With the placement of the (E) designations on the above block and lots, no impacts related to stationary source air quality would be expected.

An (E) designation for noise will be placed on one potential development site. The (E) designation will be mapped on the following parcel:

Block 5326, Lots 70 and 72

The text of the (E) designation for noise for the above properties is as follows:

In order to ensure an acceptable interior noise environment, future residential/commercial uses must provide a closed window condition with a minimum of 45 dB(A) window/wall attenuation in order to maintain an interior noise level of 45 dB(A). In order to maintain a closed-window condition, an alternate means of ventilation must also be provided. Alternate means of ventilation includes, but is not limited to, central air conditioning or air conditioning sleeves containing air conditioners or HUD-approved fans.

With the placement of the (E) designation for noise on Block 5326, Lots 70 and 72 no impacts related to noise are expected.

THE 2005 FINDINGS REGARDING THE PRICE CHANGES AND MAXIMUM CONSUMPTION STANDARDS FOR HEATING FUELS PURSUANT TO THE FUEL COST ADJUSTMENT LAW FOR RENT CONTROLLED TENANTS

The findings of price changes for heating fuels from January 1, 2004 to December 31, 2004 are shown in Table 1. They are based on a study of heating oil prices provided by the Journal of Commerce, the NYS Energy Research and Development Authority (NYSERDA) and the NYC Rent Guidelines Board, rate schedules for utility companies providing heating fuel, and a survey of retail coal vendors.

Table I:
Price Changes for Heating Fuels from January 1, 2004 to December 31, 2004

TYPE OF FUEL	PRICE CHANGE	PER UNIT OF FUEL
#2 Oil	+$0.4933(increase)	Gallon
#4 Oil	+$0.3438(increase)	Gallon
#6 Oil	+$0.1822(increase)	Gallon
Gas: Brooklyn Union Gas	+$0.2033(increase)	Ccf(100 (Cubic ft.)
Gas: Con Edison	+$0.1555(increase)	Ccf
Gas: Keyspan (LIPA)	+$0.1403(increase)	Ccf
Gas—Temperature controlled or Interruptible Gas Systems only:		
Brooklyn Union Gas	+$0.3503(increase)	Ccf
Con Edison	+$0.2325(increase)	Ccf
Electricity	+$0.0011(increase)	KWH (Kilowatt Hr.)
Steam	+$6.7987(increase)	MLB (1,000 lbs.)
Coal	+$23.9488(increase)	Ton

Based upon consumption patterns in rent controlled properties which use heating oil and using British Thermal Unit (BTU) equivalents for various types of heating fuels, the Annual Maximum Consumption Standards are shown in Table II below.

Table II:
Annual Maximum Consumption Standards Per Room from January 1, 2004 to December 31, 2004

TYPE OF FUEL	HEAT AND HOT WATER	HOT WATER ONLY
Oil (All Types)	200 Gallons	55 Gallons
Gas	270 Ccf	75 Ccf
Electricity	8,120 KWH	2,244 KWH
Steam	27.8 MLBS	7.6 MLBS
Coal	1.08 Tons	0.30 Tons

The rent adjustment is calculated by multiplying the Price Change by the Actual Annual Consumption Per Room, not to exceed the Annual Maximum Consumption Standard Per Room for the Type of Fuel used in the building. That amount is then multiplied by seventy-five per cent (75%) and divided by twelve to arrive at the Monthly Rent Adjustment Per Room for the building.

Promulgated on this twenty-seventh day of January 2005, pursuant to Local Law #20 of 1980.

DEVELOP TRANSITIONAL RESIDENCE FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – Competitive Sealed Proposals – Judgment required in evaluating proposals - PIN# 071-00S-003-262 – DUE 01-03-06 AT 5:00 P.M. – The Department of Homeless Services is soliciting proposals from organizations interested in developing and operating transitional residences for homeless adults and families including the Neighborhood Based Cluster Residence and drop-in centers for adults. This is an open-ended solicitation; there is no due date for submission. Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-forth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the transitional residence contracts will range from 3 to 20 years including renewal options and depending on the financial terms and conditions.

Pursuant to Section 312 (c) (1) (ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgment is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03 (c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences in order to address the need to create additional shelter capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated as a for-profit entity; 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed Standalone facility location(s); and 3) must demonstrate an intent to enter into lease agreements with the owner(s) or management designee(s) for each property.

Any organization that believes it can provide these services may contact: John Iaffaldano, Associate Staff Analyst, Office of Contracts and Procurement at the Department of Homeless Services at (212) 361-8435, 33 Beaver Street, 13th Floor, NY, NY 10004, to request a copy of the RFP application, which is available for pick-up Monday through Friday on business days between the hours of 9:00 a.m. to 5:00 p.m.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/ blueprints; other information; and for opening and reading of bids at date and time specified above.

Statement of Basis of Purpose

On December 22, 2003, Mayor Michael Bloomberg signed Local Law 77 for the year 2003. The law amended the Administrative Code of the City of New York in relation to the use of ultra low sulfur diesel fuel ("ULSDF") and the best available technology ("BAT") by nonroad vehicles in city construction. The law requires that any diesel-powered nonroad vehicle, fifty horsepower and greater, that is owned by, operated by or on behalf of, or leased by a City agency be powered by ULSDF and utilize BAT for reducing the emission of pollutants. The law provides that the Commissioner of the Department of Environmental Protection shall make determinations, and shall publish a list of such determinations, as to the BAT for reducing the emission of pollutants to be used for each type of diesel-powered nonroad vehicle affected by the law.

This rulemaking sets forth the initial determinations of the Commissioner as to what constitutes BAT for the purposes of compliance with section 24-163.3 of the Administrative Code. In addition, it sets forth the method for obtaining a waiver from the BAT requirements as provided by subdivision k of section 24-163.3.

The Rules are authorized by section 1403 of the Charter of the City of New York and section 24-163.3 of the Administrative Code of the City of New York.

For each type of nonroad vehicle subject to the BAT requirement, the contractor or agency operating such type of vehicle must identify, in list form, all types of pollution control technologies that qualify as BAT in Category I for such nonroad vehicle.

(b) All types of pollution control technologies identified by the contractor or agency as Category I BAT that are not technologically feasible for use with the subject type of nonroad vehicle are to be eliminated from the list of Category I BAT. To eliminate a specific type of pollution control technology, the contractor or agency must demonstrate to the satisfaction of the Commissioner and document that operational constraints or physical, chemical or engineering principles preclude the successful and effective use of the nonroad vehicle when used with the specific pollution control technologies of that type.

(c) If, after the elimination process, no technologies remain in Category I from which the contractor or agency can select a BAT, the same identification and elimination process must be done for Category II. If, after the elimination process, no technologies remain in Category II from which the contractor or agency can select a BAT, the same identification and elimination process must be done for Category III. If, after the elimination process, no technologies remain in Category III from which the contractor or agency can select a BAT, the contractor or agency operating the subject nonroad vehicle must apply for an Approval of Finding of Unavailability or a Safety Waiver.

(d) If, after the elimination process, more than one technology remains within a given category, an economic impact analysis is to be performed on the remaining technologies. The economic impact of each alternative is determined by calculating the average annual cost of each technology during the three-year period set forth in paragraph two of subdivision d of section 24-164.3 of the Administrative Code, based upon the following factors: installation, operation and maintenance. The results of the economic impact analysis may be considered in the selection process when conditions, as outlined in paragraphs one through three of this subdivision, are satisfied.

(1) For vehicles that were manufactured before 1996, when the estimated emission benefit for each technology is 25% or more, based on the CARB or EPA test results, and the actual difference in the dollar amount between technologies is more than $5,000, the technology that provides less economic impact may be utilized. When the actual difference in the dollar amount between technologies is less than $5,000, the technology that provides a greater emission reduction shall be utilized. Where the vehicle remains in the fleet for more than three years, the applicable BAT at that time must be utilized.

(2) For vehicles that were manufactured after 1995 and before 2001, when the estimated emission benefit for each technology is 25% or more, based on the CARB or EPA test results, and the actual difference in the dollar amount between technologies is more than $10,000, the technology that provides less economic impact may be utilized. When the actual difference in the dollar amount between technologies is less than $10,000, the technology that provides a greater emission reduction shall be utilized. Where the vehicle remains in the fleet for more than three years, the applicable BAT at that time must be utilized.

(3) For vehicles that were manufactured after 2000, when the estimated emission benefit for each technology is 25% or more, based on the CARB or EPA test results, and the actual difference in the dollar amount between technologies is more than $15,000, the technology that provides less economic impact may be utilized. When the actual difference in the dollar amount between technologies is less than $15,000, the technology that provides a greater emission reduction shall be utilized. Where the vehicle remains in the fleet for more than three years, the applicable BAT at that time must be utilized.

(e) For newly purchased vehicles, BAT may be Original Equipment Manufacturer (OEM) installed control technology, provided that the technology is certified by the manufacturer to primarily reduce PM and secondarily NOx beyond the certified emissions standard for the subject engine. The BAT need not be EPA or CARB verified.
(f) The contractor or agency must use the pollution control technology identified as BAT by the process set forth in this subchapter.
(g) All contracts with City agencies shall include a provision requiring that the contractor fully document all steps in the BAT selection process when such process is required pursuant to this chapter and section 24-163.3 of the Administrative Code, and that such documentation be furnished to the Department upon request. The contractor must retain all documentation generated in the BAT selection process for as long as the selected BAT is in use. A contractor's failure to fully document the selection process or to provide such documentation shall be considered a violation of subdivision e of section 24-163.3 and is subject to applicable penalties.

§14-04 Best Available Technology Selection Applicability The BAT listed in this subchapter may be amended, superceded, or repealed at any time. However, no contractor or agency will be required to replace a selected BAT within three years of first using such BAT on any nonroad vehicle.

§ 14-05 Use of Ultra Low Sulfur Diesel Fuel All nonroad vehicles subject to this rule must be powered by ultra low sulfur diesel fuel, regardless of which BAT is selected, unless the Commissioner has issued a written determination pursuant to subdivision i of section 24-163.3 permitting the use of diesel fuel that has a sulfur content of no more than thirty parts per million.

§14-06 Public Works Contracts
Any contractor acting pursuant to a public works contract that is subject to the provisions of paragraph four of subdivision f of section 24-163.3, but not paragraph one or three of such subdivision, shall comply with this subchapter and subchapters A and C of this chapter as of June 22, 2005.

LOCAL LAWS 2004

■ NOTICE

LOCAL LAWS OF THE CITY OF NEW YORK FOR THE YEAR 2004

No. 52

Introduced by Council Members Vallone Jr., Oddo, Gallagher, Lanza, Addabbo Jr., Boyland, Comrie Jr., Felder, Liu, Monserrate, Rivera, Provenzano, Yassky, Avella, Gentile, James, Martinez, Nelson, Gennaro, Koppell, Recchia Jr., Vann, McMahon, Weprin, Katz, Sears, Gerson and The Public Advocate (Ms. Gotbaum).

A LOCAL LAW

To amend the New York city charter, in relation to requiring the Department of Education, in consultation with the New York City Police Department, to install security cameras at New York City public schools.

Be it enacted by the Council as follows:

Section 1. Legislative Intent and Findings

The City Council hereby finds and declares that it is the right of every person who attends New York City public schools to have the opportunity to learn and teach in an environment free from intimidation and physical harm. Crime in public schools, though lower in recent years, is still too high.

To foster an atmosphere free of violence, security cameras have been installed in traditional public fora, such as public parks, streets and housing facilities. These cameras provide law enforcement with additional eyes and ears and

have greatly assisted in reducing crime in areas where they are placed. Additionally, it is cost-effective to have a security device in conjunction with live school security agents.

It is not the intent of this local law to interfere with the exercise of the constitutionally protected rights of freedom of expression and association, nor to infringe on students' right to privacy. This legislation therefore expresses the intent that cameras be placed at entrance and exit doors, and at other sites within schools and consolidated school locations where individuals do not have a reasonable expectation of privacy.

§ 2. Chapter 20 of the charter of the city of New York is amended by adding the following new section 528:

§528. The installation and operation of security cameras in New York City public schools.

a. Installation of Security Cameras. The New York City department of education, in consultation with the New York City police department, shall install security cameras at schools and consolidated school locations operated by the department of education where the chancellor, in consultation with the New York City police department, deems such cameras appropriate for safety purposes. Such cameras may be placed at the entrance and exit doors of each school and may be placed in any area of the school where individuals do not have a reasonable expectation of privacy. The number, type, placement, and location of such cameras within each school shall be at the discretion of the department of education, in consultation with the principal of each school and the police department.

b. Schedule of Installation. The department of education, in consultation with the police department, shall set the priorities for installation of cameras as set forth in subdivision a to include among other appropriate factors consideration of the level of violence in schools, as determined by the police department and the department of education. By the end of 2006, the potential installation of cameras shall have been reviewed for all schools under the jurisdiction of the department of education, including elementary schools. At the end of 2006, the department of education shall submit a report to the city council indicating, for each school under its jurisdiction, the findings of the review and the reasons for the findings contained therein.

§3. This local law shall take effect 90 days after its enactment.

THE CITY OF NEW YORK, OFFICE OF THE CITY CLERK, s.s.:

I hereby certify that the foregoing is a true copy of a local law of the City of New York, passed by the Council on November 10, 2004 and approved by the Mayor on November 29, 2004.

A LOCAL LAW

To amend the administrative code of the city of New York, in relation to discharge planning services.

Be it enacted by the Council as follows:

Section 1. Declaration of legislative findings and intent. The Department of Correction handles approximately 108,000 admissions each year, and manages an average daily inmate population of more than 14,000 individuals. Of the 108,000 admissions, approximately 80,000 are discharged into the community; the remaining inmates are sent to state prison.

Those entering and being discharged from city jails suffer from many social problems: 32% read below a fifth grade level, 20% required detoxification services upon admission to jail, 30% end up in the city shelter system, 29% of inmates receiving mental health services are diagnosed with severe mental illness, and 63% of inmates will be rearrested within three years of release. It is in the best interests of the people of the City of New York, these inmates, their families, and the communities these inmates will return to that attempts be made to address the employment, sobriety and housing problems that keep the same people coming back to jail. Effective discharge planning is crucial to achieving this goal.

In order for discharge planning to be effective, inmates must be in the custody of the Department of Correction for sufficient time to receive meaningful assistance and must have a known discharge date for which the Department can plan. Approximately 80% of people admitted to the Department of Correction, however, are detainees whose dates of discharge are unknown, which results in release with no advance notice. Moreover, a great number of sentenced inmates are sentenced to time already served, or to such short lengths of stay that effective interventions are impractical. In 2003, approximately 44% of inmates were released in seven days or less. As a result, discharge planning should be focused on inmates who will serve at least 30 days in the city's jails, with efforts directed at other inmates as resources permit.

New York City has established the Discharge Planning Project, a multi-agency and multi-provider initiative to address re-entry issues. Government participants include the Department of Correction, the Department of Probation, the Department of Homeless Services, the Human Resources Administration, the Department of Health and Mental Hygiene, and the Office of the Criminal Justice Coordinator. These agencies are working cooperatively with many not-for-profit service providers and advocacy organizations in a combined effort to produce better post-incarceration outcomes. The efforts of the project have led to numerous important initiatives, including transitional employment programs, a screening assessment to determine the employment, substance abuse, and housing needs of new inmates, streamlined procedures for obtaining birth certificates and social security cards, case management in the community and a refocusing of efforts towards sentenced inmates.

The Council finds that assisting inmates in accessing social services and government benefits will improve their ability to re-integrate into the community. The Council further finds that codifying into law recent initiatives of city agencies will ensure the long-term continuation and expansion of such efforts. Accordingly, the Council declares that it is reasonable and necessary to mandate the provision of certain discharge planning services.

§ 2. Title 9 of the administrative code of the city of New York is amended by adding new sections 9-127, 9-128 and 9-129 to read as follows:

§ 9-127 Housing, employment and sobriety needs. a. The department of correction and the department of homeless services shall develop a process for identifying individuals who repeatedly are admitted to city correctional institutions and who, in addition, either immediately before their admission to or after their release from such institutions, are housed in shelter provided by the department of homeless services.

b. The department of correction shall collect, from any sentenced inmate who will serve, after sentencing, ten days or more in any city correctional institution, information relating to such inmate's housing, employment and sobriety needs. The department of correction shall, with the consent of such inmate, provide such information to any social service organization that is providing discharge planning services to such inmate under contract with the department of correction. For the purposes of this section and sections 9-128 and 9-129 of this title, "discharge planning" shall mean the creation of a plan for post-release services and assistance with access to community-based resources and government benefits designed to promote an inmate's successful reintegration into the community.

§ 9-128 Applications for government benefits. a. The department of correction shall make applications for government benefits available to inmates by providing such applications in areas accessible to inmates in city correctional institutions.

b. The department of correction shall provide assistance with the preparation of applications for government benefits and identification to sentenced inmates who will serve, after sentencing, thirty days or more in any city correctional institution and who receive discharge planning services from the department of correction or any social services organization under contract with the department of correction, and, in its discretion, to any other inmate who may benefit from such assistance.

§ 9-129 Reporting. The commissioner of correction shall submit a report to the mayor and the council by October first of each year regarding implementation of sections 9-127 and 9-128 of this title and other discharge planning efforts, and, beginning October first, two thousand eight and annually thereafter, regarding recidivism among inmates receiving discharge planning services from the department of correction or any social services organization under contract with the department of correction.

§ 3. This local law shall take effect on July 1, 2005, except that the commissioner of correction and the commissioner of homeless services shall take all actions necessary to implement this local law on or before the date upon which it shall take effect. This local law shall expire and be deemed repealed on June 30, 2015, provided that the commissioner of correction provides written notice to the council in the first six months of the year 2014 that this local law will expire without further action by the council. If the commissioner does not provide such notice by June 30, 2014, this local law shall expire and be deemed repealed one year following the date on which the council receives such notice.

THE CITY OF NEW YORK, OFFICE OF THE CITY CLERK, s.s.:

I hereby certify that the foregoing is a true copy of a local law of the City of New York, passed by the Council on November 23, 2004 and approved by the Mayor on December 1, 2004.

A LOCAL LAW

To amend the administrative code of the city of New York, in relation to the sale or purchase of products claiming to be or to contain an endangered or threatened species.

Be it enacted by the Council as follows:

Section 1. Declaration of Legislative Findings and Intent. Illegal trade poses a major threat to endangered wildlife throughout the world and must be curtailed in order to ensure the continued survival of these species in the wild. Examples of illegal trade can be found in a variety of sectors, including the trades in exotic pets, fine furs and leathers, tourist curios, game meats, and traditional medicines. Despite numerous state, national, and international laws prohibiting or regulating much of this trade, the illegal wildlife trade thrives. To gauge one small sector of this trade, TRAFFIC North America, the wildlife trade monitoring program of World Wildlife Fund, conducted a market survey in New York City's Chinatown in the spring of 2003 to determine if, and how frequently, illegal or regulated wildlife products were being sold in traditional medicine shops. Of the 27 shops surveyed, 12 displayed medicines containing, or claiming to contain, tiger bone or rhino horn. In addition, all of the stores were found to be selling products containing bear bile, musk (derived from musk deer) and leopard bone. These are just a sampling of products made from threatened and endangered species that can be found for sale in a variety of shops not only in New York City's Chinatown, but throughout the city and in various other communities throughout the United States.

It is illegal under federal and state law to sell or offer to sell many of the products uncovered in TRAFFIC's 2003 survey. These products, however, often go unnoticed, as authorities do not have the time or resources to regularly scour the shelves of stores in New York City. When offenders are caught, it is often difficult to prosecute them – in many instances, in order to prove a case, law enforcement personnel must employ expensive and often inconclusive DNA testing in an effort to demonstrate that a given product contains or is a part of an endangered species. For these reasons, not only are endangered and threatened species sold in New York City, but they are also sold openly, often with packaging that advertises their contents.

The Council finds that the advertising of an illegal product, such as a product that contains an endangered or threatened species, flouts and undermines respect for the law and that the purveyors of such products should not be permitted to act with such impunity. The Council further finds that the necessity of proving that a product advertised as containing an endangered or threatened species actually contains such species strains law enforcement resources. The Council therefore finds it imperative that New York City impose additional penalties on the sale or purchase of products claiming to be or to contain ingredients derived from an endangered or threatened species.

§2. Chapter 4 of Title 20 of the administrative code of the city of New York is amended by adding a new subchapter 12 to read as follows:

READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council,** 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists--free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. DEVELOP TRANSITIONAL RESIDENCE FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – Competitive Sealed Proposals – Judgment required in evaluating proposals - PIN# 071-00S-003-262 – DUE 01-03-06 AT 5:00 P.M. – The Department of Homeless Services is soliciting proposals from organizations interested in developing and operating transitional residences for homeless adults and families including the Neighborhood Based Cluster Residence and drop-in centers for adults. This is an open-ended solicitation; there is no due date for submission. Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-forth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the transitional residence contracts will range from 3 to 20 years including renewal options and depending on the financial terms and conditions.

Pursuant to Section 312 (c) (1) (ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgment is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03 (c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences in order to address the need to create additional shelter capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated as a for-profit entity; 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed Standalone facility location(s); and 3) must demonstrate an intent to enter into lease agreements with the owner(s) or management designee(s) for each property.

Any organization that believes it can provide these services may contact: John Iaffaldano, Associate Staff Analyst, Office of Contracts and Procurement at the Department of Homeless Services at (212) 361-8435, 33 Beaver Street, 13th Floor, NY, NY 10004, to request a copy of the RFP application, which is available for pick-up Monday through Friday on business days between the hours of 9:00 a.m. to 5:00 p.m.

Three additional amendments are described below:

Expenditures of Public Funds in Connection With Ballot Proposals (Rule 1-08(g)(2))

These amendments confirm that public funds may not be used to pay expenditures made in connection with ballot proposals unless such expenditures are in the context of and incidental to promoting the candidate's candidacy. *See* Advisory Opinion No. 2003-2 (July 14, 2003). Participating candidates should not be able to subsidize ballot proposal expenditures with public funds, and ballot proposal expenses are not qualified campaign expenditures. The new rule will ensure that public funds, which are distributed for a specific public purpose and public benefit, are not spent for purposes other than those defined in the law.

Exempt Expenditures (Rule 1-08(l))

Participants are permitted to establish exempt expenditures either by limiting their aggregate exempt expenditure claims to an amount not greater than 7.5% of the applicable expenditure limit, or by maintaining records that demonstrate that each individual exempt expenditure claim is valid under the Act and the Rules. The amendment requires participants to elect one of these two methods for substantiating exempt expenditure claims by January 15 of the year following the election.

Participants are required to file a semi-annual disclosure statement on January 15 in the year following the election, pursuant to Rule 3-02(b) (the "January 15 deadline"). The Board will determine which method a participant has chosen for substantiating exempt expenditure claims, based on the amount of the participant's aggregate exempt expenditure claims as of the January 15 deadline, up to and including any exempt expenditure claims made in the semi-annual disclosure statement filed on that date. (In the event of a special election, the Board would make this determination as of the deadline for filing the last required disclosure statement, pursuant to Rule 3-02(b)(2)).

Participants whose aggregate exempt expenditures exceed 7.5% of the applicable expenditure limit as of the January 15 deadline will no longer be permitted to amend their disclosure statements and subsequently withdraw exempt expenditure claims in order to qualify for the 7.5% safe harbor. The amendment will prevent participants from withdrawing exempt expenditure claims in order to qualify for the safe harbor, after learning that they have failed to substantiate their exempt expenditure claims through detailed documentation. The Board anticipates that the amendment will simplify Board auditing of exempt expenditures and reduce the potential for the submission of false or erroneous exempt expenditure claims.

Further, participants whose aggregate exempt expenditures are less than 7.5% of the spending limit as of the January 15 deadline, and who subsequently amend their disclosure statements to report additional exempt expenditure claims, are required to provide contemporaneous, detailed documentation for all their exempt expenditures, if their aggregate exempt expenditures exceed 7.5% of the applicable spending limit. The amendment clarifies that participants who qualify for the 7.5% safe harbor provision as of January 15, and then amend their disclosure statements to report new exempt expenditure claims, will have to demonstrate that all exempt expenditures are exempt by providing contemporaneous, detailed documentation, pursuant to Rule 1-08(l)(1)(ii).

The amendment will also reinforce the requirement that the underlying documentation for demonstrating exempt expenditures must be made and maintained contemporaneously with the exempt expenditures made or incurred. Participants are currently required to create and maintain contemporaneous records for all transactions under Rule 4-01. The amendment will re-emphasize that this requirement applies to documenting exempt expenditure claims as well as other kinds of record-keeping. The Board anticipates that this contemporaneousness requirement will reduce the potential for fraud, and participants would still be required to comply with the other recordkeeping requirements of the Act and the Rules.

Voter Guide (Rules 10-02(b)(4)(iii) and 10-02(b)(5))

The amendments confirm that the Board, may, in its discretion: (i) reject any statement submitted for publication in the Voter Guide containing matter that the Board deems obscene, libelous, defamatory or otherwise objectionable; and (ii) require that candidate Voter Guide statements follow a consistent format.

II. Final Rules

Scope of Rules (Rule 1-01)

Campaign Finance Board Rule 1-01 is amended as follows:

"Prospective participant" means a candidate or prospective candidate for such office during the time before he or she files a certification for an election and before the applicable deadline for filing a certification for that election has passed.~~ Except as otherwise provided in these Rules, a "participant" ~~and "prospective participant" include~~ includes the candidate, the principal committee authorized by the candidate pursuant to §3-703(1)(e) of the Code, the treasurer of such committee, and any other agent of the candidate. Except as otherwise provided in these Rules, a "limited participant" includes the candidate, the principal committee authorized by the candidate pursuant to §3-718(1)(iv) of the Code, the treasurer of such committee, and any other agent of the candidate. Except as otherwise provided in these Rules, a "non-participant" includes the ~~non-participating~~ candidate, ~~and~~ every political committee authorized by the candidate for the covered election, the treasurer of each such committee, and any other agent of the candidate. ~~The phrase "currently a participant" encompasses all activities relating to an election for which the candidate joins the Program, including activities that take place before the candidate joins and after the election is held.~~

"Receipts" include monetary and in-kind contributions, loans, and any other payment received by a ~~participant~~ candidate. **"Other receipts"** are payments that are not contributions or loans, such as interest, dividends, expenditure refunds, proceeds from sales or leases of assets, and any other sources of income.

"Rule" means a rule issued by the Board. The phrase

"these ~~rules~~ Rules" means any and all rules adopted by the Board.

"**Treasurer**" means the treasurer of ~~a principal committee~~ any authorized committee involved in a covered election, except as otherwise provided in these Rules.

Use of Receipts

1. Restrictions on Use of Receipts (Rule 1-03(a))

Campaign Finance Board Rule 1-03(a) is amended as follows:

(a) Restriction on use. In addition to the restriction set forth in Rule 5-03(e)(2) and, except as otherwise provided in subdivision (b):

(1) the ~~principal committee for an election,~~ candidate may expend, transfer, or use receipts, including those receipts resulting from a sale, lease, or other transfer of assets, only to pay expenses incurred in that election; no receipts, including receipts accepted for another election, if any, deposited in a separate account as provided in Rule 2-06(b), may be expended, transferred, or used for any other purpose until ~~the participant has made all~~ any required repayments to the Fund have been made and ~~paid~~ any fines or civil penalties assessed pursuant to the Act have been paid;

2. Exceptions to Restrictions on Use of Receipts (Rule 1-03(b))

Campaign Finance Board Rule 1-03(b) is amended as follows:

(b) Exception. After the first January 11 after an election, a ~~committee~~ candidate involved in that election may expend, transfer, or use receipts accepted for another election, provided that the receipts have been deposited in and are disbursed from a separate account, as provided in Rule 2-06(b). Funds accepted and separately deposited for the previous election may be transferred to this account only after ~~the participant has made all~~ any required repayments to the Fund have been made and ~~paid~~ any fines or civil penalties assessed pursuant to the Act have been paid. Contributions and loans accepted for the previous election after such election are subject to Rules 1-04(m) and 1-05(g).

Contributions

1. Receipt of Contributions (Rule 1-04(a))

Campaign Finance Board Rule 1-04(a) is amended as follows:

(a) Receipt. A monetary contribution is received on the date it is delivered ~~to the participant~~. An in-kind contribution is received on the date the goods or services are received or rendered. ~~Participants~~ Candidates must report the date of receipt of each contribution that is accepted and deposited on disclosure statements filed with the Board.

2. Deposit of Contributions (Rule 1-04(b))

Campaign Finance Board Rule 1-04(b) is amended as follows:

(b) Deposit. All monetary contributions must be accepted and deposited, or rejected and returned to a contributor, within 10 business days after receipt; provided, however, that contributions made in the form of checks received by an authorized committee of a candidate for the office of City Council more than one year before the first covered election for which such candidate is seeking nomination or election may be accepted and deposited, or rejected and returned to a contributor, within 20 business days after receipt. All contributions that are accepted and deposited are subject to the Act's contribution limits and prohibitions and must be reported to the Board. If a ~~participant~~ candidate returns a contribution after its deposit, the return must be reported to the Board.

3. Return of Contributions (Rule 1-04(c))

Campaign Finance Board Rule 1-04(c) is amended as follows:

(c) Returning receipts.

(1) Excess and prohibited contributions. When a ~~participant~~ candidate knows or has reason to know that he or she has accepted a contribution, contributions, or aggregate contributions from a single source in excess of the applicable contribution limit or from a source prohibited by the Act or the Charter, the ~~participant~~ candidate shall promptly return the excess portion or prohibited contribution, as the case may be, by bank check or certified check made out to the contributor. Alternatively, if return of the contribution to the contributor is impracticable, the ~~participant~~ candidate may pay to the Fund an amount equal to the amount of the prohibited contribution or the excess portion, as the case may be. Remedial actions taken pursuant to this rule will not, however, preclude imposition of a penalty under the Act. A ~~participant~~ candidate ~~and his or her principal committee~~ may not accept any contributions in excess of the applicable contribution limits or from sources prohibited by the Act or the Charter.

(2) Restrictions on return. Because participants must repay to the Board unspent campaign funds after an election, participants receiving public funds must accept and deposit all monetary receipts received for an election. A participant may not reject or return any contributions received before the first January 12 after the election once he or she has received public funds, except if the contribution: (i) exceeds the contribution limit, (ii) is otherwise illegal, (iii) is returned because of the particular source involved, or, (iv) was deposited in a separate account pursuant to Rule 2-06(c) for a runoff election that is not held.

4. Contributions from Corporations (Rule 1-04(e))

Campaign Finance Board Rule 1-04(e) is amended as follows:

(e) Corporations. ~~Participants~~ Candidates may not accept, directly, indirectly, or by transfer, contributions, loans, guarantees or other security for a loan from a corporation, including a professional corporation. This prohibition does not apply to loans made by banks, in the regular course of business, regardless whether the bank is incorporated; but does prohibit the acceptance of a guarantee or other security for a bank loan from a corporation. This prohibition does not apply to contributions by political committees that are incorporated.

5. Attributing a Contribution to an Election (Rule 1-04(f))

Campaign Finance Board Rule 1-04(f) is amended as follows:

(f) Attributing a contribution to an election. A contribution is presumed to be accepted for the first election in which the participant, limited participant, or non-participant is a candidate following the day that it is received, except: (1) as otherwise provided in Rules 1-04(c)(2), 1-04(m), and 1-07~~, and 1-11(a)~~; (2) in the case of a State or local election, contributions received before the first January 12 after an election will also be presumed to be accepted for that election; and (3) in the case of a federal election, contributions received before the first January 1 after the election will also be presumed to be accepted for that election, except as may otherwise be provided under federal law and regulations.

6. In-Kind Contributions (Rule 1-04(g))

Campaign Finance Board Rule 1-04(g) is amended as follows:

(g) In-kind contributions.

(1) As expenditures. An in-kind contribution to a ~~participant~~ candidate is also an expenditure made by the ~~participant~~ candidate. The date an in-kind contribution is received is also the date of its expenditure. If a debt, other than a loan, incurred by a ~~participant~~ candidate is forgiven, the act of forgiving is an in-kind contribution to but not an expenditure by the ~~participant~~ candidate.

(2) Valuation. The ~~participant~~ candidate shall use a reasonable estimate of fair market value in determining the monetary value of an in-kind contribution and shall maintain a receipt or other written record supporting the valuation. "Fair market value" for goods means the price of those goods in the market from which they ordinarily would have been purchased at the time the goods are received. "Fair market value" for services, other than those provided by an unpaid volunteer, means the hourly or piecework charge for the services at a commercially reasonable rate prevailing at the time the services were rendered.

(3) Goods and services provided at a price below fair market value. If goods or services are provided at less than fair market value, the amount of the resulting in-kind contribution is the difference between the fair market value of the goods or services at the time the goods or services are received and the amount charged to the ~~participant~~ candidate.

(4) Extensions of credit.

(i) Generally. A creditor who extends credit to a ~~participant~~ candidate for a period beyond 90 days, has made a contribution equal in value to the credit extended, unless the creditor has made a commercially reasonable attempt to collect the debt

(ii) Corporate vendors. Notwithstanding subparagraph (i), if a ~~participant~~ candidate demonstrates that a creditor that is a corporation did not intend to make a contribution, the extension of credit will not result by itself in the ~~participant~~ candidate being deemed to have accepted a contribution from a corporation, as prohibited by law.

(iii) Loans. This paragraph does not apply to loans.

(5) Debts forgiven. A debt owed by a ~~participant~~ candidate which is forgiven or settled for less than the amount owed is a contribution, unless the debt was forgiven or settled by a creditor who has treated the outstanding debt in a commercially reasonable manner.

(6) Commercially reasonable treatment of debts. The Board will consider as evidence of commercially reasonable treatment that: (i) all commercially reasonable efforts have been taken to satisfy the outstanding debt; and (ii) the creditor has pursued its remedies in the same manner as that employed by creditors of other debtors, including the institution of lawsuits.

(7) Failure to report liability. Notwithstanding any implication of paragraph (4) to the contrary, a ~~participant's~~ candidate's failure to report an outstanding liability in a contemporaneous manner is a violation of ~~section~~ §3-703(6) of the Code. Such a liability will be deemed an in-kind contribution.

7. Earmarked Contributions (Rule 1-04(j))

Campaign Finance Board Rule 1-04(j) is amended as follows:

(j) Earmarked contributions. If a ~~participant~~ candidate accepts from a political committee a contribution that had been given to the committee by a contributor who limits the political committee's choice or directs the selection of the recipient, the contribution shall be considered to be from both the original contributor and from the political committee. This rule does not apply to political committees acting solely as intermediaries and not exercising any discretion over the selection of the ultimate recipient, or to political committees making contributions from funds that have not been earmarked by the contributors. Nothing in this subdivision shall be construed to modify the requirements of New York Election Law §14-120.

8. Tickets for Fund-Raising Events (Rule 1-04(l))

Campaign Finance Board Rule 1-04(l) is amended as follows:

(l) Tickets for fund-raising events. The entire amount paid to attend a fund-raising event and the entire amount paid as the purchase price for a fund-raising item sold by a ~~participant~~ candidate ~~is a~~ are ~~contribution~~ contributions.

9. Solicitation of Contributions for Elections Not Subject to the Act (Rule 1-04(n))

Campaign Finance Board Rule 1-04(n) is amended as follows:

(n) Solicitation of contributions for elections not subject to the Act. If a ~~participant~~ candidate makes a solicitation for a contribution for an election not subject to the requirements of the Act, the solicitation must specify that the contribution is being solicited for an election that is not subject to the requirements of the Act.

10. Court-Ordered Rerun Election (Rule 1-04(o))

Campaign Finance Board Rule 1-04(o) is amended as follows:

(o) Court-ordered rerun elections. ~~Participants~~ Candidates may not accept additional contributions permitted for a court-ordered rerun election pursuant to §3-703(1)(f) of the Code before the canvass of returns in, or conduct of, the preceding election is contested in a court of competent jurisdiction. If a rerun election is ordered by a court but subsequently canceled, a ~~participant~~ candidate who would have been on the ballot has the burden of demonstrating that any portion of contributions in excess of the limit applicable under §3-703(1)(f) of the Code may be reasonably attributed to expenses incurred for the rerun election before its cancellation.

11. Joint Fundraising; Endorsements (Rule 1-04(p))

Campaign Finance Board Rule 1-04(p) is amended as follows:

(p) Joint fundraising; endorsements.

(1) If a ~~participant~~ candidate makes expenditures in connection with, or otherwise cooperates in, raising contributions for any other candidate or political committee:

(i) the expenditures incurred and in-kind contributions received in connection with such fundraising, including in the form of endorsements, shall be allocated in accordance with Rule 1-08(h); and

(ii) if any of the contributions so raised is:

(A) in an amount that exceeds the amount of the contribution limit applicable to the ~~participant~~ candidate under §3-703(1)(f) of the Code (including when aggregated with contributions the ~~participant~~ candidate receives from the same source); or

(B) from a source that would be prohibited to the ~~participant~~ candidate by the Act or the Charter; the ~~participant~~ candidate shall have the burden of demonstrating that the contribution was not used in a manner that directly or indirectly assisted or benefitted the ~~participant~~ candidate in violation of the applicable limit or prohibition.

This paragraph shall not be construed to prohibit a ~~participant~~ candidate from making a monetary contribution to any other candidate or political committee, provided, however, that such contributions may result in reduced public funds payments pursuant to Rule 5-01(n).

(2) To ensure compliance with the contribution limits of §3-703(1)(f) of the Code, ~~participants~~ candidates who run together as a "ticket," and make joint expenditures to raise contributions, shall additionally abide by the requirements of this subdivision.

(i) When paying his or her share of joint expenditures (by direct payment or reimbursement), the payor shall have the burden of demonstrating that the amount disbursed does not derive from contributions that would exceed the other candidate's contribution limit, if those contributions were aggregated with contributions previously received by the other candidate.

(ii) Therefore, no disbursement for joint expenditures shall be made before the ~~participant~~ candidate is able to account fully for the disbursement with contributions that would not exceed the

other candidate's contribution limit, if so aggregated. Failure to make reimbursement within 30 days of the expenditure, however, will result in a deduction in public funds payments otherwise due to the candidate to be reimbursed, pursuant to Rule 5-01(n)(1), and failure to make reimbursement within 90 days will result in treatment of the expenditure as an in-kind contribution to the ~~participant~~ candidate failing to make reimbursement, pursuant to Rule 1-04(g)(4).

12. Anticipated Runoff Primary or Runoff Special Elections (Rule 1-04(q))

Campaign Finance Board Rule 1-04(q) is amended as follows:

(q) Anticipated runoff primary or runoff special elections. A ~~participant~~ candidate seeking the nomination of a political party or seeking election in a special election may not accept contributions for a runoff primary election or runoff special election, unless the ~~participant~~ candidate has previously demonstrated to the Board that a runoff election is reasonably anticipated. Runoff election contributions may not be accepted once it is no longer reasonable to anticipate such a runoff election. To the extent permitted by this subdivision, the ~~participant~~ candidate (and each opposing ~~participant~~ candidate seeking the same party nomination or seeking election in the same special election, as the case may be) may solicit and accept additional contributions for the anticipated runoff election, up to the amount permitted for the runoff election by §3-703(1)(f) of the Code, under the following conditions:

(1) every runoff election contribution shall be deposited in a separate account and subject to restrictions on use, as provided in Rule 2-06(c);

(2) until a primary or special election is held that results in a runoff election, each solicitation of runoff election contributions shall expressly state that such contributions are being solicited only for a runoff election that may not occur;

(3) no single contribution check shall be accepted in an amount that exceeds the limit applicable for the primary and general election, or special election, under §3-703(1)(f) or (h) of the Code; and

(4) each disclosure statement submitted by the ~~participant~~ candidate shall include a copy of the most recent bank statement for its runoff election account.

13. Contributions by Minors (Rule 1-04(r))

Campaign Finance Board Rule 1-04(r) is amended as follows:

(r) Contributions by minors. (1) A participant or non-participant may accept a contribution from a minor child (individual under 18 years of age) only if: (i) the decision to contribute was made knowingly and voluntarily by the minor child; (ii) the funds, goods, or services contributed were owned and controlled exclusively by the minor child, such as income earned by the child, or a bank account opened and maintained exclusively in the child's name; and (iii) the contribution was not made from the proceeds of a gift, the purpose of which was to provide funds to be contributed.

Loans

1. Third Party Repays Loan (Rule 1-05(d))

Campaign Finance Board Rule 1-05(d) is amended as follows:

(d) Third party repays loan. If any portion of a loan is repaid by a person or entity other than the participant or non-participant receiving the loan, the portion thus repaid shall be a contribution by that person or entity.

2. Attributing a Loan to an Election (Rule 1-05(h))

Campaign Finance Board Rule 1-05(h) is amended as follows:

(h) Attributing a loan to an election. A loan is presumed to be accepted for the first election in which the participant or non-participant is a candidate following the day that the loan is received, except: (1) as otherwise provided in Rule 1-05(g); (2) in the case of a State or local election, loans received before the first January 12 after an election will also be presumed to be accepted for that election; and (3) in the case of a federal election, loans received before the first January 1 after the election will also be presumed to be accepted for that election, except as may otherwise be provided under federal law and regulations.

Special Elections (Rule 1-06)

Campaign Finance Board Rule 1-06 is amended as follows:

If a special election to fill a vacancy is declared, the Board may provide for the following special requirements and procedures for ~~participants~~ candidates in the special election, after considering the date of the election and any other relevant factors: (a) a standard by which contributions, loans, and/or expenditures are presumed to be accepted or made for the special election, notwithstanding Rules 1-04(f), 1-05(h), and 1-08(c)(1); (b) a standard for determining the total amount of surplus funds from previous elections~~, notwithstanding Rule 1-07(b); (c) the due date for the participant's last disclosure statement for the special election, notwithstanding Rule 3-02(b);~~ and ~~(d)~~ (c) such other requirements and procedures as the Board may deem necessary to implement the provisions of the Act in the special election fully and effectively.

Funds Originally Received for Other Elections

1. Use of Funds (Rule 1-07(a))

Campaign Finance Board Rule 1-07(a) is amended as follows:

(a) Use. Funds originally received ~~for elections other than the election in which the candidate is currently a participant~~ by a committee not otherwise involved in a covered election may be used in ~~an election in which the candidate is a participant~~ a covered election subject to the requirements of this rule, but may not be claimed as matchable contributions for that election. ~~This rule applies to surplus funds and certain transfers, as described herein.~~

2. Surplus Funds (Rule 1-07(b))

Campaign Finance Board Rule 1-07(b) is amended as follows:

(b) Surplus funds. The Board deems the cash balance reported in the ~~committee's~~ candidate's first semi-annual ~~State~~ form or Board disclosure statement at the beginning of the first reporting period for an election to be the total amount of surplus funds the committee had from a previous election; except that the amount deemed to be surplus funds may be reduced by the following: (1) the total amount of debts and obligations outstanding at the beginning of the reporting period; (2) the total amount subsequently transferred to a political committee that is not involved in ~~an~~ a covered election ~~in which the candidate is currently a participant~~; and (3) if the candidate was a participant in the previous election, the total amount of public funds subsequently repaid.

When requested by the Board, ~~participants~~ candidates shall provide additional information regarding totals and transactions reported in State forms or Board disclosure statements.

3. Contribution Limit; Prohibited Contributions (Rule 1-07(c))

Campaign Finance Board Rule 1-07(c) is amended as follows:

(c) Contribution limit; prohibited contributions. ~~Participants~~ Candidates have the burden of demonstrating that surplus funds and transfers of funds from committees not otherwise involved in the covered election ~~in which the candidate is currently a participant~~ do not derive from: (1) contributions in excess of the Act's contribution limits, including contributions that would exceed the Act's contribution limits when aggregated with other contributions accepted from the same source; or (2) contributions from sources prohibited by the Act or the Charter. In addition, candidates have the burden of demonstrating that funds transferred from a committee, other than another principal committee of the same candidate, derive solely from contributions for which records demonstrating the contributors' intent to designate the contributions for the covered election, as required pursuant to Rule 3-03(c)(2), have been submitted.

For purposes of enforcing the contribution limit and contribution prohibitions, the Board shall attribute surplus funds and such transfers to the last monetary contributions, loans, and other receipts received by: 1. the ~~committee~~ candidate on or before the date of the cash balance described in subdivision (b), in the case of surplus funds; or 2. the transferor committee before making the transfer. The ~~participant~~ candidate shall either promptly return the portion of any contribution that exceeds the Act's contribution limit or violates a prohibition of the Act or the Charter, as provided in Rule 1-04(c)(1), or deposit the excess portion or amount of the prohibited contribution, as the case may be, into a separate account not to be used in ~~an~~ a covered election ~~in which the candidate is a participant~~.

4. Related Expenditures (Rule 1-07(d))

Campaign Finance Board Rule 1-07(d) is amended as follows:

(d) Related expenditures. ~~If the funds described in this rule are used in an election in which the candidate is a participant, the participant has the burden of demonstrating that expenditures~~ Expenditures made in connection with raising or administering ~~these~~ funds transferred from a committee not otherwise involved in a covered election are ~~not~~ subject to the expenditure limits of the Act and shall be reported as provided in Rule 3-03(c)(2). As provided for in Rule 1-08(o), the participant shall have the burden of demonstrating that any expenditures incurred by the transferor committee are not subject to the expenditure limits of the Act.

Expenditures

1. Expenditures (Rule 1-08(a))

Campaign Finance Board Rule 1-08(a) is amended as follows:

(a) Expenditures. Expenditures include all disbursements made, liabilities incurred, and in-kind contributions received by a ~~participant~~ candidate, except disbursements to return contributions, repay loans, return public funds, and transfers. Some expenditures are subject to the expenditure limits of the Act ~~or Rule 1-08(j)(1)~~ and other expenditures are exempt.

2. Making an Expenditure (Rule 1-08(b))

Campaign Finance Board Rule 1-08(b) is amended as follows:

(b) Making an expenditure. As provided and described in §3-706(1) and (2) of the Code, an expenditure for goods or services is made when the goods or services are received, used, or rendered, regardless when payment is made. Expenditures for goods or services received, used, or rendered in more than one year shall be attributed in a reasonable manner to the expenditure limits of §3-706(1) or (2) of the Code ~~or Rule 1-08(j)(1)~~, as appropriate.

3. Attributing an Expenditure to an Election (Rule 1-08(c))

Campaign Finance Board Rule 1-08(c) is amended as follows:

(c) Attributing an expenditure to an election.

(1) An expenditure is presumed to be made for the first election (in which the participant, limited participant or non-participant is a candidate) following the day it is made, except: (i) in the case of a State or local election, expenditures made before the first January 12 after an election will also be presumed to be made for that election; (ii) in the case of a federal election, expenditures made before the first January 1 after the election will also be presumed to be made for that election, except as may otherwise be provided under federal law and regulations.

(2) (i) If there is no contested primary election for an office, expenditures made by a participant or limited participant seeking that office are subject to the general election expenditure limit of §3-706(1) of the Code.

(ii) If there is a contested or write-in primary election in any party for an office, every participant or limited participant seeking that office, regardless whether the participant or limited participant is in the primary election, may make expenditures subject to the primary election expenditure limit of §3-706(1) of the Code, provided the participant or limited participant files the three pre-primary and 10 day post-primary election disclosure statements and daily disclosures pursuant to Rule 3-02(c), (d), and (e) in a timely manner. In this case, the general election expenditure limit will first apply after the date of the primary election.

(iii) Notwithstanding subparagraph (i), if a participant or limited participant demonstrates to the Board that for a period preceding the primary election the participant or limited participant had reasonably anticipated a primary election in any party for the office the participant or limited participant seeks, the participant or limited participant may attribute expenditures made before and during that period to the primary election expenditure limit of §3-706(1) of the Code, provided the participant or limited participant files the three pre-primary and 10 day post-primary election disclosure statements and daily disclosures pursuant to Rule 3-02(c), (d), and (e) in a timely manner. In this case, the general election expenditure limit will first apply after that period.

(iv) Once it is determined by petition litigation or otherwise that no primary election will be held for nomination to an office, expenditures made by participants or limited participant seeking that office are subject to the general election expenditure limit of §3-706(1) of the Code.

(v) Expenditures made before the primary election by a participant or limited participant who is a candidate in a contested primary election are subject to the primary election expenditure limit of §3-706(1) of the Code, regardless whether the participant or limited participant has also received the nomination of another party without a primary election.

(3) ~~Participants~~ Candidates have the burden of demonstrating that expenditures made by committees reported not to be involved in the election in which the candidate is currently a participant or limited participant were not made in connection with such election. Failure to meet this burden will result in the application of all Program requirements to these committees for such election.

(4) **Special elections.** An expenditure is presumed to be subject to the special election expenditure limit on and after the date a special election was first reasonably anticipated, as determined by the Board. Participants or limited participants may present evidence to the Board, demonstrating the date a special election was first reasonably anticipated.

4. Expenditure Limits (Rule 1-08(d))

Campaign Finance Board Rule 1-08(d) is amended as follows:

(d) Expenditure limits.

(1) All expenditures made by a participant or limited participant for the purpose of promoting or facilitating his or her nomination or election, including expenditures made for the purpose of promoting or facilitating the defeat of an opponent or prospective opponent, are subject to the expenditure limit applicable under the Act ~~or Rule 1-08(j)(1)~~. All expenditures made by the participant or limited participant and his or her principal committee shall be totaled to determine the participant's or limited participant's compliance with the applicable expenditure limit. Expenditures made after the last election in an election year in which the participant or limited participant is a candidate, or a special election, are not subject to the expenditure

limits for that election.

(2) A participant or limited participant is permitted to make expenditures in excess of the limits of ~~Rule 1-08(j)(1) and~~ §3-706(2) of the Code, but not in excess of the limits of §3-706(1) of the Code. The limits of ~~Rule 1-08(j)(1) and~~ §3-706(2) are the minimum amounts that a participant or limited participant must spend during the three calendar years before the election year in order to spend the total aggregate amount the Act and these ~~rules~~ Rules permit during those years and the time period encompassed by the expenditure limit that first applies to the ~~participant~~ candidate in the election year, pursuant to §3-706(1) of the Code.

5. Independent Expenditures (Rule 1-08(f))

Campaign Finance Board Rule 1-08(f) is amended as follows:

(f) Independent expenditures.

(1) Factors for determining whether an expenditure is independent include, but are not limited to:

(i) whether the person, political committee, or other entity making the expenditure is also an agent of a ~~participant~~ candidate;

(ii) whether the treasurer of, or other person authorized to accept receipts or make expenditures for, the person, political committee, or other entity making the expenditure is also an agent of a ~~participant~~ candidate;

(iii) whether a ~~participant~~ candidate has authorized, requested, suggested, fostered, or otherwise cooperated in any way in the formation or operation of the person, political committee, or other entity making the expenditure;

(iv) whether the person, political committee, or other entity making the expenditure has been established, financed, maintained, or controlled by any of the same persons, political committees, or other entities as those which have established, financed, maintained, or controlled a political committee authorized by the ~~participant~~ candidate; and

(v) whether the person, political committee, or other entity making the expenditure and the ~~participants~~ candidates have each retained, consulted, or otherwise been in communication with the same third party or parties, if the ~~participant~~ candidate knew or should have known that the ~~participant's~~ candidate's communication or relationship to the third part or parties would inform or result in expenditures to benefit the ~~participant~~ candidate.

(2) Financing the dissemination, distribution, or republication of any broadcast or any written, graphic, or other form of campaign materials prepared by a ~~participant~~ candidate is a contribution to, and an expenditure by, the ~~participant~~ candidate, unless this activity was not in any way undertaken, authorized, requested, suggested, fostered, or otherwise cooperated in by the ~~participant~~ candidate.

(3) An expenditure for the purpose of promoting or facilitating the nomination or election of a ~~participant~~ candidate, which is determined not to be an independent expenditure, is a contribution to, and an expenditure by, the ~~participant~~ candidate.

(4) (i) Communication between, or common agents shared by, parties and their nominees will not require a conclusion that all spending by the party's constituted committees and party committees in an election is an in-kind contribution to the nominee. The following expenditures made by party committees or constituted committees are not considered in-kind contributions to a ~~participant~~ candidate unless it is demonstrated that the ~~participant~~ candidate in some way cooperated in the expenditure and that the expenditure was intended to benefit that ~~participant~~ candidate:

(A) materials or activities that promote the party, or oppose another party, by name, platform, principles, history, theme, slogans, issues, or philosophy, without reference to particular candidates in an upcoming election subject to ~~Program~~ the requirements of the Act.

(B) materials or activities in connection with candidates and elections not subject to ~~Program~~ the requirements of the Act.

(C) training, compensating, or providing materials for poll watchers appointed by the party pursuant to New York Election Law §8-500.

(D) promoting party enrollment or voter turnout without reference to particular candidates in an upcoming election subject to Program requirements, including research, polling, recruitment of party employees and volunteers, and development and maintenance of voter and contributor lists.

(E) raising funds for the party without reference to particular candidates in an upcoming election subject to ~~Program~~ the requirements of the Act.

(F) mailing of absentee ballot applications in a special or general election in which an office not subject to ~~Program~~ the requirements of the Act is on the ballot.

(ii) The Board may require a ~~participant~~ candidate to demonstrate in any proceeding before the Board that any of the following expenditures that are made by a party committee or constituted committee of the party nominating that ~~participant~~ candidate, after the nomination of any candidate for the same office at a primary election, or as otherwise provided in New York Election Law §6-160(2), are not in-kind contributions to the ~~participant~~ candidate:

(A) expenditures for materials or activity that include an electioneering message about a clearly identified candidate for that office, including the ~~participant~~ candidate or his or her opponent in the general election.

(B) expenditures for advertisements, broadcasting, mailings, or electronic media for a candidate nominated by the party or against his or her opponent in the general election, including a home page on the Internet.

(C) expenditures for which the ~~participant~~ candidate has, without making public disclosure of an outstanding liability in a timely manner, promised or made reimbursement or other payment to the party committee or constituted committee. These expenditures will be considered in-kind contributions during the time preceding the reimbursement or other payment by the ~~participant~~ candidate.

(5) If candidates announce they are running together as a "ticket" for which they have chosen to join together in a broad spectrum of activities to promote each other's election, the Board will presume that expenditures made by one candidate's campaign for materials or activities that clearly identify the other candidate are in-kind contributions to the second candidate. The following factors would increase the burden a ~~participant~~ candidate would have in overcoming this presumption: (i) the campaigns have staff, consultants, office space, or telephone lines in common; (ii) other in-kind contributions, expenditure refunds, advances, or joint expenditures have been made between these campaigns. If the expenditures are in-kind contributions, the expenditures are subject to the apportionment requirements of Rule 1-08(h).

6. Spending Public Funds (Rule 1-08(g))

Campaign Finance Board Rule 1-08(g) is amended as follows:

(g) Spending public funds.

(1) Public funds may be used only for expenditures by a ~~candidate's~~ participant's principal committee to further the ~~candidate's~~ participant's nomination or election either in a special election to fill a vacancy or during the calendar year in which the election in which the candidate is a participant is held.

(2) Public funds may not be used for:

(i) an expenditure for any purpose other than the furtherance of the participant's nomination or election;

(ii) an expenditure not incurred during the calendar year of the election;

(iii) an expenditure in violation of any law;

(iv) payments made to the ~~candidate~~ participant or a spouse, domestic partner, child, grandchild, parent, grandparent, brother, or sister of the ~~candidate~~ participant or spouse or domestic partner of such child, grandchild, parent, grandparent, brother, or sister, or to a business entity in which the ~~candidate~~ participant or any such person has a 10 percent or greater ownership interest;

(v) payments in excess of the fair market value of services, materials, facilities, or other things of value received;

(vi) (A) any expenditure made after the ~~candidate~~ participant has been finally disqualified or had his or her petitions finally declared invalid by the New York City Board of Elections or a court of competent jurisdiction, except that such expenditures may be made (1) as otherwise permitted pursuant to §3-709(7) of the Code, or (2) for a different election (other than a special election to fill a vacancy) held later in the same calendar year in which the candidate seeks election for the same office;

(B) any expenditure made after the only remaining opponent of the ~~candidate~~ participant has been finally disqualified or had his or her petitions declared invalid by the New York City Board of Elections or a court of competent jurisdiction, except that such expenditures may be made for a different election (other than a special election to fill a vacancy) held later in the same calendar year in which the ~~candidate~~ participant seeks election for the same office;

(C) any other election, if the public funds were originally received for a special election to fill a vacancy.

(vii) payments in cash;

(viii) any contribution, transfer, or loan made to another candidate or political committee;

(ix) gifts, except brochures, buttons, signs and other printed campaign material;

(x) any expenditures to challenge or defend the validity of petitions of designation, or nomination, or certificates of nomination, acceptance, authorization, declination, or substitution, and expenses related to the canvassing of election results;

(xi) any expenditure for which records required by Rule 4-01 are not maintained or obtained by the participant;

(xii) any expenditure that is not itemized in a disclosure statement submitted pursuant to Rule 3-03;

(xiii) any payment that is not made or reimbursed from an account disclosed by the participant pursuant to Rule 1-11~~(c)(4)~~(d) or 2-01(a);

(xiv) reimbursement for advances; ~~and~~

(xv) expenditures made in connection with any action, claim or suit before any court or arbitrator; or

(xvi) expenditures made in connection with a position on a ballot proposal which are not in the context of and incidental to promoting the participant's candidacy.

(3) It is presumed that the following bills for goods and services are not qualified campaign expenditures: (i) bills for an election that are first reported in a disclosure statement submitted later than the 10 day or 27 day post-election disclosure statement applicable to that election; and (ii) bills first reported in an amendment to or resubmission of a disclosure statement that is made after the last election in an election year in which the participant is a candidate, or after a special election.

(4) A liability that is not reported in a contemporaneous manner is a violation of ~~section~~ §3-703(6) of the Code and will not be considered a qualified campaign expenditure.

7. Joint Expenditures; Endorsements (Rule 1-08(h))

Campaign Finance Board Rule 1-08(h) is amended as follows:

(h) Joint expenditures; endorsements. (1) In accordance with the Act, nothing in these ~~rules~~ Rules shall be construed to restrict a ~~participant~~ candidate from authorizing expenditures for joint campaign materials and other joint campaign activities, including fundraising and campaign communications such as mailings and telephone and other communications, if the benefit the ~~participant~~ candidate derives from the material or activity is proportionally equivalent to the ~~participant's~~ candidate's expenditures for the material or activity. To the extent a ~~participant~~ candidate derives a disproportionate benefit, the ~~participant~~ candidate is considered to have received a contribution and made an expenditure. Among the factors the Board will consider in determining whether the benefit is "proportionally equivalent," are: (i) the focus of the material or activity; (ii) the geographic distribution or location of the material or activity; (iii) the subject matter of the communication; (iv) the references to the ~~participant~~ candidate or the ~~participant's~~ candidate's appearances therein; (v) the relative prominence of a ~~participant's~~ candidate's references or appearances in the communication, including the size and location of references to the ~~participant~~ candidate and any photographs of the ~~participant~~ candidate; (vi) the timing of the communication; and (vii) other circumstances surrounding the communication. The amount spent by the ~~participant~~ candidate for these purposes is subject to the expenditure limit applicable under the Act, unless it is otherwise exempt.

(2) Notwithstanding the provisions of paragraph (1) above, the following activities in support of ~~other~~ another candidates by a participant, limited participant or non-participant shall not be considered contributions to or expenditures by such participant limited participant or non-participant, except to the extent that such activities are paid for by the participant, limited participant or non-participant for a covered election:

(i) the act alone of endorsing or appearing with another candidate for public office, party nomination or party position;

(ii) the insubstantial communication of such endorsement or appearance described in subparagraph (i), such as where the ~~participant's~~ candidate's name is one of several names appearing on the communication and is of equivalent prominence as the other names;

(iii) fundraising assistance to another candidate in the form of written communications that do not promote the participant, limited participant or non-participant, such as the appearance of the participant's, limited participant's or non-participant's, name or signature on a letter soliciting funds for another candidate or the appearance of the participant's, limited participant's or non-participant's name on fundraising material where the participant's, limited participant's or non-participant's name appears alone or with other names and is of equivalent prominence as the other names; and

(iv) a typical communication by a political club to its members, which includes the name of a ~~participant~~ candidate, provided that the ~~participant~~ candidate is already a member of the political club, the political club has fewer than 500 members, and the communication does not solicit funds on behalf of or otherwise promote the participant's, limited participant's or non-participant's campaign for a covered election.

(3) (i) The Board may, in its discretion, determine that the benefit to a ~~participant~~ candidate from references to or appearances of that ~~participant~~ candidate contained in another candidate's communication, such as campaign literature or an automated telephone call, is of *de minimis* value to the ~~participant~~ candidate based on the factors listed in paragraph (1) or other factors.

(ii) Candidates and other individuals or entities may present information to the Board establishing such a *de minimis* benefit pursuant to Rule 7-01, or in such other manner as the Board may determine, or the ~~participant~~ candidate may present such information during the post-election audit process.

8. Expenditures by Check (Rule 1-08(i))

Campaign Finance Board Rule 1-08(i) is amended as follows:

(i) Expenditures by check. No ~~participant~~ candidate may expend an amount in excess of $100 except by check drawn on a reported depository and signed by the ~~participant~~ candidate or person authorized to sign checks by the ~~participant~~ candidate.

9. Initial Expenditures (Rule 1-08(j))

Campaign Finance Board Rule 1-08(j) is omitted as follows:

(j) Omitted ~~Initial expenditures.~~

~~(1) Section 3-706(5) of the Code authorizes the Board to provide expenditure limits for the period encompassing the two calendar years preceding the year specified in §3-706(2) of the Code. Pursuant to this authorization, all expenditures made during this period by a participant seeking election to the office of City Council Member in a two-year election cycle are subject to an initial expenditure limit of $3,000, except to the extent that, pursuant to Rule 1-08(c), any such expenditures are presumed to be made in furtherance of another election. All expenditures made during this period by a participant in a four-year election cycle seeking one of the following offices are subject to the following limits on initial expenditures:~~

~~Mayor, Public Advocate, Comptroller.....$90,000~~
~~Borough President.....$60,000~~
~~City Council Member.....$24,000~~

~~Expenditures in excess of these limits on initial expenditures are not prohibited by the Act or these rules, as described in paragraph (2) and Rule 1-08(d)(2).~~

~~(2) (i) If a participant makes expenditures that exceed the amount of initial expenditures applicable under this subdivision:~~

~~(A) the participant shall not be ineligible to receive public funds or be in violation of the Act by reason of exceeding this amount unless the excess is greater than the sum of the two expenditure limits that next apply to the participant pursuant to §3-706 of the Code; and~~

~~(B) the amount of the expenditure limit that first applies to the participant in the calendar year of the election, pursuant to §3-706(1) of the Code, shall be reduced by the amount by which the initial expenditures limit applicable under this subdivision is exceeded.~~

~~(ii) Nothing contained in this subdivision shall:~~

~~(A) operate to increase or decrease the amount of public funds that a participant may receive pursuant to the Act;~~

~~(B) affect the expenditure limit set forth in §3-706(1)(b) of the Code; or~~

~~(C) affect the expenditure limit set forth in §3-706(1)(a) of the Code for purposes of §§ 3-705(7) or 3-706(4) of the Code.~~

~~(3) The expenditures exempt from expenditure limits, enumerated in the Act, are exempt from the expenditure limits on initial expenditures applicable under paragraph (1).~~

10. Expenditure Limit Compliance (Rule 1-08(l))

Campaign Finance Board Rule 1-08(l) is amended as follows:

(l) Expenditure limit compliance.

(1) Participants and limited participants shall monitor whether their total expenditures exceed the limit of §3-706(1) of the Code or, if applicable, the limit of §3-706(3)(a)(i) of the Code ~~and~~. The amount of the expenditure limit that applies to the participant or limited participant in the calendar year of the election, pursuant to §3-706(1) of the Code, shall be reduced by the amount by which the initial expenditure limit pursuant to §3-706(2) of the Code is exceeded. Participants and limited participants have the burden of demonstrating that expenditures are exempt pursuant to §3-706(4) of the Code. A participant or limited participant may meet this burden by:

(i) choosing to limit ~~limiting~~ his or her aggregate exempt expenditure claims to an amount not greater than 7.5% of the expenditure limit applicable to the participant or limited participant for a given election pursuant to §3-706 of the Code and maintaining contemporaneous records otherwise required pursuant to chapters three and four of these Rules that evidence expenditures in categories that support actual exempt purposes; or

(ii) choosing to maintain ~~maintaining~~ contemporaneous, detailed records that demonstrate that each individual expenditure claimed as exempt is exempt in accordance with §3-706(4) of the Code and submitting such documentation as ~~when~~ required under paragraph (3) below.

(iii) Except as otherwise provided for in paragraph (5) below, participants and limited participants may substantiate exempt expenditure claims through only one of either subparagraph (i) or (ii) above, and may not simultaneously rely on both subparagraphs.

(iv) The Board will determine whether a participant or limited participant has chosen to rely on either subparagraph (i) or (ii) above in substantiating exempt expenditure claims, based on the participant's or limited participant's aggregate amount of exempt expenditure claims as of the filing of the semi-annual disclosure statement due in the year after the election pursuant to Rule 3-02(b)(1) (or in the case of a special election, the last disclosure statement required pursuant to Rule 3-02(b)(2)), up to and including any exempt expenditure claims made in that disclosure statement. As of that filing, a participant or limited participant whose aggregate exempt expenditure claims exceed 7.5% of the expenditure limit applicable to the participant or limited participant for a given election will be deemed to have chosen subparagraph (ii) above, and will not be permitted to substantiate exempt expenditure claims pursuant to subparagraph (i).

(2) (i) A participant or limited participant choosing to limit his or her aggregate exempt expenditure claims to an amount not greater than 7.5% of the expenditure limit applicable to the participant or limited participant for a given election pursuant to §3-706 of the Code, who ~~whose~~ amends his or her disclosure statement after the filing in paragraph (1)(iv) to report additional exempt expenditure claims ~~nonetheless~~, such that his or her aggregate exempt expenditure claims exceed such 7.5% amount, shall be required to provide detailed documentation pursuant to paragraph (1)(ii) above to substantiate all exempt expenditure claims ~~made pursuant to this subdivision~~.

(ii) An expenditure claimed as exempt pursuant to paragraph (1)(i) above which appears from the nature of the expenditure not to have as its purpose one of the exempt purposes enumerated in §3-706(4) of the Code shall be presumed not to be exempt from the expenditure limits of the Act and shall not be counted toward the participant's or limited participant's 7.5% limit on exempt claims. Participants and limited participants may overcome this presumption through the submission of additional documentation to the Board establishing a valid exempt purpose for such expenditure under §3-706(4) of the Code; if the Board determines that a valid exempt purpose has been established, the subject claim will count toward the participant's or limited participant's 7.5% limit.

(iii) Notwithstanding anything otherwise provided for in this subdivision, if a substantial number of a participant's or limited participant's expenditures claimed as exempt pursuant to paragraph (1)(i) above appear from their nature not to have as their purposes a purpose enumerated in §3-706(4) of the Code, the Board may require the participant or limited participant to substantiate all exempt claims pursuant to paragraph (1)(ii) above.

(3) (i) Participants and limited participants ~~maintaining~~ choosing to maintain records pursuant to paragraph (1)(ii) above shall, at such times as the Board may request, and, in any event, when the amount of a participant's or limited participant's total expenditures exceeds the amount of the limit applicable under §3-706(1) of the Code or, if applicable, §3-706(3)(a)(i) of the Code, submit with each disclosure statement documentation that substantiates the exempt expenditure claims made in that disclosure statement. This submission shall also include other documentation sufficient to substantiate such amount of previous exempt expenditure claims. The participant or limited participant shall also make this submission with each subsequent disclosure statement until the Board shall direct otherwise.

(ii) If a participant or limited participant fails to submit documentation sufficient to substantiate an exempt expenditure claim pursuant to paragraph (3)(i) above, the expenditure subject to such claim shall not be considered exempt from the expenditure limit applicable to the participant or limited participant under §3-706(1) or §3-706(3)(a)(i) of the Code.

(4) For purposes of this subdivision, in determining whether a participant's or limited participant's total expenditures exceed the amount of the limit applicable under §3-706(1) or §3-706(3)(a)(i) of the Code, the following expenditures shall be excluded: (i) expenditures made in the first ~~two~~ three years of the election cycle, ~~to the extent such expenditures do not exceed the limit on initial expenditures applicable under Rule 1-08(j)(1); (ii) expenditures made in the third year of the election cycle,~~ to the extent such expenditures do not exceed the limit applicable under §3-706(2) of the Code; and ~~(iii)~~ (ii) in the case of the general election expenditure limit, expenditures made not later than the closing date of the 10 day post-primary election disclosure statement, provided that the participant or limited participant was subject to a primary election expenditure limit.

(5) Notwithstanding anything otherwise provided for in this subdivision, exempt expenditure claims made for ballot petition litigation expenditures must be substantiated in the manner provided for in paragraph (1)(ii) above; provided, however, that participants and limited participants substantiating ballot petition litigation expenditures pursuant to this paragraph may nonetheless rely on either paragraph (1)(i) or paragraph (1)(ii) in establishing other exempt expenditure claims. Ballot petition litigation expenditures shall not count against the 7.5% limit contained in paragraph (1)(i).

(6) Notwithstanding anything otherwise provided for in this subdivision, the reimbursement of an advance shall not be considered an exempt expenditure.

11. Fundraising for More Than One Election (Rule 1-08(m))

Campaign Finance Board Rule 1-08(m) is amended as follows:

(m) Fundraising for more than one election. When a ~~participant~~ candidate makes expenditures for a single event or other activity to raise funds for more than one office sought, and the first election that will be held is ~~for an office~~:

(1) ~~for which the candidate is a participant~~ a covered election, the full amount of such expenditures is subject to the expenditure limits, the contribution limits, and the contribution prohibitions of the Act and the Charter.

(2) not ~~for which the candidate is not a participant~~ a covered election, a portion of such expenditures will be subject to the expenditure limits, the contribution limits, and the contribution prohibitions of the Act and the Charter in such proportion as the total funds raised in connection with such event or other fundraising activity for the second election bears to the total such funds raised for both elections. Alternatively, the ~~participant~~ candidate may demonstrate to the Board that a different apportionment is applicable in accordance with Rule 1-07(d).

12. Fundraising Solicitations (Rule 1-08(n))

Campaign Finance Board Rule 1-08(n) is amended as follows:

(n) Fundraising solicitations. Each written solicitation of contributions by or on behalf of a ~~participant~~ candidate, whether in paper or electronic format, shall include the following statement, written in a conspicuous and clearly recognizable manner: "State law prohibits making a contribution in someone else's name, reimbursing someone for a contribution made in your name, being reimbursed for a contribution made in your name, or claiming to have made a contribution when a loan is made."

13. Expenditure Limit Compliance for Transfers (Rule 1-08(o))

Campaign Finance Board Rule 1-08(o) is added as follows:

(o) Expenditure limit compliance for transfers. In the case of a transfer of funds from a committee not otherwise involved in the covered election, other than another principal committee of the same candidate, the participant must allocate to the transferred contributions any expenditures incurred by the transferor committee during the covered election cycle in connection with raising or administering transferred contributions. In such a case, the participant has the burden of demonstrating, for the purpose of compliance with the expenditure limits of the Act, what expenditures incurred by the transferor committee were not made in connection with raising or administering the transferred contributions. At the Board's request, the participant shall provide documentation related to any such expenditures, including copies of Federal forms or disclosure statements filed with the New York State or City Board of Elections on behalf of the transferor committee.

Documents Submitted to the Board

Date Received (Rule 1-09(a))

Campaign Finance Board Rule 1-09(a) is amended as follows:

(a) Date received.

(2) Postmark date. Except as otherwise provided in paragraph (3) for disclosure statements, a document submitted by non-electronic mail will be deemed to have been received by the Board on the date the document is postmarked. Documents delivered by non-electronic common carriers other than the United States Post Office will be deemed to have been received by the Board on the date the common carrier received the document. ~~Participants~~ Candidates have the burden of demonstrating the date the common carrier received such document, including by means of the common carrier's time stamp or payment receipt.

(3) Disclosure statements.

(i) ~~Participants~~ Candidates who submit disclosure statements through non-electronic mail with the United States Post Office or by other non-electronic common carrier shall obtain a receipt or date stamp confirming the date on which the carrier received the disclosure statement. Such disclosure statements that are delivered by the Post Office or common carrier to the Board without a postmark or similar mark will be presumed to have been mailed three days earlier unless evidence presented to the Board, such as a post office receipt, establishes otherwise.

(ii) A complete disclosure statement, submitted in an electronic manner or otherwise, actually received by the Board no later than close of business on the due date for that disclosure statement applicable under Rule 3-02 will be considered to be submitted in a timely manner and to permit the Board to make a payment determination based on matchable contributions claimed therein when the Board next makes payment determinations. In order to make possible payment within four business days after receipt of disclosure statements, or as soon thereafter as is practicable, pursuant to §3-705(4) of the Code, the Board ~~will~~ may not review disclosure statements ~~that~~ for possible payment if they are not actually received by the Board by the specified due date, although the Board may review such disclosure statements when making payment determinations at a later date.

(iii) A complete disclosure statement, not actually received by the Board by the due date applicable under Rule 3-02, that is delivered by non-electronic mail with a postmark date that is on or before the due date, or received by another non-electronic common carrier on or before the due date, nonetheless will be considered to be submitted in a timely manner. This submission, however, may not be sufficiently timely to permit the Board to make a payment determination when the Board next makes payment determinations so the Board shall make a determination on such a disclosure statement at such time as it is practicable and the Board is considering making payments based on matchable contributions claimed in disclosure statements actually received on or before a subsequent applicable due date.

(iv) A ~~participant~~ candidate who fails to deliver a complete disclosure statement in a timely manner is in violation of the Act and subject to penalty under §§ 3-710.5 and 3-711(1) of the Code.

Filer Registration

Filer Registration (Rule 1-11)

Campaign Finance Board Rule 1-11 is amended as follows:

Rule 1-11 ~~Prospective Participants~~ Filer Registration.

~~**(a) Claiming matchable contributions.** Participants and prospective participants have the burden of demonstrating that a contribution is matchable for a particular election. For purposes of making this demonstration, a prospective participant's principal committee may file disclosure statements pursuant to Rule 3-02(i), before joining the Program. The failure of a committee to file a disclosure statement, pursuant to Rule 3-02(i), in a complete and timely manner constitutes a failure to demonstrate that any matchable contribution claims it makes or could have made in that disclosure statement are matchable for that particular election, in which case such matchable contribution claims shall be deemed invalid pursuant to Rule 5-01(d)(21).~~

~~**(b) Omitted.**~~

~~**(c)** **Filer identification.**~~ Not later than the day that a ~~prospective participant's principal committee~~ candidate files ~~it's~~ the first disclosure statement for an election ~~pursuant to Rule 3-02(i)~~, the ~~prospective participant~~ candidate shall submit a filer ~~identification~~ registration form. The filer ~~identification~~ registration form shall include:

~~(1)~~ (a) the ~~prospective participant's~~ candidate's name, ~~and mailing~~ address information and telephone numbers, and employment information;

~~(2)~~ (b) the name and mailing address, and treasurer name, treasurer address information and telephone numbers, and treasurer employment information, of every political committee authorized by the ~~prospective participant~~ candidate that has not been terminated, and, in the case of a participant or limited participant, an indication of which such committee is the principal committee;

~~(3)~~ (c) the name, mailing address, and telephone number of any person designated by the ~~prospective participant~~ candidate to act as liaison with the Board for each committee filing disclosure statements ~~pursuant to Rule 3-02(i)~~;

~~(4)~~ (d) identification of all bank accounts and other depository accounts into which receipts ~~to be reported pursuant to Rule 3-02(i)~~ have been, or will be, deposited; and

~~(5)~~ (e) other information as required by the Board.

The ~~prospective participant~~ candidate shall notify the Board of any material change in the filer ~~identification~~ registration form in such manner as may be provided by the Board. ~~The submission of a filer identification form, or an amendment thereto, by a prospective participant shall not be construed as a statement of intent to become a candidate, to run for any particular office, or to join the Program.~~

~~(d)~~ (f) **Applicable requirements.** Because ~~Program~~ the requirements of the Act and these Rules ~~may be applicable~~ apply to financial transactions that take place before a participant or limited participant joins the Program, the Board advises ~~prospective participants~~ candidates to comply with ~~the Program~~ all applicable requirements set forth in the Act and these ~~rules~~ Rules, in anticipation of joining the Program.

(g) **Construction.** The submission of a filer registration form, or an amendment thereto, shall not be construed as a statement of intent to become a candidate, to run for any particular office, or to join the Program.

The title of Chapter 2 is amended as follows:

Chapter 2 Candidate ~~Participation~~ Requirements

Certification

(a) Contents. The candidate shall specify in the certification whether he or she is joining the Program as a participant pursuant to §3-703 of the Code or as a limited participant pursuant to §3-718 of the Code. The certification shall include all filer ~~identification~~ registration information required by Rule 1-11~~(c)~~ and such other information as required by the Board. In the certification, the participant or limited participant shall designate a principal committee. A candidate filing the certification as a limited participant shall affirm that he or she has a sufficient amount of personal funds to fund his or her own campaign. A candidate's personal funds or property shall include his or her funds or property jointly held with his or her spouse, domestic partner, or unemancipated children.

2. Legal Effect (Rule 2-01(b))

Campaign Finance Board Rule 2-01(b) is amended as follows:

(b) Legal effect. The participant shall comply fully with the Program requirements in all elections for which the certification is submitted, regardless of the office sought and regardless whether the participant: (1) meets all the requirements of law to have his or her name on the ballot in the election; or (2) meets the Act's threshold for eligibility for public funds; or (3) accepts public funds; or (4) is otherwise not eligible to receive public funds in the election. The limited participant shall comply fully with the Program requirements in all elections for which the certification is submitted, regardless of the office sought and regardless whether the limited participant meets all the requirements of law to have his or her name on the ballot in the election. A candidate who does not file a timely certification shall be deemed to be a non-participant pursuant to §3-719 of the Code. The certification applies to all elections for an office covered by the Act that are held in the same calendar year or to a special election to fill a vacancy in an office covered by the Act.

3. Amendments (Rule 2-01(d))

Campaign Finance Board Rule 2-01(d) is amended as follows:

(d) Amendments. The participant or limited participant shall notify the Board of any material change in the information submitted pursuant to this rule in such manner as may be provided by the Board and no later than the next deadline for filing a disclosure statement. If, based upon a reasonable belief that there has been a material change in the information submitted, the Board requests an amendment, the participant or limited participant shall submit promptly any amendment necessary in such manner as may be provided by the Board.

4. Petition for Extraordinary Circumstances (Rule 2-01(e))

Campaign Finance Board Rule 2-01(e) is amended as follows:

(e) Petition for extraordinary circumstances.

(1) Pursuant to §3-703(1)(c) of the Code, a certification may be accepted no later than the seventh day after the occurrence of an extraordinary circumstance in an election, if: (i) prior to, or together with, the certification, a written petition is submitted to the Board, sworn to or affirmed by a candidate in such election seeking to join the Program as a participant or limited participant, which sets forth the facts alleged to present an extraordinary circumstance; and (ii) following review of the petition, the Board declares that an extraordinary circumstance has occurred in the election which permits or permitted the acceptance of additional certifications, as provided in §3-703(1)(c). The Board shall provide written notice to each participant and limited participant in an election of its declaration of an extraordinary circumstance in the election, which shall include the names of any additional candidates who have filed certifications in a timely manner in light of the extraordinary circumstance.

(2) Nothing in this rule shall be construed to: (i) require the Board to make a declaration of an extraordinary circumstance within seven days of its occurrence; or (ii) extend the deadline for joining the Program, in the event the Board does not declare that an extraordinary circumstance has occurred until more than seven days after its occurrence; or (iii) prohibit the acceptance of a certification filed by a candidate in an election within seven days after the occurrence of an extraordinary circumstance in that election, if the candidate did not file a petition under subparagraph (1)(i), provided that another candidate in such election has filed such a petition and the Board makes the declaration under subparagraph (1)(ii).

(3) An "extraordinary circumstance" includes: (i) the death of a candidate in an election, (ii) the resignation or removal of the person holding the office sought, and (iii) the submission to the Board of a written declaration, sworn to or affirmed by the holder of the office sought, terminating his or her campaign for reelection (which may be submitted together with a petition under subparagraph (1)(i)).

Breach of Certification

Breach of Certification (Rule 2-02)

Campaign Finance Board Rule 2-02 is amended as follows:

The Board considers each of the following activities to be a fundamental breach of the obligations affirmed and accepted by the participant or limited participant in the certification:

(a) submission of a disclosure statement which the participant knew or should have known includes substantial fraudulent matchable contribution claims;

(b) use of public funds to make or reimburse substantial campaign expenditures which the participant knew or should have known were fraudulent;

(c) cooperation in alleged independent expenditures, whereby material or activity that directly or indirectly assists or benefits a participant's or limited participant's nomination or election, which is purported to be paid by independent expenditures, was in fact authorized, requested, suggested, fostered, or cooperated in by the participant or limited participant; and

(d) use of a political committee or other entity over which a participant or limited participant exercises authority to conceal from the Board expenditures that directly or indirectly assist or benefit the participant's or limited participant's nomination or election.

In the event of a fundamental breach, the participant will be deemed by the Board to be ineligible for public funds and to have forfeited all public funds previously received for the elections covered by the certification, and the participant or limited participant will be subject to such civil and criminal sanctions as are applicable under ~~section~~ §3-711 of the Code and other applicable law. This rule is not intended to be an enumeration of all circumstances that may constitute a fundamental breach of obligations, as may be determined by the Board.

(b) Separate accounts for different elections. Receipts accepted for one election shall not be commingled in any account with receipts accepted for any other election, except that receipts for a primary and general election for the same office in the same calendar year may be deposited in the same account. Notwithstanding the foregoing, a candidate seeking election both to an office subject to the ~~Program~~ Act and to a federal office may maintain a separate allocation account for shared expenses in accordance with Advisory Opinion No. 1996-2 (July 18, 1996).

3. Runoff Primary and Runoff Special Elections (Rule 2-06(c))

Campaign Finance Board Rule 2-06(c) is amended as follows:

(1)(i) If a ~~participant~~ candidate accepts receipts for a runoff election, they shall be deposited into an account from which no disbursements, withdrawals, or transfers are made prior to the day of the preceding primary or special election, as the case may be, except that such contributions may be returned to contributors until the ~~participant~~ candidate first receives public funds for the runoff election.

(ii) Receipts accepted for a runoff primary shall not be (i) commingled in any account with any receipts accepted for any other election; or (ii) used for a primary or general election held in the year that the runoff primary is held or anticipated.

(iii) Receipts accepted for a runoff special election shall not be commingled in any account with any receipts accepted for any other election or used for any other election until the runoff special election is actually held; provided, however, that funds may be transferred from a special election account to a runoff special election account after the special election so that the funds transferred may be spent in the runoff special election. Receipts accepted for an anticipated runoff special election that is not held may not be spent or otherwise transferred until the earlier of (A) the first January 12 after the date of the special election for which the runoff special election was anticipated or (B) the date upon which all the ~~participant's~~ candidate's liabilities from the special election have been extinguished.

(2) Notwithstanding any provision of subdivision (b) or paragraph (c)(1) to the contrary, funds may be exchanged between an account maintained for a primary and/or the general election and an account maintained for a runoff primary for the following reasons only: (i) transfers from a primary and/or general election account to a runoff primary account made after the primary election so that the funds transferred may be spent in the runoff primary; and (ii) transfers from a runoff primary account to a primary and/or general election account made after the runoff primary is held so that the funds transferred may be spent in the general election.

4. Personal and Business Funds (Rule 2-06(e))

Campaign Finance Board Rule 2-06(e) is amended as follows:

(e) Personal and business funds. The personal or business funds of a ~~participant~~ candidate, his or her agent, or any other person or entity may not be commingled with campaign funds. 1. No "Opting-Out" (Rule 2-09(a))

Campaign Finance Board Rule 2-09(a) is amended as follows:

(a) No "Opting-Out." A ~~participant~~ candidate may discontinue filing disclosure statements after filing a verified statement that his or her candidacy is terminated in accordance with subsections (b) or (c) of this rule, or if the Board has deemed the ~~participant's~~ candidacy terminated pursuant to subsection (d) of this rule. Terminating a candidacy does not relieve the ~~participant~~ candidate of other Program obligations, such as maintaining records required by these ~~rules~~ Rules, submitting documentation or information in response to requests by the Board, and paying penalties for violations of ~~Program~~ the requirements of the Act and these Rules.

2. "Off the Ballot" Termination (Rule 2-09(b))

Campaign Finance Board Rule 2-09(b) is amended as follows:

(b) "Off the ballot" termination.

The verification shall be in such form and manner as shall be provided by the Board, and shall contain such signatures as may be required by the Board.

(2) A limited participant or non-participant may submit to the Board a verification that he or she is not a candidate for that election if the candidate: (i) is not on the ballot for that election; and (ii) is not seeking nomination or election as a write-in candidate. Campaign Finance Board Rule 2-09(c) is amended as follows:

A limited participant or non-participant may submit to the Board a verification that he or she is not a candidate for that election if the candidate has ceased all campaign activity for that election. The Board may send a notice to a limited participant or non-participant that his or her candidacy has been deemed terminated if the candidate is not on the ballot for that election. If the ~~participant~~ candidate is continuing to seek nomination or election as a write-in candidate, or, in the case of a participant, intends to submit a petition for public funds pursuant to Rule 5-02(b), the ~~participant~~ candidate must so notify the Board within 10 days after receiving the notice of termination, in which case the Board will reverse the termination and the ~~participant~~ candidate must continue to submit disclosure statements. In any event, the termination will be reversed and disclosure obligations resumed if the ~~participant~~ candidate remains a candidate in the election.

Limited Participation.

Campaign Finance Board Rule 2-10 is added as follows:

Rule 2-10 Limited Participation.

(a) Generally. A limited participant shall not be eligible to receive public funds pursuant to §3-705 of the Code. A limited participant is not subject to the contribution limits pursuant to §3-703(f) of the Code; provided, however, that a limited participant shall not accept, at any time before or after the filing of a certification with the Board, either directly, indirectly, or by transfer, any monetary or in-kind contribution, or any loan, guarantee, or other security for such loan made in connection with such candidate's nomination for election or election, except for monetary contributions from the candidate to his or her principal committee made out of the candidate's personal funds or property, in-kind contributions made by the candidate to his or her principal committee, and advances received. (a) Generally. A candidate who does not file a certification pursuant to either §3-703 or §3-718 of the Code shall be deemed to be a non-participant pursuant to §3-719 of the Code. A non-participant shall not be eligible to receive public funds pursuant to §3-705 of the Code and shall not be subject to the expenditure limitations provided in §3-706 of the Code. A non-participant may accept contributions from political committees notwithstanding the restrictions on such contributions contained in §3-703(k) of the Code.

(b) Compliance. Except as otherwise specified in these Rules, the non-participant shall comply fully with the requirements of the Act:

(1) Campaign finance disclosure statements. The non-participant shall file all disclosure statements as required pursuant to Chapter 3 of these Rules.

JEFFREY D. FRIEDLANDER, Acting Corporation Counsel

No. 58

Introduced by Council Members Perkins, James, Rivera, Gerson, Barron, Quinn, Gioia, Baez, Monserrate, Palma and Jackson.

A LOCAL LAW

To amend the charter and the administrative code of the city of New York, in relation to the requirements of the campaign finance program for city elections, the requirements of transition and inauguration entities for candidates elected to the offices of mayor, public advocate, comptroller, borough president, and member of the city council, participation in the New York City Campaign Finance Program by self-funded candidates, the debate program, and limiting the use of government resources during an election year.

Be it enacted by the Council as follows:

Section 1. Declaration of Legislative Intent and Findings.

The New York City Campaign Finance Act, adopted by the New York City Council in 1988, has succeeded in enhancing competition for elective municipal offices, limiting campaign contributions and expenditures to reasonable levels, and vastly increasing public information about the sources and uses of campaign funds.

The Council finds that amendments to the New York City Campaign Finance Act, section 3-801 of the administrative code of the City of New York, and the charter of the City of New York, will further the goals of this landmark legislation.

This local law will alter the formula for paying public funds to participating candidates facing high spending non-participating candidates, thus further reducing disparities between participating and non-participating candidates. Additionally, this local law includes new provisions aimed at reducing expenditures of public funds in non-competitive races.

Further, the Council seeks to permit those candidates for municipal office who fund their campaigns entirely through the use of their personal funds to participate in the Campaign Finance Program to a limited degree, without extending the public financing provisions to these candidates. In doing so, the Council seeks to strengthen the City's campaign finance program by enabling self-funded candidates to participate in the program by limiting their expenditures, in return for which the bonus provisions of the law will not be triggered for participating candidates, thus reducing Program costs.

Further, the Council finds that matching individual vendor contributions with public funds may lead to abuses in the Program or the perception of abuses in the Program. Accordingly, the Council intends to disallow the matching of individual vendor contributions, but not contributions made from individuals working for a campaign or working for vendor companies.

Further, the Council intends to extend the prohibition on public servants sending mass mailings before an election from thirty to ninety days. Within such ninety-day period, public servants may send one such mass mailing following the adoption of the city budget to inform constituents of the details of such budget and other government matters.

Finally, the local law will improve key elements of the Debate Program. Since its inception in 1997, the Debate Program has provided voters with valuable public exposure to candidates for citywide office. The Council now seeks to amend the Debate Program based on its experience with two sets of debates – 1997 and 2001. These Debate Program changes will improve the functioning of debates, ease the process of selecting debate sponsors, and enhance the value of the Debate Program for City voters.

§2. Subdivisions 2, 3 and 12 of section 3-702 of the administrative code of the city of New York are amended and a new subdivision 13 is added to such section, to read as follows:

2. The term "principal committee" shall mean the authorized committee designated by a candidate pursuant to paragraph (e) of subdivision 1 of section 3-703 *or paragraph (a) of subdivision one of section 3-718* of this chapter.

3. The term "matchable contribution" shall mean (i) a contribution, (ii) contributions or (iii) a portion of a contribution or contributions, not greater than the applicable contribution limitation set forth in paragraph (f) of subdivision one of section 3-703 for all covered elections held in the same calendar year, made by a natural person resident in the city of New York to a participating candidate which has been reported in full to the campaign finance board in accordance with subdivision six of section 3-703 by the candidate's principal committee and has been contributed on or before December thirty-first in the year of such election that may be matched by public funds in accordance with the provisions of this chapter. [Matchable contributions comprised of up to one thousand dollars per contributor (or up to five hundred dollars per contributor in a special election to fill a vacancy) may be counted toward the threshold for eligibility of paragraph (a) of subdivision two of section 3-703.] Any contribution, contributions, or a portion of a contribution determined to be invalid for matching funds by the board may not be treated as a matchable contribution for any purpose. A loan may not be treated as a matchable contribution. The following contributions are not matchable:

(a) in-kind contributions of property, goods, or services;

(b) contributions in the form of the purchase price paid for an item with significant intrinsic and enduring value;

(c) contributions in the form of the purchase price paid for or otherwise induced by a chance to participate in a raffle, lottery, or a similar drawing for valuable prizes;

(e) contributions from individuals under the age of eighteen years; *and*

(f) contributions from individual vendors to whom the participating candidate or his or her principal committee makes an expenditure, in furtherance of the nomination for election or election covered by the candidate's certification, unless such expenditure is reimbursing an advance.

12. The term "intermediary" shall mean an individual, corporation, partnership, political committee, employee organization or other entity which, other than in the regular course of business as a postal, delivery or messenger service, delivers any contribution from another person or entity to a candidate or authorized committee. "Intermediary" shall not include spouses, domestic partners, parents, children or siblings of the person making such contribution, *or any fundraising agent, as such term is defined in the rules of the board.*

13. The term "limited participating candidate" shall mean a candidate who meets the requirements of paragraph (a) of subdivision one of section 3-718 of this chapter.

§3. Paragraphs (f), (l) and (m) of subdivision 1 of section 3-703 of the administrative code of the city of New York are amended, and a new paragraph (n) is added, to read as follows:

The maximum contributions set forth in this paragraph shall be adjusted in accordance with subdivision seven of this section;

(l) not accept and his or her principal committee must not accept, either directly or by transfer, any contribution, loan, guarantee, or other security for such loan from any corporation, other than a corporation that is a political committee as defined in subdivision eleven of section 3-702 of this chapter, for all covered elections held in the same calendar year in which he or she is a participating candidate;

(m) fulfill the requirements of section 12-110 of the administrative code of the city of New York, including payment of any penalties as determined by the conflicts of interest board.

Such receipt as provided by the conflicts of interest board shall indicate the time and date of filing of the financial disclosure report.

(ii) A participating candidate shall provide the campaign finance board with the [original] receipt provided by the conflicts of interest board pursuant to subparagraph (i) of this paragraph, *in such form and manner as the campaign finance board shall require,* [and in conformance with the first disclosure statement filing date of chapter three of title fifty-two of the rules of the city of New York] *by the last business day of July in the year of the covered election, or such other later date as the campaign finance board shall provide by rule, except that in a special election to fill a vacancy the deadline for filing such receipt shall be established by campaign finance board rule.*

(n) satisfy any claim made by the board for the payment of civil penalties or repayment of public funds that remains outstanding against such candidate or his or her principal committee or an authorized committee of such candidate from a prior covered election, if (i) the candidate had written notice of such potential claim and ineligibility to receive public funds prior to filing a written certification for the current covered election pursuant to paragraph (c) of this subdivision, or (ii) in the event no such timely notice has been given pursuant to subparagraph (i), the candidate has been given an opportunity to present to the board reasons he or she should be eligible to receive public funds.

§4. Subdivisions 2, 5, 6, 7, 8, 9, 10, 11, and 12 of section 3-703 of the administrative code of the city of New York are amended and new subdivisions 13 and 14 are added to read as follows:

Such adjusted maximum contribution shall be in effect for any election held before the next such adjustment.

8. If a participating *or limited participating* candidate demonstrates to the board that a political committee has not accepted contributions, loans, or other receipts or made expenditures or transfers in a covered election, and represents that such committee will not accept contributions, loans, or other receipts or make expenditures or transfers in a covered election, the participating *or limited participating* candidate may submit to the board legible copies of financial disclosure reports, required to be filed with the city or state board of elections, for such committees in lieu of the disclosure report form designated by the board for purposes of subdivision six of this section.

9. No political committee authorized by a participating *or limited participating* candidate for a covered election may be authorized to aid or take part in the elections of more than one candidate.

10. All receipts accepted by a principal committee shall be deposited in an account of the principal committee. The treasurer of the principal committee shall be responsible for making such deposits. All deposits shall be made within ten business days of receipt; provided, however, that deposits of contributions made in the form of checks received by *participating or limited participating* candidates for the office of city council more than one year before the first covered election for which such candidate is seeking nomination or election may be made within twenty business days of receipt. Each disclosure report filed pursuant to subdivision six of this section shall include the date of receipt of each contribution accepted.

11. Regardless whether a participating candidate demonstrates eligibility for optional public financing under this chapter, a participating candidate and his or her principal committee are nonetheless required to abide by the requirements of paragraphs (d), (e), (f), (g), (h), (i), (k) and (l) of subdivision one of this section.

12. (a) Each participating candidate *or limited participating candidate* for nomination for election, or election, or the principal committee of such candidate, shall submit, in a contemporaneous manner, the disclosure reports required pursuant to this chapter, filed in accordance with the schedule specified by the state board of elections for the filing of campaign receipt and expenditure statements, and such other disclosure reports as the rules of the board may require, in order for any contributions received during the periods covered by such reports and prior to the last date upon which such candidate may file a certification pursuant to paragraph (c) of subdivision one of this section to qualify as matchable contributions.

(b) The board shall review each disclosure report timely submitted by a candidate prior to the last date upon which such candidate may file a certification pursuant to paragraph (c) of subdivision one of this section, *or subdivision one of section 3-718,* and issue to the candidate a review before the next disclosure report is due. Such review shall inform the candidate of relevant questions the board has concerning the candidate's: (i) compliance with requirements of this chapter and of the rules issued by the board; and (ii) qualification for receiving public funds pursuant to this chapter. In the course of this review, the board shall give candidates an opportunity to respond to and correct potential violations, before the deadline for filing a certification pursuant to paragraph (c) of subdivision one of this section, *or subdivision one of section 3-718,* and give candidates an opportunity to address questions the board has concerning their matchable contribution claims or other issues concerning eligibility for receiving public funds pursuant to this chapter; provided, however, this paragraph shall not apply to the last required disclosure report before the deadline for filing a certification pursuant to paragraph (c) of subdivision one of this section *or subdivision one of section 3-718.* Nothing in this paragraph shall preclude the board from subsequently reviewing such disclosure reports and taking any action otherwise authorized under this chapter.

13. Candidates who file a certification pursuant to subdivision one of this section shall not be eligible to file a certification pursuant to section 3-718, and candidates who file a certification pursuant to section 3-718 shall not be eligible to file a certification pursuant to subdivision one of this section.

14. (a) Transfers that a principal committee receives from a political committee (other than another principal committee) at any time during an election cycle shall:

(i) be attributed to previous contributions in accordance with the duly promulgated rules of the campaign finance board applicable to such transfer or use;

(ii) exclude an amount equal to the total of:

(A) such previous contributions, or portions thereof, that violate the limitations, restrictions, or prohibitions of the charter and this chapter applicable in the covered election for which the principal committee is designated; and

(B) such previous contributions, or portions thereof, for which the principal committee has not obtained and submitted to the board, prior to receipt of the transfer, evidence of the contributor's intent to designate the contribution for such covered election, and any other record, as determined by the rules of the board; and

(iii) not be matchable.

(b) Each transfer, the contributions to which the transfer is attributed, and all expenditures made in connection with such contributions shall be reported to the board in the next disclosure report due pursuant to this section 3-703 after the transfer is received. These expenditures shall, at a minimum, include all expenditures made by the political committee making the transfer during the election cycle of the covered election. The board shall issue instructions defining the circumstances in which such disclosure reports shall also include additional expenditures made by other political committees authorized by the participating candidate that originally received such contributions and additional expenditures made prior to such election cycle. Such expenditures shall be applied to the expenditure limit applicable under 3-706.

(c) Participating candidates shall have the burden of demonstrating that expenditures reported pursuant to paragraph (b) of this subdivision are not subject to the expenditure limit applicable under section 3-706 and are not a basis for reducing public funds payments pursuant to subdivision eight of section 3-705 of this chapter.

(d) Nothing in this subdivision is intended to modify or supersede any federal law that prohibits or otherwise restricts the use of campaign or donated funds by political committees, candidates or federal officeholders.

§5. Subdivisions 2 and 4 of section 3-705 of the administrative code of the city of New York are amended to read as follows:

2. *(a)* If the threshold for eligibility is met, the participating candidate's principal committee shall receive payment for qualified campaign expenditures of four dollars for each one dollar of matchable contributions, up to one thousand dollars in public funds per contributor (or up to five hundred dollars in public funds per contributor in the case of a special election), obtained and reported to the campaign finance board in accordance with the provisions of this chapter[,].

(b) [but in] *Except as otherwise provided in subdivision three of section 3-706, in* no case shall [such] *the* principal committee *of a participating candidate* receive [in] public funds *pursuant to paragraph (a) above in excess of* an amount [exceeding] *equal to* fifty-five percent of the expenditure limitation provided in subdivision one of section 3-706 for the office for which such candidate seeks nomination for election or election[, except as otherwise provided in subdivision three of section 3-706].

(c) No funds shall be provided pursuant to this subdivision with respect to any covered election specified in subdivision five of this section.

4. The campaign finance board shall make possible payment within four business days after receipt of reports of matchable contributions, or as soon thereafter as is practicable, but not earlier than the earliest dates for making such payments as provided in subdivisions five and six of section 3-709*; provided, however, that the board shall withhold up to five percent of all public funds payments to participating candidates until the final pre-election payment for any given election.*

§6. Section 3-706 of the administrative code of the city of New York is amended to read as follows:

2. The following limitations apply to all expenditures made by a *participating or limited participating* candidate and his or her principal committee in the *three* calendar *years* [year] preceding the year of the election for which such candidate chooses to *file a certification as a participating or limited participating candidate pursuant to this chapter* [participate in the public funding provisions of this chapter] and to expenditures made at any time prior to such date for services, materials, facilities, advertising or other things of value received, rendered, published, distributed or broadcast in such calendar [year] *years*. (b) Nothing contained in paragraph (a) of this subdivision shall:

(i) operate to increase or decrease the amount of public funds that may be received pursuant to section 3-705 by the principal committee;

(ii) affect the expenditure limitation set forth in paragraph (b) of subdivision one of this section; or

(iii) affect the expenditure limitation set forth in paragraph (a) of subdivision one of this section for purposes of the application of subdivision three of this section [or of paragraph (b) of subdivision 7 of section 3-705 of this chapter].

3. *(a)* If any candidate in any *covered* election [for an office for which public funds are available pursuant to the provisions of this chapter] chooses not to [participate in the public financing provisions of this chapter] *file a certification as a participating or limited participating candidate pursuant to this chapter*, and where the campaign finance board has determined that such candidate and his or her authorized committees have spent or contracted or have obligated to spend, or received in loans or contributions, or both, an amount which, in the aggregate, exceeds half the applicable expenditure limit for such office fixed by subdivision one of this section [for participating candidates], then:

[(a)] *(i)* such expenditure limit *applicable to* [shall no longer apply to] participating candidates *and limited participating candidates* in such election for such office *shall be increased to one hundred fifty percent of such limit*; and

[(b)] *(ii)* the principal committees of such participating candidates shall receive payment for qualified campaign expenditures of five dollars for each one dollar of matchable contributions, up to one thousand two hundred fifty dollars in public funds per contributor (or up to six hundred twenty five dollars in public funds per contributor in the case of a special election); provided, however, that [(i)] *(A)* participating candidates in a run-off election shall receive public funds for such election pursuant to subdivision five of section 3-705 and shall not receive any additional public funds pursuant to this section, and [(ii)] *(B)* in no case shall a principal committee receive in public funds an amount exceeding two-thirds of the expenditure limitation provided for such office in subdivision one of this section.

(b) If any candidate in any covered election chooses not to file a certification as a participating or limited participating candidate pursuant to this chapter, and where the campaign finance board has determined that such candidate and his or her authorized committees have spent or contracted or have obligated to spend, or received in loans or contributions, or both, an amount which, in the aggregate, exceeds three times the applicable expenditure limit for such office fixed by subdivision one of this section, then:

(i) such expenditure limit shall no longer apply to participating candidates and limited participating candidates in such election for such office; and

(ii) the principal committees of such participating candidates shall receive payment for qualified campaign expenditures of six dollars for each one dollar of matchable contributions, up to one thousand five hundred dollars in public funds per contributor (or up to seven hundred fifty dollars in public funds per contributor in the case of a special election); provided, however, that (A) participating candidates in a run-off election shall receive public funds for such election pursuant to subdivision five of section 3-705 and shall not receive any additional public funds pursuant to this section, and (B) in no case shall a principal committee receive in public funds an amount exceeding one hundred twenty-five percent of the expenditure limitation provided for such office in subdivision one of this section.

(b) In reviewing claims that expenditures are exempt from expenditure limitations by reason of paragraph (a) of this subdivision, the board shall not require the participating candidate or principal committee to provide detailed documentation substantiating such exempt expenditure claims unless the board has reason to believe that expenditures have been erroneously or falsely claimed to be exempt in disclosure reports.

(c) Notwithstanding paragraph (b) above, a participating candidate shall be required to provide detailed documentation substantiating all exempt expenditure claims made pursuant to this subdivision if the aggregate exempt expenditure claims made by the participating candidate exceed an amount equal to seven and one-half percent of the participating candidate's applicable expenditure limitation.

[5. The campaign finance board may adopt a regulation providing for expenditure limitations for expenditures made in the two calendar years preceding the calendar year specified in subdivision two of this section, in accordance with section eleven hundred five of the charter, provided, however, that notwithstanding any inconsistent provision of section eleven hundred five of the charter, the city council may within forty-five days after the first stated meeting of the city council following the receipt of a copy of such regulation, as provided in subdivision c of section eleven hundred five of the charter, approve or disapprove such regulation by adoption of an appropriate resolution. Upon approval by the city council such regulation shall take effect as provided therein. If the city council disapproves such regulation, the board shall not be precluded from adopting and transmitting to the city council for its approval or disapproval any other such regulation providing for such expenditure limitations in

accordance with this subdivision. If the city council does not approve or disapprove such regulation within such forty-five day period, such regulation shall be deemed to be approved on the forty-sixth day after such first stated meeting.]

7. (a) The board shall render advisory opinions with respect to questions arising under this chapter upon the written request of a candidate, an officer of a political committee or member of the public, or upon its own initiative. The board shall promulgate rules regarding reasonable times to respond to such requests. The board shall make public the questions of interpretation for which advisory opinions will be considered by the board and its advisory opinions, including by publication on its internet website.

(b) The board shall develop a program for informing candidates and the public as to the purpose and effect of the provisions of this chapter. The board shall prepare and make available educational materials, including compliance manuals and summaries and explanations of the purposes and provisions of this chapter. These materials shall be prepared in plain language. The board shall prepare and make available materials, including, to the extent feasible, computer software, to facilitate the task of compliance with the disclosure and record-keeping requirements of this chapter. When disclosure reports are generated by use of the board's disclosure software, the board shall provide an opportunity for [participating] candidates to test their electronic filings on any of the three business days prior to the deadline for the filing of such disclosure reports.

8. The board shall have the authority to promulgate such rules and regulations and provide such forms as it deems necessary for the administration of this chapter. The board shall promulgate regulations concerning the form in which contributions and expenditures are to be reported, the periods during which such reports must be filed and the verification required. §8. Section 3-709.5 of the administrative code of the city of New York is amended read as follows:

§3709.5 Mandatory debates. 1. *(a)* In any year in which a primary, [runoff primary,] general or special election is to be held, any participating candidate *and any limited participating candidate* for nomination or election to a city wide office shall participate in *either of the* two - preelection debates, *or both,* held pursuant to this section for *which he or she is eligible and is required to debate pursuant to this section. A participating candidate or limited participating candidate for nomination or election to a city-wide office is eligible to participate in a debate for* each election in which he or she is on the ballot [except that in the second general election debate the candidate shall] *if he or she has* [meet] *met* such criteria for participation as [may] *shall* be specified in [the application submitted by] *any agreement between* the debate sponsor [pursuant to paragraph (b) of subdivision five of this section] *and the board.*

(b) In any year in which a run-off primary or run-off special election to fill a vacancy for a city-wide office is held, any participating candidate and any limited participating candidate for nomination or election to such city-wide office who is on the ballot shall participate in one run-off election debate.

(c) In the case of a primary, the debate shall be among participating candidates *and limited participating candidates* seeking the nomination of the same political party *who meet the requirements provided in paragraph (a) of this subdivision*. If there is no contested primary for an office in a political party then no debate for that party's nomination shall be held pursuant to this section.

(d) Each debate held pursuant to this section shall be at least one hour's duration.

2. For purposes of this section, a "debate" shall mean the moderated reciprocal discussion of issues among candidates on the ballot for the same office.

3. For [a] *primary,* general [election] *and special elections*, the second debate shall be a debate among the leading contenders for the office, as described in paragraph (b) of subdivision five of this section.

4. Organizations which are not affiliated with any political party or with any holder of or candidate for public office, which have not endorsed any candidate in the pending primary, special, general, or [runoff] *run-off* election for the city-wide office shall be eligible to sponsor one or more of the required debates. The rules for conducting such debates shall be solely the responsibility of the organizations selected but shall not be made final without consultation with the campaign finance board. The organizations selected shall be responsible for choosing the date, time and location of the debates.

5. Written applications by organizations to sponsor [an election] *a* debate shall be submitted to the campaign finance board on a form provided by the board not later than a date chosen by the board in any year in which an election is held for city-wide offices.

(a) The written application shall:

Nothing in this provision is intended to limit the debates to the two major political parties.*

[The second debate for a general election shall include only those candidates who the sponsor has determined are the leading contenders for the office on the basis of the objective, nonpartisan, and non-

discriminatory criteria. These criteria must be set forth in the sponsor's written application.]

(ii) If [the] *a debate* sponsor [of the second general election debate] has determined that a *non-participating* candidate [who is not a participating candidate is a leading contender for the office on the basis of such criteria] *has met all the non-partisan, objective, and non-discriminatory criteria applicable to participating candidates or limited participating candidates for access to any of the primary, general, or special election debates*, the sponsor may invite that candidate to participate in [the] *such* debate. In the case of a [runoff] *run-off* primary election *or a run-off special election*, the sponsor may invite a non-participating candidate to participate in [the debate(s)] *such debate*. However, if a *non-participating candidate* [non-participant leading contender] does not accept such invitation to debate or does not appear at such debate, the debate shall go forward as scheduled [with the other previously selected leading contender or contenders in the case of a second general election debate or participating candidate on the ballot in the case of a runoff election debate]*; provided, however, if there is only one participating candidate or limited participating candidate participating in any such debate, upon agreement by the debate sponsor, the board and the potential debater, such debate may be canceled.*

[(c) In the case of the second general election debate, the application shall also provide for an alternative nonpartisan voter education program that the sponsor shall provide for any participating candidates not deemed leading contenders.]

6. Prior to choosing a sponsor, the board shall provide for the receipt of comments from interested persons regarding the qualifications of potential sponsors. The [Board] *board* shall consider and give substantial weight to such comments submitted by candidates.

7. Based upon the criteria in subdivision [4] *four* above and any comments received pursuant to subdivision [6] *six* above, the board shall select the organization or organizations to sponsor the [election] debates and shall provide written notification to the organization or organizations so selected. In addition to the sufficiency of the application, the board shall consider the applicant's ability to reach a wide audience and present a fair and impartial debate. The board may accept an application subject to modifications as it deems appropriate and as are acceptable to the sponsor.

8. For [the two primary] *all* debates [and the first general election debate], the board shall provide each debate sponsor it has selected with a list of [candidates] *participating candidates and limited participating candidates* who are [required] *eligible to be considered* to participate in such debates.

9. For purposes of this subdivision, each primary, general, special or [run off] *run-off* election shall be considered a separate election.

10. Following the submission of a petition on behalf of the candidate and a hearing before the board, the [penalty] *sanction or sanctions provided in subdivision nine of this section* applicable to a [participating] candidate for failure to participate in any debate as required under this section [shall] *may* be waived upon a determination by the board that the failure to participate in the debate occurred under circumstances beyond the control of the candidate and of such nature that a reasonable person would find the failure justifiable or excusable.

11. Nothing contained in this section shall preclude any candidate from agreeing to participate in any number of additional debates between any and all candidates for a city -wide office, including [those

candidates not participating in the campaign finance program] *non-participating candidates or limited participating candidates*. These debates need not be held under guidelines or the purview of the campaign finance board.

The board shall give written notice and the opportunity to appear before the board to any participating *or limited participating* candidate, his or her principal committee, principal committee treasurer or any other agent of [a participating] *such* candidate, if the board has reason to believe that such has committed a violation or infraction, before assessing any penalty for such action.

(e) A limited participating candidate, together with his or her principal committee, shall not make expenditures which in the aggregate exceed the applicable expenditure limitations set forth in section 3-706.

(f) Neither a limited participating candidate nor an authorized committee of a limited participating candidate shall be eligible to receive public funds pursuant to section 3-705.

No. 59

Introduced by Council Members Perkins and Jackson.

A LOCAL LAW

To amend the charter and the administrative code of the city of New York, in relation to application of the public disclosure requirements of the New York City Campaign Finance Program to all candidates for the offices of mayor, public advocate, comptroller, borough president, and member of the city council.

Be it enacted by the Council as follows:

Section 1. Declaration of Legislative Intent and Findings.

The New York City Campaign Finance Act, adopted by the New York City Council in 1988, has succeeded in enhancing competition for elective municipal offices, limiting campaign contributions and expenditures to reasonable levels, and vastly increasing public information about the sources and uses of campaign funds.

The Council finds that amendments to the New York City Campaign Finance Act and the charter of the City of New York, will further the goals of this landmark legislation. By imposing many of the same disclosure and audit provisions of the Campaign Finance Act to those candidates for municipal office who elect not to participate in the Campaign Finance Program, without extending to such candidates the public financing provisions or the provisions limiting expenditures, the Council seeks to further strengthen the reform program that has been recognized as a national model.

Further, the Council finds that the Campaign Finance Board publishes on the Web a searchable database of campaign finance information reported by candidates participating in the City's campaign finance reform program. This unique and detailed public resource enables the voting public to review and compare contributions and expenditures for opposing candidates, and to draw their own conclusions about the significance of this information in the exercise of the voting franchise.

As presently constituted, the Web database does not include the campaign finance transactions of candidates who choose not to participate in the City's reform program. This absence of comparable public disclosure deprives the voting public of relevant comparative information and creates increased administrative burdens for the Campaign Finance Board in making the administrative determinations required by the Campaign Finance Act. In addition, the Council finds that the Board of Elections does not monitor the completeness and accuracy of the campaign finance disclosure reports submitted on behalf of non-participating candidates in the same detailed manner that the Campaign Finance Board does with public disclosure reports filed on behalf of participating candidates.

The Council finds and declares that:

1. Uniform disclosure of comparable information serves the interest of the voting public and promotes fair competition among opposing candidates. This public information function is comparable to the voters guide published pursuant to section 1053 of the New York City Charter, which covers all candidates for City office regardless of their participation in the voluntary system of campaign finance reform.

2. Detailed public campaign finance disclosure helps safeguard against the risk that large campaign contributions will gain undue influence over government decision-making and sheds light on campaign spending practices. As is true of the personal financial disclosure required of all candidates for City office pursuant to section 12-110 of the Administrative Code, detailed and comparable public disclosure of campaign finance transactions must be a fundamental obligation of all candidates seeking City office.

3. Disclosure to the Campaign Finance Board will enhance the existing Web database and facilitate determinations the board is required to make pursuant to the New York City Campaign Finance Act.

4. Equal protection requires an enforcement regime that treats all competing candidates in the same manner. For that reason, this local law extends auditing and penalties under the New York City Campaign Finance Act to ensure that public disclosure on behalf of all candidates seeking public office of the City of New York is complete, timely, and accurate.

By providing detailed financial information about all candidates, these amendments will permit greater public scrutiny of campaign finances for all candidates running for certain offices in New York City.

§2. Section 3-702 of the administrative code of the city of New York is amended by adding new subdivisions 13 and 14, to read as follows:

13. The term "limited participating candidate" shall mean a candidate who meets the requirements of paragraph (a) of subdivision one of section 3-718 of this chapter.

14. The term "non-participating candidate" shall mean any candidate for nomination for election, or election, to the office of mayor, public advocate, comptroller, borough president or member of the city council who does not file a written certification pursuant to section 3-703 or meet the requirements of paragraph (a) of subdivision one of section 3-718 of this chapter, or who has, or the authorized committees of such candidate have, made expenditures in furtherance of the nomination for election or election to an office covered by this chapter.

§3-712. Campaigns for office not subject to this chapter. Contributions, loans, guarantees and other security for such loans used and expenditures made toward the payment of liabilities incurred by a candidate in an election held prior to the effective date of this section [or in which he or she did not choose to participate in the public funding provisions of this chapter] or in a campaign for public office other than one covered by this chapter, shall not be subject to the requirements and limitations of this chapter.

2. The following activities in support of other candidates by a participating, *limited participating or non-participating* candidate or his or her principal committee shall not be considered contributions to or expenditures by such participating, *limited participating or non-participating* candidate or his or her principal committee, except to the extent such activities are paid for by *such* [the participating] candidate or his or her principal committee for a covered election:

(a) The act alone of endorsing or appearing with another candidate for public office, party nomination or party position.

(B) The deadline for filing such certification for a primary, general, or special election shall be the deadline date for filing written certifications pursuant to section 3-703(1)(c) by candidates seeking nomination for election or election to the same office in the same calendar year as candidates seeking to file a certification pursuant to this subparagraph, and the provisions of such section 3-703(1)(c) relating to the occurrence of an "extraordinary circumstance" shall apply to limited participating candidates.

(b) A limited participating candidate, and the authorized committees of such a limited participating candidate, shall comply with the provisions of paragraphs (d), (e), (g), and (i) of subdivision one, and subdivisions six, six-a, eight, nine, ten, and twelve of section 3-703 of this chapter.

(f) Neither a limited participating candidate nor an authorized committee of a limited participating candidate shall be eligible to receive public funds pursuant to section 3-705.

(g) If a limited participating candidate is a candidate for the same office for which he or she filed a certification pursuant to paragraph (a) of this subdivision in any other election held in the same calendar year as the election for which such candidate filed such certification, other than a special election to fill a vacancy, he or she shall be bound in each such other election by the provisions of this section.

(h) A candidate who files a certification pursuant to paragraph (a) of this subsection shall not be eligible to file a certification pursuant to section 3-703.

(i) Notwithstanding any limitations in this chapter, a limited participating candidate may contribute to his or her own nomination for election or election with his or her personal funds or property, in-kind contributions made by the candidate to his or her authorized committees with the candidate's personal funds or property, and advances made by the limited participating candidate with the candidate's personal funds or property. (b) A non-participating candidate, and the authorized committees of such a non-participating candidate, shall comply with the same requirements as a participating candidate who files a certification pursuant to paragraph (c) of subdivision one of section 3-703 of this chapter as provided in paragraphs (d) and (g) of such subdivision, and subdivisions six, six-a and eight of section 3-703 of this chapter.

(c) A non-participating candidate and his or her authorized committee shall submit the disclosure reports required pursuant to this chapter, filed in accordance with the schedule specified by the state board of elections for the filing of campaign receipt and expenditure statements, and such other disclosure reports as the rules of the board may require.

(d) Neither a non-participating candidate nor an authorized committee of a non-participating candidate shall be eligible to receive public funds pursuant to section 3-705.

READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council,** 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists--free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

DEVELOP TRANSITIONAL RESIDENCE FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – Competitive Sealed Proposals – Judgment required in evaluating proposals - PIN# 071-00S-003-262 – DUE 01-03-06 AT 5:00 P.M. – The Department of Homeless Services is soliciting proposals from organizations interested in developing and operating transitional residences for homeless adults and families including the Neighborhood Based Cluster Residence and drop-in centers for adults. This is an open-ended solicitation; there is no due date for submission. Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-forth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the transitional residence contracts will range from 3 to 20 years including renewal options and depending on the financial terms and conditions.

Pursuant to Section 312 (c) (1) (ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgment is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03 (c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences in order to address the need to create additional shelter capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated as a for-profit entity; 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed Standalone facility location(s); and 3) must demonstrate an intent to enter into lease agreements with the owner(s) or management designee(s) for each property.

AGENCY RULES

LOCAL LAWS 2004

■ NOTICE

LOCAL LAWS
OF
THE CITY OF NEW YORK
FOR THE YEAR 2004

No. 60

Introduced by Council Members Council Members Perkins, Barron, Gonzalez and Stewart.

A LOCAL LAW

To amend the charter and the administrative code of the city of New York, in relation to application of contribution limits of the New York City Campaign Finance Program to all candidates for the offices of mayor, public advocate, comptroller, borough president, and member of the city council, and prohibiting candidates from accepting contributions, loans or security for such loans from corporations.

Be it enacted by the Council as follows:

Section 1. Declaration of Legislative Intent and Findings.

The New York City Campaign Finance Act, adopted by the New York City Council in 1988, has succeeded in enhancing competition for elective municipal offices, limiting campaign contributions and expenditures to reasonable levels, and vastly increasing public information about the sources and uses of campaign funds.

The Council finds that amendments to the New York City Campaign Finance Act and the charter of the City of New York, will further the goals of this landmark legislation. By imposing the same contribution provisions of the Campaign Finance Act to those candidates for municipal office who elect not to participate in the Campaign Finance Program, without extending to such candidates the public financing provisions or the provisions limiting expenditures, the Council seeks to further strengthen the reform program that has been recognized as a national model. By ending the disparity in contribution limits faced by participating candidates opposed by non-participating candidates, these amendments further reduce the opportunity for wealthy special interests to exercise or appear to exercise undue influence over local elected officials in New York City.

This local law will also extend the existing ban on contributions from corporations to non-participating candidates, thus eliminating further disparities between participating and non-participating candidates and promoting a governmental interest in emphasizing contributions from individuals.

§2. Subdivision 8 of section 3-702 of the administrative code of the city of New York is amended and new subdivisions 13 and 14 are added to such section to read as follows:

8. The term "contribution" shall mean: (a) any gift, subscription, advance, or deposit of money or any thing of value, made in connection with the nomination for election, or election, of any candidate; (b) any funds received by a political committee from another political committee to the extent such funds do not constitute a transfer; (c) any payment, by any person other than a candidate or a political committee authorized by the candidate, made in connection with the nomination for election, or election, of any candidate, including but not limited to compensation for the personal services of any individual which are rendered in connection with a candidate's election or nomination without charge; provided however, that none of the foregoing shall be deemed a contribution if it is made, taken or performed by a person or a political committee independent of the candidate or his or her agents or political committees authorized by such candidate pursuant to section 14-112 of the New York state election law. For purposes of this subdivision, the term "independent of the candidate or his or her agents or political committees authorized by such candidate pursuant to section 14-112 of the New York state election law" shall mean that the candidate or his or her agents or political committees so authorized by such candidate did not authorize, request, suggest, foster or cooperate in any such activity; and provided further, that the term "contribution" shall not include:

(i) the value of services provided without compensation by individuals who volunteer a portion or all of their time on behalf of a candidate or political committee,

(ii) the use of real or personal property and the cost of invitations, food and beverages voluntarily provided by an individual to a candidate or political committee on the individual's residential premises for candidate-related activities to the extent such services do not exceed five hundred dollars in value, and

(iii) the travel expenses of any individual who on his or her own behalf volunteers his or her personal services to any candidate or political committee to the extent such expenses are unreimbursed and do not exceed five hundred dollars in value.

A loan made to a participating candidate or his or her principal committee, *or a non-participating candidate or his or her authorized committees* other than in the regular course of the lender's business shall be deemed, to the extent not repaid by the date of the first covered election in which *such* [the participating] candidate *is governed by this chapter* [is a participant] following the date of the loan, a contribution by the lender. A loan made to a participating candidate or his or her principal committee, *or a non-participating candidate or his or her authorized committees* in the regular course of the lender's business shall be deemed, to the extent not repaid by the date of the first covered election in which the [participating] candidate is *governed by this chapter* [a participant] following the date of the loan, a contribution by the obligor on the loan and by any other person endorsing, cosigning, guaranteeing, collateralizing or otherwise providing security for the loan.

13. The term "limited participating candidate" shall mean a candidate who meets the requirements of paragraph (a) of subdivision one of section 3-718 of this chapter.

14. The term "non-participating candidate" shall mean any candidate for nomination for election, or election, to the office of mayor, public advocate, comptroller, borough president or member of the city council who does not file a written certification pursuant to section 3-703 or meet the requirements of paragraph (a) of subdivision one of section 3-718 of this chapter, or who has, or the authorized committees of such candidate have, made expenditures in furtherance of the nomination for election or election to an office covered by this chapter.

§3. Paragraphs (f) and (l) of subdivision 1 of section 3-703 of the administrative code of the city of New York are amended to read as follows:

(f) not accept and his or her principal committee *or authorized committees* must not accept, either directly or by transfer, any contribution or contributions from any one individual, partnership, political committee, employee organization or other entity for all covered elections held in the same calendar year in which he or she is a participating candidate *or a non-participating candidate* which in the aggregate: (i) for the office of mayor, public advocate or comptroller shall exceed four thousand five hundred dollars, or (ii) for borough president, shall exceed three thousand five hundred dollars, or (iii) for member of the city council, shall exceed two thousand five hundred dollars; provided that a *participating* candidate and his or her principal committee *or a non-participating candidate and his or her authorized committees* may accept additional contributions which do not exceed one half the amount of the applicable limitation for any run-off primary election, additional day for voting held pursuant to section 3-108 of the New York state election law, special election to fill a vacancy, run-off special election to fill a vacancy, delayed or otherwise postponed election, or election held pursuant to court order which is a covered election and in which the candidate seeks nomination for election or election; and provided further that if state law prescribes a contribution limitation of a lesser amount, this paragraph shall not be deemed to authorize acceptance of a contribution in excess of such lesser amount. The maximum contributions set forth in this paragraph shall be adjusted in accordance with subdivision seven of this section;

(l) not accept and his or her principal committee *or authorized committees* must not accept, either directly or by transfer, any contribution, loan, guarantee, or other security for such loan from any corporation, other than a corporation that is a political committee as defined in subdivision eleven of section 3-702 of this chapter, for all covered elections held in the same calendar year in which he or she is a participating *or non-participating* candidate;

§4. Subdivisions 9 and 10 of section 3-703 of the administrative code of the city of New York are amended to read as follows:

9. No political committee authorized by a participating, *limited participating or non-participating* candidate for a covered election may be authorized to aid or take part in the elections of more than one candidate.

10. All receipts accepted by a *participating or limited participating candidate and his or her* principal committee shall be deposited in an account of the principal committee. *All receipts accepted by a non-participating candidate and his or her authorized committees shall be deposited in an account of the authorized committees.* The treasurer of the principal committee *or authorized committee* shall be responsible for making such deposits. 7. (a) The board shall render advisory opinions with respect to questions arising under this chapter upon the written request of a candidate, an officer of a political committee or member of the public, or upon its own initiative. The board shall promulgate rules regarding reasonable times to respond to such requests. The board shall make public the questions of interpretation for which advisory opinions will be considered by the board and its advisory opinions, including by publication on its internet website.

READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council**, 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists–free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

HOUSING PRESERVATION & DEVELOPMENT

■ NOTICE

Pursuant to Section 695(2)(b) of the General Municipal Law and Section 1802(6)(j) of the Charter, notice is hereby given that the City of New York ("City") has a proposal to sell all of the City's right, title, and interest in the following City-owned property ("Disposition Area") in the Borough of Brooklyn:

Address	Block/Lot
300 Putnam Avenue	Block 1828, Lot 17

The Disposition Area is Site 8A of the Consolidated Central Brooklyn Community Development Plan, which is now known as the Bedford-Stuyvesant I Urban Renewal Plan. The City sold the Disposition Area to Bedford-Throop Housing Development Fund Corporation, Inc. ("Sponsor") in 1970. The Sponsor then constructed a 52-unit multiple dwelling for occupancy by persons of low income. The development received a $1,404,000 federally insured mortgage and project based Section 8 rental assistance. In 1976, in order to provide the project with additional financing, the City purchased a remainder interest in the Disposition Area for $100,000. As a result, without further action, the City would become the owner of the Disposition Area on May 1, 2012.

Under the proposed project, the Sponsor would restructure its mortgage financing under the federal Mark-to-Market program. The restructuring will provide funds for capital repairs, reduce debt service costs, and improve cash flow. Rehabilitation will include work to upgrade the windows, elevators, intercoms, kitchens, bathrooms, exterior facade, and grounds. Improved cash flow will free sufficient operating funds to hire private security to control drug activity. Under the terms of the restructured loan, the Disposition Area will provide housing to persons of low income for an additional 30 years. In order to facilitate the project, HPD proposes to convey City's remainder interest in the Disposition Area to the Sponsor for Ten Dollars.

The appraisal and the Deed and Project Summary are available for public examination at the office of HPD, 100 Gold Street, Room 5M, New York, New York on business days during business hours.

PLEASE TAKE NOTICE that a public hearing will be held on March 23, 2005 at Spector Hall – Main Floor, 22 Reade Street, Manhattan at 10:00 a.m., or as soon thereafter as the matter may be reached on the calendar, at which time and place those wishing to be heard will be given an opportunity to be heard concerning the proposed sale of the Disposition Area pursuant to Section 695(2)(b) of the General Municipal Law and Section 1802(6)(j) of the Charter.

Individuals requesting sign language interpreters should contact the Mayor's Office of Contract Services, Public Hearings Unit, 253 Broadway, Room 915, New York, New York 10007, (212) 788-7490, no later than seven (7) business days prior to the public hearing. DEVELOP TRANSITIONAL RESIDENCE FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – Competitive Sealed Proposals – Judgment required in evaluating proposals - PIN# 071-00S-003-262 – DUE 01-03-06 AT 5:00 P.M. – The Department of Homeless Services is soliciting proposals from organizations interested in developing and operating transitional residences for homeless adults and families including the Neighborhood Based Cluster Residence and drop-in centers for adults. This is an open-ended solicitation; there is no due date for submission. Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-forth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the transitional residence contracts will range from 3 to 20 years including renewal options and depending on the financial terms and conditions.

Pursuant to Section 312 (c) (1) (ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgment is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03 (c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences in order to address the need to create additional shelter capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated as a for-profit entity; 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed Standalone facility location(s); and 3) must demonstrate an intent to enter into lease agreements with the owner(s) or management designee(s) for each property.

Any organization that believes it can provide these services may contact: John Iaffaldano, Associate Staff Analyst, Office of Contracts and Procurement at the Department of Homeless Services at (212) 361-8435, 33 Beaver Street, 13th Floor, NY, NY 10004, to request a copy of the RFP application, which is available for pick-up Monday through Friday on business days between the hours of 9:00 a.m. to 5:00 p.m.

A LOCAL LAW

To amend the administrative code of the city of New York, in relation to providing a film production credit.

Be it enacted by the Council as follows:

Section 1. Section 11-604 of the administrative code of the city of New York is amended by adding a new subdivision 20 to read as follows:

20. Film production credit. (a)(1) allowance of credit. A taxpayer which is a qualified film production company, and which is subject to tax under this subchapter, shall be allowed a credit against such tax, pursuant to the provisions in subdivision (c) of this section, to be computed as hereinafter provided.

(2) The amount of the credit shall be the product of five percent and the qualified production costs paid or incurred in the production of a qualified film, provided that the qualified production costs (excluding post production costs) paid or incurred which are attributable to the use of tangible property or the performance of services at a qualified film production facility in the production of such qualified film equal or exceed seventy-five percent of the production costs

(excluding post production costs) paid or incurred which are attributable to the use of tangible property or the performance of services at any film production facility within and without the city of New York in the production of such qualified film. However, if the qualified production costs (excluding post production costs) which are attributable to the use of tangible property or the performance of services at a qualified film production facility in the production of such qualified film are less than three million dollars, then the portion of the qualified production costs attributable to the use of tangible property or the performance of services in the production of such qualified film outside of a qualified film production facility shall be allowed only if the shooting days spent in the city of New York outside of a film production facility in the production of such qualified film equal or exceed seventy-five percent of the total shooting days spent within and without the city of New York outside of a film production facility in the production of such qualified film. The credit shall be allowed for the taxable year in which the production of such qualified film is completed.

(3) No qualified production costs used by a taxpayer either as the basis for the allowance of the credit provided for under this subdivision or used in the calculation of the credit provided for under this subdivision shall be used by such taxpayer to claim any other credit allowed pursuant to this title.

(b) Definitions. As used in this subdivision, the following terms shall have the following meanings:

(1) "Qualified production costs" means production costs only to the extent such costs are attributable to the use of tangible property or the performance of services within the city of New York directly and predominantly in the production (including pre-production and post production) of a qualified film.

(2) "Production costs" means any costs for tangible property used and services performed directly and predominantly in the production (including pre-production and post production) of a qualified film. "Production costs" shall not include (i) costs for a story, script or scenario to be used for a qualified film and (ii) wages or salaries or other compensation for writers, directors, including music directors, producers and performers (other than background actors with no scripted lines). "Production costs" generally include technical and crew production costs, such as expenditures for film production facilities, or any part thereof, props, makeup, wardrobe, film processing, camera, sound recording, set construction, lighting, shooting, editing and meals.

(3) "Qualified film" means a feature-length film, television film, television pilot and/or each episode of a television series, regardless of the medium by means of which the film, pilot or episode is created or conveyed. "Qualified film" shall not include (i) a documentary film, news or current affairs program, interview or talk program, "how-to" (i.e., instructional) film or program, film or program consisting primarily of stock footage, sporting event or sporting program, game show, award ceremony, film or program intended primarily for industrial, corporate or institutional end-users, fundraising film or program, daytime drama (i.e., daytime "soap opera"), commercials, music videos or "reality" program, or (ii) a production for which records are required under section 2257 of title 18, United States code, to be maintained with respect to any performer in such production (reporting of books, films, etc. with respect to sexually explicit conduct).

(4) "Film production facility" shall mean a building and/or complex of buildings and their improvements and associated back-lot facilities in which films are or are intended to be regularly produced and which contain at least one sound stage.

(5) "Qualified film production facility" shall mean a film production facility in the city of New York, which contains at least one sound stage having a minimum of seven thousand square feet of contiguous production space.

(6) "Qualified film production company" shall mean a corporation which is principally engaged in the production of a qualified film and controls the qualified film during production.

(c) Application of credit. (1) The credit allowed under this subdivision for any taxable year shall not reduce the tax due for such year to less than the amount prescribed in clause (4) of subparagraph (a) of paragraph E of subdivision one of this section. Provided, however, that if the amount of the credit allowable under this subdivision for any taxable year reduces the tax to such amount, fifty percent of the excess shall be treated as an overpayment of tax to be credited or refunded in accordance with the provisions of section 11-677 of this chapter; provided, however, the provisions of section 11-679 of this chapter notwithstanding, no interest shall be paid thereon. The balance of such credit not credited or refunded in such taxable year may be carried over to the immediately succeeding taxable year and may be credited against the taxpayer's tax for such year. The excess, if any, of the amount of the credit over the tax for such succeeding year shall be treated as an overpayment of tax to be credited or refunded in accordance with the provisions of section 11-677 of this chapter. Provided, however, the provisions of section 11-679 of this chapter notwithstanding, no interest shall be paid thereon.

(2) Notwithstanding anything contained in this section to the contrary, the credit provided by this subdivision shall be allowed against the taxes authorized by this chapter for the taxable year after reduction by all other credits permitted by this chapter.

(2) The amount of the credit shall be the product of five percent and the qualified production costs paid or incurred in the production of a qualified film, provided that the qualified production costs (excluding post production costs) paid or incurred which are attributable to the use of tangible property or the performance of services at a qualified film production facility in the production of such qualified film equal or exceed seventy-five percent of the production costs (excluding post production costs) paid or incurred which are attributable to the use of tangible property or the performance of services at any film production facility within and without the city of New York in the production of such qualified film. However, if the qualified production costs (excluding post production costs) which are attributable to the use of tangible property or the performance of services at a qualified film production facility in the production of such qualified film are less than three million dollars, then the portion of the qualified productions costs attributable to the use of tangible property or the performance of services in the production of such qualified film outside of a qualified film production facility shall be allowed only if the shooting days spent in the city of New York outside of a film production facility in the production of such qualified film equal or exceed seventy-five percent of the total shooting days spent within and without the city of New York outside of a film production facility in the production of such qualified film. The credit shall be allowed for the taxable year in which the production of such qualified film is completed.

(3) No qualified production costs used by a taxpayer either as the basis for the allowance of the credit provided for under this subdivision or used in the calculation of the credit provided for under this subdivision shall be used by such taxpayer to claim any other credit allowed pursuant to this title.

(4) Definitions. As used in this subdivision, the following terms shall have the following meanings:

READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council,** 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists--free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

The Rules may also be accessed on the City Website, http://NYC.GOV.Selltonyc

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

DEVELOP TRANSITIONAL RESIDENCE FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – Competitive Sealed Proposals – Judgment required in evaluating proposals - PIN# 071-00S-003-262 – DUE 01-03-06 AT 5:00 P.M. – The Department of Homeless Services is soliciting proposals from organizations interested in developing and operating transitional residences for homeless adults and families including the Neighborhood Based Cluster Residence and drop-in centers for adults. This is an open-ended solicitation; there is no due date for submission. Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-forth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the transitional residence contracts will range from 3 to 20 years including renewal options and depending on the financial terms and conditions.

Pursuant to Section 312 (c) (1) (ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgment is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.
Thus, pursuant to Section 3-03 (c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences in order to address the need to create additional shelter capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated as a for-profit entity; 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed Standalone facility location(s); and 3) must demonstrate an intent to enter into lease agreements with the owner(s) or management designee(s) for each property.

Any organization that believes it can provide these services may contact: John Iaffaldano, Associate Staff Analyst, Office of Contracts and Procurement at the Department of Homeless Services at (212) 361-8435, 33 Beaver Street, 13th Floor, NY, NY 10004, to request a copy of the RFP application, which is available for pick-up Monday through Friday on business days between the hours of 9:00 a.m. to 5:00 p.m.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/ blueprints; other information; and for opening and reading of bids at date and time specified above.

Section 1. Subparagraph (vi) of paragraph (2) of subdivision (i) of Section 3-14 of Chapter 3 of Title 28 of the Rules of the City of New York is amended to read as follows:

(vi) A copy of any applicable documents relating to the rental development, including, but not limited to, the urban renewal plan, the plan and project, the deed or lease, the land disposition agreement, any applicable Board of Estimate or City Council resolution and the temporary certificate of occupancy and permanent certificate of occupancy, or any other documents requested by HPD. Such documents shall also be [given to the Tenants Association] provided to a management office on site (or, if there is no management office on site, to a management office located within the city of New York), where they shall be made available to any tenant of such rental housing company and/or his or her representative upon request.

The owner shall notify all tenants by ordinary mail or distribution at or under each apartment door and by posting a copy in a conspicuous place on the lobby floor of each building affected of its intent to dissolve or reconstitute at or about the same time as the delivery of the notice of intent to HPD. Such notice shall indicate where the applicable documents are available for review by tenants and/or their representatives during normal business hours.

§ 2. Paragraph 6 of subdivision (i) of Section 3-14 of Chapter 3 of Title 28 of the Rules of the City of New York is amended to read as follows:

(6) *Mutual Housing companies—Special Meeting*. A board of directors of a mutual housing company intending to dissolve and/or reconstitute pursuant to §35 shall call a special meeting in conformance with the mutual housing company by-law requirements for the purpose of ascertaining shareholder interest in dissolution. The secretary of the board of directors shall submit to HPD a certified resolution stating that not less than a majority of the shareholders present at such special meeting approved an expenditure of funds in a specified amount for the purpose of preliminary exploration of dissolution and/or reconstitution, unless the by-laws of the company mandate a greater affirmative vote. Said resolution shall include language as follows:

"This resolution authorizes the board of directors to take steps necessary to ascertain the desirability of dissolution and/or reconstitution. This resolution authorizes the expenditure of $_____ for such investigation and notifies the shareholders that there are Private Housing Finance Law requirements for dissolution. This resolution also advises the shareholders that the New York State Department of Law requirements must be met prior to actual dissolution and/or reconstitution."

A certified copy of the resolution shall be submitted to HPD within seven (7) business days after such vote. Expenditure of funds authorized above shall require prior written approval of HPD, if the dollar amount for any one retainer, agreement, or contract exceeds [$10,000] $15,000 for mutual housing companies with fewer than five hundred (500) dwelling units and [$25,000] $30,000 for those with five hundred (500) or greater.

§ 3. A new paragraph (7-a) is added to subdivision (i) of Section 3-14 of Chapter 3 of Title 28 of the Rules of the City of New York to read as follows:

(7-a) Conduct of Special Meetings. Special meetings required pursuant to paragraphs six and seven of this subdivision shall be conducted by an independent election company or the relevant mutual housing company's attorney and/or accountant. Prior to conducting such special meetings, the mutual housing company must notify HPD in writing of the name of the independent election company, or the alternate supervisor of the special meeting, and of the intended special meeting procedures. If the cost of any such special meeting exceeds $15,000 in housing companies with fewer than five hundred (500) dwelling units or $30,000 in housing companies with more than five hundred (500) dwelling units, the contracts will require HPD's prior written approval. Such independent election company or alternate supervisor of the special meeting must submit proof to HPD that the requirements of this paragraph have been met.

Statement of Basis and Purpose. The proposed rule amendments clarify certain dissolution procedures for City-aided limited-profit housing companies. First, the requirement that dissolution documents submitted by a limited-profit housing company also be submitted to the Tenants Association has been replaced with a requirement that such documents be given to either a management office on site, or, if there is no management office on site, to a management office in New York City. This amendment is to circumvent any issues over whether a particular Tenants Association is duly constituted and to ensure that such documents are still accessible to tenants and their representatives in developments with no Tenants Association. This amendment also provides that the notice to the tenants regarding the proposed buyout indicate where such documents will be available for review by tenants and/or their representatives during normal business hours. Finally, it allows for distribution at or under each door of a dwelling unit in case certain doors don't have space beneath them to slip documentation. The second amendment makes the dollar thresholds for HPD approval of the funding of the feasibility study the same as they are currently for contracts in general. The third amendment requiring that the two special meetings (first to fund a feasibility study to explore dissolution and second to authorize withdrawal from the Mitchell-Lama Program) relating to the dissolution of a mutual housing company be conducted by an independent election company or the relevant mutual housing company's attorney and/or accountant, ensures that these meetings are conducted in a fair and professional manner. Since the votes taken at such meetings are often contentious and have a huge impact on the cooperators, it is critical that they be supervised and regulated by a fair and impartial party.

LOCAL LAWS 2005

■ NOTICE

No. 4

Introduced by Council Members Vallone Jr., Moskowitz, Addabbo Jr., Fidler, Foster, Gentile, Koppell, Nelson, Weprin, Palma, Gennaro, Sanders Jr., Liu, Comrie Jr., Recchia Jr., Vann, McMahon, Seabrook, Rivera, Felder, Katz, Sears, Martinez and The Public Advocate (Ms. Gotbaum).

A LOCAL LAW

To amend the New York city charter, in relation to requiring the police department and the department of education to provide the public with information regarding school violence.

Be it enacted by the Council as follows:

Section 1. Legislative intent and findings.

In order to combat violence in our schools, residents of the city must have accurate information on the number and types of incidents occurring and where these incidents are taking place. This information must be made public so that parents are aware of the safety conditions within which their children learn and so that our civic leaders can institute meaningful reform.

The police department collects and reports information about criminal incidents and certain non-criminal incidents that occur in the schools. The Department of Education currently provides information to the public on its website about incidents in schools based on reports prepared by the Police Department. In addition, the Department of Education maintains the Online Occurrence Reporting System ("OORS"), in which information concerning violent and seriously disruptive incidents in the schools (in addition to other types of information not related to school safety) is recorded. The information relevant to school safety in OORS is not currently reported by the Department of Education on its website.

To help parents and the public understand and fully assess the problem of school crime and other serious disruptive incidents, the DOE must continue to post school safety data on the internet and to enhance and improve upon the information that is provided. By receiving this information, the public will be in a better position to analyze and comment upon any inconsistencies and to weigh in on proposed policy amendments.

§2. Chapter 20 of the New York City Charter is amended by adding a new section 529, to read as follows:

§ 529. Education department and police department school incident reporting requirements.

a. The New York city department of education, or its successor, shall make available to the public, pursuant to subdivision d of this section, reports that reflect the environment of criminal and seriously disruptive behavior in schools operated by the department of education.

b. Such reports shall include an annual reporting, on a city-wide basis as well as for each school or co-located group of schools operated by the department of education, of information reported by the New York city police department to the department of education on the following: the total amount of major felony crime, disaggregated by felony category; the total amount of other crime, disaggregated by crimes against persons and crimes against property; and the total amount of non-criminal incidents.

c. Such reports shall also include an annual reporting, on a city-wide basis as well as for each school or co-located group of schools operated by the department of education, of incidents designated by the chancellor in the citywide standards of discipline and intervention measures (the "discipline code") as seriously disruptive, dangerous or violent behavior in schools operated by the department of education, as reported in the department of education's online occurrence reporting system, or a successor reporting system. The chancellor, in consultation with the police department, shall develop guidelines to avoid duplicative reporting pursuant to this subdivision of information already contained in reports described in subdivision b of this section.

d. The department of education shall make such reports available on its web site and shall include such information in the school report card for each school that it operates. The department shall also make such reports available in paper form at all schools and all district and regional offices, and shall provide copies to the public on request. Such annual reports shall be available by October 1st, and shall include data from the previous school year (September 1st through June 30th) of information reported by the New York city police department to the department of education and, as soon as practicable, but no later than one year after the effective date of this law, shall also include the reports generated by the department of education described in subdivision c of this section.

§3. This local law shall take effect ninety days after its enactment.

READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council,** 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists--free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

The Rules may also be accessed on the City Website, http://NYC.GOV.Selltonyc

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

DEVELOP TRANSITIONAL RESIDENCE FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – Competitive Sealed Proposals – Judgment required in evaluating proposals - PIN# 071-00S-003-262 – DUE 01-03-06 AT 5:00 P.M. – The Department of Homeless Services is soliciting proposals from organizations interested in developing and operating transitional residences for homeless adults and families including the Neighborhood Based Cluster Residence and drop-in centers for adults. This is an open-ended solicitation; there is no due date for submission. Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-forth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the transitional residence contracts will range from 3 to 20 years including renewal options and depending on the financial terms and conditions.

Pursuant to Section 312 (c) (1) (ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgment is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03 (c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences in order to address the need to create additional shelter capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated as a for-profit entity; 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed Standalone facility location(s); and 3) must demonstrate an intent to enter into lease agreements with the owner(s) or management designee(s) for each property.

Any organization that believes it can provide these services may contact: John Iaffaldano, Associate Staff Analyst, Office of Contracts and Procurement at the Department of Homeless Services at (212) 361-8435, 33 Beaver Street, 13th Floor, NY, NY 10004, to request a copy of the RFP application, which is available for pick-up Monday through Friday on business days between the hours of 9:00 a.m. to 5:00 p.m.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/ blueprints; other information; and for opening and reading of bids at date and time specified above.

AGENCY RULES

POLICE

■ NOTICE

Notice of Adoption of Rule

NOTICE IS HEREBY GIVEN PURSUANT TO AUTHORITY VESTED IN THE New York City Police Department by Sections 434(b) and 1043 of the New York City Charter that the New York City Police Department has amended its rules by adopting a new Subchapter C to Chapter 12 of Title 38 of the Rules of the City of New York pertaining to procedures to be followed by the Property Clerk with respect to determining the disposition of personal property recovered in the vicinity of the World Trade Center site subsequent to the attack of September 11, 2001.

* * *

Section 1. Chapter 12 of title 38 of the Rules of the City of New York is amended by adding a new Subchapter C to read as follows:

Subchapter C. Procedures relating to property recovered in the vicinity of the World Trade Center site subsequent to the terrorist attack of September 11, 2001.

§12-51. Introduction. Following the attack of September 11, 2001, the City of New York undertook extraordinary efforts to locate and preserve items of personal property recovered in the vicinity of the World Trade Center site. Property was found and vouchered at three major locations: Ground Zero itself, the Office of the Chief Medical Examiner, and a special facility at Fresh Kills landfill where police officers sorted through tons of material recovered from the disaster site. The Property Clerk has cleansed, sorted, collated, and categorized all property that came into the custody of the Police Department following the terrorist attack. The Property Clerk has conducted and continues to conduct comprehensive investigations, utilizing available technology, with the goal of determining ownership of each piece of property, regardless of the property's value.

Where the Police Department has been able to establish the ownership of specific items that were recovered, those items have been returned to their owners. Thus far, property from approximately 72 % of the 26,779 vouchers containing items recovered, has been returned. Ownership of the remaining vouchered property has yet to be determined. The Police Department recognizes that, whatever the monetary value of an individual piece of property may be, it may have great value to the survivors and family members of those whose lives were lost. As demonstrated by numerous requests from family members, this is particularly so as to jewelry that has been recovered. Therefore, the Police Department has committed special resources to examine and classify lost jewelry and has created a special questionnaire to assist individuals who may wish to make a claim for such items. Out of respect and concern for those who were killed and their family members, and the survivors of the attack, the City is establishing special procedures for individuals to provide the Property Clerk with information needed to determine the ownership of unclaimed jewelry remaining in the custody of the Property Clerk.

The Police Department will also continue to process requests for the return of property other than jewelry made pursuant to the regular procedures of the Property Clerk.

Because of the volume of items and the number of possible claims, it may be some time before ownership of claimed items can be determined. In many cases, claims may be made for items that have never been recovered. In many other cases, claims may be made for items with respect to which it is not possible to make a determination of ownership. For example, it may ultimately prove virtually impossible to ascertain ownership of certain property because of its generic nature or its condition when recovered. The ultimate disposition of items which are not claimed, or of items ownership of which cannot be determined, will be decided at a future time after people have had the opportunity to file claims as provided in this subchapter.

§12-52. Property covered by this subchapter. This subchapter applies to claims for personal property recovered in the vicinity of the World Trade Center site following the attack of September 11, 2001, and within the custody of the Property Clerk as of no later than May 30, 2002.

§12-53. Time for making claims. a. All claims pursuant to this subchapter shall be submitted on or before Tuesday, May 31, 2005. If the claim is mailed, it shall be deemed to have been submitted on the date the envelope is postmarked.

b. Claims for jewelry. Claims for jewelry may be submitted electronically by selecting the WTC Property Claims link of the NYPD homepage at http://www.nyc.gov/nypd and utilizing the form provided on the site. Claims for jewelry may also be made on paper forms – the NYPD's WTC Jewelry Claim Form - which may be obtained in person from any police precinct, transit district, or housing bureau facility ("PSA"); by calling(888) 622-2545; or by mail from the Property Clerk Division's Manhattan Office, located at One Police Plaza, Room S-20, New York, New York 10038. Completed paper forms shall be submitted in person or by mail to the Property Clerk Division's Manhattan Office, World Trade Center Project, located at One Police Plaza, Room S-20, New York, New York 10038.

c. Nothing in this subchapter shall limit the rights of persons to claim property under any other provision of law.

§12-54. Review of claims. a. The Property Clerk shall review the claims submitted pursuant to this subchapter and may require additional information, including but not limited to evidence of identity, ownership and letters testamentary or letters of administration.

b. The Property Clerk may retain any item of personal property for a reasonable time to allow for the review of all claims filed in a timely manner under this rule or other applicable provision of law. However, the Property Clerk will continue with its procedure of returning property where in its discretion it determines that conclusive evidence of ownership has been provided.

c. Nothing contained in this subchapter shall be deemed to either require or prohibit the Property Clerk from initiating an interpleader action in accordance with the civil practice law and rules.

§2. Section 12-01 of Subchapter A of chapter 12 of title 38 of the Rules of the City of New York, as amended on **February 8, 1998, is amended to read as follows:**

The Property Clerk Division has established procedures regarding the return of property when claimed by the public. The classification of the property, arrest evidence, decedent's property, found property, etc., determines the documentation the claimant must provide in order to gain possession. In all cases, in addition to the necessary documentation, proper identification of the claimant is required. This can be in the form of licenses, credit cards, passports, bankbooks and utility bills (see appendix A of this chapter). In cases where the owner of property [is sending] sends another person to pick up that property, [they] the owner must [have a] provide such person a notarized letter [of authorization] authorizing such person to act on the owner's behalf, to be presented to the Property Clerk Division.

Listed below in this subchapter are categories and general procedures for claimants to follow, in order to obtain property in our custody. Subchapter A of this chapter contains general provisions. Subchapter B of this chapter sets forth special procedures, which are followed by the Property Clerk and the District Attorneys with respect to claims for the return of property taken or obtained in connection with an arrest. Subchapter C of this chapter sets forth special procedures that shall be followed by the Property Clerk with respect to items of jewelry recovered in the vicinity of the World Trade Center site subsequent to the terrorist attack of September 11, 2001. The claim submission procedures contained within this subchapter will be applicable until May 31, 2005.

NEW YORK CITY POLICE DEPARTMENT
STATEMENT OF BASIS AND PURPOSE

Section 10-106 of the Administrative Code of the City of New York requires that found property be turned into a police station, where it will in turn be transmitted to the Property Clerk. Section 14-140 of the Code authorizes the Property Clerk to take custody of certain types of property, including property, which is lost, and to dispose of lost property by rules enacted pursuant to General Municipal Law § 250.

The Personal Property Law establishes periods of retention for found personal property in the custody of the Police Department Property Clerk. These periods have already expired with respect to all property remaining in the custody of the Police Department Property Clerk, which was recovered in the vicinity of the World Trade Center on and after September 11, 2001. Out of respect and concern for those who were killed and their family members, and the survivors of the attack, the City is establishing a special procedure to facilitate the return of unclaimed jewelry in the custody of the Property Clerk discovered in the vicinity of the World Trade Center site. The claim submission procedures will remain in effect until May 31, 2005. During this time, the Property Clerk will continue to entertain claims for other personal property recovered from the site pursuant to its regular procedures.

The procedures set forth in this rule are in addition to and are not intended to supercede any other provision of law relating to found property or to impair the right of any person, pursuant to any other provision of law, to claim such property.

Longevity Increment Eligibility Rules

The following rules shall govern the eligibility of employees for the longevity increments provided for in Article III, Section 9, of the 2002-2005 Real Estate Titles, *et al.*, Agreement.

1. Only service in pay status shall be used to calculate the 15 years of service, except that for other than full time per annum employees only a continuous year of service in pay status shall be used to calculate the 15 years of service. A continuous year of service shall be a full year of service without a break of more than 31 days. Where the regular and customary work year for a title is less than a twelve month year, such as a school year, such regular and customary year shall be credited as a continuous year of service counting towards the 15 years of service. If the normal work year for an employee is less than the regular and customary work year for the employee's title, it shall be counted as a continuous year of service if the employee has customarily worked that length work year and the applicable agency verifies that information.

2. Service in pay status prior to any breaks in service of more than one year shall not be used to calculate the 15 years of service. Where an employee has less than seven years of continuous service in pay status, breaks in service of less than one year shall be aggregated. Where breaks in service aggregate to more than one year they shall be treated as a break in service of more than one year and the service prior to such breaks and the aggregated breaks shall not be used to calculate the 15 years of service. No break used to disqualify service shall be used more than once.

3. The following time in which an employee is not in pay status shall not constitute a break in service as specified in paragraph 2 above:

   a. Time on a leave approved by the proper authority which is consistent with the Rules and Regulations of the New York City Personnel Director or the appropriate personnel authority of a covered organization.
   b. Time prior to a reinstatement.
   c. Time on a preferred list pursuant to Civil Service Law Sections 80 and 81 or any similar contractual provision.
   d. Time not in pay status of 31 days or less.

Notwithstanding the above, such time as specified in subsections a, b and c above shall not be used to calculate the 15 years of service.

4. Once an employee has completed the 15 years of "City" service in pay status and is eligible to receive the $800 longevity increment, the $800 shall become part of the employee's base rate for all purposes except as provided in paragraph 5 below.

5. The $800 longevity increment shall not become pensionable until -fifteen months after the employee becomes eligible to receive such $800 increment. Fifteen months after the employee becomes eligible to receive the $800 longevity increment, such $800 longevity increment shall become pensionable and as part of the employee's base rate, the $800 longevity increment shall be subject to the general increases provided in Article III, Section 3, of this Agreement.

Appendix B

Recurring Increment Payment Eligibility Rules

The following rules shall govern the eligibility of Employees for the Recurring Increment Payment ("RIP" provided for in Article III, Section 12 of the 2002-2005 Real Estate Agreement.

1. Only service in pay status shall be used to calculate the qualifying years of service. A continuous year of service shall be a full year of service without a break of more than 31 days. Where the regular and customary work year for a title is less than a twelve month year, such as a school year, such regular and customary year shall be credited as a continuous year of service counting towards the qualifying years of service. If the normal work year for an employee is less than the regular and customary work year for the employee's title, it shall be counted as a continuous year of service if the employee has customarily worked that length work year and the applicable agency verifies that information.

2. Part-time employees shall be ineligible to receive RIPs, but prior part-time service shall be credited to full-time employees on a pro rata basis, provided all other terms and conditions set forth herein are met.

a. An employee must have regularly worked at least one half the regular hours of full time employees in the same title or if no full-time equivalent title exists then at least 17-1/2 hours for white collar positions or 20 hours for blue collar positions.

b. Such part time service shall be prorated by dividing the number of hours worked per week by a part-time employee by the number of hours worked per week by a full-time employee in the same title. If no full-time equivalent title exists then the divisor shall be 35 hours for white collar positions or 40 hours for blue collar positions.

3. Service in pay status prior to a break in service of more than one year shall ***not*** be used to calculate the qualifying years of service.

4. The following time in which an Employee is not in pay status shall not constitute a break in service, but such time shall ***not*** be used to calculate the qualifying years of service:

   a. time on a leave approved by the proper authority which is consistent with the Personnel Rules and Regulations of the City of New York or the appropriate personnel authority of a covered organization,
   b. time prior to a reinstatement,
   c. time on a preferred or recall list, and
   d. time not in pay status of 31 days or less.

5. RIPs shall be considered a salary adjustment for the purposes of Article III, Section 1(d) of this Agreement and the maximum salary of an eligible title shall not constitute a bar to the payment thereof.

6. Once an Employee has qualified for a RIP and is receiving it, the RIP shall become part of the Employee's base rate and included in calculating all salary based payments, except as provided in paragraph 7 below. Any future negotiated general increases shall be applied to RIPs.

7. A RIP shall not become pensionable until two years after the Employee begins to receive such RIP.

Appendix C

As set forth in Section 5 of the *2002 District Council 37 Memorandum of Economic Agreement*, (*"2002 DC 37 MEA"*) the parties agree to establish the "Joint Labor Management Committee on Productivity Initiatives" (*"Committee"*).

Composition of the Committee
The Committee shall comprise representatives designated by: the Deputy Mayor for Operations, the Law Department, the Office of Labor Relations, the Office of Management and Budget, the Office of Operations, and District Council 37.

Goals and Objectives
The Committee shall work to identify efficiencies in the administration and delivery of governmental services which shall in turn be utilized to provide additional compensation to employees. This agreement expresses the joint labor and management commitment to associate improved City service and performance with appropriate compensation for the workforce.

The goal of the Committee's work shall be to identify, review, recommend and develop initiatives that generate workplace savings, maximize the potential of the City workforce and ensure the provision of essential services while at the same time improving compensation for the City workforce. To that end, the parties will seek to identify quantifiable savings while at the same time maintaining or improving City services.

The Committee shall make all reasonable efforts to issue a report or reports on or about October 1, 2004 which propose initiatives representing meaningful, quantifiable, recurring savings to the City and which generate funding to be utilized to compensate employees. Upon completion and acceptance of all committee members of the report, an additional one percent (1%) increase shall be paid to employees covered by this agreement.

The parties agree to meet and negotiate the application of any additional savings above 1% generated by the programs developed by the Committee.

Areas for Consideration
The Committee's study may encompass such matters, including, but not limited to, absence control, contracting in, workers compensation and other efficiencies.

1. Sick leave usage. The Committee will seek to design a program to examine baseline data as to sick leave usage as a benchmark for comparison. The goal will be to reduce employee sick leave usage on an ongoing basis as a productivity enhancement.

2. Contracting-in. The Committee shall identify areas wherein City services are now being outsourced with the goal of providing those services by City employees with a cost savings to the City.

3. Workers Compensation Cost Containment Task Force. The Committee shall create a special task force, requesting such assistance of cost containment experts as necessary, with the goal of developing reforms that emphasize effective treatments and speed the return to work; that explore the manner in which treatment services are provided; that set specific standards of evaluation and treatment; and that serve to root out fraudulent claims.

4. Such other areas as the Committee may mutually agree.

Implementation of Savings
The initiatives and programs developed pursuant to this Committee must be unanimously agreed upon. In the event there is a dispute as to the amount of savings generated by an initiative or the implementation of a program, or the savings generated by a program are not paid pursuant to this agreement, a party may file for final and binding arbitration pursuant to Section 12(a) of the *2002 DC 37 MEA*.

Appendix D

Such one-time lump sum payment shall be equivalent to the difference between the annual salary rate the employee would have actually earned during the employee's second year of service had the higher salary rate been in effect and the annual salary rate they did earn.

"Qualified inactive service" is defined for the purposes of this agreement to include the following employees:

1. those who are on preferred or recall lists; or

READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council**, 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists--free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

DEVELOP TRANSITIONAL RESIDENCE FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – Competitive Sealed Proposals – Judgment required in evaluating proposals -
PIN# 071-00S-003-262 – DUE 01-03-06 AT 5:00 P.M. – The Department of Homeless Services is soliciting proposals from organizations interested in developing and operating transitional residences for homeless adults and families including the Neighborhood Based Cluster Residence and drop-in centers for adults. This is an open-ended solicitation; there is no due date for submission. Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-forth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the transitional residence contracts will range from 3 to 20 years including renewal options and depending on the financial terms and conditions.

Pursuant to Section 312 (c) (1) (ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgment is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03 (c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences in order to address the need to create additional shelter capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated as a for-profit entity; 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed Standalone facility location(s); and 3) must demonstrate an intent to enter into lease agreements with the owner(s) or management designee(s) for each property.

Any organization that believes it can provide these services may contact: John Iaffaldano, Associate Staff Analyst, Office of Contracts and Procurement at the Department of Homeless Services at (212) 361-8435, 33 Beaver Street, 13th Floor, NY, NY 10004, to request a copy of the RFP application, which is available for pick-up Monday through Friday on business days between the hours of 9:00 a.m. to 5:00 p.m.

AGENCY RULES

CAMPAIGN FINANCE BOARD

■ NOTICE

Notice of Final Rules

IN COMPLIANCE WITH SECTION 1043 OF THE NEW YORK CITY CHARTER, and exercising authority vested in the Campaign Finance Board (the "Board") under Chapter 46 of the New York City Charter (including, but not limited to, Section 1052(a)(8) thereof) and under the New York City Campaign Finance Act (the "Act") (including, but not limited to, Sections 3-702(8), 3-703(1)(f), and 3-708(8) of the New York City Administrative Code), the Board hereby adopts amendments to the Campaign Finance Board Rules. Underscoring denotes proposed additions; ~~strikeout~~ denotes proposed deletions.

I. Explanation, Basis, and Purpose

The Campaign Finance Board Rules are codified in Chapter 52 of the Rules Compilation of the City of New York. The amendments effect the following specific changes, take effect thirty days after final publication in The City Record, and

apply to contributions accepted at any time during the 2005 election cycle, as well as prospectively.

Contributions from a Single Source (Rule 1-04(h) and (i))

Pursuant to Rule 1-04(h), contributions from a single source are totaled for the purposes of compliance with the contribution limits. The policy rationale of the rule is to prevent circumvention of the contribution limits by ensuring that all entities are treated as a single source when a common decisionmaker determines whether to contribute on behalf of the entities making the contributions. A rebuttable presumption is articulated for limited liability companies, partnerships (together "limited liability entities"), and certain labor organizations.

Concerns of undue influence attendant on contributions from limited liability entities and labor organizations made the single-source rule a salient issue in the 2003 election cycle (as contributions from corporations were in past years, before corporate contributions were banned). These contributions represented the majority of all organizational contributions to Campaign Finance Program participants.[1]

In the course of its audits, the Board has acquired experience raising questions about affiliated entities with campaigns and has corresponded with campaigns and entities about potential single-source rule violations. The Board's experience has revealed that a number of contribution limit violations have been comprised of contributions from affiliated labor organizations and limited liability entities constituting single sources. For example, in the 2003 election cycle, several campaigns accepted over-the-limit contributions from the political committees of two affiliated unions (a parent and subordinate union) that designated the same person as the decisionmaking authority for contributing to city candidates, and from a district level union and local unions whose decisionmaking was controlled by the district level union.

The Board believes the single-source rule will be improved with clarification to describe in greater detail the types of entities that will be presumed to be single sources (in the absence of evidence demonstrating the contrary) and to provide clearer guidance to candidates about the factors relevant to overcoming the rebuttable presumption. The new rule supplements the factors currently contained in the rule and provides a rebuttable presumption that certain limited liability entities and labor organizations will, in the absence of evidence demonstrating the contrary, be treated as single sources for the purposes of compliance with the contribution limits. For entities not covered by these more detailed considerations, the general factors in Rule 1-04(h)(1) will continue to apply.

The rule amendments arise out of a long-standing Board practice that has been in effect for all organizational contributions to ensure that single sources do not make over-the-limit contributions. In the audit process, the Board routinely questions campaigns about apparent contribution limit violations stemming from the contributions of affiliated and apparently affiliated entities, whether by limited liability entities, labor organizations, or, in the past, corporations. As always, the burden rests on the campaign to show compliance by demonstrating that affiliated entities do not constitute a single source for purposes of the contribution limits. Campaigns have responded to the questions in the audit process either by not contesting the affiliation or, in some cases, with evidence that the entities do not constitute a single source for purposes of the contribution limits.

Before the law was amended to prohibit candidates from accepting corporate contributions,[2] the Board rules contained similar provisions that subjected contributions from corporate parents, affiliates, subsidiaries, and controlling persons to a single contribution limit. *See* Board Rules, Appendix B, *Former Rules on Affiliated Contributions*. Under the former rules, if an entity or individual owned, held, or could vote a class of stock representing over fifty percent of a corporation's voting power, the Board considered this relationship to be conclusive evidence of control, and thus considered the corporation to be a single source with the controlling entity or individual. Where corporate ownership was less clear, however, the Board merely presumed that affiliated corporations were subject to common control. Acknowledging a range in levels of control among these affiliated entities, the Board permitted candidates the opportunity to rebut the presumption. The former rules on affiliated corporations included a list of general factors, substantially similar to the current Rule 1-04(h)(1), to assist candidates with the rebuttal in cases where ownership was less clear. The Board's practice, now largely irrelevant to corporate contributions, underlies the rule amendments, which share the same objective as the former rules on affiliated corporations—to ensure that all single sources, in this case, limited liability entities and labor organizations, are similarly treated.

Although the rule amendments arise out of Board practice, they provide more detailed guidance than did the former corporate rules to candidates concerning the specific kinds of documentation that may be offered to rebut the presumption. They also provide more detailed guidance than was provided in the proposed rules as adopted by the Board for public comment. In response to public comments on the proposed rules, the rules now provide a detailed list of documentation germane to limited liability entities and labor organizations in particular. In demonstrating that affiliated limited liability entities and labor organizations are distinct sources, the campaign may provide documentation of as many items on the list, and others not on the list, as it believes may be relevant to the contributions at issue, and the Board will look at the evidence as a whole to determine whether the campaign has shown that one entity does not control the decisions of another entity with respect to campaign contributions, and thus has overcome the presumption. There is no requirement that a candidate provide documentation relating to all items or any particular item on the list.

The rule improves the candidate's ability to comply with and the Board's ability to enforce the single source rule, because the rule explicitly confirms the kinds of considerations that will enable candidates to meet the burden of demonstrating that entities are distinct sources. This burden lies, as it always has, with the candidate, the party best situated to acquire the information from the entities supporting the candidate with contributions. The candidate always has the burden to demonstrate compliance with the applicable contribution limits, but the former Rule 1-04(h) gave no detailed description of the precise factors which the candidate should rely upon to demonstrate to the Board that one affiliated contributor did not "establish[], maintain[], or control[]" another affiliated union or limited liability entity contributor. *See* former Rule 1-04(h). The information needed to evaluate this is more readily in the hands of the candidate and contributor than in the hands of the Board.

Paragraph (2) of the rule clarifies that a labor organization is presumed (in the absence of evidence demonstrating the contrary) to have established, maintained, or controlled all of its subordinate organizations and that contributions from a labor organization and its subordinate organizations therefore would be considered to issue from a single source for purposes of compliance with the contribution limits. The Board looked to federal campaign finance law for guidance in constructing the rule. In 1976, Congress made a finding that large corporations and unions were circumventing the contribution limits of the Federal Election Campaign Finance Act, 2 U.S.C.A. §431 *et seq.*, ("FECA"), by creating hundreds of new political action committees through their subsidiaries and locals.[3] To stem the vertical proliferation of contributors, Congress amended FECA to include a single-source provision, §441a(a)(5).[4] The Board's rule adapts the language of the single-source regulations of the Federal Election Commission ("FEC"), enacted pursuant to the FECA's single source provision. *See* 11 C.F.R. §§ 100.5(g) and 110.3(a). Where the FEC enacted a *per se* rule, however, the amended Board rule merely enacts a *rebuttable presumption* that the following are single sources: a union and its political committees; a parent union, such as an nternational/national union and all of its regional, state, intrastate, and local unions; and an organization of international/national unions, such as the AFL-CIO, and all of its regional, state, intrastate, and local bodies.[5] Thus, under the rule, the Board will presume (in the absence of evidence demonstrating the contrary) that contributions from different New York City local unions that share a parent union constitute a single source. (As is the case for other entities controlled by a common decisionmaker, there need not be a contribution from a parent union in order for the Board to aggregate contributions from its subordinate unions. *See also* 11 C.F.R. §§ 100.5(g) and 110.3(a). The Board may aggregate contributions from subordinate entities controlled by a common decisionmaker regardless whether the common decisionmaker contributes.)

Parent unions often exercise significant control, both formally and informally, over the decisions, activities, and structure of their subordinate unions. The legislative history of FECA, the opinions of the federal courts, union constitutions, the Board's experience acquired through its audit process, and the experience of union members, support this conclusion. In its discussion of FECA's aggregation provision, a controlling Circuit Court decision concurred with the assessment of Congress and the FEC that a typical parent union exercises considerable control over its locals. *See Sailors' Union*, 828 F.2d at 506-9 (citing constitution of the United Steelworkers' union as support for position that traditional international unions exercise "highly intrusive authority" over their locals). The siphoning of autonomy from local unions to parent unions has been criticized by union members and labor advocates.[6] Because there is a range in the levels of control parent unions exercise over their subordinate unions, however, the Board is adopting a rebuttable presumption and not a *per se* rule.

While the Board's experience supports a rebuttable presumption that a parent union and its subordinate unions are a single source, it does not support codifying a rebuttable presumption that an *organization* of unions, like a federation, and its affiliated member unions are a single source. The Board recognizes that whereas parent unions may exercise substantial control over their subordinate unions, organizations of international and national unions tend to function as umbrella groups with little authority over the decisions of their loosely affiliated member unions. (The Board does presume that subordinate umbrella groups constitute a single source with their parent umbrella groups. For instance, the national AFL-CIO and the New York State AFL-CIO would be covered by the rule, but a member union of the AFL-CIO would fall outside of the rule with respect to its relationship with the national AFL-CIO or New York State AFL-CIO.) The amendments thus parallel the treatment federal campaign finance law affords umbrella groups. *See* FECA, 2 U.S.C.A. §441a(a)(5); 11 C.F.R. §§ 100.5(g) and 110.3(a); *Sailors' Union*, 828 F.2d 502; *see also* 54 FR 34,098-01, 34,099 (Aug. 17, 1989). The rule amendments do not change the Board's authority to continue to aggregate contributions from an umbrella group and its affiliated unions when appropriate, on a case-by-case basis, by applying the factors in Rule 1-04(h)(1).

The Board received comments following the adoption of the proposed rebuttable presumption for public comment. Several labor unions commented that they were not controlled by their parent unions and made decisions about political contributions independently of their parent unions. As noted *supra*, the Board recognizes this range in the relationships among affiliated labor organizations and therefore is not adopting a *per se* rule, but rather a rebuttable presumption. The rebuttable presumption is a desirable means of effectuating the Act's contribution limits, because (a) the Board has encountered numerous cases in which affiliated labor organizations did not contribute to candidates independently, and (b) candidates, who always have the burden to demonstrate compliance with the Act, are in a far better position than the Board to ascertain the independence of their contributors.

Codifying Advisory Opinion No. 2001-6 (June 14, 2001), paragraph (3) of the rule provides that separate partnerships and limited liability companies that have a common general partner or a common managing member are presumed to be a single source for purposes of compliance with the contribution limits. (Where appropriate, such as when a limited liability company's managing member is also the general partner of a partnership, the rebuttable presumption aggregates contributions from the limited liability company and the partnership.) Consistent with the Advisory Opinion, registered limited liability partnerships established pursuant to Article 8-B of the New York State Partnership Law, which are not governed in the same manner as other partnerships, are not covered by the rebuttable presumption.

Paragraph (4) of Rule 1-04(h) makes it clear that candidates will be able to obtain documentation from contributors to overcome the rebuttable presumption of affiliation. The Board will provide notice to a candidate if he or she accepts an over-the-limit contribution from entities presumed to be a single-source, and the candidate will then have the opportunity to show that the entities are distinct sources.[7]

As a practical matter, candidates will be well advised to take additional steps when they accept contributions to verify that contributions from limited liability entities and labor organizations do not violate the applicable contribution limits. It is anticipated that the 2005 Campaign Finance Handbook would be supplemented to provide examples of documentation candidates can request from contributors and questions candidates can ask contributors to help rebut the presumption.

Applying Rules 1-04(h) and (i) to the entire 2005 election cycle will not create a departure from Board practice, because, as emphasized above, the rule amendments are based upon existing Board practice. Candidates who have accepted contributions from limited liability entities and labor organizations during the 2005 election cycle preceding the effective date of this rule have time to review their contributions to verify whether the rebuttable presumptions apply, and if so, to return the over-the-limit portion of the contributions or to collect documentation to overcome the rebuttable presumption.

The Board has adopted minor changes to Rules 1-04(h) and (i) to conform them to legislation passed by the City Council on December 15, 2004.

II. Final Rules

Contributions from a Single Source (Rule 1-04(h) and (i))

Campaign Finance Board Rule 1-04(h) is amended as follows:

(h) Multiple contributions from a single source. If a ~~participant~~ candidate accepts more than one contribution from a single source, the contributions shall be totaled to determine the ~~participant's~~ candidate's compliance with the applicable contribution limit. A "single source" includes any person, persons in combination, or entity who or which establishes, maintains, or controls another entity and every entity so established, maintained, or controlled, including every political committee established, maintained, or controlled by the same person, persons in combination, or entity.

(1) General factors. Factors for determining whether a person, persons in combination, or an entity establishes, maintains, or controls another entity include, but are not limited to:

(i) whether the person or entity makes decisions or establishes policy for the other entity, including determinations of the recipients of its contributions and the purposes of its expenditures;

(ii) whether the person or entity has the authority to hire, appoint, discipline, discharge, demote, remove, or otherwise influence other persons who make decisions or establish policies for the other entity;

(iii) whether contributions made by the person or entity and the other entity reflect a similar pattern; and

(iv) whether the person or entity knows of and has acquiesced in public representations by the other entity that it is acting on its behalf or under its direction.

(2) Labor organizations. The following shall be presumed, in the absence of evidence demonstrating the contrary, to be single sources for the purpose of compliance with the applicable contribution limit:

(i) a single national or international union, together with any political committee of such union, and the regional, state, intrastate, local and other subordinate organizations of the national or international union, along with any political committees of such subordinate organizations;

(ii) an organization of national or international unions, together with any political committee of such organization, and the regional, state, intrastate, and local central bodies of such organization, along with any political committee of such bodies.

For the purposes of this paragraph, a "labor organization" shall mean any organization of any kind, or any agency or employee representation committee or plan, in which employees participate and which exists for the purpose, in whole or in part, of dealing with employers concerning grievances, labor disputes, wages, rates of pay, hours of employment, or conditions of work. A "labor organization" shall also include any organization of labor unions.

(3) Partnership and limited liability company contributions.
A general partner or general manager and each partnership and limited liability company it controls shall be presumed, in the absence of evidence demonstrating the contrary, to be a single source for the purpose of compliance with the applicable contribution limit, except that this paragraph shall not apply to registered limited liability partnerships established pursuant to Article 8-B of the New York State Partnership Law.

(4) The presumptions of paragraphs (2) and (3) above may be overcome through the submission of documentation to the Board establishing that the entities are not a single source. Such documentation may include, but is not limited to, documentation relating to:

(i) the factors listed in paragraph (1) above;

(ii) the provisions of the entities' constitutions, charters, bylaws, and other governing documents and agreements.

---

[1] Although the single-source restriction is not in itself concerned with aggregates, it is of interest that approximately 13% of all contributions to Program participants and 50-55% of all organizational contributions in the 2003 election cycle were from labor organizations and political committees established by labor organizations. Political committees established by labor organizations represented approximately 60% of all political committee contributions in the 2003 election cycle. (Approximately 30% of political committee contributions in the 2003 election cycle were from candidate committees, subject to other regulations under the Act and Rules.) Contributions from limited liability entities and political committees established by limited liability entities represented approximately 5-6% of contributions in the 2003 election cycle and approximately 20% of all organizational contributions.

[7] It remains the candidate's responsibility to make this inquiry in the first instance, whether or not the candidate is questioned by the Board in the audit process.

including, but not limited to:

(a) the extent of intervention or control by one entity authorized over the existence, governance, and activities of the other entity;

(b) whether the language suggests that one entity can disaffiliate or affiliate at will from the other entity;

(c) whether one entity created the other entity;

(iii) whether the entities share a common headquarters or maintain headquarters in the same building;

(iv) evidence of adherence or a lack of adherence to the entities' constitutions, charters, bylaws, other governing documents, and internal policies;

(v) whether the entities share a majority of members of their governing boards;

(vi) whether a majority of the members of the entity are members of the other entity;

(vii) whether the entities have common officers;

(viii) whether endorsements or past political contributions made by the entities reflect a pattern;

(ix) the decisionmaking process of the entity in deciding whether to make a contribution and who receives a contribution, including, but not limited to, whether the membership of a labor organization votes to decide whether to make a contribution and who receives a contribution;

(x) whether the entity raises and allocates its funds for political contributions separately from the other entity;

(xi) whether the entity maintains a separate political campaign committee or separate account from the other entity; and

(xii) in the case of union entities, whether one union engages in collective bargaining on behalf of the other union.

(5) It is the responsibility of the candidate to determine whether a contribution exceeds the applicable contribution limit. To ensure that the candidate does not accept a contribution exceeding the applicable limit from entities subject to the presumptions of paragraphs (2) or (3) above, the candidate must review the relationship between affiliated contributing entities before the candidate accepts and deposits their contributions or rejects and returns the contributions under Rule 1-04(b) and (c). The candidate has the burden of demonstrating why the candidate has retained an over-the-limit contribution from entities presumed to be a single-source.

Campaign Finance Board Rule 1-04(i) is amended as follows:

(i) Partnership and limited liability company contributions.

(1) Every contribution made by a partnership is considered to be a contribution by (i) the partnership as a whole; and (ii) by its partners to the extent required by state law. In addition, the provisions of Rule 1-04(h) shall be applied to contributions from partnerships for the purposes of compliance with the contribution limits.

(2) Every contribution made by a limited liability company (i) is considered to be a contribution by the limited liability company as a whole, and (ii) to the extent such contribution, together with all other contributions from such limited liability company to any one ~~participant~~ candidate, exceeds $2,500 in the aggregate, is considered to be a contribution by each member whose share of the contribution exceeds ninety-nine dollars. In addition, the provisions of Rule 1-04(h) shall be applied to contributions from limited liability companies for the purposes of compliance with the contribution limits.

■ NOTICE

HEALTH AND MENTAL HYGIENE
COMMISSIONER OF HEALTH AND MENTAL HYGIENE

NOTICE OF ADOPTION OF AN AMENDMENT TO TITLE 24 OF THE RULES OF THE CITY OF NEW YORK ADDING CHAPTER 23 ("FOOD SERVICE ESTABLISHMENT INSPECTION PROCEDURES")

IN COMPLIANCE WITH SECTION 1043(a) OF THE NEW YORK CITY CHARTER NOTICE OF INTENTION TO AMEND THESE RULES AND NOTICE OF PUBLIC HEARING WAS PUBLISHED IN THE CITY RECORD ON DECEMBER 13, 2004.

A public hearing was held on January 13, 2005. Written comments were submitted by 21 persons. Nineteen persons testified at the hearing. After a review of the written comments and testimony, changes were made in the Appendices to the rule and the rule was adopted on February 14, 2005.

Statutory Authority

Amendment of Title 24 of the Rules of the City of New York is authorized by §§389(b) and 1043(a) of the New York City Charter (the "Charter"). Charter §389(b) provides that "heads of mayoral agencies shall have the power to adopt rules to carry out the powers and duties delegated to the agency head or the agency by or pursuant to federal, state or local law." Charter §1043(a) authorizes each agency to "adopt rules necessary to carry out the powers and duties delegated to it by or pursuant to federal, state or local law."

Statement of Basis and Purpose

These rules incorporate inspection evaluation procedures used by the New York City Department of Health and Mental Hygiene ("DOHMH" or the "Department") Bureau of Food Safety and Community Sanitation ("BFSCS") in conducting food service establishment ("FSE") and non-retail processing establishment inspections, as those terms are defined in §81.03 of the New York City Health Code (the "Health Code"), but do not apply to inspections by BFSCS of mobile food vending units, or to its inspections of FSE's to determine compliance with the New York City Smoke-Free Air Act (Chapter 5, Title 17 of the Administrative Code of the City of New York).

In March 2003, in an attempt to reduce the incidence of food borne illness in New York City, particularly that occurring outside the home, the Department revised its inspection evaluation procedures. At the time, the Department reviewed results of studies conducted by the US Centers for Disease Control and Prevention ("CDC"). Such studies show that while most food borne illness results in several days of gastroenteritis with symptoms of abdominal pain, vomiting, diarrhea and fever, the impact to the United States economy is tremendous, costing over $6.5 billion a year. More importantly, for some, infections caused by bacteria such as Salmonella or Listeria, after eating contaminated food, can be fatal. The CDC estimates that each year in the United States more than 75 million people become ill after eating improperly handled or prepared food; 320,000 of these individuals require hospitalization and over 5,000 die from food borne illness. DOHMH receives more than 4,000 reports annually of bacteria and viruses that cause food borne illness in New Yorkers. The best current scientific knowledge is that about half of food borne illness results from exposures outside of the home. In order to better protect the public's health DOHMH revised its restaurant inspection evaluation tool to more accurately reflect the overall safety of establishments and to facilitate further reductions in the risk of food borne illness when New Yorkers eat out.

The new rule provides that Rresults of FSE inspections will be expressed as a "score," using a point system. Although inspection procedures will remain essentially the same as they have been for at least the past 20 years, scoring the results of such inspections will better reflect the overall sanitary condition of FSE's and provide a more objective method of evaluating the public health risks presented by the operation of any particular FSE. DOHMH Public Health Sanitarians will continue to conduct a "critical control point" (CCP) inspection, a methodology recommended by the US Food and Drug Administration (FDA) for preventing food safety hazards or food borne illnesses from occurring. The rationale for the scoring system is consistent with current public health food safety trends and federal recommendations. See, e.g., US FDA *Food Code* (2001); *Report of the FDA Retail Food Program Database of Food Borne Illness Risk Factors* (August 10, 2000). A point value will be assessed for ***each*** violation. A total of 28 or more points in critical and/or general violations will be considered a "failed" inspection, which requires a compliance inspection by the DOHMH. Each violation will be assigned a base point value, with additional points added to a violation, as necessary, to reflect increasing severity or magnitude of the violation. The severity or magnitude measurement factor is called a "*Condition.*" The more severe or pervasive the violation, the greater the point value for that violation.

Public Health Risk Factors

The scoring system weights the points assessed for different categories of violations to reflect "risk factors" for food borne illnesses that have been identified in studies conducted by the federal Centers for Disease Control and Prevention (CDC). These risk factors have been determined to be the leading causes of food borne illness. A food service manager's knowledge of food safety principles is key to reducing illnesses caused by food. These risk factors are:

- Improper personal hygiene practices.
- Improper handwashing and bare hand contact with ready to eat foods.
- Improper cooking and holding temperatures.
- Food from an unapproved source.
- Cross contamination of food and food equipment.

The scoring system is designed to give food service operators a clearer understanding of what they must do to prevent disease and guide them in complying with the laws and rules that govern operation of an FSE in New York City. Table 1 in §23-06 summarizes the number of points that are assigned for a violation, and accounts for the severity of violations ("Conditions").

Most CDC "risk factors" are referred to as *Public Health Hazards (PHH)* by the DOHMH. These are violations that are known to contribute directly to food borne illness. *PHHs* are marked with an asterisk (*) on the *Inspection Work Sheet,* included in the rule as Appendix A of Chapter 23. Because of the risks these *Public Health Hazards* pose, they are assigned a greater initial point value than that assigned to other critical violations. *Public Health Hazards* must be corrected at the time of the inspection or the establishment may be ordered closed, in accordance with §23-06(b) of the rule and §81.39 of the Health Code. *Pre-Permit Serious Items* (identified with a "+" on the *Inspection Work Sheet*) must be corrected prior to approval for issuance of a new permit. Critical violations continue to occur in large numbers in New York City, although the data show that things are improving. Between April, 2003 (when the scoring system was initiated) and October, 2004, among the most commonly cited critical violations associated with risk factors for food borne illness was cross-contamination of food and food equipment, a violation which was cited on a significant percentage of food services establishment inspections. Other risk factors, such as improper personal hygiene practices of food workers, and improper handwashing and bare hand contact with ready-to-eat foods, were also common violations cited during this period. However, the Department's data show that in the year following implementation of the scoring system, the average number of all critical violations decreased significantly.

Conditions

Evaluating the severity of a violation and considering critical and individual general violations as part of the overall score offer a clearer picture of the sanitary condition of the establishment. The scoring system enables the DOHMH to monitor, report and deal with increases in the incidence and severity of violations at a food service establishment, and better prevent the occurrence of public health hazards. *Condition* levels provide the DOHMH and the FSE operator with a clearer picture of the overall sanitary condition of an establishment

Determining the Score for an Inspection

Using Appendix B of chapter 23 as a guide, the Department inspector will assign a numeric point value to each violation. The point value signifies the seriousness of each violation. In other words, the higher the condition number, the more serious the violation. *Conditions* range from *Condition I*, the least serious condition with the lowest point value, through *Condition IV*, the most serious condition with the highest point value. *Condition V* violations, in most instances, are reserved for a failure to correct any Public Health Hazard condition noted by the health inspector at the time of the inspection. When a *Condition V* violation is assigned 28 points, it is considered an automatic failure of the inspection. The DOHMH will schedule a compliance inspection following any failed inspection to determine if a food service establishment has made the necessary corrections to comply with the Health Code or other applicable law, and is operating in a sufficiently safe manner. A compliance inspection is a full sanitary inspection performed in the same way as an initial inspection.

Issuing Notices of Violation

On a full sanitary inspection, the DOHMH will issue a notice of violation" when an FSE has one or more critical violations and/or more than 14 points of accumulated general violations. General violations are cited individually on the written report or notice of violation to encourage food service operators to better understand and correct less serious violations, as well as those that are more serious. A notice of violation will not be issued when an establishment has no critical violations, and has accumulated 14 or fewer general violation points on a full sanitary inspection. However, a notice of violation may be issued after a partial inspection conducted in response to a complaint, where the complaint is substantiated.

Response to public comment

The Department has reviewed the comments received and has made changes in the appendices with respect to the following violation categories:

Canned foods. If cans are only severely dented, the violation will be considered general (9A). If cans are swollen, leaking, or rusted, the violation will continue to be considered a critical violation (3D).

Milk products. Milk and milk products found past their stamped expiration date, in violation of Health Code §111.33, if being served or held for service in an FSE, will be considered a general violation (9B).

Thawing procedures. Improper thawing of frozen foods has been downgraded to a general violation (9C).

Facilities for washing, rinsing, and sanitizing dishes and utensils. Failure to install such facilities will be considered a pre-permit violation (5I+). However, lack of test kits, immersion baskets, or failure to maintain adequate concentration of sanitizing solution, and similar violations, will be downgraded to a general violation (see, e.g., 10K).

Food contact surfaces. Failure to clean and sanitize food preparation surfaces such as cutting boards after use where possible contamination may occur will continue to be considered a critical violation (6D). However, discolored, pitted, scratched, or deeply grooved cutting boards will be cited as a general violation (9D).

In addition, the category previously designated as "6H Other" at the end of the listing of critical violations in Appendix A, has been retitled "Other Criticals" and for statistical purposes is broken down into subcategories (7A through 7F).

The statement regarding the Scope of the Rules in §23-01 has been modified to indicate that the inspection procedures do not apply to inspections conducted to determine compliance with the New York City Smoke-Free Air Act.

Statement pursuant to Charter §1042 – Regulatory Agenda

This rule was not included in the Department's FY 2005 Regulatory Agenda because the need for such rule was not known at that time.

THE RULE IS AS FOLLOWS:

§23-01. Introduction and scope. These rules shall apply to the conduct of inspections of food service establishments and non-retail processing establishments, as those terms are defined in §81.03 of the New York City Health Code ("Health Code"), or successor rule, by employees of the Department of Health and Mental Hygiene (the "Department"), and the significance to be accorded such inspections by the Department in considering certain other enforcement actions. These rules shall not apply to inspections of mobile food vending units or to inspections conducted to determine compliance with the New York City Smoke-Free Air Act (§§17-501 et seq. of the Administrative Code of the City of New York). Nothing herein is intended to limit any authority that the Department may otherwise have to enforce the provisions of any applicable law.

§23-02 Definitions and construction of words and terms

Administrative Tribunal shall mean the Administrative Tribunal of the Department established in Article 7 of the Health Code.

Administrative violations are critical violations of the Health Code or other applicable law which are listed under "Administration" in Appendix 23A of these rules.

Commissioner shall mean the Commissioner of the Department of Health and Mental Hygiene.

Complaint inspection shall mean an inspection conducted in response to a complaint received by the Department that may be either a full sanitary inspection or an inspection limited in scope, as determined by the Department, depending upon the nature of the complaint and the date of the most recent full sanitary inspection conducted by the Department.

Compliance inspection. A reinspection conducted after an establishment has failed a prior inspection.

Condition level. Value (I, II, III, IV or V) based on the number, magnitude or pervasiveness of occurrences, or the seriousness of risk presented by a violation.

Critical violations are violations of the Health Code or other applicable law listed under the classification "critical violations" in Appendix 23-A of these rules and are relatively more likely than "general violations" to contribute to food contamination, illness, or environmental degradation and may represent a substantial risk to the public health.

Department shall mean the Department of Health and Mental Hygiene of the City of New York.

Food service establishment shall have the same meaning as the definition in §81.03 of the Health Code.

Full sanitary inspection shall mean a complete site review by the Department of all food-related operations, physical facilities and sanitary conditions at an establishment subject to a permit issued by the Commissioner to determine whether such establishment is operating in compliance with the Health Code and other applicable law.

General violations. All violations of the Health Code or other applicable law listed under the classification "general violations" in Appendix 23-A of this Chapter.

Initial inspection. A full sanitary inspection conducted by the Department, which may be the first of a possible series of inspections, to determine if an establishment is operating in compliance with applicable law.

Notice of Violation shall have the same meaning as the definition of "finding of violation" in §7.05 of the Health Code.

Numeric point value. Numeric value assigned to a violation by the Department, based on the condition level of such violation.

Pre-permit inspection. An inspection conducted prior to operating and/or approval for issuance of a permit.

Pre-permit serious item is a violation, identified in Appendix 23-A of this Chapter by a plus (+) sign.

Public health hazards are critical violations known to contribute directly to food borne illness or disease, identified with an asterisk (*) in Appendix 23-A of this Chapter, and which include, but are not limited to, "imminent health hazards" defined in Article 81 of the Health Code and Part 14 of the State Sanitary Code.

§23-03. Conduct of inspections. In issuing notices of violation returnable to the Department's Administrative Tribunal, the Department shall utilize the inspection scoring and evaluation procedures contained in this Chapter and in Appendices 23-A and 23-B.

§23-04. Failure of inspections. A score of 28 or more points determined by a Department inspector on any inspection shall, whenever practicable, result in a compliance inspection by the Department and shall be deemed a "failure" of such inspection, regardless of whether a notice of violation issued by the Department as a result of such failed inspection has been adjudicated, and regardless of the results of such adjudication by the Administrative Tribunal.

§23-05. Revocation or suspension of permits. Failure to pass inspections, as demonstrated by Continued uncorrected violations of the Health Code and other applicable law, and demonstrated by the accumulation of 28 or more points on any initial or compliance inspection, may provide the basis for commencement of a proceeding to revoke or suspend a permit pursuant to §5.17 of the Health Code.

§23-06. Point values. (a) Each violation shall be assigned a point value related to condition in accordance with Appendix 23-A (Food Service Establishment Inspection Score Worksheet).

(b) *Public Health Hazards.* Failure to correct public health hazards, marked with an asterisk (*) in Appendix 23-A of this Chapter, found on any inspection, may result in an establishment being ordered closed by an authorized employee of the Department, pursuant to §81.39 of the Health Code.

(c) *Pre-Permit Serious Items.* Failure to correct pre-permit serious items, marked with a plus sign (+) in Appendix 23-A of this Chapter, on a pre-permit inspection may result in an establishment being denied issuance of a new permit, pursuant to §81.05 of the Health Code.

§23-07 Violation Ccondition Level. (a) The condition level of every violation shall be determined utilizing Appendix 23-B (Food Service Establishment Inspection Scoring Parameters – A Guide to Conditions) of this Chapter as a guide.

(b) Using the scoring system in Appendix B as a guide, the Department inspector shall calculate a numeric point value for each violation.

(c) The point value shall signify the seriousness of each violation, and the higher the numeric value, the more serious the violation shall be considered by the Department.

(d) *Condition levels* shall range from *Condition I*, the least serious condition with the lowest point value, through *Condition V*, the most serious condition with the highest point value.

§23-08. Issuance of notices of violations. (a)The Department shall issue a notice of violation whenever a food service establishment has one or more critical violations, and/or has accumulated more than 14 points in general violations on a full sanitary inspection regardless of whether any critical violations are cited.

(b) All violations shall be cited individually on written inspection reports and notices of violation.

(c) The Department may also issue a notice of violation following any inspection which is not a full sanitary inspection, including, but not limited to, an complaint inspection, to investigate a complaint, regardless of the category or number of violations found.

§23-09 Effect of other laws and construction.

(a) These rules shall be read and enforced in accordance with all applicable provisions of law, including, but not limited to, the State Public Health Law and Sanitary Code, the New York City Health Code, and Title 17 of the Administrative Code of the City of New York.

(b)No provision herein shall limit the authority of the Department to conduct such other inspections or take any other action it deems necessary, to enforce any provision of law within the jurisdiction of the Department.

(c) If any provision of this Chapter is adjudged invalid by any court of competent jurisidiction, such judgment shall not affect or impair the validity of the remainder of this Chapter.
