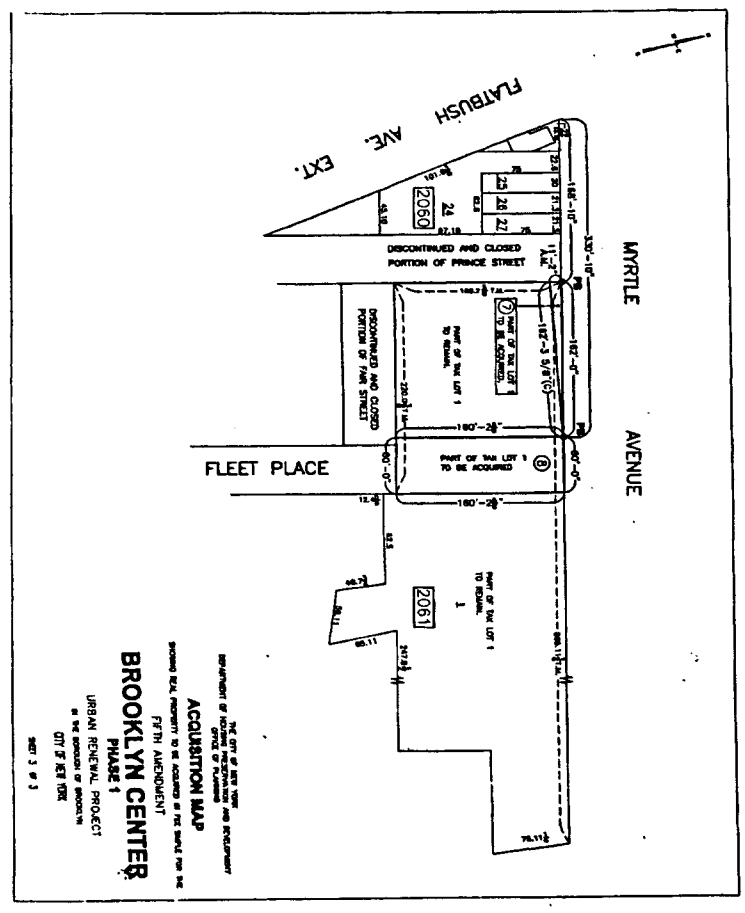
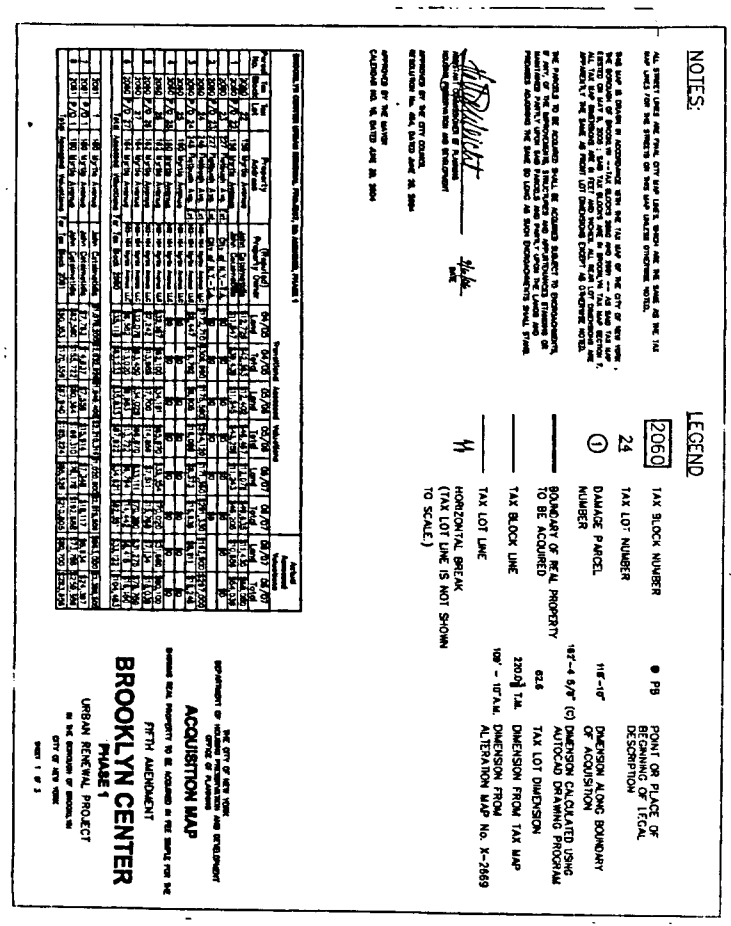
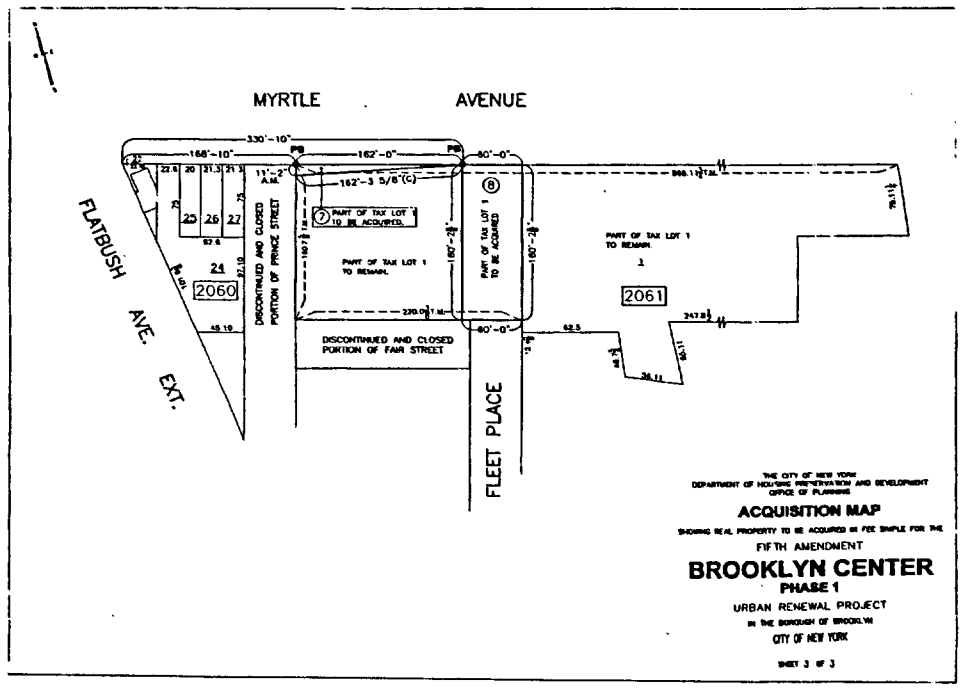
COURT NOTICE MAPS FOR BROOKLYN CENTER





COURT NOTICE MAPS FOR BROOKLYN CENTER



READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council**, 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists–free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

PROCUREMENT POLICY BOARD RULES

The Rules may also be accessed on the City Website, http://NYC.GOV.Selltonyc

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

The public purposes of the Project include (a) the creation of the permanent memorial remembering and honoring the thousands of innocent men, women, and children lost in the terrorist attacks on September 11, 2001 and February 26, 1993 (the "Memorial") and (b) the rebuilding of the World Trade Center site (the "WTC Site") and the Southern Site, described below, as a mixed-use center of commerce, public spaces, and culture, with the Memorial at its heart. A number of LMDC discretionary actions are subject to review pursuant to the UDC Act, including LMDC's approval of the Proposed Plan Amendments. After the public hearing is held and a thirty-day public comment period is concluded pursuant to applicable laws, a revised General Project Plan ("Revised GPP") will be completed and LMDC's Directors will be requested to affirm or, if appropriate, modify the Revised GPP and make statutory findings under the UDC Act and other applicable law.

Project Location
The Project Site consists of the WTC Site and the Southern Site. The WTC Site is an approximately 16-acre parcel bounded by West, Vesey, Church, and Liberty Streets. The Southern Site comprises (a) two adjacent city blocks, one bounded by Liberty, Washington, Albany and Greenwich Streets, and the other bounded by Liberty, West, Cedar and Washington Streets, (b) subsurface portions of Liberty Street from the eastern side of West Street to the western side of Greenwich Street, (c) Washington Street from the northern side of Cedar Street to the southern side of Liberty Street, and (d) subsurface portions of Cedar Street from the eastern side of West Street to the eastern side of Washington Street.

Project Description
The Project, for which construction began in 2006, includes the planning, selection, coordination and construction of the Memorial and the planning and possible construction of Memorial-related improvements, and museum and cultural uses at the Project site to complement the redevelopment of commercial office space, retail space, conference center and hotel facilities, open space areas, a reconstructed church and certain infrastructure improvements at the Project site. LMDC and Port Authority have coordinated the planning of these programs that together constitute a land use improvement and civic project for the redevelopment of the WTC Site. The planning process also includes other appropriate public and private entities.

Proposed Plan Amendments
The Proposed Plan Amendments include (1) an updated project description to reflect the current status of design and construction, including a related expansion of project boundaries; (2) proposed real property acquisitions and dispositions, some requiring LMDC to exercise its power to condemn property and to override local laws and procedures; and (3) a proposed change in the approach to design guidelines. The Proposed Plan Amendments would expand the Project boundaries to include subsurface property south of Cedar Street between West Street and Washington Street; would extend the project boundaries to rights of ways and curb lines, so that several streets bordering the site are included, in order to allow the minor realignment of reintroduced and adjacent streets and the acquisition of subsurface areas needed for infrastructure; and would also expand the project boundaries to include the original 7 World Trade Center parcel bounded by Barclay, Greenwich and Washington Streets, and West Broadway in order to facilitate the reestablishment of a Greenwich Street corridor between Barclay and Vesey Streets.

Availability of the Proposed Plan Amendments
The Proposed Plan Amendments are on file at LMDC, One Liberty Plaza, 20th Floor, New York, New York and are available for inspection by the general public between the hours of 9:30 a.m. and 4:00 p.m., Monday through Friday, public holidays excluded. READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in Crosby v. National Foreign Trade Council, 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists--free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

EDUCATION

■ NOTICE

The Department of Education's (DOE) Committee on Contracts has been asked for approval to enter into contract negotiations with the following organizations for the services described below. Other organizations interested in providing these services to the DOE are invited to indicate their ability to do so by writing to Romayne Jagessar at 65 Court Street, Room 1201, Brooklyn, NY 11201. Responses should be received no later than 9:00 A.M. Monday, November 27, 2006.

ITEM(S) FOR CONSIDERATION:

1. Spherion Technology Architects

Service(s): The Office of Student Enrollment is requesting an interim non-competitive award to Spherion Technology Architects to continue to provide maintenance of the High School Application Process System (HSAPS), installation of the system to additional high schools and implementation of necessary enhancements to the system beyond its November 30, 2006 expiration. DOE will initiate an attempt to procure these services competitively within the next few months.

The term of this agreement will be from December 1, 2006 through September 30, 2007 at a total contract cost of $1,575,000.

TERM: 12/1/06-9/30/07 Contract Cost: $1,575,000

2. Learning Leaders

Service(s): The Office of Parent Engagement is requesting a non-competitive award to Learning Leaders to provide volunteer training and informational workshops for parents. Learning Leaders recruits, trains and supports approximately 15,000 school volunteers who work in 967 New York City public schools. Learning Leaders has the organizational capacity to offer parent training in seven languages, and offer parent workshops such as "Family Literacy and Numeracy," "FYI on Public Education" and "Adolescent Parenting."

The term of this agreement will be from September 1, 2006 through August 31, 2008 at a total contract cost of $800,000.

TCG will support OAG work relating to Medicaid audits and claiming processes as well as special education service delivery. TCG has been assisting OAG since March 2006 with meeting the demands of federal audits and state corrective action reviews of the DOE's Medicaid claims for related services in school-based special education programs. An RFP will be issued for Fiscal 2007. The term of this agreement will be from November 16, 2006 through June 30, 2007 for an estimated cost of $800,000.

The CyberShift timekeeping system serves all the major administrative locations at the Department of Education (DOE) as well as over 1,500 schools (by December 1, 2006). It has over 8,000 DOE users and by the end of 2007 the anticipated number of users is expected to be 10,000.

NOTICE OF PUBLIC HEARING TO BE HELD DECEMBER 13, 2006 PURSUANT TO SECTION 16 OF THE NEW YORK STATE URBAN DEVELOPMENT CORPORATION ACT IN CONNECTION WITH THE PROPOSED WORLD TRADE CENTER MEMORIAL AND CULTURAL PROGRAM

PLEASE TAKE NOTICE that a public hearing, open to all persons, will be held at the the Pace University Multipurpose Room, located at One Pace Plaza, B Level (Spruce Street entrance) in the Borough of Manhattan, commencing at 4:30 p.m., until 7:00 p.m. and continuing thereafter, if necessary, until completed on December 13, 2006, by the Lower Manhattan Development Corporation, ("LMDC") a subsidiary of the Empire State Development Corporation (a political subdivision and public benefit corporation of the State of New York), in cooperation with the United States Department of Housing and Urban Development and The Port Authority of New York and New Jersey ("Port Authority"), pursuant to Section 16 of the New York State Urban Development Corporation Act (Chapter 174, Section 1, Laws of 1968, as amended; the "UDC Act") to consider proposed amendments to the General Project Plan (the "Proposed Plan Amendments") for the proposed World Trade Center Memorial and Cultural Program (the "Project") described below. The purposes of the public hearing are to inform the public about the Proposed Plan Amendments and to give all interested persons an opportunity to present oral or written statements and to submit other documents concerning the Proposed Plan Amendments, pursuant to Section 16 of the UDC Act.

The public purposes of the Project include (a) the creation of the permanent memorial remembering and honoring the thousands of innocent men, women, and children lost in the terrorist attacks on September 11, 2001 and February 26, 1993 (the "Memorial") and (b) the rebuilding of the World Trade Center site (the "WTC Site") and the Southern Site, described below, as a mixed-use center of commerce, public spaces, and culture, with the Memorial at its heart. A number of LMDC discretionary actions are subject to review pursuant to the UDC Act, including LMDC's approval of the Proposed Plan Amendments. After the public hearing is held and a thirty-day public comment period is concluded pursuant to applicable laws, a revised General Project Plan ("Revised GPP") will be completed and LMDC's Directors will be requested to affirm or, if appropriate, modify the Revised GPP and make statutory findings under the UDC Act and other applicable law.

Project Location
The Project Site consists of the WTC Site and the Southern Site. The WTC Site is an approximately 16-acre parcel bounded by West, Vesey, Church, and Liberty Streets. The Southern Site comprises (a) two adjacent city blocks, one bounded by Liberty, Washington, Albany and Greenwich Streets, and the other bounded by Liberty, West, Cedar and Washington Streets, (b) subsurface portions of Liberty Street from the eastern side of West Street to the western side of Greenwich Street, (c) Washington Street from the northern side of Cedar Street to the southern side of Liberty Street, and (d) subsurface portions of Cedar Street from the eastern side of West Street to the eastern side of Washington Street.

Project Description
The Project, for which construction began in 2006, includes the planning, selection, coordination and construction of the Memorial and the planning and possible construction of Memorial-related improvements, and museum and cultural uses at the Project site to complement the redevelopment of commercial office space, retail space, conference center and hotel facilities, open space areas, a reconstructed church and certain infrastructure improvements at the Project site. LMDC and Port Authority have coordinated the planning of these programs that together constitute a land use improvement and civic project for the redevelopment of the WTC Site. The planning process also includes other appropriate public and private entities.

Proposed Plan Amendments
The Proposed Plan Amendments include (1) an updated project description to reflect the current status of design and construction, including a related expansion of project boundaries; (2) proposed real property acquisitions and dispositions, some requiring LMDC to exercise its power to condemn property and to override local laws and procedures; and (3) a proposed change in the approach to design guidelines. The Proposed Plan Amendments would expand the Project boundaries to include subsurface property south of Cedar Street between West Street and Washington Street; would extend the project boundaries to rights of ways and curb lines, so that several streets bordering the site are included, in order to allow the minor realignment of reintroduced and adjacent streets and the acquisition of subsurface areas needed for infrastructure; and would also expand the project boundaries to include the original 7 World Trade Center parcel bounded by Barclay, Greenwich and Washington Streets, and West Broadway in order to facilitate the reestablishment of a Greenwich Street corridor between Barclay and Vesey Streets.

Availability of the Proposed Plan Amendments
The Proposed Plan Amendments are on file at LMDC, One Liberty Plaza, 20th Floor, New York, New York and are available for inspection by the general public between the hours of 9:30 a.m. and 4:00 p.m., Monday through Friday, public holidays excluded. Copies of the Amendments to the GPP are available, without charge, to any person requesting such copies at the office of LMDC at the address given above and are also available on LMDC's website at www.RenewNYC.com, in the "Planning, Design & Development" section, or by contacting Avalon Simon, Paralegal, Lower Manhattan Development Corporation, One Liberty Plaza, New York, NY 10006; Telephone: (212) 962-2300.

NOTICE IS HEREBY GIVEN PURSUANT TO THE AUTHORITY VESTED IN the Director of Citywide Environmental Purchasing (the "Director") pursuant to §§ 6-304, 6-312, 6-313, and 6-314 of the administrative code of the city of New York, and in accordance with the requirements of § 1043 of the New York City Charter, the Director hereby proposes promulgation of Chapter 11 of Title 43 of the Rules of the City of New York to create an environmentally preferable purchasing program pursuant to chapter 3 of title 6 of the Administrative Code of the City of New York.

Written comments regarding this proposed amendment may be sent to Russell Unger, Assistant Director and Special Counsel for Environmental Procurement, Mayor's Office of Contract Services at 253 Broadway, 9th Floor, New York, New York 10007, on or before December 18, 2006. A public hearing on the proposed Rules will be held on December 18, 2006 at 110 William Street, 4th floor, at 10:00 AM. Persons who request that a sign language interpreter or other form of reasonable accommodation for disability be provided at the hearing are asked to notify Russell Unger, by December 7, 2006. SMALL BUSINESS SERVICES

■ NOTICE

THE GREENPOINT-WILLIAMSBURG INDUSTRIAL AND MANUFACTURING RELOCATION GRANT PROGRAM GUIDELINES

The Greenpoint-Williamsburg Industrial and Manufacturing Relocation Grant Program (The "Greenpoint Relocation Program") has been created to help manufacturing and industrial companies within the Greenpoint-Williamsburg area offset relocation costs. It is administered by the New York City Business Relocation Assistance Corporation ("BRAC"), a not-for-profit corporation affiliated with the New York City Department of Small Business Services ("SBS").

Section I. Purpose

(A) The purpose of the Greenpoint Relocation Program is to encourage the retention of manufacturing firms within the City by providing grants to offset moving costs for industrial and manufacturing firms relocating from any of the areas rezoned to residential or mixed-use districts under the Greenpoint-Williamsburg Rezoning (ULURP number C 050111(A) ZMK), adopted May 11, 2005 as amended to any other part of New York City.

(B) These Guidelines set forth application requirements for Applicants seeking grants under the Greenpoint Relocation Program, and the standards and criteria used to determine eligibility for the grant.

(C) All capitalized terms used herein and not otherwise defined shall have the respective meanings ascribed thereto in Section XX of these Guidelines.

Section II. Material Misrepresentations, Misstatements and Omissions

(A) An Applicant's refusal to provide factual information or to cooperate with the Program Director and staff during the review of the Applicant's eligibility or continued eligibility for Benefits shall constitute grounds for a denial of Benefits or a recapture of an Applicant's Benefits previously received.

(B) The Program Director may deny Benefits if an Application is found to contain material misrepresentations, misstatements or omissions.

(C) BRAC may recapture Benefits received by an Applicant if an Applicant is found to have made material misrepresentations, misstatements or omissions concerning the prior, current or future status of the Applicant's continued eligibility under the Greenpoint Relocation Program.

Section III. Actions of the City or SBS Employees.

Employees and agents of the City, SBS or BRAC whose duties require them to take actions in connection with the Greenpoint Relocation Program, shall perform such duties, subject to the lawful direction of their supervisors and appropriate public officers, in accordance with these Guidelines. However, noncompliance by such employees or agents with the requirements of these Guidelines shall not be deemed to void any obligation of, or to waive any requirement imposed on a grant recipient.

Section IV. Eligible Move-In Site.

An Applicant for a grant may relocate to any area of the City excluding Manhattan south of the center line of 96th Street.

Section V. Eligible Move-Out Site.

To be deemed an Eligible Move-out Site, all or part of the move-out site must be located within the areas rezoned to residential or mixed-use districts under the Greenpoint-Williamsburg Rezoning (ULURP number C 050111(A)ZMK), adopted May 11, 2005 as amended. In the event that any boundary line of the Greenpoint-Williamsburg rezoned area divides any tax lot so that only a portion of said tax lot is included within the rezoned district, said tax lot shall be deemed to be wholly included within the rezoned district for the purpose of determining eligibility for the Benefits to be provided pursuant to these Guidelines.

Section VI. Eligible Business

(A) To be deemed an Eligible Business an Applicant must have a substantial business operation engaged primarily in an industrial or manufacturing activity involving the assembly of goods to create a different article, or the processing, fabrication or packaging of goods.

(B) To qualify for a grant, an Applicant must have continuously operated such Eligible Business for twenty-four (24) months in the thirty-six (36) month period preceding its relocation to an Eligible Move-In Site.

(C) An Applicant who purchases the assets of an entity engaged in an Eligible Business which was continuously operating at an Eligible Move-Out Site for twenty-four (24) months in the thirty-six (36) month period preceding its relocation to an Eligible Move-In Site, may be eligible to receive a grant if the Applicant continues to operate the Eligible Business and is otherwise in compliance with these Guidelines.

(D) Subsequent to its relocation to an Eligible Move-In Site, an Applicant must supplement its Application by submitting certified payroll records, canceled payroll checks, AI-5 Forms (employment reports) or such other documentation as the Chairperson, or the Program Director may deem necessary to document employment during the two (2) month period immediately following its relocation to an Eligible Move-In Site.

Section VII. Lease of Eligible Move-In Site

If the Applicant intends to lease its Eligible Move-In Site, the commencement date and the signing of a commercial lease for the Eligible Move-In Site must occur after the submission of the Applicant's Application. (Applicants who signed their commercial leases after the adoption of the Greenpoint-Williamsburg Rezoning on May 11, 2005 may retroactively apply for benefits until January 1, 2007 after which date no benefits may be applied for retroactively.) The lease must be for a minimum term of three (3) years and the Applicant must continuously occupy the Eligible Move-in Site for a minimum term of at least three (3) years immediately following its relocation from the Eligible Move-Out Site.

Section VIII. Purchase of Eligible Move-In Site

If the Applicant intends to purchase its Eligible Move-In Site, the Applicant must: (A) sign the Contract of Sale and accept delivery of the deed after the submission of an Application, unless the Contract of Sale was entered into subject to approval of public or private financing to purchase the Eligible Move-In Site in which case the Contract of Sale may be signed before the submission of the Applicant's Application; acceptance of delivery of the deed to the Eligible Move-In Site must still occur after submission of such Application. Contracts of sales signed or executed after the adoption of the Greenpoint-Williamsburg Rezoning on May 11, 2005, irrespective of deed delivery date, may be retroactively applied for until January 1, 2007; and (B) continuously occupy the Eligible Move-In Site for a minimum term of three (3) years immediately following its relocation from the Eligible Move-Out Site.

Section IX. Ineligibility Due to Ownership of the Eligible Move-Out Site

An Applicant whose Eligible Move-Out Site is a unit or units in a cooperatively-owned building in which it owns shares of stock, or an Applicant who owns the Eligible Move-Out Site; is associated in a subordinate relation with a realty company owning the Eligible Move-Out Site, or is related to the owners or a majority of the shareholders or partners of the owner of the Eligible Move-Out Site shall not be eligible for Benefits.

Section X. Affiliated Firms

(A) An Applicant's Eligible Business must be separate and distinct from other business operations occupying space at the Eligible Move-Out Site so as to permit accurate measurement of the space actually occupied by the Applicant. An Application will be denied where the Applicant's Eligible Business is so commingled with other operations as to render such measurement impossible.
(B) Affiliated firms operating jointly at the Eligible Move-Out Site should apply as co-Applicants and the grant will be limited to the maximum grant for which one (1) Applicant would be eligible.

(C) Affiliated firms operating in separate buildings may submit separate Applications.

(D) Applicants that amend their lease for the Eligible Move-Out Site, amend their lease or Contract of Sale for the Eligible Move-In Site, reorganize, change their name or status or make changes in their business operations for the intended purpose of attempting to qualify for Benefits, each of the foregoing as determined by the Program Director, shall not be eligible for grants under the Greenpoint Relocation Program.

Section XI. Application Procedure

(A) An Applicant must formally apply for a grant by submitting a completed and executed Application to BRAC in accordance with this Section. The Applicant shall have the affirmative burden of proving its eligibility to the satisfaction of the Program Director as to each and every fact contained in the Application. The Applicant shall provide all information required in the Application, including, but not limited to: Applicant's name; telephone number; move-out and move-in sites' addresses; number of employees to be relocated or located at the move-in site; length of occupancy at the move-out site; names and addresses of any parent, subsidiaries, or affiliated companies; and the name and title of an individual authorized to complete the Application on behalf of the Applicant.

(B) The Applicant must file its Application for a grant prior to signing a lease or Contract of Sale for the Eligible Move-In Site (except in cases in which a Contract of Sale shall be entered into subject to the approval of public or private financing to purchase the Eligible Move-In Site and commercial leases or contracts of sale signed after the adoption of the Greenpoint-Williamsburg Rezoning on May 11, 2005 – see Sections VII and VIII). The Application must include the following:

(1) Proof acceptable to BRAC that the Applicant continuously occupied an Eligible Move-Out Site for at least two (2) years immediately prior to commencement of the lease, or acceptance of the deed, to its Eligible Move-In Site. This proof should be in the form of a complete and correct signed copy of the Applicant's lease for its Eligible Move-Out Site, demonstrating such continuous occupancy. Where, and only where, such a lease does not exist or has been lost or destroyed, the Program Director may authorize that any of the following may be submitted in lieu of a lease as proof that the Applicant meets the aforementioned two (2) year occupancy requirement (the sufficiency of any such substitute proof to be evaluated and determined by BRAC, in its sole and absolute discretion):

(a) copies of original canceled rent checks or other method of payment deemed acceptable by BRAC payable by the Applicant to the landlord, indicating the purpose of the payment and identifying the premises;
(b) insurance policies naming the Applicant as insured and identifying the premises;
(c) a letter from the landlord of the Eligible Move-Out Site certifying the term of occupancy; or
(d) other acceptable documentation evidencing the Applicant's tenancy at the Eligible Move-Out Site;

(2) An unexecuted lease for the Eligible Move-In Site with a term of at least three (3) years or an unexecuted Contract of Sale for the Eligible Move-In Site, except as permitted under Section XI(B) of these Guidelines;

(3) Information necessary to conduct a background investigation of the Applicant, its principals, directors and officers; and

(4) Such other information relating to the Applicant or to the property which is the subject of the Application deemed necessary by BRAC.

Section XII. Applicant's Statement of Compliance with these Guidelines

In addition to its formal Application, an Applicant for a grant must submit a statement, in a manner and form satisfactory to BRAC that the Applicant is in compliance or will comply with the following eligibility criteria:

(A) Meets all eligibility criteria set out in Sections VI through IX of these Guidelines, including a statement that the Applicant is actively engaged as an Eligible Business;

(B) Has not received funds from any other New York City industrial retention and relocation grant program administered by BRAC, or through the New York City Printers Relocation Fund Grant within the three (3) years immediately prior to the date of the Applicant's Application;

(C) Has not received funds from BRAC or from any other public source to defray, pay or otherwise reimburse moving expenses incurred in connection with the Applicant's relocation from the Eligible Move-Out Site to the Eligible Move-In Site;

(D) Will continuously occupy the Eligible Move-In Site for a minimum of three (3) years beginning immediately following its relocation from the Eligible Move-Out Site and will notify BRAC of any changes in the status of its business operations or business location;

(E) Will authorize BRAC to obtain from the New York State Department of Labor quarterly unemployment insurance forms and any other forms or data from governmental agencies that BRAC may require to determine that the Applicant has not violated any agreement between it and BRAC, or to conduct research to evaluate the impact of the Greenpoint Relocation Program on business activity and employment in the City; and

(F) Such other criteria as BRAC may determine to be necessary to administer the Greenpoint Relocation Program in relation to the particular property.

Section XIII. Representations and Warranties

(A) As part of its Application, the Applicant shall certify and make such representations and warranties as may, from time to time, be deemed necessary to assure compliance with the provisions of these Guidelines, including, but not limited to:

(1) that all statements made by or on behalf of the Applicant in connection with its Application are made by a principal or an officer authorized to make such statements and having actual knowledge or documentary information sufficient to make informed and accurate statements, and that such principal or officer of the Applicant believes all such statements to be true;

(2) that the Applicant and its employees and agents will comply and be in compliance with all provisions of federal, state and local laws, all local ordinances and executive orders, and these Guidelines;

(3) that the Applicant represents, acknowledges, covenants and agrees that it bears sole responsibility for paying the full amount of the costs associated with its relocation;

(4) that the Applicant agrees to permit or cause permission to be granted to BRAC and its agents to inspect the Applicant's Eligible Move-Out Site and Eligible Move-In Site upon notice during regular business hours;

(5) that the Applicant agrees to repay the grant with interest accrued thereon as set forth in Section XIX(B) of these Guidelines, immediately, upon the occurrence of an event described in Section XIX(A) of these Guidelines; and

(6) any other representations or warranties as may be required in the Application or requested by the Program Director.

(B) BRAC may require the Applicant to complete and submit the statement required by Section XII of these Guidelines, and/or the representations, warranties and agreements required by this Section XIII, as part of an Application, and/or in such other manner and form satisfactory to BRAC as BRAC shall prescribe (including, without limitation, as part of a grant agreement and contingent note required to be executed by an Applicant before it receives any Benefits).

Section XIV. Site Inspections

As part of the Application process, BRAC or its agents will survey, when possible, the Eligible Move-Out Site prior to the Applicant's relocation and will survey the Eligible Move-In, when possible, prior to disbursing any Benefits.

Section XV. Staff Review and Recommendation

(A) The Program Director's staff shall conduct a review of each Application and all other documentation submitted, including but not limited to, representations and warranties made by the Applicant, any survey conducted, and any other information received from any source pertaining to the Application.

(B) If the Application is deemed complete by the Program Director's staff, the staff shall submit to the Program Director its recommendation as to the eligibility or ineligibility of the Applicant for Benefits and shall inform the Program Director of the basis for such recommendation.

Section XVI. Execution of Grant Agreement

A Grant Agreement between BRAC and an Applicant approved as eligible for Benefits must be executed within four (4) months of said approval. All required submission of documents to substantiate grant payments must be made by the Applicant within one (1) year of execution of the Grant Agreement.

Section XVII. Benefits

An Applicant eligible to receive a grant under the Greenpoint Relocation Program, which has complied in all respects with these Guidelines and approved by the Review Committee, will receive a grant in an amount equal to the lesser of the following:

(A) fifty thousand dollars ($50,000);

(B) the product of (x) fifteen dollars and thirteen cents ($15.13) per square foot multiplied by (y) the total eligible square feet (as verified by BRAC) occupied by the Applicant at the Eligible Move-Out Site; or

(C) the actual Eligible Moving Costs incurred by the Applicant and verified by BRAC.

Section XVIII. Sale, Lease or Sublease of Move-In Site

If an Applicant wishes to sell, lease or sublease all or any portion of the Eligible Move-In Site prior to the end of the Term, it must seek prior approval from BRAC. BRAC may but shall not be obligated to approve selling, leasing or subleasing all or any portion of the Eligible Move-In Site when it finds that undue hardship would result. In the event that the Applicant relocates any portion of its operations, the Applicant agrees to continue that portion of its Eligible Business at another Eligible Move-In Site.

Section XIX. Recapture

(A) If it is determined that an Applicant was ineligible to receive a grant or, if without the written consent of BRAC, and prior to the end of the Term, an Applicant: (1) relocates all or any portion of its Eligible Business from the Eligible Move-In Site; (2) changes its Eligible Business; or (3) sells, leases or subleases all or any portion of the Eligible Move-In Site, the grant shall convert to a loan and shall be repaid according to the terms set forth in Section XIX(B) of these Guidelines.

(B) Upon the occurrence of an event described in Section XIX(A) of these Guidelines, the grant shall convert to a loan which shall bear interest, commencing on the date of disbursement of the grant, at a rate equal to the prime rate, as reported in the New York Times (or similar successor periodical selected by the Program Director) on the date the Review Committee approves the Applicant for a grant (the "Prime Rate"), plus two (2) percentage points ("Contingent Loan"). READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council,** 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists–free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

PROCUREMENT POLICY BOARD RULES

The Rules may also be accessed on the City Website, http://NYC.GOV.Selltonyc

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

LEGAL NOTICE

NOTICE OF PUBLIC HEARING TO BE HELD DECEMBER 13, 2006 PURSUANT TO SECTION 16 OF THE NEW YORK STATE URBAN DEVELOPMENT CORPORATION ACT IN CONNECTION WITH THE PROPOSED WORLD TRADE CENTER MEMORIAL AND CULTURAL PROGRAM

PLEASE TAKE NOTICE that a public hearing, open to all persons, will be held at the the Pace University Multipurpose Room, located at One Pace Plaza, B Level (Spruce Street entrance) in the Borough of Manhattan, commencing at 4:30 p.m., until 7:00 p.m. and continuing thereafter, if necessary, until completed on December 13, 2006, by the Lower Manhattan Development Corporation, ("LMDC") a subsidiary of the Empire State Development Corporation (a political subdivision and public benefit corporation of the State of New York), in cooperation with the United States Department of Housing and Urban Development and The Port Authority of New York and New Jersey ("Port Authority"), pursuant to Section 16 of the New York State Urban Development Corporation Act (Chapter 174, Section 1, Laws of 1968, as amended; the "UDC Act") to consider proposed amendments to the General Project Plan (the "Proposed Plan Amendments") for the proposed World Trade Center Memorial and Cultural Program (the "Project") described below. The purposes of the public hearing are to inform the public about the Proposed Plan Amendments and to give all interested persons an opportunity to present oral or written statements and to submit other documents concerning the Proposed Plan Amendments, pursuant to Section 16 of the UDC Act.

The public purposes of the Project include (a) the creation of the permanent memorial remembering and honoring the thousands of innocent men, women, and children lost in the terrorist attacks on September 11, 2001 and February 26, 1993 (the "Memorial") and (b) the rebuilding of the World Trade Center site (the "WTC Site") and the Southern Site, described below, as a mixed-use center of commerce, public spaces, and culture, with the Memorial at its heart. A number of LMDC discretionary actions are subject to review pursuant to the UDC Act, including LMDC's approval of the Proposed Plan Amendments. After the public hearing is held and a thirty-day public comment period is concluded pursuant to applicable laws, a revised General Project Plan ("Revised GPP") will be completed and LMDC's Directors will be requested to affirm or, if appropriate, modify the Revised GPP and make statutory findings under the UDC Act and other applicable law.

Project Location
The Project Site consists of the WTC Site and the Southern Site. The WTC Site is an approximately 16-acre parcel bounded by West, Vesey, Church, and Liberty Streets. The Southern Site comprises (a) two adjacent city blocks, one bounded by Liberty, Washington, Albany and Greenwich Streets, and the other bounded by Liberty, West, Cedar and Washington Streets, (b) subsurface portions of Liberty Street from the eastern side of West Street to the western side of Greenwich Street, (c) Washington Street from the northern side of Cedar Street to the southern side of Liberty Street, and (d) subsurface portions of Cedar Street from the eastern side of West Street to the eastern side of Washington Street.

Project Description
The Project, for which construction began in 2006, includes the planning, selection, coordination and construction of the Memorial and the planning and possible construction of Memorial-related improvements, and museum and cultural uses at the Project site to complement the redevelopment of commercial office space, retail space, conference center and hotel facilities, open space areas, a reconstructed church and certain infrastructure improvements at the Project site. LMDC and Port Authority have coordinated the planning of these programs that together constitute a land use

improvement and civic project for the redevelopment of the WTC Site. The planning process also includes other appropriate public and private entities.

Proposed Plan Amendments
The Proposed Plan Amendments include (1) an updated project description to reflect the current status of design and construction, including a related expansion of project boundaries; (2) proposed real property acquisitions and dispositions, some requiring LMDC to exercise its power to condemn property and to override local laws and procedures; and (3) a proposed change in the approach to design guidelines. The Proposed Plan Amendments would expand the Project boundaries to include subsurface property south of Cedar Street between West Street and Washington Street; would extend the project boundaries to rights of ways and curb lines, so that several streets bordering the site are included, in order to allow the minor realignment of reintroduced and adjacent streets and the acquisition of subsurface areas needed for infrastructure; and would also expand the project boundaries to include the original 7 World Trade Center parcel bounded by Barclay, Greenwich and Washington Streets, and West Broadway in order to facilitate the reestablishment of a Greenwich Street corridor between Barclay and Vesey Streets.

Availability of the Proposed Plan Amendments
The Proposed Plan Amendments are on file at LMDC, One Liberty Plaza, 20th Floor, New York, New York and are available for inspection by the general public between the hours of 9:30 a.m. and 4:00 p.m., Monday through Friday, public holidays excluded. Copies of the Amendments to the GPP are available, without charge, to any person requesting such copies at the office of LMDC at the address given above and are also available on LMDC's website at www.RenewNYC.com, in the "Planning, Design & Development" section, or by contacting Avalon Simon, Paralegal, Lower Manhattan Development Corporation, One Liberty Plaza, New York, NY 10006; Telephone: (212) 962-2300.

Written comments regarding this proposed amendment may be sent to Russell Unger, Assistant Director and Special Counsel for Environmental Procurement, Mayor's Office of Contract Services at 253 Broadway, 9th Floor, New York, New York 10007, on or before December 18, 2006. A public hearing on the proposed Rules will be held on December 18, 2006 at 110 William Street, 4th floor, at 10:00 AM. The Employee may also request an appointment to discuss the grievance and such request shall be granted. The person designated by the Employer to hear the grievance shall take any steps necessary to a proper disposition of the grievance and shall issue a determination in writing by the end of the third work day following the date of submission.

STEP II. An appeal from an unsatisfactory determination at **STEP I**, where applicable, shall be presented in writing to the agency head or the agency head's designated representative who shall not be the same person designated in **STEP I**. The appeal must be made within five (5) work days of the receipt of the **STEP I** determination. The agency head or designated representative, if any, shall meet with the Employee and/or the Union for review of the grievance and shall issue a determination in writing by the end of the tenth work day following the date on which the appeal was filed.

STEP III. An appeal from an unsatisfactory determination at **STEP II** shall be presented by the employee and/or the Union to the Commissioner of Labor Relations in writing within ten (10) work days of the receipt of the **STEP II** determination. The grievant or the Union should submit copies of the **STEP I** and **STEP II** grievance filings and any agency responses thereto. Copies of such appeal shall be sent to the agency head. The Commissioner of Labor Relations or the Commissioner's designee shall review all appeals from **STEP II** determinations and shall issue a determination on such appeals within fifteen (15) work days following the date on which the appeal was filed.

STEP IV. An appeal from an unsatisfactory determination at **STEP III** may be brought solely by the Union to the Office of Collective Bargaining for impartial arbitration within fifteen (15) work days of receipt of the **STEP III** determination. In addition, the Employer shall have the right to bring directly to arbitration any dispute between the parties concerning any matter defined herein as a "grievance". The Employer shall commence such arbitration by submitting a written request therefor to the Office of Collective Bargaining. A copy of the notice requesting impartial arbitration shall be forwarded to the opposing party. The arbitration shall be conducted in accordance with the Consolidated Rules of the Office of Collective Bargaining. The costs and fees of such arbitration shall be borne equally by the Union and the Employer.

The arbitrator's decision, order or award (if any) shall be limited to the application and interpretation of the Agreement, and the arbitrator shall not add to, subtract from or modify the Agreement. The arbitrator's award shall be final and binding and enforceable in any appropriate tribunal in accordance with Article 75 of the Civil Practice Law and Rules. The arbitrator may provide for and direct such relief as the arbitrator deems necessary and proper, subject to the limitations set forth above and any applicable limitations of law.

Section 3.

As a condition to the right of the Union to invoke impartial arbitration set forth in this Article, including the arbitration of a grievance involving a claimed improper holding of an open-competitive rather than a promotional examination, the Employee or Employees and the Union shall be required to file with the Director of the Office of Collective Bargaining a written waiver of the right, if any, of the Employee and the Union to submit the underlying dispute to any other administrative or judicial tribunal except for the purpose of enforcing the arbitrator's award.

Section 4.

(a) Any grievance under Section 1(d) relating to a claimed improper holding of an open-competitive rather than a promotional examination shall be presented in writing by the Employee or the Union representative to the Commissioner of Labor Relations not later than thirty (30) days after the notice of the intention to conduct such open-competitive examination, or copy of the appointing officer's request for such open-competitive examination, as the case may be, has been posted in accordance with Section 51 of the Civil Service Law. The grievance shall be considered and passed upon within ten (10) days after its presentation. The determination shall be in writing, copies of which shall be transmitted to both parties to the grievance upon issuance.

(b) A grievance relating to the use of an open-competitive rather than a promotional examination which is unresolved by the Commissioner of Labor Relations may be brought to impartial arbitration as provided in Sections 2 and 3 above. Such a grievance shall be presented by the Union, in writing, for arbitration within 15 days of the presentation of such grievance to the Commissioner of Labor Relations, and the arbitrator shall decide such grievance within 75 days of its presentation to the arbitrator. The party requesting such arbitration shall send a copy of such request to the other party. The costs and fees of such arbitration shall be borne equally by the Employer and the Union.

Section 5.

In any case involving a grievance under Section 1(e) of this Article, the following procedure shall govern upon service of written charges of incompetence or misconduct:

STEP A. Following the service of written charges, a conference with such Employee shall be held with respect to such charges by the person designated by the agency head to review a grievance at **STEP I** of the Grievance Procedure set forth in this Agreement. The Employee may be represented at such conference by a representative of the Union. The person designated by the agency head to review the charges shall take any steps necessary to a proper disposition of the charges and shall issue a determination in writing by the end of the fifth day following the date of the conference.

If the Employee is satisfied with the determination in **STEP A** above, the Employee may choose to accept such determination as an alternative to and in lieu of a determination made pursuant to the procedures provided for in Section 75 of the Civil Service Law or the Rules and Regulations of the Health and Hospitals Corporation. As a condition of accepting such determination, the Employee shall sign a waiver of the Employee's right to the procedures available to him or her under Section 75 and 76 of the Civil Service Law or the Rules and Regulations of the Health and Hospitals Corporation.

STEP B(i). If the Employee is not satisfied with the determination at **STEP A** above, then the Employer shall proceed in accordance with the disciplinary procedures set forth in Section 75 of the Civil Service Law or the Rules and Regulations of the Health and Hospitals Corporation. As an alternative, the Union with the consent of the Employee may choose to proceed in accordance with the Grievance Procedure set forth in this Agreement, including the right to proceed to binding arbitration pursuant to **STEP IV** of such Grievance Procedure. As a condition for submitting the matter to the Grievance Procedure the Employee and the Union shall file a written waiver of the right to utilize the procedures available to the employee pursuant to Section 75 and 76 of the Civil Service Law or the Rules and Regulations of the Health and Hospitals Corporation or any other administrative or judicial tribunal, except for the purpose of enforcing an arbitrator's award, if any. Notwithstanding such waiver, the period of an Employee's suspension without pay pending hearing and determination of charges shall not exceed thirty (30) days.

STEP B(ii). If the election is made to proceed pursuant to the Grievance Procedure, an appeal from the determination of **STEP A** above, shall be made to the agency head or designated representative. The appeal must be made in writing within five (5) work days of the receipt of the determination. The agency head or designated representative shall meet with the Employee and the Union for review of the grievance and shall issue a determination to the employee and the Union by the end of the tenth work day following the day on which the appeal was filed. The agency head or designated representative shall have the power to impose the discipline, if any, decided upon, up to and including termination of the accused Employee's employment. In the event of such termination or suspension without pay totalling more than thirty (30) days, the Union with the consent of the grievant may elect to skip **Step C** of this Section and proceed directly to **Step D**.

STEP C. If the grievant is not satisfied with the determination of the agency head or designated representative the grievant or the Union may appeal to the Commissioner of Labor Relations in writing within ten (10) days of the determination of the agency head or designated representative. The Commissioner of Labor Relations shall issue a written reply to the grievant and the Union within fifteen (15) work days.

STEP D. If the grievant is not satisfied with the determination of the Commissioner of Labor Relations, the Union with the consent of the grievant may proceed to arbitration pursuant to the procedures set forth in STEP IV of the Grievance Procedure set forth in this Agreement.

Section 6.

In any case involving a grievance under Section 1(g) of this Article, the following procedure shall govern upon service of written charges of incompetence or misconduct:

STEP A. Following the service of written charges, a conference with such Employee shall be held with respect to such charges by the person designated by the agency head to review a grievance at **STEP I** of the Grievance Procedure set forth in this Agreement. The Employee may be represented at such conference by a representative of the Union. The person designated by the agency head to review the charges shall take any steps necessary to a proper disposition of the charges and shall issue a determination in writing by the end of the fifth day following the date of the conference.

STEP B(i) If the Employee is not satisfied with the determination at **STEP A** above, then the Employee may choose to proceed in accordance with the Grievance Procedure set forth in this Agreement through **STEP III**. The Union, with the consent of the Employee, shall have the right to proceed to binding arbitration pursuant to **STEP IV** of such Grievance Procedure. The period of an Employee's suspension without pay pending hearing and determination of charges shall not exceed thirty (30) days.

STEP B(ii) An appeal from the determination of **STEP A** above shall be made to the agency head or designated representative. The appeal must be made in writing within five (5) work days of the receipt of the determination. The agency head or designated representative shall meet with the Employee and the Union for review of the grievance and shall issue a determination to the Employee and the Union by the end of the tenth work day following the day on which the appeal was filed. The agency head or designated representative shall have the power to impose the discipline, if any, decided upon, up to and including termination of the accused Employee's employment. In the event of such termination or suspension without pay totalling more than thirty (30) days, the Union with the consent of the grievant may elect to skip **STEP C** of this Section and proceed directly to **STEP D**.

STEP C If the grievant is not satisfied with the determination of the agency head or designated representative the grievant or the Union may appeal to the Commissioner of Labor Relations in writing within ten (10) days of the determination of the agency head or designated representative. The Commissioner of Labor Relations shall issue a written reply to the grievant and the Union within fifteen (15) work days.

STEP D If the grievant is not satisfied with the determination of the Commissioner of Labor Relations, the Union with the consent of the grievant may proceed to arbitration pursuant to the procedures set forth in **STEP IV** of the Grievance Procedure set forth in this Agreement.

Section 7.

A grievance concerning a large number of Employees and which concerns a claimed misinterpretation, inequitable application, violation or failure to comply with the provisions of this Agreement may be filed directly at **Step III** of the grievance procedure except that a grievance concerning employees of the Health and Hospitals Corporation may be filed directly at **Step II** of the grievance procedure. All other individual grievances in process concerning the same issue shall be consolidated with the "group" grievance.

Section 8.

If a determination satisfactory to the Union at any level of the Grievance Procedure is not implemented within a reasonable time, the Union may re-institute the original grievance at **STEP III** of the Grievance Procedure; or if a satisfactory **STEP III** determination has not been so implemented, the Union may institute a grievance concerning such failure to implement at **STEP IV** of the Grievance Procedure.

Section 9.

If the Employer exceeds any time limit prescribed at any step

in the Grievance Procedure, the grievant and/or the Union may invoke the next step of the procedure, except that only the Union may invoke impartial arbitration under **STEP IV**.

Section 10.

The Employer shall notify the Union in writing of all grievances filed by Employees, all grievance hearings, and all determinations. The Union shall have the right to have a representative present at any grievance hearing and shall be given forty-eight (48) hours' notice of all grievance hearings.

Section 11.

Each of the steps in the Grievance Procedure, as well as time limits prescribed at each step of this Grievance Procedure, may be waived by mutual agreement of the parties.

Section 12.

A non-Mayoral agency not covered by this Agreement but which employs Employees in titles identical to those covered by this Agreement may elect to permit the Union to appeal an unsatisfactory determination received at the last step of its Grievance Procedure prior to arbitration on fiscal matters only to the Commissioner of Labor Relations. If such election is made, the Union shall present its appeal to the Commissioner of Labor Relations in writing within ten (10) work days of the receipt of the last step determination. The Union should submit copies of the grievance filings at the prior steps of its Grievance Procedure and any agency responses thereto. Copies of such appeals shall be sent to the agency head. The Commissioner of Labor Relations, or the Commissioner's designee, shall review all such appeals and answer all such appeals within fifteen (15) work days. An appeal from a determination of the Commissioner of Labor Relations may be taken to arbitration under procedures, if any, applicable to the non-Mayoral agency involved.

Section 13.

The grievance and the arbitration procedure contained in this Agreement shall be the exclusive remedy for the resolution of disputes defined as "grievances" herein. This shall not be interpreted to preclude either party from enforcing the arbitrator's award in court. This Section shall not be construed in any manner to limit the statutory rights and obligations of the Employer under Article XIV of the Civil Service Law.

Section 14. Expedited Arbitration Procedure

a. The parties agree that there is a need for an expedited arbitration process which would allow for the prompt adjudication of grievances as set forth below.

b. The parties voluntarily agree to submit matters to final and binding arbitration pursuant to the New York City Collective Bargaining Law and under the jurisdiction of the Office of Collective Bargaining. An arbitrator or panel of arbitrators, as agreed to by the parties, will act as the arbitrator of any issue submitted under the expedited procedure herein.

c. The selection of those matters which will be submitted shall include, but not be limited to, out-of-title cases concerning all titles, disciplinary cases wherein the proposed penalty is a monetary fine of one week or less or written reprimand, and other cases pursuant to mutual agreement by the parties. The following procedures shall apply:

(2) The parties shall have ten business days from the receipt of the Deputy Chairperson's proposed list of cases and hearing schedule(s) raise any objections thereto.

(3) If a case is not proposed by the Deputy Chairperson for expedited handling, either party may, at any time prior to the scheduling of an arbitration hearing date for such case, request in writing to the other party and to the Deputy Chairperson of Disputes of the Office of Collective Bargaining that said case be submitted to the expedited procedure. The party receiving such request shall have ten business days from the receipt of the request to raise any objections thereto.

(4) No case shall be submitted to the expedited arbitration process without the mutual agreement of the parties.

ii. CONDUCT OF HEARINGS:

(1) The presentation of the case, to the extent possible, shall be made in the narrative form. To the degree that witnesses are necessary, examination will be limited to questions of material fact and cross examination will be similarly limited. Submission of relevant documents, etc., will not be unreasonably limited and may be submitted as a "packet" exhibit.

(2) In the event either party is unable to proceed with hearing a particular case, the case shall be rescheduled. However, only one adjournment shall be permitted. (3) The Arbitrator shall not be precluded from attempting to assist the parties in settling a particular case.

(4) A decision will be issued by the Arbitrator within two weeks. It will not be necessary in the Award to recount any of the facts presented. However, a brief explanation of the Arbitrator's rationale may be included. Bench decisions may also be issued by the Arbitrator.

Longevity Increment Eligibility Rules

The following rules shall govern the eligibility of employees for the longevity increments provided for in Article III, Section 11 of the 2005-2008 Traffic Enforcement Agents et al. Agreement:

1. Only service in pay status shall be used to calculate the 15 years of service, except that for other than full time per annum employees only a continuous year of service in pay status shall be used to calculate the 15 years of service. A continuous year of service shall be a full year of service without a break of more than 31 days. When the regular and customary work year for a title is less than a twelve month year such as a school year, such regular and customary year shall be credited as a continuous year of service counting towards the 15 years of service. If the normal work year for an employee is less than the regular and customary work year for the employee's title, it shall be counted as a continuous year of service if the employee has customarily worked that length of work year and the applicable agency verifies that information.

2. Service in pay status prior to any breaks in service of more than one year shall not be used to calculate the 15 years of service. Where an employee has less than seven years of continuous service in pay status, breaks in service of less than one year shall be aggregated. Where breaks in service aggregate to more than one year they shall be treated as a break in service of more than one year and the service prior to such breaks and the aggregated breaks shall not be used to calculate the 15 years of service. No break used to disqualify service shall be used more than once.

3. The following time in which an employee is not in pay status shall not constitute a break in service as specified in the paragraph 2 above.

a. Time on a leave approved by the proper authority which is consistent with the **Rules and Regulations of the City of New York** or the appropriate personnel authority of a covered organization.

b. Time prior to a reinstatement.

c. Time on a preferred list pursuant to **Civil Service Law Sections 80 and 81** or any similar contractual provision.

d. Time not in pay status of 31 days or less.

Notwithstanding the above, such time as specified in subsection a, b and c above shall not be used to calculate the 15 years of service.

4. Once an employee has completed the 15 years of "City" service in pay status and is eligible to receive the $500 longevity increment, the $500 shall go into the employee's base rate for all purposes except as provided in paragraph 5 below.

5. The $500 longevity increment shall not become pensionable until 15 months after the Employee becomes eligible to receive such payment. Fifteen months after the Employee begins to receive the $500 longevity increment, such $500 longevity increment shall become pensionable and as part of the Employee's base rate, the $500 longevity increment shall be subject to the general increases provided in Article III, Section 3(a) of this **Agreement**.

Dear Mr. Diesso:

This is to confirm certain mutual understandings and agreements regarding the above captioned Agreement.

a. Funding was not provided to permit the application of the general increases to the 15 year longevity increments provided in various separate unit agreements. Therefore the provisions of Section 3 (a)(i), 3 (a) (ii) and 3 (a) (iii) of the *2005-2008 CWA Locals 1181 and 1182 Agreement* shall *not* apply to such longevity increments.

Re: 2005-2008 CWA Locals 1181 and 1182 Agreement

Dear Mr. Diesso:

This is to confirm certain mutual understandings and agreements regarding the above captioned Agreement.

Transit Check
The parties agree that the City will expand the current Transit Check program to offer to eligible employees the ability to purchase a Transit Debit Card through payroll deductions in accordance with IRC Section 132. In addition to the current MTA Surface and Subway lines, the Transit Debit Card may be used to purchase tickets for mass transit commutation only (i.e. LIRR, LI MTA Buses, MetroNorth). The administrative fee for this benefit will be borne by the participants and will be deducted on a prorated basis from the participating employee's paycheck. After one year of experience with this benefit, the City will examine the level of participation and the associated costs of providing this benefit to determine whether or not the administrative fee requires adjustment.

The parties further agree to examine the possible expansion of this benefit to include other regional mass transit carriers.

Residency
The parties agree to support an amendment to Section 12-119 et seq. of the Administrative Code for the purpose of expanding permissible limits on residency to include the City of New York and Nassau, Westchester, Suffolk, Orange, Rockland or Putnam counties – with certain exceptions and limitations and except as may be prohibited by any other law requiring residency for appointment to certain positions including, but not limited to, the Public Officers Law – for employees covered by the terms of this Agreement.

Consistent with the above, Mayoral Directive 78-13, as amended July 26, 1978, and any other covered Employer's rules, regulations and/or operating procedures, shall be similarly modified to conform to the understanding of the parties. Upon enactment of legislation to implement the provisions herein, employees shall be subject to Section 1127 of the New York City Charter.

Labor Management Committee on Pension Issues
There shall be a joint Labor Management Committee on Pensions with the appropriate parties. The committee shall analyze the actual costs and additional contribution rate(s) for members of the New York City Employees' Retirement System (NYCERS) and the Board of Education Retirement System (BERS) associated with Chapter 96 of the Laws of 1995. Such analysis shall be based on, among other factors, the actual number of people who elected to participate under the provisions of said Chapter 96 of the Laws of 1995 as of September 26, 1995. The committee shall make recommendations regarding the establishment of revised additional contribution rate(s) and other remedies it deems appropriate so as to reflect the actual cost to members of NYCERS and BERS. Regardless of the comparison of actual costs to additional contributions for members of NYCERS and BERS, there shall be no adjustment to contributions under Chapter 96 without first considering the contributions by the employer to NYCERS and BERS on behalf of all employees, and the comparison of those contributions to actual costs.

The appropriate parties further agree to discuss the following issues:

Chapter 96 Reopener
Chapter 96 Escape
Age and Vesting Requirements
Member Contribution Amounts and Duration
Benefit Formula Changes
Service Credits
Any other areas the parties mutually agree to

Continuation of Certain Health Benefits
The parties acknowledge that collective bargaining regarding health benefits is within the purview of negotiations between the Municipal Labor Committee and the City. Cost-containment initiatives in the City Health Benefits Program shall be discussed with the Municipal Labor Committee.

Salary Review Panel
A Salary Review Panel shall be established to review selected titles and occupational groups to determine whether or not salary adjustments or other compensation modifications appear to be indicated and, based on their findings, to make such recommendations as are appropriate. The Panel Procedures shall be set forth in a letter agreement. The parties further agree that no recommendation for salary modifications and/or other adjustments shall be implemented unless and until the parties have agreed on the source(s) of funding.

Additional Compensation Funds

Re: 2005-2008 CWA Locals 1181 and 1182 Agreement

Dear Mr. Diesso:

This is to confirm certain mutual understandings and agreements regarding the above captioned Agreement.

As set forth in the 2005-2008 Unit Agreement, the parties agree to establish the "Salary Review Panel" ("*Panel*").

Composition of the Panel

The Salary Review Panel shall consist of a member appointed by the Union, a member appointed by the City, and a neutral selected by the parties or such other arrangement as may be mutually acceptable to the parties.

Goals and Objectives

A Salary Review Panel shall be established to review selected titles and occupational groups to determine whether or not salary adjustments or other compensation modifications appear to be indicated and, based on their findings, to make such recommendations as are appropriate.

Criteria

The criteria to be used to determine the title(s) and/or occupational group(s) to be reviewed for such adjustments or modifications shall be mutually agreed upon by the parties. Only those criteria that are mutually agreed upon by the parties shall be considered by the Panel.

The parties mutually agree that any review undertaken by the Panel shall, where appropriate, include an analysis of the "total compensation" of a title. Total compensation includes wages and other salary-related benefits; time and leave benefits; health insurance; welfare fund benefits; pension benefits; and such other areas that are typically considered by the parties.

Written applications are to be submitted to the Panel within 120 days of the ratification of this Agreement unless the parties mutually agree to an extension. Applications submitted to the Panel must contain detailed information regarding the basis for the claim. Determinations and/or recommendations of the Panel shall not be grievable, arbitrable or otherwise reviewable in any other forum.

The parties further agree that no recommendation for salary modifications and/or other adjustments shall be implemented unless and until the parties have agreed on the source(s) of funding.

If the above accords with your understanding, kindly execute the signature line provided below.

Very truly yours,
James F. Hanley

READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council**, 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists--free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

PROCUREMENT POLICY BOARD RULES

The Rules may also be accessed on the City Website, http://NYC.GOV.Selltonyc

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

LEGAL NOTICE

NOTICE OF PUBLIC HEARING TO BE HELD DECEMBER 13, 2006 PURSUANT TO SECTION 16 OF THE NEW YORK STATE URBAN DEVELOPMENT CORPORATION ACT IN CONNECTION WITH THE PROPOSED WORLD TRADE CENTER MEMORIAL AND CULTURAL PROGRAM

PLEASE TAKE NOTICE that a public hearing, open to all persons, will be held at the the Pace University Multipurpose Room, located at One Pace Plaza, B Level (Spruce Street entrance) in the Borough of Manhattan, commencing at 4:30 p.m., until 7:00 p.m. and continuing thereafter, if necessary, until completed on December 13, 2006, by the Lower Manhattan Development Corporation, ("LMDC") a subsidiary of the Empire State Development Corporation (a political subdivision and public benefit corporation of the State of New York), in cooperation with the United States Department of Housing and Urban Development and The Port Authority of New York and New Jersey ("Port Authority"), pursuant to Section 16 of the New York State Urban Development Corporation Act (Chapter 174, Section 1, Laws of 1968, as amended; the "UDC Act") to consider proposed amendments to the General Project Plan (the "Proposed Plan Amendments") for the proposed World Trade Center Memorial and Cultural Program (the "Project") described below. The purposes of the public hearing are to inform the public about the Proposed Plan Amendments and to give all interested persons an opportunity to present oral or written statements and to submit other documents concerning the Proposed Plan Amendments, pursuant to Section 16 of the UDC Act.

The public purposes of the Project include (a) the creation of the permanent memorial remembering and honoring the thousands of innocent men, women, and children lost in the terrorist attacks on September 11, 2001 and February 26, 1993 (the "Memorial") and (b) the rebuilding of the World Trade Center site (the "WTC Site") and the Southern Site, described below, as a mixed-use center of commerce, public spaces, and culture, with the Memorial at its heart. A number of LMDC discretionary actions are subject to review pursuant to the UDC Act, including LMDC's approval of the Proposed Plan Amendments. After the public hearing is held and a thirty-day public comment period is concluded pursuant to applicable laws, a revised General Project Plan ("Revised GPP") will be completed and LMDC's Directors will be requested to affirm or, if appropriate, modify the Revised GPP and make statutory findings under the UDC Act and other applicable law.

Project Location
The Project Site consists of the WTC Site and the Southern Site. The WTC Site is an approximately 16-acre parcel bounded by West, Vesey, Church, and Liberty Streets. The Southern Site comprises (a) two adjacent city blocks, one bounded by Liberty, Washington, Albany and Greenwich Streets, and the other bounded by Liberty, West, Cedar and Washington Streets, (b) subsurface portions of Liberty Street from the eastern side of West Street to the western side of Greenwich Street, (c) Washington Street from the northern side of Cedar Street to the southern side of Liberty Street, and (d) subsurface portions of Cedar Street from the eastern side of West Street to the eastern side of Washington Street.

Project Description
The Project, for which construction began in 2006, includes the planning, selection, coordination and construction of the Memorial and the planning and possible construction of Memorial-related improvements, and museum and cultural uses at the Project site to complement the redevelopment of commercial office space, retail space, conference center and hotel facilities, open space areas, a reconstructed church and certain infrastructure improvements at the Project site. LMDC and Port Authority have coordinated the planning of these programs that together constitute a land use improvement and civic project for the redevelopment of the WTC Site. The planning process also includes other appropriate public and private entities.

Proposed Plan Amendments
The Proposed Plan Amendments include (1) an updated project description to reflect the current status of design and construction, including a related expansion of project boundaries; (2) proposed real property acquisitions and dispositions, some requiring LMDC to exercise its power to condemn property and to override local laws and procedures; and (3) a proposed change in the approach to design guidelines. The Proposed Plan Amendments would expand the Project boundaries to include subsurface property south of Cedar Street between West Street and Washington Street; would extend the project boundaries to rights of ways and curb lines, so that several streets bordering the site are included, in order to allow the minor realignment of reintroduced and adjacent streets and the acquisition of subsurface areas needed for infrastructure; and would also expand the project boundaries to include the original 7 World Trade Center parcel bounded by Barclay, Greenwich and Washington Streets, and West Broadway in order to facilitate the reestablishment of a Greenwich Street corridor between Barclay and Vesey Streets.

Availability of the Proposed Plan Amendments
The Proposed Plan Amendments are on file at LMDC, One Liberty Plaza, 20th Floor, New York, New York and are available for inspection by the general public between the hours of 9:30 a.m. and 4:00 p.m., Monday through Friday, public holidays excluded. Copies of the Amendments to the GPP are available, without charge, to any person requesting such copies at the office of LMDC at the address given above and are also available on LMDC's website at www.RenewNYC.com, in the "Planning, Design & Development" section, or by contacting Avalon Simon, Paralegal, Lower Manhattan Development Corporation, One Liberty Plaza, New York, NY 10006; Telephone: (212) 962-2300.

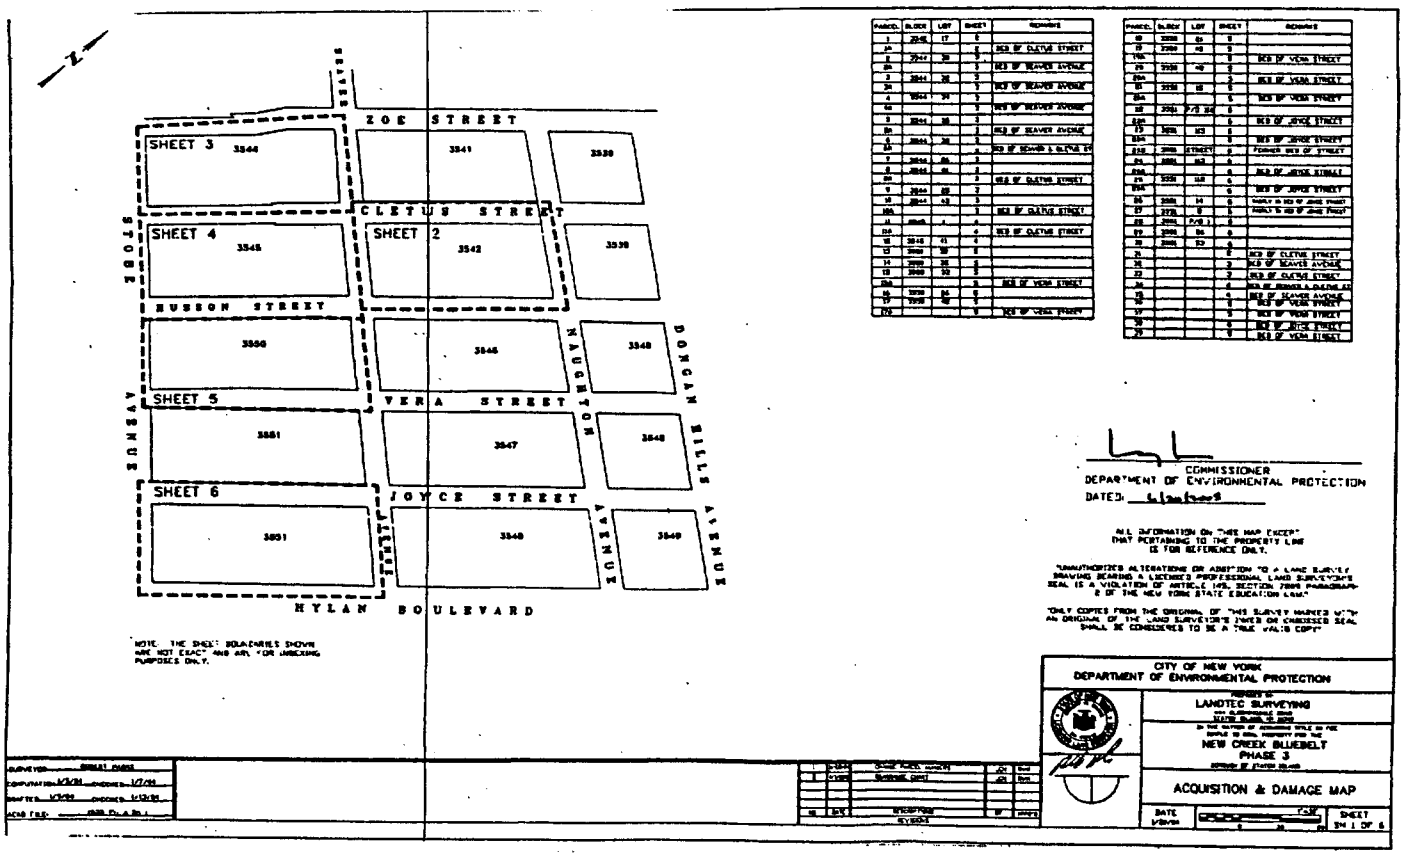
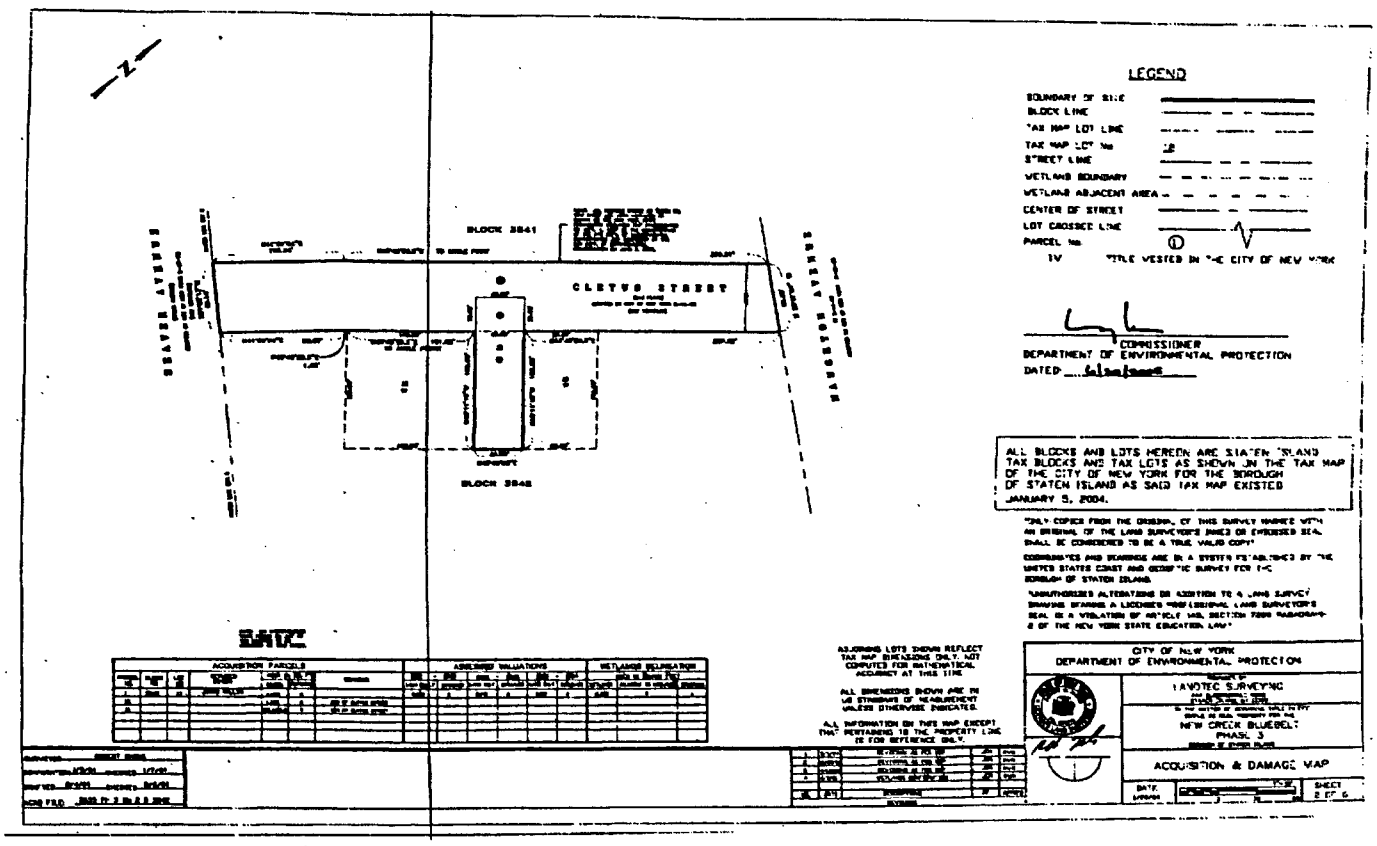
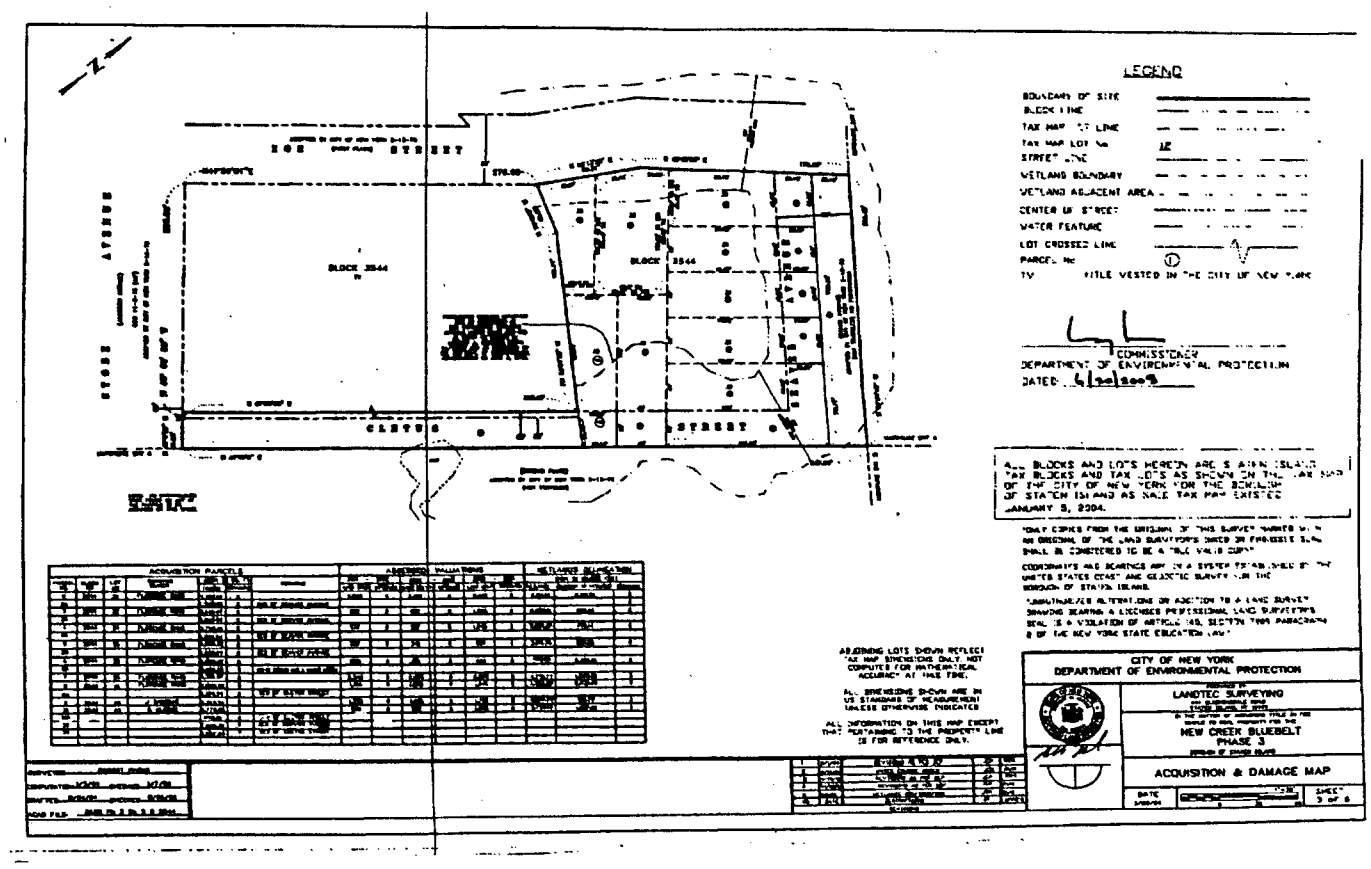
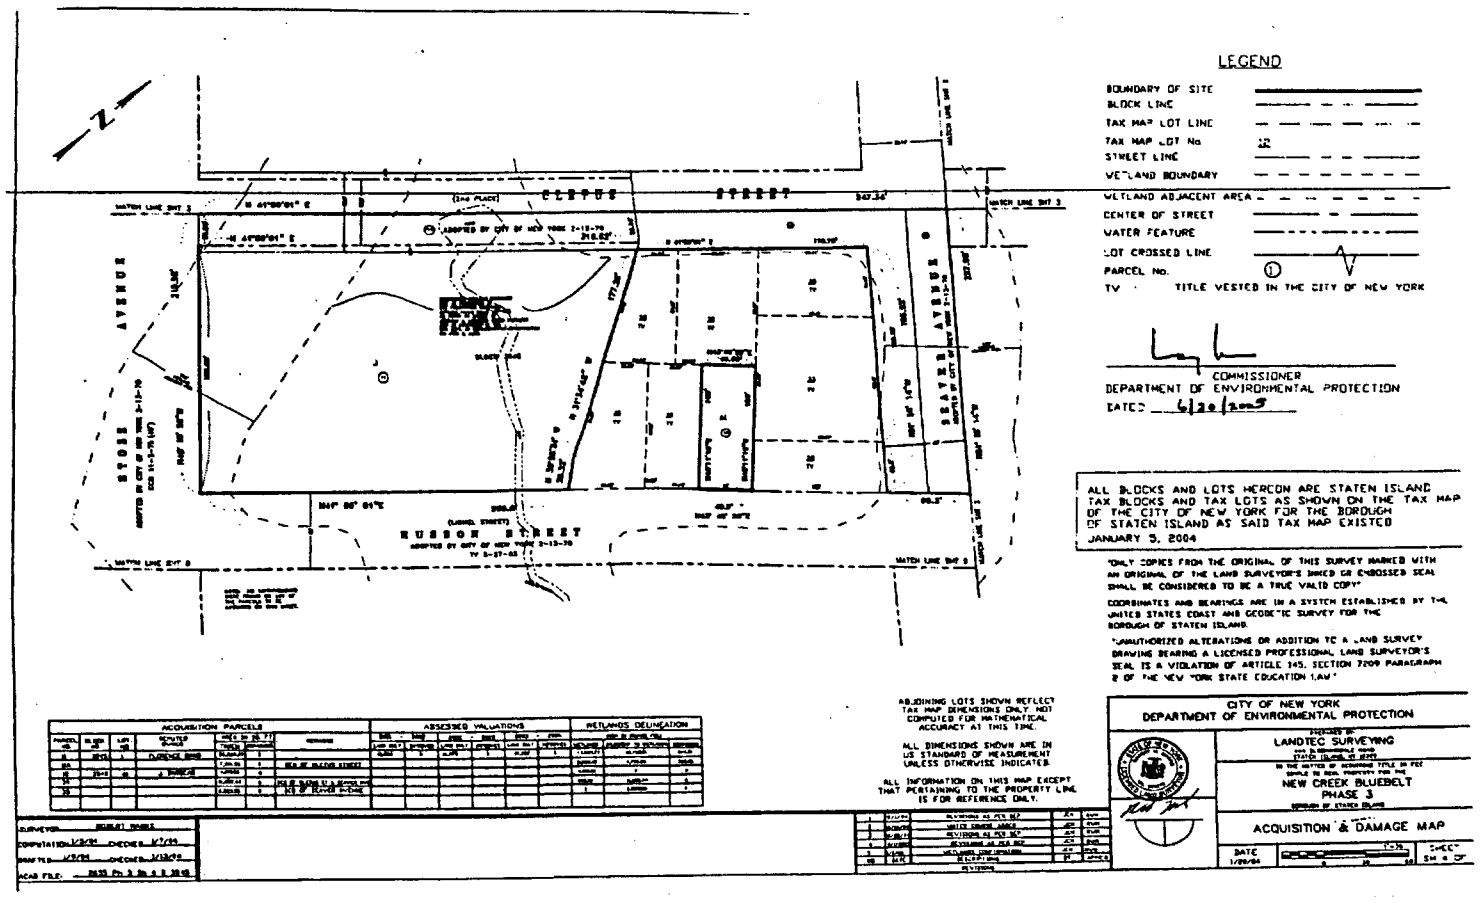
COURT NOTICE MAPS FOR NEW CREEK BLUEBELT PHASE 3

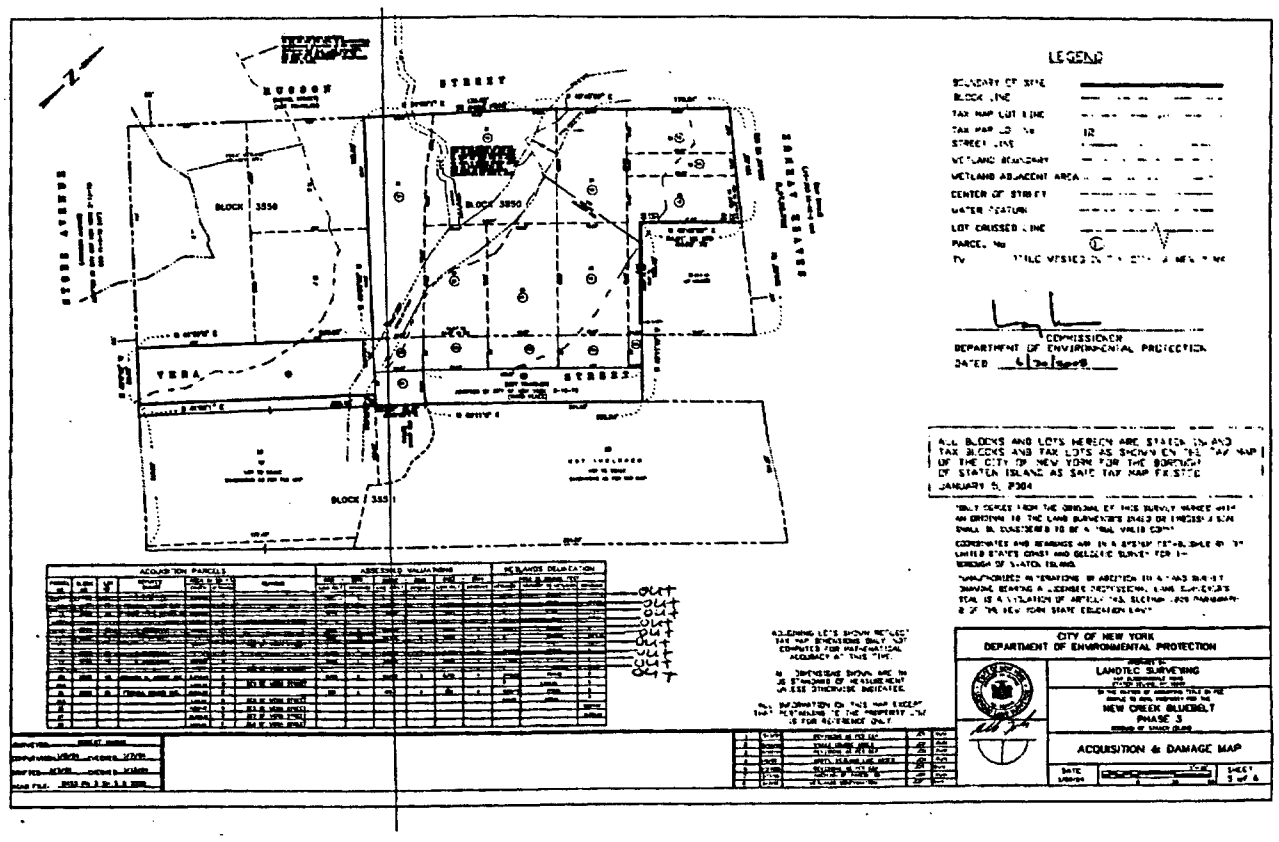


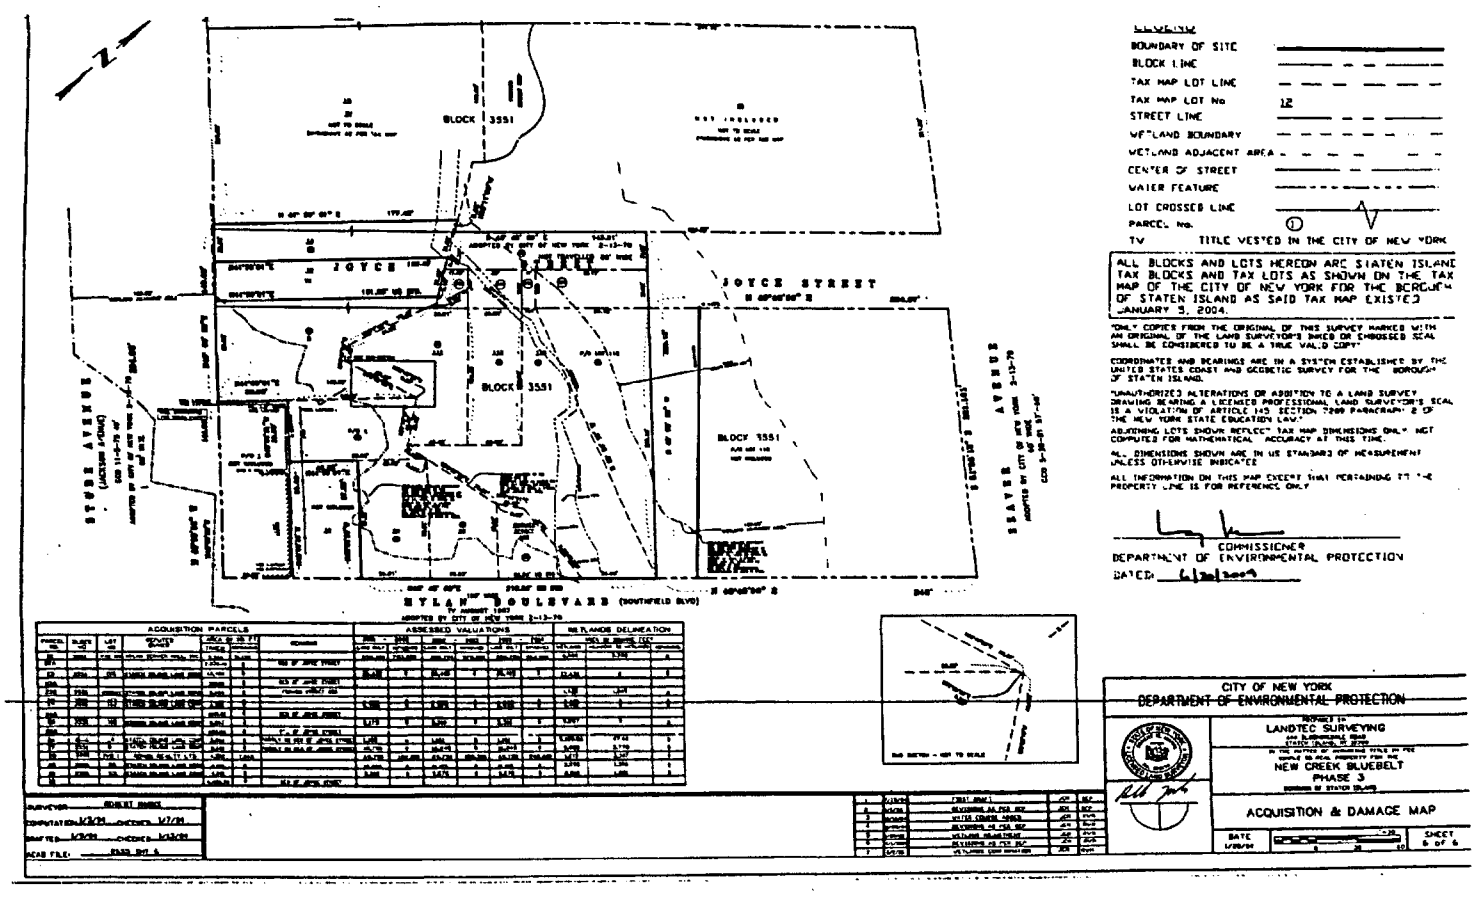




COURT NOTICE MAPS FOR NEW CREEK BLUEBELT PHASE 3







READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council**, 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists--free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

Article VII: Administration
Chapter 4: Special Permits by the City Planning Commission

***

74-743 ~~(7/26/01)~~
Special provisions for bulk modification

(a) For a general large-scale development, the City Planning Commission may permit:

(1) distribution of total allowable #floor area#, #rooming units#, #dwelling units#, #lot coverage#, and total required #open space# under the applicable district regulations within a #general large-scale development# without regard to #zoning lot lines# or district boundaries subject to the following limitations:

   (i) no distribution of #bulk# across the boundary of two districts shall be permitted for a #use# utilizing such #bulk# unless such #use# is permitted in both districts;

   (ii) when a #general large-scale development# is located partially in a #Residence District# or in a C1, C2, C3, or C4-1 District and partially in other #Commercial# or #Manufacturing Districts#, no transfer of commercial #floor area# to a #Residence District# or to a C1, C2, C3, or C4-1 District from other districts shall be permitted;

(2) location of #buildings# without regard for the applicable #yard#, #court#, distance between #buildings#, or height and setback regulations;

(3) variation in the location of primary business entrances and #show windows# along frontages adjacent to #zoning lots# outside the #general large-scale development# without regard to regulations applicable near #Residence District# boundaries; and

(4) the maximum #floor area ratio# permitted pursuant to Section 23-142 for the applicable district without regard for #height factor# or #open space ratio# requirements provided that the #general large-scale development# is located partially in a C6-1, C6-2, or C6-3 District.

(b) ~~As a condition of granting~~ In order to grant a special permit pursuant to this Section for any #general large-scale development#, the Commission shall find that:

(1) the distribution of #floor area#, #open space#, #dwelling units#, #rooming units# and the location of #buildings#, primary business entrances and #show windows# will result in a better site plan and a better relationship among #buildings# and open areas to adjacent #streets#, surrounding development, adjacent open areas and shorelines than would be possible without such distribution and will thus benefit both the occupants of the #general large-scale development#, the neighborhood, and the City as a whole;

(2) the distribution of #floor area# and location of #buildings# will not unduly increase the #bulk# of #buildings# in any one #block# or unduly obstruct access of light and air to the detriment of the occupants or users of #buildings# in the #block# or nearby #blocks# or of people using the #streets#;

(3) where a #zoning lot# of a #general large-scale development# doest not occupy a frontage on a mapped #street#, appropriate access to a mapped #street# is provided;

(4) considering the size of the proposed #general large-scale development#, the #streets# providing access to such #general large-scale development# will be adequate to handle traffic resulting therefrom;

(5) when the Commission has determined that the #general large-scale development# requires significant addition to existing public facilities serving the area, the applicant has submitted to the Commission a plan and timetable to provide such required additional facilities. Proposed facilities that are incorporated into the City's capital budget may be included as part of such plan and timetable; ~~and~~

(6) where the Commission permits the maximum #floor area ratio# allowed pursuant to Section 23-142 for the applicable district without regard for #height factor# or #open space ratio# requirements, open areas are provided within the #general large-scale development# that are of sufficient size to serve the residents of new or #enlarged# #buildings#, and have appropriate access, circulation, seating, lighting and paving. Furthermore, the site plan of such #general large-scale development# shall include superior landscaping for open areas serving the needs of residents of the new or enlarged #buildings#; and

~~(6)~~ (7) a declaration with regard to ownership requirements in paragraph (b) of the #general large-scale development# definition in Section 12-10 (DEFINITIONS) has been filed with the Commission.

Resolution for adoption scheduling December 6, 2006 for a public hearing.

2. Learning Leaders

Service(s): The Office of Parent Engagement is requesting a non-competitive award to Learning Leaders to provide volunteer training and informational workshops for parents. Learning Leaders recruits, trains and supports approximately 15,000 school volunteers who work in 967 New York City public schools. Learning Leaders has the organizational capacity to offer parent training in seven languages, and offer parent workshops such as "Family Literacy and Numeracy," "FYI on Public Education" and "Adolescent Parenting."

LEGAL NOTICE

NOTICE OF PUBLIC HEARING TO BE HELD DECEMBER 13, 2006 PURSUANT TO SECTION 16 OF THE NEW YORK STATE URBAN DEVELOPMENT CORPORATION ACT IN CONNECTION WITH THE PROPOSED WORLD TRADE CENTER MEMORIAL AND CULTURAL PROGRAM

PLEASE TAKE NOTICE that a public hearing, open to all persons, will be held at the the Pace University Multipurpose Room, located at One Pace Plaza, B Level (Spruce Street entrance) in the Borough of Manhattan, commencing at 4:30 p.m., until 7:00 p.m. and continuing thereafter, if necessary, until completed on December 13, 2006, by the Lower Manhattan Development Corporation, ("LMDC") a subsidiary of the Empire State Development Corporation (a political subdivision and public benefit corporation of the State of New York), in cooperation with the United States Department of Housing and Urban Development and The Port Authority of New York and New Jersey ("Port Authority"), pursuant to Section 16 of the New York State Urban Development Corporation Act (Chapter 174, Section 1, Laws of 1968, as amended; the "UDC Act") to consider proposed amendments to the General Project Plan (the "Proposed Plan Amendments") for the proposed World Trade Center Memorial and Cultural Program (the "Project") described below. The purposes of the public hearing are to inform the public about the Proposed Plan Amendments and to give all interested persons an opportunity to present oral or written statements and to submit other documents concerning the Proposed Plan Amendments, pursuant to Section 16 of the UDC Act.

The public purposes of the Project include (a) the creation of the permanent memorial remembering and honoring the thousands of innocent men, women, and children lost in the terrorist attacks on September 11, 2001 and February 26, 1993 (the "Memorial") and (b) the rebuilding of the World Trade Center site (the "WTC Site") and the Southern Site, described below, as a mixed-use center of commerce, public spaces, and culture, with the Memorial at its heart. A number of LMDC discretionary actions are subject to review pursuant to the UDC Act, including LMDC's approval of the Proposed Plan Amendments. After the public hearing is held and a thirty-day public comment period is concluded pursuant to applicable laws, a revised General Project Plan ("Revised GPP") will be completed and LMDC's Directors will be requested to affirm or, if appropriate, modify the Revised GPP and make statutory findings under the UDC Act and other applicable law.

Project Location
The Project Site consists of the WTC Site and the Southern Site. The WTC Site is an approximately 16-acre parcel bounded by West, Vesey, Church, and Liberty Streets. The Southern Site comprises (a) two adjacent city blocks, one bounded by Liberty, Washington, Albany and Greenwich Streets, and the other bounded by Liberty, West, Cedar and Washington Streets, (b) subsurface portions of Liberty Street from the eastern side of West Street to the western side of Greenwich Street, (c) Washington Street from the northern side of Cedar Street to the southern side of Liberty Street, and (d) subsurface portions of Cedar Street from the eastern side of West Street to the eastern side of Washington Street.

Project Description
The Project, for which construction began in 2006, includes the planning, selection, coordination and construction of the Memorial and the planning and possible construction of Memorial-related improvements, and museum and cultural uses at the Project site to complement the redevelopment of commercial office space, retail space, conference center and hotel facilities, open space areas, a reconstructed church and certain infrastructure improvements at the Project site. LMDC and Port Authority have coordinated the planning of these programs that together constitute a land use improvement and civic project for the redevelopment of the WTC Site. The planning process also includes other appropriate public and private entities.

Proposed Plan Amendments
The Proposed Plan Amendments include (1) an updated project description to reflect the current status of design and construction, including a related expansion of project boundaries; (2) proposed real property acquisitions and dispositions, some requiring LMDC to exercise its power to condemn property and to override local laws and procedures; and (3) a proposed change in the approach to design guidelines. The Proposed Plan Amendments would expand the Project boundaries to include subsurface property south of Cedar Street between West Street and Washington Street; would extend the project boundaries to rights of ways and curb lines, so that several streets bordering the site are included, in order to allow the minor realignment of reintroduced and adjacent streets and the acquisition of subsurface areas needed for infrastructure; and would also expand the project boundaries to include the original 7 World Trade Center parcel bounded by Barclay, Greenwich and Washington Streets, and West Broadway in order to facilitate the reestablishment of a Greenwich Street corridor between Barclay and Vesey Streets.

Availability of the Proposed Plan Amendments
The Proposed Plan Amendments are on file at LMDC, One Liberty Plaza, 20th Floor, New York, New York and are available for inspection by the general public between the hours of 9:30 a.m. and 4:00 p.m., Monday through Friday, public holidays excluded. Copies of the Amendments to the GPP are available, without charge, to any person requesting such copies at the office of LMDC at the address given above and are also available on LMDC's website at www.RenewNYC.com, in the "Planning, Design & Development" section, or by contacting Avalon Simon, Paralegal, Lower Manhattan Development Corporation, One Liberty Plaza, New York, NY 10006; Telephone: (212) 962-2300.

AGENCY RULES

CITY PLANNING

■ NOTICE

NOTICE OF ADOPTION OF RULES

NOTICE IS HEREBY GIVEN PURSUANT TO THE AUTHORITY VESTED IN THE City Planning Commission pursuant to Sections 192 and 1043 of the New York City Charter, Section 81-744(a)(5) of the New York City Zoning Resolution, and in accordance with Section 1043(e) of the Charter of the City of New York, that the City Planning Commission hereby adds a new rule governing fees under Chapter 3 of Title 62 of the Rules of the City of New York. The rule was published for comment in the City Record on September 20, 2006. The required public hearing on this rule was held on October 25, 2006.

Material to be added is underlined.

Section 1. The chapter heading of Chapter 3 of Title 62 of the Rules of the City of New York is amended to read as follows:

CHAPTER 3. FEES AND CONTRIBUTIONS

Section 2. Chapter 3 of Title 62 of the Rules of the City of New York is amended by adding a new subchapter C, to read as follows:

SUBCHAPTER C. CONTRIBUTIONS

§3-08. Contributions to Theater Subdistrict Fund Pursuant to Section 81-744 of the New York City Zoning Resolution.

Contributions to the Theater Subdistrict Fund pursuant to Section 81-744 of the New York City Zoning Resolution shall be made in an amount equal to $14.91 per square foot of floor area transferred.

STATEMENT OF BASIS AND PURPOSE

These rules are promulgated pursuant to the authority of the City Planning Commission, under Sections 192 and 1043 of the New York City Charter, and pursuant to Section 81-744(a)(5) of the New York City Zoning Resolution. Under Section 81-744 of the Zoning Resolution, the City Planning Commission shall allow by certification or authorization the transfer of development rights from listed theaters in the Theater Subdistrict. Certification shall be granted, provided that, among other requirements, the appropriate legal documents are executed ensuring that a contribution in an amount, which is presently established under Section 81-744(a)(5) to be $10.00 per square foot of transferred floor area, is deposited in the Theater Subdistrict Fund. The City Planning Commission is required to periodically review the contribution amount and to adjust such amount to reflect any change in the assessed value of all properties on zoning lots wholly within the Theater Subdistrict.

In adopting Section 81-744 of the Zoning Resolution, City Planning Commission Report N980271ZRM, dated June 3, 1998 (the "Report"), established the original contribution amount at $10 per square foot, which was described as approximately twenty (20) percent of the value of land per square foot in the Theater Subdistrict. The Report further stated that this amount should be adjusted periodically based on changes in the assessed value of land in the district.

Consistent with the Section 81-744 and the 1998 Report, the proposed adjustment reflects the adjusted value of land per square foot for properties on zoning lots wholly within the Theater Subdistrict, taking into account changes in the assessed valuation since 1998.

There are three blocks west of Eighth Avenue which are bisected by the Theater Subdistrict boundary. Using zoning lot merger information for these blocks from 1998 to 2006, it was determined which of the zoning lots in these blocks are situated fully within the Theater Subdistrict. Based upon the assessed property values for the property included within these zoning lots, provided by the New York City Department of Finance ("DOF"), it has been determined that the assessed value for all properties situated wholly within the Theater Subdistrict has increased 49.06% per square foot from 1998 to 2006.

DOF data shows that in 1998, the total built floor area of the Theater Subdistrict was 63,871,931 square feet, and the total assessed value of such properties was $4,525,059,822. DOF data also show that in 2006, the total built floor area of the Theater Subdistrict was 81,642,687 square feet, and the total assessed value of such properties was $8,621,852,552.

Based upon the DOF data, the total assessed value per square foot was $70.85 in 1998 and was $105.60 in 2006. Given that the assessed value of all properties per square foot increased $34.76 or 49.06% from 1998 until 2006, the proposed rule would increase the required Theater Subdistrict Fund contribution from $10.00 per square foot to $14.91 per square foot of development rights transferred from the listed theaters.

TAXI AND LIMOUSINE COMMISSION

■ NOTICE

Notice of Final Rulemaking

Notice is hereby given in accordance with section 1043(b) of the Charter of the City of New York ("Charter") that the Taxi and Limousine Commission ("TLC") has amended the provisions of Chapter 3 of Title 35 of the Rules of the City of New York to extend the retirement age of stand-by vehicles to sixty months.

This rule is promulgated pursuant to section 1043 of the Charter and section 19-503 of the Administrative Code of the City of New York. The Notice of Rulemaking was published in the City Record on October 3, 2006. A public hearing was held on the proposed rule on November 15, 2006, and the rule was adopted by the TLC on such date.

Section 3-02(a)(1) of chapter 3 of Title 35 of the Rules of the City of New York is amended to read as follows:

[Deleted material is in brackets.]
New material is underscored.

Section 3-02 Vehicle Retirement.

(a) The following requirements shall apply to all vehicles hacked-up on or after March 1, 1996:

(1) A vehicle which is double-shifted and not driven by at least one long-term driver, as defined in Rule 1-01, for any period of time on or after March 1, 1997, and is not in service solely as an authorized stand-by vehicle from the time the vehicle is hacked-up, must be retired from taxicab service and replaced no later than the scheduled inspection of the vehicle occurring 36 months after the vehicle was hacked-up.

Statement of Basis and Purpose of Proposed Rules

The rule amends existing rules to provide that the vehicle retirement deadline for a stand-by vehicle is 60 months, instead of 36 months. As provided in sections 1-01 and 1-59 of the rules of the Taxi and Limousine Commission (TLC), a stand-by vehicle is a vehicle that is hacked-up as a taxicab, and is used by fleets as a replacement vehicle when a taxicab is unavailable for use - for instance, due to repairs or inspection. The reason for the rulemaking is that TLC inspection data over the past several years shows that a stand-by vehicle accrues significantly less mileage and aging than a regular fleet taxicab. Therefore, a 60-month retirement deadline is more appropriate to the actual taxicab usage of a stand-by vehicle.

The rule is intended to apply to stand-by vehicles that are in service as of the effective date of the rule, as well as to stand-by vehicles that are hacked-up on or after the effective date of the rule. However, only vehicles which are or have been hacked-up as a stand-by vehicle when new will be assigned a 60-month retirement deadline.

New material is underscored.

(2) If the results of said test are positive, the driver's license may be revoked after a hearing in accordance with §8-15 of this title. A finding that the driver has failed said test will result in revocation of the driver's license.

Statement of Basis and Purpose of Rules

The rules amend previously existing rules to implement the reciprocity provisions recently enacted as section 498 to the New York State Vehicle and Traffic Law (the "VTL"). Pursuant to that enactment, promulgation of these rules is intended to qualify the City of New York for reciprocity, thereby entitling for-hire vehicles and drivers licensed by the New York City Taxi & Limousine Commission (the "TLC") to (1) pick up passengers in New York City for travel to or through Westchester or Nassau Counties; (2) pick up passengers in Westchester or Nassau for travel to New York City; and (3) transit through Westchester and Nassau for travel beginning and ending elsewhere.

Under the amendments to the VTL, in order for drivers and vehicles licensed by one of the above-mentioned jurisdictions to qualify for reciprocity, the regulations regarding transportation for hire of the vehicles and drivers licensed by such jurisdiction must meet certain minimum requirements. Vehicles must be marked as being licensed by their home jurisdiction and must, among other things, maintain trip logs in the vehicles which contain records of interjurisdictional travel. Drivers of such vehicles must be licensed to operate such vehicles by their home jurisdictions and must be subject by their home jurisdictions, among other things, to fingerprinting and a criminal background check and an annual drug test. Any qualified jurisdiction is authorized to order the repair or replacement of any vehicle, including those licensed by other qualified jurisdictions, and failure to comply within ten days can lead to suspension of the recognition of such vehicle's home jurisdiction license in any other qualified jurisdiction. Each qualified jurisdiction must notify the other jurisdictions of its continuing status as a qualified jurisdiction at least every three years, must maintain a dedicated phone line or electronic database sharing certain vehicle license information with other qualified jurisdictions, and must notify other qualified jurisdictions of the issuance and dispositions of summonses to such jurisdictions' licensees. The rules amend existing TLC rules to assure that TLC rules regarding for-hire vehicles and operators comply with the requirements of section 498 of the VTL, among other things by affording reciprocity to vehicles and drivers licensed by qualified jurisdictions.

Finally, the amendments to the VTL eliminate tier 2 and tier 3 permits; the rules implement this change by repealing rules regarding tier 2 and tier 3 permits. Outstanding tier 2 and tier 3 permits became void upon the effective date of section 498 of the VTL, which is November 14, 2006.

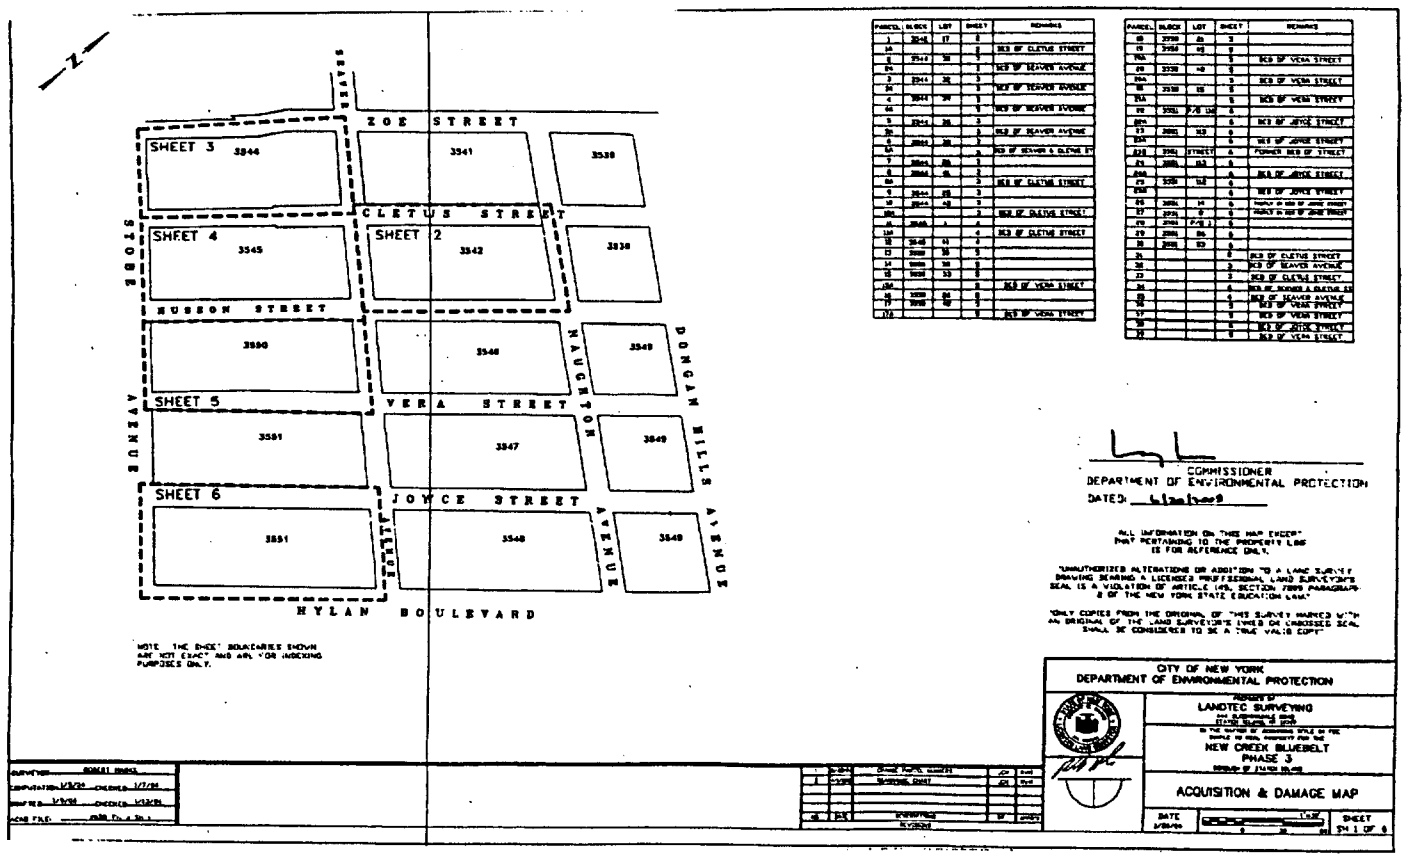
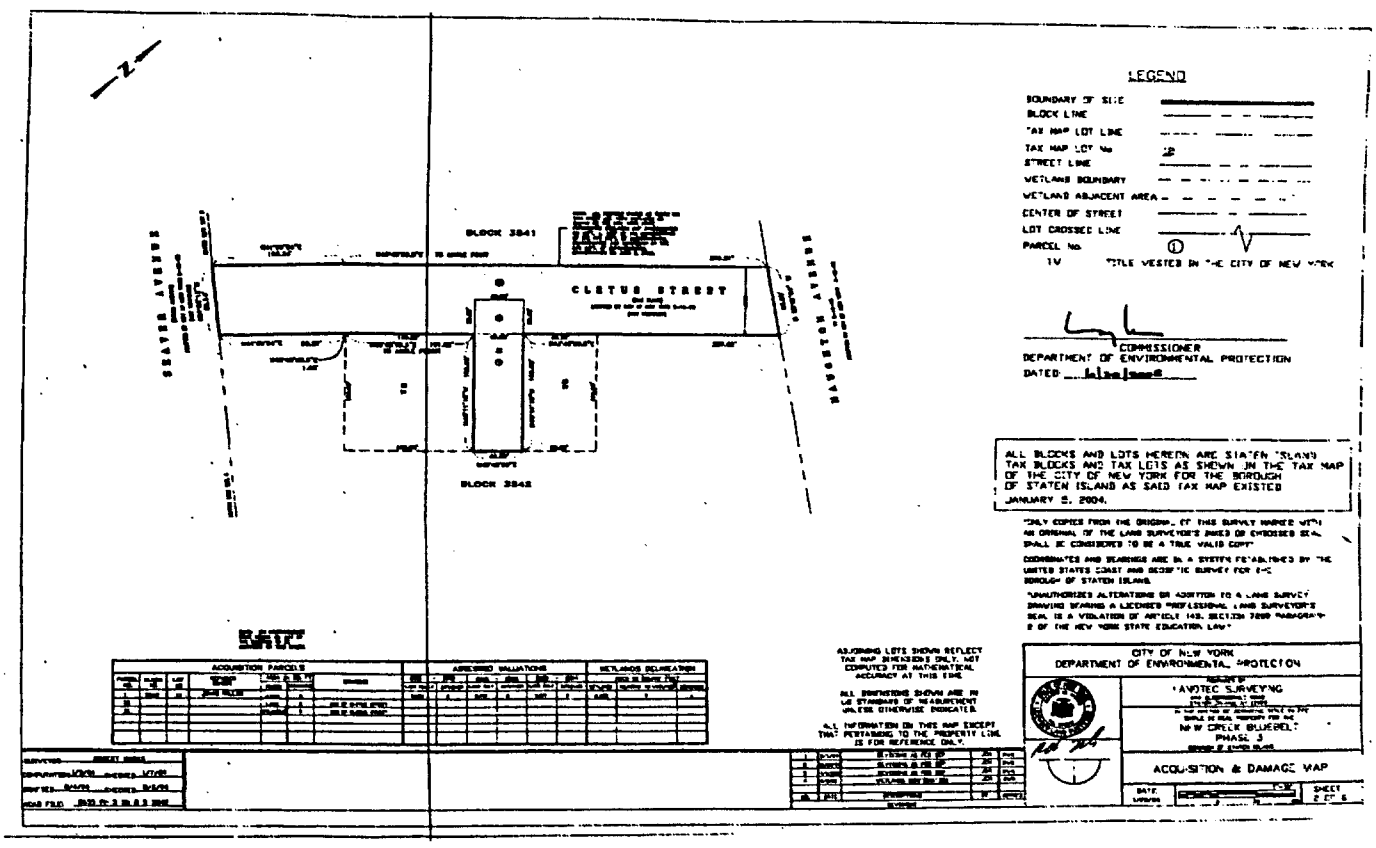
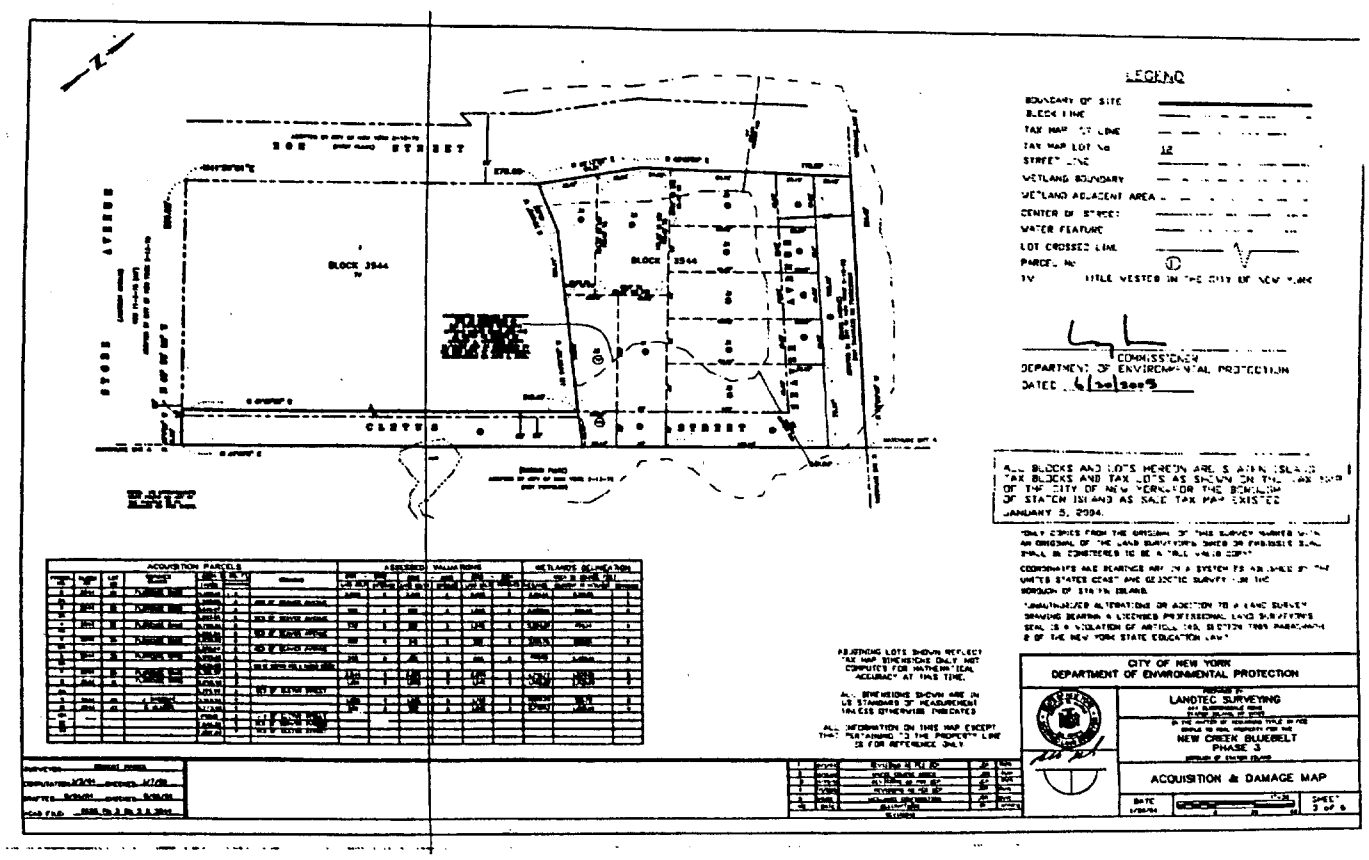
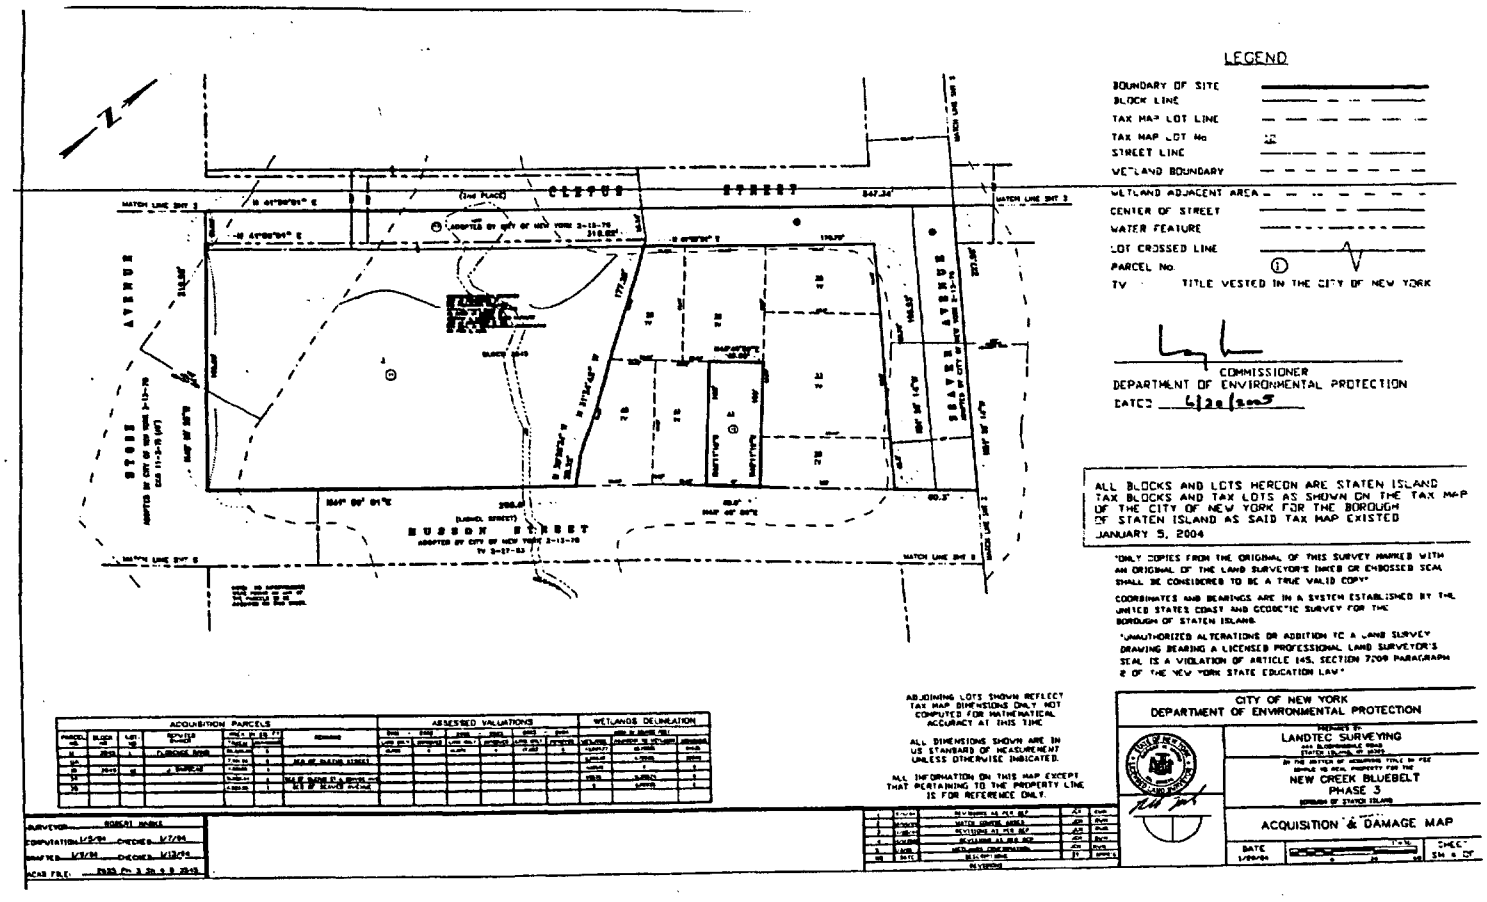
COURT NOTICE MAPS FOR NEW CREEK BLUEBELT PHASE 3

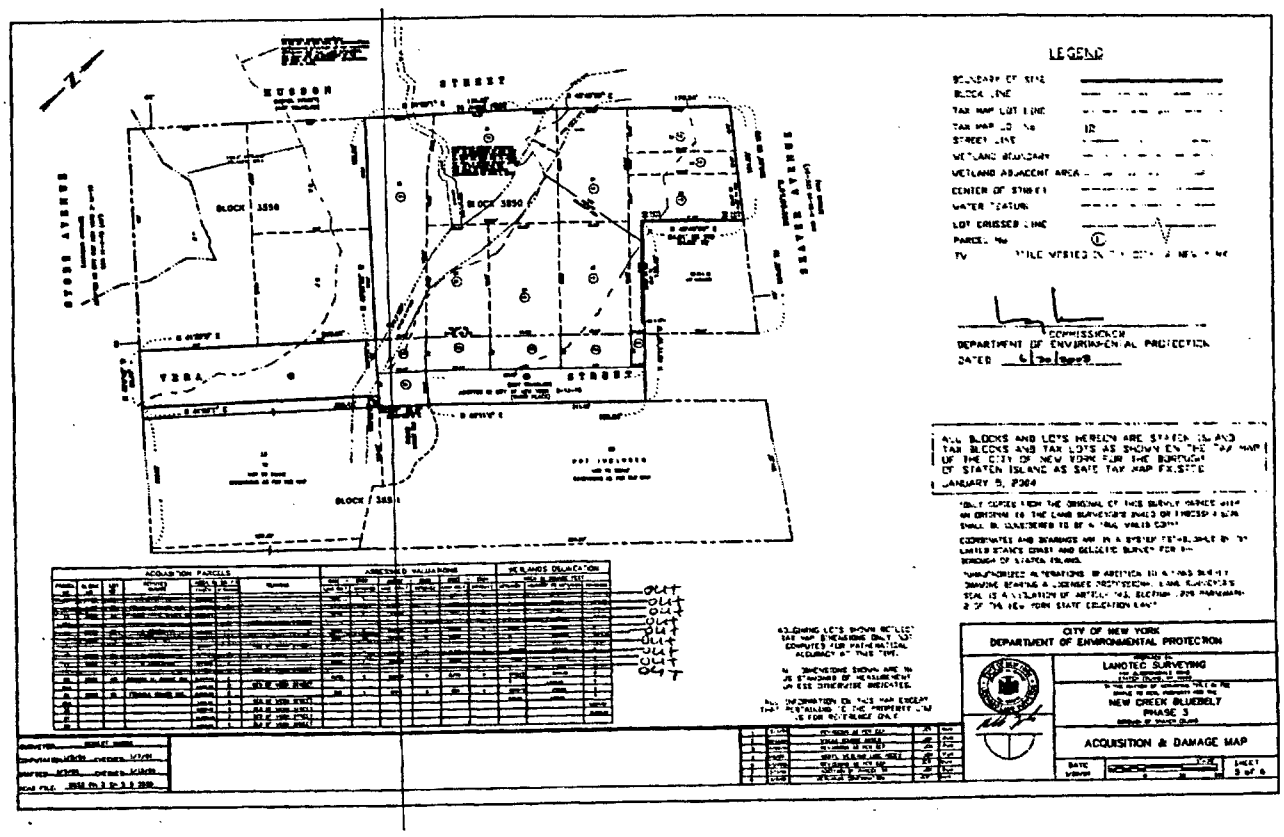


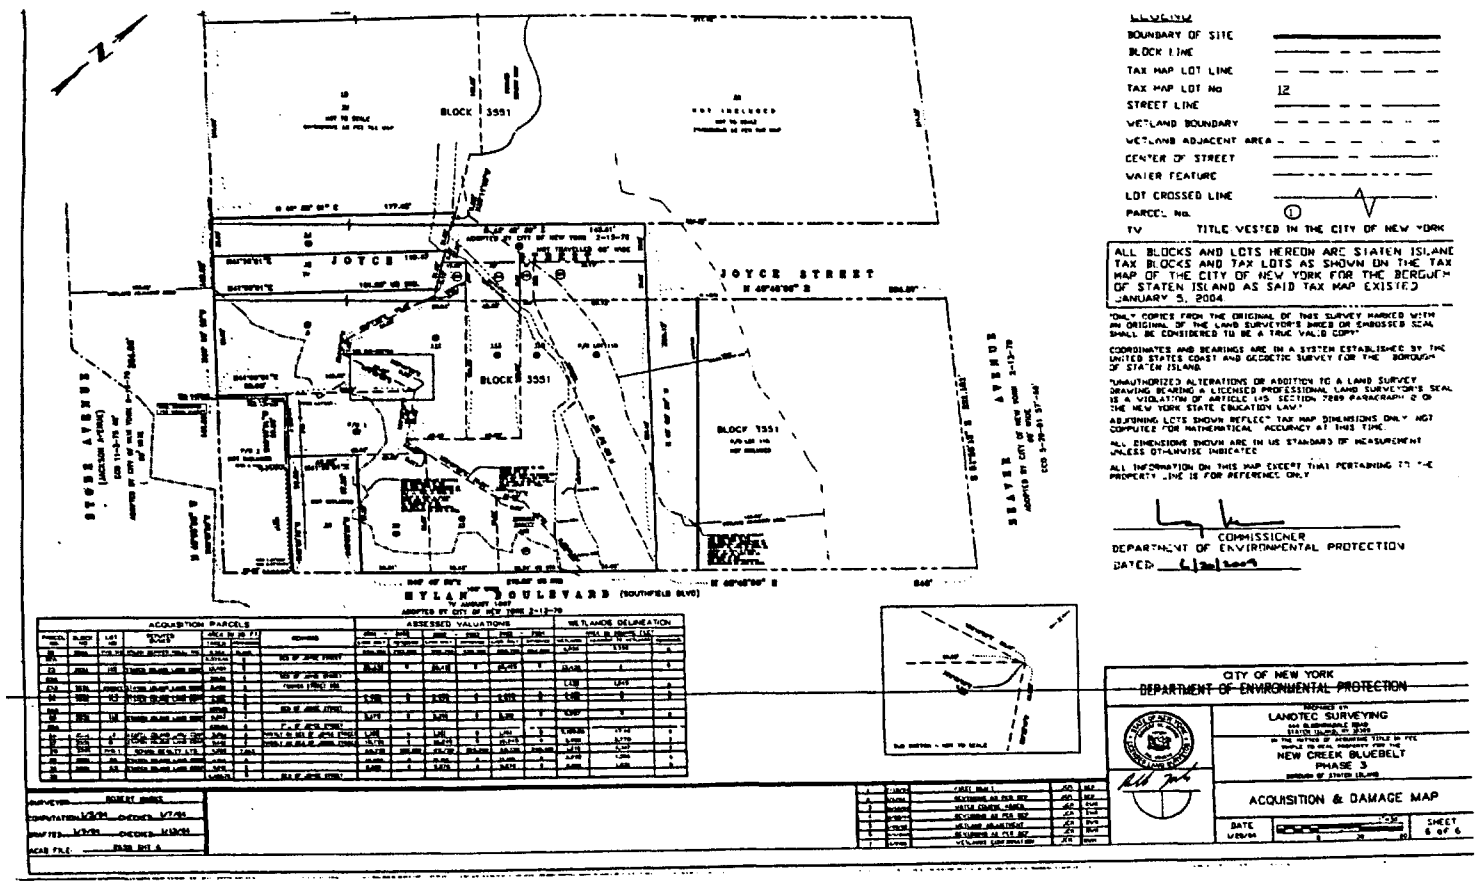




COURT NOTICE MAPS FOR NEW CREEK BLUEBELT PHASE 3







READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council,** 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists--free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR.*

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

PROCUREMENT POLICY BOARD RULES

The Rules may also be accessed on the City Website, http://NYC.GOV.Selltonyc

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

Report for M-417

Report of the Committee on Finance in favor of approving a Communication from the Office of Management & Budget – Pursuant to Section 107(b) of the New York City Charter, transfer City funds between various agencies in fiscal year 2007 (MN - 1).

The Committee on Finance to which was referred on September 27, 2006 the annexed resolution respectfully

REPORTS:

Introduction. At a meeting of the Committee on Finance of the City Council of the City of New York on September 27, 2006, the Committee on Finance received a communication, dated September 25, 2006 from the Office of Management and Budget of the Mayor of The City of New York, of a proposed request, (the "Modification"), to modify units of appropriation and transfer city funds between units of appropriation in the Fiscal 2007 Expense Budget (as defined below) pursuant to Section 107(b) of the Charter of the City of New York (the "Charter").

Analysis. The Council annually adopts the City's budget covering expenditures other than for capital projects (the "expense budget") pursuant to Section 254 of the Charter. On June 29, 2006, the Council adopted the expense budget for fiscal year 2007 (the "Fiscal 2007 Expense Budget"). This modification (MN-1) reallocates appropriations that were reflected in the FY 2007 Adopted Budget and transfers funds from the General Reserve in the Miscellaneous Budget to various agencies to provide for initiatives that were inadvertently excluded during the budget adoption process.

If the Mayor wishes to transfer part or all of any unit of appropriation to another unit of appropriation from one agency to another or such that the transfer results in any unit of appropriation being increased or decreased by the greater of five percent or $50,000, Section 107(b) of the Charter requires that the Mayor must first notify the Council of the proposed action. Within 30 days after the first stated meeting of the Council following receipt of such notice, the Council may disapprove such proposed action. If the Council fails to approve or disapprove such proposed action within such 30-day period, the proposed action becomes effective and the Mayor has the authority to make such transfer.

Description of Above-captioned Resolution. In the above-captioned resolution, the Council would approve the Modification pursuant to Section 107(b) of the Charter. Such resolution would take effect as of the date of adoption.

DATE: September 27, 2006

SUBJECT: A budget modification (MN-1) for Fiscal Year 2007 to reallocate appropriations in the FY 2007 Adopted Budget and transfer funds from the General Reserve to various agencies.

INITIATION: By letter dated September 25, 2006, the Director of the Office of Management and Budget submitted to the Council, pursuant to section 107 (b) of the New York City Charter, a request for approval to transfer funds totaling $4,619,000 between various agencies in Fiscal Year 2007 to implement changes in the City's expense budget.

BACKGROUND: This modification (MN-1) reallocates appropriations that were reflected in the FY 2007 Adopted Budget to fund City Council initiatives and transfers funds from the General Reserve in the Miscellaneous Budget to provide for initiatives that were inadvertently excluded during the budget adoption process.

FISCAL IMPACT: This modification represents the reallocation of appropriations and the transfer of funds from the General Reserve in the Miscellaneous Budget to various agencies. The net effect of this modification is zero.

Accordingly, Your Committee recommends its adoption.

In connection herewith, Council Member Weprin offered the following resolution:

Res. No. 533

On motion of the Speaker (Council Member Quinn), and adopted, the foregoing matter was coupled as a General Order for the day (see ROLL CALL ON GENERAL ORDERS FOR THE DAY).

At this point, the Speaker (Council Member Quinn) announced that the following items have been **preconsidered** by the Committee on Finance and have been favorably reported for adoption.

Report for M-418

Report of the Committee on Finance in favor of approving a Communication from the Office of Management and Budget – Transfer City funds between various agencies in fiscal year 2006 (MN-9).

The Committee on Finance to which was referred on September 27, 2006 the annexed resolution respectfully

REPORTS:

Introduction. At a meeting of the Committee on Finance of the City Council of the City of New York on September 27, 2006, the Committee on Finance received a communication, dated September 25, 2006 from the Office of Management and Budget of the Mayor of The City of New York, of a proposed request, (the "Modification"), to modify units of appropriation and transfer city funds between units of appropriation in the Fiscal 2006 Expense Budget (as defined below) pursuant to Section 107(b) of the Charter of the City of New York (the "Charter").

Analysis. The Council annually adopts the City's budget covering expenditures other than for capital projects (the "expense budget") pursuant to Section 254 of the Charter. On June 30, 2005, the Council adopted the expense budget for fiscal year 2006 (the "Fiscal 2006 Expense Budget"). This modification (MN-9) represents the

transfer of funds from the Labor Reserve in the Miscellaneous Budget to various agencies to provide for the retroactive cost of the recent collective bargaining settlement with District Council 37 and to provide for funds for Nurses and Therapists in the Department of Education, who are going from a 10 month to a 12 month pay calendar, in accordance with the UFT contract.

If the Mayor wishes to transfer part or all of any unit of appropriation to another unit of appropriation from one agency to another or such that the transfer results in any unit of appropriation being increased or decreased by the greater of five percent or $50,000, Section 107(b) of the Charter requires that the Mayor must first notify the Council of the proposed action. Within 30 days after the first stated meeting of the Council following receipt of such notice, the Council may disapprove such proposed action. If the Council fails to approve or disapprove such proposed action within such 30-day period, the proposed action becomes effective and the Mayor has the authority to make such transfer.

Description of Above-captioned Resolution. In the above-captioned resolution, the Council would approve the Modification pursuant to Section 107(b) of the Charter. Such resolution would take effect as of the date of adoption.

(The following is the text of a Fiscal Impact Memo to the Finance Committee from the Finance Division of the New York City Council:)

TO: Honorable Christine Quinn
Speaker

Honorable David I. Weprin
Chairman, Finance Committee

FROM: Staci Emanuel, Deputy Director-Expense
Finance Division

DATE: September 27. 2006

SUBJECT: A budget modification (MN-9) for Fiscal Year 2006 to transfer funds from the Labor Reserve to various agencies.

INITIATION: By letter dated September 25, 2006, the Director of the Office of Management and Budget submitted to the Council, pursuant to section 107(b) of the New York City Charter, a request for approval to transfer funds totaling $72,809,481 from the Labor Reserve to various City agencies.

BACKGROUND: This modification (MN-9) implements expense budget appropriations that reflect the retroactive cost of the recent collective bargaining settlement with District Council 37 and provide funds for Nurses and Therapists in the Department of Education in accordance with the UFT contract.

FISCAL IMPACT: This modification represents the transfer of funds from the Labor Reserve in the Miscellaneous Budget to various agencies. The net effect of this modification is zero.

Accordingly, Your Committee recommends its adoption.

In connection herewith, Council Member Weprin offered the following resolution:

Res. No. 534

Resolution approving the modification (MN-9) of units of appropriation and the transfer of city funds between agencies proposed by the Mayor pursuant to section 107(b) of the Charter of the City of New York.

Whereas, pursuant to Section 107(b) of the Charter, the City Council has thirty (30) days after the first stated meeting of the City Council following such receipt within which to act upon the Modification;

NOW, THEREFORE, The Council of The City of New York hereby resolves as follows:

1. Approval of Modification. The City Council hereby approves, pursuant to Section 107(b) of the Charter, the actions proposed by the Mayor as set forth in the Modification.

FROM: Anthony Brito, Finance Division

RE: Finance Committee Agenda of September 27, 2006-Resolution approving a tax exemption for one preconsidered Land Use Item (Council District 36).

HPD has submitted a request to the Council to approve a property tax exemption for the Vernon Avenue Condominiums located at 125, 123, 121, 119 Vernon Avenue in Council Member Vann's District.

The Vernon Avenue Condominiums will be two new dwellings that will provide 15 units of condominium housing for moderate and low-income purchasers. The sponsor, Vernon Avenue Associates LLC, which is an affiliate of the Northeast Brooklyn Development S' Corporation will develop the project under the Negotiated Sale Program, which allows for the purchase and rehabilitation of vacant City-owned residential buildings or land in order to construct new residential buildings. Financing for the project will be provided through private loans and from developer equity. The value of the tax exemption is projected at $103,000 in the first year of the exemption and $1.9 million over the 20-year length of the exemption.

This item has the approval of Council Member Vann.

Accordingly, Your Committee recommends its adoption.

In connection herewith, Council Member Weprin offered the following resolution:

Res. No. 535

Resolution approving an exemption from real property taxes for property located at 125, 123, 121, 119 Vernon Avenue (Block 1755, Lots 54-57), Brooklyn, pursuant to Section 696 of the General Municipal Law (Preconsidered L.U. No. 270).

Approve an exemption of the Project from real property taxes pursuant to Section 696 of the General Municipal Law (the "Tax Exemption");

Whereas, the Council held a hearing on the Project on September 27, 2006;

Whereas, the Council has considered the financial implications relating to the Tax Exemption;

Resolved:

The Council hereby approves, pursuant to Section 696 of the General Municipal Law, a tax exemption for the Project as follows:

All of the value of the buildings, structures, and other improvements in the Project shall be exempt from local and municipal taxes, other than assessments for local improvements and land value, for a period of twenty years commencing on the July 1st following the conveyance of the Project to the Sponsor, during the last ten years of which such exemption shall decrease in equal annual decrements.

The partial tax exemption granted hereunder shall terminate with respect to all or any portion of the Project if the Department of Housing Preservation and Development determines that such real property has not been, or is not being, developed, used, and/or operated in compliance with the requirements of all applicable agreements made by the Sponsor or the owner of such real property with, or for the benefit of, the City of New York. The Department of Housing Preservation and Development shall deliver written notice of any such determination of noncompliance to the owner of such real property and all mortgages of record, which notice shall provide for an opportunity to cure of not less than ninety (90) days. If the noncompliance specified in such notice is not cured within the time period specified therein, the partial tax exemption granted hereunder shall prospectively terminate with respect to the real property specified therein.

5. Approve the exemption of the Project from real property taxes pursuant to Section 696 of the General Municipal Law (the "Tax Exemption").

6. Notwithstanding the above, the approval for the Project Area is contingent with respect to Block 2653, Lot 39 and Block 2653, Lot 44 (each, an 'Additional Property') on the sponsor acquiring such Additional Property.

Whereas, the submission amends 20025188 HAX approved by the Council on January 14, 2002 (L.U. No. 49; Resolution No. 115 of 2002);

Whereas, the Project is to be developed on land that is now an eligible area as defined in Section 692 of the General Municipal Law, consists solely of the rehabilitation or conservation of existing private or multiple dwellings or the construction of one to four unit dwellings, and does not require any change in land use permitted under the New York City Zoning Resolution;

The Council finds that the present status of the Project Area tends to impair or arrest the sound growth and development of the City of New York and that a designation of the Project as an urban development action area project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law.

The Council waives the area designation requirement pursuant to Section 693 of the General Municipal Law.

All of the value of the buildings, structures, and other improvements situated on the Project Area shall be exempt from local and municipal taxes, other than assessments for local improvements and land value, for a period of twenty years commencing on the July 1st following the conveyance of the Project Area to the Sponsor, during the last ten years of which such exemption shall decrease in equal annual decrements.

b. The partial tax exemption granted hereunder shall terminate with respect to all or any portion of the Project Area if the Department of Housing Preservation and Development determines that such real property has not been, or is not being, developed, used, and/or operated in compliance with the requirements of all applicable agreements made by the Sponsor or the owner of such real property with, or for the benefit of, the City of New York. The Department of Housing Preservation and Development shall deliver written notice of any such determination of noncompliance to the owner of such real property and all mortgagees of record, which notice shall provide for an opportunity to cure of not less than ninety (90) days. If the noncompliance specified in such notice is not cured within the time period specified therein, the partial tax exemption granted hereunder shall prospectively terminate with respect to the real property specified therein.

COMMITTEE ACTION

DATE: September 19, 2006

The Committee recommends that the Council approve the Resolution as amended.

In connection herewith, Council Members Katz and Avella offered the following resolution:

Res. No. 538

Resolution authorizing franchises for cable television services

By Council Members Katz and Avella (at the request of the Mayor).

Whereas, by Executive Order 25, dated August 23, 1995, the Mayor has designated the Department of Information Technology and Telecommunications as the responsible agency for the granting of telecommunications franchises; and

Whereas, the Commissioner of the Department of Information Technology and Telecommunications has made an initial determination, pursuant to Section 363 of the Charter (the "Charter") of the City of New York (the "City"), of the need for franchises for cable television services (as that term is defined hereinafter); and

Whereas, the Mayor has submitted to the Council a proposed authorizing resolution for such franchises pursuant to Section 363 of the Charter; and

Whereas, use of the inalienable property of the City (as defined hereinafter) helps to facilitate the availability of cable television service;

The Council hereby resolves that:

A. The Council authorizes the Department of Information Technology and Telecommunications to grant non-exclusive franchises for the construction, installation, use, operation and/or maintenance of cable, wire and/or optical fiber and associated equipment on, over and under the inalienable property of the City (including through pipes, conduits and similar improvements thereto) for provision of cable television services in the City.

B. The public services to be provided under such franchises shall be cable television services, as defined hereinafter.

C. For purposes of this resolution, "inalienable property of the City" shall mean the property designated as inalienable in Section 383 of the Charter. References herein to facilities "in the inalienable property" shall mean facilities located in, on, over or under the surface of such inalienable property of the City.

D. For purposes of this resolution, "cable television services" shall mean "cable service" as defined in the Cable Communications Policy Act of 1984, as amended (47 U.S.C. Sections 521 et seq.).

E. All franchises granted pursuant to this resolution shall require, as provided in Charter Sections 363 and 372, the approval of the Franchise and Concession Review Committee and the separate and additional approval of the Mayor.

F. The authorization to grant franchises pursuant to this resolution shall expire on the fifth anniversary of the date on which this resolution is adopted by the Council.

G. Prior to the grant of any such franchise, and to the extent consistent with New York State and federal law, a request for proposals or other solicitation ("solicitation") shall be issued by the Department of Information Technology and Telecommunications. Prior to issuing any such solicitation, all legally required environmental and land use review shall be conducted in accordance with City Environmental Quality Review ("CEQR") and Section 197-c of the Charter. The criteria to be used by the Department of Information Technology and Telecommunications to evaluate responses to such solicitation shall include, but not be limited to, the following, if and to the extent permitted by law:

(1) the adequacy of the proposed compensation to be paid to the City;

(2) the financial, legal, technical and managerial experience and capabilities of the applicant(s), including (without limitation, except as limited by law) the ability of the applicant(s) to maintain the property of the City in good condition throughout the term of the franchise; and

(3) the degree to which the public interest will be served by the service proposed to be provided.

H. Any franchise granted pursuant to this authorizing resolution shall be by written agreement which shall include, but not be limited to, terms and conditions consistent with the following to the extent permitted by law (and shall not include any provision which is prohibited by law from inclusion in such franchise agreement):

(1) no franchise granted pursuant hereto shall have a term that exceeds fifteen (15) years, including options to renew if any;

(2) the compensation for the franchise to be paid to the City shall be adequate and may include monetary compensation, the provision of facilities and/or services to the City, or both;

(3) the franchise may be terminated or cancelled in the event of the franchisee's failure to comply with the material terms and conditions of the agreement;

(4) the franchisee shall be required to provide security to ensure the performance of the franchisee's obligations under the agreement;

(5) there shall be remedies to protect the City's interest in the event of the franchisee's failure to comply with the terms and conditions of the franchise agreement;

(6) there shall be adequate insurance and indemnification requirements to protect the interests of the public and the City;

(7) all franchisees shall be required to maintain complete and accurate books of account and records sufficient to assure franchisee's compliance with the franchise agreement, which books of account and records shall be made available on demand to the City for inspection;

(8) there shall be provisions to ensure quality workmanship and construction methods with respect to those facilities constructed, installed, used, operated and/or maintained pursuant to the franchise and located in the inalienable property;

(9) there shall be provisions containing the agreements required pursuant to paragraph 6 of subdivision (h) of Section 363 of the Charter relating to collective bargaining and other matters;

(10) there shall be provisions requiring the franchisee to comply with applicable City laws and regulations related to, but not limited to, employment and investigations;

(11) there shall be provisions to ensure adequate oversight by the City of franchisee's performance of its franchise obligations;

(12) there shall be provisions requiring the consent of the City prior to an assignment or other transfer of, or change in control of, the franchise;

(13) there shall be provisions regarding City rights to inspect facilities constructed, installed, used, operated and/or maintained pursuant to the franchise and located in the inalienable property, and regarding City rights to direct relocation of such facilities;

(14) all franchisees shall have been subject, prior to commencement of the franchise term, to review under the City's Vendor Information Exchange System ("VENDEX") or any successor system;

(15) all franchises shall include provisions incorporating the MacBride Principles;

(16) there shall be provisions preserving the right of the City to perform public works or public improvements in and around those areas subject to the franchise;

(17) there shall be provisions requiring the franchisee to protect the property of the City from damage, and the delivery of public services from interruption, resulting from the construction, installation, use, operation, maintenance and/or removal of franchisee's facilities in the inalienable property;

(18) there shall be provisions designed to minimize the extent to which the public use of the streets of the City are disrupted in connection with the construction, installation, use, operation, maintenance and/or removal of franchisee's facilities in the inalienable property; [and]

(19) no franchise granted hereunder shall contain economic or regulatory burdens on the franchisee which when taken as a whole are greater or lesser than those burdens placed upon another cable television franchisee operating in the same area[.];

(20) all franchises shall be subject to comparable obligations and requirements provided that where the imposition of such obligations and requirements would be duplicative, then alternative but comparable obligations or requirements shall be imposed; and

(21) there shall be provisions requiring capacity and support for public, educational and governmental access.

I. The Department of Information Technology and Telecommunications shall file with the Council the following documents:

(1) within fifteen (15) days of issuance, a copy of each solicitation issued pursuant to this resolution;

(2) within fifteen (15) days of approval by the Mayor, a copy of the agreement for each franchise granted pursuant to this resolution; and

(3) on or before July 1 of each year, a report detailing the revenues received by the City from each franchise granted pursuant to this resolution during the preceding calendar year.

J. If any clause, sentence, paragraph, section or part of this resolution shall for any reason be adjudged by a court of competent jurisdiction to be invalid, such judgment shall not affect, impair or invalidate the remainder of this resolution or the application thereof but shall be confined in its operation to the clause, sentence, paragraph, section or part thereof directly involved in the controversy in which such judgment shall have been rendered.

(For text of the report, please see the Report of the Committee on Land Use for L.U. No. 166 printed in these Minutes.)

Accordingly, Your Committee recommends its adoption.

In connection herewith, Council Members Katz and Garodnick offered the following resolution:

Res. No. 542

Resolution approving an Urban Development Action Area Project located at 798 East 165th Street (Block 2669/Lot 33) and 800 East 165th Street (Block 2669/Lot 79), the Bronx, and waiving the urban development action area designation requirement and the Uniform Land Use Review Procedure, pursuant to Sections 693 and 694 of the General Municipal Law (L.U. No. 248; 20075043 HAX).

By Council Members Katz and Garodnick

Whereas, the New York City Department of Housing Preservation and Development ("HPD") submitted to the Council on August 22, 2006 its request dated August 7, 2006 that the Council take the following actions regarding the following Urban Development Action Area Project (the "Project") located at 798 East 165th Street (Block 2669/Lot 33) and 800 East 165th Street (Block 2669/Lot 79), Community District 3, Borough of the Bronx (the "Exemption Area"):

1. Find that the present status of the Exemption Area tends to impair or arrest the sound growth and development of the municipality and that the proposed Urban Development Action Area Project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law;

2. Waive the area designation requirement of Section 693 of the General Municipal Law pursuant to said Section;

3. Waive the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law;

4. Approve the Project as an Urban Development Action Area Project pursuant to Section 694 of the General Municipal Law; and

5. Approve the exemption of the Project from real property taxes pursuant to Section 696 of the General Municipal Law (the "Tax Exemption").

Whereas, the Project is to be developed on land that is now an eligible area as defined in Section 692 of the General Municipal Law, consists solely of the rehabilitation or conservation of existing private or multiple dwellings or the construction of one to four unit dwellings, and does not require any change in land use permitted under the New York City Zoning Resolution;

Whereas, upon due notice, the Council held a public hearing on the Project on September 19, 2006;

Whereas, the Council has considered the land use and financial implications and other policy issues relating to the Project;

Resolved:

The Council finds that the present status of the Exemption Area tends to impair or arrest the sound growth and development of the City of New York and that a designation of the Project as an urban development action area project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law.

The Council waives the area designation requirement of the Disposition Area as an urban development action area under Section 693 of the General Municipal Law.

The Council waives the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law.

The Council approves the Project as an urban development action area project pursuant to Section 694 of the General Municipal Law.

The Project shall be developed in a manner consistent with the Project Summary that HPD has submitted to the Council, a copy of which is attached hereto.

The exemption of the Project from real property taxes pursuant to Section 696 of the General Municipal Law is approved as follows:

a. All of the value of the buildings, structures, and other improvements situated on the Exemption Area shall be exempt from local and municipal taxes, other than assessments for local improvements and land value, for a period of twenty years commencing on the July 1st following the date of issuance of the first temporary or permanent Certificate of Occupancy for a building located on the Exemption Area, during the last ten years of which such exemption shall decrease in equal annual decrements.

b. The partial tax exemption granted hereunder shall terminate with respect to all or any portion of the Exemption Area if the Department of Housing Preservation and Development determines that such real property has not been, or is not being, developed, used, and/or operated in compliance with the requirements of all applicable agreements made by the Sponsor or the owner of such real property with, or for the benefit of, the City of New York or the United States Department of Housing and Urban Development. The Department of Housing Preservation and Development shall deliver written notice of any such determination of noncompliance to the owner of such real property and all mortgagees of record, which notice shall provide for an opportunity to cure of not less than ninety (90) days. If the noncompliance specified in such notice is not cured within the time period specified therein, the partial tax exemption granted hereunder shall prospectively terminate with respect to the real property specified therein.

This notice is issued pursuant to Part 617 of the implementing regulations pertaining to Article 8 (State Environmental Quality Review Act) of the Environmental Conservation Law. Pursuant to §1730.2 of the Public Authorities Law, the New York City School Construction Authority (SCA) is SEQR Lead Agency.

The SCA, as Lead Agency, has determined that the proposed action described below will not have a significant effect on the quality of the environment once modified as described under the Conditioned Negative Declaration below. A Draft Environmental Impact Statement (DEIS) will only be prepared if significant new information is presented. Comments on this declaration will be accepted for thirty (30) days from the date of this notice at the address presented above.

NAME OF ACTION: New, Approximately 630-Seat Primary/Intermediate School Facility, Bronx

LOCATION: Southeast Corner of Macombs Road and West Tremont Avenue, Bronx, New York
Tax Block 2866, Tax Lots 100 & 70 (portion)

SEQR STATUS: Unlisted

CONDITIONED NEGATIVE DECLARATION

Description of Action:

On behalf of the New York City Department of Education (DOE), the New York City School Construction Authority (SCA) proposes the site selection, acquisition, acceptance of construction funding, and construction of a new, approximately 630-seat primary/intermediate school facility in the Borough of the Bronx. The proposed facility would serve students in pre-kindergarten through eighth grade. Acquisition,

design and construction of this proposed facility would be conducted pursuant to DOE's Capital Plan for Fiscal Years 2005-2009.

The proposed site is an assemblage containing a total of approximately 39,000 square feet of area. The assemblage consists of: (i) Lot 100, which is a privately-owned, approximately 22,000 square foot lot containing a two-story building originally constructed as a movie theater, but which now contains ground-floor commercial uses including a nail salon, pizzeria, and 99-cent store, and, (ii) an approximately 16,000 square foot portion of Lot 70 which contains the paved grounds of I.S. 232 (formerly known as I.S. 82), an existing DOE school facility. The existing building on Lot 100 would be demolished, and the Transportable Classroom Units (TCUs) located on the subject portion of Lot 70 would be removed to permit construction of the proposed school building.

The purpose of the proposed project is to provide additional permanent capacity at the primary and intermediate levels for DOE's Region No. 1/Community School District No. 9. According to the Capital Plan, District No. 9 needs three (3) new school facilities providing a total of 1,701 seats at the primary and intermediate level in order to meet demographic projections and to support DOE policy initiatives such as expansion of the class size reduction and reduced reliance on TCUs and minischool buildings over 20 years old.

Under the proposed project, the SCA would acquire the privately-owned Lot 100 in order to assemble the proposed school site. The SCA would provide relocation assistance to the existing businesses that would be displaced by the project. The proposed facility would contain approximately 90,000 gross square feet, consisting of classrooms, special educational facilities, library, gymnasium, auditorium, and administrative/support space. Outdoor playground(s) would also be provided for use by early childhood students, and also the general school population. Site acquisition and design activities would begin in 2006, with student occupancy of the facility anticipated no sooner than 2009.

Reasons Supporting This Determination:

A comprehensive Environmental Assessment Form (EAF) and Supplemental Environmental Studies for this action were completed and issued on July 14, 2006. Based upon those documents (which are appended hereto), the SCA has determined that the proposed project will have no significant adverse impacts on environmental conditions related to the following areas: land use and zoning; socioeconomic and demographic conditions; community facilities; open space and recreational facilities; neighborhood character; urban design and aesthetics; infrastructure and energy; solid waste; air quality; noise; natural resources; and, construction impacts.

As part of the evaluation of the site's soil and groundwater conditions, a Phase I Environmental Site Assessment was completed in January 2005. That assessment identified potential environmental concerns due to the proximity of a gas station with reported petroleum spills and the presence of three adjacent dry cleaners. These concerns (along with the potential for elevated radon levels) were more fully explored in a subsequent Phase II Environmental Site Investigation

The Phase II investigation was conducted in February and June 2005, and included a geophysical survey, installation of five (5) soil borings, completion of three (3) sub-slab soil vapor sample probes, and radon sampling. Three (3) soil samples were collected and analyzed for volatile organic compounds (VOCs), semi-volatile organic compounds (SVOCs), pesticides, PCBs, metals and cyanide. In addition, three (3) indoor air samples and three (3) sub-slab soil vapor samples were collected and analyzed for VOCs, and seven (7) indoor air samples were collected and analyzed for radon.

The investigation encountered urban fill materials that are typically characterized by slightly elevated concentrations of selected SVOCs and metals. The indoor air analysis detected elevated concentrations of naturally occurring radon at levels requiring mitigation in accordance with USEPA guidelines. No impacts from the active dry cleaners located near the site were detected in the indoor air quality survey. The subsurface soil vapor also exhibited slightly elevated concentrations of chloroform, which are attributable to an off-site source or to past storage of the chemical at this site.

Based on the findings of the Phase I and II studies, the SCA has incorporated several measures into the construction project to address the environmental concerns. First, a sub-slab soil vapor barrier and radon mitigation system will be constructed in accordance with USEPA guidelines beneath the new school building. These engineering controls would mitigate the concerns regarding radon and potential accumulation of chloroform in soil gas. A 24-inch layer of environmentally clean fill would be placed over any landscaped or exposed soil areas of the site after construction activities have been completed to prevent direct contact with the subsurface soils.

To minimize construction workers' exposure to the SVOCs and metals identified in the soil (through direct contact, incidental ingestion of soils, or inhalation of dust), standard industry practices for the removal of contaminated soils will be utilized. These practices include employment of an appropriate health and safety plan (HASP), including air monitoring and personal protective equipment, as warranted. The practice of spraying water to suppress airborne dust will also be conducted. Any contaminated materials removed from the site will be handled and transported off-site in accordance with all applicable local, State and Federal regulations to a licensed and

permitted disposal/recycling facility. These measures will be implemented on the proposed project, so there will not be an adverse impact to the construction workers or school occupants.

The EAF and Supplemental Environmental Studies identified the potential for impacts to occur with respect to the following assessment areas which are discussed in greater detail below: historic and archaeological resources, and, traffic and transportation.

Archaeological Resources
In addition to and as part of the environmental assessment, the SCA has consulted with the New York State Office of Parks, Recreation and Historic Preservation (OPRHP) regarding the project's potential to impact historic structures and archaeological resources. The SCA has determined that while the project would not adversely impact any historic structures, a portion of the site may contain buried cultural resources.

A Phase 1A Archaeological Assessment completed for the project indicated that the portion of Lot 70 to be included in the site assemblage may contain precontact and/or historical archaeological resources. The site was determined to possess moderate potential for hosting precontact resources due to its proximity to minor water sources, and its elevation, which could have been useful to precontact Native Americans. The site was determined to have potential archaeological sensitivity for shaft features associated with the residential occupants of the site starting from the mid-19th Century. Shaft features, such as outdoor privies, wells and cisterns, were often filled with refuse and abandoned once municipal water and sewer services were provided, and may contain artifacts that could provide valuable information on daily life in the western Bronx during the mid- to late-19th Century.

To address this potential impact, if the project's final design calls for disturbance of the archaeologically sensitive area, the SCA will complete Phase 1B archaeological field testing prior to the start of construction to determine whether archaeological resources are indeed present. The results of the field testing will be submitted to OPRHP for review and comment, and any additional measures needed to ensure that the project results in no significant adverse cultural resource impacts will be established in consultation with that agency and implemented by the SCA.

Traffic
For the streets in the vicinity of the site, future intersection volumes would generally increase over existing traffic volumes, but those increases could be accommodated by the street capacities for the majority of the locations. However, based on City Environmental Quality Review standards, the proposed project could result in significant impacts at two (2) local intersections during the analyzed peak periods.

The traffic analysis also indicated that those impacts could be mitigated through relatively simple, low-cost and conventional traffic engineering methods. These improvements are subject to review and approval by the New York City Department of Transportation (NYCDOT):

West Tremont Avenue at Grand Avenue
During the AM peak hour, the westbound de facto left-turn movement would operate at Level of Service D (LOS D) both in the future with and without the project. However, the project would increase the delay experienced by that movement from 40.5 seconds to 55.0 seconds, which, according to CEQR standards could be considered a significant impact.

However, that impact could be mitigated through an adjustment to the signal timing at that intersection during the AM peak hour. Specifically, transferring three (3) seconds of green time from the northbound Grand Avenue phase to the eastbound/westbound West Tremont Avenue phase would reduce delay on the approach to 44.9 seconds, which is below the CEQR mid-LOS D threshold of 45 seconds. Therefore, the project-generated impact would be fully mitigated.

West 176th Street at Macombs Road
The westbound approach to this unsignalized intersection would operate at LOS E, with 46.2 seconds of delay in the future without the project. However, project-generated traffic would worsen that operation to LOS F with 78.4 seconds of delay, which could be considered a significant impact.

That impact could be mitigated through modifications to the curbside parking regulations governing a small segment of West 176th Street. Specifically, a "No Standing Anytime" restriction for 20 feet along the north curb of the westbound approach would be implemented to provide a flared approach. This change in curbside regulations would displace approximately one (1) parking space, and would improve the operations of that approach to LOS E, with 38.7 seconds of delay, and would fully mitigate the project-generated traffic impact to that location during the PM peak hour.

The proposed project would have the beneficial impact of providing approximately 630 additional seats of permanent public school capacity at the primary and intermediate levels within DOE Region No. 1/Community School District No.9. This additional capacity would facilitate DOE's ongoing policy initiatives, including the expansion of class size reduction and reduced reliance on TCUs, as articulated in the Five-Year Capital Plan.

In conclusion, the environmental assessment found that the project would have no significant adverse impacts on the environment provided the following measures are implemented:

1. The SCA will complete Phase 1B archaeological field testing of the area where archaeological remains may be present, should the school's final design call for construction within that area. The results of the testing shall be submitted to OPRHP for review and consultation. Any additional measures determined to be necessary to avoid significant impacts to cultural resources will be established in consultation with OPRHP and implemented by the SCA.

2. The SCA will petition the New York City Department of Transportation (NYCDOT) prior to the completion of construction to implement signal timing and curbside parking modifications such that the new school facility will not result in a significant adverse impact to local traffic conditions.

The Mayor designates one of the members with the required experience of an architect, planner or engineer to serve as Chair, and designates one of the members to serve as Vice-Chair. In the absence of the Chair, or in the event that a vacancy exists in the office of the Chair, the Vice-Chair acts as Chair of the BSA. No more than two members may reside in one borough.[1] The BSA is empowered to: (1) hear and decide appeals from and review, except as otherwise provided by law, any order, requirement, decision or determination of the Commissioner of Buildings or any Borough Superintendent of Buildings acting under written delegation of power from the Commissioner of Buildings filed in accordance with Charter § 645 (b); (2) hear and decide appeals from and review any order, requirement, decision or determination of the fire Commissioner, or any rule or regulation or amendment or repeal thereof made by the Fire Commissioner; or (3) hear and decide appeals from and review any order, requirement or determination of the Commissioner of Transportation, or the Commissioner of the Department of Business Services[2] made in relation to the structures or uses on water front property under his or her jurisdiction in connection with the application or enforcement of the provisions of the Zoning Resolution of the city of New York ("Zoning Resolution"), the labor law and such other laws, rules, and regulations as may govern the construction, alteration, maintenance, use, occupancy, safety, sanitary conditions, mechanical equipment and inspection of structures in the City.

The BSA has the power to determine and vary the application of the Zoning Resolution, and to issue special permits as authorized by the Zoning Resolution. The BSA has the same powers as those exercised by the New York State Department of Labor with respect to buildings situated in the City. The BSA may also consider appeals to vary or modify any rule or regulation or the provisions of any law relating to the construction, use, structural changes, equipment, alteration or removal of buildings or structures, or vaults in sidewalks appurtenant thereto, where there are practical difficulties or unnecessary hardship in carrying out the strict letter of the law, so that the spirit of the law shall be observed, public safety secured and substantial justice done.

Each member of the BSA receives a salary, and may not engage in any other occupation, profession or employment. The Chair earns an annual salary of $166,884. The Vice-Chair receives $155,205 annually, while the other members earn an annual salary of $131,318. Members attend the hearings and executive sessions of the BSA, and perform such other duties as may be required by the Chair. The Mayor fills vacancies for the un-expired term of the member whose place becomes vacant with a person having his or her qualifications.

If appointed, Ms. Ottley-Brown, a resident of the Bronx would fill a vacant position on the BSA. She will be eligible to complete the remainder of a six-year term that expires on July 10, 2007. A copy of Ms. Ottley-Brown's résumé and report/resolution is annexed to this briefing paper.

If appointed, Ms. Hinkson, a resident of the Bronx and a registered architect, would replace Satish Babbar, the sitting architect, who will be resigning from the Board. She will be eligible to complete the remainder of Mr. Babbar's six-year term that expires on July 10, 2007. A copy of Ms. Hinkson's résumé and report/resolution is annexed to this briefing paper.

After interviewing the candidate and reviewing the relevant material, the Committee decided to approve the nominee.

Report of the Committee on Small Business

Report for Int. No. 349-A

Report of the Committee on Small Business in favor of approving and adopting, as amended, a Local Law to amend the administrative code of the city of New York, in relation to small businesses and the repeal of subdivision f of section 20-268, section 20-274, section 20-283, subdivision three of section 20-291, subdivision f of section 20-296 and section 20-297 of such code.

The Committee on Small Business to which was referred on May 10, 2006 (Minutes, page 2012) the annexed amended proposed local law respectfully

REPORTS:

INTRODUCTION

On September 25, 2006, the Committee on Small Business, chaired by Council Member David Yassky, will hold a hearing on Int. No. 349-A. Int. No. 349-A would make the following revisions to the Administrative Code of the City of New York: amend subdivision c of section 17-315, section 20-244, section 20-368, subdivision g of section 20-465, subdivisions b and c of section 20-268, subdivision g of section 20-296 and section 24-332; and repeal subdivision f of section 20-268, section 20-274, section 20-283, subdivision three of section 20-291, subdivision f of section 20-296 and section 20-297.

BACKGROUND

Small businesses in New York City are an integral part of the City's economy and provide jobs to millions of New Yorkers. In fact, businesses in New York City with less than ten employees account for over 80% of all 216,904 private sector business in New York City,[1] and businesses with fewer than fifty employees account for 96% of all businesses.[2] Small businesses with fewer than fifty employees employ approximately 1,122,463 people, or 38% of the City's total private sector workforce.[3] Businesses with fewer than fifty employees pay wages that total over thirteen billion dollars a year ($13,552,825,216), or nearly 30% of all wages paid by the private sector.[4]

The City of New York has implemented a number of programs that assist small businesses and, in turn, recognize the tremendous importance of these businesses to the City's overall economy. The Department of Small Business Services (SBS) has developed and implemented eight "Business Solution Centers" across all five boroughs. Business Solution Centers provide small business owners with access to a comprehensive range of private and public resources to start or grow a business in New York City.[5]

Unfortunately, the City's efforts to encourage small business development may be hindered by outdated and sometimes inconsistent provisions of law. The Council has determined that the Administrative Code of the City of New York (the "Code") contains numerous laws that create an undue burden on businesses in New York City, and particularly on small businesses, without a concomitant benefit to the general public. Furthermore, these laws may create a contentious regulatory environment in which small businesses must operate. The Council has made this determination by working with advocates for small business owners and operators, neighborhood and borough wide chambers of commerce and by reviewing the Administrative Code.

At the same time, it should be noted that the Code has many consumer protection clauses. It is not the intent of the legislation to weaken any of these provisions; rather, it is the Council's intention to modify or repeal antiquated and problematic provisions of the Code in an effort to improve the small business environment in New York City so that these businesses can thrive.

ANALYSIS

Section one of Int. No. 349-A would provide a brief statement of legislative findings and intent explaining why this legislation is necessary and important.

Section two of Int. No. 349-A would amend subdivision c of section 17-315 of the Code. This section currently requires that all items relating to the operation of a food vending business be kept in or under the vending vehicle or pushcart.[6] The Council has received reports that many vendors receive tickets for displaying samples of the items that they sell in sealed containers, such as soda cans, on top of their vending vehicle or pushcart.[7] This interpretation of section 17-315 is unnecessarily strict and does not enhance public health or safety. The amendment to this subdivision would clarify that food vendors have the right to display samples of non-perishable items sold. Such an amendment would protect food vendors from being ticketed for displaying such items in the same way that storekeepers are not penalized for displaying, for example, a soda can in a store window. The amendment to subdivision c would also clarify that no items relating to the operation of a food vending business, except for an adjoining waste container, may be placed on any public space adjacent to the vending vehicle or pushcart.

Section three of Int. No. 349-A would amend section 20-244 by deleting subdivisions (b), (c) and (e) and relettering existing subdivision (d) as new subdivision (b). This amendment would reduce the requirements for licensed sightseeing guides, which date from 1937. This section would eliminate the requirement that sightseeing guides submit at least letters of recommendation (current subdivision b), as well as the requirement that applicants receive a certificate from the Department of Health and Mental Hygiene (DOHMH) certifying that the applicant is not suffering from any disease or infirmity that would make him or her unfit to be a guide (current subdivision c), and the requirement that the DOHMH Commissioner investigate the character and fitness of each applicant before issuing him or her a license (current subdivision e). These provisions seem unnecessarily burdensome to applicants and are not consistent with other licensing schemes. Additionally, the current subdivision c regarding a health certificate may violate workplace discrimination statutes.

Section four of Int. No. 349-A would amend subdivisions (a), (b) and (c) of section 20-268. This section dates from 1937 or earlier, and includes many strict requirements for second-hand goods dealers, possibly based upon a fear that such individuals would deal in stolen goods. By comparison, these provisions are more restrictive than the licensing requirements for pawnbrokers, a profession where stolen goods may also be sold. Subdivision (a) of section 20-268 would be amended to remove the reference to second hand clothing dealers since the repeal of section 20-274 (discussed below), removes licensing requirements for such dealers. Subdivision (b) would be amended to permit the purchase of second hand goods from an apprentice or servant, as such terms seemed outdated. Subdivision (c) would be amended to expand the hours during which second-hand goods may be purchased by changing the times in which one may not purchase such goods from 6:00 PM to 7:00 AM to 12:00 AM to 6:00 AM.

Section five of Int. No. 349-A would repeal subdivision (f) of section 20-268 and reletter subdivisions (g) and (h) as subdivisions (f) and (g), respectively. Subdivision (f) of section 20-268 currently prohibits "any person licensed as a second-hand dealer to deal in the purchase or sale of any junk, old rope, old iron, brass, copper, tin, lead, rubber, paper, rags, bagging, slush or empty bottles, or employ or use a boat, cart or other vehicle for the purpose of collecting any such things or materials, unless he or she is also licensed as a junk dealer." This subdivision requires an individual licensed to sell second-hand merchandise to obtain an additional junk dealer's license. However, subchapter ten of title 20, which formerly addressed licensure of junk dealers, has been repealed. Consequently, subdivision (f) of section 20-268 is an irrelevant and outdated provision and impossible to satisfy. At a hearing before the Committee on Small Business in 2005, the Department of Consumer Affairs (DCA) testified that this provision is archaic and should be repealed.[8]

Section six of Int. No. 349-A would repeal section 20-274 of the Code. Section 20-274 currently prohibits the peddling of old clothes from house to house without a license, and provides that a dealer of old clothes cannot purchase from or sell clothes to any person on the street. The section also requires that an annual fee of five dollars. DCA no longer enforces this section, as it does not license such activities and because such peddlers are practically nonexistent; therefore, section 20-274 is archaic.

Section seven of Int. No. 349-A would repeal section 20-283 of the Code. This section restricts night auctions unless and until an individual applies for and receives a special permit from the DCA Commissioner to hold a night auction. Anyone who wishes to conduct an auction must be licensed by DCA pursuant to section 20-278.

However, section 20-283 creates a second licensing requirement for anyone who wishes to conduct an auction after 8:00 PM. The Council believes this provision is unnecessarily restrictive, limiting the public from participating in or attending auctions after 8:00 PM, when normal hours of business have concluded.

Section eight of Int. No. 349-A would repeal subdivision three of section 20-291 of subchapter 14 of title 20 of the Code. Subchapter 14 requires that all laundries in the City be licensed, and section 20-291 defines the term "laundry." Subdivision three of this section currently includes in that definition any person who deals in laundry service as an agent-driver, who uses his or her own vehicle and who works for a processing plant on a commission. This provision is outdated, as DCA has not licensed such individuals since 1991, and is therefore unnecessary.

Section nine of Int. No. 349-A would repeal subdivision (f) of section 20-296 and reletter and amend subdivision (g) as subdivision (f). Current subdivision (f) requires that all laundries close on Sundays and between the hours of midnight and 6:00 AM on all other days, and requires that an attendant be on duty during the hours of 6:00 PM through closing. Relettered and amended subdivision (f) would require that all customer activated laundries, in addition to all coin-operated ones, have an attendant on duty from 8:00 PM until closing or 6 AM the following day, whichever is earlier. Currently, the time requirement runs from 6PM until closing.

Section ten of Int. No. 349-A would repeal section 20-297 of the Code. This section currently provides an exemption to the laundry licensing requirement for those who engage in doing custom laundry work at home for a regular family trade, or in a tenement house or other dwelling, where such laundry work is exclusively done for the occupants of the building. This is an outdated section because there are almost no instances of anyone engaging in such custom laundry work anymore.

Section eleven of Int. No. 349-A would amend section 20-368 of the Code by relettering the existing section of law as subdivision (a) and adding thereto a new subdivision (b). Subdivision (b) would require that upon the request of a patron or guest, a public dance hall or cabaret must provide such patron or guest with a printed menu or other written list itemizing the prices charged for food and drink before such patron or guest is served, or, in the alternative, the public dance hall or cabaret must post signs in conspicuous locations that recite the price list. The Council has received reports of City inspectors issuing notices of violation for failing to provide a menu to inspectors upon ordering. The Council believes that this problem may be readily addressed by the mandatory production of a price list upon a customer's request or the display of appropriate signs.

Section twelve of Int. No. 349-A would add a new paragraph (3) to subdivision (g) of section 20-465. Paragraph 3 would require the DCA Commissioner to provide a copy of subchapter 27 of chapter two of title 20 of the Code and a copy of the rules of the city of New York implementing such subchapter to those with new or renewed general vendor licenses. These provisions detail all the legal requirements that must be met by a general vendor if he or she is to be licensed to sell goods on the City's streets. Paragraph 3 would thus help keep vendors from unknowingly engaging in prohibited conduct, such as selling goods in the wrong commercial zone.

Section thirteen of the bill would amend section 24-332 of the Code by allowing any person (which would include a business owner or an employee or agent of a business) to wash the street, sidewalk, areaway, steps, building or other place in the City (which would include in front of their place of business) without benefit of a permit between November 1st and the following March of each year. Currently, according to this section, anyone wishing to wash the sidewalk or steps in front of their building with a hose or piping during this time period must obtain a permit from the Department of Environmental Protection. This provision could be construed as making it more difficult for business owners to comply with subdivision two of section 16-118 of the code which requires that the owner, lessee, tenant, occupant or person in charge of any building to keep the sidewalk in front of their building clean and free of obstruction.

Section fourteen would provide that this local law would take effect sixty days after it is enacted into law.

Section 1. Subchapter 20 of title 20 of the administrative code of the city of New York is amended by adding a new section 20-370 to read as follows:

*§20-370. **Independent monitoring required.** The commissioner may, in the event a licensee is found to have multiple violations, or one violation that the commissioner determines seriously impacts on the licensee's fitness to operate, of this subchapter or of the rules promulgated hereunder, require in lieu of suspension or revocation of a license or as a condition of license renewal, that the licensee enter into a contract with an independent monitor approved or selected by the police commissioner. Such contract, the cost of which shall be paid by the licensee, shall provide that the monitor investigate the activities of the licensee with respect to the licensee's compliance with the provisions of this subchapter, other applicable federal, state and local laws and such other matters as the department shall determine by rule, and shall recommend to the licensee steps it can take and practices it can implement to ensure compliance with such provisions, rules and laws, including, but not limited to, additional training for employees concerning alcoholic beverages and security issues. The contract shall provide further that the monitor report the findings of such monitoring, including the extent to which the cabaret or public dance hall has complied with the monitor's recommendations, to the department and to the police commissioner on a regular basis, as determined by rule of the commissioner.*

3. The video surveillance cameras shall record at a minimum speed of fifteen frames per second;

4. The video surveillance camera images shall be capable of being viewed through use of appropriate technology, including but not limited to a computer screen or closed circuit television monitor;

5. The video surveillance camera system shall be capable of transferring the recorded images to a portable form of media, including but not limited to videotape, compact disc, or digital video disc;

10. Video recordings made by video surveillance cameras installed and maintained pursuant to this section shall be recorded over or destroyed after 15 days unless retention is necessary to further a law enforcement purpose or for training purposes. In the event that retention beyond 15 days is necessary, the reason and length of time shall be documented;

11. All recordings made by video surveillance cameras installed and maintained pursuant to this section shall be stored in a locked receptacle located in a controlled access area, to which only authorized personnel have access. Int. No. 446

By Council Members Avella, Nelson, Palma and Mark-Viverito.

A Local Law to amend the administrative code of the city of New York, in relation to food vendors.

Be it enacted by the Council as follows:

Section 1. Legislative findings and intent. Local Law 15 of 1995 restricted the number of food cart permits that the Department of Health and Mental Hygiene could issue to individuals engaged in the food vending business to one full-term or temporary food vendor permit per individual, corporation, partnership or other business entity. This measure was taken in an effort to stop the illegal leasing of such permits by multiple permit holders for exorbitant sums. However, an unintended effect of this local law was that such restriction also affected certain small business owners who held multiple full-term permits and who were exclusive distributors or manufacturers. These exclusive distributors or manufacturers must rely on their ability to maintain a profitable number of pushcarts that can legally purvey their food products on the City streets. Such pushcarts or vehicles each require a valid full term food vendor permit from the Department of Health and Mental Hygiene .

Accordingly, the Council finds it necessary that legislation restoring multiple push-cart permits to exclusive distributors or manufacturers, who lost such permits by Local Law 15 of 1995, is necessary.

§ 2. Item (A) of clause (ii) of subparagraph (a) of paragraph 3 of subdivision f of section 17-307 of the administrative code of the city of New York, as amended by local law number 27 for the year 1997, is amended to read as follows:

3.(a) (ii) (A) Except as otherwise provided in items (B) *and (C)* of this clause, on and after January first, nineteen hundred ninety-six, and on every renewal date thereafter, a permit holder may not renew more than one permit, whether full-term or temporary. Such permit shall be renewed provided that all other requirements for renewal under the provisions of this subchapter and any rules promulgated pursuant

thereto are complied with, the license of the person to whom the permit was issued or the permit has not been revoked or suspended and such person has not committed a violation or violations which could be a basis for permit or license suspension or revocation.

§ 3. Clause (ii) of subparagraph (a) of paragraph 3 of subdivision f of section 17-307 of the administrative code of the city of New York, as amended by local law number 27 for the year 1997, is amended by adding a new item (C), to read as follows:

(C) (I) Notwithstanding any other contrary provision of law, any person who prior to December 31, 1995 operated an exclusive distributor or a manufacturer of food vending products, who held more than one full term permit issued pursuant to this subchapter, shall be issued the number of additional full term permits such person held on December 31, 1995. A sworn affidavit evidencing exclusive distributorship or manufacturer status shall be satisfactory proof that an applicant for multiple full term permits was an exclusive distributor or manufacturer prior to December 31, 1995 and at the time of the application.

(II) Any person who is eligible for the issuance of additional full term permits pursuant to subitem (I) of this item shall be issued the number of permits originally held by such permit holder.

(III) Additional full term permits shall be issued pursuant to subitem (I) of this item only to persons who have not, at the time of application for such additional full term permits, had a permit issued pursuant to this subchapter revoked or suspended and who are found, to the commissioner's satisfaction, to be fit and able to conduct, maintain and operate a food vending business. Such permits shall be renewed provided that an applicant has complied with all other requirements for renewal under the provisions of this subchapter, and any rules promulgated pursuant thereto, and such person has not committed a violation or violations which would be a basis for suspension or revocation of such permits.

§ 4. Section 17-314 of the administrative code of the city of New York, as amended by local law number 27 for the year 1997, is amended by adding a new paragraph e, to read as follows:

e. Not use or permit anyone else to use a food vending vehicle or pushcart for vending any foods other than those authorized for sale by the commissioner or board unless prior written approval has been obtained from the commissioner or board; provided, however, that an exclusive distributor who has been issued more than one temporary permit pursuant to subitem (I) of item (C) of clause (ii) of subparagraph (a) of paragraph three of subdivision f of section 17-307 of this subchapter must primarily vend or permit anyone else using a pushcart or vehicle for which such exclusive distributor has a full term permit to primarily vend, the food vending product that was the subject of the exclusive distribution agreement, pursuant to subitem (I) of item (C) of clause (ii) of subparagraph (a) of paragraph three of subdivision f of section 17-307 of this subchapter.

§ 5. Section 17-314.1 of the administrative code of the city of New York, as amended by local law number 27 for the year 1997, is amended by adding a new paragraph d, relettering the current paragraph d as paragraph e, and adding a new subparagraph 3 to new paragraph e, to read as follows:

d. Any transfer of ownership by a company, corporation, partnership or limited liability corporation holding multiple full term permits must be approved by the commissioner. Furthermore, any such transfer in an exclusive distributor or a manufacturer who has been issued more than one full term permit pursuant to item (C) of clause (ii) of subparagraph (a) of paragraph three of subdivision f of section 17-307 of this subchapter shall result in the automatic revocation of all such additional full term permits issued to such persons pursuant to such provision, if approval is not given.

[d.] *e.* Notwithstanding the provisions in subdivisions a, b and c of this section.

3. an exclusive distributor or a manufacturer who has been issued more than one full term permit pursuant to item (C) of clause (ii) of subparagraph (a) of paragraph three of subdivision f of section 17-307of this subchapter may lease a vehicle or pushcart owned by such exclusive distributor or manufacturer with such exclusive distributor's or manufacturer's full term permit attached thereto to a person licensed as a food vendor pursuant to this subchapter if (a) such exclusive distributor or manufacturer files with the department the bill of sale or other proof of ownership for such vehicle or pushcart with a duly issued sales tax receipt attached thereto; and (b) such lease agreement sets forth the food product which may be primarily sold using such vehicle or pushcart; and (c) such lease agreement is approved by the department, provided, however, that if such lease agreement is not approved or disapproved within thirty calendar days after such lease agreement is filed with the department, such lease agreement shall be deemed to be approved by the department. The commissioner shall promulgate rules establishing the standards by which the department shall evaluate such lease agreements and such standards shall include, but not be limited to, requirements that such lease agreements contain fair and reasonable terms based upon such factors as the cost of purchasing and maintaining such pushcart or vehicle and that the terms of such lease agreements are the result of an arm's length negotiation between the parties thereto. Subleasing of any such vehicle or pushcart owned by such exclusive distributor or manufacturer with such exclusive distributor's or manufacturer's temporary permit attached thereto is prohibited. Authorized officers and employees of the department of business services and the department of investigation may assist the commissioner and the department in effectuating the provisions of this paragraph. Any violation or violations of the provisions of this paragraph or rules promulgated hereunder by an exclusive distributor or a manufacturer who has more than one full term permit pursuant to item (C) of clause (ii) of subparagraph (a) of paragraph three of subdivision f of section 17-307of this subchapter may be the basis for suspension or revocation of all of the permits issued to such exclusive distributor or manufacturer pursuant to this subchapter.

§6. This local law shall take effect one hundred twenty days after its enactment provided, however, that the department of health and mental hygiene may take any actions necessary prior to such effective date for the implementation of this local law including, but not limited to, the adoption of any necessary rules.

By Council Members Avella, Gerson, Palma and Mark-Viverito.

A Local Law to amend the administrative code of the city of New York, in relation to food vendors.

Be it enacted by the Council as follows:

Section 1. Legislative findings and intent. The administrative code defines a food vendor as a "person who hawks, peddles, sells or offers food for sale at retail in any public space." Pursuant to the code, food vendors must be licensed by the Department of Health and Mental Hygiene ("DOHMH") to operate on the streets of New York City. In addition to obtaining a food vending permit, a food vendor may only use a pushcart that has been inspected and permitted by DOHMH.

Presently, there is no restriction on the number of food vending licenses that may be issued. Accordingly, anyone may file an application with DOHMH and, providing such applicant presents the required documentation, he or she will receive a food vending license. Presently, approximately 9,200 people have such licenses. However, the city does restrict the number of food cart permits to 3000 (plus some 200 borough-specific permits and 100 permits to disabled persons, disabled veterans and veterans).

Pursuant to the general business law, 85 honorably discharged members of the armed forces of the United States, who are physically disabled as a result of injuries received while in the service of the armed forces, may vend in specified areas of Manhattan that are otherwise closed to vending due to local law, ordinance, rule or regulation. By January 31, 2007, that number will reach, and be thereafter limited to, 105. However, due to the city's restriction on the number of permissible cart permits, many physically disabled licensed food vendors are de facto restricted from operating in these specified areas.

Accordingly, the Council finds that it is warranted to adopt legislation that removes the limitations on food vending permits for disabled veteran vendors.

§2. Subparagraph a of paragraph 2 of subdivision b of section 17-307 of the administrative code of the city of New York, as amended by Local Law 27 of 1997, is hereby amended, to read as follows:

(a) *Except for licensees subject to the provisions of article four of the general business law,* [O] on and after July thirtieth, nineteen hundred eighty-three, no new full-term permits shall be issued *to any persons* until the number of such permits which are in effect is less than three thousand. Thereafter, the maximum number of [such] *full-term* permits which may be in effect shall be three thousand and no new permits shall be issued in excess of such maximum number. Notwithstanding the limitations on the issuance of new full-term permits, a permit issued prior to July thirtieth, nineteen hundred eighty-three which is in effect shall be renewable by the licensee to whom the permit was issued subject to the provisions of subparagraph (f) of this paragraph and provided that all other requirements for renewal under the provisions of this subchapter and any rules promulgated pursuant thereto are complied with, the license of the person to whom the permit was issued or the permit has not been revoked or suspended and the licensee has not committed a violation or violations which could be a basis for permit or license revocation or suspension.

§3. Paragraph 2 of subdivision b of section 17-307 of the administrative code of the city of New York, as amended by Local Law 27 of 1997, is hereby amended by the addition of a new subparagraph g, to read as follows:

(g) There shall be no restriction on the number of pushcart permits authorized and issued to applicants subject to the provisions of article four of the general business law, except that no such licensee may contemporaneously hold more than one pushcart permit.

§4. Subparagraph b of paragraph 3 of subdivision b of section 17-307 of the administrative code of the city of New York, as amended by Local Law 27 of 1997, is hereby amended, to read as follows:

(b) Preferences shall be given in the issuance of permits pursuant to this paragraph and in the placement on such waiting list to the following categories of persons in the following order:

(i) Veterans who on August second, nineteen hundred ninety-one held a valid general vendor's license issued by the department of consumer affairs pursuant to subchapter twenty-seven of chapter two of title twenty of the code by virtue of having claimed a disability.

(ii) Disabled veterans.]

[(iii)] *(ii)* Disabled persons.

[(iv)] *(iii)* Veterans.

§5. This local law shall take effect sixty days after it shall have been enacted into law; provided that the commissioner may take any actions necessary prior to such effective date for the implementation of this local law including, but not limited to, promulgating rules.

Resolution calling upon the State Legislature to introduce and adopt, and the Governor to sign, legislation which would provide for the imposition of a civil penalty for the failure of a cooperative apartment corporation to credit the STAR exemption to the tenant-stockholders thereof.

By Council Members James, Clarke, Gentile, Koppell, Liu, Palma, Sanders and Mark-Viverito.

Whereas, Clause (b) of subparagraph (iii) of paragraph (k) of subdivision (2) of section 425 of the Real Property Tax Law requires every cooperative apartment corporation, upon receiving a School Tax Relief ("STAR") exemption to credit the full amount of such exemption to each eligible tenant stockholder residing in the cooperative apartment; and

Whereas, Such exemption must also be fully credited to each tenant stockholder during the assessment cycle of which each tenant stockholder is eligible; and

Whereas, There have been many cases in which the cooperative apartment corporation has not distributed the benefit in a timely manner as prescribed by law or, in many cases, has not distributed the credit at all; and

Whereas, Currently, state law imposes no penalties against cooperative apartment corporations that fail to disburse the STAR credit to their tenant stockholders; and

Whereas, When cooperative apartment corporations fail to disburse such credit to tenant stockholders, the tenant stockholders have no clearly defined redress; and

Whereas, Imposing civil penalties on a cooperative apartment corporation for failure to disburse the STAR credit within a reasonable and definitive time after receiving it, (e.g. three months) will help ensure that tenant stockholders will receive the benefit, and receive such in a timely manner; now, therefore, be it

Resolved, That the Council of the City of New York calls upon the State Legislature to introduce and adopt, and the Governor to sign, legislation which would provide for the imposition of a civil penalty for the failure of a cooperative apartment corporation to credit the STAR exemption to the tenant-stockholders thereof.

Res. No. 529

Resolution calling upon the State Legislature to introduce and adopt, and the Governor to sign, legislation which would provide owners of New York City designated landmarks a tax credit against property taxes when such owners make improvements to such landmarks; or on the alternative, authorize New York City, acting through its local legislative body, to adopt and amend local laws which would provide owners of New York City designated landmarks a tax credit against property taxes when such owners make improvements to such landmarks.

By Council Members Reyna, Avella, Brewer, Comrie, Felder, Gentile, Gerson, James, Liu, Nelson, Weprin, Mark-Viverito, Gallagher and Lanza.

Whereas, Numerous private homes in New York City have been designated as historic landmarks; and

Whereas, Skyrocketing values in real estate caused the property taxes to increase as well; and

Whereas, Many owners of historic landmarks take pride in the beauty and character of their old homes; and

Whereas, To preserve and maintain the integrity of the historical landmark, costly restorations and improvements are often needed; and

Whereas, Many owners of landmarks are reluctant to improve their properties because of the resulting increase in property assessments because of such improvement; and

Whereas, Many landmark owners renovate their home without a prior consultation with the New York City Landmarks Preservation Commission ("LPC") to ensure compliance with such entity's restoration rules; and

Whereas, Improvements to historic landmarks consistent with the LPC's restoration rules will ensure that the integrity of the landmark will be maintained; and

Whereas, A property tax credit against property taxes owed by owners of historical landmarks when they make LPC approved improvements to their home will help maintain the character of the property as a landmark; now, therefore, be it

Resolved, That the Council of the City of New York calls upon the State Legislature to introduce and adopt, and the Governor to sign, legislation which would provide owners of New York City designated landmarks a tax credit against property taxes when such owners make improvements to such landmarks; or on the alternative, authorize New York City, acting through its local legislative body, to adopt and amend local laws which would provide owners of New York City designated landmarks a tax credit against property taxes when such owners make improvements to such landmarks.

Res. No. 530

Resolution calling upon the Columbia Broadcasting System, which broadcasts the television program titled "Survivor," to cancel the program for the upcoming fall 2006 season due to the show's programming content that segregates groups of contestants by ethnic and racial backgrounds.

By Council Members Weprin, Liu, Jackson, Clarke, Fidler, Gerson, Mealy, Nelson, Sanders, Mark-Viverito and Foster.

Whereas, The Columbia Broadcasting System (CBS), one of the nation's oldest television broadcasting companies, attempts to remain at the vanguard of quality programming by purusing fresh ideas to appeal to a wide range of viewers; and

Whereas, CBS aims to embark on a new season of "Survivor," in which contestants are organized into competitive teams and, week by week, face elimination rounds such that by the end of the season the one remaining final contestant may be declared the season's winner, earning a substantial cash prize and media exposure; and

Whereas, CBS intends to alter its "Survivor" formula in 2006 by dividing the competitive teams not into ostensibly random combinations but instead along lines of race and ethnicity; and

Whereas, CBS specifically intends to divide "Survivor" contestants into four teams: Asian, Black, Latino, and White; and

Whereas, "Survivor" host Jeff Probst has cited a lack of minority applicants seeking to appear on "Survivor" as a justification for the program's revised format but has clearly put forward a solution that is not suitable; and

Whereas, This purported problem's much clearer and appropriate solution is for CBS to more aggressively recruit in minority communities; and

Whereas, Probst comments to The Associated Press that "There's a history of segregation you can't ignore. It's a part of our history... But the biases from home can't affect you. This is an equal opportunity game;" reveal a lack of understanding and sensitivity; and

Whereas, CBS's crude decision to exploit delicate relationships of race and ethnicity cannot be allowed to veil itself in altruism, and the network must realize that the admittedly desperately-needed national conversations on difference and tolerance may be well suited to be televised but only in a format evidencing respect, balance, and conscientious progress; now, therefore, be it

Resolved, The Council of the City of New York calls upon CBS, which broadcasts the television program titled "Survivor," to cancel the show for the upcoming fall 2006 season due to the show's programming content that segregates groups of contestants by ethnic and racial backgrounds.

Referred to the Committee on Cultural Affairs, Libraries & International Intergroup Relations.

Res. No. 531

Resolution calling upon the State Legislature to introduce and adopt, and the Governor to sign, legislation which would provide a procedure for the granting of an exemption from real property taxes to eligible property acquired by not-for-profit institutions from the date they take ownership of the real property.

By Council Members Weprin, Jackson, Felder, Gentile, Gerson, James, Nelson, Sears, Mark-Viverito and Foster.

Whereas, The State Real Property Tax Law and the New York City Charter provide that the taxable status of real property in the City be fixed for the succeeding fiscal year on January 5th (the "taxable status date"); and

Whereas, It is the status of a parcel of property on January 5th of a given year on which the assessment for purposes of the following year's taxes is based; and

Whereas, If a qualified nonprofit organization acquires property before the January 5th taxable status date and all other exempt criteria are met, the property tax exemption will commence with the following July 1st property tax roll, but if the property was acquired after the taxable status date, the real property tax exemption would not commence until July 1st of the second year following the acquisition of the property, and the organization would be liable for property taxes for the fiscal year immediately following its acquisition of the property; and

Whereas, This leads to situations in which a qualified tax exempt organization such as a charitable or religious institution acquires property after the January 5th taxable status date and therefore such property is not eligible for a property tax exemption for purposes of the next fiscal year's property tax roll; and

Whereas, This often results in confusion when the nonprofit organization mistakenly believes that it did not owe property taxes in the first year of ownership of a parcel of property and fails to pay such taxes; and

Whereas, Such failure to pay property taxes results in a lien on the property, which, with the accrual of interest can become substantial and which can become subject to the City's tax lien sale laws; and

Whereas, On January 4, 2006, the New York State Assembly and Senate introduced A.8119 and S.4733, respectively, which would provide a mechanism for nonprofits to apply for real property tax exemptions from the date they acquired title to otherwise eligible property; and

Whereas, On June 23, 2006, the New York State Assembly passed A.8119; and

Whereas, On June 23, 2006, the New York State Legislature concluded their legislative session without having passed S.4733; and

Whereas, Providing a mechanism for nonprofits to apply for real property tax exemptions from the date they acquired title to otherwise eligible property would alleviate the confusion that currently exists and would allow nonprofits to focus on their missions of providing services to their communities; now, therefore, be it

Resolved, That the Council of the City of New York calls upon the State Legislature to introduce and adopt, and the Governor to sign, legislation which would provide a procedure for the granting of an exemption from real property taxes to eligible property acquired by not-for-profit institutions from the date they take ownership of the real property.

Res. No. 532

Resolution calling upon the United States Congress to pass S.1062/H.R.2429, "The Fair Minimum Wage Act", which would amend the Fair Labor Standards Act of 1938 to increase the federal minimum wage in increments, to $7.25 an hour.

By Council Members Weprin, Addabbo Jr., Comrie, Dickens, Brewer, Clarke, Fidler, Gentile, Gerson, Gonzalez, James, Koppell, Liu, Mealy, Nelson, Palma, Recchia, Sears, Mark-Viverito and Foster.

Whereas, The minimum wage was first enacted in 1938 as part of the federal Fair Labor Standards Act (FLSA); and

Whereas, The minimum wage had been increased several times in the decades since its inception; and

Whereas, The federal minimum wage is currently set at $5.15 an hour, the same rate it has been since September 1997; and

Whereas, According to the Center on Budget and Policy Priorities, after adjusting for inflation, the value of the minimum wage is at its lowest level since 1955; and

Whereas, The Center on Budget and Policy Priorities also finds that minimum wage now equals only 31 percent of average wages for private sector non-supervisory employees, the greatest disparity since World War II; and

Whereas, According to the Economic Policy Institute, an estimated 14.9 million workers, or 11% of the nation's workforce, would benefit from increasing the federal minimum wage to $7.25 by 2008; and

Whereas, Since the last raise in the minimum wage, costs for housing, clothing, gas, health care and child care, as well as other basic necessities, have drastically increased, and minimum wage workers are struggling tremendously; and

Whereas, The Economic Policy Institute states that women, minorities, children and single parent households in particular would greatly benefit from an increase in minimum wage; and

Whereas, Minimum wage employees working 40 hours a week, 52 weeks a year, earn only $10,700 a year, nearly $6,000 below the poverty line for a family of three, according to the 2006 Federal Poverty Guidelines; and

Whereas, S.1062, The Fair Minimum Wage Act, introduced in the United States Senate and sponsored by Senator Edward M. Kennedy, and H.R. 2429, introduced in the House of Representatives by Congressman George Miller, would amend the FLSA to increase the federal minimum wage to: (1) $5.85 an hour, beginning on the 60th day after enactment, (2) $6.55 an hour, beginning 12 months after such 60th day, and (3) $7.25 an hour, beginning 24 months after such 60th day; and

Whereas, The issue is of such paramount importance that Congress should vote on the bill as soon as possible, and no amendments or riders to the bill should be drafted which do not directly involve increasing the minimum wage; and

Whereas, A fair increase for minimum wage workers is long overdue, especially in light of the fact that, during the past nine years, according to a June 28, 2006 article on CNN.com, members of Congress have voted to give themselves pay raises totaling $31,600; now, therefore, be it

Resolved, That the Council of the City of New York calls upon the United States Congress to pass S.1062/H.R.2429, "The Fair Minimum Wage Act", which would amend the Fair Labor Standards Act of 1938 to increase the federal minimum wage in increments, to $7.25 an hour.

Article VII: Administration
Chapter 4: Special Permits by the City Planning Commission

***

74-743 ~~(7/26/01)~~
Special provisions for bulk modification

(a) For a general large-scale development, the City Planning Commission may permit:

(1) distribution of total allowable #floor area#, #rooming units#, #dwelling units#, #lot coverage#, and total required #open space# under the applicable district regulations within a #general large-scale development# without regard to #zoning lot lines# or district boundaries subject to the following limitations:

   (i) no distribution of #bulk# across the boundary of two districts shall be permitted for a #use# utilizing such #bulk# unless such #use# is permitted in both districts;

   (ii) when a #general large-scale development# is located partially in a #Residence District# or in a C1, C2, C3, or C4-1 District and partially in other #Commercial# or #Manufacturing Districts#, no transfer of commercial #floor area# to a #Residence District# or to a C1, C2, C3, or C4-1 District from other districts shall be permitted;

(2) location of #buildings# without regard for the applicable #yard#, #court#, distance between #buildings#, or height and setback regulations;

(3) variation in the location of primary business entrances and #show windows# along frontages adjacent to #zoning lots# outside the #general large-scale development# without regard to regulations applicable near #Residence District# boundaries; and

(4) the maximum #floor area ratio# permitted pursuant to Section 23-142 for the applicable district without regard for #height factor# or #open space ratio# requirements provided that the #general large-scale development# is located partially in a C6-1, C6-2, or C6-3 District.

(b) ~~As a condition of granting~~ In order to grant a special permit pursuant to this Section for any #general large-scale development#, the Commission shall find that:

(1) the distribution of #floor area#, #open space#, #dwelling units#, #rooming units# and the location of #buildings#, primary business entrances and #show windows# will result in a better site plan and a better relationship among #buildings# and open areas to adjacent #streets#, surrounding development, adjacent open areas and shorelines than would be possible without such distribution and will thus benefit both the occupants of the #general large-scale development#, the neighborhood, and the City as a whole;

(2) the distribution of #floor area# and location of #buildings# will not unduly increase the #bulk# of #buildings# in any one #block# or unduly obstruct access of light and air to the detriment of the occupants or users of #buildings# in the #block# or nearby #blocks# or of people using the #streets#;

(3) where a #zoning lot# of a #general large-scale development# doest not occupy a frontage on a mapped #street#, appropriate access to a mapped #street# is provided;

(4) considering the size of the proposed #general large-scale development#, the #streets# providing access to such #general large-scale development# will be adequate to handle traffic resulting therefrom;

(5) when the Commission has determined that the #general large-scale development# requires significant addition to existing public facilities serving the area, the applicant has submitted to the Commission a plan and timetable to provide such required additional facilities. Proposed facilities that are incorporated into the City's capital budget may be included as part of such plan and timetable; ~~and~~

(6) where the Commission permits the maximum #floor area ratio# allowed pursuant to Section 23-142 for the applicable district without regard for #height factor# or #open space ratio# requirements, open areas are provided within the #general large-scale development# that are of sufficient size to serve the residents of new or #enlarged# #buildings#, and have appropriate access, circulation, seating, lighting and paving. Furthermore, the site plan of such #general large-scale development# shall include superior landscaping for open areas serving the needs of residents of the new or enlarged #buildings#; and

~~(6)~~ (7) a declaration with regard to ownership requirements in paragraph (b) of the #general large-scale development# definition in Section 12-10 (DEFINITIONS) has been filed with the Commission.

Resolution for adoption scheduling December 6, 2006 for a public hearing.

■ NOTICE

The Department of Education's (DOE) Committee on Contracts has been asked for approval to enter into contract negotiations with the following organizations for the services described below. Other organizations interested in providing these services to the DOE are invited to indicate their ability to do so by writing to Romayne Jagessar at 65 Court Street, Room 1201, Brooklyn, NY 11201. Responses should be received no later than 9:00 A.M. Monday, November 27, 2006.

ITEM(S) FOR CONSIDERATION:

1. Spherion Technology Architects

Service(s): The Office of Student Enrollment is requesting an interim non-competitive award to Spherion Technology Architects to continue to provide maintenance of the High School Application Process System (HSAPS), installation of the system to additional high schools and implementation of necessary enhancements to the system beyond its November 30, 2006 expiration. DOE will initiate an attempt to procure these services competitively within the next few months.

TERM: 12/1/06-9/30/07 Contract Cost: $1,575,000

2. Learning Leaders

Service(s): The Office of Parent Engagement is requesting a non-competitive award to Learning Leaders to provide volunteer training and informational workshops for parents. Learning Leaders recruits, trains and supports approximately 15,000 school volunteers who work in 967 New York City public schools. Learning Leaders has the organizational capacity to offer parent training in seven languages, and offer parent workshops such as "Family Literacy and Numeracy," "FYI on Public Education" and "Adolescent Parenting."

TCG will support OAG work relating to Medicaid audits and claiming processes as well as special education service delivery. TCG has been assisting OAG since March 2006 with meeting the demands of federal audits and state corrective action reviews of the DOE's Medicaid claims for related services in school-based special education programs. An RFP will be issued for Fiscal 2007. The term of this agreement will be from November 16, 2006 through June 30, 2007 for an estimated cost of $800,000.

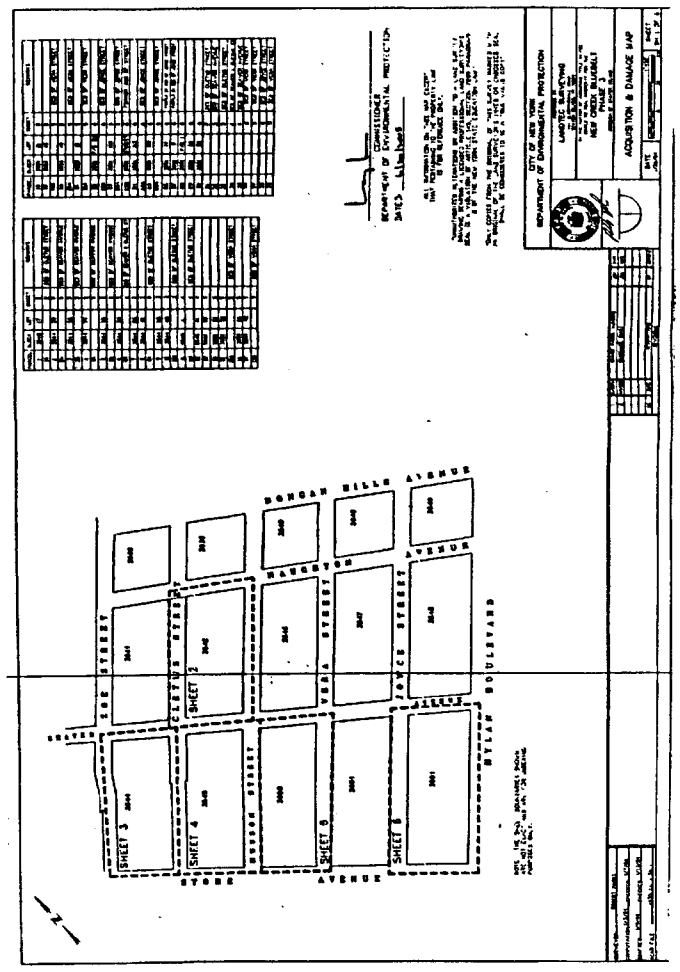
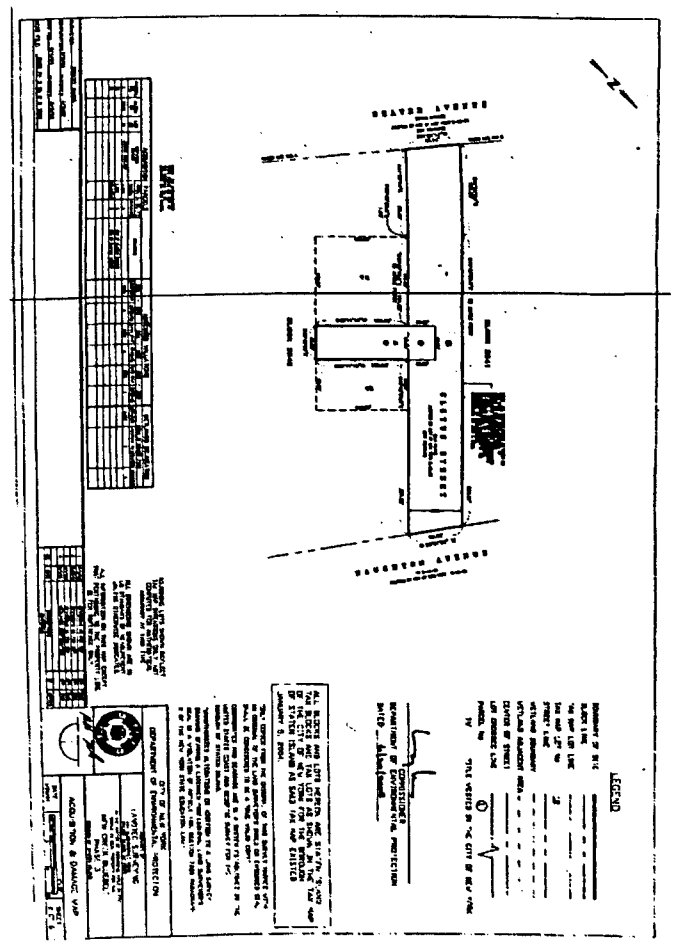
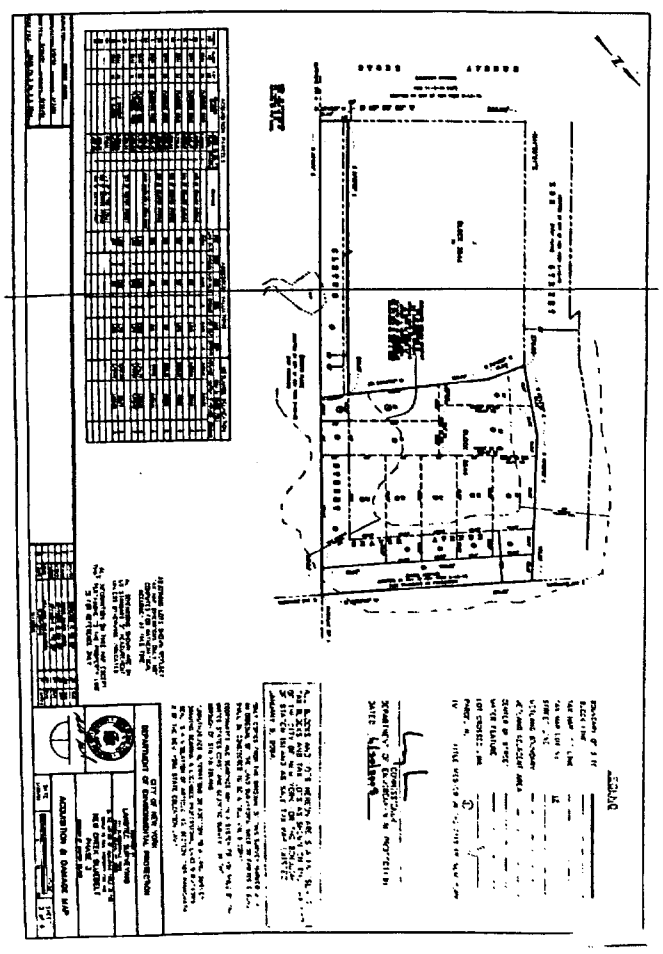
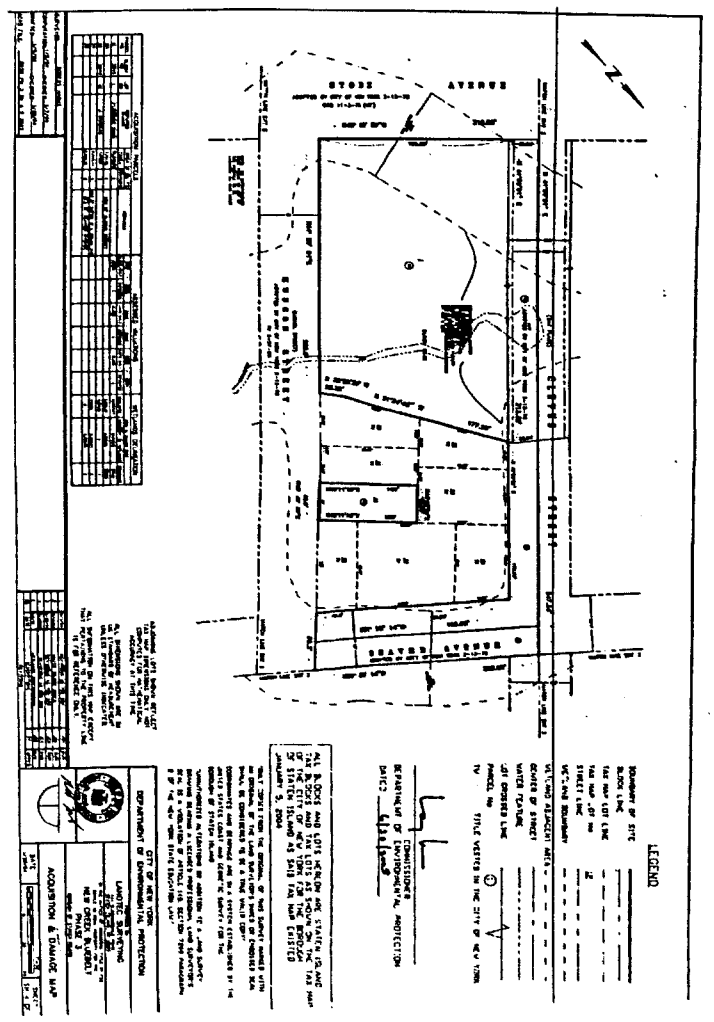
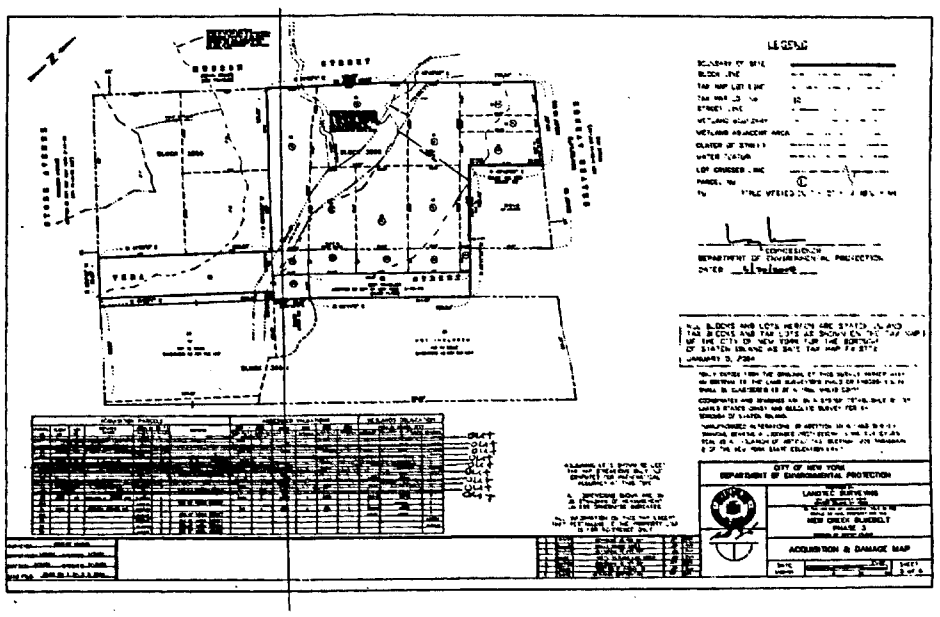
COURT NOTICE MAPS FOR NEW CREEK BLUEBELT PHASE 3



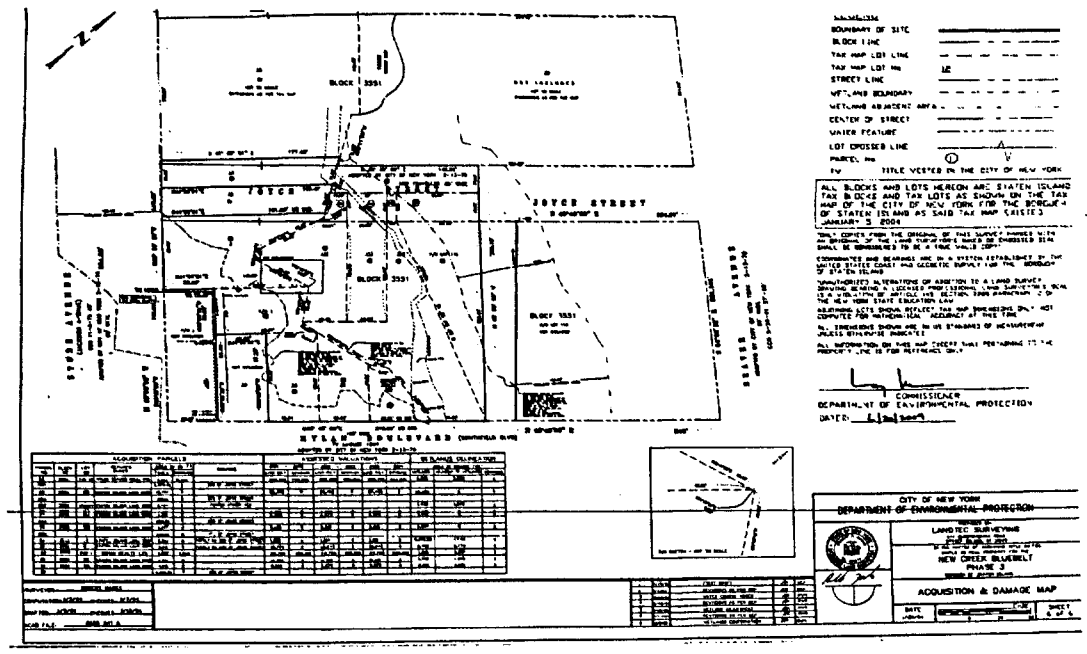








COURT NOTICE MAPS FOR NEW CREEK BLUEBELT PHASE 3



READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in Crosby v. National Foreign Trade Council, 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists--free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City.. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

Article VII: Administration
Chapter 4: Special Permits by the City Planning Commission

***

74-743 ~~(7/26/01)~~
Special provisions for bulk modification

(a) For a general large-scale development, the City Planning Commission may permit:

(1) distribution of total allowable #floor area#, #rooming units#, #dwelling units#, #lot coverage#, and total required #open space# under the applicable district regulations within a #general large-scale development# without regard to #zoning lot lines# or district boundaries subject to the following limitations:

(i) no distribution of #bulk# across the boundary of two districts shall be permitted for a #use# utilizing such #bulk# unless such #use# is permitted in both districts;

(ii) when a #general large-scale development# is located partially in a #Residence District# or in a C1, C2, C3, or C4-1 District and partially in other #Commercial# or #Manufacturing Districts#, no transfer of commercial #floor area# to a #Residence District# or to a C1, C2, C3, or C4-1 District from other districts shall be permitted;

(2) location of #buildings# without regard for the applicable #yard#, #court#, distance between #buildings#, or height and setback regulations;

(3) variation in the location of primary business entrances and #show windows# along frontages adjacent to #zoning lots# outside the #general large-scale development# without regard to regulations applicable near #Residence District# boundaries; and

(4) the maximum #floor area ratio# permitted pursuant to Section 23-142 for the applicable district without regard for #height factor# or #open space ratio# requirements provided that the #general large-scale development# is located partially in a C6-1, C6-2, or C6-3 District.

(b) ~~As a condition of granting~~ In order to grant a special permit pursuant to this Section for any #general large-scale development#, the Commission shall find that:

(1) the distribution of #floor area#, #open space#, #dwelling units#, #rooming units# and the location of #buildings#, primary business entrances and #show windows# will result in a better site plan and a better relationship among #buildings# and open areas to adjacent #streets#, surrounding development, adjacent open areas and shorelines than would be possible without such distribution and will thus benefit both the occupants of the #general large-scale development#, the neighborhood, and the City as a whole;

(2) the distribution of #floor area# and location of #buildings# will not unduly increase the #bulk# of #buildings# in any one #block# or unduly obstruct access of light and air to the detriment of the occupants or users of #buildings# in the #block# or nearby #blocks# or of people using the #streets#;

(3) where a #zoning lot# of a #general large-scale development# doest not occupy a frontage on a mapped #street#, appropriate access to a mapped #street# is provided;

(4) considering the size of the proposed #general large-scale development#, the #streets# providing access to such #general large-scale development# will be adequate to handle traffic resulting therefrom;

(5) when the Commission has determined that the #general large-scale development# requires significant addition to existing public facilities serving the area, the applicant has submitted to the Commission a plan and timetable to provide such required additional facilities. Proposed facilities that are incorporated into the City's capital budget may be included as part of such plan and timetable; ~~and~~

(6) where the Commission permits the maximum #floor area ratio# allowed pursuant to Section 23-142 for the applicable district without regard for #height factor# or #open space ratio# requirements, open areas are provided within the #general large-scale development# that are of sufficient size to serve the residents of new or #enlarged# #buildings#, and have appropriate access, circulation, seating, lighting and paving. Furthermore, the site plan of such #general large-scale development# shall include superior landscaping for open areas serving the needs of residents of the new or enlarged #buildings#; and

~~(6)~~ (7) a declaration with regard to ownership requirements in paragraph (b) of the #general large-scale development# definition in Section 12-10 (DEFINITIONS) has been filed with the Commission.

Learning Leaders recruits, trains and supports approximately 15,000 school volunteers who work in 967 New York City public schools. Learning Leaders has the organizational capacity to offer parent training in seven languages, and offer parent workshops such as "Family Literacy and Numeracy," "FYI on Public Education" and "Adolescent Parenting." For the purpose of this Agreement the term "grievance" shall mean:

a. a claimed violation, misinterpretation or inequitable application of the provisions of this Agreement;

b. a claimed violation, misinterpretation or misapplication of the rules, regulations, or procedures of the agency affecting terms and conditions of employment, provided that, except as otherwise provided in this Section 1a the term "grievance" shall not include disciplinary matters;

c. a claimed violation, misinterpretation or misapplication of the Guidelines for Interrogation of Members of the Department referred to in Article XVIII of this Agreement;

d. a claimed improper holding of an open-competitive rather than a promotional examination;

e. a claimed assignment of the grievant to duties substantially different from those stated in the employee's job title specification.

Section 2.

The grievance procedure, except for paragraph d. of Section 1 above, shall be as follows:

Step I The employee and/or the Union shall present the grievance in the form of a memorandum to the "Head of the Facility" not later than ninety (90) days after the date on which the grievance arose. The employee may also request an appointment to discuss the grievance. The Head of the Facility shall take any steps necessary to a proper disposition of the grievance and shall reply in writing by the end of the third work day following the date of submission.

Step II An appeal from an unsatisfactory decision at Step I shall be presented in writing to the agency head or the designated representative. The appeal must be made within five (5) working days of the receipt of the Step I decision. The agency head or the designated representative, if any, shall meet with the employee and/or the Union for review of the grievance and shall issue a decision by the end of the tenth work day following the date on which the appeal was filed.

Step III An appeal from an unsatisfactory decision at Step II shall be presented by the employee and/or the Union to the Commissioner of Labor Relations, in writing, within ten (10) working days of the receipt of the Step II decision. Copies of such appeals shall be sent to the agency head. The Commissioner of Labor Relations, or designee, shall review all appeals from Step II decision and shall answer such appeals within fifteen (15) working days.

Step IV An appeal from an unsatisfactory decision at Step III may be brought solely by the Union to the Office of Collective Bargaining for impartial arbitration within fifteen (15) working days of receipt of the Step III decision. In addition, the City shall have the right to bring directly to arbitration any dispute between the parties concerning any matter defined herein as a "grievance." The City shall commence such arbitration by submitting a written request therefor to the Office of Collective Bargaining. A copy of the notice requesting impartial arbitration shall be forwarded to the opposing party. The arbitration shall be conducted in accord with the Consolidated Rules of the Office of Collective Bargaining. The costs and fees of such arbitration shall be borne equally by the Union and the City. The decision or award of the arbitrator shall be final and binding in accord with applicable law and shall not add to, subtract from or modify any contract, rule, regulation, existing policy or order mentioned in Section 1 of this Article.

Section 3.

As a condition to the right of a Union to invoke impartial arbitration set forth in this Article, including the arbitration of a grievance involving a claimed improper holding of an open-competitive rather than a promotional examination, the employee or employees and the Union shall be required to file with the Director of the Office of Collective Bargaining a written waiver of the right, if any, of the employee or employees and the Union to submit the underlying dispute to any other administration or judicial tribunal except for the purpose of enforcing the arbitrator's award.

Section 4.

Any grievance of a general nature affecting a large group of employees and which concerns the claimed misinterpretation, inequitable application, violation or failure to comply with the provisions of this Agreement shall be filed at the option of the Union at Step III of the grievance procedure, without resort to previous steps.

Section 5.

If a decision satisfactory to the Union at any level of the grievance procedure is not implemented within a reasonable time, the Union may re-institute the original grievance at Step III of the grievance procedure; or if a satisfactory Step

III decision has not been so implemented, the Union may institute a grievance concerning such failure to implement at Step IV of the grievance procedure.

Section 6.

If the City exceeds any time limit prescribed at any step in the grievance procedure, the grievant and/or the Union may invoke the next step of the procedure, except, however, that only the Union may invoke impartial arbitration under Step IV.

Section 7.

The City shall notify the Union in writing of all grievances filed by employees, all grievance hearings, and all determinations. The Union shall have the right to have a representative present at any grievance hearing and shall be given forty eight (48) hours notice of all grievance hearings.

Section 8.

Each of the steps in the grievance procedure, as well as time limits prescribed at each step of this grievance procedure, may be waived by mutual agreement of the parties.

Section 9.

a. Any grievance relating to a claimed improper holding of an open-competitive rather than a promotional examination shall be presented in writing by the employee or the Union representative to the Commissioner of Labor Relations not later than thirty (30) days after the notice of intention to conduct such open-competitive examination,or copy of the appointing officer's request for such open-competitive examination, as the case may be, has been posted in accordance with Section 51 of the Civil Service Law. The grievance shall be considered and passed upon within ten (10) days after its presentation. The decision shall be in writing, copies of which shall be transmitted to both parties to the grievance upon issuance.

b. A grievance relating to the use of an open competitive rather than a promotional examination which is unresolved by the Commissioner of Labor Relations may be brought to impartial arbitration as provided in Sections 2 and 3 above. Such a grievance shall be presented by the Union, in writing, for arbitration within fifteen (15) days of the presentation of such grievance to the Commissioner of Labor Relations, and the arbitrator shall decide such grievance within seventy-five (75) days of its presentation to him. The party requesting such arbitration shall send a copy of such request to the other party. The costs and fees of such arbitration shall be borne equally by the Union and the City.

Section 10.

The availability of the grievance or arbitration procedure shall not justify a failure to follow orders.

Section 11.

The grievance and arbitration procedures contained in this Agreement shall be the exclusive remedy for the resolution of disputes defined as "grievance" herein. This Section shall not be construed in any manner to limit the statutory rights and obligations of the City under Article XIV of the Civil Service Law.

ARTICLE XXI - LINE-OF-DUTY DEATH BENEFIT

Dear Mr. Meringolo:

When the Departmental Doctor determines that a Captain is injured in the line of duty and is incapacitated and unable to return to work for a finite period of time, then the Department will not confine such officer to his residence for that period. If the administrative determination by the Commissioner or his designee is different from that of the Departmental Doctor, then the change will be communicated to the officer by telephone or in writing.

It is expressly understood that the determination by the Commissioner or his designee is final and not subject to the grievance process. This procedure does not affect any other rule or regulation of the Department.

Collective Bargaining
Agreement (Rescheduled Tours)

Dear Captain Cranston:

Enclosed is a fully executed Operations Order which sets out the Department's policy concerning the implementation of the sixteen (16) rescheduled tours (six of which are reserved for training at the Correction Academy) to be worked by Captains pursuant to the proposed 7/1/87 to 10/31/90 Collective Bargaining contract between the City of New York and the Correction Captains Association, (CCA).

Based on my discussions with Chief Gerald Mitchell, we are in agreement that ten (10) of the rescheduled tours to be worked by Captains pursuant to the proposed contract, would best serve the needs of the department if worked in the parent Command of the affected member, and we will therefore operate in that manner. Thus, I have asked Chief Mitchell to issue the attached Operations Order to address this issue. It should be noted, however, that the Order shall be effective only upon ratification of the proposed contract, and shall be limited to the sixteen (16) rescheduled tours specially mentioned in this contract.

Re: CCA Agreement for the period June 1, 2003 to December 15, 2007

Dear Mr. Meringolo:

The sole intent of the change in the sick leave language in Article X, Section 1 of the October 1, 1991 - March 31, 1995 Agreement was to acknowledge enactment of Section 9-117.1(a) of the New York City Administrative Code which allows Correction Officers to continue to exclude line of duty sick leave payments from gross income in accordance with Internal Revenue Code Section 104 (a)(1) and Section 1.104 (b) of the Internal Revenue Service Regulations.

Please be assured that the 1987-90 Police Agreement varied in the same manner from the 1984-87 Police Agreement as did the Correction Officers Agreement, and that there was no intent to nor does it deprive any Correction Officer of any benefit nor diminish any benefit, but rather to keep and further an existing benefit.

The sick leave provisions of Article X, Section 2 (i) and (ii) of the 2003-2007 Correction Captains Agreement have no other purpose, nor shall they have any other use but to continue the benefit therein previously contained.

The Department of Correction will schedule vacations in the most efficient and cost-effective manner (i.e., "vacation smoothing"). Longevity Increment Eligibility Rules

The following rules shall govern the eligibility of employees for the longevity increments provided for in Article III, Section 10 of the 2005 - 2008 Attorneys Agreement:

1. Only service in pay status shall be used to calculate the 15 years of service, except that for other than full time per annum employees only a continuous year of service in pay status shall be used to calculate the 15 years of service. A continuous year of service shall be a full year of service without a break of more than 31 days. Where the regular and customary work year for a title is less than a twelve month year, such as a school year, such regular and customary year shall be credited as a continuous year of service counting towards the 15 years of service. If the normal work year for an employee is less than the regular and customary work year for the employee's title, it shall be counted as a continuous year of service if the employee has customarily worked that length work year and the applicable agency verifies that information.

2. Service in pay status prior to any breaks in service of more than one year shall not be used to calculate the 15 years of service. Where an employee has less than seven years of continuous service in pay status, breaks in service of less than one year shall be aggregated. Where breaks in service aggregate to more than one year they shall be treated as a break in service of more than one year and the service prior to such breaks and the aggregated breaks shall not be used to calculate the 15 years of service. No break used to disqualify service shall be used more than once.

3. The following time in which an employee is not in pay status shall not constitute a break in service as specified in paragraph 2 above:

   a. Time on a leave approved by the proper authority which is consistent with the Rules and Regulations of the New York City Personnel Director or the appropriate personnel authority of a covered organization.

   b. Time prior to a reinstatement.

   c. Time on a preferred list pursuant to Civil Service Law Sections 80 and 81 or any similar contractual provision.

   d. Time not in pay status of 31 days or less.

Notwithstanding the above, such time as specified in subsections a, b and c above shall not be used to calculate the 15 years of service.

4. Once an employee has completed the 15 years of "City" service in pay status and is eligible to receive the $500 longevity increment, the $500 shall become part of the employee's base rate for all purposes.

¶ 5. Incumbents holding underlying permanent status in the title of Attorney, Attorney (Law Librarian) or Attorney (Taxes) shall be offered the opportunity to take a qualifying training and experience examination for assignment to Level II and III positions of Attorney At Law. Qualified applicants shall be utilized as a hiring pool for assignment to said Level II and III positions for a period of one year from the date of the establishment of Attorney At Law.

¶ 6. For the purposes of implementing the provisions of Labor Relations Order No. 84/1, Section IX (Assignment Level Procedures), continuous service in the title of Associate Attorney shall count towards meeting the continuous service requirement for Attorney At Law Level III.

¶ 7. Upon approval by the New York State Civil Service Commission the City Personnel Director shall establish the titles of Agency Attorney Interne, Agency Attorney and Executive Agency Counsel in the non-competitive class of the City of New York and shall earmark for present permanent incumbents only the competitive class title of Attorney At Law. Employees serving as provisionals in the titles of Attorney At Law, Attorney Trainee, and Law Clerk shall be appointed to the comparable non-competitive titles at the corresponding assignment level.

¶ 8. The City Personnel Director/Commissioner shall utilize the Attorney Trainee List (Exam No. 2064) as a hiring pool for appointments to the non-competitive class title of Agency Interne for a period of one year from the date of the establishment of said title.

¶ 9. The salaries for the non-competitive class titles shall be as follows:

Level IV	$52.945	$56.736	$75.195

* See Section Article III, 4(b)(iv) of the 1991-94 Attorneys Agreement

¶ 10. Agency Attorneys shall be covered by the non-competitive class disciplinary procedure set forth in ¶ 11 subject to the following provisions:

   a. Employees who are reclassified to Agency Attorney and who have served continuously in the same agency as provisionals in the predecessor competitive class attorney title(s) for two or more years as of the effective date of their reclassification shall have full disciplinary rights after they have served a minimum of six (6) months in their new non-competitive class positions

   b. Employees who are reclassified to Agency Attorney and who have served continuously in the same agency as provisionals in the predecessor competitive class attorney title(s) for more than one year but less than two years as of the effective dates of their reclassification shall have full disciplinary rights upon completion of two years of combined continuous service in their respective provisional and non-competitive class positions provided they have served a minimum of six (6) months in their new non-competitive class position

   c. All other employees who are appointed or reclassified to Agency Attorney must complete one year of service as specified below in § 11 to be eligible for disciplinary rights.

¶ 11. The 1991-94 Attorneys Agreement shall be amended by the addition of the following new sections to Article VI

§ 1(g) A claimed wrongful disciplinary action taken against a full-time permanent non-competitive class employee with one year of service in title, except for employees during the period of a mutually-agreed upon extension of probation

§ 15 Non-Competitive class Disciplinary Procedure

In any case involving a grievance under § 1(g) of this Article, the following procedures shall apply upon service of charges of incompetency or misconduct:

STEP A Following the service of written charges upon an employee a conference with such employee shall be held with respect to such charges by the person designated by the agency head to review a grievance at STEP I of the Grievance Procedure set forth in this agreement. The employee may be represented at such conference by a representative of the Union. At the conference the person designated by the agency head to review the charges shall: (1) verbally communicate to the employee any information reasonably necessary for the employee to understand the nature of the charges; (2) furnish to the employee copies of documentary evidence necessary to support the charges; and (3) furnish to the employee the names of potential witnesses except under unusual circumstances. The person designated by the agency head to review the charges shall take any steps necessary to a proper disposition of the charges and shall issue a determination in writing by the end of the fifth day following the date of the conference.

STEP B If the employee is dissatisfied with the determination in STEP A above, he or she may appeal such determination. The appeal must be made within five (5) working days of the receipt of such determination. Such appeal shall be treated as a grievance appeal beginning with STEP II of the Grievance Procedure set forth herein.

¶ 12. Agency Attorney Internes and Agency Attorneys shall be deemed covered by the non-competitive/labor class layoff procedures set forth in the 1990-92 Citywide Agreement, or any successor agreement thereto.

¶ 13. For the purposes of implementing the provisions of Labor Relations Order No. 84/1, Section IX (Assignment Level Procedures), continuous service in a level of Attorney At Law shall count towards meeting the continuous service requirement for the comparable level of Agency Attorney.

¶ 14. Pursuant to Article XIII, Section 8(b) of the 1990-92 Citywide Agreement (as amended) welfare fund payments shall continue to be made to the CSBA welfare fund pending the final decision of the Board of Certification as to the bargaining status of the titles of Agency Attorney Interne, Agency Attorney and Attorney At Law.

The agency shall give due consideration to all qualified applicants regardless of jurisdictional class.

¶ 16. An employee when assigned to a higher level within the class of positions of Attorney At Law or Agency Attorney shall receive for the period of such higher level assignment either the minimum basic salary of the assigned level or the rate received in the former assignment level plus the level increase of $1,355, whichever is greater. Assignments to a higher level shall not be considered a promotion

¶ 17. The Union agrees not to oppose the establishment of the titles of Agency Attorney Interne, Agency Attorney and Executive Agency Counsel in the non-competitive class of the City of New York. The City agrees not to oppose before the Board of Certification the accretion of the titles of Agency Attorney Interne, Agency Attorney and Attorney At Law to the Attorney Bargaining Unit. It is the intent of the parties that incumbents shall suffer no loss in compensation or benefits as a direct result of the classification actions set forth in this letter agreement

¶ 18. If any of the provisions of this letter agreement are found to be in conflict with the civil service law, or any other applicable rules and regulations, it is understood by the parties that civil service law, or the applicable rules and regulations, shall govern. Such conflict shall not impair the validity and enforceability of the remaining provisions of this letter agreement.

¶ 19. Nothing contained herein shall limit or diminish the Employer's or the Union's rights pursuant to §12-307(b) of the New York City Collective Bargaining Law, except as specifically provided herein.

¶ 20. The provisions of this letter agreement may be modified by the mutual written consent of the parties.

¶ 21. This letter agreement shall be deemed to be an appendix to the 1991-94 Attorneys Agreement pursuant to the terms set forth in Article XIII thereof and shall be coterminous with said 1991-94 Attorneys Agreement.

Re: 2005-2008 Attorneys Agreement

Dear Ms. Johnson:

This is to confirm the parties' mutual understandings and agreements regarding the above captioned Agreement with respect to Article III, Section 11. "Recurring Increment Payment" including the rules for eligibility set forth in Appendix B of this Agreement.

In the event this provision is legally invalidated the parties shall reopen negotiations to resolve the issue of the increased cost of adjusting the Recurring Increment Payments to conform with legal mandates, e.g., changing the effective date of the pensionability of the above adjustments. Such negotiations will be commenced forthwith.

If the parties are unable to reach agreement, either party may invoke the impasse procedure under the New York City Collective Bargaining Law. The parties agree that if an impasse is declared by the Board of Collective Bargaining, they shall proceed on an expedited basis.

The parties further agree that any change in the Recurring Increment Payments shall be cost-neutral. For example, a change in the effective date of the pensionability of the above adjustments, whether reached by agreement or interest arbitration, cannot result in any increased cost borne by the City/Employer.

If the above accords with your understanding, please execute the signature line provided below.

The following rules shall govern the eligibility of Employees for the Recurring Increment Payment ("RIP") provided for in Article III, Section 11 of the 2005 – 2008 Attorneys Agreement.

1. Only service in pay status shall be used to calculate the qualifying years of service. A continuous year of service shall be a full year of service without a break of more than 31 days. Where the regular and customary work year for a title is less than a twelve month year, such as a school year, such regular and customary year shall be credited as a continuous year of service counting towards the qualifying years of service. If the normal work year for an employee is less than the regular and customary work year for the employee's title, it shall be counted as a continuous year of service if the employee has customarily worked that length work year and the applicable agency verifies that information.

2. Part-time employees shall be ineligible to receive RIPs, but prior part-time service shall be credited to full-time employees on a pro rata basis, provided all other terms and conditions set forth herein are met.

   a. An employee must have regularly worked at least one half the regular hours of full time employees in the same title or if no full-time equivalent title exists then at least 172 hours for white collar positions or 20 hours for blue collar positions.

   b. Such part time service shall be prorated by dividing the number of hours worked per week by a part-time employee by the number of hours worked per week by a full-time employee in the same title. If no full-time equivalent title exists then the divisor shall be 35 hours for white collar positions or 40 hours for blue collar positions.

3. Service in pay status prior to a break in service of more than one year shall ***not*** be used to calculate the qualifying years of service.

4. The following time in which an Employee is not in pay status shall not constitute a break in service, but such time shall ***not*** be used to calculate the qualifying years of service:

   a. time on a leave approved by the proper authority which is consistent with the Personnel Rules and Regulations of the City of New York or the appropriate personnel authority of a covered organization,

   b. time prior to a reinstatement,

   c. time on a preferred or recall list, and

   d. time not in pay status of 31 days or less.

5. RIPs shall be considered a salary adjustment for the purposes of Article III, Section 1(d) of this Agreement and the maximum salary of an eligible title shall not constitute a bar to the payment thereof.

6. Once an Employee has qualified for a RIP and is receiving it, the RIP shall become part of the Employee's base rate and included in calculating all salary based payments, except as provided in paragraph 7 below. Any future negotiated general increases shall be applied to RIPs.

7. A RIP shall not become pensionable until two years after the Employee begins to receive such RIP.

Re: 2005-2008 Attorneys Agreement

Dear Ms. Johnson:

This is to confirm certain mutual understandings and agreements regarding the above captioned Agreement.

Transit Check
The parties agree that the City will expand the current Transit Check program to offer to eligible employees the ability to purchase a Transit Debit Card through payroll deductions in accordance with IRC Section 132. In addition to the current MTA Surface and Subway lines, the Transit Debit Card may be used to purchase tickets for mass transit commutation only (i.e. LIRR, LI MTA Buses, MetroNorth). The administrative fee for this benefit will be borne by the participants and will be deducted on a prorated basis from the participating employee's paycheck. After one year of experience with this benefit, the City will examine the level of participation and the associated costs of providing this benefit to determine whether or not the administrative fee requires adjustment.

The parties further agree to examine the possible expansion of this benefit to include other regional mass transit carriers.

Residency
The parties agree to support an amendment to Section 12-119 et seq. of the Administrative Code for the purpose of expanding permissible limits on residency to include the City of New York and Nassau, Westchester, Suffolk, Orange, Rockland or Putnam counties – with certain exceptions and limitations and except as may be prohibited by any other law requiring residency for appointment to certain positions including, but not limited to, the Public Officers Law – for employees covered by the terms of this Agreement.

Consistent with the above, Mayoral Directive 78-13, as amended July 26, 1978, and any other covered Employer's rules, regulations and/or operating procedures, shall be similarly modified to conform to the understanding of the parties.

Upon enactment of legislation to implement the provisions herein, employees shall be subject to Section 1127 of the New York City Charter.

Labor Management Committee on Pension Issues
There shall be a joint Labor Management Committee on Pensions with the appropriate parties. The committee shall analyze the actual costs and additional contribution rate(s) for members of the New York City Employees' Retirement System (NYCERS) and the Board of Education Retirement System (BERS) associated with Chapter 96 of the Laws of 1995. Such analysis shall be based on, among other factors, the actual number of people who elected to participate under the provisions of said Chapter 96 of the Laws of 1995 as of September 26, 1995. The committee shall make recommendations regarding the establishment of revised additional contribution rate(s) and other remedies it deems appropriate so as to reflect the actual cost to members of NYCERS and BERS. Regardless of the comparison of actual costs to additional contributions for members of NYCERS and BERS, there shall be no adjustment to contributions under Chapter 96 without first considering the contributions by the employer to NYCERS and BERS on behalf of all employees, and the comparison of those contributions to actual costs.

The appropriate parties further agree to discuss the following issues:

Chapter 96 Reopener	Benefit Formula Changes
Chapter 96 Escape	Service Credits
Age and Vesting Requirements	Any other areas the parties mutually agree to
Member Contribution Amounts and Duration	

Continuation of Certain Health Benefits
The parties acknowledge that collective bargaining regarding health benefits is within the purview of negotiations between the Municipal Labor Committee and the City. Cost-containment initiatives in the City Health Benefits Program shall be discussed with the Municipal Labor Committee.

Salary Review Panel
A Salary Review Panel shall be established to review selected titles and occupational groups to determine whether or not salary adjustments or other compensation modifications appear to be indicated and, based on their findings, to make such recommendations as are appropriate. The Panel Procedures shall be set forth in a letter agreement. The parties further agree that no recommendation for salary modifications and/or other adjustments shall be implemented unless and until the parties have agreed on the source(s) of funding.

Additional Compensation Funds
Effective February 17, 2008, the bargaining unit shall have available funds not to exceed 0.34% to purchase recurring benefits, mutually agreed to by the parties, other than to enhance the general wage increases set forth in Section 4 or the hiring rate for new employees set forth in Section 5. The funds available shall be based on the December 31, 2005 payroll, including spinoffs and pensions.

Performance Compensation Procedures
The Letter Agreement between the City of New York and District Council 37 regarding such criteria and procedures insofar as they relate to the City of New York's "Performance Compensation Procedures" shall apply in lieu of the provisions in Article XVII ("Merit Increases"), Sections 1 and 2.

If the above accords with your understanding, please execute the signature line provided below.

COURT NOTICE MAPS FOR NEW CREEK BLUEBELT PHASE 3

READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council,** 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists--free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

Article VII: Administration
Chapter 4: Special Permits by the City Planning Commission

***

74-743 ~~(7/26/01)~~
Special provisions for bulk modification

(a) For a general large-scale development, the City Planning Commission may permit:

(1) distribution of total allowable #floor area#, #rooming units#, #dwelling units#, #lot coverage#, and total required #open space# under the applicable district regulations within a #general large-scale development# without regard to #zoning lot lines# or district boundaries subject to the following limitations:

   (i) no distribution of #bulk# across the boundary of two districts shall be permitted for a #use# utilizing such #bulk# unless such #use# is permitted in both districts;

   (ii) when a #general large-scale development# is located partially in a #Residence District# or in a C1, C2, C3, or C4-1 District and partially in other #Commercial# or #Manufacturing Districts#, no transfer of commercial #floor area# to a #Residence District# or to a C1, C2, C3, or C4-1 District from other districts shall be permitted;

(2) location of #buildings# without regard for the applicable #yard#, #court#, distance between #buildings#, or height and setback regulations;

(3) variation in the location of primary business entrances and #show windows# along frontages adjacent to #zoning lots# outside the #general large-scale development# without regard to regulations applicable near #Residence District# boundaries; and

(4) the maximum #floor area ratio# permitted pursuant to Section 23-142 for the applicable district without regard for #height factor# or #open space ratio# requirements provided that the #general large-scale development# is located partially in a C6-1, C6-2, or C6-3 District.

(b) ~~As a condition of granting~~ In order to grant a special permit pursuant to this Section for any #general large-scale development#, the Commission shall find that:

(1) the distribution of #floor area#, #open space#, #dwelling units#, #rooming units# and the location of #buildings#, primary business entrances and #show windows# will result in a better site plan and a better relationship among #buildings# and open areas to adjacent #streets#, surrounding development, adjacent open areas and shorelines than would be possible without such distribution and will thus benefit both the occupants of the #general large-scale development#, the neighborhood, and the City as a whole;

(2) the distribution of #floor area# and location of #buildings# will not unduly increase the #bulk# of #buildings# in any one #block# or unduly obstruct access of light and air to the detriment of the occupants or users of #buildings# in the #block# or nearby #blocks# or of people using the #streets#;

(3) where a #zoning lot# of a #general large-scale development# doest not occupy a frontage on a mapped #street#, appropriate access to a mapped #street# is provided;

(4) considering the size of the proposed #general large-scale development#, the #streets# providing access to such #general large-scale development# will be adequate to handle traffic resulting therefrom;

(5) when the Commission has determined that the #general large-scale development# requires significant addition to existing public facilities serving the area, the applicant has submitted to the Commission a plan and timetable to provide such required additional facilities. Proposed facilities that are incorporated into the City's capital budget may be included as part of such plan and timetable; ~~and~~

(6) where the Commission permits the maximum #floor area ratio# allowed pursuant to Section 23-142 for the applicable district without regard for #height factor# or #open space ratio# requirements, open areas are provided within the #general large-scale development# that are of sufficient size to serve the residents of new or #enlarged# #buildings#, and have appropriate access, circulation, seating, lighting and paving. Furthermore, the site plan of such #general large-scale development# shall include superior landscaping for open areas serving the needs of residents of the new or enlarged #buildings#; and

~~(6)~~ (7) a declaration with regard to ownership requirements in paragraph (b) of the #general large-scale development# definition in Section 12-10 (DEFINITIONS) has been filed with the Commission.

Resolution for adoption scheduling December 6, 2006 for a public hearing.

READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council,** 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists--free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

The Rules may also be accessed on the City Website, http://NYC.GOV.Selltonyc

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

Article VII: Administration
Chapter 4: Special Permits by the City Planning Commission

***

74-743 ~~(7/26/01)~~
Special provisions for bulk modification

(a) For a general large-scale development, the City Planning Commission may permit:

(1) distribution of total allowable #floor area#, #rooming units#, #dwelling units#, #lot coverage#, and total required #open space# under the applicable district regulations within a #general large-scale development# without regard to #zoning lot lines# or district boundaries subject to the following limitations:

   (i) no distribution of #bulk# across the boundary of two districts shall be permitted for a #use# utilizing such #bulk# unless such #use# is permitted in both districts;

   (ii) when a #general large-scale development# is located partially in a #Residence District# or in a C1, C2, C3, or C4-1 District and partially in other #Commercial# or #Manufacturing Districts#, no transfer of commercial #floor area# to a #Residence District# or to a C1, C2, C3, or C4-1 District from other districts shall be permitted;

(2) location of #buildings# without regard for the applicable #yard#, #court#, distance between #buildings#, or height and setback regulations;

(3) variation in the location of primary business entrances and #show windows# along frontages adjacent to #zoning lots# outside the #general large-scale development# without regard to regulations applicable near #Residence District# boundaries; and

(4) the maximum #floor area ratio# permitted pursuant to Section 23-142 for the applicable district without regard for #height factor# or #open space ratio# requirements provided that the #general large-scale development# is located partially in a C6-1, C6-2, or C6-3 District.

(b) ~~As a condition of granting~~ In order to grant a special permit pursuant to this Section for any #general large-scale development#, the Commission shall find that:

   (1) the distribution of #floor area#, #open space#, #dwelling units#, #rooming units# and the location of #buildings#, primary business entrances and #show windows# will result in a better site plan and a better relationship among #buildings# and open areas to adjacent #streets#, surrounding development, adjacent open areas and shorelines than would be possible without such distribution and will thus benefit both the occupants of the #general large-scale development#, the neighborhood, and the City as a whole;

   (2) the distribution of #floor area# and location of #buildings# will not unduly increase the #bulk# of #buildings# in any one #block# or unduly obstruct access of light and air to the detriment of the occupants or users of #buildings# in the #block# or nearby #blocks# or of people using the #streets#;

   (3) where a #zoning lot# of a #general large-scale development# doest not occupy a frontage on a mapped #street#, appropriate access to a mapped #street# is provided;

   (4) considering the size of the proposed #general large-scale development#, the #streets# providing access to such #general large-scale development# will be adequate to handle traffic resulting therefrom;

   (5) when the Commission has determined that the #general large-scale development# requires significant addition to existing public facilities serving the area, the applicant has submitted to the Commission a plan and timetable to provide such required additional facilities. Proposed facilities that are incorporated into the City's capital budget may be included as part of such plan and timetable; ~~and~~

   (6) where the Commission permits the maximum #floor area ratio# allowed pursuant to Section 23-142 for the applicable district without regard for #height factor# or #open space ratio# requirements, open areas are provided within the #general large-scale development# that are of sufficient size to serve the residents of new or #enlarged# #buildings#, and have appropriate access, circulation, seating, lighting and paving. Furthermore, the site plan of such #general large-scale development# shall include superior landscaping for open areas serving the needs of residents of the new or enlarged #buildings#; and

   ~~(6)~~ (7) a declaration with regard to ownership requirements in paragraph (b) of the #general large-scale development# definition in Section 12-10 (DEFINITIONS) has been filed with the Commission.

Resolution for adoption scheduling December 6, 2006 for a public hearing.

(d) For the earning of annual leave credits, the time recorded on the payroll at the full rate of pay, and the first six months of absence while receiving Workmen's Compensation payments shall be considered as time "served" by the Employee.

In the calculation of annual leave credits, a full month's credit shall be given to an Employee who has been in full pay status for at least 15 calendar days during that month, provided however, that (a) where an Employee has been absent without pay for an accumulated total of more than 30 calendar days in the vacation year, the Employee shall lose the annual leave credits earnable in one month of each 30 days of such accumulated absence even though in full pay status for at least 15 calendar days in each month during this period: and (b) if an Employee loses annual leave credits under this rule for several months in the vacation year because the Employee has been in full pay status for fewer than 15 days in each month, but accumulates during said month a total of 30 or more calendar days in full pay status, the Employee shall be credited with the annual leave credits earnable in one month for each 30 days of such full pay status.

i. Accrual rates for annual leave and sick leave shall be adjusted accordingly.

Section 4.

Calculation of annual leave credits for vacation purposes shall be based on a year beginning May 1 hereafter known as a "vacation year". The annual leave allowance of an Employee to an Employee's credit on April 30 and not used in the succeeding vacation year may be carried over from said vacation year to the next succeeding vacation year only, with the approval of the Chairman of the Board of Elections, and any such time not used within the prescribed period shall be added to the Employee's sick leave balance.

a. Any accumulations in excess of 54 days shall be transferred to the sick leave balances of Employees.

b. In the event, however, that the Chairman of the Board of Elections calls upon an Employee to forego the Employee's vacation or any part thereof in any year, that portion thereof shall be carried over as vacation even though the same exceeds the limits as fixed in (a) above.

Section 5.

The normal unit of charge against annual leave allowance for vacation and personal business shall be one-half day. Smaller units of charge are authorized for time lost due to tardiness, religious observance, and for time lost by Employee representatives duly designated by Employee organizations operating under the Mayor's Executive Order No. 75, dated March 22, 1973, engaged in the following types of union activity:

a. Attendance at Union meetings or conventions;

b. Organizing and recruitment;

c. Solicitation of members;

d. Collection of union dues;

e. Distribution of union pamphlets, circulars and other literature.

Employees may not be permitted to use annual leave allowances for other than religious holidays until they have completed six months of continuous service.

Section 6.

The "Annual Leave Allowance" shall accrue on an hourly basis and may be so utilized. The rate of accrual for Employees hired prior to July 1, 1985 shall be based on the number of hours in the work

week and the number of years of service of the respective Employee as follows:

35 hrs.	Begin. with 15	189 hours	15 3/4 hours

Section 8.

Penalties for unexcused tardiness may be imposed by the President of the Board of Elections in conformance with established rules of the Board. As a minimum, however, all unexcused tardiness both in the morning and upon return from lunch shall be charged to the annual leave allowance.

Section 9.

a. Effective January 1, 1975, the terminal leave provision for all Employees except as provided in paragraphs (b), (c), below shall be as follows:

Terminal leave with pay shall be granted prior to final separation to Employees who have completed at least ten (10) years of service on the basis of one (1) day terminal leave for each two (2) days of accumulated sick leave up to a maximum of one hundred-twenty (120) days of terminal leave. Such leave shall be computed on the basis of work days rather than calendar days.

For Employees Hired on or After July 1, 2004

Terminal leave with pay shall be granted prior to final separation to employees who have completed at least ten (10) years of service on the basis of one (1) day of terminal leave for each three (3) days of accumulated sick leave up to a maximum of one hundred-twenty (120) days of terminal leave. Such leave shall be computed on the basis of work days rather than calendar days.

a. Any Employee who as of January 1, 1975 has a minimum of fifteen (15) years of service as of said date may elect to receive upon retirement a terminal leave of one (1) calendar month for every ten (10) years of service pro-rated for a fractional part thereof in lieu of any other terminal leave. However, any sick leave taken by such Employees subsequent to July 1, 1974 in excess of an average annual usage of six (6) days per year shall be deducted from the number of days of terminal leave to which the Employee would otherwise be entitled at the time of retirement, if the Employee chooses to receive terminal leave under this paragraph.

b. In a case where an Employee has exhausted all or most of the Employee's accrued sick leave due to a major illness, the Agency head, in the Agency head's discretion, may apply two and one-fifth (2 1/5) work days for each year paid service as the basis for computing terminal leave in lieu of any other terminal leave.

c. Where an Employee has an entitlement to terminal leave and the City's fiscal situation requires that Employees who are terminated, laid off or retired be removed from the payroll on or before a specific date, or where an Employee cannot be considered for an extension of service past the mandatory retirement age of 65 because of budgetary considerations, the Employer shall provide a monetary lump sum payment for terminal leave in accordance with the provisions of Executive Order 31, dated June 24, 1975.

Section 10. (Leave Regulations)

a. Effective July 1, 1978, all shortened workday schedules shall be abolished except for Employees who work in non-air conditioned facilities and employees who have traditionally enjoyed shortened workday schedules or heat days in lieu thereof.

b. No shortened workday schedules shall be granted to any Employee until the Employee has completed one year of service.

c. All shortened workday schedules shall begin on July 1 and shall terminate on Labor Day.

Section 11.

If because of malfunctioning of heat or air conditioning apparatus, indoor temperatures fall below 55 degrees (or the

current OSHA standard) in winter or above 90 degrees (or the current OSHA standard) in summer, Employees shall continue to be dismissed whenever feasible. If some or all Employees are needed in the offices or warehouses because of the workload, the decision as to how many and who shall remain shall be at the discretion of the Executive Director and the Commissioners of the Board of Elections.

Section 12.

a. A child care leave of absence without pay shall be granted to an Employee (male or female) who becomes the parent of a child up to four years of age, either by birth or by adoption, for the period of up to forty-eight (48) months. The use of this maximum allowance will be limited to one instance only. All other child care leaves of an Employee shall be limited to a thirty-six (36) month maximum.

b. Prior to the commencement of child care leave an Employee shall be continued in pay status for a period of time equal to all of the Employee's unused accrued annual leave.

c. Employees who initially elect to take less than the forty-eight (48) month maximum period of leave or the thirty-six (36) months, may elect to extend such leave by up to two extensions, each extension to be a minimum of six (6) months. However, in no case may the initial leave period plus the one or two extensions total more than forty-eight (48) months or thirty-six (36) months.

Section 13.

When a death in an Employee's family occurs while the Employee is on annual leave, such time as is excusable for death in the family shall not be charged to annual leave or sick leave.

Section 14.

a. All Employee vacations shall be scheduled at the discretion of the agency and subject to its needs.

b. Employees shall have the right to "pick" authorized vacations on the basis of seniority in title in each work location.

c. For purposes of this Section, seniority shall be defined as length of continuous service after appointment on a fulltime permanent basis

ARTICLE X - SICK LEAVE REGULATIONS

Section 1.

a. Sick leave allowance of one day per month of service shall be credited to Employees, and shall be used only for personal illness of the Employee.

Effective July 1, 2004, employees may use three (3) days per year from their sick leave balances for the care of ill family members.

Effective July 1, 2004, the use of sick leave for care of ill family members shall be limited to a maximum of one-fourth (1/4) of the amount of sick leave hours accruable by an eligible employee during the current leave year or one-fourth (1/4) of the sick leave hours accruable by a full time employee in the same title during a leave year, whichever is less. Approved usage of sick leave for care of ill family members may be charged in units of one (1) hour.

b. The number of sick leave allowance days permitted to accumulate shall be unlimited.

c. Sick leave may be granted at the discretion of the President or Secretary of the Board. Proof of disability must be provided by the Employee, satisfactory to the President or Secretary of the Board. Presentation of a physician's certificate in the prescribed form may be waived by the President or Secretary for absences up to and including three consecutive work days. In a case of protracted disability, such certificate shall be presented to the President or Secretary of the Board at the end of each month of continued absence.

d. The provisions above notwithstanding, the Employer may waive the requirement for proof of disability unless:

(1) An Employee requests sick leave for more than three (3) consecutive work days; or

(2) An Employee uses undocumented sick leave more than five (5) times in any subsequent six (6) month "sick leave period." Employees hired after July 1, 1976, shall be subject to the terms of this subsection commencing with the next complete "sick leave period;" or

(3) An Employee uses undocumented sick leave more than four (4) times in any subsequent six (6) month "sick leave period" on a day immediately preceding or following a holiday or a scheduled day off. Employees hired after July 1, 1976 shall be subject to the terms of this subsection commencing with the next complete "sick leave period."

e. For the purposes of (d)(2) and (d)(3) above, the calendar year shall be divided into two (2), six (6) month "sick leave periods." They shall be (1) January 1 to June 30 inclusive, and (2) July 1 to December 31, inclusive. An Employee who exceeds the allowable number of undocumented absences in any "sick leave period" pursuant to paragraphs (d)(2) and (d)(3) above shall thereafter, commencing with the next "sick leave period," be required to submit medical documentation, satisfactory to the Board before further sick leave may be approved. The requirement for such documentation shall continue in effect until the employee has worked a complete "sick leave period" without being on sick leave more than two (2) times.

f. For the purpose of this Section "one time" shall mean the consecutive use of one-half (1/2) or more work days for sick leave. Sick leave taken in units of less than one-half (/2) work day shall be counted as "one time" on sick leave when the cumulative total of such sick leave amounts of one-half (1/2) day.

g. The provisions of paragraph d. above notwithstanding, the Board shall have the discretion to waive the medical documentation required pursuant to paragraphs d(2), and d(3), and e. for Employees who have completed their third year of employment and thereafter have a current sick leave balance commensurate with the number of years of employment as follows:

3 years	27 days
4 years	36 days
5 years	45 days
6 years	54 days
7 years	63 days
8 years	72 days
9 years	81 days
10 years or more	90 days

h. Any Employee who anticipates a series of three (3) or more medical appointments, which will require a repeated use of sick leave in units of one day or less, shall submit medical documentation indicating the nature of the condition and the anticipated schedule of treatment. Sick leave taken pursuant to said schedule of treatment shall be deemed documented.

(i) The medical documentation required by this Section shall be from a health practitioner licensed by the State in which the practitioner practices to diagnose and certify illness or disability.

However, proper verification of hospital confinement by an authorized hospital official either, by telephone or physical means, and approved by the Chief Clerk or the Chief Clerk's designee, shall be acceptable as proof of hospital confinement in lieu of a document from the hospital and therefore the basis for utilization of sick leave.

Section 2.

An Employee's annual leave shall be changed to sick leave during a period of verified hospitalization. In addition, if an Employee is seriously disabled but not hospitalized while on annual leave, the Board may, at its discretion, approve a change of such leave to sick leave. The decision of the Board in such matters shall not be subject to the grievance procedure.

Section 3.

The normal unit for computation of sick leave shall not be less than one-half days. The President or Secretary of the Board may authorize smaller units of charge in exceptional and unusual circumstances. Credits cannot be earned for the period an employee is on leave of absence without pay. For the earning of sick leave credits, the time recorded on the payroll at the full rate of pay, and the first six months of absence while receiving Worker's Compensation payments shall be considered as time "served" by the Employee.

The "Sick Leave Allowance" shall accrue on an hourly basis and may be utilized in hourly units. The number of hours of sick leave granted shall be based on the number of hours in the respective Employee's work week as follows:

Work Week	Monthly Accrual
35 hours	7 hours

In the calculation of sick leave credits, a full month's credit shall be given to an Employee who has been in full pay status for at least 15 calendar days during that month, provided, however, that (a) where an Employee has been absent without pay for an accumulated total of more than 30 calendar days in the vacation year, the employee shall lose the sick leave credits earnable in one month for each 30 days of such accumulated absence even though in full pay status for at least 15 calendar days in each month during this period, and (b) if an Employee loses sick leave credits under this rule for several months in the vacation year because the Employee has been in full pay status for fewer than 15 days in each month, but accumulated during said months a total of 30 or more calendar days in full pay status, the Employee shall be credited with sick leave credits earnable in one month of each 30 days of such full pay status.

i. For any employees ***newly*** hired on or after July 1, 2004, a maximum sick leave accrual of ten (10) days per annum for the first five (5) years of service shall apply. At the beginning of the sixth year of service, the maximum sick leave accrual shall be twelve (12) days per annum.

Section 4.

At the discretion of the President or Secretary of the Board, Employees with at least one (1) year of service who have exhausted all earned sick leave and annual leave balances due to personal illness may be permitted to use unearned sick leave allowance up to the amount earnable in one year of service, chargeable against future earned sick leave.

Section 5.

At the discretion of the President or Secretary of the Board, permanent Employees may also be granted sick leave with pay for three months after ten years of service, after all credits have been used. In special instances, sick leave with pay may be further extended by the President or Secretary of the Board. The President or Secretary of the Board shall be guided in this matter by the nature and extent of illness and the length and character of service.

ARTICLE XI - HOLIDAY & LEAVE

Section 1. Authorized Absences with Pay

Absence of Employees for the reasons indicated below, shall be excusable in the discretion of the President of the Board without charge to sick leave or annual leave balances, upon submittal of evidence satisfactory to the President of the Board.

a. Absence not to exceed four work-days in the case of death in the immediate family. Immediate family shall be defined for this purpose as spouse; natural, foster or step parent, child, brother or sister; father-in-law or mother-law, or any relative residing in the household.

b. For Jury Duty. Leave for jury duty shall be granted to the Employee provided that the Employee remits to the City an amount equal to the amount received for such jury duty less any amount received as reimbursement for travel expenses; provided, however, that in no case may the Employee be required to remit to the City an amount in excess of the amount of the Employee's salary for the period of such leave with pay.

c. For Court Attendance Under Subpoena or Court Order. Leave to attend court shall be granted when neither the Employee or anyone related to the Employee has a personal interest in the case, and where said attendance at court is not related to any other employment of the Employee.

d. Absence required because of Health Department ruling with respect to quarantine.

e. For attendance at New York City Civil Service examination or for official investigation interview or appointment interview in relation to the resulting eligible list.

f. For attendance of delegates and alternates at State or National conventions of veterans' organizations and volunteer firefighter's organizations.

g. Absence by Employee representatives, duly designated by Employee organizations operating under the Mayor's Executive Order No. 75, dated March 22, 1973, acting on matters related to the interests of Employees of the Board, to negotiate with and appear before departmental and other City officials and agencies including the Office of Labor Relations, Office of Collective Bargaining, the Board of Estimate, the City Council and the Department of Personnel.

h. Latenesses caused by a verified major failure of public transportation, such as a widespread or total power failure of significant duration or other catastrophe of similar severity, shall be excused.

Prior notice to an authorization by the President of the Board or the President's designated representative is required for absence under (b), (c), (e), (f) and (g) of Section 1a. The Employees shall give notice to the Board as soon as possible in all other cases.

Section 2.

Employees who are on agency approved work-study paid leave-of-absence shall not have annual leave credits deducted unless they actually request and take such annual leave, provided that annual leave accruals do not exceed the maximum permitted by this Agreement.

Section 3.

Leaves of absence without pay for reasons not covered in the foregoing rules may be granted to permanent full time, per annum Employees by the President of the Board not to exceed one year. Extensions of such leave may be granted by the President of the Board not to exceed an additional period of one year.

Section 4.

The regular holidays with pay shall be:

New Year's Day	Labor Day
Martin L. King Day	Columbus Day
Lincoln's Birthday	Veteran's Day
Washington's Birthday	Thanksgiving Day
Memorial Day	Christmas Day
Independence Day	

* One additional day in lieu of Election Day to be designated by the Board after prior notification to the Union.

**Effective July 1, 2004, Lincoln's Birthday shall no longer be a regular holiday with pay for any Employee.

Section 5.

When a holiday falls on a Saturday, it shall be observed on the preceding Friday; when a holiday falls on a Sunday, it shall be observed on the following Monday. However, when the Executive Director deems it necessary to keep facilities open on both Monday and Friday, Employees may be scheduled to take time off on either the Monday or Friday.

Section 6.

a. If an Employee is required to work on any of the eleven (11) holidays listed in this Section, the Employee shall receive a fifty percent (50%) cash premium for all hours worked on the holiday and shall, in addition, receive compensatory time off at the Employee's regular rate of pay. Compensatory time off earned pursuant to this Section may be scheduled by the agency either prior to or after the day on which the holiday falls.

b. If a holiday designated pursuant to this Agreement falls on a Saturday, the fifty percent (50%) cash premium and compensatory time off at the Employee's regular rate of pay shall apply only to those Employees who are required to work on the Saturday holiday. Employees required to work on the Monday or Friday designated by the Board for holiday observance when a holiday falls on a Saturday or a Sunday shall receive compensatory time only. With respect to an Employee who is scheduled to work on both the Saturday holiday and the day designated for observance: (1) If the Employee is required to work on only one of such days, the Employee shall be deemed to have received compensatory time off (and shall receive the fifty percent (50%) cash premium when required to work on the Saturday holiday) or (2) if the Employee is required to work on both such days, the Employee shall receive the fifty percent (50%) cash premium and compensatory time off at the Employee regular rate of pay for all hours worked on the Saturday holiday.

c. However, if the Employee is required to work on a holiday which falls on the Employee's scheduled day off, the Employee may choose whether such holiday work is to be compensated by the fifty percent (50%) cash premium and compensatory time off provided for above, or, if the Employee is otherwise eligible, by the overtime provisions of Article VIII. An Employee shall not receive for the same hours of work both (1) overtime pay, and (2) the fifty percent (50%) cash premium and compensatory time off.

ARTICLE XII - PERSONNEL PRACTICE

Section 1. Personnel Folder

a. An Employee shall be required to accept a copy of any evaluatory statement of the Employee's work performance or conduct prepared during the term of this Agreement if such statement is to be placed in the Employee's permanent personnel folder whether at the central office of the agency or in another work location. Prior to being given a copy of such evaluatory statement, the Employee must sign a form which shall indicate only that the Employee was given a copy of the evaluatory statement but that the Employee does not necessarily agree with its contents. The Employee shall have the right to answer any such evaluatory statement filed and the answer shall be attached to the file copy. Any evaluatory statement with respect to the Employee's work performance or conduct, a copy of which is not given to the Employee, may not be used in any subsequent disciplinary actions against the Employee.

An Employee shall be permitted to view the Employee's personnel folder once a year and when an adverse personnel action is initiated against the Employee by the Employer. The viewing shall be in the presence of a designee of the Employer and held at such time and place as the Employer may prescribe.

b. All Employees who receive an evaluatory statement shall receive a form which the Employee may fill out listing their duties. Management may use this form in its evaluatory statement. This form will be attached to the evaluation in the personnel file.

Section 2.

If an Employee finds in the Employee's personnel folder any material relating to the Employee's work performance or conduct in addition to evaluatory statements prepared after July 1, 1967, the Employee shall have the right to answer any such material filed and the answer shall be attached to the file copy.

Section 3.

a. At all times it shall be the responsibility of the Board to inform the Employee of the Employee's accumulated time sufficiently in advance to allow the Employee enough time to use accrued time prior to separation from service. It shall be the Employee's responsibility to use such accrued time prior to the date the Employee must be off payroll, whether by mandatory retirement or by the end of the extension period.

b. Extensions shall not be granted in order to exhaust accrued leave.

c. If while in covered employment under the terms of this Agreement an Employee dies, the Board shall notify the beneficiary designated by the Employee in the Employee's personnel folder as to what benefits may be available from the Board and as to where claims may be initiated for such benefits.

d. The Board shall promptly notify the appropriate retirement system and request that it communicate with the beneficiary designated in the system's record.

Section 4.

Daily time records shall be maintained showing the actual hours worked by each Employee.

Section 5.

Upon appointment to a City Agency from a Civil Service eligible list immediately following continuous Board service, all sick leave, annual leave balances and compensatory time balances to a maximum of 200 hours shall be transferred with the Employee.

Section 6.

On a date prior to July 1 of each year, the Board of Elections shall furnish to each Employee an annual statement of all leave balances (sick leave, annual leave, compensatory time) accumulated as of the end of the vacation year.

Section 7.

If an Employee's paycheck is lost by the Employer, the Employer shall secure a handwritten replacement check for the Employee within three (3) working days after receipt of an affidavit by the Employee stating that the Employee has not received the lost check or any proceeds from it.

Section 8.

There shall be a shift differential of ten percent (10%) for all Employees covered by this Agreement for all scheduled hours of work between 6:00 P.M. and 8:00 A.M. with more than one hour of work between 6:00 P.M. and 8:00 A.M.

i. For any employees *newly* hired after July 1, 2004, during their first three (3) years of employment only, this provision shall apply to scheduled hours of work between 8:00 P.M. and 8:00 A.M.

An Employee working overtime shall not receive a shift differential for such work, but shall receive overtime pay or compensatory time as provided for in Article VIII.

Section 9. Absence Due to Injury Incurred in the Performance of Official Duties

An Employee physically disabled in the performance of the Employee's official duties who has accrued sick and/or annual leave or has been advanced credits in accordance with these Leave Regulations may elect one of the following, in addition to the benefits to which the Employee is entitled under the Worker's Compensation Law, such election to be made within the first seven calendar days of absence by the Employee or someone in the Employee's behalf:

a. To receive the difference between the amount of the Employee's weekly salary and the compensation rate, provided that:

(1) The injured Employee or any authorized person acting in the Employee's behalf makes the request in writing, and

(2) The injured Employee or any authorized person acting in the Employee's behalf agrees that a pro-rated charge be made against the Employee's sick leave and/or annual leave balances equal to the number of working days of absence less the number of working days represented by the Worker's Compensation payments, and

(3) The injured Employee has the necessary accrued sick leave and/or annual leave balance or has been advanced credits in accordance with these against which the supplementary pay can be charged, and

(4) The injured Employee was not guilty of willful gross disobedience of safety rules or willful failure to use a safety device or was not under the influence of alcohol or narcotics at the time of injury or did not willfully intend to bring about injury or death upon themself or another, and

(5) The injured Employee undergoes such medical examinations as are requested by the Worker's Compensation Division of the Law Department and the Board of Elections, when found fit for duty by said physicians, returns to employment.

b. To receive Worker's Compensation benefits in their entirety with no charge against sick leave and/or annual leave:

During the period when an injured Employee is receiving Worker's Compensation and the differential to bring the Employee to full pay, the Employee will be carried on full pay status and this time shall be counted for retirement benefits.

The President of the Board of Elections is empowered to grant a leave of absence with pay for the first week's absence of an Employee covered by Worker's Compensation who is physically disabled in the performance of official duties.

Upon the determination of the President of the Board of Elections that an Employee has been physically disabled because of an assault arising out of and in the course of the Employee's employment, the agency head will grant the injured Employee a leave of absence with pay not to exceed eighteen months. No such leave with pay shall be granted unless the Worker's Compensation Division of the Law Department advises the President of the Board in writing that the Employee's injury has been accepted by the Division as compensable under the Worker's Compensation law, or, if such injury is not accepted by the Division as compensable under such law, unless the Worker's Compensation Board determines that such injury is compensable under such law. If an Employee is granted a leave of absence with pay pursuant to this Section, the Employee shall receive the difference between the Employee's weekly salary and the Employee's compensation rate with charge against annual leave or sick leave. The Employee shall, as a condition of receiving benefits under this Section, execute an assignment of the proceeds of any judgment or settlement in any third party action arising from such injury, in the amount of the pay and medical disbursements received pursuant to this Section but NOT to exceed the amount of such proceeds. Such assignment shall be in the form prescribed by the Corporation Counsel.

Section 10.

It is further agreed that the decision to become or remain members of the Union in good standing shall remain discretionary both with the employees and with the Union subject to the provisions of Section 12-314 of the Administrative Code.

Section 4.

A. The Union shall have the exclusive right to the checkoff and transmittal of dues in behalf of each employee in the Unit and the City shall checkoff and transmit such dues to the Union, all in accordance with the Mayor's Executive Order #98, dated May 15, 1969, entitled "REGULATIONS REGULATING THE CHECKOFF OF UNION DUES" and in accordance with the Mayor's Executive Order No. 107, dated December 29, 1986, entitled "REGULATIONS GOVERNING PROCEDURES FOR ORDERLY PAYROLL CHECKOFF OF UNION DUES."

ARTICLE XIII - INDIVIDUAL RIGHTS

It is the policy of the Employer to secure for all employees their rights and privileges as citizens in a democratic society, consistent with their duties and obligations as employees of the Fire Department and the City of New York. To further the administration of this policy, the following guidelines are established:

Section 1.

Interrogations, interviews, trials, and hearings conducted by duly authorized representatives of the Employer shall be conducted during reasonable hours, preferably when an employee is on duty. If an interrogation, interview, or hearing takes place when an employee is not on duty, that employee shall be compensated by cash payment for the time spent, including two hours of travel time, at the rate of time and one-half. If a trial takes place when an employee who is a witness is not on duty, that employee shall be compensated by cash payment for the time spent including two hours of travel time, at the rate of time and one-half. If a trial takes place when an employee who is an accused is not on duty, that employee shall be compensated by cash payment for the time spent, including two hours of travel time, at the rate of straight time, unless the trial was postponed by the accused for that employee's convenience or for the convenience of counsel and/or the union representative, in which case the accused shall receive no compensation.

Section 2.

At the time an employee is notified to appear for interrogation, interview, trial or hearing, the Employer shall advise the employee either in writing, when practicable, or orally to be later confirmed in writing of (1) the specific subject matter of such interrogation, interview, trial or hearing; and (2) whether that employee is a suspect or non suspect. If notified orally, the employee shall be given a written notice before the interrogation, interview, trial or hearing. If an interrogation or interview may lead to disciplinary action, the employee may be accompanied by counsel and/or a union representative at such interrogation or interview.

Section 3.

Notice of trial shall be in writing at least ten (10) days in advance of such trial, unless the employee waives such notice or unless that employee applies or has applied for a service retirement.

Section 4.

The employee who is the subject of interrogation, interview, trial or hearing shall be advised of the name, rank, and unit of the officer in charge of the interrogation, interview, trial or hearing and of the name, rank and unit or other identification of all persons present connected with the interrogation, interview or hearing. The questioning of employees shall be of reasonable duration and the employee shall be allowed time for personal needs, meals and necessary telephone calls. Offensive or profane language shall not be used, nor shall the employee be threatened for failure to answer questions or promised anything if that employee does answer questions.

Section 5.

When an employee is a suspect in a departmental investigation or trial, the officer in charge of the investigation or trial shall give the employee the following warning before that employee is questioned:

> I wish to advise you that you have all the rights and privileges guaranteed by the law of the State of New York and the Constitutions of this State and of the United States, including the right not to be compelled to incriminate yourself. You have the right to have an attorney present if you wish. I wish further to advise you that if you refuse to answer

any questions relating to the performance of your duties, you will be subject to dismissal from your employment with the City. However, if you do answer questions, neither your answers nor any information or evidence which is gained by reason of such answers can be used against you in any criminal proceeding. You are advised, however, that if you knowingly make any false answers or deceptive statements, you may be subject to criminal prosecution and disciplinary action by reason thereof.

Such employee shall also be advised of the right to union representation. When the interrogating officer is advised by the employee that employee desires the aid of counsel and/or a union representative, the interrogation shall be suspended and the employee shall be granted a reasonable time to obtain counsel and/or a union representative, which time shall be at least two working days.

If it appears that the investigation may result in a disciplinary proceeding based on the Employee's answer to questions or on the refusal to answer, a stenographic or electronic record of the questioning of the employee shall be made unless the exigencies of the situation prevent such recording.

In the event that an employee is subject to charges by the Department, any such record shall be made available to the employee or their representative. The cost of the recording shall be shared equally by the parties.

Section 6.

A. An employee shall not be questioned by the Employer on personal behavior while off duty and out of uniform except that the Employer shall continue to have the right to question an employee about personal behavior while off duty and out of uniform in the following areas:

To exercise this right, the employee must request such arbitration at the time when an official of the Employer asks questions in an area which is disputed under subdivision (a) of this Section. If the employee requests such arbitration, that employee shall not be required to answer such questions until the arbitrator makes the award.

Section 7.

All employees are reminded that failure to answer relevant questions may result in disciplinary action including dismissal from the Department.

Section 8.

In the course of an investigation or interrogation, an employee who is not a suspect is required to cooperate in the investigation of a complaint. Statements the employee has made in the course thereof may not be used against that employee in a subsequent proceeding in which that employee becomes a suspect.

Section 9.

If an employee is found not guilty in a disciplinary hearing, the record of the proceedings shall not become part of that employee's personal record. An employee who is found not guilty shall have the right to examine their personal record in the presence of an official of the Department after written request to the Department to ascertain compliance.

Section 10.

If the Employer fails to comply with the provisions of this Article, any questions put to the employee shall be deemed withdrawn and the refusal to answer any such questions shall not be prejudicial to the employee. Withdrawal as herein described shall not preclude the Department from proceeding anew in the manner prescribed herein.

Section 11.

The employee shall have the right, at that employee's own expense, to have a personal physician consult with the Departmental Medical Board after the examination and interview of the employee, but before the Departmental Board completes its record and makes its recommendation. Present practice regarding filing of medical statements and documents shall continue.

ARTICLE XIV - GRIEVANCE PROCEDURE

Section 1.

A grievance is defined as a complaint arising out of a claimed violation, misinterpretation, or inequitable application of the provisions of this Agreement, or of existing policy or regulations of the Fire Department affecting the terms and conditions of employment. A direct order, written or verbal, by a Superior Officer, under all circumstances, must be carried out and objections raised at a later date through the formal grievance procedure. The Union designates the Union Delegates, as defined in Article XV of this Agreement, as an employee's representative. In the event that any Wiper shall present a grievance, such grievance shall be handled in the following manner.

STEP NO. I

A. 1. An aggrieved member initiates the grievance procedure by explaining a problem verbally to that member's immediate supervisor.[1]
2. If the matter is not resolved to the employee's satisfaction, the aggrieved employee may request the Union delegate to discuss the matter verbally with the immediate supervisor as noted above.

3. Prior to the formal presentation of the grievance or complaint to the Company Commander, every effort shall be made to find ways and means of identifying and removing the cause of the grievance or complaint.

4. If the matter remains unresolved following the discussion outlined above, the grievance shall formally be submitted in writing on a prescribed form, to the Company Commander. Such formal submission must, in any event, occur within 120 days following the date on which the grievance arose.[2]

B. 1. Upon request of the aggrieved employee, the Union Delegate and/or Union official shall accompany the member at a meeting with the Company Commander who shall specify date, time and place of hearing. Said Company Commander shall, within five (5) calendar days of receipt of appeal, notify all concerned of the date, time and place of hearing and details of the grievance.[3]

2. The determination of the Company Commander passing on the grievance shall be in writing, and a report shall be forwarded on the prescribed form to the Fire Commissioner, the aggrieved, and the Union Representative within five (5) calendar days after the meeting.

3. If the grievance is not resolved to the satisfaction of the aggrieved, the employee has the right to proceed to the next step in the grievance procedure.

C. 1. Time lost by Union delegates in the adjustment of a grievance shall not be compensable.

2. Time lost by an aggrieved member in the adjustment of a grievance shall not be compensable.

---

[1] In some instances the Company Commander will also be the immediate supervisor, in which case the Commander will participate in the Step No. I as the immediate supervisor. If the matter is not resolved, that Officer will then act as the Company Commander.

[2] In case of an extended absence of the Company Commander exceeding thirty (30) days, the Senior Lieutenant or other officer designated by the Battalion Commander shall act in place of the regular Company Commander.

[3] If a grievance relates to the nature of an order issued by a superior, Section 25.1.1 of Departmental Regulations for the Uniform Force shall be complied with.

STEP NO. II

An official of the United Firefighters Association shall be the member's representative at this step of the grievance procedure. The official to whom the appeal shall be made shall be the Division Commander or the Division Commander's designee.

A. An appeal from the Step I determination shall be forwarded by the aggrieved in writing, on the prescribed form to the Officer to whom the appeal is to be made within five (5) calendar days after the aggrieved received a copy of the determination of the Company Commander.

B. Upon receipt of the aggrieved employee, a Union representative shall accompany that employee at a meeting with the Officer to whom the appeal is to be made who shall specify the date, time, place of hearing and details of grievance.

C. 1. The determination of the Officer passing upon the appeal shall be in writing and a report shall be forwarded on the prescribed form to the Fire Commissioner, the aggrieved and Representative within five (5) calendar days after the hearing.

2. If the grievance is not resolved at this level, the aggrieved, either individually or by the representative, has the right to proceed to the next step in the grievance procedure.

STEP NO. III

An official of the Union may be designated as the Union representative on the Department level; no more than four (4) members of the Executive Board are to attend a meeting.

A. An appeal from the Step II determination must be forwarded in writing by the aggrieved, on the prescribed form, to the Fire Commissioner within five (5) calendar days after the aggrieved receives a copy of the determination.

B. The Commissioner, the Chief of Department, the Chief in Charge Bureau of Personnel and Administration, and/or their designees, the aggrieved and/or the representatives shall work for a satisfactory resolution of the grievance or complaint through conference, negotiation, and agreement. Such conference should be held within ten (10) days of the receipt of the appeal. The Commissioner shall within five (5) days after such conference serve the determination, in writing, upon the aggrieved employee and the representative.

STEP NO. IV

If after completion of all of the steps provided for above, such grievance has not been resolved within the Department, the Union solely shall have the right to bring such grievance to the Office of Collective Bargaining for impartial arbitration in accordance with the applicable provisions of the New York City Collective Bargaining Law and Consolidated Rules promulgated by the Office of Collective Bargaining with respect to arbitration. Notice of the Union's intent to proceed to arbitration shall be served on the Commissioner of Labor Relations within ten (10) days of receipt of the Fire Commissioner's decision.

In addition, the Employer shall have the right to bring directly to arbitration any dispute between the parties concerning any matter defined as a "grievance" herein. The Employer shall commence such arbitration by submitting a written request therefore to the Office of Collective Bargaining, with a copy to the Union, and the matter shall proceed in accordance with the Consolidated Rules of the Office of Collective Bargaining. The arbitrator shall hold a hearing within ten (10) days after the arbitrator receives a request for arbitration at a time and place convenient to the parties, and the arbitrator shall issue an award within ten (10) days after the completion of the hearing.

Section 2.

The time limits contained in this Article may be modified by mutual agreement. Any grievance decision not appealed within the time limits prescribed in this Agreement after receipt of the determination of the appropriate department official shall be considered settled on the basis of such determination and shall not be subject to further appeal.

In the event that the Department fails to comply with the time limits prescribed herein, the grievance automatically shall be advanced to the next step.

Section 3.

It is understood and agreed by and between the parties that there are certain grievable disputes which are of a department level or of such scope as to make adjustments at Step I and Step II of the grievance procedure impracticable and, therefore, such grievance shall be instituted at Step III of the grievance procedure.

Section 4.

When possible every effort shall be made to hold grievance hearings when a union representative involved is on duty.

ARTICLE XV - DELEGATES

The union shall elect a Delegate from their designation. Such delegate shall perform the delegate's regular duties as an employee and shall be considered a representative of the Union.

ARTICLE XVI - NO STRIKE

The Union and the Employees shall not induce or engage in any strikes, slowdowns, work stoppages or mass absenteeism nor shall the Union induce any mass resignations during the term of this Agreement.

ARTICLE XVII - LABOR-MANAGEMENT COMMITTEE

Section 1.

The Employer and the Union recognize that cooperation between labor and management is indispensable to the accomplishment of sound and harmonious labor relations and agree to jointly maintain and support a Labor-Management Committee ("Committee").

Section 2.

The Committee shall consider and may recommend to the Fire Commissioner changes in the working conditions of the employees, including, but not limited to, health and safety issues. Matters subject to the Grievance Procedure contained in this Agreement shall be appropriate items for consideration by the Committee, but submission of a matter to the Committee shall not affect the right to grieve the matter.

Section 3.

The Committee shall consist of six members. The Fire Commissioner and the President of the Union shall each select three members, and may designate an alternate for each member authorized to act in the absence of a member. Members shall serve for the term of this Agreement, provided, however that the appointing party may remove members that party has appointed at any time. Vacancies shall be filled by the appointing party.

Section 4.

The Committee shall select a Chair from among its members at each meeting. The Chair of the Committee shall alternate between the members designated by the Fire Commissioner and the members designated by the President of the Union. A quorum shall consist of a majority of the total membership of the Committee. The Committee shall meet at the call of either the Union members or the City members at times mutually agreeable to both parties. A written agenda of the matters to be discussed shall be provided by the party calling the meeting at least one week in advance of the meeting, and the other party shall provide any additions to the agenda at least one day in advance. Minutes shall be kept of each meeting with responsibility for keeping minutes alternating between the members designated by each of the parties. Copies of minutes shall be typed and promptly distributed to all members of the Committee. The Committee shall make its recommendations to the Fire Commissioner in writing.

ARTICLE XVIII - PRODUCTIVITY ISSUES

Section 1.

The Union recognizes that the provisions of this Article XVIII are matters concerning which the Employer has the right to

act unilaterally. Notwithstanding the above, the parties agree to the following sections:

Section 2. Flexible Response.

The Union recognizes the unilateral right of the City to determine the type and level of response, City-wide.

Section 3.

The parties agree that the City may make unilateral changes and install programs unilaterally subject to the following:

(1) Submission of the intended program to the Office of Labor Relations.
(2) No less than 2 weeks' notice of the change is to be given to the Union.
(3) Within two weeks the Union is to be given an opportunity to discuss the changes with the City.
(4) If no agreement is reached as a result of such discussion, the City may install the program; and the Union reserves all rights it has to oppose the same.

Section 4. Performance Compensation

The City acknowledges that each of the uniformed forces performs an important service that reflects the diverse missions of the City's uniformed agencies. In order to reward service of an outstanding, exceptional nature, each of the uniformed agencies will establish a performance compensation program to recognize and reward such service, tailored to the unique missions of the individual uniformed agency.

The parties agree that additional compensation may be paid to employees performing outstanding, exemplary, difficult and/or unique assignments. The City will notify and discuss with each affected union of its intent to pay such additional compensation and the individuals to be compensated.

The criteria for the granting of performance-based compensation shall be based upon outstanding performance in the work assigned, and/or performance of unique and difficult work.

The performance-based compensation payments provided for in this section shall be one-time, non-recurring cash payments subject to applicable pension law. An employee can receive no more than one payment annually.

This provision shall not affect any existing productivity programs covered in any existing collective bargaining agreements. Nor shall this provision be construed to waive any obligation of the City to negotiate over future productivity programs as required by applicable law.

Re: Wiper Agreement from June 1, 2002 to July 31, 2006

Dear Mr. Cassidy:

As you are aware there is an outstanding violation assessed against the Fire Department by the New York State Department of Labor, docketed as case no. PES-1-89, concerning the provision of protective clothing.

The parties herein agree that the current uniform allowance is sufficient to comply with state regulations that require that protective clothing be provided at no cost to the employee. The UFA will work with the City to secure abatement of the above violation. If this agreement does not serve to completely and expeditiously abate the violation, the parties agree to take the necessary steps to do so. It is understood that as part of a proposed abatement plan the Department may at its sole discretion move elsewhere in the agreement or modify the contract provisions dealing with the uniform allowance and take other steps, which may include instituting or changing Department procedures, in order to develop and implement such a plan. The UFA agrees not to pursue any potential claim for retroactive liability either through the Department of Labor or individually.

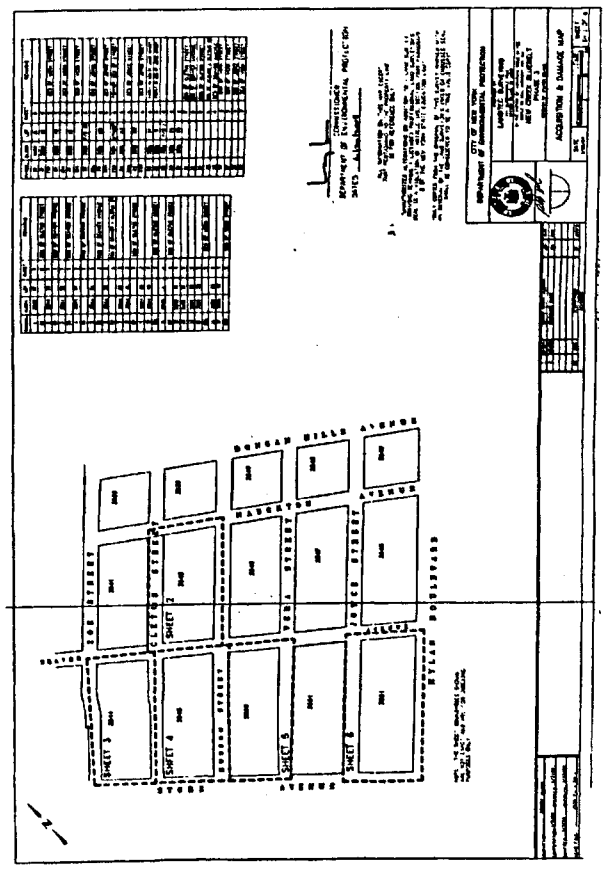
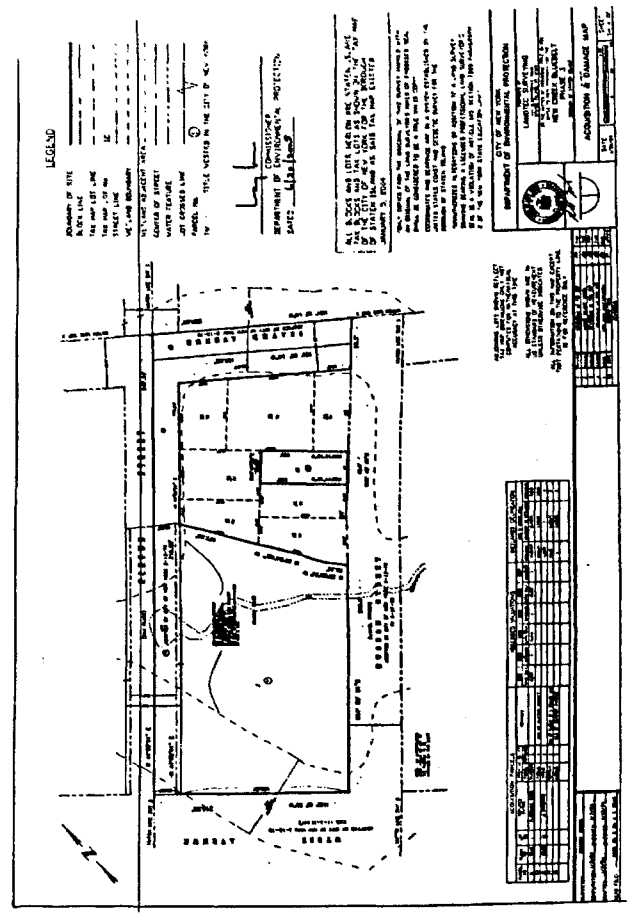
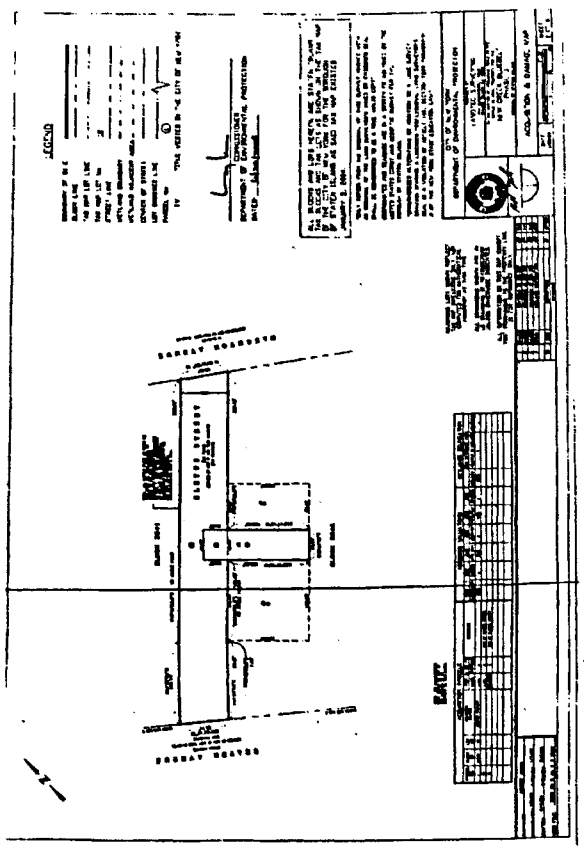
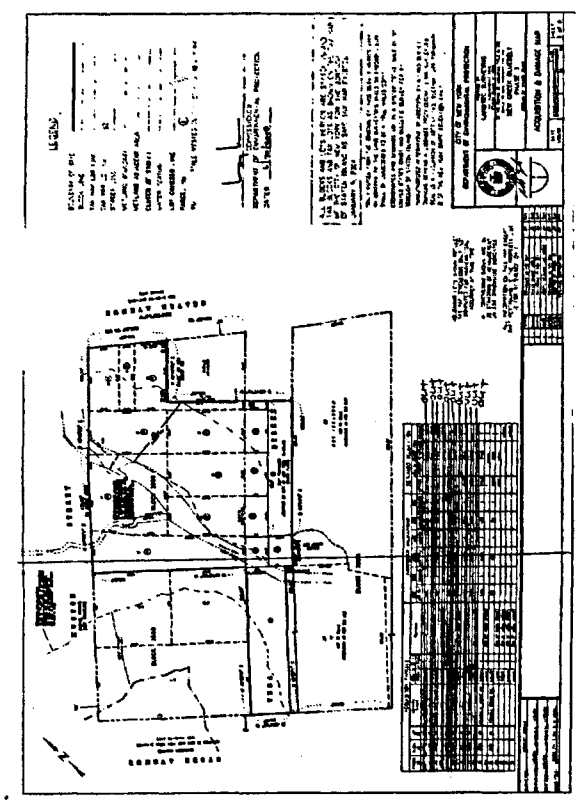
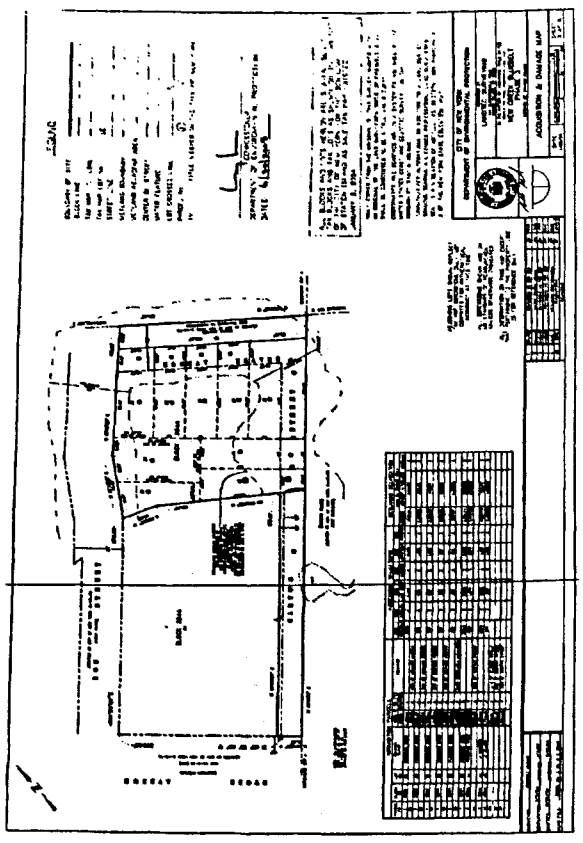
COURT NOTICE MAPS FOR NEW CREEK BLUEBELT PHASE 3

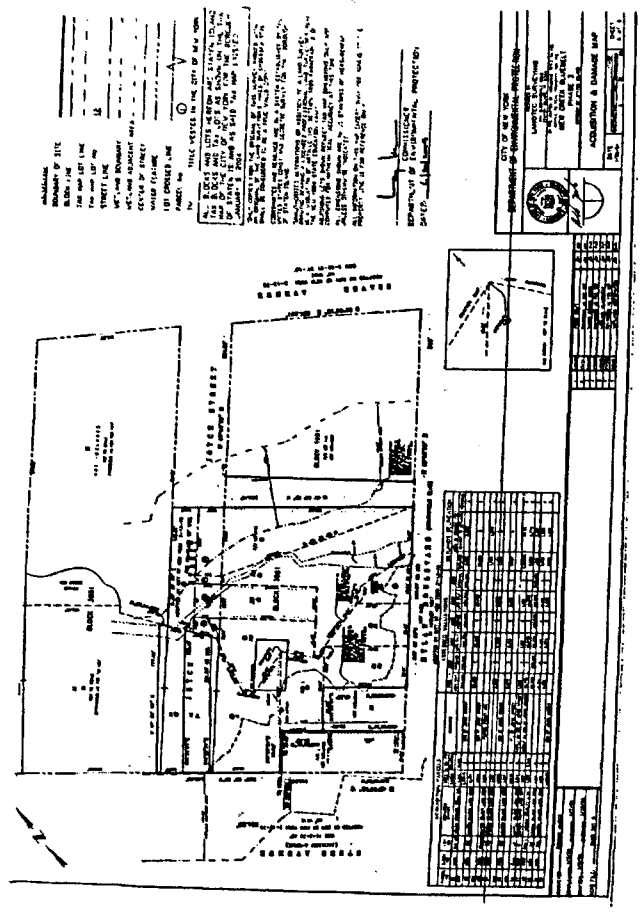












READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council,** 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists--free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. Article VII: Administration
Chapter 4: Special Permits by the City Planning Commission

***

74-743 ~~(7/26/01)~~
Special provisions for bulk modification

(a) For a general large-scale development, the City Planning Commission may permit:

(1) distribution of total allowable #floor area#, #rooming units#, #dwelling units#, #lot coverage#, and total required #open space# under the applicable district regulations within a #general large-scale development# without regard to #zoning lot lines# or district boundaries subject to the following limitations:

   (i) no distribution of #bulk# across the boundary of two districts shall be permitted for a #use# utilizing such #bulk# unless such #use# is permitted in both districts;

   (ii) when a #general large-scale development# is located partially in a #Residence District# or in a C1, C2, C3, or C4-1 District and partially in other #Commercial# or #Manufacturing Districts#, no transfer of commercial #floor area# to a #Residence District# or to a C1, C2, C3, or C4-1 District from other districts shall be permitted;

(2) location of #buildings# without regard for the applicable #yard#, #court#, distance between #buildings#, or height and setback regulations;

(3) variation in the location of primary business entrances and #show windows# along frontages adjacent to #zoning lots# outside the #general large-scale development# without regard to regulations applicable near #Residence District# boundaries; and

(4) the maximum #floor area ratio# permitted pursuant to Section 23-142 for the applicable district without regard for #height factor# or #open space ratio# requirements provided that the #general large-scale development# is located partially in a C6-1, C6-2, or C6-3 District.

(b) ~~As a condition of granting~~ In order to grant a special permit pursuant to this Section for any #general large-scale development#, the Commission shall find that:

(1) the distribution of #floor area#, #open space#, #dwelling units#, #rooming units# and the location of #buildings#, primary business entrances and #show windows# will result in a better site plan and a better relationship among #buildings# and open areas to adjacent #streets#, surrounding development, adjacent open areas and shorelines than would be possible without such distribution and will thus benefit both the occupants of the #general large-scale development#, the neighborhood, and the City as a whole;

(2) the distribution of #floor area# and location of #buildings# will not unduly increase the #bulk# of #buildings# in any one #block# or unduly obstruct access of light and air to the detriment of the occupants or users of #buildings# in the #block# or nearby #blocks# or of people using the #streets#;

(3) where a #zoning lot# of a #general large-scale development# doest not occupy a frontage on a mapped #street#, appropriate access to a mapped #street# is provided;

(4) considering the size of the proposed #general large-scale development#, the #streets# providing access to such #general large-scale development# will be adequate to handle traffic resulting therefrom;

(5) when the Commission has determined that the #general large-scale development# requires significant addition to existing public facilities serving the area, the applicant has submitted to the Commission a plan and timetable to provide such required additional facilities. Proposed facilities that are incorporated into the City's capital budget may be included as part of such plan and timetable; ~~and~~

(6) where the Commission permits the maximum #floor area ratio# allowed pursuant to Section 23-142 for the applicable district without regard for #height factor# or #open space ratio# requirements, open areas are provided within the #general large-scale development# that are of sufficient size to serve the residents of new or #enlarged# #buildings#, and have appropriate access, circulation, seating, lighting and paving. Furthermore, the site plan of such #general large-scale development# shall include superior landscaping for open areas serving the needs of residents of the new or enlarged #buildings#; and

~~(6)~~ (7) a declaration with regard to ownership requirements in paragraph (b) of the #general large-scale development# definition in Section 12-10 (DEFINITIONS) has been filed with the Commission.

Statement of Basis and Purpose

On May 11, 2005, Mayor Michael Bloomberg signed Local Law 42 for the year 2005. The law amended the Administrative Code of the City of New York in relation to the use of ultra low sulfur diesel fuel ("ULSDF") and the best available retrofit technology ("BART") by vehicles that transport children to and from school. The law requires that by September 1, 2006 all diesel fuel-powered school buses shall be powered by ULSDF. The law provides that the Commissioner shall make determinations, and shall publish a list of such determinations, as to the BART for reducing the emission of pollutants to be used for each type of diesel fuel-powered school bus affected by the law.

This rulemaking sets forth the initial determinations of the Commissioner as to what constitutes BART for the purposes of compliance with section 24-163.7 of the Administrative Code.

The Rules are authorized by section 1043 of the Charter of the City of New York and section 24-163.7 of the Administrative Code of the City of New York.

Chapter 26 of Title 15 of the Rules of the City of New York is enacted to read as follows:

Chapter 26
Rules Concerning the Use of Ultra-Low Sulfur Diesel Fuel and Emissions Control Technology on Vehicles that Transport Children to and from School

Subchapter
A General Provisions
B Use of Best Available Retrofit Technology and Ultra Low Sulfur Diesel Fuel

Subchapter A
General Provisions
§ 26-01 Definitions.

§ 26-01 Definitions.

"Best available retrofit technology" shall mean a technology, verified by the United States environmental protection agency or the California air resources board, for reducing the emission of pollutants that achieves reductions in particulate matter emissions at the highest classification level for diesel emission control strategies, as set forth in §26-04 of subchapter B of this chapter, that is applicable to the particular engine and application. Such technology shall also, at a reasonable cost, achieve the greatest reduction in emissions of nitrogen oxides at such particulate matter reduction level and shall in no event result in a net increase in the emissions of either particulate matter or nitrogen oxides.

"Commissioner" shall mean the Commissioner of the New York City Department of Environmental Protection or her designee.

"Department of education" shall mean the New York city department of education, formerly known as the New York city board of education, and any successor agency or entity thereto, the expenses of which are paid in whole or in part from the city treasury.

"Person" shall mean any natural person, partnership, firm, company, association, joint stock association, corporation or other legal entity.

"Reasonable cost" shall mean that such technology does not cost greater than thirty percent more than other technology applicable to the particular engine and application that falls within the same classification level for diesel emission control strategies, as set forth in §26-04 of subchapter B of this chapter, when considering the cost of the strategies, themselves, and the cost of installation.

"School bus" means any vehicle operated pursuant to a school bus contract, designed to transport ten or more children at one time, of the designation "Type C bus" or "Type D bus" as set forth in 17 NYCRR §§ 720.1 (Z) and (AA), and used to transport children to or from any school located in the city of New York, and excluding any vehicle utilized primarily to transport children with special educational needs who do not travel to and from school in vehicles used to transport general education students.

"School bus contract" shall mean any agreement between any person and the department of education to transport children on a school bus.

"Ultra low sulfur diesel fuel" shall mean diesel fuel that has a sulfur content of no more than fifteen parts per million.

Subchapter B
Use of Best Available Retrofit Technology and Ultra Low Sulfur Diesel Fuel

§ 26-02 Best Available Retrofit Technology Determination
§ 26-03 Motor Vehicles That Are Not Subject to BART
§ 26-04 Classification Levels
§ 26- 05 Selection Process
§ 26-06 Best Available Retrofit Technology Selection Applicability
§ 26-07 Use of Ultra Low Sulfur Diesel Fuel

§ 26-02 Best Available Retrofit Technology Determination. Pursuant to section 24-163.7 of the Code, any diesel fuel-powered school bus used to transport children to and from school located in the City of New York shall utilize the Best Available Retrofit Technology ("BART"), as defined in § 26-01 of subchapter A of this chapter. In making their selections, persons fulfilling school bus contracts are directed to consult the EPA and CARB verified lists at http://www.epa.gov/otaq/retrofit/retroverifiedlist.htm and http://www.arb.ca.gov/diesel/verdev/background.htm.

The persons fulfilling school bus contracts shall select BART for their diesel fuel-powered school buses in accordance with §26-05 of this subchapter. Such persons shall notify the Department of their selections, and the Department shall make a determination as to whether the BART selected may be utilized for the vehicle, engine and application for which it was selected. The Department shall notify these persons of its determination.

§ 26-03 School Buses That Are Not Subject to BART.

(a) Any diesel fuel-powered school bus that is equipped with an engine certified to the applicable 2007 United States Environmental Protection Agency standard for particulate matter as set forth in section 86.007-11 of title 40 of the code of federal regulations or to any subsequent United States environmental protection agency standard for such pollutant that is at least as stringent, shall not be required to utilize the BART as defined in §26-01 of subchapter A of this chapter.

(b) Any best available retrofit technology, or substantially similar technology, purchased or installed in whole or in part with funds provided by the state of New York or the federal government pursuant to a specific diesel emissions reduction program in effect upon the date of enactment of this section, shall constitute the best available retrofit technology for a period of not less than three years from the date on which such equipment was installed.

§ 26-04 Classification Levels.

Level IV
Any Diesel Particulate Filter (DPF) or other technology verified for a specific application from either the CARB or EPA verified lists that reduces particulate matter emissions by 85 percent or greater, or reduces engine emissions to less than or equal to 0.01 grams diesel particulate matter per brake horsepower-hour.

Level III
Any DPF or Diesel Oxidation Catalyst (DOC) or Catalyzed Wire Mesh Filter (CWMF) or other technology (e.g.: Closed Crankcase Filtration System) or combination of technologies verified for a specific application from either the CARB or EPA verified lists that reduces diesel particulate matter emissions by between 50 and 84 percent.

Level II
Any DOC or other technology verified for a specific application from either the CARB or EPA verified lists that reduces diesel particulate matter emissions by between 25 and 49 percent.

Level I
Any DOC or emulsified diesel fuel or other technology verified for a specific application from either the CARB or EPA verified lists that reduces diesel particulate matter emissions by between 20 and 24 percent.

§ 26-05 Selection Process.

(a) For each type of school bus subject to the BART requirement, the person fulfilling a school bus contract must identify, in list form, all types of pollution control technology devices verified for such type of school bus at classification Level IV.

(b) All types of pollution control technology devices identified by such person as classification Level IV devices that are not technologically feasible for use with respect to the particular vehicle, engine or application are to be eliminated from such list. To eliminate all types of pollution control technology devices identified by such person at classification Level IV, or a specific type of pollution control technology, or a particular pollution control technology device, such person must demonstrate to the satisfaction of the Commissioner that operational constraints or physical, chemical or engineering principles preclude the successful and effective use of the school bus when used with such types of technology devices, or type of technology, or particular pollution control technology device.

(c) If, after the elimination process, no pollution control technology devices remain in classification Level IV from which such person can select a BART, the same identification and elimination process must be done for classification Level III. If, after the elimination process, no pollution control technology devices remain in classification Level III from which such person can select a BART, the same identification and elimination process must be done for classification Level II. If, after the elimination process, no pollution control technology devices remain in classification Level II from which such person can select a BART, the same identification and elimination process must be done for classification Level I.

(d) Once a level is selected as provided for in subdivisions (a), (b), and (c) of this section, an economic impact analysis is to be performed on the remaining technologies where the technology reduces both PM and nitrogen oxide (NOx). Such person shall select the technology achieving, at a reasonable cost, the greatest reduction in NOx emissions. If the NOx emission does not meet the reasonable cost test, the technology that achieves the greatest PM reduction from the other remaining technologies must be selected.

§ 26-06 Best Available Retrofit Technology Selection Applicability.

No person fulfilling a school bus contract shall be required to replace a selected BART within three years of having first utilized such technology. Furthermore, no person fulfilling a school bus contract shall be required to replace Level IV technology until it has reached the end of its useful life.

§ 26-07 Use of Ultra Low Sulfur Diesel Fuel.

All diesel fuel-powered school buses used to transport children to or from any school located in the City of New York must be powered by ultra low sulfur diesel fuel unless the Commissioner has issued a waiver pursuant to subdivision (g) of section 24-163.7 of the Code.

Subchapter C
Waiver Procedures

§ 26-08 Waiver for the Use of BART Based on Written Finding of Unavailability by Department of Education

(a) If the BART required for a school bus is unavailable, a person fulfilling a school bus contract may apply for a waiver for the use of BART. Such application must be based on a Written Finding of Unavailability by the Department of Education indicating that the BART for the subject school bus is unavailable for purchase. Such application shall also contain the following:

(1) The name of the person fulfilling the school bus contract who is applying for approval of the Written Finding of Unavailability;

(2) The name and identification number of the subject contract, if applicable;

(3) Identification of the school bus that is the subject of the Written Finding of Unavailability;

(4) Identification of the required BART;

(5) An explanation as to why the required BART is unavailable. Such explanation must include all documentation generated in the BART selection process described in this chapter;

(6) Identification of a technology for reducing the emission of pollutants, if any, that is available and appropriate for such vehicle, which may include a technology that does not appear on the EPA or CARB verified lists, and that, if available and appropriate, will be used instead of the BART.

(7) The name and contact number of the applicant.

(b) Applications should be sent to:
Director of the Division of Air and Noise Programs, Enforcement and Policy, Bureau of Environmental Compliance, New York City Department of Environmental Protection, 59-17 Junction Blvd., Flushing, NY 11373

(c) The Commissioner will make a determination whether to approve the Written Finding of Unavailability no later than thirty days after receipt of the application.

(d) Waivers are effective for three years. Any application for renewal shall be submitted no later than thirty days prior to the expiration date of the waiver.

In making such revision, the commissioner shall consider the extent to which discrimination continues to have an impact on the ability of minorities and women to compete for city contracts and subcontracts. The commissioner shall submit the results of such review and any proposed revisions to the participation goals to the speaker of the council at least sixty days prior to publishing a proposed rule that would revise participation goals.

(B) Beginning May 23, 2007 and every two years thereafter, the commissioner shall review information collected by the department to determine the availability and utilization of EBEs, and shall on the basis of such review and any other relevant information, where appropriate, revise by rule the citywide participation goals set forth in this section. (1) The division shall create and maintain and periodically update directories by industry classification of MBEs, [and] WBEs and EBEs which it shall supply to all agencies, post on its website and on other relevant city websites and make available for dissemination and/or public inspection at its offices and other locations within each borough.

All solicitations for contracts for which utilization plans are to be established shall include notice of potential audit

(11) The division shall assist agencies in identifying and seeking ways to reduce or eliminate practices such as bonding requirements or delays in payment by prime contractors that may present barriers to competition by MBEs, [and] WBEs and EBEs.

§ 11-63. Responsibilities of agency M/WBE officers. Each agency head shall designate a deputy commissioner or other executive officer to act as the agency M/WBE officer who shall be directly accountable to the agency head concerning the activities of the agency in carrying out its responsibilities pursuant to this section. The duties of the M/WBE officer shall include, but not be limited to:

(i) creating the agency's utilization plan in accordance with section 11-64 of this subchapter;

(ii) acting as the agency's liaison with the division;

(iii) acting as a liaison with organizations and/or associations of MBEs, [and] WBEs, and EBEs, informing such organizations and/or associations of the agency's procurement procedures, and advising them of future procurement opportunities;

In fulfilling this duty, the agency M/WBE officer shall track and record each contractor that is an MBE, [or] WBE or EBE and each subcontractor hired pursuant to such officer's agency contracts that is an MBE, [or] WBE or EBE, and shall share such information with the commissioner and the city chief procurement officer;

(viii) for contracts for which utilization goals have been established pursuant to section 11-66 of this subchapter, monitoring each contractor's compliance with its utilization plan by appropriate means, which shall include, but need not be limited to, job site inspections, contacting MBEs, [and] WBEs and EBEs identified in the plan to confirm their participation, and auditing the contractor's books and records;

(ix) monitoring the agency's procurement activities to ensure compliance with its agency utilization plan and progress towards the participation goals as established in such plan; and

(x) providing to the city chief procurement officer information for the reports required in section 11-69 of this subchapter and providing any other plans and/or reports required pursuant to this subchapter or requested by the city chief procurement officer.

§ 11-64. Agency utilization plans. (1) Beginning May 15, 2006, and on April 1 of each year thereafter, each agency which has made procurements in excess of five million dollars during the fiscal year which ended on June 30 of the preceding calendar year shall submit an agency utilization plan for the fiscal year commencing in July of the year when such plan is to be submitted to the commissioner. Upon approval by the commissioner such plan shall be submitted to the speaker of the council. Each such plan shall, at a minimum, include the following:

(i) the agency's participation goals for MBEs, [and] WBEs and EBEs for the year;

(ii) an explanation for any agency goal that is different than the participation goal for the relevant group and industry classification as determined pursuant to section 11-61 of this subchapter;

(iii) a list of the names and titles of agency personnel responsible for implementation of the agency utilization plan;

(iv) methods and relevant activities proposed for achieving the agency's participation goals; and

(v) any other information which the agency or the commissioner deems relevant or necessary.

(2) An agency utilization plan may be amended from time to time, in consultation with the division to reflect changes in the agency's projected expenditures or other relevant circumstances and resulting changes in such agency's participation goals. Such amendments shall be submitted to the commissioner, the city chief procurement officer and the speaker of the council at least thirty days prior to implementation.

(3) In planning its procurement activities over the course of the fiscal year, each agency subject to this section shall consider how it will achieve the goals set forth in its approved agency utilization plan. This determination should be guided by the agency's knowledge of the market involved in the procurement, and the level of progress it has made during the fiscal year toward meeting its goal for the relevant category of procurement.

§ 11-65. Achieving agency participation goals. (1) Each agency head shall be directly accountable for the goals set forth in his or her agency's utilization plan.

(2) Each agency shall make all reasonable efforts to meet the participation goals established in its agency utilization plan. Agencies shall, at a minimum, use the following methods to achieve participation goals:

(i) Agencies shall engage in outreach activities to encourage MBEs, [and] WBEs and EBEs to compete for all facets of their procurement activities, including contracts awarded by negotiated acquisition, emergency and sole source contracts, and each agency shall seek to utilize MBEs, [and/or] WBEs and/or EBEs for all types of goods, services and construction they procure.

(ii) Agencies shall encourage eligible businesses to apply for certification as MBEs, [and] WBEs and EBEs and inclusion in the directories of MBEs, [and] WBEs and EBEs. Agencies shall also encourage MBEs, [and] WBEs and EBEs to have their names included on their bidders lists, seek pre-qualification where applicable, and compete for city business as contractors and subcontractors. Agencies are encouraged to advertise procurement opportunities in general circulation media, trade and professional association publications and small business media, and publications of minority and women's business organizations, and send written notice of specific procurement opportunities to minority and women's business organizations.

(iii) All agency solicitations for bids or proposals shall include information referring potential bidders or proposers to the directories of MBEs, [and] WBEs and EBEs prepared by the division.

(iv) In planning procurements, agencies shall consider the effect of the scope, specifications and size of a contract on opportunities for participation by MBEs, [and] WBEs and EBEs.

(v) For construction contracts, agencies shall consider whether to enter into separate prime contracts for construction support services including, but not limited to, trucking, landscaping, demolition, site clearing, surveying and site security.

(vi) Prior to soliciting bids or proposals for contracts valued at over ten million dollars, an agency shall submit the bid or proposal to the city chief procurement officer for a determination whether it is practicable to divide the proposed contract into smaller contracts and whether doing so will enhance competition for such contracts among MBEs, [and] WBEs and EBEs and other potential bidders or proposers. The agency shall follow the instructions of the city chief procurement officer in cases where he or she determines that it is both practicable and advantageous in light of cost and other relevant factors to divide such contracts into smaller contracts.

(vii) Agencies shall examine their internal procurement policies, procedures and practices and, where practicable, address those elements, if any, that may negatively affect participation of MBEs, [and] WBEs and EBEs in city procurement.

(viii) Agency M/WBE officers shall, in accordance with guidelines established by the city chief procurement officer, establish a process for quarterly meetings with MBEs, [and] WBEs and EBEs to discuss what the agency looks for in evaluating bids and proposals.

(ix) Agencies shall encourage prime contractors to enter joint venture agreements with MBEs, [and] WBEs and EBEs.

§ 11-66. Participation goals for construction and professional services contracts. (1) Prior to issuing the solicitation of bids or proposals for individual construction and professional services contracts, agencies shall establish a target subcontracting percentage for the contract and participation goals for MBEs, [and] WBEs and EBEs. The "target subcontracting percentage" for the contract shall represent the percentage of the total contract which the agency anticipates a typical prime contractor in the relevant industry would in the normal course of business award to one or more subcontractors for amounts under one million dollars. The participation goals established for a contract shall represent a percentage of the total dollar value of all subcontracts for amounts under one million dollars pursuant to the award. Such goals may be greater than, less than or the same as the relevant citywide goal or goals established pursuant to section 11-61 of this subchapter. In determining the participation goals for a particular contract, an agency shall consider the following factors:

(i) the scope of work;

(ii) the availability of MBEs, [and] WBEs and EBEs able to perform the particular tasks required in the contract;

(iii) the extent to which the type of work involved in the contract presents subcontracting opportunities for amounts under one million dollars;

(iv) the agency's progress to date toward meeting its annual participation goals through race-neutral, gender-neutral and other means, and the agency's expectations as to the effect such methods will have on participation of MBEs, [and] WBEs and EBEs in the agency's future contracts; and (v) any other factors the contracting agency deems relevant.

(2) A contracting agency shall not be required to establish participation goals

(i) for procurements described in section 11-74 of this subchapter; or

(ii) when the agency has already attained the relevant goal in its annual utilization plan, or expects that it will attain such goal without the use of such participation goals.

(3) For each contract in which a contracting agency has established participation goals, such agency shall state in the solicitation for such contract that bidders and/or proposers shall be required to agree as a material term of the contract that, with respect to the total amount of the contract to be awarded to one or more subcontractors pursuant to subcontracts for amounts under one million dollars, the contractor shall be subject to participation goals unless such goals are modified by the agency in accordance with this section.

(4) For each contract in which participation goals are established, the agency shall include in its solicitation and/or bidding materials, a referral to the directories prepared by the division pursuant to section 11-62 of this subchapter.

(5) For each contract for which participation goals are established the contractor shall be required to submit with its bid or proposal, a utilization plan indicating the percentage of the work it intends to subcontract, and the percentage of work it intends to award to subcontractors for amounts under one million dollars, and, in cases where the contractor intends to award subcontracts for amounts under one million dollars, a description of the type and dollar value of work designated for participation by MBEs, [and/or] WBEs and/or EBEs, and the time frames in which such work is scheduled to begin and end. When the utilization plan indicates that the bidder or proposer does not intend to award the target subcontracting percentage, the bid or proposal shall not be deemed responsive unless the agency has granted a pre-award waiver pursuant to subdivision 12 of this section.

(6) For each contract for which a utilization plan has been submitted, a material term of the contract shall be that, with respect to the total amount of the contract to be awarded to one or more subcontractors pursuant to subcontracts for amounts under one million dollars, the contractor shall be subject to participation goals unless such goals are modified by the agency in accordance with this section.

(7) For each contract for which a utilization plan has been submitted, the contracting agency shall require that within thirty days of the issuance of notice to proceed, the contractor submit a list of persons to which it intends to award subcontracts within the next twelve months, and a written confirmation that the contractor has notified each MBE, [or] WBE or EBE included in such list. For multi-year contracts, the contractor shall submit such a list of persons and written confirmation of notification to the agency annually. In the event that a contracting agency disapproves a contractor's selection of a subcontractor or subcontractors, the contracting agency shall allow such contractor a reasonable time to propose alternate subcontractors.

(8) For each contract for which a utilization plan has been submitted, the contractor shall, with each voucher for payment, and/or periodically as the agency may require, submit statements, certified under penalty of perjury, which shall include, but not be limited to, the total amount paid to subcontractors (including subcontractors that are not MBEs, [or] WBEs or EBEs); the names, addresses and contact numbers of each MBE, [or] WBE or EBE hired as a subcontractor pursuant to such plan as well as the dates and amounts paid to each MBE, [or] WBEs or EBEs. The contractor shall also submit, along with its voucher for final payment, the total amount paid to subcontractors (including subcontractors that are not MBEs, [or] WBEs or EBEs); and a final list, certified under penalty of perjury, which shall include the name, address and contact information of each subcontractor that is an MBE, [or] WBE or EBE hired pursuant to such plan, the work performed by, and the dates and amounts paid to each.

(9) If payments made to, or work performed by, MBEs, [or] WBEs or EBEs are less than the amount specified in the contractor's utilization plan, the agency shall take appropriate action in accordance with section 11-72 of this subchapter, unless the contractor has obtained a modification.

(10) When advertising a solicitation for bids or proposals for a contract for which a participation goal has been established, agencies shall include in the advertisement a general statement that the contract will be subject to participation goals for MBEs, [and/or] WBEs and/or EBEs.

(11) In the event that a contractor with a contract that includes a utilization plan submits a request for a change order the value of which exceeds ten percent of such contract, the agency shall establish participation goals as if for a new contract for the work to be performed pursuant to such change order.

(12) Pre-award waiver. If the level of subcontracting set forth in a utilization plan is less than the target subcontracting percentage, the bidder or proposer shall submit a request to the contracting agency, prior to the deadline for such requests established by the contracting agency as indicated in the invitation to bid or propose, for a full or partial waiver of the targeted subcontracting percentage. Such request shall include documentation to support the bidder's or proposer's capacity to perform the contract without any subcontracting, or to perform the contract without awarding the amount of subcontracts for under one million dollars represented by the targeted subcontracting percentage. (i) Subject to paragraph (ii) of this subdivision, the contracting agency may grant a full or partial waiver of the target subcontracting percentage to a bidder or proposer who demonstrates that it has legitimate business reasons for proposing the level of subcontracting in its utilization plan. The contracting agency shall make its determination in light of factors which shall include, but not be limited to, whether the bidder or proposer has the capacity and the bona fide intention to perform the contract without any subcontracting, or to perform the contract without awarding the amount of subcontracts for under one million dollars represented by the target subcontracting percentage. In making such determination, the agency may consider whether the utilization plan is consistent with past subcontracting practices of the bidder or proposer, and whether the bidder or proposer has made good faith efforts to identify portions of the contract that it intends to subcontract.

(ii) The administrative code provides that within thirty days of the registration of a contract, the city chief contracting officer shall notify the council of any such waiver granted with respect to the contract.

The administrative code provides that the agency M/WBE officer shall provide written notice of requests for a full or partial waiver of the target subcontracting percentage to the division and the city chief procurement officer and shall not approve any such request without the approval of the city chief procurement officer, provided that the city chief procurement officer, upon adequate assurances of an agency's ability to administer its utilization plan in accordance with the provisions of this section, may determine that further approval from the city chief procurement officer is not required with respect to such requests for an agency's contracts or particular categories of an agency's contracts. The administrative code provides that the city chief procurement officer shall notify the speaker of the council and the division in writing within thirty days of the registration of the contract for a full or partial waiver of a target subcontracting percentage, provided that where an agency has been authorized to grant waivers without approval of the chief procurement officer, such notice shall be provided to the speaker of the council and the division by the agency. Such notification shall include, but not be limited to, the name of contractor, the original target subcontracting percentage, the waiver request, including all documentation, and an explanation for the approval of such request.

(13) Modification of utilization plans. (i) A contractor may request modification of its utilization plan after the award of a contract. Subject to paragraph (ii) of this subdivision, an agency may grant such request if it determines that such contractor has established, with appropriate documentary and other evidence, that it made all reasonable, good faith efforts to meet the goals set by the agency for the contract. Prior to granting such request, an agency shall consult with the division. In making such determination, the agency shall consider evidence of the following efforts, as applicable, along with any other relevant factors:

(A) The contractor advertised opportunities to participate in the contract, where appropriate, in general circulation media, trade and professional association publications and small business media, and publications of minority and women's business organizations;

(B) The contractor provided notice of specific opportunities to participate in the contract, in a timely manner, to minority and women's business organizations;

(C) The contractor sent written notices, by certified mail or facsimile, in a timely manner, to advise MBEs, [and] WBEs and EBEs that their interest in the contract was solicited;

(D) The contractor made efforts to identify portions of the work that could be substituted for portions originally designated for participation by MBEs, [and/or] WBEs and/or EBEs in the contractor utilization plan, and for which the contractor claims an inability to retain MBEs or WBEs or EBEs;

(E) The contractor held meetings with MBEs, [and/or] WBEs and/or EBEs prior to the date their bids or proposals were due, for the purpose of explaining in detail the scope and requirements of the work for which their bids or proposals were solicited. Documentation of such meetings shall include the dates, times, and locations of such meetings, meeting announcements and invitations, meeting agendas, documents distributed at such meetings, and attendance lists;

(F) The contractor made efforts to negotiate with MBEs, [and/or] WBEs and/or EBEs as relevant to perform specific subcontracts, or act as suppliers or service providers. Documentation of such negotiation shall include the names, addresses, and telephone numbers of MBEs, [and/or] WBEs and/or EBEs that were solicited; the date of each such solicitation; a description of the information provided regarding the plans and specifications for the work selected for subcontracting; and evidence as to the reasons that agreements could not be reached with MBEs, [and/or] WBEs and/or EBEs to perform the work.

(G) Timely written requests for assistance made by the contractor to the agency M/WBE [liaison] officer and to the division, as well as documented requests for assistance made by the contractor to organizations that provide assistance in the recruitment and placement of MBEs, [and/or] WBEs and/or EBEs, including but not limited to, minority and/or women community organizations, minority and/or women contractors' groups; local, state and federal business assistance offices;

(H) Description of how recommendations made by the division, the contracting agency, and other organizations described in subparagraph (G) of this paragraph were acted upon and an explanation of why action upon such recommendations did not lead to the desired level of participation of MBEs, [and/or] WBEs and/or EBEs.

(I) The contractor rejected bids by MBEs, [and/or] WBEs and/or EBEs for sound reasons based upon a thorough investigation of their capabilities. The MBE's or WBE's or EBE's political or social affiliations or lack thereof shall not be a legitimate reason for rejecting or not soliciting bids to meet the goals.

DSBS will also consider the financial condition of the applicant compared to the financial profiles of small businesses in the same primary industry classification, or, if not available, in similar lines of business, which are not owned and controlled by socially and economically disadvantaged individuals in evaluating the individual's access to credit and capital. The financial profiles that DSBS compares will include total assets, net sales, pre tax profit, sales/working capital ratio, and net worth.

(C) Transfers within two years. (1) Except as set forth in section 11-82(2)(C)(2), DSBS will attribute to an individual claiming disadvantaged status any assets which that individual has transferred to an immediate family member, or to a trust a beneficiary of which is an immediate family member, for less than fair market value, within two years prior to a business enterprise's application for participation in the EBE program or within two years of a participant's annual renewal, unless the individual claiming disadvantaged status can demonstrate that the transfer is to or on behalf of an immediate family member for that individual's education, medical expenses, or some other form of essential support.

(2) DSBS will not attribute to an individual claiming disadvantaged status any assets transferred by that individual to an immediate family member that are consistent with the customary recognition of special occasions, such as birthdays, graduations, anniversaries, and retirements.

(3) In determining an individual's access to capital and credit, DSBS may consider any assets that the individual transferred within such two-year period described by section 11-82(2)(C)(1), that DSBS does not consider in evaluating the individual's assets and net worth (e.g., transfers to charities).

(b) Net worth. For EBE eligibility, the net worth of an individual claiming disadvantage must be less than one million dollars. In determining such net worth, DSBS will exclude the ownership interest in the applicant and the applicant's equity in the primary personal residence (except any portion of such equity which is attributable to excessive withdrawals from the applicant). Exclusions for purposes of determining net worth are not exclusions for asset valuation or access to capital and credit purposes. A contingent liability does not reduce an individual's net worth.

§ 11-83. Application Intake and Verification. (a) Emerging business enterprise certification applications may be obtained from, and must be returned to DSBS. DSBS shall date stamp the date of receipt of a certification application upon receiving it.

(b) An applicant shall submit such information or documentation as may be required by DSBS in connection with its certification as an EBE. Failure to submit such information or documentation may result in the rejection or revocation of such certification.

(c) If a certification application is received by DSBS and required documents are missing, questions are unanswered or the certification application is not properly notarized, DSBS shall send to the applicant, within forty-five (45) days of the initial date stamped on the certification application, a notice of status and deficiency (the "Notice"), stating any deficiency arising from missing documents, unfinished questions or deficiencies in notarization. An applicant may cure the noticed deficiency by providing DSBS with documents or information requested in the Notice, within thirty (30) days of the date of the Notice.

(d) When the applicant cures a noticed deficiency, pursuant to procedures set forth in §11-83(c) of these rules, DSBS has an additional forty-five (45) days to advise the applicant of any further deficiency which may be cured in accordance with §11-83(c) of these rules.

(e) If the applicant does not cure a noticed deficiency, pursuant to procedures set forth in §11-83(c) of these rules, and the certification application remains incomplete for at least forty-five (45) days of the date of the Notice, unless such time is extended by the director of EBE, the applicant shall be sent a notice stating that its certification application has been rejected and will not be processed, together with its rejected certification application.

(f) An applicant whose certification as an EBE is rejected may not reapply for certification for at least one hundred and twenty (120) days of the date of the notice of rejection of its application.

(g) Applicants may be required to consent to inquiries of their bonding companies, banking institutions, credit agencies, contractors, affiliates, clients and other entities to ascertain the applicant's eligibility for certification. Refusal to permit such inquiries shall be grounds for rejection of a certification application.

(h) All applicants and certified businesses shall be subject to an audit at any time. An applicant's or certified business' refusal to facilitate an audit shall be grounds for denial of its certification application or revocation of its certification.

(i) A certification application may be withdrawn by an applicant without prejudice at any time prior to an audit. Following the withdrawal of a certification application, the applicant may not reapply for certification for a period of at least one hundred and twenty (120) days from the date of withdrawal of the application.

(j) All applicants and certified businesses may be required to provide documentation to substantiate that the business has the skill and expertise to perform in the particular area of work for which it is requesting listing or is listed on the EBE Directory.

§ 11-84. Notice of Determination and Right to Appeal. (a) The director of certification shall provide the applicant with written notice of a determination approving or denying certification.

(b) In the event certification is approved by the director of certification, the applicant will be sent a certification letter and will be certified as an EBE for five (5) years from the date of the certification letter or until notified for the need to reapply at the director of certification's request, whichever is earlier.

(c) In the event certification is denied by the director of EBE, a written notice of such determination shall be provided to the applicant stating the reason(s) for such denial. Such notice shall also state the procedures for filing an appeal.

(d) The applicant may appeal the determination within thirty (30) days after the date of the notice denying the business enterprise's certification. In the event that a request for an appeal is not made within the thirty (30) day period, the director of certification's determination shall be deemed final and the applicant may not reapply for certification for two (2) years from the date of the written notice denying certification, provided, however, that if the facts and circumstances forming the basis of the denial decision have changed significantly, the applicant, at the discretion of the director of certification, may be granted permission to reapply sooner.

(e) The request for an appeal shall state the grounds upon which the denial of certification is being appealed.

§11-85. Appeals. A business entity denied certification or re-certification as an EBE shall be given written notice by DSBS of the grounds for such denial and an opportunity to appeal such denial in writing to the commissioner. Such appeal or a request for an extension to file an appeal, must be received by the commissioner no later than thirty (30) days after the date of the notice denying the business enterprise's certification or re-certification. The commissioner may extend the period in which to initiate an appeal for good cause shown. Such appeal shall include, at a minimum, a description of the reasons why the decision to deny certification or re-certification is in error and provide evidence to support its appeal. Such person shall provide such other documentation or information as is requested by the commissioner, in his or her sole discretion. The commissioner shall render a written determination no later than sixty days after receipt of the appeal, unless the time to render a determination has been extended upon agreement of the commissioner and the business enterprise. If the commissioner's determination is not made within the prescribed sixty days after receipt of the appeal or within the agreed upon extended time period, then the appeal is deemed denied. The decision of the commissioner granting or denying such appeal shall onstitute the final agency determination.

§11-86. Revocation of Emerging Business Enterprise Status. (a) A certified business must notify DSBS within forty-five (45) days of any material change in the information contained in the original certification application. A material change may include, but is not limited to, a change in any of the following: ownership; address; officers; or services provided by the certified business. If a material change occurs, a review may be conducted by DSBS and certification may be revoked. If an EBE's certification is revoked, such business enterprise may reapply for certification at any time following revocation. If a certified business fails to notify the director of EBE of such material change, the director of EBE may in his or her discretion, revoke the certification of an EBE for a period of up to five(5) years.

(b) DSBS, upon having reason to believe or upon receiving allegations indicating that a certified business enterprise is not eligible for certification as an EBE, may meet with socially and economically disadvantaged persons claiming ownership and control of the certified business and/or conduct an audit of such business enterprise, and shall take the following actions:
(1) Determine whether the allegation can be substantiated;
(2) Obtain in writing, if possible, the basis of any allegation from the person or persons making the allegation;
(3) Notify a certified business in writing that its certification as an EBE is under review by the director of EBE and may be revoked. This notice shall specify the bases for such review and any facts specifically at issue; and
(4) Provide the certified business with an opportunity to respond in writing to any allegations set forth in any notices questioning the certification status of a certified business, within thirty (30) days of the date of such notice, by personal service or certified mail, return receipt requested.

(c) If the socially and economically disadvantaged persons claiming ownership of the certified business fail to respond timely in writing to the notice of certification status review, or fail to meet with a DSBS representative or agree to an audit, the certification of the EBE may be revoked by the director of certification.

(d) The director of certification shall notify, in writing, a certified business of the revocation of its certification as an EBE within fourteen (14) days of revoking such certification. The socially and economically disadvantaged persons claiming ownership and control of a business enterprise which has had its certification as an EBE revoked may request an appeal of this decision within thirty (30) days of the date of the notice of revocation. Such appeal shall be conducted in accordance with procedures set forth in §11-84 of these rules. If a request for an appeal is not made within the thirty (30) day period, the director of certification's determination shall be final and the business enterprise may not reapply for certification for two (2) years from the date of the notice of revocation provided, however, that if the facts and circumstances forming the basis of the revocation decision have changed significantly, the business enterprise may, at the discretion of the director of certification, be granted permission to reapply sooner.

(e) If at any time DSBS has reason to believe that an applicant or certified business has willfully and knowingly provided incorrect information or made false statements, it shall refer the matter to the Department of Investigation for investigation. Falsification of any document by an applicant or a certified business may lead to the imposition of civil and criminal penalties as provided by law and contract, de-certification as an EBE and the inclusion of an advice of caution in the City Vendor Information Exchange System ("VENDEX") database.

§3. These rules shall take effect immediately.

Statement of Basis and Purpose

These rules implement Local Law 12 for 2006, which amended § 1304 of the New York City Charter and § 6-129 of the New York City Administrative Code. Local Law 12 declares the City's policy to ensure the meaningful participation of Emerging Business Enterprises in city procurement and establishes a certification program for Emerging Business Enterprises. Charter § 1304(c) authorizes the Commissioner of the Department of Small Business Services to promulgate rules necessary to implement the purposes of the local law establishing this program. This rulemaking provides for the inclusion of Emerging Business Enterprises in the new program established by Administrative Code § 6-129 and the certification of businesses as "Emerging Business Enterprises" in a new subchapter E of Chapter 11 of Title 66 of the Rules of the City of New York

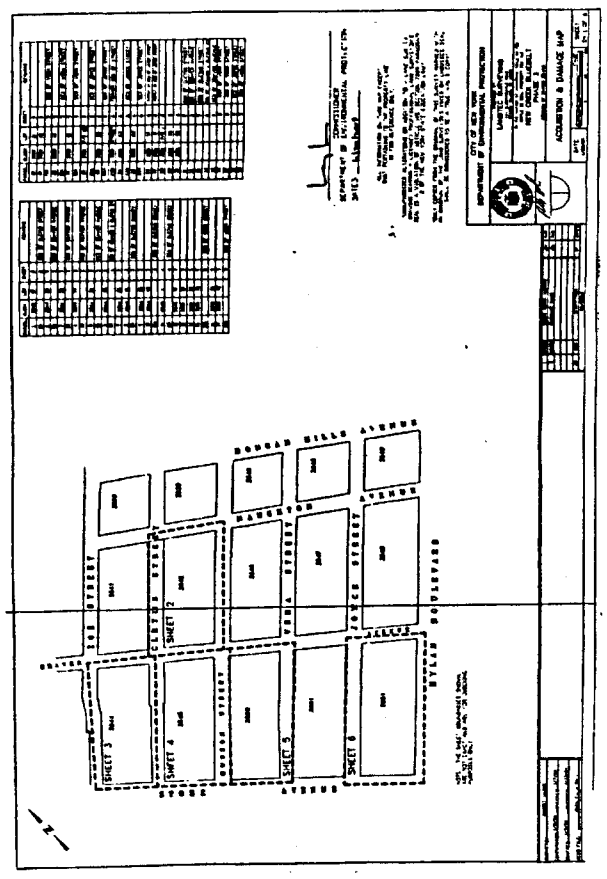
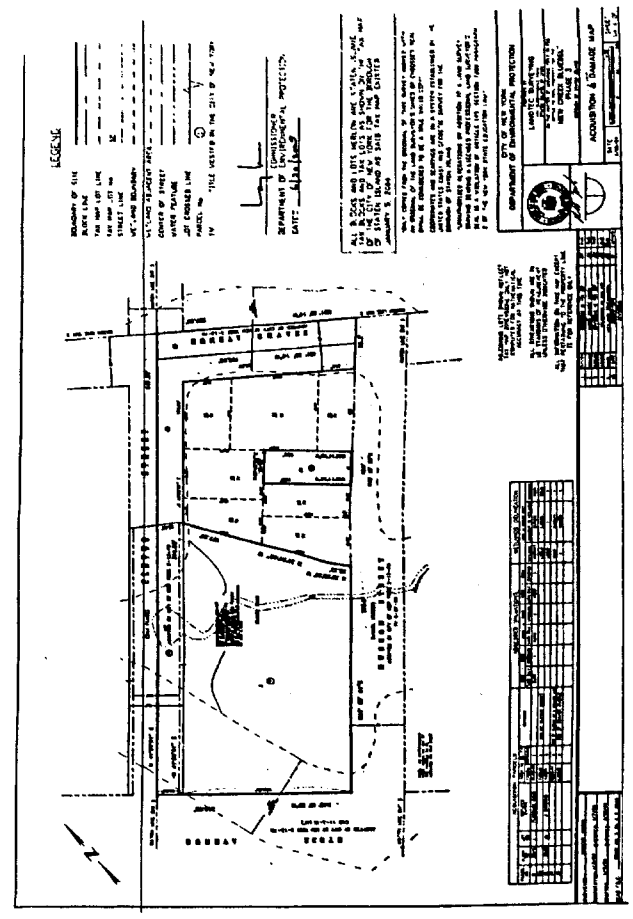
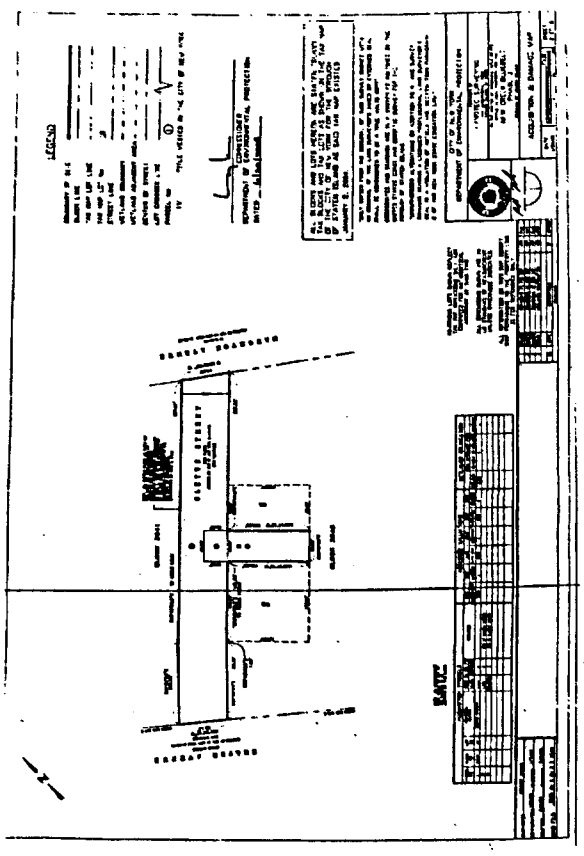
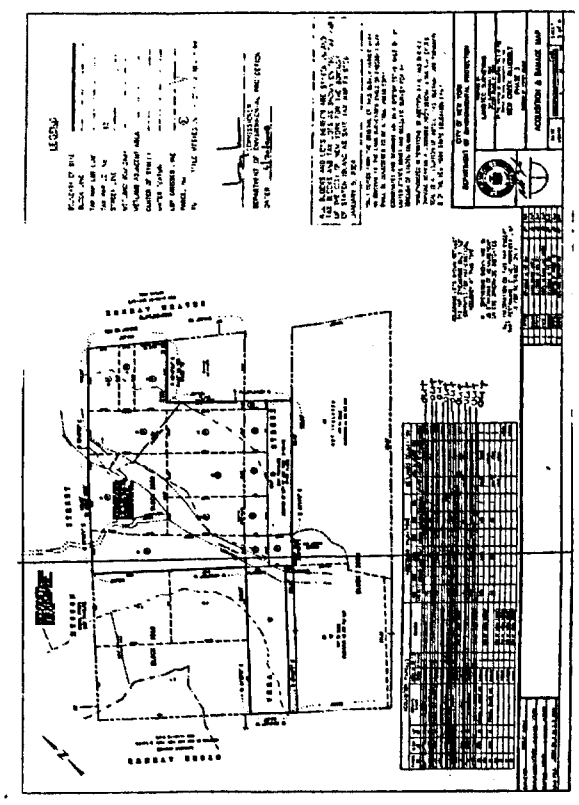
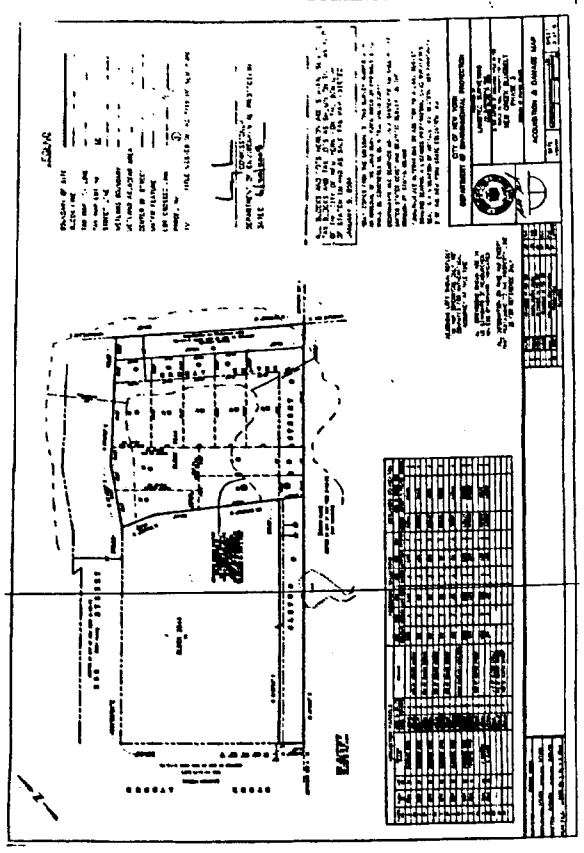
COURT NOTICE MAPS FOR NEW CREEK BLUEBELT PHASE 3

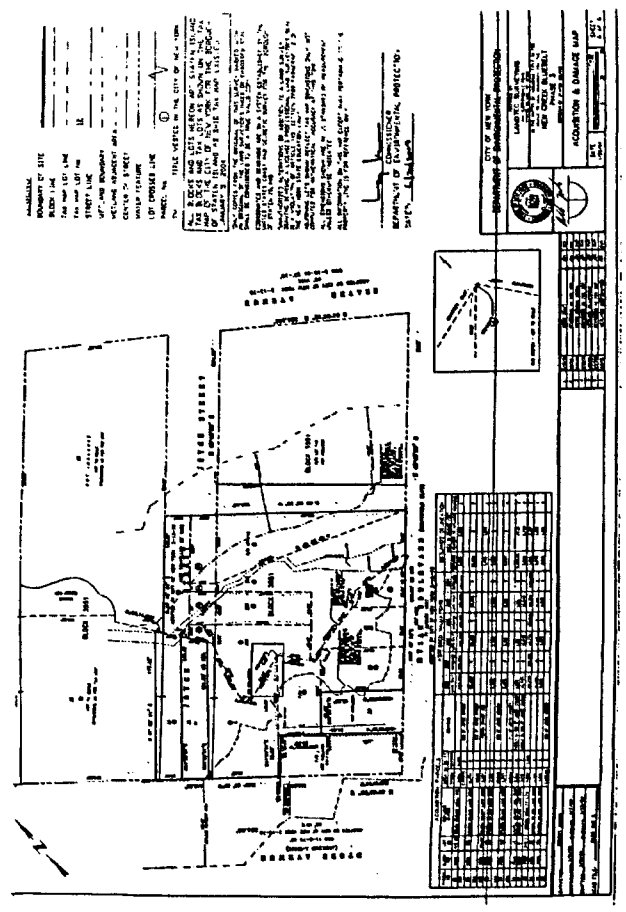












READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council,** 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists--free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

The Rules may also be accessed on the City Website, http://NYC.GOV.Selltonyc

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.
