Resolution denouncing the massacre at the Virginia Polytechnic Institute and State University located in Blacksburg, Virginia, expressing outrage at the senseless casualties suffered by students and faculty, and offering solidarity and support to the Virginia Tech and Blacksburg communities.

By Council Member Gennaro and The Speaker (Council Member Quinn) and Council Members Comrie, Vallone Jr., Addabbo Jr., Jackson, Avella, Brewer, Felder, Fidler, Gentile, Gonzalez, Koppell, Liu, Martinez, McMahon, Nelson, Recchia, Sanders, Seabrook, Sears, Stewart, Weprin, White and The Public Advocate (Ms. Gotbaum)

Whereas, On the morning of April 16, 2007, 23-year-old Cho Seung-Hui burst into a residence hall and an academic building at Virginia Polytechnic Institute and State University ("Virginia Tech") located in Blacksburg, Virginia and opened fire on the students and faculty of the university; and

Whereas, Seung-Hui, who was carrying two handguns, fatally shot thirty-two students and faculty members, and wounded at least twenty other individuals before taking his own life; and

Whereas, According to news reports, this was the deadliest shooting in United States history; and

Whereas, The victims who perished as a result of this horrible tragedy hailed from all over the world and excelled in their various fields of study and included several individuals from the areas surrounding New York City; and

Whereas, Caitlin Hammaren, a 19-year-old sophomore from Westtown, New York, was majoring in international studies and French and had planned to participate in a charity run to raise money for cancer research at the end of April; and

Whereas, Julia Pryde, a 23-year-old graduate student from Middletown, New Jersey was pursuing an advanced degree in biological systems engineering to help improve water quality, and had recently traveled to Ecuador and Peru to study water supply issues in developing countries; and

Whereas, 23-year-old Michael Steven Pohle, Jr., of Raritan Township, New Jersey, was an accomplished athelete and scholar who was two weeks away from graduating; and

Whereas, Matthew La Porte of Dumont, New Jersey, was a member of the National Honor Society and was attending Virginia Tech on a ROTC scholarship with aspirations to join the Air Force after graduation; and

Whereas, 27-year-old Jeremy Herbstritt, from Spring Township, Pennsylvania, was an accomplished marathon runner and had hoped to begin a career in environmental work; and

Whereas, Many students and faculty members exhibited tremendous strength and courage in order to defend the lives of their friends and colleagues; and

Whereas, Professor Liviu Librescu, a 75-year-old Holocaust survivor who immigrated to Israel from Romania before moving to the United States in 1984, valiantly stood in front of the entrance to his classroom to shield his students from Seung-Hui's gunfire, and directed them to escape to safety; and

Whereas, Senior Zach Petkewicz barricaded a classroom door with a table in a heroic effort to protect the lives of fellow students; and

Whereas, A 32-year-old graduate student, Waleed Shaalan, lay seriously wounded beside a fellow student who pretended to be dead and made a movement to distract Seung-Hui from assassinating his colleague, at which point Shaalan was fatally shot a second time; and

Whereas, Though this tragedy and similar shooting rampages cast a pall over America, as well as throughout the rest of the world, the strength and unity of American citizens and our international allies are unwavering in the face of such catastrophes; now, therefore, be it

Resolved, That the Council of the City of New York denounces the massacre at the Virginia Polytechnic Institute and State University located in Blacksburg, Virginia, expresses outrage at the senseless casualties suffered by students and faculty, and offers solidarity and support to the Virginia Tech and Blacksburg communities.

Adopted by the Council by voice-vote (preconsidered and approved by the Committee on Public Safety).

Res. No. 823

Resolution calling upon the New York State Legislature to adopt S. 2644 and A. 5178, legislation which would make certain persons who are eligible for or receiving social security disability insurance (SSDI) benefits eligible for Elderly Pharmaceutical Insurance Coverage (EPIC) program.

By Council Members Koppell, Addabbo Jr., Brewer, Comrie, Dickens, Felder, Fidler, Foster, Gentile, Gonzalez, James, Liu, Nelson, Recchia, Sanders, Seabrook, Weprin and White

Whereas, The Elderly Pharmaceutical Coverage (EPIC) program, which offers prescription drug assistance to seniors, has proven helpful to many senior citizens who face high costs for pharmaceuticals, but who do not qualify for Medicaid; and

Whereas, In recent years, many programs originally designed to benefit senior citizens, including Social Security and real property tax reductions, have been extended to cover disabled persons; and

Whereas, S. 2644 and A. 5178 have been introduced in the New York State Legislature to allow certain disabled individuals who are eligible for or who receive social security disability insurance (SSDI) benefits to be eligible for the Elderly Pharmaceutical Insurance Coverage (EPIC) program; and

Whereas, This legislation recognizes that through no fault of their own, disabled persons may experience limitations on their ability to independently earn a living, similar to restrictions experienced by elderly citizens; and

Whereas, Faced with severe income limitations, declining availability of employer-paid health insurance and caps on prescription coverage which are increasingly being implemented by health insurers, many disabled individuals are finding themselves unable to afford pharmaceuticals which may be essential to their health; and

Whereas, In addition to helping disabled individuals maintain their health, advances in pharmaceuticals have also enhanced their quality of life by helping them remain active in their community; and

Whereas, By extending the EPIC program to include low-income disabled individuals, S. 2644 and A. 5178 would follow precedents set by other programs which began by serving the needs of the elderly, but were later expanded or used as models to provide similar services to disabled individuals; now, therefore, be it

Resolved, That the Council of the City of New York calls upon the New York State Legislature to adopt S. 2644 and A. 5178, legislation which would make certain persons who are eligible for or receiving social security disability insurance (SSDI) benefits eligible for Elderly Pharmaceutical Insurance Coverage (EPIC) program.

Res. No. 824

Resolution expressing profound regret for slavery and historic wrongs rooted in racial and cultural bias.

By Council Members Liu, Seabrook, Jackson, Comrie, Dickens, Fidler, Foster, Gonzalez, James, Martinez, Mealy, Monserrate, Nelson, Sanders, Stewart, Vann, Weprin and White

Whereas, The founders of the United States of America, proclaiming the nation's sovereignty in 1776, declared, "We hold these truths to be self-evident, that all men are created equal, that they are endowed by their Creator with certain unalienable Rights, that among these are Life, Liberty and the pursuit of Happiness;" and

Whereas, Racial and cultural bias, afflictions of human civilization since its very genesis, were already deeply rooted in America's and New York's cultures at the time of the country's independence, for example, in the instance of the Dutch West India Company's first cargo delivery of eleven African slaves to New Netherland in 1626; and

Whereas, Perhaps the rawest and most egregious example of racial bias is the institution of human slavery, in which a fundamental denial of equality and human rights permits the assignment of the status of 'commodity' and 'chattel' to entire groups of people based, among many possible and equivalently illegitimate considerations, on the color of their skin, the tenets of their religion, or the contempt of their sex; and

Whereas, Slave labor in New Netherland played a crucial role in building the infrastructure for a New World civilization, clearing forests, laying roads, raising homes and public buildings, and growing food; indeed, in reference to New Netherland's struggle to establish agricultural self-sufficiency, Edgar McManus notes in "A History of Negro Slavery in New York," "Slavery helped to prepare the way for this transition by providing the labor which made farming attractive and profitable to settlers. Slave labor was especially important in the agricultural development of the Hudson Valley, where an acute scarcity of free workers prevailed;" and

Whereas, During the colonial period, slaves considered to be dependable and to have demonstrated reliable service might be offered a perverse half-freedom in exchange for regular tribute to the Dutch West India Company and compulsion to labor on specific company projects, a fiscally-driven part-time forced labor practice utilized even by Governor Peter Stuyvesant; and

Whereas, In "Slavery in the North," historian Douglas Harper writes that the Duke of York's institution of British rule of New York "brought a crucial shift in policy. Whereas the Dutch had used slavery as part of their colonial policy [i.e. for use in specific agricultural and construction purposes], the British used the colony as a market for slaves," and, quoting Edgar J. McManus's "A History of Negro Slavery in New York," Harper elaborates, "The Duke's representatives in New York -- governors, councilors, and customs officials -- were instructed to promote the importation of slaves by every possible means;" and

Whereas, Those slaves who might seek escape and freedom from bondage, through organized revolt or individual flight, were subjected to the cruelest tortures imaginable: burned alive, lynched, dismembered – living beings deemed less than human and subjected to most unnatural and inhuman treatments by a society anesthetized to its own humanity by the scourge of slavery; and

Whereas, New York's abolition of slavery was a gradual, slow process, described by Northwestern University Professor David Gellman as "political give and take, though it seems appalling that real human beings should be subject to this give and take," and in the face of the specter of eventual abolition, slave owners hurried to sell their slaves – and any other blacks they might be able to capture - in Southern markets; scholar Edgar McManus notes in "A History of Negro Slavery in New York" that after 1800, New York's black population growth rate stagnated as "the exodus was largely the work of kidnappers and illegal traders who dealt in human misery;" and

Whereas, Gradual abolition created categories and subcategories of slavery; for example, a 1799 state act freed all children born to New York slaves after July 4, 1799, but nevertheless required these children to serve their mothers' masters until males reached the age of 28 and females reached the age of 25; indeed, these carefully distinguished gradations of slavery and servitude amount to little more than semantics of degradation; and

Whereas, According to historian Leslie Harris's "In the Shadow of Slavery: African Americans in New York City, 1626-1863," following the January 1863 enactment of the Emancipation Proclamation, "Democratic Party leaders raised the specter of a New York deluged with southern blacks," a flood which would

supposedly create overwhelming labor competition that would completely upset and ruin the antediluvian City's economy; and

Whereas, An outgrowth of such rumor mongering as well as simmering racial, political, and financial tensions, the New York City Draft Riots of 1863 revealed a City torn apart by bias and hatred, during which eleven black men were lynched, countless blacks were beaten, hundreds of blacks were forced out of New York City, and property, including homes, stores, and orphanages, and public buildings, was burned and destroyed; and

Whereas, Calling attention to Wall Street's profiteering from the Atlantic slave trade and subsequent underwriting of the expansion of slavery in the South, acting with complicity to structure the trade of Southern goods such as cotton in exchange for manufactured goods from northern states and Europe, Reverend Jesse Jackson wrote in 1998, "Let's not forget how African-Americans have subsidized this economy with their unpaid labor. For 250 years enslaved African-Americans were literally commodities upon which the high finance of the stock exchange was built;" and

Whereas, Slavery is not the only stain on New York's past, and denial of fundamental rights and oppression have extended to groups other than African-Americans; and

Whereas, Racial and cultural bias may be said to characterize the American nation's relationship with North American indigenous peoples including the New York Iroquois tribes – St. Regis Mohawk, Oneida, Onondaga, Cayuga, Seneca Nation, Tonawanda Band of Seneca, and Tuscorora; the Shinnecock tribe; and the Poospatuck tribe – once-independent nations subjected without due process to dispossession of their land and consigned to reservations with little comprehension of or regard to ties to land or family; and

Whereas, In not establishing universal suffrage to women until ratification of the 19th Amendment to the Constitution in 1920, America lagged behind nations like New Zealand, Finland, Norway, and Denmark, and within the United States itself, states like Wyoming, Colorado, Utah, and Illinois preceded New York in granting suffrage; in this regard, cultural biases delayed the political equality of women due to now-incomprehensible assumptions about the roles and abilities of the female sex; and

Whereas, Women in New York were extended the right to vote in 1917, an accomplishment due in great part to decades of both local and national organizing led by renowned New York activists like Elizabeth Cady Stanton, an organizer of the landmark 1848 Seneca Falls Convention, and suffragist and temperance advocate Susan B. Anthony; and

Whereas, More than three centuries after the year 1776 and nearing the 150 year anniversary of the Civil War, the estimable promise of the words of the Declaration of Independence remains unfulfilled, and the inaccessibility of life, liberty, and the pursuit of happiness which many of our fellow New Yorkers experience is manifest in the myriad forms of oppression and inequity still borne of racial and cultural bias; and

Whereas, African American, Hispanic-American, Asian American and Native American communities continue to suffer from financial and social inequities, patterns of housing segregation, deficiencies in educational resources, and de facto remnants of formerly codified racism; and

Whereas, Subjection to bias is the unlucky legacy of any group that may differ from the status quo, and, today, immigrant communities, persons with disabilities, and the lesbian, gay, bisexual, and transgender community are just a few examples of additional groups facing constant threat of bias from other citizens in addition to legal requirements and exclusions often decried as unfair, inequitable, and inconsiderate of these groups' civil and human rights; and

Whereas, In considering the value and necessity of an expression of regret and, in essence, an apology, the Council of the City of New York recognizes that reconciliation and healing of historical wounds inflicted by racial and cultural bias is possible only with the extension of a formal recognition of injurious actions and formal repentance for both those actions and their persistent repercussions; and

Whereas, As one of the world's most diverse cities, truly representative in makeup of the professed American ideal of a social melting pot, New York City acknowledges with great pride the strides it has taken, legislatively, socially, and otherwise, in promoting a more just, more humane, more equal society, driven not by racial and cultural bias but by a firm commitment to a belief that there is strength in diversity, power in understanding, and that, without qualification, all people are created equal, now, therefore, be it

Resolved, That the Council of the City of New York expresses profound regret for slavery and historic wrongs rooted in racial and cultural bias.

Int. No. 565

By the Public Advocate (Ms. Gotbaum) and Council Members de Blasio, Weprin, Brewer, Fidler, Gonzalez, James, Koppell, Liu, Martinez, Mealy, Recchia, Sanders, Seabrook, Stewart and White

A Local Law to amend the administrative code of the city of New York, in relation to prohibiting employment discrimination based on an individual's actual or perceived status as a caregiver.

Be it enacted by the Council as follows:

Section 1. Legislative findings and intent. The City Council finds and declares that a growing population in New York City is victim to workplace discrimination based on its caregiving responsibilities for children and dependent relatives. The Center for Worklife Law reports a growing trend of federal lawsuits filed by workers alleging family responsibilities discrimination (FRD). Family responsibilities discrimination has been defined as a form of sex discrimination based on gender stereotypes, where employees are treated unfairly at work because of their informal caregiving responsibilities for children, elderly parents or ill relatives. According to the Center for Worklife Law, New York is one of three states with the greatest number of FRD lawsuits.

The National Alliance for Caregiving (NAC) estimates that, as of 2003, there were 44.4 million American informal caregivers (21% of the adult population) present in approximately 22.9 million U.S. households (21% of U.S. households). According to The Family Caregiver Alliance, as of 2004, there are 1.9 million people in New York State providing informal care to loved ones.

NAC reports that nearly six in ten caregivers (59%) have worked while actively providing care and had to make work-related adjustments in order to help the person for whom they provide care. More than half (57%) of working caregivers report that as a result of their caregiving responsibilities, they have had to go to work late, leave early, or take time off during the day to provide care.

The District of Columbia's Human Rights Act was amended to protect individuals with "family responsibilities" against discrimination in the workplace, and is the only law in the United States that expressly protects against discrimination in employment based on one's status as a caregiver.

The City Council finds that the New York City Human Rights Law is one of the most comprehensive civil rights laws in the nation, providing numerous protections against workplace discrimination. Nonetheless, the City Council finds that the Human Rights Law fails to protect individuals against employment discrimination based on one's status as a caregiver, and must be amended to extend employment discrimination protection for New Yorkers who are actual or perceived caretakers.

§2. Section 8-102 of chapter one of title eight of the administrative code of the city of New York is amended by adding a new subdivision 25 to read as follows:

25. (a) The term "caregiver" means a person who is a contributor to the ongoing care of a person or persons in a dependent relationship with the caregiver, irrespective of their number.

(b) The term "dependent relationship" means the relationship of a caregiver to a child for whom the caregiver assumes parental responsibility, or to a person who is related by blood, legal custody, marriage, or partnership status.

§ 3. Subdivision 1 of section 8-107 of chapter one of title eight of the administrative code of the city of New York is amended to read as follows:

Employment. It shall be an unlawful discriminatory practice:

(a) For an employer or an employee or agent thereof, because of the actual or perceived age, race, creed, color, national origin, gender, disability, marital status, partnership status, *caregiver status*, sexual orientation or alienage or citizenship status of any person, to refuse to hire or employ or to bar or to discharge from employment such person or to discriminate against such person in compensation or in terms, conditions or privileges of employment.

(b) For an employment agency or an employee or agent thereof to discriminate against any person because of such person's actual or perceived age, race, creed, color, national origin, gender, disability, marital status, partnership status, *caregiver status*, sexual orientation or alienage or citizenship status in receiving, classifying, disposing or otherwise acting upon applications for its services or in referring an applicant or applicants for its services to an employer or employers.

(c) For a labor organization or an employee or agent thereof, because of the actual or perceived age, race, creed, color, national origin, gender, disability, marital status, partnership status, *caregiver status*, sexual orientation or alienage or citizenship status of any person, to exclude or to expel from its membership such person or to discriminate in any way against any of its members or against any employer or any person employed by an employer.

(d) For any employer, labor organization or employment agency or an employee or agent thereof to declare, print or circulate or cause to be declared, printed or circulated any statement, advertisement or publication, or to use any form of application for employment or to make any inquiry in connection with prospective employment, which expresses, directly or indirectly, any limitation, specification, or discrimination as to age, race, creed, color, national origin, gender, disability, marital status, partnership status, *caregiver status*, sexual orientation or alienage or citizenship status, or any intent to make any such limitation, specification or discrimination.

§ 4. This local law shall take effect upon enactment.

Res. No. 825

Resolution commemorating the 350th Anniversary of the Flushing Remonstrance in the City of New York.

By Council Members Sears, Avella, Comrie, Liu, Seabrook, Vallone Jr. and Weprin

Whereas, The Flushing Remonstrance was the first declaration of religious freedom in the United States and is considered by many to be the antecedent to the free exercise of religion clause in the First Amendment of the Bill of Rights; and

Whereas, The Flushing Remonstrance was signed by 31 men who resided in what is now the Borough of Queens on December 27, 1657, decrying an order made by Peter Stuyvesant, Governor of the New Netherlands, banning the practice of all religions except that of the Dutch Reformed Church; and

Whereas, The Flushing Remonstrance demanded that Peter Stuyvesant allow the free exercise of religion and asserted that the signers in good faith could not obey the order against harboring or transporting Quakers; and

Whereas, Four of the signers of the Flushing Remonstrance were imprisoned for their actions and two men, Edward Hart and Tobias Feake, were imprisoned by Governor Peter Stuyvesant for over a month; and

Whereas, John Bowne, an English settler, allowed Quakers to meet in his home after Governor Peter Stuyvesant's ban on the practice of the religion, and was later punished by being banished to Holland; and

Whereas, The Flushing Remonstrance eventually led to a climate of religious understanding in the City of New York, a tolerance that is still present in this religiously diverse city; and

Whereas, The Flushing Remonstrance, its signers and the Quakers in the New Netherlands were early advocates for religious freedom, and the Quaker Meeting House in Flushing, Queens serves as a physical reminder of that great history; and

Whereas, The Queens Borough President's Office and the Browne House Historical Society have launched a campaign to find the descendants of the original signers of the Flushing Remonstrance, and will commemorate the 350th anniversary of the signing on December 27, 2007; now, therefore, be it

Resolved, That the Council of the City of the New York commemorates the 350th Anniversary of the Flushing Remonstrance.

CITY PLANNING

■ NOTICE

PUBLIC NOTICE OF A SCOPING MEETING DRAFT ENVIRONMENTAL IMPACT STATEMENT (CEQR No. 05DCP020M)

Notice is hereby given that pursuant to Section 5-07 of the Rules of Procedure for Environmental Review (CEQR) and 6 NYCRR 617.8 (State Environmental Quality Review) the New York City Department of City Planning (DCP), acting on behalf of the City Planning Commission as CEQR lead agency, has determined that a draft environmental impact statement is to be prepared for the proposed Fordham University Lincoln Center Master Plan, CEQR Number 05DCP020M.

The applicant, Fordham University, proposes to expand its facilities at its Lincoln Center campus (the project site) located on the superblock bounded by Columbus and Amsterdam Avenues and West 60th and 62nd Streets (Block 1132; Lots 1, 20, and 35) in the Upper West Side neighborhood of Manhattan Community District 7. The project site has a total lot area of 302,048 square feet and is located within a C4-7 zoning district within the Special Lincoln Square District. The current zoning on the site would not change.

The proposed development requires the following discretionary approvals:

- Special permits from the City Planning Commission (CPC) pursuant to Zoning Resolution (ZR) Section 82-33 to waive height, setback, and minimum distance requirements (including minimum distance between buildings and minimum distance between windows and walls or lot lines), and inner and outer court regulations for the buildings proposed to be developed. The waivers are being requested to facilitate a good design for the entire campus and provide design flexibility for the specific buildings proposed to be developed.

- Special permits from the CPC pursuant to ZR Section 13-561 to allow the proposed number of accessory parking spaces on two sites. These special permits are needed because accessory parking is not permitted in the Special Lincoln Square District without a special permit. In connection with the special permit for accessory parking on one of the sites, the applicant is requesting an extension of the period normally allowed for the automatic lapse of the special permit for accessory parking to 10 years pursuant to ZR Section 11-42. This extension will ensure that the development of the proposed accessory parking could proceed in the event that the start of construction is delayed by completion of the City's Third Water Tunnel access shaft.

It is also possible that Fordham may in the future seek approval from the Dormitory Authority of the State of New York (DASNY) for the authorization of the issuance of tax-exempt bonds. In addition, certain elements of the proposed project are expected to be controlled by a restrictive declaration. The restrictive declaration would likely include, but not be limited to, provisions for a publicly accessible interim plaza and stairways into the campus from the streetline. Preliminary drawings for the stairways on Columbus Avenue and West 62nd Street would likely be included in the restrictive declaration and would be subject to Department of City Planning (DCP) review when these areas are designed.

The proposed actions would facilitate a proposal by the applicant to develop approximately 2.5 million gross square feet (gsf) of newly constructed floor area, and would bring the total floor area on the zoning lot to 3,171,128 gsf, including about 2.38 million zoning square feet (zsf) of academic and dormitory space, and about 701,073 zsf of new residential space (approximately 876 dwelling units) in two buildings on the northwest and southwest corners of the block to be built by a private developer. In addition, accessory parking of approximately 470 spaces would be provided in two below-grade parking garages. Entrances to most of the spaces would be on West 62nd Street, while the entrance for the parking associated with residential development at the southwest corner would be on West 61st Street (Alvin Ailey Place). Fordham would also create new loading areas accessed from West 61st Street and West 62nd Street and would retain its existing loading entrance on West 60th Street. The proposed project would be constructed in two phases. The first phase of construction is anticipated to be completed in 2014, and the second phase is anticipated to be completed by 2032.

The project site is currently developed with three buildings: the Law School building; the Lowenstein building, which is occupied by the Graduate Schools of Business Administration, Social Services and Education; and McMahon Hall, a dormitory for undergraduate and graduate students. These buildings are connected by an elevated, open plaza. The University's library, auditorium and additional academic and student support space are located in the area beneath the plaza.

The first phase of construction would create a new Law School, a new dormitory, and approximately 155 accessory parking spaces for the University's use. At the same time, private development of a new residential building with approximately 512 dwelling units and 68 accessory parking spaces would proceed at West 62nd Street and Amsterdam Avenue. The remainder of the first phase of construction would result in additional dormitory space, a student center, and the second private residential development containing approximately 364 dwelling units and 137 accessory parking spaces. Development of this part of the proposed project could be constructed in one of two configurations: as separate buildings for academic/dormitory and residential uses, or as a single building with residential uses "stacked" above academic/dormitory uses.

The second phase of development would create a new building for the Schools of Business, Social Services, and Education, an expansion of the library, a new theater, additional dormitory facilities, and an additional 110 accessory parking spaces for the University's use. The development of the second phase would require demolition of the existing Law School Building (159,921 gross square feet) as well as a proposed interim extension of the Lowenstein Center (2,613 gross square feet) on Columbus Avenue. As stated above, it is expected that full development of the proposed project would be completed by 2032.

Absent approval of the proposed action (no-action condition), Fordham plans to lease or otherwise convey the northwest and southwest corners of its site as well as a portion of the site in the midblock on West 62nd Street to private developers to build three new residential buildings. There would be the same amount of residential development with either the proposed action or the no action condition, but the height and configuration of the buildings in the no-action condition would be different than those under the proposed

action, and there would be three residential buildings in the no action condition versus two with the proposed action. In addition, since accessory parking is not permitted in the Special Lincoln Square District without a special permit, the residential buildings would not have accessory parking in the no-action condition.

Public comments are requested with respect to the issues to be addressed in the draft environmental impact statement.

A public scoping meeting has been scheduled for Tuesday, July 24, 2007 at 10:00 AM at the City of New York Department of City Planning, Spector Hall, 22 Reade Street, New York, New York 10007. Written comments will be accepted by the lead agency through the tenth day following the scoping meeting.

Copies of the Draft Scope of Work and the Environmental Assessment Statement may be obtained from the Environmental Assessment and Review Division, New York City Department of City Planning, 22 Reade Street, Room 4E, New York, New York 10007, Robert Dobruskin, Director (212) 720-3423; the Office of Environmental Coordination, 253 Broadway, 14th Floor, New York, New York 10007, Robert Kulikowski, Ph.D., Director (212) 788-2937; and on the New York City Department of City Planning's website at www.nyc.gov/dcp

EDUCATION

■ NOTICE

The Department of Education's (DOE) Committee on Contracts has been asked for approval to enter into contract negotiations with the following organizations for the services described below. Other organizations interested in providing these services to the DOE are invited to indicate their ability to do so by writing to Jay G. Miller at 65 Court Street, Room 1201, Brooklyn, NY 11201. Responses should be received no later than 9:00 AM Thursday, June 28, 2007.

ITEM(S) FOR CONSIDERATION:

1. Spherion Technology Architects

Service(s): The Office of Student Enrollment requests an extension for Spherion Technology Architects to continue to provide maintenance of the High School Application Process System (HSAPS), installation of the system to additional high schools and implementation of necessary enhancements to the system beyond the June 30, 2007 expiration. DOE intends to initiate an attempt to procure these services competitively before the expiration of this extension term.

The term of this agreement will be from July 1, 2007 through June 30, 2008, at a total contract cost of $2,247,781.

TERM: 12/1/06-9/30/07 Contract Cost: $2,247,781

2. CES Industries, Inc.

Service(s): The Division of Contracts and Purchasing requests approval to award a contract CES Industries, Inc. to provide career and technical education (CTE) services and related products for selected high schools. CES has been selected via an open-competitive Pre-Qualified Solicitation (PQS), however, the contracts to be awarded via that PQS are not ready for formal award at this time. Further, the services to be received from CES are to be funded primarily by a grant that expires June 30, 2007. Therefore, a bridge contract that runs through the award pursuant to the PQS will ensure that DOE does not lose these grant funds.

The term stated in this exception is for one year, from July 1, 2007 to June 30, 2008, with a related contract cost not to exceed $400,000. However, it is expected that the award via the PQS will occur prior to the end of the term, thereby decreasing the actual cost incurred through this exception.

TERM: 7/1/07-6/30/10 Contract Cost/Not to exceed: $400,000

Two contracts:
Boys & Girls Republic
Good Shepherd

Service(s): The Division of Alternative High Schools and Programs, District 79, is requesting a scope of work amendment to contracts with Boys & Girls Republic and Good Shepherd. These vendors have been providing transitional services for ninth-graders through the New Beginnings program. However, District 79 has announced that the New Beginnings programs will be discontinued at the end of the current school year. New Beginnings and one-year suspension center programs are largely similar, as are the services and facilities requirements. This exception will enable these vendors to provide one-year suspension center services to the middle and high school students of District 79 in lieu of the previously contracted New Beginnings services.

The term of each agreement will be for one-year, from July 1, 2007 through June 30, 2008. It is anticipated that the total contract cost will be $350,000 per vendor, or $700,000.

TERM: 7/1/07-6/30/08 Contract Cost: $350,000 each
Total: $700,000

This program involves increasing the current street stocking levels from 74 percent to 100 percent, as well as reforesting approximately 2,000 acres of parkland. Parks seeks to understand the capacity of vendors to meet this need.

Copies of the RFI can be obtained immediately at the Agency's website http://www.nyc.gov/parks, the City Record's website www.nyc.gov/cityrecord and at the Olmsted Center, Room 47, Flushing Meadows-Corona Park, Flushing, NY 11368 during the hours of 9:00 A.M. to 4:00 P.M., Monday - Friday from June 12, 2007 to June 26, 2007. COURT NOTICE MAPS FOR PHASE 1, STAGE 4 OF THE NO. 7 SUBWAY EXTENSION - HUDSON YARDS REZONING AND DEVELOPMENT PROGRAM

READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council**, 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists--free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

The Rules may also be accessed on the City Website, http://NYC.GOV.Selltonyc

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

EDUCATION

■ NOTICE

The Department of Education's (DOE) Committee on Contracts has been asked for approval to enter into contract negotiations with the following organizations for the services described below. Other organizations interested in providing these services to the DOE are invited to indicate their ability to do so by writing to Jay G. Miller at 65 Court Street, Room 1201, Brooklyn, NY 11201. Responses should be received no later than 9:00 AM Thursday, June 28, 2007.

ITEM(S) FOR CONSIDERATION:

1. Spherion Technology Architects

Service(s): The Office of Student Enrollment requests an extension for Spherion Technology Architects to continue to provide maintenance of the High School Application Process System (HSAPS), installation of the system to additional high schools and implementation of necessary enhancements to the system beyond the June 30, 2007 expiration. DOE intends to initiate an attempt to procure these services competitively before the expiration of this extension term.

The term of this agreement will be from July 1, 2007 through June 30, 2008, at a total contract cost of $2,247,781.

TERM: 12/1/06-9/30/07 Contract Cost: $2,247,781

2. CES Industries, Inc.

Service(s): The Division of Contracts and Purchasing requests approval to award a contract CES Industries, Inc. to provide career and technical education (CTE) services and related

products for selected high schools. CES has been selected via an open-competitive Pre-Qualified Solicitation (PQS), however, the contracts to be awarded via that PQS are not ready for formal award at this time. Further, the services to be received from CES are to be funded primarily by a grant that expires June 30, 2007. Therefore, a bridge contract that runs through the award pursuant to the PQS will ensure that DOE does not lose these grant funds.

The term stated in this exception is for one year, from July 1, 2007 to June 30, 2008, with a related contract cost not to exceed $400,000. However, it is expected that the award via the PQS will occur prior to the end of the term, thereby decreasing the actual cost incurred through this exception.

TERM: 7/1/07-6/30/10 Contract Cost/Not to exceed: $400,000

Two contracts:
Boys & Girls Republic
Good Shepherd

Service(s): The Division of Alternative High Schools and Programs, District 79, is requesting a scope of work amendment to contracts with Boys & Girls Republic and Good Shepherd. These vendors have been providing transitional services for ninth-graders through the New Beginnings program. However, District 79 has announced that the New Beginnings programs will be discontinued at the end of the current school year. New Beginnings and one-year suspension center programs are largely similar, as are the services and facilities requirements. This exception will enable these vendors to provide one-year suspension center services to the middle and high school students of District 79 in lieu of the previously contracted New Beginnings services.

The term of each agreement will be for one-year, from July 1, 2007 through June 30, 2008. It is anticipated that the total contract cost will be $350,000 per vendor, or $700,000.

TERM: 7/1/07-6/30/08 Contract Cost: $350,000 each
Total: $700,000

HOMELESS SERVICES

■ SOLICITATIONS

Human / Client Service

INTENSE CASE MANAGEMENT – Demonstration Project – Testing or experimentation is required - PIN# 071-07S-03-1141 – DUE 07-09-07 AT 2:00 P.M. – The Department of Homeless Services (DHS) intends to enter into negotiations with Pathways to Housing ("Pathways") to conduct a demonstration project to provide intensive case management and housing placement for the city's homeless families. Pathways intends to support DHS' goal of reducing the homeless population by assessing, housing and treating some of the most vulnerable and service-needy families in the system. Based on a successful Housing First program model they have used for homeless individuals, Pathways has created a program specifically for families whose head of household has some level of mental illness and/or substance abuse disorder or a disabling medical condition. They propose to house in the first year of the contract 50 families in the Bronx, 50 families in Queens and 50 families in Brooklyn and serve them through FACT (Family Assertive Community Treatment) teams. Each team is comprised of clinical and community supports: Social Worker, Educational and Vocational Specialists, Community and Family Support Liaisons, Nurse Practitioner and a Family Psychiatrist. In the second year of the contract, the contractor will provide services to an additional 75 families, 25 families in each borough.

Once identified for the program, families who agree to participate will move, from the shelter system to permanent housing through one of the new exit strategies DHS is offering i.e., Fixed Income Advantage Once housed in the community, Pathway's FACT team will treat the entire family, as well as the individuals within the family. Pathways estimates it will take about one year for families to stabilize and no longer need intensive services. During this period, the team also assists the family in applying for Section 8 and any other subsidized program they may be eligible for, in preparation for the end of the 1-year DHS rental assistance.

A satellite office will be established in each borough.

The demonstration project may also target families where there is an open Administration for Children Services case or where there are cases of neglect or abuse. It is anticipated that the term of the contract will be for three years. DHS has determined that the proposed study approach is not currently in use in the City and should this approach be proven to successfully reduce the special needs population, its benefits would have a significant impact on strategies to develop future homeless support services and housing placement models.

In addition, DHS has determined this demonstration project to be longer than one year because of the following: an array of different types of services to be offered in each boro; need to collect and analyze statistical data collected from the services rendered both short and long term including follow-up services to the residents. The evaluation component will be conducted each year to assess measurable outcomes such as housing placements, retention rates and service utilization. The cost of the evaluation will be shared by DHS and the contractor, Pathways to Housing.

The estimated cost of the demonstration project is $2.9 million dollars.

Any vendor who is interested in providing such may contact in writing, Calvin Pitter, Deputy Chief Contracting Officer, Department Of Homeless Services at 33 Beaver St., 13 Floor NY, NY 10004, at (212) 361-8413. The due date and time for submission of expressions of interest is 2:00 P.M. on Monday, July 9, 2007.

INTENSE CASE MANAGEMENT – Demonstration Project – Testing or experimentation is required - PIN# 071-07S-03-1141 – DUE 07-09-07 AT 2:00 P.M. – The Department of Homeless Services (DHS) intends to enter into negotiations with Pathways to Housing ("Pathways") to conduct a demonstration project to provide intensive case management and housing placement for the city's homeless families. Pathways intends to support DHS' goal of reducing the homeless population by assessing, housing and treating some of the most vulnerable and service-needy families in the system. Based on a successful Housing First program model they have used for homeless individuals, Pathways has created a program specifically for families whose head of household has some level of mental illness and/or substance abuse disorder or a disabling medical condition. They propose to house in the first year of the contract 50 families in the Bronx, 50 families in Queens and 50 families in Brooklyn and serve them through FACT (Family Assertive Community Treatment) teams. Each team is comprised of clinical and community supports: Social Worker, Educational and Vocational Specialists, Community and Family Support Liaisons, Nurse Practitioner and a Family Psychiatrist. In the second year of the contract, the contractor will provide services to an additional 75 families, 25 families in each borough.

Once identified for the program, families who agree to participate will move, from the shelter system to permanent housing through one of the new exit strategies DHS is offering i.e., Fixed Income Advantage Once housed in the community, Pathway's FACT team will treat the entire family, as well as the individuals within the family. Pathways estimates it will take about one year for families to stabilize and no longer need intensive services. During this period, the team also assists the family in applying for Section 8 and any other subsidized program they may be eligible for, in preparation for the end of the 1-year DHS rental assistance.

A satellite office will be established in each borough.

The demonstration project may also target families where there is an open Administration for Children Services case or where there are cases of neglect or abuse. It is anticipated that the term of the contract will be for three years. DHS has determined that the proposed study approach is not currently in use in the City and should this approach be proven to successfully reduce the special needs population, its benefits would have a significant impact on strategies to develop future homeless support services and housing placement models.

In addition, DHS has determined this demonstration project to be longer than one year because of the following: an array of different types of services to be offered in each boro; need to collect and analyze statistical data collected from the services rendered both short and long term including follow-up services to the residents. The evaluation component will be conducted each year to assess measurable outcomes such as housing placements, retention rates and service utilization. The cost of the evaluation will be shared by DHS and the contractor, Pathways to Housing.

The estimated cost of the demonstration project is $2.9 million dollars.

Any vendor who is interested in providing such may contact in writing, Calvin Pitter, Deputy Chief Contracting Officer, Department Of Homeless Services at 33 Beaver St., 13 Floor NY, NY 10004, at (212) 361-8413. READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council,** 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists--free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

PROCUREMENT POLICY BOARD RULES

The Rules may also be accessed on the City Website, http://NYC.GOV.Selltonyc

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

EDUCATION

■ NOTICE

The Department of Education's (DOE) Committee on Contracts has been asked for approval to enter into contract negotiations with the following organizations for the services described below. Other organizations interested in providing these services to the DOE are invited to indicate their ability to do so by writing to Jay G. Miller at 65 Court Street, Room 1201, Brooklyn, NY 11201. Responses should be received no later than 9:00 AM Thursday, June 28, 2007.

ITEM(S) FOR CONSIDERATION:

1. Spherion Technology Architects

Service(s): The Office of Student Enrollment requests an extension for Spherion Technology Architects to continue to provide maintenance of the High School Application Process System (HSAPS), installation of the system to additional high schools and implementation of necessary enhancements to the system beyond the June 30, 2007 expiration. DOE intends to initiate an attempt to procure these services competitively before the expiration of this extension term.

The term of this agreement will be from July 1, 2007 through June 30, 2008, at a total contract cost of $2,247,781.

TERM: 12/1/06-9/30/07 Contract Cost: $2,247,781

2. CES Industries, Inc.

Service(s): The Division of Contracts and Purchasing requests approval to award a contract CES Industries, Inc. to provide career and technical education (CTE) services and related products for selected high schools. CES has been selected via an open-competitive Pre-Qualified Solicitation (PQS), however, the contracts to be awarded via that PQS are not ready for formal award at this time. Further, the services to be received from CES are to be funded primarily by a grant that expires June 30, 2007. Therefore, a bridge contract that runs through the award pursuant to the PQS will ensure that DOE does not lose these grant funds.

The term stated in this exception is for one year, from July 1, 2007 to June 30, 2008, with a related contract cost not to exceed $400,000. However, it is expected that the award via the PQS will occur prior to the end of the term, thereby decreasing the actual cost incurred through this exception.

TERM: 7/1/07-6/30/10 Contract Cost/Not to exceed: $400,000

Two contracts:
Boys & Girls Republic
Good Shepherd

Service(s): The Division of Alternative High Schools and Programs, District 79, is requesting a scope of work amendment to contracts with Boys & Girls Republic and Good Shepherd. These vendors have been providing transitional services for ninth-graders through the New Beginnings program. However, District 79 has announced that the New Beginnings programs will be discontinued at the end of the current school year. New Beginnings and one-year suspension center programs are largely similar, as are the services and facilities requirements. This exception will enable these vendors to provide one-year suspension center services to the middle and high school students of District 79 in lieu of the previously contracted New Beginnings services.

The term of each agreement will be for one-year, from July 1, 2007 through June 30, 2008. It is anticipated that the total contract cost will be $350,000 per vendor, or $700,000.

TERM: 7/1/07-6/30/08 Contract Cost: $350,000 each
Total: $700,000

INTENSE CASE MANAGEMENT – Demonstration Project – Testing or experimentation is required - PIN# 071-07S-03-1141 – DUE 07-09-07 AT 2:00 P.M. – The Department of Homeless Services (DHS) intends to enter into negotiations with Pathways to Housing ("Pathways") to conduct a demonstration project to provide intensive case management and housing placement for the city's homeless families. Pathways intends to support DHS' goal of reducing the homeless population by assessing, housing and treating some of the most vulnerable and service-needy families in the system. Based on a successful Housing First program model they have used for homeless individuals, Pathways has created a program specifically for families whose head of household has some level of mental illness and/or substance abuse disorder or a disabling medical condition. They propose to house in the first year of the contract 50 families in the Bronx, 50 families in Queens and 50 families in Brooklyn and serve them through FACT (Family Assertive Community Treatment) teams. Each team is comprised of clinical and community supports: Social Worker, Educational and Vocational Specialists, Community and Family Support Liaisons, Nurse Practitioner and a Family Psychiatrist. In the second year of the contract, the contractor will provide services to an additional 75 families, 25 families in each borough.

Once identified for the program, families who agree to participate will move, from the shelter system to permanent housing through one of the new exit strategies DHS is offering i.e., Fixed Income Advantage Once housed in the community, Pathway's FACT team will treat the entire family, as well as the individuals within the family. Pathways estimates it will take about one year for families to stabilize and no longer need intensive services. During this period, the team also assists the family in applying for Section 8 and any other subsidized program they may be eligible for, in preparation for the end of the 1-year DHS rental assistance.

A satellite office will be established in each borough.

The demonstration project may also target families where there is an open Administration for Children Services case or where there are cases of neglect or abuse. It is anticipated that the term of the contract will be for three years. DHS has determined that the proposed study approach is not currently in use in the City and should this approach be proven to successfully reduce the special needs population, its benefits would have a significant impact on strategies to develop future homeless support services and housing placement models.

In addition, DHS has determined this demonstration project to be longer than one year because of the following: an array of different types of services to be offered in each boro; need to collect and analyze statistical data collected from the services rendered both short and long term including follow-up services to the residents. The evaluation component will be conducted each year to assess measurable outcomes such as housing placements, retention rates and service utilization. The cost of the evaluation will be shared by DHS and the contractor, Pathways to Housing.

The estimated cost of the demonstration project is $2.9 million dollars.

Any vendor who is interested in providing such may contact in writing, Calvin Pitter, Deputy Chief Contracting Officer, Department Of Homeless Services at 33 Beaver St., 13 Floor NY, NY 10004, at (212) 361-8413. The due date and time for submission of expressions of interest is 2:00 P.M. on Monday, July 9, 2007.

Re: June 30, 2005 (Lag) Actuarial Valuation

Dear Members:

This Report presents the results of the June 30, 2005 (Lag) actuarial valuation of the New York City Police Pension Fund ("POLICE") and Group Life Insurance Plan (the "Plan"). These results form the basis for determining the Statutorily-Required Contribution ("Statutory Contribution") for the period beginning July 1, 2006 and ending June 30, 2007 (i.e., Fiscal Year 2007), which is presented in Section IV.

Pursuant to Section 96 of the New York City Charter, studies of the actuarial assumptions used to value liabilities of POLICE are conducted every two years. The independent actuarial auditor, Gabriel, Roeder, Smith & Company ("GRS"), issued an actuarial experience study dated October 2003. After reviewing the results of that study, the Actuary issued an August 24, 2005 Report entitled "Proposed Changes in Actuarial Assumptions and Methods for Determining Employer Contributions for Fiscal Years Beginning on and After July 1, 2005 for the New York City Police Pension Fund" ("August 2005 Report").

These Proposed Actuarial Assumptions and Methods ("2006 A&M") were adopted by the Board of Trustees during Fiscal Year 2006. The 2006 A&M became effective with enabling State Legislation enacted as Chapter 152 of the Laws of 2006 ("Chapter 152/06"). Actuarial Assumptions and Methods employed prior to the 2006 A&M are referred to as the "2000 A&M".

Results of the June 30, 2004 (Lag) actuarial valuation are shown in this Report for comparative purposes.

Also included in this Report are certain items of information used for financial reporting purposes, for filing with the New York State Insurance Department and other historical information that the Actuary believes useful.

The June 30, 2005 (Lag) and June 30, 2004 (Lag) actuarial valuations are based upon census data as of those dates submitted by the Plan's administrative staff and by the employer's payroll facilities and on the June 30, 2005 and June 30, 2004 financial information provided by the Office of the Comptroller. Census data which reflects the impact of recent labor contract settlements with retroactive effect and financial information are reviewed by the Office of the Actuary for consistency and reasonability.

A summary of the benefits available under the terms of the Plan is shown in Section VIII. The actuarial assumptions and methods are unchanged from the June 30, 2004 (Lag) valuation to the June 30, 2005 (Lag) valuation and are summarized in Section IX.

The actuarial information herein that is to be used for financial accounting reporting purposes is being presented in a manner believed to be consistent with the requirements of Governmental Accounting Standards Board Statement No. 25 ("GASB 25").

The Table of Contents, which immediately follows, outlines in more detail the contents of this Report.

Respectfully Submitted,

Robert C. North, Jr.

REPORT ON THE JUNE 30, 2005 (LAG) ACTUARIAL VALUATION OF THE NEW YORK CITY POLICE PENSION FUND AND GROUP LIFE INSURANCE PLAN FOR DETERMINING FISCAL YEAR 2007 EMPLOYER CONTRIBUTIONS

SECTION I – EXECUTIVE SUMMARY

1. This actuarial report was prepared as of June 30, 2005[1] and presents the results of the Fiscal Year 2007 actuarial valuation of the New York City Police Pension Fund and Group Life Insurance Plan (the "Plan").

The purpose of the valuation is to measure the funding progress of the Plan and to determine the Actuarially-Required Contribution ("Actuarial Contribution") and the Statutorily-Required Contribution ("Statutory Contribution") for Fiscal Year 2007 (i.e., July 1, 2006 to June 30, 2007).

Presented in the following Table I-1 are the principal results of the June 30, 2005 (Lag) valuation and, for comparative purposes, the June 30, 2004 (Lag) valuation.

[1] Based on 2006 A&M including One-Year Lag methodology.

The June 30, 2005 (Lag) and June 30, 2004 (Lag) actuarial valuation results reflect the following Chapter amendments:

- Chapter 152 of the Laws of 2006 ("Chapter 152/06") enacting the 2006 A&M which included the elimination of the ten-year phase-in of Chapter 278 of the Laws of 2002 ("Chapter 278/02") for funding the additional actuarial liabilities for the benefits enacted under Chapter 125 of the Laws of 2000 ("Chapter 125/00")
  Chapter 278/02 required the Actuary to revise the methodology and timing for determining the Statutory Contributions on account of the liabilities created by the benefits provided under Chapter 125/00 by extending the phase-in period for funding these liabilities from five years to ten years.

  The impact of the ten-year phase-in of Chapter 278/02 was to postpone funding of the additional liabilities attributable to Chapter 125/00, resulting in greater employer contributions in later years.

- Chapter 623 of the Laws of 2004 ("Chapter 623/04") provides for an Excess Benefit Plan to be established which would provide benefits to those pensioners whose annual retirement benefits are limited by Internal Revenue Code ("IRC") Section 415(b). This law is retroactive to July 1, 2000.

- Chapter 93 of the Laws of 2005 ("Chapter 93/05"), which amendedChapter 104 of the Laws of 2005 ("Chapter 104/05"), established that certain members of POLICE, who participated in the rescue, recovery or clean-up operations at the World Trade Center ("WTC") site and who become partially or totally disabled due to certain diseases, are presumed to have become disabled in the performance of duty. Collectively these laws are referred to as the "WTC Disability Law."

- Chapter 445 of the Laws of 2006 ("Chapter 445/06") as amended by Chapter 5 of the Laws of 2007 ("Chapter 5/07") provides Accidental Death benefits to certain members of POLICE who participated in the rescue, recovery or clean-up operations at the WTC site. Collectively, these laws are referred as the "WTC Death Benefits Law".

2. Section II provides details of the demographic data used to prepare the June 30, 2005 (Lag) and June 30, 2004 (Lag) actuarial valuations and includes the following tables:

- Table II-1: Active Members,
- Table II-2: Pensioners and Beneficiaries,
- Table II-3: Changes in the Number of Members and Pensioners During the Year,
- Table II-4: Schedule of Active Member Data, and
- Table II-5: Schedule of Pensioners and Beneficiaries Added to and Removed from the Rolls.

The annualized covered payroll reflects the impact of recent labor contract settlements with retroactive effect. These figures exclude all members not on the payroll as of the valuation date. In addition, salaries were increased by a Dual Overtime assumption, including a Baseline Overtime assumption of 12% under the 2006 A&M.

The salaries were reduced by excluding all pending withdrawals (five year outs, et al.). No salaries are included for other members not on the payroll who were valued for accrued benefits only.

3. Section III provides details of the assets used to prepare the June 30, 2005 (Lag) and June 30, 2004 (Lag) actuarial valuations including the following tables:

- Table III-1: Statement of Plan Net Assets as of June 30, 2004 and June 30, 2005,
- Table III-2: Statement of Changes in Plan Net Assets for the Fiscal Years Ended June 30, 2004 and June 30, 2005, and
- Table III-3: Development of the Actuarial Value of Assets.

4. Section IV presents the Statutory Contributions to the Plan for Fiscal Year 2006 and Fiscal Year 2007. Table IV-1 shows the components of the Statutory Contributions and Table IV-2 develops the Employer Normal Contributions.

5. Section V presents the Solvency Test. This Schedule is required for the Comprehensive Annual Financial Report ("CAFR") and is a means of checking the Plan's progress under its funding program.

6. Section VI presents the Funded Status of the Plan, which is expressed in various relationships of assets to liabilities.

7. Section VII presents a Schedule of Funding Progress. This schedule is required under Governmental Accounting Standards Board Statement No. 25 ("GASB25") and shows for the current year and for each of the last nine fiscal years, certain amounts determined as of the respective valuation dates and their ratios.

8. Section VIII summarizes the benefit provisions of the Plan. For the June 30, 2005 (Lag) actuarial valuation, the provisions include the WTC Disability Law and the WTC Death Benefits Law. For the June 30, 2004 (Lag) actuarial valuation, only the WTC Disability Law was included.

9. Section IX summarizes the actuarial assumptions and methods used in the June 30, 2005 (Lag) and June 30, 2004 (Lag) actuarial valuations. The actuarial assumptions and methods for the June 30, 2005 (Lag) valuation are unchanged from the previous valuation.

10. Appendix A compares the Statutory Contributions to the Actuarial Contributions for Fiscal Years 1997 through 2007, inclusive.

11. Appendix B contains two tables of Age and Service Distributions showing number of active members, total salary and average salary used in the June 30, 2005 (Lag) and June 30, 2004 (Lag) actuarial valuations.

12. Appendix C shows number and salary of active members, by Tier, in tabular form and graphically.

SECTION II – SUMMARY OF DEMOGRAPHIC DATA

Census data used as the basis for the valuation are submitted by the Pension Fund's administrative staff, by the employer's payroll facilities, and by the Comptroller of the City of New York. Data are reviewed by the Office of the Actuary for consistency and reasonability.

The following Table II-1 sets forth a comparison of the Active Member data included in the June 30, 2005 (Lag) and the June 30, 2004 (Lag) actuarial valuations.

Table II-2 sets forth a comparison of the Pensioners and Beneficiaries included in the June 30, 2004 (Lag) and June 30, 2005 (Lag) actuarial valuations.

Table II-3 flows the data from June 30, 2004 to June 30, 2005.

Table II-4 shows the Active Member data as of June 30 for the years 1997 through 2005, inclusive.

Table II-5 shows the Pensioners and Beneficiaries added to and removed from the Rolls during the Fiscal Years 1996 through 2005, inclusive.

SECTION III – MARKET VALUE AND ACTUARIAL VALUE OF ASSETS

The following Table III-1 compares the Market Value of Assets as of June 30, 2004 with the Market Value of Assets as of June 30, 2005.

Table III-2 sets forth a comparison of the changes in the Market Value of Assets for the Fiscal Years ended June 30, 2004 and June 30, 2005.

Information on the Market Value of Assets ("MVA") is provided by the Office of the Comptroller.

Table III-3 sets forth the development of the Actuarial Asset Value ("AAV") as of June 30 for the Fiscal Years 2000 through 2005, inclusive.

Under the 2000 A&M Actuarial Asset Valuation Method ("AAVM") actual Unexpected Investment Returns ("UIR") for Fiscal Years 2000, 2001, etc., were phased into the Actuarial Asset Value ("AAV") beginning June 30, 2000, 2001, etc., at rates of 10%, 15%, 20%, 25% and 30% per year (i.e., cumulative rates of 10%, 25%, 45%, 70% and 100%) over a period of five years.

Beginning with the June 30, 2004 (Lag) actuarial valuation the AAVM changed to a method which resets the Actuarial Asset Value to Market Value (i.e., "Market Value Restart") as of June 30, 1999. As of each June 30 thereafter the 2006 A&M AAVM recognizes investment returns greater or less than expected over a period of six years.

In accordance with the 2006 A&M AAVM, actual Unexpected Investment Returns ("UIR") for Fiscal Years 2000, 2001, etc. are phased into the Actuarial Asset Value ("AAV") beginning June 30, 2000, 2001, etc. at rates of 15%, 15%, 15%, 15%, 20% and 20% per year (i.e., cumulative rates of 15%, 30%, 45%, 60%, 80% and 100% over a period of six years).

UIR is defined as the excess/(deficit) of Net Investment Return over/(under) Expected Investment Return ("EIR") based on the Actuarial Interest Rate ("AIR") and the AAV.

EIR equals the sum of Beginning-of-Fiscal-Year AAV plus one-half of Net Cash Flow, multiplied by the AIR.

The 2006 A&M AAVM averaging factors were applied against the UIR computed under the 2000 A&M AAVM for Fiscal Years 2000 to 2004.

The 2006 A&M AAV as of the June 30, 2004 was then used to determine the Fiscal Year 2006 employer contribution in conjunction with the One-Year Lag methodology.

Notes to Solvency Test

The ultimate test of financial soundness in a retirement system is its ability to pay all of its promised benefits when due. The retirement system's progress in accumulating assets to pay all promised benefits can be measured by comparing the Actuarial Value of Assets for the retirement system with the Aggregate Accrued Liabilities for:

A. Accumulated Member Contributions,
B. Current Retirees and Beneficiaries, and
C. Active Members' Employer-Financed Benefits.

The Aggregate Accrued Liabilities are the Actuarial Present Value of projected benefits produced by the projected benefit attribution approach prorated on service. The Aggregate Accrued Liabilities were calculated in accordance with previously issued Governmental Accounting Standards Board Statement No. 5 ("GASB5").

This comparative summary allocates assets as if they were priority groups, somewhat similar to (but not identical with) the priority categories of Section 4044 of the Employee Retirement Income Security Act of 1974.

The values in Table V-1 are dependent upon census data, benefit levels (which have changed on occasion over the past years), and the actuarial assumptions and methods employed at each valuation date. These underlying bases can be found within the Comprehensive Annual Financial Report ("CAFR") for each respective year.

To fully evaluate trends in financial soundness, changes in actuarial assumptions need to be evaluated. The economic assumptions used in the actuarial calculations include the following:

Valuation Date (June 30)	Assumed Annual Rate of Return On Investments	Assumed General Wage Increase
1996	8.75%	4.0%
1997	8.75%	4.0%
1998	8.75%	4.0%
1999	8.00%	3.0%
2000	8.00%	3.0%
2001	8.00%	3.0%
2002	8.00%	3.0%
2003	8.00%	3.0%
2004	8.00%	3.0%
2004 (Lag)*	8.00%	3.0%
2005 (Lag)	8.00%	3.0%

* If based on 2000 A&M, the assumed annual rate of return on investments would be 8.00% and the assumed general wage increase would be 3.0% for the June 30, 2005 valuation date.

SECTION VI – FUNDED STATUS

The Funded Status of the Plan is usually expressed in various relationships of Assets to Liabilities. Different measures are developed and utilized for different purposes and reporting entities.

This Section presents in Table VI-1 the following measures of Funded Status:

- AAV as a percentage of Total Actuarial Present Value of Benefits ("APVB") based on the actuarial assumptions used in the actuarial valuation.
- AAV as a percentage of Projected Benefit Obligation ("PBO") based on the actuarial assumptions used in the actuarial valuation. This ratio is presented annually in the CAFR.
- AAV as a percentage of Accumulated Benefit Obligation ("ABO") based on the actuarial assumptions used in the actuarial valuation. This ratio is also presented annually in the CAFR.
- The Market Value of Assets ("MVA") as a percentage of the Market Value Accumulated Benefit Obligation ("MVABO"). MVABO is calculated under the same actuarial assumptions used in the actuarial valuations except for an investment rate of return assumption which is equal to the yield on U.S. Treasury securities where durations are consistent with those of the expected payments from the funds.

  The ratio of MVA to MVABO provides a measure of funded status that is (1) independent of the asset allocation of the Plan, (2) exclusive of any advance recognition of expected asset risk premia (e.g., equity risk premium) and (3) absent any smoothing of asset values.

  This ratio has been presented annually in the CAFR beginning with the June 30, 2003 CAFR.

Note that all Funded Status measures are exclusive of the assets and the liabilities of the Variable Supplements Funds ("VSFs").

Notes to Schedule of Funding Progress

As of June 30, 1995 and June 30, 1999, the economic and noneconomic assumptions were revised following to experience reviews.

AAVM was changed as of June 30, 1995 and June 30, 1999 to reflect a market basis for investments held by the Plan and was made as one component of an overall revision of actuarial assumptions and methods as of June 30, 1995 and June 30, 1999.

Under the AAVM used as of June 30, 1995, the AAV was reset to Market Value (i.e., Market Value Restart) as of June 30, 1995. Prior to June 30, 1995, this AAVM recognized Expected Investment Returns ("EIR") immediately and phased in investment returns greater or less than expected (i.e., UIR) over five years at a rate of 20% per year (i.e., at a cumulative rate of 20%, 40%, 60%, 80% and 100% over five years).

The AAVM used as of June 30, 1996 was a modified version of that used prior to June 30, 1995.

Under this modified AAVM, any UIR for Fiscal Years 1997 or later was being phased into the AAV beginning the following June 30, at a rate of 10%, 15%, 20%, 25% and 30% per year (i.e., at a cumulative rate of 10%, 25%, 45%, 70% and 100% over a period of five years). The UIR for fiscal year 1996 was being phased in beginning June 30, 1996 at a cumulative rate of 20%, 35%, 45%, 70% and 100% over a period of five years.

Under the AAVM used as of June 30, 1999, any UIR for Fiscal Years 2000 or later are phased into AAV beginning the following June 30 at a rate of 10%, 15%, 20%, 25% and 30% per year (i.e., a cumulative rate of 10%, 25%, 45%, 70% and 100% over a period of five years).

For the June 30, 2004 (Lag) actuarial valuation used for the Fiscal Year 2006 Contribution, the AAVM is being changed to a method which also resets the AAV to Market Value (i.e., "Market Value Restart") as of June 30, 1999. As of each June 30 thereafter the AAVM recognizes investment returns greater or less than expected over a period of six years.

In accordance with the AAVM, actual UIR for Fiscal Years 2000 and later are phased into the AAV beginning June 30, 2000 at a rate of 15%, 15%, 15%, 15%, 20% and 20% per year (or cumulative rates of 15%, 30%, 45%, 60%, 80% and 100% over a period of six years).

To effectively assess the funding progress of the Plan, it is necessary to compare the Actuarial Asset Value ("AAV") and the Actuarial Accrued Liability ("AAL") calculated in a manner consistent with the Plan's funding method over a period of time. The AAL is the portion of the APV of pension plan benefits and expenses which is not provided for by future normal costs and future member contributions.

The Unfunded Actuarial Accrued Liability ("UAAL") is the excess of the AAL over the AAV. This is not the same as the Unfunded Frozen Actuarial Accrued Liability, which is not adjusted from one actuarial valuation to the next to reflect actuarial gains and losses.

This is referred to as the "VSF DROP."

6. Salary Scale: The following table presents the Plan-specific, service-based salary increase rates. A Baseline Overtime assumption of 12% is assumed throughout the working lifetimes of active members. Additionally, a Dual Overtime assumption of 16% is utilized when calculating Final Salary or Final Average Salary for Service Retirements, 6% for Disability Retirements, except that 10% is used for Tier 2 Ordinary Disability Retirements with over 20 years of service, and 12% for all other benefits.

SALARY SCALE

Years of Service	Rate of Next Increase
0	9.00%
1	8.00%

2	7.00%
3	6.00%
4	38.00%
5	3.50%
10	4.00%
15	4.50%
20	5.00%
25	4.50%
30	4.00%
35	4.00%
40+	4.00%

Salary Scale includes an assumed General Wage Increase of 3.0% per annum. Longevity increases for the first 10 years are applied after 20 years of service. All longevity increases are applied after 25 years of service.

7. Marital Assumption: All active members are assumed to be married and females are assumed to be three years younger than their male spouses.

8. Credited Service: Calculated in whole year increments for valuation purposes (year of decrement minus year of hire).

9. Loans: Except for Death Benefits, it is assumed that members take the maximum allowable loan at retirement.

10. Actuarial Interest Rate: 8.0%, compounded annually.

11. COLA: 1.3% per year based on an assumed long-term Consumer Price Inflation rate of 2.5% per year.

12. Actuarial Asset Valuation Method: The AAVM in use for the June 30, 2004 (Lag) actuarial valuation was changed to a method which resets the Actuarial Asset Value to Market Value (i.e., "Market Value Restart") as of June 30, 1999. As of each June 30 thereafter the AAVM recognizes investment returns greater or less than expected over a period of six years.

In accordance with this AAVM, any UIR for Fiscal Years 2000, 2001, etc. are phased into the AAV beginning June 30, 2000, 2001, etc. at rates of 15%, 15%, 15%, 15%, 20% and 20% per year (i.e., cumulative rates of 15%, 30%, 45%, 60%, 80% and 100% over a period of six years).

These revised averaging factors were applied against the UIR computed under the prior five-year AAVM used for Fiscal Years 2000 to 2004.

UIR is defined as the excess/(deficit) of Net Investment Return over/(under) the Expected Investment Return ("EIR") based on the Actuarial Interest Rate and the AAV.

EIR equals the sum of Beginning-of-Fiscal-Year AAV plus one-half of Net Cash Flow, multiplied by the Actuarial Interest Rate.

13. Actuarial Cost Method: The Frozen Initial Liability Actuarial Cost Method of funding is utilized by the Plan's Actuary to calculate the contributions required of the employer. Under this method, the excess of the APV of projected benefits of the Plan's membership as of the valuation date, over the sum of the AAV plus the Unfunded Actuarial Accrued Liabilities ("UAAL"), if any, and the APV of future employee contributions, is allocated on a level basis over the future earnings of members who are on the payroll as of the valuation date. Actuarial gains and losses are reflected in the employer normal contribution rate.

The obligations of POLICE to the Police Officers' Variable Supplements Fund ("POVSF") and the Police Superior Officers' Variable Supplements Fund ("PSOVSF") are recognized through the Liability Valuation Method.

Under this methodology the APV of Future VSF Transfers from POLICE to the POVSF and PSOVSF is included directly as an actuarial liability to POLICE. This amount is computed as the excess, if any, of the APV of benefits of the POVSF and PSOVSF over the AAV of the POVSF and PSOVSF, respectively.

14. Lump Sum Death Benefits: Liabilities for group life lump sum death benefits are calculated under the One-Year Term Cost method.

15. Allowances for Administrative and Investment Expenses: The Employer Contribution for a fiscal year is increased by the interest-adjusted amount of administrative and investment expenses paid from the Fund during the second prior fiscal year.

16. WTC Disability Law and WTC Death Benefits Law: To properly value the benefit provisions of the WTC Disability Law and the WTC Death Benefits Law it is necessary to collect data on affected members. Until such time as data becomes available that both identifies eligible members and tracks their experience, an explicit determination of the liabilities for the WTC Disability Law and the WTC Death Benefits Law cannot be made. WTC Disability Law liabilities were estimated as described in Fiscal Note 2005-06, dated June 3, 2005, and are included in the Actuarial Present Value of Benefits ("APVB") of POLICE. Estimates of the WTC Death Benefits Law liabilities are also included in the APVB of POLICE.

17. One-Year Lag Methodology: One-Year Lag methodology uses a June 30, XX-2 valuation date to determine Fiscal Year XX employer contributions.

This methodology requires some theoretical adjustments to certain components used to determine Fiscal Year XX employer contributions as follows:

- Present Value of Future Salary ("PVFS")

  The PVFS at June 30, XX-2 is reduced by the value of salary projected to be paid during Fiscal Year XX-1.

- Salary for Determining Employer Contributions

  Salary used to determine the employer Normal Cost is the salary projected to be paid during Fiscal Year XX to members on payroll at June 30, XX-2.

- Present Value of Future Normal Costs ("PVFNC")

  The PVFNC at June 30, XX-2 is reduced by the discounted value of the employer contribution paid in Fiscal Year XX1 and by the consolidated UAAL contribution, if any.

2007	1,544,341	1,544,341	100.0

1 The Statutory Contributions of $413,156 thousand and $534,476 thousand for Fiscal Years 2001 and 2002, respectively, were computed in accordance with Chapter 125/00 which provides for a five-year phase-in of the liabilities attributable to Chapter 125/00.

2 The Statutory Contributions of $625,379 thousand, $811,978 thousand, $1,033,285 thousand, and 1,431,852 thousand for Fiscal Years 2003, 2004, 2005, and 2006 respectively, were computed in accordance with Chapter 278/02 which provides for a ten-year phase-in of the liabilities attributable to Chapter 125/00.

3 If based on 2000 A&M, the row entries would be $1,431,852, $1,504,655 and 95.2%, respectively.

READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council**, 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists--free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

EDUCATION

■ NOTICE

The Department of Education's (DOE) Committee on Contracts has been asked for approval to enter into contract negotiations with the following organizations for the services described below. Other organizations interested in providing these services to the DOE are invited to indicate their ability to do so by writing to Jay G. Miller at 65 Court Street, Room 1201, Brooklyn, NY 11201. Responses should be received no later than 9:00 AM Thursday, June 28, 2007.

ITEM(S) FOR CONSIDERATION:

1. Spherion Technology Architects

Service(s): The Office of Student Enrollment requests an extension for Spherion Technology Architects to continue to provide maintenance of the High School Application Process System (HSAPS), installation of the system to additional high schools and implementation of necessary enhancements to the system beyond the June 30, 2007 expiration. DOE intends to initiate an attempt to procure these services competitively before the expiration of this extension term.

The term of this agreement will be from July 1, 2007 through June 30, 2008, at a total contract cost of $2,247,781.

TERM: 12/1/06-9/30/07 Contract Cost: $2,247,781

2. CES Industries, Inc.

Service(s): The Division of Contracts and Purchasing requests approval to award a contract CES Industries, Inc. to provide career and technical education (CTE) services and related products for selected high schools. CES has been selected via an open-competitive Pre-Qualified Solicitation (PQS), however, the contracts to be awarded via that PQS are not ready for formal award at this time. Further, the services to be received from CES are to be funded primarily by a grant that expires June 30, 2007. Therefore, a bridge contract that runs through the award pursuant to the PQS will ensure that DOE does not lose these grant funds.

The term stated in this exception is for one year, from July 1, 2007 to June 30, 2008, with a related contract cost not to exceed $400,000. However, it is expected that the award via the PQS will occur prior to the end of the term, thereby decreasing the actual cost incurred through this exception.

TERM: 7/1/07-6/30/10 Contract Cost/Not to exceed: $400,000

Two contracts:
Boys & Girls Republic
Good Shepherd

Service(s): The Division of Alternative High Schools and Programs, District 79, is requesting a scope of work amendment to contracts with Boys & Girls Republic and Good Shepherd. These vendors have been providing transitional services for ninth-graders through the New Beginnings program. However, District 79 has announced that the New Beginnings programs will be discontinued at the end of the current school year. New Beginnings and one-year suspension center programs are largely similar, as are the services and facilities requirements. This exception will enable these vendors to provide one-year suspension center services to the middle and high school students of District 79 in lieu of the previously contracted New Beginnings services.

The term of each agreement will be for one-year, from July 1, 2007 through June 30, 2008. It is anticipated that the total contract cost will be $350,000 per vendor, or $700,000.

TERM: 7/1/07-6/30/08 Contract Cost: $350,000 each
Total: $700,000

INTENSE CASE MANAGEMENT – Demonstration Project – Testing or experimentation is required - PIN# 071-07S-03-1141 – DUE 07-09-07 AT 2:00 P.M. – The Department of Homeless Services (DHS) intends to enter into negotiations with Pathways to Housing ("Pathways") to conduct a demonstration project to provide intensive case management and housing placement for the city's homeless families. Pathways intends to support DHS' goal of reducing the homeless population by assessing, housing and treating some of the most vulnerable and service-needy families in the system. Based on a successful Housing First program model they have used for homeless individuals, Pathways has created a program specifically for families whose head of household has some level of mental illness and/or substance abuse disorder or a disabling medical condition. They propose to house in the first year of the contract 50 families in the Bronx, 50 families in Queens and 50 families in Brooklyn and serve them through FACT (Family Assertive Community Treatment) teams. Each team is comprised of clinical and community supports: Social Worker, Educational and Vocational Specialists, Community and Family Support Liaisons, Nurse Practitioner and a Family Psychiatrist. In the second year of the contract, the contractor will provide services to an additional 75 families, 25 families in each borough.

Once identified for the program, families who agree to participate will move, from the shelter system to permanent housing through one of the new exit strategies DHS is offering i.e., Fixed Income Advantage Once housed in the community, Pathway's FACT team will treat the entire family, as well as the individuals within the family. Pathways estimates it will take about one year for families to stabilize and no longer need intensive services. During this period, the team also assists the family in applying for Section 8 and any other subsidized program they may be eligible for, in preparation for the end of the 1-year DHS rental assistance.

A satellite office will be established in each borough.

The demonstration project may also target families where there is an open Administration for Children Services case or where there are cases of neglect or abuse. It is anticipated that the term of the contract will be for three years. DHS has determined that the proposed study approach is not currently in use in the City and should this approach be proven to successfully reduce the special needs population, its benefits would have a significant impact on strategies to develop future homeless support services and housing placement models.

In addition, DHS has determined this demonstration project to be longer than one year because of the following: an array of different types of services to be offered in each boro; need to collect and analyze statistical data collected from the services rendered both short and long term including follow-up services to the residents. The evaluation component will be conducted each year to assess measurable outcomes such as housing placements, retention rates and service utilization. The cost of the evaluation will be shared by DHS and the contractor, Pathways to Housing.

The estimated cost of the demonstration project is $2.9 million dollars.

Any vendor who is interested in providing such may contact in writing, Calvin Pitter, Deputy Chief Contracting Officer, Department Of Homeless Services at 33 Beaver St., 13 Floor NY, NY 10004, at (212) 361-8413. The due date and time for submission of expressions of interest is 2:00 P.M. on Monday, July 9, 2007.

READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council**, 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists--free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

EDUCATION

■ NOTICE

The Department of Education's (DOE) Committee on Contracts has been asked for approval to enter into contract negotiations with the following organizations for the services described below. Other organizations interested in providing these services to the DOE are invited to indicate their ability to do so by writing to Jay G. Miller at 65 Court Street, Room 1201, Brooklyn, NY 11201. Responses should be received no later than 9:00 AM Thursday, June 28, 2007.

ITEM(S) FOR CONSIDERATION:

1. Spherion Technology Architects

Service(s): The Office of Student Enrollment requests an extension for Spherion Technology Architects to continue to provide maintenance of the High School Application Process System (HSAPS), installation of the system to additional high schools and implementation of necessary enhancements to the system beyond the June 30, 2007 expiration. DOE intends to initiate an attempt to procure these services competitively before the expiration of this extension term.

The term of this agreement will be from July 1, 2007 through June 30, 2008, at a total contract cost of $2,247,781.
TERM: 12/1/06-9/30/07 Contract Cost: $2,247,781

2. CES Industries, Inc.

Service(s): The Division of Contracts and Purchasing requests approval to award a contract CES Industries, Inc. to provide career and technical education (CTE) services and related products for selected high schools. CES has been selected via an open-competitive Pre-Qualified Solicitation (PQS), however, the contracts to be awarded via that PQS are not ready for formal award at this time. Further, the services to be received from CES are to be funded primarily by a grant that expires June 30, 2007. Therefore, a bridge contract that runs through the award pursuant to the PQS will ensure that DOE does not lose these grant funds.

The term stated in this exception is for one year, from July 1, 2007 to June 30, 2008, with a related contract cost not to exceed $400,000. However, it is expected that the award via the PQS will occur prior to the end of the term, thereby decreasing the actual cost incurred through this exception.

TERM: 7/1/07-6/30/10 Contract Cost/Not to exceed: $400,000

Two contracts:
Boys & Girls Republic
Good Shepherd

Service(s): The Division of Alternative High Schools and Programs, District 79, is requesting a scope of work amendment to contracts with Boys & Girls Republic and Good Shepherd. These vendors have been providing transitional services for ninth-graders through the New Beginnings program. However, District 79 has announced that the New Beginnings programs will be discontinued at the end of the current school year. New Beginnings and one-year suspension center programs are largely similar, as are the services and facilities requirements. This exception will enable these vendors to provide one-year suspension center services to the middle and high school students of District 79 in lieu of the previously contracted New Beginnings services.

The term of each agreement will be for one-year, from July 1, 2007 through June 30, 2008. It is anticipated that the total contract cost will be $350,000 per vendor, or $700,000.

TERM: 7/1/07-6/30/08 Contract Cost: $350,000 each
Total: $700,000

YOUNG ADULT INTERNSHIP PROGRAMS – Competitive Sealed Proposals – Judgment required in evaluating proposals - PIN# 26008YAIPRFP – DUE 07-19-07 AT 2:00 P.M. – In 2006, Mayor Michael R. Bloomberg created the Commission for Economic Opportunity (Commission) to examine nontraditional approaches to addressing poverty in New York City (City). The Commission's recommendations, released in September 2006, identified young adults as an important target population for anti-poverty efforts. Citing a range of labor market challenges, the Commission recommendated that strategies be adopted to re-engage youth who are disconnected from school and work. Acting on these recommendations, the Center for Economic Opportunity (CEO), which is charged with carrying out the Commissioner's recommendations, has allocated City funds to the Department of Youth and Community Development (DYCD) to support an innovative employment internship program for this vulnerable group. DYCD is seeking appropriately qualified vendors to provide young adult intership programs (YAIP) to serve the most job-ready among disconnected youth through short-term paid internships, job placements and follow-up services. A pre-proposal conference will be held on July 10, 2007. Attendance by proposers is optional but recommended by DYCD.

INTENSE CASE MANAGEMENT – Demonstration Project – Testing or experimentation is required - PIN# 071-07S-03-1141 – DUE 07-09-07 AT 2:00 P.M. – The Department of Homeless Services (DHS) intends to enter into negotiations with Pathways to Housing ("Pathways") to conduct a demonstration project to provide intensive case management and housing placement for the city's homeless families. Pathways intends to support DHS' goal of reducing the homeless population by assessing, housing and treating some of the most vulnerable and service-needy families in the system. Based on a successful Housing First program model they have used for homeless individuals, Pathways has created a program specifically for families whose head of household has some level of mental illness and/or substance abuse disorder or a disabling medical condition. They propose to house in the first year of the contract 50 families in the Bronx, 50 families in Queens and 50 families in Brooklyn and serve them through FACT (Family Assertive Community Treatment) teams. Each team is comprised of clinical and community supports: Social Worker, Educational and Vocational Specialists, Community and Family Support Liaisons, Nurse Practitioner and a Family Psychiatrist. In the second year of the contract, the contractor will provide services to an additional 75 families, 25 families in each borough.

Once identified for the program, families who agree to participate will move, from the shelter system to permanent housing through one of the new exit strategies DHS is offering i.e., Fixed Income Advantage Once housed in the community, Pathway's FACT team will treat the entire family, as well as the individuals within the family. Pathways estimates it will take about one year for families to stabilize and no longer need intensive services. During this period, the team also assists the family in applying for Section 8 and any other subsidized program they may be eligible for, in preparation for the end of the 1-year DHS rental assistance.

A satellite office will be established in each borough.

The demonstration project may also target families where there is an open Administration for Children Services case or where there are cases of neglect or abuse. It is anticipated that the term of the contract will be for three years. DHS has determined that the proposed study approach is not currently in use in the City and should this approach be proven to successfully reduce the special needs population, its benefits would have a significant impact on strategies to develop future homeless support services and housing placement models.

In addition, DHS has determined this demonstration project to be longer than one year because of the following: an array of different types of services to be offered in each boro; need to collect and analyze statistical data collected from the services rendered both short and long term including follow-up services to the residents. The evaluation component will be conducted each year to assess measurable outcomes such as housing placements, retention rates and service utilization. The cost of the evaluation will be shared by DHS and the contractor, Pathways to Housing.

The estimated cost of the demonstration project is $2.9 million dollars.

Any vendor who is interested in providing such may contact in writing, Calvin Pitter, Deputy Chief Contracting Officer, Department Of Homeless Services at 33 Beaver St., 13 Floor NY, NY 10004, at (212) 361-8413. YOUNG ADULT INTERNSHIP PROGRAMS – Competitive Sealed Proposals – Judgment required in evaluating proposals - PIN# 26008YAIPRFP – DUE 07-19-07 AT 2:00 P.M. – In 2006, Mayor Michael R. Bloomberg created the Commission for Economic Opportunity (Commission) to examine nontraditional approaches to addressing poverty in New York City (City). The Commission's recommendations, released in September 2006, identified young adults as an important target population for anti-poverty efforts. Citing a range of labor market challenges, the Commission recommendated that strategies be adopted to re-engage youth who are disconnected from school and work. Acting on these recommendations, the Center for Economic Opportunity (CEO), which is charged with carrying out the Commissioner's recommendations, has allocated City funds to the Department of Youth and Community Development (DYCD) to support an innovative employment internship program for this vulnerable group. DYCD is seeking appropriately qualified vendors to provide young adult intership programs (YAIP) to serve the most job-ready among disconnected youth through short-term paid internships, job placements and follow-up services. A pre-proposal conference will be held on July 10, 2007. Attendance by proposers is optional but recommended by DYCD.

The proposed Project involves standard roadway, sewer, and water main construction and will have no significant adverse effect on the environment. The Project was also the subject of a complete Environmental Impact Statement ("EIS") in July 1997. Based on the recommendations contained in the EIS, necessary mitigation measures are included in the design for this Project and were also incorporated in other projects in the area covered by the EIS.

(4) Comments and concerns raised by the property owners at the public hearing and through subsequent written submissions are currently being reviewed by the City. Issues and concerns raised by the property owners include as follows: How much and what portion of the property will be acquired and the time frame of the process; the impact of construction activities on the residents such as vibrations to foundation, property damage and loss of utility services such as electricity, water and parking; the taking of property may create floodwater to enter homes; roadway widening and dead end streets may invite drag racing and criminal activities; the effect of the proposed construction will have on the neighborhood environment; and the availability of plans and project details to homeowners. The City will work with the community and appropriate utility operators to minimize the impact of the construction activities on the local community. The City continues to review its plans and will make modifications addressing these issues whenever possible. DDC will also work with HPD, the community and other City agencies in order to review the situations and address the concerns.

READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council**, 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists--free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

INTENSE CASE MANAGEMENT – Demonstration Project – Testing or experimentation is required - PIN# 071-07S-03-1141 – DUE 07-09-07 AT 2:00 P.M. – The Department of Homeless Services (DHS) intends to enter into negotiations with Pathways to Housing ("Pathways") to conduct a demonstration project to provide intensive case management and housing placement for the city's homeless families. Pathways intends to support DHS' goal of reducing the homeless population by assessing, housing and treating some of the most vulnerable and service-needy families in the system. Based on a successful Housing First program model they have used for homeless individuals, Pathways has created a program specifically for families whose head of household has some level of mental illness and/or substance abuse disorder or a disabling medical condition. They propose to house in the first year of the contract 50 families in the Bronx, 50 families in Queens and 50 families in Brooklyn and serve them through FACT (Family Assertive Community Treatment) teams. Each team is comprised of clinical and community supports: Social Worker, Educational and Vocational Specialists, Community and Family Support Liaisons, Nurse Practitioner and a Family Psychiatrist. In the second year of the contract, the contractor will provide services to an additional 75 families, 25 families in each borough.

Once identified for the program, families who agree to participate will move, from the shelter system to permanent housing through one of the new exit strategies DHS is offering i.e., Fixed Income Advantage Once housed in the community, Pathway's FACT team will treat the entire family, as well as the individuals within the family. Pathways estimates it will take about one year for families to stabilize and no longer need intensive services. During this period, the team also assists the family in applying for Section 8 and any other subsidized program they may be eligible for, in preparation for the end of the 1-year DHS rental assistance.

A satellite office will be established in each borough.

The demonstration project may also target families where there is an open Administration for Children Services case or where there are cases of neglect or abuse. It is anticipated that the term of the contract will be for three years. DHS has determined that the proposed study approach is not currently in use in the City and should this approach be proven to successfully reduce the special needs population, its benefits would have a significant impact on strategies to develop future homeless support services and housing placement models.

In addition, DHS has determined this demonstration project to be longer than one year because of the following: an array of different types of services to be offered in each boro; need to collect and analyze statistical data collected from the services rendered both short and long term including follow-up services to the residents. The evaluation component will be conducted each year to assess measurable outcomes such as housing placements, retention rates and service utilization. The cost of the evaluation will be shared by DHS and the contractor, Pathways to Housing.

The estimated cost of the demonstration project is $2.9 million dollars.

Any vendor who is interested in providing such may contact in writing, Calvin Pitter, Deputy Chief Contracting Officer, Department Of Homeless Services at 33 Beaver St., 13 Floor NY, NY 10004, at (212) 361-8413. DYCD will fund programs that offer Adult Basic Education (ABE), General Education Development (GED) Tests preparation, English to Speakers of Other Languages (ESOL), and Basic Education in the Native Language (BENL) instructional services. Spoken and written language fluency is most quickly realized in contexts that are immediately relevant to students? lives through instruction in areas such as career development, finances, health care, civics, and parenting. Programs would be enhanced by leveraging additional resources through development of partnerships with other organizations in the community. Recognizing the critical role that professional development plays in effective educational programming, DYCD supports literacy program staff with a range of in-service offerings. However, the expectation is that all providers would develop a comprehensive professional development plan that addresses the student population and particular needs of their instructors. DYCD also supports continual assessment of program quality and application of findings to improve program effectiveness. A pre-proposal conference will be held on July 9, 2007. Attendance by proposers is optional but recommended by DYCD.

The following is the minimum qualification requirement of this RFP. Proposals that do not meet this requirement will be determined to be non-responsive and will not be further considered.

The proposing agency must be incorporated as a not-for-profit organization, as documented by the Certificate of Incorporation, or show proof of filing for such status with the New York State Department of State, as documented by a copy of the application, by the proposal submission due date indicated in this RFP. YOUNG ADULT INTERNSHIP PROGRAMS – Competitive Sealed Proposals – Judgment required in evaluating proposals - PIN# 26008YAIPRFP – DUE 07-19-07 AT 2:00 P.M. – In 2006, Mayor Michael R. Bloomberg created the Commission for Economic Opportunity (Commission) to examine nontraditional approaches to addressing poverty in New York City (City). The Commission's recommendations, released in September 2006, identified young adults as an important target population for anti-poverty efforts. Citing a range of labor market challenges, the Commission recommendated that strategies be adopted to re-engage youth who are disconnected from school and work. Acting on these recommendations, the Center for Economic Opportunity (CEO), which is charged with carrying out the Commissioner's recommendations, has allocated City funds to the Department of Youth and Community Development (DYCD) to support an innovative employment internship program for this vulnerable group. DYCD is seeking appropriately qualified vendors to provide young adult intership programs (YAIP) to serve the most job-ready among disconnected youth through short-term paid internships, job placements and follow-up services. A pre-proposal conference will be held on July 10, 2007. Attendance by proposers is optional but recommended by DYCD.

The proposed Project involves standard roadway, sewer, and water main construction and will have no significant adverse effect on the environment. The Project was also the subject of a complete Environmental Impact Statement ("EIS") in July 1997. Based on the recommendations contained in the EIS, necessary mitigation measures are included in the design for this Project and were also incorporated in other projects in the area covered by the EIS.

(4) Comments and concerns raised by the property owners at the public hearing and through subsequent written submissions are currently being reviewed by the City. Issues and concerns raised by the property owners include as follows: How much and what portion of the property will be acquired and the time frame of the process; the impact of construction activities on the residents such as vibrations to foundation, property damage and loss of utility services such as electricity, water and parking; the taking of property may create floodwater to enter homes; roadway widening and dead end streets may invite drag racing and criminal activities; the effect of the proposed construction will have on the neighborhood environment; and the availability of plans and project details to homeowners. The City will work with the community and appropriate utility operators to minimize the impact of the construction activities on the local community. The City continues to review its plans and will make modifications addressing these issues whenever possible. DDC will also work with HPD, the community and other City agencies in order to review the situations and address the concerns.

NOTICE OF INTENT TO REQUEST RELEASE OF FUNDS**

TO ALL INTERESTED AGENCIES, COMMUNITY BOARDS, GROUPS AND PERSONS:
This document constitutes the Notice of Intent to Request Release of Funds for the Department of Housing Preservation and Development's (HPD) Alternative Enforcement Program. This program is funded in the second half of the Thirty-third Community Development Year (CD 33/Calendar Year 2007). Thus, the allocation for this program reflects funding for the period 7/1/07 to 12/31/07. On July 6, 2007 the City will submit to HUD its Request for Release of Funds for this program. In accordance with 24 CFR Part 58.35 of the HUD Environmental Review Procedures for Title I Community Development Block Grant Programs, the activities conducted under the Alternative Enforcement Program have been determined to be categorically excluded from the Environmental Assessment requirements of the National Environmental Policy Act. This notice is prepared on a programmatic basis.

Alternative Enforcement Program
The Alternative Enforcement Program is intended to alleviate the serious physical deterioration of the most distressed buildings in New York City by forcing the owner to make effective repairs or have city government do so in a more comprehensive fashion so that emergency conditions are alleviated and the underlying physical conditions related to the emergency housing code violations are addressed.

The buildings included in the program are, by definition stated in the law, high consumers of HPD's Emergency Repair Program (ERP). This ERP recidivism demonstrates that the emergency conditions in these buildings cannot be addressed through the relatively narrow scope of work typically done in ERP. Even after extensive ERP work, emergency conditions persist.

As described in the law, a re-inspection of each building will be done and violations will be issued pursuant to the Housing Maintenance Code and Multiple Dwelling Law. An order will be issued outlining the action that the Department will take to address the emergency conditions and the underlying causes of those conditions (to minimize reoccurrence of those conditions). HPD will prepare a scope of work that will address the conditions cited in the Order. HPD will issue repair orders – similar to the current issuance of repair orders for emergency conditions in privately owned properly covered under CD regulations by the Emergency Repair Program - should the owner fail to take appropriate action to address conditions cited in the Order. CD 33 Budget: $5,108,000.

An Environmental Review Record respecting the within program has been made by the City of New York which documents the environmental review of the program. This Environmental Review Record is on file and copies may be obtained at the Office of Management and Budget, Community Development, 75 Park Place, 8th Floor, New York, New York 10007, between 10:00 A.M. and 5:00 P.M., Monday through Friday. Please call (212) 788-6150 to make an appointment to view or obtain a copy of the documents.

The City of New York will undertake the program described above with CD funds from HUD, under Title I. The City of New York is certifying to HUD that the City and Budget Director Mark Page, in his official capacity as the Certifying Officer for the CD Program, consent to accept the jurisdiction of the federal courts if an action is brought to enforce responsibilities in relation to environmental reviews, decision-making and action and that these responsibilities have been satisfied. The legal effect of the certification is that upon its approval, New York City may use the CD funds, and HUD will have satisfied its responsibilities under the National Environmental Policy Act of 1969. HUD will accept an objection to its approval of the release of funds and acceptance of the certification only if it is on one of the following bases: a) That the certification was not in fact executed by the recipient's Certifying Officer, b) the recipient has failed to make one of the two findings pursuant to 58.41 or to make the written determination decision required by 58.47, 58.53 or 58.64 for the project as applicable, c) the recipient has omitted one or more of the steps set forth at Subparts F and G for the preparation and completion of an environmental assessment, d) the recipient has omitted one or more of the steps set forth at Subparts H and I for the preparation and completion of an environmental impact statement, e) the recipient did not comply with the historic review provisions of 36 CFR Part 800, f) with respect to a project for which a recipient has decided that 58.47, 58.53 or 58.64 apply, the recipient has failed to include in the ERR the written decision required, or its decision is not supported by the facts specified by the objecting party. Objections must be prepared and submitted in accordance with the required procedure (24 CFR Part 58), and may be addressed to HUD,

Office of Community Planning and Development, 26 Federal Plaza, 35th Floor, New York, New York 10278. Objections to the release of funds on bases other than those stated above will not be considered by HUD. No objection received after July 23, 2007 will be considered by HUD.

City of New York: Office of Management and Budget, Mark Page, Budget Director. Date: June 28, 2007.

READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council,** 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists--free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

CITY PLANNING

PUBLIC NOTICE OF A SCOPING MEETING
DRAFT ENVIRONMENTAL IMPACT STATEMENT
(CEQR No. 07DCP094K)

Notice is hereby given that pursuant to Section 5-07 of the Rules of Procedure for Environmental Review (CEQR) and 6 NYCRR 617.8 (State Environmental Quality Review) the New York City Department of City Planning (DCP), acting on behalf of the City Planning Commission as CEQR lead agency, has determined that a draft environmental impact statement is to be prepared for the proposed Domino Sugar Rezoning, CEQR Number 07DCP094K.

The applicant, The Refinery LLC, is proposing numerous discretionary actions in connection with the redevelopment of the former Domino Sugar site along the East River waterfront in the Williamsburg neighborhood of Brooklyn Community District 1. The proposed development would include residential, retail/commercial, and community facility uses. The project site comprises Block 2414, Lot 1, which is located along the East River waterfront between Grand and South 5th Streets ("the waterfront parcel"), and Block 2428, Lot 1, which is located on the east side of Kent Avenue between South 3rd and South 4th Streets ("the upland parcel").

The proposed actions consist of the following discretionary approvals:

- A zoning map change (i) from M3-1 to: R8 with a C2-4 commercial overlay for the majority of the waterfront parcel; (ii) from M3-1 to C6-2 for a section of the waterfront parcel; and (iii) from M3-1 to R6 with a C2-4 commercial overlay on the upland parcel. The existing M3-1 zoning district is a heavy industrial district which allows a maximum FAR of 2.0.
- A Special Permit pursuant to Zoning Resolution (ZR) Section 74-743 to establish a General Large Scale Plan including i) Special Permits to modify the waterfront height and setback regulations otherwise applicable pursuant to ZR Section 62-341 to: a) permit the floor plates of the buildings on both the waterfront and upland parcels to exceed the maximum residential floor plate size; b) permit portions of buildings to exceed the maximum base height of 70 feet up to 100 feet, and to exceed the maximum building height of 210 feet up to a height of 300 feet for two buildings and 400 feet for two buildings; c) permit encroachments in the 15-foot initial setback distance above the base height along certain visual corridors; d) permit an encroachment in the 30-foot initial setback distance above the base height along the shore public walkway near South Fifth Street; e) on the upland parcel, permit portions of the building to exceed the maximum base height of 60 feet up to a height of 70 to 100 feet, and to permit the building on the upland parcel to exceed the maximum building height of 110 feet to between 120 and 140 feet for buildings; ii) provisions to allow the transfer of up to approximately 190,000 sf of floor area development rights across Kent Avenue to the upland parcel from the waterfront parcel; iii) a Site Plan which includes building locations, uses, and heights, and iv), an FAR for the waterfront portion of 5.6 (typically, R8/C2-4 would permit an FAR of 6.5 with the Inclusionary Housing) and the upland portion to 6.0.
- A zoning text amendment to ZR 23-922 and ZR 62-35, to apply the Inclusionary Housing program and related floor area regulations which currently apply only in certain areas of Williamsburg-Greenpoint (on the waterfront from North 3rd Street in Williamsburg to Manhattan Avenue in Greenpoint and in R7-3 zoning districts in Brooklyn Community District 1) to the project site (the Inclusionary Housing Program permits a "floor area bonus" from 2.43 to 2.75 for R6 districts and 4.88 to 6.5 for R8 districts).
- An authorization, pursuant to ZR Section 62-60 for modification of waterfront access requirements to achieve a superior open space plan.
- An authorization for phased implementation of waterfront access requirements pursuant to ZR 62-722 to permit the phased implementation of waterfront public access improvements in coordination with phased development of the site.
- CPC chair certification pursuant to ZR Section 62-711 for compliance with waterfront public access and visual corridor requirements.
- CPC chair certification to subdivide a waterfront zoning lot while maintaining compliance with all waterfront public access requirements.
- Coastal Zone Consistency determination (because the project site is within the Coastal Zone).

The proposed actions also include a zoning map amendment for one entire block and portions of two blocks to the east of the project site bounded by Kent Avenue, Wythe Avenue, Grand Street, and South 4th Street from M3-1 to M1-2 (the "non-project rezoning area"). These blocks are not controlled by the applicant.

In addition, the proposed project may require approvals from the New York State Department of Environmental Conservation (DEC) and the U.S. Army Corps of Engineers (USACOE) for the repair and upgrade of the existing waterfront platform on the project site and the establishment of a floating dock for an as-of-right water taxi service. These actions are subject to environmental review and will be conducted through a coordinated review with DCP, the lead agency. The proposed project would also require a State Pollution Discharge Elimination System (SPDES) permit from DEC for stormwater discharges during construction. Approvals may also be necessary from City and State agencies for the allocation of funds for affordable housing.

The proposed actions would facilitate a proposal by the applicant to develop approximately 2,860,000 gross square feet (gsf) of development above grade. Approximately 2,640,000 gsf would be dedicated to residential use (with up to approximately 2,400 residential units); 120,000 gsf to retail/commercial use; 100,000 gsf to community facility use; and a maximum of 1,450 accessory parking spaces.

To ensure that the proposed project as constructed is consistent with the drawings shown on the site plan approved by the CPC and the City Council pursuant to ULURP, that access to the project is at the locations analyzed in the EIS, and that the mix of uses in the project is substantially consistent with the proposed project as analyzed in the EIS, the project sponsor will, at the time all land use-related actions required to authorize the project's development are approved, execute and record a Restrictive Declaration against the development site.

The project site is 11-acres in area and comprised of two parcels: a waterfront parcel (Block 2414, Lot 1) and an upland parcel (Block 2428, Lot 1). The waterfront parcel is approximately 9.8 acres (excluding the approximately 6.2 acres of land underwater to the pierhead line) and the upland parcel is approximately 1.3 acres. The waterfront parcel is bounded on the west by the East River, on the north by Grand Street, on the east by Kent Avenue, and on the south by South 5th Street, which separates the site from the Williamsburg Bridge immediately to the south. The block on which the upland parcel is located is bounded on the west by Kent Avenue, on the north by South 3rd Street, on the east by Wythe Avenue, and on the south by South 4th Street.

The waterfront portion of the site, which stretches for approximately 1,300 feet along the East River, is a complex of industrial buildings ranging in height from 1 to 11 stories. These buildings include warehouses, sugar processing buildings, power-generating facilities, and research and design structures. The buildings on the project site are currently unoccupied. The New York City Landmarks Preservation (LPC) is considering designating the three buildings which comprise the Refinery (individually known as the Filter House, the Pan House, and the Finishing House). The LPC held a designation hearing on June 26, 2007. The portion of the project site east of Kent Avenue, now a vacant lot, was formerly used as a parking lot.

The proposed actions would result in the development of five new residential structures on the project site. The buildings along Kent Avenue would range in height from approximately 50 to 100 feet. Two of the buildings along the waterfront would reach heights of 300 feet and two would reach 400 feet. The buildings on the upland portion of the site east of Kent Avenue would rise to a maximum height of 90 feet along Kent Avenue and 140 feet elsewhere on the lot. The three buildings which together comprise The Refinery and which are located on the central block of the development between South 2nd and South 3rd Streets, would be reused and converted to some combination of residential, retail/commercial, and community facility uses. The program for the reuse of the Refinery building has not been finalized. The project sponsor anticipates adding floors to a portion of the roof of the Refinery building. If the Refinery is designated by the LPC, the project sponsor would have to apply to the LPC for a Certificate of Appropriateness for any addition or modification to the exterior of the Refinery. Ground floor retail/commercial uses would be located along both sides of Kent Avenue. Publicly accessible open space, including an esplanade along the waterfront that would connect to Grand Ferry Park to the north of the site, would be constructed as part of the proposed project, as required by the Zoning Resolution. Additional publicly accessible open space would be developed between the Refinery building and the waterfront. It is anticipated that the development would be served by water taxi service. Shuttle bus service would also be provided to carry passengers from the proposed development to nearby subway stations. Construction of the project is anticipated to be completed in 2016.

Public comments are requested with respect to the issues to be addressed in the draft environmental impact statement.

A public scoping meeting has been scheduled for Tuesday, July 31, 2007 from 2:00 to 5:00 PM and from 6:00 to 8:45 PM at the City of New York Department of City Planning, Spector Hall, 22 Reade Street, New York, New York 10007. YOUNG ADULT INTERNSHIP PROGRAMS – Competitive Sealed Proposals – Judgment required in evaluating proposals - PIN# 26008YAIPRFP – DUE 07-19-07 AT 2:00 P.M. – In 2006, Mayor Michael R. Bloomberg created the Commission for Economic Opportunity (Commission) to examine nontraditional approaches to addressing poverty in New York City (City). The Commission's recommendations, released in September 2006, identified young adults as an important target population for anti-poverty efforts. Citing a range of labor market challenges, the Commission recommendated that strategies be adopted to re-engage youth who are disconnected from school and work. Acting on these recommendations, the Center for Economic Opportunity (CEO), which is charged with carrying out the Commissioner's recommendations, has allocated City funds to the Department of Youth and Community Development (DYCD) to support an innovative employment internship program for this vulnerable group. DYCD is seeking appropriately qualified vendors to provide young adult intership programs (YAIP) to serve the most job-ready among disconnected youth through short-term paid internships, job placements and follow-up services. DESIGN & CONSTRUCTION

■ NOTICE

DETERMINATION AND FINDINGS BY THE CITY OF NEW YORK PURSUANT TO SECTION 204 OF THE NEW YORK STATE EMINENT DOMAIN PROCEDURE LAW

Whereas, the New York City Department of Design and Construction ("DDC"), on behalf of the New York City Housing Preservation & Development ("HPD") and the City of New York ("City"), has proposed the acquisition of certain street properties known as portions of Beach 43rd Street, Beach 44th Street, Beach 45th Street, Hantz Road, Edgemere Drive, Norton Avenue, Conch Road and Conch Drive in the Borough of Queens; and

Whereas, the New York State Eminent Domain Procedure Law ("EDPL") sets forth uniform procedures for condemnations by municipalities throughout the State of New York, which also govern over this acquisition; and

Whereas, pursuant to the EDPL, the City is required to hold a public hearing to determine whether the public would be better served by the proposed acquisition of the above-mentioned properties and the impact of such an acquisition on the neighborhood where the project is to be constructed; and

Whereas, the City held a public hearing in relation to this acquisition on April 12, 2007 in the Borough of Queens.

Now, therefore, let it be known that the City, pursuant to Section 204 of EDPL, hereby determines and finds:

(1) The public use and benefit of this project is for the reconstruction of roadways, sidewalks, curbs; installation of new storm sewers; the upgrading of existing sanitary sewers and the upgrading of existing water mains at certain portions of Beach 43rd Street, Beach 44th Street, Beach 45th Street, Hantz Road, Edgemere Drive, Norton Avenue, Conch Road and Conch Drive in the Borough of Queens (the "Project").

(2) The properties to be acquired are shown on the City's Tax Map for the Borough of Queens and include the following properties:

- Block 15960, part of Lots 4, 5, 6, 9, 11, 14, 20, 21, 23, 24, 25, 26, 32, 34, 37, 39, 40, 49, 51, 53, 54, 56, 57;
- Block 15961 part of Lots 68, 69, 70, 72, 74, 76, 79, 80, 81, 88, 92, 94, 102, 103, 104;
- Block 15962 part of Lots 5, 6, 45, 46, 48, 49, 50, 51, 56, 59, 61, 63, 67, 75, 78, 80, 87, 88, 89, 92, 100;
- Block 15963 part of Lots 33, 37, 46;
- Block 15965 part of Lots 40, 84, 86, 87, 89, 90, 91, 92, 93, 96, 97, 98, 99, 100, 103, 104, 105, 107, 109, 110, 111, 112, 114, 115;
- Block 15966 part of Lots 1, 3, 5, 7, 8, 9, 10, 11, 12, 13, 14, 15, 17, 18, 19, 20, 22, 26, 31, 32, 33, 35, 53, 56, 57, 58, 59, 62, 63, 64, 65, 68, 70, 77, 80;
- Block 15967 part of Lots 5, 6, 7, 08, 14, 18, 20, 22, 24, 26, 30;
- Block 15968 part of Lots 68, 69, 70, 71, 72, 73, 74, 75, 78, 81, 82, 83, 85, 86, 87, 89, 91, 92, 94, 95, 96, 97, 99, 101, 103, 104, 105, 106, 107, 108, 109; and
- The bed of street for Beach 43rd Street, Beach 44th Street, Beach 45th Street, Hantz Road, Edgemere Drive, Norton Avenue, Conch Road and Conch Drive.

The proposed acquisition shall consist of the following locations in the Borough of Queens:

Beach 43rd Street from Beach Channel Drive to Conch Basin Bulkhead, Beach 44th Street from Beach Channel Drive to Conch Road, Beach 45th Street from Beach Channel Drive to Norton Avenue, Hantz Road from Beach 44th Street to Beach 45th Street, Edgemere Drive from Beach 43rd Street to Beach 44th Street, Norton Avenue from Beach 43rd Street to Beach 45th Street, Conch Road from Beach 43rd Street to Beach 44th Street and Conch Drive from Beach 43rd Street to Norton Basin Bulkhead.

The City selected these locations based on a need for the reconstruction of roadways, sidewalks, curbs; installation of new storm sewers; the upgrading of existing sanitary sewers and the upgrading of existing water mains.

(3) The general effect on the neighborhood will be improved traffic and pedestrian safety and living conditions. The proposed Project involves standard roadway, sewer, and water main construction and will have no significant adverse effect on the environment. The Project was also the subject of a complete Environmental Impact Statement ("EIS") in July 1997. Based on the recommendations contained in the EIS, necessary mitigation measures are included in the design for this Project and were also incorporated in other projects in the area covered by the EIS.

(4) Comments and concerns raised by the property owners at the public hearing and through subsequent written submissions are currently being reviewed by the City. Issues and concerns raised by the property owners include as follows: How much and what portion of the property will be acquired and the time frame of the process; the impact of construction activities on the residents such as vibrations to foundation, property damage and loss of utility services such as electricity, water and parking; the taking of property may create floodwater to enter homes; roadway widening and dead end streets may invite drag racing and criminal activities; the effect of the proposed construction will have on the neighborhood environment; and the availability of plans and project details to homeowners. The City will work with the community and appropriate utility operators to minimize the impact of the construction activities on the local community. The City continues to review its plans and will make modifications addressing these issues whenever possible. DDC will also work with HPD, the community and other City agencies in order to review the situations and address the concerns.

NOTICE:

Pursuant to EDPL Section 207, property owners have thirty (30) days from completion of the publication of this "Determination and Findings" to seek judicial review of this determination. Expected date of publication is June 27, 28 and 29, 2007.

Pursuant to EDPL Sections 207 and 208, the exclusive venue for the judicial review of this determination is the Appellate Division of the Supreme Court in the Judicial Department where any part of the property to be acquired is located.

A copy of this Determination and Findings by the City is available without cost upon written request to:

OFFICE OF MANAGEMENT AND BUDGET

■ NOTICE

THE CITY OF NEW YORK OFFICE OF MANAGEMENT AND BUDGET COMMUNITY DEVELOPMENT BLOCK GRANT PROGRAM (C.D.) NOTICE OF INTENT TO REQUEST RELEASE OF FUNDS

TO ALL INTERESTED AGENCIES, COMMUNITY BOARDS, GROUPS AND PERSONS:
This document constitutes the Notice of Intent to Request Release of Funds for the Department of Housing Preservation and Development's (HPD) Alternative Enforcement Program. This program is funded in the second half of the Thirty-third Community Development Year (CD 33/Calendar Year 2007). Thus, the allocation for this program reflects funding for the period 7/1/07 to 12/31/07. On July 6, 2007 the City will submit to HUD its Request for Release of Funds for this program. In accordance with 24 CFR Part 58.35 of the HUD Environmental Review Procedures for Title I Community Development Block Grant Programs, the activities conducted under the Alternative Enforcement Program have been determined to be categorically excluded from the Environmental Assessment requirements of the National Environmental Policy Act. This notice is prepared on a programmatic basis.

Alternative Enforcement Program
The Alternative Enforcement Program is intended to alleviate the serious physical deterioration of the most distressed buildings in New York City by forcing the owner to make effective repairs or have city government do so in a more comprehensive fashion so that emergency conditions are alleviated and the underlying physical conditions related to the emergency housing code violations are addressed.

The buildings included in the program are, by definition stated in the law, high consumers of HPD's Emergency Repair Program (ERP). This ERP recidivism demonstrates that the emergency conditions in these buildings cannot be addressed through the relatively narrow scope of work typically done in ERP. Even after extensive ERP work, emergency conditions persist.

As described in the law, a re-inspection of each building will be done and violations will be issued pursuant to the Housing Maintenance Code and Multiple Dwelling Law. An order will be issued outlining the action that the Department will take to address the emergency conditions and the underlying causes of those conditions (to minimize reoccurrence of those conditions). HPD will prepare a scope of work that will address the conditions cited in the Order. HPD will issue repair orders – similar to the current issuance of repair orders for emergency conditions in privately owned properly covered under CD regulations by the Emergency Repair Program - should the owner fail to take appropriate action to address conditions cited in the Order. CD 33 Budget: $5,108,000.

An Environmental Review Record respecting the within program has been made by the City of New York which documents the environmental review of the program. This Environmental Review Record is on file and copies may be obtained at the Office of Management and Budget, Community Development, 75 Park Place, 8th Floor, New York, New York 10007, between 10:00 A.M. and 5:00 P.M., Monday through Friday. Please call (212) 788-6150 to make an appointment to view or obtain a copy of the documents.

The City of New York will undertake the program described above with CD funds from HUD, under Title I. The City of New York is certifying to HUD that the City and Budget Director Mark Page, in his official capacity as the Certifying Officer for the CD Program, consent to accept the jurisdiction of the federal courts if an action is brought to enforce responsibilities in relation to environmental reviews, decision-making and action and that these responsibilities have been satisfied. The legal effect of the certification is that upon its approval, New York City may use the CD funds, and HUD will have satisfied its responsibilities under the National Environmental Policy Act of 1969. HUD will accept an objection to its approval of the release of funds and acceptance of the certification only if it is on one of the following bases: a) That the certification was not in fact executed by the recipient's Certifying Officer, b) the recipient has failed to make one of the two findings pursuant to 58.41 or to make the written determination decision required by 58.47, 58.53 or 58.64 for the project as applicable, c) the recipient has omitted one or more of the steps set forth at Subparts F and G for the preparation and completion of an environmental assessment, d) the recipient has omitted one or more of the steps set forth at Subparts H and I for the preparation and completion of an environmental impact statement, e) the recipient did not comply with the historic review provisions of 36 CFR Part 800, f) with respect to a project for which a recipient has decided that 58.47, 58.53 or 58.64 apply, the recipient has failed to include in the ERR the written decision required, or its decision is not supported by the facts specified by the objecting party. Objections must be

prepared and submitted in accordance with the required procedure (24 CFR Part 58), and may be addressed to HUD, Office of Community Planning and Development, 26 Federal Plaza, 35th Floor, New York, New York 10278. Objections to the release of funds on bases other than those stated above will not be considered by HUD. No objection received after July 23, 2007 will be considered by HUD.

City of New York: Office of Management and Budget, Mark Page, Budget Director. Date: June 28, 2007.

(2) Wastewater charges will remain at 159% of water charges.

II. The following changes to an administrative policy have also been approved.

READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council,** 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists--free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

PROCUREMENT POLICY BOARD RULES

The Rules may also be accessed on the City Website, http://NYC.GOV.Selltonyc

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.
