In harmony with the general purpose and intent of this Resolution and the general purposes of the #Special Natural Area District#, the regulations of the districts upon which this Special District is superimposed are supplemented or modified in accordance with the provisions of this Chapter, in order to protect outstanding #natural features# described herein. Except as modified by the express provisions of this Chapter, the regulations of the underlying district remain in effect.

The provisions of this Chapter shall apply to:

(a) any #development# ~~on a #zoning lot#,~~ #enlargement# or

~~(b)~~ ~~any~~ #site alteration# ~~on a #zoning lot#~~;

(~~e~~b) any subdivision of a #zoning lot# existing on the effective date of the Special District designation into two or more #zoning lots#; and

(~~d~~c) any public improvement projects located within the #Special Natural Area District#, which shall be subject to the provisions of Sections 105-92(Special Provisions for City-owned Lands) and 105-93 (Inter-agency Coordination), except for any such projects which were approved by the Board of Estimate prior to the effective date of the Special District designation.

Prior to issuance by the Department of Buildings, ~~Department of Transportation, Department of Environmental Protection~~ or other ~~c~~City or State agencies, of a permit for any #development#, #enlargement# or #site alteration# within a #Special Natural Area District#, or for any #site alteration# for which no permit is required by the Department of Buildings ~~Department of Transportation, Department of Environmental Protection~~ or other ~~c~~City or State agencies, an application shall be submitted to the City Planning Commission for review and approval pursuant to Section 105-40 (SPECIAL REVIEW PROVISIONS), except those #developments#, #enlargements# and #site alterations# that are not subject to the provisions of Section 105-40, as specified in Section 105-021 (Actions not requiring special review).

Any authorization or special permit granted by the City Planning Commission after July 18, 1995 pursuant to the provisions of this Chapter, may be started or continued, in accordance with the terms thereof, or as such terms may be subsequently modified, pursuant to the regulations in effect at the time such authorization or special permit was granted, subbject to the provisions of Sections 11-42 (Lapse of Authorization or Special Permit Granted by the City Planning Commission Pursuant to the1961 Zoning Resolution) and 11-43 (Renewal of Authorization or Special Permit).

When a #zoning lot# existing on the effective date of the Special District designation is subdivided into two or more #zoning lots#, an application shall be submitted to the Commission for review and approval pursuant to Section 105-90 (FUTURE SUBDIVISION).

~~Nothing contained in this Chapter shall be understood to supersede scenic landmark designations of the New York City Landmarks Preservation Commission.~~

~~Except in the #Special Natural Area District# 3 (NA-3), the provisions of this Chapter shall not apply to a #zoning lot# for which a building permit application was filed prior to October 15, 1974 with the Department of Buildings, and building permits pursuant thereto are issued no later than October 15, 1975, provided that such #zoning lot# is not modified in size, that there are no substantial amendments to building plans after October 15, 1974 and that substantial construction of foundations.~~
~~For #site alterations# on a #zoning lot# of more than 40,000 square feet containing #residential buildings# on the effective date of the #Special Natural Area District# designation, a plan for such #site alterations# shall be filed by the owner of the #zoning lot# with the Commission for approval. In the event such #site alteration# work has impact on the #natural features# existing on the #zoning lot#, the Commission may require the applicant to comply with the provisions of Section 105-021 (Requirements for application) and Section 105-40 of this Chapter.~~

~~6/23/77~~

105-021
Actions not requiring special review

The special review requirements of Section 105-40 (Special Review Provisions) of this Chapter shall not apply to the following:

(a) a #site alteration# on a #zoning lot# containing #buildings or other structures#, or a #development# or #enlargement# on any #zoning lot#, provided that such #zoning lots# shall have:

(1) not more than 10,000 square feet of #lot area#;

(2) an #average percent of slope# of less than 10 percent;

(3) no significant #natural features#, and the resulting #development#, #enlargement# or #site alteration# can satisfy the requirements of Section 105-30 (PRESERVATION OF NATURAL FEATURES), inclusive;

(4) the resulting #development#, #enlargement# or #site alteration# shall not exceed 2,500 square feet of #lot coverage#; and

(5) no Notice of Restriction or Restrictive Declaration recorded against the title of such property;

(b) any #site alteration#, on a #zoning lot# containing a #residential building# in existence on the effective date of the Special District designation, involving a structure that does not require a permit from the Department of Buildings, including, but not limited to swimming pools, garden sheds and fences, provided that:

(1) any modification of topography for the footprint, foundation, or grading around the footprint of such structure, shall not exceed two feet of cut or fill; and

(2) no tree of six-inch #caliper# or greater shall be removed and the #critical root zone# of such tree shall be an #area of no disturbance# on any #zoning lot#.

105-021 2
Requirements for application

An application to the City Planning Commission for certification, authorization or special permit and to the Department of Buildings respecting any #development#, #enlargement# or #site alteration#, to be made within any #Special Natural Area District#, shall include the following:

(a) ~~a survey map prepared by a registered surveyor showing topography at two-foot intervals, location, caliper and species of individual trees of 6 inch caliper or more,~~
a survey map prepared by a licensed surveyor showing topography at two-foot contour intervals and indicating the #average percent of slope#, the existing slope of the land, as it occurs, in categories of 10-14 percent, 15-19 percent, 20-24 percent, 25 percent and greater; the location of existing #buildings or other structures#, patios, decks, swimming pools, walkways, driveways and #private roads#, including sidewalks and other impervious surfaces; and the location, #caliper# and species of all trees of six-inch #caliper# or more on the #zoning lot# and in the sidewalk area of the adjacent #streets#, location of geologic features, ~~boundaries of steep slopes~~, aquatic features, and botanic environments, as enumerated in Section 105-11 (Description of Natural Features);

(b) photographs showing the location and condition of such #natural features# for verification with pre-existing aerial survey and/or other photographs for each #Special Natural Area District#;

(c) ~~site plans showing the proposed #site alteration# or #development#;~~
a site plan prepared by a registered architect or professional engineer indicating the location of all existing #buildings or other structures#; the location of all proposed #buildings or other structures#; the location of existing and proposed patios, decks, swimming pools, walkways, driveways and #private roads#, including sidewalks and other impervious surfaces; the location of any #steep slopes#, #steep slope buffer# areas and the #staging area#; and the location, #caliper# and species of all trees of six-inch #caliper# or more on the #zoning lot# and in the sidewalk area of the adjacent #streets#. The site plan shall identify those trees proposed to be removed and those trees proposed to be preserved, indicating, for the latter, the #critical root zone# and in addition, for Tier II #developments#, #enlargements# and #site alterations#, the location of any other #area of no disturbance#;

(d) a drainage plan and soil report prepared by a ~~registered~~ professional engineer, when necessary to assess whether or not there will be major impact on #natural features#~~, and~~ . The drainage plan shall describe the temporary (during construction) and permanent measures to collect, direct and discharge stormwater drainage from the site, indicating the direction of drainage flow and providing detailed plans and locations of all surface and subsurface drainage devices, walls, dams, sediment basins, stormwater storage (detention and retention) facilities, and other drainage facilities and protective devices. Such report shall include an estimate of runoff from the site after completion of any proposed #development#, #enlargement# or #site alteration# and provide a description with supporting information of the manner in which the proposed #development#,#enlargement# or #site alteration# complies with the requirements of Local Law 103 of 1988;

(e) a grading plan showing all existing and proposed contours at two-foot intervals, critical spot elevations, tops and bottoms of proposed slopes over 10 percent gradient and will indicate at least one longitudinal and one latitudinal cross-section showing both the original and proposed final ground surfaces, with grades, slopes and elevations noted;

(f) a landscaping and revegetation plan, prepared by a registered landscape architect, indicating the extent of vegetation and #topsoil# removal required for site preparation and development and the location and species of all new plantings;

(~~e~~g) any other information necessary to evaluate the request~~.~~ ; and

(h) for #developments#, #enlargements# and #site alterations# on #Tier II# sites, the application shall also include:

(1) an alignment and paving plan for any #private road# with a typical cross- section; and

(2) a construction plan prepared by a registered landscape architect, registered architect, licensed surveyor or professional engineer showing the proposed location for the #staging area#, the proposed method for protecting trees, understory shrubs and ground cover during construction, as well as a description of the equipment to be employed in processing and disposing of soil and other material to be removed from the site; and if the #critical root zone# is proposed to be modified, a #tree protection plan# for any tree proposed for preservation.

For a #site alteration#,#enlargement# or #development# within any #Special Natural Area District#, the Commission may modify one or more requirements set forth in paragraphs (a) through (~~d~~ h) of this Section, when such modification is requested by the applicant in writing and when the Commission determines that the requirements are unnecessary for evaluation purposes.
Appendix B of this Chapter should be used as a guide to assist in ~~the preparation of the surveyor's map~~ identifying the #natural features# on the survey required in this Section.

The applicant's submission shall also include a statement admitting authorized Department of City Planning personnel to the site for the purposes of recording or verifying survey data.

~~The Commission shall act within 60 days after receipt of a completed application.~~ Where a permit is required for a #development#, #enlargement# or #site alteration# within a #Special Natural Area District# from any City or State agency, an application for such permit shall be filed simultaneously with such agency and the Commission.

~~In the event a City agency involved in issuing permits has failed to act or there is disagreement among agencies concerning requirements within their jurisdiction for a #development#, the matter shall be resolved pursuant to Section 105-03 (Inter-agency Coordination), within 90 days after the application is filed by the Director of the Department of City Planning with the Inter-agency Board of Conservation of Natural Features.~~

~~12/10/74~~

Note: ***Former Section 105-022 (Action by the Board of Estimate)*** *was previously deleted administratively*

105-023
Relationship to public improvement projects

In all cases, the City Planning Commission shall deny an application, whenever the #development#, #enlargement# or #site alteration# will interfere with a public improvement project (including highways, public buildings or facilities, redevelopment or renewal projects, or rights-of-way for sewers, transit or other public facilities) which has been approved by the ~~Board of Estimate,~~ City Council or the City Planning Commission ~~or the Site Selection Board~~.

105-10
NATURAL FEATURES

105-11
Description of Natural Features

All #natural features# shall be significant in terms of age, size, composition, function, structure, history, association, location, ecological value or educational interest. ~~The preservation of the #natural features# may be necessary in order to maintain ecological balance in the area.~~

The protection of one #natural feature# may require the protection of another which is closely linked to it. The preservation of #natural features# may also be necessary to avoid such adverse conditions as flooding, erosion or hazards to private property. All vegetation is part of a botanic environment or part of an aquatic feature and shall be considered as a #natural feature# protected by the regulations of this District. For the purposes of this Chapter, vegetation includes all forms of plant material, including but not limited to trees, shrubs, vines, ferns, grasses, herbs and other plant life.

All #natural features# defined in this Section and further described in Appendix B of this Chapter shall be protected by the provisions of this Chapter.

(a) Geologic features

(1) **Rock outcrop**
A rock outcrop is the portion of a rock formation which appears at the surface of the earth.

(2) Geologic deposit
A geologic deposit is a mass of material which has been placed, shaped or created by the actions of wind, water, ice, gravity, vulcanism, pressure or temperature, either alone or in combination. Such deposits are to include erratic boulders, glacial formations, mineral deposits or semi-precious stones.

(b) Topographic features

(1) ~~Steep slope~~ #Steep slope#
~~A steep slope is ground which has an incline of 15 percent or more~~

(2) Existing natural topography
Existing natural topography is the ground elevation of land ~~existing at the time of designation of a #Special Natural Area District#~~.

(3) ~~Topsoil~~ #Topsoil#
Topsoil is generally the top six inches of soil containing undisturbed humus and organic matter capable of sustaining vigorous plant growth.

(c) Aquatic features
Wetlands, including, but not limited to State and Federal, mapped or designated, freshwater or tidal wetlands:

(1) Laminarian zone
A laminarian zone is that land under the surface of salt water from the mean low tide mark to the depth of 15 fathoms. The portion of laminarian zone to be protected by the provisions of this Special District extends to the pierhead line, or to the shoreline where no pierhead line has been established.

(2) Beach
A beach is a tract of relatively flat, sandy or gravelly land, without visible vegetation, forming the shore of a large body of water.

(3) Tidal wetland and saltwater littoral zone
A tidal wetland or saltwater littoral zone is that land which is regularly covered by tidal waters and its spray.

(4) Swamp
A swamp is a wet woodland, the soil of which is typically waterlogged or often covered with water.

(5) Marsh
A marsh is a wet prairie which has waterlogged soil during the growing season (from last spring frost to first fall frost) and is often covered with shallow water.

(6) Bog
A bog is a tract of waterlogged land without natural drainage.

(7) Meadow
A meadow is a tract of land which is waterlogged to within a few inches of the surface and may have temporary ponds during the non-growing season (between the first fall frost and first spring frost).

(8) Creek, stream or brook
A creek, stream or brook is a free flowing fresh watercourse on soil, gravel or rock ~~which~~ that drains a watershed.

(9) Lake or pond
A lake or pond is a body of fresh or salt water standing year round.

(10) Natural spring
A natural spring is a point source of water exiting from the surface of the earth or rock.

(d) Botanic environments
(1) Primary succession community area
A primary succession community area is a tract of land characterized by species which can tolerate extreme environmental conditions and provide initial protection for less tolerant forms of life. These species are usually annuals and herbaceous.

(2) Secondary succession community area
A secondary succession community area is a tract of land characterized by short-lived trees and shrubs as well as grasses and herbaceous material. These species are less tolerant than primary succession community species but provide a greater diversity and range of protection from the sun, wind and rain.

(3) Climax community area
A climax community area is a stable association of plants and animals which will perpetuate itself indefinitely with minor variation in the group of associated plants. The climax community area in New York City is the glaciated oak-chestnut association, which is part of the eastern hardwood deciduous forest.

(4) Dune or heathland
A dune or heathland is a tract of windblown and wind- or water- shaped sandy land with such characteristic species as beach grass and beach heather.

(5) Wild grassland
A wild grassland is an area whose vegetation is primarily of wild grass species.

The #natural features# defined in this Section are described in Appendix B of this Chapter.

105-20
PROTECTION OF NATURAL FEATURES

All #natural features# within a #Special Natural Area District# shall be protected by the regulations of this Chapter in accordance with the provisions set forth in Sections 105-02 (General Provisions), 105-30 (PRESERVATION OF NATURAL FEATURES) and 105-50 (REGULATIONS FOR PROTECTION OF NATURAL FEATURES).
Except for any existing #natural feature# ~~which~~ that is unsafe and the removal of which is required by the Department of Buildings to eliminate hazardous conditions, no #natural features# described in Section 105-11 (Description of Natural Features) shall be removed, destroyed or altered unless permitted by certification, authorization or special permit of the City Planning Commission pursuant to Sections 105-40 (SPECIAL REVIEW PROVISIONS), or allowed pursuant to Section 105-021 (Actions not requiring special review).

~~Where a special permit or authorization pursuant to Sections 105-421, 105-422, 105-423, 105-432 or 105-433 is not granted to an applicant with respect to a #zoning lot# which as of December 1, 1980 contained no #developments#, the restrictions imposed by the provisions of Section 105-20 shall not apply to that portion of the #natural feature# affected, provided that:~~

~~(a)all future #developments# or #site alterations# shall have a resulting density of not less than 95,000 square feet or the actual area of the #zoning lot# in existence on December 1, 1980, whichever is smaller;~~

~~(b)any future subdivisions pursuant to Section 105-00 shall have a resulting #lot area per dwelling unit# of not less than 95,000 square feet; and~~
~~(c)all future #developments# or #site alterations# shall comply with the tree planting standards specified in Section 105-30, and the whether or not existing vegetation is removed as a result of such #development# or #site alteration#.~~

~~12/15/77~~
105-30 ~~SPECIAL PROVISIONS FOR PLANTING~~ PRESERVATION OF NATURAL FEATURES

The provisions of this Section are applicable to all #developments#, #enlargements# and #site alterations# within the #Special Natural Area District#, pursuant to Section 105-02 (General Provisions). When pursuant to Sections 105-41(Certification) or 105-021 (Actions not requiring special review) it is not necessary for an applicant for a #development#, #enlargement# or a #site alteration# to apply for an authorization or special permit, such #development#, #enlargement# or #site alteration# shall nonetheless comply with the natural feature preservation requirements of this Section, inclusive.

105-31
Botanic Environment and Tree Preservation Requirements

To the maximum extent possible, existing trees and vegetation shall be retained. Trees of six- inch #caliper# or more may only be removed or destroyed as a result of a #development#, #enlargement# or #site alteration#, provided that:

(a) such trees are located in areas to be occupied by #buildings#, #private roads#, driveways, areas for required #accessory# parking, or within a distance of 15 feet of the exterior walls of such #building#, provided that it is not possible to avoid such removal by adjustments in the arrangement of such #buildings#, driveways or required parking areas;

(b) the continued presence of such tree would create special hazards or dangers to persons or property, which would not be possible or practical to eliminate by pruning;

(c) the continued presence of such tree would interfere with the growth or health of another tree of six-inch #caliper# or more, designated for preservation and belonging to a species listed in Appendix D(Selection List for On-site Trees) of this Chapter; or

(d) an authorization pursuant to Section 105-425 (Modification of botanic environment preservation and planting requirements) has been granted by the City Planning Commission approving the removal of such trees or vegetation.

Any tree of six-inch #caliper# or more that cannot be preserved as a result of a proposed #development#, #enlargement# or #site alteration# shall be replaced pursuant to the provisions of Section 105-32 (Botanic Environment and Tree Planting Requirements).

105-32
Botanic Environment and Tree Planting Requirements

Any vegetation that cannot be saved as a result of #site alteration#, #enlargement# or #development# shall be replaced with alternate vegetation to be approved by the City Planning Commission. All #developments#, #enlargements# and #site alterations# shall comply with the tree planting requirements set forth in this Section, whether or not existing trees are removed as a result of such #development#, #enlargement# or #site alteration#.

The replanting of elements of vegetation ~~which~~ that are parts of an association or community shall be such as to reestablish, as rapidly as is reasonable, the vigor and character of the association. When necessary to establish ecological balance, the Commission may also require additional vegetation to be planted.

(a) Tree Planting

For the purposes of this Section, the following minimum standard shall apply for tree planting:

1. For any #development#,#enlargement# or #site alteration# within a #Special Natural Area District#, trees of at least ~~four~~ three-inch #caliper#, pre-existing or newly planted, shall be provided on the #zoning lot# at the rate of one tree for each 1,000 square feet of #lot area# or portion thereof or shall equal a total of 51 percent of all #tree credits# for trees originally on site, whichever is greater.

2. For any existing tree of at least ~~6~~ six-inch #caliper# ~~which~~ that is preserved, credit for one tree shall be given for the first six inches of #caliper# ~~for the purpose of this Section,~~ and, for each additional four inches of #caliper#, credit for ~~one~~ an additional tree shall be given.

Single-trunk trees, newly planted to meet this requirement, shall be of at least three-inch #caliper# at the time of planting. Multiple-trunk trees and low-branching coniferous evergreens shall be at least 10 feet in height at the time of planting. Trees newly planted to meet this requirement shall be of a species selected from Appendix ~~B~~ D of this Chapter, and acceptable from the standpoint of hardiness, appearance and habit of growth suitable to the site.

The Commission may grant a waiver of the tree planting requirements by certification to the Department of Buildings, where the Commission finds that the ecology of the site is such that the substitution of other plant material would be more appropriate than the tree planting requirements and a detailed plan for planting has been filed with the Commission for its approval.

~~Where trees are planted pursuant to this Section prior to April 1, 1978, such planting may be undertaken in accordance with the tree caliper requirements existing prior to the effective date of this amendment.~~

(b) Botanic Environment Planting

For the purposes of this Section, the following minimum standard shall apply for the planting of vegetation:

Any vegetation or #topsoil# that cannot be preserved as a result of a proposed #development#, #enlargement# or #site alteration# and is not permitted to be removed pursuant to the regulations of Sections 105-31 (Botanic Environment and Tree Preservation Requirements) or 105-425 (Modification of botanic environment preservation and planting requirements), shall be replaced as follows: for every square foot of #lot area# of removed vegetation or #topsoil#, there shall be provided the following plantings of the size and number indicated in paragraphs (1) through (4) of this Section. The area of removed vegetation shall be measured so as to include any portions of the #zoning lot# that were located within the #critical root zone# of a removed tree of six-inch #caliper# or more. Species of ground cover and shrubs shall be selected from Appendix C (Selection List for Shrubs and Ground Covers) of this Chapter. Species of on-site trees shall be selected from Appendix D (Selection List for On-site Trees)of this Chapter.

(1) Ground cover shall be planted one at one-foot-on-center and at the rate of one plant for every square foot of #lot area# of removed vegetation; and

(2) Large trees shall be planted at the rate of one three-inch #caliper# tree for every 500 square feet of #lot area# of removed vegetation; or

(3) Small trees shall be planted at a rate of one eight-foot high tree for every 100 square feet of #lot area# of removed vegetation; or

(4) #Shrubs# shall be planted at a rate of one gallon container-grown material for every 25 square feet of #lot area# of removed vegetation.

The planting of species shall not be limited to woody plant materials, but shall include trees, shrubs, vines, ferns, grasses, herbs, annuals, biennials, perennials, mosses, and other associated vegetation. All vegetation to be planted shall be either of the species which characterized the area's biological community prior to #site alteration#, #enlargement# or #development#, or of an alternate biologic community found in the area. Species selection shall give particular attention to the relationship of the species to each other and to the surrounding plant community and to the quality of the soil and the vertebrate and invertebrate populations associated with and dependent upon the proposed plants. ~~The goal is to maintain, reinforce and increase the diversity and stability of the plant and animal population which characterize the #Special Natural Area District#.~~

105-33
Lot Coverage Regulations for Residences on Tier II Sites

The maximum permitted percentage of #lot coverage# on a #zoning lot# shall be determined by Table I or Table II of this Section, as applicable.

TABLE I

105-34
Grading Controls for Tier II Sites

With the exception of #private roads# and driveways, no grading shall take place beyond 15 feet of the location of a building foundation, measured from the foundation perimeter. The following grading requirements shall apply to all #Tier II developments#, #enlargements# or #site alterations#.

(a) Cut slopes shall be no steeper than two horizontal to one vertical; subsurface drainage shall be provided as necessary for stability.

(b) Fill slopes shall be no steeper than two horizontal to one vertical; fill slopes shall not be located on natural slopes 2:1 or steeper, or where fill slope toes out within 12 feet horizontally of the top of an existing or planned cut slope.

(c) Excavating for fill shall be prohibited unless the material is obtained from a cut permitted under an approved grading plan obtained for some purpose other than to produce fill material, or imported from outside the #Special Natural Area District#.

(d) Fills shall be compacted to at least 95 percent of maximum density, as determined by ASSHO T99 or ASTM D698.

(e) All retaining walls or cuts with a total vertical projection in excess of three feet and associated with cut or fill surfaces shall be designed as structural members keyed into stable foundations and capable of sustaining the design loads.

(f) The top and toe of any cut or fill slope, or where any excavation meets the grade existing on (the effective date of this amendment), should be rounded in a vertical arc with a radius of not less than five feet.

(g) Tops and toes of cut and fill slopes and retaining walls shall be set back from #lot lines# for a horizontal distance of three feet plus one-fifth the height of the cut or fill but need not exceed a horizontal distance of 10 feet; tops and toes of cut and fill slopes shall be set back from #buildings# and structures for a horizontal distance of six feet plus one-fifth the height of the cut or fill but need not exceed a horizontal distance of ten feet.

105-35
Tier II Requirements for Driveways and Private Roads

The provisions set forth in this Section and Section 105-34 (Grading controls) shall apply to driveways and to #private roads# that provide access to #buildings# developed after (the effective date of this amendment). The provisions for #private roads# set forth in Article II, Chapter 6, shall not apply.

(a) Driveways

(1) The maximum grade of a driveway shall not exceed 10 percent.

(2) The paved width of a driveway shall not exceed 18 feet.

(3) The maximum length of a driveway from a #private road# or #street# to an #accessory# parking space shall not exceed 80 feet.

(b) #Private roads#

(1) The maximum grade of a #private road# shall not exceed 10 percent.

(2) The width of the graded section beyond the curb back or edge of pavement of a #private road# shall extend no more than three feet beyond the curb back or edge of pavement on both the cut and the fill sides of the roadway. If a sidewalk is to be installed parallel to the roadway, the graded section shall be increased by the width of the sidewalk plus no more than one foot beyond the curb back.

(3) The paved width of a #private road# shall not exceed 30 feet -34 feet.

(4) Curbs shall be provided along each side of the entire length of a #private road# and #accessory# parking spaces may be located between the required roadbed and curb.

(5) A curb cut, excluding splays, from a #street# to a #private road# may be as wide as such #private road#.

(6) Curb cuts providing access from #private roads# to parking spaces shall not exceed the width of the driveway served and in no event shall exceed a width of 18 feet, including splays.

(7) A minimum distance of 16 feet of uninterrupted curb space shall be maintained between all curb cuts.

(8) Along the entire length of a #private road#, trees shall be provided and maintained at the rate of one tree for every 25 feet of #private road# frontage and shall comply with the requirements set forth in Section 105- 32 (Botanic Environment and Tree Planting Requirements).

(9) No building permit shall be issued by the Department of Buildings without approval by the Fire Department regarding the adequacy of vehicular access to and within the #development# for fire safety. Such approval may include the modification of #private road# width as set forth in paragraph (b)(3) of this Section.

The City Planning Commission may by authorization pursuant to Section 105-434 (Modification of requirements for private roads and driveways), allow modifications to, or waivers of, the requirements of this Section. The prior approval of the Fire Department regarding the adequacy of vehicular access to and within the #development# for fire safety shall be a condition for any modification or waiver.

105-36
Controls During Construction

The following requirements must be met during construction and identified on the construction plan:

(a) No construction equipment of any kind shall operate beyond 15 feet of the perimeter of a building foundation except those vehicles engaged in the construction of #private roads#, driveways or required #accessory# parking areas. This provision may be waived by the Commissioner of Buildings should it be determined that the particular conditions of the site make a 15-foot limit infeasible or impractical.

(b) Construction fences shall be erected around all vegetation proposed for preservation and all #areas of no disturbance#, and those portions of the fence that are downhill from the construction site shall have hay bales placed adjacent to them.

(c) Excavating for fill shall be prohibited unless the material is obtained from a cut permitted under an approved grading plan obtained for some purpose other than to produce fill material, or imported from outside the #Special Natural Area District#.

(d) The #staging area# shall be located in an area that would most minimize destruction of the natural features of the landscape. Such area shall be as close to the construction area on the #zoning lot# as practical, and shall be either on the flattest portion of the #zoning lot# or behind a containment wall where it will not erode any #area of no disturbance# or endanger any tree designated for preservation.

(e) #Topsoil# shall be used in the area to be replanted as soon as construction is complete.

(f) Any exposed earth area shall have straw, jute matting or geotextiles placed on it within two days of exposure and be seeded with annual rye grass during construction.

105-37
Special Erosion and Sedimentation Prevention Requirements for Authorizations for Tier II Sites

Any #development#, #enlargement# or #site alteration# that is on a #Tier II# site and requires an authorization shall be subject to the provisions of this Section. The requirements of this Section shall supplement any other requirements set forth in Section 105-40 (SPECIAL REVIEW PROVISIONS), that also must be met.

Prior to construction, at least one of the erosion and sedimentation control measures described in paragraphs (a) through (e) of the Section shall be selected. A plan describing how the selected erosion and sedimentation control measure will be implemented and justifying its selection on the basis of the particular conditions of the site shall be prepared by a professional engineer or landscape architect and submitted to the City Planning Commission.

(a) Benches and berms

These are level terraces or ledges constructed across sloping land to provide a relatively flat construction site or to reduce the length and grade of the slope. Benches and berms reduce runoff and erosion hazards by slowing down the velocity of water and providing greater intake opportunity.

(b) Diversion channels

These are earth channels with a supporting ridge on the lower side constructed across the slope lengths to break up concentration of runoff and move water to stable outlets at a non-erosive velocity.

(c) Debris or sediment basins

These consist of a dam or embankment, a pipe outlet and an emergency spillway situated at the low corner of the site to provide a temporary means of trapping and storing sediment while releasing the water. They protect property below the installation from damage by excessive sedimentation and debris.

(d) Retention ponds

These are impoundment-type ponds that temporarily store runoff water and release it at rates that minimize erosion and prevent flooding. They may be located above the site to trap water before it enters the area or within the site to protect properties below the site.

(e) Grassed waterways or outlets

These are natural or excavated channels to dispose of excess runoff water from diversions, berms, benches and other areas at non-erosive velocities. Waterways or outlets are shaped or graded and established in suitable vegetation as needed, depending on the supplemental measure used to slow the velocity of runoff.

105-38
Special Submission Requirements for Authorizations on Tier II Sites

When a #development#, #enlargement# or #site alteration# is on a #Tier II# site, an application to the City Planning Commission for an authorization shall include the following submission requirements. These requirements shall be in addition to the requirements set forth in Section 105-40 (SPECIAL REVIEW PROVISIONS).

(a) A drainage plan and soil report prepared by a professional engineer to protect natural features. The drainage plan shall describe the temporary (during construction) and permanent measures to collect, direct and discharge stormwater drainage from the site, indicating the direction of drainage flow and providing detailed plans and locations of all surface and subsurface drainage devices, walls, dams, sediment basins, stormwater storage (detention and retention) facilities, and other drainage facilities and protective devices. Such report shall include an estimate of runoff from the site after completion of proposed #developments#, #enlargements# or #site alterations# and provide a description with supporting information of the manner in which the proposed #development#, #enlargement# or #site alteration# complies with the requirements of Local Law 103 of 1988.

(b) An erosion and sedimentation plan as described in Section 105-37(Special Erosion and Sedimentation Prevention Requirements for Certain Authorizations and Special Permits).

(c) For any #development# or #site alteration# on a tract of land 40,000 square feet or greater, a landscape plan prepared by a registered landscape architect that shows the location and species of all new plantings of trees, shrubs and ground covers and the proposed method of preserving existing trees, shrubs and ground covers.

(d) Any other information the Commission may deem necessary to evaluate the request.

The applicant's submission shall also include a statement admitting authorized Department of City Planning personnel to the site for the purposes of recording or verifying survey data.

~~6/23/77~~
105-40
SPECIAL REVIEW PROVISIONS

The provisions of this Section shall apply to all #developments#, #enlargements# or #site alterations# located within a #Special Natural Area District#.

Prior to the issuance by the Department of Buildings of any permit for a #development#,#enlargement# or #site alteration# within a #Special Natural Area District#, the City Planning Commission shall certify to the Department of Buildings that the #development#,#enlargement# or #site alteration# is approved pursuant to Sections 105-41, 105-42, ~~or~~ 105-43 or 105-44, inclusive.

The provisions of Article VII, Chapter 8 (Special Regulations Applying to Large-Scale Residential Developments) shall apply to all #developments# and #enlargements#, where such #development# or #enlargement# is a #large-scale residential development#, except as modified by the provisions of Section 105-701 (Applicability of large-scale residential development regulations).

105-41
Certification

When it is not necessary for the applicant for a #development#, #enlargement# or #site alteration# to apply for an authorization or special permit, the City Planning Commission shall certify to the Department of Buildings that such #development#, #enlargement# or #site alteration# complies with the regulations of this Chapter, and that no authorization or special permit is required pursuant to this Chapter.
Where #natural features# are to be protected and maintained under Section 105-60 (MAINTENANCE OF NATURAL FEATURES), the Commission shall indicate in the certification specific conditions and safeguards appropriate to the designated area.

~~12/1/77~~

105-42
Authorizations to Alter Natural Features and to Allow Certain Uses

For a #development#,#enlargement# or #site alteration# located within the #Special Natural Area District#, the City Planning Commission may authorize:

(a) modification of topographic features including existing natural topography and #top soil# pursuant to Section 105-421 (Modification of ~~existing topography~~ topographic features on Tier I sites), and modification of #steep slopes# pursuant to Section 105- 422 (Authorization of a development, enlargement or site alteration on a Tier II zoning lot or portion of a zoning lot having a steep slope or steep slope buffer); ~~or~~

(b) modification of geologic features including the relocation of erratic boulders, and the alteration of rock outcrops pursuant to Sections 105-42~~2~~ 3(Relocation of erratic boulders) and 105-424 (Alteration of rock outcrops; ~~or~~

(c) ~~alteration~~ modification of botanic environment~~s~~ pursuant to Section 105-42~~3~~ 5 (~~Alteration~~ Modification of botanic environment ~~s, or removal of trees~~ preservation and planting requirements); ~~or~~

(d) alteration of ~~#natural features# other than existing topography erratic boulders or~~ aquatic features ~~botanic environments,~~ pursuant to Section 105-424 6(Alteration of ~~natural features~~ aquatic features), in NA-1, NA-2 and NA-3 Districts.

The Commission may prescribe appropriate additional conditions and safeguards to protect the character of the #Special Natural Area District#.

105-421
Modification of ~~existing topography~~ topographic features on Tier I sites

The topographic features including natural topography and #top soil#, existing at the time of designation of a #Special Natural Area District# may be modified by the City Planning Commission provided that the Commission finds that :

(a) ~~that~~ #development#, #enlargement# or #site alteration# is not feasible without such modification, or that the requested modification will permit a #development#, #enlargement# or #site alteration# that satisfies the purposes of this Chapter;

(b) ~~that~~ such modification, including any removal of #top soil#, will not disturb the drainage pattern and soil conditions in the area; ~~and~~

(c) ~~that~~ such modification of topography has minimal impact on the existing ~~natural topography~~ topographic features of the surrounding area and blends harmoniously with it~~.~~;

(d) such modification is the least modification required to achieve the purpose for which it is granted; and

(e) the #development#, #enlargement# or #site alteration# takes advantage of the natural characteristics of the site.

Where permits are required from a city agency, the Commission shall request a report from such agency, and the provisions of Section 105-93 (Inter-agency Coordination) apply.

Note: Current Section 105-422 (Relocation of erratic boulders) would be renumbered 105-423.

Current Special Permit 105-433 (Alteration of natural features) would be covered in Authorizations 105-426 (Alteration of aquatic features) and 105-422 (Authorization of a development, enlargement or site alteration on a Tier II zoning lot or portion of a zoning lot having a steep slope or steep slope buffer).

105-422
Authorization of a development, enlargement or site alteration on a Tier II zoning lot or portion of a zoning lot having a steep slope or steep slope buffer

The City Planning Commission may authorize

#developments#, #enlargements# and #site alterations# on a #Tier II zoning lot# or on portions of a #zoning lot# having a #steep slope# or #steep slope buffer#.

In order to grant such authorizations, the Commission shall find that:

(a) the #development#, #enlargement# or #site alteration# is not feasible without such modification, or that the modification will permit a #development#, #enlargement# or #site alteration# that satisfies the purposes of this Chapter;

(b) such modification is the least modification required to achieve the purpose for which it is granted;

(c) the modification has minimal impact on the existing natural topography and vegetation and blends harmoniously with it;

(d) the modification will not disturb the drainage patterns and soil conditions of the area; and

(e) the #development#, #enlargement# or #site alteration# takes advantage of the natural characteristics of the site.

Any #development#, #enlargement# or #site alteration# requiring an authorization pursuant to this Section shall be subject to all the requirements of this Chapter for which an authorization or special permit has not been obtained.

~~105-422~~ 105-423
Relocation of erratic boulders

No erratic boulder with a diameter at any point of six feet or more may be moved from its location at the time of designation of a #Special Natural Area District# to another location within the Special District during #development#, #enlargement# or #site alteration# except in compliance with the provisions of this Section.

Prior to the moving of an erratic boulder from its present location to a location elsewhere within the #Special Natural Area District#, an application shall be filed with the City Planning Commission showing the present location and the proposed location. Moving of an erratic boulder will be permitted only by authorization of the Commission under the following circumstances:

(a) where such a boulder is located in an area to be occupied by #buildings#, driveways, parking areas or recreation areas and it is not possible to avoid such location by minor adjustments in the arrangement of such #buildings#, driveways, parking areas or recreation areas on the site;

(b) where the boulder's continued existence in its present location would create hazards or dangers; ~~and~~ or

(c) where authorizations granted by the Commission under the provisions of this Chapter require or clearly contemplate the boulder's relocation from its present position.

In issuing an authorization under this Section, the Commission shall require an appropriate relocation site, visible, if possible, from a public #street#, park, or public place, preferably on the #zoning lot# or elsewhere within the #Special Natural Area District#. The Commission may prescribe appropriate conditions to enhance the setting of the relocated boulder ~~and safeguards to protect the character of the #Special Natural Area District#~~.

105-424
Alteration of rock outcrops

The City Planning Commission may authorize the alteration of a rock outcrop, provided that:

x the #development# or #enlargement# is not feasible without such alteration, or that the requested alteration will permit a #development# or #enlargement# that satisfies the purposes of this Chapter; or

x such alteration is necessary to protect the health and safety of the site occupants; and

x such #development#, #enlargement# as authorized will result in the minimum #natural feature# interference that must be permitted in order to allow reasonable #development# or #enlargement# and #bulk# distribution under the regulations of the underlying district.

The Commission shall impose appropriate conditions and safeguards to assure protection of the portions of the area to be preserved in their natural state.

~~6/23/77~~
105-423 5
~~Alteration~~ Modification of botanic environment ~~e or removal of trees~~ and preservation and planting requirements

~~No portion of a botanic environment shall be altered or land operations affecting botanic environments undertaken by or on behalf of present or future applicants for permits except in compliance with the provisions of this Section.~~

~~No individual tree of six inch caliper or more shall be removed without authorization of the City Planning Commission.~~

~~Prior to any such removal, alteration or land operation, applications shall be filed with the Commission showing the location of all botanic environments indicated in Section 105-11 (Description of Natural Features) and trees of six inch caliper or more, and identifying those which are proposed to be removed or altered. Alteration or removal of existing plant material will be permitted only by authorization of the Commission under the following circumstances:~~

~~(a) where plant material is located in areas to be occupied within a distance of eight feet of the exterior dimension of such facilities, and it is not possible to avoid such location by minor adjustments in the arrangement of such #buildings#, driveways, parking areas, utility lines or recreation areas on the site. If necessary to permit the construction of such facilities, exceptions may be made to allow the removal of individual plant material located up to a distance of not more than 15 feet from the exterior dimension of such facilities; or~~

The City Planning Commission may authorize modifications to the provisions of Sections 105-31 (Botanic Environment and Tree Preservation Requirements) 105-32 (Botanic Environment and Tree Planting Requirements) and paragraph (b)(8) of Section 105-35 (Tier II Requirements for Driveways and Private Roads).

In order to grant such authorizations, the Commission shall find that:

(a) the #development#, #enlargement# or #site alteration# is not feasible without such modifications, or that the requested modification will permit a #development#, #enlargement# or #site alteration# that satisfies the purposes of this Chapter;

(b) such modification is the least modification required to achieve the purpose for which it is granted;

(c) the ecology and soil conditions of the site are such that the substitution of other plant material would be as appropriate as the botanic preservation or planting requirements being modified; and

(d) in order to modify requirements relating to tree preservation, planting or removal, the Commission shall also find that:

(~~b~~ 1) ~~where plant material~~ such tree is located in areas which require excessive cut or fill of land deemed inimical to plant survival; or

(~~c~~ 2) ~~where the plant material's~~ the continued presence of such tree would create hazards or dangers (such as an area affected by storm or plant disease) to persons, property or other plant material which it would not be possible or practical to eliminate by pruning~~, or~~.

~~(d) where authorizations granted by the Commission under the provisions of this Chapter require or clearly contemplate the plant material's alteration or removal.~~

~~In issuing authorizations under this Section, the Commission may prescribe appropriate conditions and safeguards to protect the character of the #Special Natural Area District#.~~

Where on-site replanting of vegetation would result in overcrowding or would adversely affect the ecology of the site, the Commission may authorize planting of one or more trees on adjoining public sidewalks or in a nearby public area within the #Special Natural Area District#. The Commission may also allow the substitution of other plant material, provided a detailed landscaping plan is filed with the Commission for approval and certification.

~~12/1/77~~

105-424 6
Alteration of ~~other natural features~~ aquatic features

~~In #Special Natural Area Districts# 1 (NA 1) or 3 (NA 3), alteration of all #natural features# other than existing topography, erratic boulders or botanic environments for which alteration, modification or relocation is authorized pursuant to Sections 105-421 (Modification of existing topography or 105-422 (Relocation of erratic boulders) or 105-423 (Alteration of botanic environments or removal of trees),may be permitted by authorization of the City Planning Commission where~~

No portion of an aquatic feature shall be altered or land operations affecting aquatic features undertaken by or on behalf of present or future applicants for permits except in compliance with the provisions of this Section. The City Planning Commission may permit the alteration of aquatic features provided that:

(a) the #development# or #enlargement# is not feasible without such alteration or where such alteration will permit a #development# or #enlargement# that satisfies the purposes of this Chapter; or

(b) such alteration is necessary to protect the health and safety of the site occupants; ~~, and~~
~~As a condition for such alteration, the Commission shall find that the~~

(c) such #development# or #enlargement# as authorized will result in the minimum #natural feature# interference that must be permitted in order to allow reasonable #development# or #enlargement# and #bulk# distribution under the regulations of the underlying district~~.~~ ; and

(d) such modification shall not disturb the drainage patterns in the area.

The Commission shall impose appropriate conditions and safeguards to assure protection of the portions of the area to be preserved in their natural state.

Where permits are required from a ~~c~~City agency for any work affecting #natural features#, the Commission shall request a report from such agency and the provisions of Section 105-93 (Inter-agency Coordination) apply.

In the event alteration of ~~a #natural feature#~~ an aquatic feature is found inappropriate, the Commission may treat an application under this Section as an application for modification of #yard# and height and setback regulations under Section 105-432.

105-43
Authorizations to Modify Bulk, Parking, Grading and Private Roads Regulations

For a #development#,#enlargement# or #site alteration# located within the #Special Natural Area District#, the City Planning Commission may authorize:

(a) modification of #lot coverage# controls in accordance with the provisions of Section 105-431;

(b) modification of underlying district regulations relating to #bulk# or #parking# in accordance with the provisions of Section 105-432 (Modification of yard, height and setback regulations, and parking location regulations);

(c) modification of grading controls on accordance with the provisions of Section 105- 433; and

(d) modification of requirements for driveways and private roads on Tier II sites in accordance with the provisions of Section 105-434.

105-431
Modification of lot coverage controls

For any #development# or #enlargement# on a #Tier II zoning lot# or within a #steep slope# or a #steep slope buffer# on a #Tier I zoning lot#, the City Planning Commission may authorize variations in the #lot coverage# controls set forth in Section 105-33.

In order to grant such authorization, the Commission shall find that:

(a) the #development# or #enlargement# is not feasible without such modification, or that the requested modification will permit a #development# or #enlargement# that satisfies the purpose of this Chapter;

(b) by allowing the permitted #floor area# in a #building# or #buildings# of lower height to cover more land, the preservation of #hillsides# having aesthetic value to the public would be assured, and that such preservation would not be possible by careful siting of a higher #building# containing the same permitted #floor area# on less land;

(c) such modification is the least modification required to achieve the purpose for which it is granted;

(d) the modification has minimal impact on the existing natural topography and vegetation and blends harmoniously with it;

(e) the modification will not disturb the drainage pattern and soil conditions of the area; and

(f) the modification does not impair the essential character of the surrounding area.

105-432
Modification of yard, height and setback regulations, and parking location regulations

For any #development# or #enlargement# that does not qualify under provisions of Section 105-701(Applicability of large-scale residential development regulations), the City Planning Commission may authorize variations in required #front#, #rear# or #side yards#, location of parking, driveways or curb cuts and required space between #buildings# on the same #zoning lot#, and may modify height and setback regulations for the purpose of preserving #natural features#, provided the Commission finds that:

(a) the proposed placement of #buildings# and arrangement of #open space# will not have significant adverse effects upon the light, air and privacy for existing #development# in adjacent areas or the opportunities therefore in future #development#; and

1. will preserve significant #natural features#.

The Commission may condition such authorizations upon the joint submission of acceptable plans for #development# or #enlargement# of two or more adjacent #zoning lots# by the owners thereof.

105-433
Modification of grading controls

For any #development#, #enlargement# or #site alteration# on a #Tier II zoning lot#, the City Planning Commission may authorize variations in the grading controls set forth in Section 105-34.

In order to grant such authorization, the Commission shall find that:

(a) the #development#, #enlargement# or #site alteration# is not feasible without such modifications, or that the modifications will permit a #development#, #enlargement# or #site alteration# that satisfies the purposes of this Chapter;

(b) such modification is the least modification required to achieve the purpose for which it is granted;

(c) the modification has minimal impact on the existing natural topography and vegetation and blends harmoniously with it;

(d) the modification will not disturb the drainage pattern and soil conditions of the area;

(e) the modification does not impair the essential character of the surrounding area; and

(f) the benefits to the surrounding area from the modification outweigh any disadvantages that may be incurred thereby in the area.

105-434
Modification of requirements for private roads and driveways

For any #development#, #enlargement# or #site alteration#, the City Planning Commission may authorize variations in the requirements for #private roads# and driveways on any #Tier II zoning lot# as set forth in Section 105-35 (Tier II Requirements for Driveways and Private Roads) as well as the requirements of Sections 25-621 (Location of parking spaces in certain districts) and 25-631 (Location and width of curb cuts in certain districts).

In order to grant such authorizations, the Commission shall find that:

(a) the #development# or #enlargement# is not feasible without such modification, or that the requested modification will permit a #development#, #enlargement# or #site alteration# that satisfies the purposes of this Chapter;

(b) such modification is the least modification required to achieve the purpose for which it is granted;

(c) the modification will not disturb the drainage pattern and soil conditions of the area;

(d) the modification has minimal impact on the existing natural topography and vegetation and blends harmoniously with it; and

(e) such modification will enhance the quality of the design of the #development#, #enlargement# or site alteration#.

~~12/1/77~~

105-43 4
Special Permit

For any #development#, #enlargement# or #site alteration#

within the #Special Natural Area District#, the City Planning Commission may grant special permits for modification of the underlying district regulations in accordance with the provisions of Sections 105-~~431~~ 441 ~~to Section 105-434, inclusive~~ and 105-442.

105-~~431~~ 441
Modification of use regulations

In addition to any #use# modifications which may be granted under the provisions of Section 105-701 (Applicability of large-scale residential development regulations), the City Planning Commission may ~~grant special permits to allow~~ permit #semi-detached# or #attached single- family residences# in R2 Districts and #attached single-# or #two-family residences# in R3-1 Districts.

Furthermore, except in the #Special Natural Area District#-1 (NA-1), the Commission may ~~grant special permits to allow~~ permit #semi-detached# or #attached single-family residences# in R1-2 Districts provided that the #development# or #enlargement# is on a tract of land of at least four acres, ~~. As a condition for granting such special permits the~~ and provided the Commission ~~shall~~ finds that:

(a) ~~that~~ the preservation of #natural features# requires the permitted #development# to be concentrated to the extent feasible in the remaining portion of the tract;

(b) ~~that~~ for such concentration of #development#, better standards of privacy and usable #open space# can be and are achieved under the development plan by inclusion of the proposed #residential building# types;

(c) ~~that~~ the change of housing type ~~requested~~ constitutes the most effective method of preserving #natural features#;

(d) ~~that~~ the #aggregate width of street walls# of a number of #residential buildings# separated by party walls shall not exceed 100 feet;

(e) ~~that~~ the proposed #street# system for the #development# is so located as to draw a minimum of vehicular traffic to and through #streets# in the adjacent area; and

(f) ~~that~~ the existing topography, vegetation and proposed planting effectively screen all #attached single-family residences# from the #lot lines# along the #development# perimeter.

~~6/30/89~~

~~105-432~~
~~Modification of yard, height and setback regulations, and parking location regulations~~

~~For any #development# which does not qualify under provisions of Section 105-701, the City Planning Commission may authorize variations in required #front#, #rear# or #side yards#, location of parking, driveways or curb cuts and required space between #buildings# on the same #zoning lot#, and may modify height and setback regulations for the purpose of preserving #natural features# if the Commission finds that~~ the proposed placement of ~~#buildings# and arrangement of #open spaces# will not have significant adverse effects upon the light, air and privacy for existing #development# in adjacent areas or the opportunities therefor in future #development# and will preserve significant #natural features#.~~

~~The Commission may condition such authorizations upon the joint submission of acceptable plans for #development# of two or more adjacent #zoning lots# by the owners thereof.~~

~~105-433~~
~~Alteration of natural features~~
~~In #Special Natural Area District# 2 (NA-2), alterations of all #natural features# other than existing topography, erratic boulders or botanic environments, for which alteration, modification or relocation is authorized pursuant to Sections 105-421 (Modification of existing topography), 105-422 (Relocation of erratic boulders) or 105-423 (Alteration of botanic environments or removal of trees) may be granted by special permit of the City Planning Commission where #development# is not feasible without such alteration or where alteration is necessary to protect the health and safety of the site occupants. As a condition for such alteration, the Commission shall find that the #development#, as authorized, will result in the minimum #natural feature# interference that must be permitted in order to allow reasonable #development# and #bulk# distribution under the regulations of the underlying district.~~

~~The Commission shall impose appropriate conditions and safeguards to assure protection of the portions of the area to be preserved in their natural state.~~

~~Where permits are required from a city agency for any work affecting #natural features#, the Commission shall request a report from such agency and the provisions of Section 105-93 (Inter-agency Coordination) shall apply. In the event alteration of a #natural feature# is found inappropriate, the Commission may treat an application under this Section as an application for modification of #yard# and height and setback regulations under Section 105-432.~~

~~7/26/01~~

105-~~434~~ 442
Natural area dedicated for public use

Where commonly or separately-owned areas containing #natural features# of exceptional recreational, cultural or educational value to the public are dedicated to the City, without any cost to the City, pursuant to Section 105-701 (Applicability of large-scale residential development regulations), the City Planning Commission may by special permit allow, where appropriate, such portion of the #zoning lot# to be included in the zoning computation for #floor area#, #open space#, #lot coverage#~~,~~ and density regulations and other #bulk# computations.

~~6/30/89~~

~~105-44~~
~~Conditions for Certification, Authorization or Special Permits~~

~~The City Planning Commission may certify or grant an authorization or special permit for any #development# or #site alteration# within the #Special Natural Area District#, provided the #development# or #site alteration# complies with the provisions of the following Sections:~~

~~Section 105-50 (REGULATIONS FOR PROTECTION OF NATURAL FEATURES)~~

~~Section 105-60 (MAINTENANCE OF NATURAL FEATURES)~~

~~Section 105-70 (SPECIAL REGULATIONS FOR RESIDENTIAL DEVELOPMENT)~~

~~Section 105-80 (JOINT APPLICATIONS).~~

~~The provisions of Section 105-50 establish regulations for Commission review of #development#, #enlargement# or #site alteration# plans from the standpoint of the protection they afford to #natural features#. Plans which that are deficient in this regard may be rejected or required to be modified, even though they comply with all other applicable regulations of this Chapter.~~
~~The provisions of Section 105-60 establish requirements for the maintenance of #natural features#. Approval of development plans subject to such requirements is conditioned upon the Commission's approval of a maintenance plan.~~

~~Section 105-70 deals with the Commission's power to grant modifications of the applicable regulations of the underlying districts for predominantly #residential developments# so as to permit greater flexibility in the location of #buildings# and parking, driveways and curb cuts, and in the distribution of #bulk#, density and #open space# or #lot coverage# and thereby facilitate the protection of #natural features# or the preservation of natural terrain.~~

~~As a condition for certification, authorization or issuance of a special permit by the Commission, the Commission shall find that all proposed #developments#, #enlargements# or #site alterations# blend harmoniously with the #natural features# and topography of the surrounding area within a #Special Natural Area District#.~~

~~6/23/77~~

105-45
Certification of ~~Compliance with the Special Review Provisions~~ Restoration Plans

On any #zoning lot# to which the provisions of Section 105-02 (General Provisions) apply, no #natural features# as described in Section 105-11 (Description of Natural Features) or any other vegetation shall be removed, altered, relocated or replaced without prior approval by the City Planning Commission as set forth in Section 105-40 (SPECIAL REVIEW PROVISIONS) of the #Special Natural Area District#.
In the event that any such features are removed, altered, relocated or replaced from a #zoning lot# without prior approval by the Commission, the Commission may specify the manner of their replacement or restoration. If trees are to be planted, the Commission may require that they be ~~six~~ three inches in caliper.

A copy of the restoration plan certified by the Commission~~'s~~ specifying requirements for the replacement or restoration of the #natural features# shall be issued to the owner of the #zoning lot# containing such violations and to the Department of Buildings.

Upon receipt of the Commission's certified restoration requirements, the Department of Buildings shall require the owner of the #zoning lot# to remove the violations in accordance with the requirements set forth by the Commission. If such violations have not ceased within 90 days of receipt of the Commission's requirements, the Department of Buildings shall institute such action as may be necessary to terminate the violations. For compliance with new planting requirements to remove violations, the Department of Buildings may allow an additional 90 days.

No building permit or certificate of occupancy shall be issued by the Department of Buildings for any #development#, #enlargement#, #site alteration# or #use# on such #zoning lot# until the violations are removed from the #zoning lot# in accordance with the restoration plan certified by the Commission~~'s requirements~~.

~~5/21/75~~

105-50
REGULATIONS FOR PROTECTION OF NATURAL FEATURES

The provisions of this Section establish regulations for City Planning Commission review of #development#, #enlargement# or #site alteration# plans from the standpoint of the adequacy of protection for #natural features# within a #Special Natural Area District#. Plans that are deficient in this regard may be rejected or required to be modified, even though they comply with all other applicable regulations of this Chapter.

These regulations are to be used by the Commission in reaching a determination whether to approve #development#, #enlargement# or #site alteration# plans filed pursuant to Sections 105-41 (Certification), 105-42 (~~Special~~ Authorizations to Alter Natural Features), ~~or~~ 105-43 (Authorizations to Modify Bulk, Parking, Grading and Private Roads Regulations, or 105-44 (Special Permits).

The Commission, where appropriate, shall be guided by the reports from other city agencies involved in land contour work, storm water drainage systems and similar operations affecting #natural features#.

In determining the necessary alteration of #natural features# or extent of modifications involved in a #development#, #enlargement# or #site alteration#, the Commission shall be guided by the effect of any alteration of a #natural feature# on the total ecological process of the surrounding natural environment including the following: the effect of such alteration on the existing topography, soil conditions, erosion, natural flow of water and drainage, water quality, and animal, plant and marine life.

Further guidelines for the protection of #natural features# are ~~listed below~~:

(a) No #natural feature# shall be moved, removed, covered, diminished, broken or disfigured, unless permitted pursuant to the provisions of Sections 105-30 (PRESERVATION OF NATURAL FEATURES) and 105-21 (SPECIAL REVIEW PROVISIONS). Furthermore, topsoil shall neither be removed from the surface of any #zoning lot# nor covered with inferior material unless permitted pursuant to Section 105-421 (~~Modification of Existing Topography~~ 105-40 (SPECIAL REVIEW PROVISIONS). Where existing topography is altered without prior authorization of the Commission, the Commission may require new grading or other topographical modifications or surface improvement to reestablish the viability and function of the soil as a growing medium, and as a drainage surface, in order to permit the site to blend harmoniously with the surrounding area of the Special District.

(b) Filling, excavating, draining, dredging, grading and contouring shall be staged and controlled so as to minimally impair the function, composition, vitality and existence of #natural features#. When and where possible, such operations shall be done in a manner so as to maintain or improve the biological system and individual features on the site.

(c) All filling, excavating, draining, dredging, grading and contouring shall avoid creation of #steep slopes# or conditions causing erosion, loss of fertility of soil, health or safety hazards, and shall be done in conformance with the limits and nature of the soil involved.

(d) All land operations including filling, excavating, draining, dredging, grading and contouring shall be limited to those operations which maintain or restore natural drainage, cause a minimum disturbance of the #natural features# and their setting while providing for the #development#, #enlargement# or #site alteration# or permitted #uses#.

(e) No #development# , #enlargement# or #site alteration# shall be such as to impede or change the quality, turbidity, temperature or chemical composition of natural drainage or aquatic features.

(f) A #development# , #enlargement# or #site alteration# shall be permitted only in areas sufficiently removed from the #natural features# to avoid impairment of their existence, functions or beauty.

(g) There shall be maximum preservation of all natural vegetation in and adjacent to the #natural features# found on the site. Plant communities which have been substantially reduced in area or composition as a result of a #development# , #enlargement# or #site alteration# shall be restored, extended or replaced by alternative plant materials with an adequate maintenance program. In no case shall the site be allowed to be denuded and without vegetational cover upon completion of the #development# , #enlargement# or #site alteration#.

(h) Replacement of any #natural feature# and planting of new vegetation on a site in the Special District shall be such as to extend, reinforce, increase the diversity, function and vitality of an association or community in the area. Special attention shall be given to symbiotic relationships between plants and the relationship between vegetation to be planted and animal populations which are dependent upon or related to the proposed vegetation. Where appropriate, planting shall include trees, shrubs, vines, ferns, grasses, herbs, annuals, biennials, perennials, mosses, and other associated vegetation.

(i) Adequate provision shall be made for proper management and maintenance of #natural features# and their immediate surroundings to avoid pollution, loss of vigor, reduction in composition or function or other ecological damage.

(j) Where appropriate, when a portion of a #natural feature# or its function must be altered, such alteration shall not only reinforce the function, vitality and existence of the remaining portion of the #natural feature# but also improve conditions for other #natural features#. This shall apply particularly but not exclusively to the removal and replanting of plant materials.

(k) Where appropriate, a #development# , #enlargement# or #site alteration# shall be such as to leave #natural features# intact in their natural setting and, where feasible, visible from public #streets# or places.

(l) For a #steep slope#, ~~the primary concerns are the preservation of natural beauty and the prevention of hillside erosion, landslide, and excessive runoff. Additional concerns arise where the #steep slope# area is part of the watershed of a creek, stream, brook, lake, pond or swamp. Accordingly,~~ these additional requirements apply:

(1) In all #Residence Districts#, for #residential developments#~~,~~ on individual #zoning lots# substantially

within a #steep slope# area, the #lot area per dwelling unit# requirement shall not be less than 12,500 feet. Except in R1 Districts located in ~~the~~ #Special Natural Area District#-1 (NA-1), the Commission may, for a tract of land of at least ~~4.0~~ four acres substantially within the #steep slope# area, modify, by authorization,

the #lot area per dwelling unit# requirement set forth ~~above~~, in this paragraph for the #steep slope# area,

and may allow #development# to be concentrated in clusters to preserve the #steep slope# areas in their natural state, provided that such clusters are located to the extent feasible in areas of comparatively flat

topography and will not require unnecessary grading on adjacent slopes or the creation of new #steep slopes#.

(2) In no event shall the #lot area per dwelling unit# requirement be less than the amount required by the underlying district regulations.

(3) Existing vegetational cover in steep areas shall not be removed, destroyed

or damaged except pursuant to #development# and grading plans approved by the Commission. An objective of such plans shall be to fit #street# layouts and #building# designs to the natural terrain, limit

grading to a practical minimum and provide for maximum preservation of the natural terrain and vegetational cover.

~~12/10/74~~

105-60
MAINTENANCE OF NATURAL FEATURES

For any #development# , #enlargement# or #site alteration# on a tract of land within a #Special Natural Area District#, the City Planning Commission may require a maintenance plan for a #natural feature#. Where a maintenance plan is required, approval of the development plan and the granting of any certification, authorizatione or special permit shall be conditioned upon the Commission's approval of the maintenance plan.
The maintenance plan shall specify what the maintenance is to consist of and whose responsibility it will be, and shall provide assurance that maintenance will be satisfactorily executed. The Commission, in considering the maintenance needs of a particular #natural feature# and the content of an acceptable maintenance plan shall, where appropriate, refer all relevant plans to the Landmarks Preservation Commission, Department of Parks or other City agency with primary responsibilities in natural areas conservation, for its report thereon. The Commission shall, in its determination, give due consideration to any such report submitted within one month from the date of referral. If such City agency does not report within one month, the Commission may make a final determination without reference thereto.

For #natural features# for which the Commission determines that specialized maintenance and regulated public #use# are appropriate, the maintenance plan may provide for dedication of the #natural feature# to the City or an approved private conservation organization for responsible maintenance in the public interest.

105-70
SPECIAL REGULATIONS FOR RESIDENTIAL DEVELOPMENT

In order to carry out the purposes of this Chapter, all #developments# used predominantly for #residential use# ~~shall~~ may be subject to the provisions of this Section.

~~5/21/75~~

105-701
Applicability of large-scale residential development regulations

The provisions of Article VII, Chapter 8 (Special Regulations Applying to Large-Scale Residential Developments) shall apply except as modified by the provisions of this Section.

Any #development# used predominantly for #residential uses# ~~shall~~ may be treated as a #large-scale residential development#, and authorizations or special permits for such #development# may be granted in accordance with the provisions of Article VII, Chapter 8, as modified herein, or in Section 105-80 (JOINT APPLICATIONS), regardless of whether such #development# will have the area, number of #buildings# or number of #dwelling units# specified in the definition of #large-scale residential development# as set forth in Section 12- 10 (DEFINITIONS).

However, in R1 Districts located in the #Special Natural Area District#-1 (NA-1), no modification of minimum required #lot area# as set forth in Section 23-32 (Minimum Lot Area or Lot Width for Residences) shall be allowed for any #development# pursuant to paragraph (c) of Sectione 78-311 (Authorizations by the City Planning Commission) or Section 78-32 (Bonus for Good Site Plan) but modifications of required #front# or #rear yards# and height and setback regulations on the periphery of such #development#, pursuant to paragraphs (c) and (d) of Section 78-312 (Special permit authorizations), shall apply. Modification of #side yards# of all #developments#, including #developments# in R1 Districts, shall be subject to the provisions of Section 105-432 (Modification of yard, height and setback regulations, and parking location regulations).

Bonuses which may be granted for #large-scale residential developments#, pursuant to Section 78-32 ~~(Bonus for Good Site Plan)~~ through Section 78-35 (Special Bonus Provisions), may not be granted for #developments# which have less than 10 acres and less than the number of #buildings# or number of #dwelling units# required by the definitions of a #large-scale residential development#.

Commonly or separately-owned areas containing #natural features# may qualify as common #open space# for purposes of satisfying #open space# requirements in #residential developments#.

Approval by the Commission of a development plan incorporating #natural features# as common #open space# shall be conditioned upon the findings required in Sections 78-313 (Findings) and 78-52 (Common Open Space) with respect to the qualification of areas as common #open space# and upon additional findings that appropriate safeguards are provided for the protection and preservation of such #natural features#. In the case of #natural features# ~~which~~ that are determined to have qualities of exceptional recreational, cultural or educational value to the public and ~~which~~ that are directly accessible to the public from a public right-of-way, the applicant may request the City to take title or a less than fee interest in the property occupied by such a #natural feature# without any cost to the City or its designee for #use# and enjoyment by the public subject to the provisions of Section 105-60 (MAINTENANCE OF NATURAL FEATURES).

12/19/74

105-80
JOINT APPLICATIONS

Notwithstanding the provisions of Section 78-06 (Ownership), a tract of land which is the subject of an application for authorizations or special permits under the provisions of this Chapter may include adjacent property in more than one ownership, provided that the application is filed jointly by the owners of all property included. Any subdivision of the tract reflecting ownerships at the time of application or creating new ownerships before, during or after #development# shall be subject to the provisions of Section 78-51 (General Provisions).

5/28/81

105-90
FUTURE SUBDIVISION

Within a #Special Natural Area District#, any #zoning lot# existing on the effective date of the Special District designation may be subdivided into two or more #zoning lots#; provided that #natural features# are preserved to the greatest extent possible under future #development# options.

A plan for such subdivision shall be filed with the City Planning Commission and the Commission shall certify that such subdivision complies with this objective. The subdivision plan shall include a survey map indicating existing topography and other #natural features# within this area.
When a #zoning lot#, existing on the effective date of the Special District designation, is more than 10 acres and is intended to be subdivided, an area plan of the entire #zoning lot# shall be filed with the Commission. The area plan shall include the proposed #street# system within the area, #block# layouts and any other information required by the Commission.
When any #zoning lot# is subdivided into two or more #zoning lots#, all resulting #zoning lots# ~~which~~ that lie substantially within a #steep slope# area existing as of December 19, 1974, shall be subject to the #steep slope# provisions of Section 105-50 (REGULATIONS FOR PROTECTION OF NATURAL FEATURES) and all other provisions of this Chapter, as applicable.

~~Any #zoning lot# subdivided into two or more #zoning lots# after May 28, 1981 shall be subject to the #lot area per dwelling unit# standard in accordance with Section 105-20 (PROTECTION OF NATURAL FEATURES).~~

In the event that #natural features# on any #zoning lot# subject to the provisions of Section 105-02 (General Provisions) proposed for subdivision have been removed, altered, relocated or replaced from the #zoning lot# without prior approval by the Commission, as set forth in Section 105-40 (SPECIAL REVIEW PROVISIONS), the Commission shall not approve the subdivision until violations are removed from the #zoning lot# in accordance with the Commission's requirements under Section 105-~~45~~6 (Certification of Compliance with the Special Review Provisions).

~~12/10/74~~
105-91
Special District Designation on Public Parks

When a #Special Natural Area District# is designated on a #public park# or portion thereof, any #natural features# existing on December 19, 1974 within such area shall not be removed, destroyed or altered unless authorized by the City Planning Commission. As a condition for granting such authorization, the Commission shall find that any alteration of #natural features# is the least alteration required to achieve the purpose intended and such authorization is consistent with the intent of the #Special Natural Area District#.

12/19/74

105-92
Special Provisions for City-Owned Land

For any #development# or #site alteration# on city-owned land located within a #Special Natural Area District#, the provisions of Section 105-40 (SPECIAL REVIEW PROVISIONS) shall apply, except that modifications permitted under Section 105-43 4(Special Permits) may be approved by ~~authorization of~~ the City Planning Commission.

Furthermore, provisions of Section 105-93 (Inter-agency Coordination) apply to all #developments# or #site alterations# on City-owned land. However, the provisions of this Chapter shall not apply to any public improvement project approved by the Board of Estimate prior to the effective date of the Special District designation.

~~12/10/74~~
105-93
Inter-agency Coordination

Where an authorization or permit is required from the City Planning Commission pursuant to this Chapter and where a permit is required from the Departments of Transportation or Buildings for land contour work, by the Department of Environmental Protection for storm water drainage systems for #buildings# or adjacent areas or where construction of a public improvement project is undertaken by a eCity agency, the Department of City Planning and the agencies involved shall jointly determine the conditions under which such proposed #development#, #enlargement# or #site alteration# within a #Special Natural Area District# will best meet the purposes of the Special District. Applications for any required permit or authorizations shall be filed simultaneously with each agency requiring a permit. ~~Where differences exist among agencies concerning a proposed #development# or #site alteration# within the Special District, a three-member Inter-agency Board of Conservation of Natural Features shall arbitrate prior to the issuance of any permit.~~

~~Such Board shall consist of:~~

~~the Deputy Mayor;~~

~~the Chairperson of the City Planning Commission; and~~

~~the Commissioner of the agency directly involved.~~

~~The Deputy Mayor shall be the Chairperson of the Inter-agency Board.~~

Application submitted by the Department of Housing Preservation and Development (HPD):

1. pursuant to Article 16 of the General Municipal Law of New York State for:

   a) the designation of property located at 500, 502, 506-510 West 53rd Street (Sites 8 and 9C) within the Clinton Urban Renewal Area (Block 1080 p/o Lot 25, Block 1081, Lots 39 and p/o 29) as an Urban Development Action Area; and

   b) an Urban Development Action Area Project for such area; and

2. pursuant to Section 197-c of the New York City Charter for the disposition of such properties to a developer selected by HPD;

to facilitate development of two mixed-use buildings, tentatively known as Clinton Green Mixed Use Development, with up to 650 residential units, retail and theater use.

Proposals subject to Council review and action pursuant to the Urban Development Action Area Act, Article 16 of the New York General Municipal Law, at the request of the Department of Housing Preservation and Development ("HPD"), which requests that the Council:

1. Find that the present status of the listed areas tends to impair or arrest the sound growth and development of the municipality and that the proposed Urban Development Action Area Project is consistent with the policy and purposes of Section 691 of the General Municipal Law;

2. Waive the area designation requirement of Section 693 of the General Municipal Law pursuant to said Section;

3. Waive the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law;

4. Approve the project as an Urban Development Action Area Project pursuant to Section 694 of the General Municipal Law; and

5. Approve an exemption of the project from real property taxes pursuant to Section 577 of the Private Housing Finance Law for Non-ULURP Nos. 20055156 HAK through 20055163 HAK and 20055165 HAM.

Article XI - Special Purpose Districts

Chapter 4
Special Bay Ridge District

~~11/2/78~~
~~114-00~~
GENERAL PURPOSES

The "Special Bay Ridge District" established in this Resolution is designed to promote and protect the public health, safety and general welfare. These general goals include, among others, the following specific purposes:

(a) to preserve, protect and maintain the existing scale and character of the residential and commercial community;

(b) to encourage design of ~~new~~ residential, commercial and community facility development which is in character with the neighborhood and surrounding community; and

(c) ~~to foster the development of apartment buildings which provide a superior urban design relationship to the neighborhood;~~

~~(d) to provide amenities such as required open space, off-street parking, landscaping and street trees to enhance the character of the physical environment; and~~

~~(e)~~ to promote the most desirable use of land in the area and thus to conserve the value of land and buildings, and thereby to protect the City's tax revenues.

~~11/2/78~~
~~114-01~~
~~Definitions~~
~~Definitions specially applicable in this Chapter are set forth in this Section. The definitions of other defined words are as set forth in Section 12-10 (DEFINITIONS).~~
~~Center block line~~

~~A "center block line" is an imaginary line which bisects a #block#. Where the #streets# are parallel such line shall be parallel to the long dimension of the #block#. In the case of #streets# that are not parallel the #center block line# shall be the bisector of the angle formed by prolonging the long dimensions of the #block# to an intersection.~~

~~Development~~

~~For the purposes of this Chapter, a "development" includes construction of a new #building or other structure# on a #zoning lot# or an #enlargement#. To "develop" is to create a #development#.~~
~~Major street~~
~~For the purposes of this Chapter, a "major street" is any of the following: Shore Road, Ridge Boulevard, Third Avenue, Fourth Avenue, Fifth Avenue and 86th Street.~~

~~Minor street~~

~~For the purposes of this Chapter, a "minor street" is any #street# within the #Special Bay Ridge District# other than a #major street#.~~
~~Private open space~~

~~"Private open space" is recreation space which is either open to the sky or roofed but is not enclosed, and is accessible only to the occupants of one or a limited group of #dwelling units#.~~

~~Semi-private open space~~

~~"Semi-private open space" is recreation space which is either open to the sky or roofed but is not enclosed and which:~~

~~(a) is accessible to all #residential# tenants and their agents, for whom no fees are charged;~~
~~(b) is directly accessible from a lobby or other public area served by elevator which connects to the #residential# portion of the #building#;~~

~~(c) is accessible to the handicapped and physically disabled in accordance with the provisions of Section 114-274 (Access); and~~

~~(d) is, at a minimum, open from 8:00 a.m. to sunset.~~

~~#Semi-private open space# shall be #developed# and treated in accordance with the provisions of Section 114-28.~~

~~Special Bay Ridge District~~
~~(repeated from Section 12-10)~~

~~The "Special Bay Ridge District" is a Special Purpose District designated by the letters "BR" in which special regulations set forth in Article XI, Chapter 4 apply. The #Special Bay Ridge District# appears on the #zoning maps# superimposed on other districts and its regulations supplement or modify those of the districts on which it is superimposed.~~

~~Transparent surfaces~~

~~"Transparent surfaces" are glazed walls or openings which permit a view into an enclosed space.~~

~~11/2/78~~
~~114-02~~ 114-01
General Provisions

In harmony with the general provisions and intent of this Resolution and the general purposes of the #Special Bay Ridge District#, the regulations of the districts upon which this Special District is superimposed are supplemented or modified in accordance with the provisions of this Chapter. The provisions of this Chapter shall apply to all #developments# and #enlargements#.

Except as modified by the provisions of this Chapter, the regulations of the underlying districts remain in effect.

~~11/2/78~~
~~114-03~~
~~District Plan~~
~~The District Plan for the #Special Bay Ridge District# (Appendix A) identifies specific areas comprising the Special District in which special zoning regulations are established in order to carry out the general purposes of the #Special Bay Ridge District#. These areas and the Sections of this Chapter containing regulations relating thereto are as follows:~~

~~Area A - Midblock Preservation Area, Section 114-09~~

~~Area B - AVENUE PRESERVATION AREA 1, Section 114-20~~
~~Area C - AVENUE PRESERVATION AREA 2, Section 114-30~~

~~Area D - AVENUE PRESERVATION AREA 3, Section 114-40~~

~~Area E - OTHER AREAS, Section 114-50~~

~~The elements of the District Plan as set forth in Appendix A are hereby incorporated as an integral part of the provisions of this Chapter.~~

NOTE: ***Most provisions of the Special Bay Ridge District are proposed for deletion. Those Sections that would be retained would be reorganized, renumbered and modified. Those sections are as follows:***

Section 114-05 (Street Planting Regulations)	***Modified and renumbered 114-20***
Section 114-101 (Floor area regulations)	***Modified and renumbered 114-11***
Section 114-108 (Height regulations)	***Modified and renumbered 114-12***

The following Sections have been deleted and their section numbers re-utilized, as follows: 114-13, 114-20 and 114-21.

114-10
SPECIAL BULK REGULATIONS

In the #Special Bay Ridge District#, the maximum #floor area ratio# and height and setback regulations shall apply as modified in this Section, inclusive.

~~114-101~~ 114-11
Special Floor Area Regulations

In the #Special Bay Ridge District#, ~~T~~the maximum #floor area ratio# for ~~#residential# or~~ any #community facility building# or ~~a~~ any portion of a #building# containing a #community facility use# ~~combination thereof within the Midblock Preservation Area~~ shall not exceed 1.65 in R4A, R4-1, R4B and R5B Districts and 3.0 in C8-2 Districts.

~~114-109~~ **12**
Special Height and Setback Regulations

114-121
Special Rooftop Regulations

The provisions of Section 33-42 (Permitted Obstructions) shall apply to all #buildings or other structures# in R6A, R6B, R7A, R7B, C4-2A and C8-2 Districts in the #Special Bay Ridge District#, except the provisions of paragraph (d) of Section 33-42 shall not apply. In lieu thereof, the following regulations shall apply:

Elevator or stair bulkheads, roof water tanks, cooling towers or other mechanical equipment (including enclosures) may exceed a maximum height limit provided that either the product, in square feet, of the #aggregate width of street walls# of such obstructions facing each #street# frontage, times their average height, in feet, shall not exceed a figure equal to eight times the width, in feet, of the #street wall# of the #building# facing such frontage or, the #lot coverage# of all such obstructions does not exceed 20 percent of the #lot coverage# of the #building#, and the height of all such obstructions does not exceed 40 feet. In addition, dormers may penetrate a maximum base height in accordance with the provisions of paragraph (c) of Section 23-621 (Permitted obstructions in certain districts).

114-122
Maximum building height and setback

In the #Special Bay Ridge District#, the height and setback and the maximum #building# height regulations of the underlying districts have been modified as follows:

(a) In C8-2 Districts

In C8-2 Districts, the maximum height of a #building or other structure# shall be 70 feet. Any portion of a #building or other structure# that exceeds a height of 60 feet shall be set back with a depth of at least ten feet from a #wide street line# and at least 15 feet from a #narrow street line#.

(b) For Community Facilities in #Residential# Districts

In R3A, R3X, R3-2, R4A, R4-1, R4B and R5B Districts, the maximum height of a #building or other structure# containing #community facility uses# shall not exceed 32 feet.

~~The maximum height for all #developments# within the Midblock Preservation Area shall be 32 feet or three #stories#, whichever is less.~~

114-20
~~AVENUE PRESERVATION AREA 1 (Area B)~~
SPECIAL TREE PLANTING REGULATIONS
~~The provisions of this Section shall apply to all #development# within the Avenue Preservation Area 1 (Area B) as such area is indicated on the District Plan (Appendix A).~~

~~114-05~~
~~Street Planting Regulations~~
~~All #developments# within the #Special Bay Ridge District# shall provide and maintain trees of four three inch caliper, at the time of planting, along the entire length of the #street# frontage of the #zoning lot#. Such trees shall be provided at the rate of one tree for each 20 feet of frontage, be spaced 20 feet on center, be planted between the curb line and five feet from the curb line, and be in accordance with the requirements of the Department of Highways and the Department of Parks.~~

In any zoning district permitting #residences# in the #Special Bay Ridge District#, all #developments# and #enlargements# shall provide and maintain, along the entire #street# length of the #zoning lot#, one street tree for every 25 feet of #street# frontage of the #zoning lot#. Such trees shall be of at least three-inch caliper at the time of planting and shall be placed at approximately equal intervals, except where the Department of Parks and Recreation determines that such tree planting would not be feasible. All such trees shall be planted, maintained and replaced when necessary with the approval of and in accordance with the standards of the Department of Parks and Recreation.

Note: The following Sections are being deleted

~~114-04~~
~~Zoning Lots Divided by District Boundaries~~
~~Whenever a #zoning lot# existing on November 2, 1978 is divided by an area boundary as indicated on the District Plan (Appendix A) and more than 50 percent of the #zoning lot# is within Area A, the entire #zoning lot# may be #developed# in accordance with the regulations of Area A provided that the distance between the Area A boundary and the nearest #side lot line# of the #zoning lot# does not exceed 10 feet.~~

~~6/30/89~~
~~114-06~~
~~Curb Cut Regulations~~
~~No curb cuts are permitted along any #major street# which is located within Area B, Area C or Area D, as such areas are indicated on the District Plan (Appendix A), except as provided herein.~~

~~Curb cuts are permitted on #minor streets#, provided that such curb cut is at least 55 feet from the nearest #street# intersection. However, no #zoning lot# may have more than one curb cut on any one #street# frontage, except as provided herein.~~

~~For any #zoning lot# having more than one #major street# frontage and having no #minor street# frontage, one curb cut along one of the #major street# frontages is permitted.~~

~~No curb cut for #residential# or #community facility use# shall have a width including splays in excess of 12 feet and the provisions of Section 25-631 (Location and width of curb cuts in certain districts) shall be inapplicable.~~

~~The City Planning Commission may by certification permit a curb cut along a #major street#, or permit more than one curb cut along a #minor street# frontage of a #zoning lot#, or permit a #residential# or #community facility use# to have a curb cut having a width in excess of 12 feet, provided the Commission, after referral of the application to the Department of Traffic for review and report, determines that such curb cut is necessary in order to gain safe access and egress from the property and that such curb cut will not unduly interfere with pedestrian or vehicular traffic.~~

~~11/2/78~~
~~114-07~~
~~Secondary Kitchens~~
~~No #development# shall provide more than one kitchen for each #dwelling unit# nor shall the plumbing or utility connections for such kitchens be provided within any #dwelling unit#.~~

~~11/2/78~~
~~114-08~~
~~Buffer at Area Boundaries~~
~~Any #development# on a #zoning lot# which is either divided by an Area boundary line or abuts an Area boundary line, as indicated on the District Plan (Appendix A), shall provide a buffer along such boundary line of at least 4 feet so that there is a minimum distance between #buildings# across such Area boundary line of 8 feet.~~

~~11/2/78~~
~~114-09~~
~~Midblock Preservation Area (Area A)~~
~~The provisions of this Section shall apply to all #developments# within the area designated as Area A on the District Plan (Appendix A).~~

~~11/2/78~~
~~114-103~~
~~Open space regulations~~
~~The minimum #open space ratio# for all #developments# within the Midblock Preservation Area shall be 27.0.~~

~~7/26/01~~
~~114-104~~
~~Density Regulations~~
~~The density requirements of Section 23-22 (Maximum Number of Dwelling Units or Rooming Units) applicable to #predominantly built-up areas# shall apply to all #developments# within the Midblock Preservation Area.~~

~~11/2/78~~
~~114-111~~
~~Front yards~~
~~All #developments# shall provide a #front yard#. The required depth of the #front yard# shall be determined by the application of the provisions of this Section based upon the average depth of the #front yards# of the two adjacent #zoning lots#, however, in no event may the #front yard# be less than 5 feet nor shall it be required to exceed 15 feet.~~
~~(a) Where one of the adjacent #zoning lots# is vacant, the #front yard# of the adjacent and #developed zoning lot# shall be the average #front yard# depth for the purposes of this Section.~~

~~(b) Where both adjacent #zoning lots# are vacant or where the average #front yard# depth is less than five feet, the #development# shall provide a #front yard# of at least five feet.~~

~~(c) Where the average #front yard# depth exceeds 5 feet and the aggregate width of the #street wall# of the #development# is 150 feet or less, the #front yard# of the #development# shall have a depth within three feet, plus or minus, of the average #front yard# depth.~~

~~(d) Where the average #front yard# depth exceeds 5 feet and the aggregate width of the #street wall# of the new #development# exceeds 150 feet, the #front yard# of the new #development# shall have a depth within 5 feet of the average #front yard# depth.~~

~~11/2/78~~
~~114-112~~
~~Rear yards~~
~~All #developments# shall provide a #rear yard# of a depth sufficient to provide a combined #front yard-rear yard# depth of at least 45 feet, however, in no case may the #rear yard# have a depth less than 30 feet.~~

~~11/2/78~~
~~114-113~~
~~Side yards~~
~~A #side yard# is required for new #developments# only when an existing #building# on an adjacent #zoning lot# is located less than 8 feet from but not on the common #side lot line#. In no event shall the minimum distance between an existing #building# and new #building# across such common #side lot line# be less than 8 feet and in no event shall such required #side yard# be less than 4 feet. In all other cases, the underlying district regulations are applicable.~~

~~11/2/78~~
~~114-12~~
~~Through Lot Provisions~~
~~All #developments# within the Midblock Preservation Area (Area A) that are located on a #through lot# shall provide a #rear yard equivalent# as provided in Section 23-533, paragraph (a).~~
~~For #community facility buildings# or #residential buildings# that contain at least 4 #dwelling units#, the City Planning Commission may by special permit, after public notice and hearing, allow a modification in the requirements of this Section, provided the Commission finds that:~~

~~(a) the proposed siting of the #development# blends harmoniously with the existing character of the neighborhood;~~

~~(b) the proposed siting will not adversely impact light and air to surrounding properties;~~

~~(c) the modification is necessary in order to construct a #development# of superior design, layout and siting that might not otherwise be #developed#; and~~

~~(d) the #yards# created by the siting will provide useful #open space# in relation to the #use# or occupancy of the #development# and the #use# of such #yards# will not interfere with the enjoyment of adjacent #zoning lots#.~~

~~11/2/78~~
~~114-13~~
~~Limitation on Balconies~~
~~When unenclosed balconies are provided over a #front yard#, no portion of such balcony may be within five feet of the #front lot line#.~~
~~11/2/78~~

~~114-14~~
~~Parking Regulations~~
~~All new #residential developments# involving three #dwelling units# or less shall provide one enclosed #accessory# off-street parking space. The driveway providing access to such enclosed off-street parking space shall be perpendicular to the #street#. Further, such driveway may not be between 8 and 18 feet in length, as measured from the #street line# to the closest exterior wall of the enclosure. For #developments# containing three #dwelling units# or less, no parking is permitted in either the #side# or #rear yard#.~~

~~All #residential developments# involving 4 or more #dwelling units# or community facilities shall provide off-street parking in accordance with the underlying district regulations, except parking is not permitted in the #front yard#.~~

~~11/10/00~~
~~114-15~~
~~Special Permit for Development on Zoning Lots 40,000 Square Feet or Greater~~
~~For any #residential development# on a #zoning lot# 40,000 square feet or greater in a #Commercial District# within the Midblock Preservation Area (Area A), the City Planning Commission may permit up to the maximum #floor area ratio# of the underlying district to be applicable and may permit modification of all other #bulk# regulations, provided the #development# does not exceed sixty feet in height, and provided the Commission finds that:~~

~~(a) the proposed #development# blends harmoniously with the existing character of the neighborhood;~~

~~(b) the modification of #lot area# requirements will not result in a density of population in the #development# that will adversely affect the surrounding area;~~

~~(c) the proposed #development# will not adversely impact light and air to surrounding properties;~~

~~(d) such #bulk# modifications are necessary to construct a #development# of superior design, layout and siting than might otherwise be #developed#; and~~

~~(e) any curb cuts are located so as to minimize pedestrian and vehicular conflicts and congestion.~~

~~The City Planning Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area.~~

Note: Section number 114-20 moved and re-titled "SPECIAL TREE PLANTING REGULATIONS"

~~11/2/78~~
~~114-21~~
~~Use Regulations~~
~~For all #developments# within an underlying #Commercial District#, at least 50 percent of the portion of the ground floor within the #primary building zone# shall be occupied by #commercial# or #community facility uses#. Such #commercial# or #community facility use# shall have a minimum depth of at least 25 feet.~~

~~All #commercial uses# shall be located only on the ground floor.~~
~~11/2/78~~
~~114-22~~
~~Bulk Regulations~~

~~11/2/78~~
~~114-221~~
~~Floor area regulations~~
~~For all #developments# within the Avenue Preservation Area 1 (Area B), the permitted #floor area ratio# for #residential# or #community facility# or #commercial buildings#, where permitted by the underlying district regulations, shall not exceed 2.43. However, for a #mixed building# the maximum #floor area ratio# may be increased by .275 provided all such increased #floor area# is located on the ground floor and is occupied solely by #commercial# or #community facility uses#.~~

~~7/26/01~~
~~114-222~~
~~Height and setback regulations~~
~~The maximum height for all #developments# within the Avenue Preservation Area 1 (Area B) shall be 48 feet or four #stories# excluding the #basement#, whichever is less.~~

~~11/2/78~~
~~114-23~~
~~Street Wall Regulations~~

~~11/2/78~~
~~114-231~~
~~Street walls~~
~~For all #developments#, the building wall along each frontage of the #zoning lot# shall be coincident with the #street line# for at least 65 percent of the length of such building wall except where balconies are provided in accordance with the provisions of Section C26-604.2(g) of the Administrative Code of the City of Any building wall containing such balconies shall be, for at least 65 percent of its length, within five feet of the #street line#.~~
~~New York.~~

~~114-232~~
~~Street wall penetrations~~
~~No opening in a #street wall#, for the purpose of parking, is permitted along a #major street# frontage or along a #minor street# frontage within 55 feet of the intersection with the #street line# of a #major street#.~~

~~114-233~~
~~Street wall transparency~~
~~At least 25 percent of the area up to the height of the ceiling of the first #story# of the building wall which fronts upon a #major street# shall be a transparent surface.~~

~~11/2/78~~
~~114-24~~
~~Coverage - Open Space Regulations~~
~~For all #major street block# fronts within the Avenue Preservation Area 1 (Area B), there shall be a #primary building zone#, a #restricted building open space zone# and a #required open space zone#. All #developments# on #zoning lots# which are located within these zones shall be #developed# in accordance with the regulations for each particular zone as established in this Section and the #open space# regulations of the underlying district shall not be applicable to such #development#. For the purpose of this Section, the following definitions shall apply:~~
~~Primary building zone~~

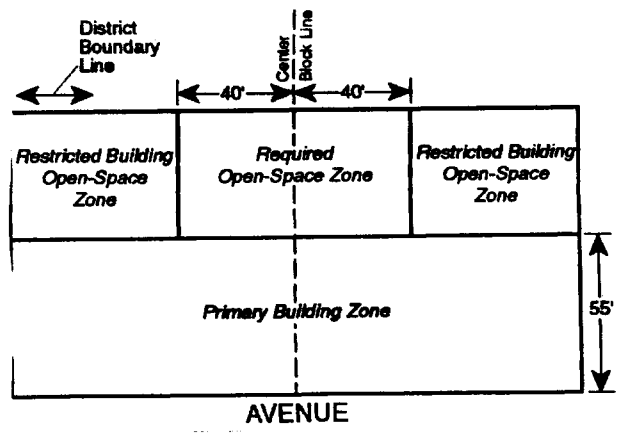
~~The "primary building zone" is that portion of a #block# which is within 55 feet of a #major street#. In addition, in the case where a #block# fronts upon a #minor street# which contains the boundary line between two areas as indicated on the District Plan (Appendix A), the #primary building zone# for such #block# shall also be that portion which is within 55 feet of such #minor street#.~~

~~In the case of ground floor #commercial uses#, the #primary building zone# for such commercial portion of #development# may extend up to 70 feet from the #front lot line# where such #development# is located on an #interior lot# which fronts upon a #major street# and which fronts upon a #block# frontage which is 230 feet or more in length.~~
~~Required open space zone~~

~~The "required open space zone" is that portion of a #block# not within the #primary building zone# and within 40 feet of the #center block line#.~~

~~Restricted building open space zone~~

~~The "restricted building open space zone" is that portion of the #block# not within the #primary building zone# nor within the #required open space zone#.~~



~~11/2/78~~
~~114-25~~
~~Development of Small Lots~~
~~For #zoning lots# which have a #major street# frontage of 50 feet or less, all #development# shall occur within the #primary building zone#. The remainder of the #zoning lot# shall be reserved for #open space#.~~

~~11/2/78~~
~~114-26~~
~~Development of Large Lots~~
~~For #zoning lots# which have a #major street# frontage which is in excess of 50 feet, the following regulations shall apply.~~

~~11/2/78~~
~~114-261~~
~~Primary building zone~~
~~#Development#, in accordance with the provisions of this Chapter, is permitted within the #primary building zone#.~~
~~11/2/78~~

~~114-262~~
~~Required open space zone~~
~~Within the #required open space zone# no #development# is permitted, and such zone shall be improved as #semi-private open space#. However, the following regulations with regard to permitted obstructions within the #required open space zone# shall apply:~~

~~(a) enclosed #accessory group parking facility# provided the roof of such facility is not more than 10 feet above #curb level#;~~

~~(b) flagpoles, eaves, hiccks, #accessory# sheds, breeze ways, and steps are permitted in accordance with the provisions of Section 23-44 (Permitted Obstructions in Required Yards or Rear Yard Equivalents) of this Resolution; and~~

~~(c) unenclosed #accessory group parking facilities#, enclosed #accessory group parking facilities# with roofs higher than 10 feet above #curb level#, driveways, service or mechanical equipment, loading berths, exhaust vents, building trash storage facilities and unenclosed balconies are not permitted obstructions within the #required open space zone#.~~

~~11/2/78~~
~~114-262~~
~~Restricted building open space zone~~
~~#Development# may occur within the #restricted building open space zone#, provided that for each square foot of #lot area# which is covered by such #development#, an amount of #private# or #semi-private open space#, as specified in this Section, is provided within the #development#.~~

~~For each square foot of the #restricted building open space zone# that is covered by the #development#, there shall be either one square foot of #semi-private open space# or two square feet of #private open space#. However, at least 50 percent of the #open space# to be provided shall be #semi-private open space#. Such #semi-private# or #private open space# may not be located on the ground level of any uncovered portion of #restricted building open space zone#.~~

~~11/2/78~~
~~114-264~~
~~Development of lots in excess of 40,000 square feet or for certain corner lots~~
~~For any #development# on a #zoning lot# which has at least 40,000 square feet of #lot area# and which fronts upon more than one #major street#, or for #corner lots# which front upon two #major streets# which are both within the same area designation as indicated on the District Plan (Appendix A), the Commission may by special permit modify the locational requirements of the #primary building zone#, the #required open space zone# and the #restricted building open space zone#, provided the Commission finds that:~~

~~(a) at least 20 percent of the #zoning lot# is #developed# as the #required open space zone# and is located on the #zoning lot# so as to maximize the amount of sunlight on such #open space# and on adjacent properties;~~

~~(b) 25 percent of the #zoning lot# is provided as the #restricted building open space zone#;~~

~~(c) in addition to complying with the applicable height limitation, the #development# relates to the character and scale of adjacent #development#; and~~

~~(d) any curb cuts are located so as to minimize pedestrian and vehicular conflicts and/or congestion.~~

~~11/2/78~~
~~114-27~~
~~Required Open Space Zone Improvements~~
~~All #open space# within the #required open space zone# shall be accessible to all tenants of the #development# and shall be improved and/or treated in accordance with the provisions of this Section. The owner of the #building# shall be responsible for the maintenance of the #required open space zone# including litter control, security, maintenance of accessways and equipment and replacement of vegetation.~~

~~11/2/78~~
~~114-271~~
~~Landscaping/Surfacing~~
~~At least 50 percent of the #open space# shall either be landscaped with flowers, shrubs, trees, bushes or grass or covered with decorative paving materials. ~~11/2/78~~
~~114-272~~
~~Trees and planting~~
~~There shall be at least one tree of a minimum of 4 inch caliper for each 1,000 square feet of required #open space#. Such trees shall be planted in at least 3.5 cubic feet of top soil to a depth of at least 3 feet, 6 inches.~~

~~In addition, 150 linear feet of plants, flowers or shrubbery shall be provided for each 1,000 square feet of required #open space#.~~

~~11/2/78~~
~~114-273~~
~~Recreation facilities~~
~~The #required open space zone# may be #developed# with active recreation facilities, provided that such facilities do not occupy more than 25 percent of such required #open space#.~~

~~11/2/78~~
~~114-274~~
~~Access~~
~~The #required open space zone# and all required #open space# is to be accessible for the physically handicapped and shall contain at least one path of travel to:~~
~~(a) the major portion of such required #open space#;~~

~~(b) the building lobby from the required #open space#; and~~

~~(c) the adjacent sidewalks, if such access is provided at all.~~

~~Ramps shall be provided which have a minimum width of 36 inches and a slope not greater than 1:12, a non-skid surface and, for open edged ramps, a two inch high safety curb. At each end of the ramp there shall be a level area of at least 5 feet in length.~~

~~11/2/78~~
~~114-28~~
~~Semi-Private Open Space~~
~~All #semi-private open space# which is provided in order to satisfy the requirements of Section 114-263 (Restricted building open space zone) shall have a minimum area of 400 square feet, exclusive of accessways. At least 50 percent of the total area shall be landscaped with trees, flowers, shrubs or plants. Where trees are provided they shall be of 4 inch caliper and be planted in at least 3.5 cubic yards of top soil to a depth of at least 3 feet, 6 inches.~~

~~Remaining unlandscaped portions may be improved for either active or passive recreation. The area should contain a suitable amount of seating and the surface shall be appropriately treated for safe walking. #Semi-private open space# may be located on any roof of the #development#.~~

~~Access for physically handicapped persons shall be provided in accordance with the provisions of Section 114-271 (Access).~~

~~Any mechanical equipment that is located either near or within the required #semi-private open space# shall be screened and/or buffered to reduce any noise or emissions therefrom. No intake or exhaust duct shall face directly into the area.~~

~~The building owner shall be responsible for the maintenance of the #semi-private open space# including litter control, security, maintenance of accessways and equipment and replacement of vegetation.~~

~~3/4/82~~
~~114-29~~
~~Parking Regulations~~
~~All #developments# shall provide off-street parking spaces in an amount equal to 50 percent of the number of #dwelling units# contained in the #development#. However, for #developments# on #interior lots# which have a #lot area# of 5,000 square feet or less, no off-street parking spaces are required.~~

~~However, for #developments# on #interior lots# which have a #lot area# of 5,000 square feet or less as of November 2, 1978, no off-street parking spaces are required.~~

~~3/4/82~~
~~114-30~~
~~AVENUE PRESERVATION AREA 2 (Area C)~~
~~The provisions of this Section shall apply to all #developments# within the area designated as Area C on the District Plan (Appendix A). The regulations applicable to Area C shall be those that apply to Area B, as set forth in Sections 114-20 through 114-29, inclusive, except as provided in this Section.~~

~~However, the Commission may by authorization modify the regulations relating to parking requirements and #open space# requirements in Sections 114-20 through 114-29, inclusive, and may modify spacing between #building# requirements, provided that the following findings are made:~~

~~(a) that the #development# consists of #buildings# no more than three #stories# in height, on a #zoning lot# in excess of 40,000 square feet.~~

~~(b) that at least 20 percent of the #zoning lot# is #developed# as the #required open space zone#.~~

~~(c) that at least 25 percent of the #zoning lot# is provided as the #restricted building open space zone#.~~

~~(d) that any curb cuts are located so as to minimize pedestrian and vehicular conflicts and/or congestion.~~

~~11/2/78~~
~~114-31~~
~~Height and Setback Regulations~~
~~The maximum height for any #development# within Area C shall be sixty feet or six #stories#, whichever is less.~~

~~When any portion of the #development# extends more than 55 feet from the #front lot line#, such portion of the #development# which is beyond 55 feet from the #front lot line# shall not exceed a height of 40 feet.~~

~~11/2/78~~
~~114-32~~
~~Use Restrictions~~
~~Except where the underlying district designation is C4-2, all #commercial uses# shall be limited to the ground floor.~~

~~11/2/78~~
~~114-40~~
~~AVENUE PRESERVATION AREA 3 (Area D)~~
~~The provisions of this Section shall apply to all #developments# within the area designated as Area D on the District Plan (Appendix A).~~

~~The regulations applicable to Area D shall be those that apply to Area B, as set forth in Sections 114-20 through 114-29, inclusive, except as provided in this Section.~~

~~11/2/78~~
~~114-41~~
~~Maximum Floor Area Ratio~~
~~The maximum #floor area ratio# for #residential# or #community facility buildings#, or where permitted by the underlying district regulations for #commercial buildings#, or for a #mixed building# containing any combination of such #uses#, shall be 2.75.~~

~~11/2/78~~
~~114-42~~
~~Height and Setback Regulations~~
~~The maximum height for any #development# within Area D shall be eighty feet or 8 #stories#, whichever is less. Above the height of sixty feet or six #stories# there shall be a setback of at least 10 feet from any #street line#.~~

~~When any portion of a #development# extends more than 55 feet from the #front lot line#, such portion of the #development# which is beyond 55 feet from the #front lot line# shall not exceed a height of 40 feet.~~

~~11/2/78~~
~~114-50~~
~~OTHER AREAS (Area E)~~
~~The provisions of this Section shall apply to all #developments# within the area designated as Area E on the District Plan (Appendix A).~~

~~The regulations applicable to Area E are primarily those of the underlying district designations, except as these regulations are modified or changed by the provisions of Sections 114-00 through 114-08, inclusive, and by the provisions of this Section.~~

~~6/30/89~~

~~114-51~~
~~Height Limitations~~

~~The following height limitations shall apply to all #developments# within Area E.~~

~~(a) For #zoning lots# within the underlying district designation of R3-2, Section 23-631 (Height and setback in R1, R2, R3, R4 or R5 Districts) shall apply except that the maximum height for any #development# shall be 32 feet or three #stories#, whichever is less.~~

~~(b) For #zoning lots# which have the underlying district designation of R7 the maximum height for any #development# shall be 80 feet or eight #stories#.~~

~~(c) For #zoning lots# which have the underlying district designation of R6, the maximum height for any #development# shall be 60 feet or six #stories#.~~

■ JOINT PUBLIC HEARING

NOTICE OF A JOINT PUBLIC HEARING between the Franchise and Concession Review Committee and the Department of Parks and Recreation to be held on Monday, February 7, 2005 at Spector Hall, 22 Reade Street, Main Floor, Borough of Manhattan, commencing at 10:00 a.m. relative to:

AUTHORIZATION to enter into a Sole Source Concession Agreement with Theatre Development Fund (TDF), located at 1501 Broadway, New York, NY 10036, for the operation and management of a discount ticket stand to be constructed in Father Duffy Square, located at West 47th Street and Broadway, Borough of Manhattan, for a term of twenty (20) years commencing September 1, 2005. TDF will pay Parks a fee of $39,000 for the first year of the license term; the fee will escalate annually based on increases in the Consumer Price Index (CPI); however, if the CPI goes down, the license fee will remain the same. Additionally, in years six (6), eleven (11) and sixteen (16), if the CPI increase over each of the respective prior five (5) year periods is less than the percentage increase in the service charge attached to the ticket sale covering that same period, TDF's license fee will be further increased by the difference between the percentage increase in the CPI and the percentage rise in TDF's service charge.

LOCATION Father Duffy Square, West 47th Street and Broadway, Manhattan.

Interested parties may obtain a copy of the proposed license agreement in Room 313 at the Arsenal, Central Park, 830 Fifth Avenue, NY, NY 10021 on Wednesday, January 12,

2005 through Monday, February 7, 2005, exclusive of Saturdays, Sundays and holidays.

COURT NOTICE

SCHOOL CONSTRUCTION AUTHORITY

■ NOTICE

QUEENS COUNTY
IA PART 8
NOTICE OF ACQUISITION
INDEX NUMBER 26443/04

In the Matter of the Application of the
NEW YORK CITY SCHOOL CONSTRUCTION AUTHORITY,
Petitioner,

To Acquire By Exercise of its Powers of Eminent Domain Title in Fee Simple Absolute to Certain Real Property Known as Tax Block 1608, Lots 1, 8 and 14, Located in the Borough of Queens, City of New York, in Connection With the Construction of P.S./I.S. 260Q.

PLEASE TAKE NOTICE, that by order of the Supreme Court of the State of New York, County of Queens, duly entered in the office of the Clerk of the County of Queens on December 22, 2004, the application of the New York City School Construction Authority to acquire certain real property, for the construction of primary/middle school, P.S/I.S. 260Q, was granted and the City was thereby authorized to file an acquisition map with the Clerk of the County of Queens or the City Register. Said map, showing the property acquired by the School Construction Authority, was filed with the City Register on December 27, 2004. Title to the real property vested in the School Construction Authority on December 27, 2004.

The City has acquired the following parcels of real property:

BLOCK	LOT(S)
1608	1
1608	8
1608	14

PLEASE TAKE FURTHER NOTICE, that pursuant to said Order and to Section 503 and 504 of the Eminent Domain Procedure Law of the State of New York, each and every person interested in the real property acquired in the above-referenced proceeding and having any claim or demand on account thereof is hereby required, on or before 180 days from the date of service of this notice, to file a written claim with the Clerk of the Court of Queens County, and to serve within the same time a copy thereof on the Corporation Counsel of the City of New York, Tax and Bankruptcy Litigation Division, 100 Church Street, New York, New York 10007. Pursuant to EDPL Section 504, the claim shall include:

A. the name and post office address of the condemnee;
B. reasonable identification by reference to the acquisition map, or otherwise, of the property affected by the acquisition, and the condemnee's interest therein;
C. a general statement of the nature and type of damages claimed, including a schedule of fixture items which comprise part or all of the damages claimed; and,
D. if represented by an attorney, the name, address and telephone number of the condemnee's attorney.

Pursuant to EDPL Section 503(C), in the event a claim is made for fixtures or for any interest other than the fee in the real property acquired, a copy of the claim, together with the schedule of fixture items, if applicable, shall also be served upon the fee owner of said real property.

Dated: January 5, 2005, New York, New York

REAL ESTATE VALUATION AND APPRAISAL RFP – Request for Proposals – PIN# 201600 – DUE 02-14-05 AT 4:00 P.M. – New York City Economic Development Corporation (NYCEDC) seeks proposals for valuation and appraisal services related to multi-family residential, commercial, and multi-use projects located throughout New York City on an as-needed basis for a term of three (3) years, with one-year extensions at NYCEDC's discretion.
NYCEDC sells and leases City-owned land for private development of industrial, retail, office, multi-family residential, and institutional uses. These transactions may involve a parcel for construction of a warehouse for a small business or assemblages for large, multi-use developments. It also directly leases City-owned retail and industrial buildings and facilities to private tenants. To assure successful projects that promote economic betterment, NYCEDC may provide public funds and incentives in support of these transactions. In connection with these activities, NYCEDC intends to place several consultants on retainer to provide valuation and appraisal services. Chosen firms will have experience in New York City, and, as a minimum, are expected to have a New York State real estate appraisal certification. Preference will be given to firms that also have staff with a MAI certification. The services to be provided may include, but are not limited to, valuation of fee simple or partial fee interests in land and/or improvements thereon, appraisal of development rights, appraisal reviews, market studies, and calculation of return on investments. NYCEDC intends to retain firms with full service capability and those with a selective scope of work and experience.

DEVELOP TRANSITIONAL RESIDENCE FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – Competitive Sealed Proposals – Judgment required in evaluating proposals - PIN# 071-00S-003-262 – DUE 01-03-06 AT 5:00 P.M. – The Department of Homeless Services is soliciting proposals from organizations interested in developing and operating transitional residences for homeless adults and families including the Neighborhood Based Cluster Residence and drop-in centers for adults. This is an open-ended solicitation; there is no due date for submission. Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the

agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-forth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the transitional residence contracts will range from 3 to 20 years including renewal options and depending on the financial terms and conditions.

Pursuant to Section 312 (c) (1) (ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgment is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03 (c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences in order to address the need to create additional shelter capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated as a for-profit entity; 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed Standalone facility location(s); and 3) must demonstrate an intent to enter into lease agreements with the owner(s) or management designee(s) for each property.

Any organization that believes it can provide these services may contact: John Iaffaldano, Associate Staff Analyst, Office of Contracts and Procurement at the Department of Homeless Services at (212) 361-8435, 33 Beaver Street, 13th Floor NY, NY 10004, to request a copy of the RFP application, which is available for pick-up Monday through Friday on business days between the hours of 9:00 a.m. to 5:00 p.m.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/ blueprints; other information; and for opening and reading of bids at date and time specified above.

DESIGN & CONSTRUCTION

■ NOTICE

The City of New York

Determination and Findings of the City of New York Pursuant to Section 204 of the NYS Eminent Domain Procedure Law

Whereas, the acquisition of certain street properties known as portions of Seidman Avenue from Amboy Road to Oakdale Street has been proposed by the City of New York; and

Whereas, the acquisition is pursuant to the NYS Eminent Domain Procedure Law ("EDPL") which provides a uniform procedure for condemnations by municipalities throughout the State; and

Whereas, pursuant to the EDPL, the City of New York is required to hold a public hearing to determine whether the public would be served by the proposed acquisition of the above-mentioned property and the impact of such acquisition on the locality where the project is to be constructed; and

Whereas, the City of New York held a public hearing concerning this acquisition on November 3, 2004, in the borough of Staten Island.

Now, therefore, let it be known that the City of New York, pursuant to section 204 of EDPL, hereby determines and finds:

(1) The public use and benefit of this project is to install new storm sewers, and upgrade existing water mains.

(2) The property to be acquired is shown on the Tax Map of the City of New York for the Borough of Staten Island and include The following: Block 5355, Bed of Seidman Avenue.

The location of the proposed acquisition is:

Seidman Avenue between Amboy Road and Oakdale Street.

In the Borough of Staten Island, City of New York. The location was selected based on the need for alleviating chronic flooding condition.

The general effect on the environment and the residents of the locality will be improved living conditions. This storm sewer extension project was the subject of a completed environmental impact study ("EIS") for the Sweet Brook Watershed area. Based on the recommendations contained in the EIS, necessary mitigation measures were included in the design for various other projects covered by this EIS.

(3) Comments and concerns raised by interested property owners at the public hearing and through subsequent written submissions are being reviewed by the City. Issues raised at the hearing include concerns about Seidman Avenue being opened as a through street. At this time, the City does not intend to open the street upon completing this project. The purpose of the project is to install sewers and upgrade water mains.

NOTICE:

Pursuant to EDPL section 207, property owners have thirty (30) days from completion of the publication of this determination and findings to seek judicial review of the determination and findings. Expected date of publication is January 24 - January 26, 2005.

Pursuant to EDPL sections 207 and 208, exclusive venue for judicial review of these determination and findings is the Appellate Division of the Supreme Court in the Judicial Department where any part of the property to be acquired is located.

Copies of this determination and findings of the New York City are available without cost upon written request to:

The City of New York

Determination and Findings of the City of New York Pursuant to Section 204 of the NYS Eminent Domain Procedure Law

Whereas, the acquisition of certain street properties known as portions of Ridgecrest Avenue between Park Road and the acquisition line on Bennington Street (as shown on damage and acquisition map 4175) has been proposed by the City of New York; and

Whereas, the acquisition is pursuant to the NYS Eminent Domain Procedure Law ("EDPL") which provides a uniform procedure for condemnations by municipalities throughout the State; and

Whereas, pursuant to the EDPL, the City of New York is required to hold a public hearing to determine whether the public would be served by the proposed acquisition of the above-mentioned property and the impact of such acquisition on the locality where the project is to be constructed; and

Whereas, the City of New York held a public hearing concerning this acquisition on November 4, 2004, in the borough of Staten Island.

Now, therefore, let it be known that the City of New York, pursuant to section 204 of EDPL, hereby determines and finds:

(1) The public use and benefit of this project is to install new sanitary and storm sewers, and upgrade existing water mains.

(2) The property to be acquired is shown on the Tax Map of the City of New York for the Borough of Staten Island and include the following: Block 5268, part of lot 45.

The location of the proposed acquisition is:

Ridgecrest Avenue between Bennington Street and Park Road.

In the Borough of Staten Island, City of New York. The location was selected based on the need for providing sanitary sewer service for existing homes.

(3) The general effect on the environment and the residents of the locality will be improved living conditions. The proposed project involves standard sewer extension and will have no significant adverse effect on the environment.

(4) No comments or concerns were raised by interested property owners at the public hearing.

NOTICE:

Pursuant to EDPL section 207, property owners have thirty (30) days from completion of the publication of this determination and findings to seek judicial review of the determination and findings. Expected date of publication is January 24 - January 26, 2005.

READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council,** 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists--free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

Chapter 4
Special Bay Ridge District

~~11/2/78~~
114-00
GENERAL PURPOSES

The "Special Bay Ridge District" established in this Resolution is designed to promote and protect the public health, safety and general welfare. These general goals include, among others, the following specific purposes:

(a) to preserve, protect and maintain the existing scale and character of the residential and commercial community;

(b) to encourage design of ~~new~~ residential, commercial and community facility development which is in character with the neighborhood and surrounding community; and

(c) ~~to foster the development of apartment buildings which provide a superior urban design relationship to the neighborhood;~~

~~(d) to provide amenities such as required open space, off-street parking, landscaping and street trees to enhance the character of the physical environment; and~~

~~(e)~~ to promote the most desirable use of land in the area and thus to conserve the value of land and buildings, and thereby to protect the City's tax revenues.

~~114-01~~
~~Definitions~~

~~Definitions specially applicable in this Chapter are set forth in this Section. The definitions of other defined words are as set forth in Section 12-10 (DEFINITIONS).~~

~~Center block line~~

~~A "center block line" is an imaginary line which bisects a #block#. Where the #streets# are parallel such line shall be parallel to the long dimension of the #block#. In the case of #streets# that are not parallel the #center block line# shall be the bisector of the angle formed by prolonging the long dimensions of the #block# to an intersection.~~

~~Development~~

~~For the purposes of this Chapter, a "development" includes construction of a new #building or other structure# on a #zoning lot# or an #enlargement#. To "develop" is to create a #development#.~~

~~Major street~~

~~For the purposes of this Chapter, a "major street" is any of the following: Shore Road, Ridge Boulevard, Third Avenue, Fourth Avenue, Fifth Avenue and 86th Street.~~

~~Minor street~~

~~For the purposes of this Chapter, a "minor street" is any #street# within the #Special Bay Ridge District# other than a #major street#.~~

~~Private open space~~

~~"Private open space" is recreation space which is either open to the sky or roofed but is not enclosed, and is accessible only to the occupants of one or a limited group of #dwelling units#.~~

~~Semi-private open space~~

~~"Semi-private open space" is recreation space which is either open to the sky or roofed but is not enclosed and which~~

(a) is accessible to all #residential# tenants and their agents, for whom no fees are charged;

(b) is directly accessible from a lobby or other public area served by elevator which connects to the #residential# portion of the #building#;

(c) is accessible to the handicapped and physically disabled in accordance with the provisions of Section 114-274 (Access); and

(d) is, at a minimum, open from 8:00 a.m. to sunset.

#Semi-private open space# shall be #developed# and treated in accordance with the provisions of Section 114-28.

Special Bay Ridge District
(repeated from Section 12-10)

The "Special Bay Ridge District" is a Special Purpose District designated by the letters "BR" in which special regulations set forth in Article XI, Chapter 4 apply. The #Special Bay Ridge District# appears on the #zoning maps# superimposed on other districts and its regulations supplement or modify those of the districts on which it is superimposed.

Transparent surfaces

"Transparent surfaces" are glazed walls or openings which permit a view into an enclosed space.

General Provisions
In harmony with the general provisions and intent of this Resolution and the general purposes of the #Special Bay Ridge District#, the regulations of the districts upon which this Special District is superimposed are supplemented or modified in accordance with the provisions of this Chapter. The provisions of this Chapter shall apply to all #developments# and #enlargements#.

Except as modified by the provisions of this Chapter, the regulations of the underlying districts remain in effect.

11/2/78
114-03
District Plan
The District Plan for the #Special Bay Ridge District# (Appendix A) identifies specific areas comprising the Special District in which special zoning regulations are established in order to carry out the general purposes of the #Special Bay Ridge District#. These areas and the Sections of this Chapter containing regulations relating thereto are as follows:

Area A - Midblock Preservation Area, Section 114-00

Area B - AVENUE PRESERVATION AREA 1, Section 114-20
Area C - AVENUE PRESERVATION AREA 2, Section 114-30

Area D - AVENUE PRESERVATION AREA 3, Section 114-40

Area E - OTHER AREAS, Section 114-50

The elements of the District Plan as set forth in Appendix A are hereby incorporated as an integral part of the provisions of this Chapter.

NOTE: ***Most provisions of the Special Bay Ridge District are proposed for deletion. Those Sections that would be retained would be reorganized, renumbered and modified. Those sections are as follows:***

Section 114-05 (Street Planting Regulations)	*Modified and renumbered 114-20*
Section 114-101 (Floor area regulations)	*Modified and renumbered 114-11*
Section 114-102 (Height regulations)	*Modified and renumbered 114-12*

The following Sections have been deleted and their section numbers re-utilized, as follows: 114-13, 114-20 and 114-21.

114-10
SPECIAL BULK REGULATIONS
In the #Special Bay Ridge District#, the maximum #floor area ratio# and height and setback regulations shall apply as modified in this Section, inclusive.

114-101 114-11
Special Floor eArea rRegulations
In the #Special Bay Ridge District#, Tthe maximum #floor area ratio# for #residential# or any #community facility buildings# or a any portion of a #building# containing a #community facility use# combination thereof within the Midblock Preservation Area shall not exceed 1.65 in R4A, R4-1, R4B and R5B Districts and 3.0 in C8-2 Districts.

114-102 12
Special Height and Setback rRegulations

114-121
Special Rooftop Regulations
The provisions of Section 33-42 (Permitted Obstructions) shall apply to all #buildings or other structures# in R6A, R6B, R7A, R7B, C4-2A and C8-2 Districts in the #Special Bay Ridge District#, except the provisions of paragraph (d) of Section 33-42 shall not apply. In lieu thereof, the following regulations shall apply:

Elevator or stair bulkheads, roof water tanks, cooling towers or other mechanical equipment (including enclosures) may exceed a maximum height limit provided that either the product, in square feet, of the #aggregate width of street walls# of such obstructions facing each #street# frontage, times their average height, in feet, shall not exceed a figure equal to eight times the width, in feet, of the #street wall# of the #building# facing such frontage or, the #lot coverage# of all such obstructions does not exceed 20 percent of the #lot coverage# of the #building#, and the height of all such obstructions does not exceed 40 feet. In addition, dormers may penetrate a maximum base height in accordance with the provisions of paragraph (c) of Section 23-621 (Permitted obstructions in certain districts).

114-122
Maximum building height and setback

In the #Special Bay Ridge District#, the height and setback and the maximum #building# height regulations of the underlying districts have been modified as follows:

(a) In C8-2 Districts

In C8-2 Districts, the maximum height of a #building or other structure# shall be 70 feet. Any portion of a #building or other structure# that exceeds a height of 60 feet shall be set back with a depth of at least ten feet from a #wide street line# and at least 15 feet from a #narrow street line#.

(b) For Community Facilities in #Residential# Districts

In R3A, R3X, R3-2, R4A, R4-1, R4B and R5B Districts, the maximum height of a #building or other structure# containing #community facility uses# shall not exceed 32 feet.

The maximum height for all #developments# within the Midblock Preservation Area shall be 32 feet or three #stories#, whichever is less.

114-20
AVENUE PRESERVATION AREA 1 (Area B)
SPECIAL TREE PLANTING REGULATIONS
The provisions of this Section shall apply to all #development# within the Avenue Preservation Area 1 (Area B) as such area is indicated on the District Plan (Appendix A).

114-05
Street Planting Regulations
All #developments# within the #Special Bay Ridge District# shall provide and maintain trees of four three inch caliper, at the time of planting, along the entire length of the #street# frontage of the #zoning lot#. Such trees shall be provided at the rate of one tree for each 20 feet of frontage, be spaced 20 feet on center, be planted between the curb line and five feet from the curb line, and be in accordance with the requirements of the Department of Highways and the Department of Parks.

In any zoning district permitting #residences# in the #Special Bay Ridge District#, all #developments# and #enlargements# shall provide and maintain, along the entire #street# length of the #zoning lot#, one street tree for every 25 feet of #street# frontage of the #zoning lot#. Such trees shall be of at least three-inch caliper at the time of planting and shall be placed at approximately equal intervals, except where the Department of Parks and Recreation determines that such tree planting would not be feasible. All such trees shall be planted, maintained and replaced when necessary with the approval of and in accordance with the standards of the Department of Parks and Recreation.

Note: The following Sections are being deleted

114-04
Zoning Lots Divided by District Boundaries
Whenever a #zoning lot# existing on November 2, 1978 is divided by an area boundary as indicated on the District Plan (Appendix A) and more than 50 percent of the #zoning lot# is within Area A, the entire #zoning lot# may be #developed# in accordance with the regulations of Area A provided that the distance between the Area A boundary and the nearest #side lot line# of the #zoning lot# does not exceed 10 feet.

6/30/80
114-06
Curb Cut Regulations
No curb cuts are permitted along any #major street# which is located within Area B, Area C or Area D, as such areas are indicated on the District Plan (Appendix A), except as provided herein.

Curb cuts are permitted on #minor streets#, provided that such curb cut is at least 55 feet from the nearest #street# intersection. However, no #zoning lot# may have more than one curb cut on any one #street# frontage, except as provided herein.

For any #zoning lot# having more than one #major street# frontage and having no #minor street# frontage, one curb cut along one of the #major street# frontages is permitted.

No curb cut for #residential# or #community facility use# shall have a width including splays in excess of 12 feet and the provisions of Section 25-631 (Location and width of curb cuts in certain districts) shall be inapplicable.

The City Planning Commission may by certification permit a curb cut along a #major street#, or permit more than one curb cut along a #minor street# frontage of a #zoning lot#, or permit a #residential# or #community facility use# to have a curb cut having a width in excess of 12 feet, provided the Commission, after referral of the application to the Department of Traffic for review and report, determines that such curb cut is necessary in order to gain safe access and egress from the property and that such curb cut will not unduly interfere with pedestrian or vehicular traffic.

11/2/78
114-07
Secondary Kitchens
No #development# shall provide more than one kitchen for each #dwelling unit# nor shall the plumbing or utility connections for such kitchens be provided within any #dwelling unit#.

11/2/78
114-08
Buffer at Area Boundaries
Any #development# on a #zoning lot# which is either divided by an Area boundary line or abuts an Area boundary line, as indicated on the District Plan (Appendix A), shall provide a buffer along such boundary line of at least 4 feet so that there is a minimum distance between #buildings# across such Area boundary line of 8 feet.

11/2/78
114-09
Midblock Preservation Area (Area A)
The provisions of this Section shall apply to all #developments# within the area designated as Area A on the District Plan (Appendix A).

11/2/78
114-103
Open space regulations
The minimum #open space ratio# for all #developments# within the Midblock Preservation Area shall be 27.0.

7/26/01
114-104
Density Regulations
The density requirements of Section 23-22 (Maximum Number of Dwelling Units or Rooming Units) applicable to #predominantly built-up areas# shall apply to all #developments# within the Midblock Preservation Area.

11/2/78
114-111
Front yards
All #developments# shall provide a #front yard#. The required depth of the #front yard# shall be determined by the application of the provisions of this Section based upon the average depth of the #front yards# of the two adjacent #zoning lots#; however, in no event may the #front yard# be less than 5 feet nor shall it be required to exceed 18 feet.

(a) Where one of the adjacent #zoning lots# is vacant, the #front yard# of the adjacent and #developed zoning lot# shall be the average #front yard# depth for the purposes of this Section.

(b) Where both adjacent #zoning lots# are vacant or where the average #front yard# depth is less than five feet, the #development# shall provide a #front yard# of at least five feet.

(c) Where the average #front yard# depth exceeds 5 feet and the aggregate width of the #street wall# of the #development# is 150 feet or less, the #front yard# of the #development# shall have a depth within three feet, plus or minus, of the average #front yard# depth.

(d) Where the average #front yard# depth exceeds 5 feet and the aggregate width of the #street wall# of the new #development# exceeds 150 feet, the #front yard# of the new #development# shall have a depth within 5 feet of the average #front yard# depth.

11/2/78
114-112
Rear yards
All #developments# shall provide a #rear yard# of a depth sufficient to provide a combined #front yard rear yard# depth of at least 45 feet; however, in no case may the #rear yard# have a depth less than 30 feet.

11/2/78
114-113
Side yards
A #side yard# is required for new #developments# only when an existing #building# on an adjacent #zoning lot# is located less than 8 feet from but not on the common #side lot line#. In no event shall the minimum distance between an existing #building# and new #building# across such common #side lot line# be less than 8 feet and in no event shall such required #side yard# be less than 4 feet. In all other cases, the underlying district regulations are applicable.

11/2/78
114-12
Through Lot Provisions
All #developments# within the Midblock Preservation Area (Area A) that are located on a #through lot# shall provide a #rear yard equivalent# as provided in Section 23-533, paragraph (a).
For #community facility buildings# or #residential buildings# that contain at least 4 #dwelling units#, the City Planning Commission may by special permit, after public notice and hearing, allow a modification in the requirements of this Section, provided the Commission finds that:

(a) the proposed siting of the #development# blends harmoniously with the existing character of the neighborhood;

(b) the proposed siting will not adversely impact light and air to surrounding properties;

(c) the modification is necessary in order to construct a #development# of superior design, layout and siting that might not otherwise be #developed#; and

(d) the #yards# created by the siting will provide useful #open space# in relation to the #use# or occupancy of the #development# and the #use# of such #yards# will not interfere with the enjoyment of adjacent #zoning lots#.

11/2/78
114-13
Limitation on Balconies
When unenclosed balconies are provided over a #front yard#, no portion of such balcony may be within five feet of the #front lot line#.
11/2/78

114-14
Parking Regulations
All new #residential developments# involving three #dwelling units# or less shall provide one enclosed #accessory# off-street parking space. The driveway providing access to such enclosed off-street parking space shall be perpendicular to the #street#. Further, such driveway may not be between 8 and 18 feet in length, as measured from the #street line# to the closest exterior wall of the enclosure. For #developments# containing three #dwelling units# or less, no parking is permitted in either the #side# or #rear yard#.

All #residential developments# involving 4 or more #dwelling units# or community facilities shall provide off-street parking in accordance with the underlying district regulations, except parking is not permitted in the #front yard#.

11/10/00
114-15
Special Permit for Development on Zoning Lots 40,000 Square Feet or Greater
For any #residential development# on a #zoning lot# 40,000 square feet or greater in a #Commercial District# within the Midblock Preservation Area (Area A), the City Planning Commission may permit up to the maximum #floor area ratio# of the underlying district to be applicable and may permit modification of all other #bulk# regulations, provided the #development# does not exceed sixty feet in height, and provided the Commission finds that:

(a) the proposed #development# blends harmoniously with the existing character of the neighborhood;

(b) the modification of #lot area# requirements will not result in a density of population in the #development# that will adversely affect the surrounding area;

(c) the proposed #development# will not adversely impact light and air to surrounding properties;

(d) such #bulk# modifications are necessary to construct a #development# of superior design, layout and siting than might otherwise be #developed#; and

(e) any curb cuts are located so as to minimize pedestrian and vehicular conflicts and congestion.

The City Planning Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area.

Note: Section number 114-20 moved and re-titled "SPECIAL TREE PLANTING REGULATIONS"

11/2/78
114-21
Use Regulations
For all #developments# within an underlying #Commercial District#, at least 50 percent of the portion of the ground floor within the #primary building zone# shall be occupied by #commercial# or #community facility uses#. Such #commercial# or #community facility use# shall have a minimum depth of at least 25 feet.

All #commercial uses# shall be located only on the ground floor.
11/2/78
114-22
Bulk Regulations

11/2/78
114-221
Floor area regulations
For all #developments# within the Avenue Preservation Area 1 (Area B), the permitted #floor area ratio# for #residential# or #community facility# or #commercial buildings#, where permitted by the underlying district regulations, shall not exceed 2.43. However, for a #mixed building# the maximum #floor area ratio# may be increased by .275 provided all such increased #floor area# is located on the ground floor and is occupied solely by #commercial# or #community facility uses#.

7/26/01
114-222
Height and setback regulations
The maximum height for all #developments# within the Avenue Preservation Area 1 (Area B) shall be 48 feet or four #stories# excluding the #basement#, whichever is less.

11/2/78
114-23
Street Wall Regulations

11/2/78
114-231
Street walls
For all #developments#, the building wall along each frontage of the #zoning lot# shall be coincident with the #street line# for at least 65 percent of the length of such building wall except where balconies are provided in accordance with the provisions of Section C26-604.2(g) of the Administrative Code

of the City of Any building wall containing such balconies shall be, for at least 65 percent of its length, within five feet of the #street line#.
New York.

114-222
Street wall penetrations
No opening in a #street wall#, for the purpose of parking, is permitted along a #major street# frontage or along a #minor street# frontage within 55 feet of the intersection with the #street line# of a #major street#.

114-223
Street wall transparency
At least 25 percent of the area up to the height of the ceiling of the first #story# of the building wall which fronts upon a #major street# shall be a transparent surface.

11/2/78
114-24
Coverage - Open Space Regulations
For all #major street blocks# fronts within the Avenue Preservation Area 1 (Area B), there shall be a #primary building zone#, a #restricted building open space zone# and a #required open space zone#. All #developments# on #zoning lots# which are located within these zones shall be #developed# in accordance with the regulations for each particular zone as established in this Section and the #open space# regulations of the underlying district shall not be applicable to such #development#. For the purpose of this Section, the following definitions shall apply:
Primary building zone

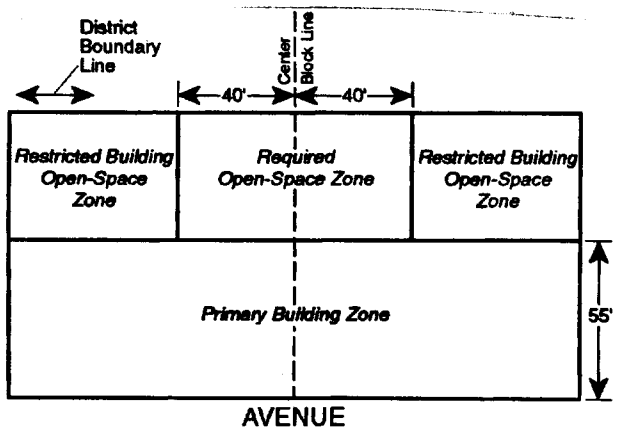
The "primary building zone" is that portion of a #block# which is within 55 feet of a #major street#. In addition, in the case where a #block# fronts upon a #minor street# which contains the boundary line between two areas as indicated on the District Plan (Appendix A), the #primary building zone# for such #block# shall also be that portion which is within 55 feet of such #minor street#.

In the case of ground floor #commercial uses#, the #primary building zone# for such commercial portion of #development# may extend up to 70 feet from the #front lot line# where such #development# is located on an #interior lot# which fronts upon a #major street# and which fronts upon a #block# frontage which is 230 feet or more in length.
Required open space zone

The "required open space zone" is that portion of a #block# not within the #primary building zone# and within 40 feet of the #center block line#.

Restricted building open space zone

The "restricted building open space zone" is that portion of the #block# not within the #primary building zone# nor within the #required open space zone#.



11/2/78
114-25
Development of Small Lots
For #zoning lots# which have a #major street# frontage of 50 feet or less, all #development# shall occur within the #primary building zone#. The remainder of the #zoning lot# shall be reserved for #open space#.

11/2/78
114-26
Development of Large Lots
For #zoning lots# which have a #major street# frontage which is in excess of 50 feet, the following regulations shall apply.

11/2/78
114-261
Primary building zone
#Development#, in accordance with the provisions of this Chapter, is permitted within the #primary building zone#.
11/2/78

114-262
Required open space zone
Within the #required open space zone# no #development# is permitted, and such zone shall be improved as #semi private open space#. However, the following regulations with regard to permitted obstructions within the #required open space zone# shall apply:

(a) enclosed #accessory group parking facility# provided the roof of such facility is not more than 10 feet above #curb level#;

(b) flagpoles, eaves, kiosks, #accessory# sheds, breeze ways, and steps are permitted in accordance with the provisions of Section 23-44 (Permitted Obstructions in Required Yards or Rear Yard Equivalents) of this Resolution; and

(c) unenclosed #accessory group parking facilities#, enclosed #accessory group parking facilities# with roofs higher than 10 feet above #curb level#, driveways, service or mechanical equipment, loading berths, exhaust vents, building trash storage facilities and unenclosed balconies are not permitted obstructions within the #required open space zone#.

11/2/78
114-263
Restricted building open space zone
#Development# may occur within the #restricted building open space zone#, provided that for each square foot of #lot area# which is covered by such #development#, an amount of #private# or #semi-private open space#, as specified in this Section, is provided within the #development#.

For each square foot of the #restricted building open space zone# that is covered by the #development#, there shall be either one square foot of #semi-private open space# or two square feet of #private open space#. However, at least 50 percent of the #open space# to be provided shall be #semi-private open space#. Such #semi-private# or #private open space# may not be located on the ground level of any uncovered portion of #restricted building open space zone#.

11/2/78
114-264
Development of lots in excess of 40,000 square feet or for certain corner lots
For any #development# on a #zoning lot# which has at least 40,000 square feet of #lot area# and which fronts upon more than one #major street#, or for #corner lots# which front upon two #major streets# which are both within the same area designation as indicated on the District Plan (Appendix A), the Commission may by special permit modify the locational requirements of the #primary building zone#, the #required open space zone# and the #restricted building open space zone#, provided the Commission finds that:

(a) at least 20 percent of the #zoning lot# is #developed# as the #required open space zone# and is located on the #zoning lot# so as to maximize the amount of sunlight on such #open space# and on adjacent properties;

(b) 25 percent of the #zoning lot# is provided as the #restricted building open space zone#;

(c) in addition to complying with the applicable height limitation, the #development# relates to the character and scale of adjacent #development#; and

(d) any curb cuts are located so as to minimize pedestrian and vehicular conflicts and/or congestion.

11/2/78
114-27
Required Open Space Zone Improvements
All #open space# within the #required open space zone# shall be accessible to all tenants of the #development# and shall be improved and/or treated in accordance with the provisions of this Section. The owner of the #building# shall be responsible for the maintenance of the #required open space zone# including litter control, security, maintenance of accessways and equipment and replacement of vegetation.

11/2/78
114-271
Landscaping/Surfacing
At least 50 percent of the #open space# shall either be landscaped with flowers, shrubs, trees, bushes or grass or covered with decorative paving materials. Combinations of landscaping materials and decorative paving are permitted. The remaining portion shall be surfaced with a durable material which may be non-decorative.

11/2/78
114-272
Trees and planting
There shall be at least one tree of a minimum of 4 inch caliper for each 1,000 square feet of required #open space#. Such trees shall be planted in at least 3.5 cubic feet of top soil to a depth of at least 3 feet, 6 inches.

In addition, 150 linear feet of plants, flowers or shrubbery shall be provided for each 1,000 square feet of required #open space#.

11/2/78
114-273
Recreation facilities
The #required open space zone# may be #developed# with active recreation facilities, provided that such facilities do not occupy more than 25 percent of such required #open space#.

11/2/78
114-274
Access
The #required open space zone# and all required #open space# is to be accessible for the physically handicapped and shall contain at least one path of travel to:
(a) the major portion of such required #open space#;

(b) the building lobby from the required #open space#; and

(c) the adjacent sidewalks, if such access is provided at all.

Ramps shall be provided which have a minimum width of 36 inches and a slope not greater than 1:12, a non-skid surface and, for open edged ramps, a two inch high safety curb. At each end of the ramp there shall be a level area of at least 5 feet in length.

11/2/78
114-275
Semi-Private Open Space
All #semi-private open space# which is provided in order to satisfy the requirements of Section 114-262 (Restricted building open space zone) shall have a minimum area of 400 square feet, exclusive of accessways. At least 50 percent of the total area shall be landscaped with trees, flowers, shrubs or plants. Where trees are provided they shall be of 4 inch caliper and be planted in at least 3.5 cubic yards of top soil to a depth of at least 3 feet, 6 inches.

Remaining unlandscaped portions may be improved for either active or passive recreation. The area should contain a suitable amount of seating and the surface shall be appropriately treated for safe walking. #Semi-private open space# may be located on any roof of the #development#.

Access for physically handicapped persons shall be provided in accordance with the provisions of Section 114-274 (Access).

Any mechanical equipment that is located either near or within the required #semi-private open space# shall be screened and/or buffered to reduce any noise or emissions therefrom. No intake or exhaust duct shall face directly into the area.

The building owner shall be responsible for the maintenance of the #semi-private open space# including litter control, security, maintenance of accessways and equipment and replacement of vegetation.

3/4/82
114-30
Parking Regulations
All #developments# shall provide off-street parking spaces in an amount equal to 50 percent of the number of #dwelling units# contained in the #development#. However, for #developments# on #interior lots# which have a #lot area# of 5,000 square feet or less, no off-street parking spaces are required.

However, for #developments# on #interior lots# which have a #lot area# of 5,000 square feet or less as of November 2, 1978, no off-street parking spaces are required.

3/4/82
114-30
AVENUE PRESERVATION AREA 2 (Area C)
The provisions of this Section shall apply to all #developments# within the area designated as Area C on the District Plan (Appendix A). The regulations applicable to Area C shall be those that apply to Area B, as set forth in Sections 114-20 through 114-29, inclusive, except as provided in this Section.

However, the Commission may by authorization modify the regulations relating to parking requirements and #open space# requirements in Sections 114-20 through 114-29, inclusive, and may modify spacing between #building# requirements, provided that the following findings are made:
(a) that the #development# consists of #buildings# no more than three #stories# in height, on a #zoning lot# in excess of 40,000 square feet.

(b) that at least 20 percent of the #zoning lot# is #developed# as the #required open space zone#.

(c) that at least 25 percent of the #zoning lot# is provided as the #restricted building open space zone#.

(d) that any curb cuts are located so as to minimize pedestrian and vehicular conflicts and/or congestion.

11/2/78
114-31
Height and Setback Regulations
The maximum height for any #development# within Area C shall be sixty feet or six #stories#, whichever is less.

When any portion of the #development# extends more than 55 feet from the #front lot line#, such portion of the #development# which is beyond 55 feet from the #front lot line# shall not exceed a height of 40 feet.

7/26/01
114-32
Use Restrictions
Except where the underlying district designation is C4-2, all #commercial uses# shall be limited to the ground floor.

11/2/78
114-40
AVENUE PRESERVATION AREA 3 (Area D)
The provisions of this Section shall apply to all #developments# within the area designated as Area D on the District Plan (Appendix A).

The regulations applicable to Area D shall be those that apply to Area B, as set forth in Sections 114-20 through 114-29, inclusive, except as provided in this Section.

11/2/78
114-41
Maximum Floor Area Ratio
The maximum #floor area ratio# for #residential# or #community facility buildings#, or where permitted by the underlying district regulations for #commercial buildings#, or for a #mixed building# containing any combination of such #uses#, shall be 2.75.

11/2/78
114-42
Height and Setback Regulations
The maximum height for any #development# within Area D shall be eighty feet or 8 #stories#, whichever is less. Above the height of sixty feet or six #stories# there shall be a setback of at least 10 feet from any #street line#.

When any portion of a #development# extends more than 55 feet from the #front lot line#, such portion of the #development# which is beyond 55 feet from the #front lot line# shall not exceed a height of 40 feet.

11/2/78
114-50
OTHER AREAS (Area E)
The provisions of this Section shall apply to all #developments# within the area designated as Area E on the District Plan (Appendix A).

The regulations applicable to Area E are primarily those of the underlying district designations, except as these regulations are modified or changed by the provisions of Sections 114-00 through 114-08, inclusive, and by the provisions of this Section.

PARKS AND RECREATION

■ JOINT PUBLIC HEARING

NOTICE OF A JOINT PUBLIC HEARING between the Franchise and Concession Review Committee and the Department of Parks and Recreation to be held on Monday, February 7, 2005 at Spector Hall, 22 Reade Street, Main Floor, Borough of Manhattan, commencing at 10:00 a.m. relative to:

AUTHORIZATION to enter into a Sole Source Concession Agreement with Theatre Development Fund (TDF), located at 1501 Broadway, New York, NY 10036, for the operation and management of a discount ticket stand to be constructed in Father Duffy Square, located at West 47th Street and Broadway, Borough of Manhattan, for a term of twenty (20) years commencing September 1, 2005. TDF will pay Parks a fee of $39,000 for the first year of the license term; the fee will escalate annually based on increases in the Consumer Price Index (CPI); however, if the CPI goes down, the license fee will remain the same. Additionally, in years six (6), eleven (11) and sixteen (16), if the CPI increase over each of the respective prior five (5) year periods is less than the percentage increase in the service charge attached to the ticket sale covering that same period, TDF's license fee will be further increased by the difference between the percentage increase in the CPI and the percentage rise in TDF's service charge.

LOCATION Father Duffy Square, West 47th Street and Broadway, Manhattan.

Interested parties may obtain a copy of the proposed license agreement in Room 313 at the Arsenal, Central Park, 830 Fifth Avenue, NY, NY 10021 on Wednesday, January 12, 2005 through Monday, February 7, 2005, exclusive of Saturdays, Sundays and holidays.

REAL ESTATE VALUATION AND APPRAISAL RFP – Request for Proposals – PIN# 201600 – DUE 02-14-05 AT 4:00 P.M. – New York City Economic Development Corporation (NYCEDC) seeks proposals for valuation and appraisal services related to multi-family residential, commercial, and multi-use projects located throughout New York City on an as-needed basis for a term of three (3) years, with one-year extensions at NYCEDC's discretion. NYCEDC sells and leases City-owned land for private development of industrial, retail, office, multi-family residential, and institutional uses. These transactions may involve a parcel for construction of a warehouse for a small business or assemblages for large, multi-use developments. It also directly leases City-owned retail and industrial buildings and facilities to private tenants. To assure successful projects that promote economic betterment, NYCEDC may provide public funds and incentives in support of these transactions. In connection with these activities, NYCEDC intends to place several consultants on retainer to provide valuation and appraisal services. Chosen firms will have experience in New York City, and, as a minimum, are expected to have a New York State real estate appraisal certification. Preference will be given to firms that also have staff with a MAI certification. The services to be provided may include, but are not limited to, valuation of fee simple or partial fee interests in land and/or improvements thereon, appraisal of development rights, appraisal reviews, market studies, and calculation of return on investments. NYCEDC intends to retain firms with full service capability and those with a selective scope of work and experience.

DEVELOP TRANSITIONAL RESIDENCE FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – Competitive Sealed Proposals – Judgment required in evaluating proposals - PIN# 071-00S-003-262 – DUE 01-03-06 AT 5:00 P.M. – The Department of Homeless Services is soliciting proposals from organizations interested in developing and operating transitional residences for homeless adults and families including the Neighborhood Based Cluster Residence and drop-in centers for adults. This is an open-ended solicitation; there is no due date for submission. Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-forth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the transitional residence contracts will range from 3 to 20 years including renewal options and depending on the financial terms and conditions.

Pursuant to Section 312 (c) (1) (ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgment is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03 (c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences in order to address the need to create additional shelter capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated as a for-profit entity; 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed Standalone facility location(s); and 3) must demonstrate an intent to enter into lease agreements with the owner(s) or management designee(s) for each property.

Any organization that believes it can provide these services may contact: John Iaffaldano, Associate Staff Analyst, Office of Contracts and Procurement at the Department of Homeless Services at (212) 361-8435, 33 Beaver Street, 13th Floor, NY, NY 10004, to request a copy of the RFP application, which is available for pick-up Monday through Friday on business days between the hours of 9:00 a.m. to 5:00 p.m.

561 Broadway
The applicant, Singer Studio Corporation, is seeking an authorization pursuant to Section 42-142 of the Zoning Resolution (ZR) to permit the conversion of 561 Broadway (Block 498, Lot 7) from commercial office units to loft residential units (joint living work quarters for artists). In addition, the applicant is requesting a Chairperson certification to modify the rooftop recreation area space requirements of Section 141(d) of the Zoning Resolution. The subject site is located at 561 Broadway, within an M1-5B zoning district in the Soho Cast Iron Historic District in Manhattan Community District 2. It is currently developed with a mixed-use building with ground floor retail and commercial uses on the second, third, sixth, and seventh floors. Floors five, nine and eleven are currently completely residential. The fourth, eighth, tenth, and twelfth floors have both residential and commercial uses. The proposed authorization would allow the applicant to convert the fourteen commercial units on floors 2, 3, 4, 6, 7, 8, 10 and 11 to eighteen new residential units, creating a total of 34 residential units in the building. The existing retail uses on the ground floor would remain unchanged. The building has not been designated as a New York City landmark, but it is eligible and has been recommended for listing on the New York State and National Register for Historic Places.

A Certificate of Appropriateness from the Landmarks Preservation Commission (LPC) and a Certificate of No Effect for the restorative work and mechanical improvements are part of the proposed project. Additionally, the applicant has entered into a Restrictive Declaration with the LPC for the continued maintenance and preservation of the subject building.
The project is expected to be completed in 2005.

Statement of No Significant Effect:
The Environmental Assessment and Review Division of the Department of City Planning, on behalf of the City Planning Commission, has completed its technical review of the Environmental Assessment Statement dated January 13, 2005, prepared in connection with the ULURP Application (N040370ZAM & N040371ZCM). The City Planning Commission has determined that the proposed action will have no significant effect on the quality of the environment.

Supporting Statement:
The above determination is based on an environmental assessment which finds that no significant effects on the environment which would require an Environmental Impact Statement are foreseeable.

This Negative Declaration has been prepared in accordance with Article 8 of the Environmental Conservation Law 6NYCRR part 617.

Should you have any questions pertaining to this Negative Declaration, you may contact Radhika Patel at (212) 720-3321.

■ NOTICE

The City of New York

Determination and Findings of the City of New York
Pursuant to Section 204 of the NYS Eminent Domain Procedure Law

Whereas, the acquisition of certain street properties known as portions of Seidman Avenue from Amboy Road to Oakdale Street has been proposed by the City of New York; and

Whereas, the acquisition is pursuant to the NYS Eminent Domain Procedure Law ("EDPL") which provides a uniform procedure for condemnations by municipalities throughout the State; and

Whereas, pursuant to the EDPL, the City of New York is required to hold a public hearing to determine whether the public would be served by the proposed acquisition of the above-mentioned property and the impact of such acquisition on the locality where the project is to be constructed; and

Whereas, the City of New York held a public hearing concerning this acquisition on November 3, 2004, in the borough of Staten Island.

Now, therefore, let it be known that the City of New York, pursuant to section 204 of EDPL, hereby determines and finds:

(1) The public use and benefit of this project is to install new storm sewers, and upgrade existing water mains.

(2) The property to be acquired is shown on the Tax Map of the City of New York for the Borough of Staten Island and include The following: Block 5355, Bed of Seidman Avenue.

The location of the proposed acquisition is:

Seidman Avenue between Amboy Road and Oakdale Street.

In the Borough of Staten Island, City of New York. The location was selected based on the need for alleviating chronic flooding condition.

The general effect on the environment and the residents of the locality will be improved living conditions. This storm sewer extension project was the subject of a completed environmental impact study ("EIS") for the Sweet Brook Watershed area. Based on the recommendations contained in the EIS, necessary mitigation measures were included in the design for various other projects covered by this EIS.

(3) Comments and concerns raised by interested property owners at the public hearing and through subsequent written submissions are being reviewed by the City. Issues raised at the hearing include concerns about Seidman Avenue being opened as a through street. At this time, the City does not intend to open the street upon completing this project. The purpose of the project is to install sewers and upgrade water mains.

NOTICE:

Pursuant to EDPL section 207, property owners have thirty (30) days from completion of the publication of this determination and findings to seek judicial review of the determination and findings. Expected date of publication is January 24 - January 26, 2005.

Pursuant to EDPL sections 207 and 208, exclusive venue for judicial review of these determination and findings is the Appellate Division of the Supreme Court in the Judicial Department where any part of the property to be acquired is located.

Copies of this determination and findings of the New York City are available without cost upon written request to:

The City of New York

Determination and Findings of the City of New York
Pursuant to Section 204 of the NYS Eminent Domain Procedure Law

Whereas, the acquisition of certain street properties known as portions of Ridgecrest Avenue between Park Road and the acquisition line on Bennington Street (as shown on damage and acquisition map 4175) has been proposed by the City of New York; and

Whereas, the acquisition is pursuant to the NYS Eminent Domain Procedure Law ("EDPL") which provides a uniform procedure for condemnations by municipalities throughout the State; and

Whereas, pursuant to the EDPL, the City of New York is required to hold a public hearing to determine whether the public would be served by the proposed acquisition of the above-mentioned property and the impact of such acquisition on the locality where the project is to be constructed; and

Whereas, the City of New York held a public hearing concerning this acquisition on November 4, 2004, in the borough of Staten Island.

Now, therefore, let it be known that the City of New York, pursuant to section 204 of EDPL, hereby determines and finds:

(1) The public use and benefit of this project is to install new sanitary and storm sewers, and upgrade existing water mains.

(2) The property to be acquired is shown on the Tax Map of the City of New York for the Borough of Staten Island and include the following: Block 5268, part of lot 45.

The location of the proposed acquisition is:

Ridgecrest Avenue between Bennington Street and Park Road.

In the Borough of Staten Island, City of New York. The location was selected based on the need for providing sanitary sewer service for existing homes.

(3) The general effect on the environment and the residents of the locality will be improved living conditions. The proposed project involves standard sewer extension and will have no significant adverse effect on the environment.

(4) No comments or concerns were raised by interested property owners at the public hearing.

Determination and Findings of the City of New York Pursuant to Section 204 of the NYS Eminent Domain Procedure Law

Whereas, the acquisition of certain street properties known as portions of Hoda Place from Tenafly Place to Annadale Road has been proposed by the City of New York; and

Whereas, the acquisition is pursuant to the NYS Eminent Domain Procedure Law ("EDPL") which provides a uniform procedure for condemnations by municipalities throughout the State; and

Whereas, pursuant to the EDPL, the City of New York is required to hold a public hearing to determine whether the public would be served by the proposed acquisition of the above-mentioned property and the impact of such acquisition on the locality where the project is to be constructed; and

Whereas, the City of New York held a public hearing concerning this acquisition on November 4, 2004, in the borough of Staten Island.

Now, therefore, let it be known that the City of New York, pursuant to section 204 of EDPL, hereby determines and finds:

(1) The public use and benefit of this project is to install new sanitary and storm sewers.

(2) The property to be acquired is shown on the Tax Map of the City of New York for the Borough of Staten Island and include the following: Block 6249, part of lot 200, and the Bed of street of Hoda Place from Tenafly Place to Annadale Road

The location of the proposed acquisition is:
Hoda Place between Annadale Road and Tenafly Place. The location was selected based on the need for providing sanitary sewer service for existing homes.
In the Borough of Staten Island, City of New York.

(3) The general effect on the environment and the residents of the locality will be improved living conditions. This sanitary sewer extension project was the subject of a completed environmental impact study ("EIS") for the Blue Heron Watershed area. Based on the recommendations contained in the EIS, necessary mitigation measures were included in the design for various other projects covered by this EIS.
(4) Comments and concerns raised by interested property owners at the public hearing and through subsequent written submissions are being reviewed by the City.

NOTICE:

Pursuant to EDPL section 207, property owners have thirty (30) days from completion of the publication of this determination and findings to seek judicial review of the determination and findings. Expected date of publication is January 26 - January 28, 2005.

Pursuant to EDPL sections 207 and 208, exclusive venue for judicial review of these determination and findings is the Appellate Division of the Supreme Court in the Judicial Department where any part of the property to be acquired is located.

Copies of this determination and findings of the New York City are available without cost upon written request to:

READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council,** 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists--free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

Article XI - Special Purpose Districts

Chapter 4
Special Bay Ridge District

~~11/9/78~~
114-00
GENERAL PURPOSES

The "Special Bay Ridge District" established in this Resolution is designed to promote and protect the public health, safety and general welfare. These general goals include, among others, the following specific purposes:

(a) to preserve, protect and maintain the existing scale and character of the residential and commercial community;

(b) to encourage design of ~~new~~ residential, commercial and community facility development which is in character with the neighborhood and surrounding community; and

(c) ~~to foster the development of apartment buildings which provide a superior urban design relationship to the neighborhood;~~

~~(d) to provide amenities such as required open space, off-street parking, landscaping and street trees to enhance the character of the physical environment; and~~

~~(e)~~ to promote the most desirable use of land in the area and thus to conserve the value of land and buildings, and thereby to protect the City's tax revenues.

~~11/9/78~~
~~114-01~~
~~Definitions~~

~~Definitions specially applicable in this Chapter are set forth in this Section. The definitions of other defined words are as set forth in Section 12-10 (DEFINITIONS).~~
~~Center block line~~

~~A "center block line" is an imaginary line which bisects a #block#. Where the #streets# are parallel such line shall be parallel to the long dimension of the #block#. In the case of #streets# that are not parallel the #center block line# shall be the bisector of the angle formed by prolonging the long dimensions of the #block# to an intersection.~~

~~Development~~

~~For the purposes of this Chapter, a "development" includes construction of a new #building or other structure# on a #zoning lot# or an #enlargement#. To "develop" is to create a #development#.~~
~~Major street~~
~~For the purposes of this Chapter, a "major street" is any of the following: Shore Road, Ridge Boulevard, Third Avenue, Fourth Avenue, Fifth Avenue and 86th Street.~~

~~Minor street~~

~~For the purposes of this Chapter, a "minor street" is any #street# within the #Special Bay Ridge District# other than a #major street#.~~
~~Private open space~~

~~"Private open space" is recreation space which is either open to the sky or roofed but is not enclosed, and is accessible only to the occupants of one or a limited group of #dwelling units#.~~

~~Semi-private open space~~

~~"Semi-private open space" is recreation space which is either open to the sky or roofed but is not enclosed and which~~

(a) is accessible to all #residential# tenants and their agents, for whom no fees are charged;

(b) is directly accessible from a lobby or other public area served by elevator which connects to the #residential# portion of the #building#;

(c) is accessible to the handicapped and physically disabled in accordance with the provisions of Section 114-274 (Access); and

(d) is, at a minimum, open from 8:00 a.m. to sunset.

#Semi-private open space# shall be #developed# and treated in accordance with the provisions of Section 114-28.

Special Bay Ridge District
(repeated from Section 12-10)

The "Special Bay Ridge District" is a Special Purpose District designated by the letters "BR" in which special regulations set forth in Article XI, Chapter 4 apply. The #Special Bay Ridge District# appears on the #zoning maps# superimposed on other districts and its regulations supplement or modify those of the districts on which it is superimposed.

Transparent surfaces

"Transparent surfaces" are glazed walls or openings which permit a view into an enclosed space.

General Provisions
In harmony with the general provisions and intent of this Resolution and the general purposes of the #Special Bay Ridge District#, the regulations of the districts upon which this Special District is superimposed are supplemented or modified in accordance with the provisions of this Chapter. The provisions of this Chapter shall apply to all #developments# and #enlargements#.

Except as modified by the provisions of this Chapter, the regulations of the underlying districts remain in effect.

11/2/78
114-03
District Plan
The District Plan for the #Special Bay Ridge District# (Appendix A) identifies specific areas comprising the Special District in which special zoning regulations are established in order to carry out the general purposes of the #Special Bay Ridge District#. These areas and the Sections of this Chapter containing regulations relating thereto are as follows:

Area A - Midblock Preservation Area, Section 114-00

Area B - AVENUE PRESERVATION AREA 1, Section 114-20
Area C - AVENUE PRESERVATION AREA 2, Section 114-30

Area D - AVENUE PRESERVATION AREA 3, Section 114-40

Area E - OTHER AREAS, Section 114-50

The elements of the District Plan as set forth in Appendix A are hereby incorporated as an integral part of the provisions of this Chapter.

NOTE: Most provisions of the Special Bay Ridge District are proposed for deletion. Those Sections that would be retained would be reorganized, renumbered and modified. Those sections are as follows:

Section 114-05 (Street Planting Regulations)	*Modified and renumbered 114-20*
Section 114-101 (Floor area regulations)	*Modified and renumbered 114-11*
Section 114-102 (Height regulations)	*Modified and renumbered 114-12*

The following Sections have been deleted and their section numbers re-utilized, as follows: 114-12, 114-20 and 114-21.

114-10
SPECIAL BULK REGULATIONS
In the #Special Bay Ridge District#, the maximum #floor area ratio# and height and setback regulations shall apply as modified in this Section, inclusive.

114-101 114-11
Special Floor Area Regulations
In the #Special Bay Ridge District#, The maximum #floor area ratio# for #residential# or any #community facility buildings# or a any portion of a #building# containing a #community facility use# combination thereof within the Midblock Preservation Area shall not exceed 1.65 in R4A, R4-1, R4B and R5B Districts and 3.0 in C8-2 Districts.

114-102 12
Special Height and Setback Regulations

114-121
Special Rooftop Regulations
The provisions of Section 33-42 (Permitted Obstructions) shall apply to all #buildings or other structures# in R6A, R6B, R7A, R7B, C4-2A and C8-2 Districts in the #Special Bay Ridge District#, except the provisions of paragraph (d) of Section 33-42 shall not apply. In lieu thereof, the following regulations shall apply:

Elevator or stair bulkheads, roof water tanks, cooling towers or other mechanical equipment (including enclosures) may exceed a maximum height limit provided that either the product, in square feet, of the #aggregate width of street walls# of such obstructions facing each #street# frontage, times their average height, in feet, shall not exceed a figure equal to eight times the width, in feet, of the #street wall# of the #building# facing such frontage or, the #lot coverage# of all such obstructions does not exceed 20 percent of the #lot coverage# of the #building#, and the height of all such obstructions does not exceed 40 feet. In addition, dormers may penetrate a maximum base height in accordance with the provisions of paragraph (c) of Section 23-621 (Permitted obstructions in certain districts).

114-122
Maximum building height and setback

In the #Special Bay Ridge District#, the height and setback and the maximum #building# height regulations of the underlying districts have been modified as follows:

(a) In C8-2 Districts

In C8-2 Districts, the maximum height of a #building or other structure# shall be 70 feet. Any portion of a #building or other structure# that exceeds a height of 60 feet shall be set back with a depth of at least ten feet from a #wide street line# and at least 15 feet from a #narrow street line#.

(b) For Community Facilities in #Residential# Districts

In R3A, R3X, R3-2, R4A, R4-1, R4B and R5B Districts, the maximum height of a #building or other structure# containing #community facility uses# shall not exceed 32 feet.

~~The maximum height for all #developments# within the Midblock Preservation Area shall be 32 feet or three #stories#, whichever is less.~~

114-20
~~AVENUE PRESERVATION AREA 1 (Area B)~~
SPECIAL TREE PLANTING REGULATIONS
~~The provisions of this Section shall apply to all #development# within the Avenue Preservation Area 1 (Area B) as such area is indicated on the District Plan (Appendix A).~~

~~114-05~~
~~**Street Planting Regulations**~~
~~All #developments# within the #Special Bay Ridge District# shall provide and maintain trees of four three inch caliper, at the time of planting, along the entire length of the #street# frontage of the #zoning lot#. Such trees shall be provided at the rate of one tree for each 20 feet of frontage, be spaced 20 feet on center, be planted between the curb line and five feet from the curb line, and be in accordance with the requirements of the Department of Highways and the Department of Parks.~~

In any zoning district permitting #residences# in the #Special Bay Ridge District#, all #developments# and #enlargements# shall provide and maintain, along the entire #street# length of the #zoning lot#, one street tree for every 25 feet of #street# frontage of the #zoning lot#. Such trees shall be of at least three-inch caliper at the time of planting and shall be placed at approximately equal intervals, except where the Department of Parks and Recreation determines that such tree planting would not be feasible. All such trees shall be planted, maintained and replaced when necessary with the approval of and in accordance with the standards of the Department of Parks and Recreation.

Note: The following Sections are being deleted

~~114-04~~
~~**Zoning Lots Divided by District Boundaries**~~
~~Whenever a #zoning lot# existing on November 2, 1979 is divided by an area boundary as indicated on the District Plan (Appendix A) and more than 50 percent of the #zoning lot# is within Area A, the entire #zoning lot# may be #developed# in accordance with the regulations of Area A provided that the distance between the Area A boundary and the nearest #side lot line# of the #zoning lot# does not exceed 10 feet.~~

~~6/30/80~~
~~114-06~~
~~**Curb Cut Regulations**~~
~~No curb cuts are permitted along any #major street# which is located within Area B, Area C or Area D, as such areas are indicated on the District Plan (Appendix A), except as provided herein.~~

~~Curb cuts are permitted on #minor streets#, provided that such curb cut is at least 55 feet from the nearest #street# intersection. However, no #zoning lot# may have more than one curb cut on any one #street# frontage, except as provided herein.~~

~~For any #zoning lot# having more than one #major street# frontage and having no #minor street# frontage, one curb cut along one of the #major street# frontages is permitted.~~

~~No curb cut for #residential# or #community facility use# shall have a width including splays in excess of 12 feet and the provisions of Section 25-631 (Location and width of curb cuts in certain districts) shall be inapplicable.~~

~~The City Planning Commission may by certification permit a curb cut along a #major street#, or permit more than one curb cut along a #minor street# frontage of a #zoning lot#, or permit a #residential# or #community facility use# to have a curb cut having a width in excess of 12 feet, provided the Commission, after referral of the application to the Department of Traffic for review and report, determines that such curb cut is necessary in order to gain safe access and egress from the property and that such curb cut will not unduly interfere with pedestrian or vehicular traffic.~~

~~11/2/78~~
~~114-07~~
~~**Secondary Kitchens**~~
~~No #development# shall provide more than one kitchen for each #dwelling unit# nor shall the plumbing or utility connections for such kitchens be provided within any #dwelling unit#.~~

~~11/2/78~~
~~114-08~~
~~**Buffer at Area Boundaries**~~
~~Any #development# on a #zoning lot# which is either divided by an Area boundary line or abuts an Area boundary line, as indicated on the District Plan (Appendix A), shall provide a buffer along such boundary line of at least 4 feet so that there is a minimum distance between #buildings# across such Area boundary line of 8 feet.~~

~~11/2/78~~
~~114-09~~
~~**Midblock Preservation Area (Area A)**~~
~~The provisions of this Section shall apply to all #developments# within the area designated as Area A on the District Plan (Appendix A).~~

~~11/2/78~~
~~114-103~~
~~**Open space regulations**~~
~~The minimum #open space ratio# for all #developments# within the Midblock Preservation Area shall be 27.0.~~

~~7/26/01~~
~~114-104~~
~~**Density Regulations**~~
~~The density requirements of Section 23-22 (Maximum Number of Dwelling Units or Rooming Units) applicable to #predominantly built-up areas# shall apply to all #developments# within the Midblock Preservation Area.~~

~~11/2/78~~
~~114-111~~
~~**Front yards**~~
~~All #developments# shall provide a #front yard#. The required depth of the #front yard# shall be determined by the application of the provisions of this Section based upon the average depth of the #front yards# of the two adjacent #zoning lots#, however, in no event may the #front yard# be less than 5 feet nor shall it be required to exceed 18 feet.~~
~~(a) Where one of the adjacent #zoning lots# is vacant, the #front yard# of the adjacent and #developed zoning lot# shall be the average #front yard# depth for the purposes of this Section.~~

~~(b) Where both adjacent #zoning lots# are vacant or where the average #front yard# depth is less than five feet, the #development# shall provide a #front yard# of at least five feet.~~

~~(c) Where the average #front yard# depth exceeds 5 feet and the aggregate width of the #street wall# of the #development# is 150 feet or less, the #front yard# of the #development# shall have a depth within three feet, plus or minus, of the average #front yard# depth.~~

~~(d) Where the average #front yard# depth exceeds 5 feet and the aggregate width of the #street wall# of the new #development# exceeds 150 feet, the #front yard# of the new #development# shall have a depth within 5 feet of the average #front yard# depth.~~

~~11/2/78~~
~~114-112~~
~~**Rear yards**~~
~~All #developments# shall provide a #rear yard# of a depth sufficient to provide a combined #front yard-rear yard# depth of at least 45 feet; however, in no case may the #rear yard# have a depth less than 30 feet.~~

~~11/2/78~~
~~114-113~~
~~**Side yards**~~
~~A #side yard# is required for new #developments# only when an existing #building# on an adjacent #zoning lot# is located less than 8 feet from but not on the common #side lot line#. In no event shall the minimum distance between an existing #building# and new #building# across such common #side lot line# be less than 8 feet and in no event shall such required #side yard# be less than 4 feet. In all other cases, the underlying district regulations are applicable.~~

~~11/2/78~~
~~114-12~~
~~**Through Lot Provisions**~~
~~All #developments# within the Midblock Preservation Area (Area A) that are located on a #through lot# shall provide a #rear yard equivalent# as provided in Section 23-533, paragraph (a).~~
~~For #community facility buildings# or #residential buildings# that contain at least 4 #dwelling units#, the City Planning Commission may by special permit, after public notice and hearing, allow a modification in the requirements of this Section, provided the Commission finds that:~~

~~(a) the proposed siting of the #development# blends harmoniously with the existing character of the neighborhood;~~

~~(b) the proposed siting will not adversely impact light and air to surrounding properties;~~

~~(c) the modification is necessary in order to construct a #development# of superior design, layout and siting that might not otherwise be #developed#; and~~

~~(d) the #yards# created by the siting will provide useful #open space# in relation to the #use# or occupancy of the #development# and the #use# of such #yards# will not interfere with the enjoyment of adjacent #zoning lots#.~~

~~11/2/78~~
~~114-13~~
~~**Limitation on Balconies**~~
~~When unenclosed balconies are provided over a #front yard#, no portion of such balcony may be within five feet of the #front lot line#.~~
~~11/2/78~~

~~114-14~~
~~**Parking Regulations**~~
~~All new #residential developments# involving three #dwelling units# or less shall provide one enclosed #accessory# off-street parking space. The driveway providing access to such enclosed off-street parking space shall be perpendicular to the #street#. Further, such driveway may not be between 8 and 18 feet in length, as measured from the #street line# to the closest exterior wall of the enclosure. For #developments# containing three #dwelling units# or less, no parking is permitted in either the #side# or #rear yard#.~~

~~All #residential developments# involving 4 or more #dwelling units# or community facilities shall provide off-street parking in accordance with the underlying district regulations, except parking is not permitted in the #front yard#.~~

~~11/10/00~~
~~114-15~~
~~**Special Permit for Development on Zoning Lots 40,000 Square Feet or Greater**~~
~~For any #residential development# on a #zoning lot# 40,000 square feet or greater in a #Commercial District# within the Midblock Preservation Area (Area A), the City Planning Commission may permit up to the maximum #floor area ratio# of the underlying district to be applicable and may permit modification of all other #bulk# regulations, provided the #development# does not exceed sixty feet in height, and provided the Commission finds that:~~

~~(a) the proposed #development# blends harmoniously with the existing character of the neighborhood;~~

~~(b) the modification of #lot area# requirements will not result in a density of population in the #development# that will adversely affect the surrounding area;~~

~~(c) the proposed #development# will not adversely impact light and air to surrounding properties;~~

~~(d) such #bulk# modifications are necessary to construct a #development# of superior design, layout and siting than might otherwise be #developed#; and~~

~~(e) any curb cuts are located so as to minimize pedestrian and vehicular conflicts and congestion.~~

~~The City Planning Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area.~~

Note: Section number 114-20 moved and re-titled "SPECIAL TREE PLANTING REGULATIONS"

~~11/2/78~~
~~114-21~~
~~**Use Regulations**~~
~~For all #developments# within an underlying #Commercial District#, at least 50 percent of the portion of the ground floor within the #primary building zone# shall be occupied by #commercial# or #community facility uses#. Such #commercial# or #community facility use# shall have a minimum depth of at least 25 feet.~~

~~All #commercial uses# shall be located only on the ground floor.~~
~~11/2/78~~
~~114-22~~
~~**Bulk Regulations**~~

~~11/2/78~~
~~114-221~~
~~**Floor area regulations**~~
~~For all #developments# within the Avenue Preservation Area 1 (Area B), the permitted #floor area ratio# for #residential# or #community facility# or #commercial buildings#, where permitted by the underlying district regulations, shall not exceed 2.43. However, for a #mixed building# the maximum #floor area ratio# may be increased by .275 provided all such increased #floor area# is located on the ground floor and is occupied solely by #commercial# or #community facility uses#.~~

~~7/26/01~~
~~114-222~~
~~**Height and setback regulations**~~
~~The maximum height for all #developments# within the Avenue Preservation Area 1 (Area B) shall be 48 feet or four #stories# excluding the #basement#, whichever is less.~~

~~11/2/78~~
~~114-23~~
~~**Street Wall Regulations**~~

~~11/2/78~~
~~114-231~~
~~**Street walls**~~
~~For all #developments#, the building wall along each frontage of the #zoning lot# shall be coincident with the #street line# for at least 65 percent of the length of such building wall except where balconies are provided in accordance with the provisions of Section C26-604.2(g) of the Administrative Code of the City of Any building wall containing such balconies shall be, for at least 65 percent of its length, within five feet of the #street line#.~~
~~New York.~~

~~114-232~~
~~Street wall penetrations~~
~~No opening in a #street wall#, for the purpose of parking, is permitted along a #major street# frontage or along a #minor street# frontage within 55 feet of the intersection with the #street line# of a #major street#.~~

~~114-233~~
~~Street wall transparency~~
~~At least 25 percent of the area up to the height of the ceiling of the first #story# of the building wall which fronts upon a #major street# shall be a transparent surface.~~

~~11/2/78~~
~~114-24~~
~~Coverage--Open Space Regulations~~
~~For all #major street block# fronts within the Avenue Preservation Area 1 (Area B), there shall be a #primary building zone#, a #restricted building open space zone# and a #required open space zone#. All #developments# on #zoning lots# which are located within these zones shall be #developed# in accordance with the regulations for each particular zone as established in this Section and the #open space# regulations of the underlying district shall not be applicable to such #development#. For the purpose of this Section, the following definitions shall apply:~~
~~Primary building zone~~

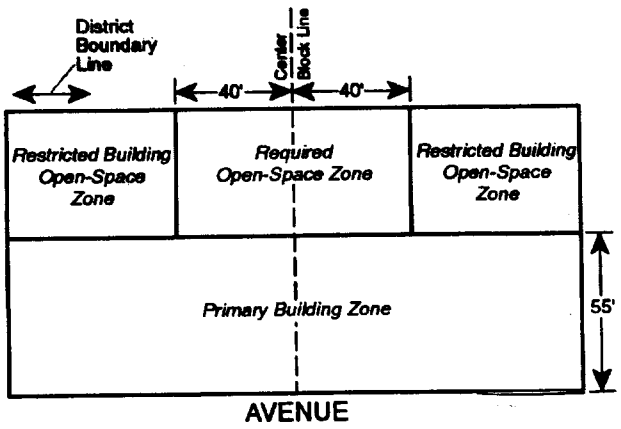
~~The "primary building zone" is that portion of a #block# which is within 55 feet of a #major street#. In addition, in the case where a #block# fronts upon a #minor street# which contains the boundary line between two areas as indicated on the District Plan (Appendix A), the #primary building zone# for such #block# shall also be that portion which is within 55 feet of such #minor street#.~~

~~In the case of ground floor #commercial uses#, the #primary building zone# for such commercial portion of #development# may extend up to 70 feet from the #front lot line# where such #development# is located on an #interior lot# which fronts upon a #major street# and which fronts upon a #block# frontage which is 230 feet or more in length.~~
~~Required open space zone~~

~~The "required open space zone" is that portion of a #block# not within the #primary building zone# and within 40 feet of the #center block line#.~~

~~Restricted building open space zone~~

~~The "restricted building open space zone" is that portion of the #block# not within the #primary building zone# nor within the #required open space zone#.~~



~~11/2/78~~
~~114-25~~
~~Development of Small Lots~~
~~For #zoning lots# which have a #major street# frontage of 50 feet or less, all #development# shall occur within the #primary building zone#. The remainder of the #zoning lot# shall be reserved for #open space#.~~

~~11/2/78~~
~~114-26~~
~~Development of Large Lots~~
~~For #zoning lots# which have a #major street# frontage which is in excess of 50 feet, the following regulations shall apply.~~

~~11/2/78~~
~~114-261~~
~~Primary building zone~~
~~#Development#, in accordance with the provisions of this Chapter, is permitted within the #primary building zone#.~~
~~11/2/78~~

~~114-262~~
~~Required open space zone~~
~~Within the #required open space zone# no #development# is permitted, and such zone shall be improved as #semi-private open space#. However, the following regulations with regard to permitted obstructions within the #required open space zone# shall apply:~~

~~(a) enclosed #accessory group parking facility# provided the roof of such facility is not more than 10 feet above #curb level#;~~

~~(b) flagpoles, eaves, kiosks, #accessory# sheds, breeze ways, and steps are permitted in accordance with the provisions of Section 23-44 (Permitted Obstructions in Required Yards or Rear Yard Equivalents) of this Resolution; and~~

~~(c) unenclosed #accessory group parking facilities#, enclosed #accessory group parking facilities# with roofs higher than 10 feet above #curb level#, driveways, service or mechanical equipment, loading berths, exhaust vents, building trash storage facilities and unenclosed balconies are not permitted obstructions within the #required open space zone#.~~

~~11/2/78~~
~~114-263~~
~~Restricted building open space zone~~
~~#Development# may occur within the #restricted building open space zone#, provided that for each square foot of #lot area# which is covered by such #development#, an amount of #private# or #semi-private open space#, as specified in this Section, is provided within the #development#.~~

~~For each square foot of the #restricted building open space zone# that is covered by the #development#, there shall be either one square foot of #semi-private open space# or two square feet of #private open space#. However, at least 50 percent of the #open space# to be provided shall be #semi-private open space#. Such #semi-private# or #private open space# may not be located on the ground level of any uncovered portion of #restricted building open space zone#.~~

~~11/2/78~~
~~114-264~~
~~Development of lots in excess of 40,000 square feet or for certain corner lots~~
~~For any #development# on a #zoning lot# which has at least 40,000 square feet of #lot area# and which fronts upon more than one #major street#, or for #corner lots# which front upon two #major streets# which are both within the same area designation as indicated on the District Plan (Appendix A), the Commission may by special permit modify the locational requirements of the #primary building zone#, the #required open space zone# and the #restricted building open space zone#, provided the Commission finds that:~~

~~(a) at least 20 percent of the #zoning lot# is #developed# as the #required open space zone# and is located on the #zoning lot# so as to maximize the amount of sunlight on such #open space# and on adjacent properties;~~

~~(b) 25 percent of the #zoning lot# is provided as the #restricted building open space zone#;~~

~~(c) in addition to complying with the applicable height limitation, the #development# relates to the character and scale of adjacent #developments#; and~~

~~(d) any curb cuts are located so as to minimize pedestrian and vehicular conflicts and/or congestion.~~

~~11/2/78~~
~~114-27~~
~~Required Open Space Zone Improvements~~
~~All #open space# within the #required open space zone# shall be accessible to all tenants of the #development# and shall be improved and/or treated in accordance with the provisions of this Section. The owner of the #building# shall be responsible for the maintenance of the #required open space zone# including litter control, security, maintenance of accessways and equipment and replacement of vegetation.~~

~~11/2/78~~
~~114-271~~
~~Landscaping/Surfacing~~
~~At least 50 percent of the #open space# shall either be landscaped with flowers, shrubs, trees, bushes or grass or covered with decorative paving materials. Combinations of landscaping materials and decorative paving are permitted. The remaining portion shall be surfaced with a durable material which may be non-decorative.~~

~~11/2/78~~
~~114-272~~
~~Trees and planting~~
~~There shall be at least one tree of a minimum of 4 inch caliper for each 1,000 square feet of required #open space#. Such trees shall be planted in at least 3.5 cubic feet of top soil to a depth of at least 3 feet, 6 inches.~~

~~In addition, 150 linear feet of plants, flowers or shrubbery shall be provided for each 1,000 square feet of required #open space#.~~

~~11/2/78~~
~~114-273~~
~~Recreation facilities~~
~~The #required open space zone# may be #developed# with active recreation facilities, provided that such facilities do not occupy more than 25 percent of such required #open space#.~~

~~11/2/78~~
~~114-274~~
~~Access~~
~~The #required open space zone# and all required #open space# is to be accessible for the physically handicapped and shall contain at least one path of travel to:~~
~~(a) the major portion of such required #open space#;~~

~~(b) the building lobby from the required #open space#; and~~

~~(c) the adjacent sidewalks, if such access is provided at all.~~

~~Ramps shall be provided which have a minimum width of 36 inches and a slope not greater than 1:12, a non-skid surface and, for open edged ramps, a two inch high safety curb. At each end of the ramp there shall be a level area of at least 5 feet in length.~~

~~11/2/78~~
~~114-28~~
~~Semi-Private Open Space~~
~~All #semi-private open space# which is provided in order to satisfy the requirements of Section 114-263 (Restricted building open space zone) shall have a minimum area of 400 square feet, exclusive of accessways. At least 50 percent of the total area shall be landscaped with trees, flowers, shrubs or plants. Where trees are provided they shall be of 4 inch caliper and be planted in at least 3.5 cubic yards of top soil to a depth of at least 3 feet, 6 inches.~~

~~Remaining unlandscaped portions may be improved for either active or passive recreation. The area should contain a suitable amount of seating and the surface shall be appropriately treated for safe walking. #Semi-private open space# may be located on any roof of the #development#.~~

~~Access for physically handicapped persons shall be provided in accordance with the provisions of Section 114-274 (Access).~~

~~Any mechanical equipment that is located either near or within the required #semi-private open space# shall be screened and/or buffered to reduce any noise or emissions therefrom. No intake or exhaust duct shall face directly into the area.~~

~~The building owner shall be responsible for the maintenance of the #semi-private open space# including litter control, security, maintenance of accessways and equipment and replacement of vegetation.~~

~~3/4/82~~
~~114-29~~
~~Parking Regulations~~
~~All #developments# shall provide off-street parking spaces in an amount equal to 50 percent of the number of #dwelling units# contained in the #development#. However, for #developments# on #interior lots# which have a #lot area# of 5,000 square feet or less, no off-street parking spaces are required.~~

~~However, for #developments# on #interior lots# which have a #lot area# of 5,000 square feet or less as of November 2, 1978, no off-street parking spaces are required.~~

~~3/4/82~~
~~114-30~~
~~AVENUE PRESERVATION AREA 2 (Area C)~~
~~The provisions of this Section shall apply to all #developments# within the area designated as Area C on the District Plan (Appendix A). The regulations applicable to Area C shall be those that apply to Area B, as set forth in Sections 114-20 through 114-26, inclusive, except as provided in this Section.~~

~~However, the Commission may by authorization modify the regulations relating to parking requirements and #open space# requirements in Sections 114-20 through 114-26, inclusive, and may modify spacing between #building# requirements, provided that the following findings are made:~~
~~(a) that the #development# consists of #buildings# no more than three #stories# in height, on a #zoning lot# in excess of 40,000 square feet;~~

~~(b) that at least 20 percent of the #zoning lot# is #developed# as the #required open space zone#;~~
~~(c) that at least 25 percent of the #zoning lot# is provided as the #restricted building open space zone#;~~

~~(d) that any curb cuts are located so as to minimize pedestrian and vehicular conflicts and/or congestion.~~

~~11/2/78~~
~~114-31~~
~~Height and Setback Regulations~~
~~The maximum height for any #development# within Area C shall be sixty feet or six #stories#, whichever is less.~~

~~When any portion of the #development# extends more than 55 feet from the #front lot line#, such portion of the #development# which is beyond 55 feet from the #front lot line# shall not exceed a height of 40 feet.~~

~~7/26/01~~
~~114-32~~
~~Use Restrictions~~
~~Except where the underlying district designation is C4-2, all #commercial uses# shall be limited to the ground floor.~~

~~11/2/78~~
~~114-40~~
~~AVENUE PRESERVATION AREA 3 (Area D)~~
~~The provisions of this Section shall apply to all #developments# within the area designated as Area D on the District Plan (Appendix A).~~

~~The regulations applicable to Area D shall be those that apply to Area B, as set forth in Sections 114-20 through 114-26, inclusive, except as provided in this Section.~~

~~11/2/78~~
~~114-41~~
~~Maximum Floor Area Ratio~~
~~The maximum #floor area ratio# for #residential# or #community facility buildings#, or where permitted by the underlying district regulations for #commercial buildings#, or for a #mixed building# containing any combination of such #uses#, shall be 2.75.~~

~~11/2/78~~
~~114-42~~
~~Height and Setback Regulations~~
~~The maximum height for any #development# within Area D shall be eighty feet or 8 #stories#, whichever is less. Above the height of sixty feet or six #stories# there shall be a setback of at least 10 feet from any #street line#.~~

~~When any portion of a #development# extends more than 55 feet from the #front lot line#, such portion of the #development# which is beyond 55 feet from the #front lot line# shall not exceed a height of 40 feet.~~

~~11/2/78~~
~~114-50~~
~~OTHER AREAS (Area E)~~
~~The provisions of this Section shall apply to all #developments# within the area designated as Area E on the District Plan (Appendix A).~~

~~The regulations applicable to Area E are primarily those of the underlying district designations, except as those regulations are modified or changed by the provisions of Sections 114-00 through 114-08, inclusive, and by the provisions of this Section.~~

~~6/20/89~~

~~114-51~~
~~Height Limitations~~

~~The following height limitations shall apply to all #developments# within Area E.~~

~~(a) For #zoning lots# within the underlying district designation of R2-2, Section 23-631 (Height and setback in R1, R2, R3, R4 or R5 Districts) shall apply except that the maximum height for any #development# shall be 32 feet or three #stories#, whichever is less.~~

~~(b) For #zoning lots# which have the underlying district designation of R7 the maximum height for any #development# shall be 80 feet or eight #stories#.~~

~~(c) For #zoning lots# which have the underlying district designation of R6, the maximum height for any #development# shall be 60 feet or six #stories#.~~

PARKS AND RECREATION

■ JOINT PUBLIC HEARING

NOTICE OF A JOINT PUBLIC HEARING between the Franchise and Concession Review Committee and the Department of Parks and Recreation to be held on Monday, February 7, 2005 at Spector Hall, 22 Reade Street, Main Floor, Borough of Manhattan, commencing at 10:00 a.m. relative to:

AUTHORIZATION to enter into a Sole Source Concession Agreement with Theatre Development Fund (TDF), located at 1501 Broadway, New York, NY 10036, for the operation and management of a discount ticket stand to be constructed in Father Duffy Square, located at West 47th Street and Broadway, Borough of Manhattan, for a term of twenty (20) years commencing September 1, 2005. TDF will pay Parks a fee of $39,000 for the first year of the license term; the fee will escalate annually based on increases in the Consumer Price Index (CPI); however, if the CPI goes down, the license fee will remain the same. Additionally, in years six (6), eleven (11) and sixteen (16), if the CPI increase over each of the respective prior five (5) year periods is less than the percentage increase in the service charge attached to the ticket sale covering that same period, TDF's license fee will be further increased by the difference between the percentage increase in the CPI and the percentage rise in TDF's service charge.

LOCATION Father Duffy Square, West 47th Street and Broadway, Manhattan.

Interested parties may obtain a copy of the proposed license agreement in Room 313 at the Arsenal, Central Park, 830 Fifth Avenue, NY, NY 10021 on Wednesday, January 12, 2005 through Monday, February 7, 2005, exclusive of Saturdays, Sundays and holidays.

REAL ESTATE VALUATION AND APPRAISAL RFP – Request for Proposals – PIN# 201600 – DUE 02-14-05 AT 4:00 P.M. – New York City Economic Development Corporation (NYCEDC) seeks proposals for valuation and appraisal services related to multi-family residential, commercial, and multi-use projects located throughout New York City on an as-needed basis for a term of three (3) years, with one-year extensions at NYCEDC's discretion.
NYCEDC sells and leases City-owned land for private development of industrial, retail, office, multi-family residential, and institutional uses. These transactions may involve a parcel for construction of a warehouse for a small business or assemblages for large, multi-use developments. It also directly leases City-owned retail and industrial buildings and facilities to private tenants. To assure successful projects that promote economic betterment, NYCEDC may provide public funds and incentives in support of these transactions. In connection with these activities, NYCEDC intends to place several consultants on retainer to provide valuation and appraisal services. Chosen firms will have experience in New York City, and, as a minimum, are expected to have a New York State real estate appraisal certification. Preference will be given to firms that also have staff with a MAI certification. The services to be provided may include, but are not limited to, valuation of fee simple or partial fee interests in land and/or improvements thereon, appraisal of development rights, appraisal reviews, market studies, and calculation of return on investments. NYCEDC intends to retain firms with full service capability and those with a selective scope of work and experience.

DEVELOP TRANSITIONAL RESIDENCE FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – Competitive Sealed Proposals – Judgment required in evaluating proposals - PIN# 071-00S-003-262 – DUE 01-03-06 AT 5:00 P.M. – The Department of Homeless Services is soliciting proposals from organizations interested in developing and operating transitional residences for homeless adults and families including the Neighborhood Based Cluster Residence and drop-in centers for adults. This is an open-ended solicitation; there is no due date for submission. Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-forth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the transitional residence contracts will range from 3 to 20 years including renewal options and depending on the financial terms and conditions.

Pursuant to Section 312 (c) (1) (ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgment is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03 (c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences in order to address the need to create additional shelter capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated as a for-profit entity; 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed Standalone facility location(s); and 3) must demonstrate an intent to enter into lease agreements with the owner(s) or management designee(s) for each property.

Any organization that believes it can provide these services may contact: John Iaffaldano, Associate Staff Analyst, Office of Contracts and Procurement at the Department of Homeless Services at (212) 361-8435, 33 Beaver Street, 13th Floor, NY, NY 10004, to request a copy of the RFP application, which is available for pick-up Monday through Friday on business days between the hours of 9:00 a.m. to 5:00 p.m.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/ blueprints; other information; and for opening and reading of bids at date and time specified above.

NON-SECURE DETENTION GROUP HOME SERVICES – Negotiated Acquisition – Judgment required in evaluating proposals - PIN# 13005DJJ001 – DUE 08-28-06 AT 3:00 P.M. – The Department of Juvenile Justice (DJJ) is seeking expressions of interest from qualified vendors to provide non-secure detention group home services. Since DJJ must respond to a court order, there is a time-sensitive situation in which DJJ must retain a supplier quickly, at one time or from time to time, permitting this procurement to be processed as a negotiated acquisition. Facilities should provide at least 10 and no more than 12 beds in accordance with the applicable regulations promulgated by the New York State Office of Children and Family Services (NYSOCFS), 9 N.Y.C.R.R. Section 180 et seq., and be operational at any time from December 1, 2004 to August 31, 2006. The term of the contracts awarded from this solicitation will be for three years and will include an additional three-year option to renew.

Vendors interested in providing these services should contact Harry T. Bavaro at the Department of Juvenile Justice, 365 Broadway, 5th Floor, New York, NY 10013 for a copy of the solicitation document if they have not already received a copy. If a vendor is interested in being considered for award of a contract described above, please hand deliver a written expression of interest addressed to Harry T. ■ NOTICE

Determination and Findings of the City of New York Pursuant to Section 204 of the NYS Eminent Domain Procedure Law

Whereas, the acquisition of certain street properties known as portions of Pershing Street, Diaz Street, and Foch Avenue from Linwood Avenue and Piave Avenue has been proposed by the City of New York; and

Whereas, the acquisition is pursuant to the NYS Eminent Domain Procedure Law ("EDPL") which provides a uniform procedure for condemnations by municipalities throughout the State; and

Whereas, pursuant to the EDPL, the City of New York is required to hold a public hearing to determine whether the public would be served by the proposed acquisition of the above-mentioned property and the impact of such acquisition on the locality where the project is to be constructed; and

Whereas, the City of New York held a public hearing concerning this acquisition on November 4, 2004, in the borough of Staten Island.

Now, therefore, let it be known that the City of New York, pursuant to section 204 of EDPL, hereby determines and finds:

(1) The public use and benefit of this project is to install new sanitary sewers, and upgrade existing water mains.

(2) The property to be acquired is shown on the Tax Map of the City of New York for the Borough of Staten Island and include the following: Bed of Pershing Street, Bed of Diaz Street and Bed of Foch Avenue

The location of the proposed acquisition is:
Pershing Street, Diaz Street, and Foch Avenue between Linwood Avenue and Piave Avenue,

In the Borough of Staten Island, City of New York. The location was selected based on the need for providing sanitary sewer service for the existing homes.

(3) The general effect on the environment and the residents of the locality will be improved living conditions. The

proposed project involves standard sewer extension and will have no significant adverse effect on the environment.

(4) Comments and concerns raised by interested property owners at the public hearing and through subsequent written submissions are being reviewed by the City.

NOTICE:

Pursuant to EDPL section 207, property owners have thirty (30) days from completion of the publication of this determination and findings to seek judicial review of the determination and findings. Expected date of publication is January 26 - January 28, 2005.

Pursuant to EDPL sections 207 and 208, exclusive venue for judicial review of these determination and findings is the Appellate Division of the Supreme Court in the Judicial Department where any part of the property to be acquired is located.
Copies of this determination and findings of the New York City are available without cost upon written request to:

Determination and Findings of the City of New York Pursuant to Section 204 of the NYS Eminent Domain Procedure Law

Whereas, the acquisition of certain street properties known as portions of Hoda Place from Tenafly Place to Annadale Road has been proposed by the City of New York; and

Whereas, the acquisition is pursuant to the NYS Eminent Domain Procedure Law ("EDPL") which provides a uniform procedure for condemnations by municipalities throughout the State; and

Whereas, pursuant to the EDPL, the City of New York is required to hold a public hearing to determine whether the public would be served by the proposed acquisition of the above-mentioned property and the impact of such acquisition on the locality where the project is to be constructed; and

Whereas, the City of New York held a public hearing concerning this acquisition on November 4, 2004, in the borough of Staten Island.

Now, therefore, let it be known that the City of New York, pursuant to section 204 of EDPL, hereby determines and finds:

(1) The public use and benefit of this project is to install new sanitary and storm sewers.

(2) The property to be acquired is shown on the Tax Map of the City of New York for the Borough of Staten Island and include the following: Block 6249, part of lot 200, and the Bed of street of Hoda Place from Tenafly Place to Annadale Road

The location of the proposed acquisition is:
Hoda Place between Annadale Road and Tenafly Place. The location was selected based on the need for providing sanitary sewer service for existing homes.
In the Borough of Staten Island, City of New York.

(3) The general effect on the environment and the residents of the locality will be improved living conditions. This sanitary sewer extension project was the subject of a completed environmental impact study ("EIS") for the Blue Heron Watershed area. Based on the recommendations contained in the EIS, necessary mitigation measures were included in the design for various other projects covered by this EIS.

(4) Comments and concerns raised by interested property owners at the public hearing and through subsequent written submissions are being reviewed by the City.

READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council**, 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists--free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

Article XI - Special Purpose Districts

Chapter 4
Special Bay Ridge District

~~11/2/78~~
~~114-00~~
GENERAL PURPOSES

The "Special Bay Ridge District" established in this Resolution is designed to promote and protect the public health, safety and general welfare. These general goals include, among others, the following specific purposes:

(a) to preserve, protect and maintain the existing scale and character of the residential and commercial community;

(b) to encourage design of ~~new~~ residential, commercial and community facility development which is in character with the neighborhood and surrounding community; and

(c) ~~to foster the development of apartment buildings which provide a superior urban design relationship to the neighborhood;~~

~~(d) to provide amenities such as required open space, off-street parking, landscaping and street trees to enhance the character of the physical environment; and~~

~~(e)~~ to promote the most desirable use of land in the area and thus to conserve the value of land and buildings, and thereby to protect the City's tax revenues.

~~11/2/78~~
~~114-01~~
~~Definitions~~

~~Definitions specially applicable in this Chapter are set forth in this Section. The definitions of other defined words are as set forth in Section 12-10 (DEFINITIONS).~~

~~Center block line~~

~~A "center block line" is an imaginary line which bisects a #block#. Where the #streets# are parallel such line shall be parallel to the long dimension of the #block#. In the case of #streets# that are not parallel the #center block line# shall be the bisector of the angle formed by prolonging the long dimensions of the #block# to an intersection.~~

~~Development~~

~~For the purposes of this Chapter, a "development" includes construction of a new #building or other structure# on a #zoning lot# or an #enlargement#. To "develop" is to create a #development#.~~

~~Major street~~

~~For the purposes of this Chapter, a "major street" is any of the following: Shore Road, Ridge Boulevard, Third Avenue, Fourth Avenue, Fifth Avenue and 86th Street.~~

~~Minor street~~

~~For the purposes of this Chapter, a "minor street" is any #street# within the #Special Bay Ridge District# other than a #major street#.~~

~~Private open space~~

~~"Private open space" is recreation space which is either open to the sky or roofed but is not enclosed, and is accessible only to the occupants of one or a limited group of #dwelling units#.~~

~~Semi-private open space~~

~~"Semi-private open space" is recreation space which is either open to the sky or roofed but is not enclosed and which:~~
~~(a) is accessible to all #residential# tenants and their agents, for whom no fees are charged;~~
~~(b) is directly accessible from a lobby or other public area served by elevator which connects to the #residential# portion of the #building#;~~

~~(c) is accessible to the handicapped and physically disabled in accordance with the provisions of Section 114-274 (Access); and~~

~~(d) is, at a minimum, open from 8:00 a.m. to sunset.~~

~~#Semi-private open space# shall be #developed# and treated in accordance with the provisions of Section 114-28.~~

~~Special Bay Ridge District~~
~~(repeated from Section 12-10)~~

~~The "Special Bay Ridge District" is a Special Purpose District designated by the letters "BR" in which special regulations set forth in Article XI, Chapter 4 apply. The #Special Bay Ridge District# appears on the #zoning maps# superimposed on other districts and its regulations supplement or modify those of the districts on which it is superimposed.~~

~~Transparent surfaces~~

~~"Transparent surfaces" are glazed walls or openings which permit a view into an enclosed space.~~

~~11/2/78~~
~~114-02~~ **114-01**
General Provisions

In harmony with the general provisions and intent of this Resolution and the general purposes of the #Special Bay Ridge District#, the regulations of the districts upon which this Special District is superimposed are supplemented or modified in accordance with the provisions of this Chapter. The provisions of this Chapter shall apply to all #developments# and #enlargements#.

Except as modified by the provisions of this Chapter, the regulations of the underlying districts remain in effect.

~~11/2/78~~
~~114-03~~
~~District Plan~~

~~The District Plan for the #Special Bay Ridge District# (Appendix A) identifies specific areas comprising the Special District in which special zoning regulations are established in order to carry out the general purposes of the #Special Bay Ridge District#. These areas and the Sections of this Chapter containing regulations relating thereto are as follows:~~

~~Area A - Midblock Preservation Area, Section 114-00~~

~~Area B - AVENUE PRESERVATION AREA 1, Section 114-20~~
~~Area C - AVENUE PRESERVATION AREA 2, Section 114-30~~

~~Area D - AVENUE PRESERVATION AREA 3, Section 114-40~~

~~Area E - OTHER AREAS, Section 114-50~~

~~The elements of the District Plan as set forth in Appendix A are hereby incorporated as an integral part of the provisions of this Chapter.~~

NOTE: ***Most provisions of the Special Bay Ridge District are proposed for deletion. Those Sections that would be retained would be reorganized, renumbered and modified. Those sections are as follows:***

Section 114-05 (Street Planting Regulations)	***Modified and renumbered 114-20***
Section 114-101 (Floor area regulations)	***Modified and renumbered 114-11***

~~114-121~~
Special Rooftop Regulations
The provisions of Section 33-42 (Permitted Obstructions) shall apply to all #buildings or other structures# in R6A, R6B, R7A, R7B, C4-2A and C8-2 Districts in the #Special Bay Ridge District#, except the provisions of paragraph (d) of Section 33-42 shall not apply. In lieu thereof, the following regulations shall apply:

Elevator or stair bulkheads, roof water tanks, cooling towers or other mechanical equipment (including enclosures) may exceed a maximum height limit provided that either the product, in square feet, of the #aggregate width of street walls# of such obstructions facing each #street# frontage, times their average height, in feet, shall not exceed a figure equal to eight times the width, in feet, of the #street wall# of the #building# facing such frontage or, the #lot coverage# of all such obstructions does not exceed 20 percent of the #lot coverage# of the #building#, and the height of all such obstructions does not exceed 40 feet. In addition, dormers may penetrate a maximum base height in accordance with the provisions of paragraph (c) of Section 23-621 (Permitted obstructions in certain districts).

~~114-122~~
Maximum building height and setback

In the #Special Bay Ridge District#, the height and setback and the maximum #building# height regulations of the underlying districts have been modified as follows:

(a) In C8-2 Districts

In C8-2 Districts, the maximum height of a #building or other structure# shall be 70 feet. Any portion of a #building or other structure# that exceeds a height of 60 feet shall be set back with a depth of at least ten feet from a #wide street line# and at least 15 feet from a #narrow street line#.

(b) For Community Facilities in #Residential# Districts

In R3A, R3X, R3-2, R4A, R4-1, R4B and R5B Districts, the maximum height of a #building or other structure# containing #community facility uses# shall not exceed 32 feet.

~~The maximum height for all #developments# within the Midblock Preservation Area shall be 32 feet or three #stories#, whichever is less.~~

114-20
~~AVENUE PRESERVATION AREA 1 (Area B)~~
SPECIAL TREE PLANTING REGULATIONS
~~The provisions of this Section shall apply to all #development# within the Avenue Preservation Area 1 (Area B) as such area is indicated on the District Plan (Appendix A).~~

~~114-05~~
~~**Street Planting Regulations**~~
~~All #developments# within the #Special Bay Ridge District# shall provide and maintain trees of four three-inch caliper, at the time of planting, along the entire length of the #street# frontage of the #zoning lot#. Such trees shall be provided at the rate of one tree for each 20 feet of frontage, be spaced 20 feet on center, be planted between the curb line and five feet from the curb line, and be in accordance with the requirements of the Department of Highways and the Department of Parks.~~

In any zoning district permitting #residences# in the #Special Bay Ridge District#, all #developments# and #enlargements# shall provide and maintain, along the entire #street# length of the #zoning lot#, one street tree for every 25 feet of #street# frontage of the #zoning lot#. Such trees shall be of at least three-inch caliper at the time of planting and shall be placed at approximately equal intervals, except where the Department of Parks and Recreation determines that such tree planting would not be feasible. All such trees shall be planted, maintained and replaced when necessary with the approval of and in accordance with the standards of the Department of Parks and Recreation.

Note: The following Sections are being deleted

~~114-04~~
~~**Zoning Lots Divided by District Boundaries**~~
~~Whenever a #zoning lot# existing on November 2, 1978 is divided by an area boundary as indicated on the District Plan (Appendix A) and more than 50 percent of the #zoning lot# is within Area A, the entire #zoning lot# may be #developed# in accordance with the regulations of Area A provided that the distance between the Area A boundary and the nearest #side lot line# of the #zoning lot# does not exceed 10 feet.~~

~~6/30/89~~
~~114-06~~
~~**Curb Cut Regulations**~~
~~No curb cuts are permitted along any #major street# which is located within Area B, Area C or Area D, as such areas are indicated on the District Plan (Appendix A), except as provided herein.~~

~~Curb cuts are permitted on #minor streets#, provided that such curb cut is at least 55 feet from the nearest #street# intersection. However, no #zoning lot# may have more than one curb cut on any one #street# frontage, except as provided herein.~~

~~For any #zoning lot# having more than one #major street# frontage and having no #minor street# frontage, one curb cut along one of the #major street# frontages is permitted.~~

~~No curb cut for #residential# or #community facility use# shall have a width including splays in excess of 12 feet and the provisions of Section 25-631 (Location and width of curb cuts in certain districts) shall be inapplicable.~~

~~The City Planning Commission may by certification permit a curb cut along a #major street#, or permit more than one curb cut along a #minor street# frontage of a #zoning lot#, or permit a #residential# or #community facility use# to have a curb cut having a width in excess of 12 feet, provided the Commission, after referral of the application to the Department of Traffic for review and report, determines that such curb cut is necessary in order to gain safe access and egress from the property and that such curb cut will not unduly interfere with pedestrian or vehicular traffic.~~

~~11/2/78~~
~~114-07~~
~~**Secondary Kitchens**~~
~~No #development# shall provide more than one kitchen for each #dwelling unit# nor shall the plumbing or utility connections for such kitchens be provided within any #dwelling unit#.~~

~~11/2/78~~
~~114-08~~
~~**Buffer at Area Boundaries**~~
~~Any #development# on a #zoning lot# which is either divided by an Area boundary line or abuts an Area boundary line, as indicated on the District Plan (Appendix A), shall provide a buffer along such boundary line of at least 4 feet so that there is a minimum distance between #buildings# across such Area boundary line of 8 feet.~~

~~11/2/78~~
~~114-09~~
~~**Midblock Preservation Area (Area A)**~~
~~The provisions of this Section shall apply to all #developments# within the area designated as Area A on the District Plan (Appendix A).~~

~~11/2/78~~
~~114-103~~
~~**Open space regulations**~~
~~The minimum #open space ratio# for all #developments# within the Midblock Preservation Area shall be 27.0.~~

~~7/26/01~~
~~114-104~~
~~**Density Regulations**~~
~~The density requirements of Section 23-22 (Maximum Number of Dwelling Units or Rooming Units) applicable to #predominantly built-up areas# shall apply to all #developments# within the Midblock Preservation Area.~~

~~11/2/78~~
~~114-111~~
~~**Front yards**~~
~~All #developments# shall provide a #front yard#. The required depth of the #front yard# shall be determined by the application of the provisions of this Section based upon the average depth of the #front yards# of the two adjacent #zoning lots#; however, in no event may the #front yard# be less than 5 feet nor shall it be required to exceed 15 feet.~~
~~(a) Where one of the adjacent #zoning lots# is vacant, the #front yard# of the adjacent and #developed zoning lot# shall be the average #front yard# depth for the purposes of this Section.~~

~~(b) Where both adjacent #zoning lots# are vacant or where the average #front yard# depth is less than five feet, the #development# shall provide a #front yard# of at least five feet.~~

~~(c) Where the average #front yard# depth exceeds 5 feet and the aggregate width of the #street wall# of the #development# is 150 feet or less, the #front yard# of the #development# shall have a depth within three feet, plus or minus, of the average #front yard# depth.~~

~~(d) Where the average #front yard# depth exceeds 5 feet and the aggregate width of the #street wall# of the new #development# exceeds 150 feet, the #front yard# of the new #development# shall have a depth within 5 feet of the average #front yard# depth.~~

~~11/2/78~~
~~114-112~~
~~**Rear yards**~~
~~All #developments# shall provide a #rear yard# of a depth sufficient to provide a combined #front yard-rear yard# depth of at least 45 feet; however, in no case may the #rear yard# have a depth less than 30 feet.~~

~~11/2/78~~
~~114-113~~
~~**Side yards**~~
~~A #side yard# is required for new #developments# only when an existing #building# on an adjacent #zoning lot# is located less than 8 feet from but not on the common #side lot line#. In no event shall the minimum distance between an existing #building# and new #building# across such common #side lot line# be less than 8 feet and in no event shall such required #side yard# be less than 4 feet. In all other cases, the underlying district regulations are applicable.~~

~~11/2/78~~
~~114-112~~
~~**Through Lot Provisions**~~
~~All #developments# within the Midblock Preservation Area (Area A) that are located on a #through lot# shall provide a #rear yard equivalent# as provided in Section 23-533, paragraph (a).~~
~~For #community facility buildings# or #residential buildings# that contain at least 4 #dwelling units#, the City Planning Commission may by special permit, after public notice and hearing, allow a modification in the requirements of this Section, provided the Commission finds that:~~

~~(a) the proposed siting of the #development# blends harmoniously with the existing character of the neighborhood;~~

~~(b) the proposed siting will not adversely impact light and air to surrounding properties;~~

~~(c) the modification is necessary in order to construct a #development# of superior design, layout and siting that might not otherwise be #developed#; and~~

~~(d) the #yards# created by the siting will provide useful #open space# in relation to the #use# or occupancy of the #development# and the #use# of such #yards# will not interfere with the enjoyment of adjacent #zoning lots#.~~

~~11/2/78~~
~~114-13~~
~~**Limitation on Balconies**~~
~~When unenclosed balconies are provided over a #front yard#, no portion of such balcony may be within five feet of the #front lot line#.~~
~~11/2/78~~

~~114-14~~
~~**Parking Regulations**~~
~~All new #residential developments# involving three #dwelling units# or less shall provide one enclosed #accessory# off-street parking space. The driveway providing access to such enclosed off-street parking space shall be perpendicular to the #street#. Further, such driveway may not be between 8 and 18 feet in length, as measured from the #street line# to the closest exterior wall of the enclosure. For #developments# containing three #dwelling units# or less, no parking is permitted in either the #side# or #rear yard#.~~

~~All #residential developments# involving 4 or more #dwelling units# or community facilities shall provide off-street parking in accordance with the underlying district regulations, except parking is not permitted in the #front yard#.~~

~~11/10/00~~
~~114-15~~
~~**Special Permit for Development on Zoning Lots 40,000 Square Feet or Greater**~~
~~For any #residential development# on a #zoning lot# 40,000 square feet or greater in a #Commercial District# within the Midblock Preservation Area (Area A), the City Planning Commission may permit up to the maximum #floor area ratio# of the underlying district to be applicable and may permit modification of all other #bulk# regulations, provided the #development# does not exceed sixty feet in height, and provided the Commission finds that:~~

~~(a) the proposed #development# blends harmoniously with the existing character of the neighborhood;~~

~~(b) the modification of #lot area# requirements will not result in a density of population in the #development# that will adversely affect the surrounding area;~~

~~(c) the proposed #development# will not adversely impact light and air to surrounding properties;~~

~~(d) such #bulk# modifications are necessary to construct a #development# of superior design, layout and siting than might otherwise be #developed#; and~~

~~(e) any curb cuts are located so as to minimize pedestrian and vehicular conflicts and congestion.~~

~~The City Planning Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area.~~

Note: Section number 114-20 moved and re-titled "SPECIAL TREE PLANTING REGULATIONS"

~~11/2/78~~
~~114-21~~
~~**Use Regulations**~~
~~For all #developments# within an underlying #Commercial District#, at least 50 percent of the portion of the ground floor within the #primary building zone# shall be occupied by #commercial# or #community facility uses#. Such #commercial# or #community facility uses# shall have a minimum depth of at least 25 feet.~~

~~All #commercial uses# shall be located only on the ground floor.~~
~~11/2/78~~
~~114-22~~
~~**Bulk Regulations**~~

~~11/2/78~~
~~114-221~~
~~**Floor area regulations**~~
~~For all #developments# within the Avenue Preservation Area 1 (Area B), the permitted #floor area ratio# for #residential# or #community facility# or #commercial buildings#, where permitted by the underlying district regulations, shall not exceed 2.43. However, for a #mixed building# the maximum #floor area ratio# may be increased by .275 provided all such increased #floor area# is located on the ground floor and is occupied solely by #commercial# or #community facility uses#.~~

~~7/26/01~~
~~114-222~~
~~**Height and setback regulations**~~
~~The maximum height for all #developments# within the Avenue Preservation Area 1 (Area B) shall be 48 feet or four #stories# excluding the #basement#, whichever is less.~~

~~11/2/78~~
~~114-23~~
~~**Street Wall Regulations**~~

~~11/2/78~~
~~114-231~~
~~**Street walls**~~
~~For all #developments#, the building wall along each frontage of the #zoning lot# shall be coincident with the #street line# for at least 65 percent of the length of such building wall except where balconies are provided in accordance with the provisions of Section C26-604.2(g) of the Administrative Code of the City of New York. A building wall containing such balconies shall be, for at least 65 percent of its length, within five feet of the #street line#.~~
~~114-232~~
~~**Street wall penetrations**~~
~~No opening in a #street wall#, for the purpose of parking, is permitted along a #major street# frontage or along a #minor street# frontage within 55 feet of the intersection with the #street line# of a #major street#.~~

~~114-233~~
~~**Street wall transparency**~~
~~At least 25 percent of the area up to the height of the ceiling of the first #story# of the building wall which fronts upon a #major street# shall be a transparent surface.~~

~~11/2/78~~
~~114-24~~
~~**Coverage—Open Space Regulations**~~
~~For all #major street block# fronts within the Avenue Preservation Area 1 (Area B), there shall be a #primary building zone#, a #restricted building open space zone# and a #required open space zone#. All #developments# on #zoning lots# which are located within these zones shall be #developed# in accordance with the regulations for each particular zone as established in this Section and the #open space# regulations of the underlying district shall not be applicable to such #development#. For the purpose of this Section, the following definitions shall apply:~~
~~Primary building zone~~

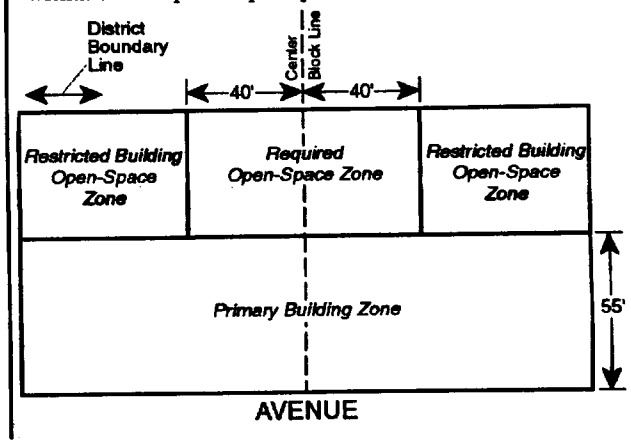
~~The "primary building zone" is that portion of a #block# which is within 55 feet of a #major street#. In addition, in the case where a #block# fronts upon a #minor street# which contains the boundary line between two areas as indicated on the District Plan (Appendix A), the #primary building zone# for such #block# shall also be that portion which is within 55 feet of such #minor street#.~~

~~In the case of ground floor #commercial uses#, the #primary building zone# for such commercial portion of #development# may extend up to 70 feet from the #front lot line# where such #development# is located on an #interior lot# which fronts upon a #major street# and which fronts upon a #block# frontage which is 230 feet or more in length.~~
~~Required open space zone~~

~~The "required open space zone" is that portion of a #block# not within the #primary building zone# and within 40 feet of the #center block line#.~~

~~Restricted building open space zone~~

~~The "restricted building open space zone" is that portion of the #block# not within the #primary building zone# nor within the #required open space zone#.~~



~~11/9/78~~
~~114-25~~
~~Development of Small Lots~~
~~For #zoning lots# which have a #major street# frontage of 50 feet or less, all #development# shall occur within the #primary building zone#. The remainder of the #zoning lot# shall be reserved for #open space#.~~

~~11/9/78~~
~~114-26~~
~~Development of Large Lots~~
~~For #zoning lots# which have a #major street# frontage which is in excess of 50 feet, the following regulations shall apply.~~

~~11/9/78~~
~~114-261~~
~~Primary building zone~~
~~#Development#, in accordance with the provisions of this Chapter, is permitted within the #primary building zone#.~~
~~11/9/78~~

~~114-262~~
~~Required open space zone~~
~~Within the #required open space zone# no #development# is permitted, and such zone shall be improved as #semi-private open space#. However, the following regulations with regard to permitted obstructions within the #required open space zone# shall apply.~~

~~(a) enclosed #accessory group parking facility# provided the roof of such facility is not more than 10 feet above #curb level#;~~

~~(b) flagpoles, eaves, kiosks, #accessory# sheds, breeze ways, and steps are permitted in accordance with the provisions of Section 23-44 (Permitted Obstructions in Required Yards or Rear Yard Equivalents) of this Resolution; and~~

~~(c) unenclosed #accessory group parking facilities#, enclosed #accessory group parking facilities# with roofs higher than 10 feet above #curb level#, driveways, service or mechanical equipment, loading berths, exhaust vents, building trash storage facilities and unenclosed balconies are not permitted obstructions within the #required open space zone#.~~

~~11/9/78~~
~~114-263~~
~~Restricted building open space zone~~
~~#Development# may occur within the #restricted building open space zone#, provided that for each square foot of #lot area# which is covered by such #development#, an amount of #private# or #semi-private open space#, as specified in this Section, is provided within the #development#.~~

~~For each square foot of the #restricted building open space zone# that is covered by the #development#, there shall be either one square foot of #semi-private open space# or two square feet of #private open space#. However, at least 50 percent of the #open space# to be provided shall be #semi-private open space#. Such #semi-private# or #private open space# may not be located on the ground level of any uncovered portion of #restricted building open space zone#.~~

~~11/9/78~~
~~114-264~~
~~Development of lots in excess of 40,000 square feet or for certain corner lots~~
~~For any #development# on a #zoning lot# which has at least 40,000 square feet of #lot area# and which fronts upon more than one #major street#, or for #corner lots# which front upon two #major streets# which are both within the same area designation as indicated on the District Plan (Appendix A), the Commission may by special permit modify the locational requirements of the #primary building zone#, the #required open space zone# and the #restricted building open space zone#, provided the Commission finds that:~~

~~(a) at least 20 percent of the #zoning lot# is #developed# as the #required open space zone# and is located on the #zoning lot# so as to maximize the amount of sunlight on such #open space# and on adjacent properties;~~

~~(b) 25 percent of the #zoning lot# is provided as the #restricted building open space zone#;~~

~~(c) in addition to complying with the applicable height limitation, the #development# relates to the character and scale of adjacent #development#; and~~

~~(d) any curb cuts are located so as to minimize pedestrian and vehicular conflicts and/or congestion.~~

~~11/9/78~~
~~114-27~~
~~Required Open Space Zone Improvements~~
~~All #open space# within the #required open space zone# shall be accessible to all tenants of the #development# and shall be improved and/or treated in accordance with the provisions of this Section. The owner of the #building# shall be responsible for the maintenance of the #required open space zone# including litter control, security, maintenance of accessways and equipment and replacement of vegetation.~~

~~11/9/78~~
~~114-271~~
~~Landscaping/Surfacing~~
~~At least 50 percent of the #open space# shall either be landscaped with flowers, shrubs, trees, bushes or grass or covered with decorative paving materials. Combinations of landscaping materials and decorative paving are permitted. The remaining portion shall be surfaced with a durable material which may be non-decorative.~~

~~11/9/78~~
~~114-272~~
~~Trees and planting~~
~~There shall be at least one tree of a minimum of 4 inch caliper for each 1,000 square feet of required #open space#. Such trees shall be planted in at least 3.5 cubic feet of top soil to a depth of at least 3 feet, 6 inches.~~

~~In addition, 150 linear feet of plants, flowers or shrubbery shall be provided for each 1,000 square feet of required #open space#.~~

~~11/9/78~~
~~114-273~~
~~Recreation facilities~~
~~The #required open space zone# may be #developed# with active recreation facilities, provided that such facilities do not occupy more than 25 percent of such required #open space#.~~

~~11/9/78~~
~~114-274~~
~~Access~~
~~The #required open space zone# and all required #open space# is to be accessible for the physically handicapped and shall contain at least one path of travel to:~~
~~(a) the major portion of such required #open space#;~~

~~(b) the building lobby from the required #open space#; and~~

~~(c) the adjacent sidewalks, if such access is provided at all.~~

~~Ramps shall be provided which have a minimum width of 36 inches and a slope not greater than 1:12, a non-skid surface and, for open edged ramps, a two inch high safety curb. At each end of the ramp there shall be a level area of at least 5 feet in length.~~
~~11/9/78~~
~~114-28~~
~~Semi-Private Open Space~~
~~All #semi-private open space# which is provided in order to satisfy the requirements of Section 114-263 (Restricted building open space zone) shall have a minimum area of 400 square feet, exclusive of accessways. At least 50 percent of the total area shall be landscaped with trees, flowers, shrubs or plants. Where trees are provided they shall be of 4 inch caliper and be planted in at least 3.5 cubic yards of top soil to a depth of at least 3 feet, 6 inches.~~

~~Remaining unlandscaped portions may be improved for either active or passive recreation. The area should contain a suitable amount of seating and the surface shall be appropriately treated for safe walking. #Semi-private open space# may be located on any roof of the #development#.~~

~~Access for physically handicapped persons shall be provided in accordance with the provisions of Section 114-271 (Access).~~

~~Any mechanical equipment that is located either near or within the required #semi-private open space# shall be screened and/or buffered to reduce any noise or emissions therefrom. No intake or exhaust duct shall face directly into the area.~~

~~The building owner shall be responsible for the maintenance of the #semi-private open space# including litter control, security, maintenance of accessways and equipment and replacement of vegetation.~~

~~2/4/82~~
~~114-29~~
~~Parking Regulations~~
~~All #developments# shall provide off-street parking spaces in an amount equal to 50 percent of the number of #dwelling units# contained in the #development#. However, for #developments# on #interior lots# which have a #lot area# of 5,000 square feet or less, no off-street parking spaces are required.~~

~~However, for #developments# on #interior lots# which have a #lot area# of 5,000 square feet or less as of November 2, 1978, no off-street parking spaces are required.~~

~~3/4/82~~
~~114-30~~
~~AVENUE PRESERVATION AREA 2 (Area C)~~
~~The provisions of this Section shall apply to all #developments# within the area designated as Area C on the District Plan (Appendix A). The regulations applicable to Area C shall be those that apply to Area B, as set forth in Sections 114-20 through 114-26, inclusive, except as provided in this Section.~~

~~However, the Commission may by authorization modify the regulations relating to parking requirements and #open space# requirements in Sections 114-20 through 114-26, inclusive, and may modify spacing between #building# requirements, provided that the following findings are made:~~
~~(a) that the #development# consists of #buildings# no more than three #stories# in height, on a #zoning lot# in excess of 40,000 square feet.~~

~~(b) that at least 20 percent of the #zoning lot# is #developed# as the #required open space zone#.~~
~~(c) that at least 25 percent of the #zoning lot# is provided as the #restricted building open space zone#.~~

~~(d) that any curb cuts are located so as to minimize pedestrian and vehicular conflicts and/or congestion.~~

~~11/9/78~~
~~114-31~~
~~Height and Setback Regulations~~
~~The maximum height for any #development# within Area C shall be sixty feet or six #stories#, whichever is less.~~

~~When any portion of the #development# extends more than 55 feet from the #front lot line#, such portion of the #development# which is beyond 55 feet from the #front lot line# shall not exceed a height of 40 feet.~~

~~7/26/01~~
~~114-32~~
~~Use Restrictions~~
~~Except where the underlying district designation is C4-2, all #commercial uses# shall be limited to the ground floor.~~

~~11/9/78~~
~~114-40~~
~~AVENUE PRESERVATION AREA 3 (Area D)~~
~~The provisions of this Section shall apply to all #developments# within the area designated as Area D on the District Plan (Appendix A).~~

~~The regulations applicable to Area D shall be those that apply to Area B, as set forth in Sections 114-20 through 114-26, inclusive, except as provided in this Section.~~

~~11/9/78~~
~~114-41~~
~~Maximum Floor Area Ratio~~
~~The maximum #floor area ratio# for #residential# or #community facility buildings#, or where permitted by the underlying district regulations for #commercial buildings#, or for a #mixed building# containing any combination of such #uses#, shall be 2.75.~~

~~11/9/78~~
~~114-42~~
~~Height and Setback Regulations~~
~~The maximum height for any #development# within Area D shall be eighty feet or 8 #stories#, whichever is less. Above the height of sixty feet or six #stories# there shall be a setback of at least 10 feet from any #street line#.~~

~~When any portion of a #development# extends more than 55 feet from the #front lot line#, such portion of the #development# which is beyond 55 feet from the #front lot line# shall not exceed a height of 40 feet.~~

~~11/9/78~~
~~114-50~~
~~OTHER AREAS (Area E)~~
~~The provisions of this Section shall apply to all #developments# within the area designated as Area E on the District Plan (Appendix A).~~

~~The regulations applicable to Area E are primarily those of the underlying district designations, except as those regulations are modified or changed by the provisions of Sections 114-00 through 114-08, inclusive, and by the provisions of this Section.~~

~~6/30/80~~

~~114-51~~
~~Height Limitations~~

~~The following height limitations shall apply to all #developments# within Area E.~~

~~(a) For #zoning lots# within the underlying district designation of R3-2, Section 23-631 (Height and setback in R1, R2, R3, R4 or R5 Districts) shall apply except that the maximum height for any #development# shall be 32 feet or three #stories#, whichever is less.~~

~~(b) For #zoning lots# which have the underlying district designation of R7 the maximum height for any #development# shall be 80 feet or eight #stories#.~~

~~(c) For #zoning lots# which have the underlying district designation of R6, the maximum height for any #development# shall be 60 feet or six #stories#.~~

PARKS AND RECREATION

■ JOINT PUBLIC HEARING

NOTICE OF A JOINT PUBLIC HEARING between the Franchise and Concession Review Committee and the Department of Parks and Recreation to be held on Monday, February 7, 2005 at Spector Hall, 22 Reade Street, Main Floor, Borough of Manhattan, commencing at 10:00 a.m. relative to:

AUTHORIZATION to enter into a Sole Source Concession Agreement with Theatre Development Fund (TDF), located at 1501 Broadway, New York, NY 10036, for the operation and management of a discount ticket stand to be constructed in Father Duffy Square, located at West 47th Street and Broadway, Borough of Manhattan, for a term of twenty (20) years commencing September 1, 2005. TDF will pay Parks a fee of $39,000 for the first year of the license term; the fee will escalate annually based on increases in the Consumer Price Index (CPI); however, if the CPI goes down, the license fee will remain the same. Additionally, in years six (6), eleven (11) and sixteen (16), if the CPI increase over each of the respective prior five (5) year periods is less than the percentage increase in the service charge attached to the ticket sale covering that same period, TDF's license fee will be further increased by the difference between the percentage increase in the CPI and the percentage rise in TDF's service charge.

LOCATION Father Duffy Square, West 47th Street and Broadway, Manhattan.

Interested parties may obtain a copy of the proposed license agreement in Room 313 at the Arsenal, Central Park, 830 Fifth Avenue, NY, NY 10021 on Wednesday, January 12, 2005 through Monday, February 7, 2005, exclusive of Saturdays, Sundays and holidays.

REAL ESTATE VALUATION AND APPRAISAL RFP – Request for Proposals – PIN# 201600 – DUE 02-14-05 AT 4:00 P.M. – New York City Economic Development Corporation (NYCEDC) seeks proposals for valuation and appraisal services related to multi-family residential, commercial, and multi-use projects located throughout New York City on an as-needed basis for a term of three (3) years, with one-year extensions at NYCEDC's discretion.
NYCEDC sells and leases City-owned land for private development of industrial, retail, office, multi-family residential, and institutional uses. These transactions may involve a parcel for construction of a warehouse for a small business or assemblages for large, multi-use developments. It also directly leases City-owned retail and industrial buildings and facilities to private tenants. To assure successful projects that promote economic betterment, NYCEDC may provide public funds and incentives in support of these transactions. In connection with these activities, NYCEDC intends to place several consultants on retainer to provide valuation and appraisal services. Chosen firms will have experience in New York City, and, as a minimum, are expected to have a New York State real estate appraisal certification. Preference will be given to firms that also have staff with a MAI certification. The services to be provided may include, but are not limited to, valuation of fee simple or partial fee interests in land and/or improvements thereon, appraisal of development rights, appraisal reviews, market studies, and calculation of return on investments. NYCEDC intends to retain firms with full service capability and those with a selective scope of work and experience.

DEVELOP TRANSITIONAL RESIDENCE FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – Competitive Sealed Proposals – Judgment required in evaluating proposals - PIN# 071-00S-003-262 – DUE 01-03-06 AT 5:00 P.M. – The Department of Homeless Services is soliciting proposals from organizations interested in developing and operating transitional residences for homeless adults and families including the Neighborhood Based Cluster Residence and drop-in centers for adults. This is an open-ended solicitation; there is no due date for submission. Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-forth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the transitional residence contracts will range from 3 to 20 years including renewal options and depending on the financial terms and conditions.

Pursuant to Section 312 (c) (1) (ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgment is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03 (c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences in order to address the need to create additional shelter capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated as a for-profit entity; 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed Standalone facility location(s); and 3) must demonstrate an intent to enter into lease agreements with the owner(s) or management designee(s) for each property.

Any organization that believes it can provide these services may contact: John Iaffaldano, Associate Staff Analyst, Office of Contracts and Procurement at the Department of Homeless Services at (212) 361-8435, 33 Beaver Street, 13th Floor, NY, NY 10004, to request a copy of the RFP application, which is available for pick-up Monday through Friday on business days between the hours of 9:00 a.m. to 5:00 p.m.

NON-SECURE DETENTION GROUP HOME SERVICES – Negotiated Acquisition – Judgment required in evaluating proposals - PIN# 13005DJJ001 – DUE 08-28-06 AT 3:00 P.M. – The Department of Juvenile Justice (DJJ) is seeking expressions of interest from qualified vendors to provide non-secure detention group home services. Since DJJ must respond to a court order, there is a time-sensitive situation in which DJJ must retain a supplier quickly, at one time or from time to time, permitting this procurement to be processed as a negotiated acquisition. Facilities should provide at least 10 and no more than 12 beds in accordance with the applicable regulations promulgated by the New York State Office of Children and Family Services (NYSOCFS), 9 N.Y.C.R.R. Section 180 et seq., and be operational at any time from December 1, 2004 to August 31, 2006. The term of the contracts awarded from this solicitation will be for three years and will include an additional three-year option to renew.

Vendors interested in providing these services should contact Harry T. Bavaro at the Department of Juvenile Justice, 365 Broadway, 5th Floor, New York, NY 10013 for a copy of the solicitation document if they have not already received a copy. If a vendor is interested in being considered for award of a contract described above, please hand deliver a written expression of interest addressed to Harry T. Bavaro at the Department of Juvenile Justice, 365 Broadway, 5th Floor, New York, NY 10013 pursuant to the terms of the solicitation document.

Determination and Findings of the City of New York
Pursuant to Section 204 of the NYS Eminent Domain Procedure Law

Whereas, the acquisition of certain street properties known as portions of Pershing Street, Diaz Street, and Foch Avenue from Linwood Avenue and Piave Avenue has been proposed by the City of New York; and

Whereas, the acquisition is pursuant to the NYS Eminent Domain Procedure Law ("EDPL") which provides a uniform procedure for condemnations by municipalities throughout the State; and

Whereas, pursuant to the EDPL, the City of New York is required to hold a public hearing to determine whether the public would be served by the proposed acquisition of the above-mentioned property and the impact of such acquisition on the locality where the project is to be constructed; and

Whereas, the City of New York held a public hearing concerning this acquisition on November 4, 2004, in the borough of Staten Island.

Now, therefore, let it be known that the City of New York, pursuant to section 204 of EDPL, hereby determines and finds:

(1) The public use and benefit of this project is to install new sanitary sewers, and upgrade existing water mains.

(2) The property to be acquired is shown on the Tax Map of the City of New York for the Borough of Staten Island and include the following: Bed of Pershing Street, Bed of Diaz Street and Bed of Foch Avenue

The location of the proposed acquisition is:
Pershing Street, Diaz Street, and Foch Avenue between Linwood Avenue and Piave Avenue,

In the Borough of Staten Island, City of New York. The location was selected based on the need for providing sanitary sewer service for the existing homes.

(3) The general effect on the environment and the residents of the locality will be improved living conditions. The

proposed project involves standard sewer extension and will have no significant adverse effect on the environment.

(4) Comments and concerns raised by interested property owners at the public hearing and through subsequent written submissions are being reviewed by the City.

NOTICE:

Pursuant to EDPL section 207, property owners have thirty (30) days from completion of the publication of this determination and findings to seek judicial review of the determination and findings. Expected date of publication is January 26 - January 28, 2005.
Pursuant to EDPL sections 207 and 208, exclusive venue for judicial review of these determination and findings is the Appellate Division of the Supreme Court in the Judicial Department where any part of the property to be acquired is located.

Copies of this determination and findings of the New York City are available without cost upon written request to:

Now, therefore, let it be known that the City of New York, pursuant to section 204 of EDPL, hereby determines and finds:

(1) The public use and benefit of this project is to install new sanitary and storm sewers.

(2) The property to be acquired is shown on the Tax Map of the City of New York for the Borough of Staten Island and include the following: Block 6249, part of lot 200, and the Bed of street of Hoda Place from Tenafly Place to Annadale Road

The location of the proposed acquisition is:
Hoda Place between Annadale Road and Tenafly Place. The location was selected based on the need for providing sanitary sewer service for existing homes.
In the Borough of Staten Island, City of New York.

(3) The general effect on the environment and the residents of the locality will be improved living conditions. This sanitary sewer extension project was the subject of a completed environmental impact study ("EIS") for the Blue Heron Watershed area. Based on the recommendations contained in the EIS, necessary mitigation measures were included in the design for various other projects covered by this EIS.

(4) Comments and concerns raised by interested property owners at the public hearing and through subsequent written submissions are being reviewed by the City.

ADVISORY REPORT

ISSUE DATE: 01/14/05	DOCKET #: 054681	SRA #: SRA 05-4860
ADDRESS: 280 BROADWAY A.T. Stewart Store/Sun Building INDIVIDUAL LANDMARK	BOROUGH: MANHATTAN	BLOCK/LOT: 153 / 1

To the Mayor, the Council, and the Executive Director of Design and Construction/ DCAS.

This report is issued pursuant to Section 25-318 of the Administrative Code of the City of New York, which requires a report from the Landmarks Preservation Commission for plans for the construction, reconstruction, alteration, or demolition of any improvement or proposed improvement which is owned by the City or is to be constructed upon property owned by the City and is or is to be located on a landmark site or in a historic district or which contains an interior landmark.

The Landmarks Preservation Commission has received an application for interior alterations at the fourth and seventh floor; as shown on a drawings labeled A1 and A2, dated January 11, 2005, prepared by Arthur Arnold, R.A.

The Commission has reviewed these drawings and finds that the work will have no effect on the significant protected features of the building.

This report is issued on the basis of the building and site conditions described in the application and disclosed during the review process. By accepting this permit, the applicant agrees to notify the Commission if the actual building or site conditions vary or if original or historic building fabric is discovered. The Commission reserves the right to amend or revoke this permit, upon written notice to the applicant, in the event that the actual building or site conditions are materially different from those described in the application or disclosed during the review process.

All approved drawings are marked approved by the Commission with a perforated seal indicating the date of approval. The work is limited to what is contained in the perforated documents. Other work or amendments to this filing must be reviewed and approved separately. This report constitutes the permit; a copy must be prominently displayed at the site while work is in progress. Please direct inquiries to Jared Knowles.

Less than 4%	All other Community Districts	400 feet	400 feet	Queuing area on site(G)	M1, M2 and/or M3 allowed(H)

(A) This restriction shall not apply to a new transfer station that is located at or adjacent to a rail yard, rail spur, industrial track or vessel facility, provided that at least ninety percent of the solid waste received is subsequently transported from the transfer station by rail or vessel.

(B) Any new transfer stations operating a truck-to-truck facility must obtain a corresponding reduction (offset) in the lawful daily permitted throughput capacity at a transfer station within the same community district at a rate of one ton for every new ton of capacity. Such reduction must be of the same type of solid waste (putrescible for putrescible, construction and demolition debris for construction and demolition debris, or fill material for fill material).

(C) Any application for a new putrescible or construction and demolition debris transfer stations located at or adjacent to a rail yard, rail spur, industrial track or vessel facility, and where at least ninety percent of the solid waste received is subsequently transported from the transfer station by rail or vessel, must obtain a corresponding reduction (offset) in the lawful daily permitted throughput capacity at a putrescible or construction and demolition debris transfer station within the same community district at a rate of one ton for every new ton of capacity.

(D) Any transfer station that is lawfully operating that is located at least 500 feet from a residential district, hospital, public park or school may increase its lawful daily permitted throughput capacity only if such owner/operator obtains a corresponding reduction (offset) in the lawful daily permitted throughput capacity at a transfer station located in the same community district at a rate of one ton for every new ton of capacity. Such reduction must be of the same type of solid waste (putrescible for putrescible, construction and demolition debris for construction and demolition debris, or fill material for fill material).

(E) Any putrescible or construction and demolition debris transfer station that is lawfully operating at or adjacent to a rail yard, rail spur, industrial track or vessel facility where at least ninety percent of the solid waste received is subsequently transported from the transfer station by rail or vessel, may increase its lawful daily permitted throughput capacity provided that the owner/operator obtains a corresponding reduction (offset) in the lawful daily permitted throughput capacity at a putrescible or construction and demolition debris transfer station within the same community district at a rate of one ton for every new ton of capacity.

(F) Any transfer station that is lawfully operating may increase its lawful daily permitted throughput capacity, subject to Department review and approval, provided that it is located at least 500 feet from a residential district, hospital, public park or school. This restriction shall not apply to a transfer station that is located at or adjacent to a rail yard, rail spur, industrial track or vessel facility, provided that at least ninety percent of the solid waste received is subsequently transported from the transfer station by rail or vessel.

(G) Any transfer station that is lawfully operating may increase its lawful daily permitted throughput capacity, subject to Department review and approval, provided that it is located at least 400 feet from a residential district, hospital, public park or school. This restriction shall not apply to a transfer station that is located at or adjacent to a rail yard, rail spur, industrial track or vessel facility, provided that at least ninety percent of the solid waste received is subsequently transported from the transfer station by rail or vessel.

(H) Any new transfer station shall not be located in an M1 district if the M1 districts in such community district cumulatively contain three or more lawfully operating transfer stations.

LATE NOTICE

CHARTER REVISION COMMISSION

■ PUBLIC MEETING

The New York City Charter Revision Commission will hold a public meeting on February 9, 2005. The topic of this meeting will be operational efficiency and accountability. The Commission will hear expert testimony from Susan Kupferman, Director of the Mayor's Office of Operations. Although administrative reform and operational efficiency will be the main subject of this public meeting, Commission business will not necessarily be limited to that topic. The Commission may also consider other topics related to its review of the City Charter. As this is a public meeting and not a public hearing, the public will have the opportunity to observe, but not to testify.
Time: 7:00 p.m.
Location: John Jay College, 445 West 59th Street, North Hall Multi-Purpose Room (Room 2200N). Located between 9th Avenue and 10th Avenue on 59th Street, in the Upper West Side. Individuals requesting spoken or sign language interpreters for any of these public meetings should contact Commission staff member Brian Geller at (212) 788-2952 five (5) business days prior to the Public Meeting. TDD users should call Verizon Relay Services.

To contact the Commission by telephone, please call (212) 676-2060. To contact the Commission by mail, please write to

New York City Charter Revision Commission
2 Lafayette Street, 14th Floor
New York, NY 10007

To contact the Commission by email, please email charter@dcas.nyc.gov

READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council**, 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists--free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

PROCUREMENT POLICY BOARD RULES

The Rules may also be accessed on the City Website, http://NYC.GOV.Selltonyc

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

CHARTER REVISION COMMISSION

■ PUBLIC MEETING

The New York City Charter Revision Commission will hold a public meeting on February 9, 2005. The topic of this meeting will be operational efficiency and accountability. The Commission will hear expert testimony from Susan Kupferman, Director of the Mayor's Office of Operations. Although administrative reform and operational efficiency will be the main subject of this public meeting, Commission business will not necessarily be limited to that topic. The Commission may also consider other topics related to its review of the City Charter. As this is a public meeting and not a public hearing, the public will have the opportunity to observe, but not to testify.
Time: 7:00 p.m.
Location: John Jay College, 445 West 59th Street, North Hall Multi-Purpose Room (Room 2200N). Located between 9th

Avenue and 10th Avenue on 59th Street, in the Upper West Side. Individuals requesting spoken or sign language interpreters for any of these public meetings should contact Commission staff member Brian Geller at (212) 788-2952 five (5) business days prior to the Public Meeting. TDD users should call Verizon Relay Services.

To contact the Commission by telephone, please call (212) 676-2060. To contact the Commission by mail, please write to New York City Charter Revision Commission
2 Lafayette Street, 14th Floor
New York, NY 10007
To contact the Commission by email, please email charter@dcas.nyc.gov

Article XI - Special Purpose Districts

Chapter 4
Special Bay Ridge District

~~11/2/78~~
~~114-00~~
GENERAL PURPOSES

The "Special Bay Ridge District" established in this Resolution is designed to promote and protect the public health, safety and general welfare. These general goals include, among others, the following specific purposes:

(a) to preserve, protect and maintain the existing scale and character of the residential and commercial community;

(b) to encourage design of ~~new~~ residential, commercial and community facility development which is in character with the neighborhood and surrounding community; and

(c) ~~to foster the development of apartment buildings which provide a superior urban design relationship to the neighborhood;~~

~~(d) to provide amenities such as required open space, off-street parking, landscaping and street trees to enhance the character of the physical environment; and~~

~~(e)~~ to promote the most desirable use of land in the area and thus to conserve the value of land and buildings, and thereby to protect the City's tax revenues.

~~11/2/78~~
~~114-01~~
~~Definitions~~

~~Definitions specially applicable in this Chapter are set forth in this Section. The definitions of other defined words are as set forth in Section 12-10 (DEFINITIONS).~~

~~Center block line~~

~~A "center block line" is an imaginary line which bisects a #block#. Where the #streets# are parallel such line shall be parallel to the long dimension of the #block#. In the case of #streets# that are not parallel the #center block line# shall be the bisector of the angle formed by prolonging the long dimensions of the #block# to an intersection.~~

~~Development~~

~~For the purposes of this Chapter, a "development" includes construction of a new #building or other structure# on a #zoning lot# or an #enlargement#. To "develop" is to create a #development#.~~

~~Major street~~

~~For the purposes of this Chapter, a "major street" is any of the following: Shore Road, Ridge Boulevard, Third Avenue, Fourth Avenue, Fifth Avenue and 86th Street.~~

~~Minor street~~

~~For the purposes of this Chapter, a "minor street" is any #street# within the #Special Bay Ridge District# other than a #major street#.~~

~~Private open space~~

~~"Private open space" is recreation space which is either open to the sky or roofed but is not enclosed, and is accessible only to the occupants of one or a limited group of #dwelling units#.~~

~~Semi-private open space~~

~~"Semi-private open space" is recreation space which is either open to the sky or roofed but is not enclosed and which:~~

~~(a) is accessible to all #residential# tenants and their agents, for whom no fees are charged;~~

~~(b) is directly accessible from a lobby or other public area served by elevator which connects to the #residential# portion of the #building#;~~

~~(c) is accessible to the handicapped and physically disabled in accordance with the provisions of Section 114-274 (Access); and~~

~~(d) is, at a minimum, open from 8:00 a.m. to sunset.~~

~~#Semi-private open space# shall be #developed# and treated in accordance with the provisions of Section 114-28.~~

~~Special Bay Ridge District~~
~~(repeated from Section 12-10)~~

~~The "Special Bay Ridge District" is a Special Purpose District designated by the letters "BR" in which special regulations set forth in Article XI, Chapter 4 apply. The #Special Bay Ridge District# appears on the #zoning maps# superimposed on other districts and its regulations supplement or modify those of the districts on which it is superimposed.~~

~~Transparent surfaces~~

~~"Transparent surfaces" are glazed walls or openings which permit a view into an enclosed space.~~

~~11/2/78~~
~~114-02~~ **114-01**
General Provisions

In harmony with the general provisions and intent of this Resolution and the general purposes of the #Special Bay Ridge District#, the regulations of the districts upon which this Special District is superimposed are supplemented or modified in accordance with the provisions of this Chapter. The provisions of this Chapter shall apply to all #developments# and #enlargements#.

Except as modified by the provisions of this Chapter, the regulations of the underlying districts remain in effect.

~~11/2/78~~
~~114-03~~
~~District Plan~~

~~The District Plan for the #Special Bay Ridge District# (Appendix A) identifies specific areas comprising the Special District in which special zoning regulations are established in order to carry out the general purposes of the #Special Bay Ridge District#. These areas and the Sections of this Chapter containing regulations relating thereto are as follows:~~

~~Area A - Midblock Preservation Area, Section 114-00~~

~~Area B - AVENUE PRESERVATION AREA 1, Section 114-20~~
~~Area C - AVENUE PRESERVATION AREA 2, Section 114-30~~

~~Area D - AVENUE PRESERVATION AREA 3, Section 114-40~~

~~Area E - OTHER AREAS, Section 114-50~~

~~The elements of the District Plan as set forth in Appendix A are hereby incorporated as an integral part of the provisions of this Chapter.~~

NOTE: ***Most provisions of the Special Bay Ridge District are proposed***

for deletion. Those Sections that would be retained would be reorganized, renumbered and modified. Those sections are as follows:

Section 114-05 (Street Planting Regulations) Modified and renumbered 114-90
Section 114-101 (Floor area regulations) Modified and renumbered 114-11
Section 114-103 (Height regulations) Modified and renumbered 114-12

The following Sections have been deleted and their section numbers re-utilized, as follows: 114-13, 114-20 and 114-21.

114-10
SPECIAL BULK REGULATIONS
In the #Special Bay Ridge District#, the maximum #floor area ratio# and height and setback regulations shall apply as modified in this Section, inclusive.

~~114-101~~ 114-11
Special Floor ~~a~~Area ~~r~~Regulations
In the #Special Bay Ridge District#, ~~T~~the maximum #floor area ratio# for ~~#residential# or~~ any #community facility buildings# or ~~a~~ any portion of a #building# containing a #community facility use# ~~combination thereof within the Midblock Preservation Area~~ shall not exceed 1.65 in R4A, R4-1, R4B and R5B Districts and 3.0 in C8-2 Districts.

~~114-102~~ 12
Special Height and Setback ~~r~~Regulations

114-121
Special Rooftop Regulations
The provisions of Section 33-42 (Permitted Obstructions) shall apply to all #buildings or other structures# in R6A, R6B, R7A, R7B, C4-2A and C8-2 Districts in the #Special Bay Ridge District#, except the provisions of paragraph (d) of Section 33-42 shall not apply. In lieu thereof, the following regulations shall apply:

Elevator or stair bulkheads, roof water tanks, cooling towers or other mechanical equipment (including enclosures) may exceed a maximum height limit provided that either the product, in square feet, of the #aggregate width of street walls# of such obstructions facing each #street# frontage, times their average height, in feet, shall not exceed a figure equal to eight times the width, in feet, of the #street wall# of the #building# facing such frontage or, the #lot coverage# of all such obstructions does not exceed 20 percent of the #lot coverage# of the #building#, and the height of all such obstructions does not exceed 40 feet. In addition, dormers may penetrate a maximum base height in accordance with the provisions of paragraph (c) of Section 23-621 (Permitted obstructions in certain districts).

114-122
Maximum building height and setback

In the #Special Bay Ridge District#, the height and setback and the maximum #building# height regulations of the underlying districts have been modified as follows:

(a) In C8-2 Districts

In C8-2 Districts, the maximum height of a #building or other structure# shall be 70 feet. Any portion of a #building or other structure# that exceeds a height of 60 feet shall be set back with a depth of at least ten feet from a #wide street line# and at least 15 feet from a #narrow street line#.

(b) For Community Facilities in #Residential# Districts

In R3A, R3X, R3-2, R4A, R4-1, R4B and R5B Districts, the maximum height of a #building or other structure# containing #community facility uses# shall not exceed 32 feet.

~~The maximum height for all #developments# within the Midblock Preservation Area shall be 32 feet or three #stories#, whichever is less.~~

~~114-20~~
~~AVENUE PRESERVATION AREA 1 (Area B)~~
SPECIAL TREE PLANTING REGULATIONS
~~The provisions of this Section shall apply to all #developments# within the Avenue Preservation Area 1 (Area B) as such area is indicated on the District Plan (Appendix A).~~

~~114-05~~
~~Street Planting Regulations~~
~~All #developments# within the #Special Bay Ridge District# shall provide and maintain trees of four three inch caliper, at the time of planting, along the entire length of the #street# frontage of the #zoning lot#. Such trees shall be provided at the rate of one tree for each 20 feet of frontage, be spaced 20 feet on center, be planted between the curb line and five feet from the curb line, and be in accordance with the requirements of the Department of Highways and the Department of Parks.~~

In any zoning district permitting #residences# in the #Special Bay Ridge District#, all #developments# and #enlargements# shall provide and maintain, along the entire #street# length of the #zoning lot#, one street tree for every 25 feet of #street# frontage of the #zoning lot#. Such trees shall be of at least three-inch caliper at the time of planting and shall be placed at approximately equal intervals, except where the Department of Parks and Recreation determines that such tree planting would not be feasible. All such trees shall be planted, maintained and replaced when necessary with the approval of and in accordance with the standards of the Department of Parks and Recreation.

Note: The following Sections are being deleted

~~114-04~~
~~Zoning Lots Divided by District Boundaries~~
~~Whenever a #zoning lot# existing on November 2, 1978 is divided by an area boundary as indicated on the District Plan (Appendix A) and more than 50 percent of the #zoning lot# is within Area A, the entire #zoning lot# may be #developed# in accordance with the regulations of Area A provided that the distance between the Area A boundary and the nearest #side lot line# of the #zoning lot# does not exceed 10 feet.~~

~~6/30/80~~
~~114-06~~
~~Curb Cut Regulations~~
~~No curb cuts are permitted along any #major street# which is located within Area B, Area C or Area D, as such areas are indicated on the District Plan (Appendix A), except as provided herein.~~

~~Curb cuts are permitted on #minor streets#, provided that such curb cut is at least 55 feet from the nearest #street# intersection. However, no #zoning lot# may have more than one curb cut on any one #street# frontage, except as provided herein.~~

~~For any #zoning lot# having more than one #major street# frontage and having no #minor street# frontage, one curb cut along one of the #major street# frontages is permitted.~~

~~No curb cut for #residential# or #community facility use# shall have a width including splays in excess of 12 feet and the provisions of Section 25-631 (Location and width of curb cuts in certain districts) shall be inapplicable.~~

~~The City Planning Commission may by certification permit a curb cut along a #major street#, or permit more than one curb cut along a #minor street# frontage of a #zoning lot#, or permit a #residential# or #community facility use# to have a curb cut having a width in excess of 12 feet, provided the Commission, after referral of the application to the Department of Traffic for review and report, determines that such curb cut is necessary in order to gain safe access and egress from the property and that such curb cut will not unduly interfere with pedestrian or vehicular traffic.~~

~~11/2/78~~
~~114-07~~
~~Secondary Kitchens~~
~~No #development# shall provide more than one kitchen for each #dwelling unit# nor shall the plumbing or utility connections for such kitchens be provided within any #dwelling unit#.~~

~~11/2/78~~
~~114-08~~
~~Buffer at Area Boundaries~~
~~Any #development# on a #zoning lot# which is either divided by an Area boundary line or abuts an Area boundary line, as indicated on the District Plan (Appendix A), shall provide a buffer along such boundary line of at least 4 feet so that there is a minimum distance between #buildings# across such Area boundary line of 8 feet.~~

~~11/2/78~~
~~114-09~~
~~Midblock Preservation Area (Area A)~~
~~The provisions of this Section shall apply to all #developments# within the area designated as Area A on the District Plan (Appendix A).~~

~~11/2/78~~
~~114-102~~
~~Open space regulations~~
~~The minimum #open space ratio# for all #developments# within the Midblock Preservation Area shall be 27.0.~~

~~7/26/01~~
~~114-104~~
~~Density Regulations~~
~~The density requirements of Section 23-22 (Maximum Number of Dwelling Units or Rooming Units) applicable to #predominantly built-up areas# shall apply to all #developments# within the Midblock Preservation Area.~~

~~11/2/78~~
~~114-111~~
~~Front yards~~
~~All #developments# shall provide a #front yard#. The required depth of the #front yard# shall be determined by the application of the provisions of this Section based upon the average depth of the #front yards# of the two adjacent #zoning lots#; however, in no event may the #front yard# be less than 5 feet nor shall it be required to exceed 18 feet.~~
~~(a) Where one of the adjacent #zoning lots# is vacant, the #front yard# of the adjacent and #developed zoning lot# shall be the average #front yard# depth for the purposes of this Section.~~

~~(b) Where both adjacent #zoning lots# are vacant or where the average #front yard# depth is less than five feet, the #development# shall provide a #front yard# of at least five feet.~~

~~(c) Where the average #front yard# depth exceeds 5 feet and the aggregate width of the #street wall# of the #development# is 150 feet or less, the #front yard# of the #development# shall have a depth within three feet, plus or minus, of the average #front yard# depth.~~

~~(d) Where the average #front yard# depth exceeds 5 feet and the aggregate width of the #street wall# of the new #development# exceeds 150 feet, the #front yard# of the new #development# shall have a depth within 5 feet of the average #front yard# depth.~~

~~11/2/78~~
~~114-112~~
~~Rear yards~~
~~All #developments# shall provide a #rear yard# of a depth sufficient to provide a combined #front yard-rear yard# depth of at least 45 feet; however, in no case may the #rear yard# have a depth less than 30 feet.~~

~~11/2/78~~
~~114-113~~
~~Side yards~~
~~A #side yard# is required for new #developments# only when an existing #building# on an adjacent #zoning lot# is located less than 8 feet from but not on the common #side lot line#. In no event shall the minimum distance between an existing #building# and new #building# across such common #side lot line# be less than 8 feet and in no event shall such required #side yard# be less than 4 feet. In all other cases, the underlying district regulations are applicable.~~

~~11/2/78~~
~~114-12~~
~~Through Lot Provisions~~
~~All #developments# within the Midblock Preservation Area (Area A) that are located on a #through lot# shall provide a #rear yard equivalent# as provided in Section 23-533, paragraph (a).~~
~~For #community facility buildings# or #residential buildings# that contain at least 4 #dwelling units#, the City Planning Commission may by special permit, after public notice and hearing, allow a modification in the requirements of this Section, provided the Commission finds that:~~

~~(a) the proposed siting of the #development# blends harmoniously with the existing character of the neighborhood;~~

~~(b) the proposed siting will not adversely impact light and air to surrounding properties;~~

~~(c) the modification is necessary in order to construct a #development# of superior design, layout and siting that might not otherwise be #developed#; and~~

~~(d) the #yards# created by the siting will provide useful #open space# in relation to the #use# or occupancy of the #development# and the #use# of such #yards# will not interfere with the enjoyment of adjacent #zoning lots#.~~

~~11/2/78~~
~~114-13~~
~~Limitation on Balconies~~
~~When unenclosed balconies are provided over a #front yard#, no portion of such balcony may be within five feet of the #front lot line#.~~
~~11/2/78~~

~~114-14~~
~~Parking Regulations~~
~~All new #residential developments# involving three #dwelling units# or less shall provide one enclosed #accessory# off-street parking space. The driveway providing access to such enclosed off-street parking space shall be perpendicular to the #street#. Further, such driveway may not be between 8 and 18 feet in length, as measured from the #street line# to the closest exterior wall of the enclosure. For #developments# containing three #dwelling units# or less, no parking is permitted in either the #side# or #rear yard#.~~

~~All #residential developments# involving 4 or more #dwelling units# or community facilities shall provide off-street parking in accordance with the underlying district regulations, except parking is not permitted in the #front yard#.~~

~~11/10/00~~
~~114-15~~
~~Special Permit for Development on Zoning Lots 40,000 Square Feet or Greater~~
~~For any #residential development# on a #zoning lot# 40,000 square feet or greater in a #Commercial District# within the Midblock Preservation Area (Area A), the City Planning Commission may permit up to the maximum #floor area ratio# of the underlying district to be applicable and may permit modification of all other #bulk# regulations, provided the #development# does not exceed sixty feet in height, and provided the Commission finds that:~~

~~(a) the proposed #development# blends harmoniously with the existing character of the neighborhood;~~

~~(b) the modification of #lot area# requirements will not result in a density of population in the #development# that will adversely affect the surrounding area;~~

~~(c) the proposed #development# will not adversely impact light and air to surrounding properties;~~

~~(d) such #bulk# modifications are necessary to construct a #development# of superior design, layout and siting than might otherwise be #developed#; and~~

~~(e) any curb cuts are located so as to minimize pedestrian and vehicular conflicts and congestion.~~

~~The City Planning Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area.~~

Note: Section number 114-20 moved and re-titled "SPECIAL TREE PLANTING REGULATIONS"

~~11/2/78~~
~~114-21~~
~~Use Regulations~~
~~For all #developments# within an underlying #Commercial District#, at least 50 percent of the portion of the ground floor within the #primary building zone# shall be occupied by #commercial# or #community facility uses#. Such #commercial# or #community facility use# shall have a minimum depth of at least 25 feet.~~

~~All #commercial uses# shall be located only on the ground floor.~~
~~11/2/78~~
~~114-22~~
~~Bulk Regulations~~

~~11/2/78~~
~~114-221~~

However, for a #mixed building# the maximum #floor area ratio# may be increased by .275 provided all such increased #floor area# is located on the ground floor and is occupied solely by #commercial# or #community facility uses#.~~

~~7/26/01~~
~~114-222~~
~~Height and setback regulations~~
~~The maximum height for all #developments# within the Avenue Preservation Area 1 (Area B) shall be 48 feet or four #stories# excluding the #basement#, whichever is less.~~

~~11/2/78~~
~~114-23~~
~~Street Wall Regulations~~

~~11/2/78~~
~~114-231~~
~~Street walls~~
~~For all #developments#, the building wall along each frontage of the #zoning lot# shall be coincident with the #street line# for at least 65 percent of the length of such building wall except where balconies are provided in accordance with the provisions of Section C26-604.2(g) of the Administrative Code of the City of Any building wall containing such balconies shall be, for at least 65 percent of its length, within five feet of the #street line#.~~
~~New York.~~
~~114-232~~
~~Street wall penetrations~~
~~No opening in a #street wall#, for the purpose of parking, is permitted along a #major street# frontage or along a #minor street# frontage within 55 feet of the intersection with the #street line# of a #major street#.~~

~~114-233~~
~~Street wall t~~ransparency
~~At least 25 percent of the area up to the height of the ceiling of the first #story# of the building wall which fronts upon a #major street# shall be a transparent surface.~~

~~11/2/78~~
~~114-24~~
~~Coverage—Open Space Regulations~~
~~For all #major street block# fronts within the Avenue Preservation Area 1 (Area B), there shall be a #primary building zone#, a #restricted building open space zone# and a #required open space zone#. All #developments# on #zoning lots# which are located within these zones shall be #developed# in accordance with the regulations for each particular zone as established in this Section and the #open~~

~~space# regulations of the underlying district shall not be applicable to such #development#. For the purpose of this Section, the following definitions shall apply.~~
~~Primary building zone~~

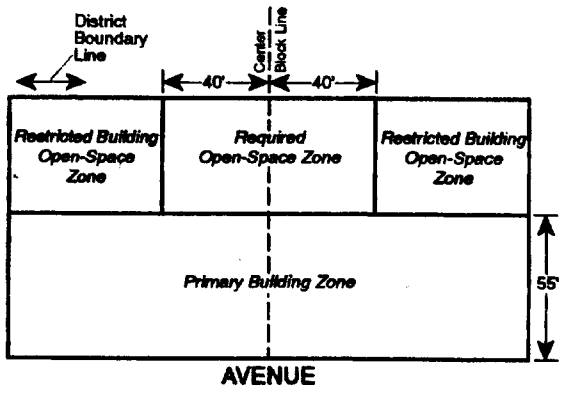
~~The "primary building zone" is that portion of a #block# which is within 55 feet of a #major street#. In addition, in the case where a #block# fronts upon a #minor street# which contains the boundary line between two areas as indicated on the District Plan (Appendix A), the #primary building zone# for such #block# shall also be that portion which is within 55 feet of such #minor street#.~~

~~In the case of ground floor #commercial uses#, the #primary building zone# for such commercial portion of #development# may extend up to 70 feet from the #front lot line# where such #development# is located on an #interior lot# which fronts upon a #major street# and which fronts upon a #block# frontage which is 230 feet or more in length.~~
~~Required open space zone~~

~~The "required open space zone" is that portion of a #block# not within the #primary building zone# and within 40 feet of the #center block line#.~~

~~Restricted building open space zone~~

~~The "restricted building open space zone" is that portion of the #block# not within the #primary building zone# nor within the #required open space zone#.~~



~~11/2/78~~
~~114-25~~
~~Development of Small Lots~~
~~For #zoning lots# which have a #major street# frontage of 50 feet or less, all #development# shall occur within the #primary building zone#. The remainder of the #zoning lot# shall be reserved for #open space#.~~

~~11/2/78~~
~~114-26~~
~~Development of Large Lots~~
~~For #zoning lots# which have a #major street# frontage which is in excess of 50 feet, the following regulations shall apply.~~

~~11/2/78~~
~~114-261~~
~~Primary building zone~~
~~#Development#, in accordance with the provisions of this Chapter, is permitted within the #primary building zone#.~~
~~11/2/78~~

~~114-262~~
~~Required open space zone~~
~~Within the #required open space zone# no #development# is permitted, and such zone shall be improved as #semi-private open space#. However, the following regulations with regard to permitted obstructions within the #required open space zone# shall apply.~~

~~(a) enclosed #accessory group parking facility# provided the roof of such facility is not more than 10 feet above #curb level#;~~

~~(b) flagpoles, eaves, kiosks, #accessory# sheds, breeze ways, and steps are permitted in accordance with the provisions of Section 23-44 (Permitted Obstructions in Required Yards or Rear Yard Equivalents) of this Resolution; and~~

~~(c) unenclosed #accessory group parking facilities#, enclosed #accessory group parking facilities# with roofs higher than 10 feet above #curb level#, driveways, service or mechanical equipment, loading berths, exhaust vents, building trash storage facilities and unenclosed balconies are not permitted obstructions within the #required open space zone#.~~

~~11/2/78~~
~~114-263~~
~~Restricted building open space zone~~
~~#Development# may occur within the #restricted building open space zone#, provided that for each square foot of #lot area# which is covered by such #development#, an amount of #private# or #semi-private open space#, as specified in this Section, is provided within the #development#.~~

~~For each square foot of the #restricted building open space zone# that is covered by the #development#, there shall be either one square foot of #semi-private open space# or two square feet of #private open space#. However, at least 50 percent of the #open space# to be provided shall be #semi-private open space#. Such #semi-private# or #private open space# may not be located on the ground level of any uncovered portion of #restricted building open space zone#.~~

~~11/2/78~~
~~114-264~~
~~Development of lots in excess of 40,000 square feet or for certain corner lots~~
~~For any #development# on a #zoning lot# which has at least 40,000 square feet of #lot area# and which fronts upon more than one #major street#, or for #corner lots# which front upon two #major streets# which are both within the same area designation as indicated on the District Plan (Appendix A), the Commission may by special permit modify the locational requirements of the #primary building zone#, the #required open space zone# and the #restricted building open space zone#, provided the Commission finds that:~~

~~(a) at least 20 percent of the #zoning lot# is #developed# as the #required open space zone# and is located on the #zoning lot# so as to maximize the amount of sunlight on such #open space# and on adjacent properties;~~

~~(b) 25 percent of the #zoning lot# is provided as the #restricted building open space zone#;~~

~~(c) in addition to complying with the applicable height limitation, the #development# relates to the character and scale of adjacent #development#; and~~

~~(d) any curb cuts are located so as to minimize pedestrian and vehicular conflicts and/or congestion.~~

~~11/2/78~~
~~114-27~~
~~Required Open Space Zone Improvements~~
~~All #open space# within the #required open space zone# shall be accessible to all tenants of the #development# and shall be improved and/or treated in accordance with the provisions of this Section. The owner of the #building# shall be responsible for the maintenance of the #required open space zone# including litter control, security, maintenance of accessways and equipment and replacement of vegetation.~~

~~11/2/78~~
~~114-271~~
~~Landscaping/Surfacing~~
~~At least 50 percent of the #open space# shall either be landscaped with flowers, shrubs, trees, bushes or grass or covered with decorative paving materials. Combinations of landscaping materials and decorative paving are permitted. The remaining portion shall be surfaced with a durable material which may be non-decorative.~~

~~11/2/78~~
~~114-272~~
~~Trees and planting~~
~~There shall be at least one tree of a minimum of 4 inch caliper for each 1,000 square feet of required #open space#. Such trees shall be planted in at least 3.5 cubic feet of top soil to a depth of at least 3 feet, 6 inches.~~

~~In addition, 150 linear feet of plants, flowers or shrubbery shall be provided for each 1,000 square feet of required #open space#.~~

~~11/2/78~~
~~114-273~~
~~Recreation facilities~~
~~The #required open space zone# may be #developed# with active recreation facilities, provided that such facilities do not occupy more than 25 percent of such required #open space#.~~

~~11/2/78~~
~~114-274~~
~~Access~~
~~The #required open space zone# and all required #open space# is to be accessible for the physically handicapped and shall contain at least one path of travel to:~~
~~(a) the major portion of such required #open space#;~~

~~(b) the building lobby from the required #open space#; and~~

~~(c) the adjacent sidewalks, if such access is provided at all.~~
~~Ramps shall be provided which have a minimum width of 36 inches and a slope not greater than 1:12, a non-skid surface and, for open edged ramps, a two inch high safety curb. At each end of the ramp there shall be a level area of at least 5 feet in length.~~
~~11/2/78~~
~~114-28~~
~~Semi-Private Open Space~~
~~All #semi-private open space# which is provided in order to satisfy the requirements of Section 114-263 (Restricted building open space zone) shall have a minimum area of 400 square feet, exclusive of accessways. At least 50 percent of the total area shall be landscaped with trees, flowers, shrubs or plants. Where trees are provided they shall be of 4 inch caliper and be planted in at least 3.5 cubic yards of top soil to a depth of at least 3 feet, 6 inches.~~

~~Remaining unlandscaped portions may be improved for either active or passive recreation. The area should contain a suitable amount of seating and the surface shall be appropriately treated for safe walking. #Semi-private open space# may be located on any roof of the #development#.~~

~~Access for physically handicapped persons shall be provided in accordance with the provisions of Section 114-274 (Access).~~

~~Any mechanical equipment that is located either near or within the required #semi-private open space# shall be screened and/or buffered to reduce any noise or emissions therefrom. No intake or exhaust duct shall face directly into the area.~~

~~The building owner shall be responsible for the maintenance of the #semi-private open space# including litter control, security, maintenance of accessways and equipment and replacement of vegetation.~~

~~3/4/82~~
~~114-29~~
~~Parking Regulations~~
~~All #developments# shall provide off-street parking spaces in an amount equal to 50 percent of the number of #dwelling units# contained in the #development#. However, for #developments# on #interior lots# which have a #lot area# of 5,000 square feet or less, no off-street parking spaces are required.~~

~~However, for #developments# on #interior lots# which have a #lot area# of 5,000 square feet or less as of November 2, 1979, no off-street parking spaces are required.~~

~~3/4/82~~
~~114-30~~
~~AVENUE PRESERVATION AREA 2 (Area C)~~
~~The provisions of this Section shall apply to all #developments# within the area designated as Area C on the District Plan (Appendix A). The regulations applicable to Area C shall be those that apply to Area B, as set forth in Sections 114-20 through 114-29, inclusive, except as provided in this Section.~~

~~However, the Commission may by authorization modify the regulations relating to parking requirements and #open space# requirements in Sections 114-20 through 114-29, inclusive, and may modify spacing between #building# requirements, provided that the following findings are made:~~
~~(a) that the #development# consists of #buildings# no more than three #stories# in height, on a #zoning lot# in excess of 40,000 square feet.~~

~~(b) that at least 20 percent of the #zoning lot# is #developed# as the #required open space zone#.~~
~~(c) that at least 25 percent of the #zoning lot# is provided as the #restricted building open space zone#.~~

~~(d) that any curb cuts are located so as to minimize pedestrian and vehicular conflicts and/or congestion.~~

~~11/2/78~~
~~114-31~~
~~Height and Setback Regulations~~
~~The maximum height for any #development# within Area C shall be sixty feet or six #stories#, whichever is less.~~

~~When any portion of the #development# extends more than 55 feet from the #front lot line#, such portion of the #development# which is beyond 55 feet from the #front lot line# shall not exceed a height of 40 feet.~~

~~7/26/01~~
~~114-32~~
~~Use Restrictions~~
~~Except where the underlying district designation is C4-2, all #commercial uses# shall be limited to the ground floor.~~

~~11/2/78~~
~~114-40~~
~~AVENUE PRESERVATION AREA 3 (Area D)~~
~~The provisions of this Section shall apply to all #developments# within the area designated as Area D on the District Plan (Appendix A).~~

~~The regulations applicable to Area D shall be those that apply to Area B, as set forth in Sections 114-20 through 114-29, inclusive, except as provided in this Section.~~

~~11/2/78~~
~~114-41~~
~~Maximum Floor Area Ratio~~
~~The maximum #floor area ratio# for #residential# or #community facility buildings#, or where permitted by the underlying district regulations for #commercial buildings#, or for a #mixed building# containing any combination of such #uses#, shall be 2.75.~~

~~11/2/78~~
~~114-42~~
~~Height and Setback Regulations~~
~~The maximum height for any #development# within Area D shall be eighty feet or 8 #stories#, whichever is less. Above the height of sixty feet or six #stories# there shall be a setback of at least 10 feet from any #street line#.~~

~~When any portion of a #development# extends more than 55 feet from the #front lot line#, such portion of the #development# which is beyond 55 feet from the #front lot line# shall not exceed a height of 40 feet.~~

~~11/2/78~~
~~114-50~~
~~OTHER AREAS (Area E)~~
~~The provisions of this Section shall apply to all #developments# within the area designated as Area E on the District Plan (Appendix A).~~

~~The regulations applicable to Area E are primarily those of the underlying district designations, except as these regulations are modified or changed by the provisions of Sections 114-00 through 114-08, inclusive, and by the provisions of this Section.~~

~~6/30/89~~

~~114-51~~
~~Height Limitations~~

~~The following height limitations shall apply to all #developments# within Area E.~~

~~(a) For #zoning lots# within the underlying district designation of R3-2, Section 23-631 (Height and setback in R1, R2, R3, R4 or R5 Districts) shall apply except that the maximum height for any #development# shall be 32 feet or three #stories#, whichever is less.~~

~~(b) For #zoning lots# which have the underlying district designation of R7 the maximum height for any #development# shall be 80 feet or eight #stories#.~~

~~(c) For #zoning lots# which have the underlying district designation of R6, the maximum height for any #development# shall be 60 feet or six #stories#.~~

PARKS AND RECREATION

■ JOINT PUBLIC HEARING

NOTICE OF A JOINT PUBLIC HEARING between the Franchise and Concession Review Committee and the Department of Parks and Recreation to be held on Monday, February 7, 2005 at Spector Hall, 22 Reade Street, Main Floor, Borough of Manhattan, commencing at 10:00 a.m. relative to:

AUTHORIZATION to enter into a Sole Source Concession Agreement with Theatre Development Fund (TDF), located at 1501 Broadway, New York, NY 10036, for the operation and management of a discount ticket stand to be constructed in Father Duffy Square, located at West 47th Street and Broadway, Borough of Manhattan, for a term of twenty (20) years commencing September 1, 2005. TDF will pay Parks a fee of $39,000 for the first year of the license term; the fee will escalate annually based on increases in the Consumer Price Index (CPI); however, if the CPI goes down, the license fee will remain the same. Additionally, in years six (6), eleven (11) and sixteen (16), if the CPI increase over each of the respective prior five (5) year periods is less than the percentage increase in the service charge attached to the ticket sale covering that same period, TDF's license fee will be further increased by the difference between the percentage increase in the CPI and the percentage rise in TDF's service charge.

LOCATION Father Duffy Square, West 47th Street and Broadway, Manhattan.

Interested parties may obtain a copy of the proposed license agreement in Room 313 at the Arsenal, Central Park, 830 Fifth Avenue, NY, NY 10021 on Wednesday, January 12, 2005 through Monday, February 7, 2005, exclusive of Saturdays, Sundays and holidays.

COURT NOTICE

SUPREME COURT

■ NOTICE

NEW YORK COUNTY
IA PART 28
NOTICE OF ACQUISITION
INDEX NUMBER 403784/04

In the Matter of the Application of the City of New York, relative to acquiring title in fee simple absolute to certain real property where not heretofore acquired for the same purpose, required as a site for the construction of the

THIRD WATER TUNNEL, SHAFT 30B

located on Grand Street, and bounded by Crosby Street and Lafayette Street, in the Borough of Manhattan, City and State of New York.

PLEASE TAKE NOTICE, that by order of the Supreme Court of the State of New York, County of New York, duly entered in the office of the Clerk of the County of New York on January 12, 2005, the application of the City of New York to acquire certain real property, for the construction of the THIRD WATER TUNNEL, SHAFT 30B, was granted and the City was thereby authorized to file an acquisition map with the Clerk of the County of New York or the City Register. Said map, showing the property acquired by the City, was filed with the City Register on January 14, 2005. Title to the real property vested in the City of New York on January 14, 2005.

The City has acquired the following parcel of real property:

BLOCK	LOT
473	47

PLEASE TAKE FURTHER NOTICE, that pursuant to said Order and to Sections 503 and 504 of the Eminent Domain Procedure Law of the State of New York, each and every person interested in the real property acquired in the above-referenced proceeding and having any claim or demand on account thereof is hereby required, on or before January 14, 2006 (which is one (1) calendar year from the title vesting date), to file a written claim with the Clerk of the Court of New York County, and to serve within the same time a copy thereof on the Corporation Counsel of the City of New York, Tax and Bankruptcy Litigation Division, 100 Church Street, New York, New York 10007. Pursuant to EDPL Section 504, the claim shall include:

A. the name and post office address of the condemnee;

B. reasonable identification by reference to the acquisition map, or otherwise, of the property affected by the acquisition, and the condemnee's interest therein;

C. a general statement of the nature and type of damages claimed, including a schedule of fixture items which comprise part or all of the damages claimed; and,

D. if represented by an attorney, the name, address and telephone number of the condemnee's attorney.

Pursuant to EDPL Section 503(C), in the event a claim is made for fixtures or for any interest other than the fee in the real property acquired, a copy of the claim, together with the schedule of fixture items, if applicable, shall also be served upon the fee owner of said real property.

PLEASE TAKE FURTHER NOTICE, that, pursuant to Section 5-310 of the New York City Administrative Code, proof of title shall be submitted to the Corporation Counsel of the City of New York, Tax and Bankruptcy Litigation Division, 100 Church Street, New York, New York 10007 on or before January 14, 2007 (which is two (2) calendar years from the title vesting date).

Dated: January 18, 2005, New York, New York

REAL ESTATE VALUATION AND APPRAISAL RFP – Request for Proposals – PIN# 201600 – DUE 02-14-05 AT 4:00 P.M. – New York City Economic Development Corporation (NYCEDC) seeks proposals for valuation and appraisal services related to multi-family residential, commercial, and multi-use projects located throughout New York City on an as-needed basis for a term of three (3) years, with one-year extensions at NYCEDC's discretion.
NYCEDC sells and leases City-owned land for private development of industrial, retail, office, multi-family residential, and institutional uses. These transactions may involve a parcel for construction of a warehouse for a small business or assemblages for large, multi-use developments. It also directly leases City-owned retail and industrial buildings and facilities to private tenants. To assure successful projects that promote economic betterment, NYCEDC may provide public funds and incentives in support of these transactions. In connection with these activities, NYCEDC intends to place several consultants on retainer to provide valuation and appraisal services. Chosen firms will have experience in New York City, and, as a minimum, are expected to have a New York State real estate appraisal certification. Preference will be given to firms that also have staff with a MAI certification. The services to be provided may include, but are not limited to, valuation of fee simple or partial fee interests in land and/or improvements thereon, appraisal of development rights, appraisal reviews, market studies, and calculation of return on investments. NYCEDC intends to retain firms with full service capability and those with a selective scope of work and experience.

DEVELOP TRANSITIONAL RESIDENCE FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – Competitive Sealed Proposals – Judgment required in evaluating proposals - PIN# 071-00S-003-262 – DUE 01-03-06 AT 5:00 P.M. – The Department of Homeless Services is soliciting proposals from organizations interested in developing and operating transitional residences for homeless adults and families including the Neighborhood Based Cluster Residence and drop-in centers for adults. This is an open-ended solicitation; there is no due date for submission. Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-forth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the transitional residence contracts will range from 3 to 20 years including renewal options and depending on the financial terms and conditions.

Pursuant to Section 312 (c) (1) (ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgment is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03 (c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences in order to address the need to create additional shelter capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated as a for-profit entity; 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed Standalone facility location(s); and 3) must demonstrate an intent to enter into lease agreements with the owner(s) or management designee(s) for each property.

Any organization that believes it can provide these services may contact: John Iaffaldano, Associate Staff Analyst, Office of Contracts and Procurement at the Department of Homeless Services at (212) 361-8435, 33 Beaver Street, 13th Floor, NY, NY 10004, to request a copy of the RFP application, which is available for pick-up Monday through Friday on business days between the hours of 9:00 a.m. to 5:00 p.m.

ORIGINAL NEW YORK CITY-SPECIFIC PROGRAMMING – Request for Proposals – PIN# NYCMGPROG – DUE 02-04-05 AT 5:00 P.M. – NYC Media Group is seeking a programmer to provide programming on a variety of New York City's many neighborhoods, and all their little-known places, events and personalities, for the Winter/Spring 2005 Season.

The awarding of programming rights, in addition to having the necessary technical qualifications, is based on NYC Media Group's selection and evaluation criteria, which relate to the ability of potential programmers to meet the City's goals and bring added value to the City's Brand. Such criteria include the following:

- Financial responsibility
- History of responsibility
- Current or future role in the City
- Direct revenue
- Impact on economic development
- Compatibility with other partners

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/ blueprints; other information; and for opening and reading of bids at date and time specified above.

READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council**, 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists--free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

PROCUREMENT POLICY BOARD RULES

The Rules may also be accessed on the City Website, http://NYC.GOV.Selltonyc

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.
