THE CITY OF NEW YORK
DEPARTMENT OF HEALTH AND MENTAL HYGIENE
Michael R. Bloomberg, Mayor — Thomas R. Frieden, M.D., M.P.H., Commissioner
nyc.gov/health

I hereby find, pursuant to Section 1043, subdivision e, paragraph (1), subparagraph (c) of the New York City Charter, that there is substantial need for the implementation of the new rule in Chapter 23 of Title 24 of the Rules of the City of New York, codifying the inspection procedures for food service establishments, upon publication of such rule in the *City Record*. As noted in the rule's Statement of Basis and Purpose, the Department of Health and Mental Hygiene (the "Department") will be better able to meet the public's expectation that food provided at food service establishments is wholesome and being prepared in sanitary surroundings. Additionally, the new rule enables the Department to return to the use of a handheld computer in the field for recording inspection results, which will make its inspection process more effective and efficient. The ability to transmit inspection results from the handheld computer software to the Department's Food Safety and Community Sanitation Tracking System will improve the Department's ability to track inspection results and perform compliance inspections when they are needed.

There is accordingly substantial need for the implementation of the inspection scoring system and attendant inspection procedures before the thirty day waiting period provided by New York City Charter Section 1043(e)(1)(c) because such scoring system is risk based, and therefore more protective of the public health, than the current inspection evaluation methodology being used by the Department.

Thomas R. Frieden, M.D., M.P.H.
Commissioner of Health and Mental Hygiene

The Mayor's Office of Film, Theatre and Broadcasting shall administer the program, including, the issuance of tax credit certificates. These regulations do not govern the New York State film production tax credit program. Eligibility in and receipt of a tax credit in the New York State program does not guarantee eligibility in or receipt of a tax credit in the New York City Made In New York film production tax credit program. In addition, eligibility in and receipt of a tax credit in the New York City Made In New York film production tax credit program does not guarantee eligibility in or receipt of a tax credit in the New York State program.

(c) Such tax credit shall only be allowed with respect to a qualified film that is completed on or after January 1, 2005. For this purpose, a film will be considered completed upon substantial completion of post-production.

§7-02 Definitions. As used in this regulation, the following terms shall have the following meanings:

(a) "Authorized applicant" means a qualified film production company that is scheduled to begin principal and ongoing photography on the qualified film no more than one hundred eighty (180) days after submitting an initial application to the Office and intends to shoot a portion of principal and ongoing photography on a stage at a qualified film production facility on a set or sets.

(b) "Approved applicant" means an authorized applicant that has been issued a certificate of conditional eligibility by the Office.

(c) "Certificate of conditional eligibility" means a certificate issued by the Office which states that the authorized applicant has met the criteria set forth in §7-06(a) of this chapter and is being considered for the New York City Made In New York film production tax credit, pending successful completion of the final application and issuance of a certificate of tax credit. Such certificate of conditional eligibility shall include, but not be limited to, the following information: name and address of the authorized applicant, effective date, , taxpayer identification number, a statement that the initial application meets the appropriate criteria for conditional eligibility under this regulation and a disclaimer stating that actual receipt of the tax credit is subject to availability of City funds for the program.

(f) "Completion of production of a qualified film" for purposes of paragraph (1) of subdivision (c) of section 7-03 and paragraphs (4) and (5) of subdivision (b) of section 7-06 and subdivision (k) of section 7-02 of these rules, means that post-production of a qualified film has been finished and a cut negative, video master or other final locked form of the qualified film is ready for the striking of prints or electronic copies, and/or ready for broadcast or delivery to a distributor. All activities and expenses related to marketing and distribution, including the making of release prints, video dupes or other forms of copies, promotional images, and poster art are considered to occur after the production of a qualified film is completed

(g) "Commissioner" means the Commissioner of the City of New York Mayor's Office of Film, Theatre and Broadcasting.

(h) "Effective date" means the date the certificate of conditional eligibility becomes effective. Such date is determined by the date the initial application is received by the Office. In the event that applicant's principal and ongoing photography on a qualified film does not actually begin within one hundred eighty (180) days of the submission of the initial application, the applicant's effective date will be recalculated to correspond to the date one hundred eighty days prior to the date that the approved applicant submits, and the Office receives, a notification of actual commencement of principal and ongoing photography to the Office.

(k) "Final application" means a document created by the Office and submitted by an approved applicant after it has completed production of a qualified film which contains information concerning actual expenditures regarding a qualified film that could make it eligible for the New York City Made In New York film production tax credit under sections 11-503(m) or 11-604.20 of the Administrative Code of the City of New York and the provisions of this chapter. Such application shall include, but not be limited to: actual data with regard to the qualified film's total budget, the total production costs at film production facilities in and outside of New York, and the total number of shooting days in and outside of New York and any other information the Office determines is necessary to properly evaluate the application.

(l) "Initial application" means a document created by the Office and submitted by an authorized applicant which contains information concerning projected expenditures regarding a qualified film that could make it eligible for the New York City Made In New York film production tax credit under sections 11-503(m) or 11-604.20 of the Administrative Code of the City of New York and the provisions of this chapter. Such application shall include, but is not limited to, the following information: the estimated total budget for the qualified film, estimates of expenditures at a qualifying production facility, estimates of shooting days and expenditures in New York City and outside of New York City and any other information the Office determines is necessary to properly evaluate the application.

(m) "Notification of actual commencement of principal and ongoing photography" means the date the Office receives written notice from the approved applicant that the actual production of a qualified film, including the principal and ongoing photography, has commenced on a date specified in such notice, which date is on or before the date that the approved applicant has submitted such notice.

(n) "Office" means the City of New York Mayor's Office of Film, Theatre and Broadcasting.

(q) "Priority number" means the number used by the Office to determine allocation of the New York City Made In New York film production tax credit. Priority number shall be based on the applicant's effective date; provided, however, that in the event that there is more than one initial application with the same effective date, priority shall be given to the authorized applicant with the earliest anticipated date of commencement of principal and ongoing photography. Provided further that if the principal and ongoing photography does not begin on the anticipated date, such priority number shall be recalculated based upon the date that the Office receives notification of actual commencement of principal and ongoing photography from the approved applicant.

(r) "Post-production" means the final stage in a qualified film's production after principal and ongoing photography is completed, including, but not limited to, editing, Foley recording, Automatic Dialogue Replacement, sound editing, special effects, scoring and music editing, beginning and end credits, negative cutting, soundtrack production, the addition of sound/visual effects, dubbing, and subtitling. Advertising and marketing activities and expenses are not included in post-production.

(s) "Premature application" means an initial application in which the Office reasonably determines that the applicant cannot commence principal and ongoing photography within one hundred eighty (180) days of the date the initial application was submitted. Such determination may, but is not required to, be based on, among other things, vagueness of the applicant's answers on the initial application and during the initial interview and lack of documentation supporting an applicant's initial application.

(t) "Principal and ongoing photography" means the filming of major and significant portions of a qualified film that involves the lead actors.

Qualified film shall not include (i) a documentary film, news or current affairs program, interview or talk program, magazine program, variety or skit program, "how-to" (i.e., instructional) film or program, film or program consisting primarily of stock footage, sporting event or sporting program, game show, award ceremony, film or program intended primarily for industrial, corporate or institutional end-users, fundraising film or program, daytime drama (i.e., daytime "soap opera"), commercials, music videos or "reality" program or (ii) a production for which records are required under section 2257 of Title 18, United States Code, to be maintained with respect to any performer in such production (reporting of books, films, etc. with respect to sexually explicit conduct).

(w) "Qualified film production company" means a corporation, partnership, limited partnership, or other entity or individual which or who is principally engaged in the production of a qualified film and controls the qualified film during production and is responsible for payment of

the direct production expenses (including pre and post-production) and is a signatory to the qualified film's contracts with its payroll company and facility operators.

(x) "Qualified film production facility" means a film production facility in New York City, which contains at least one sound stage having a minimum of seven thousand square feet of contiguous production space.

(y) "Qualified production costs" means production costs only to the extent such costs are incurred directly in New York City and are attributable to the use of tangible property or the performance of services within New York City directly and predominantly in the production (including pre-production and post-production) of a qualified film.

(z) "Sound stage" means a large interior room or space which provides a controlled environment in which filming takes place on sets built or assembled specifically for the production.

(aa) "Television film", which may also be known as "movie-of-the-week," "mow," "made for television movie," or "mini-series," means a production intended for broadcast on television, whether free or via a subscription-based service, that has a running time of at least ninety (90) minutes in length (inclusive of commercial advertisement and interstitial programming).

This category will include shorter formats which are known as "television presentation," a production of at least fifteen (15) minutes in length, produced for the purposes of selling a proposed television series, but not intended for broadcast.

(cc) "Television series", which may also be known as "episodic television series," means a regularly occurring production intended in its initial run for broadcast no more than once weekly, on television, whether free or via subscription-based service, that has a running time of at least thirty (30) minutes in length (inclusive of commercial advertisement and interstitial programming).

A maximum of $12.5 million of credits may be allocated to each calendar year.

§7-06 Criteria for evaluation of applications.

If the shooting days spent in New York equaled or exceeded the seventy five percent threshold, the Office shall include in their calculation of the New York City Made In New York film production tax credit the portion of qualified production costs attributable to the use of tangible property or the performance of services in the production of a qualified film outside of a qualified film production facility.

§7-07 Record retention. Each authorized and approved applicant must maintain records, in paper or electronic form, of any qualified productions costs used to calculate its potential or actual benefit(s) under this program for a minimum of three years from the date of filing of the tax return on which the applicant claims the tax credit. Failure to request an appeal within thirty (30) days will finalize the denial decision and/or the amount of the tax credit.

Upon receipt of a timely letter of appeal, the Commissioner will appoint an appeal officer within the Office to review. Such appeal officer will make a report on the appeal to the Commissioner. The Commissioner or his designee shall issue a final order within sixty (60) days of the report. A copy of the final order will be issued to the appellant within ten (10) days after the date the Commissioner or his designee renders the final order.

READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council**, 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists--free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

PROCUREMENT POLICY BOARD RULES

The Rules may also be accessed on the City Website, http://NYC.GOV.Selltonyc

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. DEVELOP TRANSITIONAL RESIDENCE FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – Competitive Sealed Proposals – Judgment required in evaluating proposals - PIN# 071-00S-003-262 – DUE 01-03-06 AT 5:00 P.M. – The Department of Homeless Services is soliciting proposals from organizations interested in developing and operating transitional residences for homeless adults and families including the Neighborhood Based Cluster Residence and drop-in centers for adults. This is an open-ended solicitation; there is no due date for submission. Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-forth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the transitional residence contracts will range from 3 to 20 years including renewal options and depending on the financial terms and conditions.
Pursuant to Section 312 (c) (1) (ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgment is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03 (c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences in order to address the need to create additional shelter capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated as a for-profit entity; 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed Standalone facility location(s); and 3) must demonstrate an intent to enter into lease agreements with the owner(s) or management designee(s) for each property.

Any organization that believes it can provide these services may contact: John Iaffaldano, Associate Staff Analyst, Office of Contracts and Procurement at the Department of Homeless Services at (212) 361-8435, 33 Beaver Street, 13th Floor, NY, NY 10004, to request a copy of the RFP application, which is available for pick-up Monday through Friday on business days between the hours of 9:00 a.m. to 5:00 p.m.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/ blueprints; other information; and for opening and reading of bids at date and time specified above.

READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council,** 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists--free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

PROCUREMENT POLICY BOARD RULES

The Rules may also be accessed on the City Website, http://NYC.GOV.Selltonyc

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

DEVELOP TRANSITIONAL RESIDENCE FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – Competitive Sealed Proposals – Judgment required in evaluating proposals - PIN# 071-00S-003-262 – DUE 01-03-06 AT 5:00 P.M. – The Department of Homeless Services is soliciting proposals from organizations interested in developing and operating transitional residences for homeless adults and families including the Neighborhood Based Cluster Residence and drop-in centers for adults. This is an open-ended solicitation; there is no due date for submission. Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-forth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the transitional residence contracts will range from 3 to 20 years including renewal options and depending on the financial terms and conditions.

Pursuant to Section 312 (c) (1) (ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgment is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03 (c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences in order to address the need to create additional shelter capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated as a for-profit entity; 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed Standalone facility location(s); and 3) must demonstrate an intent to enter into lease agreements with the owner(s) or management designee(s) for each property.

Any organization that believes it can provide these services may contact: John Iaffaldano, Associate Staff Analyst, Office of Contracts and Procurement at the Department of Homeless Services at (212) 361-8435, 33 Beaver Street, 13th Floor, NY, NY 10004, to request a copy of the RFP application, which is available for pick-up Monday through Friday on business days between the hours of 9:00 a.m. to 5:00 p.m.

Bensonhurst Rezoning

The New York City Department of City Planning (DCP) is proposing Zoning Map amendments for all or portions of 120 blocks in the southern Brooklyn neighborhood of Bensonhurst, Community District 11. The rezoning area is generally bounded by Bay Parkway and 61st Street to the north, McDonald Avenue to the east, Avenue U to the south, and Stillwell Avenue to the west.

The amendments to the Zoning Map are as follows:

- a change from an R5 to an R4A district;
- a change from an R5 to an R4-1 district;
- a change from an R5 to an R5B district;
- a change from an R5 to an R6B district;
- a change from an R5 to an R7A district;
- a change from an R6 to an R4A district;
- a change from an R6 to an R4-1 district;
- a change from an R6 to an R5B district;
- a change from an R6 to an R6A district; and
- a change from an R6 to an R7A district.

In addition, the proposed action would modify all C1-3 and C2-2 districts to C2-3, and would establish a new C4-2A district on Bay Parkway between Avenue O and 65th Street in place of the existing C4-3 district.

The purpose of the rezoning is to maintain the current character of the neighborhood, which is primarily comprised of two and three-story buildings. Due to increased pressures for housing in Bensonhurst, developers are utilizing the existing zoning regulations to construct buildings that are substantially out-of-scale in terms of height and bulk than their surroundings. The proposed action would promote development along underutilized corridors, such as Kings Highway, while protecting areas that are unsuitable for continued large-scale residential development.

To produce a reasonable, conservative estimate of future growth, the development sites were selected and divided into two categories - projected and potential development sites. Projected development sites include large sites built to very low densities that are more likely to be developed within the foreseeable future. These sites are assessed for both density related and site specific impacts. Potential sites are those sites, which are less likely to be developed in the foreseeable future and are assessed for site specific impacts only.

To avoid the potential for impacts related to hazardous materials the proposed rezoning includes (E) designations. The (E) designations would be placed on two of the projected and two of the potential development sites. These sites are comprised of the following parcels:

Block 6618, Lot 27 - Block 6253, Lot 29
Block 6618, Lot 48 - Block 6618, Lot 52

On the sites receiving (E) designation for hazardous materials, the contamination can be classified as petroleum based, non-petroleum based, or both. The NYCDEP has developed protocols for both petroleum and non-petroleum based (E) designated sites that are required to be followed in order to address possible contamination. The placement of the (E) designation on the zoning map would eliminate the potential for significant adverse impacts from hazardous materials and would ensure that appropriate testing and remediation, if needed, would be undertaken. The text of the (E) designation is as follows:

(E) Designation for Petroleum Based Contamination
Leakage of underground storage tanks containing petroleum products requires specific protocol and may contain parts of the near surface and subsurface protocols. To determine if contamination exists on the petroleum (E) designated sites, and to determine and perform any appropriate remediation, the following tasks must be undertaken by the fee owners of the lot restricted by this (E) designation prior to any demolition or excavation on the lot prior to development:

Task 1
The fee owner(s) of the lot restricted by this (E) designation must submit to the New York City Department of Environmental Protection (NYCDEP) for review and approval, a soil, soil gas, and ground water testing protocol, including a description of methods, and a site map with all sampling locations clearly and precisely represented.

No sampling program should begin until written approval of a protocol is received from the NYCDEP. The Number and location of sample sites should be selected to adequately characterize the site, the specific source of suspected contamination, and the condition of the remainder of the site. The characterization should be complete enough to determine what remediation strategy (if any) is necessary after review of the sampling data. Guidelines and criteria for choosing sampling sites and performing sampling will be provided by the NYCDEP upon request.

Task 2
A written report with findings and a summary of the data must be presented to the NYCDEP after completion of the testing phase and laboratory analysis for the review and approval. After receiving such test results, a determination will be provided by the NYCDEP if the results indicate that remediation is necessary. Written notice shall be given by the NYCDEP if it determines that no remediation is necessary.

(E) Designation for Non-Petroleum Based Contamination
The non-petroleum based contamination protocol has been developed to address potential contamination from all other hazardous materials sources. The procedures in the non-petroleum based protocol are the same as the petroleum based protocol with the exception of the parameters for which the soil and ground water should be tested. These parameters will vary from site to site depending upon the type of non-petroleum contamination expected to be encountered.

In general, the following steps will be required for the non-petroleum (E) designated sites:

The owner of the property will be required to prepare a scope of work for any sampling and testing needed to determine if contaminations exists and to what extent remediation may be required. The scope of work will include all relevant supporting documentation including site plans and testing locations. This scope of work will be submitted to the NYCDEP for review and approval prior to implementation. It will be reviewed to ensure that an adequate number of samples will be collected and that appropriate parameters are selected for laboratory analysis. For all non-petroleum (E) designated sites, the three generic NYCDEP soil and ground water sampling protocols should be followed. These protocols are based on the following three types of releases to soil and ground water that may occur: release of a solid hazardous material to the ground surface; release of a liquid hazardous material to the ground surface; and the release of a hazardous material to the sub-surface (i.e. storage tank or piping). The type of release will define the areas of soil to be sampled (surface, near-surface, or subsurface) and will determine the need for the ground water sampling.

Upon receipt of written approval from the NYCDEP of the scope of work, the sampling program will be implemented. No site investigation work will be initiated without at Site Health and Safety Plan also approved by the NYCDEP.

With the placement of the aforementioned (E) designations for hazardous materials, no impacts related to hazardous materials are expected.

Statement of No Significant Effect:
The Environmental Assessment and Review Division of the Department of City Planning, on behalf of the City Planning Commission, has completed its technical review of the Environmental Assessment Statement dated February 11, 2005, prepared in connection with the ULURP Application (050296 ZMK). The City Planning Commission has determined that the proposed action will have no significant effect on the quality of the environment.

Supporting Statement:
The above determination is based on an environmental assessment which finds that no significant effects on the environment which would require an Environmental Impact Statement are foreseeable.

This Negative Declaration has been prepared in accordance with Article 8 of the Environmental Conservation Law 6NYCRR part 617.

Pelham Gardens Rezoning

The New York City Department of City Planning (DCP) is proposing Zoning Map amendments for all or portions of 163 blocks in the northeastern Bronx neighborhood of Pelham Gardens, Community District 11. The rezoning area is generally bounded by Adee Avenue, Givan Avenue, and Hammersley Avenue to the north, Edison Avenue to the east, Williamsbridge Road and Boston Road to the west, and Pelham Parkway to the south..

The amendments to the Zoning Map are as follows:

- a change from an R3-2 to an R3X district;
- a change from an R3-2 to an R4A district;
- a change from an R3-2 to an R4-1 district;
- a change from an R4 to an R4A district;
- a change from an R4 to an R4-1 district;
- a change from an R4/C1-2 to an R6B/C2-3 district;
- a change from an R4/C2-2 to an R6B/C2-3 district;
- a change from an R5 to an R4-1 district; and
- a change from an R5/C1-2 to an R6B/C2-3 district.

The purpose of the rezoning is to maintain the current character of the neighborhood, which is primarily comprised of detached- and semi-detached homes. Given the existing zoning there is an incentive to demolish existing housing stock to make way for out-of-scale attached or multifamily structures. The proposed action would promote development along underutilized corridors while protecting areas that are unsuitable for continued multi-family residential development.

To avoid the potential for impacts related to hazardous materials, air quality, and noise the proposed rezoning includes (E) designations.

The (E) designations for hazardous materials would be placed on two of the projected and two of the potential development sites. These sites are comprised of the following parcels:

Block 4564, Lot 75 - Block 4762, Lot 98
Block 4762, Lots 105 and 106 - Block 4589, Lot 40

On the sites receiving (E) designation for hazardous materials, the contamination can be classified as petroleum based, non-petroleum based, or both. The NYCDEP has developed protocols for both petroleum and non-petroleum based (E) designated sites that are required to be followed in order to address possible contamination. The placement of the (E) designation on the zoning map would eliminate the potential for significant adverse impacts from hazardous materials and would ensure that appropriate testing and remediation, if needed, would be undertaken. The text of the (E) designation is as follows:

(E) Designation for Non-Petroleum Based Contamination

The procedures in the non-petroleum based protocol are the same as the petroleum based protocol with the exception of the parameters for which the soil and ground water should be tested. The scope of work will include all relevant supporting documentation including site plans and testing locations. This scope of work will be submitted to the NYCDEP for review and approval prior to implementation. The type of release will define the areas of soil to be sampled (surface, near-surface, or subsurface) and will determine the need for the ground water sampling.

Upon receipt of written approval from the NYCDEP of the scope of work, the sampling program will be implemented. No site investigation work will be initiated without at Site Health and Safety Plan also approved by the NYCDEP.

The (E) designations for air quality will be placed on one projected site. The site is located on the following parcel:

Block 4762, Lots 92, 95, 98, and 102

The text of the (E) designation for air quality for the above properties is as follows:
Any new residential and/or commercial development on the above-referenced properties must use natural gas as the type of fuel for space heating and hot water (HVAC) systems.

The boiler analysis for all other development sites showed no potential for impacts since there are no buildings within the minimum allowable distance from each of their boiler stacks.

With the placement of the (E) designations on the above block and lots, no impacts related to stationary source air quality would be expected.

The (E) designations for noise will be placed on one projected and one potential development site. The (E) designations will be mapped on the following parcel:

Block 4564, Lot 75 - Block 4564, Lot 68

The text of the (E) designation for noise for the above properties is as follows:

In order to ensure an acceptable interior noise environment, future residential/commercial uses must provide a closed window condition with a minimum of 40 dB(A) window/wall attenuation in order to maintain an interior noise level of 45 dB(A). In order to maintain a closed-window condition, an alternate means of ventilation must also be provided. Alternate means of ventilation includes, but is not limited to, central air conditioning or air conditioning sleeves containing air conditioners or HUD-approved fans. With the placement of the (E) designations for noise on Block 4564, Lots 68 and 75, no impacts related to noise are expected.

Statement of No Significant Effect:
The Environmental Assessment and Review Division of the Department of City Planning, on behalf of the City Planning Commission, has completed its technical review of the Environmental Assessment Statement dated February 10, 2005, prepared in connection with the ULURP Application (050289 ZMX). The City Planning Commission has determined that the proposed action will have no significant effect on the quality of the environment.

Supporting Statement:
The above determination is based on an environmental assessment which finds that no significant effects on the environment which would require an Environmental Impact Statement are foreseeable.

READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council**, 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists--free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

The Citywide Statement of Needs for Fiscal Years 2006 and 2007 is the latest in the series of annual reports required under Section 204 of the City Charter. Along with the criteria for the location for City Facilities (The Fair Share Criteria), the Statement of Needs is part of a planning process in which communities are informed at the earliest possible stage of the city's needs for facilities and the specific criteria for selecting the locations of those facilities.

The Charter requires that the Citywide Statement of Needs identify by agency and program all new facilities the city plans to site and all existing facilities the city plans to close or to expand or reduce significantly in size or capacity for service delivery during the next two fiscal years. Significant expansions and reductions are defined as the addition or discontinuance of the use of real property, which would expand or reduce the size or capacity of a facility by 25 percent or more.

DEVELOP TRANSITIONAL RESIDENCE FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – Competitive Sealed Proposals – Judgment required in evaluating proposals - PIN# 071-00S-003-262 – DUE 01-03-06 AT 5:00 P.M. – The Department of Homeless Services is soliciting proposals from organizations interested in developing and operating transitional residences for homeless adults and families including the Neighborhood Based Cluster Residence and drop-in centers for adults. This is an open-ended solicitation; there is no due date for submission. Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-forth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the transitional residence contracts will range from 3 to 20 years including renewal options and depending on the financial terms and conditions.

Pursuant to Section 312 (c) (1) (ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgment is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03 (c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences in order to address the need to create additional shelter capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated as a for-profit entity; 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed Standalone facility location(s); and 3) must demonstrate an intent to enter into lease agreements with the owner(s) or management designee(s) for each property.

Any organization that believes it can provide these services may contact: John Iaffaldano, Associate Staff Analyst, Office of Contracts and Procurement at the Department of Homeless Services at (212) 361-8435, 33 Beaver Street, 13th Floor, NY, NY 10004, to request a copy of the RFP application, which is available for pick-up Monday through Friday on business days between the hours of 9:00 a.m. to 5:00 p.m.

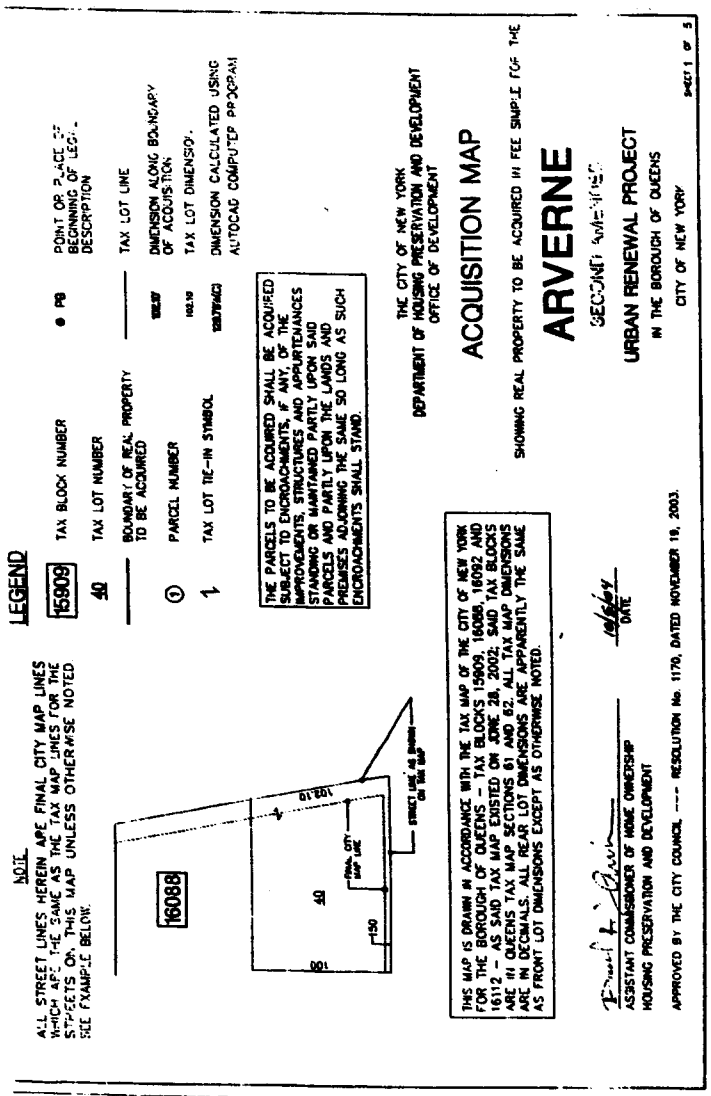
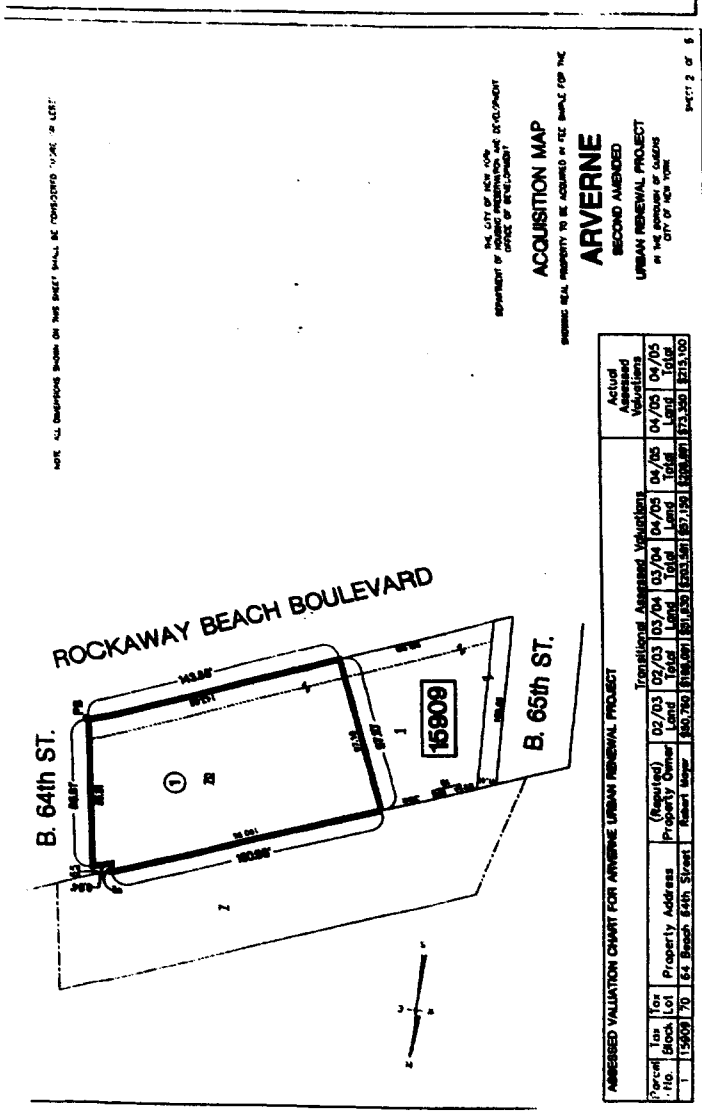
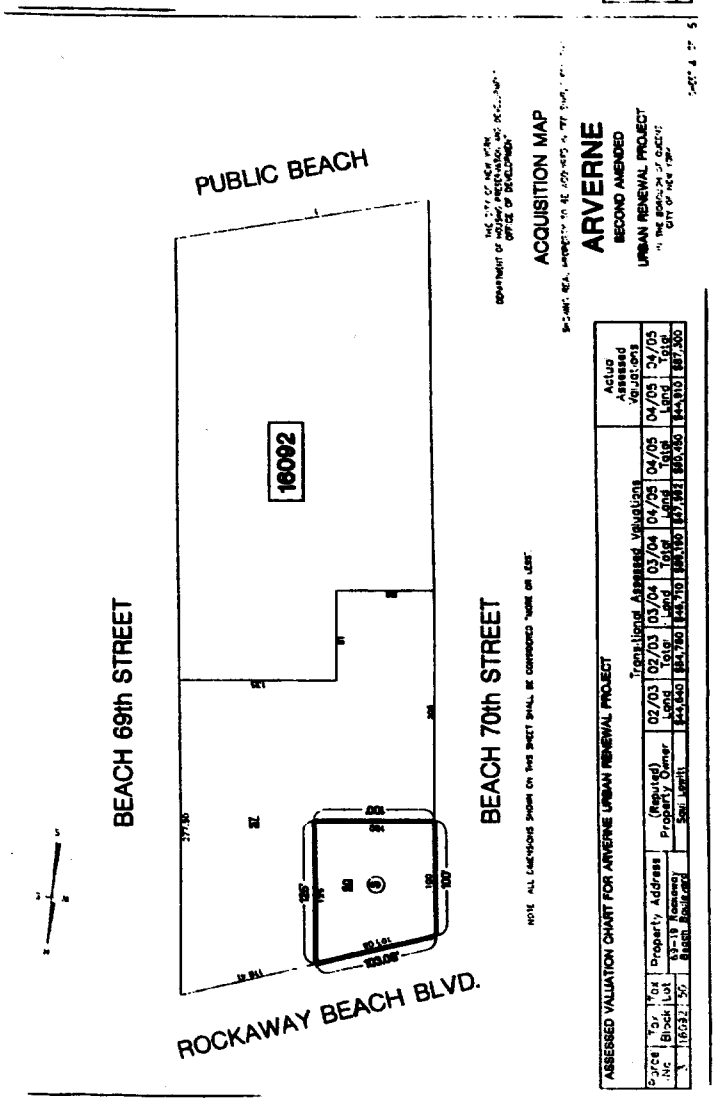
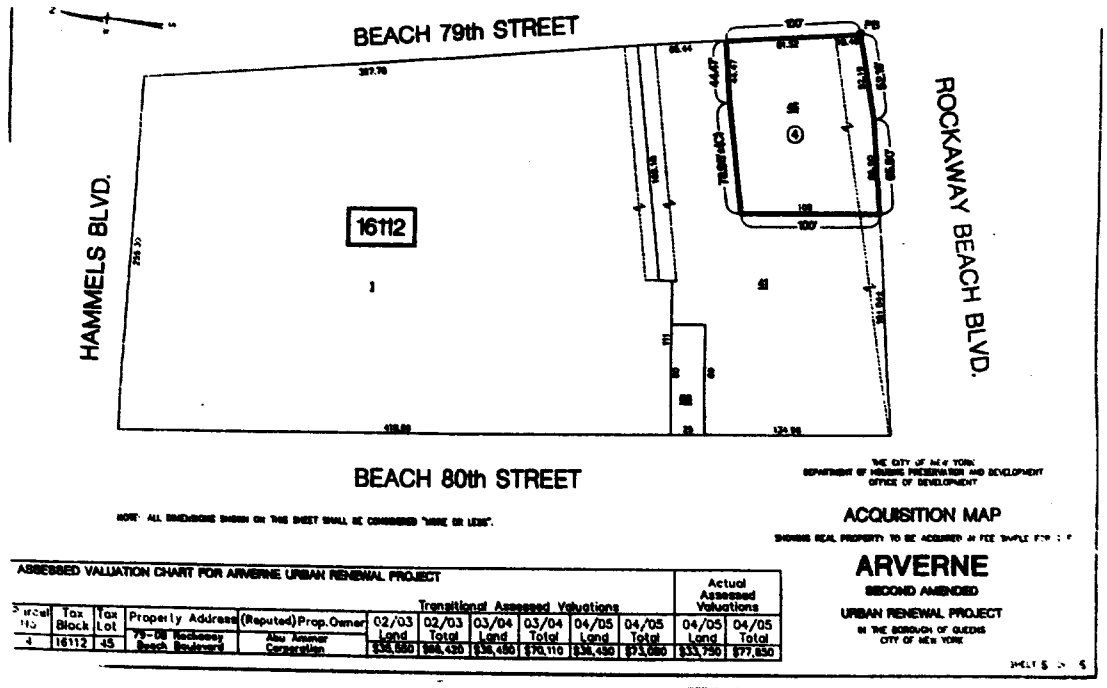
COURT NOTICE MAPS FOR ARVERNE SECOND AMENDED URBAN RENEWAL PROJECT









READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council**, 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists–free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are conducted on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

The Citywide Statement of Needs for Fiscal Years 2006 and 2007 is the latest in the series of annual reports required under Section 204 of the City Charter. Along with the criteria for the location for City Facilities (The Fair Share Criteria), the Statement of Needs is part of a planning process in which communities are informed at the earliest possible stage of the city's needs for facilities and the specific criteria for selecting the locations of those facilities.

The Charter requires that the Citywide Statement of Needs identify by agency and program all new facilities the city plans to site and all existing facilities the city plans to close or to expand or reduce significantly in size or capacity for service delivery during the next two fiscal years. Significant expansions and reductions are defined as the addition or discontinuance of the use of real property, which would expand or reduce the size or capacity of a facility by 25 percent or more.

DEVELOP TRANSITIONAL RESIDENCE FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – Competitive Sealed Proposals – Judgment required in evaluating proposals - PIN# 071-00S-003-262 – DUE 01-03-06 AT 5:00 P.M. – The Department of Homeless Services is soliciting proposals from organizations interested in developing and operating transitional residences for homeless adults and families including the Neighborhood Based Cluster Residence and drop-in centers for adults. This is an open-ended solicitation; there is no due date for submission. Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-forth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the transitional residence contracts will range from 3 to 20 years including renewal options and depending on the financial terms and conditions.

Pursuant to Section 312 (c) (1) (ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgment is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03 (c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences in order to address the need to create additional shelter capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated as a for-profit entity; 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed Standalone facility location(s); and 3) must demonstrate an intent to enter into lease agreements with the owner(s) or management designee(s) for each property.

Any organization that believes it can provide these services may contact: John Iaffaldano, Associate Staff Analyst, Office of Contracts and Procurement at the Department of Homeless Services at (212) 361-8435, 33 Beaver Street, 13th Floor, NY, NY 10004, to request a copy of the RFP application, which is available for pick-up Monday through Friday on business days between the hours of 9:00 a.m. to 5:00 p.m.

RULE

Section 1. Chapter 4 of Title 6 of the Rules of the City of New York is amended by adding a new subchapter I to read as follows:

SUBCHAPTER I

LIST OF ALL POPULATIONS OF ENDANGERED OR THREATENED SPECIES

§4-120 Definitions. (a) Terms used in this subchapter shall have the meanings specified in §20-698 of the New York City Administrative Code.
(b) Whenever used in this subchapter, the term:
(1) "All populations" means every member of the species identified as an endangered or threatened species wherever such members are found.
(2) "Endangered or threatened species list" or "list" means the information published by the commissioner on the department's website that references endangered or threatened species and that specifically identifies which of such species includes all populations.
§4-121 Publication of endangered or threatened species list. (a) The commissioner shall publish the endangered or threatened species list by April 1, 2005 and annually thereafter on the same date or on the first business day thereafter on the website of the department. Such list shall be published in English and in Chinese.
(b) The endangered or threatened species list shall:
(1) include a description of the contents of, and a link to, the website of the New York Department of Environmental Conservation that identifies all endangered or threatened species; and
(2) identify by common name such of the endangered or threatened species that includes all populations.
4-122 Selection of species including all populations. The commissioner shall, prior to the publication of the endangered or threatened species list, determine which of the threatened and endangered species includes all populations, and shall identify such species by common name in the endangered or threatened species list.
§4-123 Identification of prohibited products. (a) Any product that is labeled, advertised or described as containing any part or ingredient derived from a species identified as including all populations in the endangered or threatened species list shall be subject to the prohibitions specified in §20-699 of the New York Administrative Code.
(b) Any member, or any part derived from a member of an endangered or threatened species identified by the common or scientific name that is listed on the website of the New York State Department of Conservation, which will be linked to the website of the department, shall be subject to the prohibitions specified in § 20-699 of the New York City Administrative Code.

STATEMENT OF BASIS AND PURPOSE

Local Law No. 55 for the Year 2004 added a new subchapter 12 entitled "Endangered or Threatened Species" to Chapter 4 of Title 20 of the New York City Administrative Code. This subchapter prohibits the sale of or offering to sell, or the purchase of, any item labeled or advertised to contain ingredients derived from an endangered species or of any species that is so advertised or labeled. For the purpose of ensuring compliance, the law also requires that the Commissioner publish on the Department's website by April 1, 2005 a list containing guidance regarding the identification of species or subspecies declared endangered or threatened under New York law, and to separately specify all populations of such species that are designated as threatened or endangered pursuant to New York law.
The species that are designated as threatened or endangered under New York law are identified in 6 NYCRR Part 182. This regulation adopts by reference wildlife that is identified in Parts 17 and 23 of Title 50 of the Code of Federal Regulations as endangered or threatened and identifies additional species that have been designated as endangered or threatened pursuant to the provisions of section 11-0535 of the New York Environmental Conservation Law. Not all populations of such species are, however, threatened or endangered wherever found, or there are exceptions or special circumstances under which listed species or ingredients derived from such species could be lawfully sold.To effectuate the web publication requirement of Local Law 55 of 2004, the proposed rule would require that the Commissioner include on its website an explanation of and a link to the New York State Department of Environmental Conservation website that identifies species designated as threatened or endangered pursuant to New York law. The proposed rule would also provide that the Commissioner shall, before April 1, 2005 and annually thereafter, identify by common name on its website such of the endangered or threatened species that includes all populations. Finally, the proposed rule specifies that any such named species, or items containing ingredients derived for such species, will be subject to the prohibitions specified in § 20-699 of the Administrative Code.

The proposed rule provides that the Commissioner will select and identify which of the threatened and endangered species includes all populations, prior to the publication of the endangered or threatened species list to be included on the department's website. The proposed rule will effectuate and implement the requirement that these species be clearly identified and the information widely disseminated in English and Chinese, and will help ensure compliance with the prohibitions on the sale or purchase of such species or items containing ingredients derived from them as specified in §20-699 of the New York Administrative Code.

The Union recognizes the Employer's right under the New York City Collective Bargaining Law to establish and/or revise performance standards or norms notwithstanding the existence of prior performance levels, norms or standards. Such standards, developed by usual work measurement procedures, may be used to determine acceptable performance levels, to prepare work schedules and to measure the performance of each Employee or group of Employees. Notwithstanding the above, questions concerning the practical impact that decisions on the above matters have on employees are within the scope of collective bargaining. Section 3.
As a condition to the right of the Union to invoke impartial arbitration set forth in this Article, including the arbitration of a grievance involving a claimed improper holding of an open-competitive rather than a promotional examination, the Employee or Employees and the Union shall be required to file with the Director of the Office of Collective Bargaining a written waiver of the right, if any, of such Employee(s) and the Union to submit the underlying dispute to any other administrative or judicial tribunal except for the purpose of enforcing the arbitrator's award.

An appeal from a determination of the Commissioner of Labor Relations may be taken to arbitration under procedures, if any, applicable to the non-Mayoral agency involved.

Section 11.
The grievance and the arbitration procedure contained in this Agreement shall be the exclusive remedy for the resolution of disputes defined as "grievances" herein. This shall not be interpreted to preclude either party from enforcing the arbitrator's award in court. This Section shall not be construed in any manner to limit the statutory rights and obligations of the Employer under Article XIV of the Civil Service Law.

Section 12. Expedited Arbitration Procedure.
a. The parties agree that there is a need for an expedited arbitration process which would allow for the prompt adjudication of grievances as set forth below.
b. The following rules shall govern the eligibility of Employees for the longevity increments provided for in Article III, Section 8 of the 2002 - 2005 Chaplains Agreement:

1. Only service in pay status shall be used to calculate the 15 years of service, except that for other than full time per annum Employees only a continuous year of service in pay status shall be used to calculate the 15 years of service. A continuous year of service shall be a full year of service without a break of more than 31 days. Where the regular and customary work year for a title is less than a twelve month year, such as a school year, such regular and customary year shall be credited as a continuous year of service counting towards the 15 years of service. If the normal work year for an employee is less than the regular and customary work year for the Employee's title, it shall be counted as a continuous year of service if the Employee has customarily worked that length work year and the applicable agency verifies that information.

2. Service in pay status prior to any breaks in service of more than one year shall not be used to calculate the 15 years of service. Where an employee has less than seven years of continuous service in pay status, breaks in service of less than one year shall be aggregated. Where breaks in service aggregate to more than one year they shall be treated as a break in service of more than one year and the service prior to such breaks and the aggregated breaks shall not be used to calculate the 15 years of service. No break used to disqualify service shall be used more than once.

3. The following time in which an Employee is not in pay status shall not constitute a break in service as specified in paragraph 2 above:

   a. Time on a leave approved by the proper authority which is consistent with the **Rules and Regulations of the New York City Personnel Director** or the appropriate personnel authority of a covered organization.
   b. Time prior to a reinstatement.
   c. Time on a preferred list pursuant to **Civil Service Law Sections 80 and 81** or any similar contractual provision.
   d. Time not in pay status of 31 days or less.

Notwithstanding the above, such time as specified in subsections a, b and c above shall not be used to calculate the 15 years of service.

4. Once an Employee has completed the 15 years of

"City" service in pay status and is eligible to receive the $800 longevity increment, the $800 shall become part of the Employee's base rate for all purposes except as provided in paragraph 5 below.

5. The $800 longevity increment shall not become pensionable until fifteen months after the Employee begins to receive such $800 increment. Fifteen months after the employee begins to receive the $800 longevity increment, such $800 longevity increment shall become pensionable and as part of the employee's base rate, the $800 longevity increment shall be subject to the general increases provided in Article III, Section 3a of this Agreement.

Appendix B

The following rules shall govern the eligibility of Employees for the Recurring Increment Payment ("RIP") provided for in Article III, Section 9 of the 2002 - 2005 **CHAPLAINS** Agreement.

1. Only service in pay status shall be used to calculate the qualifying years of service. A continuous year of service shall be a full year of service without a break of more than 31 days. Where the regular and customary work year for a title is less than a twelve-month year, such as a school year, such regular and customary year shall be credited as a continuous year of service counting towards the qualifying years of service. If the normal work year for an Employee is less than the regular and customary work year for the employee's title, it shall be counted as a continuous year of service if the employee has customarily worked that length work year and the applicable agency verifies that information.

2. Part-time Employees shall be ineligible to receive RIPs, but prior part-time service shall be credited to full-time Employees on a pro rata basis, provided all other terms and conditions set forth herein are met.

   a. An employee must have regularly worked at least one half the regular hours of full time Employees in the same title or if no full-time equivalent title exists then at least 17 1/2 hours for white collar positions or 20 hours for blue collar positions.

   b. Such part time service shall be prorated by dividing the number of hours worked per week by a part-time Employee by the number of hours worked per week by a full-time Employee in the same title. If no full-time equivalent title exists then the divisor shall be 35 hours for white collar positions or 40 hours for blue collar positions.

3. Service in pay status prior to a break in service of more than one year shall not be used to calculate the qualifying years of service.

4. The following time in which an Employee is not in pay status shall not constitute a break in service, but such time shall not be used to calculate the qualifying years of service:

   a. time on a leave approved by the proper authority which is consistent with the Personnel Rules and Regulations of the City of New York or the appropriate personnel authority of a covered organization,
   b. time prior to a reinstatement,
   c. time on a preferred or recall list, and
   d. time not in pay status of 31 days or less.

5. RIPs shall be considered a salary adjustment for the purposes of Article III, Section 1 (d) of this Agreement and the maximum salary of an eligible title shall not constitute a bar to the payment thereof.

6. Once an Employee has qualified for a REP and is receiving it, the RIP shall become part of the Employee's base rate and included in calculating all salary based payments, except as provided in paragraph 7 below. Any future negotiated general increases shall be applied to RIPs.

7. A RIP shall not become pensionable until two years after the Employee begins to receive such RIP.

Appendix C

As set forth in Section 5 of the *2002 District Council 37 Memorandum of Economic Agreement*, (*"2002 DC 37 MEA"*) the parties agree to establish the "Joint Labor Management Committee on Productivity Initiatives" (*"Committee"*).

Composition of the Committee
The Committee shall comprise representatives designated by: the Deputy Mayor for Operations, the Law Department, the Office of Labor Relations, the Office of Management and Budget, the Office of Operations, and District Council 37.

Goals and Objectives
The Committee shall work to identify efficiencies in the administration and delivery of governmental services which shall in turn be utilized to provide additional compensation to employees. This agreement expresses the joint labor and management commitment to associate improved City service and performance with appropriate compensation for the workforce.

The goal of the Committee's work shall be to identify, review, recommend and develop initiatives that generate workplace savings, maximize the potential of the City workforce and ensure the provision of essential services while at the same time improving compensation for the City workforce. To that end, the parties will seek to identify quantifiable savings while at the same time maintaining or improving City services.

The Committee shall make all reasonable efforts to issue a report or reports on or about October 1, 2004 which propose initiatives representing meaningful, quantifiable, recurring savings to the City and which generate funding to be utilized to compensate employees. Upon completion and acceptance of all committee members of the report, an additional one percent (1%) increase shall be paid to employees covered by this agreement.

The parties agree to meet and negotiate the application of any additional savings above 1% generated by the programs developed by the Committee.

Areas for Consideration
The Committee's study may encompass such matters, including, but not limited to, absence control, contracting in, workers compensation and other efficiencies.

1. Sick leave usage. The Committee will seek to design a program to examine baseline data as to sick leave usage as a benchmark for comparison. The goal will be to reduce employee sick leave usage on an ongoing basis as a productivity enhancement.

2. Contracting-in. The Committee shall identify areas wherein City services are now being outsourced with the goal of providing those services by City employees with a cost savings to the City.

3. Workers Compensation Cost Containment Task Force. The Committee shall create a special task force, requesting such assistance of cost containment experts as necessary, with the goal of developing reforms that emphasize effective treatments and speed the return to work; that explore the manner in which treatment services are provided; that set specific standards of evaluation and treatment; and that serve to root out fraudulent claims.

4. Such other areas as the Committee may mutually agree.

Implementation of Savings
The initiatives and programs developed pursuant to this Committee must be unanimously agreed upon. In the event there is a dispute as to the amount of savings generated by an initiative or the implementation of a program, or the savings generated by a program are not paid pursuant to this agreement, a party may file for final and binding arbitration pursuant to Section 12(a) of the *2002 DC 37 MEA*.

Appendix D

For those employees hired between July 15, 1996 through March 31, 2000, upon completion of four (4) years of active or qualified inactive service, an employee in active pay status appointed pursuant to the provisions set forth in Section 5(b) of the 1995 MCMEA shall receive a one-time lump sum payment calculated by taking the difference between the "hiring rate" received by the employee and the indicated minimum for the applicable title set forth in the applicable *Successor Separate Unit Agreement* that was in effect on the one year anniversary of the employee's original date of appointment to their title. Such one-time lump sum payment shall be equivalent to the difference between the annual salary rate the employee would have actually earned during the employee's second year of service had the higher salary rate been in effect and the annual salary rate they did earn.

"Qualified inactive service" is defined for the purposes of this agreement to include the following employees:

1. those who are on preferred or recall lists; or
2. those who are on an approved leave.

"Approved leave" is further defined to include:

READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council**, 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists--free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

The Citywide Statement of Needs for Fiscal Years 2006 and 2007 is the latest in the series of annual reports required under Section 204 of the City Charter. Along with the criteria for the location for City Facilities (The Fair Share Criteria), the Statement of Needs is part of a planning process in which communities are informed at the earliest possible stage of the city's needs for facilities and the specific criteria for selecting the locations of those facilities.

The Charter requires that the Citywide Statement of Needs identify by agency and program all new facilities the city plans to site and all existing facilities the city plans to close or to expand or reduce significantly in size or capacity for service delivery during the next two fiscal years. Significant expansions and reductions are defined as the addition or discontinuance of the use of real property, which would expand or reduce the size or capacity of a facility by 25 percent or more.

DEVELOP TRANSITIONAL RESIDENCE FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – Competitive Sealed Proposals – Judgment required in evaluating proposals -
PIN# 071-00S-003-262 – DUE 01-03-06 AT 5:00 P.M. – The Department of Homeless Services is soliciting proposals from organizations interested in developing and operating transitional residences for homeless adults and families including the Neighborhood Based Cluster Residence and drop-in centers for adults. This is an open-ended solicitation; there is no due date for submission. Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-forth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the transitional residence contracts will range from 3 to 20 years including renewal options and depending on the financial terms and conditions.

Pursuant to Section 312 (c) (1) (ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgment is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03 (c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences in order to address the need to create additional shelter capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated as a for-profit entity; 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed Standalone facility location(s); and 3) must demonstrate an intent to enter into lease agreements with the owner(s) or management designee(s) for each property.

Any organization that believes it can provide these services may contact: John Iaffaldano, Associate Staff Analyst, Office of Contracts and Procurement at the Department of Homeless Services at (212) 361-8435, 33 Beaver Street, 13th Floor, NY, NY 10004, to request a copy of the RFP application, which is available for pick-up Monday through Friday on business days between the hours of 9:00 a.m. to 5:00 p.m.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/ blueprints; other information; and for opening and reading of bids at date and time specified above.

(vi) Non-compliance with this section shall not be grounds to invalidate a contract.

(2) "Open Ended" RFPs. For a client services program in which there is available funding for more than the available responsible vendors, and for which the requirements and qualifications are unusually complex and difficult to predict (such as Uniform Land Use Review Procedures approvals of appropriate sites, licenses, etc.) and for which interested potential vendors may become qualified during the course of a year, the ACCO may designate the applicable RFP as an "open-ended RFP." If an RFP is so designated, the agency shall publish in the City Record quarterly a notice of solicitation, clearly stating that the RFP may be obtained at any time and that proposals may be submitted in response to the RFP on an on-going basis. When an agency decides to terminate the open-ended RFP, it shall publish such determination in the City Record.

NOTICE OF OPPORTUNITY TO COMMENT ON PROPOSED RULE AMENDMENT

The Procurement Policy Board (PPB) intends to promulgate amendments to **All Applicable Sections** of its Rules pursuant to Section 311 of the New York City Charter.

Basis and Purpose of the Amendment
The proposed amendment replaces "Supplier" with "Vendor" throughout the Rules.

How to Comment
A public hearing will be held on Tuesday March 29, 2005 at 12:00 p.m. at the Mayor's Office of Contracts, 253 Broadway, 9th Floor, New York City. In lieu of testimony, written comments may be sent to Brendan J. Sexton, Chair, Procurement Policy Board, 253 Broadway, 9th Floor, New York, N.Y., 10007. *To be considered, comments must be received by March 29, 2005.*

The Amended Rule
In the amendment, which immediately follows this notice, new material is underlined and deletions are bracketed.

Brendan J. Sexton, Chair

Section 1. The definition of "Supplier" set forth in subdivision (e) of section 1-01 of Title 9 of the Rules of the City of New York is amended, a new definition of "Vendor" is added, and the following definitions are amended to read as follows:

Best and Final Offers. The revised and corrected final proposals submitted by **[suppliers] vendors** after discussions and negotiations have been held by the procuring agency.

*****

Bidder. Any **[supplier] vendor** submitting a competitive bid in response to a solicitation.

Bidders/Proposers List. A list maintained for the purposes of setting out the names and addresses of **[suppliers] vendors** from whom bids and proposals can be solicited.

*****

Buy-Against. The process by which, as part of contract administration, an agency obtains goods and services to fulfill its requirements after a **[supplier] vendor** defaults or fails to fulfill its contract responsibilities.

*****

Competitive Sealed Proposals. The source selection method in which a solicitation is made to potential **[suppliers] vendors**, and between receipt of proposals and award, discussions with **[suppliers] vendors** may take place to resolve uncertainties in the proposal, advise **[suppliers] vendors** of deficiencies in meeting the agency's requirements, allow for resulting price changes, etc.

Completion Contracts. Contracts entered into by an agency with a **[supplier] vendor** for completion of all or part of the work of a construction contract. Completion contracts shall not be considered new procurements.

Construction Management Contract. A form of construction contract that provides that the **[supplier] vendor** is to furnish management and supervisory services necessary for the construction of facilities that may also include construction services and the ability to award the underlying construction contracts.

*****

Contract. A written agreement between the City and a **[supplier] vendor** in an amount generally in excess of the small purchase limits that gives rise to obligations that are enforced and recognized by law.

*****

Cost Analysis. The process of examining the reasonableness of a **[supplier's] vendor's** price by evaluation of the separate cost elements and proposed profit in part on the basis of cost data supplied and certified by the **[supplier] vendor**. Cost analysis is used on contract actions (including change orders) where price cannot be determined as fair and reasonable by using price analysis alone.

*****

Debarment. Exclusion for cause of a **[supplier] vendor** from consideration for future business for a specified period of time as determined by OATH.

*****

Discussion. The process that enhances understanding of the City's requirements in conjunction with the **[supplier's] vendor's** proposals and capabilities to arrive at the best price prior to Best and Final Offers in a Competitive Sealed Proposal method of procurement.

*****

Grant. A cash transfer made by a government entity to another government entity, a quasi-public entity, a private organization, or an individual, for use by the recipient in accomplishing objectives established by the recipient. A grant is permissible only to accomplish a public purpose authorized by federal, state, or City law. A grant may be conditional, although awarded without other consideration. Federal and state grants are identified specifically by formula or specific allocations in law or in the annual operating budget act, bond authorizations, or other acts of Congress or the state legislature. Grants can be distinguished from procurement contracts, which call for the **[supplier] vendor** to produce specific end products or to deliver specific goods or services. While there are requirements under a grant that result in an executed agreement between the grantor and grantee, this

document is not a contract for services.

*****

Improper Conduct. Includes but is not limited to intentional or grossly negligent billing irregularities, submitting false or frivolous or exaggerated claims, the falsification of documents or records, the willful destruction of documents or records the **[supplier] vendor** had an obligation to maintain, bribery, use of false deceptive statements to obtain some benefit, causing competition to be restrained or limited, misrepresentation, falsely claiming to be a minority or small business, violations of ethical standards established by the New York City Conflicts of Interest Board or the Procurement Policy Board, and other dishonesty incident to obtaining, prequalifying for, or performing any contract or modification thereof.

*****

Multi-Step Sealed Bidding. Source selection method involving two competitive steps. In the first step, **[suppliers] vendors** submit a technical proposal for furnishing the goods or service described in the solicitation. The solicitation may or may not require submission of a sample as part of the technical proposal. In the second step, the agency evaluates the proposals. If price bids were solicited with the technical proposals, the agency evaluates the bids of those technical proposals deemed acceptable. If price bids were not solicited with technical proposals (or if based on discussions with **[suppliers] vendors**, technical proposals are revised), price bids are solicited from those **[suppliers] vendors** who submitted acceptable technical proposals. In either case, award shall be made, if at all, to the lowest responsive and responsible bidder.

*****

Notice of Award. Process of notifying successful **[suppliers] vendors** of an intended contract award.

*****

Prequalification. The screening of potential **[suppliers] vendors** in which a purchaser may consider factors such as financial capability, reputation, and management in order to develop a list of prospective **[suppliers] vendors** qualified to be sent invitations to bid or requests for proposals.

*****

Proposal Evaluation Criteria. Factors, usually weighted, relating to management capability, technical capability, manner of meeting performance requirements, price, and other important considerations used to evaluate which **[supplier] vendor** in a competitive negotiation has made the most advantageous offer.

*****

Purchase Order. An official document of the City directing the **[supplier] vendor** to perform. A purchase order formalizes a purchase transaction with a **[supplier] vendor** for purchases generally at or below the small purchase limits unless the purchase order is placed against an existing contract.

Registration. The process through which the Comptroller (1) encumbers funds to insure that monies are available to pay **[suppliers] vendors** upon the satisfactory completion of contract work; (2) maintains a registry of City contracts and agreements; (3) presents objections if, in the Comptroller's judgment, there is sufficient reason to believe that there is possible corruption in the letting of the contract or that the proposed contractor is involved in corrupt activity, and (4) tracks City expenditures and revenues associated with those contracts and agreements.

Responsible Bidder or Proposer. A **[supplier] vendor** who has the capability in all respects to perform in full the contract requirements, and the business integrity and reliability that will assure good faith performance.

Responsive Bidder or Proposer. A **[supplier] vendor** whose bid or proposal conforms to the terms set out by the City in the solicitation.

*****

Service Contract. A contract that calls for a **[supplier's] vendor's** time and effort rather than for delivery of goods and construction. The term as defined here does not include employment agreements or collective bargaining agreements.

Services. The furnishing of labor, time, or effort by a **[supplier] vendor**. This term shall not include employment agreements or collective bargaining agreements.

*****

Solicitation. The process of notifying prospective **[suppliers] vendors** that a governmental body wishes to receive bids or proposals for furnishing goods, services, or construction. The process may consist of public advertising, mailing invitations for bids or requests for proposals, posting notices, telephone or facsimile messages to prospective **[suppliers] vendors**, or all of these.

*****

Specification. A description of what the purchaser seeks to buy and, subsequently, what a **[supplier] vendor** must be responsive to in order to be considered for award of a contract. A specification may be a description of the physical or functional characteristics, or the nature of a good, service, or construction. It may include a description of any requirements for inspecting, testing, or preparing a good, service, or construction item for delivery; also Purchase Description.

*****

[Supplier. An actual or potential contractor.]

Suspension. An agency decision to exclude a **[supplier] vendor** from consideration for award of contracts for a period not exceeding three months plus any extensions pending a debarment determination by OATH.

*****

Vendor. An actual or potential contractor.

*****

(2) After registration. If, after registration, it is determined that a procurement is in violation of these Rules:

(i) if the selected **[supplier] vendor** has not acted fraudulently or in bad faith:

(A) the minor Rules violation may be ratified and the procurement affirmed, provided it is determined by the ACCO and approved by the CCPO that doing so is in the best interests of the City; such determination and approval shall include the justification(s) therefore, or

(B) the procurement may be terminated by the ACCO and the selected **[supplier] vendor** shall be compensated in accordance with applicable law or contract terms.

(ii) if the selected **[supplier] vendor** has acted fraudulently or in bad faith:

(A) the procurement may be declared null and void by the ACCO who shall retain the option to exercise the City's rights to suspend or debar the **[supplier] vendor** and to recover all payments made for such a procurement even when the City retains the goods, services, or construction provided by the **[supplier] vendor**; in such event the **[supplier's] vendor's** name shall be entered as a caution in the VENDEX database, or

(B) the minor Rules violation may be ratified and the procurement affirmed, provided it is determined by the ACCO and approved by the CCPO that doing so is in the best interests of the City, including the reasons therefore. Such ratification shall not prejudice the City's rights to damages as may be appropriate.

Section 3. Paragraph 3 of subdivision (h) of section 1-02 of Title 9 of the Rules of the City of New York is amended to read as follows:

(3) Public Notice. Notice of the ratification of a minor Rules violation shall be published at least once in the City Record within ten days after the CCPO's determination. Section 4. Subparagraphs (iii) and (iv) of paragraph (1) of subdivision (a) of section 1-03 of Title 9 of the Rules of the City of New York are amended to read as follows:

(iii) ensure fair competitive access to City procurement opportunities to a broad cross-section of responsible **[suppliers] vendors**;

Section 5. Paragraph 2 of subdivision (a) of section 1-03 of Title 9 of the Rules of the City of New York is amended to read as follows:

(2) In soliciting, awarding, or administering a procurement, under no circumstances may an agency or an official take into consideration the fact that a **[supplier] vendor** or associated individual(s) has or has not made or promised to make a campaign contribution.

Section 6. Paragraph 3 of subdivision (a) of section 1-03 of Title 9 of the Rules of the City of New York is amended to read as follows:

(3) **[Suppliers] Vendors** and their representatives have a responsibility to deal ethically with the City and its employees, and to respect the ethical duties of City employees. Information provided by **[suppliers] vendors** to the City must be complete and accurate. **[Suppliers] Vendors** must at all times avoid conduct that is in restraint of competition. **[Suppliers] Vendors** must not request City employees to engage in conduct that would violate the law, these Rules, or the principles set forth in this section.

Section 7. Subdivisions (a), (b) and (e) of section 1-04 of Title 9 of the Rules of the City of New York are amended to read as follows:

(a) Agency contract files. The Mayor shall ensure that copies of City contracts and other standard information regarding City contracts and **[suppliers] vendors** (including information relating to the **[supplier's] vendor's** qualification and performance evaluations, contract audits, and decisions regarding suspension and debarment) are reasonably available for public inspection as provided by law, with adequate protection for confidential information. Each agency shall maintain files that contain all documentation pertaining to the solicitation, award, and management of each of its contracts, purchase orders, amendments, renewals and change orders including, but not limited to, a written copy of each report, record, justification, approval, determination, or filing that is required to be made by law or these Rules.

(b) Electronic Documents and Signatures. To the extent permissible under applicable law and these Rules, agencies may store the contents of agency contract files electronically, and may use and may allow **[suppliers] vendors** to use, electronic documents and signatures in the course of procurements. Any system used for storage of procurement-related documents in electronic form must be such as to provide for the security and integrity of the documents contained in it to an equal or greater degree than a traditional hard copy filing system.

(e) Central Contract Registry. Information on contracts and **[suppliers] vendors**, maintained in databases established pursuant to the Administrative Code of the City of New York (the FMS and VENDEX databases), shall be made available, on-line, in read-only format, in accordance with Section 1064 of the Charter and these Rules, to both government officers and employees and members of the public. Requests for contract information not contained in these databases, other than requests made pursuant to these Rules, shall be made to the ACCO pursuant to Article 6 of the Public Officers Law (the Freedom of Information Law). All information contained in the FMS and VENDEX databases is subject to subdivision 2 of Section 87 of the Public Officers Law.

Section 8. Section 2-03 of Title 9 of the Rules of the City of New York is amended to read as follows:

§2-03 Cost Reimbursement Contracts.

A cost reimbursement contract shall be used only when the ACCO determines that it will be less costly to the City than any other type or that it is otherwise in the best interests of the City to obtain the required goods, services, or construction by using such a contract, and that the proposed **[supplier's] vendor's** accounting system is adequate to allocate costs in accordance with generally accepted government accounting principles and will permit timely development of all necessary cost data in the format required. In addition, whenever a cost-plus-percentage-of-cost contract is used, it shall specify the maximum allowable expenditure.

Section 9. Subparagraphs (ii), (iii) and (iv) of paragraph (2) of subdivision (f) of section 2-04 of Title 9 of the Rules of the City of New York are amended to read as follows:

(ii) contracts in programs in which there is a requirement for the **[supplier] vendor** to establish linkages with other **[suppliers] vendors** in the locality, in order to provide effective service to the clients;

(iii) contracts in programs where the population to be served is fragile and/or difficult to serve and the well-being of the clients would be jeopardized by potentially frequent change in the **[supplier] vendor**;

(iv) contracts in programs where the development and continuity of a personal, supportive, or therapeutic relationship between the caregiver and the affected client(s) is an integral requirement of the support service or treatment being provided, and the support service or treatment would be impaired by the severance of that relationship as a result of change of **[suppliers] vendors**; and

Section 10. Subparagraph (i) of paragraph (3) of subdivision (f) of section 2-04 of Title 9 of the Rules of the City of New York is amended to read as follows:

(i) contracts in programs where the treatment modality includes a long-term therapeutic relationship between the client and the caregiver as an integral part of the treatment program, and the treatment or service would be jeopardized by the severance of that relationship as a result of change of **[suppliers] vendors**;

Section 11. Paragraphs (2) and (4) of subdivision (a), subdivision (b) and paragraph (2) of subdivision (c) of section 2-05 of Title 9 of the Rules of the City of New York are amended to read as follows:

(4) to the extent practicable, utilize accepted commercial standards, and limit unique requirements that would tend to favor a **[supplier] vendor** or a **[supplier's] vendor's** goods, service, or construction.

(b) Authority to Contract for Drafting of Specifications. The drafting of specifications shall be contracted-out only upon a determination by the ACCO that it is in the best interest of the City to do so. In such event, the selected **[supplier] vendor** shall be advised that its participation in response to that solicitation, whether as a contractor or a subcontractor, shall not be allowed, unless, after reviewing the specifications, the ACCO determines, with CCPO approval, that the specifications do not favor the selected **[supplier] vendor** or such **[supplier's] vendor's** good, service, or construction, and it is in the City's best interest to allow such participation and the basis thereof.

(c) (2) Acceptable Brands Lists. DCAS is solely responsible for the promulgation, modification, or revocation of acceptable brands lists, and has final authority for accepting for inclusion any brand on such lists. All agencies must rely, where practicable, on a DCAS acceptable brands list in specifying goods to meet their continuing requirements. Acceptable brands lists shall be reviewed at least every two years and **[suppliers] vendors** may apply for inclusion at any time. DCAS shall approve or deny a **[supplier's] vendor's** application within a reasonable period of time.

Section 12. Section 2-06 of Title 9 of the Rules of the City of New York is amended to read as follows:

§2-06 Price/Cost Analysis. Prior to **[supplier] vendor** selection, the ACCO shall determine that the contract price is fair and reasonable by using price analysis and, where appropriate, cost analysis, as these terms are defined in these Rules, to make this determination.

Section 13. Subdivisions (b) and (e) of section 2-07 of Title 9 of the Rules of the City of New York are amended to read as follows:

(b) Determination of Non-Responsiveness. If the lowest price bid or any proposal is found non-responsive, a determination, setting forth in detail and with specificity the reasons for such finding, shall be made by the ACCO. A copy of such determination shall be mailed to the non-responsive **[supplier] vendor** no later than two business days after the determination is made, and the agency shall inform the **[supplier] vendor** of the right to appeal as set forth herein.

(e) Appeal. All non-responsive determinations may be appealed as set forth herein.

(1) Time Limit. A [supplier] vendor shall have five days from receipt of the determination of non-responsiveness to file an appeal with the Agency Head. Receipt of notice by the [supplier] vendor shall be deemed to be no later than five days from the date of mailing or upon delivery, if delivered. Filing of the appeal shall be accomplished by actual delivery of the appeal document to the office of the Agency Head. The [supplier] vendors shall also send a copy of its appeal, for informational purposes, to Office of the New York City Comptroller, Office of Contract Administration, 1 Centre Street, Room 1005, New York, NY 10007.

(3) Determination. Award of the procurement shall be stayed pending the determination of the Agency Head, unless the ACCO makes a determination that proceeding with the procurement without delay is necessary to protect substantial City interests. The Agency Head shall consider the appeal, and may, in his or her sole discretion, meet with the [supplier] vendor to discuss the merits of the appeal. The Agency Head shall make a prompt determination with respect to the merits of the appeal, a copy of which shall be sent to the [supplier] vendor. The Agency Head's determination shall be final. The Agency Head shall not delegate the authority to make a determination on the appeal to the ACCO.

Section 14. The title, subdivisions (f), (i), (j), (k), (l) and (m), and paragraphs (1), (2), (5), (6) and (7) of subdivision (p) of section 2-08 of Title 9 of the Rules of the City of New York are amended to read as follows:

Section 2-08 [SUPPLIER] VENDOR ESPONSIBILITY AND APPEAL OF DETERMINATION OF NON-RESPONSIBILITY.

(f) Department of investigation. Prior to making its determination of [supplier] vendor responsibility, the agency shall request the Department of Investigation to review the names on the Questionnaire and other information to ascertain whether the business or its affiliated individuals are or have, during a relevant period of time, been the subject of an investigation by the Department. The Department of Investigation shall undertake the review expeditiously and provide an explanation to an agency if its review is not completed within thirty calendar days of the request. If the Department of Investigation ascertains that there has been such an investigation, it shall provide a copy of any final report or statement of findings to the Agency Head for use in making the determination of responsibility. If the results of the review are not made available to the agency within thirty calendar days of the request, the agency may make its responsibility determination on the basis of the information then available to it.

(i) Determination of non-responsibility. An agency letting a contract by competitive sealed bid or competitive sealed bid from prequalified [suppliers] vendors may find the lowest responsive bidder(s) to be non-responsible in accordance with Section 2-08 of these Rules.

(j) Notice. After making a determination of non-responsibility, the ACCO shall notify the lowest bidder in writing of that determination. The notification shall state the reasons upon which the determination is based and shall inform the bidder of the right to appeal the determination of non-responsibility to the Agency Head and subsequently to the Mayor, and of the procedure for taking such appeals. The notification shall also contain the following statement:

> The [supplier] vendor shall also send a copy of its appeal to the New York City Comptroller, for informational purposes, at Office of the New York City Comptroller, Office of Contract Administration, 1 Centre Street, Room 1005, New York, NY 10007, (212) 669-2323.

(k) Appeal to agency head. Appeals to the Agency Head of the determination of non-responsibility shall be made pursuant to the following procedure:

(1) Time for appeal. Any [bidder] vendor who is determined to be non-responsible in connection with the award of a particular contract shall be allowed ten days from receipt of the agency's notification to file a written appeal of that determination with the Agency Head. Receipt of notice by the [supplier] vendor shall be deemed to be no later than five days from the date of mailing or upon delivery, if delivered. Filing of the appeal shall be accomplished by actual delivery of the appeal document to the office of the Agency Head.

(2) Form and content of appeal by [bidder] vendor. The appeal by the [bidder] vendor shall be in writing and shall briefly state all the facts or other basis upon which the bidder contests the agency finding of non-responsibility. Supporting documentation shall be included.

(3) Agency head determination. The Agency Head shall consider the [bidder's] vendor's appeal, and shall make a prompt written decision no later than sixty days after receipt with respect to the merits of the bidder's appeal, except when such appeal relates to an Office of Labor Services determination of non-compliance with applicable equal employment opportunity requirements. Under such exception, the Office of Labor Services shall review all appeals and shall inform the Agency Head of its recommendation as to the merits of the [bidder's] vendor's appeal within forty-five days. The Agency Head or head of the Office of Labor Services may, in his or her sole discretion, meet with the [bidder] vendor to discuss his/her appeal. If the Agency Head's determination is not made within the prescribed sixty days after receipt of the appeal, then the [supplier] vendor may present the appeal to the Mayor.

(4) Notification to [bidder] vendor of agency head decision. A copy of the decision of the Agency Head shall be sent to the [bidder] vendor. If the Agency Head upholds the ACCO's finding of non-responsibility, the Agency Head shall inform the [supplier] vendor of the right to appeal the decision to the Mayor, and of the procedure for taking such an appeal.

(6) Finality. The Agency Head's decision of a [bidder's] vendor's appeal shall be final unless further appealed to the Mayor.

(l) Stay of award of contract pending agency head decision. Award of the contract shall be stayed pending the rendering of a decision by the Agency Head unless the ACCO makes a determination that execution of the contract without delay is necessary to protect substantial City interests. Where the award is not stayed, the [supplier] vendor shall be advised of this action in the determination of non-responsibility or if the stay is removed at a later date, notification shall be provided to the [supplier] vendor no later than two business days after such determination is made.

(m) Appeal to Mayor. Appeals to the Mayor of the Agency Head decision upholding a determination of non-responsibility shall be made pursuant to the following procedure:

(1) Delegation. The Mayor may delegate responsibility for deciding this appeal to the CCPO.

(2) Time for appeal. Any [supplier] vendor who wishes to appeal the decision of the Agency Head shall be allowed ten calendar days from receipt of the Agency Head's notification to file a written appeal of that determination with the Mayor or CCPO. Receipt of notification by the [supplier] vendor shall be deemed to be no later than five days from the date of mailing or upon delivery, if delivered. Filing of the appeal shall be accomplished by actual delivery of the appeal document to the Office of the Mayor.

(3) Form and content of appeal by [bidder] vendor. The appeal by the bidder shall be in writing and shall briefly state all the facts or other basis upon which the bidder contests the agency finding of non responsibility. Supporting documentation shall be included.

(4) Mayoral determination. The Mayor or CCPO shall consider the [bidder's] vendor's appeal, and shall make a prompt written decision with respect to the merits of the [bidder's] vendor's appeal. The Mayor, in the Mayor's sole discretion, may meet with the bidder to discuss the appeal.

(5) Notification to bidder of mayoral decision. A copy of the decision of the Mayor or CCPO shall be sent to the [bidder] vendor.

(6) Finality. The decision by the Mayor or CCPO of a [bidder's] vendor's appeal from an Agency Head decision concerning non-responsibility shall be final.

(p) Rehabilitation of [suppliers and contractors] vendors. An application for a declaration of rehabilitation may be made by any [supplier] vendor who has been found non-responsible by one or more City agencies, if such [supplier] vendor has either declined to appeal or exhausted the process for appealing such non-responsibility determination(s) as set forth in this section, or by any [contractor] vendor that is the subject of any unfavorable responsibility information recorded in the VENDEX database as a caution(s). A declaration of rehabilitation will not result in deletion of the underlying non-responsibility determination or caution from the VENDEX database, but a summary of such declaration or of any decision denying such an application shall be entered into the VENDEX database for consideration by agency Contracting Officers in making future responsibility determinations. In making responsibility determinations, Contracting Officers may rely upon the declaration of rehabilitation in lieu of requiring a [supplier] vendor to explain negative responsibility information in accordance with subdivision (g)(2) of this section.

> (1) Time for Filing. No application for a declaration of rehabilitation may be filed prior to the latest date for filing of an appeal of a non-responsibility determination in accordance with subdivision (k)(1) of this section. If a [supplier] vendor pursues an appeal in accordance with subdivision (k)(1) of this section, no application for a declaration of rehabilitation may be filed prior to the latest date for filing of an appeal to the Mayor in accordance with subdivision (m)(2) of this section. The submission of an application for a declaration of rehabilitation shall not toll the time limits set forth in this section for filing an appeal.
>
> (2) Form and Content of Filing. To apply for a declaration of rehabilitation, a [supplier or contractor] vendor must submit a written application to the CCPO . The rehabilitation application shall be certified by the applicant to the effect that all of the information supplied is true to the best of the applicant's knowledge, information and belief. The application shall state how the applicant has demonstrated its responsibility for future procurement awards, and shall:
>
> (i) demonstrate that the issues leading to the relevant non-responsibility determination or to the relevant caution(s) have been remedied by the applicant, and
>
> (ii) set forth any additional remedies or corrective actions the applicant is willing to undertake as a condition of a final declaration of rehabilitation by the CCPO.

(5) CCPO decision. The CCPO shall review the filing, shall consult with the Department of Investigation and may consult with any other relevant government agency, prior to making a final decision concerning the application for a declaration of rehabilitation. The CCPO may seek additional information from the applicant. Upon review of the filing and any subsequent submission by the applicant, the CCPO shall issue a decision granting or denying the application for declaration of rehabilitation. In making such decision, the CCPO may consider a broad range of factors, which may include, but is not limited to, the following:

> (i) The public policy expressed in these Rules that the [suppliers] vendors have the capability in all respects to perform fully the requirements of public contracting and the business integrity to justify the award of public tax dollars;
>
> ((ii) The bearing of any criminal, false, fraudulent or other activities of the [supplier] vendor, its affiliates and current and past owners, principals, employees, or their associates or other persons or entities on the skill, judgment and integrity of the [supplier] vendor or on its fitness or ability to perform as a public contractor, and the time elapsed since and seriousness of such activities;
>
> (iii) Any information produced by the [supplier] vendor or available from other sources relevant to its rehabilitation, including the adequacy of the remedies or corrective actions identified by the applicant, or to any other factor bearing on the [supplier's] vendor's skill, judgment and integrity or its fitness or ability to perform as a public contractor.
>
> The CCPO may condition any declaration of rehabilitation upon the applicant's completion of the specific additional corrective actions, if any, set forth in such declaration. The CCPO decision granting or denying the application for declaration of rehabilitation shall be final and a record of the determination shall be included in the VENDEX database.

(6) Notification of decision. A copy of the CCPO decision granting or denying the application for declaration of rehabilitation shall be mailed to the [supplier/contractor] vendor, with copies to the Department of Investigation, the Comptroller and the Contracting Officer of any agency that found such applicant non-responsible or requested that negative responsibility information be entered as a caution in the VENDEX database.

(7) Effect. Nothing in this subdivision shall preclude an agency Contracting Officer from finding a [supplier] vendor to be responsible where such [supplier] vendor has not applied for a declaration of rehabilitation or where an application for such declaration has been denied. Furthermore, nothing in this subdivision shall preclude an agency Contracting Officer from finding a [supplier] vendor to be non-responsible, notwithstanding a declaration of rehabilitation.

Section 15. Paragraphs (6) and (19) of subdivision (b) of section 2-09 of Title 9 of the Rules of the City of New York are amended to read as follows:

(6) date of City Record publication and date and publication name of any other advertised notice. If a prequalified [supplier] vendor list is used, date(s) of advertisement(s) for prequalified list; if the procurement is from a sole source, the date of the notice of intent to enter sole source negotiations;

(19) for client services, if applicable, an assessment of [supplier's] vendor's performance during the prior contract period (overall rating of latest performance assessment); and

Section 16. Section 2-10 of Title 9 of the Rules of the City of New York is amended to read as follows:

Section 2-10 [SUPPLIER] VENDOR PROTEST.

(a) Protests. Any [supplier] vendor may protest a determination [regarding] of any procurement action pursuant to this section, unless another appeal or protest provision is provided in these Rules. Accelerated procurements, emergency procurements, and small purchases are not subject to [supplier] vendor protests.

> (1) Time for Protest. A protest shall be made within ten days after the protesting [supplier] vendor knows or should have known of the facts that prompted the protest but no later than ten days after publication of the notice of award.
>
> (2) Form and Content of Protest. The protest shall be filed with the Agency Head and shall briefly state all the facts or other basis upon which the [supplier] vendor contests the agency decision. Supporting documentation, if any, shall be included. If a [supplier] vendor has already been selected for the procurement, the Agency Head shall, upon receipt of the protest, mail a copy of the protest to the selected [supplier] vendor. Filing of the protest shall be accomplished by actual delivery of the protest documents to the office of the Agency Head. The [supplier] vendor shall also send a copy of its protest to the ACCO and the New York City Comptroller, Office of Contract Administration.

(3) Agency Head Determination. The Agency Head may, in his or her sole discretion, invite written comment from the selected **[supplier]** **vendor** (if any) or other interested party, and/or convene an informal conference with the protesting **[supplier]** **vendor**, the selected **[supplier]** **vendor**, and/or any other interested party to resolve the protest by mutual consent. The Agency Head's determination with respect to the merits of the protest shall be mailed to the protesting **[supplier]** **vendor** and the selected **[supplier]** **vendor** (if any) within thirty days of receipt of the protest documents. The determination shall state the reasons upon which it is based. Copies of all documents required by this paragraph shall be forwarded to the CCPO and the Comptroller as such documents become available to the agency.
The Agency Head's determination shall be final. The procurement action under protest shall not be stayed unless the Agency Head determines that it is in the City's best interest to delay the action.

(d) Bidder Submissions.

(1) Bid Form and Content. The IFB shall provide a form on which the bidder shall insert the bid price, and shall sign and submit along with all other necessary submissions. Bids shall be typewritten or written legibly in ink. Erasures or alterations shall be initialed by the signer in ink. All bids shall be signed in ink. The bid invitation also shall require that the bid be submitted in a sealed envelope, addressed as required in the bid documents, on or before the time and at the place designated in the bid documents. If so provided in the solicitation, sealed bids may be submitted electronically.

(2) Bid Samples and Descriptive Literature. The IFB shall state that bid samples and descriptive literature should not be submitted unless expressly requested and that, regardless of any attempt by a bidder to condition the bid, unsolicited bid samples or descriptive literature that are submitted at the bidder's risk will not be examined or tested and will not be deemed to vary any of the provisions of the IFB.

(e) Public Notice.

(1) Notice of Solicitation.

(i) Distribution. IFBs or notices of their availability shall be mailed, faxed, hand delivered, or otherwise furnished at least fifteen days in advance of the due date for the bids to a sufficient number of **[suppliers]** **vendors** including all **[suppliers]** **vendors** on the bidders list for the purpose of securing competition. An agency may, upon request of a **[supplier]** **vendor**, provide IFBs or notices electronically. Where the notice does not include all IFB documents, an additional five days shall be allowed. Notices of availability shall indicate, at minimum:

(A) the name of the agency and, if appropriate, the specific division or bureau soliciting the bids;

(B) title and brief description of the goods, services, or construction required;

(C) specific information about how, when, and where the IFB is available;

(D) the required fee or deposit amount, if any, for obtaining the IFB;

(E) the time, date, and location of any pre-bid conference or site visit, if any, and if attendance is mandatory;

(F) the date, time, and location for the receipt and opening of bids; and

(G) if applicable, the name and phone number of the agency contact person.

(ii) Publication. This subparagraph shall apply to competitive sealed bids above the small purchase limits except that it shall not apply where **[suppliers]** **vendors** will be solicited from a PQL.

(A) Frequency. Notice of solicitation shall be published at least once in the City Record not less than fifteen days before the bid opening date with the exception of accelerated procurements, which shall appear not less than three business days before the bid opening date.

(B) Content. Such notice shall include:

((a)) agency name;
((b)) PIN;
((c)) title and/or brief description of the goods, services, or construction to be procured;
((d)) estimated quantity, if any;
((e)) how the solicitation documents may be obtained;
((f)) date and time by which, and the place where, bids shall be submitted and shall be publicly opened; and
((g)) required **[supplier] vendor** qualifications or eligibility requirements, if any.

((2) Notice of **[Supplier] Vendor** Selection.

(i) Frequency. Notice of **[supplier] vendor** selection exceeding the small purchase limits shall be published once in the City Record within fifteen days after registration of the contract.

(ii) Content. Such notice shall include:
(A) agency name;
(B) PIN;
(C) title and/or brief description of the goods, services, or construction procured;
(D) name and address of the **[supplier] vendor;**
(E) dollar value of the contract; and
(F) procurement method by which the contract was let.

(3) Public Availability. A copy of the IFB shall be available for public inspection at a location in the agency offices designated by the ACCO.

(f) Bidders Lists.

(1) Lists of **[suppliers] vendors** interested in being solicited for bids shall be compiled and maintained by the procuring agency. In addition, the CCPO may authorize one or more agencies to maintain citywide bidders lists. Bidders lists shall be classified by standard categories of goods, services, and construction that are sufficiently detailed to provide meaningful distinctions among categories. Bidders lists shall include the names, addresses, EIN, and telephone numbers of the **[suppliers] vendors** and, if known, minority and women **[supplier] vendor** status as certified by DSBS. Each agency shall make reasonable efforts to ensure inclusion of minority and women's business enterprises on its bidders lists.

(2) The CCPO shall cause to be continuously published in the City Record notice of the availability of applications for **[suppliers] vendors** to be added to agency bidder lists for goods, services, and construction regularly procured by the City. Every effort shall be made to publish notice in a manner that will encourage applications from minority and women's business enterprises.

(3) Application by **[suppliers] vendors** for placement on an agency's bidder list shall be continuously available on request from the **[supplier] vendor**.

(4) **[Suppliers] Vendors** that fail to respond to solicitations or notices of availability of procurement opportunities on three consecutive invitations within one standard category may be removed by the ACCO from the applicable bidders list after notice to the **[supplier] vendor**. **[Suppliers] Vendors** may be removed from a citywide bidders list pursuant to procedures prescribed by the CCPO. In either case, application for reinstatement shall be the responsibility of the **[supplier] vendor**. A "No Bid" statement on a returned bid shall be considered a response.

(5) Unless otherwise provided, inclusion or exclusion of the name of a business does not indicate that the business is responsible in respect to a particular procurement or otherwise is capable of successfully performing a City contract.

(g) Prequalified **[Supplier] Vendor** Lists. In accordance with these Rules, bids may be solicited from a list of prequalified **[suppliers] vendors**.

(h) Pre-Bid or Pre-Solicitation Conferences. Pre-bid or pre-solicitation conferences may be conducted by the ACCO to explain the procurement requirements. Written notice of any conference shall be provided to all prospective **[suppliers] vendors**. A pre-bid conference should be held long enough after the IFB has been issued to allow bidders to become familiar with it, but sufficiently before bid opening to allow consideration of the conference results in preparing their bids. Nothing stated at the pre-bid conference shall change the IFB unless a change is made by amendment as provided in this section. A summary of the conference shall be prepared and if a transcript is made, it shall be a public record. A record of attendance shall be kept of all conferences.

(i) Amendments to IFBs.

(1) Authority. The ACCO shall authorize the issuance of any amendment.

(2) Form. Each amendment to an IFB shall be identified as such, shall be set forth in writing, and shall require that the bidder acknowledge receipt of all amendments issued as a condition for consideration of its bid. The amendment shall reference the portion of the IFB it amends.

(3) Distribution. Amendments shall be sent to all prospective **[suppliers] vendors** known to have received an IFB.

(4) Timeliness. Amendments shall be distributed within a reasonable time to allow prospective **[suppliers] vendors** to consider them in preparing their bids. If the time and date set for receipt of bids will not permit such preparation, such time shall be increased to the extent possible, and stated in the amendment or, if necessary, by electronic mail, facsimile, or telephone and confirmed in the amendment.

(j) Pre-Opening Modification or Withdrawal of Bids.

(1) Procedure. Bids may be modified or withdrawn by written notice received in the office designated in the IFB before the time and date set for bid opening.

(2) Disposition of Bid Security. If a bid is withdrawn in accordance with this section, the bid security, if any, shall be returned to the bidder.

(k) Late Bids, Late Withdrawals, and Late Modifications.

(1) Policy. Any bid received at the place designated in the solicitation after the time and date set for receipt of bids is late and shall not be considered. Any request for withdrawal or modification received at the place designated in the solicitation after the time and date set for receipt of bids is late and shall not be considered. Late bids and modifications shall not be opened until after registration of the contract.

(2) Exception. A late modification of a successful bid that makes its terms more favorable to the City shall be considered at any time it is received and may be accepted upon the approval of the ACCO.

(l) Receipt, Opening, and Recording of Bids.

(1) Receipt. Upon its receipt, each bid and modification shall be time and date-stamped, but not opened, and stored in a secure place until the time and date set for bid opening. Before bid opening the agency may not disclose the identity of any bidder.

(2) Opening and Recording. Bids and modifications shall be opened publicly, at the time, date, and place designated in the IFB. The name of each bidder, the bid price, and such other information as is deemed appropriate shall be read aloud or otherwise made available. These requirements may be met through access to a computer terminal at the location where bids are to be opened, provided that paper documents are available upon request at the time of bid opening. This information also shall be recorded at the time of bid opening. The bids shall be tabulated or a bid abstract prepared and made available for public inspection. The opened bids shall be available for public inspection at a reasonable time after bid opening but in any case before **[supplier] vendor** selection except to the extent the bidder designates trade secrets or other proprietary data to be confidential. Material so designated shall accompany the bid and shall be readily separable from the bid in order to facilitate public inspection of the nonconfidential portion of the bid. Prices, makes, and model or catalog numbers of the items offered, deliveries, and terms of payment shall be publicly available at a reasonable time after bid opening but in any event before **[supplier] vendor** selection regardless of any designation to the contrary at the time of bid opening.

(3) Confidential Data. The ACCO shall examine the bids to determine the validity of any requests for nondisclosure of trade secrets and other proprietary data identified in writing. Nondisclosure is permissible only if approved by Agency Counsel. Any decision not to honor a request for confidentiality shall be communicated in writing to the bidder making the submission.

(m) Mistakes in Bids.

(1) General. Correction or withdrawal of a bid because of an inadvertent, non-judgmental mistake in the bid requires careful consideration to protect the integrity of the competitive bidding system, and to assure fairness. If the mistake is attributable to an error in judgment, the bid may not be corrected. Bid correction or withdrawal by reason of a non-judgmental mistake is permissible, but only to the extent that it is not contrary to the interest of the City or the fair treatment of other bidders.

(2) Mistakes Discovered Before Opening. A bidder may correct mistakes discovered before the time and date set for bid opening by withdrawing or correcting the bid as provided in Section 3-02(j) of these Rules.

(3) Confirmation of Bid. When the Contracting Officer knows or has reason to conclude after bids have been publicly opened that a mistake has been made, such officer shall request from the bidder written verification of the bid. If the bidder alleges mistake, the bid may be corrected or withdrawn upon approval of the ACCO if the following conditions are met:
(i) Minor Informalities. Minor informalities are matters of form, rather than substance, evident from the bid document or insignificant mistakes that can be waived or corrected without prejudice to other bidders; that is, the effect on price, quantity, quality, delivery, or contractual conditions is negligible. The Contracting Officer may waive such informalities or allow the bidder to correct them depending on which is in the best interest of the City. Examples include the failure of a bidder to:

(A) return the number of signed bids required by the IFB, or

(B) acknowledge receipt of an amendment to the IFB, but only if it is clear from the bid that the bidder received the amendment and intended to be bound by its terms, or the amendment involved had a negligible effect on price, quantity, quality, or delivery.

(ii) Mistakes Where Intended Correct Bid is Evident. If the mistake and the intended correct bid are clearly evident on the face of the bid document, the bid shall be corrected to the intended correct bid and may not be withdrawn. Examples of mistakes that may be clearly evident on the face of the bid document are typographical errors, errors in extending unit prices, transposition errors, and arithmetical errors.

(iii) Mistakes Where Intended Correct Bid is Not Evident. Mistakes may not be corrected after bid opening. A bidder may be permitted to withdraw a low bid where a unilateral error or mistake has been discovered in the bid and the Contracting Officer makes the following determination, which shall be approved by the ACCO:

(A) the mistake was known or made known to the agency prior to **[supplier] vendor** selection or within three days after the opening of the bid, whichever period is shorter;

(B) the price bid was based on an error of such magnitude that enforcement would be unconscionable;

(C) the bid was submitted in good faith and the bidder submits credible evidence that the mistake was a clerical error as opposed to a judgment error;

(D) the error in bid is actually due to an unintentional and substantial arithmetic error or unintentional omission of a substantial quantity of work, labor, material, goods, or services made directly in the compilation of the bid, which unintentional arithmetic error or unintentional omission can be clearly shown by objective evidence drawn from inspection of the original work paper, documents, or materials used in the preparation of the bid sought to be withdrawn; and

(E) it is possible to place the City in the same condition that had existed prior to the receipt of the bid.

Upon the approval of the ACCO, the bid may be withdrawn, and the bid bond or other security returned to the bidder. The contract shall either be awarded to the next lowest bidder or resolicited pursuant to these Rules. Under no circumstances shall a bid be amended or revised to rectify the error or mistake.

(4) Mistakes Discovered After **[Supplier] Vendor** Selection. Mistakes shall not be corrected after **[supplier] vendor** selection except where the ACCO, subject to the approval of the CCPO, makes a determination that it would be unconscionable not to allow the mistake to be corrected.

(5) Determinations Required. When a bid is corrected or withdrawn, or correction or withdrawal is denied, the ACCO shall prepare a determination showing that the

relief was granted or denied in accordance with these Rules.

(n) Withdrawal of Bids. Except as provided for in Section 3-02(j) a bidder may not withdraw its bid before the expiration of forty-five days after the date of the opening of bids; thereafter, a bidder may withdraw its bid only in writing and in advance of an actual award.

(o) Bid Evaluation and [Supplier] Vendor Selection.

(1) General. The responsible bidder whose bid meets the requirements and objectively measurable evaluation criteria set forth in the IFB, and whose bid price is the lowest responsive and responsible bid price or, if the IFB has so stated, the lowest responsive and responsible evaluated bid price, shall be selected for the contract. A bid shall not be evaluated for any requirement or criterion that is not disclosed in the IFB.

(2) Negotiation with the Apparent Lowest Responsive and Responsible Bidder. Upon determination of the apparent lowest responsive and responsible bidder and prior to award, the Contracting Officer may elect to open negotiations with the selected [supplier] vendor in an effort to improve the bid to the City with respect to the price only. In the event the apparent lowest responsive and responsible bidder declines to negotiate, the Contracting Officer may elect to either award the contract to the apparent lowest responsive and responsible bidder or may, upon written approval by the ACCO, reject all bids in accordance with this section. The result of negotiations, if any, shall be documented in the Recommendation for Award.

(3) Award. Upon the determination of the lowest responsive and responsible bidder, a Recommendation for Award shall be approved by the ACCO and the contract shall be awarded to that bidder.

(p) Low Tie Bids.

(1) Definition. Low Tie Bids are low responsive bids from responsible bidders that are identical in price, meeting all the requirements and criteria set forth in the IFB.

(2) [Supplier] Vendor Selection. In the case of low tie bids, the ACCO shall break the tie in the following order of priority.

(i) Select a certified New York City small, minority or woman-owned business entity bidder;

(ii) Select a New York City bidder;

(iii) Select a certified New York State small, minority or woman-owned business bidder;

(iv) Select a New York State bidder;

(v) Conduct a drawing. Tie bidders shall be invited to witness the drawing. A witness shall be present to verify the drawing and shall certify the results on the bid tabulation sheet.

(3) Record. A record shall be made of tie bids received, and the method used to break the tie. The ACCO shall monitor the incidence of low tie bids in a systematic manner.

(q) Single Bid. When a single bid has been received in response to an IFB, a [supplier] vendor may be selected only after the ACCO has determined that a sufficient number of other potentially responsive [suppliers] vendors have had a reasonable opportunity to bid; why, as a result of inquiries made by the agency, other [suppliers] vendors chose not to submit bids; that the bid submitted meets minimum requirements of the IFB; that the price is fair and reasonable, and that resolicitation is not in the best interest of the City.

(r) Alternate Bids. Unless alternate bids are requested in the solicitation, such bids may not be accepted.

(s) Multi-Step Sealed Bidding.

(1) Conditions for Use. Multi-step sealed bidding may be used when it is determined by the ACCO that it is impracticable to prepare specifications to support [supplier] vendor selection based solely on price.

(2) Evaluation.

(i) Once the technical proposals have been evaluated, price bids from only those [suppliers] vendors whose technical proposals have been found acceptable shall be considered and evaluated.

(ii) Price bids may be solicited at the same time as technical proposals, in separate sealed envelopes, or after evaluation of technical proposals, only from those whose technical proposals have been found acceptable.

(iii) Price bids shall not be opened until the technical evaluation is complete. Price bids from [suppliers] vendors whose technical proposals have been found unacceptable shall not be opened until after registration of the contract.

(t) Selection of Other Than Lowest Bidder. If the ACCO determines that the lowest bidder is either not responsible or not responsive, the lowest bidder shall immediately be notified in writing of such determination and the reasons therefor, and the right to appeal such determination, if applicable. A copy of the notification shall be filed with the PPB.

(u) Selection of Other Than or in Addition to the Lowest Responsible Bidder.

(1) Upon application from the ACCO, the Mayor may determine that it is in the best interest of the City to select a [supplier] vendor other than or in addition to the lowest responsible bidder.

(2) A determination to select a [supplier] vendor other than or in addition to the lowest responsible bidder shall set forth the reason for the decision.

(3) Notice of [Supplier] Vendor Selection.

(i) Frequency. Notice of [supplier] vendor selection to other than the lowest responsive and responsible bidder shall be published once in the City Record within fifteen days of registration of the contract.

(ii) Content. Such notice shall include:
(A) agency name;
(B) PIN;
(C) title and/or brief description of the goods, services, or construction procured;
(D) name and address of the [supplier] vendor ;
(E) dollar value of the contract; and
(F) summary of the determination made by the Mayor or CCPO justifying the award to other than the lowest responsive and responsible bidder.

(4) After making a determination to bypass the lowest responsible bidder in accordance with these Rules, the Mayor shall within five days notify the lowest responsible bidder of that determination. The notification shall state the reasons upon which the determination is based.

(v) Rejection of Bids. The ACCO may reject all bids and may elect to resolicit by bid in accordance with this section or by other method authorized by these Rules.

(w) Resolicitation in Cases of Failed Bids Due to Defects in the Solicitation Documents. Under the circumstances set forth in this subdivision, the ACCO may determine that it is appropriate to reject all bids after opening and before [supplier] vendor selection and to complete the acquisition by a new solicitation for which notice is provided as set forth in this subdivision.

(1) This procedure may be used where at least five responses to the solicitation have been received, and despite efforts to address problems in the solicitation by means of pre-bid conferences and issuance of amended specifications in accordance with these Rules, all responses are found to be non-responsive as a result of the same defect(s) in the specification or other solicitation documents.

(2) When using this procedure, the ACCO shall:

(i) make a determination that:

(A) five or more bids have been received in response to the original solicitation;

(B) all of the bids have been found to be non-responsive as a result of the same previously unresolved defect(s) in the solicitation documents; and

(C) prior to opening the bids the agency had made diligent efforts to discover and correct defects in the solicitation documents by inviting questions from prospective bidders, holding pre-bid conferences, and issuing amendments to the solicitation documents as appropriate;

(ii) prepare a corrected solicitation containing the statement that it is a correction of a previously defective solicitation, setting forth the new bid opening date and time, and conspicuously identifying the portions of the original solicitation that have been corrected; and

(iii) deliver the corrected solicitation at least ten days in advance of the new bid opening date and time to all bidders who responded to the initial notice of the solicitation by obtaining copies of the original solicitation documents, whether or not they actually submitted bids.

(x) Disposition of Bids. All bids shall be retained. When bids are rejected or a solicitation canceled after bids are received, the bids shall be retained and the bid security, if any, shall be promptly returned, and the file so documented.

(15) a provision that proposers should give specific attention to the identification of those portions of their proposals that they deem to be confidential, proprietary information or trade secrets and provide any justification why such materials, upon request, should not be disclosed by the City. Such information must be easily separable from the non-confidential sections of the proposals;

(16) a notice that contract award is subject to the provisions of the MacBride Principles Law;

(17) a notice that contract award is subject to applicable provisions of federal, State, and local laws and executive orders requiring affirmative action and equal employment opportunity;

(21) the following statement:

and

(22) name, address, and telephone number of contact person; and

(23) if applicable, information regarding multiple award task order contracts for services.

(b) Client Services Open RFPs. For a program in which there is available funding for more than the available responsible [supplier] **vendor** , and for which the requirements and qualifications are unusually complex and difficult to predict (such as Uniform Land Use Review Procedures approvals of appropriate sites, licenses, etc.) and for which interested potential [supplier] **vendor** may become qualified during the course of a year, the ACCO may designate the applicable RFP as an "open-ended RFP." If an RFP is so designated, the agency shall publish in the City Record quarterly a notice of solicitation, clearly stating that the RFP may be obtained at any time and that proposals may be submitted in response to the RFP on an on-going basis. When an agency decides to terminate the open-ended RFP, it shall publish such determination in the City Record.

(c) Proposal Preparation Time and Form.

(1) Proposal preparation time shall be set to provide [supplier] **vendor** a reasonable time to prepare their proposals. A minimum of twenty days shall be provided. The manner in which proposals are to be submitted, including any forms for that purpose, shall be designated as a part of the RFP.

(2) For client services, the ACCO shall be responsible for ensuring that an extract or copy of the scope of work is available for public inspection upon request at the agency issuing the solicitation and that the notice of the solicitation includes a description of the proposed service area and the name and telephone number of an agency individual who can be contacted to provide a copy of the extract or the scope of work.

(d) Public Notice.

(1) Notice of Solicitation.

(i) Distribution. RFPs or notices of their availability shall be mailed, faxed, hand delivered, or otherwise furnished to a sufficient number of [supplier] **vendor**, including all [supplier] **vendor** on the bidders list at least twenty days prior to the due date, or within the time frames authorized by Section 3-03 (h). An agency may, upon request of a [supplier] **vendor**, provide RFPs or notices electronically.

(ii) Publication. This subparagraph shall apply to RFPs above the small purchase limits except that it shall not apply where [suppliers] **vendors** will be solicited from a PQL.

(A) Frequency. Notice of solicitation shall be published once in the City Record not less than twenty days before the proposal opening date with the exception of accelerated procurements, which shall appear not less than three business days before the proposal opening date.

(B) Content. Such notice shall include:
((a)) agency name;
((b)) PIN;
((c)) title and/or brief description of the goods, services, or construction to be procured;
((d)) estimated quantity, if any;
((e)) how the solicitation documents may be obtained;
((f)) date and time by which, and the place where, proposals shall be submitted; and
((g)) required [supplier] **vendor** qualifications or eligibility requirements, if any.

(2) Notice of Supplier Selection.

(i) Frequency. Notice of [supplier] **vendor** selection exceeding the small purchase limits shall be published once in the City Record within fifteen days after registration of the contract.

(ii) Content. Such notice shall include:
(A) agency name;
(B) PIN;
(C) title and/or brief description of the goods, services, or construction to be procured;
(D) name and address of the [supplier] **vendor**;
(E) dollar value of the contract; and
(F) procurement method by which the contract was let.

(e) Competitive Sealed Proposals from Prequalified [Suppliers] **Vendors** List. Proposals may be solicited from [suppliers] **vendors** who have been previously prequalified. A determination to employ selective solicitation within a particular category of procurement shall be made by the ACCO and approved by the CCPO prior to issuing solicitations.

(f) RFP Handling Procedures.

(1) Pre-Proposal or Pre-Solicitation Conferences. Pre-proposal or pre-solicitation conferences may be conducted in the manner set forth in Section 3-02 of these Rules.

(2) Amendments to RFPs. Amendments to RFPs may be made in the manner set forth in Section 3-02 of these Rules.

(3) Modification or Withdrawal of Proposals. Proposals may be modified or withdrawn prior to the established due date in the manner set forth in Section 3-02 of these Rules. The established due date is either the time and date announced for receipt of proposals or receipt of modifications to proposals, if any, or if discussions have begun, it is the time and date by which best and final offers must be submitted.

(4) Late Proposals and Modifications. Any proposal or modification received after the established due date and time at the place designated for receipt is late and may be accepted only in the manner set forth in paragraphs (5) through (8) below.

(5) Handling and Acceptance of Late Proposals. A late proposal may only be accepted when it is determined by the ACCO that it is in the best interest of the City to do so. In such event, the ACCO may hold open the receipt of proposals by no more than three hours during which time no other competing proposal may be opened. An opened proposal shall eliminate the possibility of accepting any late proposal. Where an ACCO has determined that it is in the best interest of the City to accept a late proposal, any other late proposal received during the period of extension shall be similarly accepted.

(6) Documentation of Late Proposals. The ACCO shall, within one business day of such acceptance of late proposals, document the reasons that it is in the best interest of the City to approve the extension, the time extended, the name of any [supplier(s)] **vendor** (s) submitting a proposal received during the extension period established pursuant to paragraph (5) above, as well as an affirmative statement that no proposals were opened prior to the acceptance of the late proposal and that any other late proposal received during the period of extension was similarly accepted.

(7) Late Modifications. A late modification of a successful proposal that makes its terms more favorable to the City shall be considered at any time it is received and, if accepted by the ACCO, shall be so documented in the Recommendation for Award.

(8) Record. A record shall be made of each request for acceptance of a late proposal or modification. A late proposal or modification that is not accepted by the ACCO shall not be opened until after registration of the contract.

(9) Receipt and Registration of Proposals. The identify of an offeror shall not be disclosed prior to the established date and time for receipt of proposals. Proposals shall not be opened publicly but shall be opened in the presence of two or more City employees. Proposals and modifications shall be time and date-stamped upon receipt and held in a secure place until the established due date and time. After the date and time established for the receipt of proposals, a Register of Proposals shall be prepared and shall be open to public inspection after award of a contract. It shall include for all proposals the name of each offeror and the number of modifications received, if any.

(g) Evaluation Process. The RFP must state that the contract award will be made to the responsible proposer whose proposal is determined to be the most advantageous to the City, taking into consideration the price and such other factors or criteria that are set forth in the RFP. No other factors or criteria shall be used in the evaluation and award of the contract except those specified in the RFP.

(1) Evaluation Committee. Proposals shall be reviewed by an evaluation committee consisting of no fewer than three persons with knowledge, expertise, and experience sufficient to make a fair and reasonable evaluation.

(2) Rating Sheets. Ratings sheets or other written evaluation forms shall be used to evaluate proposals and shall be signed and dated by all members of the evaluation committee. Initial ratings may be amended and the amended ratings recorded on amended ratings sheets. Copies of all initial and amended rating sheets or evaluation forms shall be maintained.

(3) Proposal Discussions with Individual Offerors. The evaluation committee shall evaluate all proposals and may elect to enter into discussions with those whose proposals are acceptable or are reasonably likely to be made acceptable for the purpose of:

(i) promoting understanding of the City's requirements and the [suppliers'] **vendors'** proposals and capabilities,

(ii) obtaining the best price for the City, and

(iii) arriving at a contract that will be most advantageous to the City taking into consideration price and the other evaluation factors set forth in the RFP.

(4) Conduct of Discussions.

(i) Proposers shall be accorded fair treatment with respect to any opportunity for discussions and revisions of proposals.

(ii) The ACCO shall establish an agenda and schedule for conducting discussions.

(iii) If there is a need for any substantial clarification of, or change in, the RFP, the RFP must be amended to incorporate such clarification or change and shall be provided to all proposers.

(iv) Auction techniques (revealing one proposer's price to another) and disclosure of any information derived from competing proposals are prohibited.

(v) Any oral clarification of a proposal shall be confirmed in writing by the proposer.

(5) Best and Final Offers. Best and final offers are the revised and corrected final proposals submitted by proposers after discussions, if any, have been held by the procuring agency.

(i) The ACCO shall establish a common date and time for the submission of best and final offers.

(ii) Best and final offers shall be submitted only once unless the ACCO makes a determination that it is in the City's best interest to conduct additional discussions and/or require another submission of best and final offers.

(iii) Proposers shall be informed that if they do not submit a notice of withdrawal or another best and final offer, their immediate previous offer will be construed as their best and final offer.

(iv) All best and final offers shall be recorded on the Register of Proposals and handled in accordance with the control procedures contained in these Rules.

(v) The ACCO may request best and final offers on the whole proposal or on any one or combination of its component parts (e.g., price, technical qualifications, approach, and/or capability). The request shall be the same for all proposers.

(vi) Best and final offers shall be evaluated in accordance with this subdivision.

(h) Construction-Related Services.

(1) There are two categories of construction-related services that an agency may procure: Non-Complex and Complex.

(2) Where applicable for the procurement of Non-Complex and Complex construction-related services, the

following alternative source selection procedures may be utilized.

(i) Non-Complex Construction-Related Services. Prior to utilizing either of the two alternative source selection procedures described in this subparagraph, the ACCO must determine what constitutes for the agency Non-Complex construction-related services and submit this definition to the Director of the Mayor's Office of Construction (ODC) for approval. The ACCO must additionally provide the basis for a determination that the particular service being procured conforms to the agency's ODC–approved definition of a Non-Complex construction-related service. The approved ODC definition and the basis for the determination that the particular service conforms to that definition shall be included in the agency contract file.

(A) Alternative #1. To procure a particular Non-Complex construction-related service, the agency prepares a scope of services, randomly selects a [supplier] **vendor** from the appropriate PQL, and offers the project to the selected [supplier] **vendor** based upon an applicable, updated OMB fee-curve scale or an appropriate fee-curve scale developed by the agency and approved by OMB. A [supplier] **vendor** will have at least seven days to accept or reject the project.

(B) Alternative #2. The agency prepares an RFP and solicits technical and cost proposals from a minimum of three [suppliers] **vendors** selected randomly and/or rotationally from the appropriate PQL. The selected [suppliers] **vendors** will have at least fifteen days to respond. The agency will evaluate the submitted proposals and enter into negotiations with the [supplier(s)] **vendor(s)** offering the best combination of technical quality and price.

(ii) Complex Construction-Related Services. The agency prepares an RFP and solicits technical and cost proposals from [suppliers] **vendors** selected randomly, rotationally, and/or based on a determination that a [supplier(s)] **vendor(s)** is the best qualified from the appropriate PQL. Where only random and/or rotational selection is utilized, a minimum of three [suppliers] **vendors** shall be selected; where selection based on a best qualified determination is utilized, either alone or in combination with random and/or rotational selection, a minimum of five[suppliers] **vendors** shall be selected. The selected [suppliers] **vendors** will have at least twenty days to respond. The agency will evaluate the submitted proposals and enter into negotiations with the [supplier(s)] **vendor(s)** offering the best combination of technical quality and price.

(i) Mistakes in Proposals.

(1) Confirmation of Proposal. When the ACCO knows or has reason to conclude before award that a mistake has been made, he or she should request the proposer to confirm the proposal. If the proposer alleges mistake, the proposal may be corrected or withdrawn during any discussions that are held or if the conditions set forth in this subdivision are met.

(2) Mistakes Discovered After Receipt of Proposals but Before [Supplier] **Vendor** Selection.

(i) During Discussions Prior to Best and Final Offers. Once discussions are commenced with any proposer or after best and final offers are requested, any offeror may correct any mistake by modifying or withdrawing the proposal until the time and date set for receipt of best and final offers.

(ii) Minor Informalities. Minor informalities, unless otherwise corrected by an offeror, shall be treated in accordance with Section 3-02(m)(3)(i) of these Rules.

(iii) Correction of Mistakes. If discussions are not held or if the best and final offers upon which award will be made have been received, mistakes may be corrected and the intended correct offer considered only in accordance with Section 3-02(m)(3)(ii) of these Rules.

(3) Mistakes Discovered After [Supplier] **Vendor** Selection. Mistakes shall not be corrected after [supplier] **vendor** selection except in accordance with Section 3-02(m)(4) of these Rules.

(4) Determinations Required. When a proposal is corrected or withdrawn, or correction or withdrawal is denied, a determination shall be prepared in accordance with Section 3-02(m)(5) of these Rules.

(j) Multiple Award Task Order Contracts.

(1) Determination. Multiple award task order contracts for services may be awarded upon a determination by the ACCO that it is in the best interest of the City to award multiple contracts for services to multiple contractors and to allocate work among such contractors through a task order system. If an agency intends such contracts to be available for use by other City agencies, the provisions of Section 3-14 (Contracts for Services) shall also apply. The criteria to be considered by the ACCO in making such determination may include the following: the nature of the services to be procured; the expected frequency of task order issuance; and the potential advantage of multiple contracts (e.g., more favorable terms; more competitive pricing, etc.).

(2) Method.

(i) Multiple awards may be made for contracts for services, pursuant to requests for proposals, in conjunction with the procedures prescribed in this subdivision. Such request for proposals, and the subsequent contracts, shall state the procedures and criteria to be used in selecting the [supplier] **vendor** to perform on an individual task order. Such procedures and criteria shall provide that each [supplier] **vendor** shall receive each solicitation and have a reasonable opportunity to compete to provide the services, unless an alternative method of assigning task orders, as set forth below, is determined by the CCPO to be in the City's best interest and is set forth in the request for proposals and the contract. In the event that such alternative method is used, each selected [supplier] **vendor** shall receive notice of assignment of each task order, regardless of whether each selected [supplier] **vendor** received the solicitation for the task order.

(ii) The following list constitutes acceptable alternative methods of assigning task orders: rotation, or other non-discretionary method of assignment, including where assignment pursuant to such method may be varied based on stated criteria (e.g., capacity or past performance); assignment to or competition among particular [supplier(s)] **vendor(s)** with technical expertise particularly suited to the task order; assignment to a particular [supplier] **vendor** based on a [supplier's] **vendor's** particular geographic location, experience or knowledge; and assignment to a particular [supplier] **vendor** based on the agency's need to distribute task orders among [suppliers] **vendors**.

(iii) Each [supplier] **vendor** shall be required to respond to every solicitation for an individual task order for which it is solicited. The ACCO may determine that a [supplier] **vendor** is in default if it fails to bid without an adequate explanation for such failure.

(iv) Price shall be among the criteria considered in making individual [supplier] **vendor** r selection decisions, and no task order shall be issued unless the ACCO determines that the proposed price is fair and reasonable. Prices set forth in a multiple award contract shall represent maximum prices that may be set forth in individual task orders issued to that [supplier] **vendor**.

(3) Duration. Unless otherwise approved by the CCPO, contracts awarded pursuant to this section shall have an initial term, or a total term including all renewals, of not more than three years. Task orders may extend beyond the expiration of the contract term, in which event the terms and conditions of the contract shall continue to apply to the task order until its termination or expiration. Task orders shall have a maximum term of three years or, if issued for a specific project, until the specific project is completed. Notwithstanding the above, approval by the CCPO shall be required prior to extension of a task order beyond the expiration of the contract term, and for any further extensions of that task order.

(k) [Supplier] **Vendor** Selection and Documentation. The ACCO shall make a determination showing the basis on which the contract award was made to the responsible proposer whose proposal was determined to be the most advantageous to the City, taking into consideration the price and such other factors or criteria that are set forth in the RFP. This determination shall be included in a Recommendation of Award. Each Recommendation for Award shall include at a minimum the following information:

(1) justification of the award;

(2) if the award is for goods, services, or construction for which there is agency price history, a price comparison of the proposed price versus previous price, if applicable, with the rationale for any increases supported by cost/price analysis data;

(3) reasons for multiple award, and multiple award task order contracts;

(4) any special terms and conditions included in the proposed contract via the use of cost/price analysis techniques;

(5) affirmative finding of responsibility for the selected proposer(s); and

(6) efforts to negotiate better value.

Upon determination of the most favorable proposal and after obtaining all required approvals, the Contracting Officer shall award the contract to that proposer.

Section 22. Section 3-04 of Title 9 of the Rules of the City of New York is amended to read as follows

(a) Policy. Negotiated acquisition may be used for all categories of procurement under the circumstances and subject to the conditions set forth in this section. Authority for approvals or determinations required by this section shall not be delegated, unless otherwise stated herein.

(b) Procedures.

(1) Preliminary Discussions. An agency may engage in preliminary discussions with a [supplier] **vendor** to explore the feasibility of a proposed negotiated acquisition. Discussions are not negotiations for the selection of a [supplier] **vendor**.

(2) The ACCO shall justify the use of the negotiated acquisition method by making a determination that it is not practicable and/or advantageous to award a contract by competitive sealed bidding or competitive sealed proposals due to one or more of the following circumstances and the basis thereof:

(i) there is a time-sensitive situation where a [supplier] **vendor** must be retained quickly because:

(A) an agency needs to respond to a court order, stipulation, or consent decree;

(B) funds available from a source outside the City will be lost to the City;

(C) an existing [supplier] **vendor** has been terminated, has defaulted, has withdrawn from, or has repudiated a contract, or has become otherwise unavailable, or an agency has decided not to renew or extend an existing contract in the best interest of the City and the agency requires a substitute or successor [supplier] **vendor**; or

(D) a compelling need for goods, services, construction, and/or construction-related services exists that cannot be timely met through competitive sealed bidding or competitive sealed proposals;

(ii) there is a limited number of [suppliers] **vendors** available and able to perform the work;

(iii) there is a compelling need to extend a contract one or more times beyond the now-permissible cumulative twelve-month limit, provided that the [supplier's] **vendor's** performance is satisfactory or that any deficiencies have been or are addressed or are effectively addressed through a corrective action plan, and the extension(s) is for the minimum time necessary to meet the need;

(iv) there is a need to procure legal services or consulting services in support of current or anticipated litigation, investigative or confidential services:

(A) in the case of legal services or consulting services in support of current or anticipated litigation, unless otherwise provided by law, the Corporation Counsel or designee shall make this determination;

(B) in the case of investigative or confidential services, the Mayor or designee, the Corporation Counsel, or the Commissioner of DOI, whichever is applicable, shall make this determination;

(v) there is a need to procure construction-related services for a later phase of an ongoing complex construction project from the same [supplier] **vendor** where it is not practicable to define the full scope of work at the beginning of the project, the original solicitation included notice that the selected [supplier] **vendor** may be the only [supplier] **vendor** eligible for later phases of the project, there are compelling programmatic reasons to use the same [supplier] **vendor** for the successive phases, and the [supplier's] **vendor's** performance is satisfactory;

(vi) there is a need to procure changed or additional work on an ongoing construction project when an agency wishes to retain a new [supplier] **vendor** because it is not practicable or

advantageous to award such work by change order or modification to the original [supplier] **vendor**;

(vii) there is a need to procure construction when, during an ongoing construction project, there is a compelling necessity to perform additional work, which constitutes a material change of scope, and the advantages of negotiating with either an existing [supplier] **vendor** or a limited number of other [suppliers] **vendors** clearly outweigh the disadvantages of a lack of competition; or

(viii) there is a need to procure investment services, as described herein.

(3) The CCPO shall approve the use of the negotiated acquisition method for a particular procurement or for a particular type of procurement prior to the solicitation of [supplier] **vendor**.

(4) The agency shall negotiate with all qualified [suppliers] **vendors** that have expressed interest unless the ACCO determines for a particular procurement or for a particular type of procurement that it is in the City's best interest to negotiate with fewer [suppliers] **vendors**, and the CCPO approves such determination.

(5) The ACCO or designee shall maintain a written record of the conduct of negotiations and the basis for every determination to continue or suspend negotiations with each [supplier] **vendor**.

(6) The ACCO shall make a determination that award of the contract is in the best interest of the City and the basis thereof.

(7) Subparagraph (2)(iii) shall not apply to construction.

(c) Investment Services. The preferred method for procuring investment services is competitive sealed proposals. Negotiated acquisition may be used for one or more City pension funds or variable supplements funds to award a contract to a [supplier] **vendor** that has been providing investment management services under a program to foster the growth of small or new investment managers ("the emerging manager program") as a manager or submanager, under the following conditions:

(1) the fund(s) have determined pursuant to a vote of its or their trustees, upon the presentation by the Comptroller or designee of his or her recommendation and after having been provided with a presolicitation report and such information from an investment consultant as the fund(s) deem necessary, that it is in the best interest of the fund(s) for the Comptroller to award a contract through negotiated acquisition;
(2) the term of an emerging manager investment management contract (including all renewal and extension periods) will expire or the emerging manager investment contract within which the submanager provided services has expired or been terminated;

(3) the services provided by the manager or submanager are still required;

(4) the assets under management have grown beyond the fund's maximum selection eligibility level so that the manager or submanager could not be selected to participate in the emerging manager program;

(5) in the case of a submanager, the assets under management of the submanager have grown sufficiently to make it eligible under the Comptroller's guidelines for a direct contract;

(6) there is no competitive sealed proposals process for the manager or submanager's eligibility level and type of investment service in which the manager or submanager could participate or could have participated so that the services which it provides would not be disrupted;

(7) the term or the new contract shall not extend beyond the commencement date of contracts awarded pursuant to a competitive sealed proposal process for a class of managers applicable to the manager or submanager for which the manager or submanager became eligible to compete, and in no event shall be longer than three years (including all renewal and extension periods);

(8) over the immediately preceding market cycle of at least three years, the manager or submanager has both (i) exceeded the performance of generally accepted indices applicable to the investment services provided, and (ii) performed in the top fifty percent of firms in the marketplace providing a similar kind of investment service, as measured by generally recognized performance benchmarks contained in the Comptroller's guidelines applicable to the investment service provided;

(9) upon the request of a trustee(s), an investment manager proposed for award under this provision shall be made available to respond to questions related to the proposed award; and

(10) no contract procured pursuant to this provision may be executed without the approval of the fund(s), pursuant to a vote of its or their trustees, after a presentation by the Comptroller or his or her designee and submission of the Recommendation for Award and proposed contract.

(d) Public Notice. This subdivision shall not apply to negotiated acquisition below the small purchase limits or where the Corporation Counsel or designee has made a determination that such notice may disclose litigation strategy or otherwise impair the conduct of litigation by the City.

(1) Notice of Intent to Enter into Negotiations. This paragraph shall not apply where negotiations will be entered into with [suppliers] **vendors** solicited solely from a PQL or where time constraints beyond the agency's control make such advance notice impractical.

(i) Frequency. Notice of intent to enter into negotiations shall be published in the City Record for five consecutive editions. The last date of publications of such notice shall appear no fewer than ten days before negotiations are expected to begin.

(ii) Content. Such notice of intent shall include:

(A) agency name;
(B) PIN;
(C) purchase description;
(D) estimated quantity, if any;
(E) name(s) of the proposed [supplier(s)] **vendor(s)**, if applicable;
(F) summary of the basis of the determination to use negotiated acquisition;
(G) projected contract start and expiration dates; and
(H) how [suppliers] **vendors** may express interest in the instant procurement or in such procurement in the future, as applicable.

(2) Notice of Award.

(i) Frequency. Notice of contract award shall be published at least once in the City Record within fifteen days after registration of the contract.

(ii) Content. Such notice of award shall include:

(A) agency name;
(B) PIN;
(C) purchase description;
(D) name and address of the [supplier] **vendor**;
(E) dollar value of the contract;
(F) date of the published notice of intent to enter into negotiation, if applicable; and
(G) contract start and expiration dates.

Section 23. Subdivision (a), subparagraph (i) of paragraph (1) of subdivision (c), clauses (E) and (G) of subparagraph (ii) of paragraph (1) of subdivision (c) and clause (D) of subparagraph (ii) of paragraph (2) of subdivision(c) of section 3-05 of Title 9 of the Rules of the City of New York are amended to read as follows:

(a) Conditions for use. Sole source procurement shall be used only when there is only one source for the required good, service, or construction. In such case, the accepted price and terms and conditions shall be achieved through negotiation between the agency and the **[supplier] vendor**. This section shall apply to all sole source procurements over $2,500.

*****

(c) Public notice.(1) Notice of intent to enter into sole source negotiations. If expressions of interest are received they shall be evaluated and, if it appears that the good, service, or construction is available from more than a single source, a solicitation shall be issued in accordance with Chapter 3 of these Rules.

(i) Frequency. After the ACCO determines that this procurement method will be used for purchases in excess of $10,000 for goods and services and $15,000 for construction and construction-related services, notice of the intent to enter into negotiations shall be published in the City Record for five consecutive editions no fewer than ten calendar days before negotiations are expected to begin. Such notice shall solicit expressions of interest from **[suppliers] vendors** qualified to compete on that procurement or in the future. This subdivision shall not apply in cases where Corporation Counsel has provided a written statement that such notice may jeopardize pending litigation or collective bargaining.

Section 24. Section 3-06 of Title 9 of the Rules of the City of New York is amended to read as follows:

(a) Definition of Emergency Conditions. An emergency condition is an unforeseen danger to life, safety, property, or a necessary service. The existence of such a condition creates an immediate and serious need for goods, services, or construction that cannot be met through normal procurement methods.

(b) Scope. An emergency procurement shall be limited to the procurement of those items necessary to avoid or mitigate serious danger to life, safety, property, or a necessary service.

(c) Authority to Make Emergency Purchases.

(1) Any agency may make an emergency procurement when an emergency arises and the agency's resulting need cannot be met through normal procurement methods.

(2) The Agency shall obtain the prior approval of the Comptroller and the Corporation Counsel.

(3) The Agency shall submit at the earliest practicable time a determination of the basis of the emergency and the selection of the contractor, as set forth in Section 3-06(e)(3) of these Rules to the Comptroller and the Corporation Counsel for approval as soon as possible.

(d) Source Selection. The procedure used shall assure that the required items are procured in time to meet the emergency. Given this constraint, such competition as is possible and practicable shall be obtained.

(e) Public Notice and Filing Requirements. Solicitations in emergency procurements are subject to the following public notice and reporting requirements:

(1) Solicitations pursuant to a finding of emergency are not required to be published in the City Record.

(2) The agency shall publish notice of the award of the emergency contract in accordance with Section 3-06(f).

Section 26. Subparagraphs (i), (ii) and (iii) of paragraph (1) of subdivision (c) and paragraphs (4) and (8) of subdivision (e) of section 3-08 of Title 9 of the Rules of the City of New York are amended to read as follows:

(c) Scope.

(1) Competition objective.

(i) Public notice of solicitation and award, presolicitation review report, Recommendation for Award, **[supplier]** **vendor** protests, written notice to the low bidder or offeror of non-responsiveness, VENDEX Questionnaire (unless the aggregate value of purchases, franchises, and concessions awarded to that **[supplier]** **vendor** including this one during the immediately preceding twelve-month period equals or exceeds $100,000), and public hearing shall not be required for small purchases awarded pursuant to this section.
(ii) For procurements the value of which is $5,000 or less, no competition is required except that in making purchases below this limit, Contracting Officers shall ensure that the noncompetitive price is reasonable and that purchases are distributed appropriately among responsible **[suppliers]** **vendors** . Documentation of such purchases shall identify the **[supplier]** **vendor** the item was purchased from, the item purchased, and the amount paid.

(iii) For procurements in value over $5,000 through the small purchase limits, at least five **[suppliers]** **vendors** shall be solicited at random from the appropriate small purchases bidder list for the particular goods, services, construction, or construction-related services being purchased, except where the bidders list consists of fewer than five **[suppliers]** **vendors**, in which case all **[suppliers]** **vendors** on the list shall be solicited. The agency may additionally solicit **[suppliers]** **vendors** who have responded to prior solicitations or whose names have been obtained through referrals from other City agencies, commercial buyers, or general market research. Agencies may additionally employ any small purchase technique sanctioned by DSBS that is not otherwise in violation of these Rules. Responsive bids or offers shall be obtained from at least two **[suppliers]** **vendors**. For purposes of this section, a response of "no bid" is not a responsive bid. If only one responsive bid or offer is received in response to a solicitation, an award may be made to that **[supplier]** **vendor** if the Contracting Officer determines that the price submitted is fair and reasonable and that other **[suppliers]** **vendors** had reasonable opportunity to respond.

(e) Record. The procurement file for a small purchase shall include, at a minimum:

Section 27 . Subdivision (c), subparagraphs (D) and (F) of paragraph (2) of subdivision (d) and paragraph (4) of subdivision (e) of section 3-09 of Title 9 of the Rules of the City of New York are amended to read as follows:

(c) Responsibility determination. Prior to making an intergovernmental or cooperative purchase, an agency shall make an affirmative finding of responsibility and may require from the **[supplier]** **vendor** the submission of a VENDEX Questionnaire.

(d) Public notice of award.

(4) the name and address of the **[supplier]** **vendor**;

Section 28 . Section 3-10 of Title 9 of the Rules of the City of New York is amended to read as follows:

(a) Policy. Prequalification allows an agency to evaluate the qualifications of **[suppliers]** **vendors** for provision of particular categories of goods, services, construction, or construction-related services (including subcategories based on expertise, size, dollar size of project, or other factors as determined by the ACCO) before issuing a solicitation for a specific contract. Procurement using a PQL shall be considered a "special case" under these Rules.

(b) "Special Case" Determination. Prior to using a list of prequalified [suppliers] **vendors** for a procurement, the ACCO shall make a determination that such procurement is a "special case" that requires the use of a prequalified list, that the list is composed of **[suppliers]** **vendors** that have been prequalified to provide the specified item(s) to be procured, and that the particular PQL is accurate, complete, and current. The ACCO may permit joint ventures of two or more prequalified suppliers from one or more PQLs, or may combine PQLs for a solicitation.

(c) Circumstances of Use. Prequalification shall be used only where the need for advance screening of **[suppliers']** **vendors'** qualifications outweighs the benefits of broader competition, as determined by the ACCO. Such circumstances include, but are not limited to, categories of procurement where:

(1) it is essential that only highly competent and experienced **[suppliers]** **vendors** be invited to bid,

(2) high volume and/or repetitive procurements necessitate reduction of paperwork and delays in the award of contracts, or

(3) the time between the occurrence of the need and the award of the contract must often be reduced to avert or respond to an emergency.

(d) Criteria. Criteria that may be used to prequalify **[suppliers]** **vendors** include, but are not limited to:

(1) current and past experience with similar projects;

(2) references, past performance, and reliability;

(3) organization, staffing (both members of staff and particular abilities and experience), and ability to undertake work;

(4) financial capability and availability of appropriate resources;

(5) record of compliance with all federal, State, and local laws, rules, licensing requirements, where applicable, and executive orders;

(6) use of subcontractors, and

(7) record of business integrity of **[supplier]** **vendor**.

(e) Public Notice.

(1) Frequency.

(i) For each category of procurement for which an agency maintains a PQL or intends to establish a new PQL, the ACCO shall publish in the City Record at least once annually for five consecutive editions a notice or notices specifically identifying each such category and inviting **[suppliers]** **vendors** to apply for inclusion on such PQL. Application for inclusion on such PQL shall be continuously available.

(ii) For each procurement not falling within a category for which a PQL has been established, but for which the agency intends to prequalify **[suppliers]** **vendors** prior to issuing a solicitation for such procurement, the ACCO shall publish in the City Record for five consecutive editions a notice of its intention to establish such a PQL and invite **[suppliers]** **vendors** to apply for inclusion. There shall be a cutoff date for receipt of prequalification questionnaires for such PQL.

(iii) When using a PQL for a procurement, publication of notice inviting **[suppliers]** **vendors** to apply for such PQL shall have occurred within one year prior to the issuance of the solicitation.

(iv) The CCPO shall cause to be published in the City Record a prominently placed continuous notice stating that New York City procurement policy encourages agencies to develop prequalified lists for various categories of goods, services, and construction. Information and applications to be included on such lists may be obtained from the ACCO at each agency, may be submitted to ACCOs at any time, and shall be approved or denied within ninety days from the date of submission.

(2) Content. The notice shall include the agency name, category of procurement, and information on how the **[supplier]** **vendor** may obtain an application.

(3) Updated PQLs. When using a prequalified list for a procurement, publication of notice soliciting **[suppliers]** **vendors** for such list shall have occurred within one year of the solicitation.

(f) Questionnaire. To apply for inclusion on a PQL, a **[supplier]** **vendor** must complete and submit an agency-developed prequalification questionnaire. At least once annually, and at the time of submitting any bid or proposal in response to a solicitation from a PQL, **[suppliers]** **vendors** shall affirm that there has been no change in the information included in the prequalification questionnaire, or shall supply such changed information.

(g) Making the Prequalification Decision. Prequalification questionnaires shall be reviewed by the ACCO and other agency personnel with knowledge, expertise, and experience sufficient to make a fair and reasonable determination, as appropriate. The ACCO shall have ninety days from the date of submission of a properly completed prequalification questionnaire to approve or deny prequalification.

(h) Solicitation from a PQL.

(1) Where a PQL has been established for a category of procurement or a particular procurement, the solicitation of bids or proposals for such procurement or category is not required to be publicly advertised, but may be limited to **[suppliers]** **vendors** on the PQL.

(2) Prequalified lists shall be reviewed at least once annually to ensure that firms that no longer meet prequalification standards are not retained on the list.

(i) Selective Solicitation from a PQL.

(1) Definition and Policy. Selective solicitation is the solicitation of bids or proposals from fewer than all the **[suppliers]** **vendors** on a PQL. This method may be used where time is of the essence or the benefits of additional competition are outweighed by the administrative cost of soliciting more than a minimum number of bids. A determination to utilize selective solicitation for a particular procurement or for a particular category of procurement shall be made in writing by the ACCO and approved by the CCPO.

(2) Methods of Selective Solicitation.

(i) Minimum Requirement. When selective solicitation is used, it is essential that a minimum level of competition be sought.

(ii) Random Selective Solicitation. Except as otherwise permitted by §§3-03(h) and 3-04(b) of these Rules, bids or proposals shall be solicited from a minimum of eight **[suppliers]** **vendors**, selected at random from the PQL.

(iii) Rotational Selective Solicitation. Rotational selective solicitation is permitted for construction and construction-related services pursuant to §3-03(h)of these Rules.

(iv) Selective Solicitation Based on a Determination that a **[Supplier(s)]** **Vendor(s)** is the Best Qualified. In the case of construction or construction-related services where selective solicitation based on a determination that a **[supplier(s)]** **vendor(s)** is the best qualified pursuant to §§3-03(h) and 3-04(b) of these Rules will be utilized, the evaluation committee established pursuant to §3-03(g) of these Rules or a separate committee, composed of no fewer than three persons with knowledge, expertise, and experience to make a fair and reasonable evaluation of the **[suppliers]** **vendors**, shall select a minimum of five **[suppliers]** **vendors** evaluated as being the best qualified for the construction or construction-related service. The committee shall make a determination of the basis for selecting each **[supplier]** **vendor**.

(v) Selective Solicitation and Multiple Awards. Where the solicitation will result

in the award of multiple contracts, the minimum number of [suppliers] vendors solicited shall be proportional to the number of anticipated awards (e.g., where two contracts are to be awarded, the agency must select a minimum of sixteen [suppliers] vendors, except that in the case of construction-related services to be procured pursuant to §3-03(h)(2)(i)(B) of these Rules, the agency must only select a minimum of six [suppliers] vendors; in the case of construction-related services to be procured pursuant to §3-03(h)(2)(ii) of these Rules where selection based on a "best qualified" determination is utilized, either alone or in combination with random and/or rotational selective solicitation, the agency must only select a minimum of ten [suppliers] vendors).

(j) Prequalification Not a Finding of Responsibility. The fact that a [supplier] vendor has been prequalified does not in and of itself represent a finding of responsibility for a particular procurement. Between the time of bid opening or receipt of proposals and contract award, the ACCO may determine that a prequalified [supplier] vendor is not responsible and, as such, should be removed from the PQL.

(k) PQL of Auditors. A PQL of auditors shall be maintained by the Comptroller in accordance with this section. An agency seeking to award an audit contract shall solicit only those [suppliers] vendors that have been prequalified by the Comptroller.

(l) Denial or Revocation of Prequalification.

(1) Any [supplier] vendor whose qualifications fail to meet the criteria established by the ACCO shall be denied prequalification. The prequalified status of a [supplier] vendor may be revoked on the basis of changed circumstance, conditions, or status of the [supplier] vendor or its staff, or additional information acquired by the agency, or further analysis of the information upon which the original prequalification determination was made where the new information or further analysis indicates that the [supplier] vendor does not meet the established criteria for prequalification.

(2) The ACCO shall notify the [supplier] vendor in writing of a denial or revocation of prequalification, stating the reasons upon which the determination is based and informing the [supplier] vendor of the right to appeal. The notification shall also include the following statement:

The [supplier] vendor shall send a copy of its appeal to the New York City Comptroller, for informational purposes, at the Office of the New York City Comptroller, Office of Contract Administration, 1 Centre Street, Room 1005, New York, NY 10007, (212) 669-2323.

A copy of the ACCO's determination shall also be sent to the CCPO for inclusion in the VENDEX database and to the Comptroller's Office.

(3) A prequalified [supplier] vendor that fails to respond to three consecutive solicitations shall be deemed to have withdrawn from the PQL. For purposes of this subdivision, a response of "no bid" or "no proposal" shall be considered a response to a solicitation. No appeal shall be considered from a deemed withdrawal from a PQL, but a [supplier] vendor who has been so removed may apply for reinstatement by submitting a new prequalification questionnaire.

(m) Appeal of Denial or Revocation of Prequalification.

(1) Time Limit. A [supplier] vendor shall have fifteen days from receipt of the determination to file a written appeal of that determination with the Agency Head. Receipt of notice by the [supplier] vendor shall be deemed to be no later than five days from the date of mailing or upon delivery, if delivered. Filing of the appeal shall be accomplished by actual delivery of the appeal document to the office of the Agency Head.
(2) Form and Content. The appeal shall be in writing and shall briefly state all the facts or other basis upon which the [supplier] vendor contests the agency determination. Supporting documentation, if any, shall be included.

(3) Determination. The Agency Head shall consider the appeal, and shall make a prompt written decision with respect to its merits, except when such appeal relates to a DLS determination of non-compliance with equal employment opportunity requirements. Under such exception, the head of DLS shall consider the appeal and shall promptly inform the Agency Head in writing of his/her determination on the merits. The Agency Head or head of DLS (as applicable) may in his/her sole discretion convene an informal conference with the [supplier] vendor and the ACCO to resolve the issue by mutual consent prior to making a determination.

(4) Notification. A copy of the decision of the Agency Head or the head of DLS shall be sent to the [supplier] vendor, stating the reasons upon which the decision is based and informing the [supplier] vendor of the right to appeal. A copy of such determination shall be sent to the CCPO for any modification to the VENDEX database and to the Comptroller's Office.

(5) Appeal to OATH. The decision of the Agency Head or the head of DLS shall be final unless appealed to OATH. If a [supplier] vendor wishes to contest the Agency Head/head of DLS decision, it may appeal to OATH, which shall hear and take final action in the matter in accordance with its rules. The petition to OATH shall be filed by the [supplier] vendor within fifteen days of the date of the decision. Supporting documentation, if any, shall be included. The [supplier] vendor shall, at the same time, send a copy of its appeal to the Agency Head, CCPO, and Comptroller's Office.

The agency shall forward a copy of all appeal-related documents within fourteen days of its receipt of the copy of the [supplier's] vendor's appeal to OATH. OATH shall review the decision and determine whether that decision is arbitrary or capricious. Copies of OATH's determination shall be sent to the [supplier] vendor, Agency Head, CCPO for any modification to the VENDEX database, and Comptroller's Office.

To the extent required by Section 322 of the Charter, an agency determination to utilize an alternative procurement procedure for a particular procurement or for a particular type of procurement shall require the approval of the Mayor prior to seeking bids or proposals. A performance evaluation shall be done no less than once annually except that for procurements of goods by competitive sealed bid and procurements below the small purchase limits, an evaluation report shall be prepared only in cases of deficient performance. Such response shall include a corrective action plan identifying with specificity the steps the [supplier] vendor intends to take to remedy any deficiencies identified by the agency. Failure to respond within the specified time shall constitute the [supplier's] vendor's agreement with the contents of the report, but will not release the [supplier] vendor from its obligations under this section. (a) Policy. It is the policy of the City of New York to process contract payments efficiently and expeditiously so as to assure payment in a timely manner to firms and organizations that do business with the City.

(b) Definitions. In this subsection, the following words have the meanings indicated.

Applicable Interest Rate. Interest shall be the maximum amount allowed by law or such lower interest rate as may be set jointly by the Comptroller and OMB.
Designated Billing Office. The office or employee designated in the contract to which a proper invoice is to be submitted by a contractor.

Discount Date. The date by which, if payment is made, a specified invoice payment reduction, or discount, can be taken.

Invoice Received or Acceptance Date ("IRA Date") – Goods and Services.

(i) For purposes of determining a payment due date for goods and services and the date on which interest will begin to accrue and for no other purpose, an invoice received or acceptance date ("IRA date") is defined as the later of :

(A) the date a proper invoice is actually received by the designated billing office if the agency annotates the invoice with the date of receipt at the time of receipt, or

(B) the seventh day after either the date on which the goods are actually delivered or the services are actually performed, unless:

((a)) the agency has actually accepted and approved the goods or the services before the seventh day (in which case the acceptance date shall substitute for the seventh day after the delivery or performance date), or

((b)) a longer acceptance period is required by law or included in the contract to afford the agency a practicable opportunity to inspect, test, and accept the goods or evaluate the services (in which case the date of actual acceptance or the date on which such longer acceptance period ends shall substitute for the seventh day after the delivery or performance date).

Invoice Received or Acceptance Date ("IRA Date") – Construction and Construction-Related Services. For construction, for purpose of determining a payment due date and the date on which interest will begin to accrue and for no other purpose, an invoice received or acceptance date ("IRA date") is defined as the date when the field engineer certifies on the payment requisition that the work has been accepted.

Proper Invoice. A written request for a contract payment that is submitted by a supplier in good faith setting forth the description, price, and quantity of goods or services delivered or rendered, in such form and supported by such documentation as an agency may require, and any other documents required by contract.

Required Payment Date or Interest Eligibility Date. The date by which a contract payment must be made in order for an agency not to become liable for interest payments.

Receiving Report. This report may be used by a receiving unit to inform others, such as the purchasing, warehousing, accounting, and quality assurance departments, of the receipt of goods purchased or acceptance of services rendered. A receiving unit may, in some cases, also verify that goods and services conform to specification requirements and may include on the receiving report evidence of the acceptance of the goods and services.

Retainage. The right of the City pursuant to a contract and/or law to withhold from the invoice and retain a specified percentage of payment until such time as it is to be released pursuant to the contract and/or law.

(c) Standards for Prompt Payment.

(1) Starting the Payment Period. The period available to an agency to make a timely payment of an invoice without incurring an interest penalty shall begin on the IRA date.

(2) Required Payment Date. The required payment date shall be:

(i) thirty days; or

(ii) in the case of contract changes, sixty days; or

(iii) in the case of substantial completion payments or final payments on construction contracts, sixty days after the IRA date, except as described in paragraph (3) below; or

(iv) except as provided in subdivision (d)(4)(iv), the required payment date for the release of retained amounts shall be in accordance with the contract and law, and thirty days after the submission of a proper invoice for the return of the retained amounts.

(3) Extension of the Required Payment Date. The date by which a contract payment may be made without the payment of interest may be extended by the time taken to satisfy or rectify any of the following:

(i) the Comptroller, in the course of an audit, determines that there is reasonable cause to believe that payment may not be properly due, in whole or in part, due to fault of the supplier;

(ii) the necessary City, State, or federal government appropriation required to authorize payment has not been made;

(iii) a proper invoice must be examined by the State or federal government prior to payment;

(iv) the goods have not been delivered or the construction or services have not been performed in compliance with the terms and conditions of the contract;

(v) in the case of substantial or final payments on construction contracts, the ACCO determines that the supplier has failed to properly submit the necessary documents and other submissions prescribed by the contract specifications and requirements or by law in order to enable the agency to process the final payment properly and expeditiously; and

(vi) when the required payment date falls on a weekend or City holiday, the required payment date shall be extended to the next following business day.

(4) Proper Invoice Required to Initiate Payment. A proper invoice submitted by the supplier shall be required to initiate payment, except where the contract provides that the supplier will be paid at predetermined intervals without having to submit an invoice for each scheduled payment.

(5) Receipt and Acceptance of Goods and Services. Agencies shall ensure that receipt and acceptance are executed within seven days unless otherwise specified in the contract. Receiving reports and invoices shall be stamped or otherwise annotated with the date upon receipt in the designated billing office.

(d) Interest Eligibility and Computation.

(1) Eligibility. When payments are made after the required payment date, interest shall be paid to the supplier based on the IRA date. Interest shall be computed at the maximum amount allowed by law, or such lower rate set jointly by the Comptroller and OMB. Such interest rate shall not apply to contracts where, as part of the contract obligation, the City is required to pay an interest rate other than the rate determined by the Comptroller and OMB.

(2) The interest rate shall be reviewed every six months by the Comptroller and OMB to determine its continued applicability. The new interest rate for each upcoming six-month period, i.e., July 1 through December 31/January 1 through June 30, shall take effect on payments made on or after the effective date and shall be published by the CCPO in the City Record as soon as is practicable after such determination is made, not to exceed thirty days. The CCPO shall notify in writing all ACCOs of this action.

(3) Interest shall not be paid where:

(i) payment on the invoice is delayed because of a disagreement between an agency and a supplier over the amount of the payment and other issues concerning compliance with the terms of a contract. Payments shall be made, and as required by these Rules, interest shall be paid, on undisputed amounts;

(ii) the failure to make the contract payment is the result of a lien, attachment, or other legal process against the money due to the supplier;

(iii) amounts are temporarily withheld in accordance with the contract; or

(iv) the amount of the interest payment is less than twenty-five dollars.

(4) The following types of payments are ineligible for interest:

(i) payments under the eminent domain law;

(ii) payments to the federal government, to any state or City agency or their instrumentalities, to any duly constituted unit of local government or any of their related instrumentalities, to any public authority or public benefit corporation;

(iii) payment in a situation where the City takes a deduction permitted by law or contract against all or part of a payment due the supplier; or

(iv) where, for reasonable cause, the City determines not to release or to reduce retainage upon completion or substantial completion of a construction contract.

(5) Interest that is due shall be paid within twenty days of payment of the original invoice. The failure to make an interest payment within such twenty days shall not generate additional interest.

(6) The Comptroller and OMB may, for a limited period of time not to exceed thirty days per calendar year, jointly defer the City's obligation to pay interest when the City is experiencing a shortage of cash. In such event, the CCPO shall provide, at the earliest practicable opportunity, written notice to ACCOs of this action and its expected duration. Notice of this action shall be published by the CCPO in the City Record as soon as is practicable after such determination is made, not to exceed thirty days. The CCPO shall provide similar written notice of subsequent action either to extend or cancel this period of deferral.

(e) Additional Requirements for Construction and Construction-Related Services Contracts.

(1) Progress Payment. An agency may not approve a request for a progress payment unless the request includes:

(B) a clause requiring the prime contractor to include in each of its subcontracts a provision requiring each subcontractor to include the same payment clause in their contracts with each lower-tier subcontractor or supplier.

(ii) If a prime contractor is paid interest earned due to late payments by an agency, the proportionate share of that interest shall be forwarded by the prime contractor to the subcontractor.

(f) Determination of Appropriations Against Which Interest Penalties Shall Be Charged. Except where otherwise required by law, an interest payment required by these Rules shall be paid from the agency expense budget of the agency awarding the contract, provided however that if the obligation to make an interest payment is incurred in whole or in part due to another agency's involvement in the payment process, then the portion of the total interest payment that is attributable to delays by that agency shall be charged to that agency's miscellaneous budget.

(g) Responsibilities. Each Agency Head is responsible for the following:

(1) assuring timely payments and the payment of interest penalties where required;

(2) publishing lists of designated agency contacts within their payment centers or finance offices to provide suppliers with assistance in determining the status of their invoices;

(1) Report Contents. The annual prompt payment report shall contain the following information for both expense and capital expenditures:

(i) agency performance in descending order by percentage of on-time payments,

(ii) amount and percentage paid by the "Required Payment Date" or "Interest Eligibility Date" by agency in descending order as contrasted with the total amount eligible for payment,

(iii) distribution of interest penalties paid by agencies as a result of late payments, and

Section 36. Section 4-07 of Title 9 of the Rules of the City of New York is amended to read as follows

(a) Policy. When a **[supplier] vendor** fails to perform or defaults on an existing contract for goods or services, and there is a continued need for the goods or services, an agency may obtain the required goods or services, as specified in the original contract, or any part thereof, from a successor **[supplier] vendor**, pursuant to this section. In soliciting for the successor **[supplier] vendor**, the ACCO shall obtain competition to the maximum extent practicable under the circumstances. Prior to the solicitation, the ACCO shall make a determination, including the basis thereof, that the method of source selection is in the best interest of the City. The method of source selection may include, but is not limited to, award to either the second lowest responsive and responsible bidder or next most advantageous proposer on the original solicitation at a price agreed upon between the bidder or proposer and the City. The term of a buy-against contract shall not exceed the balance of the term remaining on the original contract, without renewals, or such interval necessary to complete the original contract work as agreed upon by the ACCO and the **[supplier] vendor** , whichever is longer. In addition, the ACCO shall, unless there are compelling mitigating circumstances, charge the non-performing **[supplier] vendor** for any difference in price resulting from the buy-against contract, together with any administrative charge established by the agency, and shall, as appropriate, invoke such other sanctions as are available.

(b) Notice of **[supplier] vendor** selection.

*****

(2) Content. Such notice shall include:

*****

(iv) Name and address of the successor **[supplier] vendor** and of the original **[supplier] vendor** ,

Section 37. Subdivisions (b) and (d) of section 4-08 of Title 9 of the Rules of the City of New York are amended to read as follows:

(b) Definition. Completion contracts are contracts entered into by an agency with a **[supplier] vendor** for completion of all or part of the work of a construction or construction-related service contract. Completion contracts shall not be considered new procurements.

*****

(d) Completion pursuant to contract terms and conditions. The agency may, consistent with the guidelines set forth below, include provisions in construction and construction-related service contracts for completion contracts to be used in the event of default or termination for cause.

(1) The ACCO shall select from the following alternatives the most competitive alternative appropriate under the circumstances. The ACCO shall document the reasons that this is the most competitive alternative appropriate under the circumstances.

The following methods, in decreasing order of competitiveness may be used:

(i) solicitation of sealed bids through public notice. Notice of the availability of the IFB shall be publicly advertised at least once in the City Record. Individual notice to bidders in accordance with Section 3-02(e) of these Rules shall not be required, but the published notice shall contain all the information required by Section 3-02(e);

(ii) award to either the next lowest responsive and responsible bidder or next most advantageous responsive and responsible proposer on the original solicitation at a price agreed upon between the bidder or proposer and the City;

(iii) solicitation of sealed bids or proposals from a prequalified list prepared in accordance with Section 3-10 of these Rules;-

*****

(iv) solicitation of sealed bids or proposals from a Special Completion Contract Bidders or Proposers List. The ACCO may develop a list of available **[suppliers] vendors** competent to perform the completion contract and seek bids or proposals from at least three such **[suppliers] vendors**; or

Section 38. Subdivisions (a), (c), (d), (e) and (g) of section 4-09 of Title 9 of the Rules of the City of New York are amended to read as follows:

Applicability. This section shall apply to disputes between the City and a **[supplier] vendor** that arise under, or by virtue of, a contract between them. All contracts shall include a clause providing that all disputes of the kind delineated herein shall be finally resolved in accordance with the provisions of this section. Parties to contracts that do not contain this clause may by written agreement consent to the resolution of any disputes pursuant to this section.

(1) This section shall not apply to disputes concerning matters dealt with in other sections of these Rules or to disputes involving patents, copyrights, trademarks, or trade secrets (as interpreted by the courts of New York State) relating to proprietary rights in computer software.

(2) For construction, this section shall apply only to disputes about the scope of work delineated by the contract, the interpretation of contract documents, the amount to be paid for extra work or disputed work performed in connection with the contract, the conformity of the **[supplier's] vendor's** work to the contract, and the acceptability and quality of the **[supplier's] vendor's** work; such disputes arise when the Engineer, Resident Engineer, Engineering Audit Officer, or other designee of the Agency Head under the contract (as defined in the contract) makes determination with which the **[supplier] vendor** disagrees.

(b) General Provisions. All determinations required by this section shall be clearly stated, with a reasoned explanation for the determination based on the information and evidence presented to the party making the determination. Failure to make such determination within the time required by this section shall be deemed a non-determination without prejudice that will allow application to the next level.

(c) Work to continue. During such time as any dispute is being presented, heard, and considered pursuant to this section, the contract terms shall remain in force and work shall continue as directed by the ACCO or Engineer. Failure of the **[supplier] vendor** to continue the work as directed shall constitute a waiver by the **[supplier] vendor** of its claim.

(d) Presentation of dispute to agency head.

(1) Notice of dispute and agency response. The **[supplier] vendor** shall present its dispute in writing ("Notice of Dispute") to the Agency Head within the time specified by the contract or, if no time is specified, within thirty days of receiving written notice of the determination or action that is the subject of the dispute. This notice requirement shall not be read to replace any other notice requirements contained in the contract. The Notice of Dispute shall include all the facts, evidence, documents, or other basis upon which the **[supplier] vendor** relies in support of its position, as well as a detailed computation demonstrating how any amount of money claimed by the **[supplier] vendor** in the dispute was arrived at. Within thirty days after receipt of the complete Notice of Dispute, the ACCO or, in the case of construction, the Engineer, Resident Engineer, Engineering Audit Officer, or designee of the Agency Head under the contract, as applicable, shall submit to the Agency Head all materials he or she deems pertinent to the dispute. Following initial submissions to the Agency Head, either party may demand of the other the production of any document or other material the demanding party believes may be relevant to the dispute. The requested party shall produce all relevant materials that are not otherwise protected by a legal privilege recognized by the courts of New York State. Any question of relevancy shall be determined by the Agency Head whose decision shall be final. Willful failure of the **[supplier] vendor** to produce any requested material whose relevancy the **[supplier] vendor** has not disputed, or whose relevancy has been affirmatively determined, shall constitute a waiver by the **[supplier] vendor** of its claim.

(2) Agency head inquiry. The Agency Head shall examine the material and may, in his or her discretion, convene an informal conference with the **[supplier] vendor** and the ACCO and, in the case of construction, the Engineer, Resident Engineer, Engineering Audit Officer, or designee of the Agency Head under the contract, as applicable, to resolve the issue by mutual consent prior to reaching a determination. The Agency Head may seek such technical or other expertise as he or she shall deem appropriate, including the use of neutral mediators, and require any such additional material from either or both parties as he or she deems fit. The Agency Head's ability to render, and the effect of, a decision hereunder shall not be impaired by any negotiations in connection with the dispute presented, whether or not the

Agency Head participated therein. The Agency Head may or, at the request of any party to the dispute, shall compel the participation of any other [supplier] vendor with a contract related to that of the party presenting the dispute, and that [supplier] vendor shall be bound by the decision of the Agency Head. Any [supplier] vendor thus brought into the dispute resolution proceeding shall have the same rights and obligations under this section as the [supplier] vendor initiating the dispute.

(3) Agency head determination. Within thirty days after the receipt of all materials and information, or such longer time as may be agreed to by the parties, the Agency Head shall make his or her determination and shall deliver or send a copy of such determination to the [supplier] vendor and ACCO and, in the case of construction, the Engineer, Resident Engineer, Engineering Audit Officer, or designee of the Agency Head under the contract, as applicable, together with a statement concerning how the decision may be appealed.

(4) Finality of agency head decision. The Agency Head's decision shall be final and binding on all parties, unless presented to the CDRB pursuant to this section. The City may not take a petition to the CDRB. However, should the [supplier] vendor take such a petition, the City may seek, and the CDRB may render, a determination less favorable to the [supplier] vendor and more favorable to the City than the decision of the Agency Head.

(e) Presentation of dispute to the comptroller. Before any dispute may be brought by the [supplier] vendor to the CDRB, the [supplier] vendor must first present its claim to the Comptroller for his or her review, investigation, and possible adjustment.

(1) Time, form, and content of notice. Within thirty days of receipt of a decision by the Agency Head, the [supplier] vendor shall submit to the Comptroller and to the Agency Head a Notice of Claim regarding its dispute with the agency. The Notice of Claim shall consist of (i) a brief statement of the substance of the dispute; the amount of money, if any, claimed; and the reason(s) the [supplier] vendor contends the dispute was wrongly decided by the Agency Head; (ii) a copy of the decision of the Agency Head; and (iii) a copy of all materials submitted by the [supplier] vendor to the agency, including the Notice of Dispute. The [supplier] vendor may not present to the Comptroller any material not presented to the Agency Head, except at the request of the Comptroller.

(2) Agency Response. Within thirty days of receipt of the Notice of Claim, the agency shall make available to the Comptroller a copy of all material submitted by the agency to the Agency Head in connection with the dispute. The agency may not present to the Comptroller any material not presented to the Agency Head except at the request of the Comptroller.

(3) Comptroller investigation. The Comptroller may investigate the claim in dispute and, in the course of such investigation, may exercise all powers provided in Sections 7-201 and 7-203 of the New York City Administrative Code. In addition, the Comptroller may demand of either party, and such party shall provide, whatever additional material the Comptroller deems pertinent to the claim, including original business records of the [supplier] vendor. Willful failure of the [supplier] vendor to produce within fifteen days any material requested by the Comptroller shall constitute a waiver by the[supplier] vendor of its claim. The Comptroller may also schedule an informal conference to be attended by the [supplier] vendor, agency representatives, and any other personnel desired by the Comptroller.

(4) Opportunity of comptroller to compromise or adjust claim. The Comptroller shall have forty-five days from his or her receipt of all materials referred to in (e)(3) to investigate the disputed claim. The period for investigation and compromise may be further extended by agreement between the [supplier] vendor and the Comptroller, to a maximum of ninety days from the Comptroller's receipt of all materials. The [supplier] vendor may not present its petition to the CDRB until the period for investigation and compromise delineated in this section has expired. In compromising or adjusting any claim hereunder, the Comptroller may not revise or disregard the terms of the contract between the parties.

*****

(g) Petition to CDRB. In the event the claim has not been settled or adjusted by the Comptroller within the period provided in this section, the [supplier] vendor, within thirty days thereafter, may petition the CDRB to review the Agency Head determination.

(1) Form and content of petition by [supplier] vendor. The [supplier] vendor shall present its dispute to the CDRB in the form of a Petition, which shall include (i) a brief statement of the substance of the dispute; the amount of money, if any, claimed; and the reason(s) the [supplier] vendor contends that the dispute was wrongly decided by the Agency Head; (ii) a copy of the decision of the Agency Head; (iii) copies of all materials submitted by the [supplier] vendor to the agency; (iv) a copy of the decision of the Comptroller, if any; and (v) copies of all correspondence with, and material submitted by the [supplier] vendor to, the Comptroller's Office. The [supplier] vendor shall concurrently submit four complete sets of the Petition: one to the Corporation Counsel (Attn: Commercial and Real Estate Litigation Division), and three to the CDRB at OATH's offices, with proof of service on the Corporation Counsel. In addition, the [supplier] vendor shall submit a copy of the statement of the substance of the dispute, cited in (i) above, to both the Agency Head and the Comptroller.

(2) Agency response. Within thirty days of receipt the Petition by the Corporation Counsel, the agency shall respond to the statement of the [supplier] vendor and make available to the CDRB all material it submitted to the Agency Head and Comptroller. Three complete copies of the agency response shall be submitted to the CDRB at OATH's offices and one to the [supplier] vendor . Extensions of time for submittal of the agency response shall be given as necessary upon a showing of good cause or, upon the consent of the parties, for an initial period of up to thirty days.

(3) Further proceedings. The Board shall permit the [supplier] vendor to present its case by submission of memoranda, briefs, and oral argument. The Board shall also permit the agency to present its case in response to the [supplier] vendor by submission of memoranda, briefs, and oral argument. If requested by the Corporation Counsel, the Comptroller shall provide reasonable assistance in the preparation of the agency's case. Neither the [supplier] vendor nor the agency may support its case with any documentation or other material that was not considered by the Comptroller, unless requested by the CDRB. The CDRB, in its discretion, may seek such technical or other expert advice as it shall deem appropriate and may seek, on it own or upon application of a party, any such additional material from any party as it deems fit. The CDRB, in its discretion, may combine more than one dispute between the parties for concurrent resolution.

(4) CDRB Determination. Within forty-five days of the conclusion of all submissions and oral arguments, the CDRB shall render a decision resolving the dispute. In an unusually complex case, the CDRB may render its decision in a longer period of time, not to exceed ninety days, and shall so advise the parties at the commencement of this period. The CDRB's decision must be consistent with the terms of the contract. Decisions of the CDRB shall only resolve matters before the CDRB and shall not have precedential effect with respect to matters not before the CDRB.

(5) Notification of CDRB decision. The CDRB shall send a copy of its decision to the [supplier] vendor, the ACCO, the Corporation Counsel, the Comptroller, the CCPO, the Office of Construction, the PPB, and, in the case of construction, the Engineer. A decision in favor of the [supplier] vendor shall be subject to the prompt payment provisions of these Rules. The Required Payment Date shall be thirty days after the date the parties are formally notified of the CDRB's decision.

The period of such extension shall be equal to the period of such delay caused by the [supplier] vendor. When an issue regarding delay is raised by either party or the administrative law judge, the [supplier] vendor shall bear the burden of demonstrating that the delay was not caused by the [supplier] vendor.

(3) Appeal. All suspensions may be appealed as set forth herein.

(i) Time limit. A [supplier] vendor shall have ten days from receipt of the agency's notification to file a written appeal with the Agency Head. Receipt of notice by the [supplier] vendor shall be deemed to be no later than five days from the date of mailing or upon delivery, if delivered. Filing of the appeal shall be accomplished by actual delivery of the appeal document to the office of the Agency Head

(ii) Form and Content. The appeal shall be in writing and shall briefly state all the facts or other basis upon which the [supplier] vendor contests the suspension. Supporting documentation, if any, shall be included.

(iii) Determination. Solicitation, award, or performance of a procurement shall not be delayed, except at the discretion of the Agency Head, because of an appeal filed pursuant to this section. The Agency Head shall consider the appeal and shall make a prompt written decision with respect to its merits, a copy of which shall be sent to the [supplier] vendor. The Agency Head's decision shall be final. The Agency Head may not delegate the authority to make a decision on the appeal to the ACCO.

(i) The proceedings shall be conducted in accordance with the rules of OATH. The hearing shall be limited to the allegations and other issues placed in controversy by the pleadings.

(2) The [supplier] vendor shall file an answer within the time provided by the rules of OATH. The answer shall include an admission, denial, or other response to each of the allegations in the petition, and the omission of such a response to any allegation in the petition shall be deemed an admission of that allegation. Should the [supplier] vendor fail to file a timely answer to the petition, all of the allegations of the petition shall be deemed to be admitted, and the hearing shall be limited to submissions and argument concerning the scope and period of the debarment to be imposed.

(3) At any time before any debarment, the [supplier] vendor and the petitioning agency may enter into an informal disposition agreement relating to the debarment.

(e) Scope of sanctions.

(1) OATH may, in debarring a [supplier] vendor, disqualify that [supplier] vendor from being awarded a procurement, performing as a subcontractor, providing supplies for a procurement, and/or exercising a renewal option. OATH may impose such sanctions upon the [supplier's] vendor's activities with a single agency or any combination of agencies, and to a single type of procurement or any combination of procurement types. The period of debarment, including any suspension pending OATH's decision, may not exceed five years. In determining the scope or period of a [supplier'] vendor's debarment, OATH may impose such conditions on the [supplier's] vendor's City activities as it considers appropriate, including, but not limited to, monitoring of the [supplier'] vendor's future procurement activities with the City.

(2) At the time of debarment, or at any time thereafter, any Agency Head may exercise the City's right to terminate for convenience an existing contract between that agency and the debarred [supplier] vendor, or may prohibit any modification, extension, or renewal of any such contract. In such case, the [supplier] vendor shall be entitled to receive only payment for the work performed until that point.

(f) Notice.

(1) The agency shall forward copies of all documents required or permitted by this section to OATH, Corporation Counsel, the CCPO, the Comptroller, DOI, and the PPB. The CCPO shall include all pertinent information in the VENDEX database.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council**, 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists--free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.
