CORRECTION: PROVISION OF NON-SECURE DETENTION CENTERS – Negotiated Acquisition – Judgment required in evaluating proposals - PIN# 13007DJJ001 – DUE 11-14-08 AT 3:00 P.M. – CORRECTION: The NYC Department of Juvenile Justice (DJJ) is seeking one or more appropriately qualified vendors to provide non-secure detention services for youth. Services shall include, but not be limited to, custody, basic youth care, food, clothing, shelter, education, health care, recreation, court related services, social work and case management services, social skills instruction, group sessions and monitoring and supervision of these services. In addition, the contract will require that a defibrillator shall be located in each program facility and that all staff requiring CPR training shall be certified in use of said defibrillator.

Each program facility will provide at least 10 and no more than 12 beds in accordance with the applicable regulations promulgated by the New York State Office of Children and Family Services (NYS OCFS), 9 N.Y.C.R.R. Section 180 et seq. The Department is seeking to provide services at facilities that will be operational at any time from January 1, 2007 to December 31, 2010. A vendor may submit an offer for more than one Facility Option. Current Agency vendors operating non-secure group homes that have contracts expiring in calendar year 2006 are urged to respond to this solicitation.

All program facilities shall be appropriately equipped to provide services for male or female youth as required by the Department, and be located in one of the five boroughs. The term of the contracts awarded from this solicitation will be for three years and will include an additional three-year option to renew. The anticipated maximum average annual funding available for each contract will be $1,067,000, excluding start-up costs. Proposed start-up costs will be considered in addition to the proposed annual line item budget. Greater consideration will be given to applicants offering more competitive prices.

If your organization is interested in being considered for award of the subject contract, please hand deliver a written expression of interest addressed to my attention at 365 Broadway, 5th Floor, New York, NY 10013. The expression of interest should specifically address the following:

1. Indicate each program facility for which the vendor is submitting.

2. Describe each proposed facility, its location, and proposed date of operation.

3. Attach appropriate documentation demonstrating the current use of each proposed facility and the vendor's site control of the facility for a period of at least 3 years.

4. For each proposed facility,
a) Indicate the number of beds to be provided and demonstrate that the facility has the capacity to provide the indicated number of beds.
b) Demonstrate that the facility will be appropriately equipped to provide services for male or female youth.

5. Demonstrate the vendor's organizational capability to:
a) Provide the indicated number of beds at each proposed facility. (If the vendor is a current provider, also demonstrate the capability to provide the indicated number of beds in addition to those already provided.)
b) Ensure that each proposed facility will be fully operational by required date in accordance with the applicable regulations promulgated by the New York State Office of Children and Family Services (NYS OCFS), 9 N.Y.C.R.R. Section 180 et seq.

6. Demonstrate the quantity and quality of the vendor's successful relevant experience.

7. Attach for each proposed facility three-year annual line item operating budget. Include staffing details. Proposed start up costs should be included in addition to the proposed three-year annual line item operating budget.

All expressions of interest received in the manner set forth will be reviewed to determine if they are responsive to the material requirements of this solicitation. Expressions of interest determined to be non-responsive will not be further considered. Expressions of interest determined to be responsive will be considered in terms of the following factors:

- Appropriateness of each proposed facility.
- Demonstrated site control of each proposed facility.
- Demonstrated level of organizational capability to provide the proposed number of beds and to ensure that each proposed facility if fully operational by the applicable requisite date.
- Demonstrated quantity and quality of successful relevant experience.
- Annual budget amount and cost effectiveness of the budget.

The Department will enter into negotiations with the vendor(s) determined to be the best qualified at the time of evaluation, based on consideration of the above-cited factors. A contract will be awarded to the responsible vendor(s) whose offer(s) is/are determined to be the most advantageous to the City, taking into consideration the price and the other factors set forth in this solicitation. In the case that a vendor is eligible for award of more than one program facility, the Department reserves the right, based upon the vendor's demonstrated organizational capability and the best interest of the City, respectively, to determine how many and for which program facility(ies) the vendor will be awarded a contract.

SMALL BUSINESS SERVICES

■ SOLICITATIONS

Services (Other Than Human Services)

NYC BUSINESS SOLUTIONS TRAINING GRANT - RFA – Other – PIN# RFA801WDC006 – DUE 06-22-07 AT 5:00 P.M. – The New York City Department of Small Business Services is pleased to announce up to $1 million in grants available to train and advance new and current workers. The NYC Business Solutions Training Grant is designed to grow the City's economy by enabling employers to create and retain jobs, increase wages, build skills, and help workers advance in their careers.

To date, New York City has awarded over $2.57 million to 29 growing companies to train 1,847 New Yorkers, matched by $3.67 million in employer contributions. Up to $1 million is available in this round for employers in the following sectors: Aviation, Construction, Film/Media, Financial Services, Healthcare/Bioscience, Hospitality/Tourism, Industrial/Manufacturing, Retail and Technology. The grant can fund up to 50 percent of eligible training costs ($300,000 maximum), with the employer paying the balance. Please visit http://www.nyc.gov/training to access a copy of the application or for additional information and instructions. If you have any questions, please contact us at training@sbs.nyc.gov. Applications are due by June 22, 2007.

Significant improvements were made to the grant, enabling us to find a greater range of business training needs. In addition to occupational training, the grant will now fund Work Readiness Training, which includes but is not limited to, adult literacy and numeracy (reading and math), English as a Second Language (ESL), and workplace behavior skills (such as timeliness, communication, and interpersonal skills).

Two Pre-Submission Information Sessions: attend one of two sessions that will take place at the NYC Department of Small Business Services, 7th Floor, 110 William Street, New York, NY 10038 on June 1, 2007. Businesses and intermediaries planning to apply may register for the sessions by sending an email to training@sbs.nyc.gov, indicating the organization's name and which session they will attend, 9:30 A.M. - 11:00 A.M. or 1:30 P.M. - 3:00 P.M.

COMPTROLLER

■ NOTICE

PREVAILING WAGE RATES EFFECTIVE IN THE CITY OF NEW YORK FOR THE PERIOD JULY 1, 2007 THROUGH JUNE 30, 2008

The following are the prevailing rates of wages and supplements which the Comptroller of the City of New York has determined, pursuant to the New York State Labor Law Section 220, will be in effect in the City of New York for the period beginning July 1, 2007 and ending June 30, 2008. The rates will become effective July 1, 2007.

Section 220.6 of the New York State Labor Law provides that an employer may contest rates determined by the Comptroller pursuant to Section 220.5. All questions or comments concerning rates scheduled to go into effect on July 1, 2007, should be directed, preferably before June 15, 2007, in writing, to:

Wasyl Kinach, P.E.
Director of Classifications
Bureau of Labor Law
Office of the Comptroller
One Centre Street, Room 1122
New York, New York 10007
By Facsimile: (212) 669-4002

LABOR LAW §220 PREVAILING WAGE SCHEDULE

Pursuant to Labor Law §220 (3) the Comptroller of the City of New York has promulgated this schedule solely for Workers, Laborers and Mechanics engaged by private contractors on New York City public work contracts. Contracting agencies anticipating doing work which requires the employment of a trade or classification not included in this schedule must request the Comptroller to establish a proper classification for the work pursuant to Labor Law §220 (3-a) (a). The prevailing rate schedule as promulgated by the Comptroller, must, in compliance with law, be annexed to and form part of the contract.

The appropriate schedule of prevailing wages and benefits must be posted at all public work sites pursuant to Labor Law §220 (3-a) (a).

This schedule is applicable for work performed from July 1, 2007 through June 30, 2008, unless otherwise noted. You will be notified of any changes to this schedule by addenda published on our web site @ www.comptroller.nyc.gov. The rate of wages and supplemental benefits to be paid or provided are those that prevail at the time the work is being performed. Preliminary schedules for future one-year periods are published annually in the City Record on or about June 1st of each succeeding year. Final schedules are published on or about July 1st in the City Record and on our web site @ www.comptroller.nyc.gov.

The Comptroller's Office has attempted to include all overtime, shift and night differential, Holiday, Saturday, Sunday or other premium time work. However, this schedule does not set forth every prevailing practice with respect to such rates with which employers must comply. All such rates and practices are nevertheless part of the employer's prevailing wage obligation and contained in the collective bargaining agreements of the prevailing wage unions. These collective bargaining agreements are available for inspection by appointment. Requests for appointments may be made by calling (212) 669-4437, Monday through Friday between the hours of 9:00 a.m. and 5:00 p.m.

Answers to questions concerning the application of premium rates and or prevailing trade practices may be found in the collective bargaining agreements of the prevailing union or by requesting such information from the Bureau of Labor Law's Classification unit by calling (212) 669-4437.

All other inquiries concerning compliance with the Prevailing Wage Law, should be directed to; Bureau of Labor Law, ATT: Wasyl Kinach, P.E., Office of the Comptroller, 1 Centre Street, Room 1122, New York, N.Y. 10007; Fax (212) 669-4002.

Prevailing rates and ratios for apprentices are attached to this schedule as Appendix #1. Pursuant to Labor Law §220 (3-e), only apprentices who are individually registered in a bona fide program to which the employer contractor is a participant, registered with the New York State Department of Labor, may be employed on a public work project. Trainees, Assistants and Helpers who are not journey persons or not registered apprentices pursuant to Labor Law §220 (3-e) may not be substituted for apprentices and must be paid as journey persons.

Workers, Laborers and Mechanics employed on a public work project must receive not less than the prevailing rate of wage and benefits for the classification of work performed by each upon such public work. Contractors are solely responsible for maintaining original payroll records which delineate, among other things, the hours each employee worked within a given classification. Contractors using rates and/or classifications not promulgated by the Comptroller do so at their own risk. Additionally, prior to bid, Agency Chief Contracting Officers must contact the Bureau of Labor Law when the need arises for a work classification not published in this schedule.

Prevailing Rate Schedule Information: The information below is intended to assist you in meeting your prevailing wage rate obligation.

Covered Workers: Any and all individuals who are engaged, employed or otherwise occupied as Workers, Laborers or Mechanics on the public work site.

Supplemental Benefits: Employers may meet supplemental benefits obligation by paying the hourly supplemental benefits rate to their employees in cash. Such cash payments are considered income to the employee. Employers who elect to provide bona fide supplemental benefits to their employees will be given hourly cash credit for such benefits up to the hourly benefits rate set forth in the applicable schedule for the relevant trade or occupation at issue.

Particular attention should be given to the supplemental benefits requirement. Although in most instances the payment or provision for supplemental benefits is for each hour worked, some classifications require the payment or provision of supplemental benefits for each hour paid. Consequently, some prevailing practices require benefits to be purchased at the overtime, shift differential, Holiday, Saturday, Sunday or other premium time rate.

Contractors are advised to review the applicable Collective Bargaining Agreements and the Comptroller's Prevailing Wage Schedule before bidding on Public Work. If there are any questions concerning prevailing wages, benefits, overtime, Holiday pay, shift differentials or any prevailing practice, please contact this office.

Any error as to compensation under the prevailing wage law or other information as to trade classification, made by the contracting agency in the contract documents or in any other communication will not preclude a finding against the contractor of prevailing wage violation.

Wasyl Kinach, P.E.
Director of Classifications

PREVAILING WAGE RATES EFFECTIVE IN THE CITY OF NEW YORK FOR THE PERIOD JULY 1, 2007 THROUGH JUNE 30, 2008

The following are the prevailing rates of wages and supplements which the Comptroller of the City of New York has determined, pursuant to the New York State Labor Law Section 230, will be in effect in the City of New York for the period beginning July 1, 2007 and ending June 30, 2008. The rates will become effective July 1, 2007.

All questions or comments concerning rates scheduled to go into effect on July 1, 2007, should be directed, preferably before June 15, 2007, in writing, to:

Wasyl Kinach, P.E.
Director of Classifications
Bureau of Labor Law
Office of the Comptroller
One Centre Street, Room 1122
New York, New York 10007
By Facsimile: (212) 669-4002

This schedule of prevailing wages and supplemental fringe benefits must be posted at the public work site as required by New York State Labor Law § 231 (6).

LABOR LAW § 230 BUILDING SERVICE EMPLOYEES

In accordance with Labor Law §230 et seq. the Comptroller of the City of New York has promulgated this schedule of prevailing wages and supplemental benefits for building service employees engaged on building service contracts in excess of $1,500.00. Prevailing rates are required to be annexed to and form part of the contract pursuant to §231 (4); however, only rates for trades anticipated by the contracting agency to be required on the work need be annexed to the contract.

Pursuant to §231 (4) contracting agencies that anticipate doing work that may require building service trades or classifications not included in this schedule, must request the Comptroller to establish a proper classification and wage determination for the work. Contractors using trades and/or classifications for which the Comptroller has not promulgated wages and benefits do so at their own risk.

Labor Law § 231 (6) requires contractors to post on the site of the work a current copy of this schedule of wages and supplements.

This schedule is applicable to work performed from July 1, 2007 through June 30, 2008, unless otherwise noted. Changes to this schedule are published on our web site www.comptroller.nyc.gov. Contractors must pay the wages and supplements in effect when the building service employee performs the work. Preliminary schedules for future one-year periods appear in the City Record on or about June 1 each succeeding year. Final schedules appear on or about July 1 in the City Record and on our web site www.comptroller.nyc.gov.

Building service employees on public contracts must receive not less than the prevailing rate of wage and supplements for the classification of work preformed. Contractors are solely responsible for maintaining original payroll records delineating, among other things, the hours worked by each employee within a given classification.

Employers may pay cash supplements; however, cash payments made in lieu of providing bona fide benefits is considered income to the employee. Employers providing bona fide benefits are credited for the cost of such benefits up to the hourly rate for benefits in the schedule for the trade or occupation at issue. Employers may combine cash supplements with in-kind supplements to meet the prevailing rate minimum.

Particular attention should be given to the supplemental benefits requirement. Although in most instances the payment or provision for supplemental benefits is tied to hours worked, some classifications require the payment or provision of supplemental benefits at overtime or premium time rates. Contractors are advised to review the applicable collective bargaining agreements and the Comptroller's Prevailing Wage Schedule before bidding on public work. Any Prevailing Wage Rate error made by the Contracting Agency, whether in a contract document or other communication, will not preclude a finding against the contractor of prevailing-wage violation.

Because this schedule may not list each prevailing wage practice, contractors should familiarize themselves with the prevailing collective bargaining agreements. Please make appointments to inspect such agreements by calling (212) 669-4437, Monday through Friday between the hours of 9:00 A.M. and 5:00 P.M.

Answers to questions concerning premium rates and or prevailing trade practices may also be obtained from the Classification and Determination Unit by calling (212) 669-4437. Please direct all other compliance issues to;

Bureau of Labor Law, Attn: Wasyl Kinach, P.E., Office of the Comptroller, 1 Centre Street, Room 1122, New York, N.Y. 10007; Fax (212) 669-4002.

PREVAILING WAGE RATES EFFECTIVE IN THE CITY OF NEW YORK FOR THE PERIOD JULY 1, 2007 THROUGH JUNE 30, 2008

The following are the prevailing rates of wages and supplements which the Comptroller of the City of New York has determined, pursuant to the New York City Administrative Code Section 6-109 Schedule of Living Wages will be in effect in the City of New York for the period beginning July 1, 2007 and ending June 30, 2008. The rates will become effective July 1, 2007.

All questions or comments concerning rates scheduled to go into effect on July 1, 2007, should be directed, preferably before June 15, 2007, in writing, to:

Wasyl Kinach, P.E.
Director of Classifications
Bureau of Labor Law
Office of the Comptroller
One Centre Street, Room 1122
New York, New York 10007
By Facsimile: (212) 669-4002

NYC ADMINISTRATIVE CODE § 6-109 SCHEDULE OF "LIVING WAGES"

Contractors who provide the following services to the City of New York must post a copy of this Prevailing Wage Schedule at their public work site(s) as required by New York City Administrative Code § 6-109:

- Building Services;
- Food Services;
- Temporary Services;
- Homecare Services;
- Day Care Services;
- Head Start Services, and
- Services to Persons with Cerebral Palsy.

In accordance with NYC Administrative Code § 6-109, the Comptroller of the City of New York promulgated this schedule of prevailing wages for the above services on public work contracts for non-emergency work in excess of the small purchase limit set by the procurement policy board; contracting agencies must annex this schedule to such contract.

A city service contractor or subcontractor that provides homecare services, day care services, head start services or services to persons with cerebral palsy must pay its covered employees that directly render such services in performance of the city service contract or subcontract no less than the living wage and must provide its employees health benefits* or must supplement their hourly wage rate by an amount no less than the health benefits* supplement rate. This requirement applies for each hour that the employee works performing the city service contract or subcontract.

A city service contractor or subcontractor that provides building services, food services or temporary services must pay its employees that are engaged in performing the city service contract or subcontract no less than the living wage or the prevailing wage, whichever is greater. Where the living wage is greater than the prevailing wage, the city service contractor or subcontractor must either provide its employees health benefits* or must supplement their hourly wage rate by an amount no less than the health benefits* supplement rate. Where the prevailing wage is greater than the living wage, the city service contractor or subcontractor must provide its employees the prevailing wage and supplements. These requirements apply for each hour that the employee works performing the city service contract or subcontract.

The appropriate schedule of prevailing wages must be posted at all public work sites pursuant to NYC Administrative Code 6-109.

The schedule is applicable for work performed from July 1, 2007 through June 30, 2008, unless otherwise noted. You will be notified of any changes to this schedule by addenda published on our web site www.comptroller.nyc.gov. Schedules for future one-year periods will be published annually in the City Record on or about July 1st of each succeeding year and on our web site www.comptroller.nyc.gov.

The living wage rate and the health benefit* supplement rate are known through June 30, 2008, therefore, those rates are listed in this schedule.

The prevailing wage rates listed in this schedule may not include all hourly wage calculations for overtime, shift differential, Holiday, Saturday, Sunday or other premium time work. Similarly, this schedule does not set forth every prevailing practice with which employers must comply. However, all such unpublished rates are nonetheless part of the employer's prevailing wage rate obligation.

Answers to questions concerning prevailing wage rates and supplements and the application of prevailing trade practices may be found in the collective bargaining agreements of the prevailing union. Such agreements are available for inspection by appointment. Requests for appointments may be made by calling (212) 669-4437, Monday through Friday between the hours of 9 A.M. to 5 P.M. All other inquiries concerning compliance with this law, should be directed to: Bureau of Labor Law, Attention: Wasyl Kinach, P.E., Director of Classifications, Office of the Comptroller, 1 Centre Street, Room 1122, New York, New York 10007; fax (212) 669-4002.

Contractors are solely responsible for maintaining original payroll records, which delineate, among other things, the hours each employee worked within a given classification. Contractors using rates and/or classifications not promulgated by the Comptroller do so at their own risk. Additionally, prior to bid, an agency's chief contact officer must contact the Bureau of Labor Law when the need arises for a work classification not published in this schedule.

The information listed below is intended to assist you in meeting your living wage and prevailing wage obligation. Contractors are advised to review the Comptroller's Living Wage Schedule before bidding on public work. Any wage rate error made by the contracting agency in the contract documents will not preclude a finding against the contractor for an underpayment of the applicable living wage or the applicable prevailing wage.

This schedule sets forth the living wage and the prevailing wage rates required to be annexed to and form part of the contract specifications for New York City public work pursuant to New York City Administrative Code 6-109. The attached schedule of wages are the living wage rates and the prevailing rates and the contractor engaged in public work is obligated to pay not less that the rates specified in this schedule for the trade or occupation upon such public work.

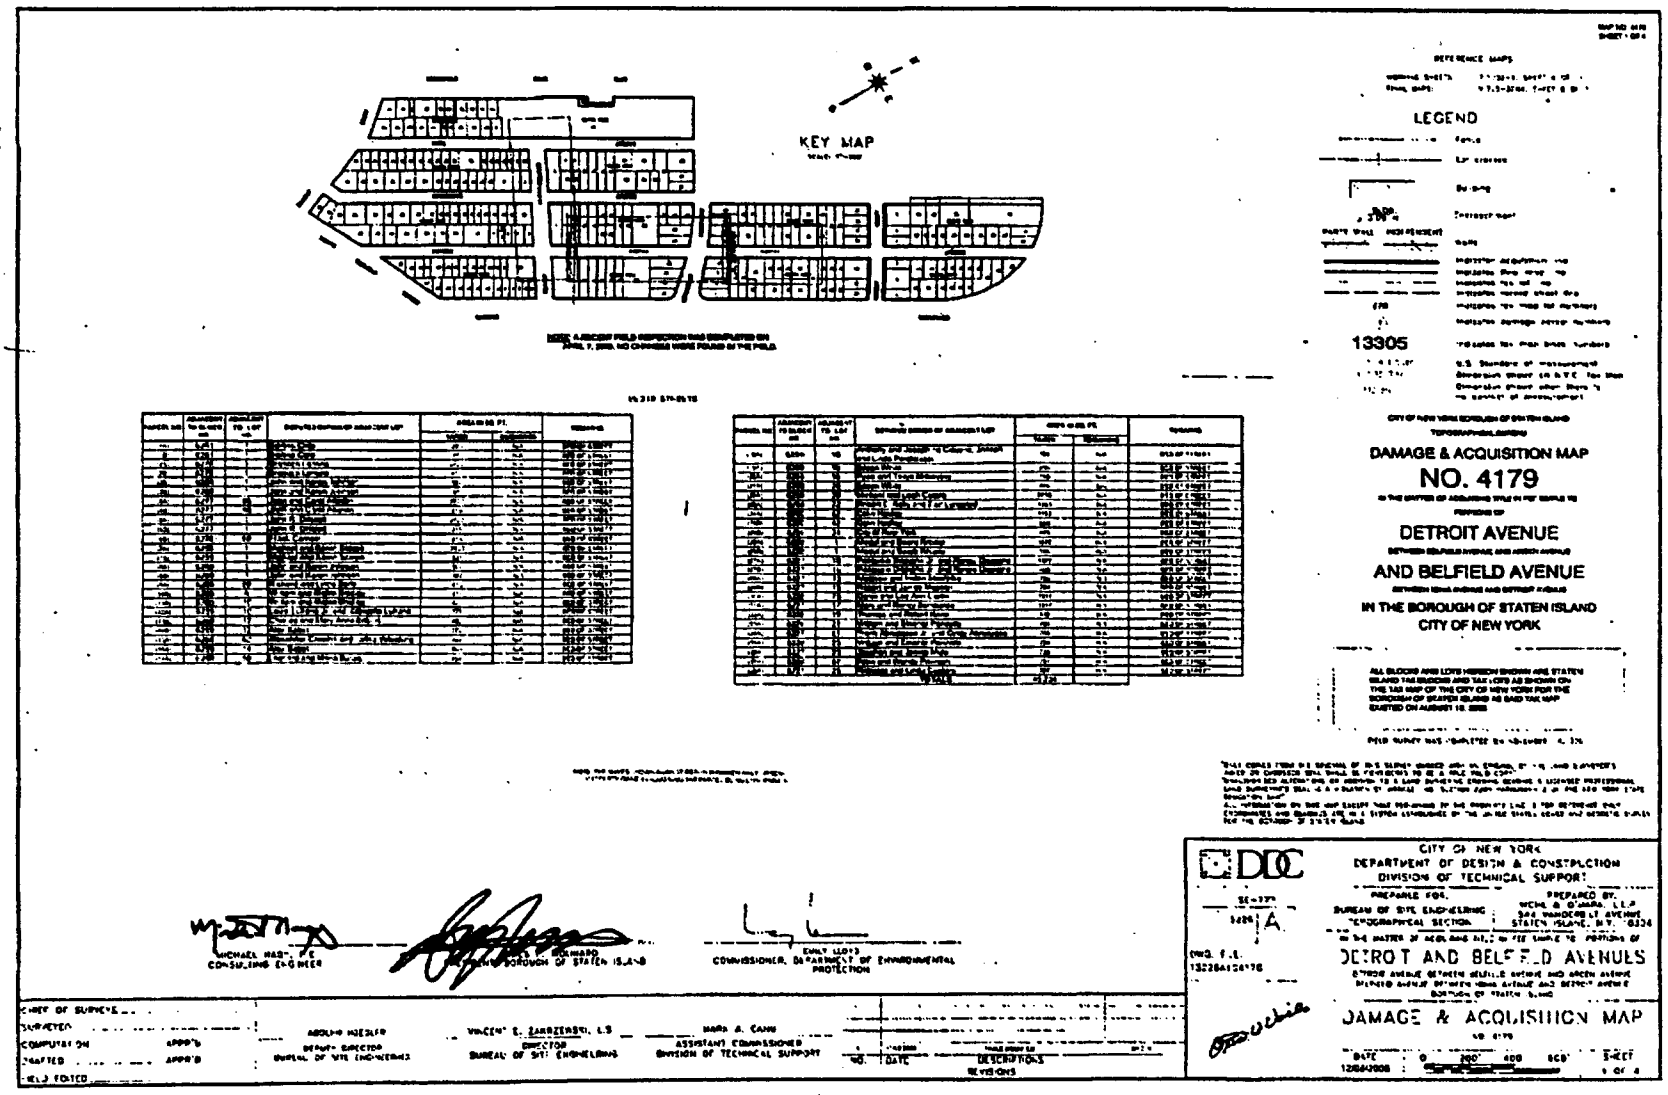
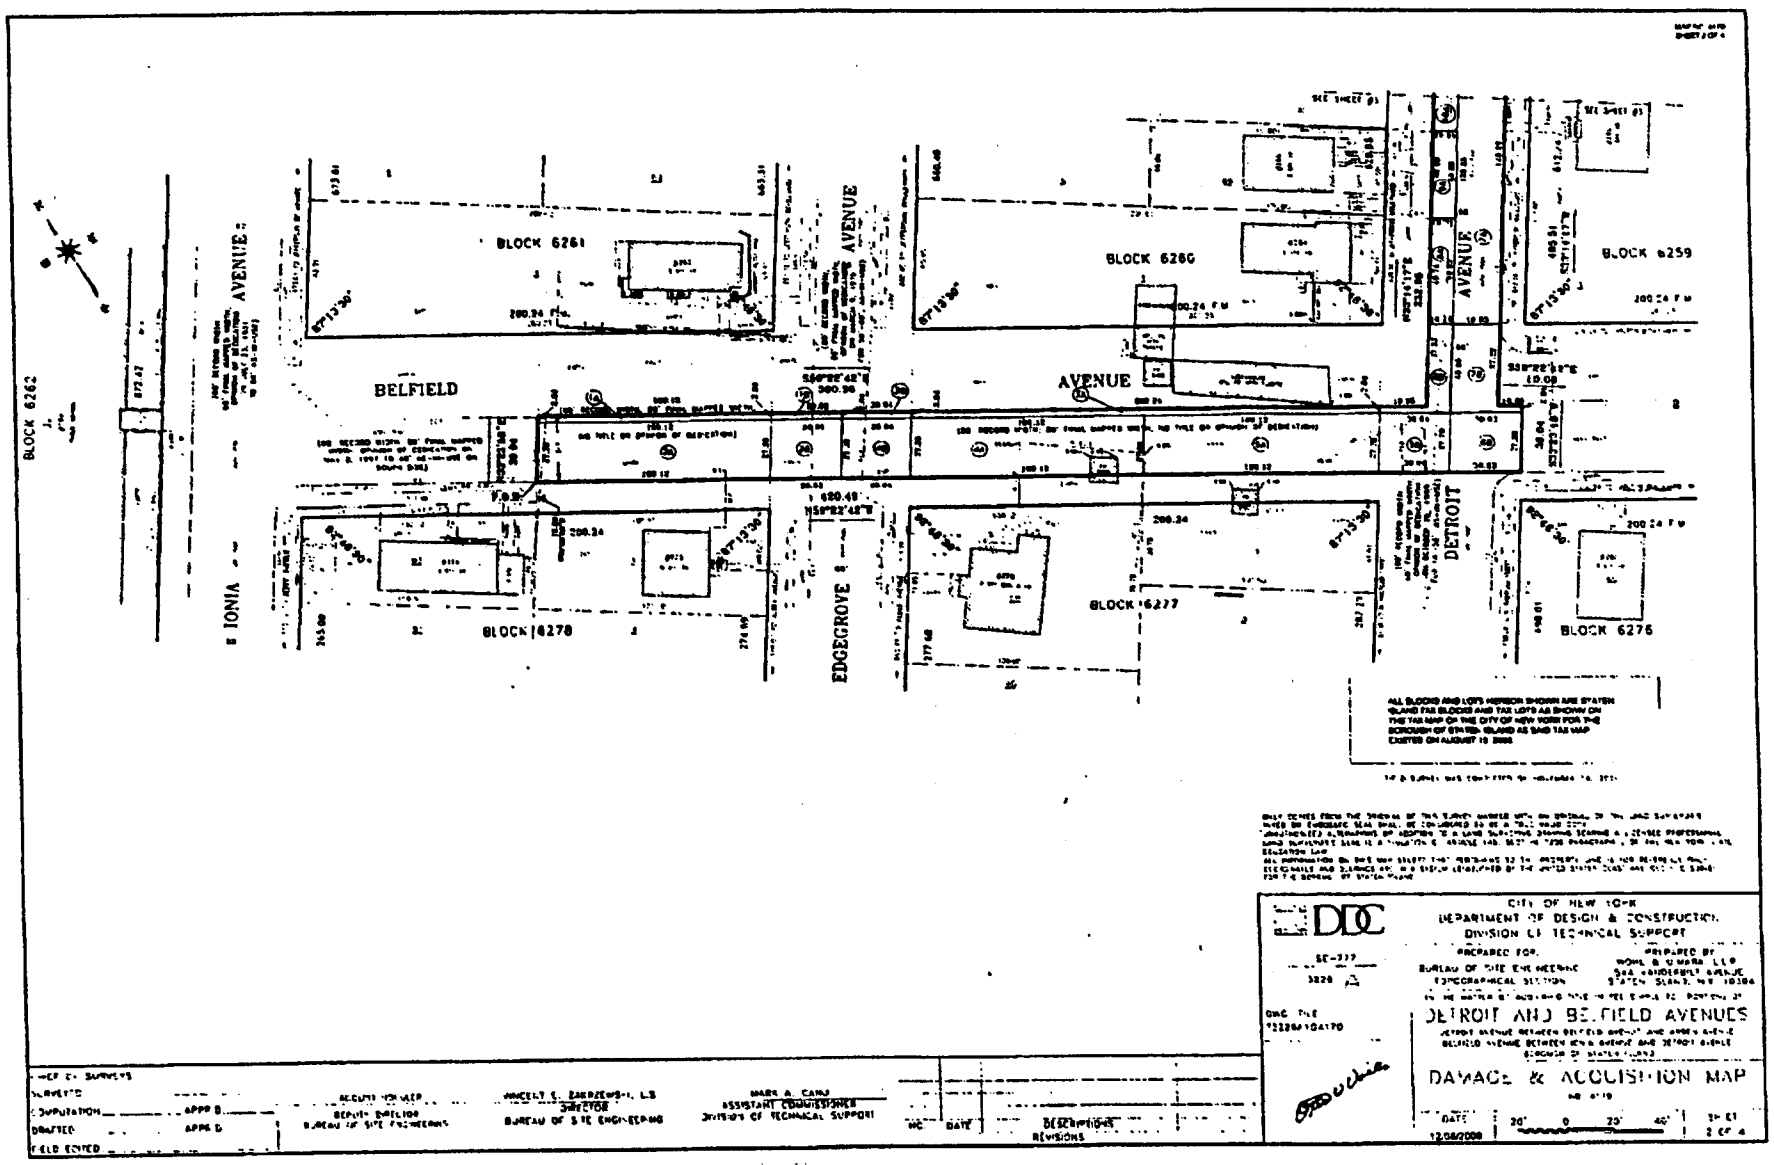
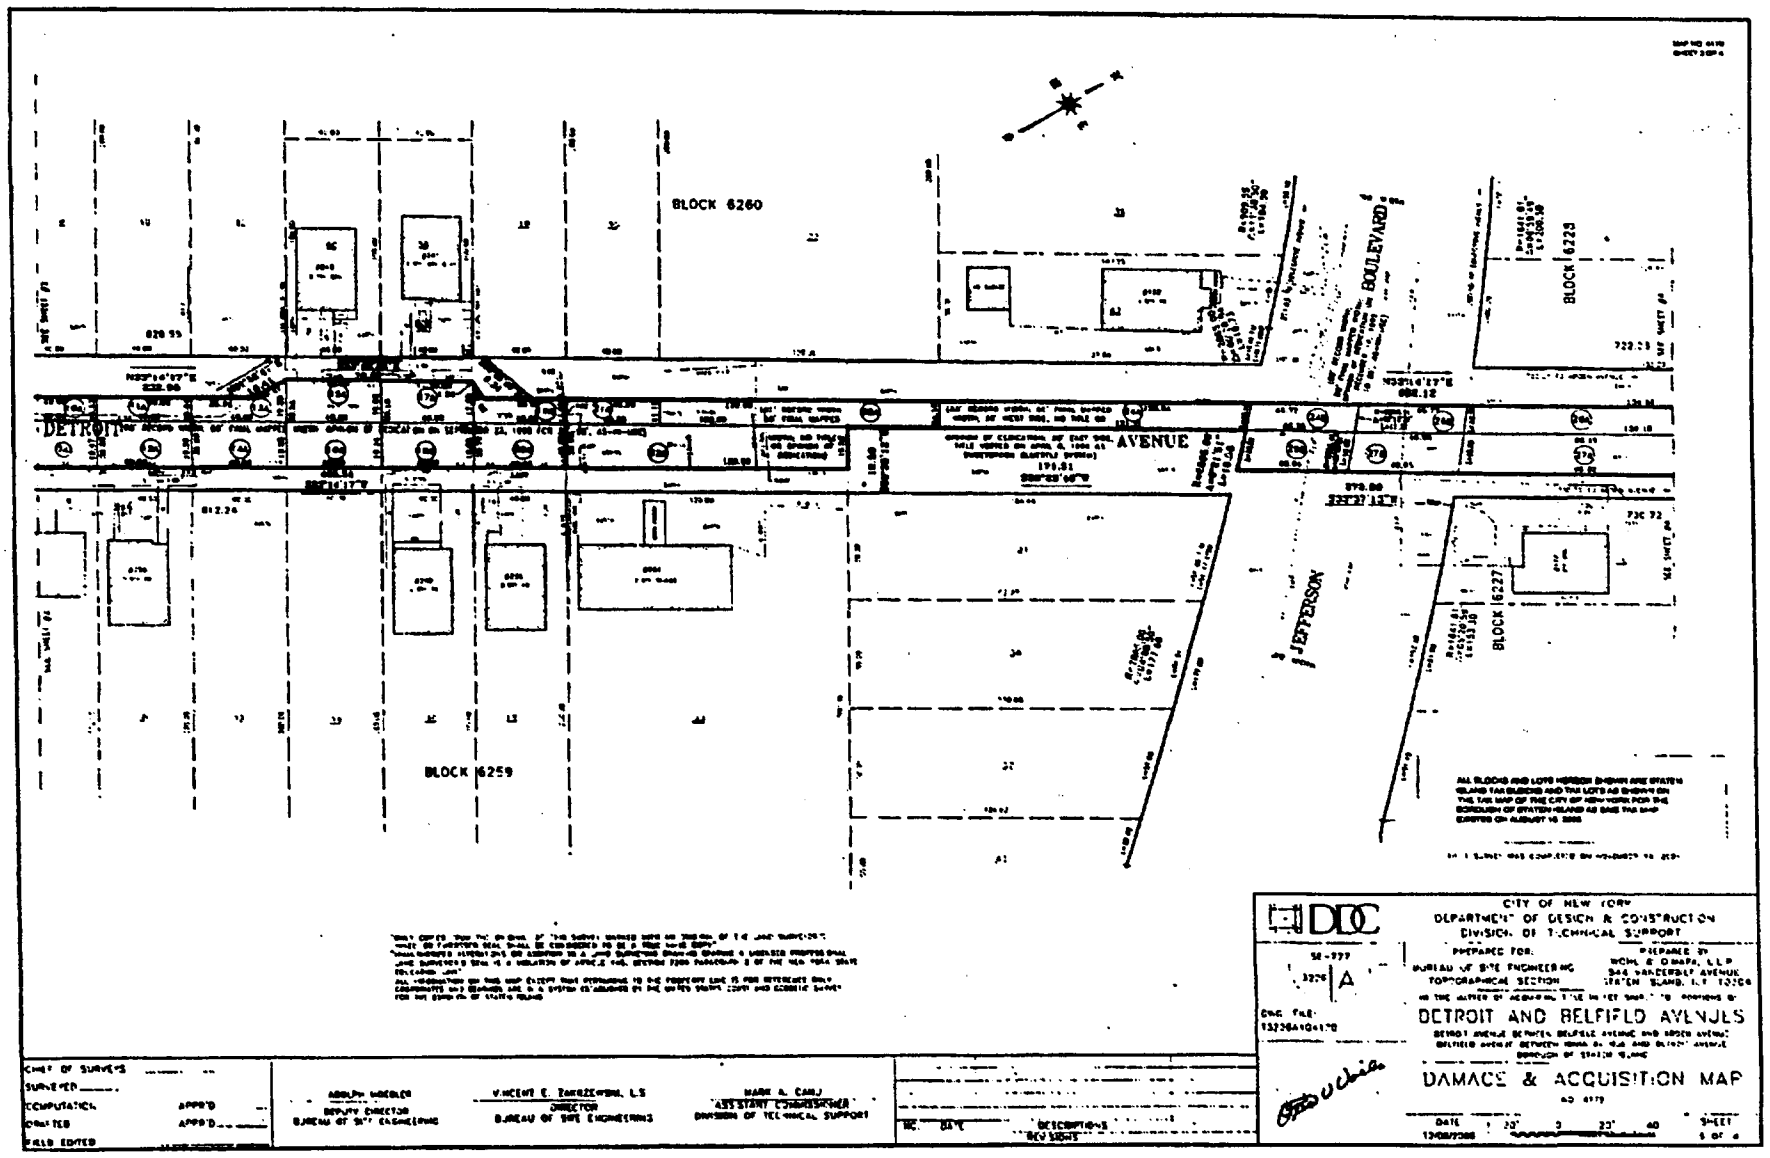
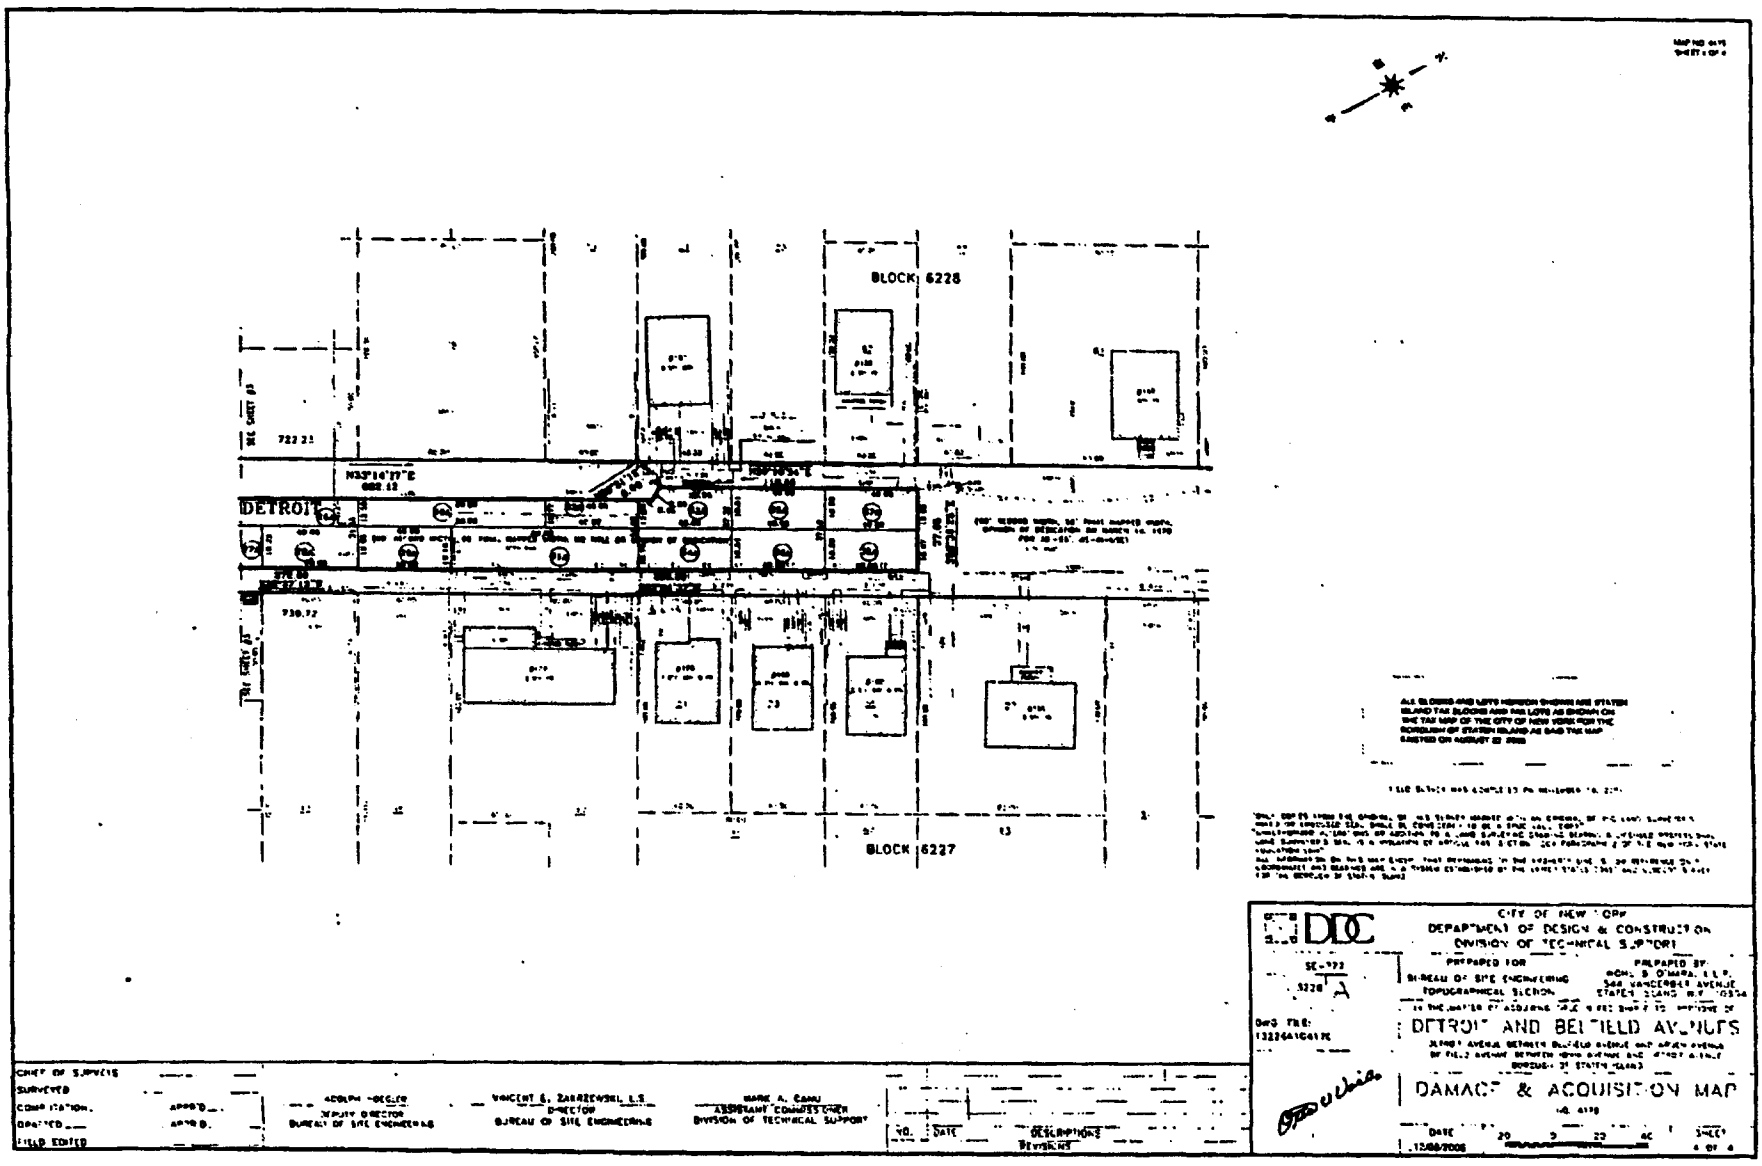
COURT NOTICE MAPS FOR DETROIT AVENUE AND BELFIELD AVENUE, STATEN ISLAND





COURT NOTICE MAPS FOR DETROIT AVENUE AND BELFIELD AVENUE, STATEN ISLAND





READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council**, 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists--free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

For the list of companies who have been certified with the New York City Small Business Services as M/WBE, or to certify with the City of New York as a minority- or woman-owned business, please call 311 or visit www.nyc.gov/getcertified.

Respondents may submit questions and/or request clarifications, with regards to the subject matter of the project, from NYCEDC no later than 5:00 P.M. on Friday, June 15, 2007. These questions should be directed to HighlineReconstruction@nycedc.com. Any questions or requests for clarifications received after this date will not be answered. All questions received through Friday, June 15, 2007 will be posted by Friday, June 29, 2007 to www.nycedc.com/RFP, so as to be available to all respondents, if NYCEDC determines that such answers provide material clarification to the Bid.

JUVENILE JUSTICE

■ SOLICITATIONS

Human / Client Service

CORRECTION: PROVISION OF NON-SECURE DETENTION CENTERS – Negotiated Acquisition – Judgment required in evaluating proposals - PIN# 13007DJJ001 – DUE 11-14-08 AT 3:00 P.M. – CORRECTION: The NYC Department of Juvenile Justice (DJJ) is seeking one or more appropriately qualified vendors to provide non-secure detention services for youth. Services shall include, but not be limited to, custody, basic youth care, food, clothing, shelter, education, health care, recreation, court related services, social work and case management services, social skills instruction, group sessions and monitoring and supervision of these services. In addition, the contract will require that a defibrillator shall be located in each program facility and that all staff requiring CPR training shall be certified in use of said defibrillator.

Each program facility will provide at least 10 and no more than 12 beds in accordance with the applicable regulations promulgated by the New York State Office of Children and Family Services (NYS OCFS), 9 N.Y.C.R.R. Section 180 et seq. The Department is seeking to provide services at facilities that will be operational at any time from January 1, 2007 to December 31, 2010. A vendor may submit an offer for more than one Facility Option. Current Agency vendors operating non-secure group homes that have contracts expiring in calendar year 2006 are urged to respond to this solicitation.

All program facilities shall be appropriately equipped to provide services for male or female youth as required by the Department, and be located in one of the five boroughs. The term of the contracts awarded from this solicitation will be for three years and will include an additional three-year option to renew. The anticipated maximum average annual funding available for each contract will be $1,067,000, excluding start-up costs. Proposed start-up costs will be considered in addition to the proposed annual line item budget. Greater consideration will be given to applicants offering more competitive prices.

If your organization is interested in being considered for award of the subject contract, please hand deliver a written expression of interest addressed to my attention at 365 Broadway, 5th Floor, New York, NY 10013. The expression of interest should specifically address the following:

1. Indicate each program facility for which the vendor is submitting.

2. Describe each proposed facility, its location, and proposed date of operation.

3. Attach appropriate documentation demonstrating the current use of each proposed facility and the vendor's site control of the facility for a period of at least 3 years.

4. For each proposed facility,
a) Indicate the number of beds to be provided and demonstrate that the facility has the capacity to provide the indicated number of beds.
b) Demonstrate that the facility will be appropriately equipped to provide services for male or female youth.

5. Demonstrate the vendor's organizational capability to:
a) Provide the indicated number of beds at each proposed facility. (If the vendor is a current provider, also demonstrate the capability to provide the indicated number of beds in addition to those already provided.)
b) Ensure that each proposed facility will be fully operational by required date in accordance with the applicable regulations promulgated by the New York State Office of Children and Family Services (NYS OCFS), 9 N.Y.C.R.R. Section 180 et seq.

6. Demonstrate the quantity and quality of the vendor's successful relevant experience.

7. Attach for each proposed facility three-year annual line item operating budget. Include staffing details. Proposed start up costs should be included in addition to the proposed three-year annual line item operating budget.

All expressions of interest received in the manner set forth will be reviewed to determine if they are responsive to the material requirements of this solicitation. Expressions of interest determined to be non-responsive will not be further considered. Expressions of interest determined to be responsive will be considered in terms of the following factors:

- Appropriateness of each proposed facility.
- Demonstrated site control of each proposed facility.
- Demonstrated level of organizational capability to provide the proposed number of beds and to ensure that each proposed facility if fully operational by the applicable requisite date.
- Demonstrated quantity and quality of successful relevant experience.
- Annual budget amount and cost effectiveness of the budget.

The Department will enter into negotiations with the vendor(s) determined to be the best qualified at the time of evaluation, based on consideration of the above-cited factors. A contract will be awarded to the responsible vendor(s) whose offer(s) is/are determined to be the most advantageous to the City, taking into consideration the price and the other factors set forth in this solicitation. In the case that a vendor is eligible for award of more than one program facility, the Department reserves the right, based upon the vendor's demonstrated organizational capability and the best interest of the City, respectively, to determine how many and for which program facility(ies) the vendor will be awarded a contract.

SMALL BUSINESS SERVICES

■ SOLICITATIONS

Services (Other Than Human Services)

NYC BUSINESS SOLUTIONS TRAINING GRANT - RFA – Other – PIN# RFA801WDC006 – DUE 06-22-07 AT 5:00 P.M. – The New York City Department of Small Business Services is pleased to announce up to $1 million in grants available to train and advance new and current workers. The NYC Business Solutions Training Grant is designed to grow the City's economy by enabling employers to create and retain jobs, increase wages, build skills, and help workers advance in their careers.

To date, New York City has awarded over $2.57 million to 29 growing companies to train 1,847 New Yorkers, matched by $3.67 million in employer contributions. Up to $1 million is available in this round for employers in the following sectors: Aviation, Construction, Film/Media, Financial Services, Healthcare/Bioscience, Hospitality/Tourism, Industrial/ Manufacturing, Retail and Technology. The grant can fund up to 50 percent of eligible training costs ($300,000 maximum), with the employer paying the balance. Please visit http://www.nyc.gov/training to access a copy of the application or for additional information and instructions. If you have any questions, please contact us at training@sbs.nyc.gov Applications are due by June 22, 2007.

Significant improvements were made to the grant, enabling us to find a greater range of business training needs. In addition to occupational training, the grant will now fund Work Readiness Training, which includes but is not limited to, adult literacy and numeracy (reading and math), English as a Second Language (ESL), and workplace behavior skills (such as timeliness, communication, and interpersonal skills).

Two Pre-Submission Information Sessions: attend one of two sessions that will take place at the NYC Department of Small Business Services, 7th Floor, 110 William Street, New York, NY 10038 on June 1, 2007. Businesses and intermediaries planning to apply may register for the sessions by sending an email to training@sbs.nyc.gov, indicating the organization's name and which session they will attend, 9:30 A.M. - 11:00 A.M. or 1:30 P.M. - 3:00 P.M.

AGENCY RULES

BUILDINGS

■ NOTICE

NOTICE OF ADOPTION OF RULE

NOTICE IS HEREBY GIVEN, pursuant to the authority vested in the Commissioner of the Department of Buildings by Section 643 of the New York City Charter and in accordance with Section 1043 of the Charter, that the Department of Buildings hereby adopts the amendment to section 13-11 and new chapter 48 of Title 1 of the Official Compilation of the Rules of the City of New York, regarding construction superintendents.

This rule was first published on January 30, 2007 and a public hearing thereon was held on March 1, 2007. This rule shall take effect 30 days from the date hereof.

Dated: 1 June 07
New York, New York

Patricia J. Lancaster, F.A.I.A.
Commissioner

Section 1. Title 1 of the Rules of the City of New York is amended by adding a new Chapter 48, to read as follows:

Chapter 48
Construction Superintendents

§ 48-01 General Provisions
(a) *Definitions.* For the purposes of this chapter, the following terms shall have the following meanings:

(1) *Commissioner.* The term "Commissioner" shall mean the Commissioner of the Department of Buildings or his or her designee.

(2) *Construction superintendent.* The term "construction superintendent" shall mean the individual responsible for those duties defined in §48-02 of this chapter and registered in accordance with the provisions of §48-03 of this chapter.

(3) *Days.* The term "days" shall mean calendar days unless otherwise specified.

(4) *Department.* The term "Department" shall mean the Department of Buildings.

(5) *Job.* The term "job" shall mean a construction project that is the subject of one or more Department-issued demolition or new building permits for buildings up to and including 14 stories, or other structures or permit types as the Commissioner may designate, excluding one-, two- and three-family dwellings. Beginning one year after the effective date of this rule, the term "job" shall also apply to Department-issued demolition or new building permits for a one-, two- or three-family dwelling. The term "job" shall not include work for which a site safety manager has been designated pursuant to the Building Code and the Department's rules.

(6) *Permittee.* The term "permittee" shall mean the individual applying for and receiving Department-issued job permits.

(b) *Permits.*
(1) Beginning on the 180th day following the effective date of this rule, no demolition or new building permit shall be issued or renewed for a job until the permittee or his or her representative has designated on the permit application form for the job a construction superintendent registered with the Department of Buildings in accordance with the provisions of §48-03 and, at the permittee's option, up to three registered construction superintendents as alternates. Except where an architect or engineer is designated, the construction superintendent and the alternate(s) shall be employees of the permittee.
(2) Where a registered construction superintendent is relieved of duties by the permittee, all jobs on which the designated construction superintendent is relieved shall be stopped and the permits shall be deemed suspended unless he or she is replaced by another registered construction superintendent within a period of five (5) business days from the date the construction superintendent has been relieved of such duties.

§ 48-02 Duties.
(a) *Availability and Compliance.* A construction superintendent shall have responsibilities including, but not limited to:
(1) availability to the Department at all times, including emergencies; advising the Department of contact information and changes thereto; engaging in sound construction practices; acting in a reasonable and responsible manner to maintain a safe construction site; reporting immediately to the Department any fatality, injury to persons resulting in hospitalization or injury to property occurring on or adjacent to the job site that arises from the construction work; and
(2) to the extent that an architect or engineer is not responsible, assuring compliance with the applicable approved plans and the requirements of sections 27-132(b), 27-221, Subchapter 19 of Chapter 1 of Title 27 and all other provisions of the Administrative Code and rules and regulations as they relate to the duties of a person superintending work.

(b) *Obligation to cooperate with inquiries.* All registered construction superintendents shall cooperate in any investigation by the Department, or other city or law enforcement agency, into the activities at any job site under their supervision and shall provide prompt, accurate and complete responses to reasonable inquiries by the Department and other agencies about the conduct of such business.

(c) *Limitation of Duties.*
(1) An individual may be designated as construction superintendent for that number of jobs he or she can adequately supervise, to a maximum of ten (10) at any one time.
(2) Upon a request made in writing by a registered construction superintendent, the Commissioner may approve an increase in the maximum number of jobs to be supervised involving one-, two- or three-family dwellings only, up to a maximum of twenty-five (25) at any one time, provided the jobs occur on contiguous tax or zoning lots.

(d) *Obligation to comply with an order of the Commissioner.* All registered construction superintendents shall comply with an order of the Commissioner.

(e) *Obligation to advise Department of relief from duties.*
(1) All registered construction superintendents shall immediately notify the Department in writing in a form or other manner determined by the Commissioner upon being relieved of their duties in connection with any job permit on which they are designated.
(2) All permittees shall immediately notify the Department in writing in a form or other manner determined by the Commissioner upon the relief of duty of a construction superintendent who is designated upon a permit application filed by the permittee.

§ 48-03 Registration of Construction Superintendents.
(a) *Effective Date.* On or after the 180th day following the effective date of this rule, all individuals serving as construction superintendents for jobs must be registered with the Department, except as otherwise provided in subdivision f of this section.

(b) *Registration with Department.* The Department shall register all construction superintendents who meet the qualifications herein.

(c) *Form and manner of registration.* An application for registration shall be submitted in a form and manner determined by the Commissioner, including electronically, and provide such information as the Commissioner may require.

(d) *Qualifications.* The Department shall issue a Construction Superintendent registration to an individual who shall, at the time of his or her application, submit proof that he or she:

(1) is at least 18 years of age;
(2) is able to read and write the English language; and either
(3) is a New York State Licensed Professional Engineer or Registered Architect or a Department certified site safety manager and has completed within three years immediately preceding the application:
(i) a seven-hour Site Safety Manager course approved by the Department; or
(ii) a 10-hour Occupational Safety and Health Standards for the Construction Industry course; or
(4) within the 10 years immediately preceding the application, has worked for five years in the capacity of construction superintendent as verified by employer or union affidavit and has completed within three years immediately preceding the application:
(i) a seven-hour Site Safety Manager course approved by the Department; and
(ii) a 10-hour Occupational Safety and Health Standards for the Construction Industry course; or
(5) within the 10 years immediately preceding the application, has five years of on-site experience in the construction industry as a carpenter, mason, or inspector of building construction as verified by employer or union affidavit and has satisfactorily completed within three years immediately preceding the application:
(i) a 40-hour Site Safety Manager course approved by the Department; and
(ii) a 10-hour Occupational Safety and Health Standards for the Construction Industry course; or
(6) has satisfactorily completed such equivalent course(s) approved by the Commissioner, including those in electronic format.

(e) *Audits.* Applications for registration are subject to audit at any time. Such audit may also be made at any time upon receipt of complaints or evidence of falsification.

(f) *Incumbent application deadlines.*

(1) Notwithstanding the provisions of subdivision a of this section, where, within six (6) months prior to the effective date of this rule, an individual has been designated on a demolition, alteration 1 or new building permit as a construction superintendent and is actively performing the duties of a construction superintendent on the effective date of this rule, he or she may continue to perform such duties without complying with the foregoing if, within one hundred eighty (180) days after the effective date of this rule, application for registration is made to the Department. In such case all necessary evidence, such as course completion certificates and employment affidavits, shall be furnished within one year of such effective date.

(2) One year after the effective date, all individuals serving as job construction superintendents must be registered as such with the Department. All incumbents who are not registered as of that date shall be deemed disqualified from that position and, unless replaced by a registered construction superintendent within a period of five (5) business days from the date of such disqualification, all job permits on which the incumbent has been designated since the effective date, shall be deemed revoked.

(g) *Registration term.* Registrations issued under this rule are valid for three years from the date of issuance.

(h) *Registration Fees.* The initial fee for registration in accordance with these rules is one hundred dollars ($100.00).

(i) *Renewals.*

(1) Renewal applications shall be submitted between thirty (30) and sixty (60) days prior to the expiration date of the registration.

(2) The fee for timely renewal is fifty dollars ($50.00). Renewals not submitted in a timely manner shall be subject to a late surcharge of fifty dollars ($50.00).

(3) Timely renewal applications shall be accompanied by proof that the applicant has, during the one-year prior to renewal, successfully completed:

(i) a seven-hour Site Safety Manager course approved by the Department; or
(ii) any equivalent course(s) approved by the Commissioner, including those in electronic format.

(4) Renewals not filed within one year of registration expiration shall be subject to the requirements of subdivision d of this section.

§ 48-04 Disciplinary Actions.

(a) *Suspension or revocation of registration.*

(1) After notice and the opportunity for a hearing in accordance with the rules of the Department, a construction superintendent registration may be suspended or revoked by the Commissioner, with or without the imposition of penalties, or penalties may be assessed, for violation of any provision of the Building Code, the rules of the Department, the Zoning Resolution or any other applicable laws or rules, inclusive of the provisions of subdivision b of this section. Unless replaced by another registered construction superintendent within five (5) business days of such suspension or revocation, all jobs on which the construction superintendent is designated shall be stopped and the permits shall be deemed suspended until such time as a duly registered construction superintendent is designated or such permits expire.

(2) Notwithstanding the provisions of paragraph one of this subdivision, where the Commissioner finds that emergency action is necessary to protect public safety, the Commissioner may suspend immediately upon notice the registration of a construction superintendent and shall schedule a hearing to be held within fifteen (15) days of such notice in accordance with the rules of the Department. At the conclusion of that hearing, the Administrative Law Judge may lift the suspension, revoke the registration, or, alternatively, if the Administrative Law Judge finds that the summary suspension of the registration was appropriate, but that further hearings are necessary to make a final determination of the charges, the Administrative Law Judge may make a finding as to the need for further hearings and continue the suspension pending such further hearings. Upon such initial suspension, unless replaced by another registered construction superintendent within five (5) business days of the suspension by the Commissioner, all jobs on which the construction superintendent is designated shall be stopped and the permits shall be deemed suspended until such time as a duly registered construction superintendent is designated or such permits expire.

(b) *Penalties.* Penalties assessed pursuant to paragraph one of subdivision a of this section shall not exceed one thousand dollars ($1,000.00) for each violation by a construction superintendent of any of the rules of the Department, the Building Code, the Zoning Resolution or any other applicable laws or rules including, but not limited to any of the following:

(1) Failure, upon receipt of an order or violation notice, to take the action called for in such order or notice.
(2) Failure to respond in a timely manner to any Department inquiry.
(3) Performance or supervision of construction work in a manner contrary to the requirements of applicable codes, rules, the Zoning Resolution or applicable approved plans as they relate to the duties of a person superintending work.
(4) Fraudulent dealing or misrepresentation.
(5) The conviction of a criminal offense relating to offering or receiving a bribe, giving or receiving unlawful gratuities, engaging in official misconduct, or other corruption-related acts, where the underlying act arises out of the registrant's occupation or business dealings with the City of New York or with any other governmental entity.
(6) The making of any false statement in an application for registration or the renewal of a registration or other application or registration required by the Department, or in any proof or instrument in writing in connection therewith.
(7) Exceeding the maximum number of permissible jobs to which the construction supervisor may be designated.
(8) Failure to immediately notify the Department in writing upon being relieved from duties for any job upon which the construction superintendent is designated.

§ 48.05 Obligations of Others.

Nothing in this rule is intended to alter or diminish any obligation otherwise imposed by law on others, including but not limited to, the owner, construction manager, general contractor, contractor, materialman, architect, engineer, site safety manager, land surveyor, or other party involved in a construction project to engage in sound engineering, design, and construction practices, and to act in a reasonable and responsible manner to maintain a safe construction site.

§48-06 Severability.

If any clause, sentence, paragraph, section or part of this rule or the application thereof to any person or circumstance shall for any reason be adjudged by a court of competent jurisdiction to be invalid, such judgment shall not affect, impair or invalidate the remainder of this rule or the application thereof to other persons or circumstances, but shall be confined in its operation to the clause, sentence, paragraph, section or part thereof directly involved in the controversy in which such judgment shall have been rendered and to the person or circumstance involved.

§ 2. Subdivision a of section 13-11 of chapter 13 of title 1 of the Rules of the City of New York is amended by adding new paragraph 16 to read as follows:

* * *

(16) A petition by which the Department seeks an order of suspension or revocation of the registration of a Construction Superintendent.

STATEMENT OF BASIS AND PURPOSE

The foregoing rule is promulgated pursuant to the authority of the Commissioner of Buildings under Sections 643 and 1043(a) of the New York City Charter. The rule promotes public safety by assuring that qualified people with the appropriate knowledge of construction risk prevention supervise construction sites. Previously, the lack of standards for construction superintendents increased the likelihood of accidents at construction sites. By setting consistent standards for the qualification of construction supervisors, the rule benefits the public by increasing the level of on-site construction safety, thereby reducing the number of on-site construction accidents. The rule also benefits the construction industry by further promoting safety on construction sites for both workers and property.

Section 13-11 is being amended to add suspension or revocation of construction superintendent registration to the list of matters that are heard at the Office of Administrative Trials and Hearings.

INDEPENDENT AUDITORS' REPORT

To the Board of Trustees of the
New York City Police Department Police Officers'
Variable Supplements Fund

We have audited the accompanying statements of Plan net assets of The New York City Police Department Police Officers' Variable Supplements Fund (the "Plan") as of June 30, 2006 and 2005, and the related statements of changes in Plan net assets for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, such financial statements present fairly, in all material respects, the Plan net assets as of June 30, 2006 and 2005, and the changes in Plan net assets for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Management's Discussion and Analysis is not a required part of the financial statements, but is supplementary information required by the Governmental Accounting Standards Board. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit this information and express no opinion on it.

MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)
YEARS ENDED JUNE 30, 2006 AND 2005

The narrative discussion and analysis of the financial activities of the New York City Police Officers' Variable Supplements Fund (the "Fund" or the "Plan") for the fiscal years ended June 30, 2006 and 2005 is presented by management as an introduction to the basic financial statements. It is meant to assist the reader in understanding the Fund's financial statements by providing an overall review of financial activities during the year and the effects of significant changes, as well as a comparison with the prior year's activities and results.

Overview of Basic Financial Statements

The following discussion and analysis is intended to serve as an introduction to the Plan's basic financial statements. The basic financial statements are:

- **The Statement of Plan Net Assets** presents the financial position of the Plan at fiscal year end. It indicates the assets available for payment of future benefits and any current liabilities that are owed as of the statement date. Investments are shown at fair value. All other assets and liabilities are determined on an accrual basis.
- **The Statement of Changes in Plan Net Assets** presents the result of activities during the year. All changes affecting the assets and the liabilities of the Plan are reflected on an accrual basis when the activity occurred, regardless of the timing of the related cash flow. In that regard, changes in the fair values of investments are included in the year's activity as net appreciation (depreciation) in fair value of investments.
- **The Notes to Financial Statements** provide additional information that is essential to a full understanding of the data provided in the financial statements. The notes present information about the Plan's accounting policies, significant account balances and activities, material risks, obligations, contingencies, and subsequent events, if any.

The financial statements are prepared in accordance with Governmental Accounting Standards Board Pronouncements ("GASB").

Financial Highlights

- The Fund's total assets exceeded its liabilities by $1.1 billion and $1.0 billion as of June 30, 2006 and 2005, respectively.
- The Fund's Net Assets Held in Trust for pension increased by $28.7 million or 3% compared to fiscal year 2005 and increased by $67.8 million or 7% compared to fiscal year 2004.
- Benefit payments totaled $78.0 million for fiscal year 2006 compared to fiscal year 2005. This reflects an increase of 18%. A total of $66.0 million paid in fiscal year 2005 represented an increase of 18% over year 2004.

Financial Analysis

The Statements of Plan Net Assets for fiscal year 2006 and 2005 showed total assets exceeding total liabilities by $1.1 billion and $1.0 billion respectively. This represents total Fund Net Assets Held in Trust for Benefits. This amount is available to cover the Fund's obligation to pay benefits to the Fund's members. This year the Fund's Net Assets Held in Trust for Benefits increased by $28.7 million or 3% compared to fiscal year 2005. Last year the Fund increased by $67.8 million or 7% compared to 2004. The Investment Portfolio performed better in the current years compared to the prior years due to an upward trend in the Economy. The Fund's Investment Portfolio increased by 5% during fiscal year 2006 and by 7% during fiscal year 2005. With the improvement of the economy the performance of the Investment Portfolio has been increased.

The Fund's 2006 outstanding liabilities of $335 million increased by 12% compared to fiscal year 2005. As of fiscal year ended 2005 liabilities increased to $300 million or by 13% compared to fiscal year 2004. Total liabilities consist of outstanding securities lending transactions of 70%, accrued benefits payable 12% and payable for investment securities purchased of 18% for fiscal year 2006.

Additions

The overall activities of the Fund shown in the Statements of Changes in Plan Net Assets are reflected in the difference between total additions and total deductions resulting in a net increase of $28.7 million for the fiscal year 2006 and $67.8 million for the fiscal year ended 2005. The following items represent the components of this difference, net investment gain of $106.7 million and benefit payments of $78.0 million for 2006, net investment gain of $133.8 million and benefit payments of $66.0 million for 2005 and for fiscal year 2004, net investment gain of $111.3 million and benefit payments of $56.1 million.

Deductions

All administrative and investment expenses are paid by The City of New York and not charged to the Fund. For fiscal year 2006 deductions totaled $78.0 million, $66.0 million was paid in fiscal year 2005 and for fiscal year 2004 the total amount was $56.1 million. This shows an increase of $12.0 million or 18% this year compared to the prior fiscal year and $9.9 million or 18% in 2005 compared to 2004. In addition, benefit payments increased this year primarily as a result of an increase in the number of retirees added to this Plan and the increase in benefit payments.

Funding and Plan Benefits

The New York City Police Pension Fund ("POLICE") is the source of funding for the Fund.

For fiscal year 2006, 2005 and 2004 there were no transfers from POLICE to the Fund.

Eligible retirees were entitled to a benefit of $11,500 for calendar year 2006 payable during December 2006. This benefit rate increases by $500 per year to $12,000 per year by calendar year 2007. These benefits are reduced for certain supplementations and automatic Cost-of-Living Adjustments from POLICE.

All data pertaining to benefits and other information concerning the Fund is discussed in detail in the notes to the financial statements.

The Administrative Code of The City of New York provides that POLICE transfer to the Fund an amount equal to certain excess earning on equity investments, limited to the unfunded accumulated benefit obligation ("ABO") of the Fund. Excess earnings are defined as the amount by which earnings on equity investments of POLICE exceed what those earnings would have been had such Funds been invested at a yield comparable to that available from Fixed-Income Securities (Hypothetical Fixed Income Security Earnings) less any cumulative deficiencies. The Fund also receives credit for investment earnings on Fund assets.

The calculation of the Hypothetical Fixed Income Security Earnings requires the determination of the Hypothetical Interest Rate ("HIR"), which is computed by the Comptroller (Note 4).

Effective fiscal year 2000, the Actuary recommended revision to the calculation of the HIR. This change in methodology would make ("HIR") for POLICE consistent with Chapter 255 of the Laws of 2000 (Chapter 255/00) that modified the methodology for the HIR used for developing the Transferable Earnings Payable from the New York City Employees' Retirement System ("NYCERS")to certain Variable Supplements Funds.

Specifically, in recognition that 30-years U.S. Treasury Securities may become less plentiful in the future and subject to market distortion, the Actuary proposed to determine the HIR for fiscal year 2000 and later by taking an average of the monthly yields of 10-year U.S. Treasury Notes as published in Federal Reserve Statistical Bulletin H.15 and increasing it by 15%.

At its March 14, 2001 meeting, the Board of Trustees of the POLICE adopted this revised methodology for use in connecting with the calculation of the HIR for fiscal year 2000 and later.

Investments

The Board of Trustees of the Fund, in accordance with existing laws, has the authority to determine the manner in which the assets of the Funds are invested. Investments are made by the New York City Comptroller, who acts as custodian of the assets. The primary object of the Fund is to provide benefits for its members and provide for growth in membership and also be prepared for inflation. Investments are made with the objective of minimizing risks and maintaining a high competitive return. Diversification has increased investment results and provided security for the assets of the retirement system. The Comptroller of the City of New York utilizes several investment advisors to manage long-term debt and equity portfolios. Advisors must obtain prior approval before each purchase or sale of a particular security. Investments are valued at fair value. Purchases and sales of Securities are reflected on the trade date. No investment in any one security represents 5% or more of Plan Net Assets Held in Trust for Benefits.

Assets are invested long-term for the benefit of the Fund's participants and their beneficiaries. All investments are managed by registered investments advisors, pursuant to applicable laws and to guidelines issued by the Comptroller. Collectively the investments utilize one domestic equity manager, six domestic fixed-income managers, four international equity managers and one treasury inflation-protected security investment manager. Assets are allocated in accordance with plans adopted periodically by the Fund's Board of Trustees. The percentage in each category is determined based on a study indicating the probable rates of return and levels of risk for various assets' allocations. The actual allocation may vary from this policy mix as market values shift and as investments are added or terminated.

The Fund is expected to earn a higher long-term rate of return than short-term cash accounts, due to the long-term nature of its liabilities and the diversification of its investment holdings. For the ten-year period ending June 30, 2006, the Fund had an annualized return of 7.91%. Investments in assets that are expected to produce higher returns are also subject to greater volatility and may also produce negative returns. Fiscal year 2006 has been a good year for investors. Investments in stock markets within and outside the United States have generally gained value. For example, The Russell 3000 index, a broad measure of the U.S. stock market, gained 9.6% during this period, and the Europe, Australia and Far East (EAFE) Index, the most commonly used measure of performance in developed international markets, gained 26.6%. Lower-rated bonds ended the year essentially gaining 2.8% in value. The returns of the Fund have been consistent with these broad market trends and as a result, the asset allocation followed by the plan produced a combined return of a gain of 10.0%. For the three-year period ending June 30, 2006 the combined return was a gain of 11.8%, and for the five-years period it was a gain of 5.5%.

Cash temporarily idle during the year is subject to conservative investment restrictions, and was invested in obligations of the U.S. Treasury and U.S. agency securities, commercial paper, medium term notes, and repurchase agreements. The average maturity of the investments is 110 days. The Fund earned an average yield of 4.34% which compares with the average yield of 3.99% on three months Treasury Bills and 4.33% for a representative institutional money market Fund. The Fund earned $989,925 in its short-term accounts during FY 2006.

Security Lending Transactions

The Board of Trustees permits the Fund to lend its securities to brokers, dealers and others with an agreement to return the collateral for the same securities in the future. In return, it receives collateral in the form of cash, treasury and US Government Securities at 100% to 105% of the principal, plus accrued interest for reinvestment.

NOTES TO FINANCIAL STATEMENTS
YEARS ENDED JUNE 30, 2006 AND 2005

1. **PLAN DESCRIPTION**

The New York City (the "City") Police Pension Fund administers both the Police Officers' Variable Supplements Fund (the "Fund" or the "Plan") and the Police Superior Officers' Variable Supplements Fund ("PSOVSF"). The Fund operates pursuant to the provisions of Title 13, Chapter 2 of the Administrative Code of The City of New York ("ACNY") and provides supplemental benefits to retired Police Officers. To be eligible to receive Fund benefits, Police Officers must retire, on or after October 1, 1968, and be receiving a service retirement benefit from the New York City Police Pension Fund ("POLICE").

Except for service retirement, Fund benefits are forfeitable upon separation from service.

The Fund is included in the Pension and Other Employee Benefit Trust Funds section of the City's Comprehensive Annual Financial Report.

The PSOVSF is maintained as a separate fund and is not included in these financial statements.

Under current law, the Fund is not to be construed as constituting a pension or retirement system. Instead, it provides defined supplemental payments, other than pension or retirement system allowances, in accordance with applicable statutory provisions. While the City guarantees these payments, the New York State Legislature has reserved to itself and the State of New York (the "State") the right and power to amend, modify, or repeal the Fund and the payments it provides.

At June 30, 2005 and 2004, the dates of the Fund's most recent actuarial valuations, the Fund's membership consisted of:

	2005	2004
Retirees currently receiving payments	$ 9,857	$ 9,131
Active members*	22,788	21,961
Total	$ 32,645	$ 31,092

* Represents the number of actively employed Police Officers as of the June 30 valuation dates.

The Fund provides a guaranteed level of supplemental benefits for Police Officers who retire (or have retired) as Police Officers on service retirement with at least 20 years of service as follows:

(a) For those who retired prior to July 1, 1988, the annual supplemental benefit was $2,500 in Calendar Year 1988. For those who retired during Calendar Year 1988, the benefit was a proportion of $2,500. The benefit increases $500 each year thereafter to a maximum of $12,000 in the Calendar Year 2007 and thereafter.

For those who were members of POLICE prior to July 1, 1988 and who retire after Calendar Year 1988, the benefit for the first year of retirement is a proportion of the annual increased amount computed as described above for the year of retirement and the full amount thereafter.

(b) For those who become members of POLICE on or after July 1, 1988, the annual supplemental benefit is $2,500 for the first twelve months of retirement, increasing by $500 each year until a maximum of $12,000 is payable in the twentieth and later years of retirement. This was modified by Chapter 503 of the Laws of 1995 as discussed below.

Chapter 503 of the Laws of 1995 ("Chapter 503/95") provides that police officers who became members of the Fund on or after July 1, 1988 will receive the maximum $12,000 benefit beginning Calendar Year 2008.

In the past, the New York State Legislature, in recognition of inflation, has increased retirement benefits to retirees of its public pension systems. Any increase in Supplementation or automatic Cost-of-Living Adjustments ("COLA") payable from POLICE for retirees of the Fund under legislation enacted after 1988 will reduce benefits payable from the Fund until the later of: (a) age 62, or (b) Calendar Year 2007 (the twentieth year of retirement or January 1, 2008, if earlier, in the case of new members on and after July 1, 1988).

Chapter 119 of the Laws of 1995 ("Chapter 119/95") provides additional benefits for Supplementation payable from POLICE on and after December 1, 1996 for certain retirees of POLICE effective as elected by the City Council on October 25, 1995.

Chapter 390 of the Laws of 1998 ("Chapter 390/98") provides additional benefits for Supplementation payable from POLICE on and after September 1, 1998 (with a second increase commencing September 1, 1999).

Chapter 125 of the Laws of 2000 ("Chapter 125/00") provides Supplementation benefits from POLICE for certain retirees who retired before Calendar Year 1997 effective September 2000. In addition, Chapter 125/00 provides future COLA increases from POLICE beginning September 2001 and on each subsequent September to eligible retirees.

Chapter 125/00 also provides for a five-year phase-in schedule for funding the additional actuarial liabilities created by benefits provided by Chapter 125/00.

Chapter 278 of the Laws of 2002 ("Chapter 278/02") requires the Fund's Chief Actuary of the Office of the Actuary (the "Actuary") to revise the phase-in period from five years to ten years for funding the additional actuarial liabilities of POLICE created by the benefits provided by this law.
Chapter 278/02 provides that, for the June 30, 2000 actuarial valuation of POLICE, the Actuary is required to recognize, on a theoretical basis, only 10% of the additional actuarial liabilities created by the benefits provided by Chapter 125/00 for determining Fiscal Year 2001 POLICE Employer contributions.

For each of the next eight June 30 actuarial valuations (i.e., June 30, 2001 to June 30, 2008), the Actuary is required to recognize progressively increasing percentages (i.e., 20% to 90%) of the additional actuarial liabilities attributable to Chapter 125/00 for determining the Fiscal Year 2002 to Fiscal Year 2009 POLICE Employer contributions.

For the June 30, 2009 and later actuarial valuations, the Actuary is required to recognize the full amount of the additional actuarial liabilities attributable to Chapter 125/00 for determining Fiscal Years 2010 and later POLICE Employer contributions.

Note, the actuarial liabilities shown herein reflect the full impact of offset for Supplementation benefits and COLA payable under Chapter 125/00. The actuarial liabilities do not reflect the phase-in schedule of Chapter 278/02 for funding the additional actuarial liabilities created by the benefits provided by Chapter 125/00.

Chapter 216 of the Laws of 2002 ("Chapter 216/02") provides that participants of the Fund who retire from POLICE on and after January 1, 2002 with 20 or more years of service are entitled to an additional one-time special lump sum payment in the first year following retirement equal to the cumulative Fund benefits that would have been paid after January 1, 2002 had they retired at the completion of their 20th year of service.

2. **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Basis of Accounting - The Fund is accounted for on an accrual basis where the measurement focus is on the flow of economic resources. Revenues are recognized in the accounting period in which they are earned and expenses are recognized in the period incurred.

Method Used to Value Investments - Investments are valued at fair value. Trading securities are stated at the last reported sales price on a national securities exchange on the last business day of the fiscal year. Securities purchased pursuant to agreements to resell are carried at the contract price, exclusive of interest, at which the securities will be resold. Fair value is defined as the quoted market value on the last trading day of the period, except for the Short-Term Investment Fund (the "STIF") (a money market fund) and the International Investment Funds (the "IIF"). The IIF's are privately traded funds, which are managed by various investment managers on behalf of the Plan. Plan management determines fair value of the IIF's based on information provided by the various investment managers. Management records the STIF at cost, which approximates fair value.

Purchases and sales of securities are reflected on the trade date. Gains or losses on sales of securities are based on the average cost of securities.

Dividend income is recorded on the ex-dividend date. Interest income is recorded as earned on an accrual basis.

No investment in any one security represents 5% or more of the Fund's net assets held in trust for benefits.

Contributions - POLICE is the source of funding for the Fund. Section 13-232 of the ACNY states, among other things, how amounts transferred into the Fund shall be computed.

Income Taxes - Income earned by the Fund is not subject to Federal income tax.

Accrued Benefits Payable - Accrued benefits payable represent either: (1) benefits due and unpaid from the preceding payment date of December 15; or (2) benefits deemed incurred and unpaid (an accrual for a portion of the current Calendar Year benefit) for the Fiscal Year-end of June 30.

Securities Lending Transactions - State Statutes and the Fund Board of Trustees policies permit the Fund to lend its securities (the underlying securities) to broker-dealers and other entities with a simultaneous agreement to return the collateral for the same securities in the future. The Fund's custodian lends the following types of securities: short-term securities; common stock; long-term corporate bonds; U.S. Government and U.S. Government agency bonds; asset-backed securities; and international equities and bonds held in collective investment funds. In return, it receives collateral in the form of cash and treasury and U.S. Government agency securities at 100% to 105% of the principal plus accrued interest for reinvestment. At year-end, the Fund had no custodian credit risk exposure to borrowers because the amounts the Fund owed the borrowers exceeded the amounts the borrowers owed the Fund. The contracts with the fund custodian require borrowers to indemnify the Fund if the borrowers fail to return the securities and if the collateral is inadequate to replace the securities loaned or fail to pay the Fund for income distributions by the securities' issuers while the securities are on loan. All securities loans can be terminated on demand within a period specified in each agreement by either the Fund or the borrowers. Cash collateral is invested in the lending agents' short-term investment pools, which have a weighted average maturity of 90 days. The underlying securities (fixed income) which comprise these pools have an average maturity of ten years.

The securities lending program in which the Fund participates only allows pledging or selling securities in the case of borrower default. Accordingly, the Fund is fully indemnified against any loss of value between the securities loaned and the securities held as collateral.

Governmental Accounting Standards Board ("GASB") Statement No. 28, *Accounting and Financial Reporting for Securities Lending Transactions*, requires that securities loaned as assets be reported in the statements of plan net assets. Cash received as collateral on securities lending transactions and investments made with that cash are reported as assets. Securities received as collateral are also reported as assets if the government entity has the ability to pledge or sell them without a borrower default. Liabilities resulting from these transactions are reported in the statements of fund net assets. Accordingly, the Fund recorded the investments purchased with the cash collateral as collateral from securities lending transactions with a corresponding liability as securities lending transactions.

3. **INVESTMENTS AND DEPOSITS**

The Comptroller of The City of New York (the "Comptroller") acts as an investment advisor to the Plan. In addition, the Plan employs an independent investment consultant as an investment advisor. The Plan utilizes several investment managers to manage the long-term debt and equity portfolios. The managers are regularly reviewed, with regard to both their investment performance and for their adherence to investment guidelines.

Concentration of Credit Risk

The criteria for Plan investments are as follows:

The Plan does not have any investments in any one entity that represent 5% or more of plan net assets.

The legal requirements for Plan investments are as follows:

(a) Fixed income, equity and other investments may be made as permitted by New York State RSSL §§ 176-178(a) and Banking Law § 235, the New York City Administrative Code, and the Legal Investments for New York Savings Banks list as published by The New York State Banking Department, subject to Note 3(b).

(b) Investments up to 15% of total pension fund assets may be made in instruments not expressly permitted by the State RSSL.

Bank of New York ("BONY") is the primary custodian for substantially all of the securities of the Plan.

Cash deposits are insured by the Federal Deposit Insurance Corporation for up to $100,000 per Plan member and are, therefore, fully insured.

Credit Risk— Portfolios other than U.S. Government and related portfolios have credit rating limitations. Investment Grade portfolios are limited to mostly ratings of BBB and above except that they are also permitted a 10% maximum exposure to BB & B rated securities. While Non Investment grade managers are primarily invested in BB & B rated securities, they can also invest up to 7% of their portfolio in securities rated CCC. Non rated securities are considered to be non-investment grade. The quality ratings of investments, by percentage of the rated portfolio, as described by nationally recognized statistical rating organizations are as follows:

* U.S. Treasury Bonds, Notes and Treasury-inflation protected securities are obligations of the U.S. government or explicitly guaranteed by the U.S. government and therefore not considered to have credit risk and are not included above.

Custodial Credit Risk—Deposits are exposed to custodial credit risk if they are uninsured and uncollateralized. Custodial credit risk is the risk that, in the event of a failure of the counterparty, the Plan will not be able to recover the value of its investment or collateral securities that are in the possession of an outside party. Investment securities are exposed to custodial credit risk if the securities are uninsured, are not registered in the name of the Plan and are held by either the counterparty or the counterparty's trust department or agent but not in the Plan's name.

Consistent with the Plan's investment policy, the investments are held by the Plan's custodian and registered in the Plan's name.

No investment in any one security represents 5% or more of Plan Assets Held in Trust for Benefits.

All of the Plan's deposits are insured and/or collateralized by securities held by a financial institution separate from the Plan's depository financial institution.

All of the Plan's securities are held by the Plan's custodial bank in the Plan's name.

Interest Rate Risk—Interest rate risk is the risk that the fair value of investments could be adversely affected by the change in interest rates. Duration limits are used to control the portfolios exposure to interest rate changes. Duration is limited to a range of -1 to .75 years. The lengths of investment maturities (in years), as shown by the percent of the rated portfolio, are as follows:

4. FUNDING

The ACNY provides that POLICE transfer to the Fund an amount equal to certain excess earnings on equity investments, limited to the unfunded Accumulated Benefit Obligation ("ABO") of the Fund. Excess earnings are defined as the amount by which earnings on equity investments of POLICE exceed what those earnings would have been had such funds been invested at a yield comparable to that available from fixed-income securities ("Hypothetical Fixed Income Security Earnings") less any cumulative deficiencies. The Fund also receives credit for investment earnings on Fund assets.

The calculation of the Hypothetical Fixed Income Security Earnings requires the determination of the Hypothetical Interest Rate ("HIR"), which is computed by the Comptroller.

For Fiscal Year 2006, the excess earnings of POLICE, inclusive of prior year's cumulative deficiencies, are estimated to be equal to zero and therefore, no transfer will be due from POLICE to the Fund as of June 30, 2006.

For Fiscal Year 2005, the excess earnings of POLICE, inclusive of prior year's cumulative deficiencies, are estimated to be equal to zero and therefore, no transfer will be due from POLICE to the Fund as of June 30, 2005.

In addition, Chapter 247 of the Laws of 1988 states that if the assets of the Fund are less than the amount required to pay the retirees' guaranteed scheduled annual supplemental benefit payments, then the City is required by law to fund the difference. However, it is not anticipated that the City will be required to contribute directly to the Fund.

The amount shown below as the ABO is the measure of the present value of supplemental benefits estimated to be payable in the future as a result of employee service-to-date. The ABO is calculated as the actuarial present value of credited projected benefits, prorated on service and is intended to help users assess the funded status of the Fund on a going-concern basis, assess progress made in accumulating sufficient assets to pay benefits when due and make comparisons among variable supplements funds.

Actuarial valuations of the Fund are performed annually as of June 30.

A comparison of the ABO as calculated by the Actuary with the Fund net assets held in trust for benefits as calculated by the Actuary as of June 30, 2005 and June 30, 2004 follows:

	Amounts as of June 30 2005	2004
	(In Millions)	
Accumulated benefit obligation for:		
Retirees currently receiving benefits	$ 960.3	$ 832.5
Active members	390.6	386.9
Total accumulated benefit obligation*,**	1,350.9	1,219.4
Net assets held in trust for benefits***	1,036.4	968.7
Unfunded accumulated benefit obligation	$ 314.5	$ 250.7

* The June 30, 2005 and 2004 ABOs decreased by approximately $83.0 million and $112.7 million, respectively, compared to those projected prior to the enactment of Chapters 119/95, 390/98 and 125/00.

The actuarial valuation as of June 30, 2005, used to determine the ABO, was based on revised actuarial assumptions shown below. Under these revised actuarial assumptions as of June 30, 2004, the ABO increased by approximately $43.9 million.

** These total ABOs have been reduced by accrued benefits payable. This basis of reporting the total ABO is consistent with that used to report Plan net assets held in trust for benefits in these financial statements, but may differ from the bases used for other purposes.

*** See Note 2 for valuation of investments in the calculation of Fund net assets held in trust for benefits.

The June 30, 2004 actuarial valuation used to determine the ABO, is based on the same actuarial assumptions and methods as were used in the actuarial valuation as of June 30, 2003.

For purposes of the June 30, 2005 and 2004 actuarial valuations of the Fund, Chapter 125/00 has been taken into account in the determination of the unfunded ABO relative to the Supplementation benefit increases that began Fiscal Year 2001 and to the automatic COLA benefits estimated to begin Fiscal Year 2002 and each future year (Note 1).

Section 13-270 and 13-280 of the ACNY provide that the Boards of Trustees of the Fund and the PSOVSF shall adopt, upon the recommendation of the Actuary, actuarial assumptions as to interest rate, mortality of retirees and estimated number of active members of POLICE in service as of each June 30 who will retire for service with 20 or more years of service as Police Officers and Police Superior Officers, for use in making annual valuations of liabilities.

The following actuarial assumptions represent the recommendations of the Actuary that were used in the actuarial calculations to determine the ABO as of June 30, 2005 and June 30, 2004:

	June 30, 2005	June 30, 2004
Investment rate of return	8.0% per annum.(1)	8.0% per annum.(1)

5. INVESTMENT ADVISORS

The Comptroller of the City (the "Comptroller") utilizes several investment advisors to manage long-term debt and equity portfolios. Advisors must obtain prior approval before each purchase or sale of a particular security. To be eligible for consideration, investments must meet criteria set forth in governing laws and regulations.

6. RELATED PARTIES

Administrative expenses are paid by the City. The Comptroller provides certain administrative services to the Fund. The Actuary is appointed to be the technical advisor to the Fund and the Office of the Actuary provides related actuarial services to the Fund. The City's Corporation Counsel provides legal services to the Fund. The City also provides other administrative services.

The Comptroller has been appointed by law as custodian for the monies and assets of the Plan with revocable discretionary authority. Securities are held by certain banks under custodial agreements with the Comptroller.

7. CONTINGENT LIABILITIES

From time to time, the Fund has a number of claims pending against it and has been named as defendant in a number of lawsuits. The Fund also has certain other contingent liabilities. Management of the Fund, on the advice of legal counsel, believes that such proceedings and contingencies generally do not have a material effect on the Plan net assets or changes in the Plan net assets of the Fund. Under the State statutes and City laws that govern the functioning of the Fund, increases in the obligation of the Fund to members and beneficiaries ordinarily result in increases to the future potential obligations of POLICE.

8. OTHER ACTUARIAL INFORMATION

Actuarial Audit - Pursuant to Section 96 of the New York City Charter, a study of the actuarial assumptions used to value liabilities of the five actuarially-funded New York City Retirement Systems ("NYCRS") is conducted by an independent actuarial firm every two years. The most recent study was published by Gabriel, Roeder, Smith & Company ("GRS") dated October 2003 and analyzed experience for Fiscal Years 1998 through 2001. The Actuary has proposed changes to the actuarial assumptions and methods applicable to the determination of Fiscal Year 2006 Employer contributions to the NYCRS.

Revised Actuarial Assumptions and Methods - In accordance with the ACNY and with appropriate practice, the Boards of Trustees of the five actuarially-funded NYCRS are to periodically review and adopt actuarial assumptions proposed by the Actuary for use in the determination of Employer contributions.

Based upon a review of the October 1999 Watson Wyatt and Company ("Wyatt") study, the Actuary proposed changes to certain actuarial assumptions and methods to be used by the NYCRS for Fiscal Years beginning on and after July 1, 1999 (i.e., Fiscal Year beginning 2000).

Where required, the Board of Trustees of POLICE adopted those changes to the actuarial assumptions and methods that required Board approval and the State Legislature and the Governor enacted Chapter 85 of the Laws of 2000 to provide for those changes of the actuarial assumptions and methods that required legislation, including the investment rate of return assumption of 8.0% per annum.
For the actuarial valuations of the Fund from June 30, 1999 to June 30, 2004, the Actuary used actuarial assumptions that were adopted during Fiscal Year 2000 by the Board of Trustees of POLICE.

After reviewing results of the October 2003 GRS study, the Actuary issued a Report entitled "Proposed Changes in Assumptions and Methods for Determining Employer Contributions for Fiscal Years Beginning on and After July 1, 2005 for the New York City Police Pension Fund" dated August 24, 2005.

The Board of Trustees of POLICE has adopted the Actuary's proposed changes in actuarial assumptions and methods that require Board approval. Those changes to the actuarial assumptions and methods that require legislation, the legislation is pending the actions of the State Legislature and the Governor.

For actuarial valuations of the Fund beginning June 30, 2005, it is anticipated that the Actuary will utilize the actuarial assumptions that were adopted during Fiscal Year 2006 by the Board of Trustees of POLICE.

INDEPENDENT AUDITORS' REPORT

To the Board of Trustees of
New York City Police Department Police Superior Officers'
Variable Supplements Fund

We have audited the accompanying statements of Plan net assets of New York City Police Department Police Superior Officers' Variable Supplements Fund (the "Plan") as of June 30, 2006 and 2005, and the related statements of changes in Plan net assets for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, such financial statements present fairly, in all material respects, the Plan net assets as of June 30, 2006 and 2005, and the changes in Plan net assets for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Management's Discussion and Analysis is not a required part of the financial statements, but is supplementary information required by the Governmental Accounting Standards Board. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit this information and express no opinion on it.

MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)
YEARS ENDED JUNE 30, 2006 AND 2005

The narrative discussion and analysis of the financial activities of New York City Police Superior Officers' Variable Supplements Fund (the "Fund" or the "Plan") for the fiscal years ended June 30, 2006 and 2005 is presented by management as an introduction of the basic financial statements. It is meant to assist the reader in understanding the Fund's financial statements by providing an overall review of financial activities during the year and the effects of significant changes, as well as a comparison with the prior year's activities and results. This discussion and analysis is intended to be read in conjunction with the Plan's financial statements.

Overview of Basic Financial Statements

The following discussion and analysis is intended to serve as an introduction to the Plan's basic financial statements. The basic financial statements are:

- **The Statement of Plan Net Assets** - presents the financial position of the Plan at fiscal year end. It indicates the assets available for payment of future benefits and any current liabilities that are owed as of the statement date. Investments are shown at fair value. All assets and liabilities are determined on an accrual basis.
- **The Statement of Changes in Plan Net Assets** - presents the results of activities during the year. All changes affecting the assets and liabilities of the Plan are reflected on an accrual basis when the activity occurred, regardless of the timing of the related cash flows. In that regard, changes in the fair values of investments are included in the year's activity as net appreciation in fair value of investments.
- **The Notes to Financial Statements** - provide additional information that is essential to a full understanding of the data provided in the financial statements. The notes present information about the Plan's accounting policies, significant account balances and activities, material risks, obligations, contingencies and subsequent events, if any.

The financial statements are prepared in accordance with Governmental Accounting Standards Board ("GASB") Pronouncements.

Financial Highlights

- The Fund's total assets exceeded its liabilities by $1.1 billion as of June 30, 2006 and by $1.1 billion as of June 30, 2005.
- The Plan Net Assets Held in Trust for Benefits at June 30, 2006, increased by $7.6 million or 1% compared to fiscal year 2005 and increased by $12.3 million or 1% compared to fiscal year 2004.
- Benefit payments in fiscal year 2006 totaled $120.3 million; an increase of 13% over the prior year. For fiscal year 2005, a total of $ 106.4 million was paid, representing an increase of 18% over fiscal year 2004.

Financial Analysis

The Statements of Plan Net Assets for fiscal year 2006 and 2005 showed total assets exceeded total liabilities by $1.1 billion for both years. The amounts represent total Plan Net Assets Held in Trust for Benefits; available to cover the Fund's primary obligation to pay benefits to the beneficiaries. Compared with the previous fiscal years; the Plan Net Assets Held in Trust for Benefits as of June 30, 2006 increased by $7.6 million or 1% and as of June 30, 2005 by $12.3 million or 1%.The Fund's Investment Portfolio increased by 1% during fiscal year 2006 and by 5% during fiscal year 2005. Overall, the Investment Portfolio performed better in the current years compared to trends in the prior years due to an upward trend in the economy.

The Fund's outstanding liabilities of $356 million increased by 1.5% compared to fiscal year 2005. Last year the outstanding liabilities totaled $351 million, an increase of 22% compared to fiscal year 2004. Total liabilities as of June 30, 2006 consist of outstanding securities lending transactions of 66%, accrued benefits payable of 16%, and payable for investment securities purchased of 18%.

Additions

The overall activities of the Fund shown in the Statements of Changes in Plan Net Assets are reflected in the difference between total additions and total deductions which resulted in a net increase of $7.6 million and a net increase of $12.3 million for fiscal years ended June 30, 2006 and 2005, respectively. The changes consisted of investment earnings of $127.9 million and benefit payments of $120.3 million in 2006, investment earnings of $118.7 million and benefit payments of $106.4 million for 2005 and for fiscal year 2004, investment earnings totaled $165.6 million and benefit payments $90.5 million.

Deductions

Deductions from the Fund consist mainly of benefit payments to members. All administrative and investment expenses are paid by the City of New York (the "City"). For fiscal year 2006 deductions totaled $120.3 million compared to $106.4 million in fiscal year 2005, which is an increase of $13.9 million or 13% in 2006 compared to 2005. In addition, benefit payments increased this year primarily as a result of an increase in the number of retirees added to this plan and the increase in benefit payments.

Funding and Plan Benefits

The New York City Police Pension Fund ("POLICE") is the source of funding for the Fund.

For fiscal years 2006, 2005 and 2004 there were no transfers from POLICE to the fund.

Eligible retirees were entitled to a benefit of $11,500 for calendar year 2006 payable during December 2006. This benefit rate increases by $500 per year to $12,000 per year by calendar year 2007. These benefits are reduced for certain supplementations and Cost-of-Living Adjustments from POLICE.

All data pertaining to benefits and other information concerning the Fund is discussed in detail in the Notes to the Financial Statements.

The Administrative Code of The City of New York provides that POLICE transfer to the Fund an amount equal

to certain excess earnings on equity investments, limited to the unfunded accumulated benefit obligation ("ABO") of the Fund. Excess earnings are defined as the amount by which earnings on equity investments of POLICE exceed what those earnings would have been had such Funds been invested at a yield comparable to that available from Fixed-Income Securities ("Hypothetical Fixed Income Security Earnings") less any cumulative deficiencies. The Fund also receives credit for investment earnings on Fund assets.

The calculation of the Hypothetical Fixed Income Security Earnings requires the determination of the Hypothetical Interest Rate ("HIR"), which is computed by the Comptroller (see note 4).

Effective fiscal year 2000, the Actuary recommended revisions to calculation of the HIR. This change in methodology makes the HIR for POLICE consistent with Chapter 255 of the Laws of 2000 that modified the methodology for the HIR used for developing the Transferable Earnings payable from the New York City Employees' Retirement System ("NYCERS") to certain Variable Supplements Funds.

Specifically, in recognition that 30-year U.S. Treasury securities may become less plentiful in the future and subject to market distortions, the Actuary proposed to determine the HIR for fiscal year 2000 and later by taking an average of the monthly yields of 10-year Treasury notes as published in Federal Reserve Statistical Release Bulletin H.15 and increasing it by 15%.

At its March 14, 2001 meeting, the Board of Trustees of POLICE adopted this revised methodology for use in connection with the calculation of HIR for fiscal years 2000 and later.

Investments

The Board of Trustees of the Fund, in accordance with existing laws, has the authority to determine the manner in which the assets of the Funds are invested. Investments are made by the New York City Comptroller, who acts as custodian of the Funds. The primary objectives of the Fund are to provide benefits for its members and provide for growth in membership and also be prepared for inflation. Investments are made with the objective to minimize risks and maintain a high competitive return. Diversification has increased investment results and provided security for the assets of the Fund. The Comptroller of the City of New York utilizes several investment advisors to manage long-term debt and equity portfolios. Advisors must obtain prior approval before each purchase or sale of a particular security. Investments are valued at fair value. Purchase and sale of securities are reflected on the trade date. No investment in any one security represents 5% or more of the Plan Net Assets Held in Trust for Benefits.

The Fund is expected to earn a higher long –term rate of return than short-term cash accounts, due to the long-term nature of its liabilities and the diversification of its investment holdings. For the ten-year period ended June 30 2006, the Fund had an annualized return of 8.4%. Investments in assets that are expected to produce higher returns are also subject to greater volatility and may also produce negative returns. That was the case in fiscal year 2006, which has been a good one for investors. Investments in stock markets within and outside the United States have generally gained value. For example, The Russell 3000 index, a broad measure of the U.S. stock market, gained 9.6% during this period, and the Europe, Australia and Far East (EAFE) Index, the most commonly used measure of performance in developed international markets, gained 26.6%. Less-developed international markets gained 35.9%. Lower-rated bonds ended the year with a gain of 3.0% in value. The returns of the Fund have been consistent with broad market trend; the asset allocation followed by the Fund produced a combined return of a gain of 11.4%. For the three-year period ending June 30, 2006 the combined gain was 12.7% and for the five-year period it was a gain of 6.3%.

Cash temporarily idle during the year is subject to conservative investment restrictions, and was invested in obligations of the U.S. Treasury and U.S. agency securities, commercial paper, medium-term notes, and repurchase agreements. The average maturity of these investments is 110 days. The Fund earned an average yield of 4.52% which compares with the average of 4.18% on three months Treasury Bills and 3.96% for a representative institutional money market Fund. The Fund earned $378,865 in its short-term accounts during FY2006.

Assets are invested long-term for the benefit of the participants and their beneficiaries. All investments are managed by registered investment advisors, pursuant to applicable law and to guidelines issued by the Comptroller. The Fund utilizes one domestic equity manager, six domestic fixed-income managers, four international equity managers and one treasury inflation-protected security investment manager. Assets are allocated in accordance with plans adopted periodically by the Fund's Board of Trustees. The percentage in each category is determined based on a study indicating the probable rates of return and levels of risk for various assets allocations. The actual allocation may vary from this policy mix as market values shift and as investments are added or terminated.

Security Lending Transactions

The Board of Trustees permits the Fund to lend its securities to brokers, dealers and others with an agreement to return the collateral for the same securities in the future. In return, it receives collateral in the form of cash, treasury and US Government Securities at 100% to 105% of the principal plus accrued interest for reinvestment.

NOTES TO FINANCIAL STATEMENTS
YEARS ENDED JUNE 30, 2006 AND 2005

1. **PLAN DESCRIPTION**

The New York City (the "City") Police Pension Fund administers the Police Superior Officers' Variable Supplements Fund (the "Fund" or the "Plan") and the Police Officers' Variable Supplements Fund ("POVSF"). The Fund operates pursuant to the provisions of Title 13, Chapter 2 of the Administrative Code of The City of New York ("ACNY") and provides supplemental benefits to retired Police Superior Officers (including Sergeants or higher and Detectives). To be eligible to receive Fund benefits, Police Superior Officers must retire, on or after October 1, 1968, and be receiving a service retirement benefit from The New York City Police Pension Fund ("POLICE").

Except for service retirement, Fund benefits are forfeited upon separation from service.

The Fund is included in the Pension and Other Employee Benefit Trust Funds section of The City's Comprehensive Annual Financial Report ("CAFR").

The POVSF is maintained as a separate fund and is not included in these financial statements.

Under current law, the Fund is not to be construed as constituting a pension or retirement system. Instead, it provides defined supplemental payments, other than pension or retirement system allowances, in accordance with applicable statutory provisions. While The City guarantees these payments, The New York State Legislature has reserved to itself and The State of New York (The "State") the right and power to amend, modify, or repeal the Fund and the payments it provides.

At June 30, 2005 and 2004, the dates of the Fund's most recent actuarial valuations, the Fund's membership consisted of:

	2005	2004
Retirees currently receiving payments	13,175	12,212
Active members*	12,536	13,088
Total	$25,711	$25,300

*Represents the number of actively employed Police Superior Officers as of the June 30 valuation dates.

The Fund provides a guaranteed level of supplemental benefits for Police Superior Officers who retire (or have retired) as Police Superior Officers on service retirement with at least 20 years of service as follows:

(a) A Police Superior Officer hired before July 1, 1988, who retires from service as a Police Superior Officer on or after October 1, 1988, receives a defined schedule of benefits starting at an annual rate of $5,000 payable during December 1993 for the Calendar Year 1993 payment.

The benefit increases $500 each year thereafter to a maximum of $12,000 in the Calendar Year 2007 and thereafter.

For those who were members of POLICE prior to July 1, 1988, and who retire after Calendar Year 1993, the benefit for the first year of retirement is a proportion of the annual scheduled amount as described above for the year of retirement and the full amount thereafter.

(b) For those who become members of POLICE on or after July 1, 1988, the annual supplemental benefit is $2,500 for the first twelve months of retirement, increasing by $500 each year until a maximum of $12,000 is payable in the twentieth and later years of retirement. This was later modified by Chapter 444 of the Laws of 2001 ("Chapter 444/01") as discussed below.

Chapter 503 of the Laws of 1995 ("Chapter 503/95") amended the ACNY in relation to the transfer of assets, liabilities and administration of certain pension funds in The New York City Police Department. In addition, this law permits certain active employees with prior service credit before entering POLICE to utilize their original dates of hire for determining benefits from the Fund.

In the past, the New York State Legislature, in recognition of inflation, has increased retirement benefits to retirees of its public pension systems. Any increase in Supplementation benefits or automatic Cost-of-Living Adjustments ("COLA") payable from POLICE for retirees of the Fund under legislation enacted after 1993 will reduce benefits payable from the Fund until the later of: (a) age 62, or (b) Calendar Year 2007 (the twentieth year of retirement in the case of new members on and after July 1, 1988).

Chapter 119 of the Laws of 1995 ("Chapter 119/95") provided additional benefits for Supplementation payable from POLICE on and after December 1, 1996, for Supplementation for certain retirees of POLICE effective as enacted by The City Council on October 25, 1995.

Chapter 444/01 provided that Police Superior Officers who became members of the Fund on and after July 1, 1988, will receive the maximum $12,000 benefit beginning Calendar Year 2008.

Chapter 390 of the Laws of 1998 ("Chapter 390/98") provided additional benefits for Supplementation payable from POLICE on and after September 1, 1998 (with a second increase commencing September 1, 1999).

Chapter 125 of the Laws of 2000 ("Chapter 125/00") provided Supplementation benefits from POLICE for certain retirees who retired before Calendar Year 1997 effective September 2000. In addition, Chapter 125/00 provided future COLA increases from POLICE beginning September 2001 and on each subsequent September to eligible retirees.

Chapter 125/00 also provided for a five-year phase-in schedule for funding the additional actuarial liabilities created by benefits provided by this law.

Chapter 278 of the Laws of 2002 ("Chapter 278/02") required the Fund's Chief Actuary of the Office of the Actuary (the "Actuary") to revise the phase-in period from five years to ten years for funding the additional actuarial liabilities of POLICE created by the benefits provided under Chapter 125/00.

Chapter 278/02 provided that, for the June 30, 2000, actuarial valuation of POLICE, the Actuary is required to recognize, on a theoretical basis, only 10% of the additional actuarial liabilities created by the benefits provided by Chapter 125/00 for determining Fiscal Year 2001 POLICE Employer Contributions.

For each of the next eight June 30 actuarial valuations (i.e., June 30, 2001 to June 30, 2008), the Actuary was required to recognize progressively increasing percentages (i.e., 20% to 90%) of the additional actuarial liabilities attributable to Chapter 125/00 for determining the Fiscal Year 2002 to Fiscal Year 2009 POLICE Employer Contributions.

For the June 30, 2009, and later actuarial valuations, the Actuary was required to recognize the full amount of the additional actuarial liabilities attributable to Chapter 125/00 for determining Fiscal Years 2010 and later POLICE Employer Contributions.

Chapter 152 of the Laws of 2006 ("Chapter 152/06") provided for those changes in actuarial assumptions and methods proposed by the Actuary, including the continuation of the Actuarial Interest Rate ("AIR") assumption of 8% per annum, for determining Employer Contributions to POLICE.

Chapter 152/06 eliminated the use of the ten-year phase-in of Chapter 278/02 for funding the additional actuarial liabilities created by the benefits provided by Chapter 125/00.

Chapter 216 of the Laws of 2002 ("Chapter 216/02") provided that participants of the Fund who retire from POLICE on and after January 1, 2002, with 20 or more years of service are entitled to an additional one-time special lump sum payment in the first year following retirement equal to the cumulative Fund benefits that would have been paid after January 1, 2002, had they retired at the completion of their 20th year of service ("VSF DROP").

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The Fund is accounted for on an accrual basis where the measurement focus is on the flow of economic resources. Revenues are recognized in the accounting period in which they are earned and expenses are recognized in the period incurred.

Method Used to Value Investments - Investments are valued at fair value. Trading securities are stated at the last reported sales price on a national securities exchange on the last business day of the fiscal year. Securities purchased pursuant to agreements to resell are carried at the contract price, exclusive of interest, at which the securities will be resold. Fair value is defined as the quoted market value on the last trading day of the period, except for the Short-Term Investment Fund (the "STIF") (a money market fund) and the International Investment Funds (the "IIF"). The IIF's are private funds, which are managed by various investment managers on behalf of the Plan. Plan management determines fair value of the IIF's based on information provided by the various investment managers. Management records the STIF at cost, which approximated fair value.

Purchases and sales of securities are reflected on the trade date. Gains or losses on sales of securities are based on the average cost of securities.

Dividend income is recorded on the ex-dividend date. Interest income is recorded as earned on an accrual basis.

No investment in any one security represents 5% or more of the plan net assets held in trust for benefits.

Contributions - POLICE is the source of funding for the Fund. Section 13-232 of the ACNY states, among other things, how amounts transferred into the Fund shall be computed.

Income Taxes - Income earned by the Fund is not subject to Federal income tax.

Accrued Benefits Payable - Accrued benefits payable represent either: (1) benefits due and unpaid from the preceding payment date of December 15 or (2) benefits deemed incurred and unpaid (an accrual for a portion of the current calendar year benefit) for the Fiscal Year end of June 30.

Securities Lending Transactions - State Statutes and the Board of Trustees policies permit the Fund to lend its securities to broker-dealers and other entities with a simultaneous agreement to return the collateral for the same securities in the future. The Fund's custodian lends the following types of securities: short-term securities, common stock, long-term corporate bonds, U.S. Government and U.S. Government agencies bonds, asset-backed securities and international equities and bonds held in collective investment funds. In return, it receives collateral in the form of cash and treasury and U.S. Government agency securities at 100% to 105% of the principal plus accrued interest for reinvestment. At year-end, the Fund had no credit risk exposure to borrowers because the amounts the Fund owes the borrowers exceed the amounts the borrowers owe the Fund. The contracts with the Fund custodian require borrowers to indemnify the Fund if the borrowers fail to return the securities and if the collateral is inadequate to replace the securities loaned or fail to pay the Fund for income distributions by the securities' issuers while the securities are on loan. All securities loans can be terminated on demand within a period specified in each agreement by either the Fund or the borrowers. Cash collateral is invested in the lending agents' short-term investment pools, which have a weighted-average maturity of 90 days. The underlying fixed income securities which comprise these pools have an average maturity of ten years.

The securities lending program in which the Fund participates only allows pledging or selling securities in the case of borrower default. Accordingly, the Fund is fully indemnified against any loss of value between the securities lent and the securities held as collateral.

Governmental Accounting Standards Board (GASB) Statement No. 28, *Accounting and Financial Reporting for Securities Lending Transactions*, requires that securities loaned as assets be reported in the statements of plan net assets. Cash received as collateral on securities lending transactions and investments made with that cash are reported as assets. Securities received as collateral are also reported as assets if the government entity has the ability to pledge or sell them without a borrower default. Liabilities resulting from these transactions will be reported in the Statements of Plan Net Assets. Accordingly, the Fund recorded the investments purchased with the cash collateral as collateral from securities lending transactions with a corresponding liability as securities lending transactions.

3. INVESTMENTS AND DEPOSITS

The Comptroller of The City of New York (the "Comptroller") acts as an investment advisor to the Plan. In addition, the Plan employs an independent investment consultant as an investment advisor. The Plan utilizes several investment managers to manage the long-term debt and equity portfolios. The managers are regularly reviewed, with regard to both their investment performance and for their adherence to investment guidelines.

Concentration of Credit Risk - The Plan does not have any investments in any one entity that represent 5% or more of plan net assets.

The legal requirements for Plan investments are as follows:

Fixed income, equity and other investments may be made as permitted by New York State RSSL §§ 176-178(a) and Banking Law § 235, the New York City Administrative Code, and the Legal Investments for New York Savings Banks list as published by The New York State Banking Department, subject to Note 3(b).

Investments up to 15% of total pension fund assets may be made in instruments not expressly permitted by the State RSSL.

Bank of New York ("BONY") is the primary custodian for substantially all of the securities of the Plan.

Cash deposits are insured by the Federal Deposit Insurance Corporation for up to $100,000 per Plan member and are, therefore, fully insured.

Credit Risk— Portfolios other than U.S. Government and related portfolios have credit rating limitations. Investment Grade portfolios are limited to mostly ratings of BBB and above except that they are also permitted a 10% maximum exposure to BB & B rated securities. While Non Investment grade managers are primarily invested in BB & B rated securities, they can also invest up to 7% of their portfolio in securities rated CCC. Non rated securities are considered to be non-investment grade. The quality ratings of investments, by percentage of the rated portfolio, as described by nationally recognized statistical rating organizations, are as follows:

*U.S. Treasury Bonds, Notes and Treasury-inflation protected securities are obligations of the U.S. government or explicitly guaranteed by the U.S. government and therefore not considered to have credit risk and are not included above.

Custodial Credit Risk - Deposits are exposed to custodial credit risk if they are uninsured and uncollateralized. Custodial credit risk is the risk that, in the event of a failure of the counterparty, the Plan will not be able to recover the value of its investment or collateral securities that are in the possession of an outside party. Investment securities are exposed to custodial credit risk if the securities are uninsured, are not registered in the name of the Plan and are held by either the counterparty or the counterparty's trust department or agent but not in the Plan's name.

Consistent with the Plan's investment policy, the investments are held by the Plan's custodian and registered in the Plan's name.

All of the Plan's deposits are insured and or collateralized by securities held by a financial institution separate from the Plan's depository financial institution.

All of the Plan's securities are held by the Plan's custodial bank in the Plan's name.

Interest Rate Risk - Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of the investment. Duration limits are used to control the portfolios exposure to interest rate changes. Duration is limited to a range of -1 to .75 years. The length of investment maturities (in years) are as follows:

4. FUNDING

The ACNY provides that POLICE transfer to the Fund an amount equal to certain excess earnings on equity investments, limited to the unfunded Accumulated Benefit Obligation ("ABO") of the Fund. Excess earnings are defined as the amount by which earnings on equity investments of POLICE exceed what those earnings would have been had such funds been invested at a yield comparable to that available from fixed-income securities ("Hypothetical Fixed Income Security Earnings") less any cumulative deficiencies. The Fund also receives credit for investment earnings on Fund assets.

The calculation of the Hypothetical Fixed Income Security Earnings requires the determination of the Hypothetical Interest Rate ("HIR"), which is computed by the Comptroller.

For Fiscal Year 2006, the excess earnings of POLICE, inclusive of prior year's cumulative deficiencies, are estimated to be equal to zero and therefore, no transfer will be due from POLICE to the Fund as of June 30, 2006.

For Fiscal Year 2005, the excess earnings of POLICE, inclusive of prior year's cumulative deficiencies, are estimated to be equal to zero and therefore, no transfer will be due from POLICE to the Fund as of June 30, 2005.

In addition, Chapter 479 of the Laws of 1993 states that if the assets of the Fund are less than the amount required to pay the retirees' guaranteed scheduled annual supplemental benefit payments, then The City is required by law to fund the difference. However, it is not anticipated that The City will be required to contribute directly to the Fund.

The amount shown below as the ABO is the measure of the present value of supplemental benefits estimated to be payable in the future as a result of employee service-to-date. The ABO is calculated as the actuarial present value of credited projected benefits, prorated on service and is intended to help users assess the funded status of the Fund on a going-concern basis, assess progress made in accumulating sufficient assets to pay benefits when due and make comparisons among variable supplements funds.

Actuarial valuations of the Fund are performed annually as of June 30.

A comparison of the ABO as calculated by the Actuary with the Plan net assets held in trust for benefits as calculated by the Actuary as of June 30, 2005 and 2004, follows (in millions):

	Amount 2005	Amount 2004
Accumulated benefit obligation for:		
Retirees currently receiving benefits	$ 1,392.2	$ 1,236.4
Active members	860.9	787.4
Total accumulated benefit obligation*, **	2,253.1	2,023.8
Plan net assets held in trust for benefits***	1,101.9	1,089.5
Unfunded accumulated benefit obligation	$ 1,151.2	$ 934.3

* The June 30, 2005 and 2004, ABOs decreased by approximately $87.5 million and $113.8 million, respectively, compared to those projected prior to the enactment of Chapters 119/95, 390/98 and 125/00.

The actuarial valuation as of June 30, 2005, used to determine the ABO, was based on revised actuarial assumptions shown below. Under these revised actuarial assumptions as of June 30, 2004, the ABO increased by approximately $86.1 million.

** These total ABOs have been reduced by accrued benefits payable. This basis of reporting the total ABO is consistent with that used to report Plan net assets held in trust for benefits in these financial statements, but may differ from the bases used for other purposes.

*** See note 2 for valuation of investments in the calculation of Plan net assets held in trust for benefits.

The June 30, 2004, actuarial valuation, used to determine the ABO, is based on the same actuarial assumptions and methods as were used in the actuarial valuation as of June 30, 2003.

For purposes of the June 30, 2005 and 2004, actuarial valuations of the Fund, Chapter 125/00 has been taken into account in the determination of the unfunded ABO relative to the Supplementation benefit increases that began Fiscal Year 2001 and to the automatic COLA estimated to begin Fiscal Year 2002 and each future year (see Note 1).

Sections 13-270 and 13-280 of the ACNY provide that the Boards of Trustees of the POVSF and the Fund shall adopt, upon the recommendation of the Actuary, actuarial assumptions as to interest rate, mortality of beneficiaries and estimated number of active members of POLICE in service as of each June 30 who will retire for service with 20 or more years of service as Police Officers and Police Superior Officers, for use in making annual valuations of liabilities.

The following actuarial assumptions represent the recommendations of the Actuary that were used in the actuarial calculations to determine the ABO as of June 30, 2005 and 2004, respectively:

	2005	2004
Investment rate of return	8.0% per annum.(1)	8.0% per annum.(1)
Post-retirement mortality	Tables adopted by POLICE during Fiscal Year 2006.	Tables adopted by POLICE during Fiscal Year 2000.
Active service: withdrawal, death, and disability	Tables adopted by POLICE during Fiscal Year 2006.	Tables adopted by POLICE during Fiscal Year 2000.
Service retirement	Tables adopted by POLICE during Fiscal Year 2006.	Tables adopted by POLICE during Fiscal Year 2000.
Percentage of all active POLICE members estimated to retire for service with 20 or more years of service as Police Superior Officers	50%	50%
Percentage of all active Police Superior Officers estimated to retire for service with 20 or more years of service as Police Superior Officers	100%	100%
Cost-of-Living Adjustments	1.3% per annum.(1)	1.3% per annum.(1)
Actuarial Asset Valuation Method	Fair Market Value.	Fair Market Value.

(1) Developed assuming a long-term Consumer Price Inflation assumption of 2.5% per year.

5. INVESTMENT ADVISORS

The Comptroller of The City (the "Comptroller") utilizes several investment advisors to manage long-term debt and equity portfolios. Advisors must obtain prior approval before each purchase or sale of a particular security. To be eligible for consideration, investments must meet criteria set forth in governing laws and regulations.

6. RELATED PARTIES

Administrative expenses are paid by The City. The Comptroller provides certain administrative services to the Fund. The Actuary is appointed to be the technical advisor to the Fund and the Office of the Actuary provides related actuarial services to the Fund. The City's Corporation Counsel provides legal services to the Fund. The City also provides other administrative services.

The Comptroller has been appointed by law as the custodian for monies and assets of the Plans with revocable discretionary authority. Securities are held by certain banks under custodial agreements with the Comptroller.

7. CONTINGENT LIABILITIES

From time to time the Fund has a number of claims pending against it and has been named as defendant in a number of lawsuits. The Fund also has certain other contingent liabilities. Management of the Fund, on the advice of legal counsel, believes that such proceedings and contingencies generally do not have a material effect on the plan net assets or changes in the plan net assets of the Fund. Under the State statutes and City laws that govern the functioning of the Fund, increases in the obligation of the Fund to members and beneficiaries ordinarily result in increases to the future potential obligations of POLICE.

8. OTHER ACTUARIAL INFORMATION

Actuarial Audit—Pursuant to Section 96 of the New York City Charter, studies of the actuarial assumptions used to value liabilities of the five actuarially-funded New York City Retirement Systems ("NYCRS") are conducted every two years. The most recent study was published by The Segal Company ("Segal") dated May 2006 and analyzed experience for Fiscal Years 2002 through 2003. Segal intends to make recommendations to the actuarial assumptions and methods after the completion of the analysis of the experience for Fiscal Years 2004 and 2005 which should be completed in the Winter 2006.

Revised Actuarial Assumptions and Methods—In accordance with the ACNY and with appropriate practice, the Boards of Trustees of the five actuarially-funded NYCRS are to periodically review and adopt actuarial assumptions as proposed by the Actuary for use in the determination of Employer Contributions.

Based upon a review of an October 2003 experience study by Gabriel, Roeder, Smith & Company ("GRS"), the Actuary issued an August 24, 2005 Report entitled "Proposed Changes in Actuarial Assumptions and Methods for Determining Employer Contributions for Fiscal Years Beginning on and After July 1, 2005 for the New York City Police Pension Fund" ("August 2005 Report"). Where required, the Board of Trustees of POLICE adopted those changes to actuarial assumptions that required Board approval and the State Legislature and the Governor have enacted Chapter 152/06 to provide for those changes to the actuarial assumptions and methods that required legislation, including the AIR assumption of 8.0% per annum.

For the actuarial valuations of the Fund from June 30, 1999 to June 30, 2004, the Actuary used actuarial assumptions that were adopted during Fiscal Year 2000 by the Board of Trustees of POLICE.

For the actuarial valuations of the Fund beginning June 30, 2005, the Actuary used actuarial assumptions that were adopted during Fiscal Year 2006 by the Board of Trustees of POLICE.

READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in Crosby v. National Foreign Trade Council, 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists--free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

RENT GUIDELINES BOARD

■ PUBLIC HEARINGS

NOTICE IS HEREBY GIVEN THAT THE NEW YORK CITY RENT GUIDELINES BOARD will hold a public hearing on Tuesday, **June 12, 2007** at the "Great Hall" at Cooper Union, 7 East 7th Street at the corner of 3rd Avenue, New York, NY 10003 to consider public comments concerning rent adjustments for renewal leases for apartments, lofts, hotels and other housing units subject to the Rent Stabilization Law of 1969 and the Emergency Tenant Protection Act of 1974. These adjustments will affect renewal leases commencing between October 1, 2007 through September 30, 2008.

Public comments regarding proposed rent adjustments for rent stabilized apartments, lofts, and hotels (including class A and class B hotels, SROs, rooming houses and lodging houses) will take place between the hours of **10:00 A.M. to 6:00 P.M.** on Tuesday, **June 12, 2007.** Registration of speakers is required and pre-registration is now being accepted and is advised. Pre-registration requests for the hearing must be received before 1:00 P.M. on Monday, **June 11, 2007.** For further information and to pre-register for the public hearing call the Board at (212) 385-2934 or write to the Rent Guidelines Board, 51 Chambers Street, Rm. 202, New York, NY 10007. Persons who request that a sign language interpreter or other form of reasonable accommodation for a disability be provided at the hearing are requested to notify Ms. Charmaine Frank at the above address by **Monday, June 4, 2007** by 4:30 P.M.

Proposed rent guidelines for all of the above classes of stabilized housing units were adopted on **Monday, May 7, 2007** and published in the City Record on **Friday, May 11, 2007.** Copies of the proposed guidelines are available from the Rent Guidelines Board staff office at the above listed address and at the Board's website: **housingnyc.com.**

In order to ensure that the members of the Rent Guidelines Board are able to deliberate and to hear members of the public with regard to renewal lease adjustments, and that members of the public are able to participate meaningfully in the public meeting and hearing process, items that are reasonably likely to disrupt the proceedings, such as noisemakers and drums, are prohibited and may not be brought into meeting and hearing venues. We encourage you to arrive early to avoid delays and help speed the entry of all members of the public. Your cooperation, patience and understanding are greatly appreciated.

SMALL BUSINESS SERVICES

■ PUBLIC HEARINGS

On behalf of
THE CITY COUNCIL
NOTICE OF A PUBLIC HEARING

The City Council, by resolution adopted on May 30, 2007, set June 26, 2007 as the date, 10:00 a.m. as the time, and the City Council Committee Room, 2nd Floor, City Hall, New York, New York 10007, as the place for a public hearing (the "Public Hearing") to hear all persons interested in the proposed legislation which would establish the Sunnyside Business Improvement District (the "District") in the Borough of Queens. The District shall be established in accordance with a district plan (the "District Plan") on file at the Office of the City Clerk. The City Council has authorized the Department of Small Business Services to publish, on its behalf, this notice of the Public Hearing containing the information required by Section 25-406(c) of the Administrative Code of the City of New York and summarizing the resolution adopted.

The District Plan was submitted to, and reviewed by, the City Planning Commission and Queens Community Board Number 2. The Community Board and the City Planning Commission have approved the District Plan.

The District Plan provides that the proposed District shall generally include properties on both sides of Queens Boulevard from 38th Street to 50th Street, GreenPoint Avenue between 42nd Street to 48th Street, and Roosevelt Avenue from 48th Street to 50th Street. Services to be provided in the District shall include, but not be limited to street maintenance, security, marketing and promotion, holiday lighting, beautification, administration of the District and additional services required for the enjoyment and protection of the public and the promotion and enhancement of the District (hereinafter "Services"). Pursuant to the District Plan, capital improvements (hereinafter "Improvements") may include, but shall not be limited to: sidewalk plantings, sidewalk logos and plaques, information boards and kiosks, pedestrian crossing enhancements, identification of nearby sights and landmarks. The Improvements shall be implemented on an as-needed basis. During the existence of the BID, the maximum cost of the Improvements, if any, shall not exceed $1,000,000. The District shall be managed by the Sunnyside District Management Association, Inc.

To defray the cost of Services and Improvements provided in the District, all real property in the District shall be assessed in proportion to the benefit such property receives from the Services and Improvements. Each property shall be assessed at a rate, determined annually by the Sunnyside District Management Association, Inc., to yield an amount sufficient to meet the District's annual budget. The annual budget for the District's first year of operation is $300,000.

Those properties within the District which are devoted in whole or in part to commercial uses shall constitute Class A properties and shall be assessed in accordance with the following formula:

$$\text{Rate 1} = \frac{\text{50 \% of the BUDGET}}{\text{TOTAL CLASS A FRONT FEET}}$$

$$\text{Rate 2} = \frac{\text{50 \% of the BUDGET}}{\text{TOTAL CLASS A ASSESSED VALUATION}}$$

INDIVIDUAL ASSESSMENT = Rate 1 x INDIVIDUAL PROPERTY FF + Rate 2 x INDIVIDUAL PROPERTY AV

Class A property shall be assessed at a rate not more than $23 per individual property front foot plus not more than $0.007 per dollar of assessed valuation for the first Contract Year.

Those properties within the District which are devoted in whole to residential uses shall constitute Class B properties and shall be assessed at one dollar ($1.00) per year.

All government and not-for-profit properties devoted in whole to public or not-for-profit use shall constitute class C property and be exempt from district assessment. Government or not-for-profit owned property devoted in part to commercial or for-profit uses shall constitute class A property and the portion of the property devoted to commercial/for-profit uses shall be assessed in the same manner as those properties listed in class A.

All vacant lots, if any, with 20 feet of frontage or less shall constitute Class D properties and shall be assessed at one dollar ($1.00) per year; and any vacant lots with more than 20 feet of frontage shall be assessed at five hundred dollars ($500) per year.

The amount, exclusive of debt service, assessed and levied in any given year against benefited real property within the District may not exceed twenty percent (20%) of the total general City taxes levied in such year against such properties.

Copies of the resolution adopted by the City Council, which include a copy of the District Plan, are available for public inspection from 9:00 A.M. to 4:00 P.M. Monday through Friday at the Office of the City Clerk located at 265 Municipal Building (South Side), One Centre Street, New York, New York 10007. In addition, copies of the resolution are available free of charge to the public at the Office of the City Clerk. Any owner of real property, deemed benefited and therefore within the District, objecting to the District Plan, must file an objection at the Office of the City Clerk, on forms made available by the City Clerk, within thirty (30) days of the close of the hearing on the proposed District. If owners of at least fifty-one percent (51%) of the assessed value of benefited real property situated within the boundaries of the District proposed for establishment, as shown on the latest completed assessment roll of the City, or at least fifty-one percent (51%) of the owners of benefited real property within the area included in the District proposed for establishment file objections with the City Clerk, the District shall not be established.

JUVENILE JUSTICE

■ **SOLICITATIONS**

Human / Client Service

CORRECTION: PROVISION OF NON-SECURE DETENTION CENTERS – Negotiated Acquisition – Judgment required in evaluating proposals - PIN# 13007DJJ001 – DUE 11-14-08 AT 3:00 P.M. – CORRECTION: The NYC Department of Juvenile Justice (DJJ) is seeking one or more appropriately qualified vendors to provide non-secure detention services for youth. Services shall include, but not be limited to, custody, basic youth care, food, clothing, shelter, education, health care, recreation, court related services, social work and case management services, social skills instruction, group sessions and monitoring and supervision of these services. In addition, the contract will require that a defibrillator shall be located in each program facility and that all staff requiring CPR training shall be certified in use of said defibrillator.

Each program facility will provide at least 10 and no more than 12 beds in accordance with the applicable regulations promulgated by the New York State Office of Children and Family Services (NYS OCFS), 9 N.Y.C.R.R. Section 180 et seq. The Department is seeking to provide services at facilities that will be operational at any time from January 1, 2007 to December 31, 2010. A vendor may submit an offer for more than one Facility Option. Current Agency vendors operating non-secure group homes that have contracts expiring in calendar year 2006 are urged to respond to this solicitation.

All program facilities shall be appropriately equipped to provide services for male or female youth as required by the Department, and be located in one of the five boroughs. The term of the contracts awarded from this solicitation will be for three years and will include an additional three-year option to renew. The anticipated maximum average annual funding available for each contract will be $1,067,000, excluding start-up costs. Proposed start-up costs will be considered in addition to the proposed annual line item budget. Greater consideration will be given to applicants offering more competitive prices.

If your organization is interested in being considered for award of the subject contract, please hand deliver a written expression of interest addressed to my attention at 365 Broadway, 5th Floor, New York, NY 10013. The expression of interest should specifically address the following:

1. Indicate each program facility for which the vendor is submitting.

2. Describe each proposed facility, its location, and proposed date of operation.

3. Attach appropriate documentation demonstrating the current use of each proposed facility and the vendor's site control of the facility for a period of at least 3 years.

4. For each proposed facility,
a) Indicate the number of beds to be provided and demonstrate that the facility has the capacity to provide the indicated number of beds.
b) Demonstrate that the facility will be appropriately equipped to provide services for male or female youth.

5. Demonstrate the vendor's organizational capability to:
a) Provide the indicated number of beds at each proposed facility. (If the vendor is a current provider, also demonstrate the capability to provide the indicated number of beds in addition to those already provided.)
b) Ensure that each proposed facility will be fully operational by required date in accordance with the applicable regulations promulgated by the New York State Office of Children and Family Services (NYS OCFS), 9 N.Y.C.R.R. Section 180 et seq.

6. Demonstrate the quantity and quality of the vendor's successful relevant experience.

7. Attach for each proposed facility three-year annual line item operating budget. Include staffing details. Proposed start up costs should be included in addition to the proposed three-year annual line item operating budget.

All expressions of interest received in the manner set forth will be reviewed to determine if they are responsive to the material requirements of this solicitation. Expressions of interest determined to be non-responsive will not be further considered. Expressions of interest determined to be responsive will be considered in terms of the following factors:

- Appropriateness of each proposed facility.
- Demonstrated site control of each proposed facility.
- Demonstrated level of organizational capability to provide the proposed number of beds and to ensure that each proposed facility if fully operational by the applicable requisite date.
- Demonstrated quantity and quality of successful relevant experience.
- Annual budget amount and cost effectiveness of the budget.

The Department will enter into negotiations with the vendor(s) determined to be the best qualified at the time of evaluation, based on consideration of the above-cited factors. A contract will be awarded to the responsible vendor(s) whose offer(s) is/are determined to be the most advantageous to the City, taking into consideration the price and the other factors set forth in this solicitation. In the case that a vendor is eligible for award of more than one program facility, the Department reserves the right, based upon the vendor's demonstrated organizational capability and the best interest of the City, respectively, to determine how many and for which program facility(ies) the vendor will be awarded a contract.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/ blueprints; other information; and for opening and reading of bids at date and time specified above.

NYC BUSINESS SOLUTIONS TRAINING GRANT - RFA – Other – PIN# RFA801WDC006 – DUE 06-22-07 AT 5:00 P.M. – The New York City Department of Small Business Services is pleased to announce up to $1 million in grants available to train and advance new and current workers. The NYC Business Solutions Training Grant is designed to grow the City's economy by enabling employers to create and retain jobs, increase wages, build skills, and help workers advance in their careers.

To date, New York City has awarded over $2.57 million to 29 growing companies to train 1,847 New Yorkers, matched by $3.67 million in employer contributions. Up to $1 million is available in this round for employers in the following sectors: Aviation, Construction, Film/Media, Financial Services, Healthcare/Bioscience, Hospitality/Tourism, Industrial/Manufacturing, Retail and Technology. The grant can fund up to 50 percent of eligible training costs ($300,000 maximum), with the employer paying the balance. Please visit http://www.nyc.gov/training to access a copy of the application or for additional information and instructions. If you have any questions, please contact us at training@sbs.nyc.gov. Applications are due by June 22, 2007.

Significant improvements were made to the grant, enabling us to find a greater range of business training needs. In addition to occupational training, the grant will now fund Work Readiness Training, which includes but is not limited to, adult literacy and numeracy (reading and math), English as a Second Language (ESL), and workplace behavior skills (such as timeliness, communication, and interpersonal skills).

Two Pre-Submission Information Sessions: attend one of two sessions that will take place at the NYC Department of Small Business Services, 7th Floor, 110 William Street, New York, NY 10038 on June 1, 2007. Businesses and intermediaries planning to apply may register for the sessions by sending an email to training@sbs.nyc.gov, indicating the organization's name and which session they will attend, 9:30 A.M. - 11:00 A.M. or 1:30 P.M. - 3:00 P.M.

AGENCY RULES

HOUSING PRESERVATION AND DEVELOPMENT

■ NOTICE

Notice of Adoption of Rules Governing

Tax Exemption under §421-a of the Real Property Tax Law

NOTICE IS HEREBY GIVEN PURSUANT TO THE AUTHORITY VESTED IN THE Commissioner of Housing Preservation and Development by §1802 (6)(c) and in accordance with the requirements of §1043 of the New York City Charter that the Department of Housing Preservation and Development intends to modify the rules governing tax exemption under §421-a of the Real Property Tax Law of the State of New York. Additions to the rules are underlined and proposed deletions are [bracketed].

A public hearing was held on May 29, 2007, at 100 Gold Street, 9th floor, Room 9-P10, New York, New York.

Section one. Subdivision (n) of Section 6-08 of Title 28 of the Rules of the City of New York is amended by adding a new paragraph (5) to read as follows:

(5) Notwithstanding anything to the contrary contained in this subdivision, affordable units created to satisfy the requirements of the inclusionary housing program established pursuant to the New York City Zoning Resolution may be used to qualify a multiple dwelling in the geographic exclusion area for the benefits of the Act if at least twenty percent (20%) of the units contained in the multiple dwelling applying for such benefits are affordable to persons of low and moderate income as defined by this chapter.

Statement of Basis and Purpose. This rule amendment would clarify that affordable units created to satisfy the requirements of the Inclusionary Housing Program under the New York City Zoning Resolution would qualify a multiple dwelling in the Geographic Exclusion Area for extended benefits pursuant to Real Property Tax Law Section 421-a if at least 20% of the units are affordable to low and moderate income persons. In other words, the proposed rule amendment affirms that inclusionary housing units are carved out of the "double dipping" prohibition currently applicable to projects in the Geographic Exclusion Area.

READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council**, 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists--free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

PROCUREMENT POLICY BOARD RULES

The Rules may also be accessed on the City Website, http://NYC.GOV.Selltonyc

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

RENT GUIDELINES BOARD

■ PUBLIC HEARINGS

NOTICE IS HEREBY GIVEN THAT THE NEW YORK CITY RENT GUIDELINES BOARD will hold a public hearing on Tuesday, **June 12, 2007** at the "Great Hall" at Cooper Union, 7 East 7th Street at the corner of 3rd Avenue, New York, NY 10003 to consider public comments concerning rent adjustments for renewal leases for apartments, lofts, hotels and other housing units subject to the Rent Stabilization Law of 1969 and the Emergency Tenant Protection Act of 1974. These adjustments will affect renewal leases commencing between October 1, 2007 through September 30, 2008.

Public comments regarding proposed rent adjustments for rent stabilized apartments, lofts, and hotels (including class A and class B hotels, SROs, rooming houses and lodging houses) will take place between the hours of **10:00 A.M. to 6:00 P.M.** on Tuesday, **June 12, 2007.** Registration of speakers is required and pre-registration is now being accepted and is advised. Pre-registration requests for the hearing must be received before 1:00 P.M. on Monday, **June 11, 2007.** For further information and to pre-register for the public hearing call the Board at (212) 385-2934 or write to the Rent Guidelines Board, 51 Chambers Street, Rm. 202, New York, NY 10007. Persons who request that a sign language interpreter or other form of reasonable accommodation for a disability be provided at the hearing are requested to notify Ms. Charmaine Frank at the above address by **Monday, June 4, 2007** by 4:30 P.M.

Proposed rent guidelines for all of the above classes of stabilized housing units were adopted on **Monday, May 7, 2007** and published in the City Record on **Friday, May 11, 2007.** Copies of the proposed guidelines are available from the Rent Guidelines Board staff office at the above listed address and at the Board's website: **housingnyc.com.**

In order to ensure that the members of the Rent Guidelines Board are able to deliberate and to hear members of the public with regard to renewal lease adjustments, and that members of the public are able to participate meaningfully in the public meeting and hearing process, items that are reasonably likely to disrupt the proceedings, such as noisemakers and drums, are prohibited and may not be brought into meeting and hearing venues. We encourage you to arrive early to avoid delays and help speed the entry of all members of the public. Your cooperation, patience and understanding are greatly appreciated.

CORRECTION: PROVISION OF NON-SECURE DETENTION CENTERS – Negotiated Acquisition – Judgment required in evaluating proposals - PIN# 13007DJJ001 – DUE 11-14-08 AT 3:00 P.M. – CORRECTION: The NYC Department of Juvenile Justice (DJJ) is seeking one or more appropriately qualified vendors to provide non-secure detention services for youth. Services shall include, but not be limited to, custody, basic youth care, food, clothing, shelter, education, health care, recreation, court related services, social work and case management services, social skills instruction, group sessions and monitoring and supervision of these services. In addition, the contract will require that a defibrillator shall be located in each program facility and that all staff requiring CPR training shall be certified in use of said defibrillator.

Each program facility will provide at least 10 and no more than 12 beds in accordance with the applicable regulations promulgated by the New York State Office of Children and Family Services (NYS OCFS), 9 N.Y.C.R.R. Section 180 et seq. The Department is seeking to provide services at facilities that will be operational at any time from January 1, 2007 to December 31, 2010. A vendor may submit an offer for more than one Facility Option. Current Agency vendors operating non-secure group homes that have contracts expiring in calendar year 2006 are urged to respond to this solicitation.

All program facilities shall be appropriately equipped to provide services for male or female youth as required by the Department, and be located in one of the five boroughs. The term of the contracts awarded from this solicitation will be for three years and will include an additional three-year option to renew. The anticipated maximum average annual funding available for each contract will be $1,067,000, excluding start-up costs. Proposed start-up costs will be considered in addition to the proposed annual line item budget. Greater consideration will be given to applicants offering more competitive prices.

If your organization is interested in being considered for award of the subject contract, please hand deliver a written expression of interest addressed to my attention at 365 Broadway, 5th Floor, New York, NY 10013. The expression of interest should specifically address the following:

1. Indicate each program facility for which the vendor is submitting.

2. Describe each proposed facility, its location, and proposed date of operation.

3. Attach appropriate documentation demonstrating the current use of each proposed facility and the vendor's site control of the facility for a period of at least 3 years.

4. For each proposed facility,
a) Indicate the number of beds to be provided and demonstrate that the facility has the capacity to provide the indicated number of beds.
b) Demonstrate that the facility will be appropriately equipped to provide services for male or female youth.

5. Demonstrate the vendor's organizational capability to:
a) Provide the indicated number of beds at each proposed facility. (If the vendor is a current provider, also demonstrate the capability to provide the indicated number of beds in addition to those already provided.)
b) Ensure that each proposed facility will be fully operational by required date in accordance with the applicable regulations promulgated by the New York State Office of Children and Family Services (NYS OCFS), 9 N.Y.C.R.R. Section 180 et seq.

6. Demonstrate the quantity and quality of the vendor's successful relevant experience.

7. Attach for each proposed facility three-year annual line item operating budget. Include staffing details. Proposed start up costs should be included in addition to the proposed three-year annual line item operating budget.

All expressions of interest received in the manner set forth will be reviewed to determine if they are responsive to the material requirements of this solicitation. Expressions of interest determined to be non-responsive will not be further considered. Expressions of interest determined to be responsive will be considered in terms of the following factors:

- Appropriateness of each proposed facility.
- Demonstrated site control of each proposed facility.
- Demonstrated level of organizational capability to provide the proposed number of beds and to ensure that each proposed facility if fully operational by the applicable requisite date.
- Demonstrated quantity and quality of successful relevant experience.
- Annual budget amount and cost effectiveness of the budget.

The Department will enter into negotiations with the vendor(s) determined to be the best qualified at the time of evaluation, based on consideration of the above-cited factors. A contract will be awarded to the responsible vendor(s) whose offer(s) is/are determined to be the most advantageous to the City, taking into consideration the price and the other factors set forth in this solicitation. In the case that a vendor is eligible for award of more than one program facility, the Department reserves the right, based upon the vendor's demonstrated organizational capability and the best interest of the City, respectively, to determine how many and for which program facility(ies) the vendor will be awarded a contract.

AGENCY RULES

CONSUMER AFFAIRS

■ NOTICE

REGULATORY AGENDA FOR FISCAL YEAR 2007-2008

Pursuant to Section 1042 of the New York City Charter, the New York City Department of Consumer Affairs hereby publishes its Regulatory Agenda for May, 2006 through May, 2007.

1. The Department, pursuant to Section 20-104 (b) of Chapter 1 and Section 20-265 of Chapter 2 of the Administrative Code of the City of New York, intends to adopt a rule governing the licensing and regulation of pedicab businesses and pedicab drivers.

The Department proposes to adopt a new rule governing the licensing and regulation of pedicab businesses and pedicab drivers that are necessary to implement the requirements of Local Law No. 19 enacted on April 23, 2007.

The proposed rule would set the expiration dates for licenses and pedicab registration plates, establish the procedures for issuing the licenses to pedicab business and for assigning to prospective licenses pedicab registration plates within the maximum of 325 authorized to be issued citywide and a maximum of 30 such plates to any one business, prescribes the limitations on the transfer of business licenses, establishes and specifies and administration of a waiting list for applicants for pedicab registration plates exceeding the maximum authorized to be issued, and specifies the accident reports to be filed with the Department.

At this time, the Department is not aware of any federal, state, or local laws or rules which overlap or conflict with the anticipated regulatory amendments. The Department anticipates the amendments to be promulgated by the Summer of 2007.

2. The Department, pursuant to Section 20-104 (b) of Chapter 1 and Section 20-391 of Chapter 2 of the Administrative Code of the City of New York, intends to adopt a rule governing written examinations for home improvement contractor license applicants.

The Department proposes to amend the rule governing the written examination required to be taken by home improvement license applicants with respect to how often the tests are administered and revise the requirements for which applicants are required to take the test.

The proposed amendment would provide that the tests would be administered daily rather than only twice per month. It would also expand the period after a license expiration date when renewal applicants would be required to take an examination, and would create a system for re-examining applicants who had twice failed their examination.

At this time, the Department is not aware of any federal, state, or local laws or rules which overlap or conflict with the anticipated regulatory amendments. The Department anticipates the amendments to be promulgated by the Fall of 2007.

3. The Department, pursuant to Section 20-104 (b) of the Administrative Code of the City of New York, intends to amend the rules governing newsstands.

The Department proposes revising the rules governing newsstands to clarify, update and streamline the requirements governing the applications for and the renewal of newsstand licenses, and the requirements governing the siting and the operation of newsstands and the replacement of licensed newsstands to be constructed and installed by a franchisee.

The Council adopted Resolution No. 1004 in 2003 authorizing the Department of Transportation to grant nonexclusive franchises for the installation, operation and maintenance of coordinated franchise structures. The Council also enacted Local Law No, 64 for the Year 2003 that revised the requirements governing the issuance of newsstand licenses and renewals and the operations of newsstands to conform with the franchising program adopted by Resolution 1004. The revisions in the rules governing newsstands that the department proposes to adopt are necessary to implement and effectuate the requirements of Resolution 1004 and Local Law No. 64 for the year 2003.

At this time, the Department is not aware of any federal, state, or local laws or rules which conflict with the anticipated amendment. The Department anticipates the amendments to be promulgated by the Summer of 2007.

4. The Department, pursuant to Section 20-104 (b) of the Administrative Code of the City of New York, intends to revise the rule regarding the requirements for written examinations for motion picture projectionists.

The Department proposes to repeal the rule regarding the written examinations required for motion picture projectionists and to require instead that projectionists prove their qualifications by providing certificates of satisfactory completion of a course of instruction from an accredited school for projectionists or by a certificate of qualifications submitted by two licensed projectionists.

The proposed amendment would match the method for testing the qualifications of projectionists to how projectionists become qualified to operate up-to-date equipment.

At this time, the Department is not aware of any federal, state, or local laws or rules which overlap or conflict with the anticipated regulatory amendments. The Department anticipates the amendments to be promulgated by the Spring 2008.

5. The Department, pursuant to Section 20-104 (b) of the Administrative Code of the City of New York, intends to amend the rules regarding laundries.

The Department proposes to repeal outdated requirements regarding general requirements governing operation of laundries.

The proposed amendments would repeal requirements outmoded by changes in other laws and rules and to update provisions to reflect enforcement practices and changes in the industry.

At this time, the Department is not aware of any federal, state, or local laws or rules which overlap or conflict with the anticipated regulatory amendments. The Department anticipates the amendments to be promulgated in the Spring of 2008.

6. The Department, pursuant to Section 20-104 (b) of the Administrative Code of the City of New York, intends to amend the rules regarding auctioneers.

The Department proposes to repeal outdated requirements regarding applications and requirements governing obligations of auctioneers.

The proposed amendments would repeal outmoded requirements and update provisions to reflect changes in industry practices.

At this time, the Department is not aware of any federal, state, or local laws or rules which overlap or conflict with the anticipated regulatory amendments. The Department anticipates the amendments to be promulgated in the Winter of 2007.

7. The Department, pursuant to Section 20-104 (b) of the Administrative Code of the City of New York, intends to repeal the rule relating to motion picture exhibitions.

The Department proposes to repeal subchapter A, of Chapter 2 of Title 6 of the Rules of the City of New York relating to motion picture exhibits since the law that it implemented has been repealed.

At this time, the Department is not aware of any federal, state, or local laws or rules which overlap or conflict with the anticipated regulatory amendments. The Department anticipates the amendments to be promulgated in the Winter of 2007.

8. The Department, pursuant to subdivision 7 of Section 20-408 Chapter 2, Title 20 and Section 20-104 (b) of Chapter 1, Title 20, of the Administrative Code of the City of New York, anticipates promulgating an amendment to the rule governing process servers.

The Department proposes to amend the rule governing process servers to extend the retention period for records that process server licensees are required to keep from two to three years and the requirements governing the wearing of insignia.

These amendments would conform the record retention period in the rule to the period established under Article 8-A of the General Business Law that governs process servers in cities with a population of one million or more and the wearing of the insignia to the Civil Practice Law and Rules.

At this time, the Department is not aware of any federal, state, or local laws or rules which overlap or conflict with the anticipated regulatory amendments. The Department anticipates the amendments to be promulgated in the Spring of 2008.

Inquiries concerning these proposed rules/amendments should be addressed to Andrew Eiler, Director of Legislation, Department of Consumer Affairs, 42 Broadway, New York, NY 10004, (212) 487-4248.

Name, Description and Location of Proposal

45 Summit Street
The applicant, LLJ Realty Corporation, is proposing a zoning map amendment to rezone the mid-block area of the block bounded by Summit Street to the south, Columbia Street to the east, Carroll Street to the north and Van Brunt Street to the west (Block 352, portions of Lot 20, Lots 21, 22, 23, 24, 48, 49, 50, 51, 52 & 53) from M1-1 to R6 in the Carroll Gardens neighborhood of Brooklyn Community District 6. The rezoning would extend an existing R6 zone, located to the east of the rezoning area. The proposed rezoning area covers an approximately 39,500 square foot area containing a mix of commercial, residential, and industrial/warehouse buildings. The site owned by the applicant (Block 352, Lot 53) is currently developed with a former warehouse operating as a film set design operation and with a plant and tree nursery.

The proposed action would facilitate a proposal by the applicant to develop a four-story, 32,885 square-foot apartment building with 39 dwelling units on the property located at 45 Summit Street (Block 352, Lot 53). In addition, four other sites (Block 352, Lots 20, 21, 48, 49, 50, 51 and 52) are projected as a result of the proposed rezoning action, resulting in 36 dwelling units.

To avoid the potential impacts associated with hazardous materials, as part of the proposed rezoning, an (E) designation for hazardous materials will be placed on Block 352, Lots 20, 21, 48, 49, 50, 51 & 52. The text of the (E) designation for hazardous materials is as follows:

Task 1-Sampling Protocol

A. Petroleum
A soil, soil gas, and groundwater testing protocol (including a description of methods), and a site map with all sampling locations represented clearly and precisely, must be submitted to the NYCDEP by the fee owner(s) of the lot which is restricted by this (E) designation, for review and approval.

A site map with the sampling locations clearly identified and a testing protocol with a description of methods, for soil, soil gas, and groundwater, must be submitted by the fee owner(s), of the lot which is restricted by the (E) designation, to the NYCDEP for review and approval.
B. Non-Petroleum

The fee owner(s) of the lot restricted by this (E) designation will be required to prepare a scope of work for any sampling and testing needed to determine if contamination exists and to what extent remediation may be required. The scope of work will include all relevant supporting documentation, including site plans and sampling locations. This scope of work will be submitted to NYCDEP for review and approval prior to implementation. It will be reviewed to ensure that an adequate number of samples will be collected and that appropriate parameters are selected for laboratory analysis. For all non-petroleum (E) designated sites, the three generic NYCDEP soil and ground-water sampling protocols should be followed.

A scope of work for any sampling and testing to be completed, which will determine the extent of on-site contamination and the required remediation, must be prepared by the fee owner(s) of the lot restricted by this (E) designation. The scope of work will include the following: site plans, sampling locations, and all other relevant supporting documentation. The scope of work must be submitted to the NYCDEP for review and confirmation that an adequate testing protocol (i.e., number of samples collected, appropriate parameters for laboratory analysis) has been prepared. The NYCDEP must approve the scope of work before it can be implemented.

For non-petroleum (E) designated sites, one of the three generic soil and groundwater sampling protocols prepared by the NYCDEP should be followed.

The protocols are based on three types of releases to soil and groundwater sampling protocols prepared by the NYCDEP should be followed.

The protocols are based on three types of releases to soil and groundwater, including: the release of a solid hazardous material to ground surface; the release of a liquid hazardous material to the ground surface; and the release of a hazardous material to the subsurface (i.e., storage tank or piping). The type of release defines the areas of soil to be sampled from surface, near-surface, to subsurface. Additionally, it determines the need for groundwater sampling.

A written approval of the sampling protocol must be received from the NYCDEP before commencement of sampling activities. Sample site quantity and location should be determined so as to adequately characterize the site, the source of contamination, and the condition of the remainder of the site. After review of the sampling data, the characterization should b\have been complete enough to adequately determine what remediation strategy (if any) is necessary. Upon request, NYCDEP will provide guidelines and criteria for choosing sampling sites and performing sampling.

Finally, a Health and Safety Plan must be devised and approved by the NYCDEP before the commencement on any on-site activities.

Task 2-Remediation Determination and Protocol

After sample collection and laboratory analysis have been completed on the soil and/or groundwater samples collected in Task 1, a summary of the data and findings in the form of a written report must be presented to the NYCDEP for review and approval. The NYCDEP will provide a determination as to whether remediation is necessary. If it is determined that no remediation activities are necessary, a written notice will be released to that effect. However, if it is the NYCDEP's determination that remediation is necessary the fee owner(s) of the lot restricted by the (E) designation must submit a proposed remediation plan to the NYCDEP for review and approval. Once approval has been obtained, and the work completed, the fee owner(s) of the lot restricted by the (E) designation must provide proof to the NYCDEP that the work has been completed satisfactorily.

To avoid any potential for impacts associated with air quality, as part of the proposed rezoning an (E) designation for air quality will be placed on Block 352, Lots 20, 21, 48, 49, 50, 51, 52 & 53. The text for the (E) designation is as follows:

Block 352, Lot 53
Any new residential and/or commercial development on the above-referenced property must ensure that the heating, ventilation and air conditioning stack(s) are located at 80 and 65 feet for Oil No. 4 and No. 2 from the lot line facing Columbia Street, or use natural gas as the type of fuel for space heating and hot water (HVAC) systems to avoid any potential significant adverse air quality impacts.

Block 352, Lots 48, 49, 50, 51 & 52
Any new residential and/or commercial development on the above-referenced property must ensure that the heating, ventilation and air conditioning stack(s) are located 65 feet for Oil No. 4 and No. 2 from the lot line facing Van Brunt Street, or use natural gas as the type of fuel for space heating and hot water (HVAC) systems to avoid any potential significant adverse air quality impacts.

Block 352, Lot 20
Any new residential and/or commercial development on the above-referenced property must ensure that the heating, ventilation and air conditioning stack(s) are located at least 30 feet for Oil No. 4 and No. 2 from the lot line facing Columbia Street, or use natural gas as the type of fuel for space heating and hot water (HVAC) systems to avoid any potential significant adverse air quality impacts.

Block 352, Lot 21
Any new residential and/or commercial development on the above-referenced property must ensure that the heating, ventilation and air conditioning stack(s) are located at least 30 feet for Oil No. 4 and No. 2 from the lot line facing Van Brunt Street, or use natural gas as the type of fuel for space heating and hot water (HVAC) systems to avoid any potential significant adverse air quality impacts.

To avoid any potential for impacts associated with noise, as part of the proposed rezoning an (E) designation for noise will be placed on Block 352, Lots 20, 21, 48, 49, 50, 51, 52 & 53. The text for the (E) designation for these properties is as follows:

In order to ensure an acceptable interior noise environment, future residential/commercial uses must provide a closed window condition with a minimum of 30 dB(A) window/wall attenuation in order to maintain an interior noise level of 45dB(A). In order to maintain a closed-window condition, an alternate means of ventilation must also be provided. Alternate means of ventilation includes, but is not limited to, central air conditioning or air conditioning sleeves containing air conditioners or HUD-approved fans.

The (E) designation will ensure that the proposed action would not result in significant adverse noise impacts.

Statement of No Significant Effect:

The Environmental Assessment and Review Division of the Department of City Planning, on behalf of the City Planning Commission, has completed its technical review of the Environmental Assessment Statement, dated April 26, 2007, prepared in connection with the ULURP Application (No. 060477 ZMK). The City Planning Commission has determined that the proposed action will have no significant effect on the quality of the environment, once it is modified as follows:

1. The applicant, LLJ Realty Corp., agrees via a restrictive declaration to prepare a hazardous materials Remedial Action Plan (RAP), including a health and safety plan, which would be submitted to the Department of Environmental Protection (DEP) for approval. Remediation measures would be undertaken pursuant to the remediation plan.

Supporting Statement:

The above determination is based on an environmental assessment which finds that:

1. A Phase I Environmental Site Assessment (ESA), prepared on May 13, 2004 and a Phase II report, available in the proposal's CEQR file, was prepared on April 27, 2006 for the project site. The Phase I ESA and Phase II report were reviewed by DEP's Office of Environmental Planning and Assessment, and a restrictive declaration was recommended by DEP, due to the presence of hazardous materials on the site as a result of past and present on-site land uses. The declaration requires the preparation of a Remedial Action Plan, including a sampling protocol and a health and safety plan for DEP's review and approval. The restrictive declaration is binding upon the property's successors and assigns. The declaration serves as a mechanism to assure the potential for hazardous material contamination that exists in the sub-surface soils and groundwater on the project site be remediated prior to any site disturbance (i.e., site grading, excavation, demolition, or building construction).

2. No other significant adverse effects on the environment which would require an Environmental Impact Statement are foreseeable.

With the implementation of the condition described above, no significant adverse impact related to hazardous materials would occur.

It is fully agreed and understood that if the foregoing conditions, modification, and alterations are not fully incorporated into the proposed action, this Conditional Negative Declaration shall become null and void. In such event, the applicant shall be required to prepare a Draft Environmental Impact Statement before preceding further with said proposal.

This Conditional Negative Declaration has been prepared in accordance with Article 8 of the Environmental Conservation Law 6NYCRR part 617.

I, the Undersigned, as the applicant or authorized representative for this proposal, hereby affix my signature in acceptance of the above conditions to the proposed action.

READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council**, 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists--free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

Definitions

For the purposes of the Inclusionary Housing program, matter in italics is defined either in Section 12-10 (DEFINITIONS) or in this Section.

Administering agent

The "administering agent" is the entity or entities identified in the #lower income housing plan# as responsible for ensuring compliance with such plan.

The #administering agent# shall be a not-for-profit organization, unless the Commissioner of Housing Preservation and Development finds that a good faith effort by the developer of the #compensated development# to secure a qualified not-for-profit organization as the #administering agent# was unsuccessful. However, in #~~R6, R7 and R8~~ Inclusionary Housing designated areas#, the Commissioner may approve an entity that is responsible for compliance monitoring pursuant to City, State or Federal funding sources, to serve as the #administering agent# during such compliance period.

* * *

Fair rent

* * *

However, in #~~R6, R7 and R8~~ Inclusionary Housing designated areas#, the Commissioner of Housing Preservation and Development may determine that rents satisfying the requirements of City, State or Federal programs assisting #lower income housing# will be considered #fair rent#, provided that such rents do not exceed 30 percent of #lower income household=s# income, as applicable, and provided further that upon expiration or termination of the requirements of the City, State or Federal program, rent increases and re-rentals shall be subject to the higher of the then-currently applicable Section 8 Standard or the Rent Stabilization Standard.

* * *

In #~~R6, R7 and R8~~ Inclusionary Housing designated areas#, at initial occupancy of any #lower income housing#, a portion of the #fair rents# may be for the payment of the principal or interest on debt, and such housing may secure debt, provided that, as of the date of the approval of the #lower income housing plan#, the Commissioner of Housing Preservation and Development finds that the total annual rent, when such interest and principal payments are deducted, is in compliance with the requirements of Section 23-95, paragraph(c), and provided that the lender agrees to enter into a written agreement which subordinates such debt to the provisions of the #lower income housing plan#.

Inclusionary Housing designated areas

"Inclusionary Housing designated areas" shall be those areas specified in Section 23-922 (Inclusionary Housing designated areas).

Lower income household

* * *

In #~~R6, R7 and R8~~ Inclusionary Housing designated areas#, #lower income households# shall also include all existing households in tenancy, provided such households occupy units that are within a #building# in which rents for all occupied units are regulated by City or State law, and the aggregate maximum permitted annual rent roll for such occupied units, divided by the number of occupied units, is less than 30 percent of the applicable income limit for a #lower income household# as provided in this Section. In determining the applicable income limit for such #lower income households#, the Commissioner of Housing Preservation and Development may make adjustments, consistent with U. S. Department of Housing and Urban Development regulations, for the number of persons residing in each unit.

Lower income housing

* * *

However, in #~~R6, R7 and R8~~ Inclusionary Housing designated areas#, #lower income housing# shall include #standard units# assisted under City, State or Federal programs.

* * *

~~R6, R7 and R8 designated areas~~

~~"R6, R7 and R8 designated areas" shall be those areas specified in Section 23-922 (Certain R6, R7 and R8 Districts).~~

* * *

23-941
In R10 Districts other than Inclusionary Housing designated areas
The #floor area ratio# of a #development# may be increased from 10.0 to a maximum of 12.0 at the rate set forth in this Section, if the developer of such #development# provides #lower income housing# pursuant to Section 23-95 (Lower Income Housing Requirements).

* * *

23-942
In ~~R6, R7 and R8 Districts~~ Inclusionary Housing designated areas

The provisions of this Section shall apply in the designated areas set forth in Section 23-922, except within Waterfront Access Plan BK-1 and in R7-3 Districts within Community District 1, Borough of Brooklyn.

* * *

23-951
On-site new construction option

To qualify for this option, the designated #lower income housing# shall meet the following requirements.

* * *

In #~~R6, R7 and R8~~ Inclusionary Housing designated areas#, if the #lower income housing# is subject to the requirements of City, State or Federal programs assisting the #lower income housing# that have size and distribution requirements conflicting with the size and distribution requirements of this paragraph, (b), then the size and distribution requirements of this paragraph, (b), may be waived by the Commissioner of Housing Preservation and Development to facilitate the #development# of #lower income housing#.

23-952
Substantial rehabilitation and off-site new construction options

To qualify for one or more of these options, the designated #lower income housing# shall meet the following requirements:

(a) The #lower income housing# shall be located either:

* * *

Furthermore, in #~~R6, R7 and R8~~ Inclusionary Housing designated areas#, the #administering agent# shall not be required to verify the income of households in tenancy, as of the date upon which the Commissioner of Housing Preservation and Development approves the #lower income housing plan#.

* * *

23-953
Preservation option

To qualify for this option, the designated #lower income housing# shall meet the following requirements.

(a) The #lower income housing# shall be located either:

* * *

Furthermore, in #~~R6, R7 and R8~~ Inclusionary Housing designated areas#, the #administering agent# shall not be required to verify the income of households in tenancy, as of the date upon which the Commissioner of Housing Preservation and Development approves the #lower income housing plan#.

* * *

24-161
Maximum floor area ratio for zoning lots containing community facility and residential uses

In the designated areas set forth in Section 23-922 (Inclusionary Housing designated areas ~~Certain R6, R7 and R8 Districts~~), except within Waterfront Access Plan Bk-1, the #floor area ratios# of Section 23-942 shall apply where the #residential# portion of a #building# is #developed# or #enlarged# pursuant to the Quality Housing Program.

* * *

35-31
Maximum Floor Area Ratio for Mixed Buildings

* * *

In the designated areas set forth in Section 23-922 (Inclusionary Housing designated areas ~~Certain R6, R7 and R8 Districts~~), except within Waterfront Access Plan BK-1, the #floor area ratios# of Section 23-942 shall apply where the #residential# portion of a #building# is #developed# or #enlarged# pursuant to the Quality Housing Program.

* * *

123-63
Maximum Floor Area Ratio and Lot Coverage Requirements for Residential Buildings in R6, R7, R8 and R9 Districts

* * *

However, in ~~designated R6, R7 or R8 Districts where the Inclusionary Housing Program is applicable~~ #Inclusionary Housing designated areas#, as listed ~~below~~ in the following table, the maximum permitted #floor area ratio# shall be as set forth in Section 23-942 (In ~~R6, R7 and R8 Districts~~ Inclusionary Housing designated areas). The locations of such districts are specified in Section 23-922 (~~Certain R6, R7 and R8 Districts~~ Inclusionary Housing designated areas).

123-64
Maximum Floor Area Ratio and Lot Coverage Requirements for Mixed Use Buildings

(a) Maximum #floor area ratio#

* * *

(4) Maximum #floor area# in #mixed use buildings#

The maximum total #floor area# in a #mixed use building# in #Special Mixed Use Districts# shall be the maximum #floor area# permitted for either the #commercial#, #manufacturing#, #community facility# or #residential# portion of such #building#, as set forth in this Section, whichever permits the greatest amount of #floor area#.

However, in the designated areas set forth in Section 23-922 (~~Certain R6, R7 and R8 Districts~~ Inclusionary Housing designated areas), except within Waterfront Access Plan Bk-1, the #floor area ratios# of Section 23-942 shall apply.

JUVENILE JUSTICE

■ SOLICITATIONS

Human / Client Service

CORRECTION: PROVISION OF NON-SECURE DETENTION CENTERS – Negotiated Acquisition – Judgment required in evaluating proposals - PIN# 13007DJJ001 – DUE 11-14-08 AT 3:00 P.M. – CORRECTION: The NYC Department of Juvenile Justice (DJJ) is seeking one or more appropriately qualified vendors to provide non-secure detention services for youth. Services shall include, but not be limited to, custody, basic youth care, food, clothing, shelter, education, health care, recreation, court related services, social work and case management services, social skills instruction, group sessions and monitoring and supervision of these services. In addition, the contract will require that a defibrillator shall be located in each program facility and that all staff requiring CPR training shall be certified in use of said defibrillator.

Each program facility will provide at least 10 and no more than 12 beds in accordance with the applicable regulations promulgated by the New York State Office of Children and Family Services (NYS OCFS), 9 N.Y.C.R.R. Section 180 et seq. The Department is seeking to provide services at facilities that will be operational at any time from January 1, 2007 to December 31, 2010. A vendor may submit an offer for more than one Facility Option. Current Agency vendors operating non-secure group homes that have contracts expiring in calendar year 2006 are urged to respond to this solicitation.

All program facilities shall be appropriately equipped to provide services for male or female youth as required by the Department, and be located in one of the five boroughs. The term of the contracts awarded from this solicitation will be for three years and will include an additional three-year option to renew. The anticipated maximum average annual funding available for each contract will be $1,067,000, excluding start-up costs. Proposed start-up costs will be considered in addition to the proposed annual line item budget. Greater consideration will be given to applicants offering more competitive prices.

If your organization is interested in being considered for award of the subject contract, please hand deliver a written expression of interest addressed to my attention at 365 Broadway, 5th Floor, New York, NY 10013. The expression of interest should specifically address the following:

1. Indicate each program facility for which the vendor is submitting.

2. Describe each proposed facility, its location, and proposed date of operation.

3. Attach appropriate documentation demonstrating the current use of each proposed facility and the vendor's site control of the facility for a period of at least 3 years.

4. For each proposed facility,
a) Indicate the number of beds to be provided and demonstrate that the facility has the capacity to provide the indicated number of beds.
b) Demonstrate that the facility will be appropriately equipped to provide services for male or female youth.

5. Demonstrate the vendor's organizational capability to:
a) Provide the indicated number of beds at each proposed facility. (If the vendor is a current provider, also demonstrate the capability to provide the indicated number of beds in addition to those already provided.)
b) Ensure that each proposed facility will be fully operational by required date in accordance with the applicable regulations promulgated by the New York State Office of Children and Family Services (NYS OCFS), 9 N.Y.C.R.R. Section 180 et seq.

6. Demonstrate the quantity and quality of the vendor's successful relevant experience.

7. Attach for each proposed facility three-year annual line item operating budget. Include staffing details. Proposed start up costs should be included in addition to the proposed three-year annual line item operating budget.

All expressions of interest received in the manner set forth will be reviewed to determine if they are responsive to the material requirements of this solicitation. Expressions of interest determined to be non-responsive will not be further considered. Expressions of interest determined to be responsive will be considered in terms of the following factors:

- Appropriateness of each proposed facility.
- Demonstrated site control of each proposed facility.
- Demonstrated level of organizational capability to provide the proposed number of beds and to ensure that each proposed facility if fully operational by the applicable requisite date.
- Demonstrated quantity and quality of successful relevant experience.
- Annual budget amount and cost effectiveness of the budget.

The Department will enter into negotiations with the vendor(s) determined to be the best qualified at the time of evaluation, based on consideration of the above-cited factors. A contract will be awarded to the responsible vendor(s) whose offer(s) is/are determined to be the most advantageous to the City, taking into consideration the price and the other factors set forth in this solicitation. In the case that a vendor is eligible for award of more than one program facility, the Department reserves the right, based upon the vendor's demonstrated organizational capability and the best interest of the City, respectively, to determine how many and for which program facility(ies) the vendor will be awarded a contract.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/ blueprints; other information; and for opening and reading of bids at date and time specified above.

AGENCY RULES

TRANSPORTATION

■ NOTICE

NOTICE OF ADOPTION OF AMENDMENTS TO RULES regarding permit applications, corrective action requests, embargo periods, fees, construction material, tool carts, self-certification, sidewalk requirements, roadway, applications for street openings, excavation and restoration requirements, and color codes for identification of permittees.

NOTICE IS HEREBY GIVEN PURSUANT TO THE AUTHORITY VESTED IN THE Commissioner of the Department of Transportation by subdivision (b) of Section 2903 of the New York City Charter, and in accordance with the requirements of Section 1043 of the New York City Charter, that the Department of Transportation hereby adopts the amendments to sections 2-02, 2-03, 2-04, 2-05, 2-07, 2-09 and 2-11 of Chapter 2 of Title 34 of the Official Compilation of the Rules of the City of New York, the Highway Rules. This rule was first published on December 4, 2006, and was again published on December 28, 2006, in order to extend the comment period. A public hearing was held on January 25, 2007. This rule shall take effect 30 days from the date hereof.

Section 1. Paragraphs (1) and (2) of subdivision (a) of section 2-02 of Title 34 of the Rules of the City of New York are amended to read as follows:

(a) Initial permit application. The following information shall be provided to the Department upon initial application for a permit under these rules and shall be updated as necessary and refiled annually:

(1) If the applicant is a corporation:

(i) address and telephone number of applicant;

(ii) name and telephone number of a contact person in shall the event of an emergency;

(iii) affidavit acknowledging incorporation and a certified copy of the certificate of incorporation, and proof of registration with the New York State Department of State, Office of the Secretary of State. When completing the permit application, applicants must supply the Department with the identical identifying information, including but not limited to the company name, as they have provided to the New York State Department of State, Office of the Secretary of State;

(iv) names of corporate officers:

(v) names of two agents/employees designated to receive summonses or notices of violation or other notices required by these rules or other provisions of law;

(vi) New York City plumber's license certificate or other license numbers, if applicable;

(vii) name(s) of representative(s) authorized to obtain permit(s) on behalf of the applicant;

(viii) employer identification number;

(ix) e-mail address, if any.

(2) All other applicants:

(i) address and telephone number of applicant;

(ii) name(s) of representative(s) authorized to obtain permit(s) on behalf of the applicant;

(iii) New York City plumber's license certificate or other license numbers, if applicable;

(iv) employer identification number;

(v) e-mail address, if any.

§ 2. Subdivision (c) of section 2-02 of Title 34 of the Rules of the City of New York is amended to add new paragraphs (4) and (5) as follows:

(4) Permittees will be required to post Project Informational Signs for any project with a projected completion time of three months or more, or as otherwise directed by the Commissioner. Signs shall be kept in readable, good condition.

(5) Sign size, content and graphics will conform to "Project Information Sign" specifications which is available at the Department Permit Offices and also on the Department website. Sign content shall include the following:

(i) the name of the street on which the work is being performed;

(ii) the nature of the work (i.e., major reconstruction project, sewer work, new building, water shaft, or transit work major utility installation);

(iii) a brief description of the work. For building operations, permittees must include: type of work (i.e. new building, major renovation), building use (commercial or residential), size. For street/roadway work information permittees must include: the type of work being performed (i.e. upgrade of water supply, new transit station or transit line, upgrade of existing transit station or transit line, and upgrade of sewer system), roadway reconstruction with added amenities, and the quality of life benefits resulting from project;

(iv) the scheduled completion date of the project;

(v) project name, or if a governmental project, the project identification number;

(vi) contact information for the construction company performing the work, and a telephone number and/or a web site for more information.

§ 3. Subdivision (d) of section 2-02 of Title 34 of the Rules of the City of New York is amended to read as follows:

(d) Corrective action request (CAR). (1) A CAR may be served personally, [or] by mail and/or by e-mail on the person responsible for the work and/or the condition which requires correction at his or her last known address, e-mail address or at the address or e-mail address for such person contained in the records of the Department. Where a CAR is served for a violation of §19-147 of the Administrative Code, in the case of a utility company, the CAR may be given orally or in writing to a person or at a place designated by the utility and the utility shall respond within twenty-four (24) hours.

(2) Any corrective action required by the CAR shall be performed within thirty (30) days of the issuance of the CAR unless such issuance is protested as provided herein.

(3) Within fourteen (14) days after the date of mailing of the CAR, unless a different time is specified on the CAR or in these rules, the respondent [shall, either notify the Department of the intended date of corrective action, which shall be no later than thirty days after the date of issuance of the CAR, or] may protest the issuance of the CAR in the manner directed on the CAR.

([3]4) Protests shall be reviewed by the Department and a final determination regarding the protest shall be made within a reasonable period of time.

([4]5) If a protest is denied, any corrective action required by the CAR shall be performed within thirty (30) days after the date of such denial.

(6) In the event that the original permit has expired before the corrective action is undertaken and an additional excavation is necessary, a new permit shall be obtained in order to complete the required work. The new permit shall not affect the guarantee period, which will relate back to the original permit. If a permittee is performing restoration work that does not entail an additional excavation or re-grading of hardware, a new permit shall not be required by the Department.

([5]7) Where a CAR relates to a violation of §19-147 of the Administrative Code and no corrective action is taken within the applicable time or where an imminent danger to life or safety exists, the Department may perform the work required

by a CAR or the work necessary to avert the danger and charge the cost to the person responsible for restoring, replacing or maintaining the pavement, sidewalk, curb, gutter or street hardware in accordance with such section.

(8) Notwithstanding the above, where a condition exists that creates an imminent danger to pedestrians or vehicles, the Department may issue a priority CAR, which shall require corrective action to be taken within three (3) hours of issuance of the CAR by telephone call. The Department may also issue a priority CAR via email requiring corrective action to be taken within three (3) hours of issuance; however, should a priority CAR be issued via email, a follow-up telephone call must also be placed to the permittee.

(9) In the event that a CAR is issued within the guarantee period, the corrective action shall still be taken even after the expiration of the guarantee period.

§ 4. Subdivision (m) of section 2-02 of Title 34 of the Rules of the City of New York is amended to read as follows:

(m) Embargo periods. (1) All routine work shall be suspended during an embargo period unless approval for the work is granted by OCMC. Such suspension shall not apply to emergency work, for which an emergency number shall be obtained by the permittee pursuant to the provisions of §2-11 of these rules. Information regarding embargo periods is on file at each borough permit office and is available upon request. It is the responsibility of each permittee to obtain such information prior to the commencement of any work. It shall be a violation of these rules to do any work on the street during an embargo period without the prior approval of OCMC or an emergency number.

(2) A request for approval to work during an embargo shall be submitted on a form provided by the Commissioner, along with a fee as specified in §2-03 of these rules. Payment of the application fee shall not guarantee that approval to work during the embargo period will be granted and application fee is in addition to any required permit fees.

§ 5. Section 2-03 of Title 34 of the Rules of the City of New York is amended by adding the following fee under Specific Types of Street Opening Permits:

Permit Or Activity	Fee	Other Charges	Maximum Duration per Permit	Maximum Distance per Permit	Maximum Width per Permit
Specific Types of Street Opening Permits:					
Fee for review of request to work during an embargo period	$135.00				

§ 6. Section 2-03 of Title 34 of the Rules of the City of New York is amended by adding the following fee under Construction Activity Permits:

Permit Or Activity	Fee	Other Charges	Maximum Duration per Permit	Maximum Distance per Permit	Maximum Width per Permit
Construction Activity Permits:					
Types of Construction Activity Permits:					
Install or change pavement markings, construction signs and supports	$50.00		90 days		

§ 7. Subparagraph (v) of paragraph (1) of subdivision (h) of section 2-04 of Title 34 of the Rules of the City of New York, relating to commercial general liability insurance requirements, is repealed, and a new paragraph 2 is added to subdivision (h) of section 2-04 of Title 34 of the Rules of the City of New York to read as follows:

(2) Permit requirements. All permits are subject to applicable provisions contained in § 2-02 of these rules.

§ 8. Paragraph (2) of subdivision (d) of section 2-05 of Chapter 2 of Title 34 of the Rules of the City of New York is amended to read as follows:

(2) The street shall be protected with proper covering to prevent damage; e.g.: planking, skids, plating, pneumatic tires, before construction material or equipment, including containers are placed on the street. All planking and skids for containers must be a minimum of 1 ½" to a maximum of 3" thick. Overall size must be a minimum of 12"x12" and the placement of the protective covering must not exceed the outer dimensions of the container. Protection shall be placed directly under each steel wheel or roller of the container to adequately distribute the weight. Placement of all protection shall be done upon delivery by the managing agent, distributor, or owner of the container.

§ 9. Paragraph (8) of subdivision (d) of section 2-05 of Chapter 2 of Title 34 of the Rules of the City of New York is amended to read as follows:

(8) Construction material or equipment shall not be stored or placed within:

(i) five feet of railroad tracks;

(ii) three feet of any city-owned electrical systems equipment including, but not limited to, signal and lamp posts, ITS systems, cameras, panel and/or junction boxes, provided that access to the equipment is maintained at all times;

(iii) fifteen feet of hydrants;

(iv) the area created by extending the building line to the curb (the "corner") or within the area from ten feet of either side of the corner (the "corner quadrant");

(v) any "No Standing" zone.

[Permittees storing material in connection with a street opening permit shall be exempt from the requirements of this paragraph (8).]

§ 10. Paragraph (5) of subdivision (a) of section 2-07 of Title 34 of the Rules of the City of New York is amended to read as follows:

(5) A permit is required to store material or equipment on the street during non-working hours whether or not the cover or grating opening is in a critical roadway. No such permit shall be required to store tool carts on the sidewalk. No tool cart shall be stored on a sidewalk unless a minimum passage of five feet is maintained on the sidewalk for pedestrians. No tool cart stored on a sidewalk shall obstruct any hydrant, bus stop or driveway. A permit is required to store tool carts on the roadway. All tool carts shall display the name, address and telephone number of the entity that placed them on the sidewalk or roadway.

§ 11. Paragraph (1) of subdivision (b) of section 2-09 of Title 34 of the Rules of the City of New York is amended to read as follows:

(b) Professional Self-Certification. (1) A property owner may install the required street infrastructure without prior review of the plan(s) by the Department under a process of professional self-certification. Plan review by the Department will not be required when a Professional Engineer, Registered Architect or Registered Landscape Architect self-certifies that the proposed infrastructure work complies strictly with the requirements of the publications listed above in [section (a)(2)] paragraph 2 of subdivision a of this section and meets or exceeds the Department's standards and specifications.

§ 12. Subparagraph (iii) of paragraph (2) of subdivision (f) of section 2-09 of Title 34 of the Rules of the City of New York is amended to read as follows:

(iii) An applicant shall file:

(A) An application for a sidewalk construction permit stating the location of the sidewalk work, including driveway, if applicable, and the start and estimated completion dates. All subway gratings, utility covers and castings situated in the sidewalk area which are not at proper grade or are in a dangerous condition shall be noted in the application;

(B) [A Commercial General Liability insurance policy in the amount of $250,000 combined single limit per occurrence for bodily injury and property damage;

(C) Workers' Compensation insurance;

(D)] A plan for the restoration of the sidewalk, approved by the Department of Buildings, where the existing sidewalk is the structural roof of a vault or other opening.

§ 13. Subparagraph (iii) of paragraph (4) of subdivision (f) of section 2-09 of Title 34 of the Rules of the City of New York is amended to read as follows:

(iii) The sidewalk shall be constructed of New York City Mix Design Number B3200 concrete mix as per the specifications. The concrete shall be bought from a concrete plant approved by the New York State Department of Transportation or from an approved volumetric mixer. Any permittee placing 150 square feet or less of sidewalk may request approval to use a portable mixer from the Department.

§ 14. Subdivision (d) of section 2-11 of Title 34 of the Rules of the City of New York is amended to read as follows:

(d) Application. (1) Applications shall include:

(i) a description of the work to be performed;

(ii) the reason for the work;

(iii) the street address including the nearest cross streets where the excavation or street opening is to be made;

(iv) a sketch indicating the size and location of the proposed opening(s) which shall include:

(A) the distance in feet from the nearest intersection and from the nearest curbline;

(B) the dimensions of the opening including length and width;

(C) the existing parking restrictions.

(v) the start and estimated completion dates;

(vi) the type of pavement or surface to be opened;

(vii) whether the proposed work will be on a protected street (if so, the provisions of the subdivision (f) of this section apply)

(viii) the name and address of the compaction testing company or laboratory, as required; [and]

(ix) the name of the contracting City agency, contract number, and OCMC reference number, if applicable; and

(x) whether the proposed work will be within 100 feet of a bridge (if so, approval from the Division of Bridges shall be obtained).

(2) No trees within the sidewalk area shall be disturbed or removed without the permission of the Department of Parks and Recreation.

(3) A permittee performing curb to curb restoration on more than fifty (50) percent of a block segment on a non-protected street shall submit a protected street determination form to the Department for approval prior to obtaining any necessary permits. Such form shall be attached to the permit application. This requirement shall not apply to permittees performing work for the Department or for the Department of Design and Construction.

§ 15. Subparagraphs (i) and (vi) of paragraph (8) of subdivision (e) of section 2-11 of Title 34 of the Rules of the City of New York are amended to read as follows:

(i) Upon completion of repairs in a street, permittees shall backfill street openings and excavations in a manner in accordance with the specifications. All materials used for backfill shall be free from bricks, blocks, excavated pavement materials and/or organic material or other debris. Notwithstanding the above, asphalt millings may be used as a backfill material.

(vi) As a measure of maximum density achieved for [temporary] restoration, the pavement surface shall not sink more than two inches from the surrounding existing surface during the life of the [temporary] restoration. More than two inches of settlement shall be deemed a failure of the compaction of the backfill and cause the removal of said backfill to the subsurface facility and new fill installed and properly compacted.

§ 16 Paragraph (10) of subdivision (e) of section 2-11 of Title 34 of the Rules of the City of New York is amended to read as follows:

(10) Plating and Decking.

(i) All plating and decking installed by the permittee shall be made safe for vehicles and/or pedestrians and shall be adequate to carry the load.

(ii) The size of the plate or decking [shall be large enough to span the opening] must extend a minimum of 12 inches beyond the edge of the trench, be firmly placed to prevent rocking, [and shall overlap the edges of trenches and openings] and be sufficiently ramped, covering all edges of the steel plates to provide smooth riding and safe condition.

(iii) All plating and decking shall be fastened by splicing, spiking, pinning, countersinking or otherwise protected to prevent movement. When the plates are removed all pins and spikes must be removed and the holes must be filled with a fine asphalt concrete mix.

(iv) Where deflection is more than ¾", heavier sections of plates or decking or intermediate supports shall be installed.

(v) All permittees who install plating and decking during the winter months shall either post signs at the site indicating "Steel Plates Ahead Raise Plow" or shall countersink said plates flush to the level of the roadway. All signs shall be of the size and type specified in [§6B-33 of the New York State or] the most current edition of the Federal Manual on Uniform Traffic Control Devices. These signs shall be placed on the sidewalk, adjacent to the curb, facing vehicle traffic five feet prior to the plates. On two-way streets, signs shall be placed on both sides of the street five feet prior to the plates.

(vi) All plating and decking shall have a skid-resistant surface equal to or greater than the adjacent existing street or roadway surface, but in no event less than a New York State skid resistance number of 0.36.

§ 17. Paragraph (12) of section 2-11 of Title 34 of the Rules of the City of New York is amended to read as follows:

(12) Wearing Course.

(i) Wearing course material shall conform to the Department's specifications.

(ii) The finished grade of the wearing course shall be flush with surrounding pavement on all sides of the cut; the restored wearing course shall extend for a distance of six inches (6") beyond the edge of the base course. In the event a permanent restoration pavement installed settles more than two inches (2") below the surrounding existing surface during the life of the guarantee period, this shall be deemed a failure of the backfill compaction, in which case, the permittee shall remove all of the failed backfill, down to the subsurface facility, and install new, properly compacted backfill.

(iii) The minimum thickness of the wearing course on full depth asphalt restoration shall be two inches (2").

(iv) When more than one roadway opening is made against a single permit and the openings are less than three feet apart [and the openings are machine excavated] after the required cutbacks, the existing wearing course between such openings shall be restored integrally with the opening wearing course restoration, in accordance with the current Standard Detail H-1042.

(v) [When openings are made by digging with hand tools or hand held pneumatic tools, the existing wearing course between such openings need not be replaced.

(vi)] When a street opening is twelve inches from the curb, the entire pavement between the opening and the curb shall be excavated and replaced in kind, in accordance with the current Standard Detail H-1042. The pavement base shall be inspected and repaired where necessary and a new wearing course shall be installed from the curb to the street opening. The areas described above shall be included in the permitee's guarantee.

[(vii)](vi) Whenever any street is excavated, the permittee shall restore such street in kind as to material; type, color, finish or distinctive design.

[(viii)](vii) Pavements shall be restored in kind in designated historic districts and on streets constructed with cobblestones or other distinctive pavements, or as directed by the Commissioner.

[(ix)](viii) The wearing course shall be properly sealed completely at the edges of the cut with the liquid asphaltic cement ironed in with a heated smoothing iron or by means of infrared treatment to prevent water seepage into the pavement.

[(x)](ix) [Any] Permittees shall be required to obtain a permit for any changes to, or installation of temporary roadway pavement markings and temporary construction, parking or regulatory signs and supports, including, but not limited to, crosswalks and lane lines. Unless otherwise directed by the Commissioner, all roadway pavement markings, including but not limited to, crosswalks and lane lines, and any parking or regulatory signs or supports shall be replaced in kind to Department specifications. All construction signs and supports and pavement markings shall be removed prior to the expiration of the permit.

[(xi)](x) Final (permanent) restorations shall be completed within ten (10) working days of the expiration of the permit. During winter months, [the Commissioner may vary the above requirement] temporary asphalt and pavement markings shall be placed at the expiration of the permit and maintained until such time as the final restoration may be completed.

[(xii)](xi) For trenches on protected streets, six [(6)] inches (6") of base and six [(6)] inches (6") of the wearing course shall be cut back on both sides of the trench. For trenches on non-protected streets, [(6)] six inches (6") of the wearing course shall be cut back on both sides of the trench, provided, however, that the total cut is a minimum of eighteen [(18)] inches (18") wide.

(xii) Any permittee performing work on a street pursuant to paragraph 3 of subdivision d of this section shall notify the Department within twenty-four (24) hours of the completion of the work on the same protected street determination form as submitted with the permit application pursuant to such paragraph 3 of subdivision d of this section.

§ 18. Paragraph (14) of subdivision (e) of section 2-11 of Title 34 of the Rules of the City of New York is amended to read as follows:

(14) Color Coding

(i) At each excavation, the permittee shall [imbed in the restoration or pavement immediately adjacent to it in the area closest to the curb line, a marker or color coding bearing the identification code or color assigned to the permittee by the Department] either paint temporary circles or install permanent colored markers as required in this paragraph, for the purpose of easily identifying the permittee's openings and restorations.

(ii) [Methods shall be approved by the Commissioner.] If the work is not complete, upon leaving the site the permittee shall paint three inch (3") circles adjacent to the cut, in the area closest to the curb line, in accordance with the placement and color requirements as specified below.

(iii) [Coding shall take place upon leaving the site, whether the work is completed or not, for the purpose of easily identifying the permittee's openings and subsequent restoration.] Upon completion of the restoration, the permittee shall install colored markers as specified below, unless another method is approved by the Department. Permittees shall be required to maintain these markers throughout the guarantee period.

(iv) [Permittees shall be required to maintain color codes or markers throughout the guarantee period.

(v)] Placement of Coding and Markers.

(A) [Coding shall be placed approximately six inches adjacent to the cut or trench (toward the curb where practical).] Permanent markers shall be imbedded at zero grade tolerance, or slightly below, in the new asphalt or concrete without the use of nails and shall be of one piece construction.

B) For cuts or trenches ten feet (10') or less, one temporary painted circle or permanent colored marker shall be placed in the linear center [is required. Linear center shall mean along the theoretical six inch distance toward curbside] of the cut.

(C) For cuts or trenches [from ten feet to seventy-five feet two markers] up to fifty feet (50'), one temporary painted circle or permanent colored marker shall be placed [approximately one-third the length apart] at each end of the excavation.

(D) For cuts or trenches over [seventy-five] fifty feet (50'), temporary painted circles or permanent colored markers shall be placed every twenty-five (25) linear feet maximum and one shall be placed at each end of the excavation.

(v) Such markers shall be in the shape of a circle measuring between one and one-half inches (1 ½") and three-inches (3") in diameter, color-coded as specified below, and shall include only the permittee's five-digit identification number and the two-digit year, unless other information is approved by the Department. The two-digit year shall be placed in the center of the marker, and the five-digit identification number shall be placed above the two-digit year.

(vi) [After pavement restorations, markings may be placed along the center of such restorations, rather than six inches adjacent as described above in (v)(A).] Specifications. Such markers shall also be UV-stable and designed not to fade significantly.

(vii) Color codes shall be assigned through Quality Control Procedure Q.P. 3 for permittees other than those listed below. Final pavement markers may be used as an alternative to color codes provided such use is approved by the Department.

(A) [NYNEX] Verizon-Cherry red marker[, 3 inch diameter solid circle.]

(B) Empire City Subway-Chrome yellow marker[, 3 inch diameter solid circle.]

(C) Consolidated Edison Co.-[Regal] Light blue marker[, 3 inch diameter solid circle.]

(D) [Brooklyn Union Gas Co.] Keyspan-White marker[, 3 inch diameter solid circle.]

(E) Plumbers (water or sewer)-[Hunter green] Green marker[, 3 inch diameter solid circle.]

(F) Signals and Street Lights-Orange marker[, 3 inch diameter solid circle.]

(G) [Sewers-Aqua marker, 3 inch diameter solid circle.

(H) Water Supply-Bright silver marker, 3 inch diameter solid circle.

(I)] Long Island [Lighting Co.] Power Authority-[Bronze] Yellow marker[, 3 inch diameter solid circle.]

[(J)](H) Metropolitan Transit Authority-[Tan] Purple marker[, 3 inch diameter solid circle.]

[(K)](I) Buckeye Pipe Line- Chrome yellow marker[, 3 inch diameter solid circle.]

[(L)](J) Fire Department-[Cherry Red] Purple marker[, 3 inch solid triangle.]

[(M)](K) Cable T.V.-Regal blue marker [, 3 inch triangle.]

§ 19. Subparagraph (vii) of paragraph (4) of subdivision (f) of section 2-11 of Chapter 2 of Title 34 of the Rules of the City of New York is amended to read as follows:

(vii) The permanent restoration shall be flushed with the surrounding pavement on all sides of the restoration. In the event a permanent restoration pavement installed in violation of the provisions of subparagraph (i) of this paragraph (4) settles more than two inches (2") below the surrounding existing surface during the life of [such permanent restoration] the guarantee period, this shall be deemed a failure of the backfill compaction, in which case, the permittee shall remove all of the failed backfill, down to the subsurface facility, and install new, properly compacted backfill.

STATEMENT OF BASIS AND PURPOSE OF PROPOSED RULES

The Commissioner of Transportation is authorized to promulgate rules regarding streets and highways in the City pursuant to § 2903 of the New York City Charter and Title 19 of the New York City Administrative Code. These rules are being amended to achieve several purposes: to enhance and clarify existing rules; to enhance vehicular and pedestrian safety, and to provide methods of enforcement for the rules. Finally, these amendments will better protect the City's investment in the roadways throughout the five boroughs.

Subdivision (a) of § 2-02 is being amended to add that an applicant must supply an e-mail address, if available, in order to facilitate Department contact with permittees. Subdivision (a) is also being amended to require permittees to submit proof of registration with the New York State Secretary of State to the Department, to ensure that permittees file the identical information provided to the Secretary of State on all permit applications submitted to the Department, and to ensure that permittees provide the Department with consistent and correct identifying information.

Subdivision (c) of § 2-02 is being amended to require permittees to place informational signs at the site of construction projects lasting in excess of three months, in order to give the public vital information regarding ongoing construction.

Subdivision (d) of § 2-02 is being amended to add e-mail as a method of serving corrective action requests. Subdivision (d) is also being amended to clarify that corrective action must be performed within 30 days of the issuance of the CAR, unless protested, and to create a category of priority CAR for conditions that create an imminent danger. Subdivision (d) is also being amended to provide that corrective action must still be taken after the guarantee period on a particular roadway expires.

Subdivision (m) of § 2-02 is being amended to provide for a procedure and a fee for an application to work during an embargo period. The procedure and fees are designed to ensure that work during an embargo period is indeed necessary, and prevents the expenditure of Department time and resources to evaluate applications for work that is not critical. Such work could already be approved by the Department under the current rules.

Section 2-03 is being amended to add a fee for an application for work during an embargo and one for installing or changing markings, signs and supports during construction, in order to provide the public with an updated, current schedule of fees.

Subdivision (h) of § 2-04 is being amended in order to be consistent with recent changes to insurance requirements for all permits contained in § 2-02(3).

Subdivision (d) of § 2-05 is being amended to delete an exemption for permittees storing material with a street opening permit, because such storage is covered under § 2-11.

Paragraph (2) of subdivision (d) of § 2-05 is being amended to add requirements that specifically detail the necessary planking, skids, and/or plating required when placing a container upon the roadway, and to identify who is responsible for placement of necessary planking, skids and/or plating for protection of the roadway. Paragraph (2) of subdivision (d) is also being amended to state that the protective covering placed underneath a container cannot exceed the perimeter of the container.

Paragraph (1) of subdivision (a) of § 2-07 is being amended to add a requirement that entities who put out tool carts must have their name, address and telephone number on the cart to facilitate the Department's identification of permittees.

Subdivision (b) of § 2-09 is being amended to correct a typographical error. Subdivision (f) of § 2-09 is being amended in order to be consistent with recent changes to insurance requirements for all permits contained in § 2-02(3). Subdivision (f) of § 2-09 is also being amended to allow for the use of approved volumetric mixers for concrete for sidewalks. The use of these mixers has become increasingly common in this kind of work.

Paragraph (1) of subdivision (d) of § 2-11 is being amended to add a requirement that the Division of Bridges be informed and approve of proposed work within 100 feet of a bridge in order to ensure that the applicant arranges the work so as to avoid damaging the bridge or is given appropriate specifications to restore the structure.

Subdivision (d) of § 2-11 is also being amended by adding a new paragraph (3) to require submission of a protected street determination form for approval prior to obtaining permits if curb to curb restoration will be performed on over 50% of a street segment. The form will be used to allow the Department to regulate future street openings on those streets more effectively.

Subparagraph (i) of paragraph (8) of subdivision (e) of § 2-11 is being amended to allow asphalt millings to be used as backfill material in order to conform to Local Law 45 of 2003, which allows for such use.

Subparagraph (vi) of paragraph (8) of subdivision (e) of § 2-11 is being amended to ensure that the rule will apply during the life of the guarantee period. Temporary restoration applied only during the life of the permit, and did not apply after the expiration of the permit and during the life of the guarantee period. This will ensure that restoration requirements are imposed upon permittees during the guarantee period.

Subparagraph (ii) of paragraph (10) of subdivision (e) of § 2-11 is being amended to remove vague language stating that a plate must overlap the edges, and to specify the amount of overlap required by the Department for permittees to place steel plates on the streets, so that the street opening is fully covered.

Subparagraph (iii) of paragraph (10) of subdivision (e) of § 2-11 is being amended to include "spiking" and "pinning" as methods of securing steel plates in order to prevent the plates from shifting, and to specify the required filling method for any holes resulting from spiking and pinning.

Subparagraph (v) of paragraph (10) of subdivision (e) of § 2-11 is being amended to delete an obsolete reference and to specify that adherence to federal manual on uniform traffic control devices is required, in order to create a standard for the size and placement of signs referencing plating and decking.

Subparagraph (ii) of paragraph (12) of subdivision (e) of § 2-11 is being amended to require that permittees must re-dig any backfill on a non-protected street if the restoration sinks more than two inches during the guarantee period, which will create conformity to similar requirements for a protected street.

Subparagraph (iv) of paragraph (12) of subdivision (e) of § 2-11 is being amended to delete the reference to machine excavations and to add the language, "after the required cutbacks" to ensure that permittees make proper restoration of street cuts regardless of whether the opening was excavated via machine or other means.

Subparagraph (v) of paragraph (12) of subdivision (e) of § 2-11 is being deleted in order to clarify that excavations within 3 feet of each other must be repaired integrally, to ensure that permittees properly restore street openings.

Subparagraph (x) of paragraph (12) of subdivision (e) of § 2-11 is being amended by adding a requirement that a permit be obtained prior to changing or installing any markings, signs or supports during construction and that such signs, markings or supports be removed prior to permit expiration. This is to create a formal process for removing temporary signs and markings and to create a method of enforcement. In addition, the usage of temporary asphalt during the winter months has been clarified.

Paragraph (12) of subdivision (e) of § 2-11 is also being amended by adding a new subparagraph (xii) that requires permittees to return the protected street determination form required in § 2-11(d)(3) to the Department within 24 hours of completing work on a street that is to be protected so that the Department may better regulate future street openings on those streets.

Paragraph (14) of subdivision (e) of § 2-11 is being amended to clarify the colors and uses of codes and markers used to identify permittees once they leave the work site, to facilitate the Department's identification and contact of those permittees in the event of problems.

Subparagraph (vii) of paragraph (4) of subdivision (f) of § 2-11 is being amended to include a requirement that the permanent restoration of a protected street shall be flushed with the surrounding pavement on all sides of the restoration, which will create smoother roadway surfaces. The subparagraph is also being amended in order to clarify that permittees are required to install properly compacted backfill on non-protected streets in the event that a permanent restoration sinks, as is also required on protected streets.

READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council**, 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists--free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

Definitions

For the purposes of the Inclusionary Housing program, matter in italics is defined either in Section 12-10 (DEFINITIONS) or in this Section.

Administering agent

The "administering agent" is the entity or entities identified in the #lower income housing plan# as responsible for ensuring compliance with such plan.

The #administering agent# shall be a not-for-profit organization, unless the Commissioner of Housing Preservation and Development finds that a good faith effort by the developer of the #compensated development# to secure a qualified not-for-profit organization as the #administering agent# was unsuccessful. However, in #~~R6, R7 and R8~~ Inclusionary Housing designated areas#, the Commissioner may approve an entity that is responsible for compliance monitoring pursuant to City, State or Federal funding sources, to serve as the #administering agent# during such compliance period.

* * *

Fair rent

* * *

However, in #~~R6, R7 and R8~~ Inclusionary Housing designated areas#, the Commissioner of Housing Preservation and Development may determine that rents satisfying the requirements of City, State or Federal programs assisting #lower income housing# will be considered #fair rent#, provided that such rents do not exceed 30 percent of #lower income household=s# income, as applicable, and provided further that upon expiration or termination of the requirements of the City, State or Federal program, rent increases and re-rentals shall be subject to the higher of the then-currently applicable Section 8 Standard or the Rent Stabilization Standard.

* * *

In #~~R6, R7 and R8~~ Inclusionary Housing designated areas#, at initial occupancy of any #lower income housing#, a portion of the #fair rents# may be for the payment of the principal or interest on debt, and such housing may secure debt, provided that, as of the date of the approval of the #lower income housing plan#, the Commissioner of Housing Preservation and Development finds that the total annual rent, when such interest and principal payments are deducted, is in compliance with the requirements of Section 23-95, paragraph(c), and provided that the lender agrees to enter into a written agreement which subordinates such debt to the provisions of the #lower income housing plan#.

Inclusionary Housing designated areas

"Inclusionary Housing designated areas" shall be those areas specified in Section 23-922 (Inclusionary Housing designated areas).

Lower income household

* * *

In #~~R6, R7 and R8~~ Inclusionary Housing designated areas#, #lower income households# shall also include all existing households in tenancy, provided such households occupy units that are within a #building# in which rents for all occupied units are regulated by City or State law, and the aggregate maximum permitted annual rent roll for such occupied units, divided by the number of occupied units, is less than 30 percent of the applicable income limit for a #lower income household# as provided in this Section. In determining the applicable income limit for such #lower income households#, the Commissioner of Housing Preservation and Development may make adjustments, consistent with U. S. Department of Housing and Urban Development regulations, for the number of persons residing in each unit.

Lower income housing

* * *

However, in #~~R6, R7 and R8~~ Inclusionary Housing designated areas#, #lower income housing# shall include #standard units# assisted under City, State or Federal programs.
* * *

~~R6, R7 and R8 designated areas~~

~~"R6, R7 and R8 designated areas" shall be those areas specified in Section 23-922 (Certain R6, R7 and R8 Districts).~~

* * *

23-941
In R10 Districts other than Inclusionary Housing designated areas

The #floor area ratio# of a #development# may be increased from 10.0 to a maximum of 12.0 at the rate set forth in this Section, if the developer of such #development# provides #lower income housing# pursuant to Section 23-95 (Lower Income Housing Requirements).

* * *

23-942
In ~~R6, R7 and R8 Districts~~ Inclusionary Housing designated areas

The provisions of this Section shall apply in the designated areas set forth in Section 23-922, except within Waterfront Access Plan BK-1 and in R7-3 Districts within Community

District 1, Borough of Brooklyn.
* * *

23-951
On-site new construction option

To qualify for this option, the designated #lower income housing# shall meet the following requirements.

* * *

In #~~R6, R7 and R8~~ Inclusionary Housing designated areas#, if the #lower income housing# is subject to the requirements of City, State or Federal programs assisting the #lower income housing# that have size and distribution requirements conflicting with the size and distribution requirements of this paragraph, (b), then the size and distribution requirements of this paragraph, (b), may be waived by the Commissioner of Housing Preservation and Development to facilitate the #development# of #lower income housing#.

23-952
Substantial rehabilitation and off-site new construction options

To qualify for one or more of these options, the designated #lower income housing# shall meet the following requirements:

(a) The #lower income housing# shall be located either:

* * *

Furthermore, in #~~R6, R7 and R8~~ Inclusionary Housing designated areas#, the #administering agent# shall not be required to verify the income of households in tenancy, as of the date upon which the Commissioner of Housing Preservation and Development approves the #lower income housing plan#.

* * *

23-953
Preservation option

To qualify for this option, the designated #lower income housing# shall meet the following requirements.

(a) The #lower income housing# shall be located either:

* * *

Furthermore, in #~~R6, R7 and R8~~ Inclusionary Housing designated areas#, the #administering agent# shall not be required to verify the income of households in tenancy, as of the date upon which the Commissioner of Housing Preservation and Development approves the #lower income housing plan#.

* * *

24-161
Maximum floor area ratio for zoning lots containing community facility and residential uses

In the designated areas set forth in Section 23-922 (Inclusionary Housing designated areas ~~Certain R6, R7 and R8 Districts~~), except within Waterfront Access Plan Bk-1, the #floor area ratios# of Section 23-942 shall apply where the #residential# portion of a #building# is #developed# or #enlarged# pursuant to the Quality Housing Program.

* * *

35-31
Maximum Floor Area Ratio for Mixed Buildings

* * *

In the designated areas set forth in Section 23-922 (Inclusionary Housing designated areas ~~Certain R6, R7 and R8 Districts~~), except within Waterfront Access Plan BK-1, the #floor area ratios# of Section 23-942 shall apply where the #residential# portion of a #building# is #developed# or #enlarged# pursuant to the Quality Housing Program.

* * *

123-63
Maximum Floor Area Ratio and Lot Coverage Requirements for Residential Buildings in R6, R7, R8 and R9 Districts

* * *

However, in ~~designated R6, R7 or R8 Districts where the Inclusionary Housing Program is applicable~~ #Inclusionary Housing designated areas#, as listed ~~below~~ in the following table, the maximum permitted #floor area ratio# shall be as set forth in Section 23-942 (In ~~R6, R7 and R8 Districts~~ Inclusionary Housing designated areas). The locations of such districts are specified in Section 23-922 (~~Certain R6, R7 and R8 Districts~~ Inclusionary Housing designated areas).

123-64
Maximum Floor Area Ratio and Lot Coverage Requirements for Mixed Use Buildings

(a) Maximum #floor area ratio#

* * *

(4) Maximum #floor area# in #mixed use buildings#

The maximum total #floor area# in a #mixed use building# in #Special Mixed Use Districts# shall be the maximum #floor area# permitted for either the #commercial#, #manufacturing#, #community facility# or #residential# portion of such #building#, as set forth in this Section, whichever permits the greatest amount of #floor area#.
However, in the designated areas set forth in Section 23-922 (~~Certain R6, R7 and R8 Districts~~ Inclusionary Housing designated areas), except within Waterfront Access Plan Bk-1, the #floor area ratios# of Section 23-942 shall apply.

RENT GUIDELINES BOARD

■ PUBLIC HEARINGS

NOTICE IS HEREBY GIVEN THAT THE NEW YORK CITY RENT GUIDELINES BOARD will hold a public hearing on Tuesday, **June 12, 2007** at the "Great Hall" at Cooper Union, 7 East 7th Street at the corner of 3rd Avenue, New York, NY 10003 to consider public comments concerning rent adjustments for renewal leases for apartments, lofts, hotels and other housing units subject to the Rent Stabilization Law of 1969 and the Emergency Tenant Protection Act of 1974. These adjustments will affect renewal leases commencing between October 1, 2007 through September 30, 2008.

Public comments regarding proposed rent adjustments for rent stabilized apartments, lofts, and hotels (including class A and class B hotels, SROs, rooming houses and lodging houses) will take place between the hours of **10:00 A.M. to 6:00 P.M.** on Tuesday, **June 12, 2007.** Registration of speakers is required and pre-registration is now being accepted and is advised. Pre-registration requests for the hearing must be received before 1:00 P.M. on Monday, **June 11, 2007.** For further information and to pre-register for the public hearing call the Board at (212) 385-2934 or write to the Rent Guidelines Board, 51 Chambers Street, Rm. 202, New York, NY 10007. Persons who request that a sign language interpreter or other form of reasonable accommodation for a disability be provided at the hearing are requested to notify Ms. Charmaine Frank at the above address by **Monday, June 4, 2007** by 4:30 P.M.

Proposed rent guidelines for all of the above classes of stabilized housing units were adopted on **Monday, May 7, 2007** and published in the City Record on **Friday, May 11, 2007.** Copies of the proposed guidelines are available from the Rent Guidelines Board staff office at the above listed address and at the Board's website: **housingnyc.com.**

In order to ensure that the members of the Rent Guidelines Board are able to deliberate and to hear members of the public with regard to renewal lease adjustments, and that members of the public are able to participate meaningfully in the public meeting and hearing process, items that are reasonably likely to disrupt the proceedings, such as noisemakers and drums, are prohibited and may not be brought into meeting and hearing venues. We encourage you to arrive early to avoid delays and help speed the entry of all members of the public. Your cooperation, patience and understanding are greatly appreciated.

CORRECTION: PROVISION OF NON-SECURE DETENTION CENTERS – Negotiated Acquisition – Judgment required in evaluating proposals - PIN# 13007DJJ001 – DUE 11-14-08 AT 3:00 P.M. – CORRECTION: The NYC Department of Juvenile Justice (DJJ) is seeking one or more appropriately qualified vendors to provide non-secure detention services for youth. Services shall include, but not be limited to, custody, basic youth care, food, clothing, shelter, education, health care, recreation, court related services, social work and case management services, social skills instruction, group sessions and monitoring and supervision of these services. In addition, the contract will require that a defibrillator shall be located in each program facility and that all staff requiring CPR training shall be certified in use of said defibrillator.

Each program facility will provide at least 10 and no more than 12 beds in accordance with the applicable regulations promulgated by the New York State Office of Children and Family Services (NYS OCFS), 9 N.Y.C.R.R. Section 180 et seq. The Department is seeking to provide services at facilities that will be operational at any time from January 1, 2007 to December 31, 2010. A vendor may submit an offer for more than one Facility Option. Current Agency vendors operating non-secure group homes that have contracts expiring in calendar year 2006 are urged to respond to this solicitation.

All program facilities shall be appropriately equipped to provide services for male or female youth as required by the Department, and be located in one of the five boroughs. The term of the contracts awarded from this solicitation will be for three years and will include an additional three-year option to renew. The anticipated maximum average annual funding available for each contract will be $1,067,000, excluding start-up costs. Proposed start-up costs will be considered in addition to the proposed annual line item budget. Greater consideration will be given to applicants offering more competitive prices.

If your organization is interested in being considered for award of the subject contract, please hand deliver a written expression of interest addressed to my attention at 110 William Street, 20th Floor, New York, NY 10038. The expression of interest should specifically address the following:

1. Indicate each program facility for which the vendor is submitting.

2. Describe each proposed facility, its location, and proposed date of operation.

3. Attach appropriate documentation demonstrating the current use of each proposed facility and the vendor's site control of the facility for a period of at least 3 years.

4. For each proposed facility,
a) Indicate the number of beds to be provided and demonstrate that the facility has the capacity to provide the indicated number of beds.
b) Demonstrate that the facility will be appropriately equipped to provide services for male or female youth.

5. Demonstrate the vendor's organizational capability to:
a) Provide the indicated number of beds at each proposed facility. (If the vendor is a current provider, also demonstrate the capability to provide the indicated number of beds in addition to those already provided.)
b) Ensure that each proposed facility will be fully operational by required date in accordance with the applicable regulations promulgated by the New York State Office of Children and Family Services (NYS OCFS), 9 N.Y.C.R.R. Section 180 et seq.

6. Demonstrate the quantity and quality of the vendor's successful relevant experience.

7. Attach for each proposed facility three-year annual line item operating budget. Include staffing details. Proposed start up costs should be included in addition to the proposed three-year annual line item operating budget.

All expressions of interest received in the manner set forth will be reviewed to determine if they are responsive to the material requirements of this solicitation. Expressions of interest determined to be non-responsive will not be further considered. Expressions of interest determined to be responsive will be considered in terms of the following factors:

- Appropriateness of each proposed facility.
- Demonstrated site control of each proposed facility.
- Demonstrated level of organizational capability to provide the proposed number of beds and to ensure that each proposed facility if fully operational by the applicable requisite date.
- Demonstrated quantity and quality of successful relevant experience.
- Annual budget amount and cost effectiveness of the budget.

The Department will enter into negotiations with the vendor(s) determined to be the best qualified at the time of evaluation, based on consideration of the above-cited factors. A contract will be awarded to the responsible vendor(s) whose offer(s) is/are determined to be the most advantageous to the City, taking into consideration the price and the other factors set forth in this solicitation. In the case that a vendor is eligible for award of more than one program facility, the Department reserves the right, based upon the vendor's demonstrated organizational capability and the best interest of the City, respectively, to determine how many and for which program facility(ies) the vendor will be awarded a contract.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/ blueprints; other information; and for opening and reading of bids at date and time specified above.

OFFICE OF PRESERVATION SERVICES CERTIFICATION OF NO HARASSMENT UNIT

REQUEST FOR COMMENT ON APPLICATION FOR CERTIFICATION OF NO HARASSMENT PURSUANT TO THE SPECIAL CLINTON DISTRICT PROVISIONS OF THE ZONING RESOLUTION

DATE OF NOTICE: June 7, 2007

TO: OCCUPANTS, FORMER OCCUPANTS AND OTHER INTERESTED PARTIES OF

Address	Application #	Inquiry Period
763 8th Avenue, Manhattan	60/07	May 11, 1991 to Present

Prior to the issuance of a permit by the Department of Buildings for the alteration or demolition of residential buildings in certain areas of the **Special Clinton District**, the Department of Housing Preservation and Development is required to certify that: 1) prior to evicting or otherwise terminating the occupancy of any tenant preparatory to alteration or demolition, the owner shall have notified HPD of the owner's intention to alter or demolish the building and 2) the eviction and relocation practices followed by the owner of the building satisfy all applicable legal requirements and that no harassment has occurred.

The owner of the building located at the above-referenced address seeks the issuance of an HPD Certification. The owner has represented and certified to HPD of the owner's intention to alter or demolish the building and that the eviction and relocation practices followed by the owner satisfy all applicable legal requirements and that no harassment has occurred. For your information HPD considers harassment to include, but not be limited to, the threatened or actual use of physical force, deprivation of essential services such as heat, water, gas or electric, or any other conduct intended to cause persons to vacate the premises or waive rights related to their occupancy.

HPD requests that if you have any comments or evidence of unlawful eviction and relocation practices or harassment occurring at the above referenced premises that you notify the Anti-Harassment Unit, 3rd Floor, 100 Gold Street, New York, NY 10038, by letter postmarked not later than 30 days from the date of this notice or by an in-person statement made within the same period. To schedule an appointment for an in-person statement call (212) 863-8272.

READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council**, 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists--free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

Definitions

For the purposes of the Inclusionary Housing program, matter in italics is defined either in Section 12-10 (DEFINITIONS) or in this Section.

Administering agent

The "administering agent" is the entity or entities identified in the #lower income housing plan# as responsible for ensuring compliance with such plan.

The #administering agent# shall be a not-for-profit organization, unless the Commissioner of Housing Preservation and Development finds that a good faith effort by the developer of the #compensated development# to secure a qualified not-for-profit organization as the #administering agent# was unsuccessful. However, in #~~R6, R7 and R8~~ Inclusionary Housing designated areas#, the Commissioner may approve an entity that is responsible for compliance monitoring pursuant to City, State or Federal funding sources, to serve as the #administering agent# during such compliance period.

* * *

Fair rent

* * *

However, in #~~R6, R7 and R8~~ Inclusionary Housing designated areas#, the Commissioner of Housing Preservation and Development may determine that rents satisfying the requirements of City, State or Federal programs assisting #lower income housing# will be considered #fair rent#, provided that such rents do not exceed 30 percent of #lower income household=s# income, as applicable, and provided further that upon expiration or termination of the requirements of the City, State or Federal program, rent increases and re-rentals shall be subject to the higher of the then-currently applicable Section 8 Standard or the Rent Stabilization Standard.

* * *

In #~~R6, R7 and R8~~ Inclusionary Housing designated areas#, at initial occupancy of any #lower income housing#, a portion of the #fair rents# may be for the payment of the principal or interest on debt, and such housing may secure debt, provided that, as of the date of the approval of the #lower income housing plan#, the Commissioner of Housing Preservation and Development finds that the total annual rent, when such interest and principal payments are deducted, is in compliance with the requirements of Section 23-95, paragraph(c), and provided that the lender agrees to enter into a written agreement which subordinates such debt to the provisions of the #lower income housing plan#.

Inclusionary Housing designated areas

"Inclusionary Housing designated areas" shall be those areas specified in Section 23-922 (Inclusionary Housing designated areas).

Lower income household

* * *

In #~~R6, R7 and R8~~ Inclusionary Housing designated areas#, #lower income households# shall also include all existing households in tenancy, provided such households occupy units that are within a #building# in which rents for all occupied units are regulated by City or State law, and the aggregate maximum permitted annual rent roll for such occupied units, divided by the number of occupied units, is less than 30 percent of the applicable income limit for a #lower income household# as provided in this Section. In determining the applicable income limit for such #lower income households#, the Commissioner of Housing Preservation and Development may make adjustments, consistent with U. S. Department of Housing and Urban Development regulations, for the number of persons residing in each unit.

Lower income housing

* * *

However, in #~~R6, R7 and R8~~ Inclusionary Housing designated areas#, #lower income housing# shall include #standard units# assisted under City, State or Federal programs.

* * *

~~R6, R7 and R8 designated areas~~

~~"R6, R7 and R8 designated areas" shall be those areas specified in Section 23-922 (Certain R6, R7 and R8 Districts).~~

* * *

23-941
In R10 Districts other than Inclusionary Housing designated areas

The #floor area ratio# of a #development# may be increased from 10.0 to a maximum of 12.0 at the rate set forth in this Section, if the developer of such #development# provides #lower income housing# pursuant to Section 23-95 (Lower Income Housing Requirements).

* * *

23-942
In ~~R6, R7 and R8 Districts~~ Inclusionary Housing designated areas

The provisions of this Section shall apply in the designated areas set forth in Section 23-922, except within Waterfront Access Plan BK-1 and in R7-3 Districts within Community District 1, Borough of Brooklyn.

* * *

23-951
On-site new construction option

To qualify for this option, the designated #lower income housing# shall meet the following requirements.

* * *

In #~~R6, R7 and R8~~ Inclusionary Housing designated areas#, if the #lower income housing# is subject to the requirements of City, State or Federal programs assisting the #lower income housing# that have size and distribution requirements conflicting with the size and distribution requirements of this paragraph, (b), then the size and distribution requirements of this paragraph, (b), may be waived by the Commissioner of Housing Preservation and Development to facilitate the #development# of #lower income housing#.

23-952
Substantial rehabilitation and off-site new construction options

To qualify for one or more of these options, the designated #lower income housing# shall meet the following requirements:

(a) The #lower income housing# shall be located either:

* * *

Furthermore, in #~~R6, R7 and R8~~ Inclusionary Housing designated areas#, the #administering agent# shall not be required to verify the income of households in tenancy, as of the date upon which the Commissioner of Housing Preservation and Development approves the #lower income housing plan#.

* * *

23-953
Preservation option

To qualify for this option, the designated #lower income housing# shall meet the following requirements.

(a) The #lower income housing# shall be located either:

* * *

Furthermore, in #~~R6, R7 and R8~~ Inclusionary Housing designated areas#, the #administering agent# shall not be required to verify the income of households in tenancy, as of the date upon which the Commissioner of Housing Preservation and Development approves the #lower income housing plan#.

* * *

24-161
Maximum floor area ratio for zoning lots containing community facility and residential uses

In the designated areas set forth in Section 23-922 (Inclusionary Housing designated areas ~~Certain R6, R7 and R8 Districts~~), except within Waterfront Access Plan Bk-1, the #floor area ratios# of Section 23-942 shall apply where the #residential# portion of a #building# is #developed# or #enlarged# pursuant to the Quality Housing Program.

* * *

35-31
Maximum Floor Area Ratio for Mixed Buildings

* * *

In the designated areas set forth in Section 23-922 (Inclusionary Housing designated areas ~~Certain R6, R7 and R8 Districts~~), except within Waterfront Access Plan BK-1, the #floor area ratios# of Section 23-942 shall apply where the #residential# portion of a #building# is #developed# or #enlarged# pursuant to the Quality Housing Program.

* * *

123-63
Maximum Floor Area Ratio and Lot Coverage Requirements for Residential Buildings in R6, R7, R8 and R9 Districts

* * *

However, in ~~designated R6, R7 or R8 Districts where the Inclusionary Housing Program is applicable~~ #Inclusionary Housing designated areas#, as listed ~~below~~ in the following table, the maximum permitted #floor area ratio# shall be as set forth in Section 23-942 (In ~~R6, R7 and R8 Districts~~ Inclusionary Housing designated areas). The locations of such districts are specified in Section 23-922 (~~Certain R6, R7 and R8 Districts~~ Inclusionary Housing designated areas).

123-64
Maximum Floor Area Ratio and Lot Coverage Requirements for Mixed Use Buildings

(a) Maximum #floor area ratio#

* * *

(4) Maximum #floor area# in #mixed use buildings#

The maximum total #floor area# in a #mixed use building# in #Special Mixed Use Districts# shall be the maximum #floor area# permitted for either the #commercial#, #manufacturing#, #community facility# or #residential# portion of such #building#, as set forth in this Section, whichever permits the greatest amount of #floor area#.
However, in the designated areas set forth in Section 23-922 (~~Certain R6, R7 and R8 Districts~~ Inclusionary Housing designated areas), except within Waterfront Access Plan Bk-1, the #floor area ratios# of Section 23-942 shall apply.

COMMUNITY PARTNERSHIP INITIATIVE COMMUNITY MEETINGS – Request for Proposals – PIN# 06807INV0001A – DUE 08-06-07 AT 2:00 P.M. – The Administration for Children's Services is pleased to announce the third round of Community Partnership Initiative Community Meetings. The Community Partnership Initiative is designed to protect children from abuse and neglect and to strengthen neighborhood families through promoting the development of Community Coalitions to partner with Children Services to achieve these goals in their respective communities.

As previously announced ACS will conduct this innovative demonstration project in 11 Community Districts.

In order to provide interested parties with more detailed information, ACS will hold Community Partnership Initiative meetings in each of the communities, in three phases. The third and final round of community districts are: Mott Haven (BX1); Soundview (BX9); Bushwick (BK4); and Elmhurst/Corona (Q4). The Community Partnership Initiative forums for these communities will be held as follows:

Mott Haven: June 18, 2007 at 5:00 P.M., Lincoln Hospital Auditorium, 234 Eugenio Maria DeHostos Blvd., (149th St. Morris Ave.) Bronx, NY 10451.

Bushwick: June 20, 2007 at 5:00 P.M., IS 383 Philippa Schuyler School, 1300 Greene Ave., Brooklyn, NY 11237.

Elmhurst/Corona: June 25, 2007 at 5:00 P.M., Elmhurst Hospital, 79-01 Broadway (Queens), Elmhurst, NY 11373.

Soundview: June 28, 2007 at 5:00 P.M., JHS 131-Albert Einstein Intermediate School, 885 Bolton Ave., Bronx, NY 10473.

Coalitions will have four weeks after the Community Partnership meeting in their community to submit their proposals. Interested organizations may contact Michael Walker at (212) 341-3525 to be notified of Community Partnership meeting dates and obtain a copy of the scope and proposal guidelines. The scope and proposal guidelines may also be downloaded from the ACS website at http://a069-webapps5.nyc.gov/rfponline/.

JUVENILE JUSTICE

■ SOLICITATIONS

Human / Client Service

CORRECTION: PROVISION OF NON-SECURE DETENTION CENTERS – Negotiated Acquisition – Judgment required in evaluating proposals - PIN# 13007DJJ001 – DUE 11-14-08 AT 3:00 P.M. – CORRECTION: The NYC Department of Juvenile Justice (DJJ) is seeking one or more appropriately qualified vendors to provide non-secure detention services for youth. Services shall include, but not be limited to, custody, basic youth care, food, clothing, shelter, education, health care, recreation, court related services, social work and case management services, social skills instruction, group sessions and monitoring and supervision of these services. In addition, the contract will require that a defibrillator shall be located in each program facility and that all staff requiring CPR training shall be certified in use of said defibrillator.

Each program facility will provide at least 10 and no more than 12 beds in accordance with the applicable regulations promulgated by the New York State Office of Children and Family Services (NYS OCFS), 9 N.Y.C.R.R. Section 180 et seq. The Department is seeking to provide services at facilities that will be operational at any time from January 1, 2007 to December 31, 2010. A vendor may submit an offer for more than one Facility Option. Current Agency vendors operating non-secure group homes that have contracts expiring in calendar year 2006 are urged to respond to this solicitation.

All program facilities shall be appropriately equipped to provide services for male or female youth as required by the Department, and be located in one of the five boroughs. The term of the contracts awarded from this solicitation will be for three years and will include an additional three-year option to renew. The anticipated maximum average annual funding available for each contract will be $1,067,000, excluding start-up costs. Proposed start-up costs will be considered in addition to the proposed annual line item budget. Greater consideration will be given to applicants offering more competitive prices.

If your organization is interested in being considered for award of the subject contract, please hand deliver a written expression of interest addressed to my attention at 110 William Street, 20th Floor, New York, NY 10038. The expression of interest should specifically address the following:

1. Indicate each program facility for which the vendor is submitting.

2. Describe each proposed facility, its location, and proposed date of operation.

3. Attach appropriate documentation demonstrating the current use of each proposed facility and the vendor's site control of the facility for a period of at least 3 years.

4. For each proposed facility,
a) Indicate the number of beds to be provided and demonstrate that the facility has the capacity to provide the indicated number of beds.
b) Demonstrate that the facility will be appropriately equipped to provide services for male or female youth.

5. Demonstrate the vendor's organizational capability to:
a) Provide the indicated number of beds at each proposed facility. (If the vendor is a current provider, also demonstrate the capability to provide the indicated number of beds in addition to those already provided.)
b) Ensure that each proposed facility will be fully operational by required date in accordance with the applicable regulations promulgated by the New York State Office of Children and Family Services (NYS OCFS), 9 N.Y.C.R.R. Section 180 et seq.

6. Demonstrate the quantity and quality of the vendor's successful relevant experience.

7. Attach for each proposed facility three-year annual line item operating budget. Include staffing details. Proposed start up costs should be included in addition to the proposed three-year annual line item operating budget.

All expressions of interest received in the manner set forth will be reviewed to determine if they are responsive to the material requirements of this solicitation. Expressions of interest determined to be non-responsive will not be further considered. Expressions of interest determined to be responsive will be considered in terms of the following factors:

- Appropriateness of each proposed facility.
- Demonstrated site control of each proposed facility.
- Demonstrated level of organizational capability to provide the proposed number of beds and to ensure that each proposed facility if fully operational by the applicable requisite date.
- Demonstrated quantity and quality of successful relevant experience.
- Annual budget amount and cost effectiveness of the budget.

The Department will enter into negotiations with the vendor(s) determined to be the best qualified at the time of evaluation, based on consideration of the above-cited factors. A contract will be awarded to the responsible vendor(s) whose offer(s) is/are determined to be the most advantageous to the City, taking into consideration the price and the other factors set forth in this solicitation. In the case that a vendor is eligible for award of more than one program facility, the Department reserves the right, based upon the vendor's demonstrated organizational capability and the best interest of the City, respectively, to determine how many and for which program facility(ies) the vendor will be awarded a contract.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/ blueprints; other information; and for opening and reading of bids at date and time specified above.

BINDING REPORTS

ISSUE DATE: 05/22/07	DOCKET #: 077000	SRB #: SRB 07-8661
ADDRESS: 152 RUTLAND ROAD-FACADE; HISTORIC DISTRICT: PROSPECT LEFFERTS GARDENS	BOROUGH: BROOKLYN	BLOCK/LOT: 5036 / 22

To the Mayor, the Council, and the Representative, NYC HPD.

This report is issued pursuant to Sections 3020 and 854 (h) of the New York City Charter and Section 25-318 of the Administrative Code of the City of New York, which require a report from the Landmarks Preservation Commission for certain plans for the construction, reconstruction, alteration, or demolition of any improvement or proposed improvement which is owned by the City or is to be constructed upon property owned by the City and is or is to be located on a landmark site or in a historic district or which contains an interior landmark.

The Landmarks Preservation Commission has reviewed a proposal for restorative work at the rear façade including masonry repair and repointing; the removal and replacement of three (3) one-over-one, double-hung wood windows at the parlor floor of the rear façade; the removal and replacement of three (3) one-over-one, double-hung wood windows at the parlor floor of the front façade; and painting all replacement windows black. The proposal is described in a written statement dated May 14, 2007, prepared by Cosmo Cotroneo of Millwork Specialties, and drawings 1 through 3 dated July 13, 2006, prepared by Asif Jamil, R.A., and drawings A1 through A3 dated May 14, 2007, prepared by Millwork Specialties.

In reviewing this proposal, the Commission notes that the Prospect Lefferts Gardens Historic District designation report describes 152 Rutland Road as a Romanesque Revival style rowhouse with neo-Renaissance style detailing, designed by George Morgan, and built in 1987; and that the building's style, scale, materials, and details are among the features that contribute to the Prospect Lefferts Gardens Historic District.

With regard to this proposal, the Commission finds, in accordance with the provisions set forth in the Rules of the City of New York, Title 63, Section 3-04, that the proposed windows at the front and rear facades will match the historic windows in terms of configuration, operation, details, material, and finish. Based on these findings, the Commission determines that the work is appropriate to the building and to the Prospect Lefferts Gardens Historic District.

This report is issued on the basis of the building and site conditions described in the application and disclosed during the review process. By accepting this permit, the applicant agrees to notify the Commission if the actual building or site conditions vary or if original or historic building fabric is discovered. The Commission reserves the right to amend or revoke this permit, upon written notice to the applicant, in the event that the actual building or site conditions are materially different from those described in the application or disclosed during the review process.

All approved drawings are marked approved by the Commission with a perforated seal indicating the date of approval. The work is limited to what is contained in the perforated documents. Other work or amendments to this filing must be reviewed and approved separately. This report constitutes the permit; a copy must be prominently displayed at the site while work is in progress. Please direct inquiries to Carly Bond.

ADDRESS: HARLEM RIVER HOUSES; Harlem River Houses INDIVIDUAL LANDMARK	BOROUGH: MANHATTAN	BLOCK/LOT: 2037 / 11

To the Mayor, the Council, and the Chairman of the New York City Housing Authority.

This report is issued pursuant to Sections 3020 and 854 (h) of the New York City Charter and Section 25-318 of the Administrative Code of the City of New York, which require a report from the Landmarks Preservation Commission for certain plans for the construction, reconstruction, alteration, or demolition of any improvement or proposed improvement which is owned by the City or is to be constructed upon property owned by the City and is or is to be located on a landmark site or in a historic district or which contains an interior landmark.

The Landmarks Preservation Commission has reviewed a proposal for interior alterations only, including the demolition and construction of non-bearing partitions and finishes and plumbing work at 173, 177, 181, 191U-191V and 211A-211J West 151st Street; 180, 182, 183, 186, 187, 190, 220, 221, 225, 226, 229, and 234 West 152nd Street; 210K-210T West 153rd Street; 2637, 2641, 2645, 2651, and 2653 7th Avenue (aka Adam Clayton Powell Boulevard); and 44-52 and 70 Macombs Place, all within the Harlem River Houses complex (Block/Lot 2037/11 and 2016/60), as described in written specifications and shown on drawings A-1 through A-6, dated February 5, 2007, prepared by Albert Smith, III, RA, and submitted as components of the application.

The Commission has reviewed the application and these drawings and finds that the work will have no effect on significant protected features of the building.

This report is issued on the basis of the building and site conditions described in the application and disclosed during the review process. By accepting this permit, the applicant agrees to notify the Commission if the actual building or site conditions vary or if original or historic building fabric is discovered. The Commission reserves the right to amend or revoke this permit, upon written notice to the applicant, in the event that the actual building or site conditions are materially different from those described in the application or disclosed during the review process.

All approved drawings are marked approved by the Commission with a perforated seal indicating the date of approval. The work is limited to what is contained in the perforated documents. Other work or amendments to this filing must be reviewed and approved separately. This report constitutes the permit; a copy must be prominently displayed at the site while work is in progress. ISSUE DATE:	DOCKET #:	SRB #:
06/23/07	076487	SRB 07-8682
ADDRESS: 1000 FIFTH AVENUE Metropolitan Museum of Art SCENIC LANDMARK	BOROUGH: MANHATTAN	BLOCK/LOT: 1111/1

To the Mayor, the Council, and the Commissioner, Department of Cultural Affairs.

This report is issued pursuant to Sections 3020 and 854 (h) of the New York City Charter and Section 25-318 of the Administrative Code of the City of New York, which require a report from the Landmarks Preservation Commission for certain plans for the construction, reconstruction, alteration, or demolition of any improvement or proposed improvement which is owned by the City or is to be constructed upon property owned by the City and is or is to be located on a landmark site or in a historic district or which contains an interior landmark.

The Landmarks Preservation Commission has reviewed a proposal for replacing windows throughout the Lehman Wing, including replacing existing aluminum and glass skylights with new skylights, matching the existing materials and fenestration pattern and featuring chamfered detailing and concealed screw heads at the glazing framing; replacing existing aluminum coping at the skylights with larger aluminum coping and concealed insulation; and replacing vertical bands of windows at the northern and southern facades in-kind. The work also includes the replacement of masonry at the interior facades of the Lehman Wing, as described in written specifications, dated May 14, 2007, and shown in current condition photographs; drawings A.000, A.101, A.201, A.300, A.301A, A.302, A.303, and A.304, dated revised February 19, 2007 and prepared by James P. Owens, RA; and drawings SKA-0.01, SKA-0.02, SKA-0.03, SKA-0.04, SKA-0.05, and SKA-0.06, dated May 14, 2007 and prepared by Kevin Roche John Dinkeloo and Associates, all submitted as components of the application. Additionally, staff of the Commission conducted a site visit on May 3, 2007.

In reviewing this proposal, the Commission notes that the Metropolitan Museum of Art Designation Report describes the building as a Beaux-Arts and Roman style museum, built in 1864-1965 and designed by Vaux and Mould, R.M. Hunt, McKim Mead and White, and others. The Commission also notes that the Robert Lehaman Wing was designed by Kevin Roche John Dinkeloo and Associates and built in 1975; and that the existing skylights and vertical bands of windows are in a state of disrepair.

The Commission has reviewed these drawings and finds that the work is restorative in nature and will help protect the building from damage due to water infiltration: that the skylights and vertical bands of windows will match the configuration, operation and materials of the existing windows; that the vertical bands of windows will match the existing windows in dimensions and details; that the concealment of the screw heads and creation of chamfered edges at the framing will help protect the building from damage due to water infiltration, without eliminating any significant features of the skylight design; that the replacement coping will match the existing in materials, design and details, that the scale of the coping, enlarged to facilitate the installation of concealed insulation, will remain well scaled to the overall skylight; that none of the work will disrupting the unity of fenestration pattern of glazing panels throughout the building; and that work will not eliminate, conceal or damage any significant features of the building. The work, therefore, is approved.

PLEASE NOTE: This permit is issued contingent upon the Commission's review and approval of the framing finish prior to the commencement of the work. Please contact the Landmarks Preservation Commission staff when the samples are ready in order to arrange a site visit.

This report is issued on the basis of the building and site conditions described in the application and disclosed during the review process. By accepting this permit, the applicant agrees to notify the Commission if the actual building or site conditions vary or if original or historic building fabric is discovered. The Commission reserves the right to amend or revoke this permit, upon written notice to the applicant, in the event that the actual building or site conditions are materially different from those described in the application or disclosed during the review process.

All approved drawings are marked approved by the Commission with a perforated seal indicating the date of approval. The work is limited to what is contained in the perforated documents. Other work or amendments to this filing must be reviewed and approved separately. This report constitutes the permit; a copy must be prominently displayed at the site while work is in progress. READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council**, 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists--free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

Definitions

For the purposes of the Inclusionary Housing program, matter in italics is defined either in Section 12-10 (DEFINITIONS) or in this Section.

Administering agent

The "administering agent" is the entity or entities identified in the #lower income housing plan# as responsible for ensuring compliance with such plan.

The #administering agent# shall be a not-for-profit organization, unless the Commissioner of Housing Preservation and Development finds that a good faith effort by the developer of the #compensated development# to secure a qualified not-for-profit organization as the #administering agent# was unsuccessful. However, in #~~R6, R7 and R8~~ Inclusionary Housing designated areas#, the Commissioner may approve an entity that is responsible for compliance monitoring pursuant to City, State or Federal funding sources, to serve as the #administering agent# during such compliance period.

* * *

Fair rent

* * *

However, in #~~R6, R7 and R8~~ Inclusionary Housing designated areas#, the Commissioner of Housing Preservation and Development may determine that rents satisfying the requirements of City, State or Federal programs assisting #lower income housing# will be considered #fair rent#, provided that such rents do not exceed 30 percent of #lower income household=s# income, as applicable, and provided further that upon expiration or termination of the requirements of the City, State or Federal program, rent increases and re-rentals shall be subject to the higher of the then-currently applicable Section 8 Standard or the Rent Stabilization Standard.

* * *

In #~~R6, R7 and R8~~ Inclusionary Housing designated areas#, at initial occupancy of any #lower income housing#, a portion of the #fair rents# may be for the payment of the principal or interest on debt, and such housing may secure debt, provided that, as of the date of the approval of the #lower income housing plan#, the Commissioner of Housing Preservation and Development finds that the total annual rent, when such interest and principal payments are deducted, is in compliance with the requirements of Section 23-95, paragraph(c), and provided that the lender agrees to enter into a written agreement which subordinates such debt to the provisions of the #lower income housing plan#.

Inclusionary Housing designated areas

"Inclusionary Housing designated areas" shall be those areas specified in Section 23-922 (Inclusionary Housing designated areas).

Lower income household

* * *

In #~~R6, R7 and R8~~ Inclusionary Housing designated areas#, #lower income households# shall also include all existing households in tenancy, provided such households occupy units that are within a #building# in which rents for all occupied units are regulated by City or State law, and the aggregate maximum permitted annual rent roll for such occupied units, divided by the number of occupied units, is less than 30 percent of the applicable income limit for a #lower income household# as provided in this Section. In determining the applicable income limit for such #lower income households#, the Commissioner of Housing Preservation and Development may make adjustments, consistent with U. S. Department of Housing and Urban Development regulations, for the number of persons residing in each unit.

Lower income housing

* * *

However, in #~~R6, R7 and R8~~ Inclusionary Housing designated areas#, #lower income housing# shall include #standard units# assisted under City, State or Federal programs.

* * *

~~R6, R7 and R8 designated areas~~

~~"R6, R7 and R8 designated areas" shall be those areas specified in Section 23-922 (Certain R6, R7 and R8 Districts).~~

* * *

23-941
In R10 Districts other than Inclusionary Housing designated areas

The #floor area ratio# of a #development# may be increased from 10.0 to a maximum of 12.0 at the rate set forth in this Section, if the developer of such #development# provides #lower income housing# pursuant to Section 23-95 (Lower Income Housing Requirements).

* * *

23-942
In ~~R6, R7 and R8 Districts~~ Inclusionary Housing designated areas

The provisions of this Section shall apply in the designated areas set forth in Section 23-922, except within Waterfront Access Plan BK-1 and in R7-3 Districts within Community District 1, Borough of Brooklyn.

* * *

23-951
On-site new construction option

To qualify for this option, the designated #lower income housing# shall meet the following requirements.

* * *

In #~~R6, R7 and R8~~ Inclusionary Housing designated areas#, if the #lower income housing# is subject to the requirements of City, State or Federal programs assisting the #lower income housing# that have size and distribution requirements conflicting with the size and distribution requirements of this paragraph, (b), then the size and distribution requirements of this paragraph, (b), may be waived by the Commissioner of Housing Preservation and Development to facilitate the #development# of #lower income housing#.

23-952
Substantial rehabilitation and off-site new construction options

To qualify for one or more of these options, the designated #lower income housing# shall meet the following requirements:

(a) The #lower income housing# shall be located either:

* * *

Furthermore, in #~~R6, R7 and R8~~ Inclusionary Housing designated areas#, the #administering agent# shall not be required to verify the income of households in tenancy, as of the date upon which the Commissioner of Housing Preservation and Development approves the #lower income housing plan#.

* * *

23-953
Preservation option

To qualify for this option, the designated #lower income housing# shall meet the following requirements.

(a) The #lower income housing# shall be located either:

* * *

RENT GUIDELINES BOARD

■ NOTICE

NOTICE IS HEREBY GIVEN THAT THE NEW YORK CITY RENT GUIDELINES BOARD will hold a public hearing on Tuesday, **June 19, 2007** at the LaGuardia Performing Arts Center, 31-10 Thomson Avenue, Long Island City, NY, 11101 to consider public comments concerning rent adjustments for renewal leases for apartments, lofts, hotels and other housing units subject to the Rent Stabilization Law of 1969 and the Emergency Tenant Protection Act of 1974. These adjustments will affect renewal leases commencing between October 1, 2007 through September 30, 2008.

Public comments regarding proposed rent adjustments for rent stabilized apartments, lofts, and hotels (including class A and class B hotels, SROs, rooming houses and lodging houses) will take place between the hours of **4:00 P.M. and 10:00 P.M.** on Tuesday, **June 19, 2007.** Registration of speakers is required and pre-registration is now being accepted and is advised. Pre-registration requests for the hearing must be received before 1:00 P.M. on Monday, **June 18, 2007.** For further information and to pre-register for the public hearing call the Board at (212) 385-2934 or write to the Rent Guidelines Board, 51 Chambers Street, Rm. 202, New York, NY 10007. Persons who request that a sign language interpreter or other form of reasonable accommodation for a disability be provided at the hearing are requested to notify Ms. Charmaine Frank at the above address by **Monday, June 4, 2007** by 4:30 P.M.

Proposed rent guidelines for all of the above classes of stabilized housing units were adopted on **Monday, May 7, 2007** and published in the City Record on **Friday, May 11, 2007.** Copies of the proposed guidelines are available from the Rent Guidelines Board staff office at the above listed address and at the Board's website: **housingnyc.com.**

In order to ensure that the members of the Rent Guidelines Board are able to deliberate and to hear members of the public with regard to renewal lease adjustments, and that members of the public are able to participate meaningfully in the public meeting and hearing process, items that are reasonably likely to disrupt the proceedings, such as noisemakers and drums, are prohibited and may not be brought into meeting and hearing venues. We encourage you to arrive early to avoid delays and help speed the entry of all members of the public. Your cooperation, patience and understanding are greatly appreciated.

NOTICE OF APPLICATION TO CONDEMN PURSUANT TO SECTION 402(B) (2) OF THE EMINENT DOMAIN PROCEDURE LAW

PLEASE TAKE NOTICE that an application will be made by the CITY OF NEW YORK ("the City"), to the Supreme Court of the State of New York, County of New York, Room 130, 60 Centre Street, New York, New York, on July 12, 2007, at 9:30 o'clock in the forenoon of that day, for an order pursuant to Section 402(B)(2) of the Eminent Domain Procedure Law: (a) authorizing the City to file an acquisition map, in connection with Phase 1, Stage 4 of the No. 7 Subway Extension - Hudson Yards Rezoning and Development Program, in the Office of the Clerk of the County of New York or the Office of the Register, Borough of Manhattan; (b) directing that, upon the filing of the order and of such map, title to the real property sought to be acquired, and an estate for a term of years in one parcel, shall immediately vest in the City; (c) providing that the compensation which should justly be made be ascertained and determined by the aforesaid Supreme Court, without a jury and without referral to a referee or commissioner; and (d) granting the City such other and further relief as the Court may deem just and proper.

PLEASE TAKE FURTHER NOTICE that the real property in the Borough of Manhattan, City, County and State of New York sought to be acquired by the City is generally located between Tenth and Eleventh Avenues, and West 34th and West 36th Streets, in the Borough of Manhattan, City, County and State of New York, and includes:

(a) title in fee simple absolute to the entirety of Tax Block 706, Lots 15, 17, 48, 50 and 52, Tax Block 707, Lots 13, 16, 51, 54 and 56, and an unlotted strip of land between Lots 16 and 20, on Tax Block 707;

(b) title in fee simple absolute to an easterly portion of Tax Block 706, Lot 10; and

(c) an estate for a term of seven years in the remainder of Tax Block 706, Lot 10;

all being a part of the No. 7 Subway Extension - Hudson Yards Rezoning and Development Program site. Such properties are described in metes and bounds in Schedule A attached hereto.

The following interests are excluded from these acquisitions:

(a) All right, title and interest of the New York City Transit Authority in and to the following property, if and to the extent located within the property being acquired: (1) routes, tracks, tunnels, switches, sidings, extensions, connections, platforms, structures, or terminals; (2) wires, conduits, pipes, ducts, telephones, signal and other communication or service facilities; (3) columns, footings, bracings, foundations and other structural members; and (4) any other devices, equipment and facilities used in connection with the operation or maintenance of the subway system;

(b) Public and governmental utility facilities having a physical manifestation within the area being acquired; all recorded easements, licenses, and other agreements, if any, for such public and governmental utility facilities; and reasonable rights of access to such public and governmental utility facilities necessary for the maintenance, operation, repair, replacement or use of the same whether or not embodied in recorded instruments;

(c) So long as they stand, walls of buildings built on property not being acquired, which encroach on property within the acquisition lines as such lines are shown on the Acquisition Map, and any cornices or lintels which encroach on property within the acquisition lines as such lines are shown on the Acquisition Map.

PLEASE TAKE FURTHER NOTICE that a diagram or representation of the acquisition map, which shows the perimeters of the property to be acquired, is set forth below:
