker's name, trademark or other identification, symbol and number shall be placed on fittings, equipment and materials. Other markings shall be provided, giving voltage, current, wattage or other appropriate ratings as are prescribed elsewhere in this Code.

(B) Installations. *All electrical installations regulated by the terms of this Code shall be designed and constructed so as to be safe and suitable for the purpose intended.*

No electrical installations as described in (1) through (5) below shall be constructed unless a submittal for approval has been made to the Commissioner of Buildings and approval has been granted. For the purpose of this section an electrical "installation" shall refer to the installation of service equipment, transformers, UPS systems, generators, generator paralleling equipment or other sources.

(1) A new installation of new equipment totaling 1000 kVA or larger.

(2) Any change in an installation with a rating of 1000 kVA or larger, up to and including 2nd level overcurrent protection unless it was fully described and approved as "future" on the original approved plan.

(3) Any addition to an existing installation, which would bring the total to 1000 kVA or larger.

(4) The addition of any equipment in a room, which would affect clearances around the equipment of a 1000 kVA installation.

(5) A new installation or revised installation above 600V irrespective of kVA rating.

Exception No. 1: No submittal is required solely for Fire Alarm service taps.

Exception No. 2: No submittal is required for the addition of one 2nd level overcurrent protection device 200 amperes or less.

(C) Capacity.

(1) The capacity of a utility service, in kVA, shall be determined by summing the maximum ampere ratings of each service disconnecting means and calculating total kVA at the operating voltage. Service disconnecting means supplying fire pumps shall be included at 125% of the fire pump full load amps. The calculation shall include all new and existing service disconnecting means supplied from the common service entrance.

(2) The capacity of a transformer, UPS system, generator or other source shall be its maximum KVA output rating.

FPN: See 90.7, Examination of Equipment for Safety, and 110.3, Examination, Identification, Installation, and Use of Equipment. See definitions of Approved, Identified, Labeled, and Listed.

SECTION 110.4
Section 110.4 - Add a FPN at the end of the section to read as follows:

FPN: See Section 27-3004 of the Administrative Code for the definitions of Low Voltage Electrical Work and Low Voltage Installer, and Section 27-3016.1 for the certification requirements of a Low Voltage Installer.

SECTION 110.8
Section 110.8 - Add a new sentence at the end of the section to read as follows:

Refer to the New York City Amendments to the 2005 National Electrical Code.

SECTION 110.25
Section 110.25 - Add a new section 110.25 to read as follows:

110.25 Electric Closets. *Electric closets shall be dedicated to electrical distribution equipment. Electric closets shall be identified as such, shall be sized to provide the applicable working space requirements, and shall not be used for any other purpose including storage.*

SECTION 110.26
Subsection 110.26(G) - Add a new subsection 110.26(G) to read as follows:

(G) Network Compartments. *All network compartments shall have at least two means of access. Each door shall access an area that leads to a legal exit.*

SECTION 110.31
Section 110.31 - Revise the second sentence of the second paragraph to read as follows:

A fence shall not be less than 2.44m (8 ft) in height.

Subsection 110.31(A) - Revise the second sentence of the subsection by replacing "102 mm (4 in.)" with "150 mm (6 in.)."

SECTION 110.33
Subsection 110.33(A) - Revise the first sentence of the subsection to read as follows:

At least one entrance not less than 762 mm (30 in.) wide and 2 m (6½ ft) high shall be provided to give access to the working space around the electrical equipment.

SECTION 110.34
Subsection 110.34(A) - Revise the last sentence of the Exception to read as follows:

Where rear access is required to work on de-energized parts on the back of enclosed equipment, a minimum working space of 900 mm (36 in.) horizontally shall be provided.

ARTICLE 210
Branch Circuits

SECTION 210.11
Subsection 210.11(C)(4) - Add a new subsection 210.11(C)(4) to read as follows:

(4) Air-Conditioning Branch Circuit. *In addition to the number of branch circuits required by other parts of this section, an individual branch circuit shall be provided for each air-conditioning receptacle required by 210.52(I).*

SECTION 210.12
Subsection 210.12(B) - Delete "until January 1, 2008" in the second paragraph.

SECTION 210.18
Section 210.18 – Revise to read as follows:

210.18 Guest Rooms, Guest Suites, Studio Apartments, Single Room Occupancies and Dormitories.

(A) Guest Rooms and Guest Suites. *Guest rooms and guest suites that are provided with permanent provisions for cooking shall have branch circuits and outlets installed to meet the rules for dwelling units.*

(B) Studio Apartments, Single Room Occupancies and Dormitories. *Sleeping areas of studio apartments, single room occupancies and dormitories shall have branch circuits and outlets installed to meet the rules for dwelling units.*

SECTION 210.19
Subsection 210.19(A)(1) - Add a new sentence at end of the paragraph before the exception to read as follows, and delete FPN No. 4:

Conductors of branch circuits shall be sized to allow for a maximum voltage drop of 3% at the last outlet supplying light, heat or power and the maximum voltage drop allowable for feeders and branch circuit combined shall not exceed 5%.

Subsection 210.19(A)(4) - Revise by changing the number at the end of the first sentence from " 14 AWG " to " 12 AWG ".

SECTION 210.24
Table 210.24 - Revise table by changing the numbers within the Circuit Rating section from
"14" to "12."

SECTION 210.52
Subsection 210.52(E)(1) - Add a new subsection 210.52(E)(1) to read as follows:

(1) Balconies, Decks and Porches. *Balconies, decks and porches that are directly accessible from inside the dwelling shall have at least one receptacle outlet installed at the balcony, deck or porch.*

Subsection 210.52(I) - Add a new subsection 210.52(I) to read as follows:

(I) Outlet Requirements For Residential-Type Occupancies. *In addition to the requirements set forth in subsections (A) through (H) of this section, living rooms, bedrooms, and dining rooms shall have at least one receptacle outlet installed for air conditioners. Such outlets shall be supplied by an individual branch circuit.*

Exception: Buildings with central air conditioning systems that serve any of the above areas shall not require separate outlets in those areas.

ARTICLE 215
Feeders

SECTION 215.2
Subsection 215.2(A)(1) - Add two new sentences at the end of the first paragraph, before the Exception, to read as follows:

Feeder conductors shall be sized so that the maximum voltage drop at the last overcurrent device does not exceed 3% and the total maximum voltage drop of feeder and branch circuit conductors to the last outlet does not exceed 5%. The minimum feeder size to any dwelling unit shall not be smaller than three 8 AWG copper or 6 AWG aluminum or copper-clad aluminum conductors.

- Number the existing Exception as Exception No. 1, and add two new Exceptions No. 2 & No.3 and a FPN, to read as follows:

Exception No.2: For residential occupancies and portions of the electrical system of mixed use buildings serving exclusively residential occupancies, the maximum voltage drop from the service point to the last overcurrent device shall not exceed 4% and the total maximum voltage drop to the last outlet shall not exceed 5%.

Exception No.3: Where the distance between the utility service point and the service disconnecting means exceeds 15.2 m (50 ft), the voltage drop between the service point and the service disconnecting means may be calculated utilizing the service capacity limits defined by the utility company in lieu of the computed load. The distance between the service point and the service disconnecting means, the computed load and a letter on utility company letterhead indicating service limits shall be submitted for approval.

FPN: When using Exception No.3, potential future increases in the utility service capacity limits should be considered to avoid exceeding voltage drop limits at a later date.

Subsection 215.2(A)(3) - Delete the fine print note (FPN) No. 2.

- Renumber FPN No.3 as FPN No.2, and revise to read as follows:

FPN No. 2: See amended 210.19(A) for voltage drop on branch circuits.

SECTION 215.5
Section 215.5 - Revise the first sentence to read as follows:

A diagram showing feeder details shall be provided prior to the installation of the feeders.

ARTICLE 220
Branch-Circuit, Feeder, and Service Calculations

SECTION 220.14
Subsection 220.14(M) - Add a new subsection 220.14(M) to read as follows:

(M) Air Conditioning Circuits – Dwelling Unit. *A load not less than 1500 Volt-Amperes shall be included for each air conditioning outlet required by 210.52(I), if nameplate data is not available.*

SECTION 220.87
Section 220.87 - Revise title to read as follows:

Optional Calculations for Determining Existing Loads.

- Delete "or service" from the first sentence.
Subsection 220.87(1) - Delete "or service" from the Exception.

Subsection 220.87(2) - Revise to read as follows:

(2) The maximum demand at 125 percent plus the new load does not exceed the ampacity of the feeder.

Subsection 220.87(3) - Revise to read as follows:

(3) The feeder has overcurrent protection in accordance with 240.4.

Subsection 220.87(4) – Add a new subsection 220.87(4) to read as follows:

(4) This section may not be used to determine service loads except by special permission.

ARTICLE 225
Outside Branch Circuits and Feeders

SECTION 225.10
Section 225.10 - Revise to read as follows:

225.10 Wiring on Buildings. *The installation of outside wiring on surfaces of buildings shall be permitted for circuits not over 600 volts, nominal, as type MI cable, as messenger supported wiring, in rigid metal conduit, intermediate metal conduit and liquidtight flexible metal conduit where flexibility is needed. Circuits over 600 volts, nominal, shall be installed as provided in 300.37.*

SECTION 225.11
Section 225.11 – Revise the first sentence to read as follows:

Where outside branch and feeder circuits leave or enter a building, the requirements of 230.54 shall apply.

SECTION 225.21
Section 225.21 - Delete in its entirety.

ARTICLE 230
Services

SECTION 230.7
Section 230.7 - Delete Exception No. 2.

SECTION 230.23
Subsection 230.23(B) - Revise the exception to read as follows:

Exception: By Special Permission.

SECTION 230.30
Section 230.30 - Delete the Exception.

SECTION 230.31
Subsection 230.31(B) - Revise to read as follows:

(B) Minimum Size. *The conductors shall not be smaller than 4 AWG copper or 2 AWG aluminum or copper-clad aluminum.*

Exception: Conductors supplying only limited loads of a single branch circuit — such as small polyphase power, controlled water heaters, and similar loads — shall not be smaller than 10 AWG copper or 8 AWG aluminum or copper-clad aluminum.

SECTION 230.40
Section 230.40 - Delete Exception No. 3.

SECTION 230.41
Section 230.41 - Delete the Exception.

SECTION 230.42
Subsection 230.42(A) - Revise to read as follows:

General. *The ampacity of the service-entrance conductors before the application of any adjustment or correction factors shall not be less than (A)(1) or (A)(2) below. Loads shall be determined in accordance with Article 220. Ampacity shall be determined from 310.15 for respective conductor types at 75°C. When service-entrance conductors consist of bus bars contained in either service busway or other service equipment, bus sizing shall conform to the following table:*

Table 230.42 Service Equipment Bus Bar Ampere Density

	Maximum Current Per Square Inch in Amperes			
Current Rating	Ventilated Housing		Unventilated Housing	
of Bus	Copper Bar	Aluminum Bar	Copper Bar	Aluminum Bar
Up to 1200 Amp	1000	750	800	600
1201 to 2000 Amp	800	600	700	525
2001 Amp and greater	700	525	500	375

(1) Ampacity of the service-entrance conductors for service below 1000 kVA shall not be less than either a or b:

(a) The sum of the noncontinuous loads plus 125 percent of the continuous loads.

(b) The sum of the noncontinuous loads plus the continuous loads if the service-entrance conductors terminate in an overcurrent device where both the overcurrent device and its assembly are listed for operation at 100 percent of their rating.

(2) Ampacity of the service-entrance conductors for services 1000 kVA and largershall not be less than the sum of the maximum ampere ratings of the service disconnecting means. When including fire pump disconnects in the calculation, 125 percent of the fire pump full load amperes shall be added.

Exception: The ampacity of service-entrance conductors need not exceed the maximum demand capacity of the service. A maximum demand of 4000 amperes is assumed unless documentation stating otherwise is provided by the service utility.

FPN: See New York City Electrical Code Amendment 110.2(C)(1) for determining service capacity.

SECTION 230.43
Section 230.43 - Revise to read as follows:

230.43 Wiring Methods for 600 Volts, Nominal, or Less. Service-entrance conductors shall be installed in accordance with the applicable requirements of this Code covering the type of wiring method used and shall be limited to the following methods:

(1) Type IGS cable.
(2) Rigid metal conduit.
(3) Intermediate metal conduit.
(4) Electrical metallic tubing.
(5) Metallic wireways.
(6) Busways.
(7) Metallic auxiliary gutters.
(8) Mineral-insulated, metal-sheathed cable.
(9) Flexible metal conduit not over 1.83 m (6 ft) long or liquidtight flexible metal conduit not over 1.83 m (6 ft) long between raceways, or between raceway and service equipment, with equipment bonding jumper routed with the flexible metal conduit or the liquidtight flexible metal conduit according to the provisions of Section 250.102(A), (B), (C), and (E).

Service entrance conductors shall not be run within the hollow spaces of frame buildings.

SECTION 230.44
Section 230.44 - Delete section in its entirety.

SECTION 230.46
Section 230.46 - Revise to read as follows:

230.46 Unspliced Conductors. *Service-entrance conductors shall not be spliced before terminating at the service disconnecting means, except for the following terminations that are permitted:*

(1) in a service end line box.
(2) taps supplying two to six service disconnecting means when grouped.
(3) approved terminals in meter enclosures.
(4) service-entrance conductors in the form of busway, shall be connected as required in order to assemble the various fittings and sections.

SECTION 230.49
Section 230.49 - Revise to read as follows:

230.49 Protection Against Physical Damage. *Service-entrance conductors shall be protected against physical damage.*

(A) Underground Service Entrance Conductors. *Underground service entrance conductors shall enter the building in a listed and approved raceway. The raceway shall have an inside diameter of not less than 38 mm (1½ in.) or its equivalent area. Burial depths shall be in accordance with Section 300.5.*

(B) Overhead Service Entrance Conductors. *Overhead service entrance conductors shall enter buildings in threaded rigid conduit and threaded fittings.*

(C) Interior Service Entrance Conductors. *The mechanical protection shall enter a terminal box or service disconnecting means enclosure, or be made up directly to an equivalent approved device, enclosing all metal parts.*

Exception No. 1: Metallic auxiliary gutters may contain up to 40 service entrance conductors without applying derating factors.

Exception No. 2: In existing installations, if a service disconnecting means is installed on a switchboard, which has exposed bus-bars on the back, the raceway may terminate at the rear panel of the switchboard. Insulated bushings shall be used unless lead-covered conductors are used.

SECTION 230.50
Subsection 230.50(A)(3) - Delete the subsection in its entirety.

Subsection 230.50(A)(4) - Delete the subsection in its entirety.

SECTION 230.52
Section 230.52 - Delete the section in its entirety.

SECTION 230.54
Section 230.54 - Revise to read as follows:
230.54 Overhead Service Locations.

(A) Raintight Service Head. *Service raceways shall be equipped with a raintight service head at the point of connection to service-drop conductors.*

*(B) **Service Heads Above Service-Drop Attachment.** Service heads shall be located above the point of attachment of the service-drop conductors to the building or other structure.*

Exception: Where it is impracticable to locate the service head above the point of attachment, the service head location shall be permitted not farther than 600 mm (24 in.) from the point of attachment.

*(C) **Separately Bushed Openings.** Service heads shall have conductors of different potential brought out through separately bushed openings.*

*(D) **Drip Loops.** Drip loops shall be formed on individual conductors. To prevent the entrance of moisture, service-entrance conductors shall be connected to the service-drop conductors below the level of the service head.*

(E) Arranged that Water Will Not Enter Service Raceway or Equipment. Service-drop conductors and service-entrance conductors shall be arranged so that water will not enter service raceway or equipment.

SECTION 230.64
Section 230.64 - Add a new section 230.64 to read as follows:

230.64 Service Rooms or Areas.

*(A) **General.** The minimum sufficient working space shall be as provided in Section 110.26 or 110.34 as applicable, in order to assure the safety of operation, inspection, and repairs within the vicinity of the service equipment.*

*(B) **Service Equipment Totaling 1000 kVA, or Larger.** Where service equipment totaling 1000 kVA or larger is installed separately, or as part of a switchboard, the room in which such switchboard is located shall be constructed of noncombustible materials, and shall be of dimensions adequate to house the switchboard and to provide the following minimum clearances:*

(1) At least 1.5 m (5 ft) in front of the switchboard if it is in one line, and at least 2.1 m (7 ft) in front of the board if boards are installed facing each other.

(2) At least 300 mm (12 in.) from the floor to any energized part of the switchboard, except by special permission.

(3) Where side and/or rear access is required, the following shall also apply:
· At least 900 mm (3 ft) at each end of the board
· At least 900 mm (3 ft) at the rear of the board clear of all obstructions or as specified in Table 110.26(A)(1) or Table 110.34(A) as applicable, whichever is greater.

(4) Front-only accessible switchboards may be installed 300 mm (12 in.) or less from a wall. However, if the front-only accessible switchboard is installed more than 300 mm (12 in.) from the wall, access must be sealed at each end or comply with the restrictions herein.

(5) Service equipment shall be arranged so that it is reachable from the entrance door without having to pass in front of, or behind any other electrical equipment in the room. This requirement shall be waived if a second entrance door is provided and located as remotely as practical from the first. Each door shall access an area, which leads to a legal exit.

SECTION 230.70
Subsection 230.70(A)(1) - Revise to read as follows:

*(1) **Readily Accessible Location.** The service disconnecting means shall be installed at a readily accessible location inside of a building or structure nearest the point of entrance of the service conductors.*

Exception: Service disconnecting means may be installed on the outside of residential buildings of one through four dwelling units.

Subsection 230.70(B) - Revise to read as follows:

*(B) **Marking.** Each service disconnecting means shall be permanently marked to identify it as a service disconnect. Each disconnecting means shall be marked to indicate the load served.*

SECTION 230.76
Subsection 230.76 (A) - Add a new subsection 230.76 (A) to read as follows:

*(A) **Service Equipment Totaling 1000 kVA or Larger.** Where remote control devices are used on service equipment or manually operated circuit breaker devices, it shall be the responsibility of the owner of the building or such owner's authorized agent to cause the opening and closing mechanism of each service switch or service breaker to be tested at least once every year. The testing need not be performed under load. A record showing the date and signature of the qualified person making the test shall be kept posted at the switch or circuit breaker.*

SECTION 230.82
Subsection 230.82(1) - Revise to read as follows:

(1) Cable limiters.

SECTION 230.94
Section 230.94 - Revise Exception No. 3 to read as follows:

Exception No. 3: Circuits for load management devices and emergency supply shall be permitted to be connected on the supply side of the service overcurrent device where separately provided with overcurrent protection.

SECTION 230.209
Section 230.209 - Add a Fine Print Note to read as follows:

FPN: Lightning protection systems installations. See NFPA 780-2004 Edition for lightning protection systems installation requirements.

ARTICLE 240
Overcurrent Protection

SECTIONS 240.12
Section 240.12 - Revise to read as follows:

*240.12 **Electrical System Coordination.** Rating and arrangement of service overcurrent devices, which have a rating above 601 amperes, shall be selectively coordinated. Such coordination shall provide a system of selective short circuit and overload protection between the service overcurrent protection and the second level overcurrent protection point. Where an orderly shutdown is required to minimize the hazard(s) to personnel and equipment, an additional overcurrent protection level is permitted. A system of coordination based on the following two conditions shall be permitted:*

(1) Coordinated short-circuit protection.
(2) Overload indication based on monitoring systems or devices.

Exception No. 1: Service overcurrent devices which supply single loads (i.e., motors) shall not require coordination.

Exception No. 2: Coordination between the service overcurrent device and distribution main shall not be required where the service disconnecting means supplies a single main overcurrent device for a single distribution panel or switchboard. However, selective coordination shall be required between distribution branch devices, and between the service equipment and the main panel.

Exception No. 3: The provisions of this Section shall not apply to the operation of ground fault protection equipment.

FPN: The monitoring system may cause the condition to go to alarm, allowing corrective action or an orderly shutdown, thereby minimizing personnel hazard and equipment damage.

SECTION 240.20
Subsection 240.20(C) - Delete the subsection in its entirety.

SECTION 240.86
Section 240.86 - Add a FPN after first Paragraph to read as follows:

FPN: See 240.12 and 700. 27.

SECTION 300.3
Subsection 300.3(C)(1) - Add a new Exception No. 2 to read as follows:

Exception No. 2: Barriers shall be provided to isolate conductors energized from different sources when system voltage exceeds 250 volts nominal and conductors are protected by first or second level overcurrent protective devices. Sources include service entrance points, secondaries of different transformers, generators and UPS systems.

SECTION 300.5
Subsection 300.5(A) - Revise to read as follows:

(A) Requirements. *Direct-buried cable or conduit or other raceways shall be installed to meet the minimum cover requirements of Table 300.5. Direct buried cable shall not be installed except by special permission from the Commissioner of Buildings.*

SECTION 300.6
Subsection 300.6(B) - At the end of the subsection add a new sentence to read as follows:

Aluminum raceways and fittings shall not be permitted to be embedded in concrete.

SECTION 300.22
Subsection 300.22(C) - Revise the first sentence to read as follows:

This section applies to non-fire rated spaces used for environmental air-handling
purposes other than ducts and plenums as specified in 300.22(A) and (B).

SECTION 328.10
Section 328.10 - Revise to read as follows:

328.10 Uses Permitted. *Type MV cables shall be permitted for use on power systems rated up to 35,000 volts nominal as follows:*

In wet or dry locations,
In raceways.

SECTION 328.12
Section 328.12 - Revise to read as follows:

328.12 Uses Not Permitted. *Type MV cable shall not be used:*

(1) Where exposed to direct sunlight,
(2) In cable trays,
(3) Direct buried.

362.10 Uses Permitted. *The use of electrical nonmetallic tubing and fittings shall be permitted:*

(1) Concealed within walls, floors, and ceilings where the walls, floors, and ceilings provide a thermal barrier of material which has at least a 1 hour finish rating as identified in listings of fire-rated assemblies.

(2) In locations subject to severe corrosive influences as covered in Section 300.6 and where subject to chemicals for which the materials are specifically approved.

(3) In concealed, dry, and damp locations not prohibited by Section 362.12.

(4) Above suspended ceilings where the suspended ceilings provide a thermal barrier of material, which has at least a 1 hour finish rating as identified in listings of fire-rated assemblies.

(5) Embedded in poured concrete, provided fittings approved for this purpose are used for connections.

(6) For wet locations indoors or in a concrete slab on or below grade, with fittings listed and approved for the purpose.

362.130 Approval Requirements. *For each project, a letter testifying to the suitability and quantity to be installed shall be submitted for approval. Such approval is required prior to installation.*

SECTION 362.140
Section 362.140 - Add a new section 362.140 to read as follows:
362.140 Inspection. *Wiring to be concealed or imbedded in concrete shall be left exposed for inspection and may be enclosed only after a satisfactory inspection has been performed.*

ARTICLE 366
Auxiliary Gutters

SECTION 366.10
Subsection 366.10(B) - Revise the first sentence to read as follows:

Nonmetallic auxiliary gutters may only be installed by special permission and shall be listed for the maximum ambient temperature of the installation and marked for the installed conductor insulation temperature rating.

ARTICLE 368
Busways

SECTION 368.2
Section 368.2 - Change title from "Definition" to " Definitions" and add a new definition to read as follows:

Service Busway. *For the purpose of this article, service busway is busway used to connect from the service point to the line terminals of the service equipment.*

SECTION 368.119
Section 368.119 - Add a new section 368.119, before 368.120, to read as follows:

368.119 Service Busway. *Service busway shall conform to the specifications listed in (A) through (I) below.*

(A) Ampacity and Ratings of Bus Bars. *Ampacity and ratings of bus bars shall be in accordance with 230.42(A).*

(B) Length. *Service busway shall be limited to a maximum of 3.0 m (10 ft) in length.*

Exception: By special permission.

(C) Insulation. *Bus bars shall be insulated with a material listed for the purpose and rated for use at a minimum of 600 Volts.*

Exception: Bolted bus bar joints requiring maintenance shall be permitted to be uninsulated.

(D) Enclosure. ***Enclosure shall be fabricated from aluminum, minimum 3.2 mm (1/8 in.) thick or other non-magnetic material acceptable to the Commissioner.***

(E) Enclosure Vents. ***Ventilating openings shall be permitted in the sides and bottom of the enclosure. Top of enclosure must be solid.***

(F) Mounting. ***Bus bars shall be mounted on insulating supports, properly spaced and braced to withstand the maximum available short circuit current.***

(G) Clearance. ***A minimum clearance of 102 mm (4 in.) shall be provided from the phase bars to the enclosure.***

(H) Plating. ***All bus bar joints and connections shall be plated with silver, tin or nickel.***

(I) Accessibility. ***All bus bar joints and connections shall be accessible.***

ARTICLE 370
Cablebus

SECTION 370.3
Section 370.3 - Delete "and services" from the last sentence of the first paragraph, so that it reads as follows:

Cablebus shall be permitted to be used for branch circuits and feeders.

ARTICLE 378
Nonmetallic Wireways

SECTION 378.10
Section 378.10 - Revise the heading and first sentence of the section to read as follows:

378.10 Uses Permitted by Special Permission Only. *The use of nonmetallic wireways shall be permitted by special permission only as follows:*

ARTICLE 380
Multioutlet Assembly

SECTION 380.2
Subsection 380.2(B)(7) - Add a new subsection 380.2(B)(7) to read as follows:

(7) Where cord and plug connected.

ARTICLE 382
Nonmetallic Extensions

SECTION 382 II
Section 382 II - After subheading "II. Installation" of the Article, add a sentence to read as follows and delete remainder of the Article:

II. Installation
Installation of non-metallic extensions shall not be permitted.

ARTICLE 388
Surface Nonmetallic Raceways

SECTION 388.12

Subsection 388.12(8) - Add a new subsection 388.12(8) to read as follows:

(8) In residential buildings exceeding three floors above grade.

Subsection 388.12(9) - Add a new subsection 388.12(9) to read as follows:

(9) In non-residential buildings.

ARTICLE 394
Concealed Knob-and-Tube Wiring

SECTION 394 II
Section 394 II - After subheading "II. Installation" of this Article, add a sentence to read as follows and delete the rest of the Article:

II. Installation
Installation of Concealed Knob-and-Tube Wiring shall not be permitted.

ARTICLE 404

SECTION 404.10
Subsection 404.10(A) – Delete the subsection in its entirety.

ARTICLE 406
Receptacles, Cord Connectors, and Attachment Plugs (Caps)

SECTION 406.4
Subsection 406.4(D) – Delete Exception No. 2.

ARTICLE 408
Switchboards and Panelboards

SECTION 408.3
Subsection 408.3(C) – Add a new paragraph and exception to read as follows:

A bus link shall be provided for disconnecting the neutral service conductor(s) from the outgoing load neutral conductor(s). Such disconnect link shall be readily accessible and located downstream of the main bonding jumper and grounding electrode conductor terminal. In a multisection switchboard a single neutral disconnect link may be provided for all service disconnects.

Exception: A single cable lug accommodating a maximum of two cables may be used in lieu of a neutral disconnect link for service disconnects 800 amperes or less.

Subsection 408.3(G) - Add a new subsection 408.3(G) to read as follows:

(G) Dielectric Test. *All service and distribution equipment, switchboards, control panels, and panelboards shall be given a 60 Hz AC dielectric test, phase to phase and phase to ground, at twice rated voltage plus 1,000 volts for one minute (minimum 1500 volts) prior to shipment from factory. A dielectric test voltage which is 20% higher than that in the one minute test may be applied for one second as an alternative to the one minute test. The date of the test and the name and title of the individual certifying the test shall be clearly shown on a label affixed to the equipment.*

Subsection 408.3(H) - Add a new subsection 408.3(H) to read as follows:

(H) Warning Label. *All 480/277 volt switchboards, panelboards and panelboard back boxes shall have a visible label, clearly marked "WARNING 480/277 VOLTS" and in compliance with ANSI standard Z535.4.*

SECTION 408.4
Section 408.4 – At the end of the section add the following sentence:

The required identification shall be in English.

SECTION 408.23
Section 408.23 - Add a new section 408.23 to read as follows:

408.23 Grounding Switchboard Frames. *Switchboard frames and structures supporting switching equipment shall be grounded. A multisection switchboard shall be provided with an internal ground bus, which will electrically connect all of the sections of the switchboard. This ground bus shall have a minimum cross section of ½ square inch of copper or ¾ square inch of aluminum. The contact surfaces of the equipment ground connections shall provide an effective electrical ground path for fault currents.*

Exception: Frames of direct current, single-polarity switchboards shall not be required to be grounded if effectively insulated.

SECTION 408.51
Section 408.51 - Revise to read as follows:

408.51 Busbars.

(A) General.

(1) Insulated or bare busbars shall be rigidly mounted.
(2) Busbars shall be sized based on 1000 amperes per square inch for copper and 750 amperes per square inch for aluminum.

Exception: In service switchboards, generator paralleling switchboards and when connecting to devices rated over 2500 amperes. See 408.51(B) and (C) below.

(B) In Service Switchboards and Generator Paralleling Switchboards. *Line-side busbars in service switchboards and all busbars in generator paralleling switchboards shall be considered service conductors and shall comply with the requirements of Section 230.42(A).*
(C) Connection to Devices Rated over 2500 Amperes. *Busbars shall be sized in accordance with (1) and (2) below when connected to a device (switch or circuit breaker) over 2500 amperes:*

(1) Over 2500 amperes but less than 5000 amperes, busbars shall be sized based on 800 amperes per square inch for copper and 600 amperes per square inch for aluminum.

(2) 5000 amperes and over, busbars shall be sized based on 700 amperes per square inch for copper and 525 amperes per square inch for aluminum.

Exception: Beyond a minimum distance of 1.2m (4 ft) along the current path from the device, the busbar may be reduced in size, in accordance with 408.51(A)(2) above.

(D) Ampacity of Through (Main) Bus. *The through (main) bus that feeds four or more overcurrent protective devices of a switchboard shall have a minimum ampacity of 70% of the sum of the frame ratings of all devices fed by that through bus. If provisions are made for the addition of overcurrent protective devices in the future, the expected overcurrent protective device ratings shall be included in the above calculations. The through bus ampacity shall not be required to be greater than the frame rating of the upstream overcurrent protective device.*

Exception: In service switchboards and for devices rated over 2500 amperes refer to section 408.51(B) and (C) above.

(E) Ampacity of Section Bus. *The section bus is that portion of the bus that serves one or more overcurrent protective devices in the switchboard section and comprises that part of the bus between the through bus and the branch distribution bus. The minimum ampacity of the section bus of a switchboard shall be determined by the table below. The section bus ampacity shall not be required to be greater than that of the through bus.*

Total Number of Branch Overcurrent Devices	*Minimum Ampacity of Section Bus as a % of the Sum Total of Branch Overcurrent Devices **
1-2	*100*
3-4	*80*
Over 4	*70*

** For fusible switches, the maximum fuse size shall be used. For interchangeable trip circuit breakers, the maximum trip rating shall be used. If provisions are made for the future installation of branch overcurrent protective devices, the ampacity of these units shall be included in the calculation.*

Exception: In service switchboards and for devices rated over 2500 amperes refer to section 408.51(B) and (C) above.

(F) Busbar Joints. *All busbar joints and connections shall be plated with silver, tin or nickel. The current density at contact surfaces in busbar joints shall not exceed 200 amperes per square inch for copper and 150 amperes per square inch for aluminum. A permanent label providing torque values or tightening instructions for all busbar joints shall be affixed to each section of a switchboard.*

SECTION 408.54 *- Add a new section 408.54 to read as follows:*

408.54 Hinged Doors. *Freestanding switchboards, which have rear access, shall have hinged rear doors fastened by captive screws or suitable latches.*

SECTION 408.57 *- Add a new section 408.57 to read as follows:*

408.57 Service and Distribution Equipment Rated Over 150 Volts to Ground.

(A) Common Supply. *Conductors supplying two or more service disconnecting means shall be separated from the load terminals of the service disconnecting means by listed and approved non-hygroscopic, arc resistant barriers having a snug fit around the conductors. Service switchboards shall be supplied from one point of service entrance only.*

(B) Barriers. *Listed and approved barriers shall be placed between adjacent sections of the switchboard. Listed and approved barriers shall be placed between the switchboard and its pullbox, whether located at the top or bottom of the equipment All openings in the barriers for bus bars shall be closed with snug fitting, listed and approved non-hygroscopic, arc resistant material.*

SECTION 409.3
Table 409.3 - Add the following items to the Table:

"Services 230" and "Switchboards and Panelboards 408"

SECTION 409. 102
Section 409.102 - At the end of the paragraph, add the following:

When the equipment is utilized as service equipment, the busbars shall comply with Section 408.51.

SECTION 409. 108
Section 409.108 - At the end of the first paragraph, add the following:

When the equipment is utilized as service equipment, a means for disconnecting the neutral service conductor(s) complying with Section 408.3(C) is required.

ARTICLE 410
Luminaires (Lighting Fixtures), Lampholders, and Lamps

SECTION 410.4
Subsection 410.4(D) - Add a second paragraph to read as follows:

Wall mounted luminaires shall not be installed below 2.5m (8 ft) within or directly over a bathtub or shower stall unless otherwise approved by special permission. This measurement is from the top of the bathtub rim or shower stall threshold.

Subsection 410.4(E) - At the end of the first sentence, add the following:

"or be equipped with a safety lamp."

SECTION 410.16
Subsection 410.16(C) - Add two new sub-subsections 410.16(C)(1) and 410.16(C)(2) to read as follows:

(1) A recessed fluorescent luminaire (fixture) weighing more than fifty pounds shall not be installed directly on a concealed or exposed ceiling spline of a lightweight, mechanical acoustical ceiling system. Such fixtures shall be supported from the channel iron or the building structure.

(2) A surface or pendant type luminaire (fixture), regardless of its weight, shall not be mounted directly on the concealed or exposed ceiling spline of a lightweight mechanical acoustical ceiling system. Such luminaires (fixtures) shall be supported from the channel iron or the building structure.

Subsection 410.16(I) - Add a new subsection 410.16(I) to read as follows:

(I) Large Luminaires (Fixtures). *Large luminaires (fixtures), which are designed to be raised and lowered by means of a mechanical winch shall be designed so that they can be securely held in their permanent positions by means of a cable or other holding device that is entirely separate from the lowering cable. Where not in permanent positions, such systems shall be made mechanically failsafe to prevent them from falling.*

SECTION 410.29
Section 410.29 - Revise to read as follows:

410.29 Showcases. *Show and wall cases shall be installed, wired and connected in a permanent manner. The use of exposed flexible cord or fixture wire shall not be permitted. Auxiliaries and other control equipment, where not a part of the luminaire (fixture) assembly, shall be enclosed in a separate metal cabinet, which is suitably ventilated to ensure proper dissipation of heat, and installed in a permanent and accessible manner. For temporary display units, refer to Article 590.*

SECTION 410.30
Subsection 410.30(C) - Add a new paragraph (4) to read as follows:

(4) Where screw shell type lampholders are used for electric discharge lamps, the luminaires (fixtures) shall be installed not less than 2.5 meters (8 ft) from the floor to the underside of the lamp or lampholder.

SECTION 410.36
Section 410.36 - Revise to read as follows:

410.36 Design and Material. *Luminaires (fixtures) shall be constructed of metal or of other such material as may be approved for the purpose and shall be so designed and assembled as to secure requisite mechanical strength and rigidity. Wiring compartments, including their entrances, shall be such that conductors may be drawn in and withdrawn without physical damage. Seams and joints of metal enclosures shall be welded, brazed, riveted, bolted or fastened with machine screws to provide ample strength and rigidity.*

SECTION 410.40
Section 410.40 - Add a new section 410.40 to read as follows:

410.40 Metallic Luminaires (Fixtures).

(A) Enclosures. *Luminaire (fixture) enclosures shall be fabricated of sheet steel not less than 20 U.S.S.G. Enclosures may be constructed of metals other than sheet steel, provided they are equivalent in mechanical strength and approved for the purpose.*

(B) Lampholder. *Lampholder saddle assemblies shall be constructed of not less than No. 20 gauge sheet steel or metals of equivalent strength.*

(C) Ballast Covers. *Ballast covers without attachment shall be constructed of not less than 22 U.S.S.G. sheet steel or metals of equivalent strength. Where ballasts are attached directly to reflectors or covers, those reflectors or covers shall be constructed of 20 gauge sheet steel or metals of equivalent strength.*

Reflectors or enclosures that are relied upon for component support, raceway covers, or for protection of wiring, shall be made of metal.

ARTICLE 422
Appliances

SECTION 422.12
Section 422.12 - Revise to read as follows:

422.12 Central Heating Equipment. *Central heating equipment other than fixed electric space-heating equipment shall be supplied by an individual branch circuit.*

Exception No. 1: Auxiliary equipment, such as a pump, valve, humidifier, or electrostatic air cleaner directly associated with the heating equipment, shall be permitted to be connected to the same branch circuit.

Exception No. 2: Permanently connected air-conditioning equipment shall be permitted to be connected to the same branch circuit.

Definition.

Low Pressure Boiler. *Any steam boiler operating at fifteen (15 lbs.) pound gauge pressure or less, or any boiler rated at 10 horsepower or less, regardless of pressure.*

(B) Controls on Low Pressure Boilers. *An electrical pressure switch with normally closed contacts shall be connected to the steam drum of every boiler ahead of all valves. The pressure switch shall be set to open at safe working pressure of the boiler. This boiler electrical high-pressure cut-off switch shall be designed to reclose only by a reset device, which shall be manually controlled. One and two family residences are exempt from these provisions.*

(C) Circuit Voltage and Safety Devices Connections. *Conductors of the control circuits shall only be connected to circuits not exceeding 150 volts to ground, or not more than 150 volts between conductors.*

All safety devices, such as pressure controls, fire controls, relays, etc. shall have their electric switching mechanism connected to the ungrounded conductor.

SECTION 422.16
Subsection 422.16(B)(4) - Revise to read as follows:

(4) Combination Range Hood / Microwave Ovens. *Combination range hood/microwave ovens shall be permitted to be cord-and-plug connected with a flexible cord identified as suitable for use on combination range hood/microwave ovens in the installation instructions of the appliance manufacturer, where all of the following conditions are met:*

(1) The flexible cord is terminated with a grounding-type attachment plug.

Exception: A listed combination range hood/microwave ovens distinctly marked to identify it as protected by a system of double insulation, or its equivalent, shall not be required to be terminated with a grounding-type attachment plug.

(2) The length of the cord is not less than 450 mm (18 in.) and not over 900 mm (36 in.).
(3) Receptacles are located to avoid physical damage to the flexible cord..
(4) The receptacle is accessible.
(5) The receptacle is supplied by an individual branch circuit.

Mechanical ventilation and/or air conditioning shall be provided and shall be adequate to dispose of the transformer full-load losses without exceeding 40°C (104°F) ambient temperature in the room.

SECTION 450.25
Section 450.25 - Delete the section in its entirety.

SECTION 450.42
Section 450.42 - Revise to read as follows:

450.42 Walls, Roofs and Floors. *The vault shall be of such dimension as to permit the installation of all electrical equipment in accordance with Section 110.26*

or 110.34 as applicable. The vault shall be of fireproof construction with a minimum fire resistance rating of three hours with floors, walls and ceilings 152 mm (6 in.) thick if made of concrete, or 203 mm (8 in.) thick if made of brick, or 203 mm (8 in.) thick if made of filled cement block. All building steel forming part of the vault construction shall have a comparable fire resistance rating. Each compartment within a vault shall be built to the same specifications in respect to the thickness of walls and fireproof door, as the vault. The floors shall be of ample strength to carry the weight of the equipment to be installed in the vault. The floors and wall, to the height of the sill, shall be given a hard impervious finish and painted to prevent the absorption of oil.

Exception: Where transformers are protected with automatic sprinkler, carbon dioxide, or gas suppression system, construction of 1-hour rating shall be permitted.

SECTION 450.43

Subsection 450.43(A) - Delete the fine print note, and revise the subsection and the exception to read as follows:

(A) Type of Door. *Each doorway leading into a vault from the building interior shall be provided with a tight-fitting door that has a minimum fire rating of 3 hours. Where practicable, basement vaults or vaults opening up on a roof shall be provided with an outside entrance so that no entrance directly into the vault from the interior of the building will be necessary. Where entrance into the vault is from the interior of the building, the vault shall open upon a vestibule, passage hall or switchboard room not commonly in public use.*

Exception: Where transformers are protected with automatic sprinkler, carbon dioxide, or gas suppression system, construction of 1-hour rating shall be permitted.

SECTION 450.45

Section 450.45 - Revise the first paragraph to read as follows:

A system of ventilation shall be provided to dispose of transformer full load losses and maintain a vault ambient temperature not to exceed 40°C (104°F). Minimum criteria for ventilation shall be in accordance with (A) through (F) below:

Subsection 450.45(C) - Add a new exception to read as follows:

Exception: Where required to meet the temperature conditions of section 450.45, the minimum of three square inches per kVA of natural ventilation may be supplemented by a dedicated mechanical ventilation system.

SECTION 450.46

Section 450.46 - Revise section to read as follows:

450.46 Drainage. *Where practicable, vaults containing more than 100 kVA transformer capacity shall be provided with a drain or other means that will carry off any accumulation of oil or water in the vault unless local conditions make this impracticable. The floor shall be pitched to the drain where provided. Drainage shall be permitted to carry off water accumulation. Such drainage shall prevent drainage of transformer coolant into the water drainage system and shall be provided in accordance with the New York City Building Code and other authorities having applicable regulations.*

SECTION 600.8
Subsection 600.8(C) - Revise to read as follows:
(C) Minimum Thickness of Enclosure Metal. *Sheet steel shall be at least 0.635mm (0.0250 in. - 24 U.S.S.G.) thick. Sheet copper or aluminum shall be of equivalent strength.*

ARTICLE 604
Manufactured Wiring Systems

SECTION 604.1
Subsection 604.1(A) - Add new subsection 604.1(A) to read as follows:

(A) General. *All such wiring systems shall be approved, installed by an electrician licensed in New York City, and comply with the installation standards listed below. In addition to the regular installation instructions supplied for Manufactured Wiring Systems, manufacturers are required to also include this supplement:*

(1) Along with the application for certificate of electrical inspection for each installation or any subsequent modification thereof, the licensed electrical contractor shall include a diagram or specification sheet clearly defining the boundaries where the wiring method will be installed.

(2) All branch circuit wiring shall be 12AWG, minimum.

(3) All branch circuits are limited to a maximum number of ten outlets per circuit.

(4) Manufactured wiring systems shall not be used for emergency exit signs or emergency lighting.

(5) Such wiring shall only be used for general lighting circuits above the hung ceiling line.

(6) All points of connection shall be accessible.

(7) No outlet shall have any unused utilization attachment point.

(8) Shall be properly supported in accordance with the New York City Electrical Code.

SECTION 604.6

Subsection 604.6(A)(2) - Revise to read as follows:

(2) Conduits. *Conduits shall be listed flexible metal conduit containing nominal 600 volt, 8 AWG or 12 AWG copper-insulated conductors with a bare or insulated copper equipment grounding conductor equivalent in size to the ungrounded conductor.*

ARTICLE 605

Office Furnishings (Consisting of Lighting Accessories and Wired Partitions).

SECTION 605.4

Section 605.4 - Revise to read as follows:

605.4 Partition Interconnections. *The electrical connection between partitions shall be flexible assemblies listed and approved for use with wired partitions or metallic raceways that do not exceed 610mm (2 ft) in length.*

SECTION 605.6

Section 605.6 - Revise to read as follows:

605.6 Fixed and Free Standing-Type Partitions. *Wired partitions that are fixed (secured to building surfaces) shall be permanently connected to the building electrical system by one of the wiring methods of Chapter 3. Where liquidtight flexible metal conduit is used, the maximum length shall be 457mm (18 in.).*

SECTION 605.7

Section 605.7 - Delete the section in its entirety.

SECTION 605.8

Section 605.8 - Delete the section in its entirety.

ARTICLE 620

Elevators, Dumbwaiters, Escalators, Moving Walks, Wheelchair Lifts and Stairway Chair Lifts

SECTION 620.3

Subsection 620.3(A) – Revise the first sentence to read as follows:

Branch circuits and feeders to motor controllers, driving machine motors, machine brakes, and motor-generator sets shall not have a circuit voltage in excess of 600 volts.

SECTION 620.12

Subsection 620.12(B) - Revise to read as follows:

(B) Other Wiring. *All signaling and operating control circuits shall be minimum 24 AWG copper.*

SECTION 620.21

Section 620.21 - Delete all references to "rigid nonmetallic conduit" and "liquidtight flexible nonmetallic conduit."

SECTION 620.24

Subsection 620.24(A) – Revise the second sentence to read as follows:

Required lighting or sump pump shall not be connected to the load side of a ground-fault circuit interrupter.

SECTION 620.51

Subsection 620.51(A) – Revise to read as follows:

(A) Type. *The disconnecting means shall be an enclosed externally operable motor circuit switch or circuit breaker capable of being locked in the open position. The disconnecting means shall be a listed device.*

FPN No.1: Unfused disconnecting means are permitted where other overcurrent protective devices are provided to properly protect the elevator.

FPN No.2: For additional information, see RS 18 of the New York City Building Code and the Safety Code for Elevators and Escalators, ASME/ANSI A17.1- 2000.

Subsection 620.51(B) – Add a second sentence to the FPN to read as follows:

See section 6.15.4 of the NFPA 72-2002, National Fire Alarm Code.

SECTION 620.61

Section 620.61 - Add a second sentence to read as follows:

For multiple elevators connected to the same feeder, each elevator circuit must be properly protected.

No new electrolytic cell line shall be installed, nor any existing cell line modified without special permission.

ARTICLE 680

Swimming Pools, Fountains and Similar Installations

SECTION 680.4

Section 680.4 – At the end of the paragraph add the following:

All provisions applicable in any other article of the New York City Building Code shall apply.

SECTION 680.9

Subsection 680.9 – At the end of the paragraph add the following:

All such circuits shall be provided with GFPE. Electric water heaters of the immersion or submersible type shall not be permitted.

SECTION 680.21

Subsection 680.21(A)(3) – Revise by deleting all references to "nonmetallic conduit."

SECTION 680.23

Subsection 680.23(A)(2) – Add a new sentence at the end of the subsection to read as follows:

The output voltage of the secondary windings shall not exceed 24 volts.

Subsection 680.23(A)(4) – Revise by replacing "150 volts" with "15 volts."

Subsection 680.23(B)(1) – Revise the first sentence to read as follows:

Listed and approved forming shells shall be installed for the mounting of all wet-niche underwater luminaires (fixtures) and shall be equipped with provisions for conduit entries.

Subsection 680.23(B)(2) – Revise by deleting all reference to "liquidtight flexible nonmetallic."

Subsection 680.23 (B)(2)(b) – Revise the first sentence to read as follows:

Where a rigid nonmetallic conduit is used, an 8 AWG insulated solid or stranded copper equipment grounding conductor shall be installed in this conduit unless a listed low-voltage lighting system not requiring grounding is used.

Subsection 680.23(D) – Revise to read as follows:

(D) No-Niche Luminaires (Fixtures). *A no-niche lighting fixture shall be supplied from a transformer meeting the requirements of section 680.23(A)(2) and shall:*

(1) Have no exposed metal parts
(2) Operate at 15 volts or less
(3) Have an impact resistant polymeric lens and body, and
(4) Be listed and approved for the purpose

Subsection 680.23(F)(1) – Revise to read as follows:

(1) Wiring Methods. *Branch-circuit wiring on the supply side of enclosures and junction boxes connected to conduits run to wet-niche and no-niche luminaires (fixtures), and the field wiring compartments of dry-niche luminaires (fixtures), shall be installed using listed and approved rigid metal conduit, intermediate metal conduit, or rigid nonmetallic conduit.*

Exception: Electrical metallic tubing shall be permitted to be used to protect conductors, when installed within buildings.

SECTION 680.26
Section 680.26 - Delete the entire section and replace with the NEC 2002 version, to read as follows:

680.26 Bonding.

(A) Performance. *The bonding required by this section shall be installed to eliminate voltage gradients in the pool area as prescribed.*

FPN: This section does not require that the 8 AWG or larger solid copper bonding conductor be extended or attached to any remote panelboard, service equipment, or any electrode.

(B) Bonded Parts. *The parts specified in 680.26(B)(1) through (B)(5) shall be bonded together.*

(1) Metallic Structural Components. *All metallic parts of the pool structure, including the reinforcing metal of the pool shell, coping stones, and deck, shall be bonded. The usual steel tie wires shall be considered suitable for bonding the reinforcing steel together, and welding or special clamping shall not be required. These tie wires shall be made tight. If reinforcing steel is effectively insulated by an encapsulating nonconductive compound at the time of manufacture and installation, it shall not be required to be bonded. Where reinforcing steel is encapsulated with a nonconductive compound, provisions shall be made for an alternate means to eliminate voltage gradients that would otherwise be provided by unencapsulated, bonded reinforcing steel.*

(2) Underwater Lighting. *All forming shells and mounting brackets of no-niche luminaires (fixtures) shall be bonded unless a listed low-voltage lighting system with nonmetallic forming shells not requiring bonding is used.*

(3) Metal Fittings. *All metal fittings within or attached to the pool structure shall be bonded. Isolated parts that are not over 100 mm (4 in.) in any dimension and do not penetrate into the pool structure more than 25 mm (1 in.) shall not require bonding.*

(4) Electrical Equipment. *Metal parts of electrical equipment associated with the pool water circulating system, including pump motors and metal parts of equipment associated with pool covers, including electric motors, shall be bonded. Metal parts of listed equipment incorporating an approved system of double insulation and providing a means for grounding internal non-accessible, non-currentcarrying metal parts shall not be bonded. Where a double-insulated water-pump motor is installed under the provisions of this rule, a solid 8 AWG copper conductor that is of sufficient length to make a bonding connection to a replacement motor shall be extended from the bonding grid to an accessible point in the motor vicinity. Where there is no connection between the swimming pool bonding grid and the equipment grounding system for the premises, this bonding conductor shall be connected to the equipment grounding conductor of the motor circuit.*

(5) Metal Wiring Methods and Equipment. *Metal-sheathed cables and raceways, metal piping, and all fixed metal parts except those separated from the pool by a permanent barrier shall be bonded that are within the following distances of the pool:*

(1) Within 1.5 m (5 ft) horizontally of the inside walls of the pool.

(2) Within 3.7 m (12 ft) measured vertically above the maximum water level of the pool, or any observation stands, towers, or platforms, or any diving structure.

(C) Common Bonding Grid. *The parts specified in 680.26(B) shall be connected to a common bonding grid with a solid copper conductor, insulated, covered, or bare, not smaller than 8 AWG. Connection shall be made by exothermic welding or by pressure connectors or clamps that are labeled as being suitable for the purpose and are of stainless steel, brass, copper, or copper alloy. The common bonding grid shall be permitted to be any of the following:*

(1) The structural reinforcing steel of a concrete pool where the reinforcing rods are bonded together by the usual steel tie wires or the equivalent.

(2) The wall of a bolted or welded metal pool.

(3) A solid copper conductor, insulated, covered, or bare, not smaller than 8 AWG.

(4) Rigid metal conduit or intermediate metal conduit of brass or other identified corrosion-resistant metal conduit.

(D) Connections. *Where structural reinforcing steel or the walls of bolted or welded metal pool structures are used as a common bonding grid for non-electrical parts, the connections shall be made in accordance with 250.8.*

(E) Pool Water Heaters. *For pool water heaters rated at more than 50 amperes that have specific instructions regarding bonding and grounding, only those parts designated to be bonded shall be bonded, and only those parts designated to be grounded shall be grounded.*

SECTION 680.33
Section 680.33 – Revise to read as follows:

680.33 Storable Pool Luminaires (Lighting Fixtures). *Luminaires (lighting fixtures) for storable pools shall not be permitted.*

SECTION 680.41
Section 680.41 – Revise section by deleting the last sentence.

SECTION 680.42
Subsection 680.42(A)(1) – Revise subsection by deleting all references to "liquidtight flexible nonmetallic conduit."

SECTION 680.51
Subsection 680.51(B) – Revise subsection to read as follows:

(B) Operating Voltage. *All luminaires (lighting fixtures) shall be installed for operation at 15 volts or less between conductors. Pumps and other equipment shall operate at 300 volts or less between conductors.*

ARTICLE 695

Fire Pumps

SECTION 695.1
Subsection 695.1(A)(3) - Add a new subsection 695.1(A)(3) to read as follows:

Modification of existing fire pump power supply.

SECTION 695.2
Section 695.2 - After the first definition, Fault Tolerant External Control Circuits, add three new definitions to read as follows:

Fire Pump. *For the purposes of this section, a fire pump is any Manual Standpipe Fire Pump, Automatic Standpipe Fire Pump, Sprinkler Booster Pump, Special Service Fire Pump, Spray Mist Fire Pump or Foam Fire Pump located at or below street level or with a motor rating exceeding 30hp.*

Sprinkler booster pump. *For the purposes of this section, a Sprinkler Booster Pump is a fire pump installed in J-2 occupancies, where a minimum of 5 psig is maintained at the highest line of sprinklers, that complies with the definition of Limited Service Fire Pump.*

Limited Service Fire Pump. *For the purposes of this section, a Limited Service Fire Pump is a fire pump located above street level with a motor rating not exceeding 30hp and connected to a limited service fire pump controller.*

Revise the third definition, On-Site Standby Generator, to read as follows:

On-Site Emergency Generator. *An on-site facility producing electric power as the alternate supply of electric power meeting the requirements of Article 700.*

SECTION 695.3
Subsection 695.3(B) - Revise to read as follows:

(B) Multiple Sources. *Where required by the New York City Building Code, power from sources described in 695.3(A) shall be supplied from an approved combination of two or more such sources or an approved combination of one such source and an on-site emergency generator. The on-site emergency generator, complying with this section, shall be of sufficient capacity to allow normal starting and running of the motor(s) driving the fire pump(s) while supplying all other simultaneously operated load. Optional standby loads shall be automatically shed when necessary to ensure the proper starting and operation of the fire pump.*

Subsection 695.3(C) - Add a new subsection 695.3(C) to read as follows:

(C) Multiple Independent Sources. *Two or more feeder sources routed separately to the building and independently operated may be permitted for compliance with this section, as approved by the Commissioner of Buildings, where the reliability of the sources can be demonstrated.*

Subsection 695.3(D) - Add a new subsection 695.3(D) to read as follows:

(D) Arrangement. *The power sources shall be arranged in separate outdoor enclosures or 2-hour fire resistive rooms so that a fire at one source will not cause an interruption of the other source.*

SECTION 695.4
Section 695.4 - Revise to read as follows:

695.4 Continuity of Power. *Circuits that supply electric motor-driven fire pumps shall be supervised from inadvertent disconnection as covered in 695.4(A) or 695.4(B).*

(A) General. *Each Circuit that supplies an electric motor-driven fire pump or limited service fire pump shall be supplied from single dedicated service disconnecting means and associated overcurrent protective device installed between the power source and one of the following.*

(1) A listed fire pump controller
(2) A listed fire pump power transfer switch, or
(3) A listed combination fire pump controller and power transfer switch.

Exception 1: The service conductors may directly connect the power source to either the listed fire pump controller or combination fire pump controller and power transfer switch where available short circuit current is less than the rating of the fire pump controller or combination fire pump controller and power transfer switch.

Exception 2: Where a limited service fire pump is connected to an emergency generator in addition to the electric utility source, the disconnecting means for either source is not required to be a service disconnecting means.

Exception 3: Where the building service disconnecting means consists of multiple utility sources over 600 volts arranged thru transformers to supply a network secondary, a disconnecting means connected to the network complies with the requirements of this section.

(B) Disconnecting Means and Overcurrent Protection

(1) Utility Service. *Fire pumps and limited service fire pumps shall have overcurrent protection selected as to allow the operation of the fire pump for as long as the fire pump remains capable of running.*

(a) Fire Pump. Fire pumps overcurrent protection shall be selected at 600% of motor full load current. The next larger available device size may be used where selection results in a non-standard device size.

(b) Limited Service Fire Pump. Limited service fire pumps shall be protected by overcurrent devices selected at 150% of motor full load current. The next larger available device size may be used where selection results in a non-standard device size.

(c) Disconnecting means shall be listed to accept the selected overcurrent device with no modification.

Exception: Where direct connection is made in accordance with 695.4(A)(3) Exception 1.

(2) Generator Supply. *When required to be connected to an emergency generator, fire pumps and limited service fire pumps shall have overcurrent protection selected in accordance with the following.*

(a) Fire Pump. Fire pumps shall be protected by an over current device selected at not less than 150 % and not more than 600% of motor full load current.

(b) Limited Service Fire Pump. Limited service fire pumps shall be protected by an overcurrent device selected at 150% of motor full load current. The next larger available size may be used where selection results in a non-standard size.

(c) Disconnecting means shall be listed to accept the selected fuse or circuit breaker trip with no modification.

Exception: Where direct connection is made in accordance with 695.4(A)(3) Exception 1.

(d) A tap ahead of the on-site emergency generator disconnecting means shall be required for fire pumps.

Exception: Where multiple generators operate in parallel, the fire pump tap may be made on the parallel distribution bus.

(3) Disconnecting Means. *The disconnecting means shall comply with the following.*

(a) Be identified as suitable for use as service equipment.

(b) Be lockable in the closed position. Locking provisions shall remain in place with or without an installed lock.

(c) Not located within equipment that feeds loads other than the fire pump.

(d) Be located as remote as practical from other service disconnecting means with a minimum separation of 305mm (12 in.).

Exception: (a), (c), and (d) shall not apply to limited service fire pumps connected to emergency generators.

(4) Disconnect Marking. *The disconnecting means shall be marked "Fire Pump - Do Not Disconnect". The letters shall be at least 25mm (1 in.) in height, and they shall be visible without opening enclosure doors. Disconnecting means shall be red in color.*

(5) Controller Marking. *A placard shall be placed adjacent to the fire pump controller, stating the location of this disconnecting means and the location of the key (if the disconnecting means is locked).*

*(6) **Supervision.** The power continuity shall be supervised by one of the following.*

(a) Central station signal confirming power source availability where central station connection is provided as required by building occupancy or use.

(b) Local signaling device, audible and visual, which is activated at a continuously attended location where central station connection is not otherwise required.

SECTION 695.5

Section 695.5 - Revise to read as follows:

695.5 Accessory Equipment

*(A) **Transformers.** Where the service or system voltage is different from the utilization voltage of the fire pump motor, a transformer protected by disconnecting means and overcurrent devices shall be permitted to be installed between the system supply and the fire pump controller in accordance with the following.*

*(1) **Size:** Transformers shall be rated at a minimum of 125 percent of the sum of the fire pump motor(s) and pressure maintenance pump(s) motor loads, and 100 percent of the remaining load supplied by the transformer.*

*(2) **Overcurrent Protection:** Primary disconnecting means and overcurrent devices shall be selected in accordance with 695.4(B)(1). Secondary disconnecting means and overcurrent devices shall not be permitted.*

*(3) **Feeder Source:** The feeders on the primary and secondary of the transformer shall be sized in accordance with the requirements of 695.6 adjusted for the primary & secondary voltage.*

*(B) **Utility Meters:** Metering of fire pumps shall be current transformer driven or bypass type such that meter removal will not interrupt service to the fire pump. Metering may be dedicated to the fire pump or coincident with other building power use.*

*(C) **Rectifiers:** Rectifiers may be used to supply existing DC fire pump installation in accordance with the following.*

*(1) **Size:** Where a rectifier supplies an existing DC electric fire pump, it shall be rated at a minimum of 125% of the fire pump full load current plus 100% of the full load current of all other equipment connected to the rectifier.*

Exception: If largest motor is other than the fire pump, rectifier shall be sized at 125% of the largest motor and 100% of all other equipment.

*(2) **Overcurrent Protection:** The primary disconnecting means and overcurrent device shall be rated at 150% of the rectifier full load current. The DC fire pump shall be supplied by a dedicated connection on the secondary of the rectifier. Disconnecting means and overcurrent devices shall not be permitted.*

*(3) **Feeder Source:** The feeders on the primary and secondary of the rectifier shall be sized in accordance with the requirements of 695.6 adjusted for the primary & secondary voltage.*

*(4) **Other Loads:** Rectifiers installed to supply existing DC fire pumps shall be permitted to supply other loads. Rectifier capacity shall be increased in accordance with 695.5(C)(1). Each DC supply shall include a disconnecting means and overcurrent device sized in accordance with applicable sections of the code.*

SECTION 695.6

Section 695.6 - Revise to read as follows:

***695.6 Power Wiring.** Power circuits and wiring methods shall comply with the requirements in 695.6(A) through (H), and as permitted in 230.90(A), Exception No. 4; 230.94, Exception No. 4; 230.95, Exception No. 2; 240.13; 230.208; 240.4(A); and 430.31.*

*(A) **Service Conductors:** Fire pump and limited service fire pump service conductors shall be physically routed outside a building(s) and shall be installed as service entrance conductors. Where supply conductors cannot be physically routed outside buildings, routing through buildings is permitted where installed in accordance with Section 230.6(1), (2) or (4).*

*(B) **Circuit Conductors:***

*(1) **Fire Pumps.** Fire pump supply conductors, including emergency supply conductors where emergency power is provided, on the load side of the final disconnecting means and overcurrent device shall be kept entirely independent of all other wiring. They shall supply only loads that are directly associated with the fire pump system, and shall be protected to resist potential damage by fire, structural failure, or operational damage. They shall be permitted to be routed through a building(s) using one of the following methods:*

(a) Rigid metal conduit (Steel RMC) encased in a minimum of 50mm (2 in.) concrete.

(b) Rigid metal conduit (Steel RMC) within an enclosed construction dedicated to the fire pump circuit(s) having a minimum of a 1-hour fire resistive rating.

(c) Be a listed electrical circuit protective system with a minimum 1-hour fire resistive rating. The installation shall comply with any restrictions provided in the listed of the electrical circuit protective system.

Exception: The supply conductors located in the electrical service room where they originate and in the fire pump room shall not be required to have the minimum 1-hour fire separation or fire resistance rating.

*(2) **Limited Service Fire Pumps.** Limited service fire pump supply conductors shall be installed in rigid metal conduit (Steel RMC) or intermediate metal conduit (Steel IMC).*

Exception: Where there are multiple sources of supply with means of automatic transfer from one source to the other electrical metallic tubing (EMT) shall also be permitted.

*(C) **Conductor Size.** Conductors supplying a fire pump or a limited service fire pump shall have a rating not less than 125 percent of the full load current of the pump motor selected at no greater than the 75 degree operating temperature of the conductor type used.*

*(D) **Pump Wiring.** All wiring from the controllers to the pump motors shall be in rigid metal conduit (Steel RMC) or have a minimum 1-hour fire separation or fire resistance rating.*

Exception No. 1: Liquidtight flexible metal conduit (maximum of 915mm (36 in.)) is permitted for final connection to motor terminal housing.

Exception No. 2: Intermediate metal conduit (IMC) and electrical metallic tubing (EMT) shall be permitted for limited service fire pumps.

*(E) **Junction Points.** Where wire connectors are used in the fire pump circuit, the connectors shall be listed. A fire pump controller or fire pump transfer switch, where provided, shall not be used as a junction box to supply other equipment, including a pressure maintenance (jockey) pump(s). A fire pump controller and fire pump power transfer switch, where provided, shall not serve any load other than the fire pump for which it is intended.*

*(F) **Mechanical Protection.** All wiring from engine controllers and batteries shall be protected against physical damage and shall be installed in accordance with the controller and engine manufacturer's instructions.*

*(G) **Ground Fault Protection of Equipment.** Ground fault protection of equipment shall not be permitted for fire pumps.*

SECTION 695.10

Section 695.10 - Revise to read as follows:

***695.10 Listed Equipment.** Diesel engine driven fire pump controllers, electric fire pump controllers, electric motors, fire pump transfer switches, foam pump controllers, and limited service controllers shall be listed and approved for fire pump use.*

SECTION 695.14

Subsection 695.14(E): - Revise to read as follows:

*(E) **Electric Fire Pump Control Wiring Methods.** All electric motor driven fire pump control wiring shall be in rigid metal conduit, intermediate metal conduit, liquidtight flexible metal conduit or Type MI cable.*

Exception: Electrical metallic tubing (EMT) shall be permitted for limited service fire pumps.

Subsection 695.14(F) - Add Exception to read as follows:

Exception: Electrical metallic tubing shall be permitted for limited service fire pumps where provided with emergency generator supply.

ARTICLE 700
Emergency Systems

SECTION 700.1
Section 700.1 - Delete fine print notes (FPN) No. 2, 3, 4 and 5 and revise second sentence to read as follows:

Emergency systems are lighting, fire protection and power systems legally required and classed as emergency by any governmental agency having jurisdiction.

SECTION 700.4
Subsection 700.4(A) - Revise to read as follows:

***(A) Acceptance Test.** The Commissioner of Buildings shall receive a test report of the completed system upon installation, to be submitted by a licensed professional acceptable to the Commissioner.*

Subsection 700.4(E) - Revise to read as follows:

***(E) Installation Test Requirements.** Installation test shall be conducted and documented in accordance with NFPA 110-2005, Section 7-13, amended as follows:*

7.13.3: Delete.

7.13.4.1(5): Add at the end of (5): Time to initial load transfer shall not exceed 10 seconds.

7.13.4.1(11): Revise to read as follows: The load test with building load or other loads that simulate intended load shall continue for 2 hours observing and recording load changes and the resultant effect on voltage and frequency.

7.13.10.2: Delete and replace with the following: The complete crank/rest cycle shall consist of 3-15 second crank cycles with 15 second rest periods between cranks.

7.13.13: Add new paragraph to read as follows: Transfer switches shall be tested in accordance with 8.4.6 as modified by New York City.

Subsection 700.4(F) - Add a new subsection 700.4(F) to read as follows:

***(F) Maintenance and Operational Testing.** Maintenance and operational testing shall be performed and documented in accordance with NFPA 110-2005, Section 8, amended as follows:*

8.1.2: Delete.

8.2: Delete.

8.3.1: Delete the following text from the end: " ...for the type and for the time duration specified for the class."

8.3.4: Delete and replace with the following: A written record of the EPSS inspection, tests, exercising, operation, and repairs shall be maintained on premises and made available to the Commissioner of Buildings on request. Records shall be inclusive of the transfer switches and storage batteries.

8.4.4.1: Add a new sentence to read as follows: Inspection shall consist of observation of all EPSS components for leaks, abnormal device position and status of all alarm/trouble indicators.

8.4.5: Delete.

8.4.6: Change "monthly" to "semi-annually".

8.4.6.1: Change "monthly" to "semi-annually".

SECTION 700.5
Subsection 700.5 (B) - Delete third paragraph of subsection 700.5(B), revise the first paragraph of such subsection and add a fine print note to read as follows:

The alternate power source shall be permitted to supply emergency, and optional standby system loads where the source has adequate capacity or where automatic selective load pickup and load shedding is provided as needed to ensure adequate power to (1) emergency circuits and (2) optional standby circuits, in that order of priority. The alternate power source shall be permitted to be used for peak load shaving, provided the above conditions are met.

FPN: Peak reduction program may require utility approval.

SECTION 700.6
Subsection 700.6 (E) - Add a new subsection 700.6(E) to read as follows:

***(E) Mechanical Operation.** Means shall be provided to mechanically operate the switch without hazard to personnel.*

Subsection 700.6 (F) - Add a new subsection 700.6(F) to read as follows:

***(F) Temporary Connections for Portable Generators.** Temporary connection of a portable generator without transfer equipment shall be permitted where conditions of maintenance and supervision ensure that only qualified persons service the installation and where the normal supply is physically isolated by a lockable disconnect means or by disconnection of the normal supply conductors. Portable generators shall not be paralleled except by special permission.*

Subsection 700.6 (G) - Add a new subsection 700.6(G) to read as follows:

***(G) Permanent Connections for Portable Generators.** Where a permanent installation is made for a portable generator, a disconnecting means and overcurrent protection shall be provided at the point of connection for the portable generator. Capacity shall not exceed the capacity of the permanent installation.*

SECTION 700.7
Section 700.7 - Revise to read as follows:

Audible and visual signal devices shall be provided at a continuously supervised location for the following purposes.

SECTION 700.9
Subsection 700.9(A) - After the first sentence, add a new sentence to read as follows:

Acceptable means of marking shall include, but is not limited to, a permanently affixed identification nameplate, yellow in color with black lettering.

SECTION 700.10
Section 700.10 - Add a new section 700.10 to read as follows:

700.10 Conductors for Emergency Circuits.

***(A) Ampacity of Conductors.** See Section 445.12.*

***(B) Installation of Conductors.** Generator conductors shall be installed in accordance with the requirements of Article 230, Service Entrance Conductors.*

***(C) Overcurrent Devices.** There shall be no limit to the number of overcurrent devices connected to the generator terminal conductors.*

***(D) Fire System Pumps.** Fire system pumps or fire protection pumps requiring connections directly to the emergency generator as defined in the New York City Building Code shall be connected as follows:*

(1) Circuits supplying fire system pumps shall be connected directly to the emergency generator with only one overcurrent protective device which shall be rated at not less than 150% and not more than 600% of the pump full load current.

Exception: Limited Service Fire Pump. Limited service fire pumps shall be protected by an overcurrent device selected at 150% of motor full load current. The next larger available device size may be used where selection results in a non-standard device size

(2) Where multiple generators are paralleled, the connection for the fire system pumps shall be taken from the generator paralleling bus.

Exception: Limited service fire pumps are not required to be directly connected to the emergency generator and may have additional overcurrent protective devices.

(3) Conductors and transformers feeding the system shall be sized at 125% of the pump full load current.

(4) Separate circuits shall be used for each fire system pump.

*(E) **Alarm Systems.** All building-wide alarm systems shall be directly connected to the emergency generator with overcurrent protective devices as follows:*

208/120 V systems - by a dedicated single set of fused cutouts.

460/265 V systems - by a dedicated fused disconnecting means with fused cutouts on the secondary of associated transformer.

Dedicated automatic transfer switch for all such systems.

SECTION 700.12

Section 700.12 - Revise the fourth paragraph and add a new exception to read as follows and delete the fine print notes:

Fire, sprinkler, standpipe, smoke detection, oxygen, nitrous oxide and other alarm or extinguishing systems shall be connected to the line side of the service equipment and shall have separate overcurrent protection.

Exception: Such systems installed for local area protection only, may connect ahead of the supply to the area protected.

Subsection 700.12(B)(2) - Revise the first sentence to read as follows:

Where internal combustion engines are used as the prime mover, an on-site fuel supply shall be provided sufficient for not less than 6 hours of operation at full demand load.

Subsection 700.12(B)(6) - Revise to read as follows:

*(6) **Outdoor Generator Sets.** Where an outdoor generator set is permanently installed and is equipped with a disconnecting means and such generator set is located within sight of the building or structure supplied, an additional disconnecting means shall not be required where ungrounded conductors pass through the building or structure. Appropriate signage shall be provided at the generator set and at the first disconnecting means within the building or structure supplied.*

Subsection 700.12(B)(7) - Add new subsection 700.12(B)(7) to read as follows:

*(7) **Temporary Generators.** The equipment grounding conductor(s) of the derived system shall be bonded to the grounding electrode system.*

FPN: See Section 250.34 for grounding of generator frame.

Separately Derived System. Where a temporary portable generator is a separately derived system, it shall be grounded in accordance with 250.30.

Not A Separately Derived System. Where a temporary portable generator is not a separately derived system, a grounding connection shall not be made to the grounded circuit conductor.

Subsection 700.12(C) - Add an exception to read as follows:

Exception: Uninterruptible power supplies shall not be permitted as the transfer device for fire alarm systems.

Subsection 700.12(D) - Revise the first sentence of subsection 700.12(D) to read as follows:

Where acceptable to the Commissioner of Buildings as suitable for use as an emergency source, a second service independent of the source normally supplying the building shall be permitted.

Subsection 700.12(E) - Delete the subsection in its entirety.

SECTION 700.26

Section 700.26 - Revise to read as follows:

***700.26 Ground Fault Protection of Equipment.** The alternate source for emergency systems shall not be permitted to have ground fault protection for equipment with automatic disconnecting means. Ground fault indication of the emergency source shall be provided per Section 700.7(D).*

SECTION 700.30

*Section 700.30 - Add a new section 700.30 under a new part "**VII Grounding**" of Article 700 to read as follows:*

VII. Grounding

***700.30 General.** Grounding shall be in accordance with the provisions of Article 250.*

SECTION 700.31

Section 700.31 - Add a new section 700.31 to read as follows:

700.31 Control Circuits.

*(A) **Grounding.** Low voltage control circuits and DC control circuits derived from engine generator starting batteries shall have one leg grounded.*

***Arrangements.** Control circuits shall be arranged so that an additional accidental*

ground shall not cause operation of the connected devices.

***Return Path.** Control circuits shall not make use of the equipment grounding conductor as a circuit path.*

ARTICLE 701

***Legally Required Standby Systems** - Delete the article in its entirety and add a FPN to read as follows:*

FPN: All legally required standby systems are classified as emergency systems.

ARTICLE 702

Optional Standby Systems

SECTION 702.6

Section 702.6 - At the Exception, add a second sentence to read as follows:

Portable generators shall not be paralleled, except by special permission.

SECTION 702.9

Section 702.9 - Add exception and FPN to read as follows:

Exception: Standby system wiring shall be isolated from other general wiring when system voltage exceeds 250 Volts nominal and conductors are protected by first or second level overcurrent devices.

FPN: See 300.3(C)(1) Exception No. 2 for additional information.

SECTION 702.12

Section 702.12 - Add a new section 702.12 to read as follows:

***702.12 Portable and Temporary Generators.** Portable and Temporary Generators shall comply with 700.6(G) and 700.12(B)(7).*

ARTICLE 705

Interconnected Electric Power Production Sources

SECTION 705.40

Section 705.40 - Add a second paragraph to read as follows:

Special detection methods shall be required to determine that a primary source supply system outage has occurred, and whether there should be automatic disconnection. When the primary source supply is restored, special detection methods shall be required to limit exposure of power production to out-of-phase reconnection.

- Delete FPN No.1 and renumber FPN No.2 as FPN.

SECTION 705.42

Section 705.42 - Delete "or legally required standby" from the last sentence.

ARTICLE 725

Class 1, Class 2 and Class 3 Remote-Control, Signaling and Power-Limited Circuits

SECTION 725.3

Subsection 725.3(C) - Revise the last sentence to read as follows:

Type CL2P or CL3P cables shall be permitted for Class 2 and Class 3 circuits in other spaces used for environmental air.

SECTION 725.8
Section 725.8 - Revise third sentence to read as follows:

Such cables shall be supported by approved non-combustible straps, staples hangers or similar fittings and related installation accessories designed and installed so as not to damage the cables.

- Add a fine print note to read as follows:

FPN: Exposed wiring is intended to be securely held in place during fire conditions to avoid entrapment of fire response personnel due to loose hanging wiring.

SECTION 725.51
Section 725.51 - Revise the exception by changing "14 AWG" to "12 AWG".

SECTION 725.52
Subsection 725.52(A) - Delete Exception No.2 and its FPN.

SECTION 725.55
Section 725.55 - Delete references to "non-power limited fire alarm" in all instances.

Subsection 725.55(I) - Delete references to "rigid nonmetallic conduit" and "liquidtight flexible nonmetallic conduit".

SECTION 725.56
Subsection 725.56(E)(1) - Delete subsection 725.56(E)(1) in its entirety.

SECTION 725.61
Subsection 725.61(A) - Revise the title and the first sentence to read as follows:

(A) Other Spaces Used For Environmental Air. *Cables installed in other spaces used for environmental air shall be Type CL2P or CL3P.*

Subsection 725.61(E)(5) - Delete subsection 725.61(E)(5) in its entirety.

ARTICLE 727
Instrumentation Tray Cable: Type ITC

SECTION 727.4
Section 727.4 - Revise to read as follows:

727.4 Uses Permitted. *Where approved, Type ITC cable shall be permitted to be used as follows in industrial establishments where conditions of maintenance and supervision ensure that only qualified persons will service the installation:*

(1) In cable trays.

(2) In raceways.

(3) In hazardous locations as permitted in Articles 501.10, 502.10, 503.10, 504.20, 504.30, 504.80 and 505.15.

(4) Enclosed in a smooth metallic sheath, continuous corrugated metallic sheath, or interlocking tape armor applied over the nonmetallic sheath in accordance with Section 727.6. The cable shall be supported and secured at intervals not exceeding 1.83m (6 ft).

(5) Between cable tray and equipment in lengths not to exceed 7.62 m (25 ft), where the cable complies with the crush and impact requirements of Type MC cable and is identified for such use. The cable shall be supported and secured at intervals not exceeding 1.83m (6 ft).

ARTICLE 760
Fire Alarm Systems

SECTION 760.1
Section 760.1 - Revise to read as follows:

760.1 Scope. *The installation of wiring and equipment shall be as required by RS 17-3, RS 17-3A, RS 17-3B, and RS 17-3C of the New York City Building Code.*

Int. No. 426

By Council Members Dilan, Comrie, Gonzalez, Nelson, Seabrook and Stewart (by request of the Mayor)

A Local Law to amend the administrative code of the city of New York, in relation to the maintenance of sprinkler systems in certain residential occupancies.

Be it enacted by the Council as follows:

Section 1. Section 27-2050 of the administrative code of the city of New York is REPEALED.

§2. Subdivision c of section 27-4265 of the administrative code of the city of New York, as amended by local law number 10 for the year 1999, is amended to read as follows:

c. Sprinkler and/or standpipe system maintenance and inspections.

1. In all buildings and spaces, except buildings and spaces classified in occupancy group J-2 or J-3 *and except in every converted dwelling, or every tenement used, in whole or in part, for single room occupancy, regardless of occupancy classification, in which a sprinkler system has been installed pursuant to the requirements of the multiple dwelling law*:

(a) Automatic and non-automatic sprinkler systems shall be inspected at least once a month by a competent person holding a certificate of fitness, employed by the owner, to see that all parts of the system are in perfect working order, and that the fire department connection or connections, if any, are ready for immediate use by the fire department. A detailed record of each inspection shall be kept for examination by a representative of the fire department.

(b) There shall be kept available at all times in the premises a supply of at least six extra sprinkler heads to replace promptly any fused or damaged sprinklers. There shall be one or more employees instructed in the maintenance of sprinkler systems.

(c) Upon order of the fire commissioner, but at least once every five years, the fire department connection or connections, if any, for a sprinkler and/or standpipe system shall be subjected to a hydrostatic pressure test and the standpipe system shall also be subjected to a flow and pressure test to demonstrate its suitability for fire department use. The test shall be conducted at the owner's risk, by his or her representative and before a representative of the fire department.

2. In buildings and spaces classified in occupancy group J-2 [with four or more dwelling units] *and in every converted dwelling, or every tenement used, in whole or in part, for single room occupancy, regardless of occupancy classification, in which a sprinkler system has been installed pursuant to the requirements of the multiple dwelling law*:

(a) Automatic and non-automatic sprinkler systems shall be inspected at least once a month by a competent person[holding a certificate of fitness], employed by the owner, *holding a certificate of fitness issued by the department, a fire suppression contractor license issued by the department of buildings, or, for a sprinkler system with not more than thirty sprinkler heads, holding a master plumber license issued by the department of buildings*, to see that all parts of the system are in perfect working order, and that the fire department connection or connections, if any, are ready for immediate use by the fire department[, provided, however, that in any such building that does not exceed six stories or seventy-five feet in height and in which a secondary means of egress is provided for all dwelling units and occupiable spaces used by building occupants, and in any such space in a building that does not exceed six stories or seventy-five feet in height and in which a secondary means of egress is provided for all dwelling units and occupiable spaces used by building occupants, a sprinkler system shall be inspected at least once every six months by a competent person, employed by the owner, holding a certificate of fitness issued by the fire department, a fire suppression contractor license issued by the department of buildings, or, for a sprinkler system with not more than thirty sprinkler heads, holding a master plumber license issued by the department of buildings]. Such inspection shall include a check of [the valve] *all control valves* on [the main supply to] the system, *including the main supply control valve*, making certain the [valve is] *valves are* fully open and sealed in such open position, *a check of the static pressure in the sprinkler system from a pressure gauge, if installed, located at or near the inspector's test connection, making certain the system design pressure is being maintained*, a check to insure that all sprinkler heads are in place and such other requirements as the commissioner may prescribe. A detailed record of each inspection shall be kept for examination by a representative of the fire department.

(b) There shall be kept available at all times in the premises a supply of at least six extra sprinkler heads, to replace promptly any fused or damaged sprinklers, except that a supply of at least three extra sprinkler heads shall be kept available for any sprinkler system installed in accordance with reference standard RS 17-2A. There shall be one or more employees instructed in the location and status of the sprinkler system control valves.

(c) [A] *Upon order of the fire commissioner, but at least once every year, a* flow test shall be conducted of a sprinkler system [at least once every thirty months]; *provided, however, that in any building or space except any converted dwelling, or any tenement used, in whole or in part, for single room occupancy, regardless of occupancy classification, where there is a pressure gauge installed at or near the inspector's test location that is checked during the required monthly inspection described in subparagraph a of this subdivision to make certain the system design pressure is being maintained, a flow test of the sprinkler system shall be conducted upon order of the fire commissioner, but at least once every thirty months.* Such test shall be conducted at the owner's risk by his or her representative, who shall be a licensed master plumber or licensed master fire suppression contractor. A report of such test, on a form prepared by the fire department, shall be certified by such licensed master plumber or licensed master fire suppression contractor and shall be kept for not less than five years for examination by a representative of the fire department.

(d) Upon order of the fire commissioner, but at least once every five years, a hydrostatic pressure test shall be conducted of any fire department connection or connections for the sprinkler and/or standpipe system, a flow and pressure test shall be conducted of the standpipe system to demonstrate its suitability for fire department use, and, as required by [paragraph] *subparagraph* c of this [subdivision] *paragraph*, a flow test shall be conducted of the sprinkler system. The tests shall be conducted at the owner's risk, by his or her representative and before a representative of the fire department. A report of such test, on a form prepared by the fire department, shall be kept for not less than five years for examination by a representative of the fire department.

(e) The owner or managing agent of any building subject to the requirements of this section shall maintain a record of each inspection and test and a listing of all outstanding violations issued pursuant to this section. Such records and listing shall be made available for inspection by occupants of such residential building or space during normal business hours.

3. A system of automatic sprinklers in buildings classified in occupancy group [J-2 with not more than three dwellings units and buildings classified in occupancy group] J-3 shall be maintained in perfect working order.

§3. This local law shall take effect 180 days after its enactment; provided, however, that the fire commissioner may take any and all actions necessary to implement the provisions of this local law prior to its effective date.

Referred to the Committee on Housing and Buildings.

Int. No. 427

By Council Members Fidler, Brewer, Comrie, Felder, Liu, Nelson, Weprin and Oddo

A Local Law to amend the administrative code of the city of New York, in relation to the distribution of unsolicited printed material to any building or premises and to repeal subdivision five of section 16-118 of such code.

Be it enacted by the Council as follows:

Section 1. Subdivision 5 of Section 16-118 of administrative code of the city of New York is REPEALED and a new subdivision 5 is added to read as follows:

5. (a) It shall be unlawful for any person to distribute or cause to be distributed any unsolicited printed material to any building or premises that has posted a sign stating that unsolicited printed material is not wanted.

(b) Any sign posted pursuant to paragraph (a) of subdivision 5 shall state the following in letters at least one-half inch in height: "This building does not want to receive any unsolicited printed material." Said sign shall be securely placed on the building within three feet to the left or right of the building entrance and no less than four feet nor more than six feet from the ground.

§2. This local law shall take effect immediately.

Referred to the Committee on Sanitation and Solid Waste Management.

Int. No. 428

By Council Members Gerson, Brewer, Dickens, Seabrook, Sears, Stewart, Weprin and Mark-Viverito

A Local Law to amend the administrative code of the city of New York, in relation to requirements for promotion of individuals serving in Emergency Medical Service positions within the New York City Fire Department.

Be it enacted by the Council as follows:

Section 1. Section 15-110 of the administrative code of the city of New York is amended to read as follows:

§15-110 Promotions. Promotions of officers and members of the force *and officers and members of the department who serve in emergency medical service positions,* shall be made by the commissioner on the basis of seniority, meritorious service in the department and superior capacity as shown by competitive examination. Individual acts of personal bravery may be treated as an element of meritorious service in such examination, the relative rating therefor to be fixed by the commissioner of citywide administrative services. The fire commissioner shall transmit to the commissioner of citywide administrative services in advance of such examination the complete record of each candidate for promotion.

§2. If any section, subsection, sentence, clause, phrase, or other portion of this local law is for any reason declared unconstitutional or invalid, in whole or in part, by any court of competent jurisdiction, such portion shall be deemed severable, and such unconstitutionality or invalidity shall not affect the validity of the remaining portions of this local law, which remaining portions shall continue in full force and effect.

§3. This local law shall take effect immediately.

Res. No. 499

Resolution declaring the month of September 2006 as the "Act for Education Month" in the City of New York.

By Council Members Jackson, Comrie, Dickens, Fidler, Gerson, Gonzalez, James, Liu, Mealy, Mendez, Nelson, Palma, Recchia, Sanders, Seabrook, Weprin and Foster

Whereas, According to the Alliance for Quality Education, based on New York State Education Department (NYSED) data, one in three students across New York State does not graduate on time, and in many communities the graduation rate is even lower; and

Whereas, According to a 2004 article published by Education Trust, New York State has the largest funding gap in the nation between high and low income school districts and one of the highest student achievement gaps; and

Whereas, The New York State Court of Appeals has ruled, in the *Campaign for Fiscal Equity* case, that the State of New York is failing in its constitutional obligation to provide New York City's public school students with access to a sound basic education; and

Whereas, Increased educational funding, invested in proven educational strategies including small class sizes, qualified teachers in every classroom, universal pre-Kindergarten, academic enrichment and remediation, and up-to-date instrumentalities of learning, combined with clear accountability provisions, is a sound strategy to increase educational outcomes; and

Whereas, Although the Court of Appeals specified significant increases in school funding as necessary to providing a sound basic education, to date, the State has failed to allocate sufficient operating funds to the City of New York; and

Whereas, Further, according to NYSED's analysis of school finances in New York State's school districts, the proportion of total school funding in New York State provided by the State government is at its lowest level in fifty years, and there is a tremendous need to provide additional school funding through increased state aid rather than increased local taxes; and

Whereas, The same needs as those identified in the *Campaign for Fiscal Equity* case continue in the New York City schools to this day, including overcrowded classrooms and schools, an inadequate supply of qualified teachers, and a lack of up-to-date textbooks, science labs and other instrumentalities of learning; and

Whereas, Every delay in increased funding has real and enduring educational costs for the 1.1 million students enrolled in the New York City public schools; and

Whereas, The Alliance for Quality Education and the Campaign for Fiscal Equity is encouraging participation in "Act for Education Month" during September 2006, in order to highlight the needs of our school children; now, therefore, be it

Resolved, That the Council of the City of New York declares the month of September 2006 as the "Act for Education Month" in the City of New York.

Referred to the Committee on Education.

Res. No. 500

Resolution calling upon the New York State Legislature to pass and the Governor to sign A.231, an act to amend the alcoholic beverage control law, in relation to authorizing the creation of an alcoholic beverage control board in and by the City of New York.

By Council Members Katz, Brewer, Comrie, Dickens, Fidler, Gerson, James, Liu, Palma, Recchia, Sanders, Seabrook, Weprin, Mark-Viverito, Foster and Gentile.

Whereas, The New York State Assembly is currently considering bill number A.231, an act to amend the alcoholic beverage control law, in relation to authorizing the creation of an alcoholic beverage control board in and by the City of New York, a bill that has been introduced in various versions in four previous Assembly sessions; and

Whereas, Assembly Member Audrey Pheffer introduced A.231 to provide for the establishment of a New York City Liquor Authority (CLA) to license and regulate the retail alcoholic beverage business in the City and provide for its functions, powers, and duties; and

Whereas, Section 17 of the New York State Alcoholic Beverage Control Law currently empowers the New York State Liquor Authority to, among other responsibilities, "issue or refuse to issue any license or permit," to "limit in its discretion the number of licenses of each class to be issued within the state or any political subdivision thereof," to "revoke, cancel or suspend for cause any license or permit issued," and to report on "the effectiveness of the prohibition on the sale of alcohol to persons under the age of twenty-one;" and

Whereas, New York City communities have been demanding increased oversight and regulation of the licensure of alcohol sales, arguing, as referenced in A.231's Legislative Memo, that the New York State Liquor Authority (SLA), "has too few inspectors to properly provide enforcement," and "issues liquor licenses without community input and does not effectively monitor and enforce the alcoholic beverage control law" and "[t]herefore, quality of life has drastically been impacted;" and

Whereas, Under the provisions of A.231, a New York CLA would be empowered to issue or refuse any license or permit for the sale of alcoholic beverages at retail; to limit the number of licenses in each class; to revoke, cancel or suspend for cause any license or permit issued pursuant to this proposed law and impose a civil penalty; to hold hearings in order to determine whether such license should be granted, revoked or suspended; to make an annual report to the Mayor, Council of the City of New York and the Borough Presidents of its activities for the previous year; and to appoint advisory committees to provide assistance to the CLA as it deems appropriate; and

Whereas, Recent violent incidents have raised New Yorkers' awareness of the need for increased local control over alcohol-selling businesses, especially in the area of enforcement; and

Whereas, The creation of a CLA would ensure greater communication with local residents, with neighborhood interests, with community boards, with local elected officials, and with establishments that would be subject to CLA licensure and greater control over, and accountability for, enforcement; and

Whereas, The Council of the City of New York feels strongly that residents of New York City and their neighborhoods have suffered too long under a system that misconstrues the realities of an urban community with respect to the sale of alcoholic beverages and warrants local solutions to problems that most frequently arise in New York City; now, therefore, be it

Resolved, The Council of the City of New York calls upon the New York State Legislature to pass and the Governor to sign A.231, an act to amend the alcoholic beverage control law, in relation to authorizing the creation of an alcoholic beverage control board in and by the City of New York.

Referred to the Committee on Governmental Operations.

Res. No. 501

Resolution calling on the State Liquor Authority (SLA) to ban the practice and licensure of applicants proposing "bottle service" in the state of New York and to strengthen enforcement of the laws regarding alcohol consumption, especially in relation to service to minors and, if the SLA does not take such action, calling on the New York State Legislature to pass legislation banning "bottle service."

By Council Members Katz, Brewer, Comrie, Gerson, James, Palma, Recchia, Seabrook, Weprin, Mark-Viverito, Foster and Gentile.

Whereas, A vibrant, exciting nightlife is one of New York City's signature attributes, setting it apart from other municipalities and unquestionably contributing to New York's prominence among cities of the world; and

Whereas, One of the hallmarks of the City's nightlife experience is the nightclub, a venue in which revelers may come together to socialize, drink, dance, or eat; and

Whereas, Recent years have seen an explosion of nightclubs offering "bottle service," in which customers are required to purchase one or more expensive bottles of hard liquor, initially required to obtain access to an exclusive "VIP" lounge and now, with increasing regularity, simply to be permitted to enter the premises; and

Whereas, Bottle service is not the first entrance requirement proposed by nightlife establishments, as cover charges and drink purchase minimums are standard practices in the industry; and

Whereas, In contrast to cover charges and drink purchase minimums, this new iteration in nightlife entry protocol drastically increases patrons' incentive to drink intemperately and promotes dangerous levels of drunkenness; and

Whereas, A recent spate of violent crime associated with excessive alcohol consumption has brought the matter of rampant drinking to the forefront of public concern, cultivating a growing concern that while nightlife is integral to New York City's social and economic development, it cannot be allowed to abet violence or encourage essentially self-destructive alcohol consumption; and

Whereas, According to its 2003/2004 Annual Report, the New York State Liquor Authority (SLA) collected $5.8 million in penalties; and

Whereas, Section 17(2) of the New York State Alcoholic Beverage Control (ABC) Law empowers the New York State Liquor Authority (SLA) to issue, refuse to issue, limit, or "prohibit the acceptance of applications for such class or classes of licenses which have been so limited;" and

Whereas, Section 17(13) of the ABC Law further requires the SLA to report bienially on its consideration of quality of life concerns in the issuance of liquor licenses, on possible improvements to enforcement methodologies, on the appropriate distribution of field enforcement personnel, and, under Section 17(8-a), requires an annual "evaluation of the effectiveness of the prohibition on the sale of alcohol to persons under the age of twenty-one;" and

Whereas, So empowered and required, the SLA's responsibility to promote a socially responsible and effectively regulated atmosphere for those of-age New Yorkers who choose to consume alcohol is an increasingly critical mandate in the wake of the aforementioned criminal activity; now, therefore, be it

Resolution calling on the State Liquor Authority (SLA) to ban the practice and licensure of applicants proposing "bottle service" in the state of New York and to strengthen enforcement of the laws regarding alcohol consumption, especially in relation to service to minors and, if the SLA does not take such action, calls on the New York State Legislature to pass legislation banning "bottle service."

A Local Law to amend the administrative code of the city of New York, in relation to requiring certain employers to provide employees the opportunity to use pre-tax earnings to purchase qualified transportation benefits in accordance with federal law.

Be it enacted by the Council as follows:

Section 1. Section 12-139 of title 12 of the administrative code of the city of New York is amended to read as follows:

§12-139 **Election of qualified transportation benefits in lieu of taxable dollar compensation.** *a.* Employees of the city of New York shall be permitted to use pre-tax earnings to purchase qualified transportation benefits, other than qualified parking, in accordance with federal law and shall thereupon be entitled to such personal income tax benefits as may be authorized by such law.

b. Every individual, corporation or other entity with fifty or more employees in the city of New York shall offer such employees the opportunity to use pre-tax earnings to purchase qualified transportation benefits, other than qualified parking, in accordance with federal law. The minimum amount of pre-tax earnings that shall be made available monthly by such individual, corporation or other entity to such employees for such qualified transportation benefits shall be the lesser of the cost of a monthly thirty day unlimited ride metrocard or the employee's actual monthly qualifying transportation expenses.

§2. This local law shall take effect one hundred twenty days after it is enacted into law.

Res. No. 503

Resolution calling upon the Commissioner of Major League Baseball, Bud Selig, to retire number 21 in recognition of Roberto Clemente, a great baseball player and humanitarian.

By Council Member Mark-Viverito, Dickens, Gonzalez, Mendez, Monserrate, Nelson, Palma, Sanders, Seabrook, Weprin, Foster, Gallagher, Lanza and Oddo

Whereas, Roberto Clemente was born in Carolina, Puerto Rico on August 18, 1934, and was a legendary baseball figure, who played for the Pittsburgh Pirates from 1955 to 1972; and

Whereas, According to the Major League Baseball (MLB) organization, Roberto Clemente was an all-around superstar, winning four national batting titles and 12 Gold Gloves for fielding excellence, and was instrumental in the Pirates' victories in both the1960 and 1971 World Series; and

Whereas, Roberto Clemente was not only an exemplary baseball player, but was also a humanitarian, dedicating himself to improving the quality of life in the city of Pittsburgh, his native country of Puerto Rico, and communities throughout Latin America, through charitable activities and baseball clinics; and

Whereas, Roberto Clemente also served as a trailblazer for future Latino baseball players by advocating for the acceptance of Latinos in baseball, and, because of his efforts, he is credited with opening doors and breaking barriers for many Latino players; and

Whereas, One of Roberto Clemente's most notable humanitarian efforts was establishing, in 1972, the Roberto Clemente Sports City in Carolina, Puerto Rico, to help disadvantaged children develop athletic skills and to prevent drug abuse; and

Whereas, Roberto Clemente tragically died on New Year's Eve in 1972, in a plane crash on his way to deliver relief supplies to earthquake victims in Managua, Nicaragua; and

Whereas, Roberto Clemente was the first Latino inducted into the National Baseball Hall of Fame in 1973, and various awards have been named in his honor to commemorate his contributions to baseball and humanitarianism; and

Whereas, Many grassroots activists and baseball fans have lobbied the MLB to retire Roberto Clemente's uniform number from all teams, an honor given to date to only one baseball player, Jackie Robinson; and

Whereas, Latino Sports and Hispanics Across America have launched campaigns to collect signatures in support of retiring Roberto Clemente's number 21, to be presented to the Commissioner of the MLB, Bud Selig; now, therefore, be it

Resolved, That the Council of the City of New York calls upon the Commissioner of Major League Baseball, Bud Selig, to retire number 21 in recognition of Roberto Clemente, a great baseball player and humanitarian.

A Local Law to amend the administrative code of the city of New York, in relation to composting of yard waste.

Be it enacted by the Council as follows:

Section 1. Section 16-308 of the administrative code of the city of New York is amended by adding new subdivisions g and h to read as follows:

g. Generators of yard waste, except those identified in paragraph h of this section, must separate, tie, bundle or place in paper bags any yard waste set out for collection by the department pursuant to paragraph b of this section. Yard waste of any type shall not be placed in any bags or containers composed of any material other than paper. The commissioner shall notify all residents that receive composting pickups of this requirement and undertake any other action necessary to educate residents regarding this requirement.

h. Any business licensed by the department of consumer affairs to perform landscaping services or any business that by the nature of its work creates yard waste, which shall include but not be limited to, grass clippings, leaves, tree trimmings, shrub trimmings or any vegetative waste from general yard cleanup shall be required to collect and dispose of said yard waste at a licensed composting facility and shall not leave it for collection by the department.

§2. Subdivision a of section 16-324 of the administrative code of the city of New York is amended to read as follows

§16-324 Enforcement. a. Any person who violates this chapter or any rule or regulation promulgated pursuant thereto shall be liable for a civil penalty recoverable in a civil action brought in the name of the commissioner or in a proceeding returnable before the environmental control board in an amount of twenty-five dollars for the first violation, fifty dollars for the second violation and one hundred dollars for the third and each subsequent violation, provided that the court before which such civil action is brought or such board may waive the penalty for the first violation upon a showing of good cause. A person committing a fourth and any subsequent violation within a period of six months shall be classified as a persistent violator and shall be liable for a civil penalty of five hundred dollars for each violation. For a persistent violation only, except where such violation occurs at a building of less than nine dwelling units, each container or bag containing solid waste that has not been source separated or placed out for collection in accordance with the regulations promulgated by the commissioner pursuant to this chapter shall constitute a separate violation, provided that no more than twenty separate violations are issued on a per bag or per container basis during any twenty-four hour period. Before issuing any further notice of violations to a persistent violator after the fourth violation within a period of six months, the commissioner shall give such violator a reasonable opportunity to correct the condition constituting the violation, *except that any person who violates subdivision h of section 16-308 of this chapter shall be liable for a civil penalty in the amount of one thousand dollars for a first offense, two thousand five hundred dollars for a second offense and five thousand dollars for a third or subsequent offense. A person who is found to have violated subdivision h of section 16-308 of this chapter for a third or subsequent time shall also be subject to the suspension or revocation of any licensed issued by the department of consumer affairs in accordance with the procedures of that department.*

A Local Law to amend the administrative code of the city of New York, in relation to requiring the recycling of construction waste.

Be it enacted by the Council as follows:

Section 1. Section 16-303 of the administrative code of the city of New York is amended by adding a new subdivision q to read as follows:

q. "Construction waste" means non-putrescible waste materials resulting from the demolition, construction, alteration or excavation of any building or structure, including, but not limited to, materials such as dirt, earth, plaster, dry-wall, metal components, concrete, rock, rubble, slag, ashes, yard waste, roofing shingles, wood and glass.

§2. Section 16-306 of the administrative code of the city of New York is amended by adding a new paragraph c to read as follows:

c. Any businesses engaged in the removal of construction waste, required to be licensed pursuant to section 16-505 of this code, shall cause to be recycled or reused at least one-half of all construction waste that they collect, as measured by weight. The New York city business integrity commission shall adopt and implement rules requiring businesses licensed to remove, collect or dispose of construction waste to provide for the collection of, and for the reuse or recycling of such waste. Rules promulgated by the business integrity commission pursuant to this subdivision shall be enforced in the manner provided in section 16-517 of this code. The commissioner shall have the authority to issue a notice of violation for any violation of such rule or of this subdivision and such notices of violation shall be returnable in a proceeding brought in the name of the commissioner before the environmental control board which may impose a penalty not to exceed ten thousand dollars for each such violation.

A Local Law to amend the administrative code of the city of New York, in relation to prohibiting the sale of certain flavored tobacco products.

Be it enacted by the Council as follows:

Section 1. Chapter 8 of title 17 of the administrative code of the city of New York is renumbered as chapter 9 and amended to read as follows:

CHAPTER [8]*9*: REGULATION OF THE SALE OF HERBAL CIGARETTES *AND FLAVORED TOBACCO PRODUCTS*

§[17-701]*17-901*. Definitions.

§[17-702]*17-902*. Sale of herbal cigarettes to minors prohibited.

§[17-703.]*17-903. Sale of flavored tobacco products prohibited.*

§17-904. Violations and penalties.

§17-905. Enforcement.

§17-906. Rules.

§[17-701]*17-901*. Definitions. Whenever used in this chapter, the following terms shall be defined as follows:

a. ["Person" means any natural person, partnership, firm, joint stock company, corporation, or employee thereof, or other legal entity]*"Characterizing flavor" means any distinguishable taste or aroma experienced during consumption of a tobacco product, including, but not limited to, any such tastes or aromas relating to any fruit, chocolate, vanilla, honey, candy, mint, cocoa, dessert, alcoholic beverage, herb or spice; provided, however, that such term shall not include such tastes or aromas relating to any tobacco, menthol or clove.*

b. "Herbal cigarette" means a cigarette that is composed of one or more herbs and is not a tobacco product[as defined in subdivision r of section § 17-617 of this code].

c. "Hookah" means any traditional Middle Eastern or Asian water pipe used for the smoking of tobacco.

d. "Person" means any natural person, partnership, firm, joint stock company, corporation, or employee thereof, or other legal entity.

e. "Tobacco product" means any substance which contains tobacco, including, but not limited to, cigarettes, cigars, pipe tobacco and chewing tobacco.

§[17-702]*17-902*. Sale of herbal cigarettes to minors prohibited. It shall be unlawful for any person to sell or offer for sale herbal cigarettes to an individual under eighteen years of age.

§[17-703.]*17-903. Sale of flavored tobacco products prohibited. It shall be unlawful for any person to sell or offer for sale any tobacco product or any component part thereof, including, but not limited to, the tobacco, paper, roll or filter, which contains any natural or artificial constituent or additive that causes such tobacco product or its smoke to have a characterizing flavor; provided, however, that it shall not be unlawful for any person to sell or offer for sale any tobacco product or any such component part thereof which is designed for use in a hookah, whether or not such tobacco product or component part thereof causes such tobacco product or its smoke to have a characterizing flavor.*

§17-904. Violations and penalties. a. Any person who violates [any provision]*section 17-902* of this chapter or any rules promulgated hereunder shall be liable for a civil penalty of not less than two hundred and fifty dollars, nor more than two thousand dollars for each violation.

b. [A proceeding to recover any civil penalty authorized pursuant to the provisions of paragraph a of this section shall be commenced by the service of a notice of violation which shall be returnable to the administrative tribunal established by the board of health, where the department of health issues such notice, or the adjudication division of the department of consumer affairs where that department issues such notice.]*Any person who violates section 17-903 of this chapter shall be liable for a civil penalty of not more than three hundred dollars for the first violation; not more than five hundred dollars for the second violation at the same*

place of business within a two-year period; and not more than two thousand dollars for the third and all subsequent violations at the same place of business within a two-year period. In addition, for a third and all subsequent violations at the same place of business within a two-year period, any person who engages in business as a retail dealer, as such term is defined in section 11-1301 of the code, shall be subject to the mandatory suspension of his or her cigarette license, issued pursuant to 11-1303 of the code, for such place of business, for a period not to exceed one year. A cigarette license shall be suspended at the same hearing at which a retail dealer is found liable for a third violation or subsequent violations at the same place of business within a two year period.

§17-905. Enforcement. The department and the department of consumer affairs shall enforce the provisions of this chapter. A proceeding to recover any civil penalty authorized pursuant to section 17-904 of this chapter shall be commenced by the service of a notice of violation returnable to the administrative tribunal established by the board of health where the department issues such a notice or to the adjudication division of the department of consumer affairs where such department issues such a notice. The notice of violation or copy thereof when filled in and served shall constitute notice of the violation charged. Such notice shall contain a statement that any hearing for a third violation or subsequent violation of section 17-903 of this chapter at the same place of business within a two-year period shall also constitute a hearing for the suspension of a retail dealer's cigarette license where the retail dealer is found to be in violation of such section. The administrative tribunal of the board of health and the adjudication division of the department of consumer affairs shall have the power to render decisions and to impose the remedies and penalties provided for in section 17-904 of this chapter, in addition to any other remedies or penalties provided for the enforcement of such provisions under any other law including, but not limited to, civil or criminal actions or proceedings. The department and the department of consumer affairs shall notify each other within thirty days of finding that a retail dealer has been found liable for any section of this chapter.

§17-906. Rules. The commissioner of the department and the commissioner of the department of consumer affairs shall promulgate any rules as may be necessary for the purposes of carrying out the provisions of this section.

§2. This local law shall take effect one hundred twenty days after its enactment. Actions necessary to prepare for the timely implementation of this local law may be taken prior to its effective date.

Res. No. 504

Resolution calling upon the State of New York to recognize that human trafficking is a crime and to pass legislation criminalizing human trafficking and providing services and programs to trafficking victims.

By Council Members Sears, Arroyo, Avella, Brewer, Dickens, Felder, Fidler, Gerson, Gonzalez, James, Liu, Mealy, Mendez, Nelson, Palma, Recchia, Sanders, Weprin, Mark-Viverito, Foster and Oddo

Whereas, Human trafficking is defined as the recruitment and transportation of persons within or across boundaries by force, fraud or deception, for the purpose of exploiting them economically; and

Whereas, Human trafficking is a heinous crime which violates the human rights of its victims; and

Whereas, According to numerous reports, victims of trafficking most commonly work in sweatshops, restaurants and on farms, as well as in manufacturing trades, sex trades and as private domestic workers; and

Whereas, According to the Congressional Research Service (CRS) and the United States State Department, 700,000 to 2 million people, the majority of whom are women and children, are trafficked each year across international borders; and

Whereas, The United States Department of Justice (DOJ) estimates that 18,000 to 20,000 people are trafficked into the United States each year and forced into labor or sex trades for little or no pay; and

Whereas, The Federal Bureau of Investigation (FBI) estimates that human trafficking generates nearly $9.5 billion in annual revenue; and

Whereas, New York State's ports, airports, rail stations and international borders all contribute to use of New York as a hub for trafficking, and as a result many of the victims live in the tri-state area; and

Whereas, While some of the conduct that traffickers engage in are addressed by penal law, there is currently no law that specifically makes human trafficking a crime in New York State; and

Whereas, In 2004, DOJ undertook a comprehensive Trafficking Task Force Initiative which included the drafting of a Model State Anti-Trafficking Statue, and the U.S. Senate subsequently passed a resolution endorsing this model statue and encouraging states to adopt it; and

Whereas, The model legislation seeks to expand anti-trafficking authority to states in order to harness the nearly one million state and local law enforcement officers who might come in contact with trafficking victims; and

Whereas, It is imperative that New York State address human trafficking in order to help prevent this terrible crime and alleviate the suffering of its victims; now, therefore, be it

Resolved, That the Council of the City of New York calls upon the State of New York to recognize that human trafficking is a crime and to pass legislation criminalizing human trafficking and providing services and programs to trafficking victims.

Resolution declaring the week beginning July 28th as Peruvian Heritage Week, and July 28th as Peruvian Independence Day in the City of New York

By Council Members Sears, Dickens, Liu, Mark-Viverito, Mendez, Palma, Sanders, Weprin and Foster

Whereas, Peru gained independence from Spain on July 28, 1821, when the Republic of Peru was established as a sovereign and independent country; and

Whereas, The people of Peru have established a pluralistic democracy, which includes the freedoms cherished by the people of the United States, including the freedoms of speech, religion, association, and the press, as well as government by the consent of the governed; and

Whereas, Peru continues to serve as a model of democratic values, by regularly holding free and fair elections and promoting the free exchange of ideas; and

Whereas, Since Peru became an independent country, the interests of Peru and the United States have been closely aligned; and

Whereas, Peru is a supporter of the United States war on terror, and joins the United States in promoting political and economic freedoms, combating poverty, crime, disease and drugs, and promoting security, stability and prosperity; and

Whereas, The bonds of association and friendship between the peoples of the two countries have been strengthened by the large number of Peruvians who have migrated to the United States, and proudly, to the City of New York; and

Whereas, The Peruvians and Peruvian-Americans residing in the City of New York have made innumerable contributions to the City's social, economic, and political arenas, and Peru's rich identity and heritage have become an integral part of the cultural tapestry of this great City; now, therefore, be it

Resolved, That the Council of the City of New York declares the week beginning July 28th as Peruvian Heritage Week, and July 28th as Peruvian Independence Day in the City of New York.

By Council Members Weprin, Fidler, Gerson, James, Seabrook, Stewart and Mark-Viverito

A Local Law to amend the administrative code of the city of New York, in relation to the appeals of rejections of an application for a certificate of occupancy.

Be it enacted by the Council as follows:

Section 1. Article 22 of subchapter one of chapter one of title 27 of the administrative code of the city of New York is amended by adding a new section 27-222.1 to read as follows:

§27-222.1 Appeals of Rejections of an Application for a Certificate of Occupancy. (a) Upon the receipt of a rejection of any application for a certificate of occupancy by an employee or inspector of the department or a rejection of a field inspection, an applicant may appeal the rejection in writing through the following process:

(1) the applicant can appeal at any time after receipt of the rejection to the chief inspector of the borough in which the application is located. Upon submission of an appeal, the chief inspector shall have five business days to rule on the appeal. If the appeal is rejected, the chief inspector shall, with the permission of the applicant, submit an immediate appeal to the borough commissioner;

(2) if the appeal to the chief inspector results in the affirmance of the rejection or any portion thereof, then the applicant can appeal at any time after receipt of such affirmance to the borough commissioner of the borough in which the

application is located. Upon submission of an appeal, the borough commissioner shall have five business days to rule on the appeal;

(3) if the appeal to the borough commissioner results in the affirmance of the rejection or any portion thereof, then the applicant can appeal at any time after receipt of such affirmance to a panel consisting of each of the five borough commissioners. Upon submission of an appeal, the panel shall notify the applicant of the date of the hearing and provide the applicant with an opportunity to submit supporting materials and to be heard on the date of the hearing. The panel shall have twenty business days to hear and rule on the appeal;

(4)if the appeal to the panel results in the affirmance of the rejection or any portion thereof, then the applicant can further appeal at any time after receipt of such affirmance to the commissioner, or his or her designee. Upon submission of an appeal, the commissioner shall have twenty business days to rule on the appeal.

(5) all rejections of any application for a certificate of occupancy or of a field inspection, as well as any appeals and decisions concerning same, must be in writing.

(b) The department shall submit to the council two reports annually concerning the number of appeals and the number of appeals responded to in an untimely way by the department for subparagraphs (2), (3) and (4) of subdivision (a). One of the two annual reports shall be submitted to the council concurrent with the issuance of the mayor's management report, and the other annual report shall be submitted concurrent with the issuance of the preliminary mayor's management report. The period of reporting for the report issued concurrent with the mayor's management report shall be the most recently ended fiscal year, and the period of reporting for the report issued concurrent with the preliminary mayor's management report shall be the first four months of the fiscal year in which such report is issued.

(c) All decisions under subparagraphs (2), (3) and (4) of subdivision (a) shall be published by the department on its website and in an annual volume. Publication on the website shall be made within thirty business days of the decision. Each decision rejecting an application for a certificate of occupancy or affirming any rejection, including those objecting to any part of an application for a certificate of occupancy or affirming such objection shall state the reasons why the application or inspection is not in substantial compliance with the administrative code of the city of New York, including a list of the sections under which the application or inspection is not compliant. Any such decision made by a borough commissioner, the panel of the borough commissioners or the commissioner shall be used as a precedent for future determinations.

§2. This local law shall take effect immediately.

Int. No. 435

By Council Members Weprin, Fidler, Gerson, James, Nelson, Stewart and Mark-Viverito

A Local Law to amend the administrative code of the city of New York, in relation to appeals for approval of applications and plans.

Be it enacted by the Council as follows:

Section 1. Article 9 of subchapter one of chapter one of title 27 of the administrative code of the city of New York is amended by adding a new section 27-144.1 to read as follows:

§27-144.1 Appeals of Rejections of Applications and Plans. (a) Upon the receipt of a rejection of any plans, including an objection to any part of any plans, by a plan examiner of the department, an applicant may appeal the rejection in writing through the following process:

(1) the applicant can appeal at any time after receipt of the rejection to the chief engineer or examiner of the borough in which the application is located. Upon submission of an appeal, the chief engineer shall have five business days to rule on the appeal;

(2) if the appeal to the examiner or chief engineer results in the affirmance of the rejection or any portion thereof, then the applicant can further appeal at any time after receipt of such affirmance to the deputy commissioner of the borough in which the application is located. Upon submission of an appeal, the deputy commissioner shall have five business days to rule on the appeal;

(3) if the appeal to the deputy commissioner results in the affirmance of the rejection or any portion thereof, then the applicant can appeal at any time after receipt of such affirmance to the borough commissioner, or his or her designee, in the borough in which the application is located. Upon submission of an appeal, the borough commissioner shall have five business days to rule on the appeal;

(4) if the appeal to the borough commissioner results in the affirmance of the rejection or any portion thereof, then the applicant can appeal at any time after receipt of such affirmance to a panel consisting of each of the five borough commissioners. Upon submission of an appeal, the panel shall notify the applicant of the date of the hearing, which shall be no later than fifteen business days from the submission of the appeal, and the notice shall provide the applicant with an opportunity to submit supporting materials and to be heard on the date of the hearing. Upon submission of the appeal, the panel shall have twenty business days to rule on the appeal;

(5) if the appeal to the panel results in the affirmance of the rejection or any portion thereof, then the applicant can appeal at any time after receipt of such affirmance to the commissioner, or his or her designee. Upon submission of an appeal, the commissioner shall have twenty business days to rule on the appeal.

(6) All rejections of any plans or objections to any part of any plans, as well as any appeals and decisions concerning same, must be in writing.

(b) Should the rejection of any plans or objections to any part of any plans be for a job that a registered architect or professional engineer has professionally certified in accordance with the rules of the department, then the department shall not issue a revocation notice until (1) the registered architect or the professional engineer has reviewed the rejection or objections to the plans with a department plan examiner and accepted the findings of the department; or (2) the registered architect or professional engineer has appealed the findings of the plan examiner and such appeal has been rejected by the borough commissioner in the borough in which the application is pending. In the case of professionally certified plans, all appeals by the applicant must be made within five business days of the receipt of any rejection or adverse decision.

(c) The department shall submit to the council two reports annually concerning the number of appeals and the number of appeals responded to in an untimely way by the department for subparagraphs (3), (4) and (5) of subdivision (a). One of the two annual reports shall be submitted to the council concurrent with the issuance of the mayor's management report, and the other annual report shall be submitted concurrent with the issuance of the preliminary mayor's management report. The period of reporting for the report issued concurrent with the mayor's management report shall be the most recently ended fiscal year, and the period of reporting for the report issued concurrent with the issued of the preliminary mayor's management report shall be the first four months of the fiscal year in which such report is issued.

(d) All decisions under subparagraphs (3), (4) and (5) of subdivision (a) shall be published by the department on its website and in an annual volume. Publication on the website shall be made within thirty business days of the decision. Each decision rejecting any plan or application or affirming any rejection, including those objecting to any part of any plan or application or affirming such objection shall state the reasons why the plan or application is not in substantial compliance with the administrative code of the city of New York including a list of the sections under which the application is not compliant. Any such decision made by a borough commissioner, the panel of the borough commissioners or the commissioner shall be used as a precedent for future determinations.

§2. This local law shall take effect immediately.

Int. No. 436

By Council Members Weprin, Fidler, Gerson, James, Nelson, Palma, and Stewart

A Local Law to amend the administrative code of the city of New York, in relation to certificates of occupancy.

Be it enacted by the Council as follows:

Section 1. Section 26-222 of the administrative code of the city of New York is amended to read as follows:

§26-222 Requirement of certificate of occupancy. *a.* It shall be unlawful to occupy or use any building erected or altered after December sixth, nineteen hundred sixty-eight, unless and until a certificate of occupancy shall have been issued by the commissioner, certifying that such building conforms substantially to the approved plans and the provisions of the building code and other applicable laws and regulations. Nothing herein contained, however, shall be deemed to prohibit the commissioner from permitting the temporary occupancy and use of a building in accordance with and subject to the provisions of the building code and paragraph three of subdivision (b) of section six hundred forty-five of the charter.

b. For purposes of this section, the term "conforms substantially" shall mean completed to such a point that the premises is habitable and safe for occupancy and there has been reasonable compliance with the applicable provisions of the administrative code of the city of New York. Cosmetic and aesthetic matters of non-completion or installation of items not covered by the administrative code may not be the basis for any finding or decision of non-conformance.

§2. This local law shall take effect immediately after its enactment into law.

Referred to the Committee on Housing and Buildings.

A Local Law to amend the New York City charter, in relation to the promulgation of policy and procedure notices by the department of buildings.

Be enacted by the Council as follows:

Section 1. Paragraph a of subdivision 5 of section 1041 of the New York City charter is amended to read as follows:

a. "Rule" shall include, but not be limited to, any statement or communication which prescribes (i) standards which, if violated, may result in a sanction or penalty; (ii) a fee to be charged by or required to be paid to an agency; (iii) standards for the issuance, suspension or revocation of a license or permit; (iv) standards for any product, material, or service which must be met before manufacture, distribution, sale or use; (v) standards for the procurement of goods and services; (vi) standards for the disposition of public property or property under agency control; [or](vii) standards for the granting of loans or other benefits*; or (viii) standards for the approval of any application which in any way interprets any provision of the administrative code of the city of New York or any other code, law, statute or regulation which any agency enforces or interprets including, but not limited to, legal, administrative, operational and technical policy and procedure notices issued by the department of buildings.*

Section 2. This local law shall take effect immediately.

By Council Members Weprin, Fidler, Gerson, James, Palma, Stewart and Mark-Viverito

A Local Law to amend the administrative code of the city of New York, in relation to filing for certificates of occupancy.

Be it enacted by the Council as follows:

Section 1. Section 27-222 of the administrative code of the city of New York is amended to read as follows:

§27-222 Issuance of certificates of occupancy. (a) All applications for certificates of occupancy and accompanying papers shall be examined [promptly] *within ten calendar days* after their submission. If the building is entitled to the certificate of occupancy applied for, the application shall be approved and the certificate of occupancy issued by the commissioner within ten calendar days after submission of the application. Otherwise, the application shall be rejected and written notice of rejection, stating the grounds of rejection, shall be given to the applicant within ten calendar days of the submission of the application. Wherever an application has been rejected and proof is thereafter submitted establishing that the grounds of rejection have been met and that the building is entitled to the certificate of occupancy applied for, the application shall be approved and the certificate of occupancy issued within [ten] *five* calendar days after submission of such proof. *Such proof may take the form of written or photographic submissions, if applicable. Notwithstanding any other provision of this article, any inspections required under this article shall be promptly made upon the submission of the statement of compliance pursuant to section 27-221 of this article and any omissions within the application shall be a ground for rejection, but not a ground for a refusal to inspect.*

(b) No certificate of occupancy or temporary certificate of occupancy shall be issued until a fire protection plan, if required under the provisions of article twenty-five, has been filed and accepted.

(c) No certificate of occupancy shall be issued until compliance with such provisions of chapter three of title twenty-seven of this code as may be required in regulations promulgated by the commissioner is certified by the bureau of electrical control.

This subdivision shall not apply to temporary certificates of occupancy issued by the commissioner pursuant to section 27-218 of this code.

(d) The department shall submit to the council two reports annually concerning the number of applications for certificates of occupancy not examined within ten days after their submission. One of the two annual reports shall be submitted to the council concurrent with the issuance of the mayor's management report, and the other annual report shall be submitted concurrent with the issuance of the preliminary mayor's management report. The period of reporting for the report issued concurrent with the mayor's management report shall be the most recently ended fiscal year, and the period of reporting for the report issued concurrent with the issued of the preliminary mayor's management report shall be the first four months of the fiscal year in which such report is issued. Such reports shall, at a minimum, include a statistical section, including a breakdown by borough, community district and council district, designed to provide a detailed explanation of the department's efforts to attain its performance goals concerning examinations as required by this section.

§2. This local law shall take effect immediately after its enactment into law.

A Local Law to amend the administrative code of the city of New York, in relation to education of homeowners.

Be it enacted by the Council as follows:

Section 1. Section 26-110 of the administrative code of the city of New York is amended by adding a new subdivision b to read as follows:

§26-110 Publication of statistics and other data. *a.* The commissioner may provide for the publicity of the papers, files, reports, records and the proceedings of the department whenever he or she deems it necessary for the public good.

b. The commissioner shall annually report on violations of the code issued with respect to dwellings that are classified in occupancy group J-3 and the fines imposed for non-compliance. The report shall include the number and seriousness of each type of violation. The department shall work with the council members and the borough presidents' offices (i) to conduct outreach to the general public about these violations and how to avoid them and (ii) to inform owners of such buildings about relevant changes in building codes and zoning laws.

KINGS COUNTY
IA PART 74
NOTICE OF PETITION
INDEX NUMBER 32821/06

In the Matter of the Application of the City of New York, relative to acquiring title in fee simple absolute to certain real property where not heretofore acquired for the same purpose, required as a site for the
BROOKLYN CENTER FIFTH AMENDED URBAN RENEWAL PLAN, PHASE I
located in the area generally bounded by Myrtle Avenue to the North; Ashland Place to the East; Willoughby Street to the South; and Flatbush Avenue Extension to the West, in the Borough of Brooklyn, City and State of New York.

PLEASE TAKE NOTICE that the Corporation Counsel of the City of New York intends to make application to the Supreme Court of the State of New York, Kings County, IA Part 74, for certain relief.

The application will be made at the following time and place: At 320 Jay Street, Room 17.21, in the Borough of Brooklyn, City and State of New York, on December 1, 2006, at 9:30 A.M., or as soon thereafter as counsel can be heard.

The application is for an order:

1. authorizing the City to file an acquisition map in the Office of the City Register;

2. directing that upon the filing of said map, title to the property sought to be acquired shall vest in the City;

3. providing that just compensation therefor be ascertained and determined by the Supreme Court without a jury; and

4. providing that notices of claim must be served and filed within one calendar year from the vesting date.

The City of New York, in this proceeding, intends to acquire title in fee simple absolute to certain real property where not heretofore acquired for the same purpose, for BROOKLYN CENTER FIFTH AMENDED URBAN RENEWAL PLAN, PHASE I in the Borough of Brooklyn City and State of New York.

The property shall be acquired subject to the interests of the Metropolitan Transportation Authority and the New York City Transit Authority. The description of the real property to be acquired is as follows:

HWMWTCASE, RESIDENT ENGINEERING INSPECTION SERVICES – Competitive Sealed Proposals – Judgment required in evaluating proposals - PIN# 8502007HW0006P – DUE 12-04-06 AT 4:00 P.M. – for the Reconstruction of Beekman Street, Manhattan.

The New York City Department of Design and Construction is seeking a firm to perform Resident Engineering Inspection Services under negotiated Cost Plus Fixed Fee basis, for the Reconstruction of Beekman Street, a Federally funded project located in Lower Manhattan, New York City.

The project involves the rehabilitation of sewer mains, reconstruction of roadway, curbs, and sidewalks including street-lighting and traffic signal work, and private utilities work within project limits. The term of this REI contract is twenty eight months. The estimated cost of construction is $13,856,244. Anticipated start date for the construction contract is late Spring 2007 with a completion in Summer 2009.

Construction inspection will include, but not limited to, providing on-site construction inspection and oversight to ensure the quality of construction and conformity with the final plans and specifications and preparation of as-built plans. DDC will select the most qualified firm according to the criteria set forth in the RFP.

Special Requirements: The selection and retention of a consultant will be contingent upon the availability of the proposed Key Staff, unless substitutes are approved by the Commissioner during negotiations. Disadvantaged Business Enterprises (DBE) are encouraged to participate in this solicitation. Other proposers should submit DBE sub-consultants. All proposers are required to indicate their DBE participation as part of their submission. The DBE goal is 18 percent calculated by the direct technical labor of each DBE firm divided by the total direct technical labor of the entire REI contract.

Sub-consultants, subcontracting, and/or joint ventures are permitted.

All qualified and interested firms are advised to download the Request for Proposal at http://ddcrfp.nyc.gov/rfpweb/ from Tuesday, November 7, 2006, or contact the person listed for this RFP. The submission date is indicated above.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/blueprints; other information; and for opening and reading of bids at date and time specified above.

NYC BUSINESS SOLUTIONS TRAINING GRANT – Other – PIN# 801WDC004 – DUE 12-13-06 AT 5:00 P.M. – The New York City Department of Small Business Services is pleased to announce another round of funding for the NYC Business Solutions Training Grant. The Grant is designed to grow the City's economy by enabling employers to create and retain jobs, increase wages, build skills, and help workers advance in their careers. Over $1 million is available in this round for employers in the following sectors: Aviation, Construction, Film/Media, Financial Services, Healthcare /Bioscience, Hospitality/Tourism, Industrial/Manufacturing, Retail, and Technology. The grant can fund up to 50 percent of eligible training costs ($300,000 maximum), with the employer paying the balance.

To apply for the NYC Business Solutions Training Grant, employers must complete a three page application, accompanied by a narrative and an outline of the training curriculum. Applications will be evaluated based on each applicant's ability to demonstrate that training leads to job creation or retention, wage gains, new or upgraded skills, and career advancement. Employers may receive applications and technical assistance now for this round of funding. Final applications are due by December 13, 2006.

Two Pre-Submission Information Sessions will take place at the NYC Department of Small Business Services, 110 William Street, 7th Floor, New York NY 10038 on November 8, 2006. Businesses planning to apply may register for the sessions by sending an email to training@sbs.nyc.gov, indicating the organization's name and which session they will attend, 9:30 A.M. - 11:00 A.M. or 1:30 P.M. - 3:00 P.M.

OFFICE OF PRESERVATION SERVICES CERTIFICATION OF NO HARASSMENT UNIT

REQUEST FOR COMMENT ON APPLICATION FOR CERTIFICATION OF NO HARASSMENT PURSUANT TO THE SPECIAL CLINTON DISTRICT PROVISIONS OF THE ZONING RESOLUTION
DATE OF NOTICE: November 9, 2006

TO: OCCUPANTS, FORMER OCCUPANTS AND OTHER INTERESTED PARTIES OF

Address	Application #	Inquiry Period
356 West 48th Street, Manhattan	148/06	October 6, 1991 to Present

Prior to the issuance of a permit by the Department of Buildings for the alteration or demolition of residential buildings in certain areas of the Special Clinton District, the Department of Housing Preservation and Development is required to certify that: 1) prior to evicting or otherwise terminating the occupancy of any tenant preparatory to alteration or demolition, the owner shall have notified HPD of the owner's intention to alter or demolish the building and 2) the eviction and relocation practices followed by the owner of the building satisfy all applicable legal requirements and that no harassment has occurred.

The owner of the building located at the above-referenced address seeks the issuance of an HPD Certification. The owner has represented and certified to HPD of the owner's intention to alter or demolish the building and that the eviction and relocation practices followed by the owner satisfy all applicable legal requirements and that no harassment has occurred. For your information HPD considers harassment to include, but not be limited to, the threatened or actual use of physical force, deprivation of essential services such as heat, water, gas or electric, or any other conduct intended to cause persons to vacate the premises or waive rights related to their occupancy.

HPD requests that if you have any comments or evidence of unlawful eviction and relocation practices or harassment occurring at the above referenced premises that you notify the Operations Division, Anti-Harassment Unit, 3rd Floor, 100 Gold Street, New York, NY 10038, by letter postmarked not later than 30 days from the date of this notice or by an in-person statement made within the same period. To schedule an appointment for an in-person statement call (212) 863-8272.

READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council,** 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists--free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:

Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.

If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

SUPREME COURT

■ NOTICE

KINGS COUNTY
IA PART 74
NOTICE OF PETITION
INDEX NUMBER 32821/06

In the Matter of the Application of the City of New York, relative to acquiring title in fee simple absolute to certain real property where not heretofore acquired for the same purpose, required as a site for the
BROOKLYN CENTER FIFTH AMENDED URBAN RENEWAL PLAN, PHASE I
located in the area generally bounded by Myrtle Avenue to the North; Ashland Place to the East; Willoughby Street to the South; and Flatbush Avenue Extension to the West, in the Borough of Brooklyn, City and State of New York.

PLEASE TAKE NOTICE that the Corporation Counsel of the City of New York intends to make application to the Supreme Court of the State of New York, Kings County, IA Part 74, for certain relief.

The application will be made at the following time and place: At 320 Jay Street, Room 17.21, in the Borough of Brooklyn, City and State of New York, on December 1, 2006, at 9:30 A.M., or as soon thereafter as counsel can be heard.

The application is for an order:

1. authorizing the City to file an acquisition map in the Office of the City Register;

2. directing that upon the filing of said map, title to the property sought to be acquired shall vest in the City;

3. providing that just compensation therefor be ascertained and determined by the Supreme Court without a jury; and

4. providing that notices of claim must be served and filed within one calendar year from the vesting date.

The City of New York, in this proceeding, intends to acquire title in fee simple absolute to certain real property where not heretofore acquired for the same purpose, for BROOKLYN CENTER FIFTH AMENDED URBAN RENEWAL PLAN, PHASE I in the Borough of Brooklyn City and State of New York.

The property shall be acquired subject to the interests of the Metropolitan Transportation Authority and the New York City Transit Authority. The description of the real property to be acquired is as follows:

Block 2060, part of Lots 22, 23, 24, 25, 26 and 27; and Block 2061, two (2) separate parts of Lot 1:

All that certain plot, piece or parcel of land, situate, lying and being portions of Tax Lots 22, 23, 24 , 25 , 26 , and 27 in Tax Block 2060, Borough of Brooklyn, County of Kings, City and State of New York, bounded and described as follows:

Beginning at the corner formed by the intersection of the easterly line of Flatbush Avenue Extension with the southerly line of Myrtle Avenue, which corner was eliminated by Alteration Map No. Y-2668, filed August 11, 2006;

Running thence eastwardly, along the southerly line of Myrtle Avenue as eliminated by Alteration Map No. Y-2668 filed August 11, 2006, for 118 feet 10 inches, to a point;

Thence southwardly, along the westerly line of the discontinued and closed portion of Prince Street between Flatbush Avenue Extension and Myrtle Avenue which is co-incident with the easterly line of Tax Lot 27 in Brooklyn Tax Block 2060 for 14 feet 8 inches to an angle point;

Thence westwardly, along an interior angle of 93 degrees 26 minutes 53 seconds, more or less, passing through Tax Lots 27, 26, 25, 24, 23 and 22 in Brooklyn Tax Block 2060 for 109 feet 10 inches, more or less, as shown on Alteration Map No. X-2669 filed August 11, 2006, to the easterly line of Flatbush Avenue Extension;

Thence northwardly, along a portion of the easterly line of Flatbush Avenue Extension, which portion was eliminated by Alteration Map No. Y-2668, for 24 feet 4 inches, more or less, to the point or place of beginning, the aforesaid distances being more or less.

The above described area is known as Part of Tax Lot 22, Part of Tax Lot 23, Part of Tax Lot 24, Part of Tax Lot 25, Part of Tax Lot 26, and Part of Tax Lot 27 in Brooklyn Tax Block 2060.

All that certain plot, piece or parcel of land, situate, lying and being in two (2) separate portions of Tax Lot 1 in Tax Block 2061, Borough of Brooklyn, County of Kings, City and State of New York, bounded and described as follows:

Part of Lot 1 (northerly portion): Beginning at a point on the southerly line of Myrtle Avenue, as eliminated by Alteration Map No. Y-2668 filed August 11, 2006, distant 168 feet 10 inches eastwardly from the corner formed by the intersection of the southerly line of Myrtle Avenue, as eliminated, with the easterly line of Flatbush Avenue Extension as eliminated by Alteration Map No. Y-2668;

Running thence southwardly, along the easterly line of the discontinued and closed portion of Prince Street between Flatbush Avenue Extension and Myrtle Avenue which is co-incident with the most westerly line of Tax Lot 1 in Brooklyn Tax Block 2061 for 11 feet 2 inches to an angle point;

Thence eastwardly at an exterior angle of 93 degrees 26 minutes 53 seconds from the previous course, as shown on Alteration Map No. X-2669 filed August 11, 2006, for 162 feet 3-5/8 inches, more or less, to the southerly line of Myrtle Avenue;

Thence westwardly, along the southerly line of Myrtle Avenue, as eliminated, for 162 feet 0 inches to the point or place of beginning, the aforesaid distances being more or less.

Part of Lot 1 (easterly portion):Beginning at a point on the southerly line of Myrtle Avenue distant 330 feet 10 inches eastwardly from the corner formed by the intersection of the southerly line of Myrtle Avenue, with the easterly line of Flatbush Avenue Extension, which corner was eliminated by Alteration Map No. Y-2668, filed August 11, 2006;

Running thence southwardly along a line at a right angle to the previous course for 160 feet 2-5/8 inches to the northerly line of the discontinued and closed portion of Fair Street between Prince Street and Fleet Place, which is co-incident with a southerly line of Tax Lot 1 in Brooklyn Tax Block 2061;

Thence eastwardly, along the northerly line of the discontinued and closed portion of Fair Street and the northerly line of Fleet Place, which line has been eliminated by Alteration Map No. Y-2668, filed August 11, 2006, for 60 feet 0 inches to the easterly line of Fleet Place;

48 W. 116 Street	1599/59

Under HPD's Cornerstone Program, sponsors selected through a competitive request for proposals purchase City-owned land and construct multifamily buildings in order to create 1-4 family homes, rental apartments or cooperative/ condominium units. The buildings may also contain commercial space and/or community facilities. Construction financing is provided through loans from private institutional lenders and, in some instances, loans from public sources, including HPD, New York City Housing Development Corporation and the New York State Housing Finance Agency. Additional funding may also be provided from the syndication of low income housing tax credits. Upon completion of construction of 1-4 family homes or cooperative/ condominium units, the Sponsor sells or rents the home/units to eligible purchasers or tenants.

This submission is a proposed amendment ("Amended Project") to a project previously approved by the Mayor on May 25, 2005 (Cal. No.15) ("Approved Project"). Under the Approved Project, the City sold the Disposition Area to Housing Partnership Development Corporation ("Sponsor") on June 20, 2005. The Sponsor is constructing one building containing a total of 249 residential condominium units and approximately 60,000 square feet of commercial space on the Disposition Area. Under the Approved Project, all of the residential condominium units were subject to an owner occupancy restriction.

Under the Amended Project, the owner occupancy restriction will not apply to 129 of the 249 residential condominium units. These 129 units will be sold at market rates and without income restrictions. The remaining 120 units, which are affordable units that are being sold with income restrictions, remain subject to an owner occupancy restriction.

The appraisal and the proposed Amended Land Disposition Agreement and Project Summary are available for public examination at the office of HPD, 100 Gold Street, Room 5M, New York, New York on business days during business hours.

PLEASE TAKE NOTICE that a public hearing will be held on December 6, 2006 at Second Floor Conference Room, 22 Reade Street, Manhattan at 10:00 a.m., or as soon thereafter as the matter may be reached on the calendar, at which time and place those wishing to be heard will be given an opportunity to be heard concerning the proposed sale of the Disposition Area pursuant to Section 695(2)(b) of the General Municipal Law and Section 1802(6)(j) of the Charter.

Individuals requesting sign language interpreters should contact the Mayor's Office of Contract Services, Public Hearings Unit, 253 Broadway, Room 915, New York, New York 10007, (212) 788-7490, no later than five (5) business days prior to the public hearing. HWMWTCASE, RESIDENT ENGINEERING INSPECTION SERVICES – Competitive Sealed Proposals – Judgment required in evaluating proposals - PIN# 8502007HW0006P – DUE 12-04-06 AT 4:00 P.M. – for the Reconstruction of Beekman Street, Manhattan.

The New York City Department of Design and Construction is seeking a firm to perform Resident Engineering Inspection Services under negotiated Cost Plus Fixed Fee basis, for the Reconstruction of Beekman Street, a Federally funded project located in Lower Manhattan, New York City.

The project involves the rehabilitation of sewer mains, reconstruction of roadway, curbs, and sidewalks including street-lighting and traffic signal work, and private utilities work within project limits. The term of this REI contract is twenty eight months. The estimated cost of construction is $13,856,244. Anticipated start date for the construction contract is late Spring 2007 with a completion in Summer 2009.

Construction inspection will include, but not limited to, providing on-site construction inspection and oversight to ensure the quality of construction and conformity with the final plans and specifications and preparation of as-built plans. DDC will select the most qualified firm according to the criteria set forth in the RFP.

Special Requirements: The selection and retention of a consultant will be contingent upon the availability of the proposed Key Staff, unless substitutes are approved by the Commissioner during negotiations. Disadvantaged Business Enterprises (DBE) are encouraged to participate in this solicitation. Other proposers should submit DBE sub-consultants. All proposers are required to indicate their DBE participation as part of their submission. The DBE goal is 18 percent calculated by the direct technical labor of each DBE firm divided by the total direct technical labor of the entire REI contract.

Sub-consultants, subcontracting, and/or joint ventures are permitted.

All qualified and interested firms are advised to download the Request for Proposal at http://ddcrfp.nyc.gov/rfpweb/ from Tuesday, November 7, 2006, or contact the person listed for this RFP. The submission date is indicated above.

AGENCY RULES

MAYOR'S OFFICE OF CONTRACT SERVICES

■ **NOTICE**

NOTICE OF INTENTION TO AMEND TITLE 43 OF THE RULES OF THE CITY OF NEW YORK TO CREATE AN ENVIRONMENTALLY PREFERABLE PURCHASING PROGRAM

NOTICE IS HEREBY GIVEN PURSUANT TO THE AUTHORITY VESTED IN the Director of Citywide Environmental Purchasing (the "Director") pursuant to §§ 6-304, 6-312, 6-313, and 6-314 of the administrative code of the city of New York, and in accordance with the requirements of § 1043 of the New York City Charter, the Director hereby proposes promulgation of Chapter 11 of Title 43 of the Rules of the City of New York to create an environmentally preferable purchasing program pursuant to chapter 3 of title 6 of the Administrative Code of the City of New York.

Written comments regarding this proposed amendment may be sent to Russell Unger, Assistant Director and Special Counsel for Environmental Procurement, Mayor's Office of Contract Services at 253 Broadway, 9th Floor, New York, New York 10007, on or before December 18, 2006. A public hearing on the proposed Rules will be held on December 18, 2006 at 110 William Street, 4th floor, at 10:00 AM. Persons who request that a sign language interpreter or other form of reasonable accommodation for disability be provided at the hearing are asked to notify Russell Unger, by December 7, 2006. Written comments and a summary of the oral comments will be available for public inspection within a reasonable time after receipt between the hours of 9:00 a.m. and 4:30 p.m. at the Mayor's Office of Contract Services.

The following proposed amendment was not included in this agency's regulatory agenda. It was impracticable to anticipate and include the proposed rules in the regulatory agenda due to the limited time between the enactment of the local laws establishing the environmentally preferable purchasing program and publication of the agenda.

Section 1. Title 43 of the rules of the city of New York is amended by adding a new chapter 11 to read as follows:

CHAPTER 11: ENVIRONMENTALLY PREFERABLE PURCHASING PROGRAM

SUBCHAPTER 1: GENERAL PROVISIONS

§11-1 Definitions.

§11-2 Applicability, exemptions and waivers.

SUBCHAPTER 2: HAZARDOUS SUBSTANCES

§11-3 Hazardous content of electronic devices.

§11-4 Volatile organic compounds and other airborne hazards.

§11-5 Mercury-added lamps.

§11-1 Definitions. a. For the purposes of this chapter only, the following terms shall have the following meaning:

(1) "Architectural coatings" means any coating to be applied to stationary structures and their appurtenances at the site of installation, to portable buildings at the site of installation, to pavements, or to curbs. This term shall not include the following: marine-based paints and coatings; coatings or materials to be applied to metal structures, such as bridges; or coatings or materials labeled and formulated for application in roadway maintenance activities.

(2) "Cadmium plating" means any deposit or coating of metallic cadmium on a metallic surface.

(3) "Carpet" means any fabric used as a floor covering, but such term shall not include artificial turf.

(4) "Carpet adhesive" means any substance used to adhere carpet to a floor by surface attachment, including any latex multi-purpose floor adhesive, pressure-sensitive floor adhesive, vinyl-backed floor adhesive, latex seam adhesive, vinyl-backed seam sealer, cove base adhesive, tackless cushion adhesive and contact adhesive.

(5) "Carpet cushion" means any kind of material placed under carpet to provide softness when it is walked upon.

(6) "Cathode ray tube" means any vacuum tube, typically found in computer monitors, televisions and oscilloscopes, in which a beam of electrons is projected on a phosphorescent screen.

(7) "Clear brushing lacquer" means any clear wood finish, excluding any clear lacquer sanding sealer, formulated with nitrocellulose or synthetic resins to dry by solvent evaporation without chemical reaction and to provide a solid, protective film, that is intended exclusively for application by brush.

(8) "Coating" means any material that is applied to a surface in order to beautify, protect, or provide a barrier to such surface.

(9) "Covered electronic device" means any cathode ray tube, any product containing a cathode ray tube, any liquid

crystal display (LCD), plasma screen or other flat panel television or computer monitor or similar video display product, any battery containing lead, cadmium, lithium or silver, any computer central processing unit that contains one or more circuit boards and includes any desktop computer or any laptop computer, any computer peripherals including, but not limited to, any keyboard, mouse and other pointing device, printer, scanner, facsimile machine and card reader, any copier, and any multi-function device, but not including any automobile, household appliance, large piece of commercial or industrial equipment containing a cathode ray tube, a cathode ray tube product, a flat panel display or similar video display device that is contained within, and is not separate from, the larger piece of equipment, or any device used by emergency response personnel.

(10) "Director" means the director of citywide environmental purchasing.

(11) "Emission factor" means the mass of a volatile organic compound emitted from a specific unit area, mass or length, as appropriate, of product surface per unit of time.

(12) "Flat paint" means any coating that registers a gloss of less than 15 on an 85-degree meter or less than 5 on a 60-degree meter.

(13) "Floor coating" means any opaque coating that is formulated for or applied to flooring, including but not limited to decks, porches, gymnasiums, and bowling alleys, but does not include any industrial maintenance coating.

(14) "Homogeneous material" means a material that is: i) of uniform composition throughout, such as plastics, ceramics, glass, metals, alloys, paper, board, resins and coatings; and ii) that cannot be mechanically disjointed into different materials through actions such as unscrewing, cutting, crushing, grinding and abrasive processes.

(15) "Lacquer" means any clear or pigmented wood finish, including clear lacquer sanding sealers, formulated with nitrocellulose or synthetic resins to dry by evaporation without chemical reaction and to provide a solid, protective film.

(16) "Lamp" means any glass envelope with a gas, coating, or filament that produces visible light when electricity is applied, but such term shall not include automotive light bulbs.

(17) "Lamp life" means the rated hours of output for a fluorescent tube lamp measured using instant-start ballasts at 3 hours per start, except for T5 lamps, which shall be measured using program start ballasts.

(18) "Maximum mercury" means the total weight of mercury in a lamp.

(19) "Medical device" means any equipment for fertilization testing, laboratory equipment for in-vitro diagnosis, medical analyzer, medical freezer, pulmonary ventilator, cardiology, dialysis, radiotherapy or nuclear medicine equipment and any other appliance for detecting, preventing, monitoring, treating, alleviating illness, injury or disability

(20) "Monitoring and control instrument" means any heating regulator, smoke detector, thermostat, device for measuring, weighing or adjusting any device for use in a household or laboratory and any other monitoring and control instrument used in industrial installations.

(21) "Multi-function device" means any physically integrated device or a combination of functionally integrated components that performs the function of a copier as well as the functions at least one of the following devices: printer, facsimile machine or scanner.

(22) "Nonflat paint" means any coating that registers a gloss of 5 or greater on a 60 degree meter and a gloss of 15 or greater on an 85 degree meter.

(23) "Primer" means any coating applied to a substrate to provide a firm bond between the substrate and subsequent coats.

(24) "Rust preventative/anti-corrosive paint" means any coating formulated exclusively for nonindustrial use to prevent the corrosion of metal surfaces.

(25) "Sanding sealer" means any clear or semi-transparent wood coating formulated for or applied to bare wood to seal the wood and to provide a coat that can be abraded to create a smooth surface for subsequent applications of coatings. A sanding sealer that also meets the definition of a lacquer is not included in this category, but it is included in the lacquer category.

(26) "Selected test method" means the American Society for Testing and Materials test method D 5116 (guide for small-scale environmental chamber determinations of organic emissions from indoor materials/products).

(27) "Varnish" means any clear or semi-transparent wood coating, excluding lacquers and shellacs, formulated to dry by chemical reaction on exposure to air. Varnishes may contain small amounts of pigment to color a surface, or to control the final sheen or gloss of the finish.

(28) "Volatile organic compound" means any compound of carbon, excluding carbon monoxide, carbon dioxide, carbonic acid, metallic carbides or carbonates, and ammonium carbonate, which participates in atmospheric photochemical reactions, as specified in part 51.100 of chapter 40 of the United States code of federal regulations.

§11-2 Applicability, exemptions and waivers. These rules shall apply to products according to section 6-302 of the administrative code of the city of New York on the applicability of the environmentally preferable purchasing program contained in chapter three of title six of such code. These rules shall be subject to any exemption or waiver contained in section 6-303 of such code or contained in any other provision of such chapter.

SUBCHAPTER 2: HAZARDOUS SUBSTANCES

§11-3 Hazardous content of electronic devices.

§11-4 Volatile organic compounds and other airborne hazards.

§11-5 Mercury-added lamps.

§11-3 Hazardous content of electronic devices. a. No new covered electronic device purchased or leased by any agency shall contain lead, mercury, cadmium, hexavalent chromium, polybrominated biphenyls or polybrominated diphenyl ethers, except that this section shall not apply to:

(1) Any battery, medical device or monitoring and control instrument.

(2) Any display device with a diagonal screen size of four inches or less.

(3) Any covered electronic device that is functionally or physically a part of any larger piece of equipment designed and intended for use in an industrial, commercial or medical setting, including diagnostic, monitoring or control equipment.

(4) Any remanufactured, refurbished or reused electronic device; any electronic device containing any reused component, assembly or part; and any reused part, component or assembly for the repair of any electronic device.

(5) Lead in the following circumstances:

(i) 0.1% by weight in homogeneous materials;

(ii) As a constituent in the glass used in cathode ray tubes, electronic components or fluorescent tubes;

(iii) As an alloying element in steel containing up to 0.35% lead by weight, aluminum containing up to 0.4% lead by weight and as a copper alloy containing up to 4% lead by weight;

(iv) As a coating material for the thermal conduction module c-ring;

(v) In an electronic ceramic part, such as piezoelectronic devices;

(vi) Used in compliant pin connector systems;

(vii) In solders consisting of more than two elements for the connection between the pins and the package of microprocessors with a lead content of more than 80% and less than 85% by weight;

(viii) In solders to complete a viable electrical connection between semiconductor die and carrier within integrated circuit flip chip packages; and

(ix) Lead oxide in glass used for bonding front and rear substances of flat fluorescent lamps used for liquid crystal displays.

(6) Cadmium in the following circumstances:

(i) 0.01% by weight in homogeneous materials; and

(ii) Cadmium and its compounds in electrical contacts and cadmium plating.

(7) Lead and cadmium in optical and filter glass.

(8) The following materials in the following concentrations:

(i) 0.1% by weight in homogeneous materials for mercury;

(ii) 0.1% by weight in homogeneous materials for hexavalent chromium;

(iii) 0.1% by weight in homogeneous materials for polybrominated biphenyls; and

(iv) 0.1% by weight in homogeneous materials for polybrominated diphenyl ethers.

(9) DecaBDE in polymeric applications.

§11-4 Volatile organic compounds and other airborne hazards. a. (1) No carpet or carpet adhesive purchased or leased by any agency shall contain any volatile organic compound in any concentration exceeding that specified below, according to the selected test method.

Product	Volatile Organic Compound	24-Hour Testing Maximum Emission Factor ($\mu g/m^2 \cdot hr$)	14-Day Testing Maximum Emission Factor ($\mu g/m^2 \cdot hr$)
Carpet	Formaldehyde	50	30
	4-Phenylcyclohexene	50	17

Product	Volatile Organic Compound	24-Hour Testing Maximum Emission Factor ($\mu g/m^2 \cdot hr$)	14-Day Testing Maximum Emission Factor ($\mu g/m^2 \cdot hr$)
Carpet	Formaldehyde	50	31
Adhesive	2-ethyl-1-hexanol	300	300

(2) No carpet cushion purchased or leased by any agency shall contain any volatile organic compound in any concentration exceeding that specified below, according to the selected test method.

Product	Volatile Organic Compound	24-Hour Testing Maximum Emission Factor (EF) ($\mu g/m^2 \cdot hr$)
Carpet Cushion	Butylated Hydroxytoluene	300
	Formaldehyde	50
	4-Phenylcyclohexene (4PCH)	50

b. (1) No architectural coating regulated under part 205 of title six of the New York codes, rules and regulations and purchased or leased by any agency shall contain any volatile organic compound in any concentration exceeding that permitted under such part.

(2) None of the following architectural coatings purchased or leased by any agency shall contain any volatile organic compound in any concentration exceeding that specified below, according to the selected test method.

Product	Maximum Concentration of Volatile Organic Compounds in Grams per Liter
Sanding Sealers	275
Varnish	275
Floor Coatings	100
Clear Brushing Lacquer	275
Pigmented Lacquers	275
Rust-Preventative / Anti-Corrosive Paint	250
Primer For Flat Paint	100
Primer For Non-Flat Paint	150

Any other architectural coating not listed above but regulated under part 205 of title six of the New York codes, rules and regulations shall not contain any volatile organic compound in any concentration exceeding that permitted under such part.

§11-5 Mercury-added lamps. Any of the following mercury-added lamps purchased or leased by any agency shall comply with the standards specified below:

Statement of Basis and Purpose.

The Director of Citywide Environmental Purchasing is authorized by section 6-304 of the Administrative Code of the City Of New York to promulgate rules on environmentally preferable purchasing standards.

These rules add a new Chapter 11 of Title 43 of the Rules of the City of New York and are intended to provide:

- Standards on the maximum volatile organic compounds in carpeting products and architectural coatings, as required under section 6-313 of the Administrative Code;
- Standards on the minimum energy efficiency of and maximum amount of mercury in mercury-added light bulbs, as required under section 6-314 of the Administrative Code; and
- Exceptions to section 6-312 of the Administrative Code on restrictions to hazardous materials in electronic devices in order to harmonize this section with European standards and to take into account the availability of compliant products in the United States.

OFFICE OF PRESERVATION SERVICES CERTIFICATION OF NO HARASSMENT UNIT

REQUEST FOR COMMENT ON APPLICATION FOR CERTIFICATION OF NO HARASSMENT PURSUANT TO THE SPECIAL CLINTON DISTRICT PROVISIONS OF THE ZONING RESOLUTION

DATE OF NOTICE: November 9, 2006

TO: OCCUPANTS, FORMER OCCUPANTS AND OTHER INTERESTED PARTIES OF

Address	Application #	Inquiry Period
356 West 48th Street, Manhattan	148/06	October 6, 1991 to Present

Prior to the issuance of a permit by the Department of Buildings for the alteration or demolition of residential buildings in certain areas of the Special Clinton District, the Department of Housing Preservation and Development is required to certify that: 1) prior to evicting or otherwise terminating the occupancy of any tenant preparatory to alteration or demolition, the owner shall have notified HPD of the owner's intention to alter or demolish the building and 2) the eviction and relocation practices followed by the owner of the building satisfy all applicable legal requirements and that no harassment has occurred.

The owner of the building located at the above-referenced address seeks the issuance of an HPD Certification. The owner has represented and certified to HPD of the owner's intention to alter or demolish the building and that the eviction and relocation practices followed by the owner satisfy all applicable legal requirements and that no harassment has occurred. For your information HPD considers harassment to include, but not be limited to, the threatened or actual use of physical force, deprivation of essential services such as heat, water, gas or electric, or any other conduct intended to cause persons to vacate the premises or waive rights related to their occupancy.

HPD requests that if you have any comments or evidence of unlawful eviction and relocation practices or harassment occurring at the above referenced premises that you notify the Operations Division, Anti-Harassment Unit, 3rd Floor, 100 Gold Street, New York, NY 10038, by letter postmarked not later than 30 days from the date of this notice or by an in-person statement made within the same period. COURT NOTICE MAPS FOR BROOKLYN CENTER

COURT NOTICE MAPS FOR BROOKLYN CENTER

READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in Crosby v. National Foreign Trade Council, 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists--free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

COURT NOTICE

SUPREME COURT

■ NOTICE

KINGS COUNTY
IA PART 74
NOTICE OF PETITION
INDEX NUMBER 32821/06

In the Matter of the Application of the City of New York, relative to acquiring title in fee simple absolute to certain real property where not heretofore acquired for the same purpose, required as a site for the
BROOKLYN CENTER FIFTH AMENDED URBAN RENEWAL PLAN, PHASE I
located in the area generally bounded by Myrtle Avenue to the North; Ashland Place to the East; Willoughby Street to the South; and Flatbush Avenue Extension to the West, in the Borough of Brooklyn, City and State of New York.

PLEASE TAKE NOTICE that the Corporation Counsel of the City of New York intends to make application to the Supreme Court of the State of New York, Kings County, IA Part 74, for certain relief.

The application will be made at the following time and place: At 320 Jay Street, Room 17.21, in the Borough of Brooklyn, City and State of New York, on December 1, 2006, at 9:30 A.M., or as soon thereafter as counsel can be heard.

The application is for an order:

1. authorizing the City to file an acquisition map in the Office of the City Register;

2. directing that upon the filing of said map, title to the property sought to be acquired shall vest in the City;

3. providing that just compensation therefor be ascertained and determined by the Supreme Court without a jury; and

4. providing that notices of claim must be served and filed within one calendar year from the vesting date.

The City of New York, in this proceeding, intends to acquire title in fee simple absolute to certain real property where not heretofore acquired for the same purpose, for BROOKLYN CENTER FIFTH AMENDED URBAN RENEWAL PLAN, PHASE I in the Borough of Brooklyn City and State of New York.

The property shall be acquired subject to the interests of the Metropolitan Transportation Authority and the New York City Transit Authority. The description of the real property to be acquired is as follows:

Block 2060, part of Lots 22, 23, 24, 25, 26 and 27; and Block 2061, two (2) separate parts of Lot 1:

All that certain plot, piece or parcel of land, situate, lying and being portions of Tax Lots 22, 23, 24 , 25 , 26 , and 27 in Tax Block 2060, Borough of Brooklyn, County of Kings, City and State of New York, bounded and described as follows:

Beginning at the corner formed by the intersection of the easterly line of Flatbush Avenue Extension with the southerly line of Myrtle Avenue, which corner was eliminated by Alteration Map No. Y-2668, filed August 11, 2006;

AGENCY RULES

MAYOR'S OFFICE OF CONTRACT SERVICES

■ NOTICE

NOTICE OF INTENTION TO AMEND TITLE 43 OF THE RULES OF THE CITY OF NEW YORK TO CREATE AN ENVIRONMENTALLY PREFERABLE PURCHASING PROGRAM

NOTICE IS HEREBY GIVEN PURSUANT TO THE AUTHORITY VESTED IN the Director of Citywide Environmental Purchasing (the "Director") pursuant to §§ 6-304, 6-312, 6-313, and 6-314 of the administrative code of the city of New York, and in accordance with the requirements of § 1043 of the New York City Charter, the Director hereby proposes promulgation of Chapter 11 of Title 43 of the Rules of the City of New York to create an environmentally preferable purchasing program pursuant to chapter 3 of title 6 of the Administrative Code of the City of New York.

Written comments regarding this proposed amendment may be sent to Russell Unger, Assistant Director and Special Counsel for Environmental Procurement, Mayor's Office of Contract Services at 253 Broadway, 9th Floor, New York, New York 10007, on or before December 18, 2006. A public hearing on the proposed Rules will be held on December 18, 2006 at 110 William Street, 4th floor, at 10:00 AM. Persons who request that a sign language interpreter or other form of reasonable accommodation for disability be provided at the hearing are asked to notify Russell Unger, by December 7, 2006. Written comments and a summary of the oral comments will be available for public inspection within a reasonable time after receipt between the hours of 9:00 a.m. and 4:30 p.m. at the Mayor's Office of Contract Services.

The following proposed amendment was not included in this agency's regulatory agenda. It was impracticable to anticipate and include the proposed rules in the regulatory agenda due to the limited time between the enactment of the local laws establishing the environmentally preferable purchasing program and publication of the agenda.

Section 1. Title 43 of the rules of the city of New York is amended by adding a new chapter 11 to read as follows:

CHAPTER 11: ENVIRONMENTALLY PREFERABLE PURCHASING PROGRAM

SUBCHAPTER 1: GENERAL PROVISIONS

§11-1 Definitions.

§11-2 Applicability, exemptions and waivers.

SUBCHAPTER 2: HAZARDOUS SUBSTANCES

§11-3 Hazardous content of electronic devices.

§11-4 Volatile organic compounds and other airborne hazards.

§11-5 Mercury-added lamps.

§11-1 Definitions. a. For the purposes of this chapter only, the following terms shall have the following meaning:

(1) "Architectural coatings" means any coating to be applied to stationary structures and their appurtenances at the site of installation, to portable buildings at the site of installation, to pavements, or to curbs. This term shall not include the following: marine-based paints and coatings; coatings or materials to be applied to metal structures, such as bridges; or coatings or materials labeled and formulated for application in roadway maintenance activities.

(2) "Cadmium plating" means any deposit or coating of metallic cadmium on a metallic surface.

(3) "Carpet" means any fabric used as a floor covering, but such term shall not include artificial turf.

(4) "Carpet adhesive" means any substance used to adhere carpet to a floor by surface attachment, including any latex multi-purpose floor adhesive, pressure-sensitive floor adhesive, vinyl-backed floor adhesive, latex seam adhesive, vinyl-backed seam sealer, cove base adhesive, tackless cushion adhesive and contact adhesive.

(5) "Carpet cushion" means any kind of material placed under carpet to provide softness when it is walked upon.

(6) "Cathode ray tube" means any vacuum tube, typically found in computer monitors, televisions and oscilloscopes, in which a beam of electrons is projected on a phosphorescent screen.

(7) "Clear brushing lacquer" means any clear wood finish, excluding any clear lacquer sanding sealer, formulated with nitrocellulose or synthetic resins to dry by solvent evaporation without chemical reaction and to provide a solid, protective film, that is intended exclusively for application by brush.

(8) "Coating" means any material that is applied to a surface in order to beautify, protect, or provide a barrier to such surface.

(9) "Covered electronic device" means any cathode ray tube, any product containing a cathode ray tube, any liquid crystal display (LCD), plasma screen or other flat panel television or computer monitor or similar video display product, any battery containing lead, cadmium, lithium or silver, any computer central processing unit that contains one or more circuit boards and includes any desktop computer or any laptop computer, any computer peripherals including, but not limited to, any keyboard, mouse and other pointing device, printer, scanner, facsimile machine and card reader, any copier, and any multi-function device, but not including any automobile, household appliance, large piece of commercial or industrial equipment containing a cathode ray tube, a cathode ray tube product, a flat panel display or similar video display device that is contained within, and is not separate from, the larger piece of equipment, or any device used by emergency response personnel.

(10) "Director" means the director of citywide environmental purchasing.

(11) "Emission factor" means the mass of a volatile organic compound emitted from a specific unit area, mass or length, as appropriate, of product surface per unit of time.

(12) "Flat paint" means any coating that registers a gloss of less than 15 on an 85-degree meter or less than 5 on a 60-degree meter.

(13) "Floor coating" means any opaque coating that is formulated for or applied to flooring, including but not limited to decks, porches, gymnasiums, and bowling alleys, but does not include any industrial maintenance coating.

(14) "Homogeneous material" means a material that is: i) of uniform composition throughout, such as plastics, ceramics, glass, metals, alloys, paper, board, resins and coatings; and ii) that cannot be mechanically disjointed into different materials through actions such as unscrewing, cutting, crushing, grinding and abrasive processes.

(15) "Lacquer" means any clear or pigmented wood finish, including clear lacquer sanding sealers, formulated with nitrocellulose or synthetic resins to dry by evaporation without chemical reaction and to provide a solid, protective film.

(16) "Lamp" means any glass envelope with a gas, coating, or filament that produces visible light when electricity is applied, but such term shall not include automotive light bulbs.

(17) "Lamp life" means the rated hours of output for a fluorescent tube lamp measured using instant-start ballasts at 3 hours per start, except for T5 lamps, which shall be measured using program start ballasts.

(18) "Maximum mercury" means the total weight of mercury in a lamp.

(19) "Medical device" means any equipment for fertilization testing, laboratory equipment for in-vitro diagnosis, medical analyzer, medical freezer, pulmonary ventilator, cardiology, dialysis, radiotherapy or nuclear medicine equipment and any other appliance for detecting, preventing, monitoring, treating, alleviating illness, injury or disability

(20) "Monitoring and control instrument" means any heating regulator, smoke detector, thermostat, device for measuring, weighing or adjusting any device for use in a household or laboratory and any other monitoring and control instrument used in industrial installations.

(21) "Multi-function device" means any physically integrated device or a combination of functionally integrated components that performs the function of a copier as well as the functions at least one of the following devices: printer, facsimile machine or scanner.

(22) "Nonflat paint" means any coating that registers a gloss of 5 or greater on a 60 degree meter and a gloss of 15 or greater on an 85 degree meter.

(23) "Primer" means any coating applied to a substrate to provide a firm bond between the substrate and subsequent coats.

(24) "Rust preventative/anti-corrosive paint" means any coating formulated exclusively for nonindustrial use to prevent the corrosion of metal surfaces.

(25) "Sanding sealer" means any clear or semi-transparent wood coating formulated for or applied to bare wood to seal the wood and to provide a coat that can be abraded to create a smooth surface for subsequent applications of coatings. A sanding sealer that also meets the definition of a lacquer is not included in this category, but it is included in the lacquer category.

(26) "Selected test method" means the American Society for Testing and Materials test method D 5116 (guide for small-scale environmental chamber determinations of organic emissions from indoor materials/products).

(27) "Varnish" means any clear or semi-transparent wood coating, excluding lacquers and shellacs, formulated to dry by chemical reaction on exposure to air. Varnishes may contain small amounts of pigment to color a surface, or to control the final sheen or gloss of the finish.

(28) "Volatile organic compound" means any compound of carbon, excluding carbon monoxide, carbon dioxide, carbonic acid, metallic carbides or carbonates, and ammonium carbonate, which participates in atmospheric photochemical reactions, as specified in part 51.100 of chapter 40 of the United States code of federal regulations.

§11-2 Applicability, exemptions and waivers. These rules shall apply to products according to section 6-302 of the administrative code of the city of New York on the applicability of the environmentally preferable purchasing program contained in chapter three of title six of such code. These rules shall be subject to any exemption or waiver contained in section 6-303 of such code or contained in any other provision of such chapter.

SUBCHAPTER 2: HAZARDOUS SUBSTANCES

§11-3 Hazardous content of electronic devices.

§11-4 Volatile organic compounds and other airborne hazards.

§11-5 Mercury-added lamps.

§11-3 Hazardous content of electronic devices. a. No new covered electronic device purchased or leased by any agency shall contain lead, mercury, cadmium, hexavalent chromium, polybrominated biphenyls or polybrominated diphenyl ethers, except that this section shall not apply to:

(1) Any battery, medical device or monitoring and control instrument.

(2) Any display device with a diagonal screen size of four inches or less.

(3) Any covered electronic device that is functionally or physically a part of any larger piece of equipment designed and intended for use in an industrial, commercial or medical setting, including diagnostic, monitoring or control equipment.

(4) Any remanufactured, refurbished or reused electronic device; any electronic device containing any reused component, assembly or part; and any reused part, component or assembly for the repair of any electronic device.

(5) Lead in the following circumstances:

(i) 0.1% by weight in homogeneous materials;

(ii) As a constituent in the glass used in cathode ray tubes, electronic components or fluorescent tubes;

(iii) As an alloying element in steel containing up to 0.35% lead by weight, aluminum containing up to 0.4% lead by weight and as a copper alloy containing up to 4% lead by weight;

(iv) As a coating material for the thermal conduction module c-ring;

(v) In an electronic ceramic part, such as piezoelectronic devices;

(vi) Used in compliant pin connector systems;

(vii) In solders consisting of more than two elements for the connection between the pins and the package of microprocessors with a lead content of more than 80% and less than 85% by weight;

(viii) In solders to complete a viable electrical connection between semiconductor die and carrier within integrated circuit flip chip packages; and

(ix) Lead oxide in glass used for bonding front and rear substances of flat fluorescent lamps used for liquid crystal displays.

Statement of Basis and Purpose.

The Director of Citywide Environmental Purchasing is authorized by section 6-304 of the Administrative Code of the City Of New York to promulgate rules on environmentally preferable purchasing standards.

These rules add a new Chapter 11 of Title 43 of the Rules of the City of New York and are intended to provide:

- Standards on the maximum volatile organic compounds in carpeting products and architectural coatings, as required under section 6-313 of the Administrative Code;
- Standards on the minimum energy efficiency of and maximum amount of mercury in mercury-added light bulbs, as required under section 6-314 of the Administrative Code; and
- Exceptions to section 6-312 of the Administrative Code on restrictions to hazardous materials in electronic devices in order to harmonize this section with European standards and to take into account the availability of compliant products in the United States.

NOTICE OF COMPLETION
FINAL ENVIRONMENTAL IMPACT STATEMENT
ATLANTIC YARDS ARENA AND REDEVELOPMENT PROJECT

Pursuant to the State Environmental Quality Review Act (Article 8 of the New York State Environmental Conservation Law) and the regulations adopted pursuant thereto (6 NYCRR Part 617), a Final Environmental Impact Statement ("FEIS") has been prepared for the proposed Atlantic Yards and Arena Redevelopment Project (the "project"), and copies thereof are available upon request to the offices of the lead agency as set forth below.

Project Location:
The proposed project would occupy an approximately 22-acre site in the Atlantic Terminal area of Brooklyn, roughly bounded by Flatbush and 4th Avenues on the west, Vanderbilt Avenue on the east, Atlantic Avenue on the north, and Dean and Pacific Streets on the south.

Project Description:
The proposed project would include the development of an arena, 16 buildings for residential, office, retail, community facilities, parking, and possibly hotel uses, and 8 acres of publicly accessible open space. The proposed project would also include a reconfigured and improved Vanderbilt rail yard and improved access to the Atlantic Terminal subway station.

OFFICE OF PRESERVATION SERVICES
CERTIFICATION OF NO HARASSMENT UNIT

REQUEST FOR COMMENT ON APPLICATION FOR CERTIFICATION OF NO HARASSMENT PURSUANT TO THE SPECIAL CLINTON DISTRICT PROVISIONS OF THE ZONING RESOLUTION

DATE OF NOTICE: November 9, 2006

TO: OCCUPANTS, FORMER OCCUPANTS AND OTHER INTERESTED PARTIES OF

Address	Application #	Inquiry Period
356 West 48th Street, Manhattan	148/06	October 6, 1991 to Present

Prior to the issuance of a permit by the Department of Buildings for the alteration or demolition of residential buildings in certain areas of the Special Clinton District, the Department of Housing Preservation and Development is required to certify that: 1) prior to evicting or otherwise terminating the occupancy of any tenant preparatory to alteration or demolition, the owner shall have notified HPD of the owner's intention to alter or demolish the building and 2) the eviction and relocation practices followed by the owner of the building satisfy all applicable legal requirements and that no harassment has occurred.

The owner of the building located at the above-referenced address seeks the issuance of an HPD Certification. The owner has represented and certified to HPD of the owner's intention to alter or demolish the building and that the eviction and relocation practices followed by the owner satisfy all applicable legal requirements and that no harassment has occurred. For your information HPD considers harassment to include, but not be limited to, the threatened or actual use of physical force, deprivation of essential services such as heat, water, gas or electric, or any other conduct intended to cause persons to vacate the premises or waive rights related to their occupancy.

HPD requests that if you have any comments or evidence of unlawful eviction and relocation practices or harassment occurring at the above referenced premises that you notify the Operations Division, Anti-Harassment Unit, 3rd Floor, 100 Gold Street, New York, NY 10038, by letter postmarked not later than 30 days from the date of this notice or by an in-person statement made within the same period.
