■ NOTICE

Notice of Opportunity to Comment on Proposed Amendment to Rules Relating to the Filing of Income and Expense Statements

NOTICE IS HEREBY GIVEN PURSUANT TO THE AUTHORITY VESTED IN the Commissioner of Finance by sections 389(b) and 1043 of the New York City Charter and section 11-208.1(g) of the Administrative Code of the City of New York, and in accordance with the requirements of section 1043 of the New York City Charter, that the New York City Department of Finance intends to adopt the following proposed Amendment to Rules Relating to the Filing of Income and Expense Statements which is necessary to carry out the powers and duties delegated to the Commissioner of Finance by section 11-208.1 of the Administrative Code of the City of New York.

Written comments regarding this proposed rule amendment must be submitted to the office of Dara Jaffee, Special Counsel to the Commissioner, One Centre Street, Room 500, New York, New York 10007 on or before September 13, 2004. Comments may be submitted electronically to Jaffeed@Finance.nyc.gov.

A hearing for public comment shall be held on September 13, 2004 at 345 Adams Street, 3rd Floor, Brooklyn, New York at 10:30 A.M. Persons seeking to testify are requested to notify Joan Best at (718) 403-3669 at least three business days prior to the date scheduled for the hearing. Persons who request that a sign language interpreter or other form of reasonable accommodation for a disability be provided at the hearing are asked to notify the above named person at the foregoing address no later than two weeks prior to the hearing.

Written comments and an audio tape recording of oral comments received at the hearing will be available for public review within a reasonable time after receipt, by appointment between the hours of 9:00 A.M. and 5:00 P.M. on weekdays at the office of Robert Dauman, Office of Legal Affairs, 345 Adams Street, 3rd Floor, Brooklyn, New York 11201, telephone number (718) 403-3600.

Note: New matter underscored; old matter in brackets [] to be deleted.

Section 1. Subparagraph (i) of paragraph (2) of subdivision (b) of section 33-01 of 19 RCNY Chapter 33 (Rules Relating to the Filing of Income and Expense Statements) is amended to read as follows:

(2) The following properties are not considered income-producing property for the purpose of these regulations and owners of such properties may, but are not required to, file income and expense statements pursuant to § 11-208.1 of the Administrative Code:
(i) property with a final actual assessed valuation of [$80,000] $40,000 or less;

BASIS AND PURPOSE OF PROPOSED AMENDMENT

In order to improve the accuracy and fairness of the real property assessment process, Administrative Code §11-208.1 requires owners of income-producing properties to file with the Department of Finance annual income and expense statements relating to such properties. Presently, the Rules Relating to the Filing of Income and Expense Statements state that no filing is required for properties with an assessed valuation of $80,000 or less.

The Administrative Code provides which properties are excepted from the filing requirement. The exceptions include any property with an annual assessed valuation no greater than $40,000. Despite this description in the law, in 1998, the Department of Finance amended its rules to except all properties with an annual assessed valuation no greater than $80,000. The intent was to be consistent with laws that had recently increased from $40,000 to $80,000 the ceiling assessed valuation for determining which class one and two properties could pay real property taxes quarterly and are provided a grace period for payment. Finance believes that it is beneficial for more property owners to provide information about their properties for Finance to use in determining the value of their property for real property tax purposes. As a result, we are now amending our rule to conform to the statutory threshold of $40,000. By having more owners complete this annual filing, Finance will have better and more complete data and, as a result, will be able to value properties more accurately for a larger group of income producing properties in the City.

Martha E. Stark
Commissioner of Finance

■ NOTICE

Notice of Opportunity to Comment on Proposed Rules regarding access to equipment during construction, clearance around electrical equipment and overhead clearance.

NOTICE IS HEREBY GIVEN PURSUANT TO THE AUTHORITY VESTED IN THE Commissioner of Transportation by section 2903(b) of the New York City Charter, and in accordance with section 1043 of the Charter, that the Department of Transportation proposes to amend subparagraph (ii) of paragraph (8), paragraph (9) and paragraph (16) of subdivision (d) of section 2-05 of Chapter 2 of Title 34 of the Official Compilation of the Rules of the City of New York, the Highway Rules. Matter underlined is new; matter [in brackets] is deleted. These rules were included in the agency's regulatory agenda.

Written comments regarding the proposed rules may be sent to Mr. Steven Galgano, Executive Director - Engineering, Department of Transportation, Division of Traffic Operations, 34-02 Queens Blvd, Long Island City, NY 11101 on or before September 13, 2004. A public hearing shall be held on September 13, 2004 at 40 Worth St, Rm. 1015, New York, N.Y. 10013 at 10:30 a.m. Persons seeking to testify are requested to notify Mr. Galgano at the address stated above. Persons who need a sign language interpreter or other accommodation for a disability at the hearing are asked to notify Mr. Galgano at the foregoing address by September 6, 2004. Persons interested in receiving comments may request them by writing to: Department of Transportation, Record Access Office, 40 Worth Street, New York, N.Y. 10013. Iris Weinshall, Commissioner.

Section 1. Subparagraph (ii) of paragraph (8) of subdivision (d) of section 2-05 of Title 34 of the Rules of the City of New York is amended to read as follows:

(8) Construction material or equipment shall not be stored or placed within:

(ii) [one foot of lamp posts] three feet of any city-owned electrical systems equipment including, but not limited to, signal and lamp posts, ITS systems, cameras, panel and/or junction boxes, provided that access to the [door in the base of the post] equipment is maintained at all times;

§2. Paragraph (9) of subdivision (d) of section 2-05 of Title 34 of the Rules of the City of New York is amended to read as follows:

(9) Permittees shall comply with all rules or permit conditions relating to interference with access to subway facilities, fire alarms, [traffic signals,] street signs, parking meters, emergency telephones, water main valves, [and] utility facilities and any city-owned electrical equipment including, but not limited to, cameras, ITS, street light and signal poles, panel and/or junction boxes.

§3. Paragraph (16) of subdivision (d) of section 2-05 of Title 34 of the Rules of the City of New York is amended to read as follows:

(16) All equipment hoses, cables, or wires carried overhead across the sidewalk shall have [eight] fourteen (14) feet minimum clearance.

STATEMENT OF BASIS AND PURPOSE OF PROPOSED RULE

The Commissioner of the Department of Transportation is authorized to regulate work taking place on City streets and sidewalks pursuant to section 2903 of the New York City Charter and Title 19 of the New York City Administrative Code.

Section 2-05 of Title 34 of the Official Compilation of the Rules of the City of New York regulates the placement of construction material, by private contractors, on areas under the jurisdiction of the Department.

Subparagraph (ii) of paragraph (8) and paragraph (9) of subdivision (d) of section 2-05 are being amended to include additional city-owned electrical equipment in this rule and expand the access areas to it during construction. Paragraph (16) of subdivision (d) of section 2-05 is being amended to provide a safer passage for pedestrian traffic on the sidewalk.

Name, Description and Location of Proposal:

BJ's Bruckner Boulevard (900 Brush Avenue, Bronx)

The applicant, Related Retail Bruckner, LLC, is seeking the following actions in connection with the development of a 431,653 square foot site in the Brush Avenue Industrial Area of the Throgs Neck section of Bronx Community District 10:

- An amendment to the City Zoning Map to change an R4/C2-1 district to an M1-2 zoning district;
- A special permit pursuant to Zoning Resolution (ZR) Section 74-922 to allow large retail establishments in an M1-1 district;
- An amendment to the City Zoning Map to change an M1-1 district to an R4 zoning district;
- An amendment to the City Zoning Map to change an M1-2 district to an R4 zoning district; and
- An amendment to the City Zoning Map to change an R4/C2-1 district to an R4 zoning district.

The proposed special permit and M1-2 zoning change would facilitate a proposal by the applicant to construct an approximately 129,757 square foot retail store, currently planned as a BJ's Wholesale Club, and 500 accessory parking spaces on a site located at 900 Brush Avenue (Block 5542, Lots 41, 70, 130, 149, 151). The project site is currently developed with a 42,500 square foot warehouse building that is used for the storage of paper products; an automotive storage for an auto dealership; and parking for contractor's vehicles and school buses. The site also contains a vacant 3,100 square foot restaurant building and a paved parking lot, formerly associated with the restaurant building; the parking lot is now used by the United States Postal Service to store mail delivery trucks. As part of the proposed project, the existing buildings would be demolished. It is expected that construction would be completed in 2006.

The applicant also seeks to correct certain technical errors in the zoning map on a portion of Block 5542, Lot 1 which is adjacent to the project site and which is not proposed to be developed as a result of these actions. The proposed rezoning of a portion of Lot 1 from M1-1, M1-2 and R4/C2-1 districts to an R4 district would correct an inadvertent condition resulting from a 1972 rezoning of the block, whereby Lot 1 was mapped with four different zoning districts. Lot 1 is owned by the Archdiocese on New York and contains the campus of Monsignor Scanlon High School, a parochial high school. The high school is a non-conforming use in the M1-1 and M1-2 zoning districts.

The project site is bounded on the north by Bruckner Boulevard, the service road for the Bruckner Expressway, by the service road for the Hutchinson River Parkway on the east, Brush Avenue to the west, and on the south by Monsignor Scanlon High School.

Statement of No Significant Effect Upon Modification:

The Environmental Assessment and Review Division of the Department of City Planning, on behalf of the City Planning Commission, has completed its technical review of the Environmental Assessment Statement dated August 5, 2004, prepared in connection with the ULURP Application (000189 ZMX and 040123 ZSX). The City Planning Commission has determined that the proposed action will have no significant effect on the quality of the environment, once it is modified as follows:

1. The applicant agrees via a restrictive declaration to prepare a hazardous materials sampling protocol including a health and safety plan, which would be submitted to the Department of Environmental Protection (DEP) for approval. The applicant agrees to test and identify any potential hazardous material impact pursuant to the approved sampling protocol and, if any such impact is found, submit a hazardous material remediation plan including a health and safety plan to DEP for approval. If necessary, remediation measures would be undertaken pursuant to the remediation plan.

   The restrictive declaration also restricts the manner in which the property may be developed or redeveloped, by requiring the sampling protocol and remediation measures to serve as a condition precedent to any change of use in any such development or redevelopment of the property.

2. The applicant agrees to contact the New York City Department of Transportation (DOT) within six months after the completion of the project and to inform them of the need to implement signal timing, parking regulations, restriping and geometric modifications at the following three intersections:

Bruckner Boulevard and Brush Avenue

Saturday Midday: Add a 13 second east-west exclusive left-turn phase. Transfer 2 seconds from the east-west phase to the north-south phase.

Weekday Midday: Add a 13 second east-west exclusive left-turn phase. Transfer 6 seconds from the east-west phase to the north-south phase.

Weekday PM: Add a 13 second east-west exclusive left-turn phase. Transfer 3 seconds from the north-south phase to the east-west phase.

Restripe northbound Brush Avenue south of Bruckner Boulevard to accommodate two left-turn lanes and a shared through and right lane and add a no-standing regulation on southbound Brush Avenue for 150 feet south of the intersection.

Change the lane designation on southbound Brush Avenue north of Bruckner Boulevard to one left-turn lane, one through lane and one right-turn lane, and add a no-standing regulation on the southbound approach for 100 feet north of Bruckner Boulevard.

Restripe both eastbound and westbound Bruckner Boulevard to create one left-turn bay, two through lanes and one shared through and right lane. One westbound Bruckner Boulevard east of Brush, this would require the widening of the roadway to accommodate the left-turn bay. Restripe eastbound Bruckner Boulevard east of Brush Avenue to create three receiving lanes with merge right arrows and channelization adjacent the left most lane

Bruckner Boulevard North / South and Zerega Avenue

Weekday Midday: Transfer 2 seconds from the east-west phase to the north-south phase.

Weekday PM: Transfer 1 second from the east-west phase to the north-south phase.

Bruckner Boulevard North/South and East Tremont Avenue

Saturday Midday: Transfer one second from the north-south permitted phase to the north-south protected phase.

Weekday PM: Prohibit parking on Bruckner Boulevard South within 100 feet of the intersection the eastbound approach.

Change lane designations at the northbound approach at Bruckner Boulevard North and the south- bound approach at Bruckner Boulevard South to one left turn only and one through-only lane.

Supporting Statement:

The above determination is based on an environmental assessment which finds that:

1. A Phase I Environmental Site Assessment (ESA) and a limited Phase II ESA, available in the proposal's CEQR file, was prepared in March and April 2003 for the project site. The Phase I ESA and limited Phase II ESA was reviewed by DEP's Office of Environmental Planning and Assessment, and a restrictive declaration was recommended, as stated in a memo by DEP, on January 21, 2004, due to the potential presence of hazardous materials on the site as a result of past and present on-site land uses. The declaration requires that detailed Phase II testing would occur and is binding upon the property's successors and assigns. The declaration serves as a mechanism to assure the potential for hazardous material contamination that may exist in the sub-surface soils, groundwater, and existing buildings on the project site would be characterized prior to any site disturbance (i.e., site grading, excavation, demolition, or building construction).

   On July 24, 2004, the restrictive declaration was signed, recorded and executed. In a July 28, 2004 letter sent to City Planning, DEP agreed to the conditions of the restrictive declaration. With the implementation of the condition described above, no significant adverse impact related to hazardous materials would occur.

2. The proposed project has the potential to create significant adverse traffic impacts at the intersections of Bruckner Boulevard and Brush Avenue during the Saturday midday, weekday midday and weekday PM peak periods; Bruckner Boulevard North/South and Zerega Avenue during the weekday midday and weekday PM peak periods; and Bruckner Boulevard North/South and Tremont Avenue during the Saturday midday and weekday PM peak periods.

   The DOT has completed its review of the traffic section of the Environmental Assessment Statement for this project. As per their letter dated July 29, 2004, which is included in the project's CEQR file, the DOT has stated that the proposed mitigation measures appear reasonable and appropriate. After being contacted by the applicant, following the completion of the project, DOT will investigate the feasability of implementing the mitigation measures. With the implementation of the mitigation measures, significant adverse impacts would not occur.

3. No other significant adverse effects on the environment which would require an Environmental Impact Statement are foreseeable.

It is fully agreed and understood that if the foregoing conditions, modification, and alterations are not fully incorporated into the proposed action, this Conditional Negative Declaration shall become null and void. In such event, the applicant shall be required to prepare a Draft Environmental Impact Statement before preceding further with said proposal.

This Conditional Negative Declaration has been prepared in accordance with Article 8 of the Environmental Conservation Law 6NYCRR part 617.

Should you have any questions pertaining to this Conditional Negative Declaration, you may contact Katherine Bucke at (212) 720-3493.

Name, Description and Location of Proposal: 400 Park Avenue South

The proposal involves an application by 400 Park Avenue South, LLC, for the following actions in connection with the "400 Park Avenue South" development:

- An amendment to the City Zoning Map to rezone the block bounded by Park Avenue South, Madison Avenue, E. 28th Street and E. 27th Street (Block 857, Lots 24, 38, 40 and 46) from C5-2 and C6-4A districts to a C5-3 zoning district;
- A text amendment to Zoning Resolution (ZR) Section 74-721(a) to permit modifications of yard and court regulations and minimum distance between building and between legally required window to a wall or lot line in C5-3, C6-6 and C6-7 zoning districts; and
- A special permit pursuant to the above amendment to ZR Section 74-721(a) for wavers of height, setback, courtyard, and minimum distance between building requirements.

The proposed actions would facilitate a proposal by the applicant to construct a 456,000 gross-square foot, 39 story, building containing approximately 342 dwelling units and 15,188 square feet of commercial space, on a site ("the project site") located at 400 Park Avenue South, in the Park Avenue South neighborhood of Manhattan, Community District 5. The project site contains 73,591 square feet of lot area and is located in C6-4A and C5-2 zoning districts and is adjacent to the Madison Square North Historic District; adjacent the New York Life Building which is a National Historic Landmark and New York City Landmark; and above the 28th Street IRT subway station, which is eligible for listing on the State and National Register of Historic Places. The project site is currently occupied by an 8-story predominantly vacant building (Lot 46); a 90-space public surface parking lot (Lot 40); and a 15-story office building (Lot 24). The proposed 400 Park Avenue South building development would be constructed on the portion of the site currently occupied by the parking lot and 8 story vacant building, which would be demolished; the 15 story office building would remain and its unused development rights would be incorporated into the proposed building. Construction of the building is expected to be completed by 2006. The existing 20 story office building located on Lot 38 would not be developed as a result of the proposed action.

The proposed zoning actions are needed to facilitate the proposed building for several reasons. The proposed rezoning from C5-2 and C6-4A districts to a C5-3 district would increase the permitted Floor Area Ratio (FAR) from 12 to 15. The text amendment to Section 74-721(a) of the ZR would add to the type of modifications that can be granted under this subsection. This subsection currently allows the modification of height and setback regulations, including tower coverage regulations, for medium and high density zoning districts. The proposed text amendment would permit modifications of yard and court regulations and minimum distance between buildings on a single zoning lot and between legally required windows to a wall or lot line in C5-3 zoning districts. The special permit pursuant to the amended ZR Section 74-721(a) would allow height, setback, court (including distance between windows and wall or lot line), and minimum distance between buildings wavers. The requested modifications are necessary to permit construction of the proposed building, as designed by architect Christian De Portzamparc.

It should be noted that the text amendment to ZR Section 74-721(a) would apply to C5-3, C6-6 and C6-7 zoning districts, which have a FAR of 15. In most locations where the 15 FAR districts are mapped (midtown and lower Manhattan), the special permit is made inapplicable by the Special Midtown and Special Lower Manhattan zoning districts which prohibit the use of the special permit. There are only three existing C5-3 districts where the special permit would apply: four blocks located along Park Avenue South and Madison Avenue from East 23rd Street to East 27th Street; along Park Avenue South between East 32th Street to the midblock between East 34th and East 35th Streets from 100 feet west of Park Avenue to 200 feet east of Avenue; and in a three block area in the Court Square Subdistrict of the Special Long Island City Zoning District in Long Island City, Queens. The two C5-3 districts in Manhattan are already substantially developed and do not contain lots that are large enough to make use of the special permit. In Long Island City, the northern most block of the three block area could potentially be developed pursuant to the special permit. However, the owner of the block, Citigroup, has recently proposed a commercial development for the site which would make the special permit inapplicable.

Statement of No Significant Effect:
The Environmental Assessment and Review Division of the Department of City Planning, on behalf of the City Planning Commission, has completed its technical review of the Environmental Assessment Statement dated August 5, 2004, prepared in connection with the ULURP Application (040495 ZSM, 040496 ZMM, 040497 ZRY). The City Planning Commission has determined that the proposed action will have no significant effect on the quality of the environment.

Supporting Statements:

The above determination is based on an environmental assessment which finds that:

1. A Phase I Environmental Site Assessment (ESA) was prepared in March 2002 for the properties under the control of the applicant located at 400 Park Avenue South (Block 857, Lots 40 and 46). The Phase I ESA was reviewed by DEP's Office of Environmental Planning and Assessment, and a restrictive declaration was recommended, as stated in a memo by DEP, on June 21, 2004, due to the potential presence of hazardous material on the site as a result of past and present land uses at the applicant's site and on adjacent sites. The declaration requires the Phase II testing would occur and is binding upon the property's successors and assigns. The declaration serves as a mechanism to assure the potential for hazardous material contamination that may exist in the sub-surface soils and groundwater on the applicant's sites would be characterized prior to any site disturbance (i.e., site grading, excavation, demolition, or building construction).

   A restrictive declaration has been prepared and executed which requires the preparation of a hazardous materials sampling protocol including a health and safety plan, which would be submitted to the Department of Environmental Protection (DEP) for approval. The declaration establishes an agreement to test and identify any potential hazardous material impacts pursuant to the approved sampling protocol and, if any such impact is found, submit a hazardous material remediation plan including a health and safety plan to DEP for approval. If necessary, remediation measures would be undertaken pursuant to the remediation plan.

   The restrictive declaration also restricts the manner in which the property may be developed or redeveloped, by requiring the sampling protocol and remediation measures to serve as a condition precedent to any change of use in any such development or redevelopment of the property.

   These measures would ensure that no significant adverse impact related to hazardous material would occur.

2. The proposed action would not result in significant adverse noise impacts. As indicated on the site plan that is part of the proposal's ULURP application (ULURP No. 040496 ZMM), the proposed project would include double-glazed windows with good sealing properties and central air conditioning in order to maintain interior noise levels of 45 dBA for all facades of the building.

3. No other significant adverse effects on the environment which would require an Environmental Impact Statement are foreseeable.

This Negative Declaration has been prepared in accordance with Article 8 of the Environmental Conservation Law 6NYCRR part 617.

READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS OFFICAL NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council,** 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists--free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR.*

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contracts at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

CITY COUNCIL

■ PUBLIC HEARINGS

NOTICE IS HEREBY GIVEN THAT the matter below was submitted to the Council on August 12, 2004 and pursuant to Section 363-c of the Charter, a public hearing shall be scheduled within ninety days.

Proposed authorizing resolution submitted by the Mayor pursuant to Section 363 of the Charter for the granting of franchises for installation of telecommunications equipment and facilities on, over and under the inalienable property of the City in connection with the provision of telecommunications services.

WHEREAS, by Executive Order 25, dated August 23, 1995, the Mayor has designated the Department of Information Technology and Telecommunications as the responsible agency for the granting of telecommunications franchises; and

WHEREAS, pursuant to Section 363 of the Charter ("the Charter") of the City of New York ("the City"), the Commissioner of the Department of Information Technology and Telecommunications has made the initial determination of the need for franchises for installation of telecommunications equipment and facilities on, over and under the inalienable property of the City in connection with the provision of mobile telecommunications services, and has prepared a proposed authorizing resolution for the granting of such franchises; and

WHEREAS, the Mayor has submitted to the Council a proposed authorizing resolution for the granting of such franchises pursuant to Section 363 of the Charter; and

WHEREAS, the Council has determined that it is appropriate to authorize the granting of such franchises as described hereinafter ;

The Council hereby resolves that:

The Council authorizes the Department of Information Technology and Telecommunications to grant non-exclusive franchises for the installation of telecommunications equipment and facilities on, over and under the inalienable property of the City to be used in providing mobile telecommunications services in the City of New York.

For purposes of this resolution, "inalienable property of the City" shall mean the property designated as inalienable in Section 383 of the Charter.

For purposes of this resolution, "mobile telecommunications services" shall mean any "mobile service", as defined in Section 153 of Title 47 of the United States Code, and other voice and/or data communications or information services employing electromagnetic waves propagated through space to serve portable sending and/or receiving equipment.

The public services to be provided under such franchises shall be mobile telecommunications services.

The authorization to grant franchises pursuant to this resolution shall expire on the fifth anniversary of the date on which this resolution is adopted by the Council (the "Expiration Date"). No franchises shall be approved pursuant to this resolution by the Department of Information Technology and Telecommunications, the Franchise and Concession Review Committee, or the Mayor pursuant to this resolution after the Expiration Date.

Prior to the grant of any such franchise, a Request For Proposals ("RFP") or other solicitation shall be issued by the Department of Information Technology and Telecommunications. Prior to issuing any such RFP or other solicitation, all necessary environmental and land use review shall be conducted in accordance with City Environmental Quality Review ("CEQR") and Section 197-c of the Charter. The criteria to be used by the Department of Information Technology and Telecommunications to evaluate responses to such RFPs or other solicitation shall include, but not be limited to, the following to the extent permitted by law:

(1) the adequacy of the proposed compensation (which may include monetary and/or in-kind compensation, as provided in the applicable RFP or other solicitation) to be paid to the City for the use of City property;

(2) the ability of the respondent(s) to maintain the property of the City in good condition throughout the term of the franchise;

(3) the consistency of the response(s) to the City's management of local rights-of-way activities, plans and goals.

In no event, however, shall the Department of Information Technology and Telecommunications include any criteria in any such RFP or other solicitation which the City would be preempted, pursuant to federal law, from thus including; and in no event shall the Department of Information Technology and Telecommunications apply any criteria to be included in any such RFP or other solicitation in a manner which the City would be preempted, pursuant to federal law, from thus applying.

Any franchise granted pursuant to this authorizing resolution shall be by written agreement which shall include, but not be limited to, the following terms and conditions to the extent permitted by law (provided, however, that no term or condition, whether or not listed hereafter, shall be included in a written franchise agreement if the City is preempted, by federal law, from including such a term or condition in such agreement, and provided that no term or condition, whether or not listed hereafter, shall be included in a written franchise agreement in a form or manner which the City is preempted by federal law from using with respect to such agreement):

(1) the term of the franchise, including options to renew if any, shall not exceed fifteen (15) years;

(2) the compensation to be paid to the City shall be adequate and may include monetary or in-kind compensation or both;

(3) the franchise may be terminated or cancelled in the event of the franchisee's failure to comply with the material terms and conditions of the agreement;

(4) a security fund shall be established to ensure the performance of the franchisee's obligations under the agreement;

(5) the City shall have the right to inspect the facilities of the franchisee located on the inalienable property of the City and to order the relocation of

such facilities as appropriate at the direction of the applicable agency;

(6) there shall be adequate insurance and indemnification requirements to protect the interests of the public and the City;

(7) there shall be provisions to ensure access by the City to books and records of the franchisee as necessary or appropriate to review and/or enforce compliance with the franchise agreement;

(8) there shall be provisions to ensure quality workmanship and construction methods in the use of the inalienable property;

(9) there shall be provisions containing the agreements required pursuant to paragraph 6 of subdivision (h) of Section 363 of the Charter relating to collective bargaining and other matters;

(10) there shall be provisions requiring the franchisee to comply with City laws, regulations and policies related to, but not limited to, employment, purchasing and investigations;

(11) there shall be provisions to restrict the assignment or other transfer of the franchise without the prior written consent of the City and provisions to restrict changes in control of the franchisee without the prior written consent of the City;

(12) there shall be remedies to protect the City's interest in the event of the franchisee's failure to comply with the terms and conditions of the agreement;

(13) all franchisees shall be subject to review under the City's Vendor Information Exchange System ("VENDEX");

(14) franchisees shall be required to hold any applicable licenses and permits required by the New York State Public Service Commission and the Federal Communications Commission.

(15) there shall be provisions preserving the right of the City to perform public works or public improvements in and around those areas subject to the franchise;

(16) there shall be provisions requiring the franchisee to protect the property of the City, and the delivery of public services that utilize the property of the City, from damage or interruption of operation resulting from the construction, operation, maintenance, repair or removal of facilities, equipment or other improvements related to the franchise; and

(17) there shall be provisions designed to minimize the extent to which the public use of the streets of the City are disrupted in connection with the construction of improvements relating to the franchise.

The Department of Information Technology and Telecommunications shall file with the Council the following documents:

(1) within fifteen (15) days of issuance, a copy of each RFP or other solicitation issued pursuant to this resolution;

(2) within fifteen (15) days of approval by the Mayor, a copy of the agreement for each franchise granted pursuant to this resolution; and

(3) on or before July 1 of each year, a report detailing the revenues received by the City from each franchise granted pursuant to this resolution during the preceding calendar year.

Project Location

The Gateway Center at Bronx Terminal Market project is located in the West Haven neighborhood of the Bronx on an approximately 26-acre parcel that is bordered by Metro North Rail Road tracks to the north, River Avenue to the east, 149th Street to the south, and the Harlem River to the west.

Brief Project Description

The Gateway Center at Bronx Terminal Market is a proposed redevelopment of a portion of the current Bronx Terminal Market site, along with the Bronx House of Detention. On the eastern side of Exterior Street, the project would include a series of five 1-story retail buildings with an adjacent surface parking lot; two 3-story retail buildings, one with parking on the ground floor; a 6-level parking garage with retail space on Exterior Street and River Avenue; and a hotel with a banquet facility and parking. On the western side of Exterior Street, the project would include a public park and waterfront esplanade totaling approximately 2 acres, and a 2-story retail building with parking on the ground floor. In total, the project will comprise approximately 2,383,074 gross square feet of new development on the site. The project is expected to be complete and operational in 2009, except for the hotel, which would not be completed until 2014. The project would involve the closing of the Bronx Terminal Market and the Bronx House of Detention.
The project would require a number of discretionary actions, including the disposition of land (a long-term lease); rezoning; modification of the City Map; special permits to modify the site's underlying bulk regulations and parking requirements, to permit a public parking garage in excess of 150 spaces, and to provide relief for signs not otherwise permitted under the Zoning Resolution; and a waterfront authorization. In addition, the project sponsor will seek financing from the New York City Industrial Development Agency (NYCIDA). The project is expected to qualify for inclusion in the Brownfield Cleanup Program of the New York State Department of Environmental Conservation (NYSDEC). The project may require a NYSDEC State Pollution Discharge Elimination System (SPDES) permit for stormwater discharges associated with construction activities. The project may also require a tidal wetlands permit and/or Protection of Waters permit(s) from NYSDEC, as well as a water quality certification, and possibly a permit from the U.S. Army Corps of Engineers (USACOE) for shoreline-related work. The Proposed Project is within the boundaries of the coastal zone and will require a NYSDOS determination of consistency with New York City's Local Waterfront Revitalization Program. The project may also involve a land transfer from the New York State Department of Transportation (NYSDOT) to New York City, and a revocable consent for utility lines underneath Exterior Street.

A public scoping meeting will be held on September 9, 2004 at 6:00 pm at the Bronx Borough President's Office, 198 East 161st Street, 2nd Floor, Bronx, New York. The period for submitting written comments will remain open until September 20, 2004.

Public Scoping Meeting
Date: Thursday, September 9, 2004
Place: Bronx Borough President's Office

PLEASE TAKE FURTHER NOTICE, that pursuant to said Order and to Sections 503 and 504 of the Eminent Domain Procedure Law of the State of New York, each and every person interested in the real property acquired in the above-referenced proceeding and having any claim or demand on account thereof is hereby required, on or before July 28, 2005 (which is one (1) calendar year from the title vesting date), to file a written claim with the Clerk of the Court of Richmond County, and to serve within the same time a copy thereof on the Corporation Counsel of the City of New York, Tax and Bankruptcy Litigation Division, 100 Church Street, New York, New York 10007. Pursuant to EDPL Section 504, the claim shall include:

A. the name and post office address of the condemnee;

B. reasonable identification by reference to the acquisition map, or otherwise, of the property affected by the acquisition, and the condemnee's interest therein;

C. a general statement of the nature and type of damages claimed, including a schedule of fixture items which comprise part or all of the damages claimed; and,

D. if represented by an attorney, the name, address and telephone number of the condemnee's attorney.

Pursuant to EDPL Section 503(C), in the event a claim is made for fixtures or for any interest other than the fee in the real property acquired, a copy of the claim, together with the schedule of fixture items, if applicable, shall also be served upon the fee owner of said real property.

PLEASE TAKE FURTHER NOTICE, that, pursuant to Section 5-310 of the New York City Administrative Code, proof of title shall be submitted to the Corporation Counsel of the City of New York, Tax and Bankruptcy Litigation Division, 100 Church Street, New York, New York 10007 on or before July 28, 2006 (which is two (2) calendar years from the title vesting date).

ACQUISITION AND REDEVELOPMENT OF SEVEN CITY-OWNED INDUSTRIAL SITES LOCATED IN THE BRONX AND BROOKLYN – RFP – DUE 10-07-04 AT 4:00 P.M. – Through this targeted RFP effort, NYCEDC seeks to encourage the development of quality space for industrial firms in New York City and enhance the growth of the City's industrial base. All responses to this RFP must be from an industrial firm (manufacturers or distributors engaged in the production, processing, or distribution of tangible products); or a developer/development entity committed to the development and maintenance of rental space for industrial use.

The specific areas for development are:
- Bathgate Industrial Site - 107,300 SF
- North Zerega Industrial Site - 95,892 SF
- Sunset Park Industrial Site - 71,192 SF
- Brownsville Industrial Site 1 - 17,000 SF
- Brownsville Industrial Site 2 - 10,000 SF
- Brownsville Industrial Site 3 - 20,366 SF
- East NY In-Place Industrial Park Site 23 - 5,000 SF

Any selection by NYCEDC of development teams for the various sites will be based on an evaluation of the proposals submitted, factoring in the economic return to the City, financial feasibility of the proposed projects, and other criteria as noted in the RFP. The RFP is available as of Monday, August 2, 2004.

A pre-submission conference will be held at NYCEDC, 110 William Street, Conference Room 4A/B, New York, NY on Wednesday, September 15 at 9:30 a.m. Interested businesses are strongly encouraged to attend the conference. Please call Delkis Torres at (212) 312-3871 on or before Friday, September 10 to RSVP for the pre-submission conference.

All communications should be directed to Brendan Healey, Senior Project Manger, NYCEDC, at (212) 618-5737 or bhealey@nycedc.com

SALE AND REDEVELOPMENT OF PARKING LOT – Request for Proposals – DUE 10-20-04 AT 4:00 P.M. – approximately 74,500 square foot surface, owned by the City of New York (the City), located between 230th Street and Verveelen Place, east of Broadway, in the Kingsbridge-Riverdale section of The Bronx.

The goal of this Request For Proposals (RFP) is to generate a development that both complements and enhances local neighborhood businesses and improves upon the neighborhood as it relates to urban design. The successful proposal will capitalize on the Kingsbridge-Riverdale area's major retail and commercial center. The redevelopment of the parking lot will augment and be consistent with the existing office and merchant mix and connect retail and office uses

primarily through the 230th Street and Broadway retail corridors.

All questions related to this RFP should be directed via e-mail to k-rRFP@nycedc.com by Friday, September 24, 2004. No questions will be accepted after that date. All questions and answers will be available to all potential respondents by close of business on Friday, October 1, 2004 at www.nycedc.com/k-rRFP.

Detailed submission guidelines and requirements are outlined in the RFP available as of August 9, 2004 from NYCEDC, 110 William Street, 6th Floor, New York, NY 10038. For more information and to request a copy of the RFP. The deadline for submission of proposals is October 20, 2004 at 4:00 p.m. Proposals are to be submitted to Paul J. Tamboia, Agency Chief Contracting Officer, NYCEDC, 110 William Street, 6th Floor, New York, NY 10038.

DEVELOP TRANSITIONAL RESIDENCES FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – Competitive Sealed Proposals – Judgment required in evaluating proposals - PIN# 071-00S-003-262 – DUE 12-30-04 AT 5:00 P.M. – The Department of Homeless Services is soliciting proposals from organizations interested in developing and operating transitional residences for homeless adults and families including the Neighborhood Based Cluster Residence and drop-in centers for adults. This is an open-ended solicitation; there is no due date for submission. Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-forth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the transitional residence contracts will range from 3 to 30 years including renewal options and depending on the financial terms and conditions.

Pursuant to Section 312 (c) (1) (ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgment is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03 (c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences in order to address the need to create additional shelter capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated as a for-profit entity; 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed Standalone facility location(s); and 3) must demonstrate an intent to enter into lease agreements with the owner(s) or management designee(s) for each property.

Any organization that believes it can provide these services may contact: John Iaffaldano, Associate Staff Analyst, Office of Contracts and Procurement at the Department of Homeless Services at (212) 361-8435, 33 Beaver Street, 13th Floor NY, NY 10004, to request a copy of the RFP application, which is available for pick-up Monday through Friday on business days between the hours of 9:00 a.m. to 5:00 p.m.

CITY PLANNING

■ **NOTICE**

2004 CONSOLIDATED PLAN SUBSTANTIAL AMENDMENT AMERICAN DREAM DOWNPAYMENT INITIATIVE

The City of New York announces the public comment period for the substantial amendment to the 2004 Consolidated Plan. New York has received additional federal funds for a new HUD initiative, to be administered as a part of the City's HOME Investment Partnerships (HOME) Program, the American Dream Downpayment Initiative (ADDI).

The public comment period will begin on August 16, 2004 and extend thirty (30) days to September 14, 2004.

As of August 16, 2004, copies of the narrative describing the new ADDI-funded programs can be obtained at the Department of City Planning Bookstore, 22 Reade Street, New York, New York 10007 (Monday - Friday; 10:00 am - 4:00 pm).

Copies of the Initiative will also be available for review at the main public library in each of the five boroughs. Please call (212) 720-3444 for information on the closest library.

Furthermore, the narrative will be available on City Planning's website in Adobe .PDF format at: www.nyc.gov/planning.

Written comments should be sent to: Charles V. Sorrentino, New York City Consolidated Plan Coordinator, Department of City Planning, 22 Reade Street 4N, New York, N.Y. 10007.

COURT NOTICE MAPS FOR STATEN ISLAND BLUEBELT PHASE 2

READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS OFFICAL NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council,** 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists--free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR.*

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contracts at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

CITY COUNCIL

■ PUBLIC HEARINGS

NOTICE IS HEREBY GIVEN THAT the matter below was submitted to the Council on August 12, 2004 and pursuant to Section 363-c of the Charter, a public hearing shall be scheduled within ninety days.

Proposed authorizing resolution submitted by the Mayor pursuant to Section 363 of the Charter for the granting of franchises for installation of telecommunications equipment and facilities on, over and under the inalienable property of the City in connection with the provision of telecommunications services.

WHEREAS, by Executive Order 25, dated August 23, 1995, the Mayor has designated the Department of Information Technology and Telecommunications as the responsible agency for the granting of telecommunications franchises; and

WHEREAS, pursuant to Section 363 of the Charter ("the Charter") of the City of New York ("the City"), the Commissioner of the Department of Information Technology and Telecommunications has made the initial determination of the need for franchises for installation of telecommunications equipment and facilities on, over and under the inalienable property of the City in connection with the provision of mobile telecommunications services, and has prepared a proposed authorizing resolution for the granting of such franchises; and

WHEREAS, the Mayor has submitted to the Council a proposed authorizing resolution for the granting of such franchises pursuant to Section 363 of the Charter; and

WHEREAS, the Council has determined that it is appropriate to authorize the granting of such franchises as described hereinafter ;

The Council hereby resolves that:

The Council authorizes the Department of Information Technology and Telecommunications to grant non-exclusive franchises for the installation of telecommunications equipment and facilities on, over and under the inalienable property of the City to be used in providing mobile telecommunications services in the City of New York.

For purposes of this resolution, "inalienable property of the City" shall mean the property designated as inalienable in Section 383 of the Charter.

For purposes of this resolution, "mobile telecommunications services" shall mean any "mobile service", as defined in Section 153 of Title 47 of the United States Code, and other voice and/or data communications or information services employing electromagnetic waves propagated through space to serve portable sending and/or receiving equipment.

The public services to be provided under such franchises shall be mobile telecommunications services.

The authorization to grant franchises pursuant to this resolution shall expire on the fifth anniversary of the date on which this resolution is adopted by the Council (the "Expiration Date"). No franchises shall be approved pursuant to this resolution by the Department of Information Technology and Telecommunications, the Franchise and Concession Review Committee, or the Mayor pursuant to this resolution after the Expiration Date.

Prior to the grant of any such franchise, a Request For Proposals ("RFP") or other solicitation shall be issued by the Department of Information Technology and Telecommunications. Prior to issuing any such RFP or other solicitation, all necessary environmental and land use review shall be conducted in accordance with City Environmental Quality Review ("CEQR") and Section 197-c of the Charter. The criteria to be used by the Department of Information Technology and Telecommunications to evaluate responses to such RFPs or other solicitation shall include, but not be limited to, the following to the extent permitted by law:

(1) the adequacy of the proposed compensation (which may include monetary and/or in-kind compensation, as provided in the applicable RFP or other solicitation) to be paid to the City for the use of City property;

(2) the ability of the respondent(s) to maintain the property of the City in good condition throughout the term of the franchise;

(3) the consistency of the response(s) to the City's management of local rights-of-way activities, plans and goals.

In no event, however, shall the Department of Information Technology and Telecommunications include any criteria in any such RFP or other solicitation which the City would be preempted, pursuant to federal law, from thus including; and in no event shall the Department of Information Technology and Telecommunications apply any criteria to be included in any such RFP or other solicitation in a manner which the City would be preempted, pursuant to federal law, from thus applying.

Any franchise granted pursuant to this authorizing resolution shall be by written agreement which shall include, but not be limited to, the following terms and conditions to the extent permitted by law (provided, however, that no term or condition, whether or not listed hereafter, shall be included in a written franchise agreement if the City is preempted, by federal law, from including such a term or condition in such agreement, and provided that no term or condition, whether or not listed hereafter, shall be included in a written franchise agreement in a form or manner which the City is preempted by federal law from using with respect to such agreement):

(1) the term of the franchise, including options to renew if any, shall not exceed fifteen (15) years;

(2) the compensation to be paid to the City shall be adequate and may include monetary or in-kind compensation or both;

(3) the franchise may be terminated or cancelled in the event of the franchisee's failure to comply with the material terms and conditions of the agreement;

(4) a security fund shall be established to ensure the performance of the franchisee's obligations under the agreement;

(5) the City shall have the right to inspect the facilities of the franchisee located on the inalienable property of the City and to order the relocation of such facilities as appropriate at the direction of the applicable agency;

(6) there shall be adequate insurance and indemnification requirements to protect the interests of the public and the City;

(7) there shall be provisions to ensure access by the City to books and records of the franchisee as necessary or appropriate to review and/or enforce compliance with the franchise agreement;

(8) there shall be provisions to ensure quality workmanship and construction methods in the use of the inalienable property;

(9) there shall be provisions containing the agreements required pursuant to paragraph 6 of subdivision (h) of Section 363 of the Charter relating to collective bargaining and other matters;

(10) there shall be provisions requiring the franchisee to comply with City laws, regulations and policies related to, but not limited to, employment, purchasing and investigations;

(11) there shall be provisions to restrict the assignment or other transfer of the franchise without the prior written consent of the City and provisions to restrict changes in control of the franchisee without the prior written consent of the City;

(12) there shall be remedies to protect the City's interest in the event of the franchisee's failure to comply with the terms and conditions of the agreement;

(13) all franchisees shall be subject to review under the City's Vendor Information Exchange System ("VENDEX");

(14) franchisees shall be required to hold any applicable licenses and permits required by the New York State Public Service Commission and the Federal Communications Commission.

(15) there shall be provisions preserving the right of the City to perform public works or public improvements in and around those areas subject to the franchise;

(16) there shall be provisions requiring the franchisee to protect the property of the City, and the delivery of public services that utilize the property of the City, from damage or interruption of operation resulting from the construction, operation, maintenance, repair or removal of facilities, equipment or other improvements related to the franchise; and

(17) there shall be provisions designed to minimize the extent to which the public use of the streets of the City are disrupted in connection with the construction of improvements relating to the franchise.

The Department of Information Technology and Telecommunications shall file with the Council the following documents:

(1) within fifteen (15) days of issuance, a copy of each RFP or other solicitation issued pursuant to this resolution;

(2) within fifteen (15) days of approval by the Mayor, a copy of the agreement for each franchise granted pursuant to this resolution; and

(3) on or before July 1 of each year, a report detailing the revenues received by the City from each franchise granted pursuant to this resolution during the preceding calendar year.

Project Location

The Gateway Center at Bronx Terminal Market project is located in the West Haven neighborhood of the Bronx on an approximately 26-acre parcel that is bordered by Metro North Rail Road tracks to the north, River Avenue to the east, 149th Street to the south, and the Harlem River to the west.

Brief Project Description

The Gateway Center at Bronx Terminal Market is a proposed redevelopment of a portion of the current Bronx Terminal Market site, along with the Bronx House of Detention. On the eastern side of Exterior Street, the project would include a series of five 1-story retail buildings with an adjacent surface parking lot; two 3-story retail buildings, one with parking on the ground floor; a 6-level parking garage with retail space on Exterior Street and River Avenue; and a hotel with a banquet facility and parking. On the western side of Exterior Street, the project would include a public park and waterfront esplanade totaling approximately 2 acres, and a 2-story retail building with parking on the ground floor. In total, the project will comprise approximately 2,383,074 gross square feet of new development on the site. The project is expected to be complete and operational in 2009, except for the hotel, which would not be completed until 2014. The project would involve the closing of the Bronx Terminal Market and the Bronx House of Detention.
The project would require a number of discretionary actions, including the disposition of land (a long-term lease); rezoning; modification of the City Map; special permits to modify the site's underlying bulk regulations and parking requirements, to permit a public parking garage in excess of 150 spaces, and to provide relief for signs not otherwise permitted under the Zoning Resolution; and a waterfront authorization. In addition, the project sponsor will seek financing from the New York City Industrial Development Agency (NYCIDA). The project is expected to qualify for inclusion in the Brownfield Cleanup Program of the New York State Department of Environmental Conservation (NYSDEC). The project may require a NYSDEC State Pollution Discharge Elimination System (SPDES) permit for stormwater discharges associated with construction activities. The project may also require a tidal wetlands permit and/or Protection of Waters permit(s) from NYSDEC, as well as a water quality certification, and possibly a permit from the U.S. Army Corps of Engineers (USACOE) for shoreline-related work. The Proposed Project is within the boundaries of the coastal zone and will require a NYSDOS determination of consistency with New York City's Local Waterfront Revitalization Program. The project may also involve a land transfer from the New York State Department of Transportation (NYSDOT) to New York City, and a revocable consent for utility lines underneath Exterior Street.

A public scoping meeting will be held on September 9, 2004 at 6:00 pm at the Bronx Borough President's Office, 198 East 161st Street, 2nd Floor, Bronx, New York. The period for submitting written comments will remain open until September 20, 2004.

Public Scoping Meeting

SMALL BUSINESS SERVICES

■ PUBLIC HEARINGS

SMALL BUSINESS SERVICES
on behalf of
THE CITY COUNCIL

The City Council, by resolution adopted on August 12, 2004 set September 9, 2004 as the date, 10:00 a.m. as the time, and the City Council Committee Room, 2nd Floor, City Hall, New York, New York 10007, as the place for a public hearing (the "Public Hearing") to hear all persons interested in the proposed legislation which would establish the Myrtle Avenue Brooklyn Business Improvement District (the "District") in the Borough of Brooklyn. The District shall be established in accordance with a district plan (the "District Plan") on file at the Office of the City Clerk. The City Council has authorized the Department of Small Business Services to publish, on its behalf, this notice of the Public Hearing containing the information required by Section 25-406(c) of the Administrative Code of the City of New York and summarizing the resolution adopted.

The District Plan was submitted to, and reviewed by, the City Planning Commission and Brooklyn Community Board Number 2. The Community Board and the City Planning Commission have approved the District Plan.

The District Plan provides that the proposed District shall include properties from Myrtle Avenue on both sides of the street from Flatbush Avenue extension to Classon Avenue. Services provided in the District shall include, but not be limited to maintenance and sanitation, marketing and promotion, holiday lighting and decorations, administration of the District, and additional services required for the enjoyment and protection of the public and the promotion and enhancement of the District. Capital improvements are not anticipated in the initial years of the Plan. However, during the existence of the BID, the maximum cost of the improvements, if any, shall not exceed $2,500,000. The District shall be managed by the Myrtle Avenue Brooklyn District Management Association, Inc.

To defray the cost of services provided in the District, all real property in the District shall be assessed in proportion to the benefit such property receives from the services. Each property shall be assessed at a rate, determined annually by the Myrtle Avenue Brooklyn District Management Association, Inc., to yield an amount sufficient to meet the District's annual budget. The annual budget for the District's first year of operation is $250,000.

Those properties within the District which are devoted in whole or in part to commercial and/or mixed uses shall constitute Class A properties and shall be assessed in accordance with the following formula:

$$\text{RATE} = \frac{\text{Budget}}{\text{TOTAL CLASS A LINEAR FRONT FEET}}$$

INDIVIDUAL ASSESSMENT = RATE X INDIVIDUAL PROPERTY FRONT FEET

Those properties within the District which are privately owned vacant or underdeveloped lots or parking lots shall constitute Class B properties and shall be assessed at one dollar ($1.00) per year.

Those properties within the District which are devoted in whole to residential uses shall constitute Class C properties and shall be assessed at one dollar ($1.00) per year.

Those properties owned by government and not-for-profit devoted in whole to public or not-for-profit uses shall constitute Class D properties and shall not be assessed. Those portions of Class D properties devoted in part to commercial/for-profit uses shall be assessed in the same manner as those properties listed as Class A properties.

The amount, exclusive of debt service, assessed and levied in any given year against benefited real property within the District may not exceed twenty percent (20%) of the total general City taxes levied in such year against such properties.

Copies of the resolution adopted by the City Council, which include a copy of the District Plan, are available for public inspection from 9:00 A.M. to 4:00 P.M. Monday through Friday at the Office of the City Clerk located at 265 Municipal Building (South Side), One Centre Street, New York, New York 10007. In addition, copies of the resolution are available free of charge to the public at the Office of the City Clerk.

Any owner of real property, deemed benefited and therefore within the District, objecting to the District Plan, must file an objection at the Office of the City Clerk, on forms made available by the City Clerk, within thirty (30) days of the close of the hearing on the proposed District. If owners of at least fifty-one percent (51%) of the assessed value of benefited real property situated within the boundaries of the District proposed for establishment, as shown on the latest completed assessment roll of the City, or at least fifty-one percent (51%) of the owners of benefited real property within the area included in the District proposed for establishment file objections with the City Clerk, the District shall not be established.

SMALL BUSINESS SERVICES
On behalf of THE CITY COUNCIL

The City Council, by resolution adopted on August 12, 2004 set September 9, 2004 as the date, 10:00 a.m. as the time, and the City Council Committee Room, 2nd Floor, City Hall, New York, New York 10007, as the place for a public hearing (the "Public Hearing") to hear all persons interested in the proposed legislation which would establish the Forest Avenue Business Improvement District (the "District") in the Borough of Staten Island. The District shall be established in accordance with a district plan (the "District Plan") on file at the Office of the City Clerk. The City Council has authorized the New York City Department of Small Business Services to publish, on its behalf, this notice of the Public Hearing containing the information required by Section 25-406(c) of the Administrative Code of the City of New York and summarizing the resolution adopted.

The District Plan was submitted to, and reviewed by, the City Planning Commission and Staten Island Community Board Number 1. The Community Board and the City Planning Commission have approved the District Plan.

The District Plan provides that the proposed District shall include properties along Forest Avenue on both sides of the street from Hart Boulevard to Broadway. Services provided in the District shall include, but not be limited to sanitation, beautification, marketing and promotion, holiday lighting, parking, administration of the District, and additional services required for the enjoyment and protection of the public and the promotion and enhancement of the District. Capital improvements may include, but are not limited to sidewalk plantings, hanging baskets, street identification and pedestrian crossing enhancements. During the existence of the BID, the maximum cost of the improvements shall not exceed $1,500,000. The District shall be managed by the Forest Avenue District Management Association, Inc.

To defray the cost of services provided in the District, all real property in the District shall be assessed in proportion to the benefit such property receives from the services. Each property shall be assessed at a rate, determined annually by the Forest Avenue District Management Association, Inc., to yield an amount sufficient to meet the District's annual budget. The annual budget for the District's first year of operation is $150,000.

Those properties within the District which are devoted in whole or in part to commercial and/or mixed uses shall constitute Class A properties and shall be assessed in accordance with the following formula:

$$\text{Rate 1} = \frac{\text{BUDGET - (TOTAL CLASS B ASSESSMENT)}}{\text{TOTAL CLASS A LINEAR FRONT FEET}}$$

INDIVIDUAL ASSESSMENT = Rate 1 x INDIVIDUAL PROPERTY FRONT FEET

The rate per individual property linear front foot shall not exceed $28 for the first Contract Year.

Those properties within the District which are privately owned vacant or undeveloped lots or parking lots shall constitute Class B properties and shall be assessed in accordance with the following formula:

Rate 2 = 0.5 x Rate 1

INDIVIDUAL ASSESSMENT = Rate 2 x INDIVIDUAL LOT FRONT FOOTAGE

The rate per individual Class B property linear front foot shall not exceed $14 for the first Contract Year.

Those properties within the District which are devoted in whole to residential uses shall constitute Class C properties and shall be assessed one dollar ($1.00) per annum.

Those properties owned by government and not-for-profit devoted in whole to public or not-for-profit uses shall constitute Class D properties and shall not be assessed. Government or not-for-profit owned property devoted in part to commercial/for-profit uses shall constitute Class A property and the commercial/for-profit portion of the property shall be assessed in the same manner as those properties listed as Class A properties.

The amount, exclusive of debt service, assessed and levied in any given year against benefited real property within the District may not exceed twenty percent (20%) of the total general City taxes levied in such year against such properties.

Copies of the resolution adopted by the City Council, which include a copy of the District Plan, are available for public inspection from 9:00 A.M. to 4:00 P.M. Monday through Friday at the Office of the City Clerk located at 265 Municipal Building (South Side), One Centre Street, New York, New York 10007. In addition, copies of the resolution are available free of charge to the public at the Office of the City Clerk.

Any owner of real property, deemed benefited and therefore within the District, objecting to the District Plan, must file an objection at the Office of the City Clerk, on forms made available by the City Clerk, within thirty (30) days of the close of the hearing on the proposed District. If owners of at least fifty-one percent (51%) of the assessed value of benefited real property situated within the boundaries of the District proposed for establishment, as shown on the latest completed assessment roll of the City, or at least fifty-one percent (51%) of the owners of benefited real property within the area included in the District proposed for establishment file objections with the City Clerk, the District shall not be established.

ACQUISITION AND REDEVELOPMENT OF SEVEN CITY-OWNED INDUSTRIAL SITES LOCATED IN THE BRONX AND BROOKLYN – RFP – DUE 10-07-04 AT 4:00 P.M. – Through this targeted RFP effort, NYCEDC seeks to encourage the development of quality space for industrial firms in New York City and enhance the growth of the City's industrial base. All responses to this RFP must be from an industrial firm (manufacturers or distributors engaged in the production, processing, or distribution of tangible products); or a developer/development entity committed to the development and maintenance of rental space for industrial use.

The specific areas for development are:
- Bathgate Industrial Site - 107,300 SF
- North Zerega Industrial Site - 95,892 SF
- Sunset Park Industrial Site - 71,192 SF
- Brownsville Industrial Site 1 - 17,000 SF
- Brownsville Industrial Site 2 - 10,000 SF
- Brownsville Industrial Site 3 - 20,366 SF
- East NY In-Place Industrial Park Site 23 - 5,000 SF

Any selection by NYCEDC of development teams for the various sites will be based on an evaluation of the proposals submitted, factoring in the economic return to the City, financial feasibility of the proposed projects, and other criteria as noted in the RFP. The RFP is available as of Monday, August 2, 2004.

A pre-submission conference will be held at NYCEDC, 110 William Street, Conference Room 4A/B, New York, NY on Wednesday, September 15 at 9:30 a.m. Interested businesses are strongly encouraged to attend the conference. Please call Delkis Torres at (212) 312-3871 on or before Friday, September 10 to RSVP for the pre-submission conference.

All communications should be directed to Brendan Healey, Senior Project Manger, NYCEDC, at (212) 618-5737 or bhealey@nycedc.com

SALE AND REDEVELOPMENT OF PARKING LOT – Request for Proposals – DUE 10-20-04 AT 4:00 P.M. – approximately 74,500 square foot surface, owned by the City of New York (the City), located between 230th Street and Verveelen Place, east of Broadway, in the Kingsbridge-Riverdale section of The Bronx.

The goal of this Request For Proposals (RFP) is to generate a development that both complements and enhances local neighborhood businesses and improves upon the neighborhood as it relates to urban design. The successful proposal will capitalize on the Kingsbridge-Riverdale area's major retail and commercial center. The redevelopment of the parking lot will augment and be consistent with the existing office and merchant mix and connect retail and office uses primarily through the 230th Street and Broadway retail corridors.

All questions related to this RFP should be directed via e-mail to k-rRFP@nycedc.com by Friday, September 24, 2004. No questions will be accepted after that date. All questions and answers will be available to all potential respondents by close of business on Friday, October 1, 2004 at www.nycedc.com/k-rRFP.

Detailed submission guidelines and requirements are outlined in the RFP available as of August 9, 2004 from NYCEDC, 110 William Street, 6th Floor, New York, NY 10038. For more information and to request a copy of the RFP. The deadline for submission of proposals is October 20, 2004 at 4:00 p.m. Proposals are to be submitted to Paul J. DEVELOP TRANSITIONAL RESIDENCES FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – Competitive Sealed Proposals – Judgment required in evaluating proposals - PIN# 071-00S-003-262 – DUE 12-30-04 AT 5:00 P.M. – The Department of Homeless Services is soliciting proposals from organizations interested in developing and operating transitional residences for homeless adults and families including the Neighborhood Based Cluster Residence and drop-in centers for adults. This is an open-ended solicitation; there is no due date for submission. Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-forth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the transitional residence contracts will range from 3 to 30 years including renewal options and depending on the financial terms and conditions.

Pursuant to Section 312 (c) (1) (ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgment is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03 (c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences in order to address the need to create additional shelter capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated as a for-profit entity; 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed Standalone facility location(s); and 3) must demonstrate an intent to enter into lease agreements with the owner(s) or management designee(s) for each property.

Any organization that believes it can provide these services may contact: John Iaffaldano, Associate Staff Analyst, Office of Contracts and Procurement at the Department of Homeless Services at (212) 361-8435, 33 Beaver Street, 13th Floor NY, NY 10004, to request a copy of the RFP application, which is available for pick-up Monday through Friday on business days between the hours of 9:00 a.m. to 5:00 p.m.

AGENCY RULES

SMALL BUSINESS SERVICES

■ **NOTICE**

NOTICE OF INTENTION TO AMEND TITLE 66 OF THE RULES OF THE CITY OF NEW YORK TO INCREASE THE MINIMUM SUPPLY AND SERVICE CONTRACT THRESHOLD UNDER WHICH SUBMISSION OF AN EMPLOYMENT REPORT TO THE DIVISION OF LABOR SERVICES IS REQUIRED

NOTICE IS HEREBY GIVEN PURSUANT TO THE AUTHORITY VESTED IN the Commissioner of the Department of Small Business Services (the "Commissioner") pursuant to sections 1043, 1301 and 1305 of the New York City Charter, the Department of Small Business Services hereby proposes promulgation of amendments to Chapter 10 of Title 66 of the Rules of the City of New York, which govern the Division of Labor Services, to increase the minimum supply and service contract threshold under which submission of an Employment Report to the Division of Labor Services is required.

Written comments regarding this proposed amendment may be sent to Kerri Jew, Deputy General Counsel, Department of Small Business Services at 110 William Street, 8th Floor, New York, New York 10038, on or before September 17, 2004. A public hearing on the proposed amendment to the Rules will be held on September 20, 2004 at 110 William Street, 4th Floor, at 10:00 am. Persons seeking to testify are requested to notify Kerri Jew, Deputy General Counsel, at the foregoing address. Persons who request that a sign language interpreter or other form of reasonable accommodation for disability be provided at the hearing are asked to notify Kerri Jew by September 13, 2004. Written comments and a summary of the oral comments will be available for public inspection within a reasonable time after receipt between the hours of 9:00 a.m. and 4:30 p.m. at the office of the General Counsel. The following proposed amendment was not included in this agency's regulatory agenda.

Proposed Rule Amendment

New material is indicated by underlining. Deleted material is indicated by [bracketing].

Section 1. Subparagraph (i) of paragraph (1) of subdivision (b) of § 10-03 of title 66 of the rules of the city of New York is amended to read as follows:

(i) Before the contract may be awarded, each proposed supply and service contractor for a contract in excess of [$50,000] the small purchase limit established by rule of the Procurement Policy Board for procurement for goods and services who employs [25] 50 or more employees is required to submit to the Division an Employment Report for the facility or establishment where the contract will be performed and where the Division deems necessary for a full review, the principal place of business or corporate headquarters;

§ 2. Subparagraph (ii) of paragraph (2) of subdivision (b) of § 10-03 of title 66 of the rules of the city of New York is amended to read as follows:

(ii) a supply and service contract or subcontract in the amount of [$50,000] the small purchase limit established by rule of the Procurement Policy Board for procurement for goods and services or less or where the contractor employs less than [25] 50 employees. In such cases, the contracting agency shall promptly notify the Division in writing prior to the award of such a contract. To determine the applicability of this paragraph (2) to a City-assisted construction contract, the amount or value of the City assistance shall govern; or

§ 3. Subdivision (a) of § 10-04 of title 66 of the rules of the city of New York is amended to read as follows:

(a) *Contract language – all contracts.* Each contracting agency shall incorporate into every construction contract in excess of [$50,000] $1 million and every supply and service contract in excess of the small purchase limit established by rule of the Procurement Policy Board for procurements for goods and services to which it becomes a party the following language:

"This contract is subject to the requirements of Executive Order No. 50 (April 25, 1980) (§ 10-14) ("E.O. 50") and the Rules and Regulations promulgated thereunder. No contract will be awarded unless and until these requirements have been complied with in their entirety. By signing this contract, the contractor agrees that it:

(1) will not discriminate unlawfully against any employee or applicant for employment because of race, creed, color, national origin, sex, age, handicap, marital status, sexual orientation or citizenship status with respect to all employment decisions including, but not limited to recruitment, hiring, upgrading, demotion, downgrading, transfer, training, rates of pay or other forms of compensation, layoff, termination, and all other terms and conditions of employment;

(2) will not discriminate in the selection of subcontractors on the basis of the owner's, partners' or shareholders' race, color, creed, national origin, sex, age, handicap, marital status, sexual orientation or citizenship status;

(3) will state in all solicitations or advertisements for employees placed by or on behalf of the contractor that all qualified applicants will receive consideration for employment without regard to race, creed, color, national origin, sex, age, handicap, marital status, sexual orientation or citizenship status or is an equal employment opportunity employer;

(4) will send to each labor organization or representative of workers with which it has a collective bargaining agreement or other contract or memorandum of understanding, written notification of its equal employment opportunity commitments under E.O. 50 (§ 10-14) and the rules and regulations promulgated thereunder;

(5) will furnish before the contract is awarded all information and reports including an Employment Report which are required by E.O. 50 (§ 10-14) the rules and regulations promulgated thereunder, and orders of the Director of the Division of Labor Services ("Division"). Copies of all required reports are available upon request from the contracting agency; and

(6) will permit the Division to have access to all relevant books, records and accounts by the Division for the purposes of investigation to ascertain compliance with such rules, regulations, and orders.

The contractor understands that in the event of its noncompliance with the nondiscrimination clauses of this contract or with any such rules, regulations, or orders, such noncompliance shall constitute a material breach of the

contract and noncompliance with E.O. 50 (§ 10-14) and the rules and regulations promulgated thereunder. After a hearing held pursuant to the rules of the Division, the Director may direct the imposition by the contracting agency head of any or all of the following sanctions:

(i) disapproval of the contractor;
(ii) suspension or termination of the contract;
(iii) declaring the contractor in default; or
(iv) in lieu of any of the foregoing sanctions,

the Director may impose an employment program.

The Director of the Division may recommend to the contracting agency head that a board of responsibility constituted pursuant to the rules and regulations of the Board of Estimate be convened for purposes of declaring a contractor who has repeatedly failed to comply with E.O. 50 (§ 10-14) and the rule and regulations promulgated thereunder to be nonresponsible.

The contractor agrees to include the provisions of the foregoing paragraphs with respect to construction contracts, in every subcontract or purchase order in excess of [$50,000] $750,000, and with respect to supply and service contracts, in every subcontract or purchase order in excess of the small purchase limit established by rule of the Procurement Policy Board for procurements for goods and services to which it becomes a party unless exempted by E.O. 50 (§ 10-14) and the rules and regulations promulgated thereunder, so that such provisions will be binding upon each subcontractor or vendor. The contractor will take such action with respect to any subcontract or purchase order as may be directed by the Director of the Division of Labor Services as a means of enforcing such provisions including sanctions for noncompliance.

The contractor further agrees that it will refrain from entering into any contract or contract modification subject to E.O. 50 (§ 10-14) and the rules and regulations promulgated thereunder with a subcontractor who is not in compliance with the requirements of E.O. 50 (§ 10-14) and the rules and regulations promulgated thereunder."

§ 4. Paragraph (1) of subdivision (d) of § 10-04 of title 66 of the rules of the city of New York is amended to read as follows:

(1) No contracting agency shall enter into a construction contract in excess of $50,000, or a supply and service contract in excess of [$50,000] the small purchase limit established by rule of the Procurement Policy Board for procurements for goods and services when the contractor employs [25] 50 or more employees, unless the contractor's Employment Report is first submitted to the Division for its review and approval.

§ 5. Subparagraph (i) of paragraph (6) of subdivision (d) of § 10-04 of title 66 of the rules of the city of New York is amended to read as follows:

(i) notify the Division upon the submission of the prime contractor's Employment Report of any subcontracts in excess of [$50,000] the small purchase limit established by rule of the Procurement Policy Board for procurements for goods and services where the subcontractor employs [25] 50 or more employees; and

§ 6. Subparagraph (i) of paragraph (1) of subdivision (f) of § 10-14 of title 66 of the rules of the city of New York is amended to read as follows:

(i) A construction contract in the amount of less than $1 million; a construction subcontract in the amount of less than $750,000; or a supply and service contract in the amount of [$50,000] the small purchase limit established by rule of the Procurement Policy Board for procurements for goods and services or less or of more than [$50,000] the small purchase limit established by rule of the Procurement Policy Board for such procurements in which the contractor employs fewer than 50 employees at the facility or facilities involved in the contract;

Statement of Basis and Purpose: This proposed amendment to the rules governing the Division of Labor Services ("DLS") would increase the minimum supply and service contract amount under which the submission of an Employment Report to DLS is required. This proposed amendment raises the current $50,000 threshold amount to an amount that corresponds to the small purchase limit established by rule of the Procurement Policy Board. Service and supply contracts falling below the new threshold amount would also be exempt from having to include required contract language regarding Executive Order 50. The proposed rule would increase the exemption threshold for Construction contracts from $50,000 to $1 million so that contracts for $1 million or less would not have to include the language regarding E.O. 50. The amendment would also exempt contractors who employ fewer than 50 employees from the requirement to submit an Employment Report. The current exemption is limited to contractors who employ fewer than 25 employees. Adjustments to the minimum threshold for DLS review of supply and service contracts that correspond to the small purchase limit are consistent with objectives of the procurement process to reduce administrative requirements for purchases below a limit established by the Procurement Policy Board and the City Council.

ADVISORY REPORTS

ISSUE DATE: 06/28/04	DOCKET #: 046770	SRA #: SRA 04-8112
ADDRESS: 1000 FIFTH AVENUE, Metropolitan Museum of Art, INDIVIDUAL LANDMARK	BOROUGH: MANHATTAN	BLOCK/LOT: 1111 / 1

To the Mayor, the Council, and the Commissioner of the Department of Cultural Affairs.

This report is issued pursuant to Section 25-318 of the Administrative Code of the City of New York, which requires a report from the Landmarks Preservation Commission for plans for the construction, reconstruction, alteration, or demolition of any improvement or proposed improvement which is owned by the City or is to be constructed upon property owned by the City and is or is to be located on a landmark site or in a historic district or which contains an interior landmark.

The Landmarks Preservation Commission has reviewed a proposal for work at the roof of the Metropolitan Museum of Art, an Individual and Interior Landmark. The work concerns relocating telecommunications patch antennas from the Eastern facade of the K Wing, to the South facade of the D Wing, affixed with adhesive to the metal roof, and painted to match the background against which they will be seen; and performing related equipment alterations att he interior, which will not affect any portion of the designated Interior Landmark; as shown in Drawings titled "Nextel Communications: Metropolitan Museum of Art," dated April 2, 2004, prepared by Glenn Scherer, PE, and photographs of the mock up, all submitted as components of the application.

With regard to this proposal, the Commission finds that, although the patch antennas will be visible from from the public thoroughfare, they will be seen as a minor element in a complex roofscape; that their small size, flush-mounted location, mounting height, and painted finish will help these installations to be a discreet presence at the building's roof; and that the adhesive attachment of the antennas will prevent any damage to the Monel Roofing System, or any other feature of the roof. Based on these findings, the proposed work is determined to be appropriate to the Metropolitan Museum of Art Individual Landmark.

The issuance of this permit is contingent upon the condition that the painted finish of the antennas, mounts and cable be maintained. The Commission reserves the right to revoke this permit, upon written notice to the applicant, if the painted finish of the antennas or cable is allowed to deteriorate to the point where the antennas and cable no longer blend in with the surrounding facade.

This report is issued on the basis of the building and site conditions described in the application and disclosed during the review process. By accepting this permit, the applicant agrees to notify the Commission if the actual building or site conditions vary or if original or historic building fabric is discovered. The Commission reserves the right to amend or revoke this permit, upon written notice to the applicant, in the event that the actual building or site conditions are materially different from those described in the application or disclosed during the review process.

All approved drawings are marked approved by the Commission with a perforated seal indicating the date of approval. The work is limited to what is contained in the perforated documents. Other work or amendments to this filing must be reviewed and approved separately. This report constitutes the permit; a copy must be prominently displayed at the site while work is in progress. ISSUE DATE: 06/30/04	DOCKET #: 047659	SRA #: SRA 04-8027
ADDRESS: 1000 FIFTH AVENUE, Metropolitan Museum of Art, INDIVIDUAL LANDMARK	BOROUGH: MANHATTAN	BLOCK/LOT: 1111 / 1

To the Mayor, the Council, and the Commissioner of the Department of Cultural Affairs.

This report is issued pursuant to Section 25-318 of the Administrative Code of the City of New York, which requires a report from the Landmarks Preservation Commission for plans for the construction, reconstruction, alteration, or demolition of any improvement or proposed improvement which is owned by the City or is to be constructed upon property owned by the City and is or is to be located on a landmark site or in a historic district or which contains an interior landmark.

The Landmarks Preservation Commission has reviewed a proposal for security lighting installations at the South, West and North elevations of the Metropolitan Museum of Art, an Individual and Interior Landmark. The work consists of the installation of security light fixtures at the building's roof and parapets; as described in the application, as shown in Drawings titled "Metropolitan Museum Lighting Locations," dated November 6, 2002, prepared by WJE, Engineers and Architects PC, catalog cut sheets, and photographs, all submitted as components of the application.

In reviewing this proposal, the Commission notes that the designation report states that 1000 Fifth Avenue is a Beaux-Arts style museum built in 1864-1990 and designed by Vaux and Mould, R.M. Hunt, McKim Mead and White, and others. The Commission also notes that the light fixtures have already been installed.

With regard to this proposal, the Commission finds that the completed lighting installations have not resulted in damage to or demolition of significant architectural features of the Individual Landmark; and that, although the lighting installations are visible from the public way, their size, neutral finish, utilitarian design, regularized spacing, and mounting height have minimized their visual obtrusiveness. Based on these findings, the proposed work is determined to be appropriate to the Metropolitan Museum of Art Individual and Interior Landmark.

This report is issued on the basis of the building and site conditions described in the application and disclosed during the review process. By accepting this permit, the applicant agrees to notify the Commission if the actual building or site conditions vary or if original or historic building fabric is discovered. The Commission reserves the right to amend or revoke this permit, upon written notice to the applicant, in the event that the actual building or site conditions are materially different from those described in the application or disclosed during the review process.

With regard to this proposal, the Commission finds that, although the patch antennas will be visible from from the South and North, they will be seen as a minor element in a complex roofscape; that their small size, flush-mounted location, mounting height, and painted finish will help these installations to be a discreet presence at the building's roof; and that the adhesive attachment of the antennas will prevent any damage to the Monel Roofing System, or any other feature of the roof. COURT NOTICE MAPS FOR STATEN ISLAND BLUEBELT PHASE 2

READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS OFFICAL NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council,** 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists--free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contracts at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

CITY COUNCIL

■ PUBLIC HEARINGS

NOTICE IS HEREBY GIVEN THAT the matter below was submitted to the Council on August 12, 2004 and pursuant to Section 363-c of the Charter, a public hearing shall be scheduled within ninety days.

Proposed authorizing resolution submitted by the Mayor pursuant to Section 363 of the Charter for the granting of franchises for installation of telecommunications equipment and facilities on, over and under the inalienable property of the City in connection with the provision of telecommunications services.

WHEREAS, by Executive Order 25, dated August 23, 1995, the Mayor has designated the Department of Information Technology and Telecommunications as the responsible agency for the granting of telecommunications franchises; and

WHEREAS, pursuant to Section 363 of the Charter ("the Charter") of the City of New York ("the City"), the Commissioner of the Department of Information Technology and Telecommunications has made the initial determination of the need for franchises for installation of telecommunications equipment and facilities on, over and under the inalienable property of the City in connection with the provision of mobile telecommunications services, and has prepared a proposed authorizing resolution for the granting of such franchises; and

WHEREAS, the Mayor has submitted to the Council a proposed authorizing resolution for the granting of such franchises pursuant to Section 363 of the Charter; and

WHEREAS, the Council has determined that it is appropriate to authorize the granting of such franchises as described hereinafter ;

The Council hereby resolves that:

The Council authorizes the Department of Information Technology and Telecommunications to grant non-exclusive franchises for the installation of telecommunications equipment and facilities on, over and under the inalienable property of the City to be used in providing mobile telecommunications services in the City of New York.

For purposes of this resolution, "inalienable property of the City" shall mean the property designated as inalienable in Section 383 of the Charter.

For purposes of this resolution, "mobile telecommunications services" shall mean any "mobile service", as defined in Section 153 of Title 47 of the United States Code, and other voice and/or data communications or information services employing electromagnetic waves propagated through space to serve portable sending and/or receiving equipment.

The public services to be provided under such franchises shall be mobile telecommunications services.

The authorization to grant franchises pursuant to this resolution shall expire on the fifth anniversary of the date on which this resolution is adopted by the Council (the "Expiration Date"). No franchises shall be approved pursuant to this resolution by the Department of Information Technology and Telecommunications, the Franchise and Concession Review Committee, or the Mayor pursuant to this resolution after the Expiration Date.

Prior to the grant of any such franchise, a Request For Proposals ("RFP") or other solicitation shall be issued by the Department of Information Technology and Telecommunications. Prior to issuing any such RFP or other solicitation, all necessary environmental and land use review shall be conducted in accordance with City Environmental Quality Review ("CEQR") and Section 197-c of the Charter. The criteria to be used by the Department of Information Technology and Telecommunications to evaluate responses to such RFPs or other solicitation shall include, but not be limited to, the following to the extent permitted by law:

(1) the adequacy of the proposed compensation (which may include monetary and/or in-kind compensation, as provided in the applicable RFP or other solicitation) to be paid to the City for the use of City property;

(2) the ability of the respondent(s) to maintain the property of the City in good condition throughout the term of the franchise;

(3) the consistency of the response(s) to the City's management of local rights-of-way activities, plans and goals.

In no event, however, shall the Department of Information Technology and Telecommunications include any criteria in any such RFP or other solicitation which the City would be preempted, pursuant to federal law, from thus including; and in no event shall the Department of Information Technology and Telecommunications apply any criteria to be included in any such RFP or other solicitation in a manner which the City would be preempted, pursuant to federal law, from thus applying.

Any franchise granted pursuant to this authorizing resolution shall be by written agreement which shall include, but not be limited to, the following terms and conditions to the extent permitted by law (provided, however, that no term or condition, whether or not listed hereafter, shall be included in a written franchise agreement if the City is preempted, by federal law, from including such a term or condition in such agreement, and provided that no term or condition, whether or not listed hereafter, shall be included in a written franchise agreement in a form or manner which the City is preempted by federal law from using with respect to such agreement):

(1) the term of the franchise, including options to renew if any, shall not exceed fifteen (15) years;

(2) the compensation to be paid to the City shall be adequate and may include monetary or in-kind compensation or both;

(3) the franchise may be terminated or cancelled in the event of the franchisee's failure to comply with the material terms and conditions of the agreement;

(4) a security fund shall be established to ensure the performance of the franchisee's obligations under the agreement;

(5) the City shall have the right to inspect the facilities of the franchisee located on the inalienable property of the City and to order the relocation of such facilities as appropriate at the direction of the applicable agency;

(6) there shall be adequate insurance and indemnification requirements to protect the interests of the public and the City;

(7) there shall be provisions to ensure access by the City to books and records of the franchisee as necessary or appropriate to review and/or enforce compliance with the franchise agreement;

(8) there shall be provisions to ensure quality workmanship and construction methods in the use of the inalienable property;

(9) there shall be provisions containing the agreements required pursuant to paragraph 6 of subdivision (h) of Section 363 of the Charter relating to collective bargaining and other matters;

(10) there shall be provisions requiring the franchisee to comply with City laws, regulations and policies related to, but not limited to, employment, purchasing and investigations;

(11) there shall be provisions to restrict the assignment or other transfer of the franchise without the prior written consent of the City and provisions to restrict changes in control of the franchisee without the prior written consent of the City;

(12) there shall be remedies to protect the City's interest in the event of the franchisee's failure to comply with the terms and conditions of the agreement;

(13) all franchisees shall be subject to review under the City's Vendor Information Exchange System ("VENDEX");

(14) franchisees shall be required to hold any applicable licenses and permits required by the New York State Public Service Commission and the Federal Communications Commission.

(15) there shall be provisions preserving the right of the City to perform public works or public improvements in and around those areas subject to the franchise;

(16) there shall be provisions requiring the franchisee to protect the property of the City, and the delivery of public services that utilize the property of the City, from damage or interruption of operation resulting from the construction, operation, maintenance, repair or removal of facilities, equipment or other improvements related to the franchise; and

(17) there shall be provisions designed to minimize the extent to which the public use of the streets of the City are disrupted in connection with the construction of improvements relating to the franchise.

The Department of Information Technology and Telecommunications shall file with the Council the following documents:

(1) within fifteen (15) days of issuance, a copy of each RFP or other solicitation issued pursuant to this resolution;

(2) within fifteen (15) days of approval by the Mayor, a copy of the agreement for each franchise granted pursuant to this resolution; and

(3) on or before July 1 of each year, a report detailing the revenues received by the City from each franchise granted pursuant to this resolution during the preceding calendar year.

Project Location

The Gateway Center at Bronx Terminal Market project is located in the West Haven neighborhood of the Bronx on an approximately 26-acre parcel that is bordered by Metro North Rail Road tracks to the north, River Avenue to the east, 149th Street to the south, and the Harlem River to the west.

Brief Project Description

The Gateway Center at Bronx Terminal Market is a proposed redevelopment of a portion of the current Bronx Terminal Market site, along with the Bronx House of Detention. On the eastern side of Exterior Street, the project would include a series of five 1-story retail buildings with an adjacent surface parking lot; two 3-story retail buildings, one with parking on the ground floor; a 6-level parking garage with retail space on Exterior Street and River Avenue; and a hotel with a banquet facility and parking. On the western side of Exterior Street, the project would include a public park and waterfront esplanade totaling approximately 2 acres, and a 2-story retail building with parking on the ground floor. In total, the project will comprise approximately 2,383,074 gross square feet of new development on the site. The project is expected to be complete and operational in 2009, except for the hotel, which would not be completed until 2014. The project would involve the closing of the Bronx Terminal Market and the Bronx House of Detention.
The project would require a number of discretionary actions, including the disposition of land (a long-term lease); rezoning; modification of the City Map; special permits to modify the site's underlying bulk regulations and parking requirements, to permit a public parking garage in excess of 150 spaces, and to provide relief for signs not otherwise permitted under the Zoning Resolution; and a waterfront authorization. In addition, the project sponsor will seek financing from the New York City Industrial Development Agency (NYCIDA). The project is expected to qualify for inclusion in the Brownfield Cleanup Program of the New York State Department of Environmental Conservation (NYSDEC). The project may require a NYSDEC State Pollution Discharge Elimination System (SPDES) permit for stormwater discharges associated with construction activities. The project may also require a tidal wetlands permit and/or Protection of Waters permit(s) from NYSDEC, as well as a water quality certification, and possibly a permit from the U.S. Army Corps of Engineers (USACOE) for shoreline-related work. The Proposed Project is within the boundaries of the coastal zone and will require a NYSDOS determination of consistency with New York City's Local Waterfront Revitalization Program. The project may also involve a land transfer from the New York State Department of Transportation (NYSDOT) to New York City, and a revocable consent for utility lines underneath Exterior Street.

A public scoping meeting will be held on September 9, 2004 at 6:00 pm at the Bronx Borough President's Office, 198 East 161st Street, 2nd Floor, Bronx, New York. The period for submitting written comments will remain open until September 20, 2004.

PLEASE TAKE FURTHER NOTICE, that pursuant to said Order and to Sections 503 and 504 of the Eminent Domain Procedure Law of the State of New York, each and every person interested in the real property acquired in the above-referenced proceeding and having any claim or demand on account thereof is hereby required, on or before July 28, 2005 (which is one (1) calendar year from the title vesting date), to file a written claim with the Clerk of the Court of Richmond County, and to serve within the same time a copy thereof on the Corporation Counsel of the City of New York, Tax and Bankruptcy Litigation Division, 100 Church Street, New York, New York 10007. Pursuant to EDPL Section 504, the claim shall include:

A. the name and post office address of the condemnee;

B. reasonable identification by reference to the acquisition map, or otherwise, of the property affected by the acquisition, and the condemnee's interest therein;

C. a general statement of the nature and type of damages claimed, including a schedule of fixture items which comprise part or all of the damages claimed; and,

D. if represented by an attorney, the name, address and telephone number of the condemnee's attorney.

Pursuant to EDPL Section 503(C), in the event a claim is made for fixtures or for any interest other than the fee in the real property acquired, a copy of the claim, together with the schedule of fixture items, if applicable, shall also be served upon the fee owner of said real property.

PLEASE TAKE FURTHER NOTICE, that, pursuant to Section 5-310 of the New York City Administrative Code, proof of title shall be submitted to the Corporation Counsel of the City of New York, Tax and Bankruptcy Litigation Division, 100 Church Street, New York, New York 10007 on or before July 28, 2006 (which is two (2) calendar years from the title vesting date).

DIAL A TEACHER – Negotiated Acquisition – PIN# 12096040 – To extend the contract with the UFT Educational Foundation Inc. for the provision of the Dial-A-Teacher program, the joint project of the United Federation of Teachers and the NYC Department of Education, pursuant to Section 30-1(d)(1)(iv) of the PPB rules. Dial-A-Teacher is a unique program that provides an after school telephone service allowing students to call teachers for assistance with their homework in various academic subjects. In addition, Dial-A-Teacher offers professional advice to parents on basic skills instruction. These cost-effective services are offered Monday through Thursday from 4:00 PM to 7:00 PM throughout the school year, to students and parents of all public elementary schools. This extension will be for the additional period July 1, 2004 through June 30, 2007, for an annual amount not to exceed $217,646.

TAKE THE FIELD – Negotiated Acquisition – PIN# 11713040 – To extend an agreement with Take The Field Inc. (TTF) for the purpose of completing its FY2005 Capital Program to renovate various Athletic Fields and other DOE properties, pursuant to Section 30-1(d)(1)(iv) of the PPB Rules. Take The Field Inc. is a not-for-profit corporation organized to raise Private Sector Funds for the renovation of High School Athletic Fields and other physical education facilities. In 2000 the Board of Education approved a resolution allowing the chancellor to enter into a partnership with TTF so that both city and privately donated resources could merge to rehabilitate DOE Athletic Fields which had deteriorated over the years due to lack of maintenance and capital funds. During the FY2001-FY2004 period, TTF renovated 40 DOE Athletic Fields at a cost of approximately $117 million, with the private sector funding 25% of these costs (approximately $29.2 million). The current contract with TTF expired on June 30, 2004. In order to continue this successful initiative of combining both private and public funding streams an extension to the current contract is required. In FY2005 the plan calls for TTF to rehabilitate 3 additional facilities and to make minor improvements to fields previously renovated at a total cost of approximately $15.4 million for the period July 1, 2004 through June 30, 2005. Similar to prior years and in accordance with the current contract, 25% of these costs ($3.9 million) will be funded from charitable donations from the private sector.

TEST MATERIALS AND SERVICES – Negotiated Acquisition – PIN# 1B736040 – To amend an agreement with Harcourt Educational Measurement to purchase additional test materials and services for a citywide assessment of students in English Language Arts. This Negotiated Acquisition is pursuant to Section 30-1(d)(l)(iv) of the PPB rules. Each spring, the Department of Education administers tests citywide to students in Grades 3, 5, 6, and 7 to assess their progress toward state and city standards in ELA. In order to maintain the integrity of the Citywide testing program, NYCDOE sought to increase test security and to limit the exposure of students to test items repeated from the previous year. This amendment to the contract is to purchase the following additional services: field tests to create new test questions, development of new test forms for spring and summer of 2005, unique security bar codes on test booklets for tracking purposes, and increased practice tests from grade 3 only to all grade levels. This amendment is for the period August 15, 2004 through Augusr 14, 2005, and for the period August 15, 2005 to August 14, 2006, for an estimated annual increase of $657,614, for a total annual estimated amount of $1,262,614.

☛ a18

ADDITIONAL CITYWIDE MATHEMATICS TEST MATERIALS AND SERVICES – Negotiated Acquisition – PIN# 12852040 – To amend an agreement with CTB/McGraw-Hill for the purchase of additional citywide mathematics test materials and services. This Negotiated Acquisition is pursuant to Section 30-1(d)(l)(iv) of the PPB rules. Each spring, the New York City Department of Education administers a citywide test to students in Grades 3, 5, 6, and 7 to assess their progress in mathematics. During the term of the agreement, the mathematics test has been carefully aligned with the New York State and New York City Performance Standards in Mathematics, thereby allowing for an integrated State and City assessment system. Using this system, NYCDOE can track the longitudinal progress of students from grade 3 through grade 8, and measure the implementation of the new curriculum and organizational structure of Children First. In order to maintain the integrity of the Citywide testing program, NYCDOE sought to increase test security and to limit the exposure of students to test items repeated from the previous year. This amendment to the contract is to purchase the following additional services: field tests to create new test questions, development of new test forms for spring and summer of 2005, unique security bar codes on test booklets for tracking purposes, increased practice tests from grade 3 only to all grade levels, and test forms in other languages, including the addition of Russian, Korean, and simplified Chinese, which are necessary to align the Citywide and the State testing programs. This amendment is for the period August 1, 2004 through October 31, 2006 for an estimated annual increase of $1,431,064, for a total annual estimated amount of $2,470,444.

CITYWIDE MATHEMATICS TEST MATERIALS AND SERVICES – Negotiated Acquisition – PIN# 12854040 – To enter into an agreement Allen Systems Group to purchase software licensing and maintenance services for Fast Access, Outbound and TMON. This Negotiated Acquisition is pursuant to Section 3-04(b)(2)(ii) of the PPB rules. For over 10 years, the NYC Department of Education's Data Center has been using performance monitoring and problem diagnosis software originally purchase from Landmark Systems, which is now Allen Systems Group. Each product is vital to the stability and successful operation of the environment that it monitors. Some of the systems and applications affected by the use of these products are ATS, CAP, EIS, FAMIS and HRS. These products are proprietary software of Allen Ssytems Group, and cannot be obtained from another source. This contract is for the period July 1, 2004 through June 30, 2005, for an amount not to exceed $169,740.

ACQUISITION AND REDEVELOPMENT OF SEVEN CITY-OWNED INDUSTRIAL SITES LOCATED IN THE BRONX AND BROOKLYN – RFP – DUE 10-07-04 AT 4:00 P.M. – Through this targeted RFP effort, NYCEDC seeks to encourage the development of quality space for industrial firms in New York City and enhance the growth of the City's industrial base. All responses to this RFP must be from an industrial firm (manufacturers or distributors engaged in the production, processing, or distribution of tangible products); or a developer/development entity committed to the development and maintenance of rental space for industrial use.

The specific areas for development are:
- Bathgate Industrial Site - 107,300 SF
- North Zerega Industrial Site - 95,892 SF
- Sunset Park Industrial Site - 71,192 SF
- Brownsville Industrial Site 1 - 17,000 SF
- Brownsville Industrial Site 2 - 10,000 SF
- Brownsville Industrial Site 3 - 20,366 SF
- East NY In-Place Industrial Park Site 23 - 5,000 SF

Any selection by NYCEDC of development teams for the various sites will be based on an evaluation of the proposals submitted, factoring in the economic return to the City, financial feasibility of the proposed projects, and other criteria as noted in the RFP. The RFP is available as of Monday, August 2, 2004.
A pre-submission conference will be held at NYCEDC, 110 William Street, Conference Room 4A/B, New York, NY on Wednesday, September 15 at 9:30 a.m. Interested businesses are strongly encouraged to attend the conference. Please call Delkis Torres at (212) 312-3871 on or before Friday, September 10 to RSVP for the pre-submission conference.

SALE AND REDEVELOPMENT OF PARKING LOT – Request for Proposals – DUE 10-20-04 AT 4:00 P.M.
approximately 74,500 square foot surface, owned by the City of New York (the City), located between 230th Street and Verveelen Place, east of Broadway, in the Kingsbridge-Riverdale section of The Bronx.

The goal of this Request For Proposals (RFP) is to generate a development that both complements and enhances local neighborhood businesses and improves upon the neighborhood as it relates to urban design. The successful proposal will capitalize on the Kingsbridge-Riverdale area's major retail and commercial center. The redevelopment of the parking lot will augment and be consistent with the existing office and merchant mix and connect retail and office uses primarily through the 230th Street and Broadway retail corridors.

All questions related to this RFP should be directed via e-mail to k-rRFP@nycedc.com by Friday, September 24, 2004. No questions will be accepted after that date. All questions and answers will be available to all potential respondents by close of business on Friday, October 1, 2004 at www.nycedc.com/k-rRFP.

Detailed submission guidelines and requirements are outlined in the RFP available as of August 9, 2004 from NYCEDC, 110 William Street, 6th Floor, New York, NY 10038. For more information and to request a copy of the RFP. The deadline for submission of proposals is October 20, 2004 at 4:00 p.m. Proposals are to be submitted to Paul J. Tamboia, Agency Chief Contracting Officer, NYCEDC, 110 William Street, 6th Floor, New York, NY 10038.

DIAL A TEACHER – Negotiated Acquisition – PIN# 12096040 – To extend the contract with the UFT Educational Foundation Inc. for the provision of the Dial-A-Teacher program, the joint project of the United Federation of Teachers and the NYC Department of Education, pursuant to Section 30-1(d)(1)(iv) of the PPB rules. Dial-A-Teacher is a unique program that provides an after school telephone service allowing students to call teachers for assistance with their homework in various academic subjects. In addition, Dial-A-Teacher offers professional advice to parents on basic skills instruction. These cost-effective services are offered Monday through Thursday from 4:00 PM to 7:00 PM throughout the school year, to students and parents of all public elementary schools. This extension will be for the additional period July 1, 2004 through June 30, 2007, for an annual amount not to exceed $217,646.

TAKE THE FIELD – Negotiated Acquisition – PIN# 11713040 – To extend an agreement with Take The Field Inc. (TTF) for the purpose of completing its FY2005 Capital Program to renovate various Athletic Fields and other DOE properties, pursuant to Section 30-1(d)(1)(iv) of the PPB Rules. Take The Field Inc. is a not-for-profit corporation organized to raise Private Sector Funds for the renovation of High School Athletic Fields and other physical education facilities. In 2000 the Board of Education approved a resolution allowing the chancellor to enter into a partnership with TTF so that both city and privately donated resources could merge to rehabilitate DOE Athletic Fields which had deteriorated over the years due to lack of maintenance and capital funds. During the FY2001-FY2004 period, TTF renovated 40 DOE Athletic Fields at a cost of approximately $117 million, with the private sector funding 25% of these costs (approximately $29.2 million). The current contract with TTF expired on June 30, 2004. In order to continue this successful initiative of combining both private and public funding streams an extension to the current contract is required. In FY2005 the plan calls for TTF to rehabilitate 3 additional facilities and to make minor improvements to fields previously renovated at a total cost of approximately $15.4 million for the period July 1, 2004 through June 30, 2005. Similar to prior years and in accordance with the current contract, 25% of these costs ($3.9 million) will be funded from charitable donations from the private sector.

TEST MATERIALS AND SERVICES – Negotiated Acquisition – PIN# 1B736040 – To amend an agreement with Harcourt Educational Measurement to purchase additional test materials and services for a citywide assessment of students in English Language Arts. This Negotiated Acquisition is pursuant to Section 30-1(d)(l)(iv) of the PPB rules. Each spring, the Department of Education administers tests citywide to students in Grades 3, 5, 6, and 7 to assess their progress toward state and city standards in ELA. In

order to maintain the integrity of the Citywide testing program, NYCDOE sought to increase test security and to limit the exposure of students to test items repeated from the previous year. This amendment to the contract is to purchase the following additional services: field tests to create new test questions, development of new test forms for spring and summer of 2005, unique security bar codes on test booklets for tracking purposes, and increased practice tests from grade 3 only to all grade levels. This amendment is for the period August 15, 2004 through Augusr 14, 2005, and for the period August 15, 2005 to August 14, 2006, for an estimated annual increase of $657,614, for a total annual estimated amount of $1,262,614.

ADDITIONAL CITYWIDE MATHEMATICS TEST MATERIALS AND SERVICES – Negotiated Acquisition – PIN# 12852040 – To amend an agreement with CTB/McGraw-Hill for the purchase of additional citywide mathematics test materials and services. This Negotiated Acquisition is pursuant to Section 30-1(d)(l)(iv) of the PPB rules. Each spring, the New York City Department of Education administers a citywide test to students in Grades 3, 5, 6, and 7 to assess their progress in mathematics. During the term of the agreement, the mathematics test has been carefully aligned with the New York State and New York City Performance Standards in Mathematics, thereby allowing for an integrated State and City assessment system. Using this system, NYCDOE can track the longitudinal progress of students from grade 3 through grade 8, and measure the implementation of the new curriculum and organizational structure of Children First. In order to maintain the integrity of the Citywide testing program, NYCDOE sought to increase test security and to limit the exposure of students to test items repeated from the previous year. This amendment to the contract is to purchase the following additional services: field tests to create new test questions, development of new test forms for spring and summer of 2005, unique security bar codes on test booklets for tracking purposes, increased practice tests from grade 3 only to all grade levels, and test forms in other languages, including the addition of Russian, Korean, and simplified Chinese, which are necessary to align the Citywide and the State testing programs. This amendment is for the period August 1, 2004 through October 31, 2006 for an estimated annual increase of $1,431,064, for a total annual estimated amount of $2,470,444.

DEVELOP TRANSITIONAL RESIDENCES FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – Competitive Sealed Proposals – Judgment required in evaluating proposals - PIN# 071-00S-003-262 – DUE 12-30-04 AT 5:00 P.M. – The Department of Homeless Services is soliciting proposals from organizations interested in developing and operating transitional residences for homeless adults and families including the Neighborhood Based Cluster Residence and drop-in centers for adults. This is an open-ended solicitation; there is no due date for submission. Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-forth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the transitional residence contracts will range from 3 to 30 years including renewal options and depending on the financial terms and conditions.

Pursuant to Section 312 (c) (1) (ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgment is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03 (c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences in order to address the need to create additional shelter capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated as a for-profit entity; 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed Standalone facility location(s); and 3) must demonstrate an intent to enter into lease agreements with the owner(s) or management designee(s) for each property.

Any organization that believes it can provide these services may contact: John Iaffaldano, Associate Staff Analyst, Office of Contracts and Procurement at the Department of Homeless Services at (212) 361-8435, 33 Beaver Street, 13th Floor NY, NY 10004, to request a copy of the RFP application, which is available for pick-up Monday through Friday on business days between the hours of 9:00 a.m. to 5:00 p.m.

Statement of Substantial Need For Earlier Implementation

I hereby find, pursuant to Section 1043(e)(1)(c) of the New York City Charter, that there is a substantial need for the implementation, immediately upon its final publication in the ***City Record***, of a rule adding a new Chapter 15 to Title 16 of the Rules of the City of New York (the "Rule"), pursuant to Local Law No. 9 for the Year 2004 ("Local Law 9").

Local Law No. 9 was enacted by the City Council on May 19, 2004. It requires the Department to designate two (2) one-hour periods during the day when authorized representatives of the Department may issue notices of violation to owners, lessees, tenants, occupants or persons in charge of any premises for litter conditions in front of their properties pursuant to Administrative Code § 16-118(2). In 1990, the Department implemented a similar program for commercial premises. The Rule provides written notice, as required by Local Law No. 9, of the two (2) one-hour periods to owners, tenants, occupants and persons in charge of premises not covered by the 1990 program.

The earlier implementation of the Rule is necessary because Local Law No. 9 becomes effective on August 17, 2004. Without such earlier implementation, the Department will be unable to enforce the City's sidewalk cleanliness laws for non-commercial premises under Administrative Code §16-118(2) on such effective date.

John J. Doherty, Commissioner
New York City Department of Sanitation

Approved:
Michael Bloomberg
Mayor

Date: August 16, 2004

NOTICE OF ADOPTION OF FINAL RULES RELATING TO RESIDENTIAL ENFORCEMENT ROUTING HOURS

NOTICE IS HEREBY GIVEN in accordance with the requirements of Section 1043 of the New York City Charter and pursuant to the authority vested in the Commissioner of the Department of Sanitation by section 753(a) and (b) of the New York City Charter that the Department adopts the following rule governing the designation of certain hourly periods during the day when authorized Department representatives may issue notices of violation to residential property owners for litter conditions in front of their premises. This rule adds a new Chapter 15 to Title 16 of the Rules of the City of New York. Existing provisions to be deleted are shown below in brackets and new provisions are underlined.

Section 1. Title 16 of the Rules of the City of New York is amended by adding a new chapter 15 to read as follows:

Chapter 15

RESIDENTIAL ENFORCEMENT ROUTING

§ 15-01 Designation of Enforcement Routing Hours for Residential Buildings.

(a) *Purpose.* The purpose of this chapter is to designate two (2) one-hour periods each day when the Department will conduct citywide enforcement routing for residential premises pursuant to §16-118.1 of the Administrative Code of the City of New York.

(b) *Definition.* For purposes of this chapter, "citywide enforcement routing for residential premises" means enforcement by authorized Department representatives of subdivision two of §16-118 of the Administrative Code of the City of New York, as such subdivision relates to cleaning of sidewalks, flagging, curbstones and roadway areas by owners, lessees, tenants, occupants or persons in charge of residential premises.

(c) *Hours of Residential Enforcement Routing.* The Department establishes the periods from 8:00 A.M. to 9:00 A.M. and from 12:00 P.M. to 1:00 P.M. as the two (2) one-hour periods during which time the Department will conduct citywide enforcement routing for residential premises.

§ 15-02 Applicability.

This chapter shall apply only to residential premises and shall not apply to commercial premises. The schedule for citywide enforcement routing for commercial premises in effect as of the effective date of this chapter shall continue in effect until such time as such schedule is changed by the Department in accordance with §16-118.1 of the Administrative Code of the City of New York.

STATEMENT OF BASIS AND PURPOSE

The Commissioner of the New York City Department of Sanitation is authorized to adopt rules relating to street cleanliness pursuant to section 753(a) and (b) of the New York City Charter. Pursuant to Administrative Code §16-118(2), owners, lessees, tenants, occupants, and persons in charge of any building or dwelling, or portion thereof, are responsible for maintaining the sidewalks in front of their premises, and eighteen inches from the curb into the street, free of litter.

In 2003, the City Council introduced Int. No. 179 to amend Administrative Code §16-118.1. By its terms, Int. No. 179 limited the period of time when the Department could issue notices of violation to owners, lessees, tenants, occupants, and persons in charge of residential premises for violations §16-118(2) to not more than two pre-determined one-hour periods each day, similar to the Department's current enforcement routing program for commercial premises. On May 19, 2004, the City Council overrode the Mayor's veto of Int. No. 179, which became Local Law 9 of 2004.

The purpose of this rule is to designate two one-hour periods during the day when authorized representatives for the Department may issue notices of violation to residential property owners for litter conditions in front of their properties pursuant to Local Law 9 of 2004.

■ NOTICE

NOTICE OF OPPORTUNITY TO COMMENT on proposed amendment to the rule regarding the use of the Grand Central Parkway by certain vehicles.

NOTICE IS HEREBY GIVEN PURSUANT TO THE AUTHORITY VESTED IN THE Commissioner of the Department of Transportation by Section 2903 of the New York City Charter, and in accordance with Section 1043 of the Charter, that the Department of Transportation proposes to amend subdivision (l) of section 4-07 of Chapter 4 of Title 34 of the Official Compilation of Rules of the City of New York, the Traffic Rules. Matter [in brackets] is deleted; matter underlined is new. This rule was not included in DOT's regulatory agenda because it was not anticipated at the time the agenda was published.

Written comments regarding the proposed rule may be sent to Ann Marie Sledge-Doherty, Chief of Research, Implementation and Safety, Office of Traffic Planning, Department of Transportation, 40 Worth Street, Room 928, New York, NY 10013 on or before September 20, 2004. A public hearing shall be held on September 20, 2004 at 40 Worth Street, Room 999, New York, N.Y. 10013 at 10:00 a.m. Persons seeking to testify are requested to notify Ms. Sledge-Doherty at the address stated above. Persons who need a sign language interpreter or other accommodations for a disability are asked to notify Ms. Sledge-Doherty at the foregoing address by September 13, 2004. Persons interested in receiving comments may request them by writing to: Department of Transportation, Record Access Office, 40 Worth Street, 9th floor, New York, N.Y. 10013. Iris Weinshall, Commissioner.

Subdivision l of section 4-07 of Title 34 of the Rules of the City of New York is amended to read as follows:

(l) [Pilot program for the temporary use] Use of the Grand Central Parkway by certain vehicles.

Notwithstanding any other provision of these rules to the contrary, [for a period not to exceed 12 months beginning on the effective date of this subdivision,] single-unit vehicles with no more than three axles and ten tires may operate in both directions on the roadway of the Grand Central Parkway, between the Triborough Bridge and the western leg of the Brooklyn-Queens Expressway. Buses will continue to be prohibited from operating on the Grand Central Parkway without consent. [The use of the Grand Central Parkway during such period by vehicles described in this subdivision is intended as a pilot program.]

Statement of Basis and Purpose of Proposed Rule

The Commissioner of Transportation is authorized to regulate the movement of vehicular traffic on parkways within New York City pursuant to Section 2903(a) of the New York City Charter.

On October 3, 2003, the Department of Transportation adopted a rule creating a 12-month pilot program to reduce traffic volume exiting from the Triborough Bridge to the local street system in Astoria, Queens by opening approximately three-quarters of a mile of the Grand Central Parkway to trucks. The rule became effective on November 3, 2003.

On July 27, 2004, Governor Pataki signed chapter 223 of the laws of 2004, which specifically authorizes the New York City Department of Transportation to adopt a permanent rule allowing single-unit commercial vehicles with no more than three axles and ten tires on the part of the Grand Central Parkway, between the Triborough Bridge and the western leg of the Brooklyn-Queens Expressway. Consequently, DOT now proposes that the pilot program be made permanent.

North Riverdale Rezoning

The applicant, the New York City Department of City Planning, is proposing the following amendments to the Zoning Map in the northwestern Bronx neighborhood of North Riverdale, Community District 8:

- a change from a R3-1 to a R3A district;
- a change from a R3-2 to a R3A district; and
- a change from a R3-2 to a R3-1 district.

The area to be rezoned is bounded by the city of Yonkers to the north, Fieldston Road, Valles Avenue and 100 feet east of Riverdale Avenue to the west, 100 feet west of Broadway to the east, and West 254th Street, Mosholu Avenue and West 256th Street to the south. The Department of City Planning proposes to rezone seventeen (17) full blocks and portions of eleven (11) blocks between north of 259th Street from R3-1 to R3A; two (2) full blocks and six (6) portions of blocks south of 259th Street and north of Mosholu Avenue from R3-2 to R3A; and six (6) full blocks and a portion of three (3) blocks south of Mosholu Avenue from R3-2 to R3-1.

The purpose of the rezoning is to maintain the current character of the neighborhood, which is primarily comprised of detached- and semi-detached homes. Due to increasing pressures in North Riverdale to redevelop underutilized lots in the rezoning area, there is an incentive to demolish existing housing stock to make way for out-of-scale attached or multifamily structures. The proposed action will limit new developments to single and two-family semi-detached and detached housing which most accurately reflects the neighborhood's existing pattern of development. Existing semi-detached, attached, and multifamily buildings would become legally non-conforming uses in the rezoning area. The proposed zoning would not significantly alter land use nor would it affect the amount of future development.

Statement of No Significant Effect:

The Environmental Assessment and Review Division of the Department of City Planning, on behalf of the City Planning Commission, has completed its technical review of the Environmental Assessment Statement dated August 3, 2004, prepared in connection with the ULURP Application (050043ZMX). The City Planning Commission has determined that the proposed action will have no significant effect on the quality of the environment.

Supporting Statement:
The above determination is based on an environmental assessment which finds that no significant effects on the environment which would require an Environmental Impact

Statement are foreseeable.

This Negative Declaration has been prepared in accordance with Article 8 of the Environmental Conservation Law 6NYCRR part 617.

COURT NOTICE MAPS FOR STATEN ISLAND BLUEBELT PHASE 2

READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS OFFICAL NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in Crosby v. National Foreign Trade Council, 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists--free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contracts at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

CITY COUNCIL

■ PUBLIC HEARINGS

NOTICE IS HEREBY GIVEN THAT the matter below was submitted to the Council on August 12, 2004 and pursuant to Section 363-c of the Charter, a public hearing shall be scheduled within ninety days.

Proposed authorizing resolution submitted by the Mayor pursuant to Section 363 of the Charter for the granting of franchises for installation of telecommunications equipment and facilities on, over and under the inalienable property of the City in connection with the provision of telecommunications services.

WHEREAS, by Executive Order 25, dated August 23, 1995, the Mayor has designated the Department of Information Technology and Telecommunications as the responsible agency for the granting of telecommunications franchises; and

WHEREAS, pursuant to Section 363 of the Charter ("the Charter") of the City of New York ("the City"), the Commissioner of the Department of Information Technology and Telecommunications has made the initial determination of the need for franchises for installation of telecommunications equipment and facilities on, over and under the inalienable property of the City in connection with the provision of mobile telecommunications services, and has prepared a proposed authorizing resolution for the granting of such franchises; and

WHEREAS, the Mayor has submitted to the Council a proposed authorizing resolution for the granting of such franchises pursuant to Section 363 of the Charter; and

WHEREAS, the Council has determined that it is appropriate to authorize the granting of such franchises as described hereinafter ;

The Council hereby resolves that:

The Council authorizes the Department of Information Technology and Telecommunications to grant non-exclusive franchises for the installation of telecommunications equipment and facilities on, over and under the inalienable property of the City to be used in providing mobile telecommunications services in the City of New York.

For purposes of this resolution, "inalienable property of the City" shall mean the property designated as inalienable in Section 383 of the Charter.

For purposes of this resolution, "mobile telecommunications services" shall mean any "mobile service", as defined in Section 153 of Title 47 of the United States Code, and other voice and/or data communications or information services employing electromagnetic waves propagated through space to serve portable sending and/or receiving equipment.

The public services to be provided under such franchises shall be mobile telecommunications services.

The authorization to grant franchises pursuant to this resolution shall expire on the fifth anniversary of the date on which this resolution is adopted by the Council (the "Expiration Date"). No franchises shall be approved pursuant to this resolution by the Department of Information Technology and Telecommunications, the Franchise and Concession Review Committee, or the Mayor pursuant to this resolution after the Expiration Date.

Prior to the grant of any such franchise, a Request For Proposals ("RFP") or other solicitation shall be issued by the Department of Information Technology and Telecommunications. Prior to issuing any such RFP or other solicitation, all necessary environmental and land use review shall be conducted in accordance with City Environmental Quality Review ("CEQR") and Section 197-c of the Charter. The criteria to be used by the Department of Information Technology and Telecommunications to evaluate responses to such RFPs or other solicitation shall include, but not be limited to, the following to the extent permitted by law:

(1) the adequacy of the proposed compensation (which may include monetary and/or in-kind compensation, as provided in the applicable RFP or other solicitation) to be paid to the City for the use of City property;

(2) the ability of the respondent(s) to maintain the property of the City in good condition throughout the term of the franchise;

(3) the consistency of the response(s) to the City's management of local rights-of-way activities, plans and goals.

In no event, however, shall the Department of Information Technology and Telecommunications include any criteria in any such RFP or other solicitation which the City would be preempted, pursuant to federal law, from thus including; and in no event shall the Department of Information Technology and Telecommunications apply any criteria to be included in any such RFP or other solicitation in a manner which the City would be preempted, pursuant to federal law, from thus applying.

Any franchise granted pursuant to this authorizing resolution shall be by written agreement which shall include, but not be limited to, the following terms and conditions to the extent permitted by law (provided, however, that no term or condition, whether or not listed hereafter, shall be included in a written franchise agreement if the City is preempted, by federal law, from including such a term or condition in such agreement, and provided that no term or condition, whether or not listed hereafter, shall be included in a written franchise agreement in a form or manner which the City is preempted by federal law from using with respect to such agreement):

(1) the term of the franchise, including options to renew if any, shall not exceed fifteen (15) years;

(2) the compensation to be paid to the City shall be adequate and may include monetary or in-kind compensation or both;

(3) the franchise may be terminated or cancelled in the event of the franchisee's failure to comply with the material terms and conditions of the agreement;

(4) a security fund shall be established to ensure the performance of the franchisee's obligations under the agreement;

(5) the City shall have the right to inspect the facilities of the franchisee located on the inalienable property of the City and to order the relocation of such facilities as appropriate at the direction of the applicable agency;

(6) there shall be adequate insurance and indemnification requirements to protect the interests of the public and the City;

(7) there shall be provisions to ensure access by the City to books and records of the franchisee as necessary or appropriate to review and/or enforce compliance with the franchise agreement;

(8) there shall be provisions to ensure quality workmanship and construction methods in the use of the inalienable property;

(9) there shall be provisions containing the agreements required pursuant to paragraph 6 of subdivision (h) of Section 363 of the Charter relating to collective bargaining and other matters;

(10) there shall be provisions requiring the franchisee to comply with City laws, regulations and policies related to, but not limited to, employment, purchasing and investigations;

(11) there shall be provisions to restrict the assignment or other transfer of the franchise without the prior written consent of the City and provisions to restrict changes in control of the franchisee without the prior written consent of the City;

(12) there shall be remedies to protect the City's interest in the event of the franchisee's failure to comply with the terms and conditions of the agreement;

(13) all franchisees shall be subject to review under the City's Vendor Information Exchange System ("VENDEX");

(14) franchisees shall be required to hold any applicable licenses and permits required by the New York State Public Service Commission and the Federal Communications Commission.

(15) there shall be provisions preserving the right of the City to perform public works or public improvements in and around those areas subject to the franchise;

(16) there shall be provisions requiring the franchisee to protect the property of the City, and the delivery of public services that utilize the property of the City, from damage or interruption of operation resulting from the construction, operation, maintenance, repair or removal of facilities, equipment or other improvements related to the franchise; and

(17) there shall be provisions designed to minimize the extent to which the public use of the streets of the City are disrupted in connection with the construction of improvements relating to the franchise.

The Department of Information Technology and Telecommunications shall file with the Council the following documents:

(1) within fifteen (15) days of issuance, a copy of each RFP or other solicitation issued pursuant to this resolution;

(2) within fifteen (15) days of approval by the Mayor, a copy of the agreement for each franchise granted pursuant to this resolution; and

(3) on or before July 1 of each year, a report detailing the revenues received by the City from each franchise granted pursuant to this resolution during the preceding calendar year.

Project Location

The Gateway Center at Bronx Terminal Market project is located in the West Haven neighborhood of the Bronx on an approximately 26-acre parcel that is bordered by Metro North Rail Road tracks to the north, River Avenue to the east, 149th Street to the south, and the Harlem River to the west.

Brief Project Description

The Gateway Center at Bronx Terminal Market is a proposed redevelopment of a portion of the current Bronx Terminal Market site, along with the Bronx House of Detention. On the eastern side of Exterior Street, the project would include a series of five 1-story retail buildings with an adjacent surface parking lot; two 3-story retail buildings, one with parking on the ground floor; a 6-level parking garage with retail space on Exterior Street and River Avenue; and a hotel with a banquet facility and parking. On the western side of Exterior Street, the project would include a public park and waterfront esplanade totaling approximately 2 acres, and a 2-story retail building with parking on the ground floor. In total, the project will comprise approximately 2,383,074 gross square feet of new development on the site. The project is expected to be complete and operational in 2009, except for the hotel, which would not be completed until 2014. The project would involve the closing of the Bronx Terminal Market and the Bronx House of Detention.
The project would require a number of discretionary actions, including the disposition of land (a long-term lease); rezoning; modification of the City Map; special permits to modify the site's underlying bulk regulations and parking requirements, to permit a public parking garage in excess of 150 spaces, and to provide relief for signs not otherwise permitted under the Zoning Resolution; and a waterfront authorization. In addition, the project sponsor will seek financing from the New York City Industrial Development Agency (NYCIDA). The project is expected to qualify for inclusion in the Brownfield Cleanup Program of the New York State Department of Environmental Conservation (NYSDEC). The project may require a NYSDEC State Pollution Discharge Elimination System (SPDES) permit for stormwater discharges associated with construction activities. The project may also require a tidal wetlands permit and/or Protection of Waters permit(s) from NYSDEC, as well as a water quality certification, and possibly a permit from the U.S. Army Corps of Engineers (USACOE) for shoreline-related work. The Proposed Project is within the boundaries of the coastal zone and will require a NYSDOS determination of consistency with New York City's Local Waterfront Revitalization Program. The project may also involve a land transfer from the New York State Department of Transportation (NYSDOT) to New York City, and a revocable consent for utility lines underneath Exterior Street.

A public scoping meeting will be held on September 9, 2004 at 6:00 pm at the Bronx Borough President's Office, 198 East 161st Street, 2nd Floor, Bronx, New York. The period for submitting written comments will remain open until September 20, 2004.

PLEASE TAKE FURTHER NOTICE, that pursuant to said Order and to Sections 503 and 504 of the Eminent Domain Procedure Law of the State of New York, each and every person interested in the real property acquired in the above-referenced proceeding and having any claim or demand on account thereof is hereby required, on or before July 28, 2005 (which is one (1) calendar year from the title vesting date), to file a written claim with the Clerk of the Court of Richmond County, and to serve within the same time a copy thereof on the Corporation Counsel of the City of New York, Tax and Bankruptcy Litigation Division, 100 Church Street, New York, New York 10007. Pursuant to EDPL Section 504, the claim shall include:

A. the name and post office address of the condemnee;

B. reasonable identification by reference to the acquisition map, or otherwise, of the property affected by the acquisition, and the condemnee's interest therein;

C. a general statement of the nature and type of damages claimed, including a schedule of fixture items which comprise part or all of the damages claimed; and,

D. if represented by an attorney, the name, address and telephone number of the condemnee's attorney.

Pursuant to EDPL Section 503(C), in the event a claim is made for fixtures or for any interest other than the fee in the real property acquired, a copy of the claim, together with the schedule of fixture items, if applicable, shall also be served upon the fee owner of said real property.

PLEASE TAKE FURTHER NOTICE, that, pursuant to Section 5-310 of the New York City Administrative Code, proof of title shall be submitted to the Corporation Counsel of the City of New York, Tax and Bankruptcy Litigation Division, 100 Church Street, New York, New York 10007 on or before July 28, 2006 (which is two (2) calendar years from the title vesting date).

ARCHITECTURAL DESIGN SERVICES – Competitive Sealed Proposals – Judgment required in evaluating proposals – DUE 09-14-04 AT 4:30 P.M. –
PIN# 8462004X040D01 - VISITOR'S CENTER IN POE PARK
PIN# 8462004M063D01 - PARTIAL RECONSTRUCTION AND ADDITION TO 59TH ST. RECREATION CENTER

(A) The Department of Parks and Recreation proposes to use innovative procurement method for two contracts, pursuant to Procurement Policy Board (PPB) Rule Section 3-12, Innovative Procurement Methods.

(B) Contract Descriptions, Pins, and estimated dollar value:
Architectural Services for the Design of a Visitor's Center in Poe Park.
PIN# 8462004X040D01, estimated value $174,000.
Architectural Services for the Design of the Partial Reconstruction and Addition to 59th Street Recreation Center.
PIN# 8462004M063D01, estimated value $450,000.

(C) This method serves the best interest of the City by allowing the agency to procure the highest quality services at a fair and reasonable cost. It differs most significantly from the methods currently available in the rules by allowing the decision regarding the best qualified firm to undertake the work to take place prior to cost consideration.
PPB Rule 3-03(g) now mandates that award be based on price and other factors or criteria as set forth in the RFP. The overall requirement for cost consideration will be preserved in that the failure to arrive at a fair and reasonable fee with the top ranked firm within a reasonable time period will result in rejection of that firm and the initiation of fee negotiations with the next highest ranked firm, however, under the proposed method discussion of cost will only occur with the top ranked firm unless and until such firm is removed from consideration.

(D) The method proposed involves a two-stage selection process, beginning with an open request for proposal (RFP), which will comport in all respects with the PPB Rule Sections 3-03(a),(c) and (d)(1), and the other provisions of Section 3-03 except as modified in the manner described herein. Suppliers may express interest in providing the desired services by responding to each contract RFP. The Agency will distribute the RFP widely, including via appropriate trade publications. Initial submissions will be required to set forth proposers' qualifications to undertake the work, and examples of relevant projects from proposers' portfolio of prior work. At the first stage of this process, the portfolio submissions will be ranked by a proposal evaluation committee, which will include an outside professional peer as one member, along with at least three City employees. Participating professional peer evaluators will be selected by the Agency from a pool of qualified volunteer professional peers; each volunteer professional peer selected for a particular evaluation committee will be required to certify that he/she will participate in an impartial manner and that neither he/she nor any family member nor any firm affiliated with either has any interest in particular procurement which the committee will review. At the first stage of the selection process, that same evaluation committee will undertake discussions with and/or invite the top-ranked proposers from the first stage to supplement their submissions to address the projects identified below. The committee will then rank the proposers according to the quality of their proposed approaches. At the conclusion of the second stage the City will commence fee negotiations with the highest technically ranked firm.

This method will be implemented within the next two months.

ACQUISITION AND REDEVELOPMENT OF SEVEN CITY-OWNED INDUSTRIAL SITES LOCATED IN THE BRONX AND BROOKLYN – RFP – DUE 10-07-04 AT 4:00 P.M. – Through this targeted RFP effort, NYCEDC seeks to encourage the development of quality space for industrial firms in New York City and enhance the growth of the City's industrial base. All responses to this RFP must be from an industrial firm (manufacturers or distributors engaged in the production, processing, or distribution of tangible products); or a developer/development entity committed to the development and maintenance of rental space for industrial use.

The specific areas for development are:
- Bathgate Industrial Site - 107,300 SF
- North Zerega Industrial Site - 95,892 SF
- Sunset Park Industrial Site - 71,192 SF
- Brownsville Industrial Site 1 - 17,000 SF
- Brownsville Industrial Site 2 - 10,000 SF
- Brownsville Industrial Site 3 - 20,366 SF
- East NY In-Place Industrial Park Site 23 - 5,000 SF

Any selection by NYCEDC of development teams for the various sites will be based on an evaluation of the proposals submitted, factoring in the economic return to the City, financial feasibility of the proposed projects, and other criteria as noted in the RFP. The RFP is available as of Monday, August 2, 2004.

A pre-submission conference will be held at NYCEDC, 110 William Street, Conference Room 4A/B, New York, NY on Wednesday, September 15 at 9:30 a.m. Interested businesses are strongly encouraged to attend the conference. Please call Delkis Torres at (212) 312-3871 on or before Friday, September 10 to RSVP for the pre-submission conference.

All communications should be directed to Brendan Healey, Senior Project Manger, NYCEDC, at (212) 618-5737 or bhealey@nycedc.com

SALE AND REDEVELOPMENT OF PARKING LOT – Request for Proposals – DUE 10-20-04 AT 4:00 P.M. – approximately 74,500 square foot surface, owned by the City of New York (the City), located between 230th Street and Verveelen Place, east of Broadway, in the Kingsbridge-Riverdale section of The Bronx.
The goal of this Request For Proposals (RFP) is to generate a development that both complements and enhances local neighborhood businesses and improves upon the neighborhood as it relates to urban design. The successful proposal will capitalize on the Kingsbridge-Riverdale area's major retail and commercial center. The redevelopment of the parking lot will augment and be consistent with the existing office and merchant mix and connect retail and office uses primarily through the 230th Street and Broadway retail corridors.

All questions related to this RFP should be directed via e-mail to k-rRFP@nycedc.com by Friday, September 24, 2004. No questions will be accepted after that date. All questions and answers will be available to all potential respondents by close of business on Friday, October 1, 2004 at www.nycedc.com/k-rRFP.

Detailed submission guidelines and requirements are outlined in the RFP available as of August 9, 2004 from NYCEDC, 110 William Street, 6th Floor, New York, NY 10038. For more information and to request a copy of the RFP. The deadline for submission of proposals is October 20, 2004 at 4:00 p.m. Proposals are to be submitted to Paul J. Tamboia, Agency Chief Contracting Officer, NYCEDC, 110 William Street, 6th Floor, New York, NY 10038.

DEVELOP TRANSITIONAL RESIDENCES FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – Competitive Sealed Proposals – Judgment required in evaluating proposals - PIN# 071-00S-003-262 – DUE 12-30-04 AT 5:00 P.M. – The Department of Homeless Services is soliciting proposals from organizations interested in developing and operating transitional residences for homeless adults and families including the Neighborhood Based Cluster Residence and drop-in centers for adults. This is an open-ended solicitation; there is no due date for submission. Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-forth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the transitional residence contracts will range from 3 to 30 years including renewal options and depending on the financial terms and conditions.

Pursuant to Section 312 (c) (1) (ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgment is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03 (c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences in order to address the need to create additional shelter capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated as a for-profit entity; 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed Standalone facility location(s); and 3) must demonstrate an intent to enter into lease agreements with the owner(s) or management designee(s) for each property.

Any organization that believes it can provide these services may contact: John Iaffaldano, Associate Staff Analyst, Office of Contracts and Procurement at the Department of Homeless Services at (212) 361-8435, 33 Beaver Street, 13th Floor NY, NY 10004, to request a copy of the RFP application, which is available for pick-up Monday through Friday on business days between the hours of 9:00 a.m. to 5:00 p.m.

ARCHITECTURAL DESIGN SERVICES – Competitive Sealed Proposals – Judgment required in evaluating proposals – DUE 09-14-04 AT 4:30 P.M.
PIN# 8462004X040D01 - VISITOR'S CENTER IN POE PARK
PIN# 8462004M063D01 - PARTIAL RECONSTRUCTION AND ADDITION TO 59TH ST. RECREATION CENTER

(A) The Department of Parks and Recreation proposes to use innovative procurement method for two contracts, pursuant to Procurement Policy Board (PPB) Rule Section 3-12, Innovative Procurement Methods.

(B) Contract Descriptions, Pins, and estimated dollar value:
Architectural Services for the Design of a Visitor's Center in Poe Park.
PIN# 8462004X040D01, estimated value $174,000.
Architectural Services for the Design of the Partial Reconstruction and Addition to 59th Street Recreation Center.
PIN# 8462004M063D01, estimated value $450,000.

(C) This method serves the best interest of the City by allowing the agency to procure the highest quality services at a fair and reasonable cost. It differs most significantly from the methods currently available in the rules by allowing the decision regarding the best qualified firm to undertake the work to take place prior to cost consideration.
PPB Rule 3-03(g) now mandates that award be based on price and other factors or criteria as set forth in the RFP. The overall requirement for cost consideration will be preserved in that the failure to arrive at a fair and reasonable fee with the top ranked firm within a reasonable time period will result in rejection of that firm and the initiation of fee negotiations with the next highest ranked firm, however, under the proposed method discussion of cost will only occur with the top ranked firm unless and until such firm is removed from consideration.

(D) The method proposed involves a two-stage selection process, beginning with an open request for proposal (RFP), which will comport in all respects with the PPB Rule Sections 3-03(a),(c) and (d)(1), and the other provisions of Section 3-03 except as modified in the manner described herein. Suppliers may express interest in providing the desired services by responding to each contract RFP. The Agency will distribute the RFP widely, including via appropriate trade publications. Initial submissions will be required to set forth proposers' qualifications to undertake the work, and examples of relevant projects from proposers' portfolio of prior work. At the first stage of this process, the portfolio submissions will be ranked by a proposal evaluation committee, which will include an outside professional peer as one member, along with at least three City employees. Participating professional peer evaluators will be selected by the Agency from a pool of qualified volunteer professional peers; each volunteer professional peer selected for a particular evaluation committee will be required to certify that he/she will participate in an impartial manner and that neither he/she nor any family member nor any firm affiliated with either has any interest in particular procurement which the committee will review. At the first stage of the selection process, that same evaluation committee will undertake discussions with and/or invite the top-ranked proposers from the first stage to supplement their submissions to address the projects identified below. The committee will then rank the proposers according to the quality of their proposed approaches. At the conclusion of the second stage the City will commence fee negotiations with the highest technically ranked firm.

This method will be implemented within the next two months.

CITY PLANNING

■ NOTICE

2004 CONSOLIDATED PLAN SUBSTANTIAL AMENDMENT AMERICAN DREAM DOWNPAYMENT INITIATIVE

The City of New York announces the public comment period for the substantial amendment to the 2004 Consolidated Plan. New York has received additional federal funds for a new HUD initiative, to be administered as a part of the City's HOME Investment Partnerships (HOME) Program, the American Dream Downpayment Initiative (ADDI).

The public comment period will begin on August 16, 2004 and extend thirty (30) days to September 14, 2004.

As of August 16, 2004, copies of the narrative describing the new ADDI-funded programs can be obtained at the Department of City Planning Bookstore, 22 Reade Street, New York, New York 10007 (Monday - Friday; 10:00 am - 4:00 pm).

Copies of the Initiative will also be available for review at the main public library in each of the five boroughs. Please call (212) 720-3444 for information on the closest library.

READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS OFFICAL NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council**, 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists--free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contracts at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

PROCUREMENT POLICY BOARD RULES

The Rules may also be accessed on the City Website, http://NYC.GOV.Selltonyc

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

CITY COUNCIL

■ PUBLIC HEARINGS

NOTICE IS HEREBY GIVEN THAT the matter below was submitted to the Council on August 12, 2004 and pursuant to Section 363-c of the Charter, a public hearing shall be scheduled within ninety days.

Proposed authorizing resolution submitted by the Mayor pursuant to Section 363 of the Charter for the granting of franchises for installation of telecommunications equipment and facilities on, over and under the inalienable property of the City in connection with the provision of telecommunications services.

WHEREAS, by Executive Order 25, dated August 23, 1995, the Mayor has designated the Department of Information Technology and Telecommunications as the responsible agency for the granting of telecommunications franchises; and

WHEREAS, pursuant to Section 363 of the Charter ("the Charter") of the City of New York ("the City"), the Commissioner of the Department of Information Technology and Telecommunications has made the initial determination of the need for franchises for installation of telecommunications equipment and facilities on, over and under the inalienable property of the City in connection with the provision of mobile telecommunications services, and has prepared a proposed authorizing resolution for the granting of such franchises; and

WHEREAS, the Mayor has submitted to the Council a proposed authorizing resolution for the granting of such franchises pursuant to Section 363 of the Charter; and

WHEREAS, the Council has determined that it is appropriate to authorize the granting of such franchises as described hereinafter ;

The Council hereby resolves that:

The Council authorizes the Department of Information Technology and Telecommunications to grant non-exclusive franchises for the installation of telecommunications equipment and facilities on, over and under the inalienable property of the City to be used in providing mobile telecommunications services in the City of New York.

For purposes of this resolution, "inalienable property of the City" shall mean the property designated as inalienable in Section 383 of the Charter.

For purposes of this resolution, "mobile telecommunications services" shall mean any "mobile service", as defined in Section 153 of Title 47 of the United States Code, and other voice and/or data communications or information services employing electromagnetic waves propagated through space to serve portable sending and/or receiving equipment.

The public services to be provided under such franchises shall be mobile telecommunications services.

The authorization to grant franchises pursuant to this resolution shall expire on the fifth anniversary of the date on which this resolution is adopted by the Council (the "Expiration Date"). No franchises shall be approved pursuant to this resolution by the Department of Information Technology and Telecommunications, the Franchise and Concession Review Committee, or the Mayor pursuant to this resolution after the Expiration Date.

Prior to the grant of any such franchise, a Request For Proposals ("RFP") or other solicitation shall be issued by the Department of Information Technology and Telecommunications. Prior to issuing any such RFP or other solicitation, all necessary environmental and land use review shall be conducted in accordance with City Environmental Quality Review ("CEQR") and Section 197-c of the Charter. The criteria to be used by the Department of Information Technology and Telecommunications to evaluate responses to such RFPs or other solicitation shall include, but not be limited to, the following to the extent permitted by law:

(1) the adequacy of the proposed compensation (which may include monetary and/or in-kind compensation, as provided in the applicable RFP or other solicitation) to be paid to the City for the use of City property;

(2) the ability of the respondent(s) to maintain the property of the City in good condition throughout the term of the franchise;

(3) the consistency of the response(s) to the City's management of local rights-of-way activities, plans and goals.

In no event, however, shall the Department of Information Technology and Telecommunications include any criteria in any such RFP or other solicitation which the City would be preempted, pursuant to federal law, from thus including; and in no event shall the Department of Information Technology and Telecommunications apply any criteria to be included in any such RFP or other solicitation in a manner which the City would be preempted, pursuant to federal law, from thus applying.

Any franchise granted pursuant to this authorizing resolution shall be by written agreement which shall include, but not be limited to, the following terms and conditions to the extent permitted by law (provided, however, that no term or condition, whether or not listed hereafter, shall be included in a written franchise agreement if the City is preempted, by federal law, from including such a term or condition in such agreement, and provided that no term or condition, whether or not listed hereafter, shall be included in a written franchise agreement in a form or manner which the City is preempted by federal law from using with respect to such agreement):

(1) the term of the franchise, including options to renew if any, shall not exceed fifteen (15) years;

(2) the compensation to be paid to the City shall be adequate and may include monetary or in-kind compensation or both;

(3) the franchise may be terminated or cancelled in the event of the franchisee's failure to comply with the material terms and conditions of the agreement;

(4) a security fund shall be established to ensure the performance of the franchisee's obligations under the agreement;

(5) the City shall have the right to inspect the facilities of the franchisee located on the inalienable

property of the City and to order the relocation of such facilities as appropriate at the direction of the applicable agency;

(6) there shall be adequate insurance and indemnification requirements to protect the interests of the public and the City;

(7) there shall be provisions to ensure access by the City to books and records of the franchisee as necessary or appropriate to review and/or enforce compliance with the franchise agreement;

(8) there shall be provisions to ensure quality workmanship and construction methods in the use of the inalienable property;

(9) there shall be provisions containing the agreements required pursuant to paragraph 6 of subdivision (h) of Section 363 of the Charter relating to collective bargaining and other matters;

(10) there shall be provisions requiring the franchisee to comply with City laws, regulations and policies related to, but not limited to, employment, purchasing and investigations;

(11) there shall be provisions to restrict the assignment or other transfer of the franchise without the prior written consent of the City and provisions to restrict changes in control of the franchisee without the prior written consent of the City;

(12) there shall be remedies to protect the City's interest in the event of the franchisee's failure to comply with the terms and conditions of the agreement;

(13) all franchisees shall be subject to review under the City's Vendor Information Exchange System ("VENDEX");

(14) franchisees shall be required to hold any applicable licenses and permits required by the New York State Public Service Commission and the Federal Communications Commission.

(15) there shall be provisions preserving the right of the City to perform public works or public improvements in and around those areas subject to the franchise;

(16) there shall be provisions requiring the franchisee to protect the property of the City, and the delivery of public services that utilize the property of the City, from damage or interruption of operation resulting from the construction, operation, maintenance, repair or removal of facilities, equipment or other improvements related to the franchise; and

(17) there shall be provisions designed to minimize the extent to which the public use of the streets of the City are disrupted in connection with the construction of improvements relating to the franchise.

The Department of Information Technology and Telecommunications shall file with the Council the following documents:

(1) within fifteen (15) days of issuance, a copy of each RFP or other solicitation issued pursuant to this resolution;

(2) within fifteen (15) days of approval by the Mayor, a copy of the agreement for each franchise granted pursuant to this resolution; and

(3) on or before July 1 of each year, a report detailing the revenues received by the City from each franchise granted pursuant to this resolution during the preceding calendar year.

ACQUISITION AND REDEVELOPMENT OF SEVEN CITY-OWNED INDUSTRIAL SITES LOCATED IN THE BRONX AND BROOKLYN – RFP – DUE 10-07-04 AT 4:00 P.M. – Through this targeted RFP effort, NYCEDC seeks to encourage the development of quality space for industrial firms in New York City and enhance the growth of the City's industrial base. All responses to this RFP must be from an industrial firm (manufacturers or distributors engaged in the production, processing, or distribution of tangible products); or a developer/development entity committed to the development and maintenance of rental space for industrial use.

The specific areas for development are:
- Bathgate Industrial Site - 107,300 SF
- North Zerega Industrial Site - 95,892 SF
- Sunset Park Industrial Site - 71,192 SF
- Brownsville Industrial Site 1 - 17,000 SF
- Brownsville Industrial Site 2 - 10,000 SF
- Brownsville Industrial Site 3 - 20,366 SF
- East NY In-Place Industrial Park Site 23 - 5,000 SF

Any selection by NYCEDC of development teams for the various sites will be based on an evaluation of the proposals submitted, factoring in the economic return to the City, financial feasibility of the proposed projects, and other criteria as noted in the RFP. The RFP is available as of Monday, August 2, 2004.

A pre-submission conference will be held at NYCEDC, 110 William Street, Conference Room 4A/B, New York, NY on Wednesday, September 15 at 9:30 a.m. Interested businesses are strongly encouraged to attend the conference. Please call Delkis Torres at (212) 312-3871 on or before Friday, September 10 to RSVP for the pre-submission conference.

All communications should be directed to Brendan Healey, Senior Project Manger, NYCEDC, at (212) 618-5737 or bhealey@nycedc.com

SALE AND REDEVELOPMENT OF PARKING LOT – Request for Proposals – DUE 10-20-04 AT 4:00 P.M. – approximately 74,500 square foot surface, owned by the City of New York (the City), located between 230th Street and Verveelen Place, east of Broadway, in the Kingsbridge-Riverdale section of The Bronx.
The goal of this Request For Proposals (RFP) is to generate a development that both complements and enhances local neighborhood businesses and improves upon the neighborhood as it relates to urban design. The successful proposal will capitalize on the Kingsbridge-Riverdale area's major retail and commercial center. The redevelopment of the parking lot will augment and be consistent with the existing office and merchant mix and connect retail and office uses primarily through the 230th Street and Broadway retail corridors.

All questions related to this RFP should be directed via e-mail to k-rRFP@nycedc.com by Friday, September 24, 2004. No questions will be accepted after that date. All questions and answers will be available to all potential respondents by close of business on Friday, October 1, 2004 at www.nycedc.com/k-rRFP.

Detailed submission guidelines and requirements are outlined in the RFP available as of August 9, 2004 from NYCEDC, 110 William Street, 6th Floor, New York, NY 10038. For more information and to request a copy of the RFP. The deadline for submission of proposals is October 20, 2004 at 4:00 p.m. Proposals are to be submitted to Paul J. Tamboia, Agency Chief Contracting Officer, NYCEDC, 110 William Street, 6th Floor, New York, NY 10038.

DEVELOP TRANSITIONAL RESIDENCES FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – Competitive Sealed Proposals – Judgment required in evaluating proposals - PIN# 071-00S-003-262 – DUE 12-30-04 AT 5:00 P.M. – The Department of Homeless Services is soliciting proposals from organizations interested in developing and operating transitional residences for homeless adults and families including the Neighborhood Based Cluster Residence and drop-in centers for adults. This is an open-ended solicitation; there is no due date for submission. Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-forth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.
It is anticipated that the transitional residence contracts will range from 3 to 30 years including renewal options and depending on the financial terms and conditions.

Pursuant to Section 312 (c) (1) (ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgment is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03 (c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences in order to address the need to create additional shelter capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated as a for-profit entity; 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed Standalone facility location(s); and 3) must demonstrate an intent to enter into lease agreements with the owner(s) or management designee(s) for each property.

Any organization that believes it can provide these services may contact: John Iaffaldano, Associate Staff Analyst, Office of Contracts and Procurement at the Department of Homeless Services at (212) 361-8435, 33 Beaver Street, 13th Floor NY, NY 10004, to request a copy of the RFP application, which is available for pick-up Monday through Friday on business days between the hours of 9:00 a.m. to 5:00 p.m.

ARCHITECTURAL DESIGN SERVICES – Competitive Sealed Proposals – Judgment required in evaluating proposals – DUE 09-14-04 AT 4:30 P.M.
PIN# 8462004X040D01 - VISITOR'S CENTER IN POE PARK
PIN# 8462004M063D01 - PARTIAL RECONSTRUCTION AND ADDITION TO 59TH ST. RECREATION CENTER

(A) The Department of Parks and Recreation proposes to use innovative procurement method for two contracts, pursuant to Procurement Policy Board (PPB) Rule Section 3-12, Innovative Procurement Methods.

(B) Contract Descriptions, Pins, and estimated dollar value: Architectural Services for the Design of a Visitor's Center in Poe Park.
PIN# 8462004X040D01, estimated value $174,000.
Architectural Services for the Design of the Partial Reconstruction and Addition to 59th Street Recreation Center.
PIN# 8462004M063D01, estimated value $450,000.

(C) This method serves the best interest of the City by allowing the agency to procure the highest quality services at a fair and reasonable cost. It differs most significantly from the methods currently available in the rules by allowing the decision regarding the best qualified firm to undertake the work to take place prior to cost consideration.
PPB Rule 3-03(g) now mandates that award be based on price and other factors or criteria as set forth in the RFP. The overall requirement for cost consideration will be preserved in that the failure to arrive at a fair and reasonable fee with the top ranked firm within a reasonable time period will result in rejection of that firm and the initiation of fee negotiations with the next highest ranked firm, however, under the proposed method discussion of cost will only occur with the top ranked firm unless and until such firm is removed from consideration.

(D) The method proposed involves a two-stage selection process, beginning with an open request for proposal (RFP), which will comport in all respects with the PPB Rule Sections 3-03(a),(c) and (d)(1), and the other provisions of Section 3-03 except as modified in the manner described herein. Suppliers may express interest in providing the desired services by responding to each contract RFP. The Agency will distribute the RFP widely, including via appropriate trade publications. Initial submissions will be required to set forth proposers' qualifications to undertake the work, and examples of relevant projects from proposers' portfolio of prior work. At the first stage of this process, the portfolio submissions will be ranked by a proposal evaluation committee, which will include an outside professional peer as one member, along with at least three City employees. Participating professional peer evaluators will be selected by the Agency from a pool of qualified volunteer professional peers; each volunteer professional peer selected for a particular evaluation committee will be required to certify that he/she will participate in an impartial manner and that neither he/she nor any family member nor any firm affiliated with either has any interest in particular procurement which the committee will review. At the first stage of the selection process, that same evaluation committee will undertake discussions with and/or invite the top-ranked proposers from the first stage to supplement their submissions to address the projects identified below. The committee will then rank the proposers according to the quality of their proposed approaches. At the conclusion of the second stage the City will commence fee negotiations with the highest technically ranked firm.

This method will be implemented within the next two months.

AGENCY RULES

CAMPAIGN FINANCE BOARD

■ **NOTICE**

Campaign Finance Board

Notice of Final Rules
****

IN COMPLIANCE WITH SECTION 1043 OF THE NEW YORK CITY CHARTER, and exercising authority vested in the Campaign Finance Board (the "Board") under Chapter 46 of the New York City Charter (including, but not limited to, Section 1052(a)(8) thereof) and under the New York City Campaign Finance Act (the "Act") (including, but not limited to, Section 3-708(8) of the New York City Administrative Code), the Board hereby adopts amendments to the Campaign Finance Board Rules. Underscoring denotes proposed additions; ~~strikeout~~ denotes proposed deletions.

I. Explanation, Basis, and Purpose

The Campaign Finance Board Rules are codified in Chapter 52 of the Rules Compilation of the City of New York. The subject matter of this rulemaking was described in the Board's regulatory agenda for fiscal year 2004, published in The City Record on April 28, 2003.

The amendments effect the following specific changes, and take effect thirty days after final publication in The City Record.

Advances

1. Reimbursement of an Advance is Not an Exempt Expenditure (Rule 1-08(l))

When a person, including the participating candidate, makes purchases on behalf of the Committee with the expectation of being reimbursed by the Committee, he or she makes an advance to the Committee. Notably, one making an advance is seeking only reimbursement of the purchase price, not any profit or additional payment in excess of the amount advanced. *Cf.* Rule 3-03(c)(3). Currently, reimbursement of advances may be considered exempt from the expenditure limits if the goods or services purchased through the underlying advance have an exempt purpose. Administrative Code § 3-706(4), Rule 1-08(l). The Board has encountered obstacles in assessing whether such underlying advances have exempt purposes. The funds used to make an advance do not pass through the bank account of the participant's principal committee, thus interrupting the audit trail between a participant and the vendor from whom the goods or services are actually purchased. This interruption makes it difficult for the Board to confirm that an expenditure claimed as the reimbursement of an exempt advance actually was used to reimburse such advance, or that the advance itself properly had an exempt purpose, or even that the advance had a proper campaign purpose. The concerns associated with these difficulties are magnified because with advances – as opposed to other forms of

expenditures which do not pass directly through a principal committee bank account, such as subcontracted goods or services – the relationship between the candidate and the advancer generally is not arm's length or contractual. These concerns do not apply to a loan and loan repayment, for example, because the funds used for the loan and loan repayment pass through the bank account of the participant's principal committee, and there is no interruption in the audit trail.

Advances and their reimbursement provide too great an opportunity for the failure of good recordkeeping, the inability to track the flow of campaign funds, and fraud and misuse of public funds. Public confidence in the Program rests heavily on a full and verifiable accounting of campaign activities from each candidate. Accordingly, the rule provides that the reimbursement of an advance is not an exempt expenditure, regardless of the purpose of the underlying advance. Notably, it is the form of the expenditure that underlies the proposed rule, and not the substance of the expense. The rule does not alter the list of currently permitted exempt purposes.

2. Advances Must be Itemized in Disclosure Statements (Rule 3-03(c)(3))

Under the Board's current rules, advances and their reimbursement are disclosed in a lump-sum manner, and the Board and the public have no way of determining the ultimate payee or purpose for any advance, or the amount of any individual purchase. The rule provides that each individual advance must be itemized in a disclosure statement. The disclosure must include the name and address of the advancer and the party from whom the goods or services are purchased; the date, amount, form, and purpose of the purchase; whether the advancer has been reimbursed by the campaign; and the form of any reimbursements. The Board anticipates that the rule will improve disclosure for the benefit of the public and oversight for the Board.

The auditing concerns discussed above, in "Reimbursement of an Advance is Not an Exempt Expenditure," strongly counsel against treating advances and their reimbursement as qualified expenditures for which public funds may be used. Therefore, the rule does not alter the status of reimbursements of advances as expenditures that are not qualified.

Public Funds

1. Expenditures in Connection With Litigation (Rules 5-01, 1-08(g)(2))

The amendments confirm that public funds may not be used to pay expenditures made in connection with any action, claim or suit before any court or arbitrator. Participating candidates should not be able to subsidize litigation with public funds, and litigation expenses are not qualified campaign expenditures. The rule ensures that public funds, which are distributed for a specific public purpose and public benefit, are not spent for purposes other than those defined in the law, or for private use or private gain.

2. Petition for Review of Eligibility, Payment and Repayment Determinations (Rules 5-01(b), 5-02(a))

By adopting Rule 5-02(a), the Board in its discretion offers candidates an opportunity to seek Board review of a payment determination prior to seeking court relief. In the 2001 and 2003 elections, however, rather than treating the Rule 5-02(a) process as an opportunity to obtain reconsideration of a prior determination, a number of candidates sought to use the rule to submit documentation or information not submitted to the Board prior to the determination sought to be reviewed. In this manner, candidates have sought to employ the rule to obtain an additional opportunity to present new facts despite repeated requests and opportunities to submit the information, up to and including issuance of the final audit report. They have thus sought to avoid the consequences of failing to submit documentation of campaign records and related information in a timely manner and to obtain Board review of a late submission despite missed deadlines.

The rule is intended to discourage poor record-keeping and creation or dating of records after the fact, and to re-enforce the importance of timely submission of documentation in response to deadlines set by the Board. Also, the rule should help maintain an even playing field among candidates. Unfairness results to candidates who abide by Program requirements when other candidates fail to meet record-keeping requirements and deadlines. The rule will also improve the efficiency of the payment and audit processes and streamline Board meetings, to the benefit of both candidates and the operation of the Board.

The rule provides that candidates may not include in a Rule 5-02(a) petition documentation or facts not submitted prior to the determination which the candidates seek to have reviewed. There is a narrow exception for good cause so that the Board, in its discretion, may allow a candidate to provide new documentation or information where unusual circumstances merit the action.

Opportunity to be Heard by the Board (Rule 7-02(c))

Administrative Code §3-710.5, added by Local Law No. 12 of 2003, provides that "[t]he board shall give written notice and the opportunity to appear before the board to any participating candidate, his or her principal committee, principal committee treasurer or any other agent of a participating candidate, if the board has reason to believe that such has committed a violation or infraction, before assessing any penalty for such action."

This provision confirmed the Board practice of offering candidates the opportunity to contest proposed findings of violation and penalties. Candidates are informed of these proposals in a Notice of Recommended Penalties issued to candidates in advance of the meeting, informing them of the violations and penalties, as well as detailing the conditions for appearance. The amendment clarifies the rule's current requirement that the Board offer notice to candidates "by mail," confirming that although candidates must receive written notice, the Board may transmit such written notice by facsimile, electronic mail, or via the postal system.

II. Final Rules

Advances

1. Reimbursement of an Advance is Not an Exempt Expenditure (Rule 1-08(l))

Campaign Finance Board Rule 1-08(l) is amended by adding a new paragraph six as follows:

(6) Notwithstanding anything otherwise provided for in this subdivision, the reimbursement of an advance shall not be considered an exempt expenditure.

2. Advances Must be Itemized in Disclosure Statements (Rule 3-03(c)(3))

Campaign Finance Board Rule 3-03(c)(3) is amended as follows:

(3) Advances and reimbursements. The participant shall report in each disclosure statement: (i) the name and address of each person, including the candidate, who has made purchases on behalf of the committee during the reporting period with the expectation of being reimbursed by the committee; (ii) the date and amount of each such purchase; (iii) the name and address of the person or entity from whom the purchase has been made; (iv) the form of the purchase; (v) the purpose of the purchase; (vi) the name of each person, including the candidate, whom the committee reimbursed for purchases made on behalf of the committee during the reporting period, each purchase being reimbursed, and the amount and form of each reimbursement; and (vii) such other information as the Board may require; ~~(iii) the total amount of funds advanced by each person who has made purchases on behalf of the committee during the disclosure period; and (iv) the total amount of funds reimbursed during the disclosure period to each person who has made an advance to the committee~~.

Public Funds

1. Expenditures in Connection With Litigation (Rules 5-01, 1-08(g)(2))

Campaign Finance Board Rule 5-01 is amended by adding subdivision (t) to read as follows:

(t) Payment of expenditures made in connection with litigation with public funds. A participating candidate and his or her principal committee may not use public funds to pay expenditures made in connection with any action, claim, or suit before any court or arbitrator.

Campaign Finance Board Rules 1-08(g)(2)(xiii) and (xiv) are amended and a new subsection (xv) is added to read as follows:

(2) Public funds may not be used for:

. . .

(xiii) any payment that is not made or reimbursed from an account disclosed by the participant pursuant to Rule 1-11(c)(4) or 2-01(a); ~~and~~

(xiv) reimbursement for advances; and

(xv) expenditures made in connection with any action, claim or suit before any court or arbitrator.

2. Review of Eligibility, Payment and Repayment Determinations. (Rules 5-01(b), 5-02(a))

Campaign Finance Board Rule 5-01(b) is amended as follows:

(b) Preliminary review of disclosure statements.

(i) In order to make possible payment within four business days after receipt of disclosure statements, or as soon thereafter as is practicable, pursuant to §3-705(4) of the Code, the Board shall conduct a preliminary review of all disclosure statements filed. This preliminary review may be delayed if the participant fails to submit a disclosure statement or information requested by the Board, or fails to submit a disclosure statement or information requested by the Board by the date required by the Board, or submits a disclosure statement that fails to comply substantially with the requirements of the Act or these rules. A preliminary review may also be delayed for other reasons, including, but not limited to, consideration of whether a basis exists for an ineligibility determination, as described in subdivision (f). A delayed preliminary review may result in a delay in a payment determination, until such time as it is practicable and the Board is considering making payments based on matchable contributions claimed in disclosure statements actually received on or before a subsequent applicable due date.

(ii) After a participant has been informed that a matchable contribution claim has been deemed invalid or that the participant is ineligible for public funds, the participant shall not include in any petition or request to the Board any ~~document not previously submitted to the staff of the Board unless the participant can establish that the document was previously unavailable despite reasonable efforts to obtain it~~ documentation or factual information not submitted to the Board prior to the determination under review unless the participating candidate can demonstrate good cause for the previous failure to submit such documentation or information and for any failures to communicate on a timely basis with the Board.

Campaign Finance Board Rule 5-02(a) is amended as follows:

(a) Written Petitions for review.

(1) After the Board determines that a participant is ineligible for public funds, matchable contribution claims are invalid, or public funds must be repaid, the participant, within 30 days of such determination, may submit to the Board a written petition for review of the determination including a request to appear before the Board concerning the subject of such petition. To the extent practicable, the Board shall make a determination on such petition within 30 days of receipt of the written petition, or within 10 business days of receipt if the petition is received less than 30 days before a covered election. Upon such determination, the Board shall issue written notice to the petitioner of the Board's determination, including the reason(s) for the determination.

(2) The participating candidate and his or her principal committee shall not include in any such petition any documentation or factual information not submitted to the Board prior to the determination under review unless the participating candidate can demonstrate good cause for the previous failure to submit such documentation or information and for any failures to communicate on a timely basis with the Board.

Opportunity to be Heard by the Board (Rule 7-02(c))

Campaign Finance Board Rule 7-02(c) is amended as follows:

(c) Notice and opportunity to contest. If the Board has reason to believe that a participant has violated a law or rule over which the Board has jurisdiction, the Board shall notify the participant ~~by mail~~ in writing, whether via the postal system, electronic mail, or facsimile. The participant will be entitled to submit additional information he or she considers relevant to the Board's finding within a time period to be determined by the Board. Prior to a final finding of violation or determination of civil penalty, the participant shall be notified of an opportunity to contest the finding of violation and penalty before the Board or its designee. Following this opportunity to submit additional information and consideration of any additional information submitted, the Board may determine the amount of civil penalties for any violations it determines to have occurred. If these amounts, as determined by the Board, are not paid, they may be sought through appropriate enforcement action or by deduction from any public funds otherwise due for any election.

CITY PLANNING

■ NOTICE

2004 CONSOLIDATED PLAN SUBSTANTIAL AMENDMENT AMERICAN DREAM DOWNPAYMENT INITIATIVE

The City of New York announces the public comment period for the substantial amendment to the 2004 Consolidated Plan. New York has received additional federal funds for a new HUD initiative, to be administered as a part of the City's HOME Investment Partnerships (HOME) Program, the American Dream Downpayment Initiative (ADDI).

The public comment period will begin on August 16, 2004 and extend thirty (30) days to September 14, 2004.

As of August 16, 2004, copies of the narrative describing the new ADDI-funded programs can be obtained at the Department of City Planning Bookstore, 22 Reade Street, New York, New York 10007 (Monday - Friday; 10:00 am - 4:00 pm).

Copies of the Initiative will also be available for review at the main public library in each of the five boroughs. Please call (212) 720-3444 for information on the closest library.

Furthermore, the narrative will be available on City Planning's website in Adobe .PDF format at: www.nyc.gov/planning.

Written comments should be sent to: Charles V. Sorrentino, New York City Consolidated Plan Coordinator, Department of City Planning, 22 Reade Street 4N, New York, N.Y. 10007.

COURT NOTICE MAPS FOR STATEN ISLAND BLUEBELT PHASE 2

READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS OFFICAL NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council,** 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists--free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR.*

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contracts at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

PROCUREMENT POLICY BOARD RULES

The Rules may also be accessed on the City Website, http://NYC.GOV.Selltonyc

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

PLEASE TAKE FURTHER NOTICE, that pursuant to said Order and to Sections 503 and 504 of the Eminent Domain Procedure Law of the State of New York, each and every person interested in the real property acquired in the above-referenced proceeding and having any claim or demand on account thereof is hereby required, on or before July 28, 2005 (which is one (1) calendar year from the title vesting date), to file a written claim with the Clerk of the Court of Richmond County, and to serve within the same time a copy thereof on the Corporation Counsel of the City of New York, Tax and Bankruptcy Litigation Division, 100 Church Street, New York, New York 10007. Pursuant to EDPL Section 504, the claim shall include:

A. the name and post office address of the condemnee;

B. reasonable identification by reference to the acquisition map, or otherwise, of the property affected by the acquisition, and the condemnee's interest therein;

C. a general statement of the nature and type of damages claimed, including a schedule of fixture items which comprise part or all of the damages claimed; and,

D. if represented by an attorney, the name, address and telephone number of the condemnee's attorney.

Pursuant to EDPL Section 503(C), in the event a claim is made for fixtures or for any interest other than the fee in the real property acquired, a copy of the claim, together with the schedule of fixture items, if applicable, shall also be served upon the fee owner of said real property.

PLEASE TAKE FURTHER NOTICE, that, pursuant to Section 5-310 of the New York City Administrative Code, proof of title shall be submitted to the Corporation Counsel of the City of New York, Tax and Bankruptcy Litigation Division, 100 Church Street, New York, New York 10007 on or before July 28, 2006 (which is two (2) calendar years from the title vesting date).

ACQUISITION AND REDEVELOPMENT OF SEVEN CITY-OWNED INDUSTRIAL SITES LOCATED IN THE BRONX AND BROOKLYN – RFP – DUE 10-07-04 AT 4:00 P.M. – Through this targeted RFP effort, NYCEDC seeks to encourage the development of quality space for industrial firms in New York City and enhance the growth of the City's industrial base. All responses to this RFP must be from an industrial firm (manufacturers or distributors engaged in the production, processing, or distribution of tangible products); or a developer/development entity committed to the development and maintenance of rental space for industrial use.

The specific areas for development are:
- Bathgate Industrial Site - 107,300 SF
- North Zerega Industrial Site - 95,892 SF
- Sunset Park Industrial Site - 71,192 SF
- Brownsville Industrial Site 1 - 17,000 SF
- Brownsville Industrial Site 2 - 10,000 SF
- Brownsville Industrial Site 3 - 20,366 SF
- East NY In-Place Industrial Park Site 23 - 5,000 SF

Any selection by NYCEDC of development teams for the various sites will be based on an evaluation of the proposals submitted, factoring in the economic return to the City, financial feasibility of the proposed projects, and other criteria as noted in the RFP. The RFP is available as of Monday, August 2, 2004.

A pre-submission conference will be held at NYCEDC, 110 William Street, Conference Room 4A/B, New York, NY on Wednesday, September 15 at 9:30 a.m. Interested businesses are strongly encouraged to attend the conference. Please call Delkis Torres at (212) 312-3871 on or before Friday, September 10 to RSVP for the pre-submission conference.

SALE AND REDEVELOPMENT OF PARKING LOT – Request for Proposals – DUE 10-20-04 AT 4:00 P.M. – approximately 74,500 square foot surface, owned by the City of New York (the City), located between 230th Street and Verveelen Place, east of Broadway, in the Kingsbridge-Riverdale section of The Bronx.

The goal of this Request For Proposals (RFP) is to generate a development that both complements and enhances local neighborhood businesses and improves upon the neighborhood as it relates to urban design. The successful proposal will capitalize on the Kingsbridge-Riverdale area's major retail and commercial center. The redevelopment of the parking lot will augment and be consistent with the existing office and merchant mix and connect retail and office uses primarily through the 230th Street and Broadway retail corridors.

All questions related to this RFP should be directed via e-mail to k-rRFP@nycedc.com by Friday, September 24, 2004. No questions will be accepted after that date. All questions and answers will be available to all potential respondents by close of business on Friday, October 1, 2004 at www.nycedc.com/k-rRFP.

Detailed submission guidelines and requirements are outlined in the RFP available as of August 9, 2004 from NYCEDC, 110 William Street, 6th Floor, New York, NY 10038. For more information and to request a copy of the RFP. The deadline for submission of proposals is October 20, 2004 at 4:00 p.m. Proposals are to be submitted to Paul J. DEVELOP TRANSITIONAL RESIDENCES FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – Competitive Sealed Proposals – Judgment required in evaluating proposals - PIN# 071-00S-003-262 – DUE 12-30-04 AT 5:00 P.M. – The Department of Homeless Services is soliciting proposals from organizations interested in developing and operating transitional residences for homeless adults and families including the Neighborhood Based Cluster Residence and drop-in centers for adults. This is an open-ended solicitation; there is no due date for submission. Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-forth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the transitional residence contracts will range from 3 to 30 years including renewal options and depending on the financial terms and conditions.

Pursuant to Section 312 (c) (1) (ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgment is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03 (c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences in order to address the need to create additional shelter capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated as a for-profit entity; 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed Standalone facility location(s); and 3) must demonstrate an intent to enter into lease agreements with the owner(s) or management designee(s) for each property.

Any organization that believes it can provide these services may contact: John Iaffaldano, Associate Staff Analyst, Office of Contracts and Procurement at the Department of Homeless Services at (212) 361-8435, 33 Beaver Street, 13th Floor NY, NY 10004, to request a copy of the RFP application, which is available for pick-up Monday through Friday on business days between the hours of 9:00 a.m. to 5:00 p.m.

ARCHITECTURAL DESIGN SERVICES – Competitive Sealed Proposals – Judgment required in evaluating proposals – DUE 09-14-04 AT 4:30 P.M.
PIN# 8462004X040D01 - VISITOR'S CENTER IN POE PARK
PIN# 8462004M063D01 - PARTIAL RECONSTRUCTION AND ADDITION TO 59TH ST. RECREATION CENTER

(A) The Department of Parks and Recreation proposes to use innovative procurement method for two contracts, pursuant to Procurement Policy Board (PPB) Rule Section 3-12, Innovative Procurement Methods.

(B) Contract Descriptions, Pins, and estimated dollar value: Architectural Services for the Design of a Visitor's Center in Poe Park.
PIN# 8462004X040D01, estimated value $174,000.
Architectural Services for the Design of the Partial Reconstruction and Addition to 59th Street Recreation Center.
PIN# 8462004M063D01, estimated value $450,000.

(C) This method serves the best interest of the City by allowing the agency to procure the highest quality services at a fair and reasonable cost. It differs most significantly from the methods currently available in the rules by allowing the decision regarding the best qualified firm to undertake the work to take place prior to cost consideration.
PPB Rule 3-03(g) now mandates that award be based on price and other factors or criteria as set forth in the RFP. The overall requirement for cost consideration will be preserved in that the failure to arrive at a fair and reasonable fee with the top ranked firm within a reasonable time period will result in rejection of that firm and the initiation of fee negotiations with the next highest ranked firm, however, under the proposed method discussion of cost will only occur with the top ranked firm unless and until such firm is removed from consideration.

(D) The method proposed involves a two-stage selection process, beginning with an open request for proposal (RFP), which will comport in all respects with the PPB Rule Sections 3-03(a),(c) and (d)(1), and the other provisions of Section 3-03 except as modified in the manner described herein. Suppliers may express interest in providing the desired services by responding to each contract RFP. The Agency will distribute the RFP widely, including via appropriate trade publications. Initial submissions will be required to set forth proposers' qualifications to undertake the work, and examples of relevant projects from proposers' portfolio of prior work. At the first stage of this process, the portfolio submissions will be ranked by a proposal evaluation committee, which will include an outside professional peer as one member, along with at least three City employees. Participating professional peer evaluators will be selected by the Agency from a pool of qualified volunteer professional peers; each volunteer professional peer selected for a particular evaluation committee will be required to certify that he/she will participate in an impartial manner and that neither he/she nor any family member nor any firm affiliated with either has any interest in particular procurement which the committee will review. At the first stage of the selection process, that same evaluation committee will undertake discussions with and/or invite the top-ranked proposers from the first stage to supplement their submissions to address the projects identified below. The committee will then rank the proposers according to the quality of their proposed approaches. At the conclusion of the second stage the City will commence fee negotiations with the highest technically ranked firm.

This method will be implemented within the next two months.

Gretchen Dykstra
Commissioner

I hereby find, pursuant to §1043, subdivision e, paragraph 1(c) of the City Charter, and represent to the mayor, that there is a substantial need for the implementation of the rules governing the issuing of specialized vending licenses to disabled veteran vendors upon the publication in the *City Record* of its Notice of Adoption.

The New York State legislature enacted, and the governor signed Chapter 11 of 2004 on March 5, 2003, to be effective immediately. This Chapter revised and made permanent the requirements governing the issuing of specialized vending licenses to qualified disabled veteran vendors. The Chapter required that the priority rankings to specialized vending licensees be accorded based on the date of issuance of such licenses that were issued before March 1, 2003. The Chapter also required the City to issue an additional 15 midtown specialized vending licenses commencing on 90 days after its effective date.

The rules governing specialized vending licenses implement all the statutory requirements governing the issuing of such licenses by the City that have been enacted by Chapter 11.

Because issuing of priority numbers based on the date of issue of specialized vending licenses issued before March 1, 2003 revises the rankings now issued to current specialized vending licensees that affects where such licensees may vend, and because the 15 additional licenses are to be issued commencing 90 days after the effective date of the Chapter, the implementation of these amendments upon publication is necessary to ensure that the new requirements will be in effect in a timely manner.

NOTICE OF ADOPTION

Notice of Adoption of Rule Regarding Specialized Vending Licenses for Disabled Veteran General Vendors and Repeal of Rule Regarding Such Specialized Vending Licenses.

NOTICE IS HEREBY GIVEN PURSUANT TO THE AUTHORITY VESTED IN the Commissioner of the Department of Consumer Affairs by Section 20-104(b) of Chapter 1, Title 20 of the Administrative Code of the City of New York, and by Section 35-a of the General Business Law, and in accordance with the requirements of Section 1043 of the New York City Charter that the Department promulgates and adopts the repeal of an existing rule regarding specialized vending licenses for disabled veteran vendors and promulgates and adopts a new rule regarding the issuance of such licenses.

These amendments were proposed and published on June 30, 2004. The required public hearing was held on July 30, 2004.

All material is underscored because the entire rule is new.

All the material is underlined because the entire rule is new.

RULE

Section 2-315 of subchapter AA of chapter 2 of title 6 of the Rules of the City of New York is hereby repealed and a new section 2-315 of such subchapter is adopted to read as follows:

§2315 Application Procedures for Honorably Discharged Members of the Armed Forces who are Eligible for Specialized Vending Licenses Pursuant to §35-a of the General Business Law.

(a) As used in this section, the following terms shall have the following meanings:

(1) "Block face" means the area of sidewalk spanning from one intersection to the next;

(2) "City-specialized vending license" means a specialized vending license for a block face in the city of New York that is located outside the following areas: (i) the midtown core (ii) Broadway between Murray street and Battery Place, (iii) Park Row between Ann street and Spruce street; and (iv) the area including and bounded on the east by the easterly side of Broadway, on the south by the southerly side of Liberty street, on the west by the westerly side of West street, and on the north by the northerly side of Vesey street.

(3) "Midtown core" means the borough of Manhattan in the City of New York in the area bounded on the east by Second avenue, on the south by Thirtieth street, on the west by Ninth avenue and Columbus avenue and on the north by Sixty-fifth street; provided, however, that the "midtown core" shall not include Second avenue, Third avenue, Lexington avenue, Park avenue, Vanderbilt avenue, Madison avenue, Fifth avenue, Sixth avenue, Seventh avenue, Broadway, Eighth avenue, Amsterdam avenue, Ninth avenue, Columbus avenue, Thirty-fourth street between Lexington avenue and Seventh avenue, Forty-second street between Lexington avenue and Eight avenue, Forty-ninth street between Lexington avenue and Seventh avenue, Fiftieth street between Lexington avenue and Seventh avenue and Fifty-seventh street between Lexington avenue and Seventh avenue;

(4) "Midtown-specialized vending license" means a specialized vending license for a block face located in the midtown core; and

(5) "Specialized vending license" means a license issued

pursuant to section 35-a of the General Business Law.

(6) "General vendor's license" means a license issued by the Commissioner pursuant to Subchapter 27 of Chapter 2 of Title 20 of the New York City Administrative Code.

(b) Applications for and the reissuance of specialized vending licenses issued prior to March 1, 2003 shall be governed by the following procedures:

(1) All persons who hold current specialized vending licenses that were issued pursuant to the provisions of section 35-a of the General Business Law prior to March 1, 2003, shall apply for the reissuance of such specialized vending licenses with new priority ranks that shall be accorded and assigned in accordance with subdivision c of this section.

(2) Applications for the reissuance of such currently valid specialized vending licenses issued prior to March 1, 2003, shall be made so they are received by the department during the period commencing on August 23, 2004 and ending no later than 5 p.m. on September 22, 2004.

(3) Such applications shall include the following information and documentation:

(i) The applicant's name, home address and home telephone number; and
(ii) Whether the applicant is seeking a midtown- or a city- specialized vending license as his or her first choice. An applicant who fails to indicate whether he or she seeks a midtown or a city specialized vending license shall be deemed to have elected a midtown-specialized vending license; and
(iii) Proof that the applicant holds a currently valid general vendor's license and a currently valid specialized vending license issued prior to March 1, 2003; and
(iv) In the case of a licensee who exchanged a midtown-specialized vending license for a city-specialized vending license, or vice versa, and who has continuously held a specialized vending license since the date on which the first such license was issued, a description of the specialized vending license with such earlier date of issuance.

(c) Each eligible applicant for the reissuance of specialized vending licenses issued before March 1, 2003, shall be reissued such license with a new priority rank, which shall be determined and assigned in accordance with this subdivision.

(1) All eligible applications for the reissuance of such specialized vending licenses that are received on or before 5 p.m. of September 22, 2004 shall be sequentially assigned a priority rank based on the earlier of (A) the date of issuance of the applicant's currently valid specialized vending license that was issued prior to March 1, 2003, or, (B) in the case of a licensee who exchanged, prior to March 1, 2003, a midtown-specialized vending license for a city-specialized vending license, or vice versa, and who has continuously held a specialized vending license since the date on which the first such license was issued, the date of issuance of such first license. Number one shall be the rank assigned to the applicant whose specialized vending license has the earliest date of issuance, determined in accordance this paragraph, and who is therefore entitled to the highest priority rank.

(2) Any specialized vending license issued prior to March 1, 2003, shall be deemed to have been surrendered as of 5 p.m. on September 22, 2004 unless such application for the reissuance of such license is received by the Department on or before such date and time.

(3) If more than one qualified applicant holds a specialized vending license with the same date of issuance determined in accordance with paragraph one of this subdivision, all such applicants shall be ranked sequentially in reverse order according to the number of their general vendor's licenses, with the highest priority ranking being assigned to the applicant within such group who holds the lowest numbered general vendor's license.

(d) Midtown specialized vending licenses shall first be issued to the holders of specialized vending licenses who have filed applications in accordance with subdivision (b) of this section and who hold currently valid midtown-specialized vendor's licenses issued prior to March 1, 2003. Such licenses shall be issued with a priority rank assigned to such midtown specialized vending licenses, which shall be in the order in which such applicants are ranked pursuant to subdivision (c) of this section.

(1) If not all of the 60 holders of midtown-specialized vending licenses that are issued and outstanding as of March 1, 2003, have filed applications that request the reissuance of, or are deemed to request the reissuance of, a midtown-specialized vending license in accordance with such subdivision (b), the remaining midtown-specialized vending licenses shall be issued to eligible applicants who request the issuance of, or who are deemed to request the issuance of midtown-specialized vending licenses and who have been assigned the highest priority ranks established in accordance with such subdivision (c).

(2) Any qualified applicants for the issuance of midtown-specialized vending licenses remaining after the maximum of 60 authorized for issuance pursuant to section 35-a of the General Business Law as of March 5, 2004, have been issued shall be included on the waiting list maintained pursuant to subdivision (e) of this section for midtown-specialized vending licenses that become available at any time.

(e) The Department shall maintain a waiting list of applicants for midtown-specialized vending licenses that become available .

(1) The applicants placed on the waiting list for midtown-specialized vending licenses pursuant to paragraph two of subdivision (d) of this section shall be ranked in the order of the priority rank assigned pursuant to subdivision (c) of this section.

(2) Any other city-specialized vending licensee may request the Department to add his or her name to such waiting list by filing an application with the Department. The names of applicants shall be entered on such waiting list in the order that such applications are received, except that the names of applicants whose applications are received on the same day shall be included on such waiting list according to the priority rank that has been assigned to such applicants for their specialized vending license in accordance with paragraph four of subdivision (i) or paragraph four of subdivision (j), as applicable.

(3) Any midtown-specialized vending licenses that become available after March 5, 2004, shall be offered by the Commissioner to persons included on such waiting list in the order in which they are ranked on such list. Any applicant on such list who fails to notify the Commissioner within the time provided in the Commissioner's offer that such applicant requests that such license be issued to him or her shall be deemed to have refused such license and to have surrendered his or her place on such waiting list as of 5 p.m. on the last date by which the applicant was required to so notify the Commissioner.

(f) No more than 105 midtown-specialized vending licenses shall be issued at any single time on or after January 31, 2007. Such licenses shall be issued according to the following schedule:

(1) A maximum of sixty such licenses on or after March 5, 2004.

(2) A maximum of an additional 15 such licenses commencing June 7, 2004.

(3) A maximum of an additional ten such licenses in each of the succeeding three years commencing on January 31 of 2005, 2006 and 2007.

(4) Only holders of city-specialized vending licenses that are in effect at the time such additional midtown-specialized vending license become available are eligible to be issued such additional midtown-specialized vending licenses.

(g) The Department shall publish a notice in the City Record requesting applications for midtown- specialized vending licenses whenever the Department ascertains that a midtown-specialized vending license is available for issuance and there are no applicants on the waiting list maintained by the Department in accordance with subdivision (e).

(1) Applicants shall have 14 days from the date of publication of such notice to submit an application containing the information and documentation specified in such notice.

(2) Applicants responding to the notice for the issuance of available midtown-specialized vending licenses shall include the following information and documentation:

(i) the applicant's name, home address and home telephone number;
(ii) proof that the applicant holds a currently valid general vendor's license; and
(iii) proof that the applicant holds a currently valid city-specialized vending license issued after August 23, 2004.

(3) Midtown-specialized vending licenses shall be issued sequentially to qualified applicants in the order of the priority ranks assigned to their currently held valid specialized vending licenses until the number of midtown-specialized vending licenses that are then available as specified in such notice have been issued.

(4) Any applicant who is issued such additional midtown-specialized vending license shall be required to surrender his or her city-specialized vending license upon the issuance of the midtown- specialized vending license, and such midtown-specialized vending license shall be assigned the same priority rank as had been assigned to the surrendered city-specialized vending license.

(h) Any applicant who, pursuant to subdivision (b) of this section, makes a timely application for the issuance of a midtown-specialized vending license but who is not issued such license shall be reissued such city-specialized vending license with the priority rank as provided in subdivision (c) of this section.

(i) Applicants who apply on or after August 23, 2004 for the issuance of city specialized vending licenses, shall provide the following information in, and attach the following documentation to, the application for such license:

(1) The applicant's name, home address and home telephone number; and

(2) Proof that the applicant:

(i) has been honorably discharged from the armed forces of the United States;
(ii) has sustained a service-related physical disability that is verified in a letter to the veteran/applicant on original letterhead with an original signature from the United States Department of Veterans Affairs or the United States Veterans Administration; and
(iii) holds a currently valid general vendor's license.

(3) Notwithstanding subparagraph (ii) of paragraph two of this subdivision, an applicant whose currently valid general vendor's license designates such applicant as a disabled veteran is not required to submit with his or her application for a city-specialized vending license a letter from the United States Department of Veterans Affairs or the United States Veterans Administration verifying that such veteran/applicant has sustained a service-related physical disability.

(4) Such applications for a specialized vending license shall be assigned priority ranks in the order in which the applications are received, provided, however, that if more than one application for a city specialized vending license is received on the same day, the priority rank for such licenses shall be assigned first in reverse order of the applicants' general vendor's license numbers, with the applicant holding the lowest numbered general vendor's license being assigned the highest priority rank among the applicants within such group.

(j)(1) All persons who hold current specialized vending licenses that were issued pursuant to the provisions of section 35-a of the General Business Law after February 28, 2003, and before August 23, 2004, shall apply for the reissuance of such specialized vending licenses with a new priority rank that shall be accorded and assigned in accordance with paragraph four of this subdivision.

(2) Such applications shall include the following information and documentation:

(i) The applicant's name, home address and home telephone number; and
(ii) Proof that the applicant holds a currently valid general vendor's license and a currently valid specialized vending license issued after February 28, 2003.

(3) Individuals holding city-specialized vending licenses issued after February 28, 2003, and before August 23, 2004 who do not apply by September 22, 2004 shall be deemed to have surrendered such license as of 5 p.m. on September 22, 2004 unless such application for the reissuance of such license is received by the Department on or before such date and time.

(4) Such applications for a specialized vending license shall be assigned the priority ranks based on the date of issuance of the applicant's currently valid specialized vending license. If more than one such qualified applicant holds a specialized vending license with the same date of issuance, all such applicants shall be ranked sequentially in reverse order according to the number of their general vendor's licenses, with the highest priority ranking being assigned to the applicant within such group who holds the lowest numbered general vendor's license.

(k) No disabled veteran vendor may hold more than one specialized vending license, whether a midtown-specialized vending license or a city-specialized vending license. A specialized vending license shall not have a term and shall be valid until the date on which such specialized vending license is surrendered to the Department, the specialized vending licensee ceases to hold a currently valid general vendor's license, or until otherwise provided by law.

(l) Any eligible disabled veteran may apply to exchange his or her specialized vending license for a different type of specialized vending license by making an application for the type of license he or she seeks in accordance with the application procedures specified in this section.

(m) City specialized vending licenses shall be yellow and midtown specialized vending licenses shall be blue and shall be clearly differentiated from such licenses issued prior to March 1, 2003. Each such specialized vending license also shall contain a photograph of the disabled veteran to whom such license is assigned as well as his or her name, home address, specialized vending license number, and such licensee's assigned priority rank.

(n) Upon the death of a holder of a specialized vending license, the surviving spouse or, if there is no surviving spouse or the surviving spouse elects not to use such license, the guardian of a minor child or children of such holder, to whom such license is transferred by operation of law in accordance with section 35-a of the General Business Law, shall notify the Department of the death of such holder and, upon submitting proof of the conditions upon which such transfer is based, shall be issued a license in his or her name with the same priority rank as that assigned to such holder.

(o) A holder who becomes totally or permanently disabled and wishes to transfer his or her specialized vending license to his or her spouse or to an adult child who assumes the duty to support such holder shall notify the Department.

Such license shall be issued in his or her name, upon his or her submitting proof of the conditions upon which such transfer is based, with the same priority rank as that assigned to such holder.

Statement of Basis and Purpose. The Department of Consumer Affairs licenses general vendors pursuant to Subchapter 27 of Chapter 2 of Title 20 of the New York City Administrative Code. Section 20-471 of such subchapter authorized the Commissioner to adopt such rules as are necessary for the proper implementation and enforcement of that Subchapter.

Chapter 11 of the Laws of 2004 amended provisions of Section 35-a of the General Business Law. That section had been enacted by Chapter 227 of the Laws of 1998 and established requirements for the issuance of specialized vending licenses authorizing disabled veteran vendors to vend on certain streets that would otherwise be restricted to general vendors. Chapter 227 of the Laws of 1998 sunset on March 1, 2003, but its provisions were revived and amended by Chapter 11 of the Laws of 2004, which became effective on March 5, 2004.

Chapter 11 of the Laws of 2004 requires that the Department adopt procedures and accord to persons holding specialized vending licenses issued prior to March 1, 2003, priority rankings for their specialized vending licenses that are based upon the date of issuance of such licenses. Such rankings determine which licensees may vend exclusively on a block face. Such chapter also increases the number of midtown specialized vending licenses to be issued from 60 to 105, specifies the schedule for phasing in the issuance of the additional licenses, and mandates that midtown-specialized vending licensees be entitled to vend outside the area designated as the midtown core based upon the priority rankings assigned to all specialized vending licensees.

The new Section 2-315 of Title 6 of the Rules of the City of New York relating to application procedures for disabled veterans eligible for specialized vending licenses issued pursuant to Section 35-a of the General Business law implement the revisions enacted by Chapter 11 of the Laws of 2004 by prescribing the procedures for reissuing specialized vending licenses, assigning priority rankings to such licenses based on the date of issuance of previously issued specialized vending licenses, issuing additional midtown specialized vending licenses according to the scheduled prescribed in such chapter, and establishing a waiting list to be used for issuing midtown-specialized vending licenses to city-specialized vending licensees in the order that their names are placed on the waiting list.

COURT NOTICE MAPS FOR STATEN ISLAND BLUEBELT PHASE 2

READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS OFFICAL NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council,** 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists--free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR.*

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contracts at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

PROCUREMENT POLICY BOARD RULES

The Rules may also be accessed on the City Website, http://NYC.GOV.Selltonyc

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

PLEASE TAKE FURTHER NOTICE, that pursuant to said Order and to Sections 503 and 504 of the Eminent Domain Procedure Law of the State of New York, each and every person interested in the real property acquired in the above-referenced proceeding and having any claim or demand on account thereof is hereby required, on or before July 28, 2005 (which is one (1) calendar year from the title vesting date), to file a written claim with the Clerk of the Court of Richmond County, and to serve within the same time a copy thereof on the Corporation Counsel of the City of New York, Tax and Bankruptcy Litigation Division, 100 Church Street, New York, New York 10007. Pursuant to EDPL Section 504, the claim shall include:

A. the name and post office address of the condemnee;

B. reasonable identification by reference to the acquisition map, or otherwise, of the property affected by the acquisition, and the condemnee's interest therein;

C. a general statement of the nature and type of damages claimed, including a schedule of fixture items which comprise part or all of the damages claimed; and,

D. if represented by an attorney, the name, address and telephone number of the condemnee's attorney.

Pursuant to EDPL Section 503(C), in the event a claim is made for fixtures or for any interest other than the fee in the real property acquired, a copy of the claim, together with the schedule of fixture items, if applicable, shall also be served upon the fee owner of said real property.

PLEASE TAKE FURTHER NOTICE, that, pursuant to Section 5-310 of the New York City Administrative Code, proof of title shall be submitted to the Corporation Counsel of the City of New York, Tax and Bankruptcy Litigation Division, 100 Church Street, New York, New York 10007 on or before July 28, 2006 (which is two (2) calendar years from the title vesting date).

SALE AND REDEVELOPMENT OF PARKING LOT – Request for Proposals – DUE 10-20-04 AT 4:00 P.M. – approximately 74,500 square foot surface, owned by the City of New York (the City), located between 230th Street and Verveelen Place, east of Broadway, in the Kingsbridge-Riverdale section of The Bronx.

The goal of this Request For Proposals (RFP) is to generate a development that both complements and enhances local neighborhood businesses and improves upon the neighborhood as it relates to urban design. The successful proposal will capitalize on the Kingsbridge-Riverdale area's major retail and commercial center. The redevelopment of the parking lot will augment and be consistent with the existing office and merchant mix and connect retail and office uses primarily through the 230th Street and Broadway retail corridors.

All questions related to this RFP should be directed via e-mail to k-rRFP@nycedc.com by Friday, September 24, 2004. No questions will be accepted after that date. All questions and answers will be available to all potential respondents by close of business on Friday, October 1, 2004 at www.nycedc.com/k-rRFP.

Detailed submission guidelines and requirements are outlined in the RFP available as of August 9, 2004 from NYCEDC, 110 William Street, 6th Floor, New York, NY 10038. For more information and to request a copy of the RFP. The deadline for submission of proposals is October 20, 2004 at 4:00 p.m. Proposals are to be submitted to Paul J. Tamboia, Agency Chief Contracting Officer, NYCEDC, 110 William Street, 6th Floor, New York, NY 10038.

DEVELOP TRANSITIONAL RESIDENCES FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – Competitive Sealed Proposals – Judgment required in evaluating proposals - PIN# 071-00S-003-262 – DUE 12-30-04 AT 5:00 P.M. – The Department of Homeless Services is soliciting proposals from organizations interested in developing and operating transitional residences for homeless adults and families including the Neighborhood Based Cluster Residence and drop-in centers for adults. This is an open-ended solicitation; there is no due date for submission. Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-forth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the transitional residence contracts will range from 3 to 30 years including renewal options and depending on the financial terms and conditions.

Pursuant to Section 312 (c) (1) (ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgment is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03 (c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences in order to address the need to create additional shelter capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated as a for-profit entity; 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed Standalone facility location(s); and 3) must demonstrate an intent to enter into lease agreements with the owner(s) or management designee(s) for each property.

Any organization that believes it can provide these services may contact: John Iaffaldano, Associate Staff Analyst, Office of Contracts and Procurement at the Department of Homeless Services at (212) 361-8435, 33 Beaver Street, 13th Floor NY, NY 10004, to request a copy of the RFP application, which is available for pick-up Monday through Friday on business days between the hours of 9:00 a.m. to 5:00 p.m.

ARCHITECTURAL DESIGN SERVICES – Competitive Sealed Proposals – Judgment required in evaluating proposals – DUE 09-14-04 AT 4:30 P.M.
PIN# 8462004X040D01 - VISITOR'S CENTER IN POE PARK
PIN# 8462004M063D01 - PARTIAL RECONSTRUCTION AND ADDITION TO 59TH ST. RECREATION CENTER

(A) The Department of Parks and Recreation proposes to use innovative procurement method for two contracts, pursuant to Procurement Policy Board (PPB) Rule Section 3-12, Innovative Procurement Methods.

(B) Contract Descriptions, Pins, and estimated dollar value:
Architectural Services for the Design of a Visitor's Center in Poe Park.
PIN# 8462004X040D01, estimated value $174,000.
Architectural Services for the Design of the Partial Reconstruction and Addition to 59th Street Recreation Center.
PIN# 8462004M063D01, estimated value $450,000.

(C) This method serves the best interest of the City by allowing the agency to procure the highest quality services at a fair and reasonable cost. It differs most significantly from the methods currently available in the rules by allowing the decision regarding the best qualified firm to undertake the work to take place prior to cost consideration.
PPB Rule 3-03(g) now mandates that award be based on price and other factors or criteria as set forth in the RFP. The overall requirement for cost consideration will be preserved in that the failure to arrive at a fair and reasonable fee with the top ranked firm within a reasonable time period will result in rejection of that firm and the initiation of fee negotiations with the next highest ranked firm, however, under the proposed method discussion of cost will only occur with the top ranked firm unless and until such firm is removed from consideration.

(D) The method proposed involves a two-stage selection process, beginning with an open request for proposal (RFP), which will comport in all respects with the PPB Rule Sections 3-03(a),(c) and (d)(1), and the other provisions of Section 3-03 except as modified in the manner described herein. Suppliers

may express interest in providing the desired services by responding to each contract RFP. The Agency will distribute the RFP widely, including via appropriate trade publications. Initial submissions will be required to set forth proposers' qualifications to undertake the work, and examples of relevant projects from proposers' portfolio of prior work. At the first stage of this process, the portfolio submissions will be ranked by a proposal evaluation committee, which will include an outside professional peer as one member, along with at least three City employees. Participating professional peer evaluators will be selected by the Agency from a pool of qualified volunteer professional peers; each volunteer professional peer selected for a particular evaluation committee will be required to certify that he/she will participate in an impartial manner and that neither he/she nor any family member nor any firm affiliated with either has any interest in particular procurement which the committee will review. At the first stage of the selection process, that same evaluation committee will undertake discussions with and/or invite the top-ranked proposers from the first stage to supplement their submissions to address the projects identified below. The committee will then rank the proposers according to the quality of their proposed approaches. At the conclusion of the second stage the City will commence fee negotiations with the highest technically ranked firm.

This method will be implemented within the next two months.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/ blueprints; other information; and for opening and reading of bids at date and time specified above.

ARTICLE XIV - APPENDICES
ARTICLE XV - SAVINGS CLAUSE
ARTICLE XVI - CONTRACTING-OUT CLAUSE

AGREEMENT entered into this 13th day of August, 2004, by and between the City of New York (the "Employer"), and the United Probation Officers Association ("Union"), for the thirty-six (36) month period from April 1, 2002 to March 31, 2005.

WITNESSETH:

WHEREAS, the parties hereto have entered into collective bargaining and desire to reduce the results thereof to writing,

NOW, THEREFORE, it is mutually agreed as follows:

ARTICLE I - UNION RECOGNITION AND UNIT DESIGNATION

Section 1.

The Employer recognizes the Union as the sole and exclusive collective bargaining representative for the bargaining unit set forth below, consisting of employees of the Employer, wherever employed, whether full-time, part-time per annum, hourly or per diem, in the below listed title(s), and in any successor title(s) that may be certified by the Board of Certification of the Office of Collective Bargaining to be part of the unit herein for which the Union is the exclusive collective bargaining representative and in any positions in Restored Rule X titles of the Classified Service the duties of which are or shall be equated by the City Personnel Director and the Director of the Budget for salary purposes to any of the below listed title(s):

TC#	Title
51800	Probation Assistant
51801	Probation Officer Trainee
51810	Probation Officer
51835	Senior Probation Officer*
51860	Supervising Probation Officer

*For Present Incumbents Only

Section 2.

The terms "Employee" and "Employees" as used in this Agreement shall mean only those persons in the unit described in Section 1 of this Article.

ARTICLE II - DUES CHECKOFF

Section 1.

a. The Union shall have the exclusive right to the checkoff and transmittal of dues in behalf of each employee in accordance with the Mayor's Executive Order No. 98, dated May 15, 1969, entitled "Regulations Relating to the Checkoff of Union Dues" and in accordance with the Mayor's Executive Order No. 107, dated December 29, 1986 entitled "Procedures for Orderly Payroll Checkoff of Union Dues and Agency Shop Fees".

b. Any Employee may consent in writing to the authorization of the deduction of dues from the Employee's wages and to the designation of the Union as the recipient thereof. Such consent, if given, shall be in a proper form acceptable to the City, which bears the signature of the Employee.

Section 2.

The parties agree to an agency shop to the extent permitted by applicable law, as described in a supplemental agreement hereby incorporated by reference into this Agreement.

ARTICLE III - SALARIES

Section 1.

a. This Article III is subject to the provisions, terms and conditions of the Alternative Career and Salary Pay Plan Regulations, dated March 15, 1967 as amended to date, except that the specific terms and conditions of this Article shall supersede any provisions of such Regulations inconsistent with this Agreement subject to the limitations of applicable provisions of law.

b. For the period April 1, 2002 to March 31, 2005, all salary provisions of this Agreement, including minimum and maximum salaries, advancement increases, general increases, and any other salary adjustments, are based upon a normal work week of 37-1/2 hours except for Employees newly hired on or after August 1, 2004 whose normal work week is 40 hours. The scheduling of the increased hours shall be a managerial prerogative. In accordance with Article IX, Section 24 of the 1995–2001 Citywide Agreement, an Employee who works on a full-time, per-diem basis shall receive their base

salary (including salary increment schedules) and/or additions-to-gross payment in the same manner as a full-time, per-annum employee. An Employee who works on a part-time per annum basis and who is eligible for any salary adjustments provided in this Agreement shall receive the appropriate pro-rata portion of such salary adjustment computed on the relationship between the number of hours regularly worked each week by such Employee and the number of hours in the said normal work week, unless otherwise specified.

c. Employees who work on a part-time per diem or hourly basis and who are eligible for any salary adjustment provided in this Agreement shall receive the appropriate prorata portion of such salary adjustment computed as follows, unless otherwise specified:

Per diem rate - 1/261 of the appropriate minimum basic salary.

Hourly Rate - 37-1/2 hour week basis - 1/1957.5 of the appropriate minimum basic salary.

40 hour week basis – 1/2088 of the appropriate minimum basic salary.

d. The maximum salary for a title shall not constitute a bar to the payment of any salary adjustment or pay differentials provided for in this Agreement but the said increase above the maximum shall not be deemed a promotion.

Section 2

Employees in the following title (s) shall be subject to the following specified salary(ies), salary adjustment (s), and/or salary range(s):

Section 3. Wage Increases

A. Lump Sum Cash Payment

i. Effective upon ratification, a lump sum cash payment in the amount of $1,000 shall be paid in accordance with the established eligibility guidelines contained in attached Letter of Agreement.

ii. Part-time per annum, part-time per diem (including seasonal appointees), per session and hourly paid Employees whose normal work year is less than a full calendar year shall receive a pro-rata portion of the lump sum cash payment set forth in Section 3. A. i. on the basis of computations heretofore utilized by the parties for all such Employees.

iii. The lump sum cash payment provided in Section 3. A. shall be pensionable, consistent with applicable law, and shall be paid as soon as practicable upon ratification.

iv. The lump sum cash payments provided for in this Section shall not become part of the Employee's basic salary rate nor be added to the Employee's basic salary for the calculation of any salary based benefits including the calculation of future collective bargaining increases.

B. General Wage Increase

a. The general increases, effective as indicated, shall be:

i. Effective April 1, 2003, Employees shall receive a general increase of 3 percent.

ii. Effective April 1, 2004, Employees shall receive an additional general increase of 2 percent.

iii. Effective August 1, 2004, Employees shall receive an additional general increase of 1 percent uncompunded.

iv. Part-time per annum, part time per diem (including seasonal appointees), per session, and hourly paid Employees whose normal work year is less than a full calendar year shall receive the increases provided in Section 3 B.a.i., 3 B.a.ii. and 3 B. a. iii. on the basis of computations heretofore utilized the parties for all such employees.

b. The increases provided for in Section 3 B. above shall be calculated as follows:

i. The general increases in Section 3 B. a. i. shall be based upon the base rates (including salary or incremental salary schedules) of the applicable titles in effect on March 31, 2003.

ii. The general increases in Sections 3 B. a.ii shall be based upon the base rates (including salary or incremental salary schedules) of the applicable titles in effect on March 31, 2004.

iii. The general increases in Sections 3 B. a.iii. shall be based upon the base rates (including salary or incremental salary schedules) of the applicable titles in effect on March 31, 2003.

c. i. The general increases provided for in this Section 3 shall also be applied to the base rates, and the minimum "hiring rates", minimum "incumbent rates" and maximum rates (including levels), if any, fixed for the applicable titles.

ii. The general increases provided for in this Section 3 B. a.i. and 3 B. a. ii, only, shall be applied to the following "additions to gross:" service increments (10 year) and longevity differentials (15 year).

Section 4. New Hires.

a. For the purposes of Sections 4 (c) and 4 (d), Employees 1) who were in active pay status before April 1, 2002, and 2) who are affected by the following personnel actions after said date shall not be treated as "newly hired" Employees and shall be entitled to receive the indicated minimum "incumbent rate" set forth in subsections 2 (a)(i)(2), 2(b)(i)(2) and 2 (c)(i)(2) of this Article III:

i. Employees who return to active status from an approved leave of absence.

ii. Employees in active status (whether full or part time) appointed to permanent status from a civil service list, or to a new title (regardless of jurisdictional class or civil service status) without a break in service of more than 31 days.

iii. Employees who were laid off or terminated for economic reasons who are appointed from a recall/preferred list or who were subject to involuntary redeployment.

iv. Provisional employees who were terminated due to a civil service list who are appointed from a civil service list within one year of such termination.

v. Permanent Employees who resign and are reinstated or who are appointed from a civil service list within one year of such resignation.

vi. Employees (regardless of jurisdictional class or civil service status) who resign and return within 31 days of such resignation.

vii. A provisional Employee who is appointed directly from one provisional appointment to another.

viii. For Employees whose circumstances were not anticipated by the parties, the First Deputy Commissioner of Labor Relations is empowered to issue, on a case-by-case basis, interpretations concerning application of this Section 4. Such case-by-case interpretations shall not be subject to the dispute resolution procedures set forth in Article VI of this Agreement.

b. Any newly hired Employee hired prior to April 1, 2002 and appointed at a reduced hiring rate pursuant to Section 4 of the 2000-2002 *Probation Officers* Agreement, shall be paid at the applicable minimum "hiring rate" set forth in subsection 2(a)(i)(1). On the one year anniversary of the Employee's original date of appointment, such employee shall be paid the indicated minimum "incumbent rate" for the applicable title that is in effect on such one year anniversary as set forth in subsection 2(a)(i)(2) and 2 (b)(i)(2) of this Article III.

c. The appointment rate for any Employee newly hired between April 1, 2002 and March 31, 2004, shall be the applicable minimum "hiring rate" set forth in subsection 2(a)(i)(l) and 2(b)(i)(l) of the Article III. Upon completion of one year of service, such Employee shall be paid the indicated minimum "incumbent rate" for the applicable title that is in effect on the one year anniversary of the Employee's original date of appointment as set forth in subsections 2(a)(i)(2), 2(b)(i)(2) and 2 (c)(i)(2) of this Article III.

d. i. For a title subject to an incremental pay plan, the Employee shall be paid the appropriate increment based upon the Employee's length of service. Section 2 of this Article III reflects the correct amounts and has been adjusted in accordance with the provisions of Section 3(c)(i) of this Article III.

ii. Employees who change titles or levels before attaining one year of service, will be treated in the new title or level as if they had been originally appointed to said title or level on their original hiring date.

e. The following provisions shall apply to Employees newly hired on or after July 1, 2004:

i. During the first two (2) years of service, the "appointment rate" for a newly hired Employee shall be fifteen percent (15%) less than the applicable "incumbent minimum" for said title that is in effect on the date of such appointment as set forth in this *Agreement*. The general increases provided for in subsections 3B(a)(i) and 3B(a)(ii) shall be applied to the "appointment rate."

ii. Upon completion of two (2) years of service such employees shall be paid the indicated "incumbent minimum" for the applicable title that is in effect on the two (2) year anniversary of their original date of appointment as set forth in this Agreement.

f. For the purposes of Sections 4(e) and 4(g), Employees 1) who were in active pay status before July 1, 2004, and 2) who are affected by the following personnel actions after said date shall not be treated as "newly hired" Employees and shall be entitled to receive the indicated minimum "incumbent rate" set forth in subsections 2(a)(i)(2), 2(b)(i)(2) and 2(c)(i)(2) of this Article III:

i. Employees who return to active status from an approved leave of absence.

ii. Employees in active status (whether full or part time) appointed to permanent status from a civil service list, or to a new title (regardless of jurisdictional class or civil service status) without a break in service of more than 31 days.

iii. Employees who were laid off or terminated for economic reasons who are appointed from a recall/preferred list or who were subject to involuntary redeployment.

iv. Provisional Employees who were terminated due to a civil service list who are appointed from a civil service list within one year of such termination.

v. Permanent Employees who resign and are reinstated or who are appointed from a civil service list within one year of such resignation.

vi. Employees (regardless of jurisdictional class or civil service status) who resign and return within 31 days of such resignation.

vii. A provisional Employee who is appointed directly from one provisional appointment to another.

viii. For Employees whose circumstances were not anticipated by the parties, the First Deputy Commissioner of Labor Relations is empowered to issue, on a case-by-case basis, interpretations concerning application of this Section 4. Such case-by-case interpretations shall not be subject to the dispute resolution procedures set forth in Article VI of this Agreement.

g. i. For a title subject to an incremental pay plan, the Employee shall be paid the appropriate increment based upon the Employee's length of service. Section 2 of this Article III reflects the correct amounts and has been adjusted in accordance with the provisions of Section 3(c)(i) of this Article III.

ii. Employees who change titles or levels before attaining two years of service, will be treated in the new title or level as if they had been originally appointed to said title or level on their original hiring date.

h. The First Deputy Commissioner of Labor Relations may, after notification to the affected union(s) exempt certain hard to recruit titles from the provisions of this subsection 4(c) and 4(e).

Section 5.

Each general increase provided herein, effective as of each indicated date, shall be applied to the rate in effect on the date specified in Section 3 of this Article. In the case of a promotion or other advancement to the indicated title on the effective date of the general increase specified in Section 3 of this Article, such general increase shall not be applied, but the general increase, if any, for the title formerly occupied, effective on the date indicated shall be applied. In the case of an Employee on leave of absence without pay the salary rate of such employee shall be changed to reflect the salary adjustments specified in Article III.

Section 6.

A person permanently employed by the Employer who is appointed or promoted on a permanent, provisional, or temporary basis in accordance with the Rules and Regulations of the New York City Personnel Director or where the Rules and Regulations of the New York City Personnel Director are not applicable to a public employer, such other Rules or Regulations as are applicable to the public employer, without a break in service to any of the following title(s) from another title in the direct line of promotion or from another title in the Career and Salary Plan, the minimum rate of which is exceeded by at least 8 percent by the minimum rate of the title to which appointed or promoted, shall receive upon the date of such appointment or promotion either the minimum basic salary for the title to which such appointment or promotion is made, or the salary received or receivable in the lower title plus the specified advancement increase, whichever is greater:

ARTICLE IV - WELFARE FUND

Section 1.

a. In accordance with the election by the Union pursuant to the provisions of Article XIII of the 1995-2001Citywide Agreement as amended between the City of New York and related public employers and District Council 37, AFSCME, AFL-CIO, the Welfare Fund provisions of that Citywide Agreement as amended or any successor(s) thereto shall apply to Employees covered by this agreement.

b. When an election is made by the Union pursuant to the provisions of Article XIII, Section l(b), of the 1995-2001 Citywide Agreement as amended between the City of New York and related public employers and District Council 37, AFSCME AFL-CIO, the provisions of Article XIII, Section l(b) of the *1995-2001* Citywide Agreement, as amended or any successor(s) thereto, shall apply to employees covered by this Agreement, and when such election is made, the Union hereby waives its right to training, education and/or legal services contributions provided in this Agreement, if any. In no case shall the single contribution provided in Article XIII, Section l(b) of the 1995-2001 Citywide Agreement as amended or any successor agreements thereto, exceed the total amount that the Union would have been entitled to receive if the separate contributions had continued.

c. Contributions remitted to the Union pursuant to this Section 1 and Article XIII of the Citywide Agreement are contingent upon the execution of a separate trusted fund agreement between the Employer and the Union.

Section 2.

The Unions agree to provide welfare fund benefits to domestic partners of covered Employees in the same manner as those benefits are provided to spouses of married covered Employees.

Section 3.

In accordance with the Health Benefits Agreement dated January 11, 2001, each welfare fund shall provide welfare fund benefits equal to the benefits provided on behalf of an active Employee to widow(er)s, domestic partners and/or children of any Employee who dies in the line of duty as that term is referenced in Section 12-126(b)(2) of the New York City Administrative Code. The cost of providing this benefit shall be funded by the Stabilization Fund.

ARTICLE V - PRODUCTIVITY AND PERFORMANCE

Introduction

Delivery of municipal services in the most efficient, effective and courteous manner is of paramount importance to the Employer and the Union. Such achievement is recognized to be a mutual obligation of both parties within their respective roles and responsibilities. To achieve and maintain a high level of effectiveness, the parties hereby agree to the following terms:

Section 1. Performance Levels

a. The Union recognizes the Employer's right under the New York City Collective Bargaining Law to establish and/or revise performance standards or norms notwithstanding the existence of prior performance levels, norms or standards. Such standards, developed by usual work measurement procedures may be used to determine acceptable performance levels, prepare work schedules and to measure the performance of each employee or group of employees. Notwithstanding the above, questions concerning the practical impact that decisions on the above matters have on Employees are within the scope of collective bargaining. The Employer will give the union prior notice of the establishment and/or revision of performance standards or norms hereunder.

b. Employees who work at less than acceptable levels of performance may be subject to disciplinary measures in accordance with applicable law.

Section 2. Supervisory Responsibility

a. The Union recognizes the Employer's right under the New York City Collective Bargaining Law to establish and/or revise standards for supervisory responsibility in achieving and maintaining performance levels of supervised employees for employees in supervisory positions listed in Article I, Section 1 of this Agreement. Notwithstanding the above, questions concerning the practical impact that decisions on the above matters have on Employees are within the scope of collective bargaining. The Employer will give the Union prior notice of the establishment and/or revision of standards for supervisory responsibility hereunder.

b. Employees who fail to meet such standards may be subject to disciplinary measures in accordance with applicable law.

Section 3. - Performance Compensation

The Union acknowledges the Employer's right to pay additional compensation for outstanding performance.

The Employer agrees to notify the Union of its intent to pay such additional compensation.

ARTICLE VI - GRIEVANCE PROCEDURE

Section 1.

DEFINITION: The term "Grievance" shall mean:

a. A dispute concerning the application or interpretation of the terms of this Agreement;

b. A claimed violation, misinterpretation or misapplication of the rules or regulations, written policy or orders of the Employer applicable to the agency which employs the grievant affecting terms and conditions of employment; provided, disputes involving the Rules and Regulations of the New York City Personnel Director shall not be subject to the grievance procedure or arbitration;

c. A claimed assignment of employees to duties substantially different from those stated in their job specifications;

d. A claimed improper holding of an open-competitive rather than a promotional examination;

e. A claimed wrongful disciplinary action taken against a permanent Employee covered by Section 75(1) of the Civil Service Law upon whom the agency head has served written charges of incompetence or misconduct while the Employee is serving in the Employee's permanent title or which affects the Employee's permanent status.

f. Failure to serve written charges as required by Section 75 of the Civil Service Law or the Rules and Regulations of the Health and Hospitals Corporation upon a permanent Employee covered by Section 75(1) of the Civil Service Law.

g. A claimed wrongful disciplinary action taken against a provisional Employee who has served

continuously for five years in the same title in the same agency.

Section 2.

The Grievance Procedure, except for grievances as defined in Section l(d) and 1 (e) and 1 (g) of this Article, shall be as follows:

Employees may at any time informally discuss with their supervisors a matter which may become a grievance. If the results of such a discussion are unsatisfactory, the Employees may present the grievance at Step I.

All grievances must be presented in writing at all steps in the grievance procedure. For all grievances as defined in Section (l)(c), no monetary award shall in any event cover any period prior to the date of the filing of the Step I grievance unless such grievance has been filed within thirty (30) days of the assignment to alleged out-of-title work. No monetary award for a grievance has been filed within the time limitation set forth in Step I below for such grievances; if the grievance is so filed, any monetary award shall in any event cover only the period up to six years prior to the date of the filing of the grievance.

STEP I. The Employee and/or the Union shall present the grievance in the form of a memorandum to the person designated for such purpose by the agency head no later than 120 days after the date on which the grievance arose. The employee may also request an appointment to discuss the grievance and such request shall be granted. The person designated by the Employer to hear the grievance shall take any steps necessary to a proper disposition of the grievance and shall issue a determination in writing by the end of the third work day following the date of submission.

STEP II. An appeal from an unsatisfactory determination at STEP I where applicable, shall be presented in writing to the agency head or the agency head's designated representative who shall not be the same person designated in STEP I. The appeal must be made within five (5) working days of the receipt of the STEP I determination. The agency head or designated representative, if any, shall meet with the employee and/or the Union for review of the grievance and shall issue a determination in writing by the end of the tenth work day following the date on which the appeal was filed.

STEP III. An appeal from an unsatisfactory determination at STEP II shall be presented by the employee and/or the Union to the Commissioner of Labor Relations in writing within ten (10) working days of the receipt of the STEP II determination. The grievant or the Union should submit copies of the STEP I and STEP II grievance filings and any agency responses thereto. Copies of such appeal shall be sent to the agency head. The Commissioner of Labor Relations or the Commissioner's designee shall review all appeals from STEP II determinations and shall issue a determination on such appeals within fifteen (15) working days following the date on which the appeal was filed.

STEP IV. An appeal from an unsatisfactory determination at STEP III may be brought solely by the Union to the Office of Collective Bargaining for impartial arbitration within fifteen (15) working days of receipt of the STEP III determination. In addition, the Employer shall have the right to bring directly to arbitration any dispute between the parties concerning any matter defined herein as a "grievance." The Employer shall commence such arbitration by submitting a written request therefor to the Office of Collective Bargaining. A copy of the notice requesting impartial arbitration shall be forwarded to the opposing party. The arbitration shall be conducted in accordance with the Consolidated Rules of the Office of Collective Bargaining. The costs and fees of such arbitration shall be borne equally by the Union and the Employer.

The arbitrator's decision, order or award (if any) shall be limited to the application and interpretation of the Agreement, and the arbitrator shall not add to, subtract from or modify the Agreement. The arbitrator's award shall be final and binding and enforceable in any appropriate tribunal in accordance with Article 75 of the Civil Practice Law and Rules. The arbitrator may provide for and direct such relief as the arbitrator deems necessary and proper, subject to the limitations set forth above and any applicable limitations of law.

Section 3.

As a condition to the right of the Union to invoke impartial arbitration set forth in this Article, including the arbitration of a grievance involving a claimed improper holding of an open-competitive rather than a promotional examination, the Employee or Employees and the Union shall be required to file with the Director of the Office of Collective Bargaining a written waiver of the right, if any, of the Employee and the union to submit the underlying dispute to any other administrative or judicial tribunal except for the purpose of enforcing the arbitrator's award.

Section 4.

a. Any grievance under Section l(d) relating to a claimed improper holding of an open-competitive rather than a promotional examination shall be presented in writing by the Employee or the Union representative to the Commissioner of Labor Relations not later than thirty (30) days after the notice of the intention to conduct such open competitive examination, or copy of the appointing officer's request for such open competitive examination, as the case may be, has been posted in accordance with Section 51 of the Civil Service Law. The grievance shall be considered and passed upon within ten (10) days after its presentation. The determination shall be in writing, copies of which shall be transmitted to both parties to the grievance upon issuance.

b. A grievance relating to the use of an open - competitive rather than a promotional examination which is unresolved by the Commissioner of Labor Relations may be brought to impartial arbitration as provided in Sections 2 and 3 above. Such a grievance shall be presented by the Union, in writing, for arbitration within 15 days of the presentation of such grievance to the Commissioner of Labor Relations, and the arbitrator shall decide such grievance within 75 days of its presentation to the arbitrator. The party requesting such arbitration shall send a copy of such request to the other party. The costs and fees of such arbitration shall be borne equally by the Employer and the Union.

Section 5.

In any case involving a grievance under Section l(e) of this Article, the following procedure shall govern upon service of written charges of incompetence or misconduct:

STEP A. Following the service of written charges, a conference with such Employee shall be held with respect to such charges by the person designated by the agency head to review a grievance at STEP I of the Grievance Procedure set forth in this Agreement. The Employee may be represented at such conference by a representative of the Union. The person designated by the agency head to review the charges shall take any steps necessary to a proper disposition of the charges and shall issue a determination in writing by the end of the fifth day following the date of the conference.

If the Employee is satisfied with the determination in STEP A above, the employee may choose to accept such determination as an alternative to and in lieu of a determination made pursuant to the procedures provided for in Section 75 of the Civil Service Law. As a condition of accepting such determination, the Employee shall sign a waiver of the Employees right to the procedures available to him or her under Section 75 and 76 of the Civil Service Law.

STEP B(i) If the Employee is not satisfied with the determination at STEP A above, then the Employer shall proceed in accordance with the disciplinary procedures set forth in Section 75 of the Civil Service Law. As an alternative, the Union with the consent of the Employee may choose to proceed in accordance with the Grievance Procedure set forth in this Agreement, including the right to proceed to binding arbitration pursuant to STEP IV of such Grievance Procedure. As a condition for submitting the matter to the Grievance Procedure the employee and the Union shall file a written waiver of the right to utilize the procedures available to the Employee pursuant to Section 75 and 76 of the Civil Service Law, or any other administrative or judicial tribunal, except for the purpose of enforcing an arbitrator's award, if any. Notwithstanding such waiver, the period of an Employee's suspension without pay pending hearing and determination of charges shall not exceed thirty (30) days.

STEP B(ii) If the election is made to proceed pursuant to the Grievance Procedure, an appeal from the determination of STEP A above, shall be made to the agency head or designated representative. The appeal must be made in writing within five (5) working days of the receipt of the determination. The agency head or designated representative shall meet with the Employee and the Union for review of the grievance and shall issue a determination to the Employee and the Union by the end of the tenth working day following the day on which the appeal was filed. The agency head or designated representative shall have the power to impose the discipline, if any, decided upon, up to and including termination of the accused Employee's employment. In the event of such termination or suspension without pay totaling more than thirty (30) days, the Union with the consent of the grievant may elect to skip Step C of this Section and proceed directly to Step D.

STEP C. If the grievant is not satisfied with the determination of the agency head or designated representative the grievant or the Union may appeal to the Commissioner of Labor Relations in writing within ten (10) days of the determination of the agency head or designated representative. The Commissioner of Labor Relations shall issue a written reply to the grievant and the Union within fifteen (15) working days.

STEP D. If the grievant is not satisfied with the determination of the Commissioner of Labor Relations, the Union with the consent of the grievant may proceed to arbitration pursuant to the procedures set forth in STEP IV of the Grievance Procedure set forth in this Agreement.

Section 6.

In any case involving a grievance under Section l(g) of this Article, the following procedure shall govern upon the service of written charges of incompetence or misconduct.

STEP A. Following the service of written charges, a conference with such Employee shall be held with respect to such charges by the person designated by the agency head to review a grievance to such charges by that STEP I of the Grievance Procedure set forth in this Agreement. The Employee may be represented at such conference by a representative. The person designated by the agency head to review the charges shall take any steps necessary to a proper disposition of the charges and shall issue a determination in writing by the end of the fifth day following the date of the conference.

STEP B(i) If the Employee is not satisfied with the determination at STEP A above, then the Employee may choose to proceed in accordance with the Grievance Procedure set forth in this Agreement through STEP III. The union, with the consent of the Employee, shall have the right to proceed to binding arbitration pursuant to STEP IV of such Grievance Procedure. The period of an Employee's suspension without pay pending hearing and determination of charges shall not exceed thirty (30) days.

STEP B (ii) An appeal from the determination of STEP A above shall be made to the agency head or designated representative. The appeal must be made in writing within five (5) work days of the receipt of the determination; failure to file such appeal within the prescribed time limit shall proscribe the Employee and/or the Union from proceeding to this Step B(ii). The agency head or designated representative shall meet with the employee and the Union for review of the grievance and shall issue a determination to the Employee and the Union by the end of tenth work day following the day on which the appeal was filed. The agency head or designated representative shall have the power to impose discipline, if any, decided upon, up to and including termination of the accused Employee's employment. In the event of such termination or suspension without pay totaling more than thirty (30) days, the Union with the consent of the grievant may elect to skip STEP C of this Section and proceed directly to STEP D.

STEP C If the grievant is not satisfied with the determination of the agency head or designated representative the grievant or the Union may appeal to the Commissioner of Labor Relations in writing within ten (10) days of the determination of the agency head or designated representative; failure to file such appeal within the prescribed time limit shall proscribe the Employee and/or the Union from proceeding to this Step C. The Commissioner of Labor Relations shall issue a written reply to the grievant and the Union within fifteen (15) days.

Section 7.

A grievance concerning a large number of employees and which concerns a claimed misinterpretation, inequitable application, violation or failure to comply with the provisions of this Agreement may be filed directly at STEP III of the grievance procedure. All other individual advances in process concerning the same issue shall be consolidated with the "group" grievance. Such "group" grievance must be filed no later than 120 days after the date on which the grievance arose, and all other procedural limits, including time limits, set forth in this Article shall apply. All other individual grievances in process concerning the same issue shall be consolidated with the "group" grievance.

Section 8.

If a determination satisfactory to the Union at any level of the Grievance Procedure is not implemented within a reasonable time, the Union may re-institute the original grievance at STEP III of the Grievance Procedure; or if a satisfactory STEP III determination has not been so implemented, the Union may institute a grievance concerning such failure to implement at STEP IV of the Grievance Procedure.

Section 9.

If the Employer exceeds any time limit prescribed at any step in the Grievance Procedure, the grievant and/or the Union may invoke the next step of the procedure, except that only the Union may invoke impartial arbitration under STEP IV.

Section 10.

The Employer shall notify the Union in writing of all grievances filed by Employees, all grievance hearings, and all determinations. The Union shall have the right to have a representative present at any grievance hearing and shall be given forty-eight (48) hours' notice of all grievance hearings.

Section 11.

Each of the steps in the Grievance Procedure, as well as time limits prescribed at each step of this Grievance Procedure, may be waived by mutual agreement of the parties.

Section 12.

The grievance and the arbitration procedure contained in this Agreement shall be the exclusive remedy for the resolution of

disputes defined as "grievances" herein. This shall not be interpreted to preclude either party from enforcing the arbitrator's award in court. This Section shall not be construed in any manner to limit the statutory rights and obligations of the Employer under Article XIV of the Civil Service Law.

Section 13. - Expedited Arbitration Procedure.

a. The parties agree that there is a need for an expedited arbitration process which would allow for the prompt adjudication of the grievances as set forth below.

b. The parties voluntarily agree to submit matters to final and binding arbitration pursuant to the New York City Collective Bargaining Law and under the jurisdiction of the Office of Collective Bargaining. An arbitrator or panel of arbitrators, as agreed to by the parties, will act as the arbitrator of any issue submitted under the expedited procedure herein.

c. The selection of those matters which will be submitted shall include, but not limited to, out-of-title cases concerning all titles, disciplinary cases wherein the proposed penalty is a monetary fine of one week or less or written reprimand, and other cases pursuant to mutual agreement by the parties. The following procedures shall apply:

i. **SELECTION AND SCHEDULING OF CASES:**

(1) The Deputy Chairperson for Disputes of the Office of Collective Bargaining shall propose which cases shall be subject to the procedures set forth in Section 12 and notify the parties of proposed hearing dates for such cases.

(2) The parties shall have ten business days from the receipt of the Deputy Chairperson's proposed list of cases and hearing schedule(s) to raise any objections thereto.

(3) If a case is not proposed by the Deputy Chairperson for expedited handling, either party may, at any time prior to the scheduling of an arbitration hearing date for such case, request in writing to the other party and to the Deputy Chairperson of Disputes of the Office of Collective Bargaining that said case be submitted to the expedited procedure. The party receiving such request shall have ten business days from the receipt of the request to raise any objections thereto.

(4) No case shall be submitted to the expedited arbitration process without the mutual agreement of the parties.

ii. **CONDUCT OF HEARINGS:**

(1) The presentation of the case, to the extent possible, shall be made in the narrative form. To the degree that witnesses are necessary, examination will be limited to questions of material fact and cross examination will be similarly limited. Submission of relevant documents, etc., will not be unreasonably limited. Submission of relevant documents, etc., will not be unreasonably limited and may be submitted as a "packet" exhibition.

(2) In the event either party is unable to proceed with hearing a particular case, the case shall be rescheduled. However, only one adjournment shall be permitted. In the event that either party is unable to proceed on a second occasion, a default judgment may be entered against the adjourning party at the Arbitrator's discretion absent a good cause shown.

(3) The arbitrator shall not be precluded from attempting to assist the parties in settling a particular case.

(4) A decision will be issued by the Arbitrator within two weeks. It will not be necessary in the Award to recount any of the facts presented. However, a brief explanation of the Arbitrator's rationale may be included. Bench decisions may also be issued by the Arbitrator.

(5) Decisions in this expedited procedure shall not be considered as precedent for any other case nor entered into evidence in any other forum or dispute except to enforce the Arbitrator's award.

(6) The parties, shall whenever possible, exchange any documents intended to be offered in evidence at least one week in advance of the first hearing date and all endeavor to stipulate to the issue in advance of the hearing date.

ARTICLE VII - UNION REPRESENTATION

When the agency decides to have an orientation program for newly hired Probation Officers, the Union shall be permitted to designate one of its representatives to discuss Union rights and benefits, including welfare fund provisions.

ARTICLE VIII- BULLETIN BOARDS: EMPLOYER FACILITIES

The Union may post notices on bulletin boards in places and locations where notices usually are posted by the Employer for the employees to read. All notices shall be on Union stationery, and shall be used only to notify employees of matters pertaining to Union affairs. Upon request to the responsible official in charge of a work location, the Union may use Employer premises for meetings during employees' lunch hours, subject to availability of appropriate space and provided such meetings do not interfere with Employer business.

ARTICLE IX - NO STRIKES

In accordance with the New York City Collective Bargaining Law, as amended, neither the Union nor any employee shall induce or engage in any strikes, slowdowns, work stoppages, mass absenteeism, or induce any mass resignations during the term of this Agreement.

ARTICLE X - CITYWIDE ISSUES

This Agreement is subject to the provisions, terms and conditions of the Agreement which has been or may be negotiated between the City and the Union recognized as the exclusive collective bargaining representative on Citywide matters which must be uniform for specified employees, including the employees covered by this Agreement.

Employees in Rule X titles shall receive the benefits of the CityWide Agreement unless otherwise specifically excluded herein.

ARTICLE XI - UNION ACTIVITY

Time spent by employee representatives in the conduct of labor relations with the City and on Union activities shall be governed by the terms of Executive Order No. 75, as amended, dated March 22, 1973, entitled "Time Spent on the Conduct of Labor Relations between the City and Its Employees and on Union Activity" or any other applicable Executive Order.

ARTICLE XII - LABOR-MANAGEMENT COMMITTEE

Section 1.

The Employer and the Union, having recognized that cooperation between management and employees is indispensable to the accomplishment of sound and harmonious labor relations, shall jointly maintain and support a labor-management committee in each of the agencies having at least fifty employees covered by this Agreement.

Section 2.

Each labor-management committee shall consider and recommend to the agency head changes in the working conditions of the employees within the agency who are covered by this Agreement. Matters subject to the Grievance Procedure shall not be appropriate items for consideration by the labor-management committee.

Section 3.

Each labormanagement committee shall consist of eight members who shall serve for the term of this Agreement. The Union shall designate four members and the agency head shall designate four members. Vacancies shall be filled by the appointing party for the balance of the term to be served. Each member may designate one alternate. Each committee shall select a chairperson from among its members at each meeting. The chairpersonship of each committee shall alternate between the members designated by the agency head and the members designated by the Union. A quorum shall consist of a majority of the total membership of a committee. A committee shall make its recommendations to the agency head in writing.

Section 4.

The labor-management committee shall meet at the call of either the Union members or the Employer members at times mutually agreeable to both parties. At least one week in advance of a meeting the party calling the meeting shall provide, to the other party, a written agenda of matters to be discussed. Minutes shall be kept and copies supplied to all members of the committee.

ARTICLE XIII - FINANCIAL EMERGENCY ACT

The provisions of this Agreement are subject to applicable provisions of law, including the New York State Financial Emergency Act for the City of New York as amended.

ARTICLE XIV- APPENDICES

The Appendix or Appendices, if any, attached hereto and initialed by the undersigned shall be deemed a part of this Agreement as if fully set forth herein.

ARTICLE XV - SAVINGS CLAUSE

In the event that any provision of this Agreement is found to be invalid, such invalidity shall not impair the validity and enforceability of the remaining provisions of this Agreement.

ARTICLE XVI - CONTRACTING-OUT CLAUSE

The problem of "Contracting Out" or "Farming Out" of work normally performed by personnel covered by this Agreement shall be referred to the Labor-Management Committee as provided for in Article XI of this agreement.

RE: 2002-2005 Probation Officers Agreement

Dear Mr. Coluccio:

This is to confirm our mutual agreement and understanding that requests for transfers within the Department of Probation shall be considered in the following manner:

Any employee in the bargaining unit serving in a permanent position may request a transfer within title to another location by making a written application to the Agency's Director of Personnel.

It is agreed and understood that the Department of Probation reserves the right to make transfer decisions based on the needs and efficient operation of the Department.

The terms of this letter of understanding are not subject to the grievance procedure.

Sincerely,
JAMES F. HANLEY

Re: Gainsharing Agreement

Dear Mr. Coluccio:

This confirms the mutual understanding and agreement of the parties regarding the sharing of savings generated through restructuring which the UPOA and the City agreed to in the Department of Probation's Adult Supervision Program ("Gainsharing Agreement").

Effective August 1, 2004, the parties agree to the following:

1. The parties hereby agree that the January 28, 1993 Gainsharing Agreement (as periodically updated) is hereby discontinued and superseded by this permanent agreement.

2. This Agreement supersedes all previous Agreements between the parties regarding compensation to employees as a result of the

previous Gainsharing Agreement.

3. All employees newly hired in the Probation Officer title series on, or after August 1, 2004 shall not be included in any Gainsharing compensation provided herein.

4. The parties hereby agree that the amounts payable to present incumbent employees under the Gainsharing Agreement shall not increase by future collective bargaining increases.

5. The following amounts shall be paid or payable only to incumbents who are serving in the Probation Officer title series as of August 1, 2004:

Length of Service	Per Annum Amount
Five or more years	$1,325
Ten or more years	$2,095
Fifteen or more years	$2,620

6. The above amounts will be pensionable, but they shall not be included in the employees' base salaries for any other purposes.

7. The standard work week for all employees in the Probation Officer title series hired on or after August 1, 2004 shall be increased to 40 hours, without any increase in compensation.

Kindly indicate your acceptance by affixing your signature in the space provided below.

Very truly yours,

Re: 2002--2005 UPOA Agreement

Dear Mr. Coluccio:

This letter is to confirm certain mutual understandings and agreements regarding the above-captioned agreement.

The parties agree that an additional 1% uncompounded salary increase, as specified in Article III, Section 3 B. a. iii. of this Agreement, shall be generated through the savings achieved by reducing salary increments of newly hired employees effective August 1, 2004. This initiative represents meaningful, quantifiable, recurring savings to the City and generates funding to be utilized to compensate employees effective August 1, 2004.

If the above accords with your understanding, kindly execute the signature line provided below.

Re: 2002--2005 UPOA Agreement

Dear Mr. Coluccio:

This is to confirm certain mutual understandings and agreements regarding the above captioned Agreement.

1. The First Deputy Commissioner of Labor Relations may, after notification to the affected union(s), exempt certain hard to recruit titles, as defined in relevant cases by DCAS and by HHC, from the provisions of Section 4 of the *2002-2005 UPOA Agreement.*

2. For the purposes of Section 4 of the *2002-2005 UPOA Agreement,* Employees who were in active pay status prior to the date of execution of the *2002-2005 UPOA* Agreement who are affected by the following personnel actions after said date shall not be treated as "newly hired" Employees and shall be entitled to receive the minimum incumbent salary set forth in Section 3 on the dates indicated therein.

a. Employees who return to active pay status from an approved leave of absence.
b. Employees in active pay status (whether full or part-time) appointed to permanent status from a civil service list or to a new title (regardless of jurisdictional class or civil service status) without a break in service of more than 31 days.
c. Employees who were laid off or terminated for economic reasons who are appointed froma recall/preferred list or who were subject to involuntary redeployment.
d. Provisional Employees who were terminated due to a civil service list who are appointed from a civil service list within one year of such termination.
e. Permanent Employees who resign and are reinstated within one year of such resignation.
f. Employees (regardless of jurisdictional class or civil service status) who resign and return within 31 days of such resignation.
g. A provisional Employee who is appointed directly from one provisional appointment to another.
h. For circumstances that were not anticipated by the parties, the First Deputy Commissioner of Labor Relations may elect to issue, on a case-by-case basis, interpretations concerning the application of Section 4 of the ***2002-2005 UPOA Agreement.***

3. For the purposes of Section 2(a), "approved leave" is further defined to include:

a. maternity/childcare leave
b. military leave
c. unpaid time while on jury duty
d. unpaid leave for union business pursuant to Executive Order 75
e. unpaid leave pending workers' compensation determination
f. unpaid leave while on workers' compensation option 2
g. approved unpaid time off due to illness or exhaustion of paid sick leave
h. approved unpaid time off due to family illness
i. other pre-approved leaves without pay

Lump Sum Cash Payment Guidelines

July 30, 2004

Dominic Coluccio
President
United Probation Officers Association
375 West Broadway, Room 300
New York, NY 10012

Re: 2002-2005 UPOA Agreement

Dear Mr. Coluccio:

This is to confirm the understanding and agreement of the parties concerning the guidelines for receipt of the lump sum cash payment provided in Section 3. A. of the *2002-2005 UPOA Agreement.*

A. Eligibility Guidelines

The following categories of Employees shall be eligible to receive a lump sum cash payment in the amount of $1,000, or a pro-rata portion thereof, in accordance with the further provisions of paragraph C, below.

i. Employees who are in active pay status between July 1, 2004 and the date of ratification of the *2002-2005 UPOA Agreement.*
ii. Employees who worked the full period from July 1, 2002 through June 30, 2003 and who retired on or after June 30, 2003.
iii. Employees who had at least one year of service and who had been in service during the period from July 1, 2002 through June 30, 2003 and who were laid-off/terminated for economic reasons.
iv. Employees on active Military Duty pursuant to "Operation Enduring Freedom."
v. Employees who are in pay status between July 1, 2004 and the date of ratification of the *2002-2005 UPOA Agreement,* albeit on approved leave without pay, will receive the applicable lump sum payment upon their return to work.
Note: Employees who were terminated for cause or who resigned shall not be eligible for the lump sum cash payment.

B. Proration of Lump Sum Cash Payment

i. Full-time per annum and full-time per diem Employees shall receive a lump sum cash payment in the amount of $1,000.

ii. Part-time per annum, part-time per diem, per session, hourly paid and per diem Employees (including seasonal appointees) and Employees whose normal work year is less than a full calendar year shall receive a pro-rata portion of the lump sum cash payment on the basis of computations heretofore utilized by the parties for all such Employees.

C. The lump sum cash payments shall not become part of the Employee's basic salary rate nor be added to the Employee's basic salary for the calculation of any salary based benefits including the calculation of future collective bargaining increases.

D. The lump sum cash payment shall be pensionable, consistent with applicable law, and shall be paid as soon as practicable upon ratification of the *2002-2005 UPOA Agreement.*

E. For circumstances that were not anticipated by the parties, the First Deputy Commissioner of Labor Relations may elect to issue, on a case-by-case basis, interpretations concerning the application of Section 3. A. of the *2002-2005 UPOA Agreement.*

If the above accords with your understanding, kindly execute the signature line provided below.

Re: 2002-2005 UPOA Agreement

Dear Mr. Coluccio:

This is to confirm certain mutual understandings and agreements regarding the above captioned Agreement.

For those employees hired between July 15, 1996 through December 31, 1999, upon completion of four (4) years of active or qualified inactive service, an employee in active pay status appointed pursuant to the provisions set forth in Section 5(b) of the 1995 MCMEA shall receive a one-time lump sum payment calculated by taking the difference between the "hiring rate" received by the employee and the indicated minimum for the applicable title set forth in this *Agreement* that was in effect on the one year anniversary of the employee's original date of appointment to their title. Such one-time lump sum payment shall be equivalent to the difference between the annual salary rate the employee would have actually earned during the employee's second year of service had the higher salary rate been in effect and the annual salary rate they did earn.

"Qualified inactive service" is defined for the purposes of this agreement to include the following employees:

1. those who are on preferred or recall lists; or
2. those who are on an approved leave.

"Approved leave" is further defined to include:

a. maternity/childcare leave
b. military leave
c. unpaid time while on jury duty
d. unpaid leave for union business pursuant to Executive Order 75
e. unpaid leave pending workers' compensation determination
f. unpaid leave while on workers' compensation option 2
g. approved unpaid time off due to illness or exhaustion of paid sick leave

Re: 2002-2005 UPOA Agreement

Dear Mr. Coluccio:

This is to confirm the understandings of the parties regarding the $70,000 annual disability payments made to the UPOA Welfare Fund as a result of a Stipulation of Settlement entered into on June 26, 1990 (and continued by subsequent mutual Agreements) to supplement the union's existing disability plan.

The parties hereby agree that effective April 1, 2004, the $70,000 payment will be discontinued.

The parties agree to establish a 20-year longevity differential in the amount of $325 as specified in Article III, Section 7 (c) of the Agreement.

DISADVANTAGED BUSINESS ENTERPRISE GOAL FOR FY 2005

The New York City Department of Transportation (NYCDOT), Passenger Transport Division, has established an FY 2005 goal for Disadvantaged Business Enterprise (DBE) participation of eleven percent (11.0%) for Federal Transit Administration funded contracts. A description of the methodology used to develop this goal and its rationale are available for public inspection for thirty (30) days from the date of this notice. The document will be available between the hours of 10:00 a.m. and 5:00 p.m. Monday through Friday. The office is located at 59 Maiden Lane, 35th Floor, New York, New York 10038. Public comments regarding the goal will be accepted for forty-five (45) days following the publication of this notice.

This notice is published in accordance with 49 CFR Sec. 26.45 and is NYCDOT Passenger Transport Division's final DBE goal unless substantial comment is received that would constitute a change of the goal as presented above.

COURT NOTICE MAPS FOR STATEN ISLAND BLUEBELT PHASE 2

READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS OFFICAL NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council,** 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists--free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contracts at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

PROCUREMENT POLICY BOARD RULES

The Rules may also be accessed on the City Website, http://NYC.GOV.Selltonyc

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

PURCHASE SOFTWARE LICENSING AND MAINTENANCE SERVICES FOR FAST ACCESS, OUTWARD BOUND AND TMON PRODUCTS – Negotiated Acquisition – PIN# 12854040 – NYCDOE to enter into a negotiated acquisition to enter into an agreement Allen Systems Group to purchase software licensing and maintenance services for Fast Access, Outbound and TMON. This Negotiated Acquisition is pursuant to Section 3-04 (b) (2)(ii) of the PPB rules. For over 10 years, the NYC Department of Education's Data Center has been using performance monitoring and problem diagnosis software originally purchased from Landmark Systems, which is not Allen Systems Group. Each product is vital to the stability and successful operation of the environment that is monitors. Some of the systems and applications affected by the use of these products are ATS, CAP, EIS, FAMIS and HRS. These products are proprietary software of Allen Systems Group, and cannot be obtained from another source. This contract is for the period of July 1, 2004 through June 30, 2005, for an amount not to exceed $169,740.

SALE AND REDEVELOPMENT OF PARKING LOT – Request for Proposals – DUE 10-20-04 AT 4:00 P.M. – approximately 74,500 square foot surface, owned by the City of New York (the City), located between 230th Street and Verveelen Place, east of Broadway, in the Kingsbridge-Riverdale section of The Bronx.
The goal of this Request For Proposals (RFP) is to generate a development that both complements and enhances local neighborhood businesses and improves upon the neighborhood as it relates to urban design. The successful proposal will capitalize on the Kingsbridge-Riverdale area's major retail and commercial center. The redevelopment of the parking lot will augment and be consistent with the existing office and merchant mix and connect retail and office uses primarily through the 230th Street and Broadway retail corridors.

All questions related to this RFP should be directed via e-mail to k-rRFP@nycedc.com by Friday, September 24, 2004. No questions will be accepted after that date. All questions and answers will be available to all potential respondents by close of business on Friday, October 1, 2004 at www.nycedc.com/k-rRFP.

Detailed submission guidelines and requirements are outlined in the RFP available as of August 9, 2004 from NYCEDC, 110 William Street, 6th Floor, New York, NY 10038. For more information and to request a copy of the RFP. The deadline for submission of proposals is October 20, 2004 at 4:00 p.m. Proposals are to be submitted to Paul J. Tamboia, Agency Chief Contracting Officer, NYCEDC, 110 William Street, 6th Floor, New York, NY 10038.

DEVELOP TRANSITIONAL RESIDENCES FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – Competitive Sealed Proposals – Judgment required in evaluating proposals - PIN# 071-00S-003-262 – DUE 12-30-04 AT 5:00 P.M. – The Department of Homeless Services is soliciting proposals from organizations interested in developing and operating transitional residences for homeless adults and families including the Neighborhood Based Cluster Residence and drop-in centers for adults. This is an open-ended solicitation; there is no due date for submission. Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-forth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the transitional residence contracts will range from 3 to 30 years including renewal options and depending on the financial terms and conditions.

Pursuant to Section 312 (c) (1) (ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgment is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03 (c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences in order to address the need to create additional shelter capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated as a for-profit entity; 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed Standalone facility location(s); and 3) must demonstrate an intent to enter into lease agreements with the owner(s) or management designee(s) for each property.

Any organization that believes it can provide these services may contact: John Iaffaldano, Associate Staff Analyst, Office

zof Contracts and Procurement at the Department of Homeless Services at (212) 361-8435, 33 Beaver Street, 13th Floor NY, NY 10004, to request a copy of the RFP application, which is available for pick-up Monday through Friday on business days between the hours of 9:00 a.m. to 5:00 p.m.

ARCHITECTURAL DESIGN SERVICES – Competitive Sealed Proposals – Judgment required in evaluating proposals – DUE 09-14-04 AT 4:30 P.M.
PIN# 8462004X040D01 - VISITOR'S CENTER IN POE PARK
PIN# 8462004M063D01 - PARTIAL RECONSTRUCTION AND ADDITION TO 59TH ST. RECREATION CENTER

(A) The Department of Parks and Recreation proposes to use innovative procurement method for two contracts, pursuant to Procurement Policy Board (PPB) Rule Section 3-12, Innovative Procurement Methods.

(B) Contract Descriptions, Pins, and estimated dollar value: Architectural Services for the Design of a Visitor's Center in Poe Park.
PIN# 8462004X040D01, estimated value $174,000.
Architectural Services for the Design of the Partial Reconstruction and Addition to 59th Street Recreation Center.
PIN# 8462004M063D01, estimated value $450,000.

(C) This method serves the best interest of the City by allowing the agency to procure the highest quality services at a fair and reasonable cost. It differs most significantly from the methods currently available in the rules by allowing the decision regarding the best qualified firm to undertake the work to take place prior to cost consideration.
PPB Rule 3-03(g) now mandates that award be based on price and other factors or criteria as set forth in the RFP. The overall requirement for cost consideration will be preserved in that the failure to arrive at a fair and reasonable fee with the top ranked firm within a reasonable time period will result in rejection of that firm and the initiation of fee negotiations with the next highest ranked firm, however, under the proposed method discussion of cost will only occur with the top ranked firm unless and until such firm is removed from consideration.

(D) The method proposed involves a two-stage selection process, beginning with an open request for proposal (RFP), which will comport in all respects with the PPB Rule Sections 3-03(a),(c) and (d)(1), and the other provisions of Section 3-03 except as modified in the manner described herein. Suppliers may express interest in providing the desired services by responding to each contract RFP. The Agency will distribute the RFP widely, including via appropriate trade publications. Initial submissions will be required to set forth proposers' qualifications to undertake the work, and examples of relevant projects from proposers' portfolio of prior work. At the first stage of this process, the portfolio submissions will be ranked by a proposal evaluation committee, which will include an outside professional peer as one member, along with at least three City employees. Participating professional peer evaluators will be selected by the Agency from a pool of qualified volunteer professional peers; each volunteer professional peer selected for a particular evaluation committee will be required to certify that he/she will participate in an impartial manner and that neither he/she nor any family member nor any firm affiliated with either has any interest in particular procurement which the committee will review. At the first stage of the selection process, that same evaluation committee will undertake discussions with and/or invite the top-ranked proposers from the first stage to supplement their submissions to address the projects identified below. The committee will then rank the proposers according to the quality of their proposed approaches. At the conclusion of the second stage the City will commence fee negotiations with the highest technically ranked firm.

This method will be implemented within the next two months.

Pursuant to City Environmental Quality Review (CEQR), Mayoral Executive Order No. 91 of 1977, and the regulations of Article 8 of the State Environmental Conservation Law, State Environmental Quality Review Act (SEQRA) as found in 6 NYCRR Part 617, a Final Environmental Impact Statement (FEIS) has been prepared for the action described below. Copies of the FEIS are available for public inspection at the office of the undersigned. The proposal involves actions by the City Planning Commission and Council of the City of New York pursuant to Uniform Land Use Review Procedures (ULURP). A public hearing on the Draft Environmental Impact Statement (DEIS) was held on July 14, 2004. Written comments on the DEIS were requested and were received by the Lead Agency until the 10th calendar day following the close of the public hearing. This FEIS incorporates responses to the public comments received on the DEIS and additional analysis conducted subsequent to the completion of the DEIS.

The FEIS analyzes a proposal by Two Trees Management Company to develop a new residential project in the D.U.M.B.O. area of Brooklyn. The site of the proposed project is located on the west portion of the block bounded by Water, Front, Dock, and Main Streets (Block 36, Lots 1, 3, 49, 52, 53, portions of 14 and 16) in Community District 2, and also includes a lot on the north side of Water Street (Block 26, Lot 38). The proposed action would affect properties within the City- and State-designated Fulton Ferry Historic District and the State-designated D.U.M.B.O. Historic District.

The proposed project requires the following discretionary actions: (i) a zoning map change from an M1-2 district to an M1-2/R8 (MX-2) mixed-use district; (ii) a special permit for a public parking garage in excess of 150 spaces (327 spaces are proposed) with an exclusion of garage floor area below elevation 23 feet from the calculation of zoning floor area (ZR Section 74-512); (iii) a special permit for a general large-scale development (ZR Section 74-743), which would allow for the waiver of rear yard requirements, height and setback regulations, and the required minimum distance between windows and lot lines for the proposed building, and (iv) a special permit pursuant to ZR Section 74-711 to modify the use regulations to allow residential use in a manufacturing district.

The proposed actions would facilitate a proposal by the applicant to construct a 17-story, residential building at 38-62 Water Street (Block 36, Lots 3 and part of 14) and to convert existing buildings at 64 Water Street (Block 36, part of Lot 14) and 85 Water Street (Block 26, Lot 38) to residential use. The proposed development at 38-62 Water Street would contain approximately 200 residential units, 8,300 gsf of ground-floor retail space, 8,396 gsf of community facility space, and a 327-space parking garage. Construction of the proposed building would result in the demolition of existing 1- to 4-story commercial and industrial buildings on the site, including the vacant industrial building at 54-62 Water Street which is within the D.U.M.B.O. Historic District. The proposed conversion of the vacant, 4-story industrial building at 64 Water Street would result in approximately seven residential units and 2,250 gsf of ground-floor retail space. The proposed conversion of the 4-story, former manufacturing building at 85 Water Street, which was recently converted to an interim use as a television studio, would result in three residential units and 1,112 gsf of ground-floor retail space, and the renovation and continued preservation of the building in accordance with the conditions of the special permit. It is anticipated that the projects would be completed in 2008.

In addition to the proposed project, the proposed rezoning would facilitate the redevelopment of a property located at 35-43 Front Street (Block 36, Lots 49, 52, and 53) which is not under the control of the applicant. The proposed M1-2/R8 (MX-2) zoning could result in an approximately 10-story, 90 unit residential development with about 14,760 gsf of ground-floor retail space being developed on the site. The site currently is occupied by a 3-story industrial building which would be demolished. The FEIS assumes that the site would be redeveloped by 2008.

The FEIS identifies significant adverse impacts related to hazardous materials, and archaeological and architectural resources on the applicant-owned properties at 38-62 Water Street, and identifies mitigation measures that would eliminate the potential hazardous materials and archaeological resources impacts and partially mitigate the architectural resource impact. The FEIS also identifies the potential for significant adverse impacts related to archaeological resources on the projected development site at 35-43 Front Street. Since this property is not under the control of the applicant, no practicable or feasible measures are available to mitigate this potential impact. The FEIS considers five alternatives to the proposed project: a No Action Alternative, an As-of-Right Development Alternative, an Historic Building Preservation Alternative, a M1-2/R7A (MX) Zoning Alternative and a M1-2/R6A (MX) Zoning Alternative.

Copies of the FEIS may be obtained from the Environmental Assessment and Review Division, New York City Department of City Planning, 22 Reade Street, 4E, New York, NY 10007, Robert Dobruskin, Director (212) 720-3423; or from the Office of Environmental Coordination, 100 Gold Street, 2nd Floor, New York, NY 10038, Robert Kulikowski, Ph.D., Director (212) 788-2924.

This notice has been prepared in accordance with Article 8 of the New York State Environmental Conservation Law.

Lead Agency
City Planning Commission

Name, Description and Location of Proposal:

Lutheran Medical Center Family Health Center
The applicant, Lutheran Medical Center, is proposing an

amendment to the Zoning Map to rezone the subject property, located at 150 55th Street (Block 836, Lot 19) in the Sunset Park area of Community District 7, Brooklyn, from a M3-1 district to a R6 district with a C1-3 overlay. In addition, the co-applicant, the New York City Department of Citywide Administrative Services (DCAS), is requesting a removal of a deed restriction placed on a portion of Lot 19 that limits the use of the project site to community facility uses.

The proposed actions would facilitate a proposal by the Lutheran Medical Center to construct a 38,063 gross square foot three-story Family Health Center (Use Group 4) with a ground-floor retail pharmacy (Use Group 6) on a portion of the subject property. The project site is bounded by the Lutheran Medical Center and 56th Street to the north, 57th Street to the south, 2nd Avenue to the east, and 1st Avenue to the west. The site is currently located in a M3-1 zoning district and is occupied by a 400 space, at-grade accessory parking lot used by employees and visitors to the Lutheran Medical Center. Construction of the proposed project would eliminate 76 of the existing parking spaces.

The Lutheran Medical Center is currently experiencing severe overcrowding, which impedes the ability of health care professionals to adequately service their patient population. In an effort to alleviate the pressure due to the physical constraints of the building, the applicant proposes the creation of an additional building that would house a retail pharmacy approximately (8,500 sq. feet) on the ground floor, and non-profit family health center (approximately 29,563 sq. feet) that would provide healthcare services to women and children on the second and third floors.

The proposed actions are required as the current M3-1 zoning prohibits the proposed community facilities use (Use Group 4), and because of a deed restriction placed on the property in 1990, which limits the land use to community facilities only. Consequently, the proposed ground floor retail pharmacy (Use Group 6) is prohibited by the provisions of this restriction, and its removal is necessary in order to facilitate the proposed project. The anticipated period of construction for the Family Health Center is 18 months and it is expected that construction would be completed in 2006.
Absent the proposed actions, the project site would continue as an accessory parking lot for the Lutheran Medical Center.

Statement of No Significant Effect Upon Modification: The Environmental Assessment and Review Division of the Department of City Planning, on behalf of the City Planning Commission, has completed its review of the Environmental Assessment Statement dated August 19, 2004, prepared in connection with the ULURP Application (020573ZMK and 030020PPK). The City Planning Commission has determined that the proposed action will have no significant effect on the quality of the environment, once it is modified as follows:

1. The applicant for the zoning map amendment, the Lutheran Medical Center, agrees via a restrictive declaration to prepare a hazardous materials sampling protocol including a health and safety plan, which would be submitted to the Department of Environmental Protection (DEP) for approval. The applicant agrees to test and identify any potential hazardous material impact pursuant to the approved sampling protocol and, if any such impact is found, submit a hazardous material remediation plan including a health and safety plan to DEP for approval. If necessary, remediation measures would be undertaken pursuant to the remediation plan.

   The restrictive declaration also restricts the manner in which the property may be developed or redeveloped, by requiring the sampling protocol and remediation measures to serve as a condition precedent to any change of use in any such development or redevelopment of the property.

Supporting Statement:

The above determination is based on an environmental assessment which finds that:

1. A Phase I Environmental Site Assessment (ESA) and a limited Phase II ESA, available in the proposal's CEQR file, was prepared in May 2000 for the project site. It has been determined that absent further testing and review of the test results, the proposed action has the potential to result in significant adverse impacts relating to hazardous materials. In order to address the mitigation of these impacts, the Phase I ESA and limited Phase II ESA were reviewed by the New York State Department of Environmental Conservation (NYSDEC) and they approved a workplan for remediation of the site. In addition, the Phase I and limited Phase II were reviewed by DEP's Office of Environmental Planning and Assessment, and a restrictive declaration was recommended, as stated in memos by DEP, dated on November 4, 2002 and again on December 2, 2003, due to the potential presence of hazardous materials on the site as a result of past and present on-site land uses. The declaration requires that detailed Phase II testing would occur and is binding upon the property's successors and assigns. The declaration serves as a mechanism to assure the potential for hazardous material contamination that may exist in the sub-surface soils and groundwater on the project site would be characterized prior to any site disturbance (i.e., site grading, excavation, demolition, or building construction).

On August 10, 2004, the restrictive declaration was signed, recorded and executed. In an August 18, 2004 letter sent to City Planning, DEP acknowledged the receipt of a signed copy of the DEP approved restrictive declaration. With the implementation of the condition described above, no significant adverse impact related to hazardous materials would occur.

2. No other significant adverse effects on the environment which would require an Environmental Impact Statement are foreseeable.

It is fully agreed and understood that if the foregoing conditions, modification, and alterations are not fully incorporated into the proposed action, this Conditional Negative Declaration shall become null and void. In such event, the applicant shall be required to prepare a Draft Environmental Impact Statement before preceding further with said proposal.
This Conditional Negative Declaration has been prepared in accordance with Article 8 of the Environmental Conservation Law 6NYCRR part 617.

Should you have any questions pertaining to this Conditional Negative Declaration, you may contact Radhika Patel at (212) 720-3321.

■ **NOTICE**

Passenger Transport Division

DISADVANTAGED BUSINESS ENTERPRISE GOAL FOR FY 2005

The New York City Department of Transportation (NYCDOT), Passenger Transport Division, has established an FY 2005 goal for Disadvantaged Business Enterprise (DBE) participation of eleven percent (11.0%) for Federal Transit Administration funded contracts. A description of the methodology used to develop this goal and its rationale are available for public inspection for thirty (30) days from the date of this notice. The document will be available between the hours of 10:00 a.m. and 5:00 p.m. Monday through Friday. The office is located at 59 Maiden Lane, 35th Floor, New York, New York 10038. Public comments regarding the goal will be accepted for forty-five (45) days following the publication of this notice.

This notice is published in accordance with 49 CFR Sec. 26.45 and is NYCDOT Passenger Transport Division's final DBE goal unless substantial comment is received that would constitute a change of the goal as presented above.

COURT NOTICE MAPS FOR STATEN ISLAND BLUEBELT PHASE 2

READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS OFFICAL NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council,** 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists--free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contracts at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

PROCUREMENT POLICY BOARD RULES

The Rules may also be accessed on the City Website, http://NYC.GOV.Selltonyc

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

SALE AND REDEVELOPMENT OF PARKING LOT – Request for Proposals – DUE 10-20-04 AT 4:00 P.M. – approximately 74,500 square foot surface, owned by the City of New York (the City), located between 230th Street and Verveelen Place, east of Broadway, in the Kingsbridge-Riverdale section of The Bronx.

The goal of this Request For Proposals (RFP) is to generate a development that both complements and enhances local neighborhood businesses and improves upon the neighborhood as it relates to urban design. The successful proposal will capitalize on the Kingsbridge-Riverdale area's major retail and commercial center. The redevelopment of the parking lot will augment and be consistent with the existing office and merchant mix and connect retail and office uses primarily through the 230th Street and Broadway retail corridors.

All questions related to this RFP should be directed via e-mail to k-rRFP@nycedc.com by Friday, September 24, 2004. No questions will be accepted after that date. All questions and answers will be available to all potential respondents by close of business on Friday, October 1, 2004 at www.nycedc.com/k-rRFP.

Detailed submission guidelines and requirements are outlined in the RFP available as of August 9, 2004 from NYCEDC, 110 William Street, 6th Floor, New York, NY 10038. For more information and to request a copy of the RFP. The deadline for submission of proposals is October 20, 2004 at 4:00 p.m. Proposals are to be submitted to Paul J. Tamboia, Agency Chief Contracting Officer, NYCEDC, 110 William Street, 6th Floor, New York, NY 10038.

DEVELOP TRANSITIONAL RESIDENCES FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – Competitive Sealed Proposals – Judgment required in evaluating proposals - PIN# 071-00S-003-262 – DUE 12-30-04 AT 5:00 P.M. – The Department of Homeless Services is soliciting proposals from organizations interested in developing and operating transitional residences for homeless adults and families including the Neighborhood Based Cluster Residence and drop-in centers for adults. This is an open-ended solicitation; there is no due date for submission. Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-forth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the transitional residence contracts will range from 3 to 30 years including renewal options and depending on the financial terms and conditions.

Pursuant to Section 312 (c) (1) (ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgment is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03 (c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences in order to address the need to create additional shelter capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated as a for-profit entity; 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed Standalone facility location(s); and 3) must demonstrate an intent to enter into lease agreements with the owner(s) or management designee(s) for each property.

Any organization that believes it can provide these services may contact: John Iaffaldano, Associate Staff Analyst, Office of Contracts and Procurement at the Department of Homeless Services at (212) 361-8435, 33 Beaver Street, 13th Floor NY, NY 10004, to request a copy of the RFP application, which is available for pick-up Monday through Friday on business days between the hours of 9:00 a.m. to 5:00 p.m.

AGENCY RULES

HOUSING PRESERVATION AND DEVELOPMENT

■ NOTICE

NOTICE OF PROMULGATION OF RULES PERTAINING TO CARBON MONOXIDE DETECTING DEVICES

Notice is hereby given pursuant to the authority vested in the Commissioner of the Department of Housing Preservation and Development ("Department") by Chapter 61 of the New York City Charter and the New York City Carbon Monoxide Detecting Device Act of 2004 (Local Law # 7 of 2004) that the Department hereby amends Chapter 12 of Title 28 of the Official Compilation of Rules of the City of New York to add provisions concerning installation of carbon monoxide detecting devices to implement Local Law # 7 of 2004. This rulemaking was not included in the agency's regulatory agenda because it is the result of the enactment of new legislation by the New York City Council. These rules shall take effect immediately upon publication, pursuant to the Statement of Substantial Need published with this notice of adoption.

Section one. The title of chapter 12 of title 28 of the rules of the city of New York is amended to read as follows:

Chapter 12

Smoke Detecting and Carbon Monoxide Detecting Devices and Systems in Multiple Dwellings

§2. The titles to sections 12-01 through 12-04 of chapter 12 of title 28 of the rules of the city of New York are amended to read as follows:

§12-01 Owner Responsibilities for Smoke Detecting Devices for Class A Multiple Dwellings.

§12-02 Occupant Responsibilities for Smoke Detecting Devices for Class A Multiple Dwellings

§12-03 Owner Responsibilities for Smoke Detecting Devices for Class B Multiple Dwellings

§12-04 Form for Records for Smoke Detecting Devices

§3. Chapter 12 of title 28 of the rules of the city of New York is amended by adding the following sections:

§12-05. Definitions.

For the purposes of this chapter
(a) CO means carbon monoxide; and
(b) CO alarm means a "carbon monoxide alarm" as defined in 1 RCNY Chapter 28 and shall also mean a "carbon monoxide detecting device" as such term is used in subchapter 7 of chapter 1 and subchapter 2 of chapter 2 of title 27 of the administrative code of the city of New York.1

§12-06. Owner Responsibilities for CO Alarms for Class A Multiple Dwellings.

Pursuant to §27-2046.1 of the administrative code of the city of New York, the owner of a Class A multiple dwelling that is required to be equipped with carbon monoxide detecting devices pursuant to article 7 of subchapter 17 of chapter 1 of title 27 of the administrative code of the city of New York and as prescribed by the Department of Buildings ("DOB") pursuant to chapter 28 of title 1 of the rules of the city of New York shall comply with the following requirements:

(a) Provide and install one or more approved and operational CO alarms in each dwelling unit, provided that there shall be installed at least one approved and operational CO alarm within 15 feet of the primary entrance to each room lawfully used for sleeping purposes;

(b) Post a notice in a form approved by the Commissioner of the Department of Housing Preservation and Development ("HPD" or "the Department") in a common area of a Class A multiple dwelling, readily visible and preferably in the area of the inspection certificate informing the occupants of such building that:

(1) the owner is required by law to install one or more approved and operational CO alarm in each dwelling unit in the building within 15 feet of the primary entrance to each room lawfully used for sleeping purposes;

(2) each occupant is responsible for the maintenance and repair of such alarms and for replacing any or all such alarms that are stolen, removed, missing, or rendered inoperable during the occupancy of such dwelling unit; and

(3) the occupant of a dwelling unit in which a CO alarm is newly installed or in which a CO alarm is installed by the owner as a result of such occupant's failure to maintain such alarm or where such alarm has been lost or damaged by such occupant, shall reimburse the owner in the amount of $25.00 per device for the cost of such work, and such occupant shall have one year from the date of installation to make such reimbursement.

(4) An owner may choose to post a single notice that complies with this provision as well as the provisions of 28 RCNY §12-01(b).

(5) The notice required by this subdivision shall conform with the following requirements:

(i) the notice shall have letters not less than three-sixteenths of an inch in height;

(ii) the lettering of the notice shall be of bold type and shall be properly spaced to provide good legibility and the background shall be of contrasting colors;

(iii) the notice shall be durable and shall be substantially secured to the common area where posted;

(iv) the notice shall be of metal, plastic, or decal; and

(v) lighting shall be sufficient to make the notice easily legible; and

(vi) A sample of an approved notice is attached and made part of these rules.

(c) Replace any CO alarm that has been stolen, removed, found missing, or rendered inoperable during a prior occupancy of the dwelling unit and which has not been replaced by the prior occupant before the commencement of a new occupancy of the dwelling unit;

(d) Replace within 30 calendar days after receipt of written notice any such alarm that becomes inoperable within one year of the installation of such alarm due to a defect in the manufacture of such alarm through no fault of the occupant of the dwelling unit;

(e) Provide written information regarding the testing and maintenance of CO alarms to at least one adult occupant of each dwelling unit, including, but not limited to, general information concerning carbon monoxide poisoning and what to do if a CO alarm goes off. Such information may include material that is distributed by the manufacturer or any material prepared or approved by DOB;

(f) Keep the following records, on the premises unless another location is approved by HPD, relating to the installation and maintenance of CO alarms in the building:

(1) date notice posted pursuant to §12-06(b) of this chapter;
(2) date of installation of each CO alarm;
(3) whether each CO alarm receives its primary power from the building wiring with secondary battery back-up, is a battery-operated alarm, or is a plug-in type CO alarm with a back-up battery;

(4) apartment number and location within apartment where each alarm was installed;

(5) date each alarm tested to determine if it is in operable condition;

(6) maintenance work performed on each alarm; and

(7) date occupant requested replacement/repair.
These records must be made available to HPD, DOB, the Fire Department, or the Department of Health and Mental Hygiene ("DOHMH") upon request; and

(g) File a certification of satisfactory installation within 10 days after completion with the HPD Borough Division of Code Enforcement in the borough where the dwelling is located. This certification shall be set forth on a form available at each HPD Borough Office and/or on HPD's website.

1 1 RCNY §28-02(a)(2) states: The term "CO alarm" means a "carbon monoxide alarm" as defined in RS 17-14, and shall also mean a "carbon monoxide detecting device" as such term is used in Subchapter 17 of Chapter 1, and Subchapter 2 of Chapter 2, of Title 27 of the Administrative Code of the City of New York. 1 RCNY § 28-02(e)(2) states: Existing buildings. Buildings in existence on November 1, 2004, and buildings with work permits issued prior to November 1, 2004, may, in the alternative, be equipped with battery-operated CO alarms compliant with RS 17-14 § 5.2.3 or plug-in type CO alarms with a back-up battery compliant with RS 17-14 § 5.2.4, except where such buildings are substantially improved or altered on or after November 1, 2004.

§12-07. Owner Responsibilities for CO Alarms for Private Dwellings.

Pursuant to §27-2046.1 of the administrative code of the city of New York, the owner of a private dwelling that is required to be equipped with CO alarms pursuant to article 7 of subchapter 17 of chapter 1 of title 27 of the administrative code of the city of New York and as prescribed by DOB pursuant to chapter 28 of title 1 of the rules of the city of New York shall comply with the following requirements:

(a) Provide and install one or more approved and operational CO alarm in each dwelling unit, provided that there shall be installed at least one approved and operational CO alarm within 15 feet of the primary entrance to each room lawfully used for sleeping ,as prescribed in the DOB rules and regulations relating to CO alarms.

(b) For purposes of (c) through (g) of this section, "private dwelling" shall mean a dwelling unit in a one-family or two-family home that is occupied by a person or persons other than the owner of such unit or the owner's family.

(c) Provide notice in a form approved by the Department to the occupants of such dwelling that:

(1) the owner is required by law to install an approved and operational CO alarm in each dwelling or dwelling unit in the building, within 15 feet of the primary entrance to each room lawfully used for sleeping;

(2) each occupant is responsible for the maintenance and repair of such alarms and for replacing any or all such alarms that are stolen, removed, missing, or rendered inoperable during the occupancy of such dwelling or dwelling unit; and

(3) the occupant of a dwelling or dwelling unit in which a CO alarm is newly installed or in which a CO alarm is installed by the owner as a result of such occupant's failure to maintain such alarm or where such alarm has been lost or damaged by such occupant shall reimburse the owner in the amount of $25.00 per alarm for the cost of such work, and the occupant shall have one year from the date of installation to make such reimbursement;

(d) Replace any CO alarm that has been stolen, removed, found missing, or rendered inoperable during a prior occupancy of the dwelling or dwelling unit and that has not been replaced by the prior occupant before commencement of a new occupancy of the dwelling or dwelling unit;

(e) Replace within 30 calendar days after receipt of written notice any such alarm that becomes inoperable within one year of the installation of such alarm due to a defect in the manufacture of such alarm through no fault of the occupant of the dwelling or dwelling unit;

(f) Provide written information regarding the testing and maintenance of CO alarms to at least one adult occupant of each dwelling or dwelling unit, including, but not limited to, general information concerning carbon monoxide poisoning and what to do if a CO alarm goes off. Such information may include material that is distributed by the manufacturer or any material prepared or approved by DOB; and

(g) Keep the following records relating to the installation and maintenance of CO alarms in the dwelling or dwelling unit:

(1) date of installation of each CO alarm;

(2) whether each CO alarm receives its primary power from

the building wiring with secondary battery back-up, is a battery-operated device, or is a plug-in type CO alarm with a back-up battery;

(3) location within dwelling or dwelling unit where each alarm is installed;

(4) date each alarm was tested to determine if it is in operable condition;

(5) maintenance work performed on each alarm; and

(6) date occupant requested replacement/repair.

These records must be made available to HPD, DOB, the Fire Department, or DOHMH upon request.

§12-08. Occupant Responsibilities for CO Alarms for Class A Multiple Dwellings and Private Dwellings.

(a) Pursuant to §27-2046.1 of the administrative code of the city of New York, it shall be the sole duty of the occupant of each unit in a Class A multiple dwelling and the occupant of a dwelling or dwelling unit in a private dwelling in which a CO alarm has been provided and installed by the owner to:

(1) Keep and maintain such CO alarm in good repair; and

(2) Replace any alarm that is either stolen, removed, missing, or rendered inoperable during the occupancy of such dwelling or dwelling unit.

(b) The occupant of a dwelling or dwelling unit in which a CO alarm is newly installed or in which a CO alarm is installed by the owner as a result of such occupant's failure to maintain such alarm where such alarm has been removed or damaged by such occupant shall reimburse the owner in the amount of $25.00 per alarm for the cost of such work. Such occupant shall have one year from the date of installation to make such reimbursement.

(c) Except as provided in §12-06(c) and (d) and §12-07(d) and (e) above, an owner who has provided and installed a CO alarm in a dwelling or dwelling unit shall not be required to keep and maintain such alarm in good repair or to replace any such alarm that is stolen, removed, or rendered inoperable during the occupancy of such dwelling or dwelling unit.

§12-09. Owner Responsibilities for CO Alarms for Class B Multiple Dwellings.

Pursuant to §27-2046.2 of the administrative code of the city of New York, the owner of a Class B multiple dwelling that is required to be equipped with one or more CO alarms pursuant to article 7 of subchapter 17 of chapter 1 of title 27 of the administrative code of the city of New York and as prescribed by DOB pursuant to chapter 28 of title 1 of the rules of the city of New York shall:

(a) Provide and install one or more approved and operational CO alarm in each dwelling unit or in the alternative, provide and install a line operated zoned CO detecting system with central annunciation and central office tie-in for all public corridors and public spaces;

(b) Keep and maintain CO alarms or systems in good repair;

(c) Replace any CO alarm that has been stolen, removed, found missing, or rendered inoperable prior to the commencement of a new occupancy of a dwelling unit;

(d) Keep the following records, on the premises unless another location is approved by HPD, relating to the installation and maintenance of CO alarms or systems:

(1) date of installation of each CO alarm or system;

(2) whether the CO alarm receives its primary power from the building wiring with secondary battery back-up, is a battery-operated alarm, is a plug-in type CO alarm with a back-up battery, or in the alternative whether it is a line operated zoned CO detecting system with central annunciation and central office tie-in for all public corridors and public spaces;

(3) room number and location within room where each CO alarm was installed;

(4) date each alarm was tested to determine if it is in operable condition;

(5) maintenance work performed on each alarm;

These records must be made available to HPD, DOB, the Fire Department, or DOHMH upon request; and

(e) File certification of satisfactory installation within 10 days after completion with the HPD Borough Division of Code Enforcement in the borough where the dwelling is located. This certification shall be set forth on a form available at each HPD Borough Office and/or on HPD's website.

§12-10. Form for Notices for CO Alarms

A sample form for providing notice to occupants pursuant to §12-06 is attached and made a part of this chapter.

NOTICE

The owner, _____, of this building located at _____ is required by law to post this notice advising tenants that the owner is required by law to provide a CO alarm in each apartment in this building within 15 feet of the primary entrance to each room lawfully used for sleeping. The law further makes the tenant of each apartment responsible for the maintenance and repair of the alarms installed in the apartment and for replacing any or all alarms that are stolen, removed, missing, or become inoperable during the occupancy of the apartment. The law also provides that the occupant of each Class A apartment in the building in which a CO alarm is provided and installed shall pay the owner $25.00 per alarm for the cost of such work. The occupant has one year from the date of installation to make such payment to the owner.

STATEMENT OF BASIS AND PURPOSE

The Department of Housing Preservation and Development is amending Chapter 12 to include new provisions relating to owner and occupant responsibilities with respect to installation and maintenance of carbon monoxide detecting devices in multiple and private dwellings. These amendments are made in order to implement Local Law #7 of 2004, known as the New York City Carbon Monoxide Detecting Device Act of 2004. The rules specify the obligations of owners to install, maintain, and keep records relating to such devices, and the duties of occupants to reimburse an owner for such installation under certain circumstances and to maintain or replace such devices as specified herein.

Statement of Substantial Need for Earlier Implementation

I hereby find, pursuant to New York City Charter §1043(e)(1)(c), and hereby represent to the Mayor, that there is substantial need for the implementation of amendments to Chapter 12 of Title 28 of the Rules of the City of New York governing carbon monoxide detecting devices and systems, upon the publication in *The City Record* of the Notice of Adoption.

Local Law No. 7 of 2004 (Local Law No. 7), which becomes effective November 1, 2004, requires the installation of carbon monoxide detecting devices in buildings classified in Building Code occupancy groups G, H-2, J-1, J-2, and J-3. Local Law No. 7 further requires that the Department of Housing Preservation and Development, in consultation with the Fire Department and the Departments of Buildings and Health and Mental Hygiene, promulgate rules clarifying the duties of owners and occupants with respect to installing and maintaining carbon monoxide detecting devices and systems. Finally, Local Law No. 7 requires that the Department of Housing Preservation "take all actions necessary for ... implementation, including the promulgation of rules" no later than forty-five days prior to the effective date. Thus, the Department is required to amend Chapter 12 of Title 28 of the Rules of the City of New York on or before September 17, 2004.

Pursuant to the statutory mandate, the proposed rule sets forth the owners' responsibilities to install carbon monoxide detecting devices and systems, provide certain notices to occupants, keep records relating to installation, file a certification of satisfactory installation with the Department, and replace such devices and systems under certain circumstances. The rule also sets forth the responsibilities of occupants to reimburse owners for installation of such devices, to keep and maintain the device in good repair, and replace any alarm that is stolen, removed, missing, or rendered inoperable during the occupancy of the dwelling unit. A public hearing on the proposed rule was held on August 12, 2004. Early implementation of the rule is necessary to ensure that owners have advance notice of the requirement to install and maintain carbon monoxide detecting devices prior to the beginning of the heating season, and so that the Department may meet the statutory rule promulgation deadline set forth in Local Law No. 7.

2004 CONSOLIDATED PLAN SUBSTANTIAL AMENDMENT AMERICAN DREAM DOWNPAYMENT INITIATIVE

The City of New York announces the public comment period for the substantial amendment to the 2004 Consolidated Plan. New York has received additional federal funds for a new HUD initiative, to be administered as a part of the City's HOME Investment Partnerships (HOME) Program, the American Dream Downpayment Initiative (ADDI).

The public comment period will begin on August 16, 2004 and extend thirty (30) days to September 14, 2004.

As of August 16, 2004, copies of the narrative describing the new ADDI-funded programs can be obtained at the Department of City Planning Bookstore, 22 Reade Street, New York, New York 10007 (Monday - Friday; 10:00 am - 4:00 pm).

Copies of the Initiative will also be available for review at the main public library in each of the five boroughs. Please call (212) 720-3444 for information on the closest library.

Furthermore, the narrative will be available on City Planning's website in Adobe .PDF format at: www.nyc.gov/planning.

Written comments should be sent to: Charles V. Sorrentino, New York City Consolidated Plan Coordinator, Department of City Planning, 22 Reade Street 4N, New York, N.Y. 10007.

Passenger Transport Division

DISADVANTAGED BUSINESS ENTERPRISE GOAL FOR FY 2005

The New York City Department of Transportation (NYCDOT), Passenger Transport Division, has established an FY 2005 goal for Disadvantaged Business Enterprise (DBE) participation of eleven percent (11.0%) for Federal Transit Administration funded contracts. A description of the methodology used to develop this goal and its rationale are available for public inspection for thirty (30) days from the date of this notice. The document will be available between the hours of 10:00 a.m. and 5:00 p.m. Monday through Friday. The office is located at 59 Maiden Lane, 35th Floor, New York, New York 10038. Public comments regarding the goal will be accepted for forty-five (45) days following the publication of this notice.

This notice is published in accordance with 49 CFR Sec. 26.45 and is NYCDOT Passenger Transport Division's final DBE goal unless substantial comment is received that would constitute a change of the goal as presented above.

READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS OFFICAL NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council,** 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists--free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contracts at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction. Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

SALE AND REDEVELOPMENT OF PARKING LOT – Request for Proposals – DUE 10-20-04 AT 4:00 P.M. – approximately 74,500 square foot surface, owned by the City of New York (the City), located between 230th Street and Verveelen Place, east of Broadway, in the Kingsbridge-Riverdale section of The Bronx.

The goal of this Request For Proposals (RFP) is to generate a development that both complements and enhances local neighborhood businesses and improves upon the neighborhood as it relates to urban design. The successful proposal will capitalize on the Kingsbridge-Riverdale area's major retail and commercial center. The redevelopment of the parking lot will augment and be consistent with the existing office and merchant mix and connect retail and office uses primarily through the 230th Street and Broadway retail corridors.

All questions related to this RFP should be directed via e-mail to k-rRFP@nycedc.com by Friday, September 24, 2004. No questions will be accepted after that date. All questions and answers will be available to all potential respondents by close of business on Friday, October 1, 2004 at www.nycedc.com/k-rRFP.

Detailed submission guidelines and requirements are outlined in the RFP available as of August 9, 2004 from NYCEDC, 110 William Street, 6th Floor, New York, NY 10038. For more information and to request a copy of the RFP. The deadline for submission of proposals is October 20, 2004 at 4:00 p.m. Proposals are to be submitted to Paul J. Tamboia, Agency Chief Contracting Officer, NYCEDC, 110 William Street, 6th Floor, New York, NY 10038.

DEVELOP TRANSITIONAL RESIDENCES FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – Competitive Sealed Proposals – Judgment required in evaluating proposals - PIN# 071-00S-003-262 – DUE 12-30-04 AT 5:00 P.M. – The Department of Homeless Services is soliciting proposals from organizations interested in developing and operating transitional residences for homeless adults and families including the Neighborhood Based Cluster Residence and drop-in centers for adults. This is an open-ended solicitation; there is no due date for submission. Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-forth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the transitional residence contracts will range from 3 to 30 years including renewal options and depending on the financial terms and conditions.

Pursuant to Section 312 (c) (1) (ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgment is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03 (c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences in order to address the need to create additional shelter capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated as a for-profit entity; 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed Standalone facility location(s); and 3) must demonstrate an intent to enter into lease agreements with the owner(s) or management designee(s) for each property.

Any organization that believes it can provide these services may contact: John Iaffaldano, Associate Staff Analyst, Office of Contracts and Procurement at the Department of Homeless Services at (212) 361-8435, 33 Beaver Street, 13th Floor NY, NY 10004, to request a copy of the RFP application, which is available for pick-up Monday through Friday on business days between the hours of 9:00 a.m. to 5:00 p.m.

AGENCY RULES

SANITATION

■ NOTICE

NOTICE OF PUBLIC HEARING AND OPPORTUNITY TO COMMENT ON PROPOSED AMENDMENTS TO RULES GOVERNING THE DEPARTMENT OF SANITATION'S OPERATIONAL REQUIREMENTS REGARDING TRANSFER STATIONS

NOTICE IS HEREBY GIVEN in accordance with the requirements of section 1043 of the New York City Charter and pursuant to the authority vested in the Commissioner of Sanitation by section 753(a) and (b) of the New York City Charter and by section 16-131 of the Administrative Code of the City of New York that the Department proposes to adopt the following rule governing the operational requirements of transfer stations. This rule amends Chapter 4 of Title 16 of the Rules of the City of New York. Existing provisions to be deleted are shown below in brackets and new provisions are underlined.

Written comments regarding the proposed amendments may be sent to the Deputy Commissioner for Legal Affairs, New York City Department of Sanitation, 125 Worth Street, Room 710, New York, New York, 10013 on or before October 26, 2004. In addition, a public hearing regarding the proposed amendments will be held on October 26, 2004 at 125 Worth Street, 2nd Floor Auditorium from 9:30 a.m. to 12:30 p.m. Persons who request that a language interpreter or sign language interpreter or other form of reasonable accommodation for a disability be provided at the hearing are asked to notify Edna Luna by October 12, 2004. Ms. Luna may be contacted by fax at (212) 788-3876 or by mail at 125 Worth Street, Room 710, New York, New York 10013. Written comments and a summary of oral comments received at the hearing will be available for public inspection, within a reasonable time after receipt, between the hours of 9:00 a.m. and 5:00 p.m. at the Office of the Deputy Commissioner for Legal Affairs at 125 Worth Street, Room 710, New York, New York. Dated: August 27, 2004, John J. Doherty, Commissioner.

Section 1. It is proposed to amend Section 4-01 of chapter 4, subchapter A of title 16 of the rules of the city of New York to read as follows:

§ 4-01 Definitions.
When used in this subchapter:
Air contaminant."Air contaminant" shall mean any particulate matter or any gas or any combination thereof in the open air.
Commissioner."Commissioner" shall mean Commissioner of Sanitation of the City of New York or his or her representative.
Construction and demolition debris."Construction and demolition debris" shall mean non-putrescible solid waste resulting from any excavation, or any construction, demolition, alteration, repair, or renovation of any structure, building or premises.
Construction and demolition debris transfer station."Construction and demolition debris transfer station" shall mean any structure, building or other premises, whether improved or unimproved, at which non-putrescible solid waste, including any amount of construction and demolition debris, is received for the purpose of subsequent transfer to another location, regardless of whether such non-putrescible solid waste is subject to any processing or reduction in volume at such structure, building or premises, but shall not include transfer stations at which any amount of putrescible solid waste is received.
Designated recyclable materials."Designated recyclable materials" shall have the same meaning as that used in §16-306 of the Administrative Code of the City of New York and rules promulgated pursuant thereto.
Diesel engine."Diesel engine" shall mean a compression ignition type of internal combustion engine that operates on or is capable of operating on diesel fuel.
Equipment."Equipment" shall mean all implements used in the operation of the construction and demolition debris or fill material transfer station, including but not limited to motor-driven machinery.
Fill material."Fill material" shall mean only clean material consisting of earth, ashes, dirt, concrete, rock, gravel, stone or sand, provided that such material shall not contain organic matter having the tendency to decompose with the formation of malodorous by-products.
Fill material transfer station."Fill material transfer station" shall mean any structure, building or other premises, whether improved or unimproved, at which non-putrescible solid waste consisting solely of fill material is received for the purpose of subsequent transfer to another location, regardless of whether such fill material is subject to any processing or reduction in volume at such structure, building or premises.
Gasoline engine."Gasoline engine" shall mean a compression ignition type of internal combustion engine that operates on or is capable of operating on gasoline fuel.
Intermodal solid waste container facility."Intermodal solid waste container facility" shall mean a facility or premises served by rail or vessel at which intermodal containers are transferred from transport vehicle to transport vehicle for the purpose of consolidating intermodal containers for shipment by rail or vessel to an authorized disposal or treatment facility, where the contents of each container remain in their closed containers during the transfer between transport vehicles, and storage remains incidental to transport at the location where the containers are consolidated, and that is required to register with the Department of Sanitation pursuant to sections 16-130 and 16-131 of the Administrative Code of the City of New York and Subchapter D of Chapter 4 of the Title 16 of the Rules of the City of New York.
Non-putrescible solid waste."Non-putrescible solid waste" shall mean solid waste, whether or not contained in receptacles, that does not contain organic matter having the tendency to decompose with the formation of malodorous by-products, including but not limited to dirt, earth, plaster, concrete, rock, rubble, slag, ashes, waste timber, lumber, plexiglass, fiberglass, ceramic tiles, asphalt, sheetrock, tar paper, tree stumps, wood, window frames, metal, steel, glass, plastic pipes and tubes, rubber hoses and tubes, electric wires and cables, paper and cardboard.
Non-putrescible solid waste transfer station."Non-putrescible solid waste transfer station" shall mean any structure, building or other premises, whether improved or unimproved, at which only non-putrescible solid waste is received for the purpose of subsequent transfer to another location, regardless of whether such non-putrescible solid waste is subject to any processing or reduction in volume at such structure, building or premises. Such term shall include construction and demolition debris and fill material transfer stations but not intermodal solid waste container facilities.
Nonroad motor vehicle."Nonroad motor vehicle" shall mean equipment that is propelled by a diesel engine or gasoline engine in or upon which a person or material may be transported on the ground and that is used or may be used at a transfer station. A nonroad motor vehicle shall include, but not be limited to, front end loaders, backhoes and bulldozers and shall not include cars, trucks or locomotives.
Opacity."Opacity" shall mean the degree to which emissions reduce the transmission of light and obscure the view of an object in the background.
Particulate matter."Particulate matter" shall mean any substance, liquid, other than water, or any solid that exists as a discrete particle and which is or tends to be capable of becoming windblown or being suspended in air.
Person."Person" shall mean any individual, corporation, partnership, association, firm, trust, estate or any other legal entity whatsoever.
Putrescible solid waste. [The term "putrescible] "Putrescible solid waste" shall mean solid waste containing organic matter having the tendency to decompose with the formation of malodorous by-products.
Solid waste. "Solid waste" shall mean all putrescible and non-putrescible materials or substances, other than those materials or substances described in paragraph (b) of this definition, that are discarded or rejected, including but not limited to, garbage, refuse, waste collected by any person required to be licensed or permitted pursuant to [subchapter eighteen of Chapter two of Title twenty] Chapter one of Title sixteen-a of the Administrative Code of the City of New York, rubbish, tires, ashes, contained gaseous material, incinerator residue, construction and demolition debris, discarded automobiles and offal. Such term shall include recyclable materials, as defined in §16-303 of Title sixteen of the Administrative Code of the City of New York.

(a) A material is discarded or rejected if it is:

(1) spent, useless, worthless or in excess to the owners at the time of such discard or rejection;

(2) disposed of;

(3) burned or incinerated, including material burned as a fuel for the purpose of recovering usable energy; or

(4) accumulated, stored or physically, chemically or biologically treated (other than burned or incinerated) instead of or before being disposed of.

(b) The following are not solid waste for the purpose of this section:

(1) domestic sewage;

(2) any mixture of domestic sewage and other wastes that passes through a sewer system to publicly owned treatment works for treatment, except any material that is introduced into such system in order to avoid the provisions of this subchapter, Article 157 of the New York City Health Code, Title 16 of the Administrative Code of the City of New York, or of state regulations promulgated to regulate solid waste management facilities;

(3) industrial wastewater discharges that are actual point source discharges subject to permits under Article seventeen of the Environmental Conservation Law; provided that industrial wastewaters while they are being collected, stored or treated before discharge and sludges that are generated by industrial wastewater treatment are solid wastes;

(4) irrigation return flows;

(5) radioactive materials that are source, special nuclear, or by-product material under the federal Atomic Energy Act of 1954, as amended, 42 U.S.C. S 2011 et seq.;

(6) materials subject to in-situ mining techniques which are not removed from the ground as part of the extraction process;

(7) hazardous waste as defined in §27-0901 of the Environmental Conservation Law, including material containing hazardous waste; and

(8) regulated medical waste as defined in Title fifteen of Article twenty-seven of the New York state Environmental Conservation Law, in Title thirteen of Article thirteen of the New York State Public Health Law or in §16-120.1 of the Administrative Code of the City of New York or any rules promulgated pursuant to such provision of law.
Standard smoke chart."Standard smoke chart" shall mean the Ringelmann chart, as published by the United States bureau of mines, photographically reduced to 1/18th in size for use in the field.
Stationary equipment."Stationary equipment" shall mean equipment powered by a diesel engine or gasoline engine that will remain stationary during use and that is used or may be used at a transfer station. Stationary equipment shall include, but not be limited to, cranes, excavators, crushers, screeners, chippers and shredders.
Transport vehicle."Transport vehicle" shall mean any motor vehicle, rail car, vessel, or other means of transportation used to deliver solid waste into, or remove solid waste from, a non-putrescible solid waste transfer station.
US EPA Method 9."US EPA Method 9" shall mean the United States Environmental Protection Agency method, codified at Title 40 Code of Federal Regulations Part 60, Appendix A-4, for use by a certified observer to visually determine the opacity of air contaminant emissions from a stationary source.
US EPA Method 22."US EPA Method 22" shall mean the United States Environmental Protection Agency method, codified at Title 40 Code of Federal Regulations Part 60, Appendix A-7, for use by a trained and knowledgeable observer to visually determine the presence of and amount of time that visible air contaminant emissions occur.

§2. It is proposed to amend Section 4-03 of chapter 4, subchapter A of title 16 of the rules of the city of New York to read as follows:

§ 4-03 Permit Required.

No person or public agency other than the Department of Sanitation may conduct, operate or use any pier or part thereof, or any piece or parcel of land or land under water within the City of New York as a non-putrescible solid waste transfer station without having first obtained for each pier or part thereof, or for each piece or parcel of land or land under water, in addition to any other permit required by law, a permit from the Commissioner, as required by this subchapter. Any non-putrescible solid waste transfer station permit issued pursuant to this subchapter shall be conditioned upon compliance with any rules regarding the siting and hours of operation of non-putrescible solid waste transfer stations [required to be promulgated by the Department of Sanitation pursuant to §16-131(b) of the Administrative Code of the City of New York] set forth in subchapter C of this chapter.

§3. It is proposed to amend Sections 4-05, 4-06, 4-07 and 4-08 of chapter 4, subchapter A of title 16 of the rules of the city of New York to read as follows:

§ 4-05 Permits for Construction and Demolition Debris Transfer Stations.

(a) For the purposes of this section, "transfer station" shall mean a construction and demolition debris transfer station, unless otherwise specified, and each such transfer station shall obtain a permit pursuant to this section.

(b) An application for a permit or renewal thereof to operate a transfer station shall include:

(1) Copies of all materials submitted to the New York State Department of Environmental Conservation in connection with the transfer station's application for any permit required pursuant to Title six of NYCRR Part 360 or its successor, including but not limited to an application for an initial permit to construct and/or operate, or an application to modify or renew a permit, or if no such permit is required pursuant to Title six of NYCRR Part 360 or its successor, copies of all materials submitted to the New York State Department of Environmental Conservation in connection with a registration or an exemption pursuant to Title six of NYCRR Part 360. If the copy of the site plan submitted to the New York State Department of Environmental Conservation does not so indicate, or if no site plan was required to be submitted to the New York State Department of Environmental Conservation, a site plan shall be submitted indicating: the transfer station's tax block and lot number; property boundaries, including a metes and bounds description of the property consistent with the deed submitted pursuant to paragraph (10) of this subsection; zoning district; borough; the locations of fences, gates, entrances and exits, parking spaces and truck spaces where transport vehicles may wait prior to their deposit or removal of solid waste; and the location and dimensions of each area where non-putrescible solid waste shall be received, processed and stored;

(2) a written statement by a registered architect or licensed professional engineer certifying that:

(i) As designed, the transfer station is capable of complying with the applicable performance standards of the Zoning Resolution of the City of New York and the applicable provisions of the New York City Health Code, including but not limited to Articles 135 and 141;

(ii) A system for the sanitary disposal of sewage and waste water has been installed at the transfer station in accordance with the provisions of Articles 143 and 145 of the New York City Health Code and all applicable laws and rules governing the discharge of sewage and waste water;

(iii) The transfer station is capable of complying with all the requirements of §4-06 of this subchapter;

(iv) Any necessary ventilation equipment has been installed;

(v) Cross connection control has been provided to ensure that waste water does not mix with the drinking water supply;

(vi) There is sufficient space at the transfer station for the largest anticipated transport vehicle to safely enter and exit the transfer station;

(vii) Transport vehicles may enter and exit the transfer station via lawful truck routes;

(viii) There is adequate ingress and egress at the transfer station to accommodate emergency vehicles; and

(ix) There is adequate ingress and egress at the transfer station to facilitate the complete inspection of the transfer station.

(3) (i) A map describing not less than one square mile of the area surrounding the proposed transfer station, clearly marking the lawful truck routes where transport vehicles may transport solid waste into and out of the transfer station, and connecting roadways permitted to be used by transport vehicles, as certified by a registered architect or licensed professional engineer in subparagraph (vii) of paragraph (2) of this subsection; and

(ii) the estimated number and type of transport vehicles to be used, and the daily, weekly and monthly number of vehicle arrivals and departures at the transfer station.

(4) A certified copy of a Certificate of Occupancy or, where applicable, a temporary Certificate of Occupancy, from the Department of Buildings of the City of New York, indicating the appropriate Use Group pursuant to the Zoning Resolution of the City of New York and, if applicable, a copy of a written variance for the zoning lot from the Board of Standards and Appeals or any successor agency; and/or a copy of a certification or authorization of the Department of Small Business Services of the City of New York;

(5) A certification from a title insurance corporation, as such [coporation] corporation is defined in §6401 of the Insurance Law, or from a duly authorized agent thereof, establishing the ownership of the property upon which the transfer station is sited or proposed to be sited;

(6) Documentary evidence demonstrating that all penalties, including those of the Environmental Control Board, imposed upon the applicant, the property owner, and any other person in control of or having an interest in the transfer station operation, for violations of Article 157 of the New York City Health Code, or Title sixteen, Title seventeen, Subchapter eighteen or chapter two of Title twenty, Chapter one of Title twenty-six and Title twenty-seven of the Administrative Code of the City of New York, or rules promulgated thereunder, that relate to the ownership or operation of a non-putrescible solid waste transfer station, putrescible solid waste transfer station, dump or fill material operation, have been paid or otherwise satisfied;

(7) Documentary evidence demonstrating that all fees due the Department of Sanitation for use of Department disposal facilities and/or for Department disposal services from the applicant, the property owner, and any other person in control of having or having an interest in the transfer station, have been paid or otherwise satisfied;

(8) Proof of workers' compensation coverage, or that the applicant is exempt from Workers' Compensation Law §57, and proof of disability benefits coverage, or that the applicant is exempt from Workers' Compensation Law §220, Subdivision 8 (Disability Benefits Law);

(9) A written and notarized acknowledgment by the applicant and, if different from the applicant, the fee owner of the real property, that the applicant and/or fee owner may be held primarily liable by the City of NewYork for the removal of all solid waste and any other material from the transfer station;

(10) A certified copy of the deed, as recorded in the office of the City Register or, in Richmond County, the County Clerk, setting forth a metes and bounds description of the property, and, if applicable, a copy of the lease or sublease or a certified

copy of the lease or sublease if such lease or sublease is recorded, for the premises at which the transfer station is located or proposed to be located. The permittee shall notify the Commissioner within ten business days if the ownership of the property has changed or any other conveyance of title has taken place. Any new acknowledgments required pursuant to paragraph (9) of this subsection shall be provided simultaneously;

(11) A copy of all permits or other authorizations to construct or operate required under local and state laws and regulations, including the New York State Environmental Conservation Law and Title six of the NYCRR or its successor;

(12) A surety bond or an irrevocable letter of credit in a sum to be determined by the Commissioner of Sanitation. This sum shall not exceed the estimated cost to the Department of the removal of all solid waste and material defined in paragraph [(2)] (b) of the definition of "solid waste" set forth in §4-01 of this subchapter, from the transfer station, in the event that such removal becomes necessary and the permittee fails to remove such solid waste and material. A bond shall be executed by the applicant and a surety authorized to conduct business within the State of New York and approved by the Commissioner and, in the case of an irrevocable letter of credit, such letter of credit shall be issued by a financial institution authorized to conduct business within the State of New York. Such bond or letter of credit shall name the Department as obligee. The face amount of the bond or letter of credit shall be based on the size of the transfer station and the volume and nature of the material to be removed. The Commissioner of Sanitation may from time to time review the adequacy of such surety bond or letter of credit and thereafter require an applicant or permittee to obtain an increase in the amount of the bond or irrevocable letter of credit not to exceed the estimated cost of the removal of such solid waste and material. The Commissioner may authorize an applicant to provide other security, including cash, if the Commissioner finds that compliance with the bond or letter of credit requirement is not reasonably possible and the public interest would be served by such authorization. A surety bond issued pursuant to this subsection shall not expire until six months have elapsed after the revocation, surrender, expiration or other termination of the permit;

(13) The names, addresses, and dates of operation of any solid waste management facility or related businesses, currently or previously owned or operated by the applicant, or any principal of the applicant, such as private carting companies, other types of non-putrescible solid waste transfer stations, and putrescible solid waste transfer stations, whether or not located in New York City;

(14) The applicant's business address and telephone number. If the applicant is a corporation, the application must (1) state the names and home and business addresses of the principals of the corporation; (2) contain the signature of a corporate officer; (3) have the corporate seal impressed thereon; and (4) include a copy of the New York State corporation filing receipt. If the applicant is a partnership, the application must (1) state the names and home and business addresses of all partners; (2) include a copy of the partnership papers, certified by the County Clerk. If the applicant is required to file a certificate pursuant to §130 of the General Business Law, a certified copy of such certificate shall be submitted to the Department. The applicant shall also submit the names and addresses of all persons or entities, other than a financial institution licensed to do business in the state of New York, to which the applicant is indebted in an amount equal to or greater than three thousand dollars ($3,000). The permittee shall have the continuing duty to inform the Department of Sanitation of any changes in the principals of the business entity owning or operating the transfer station. For purposes of this subparagraph, "principal" includes, but is not limited to, any director, officer (for example, president, vice-president, secretary, treasurer, board chairman, chief executive officer) or partner of a business entity, and shall include any shareholder (including another business entity) who owns ten percent or more of any class of issued company stock;

(15) The types of non-putrescible solid waste, in addition to construction and demolition debris, that will be received, processed and stored at the transfer station;

(16) The total volume of each type of non-putrescible solid waste, as well as the total aggregate volume of non-putrescible solid waste, to be present at the transfer station at one time; and

(17) At the request of the Commissioner, the applicant shall supply any additional information that is reasonably necessary to clarify that the transfer station is capable of complying with §4-06 of this subchapter.

(c) Any initial application for a transfer station permit shall include all documentation required pursuant to this section in one single package. This package shall constitute the transfer station permit application.

(d) A permit to operate a transfer station shall not be issued by the Commissioner unless the applicant has submitted a complete application.

(e) Review of any application submitted pursuant to this section may be suspended or terminated if the transfer station applicant is found to be operating any facility required to be permitted pursuant to §16-130 of the Administrative Code of the City of New York without a permit therefor or in violation of any such permit.

(f) A permit issued pursuant to this section shall be for a term not to exceed one year, and shall specify the volume of each type of non-putrescible solid waste permitted to be received, processed and stored by the transfer station.

(g) The annual fee for a permit issued pursuant to this section shall be three thousand five hundred dollars ($3500).

§ 4-06 Operation and Maintenance of Construction and Demolition Debris Transfer Stations.

(a) For the purposes of this section, "transfer station" shall mean a construction and demolition debris transfer station, unless otherwise specified.

(b) No transfer station shall be operated unless it has obtained a permit pursuant to §4-05 of this subchapter, and is in compliance with the terms thereof, this section, and any other applicable law, rule or regulation.

(c) Equipment and personnel shall be provided for the safe and sanitary receipt, tipping, sorting, processing, compaction and storage of non-putrescible [solidwaste] solid waste at the transfer station. Sufficient standby equipment shall be provided to ensure that no storage problem or public nuisance or condition hazardous to public health or safety is created during scheduled or unscheduled equipment maintenance, or equipment breakdown. All indoor transfer station debris storage, processing, handling and tipping areas shall include appropriate fire detection and protection equipment and all outdoor transfer station debris storage, processing, handling and tipping areas shall include appropriate functioning fire protection equipment and aisle space.

(d) The transfer station shall comply with the applicable performance standards of the Zoning Resolution of the City of New York and the applicable provisions of the New York City Health Code, including but not limited to Articles 135 and 141.

(e) A system for the sanitary disposal of sewage and waste water shall be functioning at the transfer station in accordance with the provisions of Articles 143 and 145 of the New York City Health Code and all applicable laws and rules governing the discharge of sewage and waste water.

(f) Cross connection control shall be in place to ensure that waste water does not mix with the drinking water at the transfer station.

(g) There shall be sufficient space at the transfer station for transport vehicles to enter and exit safely.

(h) Transport vehicles shall enter and exit the transfer station via lawful truck routes.

(i) There shall be adequate ingress and egress at the transfer station to accommodate emergency vehicles. There shall be adequate space at the transfer station to accommodate emergency vehicles.

(j) There shall be adequate ingress and egress at the transfer station to facilitate the complete inspection of the transfer station. There shall be adequate access provided to all areas of the transfer station to facilitate the complete inspection of the transfer station.

(k) All non-putrescible solid waste transferred into and out of the transfer station shall be weighed or measured by volume. Records shall be maintained of such weights or measurements for a period of three years and included in the operational records required by subsection (p) of this section.

(l) Indoor and outdoor areas of the transfer station shall be illuminated during its hours of operation. Such illumination shall not create a nuisance.

(m) A transfer station shall be operated and maintained in a safe and sanitary manner so as to avoid any nuisance or condition hazardous to public health or safety.

(n) All equipment in use at the transfer station shall be maintained in proper working order. Equipment maintenance shall be scheduled and provided on a regular basis. Records of such maintenance shall be included in the operational records required by subsection (p) of this section.

(o) Transfer stations shall be kept free of vectors, including, but not limited to rodents, insects and other pests, and of any condition conducive to vectors. Written confirmation of at least weekly engagement of a certified exterminator shall be available at all times, and shall be included in the operational records required by subsection (p) of this section.

(p) Operational records for the transfer station including, but not limited to, all asset liability and capital and proprietary accounts, operating expenses, administrative expenses, tax returns and equipment expenses shall be maintained for a period of not less than three years. Such records shall also include a clear and legible daily log of the quantity of solid waste received and removed, specifying the point of origin and destination of the solid waste transported daily, as well as the quantity and type of material which has been brought to the transfer station for separation and/or processing. The daily log shall also include the names and addresses of the owner and/or operator of transport vehicles entering or exiting the transfer station. The daily log shall also include the weight or volume of each designated recyclable material separated by the transfer station. Such records shall be maintained on the premises and be readily available for inspection by representatives of the Department. The permittee shall submit to the Department a copy of any report required to be filed with the New York State Department of Environmental Conservation pursuant to 6 NYCRR Part 360. Any such report shall be submitted to the Department at the same time it is submitted to the New York State Department of Environmental Conservation. In addition, the permittee shall submit to the Department quarterly reports that contain the following information, calculated by weight or volume on a monthly basis: the total amount of solid waste received; the origin of the solid waste received; the destination of the solid waste removed, including a listing, by type of material, of any material recovered for recycling, reuse or sale for reuse. Quarterly reports shall be submitted on forms prescribed by or acceptable to the Department. The report for the quarter ending on March 31 shall be due on April 30; the report for the quarter ending on June 30 shall be due on July 30; the report for the quarter ending September 30 shall be due on October 30; and the report for the quarter ending December 31 shall be due on January 30.

(q) Operators of transfer stations that receive materials that are required to be recycled, reused or sold for reuse pursuant to §16-306 of the Administrative Code of the City of New York and rules promulgated pursuant thereto, shall recycle, reuse or sell for reuse or cause to be recycled, reused or sold for reuse such materials and shall comply with such provisions of the collection rules of the Department, including, as of September 30, 1993, 16 RCNY §1-10(g), as are applicable to such transfer stations.

(r) The presence at a transfer station of any material other than non-putrescible solid waste is prohibited.

(s) The transfer station shall not emit odors, including odors of deodorizing materials, so as to violate the performance standards of the Zoning Resolution of the City of New York or the applicable provisions of the Air Pollution Control Code of the Administrative Code of the City of New York or to create a public nuisance.

(t) Non-putrescible solid waste shall be received, processed and stored only in the [area] areas specifically designated [for receipt of non-putrescible solid waste] in the site plan submitted pursuant to paragraph (1) of subsection (b) of §4-05 of this subchapter. Non-putrescible solid waste shall not be permitted to spill beyond areas in which it is permitted by this subchapter and by the site plan and engineering report submitted to the Department of Environmental Conservation pursuant to 6 NYCRR Part 360. Non-putrescible solid waste that spills beyond the areas in which it is permitted shall be removed immediately.

(u) The permittee shall be allowed to receive at the transfer station only the specific types of non-putrescible solid waste set forth within the permit.

(v) The permittee shall not be allowed to receive, process or store any type of non-putrescible solid waste in excess of the maximum allowable volume of each type of non-putrescible solid waste set forth within the permit.

(w) Transfer stations shall not be allowed to maintain non-putrescible solid waste above the following heights:

(1) if all receipt, processing and storage of non-putrescible solid waste is conducted within a completely enclosed structure at a transfer station, then the maximum pile height of non-putrescible solid waste shall be unlimited, except as otherwise provided by state and local law.

(2) if any receipt, processing or storage of non-putrescible solid waste is conducted at an unenclosed area of a transfer station located more than three hundred (300) feet from a residential zone, then the maximum pile height of non-putrescible solid waste shall be eight (8) feet, except that the maximum pile height of:

(i) non-putrescible solid waste consisting solely of separated concrete, rock, gravel, asphalt, brick, dirt or metal shall be forty (40) feet;

(ii) non-putrescible solid waste consisting solely of separated, chipped wood, shall be thirty (30) feet.

(3) if any receipt, processing or storage of non-putrescible solid waste is conducted in an unenclosed area of a transfer station located three hundred (300) feet or less from a residential zone, then the maximum pile height of all non-putrescible solid waste shall be eight (8) feet.

(x) The total volume of non-putrescible solid waste, including non-putrescible solid waste which has been processed, at a transfer station shall not exceed the allowable volume as stated in the permit issued pursuant to §4-05 of this subchapter. The allowable volume of any transfer station shall be calculated by the Department and shall be based on the storage capacity (estimated in total cubic yardage) of the transfer station. In no event shall such allowable volume exceed that granted by the New York State Department of Environmental Conservation.

(y) Opaque fencing shall surround the perimeter of the unenclosed areas of the transfer station. The fencing must be equal to or greater than the following minimum heights:

(1) if any receipt, processing or storage of non-putrescible solid waste is conducted in an unenclosed area of a transfer station located more than three hundred (300) feet from a residential zone, then the minimum fence height shall be ten (10) feet; and

(2) if any receipt, processing or storage of non-putrescible solid waste is conducted in an unenclosed area of a transfer station located three hundred (300) feet or less from a residential zone, then the minimum fence height shall be fifteen (15) feet.

(z) Equipment used in the operation of the transfer station shall be contained within the property line, and under no circumstances shall such equipment be stored on city streets or public roadways.

(aa) All drainage systems shall be kept clean, unclogged and functioning[. Leachate or wash water shall not flow into the street] and shall be maintained to prevent leachate and wash water from accumulating or flowing onto the street or public roadway.

(bb)
(1) Noise levels generated by operation of and at the transfer station, including the sound of transport vehicles entering or exiting the facility, shall be controlled to prevent sound levels beyond the transfer station property line from exceeding the following Leq decibel (A) weighted energy equivalent ambient sound levels:

Impacted Zones	Time of Day	
	7 a.m.-10 p.m.	10 p.m.-7 a.m.
R1 - R3	62 decibels	52 decibels
All other residential, commercial, or manufacturing zones	67 decibels	57 decibels

(2) If the existing ambient sound level, excluding any

contributions from the transfer station, exceeds these limits, the operation of the transfer station shall not cause the Leq sound level to be increased;

(3) Leq is the equivalent steady-state sound level which contains the same acoustic energy as the time varying sound level during any one-hour period;

(4) The (A) weighted sound level shall be measured with the slow metering response characteristic of a sound level meter which complies with standards established by the American National Standards Institute specifications for sound level measurement; and

(5) Mufflers are required on all internal combustion-powered equipment used at the transfer station, and sound levels for such equipment must not exceed 80dB(A) at a distance of fifty feet from the operating equipment; provided that the decibel level beyond the property line of the transfer station shall not exceed the decibel levels set forth above.

(6) Notwithstanding paragraphs (1) through (5) of this subsection, noise generated by back-up warning signals required by the United States Occupational Safety and Health Administration shall not be included in determining whether noise levels comply with this subsection.

(cc) A sign, no smaller than four feet by four feet, shall be posted at all entrances to the transfer station and shall conspicuously indicate the transfer station's hours of operation, the types of waste it accepts and does not accept, the expiration date of its permits to operate pursuant to §16-130 of the Administrative Code and 6 NYCRR Part 360, and the Department of Sanitation's complaint telephone number.

(dd) Doors and gates allowing vehicles to enter or leave the transfer station, including any structure at such station, shall be kept closed except when vehicles are entering or leaving;

(ee) No litter or solid waste shall be allowed to accumulate on the streets or other areas abutting the transfer station.

(ff) Where a transfer station is fully or partially enclosed, within thirty days of the effective date of this Rule, exhaust air shall be vented through air filters, dust collectors, and/or other equipment which removes particulate matter and malodorous by-products.

(gg) Gasoline or diesel fuel shall not be used within a fully or partially enclosed transfer station to power any equipment unless means are provided to safely vent exhaust gases.

(hh) No transport vehicle required to be licensed or permitted pursuant to title twenty of the Administrative Code of the City of New York shall deposit any material at or remove any material from a transfer station unless such transport vehicle is appropriately licensed or permitted.

(ii)
(1) Entrance into or exit from a transfer station by a transport vehicle shall be permitted only under the supervision of an attendant, and

(2) The loading or unloading of any transport vehicle shall be continuously supervised by an attendant. The attendant shall not permit the unlawful deposit or removal of any material.

(jj) There shall be no burning of materials at a transfer station.

(kk) Within one year of the effective date of this rule, the receipt, processing and storage areas of the transfer station, as set forth in the site plan, shall be constructed of concrete or asphalt paving material, and equipped with adequate drainage and retention structures. A concrete or asphalt pad is not required for the separate storage of processed or unprocessed uncontaminated clean fill material that has not been commingled with any other solid waste.

(ll) The transfer station shall employ effective dust control measures to ensure that dust generation is suppressed at all times.

(mm) No solid waste, construction and demolition debris, fill material, dust or other material shall be tracked from the transfer station site onto a public roadway.

(nn) Within one hundred eighty days of the effective date of this rule, a motor vehicle tire cleaning procedure shall be adopted that shall prevent the tracking of material from the transfer station site onto a public roadway.

(oo) No stationary equipment at the transfer station that operates outdoors shall cause or permit the emission of an air contaminant of:

(1)(i) A density which appears as dark or darker than number two on the standard smoke chart, or 40% opacity, or of an opacity which obscures vision to a degree equal to or greater than smoke of number two density on the standard smoke chart, or 40% opacity; or

(ii) A density which appears as dark or darker than number one on the standard smoke chart, or 20% opacity, but less than number two on said chart, or 40% opacity, or of such opacity as to obscure vision to a degree equal to or greater than smoke of number one density on the standard smoke chart, or 20% opacity, but less than number two on said chart, or 40% opacity, if such an emission continues for longer than two minutes in the aggregate in any sixty minute period.

(2) The density or opacity of an air contaminant emitted from stationary equipment that operates outdoors shall be measured at the point of its emission, except that when the point of emission cannot be readily observed, it may be measured at an observable point on the plume nearest the point of emission.

(pp) No stationary equipment or nonroad motor vehicle at the transfer station that operates outdoors shall cause or permit the emission of a visible air contaminant past the transfer station property boundary.

(qq) No nonroad motor vehicle at the transfer station that operates outdoors shall cause or permit the emission of a visible air contaminant while the vehicle is stationary for longer than ten consecutive seconds.

(rr) All stationary equipment and nonroad motor vehicles at the transfer station shall be maintained properly. All stationary equipment and nonroad motor vehicles at the transfer station that operate outdoors shall be inspected annually while in operation by an observer certified in the US EPA Method 9 set forth in Title 40 Code of Federal Regulations Part 60, Appendix A-4 and trained in the US EPA Method 22 set forth in Title 40 Code of Federal Regulations Part 60, Appendix A-7, to ensure the equipment is operating properly to minimize air contaminant emissions, taking into account the model year and design capabilities of the engine. A written record of the inspection and any subsequent corrective measures performed to minimize air contaminant emissions shall be filed with the Department as part of the annual permit renewal application, and shall be included in the operational records required by subsection (p) of section 4-06 of this subchapter.

(ss) The transfer station, its equipment and nonroad motor vehicles shall be subject to inspection at all times during its hours of operation. In addition to any other penalties prescribed by law, failure to comply with this requirement, or interference with Department personnel performing an inspection, may result in suspension of the permit.

[(kk)] (tt) The Commissioner may grant exemptions from provisions of this section, other than subsections 4-06 (ll) – (ss) of this subchapter, if he or she determines, after completion of any applicable environmental review, that granting such exemptions would not have a significant adverse effect on the environment, provided that granting such exemptions is not otherwise inconsistent with law. The duration of any such exemption shall not exceed the applicable permit term.

(uu) The provisions of these rules shall be severable and if any phrase, clause, sentence, paragraph, subsection or section of these rules, or the applicability thereof to any person or circumstance, shall be held invalid, the remainder of these rules and the application thereof shall not be affected thereby.

§ 4-07 Permits for Fill Material Transfer Stations.

(a) For the purposes of this section, "transfer station" shall mean a fill material transfer station, unless otherwise specified, and each transfer station shall obtain a permit pursuant to this section.

(b) An application for a permit or renewal thereof to operate a transfer station shall include:

(1) Copies of all materials submitted to the New York State Department of Environmental Conservation in connection with a transfer station's application for any permit required pursuant to Title six of NYCRR Part 360 or its successor, including but not limited to an application for an initial permit to construct and/or operate, or an application to modify or renew a permit, or if no such permit is required pursuant to Title six of NYCRR Part 360 or its successor, copies of all materials submitted to the New York State Department of Environmental Conservation in connection with a registration or an exemption pursuant to Title six of NYCRR Part 360. If the copy of the site plan submitted to the New York State Department of Environmental Conservation does not so indicate, or if no site plan was required to be submitted to the New York State Department of Environmental Conservation, a site plan shall be submitted indicating: the transfer station's tax block and lot number; property boundaries, including a metes and bounds description of the property consistent with the deed submitted pursuant to paragraph (10) of this subsection; zoning district; borough; the locations of fences, gates, entrances and exits, parking spaces and truck spaces where transport vehicles may wait prior to their deposit or removal of solid waste; and the location and dimensions of each area where non-putrescible solid waste shall be received, processed and stored;

(2) a written statement by a registered architect or licensed professional engineer certifying that:

(i) As designed, the transfer station is capable of complying with the applicable performance standards of the Zoning Resolution of the City of New York and the applicable provisions of the New York City Health Code, including but not limited to Articles 135 and 141;

(ii) A system for the sanitary disposal of sewage and waste water has been installed at the transfer station in accordance with the provisions of Articles 143 and 145 of the New York City Health Code and all applicable laws and rules governing the discharge of sewage and waste water;

(iii) The transfer station is capable of complying with all the requirements of §4-08 of this subchapter;

(iv) Any necessary ventilation equipment has been installed;

(v) Cross connection control has been provided to ensure that waste water does not mix with the drinking water supply;

(vi) There is sufficient space at the transfer station for the largest anticipated transport vehicle to safely enter and exit the transfer station;

(vii) Transport vehicles may enter and exit the transfer station via lawful truck routes;

(viii) There is adequate ingress and egress at the transfer station to accommodate emergency vehicles; and

(ix) There is adequate ingress and egress at the transfer station to facilitate the complete inspection of the transfer station.

(3)
(i) A map describing not less than one square mile of the area surrounding the proposed transfer station, clearly marking the lawful truck routes where transport vehicles may transport solid waste into and out of the transfer station, and connecting roadways permitted to be used by transport vehicles, as certified by a registered architect or licensed professional engineer in subparagraph (vii) of paragraph (2) of this subsection; and

(ii) the estimated number and type of transport vehicles to be used, and the daily, weekly and monthly number of vehicle arrivals and departures at the transfer station.

(4) A certified copy of a Certificate of Occupancy or, where applicable, a temporary Certificate of Occupancy, from the Department of Buildings of the City of New York, indicating the appropriate Use Group pursuant to the Zoning Resolution of the City of New York and, if applicable, a copy of a written variance for the zoning lot from the Board of Standards and Appeals or any successor agency; and/or a copy of a certification or authorization of the Department of Small Business Services of the city of New York;

(5) A certification from a title insurance corporation, as such corporation is defined in §6401 of the Insurance Law, or from a duly authorized agent thereof, establishing the ownership of the property upon which the transfer station is sited or proposed to be sited;

(6) Documentary evidence demonstrating that all penalties, including those of the Environmental Control Board, imposed upon the applicant, the property owner, and any other person in control of or having an interest in the transfer station operation, for violations of Article 157 of the New York City Health Code, or Title sixteen, Title seventeen, Subchapter eighteen of Chapter two of Title twenty, Chapter one of Title twenty-six and Title twenty-seven of the Administrative Code of the City of New York, or rules promulgated thereunder, that relate to the ownership or operation of a non-putrescible solid waste transfer station, putrescible solid waste transfer station, dump or fill material operation, have been paid or otherwise satisfied;

(7) Documentary evidence demonstrating that all fees due the Department of Sanitation for use of Department disposal facilities and/or for Department disposal services from the applicant, the property owner, and any other person in control of having or having an interest in the transfer station, have been paid or otherwise satisfied;

(8) Proof of workers' compensation coverage, or that the applicant is exempt from Workers' Compensation Law §57, and proof of disability benefits coverage, or that the applicant is exempt from Workers' Compensation Law §220, subdivision 8 (disability benefits law);

(9) A written and notarized acknowledgment by the applicant and, if different from the applicant, the fee owner of the real property, that the applicant and/or fee owner may be held primarily liable by the City of New York for the removal of all solid waste and any other material from the transfer station;

(10) A certified copy of the deed, as recorded in the office of the City Register or, in Richmond County, the County Clerk, setting forth a metes and bounds description of the property, and, if applicable, a copy of the lease or sublease or a certified copy of the lease or sublease if such lease or sublease is recorded, for the premises at which the transfer station is located or proposed to be located. The permittee shall notify the Commissioner within ten business days if the ownership of the property has changed or any other conveyance of title has taken place. Any new acknowledgments required pursuant to paragraph (9) of this subsection shall be provided simultaneously;

(11) A copy of all permits or other authorizations to construct or operate required under local and state laws and regulations, including the New York State Environmental Conservation Law and Title six of the NYCRR or its successor;

(12) A surety bond or an irrevocable letter of credit in a sum to be determined by the Commissioner of Sanitation. This sum shall not exceed the estimated cost to the Department of the removal of all solid waste and material defined in paragraph [(2)] (b) of the definition of "solid waste" set forth in §4-01 of this subchapter, from the transfer station, in the event that such removal becomes necessary and the permittee fails to remove such solid waste and material. A bond shall be executed by the applicant and a surety authorized to conduct business within the State of New York and approved by the Commissioner and, in the case of an irrevocable letter of credit, such letter of credit shall be issued by a financial institution authorized to conduct business within the State of New York. Such bond or letter of credit shall name the Department as obligee. The face amount of the bond or letter of credit shall be based on the size of the transfer station and the volume and nature of the material to be removed. The Commissioner of Sanitation may from time to time review the adequacy of such surety bond or letter of credit and thereafter require an applicant or permittee to obtain an increase in the amount of the bond or irrevocable letter of credit not to exceed the estimated cost of the removal of such solid waste and material. The Commissioner may authorize an applicant to provide other security, including cash, if the Commissioner finds that compliance with the bond or letter of credit requirement is not reasonably possible and the public interest would be served by such authorization. A surety bond issued pursuant to this subsection shall not expire until six months have elapsed after the revocation, surrender, expiration or other termination of the permit;

(13) The names, addresses, and dates of operation of any solid waste management facility or related businesses, currently or previously owned or operated by the applicant, or any principal of the applicant, such as private carting companies, other types of non-putrescible solid waste transfer stations and putrescible solid waste transfer stations, whether or not located in New York City;

(14) The applicant's business address and telephone number. If the applicant is a corporation, the application must (1) state the names and home and business addresses of the principals of the corporation; (2) contain the signature of a corporate officer; (3) have the corporate seal impressed

thereon; and (4) include a copy of the New York state corporation filing receipt. If the applicant is a partnership, the application must (1) state the names and home and business addresses of all partners; (2) include a copy of the partnership papers, certified by the county clerk. If the applicant is required to file a certificate pursuant to §130 of the General Business Law, a certified copy of such certificate shall be submitted to the Department. The applicant shall also submit the names and addresses of all persons or entities, other than a financial institution licensed to do business in the state of New York, to which the applicant is indebted in an amount equal to or greater than three thousand dollars ($3,000). The permittee shall have the continuing duty to inform the Department of Sanitation of any changes in the principals of the business entity owning or operating the transfer station. For purposes of this subdivision, "principal" includes, but is not limited to, any director, officer (for example, president, vice-president, secretary, treasurer, board chairman, chief executive officer) or partner of a business entity, and shall include any shareholder (including another business entity) who owns ten percent or more of any class of issued company stock;

(15) The types of fill material that will be received, processed and stored at the transfer station;

(16) The total volume of each type of fill material, as well as the total aggregate volume of fill material, to be present at the transfer station at one time; and

(17) At the request of the Commissioner, the applicant shall supply any additional information that is reasonably necessary to clarify that the transfer station is capable of complying with §4-08 of this subchapter.

(c) Any initial application for a transfer station permit shall include all documentation required pursuant to this section in one single package. This package shall constitute the transfer station permit application.

(d) A permit to operate a transfer station shall not be issued by the Commissioner unless the applicant has submitted a complete application.

(e) Review of any application submitted pursuant to this section may be suspended or terminated if the transfer station applicant is found to be operating any facility required to be permitted pursuant to §16-130 of the Administrative Code of the City of New York without a permit therefor or in violation of any such permit.

(f) A permit issued pursuant to this section shall be for a term not to exceed one year, and shall specify the volume of fill material permitted to be received, processed and stored by the transfer station.

(g) The annual fee for a permit issued pursuant to this section shall be three thousand five hundred dollars ($3500).

§ 4-08 Operation and Maintenance of Fill Material Transfer Stations.

(a) For the purposes of this section, "transfer station" shall mean a fill material transfer station, unless otherwise specified.

(b) No transfer station shall be operated unless it has obtained a permit pursuant to §4-07 of this subchapter, and is in compliance with the terms thereof, this section, and any other applicable law, rule or regulation.

(c) Equipment and personnel shall be provided for the safe and sanitary receipt, tipping, sorting, processing, compaction and storage of fill material at the transfer station. Sufficient standby equipment shall be provided to ensure that no storage problem or public nuisance or condition hazardous to public health or safety is created during scheduled or unscheduled equipment maintenance, or equipment breakdown. All transfer station debris storage, processing, handling and tipping areas shall include appropriate functioning fire protection equipment and aisle space.

(d) The transfer station shall comply with the applicable performance standards of the Zoning Resolution of the City of New York and the applicable provisions of the New York City Health Code, including but not limited to Articles 135 and 141.

(e) A system for the sanitary disposal of sewage and waste water shall be functioning at the transfer station in accordance with the provisions of Articles 143 and 145 of the New York City Health Code and all applicable laws and rules governing the discharge of sewage and waste water.

(f) Cross connection control shall be in place to ensure that waste water does not mix with the drinking water at the transfer station.

(g) There shall be sufficient space at the transfer station for transport vehicles to enter and exit safely.

(h) Transport vehicles shall enter and exit the transfer station via lawful truck routes.

(i) There shall be adequate ingress and egress at the transfer station to accommodate emergency vehicles. There shall be adequate space at the transfer station to accommodate emergency vehicles.

(j) There shall be adequate ingress and egress at the transfer station to facilitate the complete inspection of the transfer station. There shall be adequate access provided to all areas of the transfer station to facilitate the complete inspection of the transfer station.

(k) All fill material transferred into and out of the transfer station shall be weighed or measured by volume. Records shall be maintained of such weights or measurements for a period of three years and included in the operational records required by subsection (p) of this section.

(l) Indoor and outdoor areas of the transfer station shall be illuminated during its hours of operation. Such illumination shall not create a nuisance.

(m) A transfer station shall be operated and maintained in a safe and sanitary manner so as to avoid any nuisance or condition hazardous to public health or safety.

(n) All equipment in use at the transfer station shall be maintained in proper working order. Equipment maintenance shall be scheduled and provided on a regular basis. Records of such maintenance shall be included in the operational records required by subsection (p) of this section.

(o) Transfer stations shall be kept free of vectors, including, but not limited to rodents, insects and other pests, and of any condition conducive to vectors. Written confirmation of at least weekly engagement of a certified exterminator shall be available at all times, and shall be included in the operational records required by subsection (p) of this section.

(p) Operational records for the transfer station including, but not limited to, all asset liability and capital and proprietary accounts, operating expenses, administrative expenses, tax returns and equipment expenses shall be maintained for a period of not less than three years. Such records shall also include a clear and legible daily log of the quantity of solid waste received and removed, specifying the point of origin and destination of the solid waste transported daily, as well as the quantity and type of material which has been brought to the transfer station for separation and/or processing. The daily log shall also include the names and addresses of the owner and/or operator of transport vehicles entering or exiting the transfer station. The daily log shall also include the weight or volume of each designated recyclable material separated by the transfer station. Such records shall be maintained on the premises and be readily available for inspection by representatives of the Department. The permittee shall submit to the Department a copy of any report required to be filed with the New York State Department of Environmental Conservation pursuant to 6 NYCRR Part 360. Any such report shall be submitted to the Department at the same time it is submitted to the New York State Department of Environmental Conservation. In addition, the permittee shall submit to the Department quarterly reports that contain the following information, calculated by weight or volume on a monthly basis: the total amount of solid waste received; the origin of the solid waste received; the destination of the solid waste removed, including a listing, by type of material, of any material recovered for recycling, reuse or sale for reuse. Quarterly reports shall be submitted on forms prescribed by or acceptable to the Department. The report for the quarter ending on March 31 shall be due on April 30; the report for the quarter ending on June 30 shall be due on July 30; the report for the quarter ending September 30 shall be due on October 30; and the report for the quarter ending December 31 shall be due on January 30.

(q) Operators of transfer stations that receive materials that are required to be recycled, reused or sold for reuse pursuant to §16-306 of the Administrative Code of the City of New York and rules promulgated pursuant thereto, shall recycle, reuse or sell for reuse or cause to be recycled, reused or sold for reuse such materials and shall comply with such provisions of the collection rules of the Department, including, as of September 30, 1993, 16 RCNY §1-10(g), as are applicable to such transfer stations.

(r) The presence at a transfer station of any material other than fill material is prohibited.

(s) The transfer station shall not emit odors, including odors of deodorizing materials, so as to violate the performance standards of the Zoning Resolution of the City of New York or the applicable provisions of the Air Pollution Control Code of the Administrative Code of the City of New York or to create a public nuisance.

(t) Fill material shall be received, processed and stored only in the [area] areas specifically designated [for receipt of fill material] in the site plan submitted pursuant to [paragarph] paragraph (1) of subsection (b) of §4-07 of this subchapter. Fill material shall not be permitted to spill beyond areas in which it is permitted by this subchapter and by the site plan and engineering report submitted to the Department of Environmental Conservation pursuant to 6 NYCRR Part 360. Fill material that spills beyond the areas in which it is permitted shall be removed immediately.

(u) The permittee shall be allowed to receive at the transfer station only the specific types of fill material set forth within the permit.

(v) The permittee shall not be allowed to receive, process or store fill material in excess of the maximum allowable volume of fill material set forth within the permit.

(w) Transfer stations shall not be allowed to maintain fill material above the following heights:

(1) if all receipt, processing and storage of fill material is conducted within a completely enclosed structure at a transfer station, then the maximum pile height of fill material shall be unlimited, except as otherwise provided by state and local law.

(2) if any receipt, processing or storage of fill material is conducted at an unenclosed area of a transfer station located more than three hundred (300) feet from a residential zone, then the maximum pile height of fill material shall be forty (40) feet.

(3) if any receipt, processing or storage of fill material is conducted in an unenclosed area of a transfer station located three hundred (300) feet or less from a residential zone, then the maximum pile height of fill material shall be eight (8) feet.

(x) The total volume of fill material shall not exceed the allowable volume as stated in the permit issued pursuant to §4-07 of this subchapter. The allowable volume of any transfer station shall be calculated by the Department and shall be based on the storage capacity (estimated in total cubic yardage) of the transfer station. In no event shall such allowable volume exceed that granted by the New York State Department of Environmental Conservation.

(y) Opaque fencing shall surround the perimeter of the unenclosed areas of the transfer station. The fencing must be equal to or greater than the following minimum heights:

(1) if any receipt, processing or storage of fill material is conducted in an unenclosed area of a transfer station located more than three hundred (300) feet from a residential zone, then the minimum fence height shall be ten (10) feet; and

(2) if any receipt, processing or storage of fill material is conducted in an unenclosed area of a transfer station located three hundred (300) feet or less from a residential zone, then the minimum fence height shall be fifteen (15) feet.

(z) Equipment used in the operation of the transfer station shall be contained within the property line, and under no circumstances shall such equipment be stored on city streets or public roadways.

(aa) All drainage systems shall be kept clean, unclogged and functioning[. Leachate or wash water shall not flow onto the street] and shall be maintained to prevent leachate and wash water from accumulating or flowing onto the street or public roadway.

(bb)
(1) Noise levels generated by operation of and at the transfer station, including the sound of transport vehicles entering or exiting the facility shall be controlled to prevent sound levels beyond the transfer station property line from exceeding the following Leq decibel (A) weighted energy equivalent ambient sound levels:

Impacted Zones	Time of Day	
	7 a.m.-10 p.m.	10 p.m.-7 a.m.
R1 - R3	62 decibels	52 decibels
All other residential, commercial, or manufacturing zones	67 decibels	57 decibels

(2) If the existing ambient sound level, excluding any contributions from the transfer station, exceeds these limits, the operation of the transfer station shall not cause the Leq sound level to be increased;

(3) Leq is the equivalent steady-state sound level which contains the same acoustic energy as the time varying sound level during any one-hour period;

(4) The (A) weighted sound level shall be measured with the slow metering response characteristic of a sound level meter which complies with standards established by the American National Standards Institute specifications for sound level measurement; and

(5) Mufflers are required on all internal combustion-powered equipment used at the transfer station, and sound levels for such equipment must not exceed 80dB(A) at a distance of fifty feet from the operating equipment; provided that the decibel level beyond the property line of the transfer station shall not exceed the decibel levels set forth above.

(6) Notwithstanding paragraphs (1) through (5) of this subsection, noise generated by back-up warning signals required by the United States Occupational Safety and Health Administration shall not be included in determining whether noise levels comply with this subsection.

(cc) A sign, no smaller than four feet by four feet, shall be posted at all entrances to the putrescible solid waste transfer station and shall conspicuously indicate the putrescible solid waste transfer station's hours of operation, the types of waste it accepts and does not accept, the expiration date of its permits to operate pursuant to §16-130 of the Administrative Code and 6 NYCRR Part 360, and the Department of Sanitation's complaint telephone number.

(dd) Doors and gates allowing vehicles to enter or leave the transfer station, including any structure at such station, shall be kept closed except when vehicles are entering or leaving;

(ee) No litter or solid waste shall be allowed to accumulate on the streets or other areas abutting the transfer station.

(ff) Where a transfer station is fully or partially enclosed, within thirty days of the effective date of this Rule, exhaust air shall be vented through air filters, dust collectors, and/or other equipment which removes particulate matter and malodorous by-products.

(gg) Gasoline or diesel fuel shall not be used within a fully or partially enclosed transfer station to power any equipment unless means are provided to safely vent exhaust gases.

(hh) No transport vehicle required to be licensed or permitted pursuant to Title twenty of the Administrative Code of the City of New York shall deposit any material at or remove any material from a transfer station unless such transport vehicle is appropriately licensed or permitted.

(ii)
(1) Entrance into or exit from a transfer station by a transport vehicle shall be permitted only under the supervision of an attendant, and

(2) The loading or unloading of any transport vehicle shall be continuously supervised by an attendant. The attendant shall not permit the unlawful deposit or removal of any material.

(jj) There shall be no burning of materials at a transfer station.

(kk) The transfer station shall employ effective dust control measures to ensure that dust generation is suppressed at all times.

(ll) No solid waste, construction and demolition debris, fill material, dust or other material shall be tracked from the transfer station site onto a public roadway.

(mm) Within one hundred eighty days of the effective date of

this rule, all means of vehicular access into and out of the transfer station shall be surfaced with a material such as asphalt, concrete or ¾ inch or larger gravel, that shall prevent dust generation and prevent the tracking of material from inside the transfer station site onto the public roadway. Such surfacing shall extend the width of the entrance and exit and at least 20 feet into the transfer station site so that all trucks exiting must drive over this surfaced area before driving onto the public roadway.

(nn) Within one hundred eighty days of the effective date of this rule, a motor vehicle tire cleaning procedure shall be adopted that shall prevent the tracking of material from the transfer station site onto a public roadway.

(oo) No stationary equipment operating outside the transfer station shall cause or permit the emission of an air contaminant of:

(1)(i) A density which appears as dark or darker than number two on the standard smoke chart, or 40% opacity, or of an opacity which obscures vision to a degree equal to or greater than smoke of number two density on the standard smoke chart, or 40% opacity; or

(ii) A density which appears as dark or darker than number one on the standard smoke chart, or 20% opacity, but less than number two on said chart, or 40% opacity, or of such opacity as to obscure vision to a degree equal to or greater than smoke of number one density on the standard smoke chart, or 20% opacity, but less than number two on said chart, or 40% opacity, if such an emission continues for longer than two minutes in the aggregate in any sixty minute period.

(2) The density or opacity of an air contaminant emitted from stationary equipment that operates outdoors shall be measured at the point of its emission, except that when the point of emission cannot be readily observed, it may be measured at an observable point on the plume nearest the point of emission.

(pp) No stationary equipment or nonroad motor vehicle at the transfer station that operates outdoors shall cause or permit the emission of a visible air contaminant past the transfer station property boundary.

(qq) No nonroad motor vehicle at the transfer station that operates outdoors shall cause or permit the emission of a visible air contaminant while the vehicle is stationary for longer than ten consecutive seconds.

(rr) All stationary equipment and nonroad motor vehicles at the transfer station shall be maintained properly. All stationary equipment and nonroad motor vehicles at the transfer station that operate outdoors shall be inspected annually while in operation by an observer certified in the US EPA Method 9 set forth in Title 40 Code of Federal Regulations Part 60, Appendix A and trained in the US EPA Method 22 set forth in Title 40 Code of Federal Regulations Part 60, Appendix A, to ensure the equipment is operating properly to minimize air contaminant emissions, taking into account the model year and design capabilities of the engine. A written record of the inspection and any subsequent corrective measures performed to minimize air contaminant emissions shall be filed with the Department as part of the annual permit renewal application, and shall be included in the operational records required by subsection (p) of section 4-06 of this subchapter.

(ss) The transfer station, its equipment and nonroad motor vehicles shall be subject to inspection at all times during its hours of operation. In addition to any other penalties prescribed by law, failure to comply with this requirement, or interference with Department personnel performing an inspection, may result in suspension of the permit.

[(kk)] (tt) The Commissioner may grant exemptions from provisions of this section , other than subsections 4-08 (kk) – (ss) of this subchapter, if he or she determines, after completion of any applicable environmental review, that granting such exemptions would not have an adverse effect on the environment, provided that granting such exemptions is not otherwise inconsistent with law. The duration of any such exemptions shall not exceed the applicable permit term.

(uu) The provisions of these rules shall be severable and if any phrase, clause, sentence, paragraph, subsection or section of these rules, or the applicability thereof to any person or circumstance, shall be held invalid, the remainder of these rules and the application thereof shall not be affected thereby.

§4. It is proposed to amend Section 4-11 of chapter 4, subchapter B of title 16 of the rules of the city of New York to read as follows:

§ 4-11 Definitions.

When used in this subchapter:
Air contaminant."Air contaminant" shall mean any particulate matter or any gas or any combination thereof in the open air.
Diesel engine."Diesel engine" shall mean a compression ignition type of internal combustion engine that operates on or is capable of operating on diesel fuel.
Equipment."Equipment" shall mean all implements used in the operation of the putrescible solid waste transfer station, including but not limited to motor-driven machinery.
Gasoline engine."Gasoline engine" shall mean a compression ignition type of internal combustion engine that operates on or is capable of operating on gasoline fuel.
Intermodal solid waste container facility."Intermodal solid waste container facility" shall mean a facility or premises served by rail or vessel at which intermodal containers are transferred from transport vehicle to transport vehicle for the purpose of consolidating intermodal containers for shipment by rail or vessel to an authorized disposal or treatment facility, where the contents of each container remain in their closed containers during the transfer between transport vehicles, and storage remains incidental to transport at the location where the containers are consolidated, and that is required to register with the Department of Sanitation pursuant to sections 16-130 and 16-131 of the Administrative Code of the City of New York and Subchapter D of Chapter 4 of the Title 16 of the Rules of the City of New York.
Non-putrescible solid waste.[The term "non-putrescible] "Non-putrescible solid waste" shall mean solid waste, whether or not contained in receptacles, that does not contain organic matter having the tendency to decompose with the formation of malodorous by-products, including but not limited to dirt, earth, plaster, concrete, rock, rubble, slag, ashes, waste timber, lumber, plexiglass, fiberglass, ceramic tiles, asphalt, sheetrock, tar paper, tree stumps, wood, window frames, metal, steel, glass, plastic pipes and tubes, rubber hoses and tubes, electric wires and cables, paper and cardboard.
Nonroad motor vehicle."Nonroad motor vehicle" shall mean equipment that is propelled by a diesel engine or gasoline engine in or upon which a person or material may be transported on the ground and that is used or may be used at a transfer station. A nonroad motor vehicle shall include, but not be limited to, front end loaders, backhoes and bulldozers and shall not include cars, trucks or locomotives.
Opacity."Opacity" shall mean the degree to which emissions reduce the transmission of light and obscure the view of an object in the background.
Particulate matter."Particulate matter" shall mean any substance, liquid, other than water, or any solid that exists as a discrete particle and which is or tends to be capable of becoming windblown or being suspended in air.
Person."Person" shall mean any individual, corporation, partnership, association, firm, trust, estate or any other legal entity whatsoever.
Putrescible solid waste.[The term "putrescible] "Putrescible solid waste" shall mean solid waste containing organic matter having the tendency to decompose with the formation of malodorous by-products.
Putrescible solid waste transfer station.[The term "putrescible] "Putrescible solid waste transfer station" shall mean any structure, building or other premises, whether improved or unimproved, at which any amount of putrescible solid waste is received for the purpose of subsequent transfer to another location, regardless of whether such putrescible solid waste is mixed with non-putrescible solid waste or is subject to any processing or reduction in volume at such structure, building or premises. Facilities permitted or exempt pursuant to 6 NYCRR Subparts 360-3 and 360-5 or their successors and intermodal solid waste container facilities are not putrescible solid waste transfer stations.
Solid waste."Solid waste" shall mean all putrescible and non-putrescible materials or substances, other than those materials or substances described in paragraph (2) of this definition, that are discarded or rejected, including but not limited to, garbage, refuse, waste collected by any person required to be licensed or permitted pursuant to [Subchapter eighteen of Chapter two of Title twenty] Chapter one of Title sixteen-a of the Administrative Code of the City of New York, rubbish, tires, ashes, contained gaseous material, incinerator residue, construction and demolition debris, discarded automobiles and offal. Such term shall include recyclable materials, as defined in subdivision (i) of §16-303 of Title sixteen of the Administrative Code of the City of New York.

(1) A material is discarded or rejected if it is:

(i) spent, useless, worthless or in excess to the owners at the time of such discard or rejection;

(ii) disposed of;

(iii) burned or incinerated, including material burned as a fuel for the purpose of recovering useable energy; or

(iv) accumulated, stored or physically, chemically or biologically treated (other than burned or incinerated) instead of or before being disposed of.

(2) The following are not solid waste for the purpose of this section:

(i) domestic sewage;

(ii) any mixture of domestic sewage and other wastes that passes through a sewer system to a publicly owned treatment works for treatment, except any material that is introduced into such system in order to avoid the provisions of this Rule, Article 157 of the New York City Health Code, Title sixteen of the Administrative Code of the City of New York, or of state regulations promulgated to regulate solid waste management facilities;

(iii) industrial wastewater discharges that are actual point source discharges subject to permits under Article seventeen of the Environmental Conservation Law; provided that industrial wastewaters while they are being collected, stored or treated before discharge and sludges that are generated by industrial wastewater treatment are solid wastes;

(iv) irrigation return flows;

(v) radioactive materials that are source, special nuclear, or by-product material under the Federal Atomic Energy Act of 1954, as amended, 42 U.S.C. S 2011 et seq.;

(vi) materials subject to in-situ mining techniques which are not removed from the ground as part of the extraction process;

(vii) hazardous waste as defined in §27-0901 of the Environmental Conservation Law, including material containing hazardous waste; and
(viii) regulated medical waste as defined in Title fifteen of Article twenty-seven of the New York State Environmental Conservation Law, in Title thirteen of Article thirteen of the New York State Public Health Law or in §16-120.1 of the Administrative Code of the City of New York or any rules promulgated pursuant to such provisions of law.
Standard smoke chart."Standard smoke chart" shall mean the Ringelmann chart, as published by the United States bureau of mines, photographically reduced to 1/18th in size for use in the field.
Stationary equipment."Stationary equipment" shall mean equipment powered by a diesel engine or gasoline engine that will remain stationary during use and that is used or may be used at a transfer station. Stationary equipment shall include, but not be limited to, cranes, excavators, crushers, screeners, chippers and shredders.
Transport vehicle."Transport vehicle" shall mean any motor vehicle, rail car, vessel, or other means of transportation used to deliver solid waste into, or remove solid waste from, a putrescible solid waste transfer station.
US EPA Method 9."US EPA Method 9" shall mean the United States Environmental Protection Agency method, codified at Title 40 Code of Federal Regulations Part 60, Appendix A-4, for use by a certified observer to visually determine the opacity of air contaminant emissions from stationary sources.
US EPA Method 22."US EPA Method 22" shall mean the United States Environmental Protection Agency, method codified at Title 40 Code of Federal Regulations Part 60, Appendix A-7, for use by a trained and knowledgeable observer to visually determine the presence of and amount of time that visible air contaminant emissions occur.

§5. It is proposed to amend Section 4-14 of chapter 4, subchapter B of title 16 of the rules of the city of New York to read as follows:

§ 4-14 Permits.

(a) No person shall operate a putrescible solid waste transfer station without a permit issued by the Commissioner of Sanitation. No permit is required, however, for a putrescible solid waste transfer station operated by the Department. Review of any application for a Department of Sanitation putrescible solid waste transfer station permit may be suspended or terminated if the putrescible solid waste transfer station applicant is found to be operating any facility required to be permitted pursuant to §16-130 of the Administrative Code of the City of New York without a permit therefor or in violation of any such permit. The term of a putrescible solid waste transfer station permit shall not exceed one year. The annual fee for such permit shall be six thousand five hundred dollars ($6500).

(b) A permit to operate a putrescible solid waste transfer station shall not be issued by the Commissioner unless the applicant has submitted the materials required by §4-13 of this rule, has conformed to the design and equipment requirements contained in §4-16 of this subchapter and has submitted to the Department the following:

(1) A certified copy of a Certificate of Occupancy or, where applicable, a temporary Certificate of Occupancy, from the Department of Buildings of the City of New York, indicating the applicable Use Group pursuant to the Zoning Resolution of the City of New York and, if applicable, a copy of a written variance for the zoning lot from the Board of Standards and Appeals or any successor agency; and/or a copy of a certification or authorization of the Department of [Ports and Trade] Small Business Services of the city of New York;

(2) A certification from a title insurance corporation, as such corporation is defined in §6401 of the Insurance Law, or from a duly authorized agent thereof, establishing the ownership of the property upon which the putrescible solid waste transfer station is sited or proposed to be sited;

(3) Documentary evidence as may be appropriate to show that all penalties, including those of the Environmental Control Board, imposed upon the applicant, the property owner, and any other person in control of or having an interest in the putrescible solid waste transfer station operation, for violations of Article 157 of the New York City Health Code, or Title sixteen, Title seventeen, Subchapter eighteen of Chapter two of Title twenty, Chapter One of Title twenty-six and Title twenty-seven of the Administrative Code of the City of New York, or rules promulgated thereunder, that relate to the ownership or operation of a putrescible solid waste transfer station, non-putrescible solid waste transfer station, dump or fill material operation, have been paid or otherwise satisfied;

(4) Proof of workers' compensation coverage, or that the applicant is exempt from Workers' Compensation Law §57, and proof of disability benefits coverage, or that the applicant is exempt from Workers' Compensation Law §220, Subdivision 8 (disability benefits law);

(5) A written and notarized acknowledgement by the applicant and, if different from the applicant, the fee owner of the real property, that the applicant and/or fee owner may be held primarily liable for the removal of all solid waste and any other material from the putrescible solid waste transfer station;

(6) A certified copy of the deed, as recorded in the office of the City Register or, in Richmond County, the County Clerk, setting forth a metes and bounds description of the property, and, if applicable, a copy of the lease or sublease or a certified copy of the lease or sublease if such lease or sublease is recorded, for the premises at which the putrescible solid waste transfer station is proposed to be located. The Permittee shall notify the Commissioner within ten business days if the ownership of the property has changed or any other conveyance of title has taken place. Any new acknowledgements required pursuant to paragraph (5) of this subdivision shall be provided simultaneously;
(7) A copy of all permits or other authorizations to construct

or operate required under local and state laws and regulations, including the New York State Environmental Conservation Law and Title six of the NYCRR or its successor, or currently applicable regulations relating to transfer stations;

(8) A surety bond or an irrevocable letter of credit in a sum to be determined by the Commissioner of Sanitation. This sum shall not exceed the estimated cost to the Department of the removal of all solid waste and material defined in paragraph (2) of the definition of "solid waste" in §4-11 of this subchapter from the putrescible solid waste transfer station in the event that such removal becomes necessary and the permittee fails to remove such solid waste and material. A bond shall be executed by the applicant and a surety authorized to conduct business within the State of New York and approved by the Commissioner and, in the case of an irrevocable letter of credit, such letter of credit shall be issued by a financial institution authorized to conduct business within the state of New York. Such bond or letter of credit shall name the Department as obligee. The face amount of the bond or letter of credit shall be based on the size of the transfer station and the volume and nature of the material to be removed. The Commissioner of Sanitation may from time to time review the adequacy of such surety bond or letter of credit and thereafter require an applicant or permittee to obtain an increase in the amount of the bond or irrevocable letter of credit not to exceed the estimated cost of the removal of such solid waste and material. The Commissioner may authorize an applicant to provide other security, including cash, if the commissioner finds that compliance with the bond or letter of credit requirement is not reasonably possible and the public interest would be served by such authorization. A surety bond issued pursuant to this subparagraph shall not expire until six months have elapsed after the revocation, surrender, expiration or other termination of the permit;

(9) A written plan for the control of noise levels, as specified in §4-17 of this subchapter;

(10) A written plan for the control of vibrations, to ensure compliance with the applicable performance standards of the Zoning Resolution of the City of New York;

(11) A written plan by a professional engineer for the control of odors. The plan shall list all the [deodorants] odor-neutralizing agents that are used or will be used and the method of application;

12) The names, addresses, and dates of operation of any solid waste management facility or related businesses, currently or previously owned or operated by the applicant, or any principal of the applicant, such as private carting companies and non-putrescible solid waste transfer stations, whether or not located in New York city;

(13) The applicant shall provide his/her/its business address and phone number. If the applicant is a corporation, the application must

(i) state the names and home and business addresses of the principals of the corporation;

(ii) contain the signature of a corporate officer;

(iii) have the corporate seal impressed thereon; and

(iv) include a copy of the New York State Corporation Filing Receipt.

If the applicant is a partnership, the application must

(i) state the names and home and business addresses of all partners;

(ii) include a copy of the partnership papers, certified by the County Clerk.
If the applicant is required to file a certificate pursuant to §130 of the General Business Law, a certified copy of such certificate shall be submitted to the Department. The applicant shall also submit the names and addresses of all persons or entities, other than a financial institution licensed to do business in the state of New York, to which the applicant is indebted in an amount equal to or greater than three thousand dollars ($3,000). The Permittee shall have the continuing duty to inform the Department of Sanitation of any changes in the principals of the business entity owning or operating the putrescible solid waste transfer station. For purposes of this subparagraph, "principal" includes, but is not limited to, any, director, officer (for example, president, vice-president, secretary, treasurer, board chairman, chief executive officer) or partner of a business entity, and shall include any shareholder (including another business entity) who owns ten percent or more of any class of issued company stock;

(14) Written confirmation of accessibility to an alternative site holding a permit under this Rule or Article 157 of the Health Code and capable of receiving and processing putrescible solid waste as required by subdivision (d) of §4-17 of this subchapter. Such confirmation shall be signed by the operator of the alternative site and shall be updated or reconfirmed as necessary.

(c) Any permit issued to a putrescible solid waste transfer station by the Commissioner of the New York City Department of Health pursuant to Article 157 of the New York City Health Code prior to the effective date of this rule shall remain in full force and effect on and after such date, unless suspended or revoked by the Commissioner of Health prior to such date, and shall, on and after the effective date of this subchapter, be deemed to constitute a permit issued by the Department of Sanitation, provided that the holder of such permit files an application for a new permit with the Sanitation Commissioner within thirty days after the effective date of this subchapter. On and after the effective date of this subchapter, the Sanitation Commissioner may suspend or revoke such permit pursuant to law, issue a new permit or deny the application for a new permit. If the holder of such permit fails to file an application for a new permit with the Sanitation Commissioner within thirty days after the effective date of this subchapter, such permit issued by the Health Commissioner shall be null and void and be of no further effect. The fee for any putrescible solid waste transfer station permit issued by the Sanitation Commissioner pursuant to §16-130 of the Administrative Code of the City of New York to a person who holds a permit issued by the Health Commissioner pursuant to Article 157 of the New York city Health Code shall be reduced by an amount which is equal to the permit fee paid to the Department of Health prorated to the unexpired portion of the license term.

(d) Any initial application for a putrescible solid waste transfer station permit or renewal thereof shall include all documentation required pursuant to this section in one single package, regardless of whether any required documentation has previously been submitted to the Department of Sanitation. This package shall constitute the putrescible solid waste transfer station permit application. If the application is incomplete, the application shall be returned to the applicant and the application shall be deemed withdrawn.

§6. It is proposed to amend Sections 4-16 and 4-17 of chapter 4, subchapter B of title 16 of the rules of the city of New York to read as follows:

§ 4-16 Design Requirements and Equipment.

(a) The area provided for the receipt of solid waste at the putrescible solid waste transfer station, pursuant to subparagraph (1) of subdivision (b) of §4-13 of this subchapter, shall conform to the area specified in the initial permit or renewal application. The area for all activities relating to the receipt, tipping, sorting, processing, compaction and storage of solid waste shall be wholly within a fully enclosed structure. Any applicant or permittee may apply in writing for an exemption from this requirement as provided by subparagraph (5) of subdivision (b) of §16-131 of the Administrative Code of the City of New York. Pending the Commissioner's decision regarding an exemption application, such an applicant shall not receive, tip, sort, process, compact or store solid waste. In addition, within thirty days of the effective date of this subchapter, the entire floor area shall be constructed of concrete, asphalt or any impervious material and shall be equipped with adequate drainage structures as required pursuant to subdivision (e) of this section. The portion of such floor used for unloading and loading purposes shall be clearly marked.

(b) Ventilation and Odor Control.
(1) Ventilation shall be provided in such structures in adequate capacity and proper location for ensuring compliance with §135.07 of the New York City Health Code, and all applicable laws and rules, including the Zoning Resolution of the city of New York. [Within thirty days of the effective date of this subchapter, exhaust] Exhaust air shall be vented through air filters and/or dust collectors and other equipment necessary to remove particulate matter and malodorous by-products. Gasoline or diesel fuel shall not be used within the enclosed structure to power any equipment unless means are provided to safely vent the exhaust gases. All filters and equipment shall be maintained in proper working order.

(2) Transfer station ventilation equipment shall be capable of maintaining negative air pressure, including during periods when the transfer station doors are open, that is sufficient to prevent the escape of malodorous air from the transfer station. Such ventilation equipment shall be capable of maintaining a minimum of eight air changes per hour ("ach").

(3) Odor control equipment shall automatically neutralize odors in exhaust air as it is ventilated from the enclosed building. The odor control equipment shall include a permanent hard-piped high-pressure system, suspended above the facility's tipping floor with rings of mist nozzles strategically aimed at fans and exhaust vents. The odor-neutralizing agent shall be applied as a mist in the vicinity of exhaust points from the building. A scented masking agent is not an odor-neutralizing agent.

(4) Notwithstanding subsections (b)(2) and (b)(3) of section 4-16 of this subchapter, the commissioner may authorize the use of alternative ventilation equipment and odor control equipment upon a showing that such equipment is no less effective than the measures set forth in subsections (b)(2) and (b)(3) of section 4-16 of this subchapter, in controlling odors from the transfer station to meet all applicable standards.

(5) Within ninety days of the effective date of this subchapter, the transfer station shall submit to the Department detailed plans for implementation of section 4-16(b) of this subchapter requirements certified by a licensed architect or professional engineer. Within one hundred eighty days of the effective date of this subchapter, the transfer station shall have contracted with a company to purchase all necessary equipment and supplies and install the ventilation and odor control equipment. Within one year of the effective date of this subchapter the required ventilation and odor control equipment shall be installed and fully operational.

(6) Documentation verifying compliance with section 4-16(b) of this subchapter, including as-built drawings of the ventilation and odor control equipment and the type of the odor-neutralizing agent to be used, shall be filed with the Department within 90 days of installation completion and as part of the annual transfer station permit renewal application.

(c) Sufficient equipment and personnel shall be provided for receipt, tipping, sorting, processing, compaction and storage of solid waste at the putrescible solid waste transfer station. Sufficient standby equipment shall be provided to ensure that no solid waste storage problem or public nuisance or condition hazardous to public health or safety is created during scheduled or unscheduled equipment maintenance, or equipment breakdown. All transfer station debris storage, processing, handling and tipping areas shall include appropriate fire detection and protection equipment.

(d) Sufficient equipment shall be provided to handle the solid waste in a safe and sanitary manner.

(e) A system for the sanitary disposal of sewage and waste water shall be installed in a putrescible solid waste transfer station in accordance with the provisions of Articles 143 and 145 of the New York City Health Code and all applicable laws and rules governing the discharge of waste and waste water, including those enforced by the New York City Department of Environmental Protection and the New York state Department of Environmental Conservation. Drinking water shall be provided in accordance with the provisions of Article 141 of the New York City Health Code. Putrescible solid waste transfer stations shall also be in compliance with applicable provisions of Article 135 of the New York City Health Code (pertaining to commercial premises). All putrescible solid waste transfer stations shall make provisions for cross connection control to ensure that waste water does not mix with the drinking water supply.

(f) Pest control measures shall be specified and shall be adopted in the design of a putrescible solid waste transfer station pursuant to §151 of the New York City Health Code.

(g) All solid waste transferred into and out of the putrescible solid waste transfer station shall be weighed, and measured by volume. Records shall be maintained of such weights and measurements for a period of three years and included in operational records required by subdivision [(g)] (f) of §4-17.

(h) Indoor and outdoor areas of the transfer station shall be illuminated in order to provide for the safe operation of the transfer station. Such illumination shall not create a nuisance.

(i) Noise levels generated in the operation of a putrescible solid waste transfer station shall not exceed the standards in §4-17. The sound of vehicles entering or leaving the putrescible solid waste transfer station shall be included, except that back-up warning signals required by the United States Occupational Safety and Health Administration shall not be included.

(j) Within one hundred eighty days of the effective date of this rule, an automatic water-misting system to suppress dust generation within the transfer station shall be installed and fully operational. At a minimum, such system shall be capable of pumping water through piping to high-pressure mist nozzles that will atomize the water and produce a fine mist that will automatically be dispersed at timed intervals sufficient to suppress dust generation.

§ 4-17 Operation and Maintenance of Putrescible Solid Waste Transfer Stations.

(a) (1) No transfer station shall be operated unless it has obtained a permit pursuant to §4-14 of this subchapter, and is in compliance with the terms thereof, this section, and any other applicable law, rule or regulation.

(2) A putrescible solid waste transfer station shall be operated and maintained in a safe and sanitary manner so as to avoid any nuisance or condition hazardous to public health or safety [in a manner consistent with the approved site and operating plan].

(3) The transfer station shall be operated and maintained in a manner consistent with the site plan submitted to the Department.

(4) The transfer station shall be operated and maintained in a manner consistent with the engineer's report submitted to the Department.

(b) The Permittee shall prohibit any transport vehicle required to be licensed or permitted pursuant to Title twenty of the Administrative Code from depositing solid waste at or removing solid waste from the putrescible solid waste transfer station, unless such transport vehicle is appropriately licensed or permitted. Entrance into or exit from a putrescible solid waste transfer station by a transport vehicle shall be permitted only when an attendant is on duty. The loading or unloading of any transport vehicle shall be continuously supervised by an attendant to avoid unauthorized deposit or removal of solid waste and injury to persons in such station.

(c) The Permittee shall regularly schedule and provide maintenance of equipment. Records of such maintenance shall be included in operational records required by subdivision (f) of this section.

(d) In the event that the putrescible solid waste transfer station is unable, for any reason, to receive solid waste or process solid waste previously received, an alternative site, designated pursuant to subparagraph (14) of subdivision (b) of §4-14 of this subchapter, shall be used to receive and process such solid waste. The Permittee shall notify the Department immediately of its use of an alternative site.

(e) Putrescible solid waste transfer stations shall be kept free of vectors, including, but not limited to, rodents, insects and other pests and of any condition conducive to vectors. Written confirmation of at least weekly engagement of a certified exterminator shall be available at all times, and shall be included in operational records required by subdivision (f) of this section.

(f) The Permittee shall maintain operational records including, but not limited to, all asset liability and capital and proprietary accounts, operating expenses, administrative expenses, tax returns and equipment expenses. Such records shall also include a clear and legible daily log of the quantity of solid waste received and removed, specifying the point of origin and destination of the solid waste transported daily, as well as the quantity and type of material which has been

brought to the putrescible solid waste transfer station for separation and/or processing. The daily log shall also include the names and addresses of the owner and/or operator of transport vehicles entering or exiting the transfer station. Such records shall be maintained on the premises and be readily available for inspection by representatives of the Department. An annual report shall be provided to the Department with any application for renewal of any permit required under these rules. This report shall contain the daily weight and volume of solid waste received, according to type, daily point of origin of the solid waste, daily destination of the solid waste, daily weight and volume and type of material recovered, any changes in operation that have occurred during the previous year, and all other information specified to be included by this subchapter, including that required by subdivisions (c) and (e) of this section. The Permittee shall submit to the Department a copy of any annual or quarterly report required to be filed with the New York state Department of Environmental Conservation pursuant to 6 NYCRR Part 360.

(g) The presence at a putrescible solid waste transfer station of solid waste containing asbestos or of material defined in paragraph (2) of the definition of "solid waste" set forth in §4-11 of this subchapter is prohibited.

(h) All putrescible solid waste received at a putrescible solid waste transfer station, including putrescible solid waste which has been baled or loaded into transport vehicles, shall be removed within forty-eight hours of its receipt. Only non-putrescible solid waste, and putrescible solid waste which has been baled or loaded into a transport vehicle, may be stored off the tipping area of a putrescible solid waste transfer station.

(i) The tipping area of all putrescible solid waste transfer stations shall be free of solid waste for a thirty-minute period each day during its hours of operation and shall have been thoroughly cleaned, swept, washed and deodorized immediately prior to such period. The Permittee may choose such period and such period shall be set forth in the permit as a permit condition.

(j) [Deodorizing materials shall be used at the putrescible solid waste transfer station to control odors.] Odors[, including odors of deodorizing materials,] shall not be emitted so as to violate the performance standards of the Zoning Resolution of the City of New York or the applicable provisions of the Air Pollution Control Code of the Administrative Code of the city of New York or to create a public nuisance. Odor control measures required in subsection 4-16(b) of this subchapter shall be fully operational and shall effectively neutralize odor.

(k) Solid waste shall be received, processed, compacted and stored only in the [area] areas specifically designated [for receipt of such waste] pursuant to subparagraph (1) of subdivision (b) of §4-13 of this subchapter. Solid waste shall not be permitted to spill beyond areas in which it is permitted by this Rule and by the site plan and engineering report submitted to the Department of Environmental Conservation pursuant to 6 NYCRR Part 360. Any solid waste which spills beyond the areas in which it is permitted shall be removed immediately.

(l) Equipment used in the operation of the putrescible solid waste transfer station shall be contained within the property line, and under no circumstances shall such equipment be stored on city streets or public roadways.

(m) All drainage systems, including but not limited to trench drains in the floor drain system, and grit and grease traps, shall be kept clean, unclogged, and functioning. In no case shall any leachate or wash water be permitted to accumulate on the floor or flow [into] onto the street or public roadway.

(n) Noise levels generated by operation of and at the putrescible solid waste transfer station must be controlled to prevent sound levels beyond the putrescible solid waste transfer station property line from exceeding the following Leq decibel (A) weighted energy equivalent ambient sound levels:

Impacted Zones	Time of Day	
	7 a.m.-10 p.m.	10 p.m.-7 a.m.
R1 - R3	62 decibels	52 decibels
All other residential, commercial or manufacturing zones	67 decibels	57 decibels

(1) If the existing ambient sound level, excluding any contributions from the putrescible solid waste transfer station, exceeds these limits, the operation of the putrescible solid waste transfer station must not cause the Leq sound level to be increased;

(2) Leq is the equivalent steady-state sound level which contains the same acoustic energy as the time varying sound level during any one-hour period exceeded no more than ten percent of the time;

(3) The (A) weighted sound level shall be measured with the slow metering response characteristic of a sound level meter which complies with standards established by the American National Standards Institute specifications for sound level measurement; and

(4) Mufflers are required on all internal combustion-powered equipment used at the putrescible solid waste transfer station, and sound levels for such equipment must not exceed 80dB(A) at a distance of fifty feet from the operating equipment; provided that the decibel level beyond the property line of the putrescible solid waste transfer station shall not exceed the decibel levels set forth above.

(o) A sign, no smaller than four feet by four feet, shall be posted at all entrances to the putrescible solid waste transfer station and shall conspicuously indicate the putrescible solid waste transfer station's hours of operation, the types of waste it accepts and does not accept, the expiration date of its permits to operate pursuant to §16-130 of the Administrative Code and 6 NYCRR Part 360, and the Department of Sanitation's complaint telephone number.

(p) Doors allowing vehicles to enter or leave the putrescible solid waste transfer station, including any structure at such station, shall be kept closed except when vehicles are entering or leaving;

(q) The Permittee shall prevent litter or solid waste from accumulating on the streets or other areas abutting the putrescible solid waste transfer station.

(r) The total volume of putrescible solid waste, including putrescible solid waste which has been processed, at a transfer station shall not exceed the allowable volume as stated in the permit issued pursuant to §4-14 of this subchapter. The allowable volume of any transfer station shall be calculated by the Department and shall be based on the storage capacity (estimated in total cubic yardage) of the transfer station. In no event shall such allowable volume exceed that granted by the New York State Department of Environmental Conservation.

(s) The transfer station shall employ effective dust control measures to ensure that dust generation is suppressed at all times.

(t) No solid waste, construction and demolition debris, fill material, dust or other material shall be tracked from the transfer station site onto a public roadway.

(u) Within one hundred eighty days of the effective date of this rule, a motor vehicle tire cleaning procedure shall be adopted that shall prevent the tracking of material from the transfer station site onto a public roadway.

(v) No stationary equipment at the transfer station that operates outdoors shall cause or permit the emission of an air contaminant of:

(1)(i) A density which appears as dark or darker than number two on the standard smoke chart, or 40% opacity, or of an opacity which obscures vision to a degree equal to or greater than smoke of number two density on the standard smoke chart, or 40% opacity; or

(ii) A density which appears as dark or darker than number one on the standard smoke chart, or 20% opacity, but less than number two on said chart, or 40% opacity, or of such opacity as to obscure vision to a degree equal to or greater than smoke of number one density on the standard smoke chart, or 20% opacity, but less than number two on said chart, or 40% opacity, if such an emission continues for longer than two minutes in the aggregate in any sixty minute period.

(2) The density or opacity of an air contaminant emitted from stationary equipment that operates outdoors shall be measured at the point of its emission, except that when the point of emission cannot be readily observed, it may be measured at an observable point on the plume nearest the point of emission.

(w) No stationary equipment or nonroad motor vehicle that operates outdoors at the transfer station shall cause or permit the emission of a visible air contaminant past the transfer station property boundary.

(x) No nonroad motor vehicle at the transfer station that operates outdoors shall cause or permit the emission of a visible air contaminant while the vehicle is stationary for longer than ten consecutive seconds.

(y) All stationary equipment and nonroad motor vehicles at the transfer station shall be maintained properly. All stationary equipment and nonroad motor vehicles at the transfer station that operate outdoors shall be inspected annually while in operation by an observer certified in the US EPA Method 9 set forth in Title 40 Code of Federal Regulations Part 60, Appendix A and trained in the US EPA Method 22 set forth in Title 40 Code of Federal Regulations Part 60, Appendix A, to ensure the equipment is operating properly to minimize air contaminant emissions, taking into account the model year and design capabilities of the engine. A written record of the inspection and any subsequent corrective measures performed to minimize air contaminant emissions shall be filed with the Department as part of the annual permit renewal application, and shall be included in the operational records required by subsection (f) of section 4-17 of this subchapter.

(z) The transfer station, its equipment and nonroad motor vehicles shall be subject to inspection at all times during its hours of operation. In addition to any other penalties prescribed by law, failure to comply with this requirement, or interference with Department personnel performing an inspection, may result in suspension of the permit.

[(r)] (aa) Any putrescible solid waste transfer station permit issued pursuant to this subchapter shall be conditioned upon compliance with any rules regarding the siting and hours of operation of putrescible solid waste transfer stations [required to be promulgated by the Department of Sanitation pursuant to §16-131(b) of the Administrative Code of the City of New York] set forth in subchapter C of this chapter.

[(s)] (bb) The provisions of these rules shall be severable and if any phrase, clause, sentence, paragraph, subsection or section of these rules, or the applicability thereof to any person or circumstance, shall be held invalid, the remainder of these rules and the application thereof shall not be affected thereby.

Statement of Basis and Purpose:

The Sanitation Commissioner is authorized to adopt rules relating to the operation and maintenance of private putrescible solid waste transfer stations and non-putrescible solid waste transfer stations (which include fill material and construction and demolition debris transfer stations) pursuant to §§753 and 1043 of the New York City Charter, and §§16-130, 16-131, 16-131.1 and 16-131.2 of the New York City Administrative Code. These amendments amend the Department's existing rules governing the operation and maintenance of transfer stations, found in Subchapters A and B of Chapter 4 of Title 16 of the Rules of the City of New York.

To improve the regulation of private solid waste transfer stations, the Council enacted Local Law 40 of 1990 to provide the City with comprehensive enforcement authority against private solid waste transfer stations that operate in violation of City laws and rules.

In 2000, Local Law 74 was enacted in conjunction with the Council's approval of a Modification of the Solid Waste Management Plan to address the closure of Fresh Kills and the concerns of communities with the highest number of existing solid waste transfer stations. Local Law 74 of 2000 required the Department to undertake a comprehensive Commercial Waste Management Study that examined how commercial waste in the City is managed, determined the amount of commercial waste generated and recycled, and where the waste originated.

The Commercial Waste Study furnished the Department with valuable information for advancing its goals to minimize environmental effects from in-City transfer and transport of solid waste. Key findings and recommendations of the Study relating to the design and operation and maintenance of transfer stations were:

▶ First, the majority of inhalable fine particulate matter generated from transfer stations is not produced from trucks entering and leaving the facilities but, instead, comes from the stationary equipment and nonroad motor vehicles operated outdoors at the transfer stations. As a result, regulations and enforcement measures ensuring that stationary equipment and nonroad motor vehicles are maintained to minimize air emissions should be promulgated;

▶ Second, more effective odor control equipment could be required, specifically, equipment that neutralizes odors emitted from putrescible solid waste transfer stations rather than simply masking the odors; and

▶ Third, more effective dust suppression measures could be required at non-putrescible solid waste transfer stations.

The Department considered these findings of the Final Commercial Waste Study and consulted with Henningson, Durham and Richardson Architecture and Engineering, PC (HDR), the firm that conducted the Study for the Department, while drafting the proposed amendments. The Department proposes the above rules to address air contaminant emissions produced by stationary equipment and nonroad motor vehicles operated outdoors at transfer stations, odors generated by solid waste transfer stations and dust generation within and surrounding transfer stations.

The Department consulted with the New York City Department of Environmental Protection regarding the proposed rules that govern air contaminant emissions from stationary equipment and nonroad motor vehicles at transfer stations that operate outdoors. The new rules place certain prohibitions on visible air emissions coming from stationary equipment and nonroad motor vehicles operated outdoors at transfer stations. Department enforcement personnel will enforce the new rules after receiving training in visual calibration of air emissions pursuant to established United States Environmental Protection Agency methods. This training will enable Department enforcement personnel to visually determine the density or opacity of plumes of smoke or other air contaminant emissions coming from stationary equipment and nonroad motor vehicles, as well as the length of time such emissions last. Additionally, the proposed rules require private transfer station owners to further mitigate any effect on air quality that their facilities may have by certifying that all transfer station stationary equipment and nonroad motor vehicles utilized in their operations are in proper operating condition.

These amendments require private putrescible transfer stations to meet more stringent ventilation and odor control requirements. In combination with one another, the new requirements will improve the air exchange rate at putrescible transfer stations and neutralize odors, rather than masking odors with another scent. The recommended equipment consists of a hard-piped high-pressure system, suspended above the facility's tipping floor, with rings of mist nozzles strategically aimed at fans and exhaust vents.

The amendments will also help decrease dust generation and minimize the tracking of transfer station material onto the public roadway. Fill material transfer stations will be required to pave the entry and exit areas of the transfer station. Construction and demolition debris transfer stations will be required to pave the receipt, processing and storage areas of the transfer station and all transfer stations must employ a tire cleaning procedure.

The amendments also clarify and enhance certain general operating and maintenance requirements for private solid waste transfer stations, including, but not limited to; (1) ensuring access for emergency vehicles and for Department officers during inspections; (2) ensuring the receipt, process and storage of non-putrescible solid waste in accordance with the transfer station site plan submitted by its permitee; and (3) improving the drainage systems currently in use at transfer stations to minimize odor-causing residue build up.

In sum, the proposed amendments set forth more stringent operation and maintenance requirements and provide additional enforcement measures that will serve to minimize the environmental impacts of transfer station operations.

CITY PLANNING

■ NOTICE

2004 CONSOLIDATED PLAN SUBSTANTIAL AMENDMENT AMERICAN DREAM DOWNPAYMENT INITIATIVE

The City of New York announces the public comment period for the substantial amendment to the 2004 Consolidated Plan. New York has received additional federal funds for a new HUD initiative, to be administered as a part of the City's HOME Investment Partnerships (HOME) Program, the American Dream Downpayment Initiative (ADDI).

The public comment period will begin on August 16, 2004 and extend thirty (30) days to September 14, 2004.

As of August 16, 2004, copies of the narrative describing the new ADDI-funded programs can be obtained at the Department of City Planning Bookstore, 22 Reade Street, New York, New York 10007 (Monday - Friday; 10:00 am - 4:00 pm).

Copies of the Initiative will also be available for review at the main public library in each of the five boroughs. Please call (212) 720-3444 for information on the closest library.

Furthermore, the narrative will be available on City Planning's website in Adobe .PDF format at: www.nyc.gov/planning.
Written comments should be sent to: Charles V. Sorrentino, New York City Consolidated Plan Coordinator, Department of City Planning, 22 Reade Street 4N, New York, N.Y. 10007.

BINDING REPORT

ISSUE DATE: 08/05/04	DOCKET #: 050413	SRB #: SRB 05-1042
ADDRESS: 27 MADISON AVENUE Appellate Division Courthouse INDIVIDUAL LANDMARK	BOROUGH: MANHATTAN	BLOCK/LOT: 855 / 1

To the Mayor, the Council, and the Commissioner, Dept. of Citywide Administrative Services.

This report is issued pursuant to Sections 3020 and 854 (h) of the New York City Charter and Section 25-318 of the Administrative Code of the City of New York, which require a report from the Landmarks Preservation Commission for certain plans for the construction, reconstruction, alteration, or demolition of any improvement or proposed improvement which is owned by the City or is to be constructed upon property owned by the City and is or is to be located on a landmark site or in a historic district or which contains an interior landmark.

The Landmarks Preservation Commission has reviewed a proposal for restorative work on the building's exterior including replacing all sealants and repairing entrance steps on East 25th Street (south); removing, scraping, repairing, polishing or repainting, and reinstalling all metal handrails and fences; the in kind replacement of granite curb at the southeast lightwell; replacing two (2) steel diamond plate covers at the southeast lightwell with new steel diamond plate covers; washing, repairing, restoring glass eyelets, water sealing, and repainting black twelve (12) cast iron and glass vault covers; waterproofing vaults under the sidewalks on Madison Avenue elevation (west) and East 25th Street elevation (south); replacing all concrete pavers on Madison Avenue and East 25th Street with new concrete, tinted (Davis No. 860) light gray to match the color of adjacent concrete pavers and scored to align with adjacent sidewalks; and the in kind replacement of all granite curb on both elevations; as detailed in photographs, written specifications, and drawings LR-1 through A-107, dated received August 5, 2004, prepared by John Joseph Ciardullo, Architect, and submitted as components of this application.

The Commission notes that the designation report describes the building as a small Beaux-Arts style courthouse designed by James Brown Lord and constructed in 1896-99, with richly-decorated interior spaces whose fixtures and furnishings were provided by George C. Flint Co., Herter Brothers, and others.

With regard to this proposal, the Commission finds that that the existing metal handrails, fences, and cast iron and glass vault covers are to be repaired and maintained, preserving a significant architectural feature; that the proposed restorative work would eliminate unstable conditions on the sidewalk and protect the building underground vault from damage due to water infiltration; that the concrete sidewalk to be removed is not a significant feature of the building or district; that the new concrete sidewalk, tinted light gray to match the color of, and scored to align with the adjacent sidewalks, will be harmonious with the building and with the tinted concrete sidewalks elsewhere on this street; that the granite curb will be replaced in kind; that the work will help maintain a consistent sidewalk treatment in the district; and that the work will strengthen the historic character of the Individual Landmark. The work, therefore, is approved.

This report is issued on the basis of the building and site conditions described in the application and disclosed during the review process. By accepting this permit, the applicant agrees to notify the Commission if the actual building or site conditions vary or if original or historic building fabric is discovered. The Commission reserves the right to amend or revoke this permit, upon written notice to the applicant, in the event that the actual building or site conditions are materially different from those described in the application or disclosed during the review process.

All approved drawings are marked approved by the Commission with a perforated seal indicating the date of approval. The work is limited to what is contained in the perforated documents. Other work or amendments to this filing must be reviewed and approved separately. This report constitutes the permit; a copy must be prominently displayed at the site while work is in progress. Please direct inquiries to Hansel Hernandez Navarro.

Passenger Transport Division

DISADVANTAGED BUSINESS ENTERPRISE GOAL FOR FY 2005

The New York City Department of Transportation (NYCDOT), Passenger Transport Division, has established an FY 2005 goal for Disadvantaged Business Enterprise (DBE) participation of eleven percent (11.0%) for Federal Transit Administration funded contracts. A description of the methodology used to develop this goal and its rationale are available for public inspection for thirty (30) days from the date of this notice. The document will be available between the hours of 10:00 a.m. and 5:00 p.m. Monday through Friday. The office is located at 59 Maiden Lane, 35th Floor, New York, New York 10038. Public comments regarding the goal will be accepted for forty-five (45) days following the publication of this notice.

This notice is published in accordance with 49 CFR Sec. 26.45 and is NYCDOT Passenger Transport Division's final DBE goal unless substantial comment is received that would constitute a change of the goal as presented above.
