Whereas, Legislation that would increase the punishment for possession of a loaded firearm from a class D to a class C felony would not only demonstrate the State's interest and involvement in crime prevention, but as referenced by Mayor Bloomberg in his State of the City address, will serve as the proper penalty for the risk to public safety that a loaded firearm causes; now, therefore, be it

Resolved, That the Council of the city of New York calls upon the New York State Legislature to amend the Penal Law to categorize possession of a loaded firearm as a class C felony.

Referred to the Committee on Public Safety.

Res. No. 158

Resolution calling on the New York State Legislature to enact a Gun Offender Registry Act, which would be modeled after New York State's Sexual Offender Registry Act.

By Council Members Vallone Jr., Gentile, Nelson, Recchia, Weprin, White, Foster and Oddo.

Whereas, While New York continues to make great strides towards being a safer place to live, gun crimes continue to afflict New Yorkers and especially the victims and their grieving families, as guns have taken the lives of 7,000 individuals in New York State since 1999; and

Whereas, Guns are often used to carry out sexual assaults and domestic violence, drug offenses, robbery, burglary and other property-related crimes, and according to the Bureau of Justice Statistics about 70% of all murders, 41% of all robberies, and 19% of all aggravated assaults in 2004 reported to the police were committed with a firearm in the United States; and

Whereas, Guns pose a serious risk to police officers, given that in the last six months of 2005, 11 New York City police officers were shot; and

Whereas, According to statistics published by Physicians for Social Responsibility, a public policy organization committed to eliminating violence, in 2001 homicide with a firearm was the leading cause of violent death in New York and the total cost of gun violence nationwide was approximately $100 million, illustrating that gun regulation can save both lives and money; and

Whereas, In 1996 New York enacted its version of Megan's Law—the Sex Offender Registration Act (Correction Law Article 6-C (Section 168 et seq.))—in which a court classifies convicted sex offenders according to three different levels and pursuant to that designation, offenders are required to register with the Division of Criminal Justice Services (DCJS) for either 20 years or life and annually verify his or her address with DCJS, as well as further obligations; and

Whereas, Because of the integral part that the Sex Offender Registration Act plays in ensuring safety for the State's children and communities in general, the statute has been continually expanded, and a Gun Registry Act similarly constructed would reaffirm New York's commitment to safety and crime control, as articulated by Mayor Bloomberg in his recent State of the City address; and

Whereas, Legislation that requires the registration of convicted gun offenders will allow state and local law enforcement to better monitor firearm violators, and provide communities and families with the tools to become aware of violators living in the area, which would collectively serve to deter both registered and potential gun offenders from engaging in gun-activity again; now, therefore, be it

Resolved, That the Council of the city of New York calls upon the New York State Legislature to enact a Gun Offender Registry Act, which would be modeled after New York State's Sexual Offender Registry Act.

Referred to the Committee on Public Safety.

A Local Law to amend the administrative code of the city of New York, in relation to creating a plan to combat illegal dumping into the waterways of New York City.

Be it enacted by the Council as follows:

Section 1. Declaration of legislative findings and intent. The Council finds that illegal dumping of foreign matter, such as liquid cement, gravel, oil, shopping carts, automobiles and scrap metal, into New York City's waterways is a problem affecting water quality, navigability and opportunities for public access. Additionally, the Council finds that New York City lacks a coordinated mechanism to combat the phenomenon of illegal dumping into the City's waterways. Recent reports of these problems to the Council and its own examination has led the Council to conclude that this activity occurs primarily on waterways adjacent to communities with a concentration of industrial uses such as, but not limited to, the Gowanus Canal, the Bronx River and Newtown Creek. In fact, following the Council's inquiry, the Brooklyn District Attorney issued subpoenas to a business owner who has allegedly been dumping materials into Newtown Creek.

The Council notes that both New York State and New York City have exercised their respective powers to issue notices of violation to illegal dumpers. The New York State Department of Environmental Conservation (DEC) enforces these prohibitions through Environmental Enforcement Officers (ECOs). The agency has, however, admitted that it lacks adequate staff to cover the entire New York City area. According to DEC there are 300 ECOs for all of New York State, or about one officer for every 400 square miles. There are approximately sixteen ECOs based in New York City. In addition to issuing notices of violation for illegal dumping, ECOs are also responsible for enforcing laws relating to fishing, hunting, trapping, endangered species, license requirements and more. It is evident, then, that based upon the sparse number of ECOs and their divergent responsibilities, ECOs cannot effectively deter illegal dumping.

There are several City agencies that issue violations to those involved in illegal dumping, in general. These agencies include the Department of Environmental Protection (DEP), the Department of Sanitation (DSNY) and the Department of Small Business Services (SBS). For instance, (1) DSNY issues violations to any person found dumping trash or debris on land, (2) DEP issues violations to any person illegally discharging materials into the sewer system and (3) SBS issues violations to any property owner who does not properly maintain a waterfront bulkhead or allows debris to enter the water from a bulkhead. The disparate functions of each of these agencies in enforcing against different types of illegal dumping has prevented a uniform plan from emerging on behalf of the City of New York in relation to combating illegal dumping into the waterways in particular.

The Council finds that because government is currently failing to adequately enforce against illegal dumping into waterways, a coordinated enforcement plan is necessary and intends to create such a plan that will work to better solve this problem. The Council believes that mandates included in this legislation will result in improved water quality and a reduction in illegal dumping activities on New York City's waterways.

§2 Subchapter 1 of chapter 1 of title 22 of the administrative code of the city of New York is amended by adding a new section 22-112.1 to read as follows:

§22-112.1 a. Definitions. For purposes of this section, the following terms shall have the following meanings: 1. "Illegal Dumping" shall mean placing, discharging or depositing, by any process or in any manner, piles, lumber, timber, driftwood, dirt, ashes, cinders, mud, sand, dredging, sludge, acid, oil, cement, or any other refuse matters, floatable or otherwise, in the waterways of New York.

2. "Waterways of New York" shall mean all areas mapped as waterways and included in the city map pursuant to section 198 of the New York City charter.

3. "Commissioner" shall mean the commissioner of small business services.

b. The commissioner, in conjunction with the commissioner of environmental protection, the commissioner of sanitation and the heads of such other agencies and offices as the commissioner deems appropriate, shall devise and prepare a plan to combat illegal dumping. The plan shall be revised, as necessary, at least every two years and shall, at a minimum, include the following: (i) development of mandatory minimum guidelines for the loading and unloading of any materials on waterfront properties to reduce the possibility of materials being placed in the waterways; (ii) creation of a waterfront task force to aid the commissioner in devising the

mandatory minimum guidelines for loading and unloading on waterfront properties and other common waterfront procedures the commissioner deems relevant, which shall include, but shall not be limited to, the mayor or his or her designee, the speaker of the city council or his or her designee, and five additional representatives who shall each reside in a different borough which shall represent property owners and/or tenant organizations, manufacturing and commercial advocacy groups, community-based organizations, environmental advocacy organizations and members of the general public. Such task force shall also, when deemed appropriate to effectively discourage illegal dumping, recommend to the commissioner increases in the penalties imposed for illegal dumping; (iii) creation of an accessible and centralized source of contact for the reporting of illegal dumping and providing information on illegal dumping rules and regulations; (iv) creation of a protocol for coordination with other governmental entities that have jurisdiction over illegal dumping; (v) provision for monitoring and recording the frequency of illegal dumping and the posting of signs at locations with frequent violations citing the laws prohibiting illegal dumping and providing information with which individuals may report instances of illegal dumping; and (vi) creation of a public education program to increase awareness about illegal dumping and encourage local residents to report observed illegal dumping activities through utilization of outreach programs, including but not limited to, local television and radio stations, community newspapers and other media outlets, and educational programs for schools, civic groups, and other local organizations.

c. The commissioner shall implement all of the elements of the plan to combat illegal dumping on or before January 1, 2007.

d. The commissioner shall submit a report to the mayor and the speaker of the city council on or before January 1, 2008 and on or before January 1 every other year thereafter. The report shall include, but shall not be limited to, the following information for the immediately preceding two calendar year period: the number of complaints of illegal dumping received by each city agency, the number of notices of violation issued for illegal dumping by each city agency, the total amount of fines imposed for illegal dumping by each city agency and the total amount of fines collected by each city agency for illegal dumping into waterways. The report shall also include the commissioner's best efforts to obtain similar information regarding complaints, notices of violations issued and fines imposed and collected for the same two year period by all relevant agencies on the state and federal levels of government. The report shall also include any recommendations made by the waterfront task force to increase the penalties imposed for illegal dumping as well as any revisions to the plan implemented since the prior plan's submission, including the reasons for the implementation of such revisions.

§3. This local law shall take effect immediately.

Referred to the Committee on Sanitation and Solid Waste Management and the Committee on Waterfronts and the Committee on Small Business.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council,** 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists--free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:

Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.

If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

CAREER TRAINING, ACADEMIC COURSEWORK AND RELATED PROFESSIONAL DEVELOPMENT SERVICES – Negotiated Acquisition – PIN# 756040 – Department of Education to enter into negotiated acquisition to contract with colleges/universities to provide career training, academic coursework and related professional development services. The colleges are Baruch College, Borough of Manhattan Community College, Brooklyn College, Bronx Community College, City College, Hostos Community College, Hunter College, John Jay College of Criminal Justice, Kingsborough Community College, Laguardia Community College, Herbert H. Lehman, Medgar Evens College, N.Y.C. College of Technology, Research Foundation of CUNY, College of Staten Island, Queens College, Queensborough Community College, York College, Ana G. Mendez University, Boricua College, College of New Rochelle, Cornell University, SUNY Empire State, Long Island University, Marymount Manhattan College, Mercy College, SUNY Old Westbury, Seymour Joseph Institute of ASL, St. Francis College, St. John's University and Touro College. The Career Training Program (CTP), a legally binding contractual collaboration between the DOE and the United Federation of Teachers (UFT), is implemented in compliance with the UFT contract (Article VII) covering paraprofessionals. Through CTP, the DOE provides all eligible paraprofessionals an opportunity to qualify for advancement by making paid tuition available for up to six semester hours of undergraduate coursework during the fall, spring and summer semesters at regionally accredited participating CUNY and private colleges/universities. This program began in 1969 as only CUNY schools. Since that time, the program has expanded to include 31 public and private degree-granting institutions that offer courses at both the associate and baccalaureate levels. In light of the continuing need for highly qualified teachers, particularly in the certification areas where there is a shortage of teachers, educational advancement of paraprofessional employees is especially important. These institutions have agreed to waive their per credit rates, which range from $200.00 to $760.00 per credit and to bill us the prevailing undergraduate CUNY per credit rate of $170.00 for matriculated or $250.00 for non-matriculated students. An additional program available for eligible employees is the Paraprofessional Accelerated Transition to Teaching Program (PATT), which is funded by a grant from the US Department of Education. The goals of PATT are to identify, recruit, prepare, hire and support successful, experienced paraprofessionals to become teachers in shortage areas in high needs schools. This program provides tuition for 18 credits of coursework for participants enrolled in graduate college or university internship programs approved by the State Education Department. Successful completion of the 18 credits in these programs qualifies individuals for two year internship certificates, thereby enabling them to teach in New York City schools. As with the Career Training Program, non-CUNY private colleges/universities who participate in PATT agreed to waive their graduate tuition rates which range from $375.00 to $543.00 per credit and to accept the prevailing $270.00 graduate CUNY rate per credit. These contracts will run from 9/16/06 - 9/15/11, for a total estimated amount of $41,140.585.

CAREER TRAINING, ACADEMIC COURSEWORK AND RELATED PROFESSIONAL DEVELOPMENT SERVICES – Negotiated Acquisition – PIN# 756040 – Department of Education to enter into negotiated acquisition to contract with colleges/universities to provide career training, academic coursework and related professional development services. The colleges are Baruch College, Borough of Manhattan Community College, Brooklyn College, Bronx Community College, City College, Hostos Community College, Hunter College, John Jay College of Criminal Justice, Kingsborough Community College, Laguardia Community College, Herbert H. Lehman, Medgar Evens College, N.Y.C. College of Technology, Research Foundation of CUNY, College of Staten Island, Queens College, Queensborough Community College, York College, Ana G. Mendez University, Boricua College, College of New Rochelle, Cornell University, SUNY Empire State, Long Island University, Marymount Manhattan College, Mercy College, SUNY Old Westbury, Seymour Joseph Institute of ASL, St. Francis College, St. John's University and Touro College. The Career Training Program (CTP), a legally binding contractual collaboration between the DOE and the United Federation of Teachers (UFT), is implemented in compliance with the UFT contract (Article VII) covering paraprofessionals. Through CTP, the DOE provides all eligible paraprofessionals an opportunity to qualify for advancement by making paid tuition available for up to six semester hours of undergraduate coursework during the fall, spring and summer semesters at regionally accredited participating CUNY and private colleges/universities. This program began in 1969 as only CUNY schools. Since that time, the program has expanded to include 31 public and private degree-granting institutions that offer courses at both the associate and baccalaureate levels. In light of the continuing need for highly qualified teachers, particularly in the certification areas where there is a shortage of teachers, educational advancement of paraprofessional employees is especially important. These institutions have agreed to waive their per credit rates, which range from $200.00 to $760.00 per credit and to bill us the prevailing undergraduate CUNY per credit rate of $170.00 for matriculated or $250.00 for non-matriculated students. An additional program available for eligible employees is the Paraprofessional Accelerated Transition to Teaching Program (PATT), which is funded by a grant from the US Department of Education. The goals of PATT are to identify, recruit, prepare, hire and support successful, experienced paraprofessionals to become teachers in shortage areas in high needs schools. This program provides tuition for 18 credits of coursework for participants enrolled in graduate college or university internship programs approved by the State Education Department. Successful completion of the 18 credits in these programs qualifies individuals for two year internship certificates, thereby enabling them to teach in New York City schools. As with the Career Training Program, non-CUNY private colleges/universities who participate in PATT agreed to waive their graduate tuition rates which range from $375.00 to $543.00 per credit and to accept the prevailing $270.00 graduate CUNY rate per credit. These contracts will run from 9/16/06 - 9/15/11, for a total estimated amount of $41,140.585.

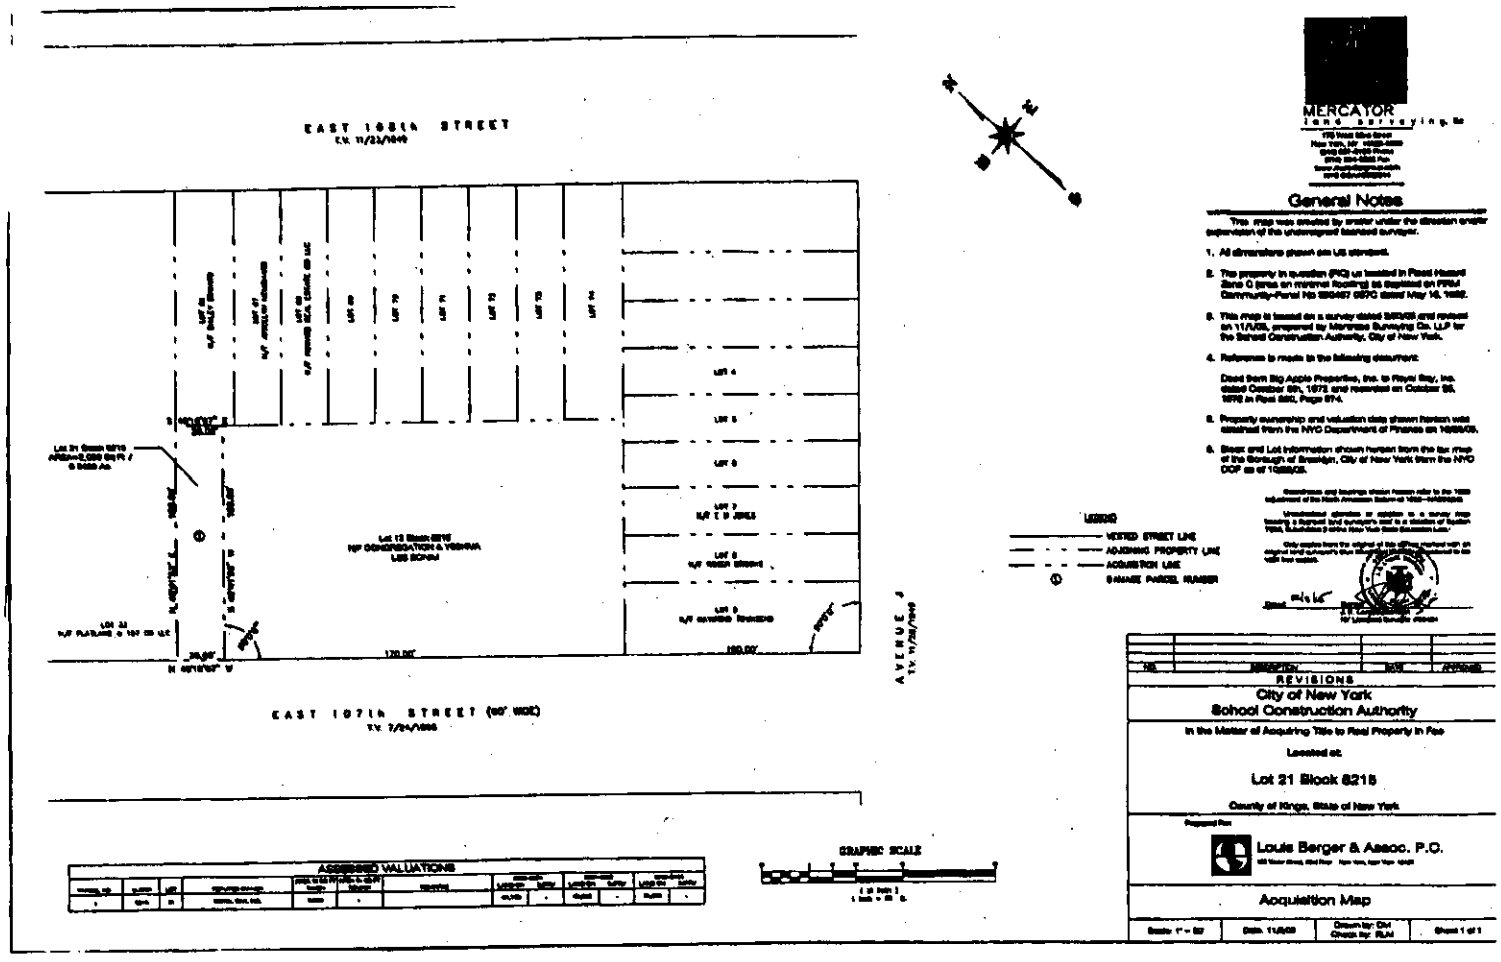
COURT NOTICE MAP FOR SCHOOL CONSTRUCTION AUTHORITY



READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council,** 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists--free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:

Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.

If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

Notice is hereby given that pursuant to Section 5-07 of the Rules of Procedure for Environmental Review (CEQR) and 6 NYCRR 617.8 (State Environmental Quality Review) the New York City Department of Parks and Recreation, acting as CEQR lead agency, has determined that a draft generic environmental impact statement is to be prepared for the proposed Fresh Kills Park on Staten Island (CEQR No.06DPR002R).

Statement of Basis and Purpose

On May 11, 2005, Mayor Michael Bloomberg signed Local Law 39 for the year 2005. The law amended the Administrative Code of the City of New York in relation to the use of ultra low sulfur diesel fuel ("ULSDF") and best available retrofit technology ("BART") by city motor vehicles. The law requires that diesel fuel-powered motor vehicles owned or operated by city agencies be powered by ULSDF. The law further requires that a percentage, increasing yearly to 100 percent, of diesel fuel-powered motor vehicles with a weight of more than 8,500 pounds that are owned or operated by city agencies utilize BART or be equipped with an engine certified to the 2007 EPA standard for reducing the emission of pollutants. The law provides that the Commissioner shall make determinations, and shall publish a list of such determinations, as to the BART for reducing the emission of pollutants to be used for each type of diesel fuel-powered motor vehicle affected by the law.

This rulemaking sets forth the initial determinations of the Commissioner as to what constitutes BART for the purposes of compliance with section 24-163.4 of the Administrative Code.

The Rules are authorized by section 1043 of the Charter of the City of New York and section 24-163.4 of the Administrative Code of the City of New York.

"City agency" shall mean a city, county, borough, administration, department, division, bureau, board or commission, or a corporation, institution or agency of government, the expenses of which are paid in whole or in part from the city treasury.

§ 15-04 Classification Levels
§ 15- 05 Selection Process
§ 15-06 Best Available Retrofit Technology Selection Applicability
§ 15-07 Use of Ultra Low Sulfur Diesel Fuel

§ 15-02 Best Available Retrofit Technology Determination. Pursuant to section 24-163.4 of the Code, any diesel fuel-powered motor vehicle having a gross vehicle weight rating of more than 8,500 pounds that is owned or operated by a City agency shall utilize the Best Available Retrofit Technology ("BART"), as defined in § 15-01 of subchapter A of this chapter. In making their selections, agencies are directed to consult the EPA and CARB verified lists at http://www.epa.gov/otaq/retrofit/retroverifiedlist.htm and http://www.arb.ca.gov/diesel/verdev/background.htm.

City agencies shall select BART for their diesel fuel-powered motor vehicles in accordance with §15-05 of this subchapter. City agencies shall notify the Department of their selections, and the Department shall make a determination as to whether the BART selected may be utilized for the vehicle, engine and application for which it was selected. The Department shall notify the selecting agency of its determination.

§ 15-03 Motor Vehicles That Are Not Subject to BART. Any diesel fuel-powered motor vehicle having a gross vehicle weight rating of more than 8,500 pounds that is owned or operated by a City agency and that is equipped with an engine certified to the applicable 2007 United States Environmental Protection Agency standard for particulate matter as set forth in section 86.007-11 of title 40 of the code of federal regulations or to any subsequent United States environmental protection agency standard for such pollutant that is at least as stringent, shall not be required to utilize the BART as defined in §15-01 of subchapter A of this chapter.

§ 15-04 Classification Levels.

Level IV
Any Diesel Particulate Filter (DPF) or other technology verified for a specific application from either the CARB or EPA verified lists that reduces diesel particulate matter emissions by 85 percent or greater, or reduces engine emissions to less than or equal to 0.01 grams diesel particulate matter per brake horsepower-hour.

Level III
Any DPF or Diesel Oxidation Catalyst (DOC) or Catalyzed Wire Mesh Filter (CWMF) or other technology or combination of technologies verified for a specific application from either the CARB or EPA verified lists that reduces diesel particulate matter emissions by between 50 and 84 percent.

Level II
Any DOC or other technology verified for a specific application from either the CARB or EPA verified lists that reduces diesel particulate matter emissions by between 25 and 49 percent.

Level I
Any DOC or emulsified diesel fuel or other technology verified for a specific application from either the CARB or EPA verified lists that reduces diesel particulate matter emissions by between 20 and 24 percent.

§ 15-05 Selection Process.

(a) For each type of motor vehicle subject to the BART requirement, the City agency operating such vehicle must identify, in list form, all types of pollution control technology devices verified for such motor vehicle at classification Level IV.

(b) All types of pollution control technology devices identified by the City agency as classification Level IV devices that are not technologically feasible for use with respect to the particular vehicle, engine or application are to be eliminated from such list. To eliminate all types of pollution control technology devices identified by the agency at classification Level IV, or a specific type of pollution control technology, or a particular pollution control technology device, the agency must demonstrate to the satisfaction of the Commissioner that operational constraints or physical, chemical or engineering principles preclude the successful and effective use of the motor vehicle when used with such types of technology devices, or type of technology, or particular pollution control technology device.

(c) If, after the elimination process, no pollution control technology devices remain in classification Level IV from which the City agency can select a BART, the same identification and elimination process must be done for classification Level III. If after the elimination process, no pollution control technology devices remain in classification Level III from which the City agency can select a BART, the same identification and elimination process must be done for classification Level II. If after the elimination process, no pollution control technology devices remain in classification Level II from which the City agency can select a BART, the same identification and elimination process must be done for classification Level I.

(d) Once a level is selected as provided for in subdivisions (a), (b), and (c) of this section, an economic impact analysis is to be performed on the remaining technologies where the technology reduces both PM and nitrogen oxide (NOx). The agency shall select the technology achieving, at a reasonable cost, the greatest reduction in NOx emissions.

(e) The Commissioner may determine, upon application by a City agency, that a technology, whether or not it has been verified by the United States environmental protection agency or the California air resources board, may be appropriate to test, on an experimental basis, on a particular type of diesel fuel-powered motor vehicle owned or operated by a City agency. The Commissioner may authorize such technology to be installed on up to five percent or twenty-five of such type of motor vehicle, whichever is less.

§ 15-06 Best Available Retrofit Technology Selection Applicability.

No City agency shall be required to replace a selected BART or an experimental technology within three years of having first utilized such technology. Furthermore, no City agency shall be required to replace Level IV technology until it has reached the end of its useful life.

§ 15-07 Use of Ultra Low Sulfur Diesel Fuel.

All motor vehicles owned or operated by a City agency must be powered by ultra low sulfur diesel fuel unless the Commissioner has issued a written determination pursuant to subdivision (e) of section 24-163.4 of the Code, or a waiver pursuant to subdivision (f) of section 24-163.4 of the Code.

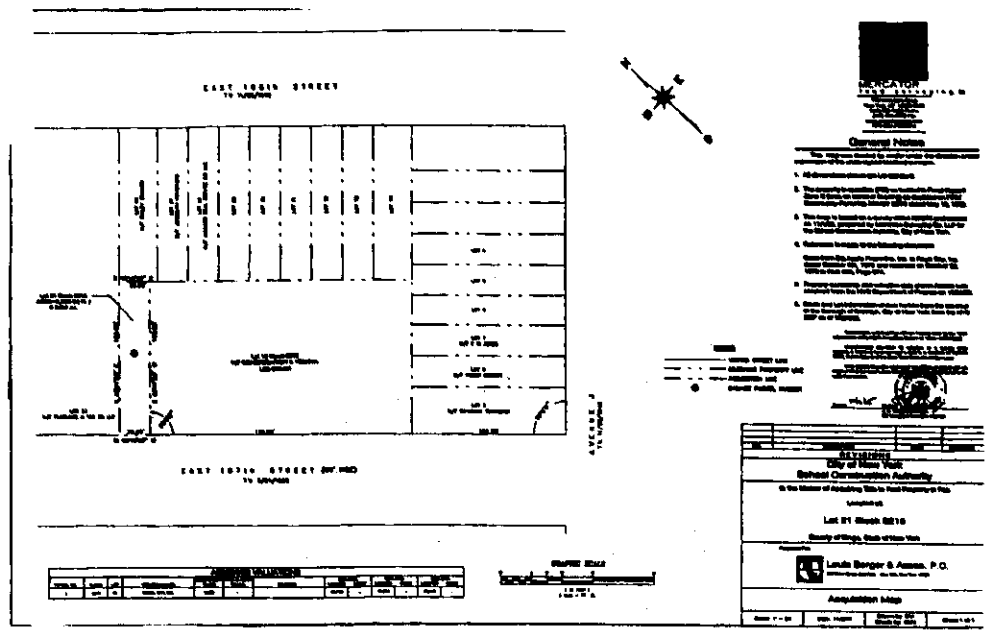
COURT NOTICE MAP FOR SCHOOL CONSTRUCTION AUTHORITY



READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council**, 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists--free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

The Rules may also be accessed on the City Website, http://NYC.GOV.Selltonyc

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

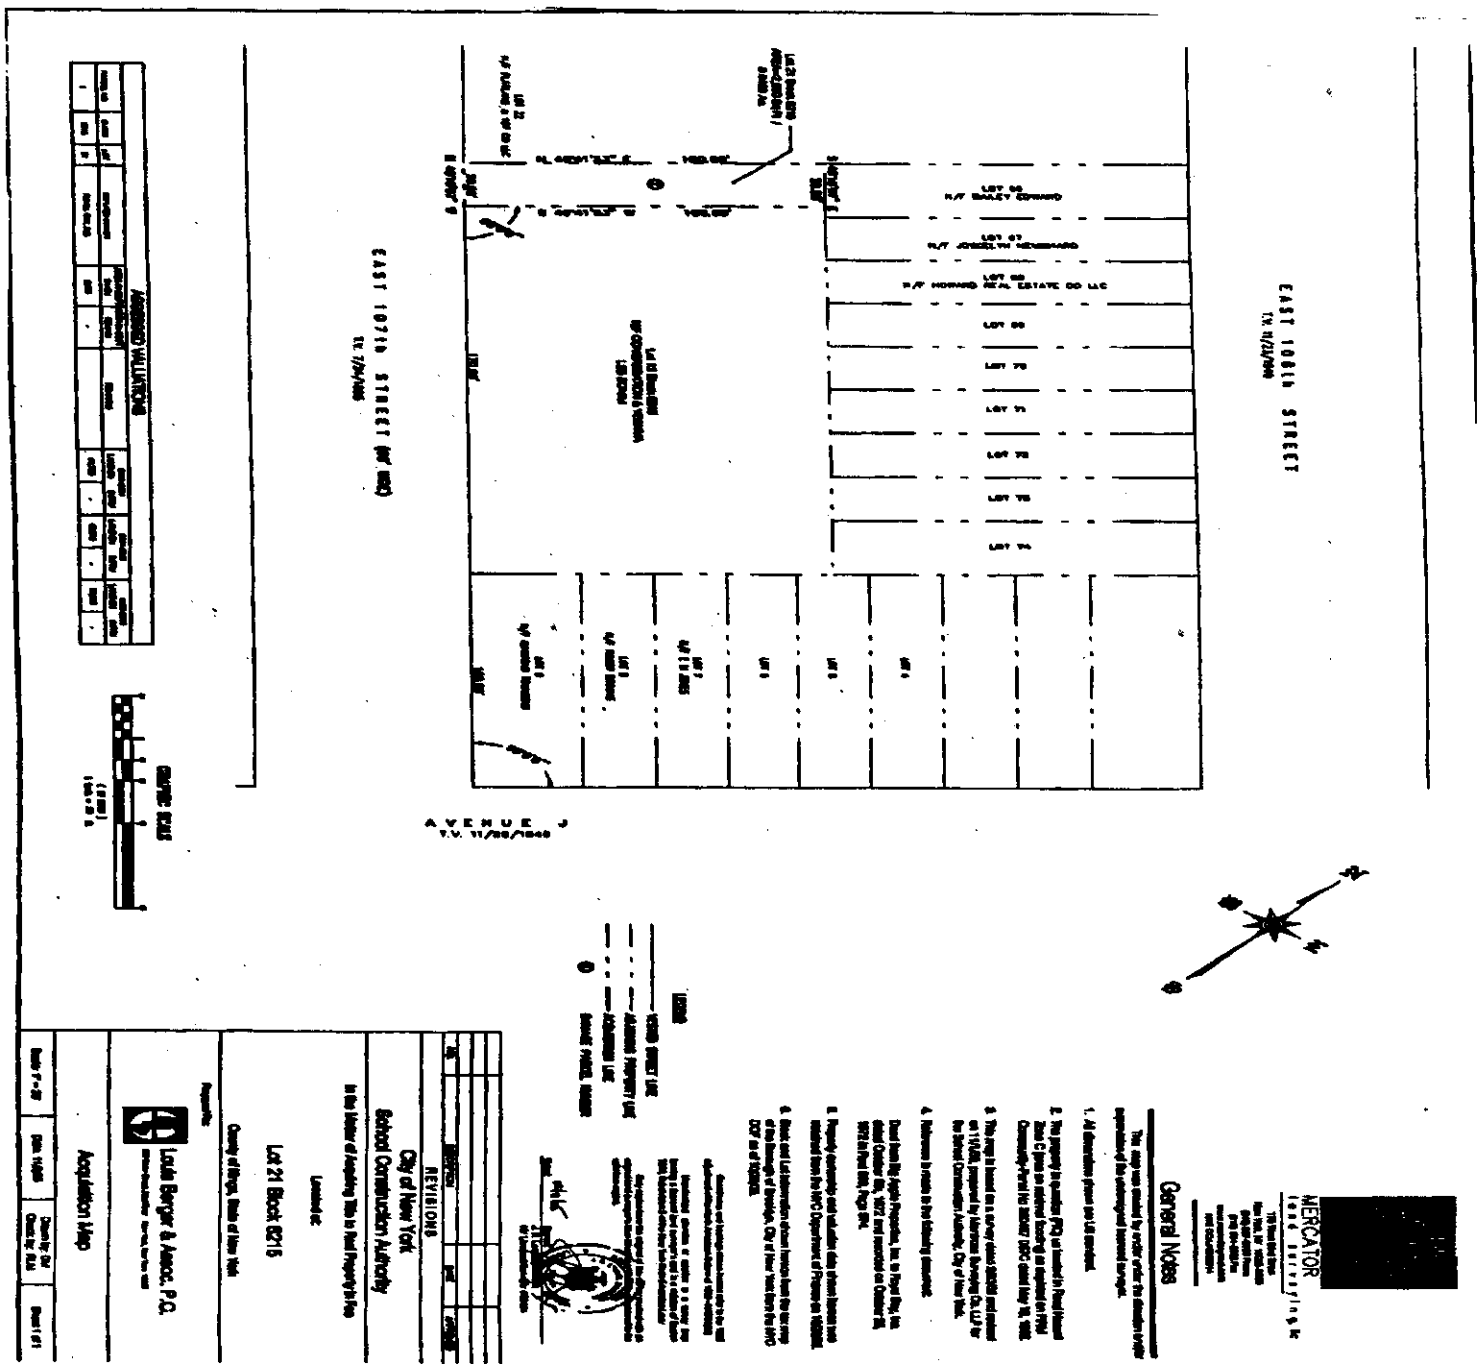
COURT NOTICE MAP FOR SCHOOL CONSTRUCTION AUTHORITY



READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council**, 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists--free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

PROCUREMENT POLICY BOARD RULES

The Rules may also be accessed on the City Website, http://NYC.GOV.Selltonyc

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

Permitted Obstructions in Required Yards or Rear Yard Equivalents

In all #Residence Districts#, the following shall not be considered obstructions when located within a required #yard# or #rear yard equivalent#:

(a) In any #yard# or #rear yard equivalent#:
* * *
Overhangs in R4 and R5 Districts, except R4A, R4-1, R4B, R5A, ~~or~~ R5B or R5D Districts, which are that portion of a #building# above the first #story# including the #basement# which projects not more than three feet into the required 18 foot #front yard#. In no case shall the lowest level of the projected portion be less than seven feet above the level of the #front yard# at the face of the #building#. Supports for the projected portion of any #building# are permitted obstructions within the required #front yard#, provided that the total area occupied by such supports does not exceed 15 percent of the area underneath the projected portion. No support may extend beyond the three-foot projection;

Parking spaces, off-street, open, #accessory#, within a #side# or #rear yard#;

Parking spaces, off-street, open, within a #front yard# that are #accessory# to a #residential building# where:

(1) in R2X, R3, R4 and R5 Districts, no more than two parking spaces are required, provided such spaces are located in a permitted #side lot ribbon#;

(2) in R3, R4 and R5 Districts, more than two parking spaces are required, provided such spaces meet all the requirements of paragraph (b) of Section 25-621 (Location of parking spaces in certain districts) and the screening requirements of Section 25-66.

* * *

23-45
Minimum Required Front Yards
R1 R2 R3 R4 R5
(a) In the districts indicated, #front yards# shall be provided as set forth in the following table, except that for a #corner lot# in an R1-2 District, one #front yard# may have a depth of 15 feet and, for a #corner lot# in an R3 District, one #front yard# may have a depth of 10 feet.

Front Yard	District
20 feet	R1
15 feet	R2 R3-1 R3-2
15 feet	R2A
10 feet*	R3A R3X R4A R4-1 R5A
10 feet**	R4 R5
5 feet*	R4B R5B R5D

* Except as provided in paragraphs (b) and (c) of this Section.

** If the depth of a #front yard# exceeds 10 feet or the #zoning lot# is #developed# pursuant to the optional regulations applicable in a #predominantly built-up area#, the depth of a #front yard# shall be at least 18 feet. However, on a #corner lot#, if one #front yard# has a depth of at least 18 feet, the other #front yard# shall have a depth of at least 10 feet.

Furthermore, if an opening to an #accessory# off-street parking space is located within the #street wall# of a #residential building#, there shall be an open area between the opening and the #street line# which is at least 8 and 1/2 feet in width by 18 feet in depth, except this provision shall not apply in R5D Districts.

R2A R3A R3X R4A R4-1 R4B R5A R5B R5D
(b) For the purpose of paragraphs (b) and (c) the area between the #street line# and the front building wall of adjacent #buildings# on the same or adjoining #zoning lots# shall be considered adjacent #front yards#.

Except as provided in paragraph (c) of this Section, in the districts indicated, if adjacent #residential buildings# on the same or on adjoining #zoning lots# fronting on the same #street# have #front yards# greater than the minimum set forth in paragraph (a) of this Section, then a #front yard# shall be provided which:

(1) in R2A, R3A, R3X, R4A, R4-1 or R5A Districts is at least as deep as an adjacent #front yard#; and

(2) in R4B, ~~or~~ R5B and R5D Districts is no deeper than the deepest adjacent #front yard# and no shallower than the shallowest adjacent #front yard.

However, a #front yard# need not exceed 20 feet in depth.

In determining the depth of the adjacent #front yards#, balconies, and projections from the front building wall that do not exceed 33 percent of the aggregate width of the #building#, shall be disregarded.

For new #developments# or #enlargements#, projections into the required #front yard# are permitted provided that the aggregate width of all projections at the level of any #story# does not exceed 33 percent of the aggregate width of the #building#. The depth of such projections shall not exceed three feet into the #front yard#. However, balconies shall be subject to the provisions of Sections 23-13 (Balconies) and 23-44 (Permitted Obstructions in Required Yards or Rear Yard Equivalents).

(c) The provisions of paragraph (b) of this Section determining the depth of a #front yard# by the location of a #front yard# on an adjacent #zoning lot#, are modified as follows:

(1) on #corner lots#, these provisions shall apply on only one #street# frontage; and

(2) these provisions shall not apply to:

(i) any #street# frontage of a #zoning lot# where such frontage has a length of at least 150 feet along such #street

(ii) any #zoning lot# located in historic districts designated by the Landmarks Preservation Commission; or

(iii) a frontage of any #zoning lot# where the depths of 50 percent of the #front yards# within 150 feet of the #side lot lines# of such #zoning lot# are shallower by more than two feet than the shallowest of the adjacent #front yards#.

R1 R2 R3 R4 R5
(d) For any #zoning lot# located in a Historic District designated by the Landmarks Preservation Commission, the provisions of paragraphs (a) and (b) of this Section are modified as follows:

The depth of the #front# yard may vary between the requirements of paragraph (a) of this Section, or as modified in any applicable Special District, and the depth of the #front yard# of any adjacent #zoning lot#.

R5D
(e) In R5D Districts, all areas of the #zoning lot# between the #street line# and the #street wall# of the #building# shall be planted, except at the entrances to and exits from the #building#.

23-44
Permitted Obstructions in Required Yards or Rear Yard Equivalents

In all #Residence Districts#, the following shall not be considered obstructions when located within a required #yard# or #rear yard equivalent#:

(a) In any #yard# or #rear yard equivalent#:
* * *

Overhangs in R4 and R5 Districts, except R4A, R4-1, R4B, R5A, ~~or~~ R5B or R5D Districts, which are that portion of a #building# above the first #story# including the #basement# which projects not more than three feet into the required 18 foot #front yard#. In no case shall the lowest level of the projected portion be less than seven feet above the level of the #front yard# at the face of the #building#. Supports for the projected portion of any #building# are permitted obstructions within the required #front yard#, provided that the total area occupied by such supports does not exceed 15 percent of the area underneath the projected portion. No support may extend beyond the three-foot projection;

Parking spaces, off-street, open, #accessory#, within a #side# or #rear yard#;

Parking spaces, off-street, open, within a #front yard# that are #accessory# to a #residential building# where:

(1) in R2X, R3, R4 and R5 Districts, no more than two parking spaces are required, provided such spaces are located in a permitted #side lot ribbon#;

(2) in R3, R4 and R5 Districts, more than two parking spaces are required, provided such spaces meet all the requirements of paragraph (b) of Section 25-621 (Location of parking spaces in certain districts) and the screening requirements of Section 25-66.

However, no such parking spaces shall be permitted in any #front yard# within a R4B, ~~or~~ R5B or R5D District, and no such required spaces shall be permitted in any #front yard# within any R1, R2, R3, R4A or R4-1 District within a #lower density growth management area#.

* * *

23-45
Minimum Required Front Yards
R1 R2 R3 R4 R5
(a) In the districts indicated, #front yards# shall be provided as set forth in the following table, except that for a #corner lot# in an R1-2 District, one #front yard# may have a depth of 15 feet and, for a #corner lot# in an R3 District, one #front yard# may have a depth of 10 feet.

Front Yard	District
20 feet	R1
15 feet	R2 R3-1 R3-2
15 feet	R2A
10 feet*	R3A R3X R4A R4-1 R5A
10 feet**	R4 R5
5 feet*	R4B R5B R5D

* Except as provided in paragraphs (b) and (c) of this Section.

** If the depth of a #front yard# exceeds 10 feet or the #zoning lot# is #developed# pursuant to the optional regulations applicable in a #predominantly built-up area#, the depth of a #front yard# shall be at least 18 feet. However, on a #corner lot#, if one #front yard# has a depth of at least 18 feet, the other #front yard# shall have a depth of at least 10 feet.

Furthermore, if an opening to an #accessory# off-street parking space is located within the #street wall# of a #residential building#, there shall be an open area between the opening and the #street line# which is at least 8 and 1/2 feet in width by 18 feet in depth, except this provision shall not apply in R5D Districts.

R2A R3A R3X R4A R4-1 R4B R5A R5B R5D
(b) For the purpose of paragraphs (b) and (c) the area between the #street line# and the front building wall of adjacent #buildings# on the same or adjoining #zoning lots# shall be considered adjacent #front yards#.

Except as provided in paragraph (c) of this Section, in the districts indicated, if adjacent #residential buildings# on the same or on adjoining #zoning lots# fronting on the same #street# have #front yards# greater than the minimum set forth in paragraph (a) of this Section, then a #front yard# shall be provided which:

(1) in R2A, R3A, R3X, R4A, R4-1 or R5A Districts is at least as deep as an adjacent #front yard#; and

(3) in R4B, ~~or~~ R5B and R5D Districts is no deeper than the deepest adjacent #front yard# and no shallower than the shallowest adjacent #front yard.

However, a #front yard# need not exceed 20 feet in depth.
In determining the depth of the adjacent #front yards#, balconies, and projections from the front building wall that do not exceed 33 percent of the aggregate width of the #building#, shall be disregarded.

For new #developments# or #enlargements#, projections into the required #front yard# are permitted provided that the aggregate width of all projections at the level of any #story# does not exceed 33 percent of the aggregate width of the #building#. The depth of such projections shall not exceed three feet into the #front yard#. However, balconies shall be subject to the provisions of Sections 23-13 (Balconies) and 23-44 (Permitted Obstructions in Required Yards or Rear Yard Equivalents).

(c) The provisions of paragraph (b) of this Section determining the depth of a #front yard# by the location of a #front yard# on an adjacent #zoning lot#, are modified as follows:

(1) on #corner lots#, these provisions shall apply on only one #street# frontage; and

(2) these provisions shall not apply to:

(i) any #street# frontage of a #zoning lot# where such frontage has a length of at least 150 feet along such #street

(ii) any #zoning lot# located in historic districts designated by the Landmarks Preservation Commission; or

(iii) a frontage of any #zoning lot# where the depths of 50 percent of the #front yards# within 150 feet of the #side lot lines# of such #zoning lot# are shallower by more than two feet than the shallowest of the adjacent #front yards#.

R1 R2 R3 R4 R5
(d) For any #zoning lot# located in a Historic District designated by the Landmarks Preservation Commission, the provisions of paragraphs (a) and (b) of this Section are modified as follows:

The depth of the #front# yard may vary between the requirements of paragraph (a) of this Section, or as modified in any applicable Special District, and the depth of the #front yard# of any adjacent #zoning lot#.

HEPATITIS B VACCINATIONS AND POST-EXPOSURE COUNSELING SERVICES – Negotiated Acquisition – PIN# 760040040 – Department of Education to enter into a negotiated acquisition to extend an agreement with Newport Hospital Alliance, located at 19 Friendship Street, Newport, RI 02840, to provide Hepatitis B vaccinations and post-exposure counseling services. The DOE currently has a contract, awarded through an RFP, with Newport Alliance Hospital (Newport), to provide vaccinations to school staff. However, that agreement does not provide for Newport to go to individual schools nor does it provide for counseling for employees who have been exposed to blood or blood-borne pathogens. The DOE is currently being fined by the State Department of Labor for not ensuring that employees at individual schools who require the Hepatitis B vaccine are receiving it. Because the law requires this to be done during school time, and there are a series of 3 vaccinations, it has been difficult to arrange the staff to be released to a central location for these vaccinations. The current contract cost is $315,000 annually. Newport will do both individual school visits and post-exposure counseling for a total amount of $524,776 annually. The additional services will be effective 4/1/06 - 3/31/10, for a total contract cost of $2,139,104.

INSTRUCTIONAL AND SUPPORT SERVICES FOR PREGNANT STUDENTS – Negotiated Acquisition – PIN# 755040 – Department of Education to enter into a negotiated acquisition to extend an agreement with Inwood House, located at 320 East 82nd Street, New York, NY 10028, to provide instructional and support services for pregnant students. In 2004, the Office of Alternative Schools and Programs (Alternative Schools) issued an RFP seeking Community Based Organizations to provide instructional and support services for pregnant students at 4 sites throughout the city, and one vendor was awarded for each site. In January 2006, in the second year of a three year contract term, a mutual decision was reached between the DOE and the Valley to terminate their contract to provide these services at the Brooklyn site, the Community School for Comprehensive Education, due to an active investigation by the City's Department of Investigation and the Valley's financial problems. Since these services need to be continued at this site, Alternative Schools contacted several vendors who had responded to the RFP, as well as vendors who were contracted for other sites. The only agency that accepted this prospective collaboration was Inwood House, which was already contracted to provide these services at the Bronx site. The original contract with Inwood House, which runs from September 1, 2004 through August 31, 2007, was for $200,000 annually, or $600,000 over the term of the contract. The services at the Brooklyn site will be effective from April 1, 2006 through June 30, 2007 and add $230,467 to the total cost of the contract.

HEPATITIS B VACCINATIONS AND POST-EXPOSURE COUNSELING SERVICES – Negotiated Acquisition – PIN# 760040040 – Department of Education to enter into a negotiated acquisition to extend an agreement with Newport Hospital Alliance, located at 19 Friendship Street, Newport, RI 02840, to provide Hepatitis B vaccinations and post-exposure counseling services. The DOE currently has a contract, awarded through an RFP, with Newport Alliance Hospital (Newport), to provide vaccinations to school staff. However, that agreement does not provide for Newport to go to individual schools nor does it provide for counseling for employees who have been exposed to blood or blood-borne pathogens. The DOE is currently being fined by the State Department of Labor for not ensuring that employees at individual schools who require the Hepatitis B vaccine are receiving it. Because the law requires this to be done during school time, and there are a series of 3 vaccinations, it has been difficult to arrange the staff to be released to a central location for these vaccinations. The current contract cost is $315,000 annually. Newport will do both individual school visits and post-exposure counseling for a total amount of

$524,776 annually. The additional services will be effective 4/1/06 - 3/31/10, for a total contract cost of $2,139,104.

INSTRUCTIONAL AND SUPPORT SERVICES FOR PREGNANT STUDENTS – Negotiated Acquisition – PIN# 755040 – Department of Education to enter into a negotiated acquisition to extend an agreement with Inwood House, located at 320 East 82nd Street, New York, NY 10028, to provide instructional and support services for pregnant students. In 2004, the Office of Alternative Schools and Programs (Alternative Schools) issued an RFP seeking Community Based Organizations to provide instructional and support services for pregnant students at 4 sites throughout the city, and one vendor was awarded for each site. In January 2006, in the second year of a three year contract term, a mutual decision was reached between the DOE and the Valley to terminate their contract to provide these services at the Brooklyn site, the Community School for Comprehensive Education, due to an active investigation by the City's Department of Investigation and the Valley's financial problems. Since these services need to be continued at this site, Alternative Schools contacted several vendors who had responded to the RFP, as well as vendors who were contracted for other sites. The only agency that accepted this prospective collaboration was Inwood House, which was already contracted to provide these services at the Bronx site. The original contract with Inwood House, which runs from September 1, 2004 through August 31, 2007, was for $200,000 annually, or $600,000 over the term of the contract. The services at the Brooklyn site will be effective from April 1, 2006 through June 30, 2007 and add $230,467 to the total cost of the contract.

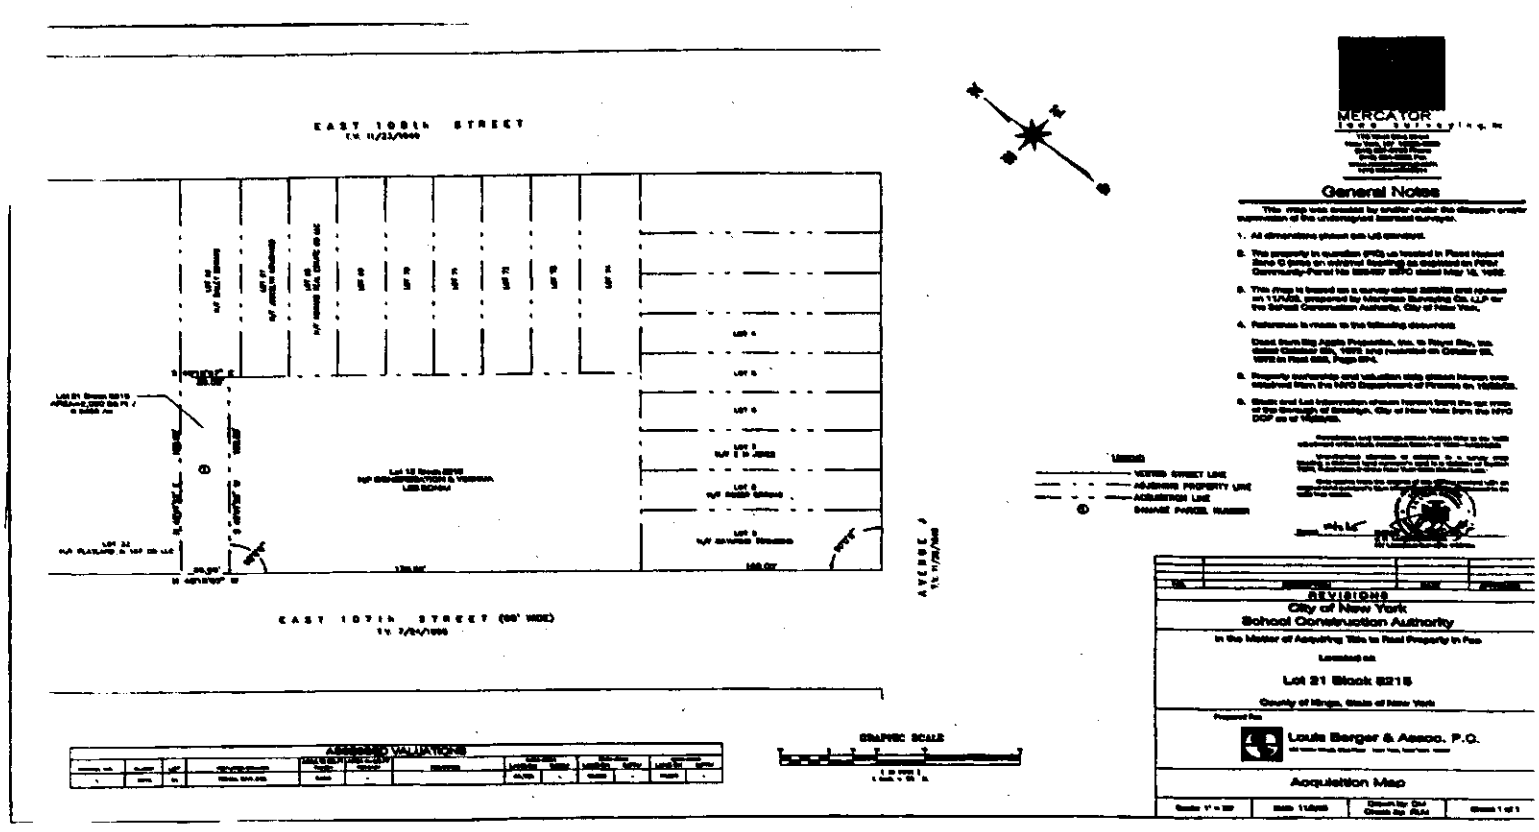
COURT NOTICE MAP FOR SCHOOL CONSTRUCTION AUTHORITY



READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council,** 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists--free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR.*

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

PROCUREMENT POLICY BOARD RULES

The Rules may also be accessed on the City Website, http://NYC.GOV.Selltonyc

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

However, on a #corner lot#, if one #front yard# has a depth of at least 18 feet, the other #front yard# shall have a depth of at least 10 feet.

Furthermore, if an opening to an #accessory# off-street parking space is located within the #street wall# of a #residential building#, there shall be an open area between the opening and the #street line# which is at least 8 and 1/2 feet in width by 18 feet in depth, except this provision shall not apply in R5D Districts.

However, a #front yard# need not exceed 20 feet in depth.

In determining the depth of the adjacent #front yards#, balconies, and projections from the front building wall that do not exceed 33 percent of the aggregate width of the #building#, shall be disregarded.

For new #developments# or #enlargements#, projections into the required #front yard# are permitted provided that the aggregate width of all projections at the level of any #story# does not exceed 33 percent of the aggregate width of the #building#. The depth of such projections shall not exceed three feet into the #front yard#. However, balconies shall be subject to the provisions of Sections 23-13 (Balconies) and 23-44 (Permitted Obstructions in Required Yards or Rear Yard Equivalents).

R1 R2 R3 R4 R5
(d) For any #zoning lot# located in a Historic District designated by the Landmarks Preservation Commission, the provisions of paragraphs (a) and (b) of this Section are modified as follows:

The depth of the #front# yard may vary between the requirements of paragraph (a) of this Section, or as modified in any applicable Special District, and the depth of the #front yard# of any adjacent #zoning lot#.

R5D
(e) In R5D Districts, all areas of the #zoning lot# between the #street line# and the #street wall# of the #building# shall be planted, except at the entrances to and exits from the #building#.

23-44
Permitted Obstructions in Required Yards or Rear Yard Equivalents

In all #Residence Districts#, the following shall not be considered obstructions when located within a required #yard# or #rear yard equivalent#:

(a) In any #yard# or #rear yard equivalent#:

* * *

Overhangs in R4 and R5 Districts, except R4A, R4-1, R4B, R5A, ~~or~~ R5B or R5D Districts, which are that portion of a #building# above the first #story# including the #basement# which projects not more than three feet into the required 18 foot #front yard#. In no case shall the lowest level of the projected portion be less than seven feet above the level of the #front yard# at the face of the #building#. Supports for the projected portion of any #building# are permitted obstructions within the required #front yard#, provided that the total area occupied by such supports does not exceed 15 percent of the area underneath the projected portion. No support may extend beyond the three-foot projection;

Parking spaces, off-street, open, #accessory#, within a #side# or #rear yard#;

Parking spaces, off-street, open, within a #front yard# that are #accessory# to a #residential building# where:

(1) in R2X, R3, R4 and R5 Districts, no more than two parking spaces are required, provided such spaces are located in a permitted #side lot ribbon#;

(2) in R3, R4 and R5 Districts, more than two parking spaces are required, provided such spaces meet all the requirements of paragraph (b) of Section 25-621 (Location of parking spaces in certain districts) and the screening requirements of Section 25-66.

However, no such parking spaces shall be permitted in any #front yard# within a R4B, ~~or~~ R5B or R5D District, and no such required spaces shall be permitted in any #front yard# within any R1, R2, R3, R4A or R4-1 District within a #lower density growth management area#.

* * *

23-45
Minimum Required Front Yards
R1 R2 R3 R4 R5
(a) In the districts indicated, #front yards# shall be provided as set forth in the following table, except that for a #corner lot# in an R1-2 District, one #front yard# may have a depth of 15 feet and, for a #corner lot# in an R3 District, one #front yard# may have a depth of 10 feet.

Front Yard	District
20 feet	R1
15 feet	R2 R3-1 R3-2
15 feet	R2A
10 feet*	R3A R3X R4A R4-1 R5A
10 feet**	R4 R5
5 feet*	R4B R5B R5D

* Except as provided in paragraphs (b) and (c) of this Section.
** If the depth of a #front yard# exceeds 10 feet or the #zoning lot# is #developed# pursuant to the optional regulations applicable in a #predominantly built-up area#, the depth of a #front yard# shall be at least 18 feet. However, on a #corner lot#, if one #front yard# has a depth of at least 18 feet, the other #front yard# shall have a depth of at least 10 feet.

Furthermore, if an opening to an #accessory# off-street parking space is located within the #street wall# of a #residential building#, there shall be an open area between the opening and the #street line# which is at least 8 and 1/2 feet in width by 18 feet in depth, except this provision shall not apply in R5D Districts.
R2A R3A R3X R4A R4-1 R4B R5A R5B R5D
(b) For the purpose of paragraphs (b) and (c) the area between the #street line# and the front building wall of adjacent #buildings# on the same or adjoining #zoning lots# shall be considered adjacent #front yards#.

Except as provided in paragraph (c) of this Section, in the districts indicated, if adjacent #residential buildings# on the same or on adjoining #zoning lots# fronting on the same #street# have #front yards# greater than the minimum set forth in paragraph (a) of this Section, then a #front yard# shall be provided which:

(1) in R2A, R3A, R3X, R4A, R4-1 or R5A Districts is at least as deep as an adjacent #front yard#; and

(3) in R4B, ~~or~~ R5B and R5D Districts is no deeper than the deepest adjacent #front yard# and no shallower than the shallowest adjacent #front yard.

However, a #front yard# need not exceed 20 feet in depth.
In determining the depth of the adjacent #front yards#, balconies, and projections from the front building wall that do not exceed 33 percent of the aggregate width of the #building#, shall be disregarded.

For new #developments# or #enlargements#, projections into the required #front yard# are permitted provided that the aggregate width of all projections at the level of any #story# does not exceed 33 percent of the aggregate width of the #building#. The depth of such projections shall not exceed three feet into the #front yard#. However, balconies shall be subject to the provisions of Sections 23-13 (Balconies) and 23-44 (Permitted Obstructions in Required Yards or Rear Yard Equivalents).

(c) The provisions of paragraph (b) of this Section determining the depth of a #front yard# by the location of a #front yard# on an adjacent #zoning lot#, are modified as follows:

(1) on #corner lots#, these provisions shall apply on only one #street# frontage; and

(2) these provisions shall not apply to:

(i) any #street# frontage of a #zoning lot# where such frontage has a length of at least 150 feet along such #street

(ii) any #zoning lot# located in historic districts designated by the Landmarks Preservation Commission; or

(iii) a frontage of any #zoning lot# where the depths of 50 percent of the #front yards# within 150 feet of the #side lot lines# of such #zoning lot# are shallower by more than two feet than the shallowest of the adjacent #front yards#.

R1 R2 R3 R4 R5
(d) For any #zoning lot# located in a Historic District designated by the Landmarks Preservation Commission, the provisions of paragraphs (a) and (b) of this Section are modified as follows:

The depth of the #front# yard may vary between the requirements of paragraph (a) of this Section, or as modified in any applicable Special District, and the depth of the #front yard# of any adjacent #zoning lot#.

Every licensee must post conspicuously his or her license (or permit) at the licensee's place of business, and if applicable, a certificate of corporate authority. This requirement does not apply to licenses issued for activities which are only carried out at large and not at a fixed place of business. A licensee having no fixed place of business must exhibit his or her license (or permit) and, if applicable, a certificate of corporate authority upon the request of any person. A licensee may post a copy of the license (or permit) and a certificate of corporate authority at the licensee's place of business only if the original is available at such place of business for inspection by any person.

§ 4. Section 1-08 of Chapter 1 of Title 6 of the Rules of New York City is amended to read as follows:

§ 1-08 Change of Address and Change of Information.

(a) A licensee shall notify the Department in writing of any change of address, e-mail address, and change of telephone number within 10 days of the change. This requirement applies to the address of the licensed business, and to the residence addresses of: individual licensees; all partners of partnership licensees; and the officers and principal stockholders of corporate licensees.

(b) Unless specifically provided otherwise, whenever information submitted with a completed application for a license or a renewal thereof is changed by a subsequent occurrence, such change shall be filed with the department within ten days after such change occurs.

§ 5. Section 1-15 of Chapter 1 of Title 6 of the Rules of New York City is amended to read as follow

§ 1-15 Judgments.

A licensee or license applicant must satisfy any outstanding judgment against him or her that has been obtained by a consumer, or by a government agency, and that relates to activities for which a license is required:

(a) within thirty (30) days from the date of entry of the judgment; or

(b) if the judgment has been stayed or appealed, within thirty (30) days from the date the stay is lifted or the appeal decided; or

(c) according to a payment schedule the parties agree upon.

STATEMENT OF BASIS AND PURPOSE

Section 20-104 of the New York City Administrative Code, confers on the Commissioner of the Department of Consumer Affairs authority and control over all licenses granted under Chapter 2 of Title 20 of such Code. Section 20-104(b) of such Code authorizes the Commissioner to promulgate, amend, and adopt rules as necessary for the proper implementation and enforcement of all licensing laws within the Commissioner's jurisdiction.

The Department proposes to amend Section 1-01.1 of Title 6 by identifying the categories of applicants for licenses who are required to submit a current Certificate of Occupancy for the premises where the licensed business is to be conducted.

The proposed addition, subdivision (c), clarifies the existing requirement that all licensees must possess and display a Certificate of Occupancy, when applicable. Pursuant to Section 26-222 of the New York City Administrative Code, a Certificate of Occupancy issued from the Commissioner of the Department of Buildings is required before a building can be used or occupied. In addition, Section 4-01 of Title 1 of the Rules of the City of New York mandates that a Certificate of Occupancy, when issued, must be displayed in a visible location within the building. This clarification ensures that all licensees required to post such certificates are aware of their obligations.

The Department proposes two amendments to Section 1-02. The first changes the expiration dates for the towing vehicles license category to reflect the current terms as defined by the New York City Administrative Code §20-497. The terms for the Tow Truck Drivers licensees are added to the rule to show the current license terms for such licensees as also prescribed by the New York Administrative Code §20-497. This amendment conforms the license terms for the towing license categories to those specified in the New York City Administrative Code. Unlike the terms for other licensing categories, the terms for the tow truck license category are set by law rather than by rule. The terms for towing category licenses are, therefore, listed here only for informational purposes. The proposed amendment operates to ensure that the Rules of the City of New York accurately reflect the license expiration terms as specified in § 20-497 of the New York City Administrative Code.

The Department also proposes to update the amusement device license category to clarify that temporary inflatable devices commonly known as "bouncies" which have vertical drops of less than fifteen feet or accommodate three of fewer persons when inflated are considered to be portable devices mounted on permanent platforms. The Department proposes this amendment to identify the temporary inflatable devices that qualify for treatment as portable devices mounted on permanent platforms in order to specify the licensing and inspection requirements that the operators of such devices must satisfy. This amendment clarifies that such devices would then be subject to the same annual inspection and licensing requirement as the permanently mounted portable devices.

The Department proposes to amend Section 1-04 of Title 6 by adding the requirement that, if applicable, a licensee must display a certificate of corporate authority. This amendment addresses an ongoing need to ensure that a licensee is operating under a verifiable corporate identity, when applicable. By being able to easily view the certificate of corporate authority, the Department will be able to ensure that the license is issued to the correct entity.

The proposed addition to Section 1-08 of Title 6 would require the licensee to notify the Department of Consumer Affairs of any changes in information provided in the licensee's application or renewal thereof within ten days of such occurrence if the licensee has not already done so.

The Department proposes this amendment to Section 1-08 of Title 6 to ensure that all licensees promptly update information they filed with an application. Since the Department assesses fitness for a license in part from the information submitted in the original application, having updated information will better enable the Department to track its licensees. The Department needs to be aware of any changes in the licensee's application, should it need to contact the licensee, investigate a complaint or an alleged violation, or obtain payment for a violation.

The proposed amendment to Section 1-15 of Title 6 would add the requirement that a licensee or license applicant must satisfy any outstanding judgments obtained by any government agency that relates to the activity for which a license is required. The Department proposes this amendment to serve two purposes. First, the Department expects that license applicants or licensees will be prompted to settle any outstanding debts with a government agency so they can obtain the license needed to engage in business. Second, this proposed amendment will ensure that outstanding judgments will be paid more promptly.

WITNESSETH

WHEREAS, the parties hereto have entered into collective bargaining and desire to reduce the results thereof to writing,

NOW, THEREFORE, it is mutually agreed as follows:

b. Any employee may consent in writing to the authorization of the deduction from his or her wages and to the designation of the Union as the recipient thereof. Such consent, if given, shall be in a proper form acceptable to the Employer, which bears the signature of the employee.

3 The provisions of Article XIV-A through Article XIV-C shall apply only to per annum employees.

INTERPRETATIONS

A. Agencies should use election forms (DP 2002), which are obtainable from the Stock Section (Room 433) of the Department of Personnel.

B. The election of an option, as provided for in this section, should be made within the first seven consecutive calendar days following absence, in order that an employee, who so elects, is assured of receiving full pay during the period of Worker's Compensation coverage. The agency head's authority to grant leave with full pay, without charge to leave balances pursuant to Section 2, does not extend beyond the first seven consecutive calendar days following absence.

C. Where an employee has been absent for an initial period of less than a week and an extended subsequent absence may possibly result from the same disability or condition, the employee must elect a rate of charge (on Form DP-2002) within seven calendar days of the first day of absence in order to receive full pay, even though the employee has already returned to work.

D. An employee who fails to elect a rate of charge within the prescribed period shall be deemed to have selected Option 2 and will receive the benefits of Worker's Compensation only.

E. Provisional and temporary incumbents in per annum positions are also covered under the Worker's Compensation Law.

Section 3.

a. Upon the determination by the head of an agency that an employee has been physically disabled because of an assault arising out of and in the course of the employee's employment, the agency head will grant the injured employee a leave of absence with pay not to exceed eighteen (18) months. No such leave with pay shall be granted unless the Worker's Compensation Division of the Law Department advises the head of the agency in writing that the employee's injury has been accepted by the Division as compensable under the Worker's Compensation Law, or if such injury is not accepted by the Division as compensable under such law, unless the Worker's Compensation Board determines that such injury is compensable under such law.

For a permanent employee who has five (5) years or more of service who does not have sufficient leave credit to cover his/her absence pending a determination by the Worker's Compensation Division of the Law Department, the agency head shall advance the employee up to forty-five (45) calendar days of paid leave. In the event the Worker's Compensation Division of the Law Department does not accept the injury as compensable under the law or the Worker's Compensation Board determines that such injury is not compensable under such law, the employee shall reimburse the City for the paid leave advance.

An employee who is granted a leave of absence with pay pursuant to this Section shall receive the

difference between the employee's weekly salary and the compensation rate without charge against annual leave or sick leave. The employee shall, as a condition of receiving benefits under this Section, execute an assignment of the proceeds of any judgement or settlement in any third-party action arising from such injury in the amount of the pay and medical disbursements received pursuant to this Section, but NOT to exceed the amount of such proceeds. Such assignment shall be in the form prescribed by the Corporation Counsel. The injured employee shall undergo such medical examinations as are requested by the Worker's Compensation Division of the Law Department and the employing agency, and when found fit for duty by the Worker's Compensation Board shall return to employment.

No benefits shall be paid while an employee is suspended pending disciplinary action, or if an employee is subsequently found culpable of having commenced the assault or unnecessarily continued the assault.
Benefits provided under this section shall be in addition to, but not concurrent with, benefits provided under Sections 1 and 2 hereof.

b. For employees who do not come under the provisions of Section 3(a) hereof but who are injured in the course of employment, upon the determination of an agency head that an employee has been physically disabled because of an injury arising out of and in the course of employment, through no fault of the employee, the agency head will grant the injured employee an extended sick leave with pay not to exceed three months after all the employee's sick leave and annual leave balances have been exhausted. This additional leave must be taken immediately following the exhaustion of such balances. No such leave with pay shall be granted unless the Worker's Compensation Division of the Law Department advises the agency head in writing that the employee's injury has been accepted by the Division as compensable under the Worker's Compensation Law, or if such injury is not accepted by the Division as compensable under such law, unless the Worker's Compensation Board determines that such injury is compensable under such law.

An employee who is granted extended sick leave with pay pursuant to this section, shall receive the difference between the employee's weekly salary and the compensation rate for the period of time granted. The employee shall, as a condition of receiving benefits under this section, execute an assignment of the proceeds of any judgment or settlement in any third-party action arising from such injury, in the amount of the pay and medical disbursements received pursuant to this section, but not to exceed the amount of such proceeds. Such assignment shall be in the form prescribed by the Corporation Counsel. The injured employee shall undergo such medical examinations as are requested by Worker's Compensation Division of the Law Department and the employing agency, and when found fit for duty by the Worker's Compensation Board shall return to employment. Benefits provided under this section shall be in addition to but not concurrent with benefits provided under Sections 1 and 2 hereof. The benefits provided by this section shall not be provided or continued beyond the date on which disability retirement benefits become effective.

INTERPRETATION

A. An "assignment" Form (DP-2010 obtainable from the Department of Personnel Stock Section, Room 433) must be executed in duplicate by the injured employee and submitted to the employing agency. The employing agency shall forward the duplicate copy to the Worker's Compensation Section of the Law Department, and retain the original.

The Grievance Procedure, except for paragraphs **d.** and **e.** of Section 1, shall be as follows:

Employees may at any time informally discuss with their supervisors a matter which may become a grievance. If the results of such a discussion are unsatisfactory, the employees may present the grievance at Step I.

All grievances must be presented in writing at all steps in the grievance procedure. For all grievances as defined in Section 1(c), no monetary award shall in any event cover any period prior to the date of the filing of the Step I grievance unless such grievance has been filed within (30) days of the assignment to alleged out-of-title work.

Step I. - The employee and/or the Union shall present the grievance in the form of a memorandum to the person designated for such purpose by the agency head not later than 120 days after the date on which the grievance arose. The employee may also request an appointment to discuss the grievance. The person designated by the Employer to hear the grievance shall take any steps necessary to a proper disposition of the grievance and shall issue a determination in writing by the end of the third work day following the date of submission.

Step II. - An appeal from an unsatisfactory determination at Step I shall be presented in writing to the agency head or the agency head's designated representative who shall not be the same person designated in Step I. The appeal must be made within five (5) working days of the receipt of the Step I determination. The agency head or designated representative, if any, shall meet with the employee and/or the Union for review of the grievance and shall issue a determination in writing by the end of the tenth work day following the date on which the appeal was filed.

Step III. - An appeal from an unsatisfactory determination at Step II shall be presented by the employee and/or the Union to the Commissioner of Labor Relations, in writing, within ten (10) working days of the receipt of the Step II determination. The grievant or the Union should submit copies of the Step I and Step II grievance filings and any agency responses thereto. Copies of such appeal shall be sent to the agency head. The Commissioner of Labor Relations or the Commissioner's designee shall review all appeals from Step II determinations and shall answer such appeals within fifteen (15) working days following the date on which the appeal was filed.

Step IV. - An appeal from an unsatisfactory determination at Step III may be brought solely by the Union to the Office of Collective Bargaining for impartial arbitration within fifteen (15) working days of receipt of the Step III determination. In addition, the Employer shall have the right to bring directly to arbitration any dispute between the parties concerning any matter defined herein as a "grievance". The Employer shall commence such arbitration by submitting a written request therefor to the Office of Collective Bargaining. A copy of the notice requesting impartial arbitration shall be forwarded to the opposing party. The arbitration shall be conducted in accord with the Consolidated Rules of the Office of Collective Bargaining. The costs and fees of such arbitration shall be borne equally by the Union and the Employer.

The arbitrator's decision, order or award (if any), shall be limited to the application and interpretation of the Agreement, and the arbitrator shall not add to, subtract from or modify the Agreement. The arbitrator's award shall be final and binding and enforceable in any appropriate tribunal in accord with Article 75 of the Civil Practice Law and Rules. Section 3.
As a condition to the right of the Union to invoke impartial arbitration set forth in this Article, including the arbitration of a grievance involving a claimed improper holding of an open-competitive rather than a promotional examination, the employee or employees and the Union shall be required to file with the Director of Office of Collective Bargaining a written waiver of the right, if any, of the employee or employees and the Union to submit the underlying dispute to any other administrative or judicial tribunal except for the purpose of enforcing the arbitrator's award.

Section 4.
In any case involving a grievance under Section 1e. of this Article, the following procedure shall govern upon service of written charges of incompetency or misconduct:

Step A. - Following the service of written charges, a conference with such employee shall be held with respect to such charges by the person designated by the agency head to review a grievance at Step I of the Grievance Procedure set forth in this Agreement. The employee may be represented at such conference by a representative of the Union. The person designated by the agency head to review the charges shall take any steps necessary to a proper disposition of the charges and shall issue a determination in writing by the end of the fifth day following the date of the conference.

If the employee is satisfied with the determination in Step A. above, the employee may choose to accept such decision as an alternative to and in lieu of a determination made pursuant to the procedures provided for in Section 75 of the Civil Service Law. As a condition of accepting such determination, the employee shall sign a waiver of the employee's right to the procedures available to him or her under Sections 75 and 76 of the Civil Service Law.

Step B(i). - If the employee is not satisfied with the decision at Step A. above, then the Employer shall proceed in accordance with the disciplinary procedures set forth in Section 75 of the Civil Service Law. As an alternative, the Union with the consent of the employee may choose to proceed in accord with the Grievance Procedure set forth in this Agreement, including the right to proceed to binding arbitration pursuant to Step IV of such Grievance Procedure. As a condition for submitting the matter to the Grievance Procedure, the employee and the Union shall file a written waiver of the right to utilize the procedures available to the employee pursuant to Sections 75 and 76 of the Civil Service Law, or any other administrative or judicial tribunal, except for the purpose of enforcing an arbitrator's award, if any. Notwithstanding such waiver, the period of an employee's suspension without pay pending hearing and determination of charges shall not exceed thirty (30) days.

Step B(ii) - If the election is made to proceed pursuant to the Grievance Procedure, an appeal from the determination of Step A. above, shall be made to the agency head or designated representative. The appeal must be made in writing within five (5) working days of the receipt of the decision. The agency head or representative shall meet with the employee and the Union for review of the grievance and shall issue a written reply to the employee and the Union by the end of the tenth working day following the day on which the appeal was filed. The agency head or designated representative shall have the power to impose the discipline, if any, decided upon, up to and including termination of the accused employee's employment. In the event of such termination or suspension without pay totaling more than thirty (30) days, the Union with the consent of the grievant may elect to skip Step C of the Section and proceed directly to Step D.

Step C. - If the grievant is not satisfied with the determination of the agency head or designated representative, the grievant or the Union may appeal to the Commissioner of Labor Relations in writing within ten (10) days of the determination of the agency head or designated representative. The Commissioner of Labor Relations shall issue a written reply to the grievant and the Union within fifteen (15) working days.

Step D. - If the grievant is not satisfied with the determination of the Commissioner of Labor Relations, the Union with the consent of the grievant may proceed to arbitration pursuant to the procedures set forth in Step IV of the Grievance Procedure set forth in this Agreement.

Section 5.
Any grievance concerning a large number of employees which concerns the claimed misinterpretation, inequitable application, violation or failure to comply with the provisions of the Agreement may be filed directly at Step III of the Grievance Procedure. All other individual grievances in process concerning the same issue shall be consolidated with the "group" grievance.

Section 6.
If a determination satisfactory to the Union at any level of the Grievance Procedure is not implemented within a reasonable time, the Union may re-institute the original grievance at Step III of the Grievance Procedure; of if a satisfactory Step III determination has not been so implemented, the Union may institute a grievance concerning such failure to implement at Step IV of the Grievance Procedure.

Section 7.
If the employer exceeds any time limit prescribed at any Step in the Grievance Procedure, the grievant and/or the Union may invoke the next step of the procedure, except, however, that only the Union may invoke impartial arbitration under Step IV.

Section 8.
The Employer shall notify the Union in writing of all grievances filed by employees, all grievance hearings, and all determinations. The Union shall have the right to have a representative present at any grievance hearing and shall be given forty-eight (48) hours' notice of all grievance hearings.

Section 9.
Each of the steps in the Grievance Procedure, as well as time limits prescribed at each step of this Grievance Procedure, may be waived by mutual agreement of the parties.

Section 10.
a. Any grievance relating to a claimed improper holding of any open-competitive rather than a promotional examination shall be presented in writing by the employee or the Union representative to the Commissioner of Labor Relations not later than thirty (30) days after the notice of the intention to conduct such open-competitive examination, or copy of the appointing officer's request for such open-competitive examination, as the case may be, has been posted in accordance with Section 51 of the Civil Service Law. The grievance shall be considered and passed upon within ten (10) days after its presentation. The determination shall be in writing, copies of which shall be transmitted to both parties to the grievance upon issuance.

b. A grievance relating to the use of an open-competitive rather than a promotional examination which is unresolved by the Commissioner of Labor Relations may be brought to impartial arbitration as provided in Sections 2 and 3 above. Such a grievance shall be presented by the Union, in writing, for arbitration within fifteen (15) days of the presentation of such grievance to the Commissioner of Labor Relations, and the arbitrator shall decide such grievance within 75 days of its presentation to the arbitrator. The party requesting such arbitration shall send a copy of such request to the other party. The costs and fees of such arbitration shall be borne equally by the Employer and the Union.

Section 11.
A non-Mayoral agency not covered by this Agreement but which employs employees in titles identical to those covered by this Agreement may elect to permit the Union to appeal an unsatisfactory determination received at the last step of its Grievance Procedure prior to arbitration on fiscal matters only to the Commissioner of Labor Relations. If such election is made, the Union shall present its appeal to the Commissioner of Labor Relations in writing within ten (10) working days of the receipt of the last step determination. The Union should submit copies of the grievance filings at the prior steps of its Grievance Procedure and any agency responses thereto. Copies of such appeals shall be sent to the agency head. The Commissioner of Labor Relations, or his designee, shall review all such appeals and answer all such appeals within fifteen (15) working days. An appeal from a determination of the Commissioner of Labor Relations may be taken to arbitration under procedures, if any, applicable to the non-Mayoral agency involved.

Section 12.
The grievance and the arbitration procedure contained in this Agreement shall be the exclusive remedy for the resolution of disputes defined as "grievances" herein. This shall not be interpreted to preclude either party from enforcing the arbitrator's award in court. This Section shall not be construed in any manner to limit the statutory rights and obligations of the Employer under Article XIV of the Civil Service Law.

Section 13. Expedited Arbitration Procedure.
a. The parties agree that there is a need for an expedited arbitration process that would allow for the prompt adjudication of grievances as set forth below.

b. The parties voluntarily agree to submit matters to final and binding arbitration pursuant to the New York City Collective Bargaining Law and under the jurisdiction of the Office of Collective Bargaining. An arbitrator or panel of arbitrators, as agreed to by the parties, will act as the arbitrator of any issue submitted under the expedited procedure herein.

c. The selection of those matters which will be submitted shall include, but not limited to, out-of-title cases concerning all titles, disciplinary cases wherein the proposed penalty is a monetary fine of one week or less or written reprimand, and other cases pursuant to mutual agreement by the parties. The following procedures shall apply:

i. SELECTION AND SCHEDULING OF CASES:

(1) The Deputy Chairperson for Disputes of the Office of Collective Bargaining shall propose which cases shall be subject to the procedures set forth in this Section 13 and notify the parties of proposed hearing dates for such cases.

(2) The parties shall have ten business days from the receipt of the Deputy Chairperson's proposed list of cases and hearing schedule(s) to raise any objections thereto.

(3) If a case is not proposed by the Deputy Chairperson for expedited handling, either party may, at any time prior to the scheduling of an arbitration hearing date for such case, request in writing to the other party and to the Deputy Chairperson of Disputes of the Office of Collective Bargaining that said case be submitted to the expedited procedure. The party receiving such request shall have ten business days from the receipt of the request to raise any objections thereto.

(4) No case shall be submitted to the expedited arbitration process without the mutual agreement of the parties.

ii. CONDUCT OF HEARINGS:

(1) The presentation of the case, to the extent possible, shall be made in the narrative form. To the degree that witnesses are necessary, examination will be limited to questions of material fact and cross-examination will be similarly limited. Submission of relevant documents, etc., will not be unreasonably limited and may be submitted as a "packet" exhibit.

(2) In the event either party is unable to proceed with hearing a particular case, the case shall be rescheduled. However, only one adjournment shall be permitted. In the event that either party is unable to proceed on a second occasion, a default judgment may be entered against the adjourning party at the Arbitrator's discretion absent good cause shown.

(3) The Arbitrator shall not be precluded from attempting to assist the parties in settling a particular case.

(4) A decision will be issued by the Arbitrator within two weeks. It will not be necessary in the Award to recount any of the facts presented. However, a brief explanation of the Arbitrator's rationale may be included. Bench decisions may also be issued by the Arbitrator.

(5) Decisions in this expedited procedure shall not be considered as precedent for any other case nor entered into evidence in any other forum or dispute except to enforce the Arbitrator's award.

(6) The parties shall, whenever possible, exchange any documents intended to be offered in evidence at least one week in advance of the first hearing date and shall endeavor to stipulate to the issue in advance of the hearing date.

ARTICLE XVII - UNION REPRESENTATIVE UNION ACTIVITY

Section 1.
Upon request, which shall not be unreasonably denied, and upon showing proper identification to the Employer's representatives, Union representatives shall have the right to go on the property and vessels of the Employer for the purpose of consulting with the Licensed Officers or the Employer or Agents of the Employer. Such visits shall be made at reasonable times and in no way interfere with the operation, loading or discharging of the Employer's vessels.

Section 2.
The Union will maintain and furnish the Employer a copy of an insurance policy which will protect the Employer against any claim for loss of life or injury occurring to a representative of the Union while on the property or a vessel of the Employer.

Section 3.
Time spent by Union officials and representatives in the conduct of labor relations shall be governed by the provisions of Mayor's Executive Order No. 75 dated March 22, 1973 as amended or superseded by subsequent Executive Orders. No Licensed Officers shall otherwise engage in union activities during the time he is assigned to his regular duties.

Section 4.
There shall be no union activity on Employer time other than that which is specifically permitted by the terms of this Agreement.

ARTICLE XVIII - LABOR MANAGEMENT COMMITTEE

Section 1.

Section 2.
Each labor-management committee shall consider and recommend to the agency head changes in the working conditions of the employees within the agency who are covered by this Agreement. Matters subject to the Grievance Procedure shall not be appropriate items for consideration by the labor-management committee.

Section 3.
Each labor-management committee shall consist of six members who shall serve for the term of this Agreement. The Union shall designate three members and the agency head shall designate three members. Vacancies shall be filled by the appointing party for the balance of the term to be served. Each member may designate one alternate. Each committee shall select a chairperson from among its members at each meeting. The chairperson of each committee shall alternate between the members designated by the agency head and the members designated by the Union. A quorum shall consist of a majority of the total membership of a committee. A committee shall make its recommendations to the agency head in writing.

Section 4.
The labor-management committee shall meet at the call of either the Union members or the Employer members at times mutually agreeable to both parties. At least one week in advance of a meeting the party calling the meeting shall provide, to the other party, a written agenda of matters to be discussed. Minutes shall be kept and copies supplied to all members of a committee.

ARTICLE XIX - BULLETIN BOARDS

The Union may maintain bulletin boards in places and locations where notices are usually posted by the Employer for the Licensed Officers to read. Such bulletin boards shall be used only for the purpose of notifying Licensed Officers in the Unit of matters pertaining to Union business. All notices shall be on Union stationery.

ARTICLE XX - NO STRIKES: NO LOCKOUT

Section 1.
Neither the Union nor any Licensed Officer covered by this Agreement shall induce or engage in any strikes, slowdowns, work stoppages, or mass absenteeism, nor shall the Union induce any mass resignation during the term of this Agreement.

Section 2.
The Employer shall not lock out any Licensed Officers covered by this Agreement.

Section 3.
The foregoing Sections "1" and "2" shall not be construed to limit the rights of the Employer or the duties of the Employees and the Union under State Law.

ARTICLE XXI - APPLICATION OF AGREEMENT

It is specifically understood and agreed that the terms and provisions of this Agreement and the benefits granted hereunder shall be applicable to each Employee in the Unit described in Section 1, Article I of this contract as of January 1, 2000, the effective date of this Agreement, provided, however, the Union executes the following instruments and the provisions of such instruments are complied with:

b. A Release to the City of New York in the form now used by the Employer for such purpose (see Appendix "A").

ARTICLE XXII - PRODUCTIVITY AND PERFORMANCE

Such achievement is recognized to be a mutual obligation of both parties within their respective roles and responsibilities. To achieve and maintain a high level of effectiveness, the parties hereby agree to the following terms:

Section 1. - Performance Levels

a. The Union recognizes the Employer's right under the New York City Collective Bargaining Law to establish and/or revise performance standards or norms notwithstanding the existence of prior performance levels, norms or standards. Such standards, developed by usual work measurement procedures may be used to determine acceptable performance levels, prepare work schedules and to measure the performance of each employee or group of employees. Notwithstanding the above, questions concerning the practical impact that decisions on the above matters have on employees are within the scope of collective bargaining. The Employer will give the Union prior notice of the establishment and/or revision of performance standards or norms hereunder.

b. Employees who work at less than acceptable levels of performance may be subject to disciplinary measures in accordance with applicable law.

Section 2. - Supervisory Responsibility

a. The Union recognized the Employer's right under the New York City Collective Bargaining Law to establish and/or revise standards for supervisory responsibility in achieving and maintaining performance levels of supervised employees for employees in supervisory positions listed in Article I, Section 1 of this Agreement. Notwithstanding the above, questions concerning the practical impact that decisions on the above matters have on employees are within the scope of collective bargaining. The Employer will give the Union prior notice of the establishment and/or revision of standards for supervisory responsibility hereunder.

b. Employees who fail to meet such standards may be subject to disciplinary measures in accordance with applicable law.

Section 3. – Performance Compensation

The Union acknowledges the Employer's right to pay additional compensation for outstanding performance.

The Employer agrees to notify the Union of its intent to pay such additional compensation.

LANDMARKS PRESERVATION COMMISSION

NOTICE

BINDING REPORT

ISSUE DATE: 04/19/06	DOCKET #: 085034	SRB #: SRB 06-6967
ADDRESS: CITYWIDE Polsinos GREENWICH VILLAGE	BOROUGH: MANHATTAN	BLOCK/LOT: **********

To the Mayor, the Council, and the Asst. Commissioner Dept. of Information Technology & Telecommunication.

This report is issued pursuant to Sections 3020 and 854 (h) of the New York City Charter and Section 25-318 of the Administrative Code of the City of New York, which require a report from the Landmarks Preservation Commission for certain plans for the construction, reconstruction, alteration, or demolition of any improvement or proposed improvement which is owned by the City or is to be constructed upon property owned by the City and is or is to be located on a landmark site or in a historic district or which contains an interior landmark.

The Landmarks Preservation Commission has reviewed a proposal for installing telecommunications poletop antennas and associated transmitter boxes mounted on existing light poles, the design and attachment of which are in accordance with the guidelines established by the Art Commission. The work would occur within the following historic districts in Manhattan and Brooklyn: Greenwich Village, Madison Square North, Metropolitan Museum, NoHo, Riverside/West End, Tribeca East, Tribeca North, Tribeca South, Tribeca West, Upper East Side, Upper West Side/Central Park West, and Brooklyn Heights. The work consists of installing thirty-eight (38) telecommunications poletop antennas and transmitter boxes at existing, non-historic, Cobra-style light poles. The work will also include installing conduit, mounted to, and finish to match the metal shafts of the light poles; and excavating non-decorative concrete pavers where the concrete will be replaced to match the pre-existing tint and scoring. In the case of a light pole mounted at a mixed paving condition of concrete and bluestone, the bluestone will be carefully removed, stored, and reinstalled. If the bluestone is damaged during removal, it will be replaced to match the same flag size, color, and appearance as the historic condition. The work was shown in existing condition photographs, locator maps, poletop manager print outs, manhole cover diagrams, a letter, dated February 1, 2006, prepared by Stanley Shor, Assistant Commissioner, PPT Franchises, and a letter, dated March 2, 2006, prepared by Fernando DeGuia, Director, Mobile Telecommunications Franchises and Special Projects, all submitted as components of the application.

In reviewing this proposal, the Commission notes that multiple telecommunications poletop antennas and transmitter boxes are proposed to be mounted on light poles throughout New York City's historic districts; that the Department of Information Technology and Telecommunications applications for such work have been divided into multiple phases, of which the current proposal consists of thirty-eight (38) such installations. The Commission further notes that the current application excludes any proposal for work within the African Burial Ground Historic District, which must be reviewed and approved separately by the Landmarks Preservation Commission's Director of Archaeology. The Commission further notes that the Art Commission issued Certificate of Final Approval 22252 on September 14, 2005, approving the design of telecommunications poletop antennas and transmitter boxes, with associated conditions.

With regard to this proposal, the Commission finds that the small size, neutral finish, simple design, and mounting height of the proposed poletop antennas and transmitter boxes will help them to be discreet installations at the upper portions of existing, non-decorative Cobra-style light poles that will not call attention to themselves and will not detract from the streetscape; that the conduit run will be the thinnest possible diameter and will be finished to blend with the light pole shaft, so as not to call undue attention to itself; that any concrete sidewalks to be excavated will be replaced with new concrete to match the tint and scoring of the adjacent concrete paving; that any bluestone to be removed will be carefully lifted, stored, and reinstalled, without modification, in its historic location(s); and that any new bluestone flags will match the historic condition in terms of color, size and pattern. Based on these findings, the proposed work is determined to be appropriate to the light poles.

The issuance of this permit is contingent on the review and approval of any replacement bluestone flags. Please contact the staff of the Commission when these are available.

Please provide one or more 8 by 10 inch black and white photographs of the completed work to the Art Commission of the City of New York, for its records.

This report is issued on the basis of the building and site conditions described in the application and disclosed during the review process. By accepting this permit, the applicant agrees to notify the Commission if the actual building or site conditions vary or if original or historic building fabric is discovered. The Commission reserves the right to amend or revoke this permit, upon written notice to the applicant, in the event that the actual building or site conditions are materially different from those described in the application or disclosed during the review process.

All approved drawings are marked approved by the Commission with a perforated seal indicating the date of approval. The work is limited to what is contained in the perforated documents. Other work or amendments to this filing must be reviewed and approved separately. This report constitutes the permit; a copy must be prominently displayed at the site while work is in progress. Please direct inquiries to Mesha Hunter.

READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council,** 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists--free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

PROCUREMENT POLICY BOARD RULES

The Rules may also be accessed on the City Website, http://NYC.GOV.Selltonyc

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.
