NOTICE OF A FRANCHISE AND CONCESSION REVIEW COMMITTEE (FCRC) PUBLIC HEARING to be held on Monday, May 7, 2007 commencing at 2:30 P.M. at 22 Reade Street, Borough of Manhattan.

In the matter of a proposed Amendment and Restatement of the Franchise Agreement which authorizes Qwest Communications Corp. ("Qwest") to install, operate and maintain facilities on, over and under the City's inalienable property to provide Local High Capacity Telecommunications Services. Qwest was granted a franchise in 2002. The proposed Amendment and Restatement would (1) reduce the term of the current franchise, such that instead of ending in the year 2017, it will end in 2010 (2) provide for monetary franchise compensation to the City in the amount of approximately $1.7 million; and (3) conform the agreement to both reflect the two preceding changes and to make it more consistent with the form of the City's franchise agreement with Optical Communications Group, Inc., as approved by the Franchise and Concession Review Committee in 2005.

A copy of the existing Franchise Agreement and the proposed Amended and Restated Franchise Agreement may be viewed at DoITT, 75 Park Place, 9th Floor, New York, New York 10007, commencing Monday April 23, 2007 through Monday, May 7, 2007, between the hours of 9:30 A.M. and 3:30 P.M., excluding Saturdays, Sundays and Holidays. Hard copies of the existing Franchise Agreement and proposed Amended and Restated Franchise Agreement may be obtained, by appointment, at a cost of $.25 per page. All payments shall be at the time of pickup by check or money order made out to the New York City Department of Finance. The proposed Amended and Restated Franchise Agreement may also be obtained in PDF form at no cost, by email request. Interested parties should contact Roxanne Chambers at (212) 788-6610 or RChambers@doitt.nyc.gov

NOTE: Individuals requesting sign language interpreters at the public hearing should contact the Mayor's Office of Contract Services, Public Hearings Unit, 253 Broadway, 9th Floor, New York, New York 10007, (212) 788-7490, no later than SEVEN (7) BUSINESS DAYS PRIOR TO THE PUBLIC HEARING. THE NEW YORK CITY MIDDLE SCHOOL STUDY – RFP – PIN# R0203040 – DUE 05-03-07 AT 11:30 A.M. – To download, please go to http://www.schools.nyc.gov/dcp. If you cannot download, send an e-mail to ablack4@schools.nyc.gov with your company's name, address, phone, fax, and e-mail address. The New York City Department of Education (NYCDOE) seeks to engage an external partner to assist with understanding the factors contributing to the decline in academic performance and to formulate a middle school strategy that will reverse the decline in student performance by effectively balancing objective performance improvement targets, investment constraints, and proven efficacy.
There will not be a pre-proposal conference for this RFP, however, the deadline for questions will be on April 23, 2007, close of business. The resulting Q&A document will be posted to the DCP website by April 25, 2007, close of business.

CORRECTION: PROVISION OF NON-SECURE DETENTION CENTERS – Negotiated Acquisition – Judgment required in evaluating proposals - PIN# 13007DJJ001 – DUE 11-14-08 AT 3:00 P.M. – CORRECTION: The NYC Department of Juvenile Justice (DJJ) is seeking one or more appropriately qualified vendors to provide non-secure detention services for youth. Services shall include, but not be limited to, custody, basic youth care, food, clothing, shelter, education, health care, recreation, court related services, social work and case management services, social skills instruction, group sessions and monitoring and supervision of these services. In addition, the contract will require that a defibrillator shall be located in each program facility and that all staff requiring CPR training shall be certified in use of said defibrillator.

Each program facility will provide at least 10 and no more than 12 beds in accordance with the applicable regulations promulgated by the New York State Office of Children and Family Services (NYS OCFS), 9 N.Y.C.R.R. Section 180 et seq. The Department is seeking to provide services at facilities that will be operational at any time from January 1, 2007 to December 31, 2010. A vendor may submit an offer for more than one Facility Option. Current Agency vendors operating non-secure group homes that have contracts expiring in calendar year 2006 are urged to respond to this solicitation.

All program facilities shall be appropriately equipped to provide services for male or female youth as required by the Department, and be located in one of the five boroughs. The term of the contracts awarded from this solicitation will be for three years and will include an additional three-year option to renew. The anticipated maximum average annual funding available for each contract will be $1,067,000, excluding start-up costs. Proposed start-up costs will be considered in addition to the proposed annual line item budget. Greater consideration will be given to applicants offering more competitive prices.

If your organization is interested in being considered for award of the subject contract, please hand deliver a written expression of interest addressed to my attention at 365 Broadway, 5th Floor, New York, NY 10013. The expression of interest should specifically address the following:
1. Indicate each program facility for which the vendor is submitting.

2. Describe each proposed facility, its location, and proposed date of operation.

3. Attach appropriate documentation demonstrating the current use of each proposed facility and the vendor's site control of the facility for a period of at least 3 years.

4. For each proposed facility,
a) Indicate the number of beds to be provided and demonstrate that the facility has the capacity to provide the indicated number of beds.
b) Demonstrate that the facility will be appropriately equipped to provide services for male or female youth.

5. Demonstrate the vendor's organizational capability to:
a) Provide the indicated number of beds at each proposed facility. (If the vendor is a current provider, also demonstrate the capability to provide the indicated number of beds in addition to those already provided.)
b) Ensure that each proposed facility will be fully operational by required date in accordance with the applicable regulations promulgated by the New York State Office of Children and Family Services (NYS OCFS), 9 N.Y.C.R.R. Section 180 et seq.

6. Demonstrate the quantity and quality of the vendor's successful relevant experience.

7. Attach for each proposed facility three-year annual line item operating budget. Include staffing details. Proposed start up costs should be included in addition to the proposed three-year annual line item operating budget.

All expressions of interest received in the manner set forth will be reviewed to determine if they are responsive to the material requirements of this solicitation. Expressions of interest determined to be non-responsive will not be further considered. Expressions of interest determined to be responsive will be considered in terms of the following factors:

- Appropriateness of each proposed facility.
- Demonstrated site control of each proposed facility.
- Demonstrated level of organizational capability to provide the proposed number of beds and to ensure that each proposed facility if fully operational by the applicable requisite date.
- Demonstrated quantity and quality of successful relevant experience.
- Annual budget amount and cost effectiveness of the budget.

The Department will enter into negotiations with the vendor(s) determined to be the best qualified at the time of evaluation, based on consideration of the above-cited factors. A contract will be awarded to the responsible vendor(s) whose offer(s) is/are determined to be the most advantageous to the City, taking into consideration the price and the other factors set forth in this solicitation. In the case that a vendor is eligible for award of more than one program facility, the Department reserves the right, based upon the vendor's demonstrated organizational capability and the best interest of the City, respectively, to determine how many and for which program facility(ies) the vendor will be awarded a contract.

AGENCY RULES

FINANCE

■ NOTICE

Regulatory Agenda for Fiscal Year 2008

In compliance with section 1042 of the New York City Charter, the following is the regulatory agenda for rules that the Department of Finance anticipates that it may promulgate during the fiscal year beginning July 1, 2007 and ending June 30, 2008.

An approximate schedule for adopting the proposed rules and the name and telephone number of a Department of Finance official knowledgeable about each subject area involved are listed below each section.

1. **AMENDMENTS TO GENERAL CORPORATION TAX RULES**

Pursuant to chapter 6, subchapter 2 of title 11 of the Administrative Code, the General Corporation Tax is imposed on every domestic or foreign corporation for the privilege of doing business, employing capital, owning or leasing property, or maintaining an office in the City of New York. Corporations subject to the tax will be subject to these rules. The Department intends to amend these rules to reflect legislative changes, court decisions and existing departmental policies not presently addressed by the rules and to eliminate obsolete provisions. The Department anticipates that the remainder of these changes will be completed during the coming fiscal year.

Second half of fiscal year 2008
Andrew Eisner (718) 403-3600

The Department will amend the GCT rules to reflect the results of a project in which it participated with the State to develop guidelines for treating items of income, gain, loss, deduction and credits flowing through to a corporate partner from a partnership.

Second half of fiscal year 2008
Andrew Eisner (718) 403-3600

These rules will also be amended to change the treatment of sourcing of brokerage commissions in a manner consistent with the State franchise tax.

First half of fiscal year 2008
Andrew Eisner (718) 403-3600

2. **AMENDMENTS TO UNINCORPORATED BUSINESS TAX RULES**

Pursuant to chapter 5 of title 11 of the Administrative Code, the Unincorporated Business Tax is imposed on unincorporated businesses carried on in the City of New York. Individuals and unincorporated entities are subject to these rules. The Department intends to amend these rules to reflect legislative changes and existing departmental policies not presently addressed by the rules and to eliminate obsolete provisions. The Department anticipates that due to the scope of this project, the rules will be amended in stages, several of which were completed in prior fiscal years but the remainder of which may not be completed during the coming fiscal year.

Second half of fiscal year 2008
Andrew Eisner (718) 403-3600

These rules will also be amended to change the treatment of sourcing of brokerage commissions in a manner consistent with the State franchise tax.

First half of fiscal year 2008
Andrew Eisner (718) 403-3600

3. **AMENDMENTS TO REAL PROPERTY TRANSFER TAX RULES**

Pursuant to chapter 21 of title 11 of the Administrative Code, the Real Property Transfer Tax is imposed on transfers of real property or economic interests therein located in New York City. The rules contain provisions governing the application of the tax to transfers in connection with mortgage foreclosures and transfers in lieu of foreclosure. The New York State Department of Taxation and Finance made substantial changes to its regulations governing the New York Real Estate Transfer Tax governing those transactions in 1994. The Department intends to amend the provisions of the RPTT governing mortgage foreclosures and deeds in lieu of foreclosures and related transactions to more closely conform to the treatment of those transactions under the New York State Real Estate Transfer Tax.

Second half of fiscal year 2008
Andrew Eisner (718) 403-3600

Sections 302 through 307 of chapter 170 of the Laws of 1994 amended the State enabling law authorizing the imposition of the Real Property Transfer Tax and chapter 21 of the Administrative Code to provide for temporary tax rate relief for qualifying real estate investment trust transfers. Chapter 309 of the Laws of 1996 further amended the State enabling law and the Administrative Code to make tax rate relief for qualifying real estate investment trust transfers permanent. Chapter 85 of the Laws of 2002 made technical corrections to those provisions. The Department intends to amend all those sections of the Rules Relating to the Real Property Transfer Tax that are affected by the enactment of the real estate investment trust transfer provisions.

Second half of fiscal year 2008
Andrew Eisner (718) 403-3600

4. **AMENDMENTS TO REAP RULES**

Pursuant to chapter 6-B of Title 22 of the Administrative Code, the Relocation and Employment Assistance Program provides for credits against the GCT, UBT, Bank Tax and Utility Tax for eligible businesses that relocate to eligible premises in New York City in areas other than Manhattan south of 96th Street. The Department intends to amend these rules to reflect legislative changes and to address certain issues pertaining to multiple relocations pursuant to the Commissioner's statutory discretion, if necessary.

First half of fiscal year 2008
Andrew Eisner (718) 403-3600

5. **LMREAP RULES**

Pursuant to chapter 6-C of Title 22 of the Administrative Code, the Lower Manhattan Relocation and Employment Assistance Program provides for credits against the GCT, UBT, Bank Tax and Utility Tax for eligible businesses that relocate to eligible premises in lower Manhattan. The Department intends to promulgate rules to provide guidance to taxpayers with respect to this program.

First half of fiscal year 2008
Andrew Eisner (718) 403-3600

6. **AMENDMENTS TO RULES RELATING TO PARKING VIOLATIONS**

The Department plans to streamline the rules to make them easier to understand and to update the rules to conform with current practices. The amendments will apply to any party that incurred a parking violation in New York City.

First half of fiscal year 2008
Alan Roth (718) 403-3600

8. **AMENDMENTS TO RULES RELATING TO REFUNDS OF REAL PROPERTY TAXES**

The Department plans to amend these rules to conform with changes in policy and the availability of requesting refunds via the Department's website. The changes are intended to simplify the procedure for obtaining refunds, and the amendments will apply to any party seeking to obtain a refund of overpayments of real property taxes or property-related charges.

Second half of fiscal year 2008
Robert Dauman (718) 403-3600

9. **UPDATE OF OUTDATED REFERENCES IN AGENCY RULES**

The Department plans to review all its rules to revise outdated references, which include changes to agency unit names and addresses.

First half of fiscal year 2008
Robert Dauman (718) 403-3600

10. **AMENDMENTS TO RULES RELATING TO THE INDUSTRIAL AND COMMERCIAL INCENTIVE PROGRAM**

The Industrial and Commercial Incentive Program ("ICIP"), enacted by Local Law 71 of 1984, is scheduled to expire on June 30, 2007. If the program is extended with legislative revisions, the Department plans to adopt rules to implement the new program. The program presently provides for partial exemption or deferral of taxation on eligible industrial or commercial buildings that are constructed, modernized, rehabilitated, expanded or otherwise physically improved.

Second half of fiscal year 2008
Robert Dauman (718) 403-3600

11. **PROMULGATE RULES RELATING TO THE DISABILITY RENT INCREASE EXEMPTION (DRIE) PROGRAM**

Local Law 75 of 2005 enacted the DRIE program, under which qualifying disabled tenants receive an exemption from rent increases otherwise authorized on rent regulated properties, and the owners of affected properties receive an abatement of real property taxes in an amount equal to the rent increase exemption. These new rules will be promulgated to explain aspects of the recently enacted program. The rules will include a definition of "aggregate household disposable income" with respect to the amount under which the combined income of the tenants in an apartment must fall if the apartment is to be eligible for the exemption.

First half of fiscal year 2008
Robert Dauman (718) 403-3600

PROCUREMENT POLICY BOARD

■ NOTICE

REGULATORY AGENDA FOR FISCAL YEAR 2008

STATED BELOW IS THE REGULATORY AGENDA OF THE NEW YORK CITY Procurement Policy Board (PPB) for the next fiscal year, as required by the City Administrative Procedures Act (CAPA), New York City Charter Section 1042. The PPB is authorized to promulgate rules governing the procurement of goods, services and construction by the City of New York under Chapter 13 of the Charter of the City of New York. The Rules became effective September 1, 1990. Modifications may be necessary to address issues that have arisen in the implementation and meaning of the Rules.

The PPB anticipates that it may promulgate various amendments to its Rules that will govern every phase on contracting by City agencies. Such amendments may include the following subject matter areas, among others:

- Competitive Sealed Bids (§3-02)
- Competitive Sealed Proposals (§3-03)
- Small Purchases (§3-08)
- Debarment and Suspension (§4-10)

At this time the Board cannot summarize particular changes that may be adopted or other significant issues and priorities that may arise as a result of its Annual Rules Development Hearing. Should the need for new rules arise, the Board will propose them in a timely manner.

The individuals and entities likely to be affected by the proposed rules include City agencies, suppliers, agency contract staff, and the general public interested in the administration of City government.

The contact person is Marla G. Simpson, Director, who may be contacted at (212) 788-0010 regarding the subject areas of future rule making.

■ NOTICE

Regulatory Agenda for Fiscal Year 2008

In compliance with Section 1042 of the New York City Charter, the following is the regulatory agenda for additions and changes to the Rules of Practice and Procedure of the New York City Tax Appeals Tribunal that the Tribunal anticipates may be promulgated during the fiscal year beginning July 1, 2007 and ending June 30, 2008. Since the planned agenda covers different sections of the rules, it is anticipated that the additions and changes will be adopted as one package during the second half of fiscal year 2008. The Tax Appeals Tribunal official knowledgeable about each subject area is Mary E. Gallagher. Her telephone number is (212) 669-2070.

The Rules of Practice and Procedure of the Tax Appeals Tribunal (enacted pursuant to sections 168 through 172 of the New York City Charter) provide taxpayers with a two-tiered quasi-judicial forum for resolving disputes with the New York City Department of Finance involving non-property taxes administered by the City of New York. The proposed changes are based on issues that have arisen in the course of hearing cases, and on suggestions from the Tribunal and taxpayers. The rules that are expected to be adopted will: add a subdivision on a power of attorney, change the pleadings section of the rules, change the motion practice provisions, provide for the filing of amicus briefs, provide a specific time period for the filing of reply briefs, create a uniform time period for the filing of cross-exceptions, and provide for technical changes to the rules.

■ NOTICE

CAPA REGULATORY AGENDA FY 2008
DEPARTMENT OF TRANSPORTATION

Pursuant to section 1042 of the Charter, the Department of Transportation sets forth below its regulatory agenda for the City's fiscal year of 2008:

DIVISION OF ROADWAY REPAIR & MAINTENANCE

1. SUBJECT: Paving requirement for Builders' Pavement plan on protected roadways.
   1. Reason: Amend section 2-09 (h) (2) to ensure compliance with current Highway Rule 2-11 (f) (4) (vi) which requires full curb to curb roadway restoration on all restorations that can not be contained within 8 feet of the curb lane.
   2. Anticipated contents: To increase the current Builders' Pavement roadway paving requirement to full curb to curb restoration on all protected roadways.
   3. Objective: To create a uniform standard for all protected streets and to maintain the integrity of protected roadways.
   4. Legal basis: Section 2903 (b) of the New York City Charter.
   5. Types of individuals and entities likely to be affected: All building contractors working on protected roadways.
   6. Other relevant law: Title 34, Chapter 2, Section 2-11 (f) (4) (vi) of the Rules and Regulations of the City of New York.
   7. Approximate schedule: First Quarter FY 2008

Agency Contact: Tim McReady 718 286-2700

DOT Bureau or Division: Roadway Repair and Maintenance

2. SUBJECT: Clarification that Section 1103 of the New York State Vehicle and Traffic Law is applicable to DOT's Traffic Rules.
   1. Reason: To clarify that Section 1103 of the New York State Vehicle and Traffic Law is applicable to DOT's Traffic Rules.
   2. Anticipated contents: Referencing Section 1103 of the New York State Vehicle and Traffic Law in section 4-02 of DOT's Traffic Rules.
   3. Objective: To clarify that Section 1103 of the New York State Vehicle and Traffic Law is applicable to DOT's Traffic Rules.
   4. Legal basis: Section 2903(a) of the New York City Charter.
   5. Types of individuals and entities likely to be affected: The general public.
   6. Other relevant law: Section 1103 of the New York State Vehicle and Traffic Law.
   7. Approximate schedule: Fourth quarter of FY 2008.

DIVISION OF TRAFFIC OPERATIONS

3. SUBJECT: Adding "Shunt" and "Wrap-around Shunt" definitions to Section 2-01 of the Highway Rules.
   1) Reason: There are no definitions of shunt and wrap-around shunt in the Highway Rules.
   2) Anticipated contents: Shunt. A temporary electrical cable or conduit which has been installed between two points to divert current from one path to another due to a break in the electrical service. Wrap-around shunt. A shunt which typically runs along the outside of a pole by being looped, or wrapped around, the outside of the pole to the base.
   3) Objective: To add a definition of shunt so that there can be regulations.
   4) Legal basis: Section 2903 (b) of the New York City Charter.
   5) Types of individuals and entities likely to be affected: Utility companies, contractors, construction companies, and electricians conducting work on City streets and attaching to City equipment.
   6) Other relevant law: Possibly the Department of Buildings' Electrical Code.
   7) Approximate schedule: First Quarter FY 2008.

Agency Contact: Steven Galgano 718-786-3550

4. SUBJECT: Shunt fees.
   1) Reason: Installation of shunts is currently not regulated.
   2) Anticipated contents: Adding the permit or activity of "Install shunt", including a $50 fee, a 60-day timeframe with one allowable renewal, and defining the permit area to one shunt per permit.
   3) Objective: To add a permit activity fee for a previously unregulated activity.
   4) Legal basis: Section 2903 (b) of the New York City Charter
   5) Types of individuals and entities likely to be affected: Utility companies, contractors, construction companies, and electricians conducting work on City streets and attaching to City equipment.
   6) Other relevant law: None.
   7) Approximate schedule: First Quarter FY 2008.

Agency Contact: Steven Galgano – 718-786-3550

5. SUBJECT: Street light and power.
   1) Reason: Presently, the rules governing electric, electrical safety and electrical jurisdiction on the City streets, outside of Department of Buildings' jurisdiction, are limited or non-existent.
   2) Anticipated contents: Requirements and standards for electrical connections and equipment.
   3) Objective: To provide a clear and concise summary of the Department's jurisdiction, requirements and needs regarding electric installations on the City's streets.
   4) Legal basis: Section 2903 (b) of the New York City Charter.
   5) Types of individuals and entities likely to be affected: Utility companies, contractors, construction companies, and electricians conducting work on City streets and attaching to City equipment; construction companies who damage city electrical equipment, etc.
   6) Other relevant law: Possibly Department of Buildings' electrical code.
   7) Approximate schedule: First Quarter FY 2008.

Agency Contact: Steven Galgano – 718-786-3550

6. SUBJECT: Amendments to the Truck Route Network
   1) Reason: To revise and modify regulations and clarify definitions and designations specified in section 4-13 of the Traffic Rules regarding the City's truck route network.
   2) Anticipated contents: The rules will modify local truck routes in all five boroughs and modify or eliminate limited restriction zones in Manhattan.
   3) Objective: To designate appropriate truck routes in the City of New York.
   4) Legal basis: Section 2903 of the New York City Charter.
   5) Types of individuals and entities likely to be affected: All trucks engaged in delivery and defined as having two axles, six tires or three or more axles.
   6) Other relevant law: None.
   7) Approximate schedule: Fourth Quarter FY 2008.

Agency Contact: David Stein 212-442-7173

7. SUBJECT: Amendments to limitations upon dimensions and weights of vehicles.
   1) Reason: To revise and modify regulations and clarify definitions and designations specified in section 4-15 of the Traffic Rules regarding the weight and dimensions of vehicles.
   2) Anticipated contents: The rules will amend language regarding permissible vehicle size within the City of New York.
   3) Objective: To clarify information regarding overall dimensions of vehicles.
   4) Legal basis: Section 2903 of the New York City Charter.
   5) Types of individuals and entities likely to be affected: All trucks engaged in delivery and defined as having two axles, six tires or three or more axles.
   6) Other relevant law: None.
   7) Approximate schedule: Fourth Quarter FY 2008.

Agency Contact: David Stein 212-442-7173

8. SUBJECT: Regulating the content, size and manner of display of bicycle safety posters placed in businesses engaged in delivering items by bicycle.
   1. Reason: To implement the requirements in amendments to Section 10-157.1 of the New York City Administrative Code.
   2. Anticipated contents: The rule will govern the content, size and manner of display of a safety poster that must be posted in businesses engaged in delivering items by bicycle.
   3. Objective: To implement the requirements in amendments to Section 10-157.1 of the New York City Administrative Code.
   4. Legal basis: Section 2903(a) of the New York City Charter.

5. Types of individuals and entities likely to be subject to the proposed rule: Business owners and bicycle operators employed by them engaged in delivering items by bicycle.

6. Other relevant law: Section 10-157.1 of the Administrative Code.

7. Approximate schedule: First quarter of FY 2008

Contact person: Joshua Benson Telephone: 212-442-9890

9. SUBJECT: Permit Motorcycles and Hybrid Vehicles to use Designated HOV Lanes

1) Reason: To allow motorcycles and motor vehicles with hybrid electric powerplants to use highway facilities currently reserved for vehicles carrying two or more (HOV-2) or three or more (HOV-3) passengers, including the driver.

2) Anticipated contents: Rule will permit all motorcycles and registered or permitted hybrid automobiles to travel on HOV lanes with one or more occupants. This rule will expire in five years, unless renewed.

3) Objective: To provide an incentive, in the form of reduced delay on congested roadways, for drivers to make use of hybrid vehicles, which are more energy-efficient and, in many cases, have lower emissions than conventional automobiles.

4) Legal basis: Section 2903 of the New York City Charter.

5) Types of individuals and entities likely to be affected: Motorcycle and hybrid vehicle users. HOV drivers and occupants, bus passengers.

6) Other relevant law: none.

7) Approximate schedule: Second Quarter FY 2008.

Agency Contact: Steve Weber 212-442-7458

10. SUBJECT: To ban multi-wheeled passenger bicycles from operating on the streets of New York City.

1) Reason: To ban the operation of multi-wheeled passenger bicycles from operating on the streets of New York City.

2) Anticipated contents: Rule would ban the operation of multi-wheeled passenger bicycles on the streets, bridges and tunnels of New York City.

3) Objective: Such devices pose a risk to the safe flow of traffic, especially in heavily congested areas.

4) Legal basis: Section 2903(a) of the New York City Charter.

5) Types of individuals and entities likely to be affected: General public and companies who rent multi-wheeled passenger bicycles.

6) Other relevant law: None

7) Approximate schedule: First Quarter FY 2008

Agency Contact: Michael Primeggia 718-433-3370

DIVISION OF THE STATEN ISLAND FERRY

11. SUBJECT: Establishing Time, Place and Manner Regulations of Public Performances and Public Speaking, Literature Distribution, and Solicitation on the Staten Island Ferry Terminals and Vessels

1) Reason: To establish a rule for the regulation of performances, literature distribution, public speaking and solicitation in the terminals and on the vessels.

2) Anticipated contents: Preventing permittees from interfering with passenger flow, blocking access to stairways, doorways, or the gateways to ferry slips, requiring that posters, banners or flyers cannot be affixed to any surfaces, and requiring that resultant litter resulting from such activity must be removed.

3) Objective: To clarify the process for obtaining permits from the Staten Island Ferry to use the facilities and/or the vessels.

4) Legal basis: Section 2903 (c) of the New York City Charter.

5) Types of individuals and entities likely to be affected: Entertainers, public speakers, film companies, and photographers.

6) Other relevant law: None.

7) Approximate schedule: Second Quarter FY 2008.

Agency Contact: Keith Bray 718-876-8729

12. SUBJECT: Enforcement of Rules of Conduct

1) Reason: To clarify the enforcement process for the Ferry Rules of Conduct

2) Anticipated contents: Clarification of the enforcement procedures.

3) Objective: To obtain compliance with the Rules of Conduct in the terminals and on the ferry boats.

4) Legal basis: Section 2903(c) of the New York City Charter.

5) Types of individuals and entities likely to be affected: General public.

6) Other relevant law: None.

7) Approximate schedule: Second Quarter FY 2008.

Agency Contact: Keith Bray 718-876-8729

DIVISION OF BRIDGES

13. SUBJECT: To amend the fees charged for single use permits for super sized vehicles.

1) Reason: The administrative fees charged for supersized permits no longer reflect the costs incurred to provide the permits.

2) Anticipated contents: To amend the $25.00 administrative fee charged for these permits.

3) Objective: To cover the costs of issuing these permits.

4) Legal basis: Section 2903(a) of the New York City Charter.

5) Types of individuals and entities likely to be affected: The trucking industry, private utilities, individual trucking companies and crane operators who bring in oversized and super-sized vehicles and cranes to the City.

6) Other relevant law: None

7) Approximate schedule: Third Quarter FY 2008

Agency Contact: Dorothy Roses - 212 788-2105

14. SUBJECT: To add a new rule governing the towing of utility poles.

1) Reason: The towing of utility poles represents a danger to the traveling public due to the restricted/limited visibility of the poles given their dimensions. This rule would require that these poles and the towing vehicles be marked so as to increase visibility.

2) Anticipated contents: The rule change would require that: all utility pole transportation must include a towing vehicle and a chase vehicle; both the towing vehicle and the chase vehicle must have amber revolving lights visible from at least 1,000 feet; amber revolving, and strobe lights must be placed on the poles at a spacing of every 15 feet; an amber revolving light must be mounted atop the rear of the pole; a light bar indicating braking and turning movements must be affixed to the rear of the pole and must include two standard orange flags as well as reflective stripping; both the towing vehicle and the chase vehicle must be equipped with signs indicating "Oversized Load", with these signs being affixed to the front of the towing vehicle and the rear of the chase vehicle.

3) Objective: To ensure the continued safety of the traveling public.

4) Legal basis: Section 2903 of the New York City Charter.

5) Types of individuals and entities likely to be affected: Private utility companies and trucking companies that transport utility poles.

6) Other relevant law: None

7) Approximate schedule: Third Quarter FY 2008.

Agency Contact: Dorothy Roses 212-788-2105

15. SUBJECT: Enforcement Procedures for Single Use Overdimensional Vehicle Permits.

1) Reason: To clarify single-use permit process for overdimensional vehicles.

2) Anticipated contents: Stating that single-use, overdimensional permits will be rendered null and void for failure to comply with permit conditions.

3) Objective: Making single-use permit process for overdimensional vehicles consistent with process for overweight vehicles.

4) Legal basis: Section 2903(b) of the New York City Charter.

5) Types of individuals and entities likely to be affected: Permittees applying for single-use permits.

6) Other relevant law: None

7) Approximate schedule: Third Quarter FY 2008

Agency Contact: Dorothy Roses 212-788-2105

DIVISION OF ADMINISTRATIVE SERVICES

16. SUBJECT: Increasing Current Fees for Corrective Action Requests (CARS).

1) Reason: The administrative fees charged in section 2-03 of the Highway Rules no longer reflect administrative and labor costs incurred in performing the required inspections pursuant to corrective action requests.

2) Anticipated contents: The rule would raise the $20.00 administrative fee charged for the Department's inspection pursuant to a corrective action request.

3) Objective: To cover the costs of performing the necessary inspections pursuant to a corrective action request.

4) Legal basis: Section 2903(b) of the New York City Charter.

5) Types of individuals and entities likely to be affected: All permittees.

6) Other relevant law: None.

7) Approximate schedule: First Quarter FY 2008.

Agency Contact: Vincent Maniscalco 212-442-7957

MISCELLANEOUS PROVISION

17. SUBJECT: Adjudications

1) Reason: This rule is already addressed in section 6-01, Title 34 of the Rules of the City of New York and therefore does not belong in DOT's Highway Rules.

2) Anticipated contents: Deletion of rule.

3) Objective: To remove a rule that does not belong in the Highway Rules.

4) Legal basis: Section 2903(b) of the New York City Charter

5) Types of individuals and entities likely to be affected: None.

6) Other relevant law: None

7) Approximate schedule: First Quarter FY 2008

READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council,** 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists--free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

PROCUREMENT POLICY BOARD RULES

The Rules may also be accessed on the City Website, http://NYC.GOV.Selltonyc

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

The presence of a quorum was announced by the Public Advocate (Ms. Gotbaum).

There were 48 Council Members present at this Meeting (including Council Member Ignizio). Council Member Ignizio was originally not included in the opening Roll Call for Attendance but was sworn-in at a later point during this Meeting, was duly marked as present and allowed to vote

Editor's Note: There is presently still one vacancy in the Council (40th Council District, Brooklyn) pending the certification of the results of a second Special Election to be held on April 24, 2007 in that district.

INVOCATION

The Invocation was delivered by Council Member Reverend Larry Seabrook.

Council Member Arroyo moved to spread the Invocation in full upon the Record.

At this point, the Speaker (Council Member Quinn) asked for a Moment of Silence in memory of the following individuals:

Army Staff Sgt. Pedro Colon, 25 who was killed on February 19, 2007 when his unit came under attack by enemy forces in Baghdad while on his second your of duty in Iraq. Although the Army originally announced his hometown as Cicero, Illinois, Pedro was actually from the Bronx where his father and sister still reside. Despite many personal hardships, Pedro obtained his high school diploma and in August 2001, he enlisted in the United States Army. Sgt. Colon was posthumously awarded a Purple Heart, a Bronze Star and an Army Commendation Medal. He is survived by his father, Pedro & his younger sister Alexandra.

Army Specialist Michael Rivera, 22 of Sunset Park, Brooklyn (CM Gonzalez's district) who was killed in Baghdad on March 7, 2007 when an improvised explosive device detonated near his vehicle during combat operations. Specialist Rivera attended John Jay High School & enlisted in 2004. While stationed in Korea, Michael met his wife & they were the proud parents of a 6-month-old daughter. Along with his wife and his daughter, Specialist Michael Rivera leaves behind his mother, father, brother and two sisters.

Former Council Member Howard Lasher, 62, who passed away this past weekend after a long illness. Council Member Lasher served in this body from January 1994 through December 2001 and represented the 47th District in Brooklyn. He previously served in the Assembly from 1972 – 1993. At the Council, he chaired the Task Force on Insurance Issues and served on many committees including Aging, Consumer Affairs, Civil Service and Labor and State and Federal Legislation. He is survived by his wife Susan and sons and daughters.

Jeannette Gadson, 61, who was the first African American woman to hold the office of Brooklyn Deputy Borough President (1993-2001), died on February 13, 2007 after a short battle with lung cancer. At the time of her passing Jeannette was the Brooklyn Democratic Commissioner of the Board of Elections. In every thing she did Jeannette Gadson dedicated her life to the betterment of all the people of Brooklyn.

The Speaker (Council Member Quinn) also asked that the following individuals be kept in our thoughts and prayers:

The surviving members of the two Malian immigrant families devastated by the tragic March 7, 2007 fire in the Highbridge section of the Bronx that took the lives of 10 individuals (nine children and one adult), in particular;

Mamadou Soumare who lost his wife and all 4 of his children who were living in the United States.

Moussa Magassa who lost five of his children. His wife and 2 daughters remain in the hospital.

REPORTS OF THE STANDING COMMITTEES

Report of the Committee on General Welfare

Report for Int. No. 501-A

Report of the Committee on General Welfare in favor of approving and adopting, as amended, a Local Law to amend the administrative code of the city of New York, in relation to domestic partnerships.

The Committee on General Welfare to which was referred on February 1, 2007 (Minutes, page 208) the annexed amended proposed local law respectfully

REPORTS:

The Committee on General Welfare will meet on Wednesday, March 14, 2007 to consider Proposed Int. No. 501-A, which would amend the New York City Administrative Code to ensure parity in the provision of City benefits between married couples and domestic partners both now and in the future, by explicitly providing that any benefit or service provided by the City to married persons would be available to domestic partners. A hearing on a prior version of this bill was held by the Committee on March 1, 2007.

BACKGROUND

In the late 1980s and early 1990s, Mayoral Executive Orders in New York City established a procedure for City residents to register domestic partnerships in the Office of the City Clerk, as well as several rights for domestic partners. In 1998, the Council enacted the provisions of those Orders into local law, and amended the New York City Charter and Administrative Code to extend to domestic partners rights that were previously only available to married persons. Specifically, the 1998 law required the City Clerk to issue a certificate of domestic partnership registration to qualified applicants. Persons who meet the following requirements may register domestic partnerships in New York City:[1]

Either both persons are NYC residents or at least one person is employed by the city of New York on the date of registration;

Both persons are eighteen years of age or older;

Neither of the persons is married or related by blood in a manner that would bar his or her marriage in New York State;

The persons have a close and committed personal relationship, live together and have been living together on a continuous basis;[2]

Neither of them is currently a party to another domestic partnership or has been registered as a member of another domestic partnership within the last six months.[3]

In 2005, 3,066 couples (2,251 opposite sex couples and 814 same sex couples) registered for domestic partnership certificates in New York City.[4]

A certificate of domestic partnership registration constitutes notice of domestic partnership when registered persons apply for rights or benefits.[5] Local Law 27 of 1998 sets forth several of the benefits available to domestic partners, which include: bereavement leave and child care leave for city employees;[6] visitation in city correctional and juvenile detention facilities;[7] visitation in New York City health and hospitals corporation facilities;[8] eligibility to qualify as a family member for housing purposes in New York City Housing Authority and the Department of Housing Preservation and Development housing;[9] and health benefits provided to city employees and retirees and their families, pursuant to stipulation or collective bargaining.[10]

In 2002, the City modified the definition of domestic partners by including in the definition "domestic partners" those who lawfully entered into a marriage, domestic partnership, or civil union in another jurisdiction.[11] Accordingly, a certificate of domestic partnership, marriage, or civil union issued by another jurisdiction constitutes proof of entitlement to the rights and benefits available to domestic partners in New York City.[12]

The Council has continued to ensure that domestic partners are treated equally to married couples. For example, the Department of Homeless Services' ("DHS") policy regarding domestic partners and their eligibility for family shelter has changed several times in recent years.[13] As of January 2001, two adults who were legally registered domestic partners, with or without children belonging to either of the adults, qualified as a family unit.[14] In April 2003, DHS changed its policy for domestic partners by requiring all couples with a domestic partnership certificate to also present two forms of documentation proving six months of prior interdependence and co-habitation.[15] DHS further modified its policy in January 2006, by effectively eliminating the interdependence and co-habitation documentation requirement for same sex domestic partners, but maintaining the interdependence and co-habitation documentation requirement for opposite sex domestic partners.[16] In response to these changes, on June 14, 2006, the Committee on General Welfare held a hearing to consider Int. No. 198, a proposed law sponsored by Council Member Maria Baez, which would ensure that adults who have a domestic partnership recognized under New York City law are eligible for shelter as a family. On February 1, 2007, DHS implemented a program that treats all domestic partners who have a certificate as a family unit for purposes of eligibility for family shelter and eliminates any additional documentation requirements for both same sex and opposite sex couples.[17]

Proposed Int. No. 501-A would legally require all City agencies to treat domestic partners and married couples equally with regard to eligibility for benefits. It would guarantee that New Yorkers who are in domestic partnerships receive any and all protections that the City offers to married couples in the future. The legislation is proactive, as it would prevent future City governments from denying to domestic partners new benefits or services the City offers to married couples. As a result, each time a new City benefit or service is available, domestic partners would automatically be entitled to equal access.

ANALYSIS

Proposed Int. No. 501-A would amend the administrative code by adding a new section 3-244, which would ensure that "any benefit or service directly provided by the city of New York to persons based on spousal relationship shall be available to persons who are domestic partners." The proposed bill would apply to couples who are registered domestic partners under section 3-244 of the Administrative Code, as well as those in a relationship recognized as a domestic partnership under section 3-245 of the Administrative Code. For those applying for City benefits and services, "a certificate of domestic partnership or its equivalent as recognized pursuant to section 3-245 of the administrative code constitutes sufficient proof of domestic partnership." In addition, the bill would require that, within 90 days of its enactment, the administration report to the City Council any City benefits that are provided to married persons but not to domestic partners, and the reasons why such services are not provided.

EFFECTIVE DATE

This Local Law would take effect thirty days after its enactment.

By Council Members Baez, the Speaker (Council Member Quinn), Mendez, de Blasio, Avella, Brewer, Dickens, James, Katz, Koppell, Lappin, Liu, Mark-Viverito, Palma, Weprin, Gerson, Garodnick, Gonzalez, White, Sears, Monserrate and The Public Advocate (Ms. Gotbaum)

A Local Law to amend the administrative code of the city of New York, in relation to domestic partnerships.

Be it enacted by the Council as follows:

Section 1. Chapter 2 of title 3 of the administrative code of the city of New York is amended to add a new section 3-244 to read as follows:

§3-244 Certificate of domestic partnership registration.

a. Issuance of certificate of domestic partnership registration. The city clerk shall issue a certificate of domestic partnership registration to persons who have registered pursuant to this subchapter. Such a certificate shall constitute notice of a registered domestic partnership when persons apply for rights or benefits available to domestic partners, including but not limited to:

[a.] *1.* Bereavement leave and child care leave of absence for city employees;

[b.] *2.* Visitation in city correctional and juvenile detention facilities;

[c.] *3.* Visitation in facilities operated by the New York City health and hospitals corporation;

[d.] *4.* Eligibility to qualify as a family member to be added by the New York City housing authority to an existing tenancy as a permanent resident;

[e.] *5.* Eligibility to qualify as a family member entitled to succeed to the tenancy or occupancy rights of a tenant or cooperator in buildings supervised by or under the jurisdiction of the department of housing preservation and development;

[f.] *6.* Health benefits provided by the city to city employees and retirees and eligible members of their families, pursuant to stipulation or collective bargaining;

[g.] *7.* Such other rights or benefits as may be established pursuant to applicable law.

b. Access to city benefits and services.

1. To the extent permitted by state and federal law, any benefit or service directly provided by the city of New York to persons based on spousal relationship shall be available to persons who are domestic partners pursuant to section 3-244 of the administrative code or in a relationship recognized as a domestic partnership pursuant to section 3-245 of the administrative code. For any person applying for such benefits or services, a certificate of domestic partnership registration or its equivalent as recognized pursuant to section 3-245 of the administrative code constitutes sufficient proof of domestic partnership.

2. Within 90 days of the effective date of the local law that added this subdivision, the administration shall furnish a report to the council that sets forth any benefit or service provided directly by the city that is available to persons based on spousal relationship and is not available to domestic partners on the same basis, and the reasons for why such benefits or services are not provided to such persons.

§ 2. If any subdivision, sentence, clause, phrase or other portion of the local law that added this subdivision is, for any reason, declared unconstitutional or invalid, in whole or in part, by any court of competent jurisdiction, such portion shall be deemed severable and such unconstitutionality or invalidity shall not affect the validity of the remaining portions of the local law that added this subdivision, which remaining portions shall remain in full force and effect.

§ 3. This local law shall take effect thirty days after its enactment.

Report of the Committee on Health

Report for Int. No. 517

Report of the Committee on Health in favor of approving and adopting a Local Law to amend the administrative code of the City of New York, in relation to prohibiting the use of artificial trans fats by food service establishments and mobile food unit commissaries.

The Committee on Health to which was referred on February 1, 2007 (Minutes, page 243) the annexed proposed local law respectfully

REPORTS:

INTRODUCTION

On March 14, 2007, the Committee on Health, chaired by Council Member Joel Rivera, will hold a hearing on Int. No. 517, a local law that would amend the Administrative Code of the City of New York, in relation to prohibiting the use of artificial trans fats by food service establishments and mobile food unit commissaries. The Committee heard testimony on this bill at a hearing on March 1, 2007.

BACKGROUND

Trans fatty acids, or trans fats, are "unsaturated fatty acids that contain at least one double bond in the trans configuration."[1] These fats are formed when hydrogen is added to vegetable oils to make the oils more solid.[2] Trans fats come primarily from partially hydrogenated vegetable oils, stick and hard shortenings and margarine.[3] They also occur naturally in small amounts in some meat and dairy products.[4] Trans fats are typically found in baked goods such as cookies, pastries and donuts, fried foods like French fries, and other snack foods.[5] Food manufacturers and preparers like to use trans fats because they lengthen shelf life and may add to the taste, texture and appearance of food.[6]

Although some food service establishments (FSEs) may prefer to use products containing trans fats, the United States Departments of Agriculture (USDA) and Health and Human Services (HHS) recommend that an individual's dietary intake of trans fat be "as low as possible,"[7] and the American Heart Association recommends that trans fat intake be less than 1 percent of energy intake.[8] Health experts discourage the consumption of foods containing trans fats because such fats have a number of negative effects on the body. Most prominently, trans fat intake elevates LDL ("bad") cholesterol and decreases HDL ("good") cholesterol,[9] which can increase the clogging of arteries and the risk of stroke and heart disease.[10] Heart disease is the leading cause of death in New York City, killing almost 23,000 people in 2005.[11]

The contents of the food served in FSEs is important because Americans consume so much of their total food intake at such establishments. Americans spend almost half of their food dollars on food prepared outside their homes.[12] Moreover, the average American consumes one-third of trans fat intake from restaurant foods.[13] Surveys conducted by DOHMH determined that approximately 50 percent of FSEs where product content could be determined used trans fat in preparing food items.[14]

Healthy alternatives to trans fat are available. Such alternatives include mono and polyunsaturated vegetable oils that have not been hydrogenated such as canola, corn and olive oils.[15] Oils made from soybeans, safflowers and sunflowers can also be trans fat free.[16] Furthermore, the supply and availability of trans fat free products is increasing as a result of greater demand.[17]

INT. NO. 517

Section 1 of Int. No. 517 would set forth the legislative findings and intent. The legislative intent would state that a significant portion of trans fat comes from food purchased at food service establishments and mobile food unit commissaries and, thus, the purchase of such food contributes to cardiovascular risk in New York City. This section would also state that the USDA recommends that dietary intake of trans fat be "as low as possible." This section would note that the New York City Board of Health added Section 81.50 to the Health Code on December 5, 2006. This provision restricts the use of artificial trans fat in food service establishments and mobile food unit commissaries regulated by DOHMH. The legislative findings and intent would conclude that the presence of artificial trans fat in food prepared in food service establishments and mobile food unit commissaries poses a threat to the public health.

Thus, Council finds it warranted to incorporate the ban on artificial trans fat into the Administrative Code.

Section 2 of Int. No. 517 would amend Chapter 1 of Title 17 of the Administrative Code by adding a new section 17-192. Subdivision (a) of new section 17-192 would define "artificial trans fat," "food service establishment" and "mobile food unit commissary" as those terms are defined by sections 81.08, 81.03, and 89.01, or any successor provisions, of the New York City Health Code.

Subdivision (b) of new section 17-192 would prohibit foods containing artificial trans fat from being stored, distributed, held for service, used in preparation of any menu item or served by any food service establishment or by any mobile food unit commissary. This provision would not apply to food that is served directly to patrons in a manufacturer's original sealed package.

Subdivision (c) of new section 17-192 would allow DOHMH to promulgate rules to implement section 17-192.

Finally, Section 3 of Int. No. 517 would make the local law effective on July 1, 2007 with respect to oils, shortenings and margarines containing artificial trans fat that are used for frying or in spreads; and effective on July 1, 2008 with respect to oils or shortenings used for deep frying of yeast dough or cake batter, and for all other foods containing artificial trans fat.

COMMITTEE RECOMMENDATION & ACTION:

DATE: March 8, 2007

The Committee recommends that the Council approve the attached resolution and thereby approve the decision of the City Planning Commission.

In connection herewith, Council Members Katz and Avella offered the following resolution:

Res. No. 753

Resolution approving the decision of the City Planning Commission on ULURP No. C 070079 ZMQ, a Zoning Map change (L.U. No. 309).

By Council Members Katz and Avella.

Whereas, the City Planning Commission filed with the Council on February 14, 2007 its decision dated February 7, 2007 (the "Decision"), on the application submitted by the Dermot QFC LLC and the Economic Development Corporation, pursuant to Sections 197-c and 201 of the New York City Charter, for an amendment to the Zoning Map (ULURP No. C 070079 ZMQ) (the "Application");

Whereas, the Application is related to ULURP Applications Numbers C 070080 PPQ (L.U. No. 310), disposition of two city-owned properties pursuant to zoning; C 070081 ZSQ (L.U. No. 311), a special permit pursuant to Section 74-52 of the Zoning Resolution to allow for a 500-space, below grade public parking garage; and C 070082 ZSQ (L.U. No. 312), a special permit to permit the modification of street wall and setback regulations pursuant to Section 74-743(a)2, to permit the location of business entry and show windows within 75 feet of a residential district boundary pursuant to Section 74-743(a)3, to permit the location of commercial uses on the same floors as residential use pursuant to Section 74-744(b), and to permit the location of signage within 75 feet of a residential district boundary pursuant to Section 74-744(c);

Whereas, the Decision is subject to review and action by the Council pursuant to Section 197-d(b)(1) of the City Charter;

Whereas, upon due notice, the Council held a public hearing on the Decision and Application on March 6, 2007;

Whereas, the Council has considered the land use implications and other policy issues relating to the Decision and Application; and

Whereas, the Council has considered the relevant environmental issues and the Negative Declaration, issued on September 19, 2006 (CEQR No. 06DME014Q);

Resolved:

The Council finds that the action described herein will have no significant effect on the environment.

Pursuant to Sections 197-d and 200 of the City Charter and on the basis of the Decision and Application, the Council approves the Decision.

The Zoning Resolution of the City of New York, effective as of December 15, 1961, and as subsequently amended, is further amended by changing the Zoning Map, Section No. 14d:

1) changing from an R6 District to a C4-5X District property bounded by a line midway between 89th Avenue and 90th Avenue/Rufus King Avenue , a line 150 feet southwesterly of Parsons Boulevard, 90th Avenue/Rufus King Avenue, and a line 125 feet northeasterly of 153rd Street; and

Whereas, the City Planning Commission filed with the Council on February 14, 2007 its decision dated February 7, 2007 (the "Decision") on the application submitted pursuant to Section 197-c of the New York City Charter by the Department of Citywide Administrative Services, for the disposition of two (2) city-owned properties pursuant to zoning, located at 89-14 Parsons Boulevard (Block 9755/Lot 31) and 153-15 90th Avenue (Block 9755/Lot 59), Community District 12, Borough of Queens (ULURP No. C 070080 PPQ) (the "Application");

Whereas, the Application is related to ULURP Applications Numbers C 070079 ZMQ (L.U. No. 309), an amendment to the Zoning Map, changing from C4-2 and R6 districts to a C4-5X district; C 070081 ZSQ (L.U. No. 311), a special permit pursuant to Section 74-52 of the Zoning Resolution to allow for a 500-space, below grade public parking garage; and C 070082 ZSQ (L.U. No. 312), a special permit to permit the modification of street wall and setback regulations pursuant to Section 74-743(a)2, to permit the location of business entry and show windows within 75 feet of a residential district boundary pursuant to Section 74-743(a)3, to permit the location of commercial uses on the same floors as residential use pursuant to Section 74-744(b), and to permit the location of signage within 75 feet of a residential district boundary pursuant to Section 74-744(c);

Whereas, the Decision is subject to review and action by the Council pursuant to Section 197-d(b)(3) of the City Charter;

Whereas, upon due notice, the Council held a public hearing on the Decision and Application on March 6, 2007; and

Whereas, the Council has considered the land use implications and other policy issues relating to the Decision and Application;

Whereas, the Council has considered the relevant environmental issues and the Negative Declaration, issued on September 19, 2006 (CEQR No. 06DME014Q);

Resolved:

The Council finds that the action described herein will have no significant effect on the environment.

Pursuant to Section 197-d of the City Charter and on the basis of the Application and the Decision the Council approves the Decision.

HPD requests that the Council:

1. Find that the present status of the Disposition Areas tends to impair or arrest the sound growth and development of the municipality and that the proposed Urban Development Action Area Project is consistent with the policy and purposes of Section 691 of the General Municipal Law;

2. Waive the area designation requirement of Section 693 of the General Municipal Law pursuant to said Section;

3. Waive the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law;

4. Approve the projects as Urban Development Action Area Projects pursuant to Section 694 of the General Municipal Law; and

5. Approve an exemption of the projects from real property taxes pursuant to Section 696 of the General Municipal Law for L.U. Nos. 324-329, 337 and 362.

Report Summary:

COMMITTEE RECOMMENDATION & ACTION:

DATE: March 8, 2007

The Committee recommends that the Council approve the attached resolution and thereby approve the proposals, grant the requests made by the Department of Housing Preservation and Development, and make the findings required by Article 16 of the General Municipal Law.

In connection herewith, Council Members Katz and Garodnick offered the following resolution:

Res. No. 757

Resolution approving an Urban Development Action Area Project located at 187 Eldert Street (Block 3411/Lott 55), 202 Wilson Avenue (Block 3256/Lot 26), 248 Cornelia Street (Block 3384/Lot 12), 302 Harman Street (Block 3289/Lot 14), 309 Schaffer Street (Block 3425/Lot 62), 565 Wilson Avenue (Block 3412/Lot 2), 572 Wilson Avenue, aka 209 Covert Street (Block 3417/Lot 32), 588 Wilson Avenue (Block 3423/Lot 43), 708 Knickerbocker Avenue (Block 3384/Lot 35), 784 Knickerbocker Avenue, aka 1254-64 Halsey Street (Block 3412/Lot 33), 818 Knickerbocker Avenue (Block 3418/Lot 33), and 1241 Halsey Street (Block 3406/Lot 52), Brooklyn, and waiving the urban development action area designation requirement and the Uniform Land Use Review Procedure, pursuant to Sections 693 and 694 of the General Municipal Law (L.U. No. 323; 20075129 HAK).

By Council Members Katz and Garodnick

Whereas, the New York City Department of Housing Preservation and Development ("HPD") submitted to the Council on November 1, 2006 its request dated October 10, 2006 that the Council take the following actions regarding an Urban Development Action Area Project (the "Project") located at 187 Eldert Street (Block 3411/Lot 55), 202 Wilson Avenue (Block 3256/Lot 26), 248 Cornelia Street (Block 3384/Lot 12), 302 Harman Street (Block 3289/Lot 14), 309 Schaeffer Street (Block 3425/Lot 62), 565 Wilson Avenue (Block 3412/Lot 2), 572 Wilson Avenue, aka 209 Covert Street (Block 3417/Lot 32), 588 Wilson Avenue (Block 3423/Lot 43), 708 Knickerbocker Avenue (Block 3384/Lot 35),784 Knickerbocker Avenue, aka 1254-64 Halsey Street (Block 3412/Lot 30), 818 Knickerbocker Avenue (Block 3418/Lot 33), and 1241 Halsey Street (Block 3406/Lot 52), Community District 4, Borough of Brooklyn (the "Disposition Area"):

1. Find that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the municipality and that the proposed Urban Development Action Area Project is consistent with the policy and purposes of Section 691 of the General Municipal Law;

2. Waive the area designation requirement of Section 693 of the General Municipal Law pursuant to said Section;

3. Waive the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law; and

4. Approve the Project as an Urban Development Action Area Project pursuant to Section 694 of the General Municipal Law.

Whereas, the Project is to be developed on land that is now an eligible area as defined in Section 692 of the General Municipal Law, consists solely of the rehabilitation or conservation of existing private or multiple dwellings or the construction of one to four unit dwellings, and does not require any change in land use permitted under the New York City Zoning Resolution;

Whereas, upon due notice, the Council held a public hearing on the Project on March 7, 2007;

Whereas, the Council has considered the land use implications and other policy issues relating to the Project;

Resolved:

The Council finds that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the City of New York and that a designation of the Project as an urban development action area project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law.

The Council waives the area designation requirement of the Disposition Area as an urban development action area under Section 693 of the General Municipal Law pursuant to said Section.

The Council waives the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law.

The Council approves the Project as an urban development action area project pursuant to Section 694 of the General Municipal Law.

The Project shall be disposed of and developed upon the terms and conditions in the Project Summary that HPD has submitted to the Council, a copy of which is attached hereto.

4. Approve the Project as an Urban Development Action Area Project pursuant to Section 694 of the General Municipal Law; and

5. Approve the exemption of the Project from real property taxes pursuant to Section 696 of the General Municipal Law (the "Tax Exemption").

Whereas, the Project is to be developed on land that is now an eligible area as defined in Section 692 of the General Municipal Law, consists solely of the rehabilitation or conservation of existing private or multiple dwellings or the construction of one to four unit dwellings, and does not require any change in land use permitted under the New York City Zoning Resolution;

Whereas, upon due notice, the Council held a public hearing on the Project on March 7, 2007;

Whereas, the Council has considered the land use and financial implications and other policy issues relating to the Project;

Resolved:

The Council finds that the present status of the Exemption Area tends to impair or arrest the sound growth and development of the City of New York and that a designation of the Project as an urban development action area project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law.

The Council waives the area designation requirement pursuant to Section 693 of the General Municipal Law.

The Council waives the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law.

The Council approves the Project as an urban development action area project pursuant to Section 694 of the General Municipal Law.

The Project shall be developed in a manner consistent with the Project Summary that HPD has submitted to the Council, a copy of which is attached hereto.

The exemption of the Project from real property taxes pursuant to Section 696 of the General Municipal Law is approved as follows:

a. All of the value of the buildings, structures, and other improvements situated on the Exemption Area shall be exempt from local and municipal taxes, other than assessments for local improvements and land value, for a period of twenty years commencing on the July 1st following the date of issuance of the first temporary or permanent Certificate of Occupancy for a building located on the Exemption Area, during the last ten years of which such exemption shall decrease in equal annual decrements.

b. The partial tax exemption granted hereunder shall terminate with respect to all or any portion of the Exemption Area if the Department of Housing Preservation and Development determines that such real property has not been, or is not being, developed, used, and/or operated in compliance with the requirements of all applicable agreements made by the Sponsor or the owner of such real property with, or for the benefit of, the City of New York or the United States Department of Housing and Urban Development. The Department of Housing Preservation and Development shall deliver written notice of any such determination of noncompliance to the owner of such real property and all mortgagees of record, which notice shall provide for an opportunity to cure of not less than ninety (90) days. If the noncompliance specified in such notice is not cured within the time period specified therein, the partial tax exemption granted hereunder shall prospectively terminate with respect to the real property specified therein.

REPORTS:

(For text of the report, please see the Report of the Committee on Land Use for L.U. No. 323 printed in these Minutes.)

Accordingly, Your Committee recommends its adoption.

In connection herewith, Council Members Katz and Garodnick offered the following resolution:

Res. No. 762

Resolution approving an Urban Development Action Area Project located at 39 Hopkinson Avenue (Block 1503/Lot 5) and 400 Chauncey Street (Block 1515/Lot 17), Brooklyn, and waiving the urban development action area designation requirement and the Uniform Land Use Review Procedure, pursuant to Sections 693 and 694 of the General Municipal Law (L.U. No. 328; 20075134 HAK).

By Council Members Katz and Garodnick

Whereas, the New York City Department of Housing Preservation and Development ("HPD") submitted to the Council on November 1, 2006 its request dated October 10, 2006 that the Council take the following actions regarding the following Urban Development Action Area Project (the "Project") located at 39 Hopkinson Avenue (Block 1503/Lot 5) and 400 Chauncey Street (Block 1515/Lot 17), Community District 16, Borough of Brooklyn (the "Exemption Area"):

1. Find that the present status of the Exemption Area tends to impair or arrest the sound growth and development of the municipality and that the proposed Urban Development Action Area Project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law;

2. Waive the area designation requirement of Section 693 of the General Municipal Law pursuant to said Section;

3. Waive the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law;

4. Approve the Project as an Urban Development Action Area Project pursuant to Section 694 of the General Municipal Law; and

5. Approve the exemption of the Project from real property taxes pursuant to Section 696 of the General Municipal Law (the "Tax Exemption").

Whereas, the Project is to be developed on land that is now an eligible area as defined in Section 692 of the General Municipal Law, consists solely of the rehabilitation or conservation of existing private or multiple dwellings or the construction of one to four unit dwellings, and does not require any change in land use permitted under the New York City Zoning Resolution;

Whereas, upon due notice, the Council held a public hearing on the Project on March 7, 2007;

Whereas, the Council has considered the land use and financial implications and other policy issues relating to the Project;

Resolved:

The Council finds that the present status of the Exemption Area tends to impair or arrest the sound growth and development of the City of New York and that a designation of the Project as an urban development action area project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law.

The Council waives the area designation requirement of the Exemption Area as an urban development action area under Section 693 of the General Municipal Law.

The Council waives the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law.

The Council approves the Project as an urban development action area project pursuant to Section 694 of the General Municipal Law.

The Project shall be developed in a manner consistent with the Project Summary that HPD has submitted to the Council, a copy of which is attached hereto.

The exemption of the Project from real property taxes pursuant to Section 696 of the General Municipal Law is approved as follows:

a. All of the value of the buildings, structures, and other improvements situated on the Exemption Area shall be exempt from local and municipal taxes, other than assessments for local improvements and land value, for a period of twenty years commencing on the July 1st following the date of issuance of the first temporary or permanent Certificate of Occupancy for a building located on the Exemption Area, during the last ten years of which such exemption shall decrease in equal annual decrements.

b. The partial tax exemption granted hereunder shall terminate with respect to all or any portion of the Exemption Area if the Department of Housing Preservation and Development determines that such real property has not been, or is not being, developed, used, and/or operated in compliance with the requirements of all applicable agreements made by the Sponsor or the owner of such real property with, or for the benefit of, the City of New York or the United States Department of Housing and Urban Development. The Department of Housing Preservation and Development shall deliver written notice of any such determination of noncompliance to the owner of such real property and all mortgagees of record, which notice shall provide for an opportunity to cure of not less than ninety (90) days. If the noncompliance specified in such notice is not cured within the time period specified therein, the partial tax exemption granted hereunder shall prospectively terminate with respect to the real property specified therein.

Report for L.U. No. 329

Report of the Committee on Land Use in favor of approving Application no. 20075135 HAK, an Urban Development Action Area Project known as Central Brooklyn (3), located in Community Boards 3, 8 and 16, Council District no. 41, Borough of Brooklyn.

The Committee on Land Use to which was referred on November 15, 2006 (Minutes, page 4878) the annexed Land Use resolution respectfully

REPORTS:

(For text of the report, please see the Report of the Committee on Land Use for L.U. No. 323 printed in these Minutes.)

Accordingly, Your Committee recommends its adoption.

In connection herewith, Council Members Katz and Garodnick offered the following resolution:

Res. No. 763

Resolution approving an Urban Development Action Area Project located at 1625 St. Johns Place (Block 1381/Lot 59), 1980 Strauss Street (Block 3537/Lot 36), 143 Rochester Avenue (Block 1356/Lot 2), 696 Decatur Street (Block 1506/Lot 30), 34 Buffalo Avenue (Block 1710/Lot 40), and 15 Kane Place (Block 1713/Lot 11), Brooklyn, and waiving the urban development action area designation requirement and the Uniform Land Use Review Procedure, pursuant to Sections 693 and 694 of the General Municipal Law (L.U. No. 329; 20075135 HAK).

By Council Members Katz and Garodnick

Whereas, the New York City Department of Housing Preservation and Development ("HPD") submitted to the Council on October 30, 2006 its request dated October 10, 2006 that the Council take the following actions regarding the following Urban Development Action Area Project (the "Project") located at 1625 St. Johns Place (Block 1381/Lot 59), 1980 Strauss Street (Block 3537/Lot 36), 143 Rochester Avenue (Block 1356/Lot 2), 696 Decatur Street (Block 1506/Lot 30), 34 Buffalo Avenue (Block 1710/Lot 40), and 15 Kane Place (Block 1713/Lot 11), Community Districts 3, 8, and 16, Borough of Brooklyn (the "Exemption Area"):

1. Find that the present status of the Exemption Area tends to impair or arrest the sound growth and development of the municipality and that the proposed Urban Development Action Area Project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law;

2. Waive the area designation requirement of Section 693 of the General Municipal Law pursuant to said Section;

3. Waive the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law;

4. Approve the Project as an Urban Development Action Area Project pursuant to Section 694 of the General Municipal Law; and

5. Approve the exemption of the Project from real property taxes pursuant to Section 696 of the General Municipal Law (the "Tax Exemption").

Whereas, the Project is to be developed on land that is now an eligible area as defined in Section 692 of the General Municipal Law, consists solely of the rehabilitation or conservation of existing private or multiple dwellings or the construction of one to four unit dwellings, and does not require any change in land use permitted under the New York City Zoning Resolution;

Whereas, upon due notice, the Council held a public hearing on the Project on March 7, 2007;

Whereas, the Council has considered the land use and financial implications and other policy issues relating to the Project;

Resolved:

The Council finds that the present status of the Exemption Area tends to impair or arrest the sound growth and development of the City of New York and that a designation of the Project as an urban development action area project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law.

The Council waives the area designation requirement pursuant to Section 693 of the General Municipal Law.

The Council waives the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law.

The Council approves the Project as an urban development action area project pursuant to Section 694 of the General Municipal Law.

The Project shall be developed in a manner consistent with the Project Summary that HPD has submitted to the Council, a copy of which is attached hereto.

The exemption of the Project from real property taxes pursuant to Section 696 of the General Municipal Law is approved as follows:

a. All of the value of the buildings, structures, and other improvements situated on the Exemption Area shall be exempt from local and municipal taxes, other than assessments for local improvements and land value, for a period of twenty years commencing on the July 1st following the date of issuance of the first temporary or permanent Certificate of Occupancy for a building located on the Exemption Area, during the last ten years of which such exemption shall decrease in equal annual decrements.

b. The partial tax exemption granted hereunder shall terminate with respect to all or any portion of the Exemption Area if the Department of Housing Preservation and Development determines that such real property has not been, or is not being, developed, used, and/or operated in compliance with the requirements of all applicable agreements made by the Sponsor or the owner of such real property with, or for the benefit of, the City of New York or the United States Department of Housing and Urban Development. The Department of Housing Preservation and Development shall deliver written notice of any such determination of noncompliance to the owner of such real property and all mortgagees of record, which notice shall provide for an opportunity to cure of not less than ninety (90) days. If the noncompliance specified in such notice is not cured within the time period specified therein, the partial tax exemption granted hereunder shall prospectively terminate with respect to the real property specified therein.

C 070151 HAM, an Urban Development Action Area Designation and Project, located at 225, 227, 229, 231-33, 235-37, 239 and 241 East 118th Street, and the disposition of such property, Borough of Manhattan, Council District no.

The Committee on Land Use to which was referred on February 1, 2007 (Minutes, page 255) the annexed Land Use resolution respectfully

REPORTS:

SUBJECT

MANHATTAN CB - 11 **C 070151 HAM**

City Planning Commission decision approving an application submitted by the Department of Housing Preservation and Development (HPD):

1) pursuant to Article 16 of the General Municipal Law of New York State for:

a) the designation of property located at 225, 227, 229, 231-33, 235-37, 239 and 241 East 118th Street (Block 1783/Lots 12-16, 117 and 18) as an Urban Development Action Area (the "Area"); and

b) an Urban Development Action Area Project for such area (the "Project");

2) pursuant to Section 197-c of the New York City Charter for the disposition of such property to a developer to be selected by the Department of Housing Preservation and Development.

INTENT

To facilitate the development of a seven story mixed-use building, tentatively known as Friendly Hands apartment, with approximately 76 residential units and community facility space.

Report Summary:

COMMITTEE RECOMMENDATION & ACTION:

DATE: March 8, 2007

The Committee recommends that the Council approve the attached resolution and thereby approve the designation, project and disposition, make the findings required by Article 16 and approve the decision of the City Planning Commission.

In connection herewith, Council Members Katz and Garodnick offered the following resolution:

Res. No. 766

Resolution approving the decision of the City Planning Commission on an application submitted by the Department of Housing Preservation and Development, ULURP No. C 070151 HAM, approving the designation of 225, 227, 229, 231-33, 235-37, 239 and 241 East 118th Street (Block 1783/Lots 12-16, 117 and 18), Manhattan, as an Urban Development Action Area, approving the project for the area as an Urban Development Action Area Project, and approving the disposition of such property to a developer to be selected by the Department of Housing Preservation and Development (L.U. No. 372; C 070151 HAM).

By Council Members Katz and Garodnick

Whereas, the City Planning Commission filed with the Council on February 14, 2007 its decision dated February 7, 2007 (the "Decision"), on the application submitted by the Department of Housing Preservation and Development pursuant to Section 197-c of the New York City Charter and Article 16 of the General Municipal Law of New York State regarding:

a) the designation of property located at 225, 227, 229, 231-33, 235-37, 239 and 241 East 118th Street (Block 1783/Lots 12-16, 117 and 18) as an Urban Development Action Area (the "Area");

b) an Urban Development Action Area Project for such area (the "Project"); and

pursuant to Section 197-c of the New York City Charter for the disposition of such property to a developer to be selected by the Department of Housing Preservation and Development to facilitate the development of a seven story mixed-use building, tentatively known as Friendly Hands Apartments, with approximately 76 residential units and community facility space, to be developed under the New York City Housing Preservation and Development's Mixed-Income Rental Program (the "Disposition"), Community District 11, Borough of Manhattan (ULURP No. C 070151 HAM) (the "Application");

Whereas, the Decision is subject to review and action by the Council pursuant to Section 197-d(b)(1) of the City Charter;

Whereas, the Application and Decision are subject to review and action by the Council pursuant to Article 16 of the General Municipal Law of New York State;

Whereas, the New York City Department of Housing Preservation and Development ("HPD") submitted to the Council its recommendations regarding the Application on February 21, 2007;

Whereas, upon due notice, the Council held a public hearing on the Application and Decision on March 7, 2007;

Whereas, the Council has considered the land use and financial implications and other policy issues relating to the Application;

Resolved:

Pursuant to Section 197-d, the Council approves the decision of the City Planning Commission (C 070151 HAM).

The Council finds that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the City of New York and that a designation of the Project as an urban development action area project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law.

The Council approves the designation of the Disposition Area as an urban development action area pursuant to Section 693 of the General Municipal Law.

The Council approves the Project as an urban development action area project pursuant to Section 694 of the General Municipal Law.

The Council approves the disposition of said property to a developer to be selected by the Department of Housing Preservation and Development.

Report for L.U. No. 379

Report of the Committee on Land Use in favor of approving Application no. 20075217 HAR, an Urban Development Action Area Project located at 417 Neckar Avenue, Council District no. 49, Borough of Staten Island.

The Committee on Land Use to which was referred on February 1, 2007 (Minutes, page 258) the annexed Land Use resolution respectfully

REPORTS:

(For text of the report, please see the Report of the Committee on Land Use for L.U. No. 323 printed in these Minutes.)

Accordingly, Your Committee recommends its adoption.

In connection herewith, Council Members Katz and Garodnick offered the following resolution:

Res. No. 767

Resolution approving an Urban Development Action Area Project located at 417 Neckar Avenue (Block 2897/Lot 49), Staten Island, and waiving the urban development action area designation requirement and the Uniform Land Use Review Procedure, pursuant to Sections 693 and 694 of the General Municipal Law (L.U. No. 379; 20075217 HAR).

By Council Members Katz and Garodnick

Whereas, the New York City Department of Housing Preservation and Development ("HPD") submitted to the Council on January 19, 2007 its request dated January 3, 2007 that the Council take the following actions regarding an Urban Development Action Area Project (the "Project") located at 417 Neckar Avenue (Block 2897/Lot 49), Community District 1, Borough of Staten Island (the "Disposition Area"):

1. Find that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the municipality and that the proposed Urban Development Action Area Project is consistent with the policy and purposes of Section 691 of the General Municipal Law;

2. Waive the area designation requirement of Section 693 of the General Municipal Law pursuant to said Section;

3. Waive the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law; and

4. Approve the Project as an Urban Development Action Area Project pursuant to Section 694 of the General Municipal Law.

Whereas, the Project is to be developed on land that is now an eligible area as defined in Section 692 of the General Municipal Law, consists solely of the rehabilitation or conservation of existing private or multiple dwellings or the construction of one to four unit dwellings, and does not require any change in land use permitted under the New York City Zoning Resolution;

Whereas, upon due notice, the Council held a public hearing on the Project on March 7, 2007;

Whereas, the Council has considered the land use implications and other policy issues relating to the Project;

Resolved:

The Council finds that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the City of New York and that a designation of the Project as an urban development action area project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law.

The Council waives the area designation requirement of the Disposition Area as an urban development action area under Section 693 of the General Municipal Law pursuant to said Section.

The Council waives the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law.

The Council approves the Project as an urban development action area project pursuant to Section 694 of the General Municipal Law.

The Project shall be disposed of and developed upon the terms and conditions in the Project Summary that HPD has submitted to the Council, a copy of which is attached hereto.

INTENT

To construct a new 380-seat public school facility to accommodate students in Community School District 27.

Report Summary:

COMMITTEE RECOMMENDATION & ACTION:

DATE: March 8, 2007

The Committee recommends that the Council approve the attached resolution and thereby approve the Site Plan.

In connection herewith, Council Members Katz and Lappin offered the following resolution:

Res. No. 770

Resolution approving the site plan for a public school facility to be located on the southeast corner of 102nd Street and 88th Avenue (Block 9288/Lots 101 and 106), Queens (Non-ULURP No. 20075013 SCQ; Preconsidered L.U. No. 390).

By Council Members Katz and Lappin

Whereas, the New York City School Construction Authority submitted to the Council on March 1, 2007 a site plan pursuant to Section 1732 of the New York State Public Authorities Law for a new, approximately 380-seat early childhood center, known as P.S. 273- Queens, to be located at the Southeast Corner of 102nd Street and 88th Avenue, Richmond Hill (Block 9288/Lots 101 and 106), in DOE Instructional Region No. 5/Community School District No. 27, Community Board No. 9, Borough of Queens (the "Site Plan");

Whereas, the Site Plan is subject to review and action by the Council pursuant to Section 1732 of the New York State Public Authorities Law;

Whereas, upon due notice, the Council held a public hearing on the Site Plan on March 6, 2007;

Whereas, the Council has considered the relevant environmental issues and the Conditional Negative Declaration issued on January 29, 2007 (SEQR Project Number 07-007); and

Whereas, the Council has considered the land use implications and other policy issues relating to the Site Plan;

Resolved:

The Council finds that the action described herein will have no significant effect on the environment.

Pursuant to Section 1732 of the Public Authorities Law, the Council approves the Site Plan.

MELINDA R. KATZ, Chairperson; JOEL RIVERA, TONY AVELLA, MARIA BAEZ, CHARLES BARRON, LEROY G. COMRIE, SIMCHA FELDER, ERIC N. GIOIA, JOHN C. LIU, MIGUEL MARTINEZ, MICHAEL E. At this point, the Speaker (Council Member Quinn) announced that the following items had been **preconsidered** by the Committee on Land Use and had been favorably reported for adoption.

Report for L. U. No. 391

Report of the Committee on Land Use in favor of approving Application no. 20075268 RSK, a resolution approving the cancellation of restrictive declaration for property located at Block 1763/Lots 1, 2 and 62; Borough of Brooklyn, Council District no. 36.

The Committee on Land Use to which was referred on March 14, 2007 the annexed Land Use resolution respectfully

REPORTS:

SUBJECT

BROOKLYN CB - 3 **20075268 RSK**

Resolution approving the cancellation of Restrictive Declaration D-15, which was approved as part of a Zoning Map Amendment (CP-23030) to provide off-site accessory parking in connection with the development of a manufacturing facility on an adjacent parcel of land bounded by Walworth Street, DeKalb Avenue and Nostrand Avenue, on property located at 223/225 Spencer Street and 557 DeKalb Avenue (Block 1763, Lots 1, 2, and 62),

INTENT

To comply with the Court order directing the Council to cancel the restrictive declaration.

Report Summary:

COMMITTEE RECOMMENDATION & ACTION:

DATE: March 8, 2007

The Committee recommends that the Council approve the attached resolution and thereby approve the cancellation of the Restrictive Declaration (D-15).

In connection herewith, Council Members Katz and Avella offered the following resolution:

Res. No. 771

Resolution approving the cancellation of Restrictive Declaration D-15, which was approved as part of a Zoning Map Amendment (CP-23030) to provide off-site accessory parking in connection with the development of a manufacturing facility on an adjacent parcel of land bounded by Walworth Street, DeKalb Avenue and Nostrand Avenue, on property located at 223/225 Spencer Street and 557 DeKalb Avenue (Block 1763, Lots 1, 2, and 62), Brooklyn (Preconsidered L.U. No. 391; 20075268 RSK).

By Council Members Katz and Avella

Whereas, the City Planning Commission filed with the Council on September 19, 2005 its decision dated September 14, 2005 (the "Decision"), on the application submitted by Middleland, Inc. (the "Applicant") for the cancellation of Restrictive Declaration D-15, which was previously approved in connection with an application for a Zoning Map amendment (CP-23030), which provides that the property located at Block 1763, Lots 1, 2, and 62, in an M1-5 District shall be used only as an accessory parking lot for the I.B.M. plant, Community District 3, Borough of Brooklyn (ULURP No. M 030440 ZMK (L.U. No. 604, Resolution No. 1230 of 2005) (the "Application");

Whereas, the Application was related to ULURP Application Number C 030276 ZMK (L.U. No. 605, Resolution No. 1231 of 2005), an amendment to the Zoning Map, changing from an M1-5 to an R6 District;

Whereas, the Decisions were subject to review and action by the Council pursuant to Section 197-d(b)(1) of the City Charter;

Whereas, on October 27, 2005, the Council disapproved the Decisions;

Whereas, in May, 2006, the Applicant challenged the actions of the Council in the Supreme Court of the State of New York (Middleland Inc. and SDR LLC v. The City Council of the City of New York, Brooklyn Borough President and Community Board 3 of the Borough of Brooklyn);

Whereas, on December 22, 2006, the Court found that with respect to ULURP No. C030276 ZMK (L.U. 605, Res. 1231 of 2005), that the Council acts in a legislative capacity and that the determination was not arbitrary or capricious and denied the petition;

Whereas, the Court also found that the Restrictive Declaration is improperly based on the identity of the owner and that non-cancellation of the restrictive declaration constitutes an unconstitutional regulatory taking of the Applicant's property;

Whereas, the Court declared the Restrictive Declaration invalid, null and void; set aside Resolution 1230 of 2006 disapproving the decision of the City Planning Commission to cancel the Restrictive Declaration and directed the Council to cancel the Restrictive declaration;

Resolved:

Pursuant to Rule 6.40 of the Rules of the Council, the Council approves the cancellation of the Restrictive Declaration D-15, which was approved as part of a Zoning Map Amendment (CP-23030) to provide off-site accessory parking in connection with the development of a manufacturing facility on an adjacent parcel of land bounded by Walworth Street, DeKalb Avenue and Nostrand Avenue, on property located at 223/225 Spencer Street and 557 DeKalb Avenue (Block 1763, Lots 1, 2, and 62), Brooklyn.

Reports of the Committee on Transportation

Report for Int. No. 24-A

Report of the Committee on Transportation in favor of approving and adopting, as amended, a Local Law to amend the administrative code of the city of New York, in relation to bicycles used for certain commercial purposes.

The Committee on Transportation to which was referred on February 1, 2006 (Minutes, page 227) the annexed amended proposed local law respectfully

REPORTS:

INTRODUCTION

On March 14, 2007, the Committee on Transportation, chaired by Council Member John Liu, will hold a hearing on Proposed Int. 24-A, which would add new subdivisions e and f, and reletter and amend the current subdivisions e and f of section 10-157 of chapter 1 of title 10 of the Administrative Code of the City of New York.

BACKGROUND

The City of New York has many businesses that use bicycles due to their cost efficiency and high maneuverability. Bicycle riders are frequently seen on the City streets acting as couriers for a wide variety of consumer items. However, due to the quantity of pedestrian and vehicular traffic within the City, potentially dangerous collisions are inevitable.

In New York City, out of 3,964 transportation-related deaths from 1996 through 2005, a total of 225 deaths (6%) were bicyclists.[1] At an average of 23 bicycle fatalities per year, these deaths have resulted in a consistent average annual rate of 2.8 deaths per 1 million New Yorkers, which is higher than the national or state rates.[2] It is also important to note that almost 92% of bicycle deaths were linked to a traffic accidents and the majority of the fatal crashes occurred between 3 pm and 8 pm (rush hour and dinner time)[3]. Of all fatal and non-fatal bicycle injuries, nearly three quarters involved a head injury.[4]

Recognizing the correlation between fatal bicycle accidents and head injuries, the Consumer Product Safety Commission adopted a helmet standard that became mandatory for all manufactured helmets to ensure a minimum level of protection for sale in the United States after March 1999.

Helmets are generally inexpensive, with the average retail price being under $20. The low cost of safety helmets relative to the potentially severe dangers resulting

from bicycle accidents clearly demonstrates the benefits of such protective equipment. Additionally, reducing serious head injuries may result in a financial benefit for businesses and the City due to reduced medical and insurance costs.

ANALYSIS

Section one of Proposed Int. No. 24-A would set forth the Council's declaration of legislative findings and intent.

Section two of Proposed Int. No. 24-A would amend section 10-157 of chapter one of title 10 of the Administrative Code of the City of New York by adding new subdivisions e and f, amending current subdivisions e and f and relettering current subdivisions e and f as subdivisions g and h.

Paragraph one of subdivision e would require the owner of any business engaged in providing a service as authorized in section 10-157 of the Administrative Code of the City of New York to provide, at its own expense, protective headgear suitable for each bicycle operator. Such headgear would (i) have to meet the standards set forth by the consumer product safety commission pursuant to title 16, part 1203 of the code of federal regulations; (ii) be readily available at each employment site for use by each bicycle operator; and (iii) be replaced if such headgear is no longer in good condition, which is defined as missing any of its component parts or otherwise damaged so as to impair its functionality.

Paragraph two would require such bicycle operators to wear such protective headgear, which means to have the headgear fastened securely upon the head with the headgear straps, while making deliveries or otherwise operating a bicycle on behalf of such business.

Subdivision f would require the owner of any business engaged in providing a service as authorized in this section, notwithstanding that any such bicycle may be provided by an employee thereof, provide at its own expense and ensure that each bicycle is equipped with a lamp, a bell or other device capable of giving an audible signal; brakes; reflective tires or, alternately, a reflex reflector mounted on the spokes of each wheel; as well as other reflective devices or material, in accordance with the terms of section 1236 of the vehicle and traffic law.

Subdivision g would change the citing of subdivision f to h to conform to changes made in this bill.

Subdivision h would make any person who makes deliveries or otherwise operates a bicycle on behalf of a business guilty of a traffic infraction if he or she fails to wear protective headgear required by subdivision e of this section. Subdivision h also creates as an affirmative defense to such traffic infraction that the business did not provide headgear required by subdivision e.

Section three of Proposed Int. No. 24-A would provide that this bill would take effect one hundred twenty days after it is enacted into law.

Int. No. 24-A

By Council Members Gerson, Brewer, Martinez, Sanders, Mendez, Mealy, Liu, Recchia, Lappin, Gentile, Garodnick, Sears and Weprin

A Local Law to amend the administrative code of the city of New York, in relation to bicycles used for certain commercial purposes.

Be it enacted by the Council as follows:

Section 1. Declaration of legislative findings and intent. The City of New York is replete with businesses that utilize bicycles due to their cost efficiency and high maneuverability. Bicycle riders are frequently seen on the City streets acting as couriers for a wide variety of consumer items.

However, due to the quantity of pedestrian and vehicular traffic within the City, potentially dangerous collisions are inevitable. Approximately 540,000 bicyclists visit emergency rooms each year throughout the United States. Of those, roughly 67,000 have suffered head injuries.

According to the New York City Department of Transportation, head injuries are the most common cause of death among cyclists and wearing a helmet can significantly reduce the risk of head injury. Studies indicate that the use of helmets diminishes the danger of bicycle-related head trauma by 74%-85%. To ensure a minimum level of protection, the Consumer Product Safety Commission has adopted a helmet standard that became mandatory for all helmets manufactured for sale in the U.S. after March, 1999.

The low cost of safety helmets relative to the potentially severe dangers resulting from bicycle accidents clearly demonstrates the benefits of such protective equipment. Additionally, reducing serious head injuries may result in a financial benefit for businesses due to reduced medical and insurance costs. Finally, a reduction in such injuries may help spare the City's health care resources.

§2. Subdivisions e and f of section 10-157 of the administrative code of the city of New York are relettered as subdivisions g and h respectively, relettered subdivisions g and h are amended and two new subdivisions e and f are added to read as follows:

e. (1) The owner of any business engaged in providing a service as authorized in this section shall provide, at its own expense, protective headgear suitable for each bicycle operator. Such headgear shall:

(i) meet the standards set forth by the consumer product safety commission in title 16, part 1203 of the code of federal regulations;

(ii) be readily available at each employment site for use by each bicycle operator; and

(iii) be replaced if such headgear is no longer in good condition. Headgear is no longer in good condition if it is missing any of its component parts or is otherwise damaged so as to impair its functionality.

(2) Each bicycle operator shall wear protective headgear that meets the requirements of paragraph 1 of this subdivision while making deliveries or otherwise operating a bicycle on behalf of such business. The term "wear such protective headgear" means having the headgear fastened securely upon the head with the headgear straps.

f. The owner of any business engaged in providing a service as authorized in this section, notwithstanding that a bicycle may be provided by an employee thereof, shall provide at its own expense and ensure that each bicycle is equipped with a lamp; a bell or other device capable of giving an audible signal; brakes; reflective tires or, alternately, a reflex reflector mounted on the spokes of each wheel; as well as other reflective devices or material, in accordance with section 1236 of the vehicle and traffic law.

g. Except as otherwise provided in subdivision [f] *h* of this section, the violation of any of the provisions of this section, or of any of the rules or regulations that may be promulgated pursuant hereto, shall be a violation triable by a judge of the criminal court of the city of New York and upon conviction thereof shall be punishable by a

fine of not less than one hundred dollars nor more than two hundred and fifty dollars or imprisonment for not more than fifteen days or both such fine and imprisonment.

h. Any person who makes deliveries or otherwise operates a bicycle on behalf of a business without carrying the identification required by subdivision b of this section or who fails to produce such identification upon demand as required by such subdivision, *or who fails to wear protective headgear required by subdivision e of this section,* shall be guilty of a traffic infraction and upon conviction thereof shall be liable for a fine of not less than twenty-five dollars nor more than fifty dollars. *It shall be an affirmative defense to such traffic infraction that the business did not provide the protective headgear required by subdivision e of this section.* Such traffic infraction may be adjudicated by such an administrative tribunal as is authorized under article two-A of the vehicle and traffic law.

§3. This local law shall take effect one hundred twenty days after it shall have been enacted into law.

Report for Int. No. 58-A

Report of the Committee on Transportation in favor of approving and adopting, as amended, a Local Law to amend the administrative code of the city of New York, in relation to requiring the posting of signs setting forth bicycle safety procedures at the place of employment of businesses that engage in delivering packages, parcels, papers or articles of any type by bicycle.

The Committee on Transportation to which was referred on February 15, 2006 (Minutes, page 420) the annexed amended proposed local law respectfully

REPORTS:

INTRODUCTION

On March 14, 2007, the Committee on Transportation, chaired by Council Member John Liu, will hold a hearing on Proposed Int. No. 58-A, which would add a new section 10-157.1 to chapter one of title ten of the Administrative Code of the City of New York.

BACKGROUND

Bicycles are an integral part of the operation of many businesses in New York City, such as restaurants, delicatessens and courier services, and offer many benefits for businesses. Bicycles are inexpensive and easy to operate, can quickly move through New York City traffic without adding to congestion and provide employment for many messengers and delivery people.

Both New York City and New York State law govern the operation of bicycles. New York City law regulates bicycle use by businesses, requiring, among other things, that bicycles clearly identify the business and phone number of the business using the bicycle; that the operator wear upper body apparel identifying the business and its phone number; and that the business maintain a log of the trips made by its bicycle operators.[1] New York State law applies to all bicyclists, requiring certain safety equipment to be on bicycles and regulating where people may ride their bicycles, among other things.[2]

Many businesses and bicycle operators are not aware of the many laws and regulations covering the operation of bicycles. This bill would require businesses to post signs informing bicycle operators about bicycle safety procedures and the responsibilities of bicycle operators. Businesses would also be required to post signs listing the responsibilities of the businesses using the bicycles.

ANALYSIS

Section one of Proposed Int. No. 58-A would add a new section 10-157.1, entitled "Signs with Bicycle Safety Procedures," to chapter one of title ten of the Administrative Code of the City of New York ("Administrative Code"). Subdivision a of proposed section 10-157.1 would require every person, firm, partnership, joint venture, association or corporation covered by subdivision a of section 10-157 of the Administrative Code, which regulates bicycles used for commercial purposes, to post one or more signs at the employment site summarizing (i) the responsibilities of bicycle operators and businesses under section 10-157 of the Administrative Code and (ii) specified City and State laws, rules and regulations that the Commissioner of Transportation determines are most important for the safe operation of bicycles.

Subdivision b of proposed section 10-157.1 would provide that every sign required under subdivision a of such section shall be in English and Spanish and any other language predominantly spoken by any bicycle operator used by that business and be posted at the employment site in a conspicuous place to bicycle operators used by the business and to patrons of the business.

Subdivision c of proposed section 10-157.1 would provide that the Commissioner of Transportation shall promulgate rules and regulations to effectuate this local law including rules and regulations governing the content, size and manner of displaying the signs. Subdivision c would require the Department of Transportation to have a model sign available on its website.

Subdivision d of proposed section 10-157.1 would provide that any violation of subdivision a or b shall be triable by a judge of the City's criminal court and upon conviction, be punishable by a $100 to $250 fine and/or imprisonment for up to fifteen days. Subdivision d would also make a person who violates subdivision a or b liable for a civil penalty of $300.

Subdivision e of proposed section 10-157.1 would make this law enforceable by the police commissioner.

Section two of Proposed Int. No. 58-A would provide that this local law take effect one hundred twenty days after it is enacted.

By Council Members Brewer, Gerson, Gonzalez, James, Koppell, Lappin, Martinez, Nelson, Sanders, Weprin, Liu, Recchia, Gentile and Garodnick

A Local Law to amend the administrative code of the city of New York, in relation to requiring the posting of signs setting forth bicycle safety procedures at the place of employment of businesses that engage in delivering packages, parcels, papers or articles of any type by bicycle.

Be it enacted by the Council as follows:

Section 1. The administrative code of the city of New York is amended by adding a new section 10-157.1 to read as follows:

10-157.1 Signs with bicycle safety procedures. a. Every person, firm, partnership, joint venture, association or corporation subject to the provisions of subdivision a of section 10-157 of this chapter shall post one or more signs at each employment site summarizing:

(1) the responsibilities of bicycle operators and businesses pursuant to section 10-157 of this chapter; and

(2) the provisions of the vehicle and traffic law, administrative code of the city of New York and department of transportation traffic rules and regulations that the commissioner of transportation in his or her discretion determines are most important for the safe operation of bicycles.

b. Every sign required pursuant to subdivision a of this section shall be:

(1) in English and Spanish and any other language spoken predominantly by any bicycle operator utilized by the business; and

(2) posted in a manner conspicuous to bicycle operators utilized by the business and to patrons of the business present at the employment site.

c. The commissioner of transportation shall promulgate such rules and regulations as may be required to effectuate the purposes of this section, including rules and regulations governing the content, size and manner of display of signs required pursuant to this section and shall make a model sign available on the department of transportation's website.

d. The violation of any provision of subdivision a or b of this section shall be a violation triable by a judge of the criminal court of the city of New York and upon conviction thereof shall be punishable by a fine of not less than one hundred dollars nor more than two hundred and fifty dollars or imprisonment for not more than fifteen days or both such fine and imprisonment. In addition, any person who violates any provision of subdivision a or b of this section shall be liable for a civil penalty of three hundred dollars.

e. The provisions of this section shall be enforceable by the police commissioner.

§2. This local law shall take effect one hundred twenty days after its enactment into law.

Report of the Committee on Youth Services

Report for Int. No. 341-A

Report of the Committee on Youth Services in favor of approving, as amended, a Local Law to amend the administrative code of the city of New York, in relation to prohibiting the use of non-wood bats.

The Committee on Youth Services to which was referred on May 10, 2006 (Minutes, page 1980) the annexed amended proposed local law respectfully

REPORTS:

On Monday, March 12, 2007, the Committee on Youth Services will hold a hearing on Proposed Int. No. 341-A, which would amend the New York City Administrative Code with respect to prohibiting the use of non-wood bats. Advocates both for and against the prohibition of non-wood bats are expected to testify. A previous hearing was held on this legislation on October 23, 2006.

Background

On September 27, 2002, the Committee considered Int. No. 100, which would have prohibited the use of non-wood bats by minors.[1] During this hearing, testimony was received regarding legislation that would prohibit any person from using non-wood bats in competitive baseball games in which minors are participants and which take place in connection with a league operating in New York City.

Proposed Int. No. 341-A, as amended and discussed below, would prohibit the use of non-wood bats in any competitive baseball game in which high school age children are participants and which involves the participation and/or sponsorship of a school. Advocates of the proposed legislation argue that the use of non-wood bats has introduced an unacceptable risk of injury into the game of baseball, and that such a risk is heightened in the field of competitive high school baseball, where there is an obvious increase in the hitting power of players.

NCAA Standards and Specifications for Non-Wood Bats

In August of 1998, the National Collegiate Athletic Association (NCAA) Baseball Rules Committee, concerned with both player safety and the competitive balance between offense and defense that seemed to be eroding due to the introduction of high-tech metal (non-wood) bats, voted to recommend baseball bat performance standards that would be implemented in January of 1999 for NCAA play.[2] These recommendations included a maximum batted-ball exit velocity of 93 miles per hour (plus a one mile per hour deviation for test variance), as well as a maximum allowable bat diameter of 2 5/8 inches (reduced from 2¾ inches) and a length to weight unit differential of 3 (reduced from 5)[3]. In August of 1998, the NCAA Executive Committee approved the recommendations made by its Baseball Rules Committee, moving the effective date to August 1, 1999, "to ensure that proper testing could take place and that bats would be available."[4] In approving the new bat performance standards, the NCAA Executive Committee recognized that "the rules committee's concern over the potential for injury is real and serious."[5] The NCAA's decision to limit the ball exit speed to 94 miles per hour (including the one mile deviation) was based on "research that the average time to react to a ball hit from [home plate to the pitcher's mound] is approximately 0.4 seconds. The ball-exit velocity that matches this reaction time is 93 miles per hour."[6] The NCAA's adopted standards did not address the variances that can occur in non-wood bats with respect to the center of swing gravity or mass distribution.

In response to the NCAA's actions to limit non-wood bat performance, Easton Sports, Inc., a major manufacturer of metal bats, filed a restraint-of-trade lawsuit against the NCAA in August of 1998, seeking $267 million in damages and injunctive relief.[7]

In January of 1999, the NCAA Executive Committee created the NCAA Baseball Research Panel to study risk issues in college baseball.[8] The Panel made recommendations regarding non-wood bat performance in June of 1999, with Chairperson Milton Gordon noting, "[w]ooden bat risk levels should be the safety standard for all non-wooden bats,"[9] and "[i]n terms of both risk and integrity, the panel concluded that wood should be the standard."[10] At that time, the Panel recommended that the NCAA should adopt a batted-ball exit speed for non-wood bats that equates to the highest average exit speed of a Major League Baseball quality, 34 inch, solid wood bat.[11] Other Panel recommendations included increasing the testing speeds for baseballs and bat swings from 70 miles per hour to 80 miles per hour in order to better approximate game conditions, testing to determine the effect of "work hardening" (whether a bat begins to perform better the more it is used) and testing to determine the distribution of mass on non-wood bat performance.[12] Finally, the Panel recommended January 1, 2000 as the implementation date for the new standards for regular-season competition.[13]

It appears that the NCAA Executive Committee did not adopt most of its Baseball Research Panel's recommendations. In August of 1999, the NCAA Executive Committee voted to suspend implementation of specifications for non-wood bats set to be effective that month until additional test data could be collected.[14] Thereafter, according to an NCAA News Release dated September 28, 1999, the NCAA Executive Committee approved a batted-ball exit speed of 97 miles per hour, stating that "[t]he committee's decision supports a recommendation from the NCAA Baseball Research Panel that solid northern ash wooden bat performance should become the standard for setting limits on all baseball bat performance."[15] However, as previously noted, the Panel recommended a batted-ball exit speed for non-wood bats that equates to the highest *average* exit speed of a Major League Baseball quality, 34 inch, solid wood bat.[16] According to ESPN, the new rule was based on the highest exit speed at which one Major League bat was tested (96.5 miles per hour), rather than based on an average exit speed of such bats as was recommended by the Panel.[17] Moreover, the 97 miles per hour speed limit was based on a wood bat swung at 67 miles per hour, despite the fact that the Panel recommended an 80 mile per hour bat swing speed.[18] Finally, it should be noted that the newly-endorsed 97 mile per hour exit speed represents an about-face for the NCAA Executive Committee, who, as discussed above, previously adopted a 94 mile per hour exit speed recommended by its own Rules Committee.[19] According to Bill Thurston, then-Secretary of the NCAA Rules Committee, "the testing protocol was changed to standards we meant to be illegal."[20] While the NCAA "approved the panel's recommendation of January 1, 2000 as the implementation date for the standard," it declared a three-year moratorium on changes.[21]

The same NCAA press release describing the new 97 mile per hour bat standard states that "[i]n a related matter, the Executive Committee announced that Easton Sports, Inc., has indicated that it will drop a lawsuit filed by the company against the Association in August 1998."[22]

In June of 2000, the NCAA Baseball Research Panel made more recommendations concerning non-wood bat specifications. The recommendations included establishing a moment-of-inertia (MOI) requirement, using a swing-speed

sliding scale for non-wood bats in testing and establishing a uniform ball-exit speed based on the highest average exit speed of a 33-inch wooden bat as the standard for certification of non-wood bats."[23] The Panel also recommended raising the pitch speed used during testing to 80 miles per hour (as it suggested in 1999), setting specific standards for baseballs used during testing[24] and ensuring that bats of differing lengths be swung at different speeds during testing. Furthermore, the Panel again recommended that the NCAA collect data to determine the accuracy of testing procedures and support experiments relating to "workhardening." [25]

In response to the Baseball Research Panel's recommendations, the NCAA Rules Committee decided in July of 2000 that there would be no immediate changes in the specifications for manufacturing baseball bats and balls.[26] Instead, the Rules Committee indicated that an MOI standard would be set "for each bat length and weight based on bats previously certified by the NCAA Bat Certification Program," noting that "[a]ll currently certified bats will meet the MOI standard."[27] Thus it appears that MOI requirements were "grandfathered in" for currently-certified bats as of 2000, and that the floor for MOI control would be based on bats that previously did not have to meet any MOI standards.[28] The Committee also decided to implement a sliding scale (based on the 97 mile per hour ball exit speed) for swing speed based on bat length, effective January 1, 2003. [29]Additionally, the Committee supported the Panel's recommendation to conduct further study on the "work hardening" effect on non-wood bat performance. [30]

The current NCAA standard for testing baseball bat performance requires that any non-wood bat submitted for certification meet the above-mentioned specifications, including having a maximum bat diameter no greater than 2.625 inches, a length to weight differential not exceeding three units without the grip and an MOI about the point of the bat 6 inches from the base of the knob greater than or equal to a specified value.[31] Once a bat is tested under controlled conditions at the Baseball Research Center at the University of Massachusetts, it is assigned a Ball Exit Speed Ratio (BESR) number. If a non-wood bat falls at or below a predetermined BESR value set by the NCAA, then that bat is certified.

Significant controversy continues to surround the NCAA's non-wood bat standards. In addition to concerns voiced with respect to the process by which such standards were adopted, a number of questions have been raised regarding the adequacy of testing used for BESR certification. Those who argue that the current testing is flawed point to the fact that testing protocol does not adequately address a bat's MOI, since the MOI restrictions established by the NCAA for non-wood bats are not comparable to the MOI of wood bats.[32] Indeed, a typical 34 inch wood bat has an MOI of 11,000 oz-in2[33], while the NCAA MOI scale indicates that a 34 inch non-wood bat may have an MOI of 9530 oz-in2.[34]

Bat mass distribution differs in metal and wood bats of equal mass and length, and a wood bat has more of its weight concentrated in the barrel while a metal bat has more of its weight concentrated closer to the hands.[35] Bats with smaller MOIs (non-wood bats) have the weight concentrated close to the hands and are easier and faster to swing than wood bats, thus producing an increased ball exit velocity. [36]Pursuant to this view, the failure to take into account the real differences in weight distribution between a wood bat and a non-wood bat means that non-wood bats can produce ball exit speeds higher than such speeds purported to be acceptable by the NCAA. [37]

National Federation of State High School Standards and Specifications for Non-Wood Bats

In 2001, the Baseball Rules Committee of the National Federation of State High School Associations (NFHS), which establishes consistent standards and rules for competition across the country, approved the requirement (effective January 1, 2003) that a BESR certification mark be present on all non-wood bats at high school level games. [38]Such a mark "denotes that non-wood bats have a maximum exit speed of 97 miles per hour (under a set of laboratory conditions) and they have met moment-of-inertia requirements, as well as a maximum diameter of the bat and a minus-3 differential between the length and weight of the bat."[39] Both public and private schools in the City adhere to standards adopted by the NFHS. [40]

It appears that before the NFHS Rules Committee approved the BESR changes, it made broader recommendations to the NFHS Board of Directors, which were rejected in 2000.[41] Two deferred proposals included imposing a more restrictive maximum exit ball speed than the one adopted by the NCAA and establishing an MOI requirement.[42] In making its recommendations regarding the restriction on non-wood bat performance to the Board of Directors, the Rules Committee indicated that it assessed potential rule changes in light of risk minimization, maintenance of an appropriate balance between offense and defense and preservation of the sound traditions of the sport of baseball. [43] The Rules Committee also noted that "[c]ommon sense tells us that ...risk is increased in some measure when balls come off premium non-wood bats at greater exit speeds," and that "[t]he change proposed by the Committee may be viewed, in part, as precautionary against a future uptrend in injuries." [44]

Major League Baseball Standards

Major League Baseball, the organization that oversees elite, professional baseball play in the United States, prohibits the use of non-wood bats in any of its leagues. Pursuant to Major League Baseball rules, wood bats are allowed for Major League play, while wood, wood laminated or wood composite bats are permitted for Minor League Short Season, Rookie Advanced or Rookie League play.[45] No bat may be used in any such elite league unless prior approval is received by the designee of the Commissioner of Major League Baseball. [46] Any wood laminated or wood composite bat submitted for use in professional baseball must meet performance and durability tests, and must thereafter receive final approval from the Commissioner's designee.

The Commissioner of Major League Baseball, Allan H. (Bud) Selig, has written a letter to New York City Council Speaker Christine Quinn in which he expressed support for the Council's efforts to prohibit the use of non-wood bats. [47]

Player Development and Baseball Tradition

In addition to citing safety concerns, those who advocate for a prohibition on the use of non-wood bats note that the use of such bats is harmful to player development and deleterious to the traditional way baseball is supposed to be played. Many baseball purists believe that wood bats are essential to preserve the integrity of the game. Because Major League Baseball prohibits the use of non-wood bats, players without experience using wood bats are arguably at a distinct disadvantage with respect to achieving status as a professional player. Studies have indicated that players who changed from using aluminum bats during NCAA play to using wood bats in the Cape Code League (wood only) experienced a drop of approximately 100 points in their batting averages, while homeruns declined from one per 25 at bats to one per 75 at bats. [48]

It is common knowledge that it is easier to get a hit off a non-wood bat than it is to hit off a wood bat, due in part to its larger sweet-spot. Furthermore, metal bats can produce ball exit speeds at higher velocities than wood bats, as discussed above. [49]This difference in bat performance arguably has a negative effect on batter development, as well as the development of pitchers who have to use "drastically different strategies when pitching against players using aluminum bats than they would if they were pitching against players using wooden bats." [50]For purposes of observing a player's batting talent, Major League Baseball scouts are primarily concerned with seeing players hit with wood, as it is misleading to rely on a player's metal bat performance. [51]

In an effort to provide players with the skills necessary to compete at the professional level, a significant number of all-wood collegiate summer leagues have been established nation-wide, including eight leagues affiliated with the National Alliance of College Summer Baseball (NACSB) and the Cape Cod Baseball League, which as the first NCAA-sanctioned league to go all wood, is widely regarded as the model for summer leagues. Such programs are well known and frequented by scouts looking for prospective professional ball players. [52]

The Move to Switch to Wood

Because of the significant safety concerns regarding the use of non-wood bats, as well as the desire to improve player development and adhere to the traditions of the game, there has been an increasing trend toward prohibiting the use of non-wood bats in favor of wood and wood composite bats. Organizations that have made the switch include the Nassau Suffolk Catholic High School Athletic Association,[53] the Prospect Park Baseball Association of Brooklyn,[54] the Garden City Athletic Association[55], the North Dakota High School Athletic Association[56], Wyckoff Township[57] and Montvale[58]. State Legislatures that are considering a ban on non-wood bats include Montana[59] and New Jersey[60].

Proposed Int. No. 341-A

Proposed Int. No. 341-A would amend Title 10 of the Administrative Code of the City of New York by adding a new section 10-165.

Section one of the proposed local law would state the legislative findings and intent, noting that the Council finds that the use of non-wood bats poses an unacceptable risk of injury to children, particularly those who play competitive high school baseball.

Section two of Proposed Int. No. 341-A would amend Title 10 of the Administrative Code by adding a new section 10-165. Subdivision a of §10-165 would provide for the following definitions:

1. "Competitive baseball game" would mean any organized baseball game at which a certified umpire officiates and which takes place in the city of New York.

2. "High school age children" would mean persons older than thirteen years of age, but younger than eighteen years of age.

3. "School" would mean any public or private school which includes any grade nine through twelve and which is located in the city of New York.

4. "Wood bat" would mean any baseball bat constructed exclusively of wood or any wood laminated or wood composite bat, which is approved by major league baseball, pursuant to such organization's official rules, for major league or minor league baseball play; provided that such term shall not include any bat made in whole or in part of metal, including, but not limited to, aluminum, magnesium, scandium, titanium or any other alloy compound.

Pursuant to subdivision b of §10-165, only wood bats shall be used in any competitive baseball game in which high school age children are participants and which involves the participation and/or sponsorship of a school.

Section 3 of Proposed Int. No. 341-A would provide that this local law would take effect on September 1, 2007.

[53] NSCHAA became a wood only league in spring of 2006. According to its President, Donald Buckley, "We are very proud of our decision and confident that in the long run, it is in the best interest of the children and baseball to continue using the wood bats." Letter from Mr. Buckley dated November 30, 2006, on file with Committee staff.

[54] PPBA prohibited metal bats for its older players in Spring 2007. According to its wood bat policy (on file with Committee staff), "the greatest concern about the increased risk of injury to players using metal versus wood bats lies with older players, who hit the ball harder than younger players." Participating organizations include: 78th Precinct Youth Council, St. Francis Xavier Youth Sports, Camp friendship, Holy Name Fathers Guild, Immaculate Heart of Mary, Brooklyn Angels, Our Lady of Guadalupe, Sacred Heart Youth Program and South Brooklyn Youth Organization.

[55] A January 2007 letter (on file with Committee staff) from the GCAA Board of Directors indicates that a decision was made to switch to wood bats because "[e]very split-second matters." According to the Board, "After careful consideration and review of the issues, we, the GCAA Board, have decided that we respectfully disagree with our colleagues at Little League Baseball, Inc., though we believe their opinion to be sincere and well-intentioned. Our responsibility, first and foremost, is to the children who participate in our programs. While we cannot make our programs risk-free, we can, and must, take all necessary steps to eliminate what we believe are the very real risks presented by metal bats."

[56] NDHSAA voted to switch to wood on June 21, 2005. As per the testimony of Joel Swanson, an NDHSAA Advisory Representative for Baseball and Association Scout for the Tampa Bay Devil Rays, "safety, weather and cost were the main reasons cited for the change." Mr. Swanson also indicated that "[w]ith the introduction of composite bats, we feel this is the perfect situation for ND."

[57] Wyckoff Township Recreation Officials passed the ban in late 2006 for grades 2-8, after Steven Domalewski of Wayne, New Jersey, was seriously injured by a ball hit off a metal bat. Board President Richard Weiner noted, "[w]e thought there was a need [for us] to be pioneers in this area." The Record, Bergen County, "*Rec League Bars Metal Bats*," December 22, 2006.

[58] According to Alan Weinstein, Baseball Commissioner of Montvale's Athletic League, the ban, which was passed in October of 2006 and would affect players in kindergarten through eighth grade, will make kids safer, as well as better hitters. Int. No. 341-A

By Council Members Oddo, Fidler, Sears, White, McMahon, Vallone Jr., Felder, Martinez, de Blasio, Gallagher, Comrie, Mendez, Reyna, Brewer, Stewart, Yassky, Nelson, Seabrook, Addabbo Jr., Recchia, Gioia, Barron, Arroyo, Baez, Palma, Vacca, Koppell, Gonzalez, Lappin, Vann, Ignizio, Rivera and The Public Advocate (Ms. Gotbaum)

A Local Law to amend the administrative code of the city of New York, in relation to prohibiting the use of non-wood bats.

Be it enacted by the Council as follows:

Section 1. Declaration of legislative findings and intent. The Council hereby finds that the use of non-wood bats poses an unacceptable risk of injury to children, particularly those who play competitive high school baseball.

§2. Title 10 of the administrative code of the city of New York is amended by adding a new section 10-165 to read as follows:

§10-165 Prohibition of use of non-wood bats. a. Definitions. When used herein, the following terms shall have the following meanings:

1. "Competitive baseball game" shall mean any organized baseball game at which a certified umpire officiates and which takes place in the city of New York.

2. "High school age children" shall mean persons older than thirteen years of age, but younger than eighteen years of age.

3. "School" shall mean any public or private school which includes any grade nine through twelve and which is located in the city of New York.

4. "Wood bat" shall mean any baseball bat constructed exclusively of wood or any wood laminated or wood composite bat, which is approved by major league baseball, pursuant to such organization's official rules, for major league or minor league baseball play; provided that such term shall not include any bat made in whole or in part of metal, including, but not limited to, aluminum, magnesium, scandium, titanium or any other alloy compound.

b. Only wood bats shall be used in any competitive baseball game in which high school age children are participants and which involves the participation and/or sponsorship of a school.

§3. This local law shall take effect on September 1, 2007.

RESOLUTIONS

The following are the respective Committee Reports for each of the Resolutions referred to the Council for a voice-vote pursuant to Rule 8.50 of the Council:

Report for voice-vote Res. No. 131-A

Report of the Committee on Governmental Operations in favor of approving and adopting, as amended, a Resolution urging the New York State Board of Elections to promptly certify Precinct Based/Optical Scan voting systems for procurement by the local Boards of Elections and urging the New York City Board of Elections to select a Precinct Based/Optical Scan system as the new voting technology for the City of New York.

The Committee on Governmental Operations to which was referred on March 1, 2006 (Minutes, page 796) the annexed amended resolution respectfully

REPORTS:

1. INTRODUCTION

On Wednesday, March 14, 2007, the Committee on Governmental Operations, chaired by Council Member Simcha Felder, will consider Proposed Res. No. 131-A. Proposed Res. No. 131-A urges the New York State Board of Elections ("State Board") to promptly certify Precinct Based Optical Scan ("PBOS") voting systems that are compliant with the New York State Board of Elections voting system standards for procurement by the county Boards of Elections. Once the State Board certifies a compliant PBOS system the resolution further urges the Board of Elections in the City of New York ("City Board") to select a PBOS system as the new voting technology for New York City.

The Committee held hearings on a previous version of this resolution on April 24, 2006 and January 29, 2007.

2. HAVA BACKGROUND

In 2002, Congress passed HAVA to improve the administration of elections in the United States. This legislation, which requires states to replace all punch card and lever voting machines,[1] has many components, such as creating a statewide

computerized, interactive voter registration list,[2] and providing accessible voting machines.[3] In particular, the provisions involving the choice of machines used to record the vote are fundamental not only to HAVA compliance, but also to the value of expenditures made, and ultimately to the integrity of elections.

All participating states were required to comply with HAVA by the general election for federal office held in November 2004.[4] However, if like New York, a one-time waiver was applied for and obtained from the federal government, compliance with HAVA was extended until the first election for federal office held after January 1, 2006,[5] which was the September 2006 primary election.

In 2005, the New York State Legislature passed the Election Reform and Modernization Act (ERMA), which authorized the local Boards of Elections to make the final decision about which systems to select to replace the current lever machines in their respective counties.[6] The State has mandated that local Boards of Elections may chose between two major modern voting systems: DRE w/ VVPAT and the PBOS.[7] Before this can be done, however, the State must certify the specific DRE w/ VVPAT and PBOS machines from which the local Boards can chose.[8]

To date, however, New York is not fully HAVA compliant.[9] In fact, in February of 2006, the Department of Justice sued New York State over its failure to replace the machines or to comply with other HAVA guidelines.[10] On June 2, 2006, as part of the settlement of the HAVA lawsuit, the Court issued its remedial order accepting the State BOE's remedial plan for partial HAVA compliance for the upcoming 2006 election cycle, and setting forth future deadlines for full HAVA compliance by 2007.[11] As part of this remedial plan for the 2006 election cycle, the City BOE implemented the BMD[12] as the voting system for people with disabilities.[13] Specifically, for the Primary and General Elections the City BOE made BMDs available at one site in each of the five boroughs.[14] There were 5 BMDs each in Manhattan, Brooklyn and Queens, 4 BMDs in the Bronx, and 3 BMDs in Staten Island, for a total of 22 BMDs.[15] It should be noted that the BMDs

> are not actual voting machines; they cannot record votes, but merely generate a printed ballot on a sheet of white paper. The voter, with help from a poll worker if necessary, would then place the ballot in an envelope. The ballot would then be counted by hand, along with other paper ballots, including absentee ballots, on Election Day or shortly after.[16]

In order to become fully compliant with HAVA and ERMA, the State Board must certify permanent voting system(s) for procurement by the local Boards in 2007.[17] However, due to alleged inadequacies with one of the State Board's consultants, Ciber Inc., the State Board is not expected to certify new voting systems until May 7, 2007.[18] This delay calls into question whether New York will be fully HAVA compliant in 2007.[19]

3. PPROPOSED RES. NO. 131-A

Proposed Resolution Number 131-A outlines the alleged advantages of selecting a PBOS voting system over a DRE w/ VVPAT voting system. In particular, Proposed Resolution Number 131-A argues that the PBOS system is more reliable because it: (i) uses paper ballots cast manually and directly by the voter, which permits easier verification, simpler audits and faster recounts, issues that often come up in New York;[20] (ii) is easily outfitted for use by people with disabilities;[21] (iii) is less prone to fraud; and (iv) is less expensive than DREs w/ VVPAT.[22] Due to the alleged advantages, the resolution urges the State Board to promptly certify PBOS voting systems that are compliant with the State Board's voting systems standards and further urges the City Board to select a compliant PBOS as the voting technology for New York City.

Accordingly, Your Committee recommends its adoption, as amended.

Res. No. 131-A

Resolution urging the New York State Board of Elections to promptly certify Precinct Based Optical Scan voting systems that are compliant with the New York State Board of Elections voting system standards for procurement by the county Boards of Elections and urging the Board of Elections in the City of New York to select a Precinct Based Optical Scan system that is compliant with the New York State Board of Elections voting system standards as the new voting technology for the City of New York.

By Council Members Barron, Arroyo, Baez, Foster, Sanders, Stewart, Jackson, Martinez, Gonzalez, Palma, Katz, Vallone Jr., Comrie, James, Mendez, Nelson, Mark-Viverito, Avella, Vacca, Seabrook, Dickens, Addabbo Jr., Koppell, Liu, Monserrate, Lappin, Garodnick, McMahon, Gennaro, Gioia, Sears, Brewer, de Blasio, Weprin, Gerson, Mealy, Vann, White, Dilan, Oddo, Gentile, Reyna, Recchia, Gallagher and The Public Advocate (Ms. Gotbaum)

Whereas, Honest, observable, and easily-verified public elections constitute the foundation of representative democracy; and

Whereas, Public confidence in the outcome of elections depends on voting technology that is easy to use and enables citizens to observe, understand, and attest to the reliable and secure handling of votes; and

Whereas, The federal Help America Vote Act of 2002 (HAVA) was intended to address concerns with the manner in which elections were conducted following the Presidential Election of 2000; and

Whereas, HAVA requires states to undertake various measures to modernize elections and increase voter participation; and

Whereas, In 2005, the New York State Legislature enacted the Election Reform and Modernization Act (ERMA) in order to comply with HAVA; and

Whereas, ERMA requires county boards of election to select new voting technology to replace the mechanical lever machines, which are currently used throughout the state; and

Whereas, Under ERMA, county boards of election may select either a Precinct Based Optical Scan (PBOS) voting system or a Direct Recording Electronic (DRE) voting system; and

Whereas, Further, under ERMA, the New York State Board of Elections is responsible for certifying that voting systems are compliant with its standards and can be procured for use by the county boards of election; and

Whereas, ERMA requires that New York be fully HAVA compliant by 2007; and

Whereas, To date, the New York State Board of Elections has not certified that any of the voting systems under consideration is compliant with the State Board of Elections' voting system standards, and therefore can be procured for use by county boards of election; and

Whereas, Given the approaching deadline for full HAVA compliance, the Board of Elections in the City of New York must continue to work diligently to be prepared to select and procure a permanent voting system as soon as a voting system(s) is certified by the State Board of Elections, and begin planning immediately to make a transition to the use of a such system; and

Whereas, Voter and public confidence would be strengthened by the use of a PBOS system, which is easier to use because the ballot is marked directly by the voter, whether manually by pencil or pen, or by the use of an accessible ballot marking device; and

Whereas, The additional advantages to a PBOS system are that when it is used in conjunction with an accessible ballot-marking device it can be used by voters with disabilities, voters for whom English is not their primary language, and any other voters who prefer the technology; and

Whereas, A PBOS system would enable the Board of Elections in the City of New York to avoid many issues related to the prevention, detection and correction of errors and tampering because the paper ballots can be securely stored and handled and would enable election observers and the public to meaningfully witness election procedures and vote-counting; and

Whereas, A PBOS system would also facilitate easy and observable recounts; and

Whereas, Optical scanners and ballot markers in the polling site would make it easier to detect errors in ballot-marking such as overvotes and undervotes, and enable voters to correct such errors before their ballot is cast; and

Whereas, Optical scanner systems have proven their reliability by being successfully used in elections nationwide for over thirty years, and are currently used

by approximately forty-nine percent of American voters in fifty-six percent of counties nationwide; and

Whereas, Optical scanner systems have been successfully programmed, operated, and maintained by public employees in New York State in agencies such as the Division of the Lottery, the New York State Education Department and the Department of Motor Vehicles, as well as by our county boards of election in all boroughs of the City of New York for use in counting absentee ballots; and

Whereas, To the highest extent possible, public employees should perform all work related to the conduct of elections; and

Whereas, PBOS systems can easily be programmed by bipartisan, technical staff at the Board of Elections in the City of New York without the need for ongoing involvement of vendors; and

Whereas, The alternative type of voting system, the DRE, does not lend itself to complete public control as vendors typically retain an interest in the hardware, software, or source-code of such technologies and are largely responsible for the maintenance of and training with respect to their systems; and

Whereas, PBOS systems will be significantly less expensive than DRE systems; and

Whereas, The difference in cost between the PBOS and DRE systems relates to: (1) how many units would be required and initial purchase costs; (2) the transition costs of altering storage facilities to accommodate the system; (3) revision of training materials and procedures for training of voters and poll-workers; (4) continuing costs of storage, transportation, and logic and accuracy testing; (5) dealing with the types of lawsuits that electronic voting has engendered in other jurisdictions; and (6) costs associated with replacing parts of the system ; and

Whereas, PBOS systems are less delicate than electronic voting equipment and therefore have a longer lifespan; and

Whereas, PBOS systems can provide the advantages of quick election day results and accessibility without the risks associated with electronic voting; and

Whereas, Voter and public confidence would be lowered by the use of electronic ballots, which are recorded in a way that no voter or observer can actually witness; and

Whereas, DRE voting systems can make errors and tampering difficult to prevent, detect, or correct; and

Whereas, Computer security with DRE systems is notoriously difficult to achieve; and

Whereas, Other jurisdictions have experienced severe problems with electronic voting systems, which have depressed voter confidence and prompted lawsuits by candidates and voters as a result of the many irregularities experienced with such systems; and

Whereas, Further, jurisdictions such as New Mexico that initially purchased electronic voting systems have switched their voting system to a PBOS system; now, therefore, be it

Resolved, That the Council of the City of New York urges the New York State Board of Elections to promptly certify Precinct Based Optical Scan voting systems that are compliant with the New York State Board of Elections voting system standards for procurement by the county Boards of Elections and urges the Board of Elections in the City of New York to select a Precinct Based Optical Scan system that is compliant with the New York State Board of Elections voting systems standards as the new voting technology for the City of New York.

SIMCHA FELDER, Chairperson; JOSEPH P. ADDABBO JR., DOMENIC M. RECCHIA JR., PETER F. VALLONE JR., INEZ E. DICKENS, Committee on Governmental Operations, March 14, 2007.

Pursuant to Rule 8.50 of the Rule of the Council, the Public Advocate (Ms. Gotbaum) called for a voice vote. Hearing no objections, the Public Advocate (Ms. Gotbaum) declared **Res. No. 131-A** to be adopted.

Adopted unanimously by the Council by voice vote.

Report for voice-vote Res. No. 267-A

Report of the Committee on Education in favor of approving, as amended, a Resolution calling upon the Department of Education to assess the impact of its decision to decrease milk choices in New York City's public schools in order to evaluate the effect of this policy change on children's milk consumption and nutrition.

The Committee on Education to which was referred on April 26, 2006 (Minutes, page 1607) the annexed amended resolution respectfully

REPORTS:

On Monday, March 5, 2007, the City Council's Committee on Education, chaired by Council Member Robert Jackson, will consider Proposed Resolution No. 267-A, which calls upon the Department of Education ("DOE") to assess the impact of its decision to decrease milk choices in New York City's public schools in order to evaluate the effect of this policy change on children's milk consumption and nutrition. A previous hearing on this issue was held on December 13, 2006. A copy of the Proposed Resolution is attached.

Proposed Resolution No. 267-A

Proposed Resolution No. 267-A would point out that in September 2005, the New York City Department of Education (DOE) began a pilot program in public schools in the Bronx that reduced the availability of milk varieties to students. The Proposed Resolution would also point out that according to a *New York Times* article dated February 2, 2006, the DOE stated that by the end of that month, public schools in all five boroughs would serve only low-fat and non-fat milk. Proposed Res. No. 267-A would note that milk choices are now limited to low-fat and non-fat unflavored milk on a daily basis, with some schools serving flavored non-fat chocolate milk on occasion.

The Proposed Resolution would also note that the decision to discontinue serving a wider variety of milk was apparently made as part of an overall effort to reduce childhood obesity by serving healthier meals and snacks at New York City public schools. Proposed Res. No. 267-A would point out that according to a 2003 survey conducted by the New York City Department of Health and Mental Hygiene (DOHMH), 43% of New York City public school children enrolled in kindergarten through fifth grade are either overweight or obese. In addition, the Proposed Resolution would also point out that according to a July 2003 press release from DOHMH, "obesity puts people, even children, at a greater risk for a number of chronic health conditions, including diabetes."

Proposed Res. No. 267-A would note that while recognizing the need to address the childhood obesity issue, some health professionals are concerned that limiting milk choices too strictly may decrease the overall consumption of milk, reducing the chances of a child to meet his/her daily requirements for calcium and other essential nutrients.

The Proposed Resolution would point out that the 2005 Dietary Guidelines for Americans recommend that children age 8 and older consume three servings of milk and milk products a day. In addition, the Proposed Resolution would also point out that according to statistics from the United States Department of Agriculture, more than 70% of girls and 60% of boys do not get enough calcium in their daily diet.

Proposed Res. No. 267-A would note that the February 2, 2006 *New York Times* article mentioned that officials had already noticed a 5% decrease in milk consumption in public schools. Further, the Proposed Resolution would note that the same article states that public schools that stopped serving flavored milk saw a 15% decrease in milk consumption.

The Proposed Resolution would point out that the DOE's decision to sharply limit milk offerings to only non-fat or low-fat unflavored milk and non-fat chocolate flavored milk on occasion, could have a negative impact on a child's consumption of calcium and other essential nutrients (including vitamin A, vitamin D, vitamin B12, riboflavin, protein, phosphorous, magnesium and potassium). Further, the Proposed Resolution would also point out that in fact, the 2005 Dietary Guidelines for Americans indicates that "in some cases, small amounts of sugars added to nutrient-dense foods, such as breakfast cereals and reduced-fat milk products, may increase a person's intake of such foods by enhancing the palatability of these products, thus improving nutrient intake without contributing excessive calories."

Finally, Proposed Res. No. 267-A would note that the nutritional content of milk should not be overlooked, and efforts should be made by the DOE to ensure that the health of every child is taken into consideration.

INTRODUCTION AND READING OF BILLS

Int. No. 531

By the Speaker (Council Member Quinn) and Council Members Brewer, Avella, Fidler, Gennaro, Gentile, Gonzalez, Koppell, Lappin, Mealy, Nelson, Palma, Recchia, Sanders, Seabrook, Weprin, Liu and Gerson.

A Local Law to amend the New York city charter, in relation to requiring that all documents that an agency is required by charter or other law to prepare, and the databases used to create such documents, be transmitted to the council as a computer file as well as in print copy.

Be it enacted by the Council as follows:

Section 1. Section 1134 of the New York city charter is amended to read as follows:

§1134. *Transmission of documents to city council. a.* The head of each agency shall promptly transmit to the council, *as a computer file on a non-volatile medium and in print copy,* [copies of]all [final reports]*documents* [or studies]which the charter or other provision of law requires the agency or any official thereof to prepare. *Each such document shall be accompanied by a copy of each database used in the preparation or creation of such document as a database file on a non-volatile medium.* The head of each agency shall also promptly transmit to the council, *as a computer file on a non-volatile medium and in print copy,* [copies of]all final audits, audit reports and evaluations of such agency prepared by state or federal officials or by private parties.

b. For the purposes of this section the following terms shall have the following meanings:

(1) "Document" means a report, paper, study, or publication; and

(2) "Non-volatile medium" means a current industry standard medium for the indefinite storage of digital information without a source of power that can be read by a computer.

§2. This local law shall take effect immediately upon its enactment.

Referred to the Committee on Technology in Government.

Res. No. 738

Resolution supporting S.201, also known as the "9/11 Heroes Health Improvement Act of 2007", to establish a grant program for individuals still suffering ill health effects as a result of the September 11, 2001 attacks on the World Trade Center and the Pentagon.

By Council Members Addabbo Jr., Avella, Brewer, Dickens, Fidler, Foster, Gennaro, Gentile, Gonzalez, Koppell, McMahon, Mealy, Monserrate, Nelson, Palma, Recchia, Sanders, Seabrook, Weprin, Liu, Mark-Viverito and Gerson.

Whereas, When the United States was attacked on September 11, 2001, many men and women responded selflessly and heroically; and

Whereas, Those first responders were exposed to potentially harmful debris and environmental contaminants, and were placed at-risk of suffering psychological side effects related to the traumatic events of that day; and

Whereas, According to a report by the Centers for Disease Control (CDC), an estimated 40,000 people participated in the rescue and recovery efforts at the World Trade Center site in the months following the attacks; and

Whereas, Many of these workers continue to suffer from devastating health problems caused by their work at the sites of the attacks; and

Whereas, Many of those adversely affected are not only struggling with their health, but with finding ways to pay for needed services; and

Whereas, On January 8, 2007, Senator Hillary Rodham Clinton introduced S.201 in the United States Senate; and

Whereas, S.201, also known as the "9/11 Heroes Health Improvement Act of 2007", would establish a grant program for individuals still suffering ill health effects as a result of the September 11, 2001 attacks in New York City and at the Pentagon; and

Whereas, S.201 would provide grants for programs which provide medical and mental health monitoring, tracking, and treatment to individuals whose health has been directly impacted as a result of the attacks on the World Trade Center and at the Pentagon; and

Whereas, These funds would help provide for those individuals who are not covered by health care insurance, who need health care assistance beyond what their coverage provides or who have insufficient health care insurance coverage; and

Whereas, S.201 would include as eligible individuals any firefighter, police officer, paramedic, worker, volunteer, resident, student, and any other individual who worked at Ground Zero, Fresh Kills (recovery site on Staten Island), or the Pentagon, or who lived or worked in the vicinity of such areas, whose health has deteriorated as a result of the attacks and who has been evaluated by a physician or mental health professional for 9/11 related health conditions and needs treatment for such conditions; and

Whereas, Additionally, S.201 would require the Director of the CDC to submit a report on the use of monies funded under this legislation; and

Whereas, Both the Pentagon and New York City's World Trade Center were attacked as symbols of the United States, its people and its philosophies; and

Whereas, It is essential that the United States government support the heroic men and women who offered their assistance immediately and in the days, weeks and months that followed the attacks by providing for them and ensuring that they have access to both medical monitoring and adequate medical care; and

Whereas, By passing S.201, the United States Senate can send a message to these Americans that they will not be forgotten by a grateful nation; now, therefore, be it

Resolved, That the Council of the City of New supports S.201, also known as the "9/11 Heroes Health Improvement Act of 2007", to establish a grant program for individuals still suffering ill health effects as a result of the September 11, 2001 attacks on the World Trade Center and the Pentagon.

Int. No. 533

By Council Members Brewer, Foster, Gentile, Gonzalez, Koppell, Martinez, Nelson, Palma, Sanders, Seabrook, Mark-Viverito and Gerson.

A Local Law to amend the New York city charter, in relation to requiring that all public meetings be webcast.

Be it enacted by the Council as follows:

Section 1. Subdivision b of section 1063 of the New York city charter is amended to read as follows:

b. The council and its committees and the city planning commission shall make their public meetings and hearings available for cablecasting and broadcasting. The council[, on the recommendation of the commission on public information and communication,] may by local law require that other agencies of city government be subject to the requirements of this subdivision.

§2. Section 1063 of the New York city charter is amended by adding a new subdivision d to read as follows:

d. All public meetings and hearings held by any city agency, authority, committee, commission or task forces, or by the council and its committees, shall be broadcast in digital video format live on the Internet. Such broadcasts shall be archived and made accessible to the public on the city's website for not less than one year from the date of the original broadcast.

§2. This local law shall take effect immediately upon its enactment.

Int. No. 534

By Council Members Brewer, Mendez, Garodnick, Dickens, Koppell, Lappin, Nelson, Palma, Sanders, Weprin, Mark-Viverito and Gerson.

A Local Law to amend the administrative code of the city of New York, in relation to fines for illegal conversions from residences to hotels.

Be it enacted by the Council as follows:

Section 1. Legislative Findings and Intent. The Council finds that New York City apartments within buildings intended for residential uses are often being converted to hotel occupancy, particularly in certain neighborhoods. Oftentimes this practice occurs illegally despite the existing prohibitions in the City's Zoning Resolution and Administrative Code. The 2005 Housing and Vacancy Survey found a citywide low rental vacancy rate of 3.09%, which constitutes a ground for a "declaration of emergency" in terms of the lack of available apartments (Section 3 of Chapter 576 of the Laws of 1974 authorizing the extension of rent regulation). The Council finds that such use of apartments as short-stay hotel rooms drives down the already extremely limited supply of housing, including rent-regulated apartments, and places additional pressures on an extremely tight rental market. Furthermore, this illegal practice denies permanent tenants the quiet enjoyment of their homes.

While the Council recognizes that legal hotels and their related businesses are a significant sector of New York City's economy and provide wages and benefits to a large number of workers in New York City, there is an equally strong recognition of the need to discourage illegal conversions and thereby maintain needed rental apartments for permanent tenants. This legislation will increase fines for those who illegally convert residential units and buildings.

§2. Section 26-126 of the administrative code of the city of New York is amended by adding a new subdivision e to read as follows:

e. Notwithstanding any other provision of law, and in addition to any other fines or penalties provided by law, any person who shall convert, or knowingly take part or assist in the conversion or otherwise allow the conversion of a dwelling unit legally approved for uses allowed in buildings classified in occupancy groups J-2 or J-3 to uses that would be lawful in a building classified in occupancy group J-1, except as provided by section 22-22 of the zoning resolution, shall be subject to a fine for each dwelling unit converted to J-1 use of not less than one thousand dollars and not more than five thousand dollars for the first offense, not less than two thousand five hundred dollars and not more than fifteen thousand dollars for a second offense committed within an eighteen-month period, and not less than ten thousand dollars and not more than twenty thousand dollars for a third or subsequent offense committed within an eighteen-month period. For the purposes of this section a conversion in use of a dwelling unit may occur irrespective of whether any physical changes have been made to such dwelling unit.

§3. Subdivision e of section 26-126.1 of the administrative code of the city of New York is amended to read as follows:

e. In addition to the penalties set forth in subdivision a of this section: (i) any individual who shall violate or fail to comply with the provisions *of subdivision a* of section 27-118.1 of this code shall also be subject to the payment of a penalty of not less than fifty dollars nor more than one hundred dollars per day, for each dwelling unit added, commencing on the date such notice of violation was issued and terminating on the date of the filing of a certification that the condition constituting the violation has been corrected or the date of final adjudication of the violation by the environmental control board, whichever occurs first, and there shall be a rebuttable presumption that the violation continued to exist from the date of the issuance of the notice of violation until the date of the filing of the certification or final adjudication; and (ii) a third or subsequent violation *of subdivision a* of section 27-118.1 of this code by the same respondent and, if the respondent is the owner, agent, lessee or other person in control of the premises with respect to which the violation occurred, at the same premises (all violations committed within an eighteen month period), shall result in a civil penalty of not less than five thousand dollars nor more than fifteen thousand dollars.

§4. Section 26-126.1 of the administrative code of the city of New York is amended by adding a new subdivision f to read as follows:

f. In addition to the penalties set forth in subdivision a of this section, any person who shall violate the provisions of subdivision b of section 27-118.1 of this code shall also be liable for a civil penalty of not less than three hundred nor more than four hundred dollars per day for each dwelling unit illegally converted to or used as a J-1 occupancy group, commencing on the date a notice of violation for such illegal conversion was issued and terminating on the earlier of the date of filing with the department a valid certification that the violation has been corrected or the date of a final determination by the environmental control board that the violation has been corrected. There shall be a rebuttable presumption that the violation continued to exist from the date of the issuance of the notice of violation until the date of the filing with the department of the valid certification or final determination of correction. For the purposes of this section a conversion in use of a dwelling unit may occur irrespective of whether any physical changes have been made to such dwelling unit.

§5. Section 27-118.1 of the administrative code of the city of New York is amended to read as follows:

§27-118.1 Illegal alterations involving change in occupancy. *(a)* No person, except in accordance with all requirements of this code, shall convert, knowingly take part or assist in the conversion, or permit the maintenance of the conversion, of a residence which is legally approved for occupancy as a dwelling for one or more families, to a residence for occupancy as a dwelling for more than the legally approved number of families. Any person who shall violate or fail to comply with the provisions of this section shall be liable for a civil penalty which may be recovered in a proceeding before the environmental control board pursuant to the provisions of section 26-126.1 of this code. Upon the finding of such violation and the imposition of the civil penalty, the environmental control board shall forward to the internal revenue service, the New York state department of taxation and finance and the New York city department of finance the name and address of the respondent, the address of the building or structure with respect to which the violation occurred, and the time period during which the violation was found to have existed.

(b) No person, except in accordance with all requirements of this code, shall convert, knowingly take part or assist in the conversion, or otherwise allow the maintenance of the conversion, of a dwelling unit in a building legally classified in occupancy group J-2 or J-3 to an occupancy that would be lawful in a building classified in occupancy group J-1. A violation of the provisions of this section shall be classified as hazardous and any person who violates the provisions of this section shall be liable for a civil penalty which may be recovered in a proceeding before the environmental control board pursuant to the provisions of section 26-126.1 of this code. Upon the finding of such violation and the imposition of the civil penalty, the environmental control board shall forward to the internal revenue service, the New York state department of taxation and finance and the New York city department of finance, with the name and address of the respondent, the address of the building or structure with respect to which the violation occurred, and the time period during which the violation was found to have existed.

§6. This local law shall take effect sixty days after it shall have been enacted into law.

Res. No. 739

Resolution calling for the Council of the City of New York to highlight and honor the life and achievements of Judge Jane Bolin.

By Council Members Comrie, Fidler, Gonzalez, Nelson, Seabrook and Weprin.

Whereas, Judge Jane Bolin, first black woman in the United States to become a judge, died on January 8, 2007, at the age of ninety-eight; and

Whereas, Although initially discouraged to pursue a career in law by a Wellesley College guidance counselor and her father, Gaius C. Bolin, who had his own legal practice and was president of the Dutchess County Bar Association, she graduated from Wellesley College and was named a Wellesley Scholar in 1928, became the first black woman to graduate from Yale Law School and was the first to join the New York City Bar Association; and

Whereas, After graduating from Yale, she practiced for a short time with her father in Poughkeepsie, and in 1937, applied for a position in the New York City corporation counsel's office, subsequently was assigned to the Domestic Relations Court, and became the first black woman to work in the city's legal department; and

Whereas, On July 22, 1939, was sworn in as a family court judge by Mayor Fiorello H. LaGuardia, in a ceremony that took place at the New York City building at the 1939 World's Fair; and

Whereas, As a family court judge, her cases included homicides and crimes committed by juveniles, neglected children, adoptions, battered spouses, and paternity suits, which, in turn, led to some of her many transcendant achievements such as ending the assignment of probation officers on the basis of race and the placement of children in child-care agencies on the basis of ethnic background; and

Whereas, Judge Bolin was reappointed to ten year terms by Mayors William O'Dwyer, Robert F. Wagner Jr., and John V. Lindsay; and

Whereas, In January 1979, Judge Bolin reached the mandatory retirement age of seventy, and reluctantly retired after forty years as a judge; and

Whereas, After retirement, she remained active in the community as a volunteer reading instructor in New York City public schools for two years, and was appointed to the Regents Review Committee of the New York State Board of Regents; and

Whereas, Judge Bolin was outspoken on civil rights issues and her broad sympathy for human suffering will be long remembered; now, therefore, be it

Resolved, That the Council of the City of New York honors the life and achievements of Judge Jane Bolin.

Referred to the Committee on Cultural Affairs, Libraries & International Intergroup Relations.

Res. No. 740

Resolution calling for the Council of the City of New York to highlight and honor the life and achievements of Judge William H. Booth.

By Council Members Comrie, Gonzales, Nelson, Sanders, Seabrook and Weprin.

Whereas, Judge William H. Booth, well known as a civil rights leader who challenged racial discrimination in employment, housing, education, and other fields, died on December 12, 2006, at the age of eighty-four; and

Whereas, In a career that embraced law, politics and civil rights over nearly six decades, Mr. Booth exemplified civil rights leadership at an early age by becoming president of the Jamaica youth chapter of the N.A.A.C.P. at age 16 and thereafter became New York State president of the N.A.A.C.P.; and

Whereas, Judge Booth graduated from Jamaica High School, served his country as an Army Air Force master sergeant in World War II, resumed his studies and graduated from Queens College in 1946, and earned a law degree and a master's in law from New York University; and

Whereas, Prior to his appointment to the bench, Judge Booth set forth an ambitious agenda as chairman of the city's Commission on Human Rights from 1966 to 1969, during a time when New York seethed with racial tensions, protest demonstrations, and street rioting, as he ordered opened commission meetings, established field offices around the city to take complaints and begin investigations, subpoenaed data on racial composition of companies and unions, filed lawsuits, issued cease-and-desist orders, and threatened to cut off the city contracts of corporations that violated discrimination laws; and

Whereas, William H. Booth, appointed to a Criminal Court judgeship by Mayor John V. Lindsay in 1969, and subsequently from 1976 to 1982 serving as an acting justice of State Supreme Court in Brooklyn, served thirteen years on the bench, making an indelible mark on the justice system; and

Whereas, In 1987, Governor Mario M. Cuomo named Mr. Booth to a task force on bias-related violence and in 1991, Mayor David N. Dinkins appointed him chairman of the city's Board of Correction, where he monitored policies and conditions in the jail system; and

Whereas, Mr. Booth's passion for justice led him to southern states to investigate discrimination cases and he joined the Reverend Dr. Martin Luther King Jr., in marches and civil rights activities; and

Whereas, Undeterred by controversy, Judge Booth made contributions to the judicial system and to society at large that will be long remembered; now, therefore, be it

Resolved, That the Council of the City of New York honors the life and achievements of Judge William H. Booth.

Referred to the Committee on Cultural Affairs, Libraries & International Intergroup Relations.

Res. No. 741

Resolution honoring the life and achievements of Carlos Lezama.

By Council Members Comrie, Brewer, Fidler, Gonzalez, Nelson, Sanders, Seabrook, Stewart and Weprin.

Whereas, Carlos Lezama, known as the father of the City's annual West Indian American Day Carnival, died on January 22, 2007 at age 83; and

Whereas, Carlos Lezama spent his formative years in Trinidad, where he played Mas and the Steelpan; and

Whereas, According to the official website of The West Indian Day Carnival Association, Carlos Lezama long ago recognized the cultural significance of Carnival; and

Whereas, The original Carnival in New York City took place in Harlem, and beginning in the mid 1960's, Carlos Lezama directed his efforts, with his friend Rufus Goring, to firmly establishing Carnival in Brooklyn; and

Whereas, According to the Caribbean and Caribbean-American News Service (CAC-ANS), the West Indian American Day Carnival attracts millions of people to Eastern Parkway in Brooklyn on Labor Day each year; and

Whereas, As reported in CAC-ANS, for his efforts in promoting the culture of Caribbean people and enriching the cultural life of New York City, Mr. Lezama has been officially recognized and honored by four New York State governors, including Governors Nelson Rockefeller, Hugh Carey, Mario Cuomo and George Pataki, as well as every New York City Mayor since John Lindsay; and

Whereas, According to the official website of The West Indian American Day Carnival Association, New York's West Indian American Day Carnival has spawned over 39 Carnivals in many American and Canadian cities, and the economic impact of the numerous Carnivals has been estimated to reach more than $200 million each year, with a significant multiplier effect in the Brooklyn community alone; now, therefore, be it

Resolved, That the Council of the City of New York honors the life and achievements of Carlos Lezama.

Referred to the Committee on Cultural Affairs, Libraries & International Intergroup Relations.

Res. No. 742

Resolution calling upon the United States Congress, the Governor of the State of New York and the New York State Legislature to ensure the continued operation of 21st Century Community Learning Centers.

By Council Members Fidler, Brewer, Gennaro, Gonzalez, Nelson, Recchia, Seabrook, Weprin and Mark-Viverito.

Whereas, Two hundred and seven 21st Century Community Learning Centers ("Centers") throughout New York State, 60 percent of which are located in New York City, are in jeopardy of being shut down in June 2007 due to a funding shortage; and

Whereas, These after-school Centers provide valuable academic support and enrichment opportunities for the children of New York at high-poverty and low-performing schools; and

Whereas, These Centers help to improve State literacy and education levels by successfully helping many students to meet State and local standards in core academic subjects, such as reading and math; and

Whereas, Working parents of approximately 34,000 children in the State have come to depend on the Centers, which operate every day from 3 to 6 pm; and

Whereas, The 21st Century Community Learning Centers Initiative is the only federal funding source dedicated exclusively to after-school programs; and

Whereas, While the 2001 No Child Left Behind Act ("Act") includes an annual schedule of authorized amounts to be appropriated to the Centers, each year Congress has consistently appropriated less funding than such authorized amounts; and

Whereas, The total funding for the nation's Centers appropriated by Congress for fiscal year 2007 was approximately $981 million, which is not even half of the $2.5 billion authorized for appropriation under the Act; and

Whereas, Pursuant to the Act, the New York State Education Department ("SED") is charged with the responsibility of distributing federal funds to New York State Centers; and

Whereas, Pursuant to the Act, each fiscal year a State must reserve not less than 95 percent of the amount allotted to the State for awards to eligible Center grantees; and

Whereas, In February of 2007, the SED announced that due to a shortage of funds there would be no request for proposals issued, as was expected this year, thereby leaving 207 operational Centers State-wide without the opportunity to apply for continued funding; and

Whereas, The current funding crisis appears to be a consequence of inadequate federal funding, which has decreased from approximately $98.9 million in 2004 to approximately $90 million in 2006, as well as SED's management of such funds; and

Whereas, If the Centers are not funded beyond June of 2007, approximately 34,000 children in the State will lose vital after-school programs, 20,000 of whom are in New York City; and

Whereas, During a time when the State budget surplus is expected to be approximately $575 million, a possible solution is a one-year extension of State funds in the amount of approximately $31 million, which would give these Centers time to secure additional necessary funds while continuing program operation; and

Whereas, The SED should ensure that funding for these important Centers is carefully managed so that threats of Center shutdowns do not occur in the future; now, therefore, be it

Resolved, That the Council of the City of New York calls upon the United States Congress, the Governor of the State of New York and the New York State Legislature to ensure the continued operation of 21st Century Community Learning Centers.

Referred to the Committee on Youth Services.

Res. No. 743

Resolution calling upon the Postal Customer Council of New York to convene meetings more frequently in order to better handle local community problems relating to postal services.

By Council Members Foster, Brewer, Gonzalez, Nelson, Palma, Seabrook and Weprin.

Whereas, In 1961, the Post Office Department, the predecessor of the United States Postal Service (USPS), initiated the Postal Customer Council (PCC) program in order to improve localized communications between postal customers and local postal managers; and

Whereas, There are currently more than 250 PCC's throughout the United States, each working to keep PCC members abreast of the latest developments in USPS products, rates, and procedures and maintaining a close working relationship with local post offices to enable mail service to be more efficient, timely and profitable; and

Whereas, The PCC program places primary emphasis on service issues such as addressing, handling and barcoding, delivery and transportation of mail; and

Whereas, Despite the predominance of business-oriented representatives that make up PCC membership, membership in a PCC is open to any member of the public engaged with postal delivery in the relevant ZIP Code area covered by the PCC; and

Whereas, In order to meet PCC program objectives, PCC's are required to hold at least two general meetings per year; and

Whereas, PCC effectiveness varies by corresponding post office in terms of activity, creativity, initiative, and local leadership; and

Whereas, The PCC of New York consists of postal customers in the New York City metropolitan area and has traditionally been among the most active PCC's in the country, with meeting attendance often reaching into the hundreds; and

Whereas, special events, the New York PCC typically meets on the third Wednesday of each month; and

Whereas, The New York PCC's stated purpose is to employ its resources to facilitate the New York postal service's coordination and interaction with the business community and the general public; and

Whereas, Due to the unusually high number of non-business individuals using postal services in New York City, and particularly in relation to growing postal routing concerns facing residents of the South Bronx, the New York PCC's objectives could be better served by more frequent New York PCC meetings and greater New York PCC efforts to identify and resolve residential postal issues; now, therefore, be it

Resolved, That the Council of the City of New York calls upon the Postal Customer Council of New York to convene meetings more frequently in order to better handle local community problems relating to postal services.

Res. No. 744

Resolution calling upon the State Legislature to enact legislation establishing a New York State commission to quantify the debt owed to people of African descent, permit certain claims and make an appropriation therefor.

By Council Members Foster, Dickens, Palma, Sanders, Seabrook and Liu.

Whereas, Slavery was practiced in New York State for nearly two centuries; and

Whereas, New York's government not only legalized the enslavement of Africans and their descendants but also enacted "slave codes," taxes on the sale of enslaved persons and fines payable to the local government or poor house administrators for "slave code" violations; and

Whereas, New York's colonial and subsequent State and local governments and businesses sanctioned and profited from the inhumane and immoral trade in men, women, and children of African ancestry; and

Whereas, Tremendous, unjust profits were made from expropriated wages, forced labor, and second class citizenship of enslaved Africans; and

Whereas, Slavery's legacy of poverty, illiteracy, segregation and discrimination has never been adequately addressed; and

Whereas, Financial reparations for crimes against humanity and for State-sponsored discrimination have become a remedy for victims of such crimes, Native Americans, Jewish holocaust victims, Japanese Americans interned during World War II, and Rosewood, Florida riot victims and their descendants all being recent examples of this standard; and

Whereas, Legislative remedies can provide a mechanism for research and deliberations on how to compensate communities, especially children and families of African descent, for the collective wrongs suffered as a result of state-sanctioned slavery and discrimination; now, therefore, be it

Resolved, That the Council calls upon the State Legislature to enact legislation establishing a New York State commission to quantify the debt owed to people of African descent, permit certain claims and make an appropriation therefor.

Referred to the Committee on Governmental Operations.

Res. No. 745

Resolution calling upon the State Legislature to enact Assembly Bill A273, which acknowledges the tragedy of slavery in New York State and establishes a commemorative day to pay tribute to persons enslaved in this State.

By Council Members Foster, Dickens, Mealy, Palma, Sanders, Seabrook and Liu.

Whereas, Slavery existed in colonial New York and New York State for more than two hundred years; and

Whereas, New York's government not only permitted the enslavement of Africans and their descendants but also enacted "slave codes," taxes on the sale of enslaved persons and fines payable to the local government or poor house administrators for "slave code" violations; and

Whereas, Chapter 137 of New York's laws of 1817 provided for the gradual emancipation of enslaved persons by July 4, 1827; and

Whereas, This same statute proved less than wholly altruistic, instituting penalties for harboring an enslaved person or servant and permitting abandonment of an enslaved person upon reaching age twenty-one; and

Whereas, The 2002 World Conference Against Racism, held in Durban, South Africa, proclaimed in its final document that, "Slavery and the slave trade are a crime against humanity and should always have been so..."; and

Whereas, Assembly Bill A273, sponsored by Assembly Member Keith Wright of Manhattan, would have the State, as the government of New York, formally apologize for New York's role in the enslavement of Africans and their descendants; now, therefore, be it

Resolved, That the Council calls upon the State Legislature to enact Assembly Bill A273, which acknowledges the tragedy of slavery in New York State and establishes a commemorative day to pay tribute to persons enslaved in this State.

Res. No. 746

Resolution designating the week of April 15 to April 21 to be known and celebrated as "Library Week" in New York City

By Council Members Gentile, Recchia, Brewer, Dickens, Fidler, Koppell, Mealy, Nelson, Sanders, Sears, Weprin and White.

Whereas, In 1895, the private libraries of three wealthy New Yorkers were merged to create New York City's first free public library; and

Whereas, Since that time, New York City's three library systems have grown into some of the largest and most important circulating libraries in the world, with 208 local branches in all 5 boroughs, 4 central research libraries, and well over 65 million books and other circulating items; and

Whereas, According to the 2007 Preliminary Mayor's Management Report, New York City's extensive branch library system hosts over 35 million visitors a year and offers invaluable educational resources and programs, including adult literacy and a wide array of children's programming; and

Whereas, Since 1958, communities throughout the United States have celebrated National Library week with special programming and events aimed at encouraging people to use public libraries and to thank the countless librarians, volunteers and other library staff who play such vital roles in the intellectual life of the country; and

Whereas, New York City's enormous library system, with its deep reach into the City's diverse communities, is especially deserving of praise and support; and

Whereas, Public libraries have served as the great storehouses of knowledge and learning throughout the centuries, providing access to literature and education to all people; and

Whereas, New York City's three public library systems are beloved community institutions that allow access to an astounding wealth and variety of literature and educational resources and are vital to the quality of life and intellectual vitality of the City; now, therefore, be it

Resolved, That the Council of the City of New York designates the week of April 15 to April 21 to be known and celebrated as "Library Week" in New York City.

Referred to the Committee on Cultural Affairs, Libraries & International Intergroup Relations.

Res. No. 747

Resolution calling upon the United States Environmental Protection Agency to abandon its technically and scientifically flawed 2006 Test and Clean Program, and work with residents and workers, community and labor organizations and elected officials to design an effective, science-based sampling and cleanup program for residences and workplaces in Lower Manhattan, Brooklyn and all affected areas.

By Council Members Gerson, Fidler, Foster, Koppell, Nelson, Sanders, Weprin and Liu.

Whereas, On September 11, 2001 the City of New York and the United States of America were suddenly and deliberately attacked; and

Whereas, The collapse of the World Trade Center (WTC) and the fires that burned on for months after the attacks not only killed thousands but also caused multiple contaminants, including polycyclic aromatic hydrocarbons (PAHs), lead, man-made vitreous fibers (MMVF), mercury, asbestos, and other toxic substances, to be deposited upon and within residences, places of employment, schools and mixed-use buildings in Lower Manhattan and Brooklyn; and

Whereas, Many of these toxic substances remain indoors indefinitely where they can be inhaled by children and adults as they are occasionally disturbed or stirred up into the air; and

Whereas, In accordance with the National Contingency Plan, the National Response Plan, and Presidential Decision Directive 62, the legal responsibility for ensuring a thorough and responsible cleanup of environmental disasters after such acts of terrorism rests with the United States Environmental Protection Agency (EPA); and

Whereas, On December 6, 2006, the EPA released its Final Lower Manhattan Indoor Test and Clean Program, and declared this program to be the final phase of the EPA's response to the national terrorist attacks of September 11, 2001; and

Whereas, The EPA released its final Lower Manhattan Indoor Test and Clean Program without any input from community residents, workers, or businesses, or from the affected Manhattan Community Boards; and

Whereas, The EPA's final Lower Manhattan Indoor Test and Clean Program provides grossly insufficient financial resources – only $7 million – to test and clean all potentially affected residences, and provides no testing, cleaning, or financial resources for testing and cleaning for workplaces and businesses; and

Whereas, The EPA's Final Lower Manhattan Indoor Test and Clean Program is almost identical to the highly criticized November 2005 draft program and remains inadequate and technically and scientifically flawed; and

Whereas, The EPA's current program, by reverting to the limited geographic area established in the 2002 program as the area south of Canal Street and west of Pike and Allen Streets and by excluding Brooklyn and affected portions of Manhattan north of Canal Street and east of Allen and Pike Streets, will fail to assess the extent of remaining contamination in buildings and in areas known to have been impacted; and

Whereas, Manhattan Community Boards 1, 2 and 3 all adopted Resolutions in 2006 calling on EPA to abandon its technically and scientifically flawed November 2005 Test and Clean Program; and

Whereas, on May 10, 2006 the New York City Council adopted a Resolution urging EPA to work with residents, workers and community and labor organizations to design a more effective science-based cleanup program; and

Whereas, The EPA's December 2006 program fails to correct the major shortcomings of its 2002-3 test and clean program cited by EPA's Inspector General in a highly critical August 2003 report, including: failure to address potential residual contamination in HVAC systems, failure to test and clean each whole building as a system to eliminate possible recontamination, failure to address residual contamination in workplaces, failure to incorporate appropriate science-based testing methods; and

Whereas, Manhattan Community Boards 1, 2, and 3 all adopted resolutions in December 2006 and January 2007 calling again on EPA to withdraw its technically and scientifically flawed December 2006 program; and

Whereas, The EPA's current program repeats a familiar pattern in which the Agency has failed to adopt a precautionary approach, and has sought to downplay the potential risks and convey false assurances regarding World Trade Center contamination, rather than develop a scientifically sound approach to assessing and reducing these risks; and

Whereas, The New York City Council's Lower Manhattan Redevelopment Committee held a hearing on January 11, 2007 to consider the EPA's new final "Test and Clean Program" and heard community and expert testimony calling on the EPA to withdraw its December 2006 program and to replace it with a comprehensive test and clean program for the entire geographic area affected by the September 11, 2001 plume of contamination; and

Whereas, Experts appointed by the EPA to its own WTC Technical Review Panel have repudiated the current program as scientifically unsound; now, therefore, be it

Resolved, That the Council of the City of New York calls on the United States Environmental Protection Agency to withdraw its technically and scientifically flawed 2006 Test and Clean Program, and to work with experts and, with input from residents and workers, community and labor organizations and elected officials, to design and implement an effective, science-based sampling and cleanup program for all affected areas; and be it further

Resolved, That the EPA's 2006 test and clean program must have an expanded catchment area that encompasses portions of Brooklyn and additional portions of Manhattan which will require a significantly larger budget, and must address contamination in workplaces and public facilities as well as residences.

A Local Law to amend the administrative code of the city of New York, in relation to the corrections of violations issued by the department of buildings and the fire department.

Be it enacted by the Council as follows:

Section 1. Section 26-115 of title 26 of the administrative code of the city of New York is amended to read as follows:

§26-115. Notices and Orders. The commissioner shall have the power to issue notices and orders for enforcing compliance with any law, rule or regulation in respect to any matters under the jurisdiction of the department, and for remedying any condition found to exist in, on or about any building, enclosure or premises, in violation of any law, rule or regulation in respect to any such matters. Each such notice or order issued by the commissioner shall have his or her signature affixed thereto; but the commissioner may authorize any subordinate to affix such signature. *Whenever the commissioner shall issue a notice and order to correct a condition that constitutes a violation of any laws relating to fire prevention, fire suppression, or the structural integrity of a building, the commissioner or any authorized subordinate shall within fourteen days after the date set for the correction of such violation conduct a compliance inspection to verify that the violation has been corrected. Where, after such inspection, it is determined that such violation has not been corrected, the commissioner shall compel compliance in accordance with applicable laws. Failure by the commissioner or an authorized representative to re-inspect for the purpose of verifying that a violation has been corrected shall prohibit the commissioner from considering such violation to have been corrected and from removing such violation from the department records.*

§2. Title 27 of the administrative code of the city of New York is amended by adding a new section 27-4012.1 to read as follows:

§27-4012.1. Notices and Orders. Whenever the commissioner shall issue a notice and order to correct a condition that constitutes a violation of any laws relating to fire prevention, fire suppression, or the structural integrity of a building, the commissioner or any authorized subordinate shall within fourteen days after the date set for the correction of such violation conduct a compliance inspection to verify that the violation has been corrected. Where, after such inspection, it is determined that such violation has not been corrected, the commissioner shall compel compliance in accordance with applicable laws. Failure by the commissioner or an authorized representative to re-inspect for the purpose of verifying that a violation has been corrected shall prohibit the commissioner from considering such violation to have been corrected and from removing such violation from the department records.

§3. This local law shall take effect ninety days after enactment, provided however, that the commissioners of buildings and the fire department shall promulgate any rules and perform all other actions necessary for the implementation of this local law prior to such effective date.

A Local Law to amend the administrative code of the city of New York, in relation to requiring 911 operators and fire and emergency service dispatchers to ask for the height and weight of prospective patients, when practicable.

Be it enacted by the Council as follows:

Section 1. Legislative intent and findings. The City Council finds that knowing a patients approximate height and weight will assist emergency service personnel in determining whether or not additional equipment or personnel are required to efficiently and effectively transport a patient to the hospital.

§2. Chapter 1 of title 14 of the administrative code of the city of New York is amended by adding a new section 14.152, to read as follows:

§14-521 911 emergency call patient information. a. When a 911 operator receives an emergency call that requires fire or emergency service personnel to be dispatched to aid a patient, the 911 operator shall ask the caller for the approximate height and weight of the patient, when practicable, and give that information to the fire or emergency service dispatcher. In the event the 911 operator transfers the emergency call to fire or emergency service dispatchers prior to obtaining the height and weight information of the patient, the fire or emergency service dispatcher shall ask the caller for the approximate height and weight of the patient, when practicable.

A Local Law to amend the New York City Charter, in relation to requiring public notice prior to the temporary closing or temporary removal or relocation of any firehouse or fire fighting unit.

Be it enacted by the Council as follows:

Section 1. Declaration of legislative findings and intent. As a result of the importance of fire fighting to the safety of the city, the New York City Charter requires the Fire Department (FDNY) to provide advance notice of and an explanation for permanent changes in the distribution of fire fighting resources.

The Council finds that the temporary closing of any firehouse or the temporary removal or relocation of any fire fighting unit also represents a significant change in the provision of fire fighting service. Accordingly, the Council declares that it is reasonable and necessary to require that the FDNY provide advance public notice of and an explanation for the temporary closing of any firehouse or the temporary removal or relocation of any fire fighting unit.

§2. Subdivision a of section 487 of chapter 19 of the New York City Charter is amended, to read as follows:

a. The commissioner shall have sole and exclusive power and perform all duties for the government, discipline, management, maintenance and direction of the fire department and the premises and property in the custody thereof, however, the commissioner shall provide written notice with supporting documentation at least forty-five days prior to the permanent closing of any firehouse or the permanent removal or relocation of any fire fighting unit to the council members, community boards and borough presidents whose districts are served by such facility or unit and the chairperson of the council's [public safety] *fire and criminal justice services* committee. *The commissioner shall provide written notice with supporting documentation at least ten days prior to the temporary closing of any firehouse or the temporary removal or relocation of any fire fighting unit to the council members,*

community boards and borough presidents whose districts are served by such facility or unit and the chairperson of the council's fire and criminal justice services committee. For purposes of this section, the term "permanent" shall mean a time period in excess of six months *and the term "temporary" shall mean a time period in excess of 30 minutes and less than 6 months.* In the event that the permanent closing of any firehouse or the permanent removal or relocation of any firefighting unit does not occur within four months of the date of the written notice, the commissioner shall issue another written notice with supporting documentation prior to such permanent removal or relocation. The four months during which the written notice is effective shall be tolled for any period in which a restraining order or injunction prohibiting the closing of such noticed facility or unit shall be in effect.

§3. This local law shall take effect immediately upon enactment.

Res. No. 748

Resolution calling upon the Mayor of the City of New York to forgive the debt accrued by City employees under the military leave Extended Benefits Package and adopt the military leave policy established by the Metropolitan Transportation Authority.

By Council Members McMahon, Addabbo Jr., Brewer, Fidler, Gentile, Gonzalez, Nelson, Sanders, Liu, Gerson, Mendez, Weprin, Ignizio and Oddo.

Whereas, The United States military is currently engaged in large-scale operations in Iraq and Afghanistan, and is deployed in other areas throughout the globe; and

Whereas, According to the Department of Citywide Administrative Services (DCAS), since September 11, 2001, 1,624 City employees have been called for military duty; and

Whereas, The New York City Extended Benefits Package permits a City employee called up for military duty to continue to earn his or her full City salary on condition that the employee agrees to remit to the City, after his or her return from military duty, the lesser of his or her military pay or City salary; and

Whereas, The City failed to properly administer the repayment system of the Extended Benefits Package; and

Whereas, City employees have been issued enormous bills from the City for salary repayment, and are now faced with serious taxation problems as a result of the way the City's Extended Benefits Package was administered; and

Whereas, Under the military leave policy established by the Metropolitan Transportation Authority (MTA), MTA employees continue to receive their MTA salary, minus the amount of their military pay; and

Whereas, MTA employees are not faced with a salary collection bill, nor complex tax issues upon returning from military duty; and

Whereas, The City currently has a $4 billion budget surplus, and could easily forgive the debt accumulated by returning soldiers under the Extended Benefits Package, and ease their burdens; now; therefore, be it

Resolved, That the Council of the City of New York calls upon the Mayor of the City of New York to forgive the debt accrued by City employees under the military leave Extended Benefits Package and adopt the military leave policy established by the Metropolitan Transportation Authority.

Int. No. 542

By Council Members Mendez, Lappin, Brewer, Garodnick, Avella, Fidler, Gentile, Gonzalez, James, Koppell, Liu, Mark-Viverito, Martinez, McMahon, Mealy, Nelson, Sears, Weprin, Recchia, Barron, Gerson and Oddo.

A Local Law to amend the administrative code of the city of New York, in relation to requiring the landmarks preservation commission to issue notice to the department of buildings when a property is under consideration for designation as a landmark, requiring the department of buildings to issue notice to the landmarks preservation commission when permit applications for buildings under consideration for designation as a landmark are received, and revoking permits previously issued by the department of buildings when a property is designated as a landmark.

Be it enacted by the Council as follows:

Section 1. Subdivision j of section 25-303 of the administrative code of the city of New York is amended to read as follows:

j. All designations and supplemental designations of landmarks, landmark sites, interior landmarks, scenic landmarks and historic districts made pursuant to subdivision a shall be made pursuant to notices of public hearings given, as provided in section 25-313. In addition to such notice, the commission shall give notice to the city planning commission, *the department of buildings,* all affected community boards and the office of the borough president in whose borough the property or district is located in advance of any public hearing relating to such designations.

§2. Section 25-321 of the administrative code of the city of New York is amended to read as follows:

§25-321. Applicability *and procedure where a permit was previously issued. (1)* [The provisions of this chapter shall be inapplicable to the construction, reconstruction, alteration or demolition of any improvement on a landmark site or in a historic district or containing an interior landmark, or of any landscape feature of a scenic landmark, where]*Where* a permit for the performance of [such work] *the construction, reconstruction, alteration or demolition of any improvement on a landmark site or in a historic district or containing an interior landmark, or of any landscape feature of a scenic landmark* was issued by the department of buildings, or, in the case of a landscape feature of a scenic landmark, where plans for such work have been approved, prior to the effective date of the designation, or amended or modified designation, pursuant to the provisions of section 25-303 of this chapter, first making the provisions of this chapter applicable to such improvement or landscape feature or to the improvement parcel or property in which such improvement or landscape feature is or is to be located[.], *the department of buildings shall suspend such permit and issue a stop-work order. Such suspension and stop-work order shall be effective upon service, as defined in section 26-117 of this code.*

(2) The department of buildings shall forthwith determine if the holder of such permit had undertaken substantial construction and made substantial expenditures in furtherance of such permit prior to the designation as a landmark of such improvement, landscape feature, improvement parcel, or property in which a landscape feature is to be located. If the department of buildings determines that substantial construction and substantial expenditures had been made in furtherance of such permit, the suspension of such permit and the stop work order shall be immediately rescinded. If the department of buildings determines that substantial construction and substantial expenditures had not been made in furtherance of such permit, then the department of buildings shall revoke such permit.

(3) The department of buildings shall forthwith give notice of any determination made pursuant to subdivision two of this section to the holder of such permit and to the commission.

(4) The provisions of this section shall not apply to any improvement subject to the provisions of subdivision a of section 25-318 of this chapter, to any city-aided project, or to any project subject to the provisions of section 25-312 of this chapter.

§3. Section 26-108 of the administrative code of the city of New York is amended by adding a new subdivision d to read as follows:

d. The landmarks preservation commission shall give written notice to the department of any public hearing or meeting relating to any designation or supplemental designation of landmarks, landmark sites, interior landmarks, scenic landmarks and historic districts made pursuant to subdivision a of section 25-303 of this code.

§4. Article 19 of subchapter 1 of chapter 1 of title 27 of the administrative code of the city of New York is amended by adding a new section 27-191.2 to read as follows:

§27-191.2. Notice for buildings under consideration by the landmark preservation commission. The commissioner shall, within three business days of receipt of an application for a permit for a property for which the department has received notice from the landmarks preservation commission pursuant to subdivision d of section 26-108, forward a copy of such application to the chair of the landmarks preservation commission.

§5. This local law shall take effect immediately.

Int. No. 543

By Council Members Nelson, Gentile and Weprin.

A Local Law to amend the administrative code of the city of New York, in relation to suspending alternate side of the street parking on Flag Day.

Be it enacted by the Council as follows:

Section 1. Subdivision a of section 19-163 of the administrative code of the city of New York is amended to read as follows:

§ 19-163 Holiday suspensions of parking rules. a. All alternate side of the street parking rules shall be suspended on the following holidays: Christmas, Yom Kippur, Rosh Hashanah, Ash Wednesday, Holy Thursday, Good Friday, Ascension Thursday, Feast of the Assumption, Feast of All Saints, Feast of the Immaculate Conception, first two days of Succoth, Shemini Atzareth, Simchas Torah, Shevuoth, Purim, Orthodox Holy Thursday, Orthodox Good Friday, first two and last two days of Passover, the Muslim holidays of Eid Ul-Fitr and Eid Ul-Adha, Asian Lunar New Year, the Hindu festival of Diwali on the day that Lakshmi Puja is observed, and all state and national holidays, *including Flag Day.*

§2. This local law shall take effect immediately after its enactment into law.

Res. No. 749

Resolution calling upon the New York State Legislature to pass S.1067, an act to amend the criminal procedure law, the family court act, the penal law and the public health law, in relation to the testing of certain criminal defendants and juveniles for transmissible diseases.

By Council Members Nelson and Stewart.

Whereas, The Centers for Disease Control and Prevention states that the human immunodeficiency virus (HIV) and other blood borne pathogens can be spread by sharing or being stuck with a needle containing HIV-infected blood or, after infected blood gets into an open cut or a mucous membrane such as the eyes or inside of the nose; and

Whereas, Legislation enacted in 1995 provides for court-ordered HIV testing of convicted sex offenders upon request of the victims of such crimes; and

Whereas, There are circumstances in which victims of other crimes may be exposed to other diseases that may be transmitted through contact with a defendant's blood or bodily fluids; and

Whereas, Crime victims may wish to obtain this information quickly to enable them to promptly explore and consider all available treatment options such as rapid HIV tests which can give results in about twenty minutes; and

Whereas, The enactment of S.1067, adds to the list of crimes for which court ordered testing may be ordered, permits court ordered testing for other transmissible diseases, in addition to HIV, and authorizes court ordered pretrial testing of persons charged by information or indictment, with certain enumerated offenses, upon a finding that the person requesting testing may have been exposed to bodily fluid of the defendant during commission of such crime; and

Whereas, Victims of crime should not have to endure weeks of uncertainty when there exist means to facilitate rapid testing for HIV and other transmissible diseases; now therefore, be it

Resolved, That the Council of the City of New York calls upon the New York State Legislature to pass S.1067, an act to amend the criminal procedure law, the family court act, the penal law and the public health law, in relation to the testing of certain criminal defendants and juveniles for transmissible diseases.

A Local Law to amend the administrative code of the city of New York, in relation to raising the fine for commercial vehicles that park on residential streets overnight.

Be it enacted by the Council as follows:

Section 1. Subdivision c of section 19-170 of chapter 5 of title 19 of the administrative code of the city of New York is amended to read as follows:

c. A *first* violation of this section shall be punishable by [the] *a* monetary fine [authorized for violation of the rules and regulations of the commissioner in paragraph one of subdivision a of section twenty nine hundred and three of the New York City Charter] *of seven hundred fifty dollars. Any subsequent violation of this section by the same person within a six-month period shall be punishable by a monetary fine of one thousand two hundred fifty dollars.*

§2. This local law shall take effect sixty days after it is enacted into law.

Int. No. 545

By Council Members Vallone Jr., Gennaro, Gentile, Nelson, Recchia and Weprin.

A Local Law to amend the administrative code of the city of New York, in relation to prohibiting pet owners from restraining animals outdoors for longer than three hours in any continuous twelve hour period.

Be it enacted by the Council as follows:

Section 1. Title 17 of the administrative code of the city of New York is hereby amended by a new section 17-192 to read as follows:

§17-192 Restraining animals outdoors. a. No person shall tether, leash, fasten, chain, tie, secure or restrain any animal outdoors or cause such animal to be tethered, leashed, fastened, chained, tied, secured or restrained outdoors for longer than three hours to a stationary object in any continuous twelve hour period.

b. Any person who violates subdivision a of this section or any of the regulations promulgated thereunder shall, for a first offense be issued a written warning. For a second such offense such person shall be guilty of a violation punishable by a fine not to exceed two hundred fifty dollars and, for any subsequent offense within a continuous twelve month period, shall be guilty of a class B misdemeanor punishable by a fine not to exceed five hundred dollars or by imprisonment of not more than three months, or both. In addition to such penalties, any person who violates subdivision a of this section shall be liable for a civil penalty of not less than two hundred fifty dollars or more than five hundred dollars.

c. Authorized officers, veterinarians and employees of the department, and of the police department, and any other persons designated by the commissioner, shall be empowered to enforce the provisions of this section or any rule or regulation promulgated hereunder.

d. The provisions of this section shall not be construed to prohibit the department, the American Society for the Prevention of Cruelty to Animals or any law enforcement officer from enforcing any other law, rule or regulation regarding the humane treatment of animals.

e. The provisions of this section shall not apply to any federal, state or city law enforcement agency.

§ 2. This local law shall take effect ninety days after enactment; provided, however, that the commissioner of the department shall take such actions, including the promulgations of rules, as are necessary for timely implementation of this local law.

Res. No. 750

Resolution calling upon Congress to denounce the Firearms Corrections and Improvement Act, H.R. 5005, introduced by Rep. Smith, which would subject police officers to a felony conviction for sharing data on illicit gun dealers.

By Council Members Vallone Jr., Brewer, Fidler, Gentile, McMahon, Recchia and Stewart.

Whereas, Police officers who, in an undercover capacity, purchase guns from gun traffickers are engaging in one of the most dangerous types of police work; and

Whereas, This type of work comes with great risk and too often police lives are lost, such as those of New York Police Detectives James Nemorin and Rodney Andrew, who were murdered while working undercover as part of NYPD's gun trafficking task force; and

Whereas, The Firearms Corrections and Improvement Act could severely limit gun control and law enforcement by leaving police officers subject to a felony conviction for sharing data on illicit dealers with other law enforcement departments; and

Whereas, Criminalizing police officers for sharing data with law enforcement agencies in other jurisdictions is very likely to impede the investigation of criminal activities; and

Whereas, In 2006, it was trace data that allowed New York City to bring civil litigation against fifteen gun dealers in five states who were involved in selling guns through typical straw purchases; and

Whereas, The sharing of this vital information among law enforcement agencies is critical to putting an end to gun trafficking and increasing public safety; now, therefore, be it

Resolved , That the Council of the City of New York calls upon Congress to denounce the Firearms Corrections and Improvement Act, H.R. 5005, introduced by Rep. Smith, which would subject police officers to a felony conviction for sharing data on illicit gun dealers.

Res. No. 751

Resolution in support of the Anti-Gun Trafficking Penalties Enhancement Act of 2006, S.2629, introduced by Senator Charles E. Schumer, which would allow State or local law enforcement agencies access to gun tracing data contained in the Firearms Trace System database that is maintained by the National Trace Center of the Bureau of Alcohol, Tobacco, Firearms and Explosives agency.

By Council Members Vallone Jr., Brewer, Fidler, Gentile, Koppell, Martinez, McMahon, Nelson, Recchia, Sears, Stewart and Weprin.

Whereas, In 1973, the ATF (federal Bureau of Alcohol, Tobacco, Firearms, and Explosives), for the first time collected data on crime guns from sixteen major cities in a study called "Project Identification", which concluded among other things, "the percentage of crime handguns purchased interstate was directly proportional to the degree of local handgun control;" and

Whereas, Comprehensive crime gun tracing received White House level support in 1996 as President Clinton announced ATF's annual Youth Crime Gun Interdiction Initiative (YCGII) report, which became a useful source of information for guiding public policy and law enforcement efforts from 1997 to 2002 for several states such as California, Illinois and Maryland, nevertheless, ATF has not issued a new report since 2002; and

Whereas, Although the Brady Law, enacted in 1993, requires licensed dealers to conduct history background checks and send a copy of the report to state or local law enforcement authorities, the Brady Law also requires the police to destroy the form and its contents within 20 days and in 2004, the Department of Justice (DOJ) issued a final rule requiring the destruction of background check records within twenty-four hours, citing the need to protect "the privacy interests of law-abiding citizens"; and

Whereas, In February 2000, ATF issued its landmark report "Commerce in Firearms in the United States", which identified licensed dealers "associated with diversion of firearms to the illegal market on a nationwide basis;" and

Whereas, In recent years, Congress has enacted measures such as the "Tiahrt Amendment" which severely impair law enforcement agencies' ability to investigate patterns of gun trafficking due to limited disclosure of crime gun trace data: the data requested can only be "for use in a bona fide criminal investigation or prosecution" and even then, the disclosure must be limited to information that "pertains to the geographical jurisdiction of the law enforcement agency or prosecutor requesting the disclosure;" and

Whereas, Law enforcement agencies who request information to craft effective enforcement strategies against dealers, long before a specific criminal investigation has begun or agencies who may need such data to propose legislative initiatives are unable to do so due to the Tiahrt Amendment prohibiting the release to the public any information derived from tracing of firearms; and

Whereas, Pending legislation in Congress, H.R. 5005, attempts to make the Tiarht Amendment riders permanent, further impeding understanding of this problem and the formation of good policy; and

Whereas, ATF reports and independent studies conclude that gun trace data shows: (i) the illegal market is largely supplied by about 1% of licensed dealers; (ii) illegal guns in states with strong gun laws largely originate in states with weak laws; and (iii) the structure and patterns in the illegal firearms market; and

Whereas, Although New York has a law requiring New York law enforcement to report guns used in crime to the ATF, S.2629, would require all law enforcement officials to report all stolen guns and guns used in a crime to the ATF database; and

Whereas, S. 2629, would also allocate additional funding for ATF to give the agency the resources it needs to effectively investigate rogue gun dealers and give ATF discretion over the number of inventory inspections it conducts on gun dealers; and

Whereas, The enactment of, S.2629 would direct the Attorney General to provide state and local governments or law enforcement agencies with information from the gun tracing database and would require federal, state, and local law enforcement agencies investigating a crime to provide information about stolen firearms used in such crime to ATF; and

Whereas, The release of gun tracing data to law enforcement agencies is crucial in developing strategies to understand and combat the gun black market; now therefore, be it

Resolved, That the Council of the City of New York calls upon Congress to support the Anti-Gun Trafficking Penalties Enhancement Act of 2006, S.2629, introduced by Senator Charles E. Schumer, which would allow State or local law enforcement agencies access to gun tracing data contained in the Firearms Trace System database that is maintained by the National Trace Center of the Bureau of Alcohol, Tobacco, Firearms and Explosives agency.

Res. No. 752

Resolution calling upon the New York State Legislature to amend the Penal Law to categorize the crime of public lewdness as a class A misdemeanor, and to amend the Correction Law to include multiple or serial acts of public lewdness and public lewdness in the presence of an individual less than eighteen years of age as registerable sex offenses.

By Council Members Vallone Jr., Avella, Gennaro, Gentile, McMahon, Nelson, Recchia, Sanders, Sears, Weprin and Liu.

Whereas, According to the New York State Penal Law, "A person is guilty of public lewdness when he intentionally exposes the private or intimate parts of his body in a lewd manner or commits any other lewd act (a) in a public place, or (b) in private premises under circumstances in which he may readily be observed from either a public place or from other private premises, and with intent that he be so observed"; and

Whereas, Public lewdness is a problem throughout New York City, particularly acts directed at women and young children; and

Whereas, Last February, a man exposed himself to an 11-year-old girl and her 9-year-old cousins, a boy and a girl, outside of Public School 118, located at 109th Road and 190th Place in Hollis, Queens; less than two hours later, the same suspect abducted a 13-year-old girl nearby at the intersection of 110th Avenue and 195th Street and sexually assaulted her; and

Whereas, In the Borough Park section of Brooklyn, there were several public lewdness incidents in 2006; in April, three incidents in Borough Park and one incident in Elmhurst, Queens are linked to the same suspect who targeted preteen girls ranging from ages 10 to 12 while posing as a police officer and asking for directions, then exposing himself and attempting to lure the girls to his vehicle, where he molested a 10-year-old girl in Borough Park and a 12-year-old girl in Elmhurst; in June, a 41-year-old man from Borough Park was arrested and charged with public lewdness and endangering the welfare of a child after he exposed himself to a 9-year-old girl in the area; also in June, a 58-year-old man, who has a history of four public lewdness arrests and other charges since 1989, was suspected of loitering in Borough Park nude from the waist down, and in an attempt to evade responding police officers, the suspect sped off in a vehicle that collided with a livery cab, resulting in the death of the cab driver; and

Whereas, An off-duty school safety agent was arrested and arraigned on charges of public lewdness, harassment, and endangering the welfare of a child in May 2006 after he allegedly exposed himself to two 13-year-old girls near 131st Avenue and Springfield Boulevard, which is in close proximity to Intermediate School 59 in Springfield Gardens, Queens; in addition, a 30-year-old man from Bay Ridge, Brooklyn was arrested in July 2006 for exposing himself to three teenage girls ages 14 to 16 near Fort Hamilton High School; and

Whereas, There have been numerous instances of public lewdness in the New York City subway system aimed at women; in April 2006, a 43-year-old man, who was previously arrested for public lewdness in 1994 after exposing himself on a subway platform, was sentenced to two years of probation and ordered to undergo counseling after pleading guilty to public lewdness for having exposed himself on the R train in August 2005; in May 2006, a man exposed himself to a 22-year-old woman

on the 7 train, and is also suspected of exposing himself to a 15-year-old girl on the 7 train in March; in October 2006, a 41-year-old man who is a registered Level 3 sex offender in California and has prior arrests for public lewdness, prostitution, and aggravated harassment, was charged with allegedly exposing himself to two women in August on the 6 train in Manhattan; at the time of his October arrest, the suspect was also awaiting trial on charges of public lewdness and endangering the welfare of a child after allegedly exposing himself to at least four other women in the subway ages 16 to 25 between March and May of that year; and

Whereas, The New York City Police Department, in response to increased harassment complaints by female subway riders, implemented Operation Exposure, which began in May 2006; the operation involved uniformed and plainclothes officers riding trains during rush hour and monitoring subway platforms to address public lewdness and similar crimes; as a result, 13 individuals ranging in age from 21 to 58 were arrested on charges including public lewdness, sexual abuse, and forcible touching over a 36-hour period; and

Whereas, Currently, public lewdness is a class B misdemeanor, punishable by probation from one to three years, imprisonment up to three months, and/or a fine not exceeding five hundred dollars, all of which is minimal punishment for a criminal that is responsible for such enduring trauma; categorizing public lewdness as a class A misdemeanor would make the crime punishable by probation for three years, imprisonment up to one year, and/or a fine not exceeding one thousand dollars; and

Whereas, Under the New York State Sex Offender Registration Act, offenders who have been convicted numerous times for public lewdness, or who have been convicted for public lewdness in the presence of an individual less than eighteen years of age do not have to register as a sex offender; but in a number of cases concerning public lewdness, perpetrators reoffend by committing further acts of public lewdness or other serious sex offenses, and continue to plague society; now, therefore, be it

Resolved, That the Council of the City of New York calls upon the New York State Legislature to amend the Penal Law to categorize the crime of public lewdness as a class A misdemeanor, and to amend the Correction Law to include multiple or serial acts of public lewdness and public lewdness in the presence of an individual less than eighteen years of age as registerable sex offenses.

EDUCATION

■ NOTICE

The Department of Education's (DOE) Committee on Contracts has been asked for approval to enter into contract negotiations with the following organizations for the services described below. Other organizations interested in providing these services to the DOE are invited to indicate their ability to do so by writing to Jay G. Miller, at 65 Court Street, Room 1201, Brooklyn, NY 11201. Responses should be received no later than 9:00 AM, Thursday, May 31, 2007.

ITEM(S) FOR CONSIDERATION:

1. United Federation of Teachers, Educational Foundation, Inc. (Previously tabled, April 26, 2007)

Service(s): The Bureau of Nonpublic Schools' Reimbursable Services is requesting a non-competitive award to enter into a requirements contract with the United Federation of Teachers, Educational Foundation, Inc., (UFT) on the behalf of the Teacher Center to provide graduate courses for nonpublic school teachers and administrators. NCLB, Title II, requires that teachers receive professional development that supports the development and implementation of sustained and intensive high-quality coursework in core academic areas.

The UFT Teacher Center, in collaboration with area colleges and universities, offers a wide variety of graduate courses for New York City public school educators and this collaborative effort provides a cost-effective approach to meeting the goals of NCLB. The Bureau's existing contract with UFT expires on August 31, 2007.

The term of this contract will be for five years from September 1, 2007 through August 31, 2012, at a cost not to exceed $750,000 annually, for a five-year total of $3,750,000.

TERM: 9/1/07-8/31/12 Contract Cost: Not to exceed $3,750,000.

Funding Source: Reimbursable; Object Code: 485; Quick Code: 071520/081520; Contract Category Code: 99

2. Americomm Direct Marketing

Service(s): The Division of Instructional and Information Technology (DIIT) is requesting a one-year extension of a requirements contract with Americomm Direct Marketing for the provision of bulk mailing and auto dialing services. Bulk mailing requirements include the production and mailing of postcards or letters to 100,000 recipients within 24 hours, while auto dialing requires the capacity to deliver 100,000 messages in 5 hours. These services enable DOE to contact a large number of parents, guardians, teachers, and other groups in the education community in an effective and systematic manner.

Although an RFP is under development for similar services, the extension of this contract will allow for continuity of service until the ensuing new contract is in place.

The existing contract expired March 31, 2007. The term of the extension is from April 1, 2007 through March 31, 2008, for a contract cost not to exceed $1,000,000.

TERM: 4/1/07-12/31/07 Contract Cost: Not to exceed $1,000,000

Funding Source: Tax Levy; Object Code: 117; Budget Code:19

3. System Integrator Contracts (3 vendors)
Computer Logic Group, Inc.
Custom Computer Specialists
Data Industries, Ltd.

Service(s): On behalf of the DOE, the Division of Contracts and Purchasing is requesting an authorization to continuethe two existing System Integration contracts (Computer Logic Group, Inc., Custom Computer Specialists) that are set to expire on June 30, 2007. DCP is requesting 12 month extensions. DCP is also asking to extend an already expired contract with Data Industries, Ltd. to cover the same 12 month period.

During the extension term, DOE intends to release an RFP to replace these contracts. Each 12-month extension will cover July 1, 2007 through June 30, 2008, for a total cost not to exceed $600,000, as follows:

- Computer Logic Group, Inc. Not to exceed $200,000
- Custom Computer Specialists Not to exceed $200,000
- Data Industries, Ltd. Not to exceed $200,000

TERM: 7/1/07-6/30/08 Total Contract Cost (3): Not to exceed $600,000

Funding Source: Tax Levy; Object Code: 686

4. Council of Supervisors and Administrators

Service(s): The Division of Human Resources is requesting authorization for a non-competitive agreement with the Council of Supervisors and Administrators (CSA) for it to conduct the " Professional Development for School Leaders" program through its Executive Leadership Institute (ELI).

In Fiscal Year 2007, ELI, a not-for-profit educational organization created to provide practical, relevant and essential professional development opportunities for school administrators and supervisors, will offer three programs: Manhattan Educational Leadership Center, the School Based Intermediate Supervisors Institute; and the Advanced Leadership Program for Assistant Principals. These professional development opportunities are provided pursuant to a City Council resolution allocating monies to CSA for the specific purpose of funding its educational leadership centers.

The term of the agreement will be for one year from July 1, 2006 to June 30, 2007, for an annual cost not to exceed $1,000,000, with four separate one-year renewal options through June 30, 2011, contingent upon City Council authorization. With the renewals, the total contract cost to $5,000,000.

TERM: 7/1/2006-6/30/2007, With four one year renewals options Contract Cost: Not to exceed $1,000,000; $5,000,000, with renewals

CORRECTION: PROVISION OF NON-SECURE DETENTION CENTERS – Negotiated Acquisition – Judgment required in evaluating proposals - PIN# 13007DJJ001 – DUE 11-14-08 AT 3:00 P.M. – CORRECTION: The NYC Department of Juvenile Justice (DJJ) is seeking one or more appropriately qualified vendors to provide non-secure detention services for youth. Services shall include, but not be limited to, custody, basic youth care, food, clothing, shelter, education, health care, recreation, court related services, social work and case management services, social skills instruction, group sessions and monitoring and supervision of these services. In addition, the contract will require that a defibrillator shall be located in each program facility and that all staff requiring CPR training shall be certified in use of said defibrillator.

Each program facility will provide at least 10 and no more than 12 beds in accordance with the applicable regulations promulgated by the New York State Office of Children and Family Services (NYS OCFS), 9 N.Y.C.R.R. Section 180 et seq. The Department is seeking to provide services at facilities that will be operational at any time from January 1, 2007 to December 31, 2010. A vendor may submit an offer for more than one Facility Option. Current Agency vendors operating non-secure group homes that have contracts expiring in calendar year 2006 are urged to respond to this solicitation.

All program facilities shall be appropriately equipped to provide services for male or female youth as required by the Department, and be located in one of the five boroughs. The term of the contracts awarded from this solicitation will be for three years and will include an additional three-year option to renew. The anticipated maximum average annual funding available for each contract will be $1,067,000, excluding start-up costs. Proposed start-up costs will be considered in addition to the proposed annual line item budget. Greater consideration will be given to applicants offering more competitive prices.

If your organization is interested in being considered for award of the subject contract, please hand deliver a written expression of interest addressed to my attention at 365 Broadway, 5th Floor, New York, NY 10013. The expression of interest should specifically address the following:

1. Indicate each program facility for which the vendor is submitting.

2. Describe each proposed facility, its location, and proposed date of operation.

3. Attach appropriate documentation demonstrating the current use of each proposed facility and the vendor's site control of the facility for a period of at least 3 years.

4. For each proposed facility,
a) Indicate the number of beds to be provided and demonstrate that the facility has the capacity to provide the indicated number of beds.
b) Demonstrate that the facility will be appropriately equipped to provide services for male or female youth.

5. Demonstrate the vendor's organizational capability to:
a) Provide the indicated number of beds at each proposed facility. (If the vendor is a current provider, also demonstrate the capability to provide the indicated number of beds in addition to those already provided.)
b) Ensure that each proposed facility will be fully operational by required date in accordance with the applicable regulations promulgated by the New York State Office of Children and Family Services (NYS OCFS), 9 N.Y.C.R.R. Section 180 et seq.

6. Demonstrate the quantity and quality of the vendor's successful relevant experience.

7. Attach for each proposed facility three-year annual line item operating budget. Include staffing details. Proposed start up costs should be included in addition to the proposed three-year annual line item operating budget.

All expressions of interest received in the manner set forth will be reviewed to determine if they are responsive to the material requirements of this solicitation. Expressions of interest determined to be non-responsive will not be further considered. Expressions of interest determined to be responsive will be considered in terms of the following factors:

- Appropriateness of each proposed facility.
- Demonstrated site control of each proposed facility.
- Demonstrated level of organizational capability to provide the proposed number of beds and to ensure that each proposed facility if fully operational by the applicable requisite date.
- Demonstrated quantity and quality of successful relevant experience.
- Annual budget amount and cost effectiveness of the budget.

The Department will enter into negotiations with the vendor(s) determined to be the best qualified at the time of evaluation, based on consideration of the above-cited factors. A contract will be awarded to the responsible vendor(s) whose offer(s) is/are determined to be the most advantageous to the City, taking into consideration the price and the other factors set forth in this solicitation. In the case that a vendor is eligible for award of more than one program facility, the Department reserves the right, based upon the vendor's demonstrated organizational capability and the best interest of the City, respectively, to determine how many and for which program facility(ies) the vendor will be awarded a contract.

AGENCY RULES

BUILDINGS

■ NOTICE

REGULATORY AGENDA OF THE DEPARTMENT OF BUILDINGS PURSUANT TO SECTION 1042 OF THE CITY ADMINISTRATIVE PROCEDURE ACT

The Rules and Regulations of the New York City Department of Buildings are authorized pursuant to Section 643 of the New York City Charter and are found in Title 1 of the **Rules of the City of New York.** The Rules and Regulations are supplementary and include interpretive technical rulings as well as administrative procedure necessary to carry out the law.

Promulgation of the following rules and regulations of the Department of Buildings is anticipated by the first day of July 2008:

1. **Rules specifying the qualifications of superintendents of construction.**

Rule will specify responsibilities of people superintending construction work.

Persons Affected – Building owners and construction community
Relevant Laws - §27-1010 of the Administrative Code of the City of New York
Anticipated Schedule – First half of FY '08
Contact – Deborah Glikin, Assistant General Counsel (212) 566-3332

2. **Rules Relating to Civil Penalties.**

Rule will clarify when civil penalties for work without a permit should be imposed and when they would not apply pursuant to Code. The proposed rule will set forth procedures for appealing the imposition of civil penalties.

Persons Affected – DOB employees and property owners
Relevant Laws – A.C. §26-212.1
Anticipated Schedule – Second half of FY '08
Contact – Deborah Glikin, Assistant General Counsel (212) 566-3332

CITY PLANNING

■ NOTICE

NOTICE OF ADOPTION OF RULE

NOTICE IS HEREBY GIVEN, pursuant to the authority vested in the City Planning Commission by Sections 192 and 1043 of the New York City Charter, that the City Planning Commission hereby adopts the amendment to Title 62 of the Official Compilation of the Rules of the City of New York, regarding fees. This rule was first published for comment in the City Record on March 20, 2007 and a public hearing thereon was held on April 26, 2007. This rule shall take effect 30 days from the date hereof.

Material to be added is underlined.

Section 1. Section 1-04 of chapter 1 of Title 62 of the Rules of the City of New York, relating to the natural feature restoration fee, is hereby repealed.

Section 2. Section 3-01 of Subchapter A of Chapter 3 of Title 62 of the Rules of the City of New York is amended to read as follows:

§ 3-01 Fee for CEQR Applications.

Except as specifically provided in this section, every application made pursuant to Executive Order 91 and Chapter 5 of these rules on or after [November 7, 2002] insert effective date shall include a non-refundable fee which shall be submitted to the lead agency for the action or to an agency that could be the lead agency pursuant to § 5-03 of the rules of the Commission, and shall be in the form of a check or money order made out to the "City of New York". The fee for an application shall be as prescribed in the following Schedule of Charges, § 3-02 of these rules. The fee for modification for an action, which modification is not subject to § 197-c of the New York City Charter shall be twenty percent of the amount prescribed in the Schedule of Charges for an initial application. The fee for any modification for an action, which is subject to § 197-c of the New York City Charter shall be the amount set forth in the Schedule of Charges (§3-02) as if the modification were an initial application for the action. Where the fee for an application is set pursuant to § 3-02(a), and the square footage of the proposed modification is different from the square footage of the original action, the fee for an application for the modification shall be based upon the square footage of the modified action or as set forth in § 3-02(b), as determined by the lead agency.

Agencies of the federal, state or city governments shall not be required to pay fees, nor shall [any fees be charged if the owner of the building or property affected is a corporation or association organized and operated exclusively for religious, charitable, or educational purposes, or for one or more such purposes, no part of the earnings of which inures to the benefit of any private shareholder or individual, and provided that the property affected is to be used exclusively by such corporation or association for one or more of such purposes. In addition, for applications made on or after July 1, 1987, no fees shall be charged for the project, or such portion thereof, if the Director of the Mayor's Office of Housing Coordination, or any individual succeeding such director's jurisdiction, certifies that the property affected, or such portion thereof, is to be used for the construction of housing affordable to low, moderate or middle income households. A fee abatement for a portion of such project shall be calculated upon the percentage of the square footage allocated to the affordable housing and shall proportionately reduce the standard fee attributable to the square footage of the entire project, including such affordable housing portion. In no event shall the portion allocated to the affordable housing part of the project be used to decrease the total project square footage so as to place the project into a lower fee category] a neighborhood, community or similar association consisting of local residents or homeowners organized on a non-profit basis be required to pay fees, if the proposed action for purposes of CEQR review consists of a zoning map amendment for an area of at least two blocks in size, in which one or more of its members or constituents reside. Fees shall be paid when the application is filed, and these fees may not be combined in one check or money order with fees required pursuant to other land use applications submitted to the Department of City Planning or the City Planning Commission. No application shall be processed by the lead agency until the fee has been paid and twenty-five copies of the application have been filed with the lead agency.

Section 3. Section 3-02 of Subchapter A of Chapter 3 of Title 62 of the Rules of the City of New York is amended to read as follows:

Section 4. Section 3-06 of Subchapter B of Chapter 3 of Title 62 of the Rules of the City of New York is amended to read as follows:

§ 3-06 Fee for Applications Pursuant to City Charter

§ 197-c and Other Applications.

Except as specifically provided in this section, every type of application [for a map change, landfill permit, special permit, zoning authorization or certification, revocable consent for sidewalk café, or cable television franchise or for a modification or renewal thereof] listed in Section 3.07, Schedule of Charges, made on or after [November 7, 2002] insert effective date, shall include a non-returnable fee which shall be paid by check or money order made out to the [Department of City Planning] City of New York.

The fee for an initial application, or for a modification, renewal or follow-up action [thereof], shall be as prescribed in the following Schedule of Charges, provided that if an applicant simultaneously submits applications for several actions relating to the same project, the maximum fee imposed shall be two hundred percent of the single highest fee. However, an additional fee shall be charged for any applications later filed in relation to the same project, while such project is pending review and determination.

[The fee for a modification which is subject to § 197-c of the New York City Charter shall be the same as the fee for an initial application, as provided in § 3-07, subd. (a) of these rules. The fee for renewal shall be one-half of the amount prescribed in the schedule for an initial application. No fee shall be charged for an application to eliminate a paper street from the property of an owner-occupied, one- or two-family residence.]

Agencies of the federal, state or city governments shall not be required to pay fees nor shall any fees be charged if [the owner of the building or property affected is a corporation or association organized and operated exclusively for religious, charitable, or educational purposes, or for one or more such purposes, no part of the earnings which inures to the benefit of any private shareholder or individual, and provided that the property affected is to be used exclusively by such corporation or association for one or more of such purposes. In addition, for applications made on or after July 1, 1987, no fees shall be charged for the project, or such portions thereof, if the Director of the Mayor's Office of Housing Coordination, or any individual succeeding to such Director's jurisdiction, certifies that the property affected, or such portions, thereof, is to be used for the construction of housing affordable to low, moderate or middle income households. A fee abatement for a portion of such project shall be calculated upon the percentage of the square footage allocated to the affordable housing and shall proportionally reduce the standard fee attributable to the square footage of the entire project, including such affordable housing portion. In no event shall the portion allocated to the affordable housing part of a project be used to decrease the total project square footage so

as to place the project into a lower fee. Fees shall be paid when the application is filed, and no application shall be processed by the Department until the fee has been paid] a neighborhood, community or similar association consisting of local residents or homeowners organized on a non-profit basis applies for a zoning map amendment for an area of at least two blocks in size, in which one or more of its members or constituents reside.

Section 6. Section 3-08 of subchapter C of chapter 3 of Title 62 of the Rules of the City of New York is renumbered section 3-10, and new sections 3-08 and 3-09 are added to Subchapter B of chapter 3 of Title 62 of the Rules of the City of New York, to read as follows:

§ 3-08 Natural Feature Restoration Fee.
In the event that an application, pursuant to §§105-45, 107-321, 107-65, and 119-40 of the Zoning Resolution, for the restoration of trees that have been removed or topography that has been altered without the prior approval of the City Planning Commission pursuant to §§105-40, 107-60, 119-10, 119-20, or 119-30 of the Zoning Resolution is filed, the fee for such application shall be $.10 per square foot, based upon the total area of the zoning lot, but in no case to exceed $17,500.00.

This section shall not apply to developments for which zoning applications have been approved by the City Planning Commission prior to January 6, 1983 and for which an application for a building permit has been filed prior to January 6, 1983.

§ 3-09 Fee for Zoning Verification

The fee for a request that the Department of City Planning verify in writing the zoning district(s) in which a property is located shall be $100 per request. Each zoning verification request shall be made in writing, and shall include the address, borough, tax block and lot(s) of the property. Each separate property shall be a separate request; however, a property comprised of multiple contiguous tax lots shall be treated as a single request.

STATEMENT OF BASIS AND PURPOSE

The City Planning Commission is amending its rules pursuant to its authority under Sections 192 and 1043 of the New York City Charter.

Amendments to Chapter 3 of Title 62 of the Rules of the City of New York increase fees for City Environmental Quality (CEQR) review by 15% to reflect cost of living increases and increased labor costs, except that for Type II applications the current fee of $75 will be increased by 33%. The amendments also increase fees for the processing and review of most land use applications by 40% in order to reflect agency costs of processing and review. The CEQR fee increase is less than the land use application fee increase current because CEQR fees capture more of the current costs. The CEQR fee increase will also increase fees for such review by the Board of Standards and Appeals.

Fees for non-profit organizations will no longer be waived. Exceptions will be made for neighborhood, community or similar associations consisting of local residents or homeowners organized on a non-profit basis filing area-wide rezoning applications.

The fee for an application which requests a modification of a previously approved application, where the new application is not subject to § 197-c of the New York City Charter, will be increased from one-quarter of the current fee for an initial application to one-half of such fee. Payment of a fee will be required for the Department's issuance of written zoning verifications, a service for which no fee has previously been charged. A fee for certification for public school space pursuant to Section 107-123 of Article X, Chapter 7 (Special South Richmond Development District) of the Zoning Resolution, which was previously erroneously deleted from the Section 3-07, has been reinserted.

In addition to the changes described above, Section 3-07 has been reorganized for clarity and ease of use. Complex language is simplified, and outdated provisions are eliminated.

HOUSING PRESERVATION AND DEVELOPMENT

■ NOTICE

Notice of Opportunity to Comment On Proposed Rules Governing Tax Exemption under §421-a of the Real Property Tax Law

NOTICE IS HEREBY GIVEN PURSUANT TO THE AUTHORITY VESTED IN THE Commissioner of Housing Preservation and Development by §1802 (6)(c) and in accordance with the requirements of §1043 of the New York City Charter that the Department of Housing Preservation and Development intends to modify the rules governing tax exemption under §421-a of the Real Property Tax Law of the State of New York. Additions to the rules are underlined and proposed deletions are [bracketed].

Written comments regarding these rules may be sent to the Department of Housing Preservation and Development, Attention: Lisa S.J. Yee, TIP Director, 100 Gold Street, Room 3-Z4, New York, New York 10038, on or before June 29, 2007. A public hearing will be held from 10:00 A.M. to 1:00 P.M. on June 29, 2007, at 100 Gold Street, 3rd floor, Room 3Y-8, New York, New York. Persons seeking to testify are requested to notify the TIP Director at the foregoing address. Written comments and a summary of oral comments received at the hearing will be available for public inspection within a reasonable time after receipt between the hours of 9:00 A.M. and 5:00 P.M. at the Office of the TIP Director.

The proposed rule amendments were included in HPD's 2006-07 Regulatory Agenda.

Persons who request that a sign language interpreter or other form of reasonable accommodation for a disability be provided at the hearing are requested to notify the TIP Director by June 20, 2007.

Section one. Subdivision c of Section 6-01 of Title 28 of the Rules of the City of New York is amended by adding a new definition of "public project" to read as follows:

"Public project" shall mean a building developed with substantial governmental assistance or a building developed pursuant to a regulatory agreement with a Federal, state or local agency or instrumentality requiring the development of affordable housing.

§ 2. The first unnumbered paragraph of subdivision b of Section 6-05 of Title 28 of the Rules of the City of New York is amended to read as follows:

(b) Preliminary Certificate of Eligibility; documentation. An application for a Preliminary Certificate of Eligibility must be made to the Office after the commencement of construction but prior to the issuance of either a Temporary Certificate of Occupancy for all residential areas or a Permanent Certificate of Occupancy. For a public project, the Department may grant an extension of up to four years for filing the application for a Preliminary Certificate of Eligibility. The application for a Preliminary Certificate of Eligibility shall consist of an affidavit in the form required by the Office and shall include the following:

§ 3. Subparagraph (iii) of paragraph (1), subparagraph (iii) of paragraph (2) and paragraph (4) of subdivision d of section 6-05 of Title 28 of the Rules of the City of New York are amended to read as follows:

(d) Final Certificate of Eligibility: documentation.

(1) The owner must file an application for a Final Certificate of Eligibility which shall consist of an affidavit in the form required by the Commissioner and shall include the following:

(iii) (A) Evidence satisfactory to the Office in a form approved

by the Department that the owner of rental dwelling units has registered the building and [all] any occupied units [as they become occupied] with the New York State Division of Housing and Community Renewal, [or if the project is to be owned and operated as a cooperative or a condominium, a statement by the owner that if the prospective cooperative or condominium plan has not been declared effective for filing at a time fifteen months after the issuance of a Final Certificate of Eligibility, that such owner will register these rental units with the New York State Division of Housing and Community Renewal no later than fifteen calendar days after such fifteen month period or] and, if the building is not fully occupied, an affidavit stating that the owner shall register all remaining units as they become occupied and shall submit proof of such registration[;] of all remaining units in a form approved by the Department upon the earlier to occur of (1) the occupancy of the last remaining unit, or (2) one year from the date of Completion of Construction; or (B) if the project is to be owned and operated as a cooperative or a condominium, a statement by the owner that if the prospective cooperative or condominium plan has not been declared effective for filing at a time fifteen months after the issuance of a Final Certificate of Eligibility, such owner will register these rental units with the New York State Division of Housing and Community Renewal no later than fifteen calendar days after such fifteen month period.

(2) The application for a Final Certificate of Eligibility must be filed as follows:

(iii) [An] (A) For a public project, the Department may grant an extension of up to [one year] four years for filing the application for a Final Certificate of Eligibility [may be granted in the case of a building developed with Substantial Governmental Assistance], provided that [benefits of the Act shall be diminished in amount] to the extent to which the failure to file such application has resulted in the extension of the construction benefit period beyond the actual period of construction for such public project, the construction benefit period shall be retroactively adjusted so that it is coterminous with the actual construction period.

(B) For a building which is not a public project, the Department may grant an extension of up to two years for filing the application for a Final Certificate of Eligibility where the applicant has established that it reasonably relied upon the representations of third parties that the benefits of the Act would be available, provided that to the extent to which the failure to file such application has resulted in the extension of the construction benefit period beyond the actual period of construction for such building, the construction benefit period shall be retroactively adjusted so that it is coterminous with the actual construction period.

(4) [All pending applications for buildings completed prior to the effective date of these amended rules, where a permanent certificate of occupancy or a temporary certificate of occupancy covering all residential space has been issued, shall be allowed six months from the effective date of these amended rules to file and to complete their applications for a Final Certificate of Eligibility.] Reserved.

Statement of Basis and Purpose. Section 421-a of the Real Property Tax Law has provided tax benefits for the construction of new residential buildings in the City of New York since 1971. Under Real Property Tax Law § 421-a, new multiple dwellings that meet all of the statutory and regulatory requirements are eligible for a partial tax exemption that consists of up to three years of construction period benefits and 10, 15, 20 or 25 years of partial tax exemption after construction. One hundred percent of increases in assessed valuation are exempt from taxation during the construction period, and the regular benefit period does not commence until after the entire construction period benefits term has run. Currently, HPD cannot grant extensions for the filing of any applications for a Preliminary Certificate of Eligibility and can only grant extensions for the filing of applications for a Final Certificate of Eligibility to projects developed with substantial governmental assistance. HPD may currently grant extensions for the completion of applications for Final Certificates of Eligibility for good cause shown.

For purposes of the application filing and completion deadlines, the proposed rule amendments add a new definition of public project to incorporate buildings developed with substantial governmental assistance as well as buildings developed pursuant to a regulatory agreement with a Federal, state or local agency or instrumentality requiring the development of affordable housing. With this amendment, developments like inclusionary housing projects that do not get governmental grants, loans or subsidies, would be eligible for extensions that apply to other governmentally assisted projects.

The proposed rule amendments allow HPD to grant filing extensions of up to four years to such public projects for Preliminary Certificate of Eligibility and Final Certificate of Eligibility applications. These amendments are intended to avoid fiscal disasters at such projects and the attendant drain on public funds if their representatives fail to meet the appropriate deadlines. The proposed rule amendments also allow HPD to grant filing extensions for Final Certificate of Eligibility applications of up to two years in the case of a building that is not a public project where the applicant has established that it reasonably relied upon the representations of third parties that the benefits of the Act would be available. HPD would retain the discretion for good cause shown to grant completion extensions for Final Certificate of Eligibility applications for all projects.

The proposed rule amendments also provide that Final Certificate of Eligibility applications must include evidence satisfactory to the Office of Tax Incentive Programs in a form approved by the Department that a rental building owner has registered the building and any occupied units with DHCR and, if the building is not fully occupied, an affidavit stating that the owner shall register the remaining units as they become occupied and submit proof of such registration upon the earlier to occur of occupancy of the last remaining unit or one year from the date of Completion of Construction. These provisions are intended to account for the fact that DHCR requires building owners to register rental units within 90 days of occupancy and not all RPTL Section 421-a rental buildings are rented up at the time that HPD is ready to issue a Final Certificate of Eligibility. By requiring such owners to provide proof of registration within a fixed time frame, HPD can ensure that the applicant is complying with RPTL Section 421-a's rent registration requirements.

Name, Description, and Location of Proposal:

St. Albans – Hollis Rezoning
The New York City Department of City Planning (NYCDCP) proposes to amend the zoning map affecting all or portions of 317 blocks in the southeastern Queens neighborhoods of St. Albans and Hollis in Queens Community District 12. The rezoning area is generally bounded by the Merrick Boulevard to the west and south; Springfield Boulevard and Francis Lewis Boulevard to the east; and 99th Avenue, Farmers Boulevard, and Brinkerhoff Avenue to the north.

The amendments to the Zoning Map are as follows:

- A change from an R3-2 district to an R2 district;
- A change from an R4 district to an R2 district;
- A change from an R3-2 district to an R3A district;
- A change from an R4 district to an R3A district;
- A change from and R3-2 district to an R3X district;
- A change from and R4 district to an R3X district;
- A change from an R4 district to an R4A district;
- A change from an R3-2 district to an R4B district;
- A change from an R4 district to an R4B district;
- A change from an R4 district to an R4-1 district;
- A change from an R3-2 district to an R5B district;
- A change from an R6B district to an R5D district;
- A change from an R2 district to an R6A district;
- A change from an R3-2 district to and R6A district;
- A change from a C1-2 commercial overlay to a C1-3 commercial overlays including the modification of the depth of an existing overlay on nine blocks;

The proposed action is projected to result in a net increase of 261 residential units, a decrease of 22,444 square feet of commercial space and a decrease of 21,813 square feet of community facility space. A total of twelve projected development sites and thirty-one potential development sites have been identified in the area.

The proposed rezonings are intended to preserve the communities' low-density context of detached and semi-detached single- and two-family homes in the inner blocks while promoting increased development along the commercial corridors of Linden Boulevard, Farmers Boulevard, Merrick Boulevard, and Hollis Avenue.

To avoid the potential for impacts related to hazardous materials and air quality, the proposed rezoning includes (E) designations (E-186).

The (E) designations for hazardous materials would be placed on all of the development sites. These sites are comprised of the following parcels:

Block 10287, Lots 1, 62 and 82
Block 10393, Lots 48, 54, 58, and 60
Block 10395, Lot 44
Block 10436, Lot 27
Block 10440, Lot 15
Block 10893, Lots 32 and 41
Block 10899, Lot 35
Block 10901, Lots 26, 28, 30, and 127
Block 10905, Lots 24 and 33
Block 10906, Lots 33, 35
Block 10907, Lots 28, 29, and 129
Block 10912, Lots 30 and 35
Block 10925, Lot 1
Block 10940, Lots 104 and 107
Block 10941, Lot 201
Block 10954, Lot 110
Block 10969, Lot 92
Block 11007, Lot 5
Block 11068, Lots 66, 68, 70, and 115
Block 11069, Lots 75 and 83
Block 11071, Lot 6
Block 11075, Lots 1, 6, and 55
Block 11078, Lot 1
Block 12326, Lot 21
Block 12334, Lots 299 and 300
Block 12345, Lot 34
Block 12393, Lots 34, 39, 47, 49, 50, and 52
Block 12402, Lots 4, 7, 14, 17, 19, 21, and 28
Block 12406, Lot 101
Block 12635, Lot 4

On the sites receiving (E) designations for hazardous materials, the contamination can be classified as petroleum based, non-petroleum based or both. The NYCDEP has developed protocols for both petroleum and non-petroleum based, or both. The NYCDEP has developed protocols for both petroleum- and non-petroleum-based (E) designated sites that are required to be followed in order to address possible contamination. The placement of the (E) designation on the zoning map would eliminate the potential for significant adverse impacts from hazardous materials and would ensure that appropriate testing and remediation, if needed, would be undertaken. The text of the (E) designation is as follows:

Task 1-Sampling Protocol

A. Petroleum

A soil, soil gas, and groundwater testing protocol (including a description of methods), and a site map with all sampling location represented clearly and precisely, must be submitted to the NYCDEP by the fee owner(s) of the lot which is restricted by this (E) designation, for review and approval.

A site map with the sampling locations clearly identified and a testing protocol with a description of methods, for soil, soil gas, and groundwater, must be submitted by the fee owner(s), of the lot which is restricted by the (E) designation, to the NYCDEP for review and approval.
B. Non-Petroleum

The fee owner(s) of the lot restricted by this (E) designation will be required to prepare a scope of work for any sampling and testing needed to determine if contamination exists and to what extent remediation may be required. The scope of work will include all relevant supporting documentation, including site plans and sampling locations. This scope of work will be submitted to NYCDEP for review and approval prior to implementation. It will be reviewed to ensure that an adequate number of samples will be collected and that appropriate parameters are selected for laboratory analysis. For all non-petroleum (E) designated sites, the three generic NYCDEP soil and ground-water sampling protocols should be followed.

A scope of work for any sampling and testing to be completed, which will determine the extent of on-site contamination and the required remediation, must be prepared by the fee owner(s) of the lot restricted by this (E) designation. The scope of work will include the following: site plans, sampling locations, and all other relevant supporting documentation. The scope of work must be submitted to the NYCDEP for review and confirmation that an adequate testing protocol (i.e., number of samples collected, appropriate parameters for laboratory analysis) has been prepared. The NYCDEP must approve the scope of work before it can be implemented.

For non-petroleum (E) designated sites, one of the three generic soil and groundwater sampling protocols prepared by the NYCDEP should be followed.

The protocols are based on three types of releases to soil and groundwater sampling protocols prepared by the NYCDEP should be followed.

The protocols are based on three types of releases to soil and groundwater, including: the release of a solid hazardous material to ground surface; the release of a liquid hazardous material to the ground surface; and the release of a hazardous material to the subsurface (i.e., storage tank or piping). The type of release defines the areas of soil to be sampled from surface, near-surface, to subsurface. Additionally, it determines the need for groundwater sampling.

A written approval of the sampling protocol must be received from the NYCDEP before commencement of sampling activities. Sample site quantity and location should be determined so as to adequately characterize the site, the source of contamination, and the condition of the remainder of the site. After review of the sampling data, the characterization should have been complete enough to adequately determine what remediation strategy (if any) is necessary. Upon request, NYCDEP will provide guidelines and criteria for choosing sampling sites and performing sampling.

Finally, a Health and Safety Plan must be devised and approved by the NYCDEP before the commencement on any on-site activities.

Task 2-Remediation Determination and Protocol

After sample collection and laboratory analysis have been completed on the soil and/or groundwater samples collected in Task 1, a summary of the data and findings in the form of a written report must be presented to the NYCDEP for review and approval. The NYCDEP will provide a determination as to whether remediation is necessary.

If it is determined that no remediation activities are necessary, a written notice will be released to that effect. However, if it is the NYCDEP's determination that remediation is necessary the fee owner(s) of the lot restricted by the (E) designation must submit a proposed remediation plan to the NYCDEP for review and approval. Once approval has been obtain, and the work completed, the fee owner(s) of the lot restricted by the (E) designation must provide proof to the NYCDEP that the work has been completed satisfactorily.

With the placement of the (E) designations on the above block and lots, no impacts related to hazardous materials are anticipated.

To avoid the potential for impacts related to air quality, the proposed rezoning includes (E) designations for air quality on ten potential development sites. Accordingly, (E) designations will be mapped on the following parcels:

Block 10287, Lots 1, 62, and 82
Block 10393, Lots 48, 54, 58, and 60
Block 10905, Lots 24 and 33
Block 10912, Lot s 30 and 35
Block 11068, Lots 66, 68, 70, and 115
Block 11069, Lots 75 and 83
Block 11075, Lot 1, 6, and 55
Block 12334, Lot 299 and 300
Block 12393, Lots 34, 39, 47, 49, 50, and 52
Block 12402, Lots 14, 17, 19, and 21

The text for the (E) designations is as follows:

Block 10287, Lots 62, 82 (Projected Development Site 1)
Any new residential and/or commercial development on the above-referenced properties must ensure that the heating, ventilating and air conditioning stack(s) are located at least 160 and 145 feet for Oil No. 4 and No. 2 from the lot line facing Merrick Boulevard, or use natural gas as the type of fuel for space heating and hot water (HVAC) systems, to avoid any potential significant adverse air quality impacts.

Block 10393, Lots 48, 54 (Projected Development Site 2)
Any new residential and/or commercial development on the above-referenced properties must ensure that the heating, ventilating and air conditioning stack(s) are located at least 60 and 45 feet for Oil No. 4 and Oil No.2 from the lot line facing Dormans Road, or use natural gas as the type of fuel for space heating and hot water (HVAC) systems, to avoid any potential significant adverse air quality impacts.

Block 10393, Lots 58, 60 (Projected Development Site 3)
Any new residential and/or commercial development on the above-referenced properties must ensure that the heating, ventilating and air conditioning stack(s) are located at least 55 and 40 feet for Oil No.4 and Oil No. 2 from the lot line facing 114th Drive, or use natural gas as the type of fuel for space heating and hot water (HVAC) systems, to avoid any potential significant adverse air quality impacts.

Block 10905, Lot 24 (Projected Development Site 6)
Any new residential and/or commercial development on the above-referenced properties must ensure that the heating, ventilating and air conditioning stack(s) are located at least 65 and 50 feet for Oil No. 4 and No. 2 from the lot line facing 202nd Street, or use natural gas as the type of fuel for space heating and hot water (HVAC) systems, to avoid any potential significant adverse air quality impacts.

Block 11069, Lot 75 (Projected Development Site 8)
Any new residential and/or commercial development on the above-referenced properties must ensure that the heating, ventilating and air conditioning stack(s) are located at least 65 and 55 feet for Oil No.4 and No.2 from the lot line facing 197th Street, or use natural gas as the type of fuel for space heating and hot water (HVAC) systems, to avoid any potential significant adverse air quality impacts.

Block 12393, Lots34, 39, 47, 49 (Projected Development Site 9)
Any new residential and/or commercial development on the above-referenced properties must ensure that the heating, ventilating and air conditioning stack(s) are located at least 95 and 70 feet for Oil No. 4 and No. 2 from the lot line facing Linden Boulevard, or use natural gas as the type of fuel for space heating and hot water (HVAC) systems, to avoid any potential significant adverse air quality impacts.

Block 12402, Lots 17, 19, 21 (Projected Development Site 10)
Any new residential and/or commercial development on the above-referenced properties must ensure that the heating, ventilating and air conditioning stack(s) are located at least 65 and 50 feet for Oil No. 4 and Oil No.2 from the lot line facing 116th Avenue, or use natural gas as the type of fuel for space heating and hot water (HVAC) systems, to avoid any potential significant adverse air quality impacts.

Block 10287, Lot 1 (Potential Development Site 14)
Any new residential and/or commercial development on the above-referenced properties must ensure that the heating, ventilating and air conditioning stack(s) are located at least 75 and 65 feet for Oil No.4 and Oil No. 2 from the lot line facing Marne Place, or use natural gas as the type of fuel for space heating and hot water (HVAC) systems, to avoid any potential significant adverse air quality impacts.

Block 10905, Lots 33 (Potential Development Site 20)
Any new residential and/or commercial development on the above-referenced properties must ensure that the heating, ventilating and air conditioning stack(s) are located at least 40 and 30 feet for Oil No. 4 and No. 2 from the lot line facing 203rd Street, or use natural gas as the type of fuel for space heating and hot water (HVAC) systems, to avoid any potential significant adverse air quality impacts.

Block 10912, Lot 30 (Potential Development Site 23)
Any new residential and/or commercial development on the above-referenced properties must ensure that the heating, ventilating and air conditioning stack(s) are located at least 65 and 55 feet for Oil No. 4 and Oil No.2 from the lot line facing 205 Place, or use natural gas as the type of fuel for space heating and hot water (HVAC) systems, to avoid any potential significant adverse air quality impacts.

Block 10912, Lot 35 (Potential Development Site 24)
Any new residential and/or commercial development on the above-referenced properties must ensure that the heating, ventilating and air conditioning stack(s) are located at least 50 and 30 feet for Oil No.4 and Oil No. 2 from the lot line facing Francis Lewis Boulevard, or use natural gas as the type of fuel for space heating and hot water (HVAC) systems, to avoid any potential significant adverse air quality impacts.

Block 11068, Lot 115 (Potential Development Site 30)
Any new residential and/or commercial development on the above-referenced properties must ensure that the heating, ventilating and air conditioning stack(s) are located at least 65 and 55 feet for Oil No. 4 and No. 2 from the lot line facing 196th Street, or use natural gas as the type of fuel for space heating and hot water (HVAC) systems, to avoid any potential significant adverse air quality impacts.

Block 11069, Lot 83 (Potential Development Site 31)
Any new residential and/or commercial development on the above-referenced properties must ensure that the heating, ventilating and air conditioning stack(s) are located at least 55 and 30 feet for Oil No.4 and Oil No. 2 from the lot line facing 198th Street, or use natural gas as the type of fuel for space heating and hot water (HVAC) systems, to avoid any potential significant adverse air quality impacts.

Block 11068, Lots 66, 68, 70 (Potential Development Site 32)
Any new residential and/or commercial development on the above-referenced properties must ensure that the heating, ventilating and air conditioning stack(s) are located at least 55 feet for Oil No. 4 from the lot line facing 197th Street, or use natural gas as the type of fuel for space heating and hot water (HVAC) systems, to avoid any potential significant adverse air quality impacts.

Block 11075, Lot 1 (Potential Development Site 34)
Any new residential and/or commercial development on the above-referenced properties must ensure that the heating, ventilating and air conditioning stack(s) are located at least 45 and 30 feet for Oil No. 4 and No.2 from the lot line facing 203rd Street and/or 116th Avenue, or use natural gas as the type of fuel for space heating and hot water (HVAC) systems, to avoid any potential significant adverse air quality impacts.

Block 11075, Lot 6 (Potential Development Site 35)
Any new residential and/or commercial development on the above-referenced properties must ensure that the heating, ventilating and air conditioning stack(s) are located at least 60 and 45 feet for Oil No.4 and Oil No. 2 from the lot line facing 204th Street, or use natural gas as the type of fuel for space heating and hot water (HVAC) systems, to avoid any potential significant adverse air quality impacts.

Block 11075, Lot 55 (Potential Development Site 36)
Any new residential and/or commercial development on the above-referenced properties must ensure that the heating, ventilating and air conditioning stack(s) are located at least 40 and 30 feet for Oil No. 4 and No. 2 from the lot line facing 203rd Street and/or Linden Boulevard, or use natural gas as the type of fuel for space heating and hot water (HVAC) systems, to avoid any potential significant adverse air quality impacts.

Block 12393, Lots 50, 52 (Potential Development Site 38)
Any new residential and/or commercial development on the above-referenced properties must ensure that the heating, ventilating and air conditioning stack(s) are located at least 55 and 35 feet for Oil No. 4 and Oil No.2 from the lot line facing 115th Avenue, or use natural gas as the type of fuel for space heating and hot water (HVAC) systems, to avoid any potential significant adverse air quality impacts.

Block 12402, Lot 14 (Potential Development Site 40)
Any new residential and/or commercial development on the above-referenced properties must ensure that the heating, ventilating and air conditioning stack(s) are located at least 60 and 40 feet for Oil No. 4 and No. 2 from the lot line facing 115th Avenue, or use natural gas as the type of fuel for space heating and hot water (HVAC) systems, to avoid any potential significant adverse air quality impacts.

B12334, Lot 299, 300 (Potential Development Site 43)
Any new residential and/or commercial development on the above-referenced properties must ensure that the heating, ventilating and air conditioning stack(s) are located at least 95 and 65 feet for Oil No. 4 and Oil No.2 from the lot line facing 170th Street, or use natural gas as the type of fuel for space heating and hot water (HVAC) systems, to avoid any potential significant adverse air quality impacts.

With the placement of the (E) designations on the above blocks and lots, no impacts related to stationary source air quality would be expected.

Statement of No Significant Effect:

The Environmental Assessment and Review Division of the Department of City Planning, on behalf of the City Planning Commission, has completed its technical review of the Environmental Assessment Statement, dated May 21, 2007 prepared in connection with the ULURP Applications (ULURP No. 070472 ZMQ). The City Planning Commission has determined that the proposed action will have no significant effect on the quality of the environment.

Supporting Statement:

The above determination is based on an environmental assessment which finds that no significant effects on the environment which would require an Environmental Impact Statement are foreseeable. This Negative Declaration has been prepared in accordance with Article 8 of the Environmental Conservation Law 6NYCRR part 617.

Should you have any questions pertaining to this Negative Declaration, you may contact Adam Lynn at (212) 720-3493.

READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council**, 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists--free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

PROCUREMENT POLICY BOARD RULES

The Rules may also be accessed on the City Website, http://NYC.GOV.Selltonyc

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

EDUCATION

■ NOTICE

The Department of Education's (DOE) Committee on Contracts has been asked for approval to enter into contract negotiations with the following organizations for the services described below. Other organizations interested in providing these services to the DOE are invited to indicate their ability to do so by writing to Jay G. Miller, at 65 Court Street, Room 1201, Brooklyn, NY 11201. Responses should be received no later than 9:00 AM, Thursday, May 31, 2007.

ITEM(S) FOR CONSIDERATION:

1. United Federation of Teachers, Educational Foundation, Inc. (Previously tabled, April 26, 2007)

Service(s): The Bureau of Nonpublic Schools' Reimbursable Services is requesting a non-competitive award to enter into a requirements contract with the United Federation of Teachers, Educational Foundation, Inc., (UFT) on the behalf of the Teacher Center to provide graduate courses for nonpublic school teachers and administrators. NCLB, Title II, requires that teachers receive professional development that supports the development and implementation of sustained and intensive high-quality coursework in core academic areas.

The UFT Teacher Center, in collaboration with area colleges and universities, offers a wide variety of graduate courses for New York City public school educators and this collaborative effort provides a cost-effective approach to meeting the goals of NCLB. The Bureau's existing contract with UFT expires on August 31, 2007.

The term of this contract will be for five years from September 1, 2007 through August 31, 2012, at a cost not to exceed $750,000 annually, for a five-year total of $3,750,000.

TERM: 9/1/07-8/31/12 Contract Cost: Not to exceed $3,750,000.

Funding Source: Reimbursable; Object Code: 485; Quick Code: 071520/081520; Contract Category Code: 99

2. Americomm Direct Marketing

Service(s): The Division of Instructional and Information Technology (DIIT) is requesting a one-year extension of a requirements contract with Americomm Direct Marketing for the provision of bulk mailing and auto dialing services. Bulk mailing requirements include the production and mailing of postcards or letters to 100,000 recipients within 24 hours, while auto dialing requires the capacity to deliver 100,000 messages in 5 hours. These services enable DOE to contact a large number of parents, guardians, teachers, and other groups in the education community in an effective and systematic manner.

Although an RFP is under development for similar services, the extension of this contract will allow for continuity of service until the ensuing new contract is in place.

The existing contract expired March 31, 2007. The term of the extension is from April 1, 2007 through March 31, 2008, for a contract cost not to exceed $1,000,000.

TERM: 4/1/07-12/31/07 Contract Cost: Not to exceed $1,000,000

Funding Source: Tax Levy; Object Code: 117; Budget Code:19

3. System Integrator Contracts (3 vendors)
Computer Logic Group, Inc.
Custom Computer Specialists
Data Industries, Ltd.

Service(s): On behalf of the DOE, the Division of Contracts and Purchasing is requesting an authorization to continuethe two existing System Integration contracts (Computer Logic Group, Inc., Custom Computer Specialists) that are set to expire on June 30, 2007. DCP is requesting 12 month extensions. DCP is also asking to extend an already expired contract with Data Industries, Ltd. to cover the same 12 month period.

During the extension term, DOE intends to release an RFP to replace these contracts. Each 12-month extension will cover July 1, 2007 through June 30, 2008, for a total cost not to exceed $600,000, as follows:

- Computer Logic Group, Inc. Not to exceed $200,000
- Custom Computer Specialists Not to exceed $200,000
- Data Industries, Ltd. Not to exceed $200,000

TERM: 7/1/07-6/30/08 Total Contract Cost (3): Not to exceed $600,000

Funding Source: Tax Levy; Object Code: 686

4. Council of Supervisors and Administrators

Service(s): The Division of Human Resources is requesting authorization for a non-competitive agreement with the Council of Supervisors and Administrators (CSA) for it to conduct the " Professional Development for School Leaders" program through its Executive Leadership Institute (ELI).

In Fiscal Year 2007, ELI, a not-for-profit educational organization created to provide practical, relevant and essential professional development opportunities for school administrators and supervisors, will offer three programs: Manhattan Educational Leadership Center, the School Based Intermediate Supervisors Institute; and the Advanced Leadership Program for Assistant Principals. These professional development opportunities are provided pursuant to a City Council resolution allocating monies to CSA for the specific purpose of funding its educational leadership centers.

The term of the agreement will be for one year from July 1, 2006 to June 30, 2007, for an annual cost not to exceed $1,000,000, with four separate one-year renewal options through June 30, 2011, contingent upon City Council authorization. With the renewals, the total contract cost to $5,000,000.

TERM: 7/1/2006-6/30/2007, With four one year renewals options Contract Cost: Not to exceed $1,000,000; $5,000,000, with renewals

Funding Source: Tax Levy; Object Code: 686; Quick Code: 037315; Location: F152

5. United Federation of Teachers Educational Foundation, Inc. (UFT-Dial-A-Teacher)

Service(s): The Office of Teaching and Learning is requesting a non-competitive agreement with the United Federation of Teachers Educational Foundation, Inc. (UFT) for the Dial-A-Teacher program.

This program is a joint project between UFT and the DOE that for over 25 years has provided free homework assistance for parents and students directly over the telephone Monday through Thursday. Dial-A-Teacher serves over 80,000 students annually, while also providing over 150 parent workshops.

The term of the agreement will be for 3 years, from July 1, 2007 through June 30, 2010, with an annual contract cost of $937,199, resulting in a $2,811,597 total contract cost.

TERM: 7/1/2007-6/30/10 Contract Cost: $2,811,597

Funding Source: Tax Levy; Quick Code: 027435

PLEASE TAKE FURTHER NOTICE, that pursuant to said Order and to §§ 503 and 504 of the Eminent Domain Procedure Law of the State of New York, each and every person interested in the real property acquired in the above-referenced proceeding and having any claim or demand on account thereof is hereby required, on or before May 3, 2008 (which is one (1) calendar year from the title vesting date), to file a written claim with the Clerk of the Court of Richmond County, and to serve within the same time a copy thereof on the Corporation Counsel of the City of New York, Tax and Bankruptcy Litigation Division, 100 Church Street, New York, New York 10007. Pursuant to EDPL § 504, the claim shall include:

1. the name and post office address of the condemnee;
2. reasonable identification by reference to the acquisition map, or otherwise, of the property affected by the acquisition, and the condemnee's interest therein;
3. a general statement of the nature and type of damages claimed, including a schedule of fixture items which comprise part or all of the damages claimed; and,
4. if represented by an attorney, the name, address and telephone number of the condemnee's attorney.

Pursuant to EDPL § 503(C), in the event a claim is made for fixtures or for any interest other than the fee in the real property acquired, a copy of the claim, together with the schedule of fixture items, if applicable, shall also be served upon the fee owner of said real property.

PLEASE TAKE FURTHER NOTICE, that, pursuant to § 5-310 of the New York City Administrative Code, proof of title shall be submitted to the Corporation Counsel of the City of New York, Tax and Bankruptcy Litigation Division, 100 Church Street, New York, New York 10007 on or before May 3, 2009 (which is two (2) calendar years from the title vesting date).

NYC BUSINESS SOLUTIONS TRAINING GRANT – Other – PIN# RFA801WDC006 – DUE 06-22-07 AT 5:00 P.M. – The New York City Department of Small Business Services is pleased to announce up to $1 million in grants available to train and advance new and current workers. The NYC Business Solutions Training Grant is designed to grow the City's economy by enabling employers to create and retain jobs, increase wages, build skills, and help workers advance in their careers.

To date, New York City has awarded over $2.57 million to 29 growing companies to train 1,847 New Yorkers, matched by $3.67 million in employer contributions. Up to $1 million is available in this round for employers in the following sectors: Aviation, Construction, Film/Media, Financial Services, Healthcare/Bioscience, Hospitality/Tourism, Industrial/Manufacturing, Retail and Technology. The grant can fund up to 50 percent of eligible training costs ($300,000 maximum), with the employer paying the balance. Please visit http://www.nyc.gov/training to access a copy of the application or for additional information and instructions. If you have any questions, please contact us at training@sbs.nyc.gov. Applications are due by June 22, 2007.

Significant improvements were made to the grant, enabling us to fund a greater range of business training needs. In addition to occupational training, the grant will now fund Work Readiness Training, which includes, but is not limited to, adult literacy and numeracy (reading and math), English as a Second Language (ESL), and workplace behavior skills (such as timeliness, communication, and interpersonal skills).

Two Pre-Submission Information Sessions: attend one of two sessions that will take place at the NYC Department of Small Business Services, 7th Floor, 110 William Street, New York NY 10038 on June 1, 2007. Businesses and intermediaries planning to apply may register for the sessions by sending an email to training@sbs.nyc.gov, indicating the organization's name and which session they will attend, 9:30 – 11:00 or 1:30 – 3:00.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/blueprints; other information; and for opening and reading of bids at date and time specified above.

JUVENILE JUSTICE

■ SOLICITATIONS

Human / Client Service

CORRECTION: PROVISION OF NON-SECURE DETENTION CENTERS – Negotiated Acquisition – Judgment required in evaluating proposals - PIN# 13007DJJ001 – DUE 11-14-08 AT 3:00 P.M. – CORRECTION: The NYC Department of Juvenile Justice (DJJ) is seeking one or more appropriately qualified vendors to provide non-secure detention services for youth. Services shall include, but not be limited to, custody, basic youth care, food, clothing, shelter, education, health care, recreation, court related services, social work and case management services, social skills instruction, group sessions and monitoring and supervision of these services. In addition, the contract will require that a defibrillator shall be located in each program facility and that all staff requiring CPR training shall be certified in use of said defibrillator.

Each program facility will provide at least 10 and no more than 12 beds in accordance with the applicable regulations promulgated by the New York State Office of Children and Family Services (NYS OCFS), 9 N.Y.C.R.R. Section 180 et seq. The Department is seeking to provide services at facilities that will be operational at any time from January 1, 2007 to December 31, 2010. A vendor may submit an offer for more than one Facility Option. Current Agency vendors operating non-secure group homes that have contracts expiring in calendar year 2006 are urged to respond to this solicitation.

All program facilities shall be appropriately equipped to provide services for male or female youth as required by the Department, and be located in one of the five boroughs. The term of the contracts awarded from this solicitation will be for three years and will include an additional three-year option to renew. The anticipated maximum average annual funding available for each contract will be $1,067,000, excluding start-up costs. Proposed start-up costs will be considered in addition to the proposed annual line item budget. Greater consideration will be given to applicants offering more competitive prices.

If your organization is interested in being considered for award of the subject contract, please hand deliver a written expression of interest addressed to my attention at 365 Broadway, 5th Floor, New York, NY 10013. The expression of interest should specifically address the following:

1. Indicate each program facility for which the vendor is submitting.

2. Describe each proposed facility, its location, and proposed date of operation.

3. Attach appropriate documentation demonstrating the current use of each proposed facility and the vendor's site control of the facility for a period of at least 3 years.

4. For each proposed facility,
a) Indicate the number of beds to be provided and demonstrate that the facility has the capacity to provide the indicated number of beds.
b) Demonstrate that the facility will be appropriately equipped to provide services for male or female youth.

5. Demonstrate the vendor's organizational capability to:
a) Provide the indicated number of beds at each proposed facility. (If the vendor is a current provider, also demonstrate the capability to provide the indicated number of beds in addition to those already provided.)
b) Ensure that each proposed facility will be fully operational by required date in accordance with the applicable regulations promulgated by the New York State Office of Children and Family Services (NYS OCFS), 9 N.Y.C.R.R. Section 180 et seq.

6. Demonstrate the quantity and quality of the vendor's successful relevant experience.

7. Attach for each proposed facility three-year annual line item operating budget. Include staffing details. Proposed start up costs should be included in addition to the proposed three-year annual line item operating budget.

All expressions of interest received in the manner set forth will be reviewed to determine if they are responsive to the material requirements of this solicitation. Expressions of interest determined to be non-responsive will not be further considered. Expressions of interest determined to be responsive will be considered in terms of the following factors:

- Appropriateness of each proposed facility.
- Demonstrated site control of each proposed facility.
- Demonstrated level of organizational capability to provide the proposed number of beds and to ensure that each proposed facility if fully operational by the applicable requisite date.
- Demonstrated quantity and quality of successful relevant experience.
- Annual budget amount and cost effectiveness of the budget.

The Department will enter into negotiations with the vendor(s) determined to be the best qualified at the time of evaluation, based on consideration of the above-cited factors. A contract will be awarded to the responsible vendor(s) whose offer(s) is/are determined to be the most advantageous to the City, taking into consideration the price and the other factors set forth in this solicitation. In the case that a vendor is eligible for award of more than one program facility, the Department reserves the right, based upon the vendor's demonstrated organizational capability and the best interest of the City, respectively, to determine how many and for which program facility(ies) the vendor will be awarded a contract.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/ blueprints; other information; and for opening and reading of bids at date and time specified above.

NYC BUSINESS SOLUTIONS TRAINING GRANT - Other – PIN# RFA801WDC006 – DUE 06-22-07 AT 5:00 P.M. – The New York City Department of Small Business Services is pleased to announce up to $1 million in grants available to train and advance new and current workers. The NYC Business Solutions Training Grant is designed to grow the City's economy by enabling employers to create and retain jobs, increase wages, build skills, and help workers advance in their careers.

To date, New York City has awarded over $2.57 million to 29 growing companies to train 1,847 New Yorkers, matched by $3.67 million in employer contributions. Up to $1 million is available in this round for employers in the following sectors: Aviation, Construction, Film/Media, Financial Services, Healthcare/Bioscience, Hospitality/Tourism, Industrial/ Manufacturing, Retail and Technology. The grant can fund up to 50 percent of eligible training costs ($300,000 maximum), with the employer paying the balance. Please visit http://www.nyc.gov/training to access a copy of the application or for additional information and instructions. If you have any questions, please contact us at training@sbs.nyc.gov. Applications are due by June 22, 2007.

Significant improvements were made to the grant, enabling us to fund a greater range of business training needs. In addition to occupational training, the grant will now fund Work Readiness Training, which includes, but is not limited to, adult literacy and numeracy (reading and math), English as a Second Language (ESL), and workplace behavior skills (such as timeliness, communication, and interpersonal skills).

Two Pre-Submission Information Sessions: attend one of two sessions that will take place at the NYC Department of Small Business Services, 7th Floor, 110 William Street, New York NY 10038 on June 1, 2007. Businesses and intermediaries planning to apply may register for the sessions by sending an email to training@sbs.nyc.gov, indicating the organization's name and which session they will attend, 9:30 – 11:00 or 1:30 – 3:00.

Amend Article 131 of the New York City Health Code to allow the Department of Housing Preservation and Develop (HPD) to issue Commissioner's Orders to Abate.

REASON WHY ACTION IS BEING CONSIDERED
This is being proposed to allow HPD to install or repair window guards expeditiously and to collect the appropriate fees from landlords and building owners of multiple dwellings where children under the age of 11 reside.

INDIVIDUALS LIKELY TO BE AFFECTED
Building owners and landlords of multiple dwellings where children 11 years or younger reside.

SUBJECT AREA
Communicable Diseases – list of reportable diseases and conditions.

SUMMARY OF PROPOSED RULE
Amend Article 11, Section 11.03 of the New York City Health Code to add the following reportable diseases:

- Community acquired methicillin resistant Staphylococcus aureus (CA-MRSA),
- Antibiotic sensitivity profiles for all reportable bacterial diseases,
- Respiratory syncytial virus (RSV),
- Norovirus, and
- Rotavirus.

REASON WHY ACTION IS BEING CONSIDERED
To better monitor the impact of this resistant pathogen, CA-MRSA, in the community. To track the progression of antibiotic of resistance in New York City and provide clinicians with information about resistance in their community.
Monitoring of these respiratory and gastrointestinal viruses, RSV, Norovirus, and Rotavirus, will allow DOHMH to assess citywide trends in viral illnesses and interpret etiologies for syndromic surveillance

INDIVIDUALS LIKELY TO BE AFFECTED
Providers who need to report suspect cases of CA-MRSA and patients who may require interviews to determine risk factors for infection.

Reporters of diseases and conditions who use the DOHMH's Electronic Clinical Laboratory Reporting System (ECLRS). There should be no impact on individuals.

SUBJECT AREA
Physical facilities in schools and other children's institutions.

SUMMARY OF PROPOSED RULE
Amendments to Article 45 of the NYC Health Code, Section 45.11 concerning Physical Facilities in schools. Revision of standards and requirements for indoor air in schools are contemplated since existing provisions may not adequately protect children in school settings.

REASON WHY ACTION IS BEING CONSIDERED
Many provisions of the Section are obsolete and are covered by other regulations (e.g., the Building and Fire Codes) and/or require update and revision.

INDIVIDUALS LIKELY TO BE AFFECTED
Schools and children's institutions as defined by Article 45 of the Health Code.

Food Establishments

SUMMARY OF PROPOSED RULE
Amend Article 81 of the NYC Health Code to redefine potentially hazardous foods; establish requirements for the elimination of parasites in raw fish preparations; and establish procedures for food service establishments to use reduced oxygen packaging food processing, cooking and storage methods that could otherwise allow growth of anaerobic bacteria.

REASON WHY ACTION IS BEING CONSIDERED
Many food service establishments are experimenting with some old and new food processing techniques that, if done improperly, could endanger the public health by facilitating growth of anaerobic bacteria. These processing techniques include: reduced oxygen packaging; cook-chill; sous vide. In addition, the rules would establish procedures for safe service and preparation of ready to eat raw fish products.

Name, Description and Location of Proposal:

York Avenue and 61st Street Development
The applicant, 1113 York Avenue Realty Company LLC, is proposing to develop a mixed-use development at 1113-1127 York Avenue (Block 1455, Lot 21 and the eastern portion of Lot 13), located on the eastern portion of the block bounded by First and York Avenues, between East 61st and East 62nd Streets, in Manhattan Community District 8. The proposed development requires the following discretionary actions:

- A zoning map amendment from C8-4 to C4-7 for the area bounded by East 60th Street, York Avenue, East 61st Street, and a line 100 feet west of York Avenue (part of Lot 21); and from C6-2 to C6-3 for the area bounded by a line 100 feet west of York Avenue, East 61st Street, a line 300 feet east of First Avenue, and a line midway between East 60th Street and East 61st Street (parts of Lots 13 and 21).
- Special permit for a 195-space public parking garage pursuant to Zoning Resolution (ZR) Sections 13-562 and 74-52.
- City Planning Commission certification pursuant to ZR Section 26-15 for a second curb cut on East 61st Street.
- Modification of the restrictive declaration which is currently recorded against Lot 13 to extend certain use and bulk restrictions to Lot 21. The restrictive declaration would also be modified to include a provision limiting the residential development on the project site to a maximum of 211 dwelling units.

The proposed actions would facilitate a proposal by the applicant to develop a 37-story mixed- use development consisting of approximately 211 dwelling units; 2,500 gross square feet (gsf) of ground floor retail space; and a 195-space below-grade public parking garage. The entrance and exit to the proposed public parking garage would be located on East 61st Street. The proposed project is expected to be completed in 2009. The proposed development would utilize a floor area bonus under the Inclusionary Housing program. The floor area bonus would add approximately 40,166 gsf of floor area to the proposed development and would obligate the applicant to sponsor approximately 10,040 gsf of off-site, below market-rate housing in Manhattan Community Board 8 or within a ½ mile radius of the project site.

The project site is part of a larger zoning lot occupying approximately 62,860 gsf of lot area. The western portion of the zoning lot is developed with a 42-story residential development containing 234 units (western portion of Lot 13). The proposed development would occupy approximately 25,137 gsf of vacant lot area on the eastern portion of the site (Lot 21 and eastern portion of Lot 13), and would be connected by a common lobby to the existing residential development on the western portion of the site.

Absent the proposed actions, the applicant would develop the eastern portion of the project site with a 6-story, approximately 123,900 gsf medical office facility with a 28-space accessory parking garage. The western portion of the project site would be improved as a landscaped area associated with the existing residential building.

To avoid any potential impacts associated with noise, as part of the proposed rezoning, an (E) designation for noise would be placed on the project site (Block 1455, Lot 13 and 21). The text of the (E) designation for noise is as follows:

In order to ensure an acceptable interior noise environment, future residential uses must provide a closed window condition with a minimum of 35 dB(A) window/wall attenuation on all facades in order to maintain an interior noise level of 45 dB(A). In order to maintain a closed-window condition, an alternate means of ventilation would also have to be provided. Alternate means of ventilation would include, but would not be limited to, central air conditioning or air conditioning sleeves containing air conditioners or HUD- approved fans.

The (E) designation for noise would ensure that the proposed action would not result in significant adverse impacts due to noise.

Statement of No Significant Effect Upon Modification:

The Environmental Assessment and Review Division of the Department of City Planning, on behalf of the City Planning Commission, has completed its technical review of the Environmental Assessment Statement (EAS) dated May 17, 2007, prepared in connection with ULURP Application Nos. 000198ZMM, N070442ZCM, 070441ZSM, and M860117(E)ZMM. The City Planning Commission has determined that the proposed action will have no significant effect on the quality of the environment, once modified as follows:

1) The applicant, 1113 York Avenue Realty Company LLC, has agreed to file a restrictive declaration requiring the preparation of a hazardous materials sampling protocol including a health and safety plan, which would be submitted to the Department of Environmental Protection (DEP) for approval. The applicant agrees to test and identify any potential hazardous material impact pursuant to the approved sampling protocol and, if any such impact is found, submit a hazardous material remediation plan including a health and safety plan to DEP for approval. If necessary, remediation measures would be undertaken pursuant to the remediation plan.

Supporting Statement:

The above determination is based on an environmental assessment which finds that:

1) A Phase I Environmental Site Assessment (ESA) dated April 2006 and Spill Closure Plan dated April 2007 were prepared for the project site. It has been determined that absent further testing and review of the test results, the proposed action has the potential to result in significant adverse impacts relating to hazardous materials. The Phase I ESA and Spill Closure Plan were reviewed by DEP's Office of Environmental Planning and Assessment, and Phase II testing was recommended, as stated in a letter from DEP dated May 8, 2007, due to the potential presence of hazardous materials on the site as a result of past on-site land uses. The declaration, binding on all successors and assigns of the applicant, requires that a Phase II ESA be prepared, including a sampling protocol and a health and safety plan for DEP's review and approval. If hazardous materials impacts exist, the declaration requires that the applicant submit a remediation plan for DEP's review and approval and provide for such remediation. The declaration serves as a mechanism to assure the potential for hazardous material contamination that may exist in the sub-surface soils and groundwater on the applicant's property would be characterized prior to any site disturbance (i.e., site grading, excavation, demolition, or building construction). With the implementation of the condition described above, no significant adverse impact related to hazardous materials would occur.

2) The (E) designation for noise on the project site would ensure that no significant adverse impacts due to noise would result from the proposed action.

3) No other significant effects on the environment which would require an Environmental Impact Statement are foreseeable.

It is fully agreed and understood that if the foregoing conditions, modifications, and alterations are not fully incorporated into the proposed action that this Conditional Negative Declaration shall become null and void. In such event, the applicant shall be required to prepare a Draft Environmental Impact Statement before proceeding further with said proposal.

This Conditional Negative Declaration has been prepared in accordance with Article 8 of the Environmental Conservation Law 6NYCRR part 617.

Should you have any questions pertaining to this Conditional Negative Declaration, you may contact Brad Kieves at (212) 720-3417.

Name, Description and Location of Proposal:

400 Fifth Avenue:
The proposal involves an application by 400 Fifth Realty LLC for a zoning text amendment to Zoning Resolution (ZR) Sections 81-212, 81-81, and 81-85 to allow for the modification of Section 81-40 (Mandatory District Plan Elements) and 81-84 (Mandatory Regulations and Prohibitions of the Fifth Avenue Subdistrict) in connection with a 74-79 Special Permit. In addition, the applicant is seeking a Special Permit pursuant to ZR Sections 74-79 and a Special Permit pursuant to 81-212, 81-85 and 81-277, as modified, which are described in greater detail below.

The proposed actions would facilitate a proposal by the applicant to construct a new 518,792 square foot mixed-use building containing approximately 389 residential units, 200 hotel rooms, and 28,707 square feet of retail space of which 10,899 would be located at the cellar level. The proposed mixed-use building would rise to a height of 632 feet (including the mechanical penthouse) and would set back at a height of 126 feet.

The project site is located at 400 Fifth Avenue on a block bounded by West 37th Street, Fifth Avenue, West 36th Street, and Sixth Avenue (Block 838; Lots 42, 45, 46, 47, and 48). The portion of the project site proposed for redevelopment (Lots 42, 45, 46, and 47) is currently vacant. The remainder of the project site (Lot 48) is occupied by a New York City Landmark, 404 Fifth Avenue, from which unused air rights would be transferred to the new development. The development would also use air rights from 401 Fifth Avenue (the Tiffany & Co. Building), which is located across Fifth Avenue to the east of the project site. The Tiffany & Co. Building is a New York City Landmark and is listed on the State and National Registers of Historic Places.

The project site is located within the Fifth Avenue Subdistrict of the Special Midtown Zoning District in Manhattan and is zoned C5-3, which designates a central commercial district intended for offices and high-end retail establishments, and a maximum FAR of 15.0. In total, the floor area ratio (FAR) of the new development would be 16.0. One FAR of this total would be transferred from 401 Fifth Avenue pursuant to a ZR Section 74-79 special permit as described below.

In order to facilitate the construction of the proposed development, the applicant is seeking the following three actions:

- Zoning Text Amendment (ULURP No. N070468 ZRM): A Zoning Text Amendment to Zoning Resolutions Section 81-212, 81-81, and 81-85 (new section) to allow for the modification of Section 81-40 (Mandatory District Plan Elements) and 81-84 (Mandatory Regulations and Prohibitions of the 5th Avenue Subdistrict) in connection with a 74-79 Special Permit.
- Special Permit Pursuant to Section 74-79 (ULURP No. 070469 ZSM): A Special Permit pursuant to Section 74-79, 81-212, and 81-85 of the Zoning Resolution to permit the transfer of 173,692 square feet of floor area from the zoning lot containing 401 Fifth Avenue, permit a hotel entrance on Fifth Avenue, and waive the amount of pedestrian circulation space required.
- Special Permit Pursuant to Section 81-277 (ULURP No. 070470 ZSM): A Special Permit pursuant to Section 81-277 to waive alternative height and setback regulations – daylight evaluation.

Several provisions are included as part of the proposed project in order to ensure that no significant adverse impacts related to noise, air quality, and hazardous materials will occur. First, the project will be designed with double-glazed windows, which would provide 35 dBA window-wall attenuation in order to maintain an interior noise environment of 45 dBA. The proposed window-wall attenuation requirements are shown on the site plan contained in the proposal's ULURP application. In addition, in order to ensure that no signficiant adverse air quality impacts from fuel-fired heating, ventilation or air conditioning (HVAC) equipment would occur the proposed development will use Con Edison steam for heat and hot water. The proposed use of Con Edison steam for the HVAC system is shown on the site plan contained in the proposal's ULURP application. Finally, the proposed development includes a restrictive declaration to ensure that significant adverse impacts related to hazardous materials do not occur. The restrictive declaration binds the applicant to conduct subsurface (soil and groundwater) investigations, develop a Health and Safety Plan (HASP), and remediate, if required, prior to the commencement of construction activity. The restrictive declaration was prepared in a form acceptable to the DEP, and the DEP has reviewed and approved the restrictive declaration's proof of recording.

Absent the proposed actions, the applicant would develop the site with a 15.0 FAR, mixed use building approximately 169,832 square feet less than the proposed development. The building would contain 190 fewer residential units, the same number of hotel rooms as the proposed development, and approximately 11,197 less square feet of retail space. The base of the building would rise flush from the lot line for 10 stories, at which point it would set back 10 feet on Fifth Avenue and 20 feet on West 36th Street. The quantity and placement of setbacks of the building would differ from the proposed development in that the no action building would have one setback, at 126 feet rather than six setbacks at varying heights up the building. Additionally, the hotel's lobby area would be on West 36th Street, rather than on

Fifth Avenue, and the ground floor streetwall would be set back several feet from the street line, in compliance with the existing pedestrian circulation requirements, and the storefront would be a sheer vertical wall. The build year for the proposed action is 2009.

Statement of No Significant Effect:

The Environmental Assessment and Review Division of the Department of City Planning, on behalf of the City Planning Commission, has completed its technical review of the Environmental Assessment Statement, dated May 18, 2007, prepared in connection with the ULURP Application (N070468ZRM, 070469ZSM, 070470ZSM). The City Planning Commission has determined that the proposed action will have no significant effect on the quality of the environment.

Supporting Statement:

The above determination is based on an environmental assessment which finds that:

1. Existing noise levels were measured at three receptor sites adjacent to the project site over 20-minute periods during three weekday peak periods. At all the monitoring sites, traffic noise was the dominant noise source and was found to be in the "marginally unacceptable" dBA level category according to CEQR criteria. As such, in order to maintain interior noise levels of 45 dBA or lower, the building design includes the use of well sealed double-glazed windows and central air conditioning. With these measures, the window/wall attenuation would provide at least 35 dBA for all facades of the building.

2. The development will utilize Con Edison steam for building heat and hot water. Consequently, this ensures no significant adverse impact from air emissions on site generated by heating, ventilation or air conditioning (HVAC) systems.

3. A Phase I Environmental Site Assessment (ESA) was prepared for the project site (Block 838; Lots 42, 45, 46, 47 and 48). The Phase I ESA was reviewed by DEP's Office of Environmental Planning and Assessment, and pursuant to a letter dated May 10, 2007, subsurface investigation of soil and groundwater was recommended by DEP due to the potential presence of hazardous materials on the site as a result of past adjacent land uses. As such, the applicant has entered into a restrictive declaration to ensure that detailed Phase II testing would occur and is binding upon the property's successors and assigns. The declaration serves as a mechanism to assure the potential for hazardous material contamination that may exist in the sub-surface soils and groundwater on the project site would be characterized prior to any site disturbance (i.e., site grading, excavation, demolition, or building construction). The restrictive declaration was prepared in a form acceptable to the DEP and the restrictive declaration's proof of recording was reviewed and approved by the DEP on May 18, 2007. Consequently, no significant adverse impacts related to hazardous materials will occur.

4. No other significant adverse effects on the environment which would require an Environmental Impact Statement are foreseeable.

This Negative Declaration has been prepared in accordance with Article 8 of the Environmental Conservation Law 6NYCRR part 617.

Should you have any questions pertaining to this Negative Declaration, you may contact Celeste Evans at (212) 720-3321.

Name, Description and Location of Proposal:

6200 Eighth Avenue Mixed Use Development
The applicant, MSK Properties, is proposing a zoning map amendment to change M1-1 and M1-2 zoning districts to C4-2 and C4-2A zoning districts on property located on the north side of 64th Street, between 7th and 8th avenues (Block 5794, Lots 75, 100, 110, 150, and 165) in the Bay Ridge neighborhood of Brooklyn Community District 10. The applicant is also seeking a Special Permit pursuant to Zoning Resolution Section 74-681 (Development within or over a railroad or transit right-of-way or yard).

The proposed action would facilitate a proposal by the applicant to construct an 11-story, mixed-use building on Block 5794, Lot 75. The proposed development would contain 216 dwelling units, approximately 104,000 square feet of ground floor retail use, approximately 60,000 square feet of office use, and 909 accessory parking spaces. The project site is a former railroad yard and is currently used for accessory parking.

In addition, the proposed rezoning could allow the redevelopment of two other properties for residential uses. 701 64th Street (Block 5794, Lot 165) is developed with a three-story office building, nearly entirely occupied Metropolitan Jewish Health Care. The other property, located at 745 64th Street (Block 5794, Lot 150) is developed with a two-story building occupied by Metropolitan Jewish Health Care, Maimonides Medical Center, and the New York City Police Department. Since both sites are fully occupied and leased by long-term tenants, they are not as likely to be developed and therefore have been analyzed as potential development sites.

This negative declaration includes an (E) designation (E-178) for noise on Block 5794, Lots 75, 150 and 165. The text of the (E) designation is as follows:

> In order to ensure an acceptable interior noise environment, future residential uses must provide a closed window condition with a minimum of 35 dB(A) window/wall attenuation in order to maintain an interior noise level of 45 dB(A). In order to maintain a closed-window condition, an alternate means of ventilation must also be provided. Alternate means of ventilation includes, but is not limited to, central air conditioning or air conditioning sleeves containing air conditioners or HUD-approved fans.

With the implementation of the above (E) designation, no significant adverse impacts related to noise would occur.

Statement of No Significant Effect:

The Environmental Assessment and Review Division of the Department of City Planning, on behalf of the City Planning Commission (CPC), has completed its technical review of the Environmental Assessment Statement on May 18, 2007, prepared in connection with the ULURP Applications (Nos. 060353ZMK, 060354ZSK). The City Planning Commission has determined that the proposed action will have no significant effect on the quality of the environment, once it is modified as follows:

1. The applicant agrees via restrictive declarations to prepare hazardous materials sampling protocols, including a health and safety plans, which would be submitted to the Department of Environmental Protection (DEP) for approval. The applicant agrees to test and identify any potential hazardous material impact pursuant to the approved sampling protocols and, if any such impact is found, submit hazardous material remediation plans including health and safety plans to DEP for approval. If necessary, remediation measures would be undertaken pursuant to the remediation plans.

Supporting Statement:

The above determination is based on an environmental assessment which finds that:

1. A Phase I Environmental Site Assessment (ESA) dated July 5, 2005, available in the proposal's CEQR file, was prepared for the project site (Block 5794, Lot 75). The Phase I ESA was reviewed by DEP's Office of Environmental Planning and Assessment, and pursuant to a letter dated August 3, 2006, Phase II testing was recommended by DEP due to the potential presence of hazardous materials on the site as a result of past and present adjacent land uses. As such, the restrictive declarations require that detailed Phase II testing would occur and is binding upon the property's successors and assigns. The declarations serve as a mechanism to assure the potential for hazardous material contamination that may exist in the sub-surface soils and groundwater on the project site would be characterized prior to any site disturbance (i.e., site grading, excavation, demolition, or building construction).

   The restrictive declarations that have been prepared require the preparation of a hazardous materials sampling protocol, including a health and safety plan, which would be submitted to the Department of Environmental Protection (DEP) for approval. A restrictive declaration has been executed and recorded against Block 5794, Lot 75. To address the potential for hazardous materials impacts on one of the potential development sites, Lots 150 and 165, due to the existing zoning and based on the Phase I ESA for adjacent Lot 75, restrictive declarations, in a form acceptable to DEP, were prepared. The prepared restrictive declaration has been executed and recorded against Lot 150. The applicant has agreed in writing that the prepared restrictive declaration will be executed and recorded against Lot 165 prior to CPC approval of the ULURP Applications, which will otherwise be withdrawn.
   The recorded declarations establish an agreement to test and identify any potential hazardous materials impacts pursuant to the approved sampling protocol and, if any such impact is found, submit a hazardous material remediation plan, including an health and safety plan, to DEP for approval. If necessary, remediation measures would be undertaken pursuant to the remediation plan. The restrictive declarations also restrict the manner in which the property may be developed or redeveloped, by requiring the sampling protocol and remediation measures to serve as a condition precedent to any change of use in any such development or redevelopment of the property. These measures would ensure that no significant adverse impacts related to hazardous materials would occur.

2. No other significant adverse effects on the environment which would require an Environmental Impact Statement are foreseeable.

It is fully agreed and understood that if the foregoing conditions, modification, and alterations are not fully incorporated into the proposed action, this Conditional Negative Declaration shall become null and void. In such event, the applicant shall be required to prepare a Draft Environmental Impact Statement before proceeding further with said proposal.

This Conditional Negative Declaration has been prepared in accordance with Article 8 of the Environmental Conservation Law 6NYCRR part 617.

Should you have any questions pertaining to this Conditional Negative Declaration, you may contact Celeste Evans at (212) 720-3321.

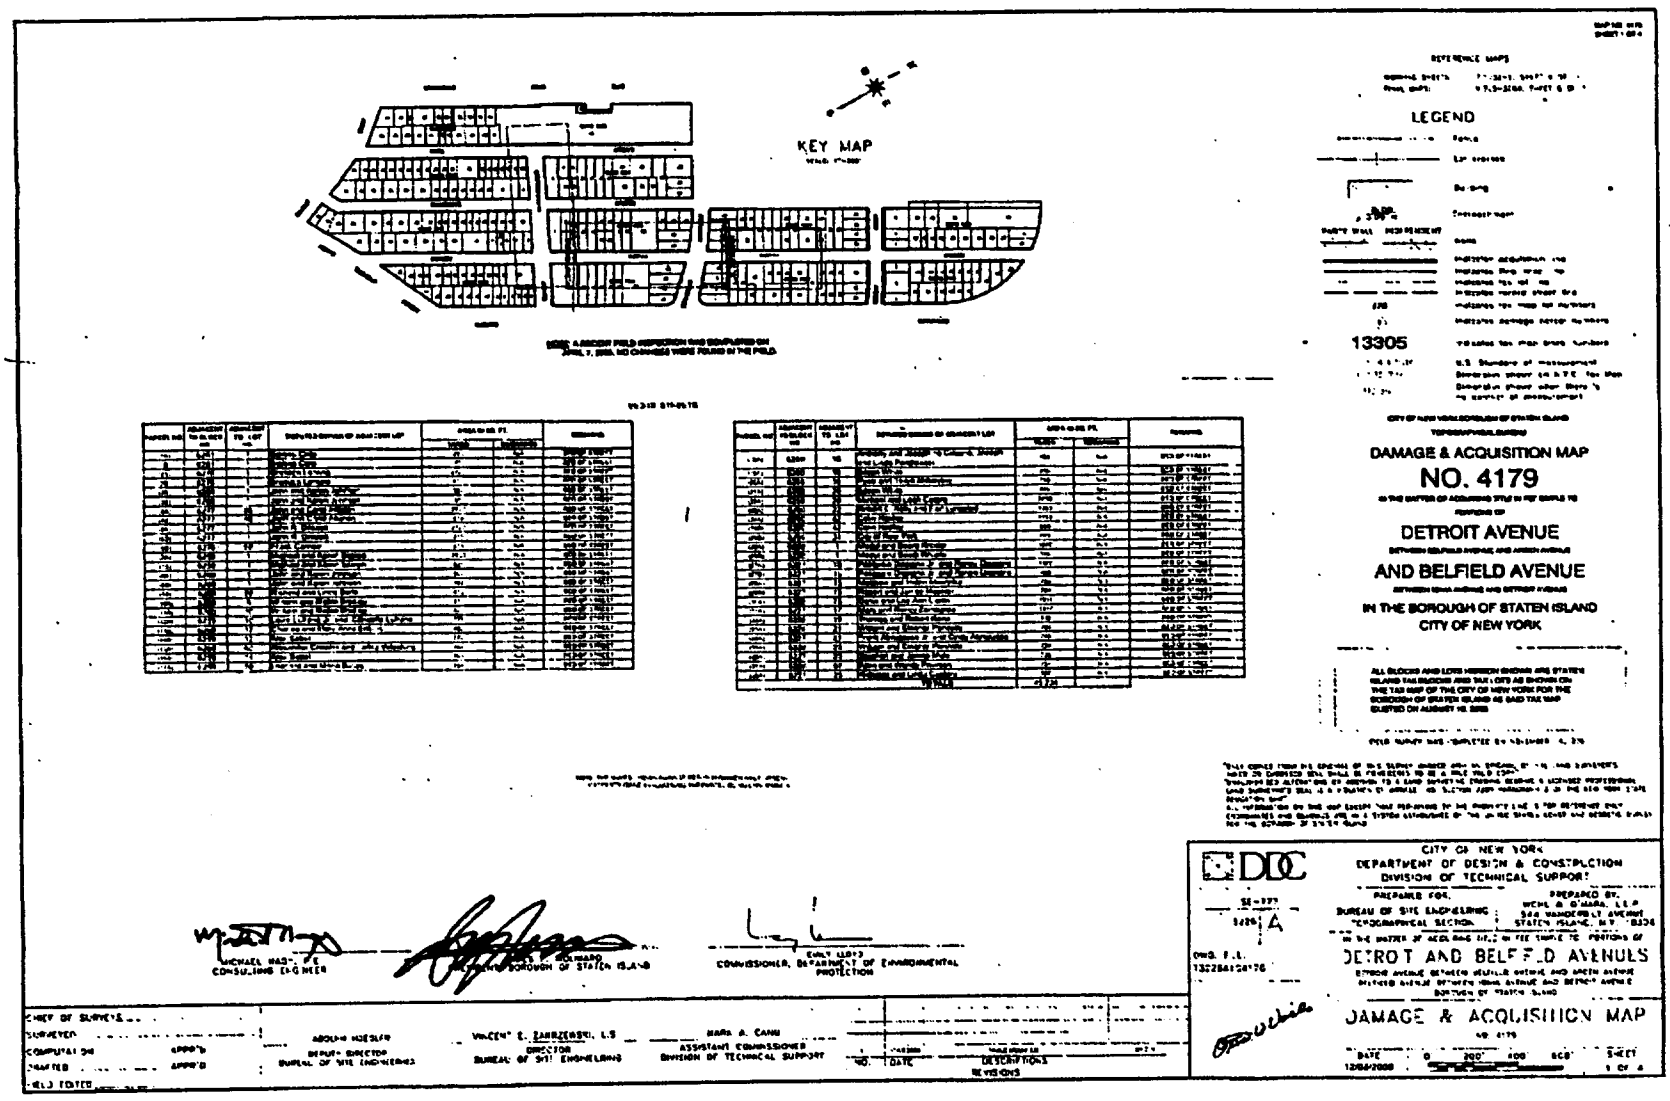
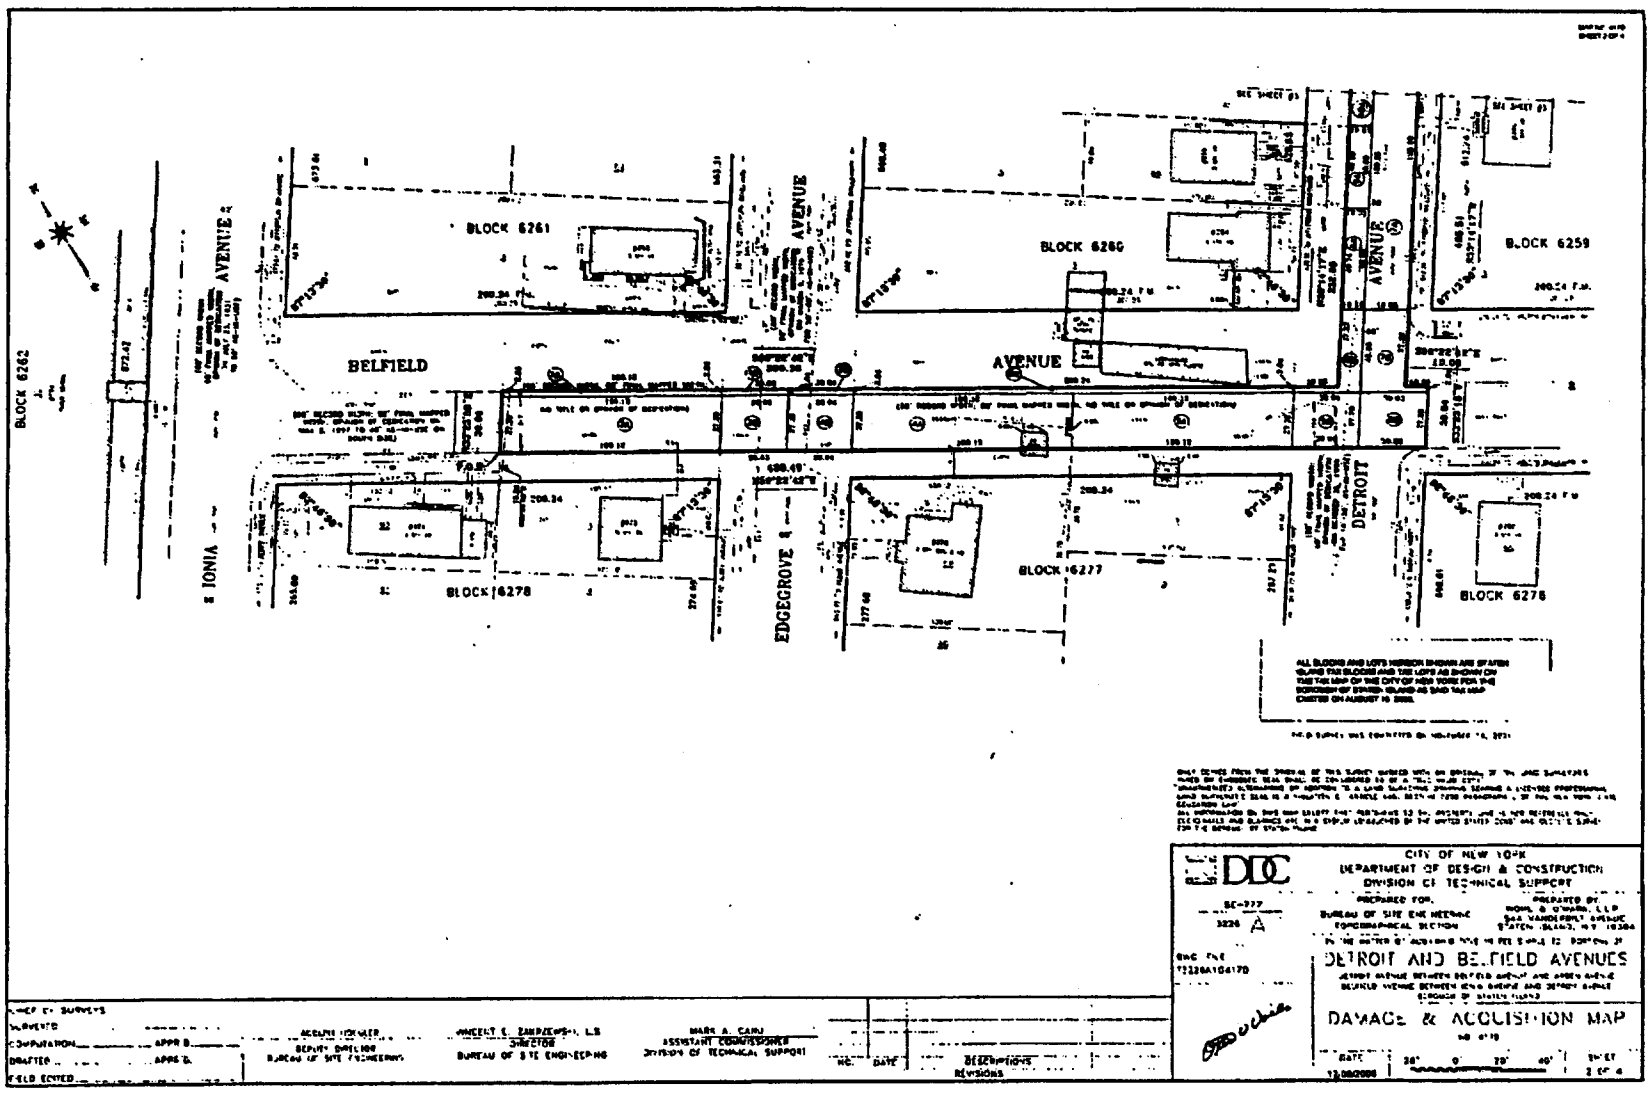
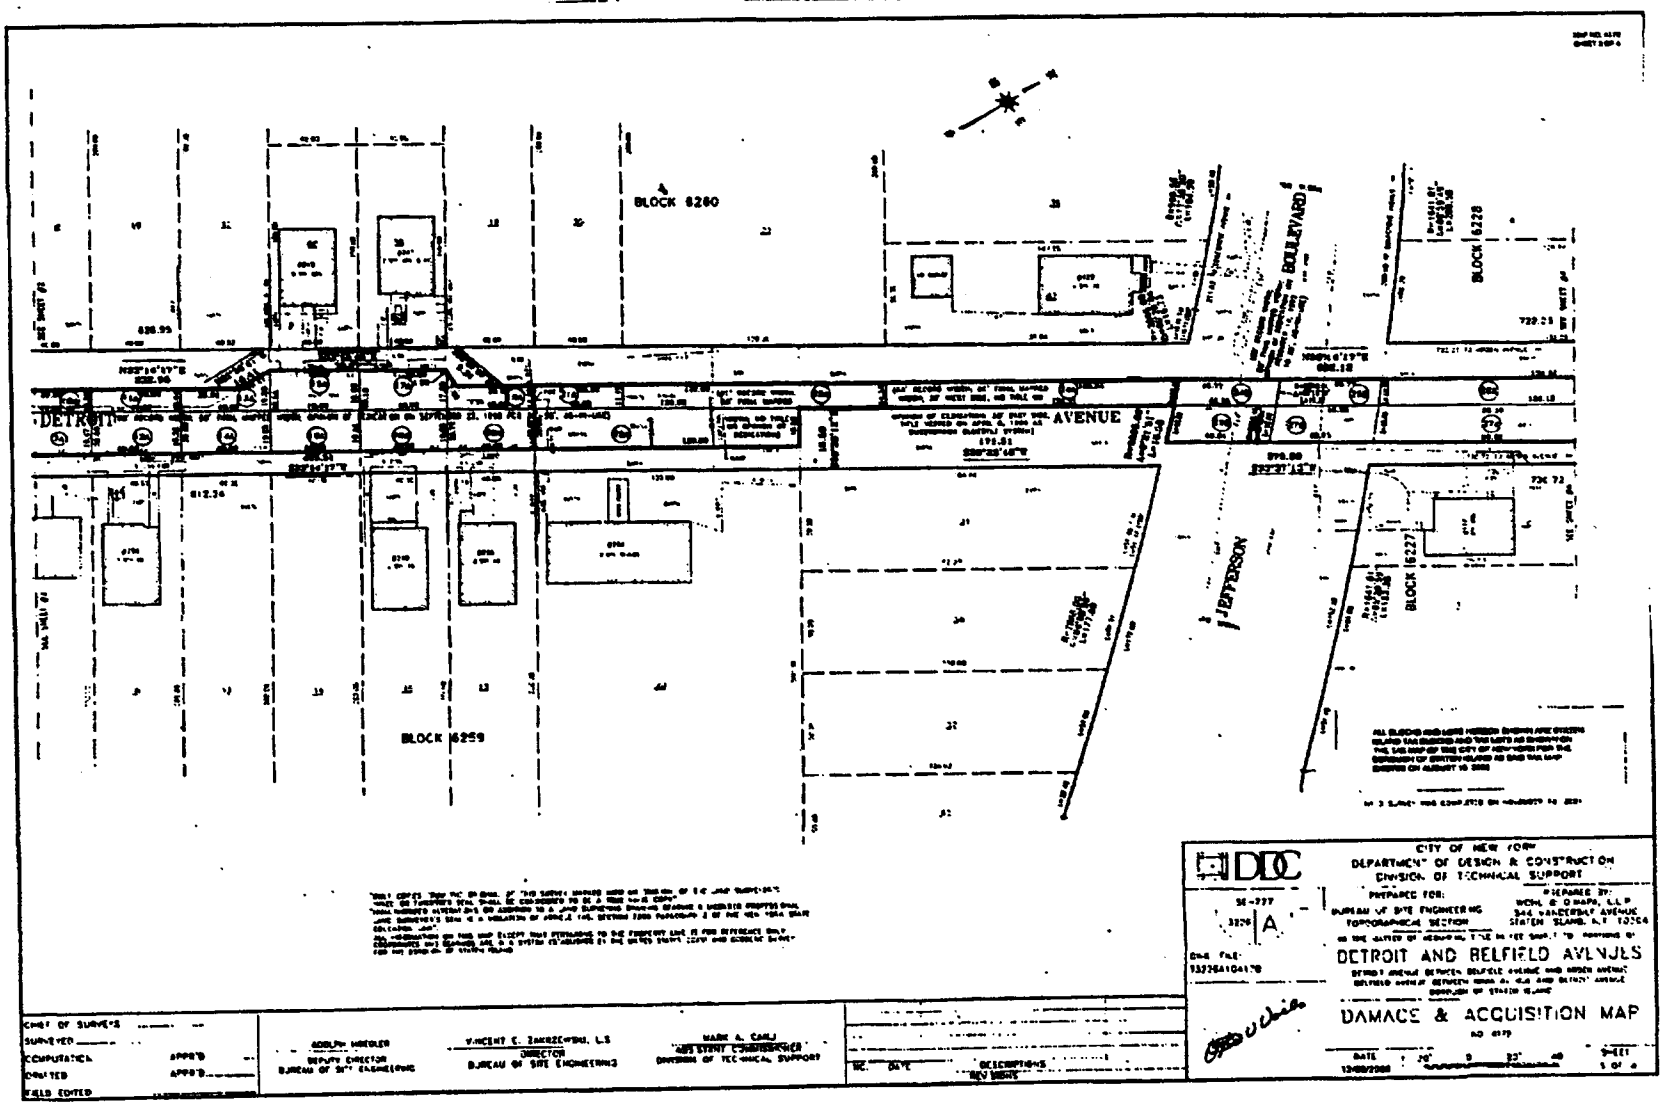
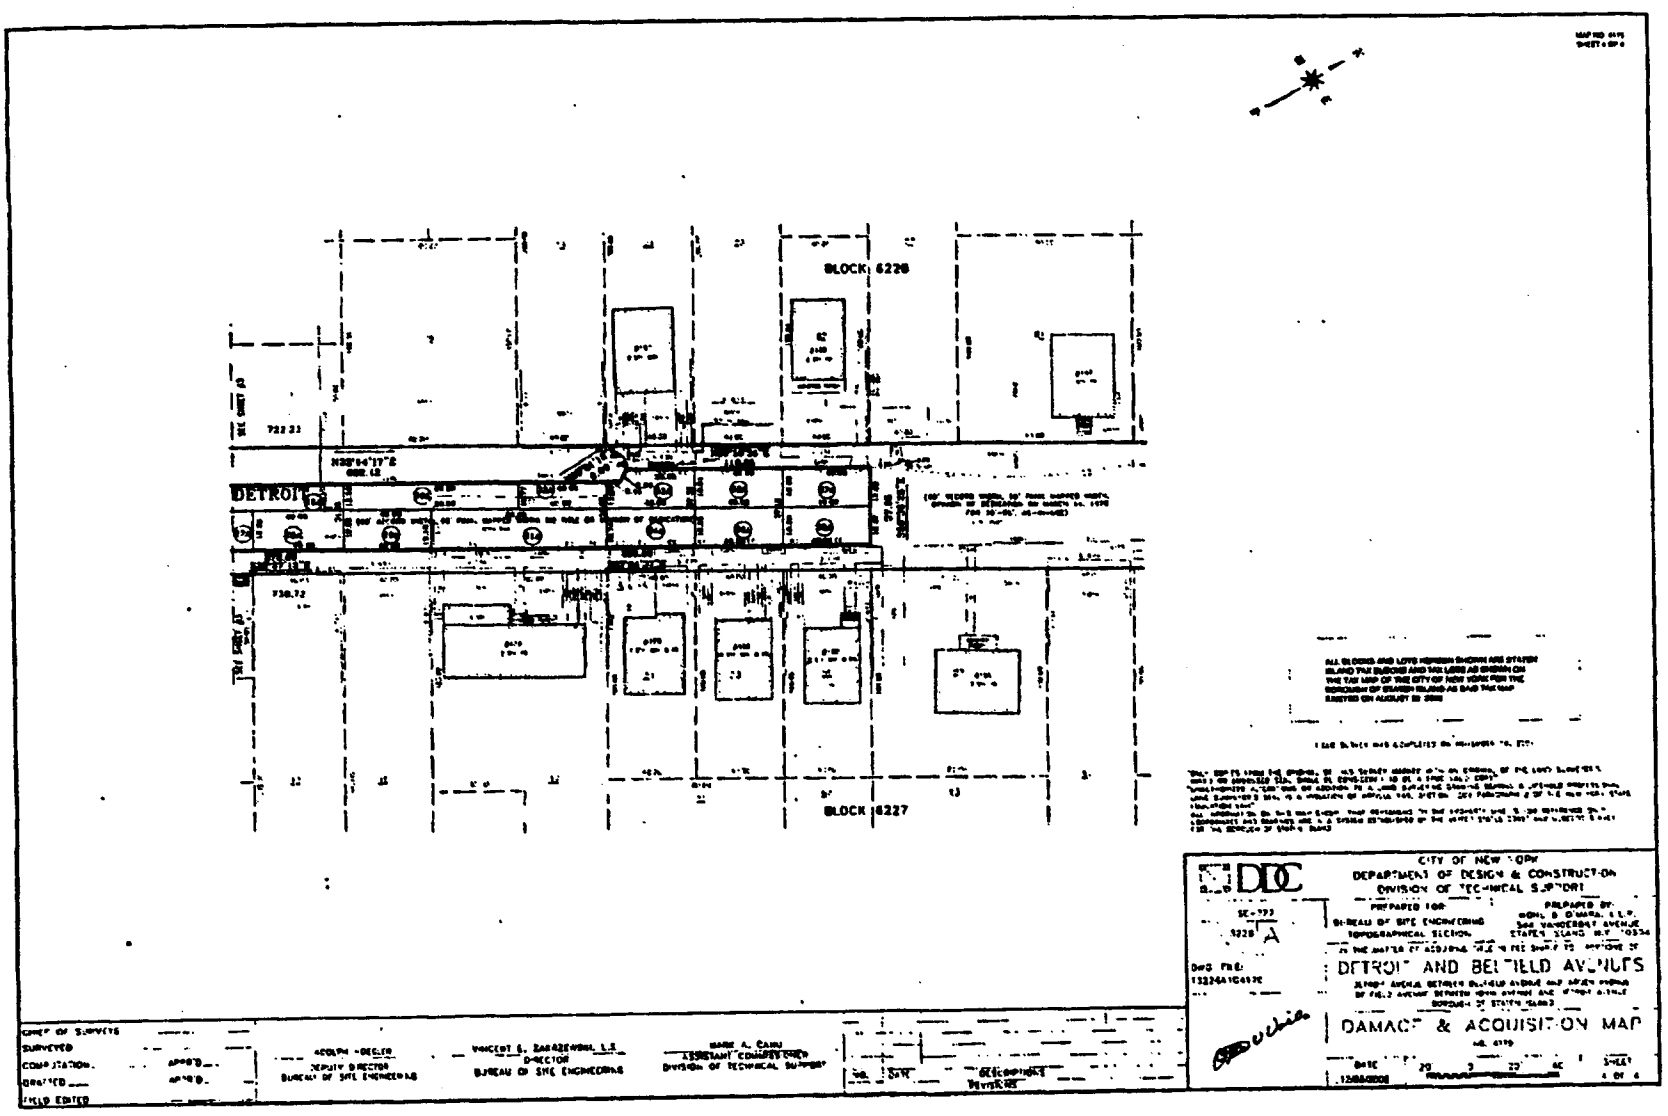
COURT NOTICE MAPS FOR DETROIT AVENUE AND BELFIELD AVENUE, STATEN ISLAND





COURT NOTICE MAPS FOR DETROIT AVENUE AND BELFIELD AVENUE, STATEN ISLAND





READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council**, 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists--free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

PROCUREMENT POLICY BOARD RULES

The Rules may also be accessed on the City Website, http://NYC.GOV.Selltonyc

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

EDUCATION

■ NOTICE

The Department of Education's (DOE) Committee on Contracts has been asked for approval to enter into contract negotiations with the following organizations for the services described below. Other organizations interested in providing these services to the DOE are invited to indicate their ability to do so by writing to Jay G. Miller, at 65 Court Street, Room 1201, Brooklyn, NY 11201. Responses should be received no later than 9:00 AM, Thursday, May 31, 2007.

ITEM(S) FOR CONSIDERATION:

1. United Federation of Teachers, Educational Foundation, Inc. (Previously tabled, April 26, 2007)

Service(s): The Bureau of Nonpublic Schools' Reimbursable Services is requesting a non-competitive award to enter into a requirements contract with the United Federation of Teachers, Educational Foundation, Inc., (UFT) on the behalf of the Teacher Center to provide graduate courses for nonpublic school teachers and administrators. NCLB, Title II, requires that teachers receive professional development that supports the development and implementation of sustained and intensive high-quality coursework in core academic areas.

The UFT Teacher Center, in collaboration with area colleges and universities, offers a wide variety of graduate courses for New York City public school educators and this collaborative effort provides a cost-effective approach to meeting the goals of NCLB. The Bureau's existing contract with UFT expires on August 31, 2007.

The term of this contract will be for five years from September 1, 2007 through August 31, 2012, at a cost not to exceed $750,000 annually, for a five-year total of $3,750,000.

TERM: 9/1/07-8/31/12 Contract Cost: Not to exceed $3,750,000.

Funding Source: Reimbursable; Object Code: 485; Quick Code: 071520/081520; Contract Category Code: 99

2. Americomm Direct Marketing

Service(s): The Division of Instructional and Information Technology (DIIT) is requesting a one-year extension of a requirements contract with Americomm Direct Marketing for the provision of bulk mailing and auto dialing services. Bulk mailing requirements include the production and mailing of postcards or letters to 100,000 recipients within 24 hours, while auto dialing requires the capacity to deliver 100,000 messages in 5 hours. These services enable DOE to contact a large number of parents, guardians, teachers, and other groups in the education community in an effective and systematic manner.

Although an RFP is under development for similar services, the extension of this contract will allow for continuity of service until the ensuing new contract is in place.

The existing contract expired March 31, 2007. The term of the extension is from April 1, 2007 through March 31, 2008, for a contract cost not to exceed $1,000,000.

TERM: 4/1/07-12/31/07 Contract Cost: Not to exceed $1,000,000

Funding Source: Tax Levy; Object Code: 117; Budget Code:19

3. System Integrator Contracts (3 vendors)
Computer Logic Group, Inc.
Custom Computer Specialists
Data Industries, Ltd.

Service(s): On behalf of the DOE, the Division of Contracts and Purchasing is requesting an authorization to continuethe two existing System Integration contracts (Computer Logic Group, Inc., Custom Computer Specialists) that are set to expire on June 30, 2007. DCP is requesting 12 month extensions. DCP is also asking to extend an already expired contract with Data Industries, Ltd. to cover the same 12 month period.

During the extension term, DOE intends to release an RFP to replace these contracts. Each 12-month extension will cover July 1, 2007 through June 30, 2008, for a total cost not to exceed $600,000, as follows:

- Computer Logic Group, Inc. Not to exceed $200,000
- Custom Computer Specialists Not to exceed $200,000
- Data Industries, Ltd. Not to exceed $200,000

TERM: 7/1/07-6/30/08 Total Contract Cost (3): Not to exceed $600,000

Funding Source: Tax Levy; Object Code: 686

4. Council of Supervisors and Administrators

Service(s): The Division of Human Resources is requesting authorization for a non-competitive agreement with the Council of Supervisors and Administrators (CSA) for it to conduct the " Professional Development for School Leaders" program through its Executive Leadership Institute (ELI).

In Fiscal Year 2007, ELI, a not-for-profit educational organization created to provide practical, relevant and essential professional development opportunities for school administrators and supervisors, will offer three programs: Manhattan Educational Leadership Center, the School Based Intermediate Supervisors Institute; and the Advanced Leadership Program for Assistant Principals. These professional development opportunities are provided pursuant to a City Council resolution allocating monies to CSA for the specific purpose of funding its educational leadership centers.

The term of the agreement will be for one year from July 1, 2006 to June 30, 2007, for an annual cost not to exceed $1,000,000, with four separate one-year renewal options through June 30, 2011, contingent upon City Council authorization. With the renewals, the total contract cost to $5,000,000.

TERM: 7/1/2006-6/30/2007, With four one year renewals options Contract Cost: Not to exceed $1,000,000; $5,000,000, with renewals

Funding Source: Tax Levy; Object Code: 686; Quick Code: 037315; Location: F152

5. United Federation of Teachers Educational Foundation, Inc. (UFT-Dial-A-Teacher)

Service(s): The Office of Teaching and Learning is requesting a non-competitive agreement with the United Federation of Teachers Educational Foundation, Inc. (UFT) for the Dial-A-Teacher program.

This program is a joint project between UFT and the DOE that for over 25 years has provided free homework assistance for parents and students directly over the telephone Monday through Thursday. Dial-A-Teacher serves over 80,000 students annually, while also providing over 150 parent workshops.

The term of the agreement will be for 3 years, from July 1, 2007 through June 30, 2010, with an annual contract cost of $937,199, resulting in a $2,811,597 total contract cost.

TERM: 7/1/2007-6/30/10 Contract Cost: $2,811,597

Funding Source: Tax Levy; Quick Code: 027435

CORRECTION: PROVISION OF NON-SECURE DETENTION CENTERS – Negotiated Acquisition – Judgment required in evaluating proposals - PIN# 13007DJJ001 – DUE 11-14-08 AT 3:00 P.M. – CORRECTION: The NYC Department of Juvenile Justice (DJJ) is seeking one or more appropriately qualified vendors to provide non-secure detention services for youth. Services shall include, but not be limited to, custody, basic youth care, food, clothing, shelter, education, health care, recreation, court related services, social work and case management services, social skills instruction, group sessions and monitoring and supervision of these services. In addition, the contract will require that a defibrillator shall be located in each program facility and that all staff requiring CPR training shall be certified in use of said defibrillator.

Each program facility will provide at least 10 and no more than 12 beds in accordance with the applicable regulations promulgated by the New York State Office of Children and Family Services (NYS OCFS), 9 N.Y.C.R.R. Section 180 et seq. The Department is seeking to provide services at facilities that will be operational at any time from January 1, 2007 to December 31, 2010. A vendor may submit an offer for more than one Facility Option. Current Agency vendors operating non-secure group homes that have contracts expiring in calendar year 2006 are urged to respond to this solicitation.

All program facilities shall be appropriately equipped to provide services for male or female youth as required by the Department, and be located in one of the five boroughs. The term of the contracts awarded from this solicitation will be for three years and will include an additional three-year option to renew. The anticipated maximum average annual funding available for each contract will be $1,067,000, excluding start-up costs. Proposed start-up costs will be considered in addition to the proposed annual line item budget. Greater consideration will be given to applicants offering more competitive prices.

If your organization is interested in being considered for award of the subject contract, please hand deliver a written expression of interest addressed to my attention at 365 Broadway, 5th Floor, New York, NY 10013. The expression of interest should specifically address the following:

1. Indicate each program facility for which the vendor is submitting.

2. Describe each proposed facility, its location, and proposed date of operation.

3. Attach appropriate documentation demonstrating the current use of each proposed facility and the vendor's site control of the facility for a period of at least 3 years.

4. For each proposed facility,
a) Indicate the number of beds to be provided and demonstrate that the facility has the capacity to provide the indicated number of beds.
b) Demonstrate that the facility will be appropriately equipped to provide services for male or female youth.

5. Demonstrate the vendor's organizational capability to:
a) Provide the indicated number of beds at each proposed facility. (If the vendor is a current provider, also demonstrate the capability to provide the indicated number of beds in addition to those already provided.)
b) Ensure that each proposed facility will be fully operational by required date in accordance with the applicable regulations promulgated by the New York State Office of Children and Family Services (NYS OCFS), 9 N.Y.C.R.R. Section 180 et seq.

6. Demonstrate the quantity and quality of the vendor's successful relevant experience.

7. Attach for each proposed facility three-year annual line item operating budget. Include staffing details. Proposed start up costs should be included in addition to the proposed three-year annual line item operating budget.
All expressions of interest received in the manner set forth will be reviewed to determine if they are responsive to the material requirements of this solicitation. Expressions of interest determined to be non-responsive will not be further considered. Expressions of interest determined to be responsive will be considered in terms of the following factors:

- Appropriateness of each proposed facility.
- Demonstrated site control of each proposed facility.
- Demonstrated level of organizational capability to provide the proposed number of beds and to ensure that each proposed facility if fully operational by the applicable requisite date.
- Demonstrated quantity and quality of successful relevant experience.
- Annual budget amount and cost effectiveness of the budget.

The Department will enter into negotiations with the vendor(s) determined to be the best qualified at the time of evaluation, based on consideration of the above-cited factors. A contract will be awarded to the responsible vendor(s) whose offer(s) is/are determined to be the most advantageous to the City, taking into consideration the price and the other factors set forth in this solicitation. In the case that a vendor is eligible for award of more than one program facility, the Department reserves the right, based upon the vendor's demonstrated organizational capability and the best interest of the City, respectively, to determine how many and for which program facility(ies) the vendor will be awarded a contract.

SMALL BUSINESS SERVICES

■ SOLICITATIONS

Services (Other Than Human Services)

NYC BUSINESS SOLUTIONS TRAINING GRANT – Other – PIN# RFA801WDC006 – DUE 06-22-07 AT 5:00 P.M. – The New York City Department of Small Business Services is pleased to announce up to $1 million in grants available to train and advance new and current workers. The NYC Business Solutions Training Grant is designed to grow the City's economy by enabling employers to create and retain jobs, increase wages, build skills, and help workers advance in their careers.

To date, New York City has awarded over $2.57 million to 29 growing companies to train 1,847 New Yorkers, matched by $3.67 million in employer contributions. Up to $1 million is available in this round for employers in the following sectors: Aviation, Construction, Film/Media, Financial Services, Healthcare/Bioscience, Hospitality/Tourism, Industrial/Manufacturing, Retail and Technology. The grant can fund up to 50 percent of eligible training costs ($300,000 maximum), with the employer paying the balance. Please visit http://www.nyc.gov/training to access a copy of the application or for additional information and instructions. If you have any questions, please contact us at training@sbs.nyc.gov. Applications are due by June 22, 2007.

Significant improvements were made to the grant, enabling us to find a greater range of business training needs. In addition to occupational training, the grant will now fund Work Readiness Training, which includes but is not limited to, adult literacy and numeracy (reading and math), English as a Second Language (ESL), and workplace behavior skills (such as timeliness, communication, and interpersonal skills).

Two Pre-Submission Information Sessions: attend one of two sessions that will take place at the NYC Department of Small Business Services, 7th Floor, 110 William Street, New York, NY 10038 on June 1, 2007. Businesses and intermediaries planning to apply may register for the sessions by sending an email to training@sbs.nyc.gov, indicating the organization's name and which session they will attend, 9:30 A.M. - 11:00 A.M. or 1:30 P.M. - 3:00 P.M.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/ blueprints; other information; and for opening and reading of bids at date and time specified above.

COURT NOTICE MAPS FOR DETROIT AVENUE AND BELFIELD AVENUE, STATEN ISLAND

READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council**, 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists--free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

PROCUREMENT POLICY BOARD RULES

The Rules may also be accessed on the City Website, http://NYC.GOV.Selltonyc

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

NOTICE OF A FRANCHISE AND CONCESSION REVIEW COMMITTEE (FCRC) PUBLIC HEARING to be held on Monday, May 7, 2007 commencing at 2:30 P.M. at 22 Reade Street, Borough of Manhattan.

In the matter of a proposed Amendment and Restatement of the Franchise Agreement which authorizes Qwest Communications Corp. ("Qwest") to install, operate and maintain facilities on, over and under the City's inalienable property to provide Local High Capacity Telecommunications Services. Qwest was granted a franchise in 2002. The proposed Amendment and Restatement would (1) reduce the term of the current franchise, such that instead of ending in the year 2017, it will end in 2010 (2) provide for monetary franchise compensation to the City in the amount of approximately $1.7 million; and (3) conform the agreement to both reflect the two preceding changes and to make it more consistent with the form of the City's franchise agreement with Optical Communications Group, Inc., as approved by the Franchise and Concession Review Committee in 2005.

A copy of the existing Franchise Agreement and the proposed Amended and Restated Franchise Agreement may be viewed at DoITT, 75 Park Place, 9th Floor, New York, New York 10007, commencing Monday April 23, 2007 through Monday, May 7, 2007, between the hours of 9:30 A.M. and 3:30 P.M., excluding Saturdays, Sundays and Holidays. Hard copies of the existing Franchise Agreement and proposed Amended and Restated Franchise Agreement may be obtained, by appointment, at a cost of $.25 per page. All payments shall be at the time of pickup by check or money order made out to the New York City Department of Finance. The proposed Amended and Restated Franchise Agreement may also be obtained in PDF form at no cost, by email request. Interested parties should contact Roxanne Chambers at (212) 788-6610 or RChambers@doitt.nyc.gov

NOTE: Individuals requesting sign language interpreters at the public hearing should contact the Mayor's Office of Contract Services, Public Hearings Unit, 253 Broadway, 9th Floor, New York, New York 10007, (212) 788-7490, no later than SEVEN (7) BUSINESS DAYS PRIOR TO THE PUBLIC HEARING. TDD users should call Verizon relay service.

■ NOTICE

**DETERMINATION AND FINDINGS
PURSUANT TO SECTION 204 OF THE EMINENT DOMAIN PROCEDURE LAW**

WHEREAS, the New York City Department of Parks & Recreation ("Parks") has proposed to acquire in fee certain real property for parkland within an area known as Udalls Ravine and generally located in Douglaston/Little Neck, between Northern Boulevard, 244th Street, 43rd Road, and the Long Island Railroad right of way at the eastern boundary of Queens, immediately adjacent to Great Neck Estates in Nassau County, in the Borough of Queens, City of New York. The same real property is also identified on the Tax Map of the City of New York for the Borough of Queens as Block 8116, Lot 170.

WHEREAS, Parks held a public hearing on February 8, 2007 at the Alley Pond Environmental Center, located at 228-06 Northern Boulevard, Douglaston, NY 11363, pursuant to Article 2 of the New York State Eminent Domain Procedure Law ("EDPL"), after giving notice of said hearing, as required by EDPL Section 202;

NOW THEREFORE, be it known that Parks, pursuant to EDPL Section 204, determines and finds:

1. The Subject Property is located within Udalls Ravine, a unique ecological area, which is home to a diverse array of native and migratory birds and fauna.

2. Acquisition of the Subject Property will further consolidate public ownership of property within Udalls Ravine and insure continued preservation of these significant natural lands.

3. Acquisition of the Subject Property will help stem erosion, flash flooding, and significant increases in temperatures.

4. Acquisition of the Subject Property will not have any negative effects on the environment or residents of the locality in which the Subject Property is located.

5. Based on the overwhelmingly supportive testimony, comments, and suggestions received at the public hearing, this acquisition is consistent with the expressed community objectives.

6. Therefore, acquisition of the Subject Property under the provisions of the EDPL is approved.

Copies of the above determination and findings of Parks are available upon written request to:

New York City Department of Parks & Recreation
Office of General Counsel - Alessandro G. Olivieri
830 Fifth Avenue, Room 313
New York, New York, 10021

Copies will be made available to owners of property that are the subject of these findings and determinations upon written request and without cost.

Property owners that are subject to these findings and determinations are hereby informed that (a) under EDPL Section 207, there are thirty (30) days from the completion of the newspaper publication requirement of these findings and determination to seek judicial review of them; and, (b) under EDPL Section 207 and EDPL Section 208, the exclusive venue for judicial review of these determination and findings is the Appellate Division of the Supreme Court in the Judicial Department where any part of the property is located.

ELL ASSESSMENTS – Negotiated Acquisition – PIN# 050807040 – DUE 05-08-07 AT 5:00 P.M. – Provide a set of assessments designed to measure students' progress in English and Spanish Language proficiency throughout the school year (ELL Assessments). Results on the ELL Assessments will provide an indication of student performance on the New York State English as a Second Language Achievement Test (NYSESLAT) and on the Examen de la Lectura Espanol (ELE). The ELL Assessments for English proficiency will be aligned with the New York State English as Second Language (ESL) Standards and the New York State ELA Standards, and the ELL Assessments for Spanish proficiency will be aligned to the New York State Native Language Standards. ELL Assessment results should help teachers identify areas of strengths and weaknesses in a students' language development relative to the related New York State Standards, provide a guage on a students' progress on the continuum of language development and help target instruction at the classroom level. Assessment results will be available via a set of comprehensive, user friendly reports that are accessible online anytime/anywhere. These assessments will be part of a comprehensive Periodic Assessment Program that helps gather information on students' strengths and weaknesses, and measure student learning and progress over time to help inform instruction and improve student outcomes. Specifically this vendor must provide a component consisting of English Language Learners Assessment for grades 3-12. The compelling need for these services was not satisfactorily met through an initial release of a Request for Proposals (RFP) for Periodic Assessments and the submission of competitive sealed proposals. ELL ASSESSMENTS – Negotiated Acquisition – PIN# 050807040 – DUE 05-08-07 AT 5:00 P.M. – Provide a set of assessments designed to measure students' progress in English and Spanish Language proficiency throughout the school year (ELL Assessments). Results on the ELL Assessments will provide an indication of student performance on the New York State English as a Second Language Achievement Test (NYSESLAT) and on the Examen de la Lectura Espanol (ELE). The ELL Assessments for English proficiency will be aligned with the New York State English as Second Language (ESL) Standards and the New York State ELA Standards, and the ELL Assessments for Spanish proficiency will be aligned to the New York State Native Language Standards. ELL Assessment results should help teachers identify areas of strengths and weaknesses in a student's language development relative to the related New York State Standards, provide a guage on a students' progress on the continuum of language development and help target instruction at the classroom level. Assessment results will be available via a set of comprehensive, user friendly reports that are accessible online anytime/anywhere. These assessments will be part of a comprehensive Periodic Assessment Program that helps gather information on student's strengths and weaknesses, and measure student learning and progress over time to help inform instruction and improve student outcomes. Specifically this vendor must provide a component consisting of English Language Learners Assessment for grades 3-12. The compelling need for these services was not satisfactorily met through an initial release of a Request for Proposals (RFP) for Periodic Assessments and the submission of competitive sealed proposals. Please express your interest in providing these services by email to jwhitfield2@schools.nyc.gov

THE NEW YORK CITY MIDDLE SCHOOL STUDY – RFP – PIN# R0203040 – DUE 05-03-07 AT 11:30 A.M. – To download, please go to http://www.schools.nyc.gov/dcp. If you cannot download, send an e-mail to ablack4@schools.nyc.gov with your company's name, address, phone, fax, and e-mail address. The New York City Department of Education (NYCDOE) seeks to engage an external partner to assist with understanding the factors contributing to the decline in academic performance and to formulate a middle school strategy that will reverse the decline in student performance

by effectively balancing objective performance improvement targets, investment constraints, and proven efficacy.
There will not be a pre-proposal conference for this RFP, however, the deadline for questions will be on April 23, 2007, close of business. The resulting Q&A document will be posted to the DCP website by April 25, 2007, close of business.

CORRECTION: PROVISION OF NON-SECURE DETENTION CENTERS – Negotiated Acquisition – Judgment required in evaluating proposals - PIN# 13007DJJ001 – DUE 11-14-08 AT 3:00 P.M. – CORRECTION: The NYC Department of Juvenile Justice (DJJ) is seeking one or more appropriately qualified vendors to provide non-secure detention services for youth. Services shall include, but not be limited to, custody, basic youth care, food, clothing, shelter, education, health care, recreation, court related services, social work and case management services, social skills instruction, group sessions and monitoring and supervision of these services. In addition, the contract will require that a defibrillator shall be located in each program facility and that all staff requiring CPR training shall be certified in use of said defibrillator.

Each program facility will provide at least 10 and no more than 12 beds in accordance with the applicable regulations promulgated by the New York State Office of Children and Family Services (NYS OCFS), 9 N.Y.C.R.R. Section 180 et seq. The Department is seeking to provide services at facilities that will be operational at any time from January 1, 2007 to December 31, 2010. A vendor may submit an offer for more than one Facility Option. Current Agency vendors operating non-secure group homes that have contracts expiring in calendar year 2006 are urged to respond to this solicitation.

All program facilities shall be appropriately equipped to provide services for male or female youth as required by the Department, and be located in one of the five boroughs. The term of the contracts awarded from this solicitation will be for three years and will include an additional three-year option to renew. The anticipated maximum average annual funding available for each contract will be $1,067,000, excluding start-up costs. Proposed start-up costs will be considered in addition to the proposed annual line item budget. Greater consideration will be given to applicants offering more competitive prices.

If your organization is interested in being considered for award of the subject contract, please hand deliver a written expression of interest addressed to my attention at 365 Broadway, 5th Floor, New York, NY 10013. The expression of interest should specifically address the following:

1. Indicate each program facility for which the vendor is submitting.

2. Describe each proposed facility, its location, and proposed date of operation.

3. Attach appropriate documentation demonstrating the current use of each proposed facility and the vendor's site control of the facility for a period of at least 3 years.

4. For each proposed facility,
a) Indicate the number of beds to be provided and demonstrate that the facility has the capacity to provide the indicated number of beds.
b) Demonstrate that the facility will be appropriately equipped to provide services for male or female youth.

5. Demonstrate the vendor's organizational capability to:
a) Provide the indicated number of beds at each proposed facility. (If the vendor is a current provider, also demonstrate the capability to provide the indicated number of beds in addition to those already provided.)
b) Ensure that each proposed facility will be fully operational by required date in accordance with the applicable regulations promulgated by the New York State Office of Children and Family Services (NYS OCFS), 9 N.Y.C.R.R. Section 180 et seq.

6. Demonstrate the quantity and quality of the vendor's successful relevant experience.

7. Attach for each proposed facility three-year annual line item operating budget. Include staffing details. Proposed start up costs should be included in addition to the proposed three-year annual line item operating budget.

All expressions of interest received in the manner set forth will be reviewed to determine if they are responsive to the material requirements of this solicitation. Expressions of interest determined to be non-responsive will not be further considered. Expressions of interest determined to be responsive will be considered in terms of the following factors:

- Appropriateness of each proposed facility.
- Demonstrated site control of each proposed facility.
- Demonstrated level of organizational capability to provide the proposed number of beds and to ensure that each proposed facility if fully operational by the applicable requisite date.
- Demonstrated quantity and quality of successful relevant experience.
- Annual budget amount and cost effectiveness of the budget.

The Department will enter into negotiations with the vendor(s) determined to be the best qualified at the time of evaluation, based on consideration of the above-cited factors. A contract will be awarded to the responsible vendor(s) whose offer(s) is/are determined to be the most advantageous to the City, taking into consideration the price and the other factors set forth in this solicitation. In the case that a vendor is eligible for award of more than one program facility, the Department reserves the right, based upon the vendor's demonstrated organizational capability and the best interest of the City, respectively, to determine how many and for which program facility(ies) the vendor will be awarded a contract.

AGENCY RULES

TAX COMMISSION

■ **NOTICE**

The City Record inadvertently neglected to publish the following notice on May 1, 2007 as requested by the Tax Commission in compliance with section 1042 of the New York City Charter.

REGULATORY AGENDA

In compliance with section 1042 of the New York City Charter, during fiscal year 2007/08, the Tax Commission may revise its Rules of Practice and Procedure.

Any revisions to rules would be technical corrections, clarifications or revisions of existing rules on subjects including, but not limited to, the following: registration for representatives, notice of filing, rescheduling hearings, and standards of conduct and integrity for representatives and self-represented applicants.

Revised rules will improve the ability of the Tax Commission to provide property owners fair and timely review of tentative real property tax assessments. The authority for rules governing practice and procedure is in New York City Charter sections 164 and 1043.

The rules relate to the Tax Commission's powers and duties pursuant to New York City Charter sections 153 to 166 and Administrative Code section 11-216 and sections 11-225 to 11-231.

It is anticipated that revised rules will not be effective until January 15, 2008 or later.

For more information about proposed rules, contact: Reed Schneider, General Counsel, New York City Tax Commission, 1 Centre Street, New York, NY 10007 or e-mail rschneider@taxcomm.nyc.gov.

READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council,** 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists--free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

NOTICE OF A FRANCHISE AND CONCESSION REVIEW COMMITTEE (FCRC) PUBLIC HEARING to be held on Monday, May 7, 2007 commencing at 2:30 P.M. at 22 Reade Street, Borough of Manhattan.

In the matter of a proposed Amendment and Restatement of the Franchise Agreement which authorizes Qwest Communications Corp. ("Qwest") to install, operate and maintain facilities on, over and under the City's inalienable property to provide Local High Capacity Telecommunications Services. Qwest was granted a franchise in 2002. The proposed Amendment and Restatement would (1) reduce the term of the current franchise, such that instead of ending in the year 2017, it will end in 2010 (2) provide for monetary franchise compensation to the City in the amount of approximately $1.7 million; and (3) conform the agreement to both reflect the two preceding changes and to make it more consistent with the form of the City's franchise agreement with Optical Communications Group, Inc., as approved by the Franchise and Concession Review Committee in 2005.

A copy of the existing Franchise Agreement and the proposed Amended and Restated Franchise Agreement may be viewed at DoITT, 75 Park Place, 9th Floor, New York, New York 10007, commencing Monday April 23, 2007 through Monday, May 7, 2007, between the hours of 9:30 A.M. and 3:30 P.M., excluding Saturdays, Sundays and Holidays. Hard copies of the existing Franchise Agreement and proposed Amended and Restated Franchise Agreement may be obtained, by appointment, at a cost of $.25 per page. All payments shall be at the time of pickup by check or money order made out to the New York City Department of Finance. The proposed Amended and Restated Franchise Agreement may also be obtained in PDF form at no cost, by email request. Interested parties should contact Roxanne Chambers at (212) 788-6610 or RChambers@doitt.nyc.gov

■ NOTICE

DETERMINATION AND FINDINGS PURSUANT TO SECTION 204 OF THE EMINENT DOMAIN PROCEDURE LAW

WHEREAS, the New York City Department of Parks & Recreation ("Parks") has proposed to acquire in fee certain real property for parkland within an area known as Udalls Ravine and generally located in Douglaston/Little Neck, between Northern Boulevard, 244th Street, 43rd Road, and the Long Island Railroad right of way at the eastern boundary of Queens, immediately adjacent to Great Neck Estates in Nassau County, in the Borough of Queens, City of New York. The same real property is also identified on the Tax Map of the City of New York for the Borough of Queens as Block 8116, Lot 170.

WHEREAS, Parks held a public hearing on February 8, 2007 at the Alley Pond Environmental Center, located at 228-06 Northern Boulevard, Douglaston, NY 11363, pursuant to Article 2 of the New York State Eminent Domain Procedure Law ("EDPL"), after giving notice of said hearing, as required by EDPL Section 202;

NOW THEREFORE, be it known that Parks, pursuant to EDPL Section 204, determines and finds:

1. The Subject Property is located within Udalls Ravine, a unique ecological area, which is home to a diverse array of native and migratory birds and fauna.

2. Acquisition of the Subject Property will further consolidate public ownership of property within Udalls Ravine and insure continued preservation of these significant natural lands.

3. Acquisition of the Subject Property will help stem erosion, flash flooding, and significant increases in temperatures.

4. Acquisition of the Subject Property will not have any negative effects on the environment or residents of the locality in which the Subject Property is located.

5. Based on the overwhelmingly supportive testimony, comments, and suggestions received at the public hearing, this acquisition is consistent with the expressed community objectives.

6. Therefore, acquisition of the Subject Property under the provisions of the EDPL is approved.

Copies of the above determination and findings of Parks are available upon written request to:

New York City Department of Parks & Recreation
Office of General Counsel - Alessandro G. Olivieri
830 Fifth Avenue, Room 313
New York, New York, 10021

Copies will be made available to owners of property that are the subject of these findings and determinations upon written request and without cost.

Property owners that are subject to these findings and determinations are hereby informed that (a) under EDPL Section 207, there are thirty (30) days from the completion of the newspaper publication requirement of these findings and determination to seek judicial review of them; and, (b) under EDPL Section 207 and EDPL Section 208, the exclusive venue for judicial review of these determination and findings is the Appellate Division of the Supreme Court in the Judicial Department where any part of the property is located.

ELL ASSESSMENTS – Negotiated Acquisition – PIN# 050807040 – DUE 05-08-07 AT 5:00 P.M. – Provide a set of assessments designed to measure students' progress in English and Spanish Language proficiency throughout the school year (ELL Assessments). Results on the ELL Assessments will provide an indication of student performance on the New York State English as a Second Language Achievement Test (NYSESLAT) and on the Examen de la Lectura Espanol (ELE). The ELL Assessments for English proficiency will be aligned with the New York State English as Second Language (ESL) Standards and the New York State ELA Standards, and the ELL Assessments for Spanish proficiency will be aligned to the New York State Native Language Standards. ELL Assessment results should help teachers identify areas of strengths and weaknesses in a student's language development relative to the related New York State Standards, provide a guage on a students' progress on the continuum of language development and help target instruction at the classroom level. Assessment results will be available via a set of comprehensive, user friendly reports that are accessible online anytime/anywhere. These assessments will be part of a comprehensive Periodic Assessment Program that helps gather information on student's strengths and weaknesses, and measure student learning and progress over time to help inform instruction and improve student outcomes. Specifically this vendor must provide a component consisting of English Language Learners Assessment for grades 3-12. The compelling need for these services was not satisfactorily met through an initial release of a Request for Proposals (RFP) for Periodic Assessments and the submission of competitive sealed proposals. Please express your interest in providing these services by email to jwhitfield2@schools.nyc.gov

CORRECTION: PROVISION OF NON-SECURE DETENTION CENTERS – Negotiated Acquisition – Judgment required in evaluating proposals - PIN# 13007DJJ001 – DUE 11-14-08 AT 3:00 P.M. – CORRECTION: The NYC Department of Juvenile Justice (DJJ) is seeking one or more appropriately qualified vendors to provide non-secure detention services for youth. Services shall include, but not be limited to, custody, basic youth care, food, clothing, shelter, education, health care, recreation, court related services, social work and case management services, social skills instruction, group sessions and monitoring and supervision of these services. In addition, the contract will require that a defibrillator shall be located in each program facility and that all staff requiring CPR training shall be certified in use of said defibrillator.

Each program facility will provide at least 10 and no more than 12 beds in accordance with the applicable regulations promulgated by the New York State Office of Children and Family Services (NYS OCFS), 9 N.Y.C.R.R. Section 180 et seq. The Department is seeking to provide services at facilities that will be operational at any time from January 1, 2007 to December 31, 2010. A vendor may submit an offer for more than one Facility Option. Current Agency vendors operating non-secure group homes that have contracts expiring in calendar year 2006 are urged to respond to this solicitation.

All program facilities shall be appropriately equipped to provide services for male or female youth as required by the Department, and be located in one of the five boroughs. The term of the contracts awarded from this solicitation will be

for three years and will include an additional three-year option to renew. The anticipated maximum average annual funding available for each contract will be $1,067,000, excluding start-up costs. Proposed start-up costs will be considered in addition to the proposed annual line item budget. Greater consideration will be given to applicants offering more competitive prices.

If your organization is interested in being considered for award of the subject contract, please hand deliver a written expression of interest addressed to my attention at 365 Broadway, 5th Floor, New York, NY 10013. The expression of interest should specifically address the following:

1. Indicate each program facility for which the vendor is submitting.

2. Describe each proposed facility, its location, and proposed date of operation.

3. Attach appropriate documentation demonstrating the current use of each proposed facility and the vendor's site control of the facility for a period of at least 3 years.

4. For each proposed facility,
a) Indicate the number of beds to be provided and demonstrate that the facility has the capacity to provide the indicated number of beds.
b) Demonstrate that the facility will be appropriately equipped to provide services for male or female youth.

5. Demonstrate the vendor's organizational capability to:
a) Provide the indicated number of beds at each proposed facility. (If the vendor is a current provider, also demonstrate the capability to provide the indicated number of beds in addition to those already provided.)
b) Ensure that each proposed facility will be fully operational by required date in accordance with the applicable regulations promulgated by the New York State Office of Children and Family Services (NYS OCFS), 9 N.Y.C.R.R. Section 180 et seq.

6. Demonstrate the quantity and quality of the vendor's successful relevant experience.

7. Attach for each proposed facility three-year annual line item operating budget. Include staffing details. Proposed start up costs should be included in addition to the proposed three-year annual line item operating budget.

All expressions of interest received in the manner set forth will be reviewed to determine if they are responsive to the material requirements of this solicitation. Expressions of interest determined to be non-responsive will not be further considered. Expressions of interest determined to be responsive will be considered in terms of the following factors:

- Appropriateness of each proposed facility.
- Demonstrated site control of each proposed facility.
- Demonstrated level of organizational capability to provide the proposed number of beds and to ensure that each proposed facility if fully operational by the applicable requisite date.
- Demonstrated quantity and quality of successful relevant experience.
- Annual budget amount and cost effectiveness of the budget.

The Department will enter into negotiations with the vendor(s) determined to be the best qualified at the time of evaluation, based on consideration of the above-cited factors. A contract will be awarded to the responsible vendor(s) whose offer(s) is/are determined to be the most advantageous to the City, taking into consideration the price and the other factors set forth in this solicitation. In the case that a vendor is eligible for award of more than one program facility, the Department reserves the right, based upon the vendor's demonstrated organizational capability and the best interest of the City, respectively, to determine how many and for which program facility(ies) the vendor will be awarded a contract.

AGENCY RULES

TAXI AND LIMOUSINE COMMISSION

■ **NOTICE**

Regulatory Agenda
Of the New York City Taxi and Limousine Commission

Fiscal Year Ending June 30, 2008

Pursuant to Section 1042 of the Charter of the City of New York, the New York City Taxi and Limousine Commission ("TLC") hereby publishes a Regulatory Agenda for the Fiscal Year ending June 30, 2008. This Regulatory Agenda describes briefly the subject areas in which it is anticipated that rules may be promulgated during the fiscal year.

The legal basis for each proposed rule is the authority conferred to the TLC pursuant to chapter 65 of the City Charter and Title 19, Chapter 5 of the Administrative Code of the City of New York, which confer upon the Commission the authority to promulgate rules relating to public safety, comfort and convenience, standards and conditions of service, the issuance, suspension and revocation of licenses, and the development of a transportation policy relating to for-hire vehicles and taxicabs.

The individuals and entities likely to be subject to the proposed rules are the owners and drivers of licensed medallion taxicabs, for-hire vehicles, commuter vans and paratransit services vehicles; the owners of bases dispatching for-hire vehicles, paratransit services vehicles and commuter vans; taxicab brokers; taxicab agents; taximeter businesses; and representatives authorized to appear before the Commission's Adjudications Tribunal.

An agency official knowledgeable about the subject area of each proposal is:

Charles R. Fraser
Deputy Commissioner for Legal Affairs/General Counsel
Taxi and Limousine Commission
40 Rector Street, New York, New York 10006
Telephone: (212) 676-1135

1. **For-Hire Vehicle Reforms**

The Commission expects to propose several amendments to existing rules relating to the for-hire vehicle industry, specifically those related to the issuance or renewal of for-hire vehicle base station licenses. The proposed amendments will, inter alia: reflect planned changes in the application and renewal process; require that base license transfers are conducted on TLC premises, and increase penalties for bases that do not provide services to persons with disabilities. Requiring that closings on transfers of base station licenses occur on TLC premises will allow the Commission to fingerprint and conduct criminal background checks prior to a license transfer and to apprise the new base station owners of applicable rules and requirements.

The Commission also expects to propose that the rules governing for-hire vehicles are amended to require that for-hire vehicles are affiliated with a licensed base station as a condition of licensure and to distinguish the 24/7 obligations of a for-hire vehicle from those obligations only while doing for-hire work.

These two proposals are scheduled for consideration in the Summer or Fall of 2007. It is presumed that all for-hire vehicle owners, drivers, and base owners will be subject to the amendments.

2. **Licensing Requirements**

The Commission expects to propose rules revising licensing requirements to standardize requirements for new and renewal applicants. The proposed amendments will: create a one-year ban after license revocation for all license types; eliminate or codify license renewal grace periods; revise taxi school requirements; and establish maximum times for applicants to complete an application for licensure. This will allow the Commission to process applications more quickly and provide better customer service to the public and licensees.

The Commission also expects to propose a rule requiring that new and renewal license applicants pay any outstanding fines before their application can be accepted for review. This will increase the Commission's ability to collect outstanding debts and further deter licensees from violating Commission rules and regulations.

These two proposals are scheduled for consideration in the Fall of 2007. It is presumed that all Commission licenses will be subject to the amendments.

3. **Leasing Standards**

The Commission expects to propose rules to set standards for vehicle leasing agreements in the for-hire vehicle and taxicab industries. These rules will require that contracts between owners and drivers clearly establish financial obligations between the parties and specify what charges are to be included in calculating the lease caps set forth in TLC Rule 1-78 (Limitations on Lease Rates Charged to Drivers). This proposal is scheduled for consideration in the Winter of 2007.

4. **Comprehensive Rule Reform**

As part of a three-phase project to assess, restructure and streamline the Commission's rules, the Commission expects to amend the vast majority of its 3300 rules. During FY 2008, these amendments are expected to be non-substantive. Rather, rules will be revised to be in plain English, outdated and duplicative rules will be eliminated, and the overall structure of the Commission's rules may change. For example, one idea is to consolidate all rules governing drivers in one chapter. However, that will require moving rules from chapters 2, 4, 6 and 9 to a new chapter. In so doing, both useful and unnecessary inconsistencies will be identified and dealt with.

At present, the Commission is in the process of hiring a consultant to help with this major undertaking. Depending on the timeline of the successful proposer, the first package of rule reforms is scheduled for consideration in the Spring of 2008.

5. **Accessible Dispatch Demonstration Project Rules**

The Commission expects to propose rules that will require drivers of taxicabs with accessible medallions to participate in a demonstration project to centrally dispatch these vehicles in response to service requests from people with disabilities. The proposal will allow for-hire vehicles to opt-in to the demonstration project. Participating vehicles and their drivers will be required to respond to pick-up requests from the centralized dispatcher. This proposal is scheduled for consideration in the Summer of 2007.

6. **Clarification of "unlicensed" operation**

The Commission expects to propose rules clarifying that operation of a vehicle with a suspended Commission-issued license constitutes unlicensed operation of the vehicle for purposes of the Commission's authority to seize unlicensed for-hire vehicles. This proposal is scheduled for consideration in the Fall of 2007.

7. **Vehicle Tow and Removal Fees**

The Commission expects to amend applicable penalties for unlicensed activity, including the fees charged for vehicle tow and removal. Currently the penalties for vehicle tow and removal vary between industries; the proposed rules will standardize and update them. This proposal is scheduled for consideration in the Winter of 2007.

8. **Adjudications Procedures**

The Commission expects to propose several rules relating to adjudications before the Commission's tribunal. One proposed rule will establish fixed fines for all violations and would eliminate fines that can vary within specified ranges. The proposal would also enable individuals who wish to plead guilty to violations to do so by mail, thereby eliminating the requirement of a personal appearance before an administrative law judge (unless the violation carries a penalty of suspension or revocation, in which case a personal appearance would still be required). Other proposed rules would revise the procedures for appeals from decisions rendered by the Commission's administrative law judges. These proposals are scheduled for consideration in the Summer or Fall of 2007.

READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council,** 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists--free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR.*

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

NOTICE OF A FRANCHISE AND CONCESSION REVIEW COMMITTEE (FCRC) PUBLIC HEARING to be held on Monday, May 7, 2007 commencing at 2:30 P.M. at 22 Reade Street, Borough of Manhattan.

In the matter of a proposed Amendment and Restatement of the Franchise Agreement which authorizes Qwest Communications Corp. ("Qwest") to install, operate and maintain facilities on, over and under the City's inalienable property to provide Local High Capacity Telecommunications Services. Qwest was granted a franchise in 2002. The proposed Amendment and Restatement would (1) reduce the term of the current franchise, such that instead of ending in the year 2017, it will end in 2010 (2) provide for monetary franchise compensation to the City in the amount of approximately $1.7 million; and (3) conform the agreement to both reflect the two preceding changes and to make it more consistent with the form of the City's franchise agreement with Optical Communications Group, Inc., as approved by the Franchise and Concession Review Committee in 2005.

A copy of the existing Franchise Agreement and the proposed Amended and Restated Franchise Agreement may be viewed at DoITT, 75 Park Place, 9th Floor, New York, New York 10007, commencing Monday April 23, 2007 through Monday, May 7, 2007, between the hours of 9:30 A.M. and 3:30 P.M., excluding Saturdays, Sundays and Holidays. COURT NOTICE

SUPREME COURT

■ **NOTICE**

COUNTY OF RICHMOND
NOTICE OF FORECLOSURE
In Rem Tax Foreclosure Action No. 50
Borough of Staten Island
Sections 1 and 3
Tax Classes 1 and 2
INDEX NO. 1000/2007

PLEASE TAKE NOTICE THAT on the 9th day of March, 2007, the Commissioner of Finance of the City of New York, pursuant to law, filed with the Clerk of Richmond County, a list of parcels affected by unpaid tax liens held and owned by said City of New York, which on the 9th day of March, 2007, had been unpaid for a period of at least one year, or in the case of Tax Class One and Tax Class Two properties that are residential condominium units or residential cooperative buildings and multiple dwellings owned by companies organized under Article XI of the New York State Private Housing Finance Law, with the consent and approval of the Department of Housing Preservation and Development, three years after the date when tax, assessment, or other legal charge became a lien. Said list contains as to each such parcel (a) a brief description of the property affected by such tax liens, (b) the name of the owner of such property as the same appeared on the annual record of assessed valuation at the time of filing or a statement that the owner is unknown if such be the case, (c) a listing of such tax liens upon such parcels, including those which caused the property to be subject to the foreclosure proceeding and those which accrued thereafter, together with the date or dates from which, and the rate or rates at which interest and penalties thereon shall be computed.

The filing of this list of delinquent taxes constitutes the commencement by the City of New York of an action in the Supreme Court, Richmond County, to foreclose the tax liens therein described by a foreclosure proceeding in rem and this list constitutes a notice of pendency of action and a complaint by the City of New York against each piece or parcel of land therein described to enforce the payment of such tax liens.

Such action is brought against the real property only and is to foreclose the tax liens described in such list. No personal judgment shall be entered herein for such taxes, assessments or other legal charges or any part thereof.

A certified copy of such list of delinquent taxes has been filed in the Staten Island Business Center, 350 St. Mark's Place, Room 200, Staten Island, NY 10301, and will remain open for public inspection up to and including the 8th day of June, 2007, which date is hereby fixed as the last date for redemption.

Any party or entity having or claiming to have an interest in any such parcel and the legal right thereto may on or before said date redeem the same by paying the Commissioner of Finance, at 350 St. Mark's Place, Room 200, Staten Island, NY 10301, or any Borough Business Center, the amount of all such unpaid tax liens thereon and in addition thereto all interest and penalties which are a lien against such real property computed to and including the date of redemption.

And take further notice that during the same period such party or entity may request the Commissioner of Finance to enter into an agreement for installment payments as provided under Sections 11-405 and 11-409 of the Administrative Code.

Every person or entity having any right, title or interest in or lien upon any parcel described on such list of delinquent taxes may serve a duly verified answer upon the Corporation Counsel setting forth in detail the nature and amount of his interest or lien, any defense or objection to the foreclosure and the full name of the answering party. Such answer must be filed in the office of the Clerk of Richmond County and served upon the Corporation Counsel at any time after the first date of publication but not later than twenty days after the date above mentioned as the last day for redemption, which shall be June 28th, 2007. In the event of failure to redeem or answer, such person shall be, except as provided in Sections 11-407(c), 11-412.1 and 11-424 of the Administrative Code, forever barred and foreclosed of all his right, title and interest and equity of redemption in and to the parcel described in such list of delinquent taxes and a judgment of foreclosure may be taken in default.

Dated: March 9, 2007

ELL ASSESSMENTS – Negotiated Acquisition – PIN# 050807040 – DUE 05-08-07 AT 5:00 P.M. – Provide a set of assessments designed to measure students' progress in English and Spanish Language proficiency throughout the school year (ELL Assessments). Results on the ELL Assessments will provide an indication of student performance on the New York State English as a Second Language Achievement Test (NYSESLAT) and on the Examen de la Lectura Espanol (ELE). The ELL Assessments for English proficiency will be aligned with the New York State English as Second Language (ESL) Standards and the New York State ELA Standards, and the ELL Assessments for Spanish proficiency will be aligned to the New York State Native Language Standards. ELL Assessment results should help teachers identify areas of strengths and weaknesses in a student's language development relative to the related New York State Standards, provide a guage on a students' progress on the continuum of language development and help target instruction at the classroom level. Assessment results will be available via a set of comprehensive, user friendly reports that are accessible online anytime/anywhere. These assessments will be part of a comprehensive Periodic Assessment Program that helps gather information on student's strengths and weaknesses, and measure student learning and progress over time to help inform instruction and improve student outcomes. Specifically this vendor must provide a component consisting of English Language Learners Assessment for grades 3-12. The compelling need for these services was not satisfactorily met through an initial release of a Request for Proposals (RFP) for Periodic Assessments and the submission of competitive sealed proposals. Please express your interest in providing these services by email to jwhitfield2@schools.nyc.gov

CORRECTION: PROVISION OF NON-SECURE DETENTION CENTERS – Negotiated Acquisition – Judgment required in evaluating proposals - PIN# 13007DJJ001 – DUE 11-14-08 AT 3:00 P.M. – CORRECTION: The NYC Department of Juvenile Justice (DJJ) is seeking one or more appropriately qualified vendors to provide non-secure detention services for youth. Services shall include, but not be limited to, custody, basic youth care, food, clothing, shelter, education, health care, recreation, court related services, social work and case management services, social skills instruction, group sessions and monitoring and supervision of these services. In addition, the contract will require that a defibrillator shall be located in each program facility and that all staff requiring CPR training shall be certified in use of said defibrillator.

Each program facility will provide at least 10 and no more than 12 beds in accordance with the applicable regulations promulgated by the New York State Office of Children and Family Services (NYS OCFS), 9 N.Y.C.R.R. Section 180 et seq. The Department is seeking to provide services at facilities that will be operational at any time from January 1, 2007 to December 31, 2010. A vendor may submit an offer for more than one Facility Option. Current Agency vendors operating non-secure group homes that have contracts expiring in calendar year 2006 are urged to respond to this solicitation.

All program facilities shall be appropriately equipped to provide services for male or female youth as required by the Department, and be located in one of the five boroughs. The term of the contracts awarded from this solicitation will be for three years and will include an additional three-year option to renew. The anticipated maximum average annual funding available for each contract will be $1,067,000, excluding start-up costs. Proposed start-up costs will be considered in addition to the proposed annual line item budget. Greater consideration will be given to applicants offering more competitive prices.

If your organization is interested in being considered for award of the subject contract, please hand deliver a written expression of interest addressed to my attention at 365 Broadway, 5th Floor, New York, NY 10013. The expression of interest should specifically address the following:

1. Indicate each program facility for which the vendor is submitting.

2. Describe each proposed facility, its location, and proposed date of operation.

3. Attach appropriate documentation demonstrating the current use of each proposed facility and the vendor's site control of the facility for a period of at least 3 years.

4. For each proposed facility,
a) Indicate the number of beds to be provided and demonstrate that the facility has the capacity to provide the indicated number of beds.
b) Demonstrate that the facility will be appropriately equipped to provide services for male or female youth.

5. Demonstrate the vendor's organizational capability to:
a) Provide the indicated number of beds at each proposed facility. (If the vendor is a current provider, also demonstrate the capability to provide the indicated number of beds in addition to those already provided.)
b) Ensure that each proposed facility will be fully operational by required date in accordance with the applicable regulations promulgated by the New York State Office of Children and Family Services (NYS OCFS), 9 N.Y.C.R.R. Section 180 et seq.

6. Demonstrate the quantity and quality of the vendor's successful relevant experience.

7. Attach for each proposed facility three-year annual line item operating budget. Include staffing details. Proposed start up costs should be included in addition to the proposed three-year annual line item operating budget.

All expressions of interest received in the manner set forth will be reviewed to determine if they are responsive to the material requirements of this solicitation. Expressions of interest determined to be non-responsive will not be further considered. Expressions of interest determined to be responsive will be considered in terms of the following factors:

- Appropriateness of each proposed facility.
- Demonstrated site control of each proposed facility.
- Demonstrated level of organizational capability to provide the proposed number of beds and to ensure that each proposed facility if fully operational by the applicable requisite date.
- Demonstrated quantity and quality of successful relevant experience.
- Annual budget amount and cost effectiveness of the budget.

The Department will enter into negotiations with the vendor(s) determined to be the best qualified at the time of evaluation, based on consideration of the above-cited factors. A contract will be awarded to the responsible vendor(s) whose offer(s) is/are determined to be the most advantageous to the City, taking into consideration the price and the other factors set forth in this solicitation. In the case that a vendor is eligible for award of more than one program facility, the Department reserves the right, based upon the vendor's demonstrated organizational capability and the best interest of the City, respectively, to determine how many and for which program facility(ies) the vendor will be awarded a contract.

PROPERTY EVIDENCE TRACKING SYSTEM – Competitive Sealed Proposals – Other (Describe below in Other Legally Mandated Information) - PIN# 056070000505 – DUE 06-11-07 AT 2:00 P.M. – Furnishing, designing, developing, delivering, and installing all materials, equipment, supplies, software, training and documentation necessary for a system that would allow for one central repository of information on all property in the custody of the NYPD, thereby replacing the current time consuming, limited access and labor intensive paper-based property management system.

Recommended Pre-Proposal Conference is on Tuesday, May 15, 2007 at 11:00 A.M. at NYPD, 1 Police Plaza, Police Headquarters, Auditorium, 1st Floor, New York, New York 10038. For directions to Pre-Proposal Conference call Sergeant Michael Fullam (646) 610-5022 or Jordan Glickstein at (646) 610-5222. Carefully review Section I.C. of the Request for Proposals to see the dates and times of highly recommended Site Visits and Inspections.

To obtain a copy of the Request for Proposals (RFP) free of charge: www.nyc.gov/cityrecord, select "City Record On-Line (CROL)" link, then select the "Solicitations and Awards" link, and then logging in or enrolling. Make sure to download both the main RFP, which contains several attachments, and the separate Price Proposal document. Individual line or (646) 610-5753 - main office number.

Minimum Qualification Requirements: Any Proposer shall demonstrate (1) that the proposed Project Manager must be Project Management Professional ("PMP") certified or have an equivalent certification from contract award through completion of the implementation phase and (2) that Proposed Equipment is "UL" listed and FCC approved/ registered.

Pursuant to Section 3-01(c) of the City's Procurement Policy Board Rules, competitive sealed proposals is the preferred method for awarding contracts for information technology services.

The contract resulting from this Request for Proposals will be subject to Local Law 129 of 2005, the Minority-Owned and Women-Owned Business Enterprise (M/WBE) Program. Please carefully Read Attachment E to the Request for Proposals for a full explanation of the M/WBE requirements for this solicitation.

Statement of Basis and Purpose of Final Rule

The Environmental Control Board (ECB) had a Public Hearing on April 12, 2007, on its proposed revisions of its Penalty Schedules. The Board carefully considered the testimony at the April 12, 2007, Public Hearing (the only testimony presented at that hearing addressed Section 27-383) as well as the written comment received in connection with that hearing and has adopted the following revisions to the ECB Penalty Schedules:

1) The Board has revised the Buildings Penalty Schedule found in Section 31-103 of Subchapter G of Chapter 31 of Title 15 of the Rules of the City of New York to change the penalty amounts for New York City Administrative Code Section 27-987, "Failure to maintain elevator," and for New York City Administrative Code Section 27-987 "Failure to maintain elevator – HAZARDOUS." These penalty amounts are being changed to impose higher penalties on those offenders who repeatedly violate this section of law. These higher penalties are designed to provide a deterrent to chronic elevator maintenance violations, thereby increasing compliance with elevator maintenance standards. These penalties are within the statutory minimum and maximum penalties prescribed by the New York City Administrative Code.

2) The Board has revised the Buildings Penalty Schedule found in Section 31-103 of Subchapter G of Chapter 31 of Title 15 of the Rules of the City of New York to add a new charge of a violation of Section 27-129 of the New York City Administrative Code. The charge is for "Failure to submit a sixth-round Technical Report: Periodic Inspection of Exterior wall and appurtenances as required by 1 RCNY 32-03." This new charge will be used to cite buildings owners who fail to file a sixth-round architect's or engineer's technical report with the Department of Buildings. Such a report certifies the results of an examination of the premises' exterior walls and the appurtenances thereof. The report is required for buildings greater than six stories in height. The Buildings Penalty Schedule already includes charges of failure to submit second-round through fifth-round technical reports. This new charge is required because the sixth-round filing period began on February 21, 2005. This new charge is essentially identical to the existing charges except insofar as it pertains to the sixth-round technical report.

3) The Board has revised the Buildings Penalty Schedule found in Section 31-103 of Subchapter G of Chapter 31 of Title 15 of the Rules of the City of New York to add five new charges. The new charges are added in response to the enactment of Local Law Number 52 of 2005. This Local Law was enacted on May 19, 2005, and took effect on November 19, 2006. This law requires User Certificates and Certificates of Completion for supported scaffoldings at construction sites, as per Section 26-204.1 through Section 26-204.5 of the New York City Administrative Code. The law also requires a permit in connection with the erection, dismantling, repairing, maintaining or modifying a supported scaffold that is 40 feet high or more in height, pursuant to Section 27-1042 of the New York City Administrative Code. Enforcement of these new provisions will help to protect citizens from careless construction of supported scaffolds and the dangers associated with working on these scaffolds on construction sites. The five new charges include the following: (i) Erected, dismantled, repaired, maintained or modified supported scaffold without a Supported Scaffold Certificate of Completion issued pursuant to Section 26-204.3 - HAZARDOUS; (ii) Knowingly permitted individual to erect, dismantle, repair, maintain or modify supported scaffold without a Supported Scaffold Certificate of Completion issued pursuant to Section 26-204.3 - HAZARDOUS; (iii) Use of permitted supported scaffold without a Supported Scaffold User Certificate issued pursuant to Section 26-204.4; (iv) Knowingly allowed individual(s) to use permitted supported scaffold without a Supported Scaffold User Certificate issued pursuant to Section 26-204.4 - HAZARDOUS; (v) Erected, dismantled, repaired, maintained or modified supported scaffold 40 feet or higher without a permit pursuant to Section 27-1042 - HAZARDOUS.

4) The Board has revised the Buildings Penalty Schedule found in Section 31-103 of Subchapter G of Chapter 31 of Title 15 of the Rules of the City of New York to change the penalty amounts for Administrative Code Section 27-147, "Demolition Work Without Required Demolition Permit." These penalty amounts are being changed to impose higher penalties because demolition work is inherently dangerous and requires close scrutiny, monitoring and supervision. This increase in penalties will help convey the seriousness of this charge, and thereby promote the safety of adjacent properties, property owners and workers at construction sites. This increase in penalties is also in keeping with recent legislation of the City Council, Intro. 132-A of 2006, which became effective on December 5, 2006, which mandated higher criminal penalties for demolition work without a permit on one-family or two-family dwellings. Regarding this charge, as to which the penalties are being increased, it should be noted that this was already a hazardous offense, but the word "HAZARDOUS" is now being added to the charge description for further clarification of this fact.

5) The Board has revised the Buildings Penalty Schedule found in Section 31-103 of Subchapter G of Chapter 31 of Title 15 of the Rules of the City of New York to change the penalty amounts for Administrative Code Section 27-195, "Failure to notify the DOB prior to the commencement of demolition work." These penalty amounts are being changed to impose higher penalties because demolition work is inherently dangerous and requires close monitoring and supervision. The notification requirement prior to the commencement of demolition is intended to enable the Department of Buildings to investigate whether demolition work is being performed according to accepted safety standards. Because demolition is inherently dangerous, the proposed increase in penalties will help promote safety during demolition, including the safety of adjacent properties, property owners, and workers at construction sites. Regarding this charge, as to which the penalties are being increased, it should be noted that this was already a hazardous offense, but the word "HAZARDOUS" is now being added to the charge description for further clarification of this fact.

6) The Board has revised the Buildings Penalty Schedule found in Section 31-103 of Subchapter G of Chapter 31 of Title 15 of the Rules of the City of New York to add two new charges to enforce the provisions of Section 52-01(a) and (b) of Title 1 of the Rules of the City of New York. Section 52-01 was promulgated pursuant to 27-195 of the New York City Administrative Code and became effective on October 25, 2006. This Rule requires holders of earthwork permits to give notice to the Department of Buildings at least 24 hours, but not more than 48 hours, prior to the commencement of earthwork. It also requires that, in the event that earthwork is cancelled, a permit holder must notify the Department of Buildings of the cancellation not more than 24 hours prior to, but no later than the date for which the earthwork was scheduled. The rule is intended to enable the Department of Buildings to investigate whether the work is being performed according to accepted safety standards. Because earthwork is inherently dangerous, these new charges, and the associated penalties, will help promote safety during earthwork, including the safety of adjacent properties, property owners, and workers at construction sites.

7) The Board has revised the Buildings Penalty Schedule found in Section 31-103 of Subchapter G of Chapter 31 of Title 15 of the Rules of the City of New York to add six new charges to enforce the provisions of Local Law 26 of 2004 which amends the Buildings and Fire Prevention Codes and requires owners of certain buildings to comply with new photoluminescent exit path markings (technical standards as set forth by RS 6-1), emergency power connection standards for exit and directional signs, and additional signs where the path of egress is not clear. It should be noted that the new charges for Sections 27-228.5, 27-383.1 and 27-384(c), set forth in Sections 8, 9 and 10 of this Final Rule, will not become effective until July 1, 2007. This is because July 1, 2007, is the compliance date specified for these charges, as is set forth in those sections of law, in Local Law 26 of 2004. This Local Law was adopted following the events of September 11, 2001, to aid in evacuation from buildings in the event of failure of both the power and back-up power connected to the lighting and illuminated exit/directional signs. These new requirements are critical to improvement of mass evacuations in affected buildings during emergencies or other extreme conditions. They are in addition to, or modification of existing signage and power requirements under the Building Code.

8) The Board has revised the Buildings Penalty Schedule found in Section 31-103 of Subchapter G of Chapter 31 of Title 15 of the Rules of the City of New York to add one new charge to enforce miscellaneous hazardous construction violations of the New York City Building Code. Currently a miscellaneous charge exists for non-hazardous construction violations. Inspectors presently are compelled to use this miscellaneous charge even when the miscellaneous violation is deemed hazardous, resulting in penalties that are not commensurate with a hazardous designation. This new charge, with its enhanced penalties, will allow for a more effective enforcement of the Building Code.

9) The Board has revised the Buildings Penalty Schedule found in Section 31-103 of Subchapter G of Chapter 31 of Title 15 of the Rules of the City of New York to change the penalty amounts for Administrative Code Section 26-118, "Failure to comply with a Stop Work Order." Stop Work Orders are issued by the Department of Buildings when a Department of Buildings Inspector determines that building work is being executed in a dangerous or unsafe manner and in violation of a provision of any law, rule or regulation enforceable by the Department of Buildings. The continuance of such work may pose an imminent hazard and jeopardize public safety. The penalty amounts for this charge are being changed to impose higher penalties in order to discourage dangerous and unsafe work. These higher penalties are in keeping with recent legislation within the City Council (specifically, Intro. 216-A of 2006, which became effective on December 5, 2006), mandating higher penalties payable to the Department of Buildings before a Stop Work Order may be lifted. In addition, the new Local Law mandates new criminal fines for violating a Stop Work Order. The ECB penalties are in addition to these new mandated penalties, and are being increased in recognition of the serious nature of such violation. Regarding this charge, as to which the penalties are being increased, it should be noted that this was already a hazardous offense, but the word "HAZARDOUS" is now being added to the charge description for further clarification of this fact.

Notice of Adoption of Rule
regarding penalties for offenses adjudicated by the
Environmental Control Board.

NOTICE IS HEREBY GIVEN PURSUANT TO THE AUTHORITY VESTED in the Environmental Control Board by section 1404(c)(3) of the New York City Charter, and in accordance with section 1043(b) of the Charter, that the Environmental Control Board hereby promulgates the following rule. The rule was published in The City Record on March 9, 2007, and the Public Hearing was held on April 12, 2007.

Section 1. The Noise Code Penalty Schedule found in Section 31-115 of Subchapter G of Chapter 31 of Title 15 of the Rules of the City of New York is amended to add and delete the following material.

New matter is underlined.
Deleted matter is in [brackets]

§31-115 Noise Code Penalty Schedule

NOISE PENALTY SCHEDULE

All Citations are to the NYC Administrative Code.

A stipulation (Stip) penalty is imposed if there is a "Y" (Yes) In the Stip column in the Penalty Schedule rather than a "N" (No), and if a stipulation is offered and accepted at a hearing.

Definition of 2nd and/or 3rd and/or 4th offense: By the same respondent of the same provision of law, order, rule or regulation as the previous violation and, if the respondent is the owner, agent, lessee or other person in control of the premises with respect to which the violation occurred, at the same premises as the previous violation (all violations committed within two years).

Pursuant to §31-81(b), a late admit fee of $30.00 will be added to all the below listed penalties for a failure to submit a payment by mail, as per §31-32, within 30 days of the mailing date of the default order issued against respondent.

* In connection with Section 24-231(a), a zero penalty may be imposed for admission for a first offense upon submission to DEP (within 30 days of NOV issuance) unless extended by DEP of acceptable certification of compliance as set forth in Section 24-231(b)(1).

*If a respondent charged with a violation of 20-04(e) submits the annual test report by the first hearing date, the penalty shall be mitigated from $350 to $0 (zero). The possibility of such mitigation exists only in connection with the first NOV issued to a given respondent for 20-04(e) charge.

Pursuant to §31-81(b), a late admit fee of $30.00 will be added to all the below listed penalties for a failure to submit a payment by mail, as per §31-32, within 30 days of the mailing date of the default order issued against respondent.

Statement of Basis and Purpose of Final Rule

The Environmental Control Board (ECB) had a Public Hearing on April 12, 2007, on proposed revisions of its Penalty Schedules. Neither written material nor testimony was presented at the Public Hearing on the proposed rule revisions to the Noise Control Penalty Schedule and to the Water Code Penalty Schedule. The Board has adopted the following revisions to those two Penalty Schedules:

1) The Board has revised the Noise Code Penalty Schedule found in Section 31-115 of Subchapter G of Chapter 31 of Title 15 of the Rules of the City of New York to amend that Penalty Schedule to take into account the promulgation of the new Noise Control Code that was signed into law (Local Law 113 of 2005) on December 21, 2005. That law becomes effective on July 1, 2007. Accordingly, the revised Noise Code Penalty Schedule adopted by this Final Rule becomes effective on July 1, 2007. This new law repeals many previously existing sections of law pertaining to noise control and puts into place new provisions that make the Noise Control Code more effective and responsive to the needs of the City. The primary focus of the new Code is the reduction of the overall sound level in the City.

In addition to continuing the current Noise Control Code's prohibition on after-hours and weekend construction, Subchapter 4 of the new Noise Control Code ("Construction Noise Management") contains detailed requirements which require all construction sites to have a noise mitigation plan setting forth the noise mitigation strategies, methods, procedures and technologies to be employed for each device or activity at the site. The current Code section relating to commercial music sources has been strengthened by lowering the threshold from 45 dB(A) to 42 dB(A) as measured in any dwelling unit, and by adding a provision dealing with measuring sound in the dB(C) weighting network. In connection with Section 24-231(a), the new code also contains a provision which allows the Department of Environmental Protection to recommend a zero penalty in cases where the respondent admits the violation and timely submits a report, pursuant to the requirements set forth in Section 24-231(b)(1), showing that modifications have been made which bring the establishment into full compliance with the Code, along with measurements confirming that compliance has been achieved. The current Code section regarding circulation device noise has been strengthened by lowering the threshold from 45 dB(A) to 42 dB(A) as measured three feet from the open window of any dwelling unit. The new Code also restricts noise from multiple circulation devices owned by the same entity and allows the Department of Environmental Protection to order owners to implement remedial actions when the cumulative sound level from existing multiple devices exceeds 50 dB(A). For new installations of multiple circulation devices or for a new addition to a cluster of circulation devices, the cumulative permitted sound level is 45 dB(A). The new Code includes a "plainly audible" standard for personal audio devices, sound reproduction devices, animals and motor vehicles. Also, the prohibition against unreasonable noise has been strengthened by the establishment of sound levels which are considered to be unreasonable per se, e.g., any sound source which increases the ambient sound level by ten dB(A) or more (7 dB(A) at night) when measured at a distance of fifteen feet or more.

Regarding Section 24-218.1, "Use of mobile telephones in a place of public performance," this provision of law was previously enacted, by Local Law 9 of 2003, and is now being added to this amended Noise Code Penalty Schedule.

2) The Board has revised the Water Code Penalty Schedule found in Section 31-126 of Subchapter G of Chapter 31 of Title 15 of the Rules of the City of New York to amend that Penalty Schedule to take into account the repeal of the Drought Emergency Rules and the re-promulgation of those Rules (Title 15, Chapter 21 of the Rules of the City of New York (RCNY)). The new Rules took effect on September 7, 2006. It should be noted that there are no changes to that portion of the Water Penalty Schedule that does not pertain to the Drought Emergency Rules. In other words, there are no changes to the part of the Water Penalty Schedule that is entitled "Other Water Regulations," since those sections are not drought-related. Among the reasons for the repeal and re-promulgation of those Rules was that the Department of Environmental Protection, in light of recent experiences with the drought, recognized that amendments to the Drought Emergency Rules were needed. The amended Rules are streamlined and simplified. Redundancy has been omitted and inconsistencies eliminated. Definitions have been added for greater clarity and conformance with general style of RCNY rules. The Rules have been amended to provide greater flexibility and consistency for water usage during the various stages of drought.

The principal changes from the current Penalty Schedule are that section numbers have been changed under the new Rules; improper use of well water, which was previously a violation only in Stage III, is now a violation in Stage I and II as well; infractions for air conditioning or refrigeration units without approved water conservation devices, dumping cooling tower water, and failure to reduce non-residential use of water by specified percentages are no longer included in the Penalty Schedule, as these violations do not exist under the new Rules.

Revision of §3-02, §3-06, §3-08, §3-16, §3-22, §3-23, and §4-16 of Title 56 of the Official Compilation of Rules of the City of New York

NOTICE IS HEREBY GIVEN that in accordance with Sections 533(a)(9), 389(b), and 1043 of the New York City Charter, the New York City Department of Parks & Recreation ("Parks") hereby amends Sections 3-02, 3-06, 3-08, 3-16, 3-22, 3-23, and 4-16 of Title 56 of the Official Compilation of Rules of the City of New York. The amendment as set forth herein shall take effect thirty (30) days after its publication in the City Record.

Parks received and accepted written comments concerning these amendments. Parks also held a hearing for public comment on March 12, 2007, at the Chelsea Recreation Center. All comments were made available for public inspection between the hours of 9:00 A.M. and 5:00 P.M. at the New York City Department of Parks & Recreation, Office of the General Counsel, The Arsenal, Central Park, New York, New York 10021.

Section 3-02 of Title 56 of the Rules of the City of New York is amended by adding a new definitional subdivision to read as follows:

"Houseboat." Any vessel which is regularly used as a dwelling place and is unable to operate in open water when subject to moderate winds and strong currents.

Subdivision c of section 3-06 of Title 56 of the Rules of the City of New York is amended to read as follows:

(c) (i) Dockage permits shall only be issued for vessels that the chief dockmaster determines are capable of operating in open water. All vessels (transient, seasonal, mooring or year round) must be and remain in safe operational condition. Any existing permittee with an operational and seaworthy vessel must continuously maintain an operational and seaworthy vessel. All vessels that are brought to any department facility must be seaworthy and must meet operational requirements to the original manufacturer's specifications. The chief dockmaster shall require a demonstration of a vessel's seaworthiness and compliance with the manufacturer's specifications, and shall require that any modifications to the vessel be approved by a certified naval architect to ensure compliance with original manufacturer's specifications. Before issuing a permit and otherwise upon reasonable notice, the chief dockmaster may inspect a vessel and/or require a demonstration of the vessel's operational capability in open water. [This provision shall not apply to the renewal of 12 month dockage permits for vessels which were docked in the boat basin prior to May 1, 1997, unless they are sold or otherwise transferred to another permittee. If a vessel, that is covered by this exemption, leaves the boat basin for any reason, it must return capable of operating to the original manufacturer's operating standards and be insured for the remainder of the permit. Vessels that lose this exemption must be maintained as an operating vessel for the life of the permit.]

(ii) paragraph (i) of this subdivision shall not apply to the renewal of 12 month dockage permits for vessels that were docked in the boat basin prior to May 1, 1997, unless they are sold or otherwise transferred. However, if a vessel that is covered by this exemption leaves the boat basin for any reason, then it will lose this exemption and it must return capable of operating to the original manufacturer's operating standards. Vessels that lose this exemption must be maintained as an operating vessel for the term of any permit. In addition, on and after May 1, 2009, no exemptions will apply to any vessels, year round or otherwise, at the boat basin and all vessels must be and remain operational for the life of the permit.

(iii) For the boat basin only, the department may offer up to 52 winter season permits at any time (less any existing winter permits) first, to existing summer season permit holders in seniority order and second, to individuals on the waiting list in list order, creating 12 month or year-round dockage permits. The location of winter season slips will be determined by the chief dockmaster and allocated by seniority order. However, the chief dockmaster may change the location and/or number of these slips as necessary to ensure the safety of vessels and the boat basin. Except for vessels covered by the temporary exemption in paragraph (ii) of this subdivision, no permit, summer or winter, shall be issued to a houseboat.

Section 3-06 of Title 56 of the Rules of the City of New York is amended by adding a new subdivision q to read as follows:

(q) Any person who docks or abandons a vessel at the boat basin, marina or piers without authorization and who refuses to remove the vessel immediately upon written notice, will not be eligible to request or receive a permit or berth of any type for any facility for a minimum of 24 months. Objections to the denial of permit eligibility shall be available under subdivision h of section 3-06 of this chapter.

Section 3-08 of Title 56 of the Rules of the City of New York is amended by adding a new subdivision l to read as follows:

(l) No person may offer or provide any form of tip, money, gift or any other gratuity to any City employee at any facility. No person may procure any services from department staff except as specifically allowed under these rules. Violations of this provision will result in termination of any permit and will bar the violator from any department facility for a minimum of 24 months. Objections to termination of a permit or denial of permit eligibility shall be available under subdivision h of section 3-06 of this chapter.

Section 3-16 of Title 56 of the Rules of the City of New York regarding the regulation of dinghies and kayaks at marinas is repealed and a new section 3-16 is added to read as follows:

3-16. Dinghies, kayaks and canoes. (a)(i) Any dinghy over 14 feet in length must be stored on the vessel with a valid permit from the department. Any dinghy over 14 feet in length and stored in water will be considered a separate vessel and require an independent transient permit. Any dinghy 14 feet or less must be stored on the vessel or in a designated dinghy area as determined by the department. Only one dinghy shall be permitted per vessel.

(ii) Kayaks and canoes may either be stored on the vessel with a valid permit from the department, or in the areas specifically designed by the department for such storage.

(b) Boat Launches: A department permit is required to launch a vessel operated by a motor at a department managed boat launch. The department will set and post specific rules at each agency managed boat launch. Failure to comply with posted rules will result in loss of access to the launch.

(c) Boating or use of a personal watercraft adjacent to any authorized bathing beach is prohibited. Use of personal watercraft is prohibited upon any waters under the jurisdiction of the department, unless the commissioner specifically authorizes use of personal watercraft in such area.

Section 3-22 of Title 56 of the Rules of the City of New York is amended to read as follows:

Commercial permits may be issued at the boat basin and marina to operators of commercial vessels upon terms to be determined by the department. The chief dockmaster is authorized to exempt holders of these commercial permits from certain rules set forth in this chapter 3.

Vessels docked under non-commercial permits may not engage in commercial activity without the express written approval of the department. This approval must be attained on an annual basis. Complete commercial plans must be provided to the department and no advertising may take place at the marina or boat basin. Commercial trips must involve 6 passengers or less and must pay the commercial pickup fee (6 passengers or less) for each trip in addition to regular dockage. Any vessel planning commercial trips involving more than 6 passengers must apply for a commercial permit and may not operate under a non-commercial permit. Operators must comply with all other department rules and regulations and other applicable rules and regulations for such vessels.

The Sheepshead Bay Piers are managed for recreational charter boat and related purposes. Only commercial vessels involved in recreational charter boat, entertainment cruise, recreational fishing or related recreational services will be offered dockage permits.

Section 3-23 of Title 56 of the Rules of the City of New York is amended to read as follows:

Statement of Basis and Purpose

These rules are promulgated pursuant to the authority of the Commissioner of the Department of Parks and Recreation (the "Commissioner") under sections 389, 533(a)(9) and 1043 of the New York City Charter. The Commissioner is authorized to establish and enforce rules for the use, government and protection of public parks and of all property under the charge or control of the Department of Parks and Recreation.

The rules provide an updated fee schedule. The increased fees are essential to ensure the continued usage and enjoyment of marina facilities for recreational purposes and are intended in part to provide funding for the Department to sustain appropriate staffing levels and improve facility administration. In addition, the rules provide for additional winter permits at the Boat Basin to address demand for such permits and prohibit houseboats starting in 2009 to improve safety and to increase recreational use at the Boat Basin.

READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council,** 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists--free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.
