CITY PLANNING COMMISSION

■ PUBLIC HEARINGS

NOTICE IS HEREBY GIVEN THAT RESOLUTIONS Have been adopted by the City Planning Commission Scheduling public hearings on the following matters to be held at Spector Hall, 22 Reade Street, New York on Wednesday, April 5, 2006, commencing at 10:00 A.M.

BOROUGH OF THE BRONX
Nos. 1 & 2
WILLIS AVENUE BRIDGE
No. 1

CD 1 **C 030028 MMX**
IN THE MATTER OF an application submitted by the Department of Transportation pursuant to Sections 197-c and 199 of the New York City Charter, for an amendment to the City Map involving:

- the extinguishment of an existing bridge easement between East 132nd Street and the U.S. Pierhead and Bulkhead Line;
- the delineation of a new bridge easement between East 132nd Street and the U.S. Pierhead and Bulkhead Line;
- the delineation of a new bridge corridor between Willis Avenue and Brown Place;
- the adjustment of grades necessitated thereby; and
- any acquisition or disposition of real property related thereto,

in accordance with Map No. 13095 dated November 21, 2005 and signed by the Borough President.
Resolution for adoption scheduling April 5, 2006 for a public hearing.

No. 2

CD 1 ***C 060253 MLX***
IN THE MATTER OF an application, submitted by the Department of Transportation pursuant to Sections 197-c of the New York City Charter, for a landfill of approximately 2,336 sq. ft. located at the Harlem River south of the Willis Avenue Bridge in Block 2260, Lot 62.

Resolution for adoption scheduling April 5, 2006 for a public hearing.

BOROUGH OF MANHATTAN
No. 3 & 4
ECF MIXED-USE DEVELOPMENT
No. 3

CD 8 C 060255 ZSM

IN THE MATTER OF an application submitted by the NYC Educational Construction Fund and 1765 First Associates LLC pursuant to Sections 197-c and 201 of the New York City Charter for the grant of a special permit pursuant to Section 7475* of the Zoning Resolution to permit utilization of air rights over a school, to modify the requirements of Section 23-60 (Height and Setback Regulations), Section 24-55 (Required Side and Rear Setbacks), and Section 24-382 (Required rear yard equivalents), and to allow the distribution of floor area without regard for district boundaries to facilitate the development of a mixed use building on property located at 1765 First Avenue (Block 1554, Lots 23, 28, 29, 30, 32 and 130) in R8B and C2-8 Districts.

*Note: Section 74-75 is proposed to be changed under a related application (N 060254 ZRY) for an amendment of the Zoning Resolution.

Resolution for adoption scheduling April 5, 2006 for a public hearing.

No. 4

CD 8 N 060254 ZRM

IN THE MATTER OF an application submitted by the New York City Educational Construction Fund and 1765 First Associates LLP, pursuant to Section 201 of the New York City Charter for an amendment of the Zoning Resolution of the City of New York relating to Article VII Chapter 7 (Special Permits by the City Planning Commission), concerning 74-75 (Educational Construction Fund Projects).

Matter underlined is new, to be added;
Matter within # # is defined in Section 12-10;
Matter in ~~strikeout~~ is text to be deleted;
*** indicates where unchanged text appears in the zoning resolution

Article VII: Administration
Chapter 4: Special Permits by the City Planning Commission
***
74-75 ~~(7/26/01)~~
Educational Construction Fund Projects

In R5, R6, R7, R8, R9 or R10 districts, in C1 or C2 Districts mapped within such Residence Districts, or in C1-6, C1-7, C1-8, C1-9, C2-6, C2-7, C2-8, C4, C5, C6, or C7 Districts, for combined school and residences including air rights over schools built on a zoning lot owned by the New York City Educational Construction Fund, the City Planning Commission may permit utilization of air rights; modify the requirements that open area be accessible to and usable by all persons occupying a dwelling unit or rooming unit on the zoning lot in order to qualify as open space; permit ownership, control of access and maintenance of portions of the open space to be vested in the New York City Educational Construction Fund or City agency successor in title; permit modification of yard regulations and height and setback regulations; authorize the total floor area, open space, dwelling units or rooming units permitted by the applicable district regulations on such site to be distributed without regard for district boundaries; and authorize an increase of 25 percent in the number of dwelling units or rooming units permissible under the applicable district regulations. For the purposes of this Section 74-75 a #zoning lot# "owned by the New York City Educational Construction Fund may also include a tract of land under single fee ownership or alternate ownership arrangements according to the #zoning lot# definition in Section 12-10, when such tract of land includes a parcel which was the site of a public school listed in this Section.

School	Community District
P.S. 151	M8

Resolution for adoption scheduling April 5, 2006 for a public hearing.

BOROUGH OF QUEENS
No. 5
BETTER COMMUNITY LIFE DAY CARE CENTER

CD 3 C 050473 PQQ

MARKETING DEVELOPMENT CORPORATION

■ JOINT PUBLIC HEARING

CORRECTED NOTICE

NOTICE OF A JOINT PUBLIC HEARING between the Franchise and Concession Review Committee ("FCRC") and the New York City Marketing Development Corporation to be held on Monday, April 10, 2006 at Spector Hall, 22 Reade Street, Main Floor, Borough of Manhattan, commencing at 10:00 A.M. relative to:

NYC Marketing's application on behalf of the Department of Small Business Services to utilize different procedures (i.e., a sole source concession), pursuant to Section 1-13 of the Concession Rules to implement an amendment to the agreement with Snapple Beverage Corporation dated February 19, 2004. NYC Marketing will seek the FCRC's approval at their April 12th meeting on the proposed amendment.

The original agreement between Snapple and New York City contains a real property concession that grants Snapple the right to be the exclusive vending machine vendor of iced teas, chocolate drink and water in City-owned and -controlled facilities. This portion of the original agreement will remain unchanged.

Under the original agreement Snapple was to make cash marketing payments totaling $30M for the five-year life of the agreement, provided that the annual sales target of 1 million cases of Snapple was met. If that target was not reached, the cash payments would be reduced by a fixed amount contingent on the amount of the sales shortfall. Based on the actual sales made in the first two years of the agreement, the City estimates that Snapple will make cash marketing payments totaling approximately $2M over the life of the Agreement. In exchange for these payments, Snapple was to receive the equivalent of $30M in marketing value from the City, i.e., the right to promote Snapple at events and venues in the City during the term of the Agreement.

Under the Amendment being submitted to the FCRC for approval, the yearly case sales goal will be reduced from an average of 1,000,000 cases per year to the number of actual cases sold during year two of the Agreement -approximately 70,000 cases- and Snapple will make cash payments to the City of approximately $3M per year for each of the three remaining years of the Agreement. Based on this revised payment schedule, the revised Agreement contemplates that Snapple will make cash marketing payments to the City of approximately $15.3M over the life of the agreement. In return, Snapple will receive the equivalent of $30M in marketing value that it was to receive under the original agreement and the equivalent of $14.58M in additional marketing value for the remaining years of the revised Agreement (Snapple will use the equivalent of $5.58M of this additional marketing value in a new year six of the revised Agreement). Based upon projected case sales, Snapple will also make approximately $2.4M in vending commission payments to the City.

Accordingly, it is anticipated that the City will receive approximately $17.7M in cash and $15.3M in marketing value over the term of this revised agreement.

A copy of the proposed Amendment to Agreement dated February 19, 2004 between New York City Marketing Development Corporation and Snapple Beverage Corp. is available for viewing Monday through Friday beginning on March 27, 2006 and ending on April 10, 2006 at the offices of NYC Marketing, 22 Cortlandt Street, 12th Floor, New York, NY 10007 between the hours of 9:00 A.M. and 5:00 P.M..

PARKS AND RECREATION

■ JOINT PUBLIC HEARING

NOTICE OF A SPECIAL JOINT PUBLIC HEARING between the Franchise and Concession Review Committee and the Department of Parks and Recreation to be held on Monday, April 10, 2006, Spector Hall, 22 Reade Street, Main Floor, Borough of Manhattan, commencing at 10:00 A.M. relative to:

REQUEST AUTHORIZATION to enter into a License Agreement with Aquatic Development Group, Inc. for the development, construction and operation of a family-oriented waterpark on approximately 24 acres in the northwestern area of Randall's Island for a license term of 35 years. Aquatic Development Group, Inc. has agreed to pay a base payment of $1,000,000 per year. The fee will escalate based on increases in the Consumer Price Index (CPI); however, if the CPI goes down, the fee will remain the same. Base Payment will not be subordinate to debt service or any other payment. The payment due from Licensee in any year will be the greater of Base Payment or Revenue Participation Fee, as follows:
Years 1-5, for operating revenue of $70 million or less, revenue share will be 6%. Any revenue in excess of $70 million, but less than $80 million, revenue share will be 8%. For any revenue in excess of $80 million, but less than $90 million, the revenue share will be 10%. For any revenue in excess of $90 million, the revenue share will be 12%.
Years 6-35, for operating revenue of $60 million or less revenue share will be 6%. If operating revenue is greater than $60 million, but less than $70 million, revenue share will be 8%. For operating revenue greater than $70 million, but less than $80 million the revenue share will be 10%. If operating

revenue is greater than $80 million, the revenue share will be 12%.

LOCATION Approximately 24 acres in the Northwestern Area of Randall's Island Park, Manhattan.

Interested parties may review a copy of the proposed license agreement in Room 313 at the Arsenal, Central Park, 830 Fifth Avenue, NY, NY 10021 on Monday, March 20, 2006 through Monday, April 10, 2006, exclusive of Saturdays, Sundays and holidays.

COURT NOTICE

SUPREME COURT

■ NOTICE

RICHMOND COUNTY
IA PART 74
NOTICE OF PETITION
INDEX NUMBER (CY) 4002/06

In the Matter of the Application of the CITY OF NEW YORK, relative to acquiring temporary and permanent easements, where not heretofore acquired, needed for the **STATEN ISLAND RAILROAD REACTIVATION PROJECT, TRAVIS BRANCH** located in Tax Block 2705, Lot 300 in the vicinity of Victory Boulevard in Borough of Staten Island, City and State of New York.

PLEASE TAKE NOTICE that the Corporation Counsel of the City of New York intends to make application to the Supreme Court of the State of New York, Richmond County, IA Part 74, for certain relief.

The application will be made at the following time and place: At 320 Jay Street, Room 17.21, in the Borough of Brooklyn, City and State of New York, on April 21, 2006, at 9:30 A.M., or as soon thereafter as counsel can be heard.

The application is for an order:

1. authorizing the City to file an acquisition map in the office of the Clerk of Richmond County,

2. directing that upon the filing of said map, title to the property sought to be acquired shall vest in the City;

3. providing that just compensation therefor be ascertained and determined by the Supreme Court without a jury; and

4. providing that notices of claim must be served and filed within one calendar year from the vesting date.

The City of New York, in this proceeding, intends to acquire title permanent and temporary easements in certain real property where not heretofore acquired for the same purpose, hereinafter described, for the STATEN ISLAND RAILROAD REACTIVATION PROJECT, TRAVIS BRANCH in the Borough of Staten Island, City and State of New York.

The description of the real property to be acquired is as follows:

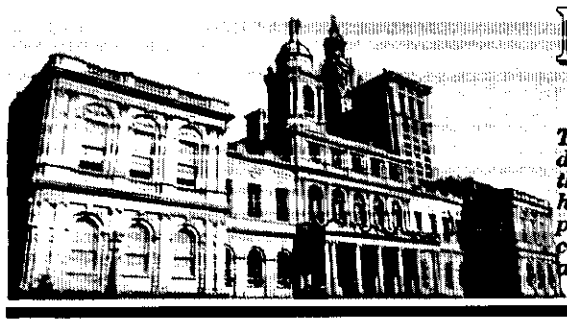
TEACHER INDUCTION/MENTORING PROGRAM'S ON-LINE TRACKING SYSTEM – Negotiated Acquisition –



New Today...

first time procurement ads appearing today!

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination. As part of this effort, the City is pleased to announce the following contracting opportunities for construction/construction services and construction-related services.

PIN# 749040 – Department of Education to enter into a negotiated acquisition to contract with AHA! Interactive, Inc., located at 53 West Jackson Boulevard Chicago, IL 60604, to provide the new teacher induction/mentoring program's on-line tracking system. The New Teacher Induction Program was created in response to a State mandate requiring all new teachers to receive a mentor for their first year of teaching. AHA! Educator, AHA!'s web-based tracking system, was purchased through an exception to bid in June 2004, when the mentoring program was first launched. Although this system has been an essential component of the accountability and tracking of the program, its application has been limited, as the current level of funding has only partially met the DOE's needs. Currently, AHA! is able to track mentor and new teacher assignments, the interactions mentors have with new teachers, and new teacher professional growth. It also provides basic information such as file numbers, types of assignments and contact information. However, for both operational and reporting purposes, we need to extend the contract and make some technical enhancements, which will improve reporting capability, streamline the way new teacher data is loaded into the system, make information searches more efficient, and allow the Office of New Teacher Induction to administer mid-year surveys of new teachers, mentors and principals. The DOE has been conceptualizing a larger-scale system-wide professional development tracking system, which, when implemented, will subsume the Mentoring Program's tracking system. As a result, DHR has not yet been able to develop an RFP for this effort. Therefore, in the short term, DHR will need to continue to track the mentoring program through the existing system. This contract will run from June 30, 2006 through June 30, 2007, for an amount not-to-exceed $255,000.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/ blueprints; other information; and for opening and reading of bids at date and time specified above.

HOMELESS SERVICES

OFFICE OF CONTRACTS AND PROCUREMENT

■ INTENT TO AWARD

Human/Client Service

CITYWIDE TRANSPORTATION SERVICES FOR HOMELESS ADULTS AND FAMILIES – Negotiated Acquisition – PIN# 071-06S-021-027 – DUE 04-17-06 AT 2:00 P.M. – The Department of Homeless Services (DHS) intends on entering into negotiations with Advance Transit Bus Company located at 1340 Lafayette Ave., Bronx, NY 10474, to continue to provide transportation services to homeless adults and families, citywide. This contract will be conducted via Negotiated Acquisition pursuant to Section 3-04 (b)(2)(iii) of the Procurement Policy Board Rules to extend the underlying contract for one (1) year to in order to maintain the continuity of essential transportation services. The extension period will also provide time for the new division at DHS to which the contract has been transferred to familiarize itself with the contract and assess future needs for transportation services in terms of both a decreased number of shelters directly operated by DHS and the agency's five year plan to end chronic homelessness. It is anticipated that the extension contract with Advance Transit Bus Company will be from July 1, 2006 to June 30, 2007.

Qualified vendors that are interested in providing transportation services for homeless adults and families in the future may contact: Kristen Zak, Special Assistant to the Agency Chief Contracting Officer, Department of Homeless Services, 33 Beaver St., 13th Floor NY, NY 10004 or e-mail at kszak@dhs.nyc.gov (212) 361-8404.

Compelling need to extend for one year.

TEACHER INDUCTION/MENTORING PROGRAM'S ON-LINE TRACKING SYSTEM – Negotiated Acquisition – PIN# 749040 – Department of Education to enter into a negotiated acquisition to contract with AHA! Interactive, Inc., located at 53 West Jackson Boulevard Chicago, IL 60604, to provide the new teacher induction/mentoring program's on-line tracking system. The New Teacher Induction Program was created in response to a State mandate requiring all new teachers to receive a mentor for their first year of teaching. AHA! Educator, AHA!'s web-based tracking system, was purchased through an exception to bid in June 2004, when the mentoring program was first launched. Although this system has been an essential component of the accountability and tracking of the program, its application has been limited, as the current level of funding has only partially met the DOE's needs. Currently, AHA! is able to track mentor and new teacher assignments, the interactions mentors have with new teachers, and new teacher professional growth. It also provides basic information such as file numbers, types of assignments and contact information. However, for both operational and reporting purposes, we need to extend the contract and make some technical enhancements, which will improve reporting capability, streamline the way new teacher data is loaded into the system, make information searches more efficient, and allow the Office of New Teacher Induction to administer mid-year surveys of new teachers, mentors and principals. The DOE has been conceptualizing a larger-scale system-wide professional development tracking system, which, when implemented, will subsume the Mentoring Program's tracking system. As a result, DHR has not yet been able to develop an RFP for this effort. Therefore, in the short term, DHR will need to continue to track the mentoring program through the existing system. This contract will run from June 30, 2006 through June 30, 2007, for an amount not-to-exceed $255,000.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/ blueprints; other information; and for opening and reading of bids at date and time specified above.

CITYWIDE TRANSPORTATION SERVICES FOR HOMELESS ADULTS AND FAMILIES – Negotiated Acquisition – PIN# 071-06S-021-027 – DUE 04-17-06 AT 2:00 P.M. – The Department of Homeless Services (DHS) intends on entering into negotiations with Advance Transit Bus Company located at 1340 Lafayette Ave., Bronx, NY 10474, to continue to provide transportation services to homeless adults and families, citywide. This contract will be conducted via Negotiated Acquisition pursuant to Section 3-04 (b)(2)(iii) of the Procurement Policy Board Rules to extend the underlying contract for one (1) year to in order to maintain the continuity of essential transportation services. The extension period will also provide time for the new division at DHS to which the contract has been transferred to familiarize itself with the contract and assess future needs for transportation services in terms of both a decreased number of shelters directly operated by DHS and the agency's five year plan to end chronic homelessness. It is anticipated that the extension contract with Advance Transit Bus Company will be from July 1, 2006 to June 30, 2007.

Qualified vendors that are interested in providing transportation services for homeless adults and families in the future may contact: Kristen Zak, Special Assistant to the Agency Chief Contracting Officer, Department of Homeless Services, 33 Beaver St., 13th Floor NY, NY 10004 or e-mail at kszak@dhs.nyc.gov (212) 361-8404.

Compelling need to extend for one year.

HUMAN RESOURCES ADMINISTRATION

■ **INTENT TO AWARD**

Goods & Services

FOOD WAREHOUSING DISTRIBUTION – Sole Source – Available only from a single source - PIN# 069-07-310-0006 – DUE 04-14-06 AT 4:00 P.M. – The Human Resources Administration (HRA) intends to enter into negotiations for sole source contract to provide warehousing and transportation/delivery services pertaining to approximately 15 million pounds of non-perishable food to Soup Kitchens and Food Pantries annually in all five boroughs of the City of New York. The proposed supplier of these services is Food Bank for New York City, Food for Survival.

Reason for sole source Determination - Available only from a single source - Food Bank is the only member in New York of America's Second Harvest Network, a Federal sanctioning oversight agency, and is also a certified member of the New York State Food Bank Association. In addition, Food Bank was awarded the 2005 Mighty Apple Award from America's Second Harvest for most produce collected and distributed to its network of food programs. HRA is soliciting expressions of interest from qualified vendors to provide warehousing and distribution services of non-perishable food for its Emergency Food Assistance Program. These expressions of interest must be delivered to address at the date and time indicated in this notice.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/ blueprints; other information; and for opening and reading of bids at date and time specified above.

NON-SECURE DETENTION GROUP HOME SERVICES – Negotiated Acquisition – Judgment required in evaluating proposals - PIN# 13005DJJ001 – DUE 09-01-06 AT 3:00 P.M. – The Department of Juvenile Justice (DJJ) is seeking expressions of interest from qualified vendors to provide non-secure detention group home services. Since DJJ must respond to a court order, there is a time-sensitive situation in which DJJ must retain a supplier quickly, at one time or from time to time, permitting this procurement to be processed as a negotiated acquisition. Facilities should provide at least 10 and no more than 12 beds in accordance with the applicable regulations promulgated by the New York State Office of Children and Family Services (NYSOCFS), 9 N.Y.C.R.R. Section 180 et seq., and be operational at any time from December 1, 2004 to August 31, 2006. The term of the contracts awarded from this solicitation will be for three years and will include an additional three-year option to renew.

Vendors interested in providing these services should contact Harry T. Bavaro at the Department of Juvenile Justice, 365 Broadway, 5th Floor, New York, NY 10013 for a copy of the solicitation document if they have not already received a copy. If a vendor is interested in being considered for award of a contract described above, please hand deliver a written expression of interest addressed to Harry T. Bavaro at the Department of Juvenile Justice, 365 Broadway, 5th Floor, New York, NY 10013 pursuant to the terms of the solicitation document.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/ blueprints; other information; and for opening and reading of bids at date and time specified above.

LAW

■ SOLICITATIONS

Services (Other Than Human Services)

LEGAL SERVICES IN CONNECTION WITH THE COLLECTION AND LITIGATION OF CLAIMS – Negotiated Acquisition – PIN# 02506X100035 – DUE 04-28-06 AT 5:00 P.M. – The New York City Law Department seeks applications from law firms with expertise in the litigation and collection of claims and intends to enter into negotiations with one or more qualified applicant firms and to award a single contract for the services. Payment for services will be based on a percentage of actual collections made. Award of this contract for legal services will be made by the Negotiated Acquisition method of source selection because it has been determined that it is not practicable or not advantageous to use Competitive Sealed Proposals; that it is not in the best interest of the City to use Competitive Sealed Proposals; and that award of the contract by Negotiated Acquisition is justified. It is projected that the term of the contract will commence as of January 1, 2007 and continue through December 31, 2011. The selected firm will be referred claims at the sole discretion of the Law Department and will be obligated to handle these claims on an as-required basis. Based on past experience, it is anticipated that approximately 3,000 new claims will be submitted to Collections Counsel for collection annually. Typically, the claims arise out of various types of debt to the City including: Medicaid and public assistance, City employee salary overpayments, damage to City property and breach of contract damages. The amounts of the claims referred are typically less than $25,000, although larger claims may also be referred to Collections Counsel for collection.

Law firms interested in being considered for the award of this contract must submit an application, which should be made in the form and manner prescribed in the solicitation document. The solicitation document can be obtained from: Tom Dowling, Deputy Agency Chief Contracting Officer, Administration Division, New York City Law Department, 100 Church Street, Room 6-204, New York, New York 10007, (phone (212) 788-1008). The Department prefers to distribute the solicitation document by e-mail, though completed applications must be submitted in hard copy in the manner and at the time and place specified in the solicitation document. Requests for the solicitation document should be sent to tdowling@law.nyc.gov. Completed applications must be received by the Department by no later than April 28, 2006. Applicants should demonstrate expertise in the collection and litigation of claims and maintain an office accessible by public transportation with an average travel time to 100 Church Street, New York, New York of no more than approximately one half hour.

The Corporation Counsel has determined that it is not practicable or not advantageous to use Competitive Sealed Proposals as the method of source selection for the award of this contract, which is a contract for Legal Services

All attorneys performing services under any contract that may result from this solicitation shall be members in good standing of the Bar of the State of New York.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/ blueprints; other information; and for opening and reading of bids at date and time specified above.

Electrical Inspectors et al.
2002-2005 Agreement

AGREEMENT entered into this 24th day of March, 2006 by and between the City of New York and related public employers pursuant to and limited to their respective elections or statutory requirement to be covered by the New York City Collective Bargaining Law and their respective authorizations to the City to bargain on their behalf (hereinafter referred to jointly as the "Employer"), and Local Union No. 3, I.B.E.W., AFL-CIO (hereinafter referred to as the "Union"), for the twelve month month period from April 19, 2005 to April 18, 2006.

WITNESSETH:

WHEREAS, the parties hereto have entered into collective bargaining and desire to reduce the results thereof to writing,

NOW, THEREFORE, it is mutually agreed as follows:

ARTICLE I - UNION RECOGNITION AND UNIT DESIGNATION

Section 1.

The Employer recognizes the Union as the sole and exclusive collective bargaining representative for the bargaining unit set forth below, consisting of employees of the Employer, wherever employed, whether full-time, part-time per annum, hourly or per diem, in the below listed title(s), and in any successor title(s) that may be certified by the Board of Certification of the Office of Collective Bargaining to be part of the unit herein for which the Union is the exclusive collective bargaining representative and in any positions in Restored Rule X titles of the Classified Service the duties of which are or shall be equated by the City Personnel Director and the Director of the Budget for salary purposes to any of the below listed title(s):

35004	Apprentice Inspector (Electrical)
31623	Inspector (Electrical)
31643	Associate Inspector (Electrical)
32960	Principal Electrical Inspector
34315	Inspector of Fire Alarm Boxes
34335	Senior Inspector of Fire Alarm Boxes

[1]For present incumbents only

Section 2.

The terms "employee" and "employees" as used in this Agreement shall mean only those persons in the unit described in Section 1 of this Article.

ARTICLE II - DUES CHECKOFF

Section 1.

a. The Union shall have the exclusive right to the checkoff and transmittal of dues on behalf of each employee in accordance with the Mayor's Executive Order No. 98, dated May 15, 1969, entitled "Regulations Relating to the Checkoff of Union Dues" and in accordance with the Mayor's Executive Order No. 107, dated December 29, 1986, entitled "Procedures for Orderly Payroll Check-Off of Union Dues and Agency Shop Fees."

b. Any employee may consent in writing to the authorization of the deduction of dues from the employee's wages and to the designation of the Union as the recipient thereof. Such consent, if given, shall be in a proper form acceptable to the City, which bears the signature of the employee.

Section 2.

The parties agree to an agency shop to the extent permitted by applicable law, as described in a supplemental agreement hereby incorporated by reference into this Agreement.

ARTICLE III - SALARIES

Section 1.

a. This Article III is subject to the provisions, terms and conditions of the Alternative Career and Salary Pay Plan Regulations, dated March 15, 1967 as amended, except that the specific terms and conditions of this Article shall supersede any provisions of such Regulations inconsistent with this Agreement subject to the limitations of applicable provisions of law.

b. Unless otherwise specified, all salary provisions of this Agreement, including minimum and maximum salaries, advancement or level increases, general increases, education differentials and any other salary adjustments, are based upon a normal work week of 35 hours except that the normal work week for employees in the titles Inspector of Fire Alarm Boxes and Senior Inspector of Fire Alarm Boxes which is 40 hours. An employee who works on a part-time per annum basis and who is eligible for any salary adjustments provided in this Agreement shall receive the appropriate pro-rata portion of such salary adjustment computed on the relationship between the number of hours regularly worked each week by such employee and the number of hours in the said normal work week, unless otherwise specified.

c. Employees who work on a per diem or hourly basis and who are eligible for any salary adjustment provided in this Agreement shall receive the

appropriate pro-rata portion of such salary adjustment computed as follows, unless otherwise specified:

Per diem rate - 1/261 of the appropriate minimum basic salary.

Hourly Rate - 35 hour week basis - 1/1827 of the appropriate minimum basic salary.

Hourly Rate - 40 hour week basis - 1/2088 of the appropriate minimum basic salary.

d. The maximum salary for a title shall not constitute a bar to the payment of any salary adjustment or pay differentials provided for in this Agreement but the said increase above the maximum shall not be deemed a promotion.

Section 2

Employees in the following title(s) shall be subject to the following specified salary(ies), salary adjustment(s), and/or salary range(s):

a. Effective April 19, 2005

TITLE	(i) Minimum Hiring Rate***	(ii) Incumbent Rate	Maximum

Inspector (Electrical)***	$41,463	$47,683	$57,155(D)
Principal Electrical Inspector*	$50,863	$58,493	$70,776

NOTE:

* For present incumbents only.

** See Article III, section 4.

*** (D) Each appointment to this position above the April 19, 2005 minimum will be handled on a case by case basis.

(D) Assignment Differential pursuant to Article III, section 9.

Section 3. - General Wage Increase:

a. The general increases effective as indicated, shall be

i. Effective April 19, 2005, employees shall receive a general increase of 3.15 percent.

ii. Part-time per annum, per session, hourly paid and per diem employees (including seasonal appointees) and Employees whose normal work year is less than a full calendar year shall receive the increases provided in Sections 3(a)(i) on the basis of computations heretofore utilized by the parties for all such Employees.

b. The increases provided for in Section 3(a) above shall be calculated as follows:

i. The general increase in Section 3(a)(i) shall be based upon the base rates (which shall only include salary or incremental salary schedules) of the applicable titles in effect on April 18, 2005.

c. i. The general increases provided for in this Section 3 shall be applied to the base rates, incremental salary levels and the minimum and maximum rates (including levels) if any, fixed for the applicable titles.

ii. The general increases provided for in this Section 3 shall **not** be applied to "additions to gross;" such as, including but not limited to, uniform allowances, equipment allowances, transportation allowances, uniform maintenance allowances, assignment differentials, service increments, longevity differentials, longevity increments, advancement increases, assignment (level) increases, and experience, certification, educational, license, evening, or night shift differentials.

Section 4. New Hires

a. The following provisions shall apply to Employees newly hired on or after February 1, 2006:

i. During the first two (2) years of service, the "appointment rate" for a newly hired employee shall be fifteen percent (15%) less than the applicable "incumbent minimum" for said title that is in effect on the date of such appointment as set forth in this *Agreement*. The general increases provided for in subsections 3(a)(i) shall be applied to the "appointment rate."

ii. Upon completion of two (2) years of service such employees shall be paid no less than indicated "incumbent minimum" for the applicable title that is in effect on the two (2) year anniversary of their original date of appointment as set forth in this Agreement.

b. For the purposes of Section 4(a) and 4(c) , employees 1) who were in active pay status before February 1, 2006, and 2) who are affected by the following personnel actions after said date shall not be treated as "newly hired" employees and shall be entitled to receive no less than the indicated minimum "incumbent rate" set forth in subsections 2(a)(ii) or 2(a)(I)(ii)of this Article III:

i. Employees who return to active status from an approved leave of absence.
ii. Employees in active status (whether full or part-time) appointed to permanent status from a civil service list, or to a new title (regardless of jurisdictional class or civil service status) without a break in service of more than 31 days.
iii. Employees who were laid off or terminated for economic reasons who are appointed from a recall/preferred list or who were subject to involuntary redeployment.
iv. Provisional employees who were terminated due to a civil service list who are appointed from a civil service list within one year of such termination.
v. Permanent employees who resign and are reinstated or who are appointed from a civil service list within one year of such resignation.
vi. Employees (regardless of jurisdictional class or civil service status) who resign and return within 31 days of such resignation.
vii. A provisional employee who is appointed directly from one provisional appointment to another.

For employees whose circumstances were not anticipated by the parties, the First Deputy Commissioner of Labor Relations is empowered to issue, on a case-by-case basis, interpretations concerning application of this Section 4. Such case-by-case interpretations shall not be subject to the dispute resolution procedures set forth in Article VI of this *Agreement*.

c.

i. For a title subject to an incremental pay plan, the employee shall be paid the appropriate increment based upon the employee's length of service.

ii. Employees who change titles or levels before attaining two years of service will be treated in the new title or level as if they had been originally appointed to said title or level on their original hiring date.

d. The First Deputy Commissioner of Labor Relations may, after notification to the affected union(s), exempt certain hard to recruit titles from the provisions of subsection 4(a).

Section 5.

Each general increase provided herein, effective as of each indicated date, shall be applied to the rate in effect on the date as specified in Section 3 of this Article. In the case of a promotion or other advancement to the indicated title on the effective date of the general increase specified in Section 3 of this Article, such general increase shall not be applied, but the general increase, if any, for the title formerly occupied, effective on the date indicated shall be applied.

Section 6.

In the case of an **employee** on leave of absence without pay the salary rate of such employee shall be changed to reflect salary adjustments specified in Article III.

Section 7.

A person permanently employed by the Employer who is appointed or promoted on a permanent, provisional, or temporary basis in accordance Title 59, Appendix A of the Rules and Regulations of the City of New York (City Personal Director Rules) or where Title 59, Appendix A is inapplicable to a public employer, such other Rules or Regulations as are applicable to the public employer, without a break in service to any of the following title(s) from another title in the direct line of promotion or from another title in the Career and Salary Plan, the minimum rate of which is exceeded by at least 8 percent by the minimum rate of the title to which appointed or promoted, shall receive upon the date of such appointment or promotion either the minimum basic salary for the title to which such appointment or promotion is made, or the salary received or receivable in the lower title plus the specified advancement increase, whichever is greater:

ADVANCEMENT INCREASES

Title	Effective April 19, 2005
Associate Inspector (Electrical)	$982
Senior Inspector of Fire Alarm Boxes	$866

Section 8. - Assignment Level Increase

An employee assigned to Associate Inspector (Electrical) Assignment Level II, shall receive as of the effective date of such assignment, either the appointment rate for the assigned level or the rate received in the former level plus the following amount whichever is greater:

Effective	April 19, 2005
	$1,100

Section 9. - Assignment Differential

a. The symbol *(D)* appearing after a maximum salary signifies that such maximum salary may be extended to include an assignment differential to be paid in accordance with the provisions of this contract during the period for which any such differential is provided. The payment of such differential shall continue only during the period of such assignment. The payment of such differential and any specified assignment on which it may be based shall not be construed as an advancement to any higher title, and any such assignment is revocable at any time. In the event that an affected employee is removed from such assignment the assignment differential shall be discontinued.

Effective	April 19, 2005
	$1,373

Section 10. -Service Increment

a. Effective April 19, 2005, employees with 5 years or more of service in any title covered by this agreement shall receive a service increment in the pro-rata annual amount of $285. Eligible employees shall begin to receive such pro-rata payment on their anniversary date.

b. Effective April 19, 2005, employees with ten (10) years or more of service in any title covered by this Agreement shall receive a service increment in the pro-rata annual amount of $1,666. Eligible employees shall begin to receive such pro-rata payment on their anniversary date.

ARTICLE IV - WELFARE FUND

Section 1.

a. In accordance with the election by the Union pursuant to the provisions of Article XIII of the 1995-2001Citywide Agreement as amended between the City of New York and related public employers and District Council 37, A.F.S.C.M.E., AFL-CIO, or its successor Agreement(s), the Welfare Fund provisions of that Citywide Agreement as amended or any successor(s) thereto shall apply to employees covered by this Agreement.

b. When an election is made by the Union to the provisions of Article XIII, Section 1(b), of the Citywide Agreement between the City of New York and related public employers and District Council 37, AFSCME, AFL-CIO, the provisions of Article XIII, Section 1(b) of the 1995-2001 Citywide Agreement, as amended or any successor agreement(s) thereto, shall apply to Employees covered by this Agreement, and when such election is made, the Union hereby waives its right to training, education and/or legal services contributions provided in Article XIII, Section 1(b) of the 1995-2001Citywide Agreement, as amended or any successor agreements(s) thereto, exceed the title amount that the Union would have been entitled to receive if the separate contributions had continued.

Section 2.

The Unions agree to provide welfare fund benefits to domestic partners of covered employees in the same manner as those benefits are provided to spouses of married covered employees.

Section 3.

In accordance with the Health Benefits Agreement dated January 11, 2001, each welfare fund shall provide welfare fund benefits equal to the benefits provided on behalf of an active employee to widow(er)s, domestic partners and/or children of any employee who dies in the line of duty as that term is referenced in Section 12-126(b)(2) of the New York City Administrative Code. The cost of providing this benefit shall be funded by the Stabilization Fund

ARTICLE V - PRODUCTIVITY AND PERFORMANCE

Introduction

Delivery of municipal services in the most efficient, effective and courteous manner is of paramount importance to the Employer and the Union. Such achievement is recognized to be a mutual obligation of both parties within their respective roles and responsibilities. To achieve and maintain a high level of effectiveness, the parties hereby agree to the following terms:

Section 1. - Performance Levels

(a) The Union recognizes the Employer's right under the New York City Collective Bargaining Law to establish and/or revise performance standards or norms notwithstanding the existence of prior performance levels, norms or standards. Such standards, developed by usual work measurement procedures, may be used to determine acceptable performance levels, to prepare work schedules and to measure the performance of each employee or group of employees. Notwithstanding the above, questions concerning the practical impact that decisions on the above matters have on employees are within the scope of collective bargaining. The Employer will give the Union prior notice of the establishment and/or revision of performance standards or norms hereunder.

(b) Employees who work at less than acceptable levels of performance may be subject to disciplinary measures in accordance with applicable law.

Section 2. - Supervisory Responsibility

(a) The Union recognizes the Employer's right under the New York City Collective Bargaining Law to establish and/or revise standards for supervisory responsibility in achieving and maintaining performance levels of supervised employees for employees in supervisory positions listed in Article I, Section 1, of this Agreement. Notwithstanding

the above, questions concerning the practical impact that decisions on the above matters have on employees are within the scope of collective bargaining. The Employer will give the Union prior notice of the establishment and/or revision of standards for supervisory responsibility hereunder.

(b) Employees who fail to meet such standards may be subject to disciplinary measures in accordance with applicable law.

Section 3. Performance Compensation

The Union acknowledges the Employer's right to pay additional compensation for outstanding performance.

ARTICLE VI - GRIEVANCE PROCEDURE

Section 1. - Definition:

The term "Grievance" shall mean:

a. A dispute concerning the application or interpretation of the terms of this Agreement;

b. A claimed violation, misinterpretation or misapplication of the rules or regulations, written policy or orders of the Employer applicable to the agency which employs the grievant affecting terms and conditions of employment; provided, disputes involving the Rules and Regulations of the New York City Personnel Director or the Rules and Regulations of the Health and Hospitals Corporation with respect to those matters set forth in the first paragraph of Section 7390.1 of the Unconsolidated Laws shall not be subject to the grievance procedure or arbitration;

c. A claimed assignment of employees to duties substantially different from those stated in their job specifications;

d. A claimed improper holding of an open-competitive rather than a promotional examination;

e. A claimed wrongful disciplinary action taken against a permanent employee covered by Section 75(1) of the Civil Service Law or a permanent employee covered by the Rules and Regulations of the Health and Hospitals Corporation upon whom the agency head has served written charges of incompetency or misconduct while the employee is serving in the employee's permanent title or which affects the employee's permanent status.

f. Failure to serve written charges as required by Section 75 of the Civil Service Law or the Rules and Regulations of the Health and Hospitals Corporation upon a permanent employee covered by Section 75(1) of the Civil Service Law or a permanent employee covered by the Rules and Regulations of the Health and Hospitals Corporation where any of the penalties (including a fine) set forth in Section 75(3) of the Civil Service Law have been imposed.

g. A claimed wrongful disciplinary action taken against a provisional employee who has served continuously for two years in the same or similar title or related occupational group in the same agency.

Section 2.

The Grievance Procedure, except for grievances as defined in Sections 1(d),1(e) and 1(g) of this Article, shall be as follows:

Employees may at any time informally discuss with their supervisors a matter, which may become a grievance. If the results of such a discussion are unsatisfactory, the employees may present the grievance at Step 1.

All grievances must be presented in writing at all steps in the grievance procedure. For all grievances as defined in Section lc, no monetary award shall in any event cover any period prior to the date of the filing of the **Step 1** grievance unless such grievance has been filed within thirty (30) days of the assignment to alleged out-of-title work.

Step 1 - The employee and/or the Union shall present the grievance in the form of a memorandum to the person designated for such purpose by the agency head no later than 120 days after the date on which the grievance arose. request shall be granted. The person designated by the Employer to hear the grievance shall take any steps necessary to a proper disposition of the grievance The employee may also request an appointment to discuss the grievance and such and shall issue a determination in writing by the end of the third work day following the date of submission.

NOTE: *The following **STEP (1a)** shall applicable only in the Health and Hospitals Corporation in the case of grievances arising under Section 1a through 1c of this Article and shall be applied prior to **Step II** of this Section:*

STEP 1(a) An appeal from an unsatisfactory determination at **Step 1** shall be presented in writing to the person designated by the agency head for such purpose. A copy of the grievance appeal shall be sent to the person who initially passed upon the grievance.

STEP II - An appeal from an unsatisfactory determination at **STEP 1** or **STEP 1(a)**, where applicable, shall be presented in writing to the agency head or the agency head's designated representative who shall not be the same person designated in **STEP 1**. The appeal must be made within five (5) work days of the receipt of the **STEP 1** or **STEP 1(a)** determination. The agency head or designated representative, if any, shall meet with the employee and/or the Union for review of the grievance and shall issue a determination in writing by the end of the tenth work day following the date on which the appeal was filed.

STEP III - An appeal from an unsatisfactory determination at **STEP II** shall be presented by the employee and/or the Union to the Commissioner of Labor Relations in writing within ten (10) work days of the receipt of the **STEP II** determination. The grievant or the Union should submit copies of the **STEP 1** and **STEP II** grievance filings and any agency responses thereto. Copies of such appeal shall be sent to the agency head. The Commissioner of Labor Relations or the Commissioner's designee shall review all appeals from **STEP II** determinations and shall issue a determination on such appeals within fifteen (15) work days following the date on which the appeal was filed.

STEP IV - An appeal from an unsatisfactory determination at **STEP III** may be brought solely by the Union to the Office of Collective Bargaining for impartial arbitration within fifteen (15) work days of receipt of the **STEP III** determination. In addition, the Employer shall have the right to bring directly to arbitration any dispute between the parties concerning any matter defined herein as a "grievance". The Employer shall commence such arbitration by submitting a written request therefor to the Office of Collective Bargaining. A copy of the notice requesting impartial arbitration shall be forwarded to the opposing party. The arbitration shall be conducted in accordance with the Consolidated Rules of the Office of Collective Bargaining. The costs and fees of such arbitration shall be borne equally by the Union and the Employer.

The arbitrator's decision, order or award (if any) shall be limited to the application and interpretation of the Agreement, and the arbitrator shall not add to, subtract from or modify the Agreement. The arbitrator's award shall be final and binding and enforceable in any appropriate tribunal in accordance with Article 75 of the Civil Practice Law and Rules. The arbitrator may provide for and direct such relief as the arbitrator deems necessary and proper, subject to the limitations set forth above and any applicable limitations of law.

Section 3.

As a condition to the right of the Union to invoke impartial arbitration set forth in this Article, including the arbitration of a grievance involving a claimed improper holding of an open-competitive rather than a promotional examination, the employee or employees and the Union shall be required to file with the Director of the Office of Collective Bargaining a written waiver of the right, if any, of the employee and the union to submit the underlying dispute to any other administrative or judicial tribunal except for the purpose of enforcing the arbitrator's award.

Section 4.

a. Any grievance under Section 1(d) relating to a claimed improper holding of an open-competitive rather than a promotional examination shall be presented in writing by the employee or the Union representative to the Commissioner of Labor Relations not later than thirty (30) days after the notice of the intention to conduct such open competitive examination, or copy of the appointing officer's request for such open-competitive examination, as the case may be, has been posted in accordance with Section 51 of the Civil Service Law. The grievance shall be considered and passed upon within ten (10) days after its presentation. The determination shall be in writing, copies of which shall be transmitted to both parties to the grievance upon issuance.

b. A grievance relating to the use of an open-competitive rather than a promotional examination which is unresolved by the Commissioner of Labor Relations may be brought to impartial arbitration as provided in Sections 2 and 3 above. Such a grievance shall be presented by the Union, in writing, for arbitration within 15 days of the presentation of such grievance to the Commissioner of Labor Relations, and the arbitrator shall decide such grievance within 75 days of its presentation to the arbitrator. The party requesting such arbitration shall send a copy of such request to the other party. The costs and fees of such arbitration shall be borne equally by the Employer and the Union.

Section 5.

In any case involving a grievance under Section 1(e) of this Article, the following procedure shall govern upon service of written charges of incompetence or misconduct:

STEP A - Following the service of written charges, a conference with such employee shall be held with respect to such charges by the person designated by the agency head to review a grievance at **STEP 1** of the Grievance Procedure set forth in this Agreement. The employee may be represented at such conference by a representative of the Union. The person designated by the agency head to review the charges shall take any steps necessary to a proper disposition of the charges and shall issue a determination in writing by the end of the fifth day following the date of the conference.

If the employee is satisfied with the determination in **STEP A** above, the employee may choose to accept such determination as an alternative to and in lieu of a determination made pursuant to the procedures provided for in Section 75 of the Civil Service Law or the Rules and Regulations of the Health and Hospitals Corporation. As a condition of accepting such determination, the employee shall sign a waiver of the employee's right to the procedures available to him or her under Sections 75 and 76 of the Civil Service Law or the Rules and Regulations of the Health and Hospitals Corporation.

STEP B(i) - If the employee is not satisfied with the determination at **STEP** Above then the Employer shall proceed in accordance with the disciplinary procedures set forth in Section 75 of the Civil service Law or the Rules and Regulations of the Health and Hospitals Corporation. As an alternative, the Union with the consent of the employee may choose to proceed in accordance with the Grievance Procedure set forth in this Agreement, including the right to proceed to binding arbitration pursuant to **STEP IV** of such Grievance Procedure. As a condition for submitting the matter to the Grievance Procedure the employee and the Union shall file a written waiver of the right to utilize the procedures available to the employee pursuant to Sections 75 and 76 of the Civil Service Law or the Rules and Regulations of the Health and Hospitals Corporation or any other administrative or judicial tribunal, except for the purpose of enforcing an arbitrator's award, if any. Notwithstanding such waiver, the period of an employee's suspension without pay pending hearing and determination of charges shall not exceed thirty (30) days.

STEP B(ii) - If the election is made to proceed pursuant to the Grievance Procedure, an appeal from the determination of **STEP A** above, shall be made to the agency head or designated representative. The appeal must be made in writing within five (5) work days of the receipt of the determination. The agency head or designated representative shall meet with the employee and the Union for review of the grievance and shall issue a determination to the employee and the Union by the end of the tenth work day following the day on which the appeal was filed. The agency head or designated representative shall have the power to impose the discipline, if any, decided upon, up to and including termination of the accused employee's employment. In the event of such termination or suspension without pay totaling more than thirty (30) days, the Union with the consent of the grievant may elect to skip **STEP C** of this Section and proceed directly to **STEP D**.

STEP C - If the grievant is not satisfied with the determination of the agency head or designated representative the grievant or the Union may appeal to the Commissioner of Labor Relations in writing within ten (10) days of the determination of the agency head or designated representative. The Commissioner of Labor Relations shall issue a written reply to the grievant and the Union within fifteen (15) work days.

STEP D - If the grievant is not satisfied with the determination of the Commissioner of Labor Relations, the Union with the consent of the grievant may proceed to arbitration pursuant to the procedures set forth in **STEP IV** of the Grievance Procedure set forth in this Agreement.

Section 6.

A grievance concerning a large number of employees and which concerns a claimed misinterpretation, inequitable application, violation or failure to comply with the provisions of this Agreement may be filed directly at **STEP III** of the grievance procedure except that a grievance concerning employees of the Health and Hospitals Corporation may be filed directly at **STEP II** of the grievance procedure. All other individual grievances in process concerning the same issue shall be consolidated with the "group " grievance. Such "group" grievance must be filed no later than 120 days after the date on which the grievance arose, and all other procedural limits, including time limits, set forth in this Article shall apply. All other individual grievances in process concerning the same issue shall be consolidated with the "group" grievance.

Section 7.

If a determination satisfactory to the Union at any level of the Grievance Procedure is not implemented within a reasonable time, the Union may re-institute the original grievance at **STEP III** of the Grievance Procedure; or if a satisfactory **STEP III** determination has not been so implemented, the Union may institute a grievance concerning such failure to implement at **STEP IV** of the Grievance Procedure.

Section 8.

If the Employer exceeds any time limit prescribed at any step in the Grievance Procedure, the grievant and/or the Union may invoke the next step of the procedure, except that only the Union may invoke impartial arbitration under **STEP IV**.

Section 9.

The Employer shall notify the Union in writing of all grievances filed by employees, all grievance hearings, and all determinations. The Union shall have the right to have a representative present at any grievance hearing and shall be given forty-eight (48) hours' notice of all grievance hearings.

Section 10.

The employer shall notify the Union in writing of all grievances filed by Employees, all grievance hearings, and all determinations. The Union shall have the right to have a representative present at any grievance hearing and shall be given forty-eight (48) hours' notice of all grievance hearings.

Section 11.

Each of the steps in the Grievance Procedure, as well as time limits prescribed at each step of this Grievance Procedure, may be waived by mutual agreement of the parties.

Section 12.

A non-Mayoral agency not covered by this Agreement but which employs employees in titles identical to those covered by this Agreement may elect to permit the Union to appeal an unsatisfactory determination received at the last step of its Grievance Procedure prior to arbitration on fiscal matters only to the Commissioner of Labor Relations. If such election is made, the Union shall present its appeal to the Commissioner of Labor Relations in writing within ten (10) work days of the receipt of the last step determination. The Union should submit copies of the grievance filings at the prior steps of its Grievance Procedure and any agency responses thereto. Copies of such appeals shall be sent to the agency head. The Commissioner of Labor Relations, or the Commissioner's designee, shall review all such appeals and answer all such appeals within fifteen (15) work days. An appeal from a determination of the Commissioner of Labor Relations may be taken to arbitration under procedures, if any, applicable to the non-Mayoral agency involved.

Section 13.

The grievance and the arbitration procedure contained in this Agreement shall be the exclusive remedy for the resolution of disputes defined as "grievances" herein. This shall not be interpreted to preclude either party from enforcing the arbitrator's award in court. This Section shall not be construed in any manner to limit the statutory rights and

obligations of the Employer under Article XIV of the Civil Service Law.

Section 14. Expedited Arbitration Procedure

a. The parties agree that there is a need for an expedited arbitration process which would allow for the prompt adjudication of grievances as set forth below.

b. The parties voluntarily agree to submit matters to final and binding arbitration pursuant to the New York City Collective Bargaining Law and under the jurisdiction of the Office of Collective Bargaining. An arbitrator or panel of arbitrators, as agreed to by the parties, will act as the arbitrator of any issue submitted under the expedited procedure herein.

c. The selection of those matters which will be submitted shall include, but not limited to, out-of-title cases concerning all titles, disciplinary cases where in the proposed penalty is a monetary fine of one week or less or written reprimand, and other cases pursuant to mutual agreement by the parties. The following procedures shall apply:

I. SELECTION AND SCHEDULING OF CASES:

(1) The Deputy Chairperson for Disputes of the Office of Collective Bargaining shall propose which cases shall be subject to the procedures set forth in this Section 14 and notify the parties of propose hearing dates for such cases.

(2) The parties shall have ten business days from the receipt of the Deputy Chairperson's proposed list of cases and hearing schedule(s) raise any objections thereto.

(3) If a case is not proposed by the Deputy Chairperson for expedited handling, either party may, at any time prior to the scheduling of an arbitration hearing date for such case, request in writing to the other party and to the Deputy Chairperson of Disputes of the Office of Collective Bargaining that said case be submitted to the expedited procedure. The party receiving such request shall have ten business days from the receipt of the request to raise any objections thereto.

(4) No case shall be submitted to the expedited arbitration process without the mutual agreement of the parties.

II. CONDUCT OF HEARINGS:

(1) The presentation of the case, to the extend possible, shall be made in the narrative form. To the degree that witnesses are necessary, examination will be limited to questions of material fact and cross examination will be similarly limited. Submission of relevant documents, etc., will not be unreasonably limited and my be submitted as a "packet" exhibit.

(2) In the event either party is unable to proceed with hearing a particular case, the case shall be rescheduled. However, only one adjournment shall be permitted. In the event that either party is unable to proceed on a second occasion, a default judgment may be entered against the adjourning party at the Arbitrator's discretion absent good cause shown.

(3) The Arbitrator shall not be precluded from attempting to assist the parties in settling a particular case.

(4) A decision will be issued by the Arbitrator within two weeks. It will not be necessary in the Award to recount any of the facts presented. However, a brief explanation of the Arbitrator's rationale may be included. Bench decisions may also be issued by the Arbitrator.

(5) Decisions in this expedited procedure shall not be considered as precedent for any other case no-rentered into evidence in any other forum or dispute except to enforce the Arbitrator's award.

(6) The parties shall, whenever possible, exchange any documents intended to be offered in evidence at least one week in advance of the first hearing date and shall endeavor to stipulate to the issue in advance of the hearing date.

ARTICLE VII - BULLETIN BOARDS: EMPLOYER FACILITIES

The Union may post notices on bulletin boards in places and locations where notices usually are posted by the Employer for the employees to read. All notices shall be on Union stationery, and shall be used only to notify employees of matters pertaining to Union affairs. Upon request to the responsible official in charge of a work location, the Union may use Employer premises for meetings during employees' lunch hours, subject to availability of appropriate space and provided such meetings do not interfere with the Employer's business.

ARTICLE VIII - NO STRIKES

In accordance with the New York City Collective Bargaining Law, as amended, neither the Union nor any employee shall induce or engage in any strikes, slowdowns, work stoppages, mass absenteeism, or induce any mass resignations during the term of this Agreement.

ARTICLE IX - CITYWIDE ISSUES

This Agreement is subject to the provisions, terms and conditions of the Agreement which has been or may be negotiated between the City and the Union recognized as the exclusive collective bargaining representative on Citywide matters which must be uniform for specified employees, including the employees covered by this Agreement. Employees in Rule X titles shall receive the benefits of the Citywide Agreement unless otherwise specifically excluded herein.

ARTICLE X - UNION ACTIVITY

Time spent by employee representatives in the conduct of labor relations with the City and on Union activities shall be governed by the terms of Executive Order No. 75, as amended, dated March 22, 1973, entitled "Time Spent on the Conduct of Labor Relations between the City and Its employees and on Union Activity" or any other applicable Executive Order.

ARTICLE XI - LABOR-MANAGEMENT COMMITTEE

Section 1.

The Employer and the Union, having recognized that cooperation between management and employees is indispensable to the accomplishment of sound and harmonious labor relations, shall jointly maintain and support a labor-management committee in each of the agencies having at least fifty employees covered by this Agreement.

Section 2.

Each labor-management committee shall consider and recommend to the agency head changes in the working conditions of the employees within the agency who are covered by this Agreement. Matters subject to the Grievance Procedure shall not be appropriate items for consideration by the labor-management committee.

Section 3.

Each labor-management committee shall consist of six members who shall serve for the term of this Agreement. The Union shall designate three members and the agency head shall designate three members. Vacancies shall be filled by the appointing party for the balance of the term to be served. Each member may designate one alternate. Each committee shall select a chairperson from among its members at each meeting. The chairperson ship of each committee shall alternate between the members designated by the agency head and the members designated by the Union. A quorum shall consist of a majority of the total membership of a committee. A committee shall make its recommendations to the agency head in writing.

Section 4.

The labor-management committee shall meet at the call of either the Union members or the Employer members at times mutually agreeable to both parties. At least one week in advance of a meeting the party calling the meeting shall provide, to the other party, a written agenda of matters to be discussed. Minutes shall be kept and copies supplied to all members of the committee.

ARTICLE XII - FINANCIAL EMERGENCY ACT

The provisions of this Agreement are subject to applicable provisions of law, including the New York State Financial Emergency Act for the City of New York as amended.

ARTICLE XIII - APPENDICES

The Appendix or Appendices, if any, attached hereto and initialed by the undersigned shall be deemed a part of this Agreement as if fully set forth herein.

ARTICLE XIV - SAVINGS CLAUSE

In the event that any provision of this Agreement is found to be invalid, such invalidity shall not impair the validity and enforceability of the remaining provisions of this Agreement.

ARTICLE XV - CONTRACTING-OUT CLAUSE

The problem of "Contracting Out" or "Farming Out" of work normally performed by personnel covered by this Agreement shall be referred to the Labor-Management Committee as provided for in Article XI of this Agreement.

WHEREFORE, we have hereunto set our hands and seals this 24th day of March, 2006.

FOR THE CITY OF NEW YORK AND RELATED PUBLIC EMPLOYERS AS DEFINED HEREIN:

Re: 2005-2006 Electrical Inspector Agreement
Joint Labor-Management Committee on Productivity

Dear Mr. Vicari:

This is to confirm the parties' mutual understanding and agreement regarding the "Joint Labor Management Committee on Productivity Initiatives" ("Committee") referenced in the side letter to the 2002-2005 Electrical Inspector Agreement dated February 16, 2006.

Nothing contained in the current 2005-2006 Electrical Inspector Agreement shall preclude the parties from continuing discussions to identify, review, recommend and develop initiatives that will generate workplace savings, maximize the potential of the City workforce and ensure the provision of essential services, while at the same time providing increased compensation for the City workforce. The parties agree however, that any such initiatives and/or programs developed by the Committee must be the result of unanimous agreement.

The terms of the side letter dated February 16, 2006 (a copy of which is attached) shall continue in full force and effect. Nothing herein shall be deemed a waiver of any rights either party enjoyed under the February 16, 2006 side letter including but not limited to the right to any retroactive salary adjustments, provided sufficient funding is identified to cover any retroactive period(s).

To the extent an initiative and/or program is mutually agreed upon, but there is a dispute as to the amount of savings generated by the implementation of such initiative, or in the event the savings generated by a mutually agreed upon program is not paid pursuant to this agreement, a party may file for final and binding arbitration pursuant to the grievance procedure contained in the parties' collective bargaining agreement.

If the above accords with your understanding, kindly execute the signature line provided below.

AGREED AND ACCEPTED ON BEHALF OF Local 3

Very truly yours,
JAMES F. HANLEY

Re: 2005-2006 Electrical Inspectors Agreement

Dear Mr. Vicari:

This is to confirm certain mutual understandings and agreements regarding the above captioned Agreement.

For the purposes of Article III Section 4(b)(i), "approved leave of absence" is defined to include:

a. maternity/childcare leave

b. military leave

c. unpaid time while on jury duty

d. unpaid leave for union business pursuant to Executive Order 75

e. unpaid leave pending workers' compensation determination

f. unpaid leave while on workers' compensation option 2

g. approved unpaid time off due to illness or exhaustion of paid sick leave

h. approved unpaid time off due to family illness

i. other pre-approved leaves without pay

Very truly yours,
JAMES F. HANLEY

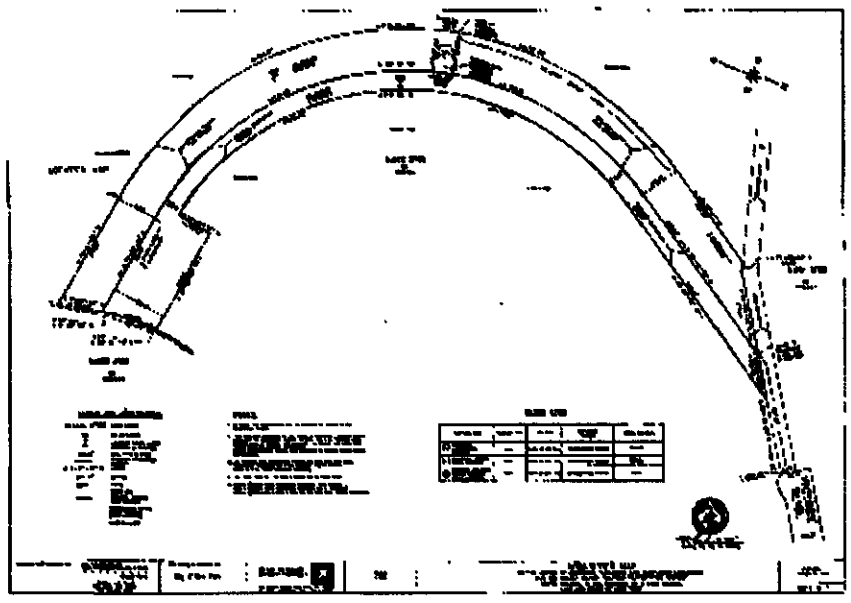
COURT NOTICE MAP FOR STATEN ISLAND REACTIVATION PROJECT/TRAVIS BRANCH



READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council**, 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists--free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

PROCUREMENT POLICY BOARD RULES

The Rules may also be accessed on the City Website, http://NYC.GOV.Selltonyc

COMMON ABBREVIATIONS USED IN THE CR

The CR contains many abbreviations. Listed below are simple explanations of some of the most common ones appearing in the CR:

AB ..... Acceptable Brands List
AC .....Accelerated Procurement
AMT.....Amount of Contract
BL .....Bidders List
CSB.....Competitive Sealed Bidding (including multi-step)
CB/PQ.....CB from Pre-qualified Vendor List
CP .....Competitive Sealed Proposal (including multi-step)
CP/PQ.....CP from Pre-qualified Vendor List
CR.....The City Record newspaper
DA.....Date bid/proposal documents available
DUE.....Bid/Proposal due date; bid opening date
EM .....Emergency Procurement
IG.....Intergovernmental Purchasing
LBE .....Locally Based Business Enterprise
M/WBE.....Minority/Women's Business Enterprise
NA.....Negotiated Acquisition
NOTICE .....Date Intent to Negotiate Notice was published in CR
OLB .....Award to Other Than Lowest Responsible & Responsive Bidder/Proposer
PIN .....Procurement Identification Number
PPB.....Procurement Policy Board
PQ.....Pre-qualified Vendors List
RS .....Source required by state/federal law or grant
SCE.....Service Contract Short-Term Extension
DP.....Demonstration Project
SS.....Sole Source Procurement
ST/FED.....Subject to State &/or Federal requirements

KEY TO METHODS OF SOURCE SELECTION

The Procurement Policy Board (PPB) of the City of New York has by rule defined the appropriate methods of source selection for City procurement and reasons justifying their use. The CR procurement notices of many agencies include an abbreviated reference to the source selection method utilized. The following is a list of those methods and the abbreviations used:

CSB.....**Competitive Sealed Bidding** (including multi-step)
Special Case Solicitations / Summary of Circumstances:
CP.....***Competitive Sealed Proposal*** (including multi-step)
CP/1 .....Specifications not sufficiently definite
CP/2 .....Judgement required in best interest of City
CP/3 .....Testing required to evaluate
CB/PQ/4.....
CP/PQ/4.....**CB or CP from Pre-qualified Vendor List/** Advance qualification screening needed
DP.....Demonstration Project
SS.....**Sole Source Procurement**/only one source
RS .....Procurement from a Required Source/ST/FED
NA.....Negotiated Acquisition
For ongoing construction project only:
NA/8.....Compelling programmatic needs
NA/9.....New contractor needed for changed/additional work
NA/10.....Change in scope, essential to solicit one or limited number of contractors
NA/11.....Immediate successor contractor required due to termination/default
.....*For Legal services only:*
NA/12.....Specialized legal devices needed; CP not advantageous
WA.....**Solicitation Based on Waiver/Summary of Circumstances** (Client Services/BSB or CP only)
WA1.....Prevent loss of sudden outside funding
WA2.....Existing contractor unavailable/immediate need
WA3.....Unsuccessful efforts to contract/need continues
IG.....**Intergovernmental Purchasing** (award only)
IG/F .....Federal
IG/S.....State
IG/O .....Other
EM .....**Emergency Procurement** (award only) An unforeseen **danger to:**
EM/A.....**Life**
EM/B.....**Safety**
EM/C.....**Property**
EM/D .....**A necessary service**
AC.....**Accelerated Procurement**/markets with significant short-term price fluctuations
SCE.....**Service Contract Extension**/insufficient time; necessary service; **fair price**
Award to Other Than Lowest Responsible & Responsive Bidder or Proposer / Reason **(award only)**
OLB/a .....anti-apartheid **preference**
OLB/b .....local vendor **preference**
OLB/c.....recycled preference
OLB/d .....other: (specify)

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

SAMPLE NOTICE:

POLICE

DEPARTMENT OF YOUTH SERVICES

5. changing from an R5 District to an R3X District property bounded by:
   a. Norton Avenue, a line 110 feet northwesterly of Beach Channel Drive, Dix Avenue and its northwesterly centerline prolongation, a line 100 feet southeasterly of Eggert Place, a line 100 feet southwesterly of Enright Road, and Gipson Street;
   b. Brunswick Avenue, Beach 12th Street, Minton Street, Augustina Avenue, and Nameoke Avenue;
   c. a line 125 feet southerly of Mott Avenue, a line 110 feet easterly of Gipson Street, the westerly prolongation of a line 100 feet northerly of Regina Avenue, a line 125 feet westerly of McBride Street, a line 500 feet northerly of Cornaga Avenue, a line 135 feet easterly of Gipson Street, a line 400 feet northerly of Cornaga Avenue, and a line 100 feet easterly of Dickens Street; and
   d. a line 200 feet southeasterly of Central Avenue, Beach 12th Street, Dinsmore Avenue, Rose Street, a line 100 feet

southerly of Dinsmore Avenue and its westerly prolongation, a line 150 feet easterly of Neilson Street, Dinsmore Avenue, Neilson Street, a line 275 feet northerly of Cornaga Avenue, Nameoke Street, and a line perpendicular to the easterly street line of Nameoke Street distant 150 feet southerly (as measured along the street line) from the point of intersection of the easterly street line of Nameoke Street and the southeasterly street line of Central Avenue;

6. changing from an R3-2 District to an R4A District property bounded by Bessemund Avenue, Bay 30th Street, Dwight Avenue, Hartman Lane, Beach Channel Drive, a line 200 feet southwesterly of Hartman Lane, Ocean Crest Boulevard, a line 260 feet northeasterly of Beach 32nd Street, a line midway between Falcon Avenue and Ocean Crest Boulevard, a line 100 feet southwesterly of Hartman Lane, a line midway between Dwight Avenue and Falcon Avenue, and Bay 31st Street and its southeasterly centerline prolongation;

7. changing from an R4 District to an R4A District property bounded by a line 100 feet northerly of Dinsmore Avenue and its easterly prolongation, a line 115 feet easterly of Beach 9th Street, Empire Avenue, Cornaga Avenue, Rose Street, a line 100 feet southerly of Dinsmore Avenue, and a line 100 feet westerly of Beach 9th Street;

8. changing from an R5 District to an R4A District property bounded by a line 100 feet southerly of Dinsmore Avenue, Rose Street, Cornaga Avenue, and the southerly centerline prolongation of Beach 12th Street;

9. changing from an R6 District to an R4A District property bounded by Ocean Crest Boulevard, a line 200 feet southwesterly of Hartman Lane, Beach Channel Drive, and a line 250 feet southwesterly of Hartman Lane;

10. changing from an R3-2 District to an R4-1 District property bounded by Healy Avenue, a line 250 feet westerly of Hartman Lane, a line 200 feet southerly of Healy Avenue, a line 170 feet westerly of Hartman Lane, a line 135 feet southerly of Healy Avenue, Hartman Lane, Bessemund Avenue, Bay 31st Street and its southeasterly centerline prolongation, a line midway between Dwight Avenue and Falcon Avenue, a line 100 feet southwesterly of Hartman Lane, a line midway between Falcon Avenue and Ocean Crest Boulevard, a line 260 feet northeasterly of Beach 32nd Street, Ocean Crest Boulevard, and Beach 32nd Street;

11. changing from an R4 District to an R4-1 District property bounded by a line 165 feet southerly of Bolton Road, Virginia Street, a line 125 feet northwesterly of Empire Avenue, a line 100 feet southwesterly of Virginia Street, Empire Avenue, a line 115 feet easterly of Beach 9th Street, a line 450 feet southerly of Bolton Road, and Sage Street; and

12. changing from an R5 District to an R4-1 District property bounded by:

a. Healy Avenue, Beach 32nd Street, Dwight Avenue, and the U.S. Bulkhead Line;

b. Norton Avenue, Gipson Street, a line 100 feet southerly of Enright Road, a line 100 feet easterly of Eggert Place, the westerly centerline prolongation of Dix Avenue, McBride Street, a line 150 feet northerly of Mott Avenue, Eggert Place, Enright Road, and a line 100 feet easterly of Eggert Place; and

c. Mott Avenue, the southerly prolongation (at Mott Avenue) of a line 200 feet westerly of Beach Channel Drive, a line 200 feet southerly of Mott Avenue, Beach Channel Drive, a line 100 feet easterly of Dickens Street, a line 400 feet northerly of Cornaga Avenue, a line 135 feet easterly of Gipson Street, a line 500 feet northerly of Cornaga Avenue, a line 125 feet westerly of McBride Street, a line 100 feet northerly of Regina Avenue and its westerly prolongation, a line 100 feet westerly of Grassmere Terrace, a line 200 feet southerly of Mott Avenue, and Grassmere Terrace, Community District 14, Borough of Queens.

as shown on a diagram (for illustrative purposes only) dated December 19, 2005.

The Subcommittee on Landmarks, Public Siting and Maritime Uses public hearing scheduled to be held in the Council Committee Room, City Hall, New York, New York 10007, commencing at 11:00 A.M. on Monday, April 10, 2006 has been deferred.

The Subcommittee on Planning, Dispositions and Concessions will hold public hearings on the following matters in the Council Committee Room, City Hall, New York, New York 10007, commencing at 11:30 A.M. on Monday, April 10, 2006:

BROOKLYN CB - 2 C 060176 ZMK
Application submitted by the Department of Housing Preservation and Development pursuant to Sections 197-c and 201 of the New York City Charter for an amendment of the Zoning Map, Section No. 16c, changing from a C6-1 District to a C6-2 District property bounded by a line 100 feet northerly of Atlantic Avenue, South Oxford Street, Atlantic Avenue, and South Portland Avenue, as shown on a diagram (for illustrative purposes only) dated November 14, 2005.

BROOKLYN CB - 2 C 060177 HAK
Application submitted by the Department of Housing Preservation and Development (HPD):

1) pursuant to Article 16 of the General Municipal Law of New York State for:

a) the designation of property located at 207 and 209 South Portland Ave., 206 and 208, 214 and 216 South Oxford St. (Block 2004, Lots 1, 2, 78-82 and 84) p/o Site 3 within the Atlantic Terminal Urban Renewal Area, as an Urban Development Action Area; and

b) an Urban Development Action Area Project for such area;

2) pursuant to Section 197-c of the New York City Charter for the disposition of such property to a developer to be selected by HPD;

to facilitate the development of a ten-story building, tentatively known as Atlantic Terrace, with approximately 80 residential units above ground floor retail to be developed under HPD's Cornerstone Program.

BROOKLYN CB - 3 C 060194 HAK
Application submitted by the Department of Housing Preservation and Development (HPD):

1) Pursuant to Article 16 of the General Municipal Law of New York State for:

a. the designation of property located at 31-39 Van Buren Street (Block 1791, Lots 68-72) as an Urban Development Action Area; and

b. an Urban Development Action Area Project for such area;

2) Pursuant to Section 197-c of the New York City Charter for the disposition of such property to a developer to be selected by HPD;

to facilitate the development of a five-story building tentatively known as Wazobia House, with approximately 43 dwelling units to be developed under HPD's Supportive Housing Loan Program.

BROOKLYN CB - 3 C 060195 ZSK
Application submitted by the Department of Housing Preservation and Development (HPD) pursuant to Sections 197-c and 201 of the New York City Charter for the grant of a special permit, pursuant to Section 74-902 of the Zoning Resolution to permit the allowable community facility floor area ratio of Section 24-11 (Maximum Floor Area and Percentage of Lot Coverage) to apply to a proposed approximately 18,243 square foot, 5-story Non-Profit Institution with Sleeping Accommodations (U.G. 3A), on property located at 31-39 Van Buren Street (Block 1791, Lots 68-72), in an R5 District.

Proposals subject to Council review and action pursuant to the Urban Development Action Area Act, Article 16 of the New York General Municipal Law, at the request of the Department of Housing Preservation and Development ("HPD"), which requests that the Council:

1. Find that the present status of the listed areas tends to impair or arrest the sound growth and development of the municipality and that the proposed Urban Development Action Area Project is consistent with the policy and purposes of Section 691 of the General Municipal Law;

2. Waive the area designation requirement of Section 693 of the General Municipal Law pursuant to said Section;

3. Waive the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law;

4. Approve the project as an Urban Development Action Area Project pursuant to Section 694 of the General Municipal Law; and

5. Approve an exemption of the projects from real property taxes pursuant to Section 696 of the General Municipal Law for Non-ULURP Nos. 20065338 HAK through 20065343 HAK and 20065345 HAK.

NON-ULURP NO.	ADDRESS	BLOCK/LOT	BORO	PROGRAM	COMMUNITY BOARD

CITY PLANNING COMMISSION

■ PUBLIC HEARINGS

NOTICE IS HEREBY GIVEN THAT RESOLUTIONS Have been adopted by the City Planning Commission Scheduling public hearings on the following matters to be held at Spector Hall, 22 Reade Street, New York on Wednesday, April 5, 2006, commencing at 10:00 A.M.

BOROUGH OF THE BRONX
Nos. 1 & 2
WILLIS AVENUE BRIDGE
No. 1

CD 1 C 030028 MMX
IN THE MATTER OF an application submitted by the Department of Transportation pursuant to Sections 197-c and 199 of the New York City Charter, for an amendment to the City Map involving:

- the extinguishment of an existing bridge easement between East 132nd Street and the U.S. Pierhead and Bulkhead Line;
- the delineation of a new bridge easement between East 132nd Street and the U.S. Pierhead and Bulkhead Line;
- the delineation of a new bridge corridor between Willis Avenue and Brown Place;
- the adjustment of grades necessitated thereby; and
- any acquisition or disposition of real property related thereto,

in accordance with Map No. 13095 dated November 21, 2005 and signed by the Borough President.
Resolution for adoption scheduling April 5, 2006 for a public hearing.

No. 2

CD 1 C 060253 MLX
IN THE MATTER OF an application, submitted by the Department of Transportation pursuant to Sections 197-c of the New York City Charter, for a landfill of approximately 2,336 sq. ft. located at the Harlem River south of the Willis Avenue Bridge in Block 2260, Lot 62.
Resolution for adoption scheduling April 5, 2006 for a public hearing.

BOROUGH OF MANHATTAN
Nos. 3 & 4
ECF MIXED-USE DEVELOPMENT
No. 3

CD 8 C 060255 ZSM
IN THE MATTER OF an application submitted by the NYC Educational Construction Fund and 1765 First Associates LLC pursuant to Sections 197-c and 201 of the New York City Charter for the grant of a special permit pursuant to Section 7475* of the Zoning Resolution to permit utilization of air rights over a school, to modify the requirements of Section 23-60 (Height and Setback Regulations), Section 24-55 (Required Side and Rear Setbacks), and Section 24-382 (Required rear yard equivalents), and to allow the distribution of floor area without regard for district boundaries to facilitate the development of a mixed use building on property located at 1765 First Avenue (Block 1554, Lots 23, 28, 29, 30, 32 and 130) in R8B and C2-8 Districts.

*Note: Section 74-75 is proposed to be changed under a related application (N 060254 ZRY) for an amendment of the Zoning Resolution.
Resolution for adoption scheduling April 5, 2006 for a public hearing.

No. 4

CD 8 N 060254 ZRM
IN THE MATTER OF an application submitted by the New York City Educational Construction Fund and 1765 First Associates LLP, pursuant to Section 201 of the New York City Charter for an amendment of the Zoning Resolution of the City of New York relating to Article VII Chapter 7 (Special Permits by the City Planning Commission), concerning 74-75 (Educational Construction Fund Projects).

Matter underlined is new, to be added;
Matter within # # is defined in Section 12-10;
Matter in ~~strikeout~~ is text to be deleted;
*** indicates where unchanged text appears in the zoning resolution

Article VII: Administration
Chapter 4: Special Permits by the City Planning Commission
***
74-75 ~~(7/26/01)~~
Educational Construction Fund Projects

In R5, R6, R7, R8, R9 or R10 districts, in C1 or C2 Districts mapped within such Residence Districts, or in C1-6, C1-7, C1-8, C1-9, C2-6, C2-7, C2-8, C4, C5, C6, or C7 Districts, for combined school and residences including air rights over schools built on a zoning lot owned by the New York City Educational Construction Fund, the City Planning Commission may permit utilization of air rights; modify the requirements that open area be accessible to and usable by all persons occupying a dwelling unit or rooming unit on the zoning lot in order to qualify as open space; permit ownership, control of access and maintenance of portions of the open space to be vested in the New York City Educational Construction Fund or City agency successor in title; permit modification of yard regulations and height and setback regulations; authorize the total floor area, open space, dwelling units or rooming units permitted by the applicable district regulations on such site to be distributed without regard for district boundaries; and authorize an increase of 25 percent in the number of dwelling units or rooming units permissible under the applicable district regulations. For the purposes of this Section 74-75 a #zoning lot# "owned by the New York City Educational Construction Fund may also

include a tract of land under single fee ownership or alternate ownership arrangements according to the #zoning lot# definition in Section 12-10, when such tract of land includes a parcel which was the site of a public school listed in this Section.

P.S. 151	M8

Resolution for adoption scheduling April 5, 2006 for a public hearing.

BOROUGH OF QUEENS
No. 5
BETTER COMMUNITY LIFE DAY CARE CENTER
CD 3 **C 050473 PQQ**

IN THE MATTER OF an application submitted by the Administration for Children's Services and the Department of Citywide Administrative Services pursuant to Section 197-c of the New York City Charter for the acquisition of property located at 34 -10 108th Street (Block 1749, Lot 7), Community District 3, Borough of Queens, for continued use as a day care center.

Resolution for adoption scheduling April 5, 2006 for a public hearing.

No. 6
MASPETH/WOODSIDE REZONING
CD 2, 5 **C 060294 ZMQ**

IN THE MATTER OF an application submitted by the Department of City Planning pursuant to Sections 197-c and 201 of the New York City Charter for an amendment of the Zoning Map, Section Nos. 9b, 9d and 13c:

1. eliminating from within an existing R4 District a C2-2 District bounded by Queens Boulevard, 65th Place, a line 100 feet southerly of Queens Boulevard, and 64th Street;

2. eliminating from within an existing R5 District a C2-2 District bounded by:

   a. a line 100 feet northerly of Queens Boulevard, the westerly boundary line of a park and its southerly prolongation, Queens Boulevard, and 64th Street;

   b. 68th Street, a line perpendicular to the easterly street line of 68th Street distant 60 feet northerly (as measured along the street line) from the point of intersection of the easterly street line of 68th Street and the northerly street line of Queens Boulevard, 69th Street, a line 50 feet southerly of 44th Avenue, a line 100 feet northerly of Queens Boulevard, a line 100 feet northerly of 45th Avenue, a line perpendicular to the northerly street line of 45th Avenue distant 200 feet easterly (as measured along the street line) from the point of intersection of the northerly street line of 45th Avenue and the northerly street line of Queens Boulevard, 45th Avenue, and Queens Boulevard; and

   c. Queens Boulevard, 73rd Street, 47th Avenue, and 70th Street;

3. eliminating from within an existing R5B District a C2-2 District bounded by a line 150 feet northerly of Queens Boulevard, the westerly boundary line of a park, a line 100 feet northerly of Queens Boulevard, and 65th Place;

4. eliminating from within an existing R6 District a C2-2 District bounded by Queens Boulevard, 64th Street, a line 150 southerly of Queens Boulevard, and 61st Street;

5. eliminating from within an existing R7X District a C2-2 District bounded by a line 100 feet northerly of Queens Boulevard, 58th Street, 44th Avenue, the northerly prolongation of the easterly street line of 59th Street, Queens Boulevard, and 57th Street;

6. changing from an R4 District to an R4B District property bounded by:

   a. a line 100 feet southerly of 51st Road, a line 150 feet easterly of 72nd Place, 51st Road and its easterly centerline prolongation, the southwesterly boundary line of the Long Island Rail Road Right-Of-Way (Main Line), a line 100 feet northeasterly of 74th Street, Calamus Avenue, a line 80 feet easterly of 74th Street, the easterly centerline prolongation of 52nd Road, 74th Street, 52nd Court, a line 225 feet easterly of 73rd Street, 52nd Avenue, a line 100 feet easterly of 72nd Place, a line midway between Calamus Avenue and 52nd Avenue, 72nd Place, Calamus Avenue, and 72nd Place; and

   b. Brooklyn Queens Expressway, 48th Avenue and its westerly centerline prolongation, 65th Place, 51st Avenue, a line midway between 64th Street and 65th Street, Tyler Avenue, and 59th Place;

7. changing from an R4 District to an R4-1 District property bounded by:

   a. the northerly boundary line of a park and its westerly prolongation, 64th Street, a line 100 feet southerly of Queens Boulevard, 67th Street, Laurel Hill Boulevard, 65th Place, 48th Avenue and its westerly centerline prolongation, Brooklyn Queens Expressway, and 61st Street;

   b. 50th Avenue, 66th Street, 49th Avenue, 69th Street, Garfield Avenue, 68th Street, Maurice Avenue, 69th Street, a line 300 feet northerly of 52nd Avenue, 69th Place, 52nd Avenue, 69th Street, 51st Road, 66th Street, 52nd Avenue, 62nd Street, a line 390 feet northeasterly of 53rd Avenue, a line midway between Maurice Avenue and 62nd Street, the southeasterly prolongation of the northwesterly street line of Tyler Avenue, Maurice Avenue, Tyler Avenue, a line midway between 64th Street and 65th Street, 51st Avenue, and 65th Place;

   c. 52nd Avenue, 72nd Street, Calamus Avenue, a line 100 feet westerly of 72nd Place, 53rd Road, 72nd Street, 53rd Avenue, a line 200 feet easterly of 69th Street, 52nd Drive, and 69th Place;

   d. a line midway between Calamus Avenue and 52nd Avenue, a line 100 feet easterly of 72nd Place, 52nd Avenue, and 72nd Place;

   e. 52nd Avenue, a line 225 feet easterly of 73rd Street, 52nd Court, 74th Street, a line 100 feet northwesterly of Grand Avenue, a line 100 feet northeasterly of 73rd Street, a line 100 feet easterly of 73rd Street, 52nd Road, and 73rd Street; and

   f. 53rd Drive, 66th Street, Borden Avenue, 69th Street, a line 100 feet southeasterly of Grand Avenue, Mazeau Street, 57th Avenue, a line 100 feet southeasterly of Grand Avenue, 73rd Place, 57th Avenue, 74th Street, Queens Midtown Expressway, a line 160 feet easterly of 63rd Street and its southerly prolongation, a line 90 feet northerly of Borden Avenue, a line 100 feet easterly of 63rd Street, 54th Avenue, and 63rd Place;

8. changing from an R5 District to an R4-1 District property bounded by Brooklyn Queens Expressway, Woodside Avenue, 68th Street, 43rd Avenue, 69th Street, a line perpendicular to the easterly street line of 68th Street distant 60 feet northerly (as measured along the street line) from the point of intersection of the easterly street line of 68th Street and the northerly street line of Queens Boulevard, 68th Street, a service road of the Brooklyn Queens Expressway, a line 100 feet northerly of Queens Boulevard, and the centerline of the Long Island Rail Road Right-Of-Way (Main Line);

9. changing from an R5B District to an R4-1 District property bounded by a line 100 feet southerly of Woodside Avenue, 67th Street, Woodside Avenue, Brooklyn Queens Expressway, and centerline of the Long Island Rail Road Right-Of-Way (Main Line);

10. changing from a R6 District to an R5 District property bounded by 47th Avenue, 60th Street, Brooklyn Queens Expressway, and 58th Street;

11. changing from an R6B District to an R5B District property bounded by a line 200 feet southerly of Woodside Avenue, 61st Street, 43rd Avenue, and 60th Street;

12. changing from an M1-1 District to an R6 District property bounded by Roosevelt Avenue, 52nd Street, a line 100 feet northerly of Queens Boulevard, and 50th Street;

13. changing from an R4 District to an R7X District property bounded by Queens Boulevard, 66th Street, a line 100 feet southerly of Queens Boulevard, and 64th Street;

14. changing from an R5 District to an R7X District property bounded by:

   a. a line 100 feet northerly of Queens Boulevard, the westerly boundary line of a park and its southerly prolongation, Queens Boulevard, and 64th Street;

   b. the centerline of the Long Island Rail Road Right-Of-Way (Main Line), a line 100 feet northerly of Queens Boulevard, a service road of the Brooklyn Queens Expressway, 68th Street, a line perpendicular to the easterly street line of 68th Street distant 60 feet northerly (as measured along the street line) from the point of intersection of the easterly street line of 68th Street and the northerly street line of Queens Boulevard, 69th Street, a line 50 feet southerly of 44th Street, a line 100 feet northerly of Queens Boulevard, a line 100 feet northerly of 45th Avenue, a line perpendicular to the northerly street line of 45th Avenue distant 275 feet easterly (as measured along the street line) from the point of intersection of the northerly street line of Queens Boulevard and the northerly street line of 45th Avenue, 45th Avenue, Queens Boulevard, and the Brooklyn Queens Expressway; and

   c. Queens Boulevard, 73rd Street, 47th Avenue, and 70th Street;

15. changing from an R6 District to an R7X District property bounded by Queens Boulevard, 64th Street, the northerly boundary line of a park and its easterly and westerly prolongations, and 61st Street;

16. changing from a C8-1 District to an R7X District property bounded by:

   a. a line 100 feet northerly of Queens Boulevard, 57th Street, Queens Boulevard, and 52nd Street;

   b. Queens Boulevard, 69th Street, a line 150 southerly of Queens Boulevard, 67th Street, a line 100 feet southerly of Queens Boulevard, and 66th Street; and

   c. a line 100 feet northerly of Queens Boulevard, a line 100 feet southerly of 45th Avenue, the westerly boundary line of the New York Connecting Rail Road Right-Of-Way, Queens Boulevard, and 45th Avenue;

17. changing from an M1-1 District to an R7X District property bounded by:

   a. a line 100 feet northerly of Queens Boulevard, 52nd Street, Queens Boulevard, and 50th Street; and

   b. Queens Boulevard, 70th Street, a line 150 southerly of Queens Boulevard, and 69th Street;

18. establishing within a proposed R6 District a C2-3 District bounded by Roosevelt Avenue, 52nd Street, a line 100 feet northerly of Queens Boulevard, and 50th Street; and

19. establishing within a proposed and existing R7X District a C2-3 District bounded by:

   a. 50th Street, a line 100 feet northerly of Queens Boulevard, 58th Street, 44th Avenue, 60th Street, and Queens Boulevard; and

   b. 63rd Street, a line 150 feet northerly of Queens Boulevard, 64th Street, a line 100 feet northerly of Queens Boulevard, the westerly boundary line of a park and its southerly prolongation, Queens Boulevard, Brooklyn Queens Expressway, the centerline of the Long Island Rail Road Right-Of-Way (Main Line), a line 100 feet northerly of Queens Boulevard, a service road of the Brooklyn Queens Expressway, 68th Street, a line perpendicular to the easterly street line of 68th Street distant 60 feet northerly (as measured along the street line) from the point of intersection of the easterly street line of 68th Street and the northerly street line of Queens Boulevard, 69th Street, a line 50 feet southerly of 44th Avenue, a line 100 feet northerly of Queens Boulevard, a line 100 feet northerly of 45th Avenue, a line perpendicular to the northerly street line of 45th Avenue distant 275 feet easterly (as measured along the street line) from the point of intersection of the northerly street line of Queens Boulevard and the northerly street line of 45th Avenue, 45th Avenue, a line 100 feet northerly of Queens Boulevard, a line 100 feet southerly of 45th Avenue, the westerly boundary of the New York Connecting Rail Road Right-Of-Way, Queens Boulevard, 73rd Street, 47th Avenue, 70th Street, a line 150 feet southerly of Queens Boulevard, 67th Street, a line 100 feet southerly of Queens Boulevard, 64th Street, the northerly boundary line of a park and its easterly and westerly prolongations, and 61st Street;

as shown on a diagram (for illustrative purposes only) dated January 23, 2006, and subject to the conditions of CEQR Declaration E-163.

Resolution for adoption scheduling April 5, 2006 for a public hearing.

MARKETING DEVELOPMENT CORPORATION

■ JOINT PUBLIC HEARING

CORRECTED NOTICE

NOTICE OF A JOINT PUBLIC HEARING between the Franchise and Concession Review Committee ("FCRC") and the New York City Marketing Development Corporation to be held on Monday, April 10, 2006 at Spector Hall, 22 Reade Street, Main Floor, Borough of Manhattan, commencing at 10:00 A.M. relative to:

NYC Marketing's application on behalf of the Department of Small Business Services to utilize different procedures (i.e., a sole source concession), pursuant to Section 1-13 of the Concession Rules to implement an amendment to the agreement with Snapple Beverage Corporation dated February 19, 2004. NYC Marketing will seek the FCRC's approval at their April 12th meeting on the proposed amendment.

The original agreement between Snapple and New York City contains a real property concession that grants Snapple the right to be the exclusive vending machine vendor of iced teas, chocolate drink and water in City-owned and -controlled facilities. This portion of the original agreement will remain unchanged.

Under the original agreement Snapple was to make cash marketing payments totaling $30M for the five-year life of the agreement, provided that the annual sales target of 1 million cases of Snapple was met. If that target was not reached, the cash payments would be reduced by a fixed amount contingent on the amount of the sales shortfall. Based on the actual sales made in the first two years of the agreement, the City estimates that Snapple will make cash marketing payments totaling approximately $2M over the life of the Agreement. In exchange for these payments, Snapple was to receive the equivalent of $30M in marketing value from the City, i.e., the right to promote Snapple at events and venues in the City during the term of the Agreement.

Under the Amendment being submitted to the FCRC for approval, the yearly case sales goal will be reduced from an average of 1,000,000 cases per year to the number of actual cases sold during year two of the Agreement -approximately 70,000 cases- and Snapple will make cash payments to the City of approximately $3M per year for each of the three remaining years of the Agreement. Based on this revised payment schedule, the revised Agreement contemplates that Snapple will make cash marketing payments to the City of approximately $15.3M over the life of the agreement. In return, Snapple will receive the equivalent of $30M in marketing value that it was to receive under the original agreement and the equivalent of $14.58M in additional marketing value for the remaining years of the revised Agreement (Snapple will use the equivalent of $5.58M of this additional marketing value in a new year six of the revised Agreement). Based upon projected case sales, Snapple will also make approximately $2.4M in vending commission payments to the City.

Accordingly, it is anticipated that the City will receive approximately $17.7M in cash and $15.3M in marketing value over the term of this revised agreement.

A copy of the proposed Amendment to Agreement dated February 19, 2004 between New York City Marketing Development Corporation and Snapple Beverage Corp. is available for viewing Monday through Friday beginning on March 27, 2006 and ending on April 10, 2006 at the offices of NYC Marketing, 22 Cortlandt Street, 12th Floor, New York, NY 10007 between the hours of 9:00 A.M. and 5:00 P.M.

PARKS AND RECREATION

■ JOINT PUBLIC HEARING

NOTICE OF A SPECIAL JOINT PUBLIC HEARING between the Franchise and Concession Review Committee and the Department of Parks and Recreation to be held on Monday, April 10, 2006, Spector Hall, 22 Reade Street, Main Floor, Borough of Manhattan, commencing at 10:00 A.M. relative to:

REQUEST AUTHORIZATION to enter into a License Agreement with Aquatic Development Group, Inc. for the development, construction and operation of a family-oriented waterpark on approximately 24 acres in the northwestern area of Randall's Island for a license term of 35 years. Aquatic Development Group, Inc. has agreed to pay a base payment of $1,000,000 per year. The fee will escalate based on increases in the Consumer Price Index (CPI); however, if the CPI goes down, the fee will remain the same. Base Payment will not be subordinate to debt service or any other payment. The payment due from Licensee in any year will be the greater of Base Payment or Revenue Participation Fee, as follows:
Years 1-5, for operating revenue of $70 million or less, revenue share will be 6%. Any revenue in excess of $70 million, but less than $80 million, revenue share will be 8%. For any revenue in excess of $80 million, but less than $90 million, the revenue share will be 10%. For any revenue in excess of $90 million, the revenue share will be 12%.
Years 6-35, for operating revenue of $60 million or less revenue share will be 6%. If operating revenue is greater than $60 million, but less than $70 million, revenue share will be 8%. For operating revenue greater than $70 million, but less than $80 million the revenue share will be 10%. If operating revenue is greater than $80 million, the revenue share will be 12%.

LOCATION Approximately 24 acres in the Northwestern Area of Randall's Island Park, Manhattan.

Interested parties may review a copy of the proposed license agreement in Room 313 at the Arsenal, Central Park, 830 Fifth Avenue, NY, NY 10021 on Monday, March 20, 2006 through Monday, April 10, 2006, exclusive of Saturdays, Sundays and holidays.

COURT NOTICE

SUPREME COURT

■ NOTICE

RICHMOND COUNTY
IA PART 74
NOTICE OF PETITION
INDEX NUMBER (CY) 4002/06

In the Matter of the Application of the CITY OF NEW YORK, relative to acquiring temporary and permanent easements, where not heretofore acquired, needed for the **STATEN ISLAND RAILROAD REACTIVATION PROJECT, TRAVIS BRANCH** located in Tax Block 2705, Lot 300 in the vicinity of Victory Boulevard in Borough of Staten Island, City and State of New York.

PLEASE TAKE NOTICE that the Corporation Counsel of the City of New York intends to make application to the Supreme Court of the State of New York, Richmond County, IA Part 74, for certain relief.

The application will be made at the following time and place: At 320 Jay Street, Room 17.21, in the Borough of Brooklyn, City and State of New York, on April 21, 2006, at 9:30 A.M., or as soon thereafter as counsel can be heard.

The application is for an order:

1. authorizing the City to file an acquisition map in the office of the Clerk of Richmond County,

2. directing that upon the filing of said map, title to the property sought to be acquired shall vest in the City;

3. providing that just compensation therefor be ascertained and determined by the Supreme Court without a jury; and

4. providing that notices of claim must be served and filed within one calendar year from the vesting date.

The City of New York, in this proceeding, intends to acquire title permanent and temporary easements in certain real property where not heretofore acquired for the same purpose, hereinafter described, for the STATEN ISLAND RAILROAD REACTIVATION PROJECT, TRAVIS BRANCH in the Borough of Staten Island, City and State of New York.

The description of the real property to be acquired is as follows:

PARCEL No. 1

(Temporary Construction Easement for six (6) months from vesting date, subject to the permanent access easement reserved in Parcel 3)

for proposed con edison temporary taking (50' strip)
location: block 2705, part of lot 300, borough of Staten Island, county of richmond, city and state of new york.

CITYWIDE TRANSPORTATION SERVICES FOR HOMELESS ADULTS AND FAMILIES – Negotiated Acquisition – PIN# 071-06S-021-027 – DUE 04-17-06 AT 2:00 P.M. – The Department of Homeless Services (DHS) intends on entering into negotiations with Advance Transit Bus Company located at 1340 Lafayette Ave., Bronx, NY 10474, to continue to provide transportation services to homeless adults and families, citywide. This contract will be conducted via Negotiated Acquisition pursuant to Section 3-04 (b)(2)(iii) of the Procurement Policy Board Rules to extend the underlying contract for one (1) year to in order to maintain the continuity of essential transportation services. The extension period will also provide time for the new division at DHS to which the contract has been transferred to familiarize itself with the contract and assess future needs for transportation services in terms of both a decreased number of shelters directly operated by DHS and the agency's five year plan to end chronic homelessness. It is anticipated that the extension contract with Advance Transit Bus Company will be from July 1, 2006 to June 30, 2007.

Qualified vendors that are interested in providing transportation services for homeless adults and families in the future may contact: Kristen Zak, Special Assistant to the Agency Chief Contracting Officer, Department of Homeless Services, 33 Beaver St., 13th Floor NY, NY 10004 or e-mail at kszak@dhs.nyc.gov (212) 361-8404.

Compelling need to extend for one year.

HUMAN RESOURCES ADMINISTRATION

■ **INTENT TO AWARD**

Goods & Services

FOOD WAREHOUSING DISTRIBUTION – Sole Source – Available only from a single source - PIN# 069-07-310-0006 – DUE 04-14-06 AT 4:00 P.M. – The Human Resources Administration (HRA) intends to enter into negotiations for sole source contract to provide warehousing and transportation/delivery services pertaining to approximately 15 million pounds of non-perishable food to Soup Kitchens and Food Pantries annually in all five boroughs of the City of New York. The proposed supplier of these services is Food Bank for New York City, Food for Survival.

Reason for sole source Determination - Available only from a single source - Food Bank is the only member in New York of America's Second Harvest Network, a Federal sanctioning oversight agency, and is also a certified member of the New York State Food Bank Association. In addition, Food Bank was awarded the 2005 Mighty Apple Award from America's Second Harvest for most produce collected and distributed to its network of food programs. HRA is soliciting expressions of interest from qualified vendors to provide warehousing and

distribution services of non-perishable food for its Emergency Food Assistance Program. These expressions of interest must be delivered to address at the date and time indicated in this notice.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/ blueprints; other information; and for opening and reading of bids at date and time specified above.
Human Resources Administration, 180 Water Street

Human / Client Service

NON-SECURE DETENTION GROUP HOME SERVICES – Negotiated Acquisition – Judgment required in evaluating proposals - PIN# 13005DJJ001 – DUE 09-01-06 AT 3:00 P.M. – The Department of Juvenile Justice (DJJ) is seeking expressions of interest from qualified vendors to provide non-secure detention group home services. Since DJJ must respond to a court order, there is a time-sensitive situation in which DJJ must retain a supplier quickly, at one time or from time to time, permitting this procurement to be processed as a negotiated acquisition. Facilities should provide at least 10 and no more than 12 beds in accordance with the applicable regulations promulgated by the New York State Office of Children and Family Services (NYSOCFS), 9 N.Y.C.R.R. Section 180 et seq., and be operational at any time from December 1, 2004 to August 31, 2006. The term of the contracts awarded from this solicitation will be for three years and will include an additional three-year option to renew.

Vendors interested in providing these services should contact Harry T. Bavaro at the Department of Juvenile Justice, 365 Broadway, 5th Floor, New York, NY 10013 for a copy of the solicitation document if they have not already received a copy. If a vendor is interested in being considered for award of a contract described above, please hand deliver a written expression of interest addressed to Harry T. Bavaro at the Department of Juvenile Justice, 365 Broadway, 5th Floor, New York, NY 10013 pursuant to the terms of the solicitation document.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/ blueprints; other information; and for opening and reading of bids at date and time specified above.

LAW

■ SOLICITATIONS

Services (Other Than Human Services)

LEGAL SERVICES IN CONNECTION WITH THE COLLECTION AND LITIGATION OF CLAIMS – Negotiated Acquisition – PIN# 02506X100035 – DUE 04-28-06 AT 5:00 P.M. – The New York City Law Department seeks applications from law firms with expertise in the litigation and collection of claims and intends to enter into negotiations with one or more qualified applicant firms and to award a single contract for the services. Payment for services will be based on a percentage of actual collections made. Award of this contract for legal services will be made by the Negotiated Acquisition method of source selection because it has been determined that it is not practicable or not advantageous to use Competitive Sealed Proposals; that it is not in the best interest of the City to use Competitive Sealed Proposals; and that award of the contract by Negotiated Acquisition is justified. It is projected that the term of the contract will commence as of January 1, 2007 and continue through December 31, 2011. The selected firm will be referred claims at the sole discretion of the Law Department and will be obligated to handle these claims on an as-required basis. Based on past experience, it is anticipated that approximately 3,000 new claims will be submitted to Collections Counsel for collection annually. Typically, the claims arise out of various types of debt to the City including: Medicaid and public assistance, City employee salary overpayments, damage to City property and breach of contract damages. The amounts of the claims referred are typically less than $25,000, although larger claims may also be referred to Collections Counsel for collection.

Law firms interested in being considered for the award of this contract must submit an application, which should be made in the form and manner prescribed in the solicitation document. The solicitation document can be obtained from: Tom Dowling, Deputy Agency Chief Contracting Officer, Administration Division, New York City Law Department, 100 Church Street, Room 6-204, New York, New York 10007, (phone (212) 788-1008). The Department prefers to distribute the solicitation document by e-mail, though completed applications must be submitted in hard copy in the manner and at the time and place specified in the solicitation document. Requests for the solicitation document should be sent to tdowling@law.nyc.gov. Completed applications must be received by the Department by no later than April 28, 2006. Applicants should demonstrate expertise in the collection and litigation of claims and maintain an office accessible by public transportation with an average travel time to 100 Church Street, New York, New York of no more than approximately one half hour.

The Corporation Counsel has determined that it is not practicable or not advantageous to use Competitive Sealed Proposals as the method of source selection for the award of this contract, which is a contract for Legal Services

All attorneys performing services under any contract that may result from this solicitation shall be members in good standing of the Bar of the State of New York.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/ blueprints; other information; and for opening and reading of bids at date and time specified above.
Law Department, Service of Legal Process Window
Fourth Floor East, 100 Church Street, New York, NY 10007.

AGENCY PUBLIC HEARINGS ON CONTRACT AWARDS

"These Hearings may be cablecast on NYC TV Channel 74 on Sundays, from 5:00 p.m. to 7:00 p.m. For more information, visit: www.nyc.gov/tv" NOTE: Individuals requesting Sign Language Interpreters should contact the Mayor's Office of Contract Services, Public Hearings Unit, 253 Broadway, 9th Floor, New York, N.Y. 10007, (212) 788-7490, no later than SEVEN (7) BUSINESS DAYS PRIOR TO THE PUBLIC HEARING. TDD users should call Verizon relay services.

HOUSING PRESERVATION & DEVELOPMENT

■ PUBLIC HEARINGS

CANCELLATION OF PUBLIC HEARING

NOTICE IS HEREBY GIVEN that a Contract Public Hearing will be held on Thursday, April 6, 2006, at Spector Hall, 22 Reade Street, Main Floor, Borough of Manhattan, commencing at 10:00 A.M. on the following:

IN THE MATTER of a proposed contract between the Department of Housing Preservation and Development of The City of New York and Housing Conservation Coordinators, 777 Tenth Avenue, New York, NY 10019, for anti-illegal Eviction Services in Manhattan Community Board Nos. 4 and 7, as well as providing Clinics, citywide. The contract amount is $168,000. The term of the contract

will be from July 1, 2005 to June 30, 2006.
PIN# 806066200017.

The proposed contractor is being funded through City Council Discretionary Funds appropriation, pursuant to Section 1-02 (e) of the Procurement Policy Board Rules.

A draft copy of the proposed contract may be inspected at the Department of Housing Preservation and Development, 100 Gold Street, 8th Floor, Room 8-S6, Borough of Manhattan on business days, from March 24, 2006 to April 6, 2006, between the hours of 10:00 A.M. and 4:00 P.M., excluding holidays. Contact Ms. Angela Blake Fields at (212) 863-6655.

Anyone who wishes to speak at this Public hearing should request to do so in writing. The written request must be received by the Agency within five (5) business days after publication of this Notice. Written requests to speak should be sent to Jay Bernstein, Deputy Agency Chief Contracting Officer at the Department of Housing Preservation and Development, 100 Gold Street, Room 8-S4, New York, NY 10038 or by e-mail at jb1@HPD.NYC.gov. If HPD receives no written requests to speak within the prescribed time, HPD reserves the right not to conduct the Public Hearing.

AGENCY RULES

HOMELESS SERVICES

■ NOTICE

The Department of Homeless Services Local Law 73 of 2003 -Implementation Plan

Introduction

This implementation plan presents the steps that the New York City Department of Homeless Services (DHS) will take in order to ensure compliance with Local Law 73 of 2003.

This plan also shows DHS' commitment to provide meaningful access to all individuals seeking benefits and services, including individuals with limited English proficiency. Individuals should not face obstacles to receiving social services for which they may be eligible because they do not speak English. The purpose of this plan is to ensure that persons eligible for social services receive them and to avoid the possibility that a person who attempts to access services will face discrimination based on the language he or she speaks.

DHS serves a diverse population encompassing people with many different primary languages. Some of these individuals are unable to communicate in English. It is the responsibility of DHS staff to communicate to applicants and clients their rights and responsibilities as well as DHS policies.

Mayor Michael R. Bloomberg signed Local Law 73 into law on December 22, 2003 to ensure access of City services to all New Yorkers. Local Law 73 of 2003 or, the "Equal Access to Human Services Act of 2003", seeks to increase access to critical City services for New Yorkers whose primary language is not English. Many elements of Local Law 73 pertain exclusively to the Human Resources Administration ("HRA"), which is listed as "[t]he Agency" for purposes of this law. ACS, the Department of Homeless Services ("DHS") and the Department of Health and Mental Hygiene ("DOHMH") are listed as "other covered agencies" in Local Law 73; as such, ACS, DHS, and DOHMH have specific obligations pursuant to Local Law 73 that are different from those enumerated for HRA.

As described in Local Law 73, DHS' language access policy is not limited to the measures set forth in this plan; it is a work in progress as we advance toward our goal of full implementation of the DHS Language Access Policy by 2009.

1. Identification of Primary Language

Relevant Portion of Law:

Upon initial contact, whether by telephone or in person, with an individual seeking benefits and/or services offered by another covered agency, the other covered agency shall determine the primary language of such individual. If it is determined that such individual's primary language is not English, the other covered agency shall inform the individual in his/her primary language of available language assistance services.

"Primary language" means the language in which a limited English proficient (LEP) individual chooses to communicate with others.

*As described in **Section 8-1003, "agency" and "covered agency" include "all agency contractors**. Therefore, all agency contractors" **must also provide free language assistance services as required** in Local Law 73.*

Implementation Plan:

A. DHS workers shall screen all applicants for shelter to determine the primary language of the applicant.
B. When an individual is determined to have a primary language other than English, personnel shall inform the individual of available language assistance services in the individual's primary language by using the Language Identification Card, directly using the individual's primary language, or using an interpreter service.
C. If a worker has difficulty determining a client's primary language, the worker should use the Language Identification Card.
D. Once the applicant/client indicates he/she needs an interpreter, the DHS worker should immediately document the applicant's native language on the screening sheet.

Identification of Primary Language task status as of March 2006

A. through D.: The DHS Office of Policy and Planning, working together with the DHS Director of Training, will create a training briefing on Local Law 73 that will provide instruction on the proper use of the Language Identification Card and the new Language Access questions to be asked of all LEP individuals requesting services at DHS facilities. DHS staff will also document the individual's native language on the screening form. All procedures regarding documentation of an LEP individual's native language will be presented in the training briefing document.

In addition, the DHS Director of Training will include a segment in the Cultural Awareness curriculum of the DHS employee orientation training on Local Law 73 and DHS' obligation and commitment to providing meaningful access to all individuals seeking benefits and services including LEP individuals. This enhanced training will include instruction on: (i) how to use the Language Identification Card, which will be distributed during the training session; (ii) a review of the pertinent questions to ask each LEP individual to serve their needs appropriately; and (iii) how to document the services offered by DHS staff and accepted by LEP individuals.

Timeline: Distribution of the training briefing document to all existing DHS operations staff will occur in September 2006 with implementation expected in December 2006. Implementation of the revised orientation training segment on Language Access for all new DHS employees will become effective on or about January 1, 2007.

2. Notice Regarding Free Language Assistance

Relevant Portion of Law:

Upon initial contact, whether by telephone or in person, with an individual seeking benefits and/or services offered by another covered agency, the other covered agency shall determine the primary language of such individual. If it is determined that such individual's primary language is not English, the other covered agency shall inform the individual in his/her primary language of available language assistance services.

Implementation Plan:

A. DHS facilities shall post and maintain signage regarding the legal right to free language assistance by December 1, 2007.
B. DHS will develop procedures to identify commonly encountered languages at individual sites by December 1, 2007.
C. Signage will be translated into these commonly encountered languages and placed at all central points of contact, within the following intake centers: the Bronx PATH Family Intake Center (PATH), the Adult Family Intake Center (AFIC), the Bellevue Adult facility for Men, and the adult women intake centers – Brooklyn Women's Assessment, Franklin Assessment Shelter, and Jamaica Armory Assessment.
D. Signage shall also be placed in all DHS and contracted shelter placement facilities. Signage should be posted at facility entrances, admitting and waiting areas.

Notice Regarding Free Language Assistance task status as of March, 2006

A.: DHS currently projects that this signage will be completed by September 30, 2006 with signs posted in designated areas on or about December 1, 2006.

B.: Procedures for identifying commonly encountered languages at individual sites will be developed, finalized, and ready for distribution by September 30, 2006.

C.: DHS currently projects that this signage will be completed by September 30, 2006 with signs posted by December 1, 2006 within the following intake facilities: the Bronx PATH Family Intake Center ("PATH"), the Adult Family Intake Center (AFIC), the 30th Street Adult Facility for Men (aka-"Bellevue Shelter"), and the adult women's intake centers – Brooklyn Women's Assessment, Franklin Assessment Shelter, and the Jamaica Armory Assessment facility.

D.: Placement of signage in all of the remaining DHS and/or contracted facility entrances, admitting and waiting areas by January 1, 2007.

3. Language Assistance Services

Implementation Requirements:

A. DHS will track language assistance requests to assess language assistance needs for particular facilities.
B. DHS will provide access to a private telephone interpretation service at all DHS and/or contracted facilities. A telephone in each facility will be designated for the use of this interpretation service. Designated telephones will either have speaker capability or be equipped for the use of headsets.
C. When the applicant/client indicates he/she needs an interpreter, DHS staff will immediately determine and document the applicant's native language in the applicant/client's case record. Where possible DHS will assign the applicant to a bilingual caseworker who is fluent in the applicant/client's language.
D. Where a bilingual worker is not available, DHS staff may request assistance from a designated DHS Language Liaison.
E. If an appropriate interpreter still cannot be located the Language Liaison shall authorize the use of a private telephone interpretation service.
F. DHS would never require a family member or friend to be used as an interpreter unless the applicant/client requested such assistance from their family member or friend.
G. In accordance with Local Law 73, applicants/clients in need of language services will not be expected to wait unreasonably longer to receive assistance than those individuals who do not require language assistance services.

Language Assistance Services task status as of March 2006

A.: The DHS Planning, Development & Grants Unit is responsible for implementing a HUD required database for all NYC service providers receiving housing and homeless services funding from HUD. The new database system is known as the Homeless Management Information System (HMIS). The fundamental structure of this HMIS database system, which includes basic identification and demographic information for all clients, will subsequently become the basis for the new adult and family shelter facilities database system that DHS is developing through contract with the same software systems provider who is the contractor for HMIS. DHS has already incorporated the LEP questions process into the HMIS system, which will therefore be present and operational when the new DHS data systems go live. The expected date for these DHS systems to begin operating is late 2007 to early 2008.

B.: At this point DHS is still exploring the need for a specially designated telephone at each site (as described in Section 3B above) for the utilization of our telephone interpretation service. DHS has been utilizing the Aset International Service Corporation telephone interpretation service since November 2005, and prior to this DHS worked with Language Line Services, Inc. This translation option has and continues to serve our Agency well through its utilization by our DHS Advocacy Hotline staff as well as all other staff primarily in our Adult and Family Services Divisions whenever translation and transcription services are needed.

C.: Procedures such as this one for documentation will be included in the new staff training briefing document that will be completed in September 2006. Specific information concerning such documentation requirements will and may vary based on the type of facility and staff function (for example, an intake worker will document translation services needed/offered on the applicant's intake forms whereas a caseworker will document translation services needed/offered directly into the client's case file).

D.: At this time DHS is exploring all options regarding the designation and utilization of staff as Language Liaisons. If required, it is expected that DHS will continue to work closely with the Mayor's Office of Immigrant Affairs for further guidance regarding the Language Liaison function.

E.: Again, DHS is exploring the option whether to have an on site supervisor's authorizing the translation service or to continue with our current procedure regarding our utilization of the telephone translators.

F.: This issue regarding the utilization of family members and friends as interpreters will also be specifically reiterated in the new staff training briefing document that will be completed by September 30, 2006.

4. Quality Assurance Measures

Relevant Portion of Law:

No later than the first day of the sixtieth month after the effective date of the local law that added this chapter, every other covered agency shall maintain records of the primary language of every individual who seeks or receives ongoing benefits or services. At a minimum, the other covered agency shall maintain specific records of the following:
1. The number of limited English proficient individuals served, disaggregated by type of language assistance required and primary language;
2. The number of bilingual personnel and the number of interpreter personnel employed by the other covered agency, disaggregated by language translated by such personnel;
3. Whether primary language determinations are recorded properly; and
4. Whether documents are translated accurately and disseminated properly.

Plan Requirements:

A. DHS will devise quality assurance methods for testing the accuracy of primary language recording by October 31, 2006.

B. DHS will provide quality assurance for translations through the selection of qualified vendors and the development of reference materials, to improve accuracy and consistency of translated documents by October 31, 2006.
C. DHS will develop protocols to ensure proper dissemination of accurately translated materials to individuals in need of language assistance by December 31, 2007.

Quality Assurance Measures task status as of March, 2006

A.: DHS expects that this task will be completed on schedule by a DHS workgroup consisting of Operations and Policy & Planning staff.

B.: At this time DHS is exploring multiple options regarding the translation of service documents. It is expected that DHS will continue to work closely with the Mayor's Office of Immigrant Affairs for further guidance and information in connection with any existing city-wide contracts that DHS can utilize. In addition, DHS will explore with the Mayor's Office of Immigrant Affairs whether an agency such as DCAS could create a contract for designated City agencies instead of each agency developing their own individual contracts. Currently, DHS utilizes Asset International Service Corporation for the translation of written documents for posting and distribution.

C.: DHS expects that this task will be completed on or about January 1, 2007.

5. Training

Plan Requirements:

A. DHS will train all appropriate personnel, including management, supervisors, and personnel who have direct contact with limited English proficient individuals, on protocol for delivery of language services by December 1, 2007.
B. DHS will orient new staff and trainees on the availability of interpreter services by December 1, 2007.
C. DHS will provide or contract to provide, training in how to elicit and record applicants'/clients' primary languages to all appropriate personnel, including management, supervisors and personnel who have direct contact with limited English proficient individuals. This training will be provided by October 1, 2006.
D. Protocols will be developed for providing notification of the availability of interpretation services. The protocols will be disseminated throughout DHS and adapted for the needs of each program. This training will be provided by October 1, 2006.

Training status as of March, 2006

A. and B.: As stated in Task 1 of this document, distribution of the training briefing document to all existing DHS operations staff will occur in September 2006 with implementation expected by December 31, 2006. All location managers and supervisors will be responsible for training their respective staffs utilizing the new training briefing document that will explain all new requirements and procedures. Implementation of the revised orientation training segment on Language Access for all new DHS employees that is conducted by the DHS Director of Training will become effective as of February 1, 2007.

C.: As a result of the quality assurance review that the Agency acquires as a result of the quality assurance review that we will conduct, by spring 2007 DHS can determine whether the current training procedure, that is utilization of the staff training briefing document, was appropriately effective. If at this point we decide to contract with a provider to assist us in furthering specific training needs regarding our Language Access policy we can begin that process by December 1, 2007.

D.: As these protocols will be included in the staff training briefing document, DHS expects this task to be completed by September 1, 2006.

6. Record keeping and Monitoring

Relevant Portion of Law:

No later than the first day of the sixtieth month after the effective date of the local law that added this chapter, every other covered agency shall maintain records of the primary language of every individual who seeks or receives ongoing benefits or services. At a minimum, the other covered agency shall maintain specific records of the following:
1. The number of limited English proficient individuals served, disaggregated by type of language assistance required and primary language;
2. The number of bilingual personnel and the number of interpreter personnel employed by the other covered agency, disaggregated by language translated by such personnel;
3. Whether primary language determinations are recorded properly; and
4. Whether documents are translated accurately and disseminated properly.

Plan Requirements:

A. DHS will maintain records of the primary language, race, and ethnicity of every individual served and the type of language assistance provided to clients.
B. DHS will maintain records of bilingual personnel disaggregated by language translated or interpreted by such personnel, as well as by office location.
C. DHS will perform periodic reviews to ensure that language assistance needs and requests are properly documented.

Record Keeping and Monitoring status as of March, 2006

A.: As previously stated in task 3, DHS has already incorporated the LEP questions process into the HMIS system, which will therefore be present and operational when the new DHS data systems go live. The expected date for these DHS systems to begin operating is late 2007 to early 2008. DHS will have the ability to run specific reports that will enable the Agency to collect and monitor pertinent information such as the primary language, race, ethnicity and any type of language assistance that was provided to any individual in the DHS system.

B.: To date, DHS has never collected this specific information from personnel and we are currently in the process of revisiting this policy and exploring how we can ascertain this information from new employees as part of the hiring paperwork. In addition, DHS plans to survey all existing personnel to ascertain such information.

C.: This review protocol will be incorporated into the quality assurance methods for testing the accuracy of primary language and other language access recording as stated in response to task 4. The protocol will be completed on or about January 1, 2007.

7. Coordination

A. DHS will designate a Language Assistance Coordinator to ensure compliance with Local Law 73 and this implementation plan.

Coordination status as of March, 2006

A.: Currently DHS has named Bill DiStefano, Director of Planning, Development & Grants in the Policy and Planning Division and Robert Wallace, Associate General Council Program/Disciplinary in the Legal Division, to oversee our agency's compliance with Local Law 73. At this time, DHS is exploring all options in regard to the specific designation of an agency Language Access Coordinator.

8. Implementation Updates and Annual Reports

Relevant Portion of Law:

Implementation updates and annual reports. No later than 90 days after the end of each calendar year after the publication of the implementation plan and before implementation is complete, the agency and each other covered agency shall publish an implementation update. The implementation update shall describe steps taken over the prior year to implement the requirements of this chapter and shall describe any changes in the agency or other covered agency's plan for implementing the remaining requirements of the local law that added this chapter before the date set forth in subdivision a of this section. The implementation update for every year after 2004 shall include a report on the number of limited English proficient people served, disaggregated by language and by agency office or other covered agency office. Not later than 90 days after the end of each calendar year beginning with 2008, the agency and each other covered agency shall publish an annual report on language assistance services. At a minimum, this annual report of the agency, each agency contractor and each other covered agency shall set forth the information required to be maintained by this chapter.

Plan Requirements:

A. DHS will collect the above information from the covered programs, and produce an annual report, beginning 60 months from the effective date of the law.
B. Prior to the effective date for producing annual reports (60 months), DHS will produce implementation updates every year. These reports will provide updates about our implementation of the plan, and detail any changes in the plan.
C. The implementation update for 2005 (which will be released in 2006), and all reports thereafter, will include information on the number of limited English proficient people served, disaggregated by language and by agency office.

Project Status as of March, 2006

A.: This task will be ongoing annually through March 2008.

B.: This task for 2005 will be complete as of March 31, 2006.

C.: As previously mentioned in Task 6 of this document, the expected date for the new DHS data systems to begin operating is late 2007 to early 2008. In the interim, however, we can report on the utilization of our current telephone translation service.

For fiscal year 2005, DHS initiated a total of 142 telephone calls to our contracted translation service. Translators were utilized for the following languages with their frequency of utilization included: Spanish-38; Russian-20; Mandarin-16; French-15; Polish-15; Cantonese-11; Korean-4; Fula-3; Mandinka-3; Greek-2; and Haitian Creole-2. The following languages were accessed 1 time each: Arabic, Bengali, Cambodian, Fulani, Italian, Japanese, Mandingo, Portuguese, Serbian, Somali, Swahili, Tagalog, and Vietnamese. The total number of unique clients served during this period (July 1, 2004 through June 30, 2005) was 42,961 therefore, 142 calls can suggest that 0.3% of the total number of unique clients served were Limited English Proficient and required translation in a language other than a language spoken by facility staff.

For fiscal year 2006 (July1, 2005 through November 30, 2005), DHS initiated a total of 153 telephone calls to our contracted translation service. Translators were utilized for the following languages with their frequency of utilization included: Spanish-79; Mandarin-32; Polish-11; Cantonese-9; Arabic-5; Korean-4; Russian-3; French-2; and Mandingo-2. The following languages were accessed 1 time each: Italian, Albanian, Amharic, German, Turkish, and Mien. The total number of unique clients served during the period from July 1, 2005 through November 30, 2005 was 31,668 therefore, 153 calls can suggest that 0.5% of the total number of unique clients served were Limited English Proficient and required translation in a language other than a language spoken by facility staff.

Next Steps

(1) Immediate next steps include Policy & Planning hosting working meetings with program staff from the Adult and Family Services Divisions and the Director of Training to continue developing and crafting the training briefing document as a practical training tool for all existing staff. The training and related materials will focus on DHS' policy and proper procedures that explain how to assist LEP individuals, how to use the Language Identification Card, how to record information properly, and related operational issues.

(2) In an effort to increase interpretation/translation options for DHS over the long-term, the DHS Office of Policy & Planning will continue to work with the DHS Administration Division/Personnel and the DHS Equal Opportunity Affairs Office to explore our options regarding the collection of personnel data relating to our staff in connection with identifying the languages they may speak.

Electrical Inspectors et al.
2002-2005 Agreement

AGREEMENT entered into this 24th day of March, 2006 by and between the **City of New York** and related public employers pursuant to and limited to their respective elections or statutory requirement to be covered by the New York City Collective Bargaining Law and their respective authorizations to the City to bargain on their behalf (hereinafter referred to jointly as the "**Employer**"), and **Local Union No. 3, I.B.E.W., AFL-CIO** (hereinafter referred to as the "**Union**"), for the thirty-six month and eighteen day period from **April 1, 2002 to April 18, 2005.**

WITNESSETH:

WHEREAS, the parties hereto have entered into collective bargaining and desire to reduce the results thereof to writing,

NOW, THEREFORE, it is mutually agreed as follows

ARTICLE I - UNION RECOGNITION AND UNIT DESIGNATION

Section 1.

The Employer recognizes the Union as the sole and exclusive collective bargaining representative for the bargaining unit set forth below, consisting of employees of the Employer, wherever employed, whether full-time, part-time per annum, hourly or per diem, in the below listed title(s), and in any successor title(s) that may be certified by the Board of Certification of the Office of Collective Bargaining to be part of the unit herein for which the Union is the exclusive collective bargaining representative and in any positions in Restored Rule X titles of the Classified Service the duties of which are or shall be equated by the City Personnel Director and the Director of the Budget for salary purposes to any of the below listed title(s):

35004	Apprentice Inspector (Electrical)
31623	Inspector (Electrical)
31643	Associate Inspector (Electrical)
32960	Principal Electrical Inspector
34315	Inspector of Fire Alarm Boxes
34335	Senior Inspector of Fire Alarm Boxes

[1] For present incumbents only

Section 2.

The terms "employee" and "employees" as used in this Agreement shall mean only those persons in the unit described in Section 1 of this Article.

ARTICLE II - DUES CHECKOFF

Section 1.

a. The Union shall have the exclusive right to the checkoff and transmittal of dues on behalf of each employee in accordance with the Mayor's Executive Order No. 98, dated May 15, 1969, entitled "Regulations Relating to the Checkoff of Union Dues" and in accordance with the Mayor's Executive Order No. 107, dated December 29, 1986, entitled "Procedures for Orderly Payroll Check-Off of Union Dues and Agency Shop Fees."

b. Any employee may consent in writing to the authorization of the deduction of dues from the employee's wages and to the designation of the Union as the recipient thereof. Such consent, if given, shall be in a proper form acceptable to the City, which bears the signature of the employee.

Section 2.

The parties agree to an agency shop to the extent permitted by applicable law, as described in a supplemental agreement hereby incorporated by reference into this Agreement.

ARTICLE III - SALARIES

Section 1.

a. This Article III is subject to the provisions, terms and conditions of the Alternative Career and Salary Pay Plan Regulations, dated March 15, 1967 as amended, except that the specific terms and conditions of this Article shall supersede any provisions of such Regulations inconsistent with this Agreement subject to the limitations of applicable provisions of law.

b. Unless otherwise specified, all salary provisions of this Agreement, including minimum and maximum salaries, advancement or level increases, general increases, education differentials and any other salary adjustments, are based upon a normal work week of 35 hours except that the normal work week for employees in the titles Inspector of Fire Alarm Boxes and Senior Inspector of Fire Alarm Boxes which is 40 hours. An employee who works on a part-time per annum basis and who is eligible for any salary adjustments provided in this Agreement shall receive the appropriate pro-rata portion of such salary adjustment computed on the relationship between the number of hours regularly worked each week by such employee and the number of hours in the said normal work week, unless otherwise specified.

c. Employees who work on a per diem or hourly basis and who are eligible for any salary adjustment provided in this Agreement shall receive the appropriate pro-rata portion of such salary adjustment computed as follows, unless otherwise specified:

Per diem rate - 1/261 of the appropriate minimum basic salary.

Hourly Rate - 35 hour week basis - 1/1827 of the appropriate minimum basic salary.

Hourly Rate - 40 hour week basis - 1/2088 of the appropriate minimum basic salary.

d. The maximum salary for a title shall not constitute a bar to the payment of any salary adjustment or pay differentials provided for in this Agreement but the said increase above the maximum shall not be deemed a promotion.

Section 2

Employees in the following title(s) shall be subject to the following specified salary(ies), salary adjustment(s), and/or salary range(s):

a. Effective April 1, 2003

Section 3. -General Wage Increase:

a. Lump Sum Cash Payment

i Effective upon ratification, a lump sum cash payment in the amount of $1,000 shall be paid in accordance with the established eligibility guidelines contained in attached Letter of Agreement.

ii Part-time per annum, part-time per diem (including seasonal appointees), per session and hourly paid Employees whose normal work year is less than a full calendar year shall receive a pro-rata portion of the lump sum cash payment set forth in Section 3(a)(i) on the basis of computations heretofore utilized by the parties for all such Employees.

iii The lump sum cash payment provided in Section 3(a) shall be pensionable, consistent with applicable law, and shall be paid as soon as practicable upon ratification.

iv The lump sum cash payments provided for in this Section shall not become part of the Employee's basic salary rate nor be added to the Employee's basic salary for the calculation of any salary based benefits including the calculation of future collective bargaining increases.

b. The general increases effective as indicated, shall be

i. Effective April 1, 2003, employees shall receive a general increase of 3 percent.

ii. Effective April 1, 2004 employees shall receive a general increase of 2 percent.

iii. Part-time per annum, per session, hourly paid and per diem employees (including seasonal appointees) and Employees whose normal work year is less than a full calendar year shall receive the increases provided in Sections 3(b)(i) and 3(b)(ii) on the basis of computations heretofore utilized by the parties for all such Employees.

c. The increases provided for in Section 3(b) above shall be calculated as follows:

i. The general increase in Section 3(b)(i) shall be based upon the base rates (which shall only include salary or incremental salary schedules) of the applicable titles in effect on March 31, 2003.

ii. The general increase in Section 3(b)(ii) shall be based upon the base rates (which shall only include salary or incremental salary schedules) of the applicable titles in effect on March 31, 2004.

d. i. The general increases provided for in this Section 3 shall be applied to the base rates, incremental salary levels and the minimum and maximum rates (including levels) if any, fixed for the applicable titles.

ii. The general increases provided for in this Section 3 shall **not** be applied to "additions to gross;" such as, including but not limited to, uniform allowances, equipment allowances, transportation allowances, uniform maintenance allowances, assignment differentials, service increments, longevity differentials, longevity increments, advancement increases, assignment (level) increases, and experience, certification, educational, license, evening, or night shift differentials.

Section 4. New Hires

a. For the purposes of Sections 4(c) and 4(d), employees 1) who were in active pay status before February 1, 2006, and 2) who are affected by the following personnel actions after said date shall not be treated as "newly hired" employees and shall be entitled to receive no less than the indicated minimum "incumbent rate" set forth in subsections 2(a)(ii), 2(a)(I)(ii) or 2(b)(ii), 2(b)(I)(ii) of this Article III:

i. Employees who return to active status from an approved leave of absence.
ii. Employees in active status (whether full or part-time) appointed to permanent status from a civil service list, or to a new title (regardless of jurisdictional class or civil service status) without a break in service of more than 31 days.
iii. Employees who were laid off or terminated for economic reasons who are appointed from a recall/preferred list or who were subject to involuntary redeployment.
iv. Provisional employees who were terminated due to a civil service list who are appointed from a civil service list within one year of such termination.
v. Permanent employees who resign and are reinstated or who are appointed from a civil service list within one year of such resignation.
vi. Employees (regardless of jurisdictional class or civil service status) who resign and return within 31 days of such resignation.
vii. A provisional employee who is appointed directly from one provisional appointment to another.
viii. For employees whose circumstances were not anticipated by the parties, the First Deputy Commissioner of Labor Relations is empowered to issue, on a case-by-case basis, interpretations concerning application of this Section 4. Such case-by-case interpretations shall not be subject to the dispute resolution procedures set forth in Article VI of this Agreement.

b. Any employee hired prior to April 1, 2002 and appointed at a reduced hiring rate pursuant to Section 4 of the *2000-2002 Electrical InspectorAgreement*, shall be paid the applicable minimum "hiring rate" set forth in subsection 2(a)(i) or 2(a)(I)(i). On the one year anniversary of the employee's original date of appointment, such employee shall be paid the indicated minimum "incumbent rate" for the applicable title that is in effect on such one year anniversary as set forth in subsections 2(a)(ii) or (2)(a)(I)(ii) of this Article III.

c. The appointment rate for any employee newly hired between April 1, 2002 and February 1, 2006, shall be the applicable minimum "hiring rate" set forth in subsections 2(b)(i) or 2(b)(I)(i) of this Article III. Upon completion of one year of service, such employee shall be paid the indicated minimum "incumbent rate" for the applicable title that is in effect on the one year anniversary of the employee's original date of appointment as set forth in subsections 2(b)(ii) or 2(b)(I)(ii) of this Article III.

d.

i. For a title subject to an incremental pay plan, the employee shall be paid the appropriate increment based upon the employee's length of service. Section 2 of this Article III reflects the correct amounts and has been adjusted in accordance with the provisions of Section 3(b) of this Article III.

ii. Employees who change titles or levels before attaining one year of service will be treated in the new title or level as if they had been originally appointed to said title or level on their original hiring date.

e. The following provisions shall apply to Employees newly hired on or after February 1, 2006:

i. During the first two (2) years of service, the "appointment rate" for a newly hired employee shall be fifteen percent (15%) less than the applicable "incumbent minimum" for said title that is in effect on the date of such appointment as set forth in this *Agreement*. The general increases provided for in subsections 3(b)(i) and 3(b)(ii) shall be applied to the "appointment rate."

ii. Upon completion of two (2) years of service such employees shall be paid no less than indicated "incumbent minimum" for the applicable title that is in effect on the two (2) year anniversary of their original date of appointment as set forth in this Agreement.

f. For the purposes of Section 4(e) and 4(g) , employees 1) who were in active pay status before February 1, 2006, and 2) who are affected by the following personnel actions after said date shall not be treated as "newly hired" employees and shall be entitled to receive no less than the indicated minimum "incumbent rate" set forth in subsections 2(a)(ii), 2(a)(I)(ii), 2(b)(ii) or 2(b)(I)(ii) of this Article III:

i. Employees who return to active status from an approved leave of absence.
ii. Employees in active status (whether full or part-time) appointed to permanent status from a civil service list, or to a new title (regardless of jurisdictional class or civil service status) without a break in service of more than 31 days.
iii. Employees who were laid off or terminated for economic reasons who are appointed from a recall/preferred list or who were subject to involuntary redeployment.
iv. Provisional employees who were terminated due to a civil service list who are appointed from a civil service list within one year of such termination.
v. Permanent employees who resign and are reinstated or who are appointed from a civil service list within one year of such resignation.
vi. Employees (regardless of jurisdictional class or civil service status) who resign and return within 31 days of such resignation.
vii. A provisional employee who is appointed directly from one provisional appointment to another.

For employees whose circumstances were not anticipated by the parties, the First Deputy Commissioner of Labor Relations is empowered to issue, on a case-by-case basis, interpretations concerning application of this Section 4. Such case-by-case interpretations shall not be subject to the dispute resolution procedures set forth in Article VI of this *Agreement*.

g.

i. For a title subject to an incremental pay plan, the employee shall be paid the appropriate increment based upon the employee's length of service.

ii. Employees who change titles or levels before attaining two years of service will be treated in the new title or level as if they had been originally appointed to said title or level on their original hiring date.

h. The First Deputy Commissioner of Labor Relations may, after notification to the affected union(s), exempt certain hard to recruit titles from the provisions of subsections 4(c) and 4(e).

(Moved former section (f) to attached side letter.)

Section 5.

Each general increase provided herein, effective as of each indicated date, shall be applied to the rate in effect on the date as specified in Section 3 of this Article. In the case of a promotion or other advancement to the indicated title on the effective date of the general increase specified in Section 3 of this Article, such general increase shall not be applied, but the general increase, if any, for the title formerly occupied, effective on the date indicated shall be applied.

Section 6.

In the case of an **employee** on leave of absence without pay the salary rate of such employee shall be changed to reflect salary adjustments specified in Article III.

Section 7.

A person permanently employed by the Employer who is appointed or promoted on a permanent, provisional, or temporary basis in accordance Title 59, Appendix A of the Rules and Regulations of the City of New York (City Personal Director Rules) or where Title 59, Appendix A is inapplicable to a public employer, such other Rules or Regulations as are applicable to the public employer, without a break in service to any of the following title(s) from another title in the direct line of promotion or from another title in the Career and Salary Plan, the minimum rate of which is exceeded by at least 8 percent by the minimum rate of the title to which appointed or promoted, shall receive upon the date of such appointment or promotion either the minimum basic salary for the title to which such appointment or promotion is made, or the salary received or receivable in the lower title plus the specified advancement increase, whichever is greater:

ADVANCEMENT INCREASES

Title	Effective April 1, 2002
Associate Inspector (Electrical)	$982
Senior Inspector of Fire Alarm Boxes	$866

Section 8. - Assignment Level Increase

An employee assigned to Associate Inspector (Electrical) Assignment Level II, shall receive as of the effective date of such assignment, either the appointment rate for the assigned level or the rate received in the former level plus the following amount whichever is greater:

Effective	April 1, 2002
	$1,100

Section 9. - Assignment Differential

The symbol *(D)* appearing after a maximum salary signifies that such maximum salary may be extended to include an assignment differential to be paid in accordance with the provisions of this contract during the period for which any such differential is provided. The payment of such differential shall continue only during the period of such assignment. The payment of such differential and any specified assignment on which it may be based shall not be construed as an advancement to any higher title, and any such assignment is revocable at any time. In the event that an affected employee is removed from such assignment the assignment differential shall be discontinued.

Effective	April 1, 2002
	$1,373

Section 10. -Service Increment

a. Effective April 1, 2002, employees with 5 years or more of service in any title covered by this agreement shall receive a service increment in the pro-rata annual amount of $285. Eligible employees shall begin to receive such pro-rata payment on their anniversary date.

b. Effective April 1, 2002, employees with ten (10) years or more of service in any title covered by this Agreement shall receive a service increment in the pro-rata annual amount of $1,666. Eligible employees shall begin to receive such pro-rata payment on their anniversary date.

ARTICLE IV - WELFARE FUND

Section 1.

a. In accordance with the election by the Union pursuant to the provisions of Article XIII of the 1995-2001Citywide Agreement as amended between the City of New York and related public employers and District Council 37, A.F.S.C.M.E., AFL-CIO, or its successor Agreement(s), the Welfare Fund provisions of that Citywide Agreement as amended or any successor(s) thereto shall apply to employees covered by this Agreement.

b. When an election is made by the Union to the provisions of Article XIII, Section 1(b), of the Citywide Agreement between the City of New York and related public employers and District Council 37, AFSCME, AFL-CIO, the provisions of Article XIII, Section 1(b) of the 1995-2001 Citywide Agreement, as amended or any successor agreement(s) thereto, shall apply to Employees covered by this Agreement, and when such election is made, the Union hereby waives its right to training, education and/or legal services contributions provided in Article XIII, Section 1(b) of the 1995-2001Citywide Agreement, as amended or any successor agreements(s) thereto, exceed the title amount that the Union would have been entitled to receive if the separate contributions had continued.

Section 2.

The Unions agree to provide welfare fund benefits to domestic partners of covered employees in the same manner as those benefits are provided to spouses of married covered employees.

Section 3.

In accordance with the Health Benefits Agreement dated January 11, 2001, each welfare fund shall provide welfare fund benefits equal to the benefits provided on behalf of an active employee to widow(er)s, domestic partners and/or children of any employee who dies in the line of duty as that term is referenced in Section 12-126(b)(2) of the New York City Administrative Code. The cost of providing this benefit shall be funded by the Stabilization Fund

ARTICLE V - PRODUCTIVITY AND PERFORMANCE

Introduction

Delivery of municipal services in the most efficient, effective and courteous manner is of paramount importance to the Employer and the Union. Such achievement is recognized to be a mutual obligation of both parties within their respective roles and responsibilities. To achieve and maintain a high level of effectiveness, the parties hereby agree to the following terms:

Section 1. - Performance Levels

(a) The Union recognizes the Employer's right under the New York City Collective Bargaining Law to establish and/or revise performance standards or norms notwithstanding the existence of prior performance levels, norms or standards. Such standards, developed by usual work measurement procedures, may be used to determine acceptable performance levels, to prepare work schedules and to measure the performance of each employee or group of employees. Notwithstanding the above, questions concerning the practical impact that decisions on the above matters have on employees are within the scope of collective bargaining. The Employer will give the Union prior notice of the establishment and/or revision of performance standards or norms hereunder.

(b) Employees who work at less than acceptable levels of performance may be subject to disciplinary measures in accordance with applicable law.

Section 2. - Supervisory Responsibility

(a) The Union recognizes the Employer's right under the New York City Collective Bargaining Law to establish and/or revise standards for supervisory responsibility in achieving and maintaining performance levels of supervised employees for employees in supervisory positions listed in Article I, Section 1, of this Agreement. Notwithstanding the above, questions concerning the practical impact that decisions on the above matters have on employees are within the scope of collective bargaining. The Employer will give the Union prior notice of the establishment and/or revision of standards for supervisory responsibility hereunder.

(b) Employees who fail to meet such standards may be subject to disciplinary measures in accordance with applicable law.

Section 3. - Performance Compensation

The Union acknowledges the Employer's right to pay additional compensation for outstanding performance.

ARTICLE VI - GRIEVANCE PROCEDURE

Section 1. - Definition:

The term **"Grievance"** shall mean:

a. A dispute concerning the application or interpretation of the terms of this Agreement;

b. A claimed violation, misinterpretation or misapplication of the rules or regulations, written policy or orders of the Employer applicable to the agency which employs the grievant affecting terms and conditions of employment; provided, disputes involving the Rules and Regulations of the New York City Personnel Director or the Rules and Regulations of the Health and Hospitals Corporation with respect to those matters set forth in the first paragraph of Section 7390.1 of the Unconsolidated Laws shall not be subject to the grievance procedure or arbitration;

c. A claimed assignment of employees to duties substantially different from those stated in their job specifications;

d. A claimed improper holding of an open-competitive rather than a promotional examination;

e. A claimed wrongful disciplinary action taken against a permanent employee covered by Section 75(1) of the Civil Service Law or a permanent employee covered by the Rules and Regulations of the Health and Hospitals Corporation upon whom the agency head has served written charges of incompetency or misconduct while the employee is serving in the employee's permanent title or which affects the employee's permanent status.

f. Failure to serve written charges as required by Section 75 of the Civil Service Law or the Rules and Regulations of the Health and Hospitals Corporation upon a permanent employee covered by Section 75(1) of the Civil Service Law or a permanent employee covered by the Rules and Regulations of the Health and Hospitals Corporation where any of the penalties (including a fine) set forth in Section 75(3) of the Civil Service Law have been imposed.

g. A claimed wrongful disciplinary action taken against a provisional employee who has served continuously for two years in the same or similar title or related occupational group in the same agency.

Section 2.

The Grievance Procedure, except for grievances as defined in Sections 1(d),1(e) and 1(g) of this Article, shall be as follows: Employees may at any time informally discuss with their supervisors a matter, which may become a grievance. If the results of such a discussion are unsatisfactory, the employees may present the grievance at Step 1.

All grievances must be presented in writing at all steps in the grievance procedure. For all grievances as defined in Section lc, no monetary award shall in any event cover any period prior to the date of the filing of the **Step 1** grievance unless such grievance has been filed within thirty (30) days of the assignment to alleged out-of-title work.

Step 1 - The employee and/or the Union shall present the grievance in the form of a memorandum to the person designated for such purpose by the agency head no later than 120 days after the date on which the grievance arose. request shall be granted. The person designated by the Employer to hear the grievance shall take any steps necessary to a proper disposition of the grievance The employee may also request an appointment to discuss the grievance and such and shall issue a determination in writing by the end of the third work day following the date of submission.

NOTE: *The following **STEP (1a)** shall applicable only in the Health and Hospitals Corporation in the case of grievances arising under Section 1a through 1c of this Article and shall be applied prior to **Step II** of this Section:*

STEP 1(a) An appeal from an unsatisfactory determination at **Step 1** shall be presented in writing to the person designated by the agency head for such purpose. A copy of the grievance appeal shall be sent to the person who initially passed upon the grievance.

STEP II An appeal from an unsatisfactory determination at **STEP 1** or **STEP 1(a)**, where applicable, shall be presented in writing to the agency head or the agency head's designated representative who shall not be the same person designated in **STEP** 1. The appeal must be made within five (5) work days of the receipt of the **STEP 1** or **STEP 1(a)** determination. The agency head or designated representative, if any, shall meet with the employee and/or the Union for review of the grievance and shall issue a determination in writing by the end of the tenth work day following the date on which the appeal was filed.

STEP III An appeal from an unsatisfactory determination at **STEP II** shall be presented by the employee and/or the Union to the Commissioner of Labor Relations in writing within ten (10) work days of the receipt of the **STEP II** determination. The grievant or the Union should submit copies of the **STEP 1** and **STEP II** grievance filings and any agency responses thereto. Copies of such appeal shall be sent to the agency head. The Commissioner of Labor Relations or the Commissioner's designee shall review all appeals from **STEP II** determinations and shall issue a determination on such appeals within fifteen (15) work days following the date on which the appeal was filed.

STEP IV An appeal from an unsatisfactory determination at **STEP III** may be brought solely by the Union to the Office of Collective Bargaining for impartial arbitration within fifteen (15) work days of receipt of the **STEP III** determination. In addition, the Employer shall have the right to bring directly to arbitration any dispute between the parties concerning any matter defined herein as a "grievance". The Employer shall commence such arbitration by submitting a written request therefor to the Office of Collective Bargaining. A copy of the notice requesting impartial arbitration shall be forwarded to the opposing party. The arbitration shall be conducted in accordance with the Consolidated Rules of the Office of Collective Bargaining. The costs and fees of such arbitration shall be borne equally by the Union and the Employer.

The arbitrator's decision, order or award (if any) shall be limited to the application and interpretation of the Agreement, and the arbitrator shall not add to, subtract from or modify the Agreement. The arbitrator's award shall be final and binding and enforceable in any appropriate tribunal in accordance with Article 75 of the Civil Practice Law and Rules. The arbitrator may provide for and direct such relief as the arbitrator deems necessary and proper, subject to the limitations set forth above and any applicable limitations of law.

Section 3.

As a condition to the right of the Union to invoke impartial arbitration set forth in this Article, including the arbitration of a grievance involving a claimed improper holding of an open-competitive rather than a promotional examination, the employee or employees and the Union shall be required to file with the Director of the Office of Collective Bargaining a written waiver of the right, if any, of the employee and the union to submit the underlying dispute to any other administrative or judicial tribunal except for the purpose of enforcing the arbitrator's award.

Section 4.

a. Any grievance under Section 1(d) relating to a claimed improper holding of an open-competitive rather than a promotional examination shall be presented in writing by the employee or the Union representative to the Commissioner of Labor Relations not later than thirty (30) days after the notice of the intention to conduct such open-competitive examination, or copy of the appointing officer's request for such open-competitive examination, as the case may be, has been posted in accordance with Section 51 of the Civil Service Law. The grievance shall be considered and passed upon within ten (10) days after its presentation. The determination shall be in writing, copies of which shall be transmitted to both parties to the grievance upon issuance.

b. A grievance relating to the use of an open-competitive rather than a promotional examination which is unresolved by the Commissioner of Labor Relations may be brought to impartial arbitration as provided in Sections 2 and 3 above. Such a grievance shall be presented by the Union, in writing, for arbitration within 15 days of the presentation of such grievance to the Commissioner of Labor Relations, and the arbitrator shall decide such grievance within 75 days of its presentation to the arbitrator. The party requesting such arbitration shall send a copy of such request to the other party. The costs and fees of such arbitration shall be borne equally by the Employer and the Union.

Section 5.

In any case involving a grievance under Section 1(e) of this Article, the following procedure shall govern upon service of written charges of incompetence or misconduct:

STEP A Following the service of written charges, a conference with such employee shall be held with respect to such charges by the person designated by the agency head to review a grievance at **STEP 1** of the Grievance Procedure set forth in this Agreement. The employee may be represented at such conference by a representative of the Union. The person designated by the agency head to review the charges shall take any steps necessary to a proper disposition of the charges and shall issue a determination in writing by the end of the fifth day following the date of the conference.

If the employee is satisfied with the determination in **STEP A** above, the employee may choose to accept such determination as an alternative to and in lieu of a determination made pursuant to the procedures provided for in Section 75 of the Civil Service Law or the Rules and Regulations of the Health and Hospitals Corporation. As a condition of accepting such determination, the employee shall sign a waiver of the employee's right to the procedures available to him or her under Sections 75 and 76 of the Civil Service Law or the Rules and Regulations of the Health and Hospitals Corporation.

STEP B(i) If the employee is not satisfied with the determination at **STEP** Above then the Employer shall proceed in accordance with the disciplinary procedures set forth in Section 75 of the Civil service Law or the Rules and Regulations of the Health and Hospitals Corporation. As an alternative, the Union with the consent of the employee may choose to proceed in accordance with the Grievance Procedure set forth in this Agreement, including the right to proceed to binding arbitration pursuant to **STEP IV** of such Grievance Procedure. As a condition for submitting the matter to the Grievance Procedure the employee and the Union shall file a written waiver of the right to utilize the procedures available to the employee pursuant to Sections 75 and 76 of the Civil Service Law or the Rules and Regulations of the Health and Hospitals Corporation or any other administrative or judicial tribunal, except for the purpose of enforcing an arbitrator's award, if any. Notwithstanding such waiver, the period of an employee's suspension without pay pending hearing and determination of charges shall not exceed thirty (30) days.

STEP B(ii) If the election is made to proceed pursuant to the Grievance Procedure, an appeal from the determination of **STEP A** above, shall be made to the agency head or designated representative. The appeal must be made in writing within five (5) work days of the receipt of the determination. The agency head or designated representative shall meet with the employee and the Union for review of the grievance and shall issue a determination to the employee and the Union by the end of the tenth work day following the day on which the appeal was filed. The agency head or designated representative shall have the power to impose the discipline, if any, decided upon, up to and including termination of the accused employee's employment. In the event of such termination or suspension without pay totaling more than thirty (30) days, the Union with the consent of the grievant may elect to skip **STEP C** of this Section and proceed directly to **STEP D**.

STEP C If the grievant is not satisfied with the determination of the agency head or designated representative the grievant or the Union may appeal to the Commissioner of Labor Relations in writing within ten (10) days of the determination of the agency head or designated representative. The Commissioner of Labor Relations shall issue a written reply to the grievant and the Union within fifteen (15) work days.

STEP D If the grievant is not satisfied with the determination of the Commissioner of Labor Relations, the Union with the consent of the grievant may proceed to arbitration pursuant to the procedures set forth in **STEP IV** of the Grievance Procedure set forth in this Agreement.

Section 6.

A grievance concerning a large number of employees and which concerns a claimed misinterpretation, inequitable application, violation or failure to comply with the provisions of this Agreement may be filed directly at **STEP III** of the grievance procedure except that a grievance concerning employees of the Health and Hospitals Corporation may be filed directly at **STEP II** of the grievance procedure. All other individual grievances in process concerning the same issue shall be consolidated with the "group " grievance. Such "group" grievance must be filed no later than 120 days after the date on which the grievance arose, and all other procedural limits, including time limits, set forth in this Article shall apply. All other individual grievances in process concerning the same issue shall be consolidated with the "group" grievance.

Section 7.

If a determination satisfactory to the Union at any level of the Grievance Procedure is not implemented within a reasonable time, the Union may re-institute the original grievance at **STEP III** of the Grievance Procedure; or if a satisfactory **STEP III** determination has not been so implemented, the Union may institute a grievance concerning such failure to implement at **STEP IV** of the Grievance Procedure.

Section 8.

If the Employer exceeds any time limit prescribed at any step in the Grievance Procedure, the grievant and/or the Union may invoke the next step of the procedure, except that only the Union may invoke impartial arbitration under **STEP IV**.

Section 9.

The Employer shall notify the Union in writing of all grievances filed by employees, all grievance hearings, and all determinations. The Union shall have the right to have a representative present at any grievance hearing and shall be given forty-eight (48) hours' notice of all grievance hearings.

Section 10.

The employer shall notify the Union in writing of all grievances filed by Employees, all grievance hearings, and all determinations. The Union shall have the right to have a representative present at any grievance hearing and shall be given forty-eight (48) hours' notice of all grievance hearings.

Section 11.

Each of the steps in the Grievance Procedure, as well as time limits prescribed at each step of this Grievance Procedure, may be waived by mutual agreement of the parties.

Section 12.

A non-Mayoral agency not covered by this Agreement but which employs employees in titles identical to those covered by this Agreement may elect to permit the Union to appeal an unsatisfactory determination received at the last step of its Grievance Procedure prior to arbitration on fiscal matters only to the Commissioner of Labor Relations. If such election is made, the Union shall present its appeal to the Commissioner of Labor Relations in writing within ten (10) work days of the receipt of the last step determination. The Union should submit copies of the grievance filings at the prior steps of its Grievance Procedure and any agency responses thereto. Copies of such appeals shall be sent to the agency head. The Commissioner of Labor Relations, or the Commissioner's designee, shall review all such appeals and answer all such appeals within fifteen (15) work days. An appeal from a determination of the Commissioner of Labor Relations may be taken to arbitration under procedures, if any, applicable to the non-Mayoral agency involved.

Section 13.

The grievance and the arbitration procedure contained in this Agreement shall be the exclusive remedy for the resolution of disputes defined as "grievances" herein. This shall not be interpreted to preclude either party from enforcing the arbitrator's award in court. This Section shall not be

construed in any manner to limit the statutory rights and obligations of the Employer under Article XIV of the Civil Service Law.

Section 14. Expedited Arbitration Procedure

a. The parties agree that there is a need for an expedited arbitration process which would allow for the prompt adjudication of grievances as set forth below.

b. The parties voluntarily agree to submit matters to final and binding arbitration pursuant to the New York City Collective Bargaining Law and under the jurisdiction of the Office of Collective Bargaining. An arbitrator or panel of arbitrators, as agreed to by the parties, will act as the arbitrator of any issue submitted under the expedited procedure herein.

c. The selection of those matters which will be submitted shall include, but not limited to, out-of-title cases concerning all titles, disciplinary cases where in the proposed penalty is a monetary fine of one week or less or written reprimand, and other cases pursuant to mutual agreement by the parties. The following procedures shall apply:

I. SELECTION AND SCHEDULING OF CASES:

(1) The Deputy Chairperson for Disputes of the Office of Collective Bargaining shall propose which cases shall be subject to the procedures set forth in this Section 14 and notify the parties of propose hearing dates for such cases.

(2) The parties shall have ten business days from the receipt of the Deputy Chairperson's proposed list of cases and hearing schedule(s) raise any objections thereto.

(3) If a case is not proposed by the Deputy Chairperson for expedited handling, either party may, at any time prior to the scheduling of an arbitration hearing date for such case, request in writing to the other party and to the Deputy Chairperson of Disputes of the Office of Collective Bargaining that said case be submitted to the expedited procedure. The party receiving such request shall have ten business days from the receipt of the request to raise any objections thereto.

(4) No case shall be submitted to the expedited arbitration process without the mutual agreement of the parties.

II. CONDUCT OF HEARINGS:

(1) The presentation of the case, to the extend possible, shall be made in the narrative form. To the degree that witnesses are necessary, examination will be limited to questions of material fact and cross examination will be similarly limited. Submission of relevant documents, etc., will not be unreasonably limited and my be submitted as a "packet" exhibit.

(2) In the event either party is unable to proceed with hearing a particular case, the case shall be rescheduled. However, only one adjournment shall be permitted. In the event that either party is unable to proceed on a second occasion, a default judgment may be entered against the adjourning party at the Arbitrator's discretion absent good cause shown.

(3) The Arbitrator shall not be precluded from attempting to assist the parties in settling a particular case.

(4) A decision will be issued by the Arbitrator within two weeks. It will not be necessary in the Award to recount any of the facts presented. However, a brief explanation of the Arbitrator's rationale may be included. Bench decisions may also be issued by the Arbitrator.

(5) Decisions in this expedited procedure shall not be considered as precedent for any other case nor entered into evidence in any other forum or dispute except to enforce the Arbitrator's award.

(6) The parties shall, whenever possible, exchange any documents intended to be offered in evidence at least one week in advance of the first hearing date and shall endeavor to stipulate to the issue in advance of the hearing date.

ARTICLE VII - BULLETIN BOARDS: EMPLOYER FACILITIES

The Union may post notices on bulletin boards in places and locations where notices usually are posted by the Employer for the employees to read. All notices shall be on Union stationery, and shall be used only to notify employees of matters pertaining to Union affairs. Upon request to the responsible official in charge of a work location, the Union may use Employer premises for meetings during employees' lunch hours, subject to availability of appropriate space and provided such meetings do not interfere with the Employer's business.

ARTICLE VIII - NO STRIKES

In accordance with the New York City Collective Bargaining Law, as amended, neither the Union nor any employee shall induce or engage in any strikes, slowdowns, work stoppages, mass absenteeism, or induce any mass resignations during the term of this Agreement.

ARTICLE IX - CITYWIDE ISSUES

This Agreement is subject to the provisions, terms and conditions of the Agreement which has been or may be negotiated between the City and the Union recognized as the exclusive collective bargaining representative on Citywide matters which must be uniform for specified employees, including the employees covered by this Agreement. Employees in Rule X titles shall receive the benefits of the Citywide Agreement unless otherwise specifically excluded herein.

ARTICLE X - UNION ACTIVITY

Time spent by employee representatives in the conduct of labor relations with the City and on Union activities shall be governed by the terms of Executive Order No. 75, as amended, dated March 22, 1973, entitled "Time Spent on the Conduct of Labor Relations between the City and Its employees and on Union Activity" or any other applicable Executive Order.

ARTICLE XI - LABOR-MANAGEMENT COMMITTEE

Section 1.

The Employer and the Union, having recognized that cooperation between management and employees is indispensable to the accomplishment of sound and harmonious labor relations, shall jointly maintain and support a labor-management committee in each of the agencies having at least fifty employees covered by this Agreement.

Section 2.

Each labor-management committee shall consider and recommend to the agency head changes in the working conditions of the employees within the agency who are covered by this Agreement. Matters subject to the Grievance Procedure shall not be appropriate items for consideration by the labor-management committee.

Section 3.

Each labor-management committee shall consist of six members who shall serve for the term of this Agreement. The Union shall designate three members and the agency head shall designate three members. Vacancies shall be filled by the appointing party for the balance of the term to be served. Each member may designate one alternate. Each committee shall select a chairperson from among its members at each meeting. The chairperson ship of each committee shall alternate between the members designated by the agency head and the members designated by the Union. A quorum shall consist of a majority of the total membership of a committee. A committee shall make its recommendations to the agency head in writing.

Section 4.

The labor-management committee shall meet at the call of either the Union members or the Employer members at times mutually agreeable to both parties. At least one week in advance of a meeting the party calling the meeting shall provide, to the other party, a written agenda of matters to be discussed. Minutes shall be kept and copies supplied to all members of the committee.

ARTICLE XII - FINANCIAL EMERGENCY ACT

The provisions of this Agreement are subject to applicable provisions of law, including the New York State Financial Emergency Act for the City of New York as amended.

ARTICLE XIII - APPENDICES

The Appendix or Appendices, if any, attached hereto and initialed by the undersigned shall be deemed a part of this Agreement as if fully set forth herein.

ARTICLE XIV - SAVINGS CLAUSE

In the event that any provision of this Agreement is found to be invalid, such invalidity shall not impair the validity and enforceability of the remaining provisions of this Agreement.

ARTICLE XV - CONTRACTING-OUT CLAUSE

The problem of "Contracting Out" or "Farming Out" of work normally performed by personnel covered by this Agreement shall be referred to the Labor-Management Committee as provided for in Article XI of this Agreement.

WHEREFORE, we have hereunto set our hands and seals this 24th day of March, 2006.

Re: 2002-2005 Electrical Inspector Agreement

Dear Mr. Vicari:

This letter is to confirm certain mutual understandings and agreements regarding the above-captioned agreement.

The parties agree to establish a "Joint Labor Management Committee on Productivity Initiatives" ("Committee")

Composition of the Committee

The Committee shall comprise representatives designated by: the Deputy Mayor for Operations, the Law Department, the Office of Labor Relations, the Office of Management and Budget, the Office of Operations, and Local 3 Electrical Inspectors.

Goals and Objectives

The Committee shall work to identify efficiencies in the administration and delivery of governmental services, which shall in turn be utilized to provide additional compensation to employees. This agreement expresses the joint labor and management commitment to associate improved City service and performance with appropriate compensation for the workforce.

The goal of the Committee's work shall be to identify, review, recommend and develop initiatives that generate workplace savings, maximize the potential of the City workforce and ensure the provision of essential services while at the same time improving compensation for the City workforce. To that end, the parties will seek to identify quantifiable savings while at the same time maintaining or improving City services.

The Committee shall make all reasonable efforts to issue a report or reports as soon as practicable, which propose initiatives representing meaningful, quantifiable, recurring savings to the City and which generate funding to be utilized to compensate employees. Upon completion and acceptance of all committee members of the report, an additional one percent (1%) increase shall be paid to employees covered by this agreement.

The parties agree to meet and negotiate the application of any additional savings above 1% generated by the programs developed by the Committee.

Areas for Consideration

The Committee's study may encompass such matters, including, but not limited to, absence control, contracting in, workers compensation and other efficiencies.

Sick leave usage. The Committee will seek to design a program to examine baseline data as to sick leave usage as a benchmark for comparison. The goal will be to reduce employee sick leave usage on an ongoing basis as a productivity enhancement.

Contracting-in. The Committee shall identify areas wherein City services are now being outsourced with the goal of providing those services by City employees with a cost savings to the City.

Workers Compensation Cost Containment Task Force. The Committee shall create a special task force, requesting such assistance of cost containment experts as necessary, with the goal of developing reforms that emphasize effective treatments and speed the return to work; that explore the manner in which treatment services are provided; that set specific standards of evaluation and treatment; and that serve to root out fraudulent claims.

Such other areas as the Committee may mutually agree.

Implementation of Savings

The initiatives and programs developed pursuant to this Committee must be unanimously agreed upon. In the event there is a dispute as to the amount of savings generated by an initiative or the implementation of a program, or the savings generated by a program are not paid pursuant to this agreement, it shall be submitted to arbitration upon written notice therefor by any of the parties to this Agreement to the party with whom such dispute or controversy exists. The matter submitted for arbitration shall be submitted to an arbitration panel consisting of the three impartial members of the Board of Collective Bargaining pursuant to Title 61 of the rules of the City of New York. Any award in such arbitration proceeding shall be final and binding and shall be enforceable pursuant to Article 75 of the CPLR.

If the above accords with your understanding, kindly execute the signature line provided below.

Very truly yours,
JAMES F. HANLEY

Re: 2002-2005 Electrical Inspectors Agreement

Dear Mr. Vicari:

This is to confirm certain mutual understandings and agreements regarding the above captioned Agreement.

1. The First Deputy Commissioner of Labor Relations may, after notification to the affected union(s), exempt certain hard to recruit titles, as defined in relevant cases by DCAS and by HHC, from the provisions of Article III, Section 4 of the *200-2005 Electrical Inspectors Agreement*.

2. For the purposes of Article III, Section 4 of the *2002-2005 Electrical Inspectors Agreement*, employees who were in active pay status prior to the date of execution of the *2002-2005 Electrical Inspectors Agreement* who are affected by the following personnel actions after said date shall not be treated as "newly hired" employees and shall be entitled to receive no less than the minimum incumbent salary set forth in Section 3 on the dates indicated therein.

a. Employees who return to active pay status from an approved leave of absence.

b. Employees in active pay status (whether full or part-time) appointed to permanent status from a civil service list or to a new title (regardless of jurisdictional class or civil service status) without a break in service of more than 31 days.

c. Employees who were laid off or terminated for economic reasons who are appointed from a recall/preferred list or who were subject to involuntary redeployment.

d. Provisional employees who were terminated due to a civil service list who are appointed from a civil service list within one year of such termination.

e. Permanent employees who resign and are reinstated within one year of such resignation.

f. Employees (regardless of jurisdictional class or civil service status) who resign and return within 31 days of such resignation.

g. A provisional employee who is appointed directly from one provisional appointment to another.

h. For circumstances that were not anticipated by the parties, the First Deputy Commissioner of Labor Relations may elect to issue, on a case-by-case basis, interpretations concerning the application of Section 4 of the *2002-2005 Electrical Inspectors Agreement*.

3. For the purposes of Section 2(a), "approved leave" is further defined to include:

a. maternity/childcare leave

b. military leave

c. unpaid time while on jury duty

d. unpaid leave for union business pursuant to Executive Order 75

e. unpaid leave pending workers' compensation determination

f. unpaid leave while on workers' compensation option 2

g. approved unpaid time off due to illness or exhaustion of paid sick leave

h. approved unpaid time off due to family illness

i. other pre-approved leaves without pay

If the above accords with your understanding, please execute the signature line provided below.

Very truly yours,
JAMES F. HANLEY

Re: Lump Sum Cash Payment Guidelines
2002-2005 Electrical Inspectors Agreement

Dear Mr. Vicari:

This is to confirm the understanding and agreement of the parties concerning the guidelines for receipt of the lump sum cash payment provided in Article 3, Section 3(a) of the *2002-2005 Electrical Inspector Agreement*.

A. Eligibility Guidelines

The following categories of Employees shall be eligible to receive a lump sum cash payment in the amount of $1,000, or a pro-rata portion thereof, in accordance with the further provisions of paragraph C, below.

i. Employees who are in active pay status on or before February 9, 2006;

ii. Employees who worked the full period from July 1, 2002 through June 30, 2003 and who retired on or after June 30, 2003.

iii. Employees who had at least one year of service and who had been in service during the period from July 1, 2002 through June 30, 2003 and who were laid-off/terminated for economic reasons.

iv. Employees on active Military Duty pursuant to "Operation Enduring Freedom."

v. Employees who are in pay status on or before February 8, 2006, albeit on approved leave without pay, will receive the applicable lump sum payment upon their return to work.

Note: It is understood that Employees who were terminated for cause or who resigned shall not be eligible for the lump sum cash payment.

B. Proration of Lump Sum Cash Payment

Full-time per annum and full-time per diem Employees shall receive a lump sum cash payment in the amount of $1,000.

Part-time per annum, part-time per diem, per session, hourly paid and per diem Employees (including seasonal appointees) and Employees whose normal work year is less than a full calendar year shall receive a pro-rata portion of the lump sum cash payment on the basis of computations heretofore utilized by the parties for all such Employees.

C. The lump sum cash payments shall not become part of the Employee's basic salary rate nor be added to the Employee's basic salary for the calculation of any salary based benefits including the calculation of future collective bargaining increases.

D. The lump sum cash payment shall be pensionable, consistent with applicable law, and shall be paid as soon as practicable upon ratification of the *2002-2005 Electrical Inspector Agreement*.

E. For circumstances that were not anticipated by the parties, the First Deputy Commissioner of Labor Relations may elect to issue, on a case-by-case basis, interpretations concerning the application of Article 3, Section 3(a) of the *2002-2005 Electrical Inspector Agreement*.

If the above accords with your understanding, kindly execute the signature line provided below.

Very truly yours,

Joseph Vicari
Business Representative
International Brotherhood of Electrical Workers – Local 3
158-11 Harry Van Arsdale Ave., Room 402
Flushing, NY 11365

Re: 2002-2005 Electrical Inspector Agreement

Dear Mr. Vicari:

This is to confirm certain mutual understandings and agreements regarding the above captioned Agreement.

For those employees hired between July 15, 1996 through December 31, 1999, upon completion of four (4) years of active or qualified inactive service, an employee in active pay status appointed pursuant to the provisions set forth in Section 5(b) of the 1995 MCMEA shall receive a one-time lump sum payment calculated by taking the difference between the "hiring rate" received by the employee and the indicated minimum for the applicable title set forth in this *Agreement* that was in effect on the one year anniversary of the employee's original date of appointment to their title. Such one-time lump sum payment shall be equivalent to the difference between the annual salary rate the employee would have actually earned during the employee's second year of service had the higher salary rate been in effect and the annual salary rate they did earn.

"Qualified inactive service" is defined for the purposes of this agreement to include the following employees:

1. those who are on preferred or recall lists; or
2. those who are on an approved leave.

"Approved leave" is further defined to include:

a. maternity/childcare leave

b. military leave

c. unpaid time while on jury duty

d. unpaid leave for union business pursuant to Executive Order 75

READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council,** 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists--free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:

Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.

If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

PROCUREMENT POLICY BOARD RULES

The Rules may also be accessed on the City Website, http://NYC.GOV.Selltonyc

COMMON ABBREVIATIONS USED IN THE CR

The CR contains many abbreviations. Listed below are simple explanations of some of the most common ones appearing in the CR:

AB ..... Acceptable Brands List
AC .....Accelerated Procurement
AMT .....Amount of Contract
BL .....Bidders List
CSB .....Competitive Sealed Bidding (including multi-step)
CB/PQ .....CB from Pre-qualified Vendor List
CP .....Competitive Sealed Proposal (including multi-step)
CP/PQ .....CP from Pre-qualified Vendor List
CR .....The City Record newspaper
DA .....Date bid/proposal documents available
DUE .....Bid/Proposal due date; bid opening date
EM .....Emergency Procurement
IG .....Intergovernmental Purchasing
LBE .....Locally Based Business Enterprise
M/WBE .....Minority/Women's Business Enterprise
NA .....Negotiated Acquisition
NOTICE....Date Intent to Negotiate Notice was published in CR
OLB .....Award to Other Than Lowest Responsible & Responsive Bidder/Proposer
PIN .....Procurement Identification Number
PPB .....Procurement Policy Board
PQ .....Pre-qualified Vendors List
RS .....Source required by state/federal law or grant
SCE .....Service Contract Short-Term Extension
DP .....Demonstration Project
SS .....Sole Source Procurement
ST/FED .....Subject to State &/or Federal requirements

KEY TO METHODS OF SOURCE SELECTION

The Procurement Policy Board (PPB) of the City of New York has by rule defined the appropriate methods of source selection for City procurement and reasons justifying their use. The CR procurement notices of many agencies include an abbreviated reference to the source selection method utilized. The following is a list of those methods and the abbreviations used:

CSB .....**Competitive Sealed Bidding** (including multi-step)
Special Case Solicitations / Summary of Circumstances:
CP .....***Competitive Sealed Proposal*** (including multi-step)
CP/1 .....Specifications not sufficiently definite
CP/2 .....Judgement required in best interest of City
CP/3 .....Testing required to evaluate
CB/PQ/4 ....
CP/PQ/4 ....**CB or CP from Pre-qualified Vendor List/ Advance qualification screening needed**
DP .....Demonstration Project
SS .....**Sole Source Procurement**/only one source
RS .....Procurement from a Required Source/ST/FED
NA .....Negotiated Acquisition
For ongoing construction project only:
NA/8 .....Compelling programmatic needs
NA/9 .....New contractor needed for changed/additional work
NA/10 .....Change in scope, essential to solicit one or limited number of contractors
NA/11 .....Immediate successor contractor required due to termination/default
For Legal services only:
NA/12 .....Specialized legal devices needed; CP not advantageous
WA .....**Solicitation Based on Waiver/Summary of Circumstances** (Client Services/BSB or CP only)
WA1 .....Prevent loss of sudden outside funding
WA2 .....Existing contractor unavailable/immediate need
WA3 .....Unsuccessful efforts to contract/need continues
IG .....**Intergovernmental Purchasing** (award only)
IG/F .....Federal
IG/S .....State
IG/O .....Other
EM .....**Emergency Procurement** (award only) An unforeseen danger to:
EM/A .....Life
EM/B .....Safety
EM/C .....Property
EM/D .....A necessary service
AC .....**Accelerated Procurement**/markets with significant short-term price fluctuations
SCE .....**Service Contract Extension**/insufficient time; necessary service; fair price
Award to Other Than Lowest Responsible & Responsive Bidder or Proposer / Reason (award only)
OLB/a .....anti-apartheid preference
OLB/b .....local vendor preference
OLB/c .....recycled preference
OLB/d .....other: (specify)

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

SAMPLE NOTICE:

as shown on a diagram (for illustrative purposes only) dated December 19, 2005.

The Subcommittee on Landmarks, Public Siting and Maritime Uses public hearing scheduled to be held in the Council Committee Room, City Hall, New York, New York 10007, commencing at 11:00 A.M. on Monday, April 10, 2006 has been deferred.

The Subcommittee on Planning, Dispositions and Concessions will hold public hearings on the following matters in the Council Committee Room, City Hall, New York, New York 10007, commencing at 11:30 A.M. on Monday, April 10, 2006:

BROOKLYN CB - 2 **C 060176 ZMK**

Application submitted by the Department of Housing Preservation and Development pursuant to Sections 197-c and 201 of the New York City Charter for an amendment of the Zoning Map, Section No. 16c, changing from a C6-1 District to a C6-2 District property bounded by a line 100 feet northerly of Atlantic Avenue, South Oxford Street, Atlantic Avenue, and South Portland Avenue, as shown on a diagram (for illustrative purposes only) dated November 14, 2005.

BROOKLYN CB - 2 **C 060177 HAK**

Application submitted by the Department of Housing Preservation and Development (HPD):

1) pursuant to Article 16 of the General Municipal Law of New York State for:

   a) the designation of property located at 207 and 209 South Portland Ave., 206 and 208, 214 and 216 South Oxford St. (Block 2004, Lots 1, 2, 78-82 and 84) p/o Site 3 within the Atlantic Terminal Urban Renewal Area, as an Urban Development Action Area; and

   b) an Urban Development Action Area Project for such area;

2) pursuant to Section 197-c of the New York City Charter for the disposition of such property to a developer to be selected by HPD;

to facilitate the development of a ten-story building, tentatively known as Atlantic Terrace, with approximately 80 residential units above ground floor retail to be developed under HPD's Cornerstone Program.

BROOKLYN CB - 3 **C 060194 HAK**

Application submitted by the Department of Housing Preservation and Development (HPD):

1) Pursuant to Article 16 of the General Municipal Law of New York State for:

   a. the designation of property located at 31-39 Van Buren Street (Block 1791, Lots 68-72) as an Urban Development Action Area; and

   b. an Urban Development Action Area Project for such area;

2) Pursuant to Section 197-c of the New York City Charter for the disposition of such property to a developer to be selected by HPD;

to facilitate the development of a five-story building tentatively known as Wazobia House, with approximately 43 dwelling units to be developed under HPD's Supportive Housing Loan Program.

BROOKLYN CB - 3 **C 060195 ZSK**

Application submitted by the Department of Housing Preservation and Development (HPD) pursuant to Sections 197-c and 201 of the New York City Charter for the grant of a special permit, pursuant to Section 74-902 of the Zoning Resolution to permit the allowable community facility floor area ratio of Section 24-11 (Maximum Floor Area and Percentage of Lot Coverage) to apply to a proposed approximately 18,243 square foot, 5-story Non-Profit Institution with Sleeping Accommodations (U.G. 3A), on property located at 31-39 Van Buren Street (Block 1791, Lots 68-72), in an R5 District.

Proposals subject to Council review and action pursuant to the Urban Development Action Area Act, Article 16 of the New York General Municipal Law, at the request of the Department of Housing Preservation and Development ("HPD"), which requests that the Council:

1. Find that the present status of the listed areas tends to impair or arrest the sound growth and development of the municipality and that the proposed Urban Development Action Area Project is consistent with the policy and purposes of Section 691 of the General Municipal Law;

2. Waive the area designation requirement of Section 693 of the General Municipal Law pursuant to said Section;

3. Waive the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law;

4. Approve the project as an Urban Development Action Area Project pursuant to Section 694 of the General Municipal Law; and

5. Approve an exemption of the projects from real property taxes pursuant to Section 696 of the General Municipal Law for Non-ULURP Nos. 20065338 HAK through 20065343 HAK and 20065345 HAK.

CITY PLANNING COMMISSION

■ PUBLIC HEARINGS

NOTICE IS HEREBY GIVEN THAT RESOLUTIONS Have been adopted by the City Planning Commission Scheduling public hearings on the following matters to be held at Spector Hall, 22 Reade Street, New York on Wednesday, April 5, 2006, commencing at 10:00 A.M.

BOROUGH OF THE BRONX
Nos. 1 & 2
WILLIS AVENUE BRIDGE
No. 1

CD 1 **C 030028 MMX**

IN THE MATTER OF an application submitted by the Department of Transportation pursuant to Sections 197-c and 199 of the New York City Charter, for an amendment to the City Map involving:

- the extinguishment of an existing bridge easement between East 132nd Street and the U.S. Pierhead and Bulkhead Line;
- the delineation of a new bridge easement between East 132nd Street and the U.S. Pierhead and Bulkhead Line;
- the delineation of a new bridge corridor between Willis Avenue and Brown Place;
- the adjustment of grades necessitated thereby; and
- any acquisition or disposition of real property related thereto,

in accordance with Map No. 13095 dated November 21, 2005 and signed by the Borough President.
Resolution for adoption scheduling April 5, 2006 for a public hearing.

No. 2

CD 1 **C 060253 MLX**

IN THE MATTER OF an application, submitted by the Department of Transportation pursuant to Sections 197-c of the New York City Charter, for a landfill of approximately 2,336 sq. ft. located at the Harlem River south of the Willis Avenue Bridge in Block 2260, Lot 62.
Resolution for adoption scheduling April 5, 2006 for a public hearing.

BOROUGH OF MANHATTAN
Nos. 3 & 4
ECF MIXED-USE DEVELOPMENT
No. 3

CD 8 **C 060255 ZSM**

IN THE MATTER OF an application submitted by the NYC Educational Construction Fund and 1765 First Associates LLC pursuant to Sections 197-c and 201 of the New York City Charter for the grant of a special permit pursuant to Section 7475* of the Zoning Resolution to permit utilization of air rights over a school, to modify the requirements of Section 23-60 (Height and Setback Regulations), Section 24-55 (Required Side and Rear Setbacks), and Section 24-382 (Required rear yard equivalents), and to allow the distribution of floor area without regard for district boundaries to facilitate the development of a mixed use building on property located at 1765 First Avenue (Block 1554, Lots 23, 28, 29, 30, 32 and 130) in R8B and C2-8 Districts.

*Note: Section 74-75 is proposed to be changed under a related application (N 060254 ZRY) for an amendment of the Zoning Resolution.
Resolution for adoption scheduling April 5, 2006 for a public hearing.

No. 4

CD 8 **N 060254 ZRM**

IN THE MATTER OF an application submitted by the New York City Educational Construction Fund and 1765 First Associates LLP, pursuant to Section 201 of the New York City Charter for an amendment of the Zoning Resolution of the City of New York relating to Article VII Chapter 7 (Special Permits by the City Planning Commission), concerning 74-75 (Educational Construction Fund Projects).

Matter underlined is new, to be added;
Matter within # # is defined in Section 12-10;
Matter in ~~strikeout~~ is text to be deleted;
*** indicates where unchanged text appears in the zoning resolution

Article VII: Administration
Chapter 4: Special Permits by the City Planning Commission
***
74-75 ~~(7/26/01)~~
Educational Construction Fund Projects

In R5, R6, R7, R8, R9 or R10 districts, in C1 or C2 Districts mapped within such Residence Districts, or in C1-6, C1-7, C1-8, C1-9, C2-6, C2-7, C2-8, C4, C5, C6, or C7 Districts, for combined school and residences including air rights over schools built on a zoning lot owned by the New York City Educational Construction Fund, the City Planning Commission may permit utilization of air rights; modify the requirements that open area be accessible to and usable by all persons occupying a dwelling unit or rooming unit on the zoning lot in order to qualify as open space; permit ownership, control of access and maintenance of portions of the open space to be vested in the New York City Educational Construction Fund or City agency successor in title; permit modification of yard regulations and height and setback regulations; authorize the total floor area, open space, dwelling units or rooming units permitted by the applicable district regulations on such site to be distributed without regard for district boundaries; and authorize an increase of 25 percent in the number of dwelling units or rooming units permissible under the applicable district regulations. For the purposes of this Section 74-75 a #zoning lot# "owned by the New York City Educational Construction Fund may also include a tract of land under single fee ownership or alternate ownership arrangements according to the #zoning lot# definition in Section 12-10, when such tract of land includes a parcel which was the site of a public school listed in this Section.

School	Community District
P.S. 151	M8

Resolution for adoption scheduling April 5, 2006 for a public hearing.

BOROUGH OF QUEENS
No. 5

m29-a11

MARKETING DEVELOPMENT CORPORATION

■ **JOINT PUBLIC HEARING**

CORRECTED NOTICE

NOTICE OF A JOINT PUBLIC HEARING between the Franchise and Concession Review Committee ("FCRC") and the New York City Marketing Development Corporation to be held on Monday, April 10, 2006 at Spector Hall, 22 Reade Street, Main Floor, Borough of Manhattan, commencing at 10:00 A.M. relative to:

NYC Marketing's application on behalf of the Department of Small Business Services to utilize different procedures (i.e., a sole source concession), pursuant to Section 1-13 of the Concession Rules to implement an amendment to the agreement with Snapple Beverage Corporation dated February 19, 2004. NYC Marketing will seek the FCRC's approval at their April 12th meeting on the proposed amendment.

The original agreement between Snapple and New York City contains a real property concession that grants Snapple the right to be the exclusive vending machine vendor of iced teas, chocolate drink and water in City-owned and -controlled facilities. This portion of the original agreement will remain unchanged.

Under the original agreement Snapple was to make cash marketing payments totaling $30M for the five-year life of the agreement, provided that the annual sales target of 1 million cases of Snapple was met. If that target was not reached, the cash payments would be reduced by a fixed amount contingent on the amount of the sales shortfall. Based on the actual sales made in the first two years of the agreement, the City estimates that Snapple will make cash marketing payments totaling approximately $2M over the life of the Agreement. In exchange for these payments, Snapple was to receive the equivalent of $30M in marketing value from the City, i.e., the right to promote Snapple at events and venues in the City during the term of the Agreement.

Under the Amendment being submitted to the FCRC for approval, the yearly case sales goal will be reduced from an average of 1,000,000 cases per year to the number of actual cases sold during year two of the Agreement -approximately 70,000 cases- and Snapple will make cash payments to the City of approximately $3M per year for each of the three remaining years of the Agreement. Based on this revised payment schedule, the revised Agreement contemplates that Snapple will make cash marketing payments to the City of approximately $15.3M over the life of the agreement. In return, Snapple will receive the equivalent of $30M in marketing value that it was to receive under the original agreement and the equivalent of $14.58M in additional marketing value for the remaining years of the revised Agreement (Snapple will use the equivalent of $5.58M of this additional marketing value in a new year six of the revised Agreement). Based upon projected case sales, Snapple will also make approximately $2.4M in vending commission payments to the City.

Accordingly, it is anticipated that the City will receive approximately $17.7M in cash and $15.3M in marketing value over the term of this revised agreement.

A copy of the proposed Amendment to Agreement dated February 19, 2004 between New York City Marketing Development Corporation and Snapple Beverage Corp. is available for viewing Monday through Friday beginning on March 27, 2006 and ending on April 10, 2006 at the offices of NYC Marketing, 22 Cortlandt Street, 12th Floor, New York, NY 10007 between the hours of 9:00 A.M. and 5:00 P.M..

PARKS AND RECREATION

■ **JOINT PUBLIC HEARING**

NOTICE OF A SPECIAL JOINT PUBLIC HEARING between the Franchise and Concession Review Committee and the Department of Parks and Recreation to be held on Monday, April 10, 2006, Spector Hall, 22 Reade Street, Main Floor, Borough of Manhattan, commencing at 10:00 A.M. relative to:

REQUEST AUTHORIZATION to enter into a License Agreement with Aquatic Development Group, Inc. for the development, construction and operation of a family-oriented waterpark on approximately 24 acres in the northwestern area of Randall's Island for a license term of 35 years. Aquatic Development Group, Inc. has agreed to pay a base payment of $1,000,000 per year. The fee will escalate based on increases in the Consumer Price Index (CPI); however, if the CPI goes down, the fee will remain the same. Base Payment will not be subordinate to debt service or any other payment. The

payment due from Licensee in any year will be the greater of Base Payment or Revenue Participation Fee, as follows:
Years 1-5, for operating revenue of $70 million or less, revenue share will be 6%. Any revenue in excess of $70 million, but less than $80 million, revenue share will be 8%. For any revenue in excess of $80 million, but less than $90 million, the revenue share will be 10%. For any revenue in excess of $90 million, the revenue share will be 12%.
Years 6-35, for operating revenue of $60 million or less revenue share will be 6%. If operating revenue is greater than $60 million, but less than $70 million, revenue share will be 8%. For operating revenue greater than $70 million, but less than $80 million the revenue share will be 10%. If operating revenue is greater than $80 million, the revenue share will be 12%.

LOCATION Approximately 24 acres in the Northwestern Area of Randall's Island Park, Manhattan.

Interested parties may review a copy of the proposed license agreement in Room 313 at the Arsenal, Central Park, 830 Fifth Avenue, NY, NY 10021 on Monday, March 20, 2006 through Monday, April 10, 2006, exclusive of Saturdays, Sundays and holidays.

COURT NOTICE

SUPREME COURT

■ NOTICE

RICHMOND COUNTY
IA PART 74
NOTICE OF PETITION
INDEX NUMBER (CY) 4002/06

In the Matter of the Application of the CITY OF NEW YORK, relative to acquiring temporary and permanent easements, where not heretofore acquired, needed for the **STATEN ISLAND RAILROAD REACTIVATION PROJECT, TRAVIS BRANCH** located in Tax Block 2705, Lot 300 in the vicinity of Victory Boulevard in Borough of Staten Island, City and State of New York.

PLEASE TAKE NOTICE that the Corporation Counsel of the City of New York intends to make application to the Supreme Court of the State of New York, Richmond County, IA Part 74, for certain relief.

The application will be made at the following time and place: At 320 Jay Street, Room 17.21, in the Borough of Brooklyn, City and State of New York, on April 21, 2006, at 9:30 A.M., or as soon thereafter as counsel can be heard.

The application is for an order:

1. authorizing the City to file an acquisition map in the office of the Clerk of Richmond County,

2. directing that upon the filing of said map, title to the property sought to be acquired shall vest in the City;

3. providing that just compensation therefor be ascertained and determined by the Supreme Court without a jury; and

4. providing that notices of claim must be served and filed within one calendar year from the vesting date.

The City of New York, in this proceeding, intends to acquire title permanent and temporary easements in certain real property where not heretofore acquired for the same purpose, hereinafter described, for the STATEN ISLAND RAILROAD REACTIVATION PROJECT, TRAVIS BRANCH in the Borough of Staten Island, City and State of New York.

The description of the real property to be acquired is as follows:

PARCEL No. 1

(Temporary Construction Easement for six (6) months from vesting date, subject to the permanent access easement reserved in Parcel 3)

for proposed con edison temporary taking (50' strip) location: block 2705, part of lot 300, borough of Staten Island, county of richmond, city and state of new york.

from the corner formed by the intersection of the southerly line of Victory Blvd., and the westerly terminus of Victory Blvd., set point has the coordinates: south 26162.029 and west 43839.440.

thence along the southerly r.o.w. line of 40 feet wide sewer easement south 60 degrees 28 minutes 22 seconds west a distance of 323.35 feet to the point of beginning. set point has the coordinates: south 26321.39071 and west 44120.79928.

thence from the point of beginning: south 36 degrees 16 minutes 57 seconds west a distance of 530.74 feet to a point;

thence along a tangential curve concave to the east, radius 771.52 feet; central angle 115 degrees 47 minutes 29 seconds, 1559.20 feet to a point;

thence south 79 degrees 30 minutes 32 seconds fast a distance of 289.88 feet;

thence north 7 degrees 27 minutes 38 seconds west a distance of 35.50 feet;

thence north 0 degrees 00 minutes 00 seconds east a distance of 101.00 feet;

thence north 10 degrees 18 minutes 17 seconds east a distance of 16.92 feet;

thence north 79 degrees 30 minutes 32 seconds west a distance of 300.00 feet;

thence south 10 degrees 29 minutes 28 seconds west a distance of 98.92 feet;

thence along curve concave to the east, radius 721.52 feet central angle 112 degrees 39 minutes 08.6 seconds, 1418.62 feet to a point;

thence north 36 degrees 16 minutes 57 seconds east a distance of 642.04 feet to southerly r.o.w. line of 40 feet sewer easement;

OUTREACH, COUNSELING AND ACADEMIC ASSISTANCE – Negotiated Acquisition – PIN# 750040 – Department of Education to enter into a negotiated acquisition to contract with Cypress Hills Local Development Corporation, located at 625 Jamaica Avenue, Brooklyn, NY 11208, to provide outreach, counseling and academic assistance to discharged Franklin K. Lane High School students seeking to re-enter the public school system. State Law mandates the DOE to provide students with a free, appropriate education until the end of the school year within which they turn 21 years of age. In a lawsuit, Ruiz v. Pedota, et al., the plaintiffs contended that Franklin K. Lane High School and the DOE have engaged in practices that excluded students from school and denied them their right to educational services afforded them by State Law. In

first time procurement ads appearing today!

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination. As part of this effort, the City is pleased to announce the following contracting opportunities for construction/construction services and construction-related services.

September 2003, the DOE entered into a settlement with the plaintiffs agreeing to provide a Young Adult Success Center at Franklin K. Lane. This Center would offer students who were previously discharged, but wished to reconnect with the public school system, the opportunity to receive outreach, academic and counseling services to facilitate their positive re-entry to school and linkage to an appropriate instructional program. Since that time, Cypress Hills has been providing these services at the Center, and it would be disruptive to the students to bring in a new community based organization at this time. This contract will run from March 1, 2006 through June 30, 2007, for an amount not-to-exceed $300,000.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/blueprints; other information; and for opening and reading of bids at date and time specified above.

DIVISION OF SCHOOL FACILITIES

■ SOLICITATIONS

Construction / Construction Services

GENERAL CONSTRUCTION – 1 CSB – DUE 04-21-06 AT 2:00 P.M. –
Spec. #: 0040J-06 Various Schools Manhattan/Bronx
Regions 9 and 10

The Estimated Annual Value is $4,000,000.

Job Order Contracts are requirements type contracts based on a construction task catalog where contractors perform an ongoing series of small to medium sized routine projects. The construction task catalog contains pre-set unit prices. Bidders will bid an adjustment factor to be applied to the unit prices.

Bid documents will be available for purchase following the first Pre-Bid Conference. There will be a $50.00 charge for Bid Documents.

A mandatory pre-bid Conference will be held in the 5th Floor Conference Room 511 at Division of School Facilities, 44-36 Vernon Boulevard, Long Island City, New York 11101, at 10:00 A.M. on April 11, 2006. Contracts will be awarded only to bidders who have attended Mandatory Pre-Bid Conferences.

Questions may be faxed to (718) 610-0320 prior to the Pre-Bid Conferences.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/blueprints; other information; and for opening and reading of bids at date and time specified above.
NYCDOE, Division of School Facilities, 44-36 Vernon Boulevard L.I.C., New York, NY 11101, (718) 610-0328.

NYC BUSINESS SOLUTIONS TRAINING GRANT – Other – PIN# 801WDC00002 – DUE 05-05-06 AT 5:00 P.M. – The New York City Department of Small Business Services is pleased to announce another round of funding for the NYC Business Solutions Training Grant.

NYC Business Solutions Training Grants provide New York City employers with support and funding to develop the skills of their workers. The grant seeks to address skill shortages, grow the city's economy and generate jobs, and help workers advance in their careers. Over $2 million is available in this round for employers in the following sectors: Aviation, Construction, Film/Media, Healthcare/Bioscience, Hospitality/Tourism, Manufacturing/Industrial, Financial Services, Retail, and Technology. $5 million will be awarded through this program in 2006.

In order to provide opportunities for the greatest possible range of New York City employers, the program utilizes a Request for Applications (RFA) process. Applications due quarterly. Deadline for third round: May 5, 2006.

Two Pre-Submission Information Sessions will take place at the NYC Department of Small Business Services, 7th Floor, 110 William Street, New York, NY 10038 on April 6, 2006. RSVP required for both sessions.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/blueprints; other information; and for opening and reading of bids at date and time specified above.

ATTENDANCE IMPROVEMENT DROP-OUT PREVENTION SERVICES – Negotiated Acquisition – PIN# 744040 – Department of Education to enter into a negotiated acquisition to contract with United Way of New York, located at 2 Park Avenue, New York, NY 10016 to provide Attendance Improvement/Dropout Prevention. United Way of New York (United Way) currently holds the contract to administer programs to improve student attendance and prevent students from dropping out. United Way administers these services through a network of over 300 smaller Community Based Organizations (CBOs) providing services in our schools throughout the city. These services include counseling services, academic enrichment, after-school tutorials, parent involvement activities and other services. As part of this contract, United Way raises over $1,000,000 needed to administer the contract and receives no DOE funding for administration of the AIDP related work. This contract will run from July 1, 2006 through June 30, 2007, for an amount not-to-exceed $16,500,000.

OUTREACH, COUNSELING AND ACADEMIC ASSISTANCE – Negotiated Acquisition – PIN# 750040 – Department of Education to enter into a negotiated acquisition to contract with Cypress Hills Local Development Corporation, located at 625 Jamaica Avenue, Brooklyn, NY 11208, to provide outreach, counseling and academic assistance to discharged Franklin K. Lane High School students seeking to re-enter the public school system. State Law mandates the DOE to provide students with a free, appropriate education until the end of the school year within which they turn 21 years of age. In a lawsuit, Ruiz v. Pedota, et al., the plaintiffs contended that Franklin K. Lane High School and the DOE have engaged in practices that excluded students from school and denied them their right to educational services afforded them by State Law. In September 2003, the DOE entered into a settlement with the plaintiffs agreeing to provide a Young Adult Success Center at Franklin K. Lane. This Center would offer students who were previously discharged, but wished to reconnect with the public school system, the opportunity to receive outreach, academic and counseling services to facilitate their positive re-entry to school and linkage to an appropriate instructional program. Since that time, Cypress Hills has been providing these services at the Center, and it would be disruptive to the students to bring in a new community based organization at this time. This contract will run from March 1, 2006 through June 30, 2007, for an amount not-to-exceed $300,000.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/ blueprints; other information; and for opening and reading of bids at date and time specified above.

DIVISION OF SCHOOL FACILITIES

■ SOLICITATIONS

Construction / Construction Services

GENERAL CONSTRUCTION – 1 CSB – DUE 04-21-06 AT 2:00 P.M. –
Spec. #: 0040J-06 Various Schools Manhattan/Bronx
Regions 9 and 10

The Estimated Annual Value is $4,000,000.

Job Order Contracts are requirements type contracts based on a construction task catalog where contractors perform an ongoing series of small to medium sized routine projects. The construction task catalog contains pre-set unit prices. Bidders will bid an adjustment factor to be applied to the unit prices.

Bid documents will be available for purchase following the first Pre-Bid Conference. There will be a $50.00 charge for Bid Documents.

A mandatory pre-bid Conference will be held in the 5th Floor Conference Room 511 at Division of School Facilities, 44-36 Vernon Boulevard, Long Island City, New York 11101, at 10:00 A.M. on April 11, 2006. Contracts will be awarded only to bidders who have attended Mandatory Pre-Bid Conferences.

Questions may be faxed to (718) 610-0320 prior to the Pre-Bid Conferences.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/ blueprints; other information; and for opening and reading of bids at date and time specified above.

CITYWIDE TRANSPORTATION SERVICES FOR HOMELESS ADULTS AND FAMILIES – Negotiated Acquisition – PIN# 071-06S-021-027 – DUE 04-17-06 AT 2:00 P.M. – The Department of Homeless Services (DHS) intends on entering into negotiations with Advance Transit Bus Company located at 1340 Lafayette Ave., Bronx, NY 10474, to continue to provide transportation services to homeless adults and families, citywide. This contract will be conducted via Negotiated Acquisition pursuant to Section 3-04 (b)(2)(iii) of the Procurement Policy Board Rules to extend the underlying contract for one (1) year to in order to maintain the continuity of essential transportation services. The extension period will also provide time for the new division at DHS to which the contract has been transferred to familiarize itself with the contract and assess future needs for transportation services in terms of both a decreased number of shelters directly operated by DHS and the agency's five year plan to end chronic homelessness. It is anticipated that the extension contract with Advance Transit Bus Company will be from July 1, 2006 to June 30, 2007.

Qualified vendors that are interested in providing transportation services for homeless adults and families in the future may contact: Kristen Zak, Special Assistant to the Agency Chief Contracting Officer, Department of Homeless Services, 33 Beaver St., 13th Floor NY, NY 10004 or e-mail at kszak@dhs.nyc.gov (212) 361-8404.
Compelling need to extend for one year.

FOOD WAREHOUSING DISTRIBUTION – Sole Source – Available only from a single source - PIN# 069-07-310-0006 – DUE 04-14-06 AT 4:00 P.M. – The Human Resources Administration (HRA) intends to enter into negotiations for sole source contract to provide warehousing and transportation/delivery services pertaining to approximately 15 million pounds of non-perishable food to Soup Kitchens and Food Pantries annually in all five boroughs of the City of New York. The proposed supplier of these services is Food Bank for New York City, Food for Survival.

Reason for sole source Determination - Available only from a single source - Food Bank is the only member in New York of America's Second Harvest Network, a Federal sanctioning oversight agency, and is also a certified member of the New York State Food Bank Association. In addition, Food Bank was awarded the 2005 Mighty Apple Award from America's Second Harvest for most produce collected and distributed to its network of food programs. HRA is soliciting expressions of interest from qualified vendors to provide warehousing and distribution services of non-perishable food for its Emergency Food Assistance Program. These expressions of interest must be delivered to address at the date and time indicated in this notice.

NON-SECURE DETENTION GROUP HOME SERVICES – Negotiated Acquisition – Judgment required in evaluating proposals - PIN# 13005DJJ001 – DUE 09-01-06 AT 3:00 P.M. – The Department of Juvenile Justice (DJJ) is seeking expressions of interest from qualified vendors to provide non-secure detention group home services. Since DJJ must respond to a court order, there is a time-sensitive situation in which DJJ must retain a supplier quickly, at one time or from time to time, permitting this procurement to be processed as a negotiated acquisition. Facilities should provide at least 10 and no more than 12 beds in accordance with the applicable regulations promulgated by the New York State Office of Children and Family Services (NYSOCFS), 9 N.Y.C.R.R. Section 180 et seq., and be operational at any time from December 1, 2004 to August 31, 2006. The term of the contracts awarded from this solicitation will be for three years and will include an additional three-year option to renew.

Vendors interested in providing these services should contact Harry T. Bavaro at the Department of Juvenile Justice, 365 Broadway, 5th Floor, New York, NY 10013 for a copy of the solicitation document if they have not already received a copy. If a vendor is interested in being considered for award of a contract described above, please hand deliver a written expression of interest addressed to Harry T. Bavaro at the Department of Juvenile Justice, 365 Broadway, 5th Floor, New York, NY 10013 pursuant to the terms of the solicitation document.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/ blueprints; other information; and for opening and reading of bids at date and time specified above.
Department of Juvenile Justice, 365 Broadway, 5th Floor New York, NY 10013. hbavaro@djj.nyc.gov

RESEARCH ON MENTALLY ILL INMATES AND JUVENILE RECIDIVISM – Negotiated Acquisition – PIN# 00206DMPS451 – DUE 04-12-06 AT 5:00 P.M. – In accordance with Section 3-04(b)(2)(ii) of the Procurement Policy Board Rules, the New York City Mayor's Office of the Criminal Justice Coordinator intends to enter into negotiations with the Vera Institute of Justice to provide research on the mentally ill and their involvement in the criminal justice system and to evaluate and follow trends in juvenile recidivism. The term of the contract shall be for two years from 2/1/06 to 1/31/08. Vendors interested in responding to future solicitations for these services should so indicate in writing to the address listed or via e-mail to the e-mail address listed by the due date.

In accordance with Section 3-04(b)(2)(ii) of the Procurement Policy Board Rules, CJC intends to use the negotiated acquisition process to enter into an agreement with The Vera

Institute of Justice. The term of the subject contract is from 2/1/06 to 1/31/08. The Criminal Justice Coordinator's Office has determined that it is in the best interest of the City to negotiate with only the selected provider. Vendors interested in responding to future solicitation for these services should so indicate in writing to the address listed or via e-mail to the e-mail address listed by the due date.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/ blueprints; other information; and for opening and reading of bids at date and time specified above.
Mayor's Office, 1 Centre Street, Room 1012, New York, NY 10007. Monique Davis (212) 788-6793, mdavis@cityhall.nyc.gov

Human / Client Service

NYC BUSINESS SOLUTIONS TRAINING GRANT – Other – PIN# 801WDC00002 – DUE 05-05-06 AT 5:00 P.M. – The New York City Department of Small Business Services is pleased to announce another round of funding for the NYC Business Solutions Training Grant.

NYC Business Solutions Training Grants provide New York City employers with support and funding to develop the skills of their workers. The grant seeks to address skill shortages, grow the city's economy and generate jobs, and help workers advance in their careers. Over $2 million is available in this round for employers in the following sectors: Aviation, Construction, Film/Media, Healthcare/Bioscience, Hospitality/Tourism, Manufacturing/Industrial, Financial Services, Retail, and Technology. $5 million will be awarded through this program in 2006.

In order to provide opportunities for the greatest possible range of New York City employers, the program utilizes a Request for Applications (RFA) process. Applications due quarterly. Deadline for third round: May 5, 2006.

Two Pre-Submission Information Sessions will take place at the NYC Department of Small Business Services, 7th Floor, 110 William Street, New York, NY 10038 on April 6, 2006. RSVP required for both sessions.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/ blueprints; other information; and for opening and reading of bids at date and time specified above.
Department of Small Business Services, 110 William Street, 7th Floor, New York, NY 10038.

LOCAL LAWS

■ NOTICE

LOCAL LAWS OF THE CITY OF NEW YORK FOR THE YEAR 2005

No. 101

Introduced by Council Members Weprin, Comrie, Yassky and the Public Advocate (Ms. Gotbaum) (by request of the Mayor).

A LOCAL LAW

To amend the administrative code of the city of New York, in relation to the establishment of the DUMBO business improvement district.

Be it enacted by the Council as follows:

Section 1. Chapter 5 of title 25 of the administrative code of the city of New York is amended by adding a new section 25-469 to read as follows:

§25-469 DUMBO business improvement district.

a. The city council having determined, pursuant to section 25-407 of chapter four of this title: that notice of hearing for all hearings required to be held was published and mailed as required by law and was otherwise sufficient; that, except as otherwise provided in section 25-403 of chapter four of this title, all the real property within the boundaries of the district will benefit from the establishment of the district; that all the real property benefited is included within the limits of the district; and that the establishment of the district is in the public interest; and the council having determined further that the requisite number of owners have not objected as provided in section 25-406 of chapter four of this title, there is hereby established in the borough of Brooklyn, the DUMBO business improvement district. Such district is established in accordance with the district plan required to be filed with the city clerk pursuant to subdivision b of this section.

b. Immediately upon adoption of this local law by the council, the council shall file with the city clerk the district plan upon which the DUMBO business improvement district is based.

c. The district plan shall not be amended except in accordance with chapter four of this title.

§2. This local law shall take effect upon compliance with section 25-408 of chapter 4 of title 25 of the administrative code of the city of New York.

THE CITY OF NEW YORK, OFFICE OF THE CITY CLERK, s.s.:
I hereby certify that the foregoing is a true copy of a local law of the City of New York, passed by the Council on November 16, 2005 and approved by the Mayor on December 1, 2005.

VICTOR L. ROBLES, City Clerk of the Council

CERTIFICATION PURSUANT TO MUNICIPAL HOME RULE LAW §27Pursuant to the provisions of Municipal Home Rule Law §27, I hereby certify that the enclosed Local Law (Local Law 101 of 2005, Council Int. No. 691) contains the correct text and:

Received the following vote at the meeting of the New York City Council on November 16, 2005: 48 for, 0 against, 0 not voting.
Was signed by the Mayor on December 1, 2005.
Was returned to the City Clerk on December 5, 2005.

JEFFREY D. FRIEDLANDER, Acting Corporation Counsel

LOCAL LAWS OF THE CITY OF NEW YORK FOR THE YEAR 2005

No. 112

Introduced by Council Members Weprin, Quinn, Lopez, Reed, Sanders and the Public Advocate (Ms. Gotbaum) (by request of the Mayor).

A LOCAL LAW

To amend the administrative code of the city of New York, in relation to the establishment of the Madison/23rd/Flatiron/Chelsea business improvement district.

Be it enacted by the Council as follows:

Section 1. Chapter 5 of title 25 of the administrative code of the city of New York is amended by adding a new section 25-463 to read as follows:

§25-463 Madison / 23rd/Flatiron / Chelsea business improvement district.

a. The city council having determined, pursuant to section 25-407 of chapter four of this title: that notice of hearing for all hearings required to be held was published and mailed as required by law and was otherwise sufficient; that, except as otherwise provided in section 25-403 of chapter four of this title, all the real property within the boundaries of the district will benefit from the establishment of the district; that all the real property benefited is included within the limits of the district; and that the establishment of the district is in the public interest; and the council having determined further that the requisite number of owners have not objected as provided in section 25-406 of chapter four of this title, there is hereby established in the borough of Manhattan, the Madison / 23rd / Flatiron / Chelsea business improvement district. Such district is established in accordance with the district plan required to be filed with the city clerk pursuant to subdivision (b) of this section.

b. Immediately upon adoption of this local law by the council, the council shall file with the city clerk the district plan upon which the adison / 23rd / Flatiron / Chelsea business improvement district is based.

c. The district plan shall not be amended except in accordance with chapter four of this title.

§ 2. This local law shall take effect upon compliance with section 25-408 of chapter 4 of title 25 of the administrative

code of the city of New York.

THE CITY OF NEW YORK, OFFICE OF THE CITY CLERK, s.s.:
I hereby certify that the foregoing is a true copy of a local law of the City of New York, passed by the Council on December 21, 2005 and approved by the Mayor on December 29, 2005.

VICTOR L. ROBLES, City Clerk of the Council

CERTIFICATION PURSUANT TO MUNICIPAL HOME RULE LAW §27 Pursuant to the provisions of Municipal Home Rule Law §27, I hereby certify that the enclosed Local Law (Local Law 112 of 2005, Council Int. No. 345) contains the correct text and:

Received the following vote at the meeting of the New York City Council on December 21, 2005: 47 for, 0 against, 0 not voting.
Was signed by the Mayor on December 29, 2005.
Was returned to the City Clerk on December 30, 2005.

JEFFREY D. FRIEDLANDER, Acting Corporation Counsel

READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council**, 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists--free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

PROCUREMENT POLICY BOARD RULES

The Rules may also be accessed on the City Website, http://NYC.GOV.Selltonyc

COMMON ABBREVIATIONS USED IN THE CR

The CR contains many abbreviations. Listed below are simple explanations of some of the most common ones appearing in the CR:

AB ..... Acceptable Brands List
AC .....Accelerated Procurement
AMT.....Amount of Contract
BL .....Bidders List
CSB.....Competitive Sealed Bidding (including multi-step)
CB/PQ.....CB from Pre-qualified Vendor List
CP .....Competitive Sealed Proposal (including multi-step)
CP/PQ.....CP from Pre-qualified Vendor List
CR .....The City Record newspaper
DA.....Date bid/proposal documents available
DUE.....Bid/Proposal due date; bid opening date
EM .....Emergency Procurement
IG .....Intergovernmental Purchasing
LBE.....Locally Based Business Enterprise
M/WBE .....Minority/Women's Business Enterprise
NA.....Negotiated Acquisition
NOTICE....Date Intent to Negotiate Notice was published in CR
OLB.....Award to Other Than Lowest Responsible & Responsive Bidder/Proposer
PIN.....Procurement Identification Number
PPB.....Procurement Policy Board
PQ .....Pre-qualified Vendors List
RS.....Source required by state/federal law or grant
SCE.....Service Contract Short-Term Extension
DP .....Demonstration Project
SS.....Sole Source Procurement
ST/FED.....Subject to State &/or Federal requirements

KEY TO METHODS OF SOURCE SELECTION

The Procurement Policy Board (PPB) of the City of New York has by rule defined the appropriate methods of source selection for City procurement and reasons justifying their use. The CR procurement notices of many agencies include an abbreviated reference to the source selection method utilized. The following is a list of those methods and the abbreviations used:

CSB.....**Competitive Sealed Bidding** (including multi-step)
Special Case Solicitations/Summary of Circumstances:
CP .....***Competitive Sealed Proposal*** (including multi-step)
CP/1 .....Specifications not sufficiently definite
CP/2 .....Judgement required in best interest of City
CP/3 .....Testing required to evaluate
CB/PQ/4 ....
CP/PQ/4 ....**CB or CP from Pre-qualified Vendor List/** Advance qualification screening needed
DP .....Demonstration Project
SS.....**Sole Source Procurement/**only one source
RS.....Procurement from a Required Source/ST/FED
NA.....Negotiated Acquisition
For ongoing construction project only:
NA/8.....Compelling programmatic needs
NA/9.....New contractor needed for changed/additional work
NA/10.....Change in scope, essential to solicit one or limited number of contractors
NA/11.....Immediate successor contractor required due to termination/default
For Legal services only:
NA/12.....**Specialized legal devices needed; CP not advantageous**
WA .....**Solicitation Based on Waiver/Summary of Circumstances** (Client Services/BSB or CP only)
WA1 .....Prevent loss of sudden outside funding
WA2 .....Existing contractor unavailable/immediate need
WA3 .....Unsuccessful efforts to contract/need continues
IG .....**Intergovernmental Purchasing** (award only)
IG/F.....Federal
IG/S.....State
IG/O .....Other
EM .....**Emergency Procurement** (award only) An unforeseen danger to:
EM/A.....Life
EM/B.....Safety
EM/C.....Property
EM/D.....A necessary service
AC .....**Accelerated Procurement/**markets with significant short-term price fluctuations
SCE.....**Service Contract Extension/**insufficient time; necessary service; fair price
Award to Other Than Lowest Responsible & Responsive Bidder or Proposer/Reason (award only)
OLB/a.....anti-apartheid preference
OLB/b.....local vendor preference
OLB/c.....recycled preference
OLB/d.....other: (specify)

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

SAMPLE NOTICE:

POLICE

DEPARTMENT OF YOUTH SERVICES

■ **SOLICITATIONS**

Services (Other Than Human Services)

BUS SERVICES FOR CITY YOUTH PROGRAM – Competitive Sealed Bids – PIN# 056020000293 – DUE 04-21-03 AT 11:00 A.M.

as shown on a diagram (for illustrative purposes only) dated December 19, 2005.

The Subcommittee on Landmarks, Public Siting and Maritime Uses public hearing scheduled to be held in the Council Committee Room, City Hall, New York, New York 10007, commencing at 11:00 A.M. on Monday, April 10, 2006 has been deferred.

The Subcommittee on Planning, Dispositions and Concessions will hold public hearings on the following matters in the Council Committee Room, City Hall, New York, New York 10007, commencing at 11:30 A.M. on Monday, April 10, 2006:

BROOKLYN CB - 2 **C 060176 ZMK**
Application submitted by the Department of Housing Preservation and Development pursuant to Sections 197-c and 201 of the New York City Charter for an amendment of the Zoning Map, Section No. 16c, changing from a C6-1 District to a C6-2 District property bounded by a line 100 feet northerly of Atlantic Avenue, South Oxford Street, Atlantic Avenue, and South Portland Avenue, as shown on a diagram (for illustrative purposes only) dated November 14, 2005.

BROOKLYN CB - 2 **C 060177 HAK**
Application submitted by the Department of Housing Preservation and Development (HPD):

1) pursuant to Article 16 of the General Municipal Law of New York State for:

a) the designation of property located at 207 and 209 South Portland Ave., 206 and 208, 214 and 216 South Oxford St. (Block 2004, Lots 1, 2, 78-82 and 84) p/o Site 3 within the Atlantic Terminal Urban Renewal Area, as an Urban Development Action Area; and

b) an Urban Development Action Area Project for such area;

2) pursuant to Section 197-c of the New York City Charter for the disposition of such property to a developer to be selected by HPD;

to facilitate the development of a ten-story building, tentatively known as Atlantic Terrace, with approximately 80 residential units above ground floor retail to be developed under HPD's Cornerstone Program.

BROOKLYN CB - 3 **C 060194 HAK**
Application submitted by the Department of Housing Preservation and Development (HPD):

1) Pursuant to Article 16 of the General Municipal Law of New York State for:

a. the designation of property located at 31-39 Van Buren Street (Block 1791, Lots 68-72) as an Urban Development Action Area; and

b. an Urban Development Action Area Project for such area;

2) Pursuant to Section 197-c of the New York City Charter for the disposition of such property to a developer to be selected by HPD;

to facilitate the development of a five-story building tentatively known as Wazobia House, with approximately 43 dwelling units to be developed under HPD's Supportive Housing Loan Program.

BROOKLYN CB - 3 **C 060195 ZSK**
Application submitted by the Department of Housing Preservation and Development (HPD) pursuant to Sections 197-c and 201 of the New York City Charter for the grant of a special permit, pursuant to Section 74-902 of the Zoning Resolution to permit the allowable community facility floor area ratio of Section 24-11 (Maximum Floor Area and Percentage of Lot Coverage) to apply to a proposed approximately 18,243 square foot, 5-story Non-Profit Institution with Sleeping Accommodations (U.G. 3A), on property located at 31-39 Van Buren Street (Block 1791, Lots 68-72), in an R5 District.

Proposals subject to Council review and action pursuant to the Urban Development Action Area Act, Article 16 of the New York General Municipal Law, at the request of the Department of Housing Preservation and Development ("HPD"), which requests that the Council:

1. Find that the present status of the listed areas tends to impair or arrest the sound growth and development of the municipality and that the proposed Urban Development Action Area Project is consistent with the policy and purposes of Section 691 of the General Municipal Law;

2. Waive the area designation requirement of Section 693 of the General Municipal Law pursuant to said Section;

3. Waive the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law;

4. Approve the project as an Urban Development Action Area Project pursuant to Section 694 of the General Municipal Law; and

5. Approve an exemption of the projects from real property taxes pursuant to Section 696 of the General Municipal Law for Non-ULURP Nos. 20065338 HAK through 20065343 HAK and 20065345 HAK.

NON-ULURP NO.	ADDRESS	BLOCK/LOT	BORO	PROGRAM	COMMUNITY BOARD
20065338 HAK	291 Berriman Street	4054/15	Brooklyn	Homeworks	5
20065339 HAK	297 Legion Street	3582/30	Brooklyn	Storeworks	16

MARKETING DEVELOPMENT CORPORATION

JOINT PUBLIC HEARING

CORRECTED NOTICE

NOTICE OF A JOINT PUBLIC HEARING between the Franchise and Concession Review Committee ("FCRC") and the New York City Marketing Development Corporation to be

held on Monday, April 10, 2006 at Spector Hall, 22 Reade Street, Main Floor, Borough of Manhattan, commencing at 10:00 A.M. relative to:

NYC Marketing's application on behalf of the Department of Small Business Services to utilize different procedures (i.e., a sole source concession), pursuant to Section 1-13 of the Concession Rules to implement an amendment to the agreement with Snapple Beverage Corporation dated February 19, 2004. NYC Marketing will seek the FCRC's approval at their April 12th meeting on the proposed amendment.

The original agreement between Snapple and New York City contains a real property concession that grants Snapple the right to be the exclusive vending machine vendor of iced teas, chocolate drink and water in City-owned and -controlled facilities. This portion of the original agreement will remain unchanged.

Under the original agreement Snapple was to make cash marketing payments totaling $30M for the five-year life of the agreement, provided that the annual sales target of 1 million cases of Snapple was met. If that target was not reached, the cash payments would be reduced by a fixed amount contingent on the amount of the sales shortfall. Based on the actual sales made in the first two years of the agreement, the City estimates that Snapple will make cash marketing payments totaling approximately $2M over the life of the Agreement. In exchange for these payments, Snapple was to receive the equivalent of $30M in marketing value from the City, i.e., the right to promote Snapple at events and venues in the City during the term of the Agreement.

Under the Amendment being submitted to the FCRC for approval, the yearly case sales goal will be reduced from an average of 1,000,000 cases per year to the number of actual cases sold during year two of the Agreement -approximately 70,000 cases- and Snapple will make cash payments to the City of approximately $3M per year for each of the three remaining years of the Agreement. Based on this revised payment schedule, the revised Agreement contemplates that Snapple will make cash marketing payments to the City of approximately $15.3M over the life of the agreement. In return, Snapple will receive the equivalent of $30M in marketing value that it was to receive under the original agreement and the equivalent of $14.58M in additional marketing value for the remaining years of the revised Agreement (Snapple will use the equivalent of $5.58M of this additional marketing value in a new year six of the revised Agreement). Based upon projected case sales, Snapple will also make approximately $2.4M in vending commission payments to the City.

Accordingly, it is anticipated that the City will receive approximately $17.7M in cash and $15.3M in marketing value over the term of this revised agreement.

A copy of the proposed Amendment to Agreement dated February 19, 2004 between New York City Marketing Development Corporation and Snapple Beverage Corp. is available for viewing Monday through Friday beginning on March 27, 2006 and ending on April 10, 2006 at the offices of NYC Marketing, 22 Cortlandt Street, 12th Floor, New York, NY 10007 between the hours of 9:00 A.M. and 5:00 P.M..

PARKS AND RECREATION

■ JOINT PUBLIC HEARING

NOTICE OF A SPECIAL JOINT PUBLIC HEARING between the Franchise and Concession Review Committee and the Department of Parks and Recreation to be held on Monday, April 10, 2006, Spector Hall, 22 Reade Street, Main Floor, Borough of Manhattan, commencing at 10:00 A.M. relative to:

REQUEST AUTHORIZATION to enter into a License Agreement with Aquatic Development Group, Inc. for the development, construction and operation of a family-oriented waterpark on approximately 24 acres in the northwestern area of Randall's Island for a license term of 35 years. Aquatic Development Group, Inc. has agreed to pay a base payment of $1,000,000 per year. The fee will escalate based on increases in the Consumer Price Index (CPI); however, if the CPI goes down, the fee will remain the same. Base Payment will not be subordinate to debt service or any other payment. The payment due from Licensee in any year will be the greater of Base Payment or Revenue Participation Fee, as follows: Years 1-5, for operating revenue of $70 million or less, revenue share will be 6%. Any revenue in excess of $70 million, but less than $80 million, revenue share will be 8%. For any revenue in excess of $80 million, but less than $90 million, the revenue share will be 10%. For any revenue in excess of $90 million, the revenue share will be 12%. Years 6-35, for operating revenue of $60 million or less revenue share will be 6%. If operating revenue is greater than $60 million, but less than $70 million, revenue share will be 8%. For operating revenue greater than $70 million, but less than $80 million the revenue share will be 10%. If operating revenue is greater than $80 million, the revenue share will be 12%.

LOCATION Approximately 24 acres in the Northwestern Area of Randall's Island Park, Manhattan.

Interested parties may review a copy of the proposed license agreement in Room 313 at the Arsenal, Central Park, 830 Fifth Avenue, NY, NY 10021 on Monday, March 20, 2006 through Monday, April 10, 2006, exclusive of Saturdays, Sundays and holidays.

COURT NOTICE

SUPREME COURT

■ NOTICE

RICHMOND COUNTY
IA PART 74
NOTICE OF PETITION
INDEX NUMBER (CY) 4002/06

In the Matter of the Application of the CITY OF NEW YORK, relative to acquiring temporary and permanent easements, where not heretofore acquired, needed for the **STATEN ISLAND RAILROAD REACTIVATION PROJECT, TRAVIS BRANCH** located in Tax Block 2705, Lot 300 in the vicinity of Victory Boulevard in Borough of Staten Island, City and State of New York.

PLEASE TAKE NOTICE that the Corporation Counsel of the City of New York intends to make application to the Supreme Court of the State of New York, Richmond County, IA Part 74, for certain relief.

The application will be made at the following time and place: At 320 Jay Street, Room 17.21, in the Borough of Brooklyn, City and State of New York, on April 21, 2006, at 9:30 A.M., or as soon thereafter as counsel can be heard.

The application is for an order:

1. authorizing the City to file an acquisition map in the office of the Clerk of Richmond County,

2. directing that upon the filing of said map, title to the property sought to be acquired shall vest in the City;

3. providing that just compensation therefor be ascertained and determined by the Supreme Court without a jury; and

4. providing that notices of claim must be served and filed within one calendar year from the vesting date.

The City of New York, in this proceeding, intends to acquire title permanent and temporary easements in certain real property where not heretofore acquired for the same purpose, hereinafter described, for the STATEN ISLAND RAILROAD REACTIVATION PROJECT, TRAVIS BRANCH in the Borough of Staten Island, City and State of New York.

The description of the real property to be acquired is as follows:

PARCEL No. 1

(Temporary Construction Easement for six (6) months from vesting date, subject to the permanent access easement reserved in Parcel 3)

for proposed con edison temporary taking (50' strip)
location: block 2705, part of lot 300, borough of Staten Island, county of richmond, city and state of new york.

from the corner formed by the intersection of the southerly line of Victory Blvd., and the westerly terminus of Victory Blvd., set point has the coordinates: south 26162.029 and west 43839.440.

thence along the southerly r.o.w. line of 40 feet wide sewer easement south 60 degrees 28 minutes 22 seconds west a distance of 323.35 feet to the point of beginning. set point has the coordinates: south 26321.39071 and west 44120.79928.

thence from the point of beginning: south 36 degrees 16 minutes 57 seconds west a distance of 530.74 feet to a point;

thence along a tangential curve concave to the east, radius 771.52 feet; central angle 115 degrees 47 minutes 29 seconds, 1559.20 feet to a point;

thence south 79 degrees 30 minutes 32 seconds fast a distance of 289.88 feet;

thence north 7 degrees 27 minutes 38 seconds west a distance of 35.50 feet;

thence north 0 degrees 00 minutes 00 seconds east a distance of 101.00 feet;

thence north 10 degrees 18 minutes 17 seconds east a distance of 16.92 feet;

thence north 79 degrees 30 minutes 32 seconds west a distance of 300.00 feet;

thence south 10 degrees 29 minutes 28 seconds west a distance of 98.92 feet;

thence along curve concave to the east, radius 721.52 feet central angle 112 degrees 39 minutes 08.6 seconds, 1418.62 feet to a point;

thence north 36 degrees 16 minutes 57 seconds east a distance of 642.04 feet to southerly r.o.w. line of 40 feet sewer easement;

CITYWIDE TRANSPORTATION SERVICES FOR HOMELESS ADULTS AND FAMILIES – Negotiated Acquisition – PIN# 071-06S-021-027 – DUE 04-17-06 AT 2:00 P.M. – The Department of Homeless Services (DHS) intends on entering into negotiations with Advance Transit Bus Company located at 1340 Lafayette Ave., Bronx, NY 10474, to continue to provide transportation services to homeless adults and families, citywide. This contract will be conducted via Negotiated Acquisition pursuant to Section 3-04 (b)(2)(iii) of the Procurement Policy Board Rules to extend the underlying contract for one (1) year to in order to maintain the continuity of essential transportation services. The extension period will also provide time for the new division at DHS to which the contract has been transferred to familiarize itself with the contract and assess future needs for transportation services in terms of both a decreased number of shelters directly operated by DHS and the agency's five year plan to end chronic homelessness. It is anticipated that the extension contract with Advance Transit Bus Company will be from July 1, 2006 to June 30, 2007.

Qualified vendors that are interested in providing transportation services for homeless adults and families in the future may contact: Kristen Zak, Special Assistant to the Agency Chief Contracting Officer, Department of Homeless Services, 33 Beaver St., 13th Floor NY, NY 10004 or e-mail at kszak@dhs.nyc.gov (212) 361-8404.
Compelling need to extend for one year.

NON-SECURE DETENTION GROUP HOME SERVICES – Negotiated Acquisition – Judgment required in evaluating proposals - PIN# 13005DJJ001 – DUE 09-01-06 AT 3:00 P.M. – The Department of Juvenile Justice (DJJ) is seeking expressions of interest from qualified vendors to provide non-secure detention group home services. Since DJJ must respond to a court order, there is a time-sensitive situation in which DJJ must retain a supplier quickly, at one time or from time to time, permitting this procurement to be processed as a negotiated acquisition. Facilities should provide at least 10 and no more than 12 beds in accordance with the applicable regulations promulgated by the New York State Office of Children and Family Services (NYSOCFS), 9 N.Y.C.R.R. Section 180 et seq., and be operational at any time from December 1, 2004 to August 31, 2006. The term of the contracts awarded from this solicitation will be for three years and will include an additional three-year option to renew.

Vendors interested in providing these services should contact Harry T. Bavaro at the Department of Juvenile Justice, 365 Broadway, 5th Floor, New York, NY 10013 for a copy of the solicitation document if they have not already received a copy. If a vendor is interested in being considered for award of a contract described above, please hand deliver a written expression of interest addressed to Harry T. Bavaro at the Department of Juvenile Justice, 365 Broadway, 5th Floor, New York, NY 10013 pursuant to the terms of the solicitation document.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/ blueprints; other information; and for opening and reading of bids at date and time specified above.

RESEARCH ON MENTALLY ILL INMATES AND JUVENILE RECIDIVISM – Negotiated Acquisition – PIN# 00206DMPS451 – DUE 04-12-06 AT 5:00 P.M. – In accordance with Section 3-04(b)(2)(ii) of the Procurement Policy Board Rules, the New York City Mayor's Office of the Criminal Justice Coordinator intends to enter into negotiations with the Vera Institute of Justice to provide research on the mentally ill and their involvement in the criminal justice system and to evaluate and follow trends in juvenile recidivism. The term of the contract shall be for two years from 2/1/06 to 1/31/08. Vendors interested in responding to future solicitations for these services should so indicate in writing to the address listed or via e-mail to the e-mail address listed by the due date.

In accordance with Section 3-04(b)(2)(ii) of the Procurement Policy Board Rules, CJC intends to use the negotiated acquisition process to enter into an agreement with The Vera Institute of Justice. The term of the subject contract is from 2/1/06 to 1/31/08. The Criminal Justice Coordinator's Office has determined that it is in the best interest of the City to negotiate with only the selected provider. Vendors interested in responding to future solicitation for these services should so indicate in writing to the address listed or via e-mail to the e-mail address listed by the due date.

AGENCY PUBLIC HEARINGS ON CONTRACT AWARDS

"These Hearings may be cablecast on NYC TV Channel 74 on Sundays, from 5:00 p.m. to 7:00 p.m. For more information, visit: www.nyc.gov/tv" NOTE: Individuals requesting Sign Language Interpreters should contact the Mayor's Office of Contract Services, Public Hearings Unit, 253 Broadway, 9th Floor, New York, N.Y. 10007, (212) 788-7490, no later than SEVEN (7) BUSINESS DAYS PRIOR TO THE PUBLIC HEARING. TDD users should call Verizon relay services.

HOUSING PRESERVATION & DEVELOPMENT

■ PUBLIC HEARINGS

CANCELLATION OF PUBLIC HEARING

NOTICE IS HEREBY GIVEN that a Contract Public Hearing will be held on Thursday, April 6, 2006, at Spector Hall, 22 Reade Street, Main Floor, Borough of Manhattan, commencing at 10:00 A.M. on the following:

IN THE MATTER of a proposed contract between the Department of Housing Preservation and Development of The City of New York and Housing Conservation Coordinators, 777 Tenth Avenue, New York, NY 10019, for anti-illegal Eviction Services in Manhattan Community Board Nos. 4 and 7, as well as providing Clinics, citywide. The contract amount is $168,000. The term of the contract will be from July 1, 2005 to June 30, 2006. PIN# 806066200017.

The proposed contractor is being funded through City Council Discretionary Funds appropriation, pursuant to Section 1-02 (e) of the Procurement Policy Board Rules.

A draft copy of the proposed contract may be inspected at the Department of Housing Preservation and Development, 100 Gold Street, 8th Floor, Room 8-S6, Borough of Manhattan on business days, from March 24, 2006 to April 6, 2006, between the hours of 10:00 A.M. and 4:00 P.M., excluding holidays. Contact Ms. Angela Blake Fields at (212) 863-6655.

Anyone who wishes to speak at this Public hearing should request to do so in writing. The written request must be received by the Agency within five (5) business days after publication of this Notice. Written requests to speak should be sent to Jay Bernstein, Deputy Agency Chief Contracting Officer at the Department of Housing Preservation and Development, 100 Gold Street, Room 8-S4, New York, NY 10038 or by e-mail at jb1@HPD.NYC.gov. If HPD receives no written requests to speak within the prescribed time, HPD reserves the right not to conduct the Public Hearing.

AGENCY RULES

TAXI AND LIMOUSINE COMMISSION

■ NOTICE

Notice of Public Hearing and Opportunity to Comment on Proposed Rules

Notice is hereby given in accordance with section 1043(b) of the Charter of the City of New York ("Charter") that the Taxi and Limousine Commission ("TLC") proposes adoption of rules governing accessible taxicabs.

These rules are proposed pursuant to sections 1043 and 2303(b)(11) of the Charter and sections 19-503 and 19-532(b) of the Administrative Code of the City of New York. These proposed rules were not included in the TLC's regulatory agenda for Fiscal Year 2006, because the need for such rules was not anticipated at the time the regulatory agenda was published.

A public hearing on these proposed rules will be held by the TLC at its offices at 40 Rector Street, 5th Floor, New York, New York 10006 on May 11, 2006, at 9:30 a.m. Persons wishing to testify at the hearing may notify the TLC in advance, either in writing or by telephone to the TLC's Office of Legal Affairs at the address and telephone given below. Any request for a sign language interpreter or other form of reasonable accommodation at the hearing for a disability must be submitted to the Office of Legal Affairs in writing, by telephone, or by TTY/TDD no later than May 4, 2006.

Written comments in connection with these proposed rules should be submitted to the Office of Legal Affairs, addressed as follows, and must be received no later than May 8, 2006:

Charles R. Fraser
Deputy Commissioner for Legal Affairs/General Counsel
Taxi and Limousine Commission
40 Rector Street, 5th Floor
New York, New York 10006
Telephone: 212-676-1117
Fax: 212- 676-1102
TTY/TDD: 212- 341-9569

Written comments and a summary of all comments received at the hearing will be available for public inspection at that office.

STATEMENT OF BASIS AND PURPOSE

The proposed rules provide specifications for taxicabs to be used with accessible medallions pursuant to section 19-532(b) of the Administrative Code of the City of New York. The specifications would be applicable to taxicabs that are hacked-up for use with accessible medallions on or after June 15, 2006. The specifications for such taxicabs are drawn in part from the Americans with Disabilities Act (ADA) Accessibility Guidelines for Transportation Vehicles, 36 C.F.R. 1192.23 *et seq.*, promulgated by the federal Department of Transportation pursuant to the federal Americans with Disabilities Act. The purpose of the proposed rules is to ensure that accessible taxicabs are accessible to passengers who use wheelchairs.

The proposed rules require that an accessible taxicab be a minivan, and that the minivan meet the proposed specifications either after original manufacture or after modification by a second-stage manufacturer that is approved by the original manufacturer. Taxi and Limousine Commission staff ("TLC") have identified only one minivan currently in production that meets the proposed specifications – the Chevrolet Uplander, as modified by Eldorado National, and sold as the Amerivan PT. However, TLC staff anticipate that in the near future, another second-stage manufacturer will be approved by Chevrolet to modify the Uplander to meet the proposed specifications.

Section 1. Title 35, chapter 3 of the Rules of the City of New York is amended by adding a new section 3-03.2, to read as follows:

New material is underscored.

§3-03.2 Accessible Taxicab Specifications.

(a) *Definitions.* For purposes of this section:

(1) The term "accessible medallion" shall refer to a medallion that is subject to the requirement that vehicles operated with such medallion must be accessible to persons with disabilities pursuant to section 19-532(b) of the Administrative Code of the City of New York.

(2) The term "accessible taxicab" shall refer to a taxicab that is hacked-up, as that term is defined in section 3-01(a) of this chapter, to an accessible medallion on or after June 15, 2006.

(3) The term "CARB" shall refer to the California Air Resource Board.

(4) The term "EPA" shall refer to the federal Environmental Protection Agency.

(5) The term "OEM" shall refer to the original equipment manufacturer of the accessible taxicab who either manufactures the accessible taxicab in compliance with the specifications in subdivisions (d) and (e) of this section or manufactures the accessible taxicab such that the chassis complies with the specifications in subdivision (d) of this section and approves a second-stage manufacturer who modifies the vehicle to comply with the specifications of subdivision (e) of this section.

(b) An accessible taxicab shall be approved for hack-up to an accessible medallion if it is a minivan capable of transporting at least four passengers, two using wheelchairs and two others, and meets or exceeds the requirements stated in subdivisions (c), (d) and (e) of this section, and all other requirements for hack-up that are not inconsistent with the provisions of this section.

(c) An accessible taxicab shall not be required to be manufactured with heavy duty equipment for taxicabs, police or fleet service, as set forth in section 3-03(c)(1) of this chapter, and shall not require approval of the Chairperson pursuant to section 3-03(c)(7) of this chapter.

(d) The chassis of the accessible taxicab as originally manufactured must meet the following general OEM chassis specifications:

(1) The minimum wheelbase shall be 121.1 inches;

(2) The minimum overall length shall be 204.3 inches;

(3) The minimum overall width (without mirrors) shall be 72 inches;

(4) The minimum interior floor width at center of sliding door shall be 61.5 inches;

(5) The maximum horsepower shall be 224;

(6) The suspension shall utilize the OEM's suspension and steering components; and

(7) No bumper modifications are allowed.

(e) The accessible vehicle as manufactured by the OEM or as modified by an OEM-approved second-stage manufacturer must meet the following specifications:

(1) The minimum height (floor to ceiling at center) shall be 58 inches;

(2) The minimum ramp door opening usable height shall be 56 inches;

(3) The minimum clear ramp door opening width shall be 32 inches;

(4) The minimum wheelchair ramp length shall be 54 inches;

(5) The minimum wheelchair ramp usable width shall be 30 inches;

(6) The minimum ground clearance (measured from frame, loaded to gross vehicle weight rating (GVWR)) shall be 5 inches;

(7) The minimum passenger compartment length (measured from rear of driver's seat base to rear seat riser) shall be 56 inches;

(8) The accessible taxicab shall be painted Taxi Yellow-Dupont M6284 or its equivalent;

(9) The fuel cell of the accessible taxicab shall be approved by the federal DOT, EPA and CARB;

(10) The accessible taxicab suspension shall meet all OEM specifications;

(11) The OEM floor of the accessible taxicab shall be lowered twelve inches from the base of the firewall to the area immediately in front of the rear axle;

(12) The lowered floor assembly of the accessible taxicab shall be stainless steel, (304-2V, 16 gauge minimum), and shall meet or exceed the 1000 hour salt spray rating;

(13) The floor of the accessible taxicab shall be lowered through the threshold of each sliding door and the door shall be extended with stainless steel to seal;

(14) A vapor-insulating barrier of ½ inch marine grade plywood shall be applied over the lowered metal floor and thoroughly secured and covered in a transit grade non-slip material;

(15) The wheelchair ramp door shall be located on the right side of the accessible taxicab;

(16) The wheelchair ramp shall be hinged, manually operated, fold up, formed aluminum design, utilizing 6061 T6 high strength aluminum or equal; shall have a 60 grit powder coat bonded to the walking surface; shall incorporate a hide-away feature, using an inward swinging fold-out ramp, mounted to the accessible taxicab Right Side "B" Pillar; and shall not block any part of the door or glass while in the stowed position;

(17) The accessible taxicab shall have two forward facing wheelchair positions;

(18) The wheelchair securement system shall be provided to hold wheelchairs in the prescribed positions and shall be the system known as Q straint or an approved equal; shall utilize recessed anchor points in the floor, which provide four points of securement for each wheelchair; and shall be adjustable and capable of accommodating a wide variety of commonly used wheelchair types;

(19) No anchor points shall project more than 1/8 of an inch above the finished floor;

(20) A wheelchair passenger restraint system shall be provided to secure the wheelchair user;

(21) The entire securement and restraint system shall comply with all applicable state and federal regulations;

(22) A painted metal storage container for wheelchair securement straps, fire extinguisher and first aid kit and three

federal and New York State DOT approved safety triangles shall be mounted on the left side of the accessible taxicab;

(23) The front passenger seat of the accessible taxicab shall be removable so a wheelchair passenger can occupy the front seat location; shall be mounted on a base with wheels for ease of removal and installation; shall be secured to the floor by means of four seat latches mounted by the OEM on the seat base and four mating seat attachment pockets placed in the floor by the OEM;

(24) A four-point wheelchair securement system, which also can accommodate a 3-point lap/shoulder restraint belt, shall be installed at the front passenger seat location;

(25) The middle fold-up passenger seat shall consist of a single pedestal frame of tubular steel, with a folding mechanism and base plate; shall be secured to the floor of the vehicle by four bolts passing through the base plate and floor; shall be designed so that, by lifting the right end cushion, the seat and frame can be folded and latched in an "on-end" position adjacent to the left side wall of the accessible taxicab; shall meet the requirements of the federal Motor Vehicle Safety Standard 207 and evidence thereof shall be provided by the contractor on request of the Chairperson or his or her designee;

(26) The rear bench seat shall be the standard, removable, three-passenger rear bench seat installed by the OEM;

(27) The emergency exit shall have an inside rear door release handle to facilitate exiting the vehicle through the rear door in an emergency; and the rear door shall be clearly marked as an emergency exit with instructions as well;

(28) Any modifications to the rear air conditioning must be approved by the OEM and the accessible taxicab shall be equipped with air conditioning outlets for the rear seat area and separate controls for the front and rear seat areas;

(29) Any and all electrical wiring in the accessible taxicab, other than as provided by OEM who manufactured the chassis, shall be PVC or better insulated and color coded for positive identification;

(30) The interior lighting on the entrance ramp area in the accessible taxicab shall produce a minimum of 2-foot candles of illumination when the door is opened;

(31) The back-up alarm in the accessible taxicab shall be an electrically operated device that produces an intermittent audible signal when the accessible taxicab's transmission is shifted to reverse; and

(32) The conversion, by replacement or repair, of the accessible taxicab shall be warranted against "rust-through" damage to metal components of the installed floor and ramp for a period of seven years or 70,000 miles, whichever occurs first; all other components of the conversion, by repair or replacement, shall be warranted for a period of thirty-six months from the in-service date or 36,000 miles, whichever occurs first; and the standard OEM warranty shall remain in effect to cover OEM parts for the duration specified by the OEM.

(f) Notwithstanding the provisions of sections 3-01(f) and 3-02 of this chapter, the retirement date for an accessible taxicab shall be determined as follows:

(1) An accessible taxicab which is double-shifted and not driven by at least one long-term driver, as defined in section 1-01 of this title, for any period of time after hack-up, must be retired from taxicab service and replaced no later than 36 months after the vehicle was hacked-up;

(2) Any other accessible taxicab must be retired from taxicab service and replaced no later than 60 months after the vehicle was hacked-up; and

(3) An accessible taxicab hacked-up pursuant to this section shall not be eligible for any extension of the retirement dates provided in this paragraph.

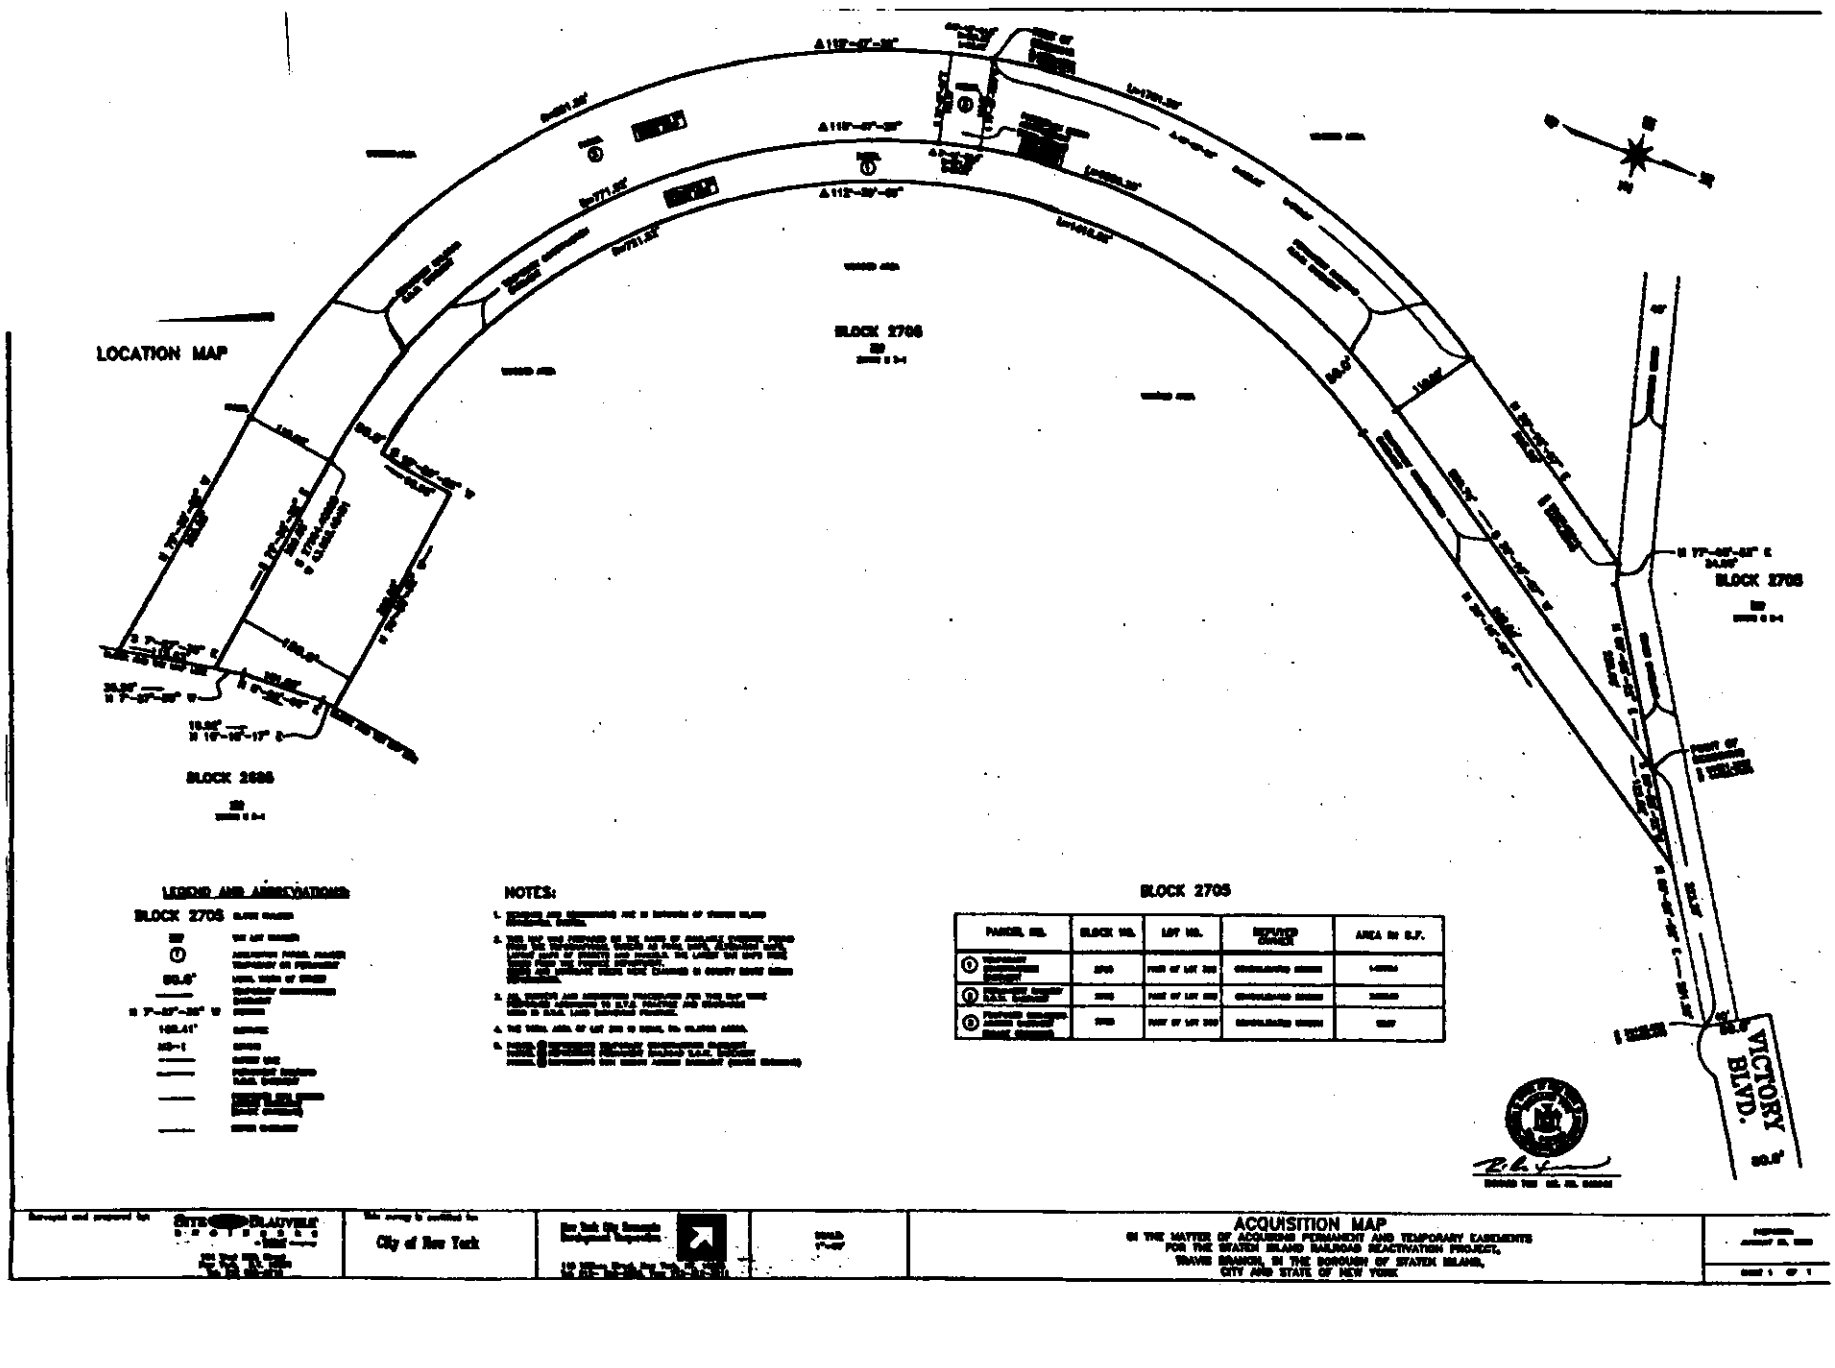
COURT NOTICE MAP FOR STATEN ISLAND REACTIVATION PROJECT/TRAVIS BRANCH



READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council**, 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists--free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

PROCUREMENT POLICY BOARD RULES

The Rules may also be accessed on the City Website, http://NYC.GOV.Selltonyc

COMMON ABBREVIATIONS USED IN THE CR

The CR contains many abbreviations. Listed below are simple explanations of some of the most common ones appearing in the CR:

AB ..... Acceptable Brands List
AC .....Accelerated Procurement
AMT .....Amount of Contract
BL .....Bidders List
CSB .....Competitive Sealed Bidding (including multi-step)
CB/PQ .....CB from Pre-qualified Vendor List
CP .....Competitive Sealed Proposal (including multi-step)
CP/PQ .....CP from Pre-qualified Vendor List
CR .....The City Record newspaper
DA .....Date bid/proposal documents available
DUE .....Bid/Proposal due date; bid opening date
EM .....Emergency Procurement
IG .....Intergovernmental Purchasing
LBE .....Locally Based Business Enterprise
M/WBE .....Minority/Women's Business Enterprise
NA .....Negotiated Acquisition
NOTICE....Date Intent to Negotiate Notice was published in CR
OLB .....Award to Other Than Lowest Responsible & Responsive Bidder/Proposer
PIN .....Procurement Identification Number
PPB .....Procurement Policy Board
PQ .....Pre-qualified Vendors List
RS .....Source required by state/federal law or grant
SCE .....Service Contract Short-Term Extension
DP .....Demonstration Project
SS .....Sole Source Procurement
ST/FED .....Subject to State &/or Federal requirements

KEY TO METHODS OF SOURCE SELECTION

The Procurement Policy Board (PPB) of the City of New York has by rule defined the appropriate methods of source selection for City procurement and reasons justifying their use. The CR procurement notices of many agencies include an abbreviated reference to the source selection method utilized. The following is a list of those methods and the abbreviations used:

CSB .....**Competitive Sealed Bidding** (including multi-step)
Special Case Solicitations/Summary of Circumstances:
CP .....***Competitive Sealed Proposal*** (including multi-step)
CP/1 .....Specifications not sufficiently definite
CP/2 .....Judgement required in best interest of City
CP/3 .....Testing required to evaluate
CB/PQ/4 ....
CP/PQ/4 ....**CB or CP from Pre-qualified Vendor List/** Advance qualification screening needed
DP .....Demonstration Project
SS .....**Sole Source Procurement**/only one source
RS .....Procurement from a Required Source/ST/FED
NA .....Negotiated Acquisition
For ongoing construction project only:
NA/8 .....Compelling programmatic needs
NA/9 .....New contractor needed for changed/additional work
NA/10 .....Change in scope, essential to solicit one or limited number of contractors
NA/11 .....Immediate successor contractor required due to termination/default
For Legal services only:
NA/12 .....Specialized legal devices needed; CP not advantageous
WA .....**Solicitation Based on Waiver/Summary of Circumstances** (Client Services/BSB or CP only)
WA1 .....Prevent loss of sudden outside funding
WA2 .....Existing contractor unavailable/immediate need
WA3 .....Unsuccessful efforts to contract/need continues
IG .....**Intergovernmental Purchasing** (award only)
IG/F .....Federal
IG/S .....State
IG/O .....Other
EM .....**Emergency Procurement** (award only) An unforeseen danger to:
EM/A .....Life
EM/B .....Safety
EM/C .....Property
EM/D .....A necessary service
AC .....**Accelerated Procurement**/markets with significant short-term price fluctuations
SCE .....**Service Contract Extension**/insufficient time; necessary service; fair price
Award to Other Than Lowest Responsible & Responsive Bidder or Proposer/Reason (award only)
OLB/a .....anti-apartheid preference
OLB/b .....local vendor preference
OLB/c .....recycled preference
OLB/d .....other: (specify)

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

as shown on a diagram (for illustrative purposes only) dated December 19, 2005.

The Subcommittee on Landmarks, Public Siting and Maritime Uses public hearing scheduled to be held in the Council Committee Room, City Hall, New York, New York 10007, commencing at 11:00 A.M. on Monday, April 10, 2006 has been deferred.

The Subcommittee on Planning, Dispositions and Concessions will hold public hearings on the following matters in the Council Committee Room, City Hall, New York, New York 10007, commencing at 11:30 A.M. on Monday, April 10, 2006:

BROOKLYN CB - 2 **C 060176 ZMK**
Application submitted by the Department of Housing Preservation and Development pursuant to Sections 197-c and 201 of the New York City Charter for an amendment of the Zoning Map, Section No. 16c, changing from a C6-1 District to a C6-2 District property bounded by a line 100 feet northerly of Atlantic Avenue, South Oxford Street, Atlantic Avenue, and South Portland Avenue, as shown on a diagram (for illustrative purposes only) dated November 14, 2005.

BROOKLYN CB - 2 **C 060177 HAK**
Application submitted by the Department of Housing Preservation and Development (HPD):

1) pursuant to Article 16 of the General Municipal Law of New York State for:

a) the designation of property located at 207 and 209 South Portland Ave., 206 and 208, 214 and 216 South Oxford St. (Block 2004, Lots 1, 2, 78-82 and 84) p/o Site 3 within the Atlantic Terminal Urban Renewal Area, as an Urban Development Action Area; and

b) an Urban Development Action Area Project for such area;

2) pursuant to Section 197-c of the New York City Charter for the disposition of such property to a developer to be selected by HPD;

to facilitate the development of a ten-story building, tentatively known as Atlantic Terrace, with approximately 80 residential units above ground floor retail to be developed under HPD's Cornerstone Program.

BROOKLYN CB - 3 **C 060194 HAK**
Application submitted by the Department of Housing Preservation and Development (HPD):

1) Pursuant to Article 16 of the General Municipal Law of New York State for:

a. the designation of property located at 31-39 Van Buren Street (Block 1791, Lots 68-72) as an Urban Development Action Area; and

b. an Urban Development Action Area Project for such area;

2) Pursuant to Section 197-c of the New York City Charter for the disposition of such property to a developer to be selected by HPD;

to facilitate the development of a five-story building tentatively known as Wazobia House, with approximately 43 dwelling units to be developed under HPD's Supportive Housing Loan Program.

BROOKLYN CB - 3 **C 060195 ZSK**
Application submitted by the Department of Housing Preservation and Development (HPD) pursuant to Sections 197-c and 201 of the New York City Charter for the grant of a special permit, pursuant to Section 74-902 of the Zoning Resolution to permit the allowable community facility floor area ratio of Section 24-11 (Maximum Floor Area and Percentage of Lot Coverage) to apply to a proposed approximately 18,243 square foot, 5-story Non-Profit Institution with Sleeping Accommodations (U.G. 3A), on property located at 31-39 Van Buren Street (Block 1791, Lots 68-72), in an R5 District.

Proposals subject to Council review and action pursuant to the Urban Development Action Area Act, Article 16 of the New York General Municipal Law, at the request of the Department of Housing Preservation and Development ("HPD"), which requests that the Council:

1. Find that the present status of the listed areas tends to impair or arrest the sound growth and development of the municipality and that the proposed Urban Development Action Area Project is consistent with the policy and purposes of Section 691 of the General Municipal Law;

2. Waive the area designation requirement of Section 693 of the General Municipal Law pursuant to said Section;

3. Waive the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law;

4. Approve the project as an Urban Development Action Area Project pursuant to Section 694 of the General Municipal Law; and

5. Approve an exemption of the projects from real property taxes pursuant to Section 696 of the General Municipal Law for Non-ULURP Nos. 20065338 HAK through 20065343 HAK and 20065345 HAK.

NON-ULURP NO.	ADDRESS	BLOCK/LOT	BORO	PROGRAM	COMMUNITY BOARD
20065338 HAK	291 Berriman Street	4054/15	Brooklyn	Homeworks	5

CITY PLANNING

■ PUBLIC HEARINGS

PROPOSED 2007 CONSOLIDATED PLAN

A public hearing on the formulation of the Proposed 2007 Consolidated Plan: One Year Action Plan for HUD Entitlement Funds will be held on **TUESDAY, APRIL 11, 2006** beginning at 3:30 P.M. at the Department of City Planning located at **22 Reade Street, Spector Hall,** Manhattan. The PUBLIC HEARING will be followed by a brief question and answer session with City agency representatives in attendance. In addition, at this forum, agency representatives will receive comments on the City's performance on Consolidated Plan activities in 2005.

The Consolidated Plan defines the use of federal entitlement funds for housing, homeless assistance, supportive housing services and community development programs and is required by the United States Department of Housing and Urban Development (HUD). It consolidates the statutory requirements of the Cranston-Gonzalez Housing Act's Comprehensive Housing Affordability Strategy, and the City's annual application for the four HUD Office of Community Planning and Development entitlement programs: Community Development Block Grant (CDBG), HOME Investment Partnership, Emergency Shelter Grants (ESG), and Housing Opportunities for Persons with AIDS (HOPWA).

Immediately following the Public Hearing, the City of New York will solicit comments on the City's proposed Foundation for Dance Promotion Inc. Cultural Facility Section 108 Loan Project. The Project will substantially amend New York City's approved 2006 Consolidated Plan.

Details on the proposed Section 108 Loan Application can be found in the Notice of Proposed Submission of a Section 108 Loan Application to the U.S. Department of Housing and Urban Development.

For more information contact: Charles V. Sorrentino, New York City Consolidated Plan Coordinator, Department of City Planning, 22 Reade Street 4N, New York, New York 10007, (212) 720-3337.

PARKS AND RECREATION

■ JOINT PUBLIC HEARING

NOTICE OF A SPECIAL JOINT PUBLIC HEARING between the Franchise and Concession Review Committee and the Department of Parks and Recreation to be held on Monday, April 10, 2006, Spector Hall, 22 Reade Street, Main Floor, Borough of Manhattan, commencing at 10:00 A.M. relative to:

REQUEST AUTHORIZATION to enter into a License Agreement with Aquatic Development Group, Inc. for the development, construction and operation of a family-oriented waterpark on approximately 24 acres in the northwestern area of Randall's Island for a license term of 35 years. Aquatic Development Group, Inc. has agreed to pay a base payment of $1,000,000 per year. The fee will escalate based on increases in the Consumer Price Index (CPI); however, if the CPI goes down, the fee will remain the same. Base Payment will not be subordinate to debt service or any other payment. The payment due from Licensee in any year will be the greater of Base Payment or Revenue Participation Fee, as follows:
Years 1-5, for operating revenue of $70 million or less, revenue share will be 6%. Any revenue in excess of $70 million, but less than $80 million, revenue share will be 8%. For any revenue in excess of $80 million, but less than $90 million, the revenue share will be 10%. For any revenue in excess of $90 million, the revenue share will be 12%.
Years 6-35, for operating revenue of $60 million or less revenue share will be 6%. If operating revenue is greater than $60 million, but less than $70 million, revenue share will be 8%. For operating revenue greater than $70 million, but less than $80 million the revenue share will be 10%. If operating revenue is greater than $80 million, the revenue share will be 12%.

LOCATION Approximately 24 acres in the Northwestern Area of Randall's Island Park, Manhattan.

Interested parties may review a copy of the proposed license agreement in Room 313 at the Arsenal, Central Park, 830 Fifth Avenue, NY, NY 10021 on Monday, March 20, 2006 through Monday, April 10, 2006, exclusive of Saturdays, Sundays and holidays.

Human / Client Service

RUNAWAY AND HOMELESS YOUTH STREET OUTREACH SERVICES – Competitive Sealed Proposals – Judgment required in evaluating proposals - PIN# 26007RHORFP – DUE 05-04-06 AT 2:00 P.M. – The New York City (City) Department of Youth and Community Development (DYCD) is seeking appropriately qualified vendors to strengthen and enhance its street outreach services for the City's runaway and homeless youth (RHY) under 21 years of age. Through this RFP, DYCD intends to fund up to two contractors to provide street outreach services. The contractor would conduct vehicle-based street outreach and referral systems from 9:00 A.M. to 5:00 P.M., 7 days per week in a designated geographic service area.
A Pre-Proposal Conference is scheduled for April 18, 2006 from 2:00 P.M. to 4:00 P.M. at DYCD, 156 William Street, 2nd Floor Auditorium, NY, NY 10038. Attendance is optional but recommended by DYCD.

The proposer and each proposed subcontractor, if any, must be classified as a tax-exempt organization under Section 501(c)(3) of the Internal Revenue Code OR must have applied for such status by the proposal due date prescribed in this RFP.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/blueprints; other information; and for opening and reading of bids at date and time specified above.

CITYWIDE TRANSPORTATION SERVICES FOR HOMELESS ADULTS AND FAMILIES – Negotiated Acquisition – PIN# 071-06S-021-027 – DUE 04-17-06 AT 2:00 P.M. – The Department of Homeless Services (DHS) intends on entering into negotiations with Advance Transit Bus Company located at 1340 Lafayette Ave., Bronx, NY 10474, to continue to provide transportation services to homeless adults and families, citywide. This contract will be conducted via Negotiated Acquisition pursuant to Section 3-04 (b)(2)(iii) of the Procurement Policy Board Rules to extend the underlying contract for one (1) year to in order to maintain the continuity of essential transportation services. The extension period will also provide time for the new division at DHS to which the contract has been transferred to familiarize itself with the contract and assess future needs for transportation services in terms of both a decreased number of shelters directly operated by DHS and the agency's five year plan to end chronic homelessness. It is anticipated that the extension contract with Advance Transit Bus Company will be from July 1, 2006 to June 30, 2007.

Qualified vendors that are interested in providing transportation services for homeless adults and families in the future may contact: Kristen Zak, Special Assistant to the Agency Chief Contracting Officer, Department of Homeless Services, 33 Beaver St., 13th Floor NY, NY 10004 or e-mail at kszak@dhs.nyc.gov (212) 361-8404.
Compelling need to extend for one year.

NON-SECURE DETENTION GROUP HOME SERVICES – Negotiated Acquisition – Judgment required in evaluating proposals - PIN# 13005DJJ001 – DUE 09-01-06 AT 3:00 P.M. – The Department of Juvenile Justice (DJJ) is seeking expressions of interest from qualified vendors to provide non-secure detention group home services. Since DJJ must respond to a court order, there is a time-sensitive situation in which DJJ must retain a supplier quickly, at one time or from time to time, permitting this procurement to be processed as a negotiated acquisition. Facilities should provide at least 10 and no more than 12 beds in accordance with the applicable regulations promulgated by the New York State Office of Children and Family Services (NYSOCFS), 9 N.Y.C.R.R. Section 180 et seq., and be operational at any time from December 1, 2004 to August 31, 2006. The term of the contracts awarded from this solicitation will be for three years and will include an additional three-year option to renew.

Vendors interested in providing these services should contact Harry T. Bavaro at the Department of Juvenile Justice, 365 Broadway, 5th Floor, New York, NY 10013 for a copy of the solicitation document if they have not already received a copy. If a vendor is interested in being considered for award of a contract described above, please hand deliver a written expression of interest addressed to Harry T. Bavaro at the Department of Juvenile Justice, 365 Broadway, 5th Floor, New York, NY 10013 pursuant to the terms of the solicitation document.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/ blueprints; other information; and for opening and reading of bids at date and time specified above.

RESEARCH ON MENTALLY ILL INMATES AND JUVENILE RECIDIVISM – Negotiated Acquisition – PIN# 00206DMPS451 – DUE 04-12-06 AT 5:00 P.M. – In accordance with Section 3-04(b)(2)(ii) of the Procurement Policy Board Rules, the New York City Mayor's Office of the Criminal Justice Coordinator intends to enter into negotiations with the Vera Institute of Justice to provide research on the mentally ill and their involvement in the criminal justice system and to evaluate and follow trends in juvenile recidivism. The term of the contract shall be for two years from 2/1/06 to 1/31/08. Vendors interested in responding to future solicitations for these services should so indicate in writing to the address listed or via e-mail to the e-mail address listed by the due date.

In accordance with Section 3-04(b)(2)(ii) of the Procurement Policy Board Rules, CJC intends to use the negotiated acquisition process to enter into an agreement with The Vera Institute of Justice. The term of the subject contract is from 2/1/06 to 1/31/08. The Criminal Justice Coordinator's Office has determined that it is in the best interest of the City to negotiate with only the selected provider. Vendors interested in responding to future solicitation for these services should so indicate in writing to the address listed or via e-mail to the e-mail address listed by the due date.

YOUTH AND COMMUNITY DEVELOPMENT

OFFICE OF CONTRACTS AND PROCUREMENT

■ **SOLICITATIONS**

Human / Client Service

RUNAWAY AND HOMELESS YOUTH STREET OUTREACH SERVICES – Competitive Sealed Proposals – Judgment required in evaluating proposals - PIN# 26007RHORFP – DUE 05-04-06 AT 2:00 P.M. – The New York City (City) Department of Youth and Community Development (DYCD) is seeking appropriately qualified vendors to strengthen and enhance its street outreach services for the City's runaway and homeless youth (RHY) under 21 years of age. Through this RFP, DYCD intends to fund up to two contractors to provide street outreach services. The contractor would conduct vehicle-based street outreach and referral systems from 9:00 A.M. to 5:00 P.M., 7 days per week in a designated geographic service area.
A Pre-Proposal Conference is scheduled for April 18, 2006 from 2:00 P.M. to 4:00 P.M. at DYCD, 156 William Street, 2nd Floor Auditorium, NY, NY 10038. Attendance is optional but recommended by DYCD.

The proposer and each proposed subcontractor, if any, must be classified as a tax-exempt organization under Section 501(c)(3) of the Internal Revenue Code OR must have applied for such status by the proposal due date prescribed in this RFP.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/ blueprints; other information; and for opening and reading of bids at date and time specified above.
Department of Youth and Community Development

AGENCY RULES

HUMAN RESOURCES ADMINISTRATION

■ **NOTICE**

Local Law 73 Implementation Plan February 2006

Introduction

This implementation plan presents the next series of steps that the New York City Human Resources Administration/ Department of Social Services (HRA/DSS) has taken and will take in order to be in compliance with Local Law 73 of 2003. This plan is a continuation of HRA/DSS's commitment to provide meaningful access to all individuals seeking benefits and services, including individuals with limited English proficiency.

HRA/DSS has a long history of providing the public with language services assistance. In continuing this tradition of serving limited English proficient individuals within the City, HRA/DSS created a dedicated unit in 2000, the Office of Refugee and Immigrant Affairs (ORIA), to monitor the Agency's client contact points, centralize contract management of translation and interpretation contracts, assist program areas in drafting and implementing policies regarding service to limited English speaking ability (LESA) customers, contract for testing of prospective bilingual workers, and provide training to Agency staff on LESA related matters.

1. Identification of Primary Language

Relevant Portion of Law:

Upon initial contact, whether by telephone or in person, with an individual seeking benefits and / or services offered by the agency or an agency contractor, the agency or agency contractor shall determine the primary language of such individual. If it is determined that such individual's primary language is not English, the agency or agency contractor shall inform the individual in his / her primary language of the right to free language assistance services.

"Primary language" means the language in which a limited English proficient individual chooses to communicate with others.

Implementation Plan:

Upon initial contact, whether by telephone or in person, with an individual seeking benefits and/or services offered by HRA/DSS, the employee shall determine the primary language of such individual and whether the person requires language assistance services.

Of those making the initial contact by telephone, the majority call 311 or HRA's InfoLine where bilingual staff are available and have access to telephone interpreter services for languages not spoken by staff.

For individuals presenting in person, and for whom the language is not immediately recognized, employees utilize the Language Card to help make the determination. The HRA Language Card Form W-194 (01/05/05) instructs employees, "If you do not know the language of the person who wants your help, use this card. The person can point to the language needed and you can arrange for an interpreter."

The Language Card then proceeds to ask in 21 languages (Albanian, Arabic, Bengali, Bosnian, Cantonese, Mandarin, Creole, French, Greek, Hebrew, Hindi, Italian, Khmer, Korean, Polish, Russian, Spanish, Ukrainian, Urdu, Vietnamese, and Yiddish), including the covered languages, plus a Hearing Impaired notation, "Do you speak [language?] Please be seated, I will call an interpreter for you."

ORIA worked with agency programs to develop LESA procedures for staff at all Job Centers, Non Public Assistance Food Stamp Centers, the Medical Insurance and Community Services Administration (MICSA), the HIV/Aids Services Administration (HASA), Investigation, Revenue and Enforcement Administration (IREA), and the Special Needs Region to determine the primary language and the need for language assistance by LESA applicants and clients.

2. Notice Regarding Free Language Assistance

Relevant Portion of Law:

Upon initial contact, whether by telephone or in person, with an individual seeking benefits and / or services offered by the agency or an agency contractor, the agency or agency contractor shall determine the primary language of such individual. If it is determined that such individual's primary language is not English, the agency or agency contractor shall inform the individual in his / her primary language of the right to free language assistance services.

The agency shall provide in all application and recertification packages an 8 ½ inch x 11 inch or larger notice advising participants that free language assistance services are available at its offices and where to go if they would like an interpreter. This notice shall appear in all covered languages.

The agency and each agency contractor shall post conspicuous signs in every covered language at all agency offices and agency contractor offices informing limited English proficient individuals of the availability of free language assistance services.

Implementation Plan:

A. The majority of HRA/DSS public offices currently have New York State mandated language signage pursuant to 05-INF-08 issued on March 21, 2005 by the Office of Temporary and Disability Assistance. The State sign advising that interpreter services are available in English, Albanian, Arabic, Bengali, Bosnian, Chinese, Farsi, French, Haitian Creole, Hindi, Italian, Korean, Polish, Russian, Spanish, Tagalong, Ukranian, Urdu, Vietnamese, Yiddish, and also included the symbol for Deaf / Hearing Impaired services. The sign reads, "If you need an interpreter we provide free interpreter services on request. Please go to the reception desk now and we will call someone to interpret for you." Of those making initial contact by telephone, the majority call 311 or HRA's InfoLine where bilingual staff are available and have access to telephone interpreter services for languages not spoken by staff.

B. All HRA/DSS centers have LESA Liaisons who are designated to procure interpreter services for an applicant/participant. LESA Liaisons are authorized to have a bilingual worker assigned to assist the client, call for a contracted telephone interpreter, or order a contracted on-site interpreter to report to the location.

C. All public assistance and food stamp application kits currently contain an insert advising of the availability of free language services.

3. Language Assistance Services

Relevant Portion of Law:

When a limited English proficient individual seeks or receives benefits or services from an agency office or agency contractor, the agency office or agency contractor shall provide prompt language assistance services in all interactions with that individual, whether the interaction is by telephone or in person. The agency office or agency contractor shall meet its obligation to provide prompt language assistance services for purposes of this subdivision by ensuring that limited English proficient individuals do not have to wait unreasonably longer to receive assistance than individuals who do not require language assistance services.

Where an application or form requires completion in English by a limited English proficient individual for submission to a state or federal authority, the agency or agency contractor shall provide oral translation of such application or form as well as certification by the limited English proficient individual that the form was translated and completed by an interpreter.

The agency shall make all reasonable efforts to provide language assistance services in person by bilingual personnel.

The agency shall translate all documents into every covered language as of the first day of the sixtieth month after the effective date of the local law that added this chapter.

"Covered language" means Arabic, Chinese, Haitian Creole, Korean, Russian or Spanish.

The agency shall phase in language assistance services for covered functions as follows:

1. *As of the first day of the twenty-fourth month after the effective date of the local law that added this chapter, no less than 20% of covered functions provided by agency offices.*
2. *As of the first day of the forty-eighth month after the effective date of the local law that added this chapter, no less than 40% of covered functions provided by agency offices.*
3. *As of the first day of the sixtieth month after the effective date of the local law that added this chapter, 100% of covered functions provided by agency offices.Contractors:*

1. *In all covered contracts entered into or renewed after January 1, 2005, the contractor shall certify that it shall make available language assistance services and maintain and provide access to records as required by this chapter.*
2. *Every covered contract must contain a provision in which the contractor acknowledges that the following responsibilities constitute material terms of the contract:*
   a. *to provide language assistance services as required by this chapter;*
   b. *to comply with the recordkeeping requirements set forth in this chapter;*
   c. *to provide the city access to its records for the purposes of audits or investigations to ascertain compliance with the provisions of this section, to the extent permitted by law; and*
   d. *to provide evidence to the city that the contractor is in compliance with the provisions of this section, upon request.*

If an agency contractor enters into a subcontract agreement to provide any benefits or services under a covered contract, that subcontract will be considered a covered contract for purposes of this section and the provisions of this section will bind the subcontractor Each contractor is required to include the contract provision set forth in paragraph 2 of this subdivision in any such subcontract agreement.
"Covered contract" means a contract between the agency and a contractor to perform a covered function.

"Covered function" means any of the following functions:

1. *Benefits or services offered or provided at agency offices;*
2. *Benefits or services provided by agency contractors to provide employment services in connection with participation of individuals engaged in activities required by sections 335 through 336-c of the social services law;*
3. *Home care services; and*
4. *Determinations regarding eligibility for subsidized childcare.*

Implementation Plan:

A. HRA/DSS has invested in technology solutions to provide customers with computer-generated notices in English, Spanish, Arabic, Chinese, Haitian Creole, Korean, and Russian.

B. HRA/DSS's Office of Constituent and Community Affairs manages the Infoline Call Center, a crucial telephone "help line" available to the general public seeking information on all HRA/DSS programs. Infoline posters, Form W-184 (revised 08/05), are 11x17 posters in English, Spanish, Arabic, Chinese, Haitian Creole, Korean, and Russian, which state, "For assistance with any HRA Program-Call This Toll-Free Number. For information about other city agencies and their programs, call 311." These posters are conspicuously posted in all waiting rooms throughout the Agency where people present themselves in person for assistance.

C. Homebound applicants may call the Infoline number to request an application or a home visit. Automated information is available 24 hours a day through a multilingual toll-free service. During business hours, Infoline is staffed by bilingual representatives who are available to answer questions in English, Spanish, Chinese, Russian, and Vietnamese. Language access for all other languages is provided with the help of the Agency's telephone interpreter contracts.

D. There have not been any new Employment Services and Placement ("ESP") or Skills Assessment and Job Placement ("SAJP") contracts or renewals since January 1, 2005. HRA is currently in the process of issuing a new Request for Proposals for the HRA Back to Work Program. If any contracts are registered pursuant to this RFP, they will contain the required Local Law 73 language.

E. ORIA contacted program areas throughout HRA/DSS from February 2004-September 2004 to notify them of the passage of Local Law 73. ORIA asked each program area to fill out a survey to identify "documents," as defined by this law, which includes city-generated:

- Application forms and corresponding instructional materials
- Notices that require a response from the participant
- Notices that concern the denial, termination, reduction, increase or issuance of a benefit or service
- Notices regarding the rights of participants to a conference and fair hearing
- Notices describing regulation changes that affect benefits

From September 2004-February 2005, ORIA conducted the second phase of HRA/DSS's implementation process to rank documents by frequency of use. As of December 2005, HRA has exceeded the translation schedule outlined in the matrix presented in our last report. The matrix below represents the translation of documents identified by program areas in Phase Two.

LL 73 Effective date	**24 months after effective date**
February 5, 2004	February 1, 2006
City-generated Forms and Documents Translated	48%
Program Area:	
Family Independence Administration	41.5%
Medical Insurance Community Services Administration	56%
Office of Policy and Program Development	55%
Office of Revenue and Investigation	53.5%
Customized Assistance Services	100%
CUMULATIVE PERCENTAGE	48%

4. Quality Assurance Measures

Relevant Portion of Law:

No later than the first day of the sixtieth month after the effective date of the local law that added this chapter, the agency and each agency contractor shall maintain records of the primary language of every individual who seeks or receives benefits or services from the agency or agency

contractor. At a minimum, the agency and each agency contractor shall maintain specific records of the following:
1. The number of limited English proficient individuals served, disaggregated by agency, agency contractor or contractor, agency office, type of language assistance required and primary language;
2. The number of bilingual personnel and the number of interpreter personnel employed by the agency, disaggregated by language translated or interpreted by such personnel;
3. Whether primary language determinations are recorded properly; and
4. Whether documents are translated accurately and disseminated properly.

The agency and each agency contractor shall screen bilingual personnel and interpreter personnel for their ability to provide language assistance services. The agency and each agency contractor shall provide annual training for bilingual personnel and interpreter personnel and ensure that they are providing appropriate language assistance services.

Implementation Plan:

A. ORIA monitors HRA/DSS's contact points to assess whether primary language determinations are recorded properly and whether documents are translated accurately and disseminated properly.

B. ORIA contracts for testing of the oral, written and reading language skills of prospective bilingual employees.

C. ORIA currently reviews Agency aggregate coding of LESA cases to identify potential errors by searching for anomalies. Possible miscodes are referred to Job Centers for investigation and, if appropriate, corrective action. This process is continuing under Local Law 73.

The matrix below reflects the number of limited English proficient individuals served by the Agency and is disaggregated by language translated or interpreted. The data is broken down by program area (Food Stamps [FS]; Public Assistance [PA]; and Medical Insurance [MA]. The program areas are cross tabulated with the spoken language of the case head. Each case may consist of one or more than one individual. All individuals who are receiving any of the three stated benefits, and who are part of the same household, are counted as one case.

The same case may be receiving services from more than one program area. So if one or more individuals on a case were receiving services from FS, and one or more from PA and one or more from MA, the case would be counted once under each of the three areas. Some cases may be counted in only one area because no one on that case is receiving services in any other area. But each case is counted just once in any single program area, regardless, of how many individuals are a part of that case, or how many times the case was opened and closed and reopened during the calendar year.

We believe this is the most accurate way of presenting this data because the recorded spoken language reflects the spoken language of the Case Head and not of each individual member of a case. We do not collect language proficiency information concerning others than the case head, and it would be incorrect and misleading to presume that the other members of a case with a limited English proficient case head are themselves limited in English proficiency.

Language	2004 Food Stamp Program	2004 Medicaid Assistance	2004 Public Assistance	2005 Food Stamp	2005 Medicaid Assistance	2005 Public Assistance
Arabic	998	4961	522	1211	5727	528
Chinese Mandarin	5320	32398	470	6121	43751	598
Chinese-Cantonese	2863	3899	1290	3311	4278	1561
Chinese-Other	542	10620	522	683	9894	741
French Creole	801	3489	532	849	3896	594
Korean	1121	3375	223	1268	4314	265
Russian	13015	11354	3190	12622	12164	2997
Spanish	103424	217668	42266	105239	230146	42391

D. ORIA currently performs case file reviews using professional standards for sampling and statistical analysis. In the future, case file reviews meeting professional standards will be designed and implemented to fulfill the requirements imposed by Local Law 73.

E. ORIA reviews the assignment of LESA public assistance cases semi-monthly to identify trends and ensure that LESA cases are being matched to available bilingual staff. This process is continuing under Local Law 73.

F. HRA/DSS will conduct recruitment of bilingual staff based on the data shared by ORIA which tracks the number of bilingual staff assigned to cases. All prospective bilingual hires will be tested as outlined above.

G. HRA contracts with a quality assurance firm to review the accuracy of vendor-provided translations.

5. Training

Relevant Portion of Law:
The agency and each agency contractor shall provide annual training for bilingual personnel and interpreter personnel and ensure that they are providing appropriate language assistance services.

Implementation Plan:

ORIA has contracts to provide on-site, in-person interpreter services in 38 languages at HRA locations and clients' homes, if necessary, and telephone interpreter services in over 125 languages accessible by staff at HRA locations. In 2005, ORIA held 23 training sessions to instruct language assistance liaisons, designated LESA liaisons, in all HRA locations how to use the telephone interpreter services and on-site interpreter services. ORIA designed and distributed its own training materials, including a multilingual palm card, a poster describing the InfoLine services, and step-by-step instructions for both interpreter services. Currently, HRA has 235 LESA liaisons at its various locations who have been trained to use the interpreter services for applicants and recipients.

ORIA also conducted three (3) half-day conferences for nearly 100 bilingual staff working at HRA locations. These bilingual workers included those who had been specifically hired for their bilingual abilities as well as those bilingual staff who volunteer to use their language skills to assist non-English speaking clients. Experts in immigration and refugee services, psychologists and mental health professionals, and job counselors discussed the backgrounds of the city's immigrant populations and best practices to help them.

ORIA gave five (5) presentations on New York City demographics and HRA's language assistance resources to classes of HRA's new fraud investigators, eligibility workers, and employment specialists. ORIA instructed managers and caseworkers at HRA's Adult Protective Services on using on-site interpreters in home visits, and met with supervisors in the Investigation, Revenue and Enforcement Administration to reinforce usage of the interpreter services in their staffs' work.

ORIA assisted HRA's Family Independence Administration (FIA), the Medical Insurance and Community Services Administration (MICSA), the HIV/Aids Services Administration (HASA), and the Equal Employment Opportunity (EEO) Office to draft policy directives that inform staff of the procedures regarding the use of interpreter services, including sign language for the deaf/hearing-impaired. Once the FIA policy directive was issued, ORIA conducted a train-the-trainer workshop on the procedures for FIA's training unit, and will continue this role with other trainers as other units issue their respective policy directives.

ORIA has actively participated in the Language Access Interagency Taskforce of the Mayor's Office of Immigrant Affairs, which has presented monthly workshops on language assistance issues and resources to other New York City agencies.

6. Record Keeping and Monitoring

Relevant Portion of Law:
No later than the first day of the sixtieth month after the effective date of the local law that added this chapter, the agency and each agency contractor shall maintain records of the primary language of every individual who seeks or receives benefits or services from the agency or agency contractor. At a minimum, the agency and each agency contractor shall maintain specific records of the following:

1. *The number of limited English proficient individuals served, disaggregated by agency, agency contractor or contractor, agency office, type of language assistance required and primary language;*
2. *The number of bilingual personnel and the number of interpreter personnel employed by the agency, disaggregated by language translated or interpreted by such personnel;*
3. *Whether primary language determinations are recorded properly; and*
4. *Whether documents are translated accurately and disseminated properly.*

Implementation Plan:

A. ORIA tracks the percentage and number of limited English speaking ability customer cases within the Family Independence Administration.

B. ORIA tracks the assignment of LESA clients to bilingual workers. Based on the tracking of bilingual workers and the number of LESA cases, ORIA issues a bimonthly report on the Agency's performance in assigning LESA clients to appropriate bilingual workers.

7. Coordination

ORIA serves as the coordinating body within HRA/DSS to ensure compliance with Local Law 73 and this implementation plan.

☛ a7

TAXI AND LIMOUSINE COMMISSION

■ NOTICE

Notice of Public Hearing and Opportunity to Comment on Proposed Rules

Notice is hereby given in accordance with section 1043(b) of the Charter of the City of New York ("Charter") that the Taxi and Limousine Commission ("TLC") proposes rules altering license application requirements for taxicab drivers whose licenses expire because they are unable to file timely renewal applications due to active military service; and allowing licensed taxicabs and for-hire vehicle drivers to advance the dates of expiration of their non-probationary licenses one time during the second year of any renewal period.

These rules are proposed pursuant to section 1043 of the Charter and sections 19-503 and 19-505 of the Administrative Code of the City of New York. The proposed rules were not included in the TLC's regulatory agenda for Fiscal Year 2006 because the need for the rule changes was not anticipated at the time the agenda was submitted.

A public hearing on these proposed rules will be held by the TLC at its offices at 40 Rector Street, 5th Floor, New York, New York 10006 on May 11, 2006, at 9:30 a.m. Persons wishing to testify at the hearing may notify the TLC in advance, either in writing or by telephone to the TLC's Office of Legal Affairs at the address and telephone given below. Any request for a sign language interpreter or other form of reasonable accommodation for a disability at the hearing must be submitted to the Office of Legal Affairs in writing, by telephone, or by TTY/TDD no later than May 4, 2006.

Written comments in connection with these proposed rules should be submitted to the Office of Legal Affairs and must be received no later than May 8, 2006 to:

Charles R. Fraser
Deputy Commissioner for Legal Affairs / General Counsel
Taxi and Limousine Commission
40 Rector Street, 5th Floor
New York, New York 10006
Telephone: 212-676-1117
Fax: 212-676-1102
TTY/TDD: 212-341-9596

Written comments and a summary of all comments received at the hearing will be available for public inspection at that office.

Statement of Basis and Purpose of Proposed Rules

The proposed rules would amend existing Taxi and Limousine Commission ("TLC") rules in two respects.

First, the proposed rules would alter license application requirements for taxicab drivers whose licenses expire because they are unable to file renewal applications due to active military service.

Existing rules require a new applicant for a taxicab driver's license to complete 80 hours of instruction in taxi-related subjects and pass an examination as a pre-requisite to obtaining a taxicab driver's license. The proposed rules would waive this requirement for a taxicab driver who is unable to renew his or her driver's license due to active military service, provided that the driver files an application for a driver's license within 90 days of discharge from active military service, and within three years of expiration of his or her previous driver's license. The purpose of this change is to allow taxicab drivers to resume taxicab service with a minimum of delay upon return from military duty.

Second, the proposed rules would amend existing TLC rules to permit a licensed taxicab driver or for-hire vehicle driver to advance the date of expiration of his or her non-probationary license one time during the second year of any renewal period.

Existing rules provide that a licensed taxicab or for-hire vehicle driver must submit a completed renewal application by the expiration date of the license to be renewed, and that such application must include drug testing performed no earlier than 30 days before the expiration date of the license to be renewed. Failure to take a drug test by the license expiration date or to renew within the prescribed time period results in expiration of the license; thereafter, in order to obtain a license, the applicant must complete the requirements for a new license, which are more extensive than the requirements for a renewal license.

Experience has demonstrated that a significant number of taxicab and for-hire vehicle drivers are periodically absent from the New York City area for personal reasons, for extended periods of time. In some cases, those absences extend through the entire 30-day period during which the licensee must submit to drug testing and apply for license renewal, resulting in substantial inconvenience or even hardship to the licensee.

The proposed rules would permit a driver (other than a driver still in his or her probationary period) who is in the second year of a license and who might not be able to timely file a completed renewal application because of such an extended absence to advance his or her expiration date and complete the renewal application prior to the period of absence.

The proposed rules would allow the licensee, upon submission of the prescribed form, to advance his or her license expiration date as of right one time during the second year of any renewal period, provided that the licensee has completed the drug test required for licensees in the first year of a two year license. The licensee's 30-day drug test window would be advanced to correspond to the advanced expiration date, and all other requirements of a license renewal application would be retained. The renewal license then issued would be valid for two years from the advanced expiration date of the previous license.

Section 1. It is hereby proposed that title 35, section 2-03 (a) of the Rules of the City of New York be amended to read as follows:

[Material inside brackets indicates deleted material]. Underscoring indicates new material.

(a) Except as set forth in subdivisions (c) and (d) of this section, all applicants for a taxicab driver's license are required to attend and pass an authorized course of training in taxi-related subjects. This course shall contain eighty (80) hours of instruction. The course shall include, but not be limited to, instruction on Commission rules and procedures, geography, map reading skills, driver/passenger relations and courtesy, as well as any other material deemed appropriate or relevant by the Commission. An applicant must successfully complete such course, and pass an examination administered by the Commission on mandatory subjects, as well as proficiency in the English language, as a prerequisite to obtaining a taxicab driver's license.

Section 2. It is hereby proposed that title 35, section 2-03 of the Rules of the City of New York be amended by the addition of paragraph (d) thereto, to read as follows:

[Material inside brackets indicates deleted material]. Underscoring indicates new material.

(d) Any applicant for a license under this chapter who previously held a taxicab driver's license pursuant to this chapter and who had previously met the requirements of section 2-03(a) of this chapter shall not be required to meet such requirements again and shall be deemed to have fulfilled the pre-requisite to obtaining a taxicab driver's license as specified in section 2-03(a) of this chapter, provided that

(1.) Such applicant's prior taxicab driver's license expired solely because the applicant was not available to timely renew such license because the applicant was on active military service, and not as a result of any action taken or commenced by the Commission to suspend, revoke, or otherwise terminate such license;

(2.) Such applicant's military service commenced prior to the expiration date of his or her prior license and such applicant applies for a new taxicab driver's license under these rules within ninety (90) days of completing active military service, and in no event later than three (3) years following expiration of the prior license, and applicant provides proof of the dates of active military service; and

(3.) Such applicant meets all other requirements for obtaining a new taxicab driver's license.

Section 3. It is hereby proposed that title 35, section 2-10 (a) (2) of the Rules of the City of New York be amended to read as follows:

[Material inside brackets indicates deleted material]. Underscoring indicates new material.

§2-10 Term of a License.

(a) (2) (A) A license issued to a renewing applicant shall expire two years from the date on which the previous license expired. The Commission may, in

its discretion, extend the expiration date of such license by up to an additional thirty-one days.

(B) The holder of a renewal license under paragraph (a)(2)(A) of this section who is in the second year of such license and who has completed the drug test required by section 2-19 (b)(1) of this chapter for licensees in the first year of such license, may, upon written request to the Chairperson, advance the expiration date of his or her license to any date prior to the scheduled expiration of such license. One such request may be made during the term for such license. The request must be made on a form to be prescribed by the Chairperson or his or her designee and must be submitted in accordance with instructions on that form.

(C) The holder of a license seeking to renew such license after advancing the expiration date thereof hereunder must comply with all requirements for renewal applicants, including with the requirements imposed by sections 2-02, 2-11 and 2-19 of this chapter; notwithstanding the provisions of section 2-19(b) of this chapter, the drug test provided for therein shall be performed no sooner than thirty (30) days prior to, and in any event no later than, such advanced expiration date. For purposes of section 2-19(b) of this chapter, a licensee who has advanced his or her expiration date shall be treated as being a licensee in the second year of a two-year license.

Section 4. It is hereby proposed that title 35, section 6-02(a)(2) of the Rules of the City of New York be amended to read as follows:

[Material inside brackets indicates deleted material]. Underscoring indicates new material.

§6-02 Terms of Licenses.

(a) (2) (A) A license issued to a renewing applicant for a for-hire vehicle driver's license shall expire two years from the date on which the previous license expired. The Commission may, in its discretion, extend the expiration date of such license by up to an additional thirty-one days.

(B) The holder of a renewal license under paragraph (a)(2)(A) of this section who is in the second year of such license and who has completed the drug test required by section 6-16(v)(1) of this chapter for licensees in the first year of such license, may, upon written request to the Chairperson, advance the expiration date of his or her license to any date prior to the scheduled expiration of such license. One such request may be made during the term of such license. The request must be made on a form to be prescribed by the Chairperson or his or her designee and must be submitted in accordance with instructions on that form.

(C) The holder of a license seeking to renew such license after advancing the expiration date thereof hereunder must comply with all requirements for renewal applicants, including with the requirements imposed by sections 6-02 and 6-16 of this chapter; notwithstanding the provisions of section 6-16(v) of this chapter, the drug test provided for therein shall be performed no sooner than thirty (30) days prior to, and in any event, no later than, such advanced expiration date. For purposes of section 6-16(v) of this chapter, a licensee who has advanced his or her expiration date shall be treated as a licensee in the second year of a two-year license.

Notice of Public Hearing and Opportunity to Comment on Proposed Rules

Notice is hereby given in accordance with section 1043(b) of the Charter of the City of New York ("Charter") that the Taxi and Limousine Commission ("TLC") proposes a rule modifying the existing requirements for taxicab partitions for taxicabs as they apply to taxicabs that are equipped with factory installed curtain airbags.

This rule is proposed pursuant to section 2303(a) and (b)(6) of the Charter and section 19-503 of the Administrative Code of the City of New York. The proposed rule was not included in the TLC's regulatory agenda for Fiscal Year 2006 because the data suggesting the need for the rule was not known at the time that TLC's regulatory agenda was published.

A public hearing on this proposed rule will be held by the TLC at its offices at 40 Rector Street, 5th Floor, New York, New York 10006 on May 11, 2006, at 9:30 a.m. Persons wishing to testify at the hearing may notify the TLC in advance, either in writing or by telephone to the TLC's Office of Legal Affairs at the address and telephone given below. Any request for a sign language interpreter or other form of reasonable accommodation for a disability at the hearing must be submitted to the Office of Legal Affairs in writing, by telephone, or by TTY/TDD no later than May 4, 2006.

Written comments in connection with this proposed rule should be submitted to the Office of Legal Affairs and must be received no later than May 8, 2006 to:

Charles R. Fraser
Deputy Commissioner for Legal Affairs / General Counsel
Taxi and Limousine Commission
40 Rector Street, 5th Floor
New York, New York 10006
Telephone: 212-676-1117
Fax: 212-676-1102
TTY/TDD: 212-341-9596

Written comments and a summary of all comments received at the hearing will be available for public inspection at that office.

New material is underlined.
[Deleted material is in brackets.]

Section 1. Subdivision (a) of Section 1-17 of Chapter 1 of Title 35 of the Rules of the City New York is amended to read as follows:

§ 1-17 Partition.

(a) An owner shall equip all taxicabs, except as provided in [subsection] subdivisions (b) and (c) of this section, with a transparent partition and a protective plate which would isolate the driver from the rear seat passengers, and with provision for air conditioning for the rear passenger compartment, as set forth in [§§] sections 3-03(e)(3)(i) and 3-05 of [the Taxicab Specifications] this title.

Section 2. A new Subdivision (c) of Section 1-17 of Chapter 1 of Title 35 of the Rules of the City New York is added to read as follows:

(c) A taxicab that is equipped with factory installed curtain airbags shall be exempt from the provisions of subdivision (a) of this section. Such taxicab shall be equipped with a cellular telephone that has an emergency dialing feature, in accordance with section 1-13(b) of this chapter, and shall be equipped with a digital camera and recording system that is approved by the Commission pursuant to paragraph (b)(3) of this section. Installation of a partition in such taxicab shall be optional, provided that any such partition shall not extend the full width of the interior of the taxicab, but instead shall allow a space of six inches at each side, sufficient to permit proper deployment of the curtain airbags, and shall conform in all other respects with the requirements of section 3-03(e)(3)(i) of this title.

Section 3. Section 1-86 of Chapter 1 of Title 35 of the Rules of the City New York is amended by adding a new penalty labeled §1-17(c) between §1-17(a) and §1-18(a) to read as follows:

Rule No.	Penalty	Personal Appearance Required
§1-17(a)	$300 and suspension until the condition is corrected	Yes
§1-17(c)	$300 and suspension until the condition is corrected	Yes
§1-18(a)	$100 and suspension until the condition is corrected	Yes

STATEMENT OF BASIS AND PURPOSE

This rulemaking amends existing rules requiring installation of partitions in taxicabs, to create an exception for taxicabs that are equipped with factory installed curtain airbags. Taxi and Limousine Commission ("Commission") staff have found that partitions that conform to existing rules will impede the proper deployment of curtain airbags that are factory installed in 2006 Toyota Sienna minivans, a vehicle model that is approved for use as a taxicab pursuant to section 3-03(c)(7) of the Commission's rules, thereby reducing or eliminating the safety value of those curtain airbags, and creating additional risk of injury to the driver and passengers of a taxicab in the event of an accident.

In order to permit proper deployment of curtain airbags, this rule allows the owner of a taxicab equipped with factory installed curtain airbags to install a modified partition or to install no partition, and requires the owner in either event to install a cellular telephone with an emergency dialing feature and a security camera system approved by the Commission pursuant to section 1-17(b)(3) of the Commission's rules. This rule further provides that the penalty for installation of an improper partition or for the failure to install a proper cellular telephone and security camera system is the same as the penalty provided in existing rules for failure to install a proper partition.

CITY PLANNING

■ NOTICE

OFFICE OF MANAGEMENT AND BUDGET
NEW YORK CITY ECONOMIC DEVELOPMENT CORPORATION
DEPARTMENT OF CULTURAL AFFAIRS

NOTICE OF PROPOSED SUBSTANTIAL AMENDMENT TO THE 2006 CONSOLIDATED PLAN

The City of New York announces the public comment for a substantial amendment to the 2006 Consolidated Plan. The amendment incorporates a HUD Economic Development Initiative (EDI) grant and a Section 108 Loan Guarantee Program into its approved 2006 Consolidated Plan.

The public comment period will begin on April 7, 2006 and extend thirty (30) days to May 8, 2006.

The City of New York expects to use a $2 million EDI grant to support a $3 million Section 108 loan to enable The Foundation for Dance Promotion Inc. to acquire and construct a 32,000 square foot, four-story condominium unit above a Grid Properties, Inc. retail development located at 261 W. 125th Street in Manhattan. The Foundation's "Cultural Facility Project" will comprise a black box performance space, dance and theater rehearsal studios for the profit and not-for-profit arts and entertainment community and rental and administrative offices for the Bill T. Jones/Arnie Zane Dance Company, Inc. The Project will serve as a cultural anchor to the redevelopment of the 125th Street corridor and will also create a permanent home for the Bill T. Jones/Arnie Zane Dance Company, Inc., allowing it to expand its operations, and provide classes and services for adults and children in the Harlem community in its rehearsal studios. In addition to providing services to the community, the Project will retain or create approximately 304 jobs.

The proposed Cultural Facility Project has a total development cost of approximately $34.5 million.

The purpose of EDI grant funds is to minimize the potential loss of future Community Development Block Grant (CDBG) allocations by strengthening the economic feasibility of the projects financed with Section 108 funds, by directly enhancing the security of the guaranteed loan or by using a combination of these or other risk mitigation techniques. The public entity receiving Section 108 funds must pledge that its CDBG funds will be used in the event other financial resources are insufficient to repay a Section 108 debt obligation.

To obtain a copy of the Foundation for Dance Promotion Cultural Facility Project application, call Liza Kent of the New York City Economic Development Corporation (EDC) at (212) 312-3766.

Written comments concerning the amendment to the Consolidated Plan should be sent by close of business, May 8, 2006 to: Charles V. Sorrentino, Consolidated Plan Coordinator, Department of City Planning, 22 Reade Street 4N, New York, N.Y. 10007 (Fax 212-720-3495).

■ NOTICE

DEPARTMENT OF CULTURAL AFFAIRS
DEPARTMENT OF CITY PLANNING
OFFICE OF MANAGEMENT AND BUDGET

NOTICE OF PROPOSED SUBMISSION OF A SECTION 108 LOAN APPLICATION TO THE U.S. DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

NOTICE OF PROPOSED SUBSTANTIAL AMENDMENT TO THE 2006 CONSOLIDATED PLAN

TO ALL INTERESTED AGENCIES, COMMUNITY BOARDS, GROUPS AND PERSONS:

In accordance with the Section 108 Loan Program regulations at 24 CFR Part 570.704 regarding the application process for loan guarantees, notice is hereby given that the City intends to submit to the U.S. Department of Housing and Urban Development (HUD) a Section 108 Loan application for the "Foundation for Dance Promotion Inc. Cultural Facility Project" (the "Cultural Facility Project").

The Foundation for Dance Promotion Inc. proposes to create the Cultural Facility Project by acquiring and constructing a 32,000 square foot, four-story condominium unit above a Grid Properties, Inc. retail development located at 261 W. 125th Street in Manhattan. The Cultural Facility Project will comprise a black box performance space, 4-5 high quality dance and theater rehearsal studios for the profit and not-for-profit arts and entertainment community and rental and administrative offices for the Bill T. Jones/Arnie Zane Dance Company, Inc. The Cultural Facility Project will serve as a cultural anchor to the redevelopment of the 125th Street corridor. The Cultural Facility Project will also create a permanent home for the Bill T. Jones/Arnie Zane Dance Company, Inc. by allowing it to expand its operations, and provide classes and services for adults and children in the Harlem community in its rehearsal studios.

The proposed Cultural Facility Project has a total development cost of approximately $34.5 million. It is anticipated that the Cultural Facility Project will receive a HUD Economic Development Initiative Grant of $2 million to complement the requested Section 108 Loan of $3 million to assist in financing the project. The proposed activities meet the Section 108 Loan Program's economic development eligibility requirements at 24 CFR Part 570.703(a) and (i)(1)(2) and the national objective requirement at 570.208(a)(1)(i). The City of New York is pledging its future Community Development Block Grant funds as a condition of receiving the Section 108 Loan Guarantee. Community Development funds are pledged as security to ensure repayment.

To obtain a copy of the Foundation for Dance Promotion Cultural Facility Project application, call Liza Kent of the New York City Economic Development Corporation (EDC) at (212) 312-3766. Written comments should be sent to Ms. Kent at EDC, 110 William Street, New York, New York 10038 by May 8, 2006.

Furthermore, in accordance with 24 CFR 91.505 of the HUD Consolidated Plan regulations regarding amendments, the City of New York announces the public comment period for a substantial amendment to the 2006 Consolidated Plan. The amendment proposes to incorporate the City of New York's Foundation for Dance Promotion Cultural Facility Project Section 108 Loan Project into its approved 2006 Consolidated Plan.

A public hearing to obtain comments on the Foundation for Dance Promotion Cultural Facility Project Section 108 Loan will be held on Tuesday, April 11, 2006 at 3:30 P.M. (immediately following the Consolidated Plan hearing) in Spector Hall at the Department of City Planning, 22 Reade St., New York, New York 10007.

ADVISORY REPORTS

ISSUE DATE:	DOCKET #:	SRA #:
03/24/06	066205	SRA 06-6824

ADDRESS	BOROUGH:	BLOCK/LOT:
14 NORTH MOORE STREET HISTORIC DISTRICT TRIBECA WEST	MANHATTAN	169 / 35

To the Mayor, the Council, and the Fire Department City of New York.

This report is issued pursuant to Section 25-318 of the Administrative Code of the City of New York, which requires a report from the Landmarks Preservation Commission for plans for the construction, reconstruction, alteration, or demolition of any improvement or proposed improvement which is owned by the City or is to be constructed upon property owned by the City and is or is to be located on a landmark site or in a historic district or which contains an interior landmark.

The Landmarks Preservation Commission has reviewed a proposal for interior mechanical alterations, as shown on a drawing labeled P-1, prepared by Boris Levin, P.E.

The Commission has reviewed the application and these drawings and finds that the work will have no effect on the significant protected features of the building or the Tribeca West Historic District.

This report is issued on the basis of the building and site conditions described in the application and disclosed during the review process. By accepting this permit, the applicant agrees to notify the Commission if the actual building or site conditions vary or if original or historic building fabric is discovered. The Commission reserves the right to amend or revoke this permit, upon written notice to the applicant, in the event that the actual building or site conditions are materially different from those described in the application or disclosed during the review process.

All approved drawings are marked approved by the Commission with a perforated seal indicating the date of approval. The work is limited to what is contained in the perforated documents. Other work or amendments to this filing must be reviewed and approved separately. This report constitutes the permit; a copy must be prominently displayed at the site while work is in progress. Please direct inquiries to Jared Knowles.

ISSUE DATE:	DOCKET #:	SRA #:
03/24/06	066193	SRA 06-6843

ADDRESS	BOROUGH:	BLOCK/LOT:
132 WEST 10TH STREET HISTORIC DISTRICT GREENWICH VILLAGE	MANHATTAN	610 / 51

To the Mayor, the Council, and the Assistant Commissioner of Facilities, FDNY.

This report is issued pursuant to Section 25-318 of the Administrative Code of the City of New York, which requires a report from the Landmarks Preservation Commission for plans for the construction, reconstruction, alteration, or demolition of any improvement or proposed improvement which is owned by the City or is to be constructed upon property owned by the City and is or is to be located on a landmark site or in a historic district or which contains an interior landmark.

The Landmarks Preservation Commission has reviewed a proposal for the installation of a flue at the rear elevation, and related interior mechanical alterations, as shown on a drawing labeled 1 of 1, dated January 30, 2006, prepared by Moon S. Hahn, P.E.

The Commission has reviewed the application and these drawings and finds that the work will have no effect on the significant protected features of the building or the Greenwich Village Historic District.

This report is issued on the basis of the building and site conditions described in the application and disclosed during the review process. By accepting this permit, the applicant agrees to notify the Commission if the actual building or site conditions vary or if original or historic building fabric is discovered. The Commission reserves the right to amend or revoke this permit, upon written notice to the applicant, in the event that the actual building or site conditions are materially different from those described in the application or disclosed during the review process.

All approved drawings are marked approved by the Commission with a perforated seal indicating the date of approval. The work is limited to what is contained in the perforated documents. Other work or amendments to this filing must be reviewed and approved separately. This report constitutes the permit; a copy must be prominently displayed at the site while work is in progress. Please direct inquiries to Jared Knowles.

Excused: Council Member Yassky.

The presence of a quorum was announced by the Public Advocate (Ms. Gotbaum).

There were 50 Council Members present at this meeting.

INVOCATION

The Invocation was delivered by Rabbi Jonathan Glass, Civic Center Synagogue,

February 7, 2006

49 White Street, New York, New York 10013.

Men and Women of the City Council,

Two days ago was Arbor Day in the Jewish calendar. It signifies that time of year when trees in the land of the Bible begin to rejuvenate after a long winter.

It is a time that pertains to humanity as well; as the verse reads "Man is like the tree of the field". We, like the tree, sustain a slow process of growth until we bear the fruit of our maturity.

And as we witness how the seemingly lifeless and inert can spring back to life, we take hope that the same process can and will take place within the human soul.

Let the winter labors of this city council bring forth a bounteous springtime yield! Amen.

Council Member Felder moved to spread the Invocation in full upon the record.

At this point, the Speaker (Council Member Quinn) asked for a moment of silence in memory of the following individuals:

Army Spc. Marlon A. Bustamonte, 25, of Corona, N.Y., killed by an improvised explosive device in Baghdad, Iraq on February 1, 2006 (1st Battalion, 502nd Infrantry Regiment, 101st Airborne Division); leaves behind a wife, twin 2-year old sons and a month old daughter.

Army Spc. Sergio Mercedes Saez, 23, of Manhattan, N.Y., killed on February 5, 2006 when his Humvee veered off a Baghdad road into a canal in Iraq (2nd Battalion, 502nd Infrantry Regiment, 101st Airborne Division); leaves behind a wife who is expecting their first child in March.

New York City Police Officer Eric Hernandez , 24, (52nd Precinct, the Bronx), died on February 8, 2006 from gunshot wounds suffered in a friendly-fire incident.

Betty Friedan, feminist women's advocate, died on her 85th birthday on February 4, 2006.

Jill Chaifetz, 41, Executive Director of Advocates for Children in New York, died on February 2, 2006 of ovarian cancer.

MESSAGES & PAPERS FROM THE MAYOR

M 61

Communication from the Mayor -- Submitting the name of Elliot G. Sander to the Council for its advice and consent regarding his reappointment to the Taxi and Limousine Commission, Pursuant to Sections 31 an 2301 of the City Charter.

The Honorable Christine C. Quinn
Speaker
New York City Council
City Hall

New York, NY 10007

Dear Speaker Quinn:

Pursuant to Sections 31 and 2301 of the City Charter, I am pleased to present the name of Elliot G. Sander to the City Council for its advice and consent regarding his reappointment to the Taxi and Limousine Commission.

As you know, Mr. Sander is a former Commissioner of the New York City Department of Transportation. He is the Director of the Rudin Center for Transportation Policy and Management at the New York University Robert F. Wagner Graduate School of Public Service. Mr. Sander is also Senior Vice President of DMJM Harris, an engineering, architectural and planning firm. He is a graduate of Georgetown University.

When reappointed, Mr. Sander will serve for the remainder of a seven-year term that began on February 1, 2005 will expire on January 31; 2012.

Thank you for considering this reappointment.

Sincerely,

Michael R. Bloomberg
Mayor

Referred to the Committee on Rules, Privileges and Elections.

M 62

Communication from the Mayor – Submitting Preliminary Mayor's Management Report (PMMR) for Fiscal Year 2006.

(For text of the report, please refer to the City Hall Library at 31 Chamber Street, N.Y. N.Y. 10007)

Council District No. 33, 34, 35, 36, 37, 40, 41, 42, 45

Dear Madame Speaker:

Enclosed for your review is a list of properties ("Transfer Parcels"), which are the subject of a final judgment of foreclosure in the referenced In Rem Action.

Pursuant to Administrative Code §11-412.1, the judgment authorizes the Commissioner of Finance to execute and deliver deeds conveying such Transfer Parcels to transferees selected by the Commissioner of Housing Preservation and Development. Pursuant to Administrative Code §11-412.2, the enclosed list identifies the proposed transferee of each Transfer Parcel. Pursuant to Administrative Code §11-412.2, such conveyances will be deemed approved 45 days from the date hereof unless disapproved by local law during such period.

I recommend approval of this matter in the manner provided in Administrative Code §11-412.2 and request that it be referred to the appropriate committee at the next scheduled meeting of the Council.

Sincerely,

Martha E. Stark
Commissioner

Enclosures

Referred to the Committee on Housing and Buildings.

REPORTS OF THE STANDING COMMITTEES

Reports of the Committee on Finance

At this point the Speaker (Council Member Quinn) announced that the following items had been **preconsidered** by the Committee on Finance and had been favorably reported for adoption.

Report for L.U. No. 59

Report of the Committee on Finance in favor of approving Section 202 Supportive Housing Program for the Elderly, Los Sures Senior Housing, 145 South 3rd Street, Brooklyn, Community District No. 34.

The Committee on Finance to which was referred on February 16, 2006 the annexed amended Land Use resolution respectfully

REPORTS:

(The following is the text of a Memo to the Finance Committee from the Finance Division of the New York City Council:)

February 14, 2006

TO: Hon. David Weprin
Chair, Finance Committee

Members of the Finance Committee

FROM: Sean Robin, Finance Division

RE: Finance Committee Agenda of February 15, 2006 – Resolution amending tax exemptions for one Preconsidered Land Use Item (Council District 34).

HPD has submitted a request to the Council to amend a property tax exemption for a project in Council Member Reyna's District.

The project in Council Member Reyna's District is a 66-unit Section 202 Supportive Housing for the Elderly development. Through the Section 202 program housing is developed with financing from the federal Department of Housing and Urban Development (HUD) and the City provides tax exemptions pursuant to State law. The completed projects provide rental housing for the low-income elderly and receive operating subsidies from HUD. The value of the tax exemption is projected at approximately $67,720 in the first year of the exemption and $4 million over the 40-year length of the exemption.

This exemption was previously approved in September of 2003. However, at the time of the action, the City miscalculated the value of the exemption. This amendment changes the exemption to the appropriate amount.

The Council Member has approved of amending the tax exemption for the project in her district.

Accordingly, Your Committee recommends its adoption.

In connection herewith, Council Member Weprin offered the following resolution:

Res. No. 111

Resolution amending a partial exemption from real property taxes for property located at 145 South 3rd Street (Block 2418, p/o Lot 18), Brooklyn pursuant to Section 422 of the Real Property Tax Law (Preconsidered L.U. No. 59).

By Council Member Weprin

WHEREAS, the New York City Department of Housing Preservation and Development ("HPD") submitted to the Council its request dated September 8, 2003 that the Council take the following action regarding a housing project to be located at 145 South 3rd Street (Block 2418, p/o Lot 18), Borough of Brooklyn ("the Project"):

Amend a partial exemption of the Project from real property taxes pursuant to Section 422 of the Real Property Tax Law (the "Tax Exemption");

WHEREAS, the project description that HPD provided to the Council states that the purchaser of the Project (the "Sponsor") is a duly organized housing development fund company under Article XI of the Private Housing Finance Law;

WHEREAS, the Council held a hearings on the Project on September 30, 2003 and February 15,2006;

WHEREAS, the Council has considered the financial implications relating to the Project;

RESOLVED:

The Project shall be developed upon the terms and conditions set forth in the Project Summary that HPD has submitted to the Council, a copy of which is attached hereto.

The Council hereby grants an exemption from real property taxes as follows:

All of the value of the property in the Project, including both the land and improvements, shall be exempt from real property taxes, other than assessments for local improvements, from the date of conveyance of the land to the Sponsor until the date of issuance of the temporary or permanent Certificate of Occupancy for the housing project;

All of the value of the property in the Project, including both the land and improvements, (excluding those portions, if any, devoted to business or commercial use) shall be exempt from real property taxes, other than assessments for local improvements, commencing upon the date of issuance of the temporary or permanent Certificate of Occupancy for the housing project (or, if the housing project is constructed in stages, upon the date of issuance of the temporary or permanent Certificate of Occupancy for each such stage) ("Effective Date"), and terminating upon the earlier to occur of (i) the date the HUD mortgage is satisfied, or (ii) a date which is forty (40) years from the Effective Date ("Expiration Date"); provided, however, that the Sponsor shall make an annual real estate tax payment commencing upon the Effective Date and terminating upon the Expiration Date;

Commencing upon the Effective Date and during each year thereafter until the Expiration Date, the Sponsor shall make real estate tax payments in the sum of (i) $31,278, which is ten percent (10%) of the annual shelter rent for the housing project, as determined by HPD in accordance with the formula agreed upon with HUD, plus (ii) an additional amount equal to twenty-five percent (25%) of the amount by which the total contract rents applicable to the housing project for that year (as adjusted and established pursuant to Section 8 of the United States Housing Act of 1937, as amended) exceed the total contract rents which are authorized as of the Effective Date. Notwithstanding the foregoing, the total annual real estate tax payment by the Sponsor shall not at any time exceed the lesser of either (i) seventeen percent (17%) of the contract rents, or (ii) the amount of real estate taxes that would otherwise be due in the absence of any form of tax exemption or abatement provided by any existing or future local, state, or federal law, rule or regulation; and

That, in consideration of such tax exemption, the Sponsor, for so long as the partial tax exemption provided hereunder shall remain in effect, shall waive the benefits, if any, of additional or concurrent real property tax abatement and/or tax exemption which may be authorized under any existing or future local, state, or federal law, rule or regulation.

DAVID I. WEPRIN, Chairperson; JOEL RIVERA, DIANA REYNA, MARIA BAEZ, LEROY G. COMRIE, BILL deBLASIO, LEWIS A. FIDLER, JAMES F. GENNARO, ERIC N. GIOIA, ROBERT JACKSON, G. OLIVER KOPPELL, MICHAEL E. McMAHON, HELEN SEARS, PETER F. VALLONE JR., ALBERT VANN, VINCENT J. GENTILE, DENNIS P. GALLAGHER, JAMES S. ODDO, Committee on Finance, February 15, 2006.

On motion of the Speaker (Council Member Miller), and adopted, the foregoing matter was coupled as a General Order for the day (see ROLL CALL ON GENERAL ORDERS FOR THE DAY).

Reports of the Committee on Land Use

Report for L.U. No. 19

Report of the Committee on Land Use in favor of approving Application no. 20065104 HAM, an Urban Development Action Area Project located at 124 and 128 West 134th Street, Council District no. 9, Borough of Manhattan. This matter is subject to Council review and action pursuant to Article 16 of the New York General Municipal Law, at the request of the New York City Department of Housing Preservation and Development.

The Committee on Land Use to which was referred on February 1, 2006 (Minutes, page 261) the annexed Land Use resolution respectfully

INTENT

HPD requests that the Council:

1. Find that the present status of the Disposition Areas tends to impair or arrest the sound growth and development of the municipality and that the proposed Urban Development Action Area Project is consistent with the policy and purposes Section 691 of the General Municipal Law;

2. Waive the area designation requirement of Section 693 of the General Municipal Law pursuant to said Section;

3. Waive the requirements of Sections of 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law;

4. Approve the projects as Urban Development Action Area Projects pursuant to Section 694 of the General Municipal Law; and

5. Approve an exemption of the projects from real property taxes pursuant to Section 696 of the General Municipal Law for L.U. Nos. 39, 41, 42, and 43.

Report Summary:

COMMITTEE ACTION:

DATE: February 9, 2006

The Committee recommends that the Council approve the attached resolution and thereby approve the proposals, grant the requests made by the Department of Housing Preservation and Development, and make the findings required by Article 16 of the General Municipal Law.

In connection herewith, Council Members Katz and Garodnick offered the following resolution:

Res. No. 112

Resolution approving an Urban Development Action Area Project located at 124 West 134th Street (Block 1918/Lot 50) and 128 West 134th Street (Block 1918/Lot 52), Manhattan, and waiving the urban development action area designation requirement and the Uniform Land Use Review Procedure, pursuant to Sections 693 and 694 of the General Municipal Law (L.U. No. 19; 20065104 HAM).

By Council Members Katz and Garodnick

WHEREAS, the New York City Department of Housing Preservation and Development ("HPD") submitted to the Council on November 7, 2005 its request dated October 24, 2005 that the Council take the following actions regarding an Urban Development Action Area Project (the "Project") located at 124 West 134th Street (Block 1918/Lot 50) and 128 West 134th Street (Block 1918/Lot 52), Community District 10, Borough of Manhattan (the "Disposition Area"):

1. Find that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the municipality and that the proposed Urban Development Action Area Project is consistent with the policy and purposes of Section 691 of the General Municipal Law;

2. Waive the area designation requirement of Section 693 of the General Municipal Law pursuant to said Section;

3. Waive the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law; and

4. Approve the Project as an Urban Development Action Area Project pursuant to Section 694 of the General Municipal Law.

WHEREAS, the Project is to be developed on land that is now an eligible area as defined in Section 692 of the General Municipal Law, consists solely of the rehabilitation or conservation of existing private or multiple dwellings or the construction of one to four unit dwellings, and does not require any change in land use permitted under the New York City Zoning Resolution;

WHEREAS, upon due notice, the Council held a public hearing on the Project on February 7, 2006;

WHEREAS, the Council has considered the land use implications and other policy issues relating to the Project;

RESOLVED:

The Council finds that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the City of New York and that a designation of the Project as an urban development action area project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law.

The Council waives the area designation requirement of the Disposition Area as an urban development action area under Section 693 of the General Municipal Law pursuant to said Section.

The Council waives the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law.

The Council approves the Project as an urban development action area project pursuant to Section 694 of the General Municipal Law.

The Project shall be disposed of and developed upon the terms and conditions in the Project Summary that HPD has submitted to the Council, a copy of which is attached hereto.

Report for L.U. No. 20

Report of the Committee on Land Use in favor of approving Application no. 20065105 HAQ, an Urban Development Action Area Project located at 1048 Wyckoff Avenue, Council District no. 34, Borough of Queens. This matter is subject to Council review and action pursuant to Article 16 of the New York General Municipal Law, at the request of the New York City Department of Housing Preservation and Development.

The Committee on Land Use to which was referred on February 1, 2006 (Minutes, page 261) the annexed Land Use resolution respectfully

REPORTS:

(For text of the report, please see the Report of the Committee on land Use for L.U. No. 19 printed in these Minutes).

Accordingly, Your Committee recommends its adoption.

In connection herewith, Council Member Katz and Garodnick offered the following resolution:

Res. No. 113

Resolution approving an Urban Development Action Area Project located at 1048 Wyckoff Avenue (Block 3540/Lot 40), Queens, and waiving the urban development action area designation requirement and the Uniform Land Use Review Procedure, pursuant to Sections 693 and 694 of the General Municipal Law (L.U. No. 20; 20065105 HAQ).

By Council Members Katz and Garodnick

WHEREAS, the New York City Department of Housing Preservation and Development ("HPD") submitted to the Council on November 7, 2005 its request dated October 24, 2005 that the Council take the following actions regarding an Urban Development Action Area Project (the "Project") located at 1048 Wyckoff Avenue (Block 3540/Lot 40), Community District 5, Borough of Queens (the "Disposition Area"):

1. Find that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the municipality and that the proposed Urban Development Action Area Project is consistent with the policy and purposes of Section 691 of the General Municipal Law;

2. Waive the area designation requirement of Section 693 of the General Municipal Law pursuant to said Section;

3. Waive the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law; and

4. Approve the Project as an Urban Development Action Area Project pursuant to Section 694 of the General Municipal Law.

WHEREAS, the Project is to be developed on land that is now an eligible area as defined in Section 692 of the General Municipal Law, consists solely of the rehabilitation or conservation of existing private or multiple dwellings or the construction of one to four unit dwellings, and does not require any change in land use permitted under the New York City Zoning Resolution;

WHEREAS, upon due notice, the Council held a public hearing on the Project on February 7, 2006;

WHEREAS, the Council has considered the land use implications and other policy issues relating to the Project;

RESOLVED:

The Council finds that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the City of New York and that a designation of the Project as an urban development action area project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law.

The Council waives the area designation requirement of the Disposition Area as an urban development action area under Section 693 of the General Municipal Law pursuant to said Section.

The Council waives the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law.

The Council approves the Project as an urban development action area project pursuant to Section 694 of the General Municipal Law.

The Project shall be disposed of and developed upon the terms and conditions in the Project Summary that HPD has submitted to the Council, a copy of which is attached hereto.

Report for L.U. No. 21

Report of the Committee on Land Use in favor of approving Application no. l 20065115 HAX, an Urban Development Action Area Project located at 1234 East 223rd Street, Council District no. 12, Borough of the Bronx. This matter is subject to Council review and action pursuant to Article 16 of the New York General Municipal Law, at the request of the New York City Department of Housing Preservation and Development.

The Committee on Land Use to which was referred on February 1, 2006 (Minutes, page 262) the annexed Land Use resolution respectfully

REPORTS:

(For text of the report, please see the Report of the Committee on L.U. No. 19 printed in these Minutes).

Accordingly, Your Committee recommends its adoption.

In connection herewith, Council Members Katz and Garodnick offered the following resolution:

Res. No. 114

Resolution approving an Urban Development Action Area Project located at 1234 East 233 Street (Block 4897/Lot 63), the Bronx, and waiving the urban development action area designation requirement and the Uniform Land Use Review Procedure, pursuant to Sections 693 and 694 of the General Municipal Law (L.U. No. 21; 20065115 HAX).

By Council Members Katz and Garodnick

WHEREAS, the New York City Department of Housing Preservation and Development ("HPD") submitted to the Council on November 16, 2005 its request dated November 7, 2005 that the Council take the following actions regarding an Urban Development Action Area Project (the "Project") located at 1234 East 233 Street (Block 4897/Lot 63), Community District 12, Borough of the Bronx (the "Disposition Area"):

1. Find that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the municipality and that the proposed Urban Development Action Area Project is consistent with the policy and purposes of Section 691 of the General Municipal Law;

2. Waive the area designation requirement of Section 693 of the General Municipal Law pursuant to said Section;

3. Waive the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law; and

4. Approve the Project as an Urban Development Action Area Project pursuant to Section 694 of the General Municipal Law.

WHEREAS, the Project is to be developed on land that is now an eligible area as defined in Section 692 of the General Municipal Law, consists solely of the rehabilitation or conservation of existing private or multiple dwellings or the construction of one to four unit dwellings, and does not require any change in land use permitted under the New York City Zoning Resolution;

WHEREAS, upon due notice, the Council held a public hearing on the Project on February 7, 2006;

WHEREAS, the Council has considered the land use implications and other policy issues relating to the Project;

RESOLVED:

The Council finds that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the City of New York and that a designation of the Project as an urban development action area project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law.

The Council waives the area designation requirement of the Disposition Area as an urban development action area under Section 693 of the General Municipal Law pursuant to said Section.

The Council waives the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law.

The Council approves the Project as an urban development action area project pursuant to Section 694 of the General Municipal Law.

The Project shall be disposed of and developed upon the terms and conditions in the Project Summary that HPD has submitted to the Council, a copy of which is attached hereto.

REPORTS:

SUBJECT

BROOKLYN CB - 15 **C 060129 ZMK**

City Planning Commission decision approving an application submitted by the Department of City Planning pursuant to Sections 197-c and 201 of the New York City Charter for an amendment of the Zoning Map, Section Nos. 22d, 23b, 28c and 29a.

INTENT

To amend Zoning Map, Sections Nos. 22d, 23b, 28c, and 29a.

Report Summary:

COMMITTEE ACTION

DATE: February 9, 2006

The Committee recommends that the Council approve the attached resolution and thereby approve the decision of the City Planning Commission.

In connection herewith, Council Members Katz and Avella offered the following resolution:

Res. No. 116

Resolution approving the decision of the City Planning Commission on ULURP No. C 060129 ZMK, a Zoning Map change (L.U. No. 31).

By Council Members Katz and Avella

WHEREAS, the City Planning Commission filed with the Council on January 13, 2006 its decision dated January 11, 2006 (the "Decision"), on the application submitted by the Department of City Planning, pursuant to Sections 197-c and 201 of the New York City Charter, for an amendment to the Zoning Map (ULURP No. C 060129 ZMX) (the "Application");

WHEREAS, the Decision is subject to review and action by the Council pursuant to Section 197-d(b)(1) of the City Charter;

WHEREAS, upon due notice, the Council held a public hearing on the Decision and Application on February 7, 2006;

WHEREAS, the Council has considered the land use implications and other policy issues relating to the Decision and Application; and

WHEREAS, the Council has considered the relevant environmental issues and the Negative Declaration, issued on September 26 2005, which included (E) designations for hazardous material, air quality and noise (CEQR No. 06DCP026K);

RESOLVED:

The Council finds that the action described herein will have no significant effect on the environment.

Pursuant to Sections 197-d and 200 of the City Charter and on the basis of the Decision and Application, the Council approves the Decision.

The Zoning Resolution of the City of New York, effective as of December 15, 1961, and as subsequently amended, is further amended by changing the Zoning Map, Section Nos. 22d, 23b, 28c and 29a:

1. eliminating from an existing R6 District a C1-3 District bounded by Avenue P, Ocean venue, a line 150 feet southeasterly of Kings Highway, East 18th Street, and a line 100 feet northwesterly of Kings Highway;

2. changing from an R6 District to an R4-1 District property bounded by:

a. a line 100 feet northerly of Avenue R, a line midway between East 19th Street and Ocean Avenue, a line 100 feet southerly of Avenue S, a line midway between Coney Island Avenue and East 12th Street, a line 100 feet northerly of Avenue S, East 14th Street, the northerly boundary line of William E. Kelly Memorial Park, a line midway between East 14th Street and East 15th Street, Avenue R, East 15th Street, the westerly prolongation of a line 100 feet southerly of Quentin Road, a line midway between East 15th Street and East 16th Street, Moore Place and its easterly and westerly centerline prolongations, and East 18th Street; and

b. a line 150 feet southerly of Avenue U, a line midway between Ocean Avenue and East 21st Street, Gravesend Neck Road, and Ocean Avenue;

3. changing from an R6 District to an R5B District property bounded by:

a. Avenue P, East 18th Street, a line 100 feet southerly of Avenue P, East 17th Street, a line 200 feet northwesterly of Kings Highway, East 15th Street, a line 180 feet southerly of Avenue P, East 14th Street, a line 200 feet northwesterly of Kings Highway, a line 200 feet northerly of Quentin Road and its easterly prolongation, and a line midway between Coney Island Avenue and East 12th Street;

b. a line 100 feet southerly of Quentin Road and its westerly prolongation, a line midway between East 18th Street and East 19th Street, Quentin Road, East 19th Street, a line 100 feet southerly of Quentin Road, a line midway between East 19th Street and Ocean Avenue, a line 100 feet northerly of Avenue R, East 18th Street, Moore Place and its easterly and westerly centerline prolongations, and a line midway between East 15th Street and East 16th Street;

c. a line 200 feet southeasterly of Kings Highway, East 15th Street, Avenue R, a line midway between East 14th Street and East 15th Street, the northerly boundary line of William E. Kelly Memorial Park, East 14th Street, a line 100 feet northerly of Avenue S, a line midway between Coney Island Avenue and East 12th Street, Avenue R, East 13th Street, a line 100 feet northerly of Avenue R, and East 14th Street; and

4. changing from a C4-2 District to an R5B District property bounded by:

a. a line 200 feet northerly of Quentin Road, 13th Street, a line 100 feet northerly of Quentin Road, and a line midway between Coney Island Avenue and East 12th Street; and

b. a line 100 feet southeasterly of Kings Highway, East 15th Street, a line 200 feet southeasterly of Kings Highway, and East 14th Street;

5. changing from an R6 District to an R6A District property bounded by a line 100 feet southerly of Avenue S, Ocean Avenue, a line 150 feet northerly of Avenue T, a line midway between Ocean Avenue and East 21st Street, a line 150 feet northerly of Avenue U, Ocean Avenue, Avenue T, and a line midway between East 19th Street and Ocean Avenue; and

6. changing from an R6 District to an R7A District property bounded by:

a. Avenue P, Kings Highway, Nostrand Avenue, a line 200 feet southeasterly of Kings Highway, East 29th Street, a line 100 feet southeasterly of Kings Highway, Bedford Avenue, a line 100 feet northerly of Avenue P, East 24th Street, Avenue P, East 22nd Street, a line 200 feet southerly of Avenue P, a line midway between Ocean Avenue and East 21st Street, a line 150 feet northerly of Avenue T, Ocean Avenue, a line 100 feet southerly of Avenue S, a line midway between east 19th Street and Ocean Avenue, a line 100 feet southerly of Quentin Road, East 19th Street, Quentin Road, a line midway between East 18th Street and East 19th Street, a line 100 feet southerly of Quentin Road and its westerly prolongation, East 15th Street, a line 200 feet southeasterly of Kings Highway, and East 18th Street;

b. Avenue T, Ocean Avenue, a line 150 feet northerly of Avenue U, a line midway between Ocean Avenue and East 21st Street, a line 150 feet southerly of Avenue U, Ocean Avenue, Gravesend Neck Road, a line midway between Ocean Avenue and East 21st Street, Voorhies Avenue, and a line midway between East 19th Street and Ocean Avenue; and

c. a line 200 feet southeasterly of Kings Highway, East 14th Street, a line 100 feet northerly of Avenue R, East 13th Street, Avenue R, and a line midway between Coney Island Avenue and East 12th Street;

7. changing from a C4-2 District to an R7A District property bounded by:

a. a line 100 feet southeasterly of Kings Highway, East 13th Street, a line 200 feet southeasterly of Kings Highway, and a line midway between Coney Island Avenue and East 12th Street; and

b. a line 100 feet southeasterly of Kings Highway, East 18th Street, a line 200 feet southeasterly of Kings Highway, and East 15th Street;

8. changing from a C8-2 District an R7A District property bounded by:

a. Avenue P, a line midway between Coney Island Avenue and East 12th Street, a line 200 feet northerly of Quentin Road, and Coney Island Avenue; and

b. a line 200 feet southeasterly of Kings Highway, a line midway between Coney Island Avenue and East 12th Street, Avenue R, and Coney Island Avenue;

9. changing from a C4-2 District to a C4-4A District property bounded by Coney Island Avenue, a line 200 feet northerly of Quentin Road, a line midway between Coney Island Avenue and East 12th Street, a line 100 feet northerly of Quentin Road, East 13th Street, a line 200 feet northwesterly of Kings Highway, East 14th Street, a line 180 feet southerly of Avenue P, East 15th Street, a line 200 feet northwesterly of Kings Highway, East 17th Street, a line 100 feet southerly of Avenue P, East 18th Street, a line 100 feet southeasterly of Kings Highway, East 14th Street, a line 200 feet southeasterly of Kings Highway, East 13th Street, a line 100 feet southeasterly of Kings Highway, a line midway between Coney Island Avenue and East 12th Street, and a 200 feet southeasterly of Kings Highway; and

10. establishing within a proposed R7-A District a C2-3 District bounded by:

a. Avenue P, a line midway between Coney Island Avenue and East 12th Street, a line 200 feet northerly of Quentin Road, and Coney Island Avenue;

b. a line 100 feet southeasterly of Kings Highway, a line midway between Coney Island Avenue and East 12th Street, Avenue R, and Coney Island Avenue; and

c. Avenue P, Ocean Avenue, a line 100 feet southeasterly of Kings Highway, and East 18th Street;

as shown on a diagram (for illustrative purposes only) dated September 26, 2005 and modified on January 11, 2005, and which includes CEQR Designation E-155, Community District 15, Borough of Brooklyn.

Report for L.U. No. 33

Report of the Committee on Land Use in favor of approving Uniform Land Use Review Procedure application no. 060109 ZMX, pursuant to §197-c and §197-d of the New York City Charter, concerning changes to the zoning map, Borough of Brooklyn, Council District no. 13.

The Committee on Land Use to which was referred on February 1, 2006 (Minutes, page 266) the annexed Land Use resolution respectfully

REPORTS:

SUBJECT

BRONX CB - 10 **C 060109 ZMX**

City Planning Commission decision approving an application submitted by the Department of City Planning pursuant to Sections 197-c and 201 of the New York City Charter for an amendment of the Zoning Map, Section No. 7a changing from an R4 District to an R4A District property bounded by Wenner Place, the westerly service road of the Hutchinson River Expressway, Senger Place, Jay Place, and Brush Avenue, as shown on a diagram (for illustrative purposes only) dated September 12, 2005.

INTENT

To amend Zoning Map, Section No. 7a.

Report Summary:

COMMITTEE ACTION

DATE: February 9, 2006

The Committee recommends that the Council approve the attached resolution and thereby approve the decision of the City Planning Commission.

In connection herewith, Council Members Katz and Avella offered the following resolution:

Res. No. 117

Resolution approving the decision of the City Planning Commission on ULURP No. C 060109 ZMX, a Zoning Map change (L.U. No. 33).

By Council Members Katz and Avella

WHEREAS, the City Planning Commission filed with the Council on January 17, 2006 its decision dated January 11, 2006 (the "Decision"), on the application submitted by the Department of City Planning, pursuant to Sections 197-c and 201 of the New York City Charter, for an amendment to the Zoning Map (ULURP No. C 060109 ZMX) (the "Application");

WHEREAS, the Decision is subject to review and action by the Council pursuant to Section 197-d(b)(1) of the City Charter;

WHEREAS, upon due notice, the Council held a public hearing on the Decision and Application on February 7, 2006;

WHEREAS, the Council has considered the land use implications and other policy issues relating to the Decision and Application; and

WHEREAS, the Council has considered the relevant environmental issues and the Negative Declaration, issued on September 12, 2005 (CEQR No. 06DCP020X);

RESOLVED:

The Council finds that the action described herein will have no significant effect on the environment.

Pursuant to Sections 197-d and 200 of the City Charter and on the basis of the Decision and Application, the Council approves the Decision.

The Zoning Resolution of the City of New York, effective as of December 15, 1961, and as subsequently amended, is further amended by changing the Zoning Map, Section No. 7a, changing from an R4 District to an R4A District property bounded by Wenner Place, the westerly service road of the Hutchinson River Expressway, Senger Place, Jay Place, and Brush Avenue, as shown on a diagram (for illustrative purposes only) dated September 12, 2005, Community District 10, Borough of The Bronx.

City Planning Commission decision approving an application submitted by the Department of City Planning pursuant to Sections 197-c and 201 of the New York City Charter for an amendment of the Zoning Map, Sections Nos. 1c and 2a.

INTENT

To amend Zoning Map, Sections Nos. 1c and 2a.

Report Summary:

COMMITTEE ACTION:

DATE: February 9, 2006

The Committee recommends that the Council offered the following resolution and thereby approve the decision of the City of Planning Commission.

In connection herewith, Council Members Katz and Avella offered the following resolution:

Res. No. 118

Resolution approving the decision of the City Planning Commission on ULURP No. C 060110 ZMX, a Zoning Map change (L.U. No. 34).

By Council Members Katz and Avella

WHEREAS, the City Planning Commission filed with the Council on January 17, 2006 its decision dated January 11, 2006 (the "Decision"), on the application submitted by the Department of City Planning, pursuant to Sections 197-c and 201 of the New York City Charter, for an amendment to the Zoning Map (ULURP No. C 060110 ZMX) (the "Application");

WHEREAS, the Decision is subject to review and action by the Council pursuant to Section 197-d(b)(1) of the City Charter;

WHEREAS, upon due notice, the Council held a public hearing on the Decision and Application on February 7, 2006;

WHEREAS, the Council has considered the land use implications and other policy issues relating to the Decision and Application; and

WHEREAS, the Council has considered the relevant environmental issues and the Negative Declaration, issued on September 12, 2005 (CEQR No. 06DCP019X);

RESOLVED:

The Council finds that the action described herein will have no significant effect on the environment.

Pursuant to Sections 197-d and 200 of the City Charter and on the basis of the Decision and Application, the Council approves the Decision.

The Zoning Resolution of the City of New York, effective as of December 15, 1961, and as subsequently amended, is further amended by changing the Zoning Map, Sections Nos. 1c and 2a:

1. changing from an R4-1 District to an R4A District property bounded by Van Cortlandt Park East, the boundary line of the City of New York, Vireo Avenue and its northerly centerline prolongation, a line perpendicular to the easterly street line of Vireo Avenue, distant 200 feet (as measured along the street line) from the point of intersection of the easterly street line of Vireo Avenue and the southerly street line of McLean Avenue, a line bisecting the angle formed by the northerly prolongations of the easterly street line of Vireo Avenue and the westerly street line of Webster Avenue, East 234th Street, Peters Place, a line 100 feet southerly of East 234th Street, a line 285 feet easterly of Katonah Avenue, East 234th Street, a line 100 feet easterly of Katonah Avenue, East 240th Street, a line 100 feet westerly of Katonah Avenue, a line midway between East 238th Street and East 239th Street, a line 325 feet westerly of Katonah Avenue, East 238th Street, a line 300 feet westerly of Katonah Avenue, a line midway between East 237th Street and East 238th Street, a line 350 feet westerly of Katonah Avenue, East 237th Street, a line 425 feet westerly of Katonah Avenue, a line midway between East 236th Street and East 237th Street, a line 100 feet westerly of Katonah Avenue, East 235th Street, Oneida Avenue, a line 150 feet southerly of East 235th Street, Napier Avenue, East 236th Street, and a line 100 feet westerly of Oneida Avenue;

2. changing from an R5 District to an R4A District property bounded by Van Cortlandt Park East, a line 100 westerly of Oneida Avenue, East 236th Street, Napier Avenue, and East 235th Street; and

3. changing from an R4-1 District to an R5B District property bounded by a line midway between East 238th Street and East 239th Street, a line 100 feet westerly of Katonah Avenue, a line midway between East 236th Street and East 237th Street, a line 425 feet westerly of Katonah Avenue, East 237th Street, a line 350 feet westerly of Katonah Avenue, a line midway between East 237th Street and East 238th Street, a line 300 feet westerly of Katonah Avenue, East 238th Street, and a line 325 feet westerly of Katonah Avenue;

as shown on a diagram (for illustrative purposes only) dated September 12, 2005, Community District 12, Borough of The Bronx.

BRONX CB - 10 **C 060108 ZMX**

City Planning Commission decision approving an application submitted by the Department of City Planning pursuant to Sections 197-c and 201 of the New York City Charter for an amendment of the Zoning Map, Section No. 4a.

INTENT

To amend Zoning Map, Section No. 4a.

Report Summary:

COMMITTEE ACTION:

DATE: February 9, 2006

The Committee recommends that the Council approve the attached resolution and thereby decision of the City of Planning Commission.

In connection herewith, Council Members Katz and Avella offered the following resolution:

Res. No. 119

Resolution approving the decision of the City Planning Commission on ULURP No. C 060108 ZMX, a Zoning Map change (L.U. No. 35).

By Council Members Katz and Avella

WHEREAS, the City Planning Commission filed with the Council on January 17, 2006 its decision dated January 11, 2006 (the "Decision"), on the application submitted by the Department of City Planning, pursuant to Sections 197-c and 201 of the New York City Charter, for an amendment to the Zoning Map (ULURP No. C 060108 ZMX) (the "Application");

WHEREAS, the Decision is subject to review and action by the Council pursuant to Section 197-d(b)(1) of the City Charter;

WHEREAS, upon due notice, the Council held a public hearing on the Decision and Application on February 7, 2006;

WHEREAS, the Council has considered the land use implications and other policy issues relating to the Decision and Application; and

WHEREAS, the Council has considered the relevant environmental issues and the Negative Declaration, issued on June 6, 2004 (CEQR No. 04DCP050Y);

RESOLVED:

The Council finds that the action described herein will have no significant effect on the environment.

Pursuant to Sections 197-d and 200 of the City Charter and on the basis of the Decision and Application, the Council approves the Decision.

The Zoning Resolution of the City of New York, effective as of December 15, 1961, and as subsequently amended, is further amended by changing the Zoning Map, Section No. 4a:

1. changing from an R3-2 District to an R3A District property bounded by Hutchinson River Parkway West, Boller Avenue and its northwesterly centerline prolongation, Stillwell Avenue, Hunter Avenue and its southeasterly centerline prolongation, the northwesterly boundary line of New York, New Haven & Hartford Rail Road Right-of-Way, Bruckner Expressway and its northwesterly centerline prolongation, Stillwell Avenue and its southwesterly centerline prolongation, and Palmer Avenue and its northwesterly centerline prolongation; and

2. changing from an R6 District to an R3A District property bounded by Hunter Avenue, a line 95 feet northeasterly of Boller Avenue, Stillwell Avenue, and Boller Avenue;

as shown on a diagram (for illustrative purposes only) dated September 12, 2005, Community District 10, Borough of The Bronx.

MELINDA R. KATZ, Chairperson; JOEL RIVERA, TONY AVELLA, MARIA BAEZ, CHARLES BARRON, YVETTE D. CLARKE, LEROY G. COMRIE, SIMCHA FELDER, ERIC N. GIOIA, ROBERT JACKSON, MICHAEL E. McMAHON, HELEN SEARS, ANNABEL PALMA, MARIA del CARMEN ARROYO, INEZ E. DICKENS, DANIEL R. GARODNICK, JESSICA S. LAPPIN, ROSSIE MENDEZ, ANDREW J. LANZA, Committee on Land Use, February 9, 2006.

On motion of the Speaker (Council Member Miller), and adopted, the foregoing matter was coupled as a General Order for the day (see ROLL CALL ON GENERAL ORDERS FOR THE DAY).

Report for L.U. No. 36

Report of the Committee on Land Use in favor of approving Zoning Resolution Amendment application no. 060133 ZRK, pursuant to §197-d and §200 of the New York City Charter, concerning changes in the text of the zoning resolution, Borough of Brooklyn, Council District nos., 46 and 48, relating: Article IX Chapter 4 (Special Sheepshead Bay District) concerning an amendment to the appendix A.

The Committee on Land Use to which was referred on February 1, 2006 (Minutes, page 267) the annexed Land Use resolution:

REPORTS:

SUBJECT

BROOKLYN CB - 15 **N 060133 ZRK**

City Planning Commission decision approving an application submitted by the Department of City Planning pursuant to Section 201 of the New York City Charter, for an amendment of the Zoning Resolution of the City of New York, relating to Article IX, Chapter 4 (Special Sheepshead Bay District) concerning an amendment to Appendix A.

INTENT

To modify the boundaries of the Special Sheepshead Bay District (SSBD) to prevent conflicts between the new zoning districts and the regulations of the SSBD.

Report Summary:

COMMITTEE ACTION:

DATE: February 9, 2006

The Committee recommends that the Council approve the attached resolution and thereby decision of the City of Planning Commission.

In connection herewith, Council Members Katz and Avella offered the following resolution:

Res. No. 120

Resolution approving the decision of the City Planning Commission on Application No. N 060133 ZRK, an amendment to the text of the Zoning Resolution of the City of New York, relating to Article IX, Chapter 4 (Special Sheepshead Bay District) concerning an amendment to Appendix A (L.U. No. 36).

By Council Members Katz and Avella

WHEREAS, the City Planning Commission filed with the Council on January 13, 2006 its decision dated January 11, 2006 (the "Decision"), on the application submitted by the Department of City Planning, pursuant to Section 201 of the New York City Charter, for an amendment to the text of the Zoning Resolution of the City of New York (Application No. N 060133 ZRK) (the "Application");

WHEREAS, the Application is related to ULURP Application Number C 060132 ZMK (L.U. No. 37), an amendment of the Zoning Map to rezone portions of eight blocks in the Sheepshead Bay/Plumb Beach area;

WHEREAS, the Decision is subject to review and action by the Council pursuant to Section 197-d(b)(1) of the City Charter;

WHEREAS, upon due notice, the Council held a public hearing on the Decision and Application on February 7, 2006;

WHEREAS, the Council has considered the land use implications and other policy issues relating to the Decision and Application; and

WHEREAS, the Council has considered the relevant environmental issues and the Negative Declaration, issued on September 26, 2005 (CEQR No. 06DCP026K);

RESOLVED:

The Council finds that the action described herein will have no significant effect on the environment;

Pursuant to Sections 197-d and 200 of the City Charter and on the basis of the Decision and Application the Council approves the Decision; and

The Zoning Resolution of the City of New York, effective as of December 15, 1961, and as subsequently amended, is further amended as follows:

Relating to Article IX, Chapter 4 (Special Sheepshead Bay District) concerning an amendment to Appendix A, Community District 15, Borough of Brooklyn.

City Planning Commission decision approving an application submitted by the Department of City Planning pursuant to Sections 197-c and 201 of the New York City Charter for an amendment of the Zoning Map, Section No. 29a.

INTENT

To amend Zoning Map, Section 29a.

Report Summary:

COMMITTEE ACTION:

DATE: February 9, 2006

The Committee recommends that the Council approve the attached resolution and thereby decision of the City of Planning Commission.

In connection herewith, Council Members Katz and Avella offered the following resolution:

Res. No. 121

Resolution approving the decision of the City Planning Commission on ULURP No. C 060132 ZMK, a Zoning Map change (L.U. No. 37).

By Council Members Katz and Avella

WHEREAS, the City Planning Commission filed with the Council on January 13, 2006 its decision dated January 11, 2006 (the "Decision"), on the application submitted by the Department of City Planning, pursuant to Sections 197-c and 201 of the New York City Charter, for an amendment to the Zoning Map (ULURP No. C 060132 ZMK) (the "Application");

WHEREAS, the Application is related to Application Number N 060133 ZRK (L.U. No. 36), an amendment to the text of the Zoning Resolution concerning an amendment to Appendix A of the Special Sheepshead Bay District;

WHEREAS, the Decision is subject to review and action by the Council pursuant to Section 197-d(b)(1) of the City Charter;

WHEREAS, upon due notice, the Council held a public hearing on the Decision and Application on February 7, 2006;

WHEREAS, the Council has considered the land use implications and other policy issues relating to the Decision and Application; and

WHEREAS, the Council has considered the relevant environmental issues and the Negative Declaration, issued on September 26, 2005 (CEQR No. 06DCP025K);

RESOLVED:

The Council finds that the action described herein will have no significant effect on the environment.

Pursuant to Sections 197-d and 200 of the City Charter and on the basis of the Decision and Application, the Council approves the Decision.

The Zoning Resolution of the City of New York, effective as of December 15, 1961, and as subsequently amended, is further amended by changing the Zoning Map, Section No. 29a:

1. eliminating from within an existing R5 District a C2-2 District bounded by:

   a. a line 150 feet northerly of Emmons Avenue, Nostrand Avenue, a line 75 feet northerly of Emmons Avenue, and a line connecting two points: the first at the intersection of a line midway between Nostrand Avenue and East 29th Street and a line 75 feet northerly of Emmons Avenue, and the second on the easterly street line of East 29th Street distant 200 feet southerly (as measured along the street line) from the point of intersection of the easterly street line of East 29th Street and the southerly street line of Leif Ericson Drive;

   b. a line 150 feet northerly of Emmons Avenue, Haring Street, a line 75 feet northerly of Emmons Avenue, and a line 225 feet southwesterly of Haring Street; and

   c. a line 150 feet northerly of Emmons Avenue, a line midway between Coyle Street and Ford Street, a line 100 feet northerly of Emmons Avenue, and Brown Street;

2. eliminating a Special Sheepshead Bay District bounded by:

   a. Leif Ericson Drive, Nostrand Avenue, a line 75 feet northerly of Emmons Avenue, a line connecting two points: the first at the intersection of a line midway between Nostrand Avenue and East 29th Street and a line 75 feet northerly of Emmons Avenue, and the second on the easterly street line of East 29th Street distant 200 feet southerly (as measured along the street line) from the point of intersection of the easterly street line of East 29th Street and the southerly street line of Leif Ericson Drive, East 29th Street, a line 100 feet southerly of Leif Ericson Drive, East 28th Street, a line 150 feet northerly of Emmons Avenue, and East 27th Street; and

   b. a line 150 feet northerly of Emmons Avenue, a line midway between Coyle Street and Ford Street, a line 100 feet northerly of Emmons Avenue, Brown Street, a line 75 feet northerly of Emmons Avenue, and a line 225 feet southwesterly of Haring Street;

3. changing from an R5 District to an R4B District property bounded by the northerly service road of Leif Ericson Drive (Shore Parkway north), Haring Street, a line 100 feet southerly of Leif Ericson Drive, and East 28th Street;

4. changing from an R5 District to an R4-1 District property bounded by:

   a. the northerly service road of Leif Ericson Drive (Shore Parkway north), East 28th Street, a line 150 feet northerly of Emmons Avenue, and East 27th Street;

   b. a line 100 feet southerly of Leif Ericson Drive, Nostrand Avenue, a line 75 feet northerly of Emmons Avenue, a line connecting two points: the first at the intersection of a line midway between Nostrand Avenue and East 29th Street and a line 75 feet northerly of Emmons Avenue, and the second on the easterly street line of East 29th Street distant 200 feet southerly (as measured along the street line) from the point of intersection of the easterly street line of East 29th Street and the southerly street line of Leif Ericson Drive, and East 29th Street; and

   c. the northerly service road of Leif Ericson Drive (Shore Parkway north), a line midway between Coyle Street and Ford Street, a line 100 feet northerly of Emmons Avenue, Brown Street, a line 75 feet northerly of Emmons Avenue, a line 225 feet southwesterly of Haring Street, Nostrand Avenue, a line 100 feet southerly of Leif Ericson Drive, and Haring Street;

as shown on a diagram (for illustrative purposes only) dated September 26, 2005, Community District 15, Borough of Brooklyn.

MELINDA R. KATZ, Chairperson; JOEL RIVERA, TONY AVELLA, MARIA BAEZ, CHARLES BARRON, YVETTE D. CLARKE, LEROY G. COMRIE, SIMCHA FELDER, ERIC N. GIOIA, ROBERT JACKSON, MICHAEL E. McMAHON, HELEN SEARS, ANNABEL PALMA, MARIA del CARMEN ARROYO, INEZ E. DICKENS, DANIEL R. GARODNICK, JESSICA S. LAPPIN, ROSSIE MENDEZ, ANDREW J. LANZA, Committee on Land Use, February 9, 2006.

On motion of the Speaker (Council Member Miller), and adopted, the foregoing matter was coupled as a General Order for the day (see ROLL CALL ON GENERAL ORDERS FOR THE DAY).

Report for L.U. No. 39

Report of the Committee on Land Use in favor of approving Application no. 20065158 HAK, an Urban Development Action Area Project, located at 990 Decatur Street, Council District no. 37, Borough of Brooklyn. This matter is subject to Council review and action pursuant to Article 16 of the New York General Municipal Law, at the request of the New York City Department of Housing Preservation and Development, and pursuant to Section 696 of the General Municipal Law for an exemption from real property taxes.

The Committee on Land Use to which was referred on February 1, 2006 (Minutes, page 268) the annexed Land Use resolution respectfully

REPORTS:

(For text of the report, please see the Report of the Committee on Land Use for L.U. No. 19 printed in these Minutes).

Accordingly, Your Committee recommends its adoption.

In connection herewith, Council Members Katz and Garodnick offered the following resolution:

Res. No. 122

Resolution approving an Urban Development Action Area Project located at 990 Decatur Street (Block 3432/Lot 19), Brooklyn, and waiving the urban development action area designation requirement and the Uniform Land Use Review Procedure, pursuant to Sections 693 and 694 of the General Municipal Law (L.U. No. 39; 20065158 HAK).

By Council Members Katz and Garodnick.

WHEREAS, the New York City Department of Housing Preservation and Development ("HPD") submitted to the Council on January 17, 2006, its request dated December 27, 2005 that the Council take the following actions regarding the following Urban Development Action Area Project (the "Project") located at 990 Decatur Street (Block 3432/Lot 19), Community District 4, Borough of Brooklyn (the "Disposition Area"):

1. Find that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the municipality and that the proposed Urban Development Action Area Project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law;

2. Waive the area designation requirement of Section 693 of the General Municipal Law pursuant to said Section;

3. Waive the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law;

4. Approve the Project as an Urban Development Action Area Project pursuant to Section 694 of the General Municipal Law; and

5. Approve the exemption of the Project from real property taxes pursuant to Section 696 of the General Municipal Law (the "Tax Exemption").

WHEREAS, the Project is to be developed on land that is now an eligible area as defined in Section 692 of the General Municipal Law, consists solely of the rehabilitation or conservation of existing private or multiple dwellings or the construction of one to four unit dwellings, and does not require any change in land use permitted under the New York City Zoning Resolution;

WHEREAS, upon due notice, the Council held a public hearing on the Project on February 7, 2006;

WHEREAS, the Council has considered the land use and financial implications and other policy issues relating to the Project;

RESOLVED:

The Council finds that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the City of New York and that a designation of the Project as an urban development action area project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law.

The Council waives the area designation requirement pursuant to Section 693 of the General Municipal Law.

The Council waives the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law.

The Council approves the Project as an urban development action area project pursuant to Section 694 of the General Municipal Law.

The Project shall be developed in a manner consistent with the Project Summary that HPD has submitted to the Council, a copy of which is attached hereto.

The exemption of the Project from real property taxes pursuant to Section 696 of the General Municipal Law is approved as follows:

a. All of the value of the buildings, structures, and other improvements situated on the Disposition Area shall be exempt from local and municipal taxes, other than assessments for local improvements and land value, for a period of ten years commencing on the date of the conveyance of the Disposition Area to the Sponsor.

b. The partial tax exemption granted hereunder shall terminate with respect to all or any portion of the Disposition Area if the Department of Housing Preservation and Development determines that such real property has not been, or is not being, developed, used, and/or operated in compliance with the requirements of all applicable agreements made by the Sponsor or the owner of such real property with, or for the benefit of, the City of New York. The Department of Housing Preservation and Development shall deliver written notice of any such determination of noncompliance to the owner of such real property and all mortgagees of record, which notice shall provide for an opportunity to cure of not less than ninety (90) days. If the noncompliance specified in such notice is not cured within the time period specified therein, the partial tax exemption granted hereunder shall prospectively terminate with respect to the real property specified therein.

Report for L.U. No. 41

Report of the Committee on Land Use in favor of approving Application no. 20065160 HAK, an Urban Development Action Area Project, located at 277 Glenmore Street, Council District no. 37, Borough of Brooklyn. This matter is subject to Council review and action pursuant to Article 16 of the New York General Municipal Law, at the request of the New York City Department of Housing Preservation and Development, and pursuant to Section 696 of the General Municipal Law for an exemption from real property taxes.

The Committee on Land Use to which was referred on February 1, 2006 (Minutes, page 269) the annexed Land Use resolution respectfully

REPORTS:

(For text of the report, please see the Report of the Committee on Land Use for L.U. No. 19 printed in these Minutes).

Accordingly, Your Committee recommends its adoption.

In connection herewith, Council Members Katz and Garodnick offered the following resolution:

Res. No. 123

Resolution approving an Urban Development Action Area Project located at 277 Glenmore Street (Block 3699/Lot 35), Brooklyn, and waiving the urban development action area designation requirement and the Uniform Land Use Review Procedure, pursuant to Sections 693 and 694 of the General Municipal Law (L.U. No. 41; 20065160 HAK).

By Council Members Katz and Garodnick

WHEREAS, the New York City Department of Housing Preservation and Development ("HPD") submitted to the Council on January 17, 2006, its request dated December 27, 2005 that the Council take the following actions regarding the following Urban Development Action Area Project (the "Project") located at 277 Glenmore Street (Block 3699/Lot 35), Community District 5, Borough of Brooklyn (the "Disposition Area"):

1. Find that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the municipality and that the proposed Urban Development Action Area Project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law;

2. Waive the area designation requirement of Section 693 of the General Municipal Law pursuant to said Section;

3. Waive the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law;

4. Approve the Project as an Urban Development Action Area Project pursuant to Section 694 of the General Municipal Law; and

5. Approve the exemption of the Project from real property taxes pursuant to Section 696 of the General Municipal Law (the "Tax Exemption").

WHEREAS, the Project is to be developed on land that is now an eligible area as defined in Section 692 of the General Municipal Law, consists solely of the rehabilitation or conservation of existing private or multiple dwellings or the construction of one to four unit dwellings, and does not require any change in land use permitted under the New York City Zoning Resolution;

WHEREAS, upon due notice, the Council held a public hearing on the Project on February 7, 2006;

WHEREAS, the Council has considered the land use and financial implications and other policy issues relating to the Project;

RESOLVED:

The Council finds that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the City of New York and that a designation of the Project as an urban development action area project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law.

The Council waives the area designation requirement pursuant to Section 693 of the General Municipal Law.

The Council waives the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law.

The Council approves the Project as an urban development action area project pursuant to Section 694 of the General Municipal Law.

The Project shall be developed in a manner consistent with the Project Summary that HPD has submitted to the Council, a copy of which is attached hereto.

The exemption of the Project from real property taxes pursuant to Section 696 of the General Municipal Law is approved as follows:

a. All of the value of the buildings, structures, and other improvements situated on the Disposition Area shall be exempt from local and municipal taxes, other than assessments for local improvements and land value, for a period of ten years commencing on the date of the conveyance of the Disposition Area to the Sponsor.

b. The partial tax exemption granted hereunder shall terminate with respect to all or any portion of the Disposition Area if the Department of Housing Preservation and Development determines that such real property has not been, or is not being, developed, used, and/or operated in compliance with the requirements of all applicable agreements made by the Sponsor or the owner of such real property with, or for the benefit of, the City of New York. The Department of Housing Preservation and Development shall deliver written notice of any such determination of noncompliance to the owner of such real property and all mortgagees of record, which notice shall provide for an opportunity to cure of not less than ninety (90) days. If the noncompliance specified in such notice is not cured within the time period specified therein, the partial tax exemption granted hereunder shall prospectively terminate with respect to the real property specified therein.

Report for L.U. No. 42

Report of the Committee on Land Use in favor of approving Application no. 20065161 HAK, an Urban Development Action Area Project known as Atlantic East Development Corp., located in Community Board 16, Council District no. 37, Borough of Brooklyn. This matter is subject to Council review and action pursuant to Article 16 of the New York General Municipal Law, at the request of the New York City Department of Housing Preservation and Development, and pursuant to Section 696 of the General Municipal Law for an exemption from real property taxes.

The Committee on Land Use to which was referred on February 1, 2006 (Minutes, page 269) the annexed Land Use resolution respectfully

REPORTS:

(For text of the report, please see the Report of the Committee on Land Use for L.U. No. 19 printed in these Minutes).

Accordingly, Your Committee recommends its adoption.

In connection herewith, Council Members Katz and Garodnick offered the following resolution:

Res. No. 124

Resolution approving an Urban Development Action Area Project located at 1292 Herkimer Street (Block 1568/Lot 18), 1340 Herkimer Street (Block 1569/Lot 24), 1847 Eastern Parkway (Block 1435/Lot 47), 1849 Eastern Parkway (Block 1435/Lot 46), 1723 East New York Avenue a.k.a. 2428 Pacific Street (Block 1444/Lot 29), 2318 Atlantic Avenue (Block 1435/Lot 42), Brooklyn, and waiving the urban development action area designation requirement and the Uniform Land Use Review Procedure, pursuant to Sections 693 and 694 of the General Municipal Law (L.U. No. 42; 20065161 HAK).

By Council Members Katz and Garodnick

WHEREAS, the New York City Department of Housing Preservation and Development ("HPD") submitted to the Council on January 17, 2006, its request dated December 27, 2005 that the Council take the following actions regarding the following Urban Development Action Area Project (the "Project") located at 1292 Herkimer Street (Block 1568/Lot 18), 1340 Herkimer Street (Block 1569/Lot 24), 1847 Eastern Parkway (Block 1435/Lot 47), 1849 Eastern Parkway (Block 1435/Lot 46), 1723 East New York Avenue a.k.a. 2428 Pacific Street (Block 1444/Lot 29), 2318 Atlantic Avenue (Block 1435/Lot 42), Community District 16, Borough of Brooklyn (the "Disposition Area"):

1. Find that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the municipality and that the proposed Urban Development Action Area Project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law;

2. Waive the area designation requirement of Section 693 of the General Municipal Law pursuant to said Section;

3. Waive the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law;

Approve the Project as an Urban Development Action Area Project pursuant to Section 694 of the General Municipal Law; and

5. Approve the exemption of the Project from real property taxes pursuant to Section 696 of the General Municipal Law (the "Tax Exemption").

WHEREAS, the Project is to be developed on land that is now an eligible area as defined in Section 692 of the General Municipal Law, consists solely of the rehabilitation or conservation of existing private or multiple dwellings or the construction of one to four unit dwellings, and does not require any change in land use permitted under the New York City Zoning Resolution;

WHEREAS, upon due notice, the Council held a public hearing on the Project on February 7, 2006;

WHEREAS, the Council has considered the land use and financial implications and other policy issues relating to the Project;

RESOLVED:

The Council finds that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the City of New York and that a designation of the Project as an urban development action area project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law.

The Council waives the area designation requirement pursuant to Section 693 of the General Municipal Law.

The Council waives the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law.

The Council approves the Project as an urban development action area project pursuant to Section 694 of the General Municipal Law.

The Project shall be developed in a manner consistent with the Project Summary that HPD has submitted to the Council, a copy of which is attached hereto.

The exemption of the Project from real property taxes pursuant to Section 696 of the General Municipal Law is approved as follows:

a. All of the value of the buildings, structures, and other improvements situated on the Disposition Area shall be exempt from local and municipal taxes, other than assessments for local improvements and land value, for a period of ten years commencing on the date of the conveyance of the Disposition Area to the Sponsor.

b. The partial tax exemption granted hereunder shall terminate with respect to all or any portion of the Disposition Area if the Department of Housing Preservation and Development determines that such real property has not been, or is not being, developed, used, and/or operated in compliance with the requirements of all applicable agreements made by the Sponsor or the owner of such real property with, or for the benefit of, the City of New York. The Department of Housing Preservation and Development shall deliver written notice of any such determination of noncompliance to the owner of such real property and all mortgagees of record, which notice shall provide for an opportunity to cure of not less than ninety (90) days. If the noncompliance specified in such notice is not cured within the time period specified therein, the partial tax exemption granted hereunder shall prospectively terminate with respect to the real property specified therein.

Report for L.U. No. 43

Report of the Committee on Land Use in favor of approving Application no. 20065162 HAK, an Urban Development Action Area Project known as Agape Builders Corp., located in Community Board 5, Council District no. 37, Borough of Brooklyn. This matter is subject to Council review and action pursuant to Article 16 of the New York General Municipal Law, at the request of the New York City Department of Housing Preservation and Development, and pursuant to Section 696 of the General Municipal Law for an exemption from real property taxes.

The Committee on Land Use to which was referred on February 1, 2006 (Minutes, page 269) the annexed Land Use resolution respectfully

REPORTS:

(For text of the report, please see the Report of the Committee on Land Use for L.U. No. 19 printed in these Minutes).

Accordingly, Your Committee recommends its adoption.

In connection herewith, Council Members Katz and Garodnick offered the following resolution:

Res. No. 125

Resolution approving an Urban Development Action Area Project located at 88 Fountain Avenue (Block 4154/Lot 87), 165 Euclid Avenue (Block 4129/Lot 24), 204 Montauk Avenue (Block 4023/Lot 24), 361 Etna Street (Block 4108/Lot 92), 394 Shepherd Avenue (Block 4004/Lot 21), 428 Shepherd Avenue (Block 4020/Lot 16), 432 Essex Street (Block 4019/Lot 26), 453 Essex Street a.k.a. 767-777 Belmont Avenue (Block 4020/Lot 34), and 2668 Pitkin Avenue (Block 4230/Lot 18), Brooklyn, and waiving the urban development action area designation requirement and the Uniform Land Use Review Procedure, pursuant to Sections 693 and 694 of the General Municipal Law (L.U. No. 43; 20065162 HAK).

By Council Members Katz and Garodnick

WHEREAS, the New York City Department of Housing Preservation and Development ("HPD") submitted to the Council on January 17, 2006, its request dated December 27, 2005 that the Council take the following actions regarding the following Urban Development Action Area Project (the "Project") located at 88 Fountain Avenue (Block 4154/Lot 87), 165 Euclid Avenue (Block 4129/Lot 24), 204 Montauk Avenue (Block 4023/Lot 24), 361 Etna Street (Block 4108/Lot 92), 394 Shepherd Avenue (Block 4004/Lot 21), 428 Shepherd Avenue (Block 4020/Lot 16), 432 Essex Street (Block 4019/Lot 26), 453 Essex Street a.k.a. 767-777 Belmont Avenue (Block 4020/Lot 34), and 2668 Pitkin Avenue (Block 4230/Lot 18), Community District 5, Borough of Brooklyn (the "Disposition Area"):

1. Find that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the municipality and that the proposed Urban Development Action Area Project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law;

2. Waive the area designation requirement of Section 693 of the General Municipal Law pursuant to said Section;

3. Waive the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law;

4. Approve the Project as an Urban Development Action Area Project pursuant to Section 694 of the General Municipal Law; and

5. Approve the exemption of the Project from real property taxes pursuant to Section 696 of the General Municipal Law (the "Tax Exemption").

WHEREAS, the Project is to be developed on land that is now an eligible area as defined in Section 692 of the General Municipal Law, consists solely of the rehabilitation or conservation of existing private or multiple dwellings or the construction of one to four unit dwellings, and does not require any change in land use permitted under the New York City Zoning Resolution;

WHEREAS, upon due notice, the Council held a public hearing on the Project on February 7, 2006;

WHEREAS, the Council has considered the land use and financial implications and other policy issues relating to the Project;

RESOLVED:

The Council finds that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the City of New York and that a designation of the Project as an urban development action area project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law.

The Council waives the area designation requirement pursuant to Section 693 of the General Municipal Law.

The Council waives the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law.

The Council approves the Project as an urban development action area project pursuant to Section 694 of the General Municipal Law.

The Project shall be developed in a manner consistent with the Project Summary that HPD has submitted to the Council, a copy of which is attached hereto.

The exemption of the Project from real property taxes pursuant to Section 696 of the General Municipal Law is approved as follows:

a. All of the value of the buildings, structures, and other improvements situated on the Disposition Area shall be exempt from local and municipal taxes, other than assessments for local improvements and land value, for a period of ten years commencing on the date of the conveyance of the Disposition Area to the Sponsor.

b. The partial tax exemption granted hereunder shall terminate with respect to all or any portion of the Disposition Area if the Department of Housing Preservation and Development determines that such real property has not been, or is not being, developed, used, and/or operated in compliance with the requirements of all applicable agreements made by the Sponsor or the owner of such real property with, or for the benefit of, the City of New York. The Department of Housing Preservation and Development shall deliver written notice of any such determination of noncompliance to the owner of such real property and all mortgagees of record, which notice shall provide for an opportunity to cure of not less than ninety (90) days. If the noncompliance specified in such notice is not cured within the time period specified therein, the partial tax exemption granted hereunder shall prospectively terminate with respect to the real property specified therein.

	d. **DISPOSITION AREA:**	BLOCKS / LOTS / ADDRESSES 4154 / 87 / 88 Fountain Avenue 4129 / 24 / 165 Euclid Avenue 4023 / 24 / 204 Montauk Avenue 4108 / 92 / 361 Etna Street 4004 / 21 / 394 Shepherd Avenue 4020 / 16 / 426 Shepherd Avenue 4019 / 26 / 432 Essex Street 4020 / 34 / 453 Essex Street (a.k.a. 767-777 Belmont Avenue) 4230 / 18 / 2668 Pitkin Avenue
4.	**BASIS OF DISPOSITION PRICE:**	Nominal ($1 per building). The Sponsor will also deliver an enforcement note and mortgage for the difference between the post-rehabilitation appraised value and the sales prices of the homes.
5.	**TYPE OF PROJECT:**	Moderate Rehabilitation
6.	**APPROXIMATE NUMBER OF BUILDINGS:**	9 One-to-Four Family Homes
7.	**APPROXIMATE NUMBER OF UNITS:**	20
8.	**HOUSING TYPE:**	Family Home. If homes remain unsold at the end of the Marketing Period and HPD determines in writing that (i) sale is not feasible within a reasonable time, and (ii) a rental fallback is the best available alternative, then the unsold homes may be sold to a non-profit company and rented in accordance with the written instructions of HPD.
9.	**ESTIMATE OF INITIAL PRICE:**	Market Value. Purchasers must also repay the HPD subsidy attributable to their homes by delivering cash and/or notes and appropriate security instruments to the City. A portion of the subsidy may be forgiven or unsecured based on the home's post-rehabilitation appraised value.
10.	**INCOME TARGETS:**	Families with annual household incomes up to 165% of the area median. With HPD approval, up to 10% of the homes may be sold to over-income families, but such purchasers must repay the subsidies attributable to their units in cash at closing and obtain prior approval from HPD. Buildings are sold subject to existing tenancies.

Report for L.U. No. 44

Report of the Committee on Land Use in favor of approving Application no. 20065163 HAK, an Urban Development Action Area Project known as the Knickerbocker Avenue Cluster, located in Community Board 4, Council District no. 37, Borough of Brooklyn. This matter is subject to Council review and action pursuant to Article 16 of the New York General Municipal Law, at the request of the New York City Department of Housing Preservation and Development.

The Committee on Land Use to which was referred on February 1, 2006 (Minutes, page 270) the annexed Land Use resolution respectfully

REPORTS:

SUBJECT

Proposal subject to Council review and action pursuant to the Urban Development Action Area Act, Article 16 of the New York General Municipal Law, at the request of the Department of Housing Preservation and Development ("HPD"),

On February 7, 2006 by submission dated February 6, 2006, the New York City Department of Housing Preservation and Development withdrew this application.

Report Summary:

COMMITTEE ACTION:

DATE: February 9, 2006

The Committee recommends that the Council approve the attached resolution and thereby decision of the City of Planning Commission.

In connection herewith, Council Members Katz and Avella offered the following resolution:

Res. No. 126

Resolution approving a motion to file pursuant to withdrawal of an Urban Development Action Area Project located at 187 Eldert Street (Block 3411/Lot 55), 194 Eldert Street (Block 3417/Lot 10), 202 Wislon Avenue (Block 3256/Lot 26), 248 Cornelia Street (Block 3384/Lot 12), 302 Harman Street (Block 3289/Lot 14), 309 Schaeffer Street (Block 3425/Lot 62), 565 Wilson Avenue (Block 3412/Lot 2), 572 Wilson Avenue a.k. a. 209 Covert

Street (Block 3417/Lot 32), 588 Wilson Avenue (Block 3423/Lot 43), 708 Knickerbocker Avenue (Block 3384/Lot 35), 784 Knickerbocker Avenue a.k.a. 1254-64 Halsey Street (Block 3412/Lot 30), 818 Knickerbocker Avenue (Block 3418/Lot 33), and 1241 Halsey Street (Block 3406/Lot 52), Brooklyn, and waiving the urban development action area designation requirement and the Uniform Land Use Review Procedure, pursuant to Sections 693 and 694 of the General Municipal Law (L.U. No. 44; 20065163 HAK).

By Council Members Katz and Garodnick

WHEREAS, the New York City Department of Housing Preservation and Development ("HPD") submitted to the Council on January 17, 2006 its request dated December 27, 2005 that the Council take the following actions regarding an Urban Development Action Area Project (the "Project") located at 187 Eldert Street (Block 3411/Lot 55), 194 Eldert Street (Block 3417/Lot 10), 202 Wislon Avenue (Block 3256/Lot 26), 248 Cornelia Street (Block 3384/Lot 12), 302 Harman Street (Block 3289/Lot 14), 309 Schaeffer Street (Block 3425/Lot 62), 565 Wilson Avenue (Block 3412/Lot 2), 572 Wilson Avenue a.k.a. 209 Covert Street (Block 3417/Lot 32), 588 Wilson Avenue (Block 3423/Lot 43), 708 Knickerbocker Avenue (Block 3384/Lot 35), 784 Knickerbocker Avenue a.k.a. 1254-64 Halsey Street (Block 3412/Lot 30), 818 Knickerbocker Avenue (Block 3418/Lot 33), and 1241 Halsey Street (Block 3406/Lot 52), Community District 4, Borough of Brooklyn (the "Disposition Area"):

1. Find that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the municipality and that the proposed Urban Development Action Area Project is consistent with the policy and purposes of Section 691 of the General Municipal Law;

2. Waive the area designation requirement of Section 693 of the General Municipal Law pursuant to said Section;

3. Waive the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law; and

4. Approve the Project as an Urban Development Action Area Project pursuant to Section 694 of the General Municipal Law.

WHEREAS, on February 7, 2006 by submission dated February 6, 2006 the New York City Department of Housing Preservation and Development withdrew the application;

RESOLVED:

The Council approves the motion to file pursuant to withdrawal of the application in accord with Rules 6.40a and 11.80 of the Rules of the Council.

MELINDA R. KATZ, Chairperson; JOEL RIVERA, TONY AVELLA, MARIA BAEZ, CHARLES BARRON, YVETTE D. CLARKE, LEROY G. COMRIE, SIMCHA FELDER, ERIC N. GIOIA, ROBERT JACKSON, MICHAEL E. McMAHON, HELEN SEARS, ANNABEL PALMA, MARIA del CARMEN ARROYO, INEZ E. DICKENS, DANIEL R. GARODNICK, JESSICA S. LAPPIN, ROSSIE MENDEZ, ANDREW J. LANZA, Committee on Land Use, February 9, 2006.

Coupled to be Filed.

Report for L.U. No. 45

Report of the Committee on Land Use in favor of approving Application no. 20065164 HAK, an Urban Development Action Area Project located at 11 Troutman Street and 49 Wilson Avenue, Council District no. 34, Borough of Brooklyn. This matter is subject to Council review and action pursuant to Article 16 of the New York General Municipal Law, at the request of the New York City Department of Housing Preservation and Development.

The Committee on Land Use to which was referred on February 1, 2006 (Minutes, page 270) the annexed Land Use resolution respectfully

REPORTS:

(For text of the report, please see the Report of the Committee on Land Use for L.U. No. 19 printed in these Minutes).

Accordingly, Your Committee recommends its adoption.

In connection herewith, Council Members Katz and Avella offered the following resolution:

Res. No. 127

Resolution approving an Urban Development Action Area Project located at 11 Troutman Street (Block 3170/Lot 141) and 49 Wilson Avenue (Block 3165/Lot 8), Brooklyn, and waiving the urban development action area designation requirement and the Uniform Land Use Review Procedure, pursuant to Sections 693 and 694 of the General Municipal Law (L.U. No. 45; 20065164 HAK).

By Council Members Katz and Garodnick

WHEREAS, the New York City Department of Housing Preservation and Development ("HPD") submitted to the Council on January 17, 2006 its request dated December 27, 2005 that the Council take the following actions regarding an Urban Development Action Area Project (the "Project") located at 11 Troutman Street (Block 3170/Lot 141) and 49 Wilson Avenue (Block 3165/Lot 8), Community District 4, Borough of Brooklyn (the "Disposition Area"):

1. Find that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the municipality and that the proposed Urban Development Action Area Project is consistent with the policy and purposes of Section 691 of the General Municipal Law;

2. Waive the area designation requirement of Section 693 of the General Municipal Law pursuant to said Section;

3. Waive the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law; and

4. Approve the Project as an Urban Development Action Area Project pursuant to Section 694 of the General Municipal Law.

WHEREAS, the Project is to be developed on land that is now an eligible area as defined in Section 692 of the General Municipal Law, consists solely of the rehabilitation or conservation of existing private or multiple dwellings or the construction of one to four unit dwellings, and does not require any change in land use permitted under the New York City Zoning Resolution;

WHEREAS, upon due notice, the Council held a public hearing on the Project on February 7, 2006;

WHEREAS, the Council has considered the land use implications and other policy issues relating to the Project;

RESOLVED:

The Council finds that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the City of New York and that a designation of the Project as an urban development action area project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law.

The Council waives the area designation requirement of the Disposition Area as an urban development action area under Section 693 of the General Municipal Law pursuant to said Section.

The Council waives the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law.

The Council approves the Project as an urban development action area project pursuant to Section 694 of the General Municipal Law.

The Project shall be disposed of and developed upon the terms and conditions in the Project Summary that HPD has submitted to the Council, a copy of which is attached hereto.

Report for L.U. No. 58

Report of the Committee on Land Use in favor of approving Application no. 20065149 HAM, an Urban Development Action Area Project known as the Permanence LP, located in Community Board 3, Council District no. 2, Borough of Brooklyn. This matter is subject to Council review and action pursuant to Article 16 of the New York General Municipal Law, at the request of the New York City Department of Housing Preservation and Development.

The Committee on Land Use to which was referred on February 1, 2006 (Minutes, page 275) the annexed Land Use resolution respectfully

REPORTS:

(For text of the report, please see the Report of the Committee on Land Use for L.U. No. 19 printed on these Minutes).

Accordingly, Your Committee recommends its adoption.

In connection herewith, Council Members Katz and Garodnick offered the following resolution:

Res. No. 129

Resolution approving an Urban Development Action Area Project located at 189 East 2nd Street (Vac) (Block 397/Lot 26), 203 Avenue A (Block 440/Lot 34), and 291 East 4th Street (Block 387/Lot 41), Manhattan, and waiving the urban development action area designation requirement and the Uniform Land Use Review Procedure, pursuant to Sections 693 and 694 of the General Municipal Law (L.U. No. 58; 20065149 HAM).

By Council Members Katz and Garodnick.

WHEREAS, the New York City Department of Housing Preservation and Development ("HPD") submitted to the Council on December 23, 2005 its request dated November 28, 2005 that the Council take the following actions regarding an Urban Development Action Area Project (the "Project") located at 189 East 2nd Street (Vac) (Block 397/Lot 26), 203 Avenue A (Block 440/Lot 34), and 291 East 4th Street (Block 387/Lot 41), Community District 3, Borough of Manhattan (the "Disposition Area"):

1. Find that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the municipality and that the proposed Urban Development Action Area Project is consistent with the policy and purposes of Section 691 of the General Municipal Law;

2. Waive the area designation requirement of Section 693 of the General Municipal Law pursuant to said Section;

3. Waive the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law; and

4. Approve the Project as an Urban Development Action Area Project pursuant to Section 694 of the General Municipal Law.

WHEREAS, the Project is to be developed on land that is now an eligible area as defined in Section 692 of the General Municipal Law, consists solely of the rehabilitation or conservation of existing private or multiple dwellings or the construction of one to four unit dwellings, and does not require any change in land use permitted under the New York City Zoning Resolution;

WHEREAS, upon due notice, the Council held a public hearing on the Project on February 7, 2006;

WHEREAS, the Council has considered the land use implications and other policy issues relating to the Project;

RESOLVED:

The Council finds that the present status of the Disposition Area tends to impair or arrest the sound growth and development of the City of New York and that a designation of the Project as an urban development action area project is consistent with the policy and purposes stated in Section 691 of the General Municipal Law.

The Council waives the area designation requirement of the Disposition Area as an urban development action area under Section 693 of the General Municipal Law pursuant to said Section.

The Council waives the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law.

The Council approves the Project as an urban development action area project pursuant to Section 694 of the General Municipal Law.

The Project shall be disposed of and developed upon the terms and conditions in the Project Summary that HPD has submitted to the Council, a copy of which is attached hereto.

On motion of the Speaker (Council Member Vallone), and adopted, the foregoing matter was coupled as a General Order for the day (see ROLL CALL ON GENERAL ORDERS FOR THE DAY).

ROLL CALL ON GENERAL ORDERS FOR THE DAY

(Items Coupled on General Order Calendar)

(1) L.U. 19 & Res. 112 - App. **20065104 HAM**, UDAAP, 124 and 128 West 134th Street, Council District no. 9, Borough of Manhattan.

(2) L.U. 20 & Res. 113 - App. **20065105 HAQ**, UDAAP, 1048 Wycoff Avenue, Council District no. 34, Borough of Queens.

(3) L.U. 21 & Res. 114 - App. **20065115 HAX**, UDAAP, 1234 East 223rd Street, Council District no. 12, Borough of the Bronx.

(4) L.U. 26 & Res. 115 - App. **20065129 HAQ**, UDAAP, 116-10 14th Road, Council District no. 19, Borough of Queens.

(5) L.U. 31 & Res. 116 - ULURP, app. **060129 ZMK**, zoning map, Borough of Brooklyn, Council District nos. 44, 45 and 48.

(6) L.U. 33 & Res. 117 - ULURP, app. **060109 ZMX**, zoning map, Borough of Brooklyn, Council District no. 13.

(7) L.U. 34 & Res. 118 - ULURP, app. **060110, ZMX**, zoning map, Borough of Bronx, Council District no. 11.

(8) L.U. 35 & Res. 119 - ULURP, app. **060108 ZMX**, zoning map, Borough of Bronx, Council District no. 12.

(9) L.U. 36 & Res. 120 - App. **060133 ZRK**, zoning resolution, Brooklyn, CD 46 and 48, (Special Sheepshead Bay District.)

(10) L.U. 37 & Res. 121 - ULURP, app. **060132 ZMK**, zoning map, Borough of Brooklyn, Council District nos. 46 and 48.

(11) L.U. 39 & Res. 122 - App. **2006518 HAK**, UDAAP, 990 Decatur Street, Council District no. 37, Borough of Brooklyn.

(12) L.U. 41 & Res. 123 - App. **20065160 HAK**, UDAAP, 277 Glenmore Street, Council District no. 37, Borough of Brooklyn.

(13) L.U. 42 & Res. 124 - App. **20065161 HAK**, UDAAP, Atlantic East Development Corp., CB 16, CD 37, Borough of Brooklyn.

(14) L.U. 43 & Res. 125 - App. **20065162 HAK**, UDAAP, Agape Builders Corp., located in Community Board 5, Council District no. 37, Brooklyn.

(15) L.U. 44 & Res. 126 - App. **20065163 HAK**, UDAAP, Knickerbocker Avenue Cluster, located in Community Board 4, Council District no. 37, Brooklyn. **(Coupled to be Filed)**

(16) L.U. 45 & Res. 127 - App. **20065164 HAK**, UDAAP, 11 Troutman Street and 49 Wilson Avenue, Council District no. 34, Borough of Brooklyn.

(17) L.U. 6 & Res. 128 - App. **20065165 HAK**, UDAAP, Cooper & Decatur Street, Inc., Community Board 4, Council District no. 37, Brooklyn.

(18) L.U. 58 & Res. 129 - App. **20065149 HAM**, UDAAP, Permanence LP, located in Community Board 3, Council District no. 2, Brooklyn.

(20) Resolution approving various persons Commissioners of Deeds.

The Public Advocate (Ms. Gotbaum) put the question whether the Council would agree with and adopt such reports, which were decided in the **affirmative** by the following vote:

Affirmative – Addabbo, Arroyo, Avella, Baez, Barron, Brewer, Clarke, Comrie, DeBlasio, Dickens, Dilan, Felder, Fidler, Foster, Gallagher, Garodnick, Gennaro, Gentile, Gerson, Gioia, Gonzalez, Jackson, James, Katz, Koppell, Lanza, Lappin, Liu, Mark-Viverito, Martinez, McMahon, Mealy, Mendez, Monserrate, Nelson, Palma, Recchia, Reyna, Sanders, Seabrook, Sears, Stewart, Vallone Jr., Vann, Weprin, Vacca, White, Oddo, Rivera and the Speaker (Council Member Quinn) – **50**.

The General Order vote was 50-0-0 as shown above.

For **Introduction and Reading of Bills**, see the material following the **Resolutions** section below:

RESOLUTIONS

The following are the respective Committee Reports for each of the Resolutions referred to the Council for a voice-vote pursuant to Rule 8.50 of the Council:

Report for Voice-Vote Res. No. 14-A

Report of the Committee on Education in favor of approving as amended, a Resolution calling upon Governor George Pataki to immediately abide by the court order in the Campaign for Fiscal Equity lawsuit and fully fund New York City's public schools, in consideration of the emergency facing our school system.

The Committee on Education to which was referred on February 1, 2006 (Minutes, page 232) the annexed amended resolution respectfully

REPORTS:

On Wednesday, February 15, 2006, the City Council's Committee on Education, chaired by Council Member Robert Jackson, will continue its hearing, first held on February 13, 2006, to consider Proposed Resolution No. 14-A. A copy of the Proposed Resolution is attached.

Proposed Resolution No. 14-A

Proposed Resolution No. 14-A would call upon Governor George Pataki to immediately abide by the court order in the Campaign for Fiscal Equity lawsuit and fully fund New York City's public schools, in consideration of the emergency facing our school system.

Proposed Resolution No. 14-A would note that on June 26, 2003, the Court of Appeals ruled in favor of the Campaign for Fiscal Equity (CFE), holding that, among

other things, the State aid formula pursuant to which education dollars are allocated to New York City violated the Education Article of the New York State Constitution. The Proposed Resolution would also note that the Court of Appeals directed the State to find a constitutionally acceptable method, by the end of July 2004, to allocate education funding to New York City.

Proposed Resolution No. 14-A would point out that because the State failed to comply with the order of the Court of Appeals, the New York State Supreme Court appointed three judicial referees on August 3, 2004 to hear testimony and present recommendations regarding how the Court could best craft a remedy to fulfill the directives of the Court of Appeals. The Proposed Resolution 14-A would also indicate that on November 30, 2004, the judicial referees submitted their "Report and Recommendations" to the Court, which included the recommendation that New York City receive an additional $14.08 billion (phased in over four years) in operating funds, and an additional $9.179 billion over five years for capital needs.

Proposed Resolution No. 14-A would note that Governor Pataki has refused to abide by any court order in the CFE lawsuit, to the detriment of the children of New York City. The Proposed Resolution would also note that due to the State's inadequate funding of education in New York City, our public school system is facing a $1.8 billion shortfall in funding for capital projects for Fiscal Year 2006, representing in part a loss of $849 million for new school construction (23 schools and 15,381 new seats), $238 million for repair work and $365 million for educational enhancements (including technology, libraries and science labs). Furthermore, the Proposed Resolution would point out that the State's failure to provide appropriate funding to ensure that the 1.1 million schoolchildren in the City receive a sound, basic education will result in a $1.7 billion shortfall in capital projects for Fiscal Year 2007, representing in part a loss of $760 million for new school construction (18 schools and 10,252 new seats), $170 million for repair work and $685 million for educational enhancements.

Proposed Resolution No. 14-A would indicate that, in total, lack of adequate State funding will result in a $6.5 billion shortfall in funding for capital projects over the next three and a half years of the five-year capital plan. Finally, Proposed Resolution No. 14-A would note that ensuring that the children of New York City receive an excellent education should be of paramount importance to the leaders of the State of New York.

Accordingly, Your Committee recommends its adoption, as amended.

(The following is the text of Res. No. 14-A:)

Res. No. 14-A

Resolution calling upon Governor George Pataki to immediately abide by the court order in the Campaign for Fiscal Equity lawsuit and fully fund New York City's public schools, in consideration of the emergency facing our school system.

By Council Members Jackson, Fidler, Comrie, The Speaker (Council Member Quinn), Arroyo, Brewer, Dickens, Foster, Garodnick, Gentile, Gerson, Gonzalez, James, Katz, Koppell, Lappin, Liu, Mark-Viverito, McMahon, Mealy, Recchia Jr., Reyna, Rivera, Seabrook, Sears, Stewart, Vann, Weprin, Addabbo Jr., Clarke, Gennaro, Martinez, Palma, Sanders Jr., Vacca, White Jr., Mendez, de Blasio, Barron, Avella and The Public Advocate (Ms. Gotbaum).

Whereas, On June 26, 2003, the Court of Appeals ruled in favor of the Campaign for Fiscal Equity (CFE), holding that, among other things, the State aid formula pursuant to which education dollars are allocated to New York City violated the Education Article of the New York State Constitution; and

Whereas, The Court of Appeals directed the State to find a constitutionally acceptable method, by the end of July 2004, to allocate education funding to New York City; and

Whereas, Because the State failed to comply with the order of the Court of Appeals, the New York State Supreme Court appointed three judicial referees on August 3, 2004 to hear testimony and present recommendations regarding how the Court could best craft a remedy to fulfill the directives of the Court of Appeals; and

Whereas, On November 30, 2004, the judicial referees submitted their "Report and Recommendations" to the Court, which included the recommendation that New York City receive an additional $14.08 billion (phased in over four years) in operating funds, and an additional $9.179 billion over five years for capital needs; and

Whereas, Governor Pataki has refused to abide by any court order in the CFE lawsuit, to the detriment of the children of New York City; and

Whereas, Due to the State's inadequate funding of education in New York City, our public school system is facing a $1.8 billion shortfall in funding for capital projects for Fiscal Year 2006, representing in part a loss of $849 million for new school construction (23 schools and 15,381 new seats), $238 million for repair work and $365 million for educational enhancements (including technology, libraries and science labs); and

Whereas, Furthermore, the State's failure to provide appropriate funding to ensure that the 1.1 million schoolchildren in the City receive a sound, basic education will result in a $1.7 billion shortfall in funding for capital projects for Fiscal Year 2007, representing in part a loss of $760 million for new school construction (18 schools and 10,252 new seats), $170 million for repair work and $685 million for educational enhancements; and

Whereas, In total, lack of adequate State funding will result in a $6.5 billion shortfall in funding for capital projects over the next three and a half years of the five-year capital plan; and

Whereas, Ensuring that the children of New York City receive an excellent education should be of paramount importance to the leaders of the State of New York; now, therefore, be it

Resolved, That the Council of the City of New York calls upon Governor George Pataki to immediately abide by the court order in the Campaign for Fiscal Equity lawsuit and fully fund New York City's public schools, in consideration of the emergency facing our school system.

ROBERT JACKSON Chairperson; YVETTE D. CLARKE, BILL deBLASIO, SIMCHA FELDER, LEWIS A. FIDLER, HELEN D. FOSTER, MELINDA R. KATZ, G. OLIVER KOPPELL, JOHN C. LIU, MIGUAL MARTINEZ, DOMENIC M. RECCHIA JR. PETER F. VALLONE JR., ALBERT VANN, MARIA del CARMEN ARROYO, JESSICA S. LAPPIN, JAMES VACCA, DANIEL R. GARODNICK, Committee on Education, February 15, 2006.

Pursuant to Rule 8.50 of the Rules of the Council, the Public Advocate (Ms Gotbaum) called for a voice vote. Hearing no objections, the Public Advocate (Ms Gotbaum) declared **Res. No. 14-A** to be adopted.

Adopted unanimously by the Council voice vote.

INTRODUCTION AND READING OF BILLS

Int. No. 41

By Council Members Addabbo Jr., Clarke, Fidler, Gentile, James, Martinez, McMahon, Mendez, Nelson, Palma, Recchia, Sanders, Vallone Jr., Weprin and Yassky.

A Local Law to amend the administrative code of the city of New York, in relation to requiring notification to community boards and council members of applications for issuance of alteration permits for cellular telephone antennas and equipment.

Be it enacted by the Council as follows:

Section 1. Section 27-191 of the administrative code of the city of New York is amended by lettering the existing section as subdivision a and adding a new subdivision b to read as follows:

b. Notwithstanding any other provision of law, where the department receives an application pursuant to section 27-162 of this code for issuance of an alteration permit for the erection or placement of an antenna used to provide cellular telephone or similar service or any structure related to such service, the department shall, within five business days of receipt of such application, notify in writing the community board and council member in whose district the property in question is located of the receipt of such application. Such community board and council member shall have forty-five days within which to make comments to the department on such application and no permit may be issued by the department during such comment period.

§2. This local law shall take effect ninety days after its enactment.

Referred to the Committee on Housing and Buildings.

Int. No. 42

By Council Members Addabbo Jr., Gennaro, Nelson, Sanders and White.

A Local Law to amend the administrative code of the city of New York, in relation to noise levels during protests and demonstrations.

Be it enacted by the Council as follows:

Section 1. Declaration of legislative findings and intent. One of the most powerful tools that any group has is the right to freely and peaceably assemble and petition the government for a redress of grievances. This concept is embodied in the First Amendment to the Constitution of the United States, as well as in the Constitution of the State of New York. The Council finds that in order to make sure that all groups continue to have the ability to use this powerful tool of assembly and protest, the ability to use sound amplification equipment is essential. Amplified horns, microphones and other sound reproduction devices are often used peaceably and effectively during protests, marches and assemblies to aid those gathered in effectively delivering their message.

§2. Section 24-218 of the administrative code of the city of New York is amended to read as follows:

§24-218 General prohibitions. No person shall make, continue or cause or permit to be made or continued any unreasonable noise, except that this section shall not apply to any sound from any source where the decibel level of such sound is within the limits prescribed by another section of this title, *a permit issued in accordance with §10-108 of this code, or in accordance with any other permit or authorization,* and where there is compliance with all other applicable requirements of law with respect to such sound.

§3. Subdivision a of section 24-218 of the administrative code of the city of New York is amended to read as follows:

§24-218 General prohibitions. (a) No person shall make, continue or cause or permit to be made or continued any unreasonable noise, *except that this section shall not apply to any sound from any source where the decibel level of such sound is within the limits prescribed by a permit issued in accordance with §10-108 of this code, or in accordance with any other permit or authorization, and where there is compliance with all other applicable requirements of law with respect to such sound.*

§4. This local law shall take effect immediately upon its enactment into law, except for section three of this local law, which shall take effect July 1, 2007, at which time section two of this local law shall expire.

Referred to the Committee on Environmental Protection.

Res. No. 40

Resolution calling upon the federal government to only purchase military uniforms made wholly in the United States, and to give New York City its fair share of military uniform purchasing contracts.

By Council Members Addabbo Jr., Dickens, Fidler, Gentile, Lappin, Martinez, Mendez, Nelson, Recchia, Sanders and Weprin.

Whereas, The Berry Amendment, enacted in 1941, requires that the U.S. Department of Defense purchase clothing, tents, tarpaulins or covers, cotton and other natural fiber products which are made wholly in the United States; and

Whereas, According to the American Manufacturing Trade Action Coalition (AMTAC), apparel is a $172 billion retail market nationwide, employing approximately 4.64 million people, including approximately 3.6 million in retail sales, 573,000 in apparel production, and 470,000 in textile production; and

Whereas, According to the New York State Department of Labor, the fashion industry generates almost 100,000 jobs in fashion-related manufacturing firms in New York City; and

Whereas, According to the Fiscal Policy Institute, apparel manufacturing accounts for one-third of the manufacturing jobs in the City, and is the largest single source of manufacturing jobs; and

Whereas, The Union of Needletrades, Industrial and Textile Employees (UNITE) has joined designers and garment manufacturers in launching an international marketing campaign, entitled "Proudly Made in New York," to help boost clothing sales and save thousands of apparel industry City jobs; and

Whereas, Many companies, including Brooks Brothers, Bill Blass, Leslie Fay, and Lafayette 148, are displaying the "Proudly Made in New York" hangtags in retail shops worldwide; and

Whereas, According to UNITE, New York City receives less than 1% of the dollars the nation spends on military uniforms, although it accounts for 12% of all U.S. apparel manufacturing employment; and

Whereas, In June 2004, the U.S. Customs and Border Protection, an agency of the Department of Homeland Security, ordered $30 million in uniforms from VF Solutions in Nashville, Tennessee, pursuant to a contract which allowed the company to contract out its work to other facilities in the United States, Mexico, Canada, and the Dominican Republic; and

Whereas, Instead of allowing apparel manufacturing orders for U.S. government uniforms to be filled outside of the country, the federal government should follow the spirit of the Berry Amendment and use only domestic manufacturers; now, therefore, be it

Resolved, That the Council of the City of New York calls upon the federal government to only purchase military uniforms made wholly in the United States, and to give New York City its fair share of military uniform purchasing contracts.

Referred to the Committee on Civil Service and Labor.

Res. No. 41

Resolution calling upon the appropriate committee of the Council of the City of New York to hold a hearing to review federal standards and guidelines for determining where to locate traffic control devices and whether they are appropriate for New York City.

By Council Members Addabbo Jr., Fidler, Foster, Gentile, James, Lappin, Martinez, McMahon, Mendez, Nelson, Sanders, Weprin and Lanza

Whereas, The federal highway administration (FHWA) publishes the manual on uniform traffic control devices (MUTCD), which contains all national design, application, and placement standards for traffic control devices; and

Whereas, The purpose of these devices, which include signs, signals, and pavement markings, is to promote highway safety and uniformity so that traffic can move safely and efficiently on streets and highways throughout the nation; and

Whereas, The MUTCD is adopted in accordance with title 23 of the United States code, Section 109(d) and Title 23 of the code of federal regulations, part 655.603, and is also approved as the national standard for designing, applying, and planning traffic control devices; and

Whereas, While the FHWA adopts the standards, the individual state and local highway agencies nationwide select, install, operate, and maintain traffic control devices on all roadways (including the interstate and the U.S. numbered systems), complying with the MUTCD standards for all traffic control devices without exception; and

Whereas, While the standards of the MUTCD are flexible and change in response to travel patterns and road conditions and incorporate technology and advancements in materials, the manual itself is completely rewritten only once every ten to twenty years and has historically only relied on periodic updates, occurring every two to three years; and

Whereas, The process for changing or updating a MUTCD standard requires submitting a written request for changes to the MUTCD standards to the federal highway administration of the office of transportation operations (HOTO), which is a lengthy and arguably inefficient process for affecting change for traffic conditions that may require more immediate solutions in the interest of public safety; and

Whereas, Traffic control devices can help ensure that fewer pedestrians and drivers will be killed or injured by regulating the flow of traffic in a busy neighborhood and alert drivers and pedestrians as to who has the right of way; and

Whereas, A traffic control device is currently prohibited from being placed at a given location if it does not meet the criteria set by the MUTCD despite a community's perspective and sometimes resistance about the need for such a device at that location; and

Whereas, Sometimes, where MUTCD does not allow a traffic control device to be placed, one should be placed there anyway based on objective history of frequent traffic accidents; and

Whereas, The City's Department of Transportation (DOT) accepts letters of request and provides an online form from people who believe the conditions at an intersection meet the requirements set in the MUTCD for a traffic control device, but such expressions need does not guarantee that such request will be granted; and

Whereas, DOT refers the request to its Traffic Engineering Unit for the respective borough, which in turn makes a preliminary study of the street corner in question, including traffic and pedestrian volumes, vehicular speeds, accident history and sign spacing; and

Whereas, The Traffic Engineering Unit conducts a field investigation to observe traffic on the street corner at various times and on different days of the week, over approximately six weeks, to determine whether conditions at the intersection meet the federal standards for traffic lights and signals set out in the MUTCD; and

Whereas, After an analysis, the department may approve the request, in which case DOT will schedule an installation to occur within three or four months; and

Whereas, In deciding between a stop sign and a traffic light, DOT considers the number of vehicles that go through an intersection, how fast they are traveling, and the visibility and presence of other traffic lights nearby; and

Whereas, New York City is unique in the size and density of its population and in its proportion of pedestrians to motorists compared to other cities in the United States, which raises questions about whether the criteria set forth in the MUTCD properly addresses traffic conditions particular to New York City; now, therefore, be it

Resolved, That the appropriate committee of the Council of the City of New York hold a oversight hearing to review the federal standards and guidelines for determining where to locate traffic control devices and whether they are appropriate for New York City.

Referred to the Committee on Transportation.

Int. No. 43

By Council Members Avella, Clarke, Fidler, Gentile, James, Mark-Viverito, Mendez, Nelson, Palma, Recchia, Stewart, Weprin, Lanza and Oddo.

A Local Law to amend the administrative code of the city of New York, in relation to the enforcement of stop-work orders issued by the department of buildings.

Be it enacted by the Council as follows:

Section 1. Section 26-118 of the administrative code of the city of New York is amended to read as follows:

§26-118 Stop-work notices and orders. *a.* Notwithstanding the provisions of sections 26-115 through 26-117 of this subchapter, a notice or order to stop work may be issued by the commissioner, or his or her authorized representative, at any time when it is found that building work is being executed in violation of the provisions of any law, rule or regulation enforceable by the department, or in a dangerous or unsafe manner.

Such notice or order may be given orally or in writing to the owner, lessee or occupant of the property involved, or to the agent of any of them, or to the person or persons executing the work and may require all persons in and about the building or premises to vacate the same forthwith, and also require such work to be done as, in the opinion of the commissioner, may be necessary to remove any danger therefrom. The *department shall also immediately notify the* police department, *including the local precinct, where the work that is the subject of the stop work order is being performed and the police department* shall[, upon the request of the commissioner,] assist the department in the enforcement of this section. *In addition, the department shall notify orally and in writing the council member and community board in whose respective districts the work is being performed.*

Conditions warranting issuance of a stop work order include but are not limited to, the failure to have a construction site safety coordinator present in the course of on-going construction at those sites where department rules and regulations require that a construction site safety coordinator be designated and present; the failure to erect a sidewalk shed (or portions thereof) as required by section 27-1021 of the code, or the removal of a sidewalk shed or portions thereof, when such sidewalk shed is still required pursuant to such section.

In addition to the penalties provided for in this subchapter, failure to comply with a stop work order shall be subject to the payment of a penalty in the sum of five hundred dollars for each day there is non-compliance, to be recovered in a civil action brought in the name of the commissioner; provided, however, this shall not apply to any work performed to remedy an unsafe or hazardous condition.

b. Upon the determination by the department to rescind a stop work notice or order, the department shall immediately notify orally and in writing the police department, including the local precinct, the council member and community board in whose respective districts the work that was the subject of the stop work order was performed that the stop work order has been rescinded. No work may be performed during the seventy-two hour period subsequent to such rescission.

§2. This local law shall take effect immediately.

Referred to the Committee on Housing and Buildings.

Int. No. 44

By Council Members Avella, Gerson, Mark-Viverito, Nelson, Palma, Sears and Stewart.

A Local Law to amend the administrative code of the city of New York, in relation to horse drawn cabs.

Be it enacted by the Council as follows

Section 1. Legislative findings and intent.

Due to the large population and heavy commerce of New York City, the public roadways are congested with countless vehicles for transporting consumer goods and individuals. Horse-drawn cabs offer a unique allure for residents and tourists, and are often seen among the traffic on city streets.

However, opponents of horse-drawn cabs assert that the additional congestion caused by these slow moving vehicles traversing public roads creates an unwarranted hazard. When combined with cars, taxis, buses, pedestrians, bikers, fire trucks, ambulances and police cars, horse-drawn cab collisions are inevitable. Accordingly, city streets are dangerous to the animals, riders and people driving or walking nearby.

As an example of such dangers, a horse pulling a cab in Manhattan on January 2, 2006 was suddenly startled and dashed down 9th Avenue, galloping for several blocks before colliding with a station wagon at 50th Street. The cab driver was critically injured and taken to the hospital along with the two passengers of the automobile. The horse, five years old and working among city traffic for only a few months, was also injured and later euthanized.

With the vast city population, future such accidents are probable. Therefore, the Council finds that restricting horse-drawn cabs from operating on City streets is warranted for the interests of public safety and welfare.

§2. Subdivisions a and b of section 20-381.1 of the administrative code of the city of New York, as amended by local law 22 of 2002, is hereby amended, and a new subdivision c is hereby added, to read as follows:

§20-381.1 **Area and time restrictions on the operation of horse drawn cabs.** a. It shall be unlawful for a driver of a horse drawn cab to operate such cab at any time [when and where such operation is prohibited.] *on or in any street, highway, bridge or tunnel within the city of New York, unless otherwise provided in this section.*

b. (1) [Horse drawn cabs shall not be driven or operated in the borough of Manhattan between the hours of 7:00 a.m. and 10:00 a.m. on Monday through Friday. Horse drawn cabs shall not be driven or operated in the borough of Manhattan between the hours of 10:00 a.m. and 9:00 p.m. on Monday through Friday except for that area inside or immediately adjacent to Central Park.] *On Monday through Friday, horse drawn cabs may be driven or operated between the hours of 10:00 a.m. and 9:00 p.m. in the area inside or immediately adjacent to Central Park in the borough of Manhattan.*

(2) [Between the hours of 9:00 p.m. and 11:30 p.m. on Monday through Friday, between the hours of 12:30 p.m. and 11:30 p.m. on Saturday, and between the hours of 1:30 p.m. and 7:00 p.m. on Sunday, horse drawn cabs shall not be driven or operated in the borough of Manhattan in the areas bounded by and including the following streets: on the north by West Fifty-seventh Street, on the east by Seventh Avenue, on the south by West Forty-second Street and on the west by Ninth Avenue; and on the north by West Sixty-fifth Street, on the east by Columbus Avenue, on the south by West Fifty-seventh Street and on the west by Amsterdam Avenue.] *On Saturday and Sunday, horse drawn cabs may be driven or operated at all hours in the area inside or immediately adjacent to Central Park in the borough of Manhattan.*

[(3) On Saturday between the hours of 10:00 a.m. and 8:00 p.m. throughout the year and on Sunday between the hours of 10:00 a.m. and 7:00 p.m. during the period commencing with the Sunday preceding Thanksgiving until the sixth day of January immediately thereafter, horse drawn cabs shall not be driven or operated in the borough of Manhattan in the area bounded by and including the following streets: on the north by West Fifty-seventh Street, on the east by Fifth Avenue, on the south by West Forty-second Street and on the west by Avenue of the Americas.

(4) On New Year's Day, Thanksgiving Day and Christmas Day, the restrictions set forth in paragraphs one, two and three of this subdivision shall not apply. On the aforementioned days between the hours of 10:00 a.m. and 11:30 p.m., horse drawn cabs shall not be driven or operated in the borough of Manhattan in the areas bounded by and including the following streets: on the north by West Fifty-seventh Street, on the east by Seventh Avenue, on the south by West Forty-second Street and on the west by Ninth Avenue; and on the north by West Sixty-fifth Street, on the east by Columbus Avenue, on the south by West Fifty-seventh Street and on the west by Amsterdam Avenue.

(5) At no time shall any horse drawn cab be driven or operated on or in any bridge or tunnel within the city of New York.]

c. It shall be unlawful for a driver of a horse drawn cab to operate such cab at any time as prohibited by rule, ordinance, policy or regulation governing the area inside or immediately adjacent to Central Park in the borough of Manhattan.

§3. Subdivisions c, d, e and f of section 20-381.1 of the administrative code of the city of New York, as amended by local law 22 of 2002, are relettered as subdivisions d, e, f and g, respectively.

§4. This local law shall take effect 60 days after it shall have been enacted into law; provided that the commissioners of the appropriate agencies may take any actions necessary prior to such effective date for the implementation of this local law including, but not limited to, establishing guidelines and promulgating rules.

Referred to the Committee on Transportation.

Int. No. 45

By Council Member Avella.

A Local Law to amend the administrative code of the city of New York, in relation to dividing the 109th precinct into two distinct subdivisions.

Be it enacted by the Council as follows:

Section 1. Chapter 1 of Title 14 of the administrative code of the city of New York is hereby amended by adding a new section 14-152 to read as follows:

§14-152. Boundaries of the 109th Precinct.

The New York City Police Department shall divide the 109th Precinct into two separate subdivisions, one subdivision representing "Flushing South", and the other representing the "North Shore – College Point, Whitestone, Clearview and Bay Terrace". All corresponding boundaries shall be determined by the Commissioner, in accordance with the regulations of the Department, whereupon, the Department shall allocate such resources necessary to establish and support both precinct subdivisions.

§2. This local law shall take effect 120 days after its enactment into law.

Referred to the Committee on Public Safety.

Int. No. 46

By Council Members Avella, Nelson and Palma.

A Local Law to amend the administrative code of the city of New York, in relation to the collection of claims on behalf of the city of New York.

Be it enacted by the Council as follows:

Section 1. Chapter 3 of Title 3 of the administrative code of the city of New York is hereby amended by adding a new §3-321 to read as follows:

§3-321 a. The comptroller shall compromise, settle or adjust all claims on behalf of the city of New York. City agencies shall forward all reports of property damage in such form as prescribed by the comptroller within two weeks of notice to the agency of the property damage. If the comptroller is unable to compromise, settle or adjust a claim, the comptroller shall refer the matter to the corporation counsel for appropriate legal action.

Incentive/Reward Program. Any money collected or received by the comptroller pursuant to subdivision a of this section shall be paid in the following manner:

(i) *The forwarding agency shall receive 20 percent of the proceeds obtained by the comptroller on its claims; these monies may be used to establish risk management initiatives, or to fund pre-existing risk management programs of said agency.*

(ii) *The remaining 80 percent of the proceeds shall be paid into the general fund of the city of New York.*

(iii) *Where funds are collected or received by the comptroller pursuant to subdivision a of this section based upon information furnished by an individual or individuals and where the comptroller determines, in the exercise of his or her discretion, that such information, in conjunction with collection activities conducted by the comptroller's office, has resulted in the collection of said funds, the comptroller shall offer as a reward to such individual or individuals an amount that, in the aggregate, is:*

(a) *Up to ten percent of the collected funds, up to a maximum of $500 per affirmative claim. In determining the amount of the reward, the comptroller shall consider factors that include, but are not limited to: (1) the type of property damaged; (2) the specificity of the information provided, including but not limited to, the license place number, make or model or other description of the vehicle alleged to have been used, the location, date or time of the alleged incident causing damage, and the description of the individual or individuals alleged to have caused the damage.*

(iv) *No peace officer, employee of the comptroller's office or forwarding agency, or employee of any governmental entity involved in the furtherance of subsection a of this section, shall be entitled to obtain the benefit of any such reward or obtain the benefit of such reward when acting in the discharge of his or her official duties.*

§2. This local law shall take effect immediately.

Referred to the Committee on Finance.

Int. No. 47

By Council Members Avella, Clarke, Gentile, James, Martinez, Nelson, Palma and Weprin.

A Local Law to amend the administrative code of the city of New York, in relation to prohibiting the resale of undergarments.

Be it enacted by the Council as follows:

Section 1. Legislative declaration. The Council finds that merchants within the city of New York have been accepting the return of previously purchased undergarments and offering the same items for resale to the public. The Council finds that investigative news reports have revealed that some of the most reputable retailers in the City and nation may engage in this practice. The Council further finds that reselling used underwear creates significant public health risks, as experts report that dangerous bacteria including yeast and e.coli can survive for weeks on certain undergarments and can be transferred from an original owner to an unwitting subsequent purchaser. Moreover, the Council finds that such a practice is likely a violation of the City's Consumer Protection Law and is certainly repugnant to general standards of hygiene and responsibility.

§2. Chapter five of title twenty of the administrative code of the city of New York is amended to add a new subchapter sixteen to read as follows:

SUBCHAPTER 16

PROHIBITION ON THE RESALE OF UNDERGARMENTS

§20-900 Definition

§20-901 Prohibition

§20-902 Penalties

*§20-900. **Definition.** For the purposes of this subchapter, the term "personal undergarment" shall mean an item of clothing worn under the outer clothes and next to the skin in the area directly below an individual's waist. The term shall not include any brassiere, undershirt, or sock.*

*§20-901. **Prohibition.** It shall be unlawful for any person to offer or cause to be offered for sale any personal undergarment that had been previously purchased and subsequently returned.*

*§20-902. **Penalties.** Any person who shall violate the provisions of this subchapter shall pay a civil penalty of not less than one hundred dollars and not more than three hundred dollars for the first offense and for each succeeding offense a penalty of not less than two hundred dollars nor more than five hundred dollars for each such violation. For purposes of this section, each sale of a previously purchased and subsequently returned undergarment shall be considered a single offense.*

§3. This local law shall take effect 60 days after it is enacted.

Referred to the Committee on Consumer Affairs.

Int. No. 48

By Council Members Avella, Martinez, Nelson and Weprin.

A Local Law to amend the administrative code of the city of New York, in relation to prohibiting locksmiths and car dealers from reproducing ignition keys in specific circumstances.

Be it enacted by the Council as follows:

Section 1. Section 20-301 of the administrative code of the city of New York is hereby amended to add a new subsection (g) to read as follows:

g. No locksmith, nor any agent or employee thereof, shall reproduce an ignition key or other device designed to operate a lock or locks on a motor vehicle or to start a motor vehicle for any person without first obtaining from that person and making a permanent record of: (i) proper proof of ownership of the vehicle, such as registration or title, and (ii) proper photo identification of the person, such as a driver's license. No locksmith, nor any agent or employee thereof, shall reproduce an ignition key or other device designed to operate a lock or locks on a motor vehicle or to start a motor vehicle for any person solely on the basis of a motor vehicle identification number.

§2. Subchapter 15 of chapter 2 of title 20 of the administrative code of the city of New York is hereby amended to add a new section 20-307.1, to read as follows:

***§20-307.1 Penalties.** a. Any locksmith, or any agent or employee thereof, who violates the provisions of subdivision (g) of section 20-301 shall be guilty of a misdemeanor and punished by a fine of not more than one thousand dollars or by imprisonment not exceeding one year, or both.*

b. Any locksmith who violates the provisions of subdivision (g) of section 20-301 shall be liable for a civil penalty of not less than five hundred dollars nor more than one thousand dollars for each violation.

§3. Chapter 4 of title 20 of the administrative code of the city of New York is hereby amended to add a new subchapter 13 to read as follows:

SUBCHAPTER 13

CAR DEALERS

***§20-699.7 Definitions.** For the purposes of this subchapter, a "car dealer" means a person engaged in the business of buying, selling or dealing in motor vehicles at retail or wholesale. Any person who sells, or offers for sale more than five motor vehicles in any calendar year or who displays or permits the display of three or more motor vehicles for sale at any one time or within any one calendar month upon premises owned or controlled by him or her, if such vehicles were purchased, acquired or otherwise obtained by such person for the purpose of resale, will be regarded as a car dealer.*

***§20-699.8 Regulations.** No car dealer, nor any agent or employee thereof, shall reproduce an ignition key or other device designed to operate a lock or locks on a motor vehicle or to start a motor vehicle for any person without first obtaining from that person and making a permanent record of: (i) proper proof of ownership of the vehicle, such as registration or title, and (ii) proper photo identification of the person, such as a driver's license. No car dealer, nor any agent or employee thereof, shall reproduce an ignition key or other device designed to operate a lock or locks on a motor vehicle or to start a motor vehicle for any person solely on the basis of a motor vehicle identification number.*

***§20-699.9 Penalties.** a. Any car dealer, or any agent or employee thereof, who violates any provision of this subchapter shall be guilty of a misdemeanor and*

punished by a fine of not more than one thousand dollars or by imprisonment not exceeding one year, or both.

b. Any car dealer who violates any provision of this subchapter or any of the regulations promulgated hereunder shall be liable for a civil penalty of not less than five hundred dollars nor more than one thousand dollars for each violation.

§4. This local law shall take effect immediately.

Referred to the Committee on Consumer Affairs.

Int. No. 49

By Council Members Avella, Fidler, Gentile, James, Nelson, Weprin and Oddo.

A Local Law to amend the administrative code of the city of New York, in relation to requiring that commercial shopping establishments that maintain a parking area of at least 200 spaces install, maintain and operate surveillance cameras in order to deter crime.

Be it enacted by the Council as follows:

Section 1. Legislative Intent and Findings.

In order to continue the dramatic decrease in crime in New York City of the past decade, every reasonable effort should be made to deter crime from taking place. Surveillance cameras, for example, have proven effective in fighting and deterring crime, as evidenced by maintaining such cameras at ATM locations and in certain housing developments operated by the New York City Housing Authority.

Large parking lots adjacent to large stores and shopping centers are especially vulnerable to crime, particularly the theft of automobiles. These parking lots are unfortunately well suited for crime as a result of their size and proximity to major highways and thoroughfares, thus making escape easier.

In order to deter crime, the Council finds that commercial shopping areas that maintain parking lots with 200 or more parking spaces should be required to install and maintain surveillance cameras.

§2. Chapter one of title 10 of the administrative code of the city of New York is amended to add a new section 10-164, to read as follows:

§10-164. Surveillance cameras required in parking lots of certain shopping malls and shopping establishments.

a. The owner or operator of a shopping mall or shopping establishment that operates and maintains, on its own or through an agent or other entity, a parking area with 200 or more parking spaces, shall install video security cameras in each such parking area. Such cameras shall be placed so that the entire parking area may be viewed by a security camera; however, the number, type, placement, and location of such cameras shall be within the discretion of the owner or operator. The owner or operator shall be responsible for monitoring the cameras installed at each parking lot. The owner or operator is also responsible for the maintenance and upkeep of the cameras installed.

b. An owner or operator found to be in violation of this section shall be subject to a civil penalty of not more than five hundred dollars. An owner or operator found to be in violation of this section shall correct the violation within seven days after such finding. Failure to correct the violation within seven days after such finding shall subject the owner or operator to a civil penalty of not less than five hundred dollars nor more than one thousand dollars and an additional civil penalty of two hundred fifty dollars per day for each day such violation continues.

§3. This local law shall take effect 90 days after its enactment.

Referred to the Committee on Public Safety.

Int. No. 50

By Council Members Avella, Gentile, Gerson, Mendez, Nelson, Stewart, Vallone Jr. and Weprin

A Local Law to amend the administrative code of the city of New York, in relation to the prohibition of inhumane activities and practices used in rodeos.

Be it enacted by the Council as follows:

Section 1. Title 17 of the administrative code of the city of New York is hereby amended by adding a new chapter 13 to read as follows:

CHAPTER 13

PROHIBITION OF CRUEL RODEO EVENTS AND PRACTICES ACT

§17-1301 Short title.
§17-1302 Definitions.
§17-1303 Prohibited activities and practices at rodeos.
§17-1304 Scheduling and notification of a rodeo.
§17-1305 Access to a rodeo.
§17-1306 Presence of an on-site veterinarian.
§17-1307 Care and treatment of animals.
§17-1308 Enforcement.
§17-1309 Violations and penalties.
§17-1310 Rules.

§17-1301 Short title. This chapter shall be known and may be cited as the "Prohibition of Cruel Rodeo Events and Practices Act."

§17-1302 Definitions. For purposes of this chapter only, the following terms shall have the following meanings:

a. "ASPCA" means the American Society for the Prevention of Cruelty to Animals.

b. "Bareback riding/bronc riding" means any event performed where a person mounts a horse with the intention to ride, or attempt to ride, the horse, with or without use of a saddle and where the horse is wearing a bucking strap/flank strap.

c. "Bucking strap/flank strap" means any belt, rope, or other material fastened around an animal's flank area that causes or encourages the animal to buck.

d. "Bull riding/bareback bull riding" means any event performed where a person mounts a bull with the intention to ride, or attempt to ride, the bull, with or without use of a saddle and where the bull is wearing a bucking strap/flank strap.

e. "Calf roping/tie-down roping" means any event where a person ropes and restrains a calf, with the intention to tie, or attempt to tie, some or all of the calf's legs together.

f. "Caustic ointments" means any substance that causes inflammation, irritation, pain or discomfort when applied.

g. "Electric prods" means any device that administers volts of electricity to an animal.

h. "Goat tying" means any event where a person ties or secures a goat by any means with the intention to tie, or attempt to tie, some or all of the goat's legs together.

i. "Horse tripping" means any event where a person causes, or attempts to cause, a horse to trip and fall to the ground.

j. "On-site veterinarian" means any person licensed to practice veterinary medicine in the state of New York, who shall have his or her primary practice experience in large animal medicine and surgery, and who is approved by the department and the ASPCA to be present at all times during a rodeo.

k. "Raking" means any act of moving spurs against and across an animal's body.

l. "Rodeo" means any performance, competition, or exhibition featuring skills traditionally associated with hired hands in the western United States who tend cattle and perform many duties on horseback, and involving horses, cows, bulls, calves, steer and/or goats; provided, however, that such term shall not include such performances, competitions, or exhibitions that take place at equestrian events, theatrical performances, fairs, carnivals, or circuses.

m. Sponsor" means any person, corporation, partnership, firm, agency, association, lessor, or organization which owns, leases, or is otherwise responsible for the operation of a rodeo.

n. "Spurs" means any spike or wheel with points attached to a person's shoes, boots, or heels.

o. "Steer busting" means any event where a person ropes a steer's horn, and causes, or attempts to cause, such animal to turn over and fall to the ground, with the intention to tie, or attempt to tie, some or all of such animal's legs together.

p. "Steer wrestling" means any event where a person moves from a horse onto a steer, and twists the steer's neck, with the intention to cause, or attempt to cause, the steer to fall to the ground.

q. "Tail raking" means any act of raking, sawing, and/or pulling an animal's tail against a fence or other object.

r. "Tail twisting" means any act of twisting the tail of an animal.

s. "Team roping" means any event where a person, sometimes called the "header", ropes a steer's horns, neck or a combination of one horn and the neck, with the intention to turn over, or attempt to turn over, the steer, and another person, sometimes called the "heeler" ropes, or attempts to rope, the steer's hind feet.

t. "Wire tie-down" means any cable, cord, or other material tied from the halter or bridle placed around a horse's head and secured to the girth strap or saddle, and which causes the horse to point his/her nose down.

§17-1303 Prohibited activities and practices at rodeos. The following activities and practices shall be prohibited from taking place at or in conjunction with a rodeo:

a. Bareback riding/ bronc riding.
b. Bull riding/ bareback bull riding.
c. Calf roping/tie-down roping.
d. Goat tying.
e. Horse tripping.
f. Steer busting.
g. Steer wrestling.
h. Use of electric prods or other shocking devices.

i. Use of bucking strap/flank straps, sticks, whips, wire tie-downs or spurs.

j. Use of caustic ointments.

k. Use of forcible handling techniques, including, but not limited to, tail twisting, tail raking, raking, hitting, poking and kicking.

§17-1304 Scheduling and notification of a rodeo. a. No sponsor of a rodeo to be held in the city of New York shall hold such rodeo without filing an application for a permit with the department, in such form and manner as determined by the department, and receiving such permit. Such application shall include, but not be limited to:

1. a description of the event to be held and the activities to be conducted;

2. a description of the kinds and numbers of animals to be used;

3. a description of the criteria and requirements of the animal health permit required pursuant to paragraph d of section 17-1007 with respect to each animal;

4. a description of the training and credentials of the rodeo personnel employed or retained;

5. a description of an emergency evacuation plan;

6. a description of the housing to be provided for the animals; and

7. any other information the commissioner deems appropriate.

b. The sponsors of any rodeo shall notify the department, the New York city police department and the ASPCA regarding the scheduling of any rodeo, no less than thirty (30) calendar days prior to the holding of such rodeo.

§17-1305 Access to a rodeo. The department, the New York city police department and ASPCA enforcement agents shall be provided access to the areas where animals have been present, are present, or will be present, prior to, during and after a rodeo in order to inspect the facilities, the activities taking place and the animals.

§17-1306 Presence of an on-site veterinarian. a. An on-site veterinarian shall be present at all times during any rodeo. Such on-site veterinarian shall have access to all areas where animals have been present, are present, or will be present, prior to, during and after a rodeo, including, but not limited to, holding pens, chutes, injury pens and transport vehicles, in order to examine and otherwise observe the animals.

b. The on-site veterinarian shall have discretion regarding whether an animal shall be used in a rodeo. In the event that the on-site veterinarian determines that an animal is unfit to be used in a rodeo, he or she must immediately notify rodeo personnel. Nothing herein shall preclude the department, a veterinarian employed or retained by the ASPCA, the police department, or an ASPCA enforcement agent from determining that an animal is unfit to be used in a rodeo. The use of any animal deemed unfit to be used in a rodeo by any such persons or by the on-site veterinarian shall constitute a violation of this section.

c. Every animal used in a rodeo shall be examined by an on-site veterinarian within two (2) hours prior to the start of an event to ensure the animal's health and fitness and immediately after the end of an event to assess any injuries incurred by the animal. Every such animal may also be examined by such on-site veterinarian during the course of the rodeo.

d. Any animal injured during a rodeo shall be removed immediately from the rodeo by rodeo personnel, who shall report such injury promptly to the on-site veterinarian, who shall in turn provide any necessary veterinary care including, but not limited to, the administration of any required medications and/or injections.

e. All veterinary expenses of animals used or intended to be used in a rodeo shall be the responsibility of the sponsors.

§17-1307 Care and treatment of animals. a. Animals at a rodeo shall be provided with shade by natural or artificial means sufficient to protect them from direct sunlight when such exposure as determined by the on-site veterinarian is likely to jeopardize the health or well being of the animal.

b. All animals shall have access to clean, potable water at all times.

c. No stimulants, sedatives, or other drug shall be administered to any animal used in performances or exhibitions, except as determined by the on-site veterinarian.

d. Every sponsor shall have, for each animal intended to be used in a rodeo held in the city of New York, a valid health certificate signed by a licensed veterinarian and dated within one year of the first day on which such rodeo is to be held in the city. Every sponsor must provide a copy of such certificate upon request of the department, the on-site veterinarian or an ASPCA enforcement agent.

e. At no time shall sore, lame or ill animals, animals with poor eyesight, or animals who are exhibiting signs of distress, physical injury, suffering or pain be used in a rodeo.

f. The on-site veterinarian may, with respect to any animal require that such animal shall not be used in more than one rodeo performance, competition or exhibition event per day.

§17-1308 Enforcement. The department shall enforce the provisions of this chapter. In addition, designated enforcement employees of the New York city police department and the ASPCA shall have the power to enforce the provisions of this chapter.

§17-1309 Violations and penalties. a. The violation of any provision of this chapter or any of the rules promulgated hereunder shall, upon conviction thereof, constitute a misdemeanor, punishable by a fine of not less than two hundred and fifty dollars nor more than one thousand dollars, or by imprisonment not to exceed one year or both. Each violation shall constitute a separate and distinct offense.

b. Any person violating any provision of this chapter shall be liable for a civil penalty of not less than two hundred and fifty dollars nor more than one thousand dollars, provided, however, that for a second or subsequent violation of any provision of this chapter such person shall be liable for a civil penalty of not less than five hundred dollars nor more than two thousand dollars. A proceeding to recover any civil penalty authorized pursuant to the provisions of this subdivision shall be commenced by service of notice of violation which shall be returnable to the administrative tribunal established by the board of health. Such tribunal shall have the power to impose the civil penalties prescribed by this subdivision.

§17-1310 Rules. The commissioner shall promulgate rules in accordance with the provisions of this chapter, and such other rules as may be necessary for the purpose of implementing and carrying out the provisions of this chapter.

§2. If any section, subsection, sentence, clause, phrase or other portion of this local law is, for any reason, declared unconstitutional or invalid, in whole or in part, by any court of competent jurisdiction, such portion shall be deemed severable, and such unconstitutionality or invalidity shall not affect the validity of the remaining portions of this law, which remaining portions shall continue in full force and effect.

§3. This local law shall take effect one hundred and twenty days after its enactment into law. Actions necessary to prepare for the implementation of this local law may be taken prior to its effective date.

Referred to the Committee on Health.

Res. No. 42

Resolution calling upon the New York State Legislature to amend Sections 458 and 458-a of the New York Real Property Tax Law, in relation to extending partial property tax exemption provisions of such sections to the school tax portion of New York State property taxes for qualified veterans.

By Council Members Avella, Addabbo Jr., Clarke, Fidler, Gentile, James, McMahon, Mendez, Nelson, Recchia and Weprin

Whereas, The men and women of the U.S. military have made incredible personal sacrifices on behalf of this country; and

Whereas, According to the Mayor's Office of Veterans Affairs, currently over 302,000 veterans live in New York City; and

Whereas, Provisions of New York State law provide partial property tax exemptions to qualified veterans of the United States military; and

Whereas, Specifically, Section 458 of the New York State Real Property Tax Law provides a partial property tax exemption to veterans who have purchased real property using a bonus, pension, insurance or compensation received as a result of being a prisoner of war; and

Whereas, Section 458-a of the New York State Real Property Tax Law provides a partial property tax exemption based on service rendered, including service during wartime, service in a combat zone and status as a disabled veteran; and

Whereas, Section 458 and Section 458-a are applicable only to county, city, town and village taxation, and are not applicable to taxes levied for school purposes; and

Whereas, Approximately 55 percent of an average New York City property tax bill represents the school tax portion; and

Whereas, Therefore, veterans who qualify for Section 458 and Section 458-a property tax relief are still required to pay the entire school tax portion of their property bills; and

Whereas, In view of the incredible personal sacrifices made by our veterans on behalf of this country, it would be appropriate to extend the exemption provisions of Section 458 and Section 458-a to the school tax portion of New York State property taxes; and

Whereas, The extension of the veterans' property tax credits to include relief from taxes levied to cover school related expenses will ease veterans concerns for their families' financial stability and their own futures; now, therefore, be it

Resolved, That the Council of the City of New York calls upon the New York State Legislature to amend Section 458 and 458-a the New York Real Property Tax Law, in relation to extending partial property tax exemption provisions of such sections to the school tax portion of New York State property taxes for qualified veterans.

Referred to the Committee on Finance.

Res. No. 43

Resolution calling upon the Mayor and the Fire Department of the City of New York to abide by the laws as set forth in the Laws of New York, 2002, Chapter 468, Part A, §3, concerning the full active employment status of James J. Corrigan, William Wren, and Phillip T. Hayes by the Fire Department of the City of New York on September 11, 2001, including their eligibility for all rights and privileges as active duty firefighters.

By Council Members Avella, Mendez and Nelson.

Whereas, Pursuant to the Laws of New York, 2002, Chapter 468, Part A, §3, the legislature of the State of New York found and determined that "James J. Corrigan, William Wren, and Phillip T. Hayes were formerly employed as firefighters by the fire department of the city of New York and were killed while retired from such employment and in the course of firefighting at the World Trade Center on September 11, 2001"; and

Whereas, Pursuant to the Laws of New York, 2002, Chapter 468, Part A, §3, the legislature of the State of New York found and determined that "Notwithstanding any provision of any general, special, or local law to the contrary, the provisions of section 208-f of the general municipal law shall be deemed to apply to the widows and children of James J. Corrigan, William Wren, and Phillip T. Hayes, and such widows and children shall be eligible for the special accidental death benefit provided by such section upon the same terms and conditions as other persons eligible to receive benefits pursuant to such section"; and

Whereas, Pursuant to the Laws of New York, 2002, Chapter 468, Part A, §3, the legislature of the State of New York found and determined that "James J. Corrigan, William Wren, and Phillip T. Hayes, shall be deemed, as of September 11, 2001 to have been fully reinstated to full active employment status, at their highest achieved rank and status, on and as of September 11, 2001 without any dimunition or return of their previously received retirement benefits"; and

Whereas, The Fire Department of the City of New York has failed to abide by the law as set forth in Chapter 468, Part A, §3, by refusing to acknowledge the eligibility of the widows and children of James J. Corrigan, William Wren, and Phillip T. Hayes for the special accidental death benefit provided by §208-f of the general municipal law and by refusing to acknowledge the reinstatement of James J. Corrigan, William Wren, and Phillip T. Hayes to full active employment status on and as of September 11; now, therefore, be it

Resolved, That the Council of the City of New York calls upon the Mayor and the Fire Department of the City of New York to abide by the laws as set forth in the Laws of New York, 2002, Chapter 468, Part A, §3, concerning the full active employment status of James J. Corrigan, William Wren, and Phillip T. Hayes by the Fire Department of the City of New York on September 11, 2001, including their eligibility for all rights and privileges as active duty firefighters.

Referred to the Committee on Fire and Criminal Justice Services.

Res. No. 44

Resolution calling upon the New York State Legislature to remove New York City Transit and MTA Bus Company from the control of the Metropolitan Transportation Authority (MTA) and transfer control to the city of New York or in the alternative to cede greater decision making authority in the planning and operations of NYCT and MTA Bus Company to the City of New York.

By Council Members Avella, Fidler, Gentile, James, Nelson, Weprin and Lanza.

Whereas, The Metropolitan Transportation Authority (MTA) was created by New York State in 1965 and is responsible for operating, maintaining and improving public transportation in the Metropolitan Commuter Transportation District; and

Whereas, The Metropolitan Commuter Transportation District, as created by section 1262 of the New York State Public Authorities Law, consists of the five counties that comprise New York City, as well as Dutchess, Nassau, Orange, Putnam, Rockland, Suffolk and Westchester Counties; and

Whereas, The MTA is the parent entity of several subsidiaries that aid the MTA in carrying out its mission, including New York City Transit (NYCT) and MTA Bus Company; and

Whereas, NYCT was created in June 1953 to assume responsibility for buses, bus routes, trains and subways formerly run by New York City's Board of Transportation and actually preexisted the creation of the MTA; and

Whereas, Seventy-five percent (75%) of fare-related revenue comes from NYCT bus and subway riders, 13 percent from Long Island Rail Road passengers and 12 percent from Metro-North passengers; and

Whereas, NYCT receives $ 24 million of the total surplus from tolls and bridges to run the City buses and subways, while the remainder is split with 50 percent going to NYCT and the remainder going split between the Long Island Rail Road and MetroNorth; and

Whereas, Partly because of the surplus allocation, suburban commuters pay for 46.2 percent of their ride compared to the 61.6 percent paid by NYCT riders, a proportion that is considered the highest in the nation; and

Whereas, According to survey data collected by the Independent Budget Office, (excluding EZ-Pass users because they may forget they are paying a toll and therefore underreport this fact), sixty-one percent (61%) of Triborough Bridge and Tunnel Authority (TBTA) bridge and tunnel users are New York City residents, while about 39 percent come from Nassau, Suffolk, Northern New York State suburbs, Connecticut, and New Jersey; and

Whereas, According to the Straphangers Campaign, while NYCT carries 84 percent of the state's mass transit riders, it receives only 63 percent of the state aid to mass transit ridership, which includes disproportionately lower capital funds from fare-backed bonds; and

Whereas, the NYCT's 2003 operating budget accounted for more than 65% of the MTA's total 2003 operating budget, and the NYCT's average weekday passengers represented over 90% of the MTA's 2003 average weekday passengers and NYCT's 2003 employment was over 75% of the entire MTA 2003 employment; and

Whereas, In July 2004, the MTA released its proposed budget detailing a projected deficit of $436 million in 2005 and $1.35 billion in 2006, despite proposed service cuts amounting to $91 million and fare hikes estimated to generate an additional $219 million, an impact on riders of $310 million; and

Whereas, In March 2005, the MTA announced a new budget forecast based on an additional $301 million in revenues not projected in its July 2004 budget forecast and the State legislature agreed to provide funds to pay for "state of good repair" needs for the fiscal year beginning on April 1, 2005; and

Whereas, The MTA's plan for service cuts and fare hikes remains largely unchanged, despite the additional cash flow; and

Whereas, If the MTA's budget were truly deficit-driven, the Agency would proportionately rescind some of its service cuts and fare hikes due to these new revenue projections; and

Whereas, The service cuts when fully imposed will result in the closure of 164 part-time token booths, reduced service on other bus lines, a reduction of ten percent (10%) of subway service on most lines, and the elimination of thirty-three (33) local bus routes and has already resulted in fare hikes for monthly and weekly MetroCards and for express bus service; and

Whereas, The MTA has been carrying out plans to redeploy 619 station agents throughout the system, most likely shifting station agents out of neighborhood stations into tourist areas and transit hubs which will endanger commuters at any unmanned stations; and

Whereas, Bus service cuts have imposed and will continue to impose a significant inconvenience and economic hardship upon City residents who rely on buses as the life blood of the community, especially those residing outside of the Manhattan central business district, and

Whereas, A fare increase for buses and subways places a burden on New Yorkers that is unfair, and that the Council believes will only serve to drive people away from our great city; and

Whereas, MTA Bus Company was created in September 2004 to assume responsibility for operations of the seven private bus companies that operated under franchise agreements granted by the New York City Department of Transportation and have begun taking over individual companies on a staggered buyout schedule; and

Whereas, The seven bus lines combined serve over 400,000 persons each day and provide jobs for hundreds of employees and there are concerns that the quality of bus service has declined among those bus companies whose control has been transferred to the MTA; and

Whereas, It is unreasonable that a city the size of New York is restricted in its ability to exercise meaningful decision making authority in the planning and operations of a transportation system, which operates exclusively within its own borders; now therefore be it

Resolved, that the Council of the City of New York call upon the New York State Legislature to remove NYCT and MTA Bus Company from the control of the MTA and transfer control to the City of New York or in the alternative to cede greater decision making authority in the planning and operations of NYCT and MTA Bus Company to the City of New York.

Referred to the Committee on Transportation.

Res. No. 45

Resolution calling upon Governor Pataki and the New York State Legislature to request that the United States Congress amend or repeal the Professional and Amateur Sports Protection Act to allow states to legalize betting on sporting events, and further calling upon the United States Congress to change this law so that New York State can legalize betting on sporting events and use all revenue generated from this activity for education funding.

By Council Members Avella and Nelson

Whereas, According to the New York State District Attorney's Offices in both Kings and Queens Counties, illegal sports betting generates more than $100 billion a year nationwide, and between $15 and $30 billion a year in New York City alone; and

Whereas, Currently, The federal Professional and Amateur Sports Protection Act bars states from legalizing sports gambling; and

Whereas, However, legalizing and regulating this industry could provide states with large amounts of revenue that could be used to provide much needed funding for various services, such as education; and

Whereas, According to the Partnership for New York City, if such gambling were legalized, New York State could gain as much as $1.9 billion a year in revenue; and

Whereas, In addition, the regulation of sports betting would drastically reduce profits for organized crime; and

Whereas, In 1982, the New York State Legislature sought to achieve similar goals when it created Off -Track Betting; and

Whereas, Strong gaming control regulations would help to abate any concerns regarding game fixing and other potential abuses; and

Whereas, Legalizing sports betting in New York would be an opportunity to diminish a serious organized crime enterprise and provide critical funds for education; and

Whereas, The thrust of legislation to legalize sports betting should be regulation, not promotion, and a call for intervention by local, state and federal governments to address the issue of gambling addiction should be included in any legislative proposals; now, therefore, be it

Resolved, That the Council of the City of New York calls upon Governor Pataki and the New York State Legislature to request that the United States Congress amend or repeal the Professional and Amateur Sports Protection Act to allow states to legalize betting on sporting events, and further calls upon the United States Congress to change this law so that New York State can legalize betting on sporting events and use all revenue generated from this activity for education funding.

Referred to the Committee on State and Federal Legislation.

State Legislation Res. No. 2

State Legislation Resolution requesting the New York State Legislature to pass bills introduced by Senator Dilan, S.1282, and Assembly Member Robinson, A.2455, "AN ACT to amend the administrative code of the city of New York, in relation to the registration of property and designation of mailing address".

By Council Members Baez, Fidler, Palma and Stewart

Whereas, bills have been introduced in the New York State Legislature by Senator Dilan, S.1282, and Assembly Member Robinson, A.2455, "AN ACT to amend the administrative code of the city of New York, in relation to the registration of property and designation of mailing address"; and

Whereas, the enactment of the above State Legislation requires the concurrence of the Council of the City of New York as the local legislative body; now, therefore, be it

Resolved, that the Council of the City of New York, in accordance with the provisions of Section 2 of Article 9 of the Constitution of the State of New York, does hereby request the New York State Legislature to enact into law the aforesaid pending bills.

Referred to the Committee on State and Federal Legislation.

State Legislation Res. No. 3

State Legislation Resolution requesting the New York State Legislature to pass bills introduced by Senator Montgomery, S.3265, and Assembly Member Robinson, A.6376, "AN ACT authorizing the city of New York to reconvey its interest in certain real property acquired by in rem tax foreclosure in the borough of Brooklyn to former owner Robert Cradle, notwithstanding expiration of the two year period within which application may be made to the city to release its interest in property thus acquired; Block No. 1832, Lot No. 9 on tax map for the borough of Brooklyn".

By Council Member Baez

Whereas, bills have been introduced in the New York State Legislature by Senator Montgomery, S.3265, and Assembly Member Robinson, A.6376, "AN ACT authorizing the city of New York to reconvey its interest in certain real property acquired by in rem tax foreclosure in the borough of Brooklyn to former owner Robert Cradle, notwithstanding expiration of the two year period within which application may be made to the city to release its interest in property thus acquired; Block No. 1832, Lot No. 9 on tax map for the borough of Brooklyn"; and

Whereas, the enactment of the above State Legislation requires the concurrence of the Council of the City of New York as the local legislative body; now, therefore, be it

Resolved, that the Council of the City of New York, in accordance with the provisions of Section 2 of Article 9 of the Constitution of the State of New York, does hereby request the New York State Legislature to enact into law the aforesaid pending bills.

Referred to the Committee on State and Federal Legislation.

State Legislation Res. No. 4

State Legislation Resolution requesting the New York State Legislature to pass bills introduced by Senator Montgomery, S.3635, and Assembly Member Robinson, A.6731, "AN ACT authorizing the city of New York to reconvey its interest in certain real property acquired by in rem tax foreclosure in the borough of Brooklyn to former owner Chester Wilkins, notwithstanding expiration of the two year period within which application may be made to the city to release its interest in property thus acquired; Block No. 1651, Lot No. 52 on tax map for the borough of Brooklyn".

By Council Member Baez

Whereas, bills have been introduced in the New York State Legislature by Senator Montgomery, S.3635, and Assembly Member Robinson, A.6731, "AN ACT authorizing the city of New York to reconvey its interest in certain real property acquired by in rem tax foreclosure in the borough of Brooklyn to former owner Chester Wilkins, notwithstanding expiration of the two year period within which application may be made to the city to release its interest in property thus acquired; Block No. 1651, Lot No. 52 on tax map for the borough of Brooklyn"; and

Whereas, the enactment of the above State Legislation requires the concurrence of the Council of the City of New York as the local legislative body; now, therefore, be it

Resolved, that the Council of the City of New York, in accordance with the provisions of Section 2 of Article 9 of the Constitution of the State of New York, does hereby request the New York State Legislature to enact into law the aforesaid pending bills.

Referred to the Committee on State and Federal Legislation.

State Legislation Res. No. 5

State Legislation Resolution requesting the New York State Legislature to pass a bill introduced by Assembly Member Dinowitz, A.1401, "AN ACT to amend the administrative code of the city of New York, in relation to clearly marking certain pedestrian crosswalks in any city having a population of one million or more persons".

By Council Members Baez, Foster and Gentile

Whereas, a bill has been introduced in the New York State Legislature by Assembly Member Dinowitz, A.1401, "An Act to amend the administrative code of the city of New York, in relation to clearly marking certain pedestrian crosswalks in any city having a population of one million or more persons" ; and

Whereas, the enactment of the above State Legislation requires the concurrence of the Council of the City of New York as the local legislative body; now, therefore, be it

Resolved, that the Council of the City of New York, in accordance with the provisions of Section 2 of Article 9 of the Constitution of the State of New York, does hereby request the New York State Legislature to enact into law the aforesaid pending bill.

Referred to the Committee on State and Federal Legislation.

State Legislation Res. No. 6

State Legislation Resolution requesting the New York State Legislature to pass a bill introduced by Assembly Member Dinowitz, A.1255, "AN ACT to amend the administrative code of the city of New York and the vehicle and

traffic law, in relation to allowing citizens to issue tickets to designated officers and appointed employees of the parking violation bureau".

By Council Member Baez

Whereas, a bill has been introduced in the New York State Legislature by Assembly Member Dinowitz, A.1255, "AN ACT to amend the administrative code of the city of New York and the vehicle and traffic law, in relation to allowing citizens to issue tickets to designated officers and appointed employees of the parking violation bureau"; and

Whereas, the enactment of the above State Legislation requires the concurrence of the Council of the City of New York as the local legislative body; now, therefore, be it

Resolved, that the Council of the City of New York, in accordance with the provisions of Section 2 of Article 9 of the Constitution of the State of New York, does hereby request the New York State Legislature to enact into law the aforesaid pending bill.

Referred to the Committee on State and Federal Legislation.

State Legislation Res. No. 7

State Legislation Resolution requesting the New York State Legislature to pass a bill introduced by Assembly Member Dinowitz, A.1442, "AN ACT to dedicate the Jerome Park Reservoir tract in the Bronx as parkland".

By Council Members Baez and Foster

Whereas, a bill has been introduced in the New York State Legislature by Assembly Member Dinowitz, A.1442, "AN ACT to dedicate the Jerome Park Reservoir tract in the Bronx as parkland"; and

Whereas, the enactment of the above State Legislation requires the concurrence of the Council of the City of New York as the local legislative body; now, therefore, be it

Resolved, that the Council of the City of New York, in accordance with the provisions of Section 2 of Article 9 of the Constitution of the State of New York, does hereby request the New York State Legislature to enact into law the aforesaid pending bill.

Referred to the Committee on State and Federal Legislation.

State Legislation Res. No. 8

State Legislation Resolution requesting the New York State Legislature to pass bills introduced by Senator Marchi, S.2458-A, and Assembly Member Lavelle, A.4978-A, "AN ACT to amend the administrative code of the city of New York, in relation to extending the benefits of the variable supplements fund for housing police and transit police members of the New York city employees' retirement system".

By Council Members Baez, Fidler, Gentile, McMahon and Katz

Whereas, bills have been introduced in the New York State Legislature by Senator Marchi, S.2458-A, and Assembly Member Lavelle, A.4978-A, "AN ACT to amend the administrative code of the city of New York, in relation to extending benefits of the variable supplements fund for housing police and transit police members of the New York city employees' retirement system"; and

Whereas, the enactment of the above State Legislation requires the concurrence of the Council of the City of New York as the local legislative body; now, therefore, be it

Resolved, that the Council of the City of New York, in accordance with the provisions of Section 2 of Article 9 of the Constitution of the State of New York, does hereby request the New York State Legislature to enact into law the aforesaid pending bills.

Referred to the Committee on State and Federal Legislation.

A Local Law to amend the administrative code of the city of New York, in relation to evictions of elderly tenants.

Be it enacted by the Council as follows:

Section 1. Title 26 of the administrative code of the city of New York is hereby amended by adding a new chapter 10 to read as follows:

CHAPTER 10
EVICTIONS OF ELDERLY TENANTS

§ 26-901 Definitions
§ 26-902 Notification requirement
§ 26-903 Tenant assistance
§ 26-904 Reporting
§ 26-905 Violations
§ 26-906 Rules

§26-901 Definitions. a. For the purposes of this section, the following terms shall have the following meanings:

(1) "Department" shall mean the department of housing preservation and development.

(2) "Eligible head of household" shall mean a person or his or her spouse or domestic partner who is sixty-two years of age or older and is entitled to the possession or to the use and occupancy of a dwelling unit.

(3) "Owner" shall mean an owner as defined in section 27-2004 of the administrative code of the city of New York.

§26-902 Notification requirement. An owner shall provide written notification to the department of the name, address and phone number of any eligible head of household that such owner has served or has intention to serve a petition or notice of petition for a summary proceeding to recover possession of real property, pursuant to article 7 of the real property actions and proceedings law of New York state. Such notification shall be in the form and manner determined by the department pursuant to rules promulgated by the department, and shall be provided on or before the day on which such eligible head of household is served with such petition or notice of petition.

§26-903 Tenant assistance. Upon receiving notification of an impending eviction pursuant to section 26-902 of this chapter, the department shall provide such eligible head of household with a list of entities funded by the city that may provide low-income eligible head of households with legal services or which may assist such eligible heads of households in obtaining legal services.

§26-904 Reporting. The commissioner of the department, in conjunction with the commissioner of the commission on human rights, shall analyze information received pursuant to section 26-902 of this chapter. The commissioner of the department shall submit an annual report to the mayor and the speaker of the council on or before March 30th of each year regarding the findings of such analysis and any trends in evictions of eligible heads of households, including, but not limited to, information regarding any finding or pattern of discrimination against elderly tenants with respect to eviction.

§26-905 Violations. Any person who violates section 26-902 of this chapter shall be guilty of a misdemeanor and subject to a fine not to exceed one thousand dollars.

§26-906 Rules. The commissioner shall promulgate such rules as may be necessary for the purposes of implementing the provisions of this chapter.

§2. If any section, subsection, sentence, clause, phrase or other portion of this local law is for any reason declared unconstitutional or invalid, in whole or in part, by any court of competent jurisdiction, such portion shall be deemed severable, and such unconstitutionality or invalidity shall not affect the validity of the remaining portions of this local law, which remaining portions shall continue in full force and effect.

§3. This local law shall take effect ninety days after its enactment into law; provided, however, that any actions necessary for the implementation of this local law may be taken prior to its effective date.

Referred to the Committee on Housing and Buildings.

Int. No. 52

By Council Members Barron, Martinez and Palma.

A Local Law to amend the charter of the city of New York in relation to the preparation and submission of a revenue estimate.

Be it enacted by the Council as follows:

Section 1. Section 247 of the New York City charter is amended by adding a new subdivision c to read as follows:

c. The council shall submit to the mayor and the comptroller, and shall cause to be published, not later than the twenty-fifth day of March, its preliminary estimate of the probable amount of (1) receipts into the city treasury during the ensuing fiscal year from all the sources of revenue of the general fund and (2) all receipts other than those of the general fund and taxes on real property.

§2. Section 250 of the New York City charter is amended by adding a new subdivision 17 to read as follows:

17. Comments on the council's preliminary revenue estimate as submitted pursuant to subdivision c of section 247, including an explanation for any difference

between the mayor's forecast of revenues for the ensuing fiscal year as required by this section and the council's preliminary estimate.

§3. Chapter 58 of the New York City charter is hereby amended by adding a new section, 1514-a, to read as follows:

§1514-a. Revenue estimate. a. Contemporaneously with the adoption of a single budget pursuant to section two hundred fifty-four, the council shall submit to the mayor and the comptroller an estimate of the probable amount of (1) receipts into the city treasury during the ensuing fiscal year from all the sources of revenue of the general fund and (2) all receipts other than those of the general fund and taxes on real property.

b. The council prior to establishing a final estimate of revenues for the ensuing fiscal year as required by this section, shall consider the estimate of the mayor, as well as the comments of the mayor on the council's preliminary revenue estimate, contained in the budget message submitted pursuant to section two hundred fifty of this charter. The council shall also consider any alternative estimate of revenues which is submitted pursuant to subdivision c of this section and which is accompanied by a statement of the methodologies and assumptions upon which such estimate is based in such detail as is necessary to facilitate official and public understanding of such estimates.

c. Any person or organization may, prior to the fifteenth day of May, submit to the council an official alternative estimate of revenues for consideration by the council in accordance with subdivision b. Such estimate shall be in a form prescribed by the council.

§4. The title of section 1515 of the New York City charter and subdivision a thereof are amended to read as follows:

§1515 Statement *of the budget* [and estimate] by the mayor. a. The mayor shall prepare and submit to the council, immediately upon the adoption of a single budget pursuant to section two hundred fifty-four, a statement setting forth the amount of the budget as approved by the council for the ensuing year [and the mayor shall prepare and submit to the council not later than the fifth day of June an estimate of the probable amount of (1) receipts into the city treasury during the ensuing fiscal year from all the sources of revenue of the general fund and (2) all receipts other than those of the general fund and taxes on real property]. The mayor may include in the statement of the amount of the budget as approved by the council a confirmation of such amount, and thereby waive mayoral veto power pursuant to section two hundred fifty-five.

§5. Sections 1515 c and d of the New York City charter are hereby REPEALED.

§6. Subdivision a of section 1516 of the New York City charter is amended to read as follows:

a. The council shall fix the annual tax rates immediately upon the approval of the budget pursuant to section two hundred fifty-four. The council shall deduct the total amount of receipts as *established pursuant to section 1514-a hereof* [estimated by the mayor] from the amount of the budget, for the ensuing fiscal year, and shall cause to be raised by tax on real property such sum as shall be as nearly as possible but not less than, the balance so arrived at, by fixing tax rates in cents and thousandths of a cent upon each dollar of assessed valuation. The tax rates shall be such to produce a balanced budget within generally accepted accounting principles for municipalities.

§7. This local law shall become effective immediately after it shall be approved by the voters at the next general election held after its enactment.

Referred to the Committee on Finance.

Int. No. 53

By Council Members Barron, Gonzalez, James, Palma, Stewart and Yassky.

A Local Law to amend the administrative code of the city of New York, in relation to the arraignment process.

Be it enacted by the Council as follows:

Section 1. Declaration of Legislative Findings and Intent. In 1991, the New York State Court of Appeals ruled that the police department and other city agencies violated New York law when they failed to present arrestees for judicial arraignment within 24 hours of arrest. The court concluded that failure to arraign arrestees within 24 hours of arrest caused "serious and lasting personal and economic harm to detainees," and violated the Criminal Procedure Law. *See People ex rel. Michele Maxian on Behalf of Damon Roundtree, et al. v. Brown*, 77 N.Y.2d 422 (1991).

Yet the ruling by New York's highest court is routinely violated. In January 2006 the New York Civil Liberties Union issued a report, "Justice Delayed, Justice Denied: A Study of Arrest-to-Arraignment Times in New York City," which analyzed 13 months of NYPD data and found that the police detain thousands of New Yorkers each month for more than 24 hours. According to the study, during the period from October 2004 to October 2005, 99,127 people, representing 36% of arraigned arrests, were detained for more than 24 hours prior to arraignment. During these 13 months more than 12,000 people were arraigned after being detained for longer than 36 hours.

Moreover, the problems associated with delayed arraignments in New York City are disproportionately experienced by people of color, since the vast majority of individuals arrested in New York City are African-American or Latino.

Bringing an arrestee before a judge for arraignment is more than a technicality of the law. The arraignment is the first occasion following an arrest that individuals are formally informed of the charges against them, the right to counsel and to seek bail. It is the first opportunity for individuals who have been fingerprinted, photographed and held for hours incommunicado to finally communicate with legal counsel, family and friends.

Notably, many of those detained in violation of the twenty-four hour mandate are charged with low level offenses, such as misdemeanors or violations, and face no jail time if convicted. While they wait unnecessarily in often overcrowded detention facilities, many are forced to miss work or school, or must urgently attempt to locate child care. Moreover, prolonged detention often creates strains on marital or familial relationships.

One of the most startling violations of the twenty-four hour mandate occurred in 2004 during the Republican National Convention, when hundreds of demonstrators were arrested for minor violations and held well over the twenty-four hour limit, with some held more than sixty hours, despite months of logistical planning in preparation for the convention. Many felt that the prolonged detention of the demonstrators violated the demonstrators' right to engage in political expression.

This bill is necessary to ensure that the City of New York meets its legal obligation to promptly produce arrestees for arraignment within 24 hours of arrest. It also creates reasonable oversight over the arrest to arraignment process, and a private right of action for individuals arraigned more than twenty-four hours following arrest.

§2. Chapter one of title ten of the administrative code of the city of New York is amended to add a new section 10-164, to read as follows:

§ 10-164. Arraignment Procedures.

a. New York City agencies and departments that have jurisdiction over the processing of arrests prior to arraignment shall, except in the event of an unforeseeable extraordinary circumstance, complete the processing of an arrest in an expeditious and timely manner so as to ensure that an arrestee is arraigned within twenty-four hours from the time of arrest. Notwithstanding the occurrence of an unforeseeable extraordinary circumstance, the pre-arraignment processing of an arrest shall be completed as soon as practicable. An unforeseeable extraordinary circumstance does not include a circumstance related to the government's failure to allocate resources necessary to process arrests in a timely manner.

b. The New York City Police Department and the New York City Department of Correction shall report on a quarterly basis to the City Council and Public Advocate the number of cases in which arraignment took place more than 24 hours following arrest. The New York City Police Department and the New York City Department of Correction shall include in its reporting, for each arrestee, the time the arrestee came under the custody or control of the respective department, the time the arrestee left the custody or control of the respective department, and any information that may explain why the arrestee was not arraigned within twenty-four hours of arrest. The New York Police Department and the New York City Department of Corrections shall comply in a timely manner to such a demand for information.

c. (i) In any instance in which a person is not arraigned within 24 hours or as otherwise required by this statute, he or she shall have a cause of action in any court of competent jurisdiction for damages, including punitive damages, and for injunctive relief and such other remedies as a court may deem appropriate. In an action commenced pursuant to this section, the court shall award the prevailing party reasonable attorney's fees and expenses.

(ii) A cause of action brought pursuant to this section must be commenced within 3 years of the date of the incident giving rise to such a claim.

(iii) For purposes of this section, (a) "prevailing party" means a plaintiff or petitioner in a civil action against the City of New York or any of its agencies or departments who prevails in whole or in substantial part, should the plaintiff or petitioner and the City prevail upon separate issues; and (b) "fees and expenses" shall include the reasonable expenses of expert witnesses, the reasonable cost of conducting a study or analysis, reasonable attorneys fees, including fees for work performed by law students or paralegals under the supervision of an attorney, and like expenses.

§3. Severability. If any provision of this bill or any other provision of this local law, or any amendments thereto, shall be held invalid or ineffective in whole or in part or inapplicable to any person or situation, such holding shall not affect, impair or invalidate any portion of or the remainder of this local law, and all other provisions thereof shall nevertheless be separately and fully effective and the application of any such provision to other persons or situations shall not be affected.

§4. This local law shall take effect ninety days after it is enacted.

Referred to the Committee on Public Safety.

Int. No. 54

By Council Members Brewer, Foster, James, Koppell, Mendez, Nelson, Palma and Weprin.

A Local Law to amend the New York city charter, in relation to requiring that the department of information technology and telecommunications produce

an annual technology strategy and that mayoral agencies submit annual technology plans to the department of information technology and telecommunications for publication as an addendum to the department's annual technology strategy.

Be it enacted by the Council as follows:

Section 1. Chapter 48 of the New York city charter, as added by vote of the electors at the general election held on November 7, 1989, is amended by adding thereto a new section 1075 to read as follows:

§1075. Annual information technology strategy. a. No later than April 1 of each year, the department shall produce and transmit to the council and the mayor a New York city information technology strategy report detailing the department's plans for the procurement and deployment of all technology and telecommunications initiatives in the following fiscal year; and

b. The department shall publish the annual technology plans of agencies, required pursuant to section 1133.1 of the charter, as an annual addendum to the city's information technology strategy report required by subdivision a of this section.

§2. Chapter 49 of the New York city charter is amended by adding thereto a new section 1133.1 to read as follows:

§1133.1. Submission of annual technology plan. The head of each agency shall submit an annual technology plan to the department of information technology and telecommunications no later than February 1 of each year which shall include, but not be limited to, such agency's plans for the procurement and deployment of technology and telecommunications initiatives in the following fiscal year;

§3. This local law shall take effect immediately.

Referred to the Committee on Technology in Government.

Int. No. 55

By Council Members Brewer, Addabbo Jr., Clarke, Dickens, Foster, Gentile, Gonzalez, James, Koppell, Mark-Viverito, Martinez, Mendez, Nelson, Palma, Recchia and Weprin.

A Local Law to amend the administrative code of the city of New York, in relation to requiring the appropriate city agency to make available on the city's official website biographical information pertaining to all street name changes.

Be it enacted by the Council as follows:

Section 1. Declaration of legislative findings and intent. Due to increased awareness and questions from the people of the city of New York pertaining to the renaming of streets, the Council believes it is appropriate to create a mechanism that will allow individuals to have biographical and/or background information available on the official city website that pertains to a renamed or co-named street.

§2. Chapter 1 of title 25 the of the administrative code of the city of New York is amended by adding a new section, §25-102.2, to read as follows:

§25-102.2. Street Name Reporting a. Whenever a street is renamed or co-named pursuant to section 25-102.1 of this chapter, the city shall make available biographical and/or background information as to the nature of the street renaming or co-naming on the official city website.

b. Such information shall be made available on the website within ninety days of the enactment of the local law which renamed or co-named the street.

§3. This local law shall take effect immediately upon its enactment into law and shall only be required for streets renamed or co-named after its enactment.

Referred to the Committee on Technology in Government.

Int. No. 56

By Council Members Brewer, Gonzalez, Martinez and Weprin.

A Local Law to amend the administrative code of the City of New York, in relation to street numbers.

Be it enacted by the Council as follows:

Section 1. Section 3-505 of chapter five of title three of the administrative code of the City of New York is amended as follows:

§3-505 Street numbers. a. Requirements. The owner, agent, lessee or other person in charge of any building in the city upon a street to which street numbers of buildings have been assigned by the president of the borough in which such building is situated, shall cause the proper street number or numbers of such buildings to be displayed in such manner that the street number or numbers may at all times be plainly legible from the sidewalk in front of such building. The term "front" as used in this section shall be construed to mean [that] *those* side *or sides* of the building [which faces] *that (i) contain any principal entrance or entrances to such building primarily and expressly utilized for day-to-day pedestrian ingress and egress, and (ii) face* the street on which the number or numbers of such building, or premises on which such building is situated, have been allotted. The number or numbers shall be displayed on such side *or sides* of such building or premises. Each borough president shall have the power to establish and enforce rules and regulations relating to the size, form, visibility and location of street numbers in accordance with the requirements of this section.

b. Violations. If the owner, lessee, agent or other person in charge of any building in the city upon a street to which street numbers of buildings have been assigned by the president of the borough in which such building is situated shall fail to display the proper street number of such building, as provided in the foregoing subdivision, the president of the borough in which such building is situated shall forthwith serve such person or persons with a copy of this section, and if after thirty days' notice the owner, lessee, agent or other person in charge of such building shall fail or neglect to comply with the provisions thereof, he or she shall be subject to a penalty of [twenty-five] *two-hundred and fifty* dollars, which shall be sued for and collected in the name of the city. Any person who shall continue any such offense shall pay an additional sum of [five] *fifty* dollars for each day such offense shall continue.

§ 2. This local law shall take effect immediately.

Referred to the Committee on Housing and Buildings.

Int. No. 57

By Council Members Brewer, Clarke, Foster, Gentile, Gerson, Gonzalez, James, Mark-Viverito, Martinez, Mendez, Nelson, Palma, Sanders, Weprin and White.

A Local Law to amend the administrative code of the city of New York, in relation to the sale of reconditioned mattresses and to the creation of a Bed Bug Task Force.

Be it enacted by the Council as follows:

Section 1. Legislative findings and declaration. Sometimes referred to as "red coats," "chinches," or "mahogany flats," bed bugs, *Cimex lectularius* Linnaeus, are blood-feeding parasites of humans, chickens, bats and occasionally domesticated animals. Bed bugs are wingless and use clothing, luggage, furniture and bedding that are being transported to spread from infested to non-infested areas. In the early stages of infestation, bed bugs are found mainly in the tufts, seems and folds of the mattress and bed covers. However, they later spread to cracks and crevices in the bedsteads.

According to the Department of Health and Mental Hygiene ("DOHMH"), bed bugs often seek refuge in bedding during the day and feed on the occupants at night. Bed bugs feed primarily on humans by piercing the skin as they sleep. Although bed bugs are not generally considered human disease carriers, they inject a fluid to assist in drawing blood, which results in a welt that becomes irritated, inflamed and uncomfortable. A bed bug will then crawl back into hiding, where it may remain for 80 to 140 days before returning to feed.

Bed bug infestations had diminished substantially after the development and use of modern insecticides, such as DDT. However, pest management professionals have noticed a marked increase in bed bug related complaints since 1995. Experts believe this may be related to the increased number of U.S. citizens traveling and returning from abroad with these insects hiding in their suitcases and clothing.

According to the DOHMH, the use of appropriate pesticides and the thorough cleaning of all bedding with water at extremely high temperature may help reduce the chance of infestation. However, even with professional extermination, a bed bug problem may be impossible to eliminate. If even one adult female bed bug survives, the area may quickly become infested again as the adult female lays one to five eggs every day and each egg takes only 17 to 28 days to hatch.

In order to address this public health concern, and minimize the spread of bed bugs, the Council believes it should be illegal to sell used or reconditioned mattresses.

Additionally, the Council believes the City should create a task force to examine the Cimex lectularius population, describe associated health concerns and issue recommendations and proposed legislation for addressing such health concerns

§ 2. Chapter 4 of title 20 of the administrative code of the city of New York is hereby amended by the addition of a new subchapter 13, to read as follows:

SUBCHAPTER 13

RECONDITIONED MATTRESSES

§20-699.7 Definitions.

§20-699.8 Sale of reconditioned mattresses prohibited.

§20-699.9 Enforcement.

§20-699.10 Penalty.

§20-699.7 Definitions. "Reconditioned mattress" shall mean any fabric case filled with cotton, hair, feathers, foam rubber, water, an arrangement of coiled springs or otherwise, used either alone as a bed or on a bedstead that had been previously sold as new and subsequently restored to good condition for the purpose of resale.

§20-699.8 Sale of reconditioned mattresses prohibited. It shall be unlawful for any person, corporation, firm or partnership to sell a reconditioned mattress.

§20-699.9 Enforcement. The commissioner of the department of consumer affairs shall have the authority to promulgate rules and regulations for the implementation and enforcement of this subchapter.

§20-690.10 Penalty. Any person, corporation, firm or partnership who shall violate the provisions of this subchapter, or rules and regulations promulgated hereunder, shall be subject to a civil penalty of not less than two hundred fifty dollars nor more than one thousand dollars for each violation.

§3. Title 17 of the administrative code of the city of New York is hereby amended by adding a new chapter 10, to read as follows:

CHAPTER 10

CIMEX LECTULARIUS TASK FORCE

§17-1000 Task force.

§17-1000 Task force. a. There shall be a task force to study the health concerns associated with Cimex lectularius, commonly referred to as the bed bug. The task force shall consist of five members. Two members shall be appointed by the mayor, provided that at least one such member shall have experience in insect control; two members shall be appointed by the speaker of the council, provided that at least one such member shall have experience in insect control; and one member, who shall be the chairperson, shall be appointed by the mayor after consultation with the speaker. Additionally, the commissioners of the department of health and mental hygiene, the department of consumer affairs and the department of sanitation, or the designees of such commissioners, shall serve ex officio.

b. The service of each member, other than a member serving in an ex officio capacity, shall serve for a term of one year, to commence ninety days after the effective date of the local law. Any vacancies in the membership of the task force shall be filled in the same manner as the original appointment. A person filling such vacancy shall serve for the unexpired portion of the term of the succeeded member.

c. The commissioners of the department of health and mental hygiene, the department of consumer affairs and the department of sanitation and their respective staffs shall assist the task force in carrying out its duties.

d. No member of the task force shall be removed from office except for cause and upon notice and hearing by the appropriate appointing official.

e. Members of the task force shall serve without compensation and shall meet as necessary.

f. The task force shall issue a report to the mayor and council no later than one year after the effective date of this legislation. Such report shall include a study of the Cimex lectularius population in the city, describing changes in its demographics and any new or ongoing health concerns associated with such Cimex lectularius population. The report shall include recommendations for controlling and eradicating such Cimex lectularius population. The task force shall terminate three months after the publication of the report.

§4. Section 2 of this local law shall take effect 60 days after its enactment and Section 3 of this local law shall take effect immediately.

Referred to the Committee on Consumer Affairs.

Int. No. 58

By Council Members Brewer, Clarke, Gerson, Gonzalez, James, Koppell, Lappin, Martinez, Nelson, Sanders and Weprin.

A Local Law to amend the administrative code of the city of New York, in relation to requiring that businesses that use bicycle operators and delivery services that dispatch bicycle operators post signs at the place of employment detailing proper bicycle safety procedures.

Be it enacted by the Council as follows:

Section 1. Chapter 1 of Title 10 of the administrative code of the City of New York is amended by adding thereto a new section 10-157.1 to read as follows:

10-157.1 Signs and Posters with Bicycle Safety Procedures (a) Every person, firm, partnership, joint venture, association or corporation subject to the provisions of subdivision a of section 10-157 of this chapter shall post one or more signs or posters at the employment site detailing proper bicycle safety procedures and the responsibilities of every bicycle operator and one or more signs or posters detailing the responsibilities of businesses that utilize such bicycle operators pursuant to section 19-176 of this code and section 10-157 of this chapter and any rules promulgated pursuant thereto.

(b) Notwithstanding any provision of any law to the contrary, every sign or poster detailing the responsibilities of businesses utilizing bicycle operators shall include at a minimum the following information in English and Spanish, and where applicable, a third language predominantly spoken by bicycle operators utilized by that business that: (i) businesses must be identified on the bicycle by name and number; (ii) a bicycle operator must wear upper body apparel with the business' name and the bicycle operator's number; (iii) bicycle operators must carry and produce upon the demand of a police officer or any other law enforcement officer their identification card required by subdivision b of section 10-157 of the this chapter (iv) businesses must maintain a log book of all bicycle operators and trips; and (v) the owner of a business must file annual report pursuant to subdivision d of section 10-157 of the administrative code.

(c) Notwithstanding any provisions of law to the contrary, and while all rules of the city of New York apply to bicycle operators, every sign or poster detailing proper bicycle safety procedures and the responsibilities of bicycle operators must specify at a minimum the following information in English and Spanish, and where applicable, a third language predominantly spoken by bicycle operators utilized by that business that: (i) the provisions of the New York City traffic rules and regulations that are applicable to the operation of bicycles; (ii) bicycle operators are prohibited from riding bicycles on sidewalks (iii) bicycle operators must have at least one hand on a steering device or handlebars at all times; (v) bicycle operators involved in accidents resulting in death or injury to person or damage to property must stop and make a report to the police department; (vi) bicycle operators are prohibited on expressways, drives, highways, interstate routes and thruways unless authorized by signs; (vii) bicycle operators must use designated lanes pursuant to the rules of the city of New; and (viii) bicycle operators may ride on either side of a forty-foot wide one-way roadway.

(d) *Notwithstanding any other provision of law to the contrary, a separate civil penalty of three hundred dollars shall be imposed for a violation of subdivision a, b, or c of this section.*

§2. This local law shall take effect sixty days after its enactment into law.

Referred to the Committee on Transportation.

Int. No. 59

By Council Members Brewer, Gerson, Koppell, Mark-Viverito, Martinez, Recchia, Vallone Jr. and Weprin.

A Local Law to amend the administrative code of the city of New York, in relation to audible pedestrian signals.

Be it enacted by the Council as follows:

Section 1. Subchapter 3 of chapter 1 of title 19 of the administrative code of the city of New York is amended by adding a new section 19-180 to read as follows:

§19-180. Audible pedestrian signaling program. (a) The department shall establish an audible pedestrian signaling program. In addition to intersections that are included in any existing audible pedestrian signaling program, the department shall select no fewer than ten intersections at which visual signaling devices are present for inclusion in the program. Intersections selected for inclusion in the program shall include, but not be limited to, those with greater than average pedestrian and vehicular traffic and those most likely to be used by persons with visual impairments. At each of the selected intersections, every crosswalk with a visual signaling device that indicates when it is safe for pedestrians to cross the street shall also include an audible pedestrian signal.

(b) The audible indication that it is safe for pedestrians to cross the street shall be by tone or voice. The tone shall consist of multiple frequencies with a dominant component at 880 Hz with a duration of 0.15 seconds and shall repeat at intervals of 0.15 seconds. The tone or voice volume shall be measured at a distance of thirty-six inches from the pedestrian signal device and shall be 2 dB minimum and 5 dB maximum above the ambient noise level and shall be responsive to ambient noise level changes.

(c) The department shall have at least ten of the additional intersections required by subdivision a of this section chosen for inclusion in the program fully equipped and operational with audible pedestrian signals no later than one hundred and eighty days following the effective date of this section. No later than one hundred and eighty days following the effective date of this section the department shall submit a written report to the council and the mayor analyzing any existing audible pedestrian signaling program, making any recommendations regarding how the program could be improved and detailing the locations and reasons why each of the additional intersections was added to the program. Within one year of the effective date of this section the department shall submit to the council and the mayor a written report analyzing the expanded audible pedestrian signaling program which shall include, but not be limited to, a detailed assessment of all facets of the program, recommendations for improvements to such program, availability of new technology that may be employed by the department for use in such program and any additional locations in the city that may warrant expansion of such program.

§2. This local law shall take effect immediately after it is enacted into law.

Referred to the Committee on Transportation.

Int. No. 60

By Council Members Brewer, Addabbo Jr., Fidler, Foster, Gentile, James, Koppell, Mark-Viverito, Martinez, Mendez, Nelson, Recchia and Weprin.

A Local Law to amend the New York City Charter in relation to notification of community boards of changes of regulations relating to traffic.

Be it enacted by the Council as follows:

Section one. Paragraph (2) of subdivision a of section 2903 of chapter 71 of the New York city charter is hereby amended to read as follows:

(2) establish, determine, control, install and maintain, the design, type, size and location of any and all signs, signals, marking, and similar devices indicating the names of the streets and other public place and for guiding, directing or otherwise regulating and controlling vehicular and pedestrian traffic in the streets, squares, parks, parkways, highways, roads, alleys, marginal streets, bridges and other public ways of the city; *except that where there are any changes in traffic patterns, parking regulations or in the installation or removal of parking meters there must be prior consultation with the community boards; in such instances, the commissioner must notify boards in writing thirty days before any change is effected and grant an extra thirty days for the calling of public hearings at the request of the board.*

§2. This local law shall take effect immediately.

Referred to the Committee on Transportation.

Res. No. 46

Resolution calling upon the legislature of the State of New York to amend Section 811 of the New York State General Municipal Law to authorize the Conflicts of Interest Board to modify the scope of the New York City financial disclosure form.

By Council Members Brewer, James and Mendez

Whereas, Public service is a public trust and a strong ethics program promotes both the reality and the perception of integrity in City government by seeking to prevent conflicts of interest before they occur; and

Whereas, The effectiveness of ethics laws rests largely upon the efficacy of the agency enforcing them; and

Whereas, The City of New York enacted conflicts of interest provisions almost 200 years ago, established an ethics board in 1959, and in 1989 significantly increased that board's responsibilities, renaming it the Conflicts of Interest Board; and

Whereas, New York City is the largest city in the state, with over 300,000 public servants subject to its conflicts of interest law and with a budget greater than that of all but a handful of governments in the country; and

Whereas, New York City requires an independent conflicts of interest board with the power and resources to administer, investigate, and enforce the New York City conflicts of interest law and the related financial disclosure law; and

Whereas, New York State mandates that the City of New York have a financial disclosure form for approximately 8,000 of its public servants that is at least as stringent in scope and substance as the state financial disclosure form; and

Whereas, That financial disclosure form bears little relation to the City's conflicts of interest law and thus reveals few conflicts of interest; and

Whereas, That form has proven to be too intrusive for many filers, particularly for members of boards and commissions, and has discouraged highly qualified persons from serving on such bodies; and

Whereas, The Board should therefore be authorized to modify the scope of the financial disclosure form for the City of New York, thereby permitting the Board to adopt a two-tiered system of disclosure similar to that in the federal government; now, therefore, be it

Resolved that the Council of the City of New York calls upon the legislature of the State of New York to amend Section 811 of the New York State General Municipal Law to authorize the Conflicts of Interest Board to modify the scope of the New York City financial disclosure form.

Referred to the Committee on Standards and Ethics.

Res. No. 47

Resolution calling upon New York State to conduct and fund an annual study showing how much tax revenue is generated by residents and workers in each county or city and subsequently sent to the State Government, and how much each county or city receives from the State in the form of state aid, with an explanation for each discrepancy in the cases in which counties or cities receive less in state aid than they produce for the State in tax revenues together with a plan for correcting such discrepancies.

By Council Members Brewer, Addabbo Jr., Dickens, Foster, Gentile, James, Koppell, Mark-Viverito, Mendez, Nelson and White.

Whereas, New York's Senator Moynihan was responsible for the production of an annual report known as "Fisc," which showed the balance of payments between the federal government and each of the 50 states, and his final report in 2000 showed that New York State sent $16.2 billion more to the federal government than it got back in aid from the federal government; and

Whereas, A similar balance of payments situation appears to exist between New York City and New York State, leading to a situation in which City residents and those who earn their livings in the City generate approximately $3.5 billion more in revenue for the State than the City receives back in the form of State aid; and

Whereas, This inequity was confirmed by the Center for Governmental Research, which analyzed the creation of personal income tax revenue both in terms of workers' place of employment and their place of residence, and found that under either analysis, New York City contributes a share of revenue that is larger than its share of expenditures; when assessed in terms of the workers' location of employment, the City sends the State nearly $5 billion more than it receives in expenditures; and

Whereas, This situation is highlighted in certain significant examples: the City contains nearly 84 percent of the State's fare-paying transit riders but receives only 63 percent of the State's transit funds; and the City contributes 50 percent of the funds for the state's Environmental Bond Act but receives only 12 percent of the proceeds for use in the City; and

Whereas, New York City has been referred to as the "engine" of the State as well as the State's "golden goose," with some economists contending that it is the City that makes New York State one of the most affluent in the nation and that without the City, New York State could become one of the nation's poorest states; and

Whereas, As a result of the huge discrepancy between the revenues generated by the City and the spending by the State on the City, New York City Council Member Peter F. Vallone, Jr. introduced legislation in recent years to allow New York City residents to vote to determine their desire to secede from the State, a determination which, if ever effectuated would doubtlessly result in more harm than good to the remainder of New York State; and

Whereas, It would appear to be in the best interest of both the City and the State to conduct a study to determine if such discrepancies exist, the size of such discrepancies and the areas in which such discrepancies are most significant, together with a plan to address such discrepancies by such means as tax relief, increased aid, a reworking of various aid formulas, or some combination of these approaches; and

Whereas, Such a study should mimic the approach undertaken by the Center for Governmental Research and include an analysis based on workers' place of employment as the location where revenues are generated; now, therefore, be it

Resolved, That the Council of the City of New York calls upon New York State to conduct and fund an annual study showing how much tax revenue is generated by residents and workers in each county or city and subsequently sent to the State Government, and how much each county or city receives from the State in the form of state aid, with an explanation for each discrepancy in the cases in which counties or cities receive less in state aid than they produce for the State in tax revenues together with a plan for correcting such discrepancies.

Referred to the Committee on State and Federal Legislation.

Res. No. 48

Resolution calling upon the New York State Legislature to adopt legislation authorizing counties and cities to collect unused prescriptions from nursing homes, wholesalers and manufacturers, and redistribute them to the low-income uninsured in order to reduce waste while helping the poor obtain low-cost medicines.

By Council Members Brewer, Dickens, James, Mark-Viverito, Mendez, Nelson, Sanders and Weprin.

Whereas, According to the Kaiser Family Foundation (KFF), almost 25 percent of Americans under age 65 have no prescription drug coverage; and

Whereas, Rising prescription drug costs increasingly put necessary pharmaceutical therapies beyond the reach of many New York's residents; and

Whereas, A May 18, 2005 *New York Times* article indicated that a study published in the Journal of Family Medicine in 2001 estimated that $1 billion a year in drugs prescribed to the elderly are thrown away; and

Whereas, According to the *New York Times* article, although the Food and Drug Administration generally forbids the redistribution of prescription drugs once they are dispensed to consumers, states are allowed to establish their own policies for drugs controlled by long-term facilities, nursing homes, and other pharmacies; and

Whereas, Several states, including California, have passed legislation which allows counties, through local ordinances, to establish a repository and distribution program for the purpose of distributing surplus unused medications, donated by specific entities, to persons in need of assistance; and

Whereas, According to advocates of this legislation, including a team of medical students from Stanford University, such legislation could reduce waste as well as assist low-income patients receive much needed medications; now, therefore, be it

Resolved, That the Council of the City of New York calls upon the New York State Legislature to adopt legislation authorizing counties and cities to collect unused prescriptions from nursing homes, wholesalers and manufacturers, and redistribute them to the low-income uninsured in order to reduce waste while helping the poor obtain low-cost medicines.

Referred to the Committee on Health.

Res. No. 49

Resolution repudiating remarks made by Hot 97/WQHT-FM deejay Tarsha Nicole Jones.

By Council Members Clarke, Foster, James, Koppell, Mark-Viverito, Mendez, Nelson, Palma, Sanders, Stewart and Weprin.

Whereas, On the morning of Wednesday, December 20th 2005, Tarsha Nicole Jones, using the pseudonym "Miss Jones," made disparaging remarks about Transit Workers Union Local 100 President Roger Toussaint during the "Miss Jones in The Morning" radio program on Hot 97/WQHT-FM; and

Whereas, Tarsha Jones reportedly referred to Roger Toussaint as "a dumb coconut who probably doesn't have a green card," and performed an insulting skit depicting Mr. Toussaint being arrested and deported; and

Whereas, Roger Toussaint immigrated to the United States from Trinidad in 1974 and is one of an estimated 600,000 Caribbean-Americans living in New York who make up a vibrant community that has contributed much to the City's cultural and economic life; and

Whereas, Tarsha Jones demonstrated a similar insensitivity in January of 2005, when her morning show aired an outrageous parody of the South Asian tsunami disaster, entitled "The Tsunami Song," which included racial epithets; and

Whereas, After protest from Asian-American community leaders who called for her dismissal, Hot 97/WQHT-FM suspended Tarsha Jones and fired her producer; and

Whereas, Tarsha Jones' "Tsunami song" and her insensitive comments about Roger Toussaint demonstrate a clear pattern of irresponsibility; and

Whereas, Tarsha Jones' recent behavior indicates her continued inability to use the public airwaves in a responsible manner; now, therefore, be it

Resolved, That the Council of the City of New York repudiates remarks made by Hot 97/WQHT-FM deejay Tarsha Nicole Jones.

Referred to the Committee on Cultural Affairs, Libraries & International Intergroup Relations.

Res. No. 50

Resolution honoring the life and achievements of feminist author Betty Friedan.

By Council Members Clarke, Dickens, Fidler, Foster, James, Koppell, Lappin, Mark-Viverito, Mendez, Recchia, Sanders, Sears, Weprin, White and Yassky.

Whereas, Betty Friedan was born Bettye Naomi Goldstein in Peoria, Illinois on February 4, 1921; and

Whereas, In 1938, Ms. Friedan graduated high school as class valedictorian; and

Whereas, Ms. Friedan attended Smith College, where she edited a campus newspaper and graduated summa cum laude in 1942; and

Whereas, After graduation, Ms. Friedan received a research fellowship to study psychology at the University of California at Berkeley; and

Whereas, Ms. Friedan left Berkeley to work as a journalist in New York City; and

Whereas, Ms. Friedan married in 1947, and during the next ten years, gave birth to three children, Daniel, Jonathan and Emily; and

Whereas, Ms. Freidan wrote freelance magazine articles and researched the role that American society assigned to women while raising her children; and

Whereas, At a 15 year college reunion, Ms. Friedan conducted interviews with some fellow Smith College graduates, many of whom had become suburban homemakers and mothers; and

Whereas, These interviews gave birth to Ms. Friedan's 1963 book, The Feminist Mystique, widely regarded as the catalyst for the modern women's movement; and

Whereas, The Feminist Mystique not only sparked the modern feminist movement, but also gave a voice to untold numbers of women, providing them with hope and courage to change their lives for the better; and

Whereas, In 1966, Ms. Friedan helped found the National Organization for Women (NOW), and served as its president for its first three years; and

Whereas, NOW's founding statement demanded full equality for women in American society and, under Ms. Friedan's leadership, led the fight for the passage of the Equal Rights Amendment; and

Whereas, In 1970, on the 50th anniversary of women's suffrage, Ms. Friedan led the National Women's Strike for Equality; and

Whereas, In 1972, Ms. Friedan along with Bella Abzug, Shirley Chisholm and Gloria Steinem, formed the National Women's Political Caucus; and

Whereas, For many years thereafter, Ms. Freidan was a tireless advocate for equality, and spent much time lecturing and teaching at various educational institutions across the country, including at Cornell University, where she started the world's first department in women's studies; and

Whereas, Betty Freidan was a great author, philosopher, educator and leader, whose intellect and spirit improved the lives of generations of women; and

Whereas, On February 4, 2006, her 85th birthday, Betty Friedan died in her Washington home; and

Whereas, Ms. Freidan will long be remembered not only as a mother, grandmother, friend, philosopher, author, educator and leader of the feminist movement, but also as a woman who helped change the course of the 20th century; now, therefore, be it

Resolved, That the New York City Council honors the life and achievements of feminist author Betty Friedan.

Referred to the Committee on Cultural Affairs, Libraries & International Intergroup Relations.

Res. No. 51

Resolution commemorating the life and mourning the death of singer Lou Rawls.

By Council Members Clarke, Dickens, Fidler, Foster, James, Koppell, Mendez, Recchia, Sanders, Weprin, White and Yassky.

Whereas, Lou Rawls, the legendary singer and entertainer, died on January 6, 2006 at the age of 72; and

Whereas, This remarkable and beloved performer's versatile and unmistakable voice and impressive four octave vocal range influenced an amazing range of musical genres, from gospel and blues to jazz, soul, pop and R&B over a career spanning nearly five decades; and

Whereas, Lou Rawls, born Louis Allen Rawls in Chicago, Illinois on December 1, 1933, was only seven years old when he began singing in the choir of the Greater Mount Olive Baptist Church; and

Whereas, During his early years Lou Rawls was influenced by jazz and R&B legends such as Billy Eckstine, Arthur Prysock, Joe Williams and Sam Cooke, his friend and classmate at Dunbar Tech High School; and

Whereas, Lou Rawls joined the Teenage Kings of Harmony with Sam Cooke, as well as the Highway QC's before traveling with the Chosen Gospel Singers to Los Angeles, where he made his first recording in 1954 and subsequently joined the gospel group the Pilgrim Travelers; and

Whereas, According to his official biography, Lou Rawls enlisted as a paratrooper in the United States Army in 1956 and served for three years in the 82nd Airborne Division, rising to the rank of Sergeant; and

Whereas, After his service in the United States Army, Lou Rawls returned to Los Angeles and re-joined the Pilgrim Travelers as a lead singer; and

Whereas, In 1959, Lou Rawls was signed by Capitol Records, where his solo debut "I'd Rather Drink Muddy Water" would lead to more than twenty albums on the Capitol label in less than ten years; and

Whereas, Lou Rawls' 1966 single "Love Is a Hurtin' Thing" shot to No. 1 on the Billboard R&B chart and in 1976, Lou Rawls recorded his biggest hit, "You'll Never Find (Another Love Like Mine)," with the record label Philadelphia

International, again topping the Billboard R&B charts and selling more than one million copies; and

Whereas, In 2003, Lou Rawls released his final and critically acclaimed album, entitled "Rawls Sings Sinatra," in the fifth decade of his remarkable recording career; and

Whereas, Over his entire career Lou Rawls would win three Grammy Awards, earn thirteen Grammy nominations, and release one platinum album, five gold albums and one gold single; and

Whereas, Lou Rawls also acted in more than twenty films, including the Oscar winning "Leaving Las Vegas," as well as many television series and theatre productions, such as "Lou Rawls on Broadway" and "Smokey Joe's Café;" and

Whereas, Additionally, Lou Rawls' famous voice is familiar to millions of children through such popular cartoons as "Garfield," "Hey Arnold!" and "The Rugrats;" and

Whereas, As a committed philanthropist dedicated to leveraging the success of his extraordinary career to help others, in 1980 Lou Rawls began the Lou Rawls Parade of Stars Telethon, a yearly event that has raised more than $200 million for the United Negro College Fund, and performed concerts for American military personnel around the world with the support of Anheuser Busch Companies, for which Lou Rawls served as a spokesperson; and

Whereas, Lou Rawls will be warmly remembered for his extraordinary vocal achievements and his contributions to America's rich musical and cultural heritage, as well as for his dedication to philanthropy; now, therefore, be it

Resolved, That the Council of the City of New York commemorates the life and mourns the death of Lou Rawls.

Referred to the Committee on Cultural Affairs, Libraries & International Intergroup Relations.

Int. No. 61

By Council Members DeBlasio, Clarke, Foster, James, Koppell, Martinez, Mendez, Palma, Sanders, Stewart, White and Yassky.

A Local Law to amend the administrative code of the city of New York, in relation to prohibiting landlords from discriminating against tenants based on lawful source of income.

Be it enacted by the Council as follows:

Section 1. Legislative Intent. The Council hereby finds that some landlords refuse to offer available units because of the source of income tenants plan to use to pay the rent. In particular, studies have shown that landlords discriminate against holders of section 8 vouchers solely because of prejudices they hold about voucher holders. This bill would make it illegal to discriminate on that basis.

§2. Section 8-102 of the administrative code of the city of New York, as last amended by local law 75 for the year 2003, is amended by adding a new subdivision 24 to read as follows:

24. The term "lawful source of income" shall mean income derived from social security, or any form of federal, state or local public assistance or housing assistance including section 8 vouchers.

§3. Subparagraphs 1, 2 and 3 of paragraph a of subdivision 5 of section 8-107 of the administrative code of the city of New York, as last amended by local law number 27 for the year 1998, are amended to read as follows:

(1) To refuse to sell, rent, lease, approve the sale, rental or lease or otherwise deny to or withhold from any person or group of persons such a housing accommodation or an interest therein because of the actual or perceived race, creed, color, national origin, gender, age, disability, sexual orientation, marital status or alienage or citizenship status of such person or persons, *or based on any lawful source of income,* or because children are, may be or would be residing with such person or persons.

(2) To discriminate against any person because of such person's actual or perceived race, creed, color, national origin, gender, age, disability, sexual orientation, marital status or alienage or citizenship status, *or based on any lawful source of income,* or because children are, may be or would be residing with such person, in the terms, conditions or privileges of the sale, rental or lease of any such housing accommodation or an interest therein or in the furnishings of facilities or services in connection therewith.

(3) To declare, print or circulate or cause to be declared, printed or circulated any statement, advertisement or publication, or to use any form of application for the purchase, rental or lease of such a housing accommodation or an interest therein or to make any record or inquiry in conjunction with the prospective purchase, rental or lease of such a housing accommodation or an interest therein which expresses, directly or indirectly, any limitation, specification or discrimination as to race, creed, color, national origin, gender, age, disability, sexual orientation, martial status or alienage or citizenship status, *or based on any lawful source of income,* or whether children are, may be, or would be residing with a person, or any intent to make such limitation, specification or discrimination.

§4. Subparagraphs 1, 2 and 3 of paragraph c of subdivision 5 of section 8-107 of the administrative code of the city of New York, as last amended by local law number 27 for the year 1998, are amended as follows:

(1) To refuse to sell, rent, or lease any housing accommodation, land or commercial space or an interest therein to any person or group of persons or to refuse to negotiate for the sale, rental or lease, of any housing accommodation, land or commercial space or an interest therein to any person or group of persons because of the actual or perceived race, creed, color, national origin, gender, age, disability, sexual orientation, marital status or alienage or citizenship status of such person or persons, *or based on any lawful source of income,* or because children are, may be or would be residing with such person or persons, or to represent that any housing accommodation, land or commercial space or an interest therein is not available for inspection, sale, rental or lease when in fact it is so available, or otherwise to deny or withhold any housing accommodation, land or commercial space or an interest therein or any facilities of any housing accommodation, land or commercial space or an interest therein from any person or group of persons because of the actual or perceived race, creed, color, national origin, gender, age, disability, sexual orientation, martial status or alienage or citizenship status of such person or persons, *or based on any lawful source of income,* or because children are, may be or would be residing with such person or persons.

(2) To declare, print or circulate or cause to be declared, printed or circulated any statement, advertisement or publication, or to use any form of application for the purchase, rental or lease of any housing accommodation, land or commercial space or an interest therein or to make any record or inquiry in connection with the prospective purchase, rental or lease of any housing accommodation, land or commercial space or an interest therein which expresses, directly or indirectly, any limitation, specification or discrimination as to race, creed, color, national origin, gender, age, disability, sexual orientation, marital status or alienage or citizenship status, *or based on any lawful source of income,* or to whether children are, may be or would be residing with a person, or any intent to make such limitation, specification or discrimination.

(3) To induce or attempt to induce any person to sell or rent any housing accommodation, land or commercial space or an interest therein by representations, explicit or implicit, regarding the entry or prospective entry into the neighborhood or area of a person or persons of any race, creed, color, gender, age, disability, sexual orientation, marital status, national origin, alienage or citizenship status, *or based on any lawful source of income,* or a person or persons with whom children are, may be or would be residing.

§5. This local law shall take effect immediately upon its enactment into law.

Referred to the Committee on General Welfare.

Int. No. 62

By Council Members Dilan, Fidler, Gentile, Gonzalez, James, Martinez, Nelson, Recchia and Stewart.

A Local Law to amend the administrative code of the city of New York in relation to the duties of assessors in assessing real property.

Be it enacted by the Council as follows:

Section 1. Section 11-207 of the administrative code of the city of New York is amended to read as follows:

§11-207 Duties of assessors in assessing property. a. In performing their assessment duties, the assessors shall personally examine each parcel of taxable real estate [during at least every third assessment cycle] *every year*, and shall personally examine each parcel of real estate that is not taxable during at least every fifth assessment cycle, as measured from the last preceding assessment cycle during which such parcel was personally examined. Notwithstanding anything in the preceding sentence to the contrary, the assessors shall revalue, reassess or update the assessment of each parcel of taxable or nontaxable real estate during each assessment cycle, irrespective of whether such parcel was personally examined during each assessment cycle.

b. The [persons] *assessors* having [charge of the borough assessment offices] *been assigned valuation and/or exemption responsibilities* shall furnish to the commissioner of finance, under oath, a detailed statement of all taxable real estate in the city. Such statement shall contain the street, the section [or ward], *volume*, the block and lot and map or identification numbers of such real estate [embraced within such district] *assigned to the assessor*; the sum for which, in their judgment, each separately assessed parcel of real estate would sell under ordinary circumstances if it were wholly unimproved and, separately stated, the sum for which the same parcel would sell under ordinary circumstances with the improvements, if any, thereon, such sums to be determined with regard to the limitations contained in the state real property tax law, *and the exemptions that affect the taxable value of each parcel.* [Such] *The assessors shall include in* such statement [shall include] such other information as the commissioner of finance may, from time to time, require.

c. Only certified assessors may furnish under oath any statements to the commissioner of finance.

§2. This local law shall take effect immediately and shall apply to assessment rolls prepared on the basis of a taxable status date occurring on or after January 1, 2007.

Referred to the Committee on Finance.

Int. No. 63

By Council Members Foster, Clarke, Fidler, Gonzalez, James, Mark-Viverito, Mendez and Palma.

A Local Law to amend the administrative code of the city of New York, in relation to creating community advisory councils for city shelters and special needs housing.

Be it enacted by the Council as follows:

Section 1. Chapter three of title 21 of the administrative code of the city of New York is hereby amended by adding a new section 21-316 to read as follows:

§21-316. Community Advisory Councils.

a. Definitions. For purposes of this section, the following terms are defined as follows:

1. "Community advisory council" means a group of at least five and no more than 20 persons, established by a covered facility to discuss issues affecting the facility and advise the covered facility on how best to facilitate productive communication and collaboration between the covered facility and its residents and the local community.

2. "Covered agency" means the department of homeless services and the human resources administration.

3. "Covered facility" means (i) a residence operated by or on behalf of the department of homeless services; or (ii) an emergency residence operated by or on behalf of the department of social services/human resources administration which is available primarily for homeless persons with HIV or AIDS related illness.

b. Each covered agency shall require all covered facilities to establish and maintain a community advisory council.

c. In establishing a community advisory council, a covered facility will invite local non-profit social service providers, members of the business community, representatives of faith-based organizations, elected officials, community planning board members, covered facility residents and other concerned members of the community to participate.

d. At a minimum, community advisory councils established pursuant to this section will meet on a quarterly basis.

e. Within 45 days of the effective date of the local law that added this section, every covered facility operating at the time the local law that added this section takes effect shall submit a certification to the appropriate covered agency indicating that it will establish and maintain a community advisory council as required by this section. Within 45 days of commencing its activities, any covered facility that commences operations after the effective date of the local law that added this section will submit a certification to the appropriate covered agency indicating that it will establish and maintain a community advisory council as required by this section.

§2. This local law shall take effect 180 days after its enactment.

Referred to the Committee on General Welfare.

Res. No. 52

Resolution calling for the appointment of a special federal prosecutor to investigate alleged human rights violations, wrongful removals, and unconstitutional practices against children and their families by the New York City Administration for Children's Services and its contracted agencies, and to investigate the New York Family Court System for violation of the United States Court of Appeals ruling that "it is unconstitutional for the Administration for Children's Services to remove children from their parents' custody without a court order unless there is an imminent risk of harm."

By Council Members Foster, Clarke, Gonzalez, Mendez, Nelson, Sanders, Stewart and White.

Whereas, On October 13, 1999, the United States Court of Appeals ruled that "it is unconstitutional for the Administration for Children's Services to remove children from their parents' custody without a court order unless there is an imminent risk of harm"; and

Whereas, The National Action Network organized an "ACS Committee" in 1999 to assist parents who are not "financially, legally, or emotionally capable of dealing with the system" of the Administration for Children's Services in cases of removal of their children from their custody; and

Whereas, The National Action Network has conducted forums in which testimony was presented about widespread abuses by the Administration for Children's Services in removing children from their parents with insufficient cause; and

Whereas, The National Action Network believes that the New York Family Courts are not abiding by the 4th, 5th, 6th and 14th amendments to the Constitution in the removal of children from their homes without the necessary showing of imminent harm, and, therefore, believes that children improperly removed should be returned to their families; now, therefore, be it

Resolved, That a special federal prosecutor be appointed to investigate alleged human rights violations, wrongful removals, and unconstitutional practices against children and their families by the New York City Administration for Children's Services and its contracted agencies, and to investigate the New York Family Court System for violation of the United States Court of Appeals ruing that "it is unconstitutional for the Administration for Children's Services to remove children from their parents' custody without a court order unless there is an imminent risk of harm."

Referred to the Committee on General Welfare.

Res. No. 53

Resolution calling upon the Mayor and The New York City Department of Youth and Community Development to fund the Summer Youth Employment Program utilizing a formula based solely upon each boroughs' proportion of the City's total number of low income youth.

By Council Members Foster, Clarke, James, Mark-Viverito, Martinez, Mendez, Palma, Sanders and Stewart

Whereas, The Summer Youth Employment Program (SYEP) provides New York City youth, ages 14 to 21, with summer employment and educational experiences; and

Whereas, In the summer of 2005, SYEP was funded at $48.3 million, and 41,600 youth were enrolled in the program; and

Whereas, While DYCD stated in the 2004 Request for Proposal (RFP) for SYEP that greater consideration in the selection process will be given to SYEP proposers who recruit youth from areas of high unemployment within each borough, pursuant to the current formula, 50 percent of SYEP funding is allocated based on each borough's proportion of the City's total number of low income youth and 50 percent of such funding is allocated based on each borough's proportion of youth, regardless of income; and

Whereas, The current formula adversely impacts low income youth in a number of New York City communities; and

Whereas, According to the RFP, the Bronx, which has 25.46 percent of the City's low income youth, will receive 22.44 percent of total SYEP funding; Brooklyn, with 37.04 percent of the City's low income youth, will receive 35.73 percent of such funding; and Manhattan, with 17.28 percent of low income youth, will receive 15.28 percent of such funding; and

Whereas, On February 25, 2004, the Bronx Borough Board adopted a resolution calling upon DYCD to allocate SYEP funds based on the number of low-income youth in each borough, as opposed to the total number of youth in each borough; now, therefore, be it

Resolved, That the Council of the City of New York calls upon the Mayor and the New York City Department of Youth and Community Development to fund the Summer Youth Employment Program utilizing a formula based solely upon each boroughs' proportion of the City's total number of low income youth.

Referred to the Committee on Youth Services.

Res. No. 54

Resolution calling upon the appropriate committee of the Council to hold an oversight hearing regarding what actions are being taken by the New York City Department of Health and Mental Hygiene in order to address disparities in life expectancy between poor communities of color and wealthy communities in New York City.

By Council Members Foster, Clarke, Dickens, James, Mark-Viverito, Martinez, Mendez, Sanders, Weprin and Yassky

Whereas, On July 15, 2004, the New York City Department of Health and Mental Hygiene (DOHMH) released a report, entitled "Health Disparities in New York City" (the "Report"), which found that the life expectancy rate is eight years lower in poor and communities of color than in wealthy communities in New York City; and

Whereas, The Report found that residents of New York City's poorest neighborhoods consistently have higher mortality rates from almost all diseases, compared with residents of its wealthiest neighborhoods, and are more than three times as likely to die of diabetes, high blood pressure and liver disease, and more than six times as likely to die of AIDS; and

Whereas, The Report also found that residents of lower income neighborhoods were over 20 percent more likely to die a premature death; and

Whereas, DOHMH decided in January of 2003, to combat health and death rates disparities by establishing new district public health offices that work through already existing public health offices in order to better address such issues; and

Whereas, DOHMH's website notes that district public health offices are located in neighborhoods that have had persistent, across-the-board problems with community health, and work to reduce illness and death by bringing public health professionals closer to the community they serve; and

Whereas, A Daily News article from August 15, 2004, entitled "Doc steps up attack on health disparities," reported that the new Brooklyn public health office is working to reduce health disparities in Bushwick by establishing free exercise programs, distributing nicotine patches to smokers who want to quit, making home assessments for lead poisoning and asthma triggers, visiting new members, giving away literature and making presentations on the most pressing community health issues, and partnering with hundreds of community organizations; and

Whereas, It is essential that DOHMH expand its current programs to promote greater health equity in the City; now, therefore, be it

Resolved, That the Council of the City of New York calls upon the appropriate committee of the Council to hold an oversight hearing regarding what actions are being taken by the New York City Department of Health and Mental Hygiene in order to address disparities in life expectancy between poor communities of color and wealthy communities in New York City.

Referred to the Committee on Health.

Res. No. 55

Resolution calling upon the appropriate committee of the Council of the City of New York to hold hearings on the findings announced in the 2005 Report of Blacks In Government showing that minorities are underrepresented in management positions within the municipal workforce.

By Council Members Foster, Clarke, Dickens, James, Mark-Viverito, Martinez, Mendez, Sanders and Yassky

Whereas, The good government group known as Blacks In Government issued a report of its findings of a study of the city's municipal workforce, indicating that African-Americans, Latinos, and Asians are substantially underrepresented at the senior and executive level; and

Whereas, The report states that minorities represent more than 60% of the city's population, and approximately 57% of the city's municipal workforce; and

Whereas, Despite their substantial presence in New York City, minorities comprise a mere 19% of senior and executive members of the municipal workforce; and

Whereas, Whites represent about 40% of the workforce, yet occupy nearly 80% of all agency executive and senior personnel positions; and

Whereas, Disparities within the senior ranks of the workforce inevitably lead to salary disparities, as well; and

Whereas, Eighty-five percent of all municipal employees earning over $85,000 a year are White; and

Whereas, Over the last decade, there has been virtually no improvement in the number of African-Americans in senior or executive positions; and

Whereas, During that same period, Whites improved their representation in the senior ranks from 70% to 79%; and

Whereas, The United States Department of Justice has opened an investigation of the hiring practices in at least one city agency; and

Whereas, There may be multiple reasons for hiring disparities, including overt racism, as well as societal and institutional factors; and

Whereas, It is incumbent upon any just government that it represent and address the needs of all members of society; and

Whereas, Exclusion of any group from governmental policy and decision-making undermines the democratic process; now, therefore, be it

Resolved, That the appropriate Committee of the Council of the City of New York hold hearings on the findings announced in the 2005 Report of Blacks In Government showing that minorities are underrepresented in management positions within the municipal workforce.

Referred to the Committee on Civil Service and Labor.

Res. No. 56

Resolution calling upon the appropriate committee of the Council of the City of New York to conduct hearings on the findings of the October 15, 2004 Report of the National Institutes of Health, concluding that counseling programs for families and youth-at-risk are more effective in deterring adolescent violence than "get tough" programs, group detention facilities, treating juveniles as adults in the criminal justice system and adult lecturing programs.

By Council Members Foster, Clarke, James, Mendez and Sanders

Whereas, The National Institutes of Health, a branch of the U.S. Department of Health and Human Services, released a report on October 15, 2004 detailing the results of a study of the causes of youth violence and effective ways to prevent it; and

Whereas, That study determined that the most effective intervention methods include intensive counseling programs for families and youth-at-risk; and

Whereas, The report further determined that "get tough" programs, group detention centers, treating juveniles as adults in the criminal justice system and adult lecturing programs such as Drug Abuse Resistance Education (DARE) do not significantly deter criminal behavior; and

Whereas, These programs bring together youths already inclined to violent behavior who may share their criminally oriented aptitudes with one another; as the report notes, "the more sophisticated instruct the more naïve in precisely the behaviors that the intervener wished to prevent;" and

Whereas, The report finds that youth violence can be traced to a variety of conditions, including inconsistent or callous parenting, poor peer relations, gang involvement, lack of connection with school and violence in their neighborhoods; and

Whereas, The report cites two counseling programs: one a therapeutic plan in which youths and their families attend twelve, one-hour sessions over a period of three months, and a community based clinical treatment program focusing on violent and chronic juvenile offenders at risk of being removed from their families who attended approximately sixty hours of counseling over roughly four months with therapists available at all hours; and

Whereas, Juveniles attending counseling programs showed reduced arrest rates and decreased out-of-home placements, and continued to demonstrate positive effects four years after treatment; and

Whereas, A significant factor in the effectiveness of these counseling programs was that counselors observed families and youths together, offering suggestions for better parenting; now, therefore, be it

Resolved, That the appropriate committee of the Council of the City of New York conduct hearings on the findings of the October 15, 2004 Report of the National Institutes of Health, concluding that counseling programs for families and youth-at-risk are more effective in deterring adolescent violence than "get tough" programs, group detention facilities, treating juveniles as adults in the criminal justice system and adult lecturing programs.

Referred to the Committee on Youth Services.

Res. No. 57

Resolution calling upon the Mayor to declare an emergency health disaster in the Bronx and implement a plan of prevention and treatment as a result of the alarmingly high rates of HIV/AIDS, smoking, obesity, diabetes, mental disorders, teen pregnancy and child asthma in the Bronx.

By Council Members Foster, Clarke, Mark-Viverito, Martinez, Mendez and Sanders

Whereas, The New York City Department of Health and Mental Hygiene (DOHMH) Commissioner Thomas Frieden presented a report entitled, "The State of the Health of the Bronx and New York City (the "Report")," on January 30, 2003; and

Whereas, The Report demonstrated alarmingly high rates of HIV/AIDS, smoking, obesity, diabetes, mental disorders, teen pregnancy and asthma in the Bronx comparative to the overall rates of such incidences in New York City; and

Whereas, The rate of people living with HIV/AIDS in the Bronx was reported at 11.1 per 1,000 persons, compared to 9.2 for the City and 3.2 for the United States, with Crotona-Tremont, Hunts Point and Highbridge communities of the Bronx at 15.6, 17.0 and 17.0 per 1,000 persons, respectively; and

Whereas, The prevalence of smoking was reported at 25.3% of the population in the Bronx, compared to 23.3% in the City, with the South Bronx at a rate of 30.4%; and

Whereas, The percent of obesity among residents of the Bronx was reported at 21.8%, compared to 16.6% for the City; and

Whereas, The percent of Bronx residents diagnosed with diabetes was reported at 11.8%, compared to 7.9% for the City; and

Whereas, The rate of hospital admissions related to mental disorders per 10,000 persons was reported at 69.4 for the Bronx, compared to 66.5 for the City; and

Whereas, The teen pregnancy rates for 1996 to 2000 were significantly higher for the Bronx compared to the other boroughs; and

Whereas, The rate of child asthma hospitalizations in the Bronx was reported at 9.2 per 1,000 persons, compared to 6.1 for the City; now, therefore, be it

Resolved, That the Council of the City of New York calls upon the Mayor to declare an emergency health disaster in the Bronx and implement a plan of prevention and treatment as a result of the alarmingly high rates of HIV/AIDS, smoking, obesity, diabetes, mental disorders, teen pregnancy and child asthma in the Bronx.

Referred to the Committee on Health.

Res. No. 58

Resolution calling upon the Congress of the United States to hold fact-finding hearings to establish and define the bases and justifications for the government of the United States to pay reparations to African-American descendants of African ancestors who were held in slavery in this country, and its original colonies, between 1619 and 1865.

By Council Members Foster, Dickens, Mendez and Sanders.

Whereas, The United States government has never acknowledged or taken responsibility for its role in the enslavement of Africans and the promotion of white supremacy; and

Whereas, The experience of enslavement, segregation, and discrimination continues to limit the life choices and opportunities of African-Americans; and

Whereas, African-Americans have sought repeatedly to improve their educational status, economic condition, and living situation and have been held back by prejudice, lawless white violence and official indifference thereto; and

Whereas, African-Americans have sought repeatedly to obtain reparations in the courts of the United States and through appeals to its government ever since the de jure end of slavery and have been unjustly denied relief; and

Whereas, All Americans and the United States government have benefited enormously, and continue to benefit, from the unjust expropriation of uncompensated labor by enslaved Africans, the subordination and segregation of the descendants of the enslaved, as well as from discrimination against African-Americans; and

Whereas, The United States government has acknowledged and taken responsibility for its role in the unjust internment of Japanese-Americans during the second World War and has undertaken to pay reparations to the internees and their successors and to apologize for the unjust abrogation of their rights; and

Whereas, The principle that reparations is the appropriate remedy whenever a government unjustly abrogates the rights of a domestic group or foreign people whose rights such government is obligated to protect or uphold has been internationally recognized; and

Whereas, The United States government has acceded to and approved the above stated reparations principle on the basis of treaty obligations and through its numerous actions in support of reparations on behalf of Jewish survivors of the Holocaust and their successors; and

Whereas, Individual states of the United States have undertaken to pay reparations to portions of the African-American community within their jurisdictions who have suffered specific harm due to white violence and official inaction to prevent or correct such harm in a timely fashion or to punish the perpetrators; and

Whereas, The harms inflicted on the African-American community as a whole and the debt owed to African-Americans is subject to exact proof and quantification; now, therefore, be it

Resolved, That Council of the City of New York calls upon the Congress of the United States to hold fact-finding hearings to establish and define the bases and justifications for the government of the United States to pay reparations to African-American descendants of African ancestors who were held in slavery in this country, and its original colonies, between 1619 and 1865.

Referred to the Committee on Governmental Operations.

Res. No. 59

Resolution calling upon the United States Congress to support H.R.1184, sponsored by Congressman Barney Frank, which would repeal the 1998 amendments to the Higher Education Act of 1965 that bar students with previous drug convictions from receiving federal financial aid for college.

By Council Members Foster, James, Koppell, Mark-Viverito, Mendez and Sanders.

Whereas, The Higher Education Act of 1965 was signed into law by President Lyndon B. Johnson on November 8, 1965 in an effort to strengthen the nation's colleges and universities and provide financial assistance for students in postsecondary and higher education; and

Whereas, Additionally, the Higher Education Act of 1965 was enacted to help create higher education opportunities for lower and middle income families, provide program assistance to small and less developed colleges, expand and improve library resources at higher education institutions and utilize college and university resources to help deal with national issues, such as poverty and community development; and

Whereas, The Higher Education Act of 1965 was reauthorized in 1968, 1972, 1976, 1980, 1986, 1992 and 1998, at which time Congress amended the Act to include Section 484 subsection (r), a provision that took effect in 2000, barring students who have been convicted of any offenses under Federal or State law involving the possession of controlled substances from receiving federal financial aid for college for one year upon the first offense, two years for a second offense and indefinitely for a third offense; and

Whereas, Section 484 subsection (r) also sets forth stricter guidelines for the suspension of eligibility for students convicted of any Federal or State drug-related offenses involving the sale of a controlled substance by making such persons ineligible for federal financial for two years upon the first offense and indefinitely for a second offense; and

Whereas, According to the National Association for the Advancement of Colored People ("NAACP"), the 1998 amendments to the Higher Education Act of 1965 has primarily impacted students convicted of minor possession and nonviolent offenses, instead of the major drug dealers, as was the intent of the amendments; and

Whereas, According to the NAACP, the amendments have affected as many as 95,000 young men and women, a disproportionate number whom are of racial and ethnic minorities and come from families with total annual incomes of less than $30,000; and

Whereas, Furthermore, the NAACP notes that, although most of these students have already paid their debt to society, they continue to be unfairly and unnecessarily denied access to higher education, the attainment of which is the only sure way to end the cycle of drug addiction, crime, violence, poverty and incarceration; and

Whereas, The Higher Education Act of 1965 has been temporarily extended and is set to expire on March 31, 2006; and

Whereas, On March 9, 2005, Congressman Barney Frank introduced H.R. 1184, which would repeal Section 484 subsection (r), reverting to the previous method of allowing authorities to determine if financial aid should be withheld based on the severity of the crime; now, therefore, be it

Resolved, That the Council of the City of New York calls upon the United States Congress to support H.R. 1184, sponsored by Congressman Barney Frank, which would repeal the 1998 amendments to the Higher Education Act of 1965 that bar students with previous drug convictions from receiving federal financial aid for college.

Referred to the Committee on Higher Education.

Res. No. 60

Resolution calling upon the City Department of Transportation to immediately expand its Safe Routes to School program to every elementary school in New York City to prevent traffic injuries and deaths of children.

By Council Members Foster, Addabbo Jr., James, Martinez, Mendez, Nelson and Weprin

Whereas, According to the National Highway Traffic Safety Administration, in 2001, the number one cause of death and injury for New York City children aged 5 to 9 was being struck, as pedestrians, by vehicle drivers and, in that year, 188 of every 100,000 New York City children were victims of traffic accidents, as compared to 159 of every 100,000 New Yorkers 18 and over; and

Whereas, According to the Centers for Disease Control, children are particularly at risk for traffic-related injury because they are small and difficult to see, because they tend to dart into traffic and because they have not developed the skills and experience to safely navigate City streets or to judge vehicular speed and distance; and

Whereas, Traffic calming devises such as speed humps, speed tables, curb extensions, special street designs and more pedestrian friendly traffic signal timing help prevent traffic injuries and deaths of children; and

Whereas, Section 1642(26) of the New York State Vehicle and Traffic Law allows the New York City Department of Transportation ("DOT") to design streets for speeds as low as 15 mph through the use of traffic calming devices, and Section 1643 of such law permits DOT to establish speed limits as low as 15 mph within 1,320 feet of a school; and

Whereas, Commendably, DOT launched its Safe Routes to School program in February 2004 at 135 "priority schools"; and

Whereas, The Safe Routes to School program provides traffic calming mechanisms to prevent traffic injuries and deaths of children walking to and from school; and

Whereas, Although the immediate expansion of the Safe Routes to School program to every elementary school in New York City would further reduce traffic-related injuries and deaths of children, only 20% of the more than 600 elementary schools in the City are currently part of this program; and

Whereas, According to Transportation Alternatives, a non-profit group that supports bicycling, walking and public transit, school safety is more important than convenience to drivers, but, "In the past, school safety has taken a back seat to the convenience of drivers [and it] is time for the DOT to put safety first and expand the Safe Routes to School program to every elementary school in New York City"; now, therefore, be it

Resolved, That the Council of the City of New York calls upon the City Department of Transportation to immediately expand its Safe Routes to School program to every elementary school in New York City to prevent traffic injuries and deaths of children.

Referred to the Committee on Transportation.

Res. No. 61

Resolution calling upon the appropriate committee of the Council of the City of New York to hold hearings on the City's neglect of the repair, maintenance, cleanliness, and safety of the City's 93 stepstreets, and further, on the establishment of an inter-agency task force on stepstreets.

By Council Members Foster, James and Weprin

Whereas, The Department of Transportation has identified 93 stepstreets in the five boroughs and in recent years these streets have been neglected by City agencies in terms of repair, maintenance, and safety; and

Whereas, The Department of Transportation has primary responsibility for maintaining stepstreets which are of vital importance to the City in that they provide major access for the citizens of New York City, and are vital links to and from subway and bus lines, commercial and residential areas; and

Whereas, Stepstreets are historic, artistic, and engineering treasures of the City and should be maintained if for no other reason than to preserve this part of the City's history; and

Whereas, The steps are mapped as streets and City agencies such as Environmental Protection, Police, Transportation, and Parks and Recreation have the same obligation to provide these streets with daily attention as they do to other streets; and

Whereas, The adjacent sides of some stepstreets are mapped as sidewalks, and the adjacent owners are responsible for their maintenance, repair, and cleanliness, but little diligence has been shown by the many agencies responsible for enforcement of the City's law and regulations, consequently many property owners neglect these sidewalks; and

Whereas, Although there are no records that track the criminal conduct and illegal acts and behavior which take place on stepstreets, complaints to local officials and community boards are proliferating concerning problems like drug trafficking, littering and dumping; and

Whereas, The Board of Education has acknowledged that problems with safety and maintenance such as the failure to clear these streets of snow and ice has led them to be excluded from the walking routes used by the Board of Education to calculate how far a student lives from a school and whether the student is eligible for public transportation or should walk; and

Whereas, The Council has an oversight responsibility to determine if the City agencies such as Environmental Protection, Transportation, Police, Parks and Recreation are properly exercising their responsibility for law enforcement, repair, maintenance and cleanliness of stepstreets; now, therefore, be it

Resolved, That the appropriate committee of the Council of the City of New York hold hearings on the City's neglect of the repair, maintenance, cleanliness, and safety of the City's 93 stepstreets, and further, on the establishment of an inter-agency task force on stepstreets.

Referred to the Committee on Transportation.

Res. No. 62

Resolution calling on the State to simplify the enrollment and recertification process to end the practice of "churning" Medicaid managed care recipients, and thereby ensure access to consistent, long-term, preventive health care and achieve cost savings as intended by the system.

By Council Members Foster, James, Martinez, Mendez, Sanders and Stewart.

Whereas, The Medicaid managed care system in New York State has developed a pattern of enrollment and disenrollment, or "churning," of people administratively on and off of the Medicaid rolls; and

Whereas, A recent report of the United Hospital Fund, entitled "Medicaid Managed Care in New York: A Work in Progress" (the "Report"), found that complex enrollment and recertification requirements are the chief impediments to getting and keeping enrollees; and

Whereas, The Report found that Medicaid managed care plans have reported a turnover of almost half their members over the course of a year through involuntary disenrollment generally attributable to lost eligibility; and

Whereas, This "churning," or rapid turnover, of recipients is due to a variety of reasons, such as patients' failure to comply with paperwork requirements, local officials' continued improper enforcement, and recipients finding jobs or changing addresses without making sure that the paperwork follows them; and

Whereas, This "churning" has resulted in people losing consistent access to preventive care and early detection services, thereby negating both the medical benefits and the cost savings intended by the change of Medicaid from fee-for-service to the managed care model; and

Whereas, The rapid turnover of enrollees has also meant an expensive duplication of paperwork and laboratory tests; and

Whereas, The Report called for changes in the Medicaid managed care program, including making it easier for people to enroll and stay enrolled; now, therefore, be it

Resolved, That the Council of the City of New York calls upon the State to simplify the enrollment and recertification process to end the practice of "churning" Medicaid managed care recipients, and thereby ensure access to consistent, long-term, preventive health care and achieve cost savings as intended by the system.

Referred to the Committee on Health.

Res. No. 63

Resolution calling upon food manufacturers, wholesalers, retailers, government agencies and citizens to make donations of food and money to the Food For Survival Food Bank For New York City to help address the greatest hunger crisis in New York City since the Food Bank began operation in 1983.

By Council Members Foster, Clarke, Fidler, James, Mendez, Sanders and Weprin.

Whereas, The Food For Survival Food Bank For New York City (the "Food Bank"), New York's only food bank, was founded in 1983 to distribute food donations collected from manufacturers, wholesalers, retailers and government agencies to organizations that provide free food citywide; and

Whereas, The Food Bank reports that New York City is experiencing the highest levels of demand for emergency food seen since it opened in 1983; and

Whereas, The Food Bank reports that an estimated 1.5 million New Yorkers depend upon emergency feeding programs, including 300,000 elderly New Yorkers and 500,000 children who otherwise would not get enough to eat; and

Whereas, In 2002 the Food Bank distributed over 61 million pounds of food, provided 76 million meals and helped to feed approximately 480,000 people each week at over 1,000 food pantries, soup kitchens and other emergency feeding programs throughout the City for less than 12 cents per pound; and

Whereas, The Food Bank is the largest food bank and one of the largest distributors of free fresh produce in the nation and has the capacity, with its 100,000 square foot warehouse that contains a giant freezer and cooler, to store and distribute food to over 1,000 emergency food programs, including soup kitchens, food pantries, shelters, child care and senior centers throughout New York City; now, therefore, be it

Resolved, That the Council of the City of New York calls upon food manufacturers, wholesalers, retailers, government agencies and citizens to make donations of food and money to the Food For Survival Food Bank For New York City to help address the greatest hunger crisis in New York City since the Food Bank began operation in 1983.

Referred to the Committee on General Welfare.

Res. No. 64

Resolution calling upon the City of New York to set aside fifteen percent of the monies received from the Federal Assets Forfeiture Fund to support anti-crime programs of community- based organizations as allowed by the "permissible pass-through" regulation of the United States Department of Justice.

By Council Members Foster, Mark-Viverito, Martinez, Mendez, Nelson, Recchia, Sanders and Stewart.

Whereas, Pursuant to 21 U.S.C. §§ 881 (e)(1)(A) and (e)(3), 18 U.S.C. § 981 (e)(2) and 19 U.S.C. § 1616a, certain agencies of the Federal Government have established forfeiture programs whereby the forfeited assets of criminal defendants are shared with local law enforcement agencies; and

Whereas, The purpose of such programs is to deter crime by depriving criminals of the profits and proceeds of their illegal activities and to weaken criminal enterprises by removing the instrumentalities of crime; and

Whereas, The New York City Police Department ('NYPD") receives an equitable share of these funds by joining in a federal investigation or by the application of federal forfeiture laws to properties already seized by the NYPD; and

Whereas, The regulations of the United States Department of Justice ("USDOJ") and its agencies were amended in 1994 to permit local law enforcement agencies, at their discretion, to transfer fifteen percent (15%) of their shared assets to a governmental agency to support drug abuse treatment, drug and crime prevention and education, housing and job skills programs, or other community-based programs; and

Whereas, Such governmental agencies, in turn, transfer any monies so received to private, non-profit community organizations to be spent for such purposes; and

Whereas, In circumstances defined in USDOJ regulations as "windfall situations," the amount transferred may be greater than fifteen percent; and

Whereas, According to statistics from the Comptroller's Office, the New York City Police Department has received millions of dollars over the years from asset forfeiture; and

Whereas, Some years ago, the City of Chicago Police Department worked toward setting aside approximately 15% of its asset forfeiture money received from Department of Justice enforcement activities and allocating it to the Chicago Department of Health, which in turn allotted the funds to programs that combat drug and alcohol abuse; and

Whereas, The NYPD can further assist in improving the quality of life in the City by setting aside a percentage of the federal asset forfeiture funds it receives to go toward crime prevention, job training and development, housing, and other community-based programs; *now, therefore, be it*

Resolved, That the Council calls upon the City of New York to set aside fifteen percent of the monies received from the Federal Assets Forfeiture Fund to support anti-crime programs of community-based organizations as allowed by the "permissible pass through" regulation of the United States Department of Justice.

Referred to the Committee on Public Safety.

Res. No. 65

Resolution calling upon the Legislature of the State of New York to create an office of special prosecutor for matters involving police misconduct and brutality.

By Council Members Foster, Mark-Viverito, Mendez, Recchia, Sanders and White.

Whereas, Police misconduct and brutality are serious concerns, as evidenced by the shootings of Amadou Diallo and Patrick Dorismond and the torture of Abner Louima; and

Whereas, Numerous entities, including the City Council, have held hearings on this issue and made recommendations for decreasing the number of such incidents; and

Whereas, Several years ago a report issued by the United States Civil Rights Commission, which addressed police practices and civil rights in New York City, recommended that an independent prosecutor be appointed for selected police misconduct cases; and

Whereas, Such a recommendation was motivated by, as the report describes, a "public perception that police misconduct cases place a tremendous strain on local government prosecutors, who rely routinely on the police to provide the evidence to prosecute criminal violations"; and

Whereas, Whenever an officer is accused of serious wrongdoing or misconduct, the local prosecutor, who has an on-going working relationship with the Police Department and relies on the Department to effectively prosecute other cases, must also investigate and prosecute such a misconduct case; and

Whereas, The relationship between the local prosecutor and the police may lead to a less than vigorous prosecution and certainly the perception that a conflict of interest exists; and

Whereas, Precedence for such a special prosecutor exists, for in 1972 the Knapp Commission concluded that it was impractical for local district attorneys to deal with police misconduct and urged the establishment of a special prosecutor to investigate police corruption; and

Whereas, Governor Nelson Rockefeller implemented the Knapp Commission's recommendation with Executive Order 55, which created the New York State Office of the Special Prosecutor for Law Enforcement and Administration of Criminal Justice in New York City; and

Whereas, Such office, until it was disbanded in 1990, was charged with the authority to inquire into matters regarding corruption in the administration of criminal justice in New York City; and

Whereas, Although this office dealt with corruption, certainly a need exists today for such an office to investigate and prosecute cases of police misconduct and brutality, especially given the Mollen Commission's finding of a link between brutality and corruption; and

Whereas, Such an office will instill confidence in the public that police misconduct cases are treated fairly and even-handedly and that the relationship of the local prosecutor with the police will have no bearing on the disposition of the case; now, therefore, be it

Resolved, That the Council of the City of New York calls upon the Legislature of the State of New York to create an office of special prosecutor for matters involving police misconduct and brutality.

Referred to the Committee on Public Safety.

Res. No. 66

Resolution calling upon New York State to implement a policy of self-declaration of income to facilitate and expedite the enrollment of 1.3 million uninsured New Yorkers who are eligible for Medicaid.

By Council Members Foster, Martinez, Recchia and Sanders.

Whereas, According to the United States Census Bureau's 2004 Current Population Survey, there were 45 million Americans with no health insurance living in the United States in 2003, including nearly 3 million persons in New York State; and

Whereas, The United Hospital Fund estimates that in 2002, 1.8 million persons were living without health insurance in New York City; and

Whereas, An average of one in three uninsured Americans is eligible for public health insurance, including 1.3 million uninsured New York State residents and approximately 800,000 uninsured persons in New York City; and

Whereas, For many uninsured individuals, income eligibility documentation requirements create a significant barrier to receipt of public health insurance, especially for persons with informal and episodic work histories; and

Whereas, Verification of income is not required under federal Medicaid law; states have broad flexibility to determine what verification to require, and can utilize existing state or federal databases for eligibility verification either before or after eligibility determinations; and

Whereas, A 2004 report by the United Hospital Fund entitled, "Lessons from States with Self-Declaration of Income Policies," examines the effects of self-declaration of income policies on Medicaid enrollment; and

Whereas, The United Hospital Fund report found that states that relied on self-declaration of income and third party verification procedures rather than income documentation submitted by applicants increased the speed of eligibility determinations without increasing eligibility error rates or decreasing the quality of the Medicaid program; and

Whereas, At least eleven states currently have self-declaration of income policies for Medicaid, including Arkansas, Connecticut, Florida, Georgia, Idaho, Maryland, Michigan, Oklahoma, Vermont, Wisconsin and Wyoming; and

Whereas, Implementing a policy of self-declaration of income in New York State would enable more uninsured New Yorkers to receive health insurance benefits for which they are eligible; now, therefore, be it

Resolved, That the Council of the City of New York calls upon New York State to implement a policy of self-declaration of income to expedite the enrollment of 1.3 million uninsured New Yorkers who are eligible for Medicaid.

Referred to the Committee on General Welfare.

Res. No. 67

Resolution calling on the appropriate committee of the Council of the city of New York to hold an oversight hearing regarding Homebase, the new $12 million homelessness prevention program of the Department of Homeless Services and calling for the expansion of Homebase citywide.

By Council Members Foster, Martinez, Mendez, Nelson, Recchia and White.

Whereas, The Department of Homeless Services recently implemented a new $12 million program, Homebase, that aims to bolster the City's efforts to fight homelessness by funding community based offices to serve persons in danger of becoming homeless in six high-need community board districts; and

Whereas, The community based organizations participating in Homebase are supposed to provide a range of services, including case management, mediation, advocacy, benefits counseling, legal assistance, employment services, housing placement assistance, short-term financial assistance to help tenants pay rent arrears, and assistance to clients locating and accessing other community-based resources such as job training, child care, and anti-eviction legal services; and

Whereas, The new Homebase program prevention centers will be located in community board districts 1 and 6 in the Bronx, community board district 11 in East Harlem, community board district 12 in Jamaica, community board district 4 in Bushwick, and community board district 3 in Bedford Stuyvesant; and

Whereas, The community based organizations providing services in the Homebase program are HELP USA, Citizens Advice Bureau, Palladia, Builders for Family and Youth, Bushwick Collaborative to Prevent Homelessness, and Church Avenue Merchants Block Association; and

Whereas, Families and single adults are eligible for services provided in connection with the Homebase program if they reside in the community board district or are returning to the community board district from an alternative or supportive living environment, their household income does not exceed 200% of the poverty level, and they are experiencing a threat to their housing stability; now, therefore, be it.

Resolved, That the appropriate committee of the Council of the city of New York should hold an oversight hearing regarding Homebase, the new $12 million homelessness prevention program of the Department of Homeless Services and the Homebase program should be expanded citywide.

Referred to the Committee on General Welfare.

Res. No. 68

Resolution calling upon the New York State Legislature to enact a law requiring that any adult who suspects child abuse be required to report such suspected abuse to the appropriate authority.

By Council Members Foster, Mark-Viverito, Martinez and Recchia.

Whereas, There were nearly one million substantiated cases of child abuse and an estimated 1,300 child fatalities from maltreatment in the United States in 2001; and

Whereas, Approximately 55,000 reports of child abuse or neglect involving 88,000 children are investigated in New York City each year; and

Whereas, One of the greatest responsibilities of a collective society is to provide a safe and healthy environment for children, and therefore it should be the responsibility of every adult to report any suspicion of child abuse to the proper authority; and

Whereas, Currently, New York State Law requires only that certain professional workers, including health care workers, school officials, day care workers, law enforcement officers, and social service workers report suspicion of child abuse; and

Whereas, The damage inflicted by child abusers results in emotional scars that can torment victims of child abuse for a lifetime; and

Whereas, Not wanting to get involved should no longer be an option when it comes to the horrible crime of child abuse; and

Whereas, Children are powerless to protect themselves against child abusers, and it is therefore appropriate for New York State to require adults to report any suspicion of child abuse; now, therefore, be it

Resolved, That the Council of the City of New York calls upon the New York State Legislature to enact a law requiring that any adult who suspects child abuse be required to report such suspected abuse to the appropriate authority.

Referred to the Committee on General Welfare.

Res. No. 69

Resolution calling upon the Legislature of the State of New York to amend New York State Public Officers Law to require that the hiring of police officers to the New York City Police Department be restricted to New York City residents.

By Council Members Foster, Martinez, Mendez, Recchia and Stewart.

Whereas, New York State Public Officers Law currently allows New York City police officers to reside in certain counties outside of New York City, pursuant to section 3, subdivision 2, of that law; and

Whereas, The Legislature of the State of New York has the authority to pass a law requiring that the hiring of police officers be restricted to the residents of New York City; and

Whereas, It is common sense that New York City should police itself with its own residents; and

Whereas, There has been an historic problem in New York City with a police force that does not represent the population that it polices, because such a large proportion of officers are non-residents of New York City; and

Whereas, Since such a large proportion of the New York City police force is made up of non-residents, there has historically been a lack of police understanding and sensitivity to the cultural, ethnic, racial and religious diversities of New York City, and further, such imbalance has often resulted in mistrust, tension, and, at times, violence; and

Whereas, New York City residents who are hired to protect New York City are arguably more familiar and have a greater stake in protecting the City in which they live, and further, this familiarity and greater stake can ease the mistrust and tension, and potentially reduce the incidents of violence and police brutality; and

Whereas, There ought to be a major affirmative hiring plan to recruit police officers from the residents of New York City not just to take the police officer entrance exam, but also to offer guidance through the ensuing application process; now, therefore, be it

Resolved, That the Council of the City of New York calls upon the Legislature of the State of New York to amend New York State Public Officers Law to require that the hiring of police officers to the New York City Police Department be restricted to New York City residents.

Referred to the Committee on Public Safety.

Res. No. 70

Resolution calling upon the New York State Legislature to amend the State Election Law to extend the right to vote to individuals who are currently serving parole.

By Council Members Foster, Mark-Viverito, Martinez ,Mendez and Yassky.

Whereas, Pursuant to New York State Election Law, no person who has been convicted of a felony pursuant to the laws of New York State shall have the right to register to vote at any election unless s/he shall have been pardoned or restored the rights of citizenship by the governor, his/her maximum sentence of imprisonment has expired, or s/he has been discharged from parole; and

Whereas, Similarly, no person who has been convicted in another state for a crime or offense which would constitute a felony under the laws of New York State shall have the right to register to vote at any election unless pardoned or restored the rights of citizenship by the appropriate governor, his/her maximum sentence of imprisonment has expired, or s/he has been discharged from parole; and

Whereas, Furthermore, no person convicted in federal court of a felony, or a crime or offense which would constitute a felony under the laws of New York State, shall have the right to register to vote at any election unless pardoned or restored the rights of citizenship by the President, his/her maximum sentence of imprisonment has expired, or s/he has been discharged from parole; and

Whereas, A significant number of New Yorkers are disenfranchised because they have been convicted of a felony and are currently serving parole; and

Whereas, Parolees have been entrusted to re-enter society, and therefore should be eligible to participate in the most fundamental rights of citizenry, the right to vote and elect their governmental representatives; and

Whereas, By denying the right to vote, the government ostracizes parolees, thus preventing these individuals from fully reintegrating into society; and

Whereas, Allowing parolees to participate in the election process can restore a certain level of dignity and go a long way toward helping these individuals, who have been deemed fit to re-enter society, to become productive members of their communities; now, therefore, be it

Resolved, That the Council of the City of New York calls upon the New York State Legislature to amend the State Election Law to extend the right to vote to individuals who are currently serving parole.

Referred to the Committee on Governmental Operations.

Res. No. 71

Resolution calling upon the New York State Legislature to enact a "Second Chance" rehabilitation program of civic service, education and job training to assist non-violent felony offenders in reintegrating successfully into society.

By Council Members Foster, Fidler, Mark-Viverito, Mendez, Nelson and Weprin.

Whereas, According to statistics complied by The Sentencing Project, the number of inmates in state and federal prisons increased more than five-fold from less than 200,000 in 1970 to 1,159,000 in 1997; and

Whereas, These same statistics show that 5.7 million Americans are incarcerated or on probation or parole, an increase of 209% since 1980; and

Whereas, A significant number of those who are under some type of correctional control (incarceration, probation or parole) have committed a nonviolent felony offense, such as drug possession; and

Whereas, Non-violent felony offenders who have completed their prison sentence or term of probation or parole often find it difficult to reintegrate successfully into society because their records prevent them from securing employment and providing for their families; and

Whereas, Former Mayor Edward Koch, Rev. Al Sharpton of the National Action Network and Professor Charles Ogletree of Harvard Law School have initiated a proposal called the "Second Chance" program; and

Whereas, Under the "Second Chance" program, eligible non-violent felony offenders would have to remain crime free for a specified period of time, make a substantial contribution to public service and fulfill certain conditions, such as the attainment of a GED, development of job skills and successful completion of alcohol and drug abuse treatment; and

Whereas, After successful completion of the program, such individuals would be eligible to apply to a court to have their criminal record sealed; and

Whereas, The sealing of a criminal record would assist a program graduate in securing employment and thus help the graduate to provide for a family as a productive citizen of society; and

Whereas, A graduate of the "Second Chance" program would be able to regain the right to vote and participate in full citizenship; and

Whereas, The stigma that can result from a conviction record, and the obstacles to successful rehabilitation and reintegration into society that such stigma can cause, will be mitigated while protecting public safety and maintaining community trust; now, therefore, be it

Resolved, That the Council of the City of New York calls upon the New York State Legislature to enact a "Second Chance" rehabilitation program of civic service, education and job training to assist non-violent felony offenders in reintegrating successfully into society.

Referred to the Committee on Fire and Criminal Justice Services.

Res. No. 72

Resolution calling upon the New York State Department of Correctional Services to end MCI's exorbitant and exclusive telephone contract, which forces inmates to pay a per-call connection fee of $3.00 plus sixteen cents a minute when calling family or friends, and to instead provide just and reasonably priced calling options for inmates.

By Council Members Foster, Mark-Viverito, Mendez, Sanders and Gonzalez.

Whereas, Inmates from New York City are often incarcerated hundreds of miles from their families, friends, and communities, and can only make telephone calls to outside parties through collect calling; and

Whereas, In 1996, New York State granted MCI an exclusive contract to be the sole provider of the State's prison telephone service, which has resulted in unjust calling options and unjustifiably inflated prices for collect calls; and

Whereas, MCI charges inmates a $3.00 per-call connection fee plus sixteen cents per minute, and the average inmate call of nineteen minutes costs $6.04; and

Whereas, MCI inmate collect call rates are a startling 630% more than normal MCI consumer long distance rates of $5.00 for a monthly service fee and five cents a minute, and an MCI phone card with 1000 minutes costs just $29.99 with no per-call connection fee; and

Whereas, In 2002, inmates in New York State prisons made 7 million collect calls totaling more than 124 million minutes, generating gross revenues for MCI exceeding $39 million and commissions for New York State of $22.4 million, and generating gross revenues for MCI of $175 million since 1996; and

Whereas, Ms. Patricia Allard, associate counsel of criminal justice at the Brennan Center for Justice at New York University School of Law, recommended in a December 22, 2004 article in the New York Amsterdam News, that New York State adopt just and reasonably priced calling options for incarcerated people and their families, including two other alternatives of an 800 toll-free number typically costing seven cents a minute which Federal prisons currently use for inmates to call their families, or a "debit calling" plan enabling a telephone company to manage debit accounts similar to the commissary accounts currently used by inmates for personal spending; now, therefore, be it

Resolved, That the Council of the City of New York calls upon the New York State Department of Correctional Services to end MCI's exorbitant and exclusive telephone contract, which forces inmates to pay a per-call connection fee of $3.00 plus sixteen cents a minute when calling family or friends, and to instead provide just and reasonably priced calling options for inmates.

Referred to the Committee on Fire and Criminal Justice Services.

Res. No. 73

Resolution calling upon the New York State Department of Motor Vehicles to stop requiring applicants for driver's licenses to provide information regarding immigration status.

By Council Members Foster, Mark-Viverito, Mendez, Weprin and Gonzalez.

Whereas, Currently, The New York State Department of Motor Vehicles ("DMV") is in the process of suspending and revoking hundreds of thousands of driver's licenses across New York State from persons whose social security numbers on file at the DMV do not match their social security numbers on file at the Social Security Administration; and

Whereas, As of November 17, 2004, the DMV had already suspended as many as 1,700 licenses of persons contacted by the DMV beginning in January 2004; and

Whereas, While the DMV has stated that this practice is a homeland security issue targeted at decreasing identity fraud, it is adversely affecting thousands of immigrants living and working in New York City and across New York State; and

Whereas, This practice could affect as many as 300,000 immigrants in New York State; and

Whereas, Immigrants residing in New York City need to drive in order to maintain employment, access services and support their families; and

Whereas, While New York State law requires the DMV to collect social security numbers from persons who apply for licenses, DMV regulations allow persons without social security numbers to apply for licenses with a letter from the Social Security Administration; and

Whereas, The DMV is currently further restricting the license application and renewal process by requiring immigrants to provide information regarding immigration status and to have specific types of resident status—practices not mandated by either DMV regulations or New York State law; and

Whereas, In addition, when persons visit DMV offices to apply for or renew licenses, the DMV has implemented a practice of stamping valid licenses of immigrants with visa or immigration status information, which involves DMV staff in

immigration enforcement matters and creates a two-tiered system for citizens and noncitizen residents; and

Whereas, A shift in the DMV's focus from ensuring that persons with a demonstrated ability to drive can do so legally to creating immigration status requirements that surpass state law hurts hard working immigrant families and threatens to make the roads less safe; now, therefore, be it

Resolved, That the Council of the city of New York calls upon the New York State Department of Motor Vehicles to stop requiring applicants for driver's licenses to provide information regarding immigration status.

Referred to the Committee on Transportation and the Committee on Immigration.

Int. No. 64

By Council Members Gennaro, Gentile, Koppell, McMahon, Nelson and Weprin.

A Local Law to amend the New York city charter and the administrative code of the city of New York, in relation to clarifying the authority of the environmental control board.

Be it enacted by the Council as follows:

Section 1. Subdivisions b and c of section 1404 of the New York city charter are amended to read as follows:

b. The environmental control board may adopt and amend [regulations] *rules that are* not inconsistent with any provision of law, *including any law that establishes a civil penalty for a violation of any provision of law*:

(1) regulating or prohibiting the emission into the open air from any source, whether fixed or movable, and whether on land or waters of any harmful or objectionable substances including, but not limited to, smoke, soot, dust, fumes, flash, gas vapors and odors, and the installation, construction or alteration of equipment giving forth such emissions into the open air insofar as such emissions are effected thereby; and

(2) regulating or prohibiting the emission into the waters within and about the city of New York from any source whether fixed or movable and whether on land or water of any harmful or objectionable substances, contaminants and pollutants.

c. (1) The environmental control board shall *adjudicate proceedings to* enforce the provisions of the charter and the administrative code, and any rules and regulations made thereunder, which relate to:

(a) the cleanliness of the streets;

(b) the disposal of wastes;

(c) the provision of a pure, wholesome and adequate supply of water;

(d) the prevention of air, water and noise pollution;

(e) the regulation of street peddling;

(f) the prevention of fire and danger to life and property therefrom which are within the jurisdiction of the fire department and which the fire commissioner shall designate by rule or regulation;

(g) the construction, alteration, maintenance, use, occupancy, safety, sanitary condition, mechanical equipment and inspection of buildings or structures and the regulation, inspection and testing of wiring and appliances for electric light, heat and power in or on buildings or structures in the city which are within the jurisdiction of the department of buildings or [the department of ports and trade] *the department of small business services* and which the commissioner of buildings [or the commissioner of ports and trade] *or the commissioner of small business services* shall designate by rule [or regulation];

(h) the response to emergencies caused by releases or threatened releases of hazardous substances;

(i) the use and regulation of all property subject to the jurisdiction of the department of parks and recreation;

(j) the reporting of information relating to the amount, location and nature of hazardous substances, and the labeling of hazardous substances;

(k) the construction, maintenance and repair and obstruction or closure of public roads, streets; highways, parkways, bridges and tunnels which are within the jurisdiction of the department of transportation and the department of information technology and telecommunications; [and]

(l) the use and regulation of all property subject to the jurisdiction of the department of [ports and trade] *small business services[*.];

(m) the defacement of property[.]; *and*

(n) landmarks and historic districts within the jurisdiction of the landmarks preservation commission.

(2) The board shall have concurrent jurisdiction with the board of health to *adjudicate proceedings to* enforce those provisions of the health code and the rules and regulations relating thereto which the board of health shall designate.

(3) The board shall have authority from time to time to make, amend and rescind such *procedural* rules [and regulations] as may be necessary to carry out its duties under this subdivision.

§2. Subparagraph a of paragraph 1 of subdivision d of section 1404 of the New York city charter is amended to read as follows:

(a) The environmental control board shall conduct proceedings for the adjudication of violations of the laws, rules and regulations [enforced by it pursuant to the provisions of] *set forth in* subdivision c of this section or of any other law providing for [enforcement] *adjudication* by the environmental control board in accordance with this paragraph (1) and with *procedural* rules [and regulations] promulgated by the board, and shall have the power to render decisions and orders and to impose the civil penalties provided under law for such violations, *but in no event may the board by rule, regulation, directive or other administrative action establish for any such violation a minimum civil penalty that is higher than the minimum civil penalty established by statute or local law or preclude the imposition of such minimum civil penalty in any board proceeding.*

§3. Section 24-268 of the administrative code of the city of New York, is amended to read as follows:

§24-268 Procedural rules. The board shall have authority from time to time to make, amend and rescind such procedural rules as may be necessary to carry out the provisions of this subchapter, *but in no event may the board make, amend, or rescind any rule that establishes with regard to any board proceeding a minimum civil penalty that is higher than the minimum civil penalty established by statute or local law or preclude the imposition of such minimum civil penalty.*

§4. This local law shall take effect immediately and shall be applicable to any rule, regulation or directive of the environmental control board, irrespective of when such rule, regulation or directive was promulgated or issued, and the environmental control board shall forthwith take such actions as are necessary to amend, revise or repeal any rule, regulation or directive that is in conflict with the provisions of this local law.

Referred to the Committee on Environmental Protection and the Committee on Small Business.

Int. No. 65

By Council Members Gennaro, Foster, Mendez, Nelson, Weprin and Gonzalez.

A Local Law to amend the administrative code of the city of New York, in relation to the suspension of alternate side of the street parking rules on the birthdays of Lord Krishna and Lord Buddha.

Be it enacted by the Council as follows:

Section one. Subdivision a of Section 19-163 of the administrative code of the city of New York is amended as follows:

§19-163 Holiday suspension of the parking rules. a. All alternate side of the street parking rules shall be suspended on the following holidays: Christmas, Yom Kippur, Rosh Hashanah, Ash Wednesday, Holy Thursday, Good Friday, Ascension Thursday, Feast of the Assumption, Feast of All Saints, Feast of the Immaculate Conception, first two days of Succoth, Shimini Atzareth, Simchas Torah, Shevuoth, Purim, Orthodox Holy Thursday, Orthodox Good Friday, first two and last two days of Passover, the Muslim holidays of Eid Ul-Fitr and Eid Ul-Adha, Asian Lunar New Year, *the birthday of Lord Krishna, the birthday of Lord Buddha* and all state and national holidays.

§2. This local law shall take affect immediately upon its enactment into law.

Referred to the Committee on Transportation.

Int. No. 66

By Council Members Gennaro, McMahon and Nelson.

A Local Law to amend the administrative code of the city of New York, in relation to the administrative adjudications board.

Be it enacted by the Council as follows:

Section 1. Declaration of legislative findings and intent. The Council of the City of New York hereby finds that the Environmental Control Board ("ECB") requires modifications to its structure and hearing processes in order to provide greater fairness and more timely and effective decisions for City residents and business owners appearing before it. The Council, through its oversight functions

and through receipt of numerous reports from persons who have appeared before the Environmental Control Board, has discerned alarming practices relating to ECB adjudications that raise serious questions as to whether respondents are treated fairly and accorded due process and also raises concerns that outcomes are not always based upon the merits of the matters adjudicated by the ECB. The Council seeks to address these shortcomings in an effort to provide a more fair administrative adjudicatory process that will engender greater confidence in and respect for the ECB's determinations and that will also serve to help foster an environment for business, especially small businesses to thrive in New York City. Additionally, as a means towards more appropriately reflecting the breadth of violations adjudicated before the ECB, the Council sees fit to rename the entity so that the simple fact that it is housed within the Department of Environmental Protection does not imply that environmental violations are the sole type of violation within its purview.

§2. Section 1-112 of the administrative code of the city of New York is amended by adding a new paragraph 22 to read as follows:

22. "Environmental control board". The administrative adjudications board.

§3. Subdivision a of section 1404 of the New York city charter is amended to read as follows:

§1404. [Environmental control] Administrative adjudications board. a. There shall be in the department an administrative adjudications board, previously known as the environmental control board. All references in this charter and administrative code to the environmental control board shall be deemed to mean the administrative adjudications board. The administrative adjudications board shall [consisting] consist of the commissioner, who shall be chairman, the commissioner of sanitation, the commissioner of buildings, the commissioner of [public] health and mental hygiene, the police commissioner, the fire commissioner and the commissioner of consumer affairs, all of whom shall serve on the board without compensation and all of whom shall have the power to exercise or delegate any of their functions, powers and duties as members of the board, and six persons to be appointed by the mayor, with the advice and consent of the city council, who are not otherwise employed by the city, one to be possessed of a broad general background and experience in the field of air pollution control, one with such background and experience in the field of water pollution control, one with such background and experience in the field of noise pollution control, one with such background and experience in the real estate field, one with such background and experience in the business community, and one member of the public, and who shall serve for four-year terms. Such members shall be compensated at the rate of one hundred fifty dollars per day when performing the work of the board. Within its appropriation, the board may appoint an executive director and [such hearing officers, including non-salaried hearing officers and other] any employees as it may from time to time find necessary for the proper performance of its duties. The chairperson of the board shall appoint a chief administrative law judge who shall appoint a staff of administrative law judges each of whom shall be authorized to conduct a hearing on any notice of violation within the jurisdiction of the board. Each administrative law judge shall be an attorney in good standing admitted to practice in the state of New York for at least five years. Each administrative law judge shall be appointed for a term of four years and may be removed only for good cause shown after notice and opportunity for a hearing on a record, and may be represented by counsel.

§3. Subparagraph a of paragraph 1 of subdivision d of section 1404 of the New York city charter is amended to read as follows:

d. (1) (a) The [environmental control board] administrative law judges appointed in accordance with the provisions of subdivision a of this section, shall conduct proceedings for the adjudication of violations of the laws, rules and regulations within the jurisdiction of the environmental control board pursuant to the provisions of subdivision c of this section or of any other law providing for enforcement by the [environmental control] administrative adjudications board in accordance with this paragraph (1) and with the rules and regulations promulgated by the board, and shall have the power to render decisions and orders and to impose the civil penalties provided under law for such violations.

§4. Paragraph (8) of section 24-104 of the administrative code of the city of New York is amended to read as follows:

(8) Board means the [environmental control] administrative adjudications board of the city of New York. All references in this code to the environmental control board shall be deemed to mean the administrative adjudications board.

§5. Subdivision a of section 24-178 of the administrative code of the city of New York is amended to read as follows:

(a) The board, in addition to other duties assigned to it by law, shall have the power to conduct hearings through duly appointed administrative law judges and pursuant to this chapter and, by the issuance of a subpoena, compel the attendance of witnesses and the production of any books, papers or other things relating to the matter under investigation.

§6. Section 24-179 of the administrative code of the city of New York is amended to read as follows:

§24-179 The board. (a) The board shall be convened by the chairperson or in his or her absence a deputy commissioner or at the request of any three members thereof.

(b) [If a member of the board has presided over the initial hearing, he or she shall not be disqualified from reviewing the hearing.

(c)] Five members of the board, at least two of whom shall not be city officials, shall constitute a quorum.

§7. Subdivision c of section 24-180 of the administrative code of the city of New York is amended to read as follows:

(c) A notice of violation shall:

(1) Specify the section or sections of this code, order, or regulation that such person or equipment is in violation of; and

(2) Indicate the amount of the civil penalty that such person is subject to; and

(3) Contain a brief statement of the nature of the violation; and

(4) Require a written response that conforms to section 24-181 of this code; and

(5) Notify such person that he or she has the right, upon written notice received by both the board and the issuer of the notice of violation, at least five business days prior to the designated time for a hearing on the notice of violation, to receive from the issuer of the notice of violation a list of the names of all witnesses who may be called by the issuer and copies of all documents intended to be submitted into evidence by the issuer. Such witness list and copies of such documents shall be delivered to such person no later than two business days prior to the designated time for a hearing on the notice of violation.

(6) Require such person or owner of equipment to answer the allegations in the notice of violation at a designated time and place, unless a hearing is not required by section 24-178 of this code.

§8. Section 24-184 of the administrative code of the city of New York is amended to read as follows:

§24-184 Hearings. (a) The chief administrative law judge [appointed by the chairperson of the board] shall designate [a hearing officer or at least one member of the board] an administrative law judge from his or her staff to preside over hearings held pursuant to this subchapter. [In any hearing in which a quorum of the board is present such members shall be deemed to be sitting as the board.]

All such hearings shall be open to the public.

(c) At such hearings, an interpreter shall be made available to a respondent, if necessary. An administrative law judge may accept as an interpreter a friend or relative of a respondent or witness, or any other person who can provide acceptable translation but such person shall be administered an oath as though he or she were a witness in such proceeding. Otherwise, the administrative law judge shall direct that an interpreter be obtained from an official registry of interpreters or shall otherwise be assured that a qualified interpreter is provided.

(d) At the request of any party to such a hearing, the board shall by the issuance of a subpoena compel the attendance of such witnesses and shall require the production of any such books, papers, or other things relating to the matter under investigation if such a request reasonably relates to such hearing.

[(d)] (e) Any party to a hearing may be represented by counsel, may make oral and written argument and cross-examine witnesses and may make application for production of any evidence relied upon by the opposing party. All testimony taken before the [board or the designated hearing officer] designated administrative law judge shall be under oath and shall be recorded. The record shall be open to public inspection, and copies thereof shall be made available to any person upon payment of the actual cost of reproduction.

(f) Upon application of any party and in the interest of convenient, expeditious and complete determination of cases involving the same or similar issues or the same parties, the administrative law judge may consolidate two or more notices of violation for adjudication at one hearing.

§9. Section 24-185 of the administrative code of the city of New York is amended to read as follows:

§24-185 Default; vacating a default order. (a) A respondent shall be in default when the respondent has:

Failed to serve a written response pursuant to section 24-181 of this code; or

(2) Failed to appear at the designated time and place as required by the notice of violation pursuant to section 24-180 or 24-182 of this code; or

(3) Neglected to proceed in a manner ordered by the board.

(b) Where respondent appears at the designated time and place as required by the notice of violation pursuant to section 24-180 or 24-182 of this code and the opposing party has failed to appear as of one full hour after such designated time, the respondent shall be given a choice at such point to adjourn the hearing or to proceed with the hearing in which case the administrative law judge shall rely upon the notice of violation and any other evidence properly before him or her.

(c) Within sixty days of a decision and order of the board issued pursuant to paragraph two of subdivision (c) of section 24-187, the respondent may request the board to grant a stay of such order of the board and schedule a hearing. If the respondent has shown good cause and a meritorious defense, the board may grant such request and hold a hearing pursuant to section 24-184 of this code. At the hearing, the board may adopt, amend, or rescind its decision and order.

§10. Section 24-186 of the administrative code of the city of New York is amended to read as follows:

§24-186 [Hearing officer's] Administrative law judge's decision. (a) At the conclusion of the hearing, the [hearing officer or member of the board] administrative law judge conducting the hearing shall prepare a decision stating findings of fact and conclusions, as well as reasons for his or her determination on all material issues, and making recommendations as to action which should be taken in the matter.

(b) The [hearing officer or member of the board] administrative law judge conducting the hearing shall file his or her decision with the board and send copies by mail to the parties. Any party may file exceptions with the board within twenty days after service of such decision. If no exceptions have been filed within the prescribed time, the recommendations of the [hearing officer or member of the board] administrative law judge conducting the hearing shall automatically become the decision of the board and shall constitute its findings, conclusions, and order. Parties need not exhaust all administrative remedies, including filing timely exceptions with the board, prior to seeking judicial review of the final decision and

order of the board pursuant to article seventy-eight of the New York civil practice law and rules or other judicial action or proceeding. In the event that a party chooses to seek judicial review without having first filed timely exceptions with the board, the decision of the administrative law judge shall be deemed to be the final decision and order of the board.

§11. Subdivision a of section 24-187 of title 24 of the administrative code of the city of New York is amended to read as follows:

§24-187 Board decision and order. (a) If any party files exceptions to the decision of the [hearing officer or member of the board] administrative law judge conducting a hearing within the prescribed time, the board shall review the record and issue its decision and order in which it may adopt, modify, or reject the findings, conclusions, and recommendations of the [hearing officer or member of the board] administrative law judge who conducted the hearing.

§12. This local law shall take effect ninety days after its enactment into law except that the commissioner of environmental protection shall take such actions as are necessary to implement the provisions of this local law prior to such effective date.

Referred to the Committee on Environmental Protection and the Committee on Small Business.

Int. No. 67

By Council Members Gennaro, Avella, Fidler, Gentile, Koppell, McMahon, Nelson and Sanders.

A Local Law to amend the administrative code of the city of New York, in relation to reporting on New York city's purchase and use of wood and recycled plastic lumber.

Be it enacted by the Council as follows:

Section 1. Declaration of Legislative Findings and Intent. The Council finds and declares that forests play a vital role in regulating the global climate, purifying the air and protecting watersheds. Forests contain at least half of the world's animal and plant species, many of which contribute to the production of medicines and food, and many more species that have not yet been discovered or evaluated for their beneficial uses. Throughout the world, communities depend on healthy forests for their economic value, including their role in sustaining fisheries and providing recreational opportunities.

The City's budget, which is the fourth largest in the country, contains a capital component of over nine billion dollars. Many of the different elements that may be contained in that budget, including building, walkway, park bench and boardwalk construction, in addition to purchases such as furniture, involve the City's procurement and use of a great deal of wood – both through its agencies and contractors. Recycled plastic lumber, made from recovered plastic, is a product that may be used as a substitute for wood and other materials. This product helps to divert plastics from the waste stream, reduce pressures on forests and avoid wood preservative use, while also decreasing maintenance needs and costs.

The Council finds that it is important for the City to track and report on its wood products and recycled plastic lumber purchasing and use, which will enable the City and others to identify whether its wood products originate from endangered or certified, responsibly managed forests and to what extent the City is taking advantage of the environmentally beneficial substitute. It is the Council's understanding that although various forest certification schemes exist, the Forest Stewardship Council is currently the only certification program that has achieved broad support from environmental organizations, due to its wide range of membership and high standards that address environmental, social and economic concerns.

The Council finds that the reporting requirements included in this legislation will better enable the City of New York to ensure that it is using its power as a market participant to engage in a policy of supporting ecologically sound forestry practices in its procurement of wood products, in addition to the use of recycled plastic lumber where appropriate.

§ 2. Title 6 of the administrative code of the city of New York is amended by adding thereto a new section 6-129, to read as follows:

§6-129 Reporting on purchase and use of wood and recycled plastic lumber. a. For purposes of the following section only, the following terms shall have the following meanings:

(1) "Accreditation body" means an authoritative body that verifies and gives formal recognition that a body or person is competent to carry out specific tasks.

(2) "Building material" means supplies, fixtures and equipment that become part of or are annexed to any building or structure constructed, erected, altered, or repaired, including, but not limited to, buildings, boardwalks, benches, bicycle paths, walkways, decking and piers.

(3) "Certifier" means an organization that conducts assessments of forest management practices and that is accredited by an accreditation body.

(4) "City agency" means a city, county, borough, administration, department, division, bureau, board or commission, or a corporation, institution or agency of government, the expenses of which are paid in whole or in part from the city treasury.

(5) "Furniture article" means those movable articles: (i) used to support people or things; and, (ii) other functional or decorative products, including, but not limited to, beds, bookcases, chairs, chests, tables, dressers, desks and sofas. The term does not include lamps or lighting fixtures.

(6) "Recycled plastic lumber" means a wood-like product made from recovered plastic or recovered plastic mixed with other materials, which can be used as a substitute for concrete, wood and metals.

(7) "Wood product" means any product, made in whole or in part from wood, for a building material or furniture article, wholesale or retail, in any form, including, but not limited to, plywood, veneer, cabinets, paneling, moldings, doorskins, joinery or sawnwood.

b. Beginning January 1, 2007, and every six months thereafter, the department of citywide administrative services shall issue a report that details the purchase and use of wood products by city agencies or in the fulfillment of contracts with city agencies during the previous six month period. Such report shall be disaggregated according to city agency and species of wood, respectively, and shall include, but not be limited to (1) the quantity of each species of wood purchased or used by the city agency or in the fulfillment of contracts with such agency; (2) the purpose(s) for which the wood was purchased or used; (3) the geographic location from which each wood species was derived, which, if not known, such agency shall make reasonable inquiries and other efforts to ascertain; and, (4) information regarding whether any portion of such wood was certified by a certifier and, if so, the name of the certifier, date of certification and accreditation body associated with such certification.

c. The report required pursuant to subdivision b of this section shall also include information concerning the purchase and use of recycled plastic lumber by city agencies or in the fulfillment of contracts with city agencies, which shall be disaggregated according to city agency and shall include, but not be limited to (1) the quantity of recycled plastic lumber used by the city agency or in the fulfillment of contracts with such agency; and (2) the purpose(s) for which the recycled plastic lumber was purchased or used.

d. Within ten days of its issuance, each of the reports required pursuant to subdivision b of this section shall be submitted to the speaker of the council, the comptroller and the public advocate and, in addition to the requirements of subdivision a of section 1133 of the New York city charter, shall be made available on the department of citywide administrative services' website.

§ 3. This local law shall take effect immediately.

Referred to the Committee on Contracts.

Int. No. 68

By Council Members Gennaro, Avella, Fidler, Gentile, McMahon, Nelson, Sanders, Stewart and Weprin.

A Local Law to amend the administrative code of the city of New York, in relation to claims by owners of private property who have sustained damage caused by city-owned infrastructure.

Be it enacted by the Council as follows:

Section 1. Chapter 2 of title 7 of the administrative code of the city of New York is amended to add a new section 7-213, to read as follows:

§7-213 Payments for injury to private property caused by city-owned infrastructure. a. Where an owner of real or personal property, other than a public corporation as defined in section sixty-six of the general construction law or a state or federal agency or instrumentality, has sustained damages for injury to, or destruction of, said real or personal property, and said damage was caused by city-owned infrastructure, the comptroller, after consultation with the corporation counsel, is hereby authorized and empowered to make a payment for said injury, provided that:

(a) The owner of real or personal property is not insured for the claimed loss;

(b) At the time of the claimed loss, the owner of real or personal property was not required under law or contract to maintain insurance for said loss;

(c) The claim is limited to actual damages; and

(d) The claim does not exceed $250,000.

b. Petitions for payment under this section must be presented to the comptroller not more than ninety (90) days after the discovery of the damage by the owner of real or personal property.

c. Nothing in this section is intended to preclude or deter any owner of real or personal property that has sustained damage as described in subdivision a of this section from filing an action or pursuing a claim against any individual or entity for such damages.

d. Before the comptroller shall make payment pursuant to this section, he or she shall require the owner of real or personal property to execute an assignment, in the

amount of the claim paid pursuant to subdivision a, to the city, to be deducted from any potential judgment or settlement arising from any action filed, or claim made, to recover for damages to real or personal property as described in subdivision a of this section. After entry of a judgment or settlement on behalf of the property owner in said action or claim, the city shall be entitled to collect the amount of said assignment.

e. Notwithstanding the provisions of subdivisions c and d of this section, the city shall bear the sole responsibility, at the discretion of the corporation counsel, for recovering the costs of claims paid under this section, plus reasonable interest and reasonable recovery costs, from any individual or entity for the damages that resulted in the claim.

f. The comptroller shall, by rule, establish procedures for the submission of petitions and for timely payment of claims to owners of real or personal property pursuant to the provisions of subdivisions a and b of this section, for the review of such petitions by the comptroller's office, and with respect to such other matters as are necessary to implement the provisions of this section.

g. The comptroller shall not deny payment of claims to owners of real or personal property pursuant to the provisions of subdivisions a and b of this section, except for reasonable cause.

h. The comptroller shall, by rule established pursuant to subdivision f of this section, provide owners of real or personal property with timely written notice of denial of payment of claims pursuant to the provisions of subdivision g of this section, and such notice must enumerate the reasonable cause or causes for said denial.

§2. This local law shall become effective sixty days after the date of enactment.

Referred to the Committee on Governmental Operations.

Int. No. 69

By Council Members Gennaro, Avella, Gentile and Koppell.

A Local Law to amend the administrative code of the city of New York, in relation to the availability of a computerized service to facilitate notification requirements pursuant to the pesticide neighbor notification law.

Be it enacted by the Council as follows:

Section 1. Chapter eleven of title seventeen of the administrative code of the city of New York is amended by adding a new paragraph (4) to subdivision b of section 17-1102 to read as follows:

b. (4) The department of information technology and telecommunications, in consultation with the department of health and mental hygiene, shall make available on the New York city map portal a service by which a person or business performing commercial lawn application of a pesticide may identify and create mailing labels for all premises that abut the property on which such application shall be made. The department of information technology and telecommunications may charge a reasonable annual fee for administering and maintaining such service; provided, however, that such fee shall not exceed two hundred fifty dollars.

§ 2. This local law shall take effect one hundred eighty days after its enactment into law.

Referred to the Committee on Health.

Int. No. 70

By Council Members Gennaro, Foster, Gentile, McMahon, Recchia, Sanders and Vallone Jr.

A Local Law to amend the administrative code of the city of New York, in relation to raising the legal age to buy tobacco to nineteen years.

Be it enacted by the Council as follows:

Section 1. Legislative intent. The Centers for Disease Control and Prevention (the "CDC") estimates that almost 23% of high school students in the United States are current cigarette smokers and, each day, nearly 4,400 young people between the ages of twelve and seventeen years begin cigarette smoking. According to the American Lung Association, everyday, approximately 40 New York City schoolchildren start smoking, 13 of whom will eventually die from the addiction.

Since many high school students reportedly get their cigarettes from their eighteen year-old classmates, the Council finds that raising the legal age to buy tobacco products to nineteen years will help curb the access of younger teenagers to tobacco and will help prevent them from starting to smoke. Three states – Alaska, Utah and Alabama – have raised the age when teenagers can buy tobacco products from eighteen to nineteen and, according to the CDC, in each of those states the rate of teenage smoking has dropped in the past five years. Additionally, Suffolk County, in May 2005, became the first county in the State to raise the legal age for tobacco products to nineteen, while Rockland County, in August 2005, passed similar legislation. Furthermore, Nassau County is considering a similar action. A bill to raise the legal purchasing age throughout the State has also been recently introduced in the New York State Legislature.

In raising the legal age to buy tobacco to nineteen years, the Council seeks to augment existing tobacco prevention and control programs, to help prevent the initiation of smoking by teenagers and improve the general health of all New Yorkers.

§2. Section 17-620 of chapter 7 of title 17 of the administrative code of the city of New York is hereby amended to read as follows:

§ 17-620 Sale of tobacco products to minors prohibited. Any person operating a place of business wherein tobacco products are sold or offered for sale must be licensed as required by section 17-617.1 of this code and is prohibited from selling such products to individuals under [eighteen] *nineteen* years of age, and shall post in a conspicuous place a sign upon which there shall be imprinted the following statement, "SALE OF CIGARETTES, CIGARS, CHEWING TOBACCO, POWDERED TOBACCO, OR OTHER TOBACCO PRODUCTS, ROLLING PAPER OR PIPES, TO PERSONS UNDER [EIGHTEEN] *NINETEEN* YEARS OF AGE IS PROHIBITED BY LAW." Such sign shall be printed on a white card in red letters at least one-half inch in height. Sale of tobacco products in such places, other than by a vending machine, shall be made only to an individual who demonstrates, through a driver's license or other photographic identification card issued by a government entity or educational institution, that the individual is at least [eighteen] *nineteen* years of age. Such identification need not be required of any individual who reasonably appears to be at least twenty-five years of age, provided, however, that such appearance shall not constitute a defense in any proceeding alleging the sale of a tobacco product to an individual under [eighteen] *nineteen* years of age.

§3. Effective date. This local law shall take effect sixty days after its enactment into law.

Referred to the Committee on Health.

Int. No. 71

By Council Members Gennaro, Martinez, McMahon, Recchia and Weprin.

A Local Law to amend the administrative code of the city of New York, in relation to disposition of the bodies of deceased indigent individuals.

Be it enacted by the Council as follows:

Section 1. Legislative findings and intent. State law regarding the disposition of deceased individuals demonstrates a clear respect for the express wishes of decedents. Proper disposition of a dead body is of extraordinary importance and particular significance to individuals of many affiliations and religious faiths. However, many hundreds of unclaimed bodies are buried in New York City's Potter's Field every year. Accommodations should be made respecting the affiliations and/or religious beliefs of those for whom such affiliations and beliefs can be reasonably identified. Many associations provide for the appropriate disposition of the bodies of deceased individuals of a particular affiliation or faith. Accordingly, upon proper showing of the affiliation and/or religious beliefs of a decedent, New York City should facilitate the release of deceased indigent individuals to a qualified organization for appropriate disposition.

§2. Section 557 of the New York city charter is amended by adding a new subdivision h to read as follows:

(h) 1. For purposes of this subdivision, the following terms shall have the following meanings:

(i) "Indigent" shall mean an individual who was in receipt of public assistance or Supplemental Security Income; or if less than age 65 was eligible for public assistance; or if age 65 or over, was eligible for Supplemental Security Income; or is otherwise determined by the departments of health or social services to be destitute of means of comfortable subsistence so as to be in want.

(ii) "Qualified organization" shall mean an organization that is approved of such status in advance by the New York city department of social services and meets the following criteria:

(1) The organization's history and purpose, as demonstrated by its articles of organization, are charitable and/or religious in nature;

(2) Part of the organization's function is to provide for the appropriate disposition of deceased indigent persons;

(3) The organization's principal place of business is in the city of New York;

(4) The organization is non-profit and tax-exempt pursuant to § 501(c)(3) of the United States internal revenue code;

(5) No board member or officer of the organization is a funeral home director with which the organization does business;

(6) A substantial amount of the organization's funding for purposes of disposition of the bodies of deceased individuals comes from private sources; and

(7) The organization makes its books and records available annually to the New York city department of social services for inspection, review and audit, if necessary.

2. There shall be in the office of the chief medical examiner a liaison responsible for facilitating the release of deceased indigent individuals to qualified organizations for appropriate disposition where such individual's affiliations and/or religious beliefs can be reasonably identified.

3. Any liaison appointed pursuant to this section shall:

(i) make reasonable attempts to investigate the affiliation and religious beliefs, if any, of a deceased indigent individual, and whether such individual had or would reasonably have had religious or other preferences with respect to the disposition of such individual's body;

(ii) contact organizations for purposes of disposition of the body of a deceased indigent individual upon a reasonable showing of the affiliation or religious beliefs of such individual and certification as a qualified organization for purposes of burials pursuant to the provisions of this local law; and

(iii) make reasonable attempts to expedite the disposition of the body of such deceased indigent individual where expeditious disposition would be consistent with the religious or other beliefs of such individual.

4. In order to carry out the duties required pursuant to this subdivision, a liaison may coordinate with the public administrator of each county within the city of New York and with any municipal agency, corporation or entity licensed as a hospital or general hospital as defined by section 2801 of the New York state public health law.

5. The department shall promulgate such rules as may be necessary for the purpose of implementing and carrying out the provisions of this section.

§3. Section 21-110 of the administrative code of the city of New York is amended to read as follows:

§21-110 Potter's field. The commissioner shall have charge of the Potter's Fields, and when the necessity therefor shall arise, shall have power to lay out additional Potter's Fields or other public burial places for the poor and strangers and from time to time enclose and extend the same to make enclosures therein and to build vaults therein, and to provide all necessary labor and for interments therein. The Potter's Field on Hart's island, however, shall remain under the control of the department of correction, and the burial of deceased paupers therein shall continue under rules and regulations established by the joint action of the departments of social services and correction, or in case of disagreement between such departments, under such regulations as may be established by the mayor. *No person shall be buried pursuant to this section before a reasonable attempt shall be made by the liaison required pursuant to section 557(h) of the New York city charter to identify the affiliation and religious beliefs of such person for purposes of disposition of the body of such person and before such liaison has given reasonable notice of the need for disposition of the body of such person to any appropriate relative, friend or organizational friend as defined by the department of social services. The department shall promulgate such rules as may be necessary for the purpose of implementing and carrying out the provisions of this section.*

§4. Effect of invalidity; severability. If any section, subsection, sentence, clause, phrase or other portion of this local law is, for any reason, declared unconstitutional or invalid, in whole or in part, by any court of competent jurisdiction, such portion shall be deemed severable, and such unconstitutionality or invalidity shall not affect the validity of the remaining portions of this local law, which remaining portions shall continue in full force and effect.

§5. Effective date. This local law shall take effect ninety days after its enactment into law.

Referred to the Committee on Health.

Int. No. 72

By Council Members Gerson, Gentile, Koppell, Martinez, Nelson, Sanders, Stewart and Weprin.

A Local Law to amend the administrative code of the city of New York, in relation to requiring the replacement of cobblestones or other special paving in streets in New York City when work is completed by or on behalf of the department of transportation.

Be it enacted by the Council as follows:

Section 1. Section 19-147 of the administrative code of the city of New York is amended by adding new subdivisions h, i, j and k to read as follows:

h. The department or its contractors shall restore or replace any cobblestone or other special paving that was removed on any street to carry out work undertaken by or on behalf of the department. The quality and condition of the restored or replaced cobblestones or other special paving and their placement onto the streets shall be equivalent to or shall exceed the quality that existed prior to commencement of the work done. For purposes of this section, "work undertaken by or on behalf of the department" shall also include the restoration or replacement of cobblestones or other special paving from damage related to a pothole. The replacement and restoration shall be completed within forty-five days of the completion of the work resulting in their removal. The contract shall impose a civil penalty of two thousand dollars, plus fifty dollars per square foot of cobblestone or other special paving that remains to be restored or replaced pursuant to this section upon a contractor of the department for failure to comply with any requirements of this subdivision. An additional civil penalty of fifty dollars shall be imposed upon a contractor for each additional day beyond the forty-five days in which the contractor fails to comply with requirements of this subdivision.

i. To the best of their ability, the department or its contractor shall remove intact the entire cobblestone or other special paving and record its original location so that it may be replaced in its original location and pattern. The department shall be required to inspect any work resulting in the removal of any cobblestone or other special paving and again during replacement of the cobblestone or other special paving to ensure compliance with the subdivision of this section. The contract shall impose a separate civil penalty of two thousand dollars plus fifty dollars per square foot of area that remains to be restored or replaced pursuant to this section upon a contractor for failure to comply with the requirements of this subdivision.

j. The department shall notify the community board within seven days prior to the required completion date of the restoration of any reasons why the department or its contractor anticipates a failure to meet the required completion period.

k. The department shall be required to include in its contracts, where applicable, a requirement that the contractor comply with the provisions of subdivisions h, i, and j of this section.

§2. This local law shall take effect immediately after its enactment into law.

Referred to the Committee on Transportation.

By Council Members Gerson, Fidler, Koppell, Martinez, Mendez, Recchia, Sanders and Weprin.

A Local Law to amend the administrative code of the city of New York, in relation to obligating the city of New York to perform repairs upon sidewalks that remain in disrepair following the issuance of a notice of violation.

Be it enacted by the Council as follows:

Section 1. Section 19-152 of the administrative code of the city of New York, as amended by local law number 64 for the year 1995, is amended by adding thereto a new subdivision o to read as follows:

o. Notwithstanding any inconsistent provision of this section, the city of New York shall be required to reinstall, reconstruct, repave or repair an existing sidewalk flag at legal grade when such sidewalk remains in disrepair for ninety days following the issuance of a notice of violation by the department to the property owner responsible for such work. The city shall

(i) not acquire the liability for any accident or harm related to or caused by such sidewalk flag during and after repair performed by the department or its contractors; such liability shall remain with the property owner;

(ii) mail a letter of request for payment to the property owner within thirty days of the completion of repair and require payment within thirty days of the date of the letter of request;

(iii) file a lien with respect to such property for the actual cost to the city for the repair, including the cost of labor, until the property owner pays the amount owed plus interest;

(iv) reserve the right to initiate a civil action against such property owner for the purposes of collecting the unpaid amount owed to the city for costs associated with repair by the department or its contractors.

§2 This local law shall take effect immediately after it is enactment into law.

Referred to the Committee on Transportation.

By Council Members Gerson, Koppell, Martinez and Recchia.

A Local Law to amend the administrative code of the city of New York, in relation to plating and decking during street openings and excavations.

Be it enacted by the Council as follows:

Section One. Chapter 1 of title 19 of the administrative code of the city of New York is amended by adding a new section 19-121.1 to read as follows:

§19-121.1. Plating and decking during street openings and excavations. a. Any authorized street opening or excavation project shall be made safe for vehicles and

pedestrians by installing plating and decking, as prescribed by the commissioner, that is adequate to carry the load. Such openings or excavations shall be covered by the permit holder authorized to perform the project by installing plating and decking of a size that is large enough to span the street opening or excavation. Plating and decking shall be firmly placed to prevent rocking, shall overlap the edges of trenches and openings and shall be sufficiently ramped to provide smooth riding, safe conditions and the creation of a minimum of noise when driven upon. Plating and decking shall be fastened, either to each other or to the street surface, by splicing or countersinking and shall otherwise be protected to prevent the movement of such plating and decking, except as part of the street opening or excavation project.

b. For every street opening or excavation project there shall be an agent designated by the permit holder authorized to perform the project to supervise and certify the proper placement of plating and decking at the end of each work day or before any cessation of work lasting longer than twelve consecutive hours. The agent shall certify compliance with subdivision a of this section in such manner as the commissioner deems appropriate and shall provide such certification to the department upon request.

c. Any person who fails to comply with provision of this section shall be liable for a penalty in the amount of two hundred fifty dollars for a first violation. For every violation thereafter, the department shall impose a fine in an amount double the amount of the fine imposed for the immediately preceding the violation.

§2. This local law shall take effect immediately after it is enacted into law.

Referred to the Committee on Transportation.

Int. No. 75

By Council Members Gerson and Nelson.

A Local Law to amend the administrative code of the city of New York, in relation to pedicabs.

Be it enacted by the Council as follows:

Section 1. Legislative findings and intent.

Due to the large population and heavy commerce of New York City, the public streets are congested with countless vehicles for transporting consumer goods and individuals. Recently, the city has seen a significant growth in the number of pedicabs operating in the City. Due to their high maneuverability and unique character, pedicabs have become a new and increasingly utilized form of paid transportation for city tourists and residents.

However, due to the quantity of pedestrian and vehicular traffic within the city, the safe operation of pedicabs is of great concern. Presently, the City has no mechanism to monitor the quantity or operational procedures of these slow moving vehicles. Consequently, the City is unable to ensure that pedicabs are safely maintained and that their operators are sufficiently versed in all city traffic regulations.

The Council finds that regulations regarding such matters are necessary in the interest of public safety and welfare.

§2. Chapter 2 of title 20 of the administrative code of the city of New York is amended by the addition of a new subchapter 33, to read as follows:

SUBCHAPTER 33

PEDICABS

§ 20-540 ***Definitions.***

§ 20-541 ***License required; fee; term.***

§ 20-542 ***Insurance.***

§ 20-543 ***License plate.***

§ 20-544 ***Inspection.***

§ 20-545 ***Pedicab operator's license.***

§ 20-546 ***Training program and examination.***

§ 20-547 ***Suspension and revocation.***

§ 20-548 ***Penalties.***

§20-540 ***Definitions.*** *Whenever used in this subchapter, the following terms shall have the following meanings:*

a. "Owner" means any person, firm, partnership, corporation or association owning and operating a pedicab or pedicabs, and shall include a purchaser under a reserve title contract, conditional sales agreement or vendor's agreement and the lessee of such vehicle or vehicles under a written lease or similar contract.

b. "Pedicab license" means a license issued by the commissioner for each pedicab.

c. "Operator's license" means a license issued by the commissioner for each person authorized to operate a pedicab within the city of New York.

d. "Inspection card" means a card issued by the commissioner to pedicab licensees which card shall display the license number of such vehicle.

e. "Pedicab" means any wheeled carriage or vehicle, propelled by human power, designed to seat and carry one or more passengers and operated for hire within the city of New York.

f. "Pedicab operator" means any person licensed to operate a pedicab in the city of New York.

§ 20-541 ***License required; fee; term.*** *a. It shall be unlawful to operate or permit another to operate a pedicab within the city unless the owner shall have first obtained a license from the commissioner. An applicant for a pedicab license shall be at least eighteen years of age and hold a valid state issued driver's license.*

b. The original and renewal license fee for each pedicab shall be fifty dollars.

c. The term of the license shall be two years.

d. The commissioner shall not renew any pedicab license in the event that such licensed pedicab has not been operated for at least four months during the preceding license year; provided that such failure to operate shall not have been caused by strike, riot, war or other public catastrophe, or disability, illness, or other similar reasonable cause beyond the control of the licensee.

e. It shall be unlawful for a pedicab license to be transferred to any person, firm, partnership, corporation, association or to another pedicab.

§ 20-542 ***Insurance.*** *a. As a condition of the issuance of a pedicab license, each applicant shall furnish proof that his or her pedicab is insured under a liability insurance policy for personal injury or death and for injury to or destruction of property of one or more persons, resulting from any one accident, in an amount not less than the minimum dollar amount of liability insurance coverage required by section 370 of article 8 of the vehicle and traffic law to be maintained by owners of vehicles engaged in the business of carrying or transporting passengers for hire.*

b. The licensee shall notify the commissioner of any modification, amendment, cancellation or substitution of any insurance policy required under subdivision a of this section within ten days of the notice to the licensee of such modification, amendment, cancellation or substitution.

§ 20-543 ***License plate.*** *Upon the payment of the license fee, and subject to the qualifications set forth in this subchapter, the commissioner shall issue a license to the owner of the pedicab together with a license plate to be securely affixed to a conspicuous part of such pedicab, on which shall be clearly set forth the license number of the pedicab. The license plate issued to the licensee may, in the discretion of the commissioner, be a plate of a permanent nature with a replaceable date tag attached thereto, indicating the expiration date of the plate during each license year and the issuance of such a plate with such date tag to a person possessing such a plate, shall be deemed issuance of a license plate. Such license plate and the replaceable date tag to be attached thereto shall be of such material, form, design and dimension and set forth such distinguishing number or other identification marks as the commissioner shall prescribe. The commissioner, upon renewal of the license hereunder, may continue the use of the license plate for as many additional license years as he or she in his or her discretion may determine, in which event he or she shall issue and deliver to the licensee a replaceable date tag or license plate as evidence of renewal of the license, which shall be attached or affixed in such manner as he or she may prescribe by rule. In the event of the loss, mutilation or destruction of any license plate or date tag issued hereunder, the owner may file such statement and proof of facts as the commissioner shall require, with a fee of twenty-five dollars, at the department, and the department shall issue a duplicate or substitute license plate or date tag. The failure to affix or display such date tag or license plate in a manner prescribed by the commissioner shall constitute a violation of this section.*

§ 20-544 ***Inspection.*** *a. A vehicle shall be licensed as a pedicab only after it shall have been examined and inspected. The commissioner shall refuse a license to or, if already issued, suspend the license of any pedicab found to be unfit for operation.*

b. The commissioner shall cause all licensed pedicabs to be inspected at least once every four months. The date of such inspection and the signature of the person making the inspection shall be recorded upon the inspection card.

c. The commissioner shall prescribe an appropriate form of inspection card for pedicabs and the manner in which such card and pedicab driver's identification cards shall be displayed.

§ 20-545 ***Pedicab operator's license.*** *a. It shall be unlawful for any person to operate a pedicab within the city without having a valid pedicab operator's license.*

b. The biennial fee for each such pedicab operator's license shall be fifty dollars.

c. The commissioner shall investigate each applicant as to character and fitness before such operator's license shall be issued.

d. A pedicab operator's license shall not be issued or renewed unless the applicant has satisfactorily completed a pedicab safety training course and examination pursuant to section 20-546 of this subchapter within six months prior to the date of application.

e. It shall be unlawful for any pedicab owner to permit such pedicab to be operated by a person who does not possess a valid pedicab operator's license issued pursuant to this section. In any prosecution of an owner for a violation of this section, it shall not be necessary to prove that the owner knew or should have known that the operator was unlicensed, and there shall be a rebuttable presumption that such pedicab was operated with the permission of the owner.

All licensed pedicab drivers shall adhere to all traffic laws and rules of the city and state of New York.

§20-546 ***Training program and examination.*** *a. The department, in conjunction with the department of transportation, shall offer a training program and a written examination for all pedicab drivers. The commissioner shall issue a certificate to any person successfully completing the training program and achieving satisfactory results on the written examination administered by the department. Such training program shall include, but not be limited to, the following subjects: (1)*

passenger, pedestrian and vehicular traffic safety; (2) proper care and maintenance of the pedicab; (3) traffic laws and rules of the city and state of New York; (4) all laws and rules of the city of New York pertaining to pedicabs; and (5) such other subjects as shall be deemed appropriate and necessary by the commissioner.

b. The department may impose a fee for the training program and examination, in order to defray expenses incurred in the administration thereof.

c. The department shall offer the training program and examination, as provided in subdivision a of this section, on a regularly scheduled basis, but no less frequently than at least three times per year, or more frequently as deemed necessary by the commissioner.

§ 20-547 ***Suspension and revocation.***

a. After notice and opportunity to be heard, the commissioner may suspend or revoke any pedicab or pedicab operator's license where the holder has failed to comply with any provisions of this subchapter or of the rules promulgated thereunder, or with any other laws or rules governing pedicabs, or which pedicab or pedicab operator is otherwise found to be unfit for such license. Such suspension shall remain in effect until compliance and fitness have been established by the licensee and accepted by the department. Grounds for suspension or revocation shall include, but not be limited to, failure to submit a pedicab for inspection and suspension and revocation of a licensee's state issued driver's license.

b. Any pedicab operator found to have committed at least three violations of this subchapter within any twelve-month period shall have his or her license suspended by the commissioner for a period of not less than three months. For purposes of this subdivision, all violations written on any one day shall constitute a single violation.

c. Notwithstanding the provisions of subdivision b of this section, any operator of a pedicab found to have committed at least five violations of this subchapter within any twenty-four month period shall have his or her license suspended by the commissioner for a period of not less than six months. For purposes of this subdivision, all violations written on any one day shall constitute a single violation.

d. A pedicab operator whose license has been revoked in accordance with this provision may not apply for a new license for three years from the date of revocation.

§ 20-548 ***Penalties.*** *a. Any person who violates a provision of this subchapter may be liable for a fine of not less than $250 nor more than $1,000 and a civil penalty of $250, for each violation.*

b. Any person operating an unlicensed pedicab may further be subject to seizure and impoundment of his or her pedicab until all applicable penalties and storage fees have been satisfied, or bond has been posted pursuant to the rules promulgated hereunder.

§ 3. This local law shall take effect 120 days after it shall have been enacted into law; provided that the commissioner may take any actions necessary prior to such effective date for the implementation of this local law including, but not limited to, establishing guidelines and promulgating rules.

Referred to the Committee on Consumer Affairs.

Int. No. 76

By Council Members Gerson, Fidler, Foster, Gentile, Mark-Viverito, Nelson and Weprin.

A Local Law to amend the administrative code of the city of New York, in relation to comprehensive tracking of emergency medical service response times.

Be it enacted by the Council as follows:

Section 1. The Fire Department currently tracks and reports on the duration of time between when an emergency call is received and when emergency medical service arrives at the street address of a suspected medical emergency. This data, however, presents an incomplete picture of the city's emergency medical service because there may be considerable delay between arrival at a building and arrival at a particular apartment or floor where a medical emergency may be occurring, particularly in high-rise buildings.

The Council finds that more comprehensive tracking of emergency medical service response times will permit the City to better plan for and respond to medical emergencies. Accordingly, the Council declares that it is reasonable and necessary to require the tracking of the response times to the actual location of medical emergencies.

§2. Chapter one of title 15 of the administrative code of the city of New York is amended by adding a new section 15-129 to read as follows:

§15-129 Tracking of emergency medical service response times. The department shall track the duration of time between a report to a 911 operator where emergency medical service is deemed necessary and the arrival of the first responding emergency medical service personnel to reach the intended patient. The commissioner shall submit a quarterly report to the council, detailing the average response times and range in response times for medical emergencies, for the city, for each borough, and for each city block.

§3. This local law shall take effect 90 days after enactment.

Referred to the Committee on Fire and Criminal Justice Services.

Int. No. 77

By Council Members Gerson, Foster, Nelson, Recchia and Weprin.

A Local Law to amend the New York City Charter, in relation to standards for those who provide emergency medical service under the Fire Department's 911 dispatch system.

Be it enacted by the Council as follows:

Section 1. Declaration of legislative findings and intent. For many years, the City has supplemented its Emergency Medical Service with general ambulance service provided by or for private hospitals. This practice has continued since the Emergency Medical Service has been transferred to the New York City Fire Department. When a voluntary hospital reaches an agreement with the Fire Department to provide ambulance service in the City's 911 system, it agrees to follow the same operating rules and procedures that govern the City's Emergency Medical Service workers.

The Fire Department has decided that certain training and screening is necessary to ensure its Emergency Medical Service can deliver safe and proper emergency medical care. For example, all potential employees are fingerprinted, and their fingerprints are sent to the Federal Bureau of Investigation for screening. Similarly, the Fire Department requires its members to complete a 56-hour course on ambulance driving before driving any ambulance and requires that its members pass an exam on the department's operating procedures.

Private ambulance companies, in contrast, do not require such training and screening. Most disturbingly, there are many anecdotal reports of people being terminated or resigning in lieu of termination from the Fire Department, and then being hired by private companies to continue driving ambulances in the 911 system. Indeed, no Fire Department rule or policy prohibits such a practice. Finally, the Fire Department does not have the authority to discipline employees of private ambulances, although such employees drive ambulances under the 911 system.

The Council finds that the proper training and screening of persons who drive ambulances is critical to public health. The Council further finds that under no circumstances should a person who is terminated or resigns in lieu of termination from the Emergency Medical Service continue to drive ambulances in the 911 system. Accordingly, the Council declares that it is reasonable and necessary to require certain standards for those who provide emergency medical service under the Fire Department's 911 dispatch system.

§2. Chapter one of title 15 of the administrative code of the city of New York is amended by adding a new section 15-129 to read as follows:

§15-129 Standards for emergency medical service. a. No person shall provide emergency medical service under the fire department's 911 dispatch system if such person has been terminated from employment with the fire department or has resigned from the fire department in lieu of termination.

b. Any person providing emergency medical service under the fire department's 911 dispatch system shall:

1. Be fingerprinted and such fingerprints shall be sent the to the federal bureau of investigation for screening;

2. Complete at least 56 hours of training for driving an ambulance; and

3. Pass a written examination developed by the fire department on department operating procedures.

§3. Chapter one of title 15 of the administrative code of the city of New York is amended by adding a new section 15-113.1 to read as follows:

§15-113.1 Discipline of emergency medical service. The office of medical affairs shall have the authority to review the performance or qualifications of any person providing emergency medical service under the fire department's 911 dispatch system and may restrict such person from patient care until such a review is completed. The bureau of investigations and trials shall have the authority to discipline any person providing emergency medical service under the fire department's 911 dispatch system for violation of department operating procedures.

§4. This law shall take effect immediately upon its enactment.

Referred to the Committee on Fire and Criminal Justice Services.

Int. No. 78

By Council Members Gerson, Fidler, Foster and Koppell.

A Local Law to amend the New York city charter, in relation to the provision of reports that detail the effects of the preliminary budget and the executive budget on the city's youth.

Be it enacted by the Council as follows:

Section 1. Subdivision a of section 225 of the New York city charter, as added by vote of the electors at the general election on November 7, 1989, is amended to read as follows:

The mayor shall each year, in accordance with the provisions of this chapter, prepare and submit to the council a preliminary budget and an executive budget each of which shall present a complete financial plan for the city and its agencies for the ensuing fiscal year, setting forth proposed operating and capital expenditures, proposed interfund transfers, anticipated revenues and any other anticipated sources and uses of funds. Each such budget shall consist of three parts: the expense budget, which shall set forth proposed appropriations for the operating expenses of the city including debt service; the capital budget and program, which shall set forth proposed appropriations for capital projects for the ensuing fiscal year and the three succeeding fiscal years; and the revenue budget, which shall set forth the estimated revenues and receipts of the city. ***The preliminary budget and the executive budget shall each be accompanied by a report detailing the effect of such budget on the city's youth, ages twenty-one and under. Such reports shall include, but not be limited to, an analysis of the impact of such budget on education, school facilities, after school activities, recreation activities, youth employment, foster care, juvenile justice, youth health care services and programs servicing at-risk youth.***

§2. This local law shall take effect immediately after its enactment into law.

Referred to the Committee on Youth Services.

Int. No. 79

By Council Members Gioia, Martinez, Stewart and Weprin.

A Local Law to amend the administrative code of the city of New York, in relation to creating disclosure requirements for health clubs that offer contracts for health club services.

Be it enacted by the Council as follows:

Section 1. Chapter 4 of title 20 of the administrative code of the city of New York is hereby amended by adding a new subchapter 13 to read as follows:

SUBCHAPTER 13

HEALTH CLUBS

§20.699.7 Definitions

§20.699.8 Contract for Health Club Services

§20.699.9 Penalties

§20-699.7 Definitions. For the purposes of this subchapter, the term "health club" shall mean any commercial establishment offering instruction, training or assistance or the facilities for the preservation, maintenance, encouragement or development of physical fitness or well being. "Health club" as defined herein shall include, but not be limited to health spas, sports, tennis, racquet ball, and platform tennis clubs, figure salons, health studios, gymnasiums, weight control studios, martial arts and self-defense schools or any other commercial establishment offering a similar course of physical training.

§20-699.8 Contract for health club services. a. Before any consumer enters into a contract for health club services, the health club offering such contract shall provide, in addition to the requirements found within the New York State General Business Law, the following disclosure to the consumer in writing, in English, in at least 12-point type. In the event that the consumer does not understand English, the health club shall also provide, to the best of its ability, a point-by-point oral explanation of the following required disclosure:

· WE WILL PROVIDE YOU, AT YOUR REQUEST, A PRINTED LIST OF ALL FEES ASSOCIATED WITH YOUR MEMBERSHIP, INCLUDING FINANCE CHARGES AND LATE PAYMENT FEES;

· YOU MAY CANCEL THIS CONTRACT WITHOUT PENALTY OR FURTHER OBLIGATION WITHIN THREE (3) BUSINESS DAYS AFTER THE DATE YOU RECEIVE IT, AND YOU ARE ENTITLED TO A COPY OF THE CONTRACT TO REVIEW DURING THE THREE (3) DAY PERIOD;

· YOU MAY CANCEL THIS CONTRACT AFTER THREE (3) BUSINESS DAYS, IF YOU BECOME PHYSICALLY DISABLED FOR AT LEAST 6 MONTHS, IF YOU MOVE MORE THAN 25 MILES AWAY FROM ANY HEALTH CLUB WE OPERATE, OR IF THE HEALTH CLUB CLOSES OR OUR SERVICE IS DISCONTINUED.

It shall be the obligation of the health club to complete the required disclosure accurately with all relevant information for each consumer, to provide the required point-by-point oral explanation when necessary, and to ensure that the consumer signs the completed disclosure form before he or she enters into a health club contract.

b. It shall be the obligation of the health club to inform the consumer that he or she may take a copy of the applicable contract with them for review and consideration during the three (3) day cancellation period.

§ 20-699.9 Penalties. Any health club which violates any provision of this subchapter or any of the regulations promulgated hereunder shall be liable for a civil penalty of not less than two hundred fifty dollars nor more than five hundred dollars for the first violation and for each succeeding violation a civil penalty of not less than five hundred dollars nor more than seven hundred fifty dollars.

§2. This local law shall take effect immediately.

Referred to the Committee on Consumer Affairs.

Int. No. 80

By Council Members Gioia, Gentile, Martinez, McMahon, Nelson, Sanders, Stewart and Weprin.

A Local Law to amend the administrative code of the city of New York, in relation to licensing private ATM machines.

Be it enacted by the Council as follows:

Section 1. Legislative declaration.

The Council finds that acts of identity theft are plaguing New Yorkers. Federal Trade Commission statistics indicate that identity theft is the single most common consumer fraud complaint in the nation. The Federal Trade Commission reported that between 1998 and 2003, 27.3 million Americans were wronged by identity theft. Nationwide, identity theft costs businesses and consumers roughly $50 billion per year. In New York City in 2003, there were more than 10,000 reported victims of identity theft. New York City has the ninth highest per capita incidence of identity theft among major metropolitan areas nationwide, and approximately two-thirds of the reported cases of identity theft in New York State originate in New York City.

Identity thieves are constantly developing new methods to harm consumers. One disturbingly easy method of obtaining personal identifying and financial information involves "skimming," or swiping an Automated Teller Machine ("ATM") card or credit card in a device programmed to steal the data encoded in the card. Skimming is often accomplished with a hand-held device or through an instrument installed in a seemingly innocuous ATM. A significant cause of the problem is that, unlike bank-operated ATMs, private ATMs located in places such as grocery stores, nightclubs and gas stations are not regulated by federal or state law, and therefore are vulnerable to manipulation by unscrupulous machine operators or third parties. In addition, because no permit is required for private ATMs, their operators are currently largely untraceable and law enforcement efforts to investigate potential sources of identity and monetary theft are severely handicapped.

In 2003, approximately $1 trillion was transacted through the country's approximately 375,000 Automated Teller Machines. Of that $1 trillion, roughly $50 million was stolen. A recent City Council investigation found that there are more than 1,500 unlicensed, unregistered and unregulated ATMs in New York City's delicatessens and convenience stores alone, and that private ATMs can be leased for as little as $75 a month and purchased for as little as $1,000.

The Council finds that legislation requiring the licensing of private ATMs, which are those leased to many businesses throughout the city but not regulated by the state or federal governments, would enable law enforcement to better monitor their use and would deter the manipulation of these machines by wrongdoers. County governments in the New York City area have enacted similar legislation.

§2. The administrative code of the City of New York is amended by adding a new subchapter 33 to chapter 2 of title 20 to read as follows:

SUBCHAPTER 33

AUTOMATED TELLER MACHINES

§20-600 Definitions.

§20-601 Licensing private ATMs.

§20-602 Terms; Applicable fees.

§20-603 Requirements for licensed ATMs.

§20-604 Contracts between ATM distributors and operators.

§20-605 Electronic fund transfers.

§20-606 Exemptions.

§20-607 Banking regulations.

§20-608 Revocation of license.

§20-609 Penalties.

§20-610 Severability.

§20-600 ***Definitions.*** *Whenever used in this subchapter:*

a. "Private Automated Teller Machine" ("private ATM") means any device linked to the accounts and records of a banking institution that enables consumers to carry out banking transactions, including, but not limited to, account transfers, deposits, cash withdrawals, balance inquiries, and loan payments, that is not subject to federal or state banking regulations and that is not under the dominion and control of any federally or state chartered bank or lending institution, including, but not limited to, any trust company, savings bank, savings and loan association or credit union.

b. "Private ATM provider" means any person, organization, firm, partnership or company offering a private ATM for public use. This term shall not include any electronic funds transfer network or any federally or state chartered bank or lending institution.

c. "Distributor" means a person, other than a private ATM provider, who owns, invests in, or leases a private ATM, or enters into a private ATM placement agreement with a merchant and subsequently contracts with a private ATM provider for operating the private ATM.

d. "ATM placement agreement" means any contract between a merchant and a private ATM provider, or between a merchant and distributor representing a private ATM operator, concerning the operation of a private ATM at a specified site, including the merchant's place of business.

e. "Bank account" means any fund, account or other entity into which an individual may deposit money where it is governed by state and/or federal banking laws and exchange commission rules.

f. "Books and records" means a private ATM provider licensee applicant's most recent federal income tax return or, if the applicant has not previously filed tax returns, the tax returns of its principals, its general partners, or a majority of its shareholders. Said term shall also include a financial statement provided by the applicant, including a balance sheet and income statement.

g. "Consumer" or "customer" means a person or other entity conducting a transaction at a private ATM.

h. "EFT network" means one or more electronic funds transfer networks that are available to financial institutions, enabling the transfer of funds in and out of a patron's bank account when the patron engages in a sale, return or similar monetary transaction.

i. "Enforcing agent" means the Department of Consumer Affairs, the office of the New York State Attorney General, the District Attorney's Office and the New York Police Department.

j. "Financial institution" means a bank, savings association, credit union or any affiliate or subsidy thereof, which is recognized as such by the federal Gramm-Leach Bliley Act of 1999 (12 U.S.C. sec. 1811).

k. "Merchant" means an owner or lessee of the location or premises at which a private ATM is installed and made available to the merchant's customers or invitees. A merchant may own or lease a private ATM without being deemed a distributor, provided that the private ATM is intended solely for use at that merchant's location or premises and is used at the location specified on the merchant's application.

l. "Monetary transaction" means accessing an account at a financial institution with a credit, debit or other bank card at a private ATM for the purpose of making cash withdrawals, balance inquiries, deposits, fund transfers between accounts, or any other account transaction.

m. "Operating an ATM" means maintaining or providing the connection of a private ATM to any EFT network, regardless of who holds legal or equitable title in and to the private ATM.

n. "PIN" means personal identification number, a series of numbers that identifies the individual account card holder and permits use of the ATM machine.

o. "Sponsorship agreement" means any agreement between a financial institution and the private ATM provider that governs the operation of a private ATM within an EFT network.

§20-601 Licensing private ATMs.

a. Every private ATM provider, distributor or merchant operating a private ATM available for other than private use, and every private ATM in service, shall be licensed by the department, except as otherwise provided by section 20—606 of this subchapter.

b. If the private ATM provider or distributor is also registered with at least one EFT network through a sponsorship agreement with a financial institution that is a member of the EFT network, such EFT registration information shall accompany private ATM licensing records maintained by or filed with the department. Every subsequent ATM license obtained by an individual or business shall reference such registration, and shall contain any and all new information not presented with such prior registrations.

c. All licensing requirements under this subchapter must contain all information as required by the department to effectuate and enforce the provisions herein.

d. Upon the payment of the license fee the commissioner shall issue a license to the provider, distributor or merchant operating a private ATM together with a decal to be securely affixed to a conspicuous and indispensable part of the ATM, on which shall be clearly set forth the license number of the ATM and the date on which said license expires. Such decal shall be of such material, form, design and dimension and set forth such distinguishing number or other identification marks as the commissioner shall prescribe. The commissioner upon renewal of the license hereunder may continue the use of the decal for as many additional license years as he or she in his or her discretion may determine, in which event he or she shall issue and deliver to the licensee a replaceable date tag as evidence of renewal of the license, which shall be attached or affixed in such manner as he or she may prescribe by rule. The failure to affix or display such date tag in a manner prescribed by the commissioner shall constitute a violation of this section. In the event of the loss, mutilation or destruction of any decal or date tag issued hereunder, the owner may file such statement and proof of facts as the commissioner shall require, with a fee established by the department, and the department shall issue a duplicate or substitute decal or date tag.

e. Whenever a private ATM is moved from its current licensed site to another location, the ATM provider must notify the department within five (5) business days of the change in location.

f. All private ATMs placed prior to the enactment of this law must submit the appropriate application, in the form prescribed by the department, within ninety (90) days of the law's effective date.

§20-602 Terms; Applicable fees.

a. The term of this license shall be one (1) year.

b. All fees in relation to the application for, and renewal of, licenses pursuant to this chapter shall be assessed and collected by the department pursuant to the rules promulgated hereto.

***§20-603 Requirements for licensed ATMs.** All ATM operators, distributors and merchants must:*

a. Maintain and file such records as required pursuant to the rules promulgated by the department to effectuate the provisions of this subchapter;

b. Comply with all EFT network operating rules and all local, state and federal regulations governing the operations of private ATMs;

c. Maintain inventory procedures identifying the location of the private ATMs that it operates or has distributed or possesses, that are available for use by the public;

d. Operate or distribute private ATMs pursuant to a written agreement with merchants that are legally authorized to conduct business in the state of New York and New York City, and file a copy of said agreements, along with any modifications, with the department;

e. Conspicuously post on each private ATM the decal to be issued by the commissioner as required by this section bearing the license number of the ATM and the date on which said license expires, and any additional information as may be required by the commissioner at his or her discretion.

f. Conspicuously post on each private ATM a notice in at least 20-point type setting forth:

1. the name of the merchant and private ATM provider or distributor;

2. the telephone number of the private ATM provider or distributor;

3. the telephone number of the department, or any other citywide hotline number by which complaints or inquiries can be registered with the department, presently 311;

4. a telephone number by which complaints or inquiries concerning identity theft can be registered with the Federal Trade Commission, presently 877-ID-THEFT;

5. the fee charged in connection with the use of the private ATM and the maximum dollar amount that may be withdrawn in a single transaction; and

6. the following statement: "Protect your identity: Safeguard your card and PIN and take your receipt."

g. Provide each customer using a private ATM with the option to receive, immediately upon completion of each transaction, a printed receipt setting forth the exact address at which the private ATM is located; the license number of the private ATM; the nature of the transaction completed by the customer; and the amount of money transacted by the customer.

§20-604 Contracts between ATM distributors and operators. A distributor must supply the private ATM provider with the following before the parties may enter a private ATM placement agreement:

a. The distributor's full legal name and any trade name under which the distributor is conducting business;

b. the distributor's federal and state income tax identification numbers and, if the distributor is a sole proprietorship, his or her social security number.

*§20-605 **Electronic fund transfers.** Nothing in this local law shall be interpreted or construed to modify, amend, suspend, supersede, or cancel any EFT network rule or regulation.*

*§20-606 **Exemptions.** The following entities are exempt from the requirement of this local law, unless they are operating in the private ATM field:*

a. Any financial institution regulated by federal or state governments.

b. Any subsidiary or affiliate of any financial institution regulated by federal or state governments.

c. Any person providing ATM services to a financial institution regulated by the Federal Reserve Board, the Federal Deposit Insurance Corporation, the Comptroller of the Currency, the U.S. Office of Thrift Supervision, the National Credit Union Administration, or the state of New York or any of its departments where the state requires the information required by this local law.

*§20-607 **Banking regulations.** This local law shall have no effect on bank accounts, federal and state banking procedures, or banking regulations.*

*§20-608 **Revocation of license.** The commissioner may refuse to renew any private ATM license in the event that he or she determines that the holder of the ATM license has demonstrated a disregard for the provisions of this subchapter as illustrated by one or more violations of such provisions, or has otherwise practiced fraud, deceit or misrepresentation, or has been convicted of a serious offense or*

misdemeanor which, in the discretion of the commission, bears such a relationship to the operation of an ATM as to constitute a bar to licensure or renewal.

§20-609 ***Penalties.***

a. Notwithstanding any other provision of law, the department shall be authorized, upon due notice and hearing, to impose civil penalties for the violation of any provision of this subchapter. The department shall have the power to render decisions and orders and to impose civil penalties not to exceed the amounts specified in section 20-726 of the administrative code. All proceedings authorized pursuant to this paragraph shall be conducted in accordance with rules promulgated by the commissioner. The remedies and penalties provided for in this section shall be in addition to any other remedies or penalties provided for the enforcement of such provisions under any other law including, but not limited to, civil or criminal actions or proceedings.

b. All such proceedings shall be commenced by the service of a notice of violation returnable to the administrative tribunal of the department. The commissioner shall prescribe the form and wording of notices of violation. The notice of violation or copy thereof when filled in and served shall constitute notice of the violation charged, and, if sworn to or affirmed, shall be prima facie evidence of the facts contained therein.

§20-610 ***Severability.*** *If any section, subsection, sentence, clause, phrase or other portion of this local law is, for any reason, declared unconstitutional or invalid, in whole or in part, by any court of competent jurisdiction, such portion shall be deemed severable, and such unconstitutionality or invalidity shall not affect the validity of the remaining portions of this law, which remaining portions shall continue in full force and effect.*

§3. This local law shall take effect ninety (90) days after it shall have been enacted into law; provided that the commissioner may take any actions necessary prior to such effective date for the implementation of this local law including, but not limited to, the adoption of any necessary rules.

Referred to the Committee on Consumer Affairs.

Int. No. 81

By Council Members Gioia, Fidler, Foster, Gentile, Martinez, Nelson and Weprin.

A Local Law to amend the administrative code of the city of New York, in relation to the consumer bill of rights regarding tax preparers.

Be it enacted by the Council as follows:

Section 1. Subdivision a of section 20-740.1 of the administrative code of the city of New York is hereby amended to read as follows:

§20-740.1. Consumer bill of rights regarding tax preparers.

* * * *

3. Basic information on what a tax preparer is and is not required to do for a consumer, such as the preparer's responsibility to sign a return, that a tax preparer may not be required to accompany a consumer to an audit but the company may have a voluntary policy to accompany consumers to audits; [and]

4. The telephone numbers of the department for information and complaints; *and*

5. A statement that the consumer has the right to receive the following information from the tax preparer immediately upon request:

(a) A written list of the refund and tax preparation services offered by the tax preparer;

(b) A written estimate of the total costs to the consumer for each refund and tax preparation service offered by the tax preparer. Such an estimate shall include basic filing fees, interest rates, Refund Anticipation Loan processing fees, and any other related fees or charges;

(c) A written interest rate estimation for a Refund Anticipation Loan or any other loan service offered by the tax preparer; and

(d) For each refund and tax preparation service offered by the tax preparer, a written estimate of the period of time the consumer can reasonably expect to wait for his or her tax refund.

§2. Subdivision b of Section 20-740.1 of the administrative code of the city of New York is hereby amended to read as follows:

b. The department shall [take action to] publicize the availability of the flier. *The department shall provide a [*A] copy of the consumer bill of rights regarding tax preparers [shall be provided] to *any requesting* individuals or businesses *within ten business days of such a request and shall, no later than November 15 of each year, send the consumer bill of rights regarding tax preparers [*on request to the department, and shall be sent by the department no later than November 15 of each year]to each tax preparer who has been found to be in violation of this subchapter or any other provision of this chapter within the previous calendar year. *In addition, e[*E]ach tax preparer subject to this subchapter shall obtain a current consumer bill of rights regarding tax preparers from the department and shall reproduce it so that it is clear and legible. As of January 1 of each year, each *such* tax preparer shall give to each [customer] *consumer*, free of charge, a current, legible copy of the consumer bill of rights regarding tax preparers prior to any discussion with the [customer] *consumer. Each such tax preparer shall also verbally direct the consumer to review the consumer bill of rights regarding tax preparers and shall answer any questions the consumer may have about its contents.*

§3. This local law shall take effect 60 days after it is enacted.

Referred to the Committee on Consumer Affairs.

Int. No. 82

By Council Members Gioia, Martinez, McMahon, Recchia and Weprin.

A Local Law to amend the administrative code of the city of New York, in relation to the commercial display of video or computer games.

Be it enacted by the Council as follows:

Section 1. Legislative findings and intent. The Entertainment Software Rating Board, the video game industry's self-regulating body, has created an independent and voluntary content-based rating system for video and computer games; the ratings established by the Entertainment Software Rating Board are printed on the games' packaging and included in advertisements. Video or computer games that are intended for consumers who are at least seventeen years of age are rated as 'Mature' or 'Adults Only.'

The Council finds that video or computer games receive such ratings due to strong language or expressions of violence, sexual activity or substance abuse. Accordingly, the Council finds a compelling governmental interest in ensuring that video games that depict such content and which are intended to be sold to consumers who are at least seventeen years of age are clearly identifiable at the point of sale.

§2. Chapter 4 of title 20 of the administrative code of the city of New York is hereby amended by adding a new subchapter 13 to read as follows:

SUBCHAPTER 13

COMMERCIAL DISPLAY OF VIDEO OR COMPUTER GAMES

§ 20-699.7 Definitions. For the purposes of this subchapter,

(i) "violent video or computer game" means an interactive video or computer game that has received a rating of 'mature' or 'adults only' from the Entertainment Software Rating Board or is otherwise identified, through the use of labels or markings on its packaging, as containing strong language or expressions of violence, sexual activity or substance abuse; and

(ii) "person" means any natural person, corporation, partnership, firm, organization, association or other legal entity.

§20-699.8 Restrictions on game placement; identification of violent video games; display of rating system. a. Any person who sells, rents or offers to sell or rent violent video or computer games shall locate such games in a display, container, or other space that is physically separated from all other video or computer games.

b. Any person who sells, rents or offers to sell or rent violent video or computer games shall conspicuously identify such games at the point of display and shall indicate that such games are only intended for consumers who are at least seventeen years of age.

c. Any person who sells, rents or offers to sell or rent any video or computer game must conspicuously post, at the point of display, a list of the current rating system for video and computer games and a clear description of each rating included therein.

§20-699.9 Penalties. Any person who violates any provisions of this subchapter shall be liable for a civil penalty of not less than fifty dollars nor more than one hundred dollars for the first violation and for each succeeding violation a civil penalty of not less than one hundred dollars nor more than two hundred fifty dollars. For the purposes of paragraph a of section 20-699.8, each placement of a single violent video game in a display, container, or other space that is not physically separated from all other video or computer games shall constitute a separate violation. For the purposes of paragraph b of section 20-699.8, each day that violent video or computer games are displayed without proper description shall constitute a separate violation. For the purposes of paragraph c of section 20-699.8, each day that video or computer game ratings and descriptions are not conspicuously displayed shall constitute a separate violation.

§3. This local law shall take effect 60 days after it is enacted.

Referred to the Committee on Consumer Affairs.

Int. No. 83

By Council Members Gioia, Gentile, Martinez, Weprin and Arroyo.

A Local Law to amend the administrative code of the city of New York, in relation to protecting department of education employees from certain adverse personnel action.

Be it enacted by the Council as follows:

Section 1. Chapter one of title twelve of the administrative code of the city of New York is amended to add a new section 12-113.1 to read as follows:

§12-113.1 Protection of department of education employees. a. Definitions. For purposes of this section:

1. "Adverse personnel action" shall mean dismissal, demotion, suspension, disciplinary action, negative performance evaluation, any action resulting in loss of staff, office space or equipment or other benefit, failure to appoint, failure to promote, or any transfer or assignment or failure to transfer or assign against the wishes of the affected officer or employee.

2. "Commissioner" shall mean the special commissioner of investigation for the New York city school district.

3. "Remedial action" shall mean any appropriate action to restore the officer or employee to his or her former status, which may include one or more of the following:

(a) reinstatement of an officer or employee to a position the same as or comparable to the position such officer or employee held or would have held if not for the adverse personnel action, or, as appropriate, to an equivalent position;

(b) reinstatement of full seniority rights;

(c) payment of lost compensation; and

(d) other measures necessary to address the effects of the adverse personnel action.

b. 1. No officer or employee of the department of education shall take an adverse personnel action with respect to another officer or employee of such department who, acting in the best interests of students, has made a complaint or report regarding any department or school policy or procedure that presents a risk of harm to the health, safety, general welfare or educational welfare of students.

2. The provisions of this section shall apply to any complaint or report made to (i) the commissioner, (ii) a council member, the public advocate, the comptroller or the mayor, who shall refer such complaint or report to the commissioner or (iii) any superior officer or employee in a school, the department of education or the state department of education.

c. An officer or employee who believes that another officer or employee has taken an adverse personnel action in violation of subdivision b of this section may report such action to the commissioner.

d. 1. Upon receipt of any complaint or report made pursuant to subdivisions b or c of this section, the commissioner shall conduct an inquiry to determine whether an adverse personnel action has been taken in violation of this section.

2. Within fifteen days after receipt of an allegation of a prohibited adverse personnel action, the commissioner shall provide written notice to the officer or employee making the allegation that the allegation has been received by the commissioner. Such notice shall include the name of the person in the commissioner's office who shall serve as a contact with the officer or employee making the allegation.

3. Any investigation initiated under this section shall be completed within three months of the receipt of the complaint or report made pursuant to subdivisions b or c of this section; provided that the commissioner may affirmatively state that additional time, which shall not exceed three months, is necessary to complete such investigation. If the commissioner determines that additional time is necessary to complete any investigation, the commissioner shall provide written notice of such determination to the officer or employee who submitted such complaint or report.

4. Upon the completion of an investigation initiated under this section, the commissioner shall provide a written statement of the final determination to the officer or employee who complained of the adverse personnel action taken in violation of this section. The statement shall include the commissioner's recommendations, if any, for remedial action, or shall state that the commissioner has determined to dismiss the complaint and terminate the investigation.

5. Upon a determination that an adverse personnel action has been taken in violation of this section, the commissioner shall without undue delay report his or her findings and, if appropriate, recommendations to the chancellor of the department of education, who (i) shall determine whether to take remedial action within three months of the receipt of such findings, provided that the chancellor may affirmatively state that additional time, which shall not exceed three months, is necessary to make such a determination, and (ii) shall report such determination to the commissioner in writing. Upon a determination that the chancellor has failed to take appropriate remedial action, the commissioner shall consult with the chancellor and afford such person reasonable opportunity to take such action. If such action is not taken within two months of such consultation, the commissioner shall report his or her findings and the response of the chancellor to the mayor.

e. If the commissioner dismisses a complaint received pursuant to this section, or the chancellor fails to take appropriate remedial action regarding a complaint as determined by the commissioner, the officer or employee who believes that he or she has been the subject of the adverse personnel action described in any such complaint may institute a civil action in a court of competent jurisdiction for relief, which may include but not be limited to: (i) an injunction to restrain continued violation of this section, (ii) remedial action as defined by this section and (iii) payment by an employer of reasonable attorneys' fees and court costs. Such civil action shall be taken within one year of the dismissal of any such complaint by the commissioner or receipt by the mayor of a report regarding the chancellor's failure to take any such appropriate remedial action.

f. It shall be a defense to any action brought pursuant to subdivision e of this section that the adverse personnel action was predicated upon grounds other than the employee's exercise of any rights protected by this section. A court, in its discretion, may order that reasonable attorneys' fees and court costs be awarded to an employer if the court determines that an action brought pursuant to subdivision e of this section was without basis in law or in fact.

g. Nothing in this section shall be construed to limit the rights of any officer or employee with regard to any administrative procedure or judicial review, nor shall anything in this section be construed to alter any provision of a valid collective bargaining agreement.

h. Not later than October thirty-first of each year, the commissioner shall prepare and forward to the mayor and the council a report on the complaints governed by this section during the preceding fiscal year. The report shall include, but not be limited to, the number of complaints received pursuant to this section, and the disposition of such complaints.

§2. This local law shall take effect immediately.

Referred to the Committee on Education.

Int. No. 84

By Council Members Gioia, Fidler, Gentile, Mark-Viverito, Mendez, Nelson, Sanders, Stewart, Weprin, Yassky and Lanza.

A Local Law to amend the administrative code of the city of New York, in relation to requiring all firefighters to be equipped with personal safety ropes.

Be it enacted by the Council as follows:

Section 1. Declaration of legislative findings and intent. As first responders to fires, public safety and medical emergencies, disasters and terrorist acts, firefighters protect the lives and property of New York City residents and visitors. Firefighting is perhaps one of the most dangerous and hazardous occupations, especially in New York City. Each time firefighters respond to an emergency, they are faced with the risk of serious bodily injury or even death. In order to adequately protect the health and safety of all firefighters, it is imperative that they be provided with equipment appropriate for the nature of the risk to which they will be exposed.

The deaths of two New York City firefighters during a Bronx fire on January 23, 2005, exemplified the value of firefighters having personal safety ropes. This Bronx fire was the first time the absence of the personal safety ropes had been a factor in a firefighter's death since their elimination in 2000. The compact nature of the city's housing makes personal safety ropes especially valuable in New York. The fire where Lieutenant Curtis Meyran and firefighter John Bellew died was in the rear of a building on a dense block with neighboring structures just feet from each wall. In places like the Bronx that have larger multiple dwellings it may be very difficult to get ladders to the backs or the sides of those types of buildings. Where in other places a fire truck's ladder reaches stranded individuals, in New York, personal safety ropes can often be firefighters' only safe means of fleeing.

Until 2000, every New York City firefighter had a personal safety rope and harness issued by the fire department. Because of their bulk and rising costs, and the department's belief that firefighters' safety would not be compromised, the FDNY stopped disbursing these ropes. However, after the deadly blaze in the Bronx, the value of personal safety ropes has become clear. Therefore, legislation which ensures that all firefighters are provided with a personal safety rope and harness is necessary in order to safeguard firefighters from the dangerous or harmful consequences that may result if firefighters do not have such devices when responding to an emergency situation.

§2. Chapter 1 of title 15 of the administrative code of the city of New York is amended by adding new section 15-120.1 to read as follows:

§15-120.1 Personal safety ropes. *Each firefighter and fire officer shall be provided with a personal safety rope and harness, the grade, quality, size, and weight of which shall be determined by the commissioner.*

§3. This local law shall take effect sixty days after it shall be enacted.

Referred to the Committee on Fire and Criminal Justice Services.

Int. No. 85

By Council Members Gioia, Foster, Gentile, Mendez, Nelson, Sanders and Weprin.

A Local Law to amend the New York city charter, in relation to regularly updated online performance measures and statistics on city agencies.

Be it enacted by the Council as follows:

Section 1. Statement of findings and purpose. Transparency and accountability are the cornerstones of good government. A comprehensive reporting system can increase effective results, both by bringing light to the successes and deficiencies in the management of City affairs, and by enabling top management to marshal resources towards producing quick outcomes. Annual performance data for City agencies currently found in the Mayor's Management Report (MMR), however, is limited in its scope and depth. Specifically, the MMR fails to provide detailed information on a real-time basis, and omits information regarding resource allocation. Furthermore, while select City agencies report additional periodic data, this data is equally limited in the extent to which it illuminates the use of City resources. As a result, City government can skirt accountability to the people from whom it, like all governments, derives its legitimacy and to whom it must ultimately answer.

In 1994, the New York City Police Department adopted a now well-known data management and analysis system, CompStat, to efficiently allocate department resources in the constant fight against crime. Managerial accountability and regular, frequent, up-to-date reporting are fundamental elements of the CompStat system. CompStat's success derives from its unrelenting focus on measurable, quantifiable objectives. It has since been adopted in municipalities nationwide.

Taking the CompStat model a step further, the City of Baltimore developed and implemented CitiStat, a comprehensive management and accountability tool for many of its municipal agencies. CitiStat requires 16 Baltimore agencies or initiatives to produce regular reports on performance data. As with CompStat, this data is analyzed and discussed in accountability sessions held between the mayor and the commissioners and top management of target agencies. CitiStat analysts examine the data to assess productivity, to determine the geographic areas with the greatest need for City services, and to identify and respond to problematic trends quickly, before they escalate. By successfully analyzing the availability of resources and aligning it with demand, CitiStat has reportedly produced over $43 million in cost savings, cost avoidances, and revenue enhancements for Baltimore in its first three years of operation. Its successes have included filling 95 percent of potholes within 48 hours, reducing violent crime by 29 percent, decreasing its backlog of cleanup projects and planting more trees. In fact, outside of the police department, overtime expenditures have decreased by 40 percent across city agencies in Baltimore, resulting in $24 million in savings.

The Council finds that current reporting requirements for City agencies—predominately through the MMR—do not allow for sufficient transparency into the daily workings of the vast bureaucracy of New York City's government, and are, at best, a blunt tool for gauging its efficiency and effectiveness. A data reporting system such as CompStat or CitiStat merits implementation at all New York City agencies. By keeping the Mayor, the Council and the public apprised, the day-to-day management of City agencies will become more transparent and more accountable. The detailed data reported by City agencies and its subsequent analysis can be used to improve services and to maximize the efficient use of resources by City agencies.

Therefore, the Council finds that City agencies should make public online a regular report card of performance indicators. The Council recognizes that each City agency has unique goals and responsibilities, and each agency's "report card" will differ accordingly. Nevertheless, such report card should include, at minimum, data currently reported in the Mayor's Management Report, an accounting of all expenditures, and the number of employees, disaggregated by functional unit or division. This information should be presented in such a manner that the public and the Council can discern both periodic and year-to-date data and compare those to previous reporting periods. Furthermore, each City agency should attempt, where applicable, to provide an inventory of its facilities and vehicles, a report of its achievements and responses to citizen requests, and any additional data that can assist the public in assessing the effectiveness of the agency, and the Council in the fulfillment of its Charter-mandated oversight responsibilities. The data provided should be further analyzed to identify geographic or seasonal patterns and trends.

§2. Section 12 of the New York city charter is hereby amended to add a new subdivision f to read as follows:

f. The mayor shall publish on the internet, make accessible through one page of the city's web site, and regularly update, performance measures and statistics on each city agency. Such performance measures and statistics shall include the following for each city agency, disaggregated by division or functional unit:

(1) assessment of how the agency fulfills its mission, duties and responsibilities, including any statistic or measure currently reported in the mayor's management report and supplementary indicator tables; and

(2) how each agency allocates its resources, including headcount, expenditures and an inventory of its capital assets; and

(3) geographic or time trends reflected in any measure or statistic reported for any city agency.

Any information expressed as an average number, shall also include the numerical range of the data. Agencies shall consult with the appropriate committee of the council to determine what information such agency shall report, and the frequency with which reports shall be submitted.

§3. This local law shall take effect immediately upon enactment into law.

Referred to the Committee on Governmental Operations.

Res. No. 74

Resolution denouncing the decision of the Transportation Security Administration to allow small scissors and tools, which could easily be used as weapons, to be carried on commercial passenger planes, and supports efforts by the United States Congress to reinstate the ban of such objects.

By Council Members Gioia, Addabbo Jr., Koppell, Nelson, Weprin and Gonzalez.

Whereas, The terrorist attacks upon the United States on September 11, 2001 involved the use of common box cutters as weapons, which resulted in unparalleled, widespread devastation; and

Whereas, More than four years after the September 11 attacks, terrorism continues to threaten national and international security, causing citizens and governments around the globe to remain vigilant; and

Whereas, It is important for the Transportation Security Administration to improve its efforts in detecting explosives; however, such efforts should not undermine existing protections from common items that can potentially be used as dangerous weapons; and

Whereas, Permitting scissors, tools, and other sharp objects on an aircraft cabin can leave flight attendants and passengers onboard vulnerable to harm, while public venues, such as museums, sporting arenas, and courthouses, continue to ban such items because of the possible threat to public safety; and

Whereas, U.S. Representative Joseph Crowley introduced H.R. 4452, "Leave All Blades Behind Act," a bill that seeks to maintain the post-9/11 ban on weapons that can threaten the lives of airplane passengers and flight attendants; in addition, U.S. Senator Hillary Clinton introduced S. 2083, a bill which would also freeze the former list of prohibited items in place; and

Whereas, Recognizing the dire consequences that can result from the decision of the Transportation Security Administration to relax the ban on objects that can be carried on board airplanes by passengers, it is imperative that this policy be amended; now, therefore, be it

Resolved, That the Council of the City of New York denounces the decision of the Transportation Security Administration to allow small scissors and tools, which could easily be used as weapons, to be carried on commercial passenger planes, and supports efforts by the United States Congress to reinstate the ban of such objects.

Referred to the Committee on Public Safety.

Int. No. 86

By Council Members James, Avella, Foster, Gentile, Koppell, Mark-Viverito, Mendez, Nelson, Sanders, Yassky, Liu, Barron and Recchia.

A Local Law to amend the administrative code of the city of New York, in relation to re-inspections, increased penalties for false statements and additional remedies for failure to correct violations under the housing maintenance code.

Be it enacted by the Council as follows:

Section 1. Paragraph 45 of subdivision a of section 27-2004 of the administrative code of the city of New York is amended to read as follows:

45. The term "owner" shall mean and include the owner or owners of the freehold of the premises or lesser estate therein, a mortgagee or vendee in possession, assignee of rents, receiver, executor, trustee, lessee, agent, or any other person, firm or corporation, directly or indirectly in control of a dwelling. [Whenever a multiple dwelling shall have been declared a public nuisance to any extent pursuant to section 27-2114 of article one of subchapter five of this chapter and such declaration shall have been filed, as therein provided, and for the purposes of section 27-198 of article nineteen of subchapter one and section 27-2093 of article one of subchapter four of this code, t] The term "owner" shall be deemed to include, in addition to those mentioned hereinabove, all the officers, directors and persons having an interest in more than ten per cent of the issued and outstanding stock of the owner as herein defined, as holder or beneficial owner thereof, if such owner be a corporation other than a banking organization as defined in section two of the banking law, a national banking association, a federal savings and loan association, the mortgage facilities corporation, savings banks life insurance fund, the savings banks retirement system, an authorized insurer as defined in section one hundred seven of the insurance law, or a trust company or other corporation organized under the laws of this state all the

capital stock of which is owned by at least twenty savings banks or by at least twenty savings and loan associations or a subsidiary corporation all of the capital stock of which is owned by such trust company or other corporation.

§2. Subdivision a of section 27-2110 of the administrative code of the city of New York is amended to read as follows:

a. All actions or proceedings instituted to recover penalties imposed by this code, or to recover any costs, expenses and disbursements incurred by the department for the *inspection,* repair or rehabilitation of a dwelling that are reimbursable under the provisions of this code, shall be brought in the name of the department by the corporation counsel.

§3. Subdivision (a) of section 27-2115 of the administrative code of the city of New York, as amended by section one of local law number 65 for the year 1987, is amended to read as follows:

(a) [A] *In addition to any other penalties and remedies herein provided, a* person who violates any law relating to housing standards shall be subject to a civil penalty of not less than ten dollars nor more than fifty dollars for each non-hazardous violation, not less than twenty-five dollars nor more than one hundred dollars and ten dollars per day for each hazardous violation, [fifty] *two hundred fifty* dollars per day for each immediately hazardous violation, occurring in a multiple dwelling containing five or fewer dwelling units, from the date set for correction in the notice of violation until the violation is corrected, and not less than fifty dollars nor more than one hundred fifty dollars and, in addition, [one hundred twenty-five] *six hundred twenty-five* dollars per day for each immediately hazardous violation, occurring in a multiple dwelling containing more than five dwelling units, from the date set for correction in the notice of violation until the violation is corrected. A person [willfully] making a false certification of correction of a violation *or submitting false or intentionally misleading information in support of a request for postponement of the date by which a violation is to be corrected* shall be subject to a civil penalty of not less than [fifty] *two hundred fifty* dollars nor more than [two hundred fifty] *one thousand two hundred fifty* dollars for each violation falsely certified *or for which postponement of the date correction is sought,* in addition to the other penalties *and remedies* herein provided.

§4. Subdivision (c) of section 27-2115 of the administrative code of the city of New York is amended to read as follows:

(c) The said notice of violation shall also specify the date by which each violation shall be corrected. Such date shall be:

(1) ninety days from the date of mailing of the notice in the case of non-hazardous violations; (2) thirty days from the date of mailing of the notice in the case of hazardous violations; and (3) twenty-four hours in the case of immediately hazardous violations in which case the notice shall be served by personal delivery to a person in charge of the premises or to the person last registered with the city as the owner or agent, or, by registered or certified mail, return receipt requested, to the person in charge of the premises or to the person last registered with the department as the owner or agent; provided that where a managing agent has registered with the department, such notice shall be served on the managing agent. Service of the notice shall be deemed completed five days from the date of mailing. The department may postpone the date by which a violation shall be corrected upon a showing, made within the time set for correction in the notice, that prompt action to correct the violation has been taken but that full correction cannot be completed within the time provided because of technical difficulties, inability to obtain necessary materials[, funds,] or labor, or inability to gain access to the dwelling unit wherein the violation occurs or such other part of the building as may be necessary to make the required repair. In the case of immediately hazardous violations such showing must be made prior to the close of business on the next full day the department is open following the period set for correction. The department may condition such postponement upon the applicant's written agreement to correct all violations placed against the premises by the department or other appropriate governmental agency and to satisfy within an appropriate period of time, all sums owing to the department for repairs made to said premises. The department may require such other conditions as are deemed necessary to insure correction of the violations within the time set by the postponement. The department shall prepare a written statement signed and dated by the person making such decision setting forth the reasons for the postponement of the date by which a violation shall be corrected or the reason for the denial of such application for postponement and said written statement shall be part of the record of the department. *Any postponement found to be based on false or misleading information shall be of no effect and any penalty assessed shall be based on each day the violation continues beyond the first date by which the violation was to be corrected as specified by the department in a notice of violation or by a court of competent jurisdiction.*

§5. Paragraphs (1), (2) and (3) of subdivision (f) of section 27-2115 of the administrative code of the city of New York are amended to read as follows:

(1) The notice of violation shall direct that when any violations of a particular class have been corrected, they shall be certified at one time to the department. Such certification shall be made in writing, under oath by the registered owner, a registered officer or director of a corporate owner or by the registered managing agent. Such certification shall be delivered to the department and acknowledgement of receipt therefor obtained or shall be mailed to the department by certified or registered mail, return receipt requested, no later than fourteen days after the date set for correction in the case of non-hazardous and hazardous violations, and no later than five days after the date set for correction in the case of immediately hazardous violations, and shall include the date when each violation was corrected. Such certification of correction shall be supported by a sworn statement by the person who performed the work if performed by an employee or agent of the owner.

[(2)] A copy of such certification shall then be mailed no more than twelve calendar days from the date of receipt of notification to any complainant by the department.

[(3) Such] *(2) Any* violation *for which a valid certification has been received* shall be deemed corrected seventy days from the date of *such* receipt [of such certification by the department] unless the department has determined by a re-inspection made within such period that the violation still has not been corrected and has recorded such determination upon its records, and has notified the person who executed the certification by registered or certified mail to the address stated in the certification that it has been set aside and the reasons therefore; a copy of such notice shall be sent to the complainant. *The department may re-inspect any violation which has been certified as corrected in accordance with paragraph (1) of this subdivision. In the case of a violation that is classified as immediately hazardous pursuant to subdivision (d) of this section the department shall re-inspect such violation within thirty days of receipt of such certification or immediately upon being given reasonable cause to believe that such certification is false and that the violation has not been corrected. Any person who executes a false certification shall be liable for triple the cost to the department of any re-inspection.*

(3) When an owner has failed to correct an immediately hazardous violation noticed pursuant to subdivision (c) of this section, the department shall correct such violation within five days of the date of failure by such owner to certify correction of such violation pursuant to paragraph (1) of this subdivision, or within five days of the date that the department mails a notice of invalidated certification to such owner pursuant to paragraph (2) of this subdivision; in such instance, the owner shall be liable to the department for triple the cost to the department for the correction of the violation.

Should the department fail to uphold its obligations under this subdivision, a tenant or a group of tenants may individually or jointly apply to the housing part for an order directing the department to appear before the court. Such order shall be issued at the discretion of the court for good cause shown, and shall be served as the court may direct. If the court finds that the department has failed to comply with this section, it shall direct the department to comply immediately.

§6. Subdivision (h) of section 27-2115 of the administrative code of the city of New York is amended to read as follows:

(h) Should the department fail to issue a notice of violation upon the request of a tenant or group of tenants within thirty days of the date of such request, or if there is a notice of violation outstanding respecting the premises in which the tenant or group of tenants resides, the tenant or any group of tenants, may individually or jointly apply to the housing part for an order directing the owner and the department to appear before the court. Such order shall be issued at the discretion of the court for good cause shown, and shall be served as the court may direct. If the court finds a condition constituting a violation exists, it shall direct the owner to correct the violation and, upon failure to do so within the time set for certifying the correction of such violation pursuant to subdivision (c) of this section, it shall impose a penalty in accordance with [subdivision (a)] of this section, *together with costs and disbursements and such other relief as the court shall deem appropriate to secure continuing compliance with the code.*

§7. Subdivision (i) of section 27-2115 of the administrative code of the city of New York is amended to read as follows:

(i) In the event an owner fails to correct a violation within the time specified in a notice of violation sent to the owner, his or her agent or other person responsible for its correction pursuant to subdivision (b) of this section, or within any additional time granted pursuant to subdivision (c) of this section, and *either* no certification of correction with respect to such violation has been filed by the owner or his or her registered managing agent in accordance with the provisions of subdivision (f) hereof *or a false certification has been filed,* then at any time after thirty days have elapsed from the date such violation was to be corrected, any tenant or group of tenants who requested that the violation be issued may apply individually or jointly, to the housing part for an order directing the owner and the department to appear before the court. Where the violation is hazardous or immediately hazardous, the thirty-day requirement shall be waived. Said order shall be issued by the court for good cause shown. If the court finds that the violation has not been corrected, that more than thirty days have elapsed since the time to correct same has expired where a violation is non-hazardous, and that *either* no certification of correction has been filed in accordance with the provisions of subdivision (f) hereof *or a false certification has been filed,* then it shall [direct the owner to correct the violation and shall] assess penalties as provided in [subdivision (a) of] this section, *together with costs, disbursements, attorneys fees, and such other relief as it shall deem appropriate to secure continuing compliance with the code, and shall:*

(1) direct the owner to correct the violation within a specified time period, subject to additional penalties for non-compliance, or

(2) order the department to cause such repairs to be made with costs to be reimbursed by the owner and subject to the collection and lien provisions of article 8 of this chapter.

In the case of a violation classified as immediately hazardous, the tenant shall be granted an abatement of the full amount of rent prorated from the first date by which the violation was to be corrected as specified in a notice of violation or court order until the violation is corrected. If the tenant has already paid all or part of the rent for that period, future rent will be reduced by the amount paid as such future rent becomes due.

It shall be a sufficient defense to the proceeding if the owner or any mortgagee or lienor of record establish that: Any tenant or resident of the dwelling has refused entry to the owner or his agent to a portion of the premises for the purpose of correcting such condition or conditions.

Nothing in this subdivision shall affect or preclude the right of any party to any recovery otherwise authorized by common law, or by statute, law or rule.

§9. Paragraph (3) of subdivision (k) of section 27-2115 of the administrative code of the city of New York is amended to read as follows:

(3) Notwithstanding any other provision of law, the owner shall be responsible for the correction of all violations placed pursuant to article eight of subchapter two of this code, but in an action for civil penalties pursuant to this article may in defense or mitigation of such owner's liability for civil penalties show:

(i) That the condition which constitutes the violation did not exist at the time the violation was placed; or

(ii) That he or she began to correct the condition which constitutes the violation promptly upon discovering it but that full correction could not be completed expeditiously because of technical difficulties, inability to obtain necessary materials[, funds] or labor, or inability to gain access to the dwelling unit wherein the violation occurs, or such other portion of the building as might be necessary to make the repair; or

(iii) That he or she was unable to obtain a permit or license necessary to correct the violation, provided that diligent and prompt application was made therefor; [or]

(iv) That the violation giving rise to the action was caused by the act or negligence, neglect or abuse of another not *an owner and not* in the employ or subject to the direction of [the] *an* owner; *or*

(v) That the violation giving rise to the action was caused by the act or negligence, neglect or abuse on the part of a tenant who the owner can demonstrate is legally liable for the condition constituting the violation, except in those cases in which a public part of a dwelling or the dwelling unit of another tenant is affected by such violation.

Where the aforesaid allegations are made by way of mitigation of penalties, the owner shall show, by competent proof, pertinent financial data, and efforts made to obtain necessary materials[, funds] or labor or to gain access, or to obtain a permit or license and such other evidence as the court may require.

If the court finds that sufficient mitigating circumstances exist, it may remit all or part of any penalties arising from the violation, but may condition such remission upon a correction of the violation within a time period fixed by the court.

§10. Subdivisions (b) and (c) of section 27-2116 of the administrative code of the city of New York are amended to read as follows:

(b) The owner shall be responsible for the correction of all violations, but in an action for civil penalties may in defense or mitigation of such owner's liability for civil penalties show:

(1) That the violation or violations were corrected within the time specified in the notice of violation and the certificate of compliance was duly filed; or

(2) That the violation did not exist at the time the notice of violation was served; or in mitigation or remission of his or her liability for civil penalties show:

(i) That he or she began to correct the violation promptly upon receipt of the notice of violation, but that its full correction could not be completed within the time provided because of technical difficulties, inability to obtain necessary materials[, funds] or labor, or inability to gain access to the dwelling unit wherein the violation occurs, or such other portion of the building as might be necessary to make the repair; or

(ii) That he or she was unable to obtain a permit or license necessary to correct the violation, provided that diligent and prompt application was made therefor; or

(iii) That the violation giving rise to the action was caused by the act or negligence, neglect or abuse of another not *an owner and not* in the employ or subject to the direction of the defendant.

Where the aforesaid allegations are made by way of mitigation of penalties, the owner shall show, by competent proof, pertinent financial data, and efforts made to obtain necessary materials[, funds] or labor or to gain access, or to obtain a permit or license and such other evidence as the court may require.

If the court finds that sufficient mitigating circumstances exist, it may remit all or part of any penalties arising from the violation, but may condition such remission upon a correction of the violation within a time period fixed by the court.

(c) A defendant in an action for civil penalties who asserts that a violation was caused by the act, negligence, neglect or abuse of a third party, *including another owner*, who has commenced an action against such third party and may request the court to permit consolidation of defendant's action for the reasonable cost of such correction against such third party with the pending action for penalties, or if no other action is then pending against such third party, defendant may make application to implead the party alleged to have caused the act, negligence, neglect or abuse. Upon a finding that the violation in issue was caused by such third party, a judgment shall be entered against such third party in favor of the defendant for the reasonable cost of such correction.

§11. This local law shall take effect six months after its enactment.

Referred to the Committee on Housing and Buildings.

Res. No. 75

Resolution strongly urging the United States Congress to pass H.R. 676, which would provide universal healthcare for all Americans.

By Council Members Koppell, Fidler, Foster, Gentile, Gerson, Mark-Viverito and Sanders.

Whereas, According to the National Coalition on Heath Care, approximately 45 million Americans are without health insurance, and, in 2003, there were 8.4 million children uninsured in the United States; and

Whereas, Health insurance costs for Americans and the number of Americans without health insurance continues to rise; and

Whereas, According to the Kaiser Family Foundation and the Health Research and Educational Trust, premiums for employee-sponsored health insurance in the United State have been rising five times faster on average than workers' salaries; and

Whereas, Working families are having an increasingly harder time making ends meet, and, according to the U.S. Census Bureau, 20 percent of the population in New York City lives at or below poverty level; and

Whereas, According to a recent study by Harvard University researchers, 50 percent of all bankruptcy filings were partly the result of overwhelming medical expenses; and

Whereas, According to the National Coalition on Heath Care's Facts on Health Care Costs, national health care spending is 4.3 times the amount spent on national defense; and

Whereas, Physicians for a National Health Program reports that under a H.R. 676, the Medicare for All Plan, the country could save over $286 billion a year in health care costs; and

Whereas, In addition to helping workers, a universal healthcare system could reduce the average cost paid by employers for employee benefits; and

Whereas, The benefits from universal health care could include extending the life of untold numbers of Americans who, without health insurance, have higher mortality rates than the insured, according to the National Coalition on Health Care; and

Whereas, Universal healthcare could benefit all Americans, especially those most vulnerable; now, therefore, be it

Resolved, That the Council of the City of New York strongly urges the United States Congress to pass H.R. 676, which would provide universal healthcare for all Americans.

Referred to the Committee on Health.

By Council Members Lanza, Oddo, Mendez and Nelson.

A Local Law to amend the administrative code of the City of New York, in relation to the regulation of receptacles for removal of waste material.

Be it enacted by the Council as follows:

Section one. Section 16-120 of the administrative code of the city of New York is hereby amended by adding a new subdivision j to read as follows:

j. Owners or residents of one-, two- or three-family dwellings who are sixty-five years of age or older shall be exempt from the requirements contained in subdivisions c and d of this section relating to times for the placing out and removal of trash receptacles and other refuse. The department shall, upon written application in such manner as the department shall require, issue to all those who qualify for this exemption decals to be placed on their trash receptacles indicating that they are exempt from said requirements.

§2. This local law shall take effect on January 1, 2007, except that the commissioner of sanitation shall take such measures, as are necessary for the implementation of this local law prior to such date, including the promulgation of rules.

Referred to the Committee on Sanitation and Solid Waste Management.

Int. No. 88

By Council Members Liu, Fidler, Foster, Gentile, Gerson, Mark-Viverito, Martinez, Mendez, Nelson, Sanders, Weprin and White.

A Local Law to amend the administrative code of the city of New York, in relation to increasing the fines for false self-certifications of housing code violations, to requiring that occupants are notified when a violation has been self-certified, and to extending the length of time in which the

Department of Housing Preservation and Development may reinspect self-certified violations before such violations are "deemed corrected."

Be it enacted by the Council as follows:

Section 1. Subsection a of section 27-2115 of the administrative code of the city of New York as last amended by local law 65 of 1987, is amended to read as follows:

(a) A person who violates any law relating to housing standards shall be subject to a civil penalty of not less than ten dollars nor more than fifty dollars for each non[-]hazardous violation, not less than twenty-five dollars nor more than one hundred dollars and ten dollars per day for each hazardous violation, fifty dollars per day for each immediately hazardous violation, occurring in a multiple dwelling containing five or fewer dwelling units, from the date set for correction in the notice of violation until the violation is corrected, and not less than fifty dollars nor more than one hundred fifty dollars and, in addition, one hundred twenty-five dollars per day for each immediately hazardous violation, occurring in a multiple dwelling containing more than five dwelling units, from the date set for correction in the notice of violation until the violation is corrected. A person [willfully] making a false certification of correction of a violation shall be subject to a civil penalty of not less than [fifty] *two hundred fifty* dollars nor more than [two hundred fifty] *five hundred dollars for each violation falsely certified* [in addition, to the other penalties provided]. *In addition, a person willfully making a false certification of correction of a violation shall be subject to a civil penalty of one hundred dollars per day from the date the department received the certification until the violation is corrected, for each and every violation falsely certified, but not less than one thousand dollars per violation. This section shall not be construed to limit other penalties herein provided.*

§2. Paragraphs two and three of subdivision f of section 27-2115 of such code are amended to read as follows:

(2) A copy of such certification shall then be mailed [not more than twelve calendar days from the date of receipt of notification to any complainant by the department] *by the registered owner, a registered officer or director of a corporate owner, or by the registered managing agent, to all occupants of the apartment or multiple dwelling affected by the violation. This copy shall be mailed not more than twelve calendar days from the date the original self-certification was delivered to the department; proof of mailing must be filed with the department within seven additional calendar days. Anyone who violates this paragraph shall be subject to a civil penalty of not less than two hundred-fifty dollars nor more than five hundred dollars.*

(3) [Such violation shall be deemed corrected seventy days from the date of receipt of such certification by the department unless the department has determined by a reinspection made within such period that the violation still has not been corrected and has recorded such determination upon its records and has notified the person who executed the certification by registered or certified mail of the address stated in the certification that it has been set aside and the reasons therefor; a copy of such notice shall be sent to the complainant.]

(i) Violations that have been certified in accordance with paragraph two of this subdivision shall be deemed corrected unless within 150 days of receipt of the certification by the department, an inspection by the department shows that the violation certified is not corrected. Such findings upon an inspection shall be prima facie evidence that the violation has been falsely certified. The department shall maintain a record of all violations issued by the department, including violations that are deemed corrected in accordance with this paragraph.

(ii) The department shall send to the person certifying the violation or the owner, managing agent, or any other person listed on the department's records as being in control of the subject premises, a notification of invalidated certification within ninety days of the inspection showing an uncorrected violation for which the department has received a certification. This notice shall be sent by registered or certified mail to the address listed on the certification or any other department record as well as to the occupants and/or complainant. If the department fails to mail the notification in accordance with this provision, the department shall be prohibited from proceeding for penalties based on a falsely certified violation.

(iii) This section shall not be construed to limit the rights herein to institute proceedings for civil penalties for contempt, or any other provision based on a violation that has been falsely certified for which the department has failed to mail a notice of invalidated certification in accordance with this paragraph.

§3. This local law shall take effect immediately and shall apply to all violations that have not been certified as corrected on such effective date.

Referred to the Committee on Housing and Buildings.

A Local Law to amend the administrative code of the city of New York, in relation to the establishment of maximum school zone speed limits.

Be it enacted by the Council as follows:

Section 1. Section 19-177 of title 19 of the administrative code of the city of New York is amended by adding thereto a new subdivision d to read as follows:

19-177 Speed Limits. a. The official speed limit for a vehicle in the city of New York shall be thirty miles per hour except where an official sign indicates that a different speed limit is in effect.

b. No person shall drive a vehicle on any street in excess of the speed limit in effect for that street.

c. The commissioner shall post a sign at each exit within the city of New York of each bridge and tunnel having only one terminus in the city of New York that states the speed limit within the city.

d. Maximum school zone speed limits shall be established on all highways adjacent to schools and shall be indicated on school zone speed limit signs posted at all such locations. Such school zone speed limit shall not exceed fifteen miles per hour during: (i) school days at times indicated on the school zone speed limit sign, provided, however, that such times shall be between the hours of seven o'clock a.m. and six o'clock p.m. or alternative times within such hours; or (ii) a period when the beacons attached to the school zone speed limit sign are flashing and such sign is equipped with a notice that indicates that the school zone speed limit is in effect when such beacons are flashing, provided, however, that such beacons shall only flash during student activities at the school and up to thirty minutes immediately before and up to thirty minutes immediately after such student activities. School speed zone limits established pursuant to this subdivision shall only apply for a distance not to exceed one thousand three hundred twenty feet from a school, on a highway passing a school building and to an entrance or exit of a school abutting on the highway. The provisions of this section shall apply to all schools of high school level and below.

§2. This act shall take effect immediately.

A Local Law to amend the administrative code of the city of New York, in relation to requiring all for-hire vehicle base stations to have available on demand at least one for-hire vehicle accessible to persons who use wheelchairs or other mobility aids.

Be it enacted by the Council as follows:

Section 1. Section 19-164 of chapter 1 of title 19 of the administrative code of the city of New York is amended to read as follows:

§19-164 Special parking for wheelchair accessible vans *and accessible for-hire vehicles*. Any wheelchair accessible van *or accessible for-hire vehicle, as such term is defined in section 19-503.2 of this title,* licensed by the taxi and limousine commission actually in the process of boarding or discharging [wheelchair passengers] *persons using wheelchairs or other personal mobility aids, such as scooters,* or escorting [wheelchair passengers] *such persons* to and from their destination, shall be permitted to park in any area in which a vehicle with a special vehicle identification permit is permitted to park.

§2. Chapter 5 of title 19 of the administrative code of the city of New York is amended by adding a new section 19-503.2 to read as follows:

§19-503.2 Accessible for-hire vehicles. All for-hire vehicle base stations shall have at least one accessible for-hire vehicle available to be dispatched on-demand. For purposes of this section, the term "accessible for-hire vehicle shall mean any licensed for-hire vehicle equipped with a hydraulic lift or ramps designed for the purpose of transporting persons using wheelchairs or other personal mobility aids, such as scooters, or containing any other physical device or alteration designed to permit access to and enable the transportation of physically disabled persons and that complies with the accessibility requirements of the Americans With Disabilities Act of 1990, as amended, and any regulations promulgated thereunder. Any for-hire vehicle base station owner that violates the provisions of this section shall be liable for a civil penalty in the amount of five hundred dollars for each violation. Failure to comply with the provisions of this section within six months of receipt of a first violation of this section shall result in suspension of all base station licenses held by such owner.

§3. This local law shall take effect ninety days after it is enacted into law.

A Local Law to amend the administrative code of the city of New York, in relation to providing recourse for a property owner whose sidewalk is damaged by a tree under the exclusive care of the city of New York.

Be it enacted by the Council as follows:

Section 1. Section 19-152 of the administrative code of the city of New York, as amended by local law number 64 for the year 1995, is amended by adding thereto a new subdivision o to read as follows:

o. Notwithstanding any inconsistent provision of subdivision e of this section, an owner of real property (1) shall not be required to pay for the cost of reinstalling, reconstructing, repaving or repairing an existing sidewalk flag at legal grade when the owner submits proof satisfactory to the department that:

(i) the sidewalk flag sustained harm or damage from the growth of the roots of one or more trees under the exclusive care of the commissioner of parks and recreation; and

(ii) the owner notified the department in accordance with the rules of the department; and

(2) shall be reimbursed for the cost of reinstalling, reconstructing, repaving or repairing an existing sidewalk flag at legal grade when the owner submits proof satisfactory to the department that:

(i) the sidewalk flag sustained harm or damage from the growth of the roots of one or more trees under the exclusive care of the commissioner of parks and recreation;

(ii) the owner notified the department in accordance with the rules of the department; and

(iii) the owner supplies proof of payment in accordance with the rules of the department for the cost of reinstalling, reconstructing, repaving or repairing an existing sidewalk flag at legal grade.

§2. Title 18 of the administrative code of the city of New York is amended by adding thereto a new section 18-105.1 to read as follows:

§18-105.1 Tree root pruning. Upon notice to the commissioner in accordance with its rules, the department shall prune the roots of trees which are under the exclusive jurisdiction of the commissioner when such roots are determined by the commissioner to be the cause of or the potential cause of injury, breakage, damage or removal of any portion of a sidewalk flag.

§3. This local law shall take effect thirty days after its enactment.

Referred to the Committee on Transportation.

Int. No. 92

By Council Members Liu, Foster, Gentile, Koppell, Sanders, Weprin and Yassky.

A Local Law to amend the administrative code of the city of New York, in relation to prohibiting automobile dealerships from charging consumers for free services offered by the New York City Police Department.

Be it enacted by the Council as follows:

Section 1. Legislative Findings and Intent.

The New York City Police Department offers many valuable services to assist in the prevention of automobile theft, including the VIN-Etch Program, which allows registered car owners to have their car window etched with the vehicle's VIN (Vehicle Identification Number). Having the VIN etched in the window makes the car less desirable to a car thief and helps identify stolen parts in salvage yards. The NYPD offers this program free-of-charge in all precincts.

Some automobile dealerships, when offering auto theft protection programs, will alert consumers to the benefits of VIN-Etching, and offer to perform this service for a fee. Other dealerships will offer this service, and charge consumers for it, as part of a larger auto theft protection package. Automobile dealers, however, should not be permitted to charge for a VIN-etching program that is offered free-of-charge by the NYPD, and the Council finds that a local law prohibiting this conduct is appropriate.

§2. Chapter five of title 20 of the administrative code of the city of New York is amended by adding a new subchapter 16, to read as follows:

SUBCHAPTER 16

AUTOMOBILE DEALERSHIPS

§20-770 VIN Etching Program

§20-807 VIN Etching Program

a. Definition. "VIN etching" is the process by which an automobile's windows are etched with the vehicle's Vehicle Identification Number.

b. It shall be unlawful for any person or entity that sells automobiles to charge a consumer for the VIN etching of an automobile's windows.

c. Penalties. Any person or entity that violates the provisions of this section shall be subject to a civil penalty of not less than five hundred dollars nor more than one thousand dollars.

§3. This local law shall take effect immediately.

A Local Law to amend the administrative code of the city of New York, in relation to prohibiting the desecration of cemetery plots and burial places.

Be it enacted by the Council as follows:

Section 1. Chapter one of title ten of the administrative code of the city of New York is amended to add a new section 10-116.1, to read as follows:

§10-116.1. Damaging cemetery plots or burial places prohibited. a. It shall be unlawful for any person to intentionally and without authority damage or deface any real or personal property maintained as a cemetery plot, grave, burial place or other place of interment of human remains, or any appurtenance thereto.

b. It shall be unlawful for any person to knowingly aid, abet, conceal or in any way assist another person to violate subdivision a of this section.

c. Any person who violates the provisions of this section shall be guilty of a misdemeanor punishable by imprisonment of not more than one year or by a fine of not more than one thousand dollars, or both. In addition, any person who violates the provisions of this section shall be subject to a civil penalty not to exceed ten thousand dollars.

§2. This local law shall take effect sixty days after its enactment into law.

Referred to the Committee on Public Safety.

Res. No. 76

Resolution calling upon the New York State Legislature to amend the General Business Law to require all car dealerships that negotiate contracts in non-English languages to also provide consumers with a corresponding written contract in the same language.

By Council Members Liu, Foster, Mark-Viverito, Nelson, Sanders and Weprin.

Whereas, New York State is home to millions of people, a large percentage of whom are recent immigrants to this country; according to the U.S. Census Bureau 2000 Census, 20.4% of New Yorkers are foreign born, compared with 11% of the total population of the United States; and

Whereas, New York City alone is one of the most culturally diverse cities in the world; so many immigrants from around the globe call New York City home that National Geographic magazine dubbed the Queens town of Elmhurst "the most diverse zip code in the nation", having welcomed immigrants arriving from approximately 120 countries in the early 1990's; and

Whereas, As New York State's population has become increasingly diverse, the number of New Yorkers who speak languages other than English as their primary language has increased significantly; according to Census data, 28% of New Yorkers report that they regularly speak a language other than English in their homes, compared to 17.9% of the national population; and

Whereas, Among the new immigrants, the greatest numbers currently come from Latin American and Asian countries; in the past fifteen years, the populations of both groups have increased so significantly that they have dramatically altered the demographics of the borough of Queens, and of the City; and

Whereas, Despite their growing and powerful presence in New York City and New York State, many new immigrants, because of their limited English skills, have found themselves to be easy targets for unscrupulous business owners; a number of new immigrants have reported falling victim to deceptive business practices that attempt to prey on and profit off of their inability to fully comprehend the English language, particularly in complex business transactions; and

Whereas, This predatory behavior is exemplified by car dealerships that offer to negotiate in a consumer's primary language, only to present the consumer with a written contract in English -- one which often doesn't accurately reflect negotiated terms – unbeknownst to the consumer; and

Whereas, Recognizing that there are many potential consumers with limited English skills and that many of these individuals feel more comfortable conducting

business in their native language, many New York-based car dealerships have begun the practice of using translators to negotiate with non-English speaking consumers in their primary language; and

Whereas, However, once these oral negotiations are reduced to writing, many of these businesses, which were so eager to negotiate in the consumer's language, provide the contract only in English, without including a copy in the language in which it was negotiated; and

Whereas, As a consequence, the English contract often will not accurately represent the agreements made during discussions; even worse, sometimes the non-English consumer is intentionally asked to sign a contract that requires him or her to perform acts or make payments that he or she did not agree to; and

Whereas, Ethnic communities, including new immigrants, contribute greatly to the economic and political vitality of the state and serve as a powerful force in the marketplace; and

Whereas, A law that would require car dealerships that negotiate contracts in non-English languages to translate and provide contracts in those languages would provide much-needed protection for non-English speaking consumers; and

Whereas, Further, car dealerships that reach out to non-English speaking clientele by providing this service which aims to meet the unique needs of limited-English consumers would have a competitive advantage over those who do not; and

Whereas, California recently passed a law requiring businesses that negotiate in certain Asian languages to supply a contract copy in that language before the deal becomes binding, expanding on a rule in place since 1974 for contracts negotiated in Spanish; this law will apply broadly to retail installment contracts, car sales and leases, certain types of loans, residential rental agreements for longer than one month, and legal services contracts; after English and Spanish, Asian languages are the most widely spoken in California homes; and

Whereas, Requiring car dealerships that negotiate contracts in a language other than English to also provide a written contract in that language is a reasonable and equitable measure that would ensure that businesses are held accountable for their actions and that consumers get what they bargained for; such a measure would make great progress toward ending the potential for consumer fraud that exists when businesses are permitted to engage in opportunistic practices at the expense of vulnerable and trusting consumers who rely upon their expertise; now, therefore, be it

Resolved, That the Council of the City of New York calls upon the New York State Legislature to amend the General Business Law to require all car dealerships that negotiate contracts in non-English languages to also provide consumers with a corresponding written contract in the same language.

Referred to the Committee on Consumer Affairs.

By Council Members McMahon, Fidler, Gentile, Martinez and Nelson.

A Local Law to authorize the levy and collection of real property taxes at rates that are ten percent below the rates for fiscal year 2006 adopted on June 30, 2005.

Be it enacted by the Council as follows:

Section 1. The Council shall be authorized to fix new annual tax rates for taxes on real property for fiscal year 2006. Notwithstanding any provision of this local law, any new annual tax rates fixed pursuant to this local law shall be at rates that are ten percent less than the rates for taxes on real property in effect immediately prior to any such new rates fixed pursuant to the authority of this local law; provided, however, that any such new rates fixed pursuant to the authority of this local law shall only be effective for fiscal year 2006 if fixed by resolution adopted on or before June 30, 2006.

§2. If the council fixes such new annual rates, it shall cause the assessment rolls to be revised by causing to be set down, opposite to the several sums set down in the valuation of real property, the respective sums, in dollars and cents, to be paid as a tax thereon, for fiscal year 2006 calculated at such lower annual rates fixed pursuant to this local law, rejecting the fractions of a cent.

§3. If the Council fixes such new annual rates, the commissioner shall, in any case in which the taxes collected on any property for fiscal 2006 exceed the amount owed pursuant to such new rates, return such difference to such taxpayer as an overpayment. For purposes of section 1516-a of the charter, the tax rates for fiscal year 2006 shall be the rates fixed pursuant to the authority of this local law

§4. This local law shall take effect immediately.

Referred to the Committee on Finance.

Int. No. 96

By Council Members McMahon, Gentile, Koppell, Recchia and Lappin.

A Local Law to amend the New York City charter, and the administrative code of the city of New York, in relation to the creation of an office of waste reduction, reuse and recycling and the repeal of sections 16-311 and 16-316 of the administrative code of the city of New York.

Be it enacted by the Council as follows:

Section 1. Chapter 1 of the New York city charter is amended by adding a new section 20 to read as follows:

§20. Division of waste reduction, reuse and recycling. a. By July 1, 2006, there shall be established within the mayor's office of operations a division of waste reduction, reuse and recycling.

b. The division of waste reduction, reuse and recycling shall be headed by a director who shall report directly to the director of the office of operations.

c. By July 1, 2006, all of the duties and responsibilities of the bureau of waste prevention, reuse and recycling within the department of sanitation and any other similar duties and responsibilities performed by any other agency shall be immediately transferred to the division of waste reduction, reuse and recycling.

d. The director of the division of waste reduction, reuse and recycling shall have the power, responsibility, and the duty to:

1. By January 1, 2007, develop and begin implementation of a plan for increasing waste reduction, reuse and recycling in Manhattan community districts seven and eight to the extent that not less than thirty percent of department-collected residential waste is diverted from the waste stream by no later than January 1, 2012, and not less than forty percent of department collected residential waste is diverted from such waste by no later than January 1, 2015;

2. By January 1, 2008, develop and begin implementation of a plan for increasing waste reduction, reuse and recycling for the city to the extent that not less than forty percent of the entire department-collected residential waste stream shall be diverted from such waste stream by no later than January 1, 2016;

3. By January 1, 2009, develop and begin implementation of a plan that will, through utilization of new technologies or any other means, reduce by not less than eighty percent the amount of department-collected residential solid waste exported from the city for disposal in a landfill or incinerator by no later than July 1, 2020;

4. By January 1, 2008, and every year thereafter, report to the mayor and the council regarding the division's activities over the previous fiscal year with respect to the reduction, reuse, and recycling of solid waste and costs associated with these activities;

5. Develop, implement, and thereafter coordinate the city's efforts to reduce, reuse and recycle solid waste by implementing policies and programs that include, but are not limited to, education and outreach, legislative recommendations, community-based efforts and other policy initiatives;

6. Recommend to the mayor and council what materials are appropriate for waste reduction, reuse and recycling;

7. Serve as the central source of information on waste reduction, reuse, and recycling and the processes for accomplishing same for the mayor, the council and the public;

8. Enter into such contracts as may be necessary to implement policies and programs consistent with the provisions of this chapter;

9. Except as may be allocated in the city budget, disburse available city, state, and federal funds to waste reduction, reuse and recycling programs throughout the

city and, coordinate the use of such funds with available funding from the private sector for said programs;

10. Maintain and operate such programs and plan, design, construction, operate, alteration, repair, maintain, replace, enlarge and regulate facilities and equipment necessary for or useful for performing the functions and exercising the powers and duties enumerated in this section;

11. Perform such other responsibilities with respect to waste reduction, reuse, and recycling matters as the mayor shall direct and as may be provided for elsewhere in the charter or in the administrative code.

12. To promulgate rules necessary to effectuate the purposes of this section.

e. Each community district shall have, or, when practicable, community districts may share, a waste reduction, reuse, and recycling team consisting of a supervisor, a waste auditor, a residential recycling coordinator, a schools and hospitals coordinator, and a synergies reuse/reduction coordinator.

f. Notwithstanding any other provision in this section, the department of sanitation shall retain all duties and responsibilities related to the collection and delivery of recylable and/or reusable materials, except as the director may determine otherwise.

§2. Subdivision e of section 16-306 of the administrative code of the city of New York, as added by local law number 19 for the year 1989, is amended to read as follows:

e. Within any recycling district, the [commissioner] *director of the division of waste reduction, reuse and recycling* may exempt residential generators from the source separation requirement of this section if the [department] *division of waste reduction, reuse and recycling* employs alternative recycling methods, including but not limited to the use of buy-back centers, drop-off centers, or post-collection separation devices, provided that participation in any alternative methods is sufficient to achieve for the recycling district a percentage of the recycling requirement in this section at least equal to the percent of the citywide department-collected solid waste that is collected within the district. The [commissioner] *director of the division of waste reduction, reuse and recycling* shall not exempt residential generators from the source separation requirement of this section unless he or she determines that for the recycling district source separation cannot otherwise achieve the recycling levels required in this section.

§3. Section 16-306 of the administrative code of the city of New York and as last amended by local law number 42 for the year 1996, is amended to read as follows:

§16-306 Private carter-collected waste. a. The [commissioner] *director of the division of waste reduction, reuse and recycling* shall adopt and implement rules designating recyclable materials that constitute in the aggregate at least one-half of all solid waste collected by private carters, and additional materials if the [commissioner] *director of the division of waste reduction, reuse and recycling* determines that economic markets exist for them. Pursuant to subdivision b of this section, such rules shall require generators of private carter-collected waste to source separate some or all of the designated materials and to arrange for lawful collection for recycling, reuse or sale for reuse by private carters or persons other than private carters of such source separated materials. With regard to designated materials that are not required by such rules to be source separated, generators of private carter-collected waste may source separate these designated materials and, in any event, shall arrange for their lawful collection for recycling, reuse or sale for reuse by private carters or persons other than private carters. If a generator of private carter-collected waste has source separated the designated materials in accordance with the rules and arranged for the lawful collection for recycling, reuse or sale for reuse by private carters or persons other than private carters of such source separated materials and, with regard to designated materials that are not required by such rules to be source separated, arranged for lawful collection for recycling, reuse or sale for reuse by private carters or persons other than private carters, such arrangement shall constitute an affirmative defense to any proceeding brought against the generator pursuant to section 16-324 of this chapter.

b. The rules promulgated pursuant to subdivision a of this section shall require that generators of waste collected by businesses required to be licensed pursuant to section 16-505 of this code source separate the designated materials in such manner and to such extent as the [commissioner] *director of the division of waste reduction, reuse and recycling* determines to be necessary to minimize contamination and maximize the marketability of such materials. However, in promulgating such rules the [commissioner] *director of the division of waste reduction, reuse and recycling* shall not require source separation of a material unless the [commissioner] *director of the division of waste reduction, reuse and recycling* has determined that an economic market exists for such material. For the purpose of this section, the term "economic market" refers to instances in which the full avoided costs of proper collection, transportation and disposal of source separated materials are equal to or greater than the cost of collection, transportation and sale of said materials less the amount received from the sale of said materials. The New York city [trade waste] *business integrity* commission shall adopt and implement rules requiring businesses licensed to remove, collect or dispose of trade waste to provide for the collection of, and ensure the continued separation of, designated materials that have been source separated, provide for the separation of all other designated materials, and provide for recycling of all the designated materials. Rules promulgated by the [trade waste] *business integrity* commission pursuant to this subdivision shall be enforced in the manner provided in section 16-517 of this code and violations of such rules shall be subject to the penalties provided in subdivision a of section 16-515 of this code for violation of the provisions of chapter 16-A. In addition, the [commissioner] *director of the division of waste reduction, reuse and recycling* shall have the authority to issue notices of violation for any violation of such rule and such notices of violation shall be returnable in a civil action brought in the name of the [commissioner] *director of the division of waste reduction, reuse and recycling* before the environmental control board which shall impose a penalty not to exceed ten thousand dollars for each such violation.

§4. Section 16-312 of the administrative code of the city of New York, as added by local law number 19 for the year 1989, is amended to read as follows:

§16-312 Processing recyclable materials. The [commissioner] *director of the division of waste reduction, reuse and recycling* shall establish procedures and standards for processing recyclable materials in city owned or operated recycling centers, city owned or operated transfer stations or any city owned or operated facility that renders recyclable materials suitable for reuse or marketing and sale. The [commissioner] *director of the division of waste reduction, reuse and recycling* shall review the procedures and standards at least annually and make any changes necessary to conform to the requirements of the marketplace.

§5. Section 16-313 of the administrative code of the city of New York, as added by local law number 19 for the year 1989, is amended to read as follows:

§16-313 Marketing recyclable materials. a. The [department] *division of waste reduction, reuse and recycling* shall establish procedures, standards and strategies to market the department-collected recyclable materials designated pursuant to section 16-305 of this chapter, including but not limited to maintaining a list of prospective buyers, establishing contact with prospective buyers, entering into contracts with buyers, and reviewing and making any necessary changes in collecting or processing the materials to improve their marketability.

§6. Section 16-314 of the administrative code of the city of New York, as added by local law number 19 for the year 1989, is amended to read as follows:

§16-314 Recycling program revisions. a. The [commissioner] *director of the division of waste reduction, reuse and recycling* shall annually review the recycling program and all rules and regulations promulgated therefore, and shall make the necessary revisions to improve the efficiency of collecting, processing, marketing and selling the materials recycled pursuant to this chapter. These revisions may include designating additional recyclable materials. The [commissioner] *director of the division of waste reduction, reuse and recycling* shall not delete designated materials without designating additional materials so that the total quantity, by weight, of all designated recyclable materials collected, processed, marketed and sold does not decrease.

§7. Subdivision a and c of section 16-315 of the administrative code of the city of New York, as added by local law number 19 for the year 1989, is amended to read as follows:

§16-315 Notice, education and research programs. a. In addition to the notice requirements of section one thousand forty-three of chapter forty-five of the charter, within thirty days of the effective date of any regulations promulgated pursuant to this chapter, and as frequently thereafter as the [commissioner] *director of the division of waste reduction, reuse and recycling* deems necessary, the [department] *division of waste reduction, reuse and recycling* shall notify all community boards and persons occupying residential, commercial and industrial premises affected by the regulations, of the requirements of the regulations, by placing advertisements in newspapers of citywide, borough-wide and community circulation, posting notices in public places where such notices are customarily placed, and, in the [commissioner's] *director of the division of waste reduction, reuse and recycling's* discretion, employing any other means of notification deemed necessary and appropriate.

c. The [department] *division of waste reduction, reuse and recycling* shall perform such research and development activities, in cooperation with other city agencies, and public and private institutions, as the [commissioner] *director of the division of waste reduction, reuse and recycling* determines to be helpful in implementing the city's recycling program. Such research shall include, but not be limited to, investigation into the use of cooperative marketing programs, material recovery facilities, recycling as an economic development tool, export promotion, tax credits and exemptions for market promotion.

§8. Subdivision a of section 16-318 of the administrative code of the city of New York, as added by local law number 19 for the year 1989, is amended to read as follows:

§16-318 Functions of the citizens' board. a. The [department] *division of waste reduction, reuse and recycling* shall submit to each borough president the recycling plans prepared pursuant to section 16-316 of this chapter simultaneous with their submission to the mayor and the council. Each borough president shall distribute copies of the plans to each member of the citizens' board in his or her borough. Within ninety days thereafter, each citizens' board shall review the plans, conduct a public hearing on the plans and make written recommendations to its borough president, the [department] *division of waste reduction, reuse and recycling* and the council with respect to the recycling program within its borough. Each citizen's board shall also annually advise its borough president and the [department] *division of waste reduction, reuse and recycling* with respect to the development, promotion and operation of the recycling program in its borough and pursuant to this function shall formulate and recommend:

1. annual recycling and reduction goals equal to or greater than those set forth in sections 16-304 and 16-305 of this chapter and the methods proposed to achieve such goals;

means to encourage community participation in the recycling program; and

means to promote the recycling program and educate the public with regard to the program.

§9. Section 16-320 of the administrative code of the city of New York, as added by local law number 19 for the year 1989, is amended to read as follows:

§16-320 Functions of the citywide board. The citywide board shall meet at least four times a year to discuss citywide recycling issues, including but not limited to budgetary issues. The citywide board shall annually review the [department's] *division of waste reduction, reuse and* recycling*'s* program and make recommendations to the mayor and the council concerning improvements to and changes in the program.

§10. Subdivision a of section 16-321 of the administrative code of the city of New York, as added by local law number 19 for the year 1989, is amended to read as follows:

§16-321 Disclosure requirements. a. Whenever a person, other than a public servant, appointed to any advisory board created pursuant to this subchapter, engages in any business dealings with the [department] *division of waste reduction, reuse and recycling*, or engages in business dealings with any other agency which relate to processing or disposal of solid waste or of waste described in paragraph three of subdivision m of section 16-303 of this chapter or to recycling, or has an interest in a firm which is engaged in such business dealings with the [department] *division of waste reduction, reuse and recycling* or with such other agency, such person shall, prior to appointment, disclose the nature of such business dealings to the [commissioner] *director of the division of waste reduction, reuse and recycling* and to the body or officer appointing such person, and, after appointment, disclose the nature of such business dealings to the [commissioner] *director of the division of waste reduction, reuse and recycling* and to all other members of such board; provided that such person need not disclose the amount of such business dealings.

§11. Subdivision a, e and h of section 16-322 of the administrative code of the city of New York, as last amended by local law number 59 for the year 1996, is amended to read as follows:

§16-322 City purchase of products made from secondary materials. a. The department of citywide administrative services, upon consultation with the [department] *division of waste reduction, reuse and recycling*, shall review the procurement specifications and practices it currently uses to determine whether such require that products be manufactured from virgin materials or exclude products manufactured from secondary materials and shall make such changes as may be necessary to ensure that:

e. Should the state authorize the city's use of a price preference for the purchase of any products manufactured from secondary materials, the [commissioner] *department of citywide administrative services* shall propose appropriate legislation to mandate the use of this price preference.

h. The department of citywide administrative services, in consultation with the [department] *division of waste reduction, reuse and recycling*, shall promulgate [regulations] *rules* necessary to effectuate the purposes of this section.

§12. Section 16-323 of the administrative code of the city of New York, as added by local law number 19 for the year 1989, is amended to read as follows:

§16-323 [Regulations] *Rules* submitted to council. In addition to the requirements of section one-thousand forty-three of chapter forty-five of the charter, no [regulations] *rules* promulgated by the [commissioner] *director of the division of waste reduction, reuse and recycling* pursuant to this chapter shall be effective until such [regulations] *rules* are submitted to the council and within thirty days of receipt thereof the council has not voted to disapprove such [regulations] *rules*. If the council votes to disapprove the [regulations] *rules*, it shall forward its reasons for such disapproval to the [commissioner] *director of the division of waste reduction, reuse and recycling* and the [commissioner] *director of the division of waste reduction, reuse and recycling* shall either amend the [regulations] *rules* or withdraw them from consideration. The amended [regulations] *rules* shall not be effective until the [commissioner] *director of the division of waste reduction, reuse and recycling* submits them to the council and within thirty days of receipt thereof the council has not voted to disapprove such amended [regulations] *rules*.

§13. Subdivision a of section 16-324 of the administrative code of the city of New York, as added by local law number 19 for the year 1989, is amended to read as follows:

§16-324 Enforcement. a. Any person who violates this chapter or any rule or regulation promulgated pursuant thereto shall be liable for a civil penalty recoverable in a civil action brought in the name of the commissioner or *director of the division of waste reduction, reuse and recycling* or in a proceeding returnable before the environmental control board in an amount of twenty-five dollars for the first violation, fifty dollars for the second violation and one hundred dollars for the third and each subsequent violation, provided that the court before which such civil action is brought or such board may waive the penalty for the first violation upon a showing of good cause. A person committing a fourth and any subsequent violation within a period of six months shall be classified as a persistent violator and shall be liable for a civil penalty of five hundred dollars for each violation. For a persistent violation only, except where such violation occurs at a building of less than nine dwelling units, each container or bag containing solid waste that has not been source separated or placed out for collection in accordance with the regulations promulgated by the commissioner or *director of the division of waste reduction, reuse and recycling* pursuant to this chapter shall constitute a separate violation, provided that no more than twenty separate violations are issued on a per bag or per container basis during any twenty-four hour period. Before issuing any further notice of violations to a persistent violator after the fourth violation within a period of six months, the commissioner or *director of the division of waste reduction, reuse and recycling* shall give such violator a reasonable opportunity to correct the condition constituting the violation. *In addition to any other person entitled to under any other law, violations of this chapter shall be enforced by agents of the commissioner.*

§14. Section 16-311 and Section 16-316 of the administrative code of the city of New York, as added by local law number 19 for the year 1989, are hereby REPEALED.

§15. This local law shall take effect immediately upon its enactment into law.

Referred to the Committee on Sanitation and Solid Waste Management.

Int. No. 97

By Council Members McMahon, Fidler, Foster, Gentile, Koppell, Mark-Viverito, Nelson, Recchia, Sanders, Weprin, Lappin and Lanza.

A Local Law to amend the administrative code of the city of New York, in relation to reducing the emission of pollutants from marine vessels that handle, transport or dispose of the City's solid waste and recyclable materials.

Be it enacted by the Council as follows:

Section 1. Paragraph 6 of subdivision a of section 24-163.5 of the administrative code of the city of New York is amended to read as follows:

(6) "Nonroad vehicle" means a vehicle that is powered by a nonroad engine, fifty horsepower and greater, and that is not a motor vehicle or a vehicle used solely for competition, which shall include, but not be limited to, front loaders, excavators, backhoes, cranes, compressors, generators, bulldozers, tugboats and similar equipment.

§2. A new paragraph 15 shall be added to subdivision a of section 24-163.5 of the administrative code of the city of New York to read as follows:

(15) "Marine vessel" means a nonroad vehicle that is used or operated for commercial purposes on the navigable waters of the state.

§3. Subdivision b and subdivision c of section 24-163.5 of the administrative code of the city of New York are amended to read as follows:

b. (1) Any solid waste contract or recyclable materials contract shall specify that all diesel fuel-powered motor vehicles and diesel fuel-powered nonroad vehicles used in the performance of such contract that operate primarily within the city of New York shall be powered by ultra low sulfur diesel fuel, provided, however, that such contract shall specify that diesel fuel-powered marine vessels shall be powered by ultra low sulfur diesel fuel if they begin or end any trip pursuant to such contract within the city of New York, and all contractors in the performance of such contract shall comply with such specification.

(2) Any solid waste contract or recyclable materials contract shall specify that, as of March 1, 2006, all diesel fuel-powered motor vehicles and diesel fuel-powered nonroad vehicles used in the performance of such contract that operate primarily within the city of New York shall utilize the best available retrofit technology. *provided, however, that such contract shall specify that diesel fuel-powered marine vessels shall utilize the best available retrofit technology if they begin or end any trip pursuant to such contract within the city of New York,* and all contractors in the performance of such contract shall comply with such specification.

§4. If any section, subsection, sentence, clause, phrase or other portion of this local law is, for any reason, declared unconstitutional or invalid, in whole or in part, by any court of competent jurisdiction such portion shall be deemed severable, and such unconstitutionality or invalidity shall not affect the validity of the remaining portions of this law, which remaining portions shall continue in full force and effect.

§5. This local law shall take effect immediately.

Referred to the Committee on Sanitation and Solid Waste Management.

Int. No. 98

By Council Members McMahon, Gentile, Koppell and Recchia.

A Local Law to amend the administrative code of the city of New York, in relation to limiting the amount of solid waste containerized in the city's marine transfer stations that may be transloaded in any one borough.

Be it enacted by the Council as follows:

Section one. Chapter 1 of title 16 of the administrative code of the city of New York is amended by adding a new section 16-141 to read as follows:

§16-141 Limitations on transloading within the city of New York. a. No more than twenty five percent of the aggregate number of containers used for transporting solid waste in any year that were filled at the City's marine transfer stations known as hamilton avenue, in Brooklyn, southwest brooklyn in Brooklyn, east 91st street in Manhattan, and north shore in Queens, or at any other marine transfer stations that are owned or operated by or on behalf of the city, shall be transloaded in any one

year at an intermodal or other facility or combination of facilities located in any one borough of the city of New York.

b. "Transloading" shall be defined for the purposes of this section as the transfer of any container as described in subdivision a of this section for the purpose of moving such container from one transportation vehicle to another, such as, but not limited to, from a barge to a train.

§2. This law shall take effect immediately upon its enactment into law.

Referred to the Committee on Sanitation and Solid Waste Management.

Int. No. 99

By Council Members McMahon, Fidler, Koppell, Recchia, Stewart and Lappin.

A Local Law to amend the administrative code of the city of New York, in relation to commercial recycling.

Be it enacted by the Council as follows:

Section 1. Subdivisions a and b of section 16-306 of title 16 of the administrative code of the city of New York are amended to read as follows:

a. The commissioner shall adopt and implement rules designating recyclable materials that constitute in the aggregate at least one-half of all solid waste collected by private carters, and additional materials if the commissioner determines that economic markets exist for them, *except that newspapers, magazines, catalogs, phone books, corrugated cardboard, aluminum foil and aluminum foil products, containers made of glass or metal and polyethylene terephthalate plastic (also known as PET, PETE and plastic resin number 1) and high density polyethylene plastic (also know as HDPE and plastic resin number 2) shall be source separated by the generators of solid waste collected by private carters and collected and recycled by private carters*. Pursuant to subdivision b of this section, such rules shall require generators of private carter-collected waste to source separate some or all of the designated materials and to arrange for lawful collection for recycling, reuse or sale for reuse by private carters or persons other than private carters of such source separated materials. With regard to designated materials that are not required by such rules to be source separated, generators of private carter-collected waste may source separate these designated materials and, in any event, shall arrange for their lawful collection for recycling, reuse or sale for reuse by private carters or persons other than private carters. If a generator of private carter-collected waste has source separated the designated materials in accordance with the rules and arranged for the lawful collection for recycling, reuse or sale for reuse by private carters or persons other than private carters of such source separated materials and, with regard to designated materials that are not required by such rules to be source separated, arranged for lawful collection for recycling, reuse or sale for reuse by private carters or persons other than private carters, such arrangement shall constitute an affirmative defense to any proceeding brought against the generator pursuant to section 16-324 of this chapter.

b. The rules promulgated pursuant to subdivision a of this section shall require that generators of waste collected by businesses required to be licensed pursuant to section 16-505 of this code source separate the designated materials in such manner and to such extent as the commissioner determines to be necessary to minimize contamination and maximize the marketability of such materials. However, in promulgating such rules the commissioner shall not require source separation of a material unless the commissioner has determined that an economic market exists for such material, *except that newspapers, magazines, catalogs, phone books, corrugated cardboard, aluminum foil and aluminum foil products, containers made of glass or metal and polyethylene terephthalate plastic (also known as PET, PETE and plastic resin number1) and high density polyethylene plastic (also know as HDPE and plastic resin number 2) shall be source separated by the generators of private carter-collected waste and collected and recycled by private carters*. For the purpose of this section, the term "economic market" refers to instances in which the full avoided costs of proper collection, transportation and disposal of source separated materials are equal to or greater than the cost of collection, transportation and sale of said materials less the amount received from the sale of said materials. The New York city trade waste commission shall adopt and implement rules requiring businesses licensed to remove, collect or dispose of trade waste to provide for the collection of, and ensure the continued separation of, designated materials that have been source separated, provide for the separation of all other designated materials, and provide for recycling of all the designated materials. Rules promulgated by the trade waste commission pursuant to this subdivision shall be enforced in the manner provided in section 16-517 of this code and violations of such rules shall be subject to the penalties provided in subdivision a of section 16-515 of this code for violation of the provisions of chapter 16-A. In addition, the commissioner shall have the authority to issue notices of violation for any violation of such rule and such notices of violation shall be returnable in a civil action brought in the name of the commissioner before the environmental control board which shall impose a penalty not to exceed ten thousand dollars for each such violation.

§2. This local law shall take effect on July 1, 2007.

Referred to the Committee on Sanitation and Solid Waste Management.

Int. No. 100

By Council Members McMahon, Fidler, Recchia and Lappin.

A Local Law to amend the administrative code of the city of New York, in relation to conducting a study as to whether Pier 76 in Manhattan can be used as a location for a marine transfer station.

Be it enacted by the Council as follows:

Section one. Chapter 1 of title 16 of the administrative code of the city of New York is amended by adding a new section 16-135 to read as follows:

§16-135 Pier 76 Study. a. By April 1 2006, the commissioner shall complete a study as to whether Pier 76 in Manhattan can be used as a location for a marine transfer station. The study should document the potential capacity of the marine transfer station, its specific dimensions and location on Pier 76, its suitability for handling residential and/or commercial solid waste, and any other matters relevant to its use as a marine transfer station.

b. A detailed written report presenting the results of such study shall be submitted to the mayor and the council within thirty days of its completion.

§2. This law shall take effect immediately upon its enactment into law.

Referred to the Committee on Sanitation and Solid Waste Management.

Int. No. 101

By Council Members McMahon, Fidler, Koppell, Martinez, Recchia, Weprin and Lappin.

A Local Law to amend the administrative code of the city of New York, in relation to recycling.

Be it enacted by the Council as follows:

Section 1. Section 16-314 of title 16 of the administrative code of the city of New York is hereby amended by adding a new subdivision c to read as follows:

c. Notwithstanding any authority of the commissioner to revise any portion of the recycling program in accordance with subdivisions a and b of this section, the term "designated recyclable materials" for residential generators of department-collected solid waste shall include, but not be limited to, polyethylene terephthalate plastic (also known as PET, PETE and plastic resin number 1), high density polyethylene plastic (also known as HDPE and plastic resin number 2), polyvinyl chloride plastic (also know as PVC,V and plastic resin number 3), low density polyethylene plastic (also known as LDPE and plastic resin number 4), polypropylene plastic (also know as PP and plastic resin number 5), polystyrene plastic, (also know as PS and plastic resin number 6) and plastic resin number 7).

§2. This local law shall take effect on July 1, 2007.

Referred to the Committee on Sanitation and Solid Waste Management.

Int. No. 102

By Council Members McMahon, Fidler, Koppell, Martinez, Recchia, Weprin and Lappin.

A Local Law to amend the administrative code of the city of New York, in relation to recycling.

Be it enacted by the Council as follows:

Section 1. Section 16-308 of title 16 of the administrative code of the city of New York is hereby amended by adding a new subdivision g to read as follows:

g. The department shall provide to any resident of the city, upon request and without charge, a bin appropriate for use by such resident to compost yard waste.

§2. This local law shall take effect immediately upon its enactment into law.

Referred to the Committee on Sanitation and Solid Waste Management.

Int. No. 103

By Council Members McMahon, Koppell and Recchia.

A Local Law to amend the administrative code of the city of New York, in relation to the permitting of private waste transfer stations.

Be it enacted by the Council as follows:

Section One. Chapter 1 of Title 16 of the administrative code of the city of New York is amended by adding a new section 16-131.6 to read:

§16-131.6 1. At no time may the total authorized capacity for all privately owned putrescible solid waste transfer stations that are permitted in accordance with section 16-130 of this chapter that are located in community district 1 in Brooklyn, community district 1 in the Bronx and community district 12 in Queens, respectively, exceed the authorized capacity in effect for each of those community districts as of July 1, 2005.

2. (a) The total authorized capacity for privately owned putrescible solid waste transfer stations permitted in accordance with section 16-130 of this chapter that are located in community district 1 in Brooklyn at the time this section takes effect shall be decreased by nine hundred fifty tons per day once the City's southwest brooklyn marine transfer station becomes operational and processes for a period of six months an average of eight hundred fifty tons per day of residential solid waste that was collected in Brooklyn.

(b) The total authorized capacity for privately owned putrescible solid waste transfer stations permitted in accordance with section 16-130 of this chapter that are located in community district 1 in Brooklyn at the time this section takes effect shall be decreased by one thousand nine hundred tons per day once the hamilton avenue marine transfer station becomes operational and processes for a period of six months an average of one thousand seven hundred tons per day of residential solid waste collected in Brooklyn.

(c) When either the City's hamilton avenue marine transfer station or the City's southwest brooklyn marine transfer station, or both, processes commercial putrescible solid waste for a period in excess of one year, the total authorized capacity for privately owned putrescible solid waste transfer stations permitted in accordance with section 16-130 of this chapter that are located in community district 1 in Brooklyn at the time this sections takes effect shall be reduced by an amount not less than the average daily tonnage of commercial waste processed at those facilities during their first full year of their operation.

(d) The total authorized capacity for privately owned putrescible solid waste transfer stations permitted in accordance with section 16-130 of this chapter that are located in community district 1 in the Bronx at the time this section takes effect shall be decreased by one thousand tons per day no later than July 1, 2008.

(e) The total authorized capacity for privately owned putrescible solid waste transfer stations permitted in accordance with section 16-130 of this chapter that are located in community district 12 in Queens at the time this section takes effect shall be decreased by one thousand tons per day once the City's north shore queens marine transfer station becomes fully operational and processes for a period of six months an average of one thousand tons per day of residential solid waste that was collected in Queens.

(f) The commissioner shall take into consideration the following factors in determining which transfer stations shall have their permitted capacity decreased and the amount of such decrease:

number and type of violations issued for each such transfer station during the eighteen-month period immediately preceding the date when the obligation to reduce the authorized capacity became effective;

i.) non-availability of space for queuing of trucks on site;

ii.) overall adverse impact on the surrounding neighborhood; and

ii.) average daily unused capacity during the twelve- month period

iii.) immediately preceding the date when the obligation to reduce the authorized capacity became effective.

(g) The commissioner shall make the reductions required by this section during the twelve-month period immediately subsequent to the date when the obligation to reduce the authorized capacity became effective.

§2. This law shall become effective immediately.

Referred to the Committee on Sanitation and Solid Waste Management.

Int. No. 104

By Council Members DeBlasio, McMahon, Fidler, Gentile, Koppell, Nelson, Recchia, Lappin, Monserrate, Liu, Palma and Jackson.

A Local Law to amend the administrative code of the city of New York, in relation to the recycling, reuse and safe handling of electronic equipment sold in the city of New York.

Be it enacted by the Council as follows:

Section 1. Declaration of legislative findings and intent. The Council finds that electronic waste represents one of the fastest growing and most hazardous components of the city of New York's waste stream. It is estimated that, based upon national data, less than 10% of the city's electronic waste is currently being recycled. According to the United States Environmental Protection Agency ("U.S. EPA"), more than 2.2 million tons of computers, televisions (TV's) and other electronic waste were discarded in the United States during 2001. The U.S. EPA also estimates that there are hundreds of millions of pieces of electronic waste being stockpiled in homes and businesses, and that by 2006 more than 56 million computers will become obsolete each year

Electronic waste contains many toxic substances, including lead, mercury, chromium, cadmium, polyvinyl chloride and beryllium. An average TV with a traditional cathode ray tube contains as much as five to seven pounds of lead, and an average computer terminal contains four pounds of lead as well as smaller amounts of mercury and cadmium. The improper disposal of this waste therefore poses a threat to human health and the environment. Indeed, according to the U.S. EPA, as much as 70% of heavy metals contained in landfills, including lead, mercury and cadmium, originates from electronic waste. The incineration of electronic waste can lead to increased mercury, lead and other toxic airborne emissions.

There are direct environmental and public health consequences for New York City residents and workers from the improper handling and disposal of electronic waste. As one example, televisions or computer terminals that are broken can expose Sanitation workers or private garbage vendors to toxic lead dust. Additionally, the regional incineration of electronic waste poses a direct threat to the city's air quality and the health of its residents.

The Council finds that there is currently no comprehensive system for managing the growing problem of electronic waste in the city of New York. The Council further finds that the establishment of a system to provide for the collection, handling and recycling or reuse of electronic equipment in this city is consistent with its duty to protect the health, safety and welfare of its citizens; enhance and maintain the quality of the environment; conserve natural resources; and prevent air, water and land pollution. The Council further finds that such a system is consistent with the overall state solid waste management policy, including its intent to pursue and implement an integrated approach to solid waste management and to aggressively promote waste reduction, reuse and recycling as the preferred methods of waste management.

The Council finds that the purpose of this chapter is to establish a comprehensive electronics recycling system that ensures the safe and environmentally sound collection, handling, recycling, reuse and disposal of electronic equipment and encourages the design of electronic products and components that are less toxic and more recyclable. The Council further finds that it is the purpose of this chapter to establish an electronics recycling and reuse system that is convenient and minimizes costs to consumers of electronic equipment and to the city. The Council further finds that, by encouraging convenient collection and improves environmental product design, this chapter would best reduce the environmental and health costs associated with electronic equipment that is discarded along with ordinary waste.

The Council further finds that the manufacturers of electronic equipment should reduce and, to the maximum extent feasible, ultimately phase out the use of hazardous materials in such products sold in the city of New York. The Council further finds that responsibility for the collection, handling and recycling or reuse of covered electronic equipment belongs to manufacturers. Currently, manufacturers of electronic equipment bear none of the financial burden or responsibility for safely managing discarded electronic equipment at the end of its useful life, burdening local governments and end users with these costs and responsibilities. Manufacturers of electronic equipment, in working to achieve the goals and objectives of this chapter, should have the flexibility to act in partnership with each other, with the city and with businesses that provide collection and handling services to develop, implement and promote a safe and effective electronics recycling system in the city.

§2. Chapter 3 of title 16 of the administrative code of the city of New York is hereby amended by adding new subchapter 7 to read as follows:

SUBCHAPTER 7

ELECTRONIC EQUIPMENT RECYCLING AND REUSE

§16-340. This local law shall be known as the Electronic Equipment Recycling and Reuse Act of 2005.

§16-341. Definitions.

a. For the purposes of this section, the following terms shall have the following meanings:

1. "Cathode ray tube" means a vacuum tube or picture tube used to convert an electronic signal into a visual image.

2. "City," unless otherwise noted, means the city of New York.

3. "Consumer" means a person who owns covered electronic equipment; including but not limited to an individual, a business, corporation, limited partnership, nonprofit organization, or governmental entity, but does not include an entity involved in a wholesale transaction between a distributor and retailer.

4. "Covered electronic equipment" means any computer central processing unit, cathode ray tube; cathode ray tube device; keyboard; electronic mouse or

similar pointing device; television; computer monitor, including but not limited to liquid crystal displays (LCD) and plasma screens, or similar video display device with a screen that is greater than four inches measured diagonally and contains one or more circuit boards; a laptop computer; or a portable digital music player that has memory and is battery-powered. "Covered electronic equipment" does not include any automobile; mobile phone; commercial medical equipment that contains within it a cathode ray tube, a cathode ray tube device, a flat panel display or similar video display device, and is not separate from the larger piece of equipment; or other medical devices as that term is defined under the Federal Food, Drug, and Cosmetic Act.

5. "Department" means the Department of Sanitation of the city of New York.

6. "Electronic waste" means covered electronic equipment that has been discarded or is no longer wanted by its owner, or for any other reason enters the collection, recovery, treatment, processing, or recycling system.

7. "Label" means a marker on the surface of a product conveying information; for the purposes of this subchapter, labels must be permanent and can be attached, printed, engraved or incorporated in any other permanent way that is obvious and visible to users of the product.

8. "Manufacturer" means a person who: (a) manufactures and sells covered electronic equipment under its own brand; (b) sells or resells covered electronic equipment produced by other entities under its own brand and label; (c) imports covered electronic equipment for first sale in New York City; or (d) manufactures and sells covered electronic equipment without affixing a brand.

9. "Orphan waste" means covered electronic equipment, the manufacturer of which cannot be identified or is no longer in business and for which no successor in interest can be identified, or is not covered by the terms and conditions of this chapter.

10. "Person" means any individual, partnership, company, corporation, association, firm, organization, or any other group of individuals, or any officer or employee or agent thereof.

11. "Recycle" means to use the materials contained in previously manufactured goods as raw materials for new products or components, but not for energy recovery or energy generation by means of combustion, gasification, pyrolysis or other means.

12. "Retailer" means a person who sells covered electronic equipment to a consumer in the city through any means, including, but not limited to, transactions conducted through retail sales outlets, catalogs or the internet, or any electronic means.

13. "Reuse" means any operation by which discarded electronic equipment or components are used for the same purpose for which they were conceived, including the continued use of whole systems or components.

14. "Sell" or "sale" means any transfer for consideration of title or the right to use, by lease or sales contract, from a manufacturer or retailer to a consumer, including, but not limited to, transactions conducted through retail sales outlets, catalogs, the internet, or any electronic means; this includes transfer of new products or used products that may have been refurbished by their manufacturer or manufacturer-approved party and that are offered for sale by a manufacturer or retailer, but does not include consumer-to-consumer second-hand transfer.

§16-342. Responsibility of Recycling.

a. Each manufacturer of covered electronic equipment that is sold in the city is individually responsible for the collection, handling and recycling or reuse of all covered electronic equipment that is produced by that manufacturer and generated as electronic waste in the city. In addition, each manufacturer is responsible for a pro rata share of orphan waste generated as electronic waste in the city.

b. Beginning January 1; 2007, and every year thereafter, the department shall provide manufacturers with a determination of each manufacturer's pro rata share of orphan waste. The department shall determine each manufacturer's pro rata share based on the best available information, including, but not limited to, local and/or regional sales data provided by manufacturers.

§16-343. Manufacturer Electronic Waste Management Plan. a. A manufacturer shall develop a plan and submit a report as required by this section.

b. No later than January 1, 2008, a manufacturer shall develop and submit to the Department an electronic waste management plan for the collection, handling and recycling or reuse of covered electronic equipment produced by the manufacturer and generated as electronic waste in the City. The manufacturer shall not impose a fee on consumers for the collection or recycling or reuse of covered electronic equipment.

c. The plan developed by the manufacturer shall include, at a minimum:

1. A description of the collection system;

2. Details for implementing the collection and handling of covered electronic equipment produced by the manufacturer and its pro rata share of orphan waste generated as electronic waste in the city;

3. A public education program to inform residents and businesses of the city about the collection system, including a uniform resource locator (URL) or a toll-free telephone number that provides sufficient information to allow an owner of a covered electronic device to learn how to return the covered device for recycling or reuse;

4. A description of the recycling or reuse programs. Such description shall, at a minimum, identify any disassembly, physical recovery operation, such as crushing, shredding, grinding, glass to glass recycling, or other operation that will be used, and the location of such operations;

5. A description of how the manufacturer will comply with the performance standards established in subdivision h of section 16-343 (h);

d. The Department shall approve or disapprove a proposed plan submitted by a manufacturer within ninety days of its submission. When the department approves a plan, it shall expeditiously notify the manufacturer of the approval in writing. If the department disapproves a plan, it shall expeditiously notify the manufacturer and specify the reasons for disapproval. The department shall approve or disapprove a resubmitted plan within ninety days of resubmission.

e. By January 1, 2008, or 180 days after a plan is approved by the department, whichever date is later, a manufacturer of covered electronic equipment shall implement the approved plan for the collection, handling and recycling or reuse of covered electronic equipment produced by such manufacturer and generated as electronic waste in the city.

f. Notwithstanding subdivisions a, b, and c of this section, a manufacturer may satisfy the plan requirements of this section by agreeing to participate in a collective electronic waste management plan with other manufacturers. Any such collective plan must meet the same requirements as plans submitted by individual manufacturers.

g. A manufacturer is responsible for all costs associated with the development and implementation of the plan.

h. Performance standard

1. For electronic waste other than orphan waste, a manufacturer is responsible for demonstrating that its electronic waste management plan is collecting for recycling or reuse at least the minimum collection rate. The minimum collection rate is calculated as a percentage of the average annual sales of the manufacturer's covered electronic equipment in the city of New York during the previous five calendar years. By January 1, 2010, the minimum collection rate must be 30 percent. By January 1, 2015, the minimum collection rate must be 55 percent. By January 1, 2018, the minimum collection rate must be 80 percent.

2. For purposes of paragraph 1 of subdivision h of section 16-343, the manufacturer must meet, where applicable, the minimum collection rates for each of the following three categories of covered electronic equipment: (a) computer central processing units and laptop computers; (b) cathode ray tubes, cathode ray tube devices, televisions, and computer monitors, including but not limited to, LCD and plasma screens, or similar video display devices with a screen that is greater than 4 inches measured diagonally and contains one or more circuit boards; (c) portable digital music players that have memory and are battery-powered. Products in one category may not be counted in reaching the minimum collection rate for products in another category. Although included in the definition of covered electronic equipment, keyboards and electronic mice may not be counted in reaching the minimum collection rate for any category of product.

3. For purposes of calculating its compliance with the minimum collection rates specified in §16-343(h)(1) and (2), a manufacturer may count the collection of a single item of covered electronic equipment, as specified in paragraph two above, as two items when that item is donated free of charge for reuse to the New York city department of education, or to any not-for-profit corporation recognized under §501 (c) (3) of the internal revenue code, whose principal mission is to assist low-income children or families living in New York City. To qualify for the donation reuse credit under this subsection, manufacturers must ensure the delivery of electronic equipment that: (a) is no older than 6 years old, (b) where applicable, has a functioning operating system; (c) is in full working condition, and (d) has been approved in writing for donation by the recipient.

§16-344. Sales Prohibition. a. Beginning January 1, 2009, a manufacturer not in compliance with this chapter, as determined by the department or a court of law, may be prohibited from offering covered electronic equipment for sale in the city of New York. The department shall not consider a manufacturer in noncompliance with section 16-343 of this subchapter if it has submitted a plan in good faith that is pending approval. It shall be the responsibility of manufacturers to inform in writing all retailers selling covered electronic equipment in the city if such manufacturer is not in noncompliance with this chapter.

b. A retailer shall not offer for sale in the city covered electronic equipment of a manufacturer that has been prohibited from offering covered electronic equipment for sale within the city. A retailer is not responsible for an unlawful sale if the retailer took possession of the covered electronic product prior to the manufacturer's determination of noncompliance, or if the retailer has not been notified as specified above.

§16-345 Labeling. Beginning January 1, 2008, a manufacturer may not offer for sale in the city of New York a covered electronic device unless it has a visible, permanent label clearly identifying the manufacturer of that device, as well as a telephone number or URL that customers can access for information on how that product can be presented for recycling or reuse free of charge to the consumer.

§16-346 Enforcement. a. The department and the department of consumer affairs shall have the authority to enforce the provisions of this subchapter.

b. Any person may enforce the provisions and requirements of this subchapter against any party, government or private, through appropriate legal proceedings, including declaratory, injunctive and equitable relief as well as civil penalties. The court may award the full costs of litigation, including, but not limited to, reasonable expert witness and attorneys' fees, to the plaintiffs should they prevail. This provision is supplementary to existing rights and procedures provided by law.

§16-347 Civil Penalties. Any person who violates any provision of this chapter shall be liable for a civil penalty of not less than five thousand dollars nor more than ten thousand dollars for the first violation, not less than ten thousand dollars nor more than twenty thousand dollars for the second violation and not less than twenty

thousand dollars nor more than thirty thousand dollars for the third violation and subsequent violations of this chapter, in a proceeding before the environmental control board.

§16-348 Reporting Requirements. a. Beginning April 1, 2009, for the previous calendar year and annually thereafter, a manufacturer that offers a covered electronic device for sale in the city of New York shall submit a report to the department that includes the following: (i) any proposed modification to the previously approved manufacturer's plan for the collection, consolidation and recycling and reuse of its covered electronic equipment; (ii) substantiated estimates, on an annual basis for the preceding calendar year, of the quantity of covered electronic equipment sold in the city of New York and the quantity of covered electronic equipment collected for recycling or reuse in the city of New York; (iii) substantiated estimates of the percentage of covered electronic equipment collected by that manufacturer that are recycled and reused from its products; (iv) the identification of end markets for the collected electronic waste; and (vi) any and all systems implemented by the manufacturer to ensure environmentally sound management of its products.

b. The department shall submit a report on implementation of the Electronic Equipment Recycling and Reuse Act in the city of New York to the council by June 15, 2009 and every 2 years thereafter. The report must include, at a minimum, an evaluation of the recycling rates in the city for covered electronic equipment, a discussion of compliance and enforcement related to the requirements of this chapter and recommendations for any changes to the system of collection and recycling of electronic equipment in the city of New York.

§16-349 Confidential Information and Trade Secrets. Information relating to electronic equipment submitted to the department under this subchapter may be designated by the person submitting it as being only for the confidential use of the Department, its agents and employees, other city agencies, and as authorized by the mayor, employees of the United States Environmental Protection Agency and the Attorney General of the state of New York, to the extent allowed under the New York State Freedom of Information Law.

§3. If any part of this subchapter is declared to be invalid or void by a court of competent jurisdiction, the remaining portion shall not be affected, but shall remain in full force and effect and shall be construed to be the entire act.

§4. This law shall take effect immediately.

Int. No. 105

By Council Members McMahon, Koppell, Recchia and Weprin.

A Local Law to amend the administrative code of the city of New York, in relation to regulating publicly accessible collection bins.

Be it enacted by the Council as follows:

Section 1. Chapter one of title 10 of the administrative code of the city of New York is hereby amended by adding thereto a new section 10-162 to read as follows:

§ 10-163 Regulation of publicly accessible collection bins.

a. Definitions. As used in this section, a "publicly accessible collection bin" means any container that allows for any member of the public to deposit items into the container for the purpose of collection by the provider of such container, except any container provided for the collection of refuse.

b. Restrictions. All publicly accessible collection bins shall comply with the following provisions:

1. Each individual publicly accessible collection bin shall be no larger than six feet high by six feet wide by five feet deep. The storage compartment of such bin shall be able to be securely locked at all times so as to limit access by the public to the material placed inside the bin.

2. Each individual publicly accessible collection bin shall prominently display on the front and on at least one other side of the bin, the name, address and phone number of the provider of the bin and whether the provider is a for-profit or not-for-profit company or entity. This information shall be printed in characters that are at least six inches in height.

3. Each individual publicly accessible collection bin shall be emptied no less often than once per week. Once the provider of the bin, the owner of the property or the business where the bin is located is notified or becomes aware of the fact that material of the type intended to be collected in that bin has been left outside the bin, such provider, owner or business shall have twenty-four hours to have said material removed.

4. The provider of the bin, the owner of the property or business where the bin is located shall maintain a general liability policy on each individual publicly accessible collection bin. The minimum limit of such insurance coverage shall be no less than one hundred fifty thousand dollars combined single limit for bodily injury, including death and property damage.

5. Each individual publicly accessible collection bin shall be maintained in a clean and neat condition and shall be kept in good repair. The provider of said bin shall be required to monitor each bin so that it is kept clean and free of graffiti and other unauthorized writing, painting, drawing, or other markings or inscriptions and is kept in good repair. Such provider shall also use best efforts to ensure that each bin under his or her ownership or control is not used as a depository for the placement of refuse. Once the provider of the bin, the owner of the property or business where the bin is located becomes aware of the fact that the bin contains graffiti, or contains refuse, such provider, owner or business shall have seventy-two hours to have such graffiti and/or refuse removed.

6. Any publicly accessible collection bin that has been damaged or vandalized shall be repaired, replaced or removed by the provider of such bin within five days of receipt of notice of such damage or vandalism. If such bin has been damaged or vandalized so as to constitute a danger to persons or property, it shall be made safe within twenty-four hours following notice of such condition.

7. No publicly accessible collection bin may be placed on any city property or property maintained by the city, or on any public sidewalk or roadway unless expressly authorized to do so by the city.

8. No publicly accessible collection bin shall be used for advertising or promotional purposes, other than for the name and address and phone number of the provider and for information regarding the purpose for which the bin was intend ed.

c. Violations. 1. Any person, company or entity found to be in violation of any of the provisions of this section shall be subject to civil penalties of no less than one hundred dollars nor more than two hundred dollars for a first violation and not less than two hundred dollars nor more than five hundred dollars for a second or subsequent violation.

2. A second violation or subsequent violation is defined as a violation of the provisions of this section by the same person, company or entity within any twelve-month period.

3. In the instance where a notice of violation, appearance ticket or summons is issued for breach of the provisions of this section, such violation, appearance ticket, or summons shall be returnable to the environmental control board, which shall have the power to impose civil penalties as proscribed herein.

§2. This local law shall take effect ninety days after its enactment into law.

Referred to the Committee on Sanitation and Solid Waste Management.

Int. No. 106

By Council Members McMahon, Gentile, Recchia and Oddo.

A Local Law to amend the administrative code of the city of New York, in relation to the shipment of solid waste between boroughs and the alteration of solid waste management facilities.

Be it enacted by the Council as follows:

Section one. Section 16-201 of the administrative code of the city of New York is amended by adding thereto new subdivisions g and h to read as follows:

g. As of July 1, 2008, the commissioner shall be prohibited from delivering, transferring, relocating, sending, carrying, shifting, removing, reassigning, or distributing solid waste collected from within any borough to any other borough for any purpose without the prior consent of the council by local law. The provisions of this section shall not apply to any recyclable materials as designated pursuant to sections 16-305, 16-306,16-308, 16-309 or 16-310 of this chapter.

h. No approval shall be granted for the construction of any new facility or an alteration to any existing facility used by the department for the processing and/or storage of solid waste that will increase the ability of said facility to process residential or commercial solid waste from any borough other than the borough in which the facility is located, without the prior approval of the council by local law. This section shall not apply to any facilities used for the collection of or processing of recyclable materials.

§2. This local law shall take effect immediately after its enactment into law.

Referred to the Committee on Sanitation and Solid Waste Management.

Int. No. 107

By Council Members McMahon, Nelson, Recchia and Weprin.

A Local Law to amend the administrative code of the city of New York, in relation to exempting businesses located within an industrial park from complying with the prohibition on placing sanitation dumpsters on sidewalks.

Be it enacted by the Council as follows:

Section 1. Subdivision c of section 16-120 of the administrative code of the city of New York is amended to read as follows:

c. Incinerator, residue, ashes, refuse and liquid waste shall be stored in the building or dwelling or at the rear of the building or dwelling as may be required by the department of health and mental hygiene or the department of housing preservation and development until time for removal and kept in tightly covered metal receptacles or containers made of other materials of a type and grade acceptable to the department, department of health and mental hygiene, and the department of housing preservation and development. After the contents have been removed by the department or other collection agency any receptacles remaining shall immediately be removed from the front of the building or dwelling, *except that buildings may keep such receptacles on the front sidewalk indefinitely provided there is at least three feet of space in front of such receptacles for pedestrian traffic and such building is located within an in-place industrial park, as designated by the economic development corporation of the city of New York pursuant to their contract with the city of New York.* The receptacles shall at all times be kept covered or closed and kept in a manner satisfactory to the department, the department of health and mental hygiene, and in the case of residential premises, the department of housing preservation and development. No receptacles, refuse, incinerator residue or ashes, or liquid waste shall be kept so as to create a nuisance. Yard sweepings, hedge cuttings, grass, leaves, earth, stone or bricks shall not be mixed with household wastes.

§2. This local law shall take effect immediately upon its enactment into law.

Referred to the Committee on Sanitation and Solid Waste Management.

Int. No. 108

By Council Members McMahon, Addabbo Jr., Fidler, Foster, Gentile, Koppell, Martinez, Nelson, Recchia, Sanders, Sears and Weprin.

A Local Law to amend the administrative code of the city of New York, in relation to requiring food vendors and general vendors to keep the area in which they vend free from litter.

Be it enacted by the Council as follows:

Section 1. Subdivision 2 of section 16-118 of the administrative code of the city of New York is amended to read as follows:

2. (a) Every owner, lessee, tenant, occupant or person in charge of any building or premises shall keep and cause to be kept the sidewalk, flagging and curbstone abutting said building or premises free from obstruction and nuisances of every kind, and shall keep said sidewalks, air shafts, areaways, backyards, courts and alleys free from garbage, refuse, rubbish, litter and other offensive material. Such persons shall also remove garbage, refuse, litter, debris and other offensive material between the curbstone abutting the building or premises and the roadway area extending one and one-half feet from the curbstone into the street on which the building or premises front. Such persons shall not, however, be responsible for cleaning the garbage, refuse, rubbish, litter and other offensive material which accumulates at catch basins located within the one and one-half foot distance from the curbstone into the street.

(b) Every food vendor, as defined in subdivision c of section 17-306 of the code, whether licensed or unlicensed, and every general vendor, as defined in subdivision b of section 20-452 of the code, whether licensed or unlicensed, shall keep the public space in which he or she vends free from garbage, refuse, rubbish, litter and other offensive material. Such vendors shall not, however, be responsible for cleaning the garbage, refuse, rubbish, litter and other offensive material which accumulates at catch basins located within such public space. For the purpose of this paragraph, public space shall mean the public space within six feet of any pushcart, stand or vehicle used by such vendor or within six feet of any item displayed or offered for sale by such vendor, whichever is greater, but shall not include any area extending beyond one and one-half feet from a curbstone into a street within such public space.

(c) An owner, lessee, tenant, occupant or person in charge of a building or premises subject to paragraph (a) of this subdivision and a vendor subject to paragraph (b) of this subdivision shall both be liable for any breach of the provisions of this subdivision in any area described in both paragraph (a) and paragraph (b) of this subdivision.

§2. Subdivisions a and b of section 16-118.1 of the administrative code of the city of New York, as added by local law number 31 for the year 1990, are amended to read as follows:

The department shall implement a citywide routing system for the enforcement of *paragraph a* of subdivision two of section 16-118 of this code, as such [subdivision] *paragraph* relates to cleaning of sidewalks, flagging, curbstones and roadway areas by owners, lessees, tenants, occupants or persons in charge of commercial premises. *The routing system implemented for the enforcement of paragraph a of subdivision two of section 16-118 of this code shall apply to paragraph b of subdivision two of section 16-118 of this code, as such paragraph relates to cleaning of public spaces by vendors who vend within any sub-district of a local service delivery district covered by the routing system implemented for the enforcement of paragraph a of subdivision two of section 16-118 of this code.* The citywide enforcement routing system shall limit the issuance of notices of violation, appearance tickets or summonses within any sub-district of a local service delivery district to predetermined periods of a total of no more than two hours each day, provided that each such predetermined period shall be one hour. The department shall establish a citywide schedule of periods for issuing notices of violation, appearance tickets or summonses in each district and shall give written notice to the owners, lessees, tenants, occupants or persons in charge of commercial premises in each district of the periods for the district in which their premises are located by the use of flyers, community meetings or such other techniques as the commissioner reasonably determines to be useful, *and to vendors to the extent practicable, by the use of such techniques as the commissioner reasonably determines to be useful.*

Notwithstanding the provisions of subdivision a of this section, the commissioner may provide an additional predetermined period of one hour per day during which notices of violation, appearance tickets or summonses may be issued in any sub-district within a local service delivery district upon the commissioner's determination that the total of two hours otherwise permitted by this section is not sufficient to maintain the sidewalks, flagging, curbstones and roadways in such sub-districts in an adequately clean condition. Such determination shall be based upon a finding that there has been a decline in the average street cleanliness ratings compiled by the mayor's office of operations for such district for the most recent three-month period as compared to the average street cleanliness ratings compiled by the mayor's office of operations for the same three-month period in fiscal year nineteen hundred ninety. Notice of any increase in the number of hours during which notices of violation, appearance tickets or summonses can be issued or of any change in such hours shall be given by letter to the community board, the owners lessees, tenants, occupants or persons in charge of commercial premises in the affected sub-districts within a local service delivery district and every council member representing the local service delivery district no less than forty-five days prior to the implementation of such increase or change *and, to the extent practicable, by the use of such techniques as the commissioner reasonably determines to be useful, to vendors who vend within the affected sub-districts.* Any additional notice may be given by use of letters, flyers, community meetings or such other techniques as the commissioner reasonably determines to be useful. Written notice to a council member shall be sent to the council member's district office.

§3. This local law shall take effect on the sixtieth day after it shall have become a law.

Referred to the Committee on Sanitation and Solid Waste Management.

Int. No. 109

By Council Members McMahon, Katz, Martinez, Nelson and Recchia.

A Local Law to amend the administrative code of the city of New York in relation to establishing rates for certain solid waste management services furnished by the city.

Be it enacted by the Council as follows:

Section 1. Section 16-115 of the administrative code of the city of New York is hereby amended to read as follows:

§16-115 Sale of ashes by commissioner. Ashes collected by the department may be sold by the commissioner at rates [fixed by the board of estimate] *established by the council by local law, upon recommendation of the commissioner.*

§2. Section 16-117 of such code is hereby amended to read as follows:

§16-117 Rules [and regulations] governing conveyance of rubbish, waste or offensive material through the streets. The commissioner shall have power to adopt rules [and regulations]:

1. Controlling persons and their servants, agents and employees and the vehicles of each engaged in removing, disposing of, conveying or transporting upon the streets, public places or bridges, or over the ferries in the city, manure, swill, ashes, street sweepings, bones, garbage, night soil, offal, fat, hides, hoofs or entrails, or other refuse parts of slaughtered animals, refuse, rubbish, bodies of dead animals, or any other offensive or noxious material, paper stock, or trade waste;

2. Rules [and regulations] adopted by the commissioner pursuant to this section shall be submitted to the [board of estimate and, when approved by such board, shall be filed with the city clerk and published in like manner as prescribed by section eleven hundred five of the charter and shall be enforced in the same manner and to the same extent as local laws] *council for its approval.*

§3. Section 16-128 of such code is hereby amended to read as follows:

§16-128 Removal of incumbrances from streets. a. The commissioner shall remove, or cause to be removed, any vehicle, box, barrel, bale of merchandise or other movable property or article or thing whatsoever found upon any street, in accordance with [regulations] *rules* adopted by the [board of estimate] *council, upon recommendation of the commissioner.*

b. [The board of estimate] *These rules* shall set forth[, in such regulations,] the procedures to be followed by the commissioner relating to:

1. the leasing of yards for storage of property removed under the authority of this section;

2. notification to the owner of the property removed, if such owner is ascertainable, that the property is being held by the commissioner;

3. redemption, by the owner, of the property removed;

4. reimbursement, by the owner, of the expenses of removal incurred by the commissioner;

5. the sale, by the commissioner, of the property held by him or her; *and*

6. the keeping of records and accounts, the transmission of such records to the comptroller, and the transmission of funds collected to the commissioner of finance[; and

7. such other regulations as the board of estimate may deem necessary to carry out the provisions of this section].

c. *Notwithstanding the provisions of section one thousand forty-five of the charter,* [Such regulations] *such rules* shall not become effective until adopted by the [board of estimate and filed, by the secretary of such board, with the city clerk, pursuant to section eleven hundred five of the charter] *council.*

§4. Section 16-132 of such code is hereby amended to read as follows:

§16-132 Lease of advertising space on litter baskets. Notwithstanding any other provision of local law, the commissioner shall have the power, subject to the approval of the [board of estimate,] *council* to lease, rent or otherwise grant advertising space to any person on any basket, container or receptacle placed in a public place by the department or its authorized agent for the public disposal of litter and to collect rentals, fees, charges or accept any other consideration for the lease, rental or other grant of such advertising space *as the council may approve.*

§5. Section 16-203 of such code is hereby amended to read as follows:

§16-203 Charges. a. The rates for use of facilities provided by or for the department shall be [fixed by the board of estimate] *established by the council by local law,* upon the recommendation of the commissioner, who shall require persons assigned to such facilities to pay such rates.

b. The rates shall be sufficient, when added to other waste disposal and resource recovery revenues and to the value to the department of its proportionate use of all facilities comprising the solid waste management system of the city, as determined by the commissioner, to provide for all expenses of transportation, land acquisition, construction, equipment, operations including enforcement, administrative and insurance costs, maintenance, expansion, replacement, financing and reasonable reserves therefore and any other costs that may be required for the financing or completion of facilities, equipment or land to be used for furnishing solid waste management services. The commissioner may from time to time recommend and the [board of estimate] *council* may prescribe changes in rates, provided that such changes shall be based on changes in the cost of furnishing solid waste management services.

c. The rate for each facility may be fixed so as to vary according to volume, location of facility assignment, or weight, type, character or difficulty of storing, processing or disposing of the solid waste, or other factors relating to economic efficiency of allocation of resources and may not discriminate between classes of users.

The commissioner shall state the basis for establishing such varying rates in the commissioner's recommendations to the [board of estimate] *council.*

d. The commissioner shall notify by mail all persons assigned to use facilities of the [first meeting of the board of estimate at which any resolution fixing or changing such rates is scheduled to be considered] *intention to present to the council a recommendation to establish or change a rate.* Such notice shall be mailed at least thirty days prior to [such board of estimate meeting] *the presentation of such recommendation to the council* and shall include the proposed rates or rate changes. Failure to provide such notice shall not affect the validity of such rates.

e. The commissioner may collect charges in such manner as he *or she* determines shall minimize burdens and costs of the department, provided that the commissioner shall also consider burdens and costs of persons assigned to facilities.

§6. This local law shall take effect immediately.

Referred to the Committee on Sanitation and Solid Waste Management.

By Council Members McMahon, Addabbo Jr., Fidler, Gentile, Koppell, Mark-Viverito, Martinez, Mendez, Nelson, Recchia, Sanders and Weprin.

A Local Law to amend the administrative code of the city of New York, in relation to increasing fines for dumping household and commercial refuse into public litter baskets.

Be it enacted by the Council as follows:

Section 1. Subdivision e and f of section 16-120 of the administrative code of the City of New York as amended by local law 1 of he year 2003 is amended to read as follows:

e. No person shall deposit household or commercial refuse [, incinerator residue or ashes,] or liquid wastes in [an open] *a public litter basket placed on the streets by the department or any other person.*

f. Any person violating the provisions of this section, *except subdivision e,* shall be liable for a civil penalty of not less than twenty-five nor more than one hundred dollars for the first violation, except that for a second violation of this section within any twelve-month period such person shall be liable for a civil penalty of not less than one hundred dollars nor more than two hundred dollars and for a third or subsequent violation within any twelve-month period such person shall be liable for a civil penalty of not less than two hundred dollars nor more than three hundred dollars. *Any person violating the provisions subdivision e of this section shall be liable for a civil penalty of not less than one hundred dollars nor more than three hundred dollars for the first violation, that for a second violation of this section within any twelve-month period such person shall be liable for a civil penalty of not less than two hundred fifty dollars nor more than three hundred fifty dollars and for a third or subsequent violation within any twelve-month period such person shall be liable for a civil penalty of not less than three hundred fifty dollars nor more than four hundred dollars.*

§2. This local law shall take effect on the thirty days after it is enacted into law.

Referred to the Committee on Sanitation and Solid Waste Management.

Int. No. 111

By Council Members McMahon, Gentile, Koppell and Recchia.

A Local Law to amend the administrative code of the city of New York, in relation solid waste collections.

Be it enacted by the Council as follows:

Section 1. Chapter one of title 16 of the administrative code of the city of New York is hereby amended by adding thereto a new section 16-120.2 to read as follows:

§16-120.2 Twice weekly non-recyclable solid waste collections. A minimum schedule of twice weekly collection of non-recyclable solid waste shall be implemented and maintained in every local service delivery district. However, the commissioner may provide for more frequent collection of non-recyclable solid waste.

§2. This law shall take effect immediately.

Referred to the Committee on Sanitation and Solid Waste Management.

Int. No. 112

By Council Members McMahon, Koppell, Recchia, Sanders and Weprin.

A Local Law to amend the administrative code of the city of New York, in relation to the installation of food waste disposals in residential buildings.

Be it enacted by the Council as follows:

Section 1. Subdivision b of section 24-518.1 of the administrative code of the city of New York, as amended by local law number 71 for the year 1997, is amended to read as follows:

b. [Food waste disposals] *Every kitchen sink that is installed in a dwelling unit in a private or multiple dwelling shall be equipped with a food waste disposal* for the discharge of putrescible food wastes [from dwelling units] *and a food waste disposal* may be installed in private dwellings and in multiple dwellings, provided that:

1. all putrescible food wastes discharged to a sanitary sewer are discharged in fluid form and at a reasonably uniform rate so as to prevent clogging or stoppage of the drain line or sanitary sewer; and

2. the installation of such food waste disposals is approved by the department of buildings and is in compliance with *all* applicable provisions of the administrative code. *However, where more than one sink is installed in a kitchen, only one of such sinks must be equipped with a food waste disposal.*

§2. Table RS16-5 MINIMUM NUMBER OF PLUMBING FIXTURES REQUIRED of Reference Standard 16 of Title 27 of the Administrative Code of the City of New York, is amended by adding at the end of the column titled "Other Fixtures" for the line beginning "Dwellings--one- and two-family", new text to read as follows:

Other Fixtures

Where more than one sink is installed in a kitchen, only one of such sinks must be equipped with a food waste disposal.

§3. Table RS16-5 MINIMUM NUMBER OF PLUMBING FIXTURES REQUIRED of Reference Standard 16 of Title 27 of the Administrative Code of the

City of New York, is amended by adding at the end of the column titled "Other Fixtures" for the line beginning "Dwellings—multiple or apartment", new text to read as follows:

Other Fixtures

Where more than one sink is installed in a kitchen, only one of such sinks must be equipped with a food waste disposal.

§4. This local law shall take effect immediately.

A Local Law to amend the administrative code of the city of New York, in relation to securing plastic bags used for waste disposal.

Be it enacted by the Council as follows:

Section 1. Subdivision a of section 16-120 of the administrative code of the city of New York is amended to read as follows:

§16-120 Receptacles for the removal of waste material. a. The owner, lessee, agent, occupant or other person who manages or controls a building or dwelling shall provide and maintain in accordance with this section separate receptacles for the deposit of incinerator residue and ashes [;], refuse, and liquid waste. The receptacles shall be provided for the exclusive use of each building or dwelling and shall be of sufficient size and number to contain the wastes accumulated in such building or dwelling during a period of seventy-two hours. The receptacles shall be made of metal or other material of a grade and type acceptable to the department, the department of health and the department of housing preservation and development. Receptacles used for liquid waste shall be constructed so as to hold their contents without leakage. Metal containers shall be provided with tight fitting metal covers. *Any plastic bag used as a receptacle for the removal of waste material shall be at least 0.85 mils thick and shall be securely closed in a manner as to leave no opening through which such waste material may leak or spill from the bag. No plastic bag shall be acceptable for this purpose unless it can be closed in such a manner.*

§2. This local law shall take effect immediately.

Referred to the Committee on Sanitation and Solid Waste Management.

A Local Law to amend the administrative code of the city of New York, in relation to the disposal of solid waste.

Be it enacted by the Council as follows:

Section 1. Chapter one of title 16 of the administrative code of the city of New York is hereby amended by adding thereto a new section 16-141 to read as follows:

§16-141 Disposal of solid waste. The Commissioner shall be required to provide for the final disposal of no less than five thousand tons per day of non-recyclable solid waste by a method other than landfilling or incineration no later than July 1, 2015

§2. This law shall take effect immediately.

Referred to the Committee on Sanitation and Solid Waste Management.

Int. No. 115

By Council Members McMahon, Felder, Gentile and Recchia.

A Local Law to amend the administrative code of the city of New York, in relation to the distribution of weekly circulars in a plastic bag to dwellings and to repeal subdivision five of section 16-118 of such code.

Be it enacted by the Council as follows:

Section 1. Subdivision 5 of Section 16-118 of administrative code of the city of New York is REPEALED and a new subdivision 5 is added to read as follows:

5. a. It shall be unlawful for any person to distribute or cause to be distributed to a dwelling without the permission of the property owner one or more weekly circulars contained in a plastic bag.

b. The commissioner shall be authorized to collect a fee each time one or more weekly circulars are distributed or caused to be distributed to a dwelling in a plastic bag.

§2. This local law shall take effect immediately.

Referred to the Committee on Sanitation and Solid Waste Management.

Int. No. 116

By Council Members McMahon, Fidler, Gentile, Recchia, Vallone Jr. and Lanza.

A Local Law to amend the administrative code of the city of New York, in relation to defining primary and intermediate schools in connection with health staffing.

Be it enacted by the Council as follows:

Section 1. Subdivision a of section 17-187 of the administrative code of the city of New York is amended by renumbering paragraphs 1 and 2 as paragraphs 2 and 4, respectively, and by adding new paragraphs 1 and 3 to read as follows:

(1) "Intermediate school" means any public or private school that solely contains any combination of grades from and including grades 6, 7, 8, and 9.

(3) "Primary school" means any public or private elementary, grammar or other such school that solely contains any combination of grades from and including pre-kindergarten through grade 8; provided, however, that such definition shall not include any school that is defined as an "intermediate school," pursuant to paragraph 1 of this section.

§2. This local law shall take effect immediately.

Referred to the Committee on Health.

Int. No. 117

By Council Members McMahon, Fidler, Gentile, Martinez and Recchia.

A Local Law to amend the administrative code of the city of New York and the New York city charter, in relation to prohibiting the issuance of temporary certificates of occupancy for one-, two-, and three-family dwellings.

Be it enacted by the Council as follows:

Section 1. Section 27-218 of the administrative code of the city of New York is amended to read as follows:

The commissioner may, upon request, issue a temporary certificate of occupancy for a part or parts of a building before the entire work covered by the permit shall have been completed, provided that such part or parts may be occupied safely prior to completion of the building and will not endanger public safety, health or welfare, and further provided that the temporary certificate of occupancy shall be issued [initially] for a period [between ninety and one hundred eighty days, in the case of all buildings classified in occupancy group J-3 or three-family homes, and] *of* ninety days [for all other buildings], subject to renewal for additional ninety-day periods at the discretion of the commissioner, *except that the commissioner shall not issue a temporary certificate of occupancy for a building classified in occupancy group J-3 or a three-family dwelling*. When an applicant applies for an initial temporary certificate of occupancy for longer than ninety days, he or she must state the reason necessary for the longer time period.

§2. Subparagraph f of paragraph three of subdivision b of section 645 of the New York city charter is amended to read as follows:

f. the commissioner may, on request of the owner of a building or structure or his authorized representative, issue a temporary certificate of occupancy for any part of such building or structure provided that such temporary occupancy or use would not in any way jeopardize life or property, *except that for a building or structure classified in occupancy group J-3 or a three-family dwelling, no temporary certificate of occupancy may be issued*;

§3. This local law shall take effect immediately.

Referred to the Committee on Housing and Buildings.

Res. No. 77

Resolution calling upon the Legislature of the State of New York to amend the Vehicle and Traffic Law to allow motor vehicles to legally make right turns at red signals in Richmond County by enacting Assembly bill A.6112.

By Council Members McMahon, Gentile, Recchia, Weprin and Lanza.

Whereas, State Vehicle and Traffic Law section 1111(d)(2) permits motor vehicles in New York State, except in New York City, to make a right turn at a red signal after coming to a complete stop and ensuring that such turn may safely be made so long as there is no sign specifically prohibiting such turn; and

Whereas, One of the goals in allowing motor vehicles to legally make right turns at red signals is to improve the flow of vehicular traffic where such turning can be safely accommodated; and

Whereas, The prohibition against making right turns at red signals in New York City contained in the Vehicle and Traffic Law should be reexamined with regard to its application to Richmond County, due to the fact that vehicular and pedestrian traffic patterns in Richmond County are substantially lighter than is the norm in other areas of New York City; and

Whereas, Such lighter traffic volume in Richmond County is unique to New York City in that it allows more opportunities for a safe "right turn on red" than virtually anywhere else in New York City; and

Whereas, Continued application of the prohibition against making right turns at red signals in Richmond County, which has particularly light pedestrian and vehicular traffic, is inconsistent with the spirit of the state Vehicle and Traffic Law, which specifically provides for such turning to be legal in jurisdictions throughout New York State with comparable traffic patterns; and

Whereas, The existence of such traffic patterns in Richmond County makes the timing ripe for a "Right on Red" pilot program in Richmond County; and

Whereas, the New York State Assembly is considering A. 6112, introduced by Assemblyman Ignizio, which would legalize right turns at red signals in Richmond County, but no companion Senate bill has been introduced; now, therefore, be it

Resolved, that the Legislature of the State of New York amend the Vehicle and Traffic Law to allow motor vehicles to legally make right turns at red signals in Richmond County by enacting Assembly bill A.6112.

Referred to the Committee on Transportation.

Res. No. 78

Resolution calling upon the New York State Legislature to repeal State law which currently bans the passage of dangerous dog local legislation that is specific as to breed, so that New York City may ban ownership or possession of pit bulls in the City.

By Council Members McMahon, Koppell and Recchia.

Whereas, Attacks by dangerous dogs can lead to either serious physical injury or death; and

Whereas, According to the Centers for Disease Control, as many as 800,000 people nationwide, more than half of them children, require medical attention for dog bites each year, and about a dozen people die each year from dog bite injuries; and

Whereas, Attacks by dogs on people have often involved dogs of the pit bull breed, and on December 2, 2003, the New York Daily News reported that a four-year old girl was bitten on the ankle by a pit bull; and

Whereas, Dog bites and attacks can be largely preventable through appropriate public health laws which place restrictions on the ownership, possession or handling of dogs deemed to be dangerous; and

Whereas, Certain cities, such as Denver, have banned ownership of pit bulls; and

Whereas, Currently, Section 107 of the New York State Agricultural and Markets Law prevents municipalities, including New York City, from passing any laws which regulate dangerous "dogs in a manner that is specific as to breed"; and

Whereas, In order to properly protect all individuals living and working in New York City, the City must have the ability prohibit the ownership or possession of breeds of dogs deemed dangerous; now, therefore, be it

Resolved, That the Council of the City of New York calls upon the New York State Legislature to repeal State law which currently bans the passage of dangerous dog local legislation that is specific as to breed, so that New York City may ban ownership or possession of pit bulls in the City.

Referred to the Committee on Health.

Int. No. 118

By Council Members Mendez, Dilan, The Speaker (Council Member Quinn), Sears, Comrie, Gennaro, Garodnick, Lappin, Palma, Foster, Liu, Avella, Martinez, Weprin, Vacca, Vann, Katz, Clarke, Mark-Viverito, Brewer, Monserrate, Dickens, Koppell, Gentile, Nelson, Seabrook, Sanders, Addabbo Jr., Fidler, Gonzalez, Jackson, Yassky, Baez and White.

A Local Law to amend the administrative code of the City of New York, in relation to extending the rent stabilization laws.

Be it enacted by the Council as follows:

Section 1. Section 26-502 of the administrative code of the city of New York, as amended by local law number 21 for the year 2003, is amended to read as follows:

§26-502 Additional findings and declaration of emergency. The council hereby finds that a serious public emergency continues to exist in the housing of a considerable number of persons within the City of New York and will continue to exist *on and* after April first, [two thousand three] *two thousand six* and hereby reaffirms and repromulgates the findings and declaration set forth in section 26-501 of this title.

§2. Section 26-520 of the administrative code of the city of New York, as amended by local law number 12 for the year 2000, is amended to read as follows:

§26-520 Expiration date. This chapter shall expire on April first, [two thousand six] *two thousand nine* unless rent control shall sooner terminate as provided in subdivision three of section one of the local emergency housing rent control law.

§3. This local law shall take effect immediately upon its enactment into law.

Referred to the Committee on Housing and Buildings.

Res. No. 79

Resolution determining that a public emergency requiring rent control in the City of New York continues to exist and will continue to exist on and after April 1, 2006.

By Council Members Mendez, Dilan, The Speaker (Council Member Quinn), Sears, Comrie, Gennaro, Garodnick, Lappin, Palma, Foster, Liu, Avella, Martinez, Weprin, Vacca, Vann, Katz, Clarke, Mark-Viverito, Brewer, Monserrate, Dickens, Koppell, Gentile, Nelson, Seabrook, Sanders Jr., Addabbo, Fidler, Gonzalez, Jackson, Yassky and Baez

Whereas, The City, acting by the Mayor, has caused a survey to be made of the supply of housing accommodations and the need for continuing the regulation and control of residential rents and evictions within the City, and such survey has been submitted to the Council in accordance with the law; now, therefore, be it

Resolved, That the Council hereby determines that the public emergency requiring the regulation and control of residential rents and evictions within the City continues to exist and will continue to exist on and after April 1, 2006, and that an acute shortage of dwellings continues to exist and will continue to exist on and after April 1, 2006, that such shortage constitutes a threat to the citizens of New York City and creates a special hardship to persons and families of limited and moderate means; that unless residential rents and evictions continue to be regulated and controlled, there will be excessive rent increases and evictions for failing to pay such increases, which will produce serious threats to the public health, safety and general welfare, that to prevent such perils to the public health, safety and general welfare, preventive action through local legislation of the City continues to be imperative; that such action, as a temporary measure to be effective until it is determined by the Council that such emergency no longer exists, is necessary in order to prevent threats to the public health, safety and general welfare; that the transition from regulation to a normal market of free bargaining between landlord and tenant, while still the object of State and City policy, must be administered with due regard for such emergency; and be it further

Resolved, That the Council of the City of New York, for the reasons hereinabove set forth, hereby determines, pursuant to subdivision 3 of section 1 of Chapter 21 of the Laws of 1962, as amended, that the continuation of the regulation and control of residential rents and evictions on and after April 1, 2006 is necessary to protect the public health, safety and general welfare and that such regulation and control should be continued as now or hereafter provided pursuant to the provisions of Chapter 3 of Title 26 of the Administrative Code of the City of New York, subject to such amendment as may be enacted into law.

Referred to the Committee on Housing and Buildings.

Int. No. 119

By Council Members Monserrate, Fidler, Gonzalez, Martinez, Mendez, Yassky, Avella and Palma.

A Local Law to amend the administrative code of the City of New York, in relation to the human rights law.

Be it enacted by the Council as follows:

Section 1. Declaration of legislative findings and intent. The council finds that a significant portion of the City's population resides and seeks to reside in cooperative apartments. While some of these apartments are available only to wealthy New Yorkers, the cooperative form of ownership is one that is also available for New Yorkers of moderate incomes. The council finds that there has historically been and continues to be widespread resistance on the part of cooperative corporations to provide reasons when these corporations withhold consent to the sale of an apartment. This unwillingness to provide reasons has frequently served to conceal both arbitrary refusals to consent to sales and discriminatory refusals to consent to sales. The lack of any mechanism by which prospective purchasers can timely determine the reasons for a cooperative corporation's withholding of consent has impaired their and the City's ability to identify unlawful discriminatory practices, has facilitated the ability of cooperative corporations to craft in the context of actions or proceedings alleging unlawful discriminatory practices a variety of pretexts for having withheld consent and has deterred many New Yorkers from seeking homes in cooperative apartment buildings. The widespread failure to provide reasons for withholding consent has interfered with economic transactions, limited mobility, exacerbated the City's housing shortage by impeding the optimal efficiency of the housing market, and has reinforced economic, racial, and other forms of segregation in the City. In order to prevent these economic, social and moral injuries, to guard the health, safety, and welfare of the City, and to enhance the effectiveness of the City's Human Rights Law, the council finds that cooperative corporations must be required to disclose to prospective purchasers the reasons for withholding consent to a proposed sale.

§2. Title 8 of the administrative code of the City of New York is amended by adding a new chapter eleven, to read as follows:

CHAPTER 11

FAIR AND PROMPT COOP DISCLOSURE LAW

§8-1101. Short title
§8-1102. Definitions
§8-1103. Mandatory statement
§8-1104. Amended, supplemental and untimely statements
§8-1105. Liability for failure to provide statement
§8-1106. Procedure for asserting violation
§8-1107. Preclusive effect of statement
§8-1108. No estoppel or res judicata
§8-1109. Construction

§8-1101. Short title. This chapter shall be known as the "Fair and Prompt Coop Disclosure Law."

§8-1102. Definitions. For the purposes of this chapter:

a. "Application" means a request of a seller or a purchaser for a cooperative corporation to consent to the sale of stock by the seller to the purchaser, and to the supporting information lawfully required by the cooperative corporation's policies or rules in connection with the consideration of the request.

b. "Cooperative corporation" means any corporation that grants a person the right to reside in housing accommodations leased by the corporation, that right existing by virtue of such person's ownership of certificates of stock or other evidence of ownership of an interest in a cooperative corporation.

c. "Proper party" means a person whose application has been rejected or a real estate broker who would have been entitled to a commission had the proposed transaction been approved or the City of New York.

d. "Purchaser" means a person who seeks to purchase stock from a seller.

e. "Seller" means an owner of stock who intends to sell that stock.

f. "Statement date" means the date the written certification required by this chapter has been received by a proper party. Delivery may be made by hand, facsimile device, electronic mail, overnight mail, or other mail delivery service that provides proof of date of receipt.

g. "Stock" means certificates of stock or other evidence of ownership of an interest in a cooperative corporation.

§8-1103. Mandatory statement.

a. Whenever any cooperative corporation withholds consent to the sale or proposed sale of stock, the corporation shall provide the purchaser with a written statement of each and all of its reasons for withholding consent no later than five business days after it has made its decision to withhold consent.

b. The statement required by this section must set forth each reason for withholding consent with specificity. This requirement includes identifying: each element of the purchaser's application which was found by the cooperative corporation to be deficient, any specific ways that the application failed to meet any specific policies, standards, or requirements of the cooperative corporation, and the source of any negative information relied upon by the cooperative corporation in connection with any of its reasons for withholding consent. The statement must be calculated to convey sufficient information to enable a prospective purchaser to take specific steps to remedy any specific deficiencies in that prospective purchaser's application.

c. The statement required by this section must set forth the number of applications that have been received by the cooperative corporation in the period commencing three years prior to the date of the submission of the application that is the subject of the statement and continuing through and including the date of the statement. The statement must also set forth for the same period of time the number of applications for which the cooperative corporation withheld consent.

d. The statement required by this section must include a certification by an officer of the cooperative corporation, sworn or affirmed under penalties of perjury, that the statement is a true, complete and specific recitation of each and all of the cooperative corporation's reasons for withholding consent; that each director who participated in the decision to withhold consent has stated to the certifying officer that he or she had no reasons for withholding consent other than those set forth in the statement; and that the statement is a true and complete recitation of total applications and applications for which consent was withheld required by this chapter.

§8-1104. Amended, supplemental and untimely statements.

a. Only amendments or supplements to timely statements required by § 8-1103 shall be considered timely, and only if such amendments or supplements are provided to a purchaser within 10 days after the cooperative corporation has made its decision to withhold consent.

b. If a cooperative corporation seeks to provide a purchaser with an untimely statement, amendment, or supplement, the untimely statement, amendment or supplement must be accompanied by a statement of reasons for untimeliness. If no more than 20 days have elapsed since the cooperative corporation's decision to withhold consent and no proper party has initiated an action or proceeding pursuant to this chapter or pursuant to any other chapter of this Title, the untimely statement, amendment or supplement shall be permitted to be considered in mitigation of the scope of non-compliance should an action or proceeding subsequently be commenced pursuant to this chapter, and shall be permitted to be considered for determining the scope of permissible evidence pursuant to §8-1107, provided that the cooperative corporation can demonstrate that the reasons provided for untimeliness were true and can demonstrate that those reasons establish good cause for the untimeliness. In the event that more than 20 days have elapsed since the cooperative corporation's decision to withhold consent, or a proper party has initiated an action or proceeding pursuant to this chapter or pursuant to any other chapter of this Title, then such untimely statement or amendment or supplement shall not be permitted to be considered in mitigation of the scope of non-compliance in an action or proceeding commenced pursuant to this chapter, and shall not be permitted to be considered for determining the scope of permissible evidence pursuant to § 8-1107.

§8-1105. Liability for failure to provide statement. In addition to any other penalties or sanctions which may be imposed pursuant to this chapter or any other applicable law, any cooperative corporation that fails to timely comply with any of the provisions of § 8-1103 shall be liable to each proper party who commences or joins in an action or proceeding alleging a failure to have timely complied with the requirements in an amount no less than $1,000 and no more than $15,000 for the first instance of non-compliance; no less than $5,000 and no more than $20,000 for the second instance of non-compliance; and no less than $10,000 and no more than $25,000 for the third or any subsequent instance of non-compliance, and shall further be liable as provided by § 8-1106. A finder of fact shall, within the range set forth by this section, take account both of the scope of non-compliance and of the resources of the cooperative corporation when determining the monetary liability to be imposed pursuant to this section.

§8-1106. Procedure for asserting violation.

a. Any proper party may commence an action in any court of competent jurisdiction alleging a failure to comply with the requirements of this chapter. Such action must be commenced within six months of the time when compliance was required. The prevailing party in such an action may be awarded costs and reasonable attorneys' fees and shall be awarded appropriate equitable relief. In the event that the finder of fact determines that non-compliance was willful, the finder of fact may award punitive damages.

b. In lieu of commencing an action, any proper party may commence a proceeding before the commission. Such proceeding must be commenced within sixty days of the time when compliance was required. The prevailing party in such a proceeding may be awarded costs and reasonable attorneys' fees and shall be awarded appropriate equitable relief. In the event that the commission determines that non-compliance was willful, it may award punitive damages. In connection with complaints filed pursuant to this section, the commission shall act in an adjudicatory capacity only and not in an investigatory or prosecutorial function; provided, however, that this provision shall not act as a bar to the power of the commission's prosecutorial bureau to investigate and prosecute potential instances of housing discrimination arising from information related to complaints commenced pursuant to this chapter. The commission shall promptly establish rules to govern its proceedings pursuant to this chapter, and such rules shall include a provision requiring that determinations be made within 60 days of the commencement of the proceeding.

§8-1107. Preclusive effect of statement.

a. In any action or proceeding commenced against a cooperative corporation, which action or proceeding sets forth a cause of action alleging that the cooperative corporation has engaged in an unlawful discriminatory practice as defined by chapter 1 of this title, neither the cooperative corporation nor any of its directors shall be permitted to introduce any evidence concerning reasons for having withheld consent that were not set forth with specificity in a statement fully compliant with the requirements of this chapter, and no evidence of non-discriminatory reasons for having withheld consent other than those that were set forth with specificity in a statement compliant with the requirements of this chapter shall be considered in determining whether the cooperative corporation or any of its directors have engaged in an unlawful discriminatory practice.

b. A person commencing an action or proceeding as described in paragraph a of this section is under no obligation to commence an action or proceeding pursuant to section 8-1106 in order for such person to gain preclusion of non-compliant statements. The court before which the allegation of an unlawful discriminatory practice is pending shall determine which statements, if any, fully complied with the requirements of §§ 8-1103 and 8-1104, unless a judgment has already been rendered pursuant to a proceeding commenced pursuant to § 8-1106, which judgment has already determined this question.

§8-1108. No estoppel or res judicata. No action or proceeding commenced pursuant to this chapter shall determine or purport to determine either the genuineness of the reasons provided in the statement required by § 8-1104, or shall determine any question of whether any person has committed an unlawful discriminatory practice as defined by chapter 1 of this title. If a judgment rendered pursuant to an action or proceeding commenced pursuant to this chapter purports to do so, a person shall nevertheless retain all rights to commence an action or proceeding alleging the commission of an unlawful discriminatory act, and insofar as any judgment rendered pursuant to this chapter purports to make findings regarding either genuineness or whether an unlawful discriminatory practice has been committed, such purported findings shall not be given any force or effect in any other action or proceeding.

§8-1109. Construction.

a. The provisions of this chapter shall be construed in a manner to make certain that a purchaser has been provided with sufficient information to learn why a cooperative corporation has withheld consent to such purchase; and to deter attempts to evade or delay compliance with the provisions of this chapter.

b. No provision of this chapter shall be construed or interpreted to restrict or expand the reasons for which a cooperative corporation may lawfully withhold consent to the sale of stock.

§3. Chapter one of title 8 of the administrative code of the city of new york is amended by adding a new subparagraph c to paragraph 4 of section 8-105 as follows:

d. To receive and pass upon complaints made pursuant to section 8-1106(b).

§4. This local law shall take effect 30 days after enactment.

Referred to the Committee on Housing and Buildings.

Int. No. 120

By Council Members Nelson, Gentile, Gonzalez, Koppell, Stewart and Yassky.

A Local Law to amend the administrative code of the city of New York, in relation to creation of the office of small business assistance.

Be it enacted by the Council as follows:

Section 1. Legislative findings and intent. The Council finds that the City lacks a coherent, comprehensive mechanism to assist prospective small business owners launch their enterprises and to nurture the successful growth and development of existing small businesses. In particular, the fact that multiple licenses may be required from an array of governmental entities, depending upon the type of business envisioned by prospective small business owners, has led to unnecessary confusion and delay in setting up lawful operation in an efficient manner. In order to encourage small business growth in the City of New York, the Council finds it vitally necessary to create a coordinated mechanism that will be available to prospective small business owners that is specifically designed to facilitate the licensing procedures required for such businesses to quickly open their doors for business. Such mechanism shall also be available to aid existing small businesses to navigate and adhere to all applicable legal and regulatory mandates incumbent upon such businesses.

§2. Section 22-101 of the administrative code of the city of New York is hereby amended to read as follows:

a. "Commissioner" shall mean the commissioner of the department of [ports and trade] *small business services*.

b. "Department" shall mean the department of [ports and trade] *small business services*.

§3. Title 22 of the administrative code of the city of New York is amended by adding thereto a new chapter 8 to read as follows:

CHAPTER 8

SMALL BUSINESS SERVICES

§22-801 Office of Small Business Assistance

§22-801. Office of small business assistance. a. For purposes of this section, the following terms shall have the following meanings: 1. A "small business" shall be deemed to be one which is resident in the state of New York, independently owned and operated, not dominant in its field and employs one hundred or less persons.

2. "License" shall mean any license, permit, authorization or other approval required by any governmental entity in order for a small business to lawfully operate within the city of New York.

b. The commissioner shall establish an office within the department, to be known as the office of small business assistance, whose exclusive responsibility shall be aiding prospective and existing small business owner(s): (i) in identifying, applying for and securing any license or licenses required to operate such type of business; (ii) in identifying, applying for and securing loans, grants or other public or private funding that may be available for such business; (iii) by collecting all applicable license applications and preparing one comprehensive package to be presented to the small business owner(s); (iv) by assisting the small business owner(s) to accurately and completely fill out all such license applications; (v) by providing the small business owner(s) with specific instructions regarding how and where to submit every completed license application in order to expeditiously obtain all licenses to be applied for; and (vi) by assisting the small business owner(s) in identifying other applicable legal and regulatory strictures that must be complied with for the type of business to be operated and providing advice to the small business owner(s) as to actions to be taken towards satisfying those obligations. The office of small business assistance shall also aid prospective small business owners in reapplying or amending their applications for appropriate licensure and/or funding in the event that the initial license or funding application is denied or returned for incomplete or insufficient information.

c. The office of small business assistance shall have at least one office centrally located in each of the city's five boroughs with adequate access to public transportation facilities whose locations and availability to prospective and existing small business owners shall be publicized by the department.

§4. This local law shall take effect ninety days after it is enacted into law.

Referred to the Committee on Small Business.

Int. No. 121

By Council Members Nelson, Addabbo Jr., Avella, Dickens, Gentile, Sanders, Stewart and Weprin.

A Local Law to amend the administrative code of the city of New York, in relation to requiring the placement of two-way radios, cellular phones and tracking devices on school buses.

Be it enacted by the Council as follows:

Section 1. Legislative findings. Approximately 180,000 children travel to and from school on school buses or other motor vehicles that are operated pursuant to contracts with the New York City Department of Education or the New York City Department of Transportation. Based upon several hearings concerning school bus safety and the operation of school buses generally, the Council finds that the lack of real-time communication with certain of these vehicles while they are in the process of transporting children to and from school is a significant operational problem for the Departments of Education and Transportation, and a significant source of frustration to parents. Currently, no one can determine the location of a bus or other motor vehicle that lacks communication equipment. Therefore, when such vehicles are late, neither parents nor school administrators can determine why, or where they are located or when they might arrive at their destinations. The drivers of such vehicles, in turn, cannot communicate with anyone regarding conditions en route, if a pick-up or drop-off cannot occur as scheduled, or if the vehicle suffers a mechanical or other problem. Moreover, in the event of an emergency, such lack of communication could be life-threatening.

The Council finds that these problems could be solved if all school buses and other motor vehicles used to transport children to and from school pursuant to a contract with the Department of Education or the Department of Transportation were equipped with two-way radios or cell phones, as well as with a tracking system, such as a global positioning tracking system, that would enable an individual not inside the vehicle to determine the vehicle's location.

§2. Section 19-607 of the administrative code of the city of New York is renumbered as section 19-608, and a new section 19-607 is added to read as follows:

§19-607 Two-way radios, cellular phones and tracking devices. Each bus or other motor vehicle used to transport children to and from schools in the city pursuant to a contract with the New York city department of education or the New York city department of transportation shall, at all times that children are present aboard such vehicle, be equipped with an operational two-way radio or cellular phone capable of allowing communication with the operator of such vehicle. All such vehicles shall also be equipped with a tracking device, such as a global

positioning tracking system, that enables an individual not inside the vehicle to determine its location to within one hundred linear feet of the nearest intersection.

§3. This local law shall take effect 180 days after enactment.

Referred to the Committee on Transportation and the Committee on Education.

Int. No. 122

By Council Members Nelson, Addabbo Jr., Foster, Koppell, Gentile and Weprin.

A Local Law to amend the administrative code of the city of New York, in relation to the creation of an online graffiti tracking system.

Be it enacted by the Council as follows:

Section 1. Legislative intent and findings. Graffiti vandalism continues to plague New York City, as well as other localities across the country. The New York City Police Department (NYPD) has been proactive in combating graffiti, and implementing new strategies to address this crime. The NYPD's Anti-Graffiti Initiative includes the formation of a Citywide Vandals Task Force comprised of nearly 80 law enforcement officials; the appointment of Anti-Graffiti Coordinators on each local command level focusing resources for enforcement, cleanup, and education initiatives; the revitalization of the NYPD's anti-graffiti reward program; and the creation of a centralized intelligence graffiti database to identify known graffiti vandals with their signatures or "tags." This graffiti database records arrest information for vandals along with a photo of the damage caused. Information regarding graffiti complaints is entered as well, to further help the NYPD identify offenders with their tags.

The Pittsburgh Police Department unveiled its own Graffiti Tracking System in the spring of 2005. The interactive database allows authorities to access specifics on all reported graffiti: digital images, location, style and revealing characteristics, such as signatures of the vandals. By analyzing the information, police are better able to link as many incidents of vandalism as possible to those responsible.

The City Council believes that providing such a comprehensive database online, easily accessible to New Yorkers, will assist the Police Department in apprehending graffiti vandals. Such a database will also provide communities with valuable information about quality of life in their neighborhoods.

§2. Chapter 1 of title 14 of the administrative code of the city of New York is amended to add a new section 14-152, to read as follows:

§14-152. Graffiti Tracking System.

The department shall make available to the public on or through the department's web site, the following information:

a. For each precinct and patrol borough, the location of graffiti vandalism.

b. For each precinct and patrol borough, the location of graffiti arrests.

c. For each precinct and patrol borough, photographs, when available, of convicted graffiti offenders.

d. For each precinct and patrol borough, photographs, when available, of graffiti "tags".

§3. This local law shall take effect immediately.

Referred to the Committee on Public Safety.

Int. No. 123

By Council Members Nelson and Gentile.

A Local Law to amend the administrative code of the city of New York, in relation to providing for the cleaning and restoration of crime scenes, on both public and private property.

Be it enacted by the Council as follows:

Section 1. Declaration of Legislative Findings and Intent. The task of cleaning the city's gruesome and contaminated crime scenes often falls on citizens who are traumatized by the events that produced such scenes. Not only are these citizens emotionally and often times physically unprepared to deal with this job, they also lack the appropriate knowledge and/or supplies to safely discard hazardous materials found on site or the ability to effectively decontaminate the premises. It is apparent that serious health and safety issues arise when citizens, and not city agencies and/or private crime scene cleanup companies, perform this undertaking. Professionals who specialize in hazardous waste cleanup should bear this responsibility, so as to ensure the safe restoration of crime scenes, and to relieve property owners of the psychological and physical burden associated with the obligation.

§2. Chapter 1 of title 14 of the administrative code of the city of New York is amended to add a new section 14-152, to read as follows:

§14-152. Crime Scene Clean-Up

a. Definitions. For the purposes of this section, the term "crime scene" means

a) the site at which an illegal act took place, and

b) a site which contains any of the following types of evidence:

(i) impressions such as fingerprints, tool marks, footwear, fabric impressions, tire marks and bite marks;

(ii) forensic biology including either blood, semen, body fluids, hair, nail scrapings or blood stain patterns;

(iii) trace evidence including gun shot residues, arson accelerant, paint, glass and fibers; or

(iv) firearms, including weapons, gun powder patterns, casings, projectiles, fragments, pellets, wadding or cartridges.

b. Public Property. If a crime scene occurs on or within any portion of publicly owned property, the city shall clean the affected area. Such cleaning shall involve any or all of the following procedures:

(i) the immediate containment of the affected area(s), involving either biohazard tape when indoors, or the usage of tarps when outdoors;

(ii) the application of hospital-grade germicides to the affected area(s) throughout the cleanup;

(iii) the initial removal of all materials that cannot be cleaned, including, but not limited to, clothing, shoes, eyeglasses, mattresses, carpeting, and flooring;

(iv) the detailed cleaning of the affected area(s), by means of a variety of tools and appliances, to be used only once before being discarded;

(v) the application of anti-microbial agents, sprayed on the affected area(s); and

(vi) a final wipe-down of the premises.

c. Private Property. If a crime scene occurs on or within any portion of privately owned property, the police department shall:

(i) provide the owner of such property a list of all known companies specializing in the cleanup of bio-hazardous materials so as to enable the owner to employ such services; or

(ii) Clean the property, as described in subdivision b, in the event that the owner can not afford to pay for such services, or chooses not to seek out such services.

§3. This local law shall take effect immediately.

Referred to the Committee on Public Safety.

Int. No. 124

By Council Members Nelson, Addabbo Jr., Gentile, Martinez, Recchia and Sanders.

A Local Law to amend the administrative code of the city of New York, in relation to making the issuance of Metrocards to every first responder a requirement in order to adequately protect the public.

Be it enacted by the Council as follows:

Section 1. Legislative Intent and Findings

The Council hereby finds and declares that in order to ensure public safety for millions of subway commuters, it is necessary to equip all first responders including police officers, firefighters, emergency medical technicians and private ambulance paramedics with a Metrocard for easy access to the subway system in the event of an emergency.

On Saturday, February 19, 2005, 26-year-old German Cabrera was shot on the subway platform at the West 18th Street IRT station in Chelsea. Police officers responding to the incident were delayed in reaching the victim because they had no Metrocards to pass through the revolving high-wheel turnstiles. The paramedics that arrived were also in a similar predicament as they too were without a Metrocard and had to be swiped in by a rider.

In these instances, of course, a working MetroCard proves to be just as important a tool to a police officer and paramedic as a pistol and bullet-resistant vest or a defibrillator.

It is not the intent of the Council to infringe upon these agencies' authority over assigning operational equipment. However, in light of the possible closing of 164 subway booths and the reported increase in violent incidents in the subway system, as well as impediments such as high-wheel turnstiles, the Council finds it necessary to adopt legislation that would make certain that all first responders have access to the transit system without difficulty.

§2. Chapter 1 of title 10 of the administrative code of the city of New York is amended to add a new section 10-164, to read as follows:

§ 10-164. Issuance of Metrocards to first responders

a. Definitions. For purposes of this section, the following terms shall have the following meanings:

1. "First responder" shall mean any member of the Police Department, Fire Department, Emergency Medical Service or employee of a private ambulance

company that contracts with the Fire Department to provide E911 services, or any other city employee who is responsible for immediately responding to an emergency incident.

2. "Metrocard" shall refer to the magnetic strip access cards used to gain entry to the city's subway stations by swiping through the turnstiles.

b. Issuance of Metrocards

1. The city shall issue every first responder a Metrocard as a standard piece of equipment.

§3. This local law shall take effect ninety days after its enactment.

Referred to the Committee on Transportation.

Int. No. 125

By Council Members Nelson, Addabbo Jr., Foster, Gentile, Martinez, Recchia, Sanders and Weprin.

A Local Law to amend the administrative code of the city of New York, in relation to providing signage requiring lower speeds and other pedestrian-friendly actions when operators of any form of transportation are within one block of a naturally occurring retirement community or one block of a senior citizens center.

Be it enacted by the Council as follows:

Section 1. Subchapter 3 of chapter 1 of title 19 of the administrative code of the city of New York is amended by adding new section 19-180 to read as follows:

§19-180 Signage near naturally occurring retirement communities and senior citizens centers. a. Notwithstanding any other provision of law to the contrary, the department shall install and maintain one or more signs within a distance of one block from a naturally occurring retirement community or a senior citizens center in all directions warning motorists and operators of any other type of vehicle of a high number of senior citizens in the immediate area;

b. Each such sign shall be of sufficient size with lettering of sufficient size as to be easily read by motorists and operators of any other type of vehicle and shall include wording requiring such motorist and operators to lower the rate of speed and recommending other pedestrian-friendly actions to ensure the protection of senior citizens.

c. "Naturally occurring retirement community" shall mean an apartment building, housing complex, or housing development (i) not originally built for senior citizens; (ii) not restricted in admissions solely to the elderly; and (iii) with an occupant who is a senior citizen in at least fifty percent of the units or with at least two thousand five hundred residents who are senior citizens.

d. "Senior citizens center" shall mean a multi-purpose community facility with regular operating hours and staff that provide a variety of health, social , nutritional, and educational services and recreational activities for senior citizens.

e. "Vehicle" shall mean any device in, upon, or by which any person or property is or may be transported or drawn upon a street, road, or highway, including devices moved by human power or used exclusively upon stationary rails or tracks.

§2. This local law shall take effect immediately after its enactment into law.

Referred to the Committee on Transportation.

Int. No. 126

By Council Members Nelson, Gentile and Recchia.

A Local Law to amend the administrative code of the city of New York, in relation to the protection and insulation of electrical-related infrastructure in the city of New York.

Be it enacted by the Council as follows:

Section 1. Chapter 1 of title 19 of the administrative code of the city of New York is amended by adding a new section 19-153 to read as follows:

§19-153. Protection of electrical-related infrastructure. a. All entities, including the city of New York, providing electrical service in the city of New York shall utilize non-conductive, protective materials to insulate all electrical-related infrastructure under its control on, above or below the streets and sidewalks of the city of New York. Such electrical-related infrastructure shall include, but not be limited to, above and below ground utility and connector boxes, wires, conduits, cables, manhole covers, metal plates and gratings and poles. The non-conductive, protective materials shall be utilized in order to ensure that electrical currents and voltage are not emitted from such infrastructure in a manner that is harmful to the public. For purposes of this section, the term "non-conductive, protective material" shall mean any casing which adequately obstructs the flow of electricity.

b. Any defect or degradation in the quality of a properly insulated piece of electrical-related infrastructure as required by this section shall be repaired by the entity having control over such infrastructure as expeditiously as possible. A written record shall be kept of all such repairs by the entity affecting such repair, including certification by a work-crew chief of the date and time the defect or degradation was detected, the date and time the repair work was completed and an attestation that the repair work was performed adequately and in a quality manner.

c. All entities providing electrical service in the city of New York shall submit a written report to the Council and the Mayor no later than sixty days after the effective date of this section detailing the types of protective coverings utilized to insulate its electrical-related infrastructure since January 1, 2000 and setting forth its prospective plan for meeting the mandate set forth in subdivision a of this section.

§2. This local law shall take effect one hundred twenty days after its enactment into law.

Referred to the Committee on Transportation.

Int. No. 127

By Council Members Nelson, Fidler, Foster, Gentile, Stewart and Oddo.

A Local Law to amend the administrative code of the city of New York in relation to abating rats as a requirement for foundation or earthwork permits.

Be it enacted by the Council as follows:

Section 1. Article 13 of subchapter 1 of chapter 1 of title 27 of the administrative code of the city of New York is amended by adding a new section 27-166.1 to read as follows:

§27-166.1 Rat Abatement. No foundation or earthwork permit shall be issued unless the applicant has conducted appropriate trapping or baiting of rats at the site for which the permit is sought, and submits, with the application, a certification that such trapping or baiting has been performed.

§ 2. This local law shall take effect thirty days after it shall become law.

Referred to the Committee on Housing and Buildings.

Res. No. 80

Resolution calling for a rapid suspension of all support for a Palestinian Authority led by Hamas until the organization renounces violence.

By Council Members Nelson, Weprin, Brewer, Fidler, Gentile, Gerson, Katz, Sears and Vallone Jr.

Whereas, On January 25th, 2006, Hamas, considered by many to be a radical Islamist organization won an overwhelming victory in the Palestinian Authority's governmental elections; and

Whereas, Hamas won seventy six out of one hundred and thirty two seats in the Palestinian Parliament and has effectively defeated the ruling Fatah party, which dominated Palestinian politics for over forty years; and

Whereas, Hamas, formally known as the Islamic Resistance Movement, is a radical Islamist organization founded in 1987 by members of the Palestinian branch of the Muslim Brotherhood; and

Whereas, The Covenant of the Islamic Resistance Movement, published in 1988, calls for the violent destruction of the State of Israel and the creation of an Islamic state in its place; and

Whereas, Hamas has embraced violence and acts of terror as a means of advancing its political agenda; and

Whereas, Hamas' military wing, the Izzedine al-Qassam Brigades, have conducted bloody attacks against Israeli civilians, including bombings in 1996 and 1997 that killed nearly 75 people and halted ongoing peace negotiations between Israel and the Palestinian Authority; and

Whereas, During the recent "Intifada," or uprising, Hamas continued its terror campaign by launching numerous attacks, including the brutal bombing of a Passover seder in 2002 that left thirty people dead and another one hundred and forty wounded on one of the holiest days of the Jewish calendar; and

Whereas, The Israeli government has stated emphatically that it will not negotiate with an organization committed to the destruction of the State of Israel; and

Whereas, The United States Department of State has identified Hamas as one of forty Foreign Terrorist Organizations, a designation that results in the blocking of the organization's assets held in U.S. financial institutions, denial of visas to members of

the designated organization, and the prohibitions of direct support for the organization from U.S. citizens; and

Whereas, Hamas, an officially designated foreign terrorist organization, is now poised to assume control of the Palestinian Authority's government; and

Whereas, The United States government currently provides approximately one hundred and fifty million dollars in direct aid to the Palestinian Authority; now, therefore, be it

Resolved, That the Council of the City of New York urges a rapid suspension of all support for a Palestinian Authority led by Hamas until the organization renounces violence.

Referred to the Committee on Cultural Affairs, Libraries & International Intergroup Relations.

Res. No. 81

Resolution calling upon the Legislature of the State of New York to classify the crime of making graffiti as a felony.

By Council Members Nelson, Avella, Gentile and Martinez.

Whereas, In 1992, the New York State Legislature amended the Penal Law and made it a crime to etch, paint, cover, draw upon or place a mark upon public or private property with intent to damage such property without the permission of the owner of the property; and

Whereas, In its legislative findings, the New York State Legislature recognized the serious problem graffiti poses for urban centers, when it stated that the "unabated proliferation of graffiti is a physical blight upon the urban landscape and costs taxpayers, merchants and homeowners millions of dollars to remove and repair"; and

Whereas, The New York State Legislature also recognized that "when unchecked, graffiti presents the image of a deteriorating community, a community that no longer cares about itself, a community that shows evidence of urban blight"; and

Whereas, When creating the crime of making graffiti, the Legislature chose to classify such crime as a Class A misdemeanor, punishable by up to one year in prison; and

Whereas, Despite this attempt at stemming the tide of graffiti, it has continued unabated in many of our City's communities, which may, in part, be a result of the insufficient punishment for such a crime; and

Whereas, Elevating the crime of making graffiti to a felony would permit judges to impose stiffer penalties, thus deterring individuals from this community - deteriorating activity; now, therefore be it

Resolved, That the Council of the City of New York calls upon the Legislature of the State of New York to classify the crime of making graffiti as a felony.

Referred to the Committee on Public Safety.

Res. No. 82

Resolution calling upon the New York City Police Department to clearly display the appropriate police precinct telephone number on motorized and non-motorized police vehicles.

By Council Members Nelson, Foster, Gentile, Mark-Viverito, Martinez and Weprin.

Whereas, New York City is one of the busiest cities in the world, with over 8 million people living and working together on any given day; and

Whereas, In a city of this size, a large number of emergency and non-emergency incidents arise everyday, prompting New Yorkers to seek help from their local police stations; and

Whereas, There remains confusion among New Yorkers regarding which police precinct they should contact and what telephone number they should call; and

Whereas, Such confusion results in greater danger to the people of this city, slower response times by the police, and a greater number of non-emergency calls being made to an already overtaxed E-911 system; and

Whereas, Clearly displaying a police precinct telephone number on all police vehicles would, through advertising of that number, help New Yorkers know the appropriate precinct to call in case of an incident that requires police attention, reduce the number of non-emergency calls being made to the E-911 system, and generally help the public to become more acquainted with its local police precinct; now, therefore, be it

Resolved, That the Council of the City of New York calls on the New York City Police Department to clearly display the appropriate police precinct telephone number on motorized and non-motorized police vehicles.

Referred to the Committee on Public Safety.

Res. No. 83

Resolution calling upon the United Nations to recognize and observe Jewish High Holy Days of Rosh Hashana and Yom Kippur, as well as other significant religious days.

By Council Members Nelson, Addabbo Jr., Fidler, Gentile and Martinez.

Whereas, The purposes of the United Nations, as set forth in its Charter, are to maintain international peace and security; to develop friendly relations among nations; to cooperate in solving international economic, social, cultural and humanitarian problems and in promoting respect for human rights and fundamental freedoms; and to be a center for harmonizing the actions of nations in attaining these ends; and

Whereas, Although demonstrably secular in nature, the United Nations shuts down for the Muslim holy days of Eid Al-Fitr and Eid Al-Adah, but stays open for the holiest days on the Jewish calendar; and

Whereas, Since the creation of the United Nations in 1945, it has shut down for Christmas and Good Friday, important Holy Days for Christians; and

Whereas, The United Nations has even gone so far as to hold key addresses on Jewish High Holy Days, sending a very strong message to Jews in our country and around the world; and

Whereas, The United Nations also stays open for significant Buddhist and Hindu Holy days; and

Whereas, The Jewish High Holy Days, which begin with Rosh Hashana, which occurs on the first and second days of the Jewish month of Tishrei—the Jewish New Year—and culminate with Yom Kippur, which occurs on the tenth day of Tishrei—the Day of Atonement-- --are vital expressions of religious and spiritual faith for millions of Jews; and

Whereas, Yom Kippur is the most sacred and spiritually important Holy Day in the Jewish calendar, it is a day when Jews all over the world ask forgiveness for their sins and fast for twenty-four hours; and

Whereas, Rosh Hashana and Yom Kippur are no less important than the Muslim Holy Days of Eid Al-Fitr and Eid-Al-Adah or the Christian Holy Days of Christmas and Good Friday, and in this respect the United Nations should give serious thought to shutting down over the Jewish Holy Days; now, therefore, be it

Resolved, That the Council of the City of New York calls upon the United Nations to recognize and observe Jewish High Holy Days of Rosh Hashana and Yom Kippur, as well as other significant religious days.

Referred to the Committee on Cultural Affairs, Libraries & International Intergroup Relations.

Res. No. 84

Resolution calling upon the appropriate committee of the Council of the City of New York to hold hearings on the issues regarding the clean-up of crime scenes.

By Council Members Nelson, Gentile and Recchia.

Whereas, According to figures in the Mayor's Management Report for Fiscal Year 2005, there were 136,491 incidents of major felony crime in Fiscal Year 2005, which includes murder, manslaughter, robbery and felonious assault; and

Whereas, One of the little-known and little-discussed consequences of such statistics is that crime scenes must be cleaned, after all the evidence has been gathered and the police have completed their investigation; and

Whereas, Crime scenes, particularly those containing blood, create potential health hazards and should be cleaned and disinfected in a timely fashion; and

Whereas, Ensuring that such crime scenes are cleaned timely and properly is apparently the responsibility of the owner of the property on which the crime has occurred; and

Whereas, In light of the potential health hazards created by crime scenes, coupled with the financial and emotional drain on property owners who have the responsibility to clean up after a crime has been committed, a review of applicable regulations and law should be conducted to determine whether further action is needed to address this issue, including whether the City should have the responsibility to clean up potential health hazards created by crime scenes; now, therefore, be it

Resolved, That the appropriate committee of the Council of the City of New York hold hearings on the issues regarding the clean-up of crime scenes.

Referred to the Committee on Public Safety.

Res. No. 85

Resolution calling upon the appropriate New York City agencies to coordinate a traffic safety plan in New York City that would identify intersections near senior citizen centers that are frequently used by senior citizens and require signs advising motorists to proceed cautiously.

By Council Members Nelson, Addabbo Jr., Fidler, Foster, Gentile, Mark-Viverito and Weprin.

Whereas, Chapter 499 of the Laws of 1999 amended section 1642 of the New York State Vehicle and Traffic Law to permit New York City to establish speed limits of between fifteen and twenty-five miles per hour on the streets of New York City for the explicit purpose of implementing traffic calming measures; and,

Whereas, Senior Citizens benefit from traffic calming measures; and

Whereas, Section 1642 of the Vehicle and Traffic Law provides that speed limits may only be reduced if conditions require comprehensive traffic calming measures that may include signage, but are not limited only to the installation of traffic signs; and

Whereas, Senior citizens in large numbers attend senior citizens centers and live in housing for the elderly, and in naturally occurring retirement communities; and

Whereas, The 48th Councilmanic Districts as well as many other parts of the City should be studied for inclusion in revised traffic calming plans; and

Whereas, Motorists should be advised that the pedestrian traffic at specific crossings will have large numbers of senior citizens; and

Whereas, In the 48th Councilmanic District of New York City as well as many other parts of the City, senior citizens would enjoy improved safety if signs advised motorists that the street crossings are near a senior citizen center and the pedestrians at these crossings are likely to be senior citizens; and

Whereas, Even if comprehensive traffic-calming measures are inappropriate at certain intersections, the City may add signs advising motorists that the street crossings are heavily used by senior citizens; now, therefore, be it

Resolved that the appropriate New York City agencies coordinate a traffic safety plan in New York City that would identify intersections near senior citizen centers that are frequently used by senior citizens and require signs advising motorists to proceed cautiously.

Referred to the Committee on Transportation.

Res. No. 86

Resolution calling upon the New York City Transit Authority to set a maximum safe speed for trains entering stations.

By Council Members Nelson, Gentile and Recchia.

Whereas, The New York City Transit Authority (NYCT) regulates the speed at which subway trains operate in various situations on the basis of a variety of factors, including the potential danger to transit workers and riders; and

Whereas, Anecdotally, it seems NYCT trains do not enter subway stations at a consistently and uniformly low safe speed and in fact sometimes barrel in at relatively high speeds, screeching as they come to a halt; and

Whereas, If an area where transit workers are deployed is designated a "Work Zone," any train passing through such zones are required to travel at a maximum speed limit of 10 miles per hour with "flaggers" positioned in advance to stop trains from entering the "Work Zone" until the workers have moved to a safe location; and

Whereas, Unlike situations such as "Work Zone" designations, it is unclear whether the NYCT sufficiently takes into account those situations in which workers and riders on subway station tracks and platforms are in potential danger of death or injury from rapidly oncoming trains entering the stations; and

Whereas, Such potentially dangerous situations include when workers are on the track; when riders are standing too far forward on the platform; and when riders are pushed too far forward by crowded conditions on the platform; and

Whereas, There are also a variety of situations where a rider may even end up on the track of a train station, including instances in which a rider slips as a result of crowded conditions, falls or faints as a result of illness; or is intentionally pushed onto the track; and

Whereas, There are no State or Federal regulations that apply to the speed of a subway train as it enters a station; and

Whereas, A uniform and consistent maximum speed limit imposed on trains entering NYCT train stations would enable a train operator to better respond to the presence of workers or riders on the track or conditions on the platform in which riders are in danger of contact with an oncoming train; now, therefore, be it

Resolved, That the Council of the City of New York calls upon the New York City Transit Authority to set a maximum safe speed limit for trains entering stations.

Referred to the Committee on Transportation.

Int. No. 128

By Council Members Oddo, Gallagher, Lanza, Avella and Gentile.

A Local Law to amend the administrative code of the city of New York, in relation to city contracts with not-for-profit organizations in the amount of $100,000 or more.

Be it enacted by the Council as follows:

Section 1. Title 6 of the administrative code of the city of New York is hereby amended to add a new section 6-115.2 to read as follows:

§6-115.2 City contracts with not-for-profit organizations. a. No city agency shall contract for the supply of goods, services or construction in the amount of one hundred thousand dollars or more with a not-for-profit organization unless such organization stipulates to the following:

1) the organization shall file with the city comptroller, the city council and the city clerk a report listing the compensation of each officer of such not-for-profit organization and the compensation of the three highest paid employees. Such compensation shall include salary, bonuses and any other type of remuneration for services to the organizations;

2) the most recent completed Federal 990 form with regard to the organization and any form required and approved by the city council shall be filed with the city comptroller, city council and city clerk.

b. The comptroller shall prepare a report at the end of each fiscal year of the one hundred most highly compensated officers or employees of such not-for-profit organizations that have filed the required reports pursuant to subdivision a of this section.

c. After having so stipulated, if a not-for-profit organization fails to adhere to the provisions of subdivision a of this section such organization shall be prohibited from performing the remainder of the services in the affected contract and shall be disqualified from bidding on any contracts with the city for a period of one year after such prohibition.

§2. This local law shall take effect forty-five days after its adoption and shall apply to contracts for which a request for bids or proposals is issued on or after the effective date.

Referred to the Committee on Contracts.

Int. No. 129

By Council Members Oddo, Gallagher, Lanza, Avella, Nelson and Gentile.

A Local Law to amend the charter of the city of New York, in relation to the review of patterns of contractual spending by the city agencies with not-for-profit organizations.

Be it enacted by the Council as follows:

Section 1. Section 30 of the charter of the city of New York is amended by adding a new subdivision 3 to read as follows and renumbering subdivisions 3, 4 and 5 respectfully:

3. patterns of contractual spending by city agencies with not-for-profit organizations and patterns of spending by not-for-profit organizations that receive city funding comprising one hundred thousand dollars or more of the budget of such organization;

§2. This local law shall become effective immediately.

Referred to the Committee on Contracts.

Int. No. 130

By Council Members Recchia, Fidler, Gentile, Koppell, Martinez and McMahon.

A Local Law to amend the administrative code of the city of New York, in relation to the display of ownership information for funeral service establishments.

Be it enacted by the Council as follows:

Section 1. Subchapter 7 of chapter 5 of title 20 of the administrative code of the city of New York is hereby amended to add a new section 20-732.1, to read as follows:

§20-732.1 Display of signs. (a) A provider of funeral services shall display a sign indicating the true funeral firm name as registered with the state department of health. A provider of funeral services shall also be required to list on such sign the name of the licensed funeral director who is responsible for the day-to-day operation of the funeral service establishment, but shall not be required to list the name of every licensed funeral director that has an ownership interest in the provider of funeral services that operates such funeral service establishment. Such sign shall be conspicuously located at or near the main entrance and shall be visible from the exterior of the building.

(b) The provider of funeral services shall not be required to list the names of any corporations, limited liability companies, partnerships, limited liability partnerships, associations, organizations, or other business entities which directly or indirectly hold an ownership interest in the provider of funeral services that operates such funeral service establishment on any signage, advertising or lists required by the department.

§2. This local law shall take effect sixty days after being enacted.

Referred to the Committee on Consumer Affairs.

Int. No. 131

By Council Members Recchia, Fidler, Gentile, Martinez, McMahon, Nelson, Weprin and Oddo

A Local Law to amend the administrative code of the city of New York, in relation to the sale of police lights and sirens.

Be it enacted by the Council as follows:

Section 1. Declaration of Legislative Findings and Intent.

In 2003, Lacy Miller, a 20-year-old student at the University of Northern Colorado, was abducted and murdered by a man impersonating a police officer. The man used flashing red and blue lights similar to those used by the police department to pull Miller over. In a similar incident in January 2005, James Gottlieb, a Long Island bank manager, was pulled over by a man driving a car with flashing lights, on his drive home from work. The man, posing as a police officer, approached the car and Gottlieb asked to see his identification. When the "officer" refused, a fight ensued and the impersonator fired three shots, fatally wounding Gottlieb. It turned out that the man, posing as an officer, was a career criminal with a long history of impersonating officers.

Police lights and sirens, similar to those used by the NYPD and other emergency vehicles, are inexpensive and easy to purchase. The relative ease of purchasing police lights and sirens has created an opportunity for dangerous perpetrators to commit crimes. Impersonating a police officer through the use of lights and sirens undermines the faith we have in our institutions of government and law enforcement. By prohibiting the sale of emergency lights and sirens, the Council will make it more difficult for criminals to use these items to impersonate law enforcement agents and emergency vehicles.

The sale of police sirens and lights poses a problem for our security and puts the entire city at risk. Currently, there is no criminal liability for the sale of police lights and sirens. Although New York State Vehicle and Traffic Law §375, subdivision 41, indicates that no light other than a white light and no rotating, revolving, flashing or oscillating or constantly moving light shall be affixed to, or displayed on any vehicle, unless it is an authorized emergency vehicle and only in such manner and at such times as may be authorized by the police commissioner pursuant to prescribed rules and regulations, no criminal sanction exists for a person who merely sells police lights or sirens. Once a police light or siren is sold to a criminal, it may be used in the commission of serious crimes. Therefore, legislation prohibiting the sale of police lights and sirens is necessary in order to safeguard the public from the dangerous consequences that may result when perpetrators use these items to impersonate police officers and emergency vehicles or commit other serious crimes.

§2. Chapter one of title ten of the administrative code of the city of New York is amended to add a new section 10-103.1, to read as follows:

§10-103.1 Unlawful Sale of Police Lights and Sirens.

a. Definitions. For the purposes of this section, (i) "police lights" shall mean one or more red or combination red and white lights, or one white light which is revolving, rotating, flashing, oscillating, or constantly moving.

(ii) "Siren" shall mean any device that produces or creates a loud, wailing sound as a signal or warning.

(iii) "Authorized emergency vehicle" shall mean every ambulance, police vehicle or bicycle, correction vehicle, fire vehicle, civil defense emergency vehicle, emergency ambulance vehicle, blood delivery vehicle, county emergency medical services vehicle, environmental emergency response vehicle, sanitation patrol vehicle, hazardous materials emergency vehicle and ordnance disposal vehicle of the armed forces of the United States.

b. Prohibition. It shall be unlawful for any person to sell or offer for sale any police lights or sirens that substantially duplicate or can reasonably be perceived to be the lights or siren used by an authorized emergency vehicle.

§3. This local law shall take effect sixty days after it shall be enacted.

Referred to the Committee on Public Safety.

Int. No. 132

By Council Members Recchia, Fidler, Foster, Gentile, Koppell, Martinez, McMahon, Nelson and Oddo.

A Local Law to amend the administrative code of the city of New York, in relation to demolition work without a permit.

Be it enacted by the Council as follows:

Section 1. Section 26-248 of the administrative code of the city of New York is amended by adding a new subdivision (j) to read as follows:

j. In addition to the penalties provided for in this section and in section 26-212.1 of this chapter, any person who is convicted of conducting demolition work without a permit on a one- or two-family dwelling, except when such work is directed to be performed by the commissioner or the commissioner of housing preservation and development to remove a dangerous or unsafe condition, shall be guilty of a misdemeanor and upon conviction thereof, shall be punishable by a fine not to exceed ten thousand dollars, or by imprisonment not to exceed six months or both. Such person shall also be subject to the payment of a penalty of not more than ten thousand dollars to be recovered in a civil action brought in the name of the city in any court of competent jurisdiction or in a proceeding before the environmental control board. The department may not issue any permit to such person for a period of at least ninety days subsequent to the issuance of a notice of violation or summons for demolition work conducted without a permit nor may such person submit an application for any permit issued by the department during such time period. Upon adjudication, if it is determined that such person has not acted illegally, eligibility to receive and apply for permits shall be immediately restored.

§2. This local law shall take effect immediately.

Referred to the Committee on Housing and Buildings.

Res. No. 87

Resolution calling upon the Fire Department of the City of New York to either develop alternative methods for administering training and medicals such that no ladder or engine company is ever closed or to temporarily staff any ladder or engine company that is closed for training or medicals.

By Council Members Recchia, Foster, Gentile, Koppell, McMahon and Nelson.

Whereas, The Fire Department of the City of New York (FDNY) may close engine and ladder companies in order for firefighters to take medical exams and receive training; and

Whereas, Regular medical exams and training are critical for the proper maintenance of the city's firefighting capabilities; and

Whereas, Engine and ladder companies protect particular areas of the city and it is essential that all areas of the city receive full fire protection 365 days per year; and

Whereas, On January 15, 2004, Lillian Hecht, the wife of retired Rabbi Abraham Hecht from the Congregation Shaare Zion Temple, was killed in a fire in their Brooklyn home; and

Whereas, The nearest ladder company to Lillian Hecht, Ladder Company 153, was closed for the day so firefighters could be given physicals; and

Whereas, Although Engine Company 254 responded three minutes after a neighbor called 911, it was too late to save Lillian Hecht; and

Whereas, Ladder companies conduct search and rescue for victims at fire scenes and engine companies are responsible for extinguishing flames; and

Whereas, Had Ladder Company 153 not been closed on January 15, 2004, it is possible that Lillian Hecht could still be with us today; now, therefore, be it

Resolved, That the Council of the City of New York calls upon the Fire Department of the City of New York to either develop alternative methods for administering training and medicals such that no ladder or engine company is ever closed or to temporarily staff any ladder or engine company that is closed for training or medicals.

Referred to the Committee on Fire and Criminal Justice Services.

Int. No. 133

By Council Members Rivera, Monserrate, Foster, Gentile, Koppell, Martinez, Nelson, Weprin, Yassky and Liu.

A Local Law to amend the administrative code of the city of New York, in relation to requiring a study on the impacts of food waste disposals in commercial establishments.

Be it enacted by the Council as follows:

Section 1. Legislative Intent and Findings. The council finds that food waste is a significant component of solid waste generated by all sectors, and contributes to numerous environmental problems, including the generation of odors, vermin, and leakage from trucks, increasing costs for collection, transfer and disposal, and the generation of methane gas and leachate in landfills. One method employed in other municipalities for successfully removing food waste from the solid waste stream, and effectively managing it as a liquid waste is to permit the installation and use of food waste disposers – devices that pulverize food waste and discharge the particles and accompanying liquid in the city's sewer system for treatment at wastewater treatment plants. In 1997, the city – at the prompting of the council, which requested a pilot installation and comprehensive study – repealed its prior ban on food waste disposers being installed in residences in areas of the city served by combined sewers. Lifting the city's restriction on the installation of food waste disposals in commercial establishments could afford them the same benefits available to residences without imposing unmanageable burdens on the wastewater collection and treatment system, thereby providing the city with an effective option in its ongoing efforts to reduce exported solid waste.

The council finds a comprehensive study should be undertaken to objectively assess the benefits and potential adverse impacts associated with lifting the ban on the installation of food waste disposals in commercial establishments. These potential adverse impacts could include increased operating costs for conveying and treating wastewater, increased water consumption, a decrease in the quality of the city's receiving waters, obstruction of the city's sewer system, negative impact on the city's ability to comply with applicable statutes, rules, regulations, permits, and orders and the impact on individual buildings plumbing systems.

Accordingly, the council hereby authorizes the department of environmental protection to conduct a study to determine the relative costs, benefits, and problems associated with the installation of food waste disposals in commercial establishments.

§2. Chapter 5 of title 24 of the administrative code of the city of New York is amended by adding a new section 24-518.2 to read as follows:

Commercial Food Waste Disposals. a. The department shall engage a consultant, subject to approval by the New York City Council, to conduct a study of the use of food waste disposals in commercial establishments. The study shall include, but need not be limited to, an analysis of the following:

1. The impact of grease and food solids on combined sewers;

2. the impact on water consumption;

3. the impact on the nutrient content of raw and treated effluent;

4. the impact of increased pollutant loadings to receiving waters, including increases in biological oxygen demand and suspended solids;

5. the impacts on wastewater treatment processes;

6. the impact on sludge treatment processes and biosolids management including the quality of the resulting biosolids products;

7. the impact on the city's ability to comply with applicable statutes, rules, regulations, permits and orders;

8. the impact on vermin at buildings and establishments studied;

9. any change in the amount and type of solid waste entering the waste stream from facilities studied and the resultant impact on solid waste handling;

10. the appropriate fee that the city may impose on the users of food waste disposers and the basis for their recommendation; and

11. any other impacts on the environment, public health and safety, and the cost of operating the water and sewer system.

b. The department shall select and authorize no less than one thousand five-hundred commercial establishments within the city to install disposers and participate in the study. All units installed must be of commercial grade only, designed for high production environments and superior maceration of organic waste.

1. The study shall include: large restaurants (greater than 50 seats), large and medium size supermarkets, small supermarkets (equal to or less than 10,000 square feet), green grocers, fishmongers and bodegas. Restaurants may include pizzerias and delicatessens.

2. The study shall also include at least one hundred commercial institutional establishments, such as hospitals, nursing homes, schools, colleges/universities, hotels/motels, prisons, or any other such facility that may generate significant food waste.

c. Any commercial establishment that participates in the study shall pay all costs of installing, operating, servicing and otherwise using the food disposer. The commercial establishment shall remit to the commissioner a fee of fifteen dollars per month, per unit installed for the life of the study and any periods of use thereafter. At the conclusion of the study participation establishments shall be permitted to continue to use the food disposer installed to the end of its natural life.

d. The study shall be deemed to have commenced when food waste disposers are installed in at least five hundred establishments and duly registered with the commissioner's office.. All food waste disposers shall be installed in commercial establishments selected for the study within six months of the commencement of the study

e. the commissioner's office and the consultant selected shall be notified of each installation. Each installation notice provided by the establishment shall include the date of installation, the serial number of the device installed and a complete and comprehensive profile of the establishment. Each participating establishment will also be provided, by the commissioner's office, with a street side appliqué denoting the establishment as a study participant.

f. the consultant, with support from the department, shall conduct a comprehensive literature search with respect to the use of commercial food waste disposers, and seek objective input from other municipal wastewater treatment utilities through a survey and direct interviews.

g. The council may hire a consultant to monitor the study and its adherence to the requirements of this chapter.

h. The department shall, within fifteen months of the commencement of the study, but not later than twenty-four months from the effective date of this local law, submit a report to the mayor and the council which shall include a detailed analysis of the findings of such study, and other research and its conclusions and recommendations based on such analysis with respect to the installation of food waste disposers in commercial establishments. The study shall include an analysis of the costs and benefits, including both financial and environmental, of the use of food waste disposers in relation to the city's management of solid waste and the operation of the water and sewer system.

§3. This local law shall take effect thirty days after its enactment into law.

Referred to the Committee on Sanitation and Solid Waste Management and the Committee on Environmental Protection.

Int. No. 134

By Council Members Sanders and Mark-Viverito.

A Local Law to amend the administrative code of the city of New York, in relation to ambulance transport capability for the morbidly obese.

Be it enacted by the Council as follows:

Section 1. According to the National Institute of Diabetes and Digestive and Kidney Diseases, nearly two-thirds of U.S. adults are overweight, and one-third are obese. Overweight and obesity are know risk factors for numerous illnesses, including diabetes, heart disease, stroke, hypertension, gallbladder disease, osteoarthritis, breathing problems and some forms of cancer. As a result, overweight people have greater health care needs than the general population.

New York City ambulance service, however, may not be sufficiently prepared to assist morbidly obese New Yorkers. Anecdotal evidence indicates that the Fire Department has been unable to provide proper emergency medical transport to this population.

Accordingly, the Council declares it reasonable and necessary to require the Fire Department to have sufficient equipment and training to provide emergency medical transport to the morbidly obese.

§2. Chapter one of title 15 is amended by adding a new section 15-129 to read as follows:

§15-129. Ambulance transport capability for the morbidly obese. At least two ambulances shall be located in each borough with proper equipment and emergency medical technicians trained to transport a person of 500 pounds or more.

§3. This local law shall take effect immediately.

Referred to the Committee on Fire and Criminal Justice Services.

Int. No. 135

By Council Members Sanders, Dickens and Foster.

A Local Law to amend the administrative code of the city of New York, in relation to establishing city-specific contract clauses in addition to contract clauses found in Section 3 of the Housing and Development Act of 1968's regulations, 12 U.S.C. 1701u, which are intended to provide employment and other economic opportunities to low-income residents and businesses of the City of New York generated from projects receiving financial assistance for housing and community development from the Department of Housing and Urban Development.

Be it enacted by the Council as follows:

Section 1. Title 26 of the administrative code of the city of New York is hereby amended by adding a new chapter 10 to read as follows:

CHAPTER 10

New York City Section 3 Contract Clauses and Reporting

§26-901 Section 3 contract clauses and reporting requirements. a. Definitions. For the purposes of this section, the following terms shall have the following meanings:

1. "HUD" means the Department of Housing and Urban Development.

2. "Contract" means any written agreement, awarded job or project whereby HUD is committed to expend funds in return for promoting economic opportunities to low-income residents of the city of New York.

3. "Contractor" means any individual, sole proprietorship, partnership, joint venture, corporation or any other business entity.

4. "Contract clause" means the contract provisions set forth in this section.

5. "Employment opportunities" means all economic or employment opportunities arising in connection with section 3 covered projects, including management and administrative jobs connected with section 3 covered projects. Management and administrative jobs include architectural, engineering or related professional services required to prepare plans, drawings, specifications, or work write-ups; and jobs directly related to administrative support of these activities, including, but not limited to, a construction manager, relocation specialist, payroll clerk, etc.

6. "Business" means a business entity formed in accordance with state law and is licensed under state, county, tribal or municipal law to engage in the type of business activity for which it was formed.

7. "Financial assistance" means any form of grant, loan, loan guarantee, cooperative agreement or contract.

8. "Low-income persons" means individuals living at or below the poverty line, particularly those who are recipients of government assistance for public housing.

9. "New hire" means a person who is not on the contractor or recipient's payroll for employment at the time of selection for the section 3 assistance.

10. "Neighborhood area" means the geographical location known as the city of New York.

11. "Good faith efforts," with respect to achieving compliance with section 3, means to exhaust all possible avenues.

12. "Certification" means a low-income employment action plan approved by the council for the attraction and maintenance of low-income persons.

13. 'Section 3" means Section 3 of the Housing and Development Act of 1968 as amended, (12 U.S.C. 1701u) and implementing regulations found in 24 CFR Part 135 which include contract clauses for generated projects.

b. In an effort to provide the necessary additional regulations and reporting requirements for contractors/recipients within the city of New York that are awarded HUD contracts that contain section 3 contract clauses, such contractors/recipients shall also abide by the following contract clauses:

1. All "Good faith efforts" to attract and maintain low-income employees must be outlined prior to the award of said contract and presentation to the council.

a. All such documentation must be in writing and shall be signed by an authorized officer of the contractor/recipient and delivered to the council's committee on housing and buildings which will review all such documentation and present to it to the full council for a vote of certification.

b. Where there is not any prospective bidder for a section 3 covered contract that is willing to comply with the additional requirements of this section and it is essential for the city to enter into such contract, all applicants must submit an application in writing requesting a waiver from the council. The council will, within a reasonable time, determine whether to grant such waiver if it is in the best interests of the city. All decisions to grant a waiver shall be set forth in writing and become part of the relevant contract file.

c. All such contract clauses are in addition to the section 3 contract clauses provided for by HUD when it provides financial assistance for housing and community development in the city of New York.

2. All good faith efforts to attract and maintain low-income employees must be documented and all such efforts shall be kept on file with the contractor/recipient.

3. All good faith efforts to attract and maintain low-income employees shall be monitored by the council committee on housing and buildings.

4. The council shall have the ability to enforce Section 3 rules with all contractors/recipients who receive housing and community development funding from HUD.

5. Every section 3 contract within the city of New York shall contain provisions that detail the contractor/recipient's obligations pursuant to the provisions of this section.

6. The requirements of the additional contract clauses provided for in this section may not be waived by the implementing city agency upon application of the contractor/recipient.

7. All subcontractors that enter into contracts with contractors shall also sign an agreement to abide by all additional city-specific Section 3 contract clauses provided for in this section.

8. All contractors shall train low-income workers to the greatest extent feasible.

9. Contractors shall not utilize their complete staff but shall provide employment opportunities for new hires before beginning performance on a section 3 covered contract.

10. Most employment opportunities are not permanent and therefore all section 3 hires must be given additional skills training, information and employment opportunities.

11. Non-compliance with the additional city-specific section 3 contract clause provisions of this section will subject contractors to sanctions, termination of contract for default and debarment or suspension from future HUD contractors within the city of New York.

12. Nothing in the additional contract clause provisions of this section for section 3 covered contracts shall be construed to limit the city's authority to cancel or terminate a contract, deny or withdraw approval to perform a subcontract or provide supplies, or deny a person or entity from doing business with the city.

13. The aforementioned additional contract clauses shall apply only to section 3 contracts entered into or renewed on or after the effective date of the local law that added this section.

14. The council committee on housing and buildings shall prepare and provide semi-annual reports, with regards to the progress or lack thereof of complying with the city-specific contract clauses provided for in this section, to the council, beginning six months after the effective date of this local law that added the aforementioned additional contract clauses.

§2. If any subdivision, sentence, clause, phrase or other portion of this local law is, for any reason, declared unconstitutional or invalid, in whole or in part, by any court of competent jurisdiction, such portion shall be deemed severable, and such unconstitutionality or invalidity shall not affect the validity of the remaining clauses of this law, and such remaining clauses shall continue in full force and effect.

§3. This local law shall take effect thirty days after its enactment into law.

Referred to the Committee on Housing and Buildings.

Int. No. 136

By Council Members Sanders, Foster and Martinez.

A Local Law to amend the administrative code of the city of New York, in relation to reporting requirements for housing subsidies provided by the city of New York.

Be it enacted by the Council as follows:

Section 1. Declaration of legislative findings and intent. There is an affordable housing crisis in New York City, especially for low- and moderate-income families making less than New York City's median income of $38,870 for 2001. Developing housing for low- and moderate-income families requires subsidies through City programs and federal programs administered by the City. Reporting requirements regarding the use of these subsidies will assist the Mayor, Council and City agencies to develop and review housing programs in order to achieve the best use of the limited available resources.

§2. Title 26 of the administrative code of the city of New York is hereby amended by adding a new Chapter 10 to read as follows:

CHAPTER 10

REPORTING REQUIREMENTS FOR SUBSIDIZED HOUSING PROGRAMS

§26-901 Reporting.

a. Definitions. For the purposes of this section, the following terms shall have the following meanings:

1. "City agency" means a city, county, borough or other office, department, division, bureau, board or commission, or a corporation, commission or agency of government, the expenses of which are paid in whole or in part from the city treasury.

2. "Dwelling" means any building or structure or portion thereof which is occupied in whole or in part as the home, residence or sleeping place of one or more human beings.

3. "Dwelling unit" means any residential accommodation in a multiple dwelling or private dwelling.

4. "Household" means all lawful occupants of a residential unit.

5. "Household income" means, for any household, the sum of the amount reported separately in the most recent individual or joint tax return for wage or salary income, net self-employment income, interest, dividends, rent received, royalties, social security or railroad retirement benefits; supplemental security income; public assistance or welfare payments; retirement or disability benefits and all other income for each member of the household.

6. "Median income for the city of New York" means the median income for the five counties of the city of New York as published in the american community survey of the United States census bureau.

7. "Multiple dwelling" shall mean a dwelling which is either rented, leased, let or hired out, to be occupied, or is occupied, as the residence or home of three or more families living independently of each other. A multiple dwelling does not include a hospital, convent, monastery, asylum or public institution.

8. "Private dwelling" shall mean any building or structure designed and occupied for residential purposes by not more than two families. Private dwellings shall also be deemed to include a series of one- family or two-family dwelling units each of which faces or is accessible to a legal street or public thoroughfare, if each such dwelling unit is equipped as a separate dwelling unit with all essential services, and if each such unit is arranged so that it may be approved as a legal one-family or two-family dwelling.

9. "Project-based section 8 subsidy" means a project-based federal rental assistance payment, as described in subdivision b of section 982.1 of title 24 of the code of federal regulations.

10. "Residential project" means the acquisition, construction, development, rehabilitation or renovation of any property, including buildings, zoned for residential use for which any city agency provides any residential subsidy.

11. "Residential subsidy" means a benefit or incentive provided by any city agency to any person in connection with any residential project, including, but not limited to, loans, loan guarantees, loan participation, letters of credit, grants, sales or leases of property at less than fair market value, tax exemptions, tax abatements, the allocation by a city agency to a residential project of low-income housing tax credits or project-based section 8 subsidies, but shall not include tax exemptions or tax abatements related to historic preservation or energy conservation, and benefits or incentives granted directly to a natural person or persons for the purchase of a one-to-four family dwelling as the principal residence of such person or persons.

b. The commissioner of housing preservation and development and the commissioner of finance shall jointly prepare an annual report which shall be submitted to the mayor and the council on or before the first day of January, regarding residential subsidies provided by any city agency during the immediately preceding fiscal year, including the fiscal year ending June 2003. Every city agency that provides a residential subsidy shall provide the information required in such report to the commissioner of housing preservation and development and the commissioner of finance within sixty days from the end of the fiscal year for which the report is being prepared. This report shall contain, but shall not be limited to, the following information:

1. The dollar amount of such residential subsidies by category of residential subsidy;

2. The dollar amount of residential subsidies by community district;

3. The dollar amount of residential subsidies provided to create rental dwelling units, including, but not limited to, those created by mutual housing associations;

4. The dollar amount of residential subsidies provided to sale programs, including but not limited to, those assisting in the purchase of one-to-four family dwellings, multiple dwellings, dwelling units owned as condominiums and dwelling units owned cooperatively;

5. The dollar amount of residential subsidies provided for each residential project; and

6. The number of dwelling units in residential projects receiving residential subsidies, divided according to the following household income groups as percentages of median income for the city of New York: 0-24; 25-40; 41-60; 61-90; 91-120; 121-150; 151-200; 201-250; 251-300; above 300%.

§3. This local law shall take effect ninety days after its enactment into law.

Referred to the Committee on Housing and Buildings.

Res. No. 88

Resolution calling upon the New York State Legislature and/or the Commissioner of the New York State Department of Health to require nursing homes to provide equipment for persons who weigh four hundred pounds or more.

By Council Members Sanders and Mark-Viverito.

Whereas, According to the American Medical Association, obesity is the fastest-growing major health problem in the United States; and

Whereas, Obesity is a complex, multi-faceted chronic disease involving environmental (social and cultural), genetic, physiologic, metabolic, behavioral and psychological components; and

Whereas, Clinical guidelines from the National Institutes of Health define obesity as a Body Mass Index (BMI) of greater than 30; and

Whereas, According to the American Obesity Association, nearly one third of adults in the United States are obese; and

Whereas, According to the New York City Department of Health and Mental Hygiene, more than half (53%) of New York City adults – 2.8 million people – are overweight or obese; and

Whereas, According to a survey by the New York City Department of Health and Mental Hygiene and the Department of Education, it is estimated that nearly half of New York City children are overweight or obese; and

Whereas, Obesity is a known risk factor for numerous illnesses, including diabetes, heart disease, stroke, hypertension, gallbladder disease, osteoarthritis, breathing problems and some forms of cancer; and

Whereas, Nursing homes in New York State provide nursing care to sick, invalid, infirm, disabled, or convalescent persons, as well as, lodging, board and health related services; and

Whereas, These nursing homes, however, may not be sufficiently prepared to assist obese New Yorkers; and

Whereas, Severely overweight people cannot fit into standard wheelchairs, waiting room armchairs, blood pressure cuffs, hospital beds and gowns, or magnetic resonance imaging (MRI) and computed axial tomography (CAT) scan machines; and

Whereas, Insufficient equipment at nursing homes provides a barrier to care and safety for both residents and staff; now, therefore, be it

Resolved, That the Council of the City of New York calls upon the New York State Legislature and/or the Commissioner of the New York State Department of Health to require nursing homes to provide equipment for persons who weigh four hundred pounds or more.

Referred to the Committee on Health.

Int. No. 137

By Council Members Sears and Koppell.

A Local Law to amend the administrative code of the city of New York, in relation to requiring quality based selection procurement for architectural and engineering services by city agencies.

Be it enacted by the Council as follows:

Section 1. Declaration of Legislative Findings and Intent. Generally, most public contracts for architectural and engineering services with New York City agencies are awarded on the basis of competitive sealed proposals where cost is often the primary factor. Selecting professional architectural and engineering services in a manner where price is the prime factor for critical judgment services is not in the best interest of the public or the agencies that procure such professional services. The principal reasons for supporting the need for quality based selection legislation is to guarantee that City agencies avoid deficient project designs that can sometimes result from the normal bidding process for architectural and engineering services. Qualification based selection assures the acquisition of this expertise and knowledge through the choice of the most capable professional firms while permitting the City to procure these services at a fair and reasonable cost. The quality based selection process would require an agency to make its own evaluation and judgment as to the reasonableness of the price. If the agency determines that a firm's price is fair and reasonable, the award is made without further considerations of prices from other competing firms. If, however, a fair and reasonable price cannot be negotiated to the satisfaction of the agency, negotiations would then commence with other qualified

firms. The federal government and 42 states, including New York, have adopted similar legislation.

§2. Title 6 of the Administrative Code of the City of New York is hereby amended by adding a new section 6-129, to read as follows:

Section 6-129. Definitions. a. For purposes of this section only, the following terms shall have the following meanings:

(1) "Firm" means any individual, firm, partnership, corporation, association, or other legal entity permitted by law to practice the professions of architecture or engineering.

(2) "Contracting agency" means a city, county, borough, or other office, position, administration, department, division, bureau, board or commission, or a corporation, institution or agency of government, the expenses of which are paid in whole or in part from the city treasury.

(3) "Architectural and engineering services" means:

(i) professional services of an architectural or engineering nature which are required to be performed or approved by a person licensed, registered, or certified to provide such services as described in this paragraph; and

(ii) professional services of an architectural or engineering nature performed by contract that are associated with research, planning, development, design, construction, alteration, or repair of real property; and

(iii) such other professional services of an architectural or engineering nature, or incidental services, which members of the architectural and engineering professions and their employees may logically or justifiably perform or manage, including studies, investigations, surveying and mapping, tests, evaluations, consultations, comprehensive planning, program management, conceptual design, plans and specifications, value engineering, cost benefit studies, risk assessments, construction phase services, soils engineering, drawing reviews, preparation of operating and maintenance manuals, and other related services.

b. In the procurement of architectural and engineering services, the contracting agency shall encourage firms engaged in the lawful practice of their profession to submit annually a statement of qualifications and performance data. If desired, the contracting agency, for each proposed project, shall require written proposals and/or conduct discussions with three or more firms regarding anticipated design concepts, detailed proposed methods of approach, specific personnel to be utilized and staffing estimates. The contracting agency shall then select, in order of preference, based upon criteria established by the contracting agency, no less than three firms deemed to be the most highly qualified to provide the services required.

c. The contracting agency shall negotiate a contract with the highest qualified firm for architectural and engineering services at compensation which the contracting agency determines is fair and reasonable to the city of New York using historical pricing data for comparable work which is updated yearly. In making such determination, the agency head or his or her designee shall take into account the estimated value of services to be rendered, including the costs, the scope, specific personnel, complexity, and professional nature thereof.

d. Should the contracting agency be unable to negotiate a satisfactory contract with the firm considered to be the most qualified, at a price determined to be fair and reasonable to the city of New York, negotiations with that firm shall be formally terminated. The contracting agency shall then undertake negotiations with the second most qualified firm. Failing accord with the second most qualified firm, the contracting agency shall formally terminate negotiations. The contracting agency shall then undertake negotiations with the third most qualified firm.

e. Should the contracting agency be unable to negotiate a satisfactory contract with any of the selected firms, it shall select additional firms in order of their competence and qualification and continue negotiations in accordance with this section until an agreement is reached.

f. This legislation shall apply to architectural and engineering services in excess of the amounts established pursuant to section three hundred fourteen of the charter.

§3. This local law shall take effect forty-five days after its adoption.

Referred to the Committee on Contracts.

Res. No. 89

Resolution in support of H.R. 313, which urges the President to authorize the transfer of ownership of one of the bells taken from the town of Balangiga on the island of Samar, Philippines in 1901, and currently displayed at F.E. Warren Air Force Base in Wyoming, to the people of the Philippines.

By Council Members Sears, Foster and Weprin

Whereas, The United States of America and the citizens of the Republic of the Philippines have shared historic and political ties since the island was ceded to United States by Spain at the conclusion of the Spanish-American War in 1898; and

Whereas, After the United States acquired the Philippines, armed conflict occurred between American Forces and the Filipinos that resulted in the Philippine-American War, which was fought between 1899 and 1902; and

Whereas, During one of the battles of the Philippine-American War that took place in the Town of Balangiga on the island of Samar on September 28, 1901, the town's church bells were rung in order to signal to the Filipinos that an attack against the

American Forces had begun; and

Whereas, During the battle in the Town of Balangiga, members of the United States Armed Forces confiscated the church bells and brought them to the United States as war trophies; and

Whereas, The church bells of Balangiga are currently located at the F.E. Warren Air Force Base in Cheyenne, Wyoming; and

Whereas, In June 2005, Representative Robert Filner introduced H.R. 313, which urges the President to authorize the transfer of ownership of one of the bells taken from the town of Balangiga back to the people of the Philippines; and

Whereas, According to H.R. 313, the church bells of Balangiga should more properly serve as a symbol of friendship and cooperation between the United States and the Philippines and not the conflict that occurred during the Philippine-American War; and

Whereas, According to H.R. 313, the United States holds supportable legal title to the bells recognizable under international law and the United States government has final disposition over the church bells of Balangiga; and

Whereas, According to H.R. 313, the Republic of the Philippines has repeatedly requested the return of the church bells; and

Whereas, According to H.R. 313, a proposal has been put forth that provides a means for both countries to mutually share in the heritage that the church bells of Balangiga represent, enabling both countries to retain an original and a duplicate bell; and

Whereas, The United States is home to a large Philippine population, who have made many contributions to the economic and cultural viability of our nation and our City; now, therefore, be it

Resolved, That the Council of the City of New York supports H.R. 313, which urges the President to authorize the transfer of ownership of one of the bells taken from the town of Balangiga on the island of Samar, Philippines in 1901, and currently displayed at F.E. Warren Air Force Base in Wyoming, to the people of the Philippines.

Referred to the Committee on Cultural Affairs, Libraries & International Intergroup Relations.

Res. No. 90

Resolution calling upon the State of New York to end the real property tax exemption granted to Madison Square Garden ("MSG" or the "Garden") so that the revenue raised from putting MSG back on the City's property tax rolls can be used to provide City services or tax relief to City residents.

By Council Members Sears, Fidler, Foster, Gentile, Mark-Viverito and Weprin.

Whereas, Madison Square Garden is a facility located in the City of New York used for sports, entertainment, expositions, conventions and trade shows; and

Whereas, The Garden was granted a full real property tax exemption by the State of New York in 1982, pursuant to section 429 of the State Real Property Tax Law, to help ensure that the Garden would continue to be the home of several of the City's professional and college sports teams and thereby bring economic benefits to the City of New York; and

Whereas, At the time the exemption was granted, the incentive was regarded as necessary to keep the sports teams from leaving the City, then thought to be a very real threat; and

Whereas, The Garden and its owner, Madison Square Garden, L.P., claim to host over 500 events annually, including concerts, theatrical productions, ice shows, the circus and much more in its arena and theater and, according to the Independent Budget Office (IBO), collects both rent and concession revenue and cable broadcast advertising; and

Whereas, Other privately owned sports arenas built in recent years in other major cities, according to the IBO, generally do pay real property taxes – as did MSG from 1968 when it opened until 1982; and

Whereas, According to the Independent Budget Office, the cost of the current MSG property tax exemption, or amount of foregone taxes to the City, for Fiscal 2006 is estimated to be $12 million; and

Whereas, The City of New York is just recovering from one of its worst fiscal crises in three decades, and, in order to balance its last two budgets was forced both to make budget cuts and increase taxes; and

Whereas, The $12 million generated by returning MSG to the City's property tax rolls can be used to help restore important programs that were cut over the course of the last two budgets or to offer tax relief in addition to that being currently contemplated for City residents; and

Whereas, Inasmuch as all New Yorkers have been asked to sacrifice by accepting higher real property taxes, higher fees and cutbacks in City services, it is only fair that a large profitable institution such as MSG contribute its fair share, and

in so doing help ease the burden on those New Yorkers who have helped carry the City through the last two years of economic hardship; now, therefore, be it

Resolved, That the Council of the City of New York calls upon the State of New York to end the real property tax exemption granted to Madison Square Garden so that the revenue raised from putting MSG back on the City's property tax rolls can be used to provide City services or tax relief to City residents.

Referred to the Committee on Finance and the Committee on State and Federal Legislation.

Res. No. 91

Resolution calling upon the New York State Legislature to provide all "line of duty" benefits to the domestic partners of New York City police officers.

By Council Members Sears, Fidler, Koppell, Mark-Viverito and Weprin.

Whereas, New York City police officers risk their lives each day to protect the residents of this City; and

Whereas, Recognizing the danger inherent in police work, New York State provides "line of duty" benefits to the spouses of police officers who make the ultimate sacrifice; and

Whereas, However, certain "line of duty" benefits available under State law are only available to the spouse or children of New York City police officers and not to domestic partners; and

Whereas, Under State law, the "line of duty" pension, the special accident death benefit, and the ITHP contribution are payable only to the spouse or children of the deceased police officer, and not to the domestic partner of the police officer; and

Whereas, New York City, on the other hand, recognizing that police officers who have domestic partners should not be discriminated against in the provision of "line of duty" benefits, ensures that domestic partners are entitled to an award if a police officer dies in the line of duty; and

Whereas, In fact, it is the City's policy that all benefits available to the spouses of City employees must also be available to domestic partners of City employees; and

Whereas, Unfortunately, the State does not have the same non-discriminatory policy, and therefore certain "line of duty" benefits would not be available to the domestic partner of a New York City police officer who is killed in the line of duty; and

Whereas, The time has long passed for a change to this State policy, and it is vital that the contributions of all police officers be recognized, regardless of sexual orientation; now, therefore, be it

Resolved, That the Council of the city of New York calls on the New York State Legislature to provide all "line of duty" benefits to the domestic partners of New York City police officers.

Referred to the Committee on Civil Service and Labor.

Res. No. 92

Resolution concerning the establishment of the Flatbush-Nostrand Junction Business Improvement District in the Borough of Brooklyn and setting the date, time and place for the public hearing to hear all persons interested in the establishment of such district

By Council Member Stewart and Fidler (by request of the Mayor).

Whereas, pursuant to the authority granted by chapter 4 of title 25 of the Administrative Code of the City of New York (the "Law"), the Mayor, by authorization dated August 23, 2005, provided for the preparation of a district plan (the "Plan") for the Flatbush-Nostrand Junction Business Improvement District (the "District") in the Borough of Brooklyn; and

Whereas, pursuant to Local Law No. 82 for the year 1990, the City Council assumed responsibility for adopting legislation establishing Business Improvement Districts; and

Whereas, pursuant to section 25-405 (c) of the Law, the New York City Department of Small Business Services ("SBS") submitted the Plan to the City Planning Commission (the "CPC") on August 29, 2005; and

Whereas, pursuant to section 25-405 (c) of the Law, the CPC submitted the Plan to the City Council on November 18, 2005; and

Whereas, pursuant to section 25-405 (c) of the Law, the CPC submitted the Plan to the Council Member representing the council district in which the proposed district is located on November 18, 2005; and

Whereas, pursuant to section 25-405 (c) of the Law, the CPC submitted the Plan to the community board (Brooklyn Community Board Number 14, hereinafter referred to as the "Community Board") for the community district in which the proposed District is located on November 28, 2005; and

Whereas, pursuant to section 25-405 (c) of the Law, the Community Board notified the public of the Plan in accordance with the requirements established by the CPC; and

Whereas, pursuant to section 25-405 (c) of the Law, the Community Board conducted a public hearing on October 11, 2005;

Whereas, on October 11, 2005, the Community Board voted to approve the establishment of the District; and,

Whereas, pursuant to section 25-405 (c) of the Law, the CPC reviewed the Plan, held a public hearing and prepared a report certifying its unqualified approval of the Plan; and

Whereas, pursuant to section 25-405 (c) of the Law, the CPC submitted its report to the Mayor, to the City Council and to the Council Member representing the council district in which the proposed District is located; and

Whereas, pursuant to section 25-405 (c) of the Law, a copy of the CPC's report, together with the original Plan, was transmitted for filing with the City Clerk on November 16, 2005; and

Whereas, pursuant to section 25-406 (a) of the Law, a copy of the Plan, and the CPC's report are annexed hereto and are made part of this Resolution; and

Whereas, pursuant to section 25-406 (a) of the Law, the Plan is on file for public inspection in the Office of the City Clerk, Municipal Building, Room 265, New York, New York; and

Whereas, pursuant to Section 25-406 (b) of the Law, any owner of real property, deemed benefited and therefore within the District, objecting to the Plan must file an objection at the Office of the City Clerk within thirty days of the conclusion of the hearing held by the City Council, notice of which is provided by this Resolution, on forms made available by the City Clerk; and

Whereas, pursuant to Section 25-406 (b) of the Law, if owners of at least fifty-one percent of the assessed valuation of all the benefited real property situated within the boundaries of the District proposed for establishment, as shown upon the latest completed assessment roll of the City, or at least fifty-one percent of the owners of benefited real property within the area included in the District proposed for establishment, file objections to the Plan with the City Clerk within the thirty-day objection period, the District will not be established; now, therefore, be it

Resolved, that the Council of the City of New York, pursuant to Section 25-406 of the Law, hereby directs that:

(i) March____, 2006 is the date and 10:00 a.m. is the time and the City Council Committee Meeting Room, 2nd Floor, City Hall is the place for a public hearing (the "Public Hearing") to hear all persons interested in the establishment of the District;

(ii) the Flatbush-Nostrand Junction BID Steering Committee shall, not less than ten nor more than thirty days before the date of the Public Hearing, mail a copy of this Resolution or a summary thereof to each owner of real property within the proposed District at the address shown on the latest City assessment roll, to such other persons as are registered with the City to receive tax bills concerning real property within the proposed District, and to the tenants of each building within the proposed District;

(iii) the Department of Small Business Services shall arrange for the publication of a copy of this Resolution or a summary thereof at least once in the City Record or a newspaper in general circulation in the City, the first publication to be not less than ten nor more than thirty days before the date of the Public Hearing; and

(iv) in the event that the Flatbush-Nostrand Junction BID Steering Committee mails, or the Department of Small Business Services arranges for the publication of, a summary of this Resolution, such summary shall include the information required by section 25-406 (c) of the Law.

Referred to the Committee on Finance.

Int. No. 138

By Council Members Vallone Jr. and Addabbo Jr.

A Local Law to amend the administrative code of the city of New York, in relation to gates used to secure commercial premises.

Be it enacted by the Council as follows:

Section 1. Article five of subchapter six of chapter one of title twenty-seven of the administrative code of the city of New York is amended by adding a new section 27-371.1 to read as follows:

§27-371.1 Gates. a. For purposes of this section the following terms shall apply:

(1) "Commercial premises" shall mean any premises, including buildings or spaces classified in occupancy group C or occupancy group E, at which goods or services are sold directly to consumers or other businesses, and may, in appropriate instances to be determined by the commissioner, also include any other class of real property that is used for the conduct of any business, trade or profession.

(2) "Gate" shall mean any structure that can be swung, drawn or lowered to secure a commercial premises.

b. No gate may be used to secure a commercial premises where such property is abutting the sidewalk unless such gate, when closed, permits visibility from the outside of at least seventy percent of the area covered by such gate.

c. The provisions of this section shall not apply to existing buildings or spaces where there are gates that do not permit visibility from the outside of at least seventy percent of the area covered by such gate, except that such buildings or spaces shall be made to comply with the provisions of this section by July first two thousand fifteen or when such gate is replaced, which ever occurs first.

§2. This local law shall take effect immediately.

Referred to the Committee on Housing and Buildings.

Int. No. 139

By Council Members Vallone Jr., Fidler, Gentile, Nelson, Yassky and Oddo.

A Local Law to amend the administrative code of the city of New York, in relation to illegal conversions.

Be it enacted by the Council as follows:

Section 1. Statement of legislative findings and intent. The alteration or modification of existing buildings or structures to create housing units without the necessary permits occurs throughout this City as illegal conversions. They sometimes occur due to ignorance of the law but often occur as a result of blatant efforts to thwart the law. Sadly, those who reside in illegal conversions or illegal apartments are living in dangerous conditions that can result in the loss of life, limb and property of the occupants and tragically for those enforcement officials who would attempt to any necessary rescue attempts. This legislation was introduced to empower our code enforcement officials to have the means to write up violations even when access is not granted to a dwelling or premises.

§2. Section 27-118.1 of the administrative code of the city of New York, is amended to read as follow:

§27-118.1 Illegal alterations involving change in occupancy. *a.* No person, except in accordance with all requirements of this code, shall convert, knowingly take part or assist in the conversion, or permit the maintenance of the conversion, of a residence which is legally approved for occupancy as a dwelling for one or more families, to a residence for occupancy as a dwelling for more than the legally approved number of families. Any person who shall violate or fail to comply with the provisions of this section shall be liable for a civil penalty which may be recovered in a proceeding before the environmental control board pursuant to the provisions of section 26-126.1 of this code. Upon the finding of such violation and the imposition of the civil penalty, the environmental control board shall forward to the internal revenue service, the New York state department of taxation and finance and the New York city department of finance the name and address of the respondent, the address of the building or structure with respect to which the violation occurred, and the time period during which the violation was found to have existed.

b. Notwithstanding any other provision of law, the department is authorized to issue a summons or notice of violation for a violation of this section based on readily observable circumstantial evidence which evidence may be refuted before a court of competent jurisdiction or before the environmental control board prior to the imposition of a final determination. Examples of such circumstantial evidence include, but are not limited to, a greater number of mailboxes or mail receptacles servicing a dwelling than the number of legally authorized dwelling units in such dwelling; the existence of a greater number of operational utility meters servicing a dwelling for the same type of utility service than the number of legally authorized dwelling units in such dwelling, or a greater number of doorbells servicing a dwelling than the number of legally authorized dwelling units in such dwelling. A violation of this section which has been based on circumstantial evidence in accordance with this subdivision may not be deemed corrected unless the premises which is the subject of the violation has been inspected by a representative of the department which has been given access to such premises.

§3. This local law shall take effect ninety days after it shall have been enacted into law, except that the commissioner of buildings shall take such actions as are necessary for the timely implementation and enforcement of this local law, including the promulgation of rules, prior to the effective date of this local law.

Referred to the Committee on Housing and Buildings.

Int. No. 140

By Council Member Vallone Jr.

A Local Law to amend the administrative code of the city of New York, in relation to requiring the New York City Housing Authority, in consultation with the New York City Police Department, to install video security cameras at each housing development operated by the Housing Authority.

Be it enacted by the Council as follows:

Section one. Chapter one of title fourteen of the administrative code of the city of New York is amended to add a new section 14-152, to read as follows:

§14-152. The installation and operation of video security cameras in housing developments operated by the New York City Housing Authority.

a. Definitions. The following terms shall have the following meanings:

(i) "Housing Development" shall mean a group or collection of buildings operated by the New York City housing authority as a unit with a distinct name in a defined geographic area.

(ii) "VIPER" shall mean the closed circuit television monitoring system operated by the New York City Police Department, also know as the Video Interactive Patrol Enhanced Response.

b. Installation and Operation of Video Security Cameras. The New York City housing authority, in consultation with the New York City police department, shall install video security cameras at each housing development operated by the authority. Such cameras shall be placed at the entrance and exit doors of each building within each development and may be placed in any other area of the development where individuals do not have a reasonable expectation of privacy. With regard to those cameras placed in areas of the development other than the entrance and exit doors of each building, the number, type, placement, and location of such cameras shall be within the discretion of the housing authority, in consultation with the police department. Making allowances for the budget and fiscal priorities of the authority, every effort shall be made to install VIPER cameras at each development.

c. Monitoring and Maintenance of Security Cameras. The housing authority, in consultation with the police department, shall be responsible for monitoring the cameras installed at each development. The housing authority, in conjunction with the police department, is also responsible for the maintenance and upkeep of the cameras installed at each development.

d. Security Analysis and Review. The housing authority, in consultation with the police department, shall conduct a security analysis and security review of each development operated by the authority within two years from date of enactment of this local law, and shall, within twenty-six months of enactment of this local law, provide the Council with a list indicating the order in which developments shall receive such cameras.

e. Rules and Regulations. The New York City housing authority, in conjunction with the New York City police department, shall promulgate rules and regulations that account for monitoring, maintaining and upkeeping the cameras as well as for accessing, archiving, monitoring, reproducing, destroying and erasing filmed material from video security cameras, and such rules shall also incorporate penalties for any personnel who violate these regulations.

§2. This local law shall take effect sixty days after its enactment into law.

Referred to the Committee on Housing and Buildings and the Committee on Public Safety.

Int. No. 141

By Council Members Vallone Jr., Gentile, Mark-Viverito, Martinez, Nelson and Weprin.

A Local Law to amend the administrative code of the city of New York, to create the crime of "subway surfing."

Be it enacted by the Council as follows:

Section One. Legislative findings and intent.

"Subway surfing," or as it is sometimes referred to, "subway skylarking," involves riding on the outside of a subway car, usually by clinging to its side or riding on the roof. Such activity, it goes without saying, is perilous and deadly. As examples, in the early morning hours of Friday, November 14, 2003, two young men lost their lives when they hit a bridge girder while "surfing" atop a No. 6 train in the Bronx. On October 20, 2003, a young high school student lost his life when trying to climb on top of a northbound C train between West Fourth and West 14th streets.

According to the New York City Transit Authority, in 2002 there were 86 incidents of riding atop, astride or between subway cars, and 60 such incidents in 2003.

Transit Authority regulations prohibit any person from riding "on the roof, platform between subway cars or on any other area outside any subway car...operated by the Authority." However, engaging in such activity is only a violation punishable by a criminal penalty of $25 or a term of imprisonment for no longer than ten days, or both, and a civil penalty in an amount no more than $100. According to published reports, most summonses that are issued result in a fine of $75.

To make it clear that "subway surfing" is dangerous and deadly, and to prevent individuals from engaging in such acts, the Council believes that riding on the outside of a subway car should constitute a misdemeanor, with penalties of up to three months in jail and/or a $500 fine.

§2. Chapter 1 of title 10 of the administrative code of the city of New York is amended by adding a new section 10-163, to read as follows:

§10-163. Prohibition on Riding on the Outside of a Subway Car

a. No person may ride on the roof, platform between subway cars or on any other area outside any subway car operated by the new york city transit authority.

A violation of this section shall be a misdemeanor punishable by a term of imprisonment not to exceed ninety days and/or a fine not to exceed five hundred dollars.

§3. This local law shall take effect immediately.

Referred to the Committee on Transportation.

Int. No. 142

By Council Members Vallone Jr., Fidler, Gentile, Martinez, Nelson and Oddo.

A Local Law to amend the administrative code of the city of New York, in relation to making it a crime to knowingly transfer the HIV virus to another individual.

Be it enacted by the Council as follows:

Section 1. Legislative Findings and Intent. Under current New York law, there is no specific and enunciated penalty for a person who knowingly transmits the HIV/AIDS virus to another person. In a recent incident in New York city, a woman lived with, and engaged in sexual relations with a partner for a number of years and subsequently became an unwitting victim, because her partner did not inform her of his AIDS status. She gained knowledge of his condition by accidentally coming across his medical records. She now has AIDS and suffers from symptoms daily.

The purpose of this bill is to penalize those who endanger the lives of others by not being forthcoming about their health status. This bill is not meant to stigmatize any individual or group. Rather, it is designed to ensure that those who would knowingly transmit a disease to another are appropriately punished. Just as the Public Health Law contains a provision that it is illegal to knowingly transmit venereal disease to another person, so too should knowing transmission of the HIV/AIDS virus carry a defined penalty. Twenty-four states have such laws in place, and until New York State acts, the city should step in to fill this gap in the law.

§2. Chapter one of title ten of the administrative code of the city of New York is amended to add a new section 10-164, to read as follows:

§10-164 Unlawful transmission of the HIV Virus. It shall be unlawful for an individual, knowing that he or she is infected with the human immunodeficiency virus (HIV), to knowingly transfer or attempt to transfer the human immunodeficiency virus to another individual. For purposes of this section, transfer shall include, but not be limited to, sexual contact with another; the providing of blood, tissue, semen, organs, or other potentially infectious body fluids for transfusion, transplantation, insemination, or other administration to another; the dispensing, delivering, exchanging, or selling to another of any nonsterile intravenous or intramuscular drug paraphernalia; or by throwing, tossing, spitting or expelling blood, seminal fluid, saliva, or any other infected material. A person who violates the provisions of this section is guilty of a misdemeanor punishable by up to one year in prison and/or a fine of $1,000.

§3. This local law shall take effect immediately.

Referred to the Committee on Public Safety.

Res. No. 93

Resolution urging President Bush and the United States Congress to exclude funding for natural disaster response and preparedness from federal homeland security grant allocations for counterterrorism response and preparedness.

By Council Members Vallone Jr., Fidler, Gentile, Martinez, Mendez, Nelson, Weprin and Oddo.

Whereas, In the aftermath of the terrorist attacks upon the United States on September 11, 2001, the Urban Area Security Initiative (UASI) grant program, administered by the U.S. Department of Homeland Security, was established to provide funding to high-threat, high-risk urban areas for homeland security equipment, training, exercises, and planning; and

Whereas, As the largest metropolitan area in the nation, New York City remains a prime target of terrorism, having more potential terrorist targets and population per square foot than any other U.S. city; and

Whereas, While recognizing the devastating impact of a catastrophic natural disaster in light of Hurricane Katrina, terrorism poses a singular threat, unlike that of natural disasters, and thus, risk analysis of localities should account for that evident distinction; and

Whereas, Compounding the risk of terrorist attack and the risk of natural disasters in risk assessment of areas for UASI grants will result in more localities competing for substantially limited funding—potentially shortchanging New York City and other populous urban areas which face a significant threat of terrorism; as a result, UASI funding should continue to be distributed based solely on the level of risk of terrorist attack; now, therefore, be it

Resolved, That the Council of the City of New York urges President Bush and the United States Congress to exclude funding for natural disaster response and preparedness from federal homeland security grant allocations for counterterrorism response and preparedness.

Referred to the Committee on Public Safety.

Res. No. 94

Resolution urging the New York State Legislature to include DEP response vehicles as an "authorized emergency vehicle" for purposes of using a siren.

By Council Members Vallone Jr., Gentile, Mark, Martinez and Mendez.

Whereas, There are approximately 600 water main breaks every year in New York City and those that are serious and cause floods have detrimental effects on the lives of their victims; and

Whereas, In addition to the routine day-to-day operation of the water and sewer systems, the New York City Department of Environmental Protection's (DEP) Bureau of Water and Sewer Operations (BWSO) is responsible for responding to emergency situations including water main breaks, leaks and other failures that result in street flooding; and

Whereas, On February 16, 2005, a 20-inch water main break in an Astoria neighborhood flooded homes and submerged vehicles with nearly 1 million gallons of water, affecting numerous homes and homeowners on 70th Avenue and Ditmars Blvd.; and

Whereas, According to several reports, it took DEP responders over two and a half hours after the pipe burst to locate the proper shut-off valve and stem the flow of water; and

Whereas, DEP officials stated that responding crews were delayed by traffic en route from Flushing, clearly demonstrating the need for sirens on DEP emergency vehicles which could have aided the crews in arriving at the scene sooner; and

Whereas, Current New York state law reads that sirens "shall not be used on any vehicle other than an authorized emergency vehicle" which includes any "ambulance, police vehicle, correction vehicle, fire vehicle, civil defense emergency vehicle, emergency ambulance service vehicle, blood delivery vehicle, county emergency medical services vehicle, environmental emergency response vehicle, sanitation patrol vehicle, hazardous materials emergency vehicle and ordnance disposal vehicle of the armed forces of the United States"; and

Whereas, Additionally, "environmental emergency response vehicles" authorized to use a siren are defined by state law as "every designated vehicle ... charged with the responsibility for environmental protection, while engaged in a response to a report of an emergency resulting from an actual or potential release, spill or leak of, or other exposure to, hazardous substances," excluding DEP emergency vehicles responding to street flooding; and

Whereas, Just as ambulances, fire trucks and police cars are equipped with sirens for the purpose of getting their members to their destination in the shortest time possible, DEP emergency vehicles responding to water main breaks and street flooding should be equipped with sirens as well, in order to limit the amount of human and property loss caused by street flooding incidents; now, therefore, be it

Resolved, That the Council of the city of New York urges the New York State Legislature to include DEP response vehicles as an "authorized emergency vehicle" for purposes of using a siren.

Referred to the Committee on Environmental Protection.

Res. No. 95

Resolution calling upon the New York State Legislature and the appropriate State regulatory agencies to provide reduced energy rates for individuals living in the immediate vicinity of a power plant, and further calling upon the Mayor to propose a memorandum of understanding to be entered into between the City and those energy companies operating power plants within the City that would provide for reduced energy rates for such individuals.

By Council Members Vallone Jr., McMahon and Mendez.

Whereas, Many of the power plants currently operating in New York City are located in, or in close proximity to, residential areas, parks and schools; and

Whereas, The recent deregulation of the energy industry in New York has resulted in a proliferation of proposed new power plants in the City, as well as the expansion of many existing power plants; and

Whereas, If approved, many of the proposed new power plants and expansions would also be constructed in close proximity to residential areas; and

Whereas, Although the City is in need of new sources of energy, the sites of the City's current and proposed power plants raise serious health concerns and have been proven to adversely affect the health of our City's residents, especially those living in close proximity to these sites; and

Whereas, Even though new power plants are considerably less polluting than the older plants, communities surrounding and abutting power plants are still exposed daily to a host of pollutants and there has been little testing to determine the cumulative effect on communities that neighbor a cluster of power plants, such as Long Island City; and

Whereas, In addition, power plants affect the aesthetics of a community and decrease property values in the immediate area; and

Whereas, For these reasons, individuals living in the vicinity of power plants deserve, at the very least, reduced energy rates; and

Whereas, It is important for the State government to recognize the hardship of living near a power plant and provide a small benefit for such individuals; and

Whereas, It is equally important that the Mayor recognize this hardship and propose that a memorandum of understanding be entered into between the City and those energy providers operating within the City to offer lower energy rates to individuals who have power plants in their communities; and

Whereas, In exchange for the privilege of operating in New York City, energy companies should be willing to offer lower rates for residents who live in the immediate vicinity of their plants, and, moreover, such a gesture would go a long way toward developing positive community relations; now, therefore, be it

Resolved, That the Council of the City of New York calls upon the New York State Legislature and the appropriate State regulatory agencies to provide reduced energy rates for individuals living in the immediate vicinity of a power plant, and further calls upon the Mayor to propose a memorandum of understanding to be entered into between the City and those energy companies operating power plants within the City that would provide for reduced energy rates for such individuals.

Referred to the Committee on Environmental Protection.

Res. No. 96

Resolution calling upon the Congress and President of the United States to provide a specific allocation of funding for video security systems at New York City Housing Authority developments.

By Council Members Vallone Jr., Fidler, Gentile, Mendez, Nelson, Weprin and Oddo.

Whereas, The New York City Housing Authority (NYCHA) is the nation's largest housing authority with approximately 345 developments and 2,700 buildings comprising 181,000 units and 420,000 authorized tenants; and

Whereas, Testimony from representatives of NYCHA before the New York City Council on November 22, 2004, indicated that NYCHA's capital needs totaled $5 billion for Fiscal Year (FY) 2004, of which approximately $350 million was actually received from the federal government; and

Whereas, NYCHA had a $303 million operating deficit for FY 2004; and

Whereas, Fifteen high crime NYCHA developments have been targeted and are currently equipped with a technologically advanced video security system, known as the Video Interactive Patrol Response Enforcement system (VIPER); and

Whereas, All VIPER systems are constantly monitored from a central location by the New York City Police Department; and

Whereas, There has been a demonstrated decrease in crime in these 15 NYCHA VIPER-equipped developments, since 1997, when the City first began installing VIPER systems; and

Whereas, There are currently only eight additional NYCHA developments with security cameras installed, known as closed circuit televisions (CCTVs); and

Whereas, Such CCTVs are not monitored by the Police Department but the videotapes made are kept on file for a certain period of time by employees of NYCHA; and

Whereas, Funding for all eight CCTV systems were allocated through individual Council Member capital allocations; and

Whereas, New York City continues to face significant budget deficits; and

Whereas, Although overall crime has dropped significantly over the past decade in NYCHA developments, in 2003, 16% of shootings and 11% of murders in the City occurred in NYCHA developments while its residents account for approximately 5% of the City's entire population; and

Whereas, These statistics demonstrate a current and increasing need for video security systems at NYCHA developments; and

Whereas, According to a June 2004, Council report, "NYCHA Housing: Access Granted (Council Report)," there is a need for more video security systems at NYCHA developments; and

Whereas, According to the Council Report, investigators surveyed a random sample of twenty-five (25) NYCHA developments that consisted of four hundred and seventy-nine (479) buildings and were able to enter forty-seven percent (47%) of such buildings with ease, without a key or entry card, due mainly to broken front door locks, propped open doors and because people let them in the buildings; and

Whereas, The Council Report also found that eighty-four percent (84%) of the buildings surveyed did not have a single video security camera installed at an entrance; and

Whereas, New York City is constantly under a terrorist alert, and that in addition to the above areas of concern, additional security systems at NYCHA developments could help to prevent terrorist attacks at those developments located in close proximity to City bridges, which have been identified as intended targets of terrorist attacks; and

Whereas, According to a New York Post article published on December 1, 2004, one United States Senator from New York was recently able to secure $400,000 in federal funding for security cameras at three hundred (300) bodegas in New York City; and

Whereas, Considering that federal funding was available for security cameras at bodegas in the City, NYCHA certainly has a demonstrated need for security systems at their developments; now, therefore, be it

Resolved, That the Council of the City of New York calls upon the Congress and President of the United States to provide a specific allocation of funding for video security systems at New York City Housing Authority developments.

Referred to the Committee on Housing and Buildings.

Res. No. 97

Resolution calling on the New York State Legislature to amend the penal law and criminal procedure law to allow prosecutors to charge both intentional murder and depraved indifference murder for the same crime.

By Council Members Vallone Jr., Fidler, Gentile, Koppell, Nelson and Oddo.

Whereas, *People v. Payne* (2004) returned "depraved indifference" to its specific legal definition, and ultimately made the charges of "depraved indifference" and "intentional murder" mutually exclusive; and

Whereas, According to Judge Rosenblatt's opinion in *Payne*, depraved indifference murder entails "extremely dangerous and fatal conduct performed without specific homicidal intent but with a depraved kind of wantonness;" and

Whereas, As a result, prosecutors have been forced to pick between the two alternative theories of "depraved indifference" and intentional murder, and risk imperiling a homicide case if they choose wrongly; and

Whereas, Since prosecutors are forced to choose only one theory of murder, they deny jurors the important responsibility of assessing and determining the intent of the defendant; and

Whereas, Often, prosecutors must charge a defendant before gathering all of the evidence, and sometimes before being able to determine the presence or absence of homicidal intent; and

Whereas, The mutual exclusiveness of these two murder charges established in *Payne* could result in the release of dozens of convicted and confessed murderers

who were not properly charged according to the strict definition of "depraved indifference" murder; and

Whereas, The release of admitted and guilty murderers due to a technicality would not only force the victims and their families to suffer severe injustices, it would also threaten the safety and well-being of the general public; and

Whereas, In *Payne*, defendant Kenneth Payne took a 12-gauge shotgun out of his closet, walked to the home of a neighbor who had complained about his dog and shot the neighbor point blank in the chest; the Suffolk County district attorney charged Mr. Payne with both intentional murder and depraved indifference murder, and a jury acquitted Mr. Payne of the intentional murder charge, but convicted him of depraved indifference murder and he was sentenced to the maximum prison term, 25 years to life; and

Whereas, However, as a result of the Court of Appeals decision, Mr. Payne's conviction was overturned and he went home; and

Whereas, As a result of the Payne decision, there are currently dozens of appeals of homicide convictions, and these appeals could result in murderers being set free; and

Whereas, If a defendant acts in a way as to cause the death of another person, whether by way of homicidal intent or depraved wantonness, he should be charged with murder under both theories, regardless of the purpose of that conduct; now, therefore, be it

Resolved, That the Council of the city of New York calls upon the New York State Legislature to amend the penal law and the criminal procedure law to allow prosecutors to charge both intentional murder and depraved indifference murder for the same crime.

Referred to the Committee on Public Safety.

Res. No. 98

Resolution calling upon the New York State Legislature to eliminate the statute of limitations for child abuse prosecution.

By Council Members Vallone Jr., Gentile, Mark-Viverito, Mendez, Gonzalez and Oddo.

Whereas, Under New York State Law, the prosecution for crimes related to sexual abuse of children must be commenced within five years of the date the child reaches age eighteen or the date the crime was reported to law enforcement, whichever comes first; and

Whereas, The New York State statute of limitations often prevents the prosecution of reported cases of sexual and other types of child abuse, even when evidence is overwhelmingly present, and therefore also deters already apprehensive victims from filing reports of abuse; and

Whereas, Taking into consideration that the number of child abuse cases that are reported are already very small in comparison to the estimated number of cases of abuse that are perpetrated every year, efforts must be made to ensure that child victims of abuse have access to the criminal justice system; and

Whereas, Although a statute of limitations serves to prevent evidence from becoming obscured with the passage of time, victims of abuse who are children often need such passage of time, even after they reach eighteen years of age, to be able to come to terms with the psychological trauma resulting from their abuse in order to be able to report the crime committed against them; and

Whereas, Delays in reporting child abuse are common due to widespread coping mechanisms of survivors such as memory gaps that can last for months or even years, protective denial, and feelings of shame and guilt; and

Whereas, Children who are abused or neglected are more likely to become criminal offenders themselves, perpetuating a cycle of violence that must be halted; and

Whereas, In the United States, roughly 20% of women and 5-10% of men were abused as children, which number has been steadily increasing; and

Whereas, The states of Kentucky, Maryland, North Carolina, South Carolina, Virginia, West Virginia, and Wyoming have already eliminated a statute of limitations for criminal felony prosecutions of offenses relating to child victims, and New York State should follow this example; now, therefore, be it

Resolved, That the Council of the city of New York calls upon the New York State Legislature to eliminate the statute of limitations for child abuse prosecution.

Referred to the Committee on Public Safety.

Res. No. 99

Resolution calling on the New York State Legislature to increase the penalties for obstructing law enforcement operations.

By Council Members Vallone Jr., Gentile and Recchia.

Whereas, Under New York State Penal Law, a person who "intentionally obstructs, impairs or perverts the administration of law or other governmental function or prevents or attempts to prevent a public servant from performing an official function, by means of intimidation, physical force or interference, or by means of any independently unlawful act," is guilty of a class A misdemeanor, which is punishable by no more than one year in prison; and

Whereas, Prior to the 2004 Republican National Convention, Police Commissioner Kelly indicated that, in addition to countering terrorism and providing security for delegates, visitors and protestors, the New York City Police Department (NYPD) also had to contend with various anarchist groups that planned to disrupt police operations; and

Whereas, As detailed by the Commissioner and broadcast over the web, these groups intended to disrupt police operations by, among other things, intentionally fooling bomb sniffing dogs, throwing marbles under the hooves of police horses, using slingshots to pelt police horses, and dispersing trace amounts of ammonium nitrate in the trains; and

Whereas, The insidious nature of these activities was amply reflected by the instructions given on the web site of one of the anarchist groups on how to miscue the bomb dogs: "[G]o to a rifle, pistol or skeet shooting range, spend an hour shooting to saturate clothing with smell of gunpowder, go directly to a New Jersey Transit, LIRR or subway train headed for Penn Station. Try to have at least two people on a train in different locations, sit or stand near the doors as the train approaches the station, try to get near police and dogs, linger as long as possible around the dog, try to pet it if possible. If the dog alerts on your scent, do not leave or resist; the situation will cause a major disruption of the train schedule...If there is more than one person on the train that causes a dog to alert, you can bet that the train will not be going anywhere for a long time...neither will any trains behind it...It is important that the police call in all possible resources to investigate the situation...With any luck, Madison Square Garden will be evacuated;" and

Whereas, These examples of deliberate attempts to disrupt police operations cause major havoc, thereby endangering the lives of thousands of New Yorkers and visitors, and serve no legitimate purpose; and

Whereas, Under these circumstances, an arrest for obstructing governmental administration under Penal Law §195.05 is meaningless and insignificant; facing the penalties of an A misdemeanor does not adequately reflect the seriousness and danger of these actions; and

Whereas, Particularly when police resources are stretched thin, and a large event with tens of thousands of people is taking place, the diversion of police resources due to the antics of a few must be sufficiently punished, and increasing the penalty for obstructing governmental administration is an appropriate response to these dangerous actions; now, therefore, be it

Resolved, That the Council of the city of New York calls on the New York State Legislature to increase the penalties for obstructing law enforcement operations.

Referred to the Committee on Public Safety.

Res. No. 100

Resolution calling upon the New York State Legislature to make drag racing a felony.

By Council Members Vallone Jr., Avella, Gentile, Gerson, Koppell, Nelson, Sears, Weprin and Oddo.

Whereas, The incidence of illegal street racing has increased and with it the number of injuries and fatalities attributable to illegal races; and

Whereas, According to news reports, police estimate that street racing accidents increased by 50% nationwide in 2003; and

Whereas, According to a Newsday analysis of traffic deaths on Long Island from 1999 to 2001, 35% of all drivers involved in fatal crashes were younger than 30, even though people in this age group held only 20 percent of drivers licenses on Long Island; many of these crashes involved excessive speed and drag racing; and

Whereas, The serious problem posed by drag racing was again brought to light in 2004 in Fresh Meadows, Queens, where, while attempting to cross Francis Lewis Boulevard, two fourteen-year-olds were seriously injured when they were hit by a car engaged in a drag race; and

Whereas, Although law enforcement has targeted drag racing though such programs as Queens District Attorney Brown's Operation Hermes in 1995, which resulted in numerous arrests and car seizures, the minimal penalties involved for committing this crime do not adequately deter this potentially deadly behavior; and

Whereas, Under the Vehicle and Traffic Law and Penal Law, those who engage in drag racing may be charged with reckless driving in the second degree, prohibited speed contests and races, or reckless endangerment in the second degree, all misdemeanors, with, in most cases, only up to one year in jail as a penalty; and

Whereas, In fact, a person charged with engaging in a prohibited speed contest or race under the Vehicle and Traffic Law only faces up to thirty days in jail and up to a five hundred twenty-five dollar fine for a first offense, and only a jail term of up to six months and a fine of up to seven hundred fifty dollars for the second offense within twelve months of the first offense; and

Whereas, Although Queens District Attorney Brown has recently charged drivers engaged in drag racing with reckless endangerment in the first degree, a Class D felony, proving the elements of this crime, including that the behavior was reckless and under circumstances evincing a depraved indifference to human life, may be difficult; and

Whereas, Drag racing clearly rises to the level of a felony when a serious injury or death is involved; stiff penalties should be imposed, and convictions easier to prove, from the mere fact of drag racing, before injury or death occurs; and

Whereas, To assist law enforcement in preventing this dangerous and potentially deadly activity, the New York State Legislature must amend the law so that the penalty matches the crime; now, therefore, be it

Resolved, That the Council of the City of New York calls on the New York State Legislature to make drag racing a felony.

Referred to the Committee on Public Safety.

Res. No. 101

Resolution commending the United States Congress and President Bush for reauthorizing the Community Oriented Policing Services (COPS) program, and approving the allocation of COPS funding to subsidize the salaries of police officers who perform counterterrorism duties.

By Council Members Vallone Jr., Addabbo Jr., Fidler and Recchia.

Whereas, The Community Oriented Policing Services (COPS) program, created as a result of the Violent Crime Control and Law Enforcement Act of 1994, provides federal grants to tribal, state, and local law enforcement agencies to hire and train community policing professionals, acquire and deploy advanced crime-fighting technologies, and develop and test innovative policing strategies; and

Whereas, Since the inception of the program, COPS funding has led to the hiring of 4,780 police officers in New York City, and over 118,000 police officers in more than 12,000 communities nationwide; and

Whereas, According to a study by the United States Government Accountability Office, grants from the COPS program contributed to the declines in crime in the 1990s; specifically, between 1993 and 2000, COPS funds were responsible for five percent of the overall decline in crime and seven percent of the decline in violent crime over the same period; and

Whereas, While the uniformed headcount of the New York City Police Department (NYPD) has significantly decreased in recent years due to attrition, the mission of the NYPD has become increasingly complex, expanding its traditional crime-fighting duties to include counter-terrorism tactics, which are essentially federal functions; and

Whereas, The counter-terrorism initiatives implemented by the NYPD in order to protect New York City, as well as the Nation, have resulted in overtime costs exceeding $1 million per week; and

Whereas, U.S. Representative Anthony Weiner, recognizing the necessary expansion of the NYPD's role and the resulting financial burden on New York City, incorporated a provision in the COPS reauthorization bill that will allow the NYPD and other local law enforcement agencies to use COPS funding to subsidize the salaries of police officers who perform counterterrorism duties; and

Whereas, On January 5, 2006, President George W. Bush signed the Violence Against Women and Department of Justice Reauthorization Act of 2005, which reauthorizes the COPS program for over $1 billion per year for four years from 2006 to 2009, allows local law enforcement agencies to have additional flexibility in determining how to spend COPS grants, and includes the provision for federal funding for police officers specializing in counter-terrorism; the estimated $280 million that may be allocated to New York City alone will bolster the NYPD's resources, and will enable the NYPD to hire additional officers to boost the uniformed headcount at a critical time; now, therefore, be it

Resolved, That the Council of the City of New York commends the United States Congress and President Bush for reauthorizing the Community Oriented Policing Services (COPS) program, and approving the allocation of COPS funding to subsidize the salaries of police officers who perform counterterrorism duties.

Referred to the Committee on Public Safety.

Res. No. 102

Resolution urging the New York State Legislature to make it a felony to intentionally transmit the Human Immunodeficiency Virus/Acquired Immune Deficiency Syndrome (HIV/AIDS) to another individual.

By Council Members Vallone Jr., Gentile and Nelson.

Whereas, The Human Immunodeficiency Virus/Acquired Immune Deficiency Syndrome (HIV/AIDS) is a tragic, life-threatening disease that affects people globally; and

Whereas, Statistics from the Centers for Disease Control and Prevention (CDC) indicate that in the United States, there are more than 900,000 people who are HIV-positive and over 500,000 people are living with AIDS; each year, there are approximately 40,000 new infections; and

Whereas, Furthermore, according to the CDC, New York State has the highest incidence of HIV/AIDS cases with approximately 160,000 cases with over 60,000 currently living with AIDS; and

Whereas, There is no question that HIV/AIDS sufferers must be supported and protected from discriminatory practices; and

Whereas, At the same time, those that are HIV positive or have developed AIDS must ensure that others are not at risk of exposure; and

Whereas, There have been a number of incidents where an infected individual has knowingly put another individual at risk for exposure; and

Whereas, Recently, a 31-year old New York City teacher's aide discovered that her boyfriend of three years had knowingly infected her with the Human Immunodeficiency Virus which he had contracted at age 15 through a blood transfusion; and

Whereas, The victim had compared her exposure to the disease as "taking someone's life"; and

Whereas, Twenty-four states have adopted statutes that penalize criminal exposure or transmission of HIV generally or by certain specific behavior such as spitting, donating blood, or sexual intercourse; and

Whereas, New York State does not have any specific or enunciated penalty for intentional HIV exposure; now, therefore, be it

Resolved, That the Council of the City of New York urges the New York State Legislature to make it a felony to intentionally transmit the Human Immunodeficiency Virus/Acquired Immune Deficiency Syndrome (HIV/AIDS) to another individual.

Referred to the Committee on Public Safety.

Res. No. 103

Resolution urging the State Legislature to ban the use of grille-guards/bull bars on the front of all motor vehicles that operate in the city of New York.

By Council Member Vallone Jr.

Whereas, The grille-guard, also known as a bull bar, brush guard or roo bar, are metal bars installed on the front bumper of motor vehicles, originally designed to protect the vehicle from animal collisions and bumps and scratches normally associated with off-roading; and

Whereas, The original intention of grille-guards is not applicable in most metropolitan regions of the United States such as New York City, but rather are used to protect against minor bumps incurred within city limits or most often, simply are used as a cosmetic accessory; and

Whereas, Modern vehicle designs include a crumple zone at the front of the vehicle to cushion the impact and reduce the force pressed upon vehicle occupants; however, most grille-guard designs bridge the crumple zone with a rigid structure, exposing the occupants to a much greater risk of injury; and

Whereas, Although life-saving airbags are equipped with sensors that signal the airbag operation, grille-guards may obstruct the sensors and render the airbag useless in the event of an accident, further exposing the occupants to a higher risk of injury; and

Whereas, Grille-guards pose a greater threat to pedestrians and cyclists because in a collision with a pedestrian or cyclist, the extra rigidity of grille-guards would cause greater direct injury, and since the point of impact tends to be higher, the victim bears the full brunt of the impact; and

Whereas, Grille-guards pose a greater threat to the drivers and passengers of other vehicles because in collisions with other cars, the force of impact tends to be higher on the struck vehicle, which may directly hit the chest or head of the occupants; and

Whereas, A 1998 study by Australia's University of Adelaide found that damage to a child's head when struck by a vehicle equipped with a small diameter steel grille-guard was 10 to 15 times worse than damage inflicted by a vehicle without such a guard; and

Whereas, In January of 2004, Rob Schneider from Fresh Meadows, NY, was severely injured when his vehicle was struck by another fitted with a steel grille-guard which at 35 mph deflected the force into him rather than absorbing the energy; and

Whereas, In October of 2002, 18-year-old Dereck Lopez of Fort Worth, TX, was killed in an accident when her Cavalier was side-struck by a Silverado equipped with a rigid, steel grille-guard, smashing into the driver's side window and fracturing Ms. Lopez's skull; and

Whereas, Although the Federal Motor Vehicle Safety Standards prohibits making "inoperable" any safety feature or element of design in a motor vehicle, grille-guards violate two important standards by making airbags inoperable and by reducing the amount of available crush space and crumple zones of motor vehicles; and

Whereas, New York City has a greater number of drivers, cyclists and pedestrians than most cities in the United States, demonstrating the clear necessity to protect these vulnerable groups from serious injury or fatality in the event of an accident; now, therefore, be it

Resolved, That the Council of the city of New York urges the State Legislature to ban the use of grille-guards/bull bars on the front of all motor vehicles that operate in the city of New York.

Referred to the Committee on Transportation.

Res. No. 104

Resolution calling upon the Legislature of the State of New York to amend the Vehicle and Traffic Law to require national background checks and fingerprinting of all applicants to drive limousines, for-hire cars and taxicabs licensed by the New York City Taxi and Limousine Commission.

By Council Members Vallone Jr., Gentile and Nelson.

Whereas, In order for an applicant to become a licensed limousine driver in New York City, he or she must pass a Department of Motor Vehicles defensive driving test; be at least 19 years of age and have both a New York, New Jersey, Connecticut or Pennsylvania chauffeur's driver's license and an original Social Security card; and

Whereas, An applicant's fingerprints must also be taken and sent to the New York State Division of Criminal Justice Services, which conducts a criminal background check that is confined to detecting convictions or arrests that occur in New York State; and

Whereas, As reported on August 10, 2004 in the *New York Daily News* in an article by Michael Saul entitled "Hole You Could Drive a Limo Thru; Out-of-State Thugs Can Get Chauffeur's Licenses," applicants are checked only for crimes committed in New York State; and

Whereas, People with convictions in other states who move to New York State would not be detected unless they told their parole officer they were moving to NYS; and

Whereas, An applicant might even have a conviction for a major felony, such as murder or rape, in the United States outside of New York State, but the current criminal background check reportedly would not necessarily catch that person; and

Whereas, Current procedures for processing applicants to drive for-hire cars and taxicabs licensed by the New York City Taxi and Limousine Commission (TLC) would not enable city investigators to flag a terrorist or criminal on the Federal Bureau of Investigation's (FBI's) watch list; and

Whereas, Despite the possibility that terrorists may use limousines to carry bombs, the Daily News claimed to find "glaring holes in the Taxi and Limousine Commission's security checks that would-be terrorists could easily exploit"; and

Whereas, The New York State legislature has the authority and the capability to conduct FBI background checks, such as in the case of applicants for Civil Service jobs in New York City and applicants for any job with the City's Department of Education; and

Whereas, On Friday, August 6, 2004 the FBI sent a bulletin to police and other government officials nationwide warning that terrorists have considered using rental vehicles, singling out for-hire cars, to conceal bombs; and

Whereas, According to the FBI, the limousines would not attract as much suspicion as a cargo van, but would have enough trunk space to hold a sizable bomb capable of doing considerable damage; and

Whereas, Applicants seeking to drive for-hire cars and taxicabs licensed by the TLC, like limousine drivers, also do not undergo FBI background checks and only their New York State criminal arrests and convictions can be investigated; and

Whereas, Expanding TLC's authority to include FBI background checks would require approval from the New York State Legislature; now, therefore, be it

Resolved, that the Legislature of the State of New York amend the Vehicle and Traffic Law to require national background checks and fingerprinting of all applicants to drive limousines, for-hire cars and taxicabs licensed by the New York City Taxi and Limousine Commission.

Referred to the Committee on Transportation.

Res. No. 105

Resolution calling upon the Legislature of the State of New York to increase the criminal penalties for driving with a suspended license.

By Council Members Vallone Jr., Avella, Gentile, Mendez and Oddo.

Whereas, On Sunday, May 30, 2004, a 40-year-old unlicensed drunk driver led police on a high speed chase in Central Islip while a 6-year-old boy sat in the front passenger seat without wearing a seatbelt; and

Whereas, On Wednesday, May 19, 2004, an 83-year-old widow was killed in a hit-and-run incident in Queens by a 22-year-old driver who currently has three license suspensions, two speeding violations, and a 2002 conviction for driving without a license; and

Whereas, In an August 2003 incident in Queens, a 21-year-old driver with 20 license suspensions was driving without his headlights on when he ran a stop sign and killed a 33 year old mother of two when he drove into her car; and

Whereas, A 33-year-old Queens man who has had his driver's license suspended 146 times continues to drive and is routinely cited for reckless driving; in 1999, he hit and killed a 73-year-old woman while she was crossing the street, but he could not be charged with vehicular manslaughter because he was not acting recklessly or with negligence; and

Whereas, It is clear from these incidents, and others, that the current criminal penalties for driving with a suspended license have not stopped motorists with a suspended license from driving or prevented the deaths of innocent members of the community; according to the New York Daily News, "there are at least 100,000 unlicensed drivers in the city" and "unlicensed drivers are involved in 20% of traffic fatalities," and the Automobile Club of New York states that unlicensed drivers are almost five times more likely to be involved in fatal crashes than those with valid driver's licenses; and

Whereas, In his 2004 State of the State address, Governor Pataki announced a five-point road safety plan which includes the fingerprinting of unlicensed drivers to prevent them from obtaining a new license; as Governor Pataki stated, "Reports from

law enforcement officials indicate that a large number of drivers whose licenses are suspended or revoked falsify DMV records to avoid penalties and attempt to obtain a new license under another name;" and

Whereas, Numerous District Attorneys, including Queens County District Attorney Richard Brown, support Governor Pataki's proposal; and

Whereas, Currently under New York Vehicle and Traffic Law §511, there are three degrees of aggravated unlicensed operation of a motor vehicle; and

Whereas, Aggravated unlicensed operation of a motor vehicle in the third degree, a misdemeanor which involves the operation of a motor vehicle upon a public highway while a person knows or has reason to know that his or her license is suspended, is punishable by a fine of not less than two hundred dollars nor more than five hundred dollars, or a term of imprisonment of not more than thirty days, or both such fine and imprisonment; and

Whereas, Aggravated unlicensed operation of a motor vehicle in the second degree, also only a misdemeanor, involves the operation of a motor vehicle with a suspended license when the person's license has been suspended for, among other things, a previous conviction for driving with a suspended license; or if the suspension or revocation is based upon a refusal to submit to a chemical test; or if the suspension was a mandatory suspension pending prosecution; or if such driver has in effect three or more suspensions, imposed on at least three separate dates, for failure to answer, appear or pay a fine, is punishable, depending on the subparagraph, by a fine of not less than five hundred dollars nor more than one thousand dollars; and a term of imprisonment not less than seven days nor more than one hundred eighty days; or where appropriate a sentence of probation; or a term of imprisonment as a condition of a sentence of probation as provided in the penal law; and

Whereas, Aggravated unlicensed operation in the first degree, a Class E Felony which involves the operation of a motor vehicle with a suspended license while under the influence of alcohol or a drug; or operating a motor vehicle while such person has in effect ten or more suspensions, imposed on at least ten separate dates for failure to answer, appear or pay a fine, is punishable by a fine in an amount not less than five hundred dollars nor more than five thousand dollars; and a term of imprisonment as provided in the penal law; or where appropriate and a term of imprisonment is not required by the penal law, a sentence of probation; or a term of imprisonment as a condition of a sentence of probation as provided in the penal law; and

Whereas, Currently under New York Vehicle and Traffic Law §511-d, the aggravated failure to answer appearance tickets or pay fines imposed, a misdemeanor which involves a person having in effect twenty or more suspensions, imposed on at least twenty separate dates, for failure to answer, appear or pay a fine, is punishable by a fine of not less than five hundred dollars; or a term of imprisonment of not more than one hundred eighty days; or both such fine and imprisonment; and

Whereas, It is clear that these violations, most of which are misdemeanors, do not deter reckless and potentially deadly behavior, and do not adequately reflect the seriousness of driving with a suspended license; and

Whereas, Elevating the criminal penalties for driving with a suspended license would permit judges to impose stiffer penalties, thus protecting the community from these dangerous drivers; now, therefore, be it

Resolved, That the Council of the City of New York calls upon the Legislature of the State of New York to increase the criminal penalties for diving with a suspended license.

Referred to the Committee on Transportation.

Res. No. 106

Resolution calling upon the New York State Legislature to increase the punishment for endangering the welfare of a child and to designate this crime as a felony.

By Council Members Vallone Jr., Fidler, Gentile, Mark-Viverito and Nelson.

Whereas, A central tenet of a just society is the care and protection of those who are least able to take care of themselves; and

Whereas, In keeping with this principle, there are numerous state laws protecting children, the mentally and physically challenged, and the elderly; and

Whereas, The punishments for abusing these most vulnerable of New Yorkers vary greatly; and

Whereas, Pursuant to Penal Law §§ 260.32 and 260.34, a caregiver who injures a vulnerable elderly person may be charged with a felony and punished by up to seven years of imprisonment; and

Whereas, In contrast, pursuant to Penal Law §§ 260.10 and 260.25, a person may be guilty of endangering the welfare of a child or a mentally or physically challenged person when he or she acts in a manner "likely to be injurious to the physical, mental or moral welfare" of a child or mentally or physically challenged person; such crime is only a misdemeanor and punished by less than one year of imprisonment; and

Whereas, As the horrific case of Nixzmary Brown makes clear, the law must allow law enforcement to take action to protect children before they suffer serious injury or death; and

Whereas, Currently, prosecutors and police often see cases in which minor injuries are inflicted upon a child, sometimes over and over again for months or years, yet if prosecutors cannot prove the infliction of "serious physical injury", as narrowly defined under the current Penal Law, only misdemeanor charges may be brought; and

Whereas, As stated by Queens DA Richard Brown, "New York needs to do more to provide these children with the chance to grow into adulthood-and not become grim statistics...[prosecutors] need felony sanctions for such patterns of abuse and cruel maltreatment to punish and deter such conduct"; and

Whereas, The State Legislature should raise the penalty classification for assaulting a child or a mentally or physically challenged person from a misdemeanor to a felony; and

Whereas, Abusing a child is a horrible crime that should be treated as a felony with the potential for more than one year of imprisonment; now, therefore, be it

Resolved, That the Council of the city of New York calls upon the New York State Legislature to increase the punishment for endangering the welfare of a child and to designate these crimes as felonies.

Res. No. 107

Resolution calling on the New York State Legislature to amend the Penal Law so that those who kill a child as a result of recklessness are eligible for a significant prison term.

By Council Members Vallone Jr., Gentile, Mark-Viverito and Nelson.

Whereas, The brutal torture and death of Nixzmary Brown at the hands of her parents points to several changes that must be made to the state's Penal Law so that those who kill a child in their care are adequately punished; and

Whereas, As stated by Queens DA Richard Brown, "while a small percentage of abusers intentionally kill children, the vast majority of child deaths resulting from abuse are caused by reckless acts of caregivers, such as sudden violent beatings and shakings visited upon children in fits of frustration and anger"; and

Whereas, The top possible charge for these types of crimes is a C felony which, in some instances, may allow a defendant to be eligible for probation; and

Whereas, As stated by DA Brown, "That law should be changed: Someone who beats a child to death should go to prison even if the killer was "merely" being reckless"; and

Whereas, The killing of a child by a parent or caregiver, whether intentional or reckless, should be appropriately punished, and the State Legislature should make the occasion of Nixzmary Brown's death an opportunity to do so; now, therefore, be it

Resolved, That the Council of the city of New York calls on the New York State Legislature to amend the Penal Law so that those who kill a child as a result of recklessness are eligible for a significant prison term.

Referred to the Committee on Public Safety.

Res. No. 108

Resolution calling on the New York State Legislature to create the new crime of aggravated murder of a child, which should mandate a sentence of life without parole.

By Council Members Vallone Jr., Gennaro, Gentile, Nelson, Recchia and Oddo.

Whereas, The torture and death of Nixzmary Brown at the hands of her parents highlights the inadequate punishment under current law for such heinous crimes; and

Whereas, Children are the most vulnerable of our citizens who deserve special protection from perpetrators and potential perpetrators of crimes; and

Whereas, Parents and legal guardians have been entrusted with the responsibility of providing and caring for children, and when this relationship of trust is violated through torture and death of the child, only life imprisonment is appropriate; and

Whereas, Under current law, in cases of horrific child abuse that results in death, prosecutors may charge murder in the first degree, but must demonstrate that the defendant "acted in an especially cruel and wanton manner pursuant to a course of conduct intended to inflict and inflicting torture upon the victim"; torture, under

the statute, means the intentional and depraved infliction of extreme physical pain, which was relished by the defendant; and

Whereas, As Brooklyn DA Charles Hynes indicates, this proof "restricts the charges even in cases as horrendous as Nixzmary's where there is overwhelming evidence of long-term, sadistic abuse resulting in her death"; and

Whereas, To remedy this gap in punishment, the State Legislature should create a separate Class A-1 felony, aggravated murder of a child, which requires proof that the parent or guardian intentionally caused the child's death, and that the child was less than 18; and

Whereas, In addition, persons convicted of such a heinous crime should not be free to walk the streets again, and this new crime should carry a sentence of life imprisonment without parole; and

Whereas, This appropriate and just punishment is warranted for those caregivers who would so callously take the life of a child; now, therefore, be it

Resolved, That the Council of the city of New York calls on the New York State Legislature to create the new crime of aggravated murder of a child, which should mandate a sentence of life without parole.

Referred to the Committee on Public Safety.

Int. No. 143

By Council Members Weprin, Stewart and Fidler (by request of the Mayor)

A Local Law to amend the administrative code of the city of New York, in relation to the establishment of the Flatbush-Nostrand Junction business improvement district.

Be it enacted by the Council as follows:

Section 1. Chapter 5 of title 25 of the administrative code of the city of New York is amended by adding a new section 25-470 to read as follows:

§25-470. Flatbush-Nostrand Junction business improvement district.

a. The city council having determined, pursuant to section 25-407 of chapter four of this title: that notice of hearing for all hearings required to be held was published and mailed as required by law and was otherwise sufficient; that, except as otherwise provided in section 25-403 of chapter four of this title, all the real property within the boundaries of the district will benefit from the establishment of the district; that all the real property benefited is included within the limits of the district; and that the establishment of the district is in the public interest; and the council having determined further that the requisite number of owners have not objected as provided in section 25-406 of chapter four of this title, there is hereby established in the borough of Brooklyn, the Flatbush-Nostrand Junction business improvement district. Such district is established in accordance with the district plan required to be filed with the city clerk pursuant to subdivision b of this section.

b. Immediately upon adoption of this local law by the council, the council shall file with the city clerk the district plan upon which the Flatbush-Nostrand Junction business improvement district is based.

c. The district plan shall not be amended except in accordance with chapter four of this title.

§2. This local law shall take effect upon compliance with section 25-408 of chapter 4 of title 25 of the administrative code of the city of New York.

Referred to the Committee on Finance.

Int. No. 144

By Council Members Weprin, Gentile and Martinez.

A Local Law to amend the administrative code of the city of New York, in relation to the approval and disapproval of building permits.

Be it enacted by the Council as follows:

Section 1. Article 19 of title 27 of the administrative code of the city of New York is amended by adding a new section 27-198.4 to read as follows:

§27-198.4 Approval of plans and permit applications where there are unpaid fines or penalties. a. Except as otherwise provided in subdivision b of this section, no person may (i) file any plans pursuant to article nine of this subchapter, or (ii) apply for any permits pursuant to articles ten through nineteen of this subchapter, where any owner, lessee or owner of shares allocated to a dwelling unit has failed to pay any fine or monetary penalty imposed pursuant to chapter one of title twenty-six, chapter one of title twenty-seven of this code or chapter three of title twenty-seven of this code, or has failed to correct any violation of such chapters, where such owner, lessee or owner of shares owns, leases or has an interest in the property that is the subject of such plans or permit application; nor may any person apply for any permits pursuant to articles ten through nineteen of this subchapter, where it is determined that upon a review of the records at the department that any officer or employee of the department authorized by the commissioner to conduct an inspection of the property that is the subject of such plans or permit application, in response to a complaint received by the department could not gain access or was denied access, in any combination, after two attempts to gain such access on different dates with regards to such complaint.

b. The commissioner may approve plans or issue permits referred to in subdivision a of this section if such owner, lessee or owner of shares allocated to a dwelling unit has submitted valid proof of payment or proof of a payment agreement which will result in the satisfaction of all outstanding fines and penalties within six months from the filing of the plans or submission of the permit application, and the commissioner finds that the approval of the plans or the issuance of the permit (i) is necessary to correct the condition that resulted in the imposition of the fine or penalty; or (ii) is necessary to eliminate an unsafe or hazardous condition; provided, however, that such approval shall be withdrawn and the permit revoked in the event of a default in the repayment agreement.

c. Where the department has failed to gain access as described in subdivision a of this section, the commissioner may allow the owner, lessee or owner of shares, or an authorized representative thereof, to provide access to an officer or employee of the department authorized by the commissioner to conduct an inspection, and in the event such inspection, no new violations are issued pursuant to this inspection, and all of the other conditions of subdivision a of this section are met, the department may also approve plans or issue permits referred to in subdivision a of this section.

d. Upon the submission of plans or requests for permits pursuant to subdivision a of this section, the department shall undertake to ascertain whether any of the principals with at least a twenty percent ownership interest in the property that is the subject of such plans or permit application have any outstanding fines or violations imposed pursuant to chapter one of title twenty-six, chapter one of title twenty-seven or chapter three of title twenty-seven of the code.

§2. This local law shall take effect immediately.

Referred to the Committee on Housing and Buildings.

Int. No. 145

By Council Members Weprin, Fidler, Gentile, Koppell and Nelson.

A Local Law to amend the administrative code of the city of New York in relation to defining who may submit complaints regarding inspections of one- or two-family dwellings and increasing the penalty for refusing to allow access for inspection of such dwellings.

Be it enacted by the Council as follows:

Section 1. Section 27-2094 of the administrative code of the city of New York is amended to read as follows:

§27-2094 Inspection of one- and two-family dwellings; voluntary registration of owner-occupant; *definition of a signed complaint.* a. Notwithstanding any other provision of this chapter, the department, its officers or inspectors, shall have no authority to inspect a one- or two-family dwelling, at least one dwelling unit of which is owner-occupied, for violations of this code, unless the department has received a [signed] complaint *signed by an individual* relating to conditions in such dwelling or has a warrant for such inspection.

b. The owner of a one- or two-family dwelling who occupies a dwelling unit in such dwelling, may notify the department of such owner-occupancy, without payment of a fee, by filing a form to be prescribed by the department including the following information:

(1) An identification of the premises by street number or by such other description as will enable the department to locate the dwelling; and

(2) An identification of the owner by name, residence, and business address; and

(3) A statement that he or she is the owner-occupant of the premises.

c. For purposes of this section, the phrase "complaint signed by an individual" as listed in subdivision a shall be defined to include the signature of a council member, district manager, or community board chair person. In order to file a complaint signed by any of the above public officials, an accompanying affidavit stating that the complaint was written after receipt by the public official of a written, signed complaint from an individual with knowledge of the facts that lead them to believe that the building to be inspected is illegally occupied as well as a written list of the facts that lead the complainant to believe the building is illegally occupied.

§2. Section 27-2119 of such code is amended to read as follows:

§27-2119 Penalties; refusal to admit and interference with inspection; failure to submit reports. *a.* Any person who (1) refuses entry, or access to an officer or inspector of the department to any premises or part thereof that the officer or

inspector is lawfully authorized to inspect, or who unreasonably interferes with an authorized inspection; or (2) who fails to file any report or other paper which such person is required to file, under this code, except a statement of registration or other paper under article two of subchapter four of this chapter, shall be guilty of an offense, punishable by a fine of not more than fifty dollars, or by imprisonment for not more than thirty days, or both such fine and imprisonment.

b. Any person who refuses entry or access to an officer or inspector of the department pursuant to section 27-2094 of this code, shall be guilty of an offense, punishable by a fine pursuant to section 26-126.1 of this code, or by imprisonment for not more than thirty days, or both such fine and imprisonment.

§3. This local law shall take effect immediately.

Referred to the Committee on Housing and Buildings.

Int. No. 146

By Council Members Weprin, Fidler, Foster, Koppell and Nelson.

A Local Law to amend the administrative code of the City of New York, in relation to prohibiting all uniformed City agencies from mandating that their employees comply with a uniform code that would require any such person to violate or forego a practice of his or her creed or religion.

Be it enacted by the Council as follows:

Section 1. Legislative findings and intent. Recently, employee uniform policies have been a source of debate with respect to their application by New York City agencies. For example, two New York Police Department ("NYPD") workers, followers of the Sikh religion, were dismissed subsequent to being informed that the NYPD dress code did not permit the turbans and uncut beards required by their religion.

These disputes resulted in one employee filing suit in federal court against the City and one worker petitioning for a hearing before the New York City Office of Administrative Trials and Hearings ("NYCOATH"). Subsequent to the hearing, a NYCOATH Administrative Judge determined that the NYPD had committed a civil rights violation and recommended reinstatement. Based on this decision, the NYPD ultimately rehired both individuals.

Employee uniform policies have been also been a source of debate for state agencies. For example, the Metropolitan Transportation Authority ("MTA") recently reassigned four Muslim women bus drivers because they refused to remove their religious-mandated hijabs and reassigned a Sikh subway operator for one day because he refused to remove his turban. The MTA's action in reassigning the four Muslim women is currently the subject of federal lawsuits filed by the Muslim women and the United States Department of Justice. While such lawsuits are not targeted against City agencies, it is the hope that city agencies will not be the subject of such suits in the future.

Section 8-107 of the New York City Administrative Code sets forth that no City agency shall impose upon a person as a condition of obtaining or retaining employment any terms or conditions that would require such person to violate, or forego a practice of, his or her creed or religion. Accordingly, legislation prohibiting uniformed City agencies from compelling their employees to comply with a uniform policy that conflicts with the practices or creeds of their religious beliefs is warranted.

§2. Chapter 1 of title 12 of the administrative code of the City of New York is amended by adding a new section 12-140 to read as follows:

§12-140 Uniform policies. It shall be unlawful for any agency of the City of New York, which by its own rules and regulations mandates that its employees wear specialized attire or uniforms, to impose upon a person as a condition of obtaining or retaining employment any terms or conditions of compliance which would require such person to violate or forego a practice of his or her creed or religion, including, but not limited to, adorning traditional religious headwear or maintaining customarily distinctive facial hair, provided that such practice does not unduly interfere with the safety of the work environment.

§3. This local law shall take effect thirty days after its enactment into law.

Referred to the Committee on Civil Service and Labor.

Int. No. 147

By Council Members Weprin, Addabbo Jr., Avella, Gerson, Martinez, Nelson and Stewart.

A Local Law to amend the administrative code of the city of New York, in relation to unlawful real estate solicitations.

Be it enacted by the Council as follows:

Section 1. Legislative declaration. Recent zoning amendments will significantly deter excessively large-scale home construction in specific areas of the city. Based upon these amendments, certain real estate related businesses have commenced a policy of soliciting affected communities with fear-based propaganda, essentially threatening that the new regulations will ultimately lower property values. These businesses attempt to persuade real property owners that they should immediately sell their homes in order to maximize their profits.

The Council finds that such solicitation is misleading and inconsistent with the particulars of the new zoning regulations. Accordingly, legislation must be adopted to confront this serious problem.

§2. Title 8 of the administrative code of the city of New York is hereby amended to add a new chapter 11 to read as follows:

CHAPTER 11

UNLAWFUL REAL ESTATE SOLICITATIONS

§8-1101 Definitions.

§8-1102 Unlawful real estate solicitations.

§8-1103 Violations.

§8-1104 Civil remedies.

§8-1101 Definitions. As used in this chapter:

1. "Real estate broker" means a real estate broker as defined in article twelve-A of the real property law of the state of New York.

2. "Real estate dealer" means any firm, partnership, association, corporation or person which or who has within the preceding twelve months, sold, traded or exchanged two or more dwellings other than, in the case of a person, such person's own residence.

3. "Real estate office" means an office or other place of business which is primarily engaged in the business of selling, buying, leasing, or renting real property; listing real property for sale, purchase, lease or rental; or providing brokerage services in connection with such selling, buying, leasing, renting, or listing.

4. "Real estate developer" means any person, corporation, partnership, business or entity engaged in the business of purchasing, selling, leasing or licensing real property for the purpose of engaging in demolition, modification of existing structure, or construction on said property.

§8-1102 Unlawful real estate solicitations. a. It shall be unlawful for any real estate broker, dealer, developer, office or any agent or employee of a real estate broker, dealer, developer or office, except in honest reply to an unprompted question by a prospective buyer or seller:

(i) to represent, for the purpose of inducing or encouraging the purchase, sale, or rental, or the listing for purchase, sale, or rental, of any real property, that a change has occurred, or will or may occur, in land use or zoning regulations of any block, neighborhood, or area.

(ii) to represent, implicitly or explicitly, for the purpose of inducing or encouraging the purchase, sale, or rental or the listing for purchase, sale, or rental of any real property, that a change has occurred or will or may occur in land use or zoning regulations of any block, neighborhood, or area that may result in a reduction of area property values.

b. It shall be unlawful for any real estate broker, dealer, developer, office or any agent or employee of a real estate broker, dealer, developer or office:

(i) to make any misrepresentation in connection with the purchase, sale, or rental of any real property, that there will or may be physical deterioration of dwellings or fair market depreciation in any block, neighborhood or area resulting from a change that has occurred, or will or may occur, in land use or zoning regulations.

(ii) to refer to any changes that have occurred, or will or may occur, in land use or zoning regulations of any block, neighborhood, or area in any advertisement offering or seeking real property for purchase, sale or rental relating to said block, neighborhood, or area.

c. It shall be unlawful for any person, firm, partnership, association, or corporation, to knowingly aid, abet, or coerce the commission of any act made unlawful by subdivisions a and b of this section.

§8-1103 Violations. Any person, firm, partnership, association, or corporation convicted of violating this chapter shall be guilty of a class A misdemeanor.

§8-1104 Civil remedies. a. Any owner of real property who is induced to sell his or her property through or to a real estate broker, real estate dealer, real estate office, real estate developer, or agent thereof, by acts committed in violation of this chapter may institute a civil action against such broker, dealer, office, developer or agent.

b. If, in an action instituted pursuant to this subdivision, judgment is rendered in favor of plaintiff, such plaintiff shall be awarded as damages:

(i) the amount of any gains, whether in the form of profits, commission, or otherwise, realized by defendant as the result of the first subsequent arm's length sale, exchange, or transfer of the property, or, if defendant acted as a broker, the amount of any commissions received by defendant through the sale, exchange, or transfer of plaintiff's property, such gains in all cases to be calculated without regard to any expenses incurred by the defendant, and may in addition be awarded reasonable attorneys' fees and court costs; or

(ii) if the defendant has not realized any gains as defined in this subdivision, an amount equal to the difference between the price for which plaintiff sold his or her

property and the fair market value at the time of the sale, or the fair market value of the property at the time the action is commenced, whichever difference is greater, and may in addition be awarded reasonable attorneys' fees and court costs.

c. (i) Any buyer, through or from a real estate broker, real estate dealer, real estate office, real estate developer, or agent thereof, was induced to sell, exchange or transfer his or her property by acts committed in violation of this chapter may institute a civil action against such broker or dealer, office, developer or agent.

(ii) If, in an action instituted pursuant to paragraph (i) of this subdivision, judgment is rendered in favor of plaintiff, the plaintiff shall be awarded as damages the amount of any gains, whether in the form of profits, commission, or otherwise, realized by defendant as the result of such plaintiff's purchase of the property, such gains in all cases to be calculated without regard to any expenses incurred by the defendant, and may in addition be awarded reasonable attorneys' fees and court costs.

§3. This local law shall take effect 30 days after its enactment.

Referred to the Committee on Consumer Affairs.

Int. No. 148

By Council Members Weprin and Nelson.

A Local Law to amend the charter of the city of New York, in relation to the Office of Emergency Management, the New York City Police Department and other related agencies to organize a backlash mitigation plan to be implemented immediately following an event that may initiate backlash, bias, violence or hate crimes against protected groups as defined in the administrative code of the city of New York § 8-102 (22).

Be it enacted by the Council as follows:

Section 1. Legislative findings and intent.

History demonstrates that events such as war, regional conflict, global health epidemics, economic stress, and emergencies perceived as acts of terrorism often spark bias crimes against particular protected groups. The City Council recognizes its responsibility to protect both those groups who are currently under threat, as well as those groups who may be targets in the future.

The events surrounding the tragedy of September 11, 2001 saw a wave of hostile sentiment directed towards Arabs and Muslims residing in the United States, and particularly those living in New York City. This hostility was demonstrated by an increase in hate-crimes committed against Arabs, Muslims, Sikhs, South Asians and those perceived to be so.

The New York Attorney General's office reported that crimes that targeted Middle Easterners quintupled in 2001. The New York Police Department received 103 reports of hate crimes against Arabs and Muslims in the three months after September 11th, though they usually receive only seven reports of bias crimes per year.

Nationally, the Federal Bureau of Investigation reported a seventeen-fold increase in anti-Muslim crimes during 2001. The Arab-American Anti-Discrimination Committee reported over six hundred September 11-related hate crimes committed against Arabs, Muslims, or those perceived to be Arab or Muslim.

Beyond the events of September 11, 2001, past incidents in New York City have heightened tension against and between the city's residents. The riots in Crown Heights during 1993 and the heightened backlash against Chinese-Americans during the SARs scare are two such examples.

Local government can take measures to mitigate surges of backlash violence aimed at identifiable and protected classes. City officials can identify groups likely to be targeted, build relationships with community and religious leaders, air public service announcements condemning violence and threatening strict prosecution, and train police officers to identify hate crimes.

Though unique in its severity and extent, the post-September 11 violence against those perceived to be Arabs and Muslims was not unprecedented. And while those perceived to be Arabs and Muslims are the current targets, it is possible that any protected group as defined in administrative code § 8-102(22) might become a target of backlash hate crime violence in the future.

New York City police and public officials took measures to reduce the post September 11th backlash crimes and to investigate and prosecute perpetrators. The City Council believes, however, that New York City police and public officials should have the benefit of a pre-existing backlash mitigation plan that can be quickly implemented to protect New York City residents.

The New York City Office of Emergency Management ("OEM") was created to provide the city with the highest level of emergency preparedness. In the aftermath of any event likely to provoke backlash crimes, OEM should be prepared to immediately implement a plan to respond to and mitigate both immediate and long-term backlash crimes.

The prevention of backlash hate crimes falls squarely within the mandate of the New York City Police Department ("NYPD"). The NYPD should play an integral part in developing a backlash mitigation plan to be carried out by its officers during an emergency.

The lack of a city-wide plan to immediately protect against threats of violence against identifiable and protected groups after an emergency warrants legislation in this area.

§2. Paragraphs a and d of section 497 of chapter 19-A of the New York City Charter are amended to read as follows:

coordinate the City's response to all emergency conditions and potential incidents which require a multi-agency response, including but not limited to severe weather, threats from natural hazards and natural disasters, power and other public service outages, labor unrest other than the keeping of the peace, *events that spark bias against identifiable groups as defined in administrative code of the city of New York § 8-102 (22)*, water main breaks, transportation and transit incidents, hazardous substance discharges, building collapses, aviation disasters, explosions, acts of terrorism and such other emergency conditions and incidents which affect public **health and safety;**

d. prepare plans for responding to emergency conditions and potential incidents, including but not limited to plans for the implementation of such emergency orders as may be approved by the mayor to protect public safety and facilitate the rapid response and mobilization of agencies and resources [;] . ***Such plans shall include a backlash emergency mitigation strategy to address any emergency conditions and incidents that may cause backlash, bias, violence or hate crimes against groups as defined in administrative code of the city of New York § 8-102 (22). In preparing said plan, the commissioner shall consult and coordinate with the New York Police Department, Mayor's Office, affected community groups, and any other public or private agencies or sources as determined by the commissioner such as the Immigrant Affairs Office, Community Assistance Unit, Department of Youth and Community Development and/or the Department of Education, to assist in promulgating the most effective strategy feasible and to conduct, at minimum, one public hearing in each borough of the city of New York for the development of said plan. The commissioner shall be required to submit an annual report which shall be submitted to the City Council and the Mayor's Office, presented in a public hearing, and posted on the OEM website. The report shall outline the backlash mitigation plan, describe events where the plan was implemented, and outline the successes or failures of the plan including a statistical record of the affect on backlash hate crimes;***

§3. This local law shall be effective thirty days after its enactment.

Referred to the Committee on Public Safety.

Res. No. 109

Resolution denouncing and expressing outrage with respect to the comments of Iran's new President Mahmoud Ahmadinejad regarding his belief that "Israel must be wiped off the map," and calling on the U.S. federal government to make Iran's plan to acquire nuclear weapons its most important foreign policy issue.

By Council Members Weprin, Fidler, Gentile, Gerson, Koppell and Nelson.

Whereas, During Ayatollah Khomeini's reign as ruler of Iran, from 1979 to 1989, "death to Israel" chants were almost a permanent feature of street politics in that nation; and

Whereas, Western nations were encouraged during the tenure of the reform-minded former president, Seyyed Mohammad Khatami, the fifth President of Iran who served from August 2, 1997 to August 2, 2005, when political, cultural and economic ties greatly improved; and

Whereas, While addressing Persian students in a conference in Tehran, entitled "The World Without Zionism," Iran's new President, Mahmoud Ahmadinejad, stated that, "Israel must be wiped off the map;" and

Whereas, According to BBC news, President Ahmadinejad also repeated his anti-Semitic statement at a street demonstration and defended his remarks; and

Whereas, President Ahmadinejad's deliberately antagonistic comments demonstrate a refusal to live in a world of tolerance and mutual respect for other cultures and religions; and

Whereas, According to an October 30, 2005 article in The Observer, President Ahmadinejad's statements represent an attempt following President Seyyed Mohammad Khatami's reformist era to resurrect the revolutionary fervor of Ayatollah Khomeini's rule, and reassert the ideals and slogans of that past regime; and

Whereas, President Ahmadinejad's statement, delivered in the midst of Iran's pursuit of a nuclear program, casts doubt on Iran's claim to harbor only peaceful ambitions for its nuclear technology; now, therefore, be it

Resolved, That the Council of the City of New York denounces and expresses outrage with respect to the comments of Iran's new President Mahmoud Ahmadinejad regarding his belief that "Israel must be wiped off the map," and calls on the U.S. federal government to make Iran's plan to acquire nuclear weapons its most important foreign policy issue.

Referred to the Committee on Cultural Affairs, Libraries & International Intergroup Relations.

Int. No. 149

By Council Members Yassky, Fidler, Foster, Koppell, Mark-Viverito, and Weprin.

A Local Law to amend the administrative code of the city of New York, in relation to prohibiting housing discrimination against actual or perceived victims of domestic violence, sex offenses or stalking.

Be it enacted by the Council as follows:

Section 1. Section 8-107.1 of the administrative code of the city of New York is amended to read as follows:

§ 8-107.1 Victims of Domestic Violence, Sex offenses or Stalking.

1. Definitions. Whenever used in this section 8-107.1, the following terms shall have the following meanings:

e. "Owner" means any owner, lessor, lessee, sublessee, assignee or managing agent of, or other person having the right to rent or lease any housing accommodation, or any agent or employee thereof.

2. Unlawful discriminatory practices: *a. Employment.* It shall be an unlawful discriminatory practice for an employer, or an agent thereof, to refuse to hire or employ or to bar or to discharge from employment, or to discriminate against an individual in compensation or other terms, conditions, or privileges of employment because of the actual or perceived status of said individual as a victim of domestic violence, or as a victim of sex offenses or stalking.

b. Housing. It shall be an unlawful discriminatory practice for an owner to refuse to sell, rent, lease, approve the sale, rental or lease or otherwise deny or withhold from any person or group of persons such a housing accommodation or any interest therein because of the actual or perceived status of that person as a victim of domestic violence, or as a victim of sex offenses or stalking.

3. Applicability; actual or perceived victims of domestic violence, sex offenses or stalking.

a. Requirement to make reasonable accommodation to the needs of victims of domestic violence, sex offenses or stalking.

(1) Employment. Except as provided in paragraph *b*, any person prohibited by subdivision 2 of this section 8-107.1 from discriminating on the basis of actual or perceived status as a victim of domestic violence or a victim of sex offenses or stalking shall make reasonable accommodation to enable a person who is a victim of domestic violence, or a victim of sex offenses or stalking to satisfy the essential requisites of a job provided that the status as a victim of domestic violence or a victim of sex offenses or stalking is known or should have been known by the covered entity. Any person required by this sub-paragraph to make reasonable accommodation may require a person requesting reasonable accommodation pursuant to this sub-paragraph to provide certification that the person or the person's family or household member is a victim of domestic violence, sex offenses or stalking. The person requesting reasonable accommodation pursuant to this sub-paragraph shall provide a copy of such certification to the employer within a reasonable period after the request is made. A person may satisfy the certification requirement of this sub-paragraph by providing documentation from an employee, agent, or volunteer of a victim services organization, an attorney, a member of the clergy, or a medical or other professional service provider, from whom the individual seeking a reasonable accommodation or that individual's family or household member has sought assistance in addressing domestic violence, sex offenses or stalking and the effects of the violence or stalking; a police or court record; or other corroborating evidence. All information provided to the employer pursuant to this sub-paragraph, including a statement of the person requesting a reasonable accommodation or any other documentation, record, or corroborating evidence, and the fact that the individual has requested or obtained a reasonable accommodation, shall be retained in the strictest confidence by the employer, except to the extent that disclosure is requested or consented to in writing by the person requesting the reasonable accommodation; or otherwise required by applicable federal, state or local law. Reasonable accommodation for purposes of this sub-paragraph means such accommodation that can be made that shall not cause undue hardship in the conduct of the employer's business. The employer shall have the burden of proving undue hardship. In making a determination of undue hardship, the factors which may be considered include but shall not be limited to: the nature and cost of the accommodations; the overall financial resources of the facility or the facilities involved in the provision of the reasonable accommodation; the number of persons employed at such facility; the effect on expenses and resources, or the impact otherwise of such accommodation upon the operation of the facility; the overall financial resources of the employer; the overall size of the business with respect to the number of its employees, the number, type, and location of its facilities; and the type of operation or operations of the employer, including the composition, structure, and functions of the workforce of such entity; the geographic separateness, administrative, or fiscal relationship of the facility or facilities in question to the employer.

(2) Housing. Except as provided in paragraph b, any person prohibited by subdivision 3 of this section 8-107.1 from discriminating on the basis of actual or perceived status as a victim of domestic violence or a victim of sex offenses or stalking shall make reasonable accommodation for a tenant who is a victim of domestic violence, sex offenses or stalking. For purposes of this sub-paragraph, reasonable accommodation shall be limited to allowing a tenant who is a victim of domestic violence or a victim of sex offenses or stalking to terminate a rental agreement and quit the premises without further obligation under the rental agreement. Any owner required by this sub-paragraph to make reasonable accommodation may require a person requesting reasonable accommodation pursuant to this sub-paragraph to provide certification that the person or the person's family or household member is a victim of domestic violence, sex offenses or stalking. The person requesting reasonable accommodation pursuant to this sub-paragraph shall provide a copy of such certification to the owner within a reasonable period after the request is made. A person may satisfy the certification requirement of this sub-paragraph by providing documentation from an employee, agent, or volunteer of a victim services organization, an attorney, a member of the clergy, or a medical or other professional service provider, from whom the individual seeking a reasonable accommodation or that individual's family or household member has sought assistance in addressing domestic violence, sex offenses or stalking and the effects of the violence or stalking; a police or court record; or other corroborating evidence. All information provided to the owner pursuant to this paragraph, including a statement of the person requesting a reasonable accommodation or any other documentation, record, or corroborating evidence, and the fact that the individual has requested or obtained a reasonable accommodation pursuant to this section, shall be retained in the strictest confidence, except to the extent that disclosure is requested or consented to in writing by the person requesting the reasonable accommodation; or otherwise required by applicable federal, state or local law. Further, reasonable accommodation as required by this sub-paragraph shall not cause undue hardship in the conduct of the owner's business. The owner shall have the burden of proving undue hardship. In making a determination of undue hardship, the factors which may be considered include but shall not be limited to: the cost of the accommodation; the effect on expenses and resources of the owner, or the impact otherwise of such accommodation upon the owner.

b. Affirmative defense in domestic violence, sex offenses or stalking cases. In any case where the need for reasonable accommodation is placed in issue, it shall be an affirmative defense that the person aggrieved by the alleged discriminatory practice could not, with reasonable accommodation, satisfy the essential requisites of the job or enjoy the right or rights in question.

§2. This local law shall take effect 90 days after enactment.

Referred to the Committee on General Welfare.

Int. No. 150

By Council Members Yassky.

A Local Law to amend the administrative code of the City of New York, in relation to qualifications of members of the New York City Police Department and New York City Fire Department.

Be it enacted by the Council as follows:

Section One. Subdivision a of section 14-109 of chapter one of title 14 of the administrative code of the City of New York is amended to read as follows:

§14-109. Qualifications of members of force; publishing names and residence of applicants and appointees; probation.

a. Only persons shall be appointed or reappointed to membership in the police force or continue to hold membership therein, who are citizens of the United States *or are legal permanent residents* and who have never been convicted of a felony, and who can read and write understandably the English language. Skilled officers of experience may be appointed for temporary detective duty who are not residents of the City. Only persons shall be appointed police officers who shall be at the date of the filing of an application for civil service examination less than thirty-five years of age, except, that every person who, as of the fifteenth day of April 1997, satisfied all other requirements for admission to the New York City police department academy shall be admitted to such academy and shall be eligible for appointment as a police officer, subject to the provisions of the civil service law and any applicable provisions of the charter, notwithstanding that such person was thirty-five years of age or older on the fifteenth day of April 1997. Persons who shall have been members of the force, and shall have been dismissed therefrom, shall not be reappointed. Persons who are appointed as police trainees, after examination in accordance with the civil service law and the rules of the commissioner of citywide administrative services and who have satisfactorily completed service as such trainees, may likewise be appointed as police officers without further written examination, provided that they shall have passed a medical examination at the end of their required trainee period. Persons appointed as police trainees shall not be considered members of the uniformed force of the department.

§2. Subdivision a of section 15-103 of chapter 1 of title 15 of the administrative code of the City of New York is amended to read as follows:

§15-103. Qualifications of force of department.

a. To qualify for membership in the department a person shall be:

1. A citizen of the United States *or a legal permanent resident.*

2. Able understandingly to read and write the English language.

3. Shall have passed his or her eighteenth birthday but not his or her twenty-ninth birthday on the date of the filing of his or her application for civil service examination. No person who qualifies under this requirement shall be disqualified from membership in the department because of having passed his or her twenty-ninth birthday subsequent to the filing of his or her application. However no person shall be appointed unless he or she shall have attained his or her twenty-first birthday.

§3. This local law shall take effect when state legislation having the effect of authorizing this local law is enacted.

Referred to the Committee on Civil Service and Labor.

Int. No. 151

By Council Members Yassky, Foster, Gentile, Gerson, Koppell, Martinez, Nelson, Stewart and Weprin.

A Local Law to amend the administrative code of the city of New York, in relation to requiring businesses that sell or rent skiing or snow boarding equipment to post notice that helmets should be worn to prevent head injuries.

Be it enacted by the Council as follows:

Section 1. Legislative intent. Many novice skiers and snowboarders who purchase or rent skiing or snowboarding equipment for themselves or their children are not aware of, or may seriously underrate, the inherent risks of these activities, including the threat of serious head trauma from falls or collisions. At ski areas in New York state and indeed throughout the nation, the use of protective helmets to prevent head trauma is not generally required, and there is currently no state law requiring the use of ski helmets.

In a 1999 report, the staff of the Consumer Product Safety Commission recommended that skiers and snowboarders wear helmets to prevent injuries from falls or collisions. Expert skiers and snowboarders are aware of the availability of ski helmets and that such helmets may dramatically reduce head trauma from a fall. They can therefore make informed choices with respect to the use of protective helmets and more are, wisely, choosing to use them. However, commonly, novice or first time skiers and their parents may not be aware of this information. Despite the available evidence that ski helmets dramatically reduce head trauma, the State Legislature has not acted to require their use during downhill skiing and snowboarding.

This legislation will call attention to this information by requiring businesses that sell or rent ski or snowboarding equipment to post notice that the use of properly fitted ski helmets during downhill skiing and snowboarding is recommended to prevent head injuries from falls or collisions. This local law is necessary to give consumers who purchase or rent skiing and snowboarding equipment in the city the information they need to make informed choices for their own and their children's safety.

§ 2. Chapter 5 of title 20 of the administrative code of the city of New York is hereby amended by the addition of a new subchapter 16, to read as follows:

SUBCHAPTER 16

SKIING AND SNOWBOARDING SAFETY, POSTING REQUIRED

§ 20-900 Definitions.

§ 20-901 Notice Terms.

§ 20-902 Violations.

§ 20-900 ***Definitions.*** *For the purposes of this subchapter the following terms shall have the following meanings:*

a. The term "ski shop" shall mean all premises where skiing paraphernalia, including but not limited to, downhill skis, snowboards and related equipment, including but not limited to, ski boots, poles, ski helmets and snowboard helmets are offered for sale, lease or rental to consumers. Such term shall not include premises that sell, lease or rent only clothing designed for use while skiing.

b. The term "ski equipment service" shall mean the provision of skiing equipment to consumers as a part of or in conjunction with the sale of a tour, vacation or travel package to a ski area.

§ 20-901 ***Notice Terms.*** *Any person, firm, corporation or other business entity that operates as a ski shop or otherwise offers ski equipment service to consumers shall conspicuously post a notice, in a form and manner to be provided by rule of the commissioner, containing the following information:*

a. That wearing a properly fitted helmet, specifically designed and certified for skiing or snowboarding in accordance with ASTM or other national standard, will reduce head trauma from a fall or collision during downhill skiing or snowboarding.

b. That bicycle, in-line skate or motorcycle helmets are not designed for, and will not provide adequate protection during, downhill skiing or snowboarding.

c. If there are no appropriate ski helmets or snowboarding helmets for sale or rental available on the premises, information as to where and how the consumer may obtain such equipment.

§ 20-902 ***Violations.*** *Any person, firm, corporation or other business entity that violates any provisions of this subchapter, or any rule promulgated by the commissioner pursuant to this subchapter, shall be liable for a civil penalty of not more than one hundred dollars for each violation. In the case of a continuing violation, each day's continuance shall be a separate and distinct offense. Such civil penalties may be imposed by the commissioner after notice and a hearing or may be recovered in an action in any court of appropriate jurisdiction.*

§3. This local law shall take effect six months after it shall have been enacted into law except that prior to such effective date the commissioner of consumer affairs may promulgate rules or take any other action necessary for implementation of this local law.

Referred to the Committee on Consumer Affairs.

Int. No. 152

By Council Members Yassky and Koppell.

A Local Law to amend the administrative code of the city of New York, in relation to including candidates for justice of the supreme court, surrogate's court or civil court in the New York City voluntary Campaign Finance Program.

Be it enacted by the Council as follows:

Section 1. Subdivisions 1 and 10 of section 3-702 of the administrative code of the city of New York are amended to read as follows:

1. The term "participating candidate" shall mean any candidate for nomination for election, or election, to the office of mayor, public advocate, comptroller, borough president, *justice of the supreme court, surrogate's court, civil court* or member of the city council who files a written certification pursuant to section 3-703 of this chapter.

10. The term "covered election" shall mean any primary, run-off primary, special, run-off special or general election for nomination for election, or election, to the office of mayor, public advocate, comptroller, borough president, *justice of the supreme court, surrogate's court, civil court* or member of the city council.

§2. Paragraphs (b) and (f) of subdivision 1 of section 3-703 of the administrative code of the city of New York are amended to read as follows:

(b) be a candidate for mayor, public advocate, comptroller, borough president, *justice of the supreme court, surrogate's court, civil court* or member of the city council in a primary, special, or general election and meet the threshold for eligibility set forth in subdivision two of this section;

(f) not accept and his or her principal committee or authorized committees must not accept, either directly or by transfer, any contribution or contributions from any one individual, partnership, political committee, employee organization or other entity for all covered elections held in the same calendar year in which he or she is a participating candidate or a non-participating candidate which in the aggregate: (i) for the office of mayor, public advocate or comptroller shall exceed four thousand five hundred dollars, or (ii) for borough president, *justice of the supreme court, surrogate's court or county-wide justice of the civil court,* shall exceed three thousand five hundred dollars, or (iii) for member of the city council *or district-wide justice of the civil court,* shall exceed two thousand five hundred dollars; provided that a participating candidate and his or her principal committee or a non-participating candidate and his or her authorized committees may accept additional contributions which do not exceed one half the amount of the applicable limitation for any run-off primary election, additional day for voting held pursuant to section 3-108 of the New York state election law, special election to fill a vacancy, run-off special election to fill a vacancy, delayed or otherwise postponed election, or election held pursuant to court order which is a covered election and in which the candidate seeks nomination for election or election; and provided further that if state law prescribes a contribution limitation of a lesser amount, this paragraph shall not be deemed to authorize acceptance of a contribution in excess of such lesser amount. The maximum contributions set forth in this paragraph shall be adjusted in accordance with subdivision seven of this section;

§3. Subparagraphs (iii) and (iv) of paragraph (a) of subdivision 2 of section 3-703 of the administrative code of the city of New York are amended to read as follows:

(iii) borough president, *justice of the supreme court, surrogate's court or county-wide justice of the civil court,* an amount equal to the number of persons living in such borough *or judicial district* as determined by the last census multiplied by two cents in matchable contributions comprised of sums of up to two hundred fifty dollars per contributor including at least one hundred matchable contributions of ten dollars or more from residents of the borough *or judicial district,* or ten thousand dollars comprised of sums of up to two hundred fifty dollars per contributor, whichever is greater;

(iv) member of the city council *or district-wide justice of the civil court*, not less than five thousand dollars in matchable contributions comprised of sums of up to two hundred fifty dollars per contributor including at least seventy-five matchable contributions of ten dollars or more from residents of the district in which the seat is to be filled.

§4. Subdivision 7 of section 3-705 of the administrative code of the city of New York is amended to read as follows:

7. Notwithstanding any provision of this section to the contrary, the amount of public funds payable to a participating candidate on the ballot in any covered election shall not exceed one quarter of the maximum public funds payment otherwise applicable under subdivision two of this section, unless:

(a) the participating candidate is opposed by another participating candidate who has qualified to receive public funds in such election; or

(b) the participating candidate is opposed by a candidate and the board has determined that such other candidate and his or her authorized committees have spent or contracted or have obligated to spend, or received in loans or contributions, or both, an amount which, in the aggregate, exceeds one-fifth of the applicable expenditure limit for such office fixed by subdivision one of section 3-706 of this chapter for participating candidates; or

(c) the participating candidate has submitted a signed statement attesting to the need and stating the reason for additional public funds in such election, in which case the board shall publish such statement at the time such additional public funds are paid, including on the board's internet website. *This paragraph shall not apply to participating candidates who are candidates for nomination for election, or election, to any judicial office.*

If any of the conditions described in paragraph (a), (b) or (c) occur in such election, the board shall pay any and all additional public funds due to the participating candidate up to the maximum total payment applicable in such election under subdivisions two or six of this section or subdivision three of section 3-706 of this chapter[.], *except for participating candidates who are candidates for nomination for election, or election, to any judicial office, in which case such conditions described in paragraph (a) or (b) must occur to receive such maximum total payment.*

§5. Paragraph (a) of subdivision 1 and subdivision 2 of section 3-706 of the administrative code of the city of New York are amended to read as follows:

(a) Except as provided in paragraph (b) of this subdivision, in each primary election, in each special election to fill a vacancy, and in each general election, expenditures by a participating candidate or a limited participating candidate and his or her principal committee for one of the following offices shall not exceed the following amounts:

mayor:	$4,000,000
public advocate or comptroller:	$2,500,000
borough president, *justice of the supreme court, surrogate's court or county-wide justice of the civil court*:	$ 900,000
member of the city council *or district-wide justice of the civil court*:	$ 105,000

2. The following limitations apply to all expenditures made by a participating or a limited participating candidate and his or her principal committee in the three calendar years preceding the year of the election for which such candidate chooses to file a certification as a participating or limited participating candidate pursuant to this chapter and to expenditures made at any time prior to such date for services, materials, facilities, advertising or other things of value received, rendered, published, distributed or broadcast in such calendar years. Such expenditures by a participating or limited participating candidate for one of the following offices and his or her principal committee shall not exceed the following amounts:

mayor, public advocate or comptroller:	$270,000
borough president, *justice of the supreme court, surrogate's court or county-wide justice of the civil court*:	$120,000
member of the city council *or district-wide justice of the civil court*:	$ 40,000

§6. Subdivision 6 of section 3-708 of the administrative code of the city of New York is amended to read as follows:

6. The board shall publicize, as it deems appropriate, the names of candidates for nomination or election to the offices of mayor, public advocate, comptroller, borough president, *justice of the supreme court, surrogate's court, civil court,* or city council who violate any of the provisions of this chapter.

§7. Sections 2 and 5 of this local law shall not have any effect on any inflationary adjustments made prior to the effective date of this law pursuant to subdivision 7 of section 3-703 or paragraph (e) of subdivision 1 of section 3-706 of the administrative code. Additionally, any such inflationary adjustments shall be applied to judicial participating candidates in full upon the effective date of this local law.

§8. This local law shall take effect immediately.

Referred to the Committee on Governmental Operations.

Int. No. 153

By Council Members Yassky, Gentile, Koppell and Mendez.

A Local Law to amend the administrative code of the city of New York, in relation to requiring contractors entering into leaseback arrangements with the city to pay the prevailing wage to their employees who perform work under such arrangements.

Be it enacted by the Council as follows:

Section 1. Chapter 1 of Title 6 of the administrative code of the city of New York is hereby amended to add a new section 6-129, to read as follows:

§6-129. Prevailing Wage For Leaseback Arrangements. a. Definitions. For purposes of this section, the following terms shall have the following meanings:

(1) "Agency" shall mean a city, county, borough, or other office, position, administration, department, including, but not limited to, the department of education, or any division, bureau, board or commission, or a corporation, institution, or agency of government the expenses of which are paid in whole or in part from the City treasury.

(2) "Contractor" shall mean any individual, sole proprietorship, partnership, joint venture, corporation or any other form of doing business.

(3) "Employee" shall mean any person who performs paid construction work for a contractor including, but not limited to, carpentry, plumbing, painting, electrical work, masonry, ironwork, cleaning, carting and any other form of manual or machine labor attendant to the process of building construction, demolition, renovation or repair.

(4) "Leaseback" shall mean any agreement between an agency and a contractor to convert, renovate or alter some or all of an existing, privately owned building located within the city of New York so as to make it suitable for use by the city and for a city purpose.

(5) "Prevailing wage" shall have the same meaning as the term "prevailing rate of wages" in subdivision 3 of section 220 of the labor law.

b. Prevailing wage requirement for leasebacks.

(1) All leasebacks shall include a provision requiring the contractor and its subcontractors to pay their employees the prevailing wage, to maintain payroll records in order to comply with this section, and to comply with regulations promulgated by the city pursuant to this section.

(2) All contractors and their subcontractors shall maintain original payroll records reflecting the days, times and wages paid to each employee working under a leaseback. The contractor shall submit copies of such records certified by such contractor under penalty of perjury to be true and accurate to the contracting agency with every requisition for payment. The contracting agency shall maintain submitted payroll information in the agency contracting file and shall make it available for public inspection.

c. Whenever the comptroller has reason to believe that a worker has been paid less than the prevailing wage, or upon a verified complaint in writing from an employee affected by the provisions of this section, the comptroller shall conduct an investigation. In conducting such investigation, the comptroller shall have the same investigatory, hearing and other powers as are conferred on the comptroller by sections 234 and 235 of the labor law.

d. Application. (1). This section shall apply to all leasebacks whether or not any given leaseback is considered a "public work" within the meaning of section 220 of the New York state labor law.

(2). This section shall only apply to leasebacks entered into after the effective date of the local law that added this section.

e. The mayor may promulgate rules to implement the requirements of this section.

§2. If any subsection, sentence, clause, phrase or other portion of this local law is, for any reason, declared unconstitutional or invalid, in whole or in part, by any court of competent jurisdiction, such portion shall be deemed severable and such unconstitutionality or invalidity shall not affect the validity of the remaining portions of the local law that added this section, which remaining portions shall remain in full force and effect.

§3. This local law shall take effect 60 days after enactment.

Referred to the Committee on Contracts.

Int. No. 154

By Council Members Yassky, Addabbo Jr., Gentile, Koppell, Mendez, Nelson and Weprin.

A Local Law to amend the New York city charter, in relation to maintaining a registry of people who may need to be evacuated in the event of a citywide emergency.

Be it enacted by the Council as follows:

Section 1. Section 497 of the New York city charter is amended by renumbering existing subdivisions n and o as subdivisions o and p, respectively, and adding a new subdivision n to read as follows:

n. develop and maintain a registry of people who may need to be evacuated in the event of a citywide emergency, and a plan for conducting such an evacuation;

[n] *o.* perform all other functions previously performed by the former office of emergency management and the emergency control board; and

[o] *p.* promulgate such rules and regulations as may be necessary to implement the provisions of this chapter.

§2. This local law shall take effect 90 days after its enactment into law; provided, however, the commissioner shall implement subdivision n of section 497 of the charter, as added by section one of this local law, within one year of such effective date.

Referred to the Committee on Public Safety.

Int. No. 155

By Council Members Yassky, Fidler, and Gentile.

A Local Law to amend the administrative code of the city of New York, in relation to allowing any member of the police force, while off-duty, to provide security at locations where alcohol is used or sold.

Be it enacted by the Council as follows:

Section 1. Legislative Findings and Intent

As the cultural capital of the world, New York City offers residents and visitors a wide array of nightclubs, bars and restaurants to enjoy. Unfortunately, nearby residents often complain of noise and other activities on the street that disturb their quality of life. To deter the activity that give rise to these complaints, the Council finds that members of the police force, while in uniform and off-duty, should provide security services at locations where alcohol is used or sold pursuant to the NYPD's Paid Detail Program.

Although state law does not permit a police official to be "either directly or indirectly interested in the manufacture or sale of alcoholic beverages" (Alcohol Beverage Control Act §128), as indicated by a state appeals court decision, "it does not follow that section 128 otherwise prohibits police officers from working for any employer in or about a licensed premises, no matter how incidental is the work to the sale of alcoholic beverages." *Rotunno v. City of Rochester*, 120 AD2d 160 (4th Dept., 1986), *aff'd*, 71 NY2d 995 (1988). Using this decision as a guide, the Counsel to the New York State Liquor Authority, in a letter to the New York Nightlife Association dated November 7, 2003, opines that so long "as police officers employed by the Paid Detail Unit will in all respects maintain their complete professional independence," such employment "does not contravene section 128 of the Alcoholic Beverage Control Law."

The Council hereby finds that by allowing police officers to provide security at locations where alcohol is used or sold, a function incidental to the sale of alcoholic beverages, New York City's nightclubs, bars and restaurants will be safer and criminal activity will be deterred.

§2. Chapter one of title 14 of the administrative code of the city of New York is amended by adding a new section 14-152, to read as follows:

§14-152 Provision of security services by members of the force while off-duty.

Members of the police force shall be permitted to work, while off-duty and in uniform, for a premises licensed to sell beer or alcohol, provided that such employment is pursuant to the New York City Police Department's Paid Detail Unit program and is limited to the provision of exterior security services only. The police commissioner shall promulgate such rules and regulations as may be necessary to implement the provisions of this section, including provisions that officers will not be assigned to a premises within his or her regular precinct of employment; that officers will be rotated among eligible premises; and that officers will be required to take immediate action to protect life and property and respond to any request for police service from the public.

§3. This local law shall take effect sixty days after enactment.

Referred to the Committee on Public Safety.

Int. No. 156

By Council Members Yassky, Fidler, Koppell, Mark-Viverito and Nelson.

A Local Law to amend the administrative code of the city of New York, in relation to allowing hybrid electric taxicabs to drive in the bus lane.

Be it enacted by the Council as follows:

Section 1. Chapter 5 of title 19 of the administrative code of the city of New York is amended by adding new section 19-510 to read as follows:

§19-510 Licensed vehicles in the bus lanes: a. "Hybrid electric taxicab" shall mean a taxicab that employs a combustion engine system together with an electric propulsion system that operates in an integrated manner, which is approved by the commissioner for use as a taxicab..

b. "Bus lane" shall mean any portion of a street , road, or highway that has been designated as such by the department of transportation or any governmental agency having jurisdiction over that street, road, or highway.

c. Notwithstanding any other provision of law, or rule or regulation to the contrary, the department of transportation shall permit hybrid electric taxis to drive in bus lanes.

§2. This local law shall take effect immediately after it is enacted into law.

Referred to the Committee on Transportation.

Int. No. 157

By Council Members Yassky, Koppell, Mark-Viverito and Nelson.

A Local Law to amend the administrative code of the city of New York, in relation to priority queue status for alternative fuel taxicabs.

Be it enacted by the Council as follows:

Section 1. Chapter 5 of title 19 of the administrative code of the city of New York is amended by adding a new section 19-532.1 to read as follows:

§19-532.1 Priority queue status. Taxicabs operating with alternative fuel, as defined in paragraph two of subdivision a of section 24-163.1 of this code, shall have priority in queues for the transportation of passengers from any airport wherein the commission operates such queue. For the purposes of this section, a taxicab using alternative fuel shall also include a hybrid-electric vehicle, defined as a vehicle that employs a combustion engine system together with an electric propulsion system that operates in an integrated manner, which is approved by the commissioner for use as a taxicab.

§2. This local law shall take effect 30 days after it is enacted into law.

Referred to the Committee on Transportation.

Int. No. 158

By Council Members Yassky and Koppell.

A Local Law to amend the administrative code of the city of New York, in relation to replacement cycles for taxicabs.

Be it enacted by the Council as follows:

Section 1. Chapter five of title nineteen of the administrative code of the city of New York is amended by adding a new section 19-534 to read as follows:

§19-534 Taxicab retirement. a. Definitions. For the purposes of this section only, the following terms shall have the following meanings:

1. "City mileage published label value" shall mean the United States environmental protection agency published label value, pursuant to section 32908(b) of title 49 of the United States code, for city driving.

2. "Double-shifted" shall mean that a taxicab is operated on back-to-back shifts by different drivers, within a twenty-four hour period.

3. "Hack-up" shall mean to outfit a vehicle as a taxicab and to obtain first-time approval from the commission for that vehicle to serve as a taxicab.

4. "Hybrid-electric taxicab" shall mean a commercially available mass-produced vehicle originally equipped by the manufacturer with a combustion engine system together with an electric propulsion system that operates in an integrated manner, which is approved by the commission for use as a taxicab.

6. "Long-term driver" shall mean a licensed taxi driver who qualifies as:

(i) a steady driver, meaning an individual who drives the taxicab at a rate of at least one hundred sixty hours per month;

(ii) a named driver, meaning an individual who is named on the rate card; or

(iii) either an owner of the medallion (including a shareholder in a corporation owning a medallion) or the lessee of a medallion pursuant to a lease with a term of no less than five months.

7. "Wheelchair accessible taxicab" shall mean a wheelchair accessible vehicle approved by the commission for use as a taxicab.

b. Taxicabs that are double-shifted and are not driven by at least one long-term driver shall be retired from taxicab service and replaced no later than the scheduled inspection of the vehicle occurring:

(1) Sixty months after the vehicle was hacked-up, for any wheelchair accessible taxicab, hybrid-electric taxicab that has a city mileage published label value of forty-five miles per gallon or greater and for any vehicle dedicated to operate on compressed natural gas no later than six months after hack-up and which remains so dedicated for the rest of its operation; and

(2) Forty-eight months after the vehicle was hacked up, for any hybrid electric taxicab that has a city mileage published value of between twenty-nine and forty-four miles per gallon.

c. Taxicabs that do not meet the specifications of subdivision b of this section shall be retired from taxicab service and replaced no later than the scheduled inspection of the vehicle occurring:

(1) Eighty-four months after the vehicle was hacked-up, for any wheelchair accessible taxicab, hybrid-electric taxicab that has a city mileage published label value of forty-five miles per gallon or greater and for any vehicle dedicated to operate on compressed natural gas no later than six months after hack-up and which remains so dedicated for the rest of its operation; and

(2) Seventy-two months after the vehicle was hacked up, for any hybrid electric taxicab that has a city mileage published label value of between twenty-nine and forty-four miles per gallon.

d. The provisions of subdivision b and subdivision c of this section shall not apply to taxicabs that are hacked-up prior to the effective date of this section.

e. Notwithstanding any other provisions of this section, a taxicab that does not pass inspection must be replaced, regardless of whether its retirement date has been reached as provided for in this section. A taxicab that has reached its retirement date must be retired, regardless of whether it may still pass inspection.

§2. If any section, subdivision, sentence, clause, phrase or other portion of this local law is, for any reason, declared unconstitutional or invalid, in whole or in part, by any court of competent jurisdiction, such portion shall be deemed severable, and such unconstitutionality or invalidity shall not affect the validity of the remaining portions of this law, which remaining portions shall continue in full force and effect.

§ 3. This local law shall take effect one year after its enactment into law.

Referred to the Committee on Transportation.

Int. No. 159

By Council Member Yassky.

A Local Law to amend the administrative code of the city of New York, in relation to reporting requirements for housing tax benefit programs.

Be it enacted by the Council as follows:

Section 1. Subdivision cc of section 11-243 of the administrative code of the city of New York is hereby amended to read as follows:

cc. The commissioner of [the department of] housing preservation and development and the commissioner of finance shall prepare an annual report which shall be submitted to the [Mayor] *mayor* and the council on or before the first day of July next succeeding the year to which the report pertains, *and a report for fiscal years two thousand two and two thousand three which shall be submitted to the mayor and the council on or before December thirty first, two thousand four*, regarding the exemptions and abatements granted pursuant to this section and shall include, but not be limited to, the following information: (i) the amount of real property tax that would have been paid [in the aggregate by the owners] *for each parcel* of real property granted an exemption or abatement if the property were fully taxable and the amount of tax actually paid [in the aggregate by such owners], (ii) the geographic distribution of exemptions and abatements granted pursuant to this section, [and] (iii) a distribution by type of eligible categories as delineated in paragraphs one through nine of subdivision b of this section, *(iv) the street address and block and lot designation of each parcel of real property for which an exemption or abatement was granted pursuant to this section and (v) the average sales and/or rental price, whichever is applicable, of all dwelling units situated on each parcel of real property for which an exemption or abatement was granted pursuant to this section.*

§2. Section 11-245 of the administrative code of the city of New York is hereby amended by adding a new subdivision g to read as follows:

g. The commissioner of housing preservation and development and the commissioner of finance shall prepare an annual report which shall be submitted to the mayor and the council on or before the first day of July next succeeding the year to which the report pertains, and a report for fiscal years two thousand two and two thousand three which shall be submitted to the mayor and the council on or before December thirty first, two thousand four, regarding the exemptions and abatements granted pursuant to this section and shall include, but not be limited to, the following information: (i) the amount of real property tax that would have been paid for each parcel of real property granted an exemption or abatement if the property were fully taxable and the amount of tax actually paid in the aggregate by such owners, (ii) the geographic distribution of exemptions and abatements granted pursuant to this section, (iii) the street address and block and lot designation of each parcel of real property for which an exemption or abatement was granted pursuant to this section and (iv) the average sales and/or rental price, whichever is applicable, of all dwelling units situated on each parcel of real property for which an exemption or abatement was granted pursuant to this section.

§3. This local law shall take effect immediately upon its enactment into law.

Referred to the Committee on Housing and Buildings.

Int. No. 160

By Council Members Yassky, Weprin, Addabbo Jr., Fidler, Gentile and Nelson.

A Local Law to amend the administrative code of the city of New York, in relation to the exemption of tax liens on residences of certain low income seniors from the tax lien sale program and procedures of foreclosure in rem.

Be it enacted by the Council as follows:

Section 1. Subdivision a of section 11-319 of the administrative code of the City of New York, as amended by local law number 36 for the year 2001, is amended to read as follows:

a. A tax lien or tax liens on a property or any component of the amount thereof may be sold by the city as authorized by subdivision b of this section, when such tax lien or tax liens shall have remained unpaid in whole or in part for one year, provided, however, that a tax lien or tax liens on any class 1 property or on class 2 property that is a residential condominium or residential cooperative, as such classes of property are defined in subdivision 1 of section1802 of the real property tax law, may be sold by the city only when the real property tax component of such tax lien or tax liens shall have remained unpaid in whole or in part for three years, and after such sale shall be transferred, in the manner provided by this chapter. *Notwithstanding anything in this subdivision to the contrary, no tax lien on any class 1 property or on class 2 property that is a residential condominium or residential cooperative, as such classes of property are defined in subdivision 1 of section1802 of the real property tax law, may be sold by the city where the owner of such property is receiving an exemption from taxes on real estate pursuant to section 11-245.3 of this code.* A tax lien or tax liens on any property classified as a class 2 property, except a class 2 property that is a residential condominium or residential cooperative, or class 3 property, as such classes of property are defined in subdivision 1 of section 1802 of the real property tax law, shall not be sold by the city unless such tax lien or tax liens include a real property tax component as of the date of the first publication, pursuant to subdivision a of section 11-320 of this chapter, of the notice of sale. Notwithstanding any provision of this subdivision to the contrary, any such tax lien or tax liens that remain unpaid in whole or in part after such date may be sold regardless of whether such tax lien or tax liens include a real property tax component. A tax lien or tax liens on a property classified as a class 4 property, as such class of property is defined in subdivision 1 of section 1802 of the real property tax law, shall not be sold by the city unless such tax lien or tax liens include a real property tax component or sewer rents component or sewer surcharges component or water rents component as of the date of the first publication, pursuant to subdivision a of section 11-320 of this chapter, of the notice of sale, provided, however, that any tax lien or tax liens that remain unpaid in whole or in part after such date may be sold regardless of whether such tax lien or tax liens include a real property tax component, sewer rents component, sewer surcharges component or water rents component. For purposes of this subdivision, the words "real property tax" shall not include an assessment or charge upon property imposed pursuant to section 25-411 of the administrative code. A sale of a tax lien or tax liens shall include, in addition to such lien or liens that have remained unpaid in whole or in part for one year, or, in the case of any class 1 property or class 2 property that is a residential condominium or a residential cooperative, when the real property tax component of such lien or liens has remained unpaid in whole or in part for three years, any taxes, assessments, sewer rents, sewer surcharges, water rents, any other charges that are made a lien subject to the provisions of this chapter, the costs of any advertisements and notices given pursuant to this chapter, any other charges that are due and payable, a surcharge pursuant to section 11-332 of this chapter, and interest and penalties thereon or such component of the amount thereof as shall be determined by the commissioner of finance.

§2. Subdivision a-1 of section 11-319 of the administrative code of the City of New York, as amended by local law number 36 for the year 2001, is amended to read as follows:

a-1. A subsequent tax lien or tax liens on a property or any component of the amount thereof may be sold by the city pursuant to this chapter, provided, however, that notwithstanding any provision in this chapter to the contrary, such tax lien or tax liens may be sold regardless of whether such tax lien or tax liens have remained unpaid in whole or in part for one year and, notwithstanding any provision in this chapter to the contrary, in the case of any class 1 property or class 2 property that is a

residential condominium or residential cooperative, such tax lien or tax liens may be sold if the real property tax component of such tax lien or tax liens has remained unpaid in whole or in part for one year. For purposes of this subdivision, the term "subsequent tax lien or tax liens" shall mean any tax lien or tax liens on property that become such on or after the date of sale of any tax lien or tax liens on such property that have been sold pursuant to this chapter, provided that the prior tax lien or tax liens remain unpaid as of the date of the first publication, pursuant to subdivision a of section 11-320 of this chapter, of the notice of sale of the subsequent tax lien or tax liens. *Notwithstanding anything in this subdivision to the contrary, no subsequent tax lien on any class 1 property or on class 2 property that is a residential condominium or residential cooperative, as such classes of property are defined in subdivision 1 of section1802 of the real property tax law, may be sold by the city where the owner of such property is receiving an exemption from taxes on real estate pursuant to section 11-245.3 of this code.* A subsequent tax lien or tax liens on any property classified as a class 2 property, except a class 2 property that is a residential condominium or residential cooperative, or class 3 property, as such classes of property are defined in subdivision 1 of section 1802 of the real property tax law, shall not be sold by the city unless such tax lien or tax liens include a real property tax component as of the date of the first publication, pursuant to subdivision a of section 11-320 of this chapter, of the notice of sale. Notwithstanding any provision of this subdivision to the contrary, any such tax lien or tax liens that remain unpaid in whole or in part after such date may be sold regardless of whether such tax lien or tax liens include a real property tax component. A subsequent tax lien or tax liens on a property classified as a class 4 property, as such class of property is defined in subdivision 1 of section 1802 of the real property tax law, shall not be sold by the city unless such tax lien or tax liens include a real property tax component or sewer rents component or sewer surcharges component or water rents component as of the date of the first publication, pursuant to subdivision a of section 11-320 of this chapter, of the notice of sale, provided, however, that any tax lien or tax liens that remain unpaid in whole or in part after such date may be sold regardless of whether such tax lien or tax liens include a real property tax component, sewer rents component, sewer surcharges component or water rents component. For purposes of this subdivision, the words "real property tax" shall not include an assessment or charge upon property imposed pursuant to section 25-411 of the administrative code. Nothing in this subdivision shall be deemed to limit the rights conferred by section 11-332 of this chapter on the holder of a tax lien certificate with respect to a subsequent tax lien.

§3. Section 11-404 of the administrative code of the city of New York is hereby amended by adding a new subdivision c to read as follows:

c. Notwithstanding any provision of law to the contrary, the city shall not foreclose on any tax lien on any class 1 property or on class 2 property that is a residential condominium or residential cooperative, as such classes of property are defined in subdivision 1 of section1802 of the real property tax law, where the owner of such property is receiving an exemption from taxes on real estate pursuant to section 11-245.3 of this code.

§4. This local law shall take effect immediately.

Referred to the Committee on Finance.

Res. No. 110

Resolution calling upon the Metropolitan Transportation Authority and the Port Authority of New York and New Jersey to offer reduced toll fares for alternative fuel vehicles.

By Council Members Yassky, Fidler, Gentile, Mark-Viverito and Weprin.

Whereas, according to the New York City Department of Transportation, our transportation system is over ninety percent dependent on oil with over fifty percent coming from overseas; and

Whereas, oil is a finite resource, the supply of which may become unavailable within thirty-five to forty years; and

Whereas, the burning of fossil fuels for transportation releases gases into the air that adversely affect human health and contribute to the degradation of our natural environment; and

Whereas, the accumulation of carbon dioxide emissions from the burning of fossil fuels contributes to "global warming," now widely recognized as damaging to life across the Earth; and

Whereas, alternative fuel vehicles running on natural gas, ethanol, electricity, and hybrid combinations are becoming widely available to consumers and businesses alike;

Resolved, that the Council of the City of New York calls upon the Metropolitan Transportation Authority and the Port Authority of New York and New Jersey to encourage the use of alternative fuel vehicles by offering reduced tolls for such vehicles using the tunnels and bridges within each authority's jurisdiction.

Referred to the Committee on Transportation.

L.U. No. 59

By Council Member Weprin:

Section 202 Supportive Housing Program for the Elderly, Los Sures Senior Housing, 145 South 3rd Street, Brooklyn, Community District No. 34.

Adopted by the Council (preconsidered and approved by the Committee on Finance)

BROOKLYN CB - 2 C 060176 ZMK
Application submitted by the Department of Housing Preservation and Development pursuant to Sections 197-c and 201 of the New York City Charter for an amendment of the Zoning Map, Section No. 16c, changing from a C6-1 District to a C6-2 District property bounded by a line 100 feet northerly of Atlantic Avenue, South Oxford Street, Atlantic Avenue, and South Portland Avenue, as shown on a diagram (for illustrative purposes only) dated November 14, 2005.

BROOKLYN CB - 2 C 060177 HAK
Application submitted by the Department of Housing Preservation and Development (HPD):

1) pursuant to Article 16 of the General Municipal Law of New York State for:

a) the designation of property located at 207 and 209 South Portland Ave., 206 and 208, 214 and 216 South Oxford St. (Block 2004, Lots 1, 2, 78-82 and 84) p/o Site 3 within the Atlantic Terminal Urban Renewal Area, as an Urban Development Action Area; and

b) an Urban Development Action Area Project for such area;

2) pursuant to Section 197-c of the New York City Charter for the disposition of such property to a developer to be selected by HPD;

to facilitate the development of a ten-story building, tentatively known as Atlantic Terrace, with approximately 80 residential units above ground floor retail to be developed under HPD's Cornerstone Program.

BROOKLYN CB - 3 C 060194 HAK
Application submitted by the Department of Housing Preservation and Development (HPD):

1) Pursuant to Article 16 of the General Municipal Law of New York State for:

a. the designation of property located at 31-39 Van Buren Street (Block 1791, Lots 68-72) as an Urban Development Action Area; and

b. an Urban Development Action Area Project for such area;

2) Pursuant to Section 197-c of the New York City Charter for the disposition of such property to a developer to be selected by HPD;

to facilitate the development of a five-story building tentatively known as Wazobia House, with approximately 43 dwelling units to be developed under HPD's Supportive Housing Loan Program.

BROOKLYN CB - 3 C 060195 ZSK
Application submitted by the Department of Housing Preservation and Development (HPD) pursuant to Sections 197-c and 201 of the New York City Charter for the grant of a special permit, pursuant to Section 74-902 of the Zoning Resolution to permit the allowable community facility floor area ratio of Section 24-11 (Maximum Floor Area and Percentage of Lot Coverage) to apply to a proposed approximately 18,243 square foot, 5-story Non-Profit Institution with Sleeping Accommodations (U.G. 3A), on property located at 31-39 Van Buren Street (Block 1791, Lots 68-72), in an R5 District.

Proposals subject to Council review and action pursuant to the Urban Development Action Area Act, Article 16 of the New York General Municipal Law, at the request of the Department of Housing Preservation and Development ("HPD"), which requests that the Council:

1. Find that the present status of the listed areas tends to impair or arrest the sound growth and development of the municipality and that the proposed Urban Development Action Area Project is consistent with the policy and purposes of Section 691 of the General Municipal Law;

2. Waive the area designation requirement of Section 693 of the General Municipal Law pursuant to said Section;

3. Waive the requirements of Sections 197-c and 197-d of the New York City Charter pursuant to Section 694 of the General Municipal Law;

4. Approve the project as an Urban Development Action Area Project pursuant to Section 694 of the General Municipal Law; and

5. Approve an exemption of the projects from real property taxes pursuant to Section 696 of the General Municipal Law for Non-ULURP Nos. 20065338 HAK through 20065343 HAK and 20065345 HAK.

CITY PLANNING

■ **PUBLIC HEARINGS**

PROPOSED 2007 CONSOLIDATED PLAN

A **public hearing** on the formulation of the Proposed 2007 Consolidated Plan: One Year Action Plan for HUD Entitlement Funds will be held on **TUESDAY, APRIL 11, 2006** beginning at 3:30 P.M. at the Department of City Planning located at 22 Reade Street, Spector Hall, Manhattan. The PUBLIC HEARING will be followed by a brief question and answer session with City agency representatives in attendance. In addition, at this forum, agency representatives will receive comments on the City's performance on Consolidated Plan activities in 2005.

The Consolidated Plan defines the use of federal entitlement funds for housing, homeless assistance, supportive housing services and community development programs and is required by the United States Department of Housing and Urban Development (HUD). It consolidates the statutory requirements of the Cranston-Gonzalez Housing Act's Comprehensive Housing Affordability Strategy, and the City's annual application for the four HUD Office of Community Planning and Development entitlement programs: Community Development Block Grant (CDBG), HOME Investment Partnership, Emergency Shelter Grants (ESG), and Housing Opportunities for Persons with AIDS (HOPWA).

Immediately following the Public Hearing, the City of New York will solicit comments on the City's proposed Foundation for Dance Promotion Inc. Cultural Facility Section 108 Loan Project. The Project will substantially amend New York City's approved 2006 Consolidated Plan.

Details on the proposed Section 108 Loan Application can be found in the Notice of Proposed Submission of a Section 108 Loan Application to the U.S. Department of Housing and Urban Development.

For more information contact: Charles V. Sorrentino, New York City Consolidated Plan Coordinator, Department of City Planning, 22 Reade Street 4N, New York, New York 10007, (212) 720-3337.
