115-20
SPECIAL BULK REGULATIONS

115-21
Floor Area Ratio, Open Space and Lot Coverage

In C6-2 and C6-3 Districts, the underlying #floor area ratio# and #open space# provisions shall not apply. In lieu thereof, the maximum #floor area ratio# permitted for #commercial#, #community facility# or #residential uses#, separately or in combination, shall not exceed 6.0 in C6-2 Districts and 8.0 in C6-3 Districts. No #floor area# bonuses shall be permitted.

In C6-4 Districts, the underlying #floor area ratio# provisions, including #floor area# bonus provisions, shall apply to #residential# and #community facility uses#. For #commercial uses#, the maximum #floor area ratio# shall be 12.0, and no #floor area# bonuses shall apply.

In M1-4 Districts, the maximum #floor area ratio# permitted for #commercial#, #community facility# or #manufacturing uses#, separately or in combination, shall be 2.0.

In C4 and C6 Districts, for #residential buildings# or the #residential# portion of a #mixed building#, the maximum #lot coverage# shall be 80 percent on a #corner lot# and 70 percent on an #interior# or #through lot#. However, no #lot coverage# provisions shall apply to any #zoning lot# comprising an entire #block# or to any #zoning lot# comprising a #corner lot# of 5,000 square feet or less.

115-22
Height and Setback Regulations

In M1-4 Districts, the underlying height and setback regulations shall apply except as modified in Section 115-221 (Permitted obstructions).

In C4 and C6 Districts, the underlying height and setback regulations are modified as set forth in Sections 115-221 through 115-224 (Maximum building height), inclusive.

For #zoning lots# subject to the sidewalk widening requirements of Section 115-31, the boundary of the sidewalk widening furthest from the #street line# shall be considered the #street line# for the purposes of applying all height and setback regulations.

All heights shall be measured from the #base plane#.

115-221
Permitted obstructions

The provisions of Section 33-42 (Permitted Obstructions) shall apply to all #buildings# within the #Special Downtown Jamaica District#, except the provisions of paragraph (c) of section 33-42 shall not apply. In lieu thereof, the following regulations shall apply:

Elevator or stair bulkheads, roof water tanks, cooling towers or other mechanical equipment (including enclosures) may penetrate a maximum height limit or #sky exposure plane# provided that either:

(a) the product, in square feet, of the #aggregate width of street walls# of such obstructions facing each #street# frontage, times their average height, in feet, shall not exceed a figure equal to eight times the width, in feet, of the #street wall# of the #building# facing such frontage; or,

(b) for #buildings# at least 120 feet in height, the #lot coverage# of all such obstructions does not exceed 20 percent of the #lot coverage# of the #building#, and the height of all such obstructions does not exceed 40 feet.

In addition, dormers may penetrate a maximum base height in accordance with the provisions of paragraph (c) of Section 23-621 (Permitted obstructions in certain districts).

115-222
Street wall location
C4 C6

In the districts indicated, #street walls# shall be provided in accordance with the provisions of this Section.

(a) For all locations, except as specified on Map 3 (Street Wall Location) in the Appendix to this Chapter, the #street wall# of a #building# shall be located on the #street line# and extend along at least 70 percent of the #street# frontage of the #zoning lot#. No #street wall# location rules shall apply to the remaining portion of the #street frontage# of the #zoning lot#; however, any #street walls# provided in such portion shall be located on the #street line# or recessed within an #outer court#. All required #street walls# shall rise without setback to at least the minimum base height specified in Section 115-223 (Street wall height), or the height of the #building#, whichever is less. For #zoning lots# bounded by more than one #street line#, these #street wall# location requirements shall apply on all such #street lines#.

(b) Map 3 specifies #street frontages# where the regulations set forth in this paragraph (b) apply.

(1) The #street wall# shall be located on the #street line# and extend along the entire #street# frontage as specified on Map 3, and shall rise without setback to at least the minimum base height specified in Section 115-223, or the height of the #building#, whichever is less. This requirement shall also apply along that portion of any #street line# that intersects such #street# frontage specified on Map 3 within 50 feet of such intersection.

(2) To allow articulation of #street walls# at the intersection of two #street lines# with mandatory #street wall# requirements, up to 50 percent of the area bounded by

the two #street lines# and lines parallel to and 20 feet from such #street lines# may be unoccupied by a #building#.

(3) Where corner articulation is specified on Map 3, the following regulations shall apply:

(i) Where base corner articulation is specified on Map 3, the #building# shall occupy, at every level up to the level of the setback provided pursuant to Section 115-223 (Street wall height), not less than 50 percent and not more than 75 percent of the area bounded by the two #street lines# and lines parallel to and 20 feet from such #street lines#.

(ii) Where tower corner articulation is specified on Map 3, no articulation is required where all portions of the #building# that exceed a height of 60 feet are located at least 10 feet from a #wide street line# and at least 15 feet from a #narrow street line#. Where a #building# rises without setback along those #street lines# where no setback is required as specified on Map 4b, the #building# shall cover, at every level above the setback provided pursuant to Section 115-223 (Street wall height), not less than 50 percent and not more than 75 percent of the area bounded by:

(a) the #street line# of the #street# where no setback is required;

(b) a line 10 feet from and parallel to a #wide street# with a setback requirement or 15 feet from and parallel to a #narrow street# with a setback requirement; and

(c) lines parallel to and 20 feet from such lines.

(4) No #street wall# location requirements shall apply to any open space fronting on Sutphin Boulevard between 94 and 95th Avenues #developed# pursuant to the Jamaica Gateway Urban Renewal Plan, as shown on Map 3.

(c) In all locations where #street walls# are required, recesses, not to exceed three feet in depth from the #street line#, shall be permitted on the ground floor where required to provide access to the #building#.

Above a height of 12 feet, up to 30 percent of the aggregate width of required street walls may be recessed beyond the #street line#, provided any such recesses deeper than 10 feet along a #wide street#, or 15 feet along a #narrow street#, are located within an #outer court#. Furthermore, no recesses shall be permitted within 30 feet of the intersection of two #street lines# except to articulate the #street walls# as set forth in this Section.

Existing #buildings# may be vertically #enlarged# by up to one #story# or 15 feet, without regard to the #street wall# location requirements of this Section.

115-223
Street wall height
C4 C6

In the districts indicated, except in the locations indicated on Maps 4A and 4B (Street Wall Height) in the Appendix to this Chapter, the minimum height, before setback, of a #streetwall# required pursuant to Section 115-222 (Street wall location) shall be 40 feet and the maximum height, before setback, shall be 60 feet. Any portion of a #building# that exceeds a height of 60 feet shall be set back at least 10 feet from a #wide street line# and at least 15 feet from a #narrow street line#.

In the locations indicated on Map 4A, required #street walls# shall rise without setback to the minimum height specified for that location on Map 4A or the height of the #building#, whichever is less. Any portion of a #building# that exceeds the maximum #street wall# height specified for that location shall be set back at least 10 feet from a #wide street line# and at least 15 feet from a #narrow street line#.

In the locations indicated on Map 4B, required #street walls# shall rise without setback to a minimum height of 40 feet or the height of the #building#, whichever is less. Above a height of 40 feet, no setbacks are required for any portion of the building.

115-224
Maximum building height
C4 C6

In C4-4A Districts, no #building or other structure# shall exceed a height of 80 feet.

In C4-5X Districts, no #building or other structure# shall exceed a height of 125 feet.

In C6-2, C6-3 and C6-4 Districts, no #building or other structure# shall exceed a height of 250 feet. However, no height limitations shall apply in those areas specified on Map 5 (Maximum Building Height)in the Appendix to this Chapter.

115-30
MANDATORY IMPROVEMENTS

115-31
Sidewalk Widenings

The provisions of this Section shall apply to all #developments# fronting upon locations requiring sidewalk widenings as shown on Map 6 (Sidewalk Widenings) in the Appendix to this Chapter. A sidewalk widening is a continuous, paved open area along the #street line# of a #zoning lot# having a depth of five feet or 10 feet, as set forth on Map 6. Such depth shall be measured perpendicular to the #street line#. Sidewalk widenings shall be improved as sidewalks to Department of Transportation standards, at the same level as the adjoining public sidewalk and directly accessible to the public at all times. No #enlargement# shall be permitted to decrease the depth of such sidewalk to less than such minimum required total sidewalk depth.

All mandatory sidewalk widenings must provide lighting in accordance with the requirements of paragraph (n) of Section 37-04 (Requirements for Urban Plazas), except that the minimum level of illumination shall be not less than two horizontal foot candles throughout the entire mandatory sidewalk widening.

Sidewalk widenings of 10 feet or more must provide one linear foot of seating for every 150 square feet of mandatory sidewalk widening. In addition, the provisions of Section 62-672 (Seating) shall apply.

115-32
Street Tree Planting

All new #developments# or #enlargements# that increase the existing #floor area# by at least 20 percent shall provide and maintain trees of not less than three inch caliper at the time of planting in the sidewalk adjacent to the #zoning lot#. Such trees shall be provided for the entire length of the #street# frontage of the #zoning lot# at maximum intervals of 25 feet except where the Commissioner of Parks and Recreation determines that such tree planting would be infeasible.

Trees shall be planted with gratings flush to grade in at least 200 cubic feet of soil per tree, with a depth of soil of at least 3 feet, 6 inches. Species shall be selected, installed and maintained in accordance with the specifications established by the Department of Parks and Recreation.

115-33
Refuse Storage, Recreation Space and Planting Areas

All #residential buildings# shall provide refuse storage space, recreation space and planting areas in accordance with the provisions of Section 28-23 (Refuse Storage and Disposal) and Section 28-30 (RECREATION SPACE AND PLANTING AREAS), whether or not they are #developed# or #enlarged# pursuant to the Quality Housing Program.

115-40
RESIDENTIAL CONVERSIONS

In all #commercial districts#, the conversion to #dwelling units# of non-#residential buildings#, or portions thereof, erected prior to January 1, 1977, shall be permitted subject to Sections 15-11 (Bulk Regulations), 15-12 (Open Space Equivalent) and 15-30 (Minor Modifications), paragraph(b).

#Uses# in #buildings# erected prior to January 1, 1977, containing both #residential# and non-#residential# #uses# shall not be subject to the provisions of Section 32-42 (Location within Building).

115-50
SPECIAL OFF-STREET PARKING AND OFF-STREET LOADING REGULATIONS

115-51
Parking and Loading Requlations

Within the #Special Downtown Jamaica District#, the off-street parking and loading regulations shall be modified as follows:

In M1-4, C4-4A, C4-5X, C6-2, C6-3 and C6-4 Districts, the off-street parking and loading regulations of a C4-4 District shall apply, except as modified in this Section. However, for any #use# that is not allowed in a C4 District, the underlying off-street parking requirements of the applicable C6-2, C6-3, C6-4 or M1-4 District shall apply.

The provisions of Section 36-12 (Maximum Size of Accessory Group Parking Facilities) shall be modified as follows: An #accessory group parking facility# may contain up to 300 off-street parking spaces.

The provisions of Section 36-21 (General Provisions) pertaining to accessory off-street parking spaces for commercial or community facility uses shall be modified as follows: #Uses# in Use Groups 6B (Offices), 10B (Wholesale Establishments) and 11B (Wholesale Establishments), with parking requirement category B1, shall be required to provide one parking space per 2,000 square feet of #floor area#.

The provisions of Sections 36-342 (Reduced requirements in other C1 or C2 Districts or in C4, C5 or C6 Districts) and 36-344 (Waiver of requirements in other C1 or C2 Districts or in C4, C5 or C6 Districts) shall not apply in the #Special Downtown Jamaica District#.

115-51
Location of Access to the Street

Map 2 (Ground Floor Use and Transparency and Curb Cut Restrictions) in the Appendix to this Chapter specifies locations where curb cuts shall be prohibited within the #Special Downtown Jamaica District#.

However, where permitted or required #accessory# off-street parking and loading requirements apply in a location where such curb cuts are prohibited, a curb cut may be allowed, provided that the City Planning Commission certifies to the Commissioner of Buildings that such #zoning lot# has access only to such prohibited location and that such curb cut shall be no greater than 20 feet in width.

An application to the City Planning Commission for certification respecting such curb cut shall be accompanied by a site plan drawn to a scale of at least one sixteenth inch to a foot, showing the size and location of the proposed curb cut.

The waiver provisions of Article III, Chapter 6 (Accessory Off-Street Parking and Loading Regulations) shall not apply to the special location of access requirements of this Section.

115-60
SPECIAL PERMIT TO MODIFY USE OR BULK REGULATIONS

For any #development#, #enlargement#, alteration or change of #use# on a #zoning lot# within the #Special Downtown Jamaica District#, the City Planning Commission may permit modification of the #use# or #bulk# regulations, except #floor area ratio# provisions, provided the Commission shall find that such:

(a) modification will aid in achieving the general purposes and intent of the Special District;

(b) #use# modification will encourage a lively pedestrian environment along the #street# or mandatory sidewalk widening, or is necessary for and the only practicable way to achieve the programmatic requirements of the #development#;

(c) #bulk# modifications will enhance the distribution of #bulk# on the #zoning lot#;

(d) #bulk# modifications will permit adequate access of light and air to surrounding #streets# and properties; and

(e) #development# or #enlargement# will relate harmoniously to the character of the surrounding area.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area.

In R6, R7, R8 or R9 Districts

R6 R7 R8 R9

Except as otherwise provided in the following Sections:

Section 23-144 (~~In R6, R7, and R8 Districts~~ In designated areas where the Inclusionary Housing Program is applicable)

* * *

23-144
In ~~R6, R7 and R8 Districts~~ designated areas where the Inclusionary Housing Program is applicable

In ~~R6, R7 and R8 Districts~~ #Inclusionary Housing designated areas# ~~where the Inclusionary Housing Program is applicable~~, as listed in the following table, the maximum permitted #floor area ratios# shall be as set forth in Section 23-942 (In ~~R6, R7 and R8 Districts~~ Inclusionary Housing designated areas). The locations of such districts are specified in Section 23-922 (~~Certain R6, R7 and R8 Districts~~ Inclusionary Housing designated areas).

INCLUSIONARY HOUSING

* * *

23-921
R10 Districts

The Inclusionary Housing Program shall apply in all R10 Districts located in #Inclusionary Housing designated areas#, subject to the provisions relating to such designated areas, and in all other R10 Districts, subject to the provisions of Section 23-941 (In R10 Districts other than Inclusionary Housing designated areas), as applicable.

23-922
~~Certain R6, R7 and R8 Districts~~ Inclusionary Housing designated areas

The Inclusionary Housing Program shall apply in the following areas:

* * *

The Inclusionary Housing Program shall apply in special purpose districts when specific zoning districts or areas are defined as #Inclusionary Housing designated areas# within the special purpose district, pursuant to this Section.

23-93
Definitions

For the purposes of the Inclusionary Housing program, matter in italics is defined either in Section 12-10 (DEFINITIONS) or in this Section.
Administering agent

* * *

The #administering agent# shall be a not-for-profit organization, unless the Commissioner of Housing Preservation and Development finds that a good faith effort by the developer of the #compensated development# to secure a qualified not-for-profit organization as the #administering agent# was unsuccessful. However, in #~~R6, R7 and R8~~ Inclusionary Housing designated areas#, the Commissioner may approve an entity that is responsible for compliance monitoring pursuant to City, State or Federal funding sources, to serve as the #administering agent# during such compliance period.

* * *

Fair rent

* * *

However, in #~~R6, R7 and R8~~ Inclusionary Housing designated areas# , the Commissioner of Housing Preservation and Development may determine that rents satisfying the requirements of City, State or Federal programs assisting #lower income housing# will be considered #fair rent#, provided that such rents do not exceed 30 percent of #lower income household's# income, as applicable, and provided further that upon expiration or termination of the requirements of the City, State or Federal program, rent increases and re-rentals shall be subject to the higher of the then-currently applicable Section 8 Standard or the Rent Stabilization Standard.

* * *

In #~~R6, R7 and R8~~ Inclusionary Housing designated areas#, at initial occupancy of any #lower income housing#, a portion of the #fair rents# may be for the payment of the principal or interest on debt, and such housing may secure debt, provided that, as of the date of the approval of the #lower income housing plan#, the Commissioner of Housing Preservation and Development finds that the total annual rent, when such interest and principal payments are deducted, is in compliance with the requirements of Section 23-95, paragraph (c), and provided that the lender agrees to enter into a written agreement which subordinates such debt to the provisions of the #lower income housing plan#.

Inclusionary Housing designated areas

"Inclusionary Housing designated areas" shall be those areas specified in Section 23-922 (Inclusionary Housing designated areas).

* * *

Lower income household

* * *

In #~~R6, R7 and R8~~ Inclusionary Housing designated areas#, #lower income households# shall also include all existing households in tenancy, provided such households occupy units that are within a #building# in which rents for all occupied units are regulated by City or State law, and the aggregate maximum permitted annual rent roll for such occupied units, divided by the number of occupied units, is less than 30 percent of the applicable income limit for a #lower income household# as provided in this Section. In determining the applicable income limit for such #lower income households#, the Commissioner of Housing Preservation and Development may make adjustments, consistent with U. S. Department of Housing and Urban Development regulations, for the number of persons residing in each unit.

Lower income housing

* * *

However, in #~~R6, R7 and R8~~ Inclusionary Housing designated areas#, #lower income housing# shall include #standard units# assisted under City, State or Federal programs.

* * *

~~R6, R7 and R8 designated areas~~

~~"R6, R7 and R8 designated areas" shall be those areas specified in Section 23-922 (Certain R6, R7 and R8 Districts).~~

* * *

23-941
In R10 Districts other than Inclusionary Housing designated areas

The #floor area ratio# of a #development# may be increased from 10.0 to a maximum of 12.0 at the rate set forth in this Section, if the developer of such #development# provides #lower income housing# pursuant to Section 23-95 (Lower Income Housing Requirements).

* * *

23-942
In ~~R6, R7 and R8 Districts~~ Inclusionary Housing designated areas

The provisions of this Section shall apply in the #Inclusionary Housing designated areas# set forth in Section 23-922, except within Waterfront Access Plan BK-1 and in R7-3 Districts within Community District 1, Borough of Brooklyn.

* * *

(a) Maximum #floor area ratio#

The #floor area# of a #development# or #enlargement# may not exceed the base #floor area ratio# set forth in the following table, except that such #floor area# may be increased by one and one-quarter square feet for each square foot of #floor area# provided for #lower income housing#, up to the maximum #floor area ratio# specified in the table. However, the amount of #lower income housing# required to receive such bonus #floor area# need not exceed 20 percent of the total #floor area#, exclusive of ground floor non-#residential floor area#, in the #building#. In addition, the following rules shall apply:

District	Base #floor area ratio#	Maximum #floor area ratio#
R6*	2.2	2.42

Article XI - Special Purpose Districts

Chapter 5
Special Downtown Jamaica District

115-00
GENERAL PURPOSES

The "Special Downtown Jamaica District" established in this Resolution is designed to promote and protect the public health, safety and general welfare of the Downtown Jamaica community. These general goals include, among others, the following specific purposes, to:

(a) strengthen the business core of Downtown Jamaica by improving the working and living environments;

(b) foster development in Downtown Jamaica and provide direction and incentives for further growth where appropriate;

(c) encourage the development of affordable housing;

(d) expand the retail, entertainment and commercial character of the area around the transit center and to enhance the area's role as a major transportation hub in the City;

(e) provide transitions between the downtown commercial core, the lower-scale residential communities and the transportation hub;

(f) improve the quality of new development in Downtown Jamaica by requiring the provision of specified public amenities in appropriate locations;

(g) encourage the design of new development that is in character with the area;

(h) enhance the pedestrian environment by relieving sidewalk congestion and providing pedestrian amenities; and

(i) promote the most desirable use of land and thus conserve and enhance the value of land and buildings, and thereby protect the City's tax revenues.

115-01
General Provisions

In harmony with the general purposes and content of this Resolution and the general purposes of the #Special Downtown Jamaica District#, the regulations of the #Special Downtown Jamaica District# shall apply to all #developments#, #enlargements#, alterations and changes of #use# within the #Special Downtown Jamaica District#, except as otherwise provided in this Chapter. The regulations of all other Chapters of this Resolution are applicable except as modified, supplemented or superseded by the provisions of this Chapter. In the event of a conflict between the provisions of this Chapter and other regulations of this Resolution, the provisions of this Chapter shall control.

Any special permit granted by the City Planning Commission before (the effective date of this amendment), may be started or continued, in accordance with the terms thereof, or as such terms may be subsequently modified, pursuant to the regulations in effect at the time such special permit was granted, subject to the provisions of Sections 11-42 (Lapse of Authorization or Special Permit Granted by the City Planning Commission Pursuant to the 1961 Zoning Resolution) and 11-43 (Renewal of Authorization or Special Permit).

115-02
District Plan and Maps

The regulations of this Chapter implement the #Special Downtown Jamaica District# Plan.

The District Plan includes the following maps in the Appendix to this Chapter:

Map 1	Special Downtown Jamaica District
Map 2	Ground Floor Use and Transparency and Curb Cut Restrictions
Map 3	Street Wall Location
Map 4	Street Wall Height
Map 5	Maximum Building Height
Map 6	Sidewalk Widening

The maps are hereby incorporated and made part of this Resolution for the purpose of specifying locations where the special regulations and requirements set forth in the text of this Chapter apply.

115-03
Applicability of Article I, Chapter 1

Within the #Special Downtown Jamaica District#, Section 11-15 (Environmental Requirements) shall apply, except that prior to issuing a building permit for any #development#, or for an #enlargement#, #extension# or a change of #use#, on a lot that has an (E) designation for hazardous material contamination, noise or air quality, the Department of Buildings shall be furnished with a report from the Department of Environmental Protection (DEP) of the City of New York stating:

(a) in the case of an (E) designation for hazardous material contamination, that environmental requirements related to the (E) designation have been met for that lot; or

(b) in the case of an (E) designation for noise or air quality, that the plans and drawings for such #development# or #enlargement# will result in compliance with the environmental requirements related to the (E) designation.

115-10
SPECIAL USE REGULATIONS

In the #Special Downtown Jamaica District#, the #use# regulations of the underlying district shall apply except as modified in this Section, inclusive. The #use# regulations of the underlying C4-5X, C6 and M1-4 Districts relating to #public parking garages# are modified in Section 115-11 (Public Parking Garages). The #use# regulations of the underlying C6-4 District relating to Use Group 11B, are modified in Section 115-12 (Use Group 11B in C6-4 Districts). Special ground floor #use# and transparency regulations shall apply in the C4-5X and C6 Districts pursuant to Sections 115-13 (Ground Floor Use, Frontage and Major Building Entrance Regulations in C4-5X and C6 Districts) and 115-14 (Transparency Requirement in C4-5X and C6 Districts). The #use# regulations of the underlying M1-4 District, including Use Groups 3, 4, 6, 10, 16, 17 and 18, are modified as specified in Section 115-15 (Modification of Use Regulations in M1-4 Districts).

115-11
Public Parking Garages

In the #Special Downtown Jamaica District#, the #use# regulations of the underlying C4-5X, C6-2, C6-3, C6-4 and M1-4 Districts shall be modified to permit #public parking garages# with a capacity of 150 spaces or less, as-of-right, subject to the provisions set forth for #accessory# off-street parking spaces in Sections 36-53 (Location of Access to the Street), 36-55 (Surfacing) and 36-56 (Screening). #Public parking garages# may be open or enclosed, provided that no portion of such #use# shall be located on a roof other than a roof which is immediately above a #cellar# or #basement#, except as provided by the special permit provisions of Section 74-52 (Parking Garages or Public Parking Lots in High Density Central Areas).

115-12
Use Group 11B in C6-4 Districts

In C6-4 Districts, the provisions of Section 32-20 (Use Group 11), paragraph B. (Wholesale or Similar Establishments), shall be modified to allow wholesale establishments with no limitation on #accessory# storage.

115-13
Ground Floor Use, Frontage and Major Building Entrance Regulations in C4-5X and C6 Districts

On designated #streets#, as shown on Map 2 (Ground Floor Use and Transparency and Curb Cut Restrictions) in the Appendix to this Chapter, the special ground floor #use#, frontage and major building entrance regulations of this Section shall apply to any #building or other structure# fronting on such #streets#.

#Uses# located on the ground floor level or within five feet of the level of the adjoining sidewalk, and within 30 feet of the #street line#, shall be limited to #community facility uses# without sleeping accommodations, as listed in Section 115-15 (Modification of Use Regulations in M1-4 Districts), and #uses# listed in Use Groups 5, 6A, 6B, 6C, 6D, 7A, 7B, 8A, 8B, 8D, 9, 10, 11, 12A, 12B and 12C. A building's #street# frontage shall be allocated exclusively to such #uses#, except for lobby space, entryways or entrances to subway stations.

In no event shall the length of #street# frontage occupied by lobby space, entrance space and/or a building entrance recess exceed, in total, 30 feet or 50 percent of the building's total #street# frontage, whichever is less.

Any #development# or any #enlarged# portion of a #building# located on a #zoning lot# with frontage on such designated #street# shall provide a major building entrance onto such #street#. However, #developments# or #enlargements# on #zoning lots# with frontage on more than one designated #street#, may provide a major building entrance on only one designated #street#.

115-14
Transparency Requirement in C4-5X and C6 Districts

For any #development#, or for the #enlarged# portion of a #building#, on designated #streets# as shown on Map 2 (Ground Floor Use and Transparency and Curb Cut Restrictions) in the Appendix to this Chapter, each ground floor #street wall# shall be glazed with transparent materials

which may include #show windows#, glazed transoms or glazed portions of doors. Such glazed area shall occupy at least 50 percent of the area of each such ground floor #street wall# measured to a height of 10 feet above the level of the adjoining sidewalk.

115-15
Modification of Use Regulations in M1-4 Districts

The #use# regulations of the underlying M1-4 District shall apply, except as modified as follows:

Use Groups 3A and 4A

The following #community facility uses# as listed in Sections 22-13 (Use Group 3) and 22-14 (Use Group 4) shall be permitted as-of-right, provided that such #uses# are without sleeping accommodations:

115-20
SPECIAL BULK REGULATIONS

115-21
Floor Area Ratio, Open Space and Lot Coverage

(a) Maximum #floor area ratio# for #buildings# containing non-#residential uses#

In C6-2 and C6-3 Districts, the underlying #floor area ratio# and #open space# provisions shall not apply. In lieu thereof, the maximum #floor area ratio# permitted for #commercial# and #community facility# #uses#, separately or in combination, shall not exceed 6.0 in C6-2 Districts and 8.0 in C6-3 Districts. No #floor area# bonuses shall be permitted.

In C6-4 Districts, the underlying #floor area ratio# provisions, including #floor area# bonus provisions, shall apply to #community facility uses#. For #commercial uses#, the maximum #floor area ratio# shall be 12.0, and no #floor area# bonuses shall apply.

In M1-4 Districts, the maximum #floor area ratio# permitted for #commercial#, #community facility# or #manufacturing uses#, separately or in combination, shall be 2.0.

(b) Maximum #floor area ratio# for #buildings# containing #residential uses#

The maximum #floor area ratio# for any #building# containing a #residential# #use# shall not exceed the #floor area ratio# set forth in Section 115-211 (Special Inclusionary Housing regulations) for the applicable district.

(c) #Lot coverage#

In C4 and C6 Districts, for #residential buildings# or the #residential# portion of a #mixed building#, the maximum #lot coverage# shall be 80 percent on a #corner lot# and 70 percent on an #interior# or #through lot#. However, no #lot coverage# provisions shall apply to any #zoning lot# comprising an entire #block# or to any #zoning lot# comprising a #corner lot# of 5,000 square feet or less.

115-21
Special Inclusionary Housing regulations

(a) Applicability

R7A, R7X, C4-4A, C4-5X,C6-2, C6-3 and C6-4 Districts within the #Special Downtown Jamaica District# shall be #Inclusionary Housing designated areas#, pursuant to Section 12-10 (Definitions), for the purpose of making the Inclusionary Housing Program regulations of Section 23-90 (Inclusionary Housing Program), inclusive, applicable as modified, within the Special District.

(b) Maximum #floor area ratio#

The maximum #floor area ratio# for any #building# containing #residences# shall not exceed the base #floor area ratio# set forth in the following table, except that such base #floor area ratio# may be increased to the maximum #floor area ratio# set forth in Section 23-942 through the provision of #lower income housing#, pursuant to the provisions relating to #Inclusionary Housing designated areas# in Section 23-90 (INCLUSIONARY HOUSING).

District	Base Far
R7A, C4-4A	3.45
R7X, C4-5X	3.75
R8, C6-2	5.4
9, C6-3	6.0
R10, C6-4	9.0

(c) Modification of location requirements

The requirements of paragraph (a) of Section 23-952 (Substantial rehabilitation and off-site new construction options) shall be modified as follows: In addition to the locations set forth in subparagraphs (1) and (2) of Section 23-952, #lower income housing# also may be located in any #Inclusionary Housing designated area# within the #Special Downtown Jamaica District#.

(d) Height and setback

The height and setback regulations of paragraph (b) of Section 23-942 shall not apply. In lieu thereof, the special height and setback regulations of Section 115-22, inclusive, of this Chapter shall apply.

115-22
Height and Setback Regulations

In M1-4 Districts, the underlying height and setback regulations shall apply except as modified in Section 115-221 (Permitted obstructions).

In C4 and C6 Districts, the underlying height and setback regulations are modified as set forth in Sections 115-221 through 115-225, inclusive.

For #zoning lots# subject to the sidewalk widening requirements of Section 115-31, the boundary of the sidewalk widening furthest from the #street line# shall be considered the #street line# for the purposes of applying all height and setback regulations.

All heights shall be measured from the #base plane#.

115-221
Permitted obstructions

The provisions of Section 33-42 (Permitted Obstructions) shall apply to all #buildings# within the #Special Downtown Jamaica District#, except the provisions of paragraph (c) of Section 33-42 shall not apply. In lieu thereof, the following regulations shall apply:

Elevator or stair bulkheads, roof water tanks, cooling towers or other mechanical equipment (including enclosures) may penetrate a maximum height limit or #sky exposure plane# provided that either:

(a) the product, in square feet, of the #aggregate width of street walls# of such obstructions facing each #street# frontage, times their average height, in feet, shall not exceed a figure equal to eight times the width, in feet, of the #street wall# of the #building# facing such frontage; or

(b) for #buildings# at least 120 feet in height, the #lot coverage# of all such obstructions does not exceed 20 percent of the #lot coverage# of the #building#, and the height of all such obstructions does not exceed 40 feet.

In addition, dormers may penetrate a maximum base height in accordance with the provisions of paragraph (c) of Section 23-621 (Permitted obstructions in certain districts).

115-222
Street wall location

C4 C6

In the districts indicated, #street walls# shall be provided in accordance with the provisions of this Section.

(a) For all locations, except as specified on Map 3 (Street Wall Location) in the Appendix to this Chapter, the #street wall# of a #building# shall be located on the #street line# and extend along at least 70 percent of the #street# frontage of the #zoning lot#. No #street wall# location rules shall apply to the remaining portion of the #street frontage# of the #zoning lot#; however, any #street walls# provided in such portion shall be located on the #street line# or recessed within an #outer court#. All required #street walls# shall rise without setback to at least the minimum base height specified in Section 115-223 (Street wall height), or the height of the #building#, whichever is less. For #zoning lots# bounded by more than one #street line#, these #street wall# location requirements shall apply on all such #street lines#.

(b) Map 3 specifies the #street# frontages where the regulations set forth in this paragraph, (b), apply.

(4) The #street wall# shall be located on the #street line# and extend along the entire #street# frontage as specified on Map 3, and shall rise without setback to at least the minimum base height specified in Section 115-223, or the height of the #building#, whichever is less. This requirement shall also apply along that portion of any #street line# that intersects such #street# frontage, specified on Map 3, within 50 feet of such intersection.

(5) To allow articulation of #street walls# at the intersection of two #street lines# with mandatory #street wall# requirements, up to 50 percent of the area bounded by the two #street lines# and lines parallel to and 20 feet from such #street lines# may be unoccupied by a #building#.

(6) Where corner articulation is specified on Map 3, the following regulations shall apply:

(i) Where base corner articulation is specified, the #building# shall occupy, at every level up to the level of the setback provided pursuant to Section 115-223 (Street wall height), not less than 50 percent and not more than 75 percent of the area bounded by the two #street lines# and lines parallel to and 20 feet from such #street lines#.

(ii) Where tower corner articulation is specified, no articulation is required where all portions of the #building# that exceed a height of 60 feet are located at least 10 feet from a #wide street line# and at least 15 feet from a #narrow street line#. Where a #building# rises without setback along those #street lines# where no setback is required, as specified on Map 4 (Street Wall Height), the #building# shall cover, at every level above the setback provided pursuant to Section 115-223, not less than 50 percent and not more than 75 percent of the area bounded by:

(a) the #street line# of the #street# where no setback is required;

(b) a line 10 feet from and parallel to a #wide street# with a setback requirement or 15 feet from and parallel to a #narrow street# with a setback requirement; and

(c) lines parallel to and 20 feet from such lines.

(4) No #street wall# location requirements shall apply to any open space fronting on Sutphin Boulevard between 94th and 95th Avenues #developed# pursuant to the Jamaica Gateway Urban Renewal Plan, as shown on Map 3.

(5) For building walls facing Archer Avenue on Blocks 9988 and 9994 the #street walls# required pursuant to this paragraph, (b), shall not be located along the Archer Avenue #street line#, but shall instead be located along the northern boundary of the Public Place mapped on each such block. Along such boundaries of each Public Place, no building entrances or windows are permitted up to a height of 30 feet within 100 feet of 146th Street on Block 9988 and within 100 feet of 147th Place on Block 9994. Such regulation is necessary to accommodate the development of a one #story building# which may be located within each Public Place.

(c) In all locations where #street walls# are required, recesses, not to exceed three feet in depth from the #street line#, shall be permitted on the ground floor where required to provide access to the #building#.

Above a height of 12 feet, up to 30 percent of the aggregate width of required #street walls# may be recessed beyond the #street line#, provided any such recesses deeper than 10 feet along a #wide street#, or 15 feet along a #narrow street#, are located within an #outer court#. Furthermore, no recesses shall be permitted within 30 feet of the intersection of two #street lines# except to articulate the #street walls# as set forth in this Section.

Existing #buildings# may be vertically #enlarged# by up to one #story# or 15 feet, without regard to the #street wall# location requirements of this Section.

115-223
Street wall height

C4 C6

Except in the locations indicated on Map 4 (Street Wall Height) in the Appendix to this Chapter, the minimum and maximum heights before setback of a #street wall# required pursuant to Section 115-232 (Street wall location) shall be as set forth in the following Table:

District	Minimum Street Wall Height	Maximum Street Wall Height
C4-4A	40 feet	65 feet
C4-5X	40 feet	85 feet
C6	40 feet	60 feet

Any portion of a #building# that exceeds the maximum height of a #street wall# shall be set back at least 10 feet from a #wide street line# and at least 15 feet from a #narrow street line#.

In the locations indicated on Map 4, required #street walls# shall rise without setback to the minimum height specified for that location on Map 4 or the height of the #building#, whichever is less. Any portion of a #building# that exceeds the maximum #street wall# height specified for that location shall be set back at least 10 feet from a #wide street line# and at least 15 feet from a #narrow street line#. However, in the locations indicated on Map 4 where no maximum #street wall# height or setback is required, #street walls# required pursuant to Section 115-222, shall rise without setback to a minimum height of 40 feet or the height of the #building#, whichever is less. Above a height of 40 feet, no setbacks are required for any portion of the building.

115-224
Maximum building height
C4 C6

In C4-4A Districts, no #building or other structure# shall exceed a height of 80 feet.

In C4-5X Districts, no #building or other structure# shall exceed a height of 125 feet.

In all C6 Districts, no #building or other structure# shall exceed a height of 250 feet. However, no maximum building height limitation shall apply on Block 9993, shown on Map 5 (Maximum Building Height) in the Appendix to this Chapter, if such #block# is developed pursuant to the Jamaica Gateway Urban Renewal Plan.

115-225
Transition area
R6 R7 R8 R9 R10

In the districts indicated, and in #Commercial Districts# where such #Residence District bulk# regulations are applicable, that portion of a #development# or #enlargement# located within 25 feet of an adjacent #zoning lot# in an R1,

R2, R3, R4 or R5 District shall not exceed a maximum building height of 35 feet. In addition, an open area not higher than #curb level# shall be provided within eight feet of such adjacent #zoning lot#. Such open area may be used for #accessory# parking.

115-30
MANDATORY IMPROVEMENTS

115-31
Sidewalk Widenings
The provisions of this Section shall apply to all #developments# fronting upon locations requiring sidewalk widenings as shown on Map 6 (Sidewalk Widenings) in the Appendix to this Chapter. A sidewalk widening is a continuous, paved open area along the #street line# of a #zoning lot# having a depth of five feet or 10 feet, as set forth on Map 6. Such depth shall be measured perpendicular to the #street line#. Sidewalk widenings shall be improved as sidewalks to Department of Transportation standards, at the same level as the adjoining public sidewalk and directly accessible to the public at all times. No #enlargement# shall be permitted to decrease the depth of such sidewalk to less than such minimum required total sidewalk depth.

All mandatory sidewalk widenings must provide lighting in accordance with the requirements of paragraph (n) of Section 37-04 (Requirements for Urban Plazas), except that the minimum level of illumination shall be not less than two horizontal foot candles throughout the entire mandatory sidewalk widening.

Sidewalk widenings of 10 feet or more must provide one linear foot of seating for every 150 square feet of mandatory sidewalk widening. In addition, the provisions of Section 62-672 (Seating) shall apply.

115-32
Street Tree Planting

All new #developments# or #enlargements# that increase the existing #floor area# by at least 20 percent shall provide and maintain trees of not less than three inch caliper at the time of planting in the sidewalk adjacent to the #zoning lot#. Such trees shall be provided for the entire length of the #street# frontage of the #zoning lot# at maximum intervals of 25 feet except where the Commissioner of Parks and Recreation determines that such tree planting would be infeasible.

Trees shall be planted with gratings flush to grade in at least 200 cubic feet of soil per tree, with a depth of soil of at least 3 feet, 6 inches. Species shall be selected, installed and maintained in accordance with the specifications established by the Department of Parks and Recreation.

115-33
Refuse Storage, Recreation Space and Planting Areas

All #residential buildings# shall provide refuse storage space, recreation space and planting areas in accordance with the provisions of Section 28-23 (Refuse Storage and Disposal) and Section 28-30 (RECREATION SPACE AND PLANTING AREAS), whether or not they are #developed# or #enlarged# pursuant to the Quality Housing Program.

115-40
RESIDENTIAL CONVERSIONS

In all #Commercial Districts#, the conversion to #dwelling units# of non-#residential buildings#, or portions thereof, erected prior to January 1, 1977, shall be permitted subject to Sections 15-11 (Bulk Regulations), 15-12 (Open Space Equivalent) and 15-30 (Minor Modifications), paragraph (b).

#Uses# in #buildings# erected prior to January 1, 1977, containing both #residential# and non-#residential uses# shall not be subject to the provisions of Section 32-42 (Location within Building).

115-50
SPECIAL OFF-STREET PARKING AND OFF-STREET LOADING REGULATIONS

115-51
Parking and Loading Regulations

Within the #Special Downtown Jamaica District#, the off-street parking and loading regulations shall be modified as follows:

(a) Commercial and Manufacturing development

In C4, C6 and M1 Districts, the off-street parking and loading regulations of a C4-4 District shall apply, except as modified in this Section:

(1) For any #use# that is not allowed in a C4 District, the underlying off-street parking requirements of the applicable C6-2, C6-3, C6-4 or M1-4 District shall apply.

(2) In C4, C6 and M1 Districts, the provisions of Sections 36-12 (Maximum Size of Accessory Group Parking Facilities) and 44-12 (Maximum Size of Accessory Group Parking Facilities) shall be modified to permit an #accessory group parking facility# to contain up to 300 off-street parking spaces. Pursuant to the provisions of Sections 36-13 (Modification of Maximum Size of Accessory Group Parking Facilities) and 46-13 (Modification of Maximum Size of Accessory Group Parking Facilities), the Commissioner of Buildings may permit such #group parking facility# to contain up to 150 additional spaces.

(3) In C4, C6 and M1 Districts, the provisions of Section 36-21 (General Provisions) pertaining to accessory off-street parking spaces for #commercial# or #community facility uses# shall be modified as follows: #uses# in Use Groups 6B (Offices), 10B (Wholesale Establishments) and 11B (Wholesale Establishments), with parking requirement category B1, shall be required to provide one parking space per 2,000 square feet of #floor area#.

(7) Modification of Waiver of Parking Requirements

(i) In C4, C6 and M1 Districts, the provisions of Sections 36-23 (Waiver of Requirements for Spaces Below Minimum Number) and 44-23 (Waiver of Requirements for Spaces Below Minimum Number) shall only apply to #zoning lots# existing both on (the date of adoption of this amendment) and on the date of application for a building permit.

(ii) In C4, C6 and M1 Districts, for any #commercial use# permitted in a C4 or C6 District, the waiver provisions for a C4-4 District set forth in Section 36-232 (In districts with very low parking requirements) shall not apply. In lieu thereof, the maximum number of #accessory# off-street parking spaces for which requirements are waived shall be 15 spaces, pursuant to the waiver provisions for a C4-2 District set forth in Section 36-231(In districts with high, medium, or low parking requirements).

(iii) The provisions of Sections 36-342 (Reduced requirements in other C1 or C2 Districts or in C4, C5 or C6 Districts) and 36-344 (Waiver of requirements in other C1 or C2 Districts or in C4, C5 or C6 Districts) shall not apply in the #Special Downtown Jamaica District#.

(b) Residential Development

(1) The provisions of Section 25-12 (Maximum Size of Accessory Group Parking Facilities) shall be modified to permit an #accessory group parking facility# to contain up to 300 off-street parking spaces. Pursuant to the provisions of Section 25-13 (Modification of Maximum Size of Accessory Group Parking Facilities), the Commissioner of Buildings may permit such #group parking facility# to contain up to 150 additional spaces.

(2) The required accessory off-street parking space regulations for #residential developments# or #enlargements# of the underlying districts in the #Special Downtown Jamaica District# shall be modified as follows: The regulations set forth for an R6A District in Section 25-20 shall apply. The regulations set forth for an R6 District in Sections 25-50 (RESTRICTIONS ON LOCATIONS OF ACCESSORY OFF-STREET PARKING SPACES) inclusive, and 25-60 (ADDITIONAL REGULATIONS FOR PERMITTED OR REQUIRED ACCESSORY OFF STREET PARKING SPACES), inclusive, shall apply except as modified in paragraphs (b) (3) and (b) (4) of this Section.

(3) In all #Residence Districts#, the provisions of Section 25-26 (Waiver of Requirements for Small Number of Spaces) are modified as follows:

(i) The provisions of Section 25-26 shall only apply to #zoning lots# existing both on (the date of adoption of this amendment) and on the date of application for a building permit.

(ii) For all new #residential developments# or #enlargements#, the maximum number of #accessory# off-street parking spaces for which requirements are waived shall be 5 spaces.

(4) The provisions of Section 25-52 (Off-Site Spaces for Residences) and 25-521 (Maximum distance from zoning lot) shall be modified to permit the location of permitted or required off-street parking spaces #accessory# to #residences# on a #zoning lot# other than the same #zoning lot# as the #residences# to which such spaces are #accessory#, provided that such #zoning lot# is no more than 1,500 feet from the nearest boundary of the #zoning lot# occupied by the #residences# to which they are #accessory#.

(5) The provisions of Section 36-42 (Off-Site Spaces for Residences) and 36-421 (Maximum distance from zoning lot) shall be modified to permit the location of permitted or required off-street parking spaces #accessory# to #residences# on a #zoning lot# other than the same #zoning lot# as the #residences# to which such spaces are #accessory#, provided that such #zoning lot# is no more than 1,500 feet from the nearest boundary of the #zoning lot# occupied by the #residences# to which they are #accessory#.

115-52
Location of Access to the Street

Map 2 (Ground Floor Use and Transparency and Curb Cut Restrictions) in the Appendix to this Chapter specifies locations where curb cuts shall be prohibited within the #Special Downtown Jamaica District#.

However, where permitted or required #accessory# off-street parking and loading requirements apply in a location where such curb cuts are prohibited, a curb cut may be allowed, provided that the City Planning Commission certifies to the Commissioner of Buildings that such #zoning lot# has access only to such prohibited location and that such curb cut shall be no greater than 20 feet in width.

An application to the City Planning Commission for certification respecting such curb cut shall be accompanied by a site plan drawn to a scale of at least one sixteenth inch to a foot, showing the size and location of the proposed curb cut.

The waiver provisions of Article III, Chapter 6 (Accessory Off-Street Parking and Loading Regulations) shall not apply to the special location of access requirements of this Section.

115-60
SPECIAL PERMIT TO MODIFY USE OR BULK REGULATIONS

For any #development#, #enlargement#, alteration or change of #use# on a #zoning lot# within the #Special Downtown Jamaica District#, the City Planning Commission may permit modification of the #use# or #bulk# regulations, except #floor area ratio# provisions, provided the Commission shall find that such:

(a) modification will aid in achieving the general purposes and intent of the Special District;

(b) #use# modification will encourage a lively pedestrian environment along the #street# or mandatory sidewalk widening, or is necessary for, and the only practicable way to achieve the programmatic requirements of the #development#;

(c) #bulk# modifications will enhance the distribution of #bulk# on the #zoning lot#;

(d) #bulk# modifications will permit adequate access of light and air to surrounding #streets# and properties; and

(e) #development# or #enlargement# will relate harmoniously to the character of the surrounding area.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area.

RICHMOND COUNTY
IA PART 74
NOTICE OF PETITION
INDEX NUMBER (CY) 4018/07

In the Matter of the Application of the CITY OF NEW YORK relative to acquiring title in fee simple absolute in certain real property, where not heretofore acquired, for

NEW CREEK BLUEBELT, PHASE 4

within an area generally bounded by Hylan Boulevard on the West, Slater Boulevard on the North, Olympia Boulevard on the East, and Hunter Avenue on the South, in the Borough of Staten Island, City and State of New York.

PLEASE TAKE NOTICE that the Corporation Counsel of the City of New York intends to make application to the Supreme Court of the State of New York, Richmond County, IA Part 74, for certain relief.

The application will be made at the following time and place: At IA Part 74 of the Supreme Court, 320 Jay Street, Room 17.21, in the Borough of Brooklyn, City and State of New York, on June 1, 2007, at 9:30 A.M., or as soon thereafter as counsel can be heard.

The application is for an order:

1. authorizing the City to file an acquisition map in the Office of the Clerk of Richmond County;
2. directing that upon the filing of said map, title to the property sought to be acquired shall vest in the City;
3. providing that just compensation therefor be ascertained and determined by the Supreme Court without a jury; and
4. providing that notices of claim must be served and filed within one calendar year from the vesting date.

The City of New York, in this proceeding, intends to acquire title in fee simple absolute to certain real property where not heretofore acquired for the same purpose, for the New Creek Bluebelt, Phase 4 in the Borough of Staten Island, City and State of New York.

The description of the real property to be acquired is as follows:

Human / Client Service

CORRECTION: PROVISION OF NON-SECURE DETENTION CENTERS – Negotiated Acquisition – Judgment required in evaluating proposals - PIN# 13007DJJ001 – DUE 11-14-08 AT 3:00 P.M. – CORRECTION: The NYC Department of Juvenile Justice (DJJ) is seeking one or more appropriately qualified vendors to provide non-secure detention services for youth. Services shall include, but not be limited to, custody, basic youth care, food, clothing, shelter, education, health care, recreation, court related services, social work and case management services, social skills instruction, group sessions and monitoring and supervision of these services. In addition, the contract will require that a defibrillator shall be located in each program facility and that all staff requiring CPR training shall be certified in use of said defibrillator.

Each program facility will provide at least 10 and no more than 12 beds in accordance with the applicable regulations promulgated by the New York State Office of Children and Family Services (NYS OCFS), 9 N.Y.C.R.R. Section 180 et seq. The Department is seeking to provide services at facilities that will be operational at any time from January 1, 2007 to December 31, 2010. A vendor may submit an offer for more than one Facility Option. Current Agency vendors operating non-secure group homes that have contracts expiring in calendar year 2006 are urged to respond to this solicitation.

All program facilities shall be appropriately equipped to provide services for male or female youth as required by the Department, and be located in one of the five boroughs. The term of the contracts awarded from this solicitation will be for three years and will include an additional three-year option to renew. The anticipated maximum average annual funding available for each contract will be $1,067,000, excluding start-up costs. Proposed start-up costs will be considered in addition to the proposed annual line item budget. Greater consideration will be given to applicants offering more competitive prices.

If your organization is interested in being considered for award of the subject contract, please hand deliver a written expression of interest addressed to my attention at 365 Broadway, 5th Floor, New York, NY 10013. The expression of interest should specifically address the following:

1. Indicate each program facility for which the vendor is submitting.

2. Describe each proposed facility, its location, and proposed date of operation.

3. Attach appropriate documentation demonstrating the current use of each proposed facility and the vendor's site control of the facility for a period of at least 3 years.

4. For each proposed facility,
a) Indicate the number of beds to be provided and demonstrate that the facility has the capacity to provide the indicated number of beds.
b) Demonstrate that the facility will be appropriately equipped to provide services for male or female youth.

5. Demonstrate the vendor's organizational capability to:
a) Provide the indicated number of beds at each proposed facility. (If the vendor is a current provider, also demonstrate the capability to provide the indicated number of beds in addition to those already provided.)
b) Ensure that each proposed facility will be fully operational by required date in accordance with the applicable regulations promulgated by the New York State Office of Children and Family Services (NYS OCFS), 9 N.Y.C.R.R. Section 180 et seq.

6. Demonstrate the quantity and quality of the vendor's successful relevant experience.
7. Attach for each proposed facility three-year annual line item operating budget. Include staffing details. Proposed start up costs should be included in addition to the proposed three-year annual line item operating budget.

All expressions of interest received in the manner set forth will be reviewed to determine if they are responsive to the material requirements of this solicitation. Expressions of interest determined to be non-responsive will not be further considered. Expressions of interest determined to be responsive will be considered in terms of the following factors:

- Appropriateness of each proposed facility.
- Demonstrated site control of each proposed facility.
- Demonstrated level of organizational capability to provide the proposed number of beds and to ensure that each proposed facility if fully operational by the applicable requisite date.
- Demonstrated quantity and quality of successful relevant experience.
- Annual budget amount and cost effectiveness of the budget.

The Department will enter into negotiations with the vendor(s) determined to be the best qualified at the time of evaluation, based on consideration of the above-cited factors. A contract will be awarded to the responsible vendor(s) whose offer(s) is/are determined to be the most advantageous to the City, taking into consideration the price and the other factors set forth in this solicitation. In the case that a vendor is eligible for award of more than one program facility, the Department reserves the right, based upon the vendor's demonstrated organizational capability and the best interest of the City, respectively, to determine how many and for which program facility(ies) the vendor will be awarded a contract.

■ NOTICE

Notice of Opportunity to Comment on Proposed Amendments to Chapter 20 of Title 15 of the Rules of the City of New York Governing and Restricting the Use and Supply of Water

NOTICE IS HEREBY GIVEN PURSUANT TO THE AUTHORITY VESTED IN The Department of Environmental Protection by sections 24-308, 24-309, 24-310, 24-332, 24-334, 24-337, 24-342, and 24-346 of the Administrative Code of the City of New York that the Department of Environmental Protection is proposing to amend the rules governing and restricting the use and supply of water.

PLEASE BE ADVISED THAT WRITTEN COMMENTS regarding the proposed amendments may be sent on or before Monday June 11th to the New York City Department of Environmental Protection, Bureau of Legal Affairs, 59-17 Junction Boulevard, 19th floor, Flushing, New York 11373 Attention: Andrew Rettig, Esq.

PLEASE BE FURTHER ADVISED THAT ORAL COMMENTS regarding the proposed amendments may be delivered at a public hearing to be held on Monday June 11th at 10:00 A.M. at the 1st Floor Conference Room, 96-05 Horace Harding Expressway. Please note that the hearing originally scheduled to take place on Wednesday May 16th has been canceled. If you have any questions about the location of the hearing, please contact Belinda Pantina at (718) 595-6552.

Persons who request that a sign language interpreter or other form of reasonable accommodation for a disability be provided at the hearing are asked to notify Belinda Pantina at the phone number above by two weeks prior to the hearing.

PLEASE BE FURTHER ADVISED THAT COPIES OF ALL WRITTEN COMMENTS and a summary of the oral comments delivered at the public hearing will be available for inspection within a reasonable time after receipt between the hours of 9:00 a.m. and 5:00 P.M. at the Department of Environmental Protection, Office of Legal Affairs, 59-17 Junction Boulevard, 19th floor, Flushing New York 11373.

The proposed Rule was listed in the Department's [FY '06] Regulatory Agenda.

Please note that new text is underlined and deleted material is [bracketed].

Statement of Basis and Purpose

The New York City Department of Environmental Protection (DEP) promulgated "Use and Supply of Water" (15 RCNY 20-01 *et seq.*) incorporating standards and requirements for performing connections to the water supply system, installing meters, service lines and backflow prevention devices, establishing water use restrictions and procedures for obtaining permits.

The amendments to Sections 20-01, 20-02, 20-03, 20-04, 20-05, 20-08, 20-09 and 20-10 reflect technical changes that have occurred since the last amendments in 2000 and improve language about protection of the condition of the water service.
The Department has set forth detailed procedures for enforcing permit requirements that a plumber or contractor shall utilize prior to the connection to a hydrant, the disconnection of a meter for repair or changing of piping and the setting of a meter.

The proposed amendment to Section 20-01 would set forth detailed procedures for enforcing permit requirements and would improve enforcement by allowing DEP not to issue permits to licensed plumbers who have repeatedly violated the Rules.

Revisions to Section 20-03 would include a change in the copper piping spec for the above-ground portion of the service line, set limits on the lead content of metal used for service lines and associated fittings and improve language about the property owner's obligation to protect the condition of the water service pipe.

Changes to Section 20-05 language include provisions governing meter permits, notification and rules related to the move to Automatic Meter Reading, language about meter technologies that do not require minimum straight pipe lengths before and after the meter and more detailed metering requirements for types of water services that serve both domestic and fire protection purposes.

Section 20-08 amends language about the water use restrictions relating to drinking fountains, recreational sprinklers, sidewalk flushing and car washing.

Section 20-10 increases the number of terms defined to better explain the concepts contained in this Rule.

The Rules are authorized by section 1043 of the Charter of the City of New York and sections 24-308, 24-309, 24-310, 24-332, 24-334, 24-337, 24-342 and 24-346 of the Administrative Code of the City of New York.

* * *

Chapter 20 of Title 15 of the Rules of the City of New York is hereby amended to read as follows:

Section one. Subdivisions (a), (b), and (c) of Section 20-01 of Title 15 of the Rules of the City of New York are amended, and a new subdivision (g) is added, to read as follows:

§20-01 Permits. (a) *General information.* Subject to the provisions of this chapter, permits will be issued for the following purposes upon receipt of proper applications and permit fee:

Hydrant, Use of Meter Disconnect for Repair or Change of Piping ("Break Seal")
Meter Setting, New, Replacement or Additional

(b) *Issuance.* Permit applications shall be submitted, and permits shall be obtained before commencement of any work requiring a permit. Where permits involving plumbing work are required, such permits will be issued only to Licensed Master Plumbers, and to plumbers in the employ of municipal, state or federal agencies and authorities. Permits to set, reset, repair, or disconnect a water meter on service pipes with a diameter of less than one and one-half (1½) inches may be issued to persons who may lawfully perform such work under §20-05(c) of these Rules. Meter repair permits may also be issued to meter repair companies for repair on the premises of water meters.

(1) Any work performed without a permit as required by these Rules shall be a violation.

(2) Permits for all emergency work must be obtained within forty-eight (48) hours or by the end of the second business day following commencement of the work.

(3) Upon the expiration date of a plumber's license, if such license is not renewed within 60 days after such expiration date, all permits issued under that license shall also expire.

(c) *Regulation of permit work.* [If a Licensed Master Plumber or meter repair company commits three (3) or more violations of these Rules during a three (3) month period, the Commissioner, after providing the Licensed Master Plumber or meter repair company with an opportunity to be heard, may refuse to issue additional permits to such Licensed Master Plumber or meter repair company in accordance with §24-309 of the Administrative Code.]

If a Licensed Master Plumber or meter repair company fails to comply with three (3) or more provisions, standards or requirements of these Rules, or the terms and conditions of any permit already issued under these Rules, during a three (3) month period, the Commissioner or his/her designee, in accordance with §24-309 of the Administrative Code, may make a determination not to issue additional permits from applications submitted from such Licensed Master Plumber or meter repair company until such time as all the violations or non-compliances are corrected.

(1) In the event the Commissioner or his/her designee makes such a determination, the BCS Deputy Commissioner shall mail the determination to the address set forth in DOB's records.

(2) The Licensed Master Plumber or meter repair company, as applicable, may appeal the Commissioner's determination by filing a notarized petition within 60 days from the date of the Commissioner's determination with the Commissioner, 59-17 Junction Boulevard, 19th Floor, Flushing, New York 11373-5108. The appeal shall state the name and address of the petitioner, include a short and plain statement of the matters to be adjudicated, address each of the violations mentioned in the Commissioner's determination, with a statement of the reason or reasons why the petitioner believes the determination was incorrect, including supporting documentation, and include the Commissioner's determination. During the review of the appeal, the Commissioner shall continue to issue permits to the Licensed Master Plumber or meter repair company.

(3) Upon review of the appeal, the Commissioner may, in his/her discretion, grant or deny the petition. Appeals shall be processed within 30 calendar days of receipt of such appeal. If the Department shall fail to process an appeal within 30 calendar days the appeal shall be granted, provided that the petitioner has responded to all requests for information submitted by the Department.

(4) The filing of an appeal shall not relieve the petitioner from complying with any requirements of the Rules, and shall not immunize any person or entity from any civil or criminal prosecution authorized under the Rules.

(g) *Return of permit after completion of work.* Within five (5) business days following the completion of any work for which a meter permit has been issued, the permit, carrying a certification of the date of completion of the work, shall be returned to the Department. A permit shall expire after 270 days for new construction work and after 30 days for meter replacements or first-time meter installations in existing buildings. If the work is to be performed after that time, the applicant must apply for a permit extension before the original permit expires. If a completed meter permit is not returned upon completion of the work, the official meter set date shall be 30 days after issuance of the permit for meter replacements or first-time meter installations in existing buildings or 270 days after issuance of the permit for new construction work.

§2. Subdivisions (d) and (q) of Section 20-02 of Title 15 of the Rules of the City of New York are amended to read as follows:

§20-02 Taps To City Water Mains.

(d) *Location of corporation stops (taps) and wet connections.* Water main corporation stops (taps) and wet connections shall be installed in front of the property to be supplied with water. All old taps or wet connections shall be plugged or destroyed prior to the installation of the new tap or wet connection.

(q) *Shut-off of tap by licensed master plumber.* A Licensed Master Plumber must secure a permit to open or shut a tap controlling a service pipe connected to a City water main for any repair, replacement or installation. If it is necessary to shut off the water main while repairing, replacing or installing a service pipe, the Licensed Master Plumber shall immediately notify the Department. The shut off shall be made only by the Department, and the permittee must pay all costs associated with shutting off the main. If a property is vacant and sealed longer than one year, the property owner must have the tap destroyed or plugged and the service line plugged. If the property owner fails to take this action, the Department may perform the work upon written notice to the mailing address on file with the Department and assess the cost to the property owner.

§3. Subdivisions (f), (j), (k), (n) and (t) of Section 20-03 of Title 15 of the Rules of the City of New York are amended, and subdivisions (s), (t), (u) and (v) are relettered, and new subdivisions (v), (w), (x) and (y) are added, to read as follows:

§20-03 Water Service Pipes.

(f) *Materials for service pipes and fittings.*

(1) New service pipes two (2) inches in diameter or less shall be brass pipe or copper tubing.

(2) Service pipes larger than two (2) inches in diameter shall either be brass or ductile iron, except that the above-ground portion of the service pipe, up to four (4) inches in diameter, may be Type K or Type L copper.

(5) All service pipes shall conform to the most recent revision of the following standards, except that all service pipes, corporation stops, tail pieces, nuts and other fittings shall have a lead content that shall not exceed 0.250%:

(ii) Department of Citywide Administrative Services, Division of Municipal Supply Services 32-T-1 Standard for Copper Tubing, except that above-ground, indoor service pipe four (4) inches or smaller, including the meter setting and piping for any backflow prevention device, shall be Type K or Type L copper.

(j) *House control valves.* House control valves, which shall be made of material similar to the corresponding service pipes, shall be gate type with the exception of those between the sizes of three-quarter (¾) inch and two (2) inches, which may be full port ball valves. The lead content of such valves shall not exceed 0.250%. The house control valve shall be placed in the service pipe inside the building within two (2) feet of the building wall, and shall be located where it is accessible at all times. All valves shall be designed for a 150 psi minimum working pressure. For fire, sprinkler, and standpipe service pipes, and for any service pipe which supplies sprinkler heads, the house control valve shall be an OS&Y Valve or an indicating valve approved by the Department of Buildings. Notwithstanding the preceding sentence, for fire or combined service pipes two (2) inches or smaller, the house control valve may be an OS&Y valve or a UL/FM-approved full-port ball valve approved by the Department of Buildings.

(k) *Curb valves.*

(2) Curb valves shall be required on all new or replacement domestic water service pipes [larger than two (2) inch in size] and on any water service pipe that provides [for] fire protection. All curb valves shall be set in the service pipe in the sidewalk area, and shall be located eighteen (18) inches from the curb or other such locations as may be approved by the Department.

(4) The property owner shall protect the curb valve/box from any damage and shall promptly report in writing to the Department any circumstances that may adversely affect the operation of the curb valve.

(n) *Service pipe depth.* All service pipes shall be installed at a depth of at least three and one-half (3 ½) feet, no more than six (6) feet below ground, unless a written waiver is obtained from the Department. Where a service pipe is installed with less than three and one-half (3 ½) feet of cover, it must be insulated and protected in accordance with [Department] the requirements described in §20-03(y). A service pipe shall not be laid within twelve (12) inches of any other sub-surface structure, conduit or pipe. A service pipe shall not be laid directly below, and parallel with, any sub-surface structure, conduit or pipe.

[(s)] (r)

[(t)] (s) *Service pipe repairs.* A new service pipe must be installed where more than one-half (½) of an existing service pipe is in need of a repair or when any repairs are required and the existing service pipe is lead, galvanized steel or galvanized iron. All repairs must conform with the standards described in §20-03 of these Rules.

[(u)] (t)

[(v)] (u)

(v) *Protection of service pipe and house control valve.* The property owner is responsible for preventing physical deterioration of the service, curb valve, house control valve or distribution pipe which may damage a meter or prevent its maintenance or replacement. The owner shall be responsible for repairing or replacing equipment, service or distribution piping to allow maintenance, proper operation or replacement of the meter. The property owner, and not the Department, is responsible for the maintenance of the service and distribution pipe and its associated fittings and equipment. The meter setting is the responsibility of the Department.

(w) *Replacement of old service pipes upon establishment of new water service.*
If a tap or wet connection has been destroyed or shut off due to vacancy of a building, the service pipe must be replaced as part of any new tap or wet connection unless the existing service pipe is less than 40 years old, has a functioning curb valve and is neither lead, galvanized steel or galvanized iron.

(x) *Installation of a meter on unmetered properties whenever a domestic service pipe is replaced, repaired or relaid.* Whenever a domestic or combined service pipe for an unmetered property is installed, replaced, repaired or relaid, a water meter shall be installed to cover the entire premises in accordance with §20-05 of these Rules. When the work is not performed under emergency conditions, DEP will indicate on the permit that the property is unmetered. When the service pipe relay, repair or replacement occurs on an emergency basis, the Licensed Master Plumber may install a set of meter inlet and outlet valves and a spool piece of a length similar to the displacement meter for that size service if the Licensed Master Plumber does not have a meter available for installation at the time of the emergency visit. If the property owner will not allow the installation of a water meter as part of the service replacement, installation, repair or relay, the Licensed Master Plumber must return the meter permit completed but include a statement that the owner would not allow the installation of a meter.

(y) *Insulation.* Insulation, where required by §20-03(n), shall be cellular glass insulation manufactured in accordance with ATSM C552 "Standard Specification for Cellular Glass Thermal Insulation", where a quality system for manufacturing, inspecting and testing insulation is certified in accordance with the requirements of ISO 9002. The insulation shall be fabricated in half sections wherever possible. For large diameter piping where half sections are not practical, curved sidewall segments are preferred. Wherever possible, the insulation should be factory jacketed with a 70 mil thick self-sealing high polymer asphaltic membrane with an integral glass scrim and aluminized mylar film on the surface. Mastic finish shall be pitcote 300 or an asphalt cutback mastic. Reinforcing fabric shall be an open mesh polymer fabric with 6 x 5.5 mesh per inch configuration. Sealant shall be a nonsetting butyl sealant with a minimum 85% solids content. The Department shall maintain a list of approved insulation materials. Alternate materials may be submitted for approval by the Department.

§4. Subdivisions (c), (e) and (h) of Section 20-04 of Title 15 of the Rules of the City of New York are amended to read as follows:

§20-04 Backflow Prevention Devices, Water Hammer Arresters, Pumps And Separation Valves.

(c) *Cross connection control reviews.* A Cross Connection Control Review shall be required prior to approval of a permit application for installation of a corporation stop (tap) or wet connection that will be used to supply water to a property that poses a backflow hazard. A Cross Connection Control Review shall also be required prior to installation of a [two (2) inch corporation stop (tap) or] wet connection. Approval of Cross Connection submissions shall not constitute approval of the meter setting or other aspects of the water service design.

(e) *Backflow prevention device testing requirements.*

(1) Each RPZ or Double Check Valve must be tested upon installation, and at least once annually, thereafter, [by a backflow preventer tester who is certified by the New York State Department of Health] including as otherwise required by the Building or Health Codes. Each RPZ or Double Check Valve shall be either reset or tested at any time water service is interrupted and then restored, including during the replacement or repair of the water meter, if the device needs to be reset. Testing shall be performed by a backflow preventer tester who is certified by the New York State Department of Health and employed by a Licensed Master Plumber. A test report certifying that the backflow prevention device is operating properly must be submitted to the Department.

(h) *Suction tanks.*

(1) [Connections] Domestic water connections to premises with a pumped supply which exceeds 400 gpm (total) must be equipped with either a suction or a surge tank, as required by the Department of Buildings.

§5. Subdivisions (a), (b), (d), (e), (f), (g), (i), (j), (l), (m), (n), (p),

(q), and (r) of Section 20-05 of Title 15 of the Rules of the City of New York are amended to read as follows:
§20-05 Meters.

(a) *Placement.*

(1) An approved water meter shall be installed wherever City water is supplied and for all wells or other water sources that discharge into the City sewer system. The Department may require installation of additional meters as a condition for certain New York City Water Board rate or billing programs.

(2) Each building shall have one (1) meter on each service pipe supplying the building set at the point of entry. [After acceptance by the Department such meters will be owned, maintained, repaired and read by the Department.]
However, the Department may issue a variance or approval allowing two (2) or more separate meters to serve residential and non-residential (or rate-eligible and ineligible) occupancies on the same lot to comply with a rate or billing program established by the New York City Water Board.

(4) All water used in the construction of buildings less than six (6) stories in height shall either be metered or be supplied by a hydrant permitted in accordance with §20-08. If water used during construction is metered, the meter shall be placed as described in §20-05(a)(3). Permit applications for temporary water service during construction shall include the name and contact information for the Licensed Master Plumber or construction management company.

(5) Metering of fire service pipes and combined service pipes.

(i) Fire service pipes in premises supplied with City water shall be metered with an approved detector assembly or an approved fire service meter. Fire service pipes of two-and-one-half (2½) inches shall be provided with equipment applicable to a three (3) inch service pipe.

(ii) [Combined fire/domestic service pipes] Combined services or domestic services with sprinkler heads [one and one-half] two ([1½]2) inches or smaller shall use a single meter approved by the Department on the [combined] service pipe. Positive displacement meters shall not be used for such applications. [Combined fire/domestic service pipes larger than one-and-one-half (1½)]Domestic services with sprinkler heads larger than two (2) inches may use one meter specifically approved by the Department for this purpose on the [combined] service pipe, or a standard displacement or other meter approved by the Department on the domestic branch and a detector check valve assembly on the fire branch. Combined services with sprinkler heads larger than two (2) inches may use one fire service meter approved by the Department on the combined service pipe, or a standard displacement or other meter approved by the Department on the domestic branch and a detector check valve assembly on the fire branch. Service pipes of two-and-one-half (2½) inches shall be provided with equipment applicable to a three (3) inch service pipe.

(iv) Inlet and outlet valves are not required for fire service meters or detector assemblies on combined service pipes, except for the building shut-off valve. A test tee must be provided for meter testing purposes on fire service meters. A test port shall not be placed on the bypass meter on a Detector Check Valve Assembly.

(b) Meter permits, inspection and approval of meter work.

(2) Within [seventy-two (72) hours] five (5) business days following the completion of any work for which a meter permit has been issued, the permit, carrying a certification of the date of completion of the work, shall be returned to the Department. A permit shall expire after 270 days for new construction work and after 30 days for meter replacements or first-time meter installations in existing buildings. If the work is to be performed after that time, the Licensed Master Plumber must apply for a permit extension before the original permit expires.

(3) After acceptance by the Department of the meter work, indicated by installation of a seal, or after one year from the return of a completed permit with access to the property available for the Department to inspect the work, whichever comes first, such meters will be owned, maintained, repaired and read by the Department. If access is not available, any warning or violation shall be issued to the property owner.

(d) *Approved water meters.* Meters shall meet the following requirements:

(3) The serial number of the meter shall be imprinted on the case or register head and all meter serial numbers shall be unique for the manufacturer.

(6) For displacement type water meters, the following shall also be required:

(i) All [three-quarter (¾) inch and] five-eighth (?) inch through one (1) inch meters shall be of frost protection design with cast-iron bottom plates. Cast-iron bottom plates shall be made corrosion resistant by suitable coating and/or internal lining as approved by the Department.

(7) All meters shall have a main case composed of an alloy that shall have a lead content that shall not exceed 0.250%.

(e) *Turbine and compound meters.*

(2) An approved meter strainer shall be installed on all new or replacement compound and turbine meter installations, unless the meter is manufactured complete with an internal strainer.

(f) *Used or repaired meters.*

[(1)] No used or repaired meter shall be installed to cover a service pipe at [a new] the same or a different location unless it has been repaired, tested for accuracy, found to conform to AWWA new meter accuracy standards and has been approved by the Department.

[(2) All used meters shall be repaired, conform to AWWA accuracy standards, and be approved under permit before being set at a new location.]

(g) *Sizing.*

(2) A meter shall not be larger than the service pipe supplying the meter, the piping in the meter setting, or the water distribution piping in the building, unless specifically approved in writing by the Department or as noted in §20-05(a)(5) for two-and-one-half (2½) inch fire services or combined services. If two meters both cover the calculated peak flow rate, the smaller of the two meters shall be used unless approved in writing by the Department. Unless a fixture count and flow analysis, as described in §20-05(g)(1), has been approved by the Department, a one- or two-family home with gravity-flush water closets shall not have a meter on a domestic service without fire sprinklers larger than three-quarters (¾) inch and three-, four-, five- and six-family homes shall not have a meter on a domestic service larger than one (1) inch.

Exceptions to these requirements, and the use of Appendix Table #8 for meter sizing, will be considered by the Department only when a building's plumbing system uses only street water pressure and documented incoming water pressure is less than 35 psi for buildings four (4) through six (6) stories high, or less than 30 psi for buildings less than four (4) stories in height.

(3) The minimum size meter for new installations and replacements shall be [three quarter (¾)inch, except that existing five eighths (5/8) inch cold water meters may be repaired and reset at their present locations] five-eighths (5/8) inch.

(i) *Settings.* Notwithstanding any other provisions to the contrary, all meters shall be set or reset according to the following requirements:

(1) Meters shall be set as near as possible to the point of entry of the service pipe through the building or vault wall and shall be placed so that they may be easily inspected, maintained and replaced. Evaporative cooling tower meters or other meters used to calculate a wastewater allowance when located downstream of a billing meter, shall be placed as close to the end use as practical. A property owner shall not erect or maintain any physical barrier that prevents access to, or repair or replacement of, the water meter.

(ii) Turbine and compound meters shall be set with straight sections of pipe as provided in Appendix Figures #7, #7A, #9, #9A, #10 and #10A. If pipe lengths cannot conform to those indicated in Appendix Figures #7, #7A, #9, #9A, #10 and #10A, [the meter shall be calibrated in place] a meter technology shall be used which does not require minimum straight pipe lengths. The Department shall identify such meter technologies in its list of approved meters. An approved meter strainer is required unless one is included in the meter design or in the case of single-jet or electromagnetic meters, is not required by the meter manufacturer.

(4) Meter settings shall have an inlet valve and outlet valve immediately upstream/downstream of the meter which shall be of a type approved by the Department.

(i) Except for meters two (2) inches or smaller where space constraints prevent any approved meter technology from being installed with an inlet valve, or as noted in §20-05(a)(5), a house control valve shall not be used in lieu of a meter inlet valve.

(ii) A[n] meter outlet valve is not required for fire meters on a dedicated fire service or the fire service branch of a combined service, for a Detector Check Valve Assembly or if the property has approved backflow prevention equipment which includes an outlet valve.

(iii) Where a meter is placed in [an existing] a pit alongside a sewer trap, the meter test tee shall be located outside of the pit in an accessible location.

(5) Connections shall be made by coupling, union, flange union or approved compression fittings and bored for sealing with holes not less than three thirty-seconds (3/32) of an inch in diameter. Compression fittings are permitted for three quarter (¾) inch through two (2) inch meters only. Unions, couplings or compression fittings that permit removal of the meter and/or setter without breaking the seal wire are prohibited. All water meter settings of two (2) inches and smaller sizes shall utilize valves and fittings constructed of bronze [conforming to ASTM B-62(85-5-5-5)] with a lead content that shall not exceed 0.250%, or copper alloys of commercially pure copper and bronze mill products. Bolts, studs, nuts, screws and other external fastening devices shall be made of a bronze alloy or stainless steel conforming to AWWA standards, and shall be designed for easy removal following lengthy service. Above-ground, indoor service pipe, including the meter setting and any backflow prevention device shall be Type K or Type L copper, if copper is acceptable for such size service pipe.

(6) Meter setters & resetters.

Meter setters and resetters [three quarter inch (¾)] five-eighths inch (?) through two inch (2) shall conform to the following:

(i) Seamless copper tubing having a type "K" wall thickness in accordance with ASTM B-88 specifications shall be used for all prefabricated water meter setters. All bronze parts shall be an alloy with a lead content that shall not exceed 0.250%.

(8) Valves.

All new displacement type water meter settings shall utilize full port ball valves or angle key valves for the inlet and outlet control of the meter. These valves shall be furnished with handles for the manual operation of the valves without the need of a wrench. Turbine and compound meters shall be installed with full port ball valves (through two (2) inch only) or gate type valves.

(11) Any connection to a test tee assembly or to any point ahead of a meter used for billing purposes is strictly forbidden.

(12) Electrical continuity.
All settings shall be designed to ensure positive electrical continuity with, or without, the meter being set, via bronze grounding clamps with stainless steel screws and electrical bonding cables (#6 THHN-THWN) which can be confirmed visually, unless a pre-fabricated setter designed for electrical continuity is used or the water service is known not to be used as an electrical ground.

(j) By-Pass.

(1) [By-passes] Unmetered by-passes around meters are prohibited except those approved in writing by the Department, such as:

(i) Tunnels where hazardous conditions may exist.

(ii) Selected properties having only one (1) source of supply where any shut-down would endanger public health and safety.

(2) If a by-pass is permitted by the Department, the installation shall conform to Appendix Figure #10 or #10A. The by-pass shall be configured so that the top case and interior meter can be removed for repairs or replacement.

(3) Properties that wish to avoid lengthy shutdowns related to replacement of large meters may install paired meters that can supply the building through one or the other meter on a service pipe.

(l) Metering condominium and homeowners' association developments.

(1) An individual water meter to be read by the Department shall be installed for each separately-owned dwelling unit in all new condominium and homeowners'

associations structures of three (3) stories or less when each such unit is supplied with hot water and space heat by its own separate domestic hot water heater and space heating system and not by a common water heater or space heater. Such meters' remote receptacles or AMR transmitters shall be located in a common location in each structure with each meter clearly labeled as to the unit it supplies.

(2) Condominiums and homeowner's associations that cannot be individually metered as described in §20-05(l)(1) shall have a meter at the point of entry of the water service for the building or buildings.

(m) Removal.

(1) If a meter has been disconnected without securing a permit as per §20-05(b) and §20-05 (c), it shall not be reset [until the Department has tested and approved the meter] but shall be replaced with a new meter approved by the Department.

(n) Seals.

A seal placed by the Department for the protection of any meter, valve, fitting or other water connection shall not be tampered with or defaced. The seal shall not be broken except after securing a permit from the Department. Breaking the seal without such a permit shall be a violation, except for Emergency repairs as described in §20-01(f). The Department may also remove the meter for testing and resetting or replacement. The customer shall be responsible for safeguarding and protecting the seal and the meter. Application of a seal on a new or replacement meter shall denote approval by the Department.

(p) *Protection of meters, service pipes and settings.*

(1) The property owner shall protect the meter, setting, AMR transmitter and remote against physical damage, freezing conditions and abuse. The property owner is responsible for preventing physical deterioration or other conditions of [a] the service pipe which may damage a meter or prevent its maintenance or replacement. In such cases the owner shall be responsible for repairing or replacing equipment, service piping or any other physical barriers, including asbestos insulation, needed to allow maintenance, proper operation or replacement of the meter.

(q) Encoding registers.

(9) All registers shall be installed with wire to a remote receptacle or AMR transmitter with all three wires properly connected at the register head.

(r) Remote receptacles and AMR transmitters.

(3) Placement of receptacle.

Placement of the remote receptacle shall comply with the following guidelines:

(i) Location.
Receptacles shall be located on the front or side exterior of the building. The remote receptacle shall be accessible to the meter reader and close to electric and gas meters. Receptacles shall not be installed behind bushes, locked gates, etc. If applicable, remotes shall be set inside storefront security gates. When meters are installed for a two (2) family home, the remotes should be as close together as possible so that both readings can be taken from the same location, preferably on the front of the building. For certain high-rise apartment or office buildings with glass, marble or other similar facades, the remote may be located in a publicly accessible location, such as the building lobby, where it will not require the meter reader to obtain keys or contact building personnel. In the alternative, for buildings with glass, marble or similar facades or with landmarked status, the remote may be placed in the electric meter room with a sign, "Water Meters." The location of the remote must be indicated in the permit as returned to the Department.

(4) AMR Transmitter.

The Department will conduct a transition from the use of remote receptacles to the use of radio-based automatic meter reading systems, with information on that transition to be published in the list of approved water meters, detector assemblies, pit meter equipment, meter attachments and meter-associated equipment. When the Department has begun installing AMR transmitters Citywide, meter installations shall be required to include the approved AMR transmitter, and the use of remote receptacles shall no longer be permitted. AMR radio transmitters for domestic meters shall be mounted on the exterior surface of an exterior building wall above ground level, unless otherwise specified by the Department. AMR radio transmitters for evaporative cooling tower makeup water meters or other meters located on the upper floors of a building shall be mounted on the exterior of the building wall, at a roof parapet or other location to permit effective transmission of the radio signal.

§6. Paragraphs five, six, seven, eight of subdivision (a) of Section 20-08 of Title 15 of the Rules of the City of New York are amended, and a new paragraph four of subdivision (a) is added, and paragraphs four, five, six, seven and eight of subdivision (a) are renumbered, to read as follows:

§20-08 Water Use Restrictions And Fire Hydrant Use.

(a) *Water use restrictions.*

(4) Shutoffs Required for Drinking Fountains and Recreational Sprinklers. Drinking fountains shall operate only when activated by a user. Recreational sprinklers shall be equipped with a timer to stop flow if the sprinkler is not being used or shall not operate when not in use.

[(4)](5) Restrictions on Serving of Water.

[(5)](6) Watering of Lawns and Gardens.

(i) The use of a hose, automatic sprinkler or other means to water lawns or gardens is prohibited between the hours of 11:00 A.M. and 7:00 P.M. Automatic [sprinkler or] irrigation systems shall include a sensor or control which shall prevent operation during or within 24 hours of substantial rain.

(ii) Between the first day of November and the last day of the following March, the following activities are prohibited using City water: (a) the use of hoses and sprinklers, and (b) the watering of lawns and gardens, except for the watering of non-turf plants with a hand-held container.

(iii) The following activities are prohibited at all times: (a) the use of hoses [without nozzles] which flow at more than five (5) gpm at sixty (60) psi or which, regardless of flow rate, are not equipped with an automatic shutoff mechanism which will turn off the flow of water if a handle or trigger is not actively held or compressed, and (b) the practice of allowing sprinklers to flood sidewalks, gutters and roadways.

[(6)](7) Sidewalks flushing.

The flushing of sidewalks is prohibited between the hours of 11:00 A.M. and 7:00 p.m. In addition, the flushing of sidewalks by means of a hose or piping is prohibited between the first day of November and the last day of the following March. This provision, however, shall not be construed to prohibit the washing of such surfaces, particularly the exterior surface of a building, where such washing is required as part of repairs mandated by the Administrative Code or to protect the health and safety of the public. Any hose used to supply City water for sidewalk cleaning purposes must be equipped with a nozzle which limits flow to no more than five (5) gpm at sixty (60) psi and which is equipped with an automatic shutoff mechanism which will turn off the flow of water if a handle or trigger is not actively held or compressed.

[(7)](8) Temporary Suspension of Permission to Use City Water for Purposes Listed in [Subsections] subdivisions [(5)] (6) and [(6)] (7).

[(8)](9) Car washing.

(iii) Any hose used to supply City water for non-commercial car washing purposes must be equipped with a nozzle which limits flow to no more than five (5) gpm at sixty (60) psi and which is equipped with an automatic shutoff mechanism which will turn off the flow of water if a handle or trigger is not actively held or compressed.

§7. Paragraphs one and four of subdivision (b) and paragraph two of subdivision (c) of Section 20-08 of Title 15 of the Rules of the City of New York are amended to read as follows:

(b) Fire hydrant use.

(1) Fire hydrants may be routinely opened only by authorized employees of the Department and/or the Fire Department. All others seeking permission to open a fire hydrant must secure a permit from the Department. Fire Hydrant Use Permits must be displayed at the site where water is being used. Permits for the use of hydrants may not be granted when, in the view of the Department, water from a metered source is available to serve the end use described in the permit application. Permit applicants are required to describe the proposed use in detail and indicate why another alternative (e.g., existing metered source or construction meter) cannot be used.

(4) With the exception of hoses used to extinguish fires, any hose connected to a fire hydrant must be equipped with either an approved backflow prevention device or an approved four (4) inch air gap[.], unless in the Department's opinion, the application does not pose a backflow hazard, such as watering a community garden. Applications which do require an air gap or backflow prevention device include, but are not limited to, demolition dust control, pavement breaking, cutting and sawing, mixing and curing of concrete or mortar, well digging, washing/pumping of manholes, basements or sewers, application of pesticides, herbicides, paints, curing agents or fertilizers, washing down roadway construction, or make-up water (See Appendix Figure #6).

(c) *Installation and maintenance of corporation stops (taps), wet connections, service pipes and curb valves.*

(2) Shut-off charges

Should the Department shut a tap because of a leaking service pipe, non-payment of a bill, denial of access for an inspection or meter replacement or repair, failure to make repairs required for the installation or replacement of a meter, or non-compliance with Department rules, the owner shall pay a shut-off charge in accordance with the Water and Wastewater Rate Schedule of New York City Water Board.

§7. Section 20-09 of Title 15 of the Rules of the City of New York is amended to read as follows:

§20-09 Enforcement.

Any person who is in violation of or fails to comply with any provision, standard or requirement of these Rules or the terms and conditions of any permit issued pursuant to these Rules shall be subject to the issuance of notice(s) of violation and other civil or criminal enforcement action(s) pursuant to the provisions of §24-346 of the Administrative Code of the City of New York, including but not limited to payment of civil penalties and compliance with orders of the Commissioner and/or the Environmental Control Board.

In addition to any civil and criminal enforcement pursuant to §24-346 of the Administrative Code of the City of New York, the Department may refuse to issue permits to any person who is in violation of or fails to comply with any provision, standard or requirement of these Rules or the terms and conditions of any permit, in accordance with Section 20-01(c) of these Rules.

§8. Section 20-10 of Title 15 of the Rules of the City of New York reads as follows:

§20-10 Glossary.

AMR – Automatic Meter Reading. The use of radio or telephone-based technology to read water meters.
BCS. Bureau of Customer Services.

Combined service. A water service which supplies both domestic and fire suppressions end uses and the fire protection requirements exceed the domestic demand and determine the size of the service.

Completed meter permit. A meter permit returned to the Department that indicates the meter size, type, serial number, remote identification number, meter and remote receptacle location, and date of installation that has been signed and sealed by the licensed plumber and lists the licensed plumber's business address.

Distribution piping All piping downstream of the water meter setting.

Domestic service with sprinkler heads. A domestic service sized for domestic demands which has been approved by the Department of Buildings to supply a limited number of fire sprinkler heads.

Internal water main. A water main constructed by a private entity in private property and not in a mapped street, record street or a street for which an opinion of dedication has been issued. Internal water mains are under the jurisdiction of the Department from the City or private water main up to and including the meter [or first valve within the property] .

Meter set date. The date the meter is installed.

Meter setter/resetter. A shop or factory-fabricated set of piping, valves and an electrical continuity bar installed as a unit designed to hold a water meter of two (2) inches or less in diameter.

Non-turf plants. Plants other than a lawn.

Sealed Building. A building with windows and doors which are locked and covered or blocked by concrete block, bricks, sheet metal or other materials intended to prevent access. Windows covered with wooden boards shall not constitute a sealed building.

Service Pipe. A water supply pipe which connects the customer to a City water main, private water main or internal water main. Service pipes connecting a single customer's premises to a City water main or a private water main are under the jurisdiction of the Department from the City or private water main up to and including the meter set in metered properties, or first valve within the property in unmetered properties.

UL/FM. Underwriter's Laboratories/Fireman's Mutual.

Vacant building. A building which is not inhabited, or is occupied illegally.

READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council**, 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists--free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

Chapter 5
Special Downtown Jamaica District

115-00
GENERAL PURPOSES

The "Special Downtown Jamaica District" established in this Resolution is designed to promote and protect the public health, safety and general welfare of the Downtown Jamaica community. These general goals include, among others, the following specific purposes, to:

(a) strengthen the business core of Downtown Jamaica by improving the working and living environments;

(b) foster development in Downtown Jamaica and provide direction and incentives for further growth where appropriate;

(c) expand the retail, entertainment and commercial character of the area around the transit center and to enhance the area's role as a major transportation hub in the City;

(d) provide transitions between the downtown commercial core, the lower-scale residential communities and the transportation hub;

(e) improve the quality of new development in Downtown Jamaica by requiring the provision of specified public amenities in appropriate locations;

(f) encourage the design of new development that is in character with the area;

(g) enhance the pedestrian environment by relieving sidewalk congestion and providing pedestrian amenities; and

(h) promote the most desirable use of land and thus conserve and enhance the value of land and buildings, and thereby protect the City's tax revenues.

115-01
General Provisions

In harmony with the general purposes and content of this Resolution and the general purposes of the #Special Downtown Jamaica District#, the regulations of the #Special Downtown Jamaica District# shall apply to all #developments#, #enlargements#, alterations and changes of #use# within the #Special Downtown Jamaica District#, except as otherwise provided in this Chapter. The regulations of all other Chapters of this Resolution are applicable except as modified, supplemented or superseded by the provisions of this Chapter. In the event of a conflict between the provisions of this Chapter and other regulations of this Resolution, the provisions of this Chapter shall control.

Any special permit granted by the City Planning Commission before (the effective date of this amendment), may be started or continued, in accordance with the terms thereof, or as such terms may be subsequently modified, pursuant to the regulations in effect at the time such special permit was granted, subject to the provisions of Sections 11-42 (Lapse of Authorization or Special Permit Granted by the City Planning Commission Pursuant to the 1961 Zoning Resolution) and 11-43 (Renewal of Authorization or Special Permit).

115-02
District Plan and Maps

The regulations of this Chapter implement the #Special Downtown Jamaica District# Plan.

The District Plan includes the following maps in the Appendix to this Chapter:

Map 1	Special Downtown Jamaica District
Map 2	Ground Floor Use and Transparency and Curb Cut Restrictions
Map 3	Street Wall Location
Map 4	Street Wall Height
Map 5	Maximum Building Height
Map 6	Sidewalk Widening

The maps are hereby incorporated and made part of this Resolution for the purpose of specifying locations where the special regulations and requirements set forth in the text of this Chapter apply.

115-10
SPECIAL USE REGULATIONS

In the #Special Downtown Jamaica District#, the #use# regulations of the underlying district shall apply except as modified in this Section. The #use# regulations of the underlying C4-5X, C6 and M1-4 Districts relating to #public parking garages# are modified in Section 115-11 (Public Parking Garages). The #use# regulations of the underlying C6-4 District relating to Use Group 11B, are modified in Section 115-12 (Use Group 11B in C6-4 Districts). Special ground floor #use# and transparency regulations shall apply in the C4-5X and C6 Districts pursuant to Sections 115-13 (Ground Floor Use, Frontage and Major Building Entrance Regulations in C4-5X and C6 Districts) and 115-14 (Transparency Requirement in C4-5X and C6 Districts). The #use# regulations of the underlying M1-4 District, including Use Groups 3, 4, 6, 10, 16, 17 and 18, are modified as specified in Section 115-15(Modification of Use Regulations in M1-4 Districts).

115-11
Public Parking Garages

In the #Special Downtown Jamaica District#, the #use# regulations of the underlying C4-5X, C6-2, C6-3, C6-4 and M1-4 Districts shall be modified to permit #public parking garages# with a capacity of 150 spaces or less, as-of-right, subject to the provisions set forth for #accessory# off-street parking spaces in Sections 36-53 (Location of Access to the Street), 36-55 (Surfacing) and 36-56 (Screening). #Public parking garages# may be open or enclosed, provided that no portion of such #use# shall be located on a roof other than a roof which is immediately above a #cellar# or #basement#, except as provided by the special permit provisions of Section 74-52 (Parking Garages or Public Parking Lots in High Density Central Areas).

115-12
Use Group 11B in C6-4 Districts

In C6-4 Districts, the provisions of Section 32-20 (Use Group 11), paragraph B. (Wholesale or Similar Establishments), shall be modified to allow wholesale establishments with no limitation on #accessory# storage.

115-13
Ground Floor Use, Frontage and Major Building Entrance Regulations in C4-5X and C6 Districts

On designated #streets#, as shown on Map 2 (Ground Floor Use and Transparency and Curb Cut Restrictions) in the Appendix to this Chapter, the special ground floor #use#, frontage and major building entrance regulations of this Section shall apply to any #building or other structure# fronting on such #streets#.

#Uses# located on the ground floor level or within five feet of the level of the adjoining sidewalk, and within 30 feet of the #street line#, shall be limited to #community facility uses# without sleeping accommodations, as listed in Section 115-15 (Modification of Use Regulations in M1-4 Districts), and #uses# listed in Use Groups 5, 6A, 6B, 6C, 6D, 7A, 7B, 8A, 8B, 8D, 9, 10, 11, 12A, 12B and 12C. A building's #street# frontage shall be allocated exclusively to such #uses#, except for lobby space, entryways or entrances to subway stations.

In no event shall the length of #street# frontage occupied by lobby space, entrance space and/or a building entrance recess exceed, in total, 30 feet or 50 percent of the building's total #street# frontage, whichever is less.

Any #development# or any #enlarged# portion of a #building# located on a #zoning lot# with frontage on such designated #street# shall provide a major building entrance onto such #street#. However, #developments# or #enlargements# on #zoning lots# with frontage on more than one designated #street#, may provide a major building entrance on only one designated #street#.

115-14
Transparency Requirement in C4-5X and C6 Districts

For any #development#, or for the #enlarged# portion of a #building#, on designated #streets# as shown on Map 2 (Ground Floor Use and Transparency and Curb Cut Restrictions) in the Appendix to this Chapter, each ground floor #street wall# shall be glazed with transparent materials which may include #show windows#, glazed transoms or glazed portions of doors. Such glazed area shall occupy at least 50 percent of the area of each such ground floor #street wall# measured to a height of 10 feet above the level of the adjoining sidewalk.

115-15
Modification of Use Regulations in M1-4 Districts

The #use# regulations of the underlying M1-4 District shall apply, except as modified as follows:

Use Groups 3A and 4A

The following #community facility uses# as listed in Sections 22-13 (Use Group 3) and 22-14 (Use Group 4) shall be permitted as-of-right provided that such #uses# are without sleeping accommodations:

From Use Group 3A:

College or universities, including professional schools but excluding business colleges or trade schools
Libraries, museums or non-commercial art galleries, without limitation

115-20
SPECIAL BULK REGULATIONS

115-21
Floor Area Ratio, Open Space and Lot Coverage

In C6-2 and C6-3 Districts, the underlying #floor area ratio# and #open space# provisions shall not apply. In lieu thereof, the maximum #floor area ratio# permitted for #commercial#, #community facility# or #residential uses#, separately or in combination, shall not exceed 6.0 in C6-2 Districts and 8.0 in C6-3 Districts. No #floor area# bonuses shall be permitted.

In C6-4 Districts, the underlying #floor area ratio# provisions, including #floor area# bonus provisions, shall apply to #residential# and #community facility uses#. For #commercial uses#, the maximum #floor area ratio# shall be 12.0, and no #floor area# bonuses shall apply.

In M1-4 Districts, the maximum #floor area ratio# permitted for #commercial#, #community facility# or #manufacturing uses#, separately or in combination, shall be 2.0.

In C4 and C6 Districts, for #residential buildings# or the #residential# portion of a #mixed building#, the maximum #lot coverage# shall be 80 percent on a #corner lot# and 70 percent on an #interior# or #through lot#. However, no #lot coverage# provisions shall apply to any #zoning lot# comprising an entire #block# or to any #zoning lot# comprising a #corner lot# of 5,000 square feet or less.

115-22
Height and Setback Regulations

In M1-4 Districts, the underlying height and setback regulations shall apply except as modified in Section 115-221 (Permitted obstructions).

In C4 and C6 Districts, the underlying height and setback regulations are modified as set forth in Sections 115-221 through 115-224 (Maximum building height), inclusive.

For #zoning lots# subject to the sidewalk widening requirements of Section 115-31, the boundary of the sidewalk widening furthest from the #street line# shall be considered the #street line# for the purposes of applying all height and setback regulations.

All heights shall be measured from the #base plane#.

115-221
Permitted obstructions

The provisions of Section 33-42 (Permitted Obstructions) shall apply to all #buildings# within the #Special Downtown Jamaica District#, except the provisions of paragraph (c) of section 33-42 shall not apply. In lieu thereof, the following regulations shall apply:

Elevator or stair bulkheads, roof water tanks, cooling towers or other mechanical equipment (including enclosures) may penetrate a maximum height limit or #sky exposure plane# provided that either:

(a) the product, in square feet, of the #aggregate width of street walls# of such obstructions facing each #street# frontage, times their average height, in feet, shall not exceed a figure equal to eight times the width, in feet, of the #street wall# of the #building# facing such frontage; or,

(b) for #buildings# at least 120 feet in height, the #lot coverage# of all such obstructions does not exceed 20 percent of the #lot coverage# of the #building#, and the height of all such obstructions does not exceed 40 feet.

In addition, dormers may penetrate a maximum base height in accordance with the provisions of paragraph (c) of Section 23-621 (Permitted obstructions in certain districts).

115-222
Street wall location
C4 C6

In the districts indicated, #street walls# shall be provided in accordance with the provisions of this Section.

(a) For all locations, except as specified on Map 3 (Street Wall Location) in the Appendix to this Chapter, the #street wall# of a #building# shall be located on the #street line# and extend along at least 70 percent of the #street# frontage of the #zoning lot#. No #street wall# location rules shall apply to the remaining portion of the #street frontage# of the #zoning lot#; however, any #street walls# provided in such portion shall be located on the #street line# or recessed within an #outer court#. All required #street walls# shall rise without setback to at least the minimum base height specified in Section 115-223 (Street wall height), or the height of the #building#, whichever is less. For #zoning lots# bounded by more than one #street line#, these #street wall# location requirements shall apply on all such #street lines#.

(b) Map 3 specifies #street frontages# where the regulations set forth in this paragraph (b) apply.

(1) The #street wall# shall be located on the #street line# and extend along the entire #street# frontage as specified on Map 3, and shall rise without setback to at least the minimum base height specified in Section 115-223, or the height of the #building#, whichever is less. This requirement shall also apply along that portion of any #street line# that intersects such #street# frontage specified on Map 3 within 50 feet of such intersection.

(2) To allow articulation of #street walls# at the intersection of two #street lines# with mandatory #street wall# requirements, up to 50 percent of the area bounded by the two #street lines# and lines parallel to and 20 feet from such #street lines# may be unoccupied by a #building#.

(3) Where corner articulation is specified on Map 3, the following regulations shall apply:

(i) Where base corner articulation is specified on Map 3, the #building# shall occupy, at every level up to the level of the setback provided pursuant to Section 115-223 (Street wall height), not less than 50 percent and not more than 75 percent of the area bounded by the two #street lines# and lines parallel to and 20 feet from such #street lines#.

(ii) Where tower corner articulation is specified on Map 3, no articulation is required where all portions of the #building# that exceed a height of 60 feet are located at least 10 feet from a #wide street line# and at least 15 feet from a #narrow street line#. Where a #building# rises without setback along those #street lines# where no setback is required as specified on Map 4b, the #building# shall cover, at every level above the setback provided pursuant to Section 115-223 (Street wall height), not less than 50

percent and not more than 75 percent of the area bounded by:

(a) the #street line# of the #street# where no setback is required;

(b) a line 10 feet from and parallel to a #wide street# with a setback requirement or 15 feet from and parallel to a #narrow street# with a setback requirement; and

(c) lines parallel to and 20 feet from such lines.

(4) No #street wall# location requirements shall apply to any open space fronting on Sutphin Boulevard between 94 and 95th Avenues #developed# pursuant to the Jamaica Gateway Urban Renewal Plan, as shown on Map 3.

(c) In all locations where #street walls# are required, recesses, not to exceed three feet in depth from the #street line#, shall be permitted on the ground floor where required to provide access to the #building#.

Above a height of 12 feet, up to 30 percent of the aggregate width of required street walls may be recessed beyond the #street line#, provided any such recesses deeper than 10 feet along a #wide street#, or 15 feet along a #narrow street#, are located within an #outer court#. Furthermore, no recesses shall be permitted within 30 feet of the intersection of two #street lines# except to articulate the #street walls# as set forth in this Section.

Existing #buildings# may be vertically #enlarged# by up to one #story# or 15 feet, without regard to the #street wall# location requirements of this Section.

115-223
Street wall height
C4 C6

In the districts indicated, except in the locations indicated on Maps 4A and 4B (Street Wall Height) in the Appendix to this Chapter, the minimum height, before setback, of a #streetwall# required pursuant to Section 115-222 (Street wall location) shall be 40 feet and the maximum height, before setback, shall be 60 feet. Any portion of a #building# that exceeds a height of 60 feet shall be set back at least 10 feet from a #wide street line# and at least 15 feet from a #narrow street line#.

In the locations indicated on Map 4A, required #street walls# shall rise without setback to the minimum height specified for that location on Map 4A or the height of the #building#, whichever is less. Any portion of a #building# that exceeds the maximum #street wall# height specified for that location shall be set back at least 10 feet from a #wide street line# and at least 15 feet from a #narrow street line#.

In the locations indicated on Map 4B, required #street walls# shall rise without setback to a minimum height of 40 feet or the height of the #building#, whichever is less. Above a height of 40 feet, no setbacks are required for any portion of the building.

115-224
Maximum building height
C4 C6

In C4-4A Districts, no #building or other structure# shall exceed a height of 80 feet.

In C4-5X Districts, no #building or other structure# shall exceed a height of 125 feet.

In C6-2, C6-3 and C6-4 Districts, no #building or other structure# shall exceed a height of 250 feet. However, no height limitations shall apply in those areas specified on Map 5 (Maximum Building Height)in the Appendix to this Chapter.

115-30
MANDATORY IMPROVEMENTS

115-31
Sidewalk Widenings

The provisions of this Section shall apply to all #developments# fronting upon locations requiring sidewalk widenings as shown on Map 6 (Sidewalk Widenings) in the Appendix to this Chapter. A sidewalk widening is a continuous, paved open area along the #street line# of a #zoning lot# having a depth of five feet or 10 feet, as set forth on Map 6. Such depth shall be measured perpendicular to the #street line#. Sidewalk widenings shall be improved as sidewalks to Department of Transportation standards, at the same level as the adjoining public sidewalk and directly accessible to the public at all times. No #enlargement# shall be permitted to decrease the depth of such sidewalk to less than such minimum required total sidewalk depth.

All mandatory sidewalk widenings must provide lighting in accordance with the requirements of paragraph (n) of Section 37-04 (Requirements for Urban Plazas), except that the minimum level of illumination shall be not less than two horizontal foot candles throughout the entire mandatory sidewalk widening.

Sidewalk widenings of 10 feet or more must provide one linear foot of seating for every 150 square feet of mandatory sidewalk widening. In addition, the provisions of Section 62-672 (Seating) shall apply.

115-32
Street Tree Planting

All new #developments# or #enlargements# that increase the existing #floor area# by at least 20 percent shall provide and maintain trees of not less than three inch caliper at the time of planting in the sidewalk adjacent to the #zoning lot#. Such trees shall be provided for the entire length of the #street# frontage of the #zoning lot# at maximum intervals of 25 feet except where the Commissioner of Parks and Recreation determines that such tree planting would be infeasible.

Trees shall be planted with gratings flush to grade in at least 200 cubic feet of soil per tree, with a depth of soil of at least 3 feet, 6 inches. Species shall be selected, installed and maintained in accordance with the specifications established by the Department of Parks and Recreation.

115-33
Refuse Storage, Recreation Space and Planting Areas

All #residential buildings# shall provide refuse storage space, recreation space and planting areas in accordance with the provisions of Section 28-23 (Refuse Storage and Disposal) and Section 28-30 (RECREATION SPACE AND PLANTING AREAS), whether or not they are #developed# or #enlarged# pursuant to the Quality Housing Program.

115-40
RESIDENTIAL CONVERSIONS

In all #commercial districts#, the conversion to #dwelling units# of non-#residential buildings#, or portions thereof, erected prior to January 1, 1977, shall be permitted subject to Sections 15-11 (Bulk Regulations), 15-12 (Open Space Equivalent) and 15-30 (Minor Modifications), paragraph(b).

#Uses# in #buildings# erected prior to January 1, 1977, containing both #residential# and non-#residential# #uses# shall not be subject to the provisions of Section 32-42 (Location within Building).

115-50
SPECIAL OFF-STREET PARKING AND OFF-STREET LOADING REGULATIONS

115-51
Parking and Loading Requlations

Within the #Special Downtown Jamaica District#, the off-street parking and loading regulations shall be modified as follows:

In M1-4, C4-4A, C4-5X, C6-2, C6-3 and C6-4 Districts, the off-street parking and loading regulations of a C4-4 District shall apply, except as modified in this Section. However, for any #use# that is not allowed in a C4 District, the underlying off-street parking requirements of the applicable C6-2, C6-3, C6-4 or M1-4 District shall apply.

The provisions of Section 36-12 (Maximum Size of Accessory Group Parking Facilities) shall be modified as follows: An #accessory group parking facility# may contain up to 300 off-street parking spaces.

The provisions of Section 36-21 (General Provisions) pertaining to accessory off-street parking spaces for commercial or community facility uses shall be modified as follows: #Uses# in Use Groups 6B (Offices), 10B (Wholesale Establishments) and 11B (Wholesale Establishments), with parking requirement category B1, shall be required to provide one parking space per 2,000 square feet of #floor area#.

The provisions of Sections 36-342 (Reduced requirements in other C1 or C2 Districts or in C4, C5 or C6 Districts) and 36-344 (Waiver of requirements in other C1 or C2 Districts or in C4, C5 or C6 Districts) shall not apply in the #Special Downtown Jamaica District#.

115-51
Location of Access to the Street

Map 2 (Ground Floor Use and Transparency and Curb Cut Restrictions) in the Appendix to this Chapter specifies locations where curb cuts shall be prohibited within the #Special Downtown Jamaica District#.

However, where permitted or required #accessory# off-street parking and loading requirements apply in a location where such curb cuts are prohibited, a curb cut may be allowed, provided that the City Planning Commission certifies to the Commissioner of Buildings that such #zoning lot# has access only to such prohibited location and that such curb cut shall be no greater than 20 feet in width.

An application to the City Planning Commission for certification respecting such curb cut shall be accompanied by a site plan drawn to a scale of at least one sixteenth inch to a foot, showing the size and location of the proposed curb cut.

The waiver provisions of Article III, Chapter 6 (Accessory Off-Street Parking and Loading Regulations) shall not apply to the special location of access requirements of this Section.

115-60
SPECIAL PERMIT TO MODIFY USE OR BULK REGULATIONS

For any #development#, #enlargement#, alteration or change of #use# on a #zoning lot# within the #Special Downtown Jamaica District#, the City Planning Commission may permit modification of the #use# or #bulk# regulations, except #floor area ratio# provisions, provided the Commission shall find that such:

(a) modification will aid in achieving the general purposes and intent of the Special District;

(b) #use# modification will encourage a lively pedestrian environment along the #street# or mandatory sidewalk widening, or is necessary for and the only practicable way to achieve the programmatic requirements of the #development#;

(c) #bulk# modifications will enhance the distribution of #bulk# on the #zoning lot#;

(d) #bulk# modifications will permit adequate access of light and air to surrounding #streets# and properties; and

(e) #development# or #enlargement# will relate harmoniously to the character of the surrounding area.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area.

The Inclusionary Housing Program shall apply in all R10 Districts located in #Inclusionary Housing designated areas#, subject to the provisions relating to such designated areas, and in all other R10 Districts, subject to the provisions of Section 23-941 (In R10 Districts other than Inclusionary Housing designated areas), as applicable.

23-922
~~Certain R6, R7 and R8 Districts~~ Inclusionary Housing designated areas

The Inclusionary Housing Program shall apply in the following areas:

* * *

The Inclusionary Housing Program shall apply in special purpose districts when specific zoning districts or areas are defined as #Inclusionary Housing designated areas# within the special purpose district, pursuant to this Section.

23-93
Definitions

For the purposes of the Inclusionary Housing program, matter in italics is defined either in Section 12-10 (DEFINITIONS) or in this Section.
Administering agent

* * *

The #administering agent# shall be a not-for-profit organization, unless the Commissioner of Housing Preservation and Development finds that a good faith effort by the developer of the #compensated development# to secure a qualified not-for-profit organization as the #administering agent# was unsuccessful. However, in #~~R6, R7 and R8~~ Inclusionary Housing designated areas#, the Commissioner may approve an entity that is responsible for compliance monitoring pursuant to City, State or Federal funding sources, to serve as the #administering agent# during such compliance period.

* * *

Fair rent

* * *

However, in #~~R6, R7 and R8~~ Inclusionary Housing designated areas# , the Commissioner of Housing Preservation and Development may determine that rents satisfying the requirements of City, State or Federal programs assisting #lower income housing# will be considered #fair rent#, provided that such rents do not exceed 30 percent of #lower income household's# income, as applicable, and provided further that upon expiration or termination of the requirements of the City, State or Federal program, rent increases and re-rentals shall be subject to the higher of the then-currently applicable Section 8 Standard or the Rent Stabilization Standard.

* * *

In #~~R6, R7 and R8~~ Inclusionary Housing designated areas#, at initial occupancy of any #lower income housing#, a portion of the #fair rents# may be for the payment of the principal or interest on debt, and such housing may secure debt, provided that, as of the date of the approval of the #lower income housing plan#, the Commissioner of Housing Preservation and Development finds that the total annual rent, when such interest and principal payments are deducted, is in compliance with the requirements of Section 23-95, paragraph (c), and provided that the lender agrees to enter into a written agreement which subordinates such debt to the provisions of the #lower income housing plan#.

Inclusionary Housing designated areas

"Inclusionary Housing designated areas" shall be those areas specified in Section 23-922 (Inclusionary Housing designated areas).

* * *

Lower income household

* * *

In #~~R6, R7 and R8~~ Inclusionary Housing designated areas#, #lower income households# shall also include all existing households in tenancy, provided such households occupy units that are within a #building# in which rents for all occupied units are regulated by City or State law, and the aggregate maximum permitted annual rent roll for such occupied units, divided by the number of occupied units, is less than 30 percent of the applicable income limit for a #lower income household# as provided in this Section. In determining the applicable income limit for such #lower income households#, the Commissioner of Housing Preservation and Development may make adjustments, consistent with U. S. Department of Housing and Urban Development regulations, for the number of persons residing in each unit.

Lower income housing

* * *

However, in #~~R6, R7 and R8~~ Inclusionary Housing designated areas#, #lower income housing# shall include #standard units# assisted under City, State or Federal programs.

* * *

~~R6, R7 and R8 designated areas~~

~~"R6, R7 and R8 designated areas" shall be those areas specified in Section 23-922 (Certain R6, R7 and R8 Districts).~~

* * *

23-941
In R10 Districts other than Inclusionary Housing designated areas

The #floor area ratio# of a #development# may be increased from 10.0 to a maximum of 12.0 at the rate set forth in this Section, if the developer of such #development# provides #lower income housing# pursuant to Section 23-95 (Lower Income Housing Requirements).

* * *

23-942
In ~~R6, R7 and R8 Districts~~ Inclusionary Housing designated areas

The provisions of this Section shall apply in the #Inclusionary Housing designated areas# set forth in Section 23-922, except within Waterfront Access Plan BK-1 and in R7-3 Districts within Community District 1, Borough of Brooklyn.

* * *

(a) Maximum #floor area ratio#

The #floor area# of a #development# or #enlargement# may not exceed the base #floor area ratio# set forth in the following table, except that such #floor area# may be increased by one and one-quarter square feet for each square foot of #floor area# provided for #lower income housing#, up to the maximum #floor area ratio# specified in the table. However, the amount of #lower income housing# required to receive such bonus #floor area# need not exceed 20 percent of the total #floor area#, exclusive of ground floor non-#residential floor area#, in the #building#. In addition, the following rules shall apply:

District	Base #floor area ratio#	Maximum #floor area ratio#
R6*	2.2	2.42
R6**	2.7	3.6
R6A	2.7	3.6
R6B	2.0	2.2
R7A	3.45	4.6
R7X	3.75	5.0
R8~~A~~	5.40	7.2
R9	6.0	8.0
R10	9.0	12.0

* for #zoning lots#, or portions thereof, beyond 100 feet of a #wide street#
** for #zoning lots#, or portions thereof, within 100 feet of a #wide street#

* * *

23-951
On-site new construction option

* * *

In #~~R6, R7 and R8~~ Inclusionary Housing designated areas#, if the #lower income housing# is subject to the requirements of City, State or Federal programs assisting the #lower income housing# that have size and distribution requirements conflicting with the size and distribution requirements of this paragraph, (b), then the size and distribution requirements of this paragraph, (b), may be waived by the Commissioner of Housing Preservation and Development to facilitate the #development# of #lower income housing#.

23-952
Substantial rehabilitation and off-site new construction options

To qualify for one or more of these options, the designated #lower income housing# shall meet the following requirements:

(a) The #lower income housing# shall be located either:

* * *

Furthermore, in #~~R6, R7 and R8~~ Inclusionary Housing designated areas#, the #administering agent# shall not be required to verify the income of households in tenancy~~,~~ as of the date upon which the Commissioner of Housing Preservation and Development approves the #lower income housing plan#.

* * *

23-953
Preservation option

To qualify for this option, the designated #lower income housing# shall meet the following requirements.
(a) The #lower income housing# shall be located either:

* * *

Furthermore, in #~~R6, R7 and R8~~ Inclusionary Housing designated areas#, the #administering agent# shall not be required to verify the income of households in tenancy, as of the date upon which the Commissioner of Housing Preservation and Development approves the #lower income housing plan#.

35-31
Maximum Floor Area Ratio for Mixed Buildings

C1 C2 C3 C4 C5 C6

In all districts, except as set forth in Section 35-311, the provisions of this Section shall apply to any #zoning lot# containing a #mixed building#.

The maximum #floor area ratio# permitted for a #commercial# or #community facility use# shall be as set forth in Article III, Chapter 3, and the maximum #floor area ratio# permitted for a #residential use# shall be as set forth in Article II, Chapter 3, provided the total of all such #floor area ratios# does not exceed the greatest #floor area ratio# permitted for any such #use# on the #zoning lot#. However, in C4-7 Districts within Community District 7 in the Borough of Manhattan, such maximum #residential floor area ratio# may be increased pursuant to the provisions of Section 23-90 (INCLUSIONARY HOUSING).

In the designated areas set forth in Section 23-922 (~~Certain R6, R7 and R8 Districts~~ Inclusionary Housing designated areas), except within Waterfront Access Plan BK-1, the #floor area ratios# of Section 23-942 shall apply where the #residential# portion of a #building# is #developed# or #enlarged# pursuant to the Quality Housing Program.

A non-#residential use# occupying a portion of a #building# that was in existence on December 15, 1961, may be changed to a #residential use# and the regulations on maximum #floor area ratio# shall not apply to such change of #use#.

Article XI - Special Purpose Districts

Chapter 5
Special Downtown Jamaica District

115-00
GENERAL PURPOSES

The "Special Downtown Jamaica District" established in this Resolution is designed to promote and protect the public health, safety and general welfare of the Downtown Jamaica community. These general goals include, among others, the following specific purposes, to:

(a) strengthen the business core of Downtown Jamaica by improving the working and living environments;

(b) foster development in Downtown Jamaica and provide direction and incentives for further growth where appropriate;

(c) encourage the development of affordable housing;

(d) expand the retail, entertainment and commercial character of the area around the transit center and to enhance the area's role as a major transportation hub in the City;

(e) provide transitions between the downtown commercial core, the lower-scale residential communities and the transportation hub;

(f) improve the quality of new development in Downtown Jamaica by requiring the provision of specified public amenities in appropriate locations;

(g) encourage the design of new development that is in character with the area;

(h) enhance the pedestrian environment by relieving sidewalk congestion and providing pedestrian amenities; and

(i) promote the most desirable use of land and thus conserve and enhance the value of land and buildings, and thereby protect the City's tax revenues.

115-01
General Provisions

In harmony with the general purposes and content of this Resolution and the general purposes of the #Special Downtown Jamaica District#, the regulations of the #Special Downtown Jamaica District# shall apply to all #developments#, #enlargements#, alterations and changes of #use# within the #Special Downtown Jamaica District#, except as otherwise provided in this Chapter. The regulations of all other Chapters of this Resolution are applicable except as modified, supplemented or superseded by the provisions of this Chapter. In the event of a conflict between the provisions of this Chapter and other regulations of this Resolution, the provisions of this Chapter shall control.

Any special permit granted by the City Planning Commission before (the effective date of this amendment), may be started or continued, in accordance with the terms thereof, or as such terms may be subsequently modified, pursuant to the regulations in effect at the time such special permit was granted, subject to the provisions of Sections 11-42 (Lapse of Authorization or Special Permit Granted by the City Planning Commission Pursuant to the 1961 Zoning Resolution) and 11-43 (Renewal of Authorization or Special Permit).

115-02
District Plan and Maps

The regulations of this Chapter implement the #Special Downtown Jamaica District# Plan.

The District Plan includes the following maps in the Appendix to this Chapter:

Map 1	Special Downtown Jamaica District
Map 2	Ground Floor Use and Transparency and Curb Cut Restrictions
Map 3	Street Wall Location
Map 4	Street Wall Height
Map 5	Maximum Building Height
Map 6	Sidewalk Widening

The maps are hereby incorporated and made part of this Resolution for the purpose of specifying locations where the special regulations and requirements set forth in the text of this Chapter apply.

115-03
Applicability of Article I, Chapter 1

Within the #Special Downtown Jamaica District#, Section 11-15 (Environmental Requirements) shall apply, except that prior to issuing a building permit for any #development#, or for an #enlargement#, #extension# or a change of #use#, on a lot that has an (E) designation for hazardous material contamination, noise or air quality, the Department of Buildings shall be furnished with a report from the Department of Environmental Protection (DEP) of the City of New York stating:

(a) in the case of an (E) designation for hazardous material contamination, that environmental requirements related to the (E) designation have been met for that lot; or

(b) in the case of an (E) designation for noise or air quality, that the plans and drawings for such #development# or #enlargement# will result in compliance with the environmental requirements related to the (E) designation.

115-10
SPECIAL USE REGULATIONS

In the #Special Downtown Jamaica District#, the #use# regulations of the underlying district shall apply except as modified in this Section, inclusive. The #use# regulations of the underlying C4-5X, C6 and M1-4 Districts relating to #public parking garages# are modified in Section 115-11 (Public Parking Garages). The #use# regulations of the underlying C6-4 District relating to Use Group 11B, are modified in Section 115-12 (Use Group 11B in C6-4 Districts). Special ground floor #use# and transparency regulations shall apply in the C4-5X and C6 Districts pursuant to Sections 115-13 (Ground Floor Use, Frontage and Major Building Entrance Regulations in C4-5X and C6 Districts) and 115-14 (Transparency Requirement in C4-5X and C6 Districts). The #use# regulations of the underlying M1-4 District, including Use Groups 3, 4, 6, 10, 16, 17 and 18, are modified as specified in Section 115-15 (Modification of Use Regulations in M1-4 Districts).

115-11
Public Parking Garages

In the #Special Downtown Jamaica District#, the #use# regulations of the underlying C4-5X, C6-2, C6-3, C6-4 and M1-4 Districts shall be modified to permit #public parking

garages# with a capacity of 150 spaces or less, as-of-right, subject to the provisions set forth for #accessory# off-street parking spaces in Sections 36-53 (Location of Access to the Street), 36-55 (Surfacing) and 36-56 (Screening). #Public parking garages# may be open or enclosed, provided that no portion of such #use# shall be located on a roof other than a roof which is immediately above a #cellar# or #basement#, except as provided by the special permit provisions of Section 74-52 (Parking Garages or Public Parking Lots in High Density Central Areas).

115-12
Use Group 11B in C6-4 Districts

In C6-4 Districts, the provisions of Section 32-20 (Use Group 11), paragraph B. (Wholesale or Similar Establishments), shall be modified to allow wholesale establishments with no limitation on #accessory# storage.

115-13
Ground Floor Use, Frontage and Major Building Entrance Regulations in C4-5X and C6 Districts

On designated #streets#, as shown on Map 2 (Ground Floor Use and Transparency and Curb Cut Restrictions) in the Appendix to this Chapter, the special ground floor #use#, frontage and major building entrance regulations of this Section shall apply to any #building or other structure# fronting on such #streets#.

#Uses# located on the ground floor level or within five feet of the level of the adjoining sidewalk, and within 30 feet of the #street line#, shall be limited to #community facility uses# without sleeping accommodations, as listed in Section 115-15 (Modification of Use Regulations in M1-4 Districts), and #uses# listed in Use Groups 5, 6A, 6B, 6C, 6D, 7A, 7B, 8A, 8B, 8D, 9, 10, 11, 12A, 12B and 12C. A building's #street# frontage shall be allocated exclusively to such #uses#, except for lobby space, entryways or entrances to subway stations.

In no event shall the length of #street# frontage occupied by lobby space, entrance space and/or a building entrance recess exceed, in total, 30 feet or 50 percent of the building's total #street# frontage, whichever is less.

Any #development# or any #enlarged# portion of a #building# located on a #zoning lot# with frontage on such designated #street# shall provide a major building entrance onto such #street#. However, #developments# or #enlargements# on #zoning lots# with frontage on more than one designated #street#, may provide a major building entrance on only one designated #street#.

115-14
Transparency Requirement in C4-5X and C6 Districts

For any #development#, or for the #enlarged# portion of a #building#, on designated #streets# as shown on Map 2 (Ground Floor Use and Transparency and Curb Cut Restrictions) in the Appendix to this Chapter, each ground floor #street wall# shall be glazed with transparent materials which may include #show windows#, glazed transoms or glazed portions of doors. Such glazed area shall occupy at least 50 percent of the area of each such ground floor #street wall# measured to a height of 10 feet above the level of the adjoining sidewalk.

115-15
Modification of Use Regulations in M1-4 Districts

The #use# regulations of the underlying M1-4 District shall apply, except as modified as follows:

Use Groups 3A and 4A

The following #community facility uses# as listed in Sections 22-13 (Use Group 3) and 22-14 (Use Group 4) shall be permitted as-of-right, provided that such #uses# are without sleeping accommodations:

SPECIAL BULK REGULATIONS

115-21
Floor Area Ratio, Open Space and Lot Coverage

(a) Maximum #floor area ratio# for #buildings# containing non-#residential uses#

In C6-2 and C6-3 Districts, the underlying #floor area ratio# and #open space# provisions shall not apply. In lieu thereof, the maximum #floor area ratio# permitted for #commercial# and #community facility# #uses#, separately or in combination, shall not exceed 6.0 in C6-2 Districts and 8.0 in C6-3 Districts. No #floor area# bonuses shall be permitted.

In C6-4 Districts, the underlying #floor area ratio# provisions, including #floor area# bonus provisions, shall apply to #community facility uses#. For #commercial uses#, the maximum #floor area ratio# shall be 12.0, and no #floor area# bonuses shall apply.

In M1-4 Districts, the maximum #floor area ratio# permitted for #commercial#, #community facility# or #manufacturing uses#, separately or in combination, shall be 2.0.

(b) Maximum #floor area ratio# for #buildings# containing #residential uses#

The maximum #floor area ratio# for any #building# containing a #residential# #use# shall not exceed the #floor area ratio# set forth in Section 115-211 (Special Inclusionary Housing regulations) for the applicable district.

(c) #Lot coverage#

In C4 and C6 Districts, for #residential buildings# or the #residential# portion of a #mixed building#, the maximum #lot coverage# shall be 80 percent on a #corner lot# and 70 percent on an #interior# or #through lot#. However, no #lot coverage# provisions shall apply to any #zoning lot# comprising an entire #block# or to any #zoning lot# comprising a #corner lot# of 5,000 square feet or less.

115-21
Special Inclusionary Housing regulations

(a) Applicability

R7A, R7X, C4-4A, C4-5X,C6-2, C6-3 and C6-4 Districts within the #Special Downtown Jamaica District# shall be #Inclusionary Housing designated areas#, pursuant to Section 12-10 (Definitions), for the purpose of making the Inclusionary Housing Program regulations of Section 23-90 (Inclusionary Housing Program), inclusive, applicable as modified, within the Special District.

(b) Maximum #floor area ratio#

The maximum #floor area ratio# for any #building# containing #residences# shall not exceed the base #floor area ratio# set forth in the following table, except that such base #floor area ratio# may be increased to the maximum #floor area ratio# set forth in Section 23-942 through the provision of #lower income housing#, pursuant to the provisions relating to #Inclusionary Housing designated areas# in Section 23-90 (INCLUSIONARY HOUSING).

District	Base Far
R7A, C4-4A	3.45
R7X, C4-5X	3.75
R8, C6-2	5.4
9, C6-3	6.0
R10, C6-4	9.0

(c) Modification of location requirements

The requirements of paragraph (a) of Section 23-952 (Substantial rehabilitation and off-site new construction options) shall be modified as follows: In addition to the locations set forth in subparagraphs (1) and (2) of Section 23-952, #lower income housing# also may be located in any #Inclusionary Housing designated area# within the #Special Downtown Jamaica District#.

(d) Height and setback

The height and setback regulations of paragraph (b) of Section 23-942 shall not apply. In lieu thereof, the special height and setback regulations of Section 115-22, inclusive, of this Chapter shall apply.

115-22
Height and Setback Regulations

In M1-4 Districts, the underlying height and setback regulations shall apply except as modified in Section 115-221 (Permitted obstructions).

In C4 and C6 Districts, the underlying height and setback regulations are modified as set forth in Sections 115-221 through 115-225, inclusive.

For #zoning lots# subject to the sidewalk widening requirements of Section 115-31, the boundary of the sidewalk widening furthest from the #street line# shall be considered the #street line# for the purposes of applying all height and setback regulations.

All heights shall be measured from the #base plane#.

115-221
Permitted obstructions

The provisions of Section 33-42 (Permitted Obstructions) shall apply to all #buildings# within the #Special Downtown Jamaica District#, except the provisions of paragraph (c) of Section 33-42 shall not apply. In lieu thereof, the following regulations shall apply:

Elevator or stair bulkheads, roof water tanks, cooling towers or other mechanical equipment (including enclosures) may penetrate a maximum height limit or #sky exposure plane# provided that either:

(a) the product, in square feet, of the #aggregate width of street walls# of such obstructions facing each #street# frontage, times their average height, in feet, shall not exceed a figure equal to eight times the width, in feet, of the #street wall# of the #building# facing such frontage; or

(b) for #buildings# at least 120 feet in height, the #lot coverage# of all such obstructions does not exceed 20 percent of the #lot coverage# of the #building#, and the height of all such obstructions does not exceed 40 feet.

In addition, dormers may penetrate a maximum base height in accordance with the provisions of paragraph (c) of Section 23-621 (Permitted obstructions in certain districts).

115-222
Street wall location

C4 C6

In the districts indicated, #street walls# shall be provided in accordance with the provisions of this Section.

(a) For all locations, except as specified on Map 3 (Street Wall Location) in the Appendix to this Chapter, the #street wall# of a #building# shall be located on the #street line# and extend along at least 70 percent of the #street# frontage of the #zoning lot#. No #street wall# location rules shall apply to the remaining portion of the #street frontage# of the #zoning lot#; however, any #street walls# provided in such portion shall be located on the #street line# or recessed within an #outer court#. All required #street walls# shall rise without setback to at least the minimum base height specified in Section 115-223 (Street wall height), or the height of the #building#, whichever is less. For #zoning lots# bounded by more than one #street line#, these #street wall# location requirements shall apply on all such #street lines#.

(b) Map 3 specifies the #street# frontages where the regulations set forth in this paragraph, (b), apply.

(4) The #street wall# shall be located on the #street line# and extend along the entire #street# frontage as specified on Map 3, and shall rise without setback to at least the minimum base height specified in Section 115-223, or the height of the #building#, whichever is less. This requirement shall also apply along that portion of any #street line# that intersects such #street# frontage, specified on Map 3, within 50 feet of such intersection.

(5) To allow articulation of #street walls# at the intersection of two #street lines# with mandatory #street wall# requirements, up to 50 percent of the area bounded by the two #street lines# and lines parallel to and 20 feet from such #street lines# may be unoccupied by a #building#.

(6) Where corner articulation is specified on Map 3, the following regulations shall apply:

(i) Where base corner articulation is specified, the #building# shall occupy, at every level up to the level of the setback provided pursuant to Section 115-223 (Street wall height), not less than 50 percent and not more than 75 percent of the area bounded by the two #street lines# and lines parallel to and 20 feet from such #street lines#.

(ii) Where tower corner articulation is specified, no articulation is required where all portions of the #building# that exceed a height of 60 feet are located at least 10 feet from a #wide street line# and at least 15 feet from a #narrow street line#. Where a #building# rises without setback along those #street lines# where no setback is required, as specified on Map 4 (Street Wall Height), the #building# shall cover, at every level above the setback provided pursuant to Section 115-223, not less than 50 percent and not more than 75 percent of the area bounded by:

(a) the #street line# of the #street# where no setback is required;

(b) a line 10 feet from and parallel to a #wide street# with a setback requirement or 15 feet from and parallel to a #narrow street# with a setback requirement; and

(c) lines parallel to and 20 feet from such lines.

(4) No #street wall# location requirements shall apply to any open space fronting on Sutphin Boulevard between 94th and 95th Avenues #developed# pursuant to the Jamaica Gateway Urban Renewal Plan, as shown on Map 3.

(5) For building walls facing Archer Avenue on Blocks 9988 and 9994 the #street walls# required pursuant to this paragraph, (b), shall not be located along the Archer Avenue #street line#, but shall instead be located along the northern boundary of the Public Place mapped on each such block. Along such boundaries of each Public Place, no building entrances or windows are permitted up to a height of 30 feet within 100 feet of 146th Street on Block 9988 and within 100 feet of 147th Place on Block 9994. Such regulation is necessary to accommodate the development of a one #story building# which may be located within each Public Place.

(c) In all locations where #street walls# are required, recesses, not to exceed three feet in depth from the #street line#, shall be permitted on the ground floor

where required to provide access to the #building#. Above a height of 12 feet, up to 30 percent of the aggregate width of required #street walls# may be recessed beyond the #street line#, provided any such recesses deeper than 10 feet along a #wide street#, or 15 feet along a #narrow street#, are located within an #outer court#. Furthermore, no recesses shall be permitted within 30 feet of the intersection of two #street lines# except to articulate the #street walls# as set forth in this Section.

Existing #buildings# may be vertically #enlarged# by up to one #story# or 15 feet, without regard to the #street wall# location requirements of this Section.

115-223
Street wall height

C4 C6

Except in the locations indicated on Map 4 (Street Wall Height) in the Appendix to this Chapter, the minimum and maximum heights before setback of a #street wall# required pursuant to Section 115-232 (Street wall location) shall be as set forth in the following Table:

District	Minimum Street Wall Height	Maximum Street Wall Height
C4-4A	40 feet	65 feet
C4-5X	40 feet	85 feet
C6	40 feet	60 feet

Any portion of a #building# that exceeds the maximum height of a #street wall# shall be set back at least 10 feet from a #wide street line# and at least 15 feet from a #narrow street line#.

In the locations indicated on Map 4, required #street walls# shall rise without setback to the minimum height specified for that location on Map 4 or the height of the #building#, whichever is less. Any portion of a #building# that exceeds the maximum #street wall# height specified for that location shall be set back at least 10 feet from a #wide street line# and at least 15 feet from a #narrow street line#.
However, in the locations indicated on Map 4 where no maximum #street wall# height or setback is required, #street walls# required pursuant to Section 115-222, shall rise without setback to a minimum height of 40 feet or the height of the #building#, whichever is less. Above a height of 40 feet, no setbacks are required for any portion of the building.

115-224
Maximum building height
C4 C6

In C4-4A Districts, no #building or other structure# shall exceed a height of 80 feet.

In C4-5X Districts, no #building or other structure# shall exceed a height of 125 feet.

In all C6 Districts, no #building or other structure# shall exceed a height of 250 feet. However, no maximum building height limitation shall apply on Block 9993, shown on Map 5 (Maximum Building Height) in the Appendix to this Chapter, if such #block# is developed pursuant to the Jamaica Gateway Urban Renewal Plan.

115-225
Transition area
R6 R7 R8 R9 R10

In the districts indicated, and in #Commercial Districts# where such #Residence District bulk# regulations are applicable, that portion of a #development# or #enlargement# located within 25 feet of an adjacent #zoning lot# in an R1, R2, R3, R4 or R5 District shall not exceed a maximum building height of 35 feet. In addition, an open area not higher than #curb level# shall be provided within eight feet of such adjacent #zoning lot#. Such open area may be used for #accessory# parking.

115-30
MANDATORY IMPROVEMENTS

115-31
Sidewalk Widenings

The provisions of this Section shall apply to all #developments# fronting upon locations requiring sidewalk widenings as shown on Map 6 (Sidewalk Widenings) in the Appendix to this Chapter. A sidewalk widening is a continuous, paved open area along the #street line# of a #zoning lot# having a depth of five feet or 10 feet, as set forth on Map 6. Such depth shall be measured perpendicular to the #street line#. Sidewalk widenings shall be improved as sidewalks to Department of Transportation standards, at the same level as the adjoining public sidewalk and directly accessible to the public at all times. No #enlargement# shall be permitted to decrease the depth of such sidewalk to less than such minimum required total sidewalk depth.

All mandatory sidewalk widenings must provide lighting in accordance with the requirements of paragraph (n) of Section 37-04 (Requirements for Urban Plazas), except that the minimum level of illumination shall be not less than two horizontal foot candles throughout the entire mandatory sidewalk widening.

Sidewalk widenings of 10 feet or more must provide one linear foot of seating for every 150 square feet of mandatory sidewalk widening. In addition, the provisions of Section 62-672 (Seating) shall apply.

115-32
Street Tree Planting

All new #developments# or #enlargements# that increase the existing #floor area# by at least 20 percent shall provide and maintain trees of not less than three inch caliper at the time of planting in the sidewalk adjacent to the #zoning lot#. Such trees shall be provided for the entire length of the #street# frontage of the #zoning lot# at maximum intervals of 25 feet except where the Commissioner of Parks and Recreation determines that such tree planting would be infeasible.

Trees shall be planted with gratings flush to grade in at least 200 cubic feet of soil per tree, with a depth of soil of at least 3 feet, 6 inches. Species shall be selected, installed and maintained in accordance with the specifications established by the Department of Parks and Recreation.

115-33
Refuse Storage, Recreation Space and Planting Areas

All #residential buildings# shall provide refuse storage space, recreation space and planting areas in accordance with the provisions of Section 28-23 (Refuse Storage and Disposal) and Section 28-30 (RECREATION SPACE AND PLANTING AREAS), whether or not they are #developed# or #enlarged# pursuant to the Quality Housing Program.

115-40
RESIDENTIAL CONVERSIONS

In all #Commercial Districts#, the conversion to #dwelling units# of non-#residential buildings#, or portions thereof, erected prior to January 1, 1977, shall be permitted subject to Sections 15-11 (Bulk Regulations), 15-12 (Open Space Equivalent) and 15-30 (Minor Modifications), paragraph (b).

#Uses# in #buildings# erected prior to January 1, 1977, containing both #residential# and non-#residential uses# shall not be subject to the provisions of Section 32-42 (Location within Building).

115-50
SPECIAL OFF-STREET PARKING AND OFF-STREET LOADING REGULATIONS

115-51
Parking and Loading Regulations

Within the #Special Downtown Jamaica District#, the off-street parking and loading regulations shall be modified as follows:

(a) Commercial and Manufacturing development

In C4, C6 and M1 Districts, the off-street parking and loading regulations of a C4-4 District shall apply, except as modified in this Section:

(1) For any #use# that is not allowed in a C4 District, the underlying off-street parking requirements of the applicable C6-2, C6-3, C6-4 or M1-4 District shall apply.

(2) In C4, C6 and M1 Districts, the provisions of Sections 36-12 (Maximum Size of Accessory Group Parking Facilities) and 44-12 (Maximum Size of Accessory Group Parking Facilities) shall be modified to permit an #accessory group parking facility# to contain up to 300 off-street parking spaces. Pursuant to the provisions of Sections 36-13 (Modification of Maximum Size of Accessory Group Parking Facilities) and 46-13 (Modification of Maximum Size of Accessory Group Parking Facilities), the Commissioner of Buildings may permit such #group parking facility# to contain up to 150 additional spaces.

(3) In C4, C6 and M1 Districts, the provisions of Section 36-21 (General Provisions) pertaining to accessory off-street parking spaces for #commercial# or #community facility uses# shall be modified as follows: #uses# in Use Groups 6B (Offices), 10B (Wholesale Establishments) and 11B (Wholesale Establishments), with parking requirement category B1, shall be required to provide one parking space per 2,000 square feet of #floor area#.

(7) Modification of Waiver of Parking Requirements

(i) In C4, C6 and M1 Districts, the provisions of Sections 36-23 (Waiver of Requirements for Spaces Below Minimum Number) and 44-23 (Waiver of Requirements for Spaces Below Minimum Number) shall only apply to #zoning lots# existing both on (the date of adoption of this amendment) and on the date of application for a building permit.

(ii) In C4, C6 and M1 Districts, for any #commercial use# permitted in a C4 or C6 District, the waiver provisions for a C4-4 District set forth in Section 36-232 (In districts with very low parking requirements) shall not apply. In lieu thereof, the maximum number of #accessory# off-street parking spaces for which requirements are waived shall be 15 spaces, pursuant to the waiver provisions for a C4-2 District set forth in Section 36-231(In districts with high, medium, or low parking requirements).

(iii) The provisions of Sections 36-342 (Reduced requirements in other C1 or C2 Districts or in C4, C5 or C6 Districts) and 36-344 (Waiver of requirements in other C1 or C2 Districts or in C4, C5 or C6 Districts) shall not apply in the #Special Downtown Jamaica District#.

(b) Residential Development

(1) The provisions of Section 25-12 (Maximum Size of Accessory Group Parking Facilities) shall be modified to permit an #accessory group parking facility# to contain up to 300 off-street parking spaces. Pursuant to the provisions of Section 25-13 (Modification of Maximum Size of Accessory Group Parking Facilities), the Commissioner of Buildings may permit such #group parking facility# to contain up to 150 additional spaces.

(2) The required accessory off-street parking space regulations for #residential developments# or #enlargements# of the underlying districts in the #Special Downtown Jamaica District# shall be modified as follows: The regulations set forth for an R6A District in Section 25-20 shall apply. The regulations set forth for an R6 District in Sections 25-50 (RESTRICTIONS ON LOCATIONS OF ACCESSORY OFF-STREET PARKING SPACES) inclusive, and 25-60 (ADDITIONAL REGULATIONS FOR PERMITTED OR REQUIRED ACCESSORY OFF STREET PARKING SPACES), inclusive, shall apply except as modified in paragraphs (b) (3) and (b) (4) of this Section.

(3) In all #Residence Districts#, the provisions of Section 25-26 (Waiver of Requirements for Small Number of Spaces) are modified as follows:

(i) The provisions of Section 25-26 shall only apply to #zoning lots# existing both on (the date of adoption of this amendment) and on the date of application for a building permit.

(ii) For all new #residential developments# or #enlargements#, the maximum number of #accessory# off-street parking spaces for which requirements are waived shall be 5 spaces.

(4) The provisions of Section 25-52 (Off-Site Spaces for Residences) and 25-521 (Maximum distance from zoning lot) shall be modified to permit the location of permitted or required off-street parking spaces #accessory# to #residences# on a #zoning lot# other than the same #zoning lot# as the #residences# to which such spaces are #accessory#, provided that such #zoning lot# is no more than 1,500 feet from the nearest boundary of the #zoning lot# occupied by the #residences# to which they are #accessory#.

(5) The provisions of Section 36-42 (Off-Site Spaces for Residences) and 36-421 (Maximum distance from zoning lot) shall be modified to permit the location of permitted or required off-street parking spaces #accessory# to #residences# on a #zoning lot# other than the same #zoning lot# as the #residences# to which such spaces are #accessory#, provided that such #zoning lot# is no more than 1,500 feet from the nearest boundary of the #zoning lot# occupied by the #residences# to which they are #accessory#.

115-52
Location of Access to the Street

Map 2 (Ground Floor Use and Transparency and Curb Cut Restrictions) in the Appendix to this Chapter specifies locations where curb cuts shall be prohibited within the #Special Downtown Jamaica District#.

However, where permitted or required #accessory# off-street parking and loading requirements apply in a location where such curb cuts are prohibited, a curb cut may be allowed, provided that the City Planning Commission certifies to the Commissioner of Buildings that such #zoning lot# has access only to such prohibited location and that such curb cut shall be no greater than 20 feet in width.

An application to the City Planning Commission for certification respecting such curb cut shall be accompanied by a site plan drawn to a scale of at least one sixteenth inch to a foot, showing the size and location of the proposed curb cut.

The waiver provisions of Article III, Chapter 6 (Accessory Off-Street Parking and Loading Regulations) shall not apply to the special location of access requirements of this Section.

115-60
SPECIAL PERMIT TO MODIFY USE OR BULK REGULATIONS

For any #development#, #enlargement#, alteration or change of #use# on a #zoning lot# within the #Special Downtown Jamaica District#, the City Planning Commission may permit modification of the #use# or #bulk# regulations, except #floor area ratio# provisions, provided the Commission shall find that such:

(a) modification will aid in achieving the general purposes and intent of the Special District;

(b) #use# modification will encourage a lively pedestrian environment along the #street# or mandatory sidewalk widening, or is necessary for, and the only practicable way to achieve the programmatic requirements of the #development#;

(c) #bulk# modifications will enhance the distribution of #bulk# on the #zoning lot#;

(d) #bulk# modifications will permit adequate access of light and air to surrounding #streets# and properties; and

(e) #development# or #enlargement# will relate harmoniously to the character of the surrounding area.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area.

RICHMOND COUNTY
IA PART 74
NOTICE OF PETITION
INDEX NUMBER (CY) 4018/07

In the Matter of the Application of the CITY OF NEW YORK relative to acquiring title in fee simple absolute in certain real property, where not heretofore acquired, for

NEW CREEK BLUEBELT, PHASE 4

within an area generally bounded by Hylan Boulevard on the West, Slater Boulevard on the North, Olympia Boulevard on the East, and Hunter Avenue on the South, in the Borough of Staten Island, City and State of New York.

PLEASE TAKE NOTICE that the Corporation Counsel of the City of New York intends to make application to the Supreme Court of the State of New York, Richmond County, IA Part 74, for certain relief.

The application will be made at the following time and place: At IA Part 74 of the Supreme Court, 320 Jay Street, Room 17.21, in the Borough of Brooklyn, City and State of New York, on June 1, 2007, at 9:30 A.M., or as soon thereafter as counsel can be heard.

The application is for an order:

1. authorizing the City to file an acquisition map in the Office of the Clerk of Richmond County;
2. directing that upon the filing of said map, title to the property sought to be acquired shall vest in the City;
3. providing that just compensation therefor be ascertained and determined by the Supreme Court without a jury; and
4. providing that notices of claim must be served and filed within one calendar year from the vesting date.

The City of New York, in this proceeding, intends to acquire title in fee simple absolute to certain real property where not heretofore acquired for the same purpose, for the New Creek Bluebelt, Phase 4 in the Borough of Staten Island, City and State of New York.

The description of the real property to be acquired is as follows:

JUVENILE JUSTICE

■ SOLICITATIONS

Human / Client Service

CORRECTION: PROVISION OF NON-SECURE DETENTION CENTERS – Negotiated Acquisition – Judgment required in evaluating proposals - PIN# 13007DJJ001 – DUE 11-14-08 AT 3:00 P.M. – CORRECTION: The NYC Department of Juvenile Justice (DJJ) is seeking one or more appropriately qualified vendors to provide non-secure detention services for youth. Services shall include, but not be limited to, custody, basic youth care, food, clothing, shelter, education, health care, recreation, court related services, social work and case management services, social skills instruction, group sessions and monitoring and supervision of these services. In addition, the contract will require that a defibrillator shall be located in each program facility and that all staff requiring CPR training shall be certified in use of said defibrillator.

Each program facility will provide at least 10 and no more than 12 beds in accordance with the applicable regulations promulgated by the New York State Office of Children and Family Services (NYS OCFS), 9 N.Y.C.R.R. Section 180 et seq. The Department is seeking to provide services at facilities that will be operational at any time from January 1, 2007 to December 31, 2010. A vendor may submit an offer for more than one Facility Option. Current Agency vendors operating non-secure group homes that have contracts expiring in calendar year 2006 are urged to respond to this solicitation.

All program facilities shall be appropriately equipped to provide services for male or female youth as required by the Department, and be located in one of the five boroughs. The term of the contracts awarded from this solicitation will be for three years and will include an additional three-year option to renew. The anticipated maximum average annual funding available for each contract will be $1,067,000, excluding start-up costs. Proposed start-up costs will be considered in addition to the proposed annual line item budget. Greater consideration will be given to applicants offering more competitive prices.

If your organization is interested in being considered for award of the subject contract, please hand deliver a written expression of interest addressed to my attention at 365 Broadway, 5th Floor, New York, NY 10013. The expression of interest should specifically address the following:

1. Indicate each program facility for which the vendor is submitting.

2. Describe each proposed facility, its location, and proposed date of operation.

3. Attach appropriate documentation demonstrating the current use of each proposed facility and the vendor's site control of the facility for a period of at least 3 years.

4. For each proposed facility,
a) Indicate the number of beds to be provided and demonstrate that the facility has the capacity to provide the indicated number of beds.
b) Demonstrate that the facility will be appropriately equipped to provide services for male or female youth.

5. Demonstrate the vendor's organizational capability to:
a) Provide the indicated number of beds at each proposed facility. (If the vendor is a current provider, also demonstrate the capability to provide the indicated number of beds in addition to those already provided.)
b) Ensure that each proposed facility will be fully operational by required date in accordance with the applicable regulations promulgated by the New York State Office of Children and Family Services (NYS OCFS), 9 N.Y.C.R.R. Section 180 et seq.

6. Demonstrate the quantity and quality of the vendor's successful relevant experience.

7. Attach for each proposed facility three-year annual line item operating budget. Include staffing details. Proposed start up costs should be included in addition to the proposed three-year annual line item operating budget.

All expressions of interest received in the manner set forth will be reviewed to determine if they are responsive to the material requirements of this solicitation. Expressions of interest determined to be non-responsive will not be further considered. Expressions of interest determined to be responsive will be considered in terms of the following factors:

- Appropriateness of each proposed facility.
- Demonstrated site control of each proposed facility.
- Demonstrated level of organizational capability to provide the proposed number of beds and to ensure that each proposed facility if fully operational by the applicable requisite date.
- Demonstrated quantity and quality of successful relevant experience.
- Annual budget amount and cost effectiveness of the budget.

The Department will enter into negotiations with the vendor(s) determined to be the best qualified at the time of evaluation, based on consideration of the above-cited factors. A contract will be awarded to the responsible vendor(s) whose offer(s) is/are determined to be the most advantageous to the City, taking into consideration the price and the other factors set forth in this solicitation. In the case that a vendor is eligible for award of more than one program facility, the Department reserves the right, based upon the vendor's demonstrated organizational capability and the best interest of the City, respectively, to determine how many and for which program facility(ies) the vendor will be awarded a contract.

AGENCY RULES

SANITATION

■ NOTICE

NOTICE OF ADOPTION OF FINAL RULES GOVERNING DEPARTMENT COLLECTION OF YARD WASTE MATERIAL FROM RESIDENTIAL BUILDINGS

NOTICE IS HEREBY GIVEN in accordance with the requirements of section 1043 of the New York City Charter and pursuant to the authority vested in the Commissioner of the Department of Sanitation by section 753(a) and (b) of the New York City Charter and by section 16-308 of the Administrative Code of the City of New York that the Department adopts the following amendments to section 1-08 of Chapter 1 of Title 16 of the Rules of the City of New York governing the collection of yard waste material from residential buildings. The Department published a Notice of Opportunity to Comment on the proposed rules in the City Record on March 2, 2007. On April 3, 2007 the Department held a public hearing on the proposed rules. Pursuant to section 16-323 of the Administrative Code of the City of New York the Department submitted the final rule to the City Council for an additional thirty-day statutory review period on April 9, 2007. Existing provisions to be deleted are shown below in brackets and new provisions are underlined.

Section 1. Subdivision (a) of section 1-08 of chapter 1 of title 16 of the rules of the city of New York is amended to read as follows:

(a) Designated recyclable materials. Pursuant to §§16-304 and 16-305 of the New York City Administrative Code the following materials are designated as recyclable materials for purposes of this section: metal cans, metal items, aluminum foil, aluminum foil products, containers made of glass, and plastic bottles and jugs and beverage cartons (collectively referred to as designated recyclable metal, glass and plastic); [and] newspaper, magazines, catalogs, phone books, mixed paper and corrugated cardboard (collectively referred to as designated recyclable paper); and yard waste. This subdivision notwithstanding, designated recyclable paper and aluminum foil and aluminum foil products that are substantially soiled with food, paint or some other contaminating material shall not be considered a designated recyclable material.

Section 2. Subdivision (h) of section 1-08 of chapter 1 of title 16 of the rules of the city of New York is amended by adding a new paragraph (3) and renumbering existing paragraphs (3) and (4) as paragraphs (4) and (5), as follows:

(3) Yard waste material. For the purposes of this subparagraph, "yard waste" shall be as defined in subdivision (p) of §16-303 of the Administrative Code. Yard waste material, which the Department collects under its seasonal collection programs through curbside collection service in districts designated by the Commissioner to receive such service, shall be placed out for curbside collection on the day(s) specified for yard waste collection by the Commissioner in either of the following:

(i) biodegradable, two-ply wet strength stock (fifty pounds each ply) leak-proof paper bags. Such bags shall not exceed 16 inches in length by 12 inches in width by 35 inches in height, and shall have a minimum capacity of 30 gallons and a maximum capacity of 55 gallons. Any written statement from the manufacturer of paper bags that it has complied with the biodegradability requirements for such bags shall relieve the user of such bags from liability for deviation from the biodegradability requirements; or

(ii) rigid containers, provided that such containers are unlined, and are a minimum of 20 and a maximum of 32 gallons in capacity.

(4) Non-designated material. Materials that are not required to be source separated for recycling shall be removed from both curbside and mechanized collection recycling containers prior to recycling collection day.

[(4)] (5) Designated recyclable materials. Designated recyclable materials that have been source separated as required by subdivision (g) of this section shall not be placed out for collection in the same container as non-designated material.

Statement of Basis and Purpose. The Sanitation Commissioner is authorized to adopt rules relating to the collection and removal of solid waste, recyclable and other materials pursuant to §753 of the New York City Charter, and §§16-304 and 16-305 of the New York City Administrative Code. On October 17, 2006, Mayor Bloomberg signed into law Local Law 40 for the Year 2006 that amends 16-308 of the Administrative Code governing composting requirements for residents and businesses that generate yard waste.

Subdivision (a) of §1-08 adds the term 'yard waste' to the list of designated recyclable materials to be collected separately by the Department. Subdivision (h) of §1-08 includes technical revisions to the current container and set-out requirements for seasonal yard waste collected by the Department by requiring residents to use leak-proof, biodegradable paper bags, or unlined, rigid containers when placing yard waste out for curbside collection.

In 1999, the Department completed the multi-phase expansion of leaf and yard waste composting collection service to residents in districts with high leaf generation in the Bronx, Brooklyn, Queens and Staten Island. Nearly ten years later, the Department continues to compost leaves and yard waste at its various compost facilities in Staten Island and the Bronx, and seeks to acquire additional, future composting capacity consistent with the City's Comprehensive Solid Waste Management Plan approved by the State in October, 2006. Municipal recycling and composting continue to represent a major component of the City's solid waste management system and its ambitious recycling program.

The Department has concluded after careful study that placing yard waste out in paper bags or loosely in rigid containers will reduce overall composting costs, eliminate odors caused by the anaerobic digestion of leaf and yard waste material post collection, and create a better and more marketable horticultural end product. In accordance with the findings of the Department's study, the purpose of this rule, which is technical in nature, is to enable the Department to maximize its ability of capturing all of the yard waste material set out by residents at designated times, and to convert that material into a usable end product while reducing the City's waste stream.

Detectives' Endowment Association
2004-2008 Agreement

AGREEMENT made this 7th day of May 2007 by and between the City of New York (hereinafter called "the City" or "the Employer"), acting by the Commissioner of Labor Relations, and the Detectives' Endowment Association of the City of New York, Inc. (hereinafter called "the Union" or the "DEA"), for the four year, one month, 14 day period from February 15, 2004 to March 31, 2008.

WITNESSETH:

WHEREAS, the Detectives employed by the City have duly designated the Union as their exclusive bargaining representative for the purpose of collective bargaining with the City with respect to wages, hours and conditions of employment; and

WHEREAS, the Union and the City desire to cooperate in establishing conditions which will tend to secure standards and conditions of employment consistent with the dignity of Detectives, and to provide methods for fair and peaceful adjustment of disputes that may arise between the Union and the City; and

WHEREAS, as a result of collective bargaining the parties have reached an Agreement which they desire to reduce to writing;

NOW, THEREFORE, it is mutually agreed as follows:

ARTICLE I - UNION RECOGNITION AND UNIT DESIGNATION

Section 1.
The City recognizes the Union as the sole and exclusive collective bargaining representative for the unit consisting of the employees of the New York City Police Department in the titles of Police Officers who are designated as First Grade Detectives, Second Grade Detectives, and Third Grade Detectives.

Section 2.
Except as otherwise provided herein, for purposes of this Agreement, the terms "employee" or "employees" and "Detective" or "Detectives" shall be interchangeable and shall relate solely to employees in the unit described in Section 1 of this Article.

ARTICLE II -UNION SECURITY DUES CHECKOFF

Section 1.
All employees covered by this Agreement shall be free to become and remain members of the Union in good standing.

Section 2.
The Union shall have the exclusive right to the check off and transmittal of dues in behalf of each employee in the unit in accord with the Mayor's Executive Order No. 98, dated May 15, 1969, entitled "Regulations Regulating the Checkoff of Union Dues" and in accord with the Mayor's Executive Order No. 107, dated December 29, 1986, entitled " Regulations Governing Procedures for Orderly Payroll Checkoff of Union Dues" and any executive orders which amend or supersede said Executive Orders.

Section 3.
An employee may consent in writing to the authorization of the deduction of dues from the employee's wages and to the designation of the Union as the recipient thereof. Such consent, if given, shall be in a proper form, in accord with Section 2 of this Article II, which bears the signature of the employee.

Section 4.
The parties agree to an agency shop to the extent permitted by applicable law, as described in a supplemental agreement hereby incorporated by reference into this Agreement.

ARTICLE III - HOURS AND OVERTIME

Section 1(a)
All ordered and/or authorized overtime in excess of 40 hours in any week or in excess of the hours required of an employee by reason of the employee's regular duty chart if a week's measurement is not appropriate, whether of an emergency nature or of a non emergency nature, shall be compensated for either by cash payment or compensatory time off, at the rate of time and one half, at the sole option of the employee. Such cash payments or compensatory time off shall be computed on the basis of completed fifteen (15) minute segments.

Section 1(b)
In order to preserve the intent and spirit of this section on overtime compensation, there shall be no rescheduling of days off, except that for the purpose of night watch coverage an employee's swing period shall not be diminished by more than 8 hours. This restriction shall apply both to the retrospective crediting of time off against hours already worked and to the anticipatory reassignment of personnel to different days off. Prior to the completion of the steps in the grievance procedure under Article XX of this Agreement, the President of the D.E.A. may informally discuss a question in regard to the application of this Section 1(b) with the Police Commissioner and the Chairman of the Personnel Grievance Board in an effort to resolve the matter.

Section 1(c)
An employee who is specially assigned to duty involving travel outside New York City shall receive credit for eight (8) hours' work for each day of that assignment at the employee's straight time rate of pay. On days which are not the employee's regularly scheduled days, such credit shall be at the rate of time and one half. When such employee performs duty in excess of 8 hours and such duty can be verified to the satisfaction of the employee's Commanding Officer, the Commanding Officer shall recommend to the Chief of Department that the employee be credited with appropriate overtime compensation.

Section 2.
Overtime shall be computed on a monthly basis and shall be paid no later than six (6) weeks after submission of the monthly report.

ARTICLE IV - RECALL AFTER TOUR

Section 1.
Any employee who is recalled to duty after having completed the employee's regular tour of duty but four (4) hours or more before the commencement of the employee's next regular tour and who is released without having been assigned to duty prior to the commencement of said next regular tour shall receive a minimum of four hours pay pursuant to the regular overtime provisions of this Agreement.

Section 2.
Any employee who is recalled to duty after having completed the employee's regular tour of duty but six (6) hours or more before the commencement of the employee's next regular tour and who is assigned to duty and then released from duty prior to commencement of said next regular tour shall receive a minimum of six hours pay pursuant to the regular overtime provisions of this Agreement.

Section 3.
In the event the actual time spent on recall defined in Sections 1 and 2 of this Article extends beyond the minimum periods provided therein, the employee shall receive pay pursuant to the regular overtime provisions of this Agreement for the full period of time actually spent on such recall.

Section 4.
Notwithstanding anything to the contrary provided in Sections 1 through 3 of this Article, any employee who is recalled to duty after having completed the employee's regular tour of duty but before the commencement of the employee's next regular tour and who is assigned to duty or held without assignment for a period which extends into the commencement of that next regular tour shall receive pay pursuant to the regular overtime provisions of this Agreement only for the actual time so assigned or held.

Section 5.
a. Notwithstanding anything to the contrary in Sections 1 through 4 of this Article, any employee who is recalled to duty after having completed the employee's regular tour of duty but less than four hours before the commencement of the employee's next regular tour and who is released without having been assigned to duty prior to the commencement of that next regular tour shall receive pay in cash or compensatory time off at the employee's sole option, at the rate of time and one half, for the actual time between the beginning of such recall and the commencement of that next regular tour.

b. Notwithstanding anything to the contrary in Sections 1 through 4 of this Article, any employee who is recalled to duty after having completed the employee's regular tour of duty but less than six hours before the commencement of the employee's next regular tour and who is assigned to duty and then released from duty prior to the commencement of that next regular tour shall receive pay in cash or compensatory time off at the employee's sole option, at the rate of time and one half, for the actual time between the beginning of such recall and the commencement of that next regular tour.

Section 6.
The provisions of this Article IV are expressly subject to and limited by the terms of Section 1(a) and 1(b) of Article III of this Agreement.

ARTICLE V - COMPUTATION OF BENEFITS

Since the basic forty hour week has not been changed by this Agreement, any modifications of a standard chart and use of other tours shall not affect current standard practice for the computation of compensation for holidays, vacation days, personal leave days, annuity fund contributions and other relevant benefits, which shall remain on the basis of an eight hour work day calculation.

ARTICLE VI - SALARIES

Section 1.
The following base annual rates shall prevail for employees during the term of this Agreement:

7th Step	$67, 992	$70,032	$72,238

Section 2. General Wage Increase.

a. (i) Effective February 15, 2004, incumbent Employees shall receive a general rate increase of 5%.

(ii) Effective February 15, 2005, incumbent Employees shall receive a general rate increase of 5%.

(iii) Effective April 1, 2006, incumbent Employees shall receive a general rate increase of 3%.

(iv) Effective April 1, 2007, incumbent Employees shall receive a general wage increase of 3.15%

b. The increases provided for in this Section 2 shall be calculated as follows:

(i) The increase in Section 2a(i) shall be based upon the base rates (which shall include salary or incremental schedules) of the applicable titles in effect on February 14, 2004; and

(ii) The rate increase in Section 2a (ii) shall be based upon the base rate (which shall include salary or incremental schedules) of the applicable titles in effect on February 14, 2005.

(iii) The rate increase in Section 2a (iii) shall be based upon the base rate (which shall include salary or incremental schedules) of the applicable titles in effect on March 31, 2006.

(iv) The rate increase in Section 2a (ii) shall be based upon the base rate (which shall include salary or incremental schedules) of the applicable titles in effect on March 31, 2007.

c. The general increase provided in this Section 2 shall be applied to the base rates and salary grades fixed for the applicable titles.

d. Employees in the class of 3rd Grade Detective shall be subject to the salary schedule set forth in Section 1 above.

Section 3.
Paychecks will be delivered to commands by 3:00 p.m. on the Thursday preceding payday for distribution after 3:00 p.m. on said Thursday.

Section 4.
The Department shall make available in convenient places in each precinct or command the appropriate payroll work sheets for the purpose of enabling each employee to verify the salary components of the employee's paycheck. The parties will review further the feasibility of otherwise advising each employee of all payroll components along with the employee's paycheck.

Section 5.
If another uniformed collective bargaining unit has an adjustment made to their salary schedule outside of the collective bargaining or arbitration process during the term of this agreement, then the parties shall reopen this agreement for the purposes of discussing that issue.

ARTICLE VII - UNIFORM ALLOWANCE

a. In Fiscal Years 2004, 2005 and 2006, the City shall pay to each employee a uniform allowance of $980 in accord with the existing standard procedures.

b. Effective July 1, 2006, the City shall pay each employee a uniform allowance of $1120 per annum in accord with the existing standard procedures.

ARTICLE VIII - LONGEVITY ADJUSTMENTS

Section 1.
a. Effective February 15, 2004, the following longevity adjustments shall continue to be paid:

(i) Upon the completion of five years of service, employees shall receive a longevity adjustment of $3,245.

(ii) Upon completion of ten years of service, employees shall receive a longevity adjustment of an additional $1,500.

(iii) Upon completion of fifteen years of service, employees shall receive a longevity adjustment of an additional $1,250.

(iv) Upon completion of twenty years of service, employees shall receive a longevity adjustment of an additional $1,000.

b. The adjustment after the 5th and 10th years shall not be computed as salary for pension purposes until after completing 20 years of service.

The adjustment after the 15th and 20th years shall not be computed as salary for pension purposes until after completion of 25 years of service.

In the event this provision is declared invalid under the law, the parties shall reopen negotiations to resolve the issue of the increased cost of changing the effective date of the pensionability of the above adjustments. Such negotiations will be commenced

forthwith. If no agreement is reached, an impasse may be declared and subsequent mediation and the impasse proceeding, if any, shall in all respects be conducted on an expedited basis.

c. The calculation of night shift differential payments shall be based upon the same factors, amounts and methodology as previous utilized.

d. ITHP and pension benefit calculations shall only include the amount of the longevity payment that is pensionable.

ARTICLE IX - PAYMENT FOR HOLIDAY WORK

Each employee shall receive eleven (11) paid holidays annually, payments for which shall be made in accord with existing procedures.

ARTICLE X - LEAVES

Section 1. Sick Leave

a. (i) Each employee shall be entitled to leave with pay for the full period of any incapacity due to illness, injury or mental or physical defect which is service connected pursuant to Section 14 122.1 of the Administrative Code.

(ii) Each employee shall be entitled to leave with pay for the full period of any incapacity due to illness, injury or mental or physical defect, whether or not service connected.

b. The Chief Surgeon shall consult with representatives of the DEA regarding the enforcement of the sick leave program in order to insure that undue restrictions will not be placed upon Detectives. Departmental orders in connection therewith shall be issued after consultation with the DEA.

Section 2. Death-in-Family-Leave

In the event of a death in an employee's immediate family and upon application to and approval of the employee's commanding officer or supervisory head, an employee shall receive leave with pay not exceeding four consecutive regular tours of duty. For the purposes of this section, the phrase, "immediate family," shall include any of the following: (a) a spouse or domestic partner, (b) a natural, foster or step parent, child, brother or sister, (c) father in law or mother in law, or (d) any relative residing in the employee's household. The commanding officer or supervisory head granting such leave shall verify the death and relationship of the deceased. If the deceased was in the military service of the United States at the time of death, the employee requesting leave shall produce the official notice of death.

Section 3. Military Leave

Military leave not exceeding a total of thirty (30) days in any one calendar year and not exceeding thirty (30) days in any one continuous period of such absence shall be granted with pay to any employee requiring such leave to satisfy military obligations.

Section 4. Special Excusals

Excused time accorded to other personnel employed by the City under circumstances such as excusals for the Dr. Martin Luther King, Jr. and the Senator Robert F. Kennedy funerals and the Moon Landing Observation Day shall be granted equally to employees covered by this Agreement. All compensating days off shall be subject to the exigencies of the Department.

Section 5. Leave to Attend Hearings

Individual employee grievants shall be granted leave with pay for such time as is necessary to testify at arbitration hearings.

Leave with pay shall be granted to three (3) employees who are named grievants in a group arbitration proceeding, for such time as is necessary for them to testify at their group arbitration hearings.

Leave with pay for such time as is necessary to testify at their hearings shall be granted to employees who, after final adjudication of proceedings under Section 210 paragraph 2 h of the Civil Service Law are determined not to have been in violation of Section 210.

ARTICLE XI - VACATIONS

Section 1.

The Department shall continue to provide the following authorized annual vacations:

(a) Following the first five (5) years after appointment as a Police Officer: twenty seven (27) work days.

(b) During the first five (5) years after appointment as a Police Officer: twenty (20) work days.

(c) During the calendar year in which the fifth anniversary of appointment as a Police Officer occurs:

IF APPOINTMENT DATE IS: From	To	VACATION ALLOWANCE SHALL BE:
Jan. 1	Feb. 14	27 work days
Feb. 15	April 15	26 work days
April 16	June 15	25 work days
June 16	July 15	24 work days
July 16	Sept. 15	23 work days
Sept. 16	Nov. 15	22 work days
Nov. 16	Dec. 15	21 work days
Dec. 16	Dec. 31	20 work days

Section 2.

Employees may select individual vacation days at the time vacations are picked, provided that the maximum number of employees allowed to take such individual vacation days at any one time shall be in accordance with the needs of the Unit and provided further that no employee may choose more than one of the following holidays as an individual vacation day: Independence Day, Labor Day, Thanksgiving Day, Christmas Day and New Year's Day. Any employee who fails to select such individual vacation days at the time the employee makes the regular vacation pick may select such individual vacation days at a later time subject to the exigencies of the Department. Such individual vacation days shall be treated as regular vacation picks.

Section 3. Accrual of Vacation

If the Department calls upon an employee in writing to forego the employee's vacation or any part thereof that portion up to a maximum of three weeks of vacation shall be carried over until such time as it can be liquidated in the following calendar year subject to the following conditions:

(1) the selection of such vacation days shall be in the discretion of and subject to the exigencies of the Department; and

(2) the selection of such days in the following calendar year shall be made after the regular vacation picks; and

(3) the utilization of this vacation time shall be restricted to the months of January through May and September through November.

It is the intention of the Police Department to allow an employee to request permission to accrue vacation consistent with this provision and to grant such requests which are reasonable.

ARTICLE XII - HEALTH AND HOSPITALIZATION BENEFITS

Section 1.

The City shall continue to provide a fully paid choice of health and hospitalization insurance plans for each employee, not to exceed 100% of the full cost of HIP-HMO on a category basis. There will be an annual reopening period during the term of this Agreement for active employees to exercise their choice among medical plans.

Section 2.

Retirees shall continue to have the option of changing their previous choice of Health Plans. This option shall be:

(a) a one time choice;

(b) exercised only after one year of retirement; and

(c) can be exercised at any time without regard to contract periods.

The effective date of change to a new plan shall be the first day of the month three months after the month in which the application has been received by the New York City Health Insurance Program.

Effective with the reopener period for Health Insurance subsequent to January 1, 1980 and every two years thereafter, retirees shall have the option of changing their previous choice of health plans. This option shall be exercised in accordance with procedures established by the Employer. The Union will assume the responsibility of informing retirees of this option.

Section 3.

a. Effective July 1, 1983 and thereafter, the City's cost for each employee and each retiree under age 65 coverage shall be equalized at the Community-rated basic HIP/HMO plan payment rate as approved by the State Department of Insurance on a category basis of individual or family, e.g. the Blue Cross/GHI-CBP payment for family coverage shall be equal to the HIP/HMO payment for family coverage.

b. If a replacement plan is offered to employees and retirees under age 65 which exceeds the cost of the HIP/HMO equalization provided in Section 3a, the City shall not bear the additional costs.

c. The City (and other related Employers) shall continue to contribute on a City employee benefits program wide basis the additional amount of $30 million to maintain the health insurance stabilization reserve fund which shall be used to continue equalization and protect the integrity of health insurance benefits.

The health insurance stabilization reserve fund shall be used: to provide a sufficient reserve; to maintain to the extent possible the current level of health insurance benefits provided under the Blue Cross/GHI CBP plan; and, if sufficient funds are available, to fund new benefits.

The health insurance stabilization reserve fund shall be credited with the divisions or reduced by the losses attributable to the Blue Cross/GHI-CBP plan.

d. Pursuant to paragraph 7 of the MLC Health Benefits Agreement, notwithstanding the above, in each of the fiscal years 2001 and 2002, the City shall not make the annual $35 million contributions to the health insurance stabilization fund.

e. In the event that there is a Citywide or program wide health insurance package which exceeds the cost of the equalization and stabilization fund described above, the parties may negotiate reconfiguration of this package which in no event will provide for costs in excess of the total costs of this Agreement as set forth herein. However, it is understood that the DEA will not be treated any better or any worse than any other Union participating in the Citywide or Program wide Health Program with regard to increased health insurance costs.

Section 4.

Where an employee is suspended without pay prior to disciplinary trial for disciplinary reasons for more than 30 days, the employee shall receive full health and hospitalization benefit coverage during the period of the suspension following the first 30 days. Where an employee is subsequently restored to full pay status, as of the date of suspension, the employee shall be restored to full health and hospitalization coverage for the first 30 days of the suspension.

Section 5. Health Care Flexible Spending Account.

a. A flexible health care spending account shall be established after July 1993 pursuant to Section 125 of the IRS Code. Those employees eligible for New York City health plan coverage as defined on page 32, section 4(B) of the 1992 New York City Health Summary Program Description shall be eligible to participate in the account. Participating employees shall contribute at least $260 per year up to a maximum of $5,000 per year. Said contribution minimum and maximum levels may be modified by the MLC Health Advisory Committee based on experience of the plan. Any unfunded balance may be deducted from final salary payments due an employee.

b. Expenses of the account shall include but not be limited to deductibles, co-insurance, co-payments, excess expenses beyond plan limits, physical exams and health related transportation costs for vision, dental, medical and prescription drug plans where the employee and dependents are covered. In no case will any of the above expenses include those non-deductible expenses defined as non-deductible in IRS Publication 502.

c. An administrative fee of $1.00 per week for the first year shall be charged for participation in the program. An employee's participation in the account is irrevocable during a plan year. At the close of the plan year any excess balance in an employee's account will not be refunded.

ARTICLE XIII -HEALTH AND WELFARE FUND

Section 1.

a. Effective, February 15, 2004, the City shall continue to contribute the pro rata annual amount of $1,458 for each employee for remittance to the Health and Welfare Fund of the Detective's Endowment Association of the City of New York ("Welfare Fund") pursuant to the terms of a supplemental agreement to be reached by the parties subject to the approval of the Corporation Counsel.

b. Pursuant to its commitment, the DEA will continue to provide benefits to employees' domestic partners.

c. To the extent permitted by law, part of the amounts so contributed may be applied to maintain an appropriate legal services plan, pursuant to the terms of a supplemental agreement between the parties as approved by the Corporation Counsel.

d. Effective June 22, 2001 employees who have been separated from service subsequent to December 31, 1970, and who were covered by the Health and Welfare Fund of the Detective Endowment Association at the time of such separation pursuant to a supplementary agreement between the City and the DEA shall continue to be so covered, subject to the provisions of Section 1 a, b, c, and d hereof, on the same contributory basis as incumbent employees. Contributions shall be made only for such time as said individuals remain primary beneficiaries of the New York City Health Insurance Program and are entitled to benefits paid for by the City through such Program.

e. Civil Legal Representation Fund Effective June 22, 2001, the City shall continue to contribute $75 per annum for each active Employee to the Welfare Fund to establish a civil legal representation fund pursuant to the terms of a supplemental agreement between the City and Union as approved by the Corporation Counsel. While these funds shall be administered by the applicable Welfare Fund, they are to be maintained in a separate account and shall not be commingled with the other monies received by the Welfare Fund. Only the $75 provided above may be used for civil legal representation. No additional monies from the Welfare Fund may be used for civil legal representation.

f. Effective February 15, 2006, the City shall continue to contribute $25 per annum for each active Employee to the Welfare Fund to establish a civil legal representation fund pursuant to the terms of a supplemental agreement between the City and Union as approved by the Corporation Counsel. While these funds shall be administered by the applicable Welfare Fund, they are to be maintained in a separate account and shall not be commingled with the other monies received by the Welfare Fund. Only the $25 provided above may be used for civil legal representation. No additional monies from the Welfare Fund may be used for civil legal representation.

g. Such payments shall be made pro rata by the City every twenty eight (28) days.

Section 2.

Where an employee is suspended without pay for disciplinary reasons and is subsequently restored to full pay status as of the date of the suspension, the employee shall receive full Health and Welfare Fund coverage for the period of the suspension.

ARTICLE XIV - ANNUITY FUND

Section 1.

a. Effective June 22, 2001, the City shall continue to contribute for each employee, on a twenty eight (28) day cycle basis, a pro-rata daily contribution for each working day for which such employee is paid by the City which amount shall not exceed $989.19 per annum for each First Grade Detective, $910.89 per annum for each Second Grade Detective and $848.25 for each Third Grade Detective in full pay status in the prescribed twelve (12) month period. Contributions hereunder shall be remitted by the City each twenty eight (28) days to a mutually agreed upon annuity fund pursuant to the terms of a supplemental agreement to be reached by the parties subject to the approval of the Corporation Counsel.

b. Effective December 22, 2003, the City shall increase its Annuity Fund contributions to $1119.69 per annum for each First Grade Detective, $1041.39 per annum for each Second Grade Detective and $978.75 for each Third Grade Detective.

c. Effective February 15, 2006, the City shall contribute at the rate of $522 per annum on behalf of new appointees to Third Grade Detective until such Employees reach basic maximum salary.

Section 2.

Where an employee is suspended without pay for disciplinary reasons and is subsequently restored to full pay status as of the effective date of the suspension, the employee shall receive full Annuity Fund coverage for the period of the suspension.

ARTICLE XV - GENERAL

Section 1. Safety Helmets

The City agrees to furnish a safety helmet and equipment related thereto for each employee. Such headgear shall conform to Police Department specifications in effect at the time of this Agreement.

Section 2. Parking Facilities
It is the intent of the Department to make available without liability to the City, City owned property and on street locations adjacent to, near or part of police stations or other command locations, as parking facilities for the personal cars of employees. A single designated representative of the Department and a single designated representative of the DEA will survey locations in the vicinity of station houses to determine what space is available which could reasonably be used for police parking and, where space exists, the Department and the DEA will jointly request of the appropriate City agency designation of such locations. This expressed intent of the Department does not imply any obligation or commitment on the part of the City or the Department to make available any such location or parking facilities. Where such property is provided and so designated for this purpose, the City shall not be obligated to improve the same, nor to maintain it for parking. The City need not continue to provide such property for parking when the City, in its discretion, decides to make a different use of it. All inquiries or complaints from employees concerning the subject matter or application of this Section shall be referred directly to the DEA for investigation and review. The DEA shall screen and thereafter shall present only those inquiries or complaints which it believes are justified to the Commanding Officer of the Office of Labor Relations of the Police Department, or the Commanding Officer's designee, for discussion and possible adjustment.

This Section shall not be subject to the grievance procedure.

Section 3. Maintenance of Facilities
All commands and other Departmental places of assignment shall have adequate heating, hot water and sanitary facilities. The Union shall give notice to the Department of any failure to maintain these conditions. If not corrected by the Department within a reasonable time, the Union may commence a grievance at Step 3 of the grievance procedure concerning that failure.

Section 4. Private Hospital Accommodations for Line -of- Duty Injuries
It is the intent of the City to use its best efforts to secure private room accommodations in a hospital for employees injured in the line of duty. This section shall not be subject to the grievance procedure.

Section 5. Information Exchange
a. The Department will provide the Union with a copy of all Orders, Department Bulletins, "Open Door" issues, and press releases. The details of delivery shall be worked out between the parties.

The Department will provide to the Union on a semi annual basis a computer printout containing names and addresses of employees listed alphabetically.

b. The Union will provide the Department with a copy of Union publications, bulletins and press releases.

Section 6. Meal Areas
A representative of the Department and a representative of the DEA will meet to determine an adequate meal area for employees within each command and other Departmental places of assignment. This does not contemplate rebuilding or extensive remodeling.

Section 7. Personal Folder
a. The Personnel Bureau will provide the Union with a list of categories of items included in the Personal Folder with an indication of those confidential items which an employee is not permitted to review.

b. Employees may view their folders on normal business days between the hours of 9:00 a.m. and 5:00 p.m. by appearing in person at the Employee Management Division, Personnel Bureau, 10th Floor, Police Headquarters. To avoid delay, employees should call the Employee Management Division at least one day in advance.

c. The Department will upon written request to the Chief of Personnel by the individual employee, remove from the Personal Folder investigative reports which, upon completion of the investigation, are classified "exonerated" and/or "unfounded".

Section 8. Disciplinary Records
Where an employee has been charged with a "Schedule A" violation as listed in Patrol Guide 118 2 and such case is heard in the Trial Room and disposition of the charge at trial or on review or appeal therefrom is other than "guilty", the employee concerned may, after 2 years from such disposition, petition the Police Commissioner for a review for the purpose of expunging the record in the case. Such review will be conducted by a board composed of the Deputy Commissioner Trials, Department Advocate, and the Chief of Personnel, or their designees. The Board will make a recommendation to the Police Commissioner. The employee concerned will be notified of the final decision of the Police Commissioner by the Deputy Commissioner Trials.

Section 9. Disciplinary Procedures
The parties, through a joint subcommittee, shall develop procedures to insure that:

a. All disciplinary charges shall be brought in a timely fashion pursuant to the current departmental regulations.

b. Departmental trials shall be held as promptly as possible, utilizing additional hearing personnel.

c. Reimbursement shall be made for any period of suspension in excess of any penalty ultimately levied.

Section 10. Fixed Post Duty
A commanding officer may limit fixed post duty for a single employee to a single four hour period.

Section 11. Lump Sum Payments
Where an employee has an entitlement to accrued annual leave and/or compensatory time, and the City's fiscal condition requires employees who are terminated, laid off or who choose to retire in lieu of layoff to be removed from the payroll on or before a specific date, or where an employee reaches the mandatory retirement age, the employer shall provide the monetary value of accumulated and unused annual leave and/or compensatory time allowances standing to this credit in a lump sum. Such payments shall be in accordance with the provisions of Executive Order 30, dated June 24, 1975.

Where an employee has an entitlement to terminal leave and the City's fiscal situation requires that employees who are terminated, laid off or retired be removed from the payroll on or before a specific date, or where an employee reaches the mandatory retirement age, the employer shall provide a monetary lump sum payment for terminal leave in accordance with the provisions of Executive Order 31, dated June 24, 1975.

Section 12. Interest Payments
Interest on wage increases shall accrue at the rate of three percent (3%) per annum from one hundred-twenty (120) days after execution of this Agreement or one hundred twenty (120) days after the effective date of the increase, whichever is later, to the date of actual payment. Interest on longevity and step up increments, differentials and holiday pay shall accrue at the rate of three percent (3%) per annum from one hundred-twenty (120) days following its earning or one hundred-twenty (120) days after the execution of this Agreement, whichever is later, to the date of actual payment. Interest on overtime pay shall accrue at the rate of three percent (3%) per annum from one hundred-twenty (120) days following its earning or one hundred twenty (120) days following the employee's submission of an overtime report, whichever is later. Interest accrued pursuant to this paragraph shall be payable only if the amount of interest due to an individual employee exceeds five dollars ($5.00).

Section 13. Public Transportation
The City and the DEA will use their best efforts to effect free transportation on buses and subways for police officers who are designated as Detectives.

Section 14. Safeguarding of Records
Employees shall take all reasonable means to safeguard court and departmental records in their care after a normal tour of duty is completed in court. The loss or damage of such records shall not be grounds for disciplinary action unless due to the employee's negligence.

Section 15. Polygraphs
The current practice concerning the use of polygraphs in internal investigations shall be maintained during the current collective bargaining agreement.

Section 16. Performance Compensation
The City acknowledges that each of the uniformed forces performs an important service that reflects the diverse missions of the City's uniformed agencies. In order to reward service of an outstanding, exceptional nature, each of the uniformed agencies will establish a performance compensation program to recognize and reward such service, tailored to the unique missions of the individual uniformed agency.

The parties agree that additional compensation may be paid to employees performing outstanding, exemplary, difficult and/or unique assignments. The City will notify and discuss with each affected union of its intent to pay such additional compensation and the individuals to be compensated.

The criteria for the granting of performance-based compensation shall be based upon outstanding performance in the work assigned, and/or performance of unique and difficult work.

The performance-based compensation payments provided for in this section shall be one-time, non-recurring cash payments subject to applicable pension law. An employee can receive no more than one payment annually.

This provision shall not affect any existing productivity programs covered in any existing collective bargaining agreements. Nor shall this provision be construed to waive any obligation of the City to negotiate over future productivity programs as required by applicable law.

ARTICLE XVI - UNION ACTIVITY

Section 1.
Time spent by union officials and representatives in the conduct of labor relations shall be governed by the provisions of Mayor's Executive Order No. 75, as amended, dated March 22, 1973, or any other applicable Executive Order or local law, or as otherwise provided in this Agreement. No employee shall otherwise engage in Union activities during the time the employee is assigned to the employee's regular duties.

Section 2.
Union Trustees and delegates shall be recognized as representatives of the Union within their respective territories and commands. For the purpose of attending the regularly scheduled monthly delegate meetings, but not more than 12 per year, there will be a 24 hour excusal either from 0001 to 2400 hours on the day of the meeting for daytime meetings, or from 0800 on the day of the meeting to 0800 the following day for evening meetings. If the delegate or officer is either sick or out of town on leave or assignment, or is required to appear in court, an alternate will be able to obtain this same excusal. The Union will provide the City with a list of those attending each such meeting, which shall be the basis for their payment.

Section 3.
The parties shall explore a further clarification of departmental rules and procedures to enable DEA delegates and officers to represent properly the interests of Detectives. An appropriate departmental order in this regard shall be issued.

ARTICLE XVII - NO DISCRIMINATION

In accord with applicable law, there shall be no discrimination by the City against any employee because of Union activity.

ARTICLE XVIII - NIGHT SHIFT DIFFERENTIAL

a. There shall be a 10% night shift differential effective January 1, 1971 applicable to all employees assigned to rotating tours of duty for all work actually performed between the hours of 4:00 p.m. and 8:00 a.m. There shall be a 10% night differential effective January 1, 1971 applicable to all other employees for all work actually performed between the hours of 4:00 p.m. and 8:00 a.m., provided that more than one hour is actually worked after 4:00 p.m. and before 8:00 a.m.

b. Where overtime compensation is to be calculated for tours in the regular duty chart, the overtime calculation shall be based on the rate paid for the tour to which the overtime is attached; for tours not in the regular duty chart, the overtime calculation shall be based on that rate paid for half or more of the hours of the tour to which the overtime is attached.

ARTICLE XIX - OVERTIME TRAVEL GUARANTEE

Section 1.
Employees shall not be entitled to Overtime Travel Guarantee compensation unless assigned to duty in uniform. If, however, an employee is assigned to duty in uniform, the employee shall receive such compensation in accord with the provisions of this Article.

Section 2.
Overtime travel guarantee compensation shall continue to be paid as follows:

a. In the event that an employee is assigned to a post outside the employee's permanent command and the employee is required to report at such post at the start of the employee's regular tour of duty, the employee shall accrue an allowance for travel to the post to which the employee is assigned at the rate of time and one half for 45 minutes of travel time if the assigned post is within the same patrol borough as that of the employee's permanent command or at the rate of time and one-half-for 1-1/4 hours if the assigned post is in a different patrol borough from that of the employee's permanent command.

b. In the event that an employee is assigned to a post outside the employee's permanent command and the employee cannot return to the employee's permanent command within the employee's regular tour of duty, the employee shall accrue an allowance for travel to the employee's permanent command at the same rate as stated in Subsection 2(a) of this Article XIX.

Section 3.
The overtime accrued pursuant to this Article XIX for any one day shall be taken by the employee at the employee's sole option either all in cash or all in compensatory time off.

Section 4.
(1) All claims for payment of compensatory time off which is earned as pursuant to this Article on January 1, 1978 or thereafter must be submitted to the appropriate payroll personnel by the applicant within 180 days from the date payment is earned for payment in cash. All applications submitted after 180 days up to 365 days from the date payment is earned will be granted the appropriate compensatory time off only for claims under this Article.

(2) If a request for payment is timely submitted and rejected by the Police Department, the grievant shall have 120 days from the date of receipt of a written rejection notice to file a grievance pursuant to this Article.

(3) The above clarification shall apply only to claims under this Article earned on January 1, 1978 or thereafter.

(4) This clarification applies to a grievance brought under this collective bargaining contract only. It has no applicability to any other legal remedy which an individual may have.

ARTICLE XX - GRIEVANCE AND ARBITRATION PROCEDURE

Section 1. Definitions

a. For the purposes of this Agreement, the term "grievance" shall mean:

(1) a claimed violation, misinterpretation or inequitable application of the provisions of this Agreement;

(2) a claimed violation, misinterpretation or misapplication of the rules, regulations or procedures of the Police Department affecting terms and conditions of employment, provided that, except as otherwise provided in this Section 1(a), the term "grievance" shall not include disciplinary matters;

(3) a claimed improper holding of an open competitive rather than a promotional examination;

(4) a claimed assignment of the grievant to duties substantially different from those stated in the grievant's job title specification.

b. For the purposes of this Agreement the term, "Commanding Officer" shall mean the immediate Commanding Officer of the aggrieved employee.

c. For the purposes of this Agreement the term "Reviewing Officer" shall mean the superior officer in charge of the next higher command or level above a Commanding Officer.

d. For the purposes of this Agreement the term "Board" shall mean the Personnel Grievance Board to be composed of three (3) members, as follows: a Deputy Commissioner or other designee of the Police Commissioner, who shall be Chairman of the Board, the Chief of Department or the Chief of Department's designee, and the President of the Union or the President's designee.

e. For the purposes of this Agreement the term "grievant" shall mean an employee or group of employees asserting a grievance or the Union or both, as the context requires.

Section 2.
The availability of the grievance or arbitration procedure shall not justify a failure to follow orders.

Section 3.
a. Every grievant shall have the right to present a grievance in accord with the procedure provided herein free from coercion, interference, restraint or reprisal.

b. The informal resolution of differences of grievances is urged and encouraged at all levels of supervision.

c. Commanding Officers and Reviewing Officers shall promptly consider grievances presented to them and, within the scope of their authority take such necessary action as is required herein.

d. Commanding Officers, Reviewing Officers and members of the Personnel Grievance Board shall consider objectively the merits of grievances with due consideration to the harmonious interrelationship that is sought to be achieved

among all members of the force and for the good of the Police Department.

e. Any employee may present the employee's own grievance through the first four steps of the grievance procedure either individually (with the aid of the employee's own counsel if the employee so chooses), or through the Union, provided however that the Union shall have the right to have a representative present at each step of the grievance procedure.

Section 4.
Under the grievance procedure herein, a grievance must be initiated within 90 days following the date on which the grievance arose or the date on which the grievant should reasonably have learned of the grievance or the execution date of this Agreement, which ever date is the latest. Grievances shall be processed according to the following procedure:

STEP I.
A grievant shall present the grievance to the Commanding Officer either orally or in writing. The Commanding Officer shall carefully consider the matter, make a decision thereon and advise the grievant of the decision within five (5) days of the grievance's submission.

STEP II.
If the grievance is still not satisfactorily adjusted, at STEP I, the grievant may seek the following review within ten days after receipt of the Step I decision. The grievant shall reduce the grievance to writing on Form P.D. 158 151 (in triplicate), setting forth a concise statement of the grievance and the results of the proceedings at Step I. The grievant shall forward two copies to the appropriate Reviewing Officer and retain one copy for personal use. The Reviewing Officer shall forward one copy to the Commanding Officer, requesting the Commanding Officer's comments. The Reviewing Officer shall carefully consider said grievance, make a determination, and notify the grievant and the Commanding Officer of the Reviewing Officer's decision within ten (10) days following receipt of the grievance.

STEP III.
If the grievance is still not satisfactorily adjusted, the grievant may, not later than ten days after notification of the Reviewing Officer's decision, seek further review as follows:

The grievant shall prepare a report on P.D. 158-151 (in quintuplicate) setting forth a concise statement of the grievance and the results of the proceedings at Step I and II. The grievant shall forward four copies of the report through official channels to the Chairman, Personnel Grievance Board, retaining one copy for personal use. The Board shall forward one copy to the Reviewing Officer, requesting the Reviewing Officer's comments thereon. The Personnel Grievance Board shall meet at least once a month on a date designated by the Chairman. At each meeting, the Board shall consider all grievances which, at least five days prior to such meeting, have been properly referred to the Board. The grievant may choose to have the grievant's representatives present at the meeting, at which time oral and written statements may be presented.

The Board shall carefully consider said grievance, make a determination and notify the grievant, the Commanding Officer and the Reviewing Officer, in writing, of its decision within seven days after the meeting at which the grievance is considered.

It is understood and agreed by and between the parties that there are certain grievable disputes which are of a Department level or of such scope as to make adjustments at Step I or Step II of the grievance procedure impracticable, and, therefore, such grievances may be instituted at Step III of the grievance procedure by filing the required written statement of the grievance directly with the Chairman of the Personnel Grievance Board; the Chairman or Chairman's designee shall convene a meeting of the Board within five (5) working days following receipt of the grievance, and the Board shall render its decision within five (5) working days following that meeting.

STEP IV.
Where the grievance is not satisfactorily adjusted at Step III, the grievants may, not later than 30 calendar days after notification of the Board's decision, request that the grievance be referred to the Police Commissioner for determination; and the Police Commissioner shall make a determination within ten working days following receipt of the grievance. This determination shall be made after appropriate consultation with any or all parties to the grievance, including the Chairman of the Board and/or the Board members; and copies shall be sent to the grievant and the Union.

Grievances which affect substantial numbers of employees may be compressed by elimination of the fourth Step of the Grievance Procedure.

Section 5.
At every step of these procedures, the grievant and the officer considering the grievance shall work for a satisfactory adjustment. At any step, the Commanding Officer, the Reviewing Officer and the Board shall have the right to summon the grievant and any and all persons considered necessary to equitable adjustment of the grievance. Proceedings shall be informal. The Chairman of the Personnel Grievance Board shall take such steps to implement the provisions concerning grievances as are necessary for the proper and effective operation of the procedures provided for herein. The Chairman shall resolve questions as to jurisdictional responsibility of Commanding Officers and Reviewing Officers and shall work out the operational details of the program. For these purposes, the Chairman shall issue orders and instructions through the Chief of Department not inconsistent with the provisions of this Article.

Section 6.
The grievance procedure established hereinbefore is designed to operate within the framework of, and is not intended to abolish or supersede existing rules and procedures providing for additional methods of redress. These include, but are not limited to, the existing rights of a grievant to request an interview with the Police Commissioner.

Section 7.
Any and all of the foregoing grievance steps may be waived by the written consent of both parties.

Section 8.
Within twenty (20) days following receipt of the Police Commissioner's STEP IV decision, the Union shall have the right to bring grievances unresolved at STEP IV to impartial arbitration pursuant to the New York City Collective Bargaining Law and the Consolidated Rules of the New York City Office of Collective Bargaining. In addition, upon ten (10) days' written notice to the Union, the City shall have the right to bring directly to arbitration any dispute between the parties concerning any matter defined as a "grievance" herein. The City shall commence such arbitration by submitting a written request therefor to the Office of Collective Bargaining, with a copy to the Union; and the matter shall proceed pursuant to the Consolidated Rules of the Office of Collective Bargaining.

A permanent rotating Panel of three (3) Arbitrators shall be established, drawn from the official panel of the Office of Collective Bargaining, as agreed to by both parties. The members of the Panel shall be assigned on a rotating basis to arbitrate all grievances under this Section.

The assigned Arbitrator shall hold a hearing at a time and place convenient to the parties and a transcript shall be taken unless the taking of a transcript is waived by both parties. The Arbitrator shall attempt to issue an award within ten (10) days after the completion of the hearing.

The City and the Union shall each pay 50% of the fees and expenses of the Arbitrator and of all other expenses incidental to such arbitration. The costs of one copy for each party and one copy for the Arbitrator of the transcripts shall be borne equally by the parties.

Section 9.
In the case of grievances falling within Sections 1(a)(1) or 1(a)(2) of this Article, the Arbitrator's decision, and order or award (if any), shall be limited to the application and interpretation of the collective bargaining agreement, rule, regulation, procedure, order or job title specification involved, and the Arbitrator shall not add to, subtract from, or modify any such Agreement, rule, regulation, procedure, order or job title specification. An Arbitrator's award shall be final and binding and enforceable in any appropriate tribunal in accord with Article Seventy-five of the Civil Practice Law and Rules, except that awards as to grievances concerning assignment of the grievant to duties substantially different from those stated in the grievant's job title specification or the use of open competitive rather than promotional examinations shall be final and binding and enforceable only to the extent permitted by law. An Arbitrator may provide for and direct such relief as the Arbitrator determines to be necessary and proper, subject to the limitations as set forth above and any applicable limitations of the law.

Section 10.
The time limits contained in this Article may be modified by mutual agreement. In the event that the Department fails to comply with the time limits prescribed herein, the grievance may be advanced to the next step.

ARTICLE XXI - LINE-OF-DUTY DEATH BENEFIT

In the event, an employee dies because of a line of duty injury received during the actual and proper performance of police service relating to the alleged or actual commission of an unlawful act, or directly resulting from a characteristic hazard of police duty, through no fault of the employee's, a payment of $25,000 shall be made from funds other than those of the Retirement System in addition to any other payment which may be made as a result of such death. Such payment shall be made to the beneficiary designated under the Retirement System or, if no beneficiary is so designated, to the estate of the deceased.

ARTICLE XXII - DEATH BENEFIT UNUSED LEAVE AND COMPENSATORY TIME

If an employee dies while employed by the City, the employee's beneficiary designated under the Retirement System or, if no beneficiary is so designated, the deceased's estate shall receive payment in cash for the following as a death benefit:

(a) All unused accrued leave up to a maximum of 54 days' credit;

(b) All unused accrued compensatory time earned subsequent to January 1, 1971 which is verifiable by official Department records up to a maximum of two hundred (200) hours.

ARTICLE XXIII - OPTIONAL WORK DURING VACATIONS

Section 1.
Any employee may volunteer to work for one five day period during such employee's vacation leave. Whether the volunteer will be assigned to duty is within the discretion of the Department. If assigned to duty, the assignment shall be at the discretion of the Department to any regular platoon in any one command for the entire five day period. No employee shall be discriminated against in the application of this Section because the employee is in the last year of service.

Section 2.
An employee who so volunteers shall be compensated at the employee's regular straight time rate of pay for all work performed during the assigned platoon's regular hours of work. Except as otherwise provided in this Article, all other provisions of this Agreement shall be applicable to work so performed.

Section 3.
Contributions under Article XIII (Health and Welfare Fund) and Article XIV (Annuity Fund) of this Agreement shall not be paid for work performed pursuant to this Article.

Section 4.
For purposes of Article XIX (Overtime Travel Guarantee) of this Agreement, the command to which an employee is so assigned for the five day period shall be deemed that employee's "permanent command."

ARTICLE XXIV - NO STRIKES

In accord with applicable law, neither the Union nor any employees shall induce or engage in any strikes, slowdowns, work stoppages or mass absenteeism or induce any mass resignations during the terms of this Agreement.

ARTICLE XXV - BULLETIN BOARDS

The Union may post notices on bulletin boards in places and locations where notices usually are posted by the employer for employees to read. All notices shall be on Union stationery, shall be used only to notify employees of matters pertaining to Union affairs, and shall not contain any derogatory or inflammatory statements concerning the City, the Department or personnel employed by either entity.

ARTICLE XXVI - LABOR-MANAGEMENT COMMITTEE

Section 1.
The City and the Union, having recognized that cooperation between management and employees is indispensable to the accomplishment of sound and harmonious labor relations, shall jointly maintain and support a labor management committee.

Section 2.
The labor management committee shall consider and may recommend to the Police Commissioner changes in the working conditions of the employees, including, but not limited to, the following subjects: the adequate levels of police coverage to ensure the safety of employees on duty; and excusal policy for employees appearing in court after the midnight tour. Matters subject to the grievance procedure shall not be appropriate items for consideration by the labor management committee.

Section 3.
The labor management committee shall consist of six members who shall serve for the term of this Agreement. The Union shall designate three members and the Police Commissioner shall designate three members. Vacancies shall be filled by the appointing party for the balance of the term to be served. Each member may designate one alternate. The committee shall select a chairman from among its members at each meeting. The chairmanship of the committee shall alternate between the members designated by the Police Commissioner and the members designated by the Union. A quorum shall consist of a majority of the total membership of the committee. The committee shall make its recommendation to the Police Commissioner in writing.

Section 4.
The labor management committee shall meet at the call of either the Union members or the City members at times mutually agreeable to both parties. At least one week in advance of a meeting the party calling the meeting shall provide to the other party a written agenda of matters to be discussed. Minutes shall be kept and copies supplied to all members of the committee.

ARTICLE XXVII - NO WAIVER

Except as otherwise provided in this Agreement, the failure to enforce any provision of this Agreement shall not be deemed a waiver thereof. This Agreement is not intended and shall not be construed as a waiver of any right or benefit to which employees are entitled by law.

ARTICLE XXVIII - SAVINGS CLAUSE

If any provision of this Agreement is found to be invalid, such invalidity shall not impair the validity and enforceability of the remaining provisions of this Agreement.

ARTICLE XXIX - FINANCIAL EMERGENCY ACT

The provisions of this Agreement are subject to applicable provisions of law, including the New York State Financial Emergency Act for the City of New York, as amended.

ARTICLE XXX - TERM

The term of this Agreement shall commence on February 15, 2004 and shall expire at midnight on March 31, 2008..

IN WITNESS WHEREOF, the parties have executed this agreement on the May 7th, 2007 day and year first above written.

Re: D.E.A. Agreement for the period
February 15, 2004 to March 31, 2008

Dear Mr. Palladino:

During the life of the above Agreement, the Police Department shall make advancements in grade of Detectives assigned to investigative functions. The Department shall send out a memorandum to all commanders requesting recommendations on candidates for promotions for such detectives to the first and second grades.

Very truly yours,
Raymond W. Kelly
Police Commissioner

Re: D.E.A. Agreement for the period
February 14, 2004 to March 31, 2008

Dear Mr. Palladino:

During the life of the above Agreement, it is my intention not to evaluate Detectives on a numerical basis nor is it my intention to conduct evaluations more than twice per year.

Very truly yours,
Raymond W. Kelly

Re: D.E.A. Agreement for the period
February 15, 2004 to March 31, 2008

Dear Mr. Palladino:

This is to confirm our intention regarding the transfer of Detective specialists from one command to another.

A Detective specialist who requests a transfer from one command to another pursuant to Patrol Guide Procedure 120-26 will not automatically lose his/her Detective designation if such transfer is granted by the Police Department.

Very truly yours,
Raymond W. Kelly

Re: D.E.A. Agreement for the period
February 15, 2004 to March 31, 2008

Dear Mr. Palladino:

This is to reflect that our agreement increased the number of appearances required by certain Detectives as follows:

Each employee designated as Detective on or after February 1, 1990 shall be required to work six (6) additional tours per year beyond the number required for a similarly situated incumbent Detective.

Effective April 1, 1995, each employee designated as Detective on or after February 1, 1990, who is assigned to a "four-by-two" work chart, will no longer be required to work the above six (6) additional appearances, as long as that employee is assigned to a "four-by-two" work chart. After the completion of six (6) years as a Detective, all employees designated as Detective on or after February 1, 1990, regardless of work chart, will no longer be required to work the above six (6) additional appearances.

Very truly yours,
James F. Hanley

Re: D.E.A. Agreement for the period
February 15, 2004 to March 31, 2008

Dear Mr. Palladino:

This is to confirm our mutual understanding and agreement regarding Article XII of the above Agreement. If the stabilization fund referred to does not have sufficient monies to maintain the then current level of health insurance benefits provided under GHI-CBP/Blue Cross plan, payroll deductions in the appropriate amounts shall be taken from employees and retirees enrolled in such plan unless agreement is reached on a program wide basis to take the needed monies from the contributions to the welfare fund provided in Article XIII of the above Agreement.

Re: D.E.A. Agreement for the period
February 15, 2004 to March 31, 2008

Dear Mr. Palladino:

This is to confirm that during negotiations for the successor agreement to this 2004-2008 agreement the parties shall negotiate the issue of increasing the City's contribution to the DEA Health and Welfare Fund as the first issue to be addressed. The issues to be negotiated shall include the intent of the parties to equalize the City's total contribution to the DEA Health and Welfare Fund with the total contributions made by the City to other health and welfare funds on behalf of other employees and that the DEA shall be responsible for the cost of such increased contributions.

If the above conforms to your understanding, please execute the signature line below.

Dear Mr. Palladino:

The City and the DEA recognize that, pursuant to Administrative Code Section 12-127, the City is obligated to pay for the cost of line of duty injury prescription drugs for DEA members. The parties further recognize that a significant number of DEA members have utilized the DEA Health and Welfare Fund to pay for these prescription drugs without reimbursement by the City. The DEA agrees to waive any and all claims retroactively and prospectively against the City for the reimbursement of the cost of line of duty injury prescription drugs.

If the above conforms to your understanding, please execute the signature line below.

Re: DEA Agreement for the period February 15, 2004 to March 31, 2008

Dear Mr. Palladino:

Pursuant to Section XIII of this agreement, the parties agree that there shall be an increase in the welfare fund contribution of $100 per annum, effective December 22, 2003.

For purposes of implementing this rate increase to the Retiree Welfare Funds, the following shall apply:

- The monthly contribution for November 2003 shall be $96.50.
- The monthly contribution for December 2003 shall be $99.24.
- The monthly contribution for January 2004 shall be $104.8333.

Pursuant to Section 5 of the 2001 MLC Health Benefits Agreement, the parties agree that there shall be an increase in the welfare fund contribution of $200 per annum, effective on the last day of the separate successor unit agreement.

For purposes of implementing this rate increase to the Retiree Welfare Funds, the following shall apply:

- The monthly contribution for February 2004 shall be $113.5933.
- The monthly contribution for each month thereafter shall be $121.50

If the above accords with your understanding, please execute the signature line below.

Re: D.E.A. Agreement for the period
February 15, 2004 to March 31, 2008

Dear Mr. Palladino:

This is to reflect that our agreement modified the number of appearances and tours required by certain Detectives as follows:

Effective February 15, 2006, for those Detectives who previously worked tours of eight hours and fifteen minutes (8:15), the length of the tour shall be eight hours and thirty-three minutes (8:33) with 253 appearances per year.

Effective February 15, 2006, for those Detectives who had previously worked eight hour and ten minute (8:10) tours, the length of the tour shall be eight hours and twenty-eight minutes (8:28) with 256 appearances per year.

Effective February 15, 2006, for Detectives who had worked eight hour or nine hour tours on the 4 x 2 chart, the length of the tour shall be increased by fifteen (15) minutes. However, these Detectives shall not work the additional fifteen (15) minutes during any 28 day FLSA cycle in which the additional time would increase their regularly scheduled hours over the 171 hour maximum. During these cycles, the tours shall not be increased by the aforementioned fifteen (15) minutes.

Effective February 15, 2006, the parties agree that new hires outside the 4 x 2 chart will work an additional two (2) tours per year for the first six years of their employment.

READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council,** 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists--free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

The Rules may also be accessed on the City Website, http://NYC.GOV.Selltonyc

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

INVOCATION

The Invocation was delivered by Reverend Melvin E. Wilson, Pastor, St. Luke A.M.E. Church, 1872 Amsterdam Avenue, New York, NY.

Let us Pray,

Eternal, omniscient, omnipotent and omnipresent God,
we are grateful for the opportunity that we have now
to come into this place and into Your presence;

We pray God for Your wisdom, Your knowledge, and Your spirit,
as we deliberate over these matters
that will bless and help those of our City.

Thank you for the leadership of this Council,
and we ask now that as we move forward with the Agenda items so determined,
that your Will would be done so that all might be blessed and empowered.

We ask in Your Name, Amen.

Council Member Jackson moved to spread the Invocation in full upon the Record.

At this point in the Meeting, The Speaker (Council Member Quinn) asked for a Moment of Silence in memory of the following individual:

Army Specialist Brian Ritzberg, 24, of Long Island City, Queens, who died April 2nd, 2007 of wounds suffered by an explosion caused by a suicide truck bomber during combat operations in Kirkuk, Iraq. Specialist Ritzberg was assigned to the 977th Military Police Company, 1st Infantry Division. Besides his wife, Clara, Spc. Ritzberg leaves behind his father, 2 half brothers and his grandmother, who lost her only grandchild.

ADOPTION OF MINUTES

Council Member Gentile moved that the Minutes of the Stated Council Meeting of March 14, 2007 be adopted as printed.

March 30, 2007

Hon. Victor Robles
City Clerk and Clerk of the Council
Municipal Building
New York, NY 10007

Dear Mr. Robles:

Pursuant to Section 37 of the New York City Charter, I hereby disapprove Introductory Number 331-A. ("Intro. 331-A"), which would add a subchapter to the Administrative Code regulating and licensing the pedicab industry.

This Administration recognizes the need for legislation to regulate this fledgling industry and to establish basic safety requirements for the well-being of pedicab passengers and drivers, pedestrians and motor vehicles. Indeed, this Administration worked closely with the Council on the development of this bill, and agrees with its underlying framework. I believe it is important to require that all pedicabs be equipped with certain safety features and that they be inspected by the City prior to operation on City streets: I am also in agreement with the Council that pedicabs must comply with all state and local laws and rules governing bicycles. It is also appropriate to require each pedicab business to carry a policy of liability insurance.

While this Administration supports many provisions of Intro. 331-A, I cannot sign this legislation because I disagree with Intro. 331-A's imposition of a numerical cap on the number of pedicabs permitted to operate in the City.

Accordingly, Thereby disapprove Introductory Number 331-A.

Sincerely,

Michael R. Bloomberg

Referred to the Committee on Consumer Affairs.

Patrick Wehle

(The following is the text of the Mayor's Disapproval Message for Int. No. 341-A:)

April 4, 2007

Hon. Victor Robles
City Clerk and Clerk of the Council
Municipal Building
New York, NY 10007

Dear Mr. Robles:

Pursuant to Section 37 of the New York City Charter, I hereby disapprove Introductory Number 341-A, which would require' in the City of New York that only wood bats be used in competitive high school baseball games that include 14 to 17 ' year-olds as participants. The prohibition includes any organized game officiated by a certified umpire that involves the participation of a public or private school (defined as any school that includes any grade nine through 12) or the sponsorship of such a school. The bill defines a "wood bat as excluding any baseball bat made in whole or part of metal.

I share the Council's concern for the safety and well-being of high school athletes. I disagree with its view that Introductory Number 341-A will advance the goal of ensuring that high school baseball games maintain their current competitive and safe levels. Baseball is one of the safest of all the major sports played at the high

school level. The risk of injury resulting from batted balls is extraordinarily small. In the City, there is no record of any serious injury resulting from a batted ball.

Moreover, there is insufficient scientific evidence to support the contention that wood bats are safer than metal bats. In 2002, the Consumer Product Safety Commission completed its study of the relative safety of metal and wood baseball bats and concluded that the available data were insufficient to indicate that non-wood bats posed an unreasonable risk of injury. The Commission found that there was no basis for concluding that injuries produced by balls batted with non-wood bats were more frequent or severe than those involving wood bats. Similarly, organizations that oversee youth baseball, such as American Legion Baseball, found that there was insufficient evidence to conclude that metal bats pose a greater risk of injury.

In the absence of evidence establishing that a piece of sporting equipment creates a public safety concern, the issue of the most appropriate baseball equipment should be left to those charged with overseeing the sport. In the City, the Board of Education's School Support ' Services oversees the Public Schools Athletic League, which operates under the National Federation of State High School Associations. Federation rules provide that metal bats used in competitive baseball games must meet certain standards, including the "ball exit speed ratio" and length/weight differential standards utilized by the National Collegiate Athletic Association, which serve to limit the speed of a ball struck by a metal bat.

Apart from the issue of safety, the bill could very well have the unintended consequence of creating a barrier for some City high school baseball players vying for college baseball scholarships. Colleges and high schools throughout the country use metal bats. Because batting statistics for players using wood bats generally are lower than for those using metal bats (which have a larger "sweet spot"), requiring City baseball athletes to use wood bats would place them at a competitive disadvantage.

In sum, Introductory Number 341-A's ban on metal baseball bats in City high school baseball games is unsupported by any empirical data, and risks placing City high school baseball players at a competitive disadvantage. The bill represents an inappropriate intrusion into an area that should be left to the considered oversight of baseball league officials, who are best suited to address such matters.

Introductory Number 341-A is hereby disapproved.

Sincerely,

Michael R. Bloomberg

REPORTS OF THE STANDING COMMITTEES

Report of the Committee on Civil Service & Labor

Report for Int. No. 499-A

Report of the Committee on Civil Service and Labor in favor of approving and adopting, as amended, a Local Law to amend the administrative code of the city of New York, in relation to health insurance coverage for surviving family members of deceased uniformed correctional and sanitation employees.

The Committee on Civil Service and Labor to which was referred on February 1, 2007 (Minutes, page 205) the annexed amended proposed local law respectfully

REPORTS:

On April 12, 2007, the Committee on Civil Service and Labor, chaired by Council Member Joseph P. Addabbo, Jr., will hold a hearing on Proposed Int. No. 499-A, a bill that would amend subparagraph (i) of paragraph 2 of subdivision b of section 12-126 of the Administrative Code of the City of New York (the "Code"), in relation to providing health care insurance coverage to surviving spouses or domestic partners and children of deceased uniformed correctional and sanitation employees. The Committee held a previous hearing on this bill on March 30, 2007.

Background:

Currently, Section 12-126(b)(2)(i) of the Code automatically provides health insurance benefits to a surviving spouse or domestic partner and dependent children of police officers and firefighters killed as the natural and proximate result of an accident or injury sustained while in the performance of duty. The health insurance benefits are provided to a surviving spouse or domestic partner until he or she dies, and are provided to dependent children until age 19, or, if enrolled full-time as an

undergraduate at an accredited degree-granting institution of higher education, until the completion of the educational program, or age 23, whichever occurs first.

Currently, the section also provides that the Mayor has the discretion to extend such health insurance benefits to surviving spouses, domestic partners and eligible dependent children of uniformed members of the Corrections and Sanitation Departments who died in the line of duty on or after November 1, 1996 and before February 8, 2005.

Proposed Int. No. 499-A would amend Section 126(b)(2)(i) by adding the words "domestic partners" in the heading of subparagraph (2) to conform the heading to the existing text contained in that subparagraph which, as discussed above, authorizes health insurance coverage for domestic partners as well as spouses and children of deceased police officers, firefighters and certain other city employees.

Proposed Int. No. 499-A would also amend Section 126(b)(2)(i) to automatically provide health insurance coverage similar to that described above with respect to survivors of police officers and firefighters, for the surviving spouse or domestic partner, until he or she dies, and eligible dependent children of deceased uniformed workers of the Corrections and Sanitation Departments, where such death has occurred while such employee was in active service as the natural and proximate result of an accident or injury sustained while in the performance of duty. Proposed Int. 499-A would obviate the need for the current practice of amending this section upon each new occurrence of the death of such eligible worker. This would enable grieving beneficiaries to receive the health insurance coverage quickly and without waiting for the completion of a time-consuming amendment process.

This proposed local law would take effect immediately and would be retroactively deemed to have been in effect on and after September 23, 2005.

Expenditures (-)	De minimus	De minimus	De minimus

IMPACT ON REVENUES: This amendment would not have any effect on revenues.

IMPACT ON EXPENDITURES: According to HIP, the cost of health benefits for one family is $8,821.68 per year (based on the family HIP rate of $735.14 per month). OMB estimates a cost of $50,000 per year, based on 5 line of duty deaths with health care costing $10,000 per family. This amendment would have a de minimus effect on city expenditures with a minimal number of annual DOC and DSNY line-of-duty deaths.

By Council Members Addabbo Jr., The Speaker (Council Member Quinn), Felder, Fidler, Gennaro, Gentile, James, Koppell, McMahon, Mealy, Monserrate, Palma, Recchia, Vann, Weprin, Gerson, Martinez, Katz, Nelson and Gonzalez, Seabrook, Jackson and Sears (in conjunction with the Mayor)

A Local Law to amend the administrative code of the city of New York, in relation to health insurance coverage for surviving family members of deceased uniformed correctional and sanitation employees.

Be it enacted by the Council as follows:

Section 1. The heading and subparagraph (i) of paragraph 2 of subdivision b of section 12-126 of the administrative code of the city of New York, subparagraph (i) as amended by local law number 96 for the year 2005, are amended to read as follows:

(2) Health insurance coverage for surviving spouses, *domestic partners* and children of police officers, firefighters and certain other city employees:

(i) Where the death of a member of the uniformed forces of the police or fire departments is or was the natural and proximate result of an accident or injury sustained while in the performance of duty, the surviving spouse or domestic partner, until he or she dies, and the children under the age of nineteen years and any such child who is enrolled on a full-time basis in a program of undergraduate study in an accredited degree-granting institution of higher education until such child completes his or her educational program or reaches the age of twenty-three years, whichever comes first, shall be afforded the right to health insurance coverage, and health insurance coverage which is predicated on the insured's enrollment in the hospital and medical program for the aged and disabled under the social security act, as is provided for city employees, city retirees and their dependents as set forth in paragraph one of this subdivision. [The mayor may, in his or her discretion, authorize the provision of such health insurance coverage for] *Where the death of a uniformed member of the correction or sanitation departments has occurred while such employee was in active service as the natural and proximate result of an accident or injury sustained while in the performance of duty,* the surviving [spouses] *spouse or* domestic [partners] *partner, until he or she dies,* and [children] *the child* of [uniformed correctional and sanitation employees who died on or after November first, nineteen hundred ninety-six and before February eighth, two thousand five,] *such employee who is under the age of nineteen years and any such child who is enrolled on a full-time basis in a program of undergraduate study in an accredited degree-granting institution of higher education until such child completes his or her educational program or reaches the age of twenty-three years, whichever comes first, shall be afforded the right to health insurance coverage, and health insurance coverage which is predicated on the insured's enrollment in the hospital and medical program for the aged and disabled under the social security act, as is provided for city employees, city retirees and their dependents as set forth in paragraph one of this subdivision. The mayor may, in his or her discretion, authorize the provision of such health insurance coverage for* the surviving spouses, domestic partners and children of employees of the fleet services division of the police department who died on or after October first, nineteen hundred ninety-eight and before April thirtieth, nineteen hundred ninety-nine, and the surviving spouses, domestic partners and children of employees of the roadway repair and maintenance division of the department of transportation who died on or after September first, two thousand five and before September twenty-eighth, two thousand five, as a natural and proximate result of an accident or injury sustained while in the performance of duty, subject to the same terms, conditions and limitations set forth in the section. Provided, however, and notwithstanding any other provision of law to the contrary, and solely for the purposes of this subparagraph, a member otherwise covered by this subparagraph shall be deemed to have died as the natural and proximate result of an accident or injury sustained while in the performance of duty upon which his or her membership is based, provided that such member was in active service upon which his or her membership is based at the time that such member was ordered to active duty, other than for training purposes, pursuant to Title 10 of the United States Code, with the armed forces of the United States, and such member died while on active duty on or after the effective date of the chapter of the laws of two thousand five which amended this subparagraph while serving on such active military duty.

§2. This local law shall take effect immediately, and shall be retroactive to and deemed to have been in full force and effect on and after September 23, 2005.

Report of the Committee on Consumer Affairs

Report for Int. No. 383-A

Report of the Committee on Consumer Affairs in favor of approving and adopting, as amended, a Local Law to amend the administrative code of the city of New York, in relation to the unauthorized operation of a recording device in a motion picture theater.

The Committee on Consumer Affairs to which was referred on June 20, 2007 (Minutes, page 2674) the annexed amended proposed local law respectfully

REPORTS:

INTRODUCTION

On Thursday, April 12, 2007, the Committee on Consumer Affairs, chaired by Council Member Leroy Comrie, will meet to further consider Proposed Introductory Bill Number 383-A ("Intro. 383-A"), which would amend title 10 of the administrative code of the city of New York by adding a new chapter 7. The Committee previously held two meetings jointly with the Committee on Small Business, chaired by Council Member David Yassky, to discuss the issue of film piracy in New York City, one such hearing specifically addressing the provisions of Intro. 383-A. At those meetings, the Committees heard testimony from the Comptroller's Office, the Administration, the Motion Picture Association of America ("MPAA"), the League of American Theaters and Producers, and others.

BACKGROUND

New York City's Film Industry

The movie industry in New York City is an important part of the U.S. and New York State economy. In New York State, the film and broadcast businesses account for approximately 100,000 jobs, and a record 23,321 shooting days took place in New York in 2004.[1] The total of direct and indirect spending generated by these industries in New York State is approximately $5 billion.[2]

New York City and State recognized the importance of the film industry by establishing a Film Production Tax Credit in January 2004.[3] This legislation created an estimated 6,000 jobs, increased the amount of money spent on film production in New York by $450 million and contributed substantially to supporting businesses such as transportation, security, catering and construction.[4]

Film Piracy

Although most counterfeit goods originate in Asia,[5] a substantial amount of CD and DVD counterfeiting takes place in New York City. In fact, according to the Comptroller's Report, 42% of all counterfeit compact discs seized in the U.S. are made within the New York metropolitan area,[6] and, according to the Motion Picture Association of America (MPAA), New York is a major source of worldwide movie piracy.[7] The predominant way in which a movie is bootlegged occurs when a person enters a movie theater and simply records the movie with a handheld camcorder. Because such camcorders are getting smaller and smaller due to technological advances, it is relatively easy for a bootlegger to conceal the fact that he or she is recording a movie. Additionally, bootleggers often have assistance in recording a film, traveling in teams where one will copy the film, another will serve as a lookout and the remaining member of the team, "[is] planted in front of the person doing the recording, trying to keep the path clear of those blackened silhouettes that pop up in the frames of many bootleg films."[8] According to NBC-Universal, 90% of all stolen movies available on the Internet come from individuals recording movies with camcorders in movie theaters ("camcording"), and 50% of camcordings in the U.S. originated in the New York area.[9]

Once films are copied in New York, they are then made into DVDs in the U.S., as well as other places such as China and Russia. Additionally, pirated films are often distributed on the Internet, where once a film is copied, it can be uploaded to a network and almost instantaneously made available to hundreds of thousands of people.[10] Enforcement measures have led to confiscations and arrests under the current law. Between June 2004 and June 2005, over 800,000 counterfeit DVDs and approximately 700 DVD burners were seized in New York City.[11] Moreover, 1,300 people in New York City were arrested and charged with selling counterfeit films, although the resulting fines for these charges amounted to less than $7,000 in total.[12]

APPLICABLE STATE AND FEDERAL LEGISLATION

Counterfeit Goods

It is unlawful for an individual to vend any merchandise, with the exception of certain written material, in the city of New York without first obtaining a general vendor's license.[13] The Commissioner of Consumer Affairs will not grant a license to an applicant who intends to deceive consumers and distribute counterfeit merchandise in violation of federal copyright, patent or trademark law.[14] Accordingly, the Administrative Code of the City of New York requires all applicants for a general vendor's license to submit a written description of the type of goods or services the applicant vendor intends to display.[15]

Federal law also affects the production, distribution, and selling of counterfeit goods by providing copyright, patent and trademark protections. Federal copyright protection applies to "original works of authorship fixed in any tangible medium of expression" including literary, musical, dramatic, sound recording and motion picture works.[16] "Any violation of any of the exclusive rights of the copyright owner... or of the author..." of a copyright constitutes a federal criminal offense.[17] Violators of copyright law may be subject to imprisonment for no more than five years for a first offense and not more than ten years for second and subsequent offenses.[18]

Counterfeiters in the City also sell goods in violation of patent law. Federal law prohibits patent infringement, defined as "the [making, use, offer to sell, or sale of] any patented invention, within the United States or [import] into the United States [of] any patented invention during the term of the patent therefore."[19] An item is considered "patentable" when "any new and useful process, machine, manufacture, or composition of matter, or any new and useful improvement thereof," is invented or discovered.[20] At that point, the inventor or discoverer may "may obtain a patent therefore..."[21] Upon discovery of patent infringement, "a patentee shall have remedy by civil action" for such infringement.[22] If, however, such patent infringement involves the specific sale of a falsely marked good being passed off as a patented good, a violator shall be held liable for a fine of not more than $500 for every such offense.[23]

Laws governing trademarks also inhibit the production, distribution and selling of counterfeit goods. In order to obtain trademark protection, an applicant must show "a bona fide intention to use the mark in commerce on or in connection with specified goods or services; that he or she believes he or she is entitled to use the mark in commerce; and that no other person has the right to use the mark in commerce, either in the identical form or in such near resemblance as to be likely, when applied to the goods or services of the other person, to cause confusion or mistake, or to deceive the public."[24] Furthermore, trademark infringement, also known as the use of a "counterfeit mark," occurs when there is use of a "spurious mark... that is identical with, or substantially indistinguishable from, a mark registered on the principal register in the United States Patent and Trademark Office and in use."[25]

Counterfeit trafficking carries significant federal penalties. An individual can be fined "not more than $ 2,000,000 or [imprisonment of] not more than 10 years, or both, and, if a person other than an individual, [a fine of] not more than $5,000,000."[26] Subsequent violations carry increased fines and extended prison sentences.[27]

motion picture theaters. The success of these attempts is often hampered by the fact that detection of such criminal operations can be difficult. Customers are generally allowed to bring personal items, including large bags, into theaters. Once house lights have been lowered, the unauthorized use of a recording device becomes difficult to see. Technological advances creating ever-smaller cameras and recording equipment add to the challenge of confronting movie piracy. Industry advocates argue that stronger deterrents are needed than those currently in place in order to effectively dissuade criminal activity.

Section 275.32 of the New York State Penal Code addresses the operation of recording devices in a motion picture theater. The law provides that, "A person is guilty of unauthorized operation of a recording device in a motion picture theater when without written authority or permission from the operator of a motion picture theater, the person operates a recording device in such theater... Unauthorized operation of a recording device in a motion picture theater is a violation."[28] Because the violation penalty pursuant to this statute may require no more than fifteen days in prison[29] or a fine (unless otherwise expressly specified in the law) of no more than two hundred and fifty dollars,[30] it is arguable that this law, particularly since it is relatively difficult to enforce, is not adequate to deter operatives of a multi-million dollar illegal industry.

Current proposed bills in the New York State Legislature would increase penalties for such offenses, replacing the existing violation penalty with a class A misdemeanor for the first offense and a class E felony for subsequent convictions.[31] While the New York State Senate has twice passed its own version of this bill, the New York State Assembly has yet to move the bill out of committee.

Federal legislation on this issue, known as the "Artists' Rights and Theft Prevention Act of 2005," was enacted last year. For a first offense of "knowingly us[ing] or attempt[ing] to use an audiovisual recording device to transmit or make a copy of a motion picture or other audiovisual work... from a performance of such work in a motion picture exhibition facility," the law provides for an unspecified fine and/or a three-year maximum term of imprisonment.[32] A second such offense is punishable by a six-year maximum term of imprisonment and/or an unspecified fine.[33] Additional provisions of the law detail terms of audiovisual recording device forfeiture and destruction, authorize motion picture exhibition facility owners or their agents to detain violators, clarify the Act's non-preemption of State laws, and further clarify that this section "does not prevent any lawfully authorized investigative, protective, or intelligence activity by an officer, agent, or employee of the United States, a State, or a political subdivision of a State..."[34]

LEGISLATIVE ANALYSIS

Int. No. 383

As noted above, videotaping a film while inside a movie-theater is presently a violation under Section 275.32 of the state Penal Law. Accordingly, it carries a maximum penalty of only $250. To help combat the distribution of illegally copied films, Intro. 383-A would amend title 10 of the administrative code by adding a new chapter 7 and would create a misdemeanor offense for the unauthorized operation of a recording device[35] in a place of public performance[36] without the consent of the theater's owner or operator.

In addition, Intro 383-A would similarly criminalize the act of videotaping inside other types of venues that are not primarily movie houses, but may be used to exhibit motion pictures or live theatrical or musical performances. However, to ensure that such restriction is not unintentionally applied to venues in which filming is normally permissible, the prohibition on recording in this class of theaters would pertain only to venues whose operator posts a sign indicating that law prohibits the unauthorized operation of a recording device in such venue.

If convicted of either offense, violators could be punished with up to six months imprisonment, a fine ranging from one thousand and five thousand dollars and a civil penalty of not more than five thousand dollars. This law would take effect sixty days after its enactment provided, however, that the police department may take any actions necessary prior to such effective date for the implementation of this local law including, but not limited to, the adoption of any necessary rules.

Int. No. 383-A

By Council Members Yassky, Gerson, Koppell, Garodnick, Nelson, Sears and Weprin.

A Local Law to amend the administrative code of the city of New York, in relation to the unauthorized operation of a recording device in a place of public performance.

Be it enacted by the Council as follows:

Section 1. Title 10 of the administrative code of the city of New York is amended by adding a new chapter 7, to read as follows:

CHAPTER 7

Unauthorized recording in a place of public performance

§10-701 ***Definitions.*** *Whenever used in this chapter, the following terms shall have the following meanings:*

a. "Recording device" means a photographic or video camera, or any audio and/or visual recording function of any device used for recording or transmitting sound, picture, or both, of a live performance or motion picture.

b. "Place of public performance" means (1) a theater that is used primarily for the exhibition of motion pictures or (2) any venue that is used for the exhibition of motion pictures or used for live theatrical or musical performances at which the operator posts a sign that meets the requirements of section 10-705 of this article.

c. "Unauthorized operation" means operation conducted without written authority or permission from the owner, operator, manager or other person having control of a place of public performance.

§10-702 ***Unauthorized operation of a recording device in a place of public performance prohibited.*** *No person may engage in or cause or permit another to engage in the unauthorized operation of a recording device in a place of public performance.*

§10-703 ***Penalties.*** *Any person who violates the provisions of this chapter shall be guilty of a misdemeanor which, upon a first conviction, shall be punishable by a term of imprisonment not to exceed six months, by a fine of not less than one*

thousand dollars nor more than five thousand dollars, or both such fine and imprisonment, and be subject to a civil penalty not to exceed five thousand dollars. Any person who violates the provisions of this chapter shall be guilty of a misdemeanor which, upon a second and any subsequent conviction occurring within one year of a first conviction, shall be punishable by a term of imprisonment not to exceed one year, by a fine of not less than five thousand dollars nor more than ten thousand dollars, or both such fine and imprisonment, and be subject to a civil penalty not to exceed ten thousand dollars. Such penalty shall be in addition to any other penalties or sanctions that may be imposed, and such penalties shall not limit or preclude any cause of action available to any person or entity injured or aggrieved by such action.

§10-704 ***Exception.*** *This section shall not be interpreted to impair or restrict any law enforcement personnel or employees of governmental agencies or other entities, public or private, who, in the course of their employment, attempt to capture any visual image, sound recording, or other physical impression: (i) of a person engaging in criminal or otherwise illegal activity; or (ii) while conducting an investigation, surveillance, or monitoring of any person to obtain evidence of suspected illegal activity, including the suspected violation of any administrative rule or regulation, a suspected fraudulent insurance claim, or any other suspected fraudulent conduct or activity involving a violation of law or pattern of business practices adversely affecting public health or safety.*

§10-705 ***Signage.*** *The operator of a venue as defined by paragraph (2) of subdivision b of §10-701 of this subchapter may prominently display at the entrance to such venue, a sign stating in conspicuous letters that are at least three-fourths of an inch high that the unauthorized operation of a recording device at such place of public performance is prohibited by law and is punishable by criminal and civil penalties.*

§10-706 ***Rule-making authority.*** *The police department may promulgate rules as necessary to carry out the provisions of this chapter.*

§2. This local law shall take effect sixty days after its enactment provided, however, that the police department may take any actions necessary prior to such effective date for the implementation of this local law including, but not limited to, the adoption of any necessary rules.

Report for Int. No. 83-A

Report of the Committee on Education in favor of approving and adopting, as amended, a Local Law to amend the administrative code of the city of New York, in relation to the protection of public employee whistleblowers.

The Committee on Education to which was referred on February 15, 2007 (Minutes, page 490) the annexed amended proposed local law respectfully

REPORTS:

On April 11, 2007, the Committee on Education, chaired by Council Member Robert Jackson, will hold a hearing on Proposed Int. No. 83-A, a bill that would amend the New York City Administrative Code in relation to the protection of public employee whistleblowers.

Background

Section 12-113 of the New York City Administrative Code currently prohibits officers or employees of City agencies ("public employees") from taking an adverse personnel action against another City officer or employee in retaliation for reporting conduct which involves corruption, criminal activity, conflict of interest, gross mismanagement or abuse of authority by another City officer or employee, when such report is made to the Commissioner of Investigations, a Council Member, the Public Advocate or the Comptroller. Under the law, an adverse personnel action includes dismissal, demotion, suspension, disciplinary action, negative performance evaluation, any action resulting in loss of staff, office space or equipment or other benefit, failure to appoint, failure to promote, or any transfer or assignment or failure to transfer or assign against the wishes of the officer or employee. Proposed Int. No. 83-A would expand this protection, sometimes referred to as "whistleblower" protection, to include instances where public employees are retaliated against for making a report of information concerning conduct that he or she knows or reasonably believes presents a substantial and specific risk of harm to the health, safety or educational welfare of a child. In those instances reports of such information may also be made to the Mayor or a superior officer in the agency in which the conduct described in the report occurred.

Proposed Int. No. 83-A

Section 1 of Proposed Int. No. 83-A would add paragraphs 4, 5 and 6 to subdivision a of section 12-113 of chapter 1 of title 12 of the City's Administrative Code to define the following terms:

"Child" would be defined to mean any person under the age of nineteen, or any person ages nineteen through twenty-one if such person receives instruction pursuant to an individualized education plan.

"Education welfare" would be defined to mean any aspect of a child's education or educational environment that significantly impacts upon such child's ability to receive appropriate instruction, as mandated by any relevant law, rule, regulation or sound educational practice.

"Superior officer" would be defined to mean any agency head, deputy agency head or other person designated by the head of the agency to receive a report pursuant to the whistleblower law, who is employed in the agency in which the conduct described in such report occurred.

Section 2 of Proposed Int. No. 83-A would add a new paragraph 3 to subdivision b, which would prohibit an officer or employee of an agency of the City from taking an adverse personnel action with respect to another officer or employee in retaliation for his or her making a report of information concerning conduct which he or she knows or reasonably believes presents a substantial and specific risk of harm to the health, safety or educational welfare of a child. Such conduct would involve another City officer or employee, which concerns his or her office or employment, or by persons dealing with the City, which concerns their dealings with the City. Paragraph 3 of subdivision b would apply whistleblower protection to public employees who make reports of conduct covered by section 12-113, as amended, to the Mayor or any superior officer in the agency in which the conduct described in the report occurred.

Section 3 of Proposed Int. No. 83-A would amend subdivision f of section 12-113 to state that nothing in section 12-113 should be construed to diminish or impair the rights of a public employee or employer under any law, rule, regulation or collective bargaining agreement or to prohibit any personnel action which otherwise would have been taken regardless of any report of information made pursuant to such section.

Section 4 of Proposed Int. No. 83-A would provide that this local law would take effect immediately.

(The following is from the text of the Fiscal Impact Statement for Int. No. 83-A:)

FISCAL IMPACT STATEMENT:

	Effective FY 07	FY Succeeding Effective FY 08	Full Fiscal Impact FY 08
Revenues (+)	$0	$0	$0
Expenditures (-)	$0	$0	$0
Net	$0	$0	$0

IMPACT ON REVENUES: There will be no impact on revenues due to the enactment of this legislation.

IMPACT ON EXPENDITURES: The expansion of the employee protections contained in this bill might prompt an increase in the number of allegations of retaliatory personnel actions by public employees. According to City Council Finance, the Department of Investigation is responsible for investigating such whistle blower complaints and should have sufficient investigative resources to adequate handle all whistle blower complaints. Therefore, this bill would have no impact on the City's expenditures.

Int. No. 83-A

By Council Member Gioia, Gentile, Martinez, Weprin, Arroyo, Katz, James, Gonzalez, Gerson, Sears, Jackson, Palma and de Blasio

A Local Law to amend the administrative code of the city of New York, in relation to the protection of public employee whistleblowers.

Be it enacted by the Council as follows:

Section 1. Subdivision a of section 12-113 of chapter one of title 12 of the administrative code of the city of New York is amended by adding new paragraphs 4, 5 and 6 to read as follows:

4. "Child" shall mean any person under the age of nineteen, or any person ages nineteen through twenty-one if such person receives instruction pursuant to an individualized education plan.

5. "Educational welfare" shall mean any aspect of a child's education or educational environment that significantly impacts upon such child's ability to receive appropriate instruction, as mandated by any relevant law, rule, regulation or sound educational practice.

6. "Superior officer" shall mean an agency head, deputy agency head or other person designated by the head of the agency to receive a report pursuant to this section, who is employed in the agency in which the conduct described in such report occurred.

§ 2. Subdivision b of section 12-113 of the administrative code of the city of New York is amended by adding a new paragraph 3 to read as follows:

3. No officer or employee of an agency of the city shall take an adverse personnel action with respect to another officer or employee in retaliation for his or her making a report of information concerning conduct which he or she knows or reasonably believes to present a substantial and specific risk of harm to the health, safety or educational welfare of a child by another city officer or employee, which concerns his or her office or employment, or by persons dealing with the city, which concerns their dealings with the city, (i) to the commissioner, (ii) to a council member, the public advocate, the comptroller or the mayor, or (iii) to any superior officer.

§ 3. Subdivision f of section 12-113 of the administrative code of the city of New York is amended to read as follows:

f. Nothing in this section shall be construed to limit the rights of any officer or employee with regard to any administrative procedure or judicial review, *nor shall anything in this section be construed to diminish or impair the rights of a public employee or employer under any law, rule, regulation or collective bargaining agreement or to prohibit any personnel action which otherwise would have been taken regardless of any report of information made pursuant to this section.*

§ 4. This local law shall take effect immediately.

On motion of the Speaker (Council Member Quinn), and adopted, the foregoing matter was coupled as a General Order for the day (see ROLL CALL ON GENERAL ORDERS FOR THE DAY).

Report of the Committee on Governmental Operations

Report for Int. No. 502-B

Report of the Committee on Governmental Operations in favor of approving and adopting, as amended, a Local Law to amend the administrative code of the city of New York, in relation to the contents of a lobbyist's statement of registration.

The Committee on Governmental Operations, to which was referred on February 1, 2007 (Minutes, page 216) the annexed further amended proposed local law which was originally amended by committee as Int. No. 501-A and originally presented to the Council but re-referred back to committee on February 28, 2007 (Minutes, page 397), respectfully

REPORTS:

I. Introduction

On April 11, 2007, the Committee on Governmental Operations, chaired by Council Member Simcha Felder, will consider Proposed Int. No. 502-B, which would improve upon the changes enacted by Local Laws 15 and 17 of 2006, comprising part of the Lobbying Reform law package enacted by the Council last year. Proposed Int. No. 502-B would clarify what information lobbyists are required to include in their statements of registration and protect the personal privacy of lobbyists and any officer or employee of such lobbyist who engages in lobbying activities or who is employed in an organization's division that engages in lobbying activities ("lobbying division"). Proposed Int. No. 502-B would also protect lobbyists' spouses or domestic partners and their unemancipated children by clarifying which components of such information would be made publicly available.

Specifically, Proposed Int. No. 502-B would: (i) require the lobbyist to disclose the name and home address of his or her unemancipated child within 48 hours after a campaign contribution is made in the unemancipated child's name; (ii) require the lobbyist and, if the lobbyist is an organization, any officers or employees in the lobbying division to disclose his or her home and business addresses and business telephone number, and the home and business addresses of his or her spouse or domestic partner; (iii) require the City Clerk ("Clerk") to keep all home addresses and the business address of the lobbyist's spouse or domestic partner confidential and not subject to public inspection, except for access by the New York City Campaign Finance Board ("Board") for purposes of determining matchablility under the campaign finance act; (iv) prohibit the Board from disclosing that any particular campaign contributor is the spouse, domestic partner or unemancipated child of a lobbyist or of an officer or employee in the lobbying division; and (v) since the New York Temporary State Commission on Lobbying ("Temporary Commission") would be phased out of existence if the Public Employees Ethics Reform Act of 2007 is enacted, the Lobbying Law's references to the Temporary Commission now include references to its possible successor organization.

II. Background

On April 4, 2006, the Committee on Governmental Operations conducted a first hearing[1] regarding Int. Nos. 190, 191 and 192 ("Lobbying Bills"), which formed the comprehensive package of lobbying reform bills introduced by City Council Speaker Christine Quinn and Mayor Michael Bloomberg. After amending various provisions of the Lobbying Bills to further clarify and simplify the law, the Committee on Governmental Operations passed the Lobbying Bills on May 24, 2006. [2] The City Council subsequently passed the Lobbying Bills on May 24, 2006. On June 13, 2006, the Mayor signed the Lobbying Bills into law as Local Law 15, 16 and 17 of 2006, respectively.

III. New York City Lobbying Laws

Under the current New York City lobbying laws contained in subchapter 2 of chapter 2 of title 3 of the administrative code ("Lobbying Laws"), as amended by Local Law 15, lobbyists must file annual statements of registration. [3] The statements of registration must include, among other things, the lobbyists' names, addresses and telephone numbers, and the same information for their spouses or domestic partners and their unemancipated children.[4] In addition, if the registering entity is a lobbying business such as a lobbying firm, then the business will be required to include the names, addresses and telephone numbers of all of its officers and employees, and the same information for the spouses or domestic partners and the unemancipated children of those officers and employees.[5] Finally, if an organization has a government affairs or lobbying division, the statement of registration will have to include the names, addresses and telephone numbers of the employees or members of that division of the organization, and the same information for the spouses or domestic partners and the unemancipated children of the employees or members of that division.[6]

These disclosures were meant to enhance the implementation of Local Law 17, which amended administrative code section 3-702. That amendment required the Board to exclude from the campaign finance matching program those campaign contributions made by lobbyists, their spouses or domestic partners and their unemancipated children.[7] To protect the personal privacy of those required to be listed in the lobbyists' statements of registration, Local Law 15 provided that the addresses and telephone numbers of the lobbyists' spouses or domestic partners and unemancipated children were not to be made available for public inspection, but were only to be made available to the Board to enforce the campaign financing matching program exclusion.[8]

IV. Provisions of Proposed Int. No. 502-B

Section one of Proposed Int. No. 502-B outlines the legislative findings.

Section two of the bill amends subdivision (c)(1) of section 3-213 of the administrative code, some of the provisions of which were added by Local Law 15 of 2006, to remove the unconditional requirement that the names, addresses and telephone numbers of unemancipated children be disclosed in lobbyists' statements of registration. This provision further clarifies that lobbyists and any officer or

employee in the lobbying division must include their home and business addresses and business telephone numbers in their statements of registration, and the home and business addresses of their spouses or domestic partners. However, the home and business addresses of the spouses or domestic partners and the home addresses of the lobbyists would not be made publicly available, but only be available to the Board for purposes of determining matchability under the campaign finance act. Additionally, Proposed Int. No. 502-B would require that when the Board makes information on campaign contributions publicly available, the Board shall not disclose that any specific contributor is the spouse, domestic partner or unemancipated child of such a lobbyist, officer or employee.

Section three of the bill amends subdivision (d) of section 3-213 of the administrative code by adding a new paragraph two, which would require that lobbyists include the names and home addresses of their unemancipated children in their statements of registration, or amend their previously filed statements of registration within 48 hours if, and only if, such unemancipated children make campaign contributions. However, the names and home addresses of the unemancipated children would not be available for public inspection, but would only be available to the Board, and solely for the purpose of determining matchability pursuant to section 3-702 of the administrative code. To provide clarity in the law, section three of Proposed Int. No. 502-B also defines the term "unemancipated child." Further, the bill would require that when the Board makes information on campaign contributions publicly available, the Board shall not disclose that any specific contributor is the spouse, domestic partner or unemancipated child of a particular lobbyist, officer or employee.

Section four of the bill would repeal subdivision (g) of section 3-213 of the administrative code, which would eliminate the Clerk's responsibility to mail all forms required by the Lobbying Law to all registered lobbyists since all of those forms are or will soon be electronically available.

Section five, six, seven, eight, nine and ten of Proposed Int. No. 502-B would make technical amendments to subdivision (a) of section 3-216, subdivision (a) of section 3-216.1, subdivision (b) of section 3-217, subdivision (c) of section 3-217, and subdivision (c) of section 3-223 to require that any forms that the administrative code currently requires the Clerk to "supply" to lobbyists be provided to lobbyists in any manner the Clerk "prescribes." This amendment would remove any obligation on the Clerk to mail the forms and instead make them available electronically or by any other means. The bill would also make technical amendments to the sections referenced above to ensure that if the entity currently known as the New York Temporary State Commission on Lobbying is replaced, as a result of pending State Legislation, that any successor entity be recognized for purposes of the Lobbying Laws.

Section ten of Proposed Int. 502-B would amend subdivision (g) of section 3-702 of the administrative code, which was added by Local Law 17 of 2006, to make a technical amendment to the law to ensure that contributions by lobbyists' unemancipated children are not matched, regardless of whether their names are disclosed in the original statements of registration or in amendments to the statements of registration.

Section eleven of Proposed Int. No. 502-B provides that the bill would become effective immediately and be retroactive to, and deemed to have been in full force and effect on and after, December 10, 2006, except that section seven of the bill would take effect on June 13, 2007, which is when that section of the Lobbying Law, as amended by Local Law number 15 of 2006, takes effect.

IMPACT ON REVENUES: This amendment would not have any effect on revenues.

IMPACT ON EXPENDITURES: This amendment would not have any effect on expenditures. The Clerk would require no additional resources to implement the legislation and the legislation is unlikely to have any campaign finance impact.

Int. No. 502-B

By Council Member Felder, The Speaker (Council Member Quinn), Gentile, Koppell, Nelson, Palma, Weprin, White, Sears and The Public Advocate (Ms. Gotbaum) (in conjunction with the Mayor)

A Local Law to amend the administrative code of the city of New York, in relation to the contents of a lobbyist's statement of registration, and to repeal subdivision (g) of section 3-213 of the administrative code of the city of New York, relating to the mailing of forms by the city clerk.

Be it enacted by the Council as follows:

Section 1. Statement of Legislative Findings and Intent. The Council hereby Finds and Declares that this law would make necessary improvements in the implementation of the City's Lobbying Law as recently amended by Local Law 15 of 2006, which is designed to increase the disclosure of lobbyist activities, including political consulting and fundraising.

First, the lobbyist should not be required to include the name and home address of his or her unemancipated child in his or her annual statement of registration, unless and until a campaign contribution is made in the unemancipated child's name. If such a contribution is made by the unemancipated child of a lobbyist, it is necessary for the lobbyist to report this information in his or her annual statement of registration, in order to assist the Campaign Finance Board (the "CFB") in identifying non-matchable campaign contributions under Local Law 17 of 2006. Second, the lobbyist's registration statement should contain his or her business and home addresses and business telephone number, and the home and business addresses of his or her spouse or domestic partner, as well as the name and home address of his or her unemancipated child if a campaign contribution is made in the unemancipated child's name, again to assist the CFB in identifying non-matchable campaign contributions. Third, there is good reason to keep confidential the home address of the lobbyist, the home addresses of officers and employees in the organization's division that engages in any lobbying activities ("lobbying division"), and the names and home and business addresses of their spouses or domestic partners and unemancipated children, especially in the case of lobbyists who, for example, represent family planning clinics or battered women's shelters, and who could reasonably expect that they, or officers or employees in the lobbying division, or their spouses or domestic partners and unemancipated children could be placed at risk if their home addresses, or the names and addresses of their spouses or domestic partners and unemancipated children, were made public. Fourth, there is good reason to protect the privacy of spouses, domestic partners and unemancipated children of lobbyists and officers or employees in the lobbying division by prohibiting the campaign finance board from disclosing that any particular campaign contributor is the spouse, domestic partner or unemancipated child of a lobbyist. Fifth, since the New York Temporary State Commission on Lobbying ("Temporary Commission") would be phased out of existence if the Public Employees Ethics Reform Act of 2007 is enacted, the Lobbying Law's references to the Temporary Commission now include references to its possible successor organization.

Accordingly, this law would amend the City's Lobbying Law to: (i) require the lobbyist to disclose the name and home address of his or her unemancipated child within 48 hours after a campaign contribution is made in the unemancipated child's name; (ii) require the lobbyist to disclose his or her home and business addresses and business telephone number, and the home and business addresses of his or her spouse or domestic partner; (iii) require the Clerk to keep all home addresses and the business address of the lobbyist's spouse or domestic partner confidential and not subject to public inspection; (iv) prohibit the campaign finance board from disclosing that any particular campaign contributor is the spouse, domestic partner or unemancipated child of a lobbyist or of an officer or employee in the lobbying

division; and (v) include appropriate references to the possible successor to the Temporary Commission.

§2. Paragraph 1 of subdivision (c) of section 3-213 of the administrative code of the city of New York, as amended by local law number 15 for the year 2006, is amended to read as follows:

(1) the name, [address] *home and business addresses* and *business* telephone number of the lobbyist and the *name and home and business addresses of the* spouse or domestic partner [and unemancipated children] of the lobbyist, and if the lobbyist is an organization the [names] *name, home and business* addresses and *business* telephone [numbers] *number* of any officer or employee of such lobbyist who engages in any lobbying activities or who is employed in an organization's division that engages in lobbying activities of the organization and the *name and home and business addresses of the* spouse or domestic partner [and unemancipated children] of such officers or employees, provided that, *notwithstanding any provision of this subchapter to the contrary, the home address of the lobbyist, including, if the lobbyist is an organization, the home address of any officer or employee of such lobbyist who engages in any lobbying activities or who is employed in an organization's division that engages in lobbying activities of the organization, and* the *names and home and business* addresses [and telephone numbers] of spouses[,] *and* domestic partners [and unemancipated children] *of such lobbyists, officers and employees, whether contained in an original or amended statement of registration,* shall [be] not be made available to the public, but may be accessed by the campaign finance board for the sole purpose of determining whether a campaign contribution is matchable pursuant to section 3-702 *of the New York City campaign finance act; provided, however, that notwithstanding any other provision of law, in making information on campaign contributions publicly available, the campaign finance board shall not disclose that any specific contributor is the spouse, domestic partner or unemancipated child of such a lobbyist, officer or employee*;

§3. Subdivision (d) of section 3-213 of the administrative code of the city of New York, as added by local law number 14 for the year 1986, is amended to read as follows:

(d) *(1)* Whenever there is a change in the information filed by the lobbyist in the original statement of registration, an amended statement shall be submitted to the city clerk on forms [supplied] *prescribed* by the city clerk within ten days after such change occurs, *except as provided in paragraph two of this subdivision*; however, this shall not require the lobbyist to amend the entire registration form.

(2) Whenever a contribution, as defined in subdivision eight of section 3-702 of the New York City campaign finance act, is made by the unemancipated child of a lobbyist or by the unemancipated child of the spouse or domestic partner of a lobbyist or, if the lobbyist is an organization, by the unemancipated child of any officer or employee of such lobbyist who engages in lobbying activities or who is employed in an organization's division that engages in lobbying activities of the organization or by the unemancipated child of the spouse or domestic partner of any such officer or employee, in the calendar year for which a statement of registration is filed, the lobbyist shall file an amended statement of registration within forty-eight hours of the making of such contribution. Such amended statement of registration shall contain the name and the home address of such unemancipated child and the home and business addresses of the unemancipated child's parent, if such parent's home and business addresses were reported pursuant to paragraph one of subdivision (c) of this section. Such amendment shall not require the lobbyist to amend the entire registration form. If such contribution was made in the calendar year for which a statement of registration is filed, but before the filing of such statement of registration, then the original statement of registration shall contain the name and the home address of such unemancipated child and the home and business addresses of the unemancipated child's parent, if such parent's home and business addresses were reported pursuant to paragraph one of subdivision (c) of this section. Notwithstanding any provision of this chapter to the contrary, the names and addresses of unemancipated children shall not be made available to the public, but may be accessed by the campaign finance board for the sole purpose of determining whether a campaign contribution is matchable pursuant to such section 3-702; provided, however, that notwithstanding any other provision of law, in making information on campaign contributions publicly available, the campaign finance board shall not disclose that any specific contributor is the spouse, domestic partner or unemancipated child of such a lobbyist, officer or employee. For purposes of this paragraph, the term "unemancipated child" shall mean any son, daughter, stepson or stepdaughter who is under age eighteen, unmarried and living in the household of such lobbyist or spouse or domestic partner of such lobbyist or, if such lobbyist is an organization, living in the household of such officer or employee or spouse or domestic partner of such officer or employee.

§4. Subdivision (g) of section 3-213 of the administrative code of the city of New York is REPEALED.

§5. Subdivision (a) of section 3-216 of the administrative code of the city of New York, paragraph 1 as amended by local law number 15 for the year 2006 and paragraph 2 as added by local law number 14 for the year 1986, is amended to read as follows:

(a) (1) any lobbyist required to file a statement of registration pursuant to section 3-213 of this subchapter who in any lobbying year expends, receives or incurs combined reportable compensation and expenses in an amount in excess of two thousand dollars, as provided in paragraph five of subdivision (b) of this section, for the purpose of lobbying, shall file with the city clerk a first periodic written report, on forms [supplied] *prescribed* by the city clerk, which to the extent practicable shall be identical in form to the periodic reporting forms used by the New York Temporary State Commission on Lobbying, *or any successor thereto,* by the fifteenth day next succeeding the end of the reporting period on which the cumulative total for such lobbying year equaled such sum. Such reporting periods shall be the period from January first to March thirty-first, April first to May thirty-first, June first to September thirtieth, and October first to December thirty-first, or such other dates as the city clerk shall designate by rule to conform the periodic reporting periods with the periodic reporting periods of the New York Temporary State Commission on Lobbying, *or any successor thereto.*

(2) Any lobbyist making a report pursuant to paragraph one of this subdivision shall thereafter file with the city clerk, on forms [supplied] *prescribed* by the city clerk, a periodic report for each reporting period that such person expends, receives or incurs combined reportable compensation and expenses in an amount in excess of five hundred dollars for the purposes of lobbying during such reporting period. Such report shall be filed not later than the fifteenth day next succeeding the end of such reporting period and shall include the amounts so expended, received or incurred during such reporting period and the cumulative total during the lobbying year.

§6. Subdivision (a) of section 3-216.1 of the administrative code of the city of New York, as added by local law number 15 for the year 2006, is amended to read as follows:

(a) Any lobbyist required to file a statement of registration pursuant to section 3-213 of this subchapter who in any calendar year to which the statement of registration relates, or in the six months preceding such calendar year, engages in fundraising or political consulting activities shall file with the city clerk, on forms [supplied] *prescribed* by the city clerk, a fundraising and/or political consulting report. Such report shall be filed in accordance with the schedule applicable to the filing of periodic reports, provided that the first fundraising and/or political consulting report filed in any calendar year shall include information on fundraising and/or political consulting activities that occurred in any period beginning six months preceding the calendar year to which the statement of registration relates through the end of the reporting period for which the report is filed, to the extent such information has not been reported in a fundraising and/or political consulting report filed in the preceding calendar year. Each subsequent fundraising and/or political consulting report filed in or with respect to the calendar year to which the statement of registration relates shall include information on fundraising and/or political consulting activities that occurred since the end of the reporting period for which the previous report was filed through the end of the reporting period for which the current report is filed. Such activities shall be reported whether they are conducted directly by the lobbyist, or through any other entity of which such lobbyist is a principal. Such fundraising and/or political consulting reports shall be filed not later than the fifteenth day next succeeding the end of such reporting period.

§7. Subdivision (b) of section 3-217 of the administrative code of the city of New York, as amended by local law number 15 for the year 2006, is amended to read as follows:

(b) Such report pursuant to paragraph one of subdivision (a) of this section shall be filed with the city clerk, on forms [supplied] *prescribed* by the city clerk, by the fifteenth day of January next following the year for which such report is made and shall contain on an annual cumulative basis all the information required in periodic reports by section 3-216 of this subchapter and all the information required in fundraising and/or political consulting reports by section 3-216.1 of this subchapter;

§8. The opening paragraph of subdivision (c) of section 3-217 of the administrative code of the city of New York, as amended by local law number 67 for the year 1993, is amended to read as follows:

Such report pursuant to paragraph two of subdivision (a) of this section shall be filed with the city clerk on forms [supplied] *prescribed* by the city clerk by the fifteenth day of January next following the year for which such report is made and shall contain:

§9. Subdivision (c) of section 3-223 of the administrative code of the city of New York, as amended by local law number 15 for the year 2006, is amended to read as follows:

(c) The city clerk shall designate by rule penalties for late filing of any statement or report required by this subchapter, which shall conform with the schedule established by the New York Temporary State Commission on Lobbying, *or any successor thereto,* for such charges. Following a failure to make and file any such statement or report, the city clerk shall notify the person or organization of such fact by certified mail that such filing must be made within fourteen business days of the date of mailing of such notice. The failure to file any statement or report within such time shall constitute a class A misdemeanor. In addition to such criminal and late penalties, said person or organization shall be subject to a civil penalty, in an amount not to exceed twenty thousand dollars, to be assessed by the city clerk. For the purposes of this subdivision, the chief administrative officer of any organization required to file a statement or report shall be the person responsible for making and filing such statement or report unless some other person prior to the due date thereof has been duly designated to make and file such statement or report.

§10. Paragraph (g) of subdivision 3 of section 3-702 of the administrative code of the city of New York, as added by local law number 17 for the year 2006, is amended to read as follows:

(g) contributions from lobbyists or other persons required to be included in a statement of registration filed pursuant to section 3-213 (c) (1) *or section 3-213 (d).* The board shall rely on the database maintained by the city clerk pursuant to section 3-221 or such other information known to the board to determine whether a contribution is not matchable based on the contributor's status as a lobbyist or person required to be included in a statement of registration filed pursuant to section 3-213.

§11. This local law shall take effect immediately and shall be retroactive to, and deemed to have been in full force and effect on and after, December 10, 2006, except that section seven of this local law shall take effect on June 13, 2007.

INTENT

HPD requests that the Council:

1. Find that the present status of the Disposition Areas tends to impair or arrest the sound growth and development of the municipality and that the proposed Urban Development Action Area Project is consistent with the policy and purposes of Section 691 of the General Municipal Law;

2. Waive the area designation requirement of Section 693 of the General Municipal Law pursuant to said Section;

3. Waive the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law;

4. Approve the projects as Urban Development Action Area Projects pursuant to Section 694 of the General Municipal Law; and

5. Approve an exemption of the projects from real property taxes pursuant to Section 696 of the General Municipal Law for L.U. Nos. 338, 352, 358 and 359.

Report Summary:

COMMITTEE RECOMMENDATION AND ACTION

DATE: April 11, 2007

The Committee recommends that the Council approve the attached resolution and thereby approve the proposals, grant the requests made by the Department of Housing Preservation and Development, and make the findings required by Article 16 of the General Municipal Law.

In connection herewith, Council Members Katz and Garodnick offered the following resolution:

Res. No. 809

Resolution approving an Urban Development Action Area Project located at 36 Pilling Street (Block 3456/Lot 27), 82 Desales Place (Block 3471/Lot 22), 130 Cooper Street (Block 3440/Lot 24), 220 Covert Street (Block 3424/Lot 8), 231 Covert Street (Block 3418/Lot 55), 994 Decatur Street (Block 3432/Lot 21), and 556 Central Avenue (Block 3403/Lot 35), Brooklyn, and waiving the urban development action area designation requirement and the Uniform Land Use Review Procedure, pursuant to Sections 693 and 694 of the General Municipal Law (L.U. No. 338; 20075146 HAK).

By Council Members Katz and Garodnick

Whereas, the New York City Department of Housing Preservation and Development ("HPD") submitted to the Council on November 13, 2006 its request dated October 23, 2006 that the Council take the following actions regarding the following Urban Development Action Area Project (the "Project") located at 36 Pilling Street (Block 3456/Lot 27), 82 Desales Place (Block 3471/Lot 22), 130 Cooper Street (Block 3440/Lot 24), 220 Covert Street (Block 3424/Lot 8), 231 Covert Street (Block 3418/Lot 55), 994 Decatur Street (Block 3432/Lot 21), and 556 Central Avenue (Block 3403/Lot 35), Community District 4, Borough of Brooklyn (the "Disposition Area"):

1. Find that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the municipality and that the proposed Urban Development Action Area Project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law;

2. Waive the area designation requirement of Section 693 of the General Municipal Law pursuant to said Section;

3. Waive the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law;

4. Approve the Project as an Urban Development Action Area Project pursuant to Section 694 of the General Municipal Law; and

5. Approve the exemption of the Project from real property taxes pursuant to Section 696 of the General Municipal Law (the "Tax Exemption").

Whereas, the Project is to be developed on land that is now an eligible area as defined in Section 692 of the General Municipal Law, consists solely of the rehabilitation or conservation of existing private or multiple dwellings or the construction of one to four unit dwellings, and does not require any change in land use permitted under the New York City Zoning Resolution;

Whereas, upon due notice, the Council held a public hearing on the Project on March 20, 2007;

Whereas, the Council has considered the land use and financial implications and other policy issues relating to the Project;

Resolved:

The Council finds that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the City of New York and that a designation of the Project as an urban development action area project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law.

The Council waives the area designation requirement pursuant to Section 693 of the General Municipal Law.

The Council waives the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law.

The Council approves the Project as an urban development action area project pursuant to Section 694 of the General Municipal Law.

The Project shall be developed in a manner consistent with the Project Summary that HPD has submitted to the Council, a copy of which is attached hereto.

The exemption of the Project from real property taxes pursuant to Section 696 of the General Municipal Law is approved as follows:

a. All of the value of the buildings, structures, and other improvements situated on the Disposition Area shall be exempt from local and municipal taxes, other than assessments for local improvements and land value, for a period of ten years commencing on the July 1st following the conveyance of the Disposition Area to the Sponsor.

b. The partial tax exemption granted hereunder shall terminate with respect to all or any portion of the Disposition Area if the Department of Housing Preservation and Development determines that such real property has not been, or is not being, developed, used, and/or operated in compliance with the requirements of all applicable agreements made by the Sponsor or the owner of such real property with, or for the benefit of, the City of New York. The Department of Housing Preservation and Development shall deliver written notice of any such determination of noncompliance to the owner of such real property and all mortgagees of record, which notice shall provide for an opportunity to cure of not less than ninety (90) days. If the noncompliance specified in such notice is not cured within the time period specified therein, the partial tax exemption granted hereunder shall prospectively terminate with respect to the real property specified therein.

In connection herewith, Council Members Katz and Garodnick offered the following resolution:

Res. No. 810

Resolution approving an Urban Development Action Area Project located at 868 East 163rd Street (Block 2690/Lot 79), Bronx, and waiving the urban development action area designation requirement and the Uniform Land Use Review Procedure, pursuant to Sections 693 and 694 of the General Municipal Law (L.U. No. 352; 20075158 HAX).

By Council Members Katz and Garodnick

Whereas, the New York City Department of Housing Preservation and Development ("HPD") submitted to the Council on November 28, 2006 its request dated November 6, 2006 that the Council take the following actions regarding the following Urban Development Action Area Project (the "Project") located at 868 East 163rd Street (Block 2690/Lot 79), Community District 2, Borough of the Bronx (the "Disposition Area"):

1. Find that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the municipality and that the proposed Urban Development Action Area Project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law;

2. Waive the area designation requirement of Section 693 of the General Municipal Law pursuant to said Section;

3. Waive the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law;

4. Approve the Project as an Urban Development Action Area Project pursuant to Section 694 of the General Municipal Law; and

5. Approve the exemption of the Project from real property taxes pursuant to Section 696 of the General Municipal Law (the "Tax Exemption").

Whereas, the Project is to be developed on land that is now an eligible area as defined in Section 692 of the General Municipal Law, consists solely of the rehabilitation or conservation of existing private or multiple dwellings or the construction of one to four unit dwellings, and does not require any change in land use permitted under the New York City Zoning Resolution;

Whereas, upon due notice, the Council held a public hearing on the Project on April 11, 2007;

Resolved:

The Council finds that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the City of New York and that a designation of the Project as an urban development action area project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law.

The Council waives the area designation requirement pursuant to Section 693 of the General Municipal Law.

The Council waives the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law.

The Council approves the Project as an urban development action area project pursuant to Section 694 of the General Municipal Law.

The Project shall be developed in a manner consistent with the Project Summary that HPD has submitted to the Council, a copy of which is attached hereto.

The exemption of the Project from real property taxes pursuant to Section 696 of the General Municipal Law is approved as follows:

a. All of the value of the buildings, structures, and other improvements situated on the Disposition Area shall be exempt from local and municipal taxes, other than assessments for local improvements and land value, for a period of ten years commencing on the July 1st following the conveyance of the Disposition Area to the Sponsor.

No. 358; 20075164 HAQ).

By Council Members Katz and Garodnick

Whereas, the New York City Department of Housing Preservation and Development ("HPD") submitted to the Council on November 28, 2006 its request dated November 6, 2006 that the Council take the following actions regarding the following Urban Development Action Area Project (the "Project") located at 150th Street between South Road and 107th Avenue, 154th Street between South Road and 107th Avenue, 157th Street between 107th and 108th Avenues, 107th Avenue between 150th and 154th Streets, 157th Street between 108th and 109th Avenues, and southwest corner of Union Hall Street and 111th Avenue (Block 10120/Lots 3, 5, 6, 8, 9, 10, 39, 40; Block 10121/Lots 69, 70, 71, 79, 80; Block 10125/Lot 116; Block 10130/Lots 14, 15; Block 10146/Lots 1, 2, 3, 4; and Block 12164/Lots 59, 67); Community District 12, Borough of Queens (the "Project Area"):

1. Find that the present status of the Project Area tends to impair or arrest the sound growth and development of the municipality and that the proposed Urban Development Action Area Project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law;

2. Waive the area designation requirement of Section 693 of the General Municipal Law pursuant to said Section;

3. Waive the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law;

4. Approve the Project as an Urban Development Action Area Project pursuant to Section 694 of the General Municipal Law; and

5. Approve the exemption of the Project from real property taxes pursuant to Section 696 of the General Municipal Law (the "Tax Exemption").

Whereas, the Project is to be developed on land that is now an eligible area as defined in Section 692 of the General Municipal Law, consists solely of the rehabilitation or conservation of existing private or multiple dwellings or the construction of one to four unit dwellings, and does not require any change in land use permitted under the New York City Zoning Resolution;

Whereas, upon due notice, the Council held a public hearing on the Project on April 11, 2007;

Whereas, the Council has considered the land use, environmental and financial implications and other policy issues relating to the Project;

Resolved:

The Council finds that the action described herein will have no significant effect on the environment.

The Council finds that the present status of the Project Area tends to impair or arrest the sound growth and development of the City of New York and that a designation of the Project as an urban development action area project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law.

The Council waives the area designation requirement pursuant to Section 693 of the General Municipal Law.

The Council waives the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law.

The Council approves the Project as an urban development action area project pursuant to Section 694 of the General Municipal Law.

The Project shall be developed in a manner consistent with the Project Summary that HPD has submitted to the Council, a copy of which is attached hereto.

The exemption of the Project from real property taxes pursuant to Section 696 of the General Municipal Law is approved as follows:

a. All of the value of the buildings, structures, and other improvements situated on the Project Area shall be exempt from local and municipal taxes, other than assessments for local improvements and land value, for a period of twenty years commencing on the July 1st following the conveyance of the Disposition Area to the Sponsor, during the last ten years of which such exemption shall decrease in equal annual decrements.

b. The partial tax exemption granted hereunder shall terminate with respect to all or any portion of the Project Area if the Department of Housing Preservation and Development determines that such real property has not been, or is not being, developed, used, and/or operated in compliance with the requirements of all applicable agreements made by the Sponsor or the owner of such real property with, or for the benefit of, the City of New York. The Department of Housing Preservation and Development shall deliver written notice of any such determination of noncompliance to the owner of such real property and all mortgagees of record, which notice shall provide for an opportunity to cure of not less than ninety (90) days. If the noncompliance specified in such notice is not cured within the time period specified therein, the partial tax exemption granted hereunder shall prospectively terminate with respect to the real property specified therein.

Report for L.U. No. 359

Report of the Committee on Land Use in favor of approving Application no. 20075165 HAQ, an Urban Development Action Area Project known as Guy Brewer North (B), located in Community Board 12, Council District no. 28, Borough of Queens. This matter is subject to Council review and action pursuant to Article 16 of the New York General Municipal Law, at the request of the New York City Department of Housing Preservation and Development, and pursuant to Section 696 of the General Municipal Law for an exemption from real property taxes.

The Committee on Land Use to which was referred on December 6, 2006 (Minutes, page 5192) the annexed Land Use resolution respectfully

REPORTS:

(For text of the report, please see the Report of the Committee on Land Use for L.U. No. 338 printed in these Minutes.)

Accordingly, Your Committee recommends its adoption.

In connection herewith, Council Members Katz and Garodnick offered the following resolution:

Res. No. 812

Resolution approving an Urban Development Action Area Project located at Guy R. Brewer Boulevard, 108th Avenue and Union Hall Street; Union Hall Street between 108th and 109th Avenues (Block 10140/Lots 22, 26, 32-35, 38, 39, 40; Block 10150/Lot 30), Queens, and waiving the urban development action area designation requirement and the Uniform Land Use Review Procedure, pursuant to Sections 693 and 694 of the General Municipal Law (L.U. No. 359; 20075165 HAQ).

By Council Members Katz and Garodnick

Whereas, the New York City Department of Housing Preservation and Development ("HPD") submitted to the Council on November 28, 2006 its request dated November 6, 2006 that the Council take the following actions regarding the following Urban Development Action Area Project (the "Project") located at Guy R. Brewer Boulevard, 108th Avenue and Union Hall Street; Union Hall Street between 108th and 109th Avenues (Block 10140/Lots 22, 26, 32-35, 38, 39, 40; Block 10150/Lot 30), Community District 12, Borough of Queens (the "Project Area"):

1. Find that the present status of the Project Area tends to impair or arrest the sound growth and development of the municipality and that the proposed Urban Development Action Area Project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law;

2. Waive the area designation requirement of Section 693 of the General Municipal Law pursuant to said Section;

3. Waive the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law;

4. Approve the Project as an Urban Development Action Area Project pursuant to Section 694 of the General Municipal Law; and

5. Approve the exemption of the Project from real property taxes pursuant to Section 696 of the General Municipal Law (the "Tax Exemption").

Whereas, the Project is to be developed on land that is now an eligible area as defined in Section 692 of the General Municipal Law, consists solely of the rehabilitation or conservation of existing private or multiple dwellings or the construction of one to four unit dwellings, and does not require any change in land use permitted under the New York City Zoning Resolution;

Whereas, upon due notice, the Council held a public hearing on the Project on April 11, 2007;

Whereas, the Council has considered the land use, environmental and financial implications and other policy issues relating to the Project;

Resolved:

The Council finds that the action described herein will have no significant effect on the environment.

The Council finds that the present status of the Project Area tends to impair or arrest the sound growth and development of the City of New York and that a designation of the Project as an urban development action area project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law.

The Council waives the area designation requirement pursuant to Section 693 of the General Municipal Law.

The Council waives the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law.

The Council approves the Project as an urban development action area project pursuant to Section 694 of the General Municipal Law.

The Project shall be developed in a manner consistent with the Project Summary that HPD has submitted to the Council, a copy of which is attached hereto.

The exemption of the Project from real property taxes pursuant to Section 696 of the General Municipal Law is approved as follows:

a. All of the value of the buildings, structures, and other improvements situated on the Project Area shall be exempt from local and municipal taxes, other than assessments for local improvements and land value, for a period of twenty years commencing on the July 1st following the conveyance of the Disposition Area to the Sponsor, during the last ten years of which such exemption shall decrease in equal annual decrements.

b. The partial tax exemption granted hereunder shall terminate with respect to all or any portion of the Project Area if the Department of Housing Preservation and Development determines that such real property has not been, or is not being, developed, used, and/or operated in compliance with the requirements of all applicable agreements made by the Sponsor or the owner of such real property with, or for the benefit of, the City of New York. The Department of Housing Preservation and Development shall deliver written notice of any such determination of noncompliance to the owner of such real property and all mortgagees of record, which notice shall provide for an opportunity to cure of not less than ninety (90) days. If the noncompliance specified in such notice is not cured within the time period specified therein, the partial tax exemption granted hereunder shall prospectively terminate with respect to the real property specified therein.

Report Summary:

COMMITTEE RECOMMENDATION AND ACTION

DATE: April 11, 2007

The Committee recommends that the Council approve the attached resolution and thereby approve the designation and project, make the findings required by Article 16, approve the disposition and approve the decision of the City Planning Commission.

In connection herewith, Council Members Katz and Garodnick offered the following resolution:

Res. No. 813

Resolution approving the decision of the City Planning Commission on an application submitted by the Department of Housing Preservation and Development, ULURP No. C 070209 HAK, approving the designation of property located at 16, 18, 20, 22, 24 and 26 Moffat Street (Block 3444/Lots 13-17, and part of 18), Brooklyn, as an Urban Development Action Area, approving the project for the area as an Urban Development Action Area Project, and approving the disposition of such property to a developer selected by the Department of Housing Preservation and Development (L.U. No. 373; C 070209 HAK).

By Council Members Katz and Garodnick

Whereas, the City Planning Commission filed with the Council on March 30, 2007 its decision dated March 28, 2007 (the "Decision"), on the application submitted by the Department of Housing Preservation and Development pursuant to Section 197-c of the New York City Charter and Article 16 of the General Municipal Law of New York State regarding:

a) the designation of property located at 16, 18, 20, 22, 24 and 26 Moffat Street (Block 3444/Lots 13-17, and part of 18), as an Urban Development Action Area (the "Area");

b) an Urban Development Action Area Project for such area (the "Project"); and

pursuant to Section 197-c of the New York City Charter for the disposition of such property to a developer selected by the Department of Housing Preservation and Development (the "Disposition") to facilitate the development of a six-story residential building, tentatively known as Moffat Gardens Senior Housing, with approximately 72 residential units, to be developed under the Department of Housing and Urban Development's Section 202 Supportive Housing Program for the Elderly (ULURP No. C 070209 HAK), Community District 4, Borough of Brooklyn (the "Application");

Whereas, the Decision is subject to review and action by the Council pursuant to Section 197-d(b)(1) of the City Charter;

Whereas, the Application and Decision are subject to review and action by the Council pursuant to Article 16 of the General Municipal Law of New York State;

Whereas, the New York City Department of Housing Preservation and Development ("HPD") submitted to the Council its recommendations regarding the Application on April 9, 2007;

Whereas, upon due notice, the Council held a public hearing on the Application and Decision on April 11, 2007;

Whereas, the Council has considered the relevant environmental review (CEQR No. 06HPD006K) and the fact that a Negative Declaration was issued on June 6, 2006;

Whereas, the Council has considered the land use and financial implications and other policy issues relating to the Application;

Resolved:

The Council finds that the actions described herein will have no significant effect on the environment;

Pursuant to Section 197-d, the Council approves the decision of the City Planning Commission (C 070209 HAK).

The Council finds that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the City of New York and that a designation of the Project as an urban development action area project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law.

The Council approves the designation of the Disposition Area as an urban development action area pursuant to Section 693 of the General Municipal Law.

The Council approves the Project as an urban development action area project pursuant to Section 694 of the General Municipal Law.

The Council approves the disposition of said property to a developer selected by the Department of Housing Preservation and Development.

RESOLUTIONS

Presented for voice-vote

The following are the respective Committee Reports for each of the Resolutions referred to the Council for a voice-vote pursuant to Rule 8.50 of the Council:

Report for voice-vote Res. No. 746

Report of the Committee on Cultural Affairs, Libraries & International Intergroup Relations in favor of approving a Resolution designating the week of April 15 to April 21 to be known and celebrated as "Library Week" in New York City.

The Committee on Cultural Affairs, Libraries & International Intergroup Relations to which was referred on March 14, 2007 (Minutes, page 719) the annexed resolution respectfully

REPORTS:

On Wednesday, April 11, 2007, the City Council's Committee on Cultural Affairs, Libraries, and International Intergroup Relations, chaired by Council Member Domenic M. Recchia Jr., will hold a hearing on Resolution No. 746, which would designate the week of April 15 to April 21 as "Library Week" in New York City. A copy of Resolution No. 746 is attached.

Resolution No. 746 would note that New York City's first public library was created in 1895 by the merger of the private libraries of three wealthy New Yorkers. Resolution No. 746 would also indicate that since 1895, the City's three library systems have emerged as some of the largest and most important libraries in the world and currently maintain 208 branches in all 5 boroughs, 4 central research libraries and well over 65 million books and other circulating items. Resolution No. 746 would also recognize that New York City's library system hosts over 35 million visitors a year and serves New Yorkers through a wide variety of educational resources and programs, including adult literacy and an array of children's programming.

Resolution No. 746 would further point out that since 1958, communities throughout the United States have celebrated National Library week with special programming and events aimed at encouraging people to use public libraries and to thank the countless librarians, volunteers and other library staff who play such vital roles in the intellectual life of the country. Resolution No. 746 would go on to note that New York City's enormous library system has a deep reach into all of the City's communities and is especially deserving of praise.

Resolution No. 746 would recognize that libraries have served as the great storehouses of knowledge and learning throughout the centuries, providing access to literature and education to all people. Additionally, Resolution No. 746 would acknowledge that New York City's three public library systems are beloved community institutions that allow access to an astounding wealth and variety of literature and educational resources and are vital to the quality of life and intellectual vitality of the City.

Finally, Resolution No. 746 would state that the Council of the City of New York designates the week of April 15 to April 21 to be known and celebrated as "Library Week" in New York City.

Accordingly, Your Committee recommends its adoption.

DOMENIC M. RECCHIA, Chairperson; LEROY G. COMRIE, ERIC N. GIOIA, DAVID I. WEPRIN, VINCENT J. GENTILE, DANIEL R. GARODNICK, INEZ E. DICKENS, THOMAS WHITE JR., Committee on Cultural Affairs, Libraries & International Intergroup Relations, April 11, 2007.

Pursuant to Rule 8.50 of the Council, the President Pro Tempore (Council Member Rivera) called for a voice vote. Hearing no objections, the President Pro Tempore (Council Member Rivera) declared **Res. No. 746** to be adopted.

Adopted unanimously by the Council by voice vote.

At this point, the Speaker (Council Member Quinn) announced that the following items have been **preconsidered** by the Committee on Finance and have been favorably reported for adoption.

Report for voice-vote Res. No. 803

Report of the Committee on Finance in favor of approving a Resolution endorsing the Speaker's decision to join with the Administration in filing, on behalf of the Council, an amicus brief in support of the Plaintiffs in the litigation between individual tenants and landlords captioned *Rosario v. Diagonal Realty LLC* for the purpose of supporting Local Law 44 of 1993 amending the City's J-51 tax abatement program to prohibit discrimination

by landlords against tenants using or participating in government funded housing assistance programs including Section 8.

The Committee on Finance to which was referred on April 12, 2007 the annexed resolution respectfully

REPORTS:

Today the Finance Committee will consider a Preconsidered Resolution endorsing the Speaker's decision to join the Administration in filing an amicus brief in support of Plaintiffs in litigation between a group of individual tenants and landlords (captioned *Rosario v. Diagonal Realty LLC)* for the purpose of supporting Local Law 44 of 1993 amending the City's J-51 tax abatement program to prohibit discrimination by landlords against tenants using or participating in government funded housing assistance programs including Section 8. Defendants in the case argue, inter alia, that Local Law 44 of 1993 is preempted by federal law governing the federal Section 8 program.

BACKGROUND

In 1993 the Council adopted Local Law 44 for 1993. Local Law 44 amends the City's J51 property tax abatement program. The J-51 program gives multiple dwelling property owners property tax abatements and exemptions for certain enumerated projects undertaken to improve and rehabilitate their properties. Local Law 44 makes it unlawful for a landlord who is receiving benefits under the J-51 program to discriminate against tenants based upon the fact that those tenants use, participate in, or are eligible to receive government funded housing assistance, including assistance under the federal Section 8 Program.

The Plaintiffs in the case at issue are tenants residing in rent-stabilized apartments and receiving Section 8 subsidies. Four of the five landlord-defendants receive J-51 tax abatements. The defendants notified the tenants that they will not longer accept the rent subsidy payments and that if the tenants wished to remain in the apartments, they would have to pay the rent without the use of the housing subsidy.

Plaintiffs prevailed in State Supreme Court and at the Appellate Division. The Courts held that Local Law 44 was not preempted by the federal law and regulations governing the federal Section 8 program. The defendants are now appealing to the New York State Court of Appeals.

PRECONSIDERED Res. No. 803

The Preconsidered Resolution endorses the Speaker's decision to join the Administration in filing, on behalf of the Council, an amicus brief in support of the Plaintiffs in the litigation between these individual tenants and landlords (captioned *Rosario v. Diagonal Realty LLC)* for the purpose of supporting Local Law 44 of 1993 amending the City's J-51 tax abatement program to prohibit discrimination by landlords against tenants using or participating in government funded housing assistance programs including Section 8

Accordingly, Your Committee recommends its adoption.

Pursuant to Rule 8.50 of the Council, the President Pro Tempore (Council Member Rivera) called for a voice vote. Hearing those in favor, President Pro Tempore (Council Member Rivera) declared **Res. No. 803** to be adopted.

The following 3 Council Members formally **objected** to the passage of this item: Council Members Gallagher, Ignizio and Oddo.

Adopted by the Council by voice-vote.

INTRODUCTION AND READING OF BILLS

Res. No. 800

Resolution calling upon the New York State Legislature to pass A.645, the "New York Consumer and Worker Protection Act," which would require businesses and government entities to comply with certain conditions with respect to the outsourcing of jobs.

By Council Members Addabbo Jr., Fidler, Gonzalez, James, Nelson and Palma

Whereas, According to the United States Department of Labor, millions of American jobs and billions of dollars have been lost as a result of the outsourcing of jobs overseas; and

Whereas, Overseas outsourcing is the practice of relocating jobs from the United States or its territories to a foreign locality and is used primarily by large companies as a way to cut business costs by hiring non-domestic employees at lower wages; and

Whereas, The City of New York is one of the major centers for commerce and industry in the world, and one of the City's key industries is the business and financial services sector; and

Whereas, According to a June 2005 report of the Fiscal Policy Institute ("Fiscal Policy Report"), New York information technology employment is closely tied to the City's financial services sector, with 26 percent of the City's approximately 100,000 workers in computer-related occupations employed in that sector; and

Whereas, According to the Fiscal Policy Report, the outsourcing of information technology jobs in New York City and New York State has picked up momentum over the past few years; and

Whereas, In February of 2007, *The Wall Street Journal* reported that outsourcing has also unexpectedly spread to high-skill, high-paying jobs such as equity research, biotechnology research and development and legal services and that such "knowledge outsourcing" rose 42 percent in 2006, compared with 34 percent increase in simple call-center work; and

Whereas, A 2004 study of the City's largest 100 publicly traded companies conducted by Howard A. Rubin, Ph.D., Computer Science Professor Emeritus at the City University of New York and Patricia Jaramillo, CEO of Magnolia Communications LLC ("2004 study"), found that 70 percent of businesses surveyed outsourced internal jobs overseas and that 90 percent planned to do so soon; and

Whereas, While the companies in the 2004 study cited a cost savings of about 44 percent from overseas outsourcing of information technology and business process operations, the study found that the true amount saved was as little as half that amount for some companies after the costs for planning, transition, start-up, technology and communications, remote management and oversight and travel were taken into account; and

Whereas, The same study found that these New York City companies could realize an equivalent savings of 44 percent by outsourcing information technology and business process operations within the State, to cities such as Syracuse, Rochester, Buffalo and Rensselaer; and

Whereas, In addition to a direct loss of jobs, overseas outsourcing may also impact those jobs that remain in New York City by driving down wages in an attempt to compete with cheaper overseas labor costs; and

Whereas, Moreover, offshore outsourcing increases the risk of data theft, consumer fraud and misuse of sensitive information since, for example, personal information contained in income tax returns, electronic fund transfers, banking, mortgage and medical records are being distributed in foreign countries without the same protections as exist in the United States; and

Whereas, In April of 2005, Citibank arrested workers at a call-center in India for defrauding four account holders in New York in the amount of $300,000, and in September 2005, Intel fired up to 250 employees in India after an investigation of employee expense claim fraud; and

Whereas, A.645, the "New York Consumer and Worker Protection Act," has been introduced in the New York State Assembly to stem the flow of skilled and unskilled labor out of the State, end taxpayer subsidies for moving American jobs overseas, protect the security of sensitive, private medical and financial personal information and prevent the Governor from committing the State to government procurement agreements with foreign countries without ratification by the State Legislature; and

Whereas, A.645 would require any merchant or company engaging in outsourcing to provide notice of such outsourcing when doing business with any consumer, prohibit government agencies from outsourcing jobs, require notice to and consent of consumers if personal information is to be disclosed by businesses to nonaffiliated third parties and require legislative ratification of any procurement contracts between the State and any multinational trade organization or corporation; now, therefore, be it

Resolved, That the Council of the City of New York calls upon the New York State Legislature to pass A.645, the "New York Consumer and Worker Protection Act," which would require businesses and government entities to comply with certain conditions with respect to the outsourcing of jobs.

Referred to the Committee on Civil Service and Labor.

Res. No. 801

Resolution calling upon the New York State Legislature to pass legislation to increase penalties for physical assaults on the elderly.

By Council Members Baez, Vallone Jr., Sears, Addabbo Jr., Avella, Brewer, Comrie, Dickens, Fidler, Gentile, Gonzalez, James, Mark-Viverito, Martinez, Monserrate, Nelson, Palma, Recchia, Sanders, Vann, Weprin, White and Liu

Whereas, The elderly are among the most vulnerable members of our society and deserve special protection; and

Whereas, The recent attack on a 101-year-old Queens woman who was viciously assaulted in the lobby of her residence brought attention to the serious matter of crime against the elderly; and

Whereas, Under current New York State Law, the assailant in this vicious assault on a 101-year-old woman would face only a misdemeanor charge; and

Whereas, Persons who assault vulnerable members of society, such as children or the elderly, should face harsher criminal penalties; and

Whereas, Criminals who assault children face harsher criminal penalties; and

Whereas, Under current New York State Law, physical attacks on elderly persons are treated as Class A misdemeanor offenses, with a penalty of up to one year in prison; and

Whereas, The New York State Legislature currently has before it a bill (S3684/A7088) that would make an assault on a person over seventy either a Class D violent felony, punishable by up to seven years in prison, or a Class E felony, punishable by up to four years in prison; and

Whereas, Enactment of this law would signify society's interest in protecting its most vulnerable members; and

Whereas, Enactment of this law would effectively set a standard and send a message that violence against the elderly is not acceptable and will not be tolerated; now, therefore, be it

Resolved, That the Council of the City of New York calls upon the New York State Legislature to pass legislation to increase penalties for physical assaults on the elderly.

Res. No. 802

Resolution calling upon the New York State Legislature to pass A. 0697, which would amend the public authorities law, in relation to establishing a no fare program for transportation on the New York City Transit Authority system, the Long Island Rail Road, and the Metro-North Commuter Railroad Company for senior citizens.

By Council Members Dickens, Arroyo, Brewer, Comrie, Dilan, Fidler, Foster, Gentile, Gerson, Gonzalez, James, Mark-Viverito, Mendez, Monserrate, Nelson, Palma, Recchia, Reyna, Rivera, Sanders, Seabrook, Vallone, Vann, White and Liu

Whereas, A. 0697, which has been introduced in the New York State Assembly, would require for the Metropolitan Transportation Authority (MTA), in consultation with the New York City Transit Authority (NYCTA), the Long Island Rail Road (LIRR), and the Metro-North Commuter Railroad Company (Metro-North), to establish and implement a no fare program for transportation on NYCTA, the LIRR and the Metro-North for senior citizens sixty-five years of age or older; and

Whereas, A. 0697 would require senior citizens to present proof of age to participate in the program, either by their Medicare card, driver's license, birth certificate or such other manner as the MTA deems sufficient; and

Whereas, The no fare program would be implemented on weekdays between the off-peak hours of 9:00 a.m. and 4:00 p.m., and all day on weekends; and

Whereas, This proposed program would provide assistance to seniors who are below the poverty level and rely heavily on public transportation; and

Whereas, A precedent exists for free transportation to certain populations, since full fare Metrocard passes are provided to certain New York City public school children to enable them to ride free from 5:30 a.m. to 8:30 p.m. during weekdays; and

Whereas, The cities of Ann Arbor, Michigan; Austin, Texas; Davis, California; Detroit, Michigan; Jacksonville, Florida; York, Pennsylvania; Providence, Rhode Island; and Miami, Florida; all provide free transportation fares for eligible senior citizens at all times; now, therefore, be it

Resolved, That the Council of the City of New York calls upon the New York State Legislature to pass A. 0697, which would amend the public authorities law, in relation to establishing a no fare program for transportation on the New York City Transit Authority system, the Long Island Rail Road, and the Metro-North Commuter Railroad Company for senior citizens.

Res. No. 803

Resolution endorsing the Speaker's decision to join with the Administration in filing, on behalf of the Council, an amicus brief in support of the Plaintiffs in the litigation between individual tenants and landlords captioned *Rosario v. Diagonal Realty LLC* for the purpose of supporting Local Law 44 of 1993 amending the City's J-51 tax abatement program to prohibit discrimination by landlords against tenants using or participating in government funded housing assistance programs including Section 8.

By Council Members Dilan, Mendez, Weprin, de Blasio, Palma, Martinez, Nelson, Sanders, White, Sears, James, Fidler, Comrie, Gonzalez and Mark-Viverito

Whereas, The Council passed Local Law number 44 for the year 1993, which provides that a landlord who receives tax benefits under the City's J-51 tax abatement program may not discriminate against tenants or potential tenants on the basis of such tenant's use of or participation in government-funded housing assistance programs including Section 8; and

Whereas, Rosario v. Diagonal Realty, LLC is a consolidated case brought in State Court in which individual plaintiff-tenants sued their landlords alleging, *inter alia*, that Local Law 49 of 1993 prevents their landlords who receive J-51 tax abatements on their rental buildings from refusing to accept tenants' Section 8 subsidies; and

Whereas, The validity of Local Law 44 of 1993 is at issue in this case as is the Council's right to decide what types of behavior among landlords it chooses to subsidize with City tax expenditures; now, therefore, be it;

Resolved, That the Council of the City of New York endorses the Speaker's decision to join with the Administration in filing, on behalf of the Council, an amicus brief in support of the Plaintiffs in the litigation between individual tenants and landlords captioned *Rosario v. Diagonal Realty, LLC* for the purpose of supporting Local Law 44 of 1993 amending the City's J-51 tax abatement program to prohibit discrimination by landlords against tenants using or participating in government funded housing assistance programs including Section 8.

A Local Law to amend the charter of the city of New York to require notification to the Council of the city of New York of emergency procurements.

Be it enacted by the Council as follows:

Section 1. Section 315 of the New York City charter is amended to read as follows:

§315. Emergency Procurement. Notwithstanding the provisions of section three hundred twelve of this chapter, in the case of unforeseen danger to life, safety, property or a necessary service, an emergency procurement may be made with the prior approval of the comptroller and corporation counsel *and notification to the Council*, provided that such procurement shall be made with such competition as is practicable under the circumstances, consistent with the provisions of section three hundred seventeen of this chapter. A written determination of the basis for the emergency and the selection of the contractor shall be placed in the agency contract file *and submitted to the Council*, and the determination or summary of such determination shall be included in the notice of the award of contract published pursuant to section three hundred twenty-five of this chapter.

§2. This local law shall take effect immediately.

Res. No. 804

Resolution commending the 10% For Youth Campaign for urging that budget surpluses be used to guarantee summer jobs for every teen, a Beacon program for every neighborhood, and an expansion of dropout/pushout programs.

By Council Members Foster, Addabbo Jr., Brewer, Gonzalez, James, Martinez, Mealy, Monserrate, Palma, Sanders, Vann and White

Whereas, According to 10% For Youth, a youth advocacy group, there are nearly one million poor children and youth in New York City; and

Whereas, Such children can benefit greatly from programs that provide them with job opportunities, after-school activities, and help in remaining in school; and

Whereas, The Department of Youth and Community Development (DYCD) indicates that nearly 70,000 young people applied for summer youth jobs in 2006, yet there was funding available for only 40,000 jobs; and

Whereas, The high number of youth applying for such positions indicates the need and desire of such young people to gain valuable job experiences and earn money to help pay expenses; and

Whereas, In addition to summer job experiences, after-school activities also offer youth great enrichment opportunities, and the Alliance for Excellent Education has concluded that every one dollar invested in after-school youth programs reaps ten times itself in benefits such as improved literacy, crime reduction and an expanded economy; and

Whereas, Education is also critical to enhancing the quality of life for youth, and DYCD statistics reveal that nine out of ten youth in a dropout prevention program remain in school, indicating the great success of such programs; and

Whereas, According to a January 26, 2007 New York Times article, in addition to a projected City budget surplus of $3.9 billion for the fiscal year ending June 30, there is a forecast of a $1.4 billion surplus next year; and

Whereas, According to the group 10% For Youth, if 10% of the City's budget surplus were earmarked for youth, such funding would be enough to guarantee that every teen who wants a summer youth job would have one, every neighborhood could have had a well-funded Beacon center open every day and on weekends, and there would be enough money to launch a comprehensive high school dropout prevention program for 20,000 students; now, therefore, be it

Resolved, That the Council of the City of New York commends the 10% For Youth Campaign for urging that budget surpluses be used to guarantee summer jobs for every teen, a Beacon program for every neighborhood, and an expansion of dropout/pushout programs.

Resolution calling upon the Mayor of the City of New York to use City employees rather than private consultants and contractors to provide City services that can be performed by City employees.

By Council Members Foster, Addabbo Jr., James, Koppell, Mealy, Monserrate, Palma, Sanders and Vann

Whereas, City workers strive each day to bring vital services to New Yorkers; and

Whereas, Recent reports released by District Council 37 indicate that the City has been hiring private consultants and contractors to do the jobs of City employees, thereby displacing them, and that many of these consultants were being paid far more than City employees to do the same work; and

Whereas, This wasteful displacement of City workers is unnecessary; and

Whereas, In addition to the stress on individuals and families caused by the loss of jobs resulting from such outsourcing, other important reasons exist which make it preferable to have City work performed by City employees; and

Whereas, For example, money paid to City employees is generally spent in the City, thereby producing a multiplier effect of each worker's economic impact on the City; and

Whereas, In addition, most City employees must take civil service examinations to establish their fitness to be employed by the City, while consultants and contractors need no such qualifications; now, therefore, be it

Resolved, That the Council of the City of New York calls upon the Mayor of the City of New York to use City employees rather than private consultants and contractors to provide City services that can be performed by City employees.

A Local Law to amend the administrative code of the city of New York, in relation to requiring any person who marks a street or sidewalk for the purpose of paving, maintaining or restoring said street or sidewalk to remove all such marks once the work is complete.

Be it enacted by the Council as follows:

Section 1. Subchapter one of chapter one of title nineteen of the administrative code of the city of New York is amended to add a new section 19-122.1 to read as follows:

§ 19-122.1 Removal of temporary marks. Any contractor who paves, maintains, or restores, or causes to be paved, maintained or restored, any street or sidewalk, shall within seven days after the pavement, maintenance or restoration is complete, remove from such street or sidewalk any mark of any kind that is visible to the public that was placed on or at the location in connection with said pavement, maintenance

or restoration and that was not intended by the contractor as permanent. In addition to any penalties which may be imposed for violation of this section, the city may cause such mark to be removed at the expense of any party neglecting or refusing to perform such removal. Any such party shall be liable to the city for the amount expended by the city for such removal.

§2. This local law shall become effective immediately upon its enactment.

A Local Law to amend the administrative code of the city of New York, in relation to creating criminal and civil penalties for damaging items of religious worship or religious articles that are contained on private property.

Be it enacted by the Council as follows:

Section 1. Section 10-116 of the administrative code of the city of New York, as amended by local law 102 of 2005, is amended and to create subsections a and b to read as follows:

§ 10-116 Damaging houses of religious worship or religious articles therein prohibited*; damaging items of religious worship or religious articles contained on private property prohibited.* *a.* Any person who willfully and without authority breaks, defaces or otherwise damages any house of religious worship or any portion thereof, or any appurtenances thereto, including religious figures or religious monuments, or any book, scroll, ark, furniture, ornaments, musical instrument, article of silver or plated ware, or any other chattel contained therein for use in connection with religious worship, or any person who knowingly aids, abets, conceals or in any way assists any such person shall be guilty of a misdemeanor punishable by imprisonment of not more than one year or by a fine of not more than two thousand five hundred nor less than five hundred dollars, or both. In addition, any person violating this section shall be subject to a civil penalty of not less than ten thousand dollars and not more than twenty-five thousand dollars. Such civil penalty shall be in addition to any criminal penalty or sanction that may be imposed, and such civil penalty shall not limit or preclude any cause of action available to any person or entity aggrieved by any of the acts prohibited by this section.

b. Any person who willfully and without authority breaks, defaces or otherwise damages any religious statue, symbol sign or other religious item on private property, including religious figures or religious monuments, or any book, scroll, ark, furniture, ornaments, musical instrument, article of silver or plated ware, or any other chattel used in connection with religious worship, or any person who knowingly aids, abets, conceals or in any way assists any such person shall be guilty of a misdemeanor punishable by imprisonment of not more than one year or by a fine of not more than two thousand five hundred nor less than five hundred dollars, or both. In addition, any person violating this section shall be subject to a civil penalty of not less than ten thousand dollars and not more than twenty-five thousand dollars. Such civil penalty shall be in addition to any criminal penalty or sanction that may be imposed, and such civil penalty shall not limit or preclude any cause of action available to any person or entity aggrieved by any of the acts prohibited by this section.

A Local Law to amend the administrative code of the city of New York, in relation to inspections by the department of buildings.

Be it enacted by the Council as follows:

Section 1. Subchapter one of chapter one of title 26 of the administrative code of the city of New York is amended by adding a new section 26-115.1 to read as follows:

§26-115.1 Classification of violations. On or before July first, two thousand seven, the department shall by rule classify all violations of the building code and other applicable state and local laws as non-hazardous, hazardous and/or immediately hazardous. Such classification shall be based on the effect of the violation upon the life, health or safety of the occupants of any building, enclosure, premises, structure or any part thereof and upon the general public.

§2. Article 4 of subchapter three of chapter one of title 26 of the administrative code of the city of New York is amended by adding new sections 26-216.1 and 26-216.2 to read as follows:

§26-216.1 Inspection, failure to gain access to premises. a. The commissioner or his or her authorized representative shall attempt to enter and inspect any building, enclosure, premises, structure or any part thereof when the department has received a complaint of a condition which, if observed, would be classified by the department as an immediately hazardous or hazardous violation.

b. After two attempts to gain access to the building, enclosure, premises, structure or any part thereof without success, the commissioner or his or her authorized representative shall prepare an affidavit that documents each unsuccessful attempt to enter and inspect. The commissioner or the designee of the commissioner shall review the allegations and documentation available, including the complaint, and shall also seek to obtain an affidavit from the complainant, if available. If the commissioner or his or her designee is satisfied with the veracity and reliability of the allegations in the complaint, then the department shall seek an order from a court of competent jurisdiction directing that access be provided to an inspector or other authorized representative of the department to any building, enclosure, premises or part thereof that might potentially be classified by the department as an immediately hazardous or hazardous violation. The department shall promptly execute any such order in accordance with its terms.

§26-216.2 Court order for failure to gain access to inspect premises. a. Upon the issuance of an order directing that access to enter and inspect any building, enclosure, premises, structure or part thereof be provided to an inspector or other authorized representative of the department, the person, officer or inspector seeking to gain access shall, before entry, give notice of his or her authority and purpose to any occupant of the premises and shall, upon request, show such occupant the order or a copy thereof.

b. Nothing herein shall affect the validity of inspections authorized and conducted under any other provision of any other statute, law, rule or regulation without the issuance of an inspection order or warrant.

c. The department shall promptly execute any such order in accordance with its terms.

§3. This local law shall take effect immediately upon its enactment.

By Council Member James, The Speaker (Council Member Quinn) and Council Members Brewer, Dilan, Comrie, Fidler, Gentile, Gonzalez, Koppell, Mark-Viverito, Martinez, McMahon, Nelson, Palma, Recchia, Weprin, Liu, Avella and Mendez

A Local Law to amend the administrative code of the city of New York, in relation to an alternative enforcement program by the department of housing preservation and development for violations of the housing maintenance code and multiple dwelling law.

Be it enacted by the Council as follows:

Section 1. Legislative intent. The traditional methods by which governmental agencies enforce housing maintenance standards within New York city have not always yielded the results intended. These techniques, usually litigation or repairs made by a contractor acting on behalf of a city agency, do not always result in reaching the core of the physical problems in distressed buildings. The program set forth in this legislation is intended to alleviate the serious physical deterioration of those buildings by forcing the owner to make effective repairs or have city government do so in a more comprehensive fashion so that emergency conditions are alleviated and the underlying physical conditions related to housing code violations are addressed.

§2. Subchapter five of chapter two of title twenty-seven of the administrative code of the city of New York is amended by adding a new article ten to read as follows:

ARTICLE 10

ALTERNATIVE ENFORCEMENT PROGRAM

§27-2153. Alternative Enforcement Program. The department shall establish an alternative enforcement program and identify distressed buildings for participation in such program. Notwithstanding any other provision of law, the department shall enforce violations of this code and the multiple dwelling law pursuant to such program, as follows:

a. The department shall identify no fewer than two hundred different distressed buildings for participation in the alternative enforcement program in each of the first two years of such program. For purposes of this subdivision the criteria used to identify distressed buildings shall be:

(i) twenty-seven or more open hazardous or immediately hazardous violations of record which were issued by the department within the two-year period prior to identification of the building for such program; and

(ii) a ratio of open hazardous and immediately hazardous violations which were issued by the department within the two-year period prior to identification of the building for such program that equal in the aggregate five or more such violations for every dwelling unit in the multiple dwelling; and

(iii) unpaid emergency repair charges, including liens, in a ratio of one hundred or more dollars for each dwelling unit in the multiple dwelling which were incurred within the two-year period prior to identification of the building for such program.

b. In the third year of such program the department shall identify no fewer than two hundred different distressed buildings for participation in the alternative enforcement program. The criteria used to identify distressed buildings in such year shall be:

(i) twenty-five or more open hazardous or immediately hazardous violations which were issued by the department within the two-year period prior to identification of the building for such program; and

(ii) a ratio of open hazardous and immediately hazardous violations which were issued by the department within the two-year period prior to such identification that equal in the aggregate of five or more such violations for every dwelling unit in the multiple dwelling; and

(iii) unpaid emergency repair charges, including liens, in a ratio of one hundred or more dollars for each dwelling unit in the multiple dwelling which were incurred within the two-year period prior to such identification.

c. In the fourth year and each succeeding year of such program the department shall identify no fewer than two hundred different distressed buildings for participation in the alternative enforcement program. The criteria used to identify distressed buildings in such years shall be:

(i) twenty-five or more open hazardous or immediately hazardous violations which were issued by the department within the two-year period prior to identification of the building for such program; and

(ii) a ratio of open hazardous and immediately hazardous violations which were issued by the department within the two-year period prior to such identification that equal in the aggregate five or more such violations for every dwelling unit in the multiple dwelling; and

(iii) emergency repair charges, including liens, which were incurred within the two-year period prior to such identification in a ratio of one hundred or more dollars for each dwelling unit in the multiple dwelling, whether or not such charges have been paid or liens satisfied,

d. For the purposes of subdivisions a, b, and c of this section, those buildings having the highest aggregate ratio of open hazardous and immediately hazardous violations for every dwelling unit shall be the buildings identified first for participation in the program.

e. Notwithstanding the criteria set forth in subdivisions a, b, and c of this section, a building that is currently the subject of an in rem foreclosure action by the city, or that is the subject of a court order appointing an administrator pursuant to article 7-A of the real property actions and proceedings law, shall not be included in the alternative enforcement program.

f. Where there are fewer than two hundred buildings that meet the applicable criteria only the buildings meeting such criteria shall participate in the alternative enforcement program.

g. The department shall within thirty days of the effective date of this article provide written notification to the owner of any building identified for participation in the alternative enforcement program, the occupants of such building and the council member in whose district the building is located, that such building is subject to the requirements of such program and the requirements of this article.

h. The department shall establish a process to provide the occupants of buildings participating in the alternative enforcement program and council members within whose districts such buildings are located with information regarding the status of the building during participation in such program.

i. The owner of a building that is identified for participation in the alternative enforcement program shall be required to respond in writing to the notification provided pursuant to subdivision g of this section whether he or she intends to correct the existing violations of this code and the multiple dwelling law in such building. Such owner shall correct the existing violations of this code and the multiple dwelling law in such building no later than four months after written notification by the department pursuant to subdivision g of this section, provided, however, that the original correction date for any violation issued in such building shall not be deemed to be changed or postponed by such notification. Nothing in this subdivision shall preclude the department from determining after such identification that the provisions of subdivision k may be immediately implemented. Where such owner believes that such violations have been corrected, such owner shall request a reinspection of such violations for dismissal by the department. The process to request a reinspection and dismissal of such violations shall be prescribed in rules promulgated by the department. The department shall perform a reinspection within sixty days of receipt of a request for such reinspection by the owner and upon completion of such reinspection the department shall assess whether such owner has substantially complied with the requirements of this subdivision. The department shall issue a notice of violation for any new violation observed in the course of such reinspection. After completion of such reinspection, the department shall within twenty days provide a written determination to such owner. For the purposes of this subdivision, "substantial compliance" shall mean that at the time of reinspection by the department, all violations relating directly to providing heat and hot water and eighty percent of all other open hazardous and immediately hazardous violations have been determined by the department to have been corrected.

j. (i) Where an owner has received a written determination by the department that he or she has substantially complied with the requirements of subdivision i of this section, such owner shall pay to the department all outstanding charges, including liens, for emergency repair work performed by the department in such building that are due, if any, and shall register the building in accordance with article two of subchapter four of chapter two of this title if the building is not validly registered. Upon such payment and valid registration, where applicable, the department shall notify the owner, the occupants in such building and the council member in whose district such building is located that the building has been discharged from participation in the alternative enforcement program, provided, however, that the department shall continue to monitor the building to ensure continued compliance with this code. Such monitoring shall be performed no less often than every three months for a period of at least a one year with special consideration given to any uncorrected immediately hazardous violations.

(ii) Except as provided in subdivision l of this section, the failure by an owner to substantially comply with the provisions of subdivision i of this section, or pay all outstanding charges, including liens, for emergency repair work, if any, or validly register the building in accordance with article two of subchapter four of chapter two of this title, where applicable, shall result in the building remaining in the alternative enforcement program, and such building shall continue to be subject to the fees and other requirements applicable to such program. Upon such failure, the department shall notify such owner that the building has not been discharged from the alternative enforcement program.

k. (i) The department shall perform a building-wide inspection of a building that is subject to the requirements of the alternative enforcement program if: (1) the owner has been notified that such building has not been discharged from the program pursuant to subdivision i of this section, or (2) where the owner has failed to respond to written notification by the department in accordance with subdivision g of this section. Such building-wide inspection shall be commenced no later than thirty days after notice is given to the owner pursuant to paragraph ii of subdivision j of this section. After such building-wide inspection is completed, the department shall issue an order to such owner to correct existing violations of this code and any new violations written since the notification of the owner in accordance with subdivision g of this section and repair the related underlying conditions as shall be specified in such order. Such building-wide inspection shall be completed and such order issued within ninety days of commencement of the building-wide inspection. Such order shall be filed in the office of the county clerk in the county in which the building is located. For purposes of this article, a "related underlying condition" shall mean a physical defect or failure of a building system that is causing or has caused a violation, such as, but not limited to, a structural defect, or failure of a heating or plumbing system.

(ii) The department shall: (1) within thirty days of the filing of such order prepare a scope of work necessary to correct the violations and repair the related underlying conditions as are specified in such order; (2) cause repair work to be commenced and expeditiously completed unless there are circumstances beyond the control of the department such as: the inability to obtain access to the building or any part thereof necessary for the making of such repairs in which case the repairs related to the portion of the building to which access could not be obtained may be delayed until access is obtained; or the inability to obtain necessary legal approvals, materials or labor; or for so long as there is ongoing litigation with respect to the building that prevents such work from being performed by the department; or the owner undertakes the repair work in a manner that is satisfactory to the department; or commencement or completion of the work is not practicable because a vacate or similar order has been issued by the department or any city agency and/or the cost of performing work necessary for restoring the building pursuant to the order is economically infeasible; and (3) monitor repair work as it is performed in accordance with subdivision m of this section. For the purposes of this subdivision, "economically infeasible" shall mean a determination by the department that the cost of repairing a particular building exceeds the anticipated market value of such building after all repairs have been completed. However, any determination by the department that, for the purposes of this subdivision, repairs to a particular building would be economically infeasible for the department to undertake, shall not take into consideration the owner's conduct with respect to the building.

l. The owner or managing agent or other designated representative of a building which is the subject of an order by the department pursuant to subdivision k of this section shall be required to participate in a course of training relating to building operation and maintenance, approved by the department, prior to discharge of the building from the alternative enforcement program.

m. The department shall reassess, at quarterly intervals, or more often as necessary, each building that has been identified for participation in the alternative enforcement program for which the department has issued an order pursuant to subdivision k of this section and in which the department or an owner has commenced repairs, to ensure progress towards completion of such repairs. At each such reassessment the department shall determine whether repairs are progressing in a timely fashion. When conducting such reassessment the department shall give special consideration to the correction of immediately hazardous violations. No later than six months from the commencement of such repair work, if the department determines that such repair work is not progressing in a timely fashion, then the department shall expeditiously complete the repairs.

n. The department may discharge from the alternative enforcement program a building for which an order has been issued pursuant to subdivision k of this section upon: (1) substantial compliance, (2) payment of fees, (3) payment to the department

of all outstanding emergency repair charges, including liens, and (4) registration of such building in accordance with article two of subchapter four of chapter two of this title or such other criteria as may be established by rule which are not inconsistent with any of the provisions of this article as are applicable. Where the department determines to discharge a building from such program, it shall provide a written determination to the owner, the occupants of such building and the council member in whose district such building is located and shall file in the office of the county clerk in the county in which such building is located, a rescission of the order issued pursuant to subdivision k of this section. For the purposes of this subdivision, "substantial compliance" shall mean that at the time of reinspection by the department, all violations relating directly to providing heat and hot water and eighty percent of all other open hazardous and immediately hazardous violations and the related underlying conditions, have been determined by the department to have been corrected.

o. The department shall expeditiously undertake good faith efforts to obtain access to any portion of the building where access is necessary in order to perform an inspection, perform work to correct a violation of this code or the multiple dwelling law or perform work to repair a related underlying condition. If access is not obtained even after such good faith efforts, the department shall seek an order of access in accordance with the provisions of section 27-2123 of this code. Any time period set forth in this section within which the department is required to act shall be tolled during the period in which the department is making such good faith efforts to obtain access or is seeking an order of access.

p. An owner of a building who has been notified of participation in the alternative enforcement program pursuant to subdivision g of this section shall be subject to fees for any inspection, reinspection or any other action taken by the department in relation to such building during the time period that the building is in such program. A schedule of fees for this purpose shall be prescribed in rules promulgated by the department.

q. All amounts for expenses incurred and fees imposed by the department pursuant to this article that remain unpaid by an owner, shall constitute a debt recoverable from the owner and a lien upon the building and lot, and upon the rents and other income thereof. The provisions of article eight of this subchapter shall govern the effect and enforcement of such debt and lien. The department may serve a statement of account upon an owner for such amounts pursuant to section 27-2129 of this subchapter.

r. Any failure by the department to provide notification to occupants of a building that is participating in the alternative enforcement program or council members as required by this article shall not prevent the department from taking any actions under or enforcing the provisions of this article, except that the department shall attempt to remedy any such failure immediately upon its discovery.

s. On or before February 15th of each year, the department shall prepare and submit to the council a report on the results of the alternative enforcement program. Such report shall be cumulative and shall include the following: (i) the address and owner of each building in the program; (ii) the council member in whose district the building is located; (iii) for each building, the aggregate number of open hazardous and immediately hazardous violations at the time the alternative enforcement program was used as an enforcement mechanism for such building, the ratio of such violations and unpaid and paid emergency repair charges or liens, as is applicable, to the number of dwelling units at such time, whether or not the building has been discharged from the program and the reason for such status; and (iv) the number of buildings for which substantial compliance has not been achieved within twelve months from the start of their participation in the program. Such report shall be posted on the department's website within ten days of its submission to the council.

t. Nothing in this section shall prevent the department from enforcing the provisions of this code or the multiple dwelling law pursuant to any other provision of this code, the multiple dwelling law or any other law where the department determines that additional enforcement mechanisms are necessary to do so. Nothing in this article shall be deemed to affect the duties of an owner, a tenant or the department under any other article of this code or the multiple dwelling law.

u. Any notifications or information required by this section to be provided to an owner or occupant of a building shall be in the languages set forth in subdivision j of section 8-1002 of the administrative code of the city of New York and in such other languages as the department deems appropriate.

v. No later than four years after such program begins the department shall conduct a study to evaluate the effectiveness of the alternative enforcement program. Such study shall examine, but shall not be limited to examining, the following:

(1) the program's cost effectiveness, including the amount of fees collected;

(2) whether the criteria established pursuant to subdivisions a, b or c of this section were appropriate and if not, how they should be adjusted; and

(3) whether the monitoring undertaken by the department is appropriate and if not, what modifications should be made.

Such study shall also include recommendations as to whether the program should be continued or modified in any way and the reasons therefore. Such study shall be incorporated into a report required by subdivision s of this section.

§3. Paragraph 1 of subdivision f of section 27-2115 of the administrative code of the city of New York is amended to read as follows:

(1) The notice of violation shall direct that when any violations of a particular class have been corrected, they [shall] *may* be certified at one time to the department *or, in the alternative, each violation may be separately and independently certified.* Such certification shall be made in writing, under oath by the registered owner, a registered officer or director of a corporate owner or by the registered managing agent. Such certification shall be delivered to the department in person and acknowledgement of receipt therefor obtained or shall be mailed to the department by certified or registered mail, return receipt requested, no later than fourteen days after the date set for correction in the case of non-hazardous and hazardous violations, and no later than five days after the date set for correction in the case of immediately hazardous violations, and shall include the date when each violation was corrected. Such certification of correction shall be supported by a sworn statement by the person who performed the work if performed by an employee or agent of the owner.

§4. Paragraph 1 of subdivision f of section 27-2115 of the administrative code of the city of New York is amended to read as follows:

(1) The notice of violation shall direct that when any violations of a particular class have been corrected, they may be certified at one time to the department or, in the alternative, each violation may be separately and independently certified. Such certification shall be made in writing, under oath by the registered owner, a registered officer or director of a corporate owner or by the registered managing agent *except that, in the alternative, such certification may be submitted in an electronic form in accordance with the rules of the department which shall provide a mechanism for authenticating the source of the electronic submission; the department shall be required to accept such electronic submissions if submitted in accordance with such rules on and after the effective date of the local law that added these provisions authorizing such electronic submissions.* Such certification shall be delivered to the department in person *or electronically* and acknowledgement of receipt therefor obtained or shall be mailed to the department by certified or registered mail, return receipt requested, no later than fourteen days after the date set for correction in the case of non-hazardous and hazardous violations, and no later than five days after the date set for correction in the case of immediately hazardous violations, and shall include the date when each violation was corrected. Such certification of correction shall be supported by a sworn statement, *which may be submitted in an electronic form in accordance with the rules of the department,* by the person who performed the work if performed by an employee or agent of the owner.

§5. This local law, other than the provisions of section four, shall take effect one hundred fifty days after its enactment, provided, however, that the commissioner of housing preservation and development shall take all actions necessary to implement this local law, including the promulgation of rules and the identification of buildings, on or before such date. The provisions of section four of this local law shall take effect two years after its enactment.

Res. No. 806

Resolution calling on Congress to reintroduce and pass the Second Chance Act of 2005, which would reauthorize a Department of Justice grant program that, among other things, facilitates the reentry of offenders into the community and establishes a task force on Federal programs and activities relating to the reentry of offenders into the community.

By Council Members Stewart, James, Martinez, Palma, Sanders and Vann

Whereas, In 2005, nearly 2.2 million people were incarcerated in Federal or State prisons or in local jails; and

Whereas, Nearly 650,000 people are released annually from incarceration to communities nationwide; and

Whereas, Studies have shown that from 15 percent to 27 percent of prisoners expect to go to homeless shelters upon release from prison; and

Whereas, Nearly two-thirds of released State prisoners are expected to be rearrested for a felony or serious misdemeanor within three years after release; and

Whereas, Increased recidivism has profound collateral consequences, including public health risks, homelessness, unemployment, and disenfranchisement; and

Whereas, Released prisoners cite family support as the most important factor in helping them stay out of prison; and

Whereas, Research suggests that families are an often underutilized resource in the reentry process; and

Whereas, Participation in State correctional education programs lowers the likelihood of reincarceration by 29 percent according to a United Stated Department of Education study; and

Whereas, A Federal Bureau of Prisons study found a 33 percent drop in recidivism among federal prisoners who participated in vocational and apprenticeship training; and

Whereas, Ohio Representative Rob Portman introduced The Second Chance Act of 2005 (H.R. 1704) and Pennsylvania Senator Arlen Specter introduced the Senate's companion bill (S.1934) in the 109th Congress; and

Whereas, Both bills languished in their respective houses until the 109th Congress recessed; since the commencement of the 110th Congress, these bills have yet to be introduced; and

Whereas, The Second Chance Act of 2005 aims to identify labor market needs to ensure prison education and training are appropriate and to connect inmates to employment, including supportive employment and employment services, before their release to the community; and

Whereas, This bill will assist offenders in securing permanent housing upon release or following a stay in transitional housing; and

Whereas, The Second Chance Act enhances services for offenders and aids successful reentry into the community, while also helping to combat recidivism rates; now, therefore, be it

Resolved, That the Council of the City of New York calls on Congress to reintroduce and pass the Second Chance Act of 2005, which would reauthorize a Department of Justice grant program that, among other things, facilitates the reentry of offenders into the community and establishes a task force on Federal programs and activities relating to the reentry of offenders into the community.

Int. No. 562

By Council Members Vallone Jr., James, Nelson, Sanders, Weprin, White and Liu.

A Local Law to amend the administrative code of the city of New York, in relation to establishing certain penalties for the offense of public lewdness.

Be it enacted by the Council as follows:

Section 1. Title 10 of the administrative code of the city of New York is amended by adding a new section 10-165 to read as follows:

§10-165. Public lewdness. A person who commits the crime of public lewdness, defined pursuant to section 245.00 of the New York State Penal Law as when an individual "intentionally exposes the private or intimate parts of his body in a lewd manner or commits any other lewd act (a) in a public place, or (b) in private premises under circumstances in which he may readily be observed from either a public place or from other private premises, and with intent that he be so observed, shall be guilty of a class A misdemeanor, punishable by a fine of not more than one thousand dollars, or imprisonment of not more than one year, or both.

§2. This local law shall take effect 30 days after its enactment.

Res. No. 807

Resolution calling upon the New York State Legislature to amend the definition of drug, as used in the sections of the Vehicle and Traffic Law that relate to the offenses of operating a motor vehicle while under the influence of alcohol or drugs, to permit the arrest and charging under those sections of individuals under the influence of chemical compounds found in products that can be abused as inhalants.

By Council Member Vallone Jr., Fidler, Nelson, Sears, White and Liu.

Whereas, Inhalant abuse, commonly called huffing, is the purposeful inhalation of chemical vapors to achieve an altered mental or physical state, which for most abusers is a euphoric effect; and

Whereas,, Abusers of inhalants, who are primarily adolescents, inhale vapors emitted from a wide range of substances, many of which are common household products; in fact, chemical vapors used as inhalants can be found in over 1,000 ordinary household products, such as felt-tip markers, correction fluids, cleaning fluids, hair products, cooking products, fabric protectors, room deodorizers, butane lighters, paints, and glues; and

Whereas, National surveys indicate that more than 22.9 million Americans have abused inhalants at least once in their lives; according to the 2004 National Survey on Drug Use and Health, conducted by the Substance Abuse and Mental Health Services Administration, past-year inhalant abuse among 21-year-olds rose significantly in 2004; in addition, the 2005 Monitoring the Future ("MTF") survey of eighth-graders, tenth-graders, and twelfth-graders, funded by the National Institute on Drug Abuse, found that all grades showed some evidence of an increase in inhalant abuse in 2004; the 2005 MTF survey also revealed that lifetime abuse of inhalants measured 17.1 percent among eighth-graders, 13.1 percent among tenth-graders, and 11.4 percent among twelfth-graders in 2005; and

Whereas, For the majority of users, inhalant abuse results in a rapid euphoric effect that is similar to alcoholic intoxication; users experience initial excitation, followed by drowsiness, lightheadedness, and agitation; the chemicals found in volatile solvents, aerosols, and gases produce a variety of additional effects during or shortly after use that include dizziness, hallucinations, delusions, belligerence, apathy, and impaired judgment; additional symptoms exhibited by long-term inhalant abusers include muscle weakness, weight loss, disorientation, inattentiveness, and depression; chronic inhalant abuse may result in serious and sometime irreversible damage to the user's heart, liver, kidneys, lungs, and brain; death from inhalant abuse can occur after a single use or after prolonged use; sudden sniffing death ("SSD") may result within minutes of inhalant abuse from irregular heart rhythm leading to heart failure; inhalant abuse can also cause death by asphyxiation, suffocation, convulsions or seizures, coma, or fatal injury from accidents, including motor vehicle fatalities, suffered while intoxicated; and

Whereas, In January 2004, 20-year-old Vincent Litto drove into oncoming traffic in Gerritsen Beach, Brooklyn and frontally collided with another vehicle, resulting in the death of a 17-year-old girl; moments before the fatal accident, Litto allegedly sniffed a can of Dust-Off, a computer keyboard cleaner; and

Whereas, Because the particular chemical compounds in Dust-Off are not named in the definition of drug in the Public Health Law, which is the definition used in the sections of the Vehicle and Traffic Law relating to offenses concerning the operation of a motor vehicle while under the influence of alcohol or drugs, the charges of driving while intoxicated and vehicular manslaughter were subsequently dismissed against Litto; among other charges, the top count of second-degree manslaughter against Litto remains, which carries a possible 15-year sentence, but that charge is more difficult to prove and is not specifically tailored to automotive crime; and

Whereas, The injurious and potentially fatal consequences of inhalant abuse must be recognized, and it is imperative that this existing loophole in New York State law regarding the definition of drug be addressed; now, therefore, be it

Resolved, That the Council of the City of New York calls upon the New York State Legislature to amend the definition of drug, as used in the sections of the Vehicle and Traffic Law that relate to the offenses of operating a motor vehicle while under the influence of alcohol or drugs, to permit the arrest and charging under those sections of individuals under the influence of chemical compounds found in products that can be abused as inhalants.

Res. No. 808

Resolution calling upon the Department of City Planning to file an application to amend the text of the Zoning Resolution in regard to creating R2-N, a contextual Residence District for areas with single-family homes on lots less than forty feet in width.

By Council Members Weprin, Nelson and Arroyo.

Whereas, R2 and R2-A Residence Districts are limited to single family detached homes, but require a minimum lot width of forty feet; and

Whereas, R3-A requires a minimum lot with of twenty five feet, but allows single family and two family homes; and

Whereas, There is no Residence District for single-family detached homes on lots less than forty feet in width; and

Whereas, The construction of two family homes on narrow lots can cause certain "quality of life problems"; in the affected neighborhoods; and

Whereas, Section 201 of the New York City Charter allows, *inter alia,* the Department of City Planning to file an application for changes in the Zoning Resolution; and

Whereas, Such an application will be considered and reviewed in the manner set forth in Section 200 of the Charter and will undergo such environmental review as is required by law; now, therefore, be it

RESOLVED, That the Council of the City of New York hereby calls upon the Department of City Planning to file an application to amend the text of the Zoning Resolution in regard to creating R2-N, a contextual Residence District for areas with single-family homes on lots less than forty feet in width.

Article XI - Special Purpose Districts

Chapter 5
Special Downtown Jamaica District

115-00
GENERAL PURPOSES

The "Special Downtown Jamaica District" established in this Resolution is designed to promote and protect the public health, safety and general welfare of the Downtown Jamaica community. These general goals include, among others, the following specific purposes, to:

(a) strengthen the business core of Downtown Jamaica by improving the working and living environments;

(b) foster development in Downtown Jamaica and provide direction and incentives for further growth where appropriate;

(c) expand the retail, entertainment and commercial character of the area around the transit center and to enhance the area's role as a major transportation hub in the City;

(d) provide transitions between the downtown commercial core, the lower-scale residential communities and the transportation hub;

(e) improve the quality of new development in Downtown Jamaica by requiring the provision of specified public amenities in appropriate locations;

(f) encourage the design of new development that is in character with the area;

(g) enhance the pedestrian environment by relieving sidewalk congestion and providing pedestrian amenities; and

(h) promote the most desirable use of land and thus conserve and enhance the value of land and buildings, and thereby protect the City's tax revenues.

115-01
General Provisions

In harmony with the general purposes and content of this Resolution and the general purposes of the #Special Downtown Jamaica District#, the regulations of the #Special Downtown Jamaica District# shall apply to all #developments#, #enlargements#, alterations and changes of #use# within the #Special Downtown Jamaica District#, except as otherwise provided in this Chapter. The regulations of all other Chapters of this Resolution are applicable except as modified, supplemented or superseded by the provisions of this Chapter. In the event of a conflict between the provisions of this Chapter and other regulations of this Resolution, the provisions of this Chapter shall control.

Any special permit granted by the City Planning Commission before (the effective date of this amendment), may be started or continued, in accordance with the terms thereof, or as such terms may be subsequently modified, pursuant to the regulations in effect at the time such special permit was granted, subject to the provisions of Sections 11-42 (Lapse of Authorization or Special Permit Granted by the City Planning Commission Pursuant to the 1961 Zoning Resolution) and 11-43 (Renewal of Authorization or Special Permit).

115-02
District Plan and Maps

The regulations of this Chapter implement the #Special Downtown Jamaica District# Plan.

The District Plan includes the following maps in the Appendix to this Chapter:

Map 1	Special Downtown Jamaica District
Map 2	Ground Floor Use and Transparency and Curb Cut Restrictions
Map 3	Street Wall Location
Map 4	Street Wall Height
Map 5	Maximum Building Height
Map 6	Sidewalk Widening

The maps are hereby incorporated and made part of this Resolution for the purpose of specifying locations where the special regulations and requirements set forth in the text of this Chapter apply.

115-10
SPECIAL USE REGULATIONS

In the #Special Downtown Jamaica District#, the #use# regulations of the underlying district shall apply except as modified in this Section. The #use# regulations of the underlying C4-5X, C6 and M1-4 Districts relating to #public parking garages# are modified in Section 115-11 (Public Parking Garages). The #use# regulations of the underlying C6-4 District relating to Use Group 11B, are modified in Section 115-12 (Use Group 11B in C6-4 Districts). Special ground floor #use# and transparency regulations shall apply in the C4-5X and C6 Districts pursuant to Sections 115-13 (Ground Floor Use, Frontage and Major Building Entrance Regulations in C4-5X and C6 Districts) and 115-14 (Transparency Requirement in C4-5X and C6 Districts). The #use# regulations of the underlying M1-4 District, including Use Groups 3, 4, 6, 10, 16, 17 and 18, are modified as specified in Section 115-15(Modification of Use Regulations in M1-4 Districts).

115-11
Public Parking Garages

In the #Special Downtown Jamaica District#, the #use#

regulations of the underlying C4-5X, C6-2, C6-3, C6-4 and M1-4 Districts shall be modified to permit #public parking garages# with a capacity of 150 spaces or less, as-of-right, subject to the provisions set forth for #accessory# off-street parking spaces in Sections 36-53 (Location of Access to the Street), 36-55 (Surfacing) and 36-56 (Screening). #Public parking garages# may be open or enclosed, provided that no portion of such #use# shall be located on a roof other than a roof which is immediately above a #cellar# or #basement#, except as provided by the special permit provisions of Section 74-52 (Parking Garages or Public Parking Lots in High Density Central Areas).

115-12
Use Group 11B in C6-4 Districts

In C6-4 Districts, the provisions of Section 32-20 (Use Group 11), paragraph B. (Wholesale or Similar Establishments), shall be modified to allow wholesale establishments with no limitation on #accessory# storage.

115-13
Ground Floor Use, Frontage and Major Building Entrance Regulations in C4-5X and C6 Districts

On designated #streets#, as shown on Map 2 (Ground Floor Use and Transparency and Curb Cut Restrictions) in the Appendix to this Chapter, the special ground floor #use#, frontage and major building entrance regulations of this Section shall apply to any #building or other structure# fronting on such #streets#.

#Uses# located on the ground floor level or within five feet of the level of the adjoining sidewalk, and within 30 feet of the #street line#, shall be limited to #community facility uses# without sleeping accommodations, as listed in Section 115-15 (Modification of Use Regulations in M1-4 Districts), and #uses# listed in Use Groups 5, 6A, 6B, 6C, 6D, 7A, 7B, 8A, 8B, 8D, 9, 10, 11, 12A, 12B and 12C. A building's #street# frontage shall be allocated exclusively to such #uses#, except for lobby space, entryways or entrances to subway stations.

In no event shall the length of #street# frontage occupied by lobby space, entrance space and/or a building entrance recess exceed, in total, 30 feet or 50 percent of the building's total #street# frontage, whichever is less.

Any #development# or any #enlarged# portion of a #building# located on a #zoning lot# with frontage on such designated #street# shall provide a major building entrance onto such #street#. However, #developments# or #enlargements# on #zoning lots# with frontage on more than one designated #street#, may provide a major building entrance on only one designated #street#.

115-14
Transparency Requirement in C4-5X and C6 Districts

For any #development#, or for the #enlarged# portion of a #building#, on designated #streets# as shown on Map 2 (Ground Floor Use and Transparency and Curb Cut Restrictions) in the Appendix to this Chapter, each ground floor #street wall# shall be glazed with transparent materials which may include #show windows#, glazed transoms or glazed portions of doors. Such glazed area shall occupy at least 50 percent of the area of each such ground floor #street wall# measured to a height of 10 feet above the level of the adjoining sidewalk.

115-15
Modification of Use Regulations in M1-4 Districts

The #use# regulations of the underlying M1-4 District shall apply, except as modified as follows:

Use Groups 3A and 4A

The following #community facility uses# as listed in Sections 22-13 (Use Group 3) and 22-14 (Use Group 4) shall be permitted as-of-right provided that such #uses# are without sleeping accommodations:

115-20
SPECIAL BULK REGULATIONS

115-21
Floor Area Ratio, Open Space and Lot Coverage

In C6-2 and C6-3 Districts, the underlying #floor area ratio# and #open space# provisions shall not apply. In lieu thereof, the maximum #floor area ratio# permitted for #commercial#, #community facility# or #residential uses#, separately or in combination, shall not exceed 6.0 in C6-2 Districts and 8.0 in C6-3 Districts. No #floor area# bonuses shall be permitted.

In C6-4 Districts, the underlying #floor area ratio# provisions, including #floor area# bonus provisions, shall apply to #residential# and #community facility uses#. For #commercial uses#, the maximum #floor area ratio# shall be 12.0, and no #floor area# bonuses shall apply.

In M1-4 Districts, the maximum #floor area ratio# permitted for #commercial#, #community facility# or #manufacturing uses#, separately or in combination, shall be 2.0.

In C4 and C6 Districts, for #residential buildings# or the #residential# portion of a #mixed building#, the maximum #lot coverage# shall be 80 percent on a #corner lot# and 70 percent on an #interior# or #through lot#. However, no #lot coverage# provisions shall apply to any #zoning lot# comprising an entire #block# or to any #zoning lot# comprising a #corner lot# of 5,000 square feet or less.

115-22
Height and Setback Regulations

In M1-4 Districts, the underlying height and setback regulations shall apply except as modified in Section 115-221 (Permitted obstructions).

In C4 and C6 Districts, the underlying height and setback regulations are modified as set forth in Sections 115-221 through 115-224 (Maximum building height), inclusive.

For #zoning lots# subject to the sidewalk widening requirements of Section 115-31, the boundary of the sidewalk widening furthest from the #street line# shall be considered the #street line# for the purposes of applying all height and setback regulations.

All heights shall be measured from the #base plane#.

115-221
Permitted obstructions

The provisions of Section 33-42 (Permitted Obstructions) shall apply to all #buildings# within the #Special Downtown Jamaica District#, except the provisions of paragraph (c) of section 33-42 shall not apply. In lieu thereof, the following regulations shall apply:

Elevator or stair bulkheads, roof water tanks, cooling towers or other mechanical equipment (including enclosures) may penetrate a maximum height limit or #sky exposure plane# provided that either:

(a) the product, in square feet, of the #aggregate width of street walls# of such obstructions facing each #street# frontage, times their average height, in feet, shall not exceed a figure equal to eight times the width, in feet, of the #street wall# of the #building# facing such frontage; or,

(b) for #buildings# at least 120 feet in height, the #lot coverage# of all such obstructions does not exceed 20 percent of the #lot coverage# of the #building#, and the height of all such obstructions does not exceed 40 feet.

In addition, dormers may penetrate a maximum base height in accordance with the provisions of paragraph (c) of Section 23-621 (Permitted obstructions in certain districts).

115-222
Street wall location
C4 C6

In the districts indicated, #street walls# shall be provided in accordance with the provisions of this Section.

(a) For all locations, except as specified on Map 3 (Street Wall Location) in the Appendix to this Chapter, the #street wall# of a #building# shall be located on the #street line# and extend along at least 70 percent of the #street# frontage of the #zoning lot#. No #street wall# location rules shall apply to the remaining portion of the #street frontage# of the #zoning lot#; however, any #street walls# provided in such portion shall be located on the #street line# or recessed within an #outer court#. All required #street walls# shall rise without setback to at least the minimum base height specified in Section 115-223 (Street wall height), or the height of the #building#, whichever is less. For #zoning lots# bounded by more than one #street line#, these #street wall# location requirements shall apply on all such #street lines#.

(b) Map 3 specifies #street frontages# where the regulations set forth in this paragraph (b) apply.

(1) The #street wall# shall be located on the #street line# and extend along the entire #street# frontage as specified on Map 3, and shall rise without setback to at least the minimum base height specified in Section 115-223, or the height of the #building#, whichever is less. This requirement shall also apply along that portion of any #street line# that intersects such #street# frontage specified on Map 3 within 50 feet of such intersection.

(2) To allow articulation of #street walls# at the intersection of two #street lines# with mandatory #street wall# requirements, up to 50 percent of the area bounded by the two #street lines# and lines parallel to and 20 feet from such #street lines# may be unoccupied by a #building#.

(3) Where corner articulation is specified on Map 3, the following regulations shall apply:

(i) Where base corner articulation is specified on Map 3, the #building# shall occupy, at every level up to the level of the setback provided pursuant to Section 115-223 (Street wall height), not less than 50 percent and not more than 75 percent of the area bounded by the two #street lines# and lines parallel to and 20 feet from such #street lines#.

(ii) Where tower corner articulation is specified on Map 3, no articulation is required where all portions of the #building# that exceed a height of 60 feet are located at least 10 feet from a #wide street line# and at least 15 feet from a #narrow street line#. Where a #building# rises without setback along those #street lines# where no setback is required as specified on Map 4b, the #building# shall cover, at every level above the setback provided pursuant to Section 115-223 (Street wall height), not less than 50 percent and not more than 75 percent of the area bounded by:

(a) the #street line# of the #street# where no setback is required;

(b) a line 10 feet from and parallel to a #wide street# with a setback requirement or 15 feet from and parallel to a #narrow street# with a setback requirement; and

(c) lines parallel to and 20 feet from such lines.

(4) No #street wall# location requirements shall apply to any open space fronting on Sutphin Boulevard between 94 and 95th Avenues #developed# pursuant to the Jamaica Gateway Urban Renewal Plan, as shown on Map 3.

(c) In all locations where #street walls# are required, recesses, not to exceed three feet in depth from the #street line#, shall be permitted on the ground floor where required to provide access to the #building#.

Above a height of 12 feet, up to 30 percent of the aggregate width of required street walls may be recessed beyond the #street line#, provided any such recesses deeper than 10 feet along a #wide street#, or 15 feet along a #narrow street#, are located within an #outer court#. Furthermore, no recesses shall be permitted within 30 feet of the intersection of two #street lines# except to articulate the #street walls# as set forth in this Section.

Existing #buildings# may be vertically #enlarged# by up to one #story# or 15 feet, without regard to the #street wall# location requirements of this Section.

115-223
Street wall height
C4 C6

In the districts indicated, except in the locations indicated on Maps 4A and 4B (Street Wall Height) in the Appendix to this Chapter, the minimum height, before setback, of a #streetwall# required pursuant to Section 115-222 (Street wall location) shall be 40 feet and the maximum height, before setback, shall be 60 feet. Any portion of a #building# that exceeds a height of 60 feet shall be set back at least 10 feet from a #wide street line# and at least 15 feet from a #narrow street line#.

In the locations indicated on Map 4A, required #street walls# shall rise without setback to the minimum height specified for that location on Map 4A or the height of the #building#, whichever is less. Any portion of a #building# that exceeds the maximum #street wall# height specified for that location shall be set back at least 10 feet from a #wide street line# and at least 15 feet from a #narrow street line#.

In the locations indicated on Map 4B, required #street walls# shall rise without setback to a minimum height of 40 feet or the height of the #building#, whichever is less. Above a height of 40 feet, no setbacks are required for any portion of the building.

115-224
Maximum building height
C4 C6

In C4-4A Districts, no #building or other structure# shall exceed a height of 80 feet.

In C4-5X Districts, no #building or other structure# shall exceed a height of 125 feet.

In C6-2, C6-3 and C6-4 Districts, no #building or other structure# shall exceed a height of 250 feet. However, no height limitations shall apply in those areas specified on Map 5 (Maximum Building Height)in the Appendix to this Chapter.

115-30
MANDATORY IMPROVEMENTS

115-31
Sidewalk Widenings

The provisions of this Section shall apply to all #developments# fronting upon locations requiring sidewalk widenings as shown on Map 6 (Sidewalk Widenings) in the Appendix to this Chapter. A sidewalk widening is a continuous, paved open area along the #street line# of a #zoning lot# having a depth of five feet or 10 feet, as set forth on Map 6. Such depth shall be measured perpendicular to the #street line#. Sidewalk widenings shall be improved as sidewalks to Department of Transportation standards, at the same level as the adjoining public sidewalk and directly accessible to the public at all times. No #enlargement# shall be permitted to decrease the depth of such sidewalk to less than such minimum required total sidewalk depth.

All mandatory sidewalk widenings must provide lighting in accordance with the requirements of paragraph (n) of Section 37-04 (Requirements for Urban Plazas), except that the minimum level of illumination shall be not less than two horizontal foot candles throughout the entire mandatory sidewalk widening.

Sidewalk widenings of 10 feet or more must provide one linear foot of seating for every 150 square feet of mandatory

sidewalk widening. In addition, the provisions of Section 62-672 (Seating) shall apply.

115-32
Street Tree Planting

All new #developments# or #enlargements# that increase the existing #floor area# by at least 20 percent shall provide and maintain trees of not less than three inch caliper at the time of planting in the sidewalk adjacent to the #zoning lot#. Such trees shall be provided for the entire length of the #street# frontage of the #zoning lot# at maximum intervals of 25 feet except where the Commissioner of Parks and Recreation determines that such tree planting would be infeasible.

Trees shall be planted with gratings flush to grade in at least 200 cubic feet of soil per tree, with a depth of soil of at least 3 feet, 6 inches. Species shall be selected, installed and maintained in accordance with the specifications established by the Department of Parks and Recreation.

115-33
Refuse Storage, Recreation Space and Planting Areas

All #residential buildings# shall provide refuse storage space, recreation space and planting areas in accordance with the provisions of Section 28-23 (Refuse Storage and Disposal) and Section 28-30 (RECREATION SPACE AND PLANTING AREAS), whether or not they are #developed# or #enlarged# pursuant to the Quality Housing Program.

115-40
RESIDENTIAL CONVERSIONS

In all #commercial districts#, the conversion to #dwelling units# of non-#residential buildings#, or portions thereof, erected prior to January 1, 1977, shall be permitted subject to Sections 15-11 (Bulk Regulations), 15-12 (Open Space Equivalent) and 15-30 (Minor Modifications), paragraph(b).

#Uses# in #buildings# erected prior to January 1, 1977, containing both #residential# and non-#residential# #uses# shall not be subject to the provisions of Section 32-42 (Location within Building).

115-50
SPECIAL OFF-STREET PARKING AND OFF-STREET LOADING REGULATIONS

115-51
Parking and Loading Requlations

Within the #Special Downtown Jamaica District#, the off-street parking and loading regulations shall be modified as follows:

In M1-4, C4-4A, C4-5X, C6-2, C6-3 and C6-4 Districts, the off-street parking and loading regulations of a C4-4 District shall apply, except as modified in this Section. However, for any #use# that is not allowed in a C4 District, the underlying off-street parking requirements of the applicable C6-2, C6-3, C6-4 or M1-4 District shall apply.

The provisions of Section 36-12 (Maximum Size of Accessory Group Parking Facilities) shall be modified as follows: An #accessory group parking facility# may contain up to 300 off-street parking spaces.

The provisions of Section 36-21 (General Provisions) pertaining to accessory off-street parking spaces for commercial or community facility uses shall be modified as follows: #Uses# in Use Groups 6B (Offices), 10B (Wholesale Establishments) and 11B (Wholesale Establishments), with parking requirement category B1, shall be required to provide one parking space per 2,000 square feet of #floor area#.

The provisions of Sections 36-342 (Reduced requirements in other C1 or C2 Districts or in C4, C5 or C6 Districts) and 36-344 (Waiver of requirements in other C1 or C2 Districts or in C4, C5 or C6 Districts) shall not apply in the #Special Downtown Jamaica District#.

115-51
Location of Access to the Street

Map 2 (Ground Floor Use and Transparency and Curb Cut Restrictions) in the Appendix to this Chapter specifies locations where curb cuts shall be prohibited within the #Special Downtown Jamaica District#.

However, where permitted or required #accessory# off-street parking and loading requirements apply in a location where such curb cuts are prohibited, a curb cut may be allowed, provided that the City Planning Commission certifies to the Commissioner of Buildings that such #zoning lot# has access only to such prohibited location and that such curb cut shall be no greater than 20 feet in width.

An application to the City Planning Commission for certification respecting such curb cut shall be accompanied by a site plan drawn to a scale of at least one sixteenth inch to a foot, showing the size and location of the proposed curb cut.

The waiver provisions of Article III, Chapter 6 (Accessory Off-Street Parking and Loading Regulations) shall not apply to the special location of access requirements of this Section.

115-60
SPECIAL PERMIT TO MODIFY USE OR BULK REGULATIONS

For any #development#, #enlargement#, alteration or change of #use# on a #zoning lot# within the #Special Downtown Jamaica District#, the City Planning Commission may permit modification of the #use# or #bulk# regulations, except #floor area ratio# provisions, provided the Commission shall find that such:

(a) modification will aid in achieving the general purposes and intent of the Special District;

(b) #use# modification will encourage a lively pedestrian environment along the #street# or mandatory sidewalk widening, or is necessary for and the only practicable way to achieve the programmatic requirements of the #development#;

(c) #bulk# modifications will enhance the distribution of #bulk# on the #zoning lot#;

(d) #bulk# modifications will permit adequate access of light and air to surrounding #streets# and properties; and

(e) #development# or #enlargement# will relate harmoniously to the character of the surrounding area.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area.

23-921
R10 Districts

The Inclusionary Housing Program shall apply in all R10 Districts located in #Inclusionary Housing designated areas#, subject to the provisions relating to such designated areas, and in all other R10 Districts, subject to the provisions of Section 23-941 (In R10 Districts other than Inclusionary Housing designated areas), as applicable.

23-922
~~Certain R6, R7 and R8 Districts~~ Inclusionary Housing designated areas

The Inclusionary Housing Program shall apply in the following areas:

* * *

The Inclusionary Housing Program shall apply in special purpose districts when specific zoning districts or areas are defined as #Inclusionary Housing designated areas# within the special purpose district, pursuant to this Section.

23-93
Definitions

For the purposes of the Inclusionary Housing program, matter in italics is defined either in Section 12-10 (DEFINITIONS) or in this Section.
Administering agent

* * *

The #administering agent# shall be a not-for-profit organization, unless the Commissioner of Housing Preservation and Development finds that a good faith effort by the developer of the #compensated development# to secure a qualified not-for-profit organization as the #administering agent# was unsuccessful. However, in #~~R6, R7 and R8~~ Inclusionary Housing designated areas#, the Commissioner may approve an entity that is responsible for compliance monitoring pursuant to City, State or Federal funding sources, to serve as the #administering agent# during such compliance period.

* * *

Fair rent

* * *

However, in #~~R6, R7 and R8~~ Inclusionary Housing designated areas# , the Commissioner of Housing Preservation and Development may determine that rents satisfying the requirements of City, State or Federal programs assisting #lower income housing# will be considered #fair rent#, provided that such rents do not exceed 30 percent of #lower income household's# income, as applicable, and provided further that upon expiration or termination of the requirements of the City, State or Federal program, rent increases and re-rentals shall be subject to the higher of the then-currently applicable Section 8 Standard or the Rent Stabilization Standard.

* * *

In #~~R6, R7 and R8~~ Inclusionary Housing designated areas#, at initial occupancy of any #lower income housing#, a portion of the #fair rents# may be for the payment of the principal or interest on debt, and such housing may secure debt, provided that, as of the date of the approval of the #lower income housing plan#, the Commissioner of Housing Preservation and Development finds that the total annual rent, when such interest and principal payments are deducted, is in compliance with the requirements of Section 23-95, paragraph (c), and provided that the lender agrees to enter into a written agreement which subordinates such debt to the provisions of the #lower income housing plan#.

Inclusionary Housing designated areas

"Inclusionary Housing designated areas" shall be those areas specified in Section 23-922 (Inclusionary Housing designated areas).

* * *

Lower income household

* * *

In #~~R6, R7 and R8~~ Inclusionary Housing designated areas#, #lower income households# shall also include all existing households in tenancy, provided such households occupy units that are within a #building# in which rents for all occupied units are regulated by City or State law, and the aggregate maximum permitted annual rent roll for such occupied units, divided by the number of occupied units, is less than 30 percent of the applicable income limit for a #lower income household# as provided in this Section. In determining the applicable income limit for such #lower income households#, the Commissioner of Housing Preservation and Development may make adjustments, consistent with U. S. Department of Housing and Urban Development regulations, for the number of persons residing in each unit.

Lower income housing

* * *

However, in #~~R6, R7 and R8~~ Inclusionary Housing designated areas#, #lower income housing# shall include #standard units# assisted under City, State or Federal programs.

* * *

~~R6, R7 and R8 designated areas~~

~~"R6, R7 and R8 designated areas" shall be those areas specified in Section 23-922 (Certain R6, R7 and R8 Districts).~~

* * *

23-941
In R10 Districts other than Inclusionary Housing designated areas

The #floor area ratio# of a #development# may be increased from 10.0 to a maximum of 12.0 at the rate set forth in this Section, if the developer of such #development# provides #lower income housing# pursuant to Section 23-95 (Lower Income Housing Requirements).

* * *

23-942
In ~~R6, R7 and R8 Districts~~ Inclusionary Housing designated areas

The provisions of this Section shall apply in the #Inclusionary Housing designated areas# set forth in Section 23-922, except within Waterfront Access Plan BK-1 and in R7-3 Districts within Community District 1, Borough of Brooklyn.

* * *

(a) Maximum #floor area ratio#

The #floor area# of a #development# or #enlargement# may not exceed the base #floor area ratio# set forth in the following table, except that such #floor area# may be increased by one and one-quarter square feet for each square foot of #floor area# provided for #lower income housing#, up to the maximum #floor area ratio# specified in the table. However, the amount of #lower income housing# required to receive such bonus #floor area# need not exceed 20 percent of the total #floor area#, exclusive of ground floor non-#residential floor area#, in the #building#. In addition, the following rules shall apply:

District	Base #floor area ratio#	Maximum #floor area ratio#
R6*	2.2	2.42
R6**	2.7	3.6
R6A	2.7	3.6
R6B	2.0	2.2

On-site new construction option

* * *

In #~~R6, R7 and R8~~ Inclusionary Housing designated areas#, if the #lower income housing# is subject to the requirements of City, State or Federal programs assisting the #lower income housing# that have size and distribution requirements conflicting with the size and distribution requirements of this paragraph, (b), then the size and distribution requirements of this paragraph, (b), may be waived by the Commissioner of Housing Preservation and Development to facilitate the #development# of #lower income housing#.

23-952
Substantial rehabilitation and off-site new construction options

To qualify for one or more of these options, the designated #lower income housing# shall meet the following requirements:

(a) The #lower income housing# shall be located either:

* * *

Furthermore, in #~~R6, R7 and R8~~ Inclusionary Housing designated areas#, the #administering agent# shall not be required to verify the income of households in tenancy~~,~~ as of the date upon which the Commissioner of Housing Preservation and Development approves the #lower income housing plan#.

* * *

23-953
Preservation option

To qualify for this option, the designated #lower income housing# shall meet the following requirements.
(a) The #lower income housing# shall be located either:

* * *

Furthermore, in #~~R6, R7 and R8~~ Inclusionary Housing designated areas#, the #administering agent# shall not be required to verify the income of households in tenancy, as of the date upon which the Commissioner of Housing Preservation and Development approves the #lower income housing plan#.

R1 R2 R3-1 R3A R3X R4-1 R4A R4B R5D R6A R6B R7-2 R7A R7B R7X R8 R9 R10

In the districts indicated, for #zoning lots# containing #community facility# and #residential uses#, the maximum #floor area ratio# permitted for a #community facility use# shall be as set forth in Section 24-11, inclusive, and the maximum #floor area ratio# permitted for a #residential use# shall be as set forth in Article II, Chapter 3, provided the total of all such #floor area ratios# does not exceed the greatest #floor area ratio# permitted for any such #use# on the #zoning lot#.

In the designated areas set forth in Section 23-922 (~~Certain R6, R7 and R8 Districts~~ Inclusionary Housing designated areas), except within Waterfront Access Plan Bk-1, the #floor area ratios# of section 23-942 shall apply where the #residential# portion of a #building# is #developed# or #enlarged# pursuant to the quality housing program.

* * *

35-31
Maximum Floor Area Ratio for Mixed Buildings

C1 C2 C3 C4 C5 C6

In all districts, except as set forth in Section 35-311, the provisions of this Section shall apply to any #zoning lot# containing a #mixed building#.

The maximum #floor area ratio# permitted for a #commercial# or #community facility use# shall be as set forth in Article III, Chapter 3, and the maximum #floor area ratio# permitted for a #residential use# shall be as set forth in Article II, Chapter 3, provided the total of all such #floor area ratios# does not exceed the greatest #floor area ratio# permitted for any such #use# on the #zoning lot#. However, in C4-7 Districts within Community District 7 in the Borough of Manhattan, such maximum #residential floor area ratio# may be increased pursuant to the provisions of Section 23-90 (INCLUSIONARY HOUSING).

In the designated areas set forth in Section 23-922 (~~Certain R6, R7 and R8 Districts~~ Inclusionary Housing designated areas), except within Waterfront Access Plan BK-1, the #floor area ratios# of Section 23-942 shall apply where the #residential# portion of a #building# is #developed# or #enlarged# pursuant to the Quality Housing Program.

A non-#residential use# occupying a portion of a #building# that was in existence on December 15, 1961, may be changed to a #residential use# and the regulations on maximum #floor area ratio# shall not apply to such change of #use#.

Article XI - Special Purpose Districts

Chapter 5
Special Downtown Jamaica District

115-00
GENERAL PURPOSES

The "Special Downtown Jamaica District" established in this Resolution is designed to promote and protect the public health, safety and general welfare of the Downtown Jamaica community. These general goals include, among others, the following specific purposes, to:

(a) strengthen the business core of Downtown Jamaica by improving the working and living environments;

(b) foster development in Downtown Jamaica and provide direction and incentives for further growth where appropriate;

(c) encourage the development of affordable housing;

(d) expand the retail, entertainment and commercial character of the area around the transit center and to enhance the area's role as a major transportation hub in the City;

(e) provide transitions between the downtown commercial core, the lower-scale residential communities and the transportation hub;

(f) improve the quality of new development in Downtown Jamaica by requiring the provision of specified public amenities in appropriate locations;

(g) encourage the design of new development that is in character with the area;

(h) enhance the pedestrian environment by relieving sidewalk congestion and providing pedestrian amenities; and

(i) promote the most desirable use of land and thus conserve and enhance the value of land and buildings, and thereby protect the City's tax revenues.

115-01
General Provisions

In harmony with the general purposes and content of this Resolution and the general purposes of the #Special Downtown Jamaica District#, the regulations of the #Special Downtown Jamaica District# shall apply to all #developments#, #enlargements#, alterations and changes of #use# within the #Special Downtown Jamaica District#, except as otherwise provided in this Chapter. The regulations of all other Chapters of this Resolution are applicable except as modified, supplemented or superseded by the provisions of this Chapter. In the event of a conflict between the provisions of this Chapter and other regulations of this Resolution, the provisions of this Chapter shall control.

Any special permit granted by the City Planning Commission before (the effective date of this amendment), may be started or continued, in accordance with the terms thereof, or as such terms may be subsequently modified, pursuant to the regulations in effect at the time such special permit was granted, subject to the provisions of Sections 11-42 (Lapse of Authorization or Special Permit Granted by the City Planning Commission Pursuant to the 1961 Zoning Resolution) and 11-43 (Renewal of Authorization or Special Permit).

115-02
District Plan and Maps

The regulations of this Chapter implement the #Special Downtown Jamaica District# Plan.

The District Plan includes the following maps in the Appendix to this Chapter:

Map 1	Special Downtown Jamaica District
Map 2	Ground Floor Use and Transparency and Curb Cut Restrictions
Map 3	Street Wall Location
Map 4	Street Wall Height
Map 5	Maximum Building Height
Map 6	Sidewalk Widening

The maps are hereby incorporated and made part of this Resolution for the purpose of specifying locations where the special regulations and requirements set forth in the text of this Chapter apply.

115-03
Applicability of Article I, Chapter 1

Within the #Special Downtown Jamaica District#, Section 11-15 (Environmental Requirements) shall apply, except that prior to issuing a building permit for any #development#, or for an #enlargement#, #extension# or a change of #use#, on a lot that has an (E) designation for hazardous material contamination, noise or air quality, the Department of Buildings shall be furnished with a report from the Department of Environmental Protection (DEP) of the City of New York stating:

(a) in the case of an (E) designation for hazardous material contamination, that environmental requirements related to the (E) designation have been met for that lot; or

(b) in the case of an (E) designation for noise or air quality, that the plans and drawings for such #development# or #enlargement# will result in compliance with the environmental requirements related to the (E) designation.

115-10
SPECIAL USE REGULATIONS

In the #Special Downtown Jamaica District#, the #use# regulations of the underlying district shall apply except as modified in this Section, inclusive. The #use# regulations of the underlying C4-5X, C6 and M1-4 Districts relating to #public parking garages# are modified in Section 115-11 (Public Parking Garages). The #use# regulations of the underlying C6-4 District relating to Use Group 11B, are modified in Section 115-12 (Use Group 11B in C6-4 Districts). Special ground floor #use# and transparency regulations shall apply in the C4-5X and C6 Districts pursuant to Sections 115-13 (Ground Floor Use, Frontage and Major Building Entrance Regulations in C4-5X and C6 Districts) and 115-14 (Transparency Requirement in C4-5X and C6 Districts). The #use# regulations of the underlying M1-4 District, including Use Groups 3, 4, 6, 10, 16, 17 and 18, are modified as specified in Section 115-15 (Modification of Use Regulations in M1-4 Districts).

115-11
Public Parking Garages

In the #Special Downtown Jamaica District#, the #use# regulations of the underlying C4-5X, C6-2, C6-3, C6-4 and M1-4 Districts shall be modified to permit #public parking garages# with a capacity of 150 spaces or less, as-of-right, subject to the provisions set forth for #accessory# off-street parking spaces in Sections 36-53 (Location of Access to the Street), 36-55 (Surfacing) and 36-56 (Screening). #Public parking garages# may be open or enclosed, provided that no portion of such #use# shall be located on a roof other than a roof which is immediately above a #cellar# or #basement#, except as provided by the special permit provisions of Section 74-52 (Parking Garages or Public Parking Lots in High Density Central Areas).

115-12
Use Group 11B in C6-4 Districts

In C6-4 Districts, the provisions of Section 32-20 (Use Group 11), paragraph B. (Wholesale or Similar Establishments), shall be modified to allow wholesale establishments with no limitation on #accessory# storage.

115-13
Ground Floor Use, Frontage and Major Building Entrance Regulations in C4-5X and C6 Districts

On designated #streets#, as shown on Map 2 (Ground Floor Use and Transparency and Curb Cut Restrictions) in the Appendix to this Chapter, the special ground floor #use#, frontage and major building entrance regulations of this Section shall apply to any #building or other structure# fronting on such #streets#.

#Uses# located on the ground floor level or within five feet of the level of the adjoining sidewalk, and within 30 feet of the #street line#, shall be limited to #community facility uses# without sleeping accommodations, as listed in Section 115-15 (Modification of Use Regulations in M1-4 Districts), and #uses# listed in Use Groups 5, 6A, 6B, 6C, 6D, 7A, 7B, 8A, 8B, 8D, 9, 10, 11, 12A, 12B and 12C. A building's #street# frontage shall be allocated exclusively to such #uses#, except for lobby space, entryways or entrances to subway stations.

In no event shall the length of #street# frontage occupied by lobby space, entrance space and/or a building entrance recess exceed, in total, 30 feet or 50 percent of the building's total #street# frontage, whichever is less.

Any #development# or any #enlarged# portion of a #building# located on a #zoning lot# with frontage on such designated #street# shall provide a major building entrance onto such #street#. However, #developments# or #enlargements# on #zoning lots# with frontage on more than one designated #street#, may provide a major building entrance on only one designated #street#.

115-14
Transparency Requirement in C4-5X and C6 Districts

For any #development#, or for the #enlarged# portion of a #building#, on designated #streets# as shown on Map 2 (Ground Floor Use and Transparency and Curb Cut Restrictions) in the Appendix to this Chapter, each ground floor #street wall# shall be glazed with transparent materials which may include #show windows#, glazed transoms or glazed portions of doors. Such glazed area shall occupy at least 50 percent of the area of each such ground floor #street wall# measured to a height of 10 feet above the level of the adjoining sidewalk.

115-15
Modification of Use Regulations in M1-4 Districts

The #use# regulations of the underlying M1-4 District shall apply, except as modified as follows:

Use Groups 3A and 4A

The following #community facility uses# as listed in Sections 22-13 (Use Group 3) and 22-14 (Use Group 4) shall be permitted as-of-right, provided that such #uses# are without sleeping accommodations:

115-20
SPECIAL BULK REGULATIONS

115-21
Floor Area Ratio, Open Space and Lot Coverage

(a) Maximum #floor area ratio# for #buildings# containing non-#residential uses#

In C6-2 and C6-3 Districts, the underlying #floor area ratio# and #open space# provisions shall not apply. In lieu thereof, the maximum #floor area ratio# permitted for #commercial# and #community facility# #uses#, separately or in combination, shall not exceed 6.0 in C6-2 Districts and 8.0 in C6-3 Districts. No #floor area# bonuses shall be permitted.

In C6-4 Districts, the underlying #floor area ratio# provisions, including #floor area# bonus provisions, shall apply to #community facility uses#. For #commercial uses#, the maximum #floor area ratio# shall be 12.0, and no #floor area# bonuses shall apply.

In M1-4 Districts, the maximum #floor area ratio# permitted for #commercial#, #community facility# or #manufacturing uses#, separately or in combination, shall be 2.0.

(b) Maximum #floor area ratio# for #buildings# containing #residential uses#

The maximum #floor area ratio# for any #building# containing a #residential# #use# shall not exceed the #floor area ratio# set forth in Section 115-211 (Special Inclusionary Housing regulations) for the applicable district.

(c) #Lot coverage#

In C4 and C6 Districts, for #residential buildings# or the #residential# portion of a #mixed building#, the maximum #lot coverage# shall be 80 percent on a #corner lot# and 70 percent on an #interior# or #through lot#. However, no #lot coverage# provisions shall apply to any #zoning lot# comprising an entire #block# or to any #zoning lot# comprising a #corner lot# of 5,000 square feet or less.

115-21
Special Inclusionary Housing regulations

(a) Applicability

R7A, R7X, C4-4A, C4-5X,C6-2, C6-3 and C6-4 Districts within the #Special Downtown Jamaica District# shall be #Inclusionary Housing designated areas#, pursuant to Section 12-10 (Definitions), for the purpose of making the Inclusionary Housing Program regulations of Section 23-90 (Inclusionary Housing Program), inclusive, applicable as modified, within the Special District.

(b) Maximum #floor area ratio#

The maximum #floor area ratio# for any #building# containing #residences# shall not exceed the base #floor area ratio# set forth in the following table, except that such base #floor area ratio# may be increased to the maximum #floor area ratio# set forth in Section 23-942 through the provision of #lower income housing#, pursuant to the provisions relating to #Inclusionary Housing designated areas# in Section 23-90 (INCLUSIONARY HOUSING).

District	Base Far
R7A, C4-4A	3.45
R7X, C4-5X	3.75
R8, C6-2	5.4
9, C6-3	6.0
R10, C6-4	9.0

(c) Modification of location requirements

The requirements of paragraph (a) of Section 23-952 (Substantial rehabilitation and off-site new construction options) shall be modified as follows: In addition to the locations set forth in subparagraphs (1) and (2) of Section 23-952, #lower income housing# also may be located in any #Inclusionary Housing designated area# within the #Special Downtown Jamaica District#.

(d) Height and setback

The height and setback regulations of paragraph (b) of Section 23-942 shall not apply. In lieu thereof, the special height and setback regulations of Section 115-22, inclusive, of this Chapter shall apply.

115-22
Height and Setback Regulations

In M1-4 Districts, the underlying height and setback regulations shall apply except as modified in Section 115-221 (Permitted obstructions).

In C4 and C6 Districts, the underlying height and setback regulations are modified as set forth in Sections 115-221 through 115-225, inclusive.

For #zoning lots# subject to the sidewalk widening requirements of Section 115-31, the boundary of the sidewalk widening furthest from the #street line# shall be considered the #street line# for the purposes of applying all height and setback regulations.

All heights shall be measured from the #base plane#.

115-221
Permitted obstructions

The provisions of Section 33-42 (Permitted Obstructions) shall apply to all #buildings# within the #Special Downtown Jamaica District#, except the provisions of paragraph (c) of Section 33-42 shall not apply. In lieu thereof, the following regulations shall apply:

Elevator or stair bulkheads, roof water tanks, cooling towers or other mechanical equipment (including enclosures) may penetrate a maximum height limit or #sky exposure plane# provided that either:

(a) the product, in square feet, of the #aggregate width of street walls# of such obstructions facing each #street# frontage, times their average height, in feet, shall not exceed a figure equal to eight times the width, in feet, of the #street wall# of the #building# facing such frontage; or

(b) for #buildings# at least 120 feet in height, the #lot coverage# of all such obstructions does not exceed 20 percent of the #lot coverage# of the #building#, and the height of all such obstructions does not exceed 40 feet.

In addition, dormers may penetrate a maximum base height in accordance with the provisions of paragraph (c) of Section 23-621 (Permitted obstructions in certain districts).

115-222
Street wall location

C4 C6

In the districts indicated, #street walls# shall be provided in accordance with the provisions of this Section.

(a) For all locations, except as specified on Map 3 (Street Wall Location) in the Appendix to this Chapter, the #street wall# of a #building# shall be located on the #street line# and extend along at least 70 percent of the #street# frontage of the #zoning lot#. No #street wall# location rules shall apply to the remaining portion of the #street frontage# of the #zoning lot#; however, any #street walls# provided in such portion shall be located on the #street line# or recessed within an #outer court#. All required #street walls# shall rise without setback to at least the minimum base height specified in Section 115-223 (Street wall height), or the height of the #building#, whichever is less. For #zoning lots# bounded by more than one #street line#, these #street wall# location requirements shall apply on all such #street lines#.

(b) Map 3 specifies the #street# frontages where the regulations set forth in this paragraph, (b), apply.

(4) The #street wall# shall be located on the #street line# and extend along the entire #street# frontage as specified on Map 3, and shall rise without setback to at least the minimum base height specified in Section 115-223, or the height of the #building#, whichever is less. This requirement shall also apply along that portion of any #street line# that intersects such #street# frontage, specified on Map 3, within 50 feet of such intersection.

(5) To allow articulation of #street walls# at the intersection of two #street lines# with mandatory #street wall# requirements, up to 50 percent of the area bounded by the two #street lines# and lines parallel to and 20 feet from such #street lines# may be unoccupied by a #building#.

(6) Where corner articulation is specified on Map 3, the following regulations shall apply:

(i) Where base corner articulation is specified, the #building# shall occupy, at every level up to the level of the setback provided pursuant to Section 115-223 (Street wall height), not less than 50 percent and not more than 75 percent of the area bounded by the two #street lines# and lines parallel to and 20 feet from such #street lines#.

(ii) Where tower corner articulation is specified, no articulation is required where all portions of the #building# that exceed a height of 60 feet are located at least 10 feet from a #wide street line# and at least 15 feet from a #narrow street line#. Where a #building# rises without setback along those #street lines# where no setback is required, as specified on Map 4 (Street Wall Height), the #building# shall cover, at every level above the setback provided pursuant to Section 115-223, not less than 50 percent and not more than 75 percent of the area bounded by:

(a) the #street line# of the #street# where no setback is required;

(b) a line 10 feet from and parallel to a #wide street# with a setback requirement or 15 feet from and parallel to a #narrow street# with a setback requirement; and

(c) lines parallel to and 20 feet from such lines.

(4) No #street wall# location requirements shall apply to any open space fronting on Sutphin Boulevard between 94th and 95th Avenues #developed# pursuant to the Jamaica Gateway Urban Renewal Plan, as shown on Map 3.

(5) For building walls facing Archer Avenue on Blocks 9988 and 9994 the #street walls# required pursuant to this paragraph, (b), shall not be located along the Archer Avenue #street line#, but shall instead be located along the northern boundary of the Public Place mapped on each such block. Along such boundaries of each Public Place, no building entrances or windows are permitted up to a height of 30 feet within 100 feet of 146th Street on Block 9988 and within 100 feet of 147th Place on Block 9994. Such regulation is necessary to accommodate the development of a one #story building# which may be located within each Public Place.

(c) In all locations where #street walls# are required, recesses, not to exceed three feet in depth from the #street line#, shall be permitted on the ground floor where required to provide access to the #building#. Above a height of 12 feet, up to 30 percent of the aggregate width of required #street walls# may be recessed beyond the #street line#, provided any such recesses deeper than 10 feet along a #wide street#, or 15 feet along a #narrow street#, are located within an #outer court#. Furthermore, no recesses shall be permitted within 30 feet of the intersection of two #street lines# except to articulate the #street walls# as set forth in this Section.

Existing #buildings# may be vertically #enlarged# by up to one #story# or 15 feet, without regard to the #street wall# location requirements of this Section.

115-223
Street wall height

C4 C6

Except in the locations indicated on Map 4 (Street Wall Height) in the Appendix to this Chapter, the minimum and maximum heights before setback of a #street wall# required pursuant to Section 115-232 (Street wall location) shall be as set forth in the following Table:

District	Minimum Street Wall Height	Maximum Street Wall Height
C4-4A	40 feet	65 feet
C4-5X	40 feet	85 feet
C6	40 feet	60 feet

Any portion of a #building# that exceeds the maximum height of a #street wall# shall be set back at least 10 feet from a #wide street line# and at least 15 feet from a #narrow street line#.

In the locations indicated on Map 4, required #street walls# shall rise without setback to the minimum height specified for that location on Map 4 or the height of the #building#, whichever is less. Any portion of a #building# that exceeds the maximum #street wall# height specified for that location shall be set back at least 10 feet from a #wide street line# and at least 15 feet from a #narrow street line#.
However, in the locations indicated on Map 4 where no maximum #street wall# height or setback is required, #street walls# required pursuant to Section 115-222, shall rise without setback to a minimum height of 40 feet or the height of the #building#, whichever is less. Above a height of 40 feet, no setbacks are required for any portion of the building.

115-224
Maximum building height
C4 C6

In C4-4A Districts, no #building or other structure# shall exceed a height of 80 feet.

In C4-5X Districts, no #building or other structure# shall exceed a height of 125 feet.

In all C6 Districts, no #building or other structure# shall exceed a height of 250 feet. However, no maximum building height limitation shall apply on Block 9993, shown on Map 5 (Maximum Building Height) in the Appendix to this Chapter, if such #block# is developed pursuant to the Jamaica Gateway Urban Renewal Plan.

115-225
Transition area
R6 R7 R8 R9 R10

In the districts indicated, and in #Commercial Districts# where such #Residence District bulk# regulations are applicable, that portion of a #development# or #enlargement# located within 25 feet of an adjacent #zoning lot# in an R1, R2, R3, R4 or R5 District shall not exceed a maximum building height of 35 feet. In addition, an open area not higher than #curb level# shall be provided within eight feet of such adjacent #zoning lot#. Such open area may be used for #accessory# parking.

115-30
MANDATORY IMPROVEMENTS

115-31
Sidewalk Widenings

The provisions of this Section shall apply to all #developments# fronting upon locations requiring sidewalk widenings as shown on Map 6 (Sidewalk Widenings) in the Appendix to this Chapter. A sidewalk widening is a continuous, paved open area along the #street line# of a #zoning lot# having a depth of five feet or 10 feet, as set forth on Map 6. Such depth shall be measured perpendicular to the #street line#. Sidewalk widenings shall be improved as sidewalks to Department of Transportation standards, at the same level as the adjoining public sidewalk and directly accessible to the public at all times. No #enlargement# shall be permitted to decrease the depth of such sidewalk to less than such minimum required total sidewalk depth.

All mandatory sidewalk widenings must provide lighting in accordance with the requirements of paragraph (n) of Section 37-04 (Requirements for Urban Plazas), except that the minimum level of illumination shall be not less than two horizontal foot candles throughout the entire mandatory sidewalk widening.

Sidewalk widenings of 10 feet or more must provide one linear foot of seating for every 150 square feet of mandatory sidewalk widening. In addition, the provisions of Section 62-672 (Seating) shall apply.

115-32
Street Tree Planting

All new #developments# or #enlargements# that increase the existing #floor area# by at least 20 percent shall provide and maintain trees of not less than three inch caliper at the time of planting in the sidewalk adjacent to the #zoning lot#. Such trees shall be provided for the entire length of the #street# frontage of the #zoning lot# at maximum intervals of 25 feet except where the Commissioner of Parks and Recreation determines that such tree planting would be infeasible.

Trees shall be planted with gratings flush to grade in at least 200 cubic feet of soil per tree, with a depth of soil of at least 3 feet, 6 inches. Species shall be selected, installed and maintained in accordance with the specifications established by the Department of Parks and Recreation.

115-33
Refuse Storage, Recreation Space and Planting Areas

All #residential buildings# shall provide refuse storage space, recreation space and planting areas in accordance with the provisions of Section 28-23 (Refuse Storage and Disposal) and Section 28-30 (RECREATION SPACE AND PLANTING AREAS), whether or not they are #developed# or #enlarged# pursuant to the Quality Housing Program.

115-40
RESIDENTIAL CONVERSIONS

In all #Commercial Districts#, the conversion to #dwelling units# of non-#residential buildings#, or portions thereof, erected prior to January 1, 1977, shall be permitted subject to Sections 15-11 (Bulk Regulations), 15-12 (Open Space Equivalent) and 15-30 (Minor Modifications), paragraph (b).

#Uses# in #buildings# erected prior to January 1, 1977, containing both #residential# and non-#residential uses# shall not be subject to the provisions of Section 32-42 (Location within Building).

115-50
SPECIAL OFF-STREET PARKING AND OFF-STREET LOADING REGULATIONS

115-51
Parking and Loading Regulations

Within the #Special Downtown Jamaica District#, the off-street parking and loading regulations shall be modified as follows:

(a) Commercial and Manufacturing development

In C4, C6 and M1 Districts, the off-street parking and loading regulations of a C4-4 District shall apply, except as modified in this Section:

(1) For any #use# that is not allowed in a C4 District, the underlying off-street parking requirements of the applicable C6-2, C6-3, C6-4 or M1-4 District shall apply.

(2) In C4, C6 and M1 Districts, the provisions of Sections 36-12 (Maximum Size of Accessory Group Parking Facilities) and 44-12 (Maximum Size of Accessory Group Parking Facilities) shall be modified to permit an #accessory group parking facility# to contain up to 300 off-street parking spaces. Pursuant to the provisions of Sections 36-13 (Modification of Maximum Size of Accessory Group Parking Facilities) and 46-13 (Modification of Maximum Size of Accessory Group Parking Facilities), the Commissioner of Buildings may permit such #group parking facility# to contain up to 150 additional spaces.

(3) In C4, C6 and M1 Districts, the provisions of Section 36-21 (General Provisions) pertaining to accessory off-street parking spaces for #commercial# or #community facility uses# shall be modified as follows: #uses# in Use Groups 6B (Offices), 10B (Wholesale Establishments) and 11B (Wholesale Establishments), with parking requirement category B1, shall be required to provide one parking space per 2,000 square feet of #floor area#.

(7) Modification of Waiver of Parking Requirements

(i) In C4, C6 and M1 Districts, the provisions of Sections 36-23 (Waiver of Requirements for Spaces Below Minimum Number) and 44-23 (Waiver of Requirements for Spaces Below Minimum Number) shall only apply to #zoning lots# existing both on (the date of adoption of this amendment) and on the date of application for a building permit.

(ii) In C4, C6 and M1 Districts, for any #commercial use# permitted in a C4 or C6 District, the waiver provisions for a C4-4 District set forth in Section 36-232 (In districts with very low parking requirements) shall not apply. In lieu thereof, the maximum number of #accessory# off-street parking spaces for which requirements are waived shall be 15 spaces, pursuant to the waiver provisions for a C4-2 District set forth in Section 36-231(In districts with high, medium, or low parking requirements).

(iii) The provisions of Sections 36-342 (Reduced requirements in other C1 or C2 Districts or in C4, C5 or C6 Districts) and 36-344 (Waiver of requirements in other C1 or C2 Districts or in C4, C5 or C6 Districts) shall not apply in the #Special Downtown Jamaica District#.

(b) Residential Development

(1) The provisions of Section 25-12 (Maximum Size of Accessory Group Parking Facilities) shall be modified to permit an #accessory group parking facility# to contain up to 300 off-street parking spaces. Pursuant to the provisions of Section 25-13 (Modification of Maximum Size of Accessory Group Parking Facilities), the Commissioner of Buildings may permit such #group parking facility# to contain up to 150 additional spaces.

(2) The required accessory off-street parking space regulations for #residential developments# or #enlargements# of the underlying districts in the #Special Downtown Jamaica District# shall be modified as follows: The regulations set forth for an R6A District in Section 25-20 shall apply. The regulations set forth for an R6 District in Sections 25-50 (RESTRICTIONS ON LOCATIONS OF ACCESSORY OFF-STREET PARKING SPACES) inclusive, and 25-60 (ADDITIONAL REGULATIONS FOR PERMITTED OR REQUIRED ACCESSORY OFF STREET PARKING SPACES), inclusive, shall apply except as modified in paragraphs (b) (3) and (b) (4) of this Section.

(3) In all #Residence Districts#, the provisions of Section 25-26 (Waiver of Requirements for Small Number of Spaces) are modified as follows:

(i) The provisions of Section 25-26 shall only apply to #zoning lots# existing both on (the date of adoption of this amendment) and on the date of application for a building permit.

(ii) For all new #residential developments# or #enlargements#, the maximum number of #accessory# off-street parking spaces for which requirements are waived shall be 5 spaces.

(4) The provisions of Section 25-52 (Off-Site Spaces for Residences) and 25-521 (Maximum distance from zoning lot) shall be modified to permit the location of permitted or required off-street parking spaces #accessory# to #residences# on a #zoning lot# other than the same #zoning lot# as the #residences# to which such spaces are #accessory#, provided that such #zoning lot# is no more than 1,500 feet from the nearest boundary of the #zoning lot# occupied by the #residences# to which they are #accessory#.

(5) The provisions of Section 36-42 (Off-Site Spaces for Residences) and 36-421 (Maximum distance from zoning lot) shall be modified to permit the location of permitted or required off-street parking spaces #accessory# to #residences# on a #zoning lot# other than the same #zoning lot# as the #residences# to which such spaces are #accessory#, provided that such #zoning lot# is no more than 1,500 feet from the nearest boundary of the #zoning lot# occupied by the #residences# to which they are #accessory#.

115-52
Location of Access to the Street

Map 2 (Ground Floor Use and Transparency and Curb Cut Restrictions) in the Appendix to this Chapter specifies locations where curb cuts shall be prohibited within the #Special Downtown Jamaica District#.

However, where permitted or required #accessory# off-street parking and loading requirements apply in a location where such curb cuts are prohibited, a curb cut may be allowed, provided that the City Planning Commission certifies to the Commissioner of Buildings that such #zoning lot# has access only to such prohibited location and that such curb cut shall be no greater than 20 feet in width.

An application to the City Planning Commission for certification respecting such curb cut shall be accompanied by a site plan drawn to a scale of at least one sixteenth inch to a foot, showing the size and location of the proposed curb cut.

The waiver provisions of Article III, Chapter 6 (Accessory Off-Street Parking and Loading Regulations) shall not apply to the special location of access requirements of this Section.

115-60
SPECIAL PERMIT TO MODIFY USE OR BULK REGULATIONS

For any #development#, #enlargement#, alteration or change of #use# on a #zoning lot# within the #Special Downtown Jamaica District#, the City Planning Commission may permit modification of the #use# or #bulk# regulations, except #floor area ratio# provisions, provided the Commission shall find that such:

(a) modification will aid in achieving the general purposes and intent of the Special District;

(b) #use# modification will encourage a lively pedestrian environment along the #street# or mandatory sidewalk widening, or is necessary for, and the only practicable way to achieve the programmatic requirements of the #development#;

(c) #bulk# modifications will enhance the distribution of #bulk# on the #zoning lot#;

(d) #bulk# modifications will permit adequate access of light and air to surrounding #streets# and properties; and

(e) #development# or #enlargement# will relate harmoniously to the character of the surrounding area.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area.

RICHMOND COUNTY
IA PART 74
NOTICE OF PETITION
INDEX NUMBER (CY) 4018/07

In the Matter of the Application of the CITY OF NEW YORK relative to acquiring title in fee simple absolute in certain real property, where not heretofore acquired, for

NEW CREEK BLUEBELT, PHASE 4

within an area generally bounded by Hylan Boulevard on the West, Slater Boulevard on the North, Olympia Boulevard on the East, and Hunter Avenue on the South, in the Borough of Staten Island, City and State of New York.

PLEASE TAKE NOTICE that the Corporation Counsel of the City of New York intends to make application to the Supreme Court of the State of New York, Richmond County, IA Part 74, for certain relief.

The application will be made at the following time and place: At IA Part 74 of the Supreme Court, 320 Jay Street, Room 17.21, in the Borough of Brooklyn, City and State of New York, on June 1, 2007, at 9:30 A.M., or as soon thereafter as counsel can be heard.

The application is for an order:

1. authorizing the City to file an acquisition map in the Office of the Clerk of Richmond County;
2. directing that upon the filing of said map, title to the property sought to be acquired shall vest in the City;
3. providing that just compensation therefor be ascertained and determined by the Supreme Court without a jury; and
4. providing that notices of claim must be served and filed within one calendar year from the vesting date.

The City of New York, in this proceeding, intends to acquire title in fee simple absolute to certain real property where not heretofore acquired for the same purpose, for the New Creek Bluebelt, Phase 4 in the Borough of Staten Island, City and State of New York.

JUVENILE JUSTICE

SOLICITATIONS

Human/Client Service

CORRECTION: PROVISION OF NON-SECURE DETENTION CENTERS – Negotiated Acquisition – Judgment required in evaluating proposals - PIN# 13007DJJ001 – DUE 11-14-08 AT 3:00 P.M. – CORRECTION: The NYC Department of Juvenile Justice (DJJ) is seeking one or more appropriately qualified vendors to provide non-secure detention services for youth. Services shall include, but not be limited to, custody, basic youth care, food, clothing, shelter, education, health care, recreation, court related services, social work and case management services, social skills instruction, group sessions and monitoring and supervision of these services. In addition, the contract will require that a defibrillator shall be located in each program facility and that all staff requiring CPR training shall be certified in use of said defibrillator.

Each program facility will provide at least 10 and no more than 12 beds in accordance with the applicable regulations promulgated by the New York State Office of Children and Family Services (NYS OCFS), 9 N.Y.C.R.R. Section 180 et seq. The Department is seeking to provide services at facilities that will be operational at any time from January 1, 2007 to December 31, 2010. A vendor may submit an offer for more than one Facility Option. Current Agency vendors operating non-secure group homes that have contracts expiring in calendar year 2006 are urged to respond to this solicitation.

All program facilities shall be appropriately equipped to provide services for male or female youth as required by the Department, and be located in one of the five boroughs. The term of the contracts awarded from this solicitation will be for three years and will include an additional three-year option to renew. The anticipated maximum average annual funding available for each contract will be $1,067,000, excluding start-up costs. Proposed start-up costs will be considered in addition to the proposed annual line item budget. Greater consideration will be given to applicants offering more competitive prices.

If your organization is interested in being considered for award of the subject contract, please hand deliver a written expression of interest addressed to my attention at 365 Broadway, 5th Floor, New York, NY 10013. The expression of interest should specifically address the following:

1. Indicate each program facility for which the vendor is submitting.

2. Describe each proposed facility, its location, and proposed date of operation.

3. Attach appropriate documentation demonstrating the current use of each proposed facility and the vendor's site control of the facility for a period of at least 3 years.

4. For each proposed facility,
a) Indicate the number of beds to be provided and demonstrate that the facility has the capacity to provide the indicated number of beds.
b) Demonstrate that the facility will be appropriately equipped to provide services for male or female youth.

5. Demonstrate the vendor's organizational capability to:
a) Provide the indicated number of beds at each proposed facility. (If the vendor is a current provider, also demonstrate the capability to provide the indicated number of beds in addition to those already provided.)
b) Ensure that each proposed facility will be fully operational by required date in accordance with the applicable regulations promulgated by the New York State Office of Children and Family Services (NYS OCFS), 9 N.Y.C.R.R. Section 180 et seq.

6. Demonstrate the quantity and quality of the vendor's successful relevant experience.

7. Attach for each proposed facility three-year annual line item operating budget. Include staffing details. Proposed start up costs should be included in addition to the proposed three-year annual line item operating budget.

All expressions of interest received in the manner set forth will be reviewed to determine if they are responsive to the material requirements of this solicitation. Expressions of interest determined to be non-responsive will not be further considered. Expressions of interest determined to be responsive will be considered in terms of the following factors:

- Appropriateness of each proposed facility.
- Demonstrated site control of each proposed facility.
- Demonstrated level of organizational capability to provide the proposed number of beds and to ensure that each proposed facility if fully operational by the applicable requisite date.
- Demonstrated quantity and quality of successful relevant experience.
- Annual budget amount and cost effectiveness of the budget.

The Department will enter into negotiations with the vendor(s) determined to be the best qualified at the time of evaluation, based on consideration of the above-cited factors. A contract will be awarded to the responsible vendor(s) whose offer(s) is/are determined to be the most advantageous to the City, taking into consideration the price and the other factors set forth in this solicitation. In the case that a vendor is eligible for award of more than one program facility, the Department reserves the right, based upon the vendor's demonstrated organizational capability and the best interest of the City, respectively, to determine how many and for which program facility(ies) the vendor will be awarded a contract.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/ blueprints; other information; and for opening and reading of bids at date and time specified above.

READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council**, 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists--free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

Chapter 5
Special Downtown Jamaica District

115-00
GENERAL PURPOSES

The "Special Downtown Jamaica District" established in this Resolution is designed to promote and protect the public health, safety and general welfare of the Downtown Jamaica community. These general goals include, among others, the following specific purposes, to:

(a) strengthen the business core of Downtown Jamaica by improving the working and living environments;

(b) foster development in Downtown Jamaica and provide direction and incentives for further growth where appropriate;

(c) expand the retail, entertainment and commercial character of the area around the transit center and to enhance the area's role as a major transportation hub in the City;

(d) provide transitions between the downtown commercial core, the lower-scale residential communities and the transportation hub;

(e) improve the quality of new development in Downtown Jamaica by requiring the provision of specified public amenities in appropriate locations;

(f) encourage the design of new development that is in character with the area;

(g) enhance the pedestrian environment by relieving sidewalk congestion and providing pedestrian amenities; and

(h) promote the most desirable use of land and thus conserve and enhance the value of land and buildings, and thereby protect the City's tax revenues.

115-01
General Provisions

In harmony with the general purposes and content of this Resolution and the general purposes of the #Special Downtown Jamaica District#, the regulations of the #Special Downtown Jamaica District# shall apply to all #developments#, #enlargements#, alterations and changes of #use# within the #Special Downtown Jamaica District#, except as otherwise provided in this Chapter. The regulations of all other Chapters of this Resolution are applicable except as modified, supplemented or superseded by the provisions of this Chapter. In the event of a conflict between the provisions of this Chapter and other regulations of this Resolution, the provisions of this Chapter shall control.

Any special permit granted by the City Planning Commission before (the effective date of this amendment), may be started or continued, in accordance with the terms thereof, or as such terms may be subsequently modified, pursuant to the regulations in effect at the time such special permit was granted, subject to the provisions of Sections 11-42 (Lapse of Authorization or Special Permit Granted by the City Planning Commission Pursuant to the 1961 Zoning Resolution) and 11-43 (Renewal of Authorization or Special Permit).

115-02
District Plan and Maps

The regulations of this Chapter implement the #Special Downtown Jamaica District# Plan.

The District Plan includes the following maps in the Appendix to this Chapter:

Map 1	Special Downtown Jamaica District
Map 2	Ground Floor Use and Transparency and Curb Cut Restrictions
Map 3	Street Wall Location
Map 4	Street Wall Height
Map 5	Maximum Building Height
Map 6	Sidewalk Widening

The maps are hereby incorporated and made part of this Resolution for the purpose of specifying locations where the special regulations and requirements set forth in the text of this Chapter apply.

115-10
SPECIAL USE REGULATIONS

In the #Special Downtown Jamaica District#, the #use# regulations of the underlying district shall apply except as modified in this Section. The #use# regulations of the underlying C4-5X, C6 and M1-4 Districts relating to #public parking garages# are modified in Section 115-11 (Public Parking Garages). The #use# regulations of the underlying C6-4 District relating to Use Group 11B, are modified in Section 115-12 (Use Group 11B in C6-4 Districts). Special ground floor #use# and transparency regulations shall apply in the C4-5X and C6 Districts pursuant to Sections 115-13 (Ground Floor Use, Frontage and Major Building Entrance Regulations in C4-5X and C6 Districts) and 115-14 (Transparency Requirement in C4-5X and C6 Districts). The #use# regulations of the underlying M1-4 District, including Use Groups 3, 4, 6, 10, 16, 17 and 18, are modified as specified in Section 115-15(Modification of Use Regulations in M1-4 Districts).

115-11
Public Parking Garages

In the #Special Downtown Jamaica District#, the #use# regulations of the underlying C4-5X, C6-2, C6-3, C6-4 and M1-4 Districts shall be modified to permit #public parking garages# with a capacity of 150 spaces or less, as-of-right, subject to the provisions set forth for #accessory# off-street parking spaces in Sections 36-53 (Location of Access to the Street), 36-55 (Surfacing) and 36-56 (Screening). #Public parking garages# may be open or enclosed, provided that no portion of such #use# shall be located on a roof other than a roof which is immediately above a #cellar# or #basement#, except as provided by the special permit provisions of Section 74-52 (Parking Garages or Public Parking Lots in High Density Central Areas).

115-12
Use Group 11B in C6-4 Districts

In C6-4 Districts, the provisions of Section 32-20 (Use Group 11), paragraph B. (Wholesale or Similar Establishments), shall be modified to allow wholesale establishments with no limitation on #accessory# storage.

115-13
Ground Floor Use, Frontage and Major Building Entrance Regulations in C4-5X and C6 Districts

On designated #streets#, as shown on Map 2 (Ground Floor Use and Transparency and Curb Cut Restrictions) in the Appendix to this Chapter, the special ground floor #use#, frontage and major building entrance regulations of this Section shall apply to any #building or other structure# fronting on such #streets#.

#Uses# located on the ground floor level or within five feet of the level of the adjoining sidewalk, and within 30 feet of the #street line#, shall be limited to #community facility uses# without sleeping accommodations, as listed in Section 115-15 (Modification of Use Regulations in M1-4 Districts), and #uses# listed in Use Groups 5, 6A, 6B, 6C, 6D, 7A, 7B, 8A, 8B, 8D, 9, 10, 11, 12A, 12B and 12C. A building's #street# frontage shall be allocated exclusively to such #uses#, except for lobby space, entryways or entrances to subway stations.

In no event shall the length of #street# frontage occupied by lobby space, entrance space and/or a building entrance recess exceed, in total, 30 feet or 50 percent of the building's total #street# frontage, whichever is less.

Any #development# or any #enlarged# portion of a #building# located on a #zoning lot# with frontage on such designated #street# shall provide a major building entrance onto such #street#. However, #developments# or #enlargements# on #zoning lots# with frontage on more than one designated #street#, may provide a major building entrance on only one designated #street#.

115-14
Transparency Requirement in C4-5X and C6 Districts

For any #development#, or for the #enlarged# portion of a #building#, on designated #streets# as shown on Map 2 (Ground Floor Use and Transparency and Curb Cut Restrictions) in the Appendix to this Chapter, each ground floor #street wall# shall be glazed with transparent materials which may include #show windows#, glazed transoms or glazed portions of doors. Such glazed area shall occupy at least 50 percent of the area of each such ground floor #street wall# measured to a height of 10 feet above the level of the adjoining sidewalk.

115-15
Modification of Use Regulations in M1-4 Districts

The #use# regulations of the underlying M1-4 District shall apply, except as modified as follows:

Use Groups 3A and 4A

The following #community facility uses# as listed in Sections 22-13 (Use Group 3) and 22-14 (Use Group 4) shall be permitted as-of-right provided that such #uses# are without sleeping accommodations:

115-20
SPECIAL BULK REGULATIONS

115-21
Floor Area Ratio, Open Space and Lot Coverage

In C6-2 and C6-3 Districts, the underlying #floor area ratio# and #open space# provisions shall not apply. In lieu thereof, the maximum #floor area ratio# permitted for #commercial#, #community facility# or #residential uses#, separately or in combination, shall not exceed 6.0 in C6-2 Districts and 8.0 in C6-3 Districts. No #floor area# bonuses shall be permitted.

In C6-4 Districts, the underlying #floor area ratio# provisions, including #floor area# bonus provisions, shall apply to #residential# and #community facility uses#. For

#commercial uses#, the maximum #floor area ratio# shall be 12.0, and no #floor area# bonuses shall apply.

In M1-4 Districts, the maximum #floor area ratio# permitted for #commercial#, #community facility# or #manufacturing uses#, separately or in combination, shall be 2.0.

In C4 and C6 Districts, for #residential buildings# or the #residential# portion of a #mixed building#, the maximum #lot coverage# shall be 80 percent on a #corner lot# and 70 percent on an #interior# or #through lot#. However, no #lot coverage# provisions shall apply to any #zoning lot# comprising an entire #block# or to any #zoning lot# comprising a #corner lot# of 5,000 square feet or less.

115-22
Height and Setback Regulations

In M1-4 Districts, the underlying height and setback regulations shall apply except as modified in Section 115-221 (Permitted obstructions).

In C4 and C6 Districts, the underlying height and setback regulations are modified as set forth in Sections 115-221 through 115-224 (Maximum building height), inclusive.

For #zoning lots# subject to the sidewalk widening requirements of Section 115-31, the boundary of the sidewalk widening furthest from the #street line# shall be considered the #street line# for the purposes of applying all height and setback regulations.

All heights shall be measured from the #base plane#.

115-221
Permitted obstructions

The provisions of Section 33-42 (Permitted Obstructions) shall apply to all #buildings# within the #Special Downtown Jamaica District#, except the provisions of paragraph (c) of section 33-42 shall not apply. In lieu thereof, the following regulations shall apply:

Elevator or stair bulkheads, roof water tanks, cooling towers or other mechanical equipment (including enclosures) may penetrate a maximum height limit or #sky exposure plane# provided that either:

(a) the product, in square feet, of the #aggregate width of street walls# of such obstructions facing each #street# frontage, times their average height, in feet, shall not exceed a figure equal to eight times the width, in feet, of the #street wall# of the #building# facing such frontage; or,

(b) for #buildings# at least 120 feet in height, the #lot coverage# of all such obstructions does not exceed 20 percent of the #lot coverage# of the #building#, and the height of all such obstructions does not exceed 40 feet.

In addition, dormers may penetrate a maximum base height in accordance with the provisions of paragraph (c) of Section 23-621 (Permitted obstructions in certain districts).

115-222
Street wall location
C4 C6

In the districts indicated, #street walls# shall be provided in accordance with the provisions of this Section.

(a) For all locations, except as specified on Map 3 (Street Wall Location) in the Appendix to this Chapter, the #street wall# of a #building# shall be located on the #street line# and extend along at least 70 percent of the #street# frontage of the #zoning lot#. No #street wall# location rules shall apply to the remaining portion of the #street frontage# of the #zoning lot#; however, any #street walls# provided in such portion shall be located on the #street line# or recessed within an #outer court#. All required #street walls# shall rise without setback to at least the minimum base height specified in Section 115-223 (Street wall height), or the height of the #building#, whichever is less. For #zoning lots# bounded by more than one #street line#, these #street wall# location requirements shall apply on all such #street lines#.

(b) Map 3 specifies #street frontages# where the regulations set forth in this paragraph (b) apply.

(1) The #street wall# shall be located on the #street line# and extend along the entire #street# frontage as specified on Map 3, and shall rise without setback to at least the minimum base height specified in Section 115-223, or the height of the #building#, whichever is less. This requirement shall also apply along that portion of any #street line# that intersects such #street# frontage specified on Map 3 within 50 feet of such intersection.

(2) To allow articulation of #street walls# at the intersection of two #street lines# with mandatory #street wall# requirements, up to 50 percent of the area bounded by the two #street lines# and lines parallel to and 20 feet from such #street lines# may be unoccupied by a #building#.

(3) Where corner articulation is specified on Map 3, the following regulations shall apply:

(i) Where base corner articulation is specified on Map 3, the #building# shall occupy, at every level up to the level of the setback provided pursuant to Section 115-223 (Street wall height), not less than 50 percent and not more than 75 percent of the area bounded by the two #street lines# and lines parallel to and 20 feet from such #street lines#.

(ii) Where tower corner articulation is specified on Map 3, no articulation is required where all portions of the #building# that exceed a height of 60 feet are located at least 10 feet from a #wide street line# and at least 15 feet from a #narrow street line#. Where a #building# rises without setback along those #street lines# where no setback is required as specified on Map 4b, the #building# shall cover, at every level above the setback provided pursuant to Section 115-223 (Street wall height), not less than 50 percent and not more than 75 percent of the area bounded by:

(a) the #street line# of the #street# where no setback is required;

(b) a line 10 feet from and parallel to a #wide street# with a setback requirement or 15 feet from and parallel to a #narrow street# with a setback requirement; and

(c) lines parallel to and 20 feet from such lines.

(4) No #street wall# location requirements shall apply to any open space fronting on Sutphin Boulevard between 94 and 95th Avenues #developed# pursuant to the Jamaica Gateway Urban Renewal Plan, as shown on Map 3.

(c) In all locations where #street walls# are required, recesses, not to exceed three feet in depth from the #street line#, shall be permitted on the ground floor where required to provide access to the #building#.

Above a height of 12 feet, up to 30 percent of the aggregate width of required street walls may be recessed beyond the #street line#, provided any such recesses deeper than 10 feet along a #wide street#, or 15 feet along a #narrow street#, are located within an #outer court#. Furthermore, no recesses shall be permitted within 30 feet of the intersection of two #street lines# except to articulate the #street walls# as set forth in this Section.

Existing #buildings# may be vertically #enlarged# by up to one #story# or 15 feet, without regard to the #street wall# location requirements of this Section.

115-223
Street wall height
C4 C6

In the districts indicated, except in the locations indicated on Maps 4A and 4B (Street Wall Height) in the Appendix to this Chapter, the minimum height, before setback, of a #streetwall# required pursuant to Section 115-222 (Street wall location) shall be 40 feet and the maximum height, before setback, shall be 60 feet. Any portion of a #building# that exceeds a height of 60 feet shall be set back at least 10 feet from a #wide street line# and at least 15 feet from a #narrow street line#.

In the locations indicated on Map 4A, required #street walls# shall rise without setback to the minimum height specified for that location on Map 4A or the height of the #building#, whichever is less. Any portion of a #building# that exceeds the maximum #street wall# height specified for that location shall be set back at least 10 feet from a #wide street line# and at least 15 feet from a #narrow street line#.

In the locations indicated on Map 4B, required #street walls# shall rise without setback to a minimum height of 40 feet or the height of the #building#, whichever is less. Above a height of 40 feet, no setbacks are required for any portion of the building.

115-224
Maximum building height
C4 C6

In C4-4A Districts, no #building or other structure# shall exceed a height of 80 feet.

In C4-5X Districts, no #building or other structure# shall exceed a height of 125 feet.

In C6-2, C6-3 and C6-4 Districts, no #building or other structure# shall exceed a height of 250 feet. However, no height limitations shall apply in those areas specified on Map 5 (Maximum Building Height)in the Appendix to this Chapter.

115-30
MANDATORY IMPROVEMENTS

115-31
Sidewalk Widenings

The provisions of this Section shall apply to all #developments# fronting upon locations requiring sidewalk widenings as shown on Map 6 (Sidewalk Widenings) in the Appendix to this Chapter. A sidewalk widening is a continuous, paved open area along the #street line# of a #zoning lot# having a depth of five feet or 10 feet, as set forth on Map 6. Such depth shall be measured perpendicular to the #street line#. Sidewalk widenings shall be improved as sidewalks to Department of Transportation standards, at the same level as the adjoining public sidewalk and directly accessible to the public at all times. No #enlargement# shall be permitted to decrease the depth of such sidewalk to less than such minimum required total sidewalk depth.

All mandatory sidewalk widenings must provide lighting in accordance with the requirements of paragraph (n) of Section 37-04 (Requirements for Urban Plazas), except that the minimum level of illumination shall be not less than two horizontal foot candles throughout the entire mandatory sidewalk widening.

Sidewalk widenings of 10 feet or more must provide one linear foot of seating for every 150 square feet of mandatory sidewalk widening. In addition, the provisions of Section 62-672 (Seating) shall apply.

115-32
Street Tree Planting

All new #developments# or #enlargements# that increase the existing #floor area# by at least 20 percent shall provide and maintain trees of not less than three inch caliper at the time of planting in the sidewalk adjacent to the #zoning lot#. Such trees shall be provided for the entire length of the #street# frontage of the #zoning lot# at maximum intervals of 25 feet except where the Commissioner of Parks and Recreation determines that such tree planting would be infeasible.

Trees shall be planted with gratings flush to grade in at least 200 cubic feet of soil per tree, with a depth of soil of at least 3 feet, 6 inches. Species shall be selected, installed and maintained in accordance with the specifications established by the Department of Parks and Recreation.

115-33
Refuse Storage, Recreation Space and Planting Areas

All #residential buildings# shall provide refuse storage space, recreation space and planting areas in accordance with the provisions of Section 28-23 (Refuse Storage and Disposal) and Section 28-30 (RECREATION SPACE AND PLANTING AREAS), whether or not they are #developed# or #enlarged# pursuant to the Quality Housing Program.

115-40
RESIDENTIAL CONVERSIONS

In all #commercial districts#, the conversion to #dwelling units# of non-#residential buildings#, or portions thereof, erected prior to January 1, 1977, shall be permitted subject to Sections 15-11 (Bulk Regulations), 15-12 (Open Space Equivalent) and 15-30 (Minor Modifications), paragraph(b).

#Uses# in #buildings# erected prior to January 1, 1977, containing both #residential# and non-#residential# #uses# shall not be subject to the provisions of Section 32-42 (Location within Building).

115-50
SPECIAL OFF-STREET PARKING AND OFF-STREET LOADING REGULATIONS

115-51
Parking and Loading Requlations

Within the #Special Downtown Jamaica District#, the off-street parking and loading regulations shall be modified as follows:

In M1-4, C4-4A, C4-5X, C6-2, C6-3 and C6-4 Districts, the off-street parking and loading regulations of a C4-4 District shall apply, except as modified in this Section. However, for any #use# that is not allowed in a C4 District, the underlying off-street parking requirements of the applicable C6-2, C6-3, C6-4 or M1-4 District shall apply.

The provisions of Section 36-12 (Maximum Size of Accessory Group Parking Facilities) shall be modified as follows: An #accessory group parking facility# may contain up to 300 off-street parking spaces.

The provisions of Section 36-21 (General Provisions) pertaining to accessory off-street parking spaces for commercial or community facility uses shall be modified as follows: #Uses# in Use Groups 6B (Offices), 10B (Wholesale Establishments) and 11B (Wholesale Establishments), with parking requirement category B1, shall be required to provide one parking space per 2,000 square feet of #floor area#.

The provisions of Sections 36-342 (Reduced requirements in other C1 or C2 Districts or in C4, C5 or C6 Districts) and 36-344 (Waiver of requirements in other C1 or C2 Districts or in C4, C5 or C6 Districts) shall not apply in the #Special Downtown Jamaica District#.

115-51
Location of Access to the Street

Map 2 (Ground Floor Use and Transparency and Curb Cut Restrictions) in the Appendix to this Chapter specifies locations where curb cuts shall be prohibited within the #Special Downtown Jamaica District#.

However, where permitted or required #accessory# off-street parking and loading requirements apply in a location where such curb cuts are prohibited, a curb cut may be allowed, provided that the City Planning Commission certifies to the Commissioner of Buildings that such #zoning lot# has access only to such prohibited location and that such curb cut shall be no greater than 20 feet in width.

An application to the City Planning Commission for certification respecting such curb cut shall be accompanied by a site plan drawn to a scale of at least one sixteenth inch to a foot, showing the size and location of the proposed curb cut.

The waiver provisions of Article III, Chapter 6 (Accessory Off-Street Parking and Loading Regulations) shall not apply to the special location of access requirements of this Section.

115-60
SPECIAL PERMIT TO MODIFY USE OR BULK REGULATIONS

For any #development#, #enlargement#, alteration or change of #use# on a #zoning lot# within the #Special Downtown Jamaica District#, the City Planning Commission may permit modification of the #use# or #bulk# regulations, except #floor area ratio# provisions, provided the Commission shall find that such:

(a) modification will aid in achieving the general purposes and intent of the Special District;

(b) #use# modification will encourage a lively pedestrian environment along the #street# or mandatory sidewalk widening, or is necessary for and the only practicable way to achieve the programmatic requirements of the #development#;

(c) #bulk# modifications will enhance the distribution of #bulk# on the #zoning lot#;

(d) #bulk# modifications will permit adequate access of light and air to surrounding #streets# and properties; and

(e) #development# or #enlargement# will relate harmoniously to the character of the surrounding area.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area.

23-142
In R6, R7, R8 or R9 Districts

R6 R7 R8 R9

Except as otherwise provided in the following Sections:

Section 23-144 (~~In R6, R7, and R8 Districts~~ In designated areas where the Inclusionary Housing Program is applicable)

* * *

23-144
In ~~R6, R7 and R8 Districts~~ designated areas where the Inclusionary Housing Program is applicable

In ~~R6, R7 and R8 Districts~~ #Inclusionary Housing designated areas# ~~where the Inclusionary Housing Program is applicable~~, as listed in the following table, the maximum permitted #floor area ratios# shall be as set forth in Section 23-942 (In ~~R6, R7 and R8 Districts~~ Inclusionary Housing designated areas). The locations of such districts are specified in Section 23-922 (~~Certain R6, R7 and R8 Districts~~ Inclusionary Housing designated areas).

23-90
INCLUSIONARY HOUSING

* * *

23-921
R10 Districts

The Inclusionary Housing Program shall apply in all R10 Districts located in #Inclusionary Housing designated areas#, subject to the provisions relating to such designated areas, and in all other R10 Districts, subject to the provisions of Section 23-941 (In R10 Districts other than Inclusionary Housing designated areas), as applicable.

23-922
~~Certain R6, R7 and R8 Districts~~ Inclusionary Housing designated areas

The Inclusionary Housing Program shall apply in the following areas:

* * *

The Inclusionary Housing Program shall apply in special purpose districts when specific zoning districts or areas are defined as #Inclusionary Housing designated areas# within the special purpose district, pursuant to this Section.

23-93
Definitions

For the purposes of the Inclusionary Housing program, matter in italics is defined either in Section 12-10 (DEFINITIONS) or in this Section.
Administering agent

* * *

The #administering agent# shall be a not-for-profit organization, unless the Commissioner of Housing Preservation and Development finds that a good faith effort by the developer of the #compensated development# to secure a qualified not-for-profit organization as the #administering agent# was unsuccessful. However, in #~~R6, R7 and R8~~ Inclusionary Housing designated areas#, the Commissioner may approve an entity that is responsible for compliance monitoring pursuant to City, State or Federal funding sources, to serve as the #administering agent# during such compliance period.

* * *

Fair rent

* * *

However, in #~~R6, R7 and R8~~ Inclusionary Housing designated areas# , the Commissioner of Housing Preservation and Development may determine that rents satisfying the requirements of City, State or Federal programs assisting #lower income housing# will be considered #fair rent#, provided that such rents do not exceed 30 percent of #lower income household's# income, as applicable, and provided further that upon expiration or termination of the requirements of the City, State or Federal program, rent increases and re-rentals shall be subject to the higher of the then-currently applicable Section 8 Standard or the Rent Stabilization Standard.

* * *

In #~~R6, R7 and R8~~ Inclusionary Housing designated areas#, at initial occupancy of any #lower income housing#, a portion of the #fair rents# may be for the payment of the principal or interest on debt, and such housing may secure debt, provided that, as of the date of the approval of the #lower income housing plan#, the Commissioner of Housing Preservation and Development finds that the total annual rent, when such interest and principal payments are deducted, is in compliance with the requirements of Section 23-95, paragraph (c), and provided that the lender agrees to enter into a written agreement which subordinates such debt to the provisions of the #lower income housing plan#.

Inclusionary Housing designated areas

"Inclusionary Housing designated areas" shall be those areas specified in Section 23-922 (Inclusionary Housing designated areas).

* * *

Lower income household

* * *

In #~~R6, R7 and R8~~ Inclusionary Housing designated areas#, #lower income households# shall also include all existing households in tenancy, provided such households occupy units that are within a #building# in which rents for all occupied units are regulated by City or State law, and the aggregate maximum permitted annual rent roll for such occupied units, divided by the number of occupied units, is less than 30 percent of the applicable income limit for a #lower income household# as provided in this Section. In determining the applicable income limit for such #lower income households#, the Commissioner of Housing Preservation and Development may make adjustments, consistent with U. S. Department of Housing and Urban Development regulations, for the number of persons residing in each unit.

Lower income housing

* * *

However, in #~~R6, R7 and R8~~ Inclusionary Housing designated areas#, #lower income housing# shall include #standard units# assisted under City, State or Federal programs.

Article XI - Special Purpose Districts

Chapter 5
Special Downtown Jamaica District

115-00
GENERAL PURPOSES

The "Special Downtown Jamaica District" established in this Resolution is designed to promote and protect the public health, safety and general welfare of the Downtown Jamaica community. These general goals include, among others, the following specific purposes, to:

(a) strengthen the business core of Downtown Jamaica by improving the working and living environments;

(b) foster development in Downtown Jamaica and provide direction and incentives for further growth where appropriate;

(c) encourage the development of affordable housing;

(d) expand the retail, entertainment and commercial character of the area around the transit center and to enhance the area's role as a major transportation hub in the City;

(e) provide transitions between the downtown commercial core, the lower-scale residential communities and the transportation hub;

(f) improve the quality of new development in Downtown Jamaica by requiring the provision of specified public amenities in appropriate locations;

(g) encourage the design of new development that is in character with the area;

(h) enhance the pedestrian environment by relieving sidewalk congestion and providing pedestrian amenities; and

(i) promote the most desirable use of land and thus conserve and enhance the value of land and buildings, and thereby protect the City's tax revenues.

115-01
General Provisions

In harmony with the general purposes and content of this Resolution and the general purposes of the #Special Downtown Jamaica District#, the regulations of the #Special Downtown Jamaica District# shall apply to all #developments#, #enlargements#, alterations and changes of #use# within the #Special Downtown Jamaica District#, except as otherwise provided in this Chapter. The regulations of all other Chapters of this Resolution are applicable except as modified, supplemented or superseded by the provisions of this Chapter. In the event of a conflict between the provisions of this Chapter and other regulations of this Resolution, the provisions of this Chapter shall control.

Any special permit granted by the City Planning Commission before (the effective date of this amendment), may be started or continued, in accordance with the terms thereof, or as such terms may be subsequently modified, pursuant to the regulations in effect at the time such special permit was granted, subject to the provisions of Sections 11-42 (Lapse of Authorization or Special Permit Granted by the City Planning Commission Pursuant to the 1961 Zoning Resolution) and 11-43 (Renewal of Authorization or Special Permit).

115-02
District Plan and Maps

The regulations of this Chapter implement the #Special Downtown Jamaica District# Plan.

The District Plan includes the following maps in the Appendix to this Chapter:

Map 1	Special Downtown Jamaica District
Map 2	Ground Floor Use and Transparency and Curb Cut Restrictions
Map 3	Street Wall Location
Map 4	Street Wall Height
Map 5	Maximum Building Height
Map 6	Sidewalk Widening

The maps are hereby incorporated and made part of this Resolution for the purpose of specifying locations where the special regulations and requirements set forth in the text of this Chapter apply.

115-03
Applicability of Article I, Chapter 1

Within the #Special Downtown Jamaica District#, Section 11-15 (Environmental Requirements) shall apply, except that prior to issuing a building permit for any #development#, or for an #enlargement#, #extension# or a change of #use#, on a lot that has an (E) designation for hazardous material contamination, noise or air quality, the Department of Buildings shall be furnished with a report from the Department of Environmental Protection (DEP) of the City of New York stating:

(a) in the case of an (E) designation for hazardous material contamination, that environmental requirements related to the (E) designation have been met for that lot; or

(b) in the case of an (E) designation for noise or air quality, that the plans and drawings for such #development# or #enlargement# will result in compliance with the environmental requirements related to the (E) designation.

115-10
SPECIAL USE REGULATIONS

In the #Special Downtown Jamaica District#, the #use# regulations of the underlying district shall apply except as modified in this Section, inclusive. The #use# regulations of the underlying C4-5X, C6 and M1-4 Districts relating to #public parking garages# are modified in Section 115-11 (Public Parking Garages). The #use# regulations of the underlying C6-4 District relating to Use Group 11B, are modified in Section 115-12 (Use Group 11B in C6-4 Districts). Special ground floor #use# and transparency regulations shall apply in the C4-5X and C6 Districts pursuant to Sections 115-13 (Ground Floor Use, Frontage and Major Building Entrance Regulations in C4-5X and C6 Districts) and 115-14 (Transparency Requirement in C4-5X and C6 Districts). The #use# regulations of the underlying M1-4 District, including Use Groups 3, 4, 6, 10, 16, 17 and 18, are modified as specified in Section 115-15 (Modification of Use Regulations in M1-4 Districts).

115-11
Public Parking Garages

In the #Special Downtown Jamaica District#, the #use# regulations of the underlying C4-5X, C6-2, C6-3, C6-4 and M1-4 Districts shall be modified to permit #public parking garages# with a capacity of 150 spaces or less, as-of-right, subject to the provisions set forth for #accessory# off-street parking spaces in Sections 36-53 (Location of Access to the Street), 36-55 (Surfacing) and 36-56 (Screening). #Public parking garages# may be open or enclosed, provided that no portion of such #use# shall be located on a roof other than a roof which is immediately above a #cellar# or #basement#, except as provided by the special permit provisions of Section 74-52 (Parking Garages or Public Parking Lots in High Density Central Areas).

115-12
Use Group 11B in C6-4 Districts

In C6-4 Districts, the provisions of Section 32-20 (Use Group 11), paragraph B. (Wholesale or Similar Establishments), shall be modified to allow wholesale establishments with no limitation on #accessory# storage.

115-13
Ground Floor Use, Frontage and Major Building Entrance Regulations in C4-5X and C6 Districts

On designated #streets#, as shown on Map 2 (Ground Floor Use and Transparency and Curb Cut Restrictions) in the Appendix to this Chapter, the special ground floor #use#, frontage and major building entrance regulations of this Section shall apply to any #building or other structure# fronting on such #streets#.

#Uses# located on the ground floor level or within five feet of the level of the adjoining sidewalk, and within 30 feet of the #street line#, shall be limited to #community facility uses# without sleeping accommodations, as listed in Section 115-15 (Modification of Use Regulations in M1-4 Districts), and #uses# listed in Use Groups 5, 6A, 6B, 6C, 6D, 7A, 7B, 8A, 8B, 8D, 9, 10, 11, 12A, 12B and 12C. A building's #street# frontage shall be allocated exclusively to such #uses#, except for lobby space, entryways or entrances to subway stations.

In no event shall the length of #street# frontage occupied by lobby space, entrance space and/or a building entrance recess exceed, in total, 30 feet or 50 percent of the building's total #street# frontage, whichever is less.

Any #development# or any #enlarged# portion of a #building# located on a #zoning lot# with frontage on such designated #street# shall provide a major building entrance onto such #street#. However, #developments# or #enlargements# on #zoning lots# with frontage on more than one designated #street#, may provide a major building entrance on only one designated #street#.

115-14
Transparency Requirement in C4-5X and C6 Districts

For any #development#, or for the #enlarged# portion of a #building#, on designated #streets# as shown on Map 2 (Ground Floor Use and Transparency and Curb Cut Restrictions) in the Appendix to this Chapter, each ground floor #street wall# shall be glazed with transparent materials which may include #show windows#, glazed transoms or glazed portions of doors. Such glazed area shall occupy at least 50 percent of the area of each such ground floor #street wall# measured to a height of 10 feet above the level of the adjoining sidewalk.

115-15
Modification of Use Regulations in M1-4 Districts

The #use# regulations of the underlying M1-4 District shall apply, except as modified as follows:

Use Groups 3A and 4A

The following #community facility uses# as listed in Sections 22-13 (Use Group 3) and 22-14 (Use Group 4) shall be permitted as-of-right, provided that such #uses# are without sleeping accommodations:

115-20
SPECIAL BULK REGULATIONS

115-21
Floor Area Ratio, Open Space and Lot Coverage

(a) Maximum #floor area ratio# for #buildings# containing non-#residential uses#

In C6-2 and C6-3 Districts, the underlying #floor area ratio# and #open space# provisions shall not apply. In lieu thereof, the maximum #floor area ratio# permitted for #commercial# and #community facility# #uses#, separately or in combination, shall not exceed 6.0 in C6-2 Districts and 8.0 in C6-3 Districts. No #floor area# bonuses shall be permitted.

In C6-4 Districts, the underlying #floor area ratio# provisions, including #floor area# bonus provisions, shall apply to #community facility uses#. For #commercial uses#, the maximum #floor area ratio# shall be 12.0, and no #floor area# bonuses shall apply.

In M1-4 Districts, the maximum #floor area ratio# permitted for #commercial#, #community facility# or #manufacturing uses#, separately or in combination, shall be 2.0.

(b) Maximum #floor area ratio# for #buildings# containing #residential uses#

The maximum #floor area ratio# for any #building# containing a #residential# #use# shall not exceed the #floor area ratio# set forth in Section 115-211 (Special Inclusionary Housing regulations) for the applicable district.

(c) #Lot coverage#

In C4 and C6 Districts, for #residential buildings# or the #residential# portion of a #mixed building#, the maximum #lot coverage# shall be 80 percent on a #corner lot# and 70 percent on an #interior# or #through lot#. However, no #lot coverage# provisions shall apply to any #zoning lot# comprising an entire #block# or to any #zoning lot# comprising a #corner lot# of 5,000 square feet or less.

115-21
Special Inclusionary Housing regulations

(a) Applicability

R7A, R7X, C4-4A, C4-5X,C6-2, C6-3 and C6-4 Districts within the #Special Downtown Jamaica District# shall be #Inclusionary Housing designated areas#, pursuant to Section 12-10 (Definitions), for the purpose of making the Inclusionary Housing Program regulations of Section 23-90 (Inclusionary Housing Program), inclusive, applicable as modified, within the Special District.

(b) Maximum #floor area ratio#

The maximum #floor area ratio# for any #building# containing #residences# shall not exceed the base #floor area ratio# set forth in the following table, except that such base #floor area ratio# may be increased to the maximum #floor area ratio# set forth in Section 23-942 through the provision of #lower income housing#, pursuant to the provisions relating to #Inclusionary Housing designated areas# in Section 23-90 (INCLUSIONARY HOUSING).

District	Base Far
R7A, C4-4A	3.45
R7X, C4-5X	3.75
R8, C6-2	5.4
9, C6-3	6.0
R10, C6-4	9.0

(c) Modification of location requirements

The requirements of paragraph (a) of Section 23-952 (Substantial rehabilitation and off-site new construction options) shall be modified as follows: In addition to the locations set forth in subparagraphs (1) and (2) of Section 23-952, #lower income housing# also may be located in any #Inclusionary Housing designated area# within the #Special Downtown Jamaica District#.

(d) Height and setback

The height and setback regulations of paragraph (b) of Section 23-942 shall not apply. In lieu thereof, the special height and setback regulations of Section 115-22, inclusive, of this Chapter shall apply.

115-22
Height and Setback Regulations

In M1-4 Districts, the underlying height and setback regulations shall apply except as modified in Section 115-221 (Permitted obstructions).

In C4 and C6 Districts, the underlying height and setback regulations are modified as set forth in Sections 115-221 through 115-225, inclusive.

For #zoning lots# subject to the sidewalk widening requirements of Section 115-31, the boundary of the sidewalk widening furthest from the #street line# shall be considered the #street line# for the purposes of applying all height and setback regulations.

All heights shall be measured from the #base plane#.

115-221
Permitted obstructions

The provisions of Section 33-42 (Permitted Obstructions) shall apply to all #buildings# within the #Special Downtown Jamaica District#, except the provisions of paragraph (c) of Section 33-42 shall not apply. In lieu thereof, the following regulations shall apply:

Elevator or stair bulkheads, roof water tanks, cooling towers or other mechanical equipment (including enclosures) may penetrate a maximum height limit or #sky exposure plane# provided that either:

(a) the product, in square feet, of the #aggregate width of street walls# of such obstructions facing each #street# frontage, times their average height, in feet, shall not exceed a figure equal to eight times the width, in feet, of the #street wall# of the #building# facing such frontage; or

(b) for #buildings# at least 120 feet in height, the #lot coverage# of all such obstructions does not exceed 20 percent of the #lot coverage# of the #building#, and the height of all such obstructions does not exceed 40 feet.

In addition, dormers may penetrate a maximum base height in accordance with the provisions of paragraph (c) of Section 23-621 (Permitted obstructions in certain districts).

115-222
Street wall location

C4 C6

In the districts indicated, #street walls# shall be provided in accordance with the provisions of this Section.

(a) For all locations, except as specified on Map 3 (Street Wall Location) in the Appendix to this Chapter, the #street wall# of a #building# shall be located on the #street line# and extend along at least 70 percent of the #street# frontage of the #zoning lot#. No #street wall# location rules shall apply to the remaining portion of the #street frontage# of the #zoning lot#; however, any #street walls# provided in such portion shall be located on the #street line# or recessed within an #outer court#. All required #street walls# shall rise without setback to at least the minimum base height specified in Section 115-223 (Street wall height), or the height of the #building#, whichever is less. For #zoning lots# bounded by more than one #street line#, these #street wall# location requirements shall apply on all such #street lines#.

(b) Map 3 specifies the #street# frontages where the regulations set forth in this paragraph, (b), apply.

(4) The #street wall# shall be located on the #street line# and extend along the entire #street# frontage as specified on Map 3, and shall rise without setback to at least the minimum base height specified in Section 115-223, or the height of the #building#, whichever is less. This requirement shall also apply along that portion of any #street line# that intersects such #street# frontage, specified on Map 3, within 50 feet of such intersection.

(5) To allow articulation of #street walls# at the intersection of two #street lines# with mandatory #street wall# requirements, up to 50 percent of the area bounded by the two #street lines# and lines parallel to and 20 feet from such #street lines# may be unoccupied by a #building#.

(6) Where corner articulation is specified on Map 3, the following regulations shall apply:

(i) Where base corner articulation is specified, the #building# shall occupy, at every level up to the level of the setback provided pursuant to Section 115-223 (Street wall height), not less than 50 percent and not more than 75 percent of the area bounded by the two #street lines# and lines parallel to and 20 feet from such #street lines#.

(ii) Where tower corner articulation is specified, no articulation is required where all portions of the #building# that exceed a height of 60 feet are located at least 10 feet from a #wide street line# and at least 15 feet from a #narrow street line#. Where a #building# rises without setback along those #street lines# where no setback is required, as specified on Map 4 (Street Wall Height), the #building# shall cover, at every level above the setback provided pursuant to Section 115-223, not less than 50 percent and not more than 75 percent of the area bounded by:

(a) the #street line# of the #street# where no setback is required;

(b) a line 10 feet from and parallel to a #wide street# with a setback requirement or 15 feet from and parallel to a #narrow street# with a setback requirement; and

(c) lines parallel to and 20 feet from such lines.

(4) No #street wall# location requirements shall apply to any open space fronting on Sutphin Boulevard between 94th and 95th Avenues #developed# pursuant to the Jamaica Gateway Urban Renewal Plan, as shown on Map 3.

(5) For building walls facing Archer Avenue on Blocks 9988 and 9994 the #street walls# required pursuant to this paragraph, (b), shall not be located along the Archer Avenue #street line#, but shall instead be located along the northern boundary of the Public Place mapped on each such block. Along such boundaries of each Public Place, no building entrances or windows are permitted up to a height of 30 feet within 100 feet of 146th Street on Block 9988 and within 100 feet of 147th Place on Block 9994. Such regulation is necessary to accommodate the development of a one #story building# which may be located within each Public Place.

(c) In all locations where #street walls# are required, recesses, not to exceed three feet in depth from the #street line#, shall be permitted on the ground floor where required to provide access to the #building#. Above a height of 12 feet, up to 30 percent of the aggregate width of required #street walls# may be recessed beyond the #street line#, provided any such recesses deeper than 10 feet along a #wide street#, or 15 feet along a #narrow street#, are located within an #outer court#. Furthermore, no recesses shall be permitted within 30 feet of the intersection of two #street lines# except to articulate the #street walls# as set forth in this Section.

Existing #buildings# may be vertically #enlarged# by up to one #story# or 15 feet, without regard to the #street wall# location requirements of this Section.

115-223
Street wall height

C4 C6

Except in the locations indicated on Map 4 (Street Wall Height) in the Appendix to this Chapter, the minimum and maximum heights before setback of a #street wall# required pursuant to Section 115-232 (Street wall location) shall be as set forth in the following Table:

District	Minimum Street Wall Height	Maximum Street Wall Height
C4-4A	40 feet	65 feet
C4-5X	40 feet	85 feet
C6	40 feet	60 feet

Any portion of a #building# that exceeds the maximum height of a #street wall# shall be set back at least 10 feet from a #wide street line# and at least 15 feet from a #narrow street line#.

In the locations indicated on Map 4, required #street walls# shall rise without setback to the minimum height specified for that location on Map 4 or the height of the #building#, whichever is less. Any portion of a #building# that exceeds the maximum #street wall# height specified for that location shall be set back at least 10 feet from a #wide street line# and at least 15 feet from a #narrow street line#. However, in the locations indicated on Map 4 where no maximum #street wall# height or setback is required, #street walls# required pursuant to Section 115-222, shall rise without setback to a minimum height of 40 feet or the height of the #building#, whichever is less. Above a height of 40 feet, no setbacks are required for any portion of the building.

115-224
Maximum building height
C4 C6

In C4-4A Districts, no #building or other structure# shall exceed a height of 80 feet.

In C4-5X Districts, no #building or other structure# shall exceed a height of 125 feet.

In all C6 Districts, no #building or other structure# shall exceed a height of 250 feet. However, no maximum building height limitation shall apply on Block 9993, shown on Map 5 (Maximum Building Height) in the Appendix to this Chapter, if such #block# is developed pursuant to the Jamaica Gateway Urban Renewal Plan.

115-225
Transition area
R6 R7 R8 R9 R10

In the districts indicated, and in #Commercial Districts# where such #Residence District bulk# regulations are applicable, that portion of a #development# or #enlargement# located within 25 feet of an adjacent #zoning lot# in an R1, R2, R3, R4 or R5 District shall not exceed a maximum building height of 35 feet. In addition, an open area not higher than #curb level# shall be provided within eight feet of such adjacent #zoning lot#. Such open area may be used for #accessory# parking.

115-30
MANDATORY IMPROVEMENTS

115-31
Sidewalk Widenings

The provisions of this Section shall apply to all #developments# fronting upon locations requiring sidewalk widenings as shown on Map 6 (Sidewalk Widenings) in the Appendix to this Chapter. A sidewalk widening is a continuous, paved open area along the #street line# of a #zoning lot# having a depth of five feet or 10 feet, as set forth on Map 6. Such depth shall be measured perpendicular to the #street line#. Sidewalk widenings shall be improved as sidewalks to Department of Transportation standards, at the same level as the adjoining public sidewalk and directly accessible to the public at all times. No #enlargement# shall be permitted to decrease the depth of such sidewalk to less than such minimum required total sidewalk depth.

All mandatory sidewalk widenings must provide lighting in accordance with the requirements of paragraph (n) of Section 37-04 (Requirements for Urban Plazas), except that the minimum level of illumination shall be not less than two horizontal foot candles throughout the entire mandatory sidewalk widening.

Sidewalk widenings of 10 feet or more must provide one linear foot of seating for every 150 square feet of mandatory sidewalk widening. In addition, the provisions of Section 62-672 (Seating) shall apply.

115-32
Street Tree Planting

All new #developments# or #enlargements# that increase the existing #floor area# by at least 20 percent shall provide and maintain trees of not less than three inch caliper at the time of planting in the sidewalk adjacent to the #zoning lot#. Such trees shall be provided for the entire length of the #street# frontage of the #zoning lot# at maximum intervals of 25 feet except where the Commissioner of Parks and Recreation determines that such tree planting would be infeasible.

Trees shall be planted with gratings flush to grade in at least 200 cubic feet of soil per tree, with a depth of soil of at least 3 feet, 6 inches. Species shall be selected, installed and maintained in accordance with the specifications established by the Department of Parks and Recreation.

115-33
Refuse Storage, Recreation Space and Planting Areas

All #residential buildings# shall provide refuse storage space, recreation space and planting areas in accordance with the provisions of Section 28-23 (Refuse Storage and Disposal) and Section 28-30 (RECREATION SPACE AND PLANTING AREAS), whether or not they are #developed# or #enlarged# pursuant to the Quality Housing Program.

115-40
RESIDENTIAL CONVERSIONS

In all #Commercial Districts#, the conversion to #dwelling units# of non-#residential buildings#, or portions thereof, erected prior to January 1, 1977, shall be permitted subject to Sections 15-11 (Bulk Regulations), 15-12 (Open Space Equivalent) and 15-30 (Minor Modifications), paragraph (b).

#Uses# in #buildings# erected prior to January 1, 1977, containing both #residential# and non-#residential uses# shall not be subject to the provisions of Section 32-42 (Location within Building).

115-50
SPECIAL OFF-STREET PARKING AND OFF-STREET LOADING REGULATIONS

115-51
Parking and Loading Regulations

Within the #Special Downtown Jamaica District#, the off-street parking and loading regulations shall be modified as follows:

(a) Commercial and Manufacturing development

In C4, C6 and M1 Districts, the off-street parking and loading regulations of a C4-4 District shall apply, except as modified in this Section:

(1) For any #use# that is not allowed in a C4 District, the underlying off-street parking requirements of the applicable C6-2, C6-3, C6-4 or M1-4 District shall apply.

(2) In C4, C6 and M1 Districts, the provisions of Sections 36-12 (Maximum Size of Accessory Group Parking Facilities) and 44-12 (Maximum Size of Accessory Group Parking Facilities) shall be modified to permit an #accessory group parking facility# to contain up to 300 off-street parking spaces. Pursuant to the provisions of Sections 36-13 (Modification of Maximum Size of Accessory Group Parking Facilities) and 46-13 (Modification of Maximum Size of Accessory Group Parking Facilities), the

Commissioner of Buildings may permit such #group parking facility# to contain up to 150 additional spaces.

(3) In C4, C6 and M1 Districts, the provisions of Section 36-21 (General Provisions) pertaining to accessory off-street parking spaces for #commercial# or #community facility uses# shall be modified as follows: #uses# in Use Groups 6B (Offices), 10B (Wholesale Establishments) and 11B (Wholesale Establishments), with parking requirement category B1, shall be required to provide one parking space per 2,000 square feet of #floor area#.

(7) Modification of Waiver of Parking Requirements

(i) In C4, C6 and M1 Districts, the provisions of Sections 36-23 (Waiver of Requirements for Spaces Below Minimum Number) and 44-23 (Waiver of Requirements for Spaces Below Minimum Number) shall only apply to #zoning lots# existing both on (the date of adoption of this amendment) and on the date of application for a building permit.

(ii) In C4, C6 and M1 Districts, for any #commercial use# permitted in a C4 or C6 District, the waiver provisions for a C4-4 District set forth in Section 36-232 (In districts with very low parking requirements) shall not apply. In lieu thereof, the maximum number of #accessory# off-street parking spaces for which requirements are waived shall be 15 spaces, pursuant to the waiver provisions for a C4-2 District set forth in Section 36-231(In districts with high, medium, or low parking requirements).

(iii) The provisions of Sections 36-342 (Reduced requirements in other C1 or C2 Districts or in C4, C5 or C6 Districts) and 36-344 (Waiver of requirements in other C1 or C2 Districts or in C4, C5 or C6 Districts) shall not apply in the #Special Downtown Jamaica District#.

(b) Residential Development

(1) The provisions of Section 25-12 (Maximum Size of Accessory Group Parking Facilities) shall be modified to permit an #accessory group parking facility# to contain up to 300 off-street parking spaces. Pursuant to the provisions of Section 25-13 (Modification of Maximum Size of Accessory Group Parking Facilities), the Commissioner of Buildings may permit such #group parking facility# to contain up to 150 additional spaces.

(2) The required accessory off-street parking space regulations for #residential developments# or #enlargements# of the underlying districts in the #Special Downtown Jamaica District# shall be modified as follows: The regulations set forth for an R6A District in Section 25-20 shall apply. The regulations set forth for an R6 District in Sections 25-50 (RESTRICTIONS ON LOCATIONS OF ACCESSORY OFF-STREET PARKING SPACES) inclusive, and 25-60 (ADDITIONAL REGULATIONS FOR PERMITTED OR REQUIRED ACCESSORY OFF STREET PARKING SPACES), inclusive, shall apply except as modified in paragraphs (b) (3) and (b) (4) of this Section.

(3) In all #Residence Districts#, the provisions of Section 25-26 (Waiver of Requirements for Small Number of Spaces) are modified as follows:

(i) The provisions of Section 25-26 shall only apply to #zoning lots# existing both on (the date of adoption of this amendment) and on the date of application for a building permit.

(ii) For all new #residential developments# or #enlargements#, the maximum number of #accessory# off-street parking spaces for which requirements are waived shall be 5 spaces.

(4) The provisions of Section 25-52 (Off-Site Spaces for Residences) and 25-521 (Maximum distance from zoning lot) shall be modified to permit the location of permitted or required off-street parking spaces #accessory# to #residences# on a #zoning lot# other than the same #zoning lot# as the #residences# to which such spaces are #accessory#, provided that such #zoning lot# is no more than 1,500 feet from the nearest boundary of the #zoning lot# occupied by the #residences# to which they are #accessory#.

(5) The provisions of Section 36-42 (Off-Site Spaces for Residences) and 36-421 (Maximum distance from zoning lot) shall be modified to permit the location of permitted or required off-street parking spaces #accessory# to #residences# on a #zoning lot# other than the same #zoning lot# as the #residences# to which such spaces are #accessory#, provided that such #zoning lot# is no more than 1,500 feet from the nearest boundary of the #zoning lot# occupied by the #residences# to which they are #accessory#.

115-52
Location of Access to the Street

Map 2 (Ground Floor Use and Transparency and Curb Cut Restrictions) in the Appendix to this Chapter specifies locations where curb cuts shall be prohibited within the #Special Downtown Jamaica District#.

However, where permitted or required #accessory# off-street parking and loading requirements apply in a location where such curb cuts are prohibited, a curb cut may be allowed, provided that the City Planning Commission certifies to the Commissioner of Buildings that such #zoning lot# has access only to such prohibited location and that such curb cut shall be no greater than 20 feet in width.
An application to the City Planning Commission for certification respecting such curb cut shall be accompanied by a site plan drawn to a scale of at least one sixteenth inch to a foot, showing the size and location of the proposed curb cut.

The waiver provisions of Article III, Chapter 6 (Accessory Off-Street Parking and Loading Regulations) shall not apply to the special location of access requirements of this Section.

115-60
SPECIAL PERMIT TO MODIFY USE OR BULK REGULATIONS

For any #development#, #enlargement#, alteration or change of #use# on a #zoning lot# within the #Special Downtown Jamaica District#, the City Planning Commission may permit modification of the #use# or #bulk# regulations, except #floor area ratio# provisions, provided the Commission shall find that such:

(a) modification will aid in achieving the general purposes and intent of the Special District;

(b) #use# modification will encourage a lively pedestrian environment along the #street# or mandatory sidewalk widening, or is necessary for, and the only practicable way to achieve the programmatic requirements of the #development#;

(c) #bulk# modifications will enhance the distribution of #bulk# on the #zoning lot#;

(d) #bulk# modifications will permit adequate access of light and air to surrounding #streets# and properties; and

(e) #development# or #enlargement# will relate harmoniously to the character of the surrounding area.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area.

RICHMOND COUNTY
IA PART 74
NOTICE OF PETITION
INDEX NUMBER (CY) 4018/07

In the Matter of the Application of the CITY OF NEW YORK relative to acquiring title in fee simple absolute in certain real property, where not heretofore acquired, for

NEW CREEK BLUEBELT, PHASE 4

within an area generally bounded by Hylan Boulevard on the West, Slater Boulevard on the North, Olympia Boulevard on the East, and Hunter Avenue on the South, in the Borough of Staten Island, City and State of New York.

PLEASE TAKE NOTICE that the Corporation Counsel of the City of New York intends to make application to the Supreme Court of the State of New York, Richmond County, IA Part 74, for certain relief.

The application will be made at the following time and place: At IA Part 74 of the Supreme Court, 320 Jay Street, Room 17.21, in the Borough of Brooklyn, City and State of New York, on June 1, 2007, at 9:30 A.M., or as soon thereafter as counsel can be heard.

The application is for an order:

1. authorizing the City to file an acquisition map in the Office of the Clerk of Richmond County;
2. directing that upon the filing of said map, title to the property sought to be acquired shall vest in the City;
3. providing that just compensation therefor be ascertained and determined by the Supreme Court without a jury; and
4. providing that notices of claim must be served and filed within one calendar year from the vesting date.

The City of New York, in this proceeding, intends to acquire title in fee simple absolute to certain real property where not heretofore acquired for the same purpose, for the New Creek Bluebelt, Phase 4 in the Borough of Staten Island, City and State of New York.

The description of the real property to be acquired is as follows:

JUVENILE JUSTICE

■ **SOLICITATIONS**

Human / Client Service

CORRECTION: PROVISION OF NON-SECURE DETENTION CENTERS – Negotiated Acquisition – Judgment required in evaluating proposals - PIN# 13007DJJ001 – DUE 11-14-08 AT 3:00 P.M. –

CORRECTION: The NYC Department of Juvenile Justice (DJJ) is seeking one or more appropriately qualified vendors to provide non-secure detention services for youth. Services shall include, but not be limited to, custody, basic youth care, food, clothing, shelter, education, health care, recreation, court related services, social work and case management services, social skills instruction, group sessions and monitoring and supervision of these services. In addition, the contract will require that a defibrillator shall be located in each program facility and that all staff requiring CPR training shall be certified in use of said defibrillator.

Each program facility will provide at least 10 and no more than 12 beds in accordance with the applicable regulations promulgated by the New York State Office of Children and Family Services (NYS OCFS), 9 N.Y.C.R.R. Section 180 et seq. The Department is seeking to provide services at facilities that will be operational at any time from January 1, 2007 to December 31, 2010. A vendor may submit an offer for more than one Facility Option. Current Agency vendors operating non-secure group homes that have contracts expiring in calendar year 2006 are urged to respond to this solicitation.

All program facilities shall be appropriately equipped to provide services for male or female youth as required by the Department, and be located in one of the five boroughs. The term of the contracts awarded from this solicitation will be for three years and will include an additional three-year option to renew. The anticipated maximum average annual funding available for each contract will be $1,067,000, excluding start-up costs. Proposed start-up costs will be considered in addition to the proposed annual line item budget. Greater consideration will be given to applicants offering more competitive prices.

If your organization is interested in being considered for award of the subject contract, please hand deliver a written expression of interest addressed to my attention at 365 Broadway, 5th Floor, New York, NY 10013. The expression of interest should specifically address the following:
1. Indicate each program facility for which the vendor is submitting.

2. Describe each proposed facility, its location, and proposed date of operation.

3. Attach appropriate documentation demonstrating the current use of each proposed facility and the vendor's site control of the facility for a period of at least 3 years.

4. For each proposed facility,
a) Indicate the number of beds to be provided and demonstrate that the facility has the capacity to provide the indicated number of beds.
b) Demonstrate that the facility will be appropriately equipped to provide services for male or female youth.

5. Demonstrate the vendor's organizational capability to:
a) Provide the indicated number of beds at each proposed facility. (If the vendor is a current provider, also demonstrate the capability to provide the indicated number of beds in addition to those already provided.)
b) Ensure that each proposed facility will be fully operational by required date in accordance with the applicable regulations promulgated by the New York State Office of Children and Family Services (NYS OCFS), 9 N.Y.C.R.R. Section 180 et seq.

6. Demonstrate the quantity and quality of the vendor's successful relevant experience.

7. Attach for each proposed facility three-year annual line item operating budget. Include staffing details. Proposed start up costs should be included in addition to the proposed three-year annual line item operating budget.

All expressions of interest received in the manner set forth will be reviewed to determine if they are responsive to the material requirements of this solicitation. Expressions of interest determined to be non-responsive will not be further considered. Expressions of interest determined to be responsive will be considered in terms of the following factors:

- Appropriateness of each proposed facility.
- Demonstrated site control of each proposed facility.
- Demonstrated level of organizational capability to provide the proposed number of beds and to ensure that each proposed facility if fully operational by the applicable requisite date.
- Demonstrated quantity and quality of successful relevant experience.
- Annual budget amount and cost effectiveness of the budget.

The Department will enter into negotiations with the vendor(s) determined to be the best qualified at the time of evaluation, based on consideration of the above-cited factors. A contract will be awarded to the responsible vendor(s) whose offer(s) is/are determined to be the most advantageous to the City, taking into consideration the price and the other factors set forth in this solicitation. In the case that a vendor is eligible for award of more than one program facility, the Department reserves the right, based upon the vendor's demonstrated organizational capability and the best interest of the City, respectively, to determine how many and for which program facility(ies) the vendor will be awarded a contract.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/ blueprints; other information; and for opening and reading of bids at date and time specified above.

WATER BOARD

■ NOTICE

PUBLIC NOTICE IS HEREBY GIVEN that the New York City Water Board (the "Board") is considering additions and revisions to its Regulation No. 1, which would expand and modify the "Reimbursable Metering Program" currently in effect.

NEW YORK CITY WATER BOARD REGULATION NO. 1 SUMMARY OF PROPOSED CHANGES

The Reimbursable Metering Program ("RMP") allows owners of unmetered properties with outdated or malfunctioning water meters the opportunity to have meters installed/ replaced by licensed master plumbers of their own choosing, and to receive reimbursement from the Board. Reimbursement is in the form of a credit to the property's water/wastewater account which can be applied against current or future bills or may be refunded to those customers who are eligible and so request. The credit is equal to the scheduled amount or the actual amount paid to a plumber for each type and size meter installed or replaced, whichever is less. The proposed changes include the following:

1. Increases in the scheduled reimbursement amounts for several of the meter sizes and types which have not been changed since 1999;
2. Addition of scheduled reimbursement amounts for several new categories and/or sizes of meter repairs, replacements and installations;
3. Requirement that the applicant submit the reimbursement documentation within 30 calendar days of completion of the meter work;
4. Requirement that an owner application/certification form be submitted with the meter permit application;
5. Conforming changes to reflect proposed amendments to RCNY §20, primarily the extension of the permit return deadline to five business days;
6. Proposal that minor changes in RMP guidelines and reimbursement amounts in the future may be effected by Board resolution rather than formal rule change;
7. Minor updates and editorial changes to the RMP booklet.

Specific details, including the rules, guidelines, forms, and reimbursement schedule are provided in DEP's "Reimbursable Metering Program" booklet. Copies of the booklet with the proposed changes can be downloaded from http://nyc.gov/html/dep/html/propmgmt.html or by contacting James Gallagher, New York City Department of Environmental Protection, Metering/Conservation Unit, 96-05 Horace Harding Expressway, 1st Floor, Flushing, NY 11368-5107, (718) 595-4701 or jgallagher@dep.nyc.gov.

Members of the public who wish to comment on the proposed changes to the Water Board may do so in writing to Kevin Kunkle, New York City Water Board, 59-17 Junction Blvd., 8th Floor, Flushing, NY 11368-5107, (718) 595-3601 or kkunkle@dep.nyc.gov Deadline for the submission of comments is June 11, 2007. Following the period allowed for public comment, a proposal concerning the changes will be submitted to the New York City Water Board for consideration at a Special Meeting in June 2007.

READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council**, 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists--free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

PROCUREMENT POLICY BOARD RULES

The Rules may also be accessed on the City Website, http://NYC.GOV.Selltonyc

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

Chapter 5
Special Downtown Jamaica District

115-00
GENERAL PURPOSES

The "Special Downtown Jamaica District" established in this Resolution is designed to promote and protect the public health, safety and general welfare of the Downtown Jamaica community. These general goals include, among others, the following specific purposes, to:

(a) strengthen the business core of Downtown Jamaica by improving the working and living environments;

(b) foster development in Downtown Jamaica and provide direction and incentives for further growth where appropriate;

(c) expand the retail, entertainment and commercial character of the area around the transit center and to enhance the area's role as a major transportation hub in the City;

(d) provide transitions between the downtown commercial core, the lower-scale residential communities and the transportation hub;

(e) improve the quality of new development in Downtown Jamaica by requiring the provision of specified public amenities in appropriate locations;

(f) encourage the design of new development that is in character with the area;

(g) enhance the pedestrian environment by relieving sidewalk congestion and providing pedestrian amenities; and

(h) promote the most desirable use of land and thus conserve and enhance the value of land and buildings, and thereby protect the City's tax revenues.

115-01
General Provisions

In harmony with the general purposes and content of this Resolution and the general purposes of the #Special Downtown Jamaica District#, the regulations of the #Special Downtown Jamaica District# shall apply to all #developments#, #enlargements#, alterations and changes of #use# within the #Special Downtown Jamaica District#, except as otherwise provided in this Chapter. The regulations of all other Chapters of this Resolution are applicable except as modified, supplemented or superseded by the provisions of this Chapter. In the event of a conflict between the provisions of this Chapter and other regulations of this Resolution, the provisions of this Chapter shall control.

Any special permit granted by the City Planning Commission before (the effective date of this amendment), may be started or continued, in accordance with the terms thereof, or as such terms may be subsequently modified, pursuant to the regulations in effect at the time such special permit was granted, subject to the provisions of Sections 11-42 (Lapse of Authorization or Special Permit Granted by the City Planning Commission Pursuant to the 1961 Zoning Resolution) and 11-43 (Renewal of Authorization or Special Permit).

115-02
District Plan and Maps

The regulations of this Chapter implement the #Special Downtown Jamaica District# Plan.

The District Plan includes the following maps in the Appendix to this Chapter:

Map 1	Special Downtown Jamaica District
Map 2	Ground Floor Use and Transparency and Curb Cut Restrictions
Map 3	Street Wall Location
Map 4	Street Wall Height
Map 5	Maximum Building Height
Map 6	Sidewalk Widening

The maps are hereby incorporated and made part of this Resolution for the purpose of specifying locations where the special regulations and requirements set forth in the text of this Chapter apply.

115-10
SPECIAL USE REGULATIONS

In the #Special Downtown Jamaica District#, the #use# regulations of the underlying district shall apply except as modified in this Section. The #use# regulations of the underlying C4-5X, C6 and M1-4 Districts relating to #public parking garages# are modified in Section 115-11 (Public Parking Garages). The #use# regulations of the underlying C6-4 District relating to Use Group 11B, are modified in Section 115-12 (Use Group 11B in C6-4 Districts). Special ground floor #use# and transparency regulations shall apply in the C4-5X and C6 Districts pursuant to Sections 115-13 (Ground Floor Use, Frontage and Major Building Entrance Regulations in C4-5X and C6 Districts) and 115-14 (Transparency Requirement in C4-5X and C6 Districts). The #use# regulations of the underlying M1-4 District, including Use Groups 3, 4, 6, 10, 16, 17 and 18, are modified as specified in Section 115-15(Modification of Use Regulations in M1-4 Districts).

115-11
Public Parking Garages

In the #Special Downtown Jamaica District#, the #use# regulations of the underlying C4-5X, C6-2, C6-3, C6-4 and M1-4 Districts shall be modified to permit #public parking garages# with a capacity of 150 spaces or less, as-of-right, subject to the provisions set forth for #accessory# off-street parking spaces in Sections 36-53 (Location of Access to the Street), 36-55 (Surfacing) and 36-56 (Screening). #Public parking garages# may be open or enclosed, provided that no portion of such #use# shall be located on a roof other than a roof which is immediately above a #cellar# or #basement#, except as provided by the special permit provisions of Section 74-52 (Parking Garages or Public Parking Lots in High Density Central Areas).

115-12
Use Group 11B in C6-4 Districts

In C6-4 Districts, the provisions of Section 32-20 (Use Group 11), paragraph B. (Wholesale or Similar Establishments), shall be modified to allow wholesale establishments with no limitation on #accessory# storage.

115-13
Ground Floor Use, Frontage and Major Building Entrance Regulations in C4-5X and C6 Districts

On designated #streets#, as shown on Map 2 (Ground Floor Use and Transparency and Curb Cut Restrictions) in the Appendix to this Chapter, the special ground floor #use#, frontage and major building entrance regulations of this Section shall apply to any #building or other structure# fronting on such #streets#.

#Uses# located on the ground floor level or within five feet of the level of the adjoining sidewalk, and within 30 feet of the #street line#, shall be limited to #community facility uses# without sleeping accommodations, as listed in Section 115-15 (Modification of Use Regulations in M1-4 Districts), and #uses# listed in Use Groups 5, 6A, 6B, 6C, 6D, 7A, 7B, 8A, 8B, 8D, 9, 10, 11, 12A, 12B and 12C. A building's #street# frontage shall be allocated exclusively to such #uses#, except for lobby space, entryways or entrances to subway stations.

In no event shall the length of #street# frontage occupied by lobby space, entrance space and/or a building entrance recess exceed, in total, 30 feet or 50 percent of the building's total #street# frontage, whichever is less.

Any #development# or any #enlarged# portion of a #building# located on a #zoning lot# with frontage on such designated #street# shall provide a major building entrance onto such #street#. However, #developments# or #enlargements# on #zoning lots# with frontage on more than one designated #street#, may provide a major building entrance on only one designated #street#.

115-14
Transparency Requirement in C4-5X and C6 Districts

For any #development#, or for the #enlarged# portion of a #building#, on designated #streets# as shown on Map 2 (Ground Floor Use and Transparency and Curb Cut Restrictions) in the Appendix to this Chapter, each ground floor #street wall# shall be glazed with transparent materials which may include #show windows#, glazed transoms or glazed portions of doors. Such glazed area shall occupy at least 50 percent of the area of each such ground floor #street wall# measured to a height of 10 feet above the level of the adjoining sidewalk.

115-15
Modification of Use Regulations in M1-4 Districts

The #use# regulations of the underlying M1-4 District shall apply, except as modified as follows:

Use Groups 3A and 4A

The following #community facility uses# as listed in Sections 22-13 (Use Group 3) and 22-14 (Use Group 4) shall be permitted as-of-right provided that such #uses# are without sleeping accommodations:

From Use Group 3A:

College or universities, including professional schools but excluding business colleges or trade schools
Libraries, museums or non-commercial art galleries, without limitation

#Schools#;

From Use Group 4A:
