SUPREME COURT

■ NOTICE

NEW YORK COUNTY
IA PART 28
ORDER TO SHOW CAUSE BY VERIFIED PETITION
INDEX NUMBER 403782/04

In the Matter of the Application of the City of New York, relative to acquiring permanent underground easements to a volume of real property located between 325 feet and 615 feet below main sea level at Sandy Hook, New Jersey, usually 50 feet wide, where not heretofore acquired for the same purpose, for the construction of

CITY TUNNEL NO. 3, STAGE 2, PHASE 3, and appurtenances in the Borough of New York from Hudson Street and Laight Street to East Fourth Street and Bowery, and from 10th Avenue and West 31st Street to 2nd Avenue and East 54th Street

On reading and filing the Order to Show Cause, the annexed Verified Petition dated November 9, 2004 ("Verified Petition"), and the exhibits annexed to said Verified Petition;

IT IS ORDERED that all interested parties show cause before this Court at the courthouse located at 60 Centre Street, Room 408, New York, New York, at Individual Assignment Part 28, on January 25, 2005, at 9:30 A.M. or as soon thereafter as counsel may be heard, why an Order should not be entered:

1. granting the Verified Petition in all respects;

2. authorizing the City of New York (the "City") to file an acquisition map in the office of the Clerk of New York County of the Office of the City Register;

3. directing that upon the filing of said map, permanent underground easements to certain real property sought to be acquired, described below in Schedules No. 1 and 2, shall vest in the City;

4. providing that just compensation therefore be ascertained and determined by the Supreme Court without a jury; and,

5. providing that notices of claim must be served and filed within one calendar year from the vesting date; and,

IT IS ORDERED that sufficient reason appearing, service by certified mail return receipt requested (as provided in Section 402(B)(2) of the Eminent Domain Procedure Law), of a copy of this Order and the Verified Petition, upon the Taxpayers of Record and Last Owners, as set forth in Schedule A, which is part of the Notice of Pendency, annexed to the Verified Petition as Exhibit A, on or before December 8, 2004, shall be sufficient service;

REDEVELOPMENT OF A PORTION OF THE FARM COLONY IN STATEN ISLAND – Request for Expressions of Interest – DUE 02-18-05 AT 4:00 P.M. – Located in the Willowbrook area of central Staten Island, the Site is part of the Farm Colony - Seaview Hospital Historic District. The approximately 59-acre Site is zoned R3-2 with a NA-1 (Special Natural Area District) overlay. Eleven historically significant and deteriorated buildings are located on the Site, which is identified as Block 1955, part of Lot 1 in the Borough of Staten Island tax map.
NYCEDC's goal is to solicit ideas for the redevelopment of the Site that address the unique constraints affecting development including, but not limited to, the rehabilitation and adaptive reuse of the existing buildings. Other development goals include sensitivity to both the Site's location in a Special Natural Area District and its bucolic setting within the Staten Island Greenbelt, as well as the Site's adjacency to low-density residential and institutional development. Therefore, development concepts should focus on cultural, educational, and recreational uses permitted by zoning. All proposals for new construction must be consistent with the recommendations made by the Mayor's Staten Island Growth Management Task Force. Further, general residential uses will not be permitted on the Site. Senior housing, although not a preferred use, will be considered on a case-by-case basis.

A question-and-answer session to discuss the Site and tour will be held on January 20, 2005 at 10:00 a.m. To attend the question-and-answer session and site visit, please call (212) 312-3875 on or before January 14, 2005. Interested parties are strongly encouraged to attend.

For more information, and to request a copy of the RFEI, visit www.nycedc.com/farmcolonyRFEI or call (212) 312-3969. Please submit six (6) copies of your proposal.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/blueprints; other information; and for opening and reading of bids at date and time specified above.

REHAB. ON THE STATEN ISLAND RAILROAD ARTHUR KILL LIFT BRIDGE – Public Bid – DUE 01-27-05 AT 2:00 P.M. – As part of the City's efforts to reactivate freight service on the Staten Island Railroad, the New York City Economic Development Corp. is letting this bridge rehab. contract (#5320016). Located between the Howland Hook Marine Terminal and the Gothels Bridge on the west shore of Staten Island, the Arthur Kill Lift Bridge is a single-track movable bridge that spans approximately 500' over the Arthur Kill. Built in 1958 this bridge was in use until the early 1990's. The bridge is currently operational and the intent of this rehab is to prepare it for daily reliable use. The proposed bid date is January 27, 2005 and a site visit is schedule for January 6, 2005. Bidders interested in attending the site visit must register at the Port Ivory Security Office on Western Avenue, a pre walk through meeting will be held at Port Ivory Administration Building.

The scope of work entails lead paint abatement, cleaning and painting structural steel and machinery house exteriors, concrete spall and crack repairs, replacement of bridge walkways and railings, electric signal and power upgrades, installation of new meter house and meter house electrical equipment, bridge machinery repairs, bridge balancing and start-up. The engineer's estimate is approximately $6,000,000. The cost of the Bid package is $200 USD payable to either a certified bank check or money order. Cash, personal or company checks are not acceptable. All submitted bids are required to have a Bid bond.

DEVELOP TRANSITIONAL RESIDENCE FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – Competitive Sealed Proposals – Judgment required in evaluating proposals -
PIN# 071-00S-003-262 – DUE 01-03-06 AT 5:00 P.M. – The Department of Homeless Services is soliciting proposals from organizations interested in developing and operating transitional residences for homeless adults and families including the Neighborhood Based Cluster Residence and drop-in centers for adults. This is an open-ended solicitation; there is no due date for submission. Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-forth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the transitional residence contracts will range from 3 to 20 years including renewal options and depending on the financial terms and conditions.

Pursuant to Section 312 (c) (1) (ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgment is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03 (c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences in order to address the need to create additional shelter capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated as a for-profit entity; 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed Standalone facility location(s); and 3) must demonstrate an intent to enter into lease agreements with the owner(s) or management designee(s) for each property.

Any organization that believes it can provide these services may contact: John Iaffaldano, Associate Staff Analyst, Office of Contracts and Procurement at the Department of Homeless Services at (212) 361-8435, 33 Beaver Street, 13th Floor NY, NY 10004, to request a copy of the RFP application, which is available for pick-up Monday through Friday on business days between the hours of 9:00 a.m. to 5:00 p.m.

■ NOTICE

LOCAL LAWS
OF
THE CITY OF NEW YORK
FOR THE YEAR 2004

No. 49

Introduced by Council Members Weprin and James (by request of the Mayor).

A LOCAL LAW

To amend the administrative code of the city of New York, in relation to the establishment of the Myrtle Avenue Brooklyn business improvement district.

Be it enacted by the Council as follows:

Section 1. Chapter 5 of title 25 of the administrative code of the city of New York is amended by adding a new section 25-466 to read as follows:

§ 25-466 Myrtle Avenue Brooklyn business improvement district.

a. The city council having determined, pursuant to section 25-407 of chapter four of this title: that notice of hearing for all hearings required to be held was published and mailed as required by law and was otherwise sufficient; that, except as otherwise provided in section 25-403 of chapter four of this title, all the real property within the boundaries of the district will benefit from the establishment of the district; that all the real property benefited is included within the limits of the district; and that the establishment of the district is in the public interest; and the council having determined further that the requisite number of owners have not objected as provided in section 25-406 of chapter four of this title, there is hereby established in the borough of Brooklyn, the Myrtle Avenue Brooklyn business improvement district. Such district is established in accordance with the district plan required to be filed with the city clerk pursuant to subdivision (b) of this section.

b. Immediately upon adoption of this local law by the council, the council shall file with the city clerk the district plan upon which the Myrtle Avenue Brooklyn business improvement district is based.

c. The district plan shall not be amended except in accordance with chapter four of this title.

§ 2. This local law shall take effect upon compliance with section 25-408 of chapter 4 of title 25 of the administrative code of the city of New York.

THE CITY OF NEW YORK, OFFICE OF THE CITY CLERK, s.s.: I hereby certify that the foregoing is a true copy of a local law of the City of New York, passed by the Council on October 27, 2004, and approved by the Mayor on November 9, 2004.

VICTOR L. ROBLES, City Clerk and Clerk of the Council

TRANSPORTATION

■ NOTICE

Notice of Opportunity to Comment on Proposed Rule regarding the installation of temporary festoon/holiday lighting and/or other temporary lighting.

NOTICE IS HEREBY GIVEN PURSUANT TO THE AUTHORITY VESTED IN THE Commissioner of Transportation by section 2903(b) of the New York City Charter, and in accordance with section 1043 of the Charter, that the Department of Transportation proposes to amend section 2-03 and subdivision (e) of section 2-14 of Chapter 2 of Title 34 of the Official Compilation of the Rules of the City of New York, the Highway Rules. Matter underlined is new; matter [in brackets] is deleted. This rule was included in the agency's regulatory agenda.

Written comments regarding the proposed rules may be sent to Mr. Steven Galgano, Executive Director - Engineering, Department of Transportation, Division of Traffic Operations, 34-02 Queens Blvd, Long Island City, NY 11101 on or before February 10, 2005. A public hearing shall be held on February 10, 2005 at 40 Worth Street, Room 999, New York, NY at 10:30 a.m. Persons seeking to testify are requested to notify Mr. Galgano at the address stated above. Persons who need a sign language interpreter or other accommodation for a disability at the hearing are asked to notify Mr. Galgano at the foregoing address by February 3, 2005. Persons interested in receiving comments may request them by writing to: Department of Transportation, Record Access Office, 40 Worth Street, New York, N.Y. 10013. Iris Weinshall, Commissioner.

Section 1. Section 2-03 of Title 34 of the Rules of the City of New York is amended to add the following entry under "Construction Activity Permits":

Permit or Activity	Fee	Other Charges	Maximum Duration per Permit	Maximum Distance per Permit	Maximum Width per Permit
Hang temporary [decorative lights] festoon/holiday lighting and/or other temporary lighting	$50.00		[30] 90 days	One block face	

§2. Subdivision (e) of section 2-14 of Title 34 of the Rules of the City of New York is amended to read as follows:

(e) **[Holiday Lights.] Temporary Festoon/Holiday Lighting and/or other Temporary Lighting.**

(1) No individuals shall be permitted to hang [holiday lights] temporary festoon/holiday lighting and/or other temporary lighting from lampposts or poles containing electrical traffic control devices.

(2) Groups, including but not limited to, Business Improvement Districts, Block Associations and Chambers of Commerce shall be permitted to hang [such lights] temporary holiday/festoon lighting and/or other temporary lighting from lampposts, provided the following conditions are met:

(i) All temporary festoon/holiday lighting and/or other temporary lighting, their attachments, accessories, installations, and methods of attachment shall be in compliance with the applicable requirements of these rules, the New York City Electrical Code (Chapter 3 of Title 27 of the Administrative Code) and the rules of the New York City Department of Buildings.

([i] ii) A letter requesting permission to hang [holiday lights] temporary festoon/holiday lighting and/or other temporary lighting shall be sent to the Department's Street Lighting Unit each year, [30] 60 days before the holiday or event by the sponsoring group. Such letter shall state the anticipated installation and removal dates of the lights, [and] the proposed location(s) [for hanging the lights] where the lights shall be installed including the number of block faces of streets to be used, and the number of poles to be affected, including those from which power is to be drawn and those that are to be used only as an attachment for the temporary lighting.

(iii) The Street Lighting Unit shall provide a disposition in writing. If approved, the sponsoring group shall submit the letter of consent from the Street Lighting Unit to the Department of Buildings when applying for a Certificate of Electrical Inspection.

([ii] iv) The sponsoring group shall hire an electrical contractor licensed by the City to furnish and install a Ground Fault Circuit Interrupter (GFCI) weatherproof receptacle and install the lighting fixtures and supporting equipment. The GFCI shall be installed near the top of the shaft of the lamppost from which the power is to be drawn. [The contractor shall file an application for a Certificate of Electrical Inspection with the Department of Buildings prior to commencing work.]

([iii] v) The sponsoring group shall be responsible for the maintenance and replacement, [if] as necessary, of [these] the weatherproof receptacles.

(vi) The contractor shall obtain a Certificate of Electrical Inspection from the Department of Buildings prior to applying for a permit from the Department.

([iv] vii) The sponsoring group shall make arrangements with the appropriate electric utility company to pay for the electricity that will be used to illuminate the [holiday lights] temporary festoon/holiday lighting and/or other temporary lighting.

([v] viii) The sponsoring group shall obtain and maintain in force an insurance policy holding the City harmless from any and all claims for personal injury or property damage arising from the installation, maintenance and eventual removal of the [holiday lights] temporary festoon/holiday lighting and/or other temporary lighting.

(ix) A permit shall be obtained from the Department of Transportation, prior to commencing work, upon the showing of the letter of consent from the Street Lighting Unit and the Certificate of Electrical Inspection from the Department of Buildings pursuant to ubparagraphs (iii) and (vi) of this paragraph.

(x) Temporary festoon/holiday lighting and/or other temporary lighting with necessary feed wires and supports may be permitted over sidewalks for a period not to exceed 90 days, provided they do not interfere with the free use of fire escapes and drop ladders. All such electrical construction shall be removed within the time stated on the permit, excluding the authorized GFCI weatherproof receptacle. The receptacle shall be permitted to remain provided that it is properly maintained. Any receptacle(s) not properly maintained shall be removed, within one (1) to ten (10) days of notice from the Department, as directed by the Department, by the sponsoring group at its sole cost and expense. In the event that the sponsoring group fails to remove the receptacle(s) or in the case of an emergency, the Department may remove such receptacle(s) and charge the cost of removal to the sponsoring group.

(xi) The electrical service shall not exceed 120 volts and shall not be fused larger than fifteen (15) amperes.

(xii) The installation of temporary festoon/ holiday lighting and/or other temporary lighting shall comply with the minimum height clearances below:

Nature of Crossing	Conductors Guys, Spans, Messengers Under 300 Volts	300 Volts to 750 Volts	750 Volts to 15,000 Volts	15,000 Volts to 33,000 Volts
Above track rails of freight railroads.	27 feet	27 feet	28 feet	30 feet
Above track rails of elevated railways.	25 feet	25 feet	25 feet	25 feet
Above track rails of surface railways.	22 feet	22 feet	25 feet	25 feet
Above roadways of streets, etc.	18 feet	18 feet	20 feet	22 feet
Above spaces or ways accessible to pedestrians only, i.e. sidewalks and alleyways.	14 feet* *For guys, 8 feet shall be sufficient for anchor guys not crossing pathways.	18 feet	20 feet	22 feet

(xiii) Temporary festoon/holiday lighting and/or other temporary lighting, strings or messengers shall not be supported by or secured to any fire escape or drainpipe. They shall be insulated from their supports by strain insulators.

(xiv) Streamers, messengers or supports shall not be attached to or supported from electric, light, telephone, communications or trolley poles or lines without permission from the owners.

(xv) Any sponsoring group and/or contractor who fails to comply with the requirements of this subdivision shall be excluded from the permit process for temporary festoon/holiday lighting and/or other temporary lighting for the following year or seasonal cycle, or as determined by the Department.

(xvi) Requests to make adjustments to the work performed shall be approved by the Department.

(xvii) The Department may mandate that changes be made to the work performed.

(xviii) At the completion of the work, a letter shall be sent to the Department certifying that the work was conducted in accordance with all rules and regulations.

STATEMENT OF BASIS AND PURPOSE OF PROPOSED RULE
The Commissioner of the Department of Transportation is authorized to regulate work taking place on City streets and sidewalks pursuant to section 2903 of the New York City Charter and Title 19 of the New York City Administrative Code.

Section 2-03 is being amended to increase the duration and distance covered by a permit for hanging temporary festoon/holiday lighting and/or other temporary lighting.

Subdivision (e) of section 2-14 is being amended to enable the Department to more closely monitor the installation of temporary festoon/holiday lighting and/or other temporary lighting to ensure its safety and compliance with all applicable rules.

DESIGN & CONSTRUCTION

■ NOTICE

Determination and Findings of the City of New York Pursuant to Section 204 of the NYS Eminent Domain Procedure Law

Whereas, the acquisition of certain street properties known as portions of Amboy Road from Parkwood Avenue to Madera Street, Seguine Avenue from Amboy Road to Waterbury Avenue, and Foster Road from Wheeling Avenue to Amboy Road has been proposed by the City of New York; and

Whereas, the acquisition is pursuant to the NYS Eminent Domain Procedure Law ("EDPL") which provides a uniform procedure for condemnations by municipalities throughout the State; and

Whereas, pursuant to the EDPL, the City of New York is required to hold a public hearing to determine whether the public would be served by the proposed acquisition of the above-mentioned property and the impact of such acquisition on the locality where the project is to be constructed; and

Whereas, the City of New York held a public hearing concerning this acquisition on November 3, 2004, in the borough of Staten Island.

Now, therefore, let it be known that the City of New York, pursuant to section 204 of EDPL, hereby determines and finds:

(1) The public use and benefit of this project is to improve street and traffic safety through various methods. The City will widen and reconstruct roadways, reconstruct sidewalks and curbs, and install new traffic appurtenances (streetlights, signals, etc).

(2) The property to be acquired is shown on the Tax Map of the City of New York for the Borough of Staten Island and include the following: Block 6681, part of lots 15, 45, 65, 70; Block 6724, part of lots 50, 54, 61; Block 6858, part of lot 66; Block 6896, part of lots 52, 53, 71, 76, and the beds of the street for Amboy Road, Foster Road and Seguine Avenue.

The location of the proposed acquisition is:

Amboy Road from Parkwood Avenue to Madera Street; Seguine Avenue from Amboy Road to Waterbury Avenue; and Foster Road from Wheeling Avenue to Amboy Road; In the Borough of Staten Island, City of New York. The location was selected based on the need for pedestrian and traffic safety improvements.

(3) The general effect on the residents of the locality will be improved traffic and pedestrian safety. This safety **improvement project was the subject of a completed environmental impact study (and subsequent modifications)** for the Lemon Creek Watershed area. The EIS concluded **that there was no significant negative impact on the environment.**

(4) Comments and concerns raised by property owners at the public hearing and through subsequent written submissions are being reviewed by the City. Issues raised at the hearing include concerns about increased traffic volume and placement of private electric utility facilities on the residential streets. Residents also requested that the City review its plans to remove certain existing retaining walls and guard railings. The City continues to review the plans and will make modifications addressing these concerns whenever possible. DDC will work with the Department of Transportation, the community and other City agencies to insure that proper street amenities, i.e.; traffic signals, pavement markings, traffic barriers and lighting are installed pursuant to City procedures. DDC has referred questions concerning placement of utilities to the appropriate utility operator and will continue to work with the utilities to review the situation.

NOTICE:

Pursuant to EDPL section 207, property owners have thirty (30) days from completion of the publication of this determination and findings to seek judicial review of the determination and findings. Expected date of publication is January 10 –January 12, 2005.

Pursuant to EDPL sections 207 and 208, exclusive venue for judicial review of these determination and findings is the Appellate Division of the Supreme Court in the Judicial Department where any part of the property to be acquired is located.

Copies of this determination and findings of the New York City are available without cost upon written request to:

TO: OCCUPANTS, FORMER OCCUPANTS AND OTHER INTERESTED PARTIES OF

Address	Application #	Inquiry Period
785 9th Avenue, Manhattan	C25/04	September 5, 1973 to Present

Prior to the issuance of a permit by the Department of Buildings for the alteration or demolition of residential buildings in certain areas of the Special Clinton District, the Department of Housing Preservation and Development is required to certify that: 1) prior to evicting or otherwise terminating the occupancy of any tenant preparatory to alteration or demolition, the owner shall have notified HPD of the owner's intention to alter or demolish the building and 2) the eviction and relocation practices followed by the owner of the building satisfy all applicable legal requirements and that no harassment has occurred.

The owner of the building located at the above-referenced address seeks the issuance of an HPD Certification. The owner has represented and certified to HPD of the owner's intention to alter or demolish the building and that the eviction and relocation practices followed by the owner satisfy all applicable legal requirements and that no harassment has occurred. For your information HPD considers harassment to include, but not be limited to, the threatened or actual use of physical force, deprivation of essential services such as heat, water, gas or electric, or any other conduct intended to cause persons to vacate the premises or waive rights related to their occupancy.

HPD requests that if you have any comments or evidence of unlawful eviction and relocation practices or harassment occurring at the above referenced premises that you notify the Housing Litigation Division, SRO Anti-Harassment Unit, 3rd Floor, 100 Gold Street, New York, NY 10038, by letter postmarked not later than 30 days from the date of this notice or by an in-person statement made within the same period. READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council,** 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists--free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

PROCUREMENT POLICY BOARD RULES

The Rules may also be accessed on the City Website, http://NYC.GOV.Selltonyc

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

CHARTER REVISION COMMISSION

■ PUBLIC MEETING

The 2005 Charter Revision Commission will hold a public meeting on January 19, 2005. The topic of this meeting will be administrative law reform. The Commission will hear expert testimony from Carol Robles-Roman, Deputy Mayor for Legal Affairs. Although administrative law reform will be the main subject of this public meeting, Commission business will not necessarily be limited to that topic. The Commission may also consider other topics related to its review of the City Charter. As this is a public meeting and not a public hearing, the public will have the opportunity to observe, but not to testify.
Time: 7:00 P.M.
Location: Spector Hall, 22 Reade Street, 1st Floor. Located between Broadway and Centre Street in Lower Manhattan.

Individuals requesting spoken or sign language interpreters for any of these public meetings should contact Commission staff member Brian Geller at (212) 788-2952 five (5) business days prior to the Public Meeting. TDD users should call Verizon Relay Services.

To contact the Commission by telephone, please call (212) 676-2060.
To contact the Commission by mail, please write to:

SPECIAL USE REGULATIONS

* * *

62-29
Special Use Regulations for Waterfront Access Plan BK-1

All Use Group 6 and 9 #uses# delineated in Section 62-212 (Waterfront-Enhancing Uses) not otherwise permitted, shall be a permitted use on any parcel identified in Waterfront Access Plan BK-1, provided that such use is limited to not more than 10,000 square feet of #floor area# per establishment; the total amount of #floor area# used for such #uses# does not exceed two per cent of the total amount of #floor area# permitted on such parcel; and such #uses# are located below the level of the first #story# ceiling of a #building# or are located on a #pier# or #platform#.

Additionally, Docks for water taxis (Use Group 6) and Docks or mooring facilities for non-commercial pleasure boats (Use Group 6) shall be a permitted use on any parcel identified in Waterfront Access Plan BK-1.

* * *

62-30
SPECIAL BULK REGULATIONS

All #zoning lots# within #waterfront blocks# shall comply with the #bulk# regulations of this Section. For the purposes of this Section, non-#waterfront blocks# included in Waterfront Access Plan BK-1 shall be considered to be #waterfront blocks#. Existing non-complying buildings or other structures shall be subject to the provisions of Article V (Non-Conforming Uses and non-complying Buildings).

* * *

62-35
Special Bulk Regulations within Waterfront Access Plan BK-1

Within Waterfront Access Plan BK-1 the Special Bulk Regulations of this section are further modified as delineated herein.

62-351
Special floor area, lot coverage and residential density distribution regulations

Within any parcel, and between any adjacent parcels which are under single fee ownership and with respect to which each party having any interest therein is a party in interest (as defined in (e) of the definition of a #zoning lot# in Section 12-10), identified in Waterfront Access Plan BK-1; the total #floor area# and #lot coverage# permitted pursuant to Section 62-32 and the residential density permitted pursuant to Section 23-22 may be located anywhere within such parcel or between such parcels without regard to #zoning lot lines# or district boundaries provided that such location of #floor area#, #lot coverage# or residential density complies with Section 62-31 and Section 62-34 as modified by Section 62-352.

62-352
Special Height and Setback Regulations

The provisions of Section 62-341 are modified as follows:

(a) Paragraph (c)(1) (Maximum base height) shall be modified in R6 Districts to permit a maximum base height of 65 feet or six #stories#, whichever is less.

(b) Paragraph (c)(2) (Maximum #building# height) shall not apply. In lieu thereof, the maximum #building# height in an R6 District shall be 65 feet or six #stories#, whichever is less, within 100 feet of Commercial Street, West Street, Dupont Street, Franklin Street and Kent Avenue. Beyond 100 feet of such streets and any other portions of an R6 District, the maximum #building# height in shall be 110 feet. In R8 Districts, the maximum #building# height shall be 210 feet, except that for #zoning lots developed# with multiple #buildings# or portions of #buildings# that exceed a height of 200 feet, not more than half of such #buildings# or portions of #buildings# may exceed a height of 210 feet to a maximum #building# height of 310 feet. Such maximum #building# heights of 110 feet, 210 feet and 310 feet may be exceeded by a penthouse portion of a #building#, provided any #story# of a #building# within such penthouse portion does not exceed 85 percent of the gross area of the highest #story# of the same #building# entirely below a height of 110 feet, 210 feet or 310 feet, as applicable, and the maximum height of such penthouse portion does not exceed 40 feet.

(c) Paragraphs (c)(3) (#Floor area# distribution) and (c)(5) (Additional setback provisions for high #buildings#) shall not apply.

(d) Paragraph (c)(4) (Maximum #residential# tower size) shall not apply. In lieu thereof, each #residential story# of a #building# located entirely above a height of 85 feet shall not exceed a gross area of 8,100 square feet in an R6 District and 11,000 square feet in an R8 District.

(e) Paragraph (c)(6) shall not apply. In lieu thereof, the maximum length of any #story# of a #building# that exceeds a height of 65 feet in an R6 District or 85 feet in an R8 District shall not exceed 170 feet. Such length shall be measured by inscribing within a rectangle the outermost walls at the level of each #story# entirely above such heights. Any side of such rectangle shall not exceed 170 feet.

(f) Paragraph (c)(7) (Ground floor streetscape provisions) shall not apply. In lieu thereof, all off-street parking spaces located within 50 feet of a #street#, a #visual corridor# containing a private road, and a #shore public walkway#, #upland connection# or #supplemental public access area# and which are located on a #story# that is above the #base plane# shall be within facilities that are located behind #commercial#, #community facility# or #residential floor area# so that no portion of such parking facility, other than entrances and exits, is visible from such #streets#, #visual corridors# or publicly accessible open spaces. Such #floor area# shall have a minimum depth of 25 feet. Seventy percent of the surface area of the facade of a facility containing parking spaces which are not otherwise required to be behind such #floor area# shall be composed of the same materials as the facade of the #building# in which it is located.

(g) Any roof of a facility containing off-street parking spaces, not otherwise covered by a #building#, which is larger than 400 square feet shall be landscaped and accessible for the recreational use of the occupants of the building in which it is located. Hard surfaced areas shall not cover more than 60 percent of such roof area.

(h) The #streetwall# of a #building# on any #zoning lot# fronting on Commercial Street, West Street and Kent Avenue shall be located within eight feet of, and extend along 70 percent of such #street line# to a minimum height of 40 feet.

(i) All #developments#, conversions, and #enlargements# or #extensions# which increase the existing #floor area# by more than 10 percent, shall provide along the entire #street# length of the #zoning lot#, one tree for every 25 feet of # street# frontage. Such trees shall be of at least three-inch caliper at the time of planting and be placed at approximately equal intervals except where the Commissioner of Buildings determines that such tree planting would be unfeasible. Such trees shall be planted in accordance with the standards of the Department of Parks and Recreation.

Waterfront public access and visual corridors

* * *

5. for the #development# of a park, a site plan and all other applicable data have been submitted showing compliance with the provisions of Section 62-416 (Special regulations for zoning lots that include parks).

A certification pursuant to paragraph (c) of this section, for any parcel identified in Waterfront Access Plan BK-1, may provide for the phased implementation of all required public access areas provided that an amount of public access area proportionate to the amount of #floor area# being developed on the parcel is provided in each phase. Additionally, for any #development# located within 200 feet of a #shore public walkway#, the initial phase and each subsequent phase, shall also provide a minimum of 200 linear feet of #shore public walkway# and any adjacent supplemental area, one #upland connection# through or adjacent to the entire parcel to such required portion of the #shore public walkway# and, shall have at least one other connection from such required portion of the #shore public walkway# to an adjacent #shore public walkway#, a #street# or another #upland connection#. For any #development# located entirely beyond 200 feet of a #shore public walkway#, the initial phase and each subsequent phase, shall also provide a minimum of 100 linear feet of #shore public walkway#, and one #upland connection# through or adjacent to the entire parcel to such required portion of the #shore public walkway#.

A certificate pursuant to paragraphs (b) or (c) of this Section shall be granted on condition that an acceptable restrictive declaration is executed and filed pursuant to Section 62-14 (Requirements for Recordation).

WATERFRONT ACCESS PLANS

* * *

62-812
Elements of a Waterfront Access Plan

A Waterfront Access Plan may:

1) on #zoning lots# where public access or #visual corridors# are required pursuant to the provisions of Sections 62-40 and 62-60, modify the size, configuration, location or design of required waterfront public access areas or #visual corridors# within certain designated areas in order to address local conditions, provided such plan does not impose a public access or #visual corridor# requirement on any #zoning lot# greater than would otherwise be required pursuant to the provisions of Sections 62-40 or 62-60. For the purpose of determining the amount of public access, the highest standard applicable to a zoning lot may be applied regardless of any specific #use# permitted or proposed for such #zoning lot#. Within Waterfront Access Plan BK-1, the public access and #visual corridor# requirements for any parcel located within the Waterfront Access Plan may be determined by aggregating the public access and #visual corridor# requirements of each zoning lot within the parcel and such aggregated requirements may be modified within such parcel without regard to #zoning lot lines#;

62-83
Borough of Brooklyn

The following Waterfront Access Plans are hereby established within the Borough of Brooklyn. All applicable provisions of Article VI, Chapter 2, remain in effect within the areas delineated by such plans, except as expressly set forth otherwise in the plans:

BK-1: Greenpoint/ Williamsburg, as set forth in Section 62-831.

* * *

62-831

Waterfront Access Plan BK-1: Greenpoint-Williamsburg
Maps BK-1a through BK-1c in paragraph (g) of this Section show the boundaries of the area comprising the Greenpoint-Williamsburg Waterfront Access Plan and the location of certain features mandated or permitted by the Plan. The plan area has been divided into parcels consisting of tax blocks and lots and other lands as established on (date of adoption), as follows:

(3) The provisions of Section 62-623 (Supplemental public access areas) shall be inapplicable. In lieu thereof, the following provisions shall apply:

A required #supplemental public access area# shall be directly connected to either a #pier# public access area, an #upland connection# or a #shore public walkway# on either its landward or seaward side and its pedestrian circulation zone shall be contiguous with the adjacent pedestrian circulation zone.

2) A buffer zone shall only be required where a #supplemental public access area# adjoins a non-publicly accessible portion of a #zoning lot#, in which case its minimum width shall be 15 feet.

(4) #Street# Treatment

All #streets# adjacent to a #shore public walkway# or #supplemental public access area# shall be improved as a continuation of such #shore public walkway# or #supplemental public access area#, pursuant to the design requirements of paragraph (b) of this Section, inclusive.

(b) Specific design requirements for shore public walkway prototypes

The provisions of Section 62-63 (Specific Design Requirements for Public Access Prototypes) shall be inapplicable. In lieu thereof the following provisions for #shore public walkways# shall apply:

(1) Greenpoint-Williamsburg Shore Public Walkway-Prototype I

1. One circulation path with a minimum clear width of 12 feet is required.

The path must be within ten feet of the seaward edge of the #shore public walkway#, except when

rip rap, beach or other shoreline materials are provided in a publicly accessible area seaward of the path.

(ii) A minimum of one linear foot of seating shall be provided for every 100 square feet of #shore public walkway#. At least 60 percent of the required seating shall be landward of the required circulation path.

(iii) A minimum of 50 percent of the pedestrian circulation zone, excluding the required circulation path, shall be planting area. Rip rap, beach or other shoreline materials may be counted as an equivalent to planting area.

(iv) One shade tree is required for every 1,200 square feet of #shore public walkway# and one small or ornamental tree shall be required for every 750 square feet of #shore public walkway#. Trees may be located either in the pedestrian circulation zone landward of the required circulation path or in the buffer zone. Fifty percent of required shade trees shall be located within 10 feet of the required clear path.

(2) Greenpoint-Williamsburg Shore Public Walkway-Prototype II

1) The provisions of 62-621 (Shore public walkways) shall apply except that a #shore public walkway# shall have a minimum 30 foot pedestrian circulation zone and a minimum 15 foot buffer zone.

2) One circulation path with a minimum clear width of 12 feet is required. The path must be within ten feet of the seaward edge of the #shore public walkway#, except when rip rap, beach or other shoreline materials are provided in a publicly accessible area seaward of the path, in which case, the path shall be located within 20 feet of the shoreline. A secondary circulation path may be provided, with a minimum width of 10 feet. Connecting paths having a minimum width of ten feet shall be provided between the two circulation paths at intervals not to exceed 100 feet.

3) A minimum of one linear foot of seating shall be provided for every 70 square feet of #shore public walkway#.

4) A minimum of 70 percent of the pedestrian circulation zone, excluding the required circulation path and transition zones, shall be planting area. A minimum of 50 percent of this planting area must be improved as lawn according to the provisions of Section 62-675 (Planting and trees).

(v) One shade tree is required for every 1,900 square feet of #shore public walkway# and shall be located in the pedestrian circulation zone. In addition, one shade, small or ornamental tree shall be required for every 850 square feet of #shore public walkway# and may be located either in the pedestrian circulation zone or in the buffer zone. Fifty percent of required shade trees shall be located within 10 feet of the required clear path.

(3) Greenpoint-Williamsburg Supplemental Public Access - Waterfront Plaza

(i) The entire #supplemental public access area# shall be a pedestrian circulation zone, except for any buffer zone required by paragraph (a)(3)(ii) of this Section.

(ii) There shall be at least one circulation path throughout the #supplemental public access area#. Such path shall provide access to the primary entrance of any building or #use# that is within or adjacent to the #supplemental public access area#.

The required circulation path shall have a minimum clear width of ten feet and any other circulation path shall have a minimum clear width of six feet.

Within a transition zone, the minimum aggregate width of clear path along any side of the #supplemental public access area# shall be equal to 50 percent of the length of the intersection between the two public access areas, and any single path providing access between waterfront public access areas shall have a minimum width of 10 feet.

(iii) A minimum of one linear foot of seating shall be provided for every 40 square feet of pedestrian circulation zone. Fifty percent of required seating shall be under shade throughout the day.

(iv) A minimum of 25 percent of the pedestrian circulation zone shall be planting area.

(v) Four trees shall be required for the first 2,500 square feet of #supplemental public access area#, at least two of which shall be shade trees. For each additional 750 square feet, one additional shade, ornamental or small tree shall be required. Small or ornamental trees located within the pedestrian circulation zone shall not be counted toward the minimum requirements.

(4) Greenpoint-Williamsburg Supplemental Public Access - Waterfront Park

(i) The entire #supplemental public access area# shall be a pedestrian circulation zone, except for any buffer zone required by paragraph (a)(3)(ii) of this Section.

(ii) There shall be at least one circulation path throughout the #supplemental public access area#. Such path shall provide access to the primary entrance of any building or #use# that is within or adjacent to the #supplemental public access area#.

The required circulation path shall have a minimum clear width of ten feet and any other circulation path shall have a minimum clear width of six feet.

Within a transition zone, the minimum aggregate width of clear path along any side of the #supplemental public access area# shall be equal to 50 percent of the length of the intersection between the two public access areas, and any single path providing access between waterfront public access areas shall have a minimum width of 10 feet.

(iii) A minimum of one linear foot of seating shall be provided for every 50 square feet of pedestrian circulation zone. Fifty percent of required seating shall be under shade throughout the day.

(iv) A minimum of 60 percent of the pedestrian circulation zone shall be planting area with no more than 30 percent of the planting area in raised planting beds. At least 35 percent of the #supplemental public access area# shall be lawn in compliance with the standards set forth in paragraph (c)(5) of Section 62-675 (Planting and trees).

(v) Four trees shall be required for the first 2,500 square feet of #supplemental public access area#, at least two of which shall be shade trees. For each additional 750 square feet, one additional shade, ornamental or small tree shall be required. Small or ornamental trees located within the pedestrian circulation zone shall not be counted toward the minimum requirements.

(c) Amenities

In parcels where #supplemental public access area# is required, no more than fifteen percent of public access area may be reduced if playgrounds and other amenities are provided in accordance with paragraphs (c)(1) and (c)(2) of this Section.

(1) Playgrounds

A playground shall have a minimum size of 1,000 square feet and, if applicable, there shall be a minimum of 400 feet between any two playground areas. For every five square feet of playground area provided, the total amount of required public access may be reduced by the rate of one square foot.

(2) Other amenities

A reduction in the total amount of required public access area shall be permitted according to the following table. The number and variety of such amenities shall be determined upon certification.

Amenity	Square feet reduction
Picnic table	22 sq. ft.
Chess table	20 sq. ft.
Telescope	10 sq. ft.
Art	50 - 200 sq. ft.
Fountain/water feature	50 - 200 sq. ft.
Shade structure	50 - 200 sq. ft.

(d) Public access design reference standards

Section 62-67 is hereby modified by the following provisions.

(1) Guardrails

The provisions of paragraph (a) Section 62-671 (Guardrails, gates and other protective barriers) shall be inapplicable. In lieu thereof the following provisions for guardrails shall apply:

(i) Guardrails shall be located within waterfront public access areas continuously along any bulkhead, stabilized shore or the water edges of a #pier# or #platform# that is located within 50 feet of a circulation path; and continuously along any grade level change of 30 inches or grader adjoining or within 10 feet of a circulation path. However, guardrails shall not be required landward of any rip rap, beach or any other shoreline material that is at least 10 feet wide. If any protective barrier is provided adjacent to any rip rap, beach or other shoreline material, they shall not exceed a height of 21 inches or shall consist of a bollard and chain device.

Guardrails shall not be required at access points to WD #uses# and #development# on #floating structures#. The minimal protective barrier at such locations shall be a swing gate, bollard and chain or similar device.

(ii) Guardrails shall comply with illustration A1, alternatively illustration A2 may be used in #piers#.

Illustration A1

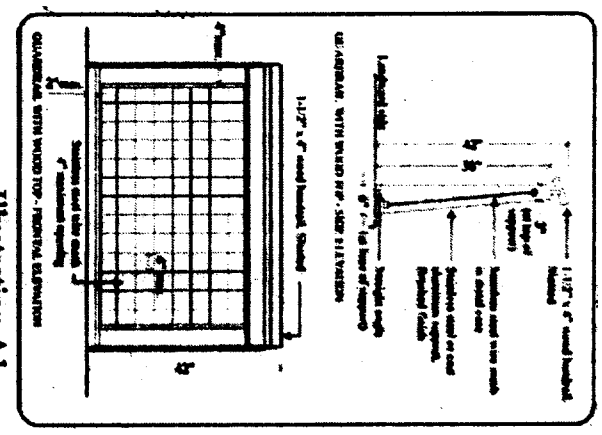

Illustration A2

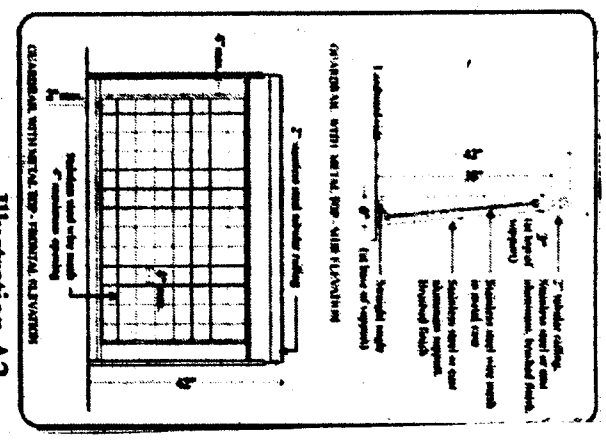

(Alternate for Piers)

All guardrail components and hardware shall be in stainless steel or cast aluminum, as applicable.

(2) Seating

In addition to the provisions of Section 62-672, at least fifty percent of the required seating along any #shore public walkway# or #supplemental public access area# shall comply with illustration B1 or B2 below.

Illustration B1

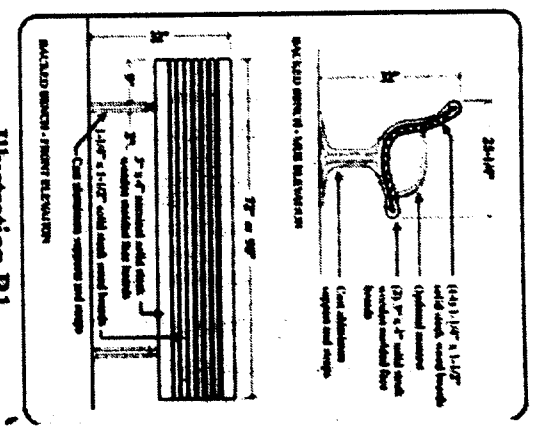

Illustration B2

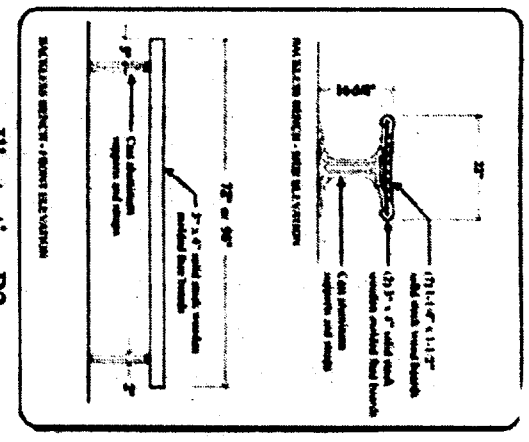

All wood boards shall be made of Redwood, Jarrah or Ipe, have eased edges and ends and be treated for external use without stain or varnish.

All supports and backstraps shall be 713 tenzalloy cast aluminum, with a rust inhibitor and a top coat finish of thermosetting polyester powdercoat that is ultra-violet, chip and flake resistant. Metal components shall have a light gray or aluminum color.

(3) Lighting

In addition to the provisions of Section 62-673, the required lighting along any public access area shall comply with illustration C1 below.

(4) Planting and trees

The provisions of paragraph (c)(6) (Container planting) of Section 62-675 shall be inapplicable, unless a structural or environmental necessity is demonstrated at the time of certification.

(5) Paving

In addition to the provisions of Section 62-676, the paving for the required clear path within the #shore public walkway# shall be gray. At least fifty percent of all other paved areas within the #shore public walkway# and #supplemental public access areas# shall be paved in the same color range.

(e) Special public access provisions by parcel

The provisions of Sections 62-41 (Requirements for waterfront public access) and 62-60 (DESIGN STANDARDS FOR THE WATERFRONT AREA) are modified at the following designated locations which are shown on Map BK-1b in paragraph (g) of this Section:

1. Parcels 1 and 2

(i) #Shore public walkway#

The requirements for Prototype I described in paragraph (b)(1) of this Section shall apply to all new #development#.

In the event of any #enlargement#, #extension# or change of #use# within existing #buildings or other structures#, a #shore public walkway# shall occupy the entire area between the seaward edge and the existing #building or other structure# but need not be wider than 40 feet. The #shore public walkway# shall have a minimum clear path of 10 feet. No seating, planting or buffer zone shall be required. If seating and planting are provided, they shall comply with the provisions of Sections 62-672 and 62-675. In addition to the lighting design requirements of paragraph (c)(3) of this Section, lighting fixtures may be mounted on existing #buildings or other structures#.

(ii) #Supplemental public access area#
The requirements for #supplemental public access area# shall be waived.

(2) Parcels 3 and 4

(i) #Shore public walkway#

The requirements for Prototype I described in paragraph (b)(1) of this Section shall apply.

(ii) #Upland connection#

An #upland connection# shall be provided between Commercial Street and the #shore public walkway# within a flexible location along the #lot line# between Parcels 3 and 4. Whichever parcel is developed first shall provide an #upland connection# along the #lot line# between the two parcels. The width of the #upland connection# may be utilized by the developer of the remaining parcel in the computation necessary to comply with the requirements of a #visual corridor# along the #lot line# between the two parcels, according to the provisions of paragraph (f)(1) of this Section. If both parcels are developed concurrently, then the requirements may be divided equally along the #lot line# between the parcels.

(3) Parcel 5a

(i) #Shore public walkway#

The requirements for Prototype I described in paragraph (b)(1) of this Section shall apply.

(ii) #Upland connection#

An #upland connection# shall be provided between Commercial Street and the #shore public walkway# within the flexible location indicated on Map BK-1b in paragraph (g) of this Section.

The eastern boundary of such flexible area shall be 110 feet from the shared lot line of Parcel 4 and its western boundary shall be 200 feet from the shared lot line of Parcels 5b and 6.

(iii) #Supplemental public access area#

The #supplemental public access area# shall abut the #shore public walkway# continuously along its longest side, and shall also abut the required #upland connection# where it meets the #shore public walkway#. The #upland connection#, however, may cut across the #supplemental public access area# provided that no area shall be less than 5,000 square feet. All #supplemental public access areas# shall have a minimum width to depth ratio of 1.0 to 1.0 and a maximum width to depth ratio of 2.0 to 1.0. In no event shall the #supplemental public access area# be deeper than 100 feet. The requirements for Waterfront Plaza described in paragraph (b)(3) of this Section shall apply.

Alternatively, a portion of the required #supplemental public access area# that is a minimum of 5,000 square feet may abut the #shore public walkway# continuously along the longest side provided that it also abuts a publicly accessible private drive connecting the #shore public walkway# to Commercial Street. Such publicly accessible private drive shall be improved to the standards of an #upland connection# as required by Section 62-641, but shall not be counted towards satisfying the required amount of public access area on the site. The requirements for Waterfront Park described in paragraph (b)(4) of this Section shall apply.

(4) Parcel 5b

#Shore public walkway#

The requirements for Prototype I described in paragraph (b)(1) of this Section shall apply.

(5) Parcel 5c

(i) #Shore public walkway#

The requirements for Prototype I described in paragraph (b)(1) of this Section shall apply.

(ii) #Upland connection#

Two #upland connections# shall be provided between West Street and the #shore public walkway#, one located within the prolongation of the #street lines# of Eagle Street, the other located within the prolongation of the #street lines# of Green Street.

(iii) #Supplemental public access area#

Two #supplemental public access areas# shall be provided on Parcel 5c.
A #supplemental public access area# shall be bounded by the southern boundary of the required Green Street #upland connection#, the #shore public walkway#, the southern boundary of Parcel 5c and the northern prolongation of the eastern boundary of the #shore public walkway# required in Parcel 7. The requirements for Waterfront Plaza described in paragraph (b)(3) of this Section shall apply.

The remaining required #supplemental public access area# shall be provided either on the #pier# or distributed evenly as a widening of the pedestrian circulation zone of the #shore public walkway# located between the Eagle Street and Green Street #upland connections#. If any #supplemental public access area# is located on the #pier#, the planting requirements for Waterfront Plaza described in paragraph (b)(3) of this Section shall apply, except that trees may be substituted by a shading element at a rate of 450 sq. ft. of shade element per tree.

(iv) #Pier# public access

Public access shall be provided on the Green Street #pier# pursuant to the requirements of Section 62-412 and of paragraph (a)(1) of this Section.

(6) Parcel 5

In the event that Parcels 5a, 5b and 5c are merged into one parcel, they shall be known as Parcel 5 and be subject to the following requirements:

(i) #Shore public walkway#

The requirements for Prototype I described in paragraph (b)(1) of this Section shall apply.

(ii) #Upland connection#

One #upland connection# shall be provided between Commercial Street and the #shore public walkway# within the flexible location indicated on Map BK-1b in paragraph (g) of this Section. The eastern boundary of such flexible area shall be 110 feet from the shared lot line of Parcel 4 and its western boundary shall be 200 feet from the shared lot line of Parcel 6.

Two #upland connections# shall be provided between West Street and the #shore public walkway#, each located within the prolongation of the #street lines# of Eagle Street and Green Street, respectively.

(iii) #Supplemental public access area#

Two #supplemental public access areas# shall be provided.
A #supplemental public access area# shall be bounded by the southern boundary of the required Green Street #upland connection#, the #shore public walkway#, the southern boundary of Parcel 5 and the northern prolongation of the eastern boundary of the #shore public walkway# required in Parcel 7. The requirements for Waterfront Plaza described in paragraph (b)(3) of this Section shall apply.

The remaining of the required #supplemental public access area# shall be located within the area bounded by the western prolongation of the north #street line# of Dupont Street, the #shore public walkway#, the northern prolongation of the eastern boundary of Parcel 6 and Parcel 6. The requirements for Waterfront Park described in paragraph (b)(4) of this Section shall apply.

(iv) #Pier# public access

Public access shall be provided on the Green Street #pier# pursuant to the requirements of Section 62-412 and of paragraph (a)(1) of this Section

(7) Parcel 7

(i) #Shore public walkway#

The requirements for Prototype I described in paragraph (b)(1) of this Section shall apply, except that any portion of the required #shore public walkway# where the distance between the shoreline and the boundaries of Parcel 7 is less than 17 feet shall be improved entirely as clear path.

(ii) #Supplemental public access area#

The requirement for a #supplemental public access area# on Parcel 7 is waived.

(8) Parcels 9, 10 and 11

(i) #Shore public walkway#

The requirements for Prototype II described in paragraph (b)(2) of this Section shall apply.

(ii) #Supplemental public access area#

For each parcel, the #supplemental public access area# requirements shall be provided to widen the pedestrian circulation zone of the #shore public walkway#, evenly distributed along the entire length of such #shore public walkway#.

(9) Parcel 13

(i) #Shore public walkway#

The requirements for Prototype I described in paragraph (b)(1) of this Section shall apply.

(ii) #Upland connection#

An #upland connection# shall be provided between West Street and the #shore public walkway# located within the prolongation of the #street lines# of Milton Street.

(iii) #Supplemental public access area#

A #supplemental public access area# shall be bounded by the southern #street line# of Greenpoint Avenue, the #shore public walkway# and the northern boundary of the required Milton Street #upland connection#. The requirements for Waterfront Park described in paragraph (b)(4) of this Section shall apply.

(10) Parcel 14

(i) #Shore public walkway#

The requirements for Prototype I described in paragraph (b)(1) of this Section shall apply.

(ii) #Upland connection#

An #upland connection# shall be provided between West Street and the #shore public walkway# located within the prolongation of the #street lines# of Calyer Street.

(iii) #Supplemental public access area#

A #supplemental public access area# shall be distributed evenly along the #shore public walkway# between the southern boundary of the required Calyer Street #upland connection# and the prolongation of the northern #street line# of Quay Street. The requirements for Waterfront Park described in paragraph (b)(4) of this Section shall apply.

(11) Parcel 15

An #upland connection# shall be provided within the prolongation of the #street lines# of West Street, connecting QuayStreet to Parcel 20.

(12) Parcels 19, 20, 21 and 22

Parcels 19, 20, 21 and 22 shall be designated as public parks as of (date of adoption).

(13) Parcel 24

Prototype I described in paragraph (b)(1) of this Section shall apply.

(14) Parcel 25

(i) #Shore public walkway#
The requirements for Prototype I described in paragraph (b)(1) of this Section shall apply.

(ii) #Upland connection#

An #upland connection# shall be provided between West Street and the #shore public walkway# located within the prolongation of the #street lines# of North 6th Street.

(iii) #Supplemental public access area#
Two #supplemental public access areas# shall be provided.

One #supplemental public access area# shall be provided along the prolongation of the southern #street line# of North 7th Street and the #shore public walkway#. Such public access area shall be a minimum of 3,000 square feet in area and shall have a minimum depth of 90 feet from the southern #street line# of North 7th Street. The entire #supplemental public access area#, excluding the required buffer, shall be developed as clear circulation path.

A minimum of one linear foot of seating shall be required for every 40 square feet of pedestrian circulation zone and shall be located in the required buffer zone. Four trees shall be required, at least two of which are shade trees. Small or ornamental trees located within the buffer zone shall not be counted toward the minimum requirements.

The remaining required #supplemental public access area# shall be located either on the #pier# or parallel to the #shore public walkway#. The requirements for Waterfront Plaza described in paragraph (b)(3) of this Section shall apply. If any #supplemental public access area# is located on the #pier#, the planting requirements for Waterfront Plaza shall apply, except that trees may be substituted by a shading element at a rate of 450 sq. ft. of shade element per tree.

(iv) #Pier# public access

Public access shall be provided on the North 6th Street #pier# pursuant to the requirements of Section 62-412 and of paragraph (a)(1) of this Section.

(15) Parcel 26

(i) #Shore public walkway#

The requirements of Section 62-411 (Requirements for shore public walkways) shall apply, except that the minimum required width of the #shore public walkway# shall be reduced to 34 feet between North 5th Street and the northern edge of the required #upland connection# at the prolongation of North 4th Street. The quantity of public access eliminated from the #shore public walkway# as a result of this width reduction shall be located in the triangle formed between the #shore public walkway#, the southern #street line# of the North 4th Street #upland connection# and the bulkhead line. The entirety of the #shore public walkway# shall be improved pursuant to the requirements for Prototype I described in paragraph (b)(1) of this Section.

(ii) #Upland connections#
An #upland connection# shall be provided between Kent Avenue and the #shore public walkway# located within the prolongation of the #street lines# of North 4th Street.

(16) Parcel 27

(i) #Shore public walkway#

The requirements for Prototype I described in paragraph (b)(1) of this Section shall apply to all new #development#.

In the event of any #enlargement#, #extension# or change of #use# within existing #buildings or other structures#, a #shore public walkway# shall occupy the entire area between the seaward edge and the existing #building or other structure#, but shall not need to be wider than 40 feet.

Notwithstanding the requirements of Paragraph (c) of Section 62-62 (General Requirements for Public Access), the #shore public walkway# may be located within the #building or other structure#, and the obstructions permitted by Section 62-626, paragraph (a), shall include any supporting structural elements of the #building or other structure# and its related appurtenances. Additionally, the #shore public walkway# shall have a minimum clear path of 12 feet. No seating, planting or buffer zone shall be required. If seating and planting are provided, they shall comply with the provisions of Sections 62-672 and 62-675. In addition to the lighting design requirements of paragraph (c)(3) of this Section, lighting fixtures may be mounted on existing #buildings or other structures#.

(ii) #Supplemental public access area#
The requirements for #supplemental public access# shall be waived.

(f) Special visual corridor provisions by parcel

The designated locations for #visual corridors# pursuant to this Plan are shown on Map BK-1c in paragraph (g) of this Section and shall be as follows:

(1) Parcels 3 and 4

A #visual corridor# shall be provided through Parcels 3 and 4 to the pierhead line within a flexible area along the #lot lines# between them.

Whichever parcel develops second shall complete the required clearance to comply with the #visual corridor# requirements along the #upland connection# already provided in accordance with the requirements of paragraph (e)(2)(ii) of this Section. If both parcels are developed concurrently, then the requirements can be divided equally along the #lot line# between the parcels.

(2) Parcel 5a

A #visual corridor# shall be provided through Parcel 5a to the pierhead line within the flexible location zone indicated on Map BK-1c in paragraph (g) of this Section. The eastern boundary of such flexible area shall be 110 feet from the shared lot line of Parcel 4 and its western boundary shall be 200 feet from the shared lot line of Parcels 5b and 6.

(3) Parcel 5b

Two #visual corridors# shall be provided through Parcel 5b to the pierhead line as the prolongation of the #street lines# of West Street and Dupont Street, respectively.

(4) Parcel 5c

(i) Two #visual corridors# shall be provided through Parcel 5c to the pierhead line as the prolongation of the #street lines# of Eagle Street and Green Street.

(ii) Permitted obstructions on #piers#, per Section 62-65 paragraph (b), shall be permitted obstructions along the #visual corridor# along Green Street.

(5) Parcel 5

In the event that Parcels 5a, 5b and 5c are merged into one parcel, they shall be known as Parcel 5, subject to the following #visual corridors# requirements:

(i) One #visual corridor# shall be provided through Parcel 5 to the pierhead line within the flexible location zone indicated on Map BK-1c in paragraph (g) of this Section. The eastern boundary of such flexible area shall be 110 feet from the shared lot line of Parcel 4 and its western boundary shall be 200 feet from the shared lot line of Parcel 6.
Four #visual corridors# shall be provided through Parcel 5 to the pierhead line, each located as the prolongation of the #street lines# of West Street, Dupont Street, Eagle Street and Green Street, respectively.

(ii) Permitted obstructions on #piers#, per Section 62-65 paragraph (b), shall be allowed along the #visual corridor# along Green Street.

(6) Parcel 13

Two #visual corridors# shall be provided through Parcel 13 to the pierhead line as the prolongation of the #street lines# of Milton Street and Oak Street, respectively.

(7) Parcel 14

A #visual corridor# shall be provided through Parcel 14 as the prolongation of the #street lines# of Oak Street.

(8) Parcel 15

A #visual corridor# shall be provided though Parcel 15 as the prolongation of the #stret lines# of West Street.

(9) Parcel 25

A #visual corridor# shall be provided through Parcel 25 as the prolongation of the #street lines# of North 6th Street.

INCLUSIONARY HOUSING

23-91
General Provisions

~~**R10**~~

~~In the district indicated, a~~An Inclusionary Housing program is established in those areas designated in Section 23-92 (Applicability) to preserve and to promote a mixture of low to upper income housing within neighborhoods experiencing a shift from mixed to upper income housing and thus to promote the general welfare. The requirements of this program are set forth in Sections 23-90 through 23-~~94~~95.

23-92
Applicability

23-921
R10 Districts

The Inclusionary Housing Program shall apply in R10 Districts.

23-922
Community District 1, Borough of Brooklyn

The Inclusionary Housing Program shall apply in the following areas of Community District 1 in the Borough of Brooklyn located north of the Williamsburg Bridge, Washington Plaza, Borinquen Place and Grand Street:

(a) Waterfront Access Plan BK-1, as set forth in Section 62-352;

(b) all #Special Mixed Use Districts#;

(c) all R6A, R6B and R7A Districts; and

(d) the following R6 areas:

(1) the #block# bounded by Havemeyer Street, North Sixth Street, Metropolitan Avenue and North Fifth Street;

(2) the #block# bounded by Roebling Street, North Fifth Street, Havemeyer Street and Metropolitan Avenue;

(3) those #blocks# bounded by Wythe Avenue, Grand Street, Berry Street and South Third Street;

(4) those #blocks# and portions of #blocks# bounded by Bedford Avenue, North 1st Street, Driggs Street, Fillmore Place, Roebling Street, and a line coincident with the centerline of the long dimension of the #blocks# bounded by Bedford Avenue, Grand Street, Roebling Street and South First Street; and

(5) that portion of the #block# bounded by Franklin Street, Huron Street, Manhattan Avenue and India Street that is within 100 feet of Franklin Street and 100 feet of India Street.

~~23-92~~ 23-93
Definitions

For the purposes of the Inclusionary Housing program, matter in italics is defined either in Section 12-10 (DEFINITIONS) or in this Section.

* * *

Fair rent

* * *

At initial occupancy of any #lower income housing#, no portion of the #fair rents# shall be for the payment of the principal or interest on any debt, and the #lower income housing# shall not secure any debt and shall be free of all liens, except liens for real estate taxes, water charges and sewer rents and other governmental charges for which payment is not yet due. #Fair rents# may be used for the payment of principal or interest of debt only if such debt was incurred after the date of initial occupancy and is for a capital improvement to such #lower income housing# other than those capital improvements set forth in the #lower income housing plan#.

In Community District 1, Borough of Brooklyn, at initial occupancy of any #lower income housing#, a portion of the #fair rents# may be for the payment of the principal or interest on debt, and such housing may secure debt, provided that, as of the date of the approval of the #lower income housing plan#, the Commissioner of Housing Preservation and Development finds that the total annual rent, when such interest and principal payments are deducted, is in compliance with the requirements of Section 23-95(c) o this Resolution, and provided that the lender agrees to enter into a written agreement which subordinates such debt.

Lower income household

A "lower income household" is a #family# having an income equal to or less than the income limits (the "80 Percent of SMSA Limits") for New York City residents established by the U.S. Department of Housing and Urban Development pursuant to Section 3(b)(2) of the United States Housing Act of 1937, as amended, for lower income families receiving housing assistance payments.
In Community District 1, Borough of Brooklyn, for the purposes of Section 23-953 (Preservation option), #lower income households# shall also include all existing households in tenancy, provided such households occupy units that are within a #building# in which rents for all occupied units are regulated by City and State law, and the aggregate maximum permitted annual rent roll for such occupied units, divided by the number of occupied units, is less than 30 percent of the applicable income limit for a #lower income household# as provided in this Section. In determining the applicable income limit for such #lower income households#, the Commissioner of Housing Preservation and Development may make adjustments, consistent with U. S. Department of Housing and Urban Development regulations, for the number of persons residing in each unit.
Lower income housing

"Lower income housing" are #standard units# occupied or to be occupied by #lower income households#. #Lower income housing# shall not include #standard units# assisted under city, state or federal programs, except where such assistance is in the form of:

(e) real estate tax abatements and exemptions which are specifically limited to the #lower income housing#; or

(f) operating assistance that the Commissioner of the Department of Housing Preservation and Development determines will be used to enable households with incomes of not more than 62.5 percent of the "80 Percent of SMSA Limits" to afford such #lower income housing#.

However, in Community District 1, Borough of Brooklyn, #lower income housing# shall include #standard units# assisted under city, state or federal programs.

Lower income housing plan

The "lower income housing plan", is the plan accepted by the Commissioner of Housing Preservation and Development, which sets forth the developer's plans for creating and maintaining the specified #lower income housing# pursuant to this program, including but not limited to, choice of #administering agent#, tenant selection, rent levels in the #lower income housing# and income verification of tenants pursuant to Section ~~23-94~~ 23-95 paragraphs (b), (c) and (d) of this Resolution.

* * *

~~23-93~~ 23-94
Floor Area Compensation

23-941
In R10 Districts

The #floor area ratio# of a #development# may be increased from 10.0 to a maximum of 12.0 at the rate set forth in this Section, if the developer of such #development# provides #lower income housing# pursuant to Section ~~23-94~~ 23-95 (Lower Income Housing Requirements).

For each square foot of #floor area# provided for #lower income housing# pursuant to the options listed in Column A and which meets the requirements set forth in Section ~~23-94~~ 23- 95, the #floor area# of the #development# may be increased by the number of square feet set forth in Column B.

* * *

23-942
In Community District 1, Borough of Brooklyn

The provisions of this Section 23-942 shall apply in the designated areas set forth in Section 23-922, except within Waterfront Access Plan Bk-1. The base #floor area ratio# of any #building developed# or #enlarged# pursuant to the Quality Housing Program, or, in #Special Mixed Use Districts#, pursuant to paragraph (b) of Section 123-662, may be increased to the maximum #floor area ratio# set forth in the table below if the developer of such #development# provides #lower income housing# pursuant to Section 23-95 (Lower Income Housing Requirements).

District	Base #floor area ratio#	Maximum #floor area ratio#
R6B	2.0	2.2
R6*	2.2	2.42
R6A	3.0	3.6

Each structure erected and recorded as a separate building at the Department of Buildings as of (effective date of amendment) may be considered individually in determining if lower income housing provided pursuant to this program shall be considered as substantial rehabilitation or preservation.

~~23-94~~ 23-95
Lower Income Housing Requirements

~~**R10**~~

To qualify for the increased #floor area#, #compensated developments# must provide #lower income housing# for the life of the increased #floor area# in the #compensated development# pursuant to one or more of the options listed in

Section ~~23-941, 23-942 and 23-943~~, 23-951, 23-952 and 23-953 and such #lower income housing# must meet each of the requirements set forth below.

* * *

~~23-941~~ 23-951
On-site new construction option

To qualify for this option, the designated #lower income housing# shall meet the following requirements.

(a) The #lower income housing# shall be located in newly constructed #floor area# in the #compensated development#. The #lower income housing# shall be maintained and leased to #lower income households# for the life of the increased #floor area#.

(b) #Dwelling units# designated as #lower income housing# shall be distributed throughout the #development#. No #story# shall contain more than two such units unless at least 80 percent of all #stories# contain two such units. The size of the designated #lower income housing# units shall at least be distributed among the various size units in proportion to the total distribution of unit size within the #building# in the following categories of unit sizes:

under 600 net square feet
600 - 749 net square feet
750 - 949 net square feet
950 - 1149 net square feet
1150 or more net square feet

In Community District 1, Borough of Brooklyn, the requirements of this paragraph (b) may be waived by the Commissioner of Housing Preservation and Development to facilitate the #development# of #lower income housing#.

~~23-942~~ 23-952
Substantial rehabilitation and off-site new construction options

To qualify for one or more of these options, the designated #lower income housing# shall meet the following requirements:

(a) The #lower income housing# shall be located either:

(1) within the same Community District as the #compensated development#; or

(2) within an adjacent Community District and within a one-half mile radius of the #compensated development#.

For the new construction option the #lower income housing# shall be in a new #building#. For the substantial rehabilitation options, the #lower income housing# shall be in an existing #building# in which, prior to the submission of the #lower income housing plan# pursuant to this Section, any #residential# portion not in public ownership had been entirely vacant for not less than three years.

However, in Community District 1, Borough of Brooklyn, #lower income housing# shall be located only within such Community District, and the administering agent shall not be required to verify the income of households in tenancy as of the date upon which the Commissioner of Housing Preservation and Development approves the #lower income housing plan#.

* * *

~~23-943~~ 23-953
Preservation option

To qualify for this option, the designated #lower income housing# shall meet the following requirements.

(a) The #lower income housing# shall be located either:

(1) within the same Community District as the #compensated development#; or

(2) within an adjacent Community District and within a one-half mile radius of the #compensated development#.

The #lower income housing# shall be in an existing occupied #residential# or #mixed building#. Only #standard units# occupied by #lower income households# shall be #lower income housing#. For each #standard unit# designated as #lower income housing# the #administering agent# shall verify the income of the household in tenancy.

However, in Community District 1, Borough of Brooklyn, #lower income housing# shall be located only within such Community District, and the administering agent shall not be required to verify the income of households in tenancy as of the date upon which the Commissioner of Housing Preservation and Development approves the #lower income housing plan#.

SPECIAL BULK REGULATIONS

All #zoning lots# within #waterfront blocks# shall comply with the #bulk# regulations of this Section. For the purposes of this Section, non-#waterfront blocks# included in Waterfront Access Plan BK-1 shall be considered to be #waterfront blocks#. Existing non-complying buildings or other structures shall be subject to the provisions of Article V (Non-Conforming Uses and non-complying Buildings).

Bulk Computations on Waterfront Zoning Lots

* * *

(b) #Floor area#, #dwelling units# or #rooming units# generated by existing #piers# or #platforms# within the #seaward lot# may be located anywhere on the #zoning lot# provided the amount on the #upland lot# does not exceed the maximum for the district on such portion of the #zoning lot# by more than 20 percent. No #bulk# distribution from the #seaward lot# shall be permitted for new #piers# or #platforms#, except within Waterfront Access Plan BK-1. Such # bulk# distribution shall be permitted for new portions of #piers# located within Waterfront Access Plan BK-1, provided that such new portion of the #pier# is accessed from a portion of an existing #pier# containing not less than 25 percent of the #water coverage# of such existing #pier# and that the #water coverage# of the new and existing portions of the #pier# does not exceed the #water coverage# of the existing #pier#.

62-35
Special Bulk Regulations within Waterfront Access Plan BK-1

Within Waterfront Access Plan BK-1, the special #bulk# regulations of this Chapter are further modified as set forth in this Section 62-35, inclusive.

62-351
Special floor area regulations

(a) Maximum permited #floor area ratio#

In R6 Districts, the maximum permitted #floor area ratio# for any #zoning lot# containing #residences# shall be 2.43. In R8 Districts, the maximum permitted #floor area ratio# for any #zoning lot# containing #residences# shall be 5.5. In R6 and R8 Districts, the maximum permitted #floor area ratio# for any #zoning lot# containing #residences# may be increased for #developments# and #enlargements# that provide lower income housing pursuant to Section 62-352.

(b) #Buildings# used for #accessory# off-#street# parking spaces

The #floor area# of a #building# shall not include floor space used for #accessory# off-street parking spaces provided in any #story# located not more than 33 feet above the height of the #base plane#.

62-352
Inclusionary Housing

The provisions of Section 23-90 (INCLUSIONARY HOUSING) shall apply in R6 and R8 Districts within Waterfront Access Plan BK-1 as modified in this Section.

(a) Definitions

Fair rent

At initial occupancy of #lower income housing# that is occupied by a #moderate income household# or a #middle income household# as defined in this Section, "fair rent" is an annual rent for each such housing equal to not more than either the public assistance shelter allowance if the #family# receives public assistance, or 30 percent of the annual income of the tenant of such housing (the "30 Percent Standard").

Upon renewal of a lease for such an existing tenant in #lower income housing#, #fair rent# (the "Rent Stabilization Standard") is not more than the then-current #fair rent# for such housing plus a percentage increase equal to the percentage increase for a renewal lease of the same term permitted by the Rent Guidelines Board for units subject to the rent stabilization law.

After initial occupancy, upon rental of #lower income housing# to a new tenant, #fair rent# is not more than the higher of:

(1) the then-currently applicable "30 Percent Standard"; or

(2) the Rent Stabilization Standard.

In order for rent to be #fair rent#, the following must also apply:

There shall be no additional charge to the tenant for the provision of heat and electric service, except that the Commissioner of Housing Preservation and Development may approve a #lower income housing plan# making a #lower income, #moderate income# or #middle income household# responsible for the payment of utilities as long as the sum of:

(1) the initial #fair rent#; and

(2) the monthly costs of a reasonable compensation for these utilities, by an energy conservative household of modest circumstances consistent with the requirements of a safe, sanitary and healthful living environment do not exceed 30 percent of said #lower income#, #moderate income# or #middle income household's# income.

At initial occupancy of any #lower income housing# occupied by a #moderate income# or #middle income household#, a portion of the #fair rents# may be for the payment of the principal or interest on debt, and such housing may secure debt, provided that, as of the date of the approval of the #lower income housing plan#, the Commissioner of Housing Preservation and Development finds that the total annual rent, when such interest and principal payments are deducted, is in compliance with the requirements of Section 23-95(c) o this Resolution, and provided that the lender agrees to enter into a written agreement which subordinates such debt.

Lower income housing
For the purposes of this Section, "lower income housing" shall include #standard units# occupied or to be occupied by #lower income#, #moderate income# or #middle income households#.

Moderate income household

For the purposes of this Section 62-352, a "moderate income household" is a #family# having an income equal to or less than the following proportion:

125
80

of the income limits (the "80 Percent of SMSA Limits") for New York City residents established by the U. S. Department of Housing and Urban Development pursuant to Section 3(b)(2) of the United States Housing Act of 1937, as amended, for lower income families receiving housing assistance payments.

Middle income household

For the purposes of this Section 62-352, a "middle income household" is a #family# having an income equal to or less than the following proportion:

175
80

of the income limits (the "80 Percent of SMSA Limits") for New York City residents established by the U. S. Department of Housing and Urban Development pursuant to Section 3(b)(2) of the United States Housing Act of 1937, as amended, for lower income families receiving housing assistance payments.

(b) Floor area increase

The maximum permitted #floor area ratio# on a #zoning lot# containing #residences# may be increased in R6 Districts from 2.43 to 2.75, and in R8 Districts from 5.5 to 6.5, provided that:

(1) at least 15% of the total #floor area# on the #zoning lot# is occupied by #lower income households#, or

(2) at least 10% of the total #floor area# on the #zoning lot# is occupied by #lower income households# and at least 10% of the total #floor area# on the #zoning lot# is occupied by #moderate income households#, or

(3) at least 10% of the total #floor area# on the #zoning lot# is occupied by #lower income households# and at least 15% of the total #floor area# on the #zoning lot# is occupied by #middle income households#.

(c) Lower Income Housing Requirements

#Developments# that increase #floor area# in accordance with the provisions of this Section shall comply with the lower income housing requirements of Section 23-95, except as modified in this paragraph (c).

(1) The provisions of Section 23-95(b) shall apply, except that in addition, incoming households of #standard units# in #lower income housing# may be #moderate# and #middle income households#, and sublessees of a #moderate# or #middle income household# may also be a #moderate# or #middle income household#.

Furthermore, on and after the issuance of a certificate of occupancy for #lower income housing#, the #administering agent# shall have a duty to rent such housing to #lower#, #moderate# or #middle income households#, as provided in this Section.

This duty to rent shall be satisfied by the #administering agent#, if such agent has in fact rented all such units to #lower#, #moderate# or #middle income households#, as provided in this Section, or has, in good faith, made a continuing public offer to rent such units at rents no greater than the rents authorized by this program or otherwise at law.

(2) The provisions of Section 23-95(d) shall apply, except that prior to renting #lower income housing#, the #administering agent# shall verify the income of each household to occupy such housing, to assure that the households are #lower#, #moderate# or #middle income households# as provided by this Section. The #administering agent# shall submit an affidavit to the Commissioner of Housing Preservation and Development upon initial occupancy and annually thereafter attesting that all incoming occupants of #lower income housing# are #lower#, #moderate# or #middle income households# as required by the provisions of this Section.

(3) Section 23-951(a) shall apply, except that the #lower income housing# shall be maintained and leased to #lower#, #moderate# or #middle income households#, as provided in this Section, for the life of the increased #floor area#.

62-353
Special floor area, lot coverage and residential density distribution regulations

Within any parcel identified in Section 62-381, and with respect to any such parcels which are adjacent to each other and which are under single fee ownership and with respect to which each party having any interest therein is a party in interest (as defined in (e) of the definition of a #zoning lot# in Section 12-10) or with respect to which each party in interest (as defined in (f)(4) of the definition of a #zoning lot# in

Section 12-10) has executed a declaration declaring that the properties are to be develop as a single parcel or has waived its right to execute such declaration, the total #floor area# and #lot coverage# permitted pursuant to Section 62-351 or 62-352 and the residential density permitted pursuant to Section 23-22 may be located anywhere within such parcel or between such parcels without regard to #zoning lot lines# or district boundaries provided that such location of #floor area#, #lot coverage# or residential density complies with Section 62-31 and Section 62-34 as modified by Section 62-354.

62-354
Special Height and Setback Regulations

The provisions of Section 62-341 are modified as follows:

(a) Paragraph (c)(1) (Maximum base height) shall be modified in R6 Districts to permit a maximum base height of 65 feet or six #stories#, whichever is less. However, for #buildings or other structure# located on a #zoning lot# with more than 100 feet of frontage on a #street# in R6 Districts, not less than 20 percent of such frontage shall exceed a maximum base height of 55 feet or 5 #stories#, whichever is less.

(b) Paragraph (c)(2) (Maximum #building# height) shall not apply. In lieu thereof, the maximum #building# height in an R6 District shall be 65 feet or six #stories#, whichever is less, within 100 feet of Commercial Street, West Street, Dupont Street, Franklin Street and Kent Avenue. Beyond 100 feet of such #streets# and any other portions of an R6 District, the maximum #building# height in shall be 110 feet. In R8 Districts, the maximum #building# height shall be 210 feet, except that for #zoning lots developed# with multiple #buildings# or portions of #buildings# that exceed a height of 200 feet, not more than half of such #buildings# or portions of #buildings# may exceed a height of 210 feet to a maximum #building# height of 310 feet. Such maximum #building# heights of 110 feet, 210 feet and 310 feet may be exceeded by a penthouse portion of a #building#, provided any #story# of a #building# within such penthouse portion does not exceed 85 percent of the gross area of the highest #story# of the same #building# entirely below a height of 110 feet, 210 feet or 310 feet, as applicable, and the maximum height of such penthouse portion does not exceed 40 feet.
For #developments# that provide #lower income housing# pursuant to Section 62- 352, the increased #floor area# permitted for such #developments# may exceed the height limits of an R8 District set forth in this paragraph (b) provided that the maximum building height shall be 260 feet, except that for #zoning lots developed# with multiple #buildings# or portions of #buildings# that exceed a height of 250 feet, not more than half of such #buildings# or portions of #buildings# may exceed a height of 260 feet to a maximum #building# height of 360 feet. Such maximum #building# heights of 260 feet and 360 feet may be exceeded by a penthouse portion of a #building#, provided any #story# of a #building# within such penthouse portion does not exceed 85 percent of the gross area of the highest #story# of the same #building# entirely below a height of 260 feet or 360 feet, as applicable, and the maximum height of such penthouse portion does not exceed 40 feet.

(c) Paragraphs (c)(3) (#Floor area# distribution) and (c)(5) (Additional setback provisions for high #buildings#) shall not apply.

(d) Paragraph (c)(4) (Maximum #residential# tower size) shall not apply. In lieu thereof, each #residential story# of a #building# located entirely above a height of 85 feet shall not exceed a gross area of 8,100 square feet in an R6 District and 11,000 square feet in an R8 District. If such #residential story# of a #building# is located partially in an R6 District and partially in an R8 District, it shall not exceed a gross area of 11,000 square feet and any portion located in an R6 district shall not exceed a gross area of 8,100 square feet.

(e) Paragraph (c)(6) shall not apply. In lieu thereof, the maximum length of any #story# of a #building# that exceeds a height of 85 feet shall not exceed 170 feet. Such length shall be measured by inscribing within a rectangle the outermost walls at the level of each #story# entirely above such heights. Any side of such rectangle shall not exceed 170 feet.

(f) Paragraph (c)(7) (Ground floor streetscape provisions) shall not apply. In lieu thereof, all off-street parking spaces located within 50 feet of a #street#, a #visual corridor# containing a private road, and a #shore public walkway#, #upland connection# or #supplemental public access area# and which are located on a #story# that is above the #base plane# shall be within facilities that are located behind #commercial#, #community facility# or #residential# floor space so that no portion of such parking facility, other than entrances and exits, is visible from such #streets#, #visual corridors# or publicly accessible open spaces. Such floor space shall have a minimum depth of 25 feet. Up to 5 percent of such floor space may be used for mechanical equipment provided that no floor space used for mechanical equipment is located within 15 feet of the #street wall# of the #building# below a height of 15 feet above the #base plane#, and that no exhaust vents are located on the street wall of the #building# below a height of 15 feet above the #base plane#. The remainder of such floor space shall be used for #commercial#, #community facility# or #residential floor area#. Seventy percent of the surface area of the facade of a facility containing parking spaces which are not otherwise required to be behind such #floor area# shall be composed of the same materials as the facade of the #building# in which it is located.

(g) Any roof of a facility containing off-street parking spaces, not otherwise covered by a #building#, which is larger than 400 square feet shall be landscaped. Up to 5 percent of such roof area may be used for mechanical equipment provided that such mechanical equipment is screened from view by a fence which is at least 75 percent opaque or by at least 3 feet of dense planting. Up to 25 percent of such roof area may be accessible solely from an adjacent #dwelling unit# and the remaining roof area shall be accessible for the recreational use of the occupants of the building in which it is located. Hard surfaced areas shall not cover more than 60 percent of such roof area.

(h) At least 70 percent of the width of the #streetwall# of a #building# or #buildings# fronting on a portion of a #street#, #upland connection# or #visual corridor# which is not adjacent to a #shore public walkway# or #supplemental public access area# shall be located within eight feet of such #street line# and extend to a minimum height of 30 feet.

(i) All #developments#, conversions, and #enlargements# or #extensions# which increase the existing #floor area# by more than 10 percent, shall provide along the entire #street# length of the #zoning lot#, one tree for every 25 feet of # street# frontage. Such trees shall be of at least three-inch caliper at the time of planting and be placed at approximately equal intervals except where the Department of Parks and Recreation determines that such tree planting would be unfeasible. Such trees shall be planted in accordance with the standards of the Department of Parks and Recreation.

Special Parking and Loading Regulations for Waterfront Access Plan BK-1

Within Waterfront Access Plan BK-1 the Special Parking and Loading Regulations of this section are further modified as follows:

(a) The provisions of Section 62-511 and Section 62-521 shall not be applicable.

(b) #Accessory# off-street parking spaces for #uses# permitted pursuant to Section 62- 29 shall be provided in conformity with the regulations of Sections 36-21, 36-22 and 36-232 for C2-4 districts.

(c) Any required #accessory# off-street parking spaces provided for #uses# located on a parcel identified in Waterfront Access Plan BK-1 may be located anywhere within such parcel.

Waterfront public access and visual corridors

* * *

5. for the #development# of a park, a site plan and all other applicable data have been submitted showing compliance with the provisions of Section 62-416 (Special regulations for zoning lots that include parks).

A certification pursuant to paragraph (c) of this section, for any parcel identified in Waterfront Access Plan BK-1, may provide for the phased implementation of all required public access areas provided that an amount of public access area proportionate to the amount of #floor area# being developed on the parcel is provided in each phase. Additionally, for any #development# located within 200 feet of a #shore public walkway#, the initial phase and each subsequent phase, shall also provide a minimum of 200 linear feet of #shore public walkway# and any adjacent #supplemental public access area# located between such #development# and the required #shore public walkway#, one #upland connection# through or adjacent to the entire parcel to such required portion of the #shore public walkway# and, shall have at least one other connection from such required portion of the #shore public walkway# to an adjacent #shore public walkway#, a #street# or another #upland connection#. For any #development# located entirely beyond 200 feet of a #shore public walkway#, the initial phase and each subsequent phase, shall also provide a minimum of 100 linear feet of #shore public walkway#, and one #upland connection# through or adjacent to the entire parcel to such required portion of the #shore public walkway#. However, no public access area needs to be provided for a phase consisting of a #development # in which all included #residential# units are affordable units for a #lower income household# as defined in section 23-93 or a #moderate income household# or a #middle income household# as defined in section 62-352.

A certificate pursuant to paragraphs (b) or (c) of this Section shall be granted on condition that an acceptable restrictive declaration is executed and filed pursuant to Section 62-14 (Requirements for Recordation).

62-812
Elements of a Waterfront Access Plan

A Waterfront Access Plan may:
1) on #zoning lots# where public access or #visual corridors# are required pursuant to the provisions of Sections 62-40 and 62-60, modify the size, configuration, location or design of required waterfront public access areas or #visual corridors# within certain designated areas in order to address local conditions, provided such plan does not impose a public access or #visual corridor# requirement on any #zoning lot# greater than would otherwise be required pursuant to the provisions of Sections 62-40 or 62-60. For the purpose of determining the amount of public access, the highest standard applicable to a zoning lot may be applied regardless of any specific #use# permitted or proposed for such #zoning lot#. Within Waterfront Access Plan BK-1, the public access and #visual corridor# requirements for any parcel located within the Waterfront Access Plan may be determined by aggregating the public access and #visual corridor# requirements of each zoning lot within the parcel and such aggregated requirements may be modified within such parcel without regard to #zoning lot lines#;

(a) Area wide modifications:

The following provisions shall apply to all #developments# required to provide public access, pursuant to Section 62-40 (REQUIREMENTS FOR WATERFRONT PUBLIC ACCESS AND VISUAL CORRIDORS):

(1) Paragraph (c) of Section 62-412 (Requirements for public access on piers) is applicable, except that a minimum of 15 feet are required along each water edge.

(2) The provisions of Section 62-61 (Design Options and Methodology) shall be inapplicable. In lieu thereof, the following provisions shall apply:

2 All required public access areas and #visual corridors# shall comply with the general requirements set forth in Section 62-62 (General Requirements for Public Access Areas) and the specific requirements as set forth in this Section.

(ii) #Upland connections#, #visual corridors#, public access areas on #piers# and public access areas in conjunction with #floating structures# shall comply with the design requirements set forth in Sections 62-64 through 62-66, inclusive.

(iii) Public access areas are subject to the design reference standards set forth in Section 62-67 and paragraph (d) of this Section.

(3) The provisions of Section 62-623 (Supplemental public access areas) shall be inapplicable. In lieu thereof, the following provisions shall apply:

c) A required #supplemental public access area# shall be directly connected to either a #pier# public access area, an #upland connection# or a #shore public walkway# on either its landward or seaward side and its pedestrian circulation zone shall be contiguous with the adjacent pedestrian circulation zone.

d) A buffer zone shall only be required where a #supplemental public access area# adjoins a non-publicly accessible portion of a #zoning lot#, in which case its minimum width shall be 15 feet.

(4) #Street# Treatment

All #streets# adjacent to a #shore public walkway# or #supplemental public access area# shall be improved as a continuation of such #shore public walkway# or #supplemental public access area#, pursuant to the design requirements of paragraph (b) of this Section, inclusive.

(b) Specific design requirements for Public Access Prototypes

The provisions of Section 62-63 (Specific Design

Requirements for Public Access Prototypes) shall be inapplicable. In lieu thereof the following provisions for #shore public walkways# and #supplemental public access areas# shall apply:

(1) Greenpoint-Williamsburg Shore Public Walkway-Prototype I

1. One circulation path with a minimum clear width of 12 feet is required. The path must be within ten feet of the seaward edge of the #shore public walkway#, except when rip rap, beach or other shoreline materials are provided in a publicly accessible area seaward of the path.

(ii) A minimum of one linear foot of seating shall be provided for every 100 square feet of #shore public walkway#. At least 60 percent of the required seating shall be landward of the required circulation path.

(iii) A minimum of 50 percent of the pedestrian circulation zone, excluding the required circulation path, shall be planting area. Rip rap, beach or other shoreline materials may be counted as an equivalent to planting area.

(iv) One shade tree is required for every 1,200 square feet of #shore public walkway# and one small or ornamental tree shall be required for every 750 square feet of #shore public walkway#. Trees may be located either in the pedestrian circulation zone landward of the required circulation path or in the buffer zone. Fifty percent of required shade trees shall be located within 10 feet of the required clear path.

(2) Greenpoint-Williamsburg Shore Public Walkway-Prototype II

1) The provisions of 62-621 (Shore public walkways) shall apply except that a #shore public walkway# shall have a minimum 30 foot pedestrian circulation zone and a minimum 15 foot buffer zone.

2) One circulation path with a minimum clear width of 12 feet is required. The path must be within ten feet of the seaward edge of the #shore public walkway#, except when rip rap, beach or other shoreline materials are provided in a publicly accessible area seaward of the path, in which case, the path shall be located within 20 feet of the shoreline. A secondary circulation path may be provided, with a minimum width of 10 feet. Connecting paths having a minimum width of ten feet shall be provided between the two circulation paths at intervals not to exceed 100 feet.

3) A minimum of one linear foot of seating shall be provided for every 70 square feet of #shore public walkway#.

4) A minimum of 70 percent of the pedestrian circulation zone, excluding the required circulation path shall be planting area. A minimum of 50 percent of this planting area must be improved as lawn according to the provisions of Section 62-675 (Planting and trees).

(v) One shade tree is required for every 1,900 square feet of #shore public walkway# and shall be located in the pedestrian circulation zone. In addition, one shade, small or ornamental tree shall be required for every 850 square feet of #shore public walkway# and may be located either in the pedestrian circulation zone or in the buffer zone. Fifty percent of required shade trees shall be located within 10 feet of the required clear path.

(3) Greenpoint-Williamsburg Supplemental Public Access - Waterfront Plaza

(i) The entire #supplemental public access area# shall be a pedestrian circulation zone, except for any buffer zone required by paragraph (a)(3)(ii) of this Section.

(ii) There shall be at least one circulation path throughout the #supplemental public access area#. Such path shall provide access to the primary entrance of any building or #use# that is within or adjacent to the #supplemental public access area#.

The required circulation path shall have a minimum clear width of ten feet and any other circulation path shall have a minimum clear width of six feet.

Within a transition zone, the minimum aggregate width of clear path along any side of the #supplemental public access area# shall be equal to 50 percent of the length of the intersection between the two public access areas, and any single path providing access between waterfront public access areas shall have a minimum width of 10 feet.

(iii) A minimum of one linear foot of seating shall be provided for every 40 square feet of pedestrian circulation zone. Fifty percent of required seating shall be under shade throughout the day.

(iv) A minimum of 25 percent of the pedestrian circulation zone shall be planting area.

(v) Four trees shall be required for the first 2,500 square feet of #supplemental public access area#, at least two of which shall be shade trees. For each additional 750 square feet, one additional shade, ornamental or small tree shall be required. Small or ornamental trees located within the pedestrian circulation zone shall not be counted toward the minimum requirements.

(4) Greenpoint-Williamsburg Supplemental Public Access - Waterfront Park

(i) The entire #supplemental public access area# shall be a pedestrian circulation zone, except for any buffer zone required by paragraph (a)(3)(ii) of this Section.

(ii) There shall be at least one circulation path throughout the #supplemental public access area#. Such path shall provide access to the primary entrance of any building or #use# that is within or adjacent to the #supplemental public access area#.

The required circulation path shall have a minimum clear width of ten feet and any other circulation path shall have a minimum clear width of six feet.

Within a transition zone, the minimum aggregate width of clear path along any side of the #supplemental public access area# shall be equal to 50 percent of the length of the intersection between the two public access areas, and any single path providing access between waterfront public access areas shall have a minimum width of 10 feet.

(iii) A minimum of one linear foot of seating shall be provided for every 50 square feet of pedestrian circulation zone. Fifty percent of required seating shall be under shade throughout the day.

(iv) A minimum of 60 percent of the pedestrian circulation zone shall be planting area with no more than 30 percent of the planting area in raised planting beds. At least 35 percent of the #supplemental public access area# shall be lawn in compliance with the standards set forth in paragraph (c)(5) of Section 62-675 (Planting and trees).

(v) Four trees shall be required for the first 2,500 square feet of #supplemental public access area#, at least two of which shall be shade trees. For each additional 750 square feet, one additional shade, ornamental or small tree shall be required. Small or ornamental trees located within the pedestrian circulation zone shall not be counted toward the minimum requirements.

(c) Amenities

In parcels where #supplemental public access area# is required, no more than fifteen percent of public access area may be reduced if playgrounds and other amenities are provided in accordance with the following provisions.

(1) Playgrounds

A playground shall have a minimum size of 1,000 square feet and, if applicable, there shall be a minimum of 400 feet between any two playground areas. For every five square feet of playground area provided, the total amount of required public access may be reduced by the rate of one square foot.

(2) Other amenities

A reduction in the total amount of required public access area shall be permitted according to the following table.

Amenity	Square feet reduction
Picnic table	22 sq. ft. per table, to a max. of 200 sq. ft.
Chess table	20 sq. ft. per table,to a max. of 200 sq. ft.
Telescope	10 sq. ft. per telescope, to a max. of 50 sq. ft.
Fountain/water feature	150 sq. ft. per feature, to a max. of 300 sq. ft.
Shade structure	150 sq. ft. perstructure, to a max. of 300 sq. ft.

(d) Public access design reference standards

Section 62-67 is hereby modified by the following provisions.

(1) Guardrails

The provisions of paragraph (a) Section 62-671 (Guardrails, gates and other protective barriers) shall be inapplicable. In lieu thereof the following provisions for guardrails shall apply:

(i) Guardrails shall be located within waterfront public access areas continuously along any bulkhead, stabilized shore or the water edges of a #pier# or #platform# that is located within 50 feet of a circulation path; and continuously along any grade level change of 30 inches or greater adjoining or within 10 feet of a circulation path. However, guardrails shall not be required landward of any rip rap, beach or any other shoreline material that is at least 10 feet wide. If any protective barrier is provided adjacent to any rip rap, beach or other shoreline material, they shall not exceed a height of 21 inches or shall consist of a bollard and chain device.

Guardrails shall not be required at access points to WD #uses# and #development# on #floating structures#. The minimal protective barrier at such locations shall be a swing gate, bollard and chain or similar device.

(ii) Guardrails shall comply with illustration A1; alternatively, illustration A2 may be used in #piers#.

All guardrail components and hardware shall be in stainless steel or cast aluminum, as applicable.

Illustration A1

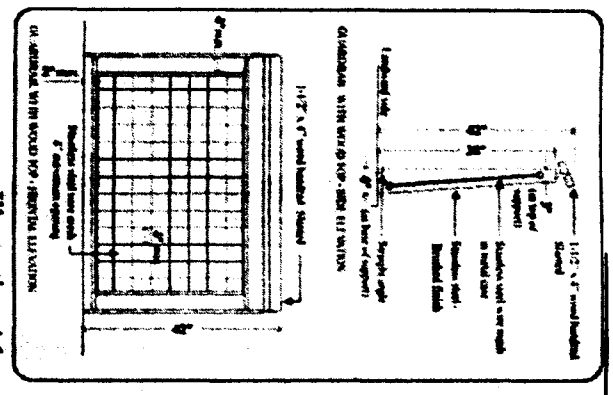

Illustration A2

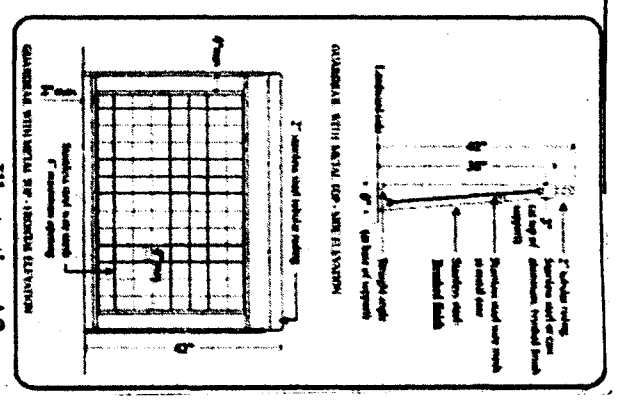

(Alternate for Piers)

(2) Seating

In addition to the provisions of Section 62-672, at least fifty percent of the required seating along any #shore public walkway# or #supplemental public access area# shall comply with illustration B1 or B2 below.

Illustration B1

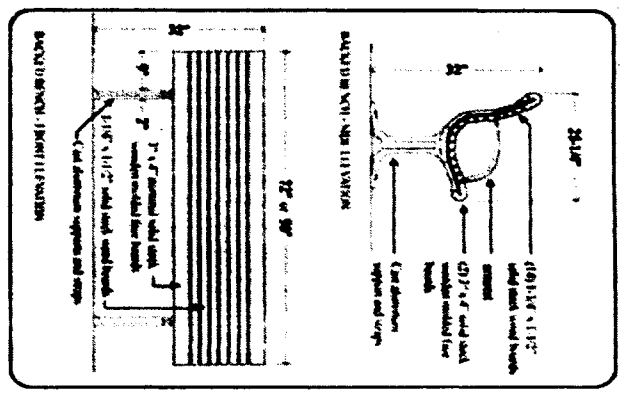

Illustration B2

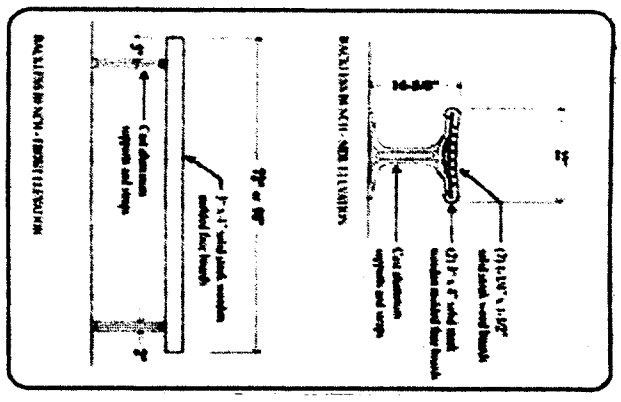
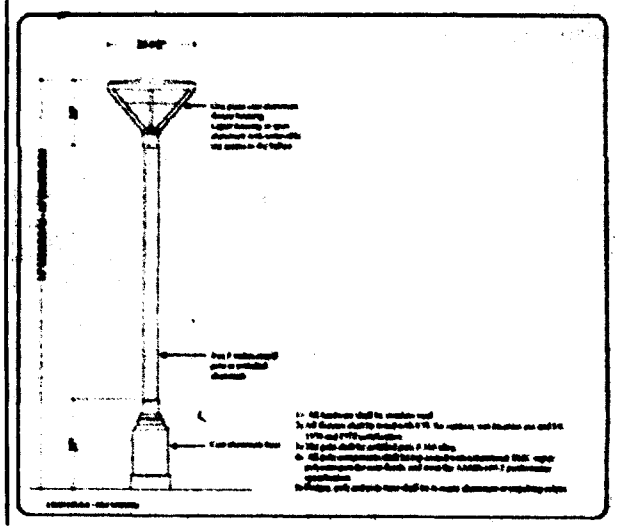


All wood boards shall be made of Redwood, Jarrah or Ipe, have eased edges and ends and be treated for external use without stain or varnish.

All supports and backstraps shall be 713 tenzalloy cast aluminum, with a rust inhibitor and a top coat finish of thermosetting polyester powdercoat that is ultra-violet, chip and flake resistant. Metal components shall have a light gray or aluminum color.

(3) Lighting

In addition to the provisions of Section 62-673, the required lighting along any public access area shall comply with illustration C1 below.



(4) Planting and trees

The provisions of paragraph (c)(6) (Container planting) of Section 62-675 shall be inapplicable, unless a structural or environmental necessity is demonstrated at the time of certification.

(5) Paving

In addition to the provisions of Section 62-676, the paving for the required clear path within the #shore public walkway# shall be gray. At least fifty percent of all other paved areas within the #shore public walkway# and #supplemental public access areas# shall be paved in the same color range.

(e) Special public access provisions by parcel

The provisions of Sections 62-41 (Requirements for waterfront public access) and 62-60 (DESIGN STANDARDS FOR THE WATERFRONT AREA) are modified at the following designated locations which are shown on Map BK-1b in paragraph (g) of this Section:

1. Parcels 1 and 2

(i) #Shore public walkway#
The requirements for Prototype I described in paragraph (b)(1) of this Section shall apply to all new #development#.

In the event of any #enlargement#, #extension# or change of #use# within existing #buildings or other structures#, a #shore public walkway# shall occupy the entire area between the seaward edge and the existing #building or other structure# but need not be wider than 40 feet. The #shore public walkway# shall have a minimum clear path of 10 feet. No seating, planting or buffer zone shall be required. If seating and planting are provided, they shall comply with the provisions of Sections 62-672 and 62-675. In addition to the lighting design requirements of paragraph (c)(3) of this Section, lighting fixtures may be mounted on existing #buildings or other structures#.

(ii) #Supplemental public access area#
The requirements for #supplemental public access area# shall be waived.

(2) Parcels 3 and 4

(i) #Shore public walkway#

The requirements for Prototype I described in paragraph (b)(1) of this Section shall apply.

(ii) #Upland connection#

An #upland connection# shall be provided between Commercial Street and the #shore public walkway# within a flexible location along the #lot line# between Parcels 3 and 4. Whichever parcel is developed first shall provide an #upland connection# along the #lot line# between the two parcels. The width of the #upland connection# may be utilized by the developer of the remaining parcel in the computation necessary to comply with the requirements of a #visual corridor# along the #lot line# between the two parcels, according to the provisions of paragraph (f)(1) of this Section. If both parcels are developed concurrently, then the requirements may be divided equally along the #lot line# between the parcels.

(3) Parcel 5a

(i) #Shore public walkway#

The requirements for Prototype I described in paragraph (b)(1) of this Section shall apply.

(ii) #Upland connection#

An #upland connection# shall be provided between Commercial Street and the #shore public walkway# within the flexible location zone indicated on Map BK-1b in paragraph (g) of this Section.

The eastern boundary of such flexible location zone shall be 110 feet from the shared lot line of Parcel 4 and its western boundary shall be 200 feet from the shared lot lines of Parcels 5b and 6.

(iii) #Supplemental public access area#

The #supplemental public access area# shall abut the #shore public walkway# continuously along its longest side, and shall also abut the required #upland connection# where it meets the #shore public walkway#. The #upland connection#, however, may cut across the #supplemental public access area# provided that no area shall be less than 5,000 square feet. All #supplemental public access areas# shall have a minimum width to depth ratio of 1.0 to 1.0 and a maximum width to depth ratio of 2.0 to 1.0. In no event shall the #supplemental public access area# be deeper than 100 feet. The requirements for Waterfront Plaza described in paragraph (b)(3) of this Section shall apply.

Alternatively, a portion of the required #supplemental public access area# that is a minimum of 5,000 square feet may abut the #shore public walkway# continuously along the longest side provided that it also abuts a publicly accessible private drive connecting the #shore public walkway# to Commercial Street. Such publicly accessible private drive shall be improved to the standards of an #upland connection# as required by Section 62-641, but shall not be counted towards satisfying the required amount of public access area on the site. The requirements for Waterfront Park described in paragraph (b)(4) of this Section shall apply.

(4) Parcel 5b

#Shore public walkway#

The requirements for Prototype I described in paragraph (b)(1) of this Section shall apply.

(5) Parcel 5c

(i) #Shore public walkway#

The requirements for Prototype I described in paragraph (b)(1) of this Section shall apply.

(ii) #Upland connection#

Two #upland connections# shall be provided between West Street and the #shore public walkway#, one each located within the prolongation of the #street lines# of Eagle Street, and Green Street, respectively.

(iii) #Supplemental public access area#

Two #supplemental public access areas# shall be provided on Parcel 5c.
A #supplemental public access area# shall be bounded by the southern boundary of the required Green Street #upland connection#, the #shore public walkway#, the southern boundary of Parcel 5c and the northern prolongation of the eastern boundary of the #shore public walkway# required in Parcel 7. The requirements for Waterfront Plaza described in paragraph (b)(3) of this Section shall apply.

The remaining required #supplemental public access area# shall be provided either on the #pier# or distributed evenly as a widening of the pedestrian circulation zone of the #shore public walkway# located between the Eagle Street and Green Street #upland connections#. If any #supplemental public access area# is located on the #pier#, the planting requirements for Waterfront Plaza described in paragraph (b)(3) of this Section shall apply, except that trees may be substituted by a shading element at a rate of 450 sq. ft. of shade element per tree.

(iv) #Pier# public access

Public access shall be provided on the Green Street #pier# pursuant to the requirements of Section 62-412 and of paragraph (a)(1) of this Section.

(6) Parcel 5

In the event that Parcels 5a, 5b and 5c are merged into one parcel, they shall be known as Parcel 5 and be subject to the following requirements:

(i) #Shore public walkway#

The requirements for Prototype I described in paragraph (b)(1) of this Section shall apply.

(ii) #Upland connection#

One #upland connection# shall be provided between Commercial Street and the #shore public walkway# within the flexible location zone indicated on Map BK-1b in paragraph (g) of this Section. The eastern boundary of such flexible location zone shall be 110 feet from the shared lot line of Parcel 4 and its western boundary shall be 200 feet from the shared lot line of Parcel 6.

Two #upland connections# shall be provided between West Street and the #shore public walkway#, each located within the prolongation of the #street lines# of Eagle Street and Green Street, respectively.

(iii) #Supplemental public access area#

Two #supplemental public access areas# shall be provided.
A #supplemental public access area# shall be bounded by the southern boundary of the required Green Street #upland connection#, the #shore public walkway#, the southern boundary of Parcel 5 and the northern prolongation of the eastern boundary of the #shore public walkway# required in Parcel 7. The requirements for Waterfront Plaza described in paragraph (b)(3) of this Section shall apply.

The remaining of the required #supplemental public access area# shall be located within the area bounded by the western prolongation of the north #street line# of Dupont Street, the #shore public walkway#, the northern prolongation of the eastern boundary of Parcel 6 and Parcel 6. The requirements for Waterfront Park described in paragraph (b)(4) of this Section shall apply.

(iv) #Pier# public access

Public access shall be provided on the Green Street #pier# pursuant to the requirements of Section 62-412 and of paragraph (a)(1) of this Section.

(7) Parcel 7

(i) #Shore public walkway#

The requirements for Prototype I described in paragraph (b)(1) of this Section shall apply, except that any portion of the required #shore public walkway# where the distance between the shoreline and the boundaries of Parcel 7 is less than 17 feet shall be improved entirely as clear path.

(ii) #Supplemental public access area#

The requirement for a #supplemental public access area# on Parcel 7 is waived.

(8) Parcels 9, 10 and 11

(i) #Shore public walkway#

The requirements for Prototype II described in paragraph (b)(2) of this Section shall apply.

(ii) #Supplemental public access area#

For each parcel, the #supplemental public access area# requirements shall be provided to widen the pedestrian circulation zone of the #shore public walkway#, evenly distributed along the entire length of such #shore public walkway#.

(9) Parcel 13

(i) #Shore public walkway#

The requirements for Prototype I described in paragraph (b)(1) of this Section shall apply.

(ii) #Upland connection#

An #upland connection# shall be provided between West Street and the #shore public walkway# located within the prolongation of the #street lines# of Milton Street.

(iii) #Supplemental public access area#

A #supplemental public access area# shall be bounded by the southern #street line# of Greenpoint Avenue, the #shore public walkway# and the northern boundary of the required Milton Street #upland connection#. The requirements for Waterfront Park described in paragraph (b)(4) of this Section shall apply.

(10) Parcel 14

(i) #Shore public walkway#

The area between the prolongation of the northern #street line# of Calyer Street and the prolongation of the northern boundary of the required Calyer Street #upland connection# shall be improved pursuant to the requirements of Prototype II described in paragraph (b)(2) of this Section. The remaining required #shore public walkway# shall be improved pursuant to the requirements of Prototype I as described in paragraph (b)(1) of this Section.

(ii) #Upland connection#

An #upland connection# shall be provided between West Street and the #shore public walkway#. The southern boundary of such #upland connection# shall be defined by a line between the intersection of the prolongation of the southern #street line# of Calyer Street and the western #street line# of West Street, and a point on the easterly boundary of the #shore public walkway# 30 feet north of the northern #street line# of Quay Street

(iii) #Supplemental public access area#
Two #supplemental public access areas# shall be provided. A #supplemental public access area# with a minimum of 9,000 square feet shall be provided between the prolongation of the northern #street line# of Calyer Street and the prolongation of the northern boundary of the required Calyer Street #upland connection# to widen the pedestrian circulation zone of the #shore public walkway#.

The remaining requirements for #supplemental public access area# shall be located in the area bounded by the southern boundary of the required Calyer Street #upland connection#, the #shore public walkway# and the southern boundary line of the parcel. The requirements for Waterfront Park described in paragraph (b)(4) of this Section shall apply.

(11) Parcel 15

An #upland connection# shall be provided within

the prolongation of the #street lines# of WestStreet, connecting Quay Street to Parcel 20.

(12) Parcels 19, 20, 21 and 22
Parcels 19, 20, 21 and 22 shall be designated as public parks as of (date of adoption).

(13) Parcel 24
#Shore public walkway#

Prototype I described in paragraph (b)(1) of this Section shall apply.

(14) Parcel 25

(i) #Shore public walkway#

The requirements for Prototype I described in paragraph (b)(1) of this Section shall apply.

(ii) #Upland connection#

An #upland connection# shall be provided between West Street and the #shore public walkway# located within the prolongation of the #street lines# of North 6th Street.

(iii) #Supplemental public access area#

Two #supplemental public access areas# shall be provided.

One #supplemental public access area# shall be provided along the prolongation of the southern #street line# of North 7th Street and the #shore public walkway#. Such public access area shall be a minimum of 3,000 square feet in area and shall have a minimum depth of 90 feet from the southern #street line# of North 7th Street. The entire #supplemental public access area#, excluding the required buffer, shall be developed as clear circulation path.

A minimum of one linear foot of seating shall be required for every 40 square feet of pedestrian circulation zone and shall be located in the required buffer zone. Four trees shall be required, at least two of which are shade trees. Small or ornamental trees located within the buffer zone shall not be counted toward the minimum requirements.

The remaining required #supplemental public access area# shall be located either on the #pier# or abut the #shore public walkway# continuously along its longest side, and shall also abut the required #upland connection# where it meets the #shore public walkway#. At least 70 percent of the required #supplemental public access# shall have a width to depth ratio of 2 to 1. The requirements for Waterfront Plaza described in paragraph (b)(3) of this Section shall apply. If any #supplemental public access area# is located on the #pier#, the planting requirements for Waterfront Plaza shall apply, except that trees may be substituted by a shading element at a rate of 450 sq. ft. of shade element per tree.

(iv) #Pier# public access

Public access shall be provided on a #pier# located at the western terminus of North 6th Street pursuant to the requirements of Section 62-412 and of paragraph (a)(1) of this Section.

(15) Parcel 26

(i) #Shore public walkway#

The requirements of Section 62-411 (Requirements for shore public walkways) shall apply, except that the minimum required width of the #shore public walkway# shall be reduced to 34 feet between North 5th Street and the northern boundary of the required #upland connection# at the prolongation of North 4th Street. The quantity of public access eliminated from the #shore public walkway# as a result of this width reduction shall be located in the triangle formed between the #shore public walkway#, the southern #street line# of the North 4th Street #upland connection# and the bulkhead line. The entirety of the #shore public walkway# shall be improved pursuant to the requirements for Prototype I described in paragraph (b)(1) of this Section.

(ii) #Upland connections#

An #upland connection# shall be provided between Kent Avenue and the #shore public walkway# located within the prolongation of the #street lines# of North 4th Street.

(16) Parcel 27

(i) #Shore public walkway#
The requirements for Prototype I described in paragraph (b)(1) of this Section shall apply to all new #development#.

In the event of any #enlargement#, #extension# or change of #use# within existing #buildings or other structures#, a #shore public walkway# shall occupy the entire area between the seaward edge and the existing #building or other structure#, but shall not need to be wider than 40 feet.

Notwithstanding the requirements of Paragraph (c) of Section 62-62 (General Requirements for Public Access), the #shore public walkway# may be located within the #building or other structure#, and the obstructions permitted by Section 62-626, paragraph (a), shall include any supporting structural elements of the #building or other structure# and its related appurtenances. Additionally, the #shore public walkway# shall have a minimum clear path of 12 feet. No seating, planting or buffer zone shall be required. If seating and planting are provided, they shall comply with the provisions of Sections 62-672 and 62-675. In addition to the lighting design requirements of paragraph (c)(3) of this Section, lighting fixtures may be mounted on existing #buildings or other structures#.

(ii) #Supplemental public access area#

The requirements for #supplemental public access# shall be waived.

(f) Special visual corridor provisions by parcel

The designated locations for #visual corridors# pursuant to this Plan are shown on Map BK-1c in paragraph (g) of this Section and shall be as follows:

(1) Parcels 3 and 4

A #visual corridor# shall be provided through Parcels 3 and 4 to the pierhead line within a flexible area along the #lot lines# between them.

Whichever parcel develops second shall complete the required clearance to comply with the #visual corridor# requirements along the #upland connection# already provided in accordance with the requirements of paragraph (e)(2)(ii) of this Section. If both parcels are developed concurrently, then the requirements can be divided equally along the #lot line# between the parcels.

(2) Parcel 5a

A #visual corridor# shall be provided through Parcel 5a to the pierhead line within the flexible location zone indicated on Map BK-1c in paragraph (g) of this Section. The eastern boundary of such flexible area shall be 110 feet from the shared lot line of Parcel 4 and its western boundary shall be 200 feet from the shared lot line of Parcels 5b and 6.

(3) Parcel 5b

Two #visual corridors# shall be provided through Parcel 5b to the pierhead line as the prolongation of the #street lines# of West Street and Dupont Street, respectively.

(4) Parcel 5c

(i) Three #visual corridors# shall be provided through Parcel 5c to the pierhead line as the prolongation of the #street lines# of West Street, Eagle Street and Green Street.

(ii) Permitted obstructions on #piers#, per Section 62-65 paragraph (b), shall be permitted obstructions along the #visual corridor# along Green Street.

(5) Parcel 5

In the event that Parcels 5a, 5b and 5c are merged into one parcel, they shall be known as Parcel 5, subject to the following #visual corridors# requirements:

(i) One #visual corridor# shall be provided through Parcel 5 to the pierhead line within the flexible location zone indicated on Map BK-1c in paragraph (g) of this Section. The eastern boundary of such flexible area shall be 110 feet from the shared lot line of Parcel 4 and its western boundary shall be 200 feet from the shared lot line of Parcel 6.
Four #visual corridors# shall be provided through Parcel 5 to the pierhead line, each located as the prolongation of the #street lines# of West Street, Dupont Street, Eagle Street and Green Street, respectively.

(ii) Permitted obstructions on #piers#, per Section 62-65 paragraph (b), shall be allowed along the #visual corridor# along Green Street.

(6) Parcel 13

Two #visual corridors# shall be provided through Parcel 13 to the pierhead line as the prolongation of the #street lines# of Milton Street and Oak Street, respectively.

(7) Parcel 14

A #visual corridor# shall be provided through Parcel 14 as the prolongation of the #street lines# of Oak Street.

(8) Parcel 15

A #visual corridor# shall be provided though Parcel 15 as the prolongation of the #stret lines# of West Street.

(9) Parcel 25

A #visual corridor# shall be provided through Parcel 25 as the prolongation of the #street lines# of North 6th Street.

PARKS AND RECREATION

■ JOINT PUBLIC HEARING

NOTICE OF A JOINT PUBLIC HEARING between the Franchise and Concession Review Committee and the Department of Parks and Recreation to be held on Monday, February 7, 2005 at Spector Hall, 22 Reade Street, Main Floor, Borough of Manhattan, commencing at 10:00 a.m. relative to:

AUTHORIZATION to enter into a Sole Source Concession Agreement with Theatre Development Fund (TDF), located at 1501 Broadway, New York, NY 10036, for the operation and management of a discount ticket stand to be constructed in Father Duffy Square, located at West 47th Street and Broadway, Borough of Manhattan, for a term of twenty (20) years commencing September 1, 2005. TDF will pay Parks a fee of $39,000 for the first year of the license term; the fee will escalate annually based on increases in the Consumer Price Index (CPI); however, if the CPI goes down, the license fee will remain the same. Additionally, in years six (6), eleven (11) and sixteen (16), if the CPI increase over each of the respective prior five (5) year periods is less than the percentage increase in the service charge attached to the ticket sale covering that same period, TDF's license fee will be further increased by the difference between the percentage increase in the CPI and the percentage rise in TDF's service charge.

LOCATION Father Duffy Square, West 47th Street and Broadway, Manhattan.

Interested parties may obtain a copy of the proposed license agreement in Room 313 at the Arsenal, Central Park, 830 Fifth Avenue, NY, NY 10021 on Wednesday, January 12, 2005 through Monday, February 7, 2005, exclusive of Saturdays, Sundays and holidays.

REAL ESTATE VALUATION AND APPRAISAL RFP – Request for Proposals – PIN# 201600 – DUE 02-14-05 AT 4:00 P.M. – New York City Economic Development Corporation (NYCEDC) seeks proposals for valuation and appraisal services related to multi-family residential, commercial, and multi-use projects located throughout New York City on an as-needed basis for a term of three (3) years, with one-year extensions at NYCEDC's discretion. NYCEDC sells and leases City-owned land for private development of industrial, retail, office, multi-family residential, and institutional uses. These transactions may involve a parcel for construction of a warehouse for a small business or assemblages for large, multi-use developments. It also directly leases City-owned retail and industrial buildings and facilities to private tenants. To assure successful projects that promote economic betterment, NYCEDC may provide public funds and incentives in support of these transactions. In connection with these activities, NYCEDC intends to place several consultants on retainer to provide valuation and appraisal services. Chosen firms will have experience in New York City, and, as a minimum, are expected to have a New York State real estate appraisal certification. Preference will be given to firms that also have staff with a MAI certification. The services to be provided may include, but are not limited to, valuation of fee simple or partial fee interests in land and/or improvements thereon, appraisal of development rights, appraisal reviews, market studies, and calculation of return on investments. NYCEDC intends to retain firms with full service capability and those with a selective scope of work and experience.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/ blueprints; other information; and for opening and reading of bids at date and time specified above.

REAL ESTATE VALUATION AND APPRAISAL RFP – Request for Proposals – PIN# 201600 – DUE 02-14-05 AT 4:00 P.M. – New York City Economic Development Corporation (NYCEDC) seeks proposals for valuation and appraisal services related to multi-family residential, commercial, and multi-use projects located throughout New York City on an as-needed basis for a term of three (3) years, with one-year extensions at NYCEDC's discretion.
NYCEDC sells and leases City-owned land for private development of industrial, retail, office, multi-family residential, and institutional uses. These transactions may involve a parcel for construction of a warehouse for a small business or assemblages for large, multi-use developments. It also directly leases City-owned retail and industrial buildings and facilities to private tenants. To assure successful projects that promote economic betterment, NYCEDC may provide public funds and incentives in support of these transactions. In connection with these activities, NYCEDC intends to place several consultants on retainer to provide valuation and appraisal services. Chosen firms will have experience in New York City, and, as a minimum, are expected to have a New York State real estate appraisal certification. Preference will be given to firms that also have staff with a MAI certification. The services to be provided may include, but are not limited to, valuation of fee simple or partial fee interests in land and/or improvements thereon, appraisal of development rights, appraisal reviews, market studies, and calculation of return on investments. NYCEDC intends to retain firms with full service capability and those with a selective scope of work and experience.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/ blueprints; other information; and for opening and reading of bids at date and time specified above.

REDEVELOPMENT OF A PORTION OF THE FARM COLONY IN STATEN ISLAND – Request for Expressions of Interest – DUE 02-18-05 AT 4:00 P.M. – Located in the Willowbrook area of central Staten Island, the Site is part of the Farm Colony - Seaview Hospital Historic District. The approximately 59-acre Site is zoned R3-2 with a NA-1 (Special Natural Area District) overlay. Eleven historically significant and deteriorated buildings are located on the Site, which is identified as Block 1955, part of Lot 1 in the Borough of Staten Island tax map.
NYCEDC's goal is to solicit ideas for the redevelopment of the Site that address the unique constraints affecting development including, but not limited to, the rehabilitation and adaptive reuse of the existing buildings. Other development goals include sensitivity to both the Site's location in a Special Natural Area District and its bucolic setting within the Staten Island Greenbelt, as well as the Site's adjacency to low-density residential and institutional development. Therefore, development concepts should focus on cultural, educational, and recreational uses permitted by zoning. All proposals for new construction must be consistent with the recommendations made by the Mayor's Staten Island Growth Management Task Force. Further, general residential uses will not be permitted on the Site. Senior housing, although not a preferred use, will be considered on a case-by-case basis.

A question-and-answer session to discuss the Site and tour will be held on January 20, 2005 at 10:00 a.m. To attend the question-and-answer session and site visit, please call (212) 312-3875 on or before January 14, 2005. Interested parties are strongly encouraged to attend.

For more information, and to request a copy of the RFEI, visit www.nycedc.com/farmcolonyRFEI or call (212) 312-3969. Please submit six (6) copies of your proposal.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/ blueprints; other information; and for opening and reading of bids at date and time specified above.

REHAB. ON THE STATEN ISLAND RAILROAD ARTHUR KILL LIFT BRIDGE – Public Bid – DUE 01-27-05 AT 2:00 P.M. – As part of the City's efforts to reactivate freight service on the Staten Island Railroad, the New York City Economic Development Corp. is letting this bridge rehab. contract (#5320016). Located between the Howland Hook Marine Terminal and the Gothels Bridge on the west shore of Staten Island, the Arthur Kill Lift Bridge is a single-track movable bridge that spans approximately 500' over the Arthur Kill. Built in 1958 this bridge was in use until the early 1990's. The bridge is currently operational and the intent of this rehab is to prepare it for daily reliable use. The proposed bid date is January 27, 2005 and a site visit is schedule for January 6, 2005. Bidders interested in attending the site visit must register at the Port Ivory Security Office on Western Avenue, a pre walk through meeting will be held at Port Ivory Administration Building.

The scope of work entails lead paint abatement, cleaning and painting structural steel and machinery house exteriors, concrete spall and crack repairs, replacement of bridge walkways and railings, electric signal and power upgrades, installation of new meter house and meter house electrical equipment, bridge machinery repairs, bridge balancing and start-up. The engineer's estimate is approximately $6,000,000. The cost of the Bid package is $200 USD payable to either a certified bank check or money order. Cash, personal or company checks are not acceptable. All submitted bids are required to have a Bid bond.

DEVELOP TRANSITIONAL RESIDENCE FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – Competitive Sealed Proposals – Judgment required in evaluating proposals - PIN# 071-00S-003-262 – DUE 01-03-06 AT 5:00 P.M. – The Department of Homeless Services is soliciting proposals from organizations interested in developing and operating transitional residences for homeless adults and families including the Neighborhood Based Cluster Residence and drop-in centers for adults. This is an open-ended solicitation; there is no due date for submission. Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-forth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the transitional residence contracts will range from 3 to 20 years including renewal options and depending on the financial terms and conditions.

Pursuant to Section 312 (c) (1) (ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgment is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03 (c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences in order to address the need to create additional shelter capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated as a for-profit entity; 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed Standalone facility location(s); and 3) must demonstrate an intent to enter into lease agreements with the owner(s) or management designee(s) for each property.

Any organization that believes it can provide these services may contact: John Iaffaldano, Associate Staff Analyst, Office of Contracts and Procurement at the Department of Homeless Services at (212) 361-8435, 33 Beaver Street, 13th Floor NY, NY 10004, to request a copy of the RFP application, which is available for pick-up Monday through Friday on business days between the hours of 9:00 a.m. to 5:00 p.m.

NON-SECURE DETENTION GROUP HOME SERVICES – Negotiated Acquisition – Judgment required in evaluating proposals - PIN# 13005DJJ001 – DUE 08-28-06 AT 3:00 P.M. – The Department of Juvenile Justice (DJJ) is seeking expressions of interest from qualified vendors to provide non-secure detention group home services. Since DJJ must respond to a court order, there is a time-sensitive situation in which DJJ must retain a supplier quickly, at one time or from time to time, permitting this procurement to be processed as a negotiated acquisition. Facilities should provide at least 10 and no more than 12 beds in accordance with the applicable regulations promulgated by the New York State Office of Children and Family Services (NYSOCFS), 9 N.Y.C.R.R. Section 180 et seq., and be operational at any time from December 1, 2004 to August 31, 2006. The term of the contracts awarded from this solicitation will be for three years and will include an additional three-year option to renew.

Vendors interested in providing these services should contact Harry T. Bavaro at the Department of Juvenile Justice, 365 Broadway, 5th Floor, New York, NY 10013 for a copy of the solicitation document if they have not already received a copy. If a vendor is interested in being considered for award of a contract described above, please hand deliver a written expression of interest addressed to Harry T. Bavaro at the Department of Juvenile Justice, 365 Broadway, 5th Floor, New York, NY 10013 pursuant to the terms of the solicitation document.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/ blueprints; other information; and for opening and reading of bids at date and time specified above.

DESIGN & CONSTRUCTION

■ NOTICE

Determination and Findings of the City of New York Pursuant to Section 204 of the NYS Eminent Domain Procedure Law

Whereas, the acquisition of certain street properties known as portions of Amboy Road from Parkwood Avenue to Madera Street, Seguine Avenue from Amboy Road to Waterbury Avenue, and Foster Road from Wheeling Avenue to Amboy Road has been proposed by the City of New York; and

Whereas, the acquisition is pursuant to the NYS Eminent Domain Procedure Law ("EDPL") which provides a uniform procedure for condemnations by municipalities throughout the State; and

Whereas, pursuant to the EDPL, the City of New York is required to hold a public hearing to determine whether the public would be served by the proposed acquisition of the above-mentioned property and the impact of such acquisition on the locality where the project is to be constructed; and

Whereas, the City of New York held a public hearing concerning this acquisition on November 3, 2004, in the borough of Staten Island.

Now, therefore, let it be known that the City of New York, pursuant to section 204 of EDPL, hereby determines and finds:

(1) The public use and benefit of this project is to improve street and traffic safety through various methods. The City will widen and reconstruct roadways, reconstruct sidewalks and curbs, and install new traffic appurtenances (streetlights, signals, etc).

(2) The property to be acquired is shown on the Tax Map of the City of New York for the Borough of Staten Island and include the following: Block 6681, part of lots 15, 45, 65, 70; Block 6724, part of lots 50, 54, 61; Block 6858, part of lot 66; Block 6896, part of lots 52, 53, 71, 76, and the beds of the street for Amboy Road, Foster Road and Seguine Avenue.

The location of the proposed acquisition is:

Amboy Road from Parkwood Avenue to Madera Street; Seguine Avenue from Amboy Road to Waterbury Avenue; and Foster Road from Wheeling Avenue to Amboy Road; In the Borough of Staten Island, City of New York. The location was selected based on the need for pedestrian and traffic safety improvements.

(3) The general effect on the residents of the locality will be improved traffic and pedestrian safety. This safety improvement project was the subject of a completed environmental impact study (and subsequent modifications) for the Lemon Creek Watershed area. The EIS concluded that there was no significant negative impact on the environment.

(4) Comments and concerns raised by property owners at the public hearing and through subsequent written submissions are being reviewed by the City. Issues raised at the hearing include concerns about increased traffic volume and placement of private electric utility facilities on the residential streets. Residents also requested that the City review its plans to remove certain existing retaining walls and guard railings. The City continues to review the plans and will make modifications addressing these concerns whenever possible. DDC will work with the Department of Transportation, the community and other City agencies to insure that proper street amenities, i.e.; traffic signals, pavement markings, traffic barriers and lighting are installed pursuant to City procedures. DDC has referred questions concerning placement of utilities to the appropriate utility operator and will continue to work with the utilities to review the situation.

NOTICE:

Pursuant to EDPL section 207, property owners have thirty (30) days from completion of the publication of this

determination and findings to seek judicial review of the determination and findings. Expected date of publication is January 10 –January 12, 2005.

Pursuant to EDPL sections 207 and 208, exclusive venue for judicial review of these determination and findings is the Appellate Division of the Supreme Court in the Judicial Department where any part of the property to be acquired is located.

Copies of this determination and findings of the New York City are available without cost upon written request to:

READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council**, 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists--free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

PROCUREMENT POLICY BOARD RULES

The Rules may also be accessed on the City Website, http://NYC.GOV.Selltonyc

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

INVOCATION

The Invocation was delivered by Rabbi Jonathan Glass, Civic Center Synagogue, 49 White Street, New York, New York 10013.

Men and Women of the City Council,

Again the calendar presents us with an interesting confluence of occasions. Today we commemorate the 63rd anniversary of the attack on Pearl Harbor and tonight we will light the first candle for Chanukah.

Both events remind us of the tragic effects of tyranny and expansionism. And both events give us the opportunity to celebrate the blessings of freedom.

So may today's City Council meeting be the mechanism for us to truly appreciate our liberated American society. Amen.

Council Member Fidler moved to spread the Invocation in full upon the record.

ADOPTION OF MINUTES

Council Member Recchia Jr. moved that the Minutes of the Stated Meeting of October 27, 2004 be adopted as printed.

"AN ACT relating to providing accidental and special accidental death benefits, a line-of-duty award and health insurance coverage to eligible survivors of a certain member of the uniformed force of the New York city fire department who was killed in action while serving in Iraq as a member of the Army National Guard".

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. The legislature finds and determines that Christian Philip Engeldrum, a member of the uniformed force of the New York city fire department and the New York city fire department pension fund, subchapter two, was killed in action on November 29, 2004 while serving in Iraq as a member of the Army National Guard. Notwithstanding any other provision of law to the contrary, Christian Philip Engeldrum shall be deemed to have died on November 29, 2004 as a result of an accident sustained in the performance of his duties as a member of the uniformed force of the New York city fire department, and his survivors, as specified in the following provisions of law, shall be eligible for (a) the special accidental death benefit provided by section 208-f of the general municipal law; (b) the accidental death benefit provided by section 13-347 of the administrative code of the city of New York; (c) the line-of-duty award provided by section 3-401 of such code and (d) the health insurance coverage provided by paragraph 2 of subdivision b of section 12-126 of such code in the same manner and to the same extent as if Christian Philip Engeldrum had died on such date as a result of such an accident sustained in the performance of his duties as a New York city firefighter.

§ 2. This act shall take effect immediately and shall be deemed to have been in full force and effect on and after November 29, 2004.

FISCAL NOTE.--If enacted, this bill will cost the City approximately $100,000 in fiscal year 2004/2005, and approximately $35,000 per year thereafter. The estimated cost to the State under GML 208-f is approximately $32,000 per year commencing in 2004/2005.

EXPLANATION--Matter in **italics** (underscored) is new; matter in brackets [-] is old law to be omitted.

This estimate is intended for use only during the 2004 Legislative Session.

This fiscal note is dated December 3, 2004 and was prepared by Andrew G. Dowling, Assistant Director, NYC Office of Management and Budget.

Referred to the Committee on State and Federal Legislation.

Editor's Note: Shortly after the Invocation, the Rules were suspended to allow a vote on General Order item M-381 to take place. (For the vote, please see the Roll Call on General Orders for the Day printed in this Meeting.) After the vote to adopt this item was recorded, the suspension of the Rules was lifted and the Meeting continued.

Communication for the Mayor - Mayor's veto and disapproval message of Introductory Number 124-A, in relation to the requirements of the campaign finance program for city elections, the requirements of transition and inauguration entities for candidates elected to the offices of mayor, public advocate, comptroller, borough president, and member of the city council, participation in the New York City Campaign Finance Program by self-funded candidates, the debate program, and limiting the use of government resources during an election year.

(The following is the text of the Mayor's Veto and Disapproval Message for Int. No. 124-A:)

November 24, 2004

Hon. Victor Robles
City Clerk and Clerk of the Council
Municipal Building
New York, NY 10007

Dear Mr. Robles:

Pursuant to Section 37 of the New York City Charter, I hereby disapprove Introductory Number 124-A, which would amend the Charter and Administrative Code in relation to the requirements of the campaign finance program for City elections, the requirements applicable to transition and inauguration entities, participation in the campaign finance program by self-funded candidates, the debate program and limitation of the use of government resources during an election year.

The City's voluntary campaign finance program serves important purposes, but the increase in the matching formula to 4-to-1 (or 5-to-1 in certain cases), previously enacted by the City Council, has magnified the contributions of those who do business with the City by matching those contributions with public funds. In failing to address this problem, this bill, combined with two other bills (Int. No. 466-A and Int. No. 371-A) passed together with it that aggressively seek to regulate non-participants, represents a missed opportunity to bring genuine improvement and reform to the City's voluntary campaign finance program so as to fulfill the program's original purpose and promise. In addition, this bill fails to include other important reforms, and includes questionable provisions that constitute a step backwards in campaign finance reform.

The practices of government contractors and officials of making and receiving political contributions have been referred to collectively as "pay to play." "Pay to play" contributions can be intended to influence governmental decisions and win preferential treatment, or have the appearance of doing so, thereby reducing public confidence in elected officials and undermining the intended purposes of the City's campaign finance program. The dangers of these contributions underlie Rule G-37 of the Municipal Securities Rulemaking Board, an organization supervised by the Securities and Exchange Commission. That rule generally prohibits municipal securities brokers and dealers from engaging in securities business with municipalities within two years after any political contributions made to municipal elected officials, or candidates for elected office, where the relevant offices can influence the hiring of the brokers or dealers. The dangers of "pay to play" contributions also motivated an executive order issued by the former Governor of New Jersey that attempted to address such contributions more broadly.

Provisions of the Charter that were recommended by the 1998 Charter Revision Commission and adopted by the electorate in that year require the Campaign Finance Board to implement disclosure by participating candidates of whether contributors are doing business with the City, and further authorize the Board to regulate contributions by such contributors. However, the Board has never implemented the Charter provisions that were adopted in 1998, and this bill likewise fails to address the flaw in the program that motivated the adoption of those provisions.

Int. No. 124-A would make only changes that would be consistent with the narrow interests of the current incumbent participants in the program, including those planning to run for other offices because of teem limits. In addition to its failure to address the problem of "pay to play" contributions, the bill fails to enact limitations upon public funding that were proposed by the Campaign Finance Board after the 2001 general elections and that would have limited certain excessive costs to the taxpayers. Even recent marginal efforts to address the funding of campaigns with minimal opposition have failed. The Board's Chair pointed out in October of this year that the "cost savings that might have been identified with the previous proposal are now diminished to almost nothing." The resulting package simply ignores and even thwarts the goal of the program, which is not to benefit incumbents with still more matching of contributions by those who do business but to reduce the appearance and reality of improper influence upon public officials.

In particular, Int. No. 124-A would provide a direct monetary benefit to candidates for Mayor and other offices, and present a corresponding bill to the taxpayers, by raising the "bonus" matching rate in certain instances where a candidate runs against a non-participant to as much as 6-to-i and public funding by more than $3,000,000 for each participating candidate who qualifies for the maximum public funds in a mayoral election. Meanwhile, with expenditure limits upon program participants lifted in that situation and no restrictions upon taking money from those who do business with the City, the potential for improper influence by those contributors upon program participants will only grow at taxpayer expense.

Further, some changes made by Int. No. 124-A are questionable. The elimination of one of the two runoff primary debates does not serve the public interest, and the provision for sponsors to determine who are the "leading contenders" permitted to participate in the second primary debate invites disputes over sponsors' decisions. The amendments to the Charter section on use of government resources do not salvage the vague and ambiguous terms of this section, but they do carve out a curious self-interested exception apparently designed to ensure that Council Members may bill the taxpayers for political mass mailings that criticize the executive budget. The power given to the Board to enforce this provision should properly be vested with the Conflicts of Interest Board or another agency without Council appointees; such a transfer of power requires a referendum under the Charter and state law.

The City of New York should join other jurisdictions in implementing new reforms that would truly address the issue of contributions by those who do business with government. I urge the Council to work with my Administration to enact swiftly an effective restriction upon the acceptance of such "pay to play" contributions, so that we can return to addressing the issues that first led to the enactment of the City's campaign finance law. Introductory Number 124-A is hereby disapproved.

Sincerely,

Michael R. Bloomberg

Communication for the Mayor - Mayor's veto and disapproval message of Introductory Number 371-A, in relation to application of contribution limits of the New York City Campaign Finance Program to all candidates for the offices of mayor, public advocate, comptroller, borough president, and member of the city council, and prohibiting candidates from accepting contributions, loans or security for such loans from corporations.

(The following is the text of the Mayor's Veto and Disapproval Message for Int. No. 371-A:)

November 24, 2004

Hon. Victor Robles
City Clerk and Clerk of the Council
Municipal Building
New York, NY 10007

Dear Mr. Robles:

Pursuant to section 37 of the New York City Charter, I hereby disapprove Introductory Number 371-A, which would amend the Charter and Administrative Code in relation to applying the contribution limits of the campaign finance program to all candidates for certain City elective offices and prohibiting candidates from accepting contributions, loans or security for loans from corporations.

In my statement vetoing a companion bill passed by the City Council, Int. No. 124-A, I note that that bill completely ignores the most pressing problem in the City's current campaign finance law, the problem of "pay to play" contributions to participating candidates from persons doing business with the City. Int. No. 371-A also ignores this problem.

The main objective of Int. No. 371-A is to apply certain provisions of the campaign finance law (those pertaining to contribution limits and related provisions concerning audit and enforcement powers) to non-participating candidates. (Another companion bill passed by the Council, Int. No. 466-A, would apply other provisions of the campaign finance law, pertaining to mandatory disclosure, to non-participating candidates.) Together, these provisions would transform the City's campaign finance program from a voluntary to a largely compulsory system, in which all (or virtually all) candidates for City elective office would participate.

As a policy matter, such a system, viewed as a whole, would seriously erode the justification for large taxpayer subsidies in the form of "matching" funds, originally

intended to discourage large contributions by providing public funds in exchange for acceptance of lower contribution limits and other program requirements. Given that the only material distinction between participating and non-participating candidates in the new system would be the application of the expenditure limitation, serious questions could be raised as to whether this single distinction is sufficient to merit the extraordinary outlay of public funds that is made by the City to fund its campaign finance program.

Further, the enactment of Int. No. 371-A, together with its two companion bills, would fundamentally transform the City's campaign finance program and, in doing so, seriously weaken the program's legal basis. Since its inception in 1988, the program has depended for its salutary purpose on the voluntary participation of candidates for public office. As the City Council emphasized in its Declaration of Legislative Intent for the original campaign finance act, "[t]he [C]ouncil intends to accomplish its purpose of improving governmental ethics in the city of New York by means of a voluntary system of public financing of local election campaigns." See Local Law No. 8 for the Year 1988, §1. The Council was equally clear on its reasons for fashioning the law in that way:

> The council finds that this local law will supplement and be consistent with state law. The council does not intend by the enactment of this local ' law to prohibit any person from making or receiving any campaign contributions to the extent allowed by state law, or to permit any person to make or receive such contributions when prohibited by state law. Rather it intends, by means consistent with state law, to ensure an open and democratic political system that inspires the confidence and participation of its citizens.

By making important portions of the campaign finance program compulsory for all candidates, Int. No. 371-A, together with its companion bills, would risk bringing the City's program into conflict with Article 14 of the New York State Election Law, which establishes a comprehensive system for the mandatory regulation of campaigns for elective office in this State and includes particular limitations that apply to elected offices in New York City. It would turn the Campaign Finance Board into a second Board of Elections for New York City, imposing requirements and penalizing candidates for non-compliance. Neither the Legislature nor the 1988 Charter Revision Commission, which proposed the Charter provisions that ratified and authorized the current law, ever intended such a result. Enactment of this bill would, therefore, invite attack on the very premises of the City's program. Such a clear departure from the legal basis of the original campaign finance law should not be permitted.

Int. No. 371-A is hereby disapproved. At the same time, I urge the Council to work with my Administration to enact an effective restriction on the acceptance of campaign contributions from persons doing business with the City, so that we can return to addressing the issues that first led to the enactment of the City's campaign finance law.

Sincerely,

Michael R. Bloomberg

Hon. Victor Robles
City Clerk and Clerk of the Council

Dear Mr. Robles:

REPORTS OF THE STANDING COMMITTEES

Reports of the Committee on Finance

Report for Int. No. 435

Report of the Committee on Finance in favor of approving and adopting, a Local Law to amend the administrative code of the city of New York, in relation to the establishment of the Queens Plaza/Court Square business improvement district.

The Committee on Finance to which was referred on August 12, 2004 (Minutes, page 3885) the annexed proposed local law respectfully.

REPORTS:

ANALYSIS:

Under Local Law 82 of 1990, the City Council assumed responsibility for adopting the legislation that would establish individual business improvement districts.

Business Improvement Districts (BIDs) are specifically defined areas of designated properties. They use the City's real property tax collection mechanism to collect a special tax assessment that the BID District Management Association uses to pay for additional services beyond those that the City provides. The additional services would be designed to enhance the area and to improve local business. Normally, a BID's additional services would be in the areas of security, sanitation, physical/capital improvements (lighting, landscaping, sidewalks etc.), seasonal activities (Christmas lighting) and related business services (marketing and advertising).

Under the process established by Chapter 4 of Title 25 of the Administrative Code, the City Council has already adopted Resolution 523-A, which set the hearing date for the BID Plan and its enacting legislation for Wednesday, October 13, 2004.

Prior to the Council's action, the Community Boards for the districts in which the proposed District is located -- Community Board 1 and 2 of Queens -- voted to approve the Plan on June 15 and June 3, 2004, respectively. The City Planning Commission ("CPC") reviewed the Plan and held a public hearing on the Plan on June 9, 2004. The CPC approved a resolution on July 14, 2004 (Calendar No. 29), which certified the CPC's unqualified approval of the Plan.

Resolution 523-A, approved by the Finance Committee and adopted by the Council on September 28, 2004, set the date for this hearing and directed that all notice provisions contained in the law be complied with. Therefore, DSBS was directed to publish the Resolution or its summary in the City Record not less than ten nor more than thirty days before this Public Hearing and the Queens Plaza/Court Square Business Improvement District Steering Committee was directed to mail the Resolution or its summary to each owner of real property within the BID, to such other persons as are registered with the City to receive tax bills for property within the BID and to occupants of each building within the BID, also not less than ten nor more than thirty days before this Public Hearing.

The proposed first year budget of the BID is $300,000.00. The proposed expenditures include:

Services	Total Funds
Maintenance/Sanitation	$ 135,000
Security	$ 62,000
Marketing/Promotion	$ 18,000
Administration	$ 75,000
Contingency	$ 10,000
TOTAL PROPOSED BUDGET	$300,000

The Public Hearing to consider both the plan itself and the enacting legislation, according to the provisions of the law, is to be closed without a vote. The Committee then must wait at least 30 days before it can again consider and possibly vote to approve this legislation. The 30-day period immediately after this Public Hearing serves as an objection period. Any property owner may, during this time period, formally object to the Plan by filing such objection in the Office of the City Clerk, on forms provided by the City Clerk. In the event that either at least 51 percent of the total number of property owners or owners with at least 51 percent of the assessed

valuation of all the benefited real property within the district object to the plan, then the City Council is prohibited, by law, from approving such plan.

When the Committee considers this legislation after the conclusion of the objection period, it must answer the following four questions:

1. Were all notices of hearing for all hearings required to be held published and mailed as so required?;

2. Does all the real property within the district's boundaries benefit from the establishment of the district, except as otherwise provided by the law?;

3. Is all real property benefited by the district included within the district?; and

4. Is the establishment of the district in the best interests of the public? If the Committee finds in the affirmative on these four questions and the number of objections required to prevent the creation of such district are not filed, then the legislation can be adopted.

This local law takes effect after all requirements contained in chapter four of title 25 are complied with.

UPDATE

The hearing on Int. No. 435 was held on October 13, 2004, at which time testimony was heard concerning the establishment of the BID. The legislation was laid over by the Committee, pending the completion of the 30-day objection period which ended at 5:00 p.m. on Thursday, November 11, 2004. According to SBS, which receives objections from the Office of the City Clerk and reviews them for validity, no objections were filed by the end of the objection period (nor were there any late objections). According to SBS, there are a total of 85 properties within the proposed boundaries of the district, owned by 65 property owners with a total assessed valuation of 132,338,432.

(The following is the Fiscal Impact Statement for Int. No. 435:)

FISCAL IMPACT STATEMENT:

	Effective FY 05	FY Succeeding Effective FY 06	Full Fiscal Impact FY 05
Revenues (+)	0	0	0
Expenditures (-)	0	0	0
Net	0	0	0

IMPACT ON REVENUES AND EXPENDITURES: This local law would result in no fiscal impact upon the City's revenues or expenditures. Under the Code proceeds authorized to be assessed by the District are collected by the City on behalf of the District. None of these proceeds are proceeds of the City and they may not be used for any purpose other than those set forth in the District's plan. The Queens Plaza / Court Square Business Improvement District will be funded through an additional self-assessment by property owners within the district. The anticipated revenues from this self-assessment in Fiscal 2005 will be $300,000. This amount will cover the BID's expenses as proposed by its Fiscal 2005 Budget. The District proposes to expend the $300,000 in revenues in its first year's budget for sanitation, maintenance, administration, and marketing and promotion services. Subsequent budgets will be determined on a yearly basis.

According to SBS, which receives objections from the Office of the City Clerk and reviews them for validity, one objection was filed by the end of the objection period (including objections postmarked by that date). There were no late objections. This objection represented 1.8% of the owners of benefited properties situated within the proposed district and this owner represents 2% of the assessed valuation of the properties. According to SBS, there are a total of 64 properties within the proposed boundaries of the district, owned by 55 property owners with a total assessed valuation of $219,817,415.

Accordingly, Your Committee recommends its adoption.

Report for L.U. No. 318

Report of the Committee on Finance in favor of approving Partnership New Homes Program, Stebbins/Bristow, Bronx, Community District 3, Council District 16.

The Committee on Finance to which was referred on November 10, 2004 (Minutes, page 5012) the annexed Land Use resolution respectfully

REPORTS:

(The following is a Memo to the Finance Committee from the Finance Division of the City Council:)

December 6, 2004

TO: Hon. David Weprin
Chair, Finance Committee

Members of the Finance Committee

FROM: David Pechefsky, Finance Division

RE: Finance Committee Agenda of December 7, 2004: Resolution approving a tax exemption for one Land Use Item as requested by the Department of Housing Preservation and Development (Council District 16).

HPD has submitted a request to the Council to approve a property tax exemption for the Stebbins/Bristow project of the Partnership New Homes Program in Council Member Foster's District. Under this project, approximately 31 two and three family homes will be developed for households earning up to $75,000. The value of the tax exemption is projected at approximately $135,300 in the first year of the exemption and $2.4 million over the 20-year length of the exemption.

This item has the approval of Council Member Foster.

Accordingly, Your Committee recommends its adoption.

In connection herewith, Council Member Weprin offered the following resolution:

Res. No. 709

Resolution approving an exemption from real property taxes pursuant to Section 696 of the General Municipal Law for property located in the Bronx, Community District 3 and designated as the Stebbins/Bristow project of the Partnership New Homes Program (L.U. No. 318).

By Council Member Weprin

Whereas, the New York City Department of Housing Preservation and Development ("HPD") submitted to the Council its request dated October 18, 2004 that the Council take the following action regarding property listed in the attached Appendix A (the "Disposition Area"), which is located in the Bronx, Community District 3 and designated as the Stebbins/Bristow Project of the Partnership New Homes Program (the "Project"):

Approve an exemption of the Project from real property taxes pursuant to Section 696 of the General Municipal Law (the "Tax Exemption");

Whereas, the Council held a hearing on the Project on December 7, 2004;

Whereas, the Council has considered the financial implications relating to the Tax Exemption;

Resolved,

The Council hereby approves, pursuant to Section 696 of the General Municipal Law, a Tax Exemption for the Project as follows:

All of the value of the buildings, structures, and other improvements situated on the Disposition Area shall be exempt from local and municipal taxes, other than assessments for local improvements and land value, for a period of twenty years commencing on the July 1st following the conveyance of the Disposition Area to the Sponsor, during the last ten years of which such exemption shall decrease in equal annual decrements.

The partial tax exemption granted hereunder shall terminate with respect to all or any portion of the Disposition Area if the Department of Housing Preservation and Development determines that such real property has not been, or is not being, developed, used, and/or operated in compliance with the requirements of all applicable agreements made by the Sponsor or the owner of such real property with, or for the benefit of, the City of New York. The Department of Housing Preservation and Development shall deliver written notice of any such determination of noncompliance to the owner of such real property and all mortgages of record, which notice shall provide for an opportunity to cure of not less than ninety (90) days. If the noncompliance specified in such notice is not cured within the time period specified therein, the partial tax exemption granted hereunder shall prospectively terminate with respect to the real property specified therein.

Reports of the Committee on Health

Report for Int. No. 207-A

Report of the Committee on Health in favor of approving and adopting, as amended, notwithstanding the objection of the Mayor, a Local Law to amend the administrative code of the city of New York, in relation to requiring the department of health and mental hygiene to make nurses available to public and private primary and intermediate schools.

The Committee on Health to which was referred on February 26, 2004 (Minutes, page 910) the annexed amended proposed local law respectfully

REPORTS:

Proposed Int. No. 207-A, would add section 17-187 to the administrative code of the city of New York. The Committee on Health held two hearings on this legislation, on November 8, 2002[1] and June 2, 2004. On September 20, 2004, Proposed Int. No. 207-A was approved by the Health Committee. The legislation was approved by the full Council on October 13, 2004. The bill passed with a vote of fifty (50) in favor, zero (0) opposed and one (1) abstention. On November 12, 2004, the Mayor vetoed the legislation. The Mayor's message, M-371, disapproving and vetoing Int. No. 207-A, was introduced at the Council Stated meeting on November 23, 2004.

for the Lower Ma

[1] This hearing addressed the legal requirements set forth to provide for children's health while in school, the history of the school health program in New York City and the City's plan to re-deploy nurses within nonpublic and parochial schools. The hearing also provided an opportunity to hear testimony on Int. No. 296, which has been reintroduced as Int. No. 207-A and amended.

On December 7, 2004, the Committee on Health will hold a hearing and vote (1) on whether to accept and file the Mayor's veto message and (2) on whether Int. No. 207-A shall pass the objection of the Mayor notwithstanding.

PROPOSED INT. NO. 207-A

Proposed Int. No. 207-A would add a new section 17-187 to Chapter 1 of Title 17 of the New York City administrative code, in relation to requiring DOHMH to make available a nurse to public and private primary and intermediate schools.

Specifically, Subdivision a of proposed section 17-187 would define "nurse" as an individual licensed as a registered professional nurse pursuant to section 6905 of the New York state education law. Subdivision a would also define "public health advisor" to includes but not be limited to, an individual who supports medical and/or professional staff in schools by performing health related duties and who has satisfied the requirements set forth by the department.

Subdivision b of proposed section 17-187 would require that the department provide on a full-time basis at least one nurse at each public and private primary school which i) had at least two hundred students enrolled on the last day of the second month of the preceding school year; ii) submits a written request to the department that such nurse be provided; and iii) maintains, pursuant to any rules promulgated by the commissioner, an appropriate medical room wherein such nurse can carry out his or her nursing duties.

Subdivision c of proposed section 17-187 would require that the department provide at least one nurse, provided that a nurse has not been provided pursuant to subdivision b, or public health advisor or public health aide as appropriate, at each public and private intermediate school which i) had at least two hundred students enrolled on the last day of the second month of the preceding school year; ii) submits a written request to the department that such nurse or public health advisor or public health aide be provided; and iii) maintains, pursuant to any rules promulgated by the commissioner, an appropriate medical room wherein such nurse or public health advisor or public health aide can carry out his or her duties.

Subdivision d of proposed section 17-187 would establish that the provision of any nurses, or public health advisors when applicable, assigned to a school pursuant to Proposed Int. 207-A be consistent with any applicable collective bargaining agreements.

Subdivision e of proposed section 17-187 would state that, for purposes of this section, references to the "department" would mean the department, either individually or jointly with the board of education as appropriate. Subdivision e further provides that the requirements or implementation of this section would not be construed to cause the layoff or loss of any wages, benefits or other terms and conditions of employment of, and would not be construed to reduce the employment opportunities of nurses, public health advisors, public health assistants, or school health service aides, as defined by the department, or any other health related position, currently employed, or to be employed by primary and intermediate schools.

Subdivision f of proposed section 17-187 would provide that the commissioner may promulgate any rules deemed necessary for the purposes of implementing and carrying out the provisions of Proposed Int. 207-A.

Section two of Proposed Int. 207-A provides that if any section, subsection, sentence, clause, phrase, or other portion of the local law is for any reason declared unconstitutional or invalid, in whole or in part, by any court of competent jurisdiction, such portion would be deemed severable, and such unconstitutionality or invalidity would not affect the validity of the remaining portions of this local law, which remaining portions would continue in full force and effect.

Section three of Proposed Int. No. 207-A provides that, if enacted, the proposed local law would take effect one hundred eighty days after enactment.

(The following is the Fiscal Impact Statement for Int. No. 207-A:)

FISCAL IMPACT STATEMENT:

	Effective FY 06	FY Succeeding Effective FY 06	Full Fiscal Impact FY 06
Revenues (+)	0	0	0
Expenditures (-)	($12.5 million)	($12.5 million)	($12.5 million)
Net	($12.5 million)	($12.5 million)	($12.5 million)

IMPACT ON REVENUES: There would be no impact on revenues resulting from the enactment of this legislation.

IMPACT ON EXPENDITURES: In order to provide one nurse in every public and private primary school, and provide one nurse or one public health advisor, as appropriate, at each public and private intermediate school it is estimated that the cost to the City will be approximately $12.5 million per year. As the City has already

announced that it will provide $8 million to increase nursing coverage in public and private schools, it is estimated that the additional cost of this proposed legislation will be approximately $4.5 million.

Int. No. 207-A

By Council Members McMahon, The Speaker (Council Member Miller), Quinn, Addabbo Jr., Baez, Clarke, Felder, Fidler, Katz, Koppell, Martinez, Monserrate, Rivera, Seabrook, Stewart, Weprin, Avella, Gioia, Brewer, Provenzano, Liu, Gallagher, Lanza, Oddo, Vann, Recchia Jr., Barron, Boyland, Gentile, James, Nelson, Vallone Jr., Gerson, Gennaro, DeBlasio, Sears, Yassky, Comrie Jr., Gonzalez, Jennings Jr., Serrano, Moskowitz and The Public Advocate (Ms. Gotbaum).

A Local Law to amend the administrative code of the city of New York, in relation to requiring the department of health and mental hygiene to make nurses available to public and private primary and intermediate schools.

Be it enacted by the Council as follows:

Section 1. Chapter 1 of title 17 of the administrative code of the city of New York is amended by adding a new section 17-187 to read as follows:

§ 17-187 **School nurses**. A. Definitions. For purposes of this section, the following items shall have the following meanings:

(1) "Nurse" means an individual licensed as a registered professional nurse pursuant to section 6905 of the New York state education law.

(2) "Public health advisor" includes, but is not limited to, an individual who supports medical and/or professional staff in schools by performing health related duties and who has satisfied the requirements set forth by the department.

b. Primary Schools. The department shall provide on a full-time basis at least one nurse at each public and private primary school which i) had at least two hundred students enrolled on the last day of the second month of the preceding school year; ii) submits a written request to the department that such nurse be provided; and iii) maintains, pursuant to any rules promulgated by the commissioner, an appropriate medical room wherein such nurse can carry out his or her nursing duties.

c. Intermediate Schools. The department shall provide at least one nurse, provided that a nurse has not been provided pursuant to subdivision b of this section, or public health advisor or school health service aide, as appropriate, at each public and private intermediate school which i) had at least two hundred students enrolled on the last day of the second month of the preceding school year; ii) submits a written request to the department that such nurse or public health advisor or school health service aide be provided; and iii) maintains pursuant to any rules promulgated by the commissioner, an appropriate medical room wherein such nurse or public health advisor or school health service aide can carry out his or her duties.

d. The provision of any nurses, or public health advisors when applicable, assigned to a school pursuant to this section shall be consistent with any applicable collective bargaining agreements.

e. For the purposes of this section, references to the "department" shall mean the department, either individually or jointly with the board of education as appropriate. The requirements or implementation of this section shall not be construed to cause the layoff or loss of any wages, benefits or other terms and conditions of employment of, and shall not be construed to reduce the employment opportunities of nurses, public health advisors, public health assistants, or school health services aides, as defined by the department, or any other health related position, currently employed, or to be employed by primary and intermediate schools.

f. The commissioner may promulgate any rules deemed necessary for the purposes of implementing and carrying out the provisions of this section.

§2. If any section, subsection, sentence, clause, phrase, or other portion of this local law is for any reason declared unconstitutional or invalid, in whole or in part, by an court of competent jurisdiction, such portion shall be deemed severable, and such unconstitutionality or invalidity shall not affect the validity of the remaining portions of this local law, which remaining portions shall continue in full force and effect.

DATE: December 2, 2004

The Committee recommends that the Council approve the proposed introduction as amended.

(The following is the text of Int. No. 494-A:)

Int. No. 494-A

By Council Members Katz, Avella, Gentile, Nelson, Palma, Seabrook, Stewart, Jackson and Gennaro (by request of the Mayor).

A Local Law to amend the New York city charter, in relation to authorizing the department of transportation to extend the expiration date of any franchise to operate and maintain bus stop shelters.

Be it enacted by the Council as follows:

Section 1. Subdivision b of section 378 of the New York city charter, as amended by local law twenty-nine for the year 2004, is amended to read as follows:

b. Not later than the first day of March, nineteen hundred ninety, the mayor shall designate a single agency as the responsible agency for each type of franchise currently granted by the city. If such an agency intends to continue granting any such type of franchise, the agency shall submit to the council a proposed authorizing resolution for such type of franchise at least two years, or such shorter period as may be approved by the franchise and concession review committee, prior to the earliest expiration date of any existing franchise of that type; provided, however, that such an agency, with the approval of the franchise and concession review committee, may extend to the thirty-first day of December, nineteen hundred ninety-two the expiration date of any franchise which is scheduled to expire prior to that date, if such an extension is necessary in order to provide the agency with adequate time during which to prepare a proposed authorizing resolution for the type of franchise involved; and provided further, that the department of transportation, with the approval of the franchise and concession review committee, may extend the expiration date of the operating authority of any private bus company that receives a subsidy from the city that operates the bus routes BXM1, BXM2, BXM3, BXM4A, BXM4B, BXM11, and BXM18 to a date not later than the fifteenth day of January, two thousand and five, and for any private bus company that receives a subsidy from the city that operates the bus routes QM1, QM1A, QM2, QM2A, QM3, QM4, Q25, Q34, Q65, Q65A, Q66, Q67, Q101, Q101R, Q102, Q103, Q104, and QBX1 to a date not later than the twenty-sixth day of February, two thousand and five, and for any private bus company that receives a subsidy from the city that operates the bus routes BXM6, BXM7, BXM7A, BXM7B, BXM9, and BXM10 to a date not later than the twenty-sixth day of March, two thousand and five, and for any private bus company that receives a subsidy from the city that operates the bus routes Q18, Q19, Q19A, Q19B, Q23, Q29, Q33, Q38, Q39, Q45, Q47, Q53, Q72, QM10, QM11, QM12, QM22, QM24, and QM24W to a date not later than the thirtieth day of April, two thousand and five, and for any private bus company that receives a subsidy from the city that operates the bus routes Q110, Q111, Q112, Q113, and QM21 to a date not later than the thirtieth day of April, two thousand and five, and for any private bus company that receives a subsidy from the city that operates the bus routes Q6, Q7, Q8, Q9, Q9A, Q10, Q10A, Q11, Q21, Q22, Q22A, Q35, Q37, Q40, Q41, Q60, QM15, QM16, QM17, QM18, and QM23 to a date not later than the thirtieth day of April, two thousand and five, and for any private bus company that receives a subsidy from the city that operates the bus routes B100, B103, BM1, BM2, BM3, BM4, and BQM1 to a date not later than the thirtieth day of April, two thousand and five; and provided further, that the department of transportation, with the approval of the franchise and concession review committee, may extend the expiration date of the operating authority of any private bus company that does not receive a subsidy from the city to a date not later than the thirtieth day of June, two thousand and seven; and provided further, that the department of transportation, with the approval of the franchise and concession review committee, may extend the expiration date of any franchise to operate and maintain bus shelters to a date not later than the thirty-first day of December, two thousand [and four] *five*. Notwithstanding the provisions of section three hundred seventy-one, the public notice and hearing requirements of the franchise and concession review committee with respect to an approval of an extension of the operating authority of a private bus company that receives a subsidy from the city shall be fully satisfied by a public hearing held after notice of such hearing shall have been published at least one day prior thereto in the City Record.

§ 2. This local law shall take effect immediately and shall be deemed to have been in full force and effect on and after December 31, 2004.

INTENT

HPD requests that the Council:

1. Find that the present status of the Disposition Areas tends to impair or arrest the sound growth and development of the municipality and that the proposed Urban Development Action Area Project is consistent with the policy and purposes of Section 691 of the General Municipal Law;

2. Waive the area designation requirement of Section 693 of the General Municipal Law pursuant to said Section;

3. Waive the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law;

4. Approve the projects as Urban Development Action Area Projects pursuant to Section 694 of the General Municipal Law; and

5. Approve an exemption of the projects from real property taxes pursuant to Section 696 of the General Municipal Law for L.U. No. 232; and Section 577 of the Private Housing Finance Law for L.U. No. 312.

In connection herewith, Council Members Katz and Martinez offered the following resolution:

Res. No. 710

Resolution approving an Urban Development Action Area Project located at 924, 926 Hegeman Avenue, Shepherd Avenue, and 797, 789, 791, 781, 775, 757 and 755 Essex Street (Block 4339/Lots 1, 2, 3, 16, 18, 20, 21, 41, 42, 45, 46, 48, 50, 52, 53, 54, 55, 56, 57, 58 and 59), Brooklyn, and waiving the urban development action area designation requirement and the Uniform Land Use Review Procedure, pursuant to Sections 693 and 694 of the General Municipal Law (L.U. No. 232; 20055018 HAK).

By Council Members Katz and Martinez.

Whereas, the New York City Department of Housing Preservation and Development "HPD") submitted to the Council on July 12, 2004 its request dated June 28, 2004 that the Council take the following actions regarding the following Urban Development Action Area Project (the "Project") located at 924, 926 Hegeman Avenue, Shepherd Avenue, and 797, 789, 791, 781, 775, 757 and 755 Essex Street (Block 4339/Lots 1, 2, 3, 16, 18, 20, 21, 41, 42, 45, 46, 48, 50, 52, 53, 54, 55, 56, 57, 58 and 59), Community District 5, Borough of Brooklyn (the "Project Area"):

1. Find that the present status of the Project Area tends to impair or arrest the sound growth and development of the municipality and that the proposed Urban Development Action Area Project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law;

2. Waive the area designation requirement of Section 693 of the General Municipal Law pursuant to said Section;

3. Waive the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law;

4. Approve the Project as an Urban Development Action Area Project pursuant to Section 694 of the General Municipal Law; and

5. Approve the exemption of the Project from real property taxes pursuant to Section *696* of the General Municipal Law (the "Tax Exemption").

Whereas, the Project is to be developed on land that is now a municipally-owned area as defined in Section 692 of the General Municipal Law, consists solely of the rehabilitation or conservation of existing private or multiple dwellings or the construction of one to four unit dwellings, and does not require any change in land use permitted under the New York City Zoning Resolution;

Whereas, upon due notice, the Council held a public hearing on the Project on November 30, 2004;

Whereas, the Council has considered the land use and financial implications and other policy issues relating to the Project;

Resolved,

The Council finds that the present status of the Project Area tends to impair or arrest the sound growth and development of the City of New York and that a designation of the Project as an urban development action area project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law.

The Council waives the area designation requirement pursuant to Section 693 of the General Municipal Law.

The Council waives the requirements of Sections 197-c and 197-d off the New York City Charter pursuant to Section 694 of the General Municipal Law.

The Council approves the Project as an urban development action area project pursuant to Section 694 of the General Municipal Law.

The Project shall be developed in a manner consistent with the Project Summary that HPD has submitted to the Council, a copy of which is attached hereto.

The exemption of the Project from real property taxes pursuant to Section 696 of the General Municipal Law is approved as follows;

a. All of the value of the buildings, structures, and other improvements situated on the Project Area shall be exempt from local and municipal taxes, other than assessments for local improvements and land value, for a period of twenty years commencing on the July 1st following the conveyance of the Disposition Area to the Sponsor, during the last ten years of which such exemption shall decrease in equal annual decrements.

b. The partial tax exemption granted hereunder shall terminate with respect to all or any portion of the Project Area if the Department of Housing Preservation and Development determines that such real property has not been, or is not being, developed, used, and/or operated in compliance with the requirements of all applicable agreements made by the Sponsor or the owner of such real property with, or for the benefit of, the City of New York. The Department of Housing Preservation and Development shall deliver written notice of any such determination of noncompliance to the owner of such real property and all mortgagees of record, which notice shall provide for an opportunity to cure of not less than ninety (90) days. If the noncompliance specified in such notice is not cured within the time period specified therein, the partial tax exemption granted hereunder shall prospectively terminate with respect to the real property specified therein.

This matter is subject to Council review and action pursuant to Article 16 of the New York General Municipal Law, at the request of the New York City Department of Housing Preservation and Development.

The Committee on Land Use to which was referred on October 27, 2004 (Minutes, page 4838) the annexed Land Use resolution respectfully

REPORTS:

(For text of the report, please see the Report of the Committee on Land Use for L.U. No. 232 printed in these Minutes.)

Accordingly, Your Committee recommends its adoption.

In connection herewith, Council Members Katz and Martinez offered the following resolution:

Res. No. 711

Resolution approving an Urban Development Action Area Project located at 5024 Church Avenue (Block 4698/Lot 17), Brooklyn, and waiving the urban development action area designation requirement and the Uniform Land Use Review Procedure, pursuant to Sections 693 and 694 of the General Municipal Law (L.U. No. 301; 20055080 HAK).

By Council Members Katz and Martinez

Whereas, the New York City Department of Housing Preservation and Development ("HPD") submitted to the Council on October 13, 2004 its request dated September 27, 2004 that the Council take the following actions regarding an Urban Development Action Area Project (the "Project") located at 5024 Church Avenue (Block 4698/Lot 17), Community District 17, Borough of Brooklyn (the "Disposition Area"):

1. Find that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the municipality and that the proposed Urban Development Action Area Project is consistent with the policy and purposes of Section 691 of the General Municipal Law;

2. Waive the area designation requirement of Section 693 of the General Municipal Law pursuant to said Section;

3. Waive the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law; and

4. Approve the Project as an Urban Development Action Area Project pursuant to Section 694 of the General Municipal Law.

Whereas, the Project is to be developed on land that is now a municipally-owned area as defined in Section 692 of the General Municipal Law, consists solely of the rehabilitation or conservation of existing private or multiple dwellings or the construction of one to four unit dwellings, and does not require any change in land use permitted under the New York City Zoning Resolution;

Whereas, upon due notice, the Council held a public hearing on the Project on November 30, 2004;

Whereas, the Council has considered the land use implications and other policy issues relating to the Project;

Resolved,

The Council finds that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the City of New York and that a designation of the Project as an urban development action area project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law.

The Council waives the area designation requirement of the Disposition Area as an urban development action area under Section 693 of the General Municipal Law pursuant to said Section.

The Council waives the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law.

The Council approves the Project as an urban development action area project pursuant to Section 694 of the General Municipal Law.

The Project shall be disposed of and developed upon the terms and conditions in the Project Summary that HPD has submitted to the Council, a copy of which is attached hereto.

Report for L.U. No. 305

Report of the Committee on Land Use in favor of approving Application no. 20055084 HAK, an Urban Development Action Area Project located at 902 Utica Avenue, Council District no. 45, Borough of Brooklyn. This matter is subject to Council review and action pursuant to Article 16 of the New York General Municipal Law, at the request of the New York City Department of Housing Preservation and Development.

The Committee on Land Use to which was referred on October 27, 2004 (Minutes, page 4839) the annexed Land Use resolution respectfully

REPORTS:

(For text of the report, please see the Report of the Committee on Land Use for L.U. No. 232 printed in these Minutes.)

Accordingly, Your Committee recommends its adoption.

In connection herewith, Council Members Katz and Martinez offered the following resolution:

Res. No. 712

Resolution approving an Urban Development Action Area Project located at 902 Utica Avenue (Block 4697/Lot 19), Brooklyn, and waiving the urban development action area designation requirement and the Uniform Land Use Review Procedure, pursuant to Sections 693 and 694 of the General Municipal Law (L.U. No. 305; 20055084 HAK).

By Council Members Katz and Martinez

Whereas, the New York City Department of Housing Preservation and Development ("HPD") submitted to the Council on October 13, 2004 its request dated September 27, 2004 that the Council take the following actions regarding an Urban Development Action Area Project (the "Project") located at 902 Utica Avenue (Block 4697/Lot 19), Community District 17, Borough of Brooklyn (the "Disposition Area"):

1. Find that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the municipality and that the proposed Urban Development Action Area Project is consistent with the policy and purposes of Section 691 of the General Municipal Law;

2. Waive the area designation requirement of Section 693 of the General Municipal Law pursuant to said Section;

3. Waive the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law; and

4. Approve the Project as an Urban Development Action Area Project pursuant to Section 694 of the General Municipal Law.

Whereas, the Project is to be developed on land that is now a municipally-owned area as defined in Section 692 of the General Municipal Law, consists solely of the rehabilitation or conservation of existing private or multiple dwellings or the construction of one to four unit dwellings, and does not require any change in land use permitted under the New York City Zoning Resolution;

Whereas, upon due notice, the Council held a public hearing on the Project on November 30, 2004;

Whereas, the Council has considered the land use implications and other policy issues relating to the Project;

Resolved,

The Council finds that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the City of New York and that a designation of the Project as an urban development action area project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law.

The Council waives the area designation requirement of the Disposition Area as an urban development action area under Section 693 of the General Municipal Law pursuant to said Section.

The Council waives the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law.

The Council approves the Project as an urban development action area project pursuant to Section 694 of the General Municipal Law.

The Project shall be disposed of and developed upon the terms and conditions in the Project Summary that HPD has submitted to the Council, a copy of which is attached hereto.

Report for L.U. No. 312

Report of the Committee on Land Use in favor of approving Application no. 20055091 HAM, an Urban Development Action Area Project located at 610 West 136th Street, Council District no. 9, Borough of Manhattan. This matter is subject to Council review and action pursuant to Article 16 of the New York General Municipal Law, at the request of the New York City Department of Housing Preservation and Development, and pursuant to Section 577 of the Private Housing Finance Law for an exemption from real property taxes.

The Committee on Land Use to which was referred on October 27, 2004 (Minutes, page 4842) the annexed Land Use resolution respectfully

REPORTS:

(For text of the report, please see the Report of the Committee on Land Use for L.U. No. 232 printed in these Minutes.)

Accordingly, Your Committee recommends its adoption.

In connection herewith, Council Members Katz and Martinez offered the following resolution:

Res. No. 714

Resolution approving an Urban Development Action Area Project located at 610 West 136th Street (Block 2002/Lot 39), Manhattan, and waiving the urban development action area designation requirement and the Uniform Land Use Review Procedure, pursuant to Sections 693 and 694 of the General Municipal Law (L.U. No. 312; 20055091 HAM).

By Council Members Katz and Martinez

Whereas, the New York City Department of Housing Preservation and Development ("HPD") submitted to the Council on October 13, 2004 its request dated September 27, 2004 that the Council take the following actions regarding the following Urban Development Action Area Project (the "Project") located at 610 West 136th Street (Block 2002/Lot 39), Community District 9, Borough of Manhattan (the "Disposition Area"):

1. Find that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the municipality and that the proposed Urban Development Action Area Project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law;

2. Waive the area designation requirement of Section 693 of the General Municipal Law pursuant to said Section;

3. Waive the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law;

4. Approve the Project as an Urban Development Action Area Project pursuant to Section 694 of the General Municipal Law; and

5. Approve a partial exemption of the Project from real property taxes pursuant to Section 577 of Article XI of the Private Housing Finance Law (the "Tax Exemption");

Whereas, the Project is to be developed on land that is now a municipally-owned area as defined in Section 692 of the General Municipal Law, consists solely of the rehabilitation or conservation of existing private or multiple dwellings or the construction of one- to four-unit dwellings, and does not require any change in land use permitted under the New York City Zoning Resolution;

Whereas, the project description that HPD provided to the Council states that the purchaser in connection with the Sale (the "Sponsor") is a duly organized housing development fund company under Article XI of the Private Housing Finance Law;

Whereas, upon due notice, the Council held a public hearing on the Project on November 30, 2004;

Whereas, the Council has considered the land use and financial implications and other policy issues relating to the Project;

Resolved,

The Council finds that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the City of New York and that a designation of the Project as an urban development action area project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law.

The Council waives the area designation requirement of the Disposition Area as an urban development action area under Section 693 of the General Municipal Law pursuant to said Section.

The Council waives the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law.

The Council approves the Project as an Urban Development Action Area Project pursuant to Section 694 of the General Municipal Law.

The Project shall be disposed of and developed upon the terms and conditions set forth in the Project Summary that HPD has submitted to the Council, a copy of which is attached hereto.

The Council approves the partial Tax Exemption as follows:

The partial tax exemption provided hereunder shall commence upon the date of conveyance of the housing project to Sponsor ("Effective Date") and shall terminate upon July 1, 2029 ("Expiration Date"); provided, however, that such partial tax exemption shall terminate if the Department of Housing Preservation and Development determines that (i) Sponsor is not organized as a housing development fund corporation, (ii) Sponsor is not operating the housing project in accordance with

the requirements of Article XI of the Private Housing Finance Law, (iii) such real property has not been, or is not being, developed, used, and/or operated in compliance with the requirements of all applicable agreements made by Sponsor with, or for the benefit of, the City of New York.

Those portions of the property included in the housing project which are devoted to business or commercial use (collectively, "Commercial Property"), if any shall not be eligible for real property tax exemption hereunder. The Commercial Property shall be subject to full real property taxation; provided, however, that nothing herein shall prohibit Sponsor from utilizing any abatement, exemption, or other tax benefit for which the Commercial Property would otherwise be eligible.

All of the value of the property, other than the Commercial Property, included in the housing project (collectively, "Residential Property") shall be exempt from real property taxes, other than assessments for local improvements; provided, however, that Sponsor shall make a partial annual real estate tax payment on the Residential Property. Sponsor shall make such partial annual real estate tax payment on an assessed valuation equal to the lesser of (i) an amount equal to the full assessed valuation of the Residential Property, or (ii) an amount calculated by multiplying $3500 times the number of residential units included in the housing project and increasing such product by six percent (6%) on July 1, 1990 and July 1 of each successive year, but not by more than twenty percent (20%) in any five-year period.

No. 337; C 040490 HAK).

By Council Members Katz and Martinez

Whereas, the City Planning Commission filed with the Council on October 27, 2004 its decision dated October 20, 2004 (the "Decision"), on the application submitted by the Department of Housing Preservation and Development pursuant to Section 197-c of the New York City Charter and Article 16 of the General Municipal Law of New York State regarding:

a) the designation of property located at 159 Covert Street (Block 3417/Lot 56); 186, 188, and 190 Eldert Street (Block 3417/Lots 6, 7, and 8); 567, 569, 573 and 575 Central Avenue (Block 3417/Lots 1-5); within the Bushwick II Urban Renewal Area, as an Urban Development Action Area (the "Area");

b) an Urban Development Action Area Project for such area (the "Project"); and

pursuant to Section 197-c of the New York City Charter for the disposition of such property to a developer selected by the Department of Housing Preservation and Development to facilitate the development of a five-story building tentatively known as Ozzie Wilson Residence Senior Housing, with approximately 66 units of low-income housing for senior citizens and one unit for a superintendent, to be developed under the HUD Section 202 Supportive Housing for the Elderly Program (the "Disposition"), Community District 4, Borough of Brooklyn (ULURP No. C 040490 HAK) (the "Application");

Whereas, the Application is related to ULURP Application Number C 040491 HUK (L.U. No. 338), the sixth amendment to the Bushwick II Urban Renewal Plan;

Whereas, the Decision is subject to review and action by the Council pursuant to Section 197-d(b)(1) of the City Charter;

Whereas, the Application and Decision are subject to review and action by the Council pursuant to Article 16 of the General Municipal Law of New York State;

Whereas, the New York City Department of Housing Preservation and Development ("HPD") submitted to the Council its recommendations regarding the Application on November 12, 2004;

Whereas, upon due notice, the Council held a public hearing on the Application and Decision on November 30, 2004;

Whereas, the Council has considered the relevant environmental review (CEQR No. 04HPD005K) and the fact that a Negative Declaration was issued on March 24, 2004;

Whereas, the Council has considered the land use and financial implications and other policy issues relating to the Application;

Resolved,

The Council finds that the actions described herein will have no significant effect on the environment;

Pursuant to Section 197-d, the Council approves the decision of the City Planning Commission (C 040490 HAK).

The Council finds that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the City of New York and that a designation of the Project as an urban development action area project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law.

The Council approves the designation of the Disposition Area as an urban development action area pursuant to Section 693 of the General Municipal Law.

The Council approves the Project as an urban development action area project pursuant to Section 694 of the General Municipal Law.

The Council approves the disposition of said property to a developer selected by the Department of Housing Preservation and Development.

SUBJECT

BROOKLYN CB - 4 **C 040491 HUK**

City Planning Commission decision approving an application submitted by the Department of Housing Preservation and Development, pursuant to Section 505 of Article 15 of the General Municipal (Urban Renewal) Law of New York State and Section 197-c of the New York City Charter, for the 6"' Amendment to the Bushwick II Urban Renewal Area.

The proposed plan deletes the existing 3-story height limit for designated urban renewal sites.

INTENT

To facilitate development of a five-story building (Site 40) with 66 units of senior citizens housing and a new multi-family development on a portion of Site 79.

COMMITTEE ACTION

DATE: December 2, 2004

The Committee recommends that the Council approve the attached resolution and thereby approve the plan, the designation of the Area and the decision of the City Planning Commission.

In connection herewith, Council Members Katz and Martinez offered the following resolution:

Res. No. 718

Resolution approving the Sixth Amended Urban Renewal Plan, approving the designation of the area and approving the decision of the City Planning Commission on ULURP No. C 040491 HUK (L.U. No. 338).

By Council Members Katz and Martinez

Whereas, the City Planning Commission filed with the Council on October 27, 2004 its decision and report dated October 20, 2004 (the "Decision"), on the application submitted by the New York City Department of Housing Preservation and Development ("HPD"), pursuant to Section 505 of the General Municipal Law of New York State and Section 197-c of the New York City Charter, regarding the proposed Sixth Amended Urban Renewal Plan (the "Plan") for the Bushwick II Urban Renewal Area (the "Area"), Community District 4, Borough of Brooklyn (ULURP No. C 040491 HUK) (the "Application");

Whereas, the Application is related to ULURP Application Number C 040490 HAK (L.U. No. 337), an urban development action area project;

Whereas, the City Planning Commission has certified that the Plan for the Area complies with the provisions of Section 502 of the General Municipal Law, conforms to the comprehensive community plan for the development of the municipality as a whole and is consistent with local objectives, and that the Plan is in conformity with the findings and designation of the Area;

Whereas, the Decision is subject to review and action by the Council pursuant to Section 197-d(b)(1) of the City Charter;

Whereas, the Area Designation is subject to review and action by the Council pursuant to Section 504 of the General Municipal Law;

Whereas, the Plan is subject to review and action by the Council pursuant to Section 505 of the General Municipal Law;

Whereas, the New York City Department of Housing Preservation and Development submitted to the Council its request dated November 1, 2004 regarding the Application;

Whereas, upon due notice, the Council held a public hearing on the Decision and the Plan on November 30, 2004;

Whereas, the Council has considered the relevant environmental issues and the Negative Declaration, issued on March 24, 2004 (CEQR No. 04HPD005K); and

Whereas, the Council has considered the land use implications and other policy issues relating to the Decision and the Plan;

Resolved,

The Council finds that this action will have no significant effect on the environment.

Pursuant to Section 504 of the General Municipal Law, the Council approves the Designation of the Area.

Pursuant to Section 505(4) of the General Municipal Law, the Council finds that:

1. The Area is a substandard or insanitary area or is in danger of becoming a substandard or insanitary area and tends to impair or arrest the sound growth and development of the municipality;

2. The financial aid to be provided to the municipality is necessary to enable the project to be undertaken in accordance with the Plan;

3. The Plan affords maximum opportunity to private enterprise, consistent with the sound needs of the municipality as a whole, for the undertaking of an urban renewal program;

4. The Plan conforms to a comprehensive community plan for the development of the municipality as a whole;

5. There is a feasible method for the relocation of families and individuals displaced from the Area into decent, safe and sanitary dwellings, which are or will be provided in the Area or in other areas not generally less desirable in regard to public utilities and public and commercial facilities, at rents or prices within the financial means of such families or individuals, and reasonably accessible to their places of employment; and

6. The undertaking and carrying out of the urban renewal activities in stages is in the best public interest and will not cause any additional or increased hardship to the residents of the Area.

Pursuant to Section 505 of the General Municipal Law, the Council approves the Sixth Amended Urban Renewal Plan for the Bushwick II Urban Renewal Area, dated July, 2003;

Pursuant to Section 197-d of the New York City Charter, and on the basis of the Decision and Application, the Council approves the Decision.

Accordingly, Your Committee recommends its adoption.

In connection herewith, Council Members Katz and Martinez offered the following resolution:

Res. No. 719

Resolution approving an Urban Development Action Area Project located at 1675 Union Street (Block 1395/Lot 52), Brooklyn, and waiving the urban development action area designation requirement and the Uniform Land Use Review Procedure, pursuant to Sections 693 and 694 of the General Municipal Law (L.U. No. 342; 20055100 HAK).

By Council Members Katz and Martinez

Whereas, the New York City Department of Housing Preservation and Development ("HPD") submitted to the Council on November 15, 2004 its request dated November 1, 2004 that the Council take the following actions regarding an Urban Development Action Area Project (the "Project") located at 1675 Union Street (Block 1395/Lot 52), Community District 9, Borough of Brooklyn (the "Disposition Area"):

1. Find that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the municipality and that the proposed Urban Development Action Area Project is consistent with the policy and purposes of Section 691 of the General Municipal Law;

2. Waive the area designation requirement of Section 693 of the General Municipal Law pursuant to said Section;

3. Waive the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law; and

4. Approve the Project as an Urban Development Action Area Project pursuant to Section 694 of the General Municipal Law.

Whereas, the Project is to be developed on land that is now a municipally-owned area as defined in Section 692 of the General Municipal Law, consists solely of the rehabilitation or conservation of existing private or multiple dwellings or the construction of one to four unit dwellings, and does not require any change in land use permitted under the New York City Zoning Resolution;

Whereas, upon due notice, the Council held a public hearing on the Project on November 30, 2004;

Whereas, the Council has considered the land use implications and other policy issues relating to the Project;

Resolved,

The Council finds that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the City of New York and that a designation of the Project as an urban development action area project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law.

The Council waives the area designation requirement of the Disposition Area as an urban development action area under Section 693 of the General Municipal Law pursuant to said Section.

The Council waives the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law.

The Council approves the Project as an urban development action area project pursuant to Section 694 of the General Municipal Law.

The Project shall be disposed of and developed upon the terms and conditions in the Project Summary that HPD has submitted to the Council, a copy of which is attached hereto.

Whereas, the Project is to be developed on land that is now a municipally-owned area as defined in Section 692 of the General Municipal Law, consists solely of the rehabilitation or conservation of existing private or multiple dwellings or the construction of one to four unit dwellings, and does not require any change in land use permitted under the New York City Zoning Resolution;

Whereas, upon due notice, the Council held a public hearing on the Project on November 30, 2004;

Whereas, the Council has considered the land use implications and other policy issues relating to the Project;

Resolved,

The Council finds that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the City of New York and that a designation of the Project as an urban development action area project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law.

The Council waives the area designation requirement of the Disposition Area as an urban development action area under Section 693 of the General Municipal Law pursuant to said Section.

The Council waives the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law.

The Council approves the Project as an urban development action area project pursuant to Section 694 of the General Municipal Law.

The Project shall be disposed of and developed upon the terms and conditions in the Project Summary that HPD has submitted to the Council, a copy of which is attached hereto.

Report for L.U. No. 345

Report of the Committee on Land Use in favor of approving Application no. 20055103 HAK, an Urban Development Action Area Project located at 2237 East 74th Street, Council District no. 46, Borough of Brooklyn. This matter is subject to Council review and action pursuant to Article 16 of the New York General Municipal Law, at the request of the New York City Department of Housing Preservation and Development.

The Committee on Land Use to which was referred on November 23, 2004 (Minutes, page 5206) the annexed Land Use resolution respectfully

REPORTS:

(For text of the report, please see the Report of the Committee on Land Use for L.U. No. 232 printed in these Minutes.)

Accordingly, Your Committee recommends its adoption.

In connection herewith, Council Members Katz and Martinez offered the following resolution:

Res. No. 722

Resolution approving an Urban Development Action Area Project located at 2237 East 74th Street (Block 8443/Lot 23), Brooklyn, and waiving the urban development action area designation requirement and the Uniform Land Use Review Procedure, pursuant to Sections 693 and 694 of the General Municipal Law (L.U. No. 345; 20055103 HAK).

By Council Members Katz and Martinez

Whereas, the New York City Department of Housing Preservation and Development ("HPD") submitted to the Council on November 15, 2004 its request dated November 1, 2004 that the Council take the following actions regarding an Urban Development Action Area Project (the "Project") located at 2237 East 74th Street (Block 8443/Lot 23), Community District 18, Borough of Brooklyn (the "Disposition Area"):

1. Find that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the municipality and that the proposed Urban Development Action Area Project is consistent with the policy and purposes of Section 691 of the General Municipal Law;

2. Waive the area designation requirement of Section 693 of the General Municipal Law pursuant to said Section;

3. Waive the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law; and

4. Approve the Project as an Urban Development Action Area Project pursuant to Section 694 of the General Municipal Law.

Whereas, the Project is to be developed on land that is now a municipally-owned area as defined in Section 692 of the General Municipal Law, consists solely of the rehabilitation or conservation of existing private or multiple dwellings or the construction of one to four unit dwellings, and does not require any change in land use permitted under the New York City Zoning Resolution;

Whereas, upon due notice, the Council held a public hearing on the Project on November 30, 2004;

Whereas, the Council has considered the land use implications and other policy issues relating to the Project;

Resolved,

The Council finds that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the City of New York and that a designation of the Project as an urban development action area project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law.

The Council waives the area designation requirement of the Disposition Area as an urban development action area under Section 693 of the General Municipal Law pursuant to said Section.

The Council waives the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law.

The Council approves the Project as an urban development action area project pursuant to Section 694 of the General Municipal Law.

The Project shall be disposed of and developed upon the terms and conditions in the Project Summary that HPD has submitted to the Council, a copy of which is attached hereto.

Reports of the Committee on Rules, Privileges & Elections

Report for M 363

Report of the Committee on Rules, Privileges & Elections in favor of approving the appointment by the Mayor of LISA ANN GOMEZ as a member of the New York City Planning Commission.

The Committee on Rules, Privileges & Elections to which was referred on November 10, 2004 (Minutes, page 4856) the annexed communication respectfully

REPORTS:

BRIEFING PAPER OF THE
COMMITTEE ON RULES, PRIVILEGES AND ELECTIONS

Leroy G. Comrie, Chairperson

December 7, 2004

Topic I: *New York City Planning Commission - (Mayoral candidate for appointment upon advice and consent of the Council)*

• Lisa Ann Gomez [M-363]

Section 192 of the *Charter* states that there shall be a thirteen-member City Planning Commission ("CPC"), with seven appointments made by the Mayor (including the Chair), one by the Public Advocate, and one by each Borough President. All members, except the Chair, are subject to the advice and consent of the Council. Further, the *New York City Charter ("Charter")* states that members are to be chosen for their independence, integrity, and civic commitment.

The *Charter* provides that CPC members serve for staggered five-year terms, except for the Chair, who, as Director of the Department of City Planning *(Charter §* 191), serves at the pleasure of the Mayor. For purposes of Chapter 68 of the *Charter, CPC* members, other than the Chair, shall not be considered regular employees of the City. There is no limitation on the number of terms that a CPC member may serve. CPC members are prohibited from holding any other City office while they serve on CPC. The Chair receives an annual salary of $162,800. The member who is designated by the Mayor to be Vice Chair receives an annual salary of $51,900. The other members receive an annual salary of $45,131.

CPC is responsible for:

- undertaking long-range planning for the City's orderly growth, improvement and future development, including appropriate resources for housing, business, industry, recreation and culture;

- assisting the Mayor and other officials in developing the ten-year capital strategy, the four-year capital program and the annual *Statement of Needs;*

- overseeing and coordinating environmental reviews under the *City Environmental Quality Review ("CEQR"),* as mandated by state law *(Environmental Conservation Law* - Article 8);

- preparing a zoning and planning report at least once every four years which includes a review of the *Zoning Resolution,* with any recommendations for changes and proposals for implementing planning policies; and

- approving or disapproving the acquisition by the City of office space.

CPC has also promulgated rules:

- establishing minimum standards for certifying *Uniform Land Use and Review Procedure* ("ULURP") applications and specific time periods for pre-certification review;

- creating capital site selection criteria;

- setting minimum standards for the form and content of plans for the development of the City and boroughs; and

- defining "major concessions."

Upon appointment by the Mayor with the advice and consent of the Council, Ms. Gomez, a resident of Brooklyn, will succeed Mr. Alexander Garvin, and serve for the remainder of a five-year term that expires on June 30, 2009. Copies of Ms. Gomez' resume and Committee report/resolution are annexed to this briefing paper.

Topic II: *New York City Environmental Control Board - (Mayoral candidate for appointment upon advice and consent of the Council)*

• Emily Suzanne Heinze [M-364]

Within the New York City Department of Environmental Protection there is an Environmental Control Board ("ECB") that adjudicates notices of violation issued by various city agencies including the Departments of Environmental Protection, Police, Sanitation, Health and Mental Hygiene, Fire and Buildings. ECB has the power to render decisions and orders and to impose civil penalties under law provided for such violations. ECB may apply to a court of competent jurisdiction for enforcement of any decision, order or subpoena that it issues. ECB's responsibilities and structure are outlined in Charter §1404.

Among the provisions of law enforced by ECB are those relating to the cleanliness of city streets; the disposal of wastes; the purity of the water supply; the regulation of street peddling; and the city response to emergencies caused by releases or threatened releases of hazardous substances. ECB may also adopt regulations pertaining to emissions into the city air and into the waters. ECB has the authority to make, amend or rescind such rules and regulations to carry out its duties. Also, ECB has concurrent jurisdiction with the Board of Health to enforce those provisions of the health code and the rules and regulations relating thereto that the Board of Health shall designate.

ECB consists of the Commissioners of the Departments of Environmental Protection, Sanitation, Health and Mental Hygiene, Buildings, Police, Fire and Consumer Affairs, as well as six persons appointed by the Mayor with the advice and consent of the Council. The Commissioner of the Department of Environmental Protection serves as Chair of ECB. Within its appropriation, ECB may appoint an Executive Director and such hearing officers, including non-salaried hearing officers and other employees as it from time to time finds necessary, to properly perform its duties.

Members other than agency Commissioners may not be employed by the City. Five of the six non-Commissioner members must possess broad general background and experience, one each in the following areas: air pollution control, water pollution control, noise pollution control, real estate, or the business community. The sixth non-Commissioner member represents the general public. Members other than agency Commissioners are compensated and receive a $150 per-diem when performing the work of ECB. Member terms are four years.

Upon appointment by the Mayor with the advice and consent of the Council, Ms. Heinze, a resident of Manhattan, will fill a vacancy[1] on ECB for a member with knowledge of noise pollution control, and serve for the remainder of a four-year term that will expire on March 5, 2007. Copies of Ms. Heinze's resume and Committee report/resolution are annexed to this briefing paper.

[1] The last person to hold this position before it became vacant was Mr. Jason D. Swan. He, like Ms. Heinze, was also an employee of Cerami and Associates, Inc. at the time he served on ECB. Mr. Swan is no longer employed by Cerami and Associates, Inc., and has since moved on to Washington, D.C.

After interviewing the candidate and reviewing the relevant material, the Committee decided to approve the appointments.

Report of the Committee on State and Federal Legislation

At this point the Speaker (Council Member Miller) announced that the following item had been **preconsidered** by the Committee on State and Federal Legislation and had been favorably reported for adoption.

Report for M 381

Report of the Committee on State and Federal Legislation in favor of approving a Communication from the Mayor regarding "AN ACT relating to providing accidental and special accidental death benefits, a line-of-duty award and health insurance coverage to eligible survivors of a certain member of the uniformed force of the New York city fire department who was killed in action while serving in Iraq as a member of the Army National Guard." S.7797/A.11892

The Committee on State and Federal Legislation to which was referred on December 7, 2004 the annexed Home Rule Request communication respectfully

REPORTS:

This legislative item is a Home Rule Request proposal asking the New York State Legislature in Albany to act favorably in this matter.

BACKGROUND:

Christian Philip Engeldrum, a member of the New York City Fire Department, was killed in action on November 29, 2004, while serving in Iraq as a member of the Army National Guard. By deeming his death to be sustained in the performance of his duties as a member of the uniformed force of the New York City Fire Department, this legislation would allow his survivors to be eligible for certain benefits as specified by law. This gesture would also recognize Christian Engeldrum's service to his country.

PROPOSED LEGISLATION:

Section 1 of this bill would state that Christian Philip Engeldrum shall be deemed to have died on November 29, 2004, as a result of an accident sustained in the performance of his duties as a member of the uniformed force of the New York City Fire Department. Section 1 would also state that his survivors would be eligible for the special accidental death benefit provided by section 208-f of the General Municipal Law, the accidental death benefit provided by section 13-347 of the Administrative Code of the City of New York, the line-of-duty award provided by section 3-401 of such Code, and the health insurance coverage provided by paragraph 2 of subdivision b of section 12-126 of such Code.

FISCAL IMPLICATIONS:

See Finance Division fiscal impact statement.

EFFECTIVE DATE:

This legislation would take effect immediately and would be deemed to have been in full force and effect on and after November 29, 2004.

(The following is the Fiscal Impact Statement for M 381:)

FISCAL IMPACT STATEMENT:

	Effective FY 05	FY Succeeding Effective FY 06	Full Fiscal Impact FY 05
Revenues (+)	0	0	0
Expenditures (-)	$100,000	$35,000	$100,000
Net	$100,000	$35,000	$100,000

IMPACT ON REVENUES: There is no impact on revenue.

IMPACT ON EXPENDITURES: If enacted, this bill will cost the city approximately $100,000 in fiscal year 2004/ 2005, and approximately $35,000 per year thereafter.

SOURCE OF FUNDS TO COVER ESTIMATED COSTS: General fund

SOURCE OF INFORMATION: The NYC Office of Management and Budget, The City Actuary of New York , The City Council Finance Division.

ESTIMATE PREPARED BY: Frank Tramontano, First Deputy Director,

Daniel Turriago, Principal Financial Analyst,
City Council Finance Division.

FIS HISTORY: This is a new bill

DATE SUBMITTED TO COUNCIL: DECEMBER 6, 2004

(For text of the State bill, please refer to the Messages and Papers from the Mayor section for M-381 printed in these Minutes; also please refer to the New York State Senate and State Assembly.)

Accordingly, Your Committee recommends its adoption.

JOEL RIVERA, Chairperson; JOSEPH P. ADDABBO JR., MARIA BAEZ, ERIK MARTIN DILAN, LEWIS A. FIDLER, MICHAEL E. MCMAHON, HIRAM MONSERRATE, HELEN SEARS, VINCENT J. GENTILE, Committee on State and Federal Legislation, December 7, 2004.

On motion of the Speaker (Council Member Miller), and adopted, the foregoing matter was coupled as a General Order for the day (see ROLL CALL ON GENERAL ORDERS FOR THE DAY).

RESOLUTIONS

The following are the respective Committee Reports for each of the Resolutions referred to the Council for a voice-vote pursuant to Rule 8.50 of the Council:

Report for voice-vote Res. No. 240-A

Report of the Committee on Immigration in favor of approving, as amended, a Resolution urging the New York State legislature to take swift action to pass legislation that would require courts in New York State to advise defendants facing felony, misdemeanor or violation charges that a plea of guilty may result in deportation, exclusion from admission or denial of naturalization and that would provide real remedies for defendants if advisement does not occur.

The Committee on Immigration to which was referred on March 24, 2004 (Minutes, page 1410) the annexed amended resolution respectfully

REPORTS:

The Committee on Immigration, chaired by Council Member Kendall Stewart, met on Monday, December 6, 2004, and voted unanimously to approve Prop. Res. No. 240-A, which urges the New York State legislature to take swift action to pass legislation that would require courts in New York State to advise defendants facing felony, misdemeanor or violation charges that a plea of guilty may result in deportation, exclusion from admission or denial of naturalization and that would provide real remedies for defendants if advisement does not occur.

New York City has been and continues to be the epicenter for immigrants in the United States: 36% of New York City's population is foreign-born, 50% of New Yorkers speak a language other than English at home and approximately 60% of New Yorkers are immigrants or children of immigrants.[1] Changes to immigration law in 1996, however, have resulted in removal of increased numbers of immigrants from the United States, including deportation of persons who have been convicted of crimes. The Anti-Terrorism and Effective Death Penalty Act of 1996 ("AEDPA") and the Illegal Immigration Reform and Immigrant Responsibility Act of 1996 ("IIRIRA") expanded grounds for deportation and decreased judges' discretion to grant relief from removal.[2] According to the Office of Immigration Statistics at the Department of Homeland Security, there were 186,151 removals in 2003, including 79,395 noncitizens with criminal convictions.[3] Deportations of noncitizens with criminal convictions have increased exponentially since 1988, when less than 6,000 noncitizens were removed based on criminal convictions,[4] and more than doubled since 1996, when 36,909 noncitizens with criminal convictions were removed.[5]

According to media reports, as of June 2004, 1,800 foreign-born New Yorkers had been turned over to immigration authorities for deportation in the previous

twelve months after serving sentences of one year or less at Riker's Island.[6] Media reports also suggest that of the average 524 foreign-born New York residents who serve time at Riker's Island each month, 226 could be deported based on their criminal records.[7] These statistics highlight the need for immigrants in the criminal justice system in New York City to understand the implications of the decisions they make in their criminal cases. For immigrants in the criminal justice system, immigration status is what is known as a "collateral consequence."[8] This means that although immigrants may be charged with a crime unrelated to immigration status, a conviction could lead to deportation, detention, exclusion from admission, and denial of naturalization for both undocumented and legal residents.[9]

New York State law currently requires courts to advise defendants in felony cases of the possible ramifications of entering a guilty plea before accepting the plea.[10] Current law does not require courts to advise defendants in cases of misdemeanors or violations, even though a guilty plea for a misdemeanor or violation could result in deportation, detention, exclusion from admission and denial of citizenship. In addition, current law explicitly states that there is no remedy if the courts fail to advise defendants of the potential consequence of guilty pleas.[11]

Despite this requirement, many immigrant defendants do not receive notice of the consequences of entering a guilty plea by either the judge or an attorney if present.[12] Consequently, many immigrant defendants charged with criminal violations, misdemeanors or felonies who plead guilty are unaware of the impact a guilty plea could have on their immigration status. An October 11, 2004 article in The New York Times focused on Andre Venant, a permanent resident living in the United States for over 20 years, who was arrested three times for selling swipes on a subway Metrocard and evading fares.[13] After his third arrest, despite assertions of innocence he pleaded guilty to receive a shorter sentence. He was convicted of a misdemeanor that was determined to be a "crime involving moral turpitude,"[14] and was detained in a prison in New Jersey before being transferred to a federal detention center in Louisiana, where he spent six months during deportation proceedings.[15] He was unaware of the consequences his guilty plea would have on his immigration status.[16] With the assistance of an attorney, Mr. Venant received a cancellation of deportation and was able to remain in the United States.[17]

At least 20 states and Washington DC require that criminal defendants receive notice of the consequences of entering a guilty plea or conviction on immigration status. [18] California's requirement has been in place since 1978 and has been the model for many other state laws.[19]

New York's law requiring judges to advise defendants in felony cases is set to expire on September 30, 2005. Prop. Res. 240-A supports legislation that would require judges to administer the following oral advisement on the record in felony, misdemeanor and violation cases: "If you are not a citizen of the United States, you are hereby advised that acceptance by the court of a plea of guilty or conviction of the crime for which you have been charged may result in your deportation, exclusion from admission to the United States, or denial of naturalization pursuant to the laws of the United States." In addition, Prop. Res. 240-A supports legislation that would provide remedies for defendants if the judge does not administer this advice.

Prop. Res. 240-A recognizes that many individuals who are not citizens of the United States plead guilty to crimes without knowing that a conviction, in addition to any criminal sentence, is grounds for deportation, exclusion from admission, and denial of naturalization. Prop. Res. 240-A supports the passage of legislation that would require judges to advise defendants in felony, misdemeanor and violation cases and provide real remedies to defendants if no advisement occurs to ensure that defendants who are not United States citizens are made aware of the consequences entering guilty pleas can have on their ability to remain in the United States.

(The following is the text of Res. No. 240-A:)

Res. No. 240-A

Resolution urging the New York State legislature to take swift action to pass legislation that would require courts in New York State to advise defendants facing felony, misdemeanor or violation charges that a plea of guilty may result in deportation, exclusion from admission or denial of naturalization and that would provide real remedies for defendants if advisement does not occur.

By Council Members Martinez, Clarke, Stewart, Barron, Comrie Jr., Dilan, Fidler, Foster, Jackson, Monserrate, Reed, Reyna, Rivera, Sanders Jr., Seabrook, Liu, Gerson, Lopez, Palma, Yassky, Brewer, Nelson and Weprin.

Whereas, In many instances involving individuals who are not citizens of the United States and who are charged with crimes under state law, defendants enter guilty pleas without knowing that their convictions may be grounds for deportation, exclusion from admission to the United States, or denial of naturalization pursuant to the laws of the United States; and

Whereas, New York State law currently requires judges to advise defendants of the potential immigration consequences of guilty pleas only in felony cases and does not provide any remedy for defendants who do not receive this advice; and

Whereas, New York's law requiring judges to advise defendants in felony cases is set to expire on September 30, 2005, which increases the need for swift passage of legislation that informs defendants of the ramifications entering a guilty plea could have on their ability to remain in the United States; and

Whereas, In the interest of fairness, New York State law should require that, prior to accepting guilty pleas in felony, misdemeanor and violation cases, state courts must provide an appropriate warning of the potential immigration consequences for defendants who are not United States citizens; and

Whereas, Legislation that would require defendants to be advised of the immigration consequences of guilty pleas would give defendants time to negotiate with prosecutors in the event the defendant or defendant's counsel was unaware of the possibility of deportation, exclusion from admission to the United States, or denial of naturalization as a result of conviction; and

Whereas, Advisement legislation should not require defendants to disclose their legal status to the court at the time of a plea; and

Whereas, Prior to the acceptance of a guilty plea, a defendant should be entitled to substantially the following oral advisement to be administered on the record: "If you are not a citizen of the United States, you are hereby advised that acceptance by the court of a plea of guilty or conviction of the crime for which you have been charged may result in your deportation, exclusion from admission to the United States, or denial of naturalization pursuant to the laws of the United States;" and

Whereas, To further ensure that defendants know their rights, legislation that would require judges to advise defendants of potential immigration consequences in felony, misdemeanor and violation cases also should provide real remedies for defendants if advisement does not occur; and

Whereas, It is just and fair that defendants who are not citizens of the United States are made aware of the significant consequences of pleading guilty prior to their doing so; now, therefore, be it

Resolved, That the Council of the City of New York urges the New York State legislature to take swift action to pass legislation that would require courts in New York State to advise defendants facing felony, misdemeanor or violation charges that a plea of guilty may result in deportation, exclusion from admission or denial of naturalization and that would provide real remedies for defendants if advisement does not occur.

Pursuant to Rule 8.50 of the Council, the President Pro Tem (Council Member Rivera) called for a voice vote. Hearing those in favor, the President Pro Tem (Council Member Rivera) declared **Res. No. 240-A** to be adopted. The following 7

Report for voice-vote Res. No. 596-A

Report of the Committee on Finance in favor of approving, as amended, a Resolution approving the granting of an exemption from real property taxes pursuant to section 420-a of the real property tax law, for the parcel owned by Congregation Avnei Pinchos known as 5822 17th Street in the City of New York, borough of Brooklyn, being designated on the tax map as block 5503, lot 52 and 53 in such borough, and the cancellation of taxes, fines, penalties and interest remaining unpaid, and the making of appropriate correction of the subject assessment roll, if, upon accepting and reviewing the application or renewal application for such exemption, the Department of Finance is satisfied that such corporation or association would otherwise be entitled to such exemption if it had filed such application for exemption by the appropriate taxable status date, in accordance with Chapter 326 of the laws of 2003.

The Committee on Finance to which was referred on September 28, 2004 (Minutes, page 4474) the annexed amended resolution respectfully

REPORTS:

BACKGROUND

Chapter 326 of the Laws of 2003 was enacted by the State Legislature and was signed into law in August 2003. The State Law authorizes the Department of Finance (DOF) to accept an application or renewal application from Congregation Avnei Pinchos, a Brooklyn corporation or association organized or conducted exclusively for religious or educational purposes or both, for exemption from real property taxes for property the synagogue purchased at 5822 17th Avenue in Brooklyn on October 24, 2002. The State law provides that if DOF accepts the application, it must review it as if it had been received on or before the taxable status date established for the 2002 assessment roll. The taxable status date for the 2002 assessment roll was on January 5, 2002.

The State Law further provides that if DOF is satisfied that the institution would have otherwise been entitled to the exemption had it filed for exemption by the taxable status date, "the commissioner ..., upon approval by the city council of the city of New York, may grant exemption from all taxation with respect to the subject tax roll due and owing by such corporation or association on the effective date of this act, and cancel taxes, fines, penalties and interest remaining unpaid, and make appropriate correction of the subject assessment roll." The State Law provides that upon approval of the Council, DOF may grant the exemption from taxes due with respect to the 2002 assessment roll which arose after the corporation or association purchased the property. The State Law also provides that pending the completion of DOF's review of the application, the sale of any and all tax liens related to the property will be suspended from the effective date of the State Law until no later than December 31, 2004.

The tax liens related to the property were never sold in any of the City's tax liens sales. However, the value of the property taxes owed, including interest and penalties, that has accumulated on the 2002 assessment roll after the date the Congregation Avnei Pinchos acquired the property that will be exempt from taxes is $18,193. According to DOF, an exemption in the amount of $26,421 will also be granted to property taxes, including interest and penalties, that have accumulated on the 2003 assessment roll (for a total of $44,614 for the 2002 and 2003 assessment rolls).

RES. NO. 596-A

Resolution 596-A constitutes the Council's approval, pursuant to the State Law, of the granting of the property tax exemption to Congregation Avnei Pinchos for taxes owed from the 2002 assessment roll, if DOF accepts the application and, upon review, is satisfied that the institution would have been entitled to the exemption had it filed the application by the appropriate taxable status date.

Accordingly, Your Committee recommends its adoption, as amended.

(The following is the text of Res. No. 596-A:)

Res. No. 596-A

Resolution approving the granting of an exemption from real property taxes pursuant to section 420-a of the real property tax law, for the parcel owned by Congregation Avnei Pinchos known as 5822 17th Avenue in the City of New York, borough of Brooklyn, being designated on the tax map as block 5503, lot 52 and 53 in such borough, and the cancellation of taxes, fines, penalties and interest remaining unpaid, and the making of appropriate correction of the subject assessment roll, if, upon accepting and reviewing the application or renewal application for such exemption, the Department of Finance is satisfied that such corporation or association would otherwise be entitled to such exemption if it had filed such application for exemption by the appropriate taxable status date, in accordance with Chapter 326 of the laws of 2003.

By Council Members Weprin, Felder and Jackson

Whereas, In accordance with Chapter 326 of the laws of 2003, Congregation Avnei Pinchos, a corporation or association organized or conducted exclusively for religious or educational purposes or both, has submitted to the Department of Finance an application or renewal application for exemption from real property taxes pursuant to section 420-a of the real property tax law, for the parcel owned by such corporation or association known as 5822 17th Avenue in the City of New York, borough of Brooklyn, designated on the tax map as block 5503, lots 52 and 53 in such borough and which was acquired by such corporation or association on October 24, 2002; and

Whereas, Chapter 326 of the laws of 2003 provides that such application, if accepted, shall be reviewed by the Department of Finance as if it had been received on or before the taxable status date for the 2002 assessment roll; and

Whereas, Such Chapter also provides that if such corporation or association would otherwise be entitled to such exemption had such corporation or association filed such application or renewal application for exemption by the appropriate taxable status date, then the Commissioner of the Department of Finance, upon approval by the Council of the City of New York, may grant such exemption from all taxation with respect to the subject taxable assessment roll due and owing on the effective date of such chapter law, and cancel taxes, fines, penalties and interest remaining unpaid, and make appropriate correction of the subject assessment roll; now therefore be it

Resolved, That the Council of the City of New York hereby approves the granting of an exemption from real property taxes pursuant to section 420-a of the real property tax law, for the parcel owned by Congregation Avnei Pinchos known as 5822 17th Avenue in the City of New York, borough of Brooklyn, being designated on the tax map as block 5503, lot 52 and 53 in such borough, and the cancellation of taxes, fines, penalties and interest remaining unpaid, and the making of appropriate correction of the subject assessment roll, if, upon accepting and reviewing the application or renewal application for such exemption, the Department of Finance is satisfied that such corporation or association would otherwise be entitled to such exemption if it had filed such application for exemption by the appropriate taxable status date, in accordance with Chapter 326 of the laws of 2003.

Pursuant to Rule 8.50 of the Council, the President Pro Tem (Council Member Rivera) called for a voice vote. Hearing no objections, the President Pro Tem (Council Member Rivera) declared **Res. No. 596-A** to be adopted.

Adopted unanimously by the Council by voice-vote.

INTRODUCTION AND READING OF BILLS

Res. No. 702

Resolution commending the Campaign for Fiscal Equity, the law firm of Simpson, Thatcher & Bartlett and all those who have worked with them for their continuing advocacy for the children of the City of New York, and calling upon the Governor and the State Legislature to fully and fairly provide the means to insure that all New York City school children immediately receive a sound basic education.

By The Speaker (Council Member Miller) and Council Members Jackson, Moskowitz, Addabbo Jr., Avella, Barron, Boyland, Brewer, Clarke, Comrie Jr., Fidler, Foster, Gerson, James, Liu, Martinez, McMahon, Nelson, Quinn, Recchia Jr., Rivera, Sanders Jr., Sears, Vann, Weprin, Gennaro and Gonzalez.

Whereas, Article XI, §1 of the Constitution of the State of New York states that "The Legislature shall provide for the maintenance and support of a system of free common schools, wherein all the children of this state may be educated," and this provision, known as the Education Article, requires the State of New York to provide a "sound basic education" to all children; and

Whereas, The City of New York educates approximately 1.1 million school children each year without adequate resources, facilities or funding; and

Whereas, Council Member Robert Jackson helped found the Campaign for Fiscal Equity ("CFE"), a non-profit, private organization dedicated to improving the quality of education for the children of the City of New York; and

Whereas, In May 1993, Council Member Jackson, while president of Community School Board 6, brought suit against the State of New York on behalf of the children of Community School District 6 and all the children of the City of New York, seeking a ruling that the State's financing formula for providing education aid to the City violated the New York State Constitution; and

Whereas, CFE became the lead plaintiff in the lawsuit brought by Council Member Jackson, which became known as the "Campaign for Fiscal Equity" lawsuit, and which CFE, represented by the law firm of Simpson, Thatcher & Bartlett, has litigated for more than a decade; and

Whereas, CFE prevailed in the State Supreme Court, which held on January 9, 2001, that the education afforded to the children of New York City was so inadequate that it fell far below Constitutional requirements and that the State of New York had consistently and over many years violated the Education Article of the State Constitution; and

Whereas, On June 26, 2003, the Court of Appeals ruled in favor of CFE, after two appeals by Governor Pataki, holding that, among other things, the State aid formula violated the Education Article of the New York State Constitution and that the State must find a constitutionally acceptable method by the end of July 2004, to finance the education of the children of the City of New York; and

Whereas, The State failed to comply with the order of the Court of Appeals and, therefore, on August 3, 2004, the New York Supreme Court appointed three judicial referees to hear and report to Justice Leland DeGrasse, who was hearing the Campaign for Fiscal Equity lawsuit, recommendations concerning how the Court could best craft a remedy to fulfill the directives of the Court of Appeals; and

Whereas, On November 30, 2004, the judicial referees submitted their Report and Recommendations to the Court after hearing and receiving testimony from many sources; and

Whereas, The recommendations include, among other things, that the City of New York receive an additional $5.63 billion each year (phased in over four years) in operating funds, and an additional $9.179 billion over five years for capital needs; and

Whereas, The Report and Recommendations is yet another important and substantial victory in the fight for adequate resources for New York City's school children; and

Whereas, This victory could not have occurred without the tireless work of CFE, including its directors and staff, and of the countless individuals and organizations, ranging from community activists to attorneys and other professionals, who have donated significant amounts of their time and money to champion the cause of public education in New York City; and

Whereas, CFE, the volunteers who support the CFE and the law firm of Simpson, Thatcher & Bartlett are congratulated and profoundly thanked from the people of the City of New York for their ceaseless advocacy for the children of our City; now, therefore, be it

Resolved, That the Council of the City of New York commends the Campaign for Fiscal Equity, the law firm of Simpson, Thatcher & Bartlett and all those who have worked with them for their continuing advocacy for the children of the City of New York; and, be it further

Resolved, that the Council of the City of New York calls upon the Governor and the State Legislature to fully and fairly provide the means to insure that all New York City school children immediately receive a sound basic education.

Referred to the Committee on Education.

Res. No. 703

Resolution calling upon the U.S. Congress and President Bush to immediately adopt all the recommendations of the 9/11 Commission that affect the allocation of homeland security funding to New York City and address problems with the city's emergency command and communication protocol.

By the Speaker (Council Member Miller) and Council Members Avella, Boyland, Brewer, Clarke, Comrie Jr., Fidler, Foster, Gerson, Jackson, James, Liu, Martinez, Nelson, Quinn, Recchia Jr., Rivera, Sanders Jr., Seabrook, Sears, Vann and Weprin.

Whereas, On November 27, 2002, President Bush signed the Intelligence Authorization Act, which included a provision to create the National Commission on Terrorist Attacks Upon the United States (9/11 Commission), an independent, bipartisan commission, which was charged with investigating the attacks of September 11, 2001; and

Whereas, After 18 months of thorough investigation, a final 9/11 Commission Report was issued on July 22, 2004, providing a full and complete account of the circumstances surrounding the attacks, including preparedness for and the immediate response to the attacks as well as recommendations designed to guard against future attacks; and

Whereas, The Commission's recommendations included an overhaul of the nation's intelligence infrastructure and a restructuring of defense and immigration policy; and

Whereas, Equally important, however, were Commission recommendations regarding the allocation of homeland security funding and the capability of local first responders to act in case of an emergency; and

Whereas, With regard to homeland security funding, the Commission made it clear that such assistance must be based strictly on an assessment of risks and vulnerabilities, and that New York City is at the top of such a list; the Commission also stated that federal homeland security assistance "should not remain a program for general revenue sharing" and that "Congress should not use this money as a pork barrel," which is currently the case; and

Whereas, The Commission also recommended that a panel of security experts be convened to develop written benchmarks for evaluating community needs for homeland security dollars, and that states abide by these requirements when federal funds are disbursed; as the Commission indicated, "those who would allocate money on a different basis should then defend their view of the national interest"; and

Whereas, With regard to emergency command and coordination, the Commission urged that all emergency response agencies nationwide adopt the Incident Command System (ICS) and that the Department of Homeland Security should make homeland security funding contingent on aggressive and realistic training in accordance with ICS and unified command procedures; and

Whereas, Although the Department of Homeland Security has made certain funding contingent on adoption of ICS, no criteria are in place for making the funds contingent on aggressive and realistic training; and

Whereas, Making such funding contingent on a command and coordination protocol is vitally important as demonstrated here in New York City where, three years after 9/11, a written ICS protocol is not yet final, and such protocol is still being developed in order to comply with these new federal standards; and

Whereas, The Commission also urged Congress to enact legislation that provides for the expedited and increased assignment of radio spectrum for public safety purposes; and

Whereas, Such an increase in radio spectrum for public safety purposes will assist the city as it enhances its communication abilities among first responding agencies; and

Whereas, Both Commission chairmen, Thomas Kean and Lee Hamilton, as well as prominent members of the House and Senate, security experts, and many of the families of the 9/11 victims, have urged swift adoption of the important reforms embodied in the Commission's report; and

Whereas, The work and recommendations of the 9/11 Commission have been hailed as comprehensive and vital to ensuring this nation's security, and partisan politics should not derail the implementation of its important objectives; and

Whereas, Particularly here in New York, which suffered terribly on that fateful day, the recommendations set forth by the Commission will ensure that this nation has in place a viable mechanism to prevent future attacks and to react swiftly if one does occur; now, therefore, be it

Resolved, That the Council of the City of New York calls upon the U.S. Congress and President Bush to immediately adopt all the recommendations of the 9/11 Commission that affect the allocation of homeland security funding to New York City and address problems with the city's emergency command and communication protocol.

Res. No. 704

Resolution calling upon the federal government to only purchase military uniforms made wholly in the United States, and to give New York City its fair share of military uniform purchasing contracts.

By Council Members Addabbo Jr., Avella, Brewer, Clarke, Comrie Jr., Fidler, Foster, Gerson, Jackson, Liu, Martinez, Nelson, Quinn, Recchia Jr., Rivera, Sanders Jr., Seabrook, Vann, Weprin and Gonzalez.

Whereas, The Berry Amendment, enacted in 1941, requires that the U.S. Department of Defense purchase clothing, tents, tarpaulins or covers, cotton and other natural fiber products which are made wholly in the United States; and

Whereas, According to the American Manufacturing Trade Action Coalition (AMTAC), apparel is a $172 billion retail market nationwide, employing approximately 4.64 million people, including approximately 3.6 million in retail sales, 573,000 in apparel production, and 470,000 in textile production; and

Whereas, According to the New York State Department of Labor, the fashion industry generates almost 100,000 jobs in fashion-related manufacturing firms in New York City; and

Whereas, According to the Fiscal Policy Institute, apparel manufacturing accounts for one-third of the manufacturing jobs in the City, and is the largest single source of manufacturing jobs; and

Whereas, The Union of Needletrades, Industrial and Textile Employees (UNITE) has joined designers and garment manufacturers in launching an international marketing campaign, entitled "Proudly Made in New York," to help boost clothing sales and save thousands of apparel industry City jobs; and

Whereas, Many companies, including Brooks Brothers, Bill Blass, Leslie Fay, and Lafayette 148, are displaying the "Proudly Made in New York" hangtags in retail shops worldwide; and

Whereas, According to UNITE, New York City receives less than 1% of the dollars the nation spends on military uniforms, although it accounts for 12% of all U.S. apparel manufacturing employment; and

Whereas, In June 2004, the U.S. Customs and Border Protection, an agency of the Department of Homeland Security, ordered $30 million in uniforms from VF Solutions in Nashville, Tennessee, pursuant to a contract which allowed the company to contract out its work to other facilities in the United States, Mexico, Canada, and the Dominican Republic; and

Whereas, Instead of allowing apparel manufacturing orders for U.S. government uniforms to be filled outside of the country, the federal government should follow the spirit of the Berry Amendment and use only domestic manufacturers; now, therefore, be it

Resolved, That the Council of the City of New York calls upon the federal government to only purchase military uniforms made wholly in the United States, and to give New York City its fair share of military uniform purchasing contracts.

Res. No. 705

Resolution calling upon New York State Governor George Pataki to grant executive clemency to Ms. Sharon Richardson, who, during her 14 years of incarceration, has participated in countless rehabilitating programs, humanitarian activities and educational initiatives, thus proving herself to be deserving of clemency.

By Council Members Barron, Clarke, Comrie Jr., James, Seabrook and Vann.

Whereas, During Ms. Sharon Richardson's 14 years of incarceration at the Bedford Hills Correctional Facility, she has taken every opportunity to rehabilitate herself and has proven herself a model inmate; and

Whereas, She has participated and excelled in programs such as "Choices and Changes", "Family Violence", "Alternatives to Violence", " Non-violent Conflict Resolution", "Anger and You", Parenting Groups, as well as other prison programs; and

Whereas, She has worked in intensive training and counseling in HIV/AIDS and provides orientation about HIV/AIDS to other inmates when they first arrive at Bedford Hills; and

Whereas, She has worked with the disabled, nursed fellow inmates dying of AIDS, cared for babies in the Infant Day Care Center, trained dogs for the blind, worked for many years as assistant to former Superintendent Elaine Lord and currently works full-time at the Chaplain's Office; and

Whereas, She has received her Associates Degree and is in the process of completing her Bachelor's Degree in Sociology; and

Whereas, Although behind bars, Ms. Richardson has tried to be the best mother possible, maintaining and even strengthening the bonds she had with her family and continuing to take an active role in her children's lives; she was a founding member of "Mothers of Adolescent" group at Bedford Hills; and

Whereas, Ms. Richardson was a victim of continuous domestic violence during her relationship with her abusive boyfriend, Jeffrey Bridges, leaving her with physical and emotional scars, and, although Ms. Richardson did not know it at the time, her nine-year old daughter was also sexually molested by her abuser; and

Whereas, Ms. Richardson was sentenced on October 8, 1991, to a term of 20 years to life for murder in the second degree and conspiracy in the first degree, following the killing of Mr. Jeffrey Bridges by five other men; and

Whereas, Ms. Richardson faces life in prison even though she has consistently maintained her innocence, and most of the actual killers are free and many have signed affidavits recanting their allegations of her involvement in the May 1990 death of Mr. Bridges; and

Whereas, Not only does Ms. Richardson pose no threat to society but if released will in fact be an asset to our community; and

Whereas, Ms. Richardson has a complete release plan including housing, employment offers, and a supportive family awaiting her return home; and

Whereas, Many political leaders, including U.S. Congresswoman Nita Lowey, New York State Senator Velmanette Montgomery and New York Assemblywoman Amy Paulin have written to the Governor in support of Ms. Richardson being granted clemency; and

Whereas, Leading State lobby groups against domestic violence and sexual assault support Ms. Richardson's clemency application; and

Whereas, Over 560 people in Brooklyn have signed a petition asking the Governor to show mercy to Ms. Richardson; now, therefore, be it

Resolved, That the Council of the City of New York Resolution calls upon New York State Governor George Pataki to grant executive clemency to Ms. Sharon Richardson, who, during her 14 years of incarceration, has participated in countless rehabilitating programs, humanitarian activities and educational initiatives, thus proving herself to be deserving of clemency.

Res. No. 706

Resolution calling upon the New York State Legislature to vest the New York City Department of Health and Mental Hygiene with authority to inspect and enforce regulations governing the operations of slaughterhouses in New York City.

By Council Members Comrie Jr., Avella, Brewer, Fidler, Gerson, Liu, Martinez, Monserrate, Nelson, Sanders Jr., Seabrook, Sears and Weprin.

Whereas, Slaughterhouses have typically been described as lacking light, ventilation and appropriate waste disposal; and

Whereas, Publications such as New York Newsday and the Queens Tribune report troubling conditions, such as standing water and feces on floors where live birds were being kept, rat droppings in storage areas, and accumulations of feathers and organic matter in water in scalding tanks located in "kill" or "picking" rooms; and

Whereas, In recent years, there have been frequent and recurring complaints about the proximity of slaughterhouses to residential neighborhoods in New York City, as well as the inhumane and unsanitary conditions in these establishments; and

Whereas, Legislation has been introduced in the State Legislature to address the public health problems created by siting slaughterhouses in close proximity to residential neighborhoods, such as S.7707, which would prohibit the New York State Commissioner of Agriculture and Markets from granting a license to any establishment in cities of one million or more that slaughters animals or fowl within a twenty-five hundred foot radius of a residential dwelling; and

Whereas, Supporting materials to such legislation notes that the City has not been able to adequately control the poor air quality or the numerous health threats that have resulted from the proliferation of live poultry markets in residential and retail communities; and

Whereas, Jurisdiction over slaughterhouses is currently spread between a number of federal, state and city agencies, including the New York State Department of Agriculture and Markets and the United States Department of Agriculture; and

Whereas, The Queens Tribune has noted that existing regulations may fail to adequately address the public health and nuisance concerns caused by slaughterhouses, since the New York State Department of Agriculture and Markets has reportedly never closed such an establishment down for repeated failed inspections and unwillingness to correct issues, the standard for closing such businesses; and

Whereas, The New York State Department of Agriculture and Market's licensing regulations currently do not require an applicant seeking a license for a slaughterhouse to show that he or she has obtained a certificate of occupancy issued by the Department of Buildings or that the slaughterhouse is in compliance with zoning laws, thus limiting the ability of the City to regulate the public health and nuisance problems caused by slaughterhouses located near residential areas; and

Whereas, Granting the New York City Department of Health and Mental Hygiene with authority to inspect and enforce regulations governing the operations of slaughterhouses would give the City a more effective tool with which to protect the public health and quality of life of New Yorkers; now, therefore, be it

Resolved, That the Council of the City of New York calls upon the New York State Legislature to vest the New York City Department of Health and Mental Hygiene with authority to inspect and enforce regulations governing the operations of slaughterhouses in New York City.

Resolution in support of Assembly bill A.02835, sponsored by Assemblyman Richard Gottfried, to amend the New York State Urban Development Corporation Act in relation to subjecting various actions the Urban Development Corporation is authorized to take respecting real property to the provisions of Section 197-c of the New York City Charter and calling upon the New York State Legislature to enact this legislation.

By Council Members James, Gerson and Seabrook.

Whereas, The Urban Development Corporation Act was enacted in response to the findings that conditions of unemployment and underemployment existed in the urban areas of this state and that said conditions were obstacles to the viability and economic development of the affected municipalities; and

Whereas, The aforementioned conditions were found to have an adverse impact on the welfare and the quality of life of the persons residing in said municipalities; and

Whereas, The original legislative intent of the Urban Development Corporation Act was to create economic opportunity for public purposes in distressed urban areas, and to further that the Urban Development Corporation was given the authority to use certain powers respecting real property and the acquisition thereof; and

Whereas, In the time since the enactment the Urban Development Corporation has been seen by some to have used it powers to become a major land developer in the City of New York; and

Whereas, The projects deemed to constitute a public purpose have included projects with a significant private benefit; and

Whereas, The process of the Urban Development Corporation has a limited public notice and public review process that could create a situation in which the persons affected receive limited information in a timely fashion; and

Whereas, Section 197-c of the New York City Charter, the Uniform Land Use Review Procedure is a process with extensive public review components;

Whereas, There are other state authorities that are subject to the aforementioned provisions of the New York City Charter;

Whereas, Increased public review and a more open process would inure to the benefit of the citizens of the City of New York; now therefore be it

Resolved, That the Council of the City of New York supports Assembly bill A.02835, sponsored by Assemblyman Richard Gottfried, to amend the New York State Urban Development Corporation Act in relation to subjecting various actions the Urban Development Corporation is authorized to take respecting real property to the provisions of Section 197-c of the New York City Charter and calling upon the New York State Legislature to enact this legislation.

Int. No. 509

By Council Members Lopez, Addabbo Jr., Barron, Clarke, Comrie Jr., Gallagher, Gonzalez, Oddo, Palma, Recchia Jr., Reyna, Seabrook, Stewart, Gentile, Liu, Martinez and Weprin.

A Local Law to amend the administrative code of the city of New York, in relation to requiring callers to the 311 system to identify themselves by name and address if the nature of their complaint requires the dispatch of the Police Department, Fire Department or EMS, and making it a crime if such call is a false report.

Be it enacted by the Council as follows:

Section One. Declaration of Legislative Findings and Intent.

The 311 Citizen Service Center was developed with the goal of making City government more accessible and efficient in serving its constituents. The 311 system enables residents to request and receive information regarding various City agencies and services simply by dialing one number, 311. Often, when a caller requests information or registers a complaint within the purview of a particular city agency or department, the caller is transferred to a person within that agency. For example, when a caller registers a noise complaint, the call is routed to a police officer located in the precinct of the complaint.

As a result of the city's recently enacted indoor smoking ban, patrons of many bars and nightclubs have taken to congregating in the streets. Often, the constant noise created by these patrons has led to tension between the residents of the community and the owners of the bar or nightclub. Apparently, some residents have taken to calling 311 to report incidents that require the dispatch of first responders, such as the Police Department, Fire Department or Emergency Medical Service, but upon arrival, the report is determined to be false.

In order to prevent the dispatch of first responders to a location based on a false report, the Council finds it necessary to require that callers who report such an incident through 311 identify themselves by name and address. Further, if upon arrival of the first responder, the report is deemed to be false, then the person making such false report shall be criminally liable for such actions.

§2. Chapter one of title 10 of the administrative code of the city of New York is amended to add a new section 10-163, to read as follows:

§10-163. Falsely Reporting an Incident to the 311 Citizen Service Center Hotline.

a. Upon making a call to the 311 Citizen Service Center Hotline that requires the dispatch of the Fire Department, Police Department or Emergency Medical Service, a person shall be required to provide their name and address, or any other information deemed appropriate so that the person making the call can be properly identified.

b. A person is guilty of falsely reporting an incident when:

1. Knowing the information reported or conveyed to the 311 Citizen Service Center Hotline is false or baseless, he or she gratuitously reports to the 311 Citizen Service Hotline (i) the alleged occurrence of an offense or incident which did not in fact occur; or (ii) an allegedly impending occurrence of an offense or incident which in fact is not about to occur; or (iii) false information relating to an actual offense or incident or to the alleged implication of some person therein, or (iv) the alleged occurrence or impending occurrence of a catastrophe or emergency which did not in fact occur or does not in fact exist; and

2. The Police Department, Fire Department or Emergency Medical Service has been dispatched to a location based on the report.

c. A violation of subdivision b of this section is a misdemeanor punishable by up to one year in prison and/or a one thousand dollar fine.

§3. This local law shall become effective immediately upon its enactment.

A Local Law to amend the administrative code of the city of New York, in relation to the responsibility of an owner, lessee, tenant or person in charge of a vacant lot to maintain such lot and adjacent areas.

Be it enacted by the Council as follows:

Section 1. Subdivision 2 of section 16-118 of the administrative code of the city of New York is amended to read as follows:

2. *(a)* Every owner, lessee, tenant, occupant or person in charge of any building or premises shall keep and cause to be kept the sidewalk, flagging and curbstone abutting said building or premises free from obstruction and nuisances of every kind, and shall keep said sidewalks, *flagging, curbstones, and* air shafts, areaways, backyards, courts and alleys free from garbage, refuse, rubbish, litter, *debris* and other offensive material. Such persons shall also remove garbage, refuse, *rubbish,* litter, debris and other offensive material between the curbstone abutting the building or premises and the roadway area extending one and one-half feet from the curbstone into the street on which the building or premises front. Such persons shall not, however, be responsible for cleaning the garbage, refuse, rubbish, litter, *debris* and other offensive material which accumulates at catch basins located within the one and one-half foot distance from the curbstone into the street.

(b) Every owner, lessee, tenant or person in charge of any vacant lot shall keep and cause to be kept the sidewalk, flagging and curbstone abutting said vacant lot free from obstruction and nuisances of every kind, and shall keep said sidewalks, flagging and curbstones free from garbage, refuse, rubbish, litter, debris and other offensive material. Every owner, lessee, tenant or person in charge of any vacant lot shall keep and cause to be kept said vacant lot free from garbage, refuse, rubbish, litter, debris and other offensive material. Such persons shall also remove garbage, refuse, rubbish, litter, debris and other offensive material between the curbstone abutting the vacant lot and the roadway area extending one and one-half feet from the curbstone into the street on which the vacant lot fronts. Such persons shall not, however, be responsible for cleaning the garbage, refuse, rubbish, litter, debris and other offensive material which accumulates at catch basins located within the one and one-half foot distance from the curbstone into the street.

§ 2. This local law shall take effect immediately.

A Local Law to amend the administrative code of the city of New York, in relation to providing signage requiring lower speeds and other pedestrian-friendly actions when operators of any form of transportation are within one block of a naturally occurring retirement community or one block of a senior citizens center.

Be it enacted by the Council as follows:

Section 1. Subchapter 3 of chapter 1 of title 19 of the administrative code of the city of New York is amended by adding new section 19-180 to read as follows:

§19-180 Signage near naturally occurring retirement communities and senior citizens centers. a. Notwithstanding any other provision of law to the contrary, the department shall install and maintain one or more signs within a distance of one block from a naturally occurring retirement community or a senior citizens center in all directions warning motorists and operators of any other type of vehicle of a high number of senior citizens in the immediate area;

b. Each such sign shall be of sufficient size with lettering of sufficient size as to be easily read by motorists and operators of any other type of vehicle and shall include wording requiring such motorist and operators to lower the rate of speed and recommending other pedestrian-friendly actions to ensure the protection of senior citizens.

c. "Naturally occurring retirement community" shall mean an apartment building, housing complex, or housing development (i) not originally built for senior citizens; (ii) not restricted in admissions solely to the elderly; and (iii) with an occupant who is a senior citizen in at least fifty percent of the units or with at least two thousand five hundred residents who are senior citizens.

d. "Senior citizens center" shall mean a multi-purpose community facility with regular operating hours and staff that provide a variety of health, social , nutritional, and educational services and recreational activities for senior citizens.

e. "Vehicle" shall mean any device in, upon, or by which any person or property is or may be transported or drawn upon a street, road, or highway, including devices moved by human power or used exclusively upon stationary rails or tracks.

§2. This local law shall take effect immediately after its enactment into law.

A Local Law to amend the administrative code of the City of New York, in relation to auditing and implementing diversity and eradicating discrimination in all City operations.

Be it enacted by the Council as follows:

Section 1. Title 7 of the administrative code of the city of New York is hereby amended by adding a new chapter 8 to read as follows:

CHAPTER 8
DIVERSITY AND GOVERNMENT OPERATIONS AUDIT LAW

Section 7-801. *Short Title.*
Section 7-802. *Definitions.*
Section 7-803. *Annual Reporting.*
Section 7-804. *Data Collection.*
Section 7-805. *Positive Rights Education.*
Section 7-806. *Local Positive Rights Analysis and Action Plan.*
Section 7-807. *Diversity Initiative and Discrimination Eradication Task Force.*
Section 7-808. *Positive Rights Advisory Committee.*
Section 7-809. *Application.*

Section 7-801. Short Title. This chapter shall be known as the "New York City Diversity GOAL."

Section 7-802. Definitions.

1. "Discrimination" shall include the intentional or unintentional distinction, exclusion, restriction, or preference of a group, based on race, color, creed, age, national origin, alienage or citizenship status, gender, sexual orientation, disability, marital status, status as a victim of domestic violence or status as a victim of sex offenses or stalking, whether children are, may be or would be residing with a person, or conviction or arrest record, or a combination of any or all of the foregoing, that has the effect or purpose of impairing or nullifying the recognition, enjoyment, or exercise of human rights and fundamental freedoms on an equal basis with others in the context of the full range of political, economic, social, cultural, and civic activities. Discrimination shall also include all acts of discrimination as defined by existing city, state and federal law.

2. "City Entity" refers to all City agencies and programs, the expenses of which are paid in whole or in part from the city treasury, including any private entities to which this chapter applies as specified in §7-810.

3. "Task Force" shall mean the Diversity Initiative and Discrimination Eradication Task Force set forth in §7-807.

Section 7-803. Annual Reporting. Each City Entity shall report annually, in its section of the mayor's management report or in another form as designated by the Task Force, regarding compliance with the provisions of this chapter and on measures taken to integrate the positive rights-based approach into all operations, including policy, program and budgetary decision-making.

Section 7-804. Data Collection. The City shall periodically, and otherwise at the request of the Task Force, review and update its data collection policies and procedures to facilitate analysis of the effects of its policies, programs and procedures on different segments of the population as provided in this chapter. Data collection and reporting shall be undertaken in a manner that disaggregates data by race and gender and other demographic characteristics as regards budget allocations, service delivery, and employment practices.

Section 7-805. Positive Rights Education.

1. Education of All City Staff. The City shall train and educate the staff of City Entities regarding the positive rights-based approach to ensuring equality and addressing discrimination, and shall integrate such training and education into ongoing training and education activities.

2. Education of the Public. The City shall educate the public regarding the provisions of this chapter and shall promote the understanding of positive rights as provided in this chapter.

Section 7-806. Local Positive Rights Analyses and Action Plans. City entities shall (i) undertake every five years, or as determined by the Task Force, a Local Positive Rights Analysis of policies, programs, employment, and services based on an assessment of appropriate quantitative and qualitative data, and (ii) produce a Local Positive Rights Action Plan, which shall include procedures for monitoring implementation and enforcement of provisions of this chapter. Such Local Positive Rights Analysis shall be included in such year's mayor's management report and such Local Positive Rights Action Plan shall be included in such year's citywide statement of needs.

1. The Task Force shall designate the City Entities that are to undertake a Local Positive Rights Analysis and to produce a Local Positive Rights Action Plan, and the Task Force shall monitor these activities.

2. The Local Positive Rights Analysis shall include an assessment of: (i) discrimination in operations, policies and practices, including budget allocations, delivery of direct and indirect services, and employment practices, (ii) current data collection and data reporting practices, as provided in §7-804 herein; (iii) measures taken to promote equality and prevent discrimination; and (iv) procedures and mechanisms for soliciting public input regarding the Local Positive Rights Analysis.

3. With the advice of the Advisory Committee, as defined in §7-808 herein, each City Entity designated by the Task Force shall develop a methodology for undertaking a Local Positive Rights Analysis, conduct the analysis, and generate a Local Positive Rights Action Plan that contains specific recommendations on how to promote equality and prevent discrimination.

4. The entities under review shall seek and incorporate community input into the process of generating a Local Positive Rights Analysis and a Local Positive Rights Action Plan. The Advisory Committee shall assist in determining the most effective means of obtaining community involvement and input.

5. The entities under review shall produce and publish a written report on their Local Positive Rights Analysis and Action Plan.

6. The Local Positive Rights Analysis and Action Plan shall not be admissible as evidence in any lawsuit or legal proceeding against the City, or City Entity, other than in a proceeding instituted pursuant to §7-807.4. Nothing in this section shall be interpreted as affecting the admissibility in any lawsuit or legal proceeding of underlying facts or data reflected in the Local Positive Rights Analysis and Action Plan if those facts and data were collected for any other purposes other than solely for the purpose of complying with the provisions of this section.

7. Each City Entity shall be responsible for implementing its Local Human Rights Action Plan. The Advisory Committee shall, at such City Entity's or the Task Force's request, provide technical assistance to the City Entity in implementing its Action Plan.

8. The City shall incorporate processes for self-analysis and sharing of knowledge concerning the implementation of positive rights into its routine rules and procedures.

9. Each Local Positive Rights Analysis and Local Positive Rights Action Plan shall address, but not be limited to, the following aspects of governance related to the work of the City Entity under review, including affirmative measures taken by the City to eliminate discrimination:

a. Employment. Local Positive Rights Analyses shall assess the degree to which the City discriminates in its provision of full and equal opportunities in employment; including but not limited to hiring, pay and benefits, promotions in rank and title, health and safety protection, collective bargaining, and a work environment that is free of harassment. Human Rights Action Plans shall promote equality and eliminate discrimination in employment.

b. Housing. Local Positive Rights Analyses shall assess the degree to which the City discriminates in its provision of full and equal opportunities to safe, adequate, and affordable housing. Local Positive Rights Action Plans shall promote access to housing and prevent housing discrimination.

c. Health Care. Local Positive Rights Analyses shall assess the degree to which the City discriminates in its provision of equal access to adequate and affordable health care, including services related to family planning and reproductive care. Local Positive Rights Action Plans shall seek to promote, through public education and other means, equal access to quality health care, regardless of ability to pay, and to an environment free of health hazards.

d. Education. Local Positive Rights Analyses shall assess the degree to which the City discriminates in its provision of equal access to a quality education that prepares all public-school students to realize academic potential and to participate productively in the workplace and in civic life. Local Positive Rights Action Plans shall seek to promote equal access to a quality education, including but not limited to equal treatment regarding school funding, scholarship eligibility, disciplinary practices, and curricula content and design.

e. Family and Childcare. Local Positive Rights Analyses shall assess the degree to which the City discriminates in its provision of equal opportunity to education and employment for women with low income and other women, including access to social support services that enable parents to meet family obligations and work responsibilities. Local Positive Rights Action Plans shall promote equal opportunities for women to obtain education, job training, employment, and child-care services.

f. Political and Public Life. Local Positive Rights Analyses shall assess the degree to which the City discriminates in its provision of equal opportunities for women and other persons in protected classes to participate in the electoral process and in the City's governance. Local Positive Rights Action Plans shall promote equal opportunities for women and other persons in protected classes to participate in the electoral process and in the City's governance.

g. Criminal and Juvenile Justice. Local Positive Rights Analyses shall assess the degree to which the City discriminates in its provision of equal protection and treatment in the criminal and juvenile justice systems. Local Positive Rights Action Plans shall promote equal access to competent judicial, administrative, and legislative institutions, and shall seek to prevent discriminatory practices, including racial, ethnic and religious profiling.

h. Security of Persons. Local Positive Rights Analyses shall assess the degree to which the City discriminates in its provision of equal and effective measures to prevent and provide redress for all forms of unlawful violence, including identity-

based violence, whether perpetrated by state actors or private individuals; and to ensure the safety of all persons in the streets, in custody, or in their workplace, community or home. Local Positive Rights Action Plans shall promote equal and effective access to appropriate protective and support services for all victims of unlawful violence, including those who are traditionally marginalized and stigmatized due to their legal or social status.

i. Trafficking in Persons. Local Positive Rights Analyses shall assess the degree to which the City discriminates in its provision of equal and effective protection to victims of all forms of trafficking, including the prosecution of those responsible for trafficking. Local Positive Rights Action Plans shall promote access to training and services that will prevent trafficking in persons and protect the rights, and respond to the needs, of the victims of trafficking.

j. Civil Service Testing. Local Positive Rights Analyses shall assess the degree to which the City discriminates in its provision of full and equal opportunities in civil service testing; including but not limited to hiring and promotional testing, outreach and test preparation, and any and all monitoring once employed in the civil service. Human Rights Action Plans shall promote equality and eliminate discrimination in civil service testing.

Section 7-807. Diversity Initiative and Discrimination Eradication Task Force.

1. Composition. There shall be a Diversity Initiative and Discrimination Eradication Task Force (the "Task Force") consisting of seven members.

a. The Task Force shall have representation from the community and government entities, and shall reflect the diversity of this city in having representation from protected classes and all the five boroughs. Four members of the board shall be appointed by the mayor, provided that at least two such members shall have experience in anti-discrimination laws and human rights issues. The commissioner of the department of citywide administrative services, the chairperson of the human rights commission, and the chairperson of the equal employment practices commission, or such appointee of such commissioner or chair, shall serve ex officio with full decision-making authority.

b. Nominations for membership on the Task Force shall be identified through an open process and candidates shall be selected based on clearly delineated and publicized criteria. Such criteria shall include a conflict-of-interest standard. All appointments must be filled within a six-month period from enactment of this chapter or after any such appointment becoming vacant.

c. The Task Force shall reflect in its composition, the demographics of the population of New York City. In the selection of members of the Task Force, particular consideration shall be given to disproportionately affected and historically underserved groups and subpopulations, and racial, gender, geographical, and cultural diversity. In addition, special consideration will be given to agencies, departments or programs that express a particular interest in the process, as well as persons with knowledge of or expertise in: local issues and conditions; racial and gender justice; human rights or community education; and the implementation of mechanisms to ensure institutional equity.

d. All members of the Task Force shall serve without compensation.

e. The Task Force shall elect from its members an individual to serve as chair of the Task Force.

f. The term of each member of the Task Force shall be two years; provided however, that the initial members shall, by lot, classify their terms so that three of the members shall serve a three-year term. All subsequent appointees will serve a two-year term; provided, however, that any member may be reappointed for no more than three consecutive terms.

g. The Task Force shall convene no later than six months after the enactment date of this chapter and from that date forward meet as often as necessary to carry out its functions, and at least four times a year.

h. Attendance and meeting requirements shall be pursuant to chapter forty-seven of the charter. A quorum of the Task Force shall be a majority of the total number of members pursuant to a properly noticed meeting. An action of the Task Force shall be by majority rule.

2. Functions. The functions of the Task Force shall be:

a. To monitor the City's integration of the provisions of this chapter into all of the City's operations, including policy, program, employment, and budgetary decision-making;

b. To monitor and, where appropriate, to enforce the City's implementation of the terms of this chapter;

c. To monitor the impact of the City's services, programs, policies, employment practices and budgetary allocations to ensure equality and prevent discrimination in accordance with the provisions of this chapter; and

d. To foster public dialogue and community education on the provisions of this chapter, the City's integration of those principles, and the implementation of the terms of this chapter.

3. Powers and Duties. The Task Force shall have the powers and duties necessary to carry out the implementation of the principles of this chapter, including:

a. To review and approve, with the advice of the Advisory Committee, a set of guidelines and procedures for conducting the Local Positive Rights Analysis and implementing the provisions of this chapter. The formulation of the guidelines shall be an open process and shall include input from members of the public pursuant to chapter forty-five of the charter;

b. To set the order and timeline in which City agencies, departments, and programs will undergo a Local Positive Rights Analysis and develop a Local Positive Rights Action Plan;

c. In cooperation with the City Council and the Mayor, to monitor the compliance with the chapter of each selected City Entity, including the development of its Local Positive Rights Analysis and Local Positive Rights Action Plan;

d. To review and approve all reports produced by City agencies, departments, and programs conducting the Local Positive Rights Analysis and to submit a commentary on each written report to the City Council and the Mayor;

e. To solicit and receive written public comments, and to hold public hearings on the reports produced pursuant to subdivision five of section 7-806;

f. To examine the impact of the City's services, programs, policies, employment practices and budgetary allocations to ensure equality and prevent discrimination in accordance with the provisions of this chapter;

g. To hold public hearings and to investigate all matters relating to the performance of its functions and any other matter relating to the proper administration of this chapter and for such purposes shall have the power to require the attendance and examine and take the testimony under oath of such persons as it shall deem necessary and to require the production of books, accounts, papers and other evidence relative to such investigation.

h. To disseminate data and information, and publish written comments or recommendations;

i. To make recommendations regarding the integration of the provisions of this chapter, and the implementation of the terms of this chapter;

j. To implement any system, program and/or policy to facilitate compliance with the terms of this chapter, including the promulgation of rules and regulations and the imposition of any penalties related thereto, as required by local law;

k. Where necessary, to bring lawsuits for declaratory or injunctive relief in court to enforce compliance with the terms of this chapter;

l. With the advice of the Advisory Committee, to train and educate City officials and employees in human rights and the terms of this chapter;

m. To submit a written report annually to the Mayor and the City Council on the progress of the implementation of the terms of this chapter and on its efforts to monitor and enforce the requirements of this chapter;

n. To foster public dialogue and ensure that community education is provided on the provisions of this chapter, the City's integration of those principles, and the implementation of the terms of this chapter;

o. To appoint such employees, agents, or consultants as it deems to be appropriate to carry out its functions, powers and duties; provided, however, that the Task Force shall not delegate its power to approve the guidelines or to select the order in which the City agencies, departments, and programs shall undergo a Local Positive Rights Analysis; and

p. Take such other actions as are necessary and proper to carry out the purposes of this chapter.

4. Enforcement.

a. In the event that a City Entity chosen by the Task Force to undergo a Local Positive Rights Analysis and develop an Action Plan: (a) fails to conduct an analysis or produce a plan; (b) does not comply with a request for information or analyses; or (c) otherwise fails to take steps to implement the terms of this chapter, the Task Force may engage in consultation, issue a report, conduct a public hearing, or engage in any other appropriate action to enforce the provisions of this chapter.

b. The Task Force shall establish an open process for members of the public to request that the Task Force take steps to enforce the terms of this chapter and shall issue advisory opinions where necessary.

Section 7-808. Positive Rights Advisory Committee.

1. Composition.

a. There shall be a Positive Rights Advisory Committee (the "Advisory Committee") consisting of thirteen members. The mayor and the council shall each appoint five members. For both the mayor and the council, one such appointment shall be a community representative with direct experience with a City Entity under review, another shall be a representative of an organization that provides social services to affected communities, another shall be a representative of an organization that provides social services to affected communities, another shall be a representative of a protected class, another shall be a person with knowledge of and experience with anti-discrimination laws and issues and another shall be a person with knowledge of and experience with human rights issues. One member shall be the comptroller or her or his designee, who shall have expertise in data and budget analysis. One member shall be the public advocate or her or his designee, who shall be a representative of community based organizations or advocacy organizations that work on the issue areas of a City Entity under review. The last member, who shall be the chairperson, shall be appointed by the mayor with the advice and consent of the council.

b. The Advisory Committee shall reflect in its composition, the demographics of the population of New York City. In the selection of members of the Advisory Committee, particular consideration shall be given to disproportionately affected and historically underserved groups and subpopulations, and racial, gender, geographical, and cultural diversity. In addition, special consideration will be given to persons with knowledge of, or expertise in, local issues and conditions; racial and gender justice; human rights or community education; the implementation of

mechanisms to ensure institutional equity; and the operations of New York City government.

c. Members shall serve terms of two years, provided the initial members shall, by lot, classify their terms so that three members shall serve a three-year term and another five shall serve a four-year term.

d. The members of the Advisory Committee shall serve without compensation.

e. The Advisory Committee shall meet at least four times a year, or as often as necessary to assist with the integration of the provisions of this chapter, including responding to inquiries from City agencies, lending expertise and advice with respect to the Human Rights Analysis and Action Plans, and carrying out any other duties associated with these tasks.

f. The Advisory Committee shall maintain the confidentiality of materials not required to be disclosed to the public.

2. Functions. The functions of the Advisory Committee shall be:

a. To advise and support the City regarding the integration of the provisions of this chapter into all of its operations, including policy, program, employment, and budgetary decision-making, and implementation of the terms of this chapter;

b. Upon request by a City Entity or the Task Force, to provide both technical and substantive support to selected City Entities in undertaking their Local Positive Rights Analyses and developing and implementing their Local Positive Rights Action Plans; and

c. To report regularly to the Task Force on its progress in completing its functions.

3. Powers and Duties. The Advisory Committee shall have the powers and duties necessary to assist with the integration of the provisions of this chapter, and the implementation of the terms of this chapter, including:

a. To advise on the guidelines and procedures that are developed and approved by the Task Force, for conducting the Local Positive Rights Analysis and integrating the provisions of this chapter;

b. To work with and provide assistance where necessary to each selected City Entity undergoing its Local Positive Rights Analysis and developing its Local Positive Rights Action Plan;

c. To work with the City, at the Task Force's request, to train and educate City officials and employees in positive rights, the provisions of this chapter, and the terms of this chapter;

d. Make recommendations regarding the integration of the provisions of this chapter and the implementation of the terms of this chapter;

e. To assist the City in incorporating meaningful and informed participation by community members in conducting the Local Positive Rights Analysis and developing the Local Positive Rights Action Plan; and

f. To appoint such employees, agents, or consultants as it deems to be appropriate to carry out its functions, powers and duties.

Section 7-809. Application. This legislation shall apply to all City entities including private entities to the extent that they perform City services and/or administer City programs.

§2. Severability. If any provision of this bill or any other provision of this local law, or any amendments thereto, shall be held invalid or ineffective in whole or in part or inapplicable to any person or situation, such holding shall not affect, impair or invalidate any portion of or the remainder of this local law, and all other provisions thereof shall nevertheless be separately and fully effective and the application of any such provision to other persons or situations shall not be affected.

§3. This local law shall become effective six months after the date of enactment.

Referred to the Committee on Governmental Operations.

Int. No. 513

By Council Members Oddo, Lanza, McMahon, Avella, Brewer, Comrie Jr., Fidler, Gentile, Gerson, Jackson, Nelson, Seabrook, Sears and Stewart.

A Local Law to amend the administrative code of the city of New York, in relation to the regulation and licensing of residential contractors.

Be it enacted by the Council as follows:

Section 1. Section 26-137 of the administrative code of the city of New York, as amended by local law number 51 for the year 2001, is amended to read as follows:

Term of license; renewal. All licenses, except for plumbing licenses [and], fire suppression piping contractor licenses *and residential contractor licenses,* issued by the commissioner under the provisions of this subchapter shall expire one year from the date of issuance thereof, and may be renewed annually, provided that application for renewal of the license is made thirty calendar days prior to the expiration date of the license. A plumbing license [and], *a* fire suppression piping contractor license *and a residential contractor license* shall expire two years from the date of issuance thereof, and may be renewed every two years thereafter, provided that application for renewal of the license is made between thirty and sixty calendar days prior to its expiration date. All applications for renewal of a license shall be accompanied by the required renewal fee. If application for renewal is not made as provided above, the commissioner may, nevertheless, renew the license provided the applicant pays an additional fee [of five dollars] *in an amount specified by rule of the department,* except as otherwise provided in this subchapter, and provided further that the applicant satisfies the commissioner as to his or her qualifications.

§2. Subdivision (g) of section 26-248 of the administrative code of the city of New York is amended by adding a new paragraph 6 to read as follows:

6. Working without a license or certificate in violation of subchapter two of this chapter.

§3. Subchapter 2 of chapter 1 of title 26 of the administrative code of the city of New York is amended by adding a new article 10 to read as follows:

Article 10

Residential Contractor License and Certificate

§26-204.1 Definitions.
§26-204.2 Requirement of license.
§26-204.3 Use of license.
§26-204.4 Certificate holder.
§26-204.5 License applications.
§26-204.6 Certificate applications.
§26-204.7 Certificate qualifications.
§26-204.8 License fees.
§26-204.9 Certificate fees.
§26-204.10 Certificate renewal.
§26.204.11. Waiver of examinations.

§26-204.1 Definitions. For the purposes of this article, the following terms have the following meaning:

a. "Residential contractor" means any individual, corporation, partnership or other business entity that, following approval of the application and plans, applies for a permit for construction of any structure containing no more than three residences or dwelling units for the performance of the work or any part thereof. The term "residential contractor" shall not include:

(i) an individual, corporation, partnership or other business entity that has been issued a license pursuant to another provision of this subchapter, or pursuant to subchapter 22 of chapter 2 of title 20 of this code, and applies for a permit to perform work exclusively within the scope of the license; or

(ii) a natural person who applies for a permit for construction where the construction is exclusively of that person's primary residence.

b. "Construction" means all building erection, alteration, excavation, foundation work, earthwork, demolition or removal work; provided, however, that this term shall not include minor alterations and ordinary repairs, as defined in article five of subchapter one of title twenty-seven of this code, or work performed by an individual, corporation, partnership or other business entity that has been issued a license pursuant to another provision of this subchapter, or pursuant to subchapter 22 of chapter 2 of title 20 of this code, when the work is exclusively within the scope of the license.

§26-204.2 Requirement of license. It shall be unlawful to conduct business as a residential contractor unless:

a. The individual, corporation, partnership or other business entity has applied for and received a residential contractor license in accordance with the provisions of this article; and

b. For purposes of construction safety, on-site code compliance, and compliance with plans, the construction work is performed by or under the control of an individual certified pursuant to section 26-204.4 of this code who is a principal of or directly employed by a corporation, partnership or other business entity that holds a residential contractor license.

§26-204.3 Use of license. It shall be unlawful to use or cause to be used the title "licensed residential contractor" or any other title in a manner as to convey the impression that an individual, corporation, partnership or other business entity, or any person it employs, is a licensed residential contractor, unless the individual, corporation, partnership or other business entity is licensed in accordance with the provisions of this article.

§26-204.4 Certificate holder. The holder of a certificate issued pursuant to this section shall have control over construction safety, on-site code compliance, and compliance with plans concerning all construction work in accordance with the rules of the department.

§26-204.5 License applications. All applications for a residential contractor license shall comply with and be subject to the provisions of section 26-132 of this subchapter; and all applicants shall comply with and be subject to the provisions of sections 26-137 through 26-140 of this subchapter.

§26-204.6 Certificate applications. All applicants for a certificate issued pursuant to the provisions of this article shall be subject to the provisions of section 26-132 of this subchapter; and all applicants shall comply with and be subject to the provisions of sections 26-136 and 26-138 through 26-140 of this subchapter.

§26-204.7 Certificate qualifications. All applicants for a certificate issued pursuant to the provisions of this article shall meet the general requirements set forth in section 26-134 of this subchapter and shall be at least eighteen years of age, shall be of good moral character, and shall meet the qualifications prescribed for license as hereinafter provided. However, where previous to the effective date of this local law, an individual has been performing construction work as defined in this article, he or she may obtain a certificate without complying with the foregoing, if application is made to the department within six months from the effective date that added the provisions of this article and at that time all necessary evidence is

provided. However, all certificate holders must comply with the certificate qualifications set forth in this section within one year from the effective date that added the provisions of this article.

§26-204.8 License fees. The fee for a residential contractor license shall be one hundred dollars; and the biennial renewal fee shall be fifty dollars.

§26-204.9 Certificate fees. The fee for a certificate issued under the provisions of this article shall be one hundred dollars; and the biennial renewal fee shall be fifty dollars.

§26-204.10 Certificate renewal. A certificate issued by the commissioner under the provisions of this article shall expire two years from the date of issuance thereof. The certificate shall remain the property of the city of New York. If application for renewal is not made between thirty and sixty calendar days prior to the expiration date of the certificate, the applicant shall be required to pay an additional fee in an amount specified by rule of the department.

§26.204.11. Waiver of examinations. In accordance with the rules of the department, any individual who, on or after the date of this section, has met the requirements of a registered architect or a professional engineer shall not be required to take the examination for a certificate as otherwise required by this article. All other provisions of this article shall apply to individuals covered by this section.

§4. This local law shall take effect one hundred and eighty days after its enactment.

Referred to the Committee on Housing and Buildings.

CHARTER REVISION COMMISSION

■ PUBLIC MEETING

The 2005 Charter Revision Commission will hold a public meeting on January 19, 2005. The topic of this meeting will be administrative law reform. The Commission will hear expert testimony from Carol Robles-Roman, Deputy Mayor for Legal Affairs. Although administrative law reform will be the main subject of this public meeting, Commission business will not necessarily be limited to that topic. The Commission may also consider other topics related to its review of the City Charter. As this is a public meeting and not a public hearing, the public will have the opportunity to observe, but not to testify.
Time: 7:00 P.M.
Location: Spector Hall, 22 Reade Street, 1st Floor. Located between Broadway and Centre Street in Lower Manhattan.

Individuals requesting spoken or sign language interpreters for any of these public meetings should contact Commission staff member Brian Geller at (212) 788-2952 five (5) business days prior to the Public Meeting. TDD users should call Verizon Relay Services.

To contact the Commission by telephone, please call (212) 676-2060.
To contact the Commission by mail, please write to:

Within any parcel, and between any adjacent parcels which are under single fee ownership and with respect to which each party having any interest therein is a party in interest (as defined in (e) of the definition of a #zoning lot# in Section 12-10), identified in Waterfront Access Plan BK-1; the total #floor area# and #lot coverage# permitted pursuant to Section 62-32 and the residential density permitted pursuant to Section 23-22 may be located anywhere within such parcel or between such parcels without regard to #zoning lot lines# or district boundaries provided that such location of #floor area#, #lot coverage# or residential density complies with Section 62-31 and Section 62-34 as modified by Section 62-352.

62-352
Special Height and Setback Regulations

The provisions of Section 62-341 are modified as follows:

(a) Paragraph (c)(1) (Maximum base height) shall be modified in R6 Districts to permit a maximum base height of 65 feet or six #stories#, whichever is less.

(b) Paragraph (c)(2) (Maximum #building# height) shall not apply. In lieu thereof, the maximum #building# height in an R6 District shall be 65 feet or six #stories#, whichever is less, within 100 feet of Commercial Street, West Street, Dupont Street, Franklin Street and Kent Avenue. Beyond 100 feet of such streets and any other portions of an R6 District, the maximum #building# height in shall be 110 feet. In R8 Districts, the maximum #building# height shall be 210 feet, except that for #zoning lots developed# with multiple #buildings# or portions of #buildings# that exceed a height of 200 feet, not more than half of such #buildings# or portions of #buildings# may exceed a height of 210 feet to a maximum #building# height of 310 feet. Such maximum #building# heights of 110 feet, 210 feet and 310 feet may be exceeded by a penthouse portion of a #building#, provided any #story# of a #building# within such penthouse portion does not exceed 85 percent of the gross area of the highest #story# of the same #building# entirely below a height of 110 feet, 210 feet or 310 feet, as applicable, and the maximum height of such penthouse portion does not exceed 40 feet.

(c) Paragraphs (c)(3) (#Floor area# distribution) and (c)(5) (Additional setback provisions for high #buildings#) shall not apply.

(d) Paragraph (c)(4) (Maximum #residential# tower size) shall not apply. In lieu thereof, each #residential story# of a #building# located entirely above a height of 85 feet shall not exceed a gross area of 8,100 square feet in an R6 District and 11,000 square feet in an R8 District.

(e) Paragraph (c)(6) shall not apply. In lieu thereof, the maximum length of any #story# of a #building# that exceeds a height of 65 feet in an R6 District or 85 feet in an R8 District shall not exceed 170 feet. Such length shall be measured by inscribing within a rectangle the outermost walls at the level of each #story# entirely above such heights. Any side of such rectangle shall not exceed 170 feet.

(f) Paragraph (c)(7) (Ground floor streetscape provisions) shall not apply. In lieu thereof, all off-street parking spaces located within 50 feet of a #street#, a #visual corridor# containing a private road, and a #shore public walkway#, #upland connection# or #supplemental public access area# and which are located on a #story# that is above the #base plane# shall be within facilities that are located behind #commercial#, #community facility# or #residential floor area# so that no portion of such parking facility, other than entrances and exits, is visible from such #streets#, #visual corridors# or publicly accessible open spaces. Such #floor area# shall have a minimum depth of 25 feet. Seventy percent of the surface area of the facade of a facility containing parking spaces which are not otherwise required to be behind such #floor area# shall be composed of the same materials as the facade of the #building# in which it is located.

(g) Any roof of a facility containing off-street parking spaces, not otherwise covered by a #building#, which is larger than 400 square feet shall be landscaped and accessible for the recreational use of the occupants of the building in which it is located. Hard surfaced areas shall not cover more than 60 percent of such roof area.

(h) The #streetwall# of a #building# on any #zoning lot# fronting on Commercial Street, West Street and Kent Avenue shall be located within eight feet of, and extend along 70 percent of such #street line# to a minimum height of 40 feet.

(i) All #developments#, conversions, and #enlargements# or #extensions# which increase the existing #floor area# by more than 10 percent, shall provide along the entire #street# length of the #zoning lot#, one tree for every 25 feet of # street# frontage. Such trees shall be of at least three-inch caliper at the time of planting and be placed at approximately equal intervals except where the Commissioner of Buildings determines that such tree planting would be unfeasible. Such trees shall be planted in accordance with the standards of the Department of Parks and Recreation.

62-57
Special Parking and Loading Regulations for Waterfront Access Plan BK-1

Within Waterfront Access Plan BK-1 the Special Parking and Loading Regulations of this section are further modified as follows:

(y) The provisions of Section 62-511 and Section 62-521 shall not be applicable.

(z) #Accessory# off-street parking spaces for #uses# permitted pursuant to Section 62- 29 shall be provided in conformity with the regulations of Sections 36-21, 36-22 and 36-232 for C2-4 districts.

(aa) Any required #accessory# off-street parking spaces provided for #uses# located on a parcel identified in Waterfront Access Plan BK-1 may be located anywhere within such parcel.

62-711
Waterfront public access and visual corridors

* * *

5. for the #development# of a park, a site plan and all other applicable data have been submitted showing compliance with the provisions of Section 62-416 (Special regulations for zoning lots that include parks).

A certification pursuant to paragraph (c) of this section, for any parcel identified in Waterfront Access Plan BK-1, may provide for the phased implementation of all required public access areas provided that an amount of public access area proportionate to the amount of #floor area# being developed on the parcel is provided in each phase. Additionally, for any #development# located within 200 feet of a #shore public walkway#, the initial phase and each subsequent phase, shall also provide a minimum of 200 linear feet of #shore public walkway# and any adjacent supplemental area, one #upland connection# through or adjacent to the entire parcel to such required portion of the #shore public walkway# and, shall have at least one other connection from such required portion of the #shore public walkway# to an adjacent #shore public walkway#, a #street# or another #upland connection#. For any #development# located entirely beyond 200 feet of a #shore public walkway#, the initial phase and each subsequent phase, shall also provide a minimum of 100 linear feet of #shore public walkway#, and one #upland connection# through or adjacent to the entire parcel to such required portion of the #shore public walkway#.

A certificate pursuant to paragraphs (b) or (c) of this Section shall be granted on condition that an acceptable restrictive declaration is executed and filed pursuant to Section 62-14 (Requirements for Recordation).

62-812
Elements of a Waterfront Access Plan

A Waterfront Access Plan may:

1) on #zoning lots# where public access or #visual corridors# are required pursuant to the provisions of Sections 62-40 and 62-60, modify the size, configuration, location or design of required waterfront public access areas or #visual corridors# within certain designated areas in order to address local conditions, provided such plan does not impose a public access or #visual corridor# requirement on any #zoning lot# greater than would otherwise be required pursuant to the provisions of Sections 62-40 or 62-60. For the purpose of determining the amount of public access, the highest standard applicable to a zoning lot may be applied regardless of any specific #use# permitted or proposed for such #zoning lot#. Within Waterfront Access Plan BK-1, the public access and #visual corridor# requirements for any parcel located within the Waterfront Access Plan may be determined by aggregating the public access and #visual corridor# requirements of each zoning lot within the parcel and such aggregated requirements may be modified within such parcel without regard to #zoning lot lines#;

Borough of Brooklyn

The following Waterfront Access Plans are hereby established within the Borough of Brooklyn. All applicable provisions of Article VI, Chapter 2, remain in effect within the areas delineated by such plans, except as expressly set forth otherwise in the plans:

BK-1: Greenpoint/ Williamsburg, as set forth in Section 62-831.

62-831

Waterfront Access Plan BK-1:
Greenpoint-Williamsburg
Maps BK-1a through BK-1c in paragraph (g) of this Section show the boundaries of the area comprising the Greenpoint-Williamsburg Waterfront Access Plan and the location of certain features mandated or permitted by the Plan. The plan area has been divided into parcels consisting of tax blocks and lots and other lands as established on (date of adoption), as follows:

(3) The provisions of Section 62-623 (Supplemental public access areas) shall be inapplicable. In lieu thereof, the following provisions shall apply:

A required #supplemental public access area# shall be directly connected to either a #pier# public access area, an #upland connection# or a #shore public walkway# on either its landward or seaward side and its pedestrian circulation zone shall be contiguous with the adjacent pedestrian circulation zone.

2) A buffer zone shall only be required where a #supplemental public access area# adjoins a non-publicly accessible portion of a #zoning lot#, in which case its minimum width shall be 15 feet.

(4) #Street# Treatment

All #streets# adjacent to a #shore public walkway# or #supplemental public access area# shall be improved as a continuation of such #shore public walkway# or #supplemental public access area#, pursuant to the design requirements of paragraph (b) of this Section, inclusive.

(b) Specific design requirements for shore public walkway prototypes

The provisions of Section 62-63 (Specific Design Requirements for Public Access Prototypes) shall be inapplicable. In lieu thereof the following provisions for #shore public walkways# shall apply:

(1) Greenpoint-Williamsburg Shore Public Walkway-Prototype I

1. One circulation path with a minimum clear width of 12 feet is required.

The path must be within ten feet of the seaward edge of the #shore public walkway#, except when rip rap, beach or other shoreline materials are provided in a publicly accessible area seaward of the path.

(ii) A minimum of one linear foot of seating shall be provided for every 100 square feet of #shore public walkway#. At least 60 percent of the required seating shall be landward of the required circulation path.

(iii) A minimum of 50 percent of the pedestrian circulation zone, excluding the required circulation path, shall be planting area. Rip rap, beach or other shoreline materials may be counted as an equivalent to planting area.

(iv) One shade tree is required for every 1,200 square feet of #shore public walkway# and one small or ornamental tree shall be required for every 750 square feet of #shore public walkway#. Trees may be located either in the pedestrian circulation zone landward of the required circulation path or in the buffer zone. Fifty percent of required shade trees

shall be located within 10 feet of the required clear path.

(2) Greenpoint-Williamsburg Shore Public Walkway-Prototype II

1) The provisions of 62-621 (Shore public walkways) shall apply except that a #shore public walkway# shall have a minimum 30 foot pedestrian circulation zone and a minimum 15 foot buffer zone.

2) One circulation path with a minimum clear width of 12 feet is required. The path must be within ten feet of the seaward edge of the #shore public walkway#, except when rip rap, beach or other shoreline materials are provided in a publicly accessible area seaward of the path, in which case, the path shall be located within 20 feet of the shoreline. A secondary circulation path may be provided, with a minimum width of 10 feet. Connecting paths having a minimum width of ten feet shall be provided between the two circulation paths at intervals not to exceed 100 feet.

3) A minimum of one linear foot of seating shall be provided for every 70 square feet of #shore public walkway#.

4) A minimum of 70 percent of the pedestrian circulation zone, excluding the required circulation path and transition zones, shall be planting area. A minimum of 50 percent of this planting area must be improved as lawn according to the provisions of Section 62-675 (Planting and trees).

(v) One shade tree is required for every 1,900 square feet of #shore public walkway# and shall be located in the pedestrian circulation zone. In addition, one shade, small or ornamental tree shall be required for every 850 square feet of #shore public walkway# and may be located either in the pedestrian circulation zone or in the buffer zone. Fifty percent of required shade trees shall be located within 10 feet of the required clear path.

(3) Greenpoint-Williamsburg Supplemental Public Access - Waterfront Plaza

(i) The entire #supplemental public access area# shall be a pedestrian circulation zone, except for any buffer zone required by paragraph (a)(3)(ii) of this Section.

(ii) There shall be at least one circulation path throughout the #supplemental public access area#. Such path shall provide access to the primary entrance of any building or #use# that is within or adjacent to the #supplemental public access area#.

The required circulation path shall have a minimum clear width of ten feet and any other circulation path shall have a minimum clear width of six feet.

Within a transition zone, the minimum aggregate width of clear path along any side of the #supplemental public access area# shall be equal to 50 percent of the length of the intersection between the two public access areas, and any single path providing access between waterfront public access areas shall have a minimum width of 10 feet.

(iii) A minimum of one linear foot of seating shall be provided for every 40 square feet of pedestrian circulation zone. Fifty percent of required seating shall be under shade throughout the day.

(iv) A minimum of 25 percent of the pedestrian circulation zone shall be planting area.

(v) Four trees shall be required for the first 2,500 square feet of #supplemental public access area#, at least two of which shall be shade trees. For each additional 750 square feet, one additional shade, ornamental or small tree shall be required. Small or ornamental trees located within the pedestrian circulation zone shall not be counted toward the minimum requirements.

(4) Greenpoint-Williamsburg Supplemental Public Access - Waterfront Park

(i) The entire #supplemental public access area# shall be a pedestrian circulation zone, except for any buffer zone required by paragraph (a)(3)(ii) of this Section.

(ii) There shall be at least one circulation path throughout the #supplemental public access area#. Such path shall provide access to the primary entrance of any building or #use# that is within or adjacent to the #supplemental public access area#.

The required circulation path shall have a minimum clear width of ten feet and any other circulation path shall have a minimum clear width of six feet.

Within a transition zone, the minimum aggregate width of clear path along any side of the #supplemental public access area# shall be equal to 50 percent of the length of the intersection between the two public access areas, and any single path providing access between waterfront public access areas shall have a minimum width of 10 feet.

(iii) A minimum of one linear foot of seating shall be provided for every 50 square feet of pedestrian circulation zone. Fifty percent of required seating shall be under shade throughout the day.

(iv) A minimum of 60 percent of the pedestrian circulation zone shall be planting area with no more than 30 percent of the planting area in raised planting beds. At least 35 percent of the #supplemental public access area# shall be lawn in compliance with the standards set forth in paragraph (c)(5) of Section 62-675 (Planting and trees).

(v) Four trees shall be required for the first 2,500 square feet of #supplemental public access area#, at least two of which shall be shade trees. For each additional 750 square feet, one additional shade, ornamental or small tree shall be required. Small or ornamental trees located within the pedestrian circulation zone shall not be counted toward the minimum requirements.

(c) Amenities

In parcels where #supplemental public access area# is required, no more than fifteen percent of public access area may be reduced if playgrounds and other amenities are provided in accordance with paragraphs (c)(1) and (c)(2) of this Section.

(1) Playgrounds

A playground shall have a minimum size of 1,000 square feet and, if applicable, there shall be a minimum of 400 feet between any two playground areas. For every five square feet of playground area provided, the total amount of required public access may be reduced by the rate of one square foot.

(2) Other amenities

A reduction in the total amount of required public access area shall be permitted according to the following table. The number and variety of such amenities shall be determined upon certification.

Amenity	Square feet reduction
Picnic table	22 sq. ft.
Chess table	20 sq. ft.
Telescope	10 sq. ft.
Art	50 - 200 sq. ft.
Fountain/water feature	50 - 200 sq. ft.
Shade structure	50 - 200 sq. ft.

(d) Public access design reference standards

Section 62-67 is hereby modified by the following provisions.

(1) Guardrails

The provisions of paragraph (a) Section 62-671 (Guardrails, gates and other protective barriers) shall be inapplicable. In lieu thereof the following provisions for guardrails shall apply:

(i) Guardrails shall be located within waterfront public access areas continuously along any bulkhead, stabilized shore or the water edges of a #pier# or #platform# that is located within 50 feet of a circulation path; and continuously along any grade level change of 30 inches or greater adjoining or within 10 feet of a circulation path. However, guardrails shall not be required landward of any rip rap, beach or any other shoreline material that is at least 10 feet wide. If any protective barrier is provided adjacent to any rip rap, beach or other shoreline material, they shall not exceed a height of 21 inches or shall consist of a bollard and chain device.

Guardrails shall not be required at access points to WD #uses# and #development# on #floating structures#. The minimal protective barrier at such locations shall be a swing gate, bollard and chain or similar device.

(ii) Guardrails shall comply with illustration A1, alternatively illustration A2 may be used in #piers#.

Illustration A1

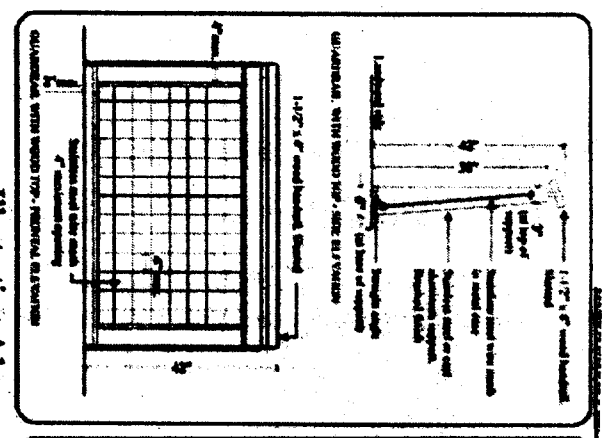

Illustration A2

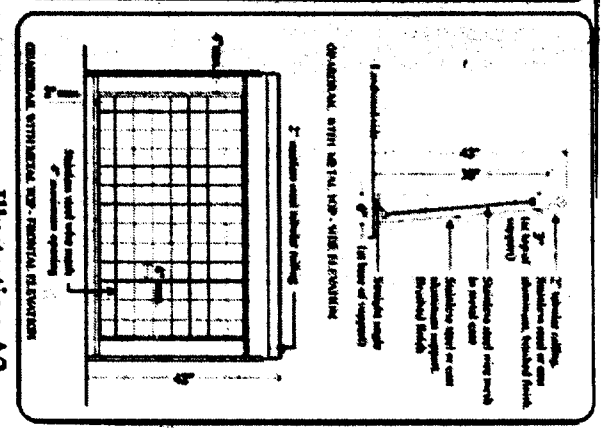

(Alternate for Piers)

All guardrail components and hardware shall be in stainless steel or cast aluminum, as applicable.

(2) Seating

In addition to the provisions of Section 62-672, at least fifty percent of the required seating along any #shore public walkway# or #supplemental public access area# shall comply with illustration B1 or B2 below.

Illustration B1

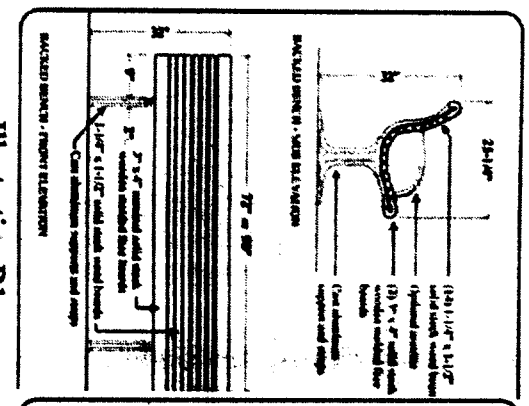

Illustration B2

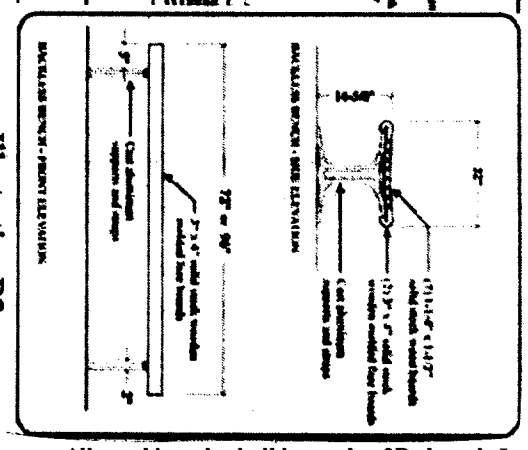

All wood boards shall be made of Redwood, Jarrah or Ipe, have eased edges and ends and be treated for external use without stain or varnish.

All supports and backstraps shall be 713 tenzalloy cast aluminum, with a rust inhibitor and a top coat finish of thermosetting polyester powdercoat that is ultra-violet, chip and flake resistant. Metal components shall have a light gray or aluminum color.

(3) Lighting

In addition to the provisions of Section 62-673, the required lighting along any public access area shall comply with illustration C1 below.

(4) Planting and trees

The provisions of paragraph (c)(6) (Container planting) of Section 62-675 shall be inapplicable, unless a structural or environmental necessity is demonstrated at the time of certification.

(5) Paving

In addition to the provisions of Section 62-676, the paving for the required clear path within the #shore public walkway# shall be gray. At least fifty percent of all other paved areas within the #shore public walkway# and #supplemental public access areas# shall be paved in the same color range.

(e) Special public access provisions by parcel

The provisions of Sections 62-41 (Requirements for waterfront public access) and 62-60 (DESIGN STANDARDS FOR THE WATERFRONT AREA) are modified at the following designated locations

which are shown on Map BK-1b in paragraph (g) of this Section:

1. Parcels 1 and 2

(i) #Shore public walkway#
The requirements for Prototype I described in paragraph (b)(1) of this Section shall apply to all new #development#.

In the event of any #enlargement#, #extension# or change of #use# within existing #buildings or other structures#, a #shore public walkway# shall occupy the entire area between the seaward edge and the existing #building or other structure# but need not be wider than 40 feet. The #shore public walkway# shall have a minimum clear path of 10 feet. No seating, planting or buffer zone shall be required. If seating and planting are provided, they shall comply with the provisions of Sections 62-672 and 62-675. In addition to the lighting design requirements of paragraph (c)(3) of this Section, lighting fixtures may be mounted on existing #buildings or other structures#.

(ii) #Supplemental public access area#
The requirements for #supplemental public access area# shall be waived.

(2) Parcels 3 and 4

(i) #Shore public walkway#

The requirements for Prototype I described in paragraph (b)(1) of this Section shall apply.

(ii) #Upland connection#

An #upland connection# shall be provided between Commercial Street and the #shore public walkway# within a flexible location along the #lot line# between Parcels 3 and 4. Whichever parcel is developed first shall provide an #upland connection# along the #lot line# between the two parcels. The width of the #upland connection# may be utilized by the developer of the remaining parcel in the computation necessary to comply with the requirements of a #visual corridor# along the #lot line# between the two parcels, according to the provisions of paragraph (f)(1) of this Section. If both parcels are developed concurrently, then the requirements may be divided equally along the #lot line# between the parcels.

(3) Parcel 5a

(i) #Shore public walkway#

The requirements for Prototype I described in paragraph (b)(1) of this Section shall apply.

(ii) #Upland connection#

An #upland connection# shall be provided between Commercial Street and the #shore public walkway# within the flexible location indicated on Map BK-1b in paragraph (g) of this Section.

The eastern boundary of such flexible area shall be 110 feet from the shared lot line of Parcel 4 and its western boundary shall be 200 feet from the shared lot line of Parcels 5b and 6.

(iii) #Supplemental public access area#

The #supplemental public access area# shall abut the #shore public walkway# continuously along its longest side, and shall also abut the required #upland connection# where it meets the #shore public walkway#. The #upland connection#, however, may cut across the #supplemental public access area# provided that no area shall be less than 5,000 square feet. All #supplemental public access areas# shall have a minimum width to depth ratio of 1.0 to 1.0 and a maximum width to depth ratio of 2.0 to 1.0. In no event shall the #supplemental public access area# be deeper than 100 feet. The requirements for Waterfront Plaza described in paragraph (b)(3) of this Section shall apply.

Alternatively, a portion of the required #supplemental public access area# that is a minimum of 5,000 square feet may abut the #shore public walkway# continuously along the longest side provided that it also abuts a publicly accessible private drive connecting the #shore public walkway# to Commercial Street. Such publicly accessible private drive shall be improved to the standards of an #upland connection# as required by Section 62-641, but shall not be counted towards satisfying the required amount of public access area on the site. The requirements for Waterfront Park described in paragraph (b)(4) of this Section shall apply.

(4) Parcel 5b

#Shore public walkway#

The requirements for Prototype I described in paragraph (b)(1) of this Section shall apply.

(5) Parcel 5c

(i) #Shore public walkway#

The requirements for Prototype I described in paragraph (b)(1) of this Section shall apply.

(ii) #Upland connection#

Two #upland connections# shall be provided between West Street and the #shore public walkway#, one located within the prolongation of the #street lines# of Eagle Street, the other located within the prolongation of the #street lines# of Green Street.

(iii) #Supplemental public access area#

Two #supplemental public access areas# shall be provided on Parcel 5c.
A #supplemental public access area# shall be bounded by the southern boundary of the required Green Street #upland connection#, the #shore public walkway#, the southern boundary of Parcel 5c and the northern prolongation of the eastern boundary of the #shore public walkway# required in Parcel 7. The requirements for Waterfront Plaza described in paragraph (b)(3) of this Section shall apply.

The remaining required #supplemental public access area# shall be provided either on the #pier# or distributed evenly as a widening of the pedestrian circulation zone of the #shore public walkway# located between the Eagle Street and Green Street #upland connections#. If any #supplemental public access area# is located on the #pier#, the planting requirements for Waterfront Plaza described in paragraph (b)(3) of this Section shall apply, except that trees may be substituted by a shading element at a rate of 450 sq. ft. of shade element per tree.

(iv) #Pier# public access

Public access shall be provided on the Green Street #pier# pursuant to the requirements of Section 62-412 and of paragraph (a)(1) of this Section.

(6) Parcel 5

In the event that Parcels 5a, 5b and 5c are merged into one parcel, they shall be known as Parcel 5 and be subject to the following requirements:

(i) #Shore public walkway#

The requirements for Prototype I described in paragraph (b)(1) of this Section shall apply.

(ii) #Upland connection#

One #upland connection# shall be provided between Commercial Street and the #shore public walkway# within the flexible location indicated on Map BK-1b in paragraph (g) of this Section. The eastern boundary of such flexible area shall be 110 feet from the shared lot line of Parcel 4 and its western boundary shall be 200 feet from the shared lot line of Parcel 6.

Two #upland connections# shall be provided between West Street and the #shore public walkway#, each located within the prolongation of the #street lines# of Eagle Street and Green Street, respectively.

(iii) #Supplemental public access area#

Two #supplemental public access areas# shall be provided.
A #supplemental public access area# shall be bounded by the southern boundary of the required Green Street #upland connection#, the #shore public walkway#, the southern boundary of Parcel 5 and the northern prolongation of the eastern boundary of the #shore public walkway# required in Parcel 7. The requirements for Waterfront Plaza described in paragraph (b)(3) of this Section shall apply.

The remaining of the required #supplemental public access area# shall be located within the area bounded by the western prolongation of the north #street line# of Dupont Street, the #shore public walkway#, the northern prolongation of the eastern boundary of Parcel 6 and Parcel 6. The requirements for Waterfront Park described in paragraph (b)(4) of this Section shall apply.

(iv) #Pier# public access

Public access shall be provided on the Green Street #pier# pursuant to the requirements of Section 62-412 and of paragraph (a)(1) of this Section

(7) Parcel 7

(i) #Shore public walkway#

The requirements for Prototype I described in paragraph (b)(1) of this Section shall apply, except that any portion of the required #shore public walkway# where the distance between the shoreline and the boundaries of Parcel 7 is less than 17 feet shall be improved entirely as clear path.

(ii) #Supplemental public access area#

The requirement for a #supplemental public access area# on Parcel 7 is waived.

(8) Parcels 9, 10 and 11

(i) #Shore public walkway#

The requirements for Prototype II described in paragraph (b)(2) of this Section shall apply.

(ii) #Supplemental public access area#

For each parcel, the #supplemental public access area# requirements shall be provided to widen the pedestrian circulation zone of the #shore public walkway#, evenly distributed along the entire length of such #shore public walkway#.

(9) Parcel 13

(i) #Shore public walkway#

The requirements for Prototype I described in paragraph (b)(1) of this Section shall apply.

(ii) #Upland connection#

An #upland connection# shall be provided between West Street and the #shore public walkway# located within the prolongation of the #street lines# of Milton Street.

(iii) #Supplemental public access area#

A #supplemental public access area# shall be bounded by the southern #street line# of Greenpoint Avenue, the #shore public walkway# and the northern boundary of the required Milton Street #upland connection#. The requirements for Waterfront Park described in paragraph (b)(4) of this Section shall apply.

(10) Parcel 14

(i) #Shore public walkway#

The requirements for Prototype I described in paragraph (b)(1) of this Section shall apply.

(ii) #Upland connection#

An #upland connection# shall be provided between West Street and the #shore public walkway# located within the prolongation of the #street lines# of Calyer Street.

(iii) #Supplemental public access area#

A #supplemental public access area# shall be distributed evenly along the #shore public walkway# between the southern boundary of the required Calyer Street #upland connection# and the prolongation of the northern #street line# of Quay Street. The requirements for Waterfront Park described in paragraph (b)(4) of this Section shall apply.

(11) Parcel 15

An #upland connection# shall be provided within the prolongation of the #street lines# of West Street, connecting QuayStreet to Parcel 20.

(12) Parcels 19, 20, 21 and 22

Parcels 19, 20, 21 and 22 shall be designated as public parks as of (date of adoption).

(13) Parcel 24

Prototype I described in paragraph (b)(1) of this Section shall apply.

(14) Parcel 25

(i) #Shore public walkway#
The requirements for Prototype I described in paragraph (b)(1) of this Section shall apply.

(ii) #Upland connection#

An #upland connection# shall be provided between West Street and the #shore public walkway# located within the prolongation of the #street lines# of North 6th Street.

(iii) #Supplemental public access area#
Two #supplemental public access areas# shall be provided.

One #supplemental public access area# shall be provided along the prolongation of the southern #street line# of North 7th Street and the #shore public walkway#. Such public access area shall be a minimum of 3,000 square feet in area and shall have a minimum depth of 90 feet from the southern #street line# of North 7th Street. The entire #supplemental public access area#, excluding the required buffer, shall be developed as clear circulation path.

A minimum of one linear foot of seating

shall be required for every 40 square feet of pedestrian circulation zone and shall be located in the required buffer zone. Four trees shall be required, at least two of which are shade trees. Small or ornamental trees located within the buffer zone shall not be counted toward the minimum requirements.

The remaining required #supplemental public access area# shall be located either on the #pier# or parallel to the #shore public walkway#. The requirements for Waterfront Plaza described in paragraph (b)(3) of this Section shall apply. If any #supplemental public access area# is located on the #pier#, the planting requirements for Waterfront Plaza shall apply, except that trees may be substituted by a shading element at a rate of 450 sq. ft. of shade element per tree.

(iv) #Pier# public access

Public access shall be provided on the North 6th Street #pier# pursuant to the requirements of Section 62-412 and of paragraph (a)(1) of this Section.

(15) Parcel 26

(i) #Shore public walkway#

The requirements of Section 62-411 (Requirements for shore public walkways) shall apply, except that the minimum required width of the #shore public walkway# shall be reduced to 34 feet between North 5th Street and the northern edge of the required #upland connection# at the prolongation of North 4th Street. The quantity of public access eliminated from the #shore public walkway# as a result of this width reduction shall be located in the triangle formed between the #shore public walkway#, the southern #street line# of the North 4th Street #upland connection# and the bulkhead line. The entirety of the #shore public walkway# shall be improved pursuant to the requirements for Prototype I described in paragraph (b)(1) of this Section.

(ii) #Upland connections#

An #upland connection# shall be provided between Kent Avenue and the #shore public walkway# located within the prolongation of the #street lines# of North 4th Street.

(16) Parcel 27

(i) #Shore public walkway#

The requirements for Prototype I described in paragraph (b)(1) of this Section shall apply to all new #development#.

In the event of any #enlargement#, #extension# or change of #use# within existing #buildings or other structures#, a #shore public walkway# shall occupy the entire area between the seaward edge and the existing #building or other structure#, but shall not need to be wider than 40 feet.

Notwithstanding the requirements of Paragraph (c) of Section 62-62 (General Requirements for Public Access), the #shore public walkway# may be located within the #building or other structure#, and the obstructions permitted by Section 62-626, paragraph (a), shall include any supporting structural elements of the #building or other structure# and its related appurtenances. Additionally, the #shore public walkway# shall have a minimum clear path of 12 feet. No seating, planting or buffer zone shall be required. If seating and planting are provided, they shall comply with the provisions of Sections 62-672 and 62-675. In addition to the lighting design requirements of paragraph (c)(3) of this Section, lighting fixtures may be mounted on existing #buildings or other structures#.

(ii) #Supplemental public access area#
The requirements for #supplemental public access# shall be waived.

(f) Special visual corridor provisions by parcel

The designated locations for #visual corridors# pursuant to this Plan are shown on Map BK-1c in paragraph (g) of this Section and shall be as follows:

(1) Parcels 3 and 4

A #visual corridor# shall be provided through Parcels 3 and 4 to the pierhead line within a flexible area along the #lot lines# between them.

Whichever parcel develops second shall complete the required clearance to comply with the #visual corridor# requirements along the #upland connection# already provided in accordance with the requirements of paragraph (e)(2)(ii) of this Section. If both parcels are developed concurrently, then the requirements can be divided equally along the #lot line# between the parcels.

(2) Parcel 5a

A #visual corridor# shall be provided through Parcel 5a to the pierhead line within the flexible location zone indicated on Map BK-1c in paragraph (g) of this Section. The eastern boundary of such flexible area shall be 110 feet from the shared lot line of Parcel 4 and its western boundary shall be 200 feet from the shared lot line of Parcels 5b and 6.

(3) Parcel 5b

Two #visual corridors# shall be provided through Parcel 5b to the pierhead line as the prolongation of the #street lines# of West Street and Dupont Street, respectively.

(4) Parcel 5c

(i) Two #visual corridors# shall be provided through Parcel 5c to the pierhead line as the prolongation of the #street lines# of Eagle Street and Green Street.

(ii) Permitted obstructions on #piers#, per Section 62-65 paragraph (b), shall be permitted obstructions along the #visual corridor# along Green Street.

(5) Parcel 5

In the event that Parcels 5a, 5b and 5c are merged into one parcel, they shall be known as Parcel 5, subject to the following #visual corridors# requirements:

(i) One #visual corridor# shall be provided through Parcel 5 to the pierhead line within the flexible location zone indicated on Map BK-1c in paragraph (g) of this Section. The eastern boundary of such flexible area shall be 110 feet from the shared lot line of Parcel 4 and its western boundary shall be 200 feet from the shared lot line of Parcel 6.
Four #visual corridors# shall be provided through Parcel 5 to the pierhead line, each located as the prolongation of the #street lines# of West Street, Dupont Street, Eagle Street and Green Street, respectively.

(ii) Permitted obstructions on #piers#, per Section 62-65 paragraph (b), shall be allowed along the #visual corridor# along Green Street.

(6) Parcel 13

Two #visual corridors# shall be provided through Parcel 13 to the pierhead line as the prolongation of the #street lines# of Milton Street and Oak Street, respectively.

(7) Parcel 14

A #visual corridor# shall be provided through Parcel 14 as the prolongation of the #street lines# of Oak Street.

(8) Parcel 15

A #visual corridor# shall be provided though Parcel 15 as the prolongation of the #stret lines# of West Street.

(9) Parcel 25

A #visual corridor# shall be provided through Parcel 25 as the prolongation of the #street lines# of North 6th Street.

INCLUSIONARY HOUSING

23-91
General Provisions

~~R10~~

~~In the district indicated, a~~An Inclusionary Housing program is established in those areas designated in Section 23-92 (Applicability) to preserve and to promote a mixture of low to upper income housing within neighborhoods experiencing a shift from mixed to upper income housing and thus to promote the general welfare. The requirements of this program are set forth in Sections 23-90 through 23-~~94~~95.

~~23-92~~
Applicability

23-921
R10 Districts

The Inclusionary Housing Program shall apply in R10 Districts.

~~23-922~~
Community District 1, Borough of Brooklyn

The Inclusionary Housing Program shall apply in the following areas of Community District 1 in the Borough of Brooklyn located north of the Williamsburg Bridge, Washington Plaza, Borinquen Place and Grand Street:

(a) Waterfront Access Plan BK-1, as set forth in Section 62-352;

(b) all #Special Mixed Use Districts#;

(c) all R6A, R6B and R7A Districts; and

(d) the following R6 areas:

(1) the #block# bounded by Havemeyer Street, North Sixth Street, Metropolitan Avenue and North Fifth Street;

(2) the #block# bounded by Roebling Street, North Fifth Street, Havemeyer Street and Metropolitan Avenue;

(3) those #blocks# bounded by Wythe Avenue, Grand Street, Berry Street and South Third Street;

(4) those #blocks# and portions of #blocks# bounded by Bedford Avenue, North 1st Street, Driggs Street, Fillmore Place, Roebling Street, and a line coincident with the centerline of the long dimension of the #blocks# bounded by Bedford Avenue, Grand Street, Roebling Street and South First Street; and

(5) that portion of the #block# bounded by Franklin Street, Huron Street, Manhattan Avenue and India Street that is within 100 feet of Franklin Street and 100 feet of India Street.

~~23-93~~ 23-93
Definitions

For the purposes of the Inclusionary Housing program, matter in italics is defined either in Section 12-10 (DEFINITIONS) or in this Section.

Fair rent

* * *

At initial occupancy of any #lower income housing#, no portion of the #fair rents# shall be for the payment of the principal or interest on any debt, and the #lower income housing# shall not secure any debt and shall be free of all liens, except liens for real estate taxes, water charges and sewer rents and other governmental charges for which payment is not yet due. #Fair rents# may be used for the payment of principal or interest of debt only if such debt was incurred after the date of initial occupancy and is for a capital improvement to such #lower income housing# other than those capital improvements set forth in the #lower income housing plan#.

In Community District 1, Borough of Brooklyn, at initial occupancy of any #lower income housing#, a portion of the #fair rents# may be for the payment of the principal or interest on debt, and such housing may secure debt, provided that, as of the date of the approval of the #lower income housing plan#, the Commissioner of Housing Preservation and Development finds that the total annual rent, when such interest and principal payments are deducted, is in compliance with the requirements of Section 23-95(c) o this Resolution, and provided that the lender agrees to enter into a written agreement which subordinates such debt.

Lower income household

A "lower income household" is a #family# having an income equal to or less than the income limits (the "80 Percent of SMSA Limits") for New York City residents established by the U.S. Department of Housing and Urban Development pursuant to Section 3(b)(2) of the United States Housing Act of 1937, as amended, for lower income families receiving housing assistance payments.
In Community District 1, Borough of Brooklyn, for the purposes of Section 23-953 (Preservation option), #lower income households# shall also include all existing households in tenancy, provided such households occupy units that are within a #building# in which rents for all occupied units are regulated by City and State law, and the aggregate maximum permitted annual rent roll for such occupied units, divided by the number of occupied units, is less than 30 percent of the applicable income limit for a #lower income household# as provided in this Section. In determining the applicable income limit for such #lower income households#, the Commissioner of Housing Preservation and Development may make adjustments, consistent with U. S. Department of Housing and Urban Development regulations, for the number of persons residing in each unit.

Lower income housing
"Lower income housing" are #standard units# occupied or to be occupied by #lower income households#. #Lower income housing# shall not include #standard units# assisted under city, state or federal programs, except where such assistance is in the form of:

(e) real estate tax abatements and exemptions which are specifically limited to the #lower income housing#; or

(f) operating assistance that the Commissioner of the Department of Housing Preservation and Development determines will be used to enable households with incomes of not more than 62.5 percent of the "80 Percent of SMSA Limits" to afford such #lower income housing#.

However, in Community District 1, Borough of Brooklyn, #lower income housing# shall include #standard units# assisted under city, state or federal programs.

Lower income housing plan

The "lower income housing plan", is the plan accepted by the Commissioner of Housing Preservation and Development, which sets forth the developer's plans for creating and maintaining the specified #lower income housing# pursuant to this program, including but not limited to, choice of #administering agent#, tenant selection, rent levels in the #lower income housing# and income verification of tenants pursuant to Section ~~23-94~~ 23-95 paragraphs (b), (c) and (d) of this Resolution.

Floor Area Compensation

23-941
In R10 Districts

The #floor area ratio# of a #development# may be increased from 10.0 to a maximum of 12.0 at the rate set forth in this Section, if the developer of such #development# provides #lower income housing# pursuant to Section ~~23-94~~ 23-95 (Lower Income Housing Requirements).

For each square foot of #floor area# provided for #lower income housing# pursuant to the options listed in Column A and which meets the requirements set forth in Section ~~23-94~~ 23- 95, the #floor area# of the #development# may be increased by the number of square feet set forth in Column B.

* * *

~~23-942~~
In Community District 1, Borough of Brooklyn

The provisions of this Section 23-942 shall apply in the designated areas set forth in Section 23-922, except within Waterfront Access Plan Bk-1. The base #floor area ratio# of any #building developed# or #enlarged# pursuant to the Quality Housing Program, or, in #Special Mixed Use Districts#, pursuant to paragraph (b) of Section 123-662, may be increased to the maximum #floor area ratio# set forth in the table below if the developer of such #development# provides #lower income housing# pursuant to Section 23-95 (Lower Income Housing Requirements).

District	Base #floor area ratio#	Maximum #floor area ratio#
R6B	2.0	2.2

Lower Income Housing Requirements

~~R10~~

To qualify for the increased #floor area#, #compensated developments# must provide #lower income housing# for the life of the increased #floor area# in the #compensated development# pursuant to one or more of the options listed in Section ~~23-941, 23-942 and 23-943~~, 23-951, 23-952 and 23-953 and such #lower income housing# must meet each of the requirements set forth below.

* * *

~~23-941~~ 23-951
On-site new construction option

To qualify for this option, the designated #lower income housing# shall meet the following requirements.

(a) The #lower income housing# shall be located in newly constructed #floor area# in the #compensated development#. The #lower income housing# shall be maintained and leased to #lower income households# for the life of the increased #floor area#.

(b) #Dwelling units# designated as #lower income housing# shall be distributed throughout the #development#. No #story# shall contain more than two such units unless at least 80 percent of all #stories# contain two such units. The size of the designated #lower income housing# units shall at least be distributed among the various size units in proportion to the total distribution of unit size within the #building# in the following categories of unit sizes:

under 600 net square feet
600 - 749 net square feet
750 - 949 net square feet
950 - 1149 net square feet
1150 or more net square feet

In Community District 1, Borough of Brooklyn, the requirements of this paragraph (b) may be waived by the Commissioner of Housing Preservation and Development to facilitate the #development# of #lower income housing#.

~~23-942~~ 23-952
Substantial rehabilitation and off-site new construction options

To qualify for one or more of these options, the designated #lower income housing# shall meet the following requirements:

(a) The #lower income housing# shall be located either:

(1) within the same Community District as the #compensated development#; or

(2) within an adjacent Community District and within a one-half mile radius of the #compensated development#.

For the new construction option the #lower income housing# shall be in a new #building#. For the substantial rehabilitation options, the #lower income housing# shall be in an existing #building# in which, prior to the submission of the #lower income housing plan# pursuant to this Section, any #residential# portion not in public ownership had been

entirely vacant for not less than three years.

However, in Community District 1, Borough of Brooklyn, #lower income housing# shall be located only within such Community District, and the administering agent shall not be required to verify the income of households in tenancy as of the date upon which the Commissioner of Housing Preservation and Development approves the #lower income housing plan#.

* * *

~~23-943~~ ~~23-953~~
Preservation option

To qualify for this option, the designated #lower income housing# shall meet the following requirements.

(a) The #lower income housing# shall be located either:

(1) within the same Community District as the #compensated development#; or

(2) within an adjacent Community District and within a one-half mile radius of the #compensated development#.

The #lower income housing# shall be in an existing occupied #residential# or #mixed building#. Only #standard units# occupied by #lower income households# shall be #lower income housing#. For each #standard unit# designated as #lower income housing# the #administering agent# shall verify the income of the household in tenancy.

However, in Community District 1, Borough of Brooklyn, #lower income housing# shall be located only within such Community District, and the administering agent shall not be required to verify the income of households in tenancy as of the date upon which the Commissioner of Housing Preservation and Development approves the #lower income housing plan#.

SPECIAL USE REGULATIONS

* * *

62-29
Special Use Regulations for Waterfront Access Plan BK-1

All Use Group 6 and 9 #uses# delineated in Section 62-212 (Waterfront-Enhancing Uses) not otherwise permitted, shall be a permitted use on any parcel identified in Waterfront Access Plan BK-1, provided that such use is limited to not more than 10,000 square feet of #floor area# per establishment; the total amount of #floor area# used for such #uses# does not exceed two per cent of the total amount of #floor area# permitted on such parcel; and such #uses# are located below the level of the first #story# ceiling of a #building# or are located on a #pier# or #platform#.

Additionally, Docks for water taxis (Use Group 6) and Docks or mooring facilities for non-commercial pleasure boats (Use Group 6) shall be a permitted use on any parcel identified in Waterfront Access Plan BK-1.

* * *

62-30
SPECIAL BULK REGULATIONS

All #zoning lots# within #waterfront blocks# shall comply with the #bulk# regulations of this Section. For the purposes of this Section, non-#waterfront blocks# included in Waterfront Access Plan BK-1 shall be considered to be #waterfront blocks#. Existing non-complying buildings or other structures shall be subject to the provisions of Article V (Non-Conforming Uses and non-complying Buildings).

Bulk Computations on Waterfront Zoning Lots

* * *

(b) #Floor area#, #dwelling units# or #rooming units# generated by existing #piers# or #platforms# within the #seaward lot# may be located anywhere on the #zoning lot# provided the amount on the #upland lot# does not exceed the maximum for the district on such portion of the #zoning lot# by more than 20 percent. No #bulk# distribution from the #seaward lot# shall be permitted for new #piers# or #platforms#, except within Waterfront Access Plan BK-1. Such # bulk# distribution shall be permitted for new portions of #piers# located within Waterfront Access Plan BK-1, provided that such new portion of the #pier# is accessed from a portion of an existing #pier# containing not less than 25 percent of the #water coverage# of such existing #pier# and that the #water coverage# of the new and existing portions of the #pier# does not exceed the #water coverage# of the existing #pier#.

* * *

62-35
Special Bulk Regulations within Waterfront Access Plan BK-1

Within Waterfront Access Plan BK-1, the special #bulk# regulations of this Chapter are further modified as set forth in this Section 62-35, inclusive.

62-351
Special floor area regulations

(a) Maximum permited #floor area ratio#

In R6 Districts, the maximum permitted #floor area ratio# for any #zoning lot# containing #residences# shall be 2.43. In R8 Districts, the maximum permitted #floor area ratio# for any #zoning lot# containing #residences# shall be 5.5. In R6 and R8 Districts, the maximum permitted #floor area ratio# for any #zoning lot# containing #residences# may be increased for #developments# and #enlargements# that provide lower income housing pursuant to Section 62-352.

(b) #Buildings# used for #accessory# off-#street# parking spaces

The #floor area# of a #building# shall not include floor space used for #accessory# off-street parking spaces provided in any #story# located not more than 33 feet above the height of the #base plane#.

62-352
Inclusionary Housing

The provisions of Section 23-90 (INCLUSIONARY HOUSING) shall apply in R6 and R8 Districts within Waterfront Access Plan BK-1 as modified in this Section.

(a) Definitions

Fair rent

At initial occupancy of #lower income housing# that is occupied by a #moderate income household# or a #middle income household# as defined in this Section, "fair rent" is an annual rent for each such housing equal to not more than either the public assistance shelter allowance if the #family# receives public assistance, or 30 percent of the annual income of the tenant of such housing (the "30 Percent Standard").

Upon renewal of a lease for such an existing tenant in #lower income housing#, #fair rent# (the "Rent Stabilization Standard") is not more than the then-current #fair rent# for such housing plus a percentage increase equal to the percentage increase for a renewal lease of the same term permitted by the Rent Guidelines Board for units subject to the rent stabilization law.

After initial occupancy, upon rental of #lower income housing# to a new tenant, #fair rent# is not more than the higher of:

(1) the then-currently applicable "30 Percent Standard"; or

(2) the Rent Stabilization Standard.

In order for rent to be #fair rent#, the following must also apply:
There shall be no additional charge to the tenant for the provision of heat and electric service, except that the Commissioner of Housing Preservation and Development may approve a #lower income housing plan# making a #lower income, #moderate income# or #middle income household# responsible for the payment of utilities as long as the sum of:

(1) the initial #fair rent#; and

(2) the monthly costs of a reasonable compensation for these utilities, by an energy conservative household of modest circumstances consistent with the requirements of a safe, sanitary and healthful living environment do not exceed 30 percent of said #lower income#, #moderate income# or #middle income household's# income.

At initial occupancy of any #lower income housing# occupied by a #moderate income# or #middle income household#, a portion of the #fair rents# may be for the payment of the principal or interest on debt, and such housing may secure debt, provided that, as of the date of the approval of the #lower income housing plan#, the Commissioner of Housing Preservation and Development finds that the total annual rent, when such interest and principal payments are deducted, is in compliance with the requirements of Section 23-95(c) o this Resolution, and provided that the lender agrees to enter into a written agreement which subordinates such debt.

Lower income housing
For the purposes of this Section, "lower income housing" shall include #standard units# occupied or to be occupied by #lower income#, #moderate income# or #middle income households#.

Moderate income household

For the purposes of this Section 62-352, a "moderate income household" is a #family# having an income equal to or less than the following proportion:

125
80

of the income limits (the "80 Percent of SMSA Limits") for New York City residents established by the U. S. Department of Housing and Urban Development pursuant to Section 3(b)(2) of the United States Housing Act of 1937, as amended, for lower income families receiving housing assistance payments.

Middle income household

For the purposes of this Section 62-352, a "middle income household" is a #family# having an income equal to or less than the following proportion:

175
80

of the income limits (the "80 Percent of SMSA Limits") for New York City residents established by the U. S. Department of Housing and Urban Development pursuant to Section 3(b)(2) of the United States Housing Act of 1937, as amended, for lower income families receiving housing assistance payments.

(b) Floor area increase

The maximum permitted #floor area ratio# on a #zoning lot# containing #residences# may be increased in R6 Districts from 2.43 to 2.75, and in R8 Districts from 5.5 to 6.5, provided that:

(1) at least 15% of the total #floor area# on the #zoning lot# is occupied by #lower income households#, or

(2) at least 10% of the total #floor area# on the #zoning lot# is occupied by #lower income households# and at least 10% of the total #floor area# on the #zoning lot# is occupied by #moderate income households#, or

(3) at least 10% of the total #floor area# on the #zoning lot# is occupied by #lower income households# and at least 15% of the total #floor area# on the #zoning lot# is occupied by #middle income households#.

(c) Lower Income Housing Requirements

#Developments# that increase #floor area# in accordance with the provisions of this Section shall comply with the lower income housing requirements of Section 23-95, except as modified in this paragraph (c).

(1) The provisions of Section 23-95(b) shall apply, except that in addition, incoming households of #standard units# in #lower income housing# may be #moderate# and #middle income households#, and sublessees of a #moderate# or #middle income household# may also be a #moderate# or #middle income household#.

Furthermore, on and after the issuance of a certificate of occupancy for #lower income housing#, the #administering agent# shall have a duty to rent such housing to #lower#, #moderate# or #middle income households#, as provided in this Section.

This duty to rent shall be satisfied by the #administering agent#, if such agent has in fact rented all such units to #lower#, #moderate# or #middle income households#, as provided in this Section, or has, in good faith, made a continuing public offer to rent such units at rents no greater than the rents authorized by this program or otherwise at law.

(2) The provisions of Section 23-95(d) shall apply, except that prior to renting #lower income housing#, the #administering agent# shall verify the income of each household to occupy such housing, to assure that the households are #lower#, #moderate# or #middle income households# as provided by this Section. The #administering agent# shall submit an affidavit to the Commissioner of Housing Preservation and Development upon initial occupancy and annually thereafter attesting that all incoming occupants of #lower income housing# are #lower#, #moderate# or #middle income households# as required by the provisions of this Section.

(3) Section 23-951(a) shall apply, except that the #lower income housing# shall be maintained and leased to #lower#, #moderate# or #middle income households#, as provided in this Section, for the life of the increased #floor area#.

62-353
Special floor area, lot coverage and residential density distribution regulations

Within any parcel identified in Section 62-381, and with respect to any such parcels which are adjacent to each other and which are under single fee ownership and with respect to which each party having any interest therein is a party in interest (as defined in (e) of the definition of a #zoning lot# in Section 12-10) or with respect to which each party in interest (as defined in (f)(4) of the definition of a #zoning lot# in Section 12-10) has executed a declaration declaring that the properties are to be develop as a single parcel or has waived its right to execute such declaration, the total #floor area# and #lot coverage# permitted pursuant to Section 62-351 or 62-352 and the residential density permitted pursuant to Section 23-22 may be located anywhere within such parcel or between such parcels without regard to #zoning lot lines# or district boundaries provided that such location of #floor area#, #lot coverage# or residential density complies with Section 62-31 and Section 62-34 as modified by Section 62-354.

62-354
Special Height and Setback Regulations

The provisions of Section 62-341 are modified as follows:

(a) Paragraph (c)(1) (Maximum base height) shall be modified in R6 Districts to permit a maximum base height of 65 feet or six #stories#, whichever is less. However, for #buildings or other structure# located on a #zoning lot# with more than 100 feet of frontage on a #street# in R6 Districts, not less than 20 percent of such frontage shall exceed a maximum base height of 55 feet or 5 #stories#, whichever is less.

(b) Paragraph (c)(2) (Maximum #building# height) shall not apply. In lieu thereof, the maximum #building# height in an R6 District shall be 65 feet or six #stories#, whichever is less, within 100 feet of Commercial Street, West Street, Dupont Street, Franklin Street and Kent Avenue. Beyond 100 feet of such #streets# and any other portions of an R6 District, the maximum #building# height in shall be 110 feet. In R8 Districts, the maximum #building# height shall be 210 feet, except that for #zoning lots developed# with multiple #buildings# or portions of #buildings# that exceed a height of 200 feet, not more than half of such #buildings# or portions of #buildings# may exceed a height of 210 feet to a maximum #building# height of 310 feet. Such maximum #building# heights of 110 feet, 210 feet and 310 feet may be exceeded by a penthouse portion of a #building#, provided any #story# of a

#building# within such penthouse portion does not exceed 85 percent of the gross area of the highest #story# of the same #building# entirely below a height of 110 feet, 210 feet or 310 feet, as applicable, and the maximum height of such penthouse portion does not exceed 40 feet.
For #developments# that provide #lower income housing# pursuant to Section 62- 352, the increased #floor area# permitted for such #developments# may exceed the height limits of an R8 District set forth in this paragraph (b) provided that the maximum building height shall be 260 feet, except that for #zoning lots developed# with multiple #buildings# or portions of #buildings# that exceed a height of 250 feet, not more than half of such #buildings# or portions of #buildings# may exceed a height of 260 feet to a maximum #building# height of 360 feet. Such maximum #building# heights of 260 feet and 360 feet may be exceeded by a penthouse portion of a #building#, provided any #story# of a #building# within such penthouse portion does not exceed 85 percent of the gross area of the highest #story# of the same #building# entirely below a height of 260 feet or 360 feet, as applicable, and the maximum height of such penthouse portion does not exceed 40 feet.

(c) Paragraphs (c)(3) (#Floor area# distribution) and (c)(5) (Additional setback provisions for high #buildings#) shall not apply.

(d) Paragraph (c)(4) (Maximum #residential# tower size) shall not apply. In lieu thereof, each #residential story# of a #building# located entirely above a height of 85 feet shall not exceed a gross area of 8,100 square feet in an R6 District and 11,000 square feet in an R8 District. If such #residential story# of a #building# is located partially in an R6 District and partially in an R8 District, it shall not exceed a gross area of 11,000 square feet and any portion located in an R6 district shall not exceed a gross area of 8,100 square feet.

(e) Paragraph (c)(6) shall not apply. In lieu thereof, the maximum length of any #story# of a #building# that exceeds a height of 85 feet shall not exceed 170 feet. Such length shall be measured by inscribing within a rectangle the outermost walls at the level of each #story# entirely above such heights. Any side of such rectangle shall not exceed 170 feet.

(f) Paragraph (c)(7) (Ground floor streetscape provisions) shall not apply. In lieu thereof, all off-street parking spaces located within 50 feet of a #street#, a #visual corridor# containing a private road, and a #shore public walkway#, #upland connection# or #supplemental public access area# and which are located on a #story# that is above the #base plane# shall be within facilities that are located behind #commercial#, #community facility# or #residential# floor space so that no portion of such parking facility, other than entrances and exits, is visible from such #streets#, #visual corridors# or publicly accessible open spaces. Such floor space shall have a minimum depth of 25 feet. Up to 5 percent of such floor space may be used for mechanical equipment provided that no floor space used for mechanical equipment is located within 15 feet of the #street wall# of the #building# below a height of 15 feet above the #base plane#, and that no exhaust vents are located on the street wall of the #building# below a height of 15 feet above the #base plane#. The remainder of such floor space shall be used for #commercial#, #community facility# or #residential floor area#. Seventy percent of the surface area of the facade of a facility containing parking spaces which are not otherwise required to be behind such #floor area# shall be composed of the same materials as the facade of the #building# in which it is located.

(g) Any roof of a facility containing off-street parking spaces, not otherwise covered by a #building#, which is larger than 400 square feet shall be landscaped. Up to 5 percent of such roof area may be used for mechanical equipment provided that such mechanical equipment is screened from view by a fence which is at least 75 percent opaque or by at least 3 feet of dense planting. Up to 25 percent of such roof area may be accessible solely from an adjacent #dwelling unit# and the remaining roof area shall be accessible for the recreational use of the occupants of the building in which it is located. Hard surfaced areas shall not cover more than 60 percent of such roof area.

(h) At least 70 percent of the width of the #streetwall# of a #building# or #buildings# fronting on a portion of a #street#, #upland connection# or #visual corridor# which is not adjacent to a #shore public walkway# or #supplemental public access area# shall be located within eight feet of such #street line# and extend to a minimum height of 30 feet.

(i) All #developments#, conversions, and #enlargements# or #extensions# which increase the existing #floor area# by more than 10 percent, shall provide along the entire #street# length of the #zoning lot#, one tree for every 25 feet of # street# frontage. Such trees shall be of at least three-inch caliper at the time of planting and be placed at approximately equal intervals except where the Department of Parks and Recreation determines that such tree planting would be unfeasible. Such trees shall be planted in accordance with the standards of the Department of Parks and Recreation.

Special Parking and Loading Regulations for Waterfront Access Plan BK-1

Within Waterfront Access Plan BK-1 the Special Parking and Loading Regulations of this section are further modified as follows:

(a) The provisions of Section 62-511 and Section 62-521 shall not be applicable.

(b) #Accessory# off-street parking spaces for #uses# permitted pursuant to Section 62- 29 shall be provided in conformity with the regulations of Sections 36-21, 36-22 and 36-232 for C2-4 districts.

(c) Any required #accessory# off-street parking spaces provided for #uses# located on a parcel identified in Waterfront Access Plan BK-1 may be located anywhere within such parcel.

5. for the #development# of a park, a site plan and all other applicable data have been submitted showing compliance with the provisions of Section 62-416 (Special regulations for zoning lots that include parks).

A certification pursuant to paragraph (c) of this section, for any parcel identified in Waterfront Access Plan BK-1, may provide for the phased implementation of all required public access areas provided that an amount of public access area proportionate to the amount of #floor area# being developed on the parcel is provided in each phase. Additionally, for any #development# located within 200 feet of a #shore public walkway#, the initial phase and each subsequent phase, shall also provide a minimum of 200 linear feet of #shore public walkway# and any adjacent #supplemental public access area# located between such #development# and the required #shore public walkway#, one #upland connection# through or adjacent to the entire parcel to such required portion of the #shore public walkway# and, shall have at least one other connection from such required portion of the #shore public walkway# to an adjacent #shore public walkway#, a #street# or another #upland connection#. For any #development# located entirely beyond 200 feet of a #shore public walkway#, the initial phase and each subsequent phase, shall also provide a minimum of 100 linear feet of #shore public walkway#, and one #upland connection# through or adjacent to the entire parcel to such required portion of the #shore public walkway#. However, no public access area needs to be provided for a phase consisting of a #development # in which all included #residential# units are affordable units for a #lower income household# as defined in section 23-93 or a #moderate income household# or a #middle income household# as defined in section 62-352.

A certificate pursuant to paragraphs (b) or (c) of this Section shall be granted on condition that an acceptable restrictive declaration is executed and filed pursuant to Section 62-14 (Requirements for Recordation).

62-812
Elements of a Waterfront Access Plan

A Waterfront Access Plan may:
1) on #zoning lots# where public access or #visual corridors# are required pursuant to the provisions of Sections 62-40 and 62-60, modify the size, configuration, location or design of required waterfront public access areas or #visual corridors# within certain designated areas in order to address local conditions, provided such plan does not impose a public access or #visual corridor# requirement on any #zoning lot# greater than would otherwise be required pursuant to the provisions of Sections 62-40 or 62-60. For the purpose of determining the amount of public access, the highest standard applicable to a zoning lot may be applied regardless of any specific #use# permitted or proposed for such #zoning lot#. Within Waterfront Access Plan BK-1, the public access and #visual corridor# requirements for any parcel located within the Waterfront Access Plan may be determined by aggregating the public access and #visual corridor# requirements of each zoning lot within the parcel and such aggregated requirements may be modified within such parcel without regard to #zoning lot lines#;

Waterfront Access Plan BK-1: Greenpoint-Williamsburg

Maps BK-1a through BK-1c in paragraph (g) of this Section show the boundaries of the area comprising the Greenpoint-Williamsburg Waterfront Access Plan and the location of certain features mandated or permitted by the Plan. The plan area has been divided into parcels consisting of tax blocks and lots and other lands as established on (date of adoption), as follows:

Parcel 1:	Block 2472, Lot 350
Parcel 2:	Block 2472, Lot 400
Parcel 3:	Block 2472, Lot 410
Parcel 4:	Block 2472, Lot 425
Parcel 5a:	Block 2472, Lot 100
Parcel 5b:	Block 2472, Lot 32 and Block 2494, Lot 6
Parcel 5c:	Block 2472 Lot 2, Block 2494 Lot 1, Block 2502 Lot 1, Block 2510 Lot 1 and Block 2520 Lot 57
Parcel 6:	Block 2472, Lot 75
Parcel 7:	Block 2520, Lot 1
Parcel 8:	Block 2530, Lots 55 and 56
Parcel 9:	Block 2530, Lots 1
Parcel 10:	Block 2538, Lot 1
Parcel 11:	Block 2543, Lot 1
Parcel 12:	Block 2556, Lots 41
Parcel 13:	Block 2556 Lot 1, Block 2564 Lot 1, Block 2567 Lot 1 and Block 2570 Lot 36
Parcel 14:	Block 2570, Lot 1
Parcel 15:	Block 2590, Lot 1
Parcel 16:	Block 2590, Lot 210
Parcel 17:	Block 2590, Lot 215
Parcel 18:	Block 2590, Lot 22
Parcel 19:	Block 2590, Lot 25
Parcel 20:	Block 2590, Lot 100 and Block 2277, Lot 1
Parcel 21:	Block 2287, Lot 1,16 and 30 and Block 2294 Lots 1 and 5
Parcel 22:	Block 2301, Lots 1, 50, 60 & 70
Parcel 23:	Block 2316, Lot 46
Parcel 24:	Block 2308, Lot 1 and Block 2316, Lot 1
Parcel 25:	Block 2324, Lot 1 & Block 2332, Lot 1
Parcel 26:	Block 2340, Lot 1
Parcel 27:	Block 2348, Lot 1

(a) Area wide modifications:

The following provisions shall apply to all #developments# required to provide public access, pursuant to Section 62-40 (REQUIREMENTS FOR WATERFRONT PUBLIC ACCESS AND VISUAL CORRIDORS):

(1) Paragraph (c) of Section 62-412 (Requirements for public access on piers) is applicable, except that a minimum of 15 feet are required along each water edge.

(2) The provisions of Section 62-61 (Design Options and Methodology) shall be inapplicable. In lieu thereof, the following provisions shall apply:

2 All required public access areas and #visual corridors# shall comply with the general requirements set forth in Section 62-62 (General Requirements for Public Access Areas) and the specific requirements as set forth in this Section.

(ii) #Upland connections#, #visual corridors#, public access areas on #piers# and public access areas in conjunction with #floating structures# shall comply with the design requirements set forth in Sections 62-64 through 62-66, inclusive.

(iii) Public access areas are subject to the design reference standards set forth in Section 62-67 and paragraph (d) of this Section.

(3) The provisions of Section 62-623 (Supplemental public access areas) shall be inapplicable. In lieu thereof, the following provisions shall apply:

c) A required #supplemental public access area# shall be directly connected to either a #pier# public access area, an #upland connection# or a #shore public walkway# on either its landward or seaward side and its pedestrian circulation zone shall be contiguous with the adjacent pedestrian circulation zone.

d) A buffer zone shall only be required where a #supplemental public access area# adjoins a non-publicly accessible portion of a #zoning lot#, in which case its minimum width shall be 15 feet.

(4) #Street# Treatment

All #streets# adjacent to a #shore public walkway# or #supplemental public access area# shall be improved as a continuation of such #shore public walkway# or #supplemental public access area#, pursuant to the design requirements of paragraph (b) of this Section, inclusive.

(b) Specific design requirements for Public Access Prototypes

The provisions of Section 62-63 (Specific Design Requirements for Public Access Prototypes) shall be inapplicable. In lieu thereof the following provisions for #shore public walkways# and #supplemental public access areas# shall apply:

(1) Greenpoint-Williamsburg Shore Public Walkway-Prototype I

1. One circulation path with a minimum clear width of 12 feet is required. The path must be within ten feet of the seaward edge of the #shore public walkway#, except when rip rap, beach or other shoreline materials are provided in a publicly accessible area seaward of the path.

(ii) A minimum of one linear foot of seating shall be provided for every 100 square feet of #shore public walkway#. At least 60 percent of the required seating shall be landward of the required circulation path.

(iii) A minimum of 50 percent of the pedestrian circulation zone, excluding the required circulation path, shall be planting

area. Rip rap, beach or other shoreline materials may be counted as an equivalent to planting area.

(iv) One shade tree is required for every 1,200 square feet of #shore public walkway# and one small or ornamental tree shall be required for every 750 square feet of #shore public walkway#. Trees may be located either in the pedestrian circulation zone landward of the required circulation path or in the buffer zone. Fifty percent of required shade trees shall be located within 10 feet of the required clear path.

(2) Greenpoint-Williamsburg Shore Public Walkway-Prototype II

1) The provisions of 62-621 (Shore public walkways) shall apply except that a #shore public walkway# shall have a minimum 30 foot pedestrian circulation zone and a minimum 15 foot buffer zone.

2) One circulation path with a minimum clear width of 12 feet is required. The path must be within ten feet of the seaward edge of the #shore public walkway#, except when rip rap, beach or other shoreline materials are provided in a publicly accessible area seaward of the path, in which case, the path shall be located within 20 feet of the shoreline. A secondary circulation path may be provided, with a minimum width of 10 feet. Connecting paths having a minimum width of ten feet shall be provided between the two circulation paths at intervals not to exceed 100 feet.

3) A minimum of one linear foot of seating shall be provided for every 70 square feet of #shore public walkway#.

4) A minimum of 70 percent of the pedestrian circulation zone, excluding the required circulation path shall be planting area. A minimum of 50 percent of this planting area must be improved as lawn according to the provisions of Section 62-675 (Planting and trees).

(v) One shade tree is required for every 1,900 square feet of #shore public walkway# and shall be located in the pedestrian circulation zone. In addition, one shade, small or ornamental tree shall be required for every 850 square feet of #shore public walkway# and may be located either in the pedestrian circulation zone or in the buffer zone. Fifty percent of required shade trees shall be located within 10 feet of the required clear path.

(3) Greenpoint-Williamsburg Supplemental Public Access - Waterfront Plaza

(i) The entire #supplemental public access area# shall be a pedestrian circulation zone, except for any buffer zone required by paragraph (a)(3)(ii) of this Section.

(ii) There shall be at least one circulation path throughout the #supplemental public access area#. Such path shall provide access to the primary entrance of any building or #use# that is within or adjacent to the #supplemental public access area#.
The required circulation path shall have a minimum clear width of ten feet and any other circulation path shall have a minimum clear width of six feet.
Within a transition zone, the minimum aggregate width of clear path along any side of the #supplemental public access area# shall be equal to 50 percent of the length of the intersection between the two public access areas, and any single path providing access between waterfront public access areas shall have a minimum width of 10 feet.

(iii) A minimum of one linear foot of seating shall be provided for every 40 square feet of pedestrian circulation zone. Fifty percent of required seating shall be under shade throughout the day.

(iv) A minimum of 25 percent of the pedestrian circulation zone shall be planting area.

(v) Four trees shall be required for the first 2,500 square feet of #supplemental public access area#, at least two of which shall be shade trees. For each additional 750 square feet, one additional shade, ornamental or small tree shall be required. Small or ornamental trees located within the pedestrian circulation zone shall not be counted toward the minimum requirements.

(4) Greenpoint-Williamsburg Supplemental Public Access - Waterfront Park

(i) The entire #supplemental public access area# shall be a pedestrian circulation zone, except for any buffer zone required by paragraph (a)(3)(ii) of this Section.

(ii) There shall be at least one circulation path throughout the #supplemental public access area#. Such path shall provide access to the primary entrance of any building or #use# that is within or adjacent to the #supplemental public access area#.

The required circulation path shall have a minimum clear width of ten feet and any other circulation path shall have a minimum clear width of six feet.

Within a transition zone, the minimum aggregate width of clear path along any side of the #supplemental public access area# shall be equal to 50 percent of the length of the intersection between the two public access areas, and any single path providing access between waterfront public access areas shall have a minimum width of 10 feet.

(iii) A minimum of one linear foot of seating shall be provided for every 50 square feet of pedestrian circulation zone. Fifty percent of required seating shall be under shade throughout the day.

(iv) A minimum of 60 percent of the pedestrian circulation zone shall be planting area with no more than 30 percent of the planting area in raised planting beds. At least 35 percent of the #supplemental public access area# shall be lawn in compliance with the standards set forth in paragraph (c)(5) of Section 62-675 (Planting and trees).

(v) Four trees shall be required for the first 2,500 square feet of #supplemental public access area#, at least two of which shall be shade trees. For each additional 750 square feet, one additional shade, ornamental or small tree shall be required. Small or ornamental trees located within the pedestrian circulation zone shall not be counted toward the minimum requirements.

(c) Amenities

In parcels where #supplemental public access area# is required, no more than fifteen percent of public access area may be reduced if playgrounds and other amenities are provided in accordance with the following provisions.

(1) Playgrounds

A playground shall have a minimum size of 1,000 square feet and, if applicable, there shall be a minimum of 400 feet between any two playground areas. For every five square feet of playground area provided, the total amount of required public access may be reduced by the rate of one square foot.

(2) Other amenities

A reduction in the total amount of required public access area shall be permitted according to the following table.

Amenity	Square feet reduction
Picnic table	22 sq. ft. per table, to a max. of 200 sq. ft.
Chess table	20 sq. ft. per table,to a max. of 200 sq. ft.
Telescope	10 sq. ft. per telescope, to a max. of 50 sq. ft.
Fountain/water feature	150 sq. ft. per feature, to a max. of 300 sq. ft.
Shade structure	150 sq. ft. perstructure, to a max. of 300 sq. ft.

(d) Public access design reference standards

Section 62-67 is hereby modified by the following provisions.

(1) Guardrails

The provisions of paragraph (a) Section 62-671 (Guardrails, gates and other protective barriers) shall be inapplicable. In lieu thereof the following provisions for guardrails shall apply:

(i) Guardrails shall be located within waterfront public access areas continuously along any bulkhead, stabilized shore or the water edges of a #pier# or #platform# that is located within 50 feet of a circulation path; and continuously along any grade level change of 30 inches or greater adjoining or within 10 feet of a circulation path. However, guardrails shall not be required landward of any rip rap, beach or any other shoreline material that is at least 10 feet wide. If any protective barrier is provided adjacent to any rip rap, beach or other shoreline material, they shall not exceed a height of 21 inches or shall consist of a bollard and chain device.

Guardrails shall not be required at access points to WD #uses# and #development# on #floating structures#. The minimal protective barrier at such locations shall be a swing gate, bollard and chain or similar device.

(ii) Guardrails shall comply with illustration A1; alternatively, illustration A2 may be used in #piers#.

All guardrail components and hardware shall be in stainless steel or cast aluminum, as applicable.

Illustration A1

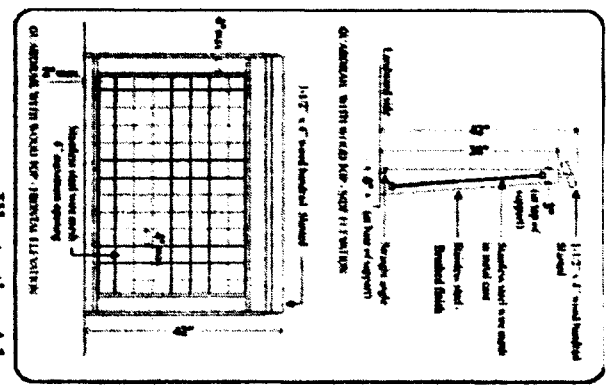

Illustration A2

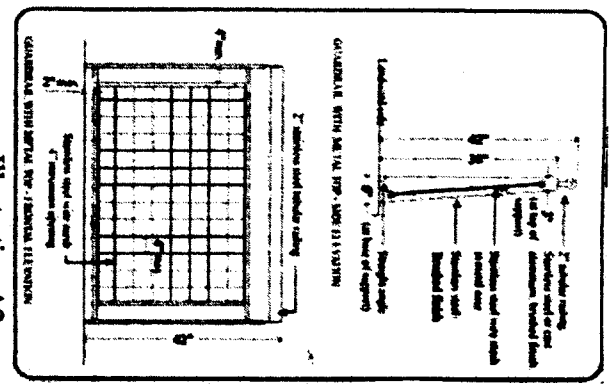

(Alternate for Piers)

(2) Seating

In addition to the provisions of Section 62-672, at least fifty percent of the required seating along any #shore public walkway# or #supplemental public access area# shall comply with illustration B1 or B2 below.

Illustration B1

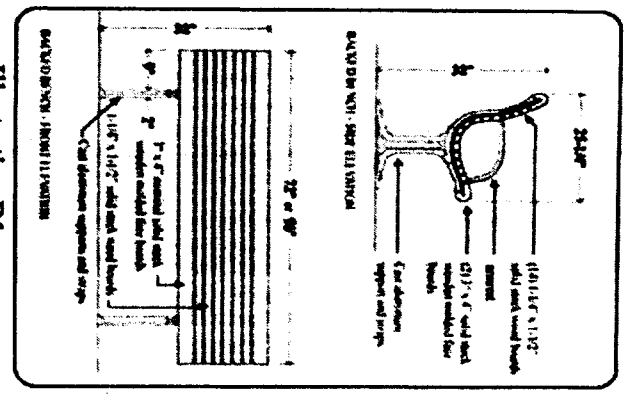

Illustration B2

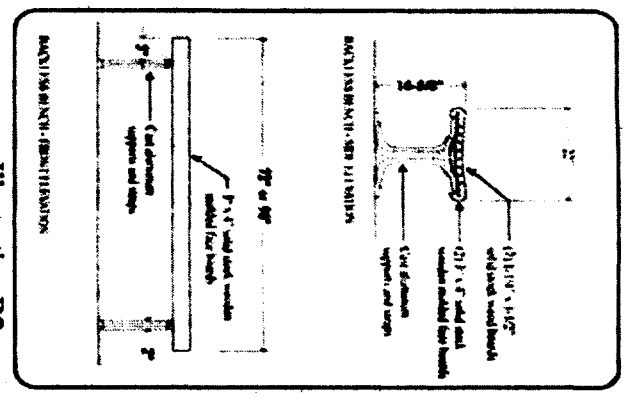

All wood boards shall be made of Redwood, Jarrah or Ipe, have eased edges and ends and be treated for external use without stain or varnish.

All supports and backstraps shall be 713 tenzalloy cast aluminum, with a rust inhibitor and a top coat finish of thermosetting polyester powdercoat that is ultra-violet, chip and flake resistant. Metal components shall have a light gray or aluminum color.

(3) Lighting

In addition to the provisions of Section 62-673, the required lighting along any public access area shall comply with illustration C1 below.

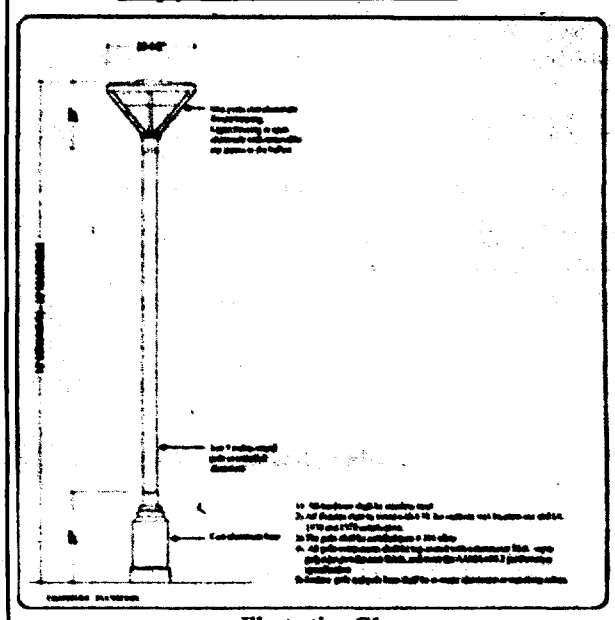

Illustration C1

(4) Planting and trees

The provisions of paragraph (c)(6) (Container planting) of Section 62-675 shall be inapplicable, unless a structural or environmental necessity is demonstrated at the time of certification.

(5) Paving

In addition to the provisions of Section 62-676, the paving for the required clear path within the #shore public walkway# shall be gray. At least fifty percent of all other paved areas within the #shore public walkway# and #supplemental public access areas# shall be paved in the same color range.

(e) Special public access provisions by parcel

The provisions of Sections 62-41 (Requirements for waterfront public access) and 62-60 (DESIGN STANDARDS FOR THE WATERFRONT AREA) are modified at the following designated locations which are shown on Map BK-1b in paragraph (g) of this Section:

1. Parcels 1 and 2

(i) #Shore public walkway#
The requirements for Prototype I described in paragraph (b)(1) of this Section shall apply to all new #development#.

In the event of any #enlargement#, #extension# or change of #use# within existing #buildings or other structures#, a #shore public walkway# shall occupy the entire area between the seaward edge and the existing #building or other structure# but need not be wider than 40 feet. The #shore public walkway# shall have a minimum clear path of 10 feet. No seating, planting or buffer zone shall be required. If seating and planting are provided, they shall comply with the provisions of Sections 62-672 and 62-675. In addition to the lighting design requirements of paragraph (c)(3) of this Section, lighting fixtures may be mounted on existing #buildings or other structures#.

(ii) #Supplemental public access area#
The requirements for #supplemental public access area# shall be waived.

(2) Parcels 3 and 4

(i) #Shore public walkway#

The requirements for Prototype I described in paragraph (b)(1) of this Section shall apply.

(ii) #Upland connection#

An #upland connection# shall be provided between Commercial Street and the #shore public walkway# within a flexible location along the #lot line# between Parcels 3 and 4. Whichever parcel is developed first shall provide an #upland connection# along the #lot line# between the two parcels. The width of the #upland connection# may be utilized by the developer of the remaining parcel in the computation necessary to comply with the requirements of a #visual corridor# along the #lot line# between the two parcels, according to the provisions of paragraph (f)(1) of this Section. If both parcels are developed concurrently, then the requirements may be divided equally along the #lot line# between the parcels.

(3) Parcel 5a

(i) #Shore public walkway#

The requirements for Prototype I described in paragraph (b)(1) of this Section shall apply.

(ii) #Upland connection#

An #upland connection# shall be provided between Commercial Street and the #shore public walkway# within the flexible location zone indicated on Map BK-1b in paragraph (g) of this Section.

The eastern boundary of such flexible location zone shall be 110 feet from the shared lot line of Parcel 4 and its western boundary shall be 200 feet from the shared lot lines of Parcels 5b and 6.

(iii) #Supplemental public access area#

The #supplemental public access area# shall abut the #shore public walkway# continuously along its longest side, and shall also abut the required #upland connection# where it meets the #shore public walkway#. The #upland connection#, however, may cut across the #supplemental public access area# provided that no area shall be less than 5,000 square feet. All #supplemental public access areas# shall have a minimum width to depth ratio of 1.0 to 1.0 and a maximum width to depth ratio of 2.0 to 1.0. In no event shall the #supplemental public access area# be deeper than 100 feet. The requirements for Waterfront Plaza described in paragraph (b)(3) of this Section shall apply.

Alternatively, a portion of the required #supplemental public access area# that is a minimum of 5,000 square feet may abut the #shore public walkway# continuously along the longest side provided that it also abuts a publicly accessible private drive connecting the #shore public walkway# to Commercial Street. Such publicly accessible private drive shall be improved to the standards of an #upland connection# as required by Section 62-641, but shall not be counted towards satisfying the required amount of public access area on the site. The requirements for Waterfront Park described in paragraph (b)(4) of this Section shall apply.

(4) Parcel 5b

#Shore public walkway#

The requirements for Prototype I described in paragraph (b)(1) of this Section shall apply.

(5) Parcel 5c

(i) #Shore public walkway#

The requirements for Prototype I described in paragraph (b)(1) of this Section shall apply.

(ii) #Upland connection#

Two #upland connections# shall be provided between West Street and the #shore public walkway#, one each located within the prolongation of the #street lines# of Eagle Street, and Green Street, respectively.

(iii) #Supplemental public access area#

Two #supplemental public access areas# shall be provided on Parcel 5c.
A #supplemental public access area# shall be bounded by the southern boundary of the required Green Street #upland connection#, the #shore public walkway#, the southern boundary of Parcel 5c and the northern prolongation of the eastern boundary of the #shore public walkway# required in Parcel 7. The requirements for Waterfront Plaza described in paragraph (b)(3) of this Section shall apply.

The remaining required #supplemental public access area# shall be provided either on the #pier# or distributed evenly as a widening of the pedestrian circulation zone of the #shore public walkway# located between the Eagle Street and Green Street #upland connections#. If any #supplemental public access area# is located on the #pier#, the planting requirements for Waterfront Plaza described in paragraph (b)(3) of this Section shall apply, except that trees may be substituted by a shading element at a rate of 450 sq. ft. of shade element per tree.

(iv) #Pier# public access

Public access shall be provided on the Green Street #pier# pursuant to the requirements of Section 62-412 and of paragraph (a)(1) of this Section.

(6) Parcel 5

In the event that Parcels 5a, 5b and 5c are merged into one parcel, they shall be known as Parcel 5 and be subject to the following requirements:

(i) #Shore public walkway#

The requirements for Prototype I described in paragraph (b)(1) of this Section shall apply.

(ii) #Upland connection#

One #upland connection# shall be provided between Commercial Street and the #shore public walkway# within the flexible location zone indicated on Map BK-1b in paragraph (g) of this Section. The eastern boundary of such flexible location zone shall be 110 feet from the shared lot line of Parcel 4 and its western boundary shall be 200 feet from the shared lot line of Parcel 6.

Two #upland connections# shall be provided between West Street and the #shore public walkway#, each located within the prolongation of the #street lines# of Eagle Street and Green Street, respectively.

(iii) #Supplemental public access area#

Two #supplemental public access areas# shall be provided.
A #supplemental public access area# shall be bounded by the southern boundary of the required Green Street #upland connection#, the #shore public walkway#, the southern boundary of Parcel 5 and the northern prolongation of the eastern boundary of the #shore public walkway# required in Parcel 7. The requirements for Waterfront Plaza described in paragraph (b)(3) of this Section shall apply.

The remaining of the required #supplemental public access area# shall be located within the area bounded by the western prolongation of the north #street line# of Dupont Street, the #shore public walkway#, the northern prolongation of the eastern boundary of Parcel 6 and Parcel 6 . The requirements for Waterfront Park described in paragraph (b)(4) of this Section shall apply.

(iv) #Pier# public access

Public access shall be provided on the Green Street #pier# pursuant to the requirements of Section 62-412 and of paragraph (a)(1) of this Section.

(7) Parcel 7

(i) #Shore public walkway#

The requirements for Prototype I described in paragraph (b)(1) of this Section shall apply, except that any portion of the required #shore public walkway# where the distance between the shoreline and the boundaries of Parcel 7 is less than 17 feet shall be improved entirely as clear path.

(ii) #Supplemental public access area#

The requirement for a #supplemental public access area# on Parcel 7 is waived.

(8) Parcels 9, 10 and 11

(i) #Shore public walkway#

The requirements for Prototype II described in paragraph (b)(2) of this Section shall apply.

(ii) #Supplemental public access area#

For each parcel, the #supplemental public access area# requirements shall be provided to widen the pedestrian circulation zone of the #shore public walkway#, evenly distributed along the entire length of such #shore public walkway#.

(9) Parcel 13

(i) #Shore public walkway#

The requirements for Prototype I described in paragraph (b)(1) of this Section shall apply.

(ii) #Upland connection#

An #upland connection# shall be provided between West Street and the #shore public walkway# located within the prolongation of the #street lines# of Milton Street.

(iii) #Supplemental public access area#

A #supplemental public access area# shall be bounded by the southern #street line# of Greenpoint Avenue, the #shore public walkway# and the northern boundary of the required Milton Street #upland connection#. The requirements for Waterfront Park described in paragraph (b)(4) of this Section shall apply.

(10) Parcel 14

(i) #Shore public walkway#

The area between the prolongation of the northern #street line# of Calyer Street and the prolongation of the northern boundary of the required Calyer Street #upland connection# shall be improved pursuant to the requirements of Prototype II described in paragraph (b)(2) of this Section. The remaining required #shore public walkway# shall be improved pursuant to the requirements of Prototype I as described in paragraph (b)(1) of this Section.

(ii) #Upland connection#

An #upland connection# shall be provided between West Street and the #shore public walkway#. The southern boundary of such #upland connection# shall be defined by a line between the intersection of the prolongation of the southern #street line# of Calyer Street and the western #street line# of West Street, and a point on the easterly boundary of the #shore public walkway# 30 feet north of the northern #street line# of Quay Street

(iii) #Supplemental public access area#
Two #supplemental public access areas# shall be provided. A #supplemental public access area# with a minimum of 9,000

square feet shall be provided between the prolongation of the northern #street line# of Calyer Street and the prolongation of the northern boundary of the required Calyer Street #upland connection# to widen the pedestrian circulation zone of the #shore public walkway#.

The remaining requirements for #supplemental public access area# shall be located in the area bounded by the southern boundary of the required Calyer Street #upland connection#, the #shore public walkway# and the southern boundary line of the parcel. The requirements for Waterfront Park described in paragraph (b)(4) of this Section shall apply.

(11) Parcel 15

An #upland connection# shall be provided within the prolongation of the #street lines# of WestStreet, connecting Quay Street to Parcel 20.

(12) Parcels 19, 20, 21 and 22

Parcels 19, 20, 21 and 22 shall be designated as public parks as of (date of adoption).

(13) Parcel 24
#Shore public walkway#

Prototype I described in paragraph (b)(1) of this Section shall apply.

(14) Parcel 25

(i) #Shore public walkway#

The requirements for Prototype I described in paragraph (b)(1) of this Section shall apply.

(ii) #Upland connection#

An #upland connection# shall be provided between West Street and the #shore public walkway# located within the prolongation of the #street lines# of North 6th Street.

(iii) #Supplemental public access area#

Two #supplemental public access areas# shall be provided.

One #supplemental public access area# shall be provided along the prolongation of the southern #street line# of North 7th Street and the #shore public walkway#. Such public access area shall be a minimum of 3,000 square feet in area and shall have a minimum depth of 90 feet from the southern #street line# of North 7th Street. The entire #supplemental public access area#, excluding the required buffer, shall be developed as clear circulation path.

A minimum of one linear foot of seating shall be required for every 40 square feet of pedestrian circulation zone and shall be located in the required buffer zone. Four trees shall be required, at least two of which are shade trees. Small or ornamental trees located within the buffer zone shall not be counted toward the minimum requirements.

The remaining required #supplemental public access area# shall be located either on the #pier# or abut the #shore public walkway# continuously along its longest side, and shall also abut the required #upland connection# where it meets the #shore public walkway#. At least 70 percent of the required #supplemental public access# shall have a width to depth ratio of 2 to 1. The requirements for Waterfront Plaza described in paragraph (b)(3) of this Section shall apply. If any #supplemental public access area# is located on the #pier#, the planting requirements for Waterfront Plaza shall apply, except that trees may be substituted by a shading element at a rate of 450 sq. ft. of shade element per tree.

(iv) #Pier# public access

Public access shall be provided on a #pier# located at the western terminus of North 6th Street pursuant to the requirements of Section 62-412 and of paragraph (a)(1) of this Section.

(15) Parcel 26

(i) #Shore public walkway#

The requirements of Section 62-411 (Requirements for shore public walkways) shall apply, except that the minimum required width of the #shore public walkway# shall be reduced to 34 feet between North 5th Street and the northern boundary of the required #upland connection# at the prolongation of North 4th Street. The quantity of public access eliminated from the #shore public walkway# as a result of this width reduction shall be located in the triangle formed between the #shore public walkway#, the southern #street line# of the North 4th Street #upland connection# and the bulkhead line. The entirety of the #shore public walkway# shall be improved pursuant to the requirements for Prototype I described in paragraph (b)(1) of this Section.

(ii) #Upland connections#

An #upland connection# shall be provided between Kent Avenue and the #shore public walkway# located within the prolongation of the #street lines# of North 4th Street.

(16) Parcel 27

(i) #Shore public walkway#

The requirements for Prototype I described in paragraph (b)(1) of this Section shall apply to all new #development#.

In the event of any #enlargement#, #extension# or change of #use# within existing #buildings or other structures#, a #shore public walkway# shall occupy the entire area between the seaward edge and the existing #building or other structure#, but shall not need to be wider than 40 feet.

Notwithstanding the requirements of Paragraph (c) of Section 62-62 (General Requirements for Public Access), the #shore public walkway# may be located within the #building or other structure#, and the obstructions permitted by Section 62-626, paragraph (a), shall include any supporting structural elements of the #building or other structure# and its related appurtenances. Additionally, the #shore public walkway# shall have a minimum clear path of 12 feet. No seating, planting or buffer zone shall be required. If seating and planting are provided, they shall comply with the provisions of Sections 62-672 and 62-675. In addition to the lighting design requirements of paragraph (c)(3) of this Section, lighting fixtures may be mounted on existing #buildings or other structures#.

(ii) #Supplemental public access area#

The requirements for #supplemental public access# shall be waived.

(f) Special visual corridor provisions by parcel
The designated locations for #visual corridors# pursuant to this Plan are shown on Map BK-1c in paragraph (g) of this Section and shall be as follows:

(1) Parcels 3 and 4

A #visual corridor# shall be provided through Parcels 3 and 4 to the pierhead line within a flexible area along the #lot lines# between them.

Whichever parcel develops second shall complete the required clearance to comply with the #visual corridor# requirements along the #upland connection# already provided in accordance with the requirements of paragraph (e)(2)(ii) of this Section. If both parcels are developed concurrently, then the requirements can be divided equally along the #lot line# between the parcels.

(2) Parcel 5a

A #visual corridor# shall be provided through Parcel 5a to the pierhead line within the flexible location zone indicated on Map BK-1c in paragraph (g) of this Section. The eastern boundary of such flexible area shall be 110 feet from the shared lot line of Parcel 4 and its western boundary shall be 200 feet from the shared lot line of Parcels 5b and 6.

(3) Parcel 5b

Two #visual corridors# shall be provided through Parcel 5b to the pierhead line as the prolongation of the #street lines# of West Street and Dupont Street, respectively.

(4) Parcel 5c

(i) Three #visual corridors# shall be provided through Parcel 5c to the pierhead line as the prolongation of the #street lines# of West Street, Eagle Street and Green Street.

(ii) Permitted obstructions on #piers#, per Section 62-65 paragraph (b), shall be permitted obstructions along the #visual corridor# along Green Street.

(5) Parcel 5

In the event that Parcels 5a, 5b and 5c are merged into one parcel, they shall be known as Parcel 5, subject to the following #visual corridors# requirements:

(i) One #visual corridor# shall be provided through Parcel 5 to the pierhead line within the flexible location zone indicated on Map BK-1c in paragraph (g) of this Section. The eastern boundary of such flexible area shall be 110 feet from the shared lot line of Parcel 4 and its western boundary shall be 200 feet from the shared lot line of Parcel 6.
Four #visual corridors# shall be provided through Parcel 5 to the pierhead line, each located as the prolongation of the #street lines# of West Street, Dupont Street, Eagle Street and Green Street, respectively.

(ii) Permitted obstructions on #piers#, per Section 62-65 paragraph (b), shall be allowed along the #visual corridor# along Green Street.

(6) Parcel 13

Two #visual corridors# shall be provided through Parcel 13 to the pierhead line as the prolongation of the #street lines# of Milton Street and Oak Street, respectively.

(7) Parcel 14

A #visual corridor# shall be provided through Parcel 14 as the prolongation of the #street lines# of Oak Street.

(8) Parcel 15

A #visual corridor# shall be provided though Parcel 15 as the prolongation of the #stret lines# of West Street.

(9) Parcel 25

A #visual corridor# shall be provided through Parcel 25 as the prolongation of the #street lines# of North 6th Street.

PARKS AND RECREATION

■ JOINT PUBLIC HEARING

NOTICE OF A JOINT PUBLIC HEARING between the Franchise and Concession Review Committee and the Department of Parks and Recreation to be held on Monday, February 7, 2005 at Spector Hall, 22 Reade Street, Main Floor, Borough of Manhattan, commencing at 10:00 a.m. relative to:

AUTHORIZATION to enter into a Sole Source Concession Agreement with Theatre Development Fund (TDF), located at 1501 Broadway, New York, NY 10036, for the operation and management of a discount ticket stand to be constructed in Father Duffy Square, located at West 47th Street and Broadway, Borough of Manhattan, for a term of twenty (20) years commencing September 1, 2005. TDF will pay Parks a fee of $39,000 for the first year of the license term; the fee will escalate annually based on increases in the Consumer Price Index (CPI); however, if the CPI goes down, the license fee will remain the same. Additionally, in years six (6), eleven (11) and sixteen (16), if the CPI increase over each of the respective prior five (5) year periods is less than the percentage increase in the service charge attached to the ticket sale covering that same period, TDF's license fee will be further increased by the difference between the percentage increase in the CPI and the percentage rise in TDF's service charge.

LOCATION Father Duffy Square, West 47th Street and Broadway, Manhattan.

Interested parties may obtain a copy of the proposed license agreement in Room 313 at the Arsenal, Central Park, 830 Fifth Avenue, NY, NY 10021 on Wednesday, January 12, 2005 through Monday, February 7, 2005, exclusive of Saturdays, Sundays and holidays.

COURT NOTICE

SCHOOL CONSTRUCTION AUTHORITY

■ NOTICE

QUEENS COUNTY
IA PART 8
NOTICE OF ACQUISITION
INDEX NUMBER 26443/04

In the Matter of the Application of the
NEW YORK CITY SCHOOL CONSTRUCTION AUTHORITY,
Petitioner,

To Acquire By Exercise of its Powers of Eminent Domain Title in Fee Simple Absolute to Certain Real Property Known as Tax Block 1608, Lots 1, 8 and 14, Located in the Borough of Queens, City of New York, in Connection With the Construction of P.S./I.S. 260Q.

PLEASE TAKE NOTICE, that by order of the Supreme Court of the State of New York, County of Queens, duly entered in the office of the Clerk of the County of Queens on December 22, 2004, the application of the New York City School Construction Authority to acquire certain real property, for the construction of primary/middle school, P.S/I.S. 260Q, was granted and the City was thereby authorized to file an acquisition map with the Clerk of the County of Queens or the City Register. Said map, showing the property acquired by the School Construction Authority, was filed with the City Register on December 27, 2004. Title to the real property vested in the School Construction Authority on December 27, 2004.

The City has acquired the following parcels of real property:

BLOCK	LOT(S)
1608	1
1608	8
1608	14

PLEASE TAKE FURTHER NOTICE, that pursuant to said Order and to Section 503 and 504 of the Eminent Domain Procedure Law of the State of New York, each and every person interested in the real property acquired in the above-referenced proceeding and having any claim or demand on account thereof is hereby required, on or before 180 days from the date of service of this notice, to file a written claim with the Clerk of the Court of Queens County, and to serve within the same time a copy thereof on the Corporation Counsel of the City of New York, Tax and Bankruptcy Litigation Division, 100 Church Street, New York, New York 10007. Pursuant to EDPL Section 504, the claim shall include:

A. the name and post office address of the condemnee;
B. reasonable identification by reference to the acquisition map, or otherwise, of the property affected by the acquisition, and the condemnee's interest therein;
C. a general statement of the nature and type of damages claimed, including a schedule of fixture items which comprise part or all of the damages claimed; and,
D. if represented by an attorney, the name, address and telephone number of the condemnee's attorney.

Pursuant to EDPL Section 503(C), in the event a claim is made for fixtures or for any interest other than the fee in the real property acquired, a copy of the claim, together with the schedule of fixture items, if applicable, shall also be served upon the fee owner of said real property.

Dated: January 5, 2005, New York, New York

REAL ESTATE VALUATION AND APPRAISAL RFP – Request for Proposals – PIN# 201600 – DUE 02-14-05 AT 4:00 P.M. – New York City Economic Development Corporation (NYCEDC) seeks proposals for valuation and appraisal services related to multi-family residential, commercial, and multi-use projects located throughout New York City on an as-needed basis for a term of three (3) years, with one-year extensions at NYCEDC's discretion.
NYCEDC sells and leases City-owned land for private development of industrial, retail, office, multi-family residential, and institutional uses. These transactions may involve a parcel for construction of a warehouse for a small business or assemblages for large, multi-use developments. It also directly leases City-owned retail and industrial buildings and facilities to private tenants. To assure successful projects that promote economic betterment, NYCEDC may provide public funds and incentives in support of these transactions. In connection with these activities, NYCEDC intends to place several consultants on retainer to provide valuation and appraisal services. Chosen firms will have experience in New York City, and, as a minimum, are expected to have a New York State real estate appraisal certification. Preference will be given to firms that also have staff with a MAI certification. The services to be provided may include, but are not limited to, valuation of fee simple or partial fee interests in land and/or improvements thereon, appraisal of development rights, appraisal reviews, market studies, and calculation of return on investments. NYCEDC intends to retain firms with full service capability and those with a selective scope of work and experience.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/blueprints; other information; and for opening and reading of bids at date and time specified above.

REDEVELOPMENT OF A PORTION OF THE FARM COLONY IN STATEN ISLAND – Request for Expressions of Interest – DUE 02-18-05 AT 4:00 P.M. – Located in the Willowbrook area of central Staten Island, the Site is part of the Farm Colony - Seaview Hospital Historic District. The approximately 59-acre Site is zoned R3-2 with a NA-1 (Special Natural Area District) overlay. Eleven historically significant and deteriorated buildings are located on the Site, which is identified as Block 1955, part of Lot 1 in the Borough of Staten Island tax map.
NYCEDC's goal is to solicit ideas for the redevelopment of the Site that address the unique constraints affecting development including, but not limited to, the rehabilitation and adaptive reuse of the existing buildings. Other development goals include sensitivity to both the Site's location in a Special Natural Area District and its bucolic setting within the Staten Island Greenbelt, as well as the Site's adjacency to low-density residential and institutional development. Therefore, development concepts should focus on cultural, educational, and recreational uses permitted by zoning. All proposals for new construction must be consistent with the recommendations made by the Mayor's Staten Island Growth Management Task Force. Further, general residential uses will not be permitted on the Site. Senior housing, although not a preferred use, will be considered on a case-by-case basis.

A question-and-answer session to discuss the Site and tour will be held on January 20, 2005 at 10:00 a.m. To attend the question-and-answer session and site visit, please call (212) 312-3875 on or before January 14, 2005. Interested parties are strongly encouraged to attend.

For more information, and to request a copy of the RFEI, visit www.nycedc.com/farmcolonyRFEI or call (212) 312-3969. Please submit six (6) copies of your proposal.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/blueprints; other information; and for opening and reading of bids at date and time specified above.

REHAB. ON THE STATEN ISLAND RAILROAD ARTHUR KILL LIFT BRIDGE – Public Bid – DUE 01-27-05 AT 2:00 P.M. – As part of the City's efforts to reactivate freight service on the Staten Island Railroad, the New York City Economic Development Corp. is letting this bridge rehab. contract (#5320016). Located between the Howland Hook Marine Terminal and the Gothels Bridge on the west shore of Staten Island, the Arthur Kill Lift Bridge is a single-track movable bridge that spans approximately 500' over the Arthur Kill. Built in 1958 this bridge was in use until the early 1990's. The bridge is currently operational and the intent of this rehab is to prepare it for daily reliable use. The proposed bid date is January 27, 2005 and a site visit is schedule for January 6, 2005. Bidders interested in attending the site visit must register at the Port Ivory Security Office on Western Avenue, a pre walk through meeting will be held at Port Ivory Administration Building.

The scope of work entails lead paint abatement, cleaning and painting structural steel and machinery house exteriors, concrete spall and crack repairs, replacement of bridge walkways and railings, electric signal and power upgrades, installation of new meter house and meter house electrical equipment, bridge machinery repairs, bridge balancing and start-up. The engineer's estimate is approximately $6,000,000. The cost of the Bid package is $200 USD payable to either a certified bank check or money order. Cash, personal or company checks are not acceptable. All submitted bids are required to have a Bid bond.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/blueprints; other information; and for opening and reading of bids at date and time specified above.

DEVELOP TRANSITIONAL RESIDENCE FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – Competitive Sealed Proposals – Judgment required in evaluating proposals - PIN# 071-00S-003-262 – DUE 01-03-06 AT 5:00 P.M. – The Department of Homeless Services is soliciting proposals from organizations interested in developing and operating transitional residences for homeless adults and families including the Neighborhood Based Cluster Residence and drop-in centers for adults. This is an open-ended solicitation; there is no due date for submission. Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-forth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the transitional residence contracts will range from 3 to 20 years including renewal options and depending on the financial terms and conditions.

Pursuant to Section 312 (c) (1) (ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgment is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03 (c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences in order to address the need to create additional shelter capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated as a for-profit entity; 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed Standalone facility location(s); and 3) must demonstrate an intent to enter into lease agreements with the owner(s) or management designee(s) for each property.

Any organization that believes it can provide these services may contact: John Iaffaldano, Associate Staff Analyst, Office of Contracts and Procurement at the Department of Homeless Services at (212) 361-8435, 33 Beaver Street, 13th Floor NY, NY 10004, to request a copy of the RFP application, which is available for pick-up Monday through Friday on business days between the hours of 9:00 a.m. to 5:00 p.m.

REQUEST FOR COMMENT ON APPLICATION FOR CERTIFICATE OF NO HARASSMENT PURSUANT TO THE SPECIAL CLINTON DISTRICT PROVISIONS OF THE ZONING RESOLUTION

DATE OF NOTICE: January 6, 2005

TO: OCCUPANTS, FORMER OCCUPANTS AND OTHER INTERESTED PARTIES OF

Address	Application #	Inquiry Period
785 9th Avenue, Manhattan	C25/04	September 5, 1973 to Present

Prior to the issuance of a permit by the Department of Buildings for the alteration or demolition of residential buildings in certain areas of the Special Clinton District, the Department of Housing Preservation and Development is required to certify that: 1) prior to evicting or otherwise terminating the occupancy of any tenant preparatory to alteration or demolition, the owner shall have notified HPD of the owner's intention to alter or demolish the building and 2) the eviction and relocation practices followed by the owner of the building satisfy all applicable legal requirements and that no harassment has occurred.

The owner of the building located at the above-referenced address seeks the issuance of an HPD Certification. The owner has represented and certified to HPD of the owner's intention to alter or demolish the building and that the eviction and relocation practices followed by the owner satisfy all applicable legal requirements and that no harassment has occurred. For your information HPD considers harassment to include, but not be limited to, the threatened or actual use of physical force, deprivation of essential services such as heat, water, gas or electric, or any other conduct intended to cause persons to vacate the premises or waive rights related to their occupancy.

HPD requests that if you have any comments or evidence of unlawful eviction and relocation practices or harassment occurring at the above referenced premises that you notify the Housing Litigation Division, SRO Anti-Harassment Unit, 3rd Floor, 100 Gold Street, New York, NY 10038, by letter postmarked not later than 30 days from the date of this notice or by an in-person statement made within the same period. Local Lodge No. 5
2002-2005 Metal Work Mechanic Agreement

AGREEMENT entered into this 4th day of January, by and between the **City of New York** and related public employers pursuant to and limited to their respective elections or statutory requirement to be covered by the New York City Collective Bargaining Law and their respective authorizations to the City to bargain on their behalf (hereinafter referred to as the **"Employer"**), and **Local Lodge No. 5 International Brotherhood of Boilermakers, Iron Ship Builders, Blacksmiths, Forgers & Helpers, AFL-CIO** (hereinafter referred to as the **"Union"**), for the three year period from **July 1, 2002** to **June 30, 2005**.

WITNESSETH:

WHEREAS, the parties hereto have entered into collective bargaining and desire to reduce the results thereof to writing,

NOW, THEREFORE, it is mutually agreed as follows:

ARTICLE I - UNION RECOGNITION AND UNIT DESIGNATION

Section 1.

The **Employer** recognizes the **Union** as the sole and exclusive collective bargaining representative for the bargaining unit set forth below, consisting of employees of the **Employer**, wherever employed, whether full-time, part-time per annum, hourly or per-diem, in the below listed title, and in any successor title(s) that may be certified by the **Board of Certification of the Office of Collective Bargaining** to be part of the unit herein for which the **Union** is the exclusive collective bargaining representative and in any positions in Restored Rule X titles of the Classified Service the duties of which are or shall be equated by the City Personnel Director and the Director of the Budget for salary purposes to the below listed title:

91225 Metal Work Mechanic

Section 2.

The terms **"employee"** and **"employees"** as used in this **Agreement** shall mean only those persons in the unit described in Section 1 of this Article.

ARTICLE II - DUES CHECKOFF

Section 1.

a. The **Union** shall have the exclusive right to the checkoff and transmittal of dues on behalf of each **employee** in accordance with the Mayor's Executive Order No. 98, dated May 15, 1969,

entitled **"Regulations Relating to the Checkoff of Union Dues"** and in accordance with the Mayor's Executive Order No. 107, dated December 29, 1986, entitled **"Procedures for Orderly Payroll Check-Off of Union Dues and Agency Shop Fees."**

b. Any **employee** may consent in writing to the authorization of the deduction of dues from the **employee's** wages and to the designation of the Union as the recipient thereof. Such consent, if given, shall be in a proper form acceptable to the City, which bears the signature of the **employee**.

Section 2.

The parties agree to an agency shop to the extent permitted by applicable law, as described in a supplemental agreement hereby incorporated by reference into this **Agreement**.

ARTICLE III - SALARIES

Section 1.

a. This Article III is subject to the provisions, terms and conditions of the **Alternative Career and Salary Pay Plan Regulations**, dated March 15, 1967 as amended, except that the specific terms and conditions of this Article shall supersede any provisions of such **Regulations** inconsistent with this **Agreement** subject to the limitations of applicable provisions of law.

b. Unless otherwise specified, all salary provisions of this **Agreement**, including general increases and any other salary adjustments, are based upon a normal work week of 40 hours. An **employee** who works on a part-time per -annum basis and who is eligible for any salary adjustments provided in this **Agreement** shall receive the appropriate pro-rata portion of such salary adjustment computed on the relationship between the number of hours regularly worked each week by such **employee** and the number of hours in the said normal work week, unless otherwise specified.

c. **Employees** who work on a per diem or hourly basis and who are eligible for any salary adjustment provided in this **Agreement** shall receive the appropriate pro-rata portion of such salary adjustment computed as follows, unless otherwise specified:

Per diem rate - 1/261 of the appropriate basic salary.
Hourly Rate - 40 hour week basis -1/2088 of the appropriate basic salary.

Section 2.

Note:

* Employees hired on or after 7/1/04 shall be paid the hiring rate effective 7/1/04. Upon completion of two (2) years of active or qualified service, such employee shall be paid the indicated "minimum" for the applicable title that is in effect on the two year anniversary of their original appointment as set forth in the applicable Successor Separate Unit Agreement. In no case shall an employee receive less than the stated hiring rate.

Section 3:

A. Lump Sum Cash Payment:

i Effective upon ratification, a lump sum cash payment in the amount of $1,000 shall be paid in accordance with the established eligibility guidelines contained in attached Letter of Agreement.

ii Part-time per annum, part-time per diem (including seasonal appointees), per session and hourly paid Employees whose normal work year is less than a full calendar year shall receive a pro-rata portion of the lump sum cash payment set forth in Section 3(A)(i) on the basis of computations heretofore utilized by the parties for all such Employees.

iii The lump sum cash payment provided in Section 3(A) shall be pensionable, consistent with applicable law, and shall be paid as soon as practicable upon ratification.

iv The lump sum cash payments provided for in this Section shall not become part of the Employee's basic salary rate nor be added to the Employee's basic salary for the calculation of any salary based benefits including the calculation of future collective bargaining increases.

B. General Wage Increase:

i. Effective July 1, 2003, employees shall receive a general increase of **3.065** percent.

ii. Effective July 1, 2004, employees shall receive a general increase of **2.042** percent.

iii. Part-time per annum, per session, hourly paid and per diem employees (including seasonal appointees) and Employees whose normal work year is less than a full calendar year shall receive the increases provided in Sections 3(B)(i) and 3(B)(ii) on the basis of computations heretofore utilized by the parties for all such Employees.

C. The increases provided for in Section 3(B) above shall be calculated as follows:

i. The general increase in Section 3(B)(i) shall be based upon the base rate (i.e. salary) of the title in effect on June 30, 2003.

ii. The general increase in Section 3(Bb)(ii) shall be based upon the base rate (i.e. salary) of the title in effect on June 30, 2004.

Section 4. New Hires

a. The following provisions shall apply to Employees newly hired on or after July 1, 2004:

i. During the first two (2) years of service, the "appointment rate" for a newly hired employee shall be 10.08% less than the applicable "incumbent" rate for said title that is in effect on the date of such appointment as set forth in this *Agreement*. The general increases provided for in subsections 3B(i) and 3B(ii) shall be applied to the "appointment rate."

ii. Upon completion of two (2) years of service such employees shall be paid the indicated "incumbent" rate for the applicable title that is in effect on the two (2) year anniversary of their original date of appointment as set forth in this *Agreement*.

b. For the purposes of Section 4(a) and 4(c) , employees 1) who were in active pay status before July 1, 2004, and 2) who are affected by the following personnel actions after said date shall not be treated as "newly hired" employees and shall be entitled to receive the indicated "incumbent rate" set forth in section 2(b) of this Article III:

i. Employees who return to active status from an approved leave of absence.
ii. Employees in active status (whether full or part-time) appointed to permanent status from a civil service list, or to a new title (regardless of jurisdictional class or civil service status) without a break in service of more than 31 days.
iii. Employees who were laid off or terminated for economic reasons who are appointed from a recall/preferred list or who were subject to involuntary redeployment.
iv. Provisional employees who were terminated due to a civil service list who are appointed from a civil service list within one year of such termination.
v. Permanent employees who resign and are reinstated or who are appointed from a civil service list within one year of such resignation.
vi. Employees (regardless of jurisdictional class or civil service status) who resign and return within 31 days of such resignation.
vii. A provisional employee who is appointed directly from one provisional appointment to another.

For employees whose circumstances were not anticipated by the parties, the First Deputy Commissioner of Labor Relations is empowered to issue, on a case-by-case basis, interpretations concerning application of this Section 4. Such case-by-case interpretations shall not be subject to the dispute resolution procedures set forth in Article V of this *Agreement*.

c.

i For a title subject to an incremental pay plan, the employee shall be paid the appropriate increment based upon the employee's length of service.

ii. Employees who change titles or levels before attaining two years of service will be treated in the new title or level as if they had been originally appointed to said title or level on their original hiring date.

d. The First Deputy Commissioner of Labor Relations may, after notification to the affected union(s), exempt certain hard to recruit titles from the provisions of subsection 4(a).

Section 5.

Each general increase provided herein, effective as of each indicated date, shall be applied to the rate in effect on the date as specified in Section 3 of this Article.

Section 6.

In the case of an **employee** on leave of absence without pay the salary rate of such **employee** shall be changed to reflect the salary adjustments specified in Section 2 of this Article.

Section 7. Annuity Fund

a. DEFINITIONS:

scheduled days off:

An employee's regular days off ("RDO's"). For example, Saturday and Sunday would be the scheduled days off for a full-time per annum employee working a Monday through Friday schedule.

b. Effective July 1, 2002 the employer shall continue to make contributions on behalf of covered employees which shall be remitted by the Employer to a mutually agreed upon annuity fund subject to the terms of a signed supplemental agreement approved by the Corporation Counsel.

i. The employer shall continue to make payment into the fund on behalf of covered full-time per annum and full-time per diem employees, on a twenty-eight (28) day cycle basis, a pro-rata daily contribution for each paid working day which amount shall not exceed **$2,197.62** per annum for each employee in full pay status in the prescribed twelve (12) month period.

ii. For covered employees who work a compressed work week, the employer shall make additional payments into the fund, on a twenty-eight (28) day cycle basis, a pro-rata daily contribution for each set of paid working hours which equate to the daily number of hours that title is regularly scheduled to work, which amount shall not exceed **$2,197.62** per annum for each employee in full pay status in the prescribed twelve (12) month period.

iii. For covered employees who work less that the number of hours for their full-time equivalent title, the employer shall make additional payments into the fund, on a twenty-eight (28) day cycle basis, a pro-rata daily contribution calculated against the number of hours associated with their full-time equivalent title, which amount shall not exceed **$2,197.62** per annum for each employee in full pay status in the prescribed twelve (12) month period.

iv. For those covered employees who are appointed on a seasonal basis, the employer shall make additional payments into the fund, on a twenty-eight (28) day cycle basis, a pro-rata daily contribution for each paid working day, which amount shall not exceed **$2,197.62** per annum for each employee in full pay status in the prescribed twelve (12) month period.

c. For the purpose of Section 7(b), excluded from paid working days are all scheduled days off, all days in non-pay status, and all paid overtime. "All days in non-pay status: as used in this Section shall be defined as including, but not limited to, the following:

i. time on preferred or recall lists;
ii. time on the following approved unpaid leaves;

(1) maternity/child care leave;
(2) military leave;
(3) unpaid time while on jury duty;
(4) unpaid leave for union business pursuant to Executive Order 75;
(5) unpaid leave pending workers' compensation determination;
(6) unpaid leave while on workers' compensation option 2;
(7) approved unpaid time off due to illness or exhaustion of paid sick leave;
(8) approved unpaid time off due to family illness; and
(9) other pre-approved leaves without pay;

iii. time while on absence without leave;
iv. time while on unapproved leave without pay; or time while on unpaid suspensions.

ARTICLE IV - WELFARE FUND

Section 1.

a. In accordance with the election by the **Union** pursuant to the provisions of Article XIII of the ***1995-01 Citywide Agreement*** as amended between the City of New York and related public employers, or its successor **Agreement(s)**, the Welfare Fund provisions of that ***Citywide Agreement*** as amended or any successor(s) thereto shall apply to **employees** covered by this **Agreement**.

b. When an election is made by the **Union** pursuant to the provisions of Article XIII, Section l(b), of the ***1995-01 Citywide Agreement*** as amended between the City of New York and related public employers or any successor(s) thereto, the provisions of Article XIII, Section lb of the ***Citywide Agreement*** as amended or any successor(s) thereto, shall apply to **employees** covered by this **Agreement**, and when such election is made, the **Union** hereby waives its right to training, education and/or legal services contributions provided in this **Agreement**. In no case shall the single contribution provided in Article XIII, Section lb of the ***1995-01 Citywide***

Agreement as amended or any successor(s) thereto, exceed the total amount that the **Union** would have been entitled to receive if the separate contributions had continued.

Section 2.

The Union agrees to provide welfare fund benefits to domestic partners of covered employees in the same manner as those benefits are provided to spouses of married covered employees.

ARTICLE V - GRIEVANCE PROCEDURE

Section 1. - Definition:

The term "*Grievance* " shall mean:

a. A dispute concerning the application or interpretation of the terms of this **Agreement**;

b. A claimed violation, misinterpretation or misapplication of the rules or regulations, written policy or orders of the **Employer** applicable to the agency which employs the grievant affecting terms and conditions of employment; provided, disputes involving the **Rules and Regulations of the New York City Personnel Director** shall not be subject to the grievance procedure or arbitration;

c. A claimed assignment of **employees** to duties substantially different from those stated in their job specifications;

d. A claimed wrongful disciplinary action taken against a permanent **employee** covered by **Section 75(1) of the Civil Service Law** upon whom the agency head has served written charges of incompetency or misconduct while the **employee** is serving in the **employee's** permanent title or which affects the **employee's** permanent status.

e. Failure to serve written charges as required by **Section 75 of the Civil Service Law** upon a permanent **employee** covered by **Section 75(1) of the Civil Service Law** where any of the penalties (including a fine) set forth in **Section 75(3) of the Civil Service Law** have been imposed.

f. A claimed wrongful disciplinary action taken against a provisional employee who has served for two years in the same or similar title or related occupational group in the same agency.

Section 2.

The Grievance Procedure except for grievances as defined in Sections l (d) and 1(f) of this Article, shall be as follows:

Employees may at any time informally discuss with their supervisors a matter, which may become a grievance. If the results of such a discussion are unsatisfactory, the **employees** may present the grievance at **Step I**.

All grievances must be presented in writing at all steps in the grievance procedure. For all grievances as defined in Section l(c), no monetary award shall in any event cover any period prior to the date of the filing of the **Step I** grievance unless such grievance has been filed within thirty (30) days of the assignment to alleged outoftitle work.

STEP I - The **employee** and/or the **Union** shall present the grievance in the form of a memorandum to the person designated for such purpose by the agency head no later than 120 days after the date on which the grievance arose. The **employee** may also request an appointment to discuss the grievance. The person designated by the **Employer** to hear the grievance shall take any steps necessary to a proper disposition of the grievance and shall issue a determination in writing by the end of the third work day following the date of submission.

STEP II - An appeal from an unsatisfactory determination at **STEP I** or **STEP I(a)**, where applicable, shall be presented in writing to the agency head or the agency head's designated representative who shall not be the same person designated in **STEP I**. The appeal must be made within five (5) work days of the receipt of the **STEP I** or **STEP I(a)** determination. The agency head or designated representative, if any, shall meet with the **employee** and/or the **Union** for review of the grievance and shall issue a determination in writing by the end of the tenth work day following the date on which the appeal was filed.

STEP III - An appeal from an unsatisfactory determination at **STEP II** shall be presented by the **employee** and/or the **Union** to the **Commissioner of Labor Relations** in writing within ten (10) work days of the receipt of the **STEP II** determination. The grievant or the **Union** should submit copies of the **STEP I** and **STEP II** grievance filings and any agency responses thereto. Copies of such appeal shall be sent to the agency head. The **Commissioner of Labor Relations** or the **Commissioner's** designee shall review all appeals from **STEP II** determinations and shall issue a determination on such appeals within fifteen (15) work days following the date on which the appeal was filed.

STEP IV - An appeal from an unsatisfactory determination at **STEP III** may be brought solely by the **Union** to the Office of Collective Bargaining for impartial arbitration within fifteen (15) work days of receipt of the **STEP III** determination. In addition, the **Employer** shall have the right to bring directly to arbitration any dispute between the parties concerning any matter defined herein as a "grievance". The **Employer** shall commence such arbitration by submitting a written request therefor to the Office of Collective Bargaining. A copy of the notice requesting impartial arbitration shall be forwarded to the opposing party. The arbitration shall be conducted in accordance with the Title 61 of the Rules of the City of New York. The costs and fees of such arbitration shall be borne equally by the **Union** and the **Employer**.

The arbitrator's decision, order or award (if any) shall be limited to the application and interpretation of the **Agreement**, and the arbitrator shall not add to, subtract from or modify the **Agreement**. The arbitrator's award shall be final and binding and enforceable in any appropriate tribunal in accordance with **Article 75 of the Civil Practice Law and Rules**. The arbitrator may provide for and direct such relief as the arbitrator deems necessary and proper, subject to the limitations set forth above and any applicable limitations of law.

Section 3.

As a condition to the right of the **Union** to invoke impartial arbitration set forth in this Article, the **employee** or **employees** and the **Union** shall be required to file with the Director of the Office of Collective Bargaining a written waiver of the right, if any, of the **employee** and the **Union** to submit the underlying dispute to any other administrative or judicial tribunal except for the purpose of enforcing the arbitrator's award.

Section 4.

In any case involving a grievance under Section l(d) of this Article, the following procedure shall govern upon service of written charges of incompetency or misconduct:

STEP A - Following the service of written charges, a conference with such **employee** shall be held with respect to such charges by the person designated by the agency head to review a grievance at **STEP I** of the Grievance Procedure set forth in this **Agreement**. The **employee** may be represented at such conference by a representative of the **Union**. The person designated by the agency head to review the charges shall take any steps necessary to a proper disposition of the charges and shall issue a determination in writing by the end of the fifth day following the date of the conference.

If the **employee** is satisfied with the determination in **STEP A** above, the **employee** may choose to accept such determination as an alternative to and in lieu of a determination made pursuant to the procedures provided for in **Section 75 of the Civil Service Law**. As a condition of accepting such determination, the **employee** shall sign a waiver of the **employee's** right to the procedures available to him or her under **Sections 75 and 76 of the Civil Service Law**.

STEP B(i) - If the **employee** is not satisfied with the determination at **STEP A** above then the **Employer** shall proceed in accordance with the disciplinary procedures set forth in **Section 75 of the Civil Service Law**. As an alternative, the **Union** with the consent of the **employee** may choose to proceed in accordance with the Grievance Procedure set forth in this **Agreement**, including the right to proceed to binding arbitration pursuant to **STEP IV** of such Grievance Procedure. As a condition for submitting the matter to the Grievance Procedure the **employee** and the **Union** shall file a written waiver of the right to utilize the procedures available to the **employee** pursuant to **Sections 75 and 76 of the Civil Service Law** or any other administrative or judicial tribunal, except for the purpose of enforcing an arbitrator's award, if any. Notwithstanding such waiver, the period of an **employee's** suspension without pay pending hearing and determination of charges shall not exceed thirty (30) days.

STEP B(ii) - If the election is made to proceed pursuant to the Grievance Procedure, an appeal from the determination of **STEP A** above, shall be made to the agency head or designated representative. The appeal must be made in writing within five (5) work days of the receipt of the determination. The agency head or designated representative shall meet with the **employee** and the **Union** for review of the grievance and shall issue a determination to the **employee** and the **Union** by the end of the tenth work day following the day on which the appeal was filed. The agency head or designated representative shall have the power to impose the discipline, if any, decided upon, up to and including termination of the accused **employee's** employment. In the event of such termination or suspension without pay totaling more than thirty (30) days, the **Union** with the consent of the grievant may elect to skip **STEP C** of this Section and proceed directly to **STEP D**.

STEP C - If the grievant is not satisfied with the determination of the agency head or designated representative the grievant or the **Union** may appeal to the **Commissioner of Labor Relations** in writing within ten (10) days of the determination of the agency head or designated representative. The **Commissioner of Labor Relations** shall issue a written reply to the grievant and the **Union** within fifteen (15) work days.

STEP D - If the grievant is not satisfied with the determination of the **Commissioner of Labor Relations**, the **Union** with the consent of the grievant may proceed to arbitration pursuant to the procedures set forth in **STEP IV** of the Grievance Procedure set forth in this **Agreement**.

Section 5.

In any case involving a grievance under Section 1(f) of this Article, the following procedure shall govern upon service of written charges of incompetency or misconduct:

STEP A - Following the service of written charges, a conference with such **employee** shall be held with respect to such charges by the person designated by the agency head to review a grievance at **STEP I** of the Grievance Procedure set forth in this **Agreement**. The **employee** may be represented at such conference by a representative of the **Union**. The person designated by the agency head to review the charges shall take any steps necessary to a proper disposition of the charges and shall issue a determination in writing by the end of the fifth day following the date of the conference.

STEP B(i) - If the **employee** is not satisfied with the determination at **STEP A** above, then the **employee** may choose to proceed in accordance with the Grievance Procedure set forth in this **Agreement** through **STEP III**. The **Union**, with the consent of the **employee**, shall have the right to proceed to binding arbitration pursuant to **STEP IV** of such Grievance Procedure. The period of an **employee's** suspension without pay pending hearing and determination of charges shall not exceed thirty (30) days.

STEP B(ii) - An appeal from the determination of **STEP A** above shall be made to the agency head or designated representative. The appeal must be made in writing within five (5) work days of the receipt of the determination. The agency head or designated representative shall meet with the **employee** and the **Union** for review of the grievance and shall issue a determination to the **employee** and the **Union** by the end of the tenth work day following the day on which the appeal was filed. The agency head or designated representative shall have the power to impose the discipline, if any, decided upon, up to and including termination of the accused **employee's** employment. In the event of such termination or suspension without pay totaling more than thirty (30) days, the **Union** with the consent of the grievant may elect to skip **STEP C** of this Section and proceed directly to **STEP D**.

STEP C - If the grievant is not satisfied with the determination of the agency head or designated representative the grievant or the **Union** may appeal to the **Commissioner of Labor Relations** in writing within ten (10) days of the determination of the agency head or designated representative. The **Commissioner of Labor Relations** shall issue a written reply to the grievant and the **Union** within fifteen (15) work days.

STEP D - If the grievant is not satisfied with the determination of the **Commissioner of Labor Relations**, the **Union** with the consent of the grievant may proceed to arbitration pursuant to the procedures set forth in **STEP IV** of the Grievance Procedure set forth in this **Agreement**.

Section 6.

A grievance concerning a large number of **employees** and which concerns a claimed misinterpretation, inequitable application, violation or failure to comply with the provisions of this **Agreement** may be filed directly at **STEP III** of the grievance procedure of the grievance procedure. Such "group" grievance must be filed no later than 120 days after the date on which the grievance arose, and all other procedural limits, including time limits, set forth in this Article shall apply. All other individual grievances in process concerning the same issue shall be consolidated with the "group" grievance.

Section 7.

If a determination satisfactory to the **Union** at any level of the Grievance Procedure is not implemented within a reasonable time, the **Union** may reinstitute the original grievance at **STEP III** of the Grievance Procedure; or if a satisfactory **STEP III** determination has not been so implemented, the **Union** may institute a grievance concerning such failure to implement at **STEP IV** of the Grievance Procedure.

Section 8.

If the **Employer** exceeds any time limit prescribed at any step in the Grievance Procedure, the grievant and/or the **Union** may invoke the next step of the procedure, except that only the **Union** may invoke impartial arbitration under **STEP IV**.

Section 9.

The **Employer** shall notify the **Union** in writing of all grievances filed by **employees**, all grievance hearings, and all determinations. The **Union** shall have the right to have a representative present at any grievance hearing and shall be given forty-eight (48) hours' notice of all grievance hearings.

Section 10.

Each of the steps in the Grievance Procedure, as well as time limits prescribed at each step of this Grievance Procedure, may be waived by mutual agreement of the parties.

Section 11.

The grievance and the arbitration procedure contained in this **Agreement** shall be the exclusive remedy for the resolution of disputes defined as "grievances" herein. This shall not be interpreted to preclude either party from enforcing the arbitrator's award in court. This Section shall not be construed in any manner to limit the statutory rights and obligations of the **Employer** under **Article XIV** of the **Civil Service Law**.

ARTICLE VI - BULLETIN BOARDS: EMPLOYER FACILITIES

The **Union** may post notices on bulletin boards in places and locations where notices usually are posted by the **Employer** for the **employees** to read. All notices shall be on **Union** stationery, and shall be used only to notify **employees** of matters pertaining to **Union** affairs. Upon request to the responsible official in charge of a work location, the **Union** may use **Employer** premises for meetings during **employees'** lunch hours, subject to availability of appropriate space and provided such meetings do not interfere with the **Employer's** business.

ARTICLE VII - UNION ACTIVITY

Time spent by **employee** representatives in the conduct of labor relations with the City and on **Union** activities shall be governed by the terms of **Executive Order No. 75**, as amended, dated March 22, 1973, entitled **"Time Spent on the Conduct of Labor Relations between the City and Its employees and on Union Activity"** or any other applicable Executive Order.

ARTICLE VIII - CITYWIDE ISSUES

This **Agreement** is subject to the provisions, terms and conditions of the agreement which has been or may be negotiated between the City and the union recognized as the exclusive collective bargaining representative on citywide matters which must be uniform for specified employees, including the **employees** covered by this **Agreement**.

ARTICLE IX – PERFORMANCE COMPENSATION

The Union acknowledges the Employer's right to pay

additional compensation for outstanding performance.

The Employer agrees to notify the Union of its intent to pay such additional compensation.

ARTICLE X - NO STRIKES

In accordance with the New York City Collective Bargaining Law, as amended, neither the **Union** nor any **employee** shall induce or engage in any strikes, slowdowns, work stoppages, mass absenteeism, or induce any mass resignations during the term of this **Agreement**.

ARTICLE XI - FINANCIAL EMERGENCY ACT

The provisions of this **Agreement** are subject to applicable provisions of law, including the New York State Financial Emergency Act for the City of New York as amended.

ARTICLE XII - APPENDICES

The Appendix or Appendices, if any, attached hereto and initialed by the undersigned shall be deemed a part of this **Agreement** as if fully set forth herein.

ARTICLE XIII - SAVINGS CLAUSE

In the event that any provision of this **Agreement** is found to be invalid, such invalidity shall not impair the validity and enforceability of the remaining provisions of this **Agreement**.

WHEREFORE, we have hereunto set our hands and seals this 4th day of January, 2005.

Re: 2002-2005 Metal Work Mechanic Agreement

Dear Mr. Connolly:

This letter is to confirm certain mutual understandings and agreements regarding the above-captioned agreement.

The parties agree to establish a "Joint Labor Management Committee on Productivity Initiatives" ("Committee")

Composition of the Committee

The Committee shall comprise representatives designated by: the Deputy Mayor for Operations, the Law Department, the Office of Labor Relations, the Office of Management and Budget, the Office of Operations, and Local Lodge 5.

Goals and Objectives

The Committee shall work to identify efficiencies in the administration and delivery of governmental services, which shall in turn be utilized to provide additional compensation to employees. This agreement expresses the joint labor and management commitment to associate improved City service and performance with appropriate compensation for the workforce.

The goal of the Committee's work shall be to identify, review, recommend and develop initiatives that generate workplace savings, maximize the potential of the City workforce and ensure the provision of essential services while at the same time improving compensation for the City workforce. To that end, the parties will seek to identify quantifiable savings while at the same time maintaining or improving City services.

The Committee shall make all reasonable efforts to issue a report or reports on or about December 31, 2004 which propose initiatives representing meaningful, quantifiable, recurring savings to the City and which generate funding to be utilized to compensate employees. Upon completion and acceptance of all committee members of the report, an additional one percent (1%) increase shall be paid to employees covered by this agreement.
The parties agree to meet and negotiate the application of any additional savings above 1% generated by the programs developed by the Committee.

Areas for Consideration

The Committee's study may encompass such matters, including, but not limited to, absence control, contracting in, workers compensation and other efficiencies.

Sick leave usage. The Committee will seek to design a program to examine baseline data as to sick leave usage as a benchmark for comparison. The goal will be to reduce employee sick leave usage on an ongoing basis as a productivity enhancement.

Contracting-in. The Committee shall identify areas wherein City services are now being outsourced with the goal of providing those services by City employees with a cost savings to the City.

Workers Compensation Cost Containment Task Force. The Committee shall create a special task force, requesting such assistance of cost containment experts as necessary, with the goal of developing reforms that emphasize effective treatments and speed the return to work; that explore the manner in which treatment services are provided; that set specific standards of evaluation and treatment; and that serve to root out fraudulent claims.

Such other areas as the Committee may mutually agree.

Implementation of Savings
The initiatives and programs developed pursuant to this Committee must be unanimously agreed upon. In the event there is a dispute as to the amount of savings generated by an initiative or the implementation of a program, or the savings generated by a program are not paid pursuant to this agreement, it shall be submitted to arbitration upon written notice therefor by any of the parties to this Agreement to the party with whom such dispute or controversy exists. The matter submitted for arbitration shall be submitted to an arbitration panel consisting of the three impartial members of the Board of Collective Bargaining pursuant to Title 61 of the rules of the City of New York. Any award in such arbitration proceeding shall be final and binding and shall be enforceable pursuant to Article 75 of the CPLR.

If the above accords with your understanding, kindly execute the signature line provided below.

Very truly yours,

Re: 2002-2005 Metal Work Mechanic Agreement

Dear Mr. Connolly:

This is to confirm certain mutual understandings and agreements regarding the above captioned Agreement.

1. The First Deputy Commissioner of Labor Relations may, after notification to the affected union(s), exempt certain hard to recruit titles, as defined in relevant cases by DCAS and by HHC, from the provisions of Article III, Section 4 of the *200-2005 Metal Work Mechanic Agreement*..

2. For the purposes of Article III, Section 4 of the *2002-2005 Metal Work Mechanic Agreement*, employees who were in active pay status prior to the date of execution of the *2002-2005 Metal Work Mechanic Agreement* who are affected by the following personnel actions after said date shall not be treated as "newly hired" employees and shall be entitled to receive the minimum incumbent salary set forth in Section 2 on the dates indicated therein.

a. Employees who return to active pay status from an approved leave of absence.

b. Employees in active pay status (whether full or part-time) appointed to permanent status from a civil service list or to a new title (regardless of jurisdictional class or civil service status) without a break in service of more than 31 days.

c. Employees who were laid off or terminated for economic reasons who are appointed from a recall/preferred list or who were subject to involuntary redeployment.

d. Provisional employees who were terminated due to a civil service list who are appointed from a civil service list within one year of such termination.

e. Permanent employees who resign and are reinstated within one year of such resignation.

f. Employees (regardless of jurisdictional class or civil service status) who resign and return within 31 days of such resignation.

g. A provisional employee who is appointed directly from one provisional appointment to another.

h. For circumstances that were not anticipated by the parties, the First Deputy Commissioner of Labor Relations may elect to issue, on a case-by-case basis, interpretations concerning the application of Section 4 of the *2002-2005 Metal Work Mechanic Agreement*.

3. For the purposes of Section 2(a), "approved leave" is further defined to include:

a. maternity/childcare leave

b. military leave

c. unpaid time while on jury duty

d. unpaid leave for union business pursuant to Executive Order 75

e. unpaid leave pending workers' compensation determination

f. unpaid leave while on workers' compensation option 2

g. approved unpaid time off due to illness or exhaustion of paid sick leave

h. approved unpaid time off due to family illness

i. other pre-approved leaves without pay

Re: Lump Sum Cash Payment Guidelines
2002-2005 Metal Work Mechanic Agreement

Dear Mr. Connolly:

This is to confirm the understanding and agreement of the parties concerning the guidelines for receipt of the lump sum cash payment provided in Article 3, Section 3(A) of the *2002-2005 Metal Work Mechanic Agreement*.

A. Eligibility Guidelines

The following categories of Employees shall be eligible to receive a lump sum cash payment in the amount of $1,000, or a pro-rata portion thereof, in accordance with the further provisions of paragraph C, below.

i. Employees who are in active pay status on or before November 5, 2004

ii. Employees who worked the full period from July 1, 2002 through June 30, 2003 and who retired on or after June 30, 2003.

iii. Employees who had at least one year of service and who had been in service during the period from July 1, 2002 through June 30, 2003 and who were laid-off/terminated for economic reasons.

iv. Employees on active Military Duty pursuant to "Operation Enduring Freedom."

v. Employees who are in pay status on or before November 5, 2004, albeit on

approved leave without pay, will receive the applicable lump sum payment upon their return to work.

Note: It is understood that Employees who were terminated for cause or who resigned shall not be eligible for the lump sum cash payment.

B. Proration of Lump Sum Cash Payment

Full-time per annum and full-time per diem Employees shall receive a lump sum cash payment in the amount of $1,000.

Part-time per annum, part-time per diem, per session, hourly paid and per diem Employees (including seasonal appointees) and Employees whose normal work year is less than a full calendar year shall receive a pro-rata portion of the lump sum cash payment on the basis of computations heretofore utilized by the parties for all such Employees.

C. The lump sum cash payments shall not become part of the Employee's basic salary rate nor be added to the Employee's basic salary for the calculation of any salary based benefits including the calculation of future collective bargaining increases.

D. The lump sum cash payment shall be pensionable, consistent with applicable law, and shall be paid as soon as practicable upon ratification of the *2002-2005 Metal Work Mechanic Agreement*.

E. For circumstances that were not anticipated by the parties, the First Deputy Commissioner of Labor Relations may elect to issue, on a case-by-case basis, interpretations concerning the application of Article 3, Section 3(A) of the *2002-2005 Metal Work Mechanic Agreement*.

If the above accords with your understanding, kindly execute the signature line provided below.

2002-2005 Supervisor of Mechanics (M.E.) et al. Agreement

AGREEMENT entered into this 4th day of January, by and between the **City of New York** and related public employers pursuant to and limited to their respective elections or statutory requirement to be covered by the New York City Collective Bargaining Law and their respective authorizations to the City to bargain on their behalf (hereinafter referred to jointly as the **"Employer"**), and **Local 621, Service Employees International Union, AFL-CIO** (hereinafter referred to as the **"Union"**), for the thirty-six month period from **April 1, 2002 to March 31, 2005** for all titles listed below in Article I Section 1 except for the Deputy Director of Motor Equipment Maintenance (Sanitation) where the thirty-six month period from **November 19, 2002 to November 18, 2005** shall apply.

WITNESSETH:

WHEREAS, the parties hereto have entered into collective bargaining and desire to reduce the results thereof to writing,

NOW, THEREFORE, it is mutually agreed as follows:

ARTICLE I - UNION RECOGNITION AND UNIT DESIGNATION

Section 1.
The **Employer** recognizes the **Union** as the sole and exclusive collective bargaining representative for the bargaining unit set forth below, consisting of employees of the **Employer**, wherever employed, whether full-time, part-time per annum, hourly or per-diem,in the below listed title(s), and in any successor title(s) that may be certified by the **Board of Certification of the Office of Collective Bargaining** to be part of the unit herein for which the **Union** is the exclusive collective bargaining representative the duties of which are or shall be equated by the City Personnel Director and the Director of the Budget for salary purposes to any of the below listed title(s):

Supervisor of Mechanics (Mechanical Equipment)
Supervisor of Ironwork
Deputy Director of Motor Equipment Maintenance (Sanitation),

Section 2.
The terms **"employee"** and **"employees"** as used in this **Agreement** shall mean only those persons in the unit described in Section 1 of this Article except that Articles VII and VIII shall not apply to **employees** assigned and paid an assignment differential as Assistant Supervising Supervisor Class I or Class II or Supervising Supervisor. Further, employees serving in the title of Deputy Director of Motor Equipment Maintenance shall be excluded from the aforementioned Articles VII and VIII.

ARTICLE II - DUES CHECKOFF

Section 1.
a. The **Union** shall have the exclusive right to the checkoff and transmittal of dues on behalf of each **employee** in accordance with the Mayor's Executive Order No. 98, dated May 15, 1969, entitled **"Regulations Relating to the Checkoff of Union Dues"** and in accordance with the Mayor's Executive Order No. 107, dated December 29, 1986, entitled **"Procedures for Orderly Payroll Check-Off of Union Dues and Agency Shop Fees."**

b. Any **employee** may consent in writing to the authorization of the deduction of dues from the **employee's** wages and to the designation of the Union as the recipient thereof. Such consent, if given, shall be in a proper form acceptable to the City, which bears the signature of the **employee**.

Section 2.
The parties agree to an agency shop to the extent permitted by applicable law, as described in a supplemental agreement hereby incorporated by reference into this **Agreement**.

ARTICLE III - UNION ACTIVITY

Section 1.
Time spent by **Union** officials and representatives in the conduct of labor relations shall be governed by the terms of **Executive Order No. 75**, as amended, dated March 22, 1973, entitled **"Time Spent on the Conduct of Labor Relations between the City and its employees and on Union Activity"** or any other applicable Executive Order. No **employee** shall otherwise engage in **Union** activities while assigned to regular duties.

Section 2.
The **Employer** agrees not to discriminate in any way against any **employee** for **Union** activity, but such activity shall not be carried on during working hours or in working areas.

Section 3.
The **Union** shall be entitled to designate one (1) **shop steward** for each **Agency** except in the case of the **Department of Sanitation** where the **Union** shall be entitled to designate one (1) **shop steward** for each borough of **New York City**.

Section 4.
The **Union** shall certify in writing to the **Employer** the names of its **stewards** and any changes in personnel serving in that capacity. No **shop stewards** may leave their regularly assigned work locations in order to investigate a grievance without first obtaining the approval of their **supervisor**.

Section 5.
There shall be no **Union** activity on **Employer** time other than that which is specifically permitted by the terms of this **Agreement**.

ARTICLE IV - WAGES AND SUPPLEMENTS

Section 1. General Provisions

A. This Article IV is subject to the provisions, terms and conditions of the **Alternative Career and Salary Pay Plan Regulations**, dated March 15, 1967 as amended, except that the specific terms and conditions of this Article shall supersede any provisions of such **Regulations** inconsistent with this **Agreement** subject to the limitations of applicable provisions of law.

B. Unless otherwise specified, all salary provisions of this **Agreement**, including general increases and any other salary adjustments, are based upon a normal work week of 40 hours. An **employee** who works on a part-time per-annum basis and who is eligible for any salary adjustments provided in this **Agreement** shall receive the appropriate pro-rata portion of such salary adjustment computed on the relationship between the number of hours regularly worked each week by such **employee** and the number of hours in the said normal work week, unless otherwise specified.

C. **Employees** who work on a per diem or hourly basis and who are eligible for any salary adjustment provided in this **Agreement** shall receive the appropriate pro-rata portion of such salary adjustment computed as follows, unless otherwise specified:

Per diem rate - 1/261 of the appropriate minimum basic salary.
Hourly Rate - 40 hour week basis - 1/2088 of the appropriate minimum basic salary.

Section 2 Wage Increases and Lump Sum Cash Payment

A. Lump Sum Cash Payment

i Effective upon ratification, a lump sum cash payment in the amount of $1,000 shall be paid in accordance with the established eligibility guidelines contained in attached Letter of Agreement.

ii Part-time per annum, part-time per diem (including seasonal appointees), per session and hourly paid Employees whose normal work year is less than a full calendar year shall receive a pro-rata portion of the lump sum cash payment set forth in Section 2(A)(i) on the basis of computations heretofore utilized by the parties for all such Employees.

iii The lump sum cash payment provided in this Section 2(A) shall be pensionable, consistent with applicable law, and shall be paid as soon as practicable upon ratification.

iv The lump sum cash payments provided for in this Section shall not become part of the Employee's basic salary rate nor be added to the Employee's basic salary for the calculation of any salary based benefits including the calculation of future collective bargaining increases.

B. General Wage Increases:

(i) A rate increase of 3.04% shall become effective on April 1, 2003 for employees in the titles Supervisor of Ironwork and Supervisor of Mechanic (Mechanical Equipment); and on November 19, 2003 for employees in the title Deputy Director of Motor Equipment Maintenance (Sanitation).

(ii) An additional rate increase of 2.02% shall become effective on April 1, 2004 for employees in the titles Supervisor of Ironwork and Supervisor of Mechanics (Mechanical Equipment); and on November 19, 2004 for employees in the title Deputy Director of Motor Equipment Maintenance (Sanitation).

(iii) The increases provided for in this Section 2(B) shall be calculated as follows:

(a) The increase in Section 2(B)(i) shall be based upon the base rates (which shall include salary or incremental schedules) of the applicable titles in effect on March 31, 2003 and November 18, 2003, respectively; and

(b) The rate increase in Section 2(B)(ii) shall be based upon the base rates (which shall include salary or incremental schedules) of the applicable titles in effect on March 31, 2004 and November 18, 2004, respectively; and

(c) Part-time per- annum, persession, hourly and per diem **employees** (including seasonal appointees) and **mployees** whose normal work year is less than a full calendar year shall receive the increases provided in Section 2(B)(i) and (ii) on the basis of computations heretofore utilized by the parties for all such **employees**.

Section 3. Supervisor of Ironwork

Employees in the title Supervisor of Ironwork shall be subject to the following salaries during the term of this agreement:

Effective Date	(a) Hiring Rate	(b) Incumbent Rate
April 1, 2002	$77,579	$83,716
April 1, 2003	$79,936	$86,260
April 1, 2004	$76,190	$88,007

Note:

Those employees hired after April 1, 2003 but before April 1, 2004 and who are subject to the reduced hiring rate of $79,936 shall receive the 2.02% general wage increase effective April 1, 2004 bringing their annual salary to $81,555. On the 1-year anniversary of the employee's original date of appointment, such employee shall be paid the indicated "incumbent rate" of $88,007.

Section 4. New Hires.
This Section refers only to employees in the title Supervisor of Ironwork.

a. For the purposes of Sections 4(c) and 4(d),

employees 1) who were in active pay status before April 1, 2002, and 2) who are affected by the following personnel actions after said date shall not be treated as "newly hired" employees and shall be entitled to receive the "incumbent rate" set forth in subsection 3(b) of this Article IV; In addition, for the purposes of Sections 4(e) and 4(f), employees 1) who were in active pay status before April 1, 2004, and 2) who are affected by the following personnel actions after said date shall not be treated as "newly hired" employees and shall be entitled to receive the "incumbent rate" set forth in subsection 3(b) of this Article IV

i. Employees who return to active status from an approved leave of absence.

ii. Employees in active status (whether full or part-time) appointed to permanent status from a civil service list, or to a new title (regardless of jurisdictional class or civil service status) without a break in service of more than 31 days.

iii. Employees who were laid off or terminated for economic reasons who are appointed from a recall/preferred list or who were subject to involuntary redeployment.

iv. Provisional employees who were terminated due to a civil service list who are appointed from a civil service list within one year of such termination.

v. Permanent employees who resign and are reinstated or who are appointed from a civil service list within one year of such resignation.

vi. Employees (regardless of jurisdictional class or civil service status) who resign and return within 31 days of such resignation.

vii. A provisional employee who is appointed directly from one provisional appointment to another.

viii. For employees whose circumstances were not anticipated by the parties, the First Deputy Commissioner of Labor Relations is empowered to issue, on a case-by-case basis, interpretations concerning application of this Section 4. Such case-by-case interpretations shall not be subject to the dispute resolution procedures set forth in Article V of this Agreement.

b. Any employee hired prior to April 1, 2002 and appointed at a reduced hiring rate pursuant to Section 2(a) of the 2000-2002 Local 621 SMME, et al. Agreement, shall be paid the applicable "hiring rate" set forth in subsection 3(a). On the one year anniversary of the employee's original date of appointment, such employee shall be paid the indicated "incumbent rate" for the applicable title that is in effect on such one year anniversary as set forth in subsection 3(b) of this Article IV.

c. The appointment rate for any employee newly hired between April 1, 2002 and April 1, 2004, shall be the applicable "hiring rate" set forth in subsection 3(a) of this Article IV. Upon completion of one year of service, such employee shall be paid the indicated "incumbent rate" for the applicable title that is in effect on the one year anniversary of the employee's original date of appointment as set forth in subsection 3(b) of this Article IV.

d.

i. For a title subject to an incremental pay plan, the employee shall be paid the appropriate increment based upon the employee's length of service. Section 3 of this Article IV reflects the correct amounts and has been adjusted in accordance with the provisions of Section 2(B) of this Article IV.

ii. Employees who change titles or levels before attaining one year of service will be treated in the new title or level as if they had been originally appointed to said title or level on their original hiring date.

e. The following provisions shall apply to Employees newly hired on or after April 1, 2004:

i. During the first two (2) years of service, the "appointment rate" for a newly hired employee shall be 15.51% less than the applicable incumbent rate for said title that is in effect on the date of such appointment as set forth in this *Agreement*. The general increases provided for in subsection 2(B) shall be applied to the "appointment rate."

ii. Upon completion of two (2) years of service such employees shall be paid the indicated "incumbent" rate the applicable title that is in effect on the two (2) year anniversary of their original date of appointment as set forth in subsection 3(b) of this Article IV.

f.

i. If applicable, for a title subject to an incremental pay plan, the employee shall be paid the appropriate increment based upon the employee's length of service.

ii. Employees who change titles or levels before attaining two years of service will be treated in the new title or level as if they had been originally appointed to said title or level on their original hiring date.

g. The First Deputy Commissioner of Labor Relations may, after notification to the affected union(s), exempt certain hard to recruit titles from the provisions of subsections 4(c) and 4(e).

Moved former section (f) and (g) of 2000-2002 SMME contract to side-letter attached as Appendix D.

i. Employees who return to active status from an approved leave of absence.

ii. Employees in active status (whether full or part-time) appointed to permanent status from a civil service list, or to a new title (regardless of jurisdictional class or civil service status) without a break in service of more than 31 days.

iii. Employees who were laid off or terminated for economic reasons who are appointed from a recall/preferred list or who were subject to involuntary redeployment.

iv. Provisional employees who were terminated due to a civil service list who are appointed from a civil service list within one year of such termination.

v. Permanent employees who resign and are reinstated or who are appointed from a civil service list within one year of such resignation.

vi. Employees (regardless of jurisdictional class or civil service status) who resign and return within 31 days of such resignation.

vii. A provisional employee who is appointed directly from one provisional appointment to another.

viii. For employees whose circumstances were not anticipated by the parties, the First Deputy Commissioner of Labor Relations is empowered to issue, on a case-by-case basis, interpretations concerning application of this Section 6. Such case-by-case interpretations shall not be subject to the dispute resolution procedures set forth in Article V of this Agreement.

b. The following provisions shall apply to employees in the title Deputy Director of Motor Equipment Maintenance newly hired on or after November 19, 2004:

i. During the first two (2) years of service, the "appointment rate" for a newly hired employee shall be 10.08% less than the applicable incumbent minimum rate for said title that is in effect on the date of such appointment as set forth in this *Agreement*. The general increases provided for in subsection 2(B) shall be applied to the "appointment rate."

ii. Upon completion of two (2) years of service such employees shall be paid no less than the indicated "incumbent minimum" rate for the applicable title that is in effect on the two (2) year anniversary of their original date of appointment as set forth in subsection 5(a) of this Article IV.

The general increases provided for in subsection 2(B) shall be applied to the "appointment rate."

ii. Upon completion of two (2) years of service such employees shall be paid the indicated "incumbent" rate for the applicable title that is in effect on the two (2) year anniversary of their original date of appointment as set forth in subsection 6 of this Article IV.

d.

i. If applicable, for a title subject to an incremental pay plan, the employee shall be paid the appropriate increment based upon the employee's length of service.

ii. Employees who change titles or levels before attaining two years of service will be treated in the new title or level as if they had been originally appointed to said title or level on their original hiring date.

e. The First Deputy Commissioner of Labor Relations may, after notification to the affected union(s), exempt certain hard to recruit titles from the provisions of subsections 7(b) and 7(c).

Section 8.
In the case of an **employee** on leave of absence without pay the salary rate of such **employee** shall be changed to reflect the salary adjustments specified in this Article IV.

Section 9.
(a) In accordance with the election by the **Union** pursuant to the provisions of Article XIII of the *1995-2001 Citywide Agreement* as amended between the City of New York and related public employers and District Council 37, A.F.S.C.M.E., AFL-CIO, or its successor **Agreement(s)**, the Welfare Fund provisions of that *Citywide Agreement* as amended or any successor(s) thereto shall apply to **employees** covered by this **Agreement**.

(b) When an election is made by the **Union** pursuant to the provisions of Article XIII, Section 1(b), of the *1995-2001 Citywide Agreement* as amended between the City of New York and related public employers and District Council 37, A.F.S.C.M.E., AFL-CIO,or any successor(s) thereto, the provisions of Article XIII, Section 1(b) of the *Citywide Agreement* as amended or any successor(s) thereto, shall apply to **employees** covered by this **Agreement**, and when such election is made, the **Union** hereby waives its right to training, education and/or legal services contributions provided in this **Agreement**. In no case shall the single contribution provided in Article XIII, Section 1(b) of the ***Citywide Agreement*** as amended or any successor(s) thereto, exceed the total amount that the **Union** would have been entitled to receive if the separate contributions had continued.

(c) Contributions remitted to the Union pursuant to this Section 1 and Article XIII of the Citywide Agreement are contingent upon a signed separate trusted fund agreement between the Employer and the Union.

Section 10.
The Union agrees to provide welfare fund benefits to domestic partners of covered Employees in the same manner as those benefits are provided to spouses of married covered Employees.

Section 11.
In accordance with the Health Benefits Agreement dated January 11, 2001,, each welfare fund shall provide welfare fund benefits equal to the benefits provided on behalf of an active Employee to widow(er)s, domestic partners and/or children of any Employee who dies in the line of duty as that term is referenced in Section 12-126(b)(2) of the New York City Administrative Code. The cost of providing this benefit shall be funded by the Stabilization Fund.

ARTICLE V - GRIEVANCE PROCEDURE

Section 1. - Definition:
The term "*Grievance* " shall mean:

a. A dispute concerning the application or interpretation of the terms of this **Agreement;**

b. A claimed violation, misinterpretation or misapplication of the rules or regulations, written policy or orders of the **Employer** applicable to the agency which employs the grievant affecting terms and conditions of employment; provided, disputes involving the **Rules and Regulations of the New York City Personnel Director** or the **Rules and Regulations of the Health and Hospitals Corporation** with respect to those matters set forth in the first paragraph of **Section 7390.1 of the Unconsolidated Laws** shall not be subject to the grievance procedure or arbitration;

c. A claimed assignment of **employees** to duties substantially different from those stated in their job specifications;

d. A claimed improper holding of an open-competitive rather than promotional examination;

e. A claimed wrongful disciplinary action taken against a permanent **employee** covered by **Section 75(1) of the Civil Service Law** or a permanent **employee** covered by the **Rules and Regulations of the Health and Hospitals Corporation** upon whom the agency head has served written charges of incompetence or misconduct while the **employee** is serving in the **employee's** permanent title or which affects the **employee's** permanent status.

f. Failure to serve written charges as required by Section 75 of the Civil Service Law or the Rules and Regulations of the Health and Hospitals Corporation upon a permanent employee covered by Section 75(1) of the Civil Service Law or a permanent competitive employee covered by the Rules and Regulations of the Health and Hospitals Corporation where any of the penalties (including a fine) set forth in Section 75(3) of the Civil Service Law have been imposed;

g. A claimed wrongful disciplinary action taken against a provisional employee who has served for two years in the same or similar title or related occupational group in the same agency.

h. A claimed wrongful disciplinary action taken against an employee appointed pursuant to Rule 3.2.11 of the Personnel Rules and Regulations of the City of New York who has served continuously for two years in the same or similar title or related occupational group in the same agency.

Section 2.
The Grievance Procedure, except for grievances as defined in Section l(d), 1(e), 1(g) and 1(h) of this Article, shall be as follows:

Employees may at any time informally discuss with their supervisors a matter, which may become a grievance. If the results of such a discussion are unsatisfactory, the **employees** may present the grievance at **Step I**.

All grievances must be presented in writing at all steps in the grievance procedure. For all grievances as defined in Section l(c), no monetary award shall in any event cover any period prior to the date of the filing of the **Step I** grievance unless such grievance has been filed within thirty (30) days of the assignment to alleged out-of-title work. No monetary award for a grievance alleging a miscalculation of salary rate resulting in a payroll error of a continuing nature shall be issued unless such grievance has been filed within the time limitation set forth in **Step I** below for such grievances; if the grievance is so filed, any monetary award shall in any event cover only the period up to six years prior to the date of the filing of the grievance.

STEP I The **employee** and/or the **Union** shall present the grievance in the form of a memorandum to the person designated for such purpose by the agency head no later than 120 days after the date on which the grievance arose except that grievances alleging a miscalculation of salary rate resulting in a payroll error of a continuing nature shall be presented no later than 120 days after the first date on which the grievant discovered the payroll error. The **employee** may also request an appointment to discuss the grievance and such request shall be granted. The person designated by the **Employer** to hear the grievance shall take any steps necessary to a proper disposition of the grievance and shall issue a determination in writing by the end of the third work day following the date of submission.

NOTE: *The following **STEP I(a)** shall applicable only in the Health and Hospitals Corporation in the case of grievances arising under Section 1(a), 1(b), 1(c) and 1(f) of this Article and shall be applied prior to **Step II** of this Section:*

STEP I(a) - An appeal from an unsatisfactory determination at **Step I** shall be presented in writing to the person designated by the agency head for such purpose. The appeal must be made within five (5) work days of the receipt of the **Step I** determination. A copy of the grievance appeal shall be sent to the person who initially passed upon the grievance. The person designated to receive the appeal at this Step shall meet with the **employee** and/or the **Union** for review of the grievance and shall issue a determination to the **employee** and/or the **Union** by the end of the fifth work day following the day on which the appeal was filed.

STEP II - An appeal from an unsatisfactory determination at **STEP I** or **STEP I(a)**, where applicable, shall be presented in writing to the agency head or the agency head's designated representative who shall not be the same person designated in **STEP I**. The appeal must be made within five (5) work days of the receipt of the **STEP I** or **STEP I(a)** determination. The agency head or designated representative, if any, shall meet with the **employee** and/or the **Union** for review of the grievance and shall issue a determination in writing by the end of the tenth work day following the date on which the appeal was filed.

STEP III - An appeal from an unsatisfactory determination at **STEP II** shall be presented by the **employee** and/or the **Union** to the **Commissioner of Labor Relations** in writing within ten (10) work days of the receipt of the **STEP II** determination. The grievant or the **Union** should submit copies of the **STEP I** and **STEP II** grievance filings and any agency responses thereto. Copies of such appeal shall be sent to the agency head. The **Commissioner of Labor Relations** or the **Commissioner's** designee shall review all appeals from **STEP II** determinations and shall issue a determination on such appeals within fifteen (15) work days following the date on which the appeal was filed.

STEP IV - An appeal from an unsatisfactory determination at **STEP III** may be brought solely by the **Union** to the Office of Collective Bargaining for impartial arbitration within fifteen (15) work days of receipt of the **STEP III** determination. In addition, the **Employer** shall have the right to bring directly to arbitration any dispute between the parties concerning any matter defined herein as a "grievance". The **Employer** shall commence such arbitration by submitting a written request therefor to the Office of Collective Bargaining. A copy of the notice requesting impartial arbitration shall be forwarded to the opposing party. The arbitration shall be conducted in accordance with the Title 61 of the Rules of the City of New York. The costs and fees of such arbitration shall be borne equally by the **Union** and the **Employer**.

The determination or award of the arbitrator shall be final and binding in accord with applicable law and shall not add to, subtract from or modify any contract, rule, regulation, written policy or order mentioned in Section 1 of this Article.

Section 3.
As a condition to the right of the **Union** to invoke impartial arbitration set forth in this Article, including the arbitration of a grievance involving a claimed improper holding of an open-competitive rather than a promotional examination, the **employee** or **employees** and the **Union** shall be required to file with the Director of the Office of Collective Bargaining a written waiver of the right, if any, of the **employee** and the **Union** to submit the underlying dispute to any other administrative or judicial tribunal except for the purpose of enforcing the arbitrator's award.

Section 4.

a. Any grievance under Section 1(d) relating to a claimed improper holding of an open-competitive rather than a promotional examination shall be presented in writing by the employee or the Union representative to the Commissioner of Labor Relations not later than thirty (30) days after the notice of the intention to conduct such open-competitive examination, or copy of the appointing officer's request for such open-competitive examination, as the case may be, has been posted in accordance with Section 51 of the Civil Service Law. The grievance shall be considered and passed upon within ten (10) days after its presentation. The determination shall be in writing, copies of which shall be transmitted to both parties to the grievance upon issuance.

b. A grievance relating to the use of an open-competitive rather than a promotional examination which is unresolved by the Commissioner of Labor Relations may be brought to impartial arbitration as provided in Sections 2 and 3 above. Such a grievance shall be presented by the Union, in writing, for arbitration within 15 days of the presentation of such grievance to the Commissioner of Labor Relations, and the arbitrator shall decide such grievance within 75 days of its presentation to the arbitrator. The party requesting such arbitration shall send a copy of such request to the other party. The costs and fees of such arbitration shall be borne equally by the Employer and the Union.

Section 5. Disciplinary Procedure for Employees Subject to Section 75

In any case involving a grievance under Section l(e) of this Article, the following procedure shall govern upon service of written charges of incompetence or misconduct:

STEP A - Following the service of written charges, a conference with such **employee** shall be held with respect to such charges by the person designated by the agency head to review a grievance at **STEP I** of the Grievance Procedure set forth in this **Agreement**. The **employee** may be represented at such conference by a representative of the **Union**. The person designated by the agency head to review the charges shall take any steps necessary to a proper disposition of the charges and shall issue a determination in writing by the end of the fifth day following the date of the conference. If the **employee** is satisfied with the determination in **STEP A** above, the **employee** may choose to accept such determination as an alternative to and in lieu of a determination made pursuant to the procedures provided for in **Section 75 of the Civil Service Law** or the **Rules and Regulations of the Health and Hospitals Corporation**. As a condition of accepting such determination, the **employee** shall sign a waiver of the **employee's** right to the procedures available to him or her under **Sections 75 and 76 of the Civil Service Law** or the **Rules and Regulations of the Health and Hospitals Corporation**.

STEP B(i) -If the **employee** is not satisfied with the determination at **STEP A** above then the **Employer** shall proceed in accordance with the disciplinary procedures set forth in **Section 75 of the Civil Service Law** or the **Rules and Regulations of the Health and Hospitals Corporation**. As an alternative, the **Union** with the consent of the **employee** may choose to proceed in accordance with the Grievance Procedure set forth in this **Agreement**, including the right to proceed to binding arbitration pursuant to **STEP IV**of such Grievance Procedure. As a condition for submitting the matter to the Grievance Procedure the **employee** and the **Union** shall file a written waiver of the right to utilize the procedures available to the **employee** pursuant to **Sections 75 and 76 of the Civil Service Law** or the **Rules and Regulations of the Health and Hospitals Corporation** or any other administrative or judicial tribunal, except for the purpose of enforcing an arbitrator's award, if any. Notwithstanding such waiver, the period of an **employee's** suspension without pay pending hearing and determination of charges shall not exceed thirty (30) days.

STEP B(ii) - If the election is made to proceed pursuant to the Grievance Procedure, an appeal from the determination of **STEP A** above, shall be made to the agency head or designated representative. The appeal must be made in writing within five (5) work days of the receipt of the eternination. The agency head or designated representative shall meet with the **employee** and the **Union** for review of the grievance and shall issue a determination to the **employee** and the **Union** by the end of the tenth work day following the day on which the appeal was filed. The agency head or designated representative shall have the power to impose the discipline, if any, decided upon, up to and including termination of the accused **employee's** employment. In the event of such termination or suspension without pay totaling more than thirty (30) days, the **Union** with the consent of the grievant may elect to skip **STEP C** of this Section and proceed directly to **STEP D**.

STEP C - If the grievant is not satisfied with the determination of the agency head or designated representative the grievant or the **Union** may appeal to the **Commissioner of Labor Relations** in writing within ten (10) days of the determination of the agency head or designated representative. The **Commissioner of Labor Relations** shall issue a written reply to the grievant and the **Union** within fifteen (15) work days.

STEP D - If the grievant is not satisfied with the determination of the **Commissioner of Labor Relations**, the **Union** with the consent of the grievant may proceed to arbitration pursuant to the procedures set forth in **STEP IV** of the Grievance Procedure set forth in this **Agreement**.

Section 6. Disciplinary Procedure for Provisional Employees

In any case involving a grievance under Sections 1(g) or 1(h) of this Article, the following procedure shall govern upon service of written charges of incompetence or misconduct:

STEP A Following the service of written charges, a conference with such employee shall be held with respect to such charges by the person designated by the agency head to review a grievance at **STEP I** of the Grievance Procedure set forth in this Agreement. The employee may be represented at such conference by a representative of the Union. The person designated by the agency head to review the charges shall take any steps necessary to a proper disposition of the charges and shall issue a determination in writing by the end of the fifth day following the date of the conference.

STEP B(i) If the employee is not satisfied with the determination at **STEP A** above, then the employee may choose to proceed in accordance with the Grievance Procedure set forth in this Agreement through **STEP III**. The Union, with the consent of the employee, shall have the right to proceed to binding arbitration pursuant to **STEP IV** of such Grievance Procedure. The period of an employee's suspension without pay pending hearing and determination of charges shall not exceed thirty (30) days.

STEP B(ii) An appeal from the determination of **STEP A** above shall be made to the agency head or designated representative. The appeal must be made in writing

within five (5) work days of the receipt of the determination. The agency head or designated representative shall meet with the employee and the Union for review of the grievance and shall issue a determination to the employee and the Union by the end of the tenth work day following the day on which the appeal was filed. The agency head or designated representative shall have the power to impose the discipline, if any, decided upon, up to and including termination of the accused employee's employment. In the event of such termination or suspension without pay totaling more than thirty (30) days, the Union with the consent of the grievant may elect to skip **STEP C** of this Section and proceed directly to **STEP D**.

STEP C If the grievant is not satisfied with the determination of the agency head or designated representative the grievant or the Union may appeal to the Commissioner of Labor Relations in writing within ten (10) days of the determination of the agency head or designated representative. The Commissioner of Labor Relations shall issue a written reply to the grievant and the Union within fifteen (15) work days.

STEP D If the grievant is not satisfied with the determination of the Commissioner of Labor Relations, the Union with the consent of the grievant may proceed to arbitration pursuant to the procedures set forth in **STEP IV** of the Grievance Procedure set forth in this Agreement.

Section 7.
A grievance concerning a large number of **employees** and which concerns a claimed misinterpretation, inequitable application, violation or failure to comply with the provisions of this **Agreement** may be filed directly at **STEP III** of the grievance procedure. All other individual grievances in process concerning the same issue shall be consolidated with the "*group* " grievance.

Section 8.
If a determination satisfactory to the **Union** at any level of the Grievance Procedure is not implemented within a reasonable time, the **Union** may re-institute the original grievance at **STEP III** of the Grievance Procedure; or if a satisfactory **STEP III** determination has not been so implemented, the **Union** may institute a grievance concerning such failure to implement at **STEP IV** of the Grievance Procedure.

Section 9.
If the **Employer** exceeds any time limit prescribed at any step in the Grievance Procedure, the grievant and/or the **Union** may invoke the next step of the procedure, except that only the **Union** may invoke impartial arbitration under **STEP IV**.

Section 10.
The **Employer** shall notify the **Union** in writing of all grievances filed by **employees**, all grievance hearings, and all determinations. The **Union** shall have the right to have a representative present at any grievance hearing and shall be given forty-eight (48) hours' notice of all grievance hearings.

Section 11.
Each of the steps in the Grievance Procedure, as well as time limits prescribed at each step of this Grievance Procedure, may be waived by mutual agreement of the parties.

Section 12.
A non-Mayoral agency not covered by this **Agreement** but which employs **employees** in titles identical to those covered by this **Agreement** may elect to permit the **Union** to appeal an unsatisfactory determination received at the last step of its Grievance Procedure prior to arbitration on fiscal matters only to the **Commissioner of Labor Relations**. If such election is made, the **Union** shall present its appeal to the **Commissioner of Labor Relations** in writing within ten (10) work days of the receipt of the last step determination. The **Union** should submit copies of the grievance filings at the prior steps of its Grievance Procedure and any agency responses thereto. Copies of such appeals shall be sent to the agency head. The **Commissioner of Labor Relations**, or the **Commissioner's** designee, shall review all such appeals and answer all such appeals within fifteen (15) work days. An appeal from a determination of the **Commissioner of Labor Relations** may be taken to arbitration under procedures, if any, applicable to the non-Mayoral agency involved.

Section 13.
The grievance and the arbitration procedure contained in this **Agreement** shall be the exclusive remedy for the resolution of disputes defined as "grievances" herein. This shall not be interpreted to preclude either party from enforcing the arbitrator's award in court. This Section shall not be construed in any manner to limit the statutory rights and obligations of the **Employer** under **Article XIV** of the **Civil Service Law**.

Section 14. Expedited Arbitration Procedure.

a. The parties agree that there is a need for an expedited arbitration process, which would allow for the prompt adjudication of grievances as set forth below.

b. The parties voluntarily agree to submit matters to final and binding arbitration pursuant to the New York City Collective Bargaining Law and under the jurisdiction of the Office of Collective Bargaining. An arbitrator or panel of arbitrators, as agreed to by the parties, will act as the arbitrator of any issue submitted under the expedited procedure herein.

c. The selection of those matters which will be submitted shall include, but not limited to, out-of-title cases concerning all titles, disciplinary cases wherein the proposed penalty is a monetary fine of one week or less or written reprimand, and other cases pursuant to mutual agreement by the parties. The following procedures shall apply:

i. SELECTION AND SCHEDULING OF CASES:

(1) The Deputy Chairperson for Disputes of the Office of Collective Bargaining shall propose which cases shall be subject to the procedures set forth in this Section 12 and notify the parties of proposed hearing dates for such cases.

(2) The parties shall have ten business days from the receipt of the Deputy Chairperson's proposed list of cases and hearing schedule(s) to raise any objections thereto.

(3) If a case is not proposed by the Deputy Chairperson for expedited handling, either party may, at any time prior to the scheduling of an arbitration hearing date for such case, request in writing to the other party and to the Deputy Chairperson of Disputes of the Office of Collective Bargaining that said case be submitted to the expedited procedure. The party receiving such request shall have ten business days from the receipt of the request to raise any objections thereto.

(4) No case shall be submitted to the expedited arbitration process without the mutual agreement of the parties.

ii. CONDUCT OF HEARINGS:

(1) The presentation of the case, to the extent possible, shall be made in the narrative form. To the degree that witnesses are necessary, examination will be limited to questions of material fact and cross examination will be similarly limited. Submission of relevant documents, etc., will not be unreasonably limited and may be submitted as a "packet" exhibit.

(2) In the event either party is unable to proceed with hearing a particular case, the case shall be rescheduled. However, only one adjournment shall be permitted. In the event that either party is unable to proceed on a second occasion, a default judgment may be entered against the adjourning party at the Arbitrator's discretion absent good cause shown.

(3) The Arbitrator shall not be precluded from attempting to assist the parties in settling a particular case.

(4) A decision will be issued by the Arbitrator within two weeks. It will not be necessary in the Award to recount any of the facts presented. However, a brief explanation of the Arbitrator's rationale may be included. Bench decisions may also be issued by the Arbitrator.

(5) Decisions in this expedited procedure shall not be considered as precedent for any other case nor entered into evidence in any other forum or dispute except to enforce the Arbitrator's award.

(6) The parties shall, whenever possible, exchange any documents intended to be offered in evidence at least one week in advance of the first hearing date and shall endeavor to stipulate to the issue in advance of the hearing date.

ARTICLE VI - NO STRIKES

In accordance with the New York City Collective Bargaining Law, as amended, neither the **Union** nor any **employee** shall induce or engage in any strikes, slowdowns, work stoppages, mass absenteeism, or induce any mass resignations during the term of this **Agreement**.

ARTICLE VII - TRANSFERS

Section 1.
The term *transfer* shall mean (i) the shifting of an **employee** to a position in charge of a division or shop, or (ii) the shifting of an **employee** from one work location to another without any significant change in the duties and responsibilities of the **employee's** civil service title.

Section 2.
The initial assignment of a newly appointed **employee** after an initial period of training to an existing or newly created position shall not constitute a transfer, except where the existing or newly created position is in charge of a department or shop.

Section 3.
A shifting of an **employee** to a position in which the said **employee** assumes the duties and responsibilities of a transferred **employee** shall not constitute a transfer, except where the vacant position is in charge of a department or shop.

Section 4.
For the purposes of this Article, the term *work location* shall mean a geographic area consisting of a garage, a group of garages, or a central repair shop.

Section 5.
With the exception of temporary transfers, voluntary transfers from one work location to another within an agency shall be made on the basis of greatest seniority in title in such agency from among employees who, in the judgement of the **Employer**, are otherwise equally qualified for the particular job opening.

Among the items to be assessed by the **Employer** to determine the qualifications of **employees** seeking transfers are the individual **employee's** abilities, performance, rate of absenteeism, general health and capabilities and disciplinary record.

Section 6.
With the exception of temporary transfers, involuntary transfers from one work location to another within an agency shall be made on the basis of least seniority in title in such agency from among **employees** who, in the judgement of the **Employer**, are otherwise equally qualified.

Section 7.
There shall be a six (6) month probationary period for all persons transferred. At or before the end of said probationary period, an **employee** who has been transferred may be returned to the work location from which transferred if, in the judgement of the **Employer**, said transferred **employee's** abilities, performance, rate of absenteeism, general health and capacities and disciplinary record in such new position warrant such return.

Section 8.
Temporary transfers are transfers which are limited to ninety (90) calendar days.

Section 9.
When possible, all vacancies that the **Employer** has decided to fill by permanent transfer shall be posted on a department bulletin board as far in advance of the date the transfer is to be effective as is practicable; however, the **Employer** need not post a job opening more than a month in advance. This section applies to job openings to be filled either on a voluntary or involuntary basis.

Section 10.
Any **employee** who voluntarily transfers to another location shall remain in that location for a period of not less than one year. No transfer requests shall be accepted from any **employee** so transferred within one year preceding the date of request. When an **employee** has been selected for a voluntary transfer but said transfer has not been implemented within 90 days of such selection, such **employee** shall have the option to withdraw the original bid and to bid for a different position. However, such withdrawal from the original bid shall be permanent, and the original bid may not be reactivated.

ARTICLE VIII - OVERTIME

Section 1.
All overtime shall, as far as practicable, be distributed equally among the **employees** within a department except as modified in Section 2 of this Article.

Section 2.
In the Department of Sanitation, overtime shall, as far as is practicable, be distributed equally among employees in each work area.

For purposes of this Article only, work areas as they presently exist in the Bureau of Motor Equipment of the Department of Sanitation are defined as follows:

a. Field Operations

Each Borough Shop including its satellite garages shall be deemed a separate work area.

Fresh Kills Landfill is also designated as a work area except that emergency overtime, including, but not limited to work in progress, will be given priority when assigning overtime in this location.

b. Central Repair Shop

Off-vehicle shops which presently include the Machine Shop, Engine Shop, Unit Repair Shop, Transmission Shop, Upholstery Shop, Electric Shop, and the Glass Shop shall be deemed a single work area.

On-vehicle mechanical repair shops which presently include Special Chassis and the Passenger Car Shop shall be deemed a single work area.

Metal working shops including the Body Shop and the Forge Shop shall be deemed a single work area.

The Tire Shop shall be deemed a single work area.

Employees, as defined herein, who work in locations other than those indicated above, shall work in accordance with the needs of their location.

Nothing herein shall be used to define a work area or location under Article VII of this agreement or for any purpose other than the distribution of overtime in the Department of Sanitation as defined herein.

ARTICLE IX - PRODUCTIVITY AND PERFORMANCE

Introduction

Delivery of municipal services in the most efficient, effective and courteous manner is of paramount importance to the

Employer and the **Union**. Such achievement is recognized to be a mutual obligation of both parties within their respective roles and responsibilities. To achieve and maintain a high level of effectiveness, the parties hereby agree to the following terms:

Section 1. - Supervisory Responsibility
The **Union** recognizes the **Employer's** right under the **New York City Collective Bargaining Law** to establish and/or revise standards for supervisory responsibility in achieving and maintaining performance levels of supervised **employees** for **employees** in supervisory positions listed in Article I, Section 1, of this **Agreement**. The **Employer** will give the **Union** prior notice of the establishment and/or revision of standards for supervisory responsibility hereunder.

Section 2.
Employees who fail to meet such standards may be subject to disciplinary measures in accordance with applicable law.

Section 3. - Performance Compensation
The Uion acknowledges the Employer's right to pay additional compensation for outstanding performance.

The Employer agrees to notify the Union of its intent to pay such additional compensation.

ARTICLE X - BULLETIN BOARDS AND NOTICES

The **Union** may post notices on bulletin boards in places and locations where notices usually are posted by the **Employer** for the **employees** to read. All notices shall be on **Union** stationery, and shall be used only to notify **employees** of matters pertaining to **Union** affairs. The minimum space to be provided on any such bulletin board shall be sufficient for a document on paper size 8½" x 13".

ARTICLE XI - PERSONNEL AND PAY PRACTICES

Section 1.
The **Employer** agrees to authorize all agencies, covered hereunder, effective January 1, 1971, to establish imprest funds for the reimbursement to employees of all necessary and authorized carfare, telephone, automobile and meal expenses and such other types of expenses as the **Comptroller** may approve. The funds shall be administered in accordance with the rules and regulations of the **Comptroller**.

Section 2.
In the scheduling of vacations for **employees** of agencies covered hereunder subject to the vacation policy and procedures of the respective agencies, the **Employer** agrees that all authorized vacation picks for **employees** covered by this **Agreement** shall be by seniority in the **employee's** civil service title.

ARTICLE XII - WORKING CONDITIONS

Section 1.
The **Employer** shall make all reasonable efforts to provide **employees** with adequate, clean and safe washing and toilet facilities.

Section 2.
All **employees'** work areas shall be adequately ventilated, lighted and otherwise maintained.

ARTICLE XIII - SAFETY

Section 1.
All unsafe conditions reported by the **Union**, concerning **employees** covered by this **Agreement**, shall be duly noted by the appropriate supervisor and acted upon expeditiously.

Section 2.
All unsafe conditions not acted upon expeditiously may become the subject of a grievance.

ARTICLE XIV - LABOR-MANAGEMENT COMMITTEE

Section 1.
The **Employer** and the **Union**, having recognized that cooperation between management and **employees** is indispensable to the accomplishment of sound and harmonious labor relations, shall jointly maintain and support a labor-management committee in each of the agencies having at least fifty **employees** covered by this **Agreement**.

Section 2.
Each labor-management committee shall consider and recommend to the agency head changes in the working conditions of the **employees** within the agency who are covered by this **Agreement**. Matters subject to the Grievance Procedure shall not be appropriate items for consideration by the labor-management committee.

Section 3.
Each labor-management committee shall consist of six members who shall serve for the term of this **Agreement**. The **Union** shall designate three members and the agency head shall designate three members. Vacancies shall be filled by the appointing party for the balance of the term to be served. Each member may designate one alternate. Each committee shall select a chairperson from among its members at each meeting. The chairpersonship of each committee shall alternate between the members designated by the agency head and the members designated by the **Union**. A quorum shall consist of a majority of the total membership of a committee. A committee shall make its recommendations to the agency head in writing.

Section 4.
The labor-management committee shall meet at the call of either the **Union** members or the **Employer** members at times mutually agreeable to both parties. At least one week in advance of a meeting the party calling the meeting shall provide, to the other party, a written agenda of matters to be discussed. Minutes shall be kept and copies supplied to all members of the committee.

ARTICLE XV - FINANCIAL EMERGENCY ACT

The provisions of this **Agreement** are subject to applicable provisions of law, including the New York State Financial Emergency Act for the City of New York as amended.

ARTICLE XVI - APPENDICES

The Appendix or Appendices, if any, attached hereto and initialed by the undersigned shall be deemed a part of this **Agreement** as if fully set forth herein.

ARTICLE XVII - SAVINGS CLAUSE

In the event that any provision of this **Agreement** is found to be invalid, such invalidity shall not impair the validity and enforceability of the remaining provisions of this **Agreement**.

WHEREFORE, we have hereunto set our hands and seals on this 4th day of January, 2005.

Dear Mr. Giattino;

This is to confirm our mutual understanding that Local 621, S.E.I.U., AFL-CIO ("Local 621") has, effective April 1, 2004, provided the necessary funding in the amount of 0.0452% to increase the compensation of the member of Local 621 on full-time paid release from the base-pay level of a Supervisor of Mechanics (Mechanical Equipment)("SMME") to that of the highest SMME pay level (i.e., Supervising Supervisor). The purpose of this funding is to provide, effective April 1, 2004, an annual salary to the member of Local 621 on full-time paid release equal to the salary of a Supervising Supervisor. The parties agree that the charge to the Union for the increase in the annual salary to the member of Local 621 on full-time paid release begins effective April 1, 2004 and will continue regardless of the civil service title or the assignment level of any future active employee who may serve in the full-time paid release position.

It is our mutual understanding and agreement that the salaries reflected in the Collective Bargaining Agreement for the period beginning April 1, 2002 reflects, for the period beginning April 1, 2004 (and for Deputy Directors for the period beginning November 19, 2004), a salary adjustment sufficient to provide the necessary funding for the increased salary for the member of Local 621 on full-time paid release.

The funding mechanism provided for in this side-letter can only be terminated upon the mutual agreement of the parties. If the parties agree to terminate this funding mechanism, it is understood that the charge that has been assessed to the union will instead, going forward, be restored to the wages of the SMME, Supervisor of Ironwork and Deputy Director of Motor Equipment Maintenance (Sanitation) titles effective the date of such termination.

If the above accords with your understanding, kindly execute the signature line provided below

Very truly yours,
James F. Hanley

Re: 2002-2005 Local 621 SMME, et al. Agreement

Dear Mr. Giattino:

This letter is to confirm certain mutual understandings and agreements regarding the above-captioned agreement.

The parties agree to establish a "Joint Labor Management Committee on Productivity Initiatives" ("Committee")

Composition of the Committee

The Committee shall comprise representatives designated by: the Deputy Mayor for Operations, the Law Department, the Office of Labor Relations, the Office of Management and Budget, the Office of Operations, and Local 621.

Goals and Objectives

The Committee shall work to identify efficiencies in the administration and delivery of governmental services, which shall in turn be utilized to provide additional compensation to employees. This agreement expresses the joint labor and management commitment to associate improved City service and performance with appropriate compensation for the workforce.

The goal of the Committee's work shall be to identify, review, recommend and develop initiatives that generate workplace savings, maximize the potential of the City workforce and ensure the provision of essential services while at the same time improving compensation for the City workforce. To that end, the parties will seek to identify quantifiable savings while at the same time maintaining or improving City services.

The Committee shall make all reasonable efforts to issue a report or reports on or about December 1, 2004 which propose initiatives representing meaningful, quantifiable, recurring savings to the City and which generate funding to be utilized to compensate employees. Upon completion and acceptance of all committee members of the report, an additional one percent (1%) increase shall be paid to employees covered by this agreement.

The parties agree to meet and negotiate the application of any additional savings above 1% generated by the programs developed by the Committee.

Areas for Consideration

The Committee's study may encompass such matters, including, but not limited to, absence control, contracting in, workers compensation and other efficiencies.

Sick leave usage. The Committee will seek to design a program to examine baseline data as to sick leave usage as a benchmark for comparison. The goal will be to reduce employee sick leave usage on an ongoing basis as a productivity enhancement.
Contracting-in. The Committee shall identify areas wherein City services are now being outsourced with the goal of providing those services by City employees with a cost savings to the City.
Workers Compensation Cost Containment Task Force. The Committee shall create a special task force, requesting such

assistance of cost containment experts as necessary, with the goal of developing reforms that emphasize effective treatments and speed the return to work; that explore the manner in which treatment services are provided; that set specific standards of evaluation and treatment; and that serve to root out fraudulent claims.

Such other areas as the Committee may mutually agree.

Implementation of Savings

The initiatives and programs developed pursuant to this Committee must be unanimously agreed upon. In the event there is a dispute as to the amount of savings generated by an initiative or the implementation of a program, or the savings generated by a program are not paid pursuant to this agreement, it shall be submitted to arbitration upon written notice therefor by any of the parties to this Agreement to the party with whom such dispute or controversy exists. The matter submitted for arbitration shall be submitted to an arbitration panel consisting of the three impartial members of the Board of Collective Bargaining pursuant to Title 61 of the rules of the City of New York. Any award in such arbitration proceeding shall be final and binding and shall be enforceable pursuant to Article 75 of the CPLR.

If the above accords with your understanding, kindly execute the signature line provided below.

Re: 2002-2005 Local 621 SMME, et al. Agreement

Dear Mr. Giattino:

This is to confirm certain mutual understandings and agreements regarding the above captioned Agreement.

1. The First Deputy Commissioner of Labor Relations may, after notification to the affected union(s), exempt certain hard to recruit titles, as defined in relevant cases by DCAS and by HHC, from the provisions of Article IV, Sections 4 and 7 of the *2002-2005 Local 621 SMME Agreement*..

2. For the purposes of Article IV, Sections 4 and 7 of the *2002-2005 Local 621 SMME Agreement*, employees who were in active pay status prior to the date of execution of the *2002-2005 Local 621 SMME Agreement* who are affected by the following personnel actions after said date shall not be treated as "newly hired" employees and shall be entitled to receive the minimum incumbent salary set forth in Sections 3, 5 or 6 respectively on the dates indicated therein.

a. Employees who return to active pay status from an approved leave of absence.

b. Employees in active pay status (whether full or part-time) appointed to permanent status from a civil service list or to a new title (regardless of jurisdictional class or civil service status) without a break in service of more than 31 days.

c. Employees who were laid off or terminated for economic reasons who are appointed from a recall/preferred list or who were subject to involuntary redeployment.

d. Provisional employees who were terminated due to a civil service list who are appointed from a civil service list within one year of such termination.

e. Permanent employees who resign and are reinstated within one year of such resignation.

f. Employees (regardless of jurisdictional class or civil service status) who resign and return within 31 days of such resignation.

g. A provisional employee who is appointed directly from one provisional appointment to another.

h. For circumstances that were not anticipated by the parties, the First Deputy Commissioner of Labor Relations may elect to issue, on a case-by-case basis, interpretations concerning the application of Sections 4 and 7 of the *2002-2005 Local 621 SMME Agreement*.

3. For the purposes of the above Section 2(a), "approved leave" is further defined to include:

a. maternity/childcare leave

b. military leave

c. unpaid time while on jury duty

d. unpaid leave for union business pursuant to Executive Order 75

e. unpaid leave pending workers' compensation determination

f. unpaid leave while on workers' compensation option 2

g. approved unpaid time off due to illness or exhaustion of paid sick leave

h. approved unpaid time off due to family illness

i. other pre-approved leaves without pay

If the above accords with your understanding, please execute the signature line provided below.

Very truly yours,

Re: Lump Sum Cash Payment Guidelines
2002-2005 Local 621 SMME, et al. Agreement

Dear Mr. Giattino:

This is to confirm the understanding and agreement of the parties concerning the guidelines for receipt of the lump sum cash payment provided in Article 4, Section 2(A) of the *2002-2005 Local 621 SMME Agreement*.

A. Eligibility Guidelines

The following categories of Employees shall be eligible to receive a lump sum cash payment in the amount of $1,000, or a pro-rata portion thereof, in accordance with the further provisions of paragraph C, below.

i. Employees who are in active pay status on or before September 21, 2004.

ii. Employees who worked the full period from July 1, 2002 through June 30, 2003 and who retired on or after June 30, 2003.

iii. Employees who had at least one year of service and who had been in service during the period from July 1, 2002 through June 30, 2003 and who were laid-off/terminated for economic reasons.

iv. Employees on active Military Duty pursuant to "Operation Enduring Freedom."

v. Employees who are in pay status on or before September 21, 2004, albeit on approved leave without pay, will receive the applicable lump sum payment upon their return to work.

Note: It is understood that Employees who were terminated for cause or who resigned shall not be eligible for the lump sum cash payment.

B. Proration of Lump Sum Cash Payment

Full-time per annum and full-time per diem Employees shall receive a lump sum cash payment in the amount of $1,000.

Part-time per annum, part-time per diem, per session, hourly paid and per diem Employees (including seasonal appointees) and Employees whose normal work year is less than a full calendar year shall receive a pro-rata portion of the lump sum cash payment on the basis of computations heretofore utilized by the parties for all such Employees.

C. The lump sum cash payments shall not become part of the Employee's basic salary rate nor be added to the Employee's basic salary for the calculation of any salary based benefits including the calculation of future collective bargaining increases.

D. The lump sum cash payment shall be pensionable, consistent with applicable law, and shall be paid as soon as practicable upon ratification of the *2002-2005 Local 621 SMME Agreement*.

E. For circumstances that were not anticipated by the parties, the First Deputy Commissioner of Labor Relations may elect to issue, on a case-by-case basis, interpretations concerning the application of Article 4, Section 2(A) of the *2002-2005 Local 621 SMME Agreement*.

Re: 2002-2005 Local 621 SMME Agreement

Dear Mr. Giattino:

This is to confirm certain mutual understandings and agreements regarding the above captioned Agreement. For those employees hired between July 15, 1996 through December 31, 1999, upon completion of four (4) years of active or qualified inactive service, an employee in active pay status appointed pursuant to the provisions set forth in Section 5(b) of the 1995 MCMEA shall receive a one-time lump sum payment calculated by taking the difference between the "hiring rate" received by the employee and the indicated minimum for the applicable title set forth in this *Agreement* that was in effect on the one year anniversary of the employee's original date of appointment to their title. Such one-time lump sum payment shall be equivalent to the difference between the annual salary rate the employee would have actually earned during the employee's second year of service had the higher salary rate been in effect and the annual salary rate they did earn.

"Qualified inactive service" is defined for the purposes of this agreement to include the following employees:

1. those who are on preferred or recall lists; or
2. those who are on an approved leave.

"Approved leave" is further defined to include:

a. maternity/childcare leave

b. military leave

c. unpaid time while on jury duty

d. unpaid leave for union business pursuant to Executive Order 75

e. unpaid leave pending workers' compensation determination

f. unpaid leave while on workers' compensation option 2

READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council**, 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists–free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

PROCUREMENT POLICY BOARD RULES

The Rules may also be accessed on the City Website, http://NYC.GOV.Selltonyc

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

CHARTER REVISION COMMISSION

■ PUBLIC MEETING

The 2005 Charter Revision Commission will hold a public meeting on January 19, 2005. The topic of this meeting will be administrative law reform. The Commission will hear expert testimony from Carol Robles-Roman, Deputy Mayor for Legal Affairs. Although administrative law reform will be the main subject of this public meeting, Commission business will not necessarily be limited to that topic. The Commission may also consider other topics related to its review of the City Charter. As this is a public meeting and not a public hearing, the public will have the opportunity to observe, but not to testify.
Time: 7:00 P.M.
Location: Spector Hall, 22 Reade Street, 1st Floor. Located between Broadway and Centre Street in Lower Manhattan.

Individuals requesting spoken or sign language interpreters for any of these public meetings should contact Commission staff member Brian Geller at (212) 788-2952 five (5) business days prior to the Public Meeting. TDD users should call Verizon Relay Services.

To contact the Commission by telephone, please call (212) 676-2060.
To contact the Commission by mail, please write to:
New York City Charter Revision Commission
2 Lafayette Street, 14th Floor
New York, NY 10007
To contact the Commission by email, please email charter@dcas.nyc.gov

SPECIAL USE REGULATIONS

* * *

62-29
Special Use Regulations for Waterfront Access Plan BK-1

All Use Group 6 and 9 #uses# delineated in Section 62-212 (Waterfront-Enhancing Uses) not otherwise permitted, shall be a permitted use on any parcel identified in Waterfront Access Plan BK-1, provided that such use is limited to not more than 10,000 square feet of #floor area# per establishment; the total amount of #floor area# used for such #uses# does not exceed two per cent of the total amount of #floor area# permitted on such parcel; and such #uses# are located below the level of the first #story# ceiling of a #building# or are located on a #pier# or #platform#.

Additionally, Docks for water taxis (Use Group 6) and Docks or mooring facilities for non-commercial pleasure boats (Use Group 6) shall be a permitted use on any parcel identified in Waterfront Access Plan BK-1.

* * *

62-30
SPECIAL BULK REGULATIONS

All #zoning lots# within #waterfront blocks# shall comply with the #bulk# regulations of this Section. For the purposes of this Section, non-#waterfront blocks# included in Waterfront Access Plan BK-1 shall be considered to be #waterfront blocks#. Existing non-complying buildings or other structures shall be subject to the provisions of Article V (Non-Conforming Uses and non-complying Buildings).

* * *

62-35
Special Bulk Regulations within Waterfront Access Plan BK-1

Within Waterfront Access Plan BK-1 the Special Bulk Regulations of this section are further modified as delineated herein.

62-351
Special floor area, lot coverage and residential density distribution regulations

Within any parcel, and between any adjacent parcels which are under single fee ownership and with respect to which each party having any interest therein is a party in interest (as defined in (e) of the definition of a #zoning lot# in Section 12-10), identified in Waterfront Access Plan BK-1; the total #floor area# and #lot coverage# permitted pursuant to Section 62-32 and the residential density permitted pursuant to Section 23-22 may be located anywhere within such parcel or between such parcels without regard to #zoning lot lines# or district boundaries provided that such location of #floor area#, #lot coverage# or residential density complies with Section 62-31 and Section 62-34 as modified by Section 62-352.

62-352
Special Height and Setback Regulations

The provisions of Section 62-341 are modified as follows:

(a) Paragraph (c)(1) (Maximum base height) shall be modified in R6 Districts to permit a maximum base height of 65 feet or six #stories#, whichever is less.

(b) Paragraph (c)(2) (Maximum #building# height) shall not apply. In lieu thereof, the maximum #building# height in an R6 District shall be 65 feet or six #stories#, whichever is less, within 100 feet of Commercial Street, West Street, Dupont Street, Franklin Street and Kent Avenue. Beyond 100 feet of such streets and any other portions of an R6 District, the maximum #building# height in shall be 110 feet. In R8 Districts, the maximum #building# height shall be 210 feet, except that for #zoning lots developed# with multiple #buildings# or portions of #buildings# that exceed a height of 200 feet, not more than half of such #buildings# or portions of #buildings# may exceed a height of 210 feet to a maximum #building# height of 310 feet. Such maximum #building# heights of 110 feet, 210 feet and 310 feet may be exceeded by a penthouse portion of a #building#, provided any #story# of a #building# within such penthouse portion does not exceed 85 percent of the gross area of the highest #story# of the same #building# entirely below a height of 110 feet, 210 feet or 310 feet, as applicable, and the maximum height of such penthouse portion does not exceed 40 feet.

(c) Paragraphs (c)(3) (#Floor area# distribution) and (c)(5) (Additional setback provisions for high #buildings#) shall not apply.

(d) Paragraph (c)(4) (Maximum #residential# tower size) shall not apply. In lieu thereof, each #residential story# of a #building# located entirely above a height of 85 feet shall not exceed a gross area of 8,100 square feet in an R6 District and 11,000 square feet in an R8 District.

(e) Paragraph (c)(6) shall not apply. In lieu thereof, the maximum length of any #story# of a #building# that exceeds a height of 65 feet in an R6 District or 85 feet in an R8 District shall not exceed 170 feet. Such length shall be measured by inscribing within a rectangle the outermost walls at the level of each #story# entirely above such heights. Any side of such rectangle shall not exceed 170 feet.

(f) Paragraph (c)(7) (Ground floor streetscape provisions) shall not apply. In lieu thereof, all off-street parking spaces located within 50 feet of a #street#, a #visual corridor# containing a private road, and a #shore public walkway#, #upland connection# or #supplemental public access area# and which are located on a #story# that is above the #base plane# shall be within facilities that are located behind #commercial#, #community facility# or #residential floor area# so that no portion of such parking facility, other than entrances and exits, is visible from such #streets#, #visual corridors# or publicly accessible open spaces. Such #floor area# shall have a minimum depth of 25 feet. Seventy percent of the surface area of the facade of a facility containing parking spaces which are not otherwise required to be behind such #floor area# shall be composed of the same materials as the facade of the #building# in which it is located.

(g) Any roof of a facility containing off-street parking spaces, not otherwise covered by a #building#, which is larger than 400 square feet shall be landscaped and accessible for the recreational use of the occupants of the building in which it is located. Hard surfaced areas shall not cover more than 60 percent of such roof area.

(h) The #streetwall# of a #building# on any #zoning lot# fronting on Commercial Street, West Street and Kent Avenue shall be located within eight feet of, and extend along 70 percent of such #street line# to a minimum height of 40 feet.

(i) All #developments#, conversions, and #enlargements# or #extensions# which increase the existing #floor area# by more than 10 percent, shall provide along the entire #street# length of the #zoning lot#, one tree for every 25 feet of # street# frontage. Such trees shall be of at least three-inch caliper at the time of planting and be placed at approximately equal intervals except where the Commissioner of Buildings determines that such tree planting would be unfeasible. Such trees shall be planted in accordance with the standards of the Department of Parks and Recreation.

Waterfront public access and visual corridors

* * *

5. for the #development# of a park, a site plan and all other applicable data have been submitted showing compliance with the provisions of Section 62-416 (Special regulations for zoning lots that include parks).

A certification pursuant to paragraph (c) of this section, for any parcel identified in Waterfront Access Plan BK-1, may provide for the phased implementation of all required public access areas provided that an amount of public access area proportionate to the amount of #floor area# being developed on the parcel is provided in each phase. Additionally, for any #development# located within 200 feet of a #shore public walkway#, the initial phase and each subsequent phase, shall also provide a minimum of 200 linear feet of #shore public walkway# and any adjacent supplemental area, one #upland connection# through or adjacent to the entire parcel to such required portion of the #shore public walkway# and, shall have at least one other connection from such required portion of the #shore public walkway# to an adjacent #shore public walkway#, a #street# or another #upland connection#. For any #development# located entirely beyond 200 feet of a #shore public walkway#, the initial phase and each subsequent phase, shall also provide a minimum of 100 linear feet of #shore public walkway#, and one #upland connection# through or adjacent to the entire parcel to such required portion of the #shore public walkway#.

A certificate pursuant to paragraphs (b) or (c) of this Section shall be granted on condition that an acceptable restrictive declaration is executed and filed pursuant to Section 62-14 (Requirements for Recordation).

62-812
Elements of a Waterfront Access Plan

A Waterfront Access Plan may:

1) on #zoning lots# where public access or #visual corridors# are required pursuant to the provisions of Sections 62-40 and 62-60, modify the size, configuration, location or design of required waterfront public access areas or #visual corridors# within certain designated areas in order to address local conditions, provided such plan does not impose a public access or #visual corridor# requirement on any #zoning lot# greater than would otherwise be required pursuant to the provisions of Sections 62-40 or 62-60. For the purpose of determining the amount of public access, the highest standard applicable to a zoning lot may be applied regardless of any specific #use# permitted or proposed for such #zoning lot#. Within Waterfront Access Plan BK-1,

the public access and #visual corridor# requirements for any parcel located within the Waterfront Access Plan may be determined by aggregating the public access and #visual corridor# requirements of each zoning lot within the parcel and such aggregated requirements may be modified within such parcel without regard to #zoning lot lines#;

62-83
Borough of Brooklyn

The following Waterfront Access Plans are hereby established within the Borough of Brooklyn. All applicable provisions of Article VI, Chapter 2, remain in effect within the areas delineated by such plans, except as expressly set forth otherwise in the plans:

BK-1: Greenpoint/ Williamsburg, as set forth in Section 62-831.

* * *

62-831

Waterfront Access Plan BK-1:
Greenpoint-Williamsburg
Maps BK-1a through BK-1c in paragraph (g) of this Section show the boundaries of the area comprising the Greenpoint-Williamsburg Waterfront Access Plan and the location of certain features mandated or permitted by the Plan. The plan area has been divided into parcels consisting of tax blocks and lots and other lands as established on (date of adoption), as follows:

(3) The provisions of Section 62-623 (Supplemental public access areas) shall be inapplicable. In lieu thereof, the following provisions shall apply:

A required #supplemental public access area# shall be directly connected to either a #pier# public access area, an #upland connection# or a #shore public walkway# on either its landward or seaward side and its pedestrian circulation zone shall be contiguous with the adjacent pedestrian circulation zone.

2) A buffer zone shall only be required where a #supplemental public access area# adjoins a non-publicly accessible portion of a #zoning lot#, in which case its minimum width shall be 15 feet.

(4) #Street# Treatment

All #streets# adjacent to a #shore public walkway# or #supplemental public access area# shall be improved as a continuation of such #shore public walkway# or #supplemental public access area#, pursuant to the design requirements of paragraph (b) of this Section, inclusive.

(b) Specific design requirements for shore public walkway prototypes

The provisions of Section 62-63 (Specific Design Requirements for Public Access Prototypes) shall be inapplicable. In lieu thereof the following provisions for #shore public walkways# shall apply:

(1) Greenpoint-Williamsburg Shore Public Walkway-Prototype I

1. One circulation path with a minimum clear width of 12 feet is required.

The path must be within ten feet of the seaward edge of the #shore public walkway#, except when rip rap, beach or other shoreline materials are provided in a publicly accessible area seaward of the path.

(ii) A minimum of one linear foot of seating shall be provided for every 100 square feet of #shore public walkway#. At least 60 percent of the required seating shall be landward of the required circulation path.

(iii) A minimum of 50 percent of the pedestrian circulation zone, excluding the required circulation path, shall be planting area. Rip rap, beach or other shoreline materials may be counted as an equivalent to planting area.

(iv) One shade tree is required for every 1,200 square feet of #shore public walkway# and one small or ornamental tree shall be required for every 750 square feet of #shore public walkway#. Trees may be located either in the pedestrian circulation zone landward of the required circulation path or in the buffer zone. Fifty percent of required shade trees shall be located within 10 feet of the required clear path.

(2) Greenpoint-Williamsburg Shore Public Walkway-Prototype II

1) The provisions of 62-621 (Shore public walkways) shall apply except that a #shore public walkway# shall have a minimum 30 foot pedestrian circulation zone and a minimum 15 foot buffer zone.

2) One circulation path with a minimum clear width of 12 feet is required. The path must be within ten feet of the seaward edge of the #shore public walkway#, except when rip rap, beach or other shoreline materials are provided in a publicly accessible area seaward of the path, in which case, the path shall be located within 20 feet of the shoreline. A secondary circulation path may be provided, with a minimum width of 10 feet. Connecting paths having a minimum width of ten feet shall be provided between the two circulation paths at intervals not to exceed 100 feet.

3) A minimum of one linear foot of seating shall be provided for every 70 square feet of #shore public walkway#.

4) A minimum of 70 percent of the pedestrian circulation zone, excluding the required circulation path and transition zones, shall be planting area. A minimum of 50 percent of this planting area must be improved as lawn according to the provisions of Section 62-675 (Planting and trees).

(v) One shade tree is required for every 1,900 square feet of #shore public walkway# and shall be located in the pedestrian circulation zone. In addition, one shade, small or ornamental tree shall be required for every 850 square feet of #shore public walkway# and may be located either in the pedestrian circulation zone or in the buffer zone. Fifty percent of required shade trees shall be located within 10 feet of the required clear path.

(3) Greenpoint-Williamsburg Supplemental Public Access - Waterfront Plaza

(i) The entire #supplemental public access area# shall be a pedestrian circulation zone, except for any buffer zone required by paragraph (a)(3)(ii) of this Section.

(ii) There shall be at least one circulation path throughout the #supplemental public access area#. Such path shall provide access to the primary entrance of any building or #use# that is within or adjacent to the #supplemental public access area#.

The required circulation path shall have a minimum clear width of ten feet and any other circulation path shall have a minimum clear width of six feet.

Within a transition zone, the minimum aggregate width of clear path along any side of the #supplemental public access area# shall be equal to 50 percent of the length of the intersection between the two public access areas, and any single path providing access between waterfront public access areas shall have a minimum width of 10 feet.

(iii) A minimum of one linear foot of seating shall be provided for every 40 square feet of pedestrian circulation zone. Fifty percent of required seating shall be under shade throughout the day.

(iv) A minimum of 25 percent of the pedestrian circulation zone shall be planting area.

(v) Four trees shall be required for the first 2,500 square feet of #supplemental public access area#, at least two of which shall be shade trees. For each additional 750 square feet, one additional shade, ornamental or small tree shall be required. Small or ornamental trees located within the pedestrian circulation zone shall not be counted toward the minimum requirements.

(4) Greenpoint-Williamsburg Supplemental Public Access - Waterfront Park

(i) The entire #supplemental public access area# shall be a pedestrian circulation zone, except for any buffer zone required by paragraph (a)(3)(ii) of this Section.

(ii) There shall be at least one circulation path throughout the #supplemental public access area#. Such path shall provide access to the primary entrance of any building or #use# that is within or adjacent to the #supplemental public access area#.

The required circulation path shall have a minimum clear width of ten feet and any other circulation path shall have a minimum clear width of six feet.

Within a transition zone, the minimum aggregate width of clear path along any side of the #supplemental public access area# shall be equal to 50 percent of the length of the intersection between the two public access areas, and any single path providing access between waterfront public access areas shall have a minimum width of 10 feet.

(iii) A minimum of one linear foot of seating shall be provided for every 50 square feet of pedestrian circulation zone. Fifty percent of required seating shall be under shade throughout the day.

(iv) A minimum of 60 percent of the pedestrian circulation zone shall be planting area with no more than 30 percent of the planting area in raised planting beds. At least 35 percent of the #supplemental public access area# shall be lawn in compliance with the standards set forth in paragraph (c)(5) of Section 62-675 (Planting and trees).

(v) Four trees shall be required for the first 2,500 square feet of #supplemental public access area#, at least two of which shall be shade trees. For each additional 750 square feet, one additional shade, ornamental or small tree shall be required. Small or ornamental trees located within the pedestrian circulation zone shall not be counted toward the minimum requirements.

(c) Amenities

In parcels where #supplemental public access area# is required, no more than fifteen percent of public access area may be reduced if playgrounds and other amenities are provided in accordance with paragraphs (c)(1) and (c)(2) of this Section.

(1) Playgrounds

A playground shall have a minimum size of 1,000 square feet and, if applicable, there shall be a minimum of 400 feet between any two playground areas. For every five square feet of playground area provided, the total amount of required public access may be reduced by the rate of one square foot.

(2) Other amenities

A reduction in the total amount of required public access area shall be permitted according to the following table. The number and variety of such amenities shall be determined upon certification.

Amenity	Square feet reduction
Picnic table	22 sq. ft.
Chess table	20 sq. ft.
Telescope	10 sq. ft.
Art	50 - 200 sq. ft.
Fountain/water feature	50 - 200 sq. ft.
Shade structure	50 - 200 sq. ft.

(d) Public access design reference standards

Section 62-67 is hereby modified by the following provisions.

(1) Guardrails

The provisions of paragraph (a) Section 62-671 (Guardrails, gates and other protective barriers) shall be inapplicable. In lieu thereof the following provisions for guardrails shall apply:

(i) Guardrails shall be located within waterfront public access areas continuously along any bulkhead, stabilized shore or the water edges of a #pier# or #platform# that is located within 50 feet of a circulation path; and continuously along any grade level change of 30 inches or greater adjoining or within 10 feet of a circulation path. However, guardrails shall not be required landward of any rip rap, beach or any other shoreline material that is at least 10 feet wide. If any protective barrier is provided adjacent to any rip rap, beach or other shoreline material, they shall not exceed a height of 21 inches or shall consist of a bollard and chain device.

Guardrails shall not be required at access points to WD #uses# and #development# on #floating structures#. The minimal protective barrier at such locations shall be a swing gate, bollard and chain or similar device.

(ii) Guardrails shall comply with illustration A1, alternatively illustration A2 may be used in #piers#.

Illustration A1

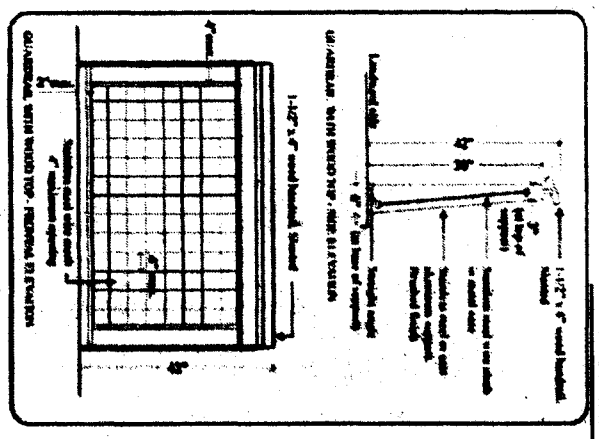

Illustration A2

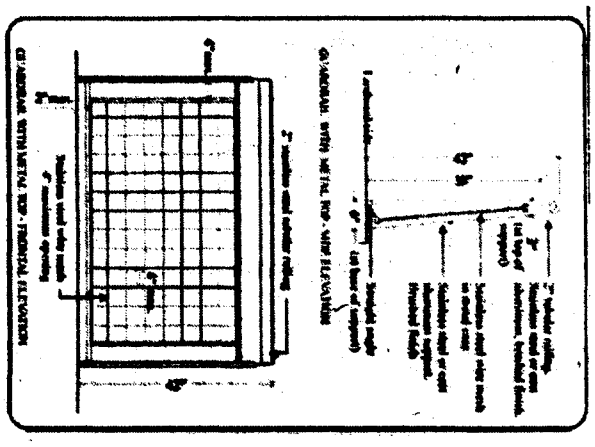

(Alternate for Piers)

All guardrail components and hardware shall be in stainless steel or cast aluminum, as applicable.

(2) Seating

In addition to the provisions of Section 62-672, at least fifty percent of the required seating along any #shore public walkway# or #supplemental public access area# shall comply with illustration B1 or B2 below.

Illustration B1

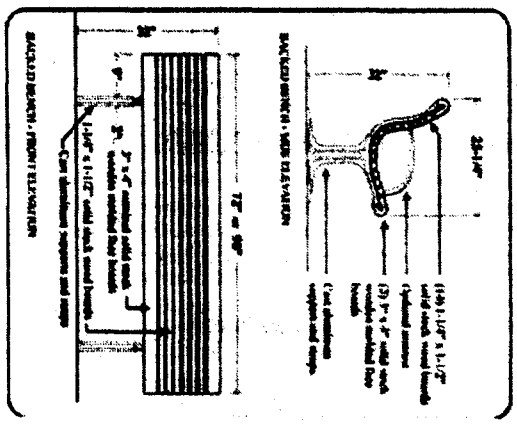

Illustration B2

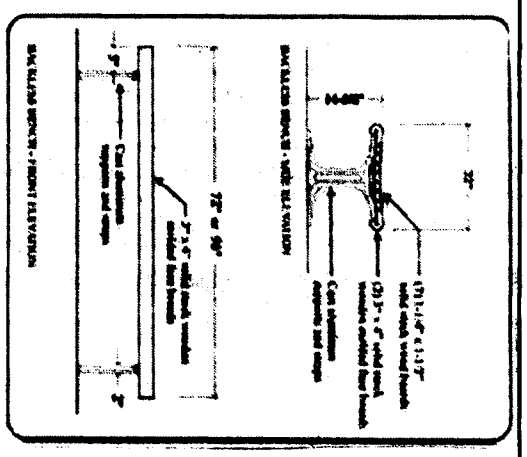

All wood boards shall be made of Redwood, Jarrah or Ipe, have eased edges and ends and be treated for external use without stain or varnish.

All supports and backstraps shall be 713 tenzalloy cast aluminum, with a rust inhibitor and a top coat finish of thermosetting polyester powdercoat that is ultra-violet, chip and flake resistant. Metal components shall have a light gray or aluminum color.

(3) Lighting

In addition to the provisions of Section 62-673, the required lighting along any public access area shall comply with illustration C1 below.

(4) Planting and trees

The provisions of paragraph (c)(6) (Container planting) of Section 62-675 shall be inapplicable, unless a structural or environmental necessity is demonstrated at the time of certification.

(5) Paving

In addition to the provisions of Section 62-676, the paving for the required clear path within the #shore public walkway# shall be gray. At least fifty percent of all other paved areas within the #shore public walkway# and #supplemental public access areas# shall be paved in the same color range.

(e) Special public access provisions by parcel

The provisions of Sections 62-41 (Requirements for waterfront public access) and 62-60 (DESIGN STANDARDS FOR THE WATERFRONT AREA) are modified at the following designated locations which are shown on Map BK-1b in paragraph (g) of this Section:

1. Parcels 1 and 2

(i) #Shore public walkway#
The requirements for Prototype I described in paragraph (b)(1) of this Section shall apply to all new #development#.

In the event of any #enlargement#, #extension# or change of #use# within existing #buildings or other structures#, a #shore public walkway# shall occupy the entire area between the seaward edge and the existing #building or other structure# but need not be wider than 40 feet. The #shore public walkway# shall have a minimum clear path of 10 feet. No seating, planting or buffer zone shall be required. If seating and planting are provided, they shall comply with the provisions of Sections 62-672 and 62-675. In addition to the lighting design requirements of paragraph (c)(3) of this Section, lighting fixtures may be mounted on existing #buildings or other structures#.

(ii) #Supplemental public access area#
The requirements for #supplemental public access area# shall be waived.

(2) Parcels 3 and 4

(i) #Shore public walkway#

The requirements for Prototype I described in paragraph (b)(1) of this Section shall apply.

(ii) #Upland connection#

An #upland connection# shall be provided between Commercial Street and the #shore public walkway# within a flexible location along the #lot line# between Parcels 3 and 4. Whichever parcel is developed first shall provide an #upland connection# along the #lot line# between the two parcels. The width of the #upland connection# may be utilized by the developer of the remaining parcel in the computation necessary to comply with the requirements of a #visual corridor# along the #lot line# between the two parcels, according to the provisions of paragraph (f)(1) of this Section. If both parcels are developed concurrently, then the requirements may be divided equally along the #lot line# between the parcels.

(3) Parcel 5a

(i) #Shore public walkway#

The requirements for Prototype I described in paragraph (b)(1) of this Section shall apply.

(ii) #Upland connection#

An #upland connection# shall be provided between Commercial Street and the #shore public walkway# within the flexible location indicated on Map BK-1b in paragraph (g) of this Section.

The eastern boundary of such flexible area shall be 110 feet from the shared lot line of Parcel 4 and its western boundary shall be 200 feet from the shared lot line of Parcels 5b and 6.

(iii) #Supplemental public access area#

The #supplemental public access area# shall abut the #shore public walkway# continuously along its longest side, and shall also abut the required #upland connection# where it meets the #shore public walkway#. The #upland connection#, however, may cut across the #supplemental public access area# provided that no area shall be less than 5,000 square feet. All #supplemental public access areas# shall have a minimum width to depth ratio of 1.0 to 1.0 and a maximum width to depth ratio of 2.0 to 1.0. In no event shall the #supplemental public access area# be deeper than 100 feet. The requirements for Waterfront Plaza described in paragraph (b)(3) of this Section shall apply.

Alternatively, a portion of the required #supplemental public access area# that is a minimum of 5,000 square feet may abut the #shore public walkway# continuously along the longest side provided that it also abuts a publicly accessible private drive connecting the #shore public walkway# to Commercial Street. Such publicly accessible private drive shall be improved to the standards of an #upland connection# as required by Section 62-641, but shall not be counted towards satisfying the required amount of public access area on the site. The requirements for Waterfront Park described in paragraph (b)(4) of this Section shall apply.

(4) Parcel 5b

#Shore public walkway#

The requirements for Prototype I described in paragraph (b)(1) of this Section shall apply.

(5) Parcel 5c

(i) #Shore public walkway#

The requirements for Prototype I described in paragraph (b)(1) of this Section shall apply.

(ii) #Upland connection#

Two #upland connections# shall be provided between West Street and the #shore public walkway#, one located within the prolongation of the #street lines# of Eagle Street, the other located within the prolongation of the #street lines# of Green Street.

(iii) #Supplemental public access area#

Two #supplemental public access areas# shall be provided on Parcel 5c.
A #supplemental public access area# shall be bounded by the southern boundary of the required Green Street #upland connection#, the #shore public walkway#, the southern boundary of Parcel 5c and the northern prolongation of the eastern boundary of the #shore public walkway# required in Parcel 7. The requirements for Waterfront Plaza described in paragraph (b)(3) of this Section shall apply.

The remaining required #supplemental public access area# shall be provided either on the #pier# or distributed evenly as a widening of the pedestrian circulation zone of the #shore public walkway# located between the Eagle Street and Green Street #upland connections#. If any #supplemental public access area# is located on the #pier#, the planting requirements for Waterfront Plaza described in paragraph (b)(3) of this Section shall apply, except that trees may be substituted by a shading element at a rate of 450 sq. ft. of shade element per tree.

(iv) #Pier# public access

Public access shall be provided on the Green Street #pier# pursuant to the requirements of Section 62-412 and of paragraph (a)(1) of this Section.

(6) Parcel 5

In the event that Parcels 5a, 5b and 5c are merged into one parcel, they shall be known as Parcel 5 and be subject to the following requirements:

(i) #Shore public walkway#

The requirements for Prototype I described in paragraph (b)(1) of this Section shall apply.

(ii) #Upland connection#

One #upland connection# shall be provided between Commercial Street and the #shore public walkway# within the flexible location indicated on Map BK-1b in paragraph (g) of this Section. The eastern boundary of such flexible area shall be 110 feet from the shared lot line of Parcel 4 and its western boundary shall be 200 feet from the shared lot line of Parcel 6.

Two #upland connections# shall be provided between West Street and the #shore public walkway#, each located within the prolongation of the #street lines# of Eagle Street and Green Street, respectively.

(iii) #Supplemental public access area#

Two #supplemental public access areas# shall be provided.
A #supplemental public access area# shall be bounded by the southern boundary of the required Green Street #upland connection#, the #shore public walkway#, the southern boundary of Parcel 5 and the northern prolongation of the eastern boundary of the #shore public walkway# required in Parcel 7. The requirements for Waterfront Plaza described in paragraph (b)(3) of this Section shall apply.

The remaining of the required #supplemental public access area# shall be located within the area bounded by the western prolongation of the north #street line# of Dupont Street, the #shore public walkway#, the northern prolongation of the eastern boundary of Parcel 6 and Parcel 6. The requirements for Waterfront Park described in paragraph (b)(4) of this Section shall apply.

(iv) #Pier# public access

Public access shall be provided on the Green Street #pier# pursuant to the requirements of Section 62-412 and of paragraph (a)(1) of this Section

(7) Parcel 7

(i) #Shore public walkway#

The requirements for Prototype I described in paragraph (b)(1) of this Section shall apply, except that any portion of the required #shore public walkway# where the distance between the shoreline and the boundaries of Parcel 7 is less than 17 feet shall be improved entirely as clear path.

(ii) #Supplemental public access area#

The requirement for a #supplemental public access area# on Parcel 7 is waived.

(8) Parcels 9, 10 and 11

(i) #Shore public walkway#

The requirements for Prototype II described in paragraph (b)(2) of this Section shall apply.

(ii) #Supplemental public access area#

For each parcel, the #supplemental public access area# requirements shall be provided to widen the pedestrian circulation zone of the #shore public walkway#, evenly distributed along the entire length of such #shore public walkway#.

(9) Parcel 13

(i) #Shore public walkway#

The requirements for Prototype I described in paragraph (b)(1) of this Section shall apply.

(ii) #Upland connection#

An #upland connection# shall be provided between West Street and the #shore public walkway# located within the prolongation of the #street lines# of Milton Street.

(iii) #Supplemental public access area#
A #supplemental public access area# shall be bounded by the southern #street line# of Greenpoint Avenue, the #shore public walkway# and the northern boundary of the required Milton Street #upland connection#. The requirements for Waterfront Park described in paragraph (b)(4) of this Section shall apply.

(10) Parcel 14

(i) #Shore public walkway#

The requirements for Prototype I described in paragraph (b)(1) of this Section shall apply.

(ii) #Upland connection#

An #upland connection# shall be provided between West Street and the #shore public walkway# located within the prolongation of the #street lines# of Calyer Street.

(iii) #Supplemental public access area#

A #supplemental public access area# shall be distributed evenly along the #shore public walkway# between the southern boundary of the required Calyer Street #upland connection# and the prolongation of the northern #street line# of Quay Street. The requirements for Waterfront Park described in paragraph (b)(4) of this Section shall apply.

(11) Parcel 15

An #upland connection# shall be provided within the prolongation of the #street lines# of West Street, connecting QuayStreet to Parcel 20.

(12) Parcels 19, 20, 21 and 22

Parcels 19, 20, 21 and 22 shall be designated as public parks as of (date of adoption).

(13) Parcel 24

Prototype I described in paragraph (b)(1) of this Section shall apply.

(14) Parcel 25

(i) #Shore public walkway#
The requirements for Prototype I described in paragraph (b)(1) of this Section shall apply.

(ii) #Upland connection#

An #upland connection# shall be provided between West Street and the #shore public walkway# located within the prolongation of the #street lines# of North 6th Street.

(iii) #Supplemental public access area#
Two #supplemental public access areas# shall be provided.

One #supplemental public access area# shall be provided along the prolongation of the southern #street line# of North 7th Street and the #shore public walkway#. Such public access area shall be a minimum of 3,000 square feet in area and shall have a minimum depth of 90 feet from the southern #street line# of North 7th Street. The entire #supplemental public access area#, excluding the required buffer, shall be developed as clear circulation path.

A minimum of one linear foot of seating shall be required for every 40 square feet of pedestrian circulation zone and shall be located in the required buffer zone. Four trees shall be required, at least two of which are shade trees. Small or ornamental trees located within the buffer zone shall not be counted toward the minimum requirements.

The remaining required #supplemental public access area# shall be located either on the #pier# or parallel to the #shore public walkway#. The requirements for Waterfront Plaza described in paragraph (b)(3) of this Section shall apply. If any #supplemental public access area# is located on the #pier#, the planting requirements for Waterfront Plaza shall apply, except that trees may be substituted by a shading element at a rate of 450 sq. ft. of shade element per tree.

(iv) #Pier# public access

Public access shall be provided on the North 6th Street #pier# pursuant to the requirements of Section 62-412 and of paragraph (a)(1) of this Section.

(15) Parcel 26

(i) #Shore public walkway#

The requirements of Section 62-411 (Requirements for shore public walkways) shall apply, except that the minimum required width of the #shore public walkway# shall be reduced to 34 feet between North 5th Street and the northern edge of the required #upland connection# at the prolongation of North 4th Street. The quantity of public access eliminated from the #shore public walkway# as a result of this width reduction shall be located in the triangle formed between the #shore public walkway#, the southern #street line# of the North 4th Street #upland connection# and the bulkhead line. The entirety of the #shore public walkway# shall be improved pursuant to the requirements for Prototype I described in paragraph (b)(1) of this Section.

(ii) #Upland connections#

An #upland connection# shall be provided between Kent Avenue and the #shore public walkway# located within the prolongation of the #street lines# of North 4th Street.

(16) Parcel 27

(i) #Shore public walkway#

The requirements for Prototype I described in paragraph (b)(1) of this Section shall apply to all new #development#.

In the event of any #enlargement#, #extension# or change of #use# within existing #buildings or other structures#, a #shore public walkway# shall occupy the entire area between the seaward edge and the existing #building or other structure#, but shall not need to be wider than 40 feet.

Notwithstanding the requirements of Paragraph (c) of Section 62-62 (General Requirements for Public Access), the #shore public walkway# may be located within the #building or other structure#, and the obstructions permitted by Section 62-626, paragraph (a), shall include any supporting structural elements of the #building or other structure# and its related appurtenances. Additionally, the #shore public walkway# shall have a minimum clear path of 12 feet. No seating, planting or buffer zone shall be required. If seating and planting are provided, they shall comply with the provisions of Sections 62-672 and 62-675. In addition to the lighting design requirements of paragraph (c)(3) of this Section, lighting fixtures may be mounted on existing #buildings or other structures#.

(ii) #Supplemental public access area#
The requirements for #supplemental public access# shall be waived.

(f) Special visual corridor provisions by parcel

The designated locations for #visual corridors# pursuant to this Plan are shown on Map BK-1c in paragraph (g) of this Section and shall be as follows:

(1) Parcels 3 and 4

A #visual corridor# shall be provided through Parcels 3 and 4 to the pierhead line within a flexible area along the #lot lines# between them.

Whichever parcel develops second shall complete the required clearance to comply with the #visual corridor# requirements along the #upland connection# already provided in accordance with the requirements of paragraph (e)(2)(ii) of this Section. If both parcels are developed concurrently, then the requirements can be divided equally along the #lot line# between the parcels.

(2) Parcel 5a

A #visual corridor# shall be provided through Parcel 5a to the pierhead line within the flexible location zone indicated on Map BK-1c in paragraph (g) of this Section. The eastern boundary of such flexible area shall be 110 feet from the shared lot line of Parcel 4 and its western boundary shall be 200 feet from the shared lot line of Parcels 5b and 6.

(3) Parcel 5b

Two #visual corridors# shall be provided through Parcel 5b to the pierhead line as the prolongation of the #street lines# of West Street and Dupont Street, respectively.

(4) Parcel 5c

(i) Two #visual corridors# shall be provided through Parcel 5c to the pierhead line as the prolongation of the #street lines# of Eagle Street and Green Street.

(ii) Permitted obstructions on #piers#, per Section 62-65 paragraph (b), shall be permitted obstructions along the #visual corridor# along Green Street.

(5) Parcel 5

In the event that Parcels 5a, 5b and 5c are merged into one parcel, they shall be known as Parcel 5, subject to the following #visual corridors# requirements:

(i) One #visual corridor# shall be provided through Parcel 5 to the pierhead line within the flexible location zone indicated on Map BK-1c in paragraph (g) of this Section. The eastern boundary of such flexible area shall be 110 feet from the shared lot line of Parcel 4 and its western boundary shall be 200 feet from the shared lot line of Parcel 6.
Four #visual corridors# shall be provided through Parcel 5 to the pierhead line, each located as the prolongation of the #street lines# of West Street, Dupont Street, Eagle Street and Green Street, respectively.

(ii) Permitted obstructions on #piers#, per Section 62-65 paragraph (b), shall be allowed along the #visual corridor# along Green Street.

(6) Parcel 13

Two #visual corridors# shall be provided through Parcel 13 to the pierhead line as the prolongation of the #street lines# of Milton Street and Oak Street, respectively.

(7) Parcel 14

A #visual corridor# shall be provided through Parcel 14 as the prolongation of the #street lines# of Oak Street.

(8) Parcel 15

A #visual corridor# shall be provided though Parcel 15 as the prolongation of the #stret lines# of West Street.

(9) Parcel 25

A #visual corridor# shall be provided through Parcel 25 as the prolongation of the #street lines# of North 6th Street.

INCLUSIONARY HOUSING

23-91
General Provisions

~~**R10**~~

~~**In the district indicated, a**~~An Inclusionary Housing program is established in those areas designated in Section 23-92 (Applicability) to preserve and to promote a mixture of low to upper income housing within neighborhoods experiencing a shift from mixed to upper income housing and thus to promote the general welfare. The requirements of this program are set forth in Sections 23-90 through 23-~~94~~95.

23-92
Applicability

23-921
R10 Districts

The Inclusionary Housing Program shall apply in R10 Districts.

23-922
Community District 1, Borough of Brooklyn

The Inclusionary Housing Program shall apply in the following areas of Community District 1 in the Borough of Brooklyn located north of the Williamsburg Bridge, Washington Plaza, Boringuen Place and Grand Street:

(a) Waterfront Access Plan BK-1, as set forth in Section 62-352;

(b) all #Special Mixed Use Districts#;

(c) all R6A, R6B and R7A Districts; and

(d) the following R6 areas:

(1) the #block# bounded by Havemeyer Street, North Sixth Street, Metropolitan Avenue and North Fifth Street;

(2) the #block# bounded by Roebling Street, North Fifth Street, Havemeyer Street and Metropolitan Avenue;

(3) those #blocks# bounded by Wythe Avenue, Grand Street, Berry Street and

South Third Street;

(4) those #blocks# and portions of #blocks# bounded by Bedford Avenue, North 1st Street, Driggs Street, Fillmore Place, Roebling Street, and a line coincident with the centerline of the long dimension of the #blocks# bounded by Bedford Avenue, Grand Street, Roebling Street and South First Street; and

(5) that portion of the #block# bounded by Franklin Street, Huron Street, Manhattan Avenue and India Street that is within 100 feet of Franklin Street and 100 feet of India Street.

~~23-92~~ 23-93
Definitions

For the purposes of the Inclusionary Housing program, matter in italics is defined either in Section 12-10 (DEFINITIONS) or in this Section.

Fair rent

* * *

At initial occupancy of any #lower income housing#, no portion of the #fair rents# shall be for the payment of the principal or interest on any debt, and the #lower income housing# shall not secure any debt and shall be free of all liens, except liens for real estate taxes, water charges and sewer rents and other governmental charges for which payment is not yet due. #Fair rents# may be used for the payment of principal or interest of debt only if such debt was incurred after the date of initial occupancy and is for a capital improvement to such #lower income housing# other than those capital improvements set forth in the #lower income housing plan#.

In Community District 1, Borough of Brooklyn, at initial occupancy of any #lower income housing#, a portion of the #fair rents# may be for the payment of the principal or interest on debt, and such housing may secure debt, provided that, as of the date of the approval of the #lower income housing plan#, the Commissioner of Housing Preservation and Development finds that the total annual rent, when such interest and principal payments are deducted, is in compliance with the requirements of Section 23-95(c) o this Resolution, and provided that the lender agrees to enter into a written agreement which subordinates such debt.

Lower income household

A "lower income household" is a #family# having an income equal to or less than the income limits (the "80 Percent of SMSA Limits") for New York City residents established by the U.S. Department of Housing and Urban Development pursuant to Section 3(b)(2) of the United States Housing Act of 1937, as amended, for lower income families receiving housing assistance payments.
In Community District 1, Borough of Brooklyn, for the purposes of Section 23-953 (Preservation option), #lower income households# shall also include all existing households in tenancy, provided such households occupy units that are within a #building# in which rents for all occupied units are regulated by City and State law, and the aggregate maximum permitted annual rent roll for such occupied units, divided by the number of occupied units, is less than 30 percent of the applicable income limit for a #lower income household# as provided in this Section. In determining the applicable income limit for such #lower income households#, the Commissioner of Housing Preservation and Development may make adjustments, consistent with U. S. Department of Housing and Urban Development regulations, for the number of persons residing in each unit.

Lower income housing
"Lower income housing" are #standard units# occupied or to be occupied by #lower income households#. #Lower income housing# shall not include #standard units# assisted under city, state or federal programs, except where such assistance is in the form of:

(e) real estate tax abatements and exemptions which are specifically limited to the #lower income housing#; or

(f) operating assistance that the Commissioner of the Department of Housing Preservation and Development determines will be used to enable households with incomes of not more than 62.5 percent of the "80 Percent of SMSA Limits" to afford such #lower income housing#.

However, in Community District 1, Borough of Brooklyn, #lower income housing# shall include #standard units# assisted under city, state or federal programs.

Lower income housing plan

The "lower income housing plan", is the plan accepted by the Commissioner of Housing Preservation and Development, which sets forth the developer's plans for creating and maintaining the specified #lower income housing# pursuant to this program, including but not limited to, choice of #administering agent#, tenant selection, rent levels in the #lower income housing# and income verification of tenants pursuant to Section ~~23-94~~ 23-95 paragraphs (b), (c) and (d) of this Resolution.

~~23-93~~ 23-94
Floor Area Compensation

~~23-941~~
In R10 Districts

The #floor area ratio# of a #development# may be increased from 10.0 to a maximum of 12.0 at the rate set forth in this Section, if the developer of such #development# provides #lower income housing# pursuant to Section ~~23-94~~ 23-95 (Lower Income Housing Requirements).

For each square foot of #floor area# provided for #lower income housing# pursuant to the options listed in Column A and which meets the requirements set forth in Section ~~23-94~~ 23-95, the #floor area# of the #development# may be increased by the number of square feet set forth in Column B.

* * *

~~23-942~~
In Community District 1, Borough of Brooklyn

The provisions of this Section 23-942 shall apply in the designated areas set forth in Section 23-922, except within Waterfront Access Plan Bk-1. The base #floor area ratio# of any #building developed# or #enlarged# pursuant to the Quality Housing Program, or, in #Special Mixed Use Districts#, pursuant to paragraph (b) of Section 123-662, may be increased to the maximum #floor area ratio# set forth in the table below if the developer of such #development# provides #lower income housing# pursuant to Section 23-95 (Lower Income Housing Requirements).

Lower Income Housing Requirements

~~R10~~

To qualify for the increased #floor area#, #compensated developments# must provide #lower income housing# for the life of the increased #floor area# in the #compensated development# pursuant to one or more of the options listed in Section ~~23-941, 23-942 and 23-943~~, 23-951, 23-952 and 23-953 and such #lower income housing# must meet each of the requirements set forth below.

* * *

~~23-941~~ 23-951
On-site new construction option

To qualify for this option, the designated #lower income housing# shall meet the following requirements.

(a) The #lower income housing# shall be located in newly constructed #floor area# in the #compensated development#. The #lower income housing# shall be maintained and leased to #lower income households# for the life of the increased #floor area#.

(b) #Dwelling units# designated as #lower income housing# shall be distributed throughout the #development#. No #story# shall contain more than two such units unless at least 80 percent of all #stories# contain two such units. The size of the designated #lower income housing# units shall at least be distributed among the various size units in proportion to the total distribution of unit size within the #building# in the following categories of unit sizes:

under 600 net square feet
600 - 749 net square feet
750 - 949 net square feet
950 - 1149 net square feet
1150 or more net square feet

In Community District 1, Borough of Brooklyn, the requirements of this paragraph (b) may be waived by the Commissioner of Housing Preservation and Development to facilitate the #development# of #lower income housing#.

~~23-942~~ 23-952
Substantial rehabilitation and off-site new construction options

To qualify for one or more of these options, the designated #lower income housing# shall meet the following requirements:

(a) The #lower income housing# shall be located either:

(1) within the same Community District as the #compensated development#; or

(2) within an adjacent Community District and within a one-half mile radius of the #compensated development#.

For the new construction option the #lower income housing# shall be in a new #building#. For the substantial rehabilitation options, the #lower income housing# shall be in an existing #building# in which, prior to the submission of the #lower income housing plan# pursuant to this Section, any #residential# portion not in public ownership had been entirely vacant for not less than three years.

However, in Community District 1, Borough of Brooklyn, #lower income housing# shall be located only within such Community District, and the administering agent shall not be required to verify the income of households in tenancy as of the date upon which the Commissioner of Housing Preservation and Development approves the #lower income housing plan#.

~~23-943~~ 23-953
Preservation option

To qualify for this option, the designated #lower income housing# shall meet the following requirements.

(a) The #lower income housing# shall be located either:

(1) within the same Community District as the #compensated development#; or

(2) within an adjacent Community District and within a one-half mile radius of the #compensated development#.

The #lower income housing# shall be in an existing occupied #residential# or #mixed building#. Only #standard units# occupied by #lower income households# shall be #lower income housing#. For each #standard unit# designated as #lower income housing# the #administering agent# shall verify the income of the household in tenancy.

However, in Community District 1, Borough of Brooklyn, #lower income housing# shall be located only within such Community District, and the administering agent shall not be required to verify the income of households in tenancy as of the date upon which the Commissioner of Housing Preservation and Development approves the #lower income housing plan#.

62-35
Special Bulk Regulations within Waterfront Access Plan BK-1

Within Waterfront Access Plan BK-1, the special #bulk# regulations of this Chapter are further modified as set forth in this Section 62-35, inclusive.

62-351
Special floor area regulations

(a) Maximum permited #floor area ratio#

In R6 Districts, the maximum permitted #floor area ratio# for any #zoning lot# containing #residences# shall be 2.43. In R8 Districts, the maximum permitted #floor area ratio# for any #zoning lot# containing #residences# shall be 5.5. In R6 and R8 Districts, the maximum permitted #floor area ratio# for any #zoning lot# containing #residences# may be increased for #developments# and #enlargements# that provide lower income housing pursuant to Section 62-352.

(b) #Buildings# used for #accessory# off-#street# parking spaces

The #floor area# of a #building# shall not include floor space used for #accessory# off-street parking spaces provided in any #story# located not more than 33 feet above the height of the #base plane#.

62-352
Inclusionary Housing

The provisions of Section 23-90 (INCLUSIONARY HOUSING) shall apply in R6 and R8 Districts within Waterfront Access Plan BK-1 as modified in this Section.

(a) Definitions

Fair rent

At initial occupancy of #lower income housing# that is occupied by a #moderate income household# or a #middle income household# as defined in this Section, "fair rent" is an annual rent for each such housing equal to not more than either the public assistance shelter allowance if the #family# receives public assistance, or 30 percent of the annual income of the tenant of such housing (the "30 Percent Standard").

Upon renewal of a lease for such an existing tenant in #lower income housing#, #fair rent# (the "Rent Stabilization Standard") is not more than the then-current #fair rent# for such housing plus a percentage increase equal to the percentage increase for a renewal lease of the same term permitted by the Rent Guidelines Board for units subject to the rent stabilization law.

After initial occupancy, upon rental of #lower income housing# to a new tenant, #fair rent# is not more than the higher of:

(1) the then-currently applicable "30 Percent Standard"; or

(2) the Rent Stabilization Standard.

In order for rent to be #fair rent#, the following must also apply:
There shall be no additional charge to the tenant for the provision of heat and electric service, except that the Commissioner of Housing Preservation and Development may approve a #lower income housing plan# making a #lower income, #moderate income# or #middle income household# responsible for the payment of utilities as long as the sum of:

(1) the initial #fair rent#; and

(2) the monthly costs of a reasonable compensation for these utilities, by an energy conservative household of modest circumstances consistent with the requirements of a safe, sanitary and healthful living environment do not exceed 30 percent of said #lower income#, #moderate income# or #middle income household's# income.

At initial occupancy of any #lower income housing# occupied by a #moderate income# or #middle income household#, a portion of the #fair rents# may be for the payment of the principal or interest on debt, and such housing may secure debt, provided that, as of the date of the approval of the #lower income housing plan#, the Commissioner of Housing Preservation and Development finds that the total annual rent, when such interest and principal payments are deducted, is in compliance with the requirements of Section 23-95(c) o this Resolution, and provided that the lender agrees to enter into a written agreement which subordinates such debt.

Lower income housing
For the purposes of this Section, "lower income housing" shall include #standard units# occupied or to be occupied by #lower income#, #moderate income# or #middle income households#.

Moderate income household

For the purposes of this Section 62-352, a "moderate income household" is a #family# having an income equal to or less than the following proportion:

125
80

of the income limits (the "80 Percent of SMSA Limits") for New York City residents established by the U. S. Department of Housing and Urban Development pursuant to Section 3(b)(2) of the United States Housing Act of 1937, as amended, for lower income families receiving housing assistance payments.

Middle income household

For the purposes of this Section 62-352, a "middle income household" is a #family# having an income equal to or less than the following proportion:

175
80

of the income limits (the "80 Percent of SMSA Limits") for New York City residents established by the U. S. Department of Housing and Urban Development pursuant to Section 3(b)(2) of the United States Housing Act of 1937, as amended, for lower income families receiving housing assistance payments.

(b) Floor area increase

The maximum permitted #floor area ratio# on a #zoning lot# containing #residences# may be increased in R6 Districts from 2.43 to 2.75, and in R8 Districts from 5.5 to 6.5, provided that:

(1) at least 15% of the total #floor area# on the #zoning lot# is occupied by #lower income households#, or

(2) at least 10% of the total #floor area# on the #zoning lot# is occupied by #lower income households# and at least 10% of the total #floor area# on the #zoning lot# is occupied by #moderate income households#, or

(3) at least 10% of the total #floor area# on the #zoning lot# is occupied by #lower income households# and at least 15% of the total #floor area# on the #zoning lot# is occupied by #middle income households#.

(c) Lower Income Housing Requirements

#Developments# that increase #floor area# in accordance with the provisions of this Section shall comply with the lower income housing requirements of Section 23-95, except as modified in this paragraph (c).

(1) The provisions of Section 23-95(b) shall apply, except that in addition, incoming households of #standard units# in #lower income housing# may be #moderate# and #middle income households#, and sublessees of a #moderate# or #middle income household# may also be a #moderate# or #middle income household#.

Furthermore, on and after the issuance of a certificate of occupancy for #lower income housing#, the #administering agent# shall have a duty to rent such housing to #lower#, #moderate# or #middle income households#, as provided in this Section.

This duty to rent shall be satisfied by the #administering agent#, if such agent has in fact rented all such units to #lower#, #moderate# or #middle income households#, as provided in this Section, or has, in good faith, made a continuing public offer to rent such units at rents no greater than the rents authorized by this program or otherwise at law.

(2) The provisions of Section 23-95(d) shall apply, except that prior to renting #lower income housing#, the #administering agent# shall verify the income of each household to occupy such housing, to assure that the households are #lower#, #moderate# or #middle income households# as provided by this Section. The #administering agent# shall submit an affidavit to the Commissioner of Housing Preservation and Development upon initial occupancy and annually thereafter attesting that all incoming occupants of #lower income housing# are #lower#, #moderate# or #middle income households# as required by the provisions of this Section.

(3) Section 23-951(a) shall apply, except that the #lower income housing# shall be maintained and leased to #lower#, #moderate# or #middle income households#, as provided in this Section, for the life of the increased #floor area#.

62-353
Special floor area, lot coverage and residential density distribution regulations

Within any parcel identified in Section 62-381, and with respect to any such parcels which are adjacent to each other and which are under single fee ownership and with respect to which each party having any interest therein is a party in interest (as defined in (e) of the definition of a #zoning lot# in Section 12-10) or with respect to which each party in interest (as defined in (f)(4) of the definition of a #zoning lot# in Section 12-10) has executed a declaration declaring that the properties are to be develop as a single parcel or has waived its right to execute such declaration, the total #floor area# and #lot coverage# permitted pursuant to Section 62-351 or 62-352 and the residential density permitted pursuant to Section 23-22 may be located anywhere within such parcel or between such parcels without regard to #zoning lot lines# or district boundaries provided that such location of #floor area#, #lot coverage# or residential density complies with Section 62-31 and Section 62-34 as modified by Section 62-354.

62-354
Special Height and Setback Regulations

The provisions of Section 62-341 are modified as follows:

(a) Paragraph (c)(1) (Maximum base height) shall be modified in R6 Districts to permit a maximum base height of 65 feet or six #stories#, whichever is less. However, for #buildings or other structure# located on a #zoning lot# with more than 100 feet of frontage on a #street# in R6 Districts, not less than 20 percent of such frontage shall exceed a maximum base height of 55 feet or 5 #stories#, whichever is less.

(b) Paragraph (c)(2) (Maximum #building# height) shall not apply. In lieu thereof, the maximum #building# height in an R6 District shall be 65 feet or six #stories#, whichever is less, within 100 feet of Commercial Street, West Street, Dupont Street, Franklin Street and Kent Avenue. Beyond 100 feet of such #streets# and any other portions of an R6 District, the maximum #building# height in shall be 110 feet. In R8 Districts, the maximum #building# height shall be 210 feet, except that for #zoning lots developed# with multiple #buildings# or portions of #buildings# that exceed a height of 200 feet, not more than half of such #buildings# or portions of #buildings# may exceed a height of 210 feet to a maximum #building# height of 310 feet. Such maximum #building# heights of 110 feet, 210 feet and 310 feet may be exceeded by a penthouse portion of a #building#, provided any #story# of a #building# within such penthouse portion does not exceed 85 percent of the gross area of the highest #story# of the same #building# entirely below a height of 110 feet, 210 feet or 310 feet, as applicable, and the maximum height of such penthouse portion does not exceed 40 feet.
For #developments# that provide #lower income housing# pursuant to Section 62- 352, the increased #floor area# permitted for such #developments# may exceed the height limits of an R8 District set forth in this paragraph (b) provided that the maximum building height shall be 260 feet, except that for #zoning lots developed# with multiple #buildings# or portions of #buildings# that exceed a height of 250 feet, not more than half of such #buildings# or portions of #buildings# may exceed a height of 260 feet to a maximum #building# height of 360 feet. Such maximum #building# heights of 260 feet and 360 feet may be exceeded by a penthouse portion of a #building#, provided any #story# of a #building# within such penthouse portion does not exceed 85 percent of the gross area of the highest #story# of the same #building# entirely below a height of 260 feet or 360 feet, as applicable, and the maximum height of such penthouse portion does not exceed 40 feet.

(c) Paragraphs (c)(3) (#Floor area# distribution) and (c)(5) (Additional setback provisions for high #buildings#) shall not apply.

(d) Paragraph (c)(4) (Maximum #residential# tower size) shall not apply. In lieu thereof, each #residential story# of a #building# located entirely above a height of 85 feet shall not exceed a gross area of 8,100 square feet in an R6 District and 11,000 square feet in an R8 District. If such #residential story# of a #building# is located partially in an R6 District and partially in an R8 District, it shall not exceed a gross area of 11,000 square feet and any portion located in an R6 district shall not exceed a gross area of 8,100 square feet.

(e) Paragraph (c)(6) shall not apply. In lieu thereof, the maximum length of any #story# of a #building# that exceeds a height of 85 feet shall not exceed 170 feet. Such length shall be measured by inscribing within a rectangle the outermost walls at the level of each #story# entirely above such heights. Any side of such rectangle shall not exceed 170 feet.

(f) Paragraph (c)(7) (Ground floor streetscape provisions) shall not apply. In lieu thereof, all off-street parking spaces located within 50 feet of a #street#, a #visual corridor# containing a private road, and a #shore public walkway#, #upland connection# or #supplemental public access area# and which are located on a #story# that is above the #base plane# shall be within facilities that are located behind #commercial#, #community facility# or #residential# floor space so that no portion of such parking facility, other than entrances and exits, is visible from such #streets#, #visual corridors# or publicly accessible open spaces. Such floor space shall have a minimum depth of 25 feet. Up to 5 percent of such floor space may be used for mechanical equipment provided that no floor space used for mechanical equipment is located within 15 feet of the #street wall# of the #building# below a height of 15 feet above the #base plane#, and that no exhaust vents are located on the street wall of the #building# below a height of 15 feet above the #base plane#. The remainder of such floor space shall be used for #commercial#, #community facility# or #residential floor area#. Seventy percent of the surface area of the facade of a facility containing parking spaces which are not otherwise required to be behind such #floor area# shall be composed of the same materials as the facade of the #building# in which it is located.

(g) Any roof of a facility containing off-street parking spaces, not otherwise covered by a #building#, which is larger than 400 square feet shall be landscaped. Up to 5 percent of such roof area may be used for mechanical equipment provided that such mechanical equipment is screened from view by a fence which is at least 75 percent opaque or by at least 3 feet of dense planting. Up to 25 percent of such roof area may be accessible solely from an adjacent #dwelling unit# and the remaining roof area shall be accessible for the recreational use of the occupants of the building in which it is located. Hard surfaced areas shall not cover more than 60 percent of such roof area.

(h) At least 70 percent of the width of the #streetwall# of a #building# or #buildings# fronting on a portion of a #street#, #upland connection# or #visual corridor# which is not adjacent to a #shore public walkway# or #supplemental public access area# shall be located within eight feet of such #street line# and extend to a minimum height of 30 feet.

(i) All #developments#, conversions, and #enlargements# or #extensions# which increase the existing #floor area# by more than 10 percent, shall provide along the entire #street# length of the #zoning lot#, one tree for every 25 feet of # street# frontage. Such trees shall be of at least three-inch caliper at the time of planting and be placed at approximately equal intervals except where the Department of Parks and Recreation determines that such tree planting would be unfeasible. Such trees shall be planted in accordance with the standards of the Department of Parks and Recreation.

5. for the #development# of a park, a site plan and all other applicable data have been submitted showing compliance with the provisions of Section 62-416 (Special regulations for zoning lots that include parks).

A certification pursuant to paragraph (c) of this section, for any parcel identified in Waterfront Access Plan BK-1, may provide for the phased implementation of all required public access areas provided that an amount of public access area proportionate to the amount of #floor area# being developed on the parcel is provided in each phase. Additionally, for any #development# located within 200 feet of a #shore public walkway#, the initial phase and each subsequent phase, shall also provide a minimum of 200 linear feet of #shore public walkway# and any adjacent #supplemental public access area# located between such #development# and the required #shore public walkway#, one #upland connection# through or adjacent to the entire parcel to such required portion of the #shore public walkway# and, shall have at least one other connection from such required portion of the #shore public walkway# to an adjacent #shore public walkway#, a #street# or another #upland connection#. For any #development# located entirely beyond 200 feet of a #shore public walkway#, the initial phase and each subsequent phase, shall also provide a minimum of 100 linear feet of #shore public walkway#, and one #upland connection# through or adjacent to the entire parcel to such required portion of the #shore public walkway#. However, no public access area needs to be provided for a phase consisting of a #development # in which all included #residential# units are affordable units for a #lower income household# as defined in section 23-93 or a #moderate income household# or a #middle income household# as defined in section 62-352.

A certificate pursuant to paragraphs (b) or (c) of this Section shall be granted on condition that an acceptable restrictive declaration is executed and filed pursuant to Section 62-14 (Requirements for Recordation).

62-812
Elements of a Waterfront Access Plan

A Waterfront Access Plan may:

1) on #zoning lots# where public access or #visual corridors# are required pursuant to the provisions of Sections 62-40 and 62-60, modify the size, configuration, location or design of required waterfront public access areas or #visual corridors# within certain designated areas in order to address local conditions, provided such plan does not impose a public access or #visual corridor# requirement on any #zoning lot# greater than would otherwise be required pursuant to the provisions of Sections 62-40 or 62-60. For the purpose of determining the amount of public access, the highest standard applicable to a zoning lot may be applied regardless of any specific #use# permitted or proposed for such #zoning lot#. Within Waterfront Access Plan BK-1, the public access and #visual corridor# requirements for any parcel located within the Waterfront Access Plan may be determined by aggregating the public access and #visual corridor# requirements of each zoning lot within the parcel and such aggregated requirements may be modified within such parcel without regard to #zoning lot lines#;

(a) Area wide modifications:

The following provisions shall apply to all #developments# required to provide public access, pursuant to Section 62-40 (REQUIREMENTS FOR WATERFRONT PUBLIC ACCESS AND VISUAL CORRIDORS):

(1) Paragraph (c) of Section 62-412 (Requirements for public access on piers) is applicable, except that a minimum of 15 feet are required along each water edge.

(2) The provisions of Section 62-61 (Design Options and Methodology) shall be inapplicable. In lieu thereof, the following provisions shall apply:

2 All required public access areas and #visual corridors# shall comply with the general requirements set forth in Section 62-62 (General Requirements for Public Access Areas) and the specific requirements as set forth in this Section.

(ii) #Upland connections#, #visual corridors#, public access areas on #piers# and public access areas in conjunction with #floating structures# shall comply with the design requirements set forth in Sections 62-64 through 62-66, inclusive.

(iii) Public access areas are subject to the design reference standards set forth in Section 62-67 and paragraph (d) of this Section.

(3) The provisions of Section 62-623 (Supplemental public access areas) shall be inapplicable. In lieu thereof, the following provisions shall apply:

c) A required #supplemental public access area# shall be directly connected to either a #pier# public access area, an #upland connection# or a #shore public walkway# on either its landward or seaward side and its pedestrian circulation zone shall be contiguous with the adjacent pedestrian circulation zone.

d) A buffer zone shall only be required where a #supplemental public access area# adjoins a non-publicly accessible portion of a #zoning lot#, in which case its minimum width shall be 15 feet.

(4) #Street# Treatment

All #streets# adjacent to a #shore public walkway# or #supplemental public access area# shall be improved as a continuation of such #shore public walkway# or #supplemental public access area#, pursuant to the design requirements of paragraph (b) of this Section, inclusive.

(b) Specific design requirements for Public Access Prototypes

The provisions of Section 62-63 (Specific Design Requirements for Public Access Prototypes) shall be inapplicable. In lieu thereof the following provisions for #shore public walkways# and #supplemental public access areas# shall apply:

(1) Greenpoint-Williamsburg Shore Public Walkway-Prototype I

1. One circulation path with a minimum clear width of 12 feet is required. The path must be within ten feet of the seaward edge of the #shore public walkway#, except when rip rap, beach or other shoreline materials are provided in a publicly accessible area seaward of the path.

(ii) A minimum of one linear foot of seating shall be provided for every 100 square feet of #shore public walkway#. At least 60 percent of the required seating shall be landward of the required circulation path.

(iii) A minimum of 50 percent of the pedestrian circulation zone, excluding the required circulation path, shall be planting area. Rip rap, beach or other shoreline materials may be counted as an equivalent to planting area.

(iv) One shade tree is required for every 1,200 square feet of #shore public walkway# and one small or ornamental tree shall be required for every 750 square feet of #shore public walkway#. Trees may be located either in the pedestrian circulation zone landward of the required circulation path or in the buffer zone. Fifty percent of required shade trees shall be located within 10 feet of the required clear path.

(2) Greenpoint-Williamsburg Shore Public Walkway-Prototype II

1) The provisions of 62-621 (Shore public walkways) shall apply except that a #shore public walkway# shall have a minimum 30 foot pedestrian circulation zone and a minimum 15 foot buffer zone.

2) One circulation path with a minimum clear width of 12 feet is required. The path must be within ten feet of the seaward edge of the #shore public walkway#, except when rip rap, beach or other shoreline materials are provided in a publicly accessible area seaward of the path, in which case, the path shall be located within 20 feet of the shoreline. A secondary circulation path may be provided, with a minimum width of 10 feet. Connecting paths having a minimum width of ten feet shall be provided between the two circulation paths at intervals not to exceed 100 feet.

3) A minimum of one linear foot of seating shall be provided for every 70 square feet of #shore public walkway#.

4) A minimum of 70 percent of the pedestrian circulation zone, excluding the required circulation path shall be planting area. A minimum of 50 percent of this planting area must be improved as lawn according to the provisions of Section 62-675 (Planting and trees).

(v) One shade tree is required for every 1,900 square feet of #shore public walkway# and shall be located in the pedestrian circulation zone. In addition, one shade, small or ornamental tree shall be required for every 850 square feet of #shore public walkway# and may be located either in the pedestrian circulation zone or in the buffer zone. Fifty percent of required shade trees

shall be located within 10 feet of the required clear path.

(3) Greenpoint-Williamsburg Supplemental Public Access - Waterfront Plaza

(i) The entire #supplemental public access area# shall be a pedestrian circulation zone, except for any buffer zone required by paragraph (a)(3)(ii) of this Section.

(ii) There shall be at least one circulation path throughout the #supplemental public access area#. Such path shall provide access to the primary entrance of any building or #use# that is within or adjacent to the #supplemental public access area#.

The required circulation path shall have a minimum clear width of ten feet and any other circulation path shall have a minimum clear width of six feet.

Within a transition zone, the minimum aggregate width of clear path along any side of the #supplemental public access area# shall be equal to 50 percent of the length of the intersection between the two public access areas, and any single path providing access between waterfront public access areas shall have a minimum width of 10 feet.

(iii) A minimum of one linear foot of seating shall be provided for every 40 square feet of pedestrian circulation zone. Fifty percent of required seating shall be under shade throughout the day.

(iv) A minimum of 25 percent of the pedestrian circulation zone shall be planting area.

(v) Four trees shall be required for the first 2,500 square feet of #supplemental public access area#, at least two of which shall be shade trees. For each additional 750 square feet, one additional shade, ornamental or small tree shall be required. Small or ornamental trees located within the pedestrian circulation zone shall not be counted toward the minimum requirements.

(4) Greenpoint-Williamsburg Supplemental Public Access - Waterfront Park

(i) The entire #supplemental public access area# shall be a pedestrian circulation zone, except for any buffer zone required by paragraph (a)(3)(ii) of this Section.

(ii) There shall be at least one circulation path throughout the #supplemental public access area#. Such path shall provide access to the primary entrance of any building or #use# that is within or adjacent to the #supplemental public access area#.

The required circulation path shall have a minimum clear width of ten feet and any other circulation path shall have a minimum clear width of six feet.

Within a transition zone, the minimum aggregate width of clear path along any side of the #supplemental public access area# shall be equal to 50 percent of the length of the intersection between the two public access areas, and any single path providing access between waterfront public access areas shall have a minimum width of 10 feet.

(iii) A minimum of one linear foot of seating shall be provided for every 50 square feet of pedestrian circulation zone. Fifty percent of required seating shall be under shade throughout the day.

(iv) A minimum of 60 percent of the pedestrian circulation zone shall be planting area with no more than 30 percent of the planting area in raised planting beds. At least 35 percent of the #supplemental public access area# shall be lawn in compliance with the standards set forth in paragraph (c)(5) of Section 62-675 (Planting and trees).

(v) Four trees shall be required for the first 2,500 square feet of #supplemental public access area#, at least two of which shall be shade trees. For each additional 750 square feet, one additional shade, ornamental or small tree shall be required. Small or ornamental trees located within the pedestrian circulation zone shall not be counted toward the minimum requirements.

(c) Amenities

In parcels where #supplemental public access area# is required, no more than fifteen percent of public access area may be reduced if playgrounds and other amenities are provided in accordance with the following provisions.

(1) Playgrounds

A playground shall have a minimum size of 1,000 square feet and, if applicable, there shall be a minimum of 400 feet between any two playground areas. For every five square feet of playground area provided, the total amount of required public access may be reduced by the rate of one square foot.

(2) Other amenities

A reduction in the total amount of required public access area shall be permitted according to the following table.

Amenity	Square feet reduction
Picnic table	22 sq. ft. per table, to a max. of 200 sq. ft.
Chess table	20 sq. ft. per table,to a max. of 200 sq. ft.
Telescope	10 sq. ft. per telescope, to a max. of 50 sq. ft.
Fountain/water feature	150 sq. ft. per feature, to a max. of 300 sq. ft.
Shade structure	150 sq. ft. perstructure, to a max. of 300 sq. ft.

(d) Public access design reference standards

Section 62-67 is hereby modified by the following provisions.

(1) Guardrails

The provisions of paragraph (a) Section 62-671 (Guardrails, gates and other protective barriers) shall be inapplicable. In lieu thereof the following provisions for guardrails shall apply:

(i) Guardrails shall be located within waterfront public access areas continuously along any bulkhead, stabilized shore or the water edges of a #pier# or #platform# that is located within 50 feet of a circulation path; and continuously along any grade level change of 30 inches or greater adjoining or within 10 feet of a circulation path. However, guardrails shall not be required landward of any rip rap, beach or any other shoreline material that is at least 10 feet wide. If any protective barrier is provided adjacent to any rip rap, beach or other shoreline material, they shall not exceed a height of 21 inches or shall consist of a bollard and chain device.

Guardrails shall not be required at access points to WD #uses# and #development# on #floating structures#. The minimal protective barrier at such locations shall be a swing gate, bollard and chain or similar device.

(ii) Guardrails shall comply with illustration A1; alternatively, illustration A2 may be used in #piers#.

All guardrail components and hardware shall be in stainless steel or cast aluminum, as applicable.

Illustration A1

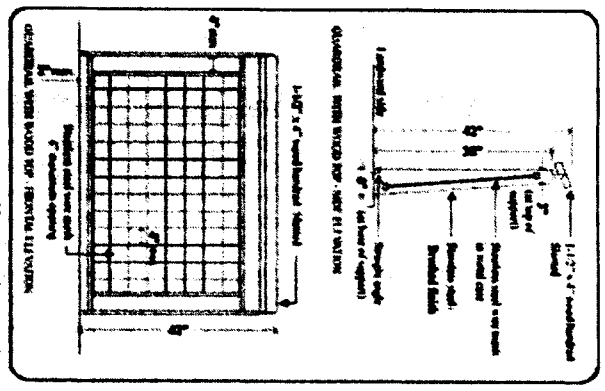

Illustration A2

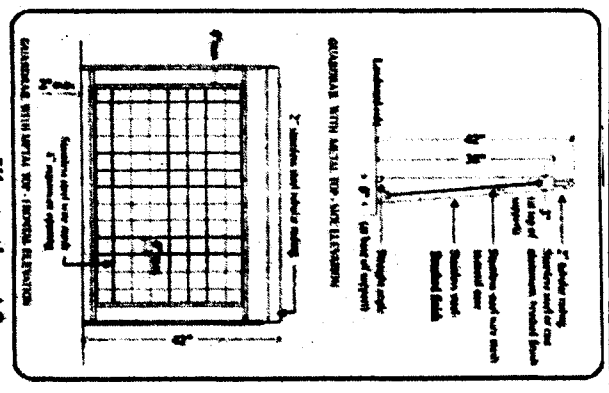

(Alternate for Piers)

(2) Seating

In addition to the provisions of Section 62-672, at least fifty percent of the required seating along any #shore public walkway# or #supplemental public access area# shall comply with illustration B1 or B2 below.

Illustration B1

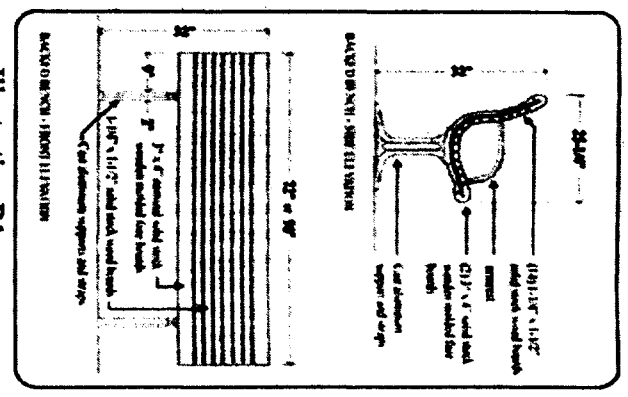

Illustration B2

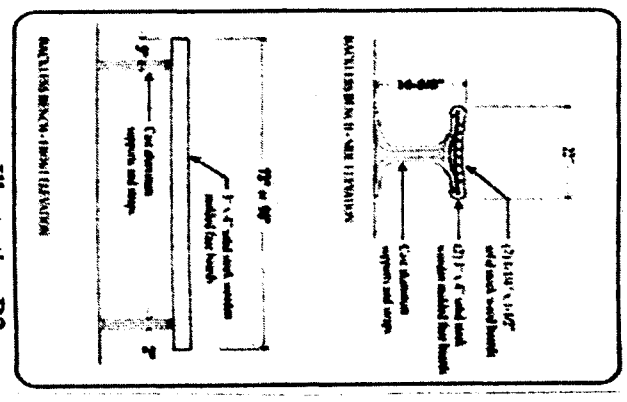

All wood boards shall be made of Redwood, Jarrah or Ipe, have eased edges and ends and be treated for external use without stain or varnish.

All supports and backstraps shall be 713 tenzalloy cast aluminum, with a rust inhibitor and a top coat finish of thermosetting polyester powdercoat that is ultra-violet, chip and flake resistant. Metal components shall have a light gray or aluminum color.

(3) Lighting

In addition to the provisions of Section 62-673, the required lighting along any public access area shall comply with illustration C1 below.

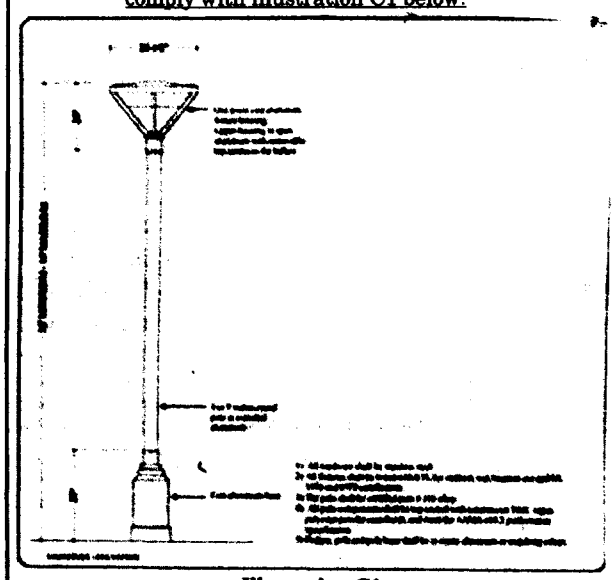

Illustration C1

(4) Planting and trees

The provisions of paragraph (c)(6) (Container planting) of Section 62-675 shall be inapplicable, unless a structural or environmental necessity is demonstrated at the time of certification.

(5) Paving

In addition to the provisions of Section 62-676, the paving for the required clear path within the #shore public walkway# shall be gray. At least fifty percent of all other paved areas within the #shore public walkway# and #supplemental public access areas# shall be paved in the same color range.

(e) Special public access provisions by parcel

The provisions of Sections 62-41 (Requirements for waterfront public access) and 62-60 (DESIGN STANDARDS FOR THE WATERFRONT AREA) are modified at the following designated locations which are shown on Map BK-1b in paragraph (g) of this Section:

1. Parcels 1 and 2

(i) #Shore public walkway#
The requirements for Prototype I described in paragraph (b)(1) of this Section shall apply to all new #development#.

In the event of any #enlargement#, #extension# or change of #use# within existing #buildings or other structures#, a #shore public walkway# shall occupy the entire area between the seaward edge

and the existing #building or other structure# but need not be wider than 40 feet. The #shore public walkway# shall have a minimum clear path of 10 feet. No seating, planting or buffer zone shall be required. If seating and planting are provided, they shall comply with the provisions of Sections 62-672 and 62-675. In addition to the lighting design requirements of paragraph (c)(3) of this Section, lighting fixtures may be mounted on existing #buildings or other structures#.

(ii) #Supplemental public access area#
The requirements for #supplemental public access area# shall be waived.

(2) Parcels 3 and 4

(i) #Shore public walkway#

The requirements for Prototype I described in paragraph (b)(1) of this Section shall apply.

(ii) #Upland connection#

An #upland connection# shall be provided between Commercial Street and the #shore public walkway# within a flexible location along the #lot line# between Parcels 3 and 4. Whichever parcel is developed first shall provide an #upland connection# along the #lot line# between the two parcels. The width of the #upland connection# may be utilized by the developer of the remaining parcel in the computation necessary to comply with the requirements of a #visual corridor# along the #lot line# between the two parcels, according to the provisions of paragraph (f)(1) of this Section. If both parcels are developed concurrently, then the requirements may be divided equally along the #lot line# between the parcels.

(3) Parcel 5a

(i) #Shore public walkway#

The requirements for Prototype I described in paragraph (b)(1) of this Section shall apply.

(ii) #Upland connection#

An #upland connection# shall be provided between Commercial Street and the #shore public walkway# within the flexible location zone indicated on Map BK-1b in paragraph (g) of this Section.

The eastern boundary of such flexible location zone shall be 110 feet from the shared lot line of Parcel 4 and its western boundary shall be 200 feet from the shared lot lines of Parcels 5b and 6.

(iii) #Supplemental public access area#

The #supplemental public access area# shall abut the #shore public walkway# continuously along its longest side, and shall also abut the required #upland connection# where it meets the #shore public walkway#. The #upland connection#, however, may cut across the #supplemental public access area# provided that no area shall be less than 5,000 square feet. All #supplemental public access areas# shall have a minimum width to depth ratio of 1.0 to 1.0 and a maximum width to depth ratio of 2.0 to 1.0. In no event shall the #supplemental public access area# be deeper than 100 feet. The requirements for Waterfront Plaza described in paragraph (b)(3) of this Section shall apply.

Alternatively, a portion of the required #supplemental public access area# that is a minimum of 5,000 square feet may abut the #shore public walkway# continuously along the longest side provided that it also abuts a publicly accessible private drive connecting the #shore public walkway# to Commercial Street. Such publicly accessible private drive shall be improved to the standards of an #upland connection# as required by Section 62-641, but shall not be counted towards satisfying the required amount of public access area on the site. The requirements for Waterfront Park described in paragraph (b)(4) of this Section shall apply.

(4) Parcel 5b

#Shore public walkway#

The requirements for Prototype I described in paragraph (b)(1) of this Section shall apply.

(5) Parcel 5c

(i) #Shore public walkway#

The requirements for Prototype I described in paragraph (b)(1) of this Section shall apply.

(ii) #Upland connection#

Two #upland connections# shall be provided between West Street and the #shore public walkway#, one each located within the prolongation of the #street lines# of Eagle Street, and Green Street, respectively.

(iii) #Supplemental public access area#

Two #supplemental public access areas# shall be provided on Parcel 5c.
A #supplemental public access area# shall be bounded by the southern boundary of the required Green Street #upland connection#, the #shore public walkway#, the southern boundary of Parcel 5c and the northern prolongation of the eastern boundary of the #shore public walkway# required in Parcel 7. The requirements for Waterfront Plaza described in paragraph (b)(3) of this Section shall apply.

The remaining required #supplemental public access area# shall be provided either on the #pier# or distributed evenly as a widening of the pedestrian circulation zone of the #shore public walkway# located between the Eagle Street and Green Street #upland connections#. If any #supplemental public access area# is located on the #pier#, the planting requirements for Waterfront Plaza described in paragraph (b)(3) of this Section shall apply, except that trees may be substituted by a shading element at a rate of 450 sq. ft. of shade element per tree.

(iv) #Pier# public access

Public access shall be provided on the Green Street #pier# pursuant to the requirements of Section 62-412 and of paragraph (a)(1) of this Section.

(6) Parcel 5

In the event that Parcels 5a, 5b and 5c are merged into one parcel, they shall be known as Parcel 5 and be subject to the following requirements:

(i) #Shore public walkway#

The requirements for Prototype I described in paragraph (b)(1) of this Section shall apply.

(ii) #Upland connection#

One #upland connection# shall be provided between Commercial Street and the #shore public walkway# within the flexible location zone indicated on Map BK-1b in paragraph (g) of this Section. The eastern boundary of such flexible location zone shall be 110 feet from the shared lot line of Parcel 4 and its western boundary shall be 200 feet from the shared lot line of Parcel 6.

Two #upland connections# shall be provided between West Street and the #shore public walkway#, each located within the prolongation of the #street lines# of Eagle Street and Green Street, respectively.

(iii) #Supplemental public access area#

Two #supplemental public access areas# shall be provided.
A #supplemental public access area# shall be bounded by the southern boundary of the required Green Street #upland connection#, the #shore public walkway#, the southern boundary of Parcel 5 and the northern prolongation of the eastern boundary of the #shore public walkway# required in Parcel 7. The requirements for Waterfront Plaza described in paragraph (b)(3) of this Section shall apply.

The remaining of the required #supplemental public access area# shall be located within the area bounded by the western prolongation of the north #street line# of Dupont Street, the #shore public walkway#, the northern prolongation of the eastern boundary of Parcel 6 and Parcel 6 . The requirements for Waterfront Park described in paragraph (b)(4) of this Section shall apply.

(iv) #Pier# public access

Public access shall be provided on the Green Street #pier# pursuant to the requirements of Section 62-412 and of paragraph (a)(1) of this Section.

(7) Parcel 7

(i) #Shore public walkway#

The requirements for Prototype I described in paragraph (b)(1) of this Section shall apply, except that any portion of the required #shore public walkway# where the distance between the shoreline and the boundaries of Parcel 7 is less than 17 feet shall be improved entirely as clear path.

(ii) #Supplemental public access area#

The requirement for a #supplemental public access area# on Parcel 7 is waived.

(8) Parcels 9, 10 and 11

(i) #Shore public walkway#

The requirements for Prototype II described in paragraph (b)(2) of this Section shall apply.

(ii) #Supplemental public access area#

For each parcel, the #supplemental public access area# requirements shall be provided to widen the pedestrian circulation zone of the #shore public walkway#, evenly distributed along the entire length of such #shore public walkway#.

(9) Parcel 13

(i) #Shore public walkway#

The requirements for Prototype I described in paragraph (b)(1) of this Section shall apply.

(ii) #Upland connection#

An #upland connection# shall be provided between West Street and the #shore public walkway# located within the prolongation of the #street lines# of Milton Street.

(iii) #Supplemental public access area#

A #supplemental public access area# shall be bounded by the southern #street line# of Greenpoint Avenue, the #shore public walkway# and the northern boundary of the required Milton Street #upland connection#. The requirements for Waterfront Park described in paragraph (b)(4) of this Section shall apply.

(10) Parcel 14

(i) #Shore public walkway#

The area between the prolongation of the northern #street line# of Calyer Street and the prolongation of the northern boundary of the required Calyer Street #upland connection# shall be improved pursuant to the requirements of Prototype II described in paragraph (b)(2) of this Section. The remaining required #shore public walkway# shall be improved pursuant to the requirements of Prototype I as described in paragraph (b)(1) of this Section.

(ii) #Upland connection#

An #upland connection# shall be provided between West Street and the #shore public walkway#. The southern boundary of such #upland connection# shall be defined by a line between the intersection of the prolongation of the southern #street line# of Calyer Street and the western #street line# of West Street, and a point on the easterly boundary of the #shore public walkway# 30 feet north of the northern #street line# of Quay Street

(iii) #Supplemental public access area#
Two #supplemental public access areas# shall be provided. A #supplemental public access area# with a minimum of 9,000 square feet shall be provided between the prolongation of the northern #street line# of Calyer Street and the prolongation of the northern boundary of the required Calyer Street #upland connection# to widen the pedestrian circulation zone of the #shore public walkway#.

The remaining requirements for #supplemental public access area# shall be located in the area bounded by the southern boundary of the required Calyer Street #upland connection#, the #shore public walkway# and the southern boundary line of the parcel. The requirements for Waterfront Park described in paragraph (b)(4) of this Section shall apply.

(11) Parcel 15

An #upland connection# shall be provided within the prolongation of the #street lines# of WestStreet, connecting Quay Street to Parcel 20.

(12) Parcels 19, 20, 21 and 22

Parcels 19, 20, 21 and 22 shall be designated as public parks as of (date of adoption).

(13) Parcel 24

#Shore public walkway#

Prototype I described in paragraph (b)(1) of this Section shall apply.

(14) Parcel 25

(i) #Shore public walkway#

The requirements for Prototype I described in paragraph (b)(1) of this Section shall apply.

(ii) #Upland connection#

An #upland connection# shall be provided between West Street and the #shore public walkway# located within the prolongation of the #street lines# of North 6th Street.

(iii) #Supplemental public access area#

Two #supplemental public access areas# shall be provided.

One #supplemental public access area# shall be provided along the prolongation of the southern #street line# of North 7th Street and the #shore public walkway#. Such public access area shall be a minimum of 3,000 square feet in area and shall have a minimum depth of 90 feet from the southern #street line# of North 7th Street. The entire #supplemental public access area#, excluding the required buffer, shall be developed as clear circulation path.

A minimum of one linear foot of seating shall be required for every 40 square feet of pedestrian circulation zone and shall be located in the required buffer zone. Four trees shall be required, at least two of which are shade trees. Small or ornamental trees located within the buffer zone shall not be counted toward the minimum requirements.

The remaining required #supplemental public access area# shall be located either on the #pier# or abut the #shore public walkway# continuously along its longest side, and shall also abut the required #upland connection# where it meets the #shore public walkway#. At least 70 percent of the required #supplemental public access# shall have a width to depth ratio of 2 to 1. The requirements for Waterfront Plaza described in paragraph (b)(3) of this Section shall apply. If any #supplemental public access area# is located on the #pier#, the planting requirements for Waterfront Plaza shall apply, except that trees may be substituted by a shading element at a rate of 450 sq. ft. of shade element per tree.

(iv) #Pier# public access

Public access shall be provided on a #pier# located at the western terminus of North 6th Street pursuant to the requirements of Section 62-412 and of paragraph (a)(1) of this Section.

(15) Parcel 26

(i) #Shore public walkway#

The requirements of Section 62-411 (Requirements for shore public walkways) shall apply, except that the minimum required width of the #shore public walkway# shall be reduced to 34 feet between North 5th Street and the northern boundary of the required #upland connection# at the prolongation of North 4th Street. The quantity of public access eliminated from the #shore public walkway# as a result of this width reduction shall be located in the triangle formed between the #shore public walkway#, the southern #street line# of the North 4th Street #upland connection# and the bulkhead line. The entirety of the #shore public walkway# shall be improved pursuant to the requirements for Prototype I described in paragraph (b)(1) of this Section.

(ii) #Upland connections#

An #upland connection# shall be provided between Kent Avenue and the #shore public walkway# located within the prolongation of the #street lines# of North 4th Street.

(16) Parcel 27

(i) #Shore public walkway#

The requirements for Prototype I described in paragraph (b)(1) of this Section shall apply to all new #development#.

In the event of any #enlargement#, #extension# or change of #use# within existing #buildings or other structures#, a #shore public walkway# shall occupy the entire area between the seaward edge and the existing #building or other structure#, but shall not need to be wider than 40 feet.

Notwithstanding the requirements of Paragraph (c) of Section 62-62 (General Requirements for Public Access), the #shore public walkway# may be located within the #building or other structure#, and the obstructions permitted by Section 62-626, paragraph (a), shall include any supporting structural elements of the #building or other structure# and its related appurtenances. Additionally, the #shore public walkway# shall have a minimum clear path of 12 feet. No seating, planting or buffer zone shall be required. If seating and planting are provided, they shall comply with the provisions of Sections 62-672 and 62-675. In addition to the lighting design requirements of paragraph (c)(3) of this Section, lighting fixtures may be mounted on existing #buildings or other structures#.

(ii) #Supplemental public access area#

The requirements for #supplemental public access# shall be waived.

(f) Special visual corridor provisions by parcel
The designated locations for #visual corridors# pursuant to this Plan are shown on Map BK-1c in paragraph (g) of this Section and shall be as follows:

(1) Parcels 3 and 4

A #visual corridor# shall be provided through Parcels 3 and 4 to the pierhead line within a flexible area along the #lot lines# between them.

Whichever parcel develops second shall complete the required clearance to comply with the #visual corridor# requirements along the #upland connection# already provided in accordance with the requirements of paragraph (e)(2)(ii) of this Section. If both parcels are developed concurrently, then the requirements can be divided equally along the #lot line# between the parcels.

(2) Parcel 5a

A #visual corridor# shall be provided through Parcel 5a to the pierhead line within the flexible location zone indicated on Map BK-1c in paragraph (g) of this Section. The eastern boundary of such flexible area shall be 110 feet from the shared lot line of Parcel 4 and its western boundary shall be 200 feet from the shared lot line of Parcels 5b and 6.

(3) Parcel 5b

Two #visual corridors# shall be provided through Parcel 5b to the pierhead line as the prolongation of the #street lines# of West Street and Dupont Street, respectively.

(4) Parcel 5c

(i) Three #visual corridors# shall be provided through Parcel 5c to the pierhead line as the prolongation of the #street lines# of West Street, Eagle Street and Green Street.

(ii) Permitted obstructions on #piers#, per Section 62-65 paragraph (b), shall be permitted obstructions along the #visual corridor# along Green Street.

(5) Parcel 5

In the event that Parcels 5a, 5b and 5c are merged into one parcel, they shall be known as Parcel 5, subject to the following #visual corridors# requirements:

(i) One #visual corridor# shall be provided through Parcel 5 to the pierhead line within the flexible location zone indicated on Map BK-1c in paragraph (g) of this Section. The eastern boundary of such flexible area shall be 110 feet from the shared lot line of Parcel 4 and its western boundary shall be 200 feet from the shared lot line of Parcel 6.
Four #visual corridors# shall be provided through Parcel 5 to the pierhead line, each located as the prolongation of the #street lines# of West Street, Dupont Street, Eagle Street and Green Street, respectively.

(ii) Permitted obstructions on #piers#, per Section 62-65 paragraph (b), shall be allowed along the #visual corridor# along Green Street.

(6) Parcel 13

Two #visual corridors# shall be provided through Parcel 13 to the pierhead line as the prolongation of the #street lines# of Milton Street and Oak Street, respectively.

(7) Parcel 14

A #visual corridor# shall be provided through Parcel 14 as the prolongation of the #street lines# of Oak Street.

(8) Parcel 15

A #visual corridor# shall be provided though Parcel 15 as the prolongation of the #stret lines# of West Street.

(9) Parcel 25

A #visual corridor# shall be provided through Parcel 25 as the prolongation of the #street lines# of North 6th Street.

PARKS AND RECREATION

■ JOINT PUBLIC HEARING

NOTICE OF A JOINT PUBLIC HEARING between the Franchise and Concession Review Committee and the Department of Parks and Recreation to be held on Monday, February 7, 2005 at Spector Hall, 22 Reade Street, Main Floor, Borough of Manhattan, commencing at 10:00 a.m. relative to:

AUTHORIZATION to enter into a Sole Source Concession Agreement with Theatre Development Fund (TDF), located at 1501 Broadway, New York, NY 10036, for the operation and management of a discount ticket stand to be constructed in Father Duffy Square, located at West 47th Street and Broadway, Borough of Manhattan, for a term of twenty (20) years commencing September 1, 2005. TDF will pay Parks a fee of $39,000 for the first year of the license term; the fee will escalate annually based on increases in the Consumer Price Index (CPI); however, if the CPI goes down, the license fee will remain the same. Additionally, in years six (6), eleven (11) and sixteen (16), if the CPI increase over each of the respective prior five (5) year periods is less than the percentage increase in the service charge attached to the ticket sale covering that same period, TDF's license fee will be further increased by the difference between the percentage increase in the CPI and the percentage rise in TDF's service charge.

LOCATION Father Duffy Square, West 47th Street and Broadway, Manhattan.

Interested parties may obtain a copy of the proposed license agreement in Room 313 at the Arsenal, Central Park, 830

Fifth Avenue, NY, NY 10021 on Wednesday, January 12, 2005 through Monday, February 7, 2005, exclusive of Saturdays, Sundays and holidays.

REAL ESTATE VALUATION AND APPRAISAL RFP – Request for Proposals – PIN# 201600 – DUE 02-14-05 AT 4:00 P.M. – New York City Economic Development Corporation (NYCEDC) seeks proposals for valuation and appraisal services related to multi-family residential, commercial, and multi-use projects located throughout New York City on an as-needed basis for a term of three (3) years, with one-year extensions at NYCEDC's discretion.
NYCEDC sells and leases City-owned land for private development of industrial, retail, office, multi-family residential, and institutional uses. These transactions may involve a parcel for construction of a warehouse for a small business or assemblages for large, multi-use developments. It also directly leases City-owned retail and industrial buildings and facilities to private tenants. To assure successful projects that promote economic betterment, NYCEDC may provide public funds and incentives in support of these transactions. In connection with these activities, NYCEDC intends to place several consultants on retainer to provide valuation and appraisal services. Chosen firms will have experience in New York City, and, as a minimum, are expected to have a New York State real estate appraisal certification. Preference will be given to firms that also have staff with a MAI certification. The services to be provided may include, but are not limited to, valuation of fee simple or partial fee interests in land and/or improvements thereon, appraisal of development rights, appraisal reviews, market studies, and calculation of return on investments. NYCEDC intends to retain firms with full service capability and those with a selective scope of work and experience.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/ blueprints; other information; and for opening and reading of bids at date and time specified above.

REDEVELOPMENT OF A PORTION OF THE FARM COLONY IN STATEN ISLAND – Request for Expressions of Interest – DUE 02-18-05 AT 4:00 P.M. – Located in the Willowbrook area of central Staten Island, the Site is part of the Farm Colony - Seaview Hospital Historic District. The approximately 59-acre Site is zoned R3-2 with a NA-1 (Special Natural Area District) overlay. Eleven historically significant and deteriorated buildings are located on the Site, which is identified as Block 1955, part of Lot 1 in the Borough of Staten Island tax map.
NYCEDC's goal is to solicit ideas for the redevelopment of the Site that address the unique constraints affecting development including, but not limited to, the rehabilitation and adaptive reuse of the existing buildings. Other development goals include sensitivity to both the Site's location in a Special Natural Area District and its bucolic setting within the Staten Island Greenbelt, as well as the Site's adjacency to low-density residential and institutional development. Therefore, development concepts should focus on cultural, educational, and recreational uses permitted by zoning. All proposals for new construction must be consistent with the recommendations made by the Mayor's Staten Island Growth Management Task Force. Further, general residential uses will not be permitted on the Site. Senior housing, although not a preferred use, will be considered on a case-by-case basis.

A question-and-answer session to discuss the Site and tour will be held on January 20, 2005 at 10:00 a.m. To attend the question-and-answer session and site visit, please call (212) 312-3875 on or before January 14, 2005. Interested parties are strongly encouraged to attend.

For more information, and to request a copy of the RFEI, visit www.nycedc.com/farmcolonyRFEI or call (212) 312-3969. Please submit six (6) copies of your proposal.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/ blueprints; other information; and for opening and reading of bids at date and time specified above.

REHAB. ON THE STATEN ISLAND RAILROAD ARTHUR KILL LIFT BRIDGE – Public Bid – DUE 01-27-05 AT 2:00 P.M. – As part of the City's efforts to reactivate freight service on the Staten Island Railroad, the New York City Economic Development Corp. is letting this bridge rehab. contract (#5320016). Located between the Howland Hook Marine Terminal and the Gothels Bridge on the west shore of Staten Island, the Arthur Kill Lift Bridge is a single-track movable bridge that spans approximately 500' over the Arthur Kill. Built in 1958 this bridge was in use until the early 1990's. The bridge is currently operational and the intent of this rehab is to prepare it for daily reliable use. The proposed bid date is January 27, 2005 and a site visit is schedule for January 6, 2005. Bidders interested in attending the site visit must register at the Port Ivory Security Office on Western Avenue, a pre walk through meeting will be held at Port Ivory Administration Building.

The scope of work entails lead paint abatement, cleaning and painting structural steel and machinery house exteriors, concrete spall and crack repairs, replacement of bridge walkways and railings, electric signal and power upgrades, installation of new meter house and meter house electrical equipment, bridge machinery repairs, bridge balancing and start-up. The engineer's estimate is approximately $6,000,000. The cost of the Bid package is $200 USD payable to either a certified bank check or money order. Cash, personal or company checks are not acceptable. All submitted bids are required to have a Bid bond.

DEVELOP TRANSITIONAL RESIDENCE FOR HOMELESS ADULTS AND FAMILIES AND DROP IN CENTERS FOR ADULTS – Competitive Sealed Proposals – Judgment required in evaluating proposals - PIN# 071-00S-003-262 – DUE 01-03-06 AT 5:00 P.M. – The Department of Homeless Services is soliciting proposals from organizations interested in developing and operating transitional residences for homeless adults and families including the Neighborhood Based Cluster Residence and drop-in centers for adults. This is an open-ended solicitation; there is no due date for submission. Proposals will be reviewed by the Department as they are received and contracts will be awarded on an on-going basis, until the agency's capacity needs are met. DHS reserves the right to award a contract on the basis of initial offers received without discussion. Contracts will be awarded to responsible applicants whose negotiated offers are determined to be the most advantageous to the City, taking into consideration the price and other such factors and criteria set-forth in the RFP. Contract award will be subject to the timely completion of contract negotiations between the agency and the selected proposer.

It is anticipated that the transitional residence contracts will range from 3 to 20 years including renewal options and depending on the financial terms and conditions.

Pursuant to Section 312 (c) (1) (ii) of the New York City Charter, the Competitive Sealed Bid procurement method is not the most advantageous method because judgment is required in evaluating competing proposals, and it is in the best interest of the city to require a balancing of price, quality and other factors.

Thus, pursuant to Section 3-03 (c) of the Procurement Policy Board Rules, the open ended RFP will be used because the Department will select qualified providers to develop and operate transitional residences in order to address the need to create additional shelter capacity citywide. In addition, this open-ended method will provide interested applicants an opportunity to propose sites for the targeted population, as they become available for shelter development.

All proposers must meet the following minimum qualifications 1) must have a tax exempt status under 501 (c) (3) of the Internal Revenue Code and or be legally incorporated as a for-profit entity; 2) must demonstrate that they have, or can obtain by the contract start date, site control of the proposed Standalone facility location(s); and 3) must demonstrate an intent to enter into lease agreements with the owner(s) or management designee(s) for each property.

Any organization that believes it can provide these services may contact: John Iaffaldano, Associate Staff Analyst, Office of Contracts and Procurement at the Department of Homeless Services at (212) 361-8435, 33 Beaver Street, 13th Floor NY, NY 10004, to request a copy of the RFP application, which is available for pick-up Monday through Friday on business days between the hours of 9:00 a.m. to 5:00 p.m.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/ blueprints; other information; and for opening and reading of bids at date and time specified above.

AGENCY RULES

CONSUMER AFFAIRS

■ NOTICE

NOTICE OF ADOPTION

Notice of Adoption of Amendment to Rule Regarding Compliance by Parking Garages with Zoning Requirements.

NOTICE IS HEREBY GIVEN PURSUANT TO THE AUTHORITY VESTED IN the Commissioner of the Department of Consumer Affairs by Section 20-104(b) of Chapter 1, and by Section 20-330 of Chapter 2, Title 20 of the Administrative Code of the City of New York and in accordance with the requirements of Section 1043 of the New York City Charter that the Department promulgates and adopts amendments to an existing rule regarding compliance by parking garages with zoning requirements.

These amendments were proposed and published on November 12, 2004. The required public hearing was held on December 14, 2004.

Material being deleted is shown below in brackets and material being be added is underlined.

RULE

Section 1. Subdivision (q) of section 2-161 of subchapter Q of Chapter 2 of Title 6 of the Rules of the City of New York is amended to read as follows:

(q) [(1)] All licensed parking lots and garages shall comply with [the] all applicable zoning requirements [of the City Planning Commission] and with [the]all other laws, ordinances, rules and regulations affecting the conduct of the licensed business as enforced by [the Department of Buildings or the Department of Ports and Trade, whichever is applicable, with respect to grading, surfacing, enclosures, curb cuts and entrance width]any city agency. Any violation of such requirements, laws, ordinances, rules or regulations may result in the suspension or revocation of the offender's license or the imposition of a monetary penalty.

[(2) Any violation of these rules and regulations or any violation of the rules and regulations of any other City agency affecting the conduct of the licensed business or the use of the licensed premises may result in the suspension or revocation of the offender's license or the imposition of a monetary penalty.]

Statement of basis and purpose. The Department enforces the provisions of subchapter 17 of Chapter 2 of Title 20 of the Administrative Code of the City of New York which requires a license to operate any garage or parking lot that can hold five or more vehicles for which a fee is directly or indirectly charged.

Zoning resolutions generally provide, however, that a parking lot or garage may be operated only to park cars under specified circumstances. A DCA license does not absolve parking lots and garages with the legal obligation to comply with the Zoning resolution governing their operations.

The amendment to the rule is to make clear that the issuance of the Department of Consumer Affairs license is not approval to conduct such business in violation of applicable zoning requirements, and that failure to comply with such requirements is grounds for the suspension or revocation of the license to operate such lot or garage.

The amendment to the rule also replaces the reference to named agencies enforcing zoning requirements, rules, regulations law or ordinances that are grounds for revoking or suspending licenses when violated with a reference to any city agency enforcing such requirements and laws, rules, regulations or ordinances affecting the conduct of the licensed business. The revision ensures that any change in enforcement jurisdiction would be automatically covered under this provision.

READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council**, 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists–free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

PROCUREMENT POLICY BOARD RULES

The Rules may also be accessed on the City Website, http://NYC.GOV.Selltonyc

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

CHARTER REVISION COMMISSION

■ PUBLIC MEETING

The 2005 Charter Revision Commission will hold a public meeting on January 19, 2005. The topic of this meeting will be administrative law reform. The Commission will hear expert testimony from Carol Robles-Roman, Deputy Mayor for Legal Affairs. Although administrative law reform will be the main subject of this public meeting, Commission business will not necessarily be limited to that topic. The Commission may also consider other topics related to its review of the City Charter. As this is a public meeting and not a public hearing, the public will have the opportunity to observe, but not to testify.
Time: 7:00 P.M.
Location: Spector Hall, 22 Reade Street, 1st Floor. Located between Broadway and Centre Street in Lower Manhattan.

Individuals requesting spoken or sign language interpreters for any of these public meetings should contact Commission staff member Brian Geller at (212) 788-2952 five (5) business days prior to the Public Meeting. TDD users should call Verizon Relay Services.

To contact the Commission by telephone, please call (212) 676-2060.
To contact the Commission by mail, please write to:
New York City Charter Revision Commission
2 Lafayette Street, 14th Floor
New York, NY 10007

SPECIAL USE REGULATIONS

* * *

62-29
Special Use Regulations for Waterfront Access Plan BK-1

All Use Group 6 and 9 #uses# delineated in Section 62-212 (Waterfront-Enhancing Uses) not otherwise permitted, shall be a permitted use on any parcel identified in Waterfront Access Plan BK-1, provided that such use is limited to not more than 10,000 square feet of #floor area# per establishment; the total amount of #floor area# used for such #uses# does not exceed two per cent of the total amount of #floor area# permitted on such parcel; and such #uses# are located below the level of the first #story# ceiling of a #building# or are located on a #pier# or #platform#.

Additionally, Docks for water taxis (Use Group 6) and Docks or mooring facilities for non-commercial pleasure boats (Use Group 6) shall be a permitted use on any parcel identified in Waterfront Access Plan BK-1.

* * *

62-30
SPECIAL BULK REGULATIONS

All #zoning lots# within #waterfront blocks# shall comply with the #bulk# regulations of this Section. For the purposes of this Section, non-#waterfront blocks# included in Waterfront Access Plan BK-1 shall be considered to be #waterfront blocks#. Existing non-complying buildings or other structures shall be subject to the provisions of Article V (Non-Conforming Uses and non-complying Buildings).

* * *

62-35
Special Bulk Regulations within Waterfront Access Plan BK-1

Within Waterfront Access Plan BK-1 the Special Bulk Regulations of this section are further modified as delineated herein.

62-351
Special floor area, lot coverage and residential density distribution regulations

Within any parcel, and between any adjacent parcels which are under single fee ownership and with respect to which each party having any interest therein is a party in interest (as defined in (e) of the definition of a #zoning lot# in Section 12-10), identified in Waterfront Access Plan BK-1; the total #floor area# and #lot coverage# permitted pursuant to Section 62-32 and the residential density permitted pursuant to Section 23-22 may be located anywhere within such parcel or between such parcels without regard to #zoning lot lines# or district boundaries provided that such location of #floor area#, #lot coverage# or residential density complies with Section 62-31 and Section 62-34 as modified by Section 62-352.

62-352
Special Height and Setback Regulations

The provisions of Section 62-341 are modified as follows:

(a) Paragraph (c)(1) (Maximum base height) shall be modified in R6 Districts to permit a maximum base height of 65 feet or six #stories#, whichever is less.

(b) Paragraph (c)(2) (Maximum #building# height) shall not apply. In lieu thereof, the maximum #building# height in an R6 District shall be 65 feet or six #stories#, whichever is less, within 100 feet of Commercial Street, West Street, Dupont Street, Franklin Street and Kent Avenue. Beyond 100 feet of such streets and any other portions of an R6 District, the maximum #building# height in shall be 110 feet. In R8 Districts, the maximum #building# height shall be 210 feet, except that for #zoning lots developed# with multiple #buildings# or portions of #buildings# that exceed a height of 200 feet, not more than half of such #buildings# or portions of #buildings# may exceed a height of 210 feet to a maximum #building# height of 310 feet. Such maximum #building# heights of 110 feet, 210 feet and 310 feet may be exceeded by a penthouse portion of a #building#, provided any #story# of a #building# within such penthouse portion does not exceed 85 percent of the gross area of the highest #story# of the same #building# entirely below a height of 110 feet, 210 feet or 310 feet, as applicable, and the maximum height of such penthouse portion does not exceed 40 feet.

(c) Paragraphs (c)(3) (#Floor area# distribution) and (c)(5) (Additional setback provisions for high #buildings#) shall not apply.

(d) Paragraph (c)(4) (Maximum #residential# tower size) shall not apply. In lieu thereof, each #residential story# of a #building# located entirely above a height of 85 feet shall not exceed a gross area of 8,100 square feet in an R6 District and 11,000 square feet in an R8 District.

(e) Paragraph (c)(6) shall not apply. In lieu thereof, the maximum length of any #story# of a #building# that exceeds a height of 65 feet in an R6 District or 85 feet in an R8 District shall not exceed 170 feet. Such length shall be measured by inscribing within a rectangle the outermost walls at the level of each #story# entirely above such heights. Any side of such rectangle shall not exceed 170 feet.

(f) Paragraph (c)(7) (Ground floor streetscape provisions) shall not apply. In lieu thereof, all off-street parking spaces located within 50 feet of a #street#, a #visual corridor# containing a private road, and a #shore public walkway#, #upland connection# or #supplemental public access area# and which are located on a #story# that is above the #base plane# shall be within facilities that are located behind #commercial#, #community facility# or #residential floor area# so that no portion of such parking facility, other than entrances and exits, is visible from such #streets#, #visual corridors# or publicly accessible open spaces. Such #floor area# shall have a minimum depth of 25 feet. Seventy percent of the surface area of the facade of a facility containing parking spaces which are not otherwise required to be behind such #floor area# shall be composed of the same materials as the facade of the #building# in which it is located.

(g) Any roof of a facility containing off-street parking spaces, not otherwise covered by a #building#, which is larger than 400 square feet shall be landscaped and accessible for the recreational use of the occupants of the building in which it is located. Hard surfaced areas shall not cover more than 60 percent of such roof area.

(h) The #streetwall# of a #building# on any #zoning lot# fronting on Commercial Street, West Street and Kent Avenue shall be located within eight feet of, and extend along 70 percent of such #street line# to a minimum height of 40 feet.

(i) All #developments#, conversions, and #enlargements# or #extensions# which increase the existing #floor area# by more than 10 percent, shall provide along the entire #street# length of the #zoning lot#, one tree for every 25 feet of # street# frontage. Such trees shall be of at least three-inch caliper at the time of planting and be placed at approximately equal intervals except where the Commissioner of Buildings determines that such tree planting would be unfeasible. Such trees shall be planted in accordance with the standards of the Department of Parks and Recreation.

62-711
Waterfront public access and visual corridors

* * *

5. for the #development# of a park, a site plan and all other applicable data have been submitted showing compliance with the provisions of Section 62-416 (Special regulations for zoning lots that include parks).

A certification pursuant to paragraph (c) of this section, for any parcel identified in Waterfront Access Plan BK-1, may provide for the phased implementation of all required public access areas provided that an amount of public access area proportionate to the amount of #floor area# being developed on the parcel is provided in each phase. Additionally, for any #development# located within 200 feet of a #shore public walkway#, the initial phase and each subsequent phase, shall also provide a minimum of 200 linear feet of #shore public walkway# and any adjacent supplemental area, one #upland connection# through or adjacent to the entire parcel to such required portion of the #shore public walkway# and, shall have at least one other connection from such required portion of the #shore public walkway# to an adjacent #shore public walkway#, a #street# or another #upland connection#. For any #development# located entirely beyond 200 feet of a #shore public walkway#, the initial phase and each subsequent phase, shall also provide a minimum of 100 linear feet of #shore public walkway#, and one #upland connection# through or adjacent to the entire parcel to such required portion of the #shore public walkway#.

A certificate pursuant to paragraphs (b) or (c) of this Section shall be granted on condition that an acceptable restrictive declaration is executed and filed pursuant to Section 62-14 (Requirements for Recordation).

62-80
WATERFRONT ACCESS PLANS

* * *

62-812
Elements of a Waterfront Access Plan

A Waterfront Access Plan may:

1) on #zoning lots# where public access or #visual corridors# are required pursuant to the provisions of Sections 62-40 and 62-60, modify the size, configuration, location or design of required waterfront public access areas or #visual corridors# within certain designated areas in order to address local conditions, provided such plan does not impose a public access or #visual corridor# requirement on any #zoning lot# greater than would otherwise be required pursuant to the provisions of Sections 62-40 or 62-60. For the purpose of determining the amount of public access, the highest standard applicable to a zoning lot may be applied regardless of any specific #use# permitted or proposed for such #zoning lot#. Within Waterfront Access Plan BK-1, the public access and #visual corridor# requirements for any parcel located within the Waterfront Access Plan may be determined by aggregating the public access and #visual corridor# requirements of each zoning lot within the parcel and such aggregated requirements may be modified within such parcel without regard to #zoning lot lines#;

* * *

62-83
Borough of Brooklyn

The following Waterfront Access Plans are hereby established within the Borough of Brooklyn. All applicable provisions of Article VI, Chapter 2, remain in effect within the areas delineated by such plans, except as expressly set forth otherwise in the plans:

BK-1: Greenpoint/ Williamsburg, as set forth in Section 62-831.

* * *

62-831

Waterfront Access Plan BK-1:
Greenpoint-Williamsburg
Maps BK-1a through BK-1c in paragraph (g) of this Section show the boundaries of the area comprising the Greenpoint-Williamsburg Waterfront Access Plan and the location of certain features mandated or permitted by the Plan. The plan area has been divided into parcels consisting of tax blocks and lots and other lands as established on (date of adoption), as follows:

(3) The provisions of Section 62-623 (Supplemental public access areas) shall be inapplicable. In lieu thereof, the following provisions shall apply:

A required #supplemental public access area# shall be directly connected to either a #pier# public access area, an #upland connection# or a #shore public walkway# on either its landward or seaward side and its pedestrian circulation zone shall be contiguous with the adjacent pedestrian circulation zone.

2) A buffer zone shall only be required where a #supplemental public access area# adjoins a non-publicly accessible portion of a #zoning lot#, in which case its minimum width shall be 15 feet.

(4) #Street# Treatment

All #streets# adjacent to a #shore public walkway# or #supplemental public access area# shall be improved as a continuation of such #shore public walkway# or #supplemental public access area#, pursuant to the design requirements of paragraph (b) of this Section, inclusive.

(b) Specific design requirements for shore public walkway prototypes

The provisions of Section 62-63 (Specific Design Requirements for Public Access Prototypes) shall be inapplicable. In lieu thereof the following provisions for #shore public walkways# shall apply:

(1) Greenpoint-Williamsburg Shore Public Walkway-Prototype I

1. One circulation path with a minimum clear width of 12 feet is required.

The path must be within ten feet of the seaward edge of the #shore public walkway#, except when rip rap, beach or other shoreline materials are provided in a publicly accessible area seaward of the path.

(ii) A minimum of one linear foot of seating shall be provided for every 100 square feet of #shore public walkway#. At least 60 percent of the required seating shall be landward of the required circulation path.

(iii) A minimum of 50 percent of the pedestrian circulation zone, excluding the required circulation path, shall be planting area. Rip rap, beach or other shoreline materials may be counted as an equivalent to planting area.

(iv) One shade tree is required for every 1,200 square feet of #shore public walkway# and one small or ornamental tree shall be required for every 750 square feet of #shore public walkway#. Trees may be located either in the pedestrian circulation zone landward of the required circulation path or in the buffer zone. Fifty percent of required shade trees shall be located within 10 feet of the required clear path.

(2) Greenpoint-Williamsburg Shore Public Walkway-Prototype II

1) The provisions of 62-621 (Shore public walkways) shall apply except that a #shore public walkway# shall have a minimum 30 foot pedestrian circulation zone and a minimum 15 foot buffer zone.

2) One circulation path with a minimum clear width of 12 feet is required. The path must be within ten feet of the seaward edge of the #shore public walkway#, except when rip rap, beach or other shoreline materials are provided in a publicly accessible area seaward of the path, in which case, the path shall be located within 20 feet of the shoreline. A secondary circulation path may be provided, with a minimum width of 10 feet. Connecting paths having a minimum width of ten feet shall be provided between the two circulation paths at intervals not to exceed 100 feet.

3) A minimum of one linear foot of seating shall be provided for every 70 square feet of #shore public walkway#.

4) A minimum of 70 percent of the pedestrian circulation zone, excluding the required circulation path and transition zones, shall be planting area. A minimum of 50 percent of this planting area must be improved as lawn according to the provisions of Section 62-675 (Planting and trees).

(v) One shade tree is required for every 1,900 square feet of #shore public walkway# and shall be located in the pedestrian circulation zone. In addition, one shade, small or ornamental tree shall be required for every 850 square feet of #shore public walkway# and may be located either in the pedestrian circulation zone or in the buffer zone. Fifty percent of required shade trees shall be located within 10 feet of the required clear path.

(3) Greenpoint-Williamsburg Supplemental Public Access - Waterfront Plaza

(i) The entire #supplemental public access area# shall be a pedestrian circulation zone, except for any buffer zone required by paragraph (a)(3)(ii) of this Section.

(ii) There shall be at least one circulation path throughout the #supplemental public access area#. Such path shall provide access to the primary entrance of any building or #use# that is within or adjacent to the #supplemental public access area#.

The required circulation path shall have a minimum clear width of ten feet and any other circulation path shall have a minimum clear width of six feet.

Within a transition zone, the minimum aggregate width of clear path along any side of the #supplemental public access area# shall be equal to 50 percent of the length of the intersection between the two public access areas, and any single path providing access between waterfront public access areas shall have a minimum width of 10 feet.

(iii) A minimum of one linear foot of seating shall be provided for every 40 square feet of pedestrian circulation zone. Fifty percent of required seating shall be under shade throughout the day.

(iv) A minimum of 25 percent of the pedestrian circulation zone shall be planting area.

(v) Four trees shall be required for the first 2,500 square feet of #supplemental public access area#, at least two of which shall be shade trees. For each additional 750 square feet, one additional shade, ornamental or small tree shall be required. Small or ornamental trees located within the pedestrian circulation zone shall not be counted toward the minimum requirements.

(4) Greenpoint-Williamsburg Supplemental Public Access - Waterfront Park

(i) The entire #supplemental public access area# shall be a pedestrian circulation zone, except for any buffer zone required by paragraph (a)(3)(ii) of this Section.

(ii) There shall be at least one circulation path throughout the #supplemental public access area#. Such path shall provide access to the primary entrance of any building or #use# that is within or adjacent to the #supplemental public access area#.

The required circulation path shall have a minimum clear width of ten feet and any other circulation path shall have a minimum clear width of six feet.

Within a transition zone, the minimum aggregate width of clear path along any side of the #supplemental public access area# shall be equal to 50 percent of the length of the intersection between the two public access areas, and any single path providing access between waterfront public access areas shall have a minimum width of 10 feet.

(iii) A minimum of one linear foot of seating shall be provided for every 50 square feet of pedestrian circulation zone. Fifty percent of required seating shall be under shade throughout the day.

(iv) A minimum of 60 percent of the pedestrian circulation zone shall be planting area with no more than 30 percent of the planting area in raised planting beds. At least 35 percent of the #supplemental public access area# shall be lawn in compliance with the standards set forth in paragraph (c)(5) of Section 62-675 (Planting and trees).

(v) Four trees shall be required for the first 2,500 square feet of #supplemental public access area#, at least two of which shall be shade trees. For each additional 750 square feet, one additional shade, ornamental or small tree shall be required. Small or ornamental trees located within the pedestrian circulation zone shall not be counted toward the minimum requirements.

(c) Amenities

In parcels where #supplemental public access area# is required, no more than fifteen percent of public access area may be reduced if playgrounds and other amenities are provided in accordance with paragraphs (c)(1) and (c)(2) of this Section.

(1) Playgrounds

A playground shall have a minimum size of 1,000 square feet and, if applicable, there shall be a minimum of 400 feet between any two playground areas. For every five square feet of playground area provided, the total amount of required public access may be reduced by the rate of one square foot.

(2) Other amenities

A reduction in the total amount of required public access area shall be permitted according to the following table. The number and variety of such amenities shall be determined upon certification.

Amenity	Square feet reduction
Picnic table	22 sq. ft.
Chess table	20 sq. ft.
Telescope	10 sq. ft.
Art	50 - 200 sq. ft.
Fountain/water feature	50 - 200 sq. ft.
Shade structure	50 - 200 sq. ft.

(d) Public access design reference standards

Section 62-67 is hereby modified by the following provisions.

(1) Guardrails

The provisions of paragraph (a) Section 62-671 (Guardrails, gates and other protective barriers) shall be inapplicable. In lieu thereof the following provisions for guardrails shall apply:

(i) Guardrails shall be located within waterfront public access areas continuously along any bulkhead, stabilized shore or the water edges of a #pier# or #platform# that is located within 50 feet of a circulation path; and continuously along any grade level change of 30 inches or grader adjoining or within 10 feet of a circulation path. However, guardrails shall not be required landward of any rip rap, beach or any other shoreline material that is at least 10 feet wide. If any protective barrier is provided adjacent to any rip rap, beach or other shoreline material, they shall not exceed a height of 21 inches or shall consist of a bollard and chain device.

Guardrails shall not be required at access points to WD #uses# and #development# on #floating structures#. The minimal protective barrier at such locations shall be a swing gate, bollard and chain or similar device.

(ii) Guardrails shall comply with illustration A1, alternatively illustration A2 may be used in #piers#.

Illustration A1

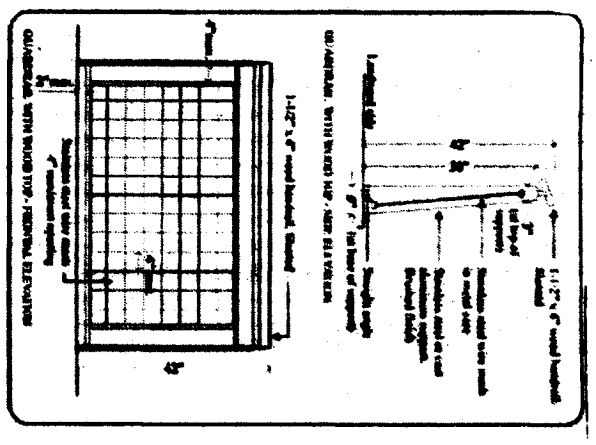

Illustration A2

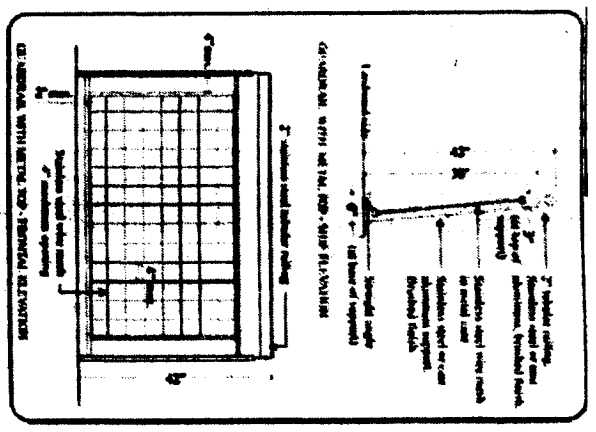

(Alternate for Piers)

All guardrail components and hardware shall be in stainless steel or cast aluminum, as applicable.

(2) Seating

In addition to the provisions of Section 62-672, at least fifty percent of the required seating along any #shore public walkway# or #supplemental public access area# shall comply with illustration B1 or B2 below.

Illustration B1

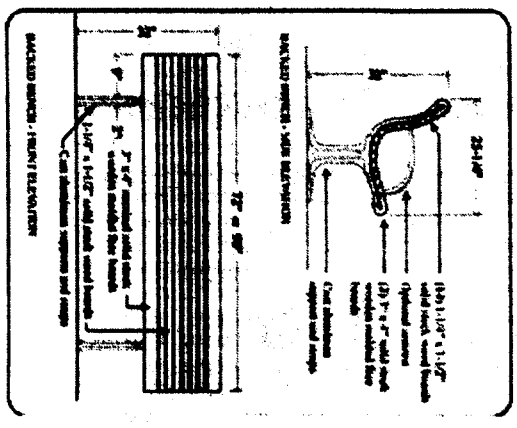

Illustration B2

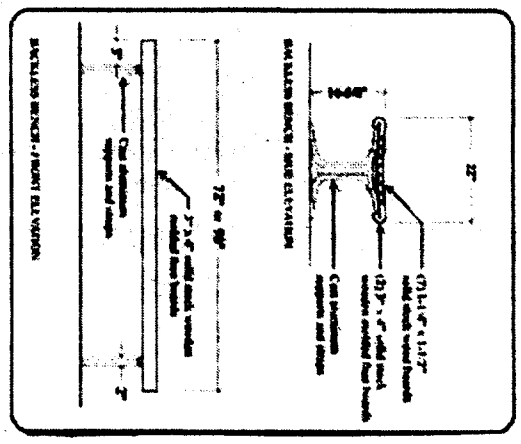

All wood boards shall be made of Redwood, Jarrah or Ipe, have eased edges and ends and be treated for external use without stain or varnish.

All supports and backstraps shall be 713 tenzalloy cast aluminum, with a rust inhibitor and a top coat finish of thermosetting polyester powdercoat that is ultra-violet, chip and flake resistant. Metal components shall have a light gray or aluminum color.

(3) Lighting

In addition to the provisions of Section 62-673, the required lighting along any public access area shall comply with illustration C1 below.

(4) Planting and trees

The provisions of paragraph (c)(6) (Container planting) of Section 62-675 shall be inapplicable, unless a structural or environmental necessity is demonstrated at the time of certification.

(5) Paving

In addition to the provisions of Section 62-676, the paving for the required clear path within the #shore public walkway# shall be gray. At least fifty percent of all other paved areas within the #shore public walkway# and #supplemental public access areas# shall be paved in the same color range.

(e) Special public access provisions by parcel

The provisions of Sections 62-41 (Requirements for waterfront public access) and 62-60 (DESIGN STANDARDS FOR THE WATERFRONT AREA) are modified at the following designated locations which are shown on Map BK-1b in paragraph (g) of this Section:

1. Parcels 1 and 2

(i) #Shore public walkway#
The requirements for Prototype I described in paragraph (b)(1) of this Section shall apply to all new #development#.

In the event of any #enlargement#, #extension# or change of #use# within existing #buildings or other structures#, a #shore public walkway# shall occupy the entire area between the seaward edge and the existing #building or other structure# but need not be wider than 40 feet. The #shore public walkway# shall have a minimum clear path of 10 feet. No seating, planting or buffer zone shall be required. If seating and planting are provided, they shall comply with the provisions of Sections 62-672 and 62-675. In addition to the lighting design requirements of paragraph (c)(3) of this Section, lighting fixtures may be mounted on existing #buildings or other structures#.

(ii) #Supplemental public access area#
The requirements for #supplemental public access area# shall be waived.

(2) Parcels 3 and 4

(i) #Shore public walkway#

The requirements for Prototype I described in paragraph (b)(1) of this Section shall apply.

(ii) #Upland connection#

An #upland connection# shall be provided between Commercial Street and the #shore public walkway# within a flexible location along the #lot line# between Parcels 3 and 4. Whichever parcel is developed first shall provide an #upland connection# along the #lot line# between the two parcels. The width of the #upland connection# may be utilized by the developer of the remaining parcel in the computation necessary to comply with the requirements of a #visual corridor# along the #lot line# between the two parcels, according to the provisions of paragraph (f)(1) of this Section. If both parcels are developed concurrently, then the requirements may be divided equally along the #lot line# between the parcels.

(3) Parcel 5a

(i) #Shore public walkway#

The requirements for Prototype I described in paragraph (b)(1) of this Section shall apply.

(ii) #Upland connection#

An #upland connection# shall be provided between Commercial Street and the #shore public walkway# within the flexible location indicated on Map BK-1b in paragraph (g) of this Section.

The eastern boundary of such flexible area shall be 110 feet from the shared lot line of Parcel 4 and its western boundary shall be 200 feet from the shared lot line of Parcels 5b and 6.

(iii) #Supplemental public access area#

The #supplemental public access area# shall abut the #shore public walkway# continuously along its longest side, and shall also abut the required #upland connection# where it meets the #shore public walkway#. The #upland connection#, however, may cut across the #supplemental public access area# provided that no area shall be less than 5,000 square feet. All #supplemental public access areas# shall have a minimum width to depth ratio of 1.0 to 1.0 and a maximum width to depth ratio of 2.0 to 1.0. In no event shall the #supplemental public access area# be deeper than 100 feet. The requirements for Waterfront Plaza described in paragraph (b)(3) of this Section shall apply.

Alternatively, a portion of the required #supplemental public access area# that is a minimum of 5,000 square feet may abut the #shore public walkway# continuously along the longest side provided that it also abuts a publicly accessible private drive connecting the #shore public walkway# to Commercial Street. Such publicly accessible private drive shall be improved to the standards of an #upland connection# as required by Section 62-641, but shall not be counted towards satisfying the required amount of public access area on the site. The requirements for Waterfront Park described in paragraph (b)(4) of this Section shall apply.

(4) Parcel 5b

#Shore public walkway#

The requirements for Prototype I described in paragraph (b)(1) of this Section shall apply.

(5) Parcel 5c

(i) #Shore public walkway#

The requirements for Prototype I described in paragraph (b)(1) of this Section shall apply.

(ii) #Upland connection#

Two #upland connections# shall be provided between West Street and the #shore public walkway#, one located within the prolongation of the #street lines# of Eagle Street, the other located within the prolongation of the #street lines# of Green Street.

(iii) #Supplemental public access area#

Two #supplemental public access areas# shall be provided on Parcel 5c.
A #supplemental public access area# shall be bounded by the southern boundary of the required Green Street #upland connection#, the #shore public walkway#, the southern boundary of Parcel 5c and the northern prolongation of the eastern boundary of the #shore public walkway# required in Parcel 7. The requirements for Waterfront Plaza described in paragraph (b)(3) of this Section shall apply.

The remaining required #supplemental public access area# shall be provided either on the #pier# or distributed evenly as a widening of the pedestrian circulation zone of the #shore public walkway# located between the Eagle Street and Green Street #upland connections#. If any #supplemental public access area# is located on the #pier#, the planting requirements for Waterfront Plaza described in paragraph (b)(3) of this Section shall apply, except that trees may be substituted by a shading element at a rate of 450 sq. ft. of shade element per tree.

(iv) #Pier# public access

Public access shall be provided on the Green Street #pier# pursuant to the requirements of Section 62-412 and of paragraph (a)(1) of this Section.

(6) Parcel 5

In the event that Parcels 5a, 5b and 5c are merged into one parcel, they shall be known as Parcel 5 and be subject to the following requirements:

(i) #Shore public walkway#

The requirements for Prototype I described in paragraph (b)(1) of this Section shall apply.

(ii) #Upland connection#

One #upland connection# shall be provided between Commercial Street and the #shore public walkway# within the flexible location indicated on Map BK-1b in paragraph (g) of this Section. The eastern boundary of such flexible area shall be 110 feet from the shared lot line of Parcel 4 and its western boundary shall be 200 feet from the shared lot line of Parcel 6.

Two #upland connections# shall be provided between West Street and the #shore public walkway#, each located within the prolongation of the #street lines# of Eagle Street and Green Street, respectively.

(iii) #Supplemental public access area#

Two #supplemental public access areas# shall be provided.
A #supplemental public access area# shall be bounded by the southern boundary of the required Green Street #upland connection#, the #shore public walkway#, the southern boundary of Parcel 5 and the

northern prolongation of the eastern boundary of the #shore public walkway# required in Parcel 7. The requirements for Waterfront Plaza described in paragraph (b)(3) of this Section shall apply.

The remaining of the required #supplemental public access area# shall be located within the area bounded by the western prolongation of the north #street line# of Dupont Street, the #shore public walkway#, the northern prolongation of the eastern boundary of Parcel 6 and Parcel 6. The requirements for Waterfront Park described in paragraph (b)(4) of this Section shall apply.

(iv) #Pier# public access

Public access shall be provided on the Green Street #pier# pursuant to the requirements of Section 62-412 and of paragraph (a)(1) of this Section

(7) Parcel 7

(i) #Shore public walkway#

The requirements for Prototype I described in paragraph (b)(1) of this Section shall apply, except that any portion of the required #shore public walkway# where the distance between the shoreline and the boundaries of Parcel 7 is less than 17 feet shall be improved entirely as clear path.

(ii) #Supplemental public access area#

The requirement for a #supplemental public access area# on Parcel 7 is waived.

(8) Parcels 9, 10 and 11

(i) #Shore public walkway#

The requirements for Prototype II described in paragraph (b)(2) of this Section shall apply.

(ii) #Supplemental public access area#

For each parcel, the #supplemental public access area# requirements shall be provided to widen the pedestrian circulation zone of the #shore public walkway#, evenly distributed along the entire length of such #shore public walkway#.

(9) Parcel 13

(i) #Shore public walkway#

The requirements for Prototype I described in paragraph (b)(1) of this Section shall apply.

(ii) #Upland connection#

An #upland connection# shall be provided between West Street and the #shore public walkway# located within the prolongation of the #street lines# of Milton Street.

(iii) #Supplemental public access area#
A #supplemental public access area# shall be bounded by the southern #street line# of Greenpoint Avenue, the #shore public walkway# and the northern boundary of the required Milton Street #upland connection#. The requirements for Waterfront Park described in paragraph (b)(4) of this Section shall apply.

(10) Parcel 14

(i) #Shore public walkway#

The requirements for Prototype I described in paragraph (b)(1) of this Section shall apply.

(ii) #Upland connection#

An #upland connection# shall be provided between West Street and the #shore public walkway# located within the prolongation of the #street lines# of Calyer Street.

(iii) #Supplemental public access area#

A #supplemental public access area# shall be distributed evenly along the #shore public walkway# between the southern boundary of the required Calyer Street #upland connection# and the prolongation of the northern #street line# of Quay Street. The requirements for Waterfront Park described in paragraph (b)(4) of this Section shall apply.

(11) Parcel 15

An #upland connection# shall be provided within the prolongation of the #street lines# of West Street, connecting QuayStreet to Parcel 20.

(12) Parcels 19, 20, 21 and 22

Parcels 19, 20, 21 and 22 shall be designated as public parks as of (date of adoption).

(13) Parcel 24

Prototype I described in paragraph (b)(1) of this Section shall apply.

(14) Parcel 25

(i) #Shore public walkway#
The requirements for Prototype I described in paragraph (b)(1) of this Section shall apply.

(ii) #Upland connection#

An #upland connection# shall be provided between West Street and the #shore public walkway# located within the prolongation of the #street lines# of North 6th Street.

(iii) #Supplemental public access area#
Two #supplemental public access areas# shall be provided.

One #supplemental public access area# shall be provided along the prolongation of the southern #street line# of North 7th Street and the #shore public walkway#. Such public access area shall be a minimum of 3,000 square feet in area and shall have a minimum depth of 90 feet from the southern #street line# of North 7th Street. The entire #supplemental public access area#, excluding the required buffer, shall be developed as clear circulation path.

A minimum of one linear foot of seating shall be required for every 40 square feet of pedestrian circulation zone and shall be located in the required buffer zone. Four trees shall be required, at least two of which are shade trees. Small or ornamental trees located within the buffer zone shall not be counted toward the minimum requirements.

The remaining required #supplemental public access area# shall be located either on the #pier# or parallel to the #shore public walkway#. The requirements for Waterfront Plaza described in paragraph (b)(3) of this Section shall apply. If any #supplemental public access area# is located on the #pier#, the planting requirements for Waterfront Plaza shall apply, except that trees may be substituted by a shading element at a rate of 450 sq. ft. of shade element per tree.

(iv) #Pier# public access

Public access shall be provided on the North 6th Street #pier# pursuant to the requirements of Section 62-412 and of paragraph (a)(1) of this Section.

(15) Parcel 26

(i) #Shore public walkway#

The requirements of Section 62-411 (Requirements for shore public walkways) shall apply, except that the minimum required width of the #shore public walkway# shall be reduced to 34 feet between North 5th Street and the northern edge of the required #upland connection# at the prolongation of North 4th Street. The quantity of public access eliminated from the #shore public walkway# as a result of this width reduction shall be located in the triangle formed between the #shore public walkway#, the southern #street line# of the North 4th Street #upland connection# and the bulkhead line. The entirety of the #shore public walkway# shall be improved pursuant to the requirements for Prototype I described in paragraph (b)(1) of this Section.

(ii) #Upland connections#

An #upland connection# shall be provided between Kent Avenue and the #shore public walkway# located within the prolongation of the #street lines# of North 4th Street.

(16) Parcel 27

(i) #Shore public walkway#

The requirements for Prototype I described in paragraph (b)(1) of this Section shall apply to all new #development#.

In the event of any #enlargement#, #extension# or change of #use# within existing #buildings or other structures#, a #shore public walkway# shall occupy the entire area between the seaward edge and the existing #building or other structure#, but shall not need to be wider than 40 feet.

Notwithstanding the requirements of Paragraph (c) of Section 62-62 (General Requirements for Public Access), the #shore public walkway# may be located within the #building or other structure#, and the obstructions permitted by Section 62-626, paragraph (a), shall include any supporting structural elements of the #building or other structure# and its related appurtenances. Additionally, the #shore public walkway# shall have a minimum clear path of 12 feet. No seating, planting or buffer zone shall be required. If seating and planting are provided, they shall comply with the provisions of Sections 62-672 and 62-675. In addition to the lighting design requirements of paragraph (c)(3) of this Section, lighting fixtures may be mounted on existing #buildings or other structures#.

(ii) #Supplemental public access area#
The requirements for #supplemental public access# shall be waived.

(f) Special visual corridor provisions by parcel

The designated locations for #visual corridors# pursuant to this Plan are shown on Map BK-1c in paragraph (g) of this Section and shall be as follows:

(1) Parcels 3 and 4

A #visual corridor# shall be provided through Parcels 3 and 4 to the pierhead line within a flexible area along the #lot lines# between them.

Whichever parcel develops second shall complete the required clearance to comply with the #visual corridor# requirements along the #upland connection# already provided in accordance with the requirements of paragraph (e)(2)(ii) of this Section. If both parcels are developed concurrently, then the requirements can be divided equally along the #lot line# between the parcels.

(2) Parcel 5a

A #visual corridor# shall be provided through Parcel 5a to the pierhead line within the flexible location zone indicated on Map BK-1c in paragraph (g) of this Section. The eastern boundary of such flexible area shall be 110 feet from the shared lot line of Parcel 4 and its western boundary shall be 200 feet from the shared lot line of Parcels 5b and 6.

(3) Parcel 5b

Two #visual corridors# shall be provided through Parcel 5b to the pierhead line as the prolongation of the #street lines# of West Street and Dupont Street, respectively.

(4) Parcel 5c

(i) Two #visual corridors# shall be provided through Parcel 5c to the pierhead line as the prolongation of the #street lines# of Eagle Street and Green Street.

(ii) Permitted obstructions on #piers#, per Section 62-65 paragraph (b), shall be permitted obstructions along the #visual corridor# along Green Street.

(5) Parcel 5

In the event that Parcels 5a, 5b and 5c are merged into one parcel, they shall be known as Parcel 5, subject to the following #visual corridors# requirements:

(i) One #visual corridor# shall be provided through Parcel 5 to the pierhead line within the flexible location zone indicated on Map BK-1c in paragraph (g) of this Section. The eastern boundary of such flexible area shall be 110 feet from the shared lot line of Parcel 4 and its western boundary shall be 200 feet from the shared lot line of Parcel 6.
Four #visual corridors# shall be provided through Parcel 5 to the pierhead line, each located as the prolongation of the #street lines# of West Street, Dupont Street, Eagle Street and Green Street, respectively.

(ii) Permitted obstructions on #piers#, per Section 62-65 paragraph (b), shall be allowed along the #visual corridor# along Green Street.

(6) Parcel 13

Two #visual corridors# shall be provided through

Parcel 13 to the pierhead line as the prolongation of the #street lines# of Milton Street and Oak Street, respectively.

(7) Parcel 14

A #visual corridor# shall be provided through Parcel 14 as the prolongation of the #street lines# of Oak Street.

(8) Parcel 15

A #visual corridor# shall be provided though Parcel 15 as the prolongation of the #stret lines# of West Street.

(9) Parcel 25

A #visual corridor# shall be provided through Parcel 25 as the prolongation of the #street lines# of North 6th Street.

INCLUSIONARY HOUSING

23-91
General Provisions

~~R10~~

~~In the district indicated, a~~An Inclusionary Housing program is established in those areas designated in Section 23-92 (Applicability) to preserve and to promote a mixture of low to upper income housing within neighborhoods experiencing a shift from mixed to upper income housing and thus to promote the general welfare. The requirements of this program are set forth in Sections 23-90 through 23-~~0~~495.

23-92
Applicability

23-921
R10 Districts

The Inclusionary Housing Program shall apply in R10 Districts.

23-922
Community District 1, Borough of Brooklyn

The Inclusionary Housing Program shall apply in the following areas of Community District 1 in the Borough of Brooklyn located north of the Williamsburg Bridge, Washington Plaza, Borinquen Place and Grand Street:

(a) Waterfront Access Plan BK-1, as set forth in Section 62-352;

(b) all #Special Mixed Use Districts#;

(c) all R6A, R6B and R7A Districts; and

(d) the following R6 areas:

(1) the #block# bounded by Havemeyer Street, North Sixth Street, Metropolitan Avenue and North Fifth Street;

(2) the #block# bounded by Roebling Street, North Fifth Street, Havemeyer Street and Metropolitan Avenue;

(3) those #blocks# bounded by Wythe Avenue, Grand Street, Berry Street and South Third Street;

(4) those #blocks# and portions of #blocks# bounded by Bedford Avenue, North 1st Street, Driggs Street, Fillmore Place, Roebling Street, and a line coincident with the centerline of the long dimension of the #blocks# bounded by Bedford Avenue, Grand Street, Roebling Street and South First Street; and

(5) that portion of the #block# bounded by Franklin Street, Huron Street, Manhattan Avenue and India Street that is within 100 feet of Franklin Street and 100 feet of India Street.

~~23-93~~ 23-93
Definitions

For the purposes of the Inclusionary Housing program, matter in italics is defined either in Section 12-10 (DEFINITIONS) or in this Section.

* * *

Fair rent

* * *

At initial occupancy of any #lower income housing#, no portion of the #fair rents# shall be for the payment of the principal or interest on any debt, and the #lower income housing# shall not secure any debt and shall be free of all liens, except liens for real estate taxes, water charges and sewer rents and other governmental charges for which payment is not yet due. #Fair rents# may be used for the payment of principal or interest of debt only if such debt was incurred after the date of initial occupancy and is for a capital improvement to such #lower income housing# other than those capital improvements set forth in the #lower income housing plan#.

In Community District 1, Borough of Brooklyn, at initial occupancy of any #lower income housing#, a portion of the #fair rents# may be for the payment of the principal or interest on debt, and such housing may secure debt, provided that, as of the date of the approval of the #lower income housing plan#, the Commissioner of Housing Preservation and Development finds that the total annual rent, when such interest and principal payments are deducted, is in compliance with the requirements of Section 23-95(c) o this Resolution, and provided that the lender agrees to enter into a written agreement which subordinates such debt.

Lower income household

A "lower income household" is a #family# having an income equal to or less than the income limits (the "80 Percent of SMSA Limits") for New York City residents established by the U.S. Department of Housing and Urban Development pursuant to Section 3(b)(2) of the United States Housing Act of 1937, as amended, for lower income families receiving housing assistance payments.
In Community District 1, Borough of Brooklyn, for the purposes of Section 23-953 (Preservation option), #lower income households# shall also include all existing households in tenancy, provided such households occupy units that are within a #building# in which rents for all occupied units are regulated by City and State law, and the aggregate maximum permitted annual rent roll for such occupied units, divided by the number of occupied units, is less than 30 percent of the applicable income limit for a #lower income household# as provided in this Section. In determining the applicable income limit for such #lower income households#, the Commissioner of Housing Preservation and Development may make adjustments, consistent with U. S. Department of Housing and Urban Development regulations, for the number of persons residing in each unit.

Lower income housing
"Lower income housing" are #standard units# occupied or to be occupied by #lower income households#. #Lower income housing# shall not include #standard units# assisted under city, state or federal programs, except where such assistance is in the form of:

(e) real estate tax abatements and exemptions which are specifically limited to the #lower income housing#; or

(f) operating assistance that the Commissioner of the Department of Housing Preservation and Development determines will be used to enable households with incomes of not more than 62.5 percent of the "80 Percent of SMSA Limits" to afford such #lower income housing#.

However, in Community District 1, Borough of Brooklyn, #lower income housing# shall include #standard units# assisted under city, state or federal programs.

Lower income housing plan

The "lower income housing plan", is the plan accepted by the Commissioner of Housing Preservation and Development, which sets forth the developer's plans for creating and maintaining the specified #lower income housing# pursuant to this program, including but not limited to, choice of #administering agent#, tenant selection, rent levels in the #lower income housing# and income verification of tenants pursuant to Section ~~23-94~~ 23-95 paragraphs (b), (c) and (d) of this Resolution.

~~23-93~~ 23-94
Floor Area Compensation
23-941
In R10 Districts

The #floor area ratio# of a #development# may be increased from 10.0 to a maximum of 12.0 at the rate set forth in this Section, if the developer of such #development# provides #lower income housing# pursuant to Section ~~23-94~~ 23-95 (Lower Income Housing Requirements).

For each square foot of #floor area# provided for #lower income housing# pursuant to the options listed in Column A and which meets the requirements set forth in Section ~~23-94~~ 23- 95, the #floor area# of the #development# may be increased by the number of square feet set forth in Column B.

* * *

~~23-942~~
In Community District 1, Borough of Brooklyn

The provisions of this Section 23-942 shall apply in the designated areas set forth in Section 23-922, except within Waterfront Access Plan Bk-1. The base #floor area ratio# of any #building developed# or #enlarged# pursuant to the Quality Housing Program, or, in #Special Mixed Use Districts#, pursuant to paragraph (b) of Section 123-662, may be increased to the maximum #floor area ratio# set forth in the table below if the developer of such #development# provides #lower income housing# pursuant to Section 23-95 (Lower Income Housing Requirements).

District	Base #floor area ratio#	Maximum #floor area ratio#
R6B	2.0	2.2
R6*	2.2	2.42
R6A	3.0	3.6
R6**	3.0	3.6
R7A	4.0	4.6

* for #zoning lots#, or portions thereof, beyond 100 feet of a #wide street#
** for #zoning lots#, or portions thereof, within 100 feet of a #wide street#

For each square foot of #floor area# provided for #lower income housing# pursuant to the options listed in Column A and which meets the requirements set forth in Section 23-95, the #floor area# of the #development# or #enlargement# may be increased by the number of square feet set forth in Column B.

Lower Income Housing Requirements

~~R10~~

To qualify for the increased #floor area#, #compensated developments# must provide #lower income housing# for the life of the increased #floor area# in the #compensated development# pursuant to one or more of the options listed in Section ~~23-941, 23-942 and 23-943~~, 23-951, 23-952 and 23-953 and such #lower income housing# must meet each of the requirements set forth below.

* * *

~~23-941~~ 23-951
On-site new construction option

To qualify for this option, the designated #lower income housing# shall meet the following requirements.

(a) The #lower income housing# shall be located in newly constructed #floor area# in the #compensated development#. The #lower income housing# shall be maintained and leased to #lower income households# for the life of the increased #floor area#.

(b) #Dwelling units# designated as #lower income housing# shall be distributed throughout the #development#. No #story# shall contain more than two such units unless at least 80 percent of all #stories# contain two such units. The size of the designated #lower income housing# units shall at least be distributed among the various size units in proportion to the total distribution of unit size within the #building# in the following categories of unit sizes:

under 600 net square feet
600 - 749 net square feet
750 - 949 net square feet
950 - 1149 net square feet
1150 or more net square feet

In Community District 1, Borough of Brooklyn, the requirements of this paragraph (b) may be waived by the Commissioner of Housing Preservation and Development to facilitate the #development# of #lower income housing#.

~~23-942~~ 23-952
Substantial rehabilitation and off-site new construction options

To qualify for one or more of these options, the designated #lower income housing# shall meet the following requirements:

(a) The #lower income housing# shall be located either:

(1) within the same Community District as the #compensated development#; or

(2) within an adjacent Community District and within a one-half mile radius of the #compensated development#.

For the new construction option the #lower income housing# shall be in a new #building#. For the substantial rehabilitation options, the #lower income housing# shall be in an existing #building# in which, prior to the submission of the #lower income housing plan# pursuant to this Section, any #residential# portion not in public ownership had been entirely vacant for not less than three years.

However, in Community District 1, Borough of Brooklyn, #lower income housing# shall be located only within such Community District, and the administering agent shall not be required to verify the income of households in tenancy as of the date upon which the Commissioner of Housing Preservation and Development approves the #lower income housing plan#.

* * *

~~23-943~~ 23-953
Preservation option

To qualify for this option, the designated #lower income housing# shall meet the following requirements.

(a) The #lower income housing# shall be located either:

(1) within the same Community District as the #compensated development#; or

(2) within an adjacent Community District and within a one-half mile radius of the #compensated development#.

The #lower income housing# shall be in an existing occupied #residential# or #mixed building#. Only #standard units# occupied by #lower income households# shall be #lower income housing#. For each #standard unit# designated as #lower income housing# the #administering agent# shall verify the income of the household in tenancy.

However, in Community District 1, Borough of Brooklyn, #lower income housing# shall be located only within such Community District, and the administering agent shall not be required to verify the income of households in tenancy as of the date upon which the Commissioner of Housing Preservation and Development approves the #lower income housing plan#.

62-29
Special Use Regulations for Waterfront Access Plan BK-1

All Use Group 6 and 9 #uses# delineated in Section 62-212 (Waterfront-Enhancing Uses) not otherwise permitted, shall be a permitted use on any parcel identified in Waterfront Access Plan BK-1, provided that such use is limited to not more than 10,000 square feet of #floor area# per establishment; the total amount of #floor area# used for such #uses# does not exceed two per cent of the total amount of #floor area# permitted on such parcel; and such #uses# are located below the level of the first #story# ceiling of a #building# or are located on a #pier# or #platform#.

Additionally, Docks for water taxis (Use Group 6) and Docks or mooring facilities for non-commercial pleasure boats (Use Group 6) shall be a permitted use on any parcel identified in Waterfront Access Plan BK-1.

62-30
SPECIAL BULK REGULATIONS

All #zoning lots# within #waterfront blocks# shall comply with the #bulk# regulations of this Section. For the purposes of this Section, non-#waterfront blocks# included in Waterfront Access Plan BK-1 shall be considered to be #waterfront blocks#. Existing non-complying buildings or other structures shall be subject to the provisions of Article V (Non-Conforming Uses and non-complying Buildings).

Bulk Computations on Waterfront Zoning Lots

* * *

(b) #Floor area#, #dwelling units# or #rooming units# generated by existing #piers# or #platforms# within the #seaward lot# may be located anywhere on the #zoning lot# provided the amount on the #upland lot# does not exceed the maximum for the district on such portion of the #zoning lot# by more than 20 percent. No #bulk# distribution from the #seaward lot# shall be permitted for new #piers# or #platforms#, except within Waterfront Access Plan BK-1. Such # bulk# distribution shall be permitted for new portions of #piers# located within Waterfront Access Plan BK-1, provided that such new portion of the #pier# is accessed from a portion of an existing #pier# containing not less than 25 percent of the #water coverage# of such existing #pier# and that the #water coverage# of the new and existing portions of the #pier# does not exceed the #water coverage# of the existing #pier#.

62-35
Special Bulk Regulations within Waterfront Access Plan BK-1

Within Waterfront Access Plan BK-1, the special #bulk# regulations of this Chapter are further modified as set forth in this Section 62-35, inclusive.

62-351
Special floor area regulations

(a) Maximum permited #floor area ratio#

In R6 Districts, the maximum permitted #floor area ratio# for any #zoning lot# containing #residences# shall be 2.43. In R8 Districts, the maximum permitted #floor area ratio# for any #zoning lot# containing #residences# shall be 5.5. In R6 and R8 Districts, the maximum permitted #floor area ratio# for any #zoning lot# containing #residences# may be increased for #developments# and #enlargements# that provide lower income housing pursuant to Section 62-352.

(b) #Buildings# used for #accessory# off-#street# parking spaces

The #floor area# of a #building# shall not include floor space used for #accessory# off-street parking spaces provided in any #story# located not more than 33 feet above the height of the #base plane#.

62-352
Inclusionary Housing

The provisions of Section 23-90 (INCLUSIONARY HOUSING) shall apply in R6 and R8 Districts within Waterfront Access Plan BK-1 as modified in this Section.

(a) Definitions

Fair rent

At initial occupancy of #lower income housing# that is occupied by a #moderate income household# or a #middle income household# as defined in this Section, "fair rent" is an annual rent for each such housing equal to not more than either the public assistance shelter allowance if the #family# receives public assistance, or 30 percent of the annual income of the tenant of such housing (the "30 Percent Standard").

Upon renewal of a lease for such an existing tenant in #lower income housing#, #fair rent# (the "Rent Stabilization Standard") is not more than the then-current #fair rent# for such housing plus a percentage increase equal to the percentage increase for a renewal lease of the same term permitted by the Rent Guidelines Board for units subject to the rent stabilization law.

After initial occupancy, upon rental of #lower income housing# to a new tenant, #fair rent# is not more than the higher of:

(1) the then-currently applicable "30 Percent Standard"; or

(2) the Rent Stabilization Standard.

In order for rent to be #fair rent#, the following must also apply:
There shall be no additional charge to the tenant for the provision of heat and electric service, except that the Commissioner of Housing Preservation and Development may approve a #lower income housing plan# making a #lower income, #moderate income# or #middle income household# responsible for the payment of utilities as long as the sum of:

(1) the initial #fair rent#; and

(2) the monthly costs of a reasonable compensation for these utilities, by an energy conservative household of modest circumstances consistent with the requirements of a safe, sanitary and healthful living environment do not exceed 30 percent of said #lower income#, #moderate income# or #middle income household's# income.

At initial occupancy of any #lower income housing# occupied by a #moderate income# or #middle income household#, a portion of the #fair rents# may be for the payment of the principal or interest on debt, and such housing may secure debt, provided that, as of the date of the approval of the #lower income housing plan#, the Commissioner of Housing Preservation and Development finds that the total annual rent, when such interest and principal payments are deducted, is in compliance with the requirements of Section 23-95(c) o this Resolution, and provided that the lender agrees to enter into a written agreement which subordinates such debt.

Lower income housing
For the purposes of this Section, "lower income housing" shall include #standard units# occupied or to be occupied by #lower income#, #moderate income# or #middle income households#.
Moderate income household

For the purposes of this Section 62-352, a "moderate income household" is a #family# having an income equal to or less than the following proportion:

125
80

of the income limits (the "80 Percent of SMSA Limits") for New York City residents established by the U. S. Department of Housing and Urban Development pursuant to Section 3(b)(2) of the United States Housing Act of 1937, as amended, for lower income families receiving housing assistance payments.

Middle income household

For the purposes of this Section 62-352, a "middle income household" is a #family# having an income equal to or less than the following proportion:

175
80

of the income limits (the "80 Percent of SMSA Limits") for New York City residents established by the U. S. Department of Housing and Urban Development pursuant to Section 3(b)(2) of the United States Housing Act of 1937, as amended, for lower income families receiving housing assistance payments.

(b) Floor area increase

The maximum permitted #floor area ratio# on a #zoning lot# containing #residences# may be increased in R6 Districts from 2.43 to 2.75, and in R8 Districts from 5.5 to 6.5, provided that:

(1) at least 15% of the total #floor area# on the #zoning lot# is occupied by #lower income households#, or

(2) at least 10% of the total #floor area# on the #zoning lot# is occupied by #lower income households# and at least 10% of the total #floor area# on the #zoning lot# is occupied by #moderate income households#, or

(3) at least 10% of the total #floor area# on the #zoning lot# is occupied by #lower income households# and at least 15% of the total #floor area# on the #zoning lot# is occupied by #middle income households#.

(c) Lower Income Housing Requirements

#Developments# that increase #floor area# in accordance with the provisions of this Section shall comply with the lower income housing requirements of Section 23-95, except as modified in this paragraph (c).

(1) The provisions of Section 23-95(b) shall apply, except that in addition, incoming households of #standard units# in #lower income housing# may be #moderate# and #middle income households#, and sublessees of a #moderate# or #middle income household# may also be a #moderate# or #middle income household#.

Furthermore, on and after the issuance of a certificate of occupancy for #lower income housing#, the #administering agent# shall have a duty to rent such housing to #lower#, #moderate# or #middle income households#, as provided in this Section.

This duty to rent shall be satisfied by the #administering agent#, if such agent has in fact rented all such units to #lower#, #moderate# or #middle income households#, as provided in this Section, or has, in good faith, made a continuing public offer to rent such units at rents no greater than the rents authorized by this program or otherwise at law.

(2) The provisions of Section 23-95(d) shall apply, except that prior to renting #lower income housing#, the #administering agent# shall verify the income of each household to occupy such housing, to assure that the households are #lower#, #moderate# or #middle income households# as provided by this Section. The #administering agent# shall submit an affidavit to the Commissioner of Housing Preservation and Development upon initial occupancy and annually thereafter attesting that all incoming occupants of #lower income housing# are #lower#, #moderate# or #middle income households# as required by the provisions of this Section.

(3) Section 23-951(a) shall apply, except that the #lower income housing# shall be maintained and leased to #lower#, #moderate# or #middle income households#, as provided in this Section, for the life of the increased #floor area#.

62-353
Special floor area, lot coverage and residential density distribution regulations

Within any parcel identified in Section 62-381, and with respect to any such parcels which are adjacent to each other and which are under single fee ownership and with respect to which each party having any interest therein is a party in interest (as defined in (e) of the definition of a #zoning lot# in Section 12-10) or with respect to which each party in interest (as defined in (f)(4) of the definition of a #zoning lot# in Section 12-10) has executed a declaration declaring that the properties are to be develop as a single parcel or has waived its right to execute such declaration, the total #floor area# and #lot coverage# permitted pursuant to Section 62-351 or 62-352 and the residential density permitted pursuant to Section 23-22 may be located anywhere within such parcel or between such parcels without regard to #zoning lot lines# or district boundaries provided that such location of #floor area#, #lot coverage# or residential density complies with Section 62-31 and Section 62-34 as modified by Section 62-354.

62-354
Special Height and Setback Regulations

The provisions of Section 62-341 are modified as follows:

(a) Paragraph (c)(1) (Maximum base height) shall be modified in R6 Districts to permit a maximum base height of 65 feet or six #stories#, whichever is less. However, for #buildings or other structure# located on a #zoning lot# with more than 100 feet of frontage on a #street# in R6 Districts, not less than 20 percent of such frontage shall exceed a maximum base height of 55 feet or 5 #stories#, whichever is less.

(b) Paragraph (c)(2) (Maximum #building# height) shall not apply. In lieu thereof, the maximum #building# height in an R6 District shall be 65 feet or six #stories#, whichever is less, within 100 feet of Commercial Street, West Street, Dupont Street, Franklin Street and Kent Avenue. Beyond 100 feet of such #streets# and any other portions of an R6 District, the maximum #building# height in shall be 110 feet. In R8 Districts, the maximum #building# height shall be 210 feet, except that for #zoning lots developed# with multiple #buildings# or portions of #buildings# that exceed a height of 200 feet, not more than half of such #buildings# or portions of #buildings# may exceed a height of 210 feet to a maximum #building# height of 310 feet. Such maximum #building# heights of 110 feet, 210 feet and 310 feet may be exceeded by a penthouse portion of a #building#, provided any #story# of a #building# within such penthouse portion does not exceed 85 percent of the gross area of the highest #story# of the same #building# entirely below a height of 110 feet, 210 feet or 310 feet, as applicable, and the maximum height of such penthouse portion does not exceed 40 feet.
For #developments# that provide #lower income housing# pursuant to Section 62- 352, the increased #floor area# permitted for such #developments# may exceed the height limits of an R8 District set forth in this paragraph (b) provided that the maximum building height shall be 260 feet, except that for #zoning lots developed# with multiple #buildings# or portions of #buildings# that exceed a height of 250 feet, not more than half of such #buildings# or portions of #buildings# may exceed a height of 260 feet to a maximum #building# height of 360 feet. Such maximum #building# heights of 260 feet and 360 feet may be exceeded by a penthouse portion of a #building#, provided any #story# of a #building# within such penthouse portion does not exceed 85 percent of the gross area of the highest #story# of the same #building# entirely below a height of 260 feet or 360 feet, as applicable, and the maximum height of such penthouse portion does not exceed 40 feet.

(c) Paragraphs (c)(3) (#Floor area# distribution) and (c)(5) (Additional setback provisions for high #buildings#) shall not apply.

(d) Paragraph (c)(4) (Maximum #residential# tower size) shall not apply. In lieu thereof, each #residential story# of a #building# located entirely above a height of 85 feet shall not exceed a gross area of 8,100 square feet in an R6 District and 11,000 square feet in an R8 District. If such #residential story# of a #building# is located partially in an R6 District and partially in an R8 District, it shall not exceed a gross area of 11,000 square feet and any portion located in an R6 district shall not exceed a gross area of 8,100 square feet.

(e) Paragraph (c)(6) shall not apply. In lieu thereof, the maximum length of any #story# of a #building# that exceeds a height of 85 feet shall not exceed 170 feet. Such length shall be measured by inscribing within a rectangle the outermost walls at the level of each #story# entirely above such heights. Any side of such rectangle shall not exceed 170 feet.

(f) Paragraph (c)(7) (Ground floor streetscape provisions) shall not apply. In lieu thereof, all off-street parking spaces located within 50 feet of a #street#, a #visual corridor# containing a private road, and a #shore public walkway#, #upland connection# or #supplemental public access area# and which are located on a #story# that is above the #base plane# shall be within facilities that are located behind #commercial#, #community facility# or #residential# floor space so that no portion of such parking facility, other than entrances and exits, is visible from such #streets#, #visual corridors# or publicly accessible open spaces. Such floor space shall have a minimum depth of 25 feet. Up to 5 percent of such floor space may be used for mechanical equipment provided that no floor space used for mechanical equipment is located within 15 feet of the #street wall# of the #building# below a height of 15 feet above the #base plane#, and that no exhaust vents are located on the street wall of the #building# below a height of 15 feet above the #base plane#. The remainder of such floor space shall be used for #commercial#, #community facility# or #residential floor area#. Seventy percent of the surface area of the facade of a facility containing parking spaces which are not otherwise required to be behind such #floor area# shall be composed of the same materials as the facade of the #building# in which it is located.

(g) Any roof of a facility containing off-street parking spaces, not otherwise covered by a #building#, which is larger than 400 square feet shall be landscaped. Up to 5 percent of such roof area may be used for mechanical equipment provided that such mechanical equipment is screened from view by a fence which is at least 75 percent opaque or by at least 3 feet of dense planting. Up to 25 percent of such roof area may be accessible solely from an adjacent #dwelling unit# and the remaining roof area shall be accessible for the recreational use of the occupants of the building in which it is located. Hard surfaced areas shall not cover more than 60 percent of such roof area.

(h) At least 70 percent of the width of the #streetwall# of a #building# or #buildings# fronting on a portion of a #street#, #upland connection# or #visual corridor# which is not adjacent to a #shore public walkway# or #supplemental public access area# shall be located within eight feet of such #street line# and extend to a minimum height of 30 feet.

(i) All #developments#, conversions, and #enlargements# or #extensions# which increase the existing #floor area# by more than 10 percent, shall provide along the entire #street# length of the #zoning lot#, one tree for every 25 feet of # street# frontage. Such trees shall be of at least three-inch caliper at the time of planting and be placed at approximately equal intervals except where the Department of Parks and Recreation determines that such tree planting would be unfeasible. Such trees shall be planted in accordance with the standards of the Department of Parks and Recreation.

Special Parking and Loading Regulations for Waterfront Access Plan BK-1

Within Waterfront Access Plan BK-1 the Special Parking and Loading Regulations of this section are further modified as follows:

(a) The provisions of Section 62-511 and Section 62-521 shall not be applicable.

(b) #Accessory# off-street parking spaces for #uses# permitted pursuant to Section 62- 29 shall be provided in conformity with the regulations of Sections 36-21, 36-22 and 36-232 for C2-4 districts.

(c) Any required #accessory# off-street parking spaces provided for #uses# located on a parcel identified in Waterfront Access Plan BK-1 may be located anywhere within such parcel.

Waterfront public access and visual corridors

* * *

5. for the #development# of a park, a site plan and all other applicable data have been submitted showing compliance with the provisions of Section 62-416 (Special regulations for zoning lots that include parks).

A certification pursuant to paragraph (c) of this section, for any parcel identified in Waterfront Access Plan BK-1, may provide for the phased implementation of all required public access areas provided that an amount of public access area proportionate to the amount of #floor area# being developed on the parcel is provided in each phase. Additionally, for any #development# located within 200 feet of a #shore public walkway#, the initial phase and each subsequent phase, shall also provide a minimum of 200 linear feet of #shore public walkway# and any adjacent #supplemental public access area# located between such #development# and the required #shore public walkway#, one #upland connection# through or adjacent to the entire parcel to such required portion of the #shore public walkway# and, shall have at least one other connection from such required portion of the #shore public walkway# to an adjacent #shore public walkway#, a #street# or another #upland connection#. For any #development# located entirely beyond 200 feet of a #shore public walkway#, the initial phase and each subsequent phase, shall also provide a minimum of 100 linear feet of #shore public walkway#, and one #upland connection# through or adjacent to the entire parcel to such required portion of the #shore public walkway#. However, no public access area needs to be provided for a phase consisting of a #development # in which all included #residential# units are affordable units for a #lower income household# as defined in section 23-93 or a #moderate income household# or a #middle income household# as defined in section 62-352.

A certificate pursuant to paragraphs (b) or (c) of this Section shall be granted on condition that an acceptable restrictive declaration is executed and filed pursuant to Section 62-14 (Requirements for Recordation).

62-812
Elements of a Waterfront Access Plan

A Waterfront Access Plan may:

1) on #zoning lots# where public access or #visual corridors# are required pursuant to the provisions of Sections 62-40 and 62-60, modify the size, configuration, location or design of required waterfront public access areas or #visual corridors# within certain designated areas in order to address local conditions, provided such plan does not impose a public access or #visual corridor# requirement on any #zoning lot# greater than would otherwise be required pursuant to the provisions of Sections 62-40 or 62-60. For the purpose of determining the amount of public access, the highest standard applicable to a zoning lot may be applied regardless of any specific #use# permitted or proposed for such #zoning lot#. Within Waterfront Access Plan BK-1, the public access and #visual corridor# requirements for any parcel located within the Waterfront Access Plan may be determined by aggregating the public access and #visual corridor# requirements of each zoning lot within the parcel and such aggregated requirements may be modified within such parcel without regard to #zoning lot lines#;

(a) Area wide modifications:

The following provisions shall apply to all #developments# required to provide public access, pursuant to Section 62-40 (REQUIREMENTS FOR WATERFRONT PUBLIC ACCESS AND VISUAL CORRIDORS):

(1) Paragraph (c) of Section 62-412 (Requirements for public access on piers) is applicable, except that a minimum of 15 feet are required along each water edge.

(2) The provisions of Section 62-61 (Design Options and Methodology) shall be inapplicable. In lieu thereof, the following provisions shall apply:

2 All required public access areas and #visual corridors# shall comply with the general requirements set forth in Section 62-62 (General Requirements for Public Access Areas) and the specific requirements as set forth in this Section.

(ii) #Upland connections#, #visual corridors#, public access areas on #piers# and public access areas in conjunction with #floating structures# shall comply with the design requirements set forth in Sections 62-64 through 62-66, inclusive.

(iii) Public access areas are subject to the design reference standards set forth in Section 62-67 and paragraph (d) of this Section.

(3) The provisions of Section 62-623 (Supplemental public access areas) shall be inapplicable. In lieu thereof, the following provisions shall apply:

c) A required #supplemental public access area# shall be directly connected to either a #pier# public access area, an #upland connection# or a #shore public walkway# on either its landward or seaward side and its pedestrian circulation zone shall be contiguous with the adjacent pedestrian circulation zone.

d) A buffer zone shall only be required where a #supplemental public access area# adjoins a non-publicly accessible portion of a #zoning lot#, in which case its minimum width shall be 15 feet.

(4) #Street# Treatment

All #streets# adjacent to a #shore public walkway# or #supplemental public access area# shall be improved as a continuation of such #shore public walkway# or #supplemental public access area#, pursuant to the design requirements of paragraph (b) of this Section, inclusive.

(b) Specific design requirements for Public Access Prototypes

The provisions of Section 62-63 (Specific Design Requirements for Public Access Prototypes) shall be inapplicable. In lieu thereof the following provisions for #shore public walkways# and #supplemental public access areas# shall apply:

(1) Greenpoint-Williamsburg Shore Public Walkway-Prototype I

1. One circulation path with a minimum clear width of 12 feet is required. The path must be within ten feet of the seaward edge of the #shore public walkway#, except when rip rap, beach or other shoreline materials are provided in a publicly accessible area seaward of the path.

(ii) A minimum of one linear foot of seating shall be provided for every 100 square feet of #shore public walkway#. At least 60 percent of the required seating shall be landward of the required circulation path.

(iii) A minimum of 50 percent of the pedestrian circulation zone, excluding the required circulation path, shall be planting area. Rip rap, beach or other shoreline materials may be counted as an equivalent to planting area.

(iv) One shade tree is required for every 1,200 square feet of #shore public walkway# and one small or ornamental tree shall be required for every 750 square feet of #shore public walkway#. Trees may be located either in the pedestrian circulation zone landward of the required circulation path or in the buffer zone. Fifty percent of required shade trees shall be located within 10 feet of the required clear path.

(2) Greenpoint-Williamsburg Shore Public Walkway-Prototype II

1) The provisions of 62-621 (Shore public walkways) shall apply except that a #shore public walkway# shall have a minimum 30 foot pedestrian circulation zone and a minimum 15 foot buffer zone.

2) One circulation path with a minimum clear width of 12 feet is required. The path must be within ten feet of the seaward edge of the #shore public walkway#, except when rip rap, beach or other shoreline materials are provided in a publicly accessible area seaward of the path, in which case, the path shall be located within 20 feet of the shoreline. A secondary circulation path may be provided, with a minimum width of 10 feet. Connecting paths having a minimum width of ten feet shall be provided between the two circulation paths at intervals not to exceed 100 feet.

3) A minimum of one linear foot of seating shall be provided for every 70 square feet of #shore public walkway#.

4) A minimum of 70 percent of the pedestrian circulation zone, excluding the required circulation path shall be planting area. A minimum of 50 percent of this planting area must be improved as lawn according to the provisions of Section 62-675 (Planting and trees).

(v) One shade tree is required for every 1,900 square feet of #shore public walkway# and shall be located in the pedestrian circulation zone. In addition, one shade, small or ornamental tree shall be required for every 850 square feet of #shore public walkway# and may be located either in the pedestrian circulation zone or in the buffer zone. Fifty percent of required shade trees shall be located within 10 feet of the required clear path.

(3) Greenpoint-Williamsburg Supplemental Public Access - Waterfront Plaza

(i) The entire #supplemental public access area# shall be a pedestrian circulation zone, except for any buffer zone required by paragraph (a)(3)(ii) of this Section.

(ii) There shall be at least one circulation path throughout the #supplemental public access area#. Such path shall provide access to the primary entrance of any building or #use# that is within or adjacent to the #supplemental public access area#.

The required circulation path shall have a minimum clear width of ten feet and any other circulation path shall have a minimum clear width of six feet.

Within a transition zone, the minimum aggregate width of clear path along any side of the #supplemental public access area# shall be equal to 50 percent of the length of the intersection between the two public access areas, and any single path providing access between waterfront public access areas shall have a minimum width of 10 feet.

(iii) A minimum of one linear foot of seating shall be provided for every 40 square feet of pedestrian circulation zone. Fifty percent of required seating shall be under shade throughout the day.

(iv) A minimum of 25 percent of the pedestrian circulation zone shall be planting area.

(v) Four trees shall be required for the first 2,500 square feet of #supplemental public

access area#, at least two of which shall be shade trees. For each additional 750 square feet, one additional shade, ornamental or small tree shall be required. Small or ornamental trees located within the pedestrian circulation zone shall not be counted toward the minimum requirements.

(4) Greenpoint-Williamsburg Supplemental Public Access - Waterfront Park

(i) The entire #supplemental public access area# shall be a pedestrian circulation zone, except for any buffer zone required by paragraph (a)(3)(ii) of this Section.

(ii) There shall be at least one circulation path throughout the #supplemental public access area#. Such path shall provide access to the primary entrance of any building or #use# that is within or adjacent to the #supplemental public access area#.

The required circulation path shall have a minimum clear width of ten feet and any other circulation path shall have a minimum clear width of six feet.

Within a transition zone, the minimum aggregate width of clear path along any side of the #supplemental public access area# shall be equal to 50 percent of the length of the intersection between the two public access areas, and any single path providing access between waterfront public access areas shall have a minimum width of 10 feet.

(iii) A minimum of one linear foot of seating shall be provided for every 50 square feet of pedestrian circulation zone. Fifty percent of required seating shall be under shade throughout the day.

(iv) A minimum of 60 percent of the pedestrian circulation zone shall be planting area with no more than 30 percent of the planting area in raised planting beds. At least 35 percent of the #supplemental public access area# shall be lawn in compliance with the standards set forth in paragraph (c)(5) of Section 62-675 (Planting and trees).

(v) Four trees shall be required for the first 2,500 square feet of #supplemental public access area#, at least two of which shall be shade trees. For each additional 750 square feet, one additional shade, ornamental or small tree shall be required. Small or ornamental trees located within the pedestrian circulation zone shall not be counted toward the minimum requirements.

(c) Amenities

In parcels where #supplemental public access area# is required, no more than fifteen percent of public access area may be reduced if playgrounds and other amenities are provided in accordance with the following provisions.

(1) Playgrounds

A playground shall have a minimum size of 1,000 square feet and, if applicable, there shall be a minimum of 400 feet between any two playground areas. For every five square feet of playground area provided, the total amount of required public access may be reduced by the rate of one square foot.

(2) Other amenities

A reduction in the total amount of required public access area shall be permitted according to the following table.

Amenity	Square feet reduction
Picnic table	22 sq. ft. per table, to a max. of 200 sq. ft.
Chess table	20 sq. ft. per table,to a max. of 200 sq. ft.
Telescope	10 sq. ft. per telescope, to a max. of 50 sq. ft.
Fountain/water feature	150 sq. ft. per feature, to a max. of 300 sq. ft.
Shade structure	150 sq. ft. perstructure, to a max. of 300 sq. ft.

(d) Public access design reference standards

Section 62-67 is hereby modified by the following provisions.

(1) Guardrails

The provisions of paragraph (a) Section 62-671 (Guardrails, gates and other protective barriers) shall be inapplicable. In lieu thereof the following provisions for guardrails shall apply:

(i) Guardrails shall be located within waterfront public access areas continuously along any bulkhead, stabilized shore or the water edges of a #pier# or #platform# that is located within 50 feet of a circulation path; and continuously along any grade level change of 30 inches or greater adjoining or within 10 feet of a circulation path. However, guardrails shall not be required landward of any rip rap, beach or any other shoreline material that is at least 10 feet wide. If any protective barrier is provided adjacent to any rip rap, beach or other shoreline material, they shall not exceed a height of 21 inches or shall consist of a bollard and chain device.

Guardrails shall not be required at access points to WD #uses# and #development# on #floating structures#. The minimal protective barrier at such locations shall be a swing gate, bollard and chain or similar device.

(ii) Guardrails shall comply with illustration A1; alternatively, illustration A2 may be used in #piers#.

All guardrail components and hardware shall be in stainless steel or cast aluminum, as applicable.

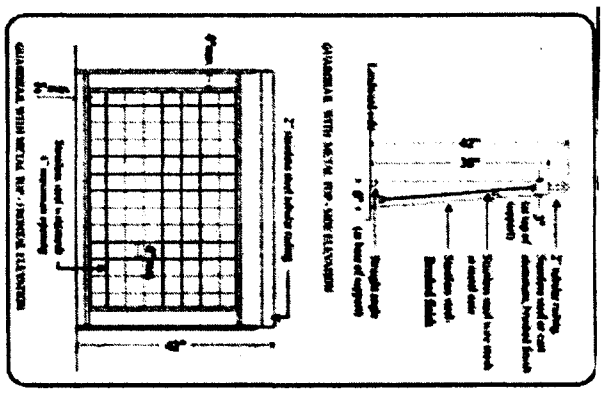

Illustration A2

(Alternate for Piers)

(2) Seating

In addition to the provisions of Section 62-672, at least fifty percent of the required seating along any #shore public walkway# or #supplemental public access area# shall comply with illustration B1 or B2 below.

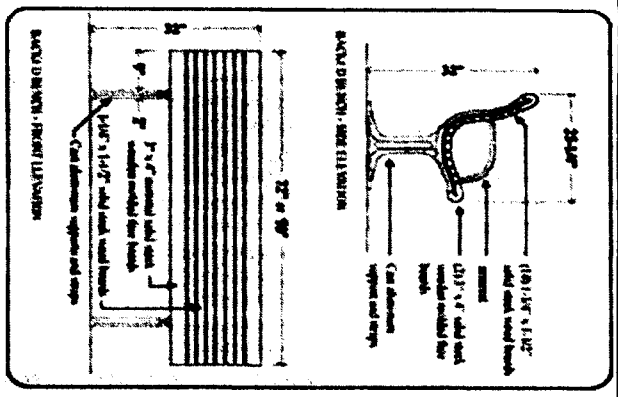

Illustration B1

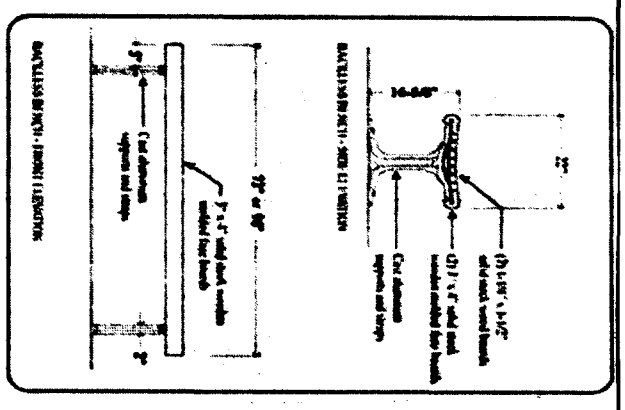

Illustration B2

All wood boards shall be made of Redwood, Jarrah or Ipe, have eased edges and ends and be treated for external use without stain or varnish.

All supports and backstraps shall be 713 tenzalloy cast aluminum, with a rust inhibitor and a top coat finish of thermosetting polyester powdercoat that is ultra-violet, chip and flake resistant. Metal components shall have a light gray or aluminum color.

(3) Lighting

In addition to the provisions of Section 62-673, the required lighting along any public access area shall comply with illustration C1 below.

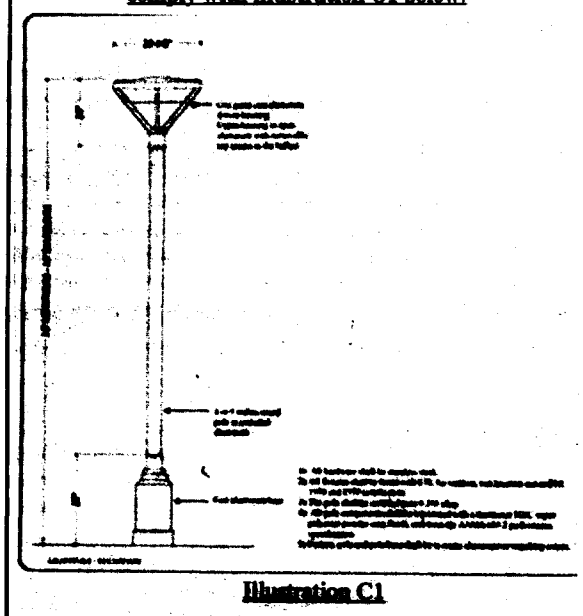

Illustration C1

(4) Planting and trees

The provisions of paragraph (c)(6) (Container planting) of Section 62-675 shall be inapplicable, unless a structural or environmental necessity is demonstrated at the time of certification.

(5) Paving

In addition to the provisions of Section 62-676, the paving for the required clear path within the #shore public walkway# shall be gray. At least fifty percent of all other paved areas within the #shore public walkway# and #supplemental public access areas# shall be paved in the same color range.

(e) Special public access provisions by parcel

The provisions of Sections 62-41 (Requirements for waterfront public access) and 62-60 (DESIGN STANDARDS FOR THE WATERFRONT AREA) are modified at the following designated locations which are shown on Map BK-1b in paragraph (g) of this Section:

1. Parcels 1 and 2

(i) #Shore public walkway#
The requirements for Prototype I described in paragraph (b)(1) of this Section shall apply to all new #development#.

In the event of any #enlargement#, #extension# or change of #use# within existing #buildings or other structures#, a #shore public walkway# shall occupy the entire area between the seaward edge and the existing #building or other structure# but need not be wider than 40 feet. The #shore public walkway# shall have a minimum clear path of 10 feet. No seating, planting or buffer zone shall be required. If seating and planting are provided, they shall comply with the provisions of Sections 62-672 and 62-675. In addition to the lighting design requirements of paragraph (c)(3) of this Section, lighting fixtures may be mounted on existing #buildings or other structures#.

(ii) #Supplemental public access area#
The requirements for #supplemental public access area# shall be waived.

(2) Parcels 3 and 4

(i) #Shore public walkway#

The requirements for Prototype I described in paragraph (b)(1) of this Section shall apply.

(ii) #Upland connection#

An #upland connection# shall be provided between Commercial Street and the #shore public walkway# within a flexible location along the #lot line# between Parcels 3 and 4. Whichever parcel is developed first shall provide an #upland connection# along the #lot line# between the two parcels. The width of the #upland connection# may be utilized by the developer of the remaining parcel in the computation necessary to comply with the requirements of a #visual corridor# along the #lot line# between the two parcels, according to the provisions of paragraph (f)(1) of this Section. If both parcels are developed concurrently, then the requirements may be divided equally along the #lot line# between the parcels.

(3) Parcel 5a

(i) #Shore public walkway#

The requirements for Prototype I described in paragraph (b)(1) of this Section shall apply.

(ii) #Upland connection#

An #upland connection# shall be provided between Commercial Street and the #shore public walkway# within the flexible location zone indicated on Map BK-1b in paragraph (g) of this Section.

The eastern boundary of such flexible location zone shall be 110 feet from the shared lot line of Parcel 4 and its western boundary shall be 200 feet from the shared lot lines of Parcels 5b and 6.

(iii) #Supplemental public access area#

The #supplemental public access area# shall abut the #shore public walkway# continuously along its longest side, and shall also abut the required #upland connection# where it meets the #shore public walkway#. The #upland connection#, however, may cut across the #supplemental public access area# provided that no area shall be less than 5,000 square feet. All #supplemental public access areas# shall have a minimum width to depth ratio of 1.0 to 1.0 and a maximum width to depth ratio of 2.0 to 1.0. In no event shall the #supplemental public access area# be deeper than 100 feet. The requirements for Waterfront Plaza described in paragraph (b)(3) of this Section shall apply.

Alternatively, a portion of the required #supplemental public access area# that is a minimum of 5,000 square feet may abut the #shore public walkway# continuously along the longest side provided that it also abuts a publicly accessible private drive connecting the #shore public walkway# to Commercial Street. Such publicly accessible private drive shall be improved to the standards of an #upland connection# as required by Section 62-641, but shall not be counted towards satisfying the required amount of public access area on the site. The requirements for Waterfront Park described in paragraph (b)(4) of this Section shall apply.

(4) Parcel 5b

#Shore public walkway#

The requirements for Prototype I described in paragraph (b)(1) of this Section shall apply.

(5) Parcel 5c

(i) #Shore public walkway#

The requirements for Prototype I described in paragraph (b)(1) of this Section shall apply.

(ii) #Upland connection#

Two #upland connections# shall be provided between West Street and the #shore public walkway#, one each located within the prolongation of the #street lines# of Eagle Street, and Green Street, respectively.

(iii) #Supplemental public access area#

Two #supplemental public access areas# shall be provided on Parcel 5c.
A #supplemental public access area# shall be bounded by the southern boundary of the required Green Street #upland connection#, the #shore public walkway#, the southern boundary of Parcel 5c and the northern prolongation of the eastern boundary of the #shore public walkway# required in Parcel 7. The requirements for Waterfront Plaza described in paragraph (b)(3) of this Section shall apply.

The remaining required #supplemental public access area# shall be provided either on the #pier# or distributed evenly as a widening of the pedestrian circulation zone of the #shore public walkway# located between the Eagle Street and Green Street #upland connections#. If any #supplemental public access area# is located on the #pier#, the planting requirements for Waterfront Plaza described in paragraph (b)(3) of this Section shall apply, except that trees may be substituted by a shading element at a rate of 450 sq. ft. of shade element per tree.

(iv) #Pier# public access

Public access shall be provided on the Green Street #pier# pursuant to the requirements of Section 62-412 and of paragraph (a)(1) of this Section.

(6) Parcel 5

In the event that Parcels 5a, 5b and 5c are merged into one parcel, they shall be known as Parcel 5 and be subject to the following requirements:

(i) #Shore public walkway#

The requirements for Prototype I described in paragraph (b)(1) of this Section shall apply.

(ii) #Upland connection#

One #upland connection# shall be provided between Commercial Street and the #shore public walkway# within the flexible location zone indicated on Map BK-1b in paragraph (g) of this Section. The eastern boundary of such flexible location zone shall be 110 feet from the shared lot line of Parcel 4 and its western boundary shall be 200 feet from the shared lot line of Parcel 6.

Two #upland connections# shall be provided between West Street and the #shore public walkway#, each located within the prolongation of the #street lines# of Eagle Street and Green Street, respectively.

(iii) #Supplemental public access area#

Two #supplemental public access areas# shall be provided.
A #supplemental public access area# shall be bounded by the southern boundary of the required Green Street #upland connection#, the #shore public walkway#, the southern boundary of Parcel 5 and the northern prolongation of the eastern boundary of the #shore public walkway# required in Parcel 7. The requirements for Waterfront Plaza described in paragraph (b)(3) of this Section shall apply.

The remaining of the required #supplemental public access area# shall be located within the area bounded by the western prolongation of the north #street line# of Dupont Street, the #shore public walkway#, the northern prolongation of the eastern boundary of Parcel 6 and Parcel 6 . The requirements for Waterfront Park described in paragraph (b)(4) of this Section shall apply.

(iv) #Pier# public access

Public access shall be provided on the Green Street #pier# pursuant to the requirements of Section 62-412 and of paragraph (a)(1) of this Section.

(7) Parcel 7

(i) #Shore public walkway#

The requirements for Prototype I described in paragraph (b)(1) of this Section shall apply, except that any portion of the required #shore public walkway# where the distance between the shoreline and the boundaries of Parcel 7 is less than 17 feet shall be improved entirely as clear path.

(ii) #Supplemental public access area#

The requirement for a #supplemental public access area# on Parcel 7 is waived.

(8) Parcels 9, 10 and 11

(i) #Shore public walkway#

The requirements for Prototype II described in paragraph (b)(2) of this Section shall apply.

(ii) #Supplemental public access area#

For each parcel, the #supplemental public access area# requirements shall be provided to widen the pedestrian circulation zone of the #shore public walkway#, evenly distributed along the entire length of such #shore public walkway#.

(9) Parcel 13

(i) #Shore public walkway#

The requirements for Prototype I described in paragraph (b)(1) of this Section shall apply.

(ii) #Upland connection#

An #upland connection# shall be provided between West Street and the #shore public walkway# located within the prolongation of the #street lines# of Milton Street.

(iii) #Supplemental public access area#

A #supplemental public access area# shall be bounded by the southern #street line# of Greenpoint Avenue, the #shore public walkway# and the northern boundary of the required Milton Street #upland connection#. The requirements for Waterfront Park described in paragraph (b)(4) of this Section shall apply.

(10) Parcel 14

(i) #Shore public walkway#

The area between the prolongation of the northern #street line# of Calyer Street and the prolongation of the northern boundary of the required Calyer Street #upland connection# shall be improved pursuant to the requirements of Prototype II described in paragraph (b)(2) of this Section. The remaining required #shore public walkway# shall be improved pursuant to the requirements of Prototype I as described in paragraph (b)(1) of this Section.

(ii) #Upland connection#

An #upland connection# shall be provided between West Street and the #shore public walkway#. The southern boundary of such #upland connection# shall be defined by a line between the intersection of the prolongation of the southern #street line# of Calyer Street and the western #street line# of West Street, and a point on the easterly boundary of the #shore public walkway# 30 feet north of the northern #street line# of Quay Street

(iii) #Supplemental public access area#
Two #supplemental public access areas# shall be provided. A #supplemental public access area# with a minimum of 9,000 square feet shall be provided between the prolongation of the northern #street line# of Calyer Street and the prolongation of the northern boundary of the required Calyer Street #upland connection# to widen the pedestrian circulation zone of the #shore public walkway#.

The remaining requirements for #supplemental public access area# shall be located in the area bounded by the southern boundary of the required Calyer Street #upland connection#, the #shore public walkway# and the southern boundary line of the parcel. The requirements for Waterfront Park described in paragraph (b)(4) of this Section shall apply.

(11) Parcel 15

An #upland connection# shall be provided within the prolongation of the #street lines# of WestStreet, connecting Quay Street to Parcel 20.

(12) Parcels 19, 20, 21 and 22

Parcels 19, 20, 21 and 22 shall be designated as public parks as of (date of adoption).

(13) Parcel 24

#Shore public walkway#

Prototype I described in paragraph (b)(1) of this Section shall apply.

(14) Parcel 25

(i) #Shore public walkway#

The requirements for Prototype I described in paragraph (b)(1) of this Section shall apply.

(ii) #Upland connection#

An #upland connection# shall be provided between West Street and the #shore public walkway# located within the prolongation of the #street lines# of Milton Street, and Green Street, respectively.

(iii) #Supplemental public access area#

Two #supplemental public access areas# shall be provided.
A #supplemental public access area# shall be bounded by the southern boundary of the required Green Street #upland connection#, the #shore public walkway#, the southern boundary of Parcel 5 and the northern prolongation of the eastern boundary of the #shore public walkway# required in Parcel 7. The requirements for Waterfront Plaza described in paragraph (b)(3) of this Section shall apply.

The remaining of the required #supplemental public access area# shall be located within the area bounded by the western prolongation of the north #street line# of Dupont Street, the #shore public walkway#, the northern prolongation of the eastern boundary of Parcel 6 and Parcel 6 . The requirements for Waterfront Park described in paragraph (b)(4) of this Section shall apply.

(iv) #Pier# public access

Public access shall be provided on the Green Street #pier# pursuant to the requirements of Section 62-412 and of paragraph (a)(1) of this Section.

(7) Parcel 7

(i) #Shore public walkway#

The requirements for Prototype I described in paragraph (b)(1) of this Section shall apply, except that any portion of the required #shore public walkway# where the distance between the shoreline and the boundaries of Parcel 7 is less than 17 feet shall be improved entirely as clear path.

(ii) #Supplemental public access area#

The requirement for a #supplemental public access area# on Parcel 7 is waived.

(8) Parcels 9, 10 and 11

(i) #Shore public walkway#

The requirements for Prototype II described in paragraph (b)(2) of this Section shall apply.

(ii) #Supplemental public access area#

For each parcel, the #supplemental public access area# requirements shall be provided to widen the pedestrian circulation zone of the #shore public walkway#, evenly distributed along the entire length of such #shore public walkway#.

(9) Parcel 13

(i) #Shore public walkway#

The requirements for Prototype I described in paragraph (b)(1) of this Section shall apply.

(ii) #Upland connection#

An #upland connection# shall be provided between West Street and the #shore public walkway# located within the prolongation of the #street lines# of Milton Street.

(iii) #Supplemental public access area#

A #supplemental public access area# shall be bounded by the southern #street line# of Greenpoint Avenue, the #shore public walkway# and the northern boundary of the required Milton Street #upland connection#. The requirements for Waterfront Park described in paragraph (b)(4) of this Section shall apply.

(10) Parcel 14

(i) #Shore public walkway#

The area between the prolongation of the northern #street line# of Calyer Street and the prolongation of the northern boundary of the required Calyer Street #upland connection# shall be improved pursuant to the requirements of Prototype II described in paragraph (b)(2) of this Section. The remaining required #shore public walkway# shall be improved pursuant to the requirements of Prototype I as described in paragraph (b)(1) of this Section.

(ii) #Upland connection#

An #upland connection# shall be provided between West Street and the #shore public walkway#. The southern boundary of such #upland connection# shall be defined by a line between the intersection of the prolongation of the southern #street line# of Calyer Street and the western #street line# of West Street, and a point on the easterly boundary of the #shore public walkway# 30 feet north of the northern #street line# of Quay Street

(iii) #Supplemental public access area#
Two #supplemental public access areas# shall be provided. A #supplemental public access area# with a minimum of 9,000 square feet shall be provided between the prolongation of the northern #street line# of Calyer Street and the prolongation of the northern boundary of the required Calyer Street #upland connection# to widen the pedestrian circulation zone of the #shore public walkway#.

The remaining requirements for #supplemental public access area# shall be located in the area bounded by the southern boundary of the required Calyer Street #upland connection#, the #shore public walkway# and the southern boundary line of the parcel. The requirements for Waterfront Park described in paragraph (b)(4) of this Section shall apply.

(11) Parcel 15

An #upland connection# shall be provided within the prolongation of the #street lines# of WestStreet, connecting Quay Street to Parcel 20.

(12) Parcels 19, 20, 21 and 22

Parcels 19, 20, 21 and 22 shall be designated as public parks as of (date of adoption).

(13) Parcel 24

#Shore public walkway#

Prototype I described in paragraph (b)(1) of this Section shall apply.

(14) Parcel 25

(i) #Shore public walkway#

The requirements for Prototype I described in paragraph (b)(1) of this Section shall apply.

(ii) #Upland connection#

An #upland connection# shall be provided between West Street and the #shore public walkway# located within the prolongation of the #street lines# of North 6th Street.

(iii) #Supplemental public access area#

Two #supplemental public access areas# shall be provided.

One #supplemental public access area# shall be provided along the prolongation of the southern #street line# of North 7th Street and the #shore public walkway#. Such public access area shall be a

minimum of 3,000 square feet in area and shall have a minimum depth of 90 feet from the southern #street line# of North 7th Street. The entire #supplemental public access area#, excluding the required buffer, shall be developed as clear circulation path.

A minimum of one linear foot of seating shall be required for every 40 square feet of pedestrian circulation zone and shall be located in the required buffer zone. Four trees shall be required, at least two of which are shade trees. Small or ornamental trees located within the buffer zone shall not be counted toward the minimum requirements.

The remaining required #supplemental public access area# shall be located either on the #pier# or abut the #shore public walkway# continuously along its longest side, and shall also abut the required #upland connection# where it meets the #shore public walkway#. At least 70 percent of the required #supplemental public access# shall have a width to depth ratio of 2 to 1. The requirements for Waterfront Plaza described in paragraph (b)(3) of this Section shall apply. If any #supplemental public access area# is located on the #pier#, the planting requirements for Waterfront Plaza shall apply, except that trees may be substituted by a shading element at a rate of 450 sq. ft. of shade element per tree.

(iv) #Pier# public access

Public access shall be provided on a #pier# located at the western terminus of North 6th Street pursuant to the requirements of Section 62-412 and of paragraph (a)(1) of this Section.

(15) Parcel 26

(i) #Shore public walkway#

The requirements of Section 62-411 (Requirements for shore public walkways) shall apply, except that the minimum required width of the #shore public walkway# shall be reduced to 34 feet between North 5th Street and the northern boundary of the required #upland connection# at the prolongation of North 4th Street. The quantity of public access eliminated from the #shore public walkway# as a result of this width reduction shall be located in the triangle formed between the #shore public walkway#, the southern #street line# of the North 4th Street #upland connection# and the bulkhead line. The entirety of the #shore public walkway# shall be improved pursuant to the requirements for Prototype I described in paragraph (b)(1) of this Section.

(ii) #Upland connections#

An #upland connection# shall be provided between Kent Avenue and the #shore public walkway# located within the prolongation of the #street lines# of North 4th Street.

(16) Parcel 27

(i) #Shore public walkway#

The requirements for Prototype I described in paragraph (b)(1) of this Section shall apply to all new #development#.

In the event of any #enlargement#, #extension# or change of #use# within existing #buildings or other structures#, a #shore public walkway# shall occupy the entire area between the seaward edge and the existing #building or other structure#, but shall not need to be wider than 40 feet.

Notwithstanding the requirements of Paragraph (c) of Section 62-62 (General Requirements for Public Access), the #shore public walkway# may be located within the #building or other structure#, and the obstructions permitted by Section 62-626, paragraph (a), shall include any supporting structural elements of the #building or other structure# and its related appurtenances. Additionally, the #shore public walkway# shall have a minimum clear path of 12 feet. No seating, planting or buffer zone shall be required. If seating and planting are provided, they shall comply with the provisions of Sections 62-672 and 62-675. In addition to the lighting design requirements of paragraph (c)(3) of this Section, lighting fixtures may be mounted on existing #buildings or other structures#.

(ii) #Supplemental public access area#
The requirements for #supplemental public access# shall be waived.

(f) Special visual corridor provisions by parcel
The designated locations for #visual corridors# pursuant to this Plan are shown on Map BK-1c in paragraph (g) of this Section and shall be as follows:

(1) Parcels 3 and 4

A #visual corridor# shall be provided through Parcels 3 and 4 to the pierhead line within a flexible area along the #lot lines# between them.

Whichever parcel develops second shall complete the required clearance to comply with the #visual corridor# requirements along the #upland connection# already provided in accordance with the requirements of paragraph (e)(2)(ii) of this Section. If both parcels are developed concurrently, then the requirements can be divided equally along the #lot line# between the parcels.

(2) Parcel 5a

A #visual corridor# shall be provided through Parcel 5a to the pierhead line within the flexible location zone indicated on Map BK-1c in paragraph (g) of this Section. The eastern boundary of such flexible area shall be 110 feet from the shared lot line of Parcel 4 and its western boundary shall be 200 feet from the shared lot line of Parcels 5b and 6.

(3) Parcel 5b

Two #visual corridors# shall be provided through Parcel 5b to the pierhead line as the prolongation of the #street lines# of West Street and Dupont Street, respectively.

(4) Parcel 5c

(i) Three #visual corridors# shall be provided through Parcel 5c to the pierhead line as the prolongation of the #street lines# of West Street, Eagle Street and Green Street.

(ii) Permitted obstructions on #piers#, per Section 62-65 paragraph (b), shall be permitted obstructions along the #visual corridor# along Green Street.

(5) Parcel 5

In the event that Parcels 5a, 5b and 5c are merged into one parcel, they shall be known as Parcel 5, subject to the following #visual corridors# requirements:

(i) One #visual corridor# shall be provided through Parcel 5 to the pierhead line within the flexible location zone indicated on Map BK-1c in paragraph (g) of this Section. The eastern boundary of such flexible area shall be 110 feet from the shared lot line of Parcel 4 and its western boundary shall be 200 feet from the shared lot line of Parcel 6.
Four #visual corridors# shall be provided through Parcel 5 to the pierhead line, each located as the prolongation of the #street lines# of West Street, Dupont Street, Eagle Street and Green Street, respectively.

(ii) Permitted obstructions on #piers#, per Section 62-65 paragraph (b), shall be allowed along the #visual corridor# along Green Street.

(6) Parcel 13

Two #visual corridors# shall be provided through Parcel 13 to the pierhead line as the prolongation of the #street lines# of Milton Street and Oak Street, respectively.

(7) Parcel 14

A #visual corridor# shall be provided through Parcel 14 as the prolongation of the #street lines# of Oak Street.

(8) Parcel 15

A #visual corridor# shall be provided though Parcel 15 as the prolongation of the #stret lines# of West Street.

(9) Parcel 25

A #visual corridor# shall be provided through Parcel 25 as the prolongation of the #street lines# of North 6th Street.

BOROUGH OF BROOKLYN

COMMUNITY BOARD NO. 12 - Monday, January 24, 2005, 6:45 P.M., 5910 13th Avenue, Brooklyn, NY

APPLICATION #
DOCKET DESCRIPTION

BSA CAL. NO. 338-04-BZ
814 Coney Island Ave., Brooklyn, New York

For a variance to allow the continued commercial use of the residentially zoned portion of the subject zoning lot, as well as the adjoining interior lots without street frontage that have historically been used with the subject property.
It is proposed to construct a six-story hotel on the site, which is divided by a district boundary and is presently occupied by a one-story garage used to store construction equipment. The rear portion of the garage presently lies in the residential district. The proposed hotel will have a one-story extension that will be no larger than the existing garage building and will also extend into the residential district. It is also proposed to build a portion of the hotel underground on the two interior lots, which is within the residential zone. Therefore, the open parking use, which now exists on these interior lots will remain as the same open parking use in the proposed development.
