READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council**, 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists--free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

PROCUREMENT POLICY BOARD RULES

The Rules may also be accessed on the City Website, http://NYC.GOV.Selltonyc

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

* Except as provided in paragraphs (b) and (c) of this Section.

** If the depth of a #front yard# exceeds 10 feet or the #zoning lot# is #developed# pursuant to the optional regulations applicable in a #predominantly built-up area#, the depth of a #front yard# shall be at least 18 feet. However, on a #corner lot#, if one #front yard# has a depth of at least 18 feet, the other #front yard# shall have a depth of at least 10 feet.

Furthermore, if an opening to an #accessory# off-street parking space is located within the #street wall# of a #residential building#, there shall be an open area between the opening and the #street line# which is at least 8 and 1/2 feet in width by 18 feet in depth, except this provision shall not apply in R5D Districts.

(2) in R4B, ~~or~~ R5B and R5D Districts is no deeper than the deepest adjacent #front yard# and no shallower than the shallowest adjacent #front yard.

However, a #front yard# need not exceed 20 feet in depth.

In determining the depth of the adjacent #front yards#, balconies, and projections from the front building wall that do not exceed 33 percent of the aggregate width of the #building#, shall be disregarded.

For new #developments# or #enlargements#, projections into the required #front yard# are permitted provided that the aggregate width of all projections at the level of any #story# does not exceed 33 percent of the aggregate width of the #building#. The depth of such projections shall not exceed three feet into the #front yard#. However, balconies shall be subject to the provisions of Sections 23-13 (Balconies) and 23-44 (Permitted Obstructions in Required Yards or Rear Yard Equivalents).

(c) The provisions of paragraph (b) of this Section determining the depth of a #front yard# by the location of a #front yard# on an adjacent #zoning lot#, are modified as follows:

(1) on #corner lots#, these provisions shall apply on only one #street# frontage; and

(2) these provisions shall not apply to:

R1 R2 R3 R4 R5

(d) For any #zoning lot# located in a Historic District designated by the Landmarks Preservation Commission, the provisions of paragraphs (a) and (b) of this Section are modified as follows:

The depth of the #front# yard may vary between the requirements of paragraph (a) of this Section, or as modified in any applicable Special District, and the depth of the #front yard# of any adjacent #zoning lot#.

R5D

(e) In R5D Districts, all areas of the #zoning lot# between the #street line# and the #street wall# of the #building# shall be planted, except at the entrances to and exits from the #building#.

However, where an adjacent #zoning lot# has an existing #detached residence# with #side yards# totaling 13 feet in width with one #side yard# at least five feet wide, or an existing #semi-detached residence# with a #side yard# at least eight feet wide, the open area shall have a minimum width of ten feet except that the total width of #side yards# on a #zoning lot# need not exceed 13 feet, with both #side yards# at least five feet wide. Supports for the projected portion of any #building# are permitted obstructions within the required #front yard#, provided that the total area occupied by such supports does not exceed 15 percent of the area underneath the projected portion. No support may extend beyond the three-foot projection;

Parking spaces, off-street, open, #accessory#, within a #side# or #rear yard#;

Parking spaces, off-street, open, within a #front yard# that are #accessory# to a #residential building# where:

(1) in R2X, R3, R4 and R5 Districts, no more than two parking spaces are required, provided such spaces are located in a permitted #side lot ribbon#;

However, on a #corner lot#, if one #front yard# has a depth of at least 18 feet, the other #front yard# shall have a depth of at least 10 feet.

Furthermore, if an opening to an #accessory# off-street parking space is located within the #street wall# of a #residential building#, there shall be an open area between the opening and the #street line# which is at least 8 and 1/2 feet in width by 18 feet in depth, except this provision shall not apply in R5D Districts.

R1 R2 R3 R4 R5
(d) For any #zoning lot# located in a Historic District designated by the Landmarks Preservation Commission, the provisions of paragraphs (a) and (b) of this Section are modified as follows:
The depth of the #front# yard may vary between the requirements of paragraph (a) of this Section, or as modified in any applicable Special District, and the depth of the #front yard# of any adjacent #zoning lot#.

New York City Department of City Planning

The New York City Department of City Planning, on behalf of the City Planning Commission as lead agency, issued a Notice of Completion on February 17, 2006 for a Draft Environmental Impact Statement (DEIS) for the Silvercup West proposal, in accordance with Article 8 of the Environmental Conservation Law.

A public hearing on the DEIS will be held on Wednesday, May 24, 2006, at 10:00 A.M., at City of New York Department of City Planning, Spector Hall, 22 Reade Street, New York, New York 10007, to receive comments from the public on the DEIS. Comments are requested on the DEIS and will be accepted until ten days after the close of the public hearing.

The DEIS analyzes a proposal by Terra Cotta, LLC to develop "Silvercup West", an approximately 2.77 million gross square foot (gsf) mixed-use development on an approximately 6-acre waterfront site (the project site) located at 42-20 Vernon Boulevard (Block 477, Lots 13, 15, 20 and 24) in the Long Island City neighborhood of Queens Community Board 2. The project site is generally bounded by the Queensboro Bridge to the north, Vernon Boulevard to the east, 43rd Avenue to the south, and the East River to the west, and is located within the area covered by the Waterfront Access Plan (WAP) Q-1 for Northern Hunters Point. The proposed development would be comprised of the following uses:

- Residential: approximately 1,044,000 gsf (1,040 dwelling units)
- Production Studios: approximately 347,000 gsf
- Office: approximately 655,000 gsf
- Retail: approximately 77,000 gsf
- Catering Facility: approximately 45,000 gsf
- Cultural/Community Facility: approximately 131,000 gsf
- Health Club: approximately 43,000 gsf
- Parking: approximately 433,760 gsf (1,400 accessory spaces)

The proposed project would contain three towers. Two residential towers at the southern portion of the building would be 517 feet and 600 feet in height, respectively, and a commercial tower at the northern portion of the building would be 557 feet in height. The project would also include a 1,400-space accessory parking garage with access provided by two driveways on Vernon Boulevard. Also, the portion of 43rd Avenue along the southern portion of the project site, between Vernon Boulevard and the East River, which is a mapped but currently unimproved street, would be re-graded and improved as part of the proposed project, and the East River bulkhead would be reestablished along the project site's western boundary. The proposed project would provide a publicly accessible waterfront esplanade between the project site's western boundary and the East River and an upland connection along the project site's northern boundary. The development requires the following actions:

- An amendment to the zoning map to change the zoning designation of the project site from M1-4 to an MX (M1-5/R10) Special Mixed-Use District.
- a zoning text amendment to Zoning Resolution (ZR) Section 123-90 to establish the Special Mixed-Use District, and to create a CPC special permit to allow accessory signage within the Special Mixed-Use District with a greater surface area and height than that allowed by ZR Section 123-40;
- a special permit pursuant to the above proposed text amendment to allow an accessory sign on the project site with a greater surface area and height than allowed by ZR Section 123-40;
- a special permit pursuant to ZR Sections 13-134 and 13-561 to allow an accessory parking garage exceeding 225 spaces;
- a special permit pursuant to ZR Section 62-736 to modify the bulk regulations of ZR Section 62-341 for development on a waterfront block;
- an authorization pursuant to ZR Section 62-722 to modify the waterfront public access and visual corridor design requirements of ZR Section 62-60;
- an amendment to the City Map for 43rd Avenue between Vernon Boulevard and the East River to modify the elevation of this mapped but unimproved portion of the street;
- a certification pursuant to ZR Section 62-711 that the site plan complies with the provisions of ZR Section 62-80;
- a Board of Standards and Appeals (BSA) special permit pursuant to ZR Section 73-36 for a physical culture or Health Establishment; and
- permits from the New York State Department of Environmental Conservation (NYSDEC) and, possibly, the US Army Corps of Engineers to reestablish the bulkhead along the site's western boundary.

The project site is currently occupied by a New York Power Authority (NYPA) power generating facility and a New York City Department of Sanitation (DSNY) open storage pile of de-icing salt and sand, both of which would be relocated from the site prior to construction of the proposed project. The site also contains the Terra Cotta Company building (Lot 20), which is a New York City designated landmark and is listed on the State and National Register of Historic Places. This building is currently being renovated and would be retained as part of the proposed project. Construction of the proposed project is expected to be completed by 2009.

The DEIS identifies significant adverse impacts related to hazardous materials, traffic, bus service and pedestrian conditions, and identifies measures that would mitigate the impacts. The DEIS considers three alternatives to the proposed project: the No Action Alternative, the Reduced Bulk Alternative, and the Alternative Size, Design or Configuration Alternative.

Copies of the DEIS may be obtained from the Environmental Assessment and Review Division, New York City Department of City Planning, 22 Reade Street, 4E, New York, NY 10007, Robert Dobruskin, Director (212) 720-3423; or from the Office of Environmental Coordination, 100 Gold Street, 2nd Floor, New York, NY 10038, Robert Kulikowski, Ph.D., Director (212) 788- 2924.

This notice has been prepared in accordance with Article 8 of the New York State Environmental Conservation Law.

Permitted Obstructions in Required Yards or Rear Yard Equivalents

In all #Residence Districts#, the following shall not be considered obstructions when located within a required #yard# or #rear yard equivalent#:

(a) In any #yard# or #rear yard equivalent#:

* * *

Overhangs in R4 and R5 Districts, except R4A, R4-1, R4B, R5A, ~~or~~ R5B or R5D Districts, which are that portion of a #building# above the first #story# including the #basement# which projects not more than three feet into the required 18 foot #front yard#. In no case shall the lowest level of the projected portion be less than seven feet above the level of the #front yard# at the face of the #building#. Supports for the projected portion of any #building# are permitted obstructions within the required #front yard#, provided that the total area occupied by such supports does not exceed 15 percent of the area underneath the projected portion. No support may extend beyond the three-foot projection;

Parking spaces, off-street, open, #accessory#, within a #side# or #rear yard#;

Parking spaces, off-street, open, within a #front yard# that are #accessory# to a #residential building# where:

(1) in R2X, R3, R4 and R5 Districts, no more than two parking spaces are required, provided such spaces are located in a permitted #side lot ribbon#;

(2) in R3, R4 and R5 Districts, more than two parking spaces are required, provided such spaces meet all the requirements of paragraph (b) of Section 25-621 (Location of parking spaces in certain districts) and the screening requirements of Section 25-66.

However, no such parking spaces shall be permitted in any #front yard# within a R4B, ~~or~~ R5B or R5D District, and no such required spaces shall be permitted in any #front yard# within any R1, R2, R3, R4A or R4-1 District within a #lower density growth management area#.

23-45
Minimum Required Front Yards
R1 R2 R3 R4 R5

(a) In the districts indicated, #front yards# shall be provided as set forth in the following table, except that for a #corner lot# in an R1-2 District, one #front yard# may have a depth of 15 feet and, for a #corner lot# in an R3 District, one #front yard# may have a depth of 10 feet.

Front Yard	District
20 feet	R1
15 feet	R2 R3-1 R3-2
15 feet	R2A
10 feet*	R3A R3X R4A R4-1 R5A
10 feet**	R4 R5
5 feet*	R4B R5B R5D

* Except as provided in paragraphs (b) and (c) of this Section.

** If the depth of a #front yard# exceeds 10 feet or the #zoning lot# is #developed# pursuant to the optional regulations applicable in a #predominantly built-up area#, the depth of a #front yard# shall be at least 18 feet. However, on a #corner lot#, if one #front yard# has a depth of at least 18 feet, the other #front yard# shall have a depth of at least 10 feet.

Furthermore, if an opening to an #accessory# off-street parking space is located within the #street wall# of a #residential building#, there shall be an open area between the opening and the #street line# which is at least 8 and 1/2 feet in width by 18 feet in depth, except this provision shall not apply in R5D Districts.

R2A R3A R3X R4A R4-1 R4B R5A R5B R5D

(b) For the purpose of paragraphs (b) and (c) the area between the #street line# and the front building wall of adjacent #buildings# on the same or adjoining #zoning lots# shall be considered adjacent #front yards#.

Except as provided in paragraph (c) of this Section, in the districts indicated, if adjacent #residential buildings# on the same or on adjoining #zoning lots# fronting on the same #street# have #front yards# greater than the minimum set forth in paragraph (a) of this Section, then a #front yard# shall be provided which:

(1) in R2A, R3A, R3X, R4A, R4-1 or R5A Districts is at least as deep as an adjacent #front yard#; and

(2) in R4B, ~~or~~ R5B and R5D Districts is no deeper than the deepest adjacent #front yard# and no shallower than the shallowest adjacent #front yard.

However, a #front yard# need not exceed 20 feet in depth.

In determining the depth of the adjacent #front yards#, balconies, and projections from the front building wall that do not exceed 33 percent of the aggregate width of the #building#, shall be disregarded.

For new #developments# or #enlargements#, projections into the required #front yard# are permitted provided that the aggregate width of all projections at the level of any #story# does not exceed 33 percent of the aggregate width of the #building#. The depth of such projections shall not exceed three feet into the #front yard#. However, balconies shall be subject to the provisions of Sections 23-13 (Balconies) and 23-44 (Permitted Obstructions in Required Yards or Rear Yard Equivalents).

(c) The provisions of paragraph (b) of this Section determining the depth of a #front yard# by the location of a #front yard# on an adjacent #zoning lot#, are modified as follows:

(1) on #corner lots#, these provisions shall apply on only one #street# frontage; and

(2) these provisions shall not apply to:

(i) any #street# frontage of a #zoning lot# where such frontage has a length of at least 150 feet along such #street

(ii) any #zoning lot# located in historic districts designated by the Landmarks Preservation Commission; or

(iii) a frontage of any #zoning lot# where the depths of 50 percent of the #front yards# within 150 feet of the #side lot lines# of such #zoning lot# are shallower by more than two feet than the shallowest of the adjacent #front yards#.

R1 R2 R3 R4 R5

(d) For any #zoning lot# located in a Historic District designated by the Landmarks Preservation Commission, the provisions of paragraphs (a) and (b) of this Section are modified as follows:

The depth of the #front# yard may vary between the requirements of paragraph (a) of this Section, or as modified in any applicable Special District, and the depth of the #front yard# of any adjacent #zoning lot#.

R5D

(e) In R5D Districts, all areas of the #zoning lot# between the #street line# and the #street wall# of the #building# shall be planted, except at the entrances to and exits from the #building#.

23-44
Permitted Obstructions in Required Yards or Rear Yard Equivalents

In all #Residence Districts#, the following shall not be considered obstructions when located within a required #yard# or #rear yard equivalent#:

(a) In any #yard# or #rear yard equivalent#:
* * *

Overhangs in R4 and R5 Districts, except R4A, R4-1, R4B, R5A, ~~or~~ R5B or R5D Districts, which are that portion of a #building# above the first #story# including the #basement# which projects not more than three feet into the required 18 foot #front yard#. In no case shall the lowest level of the projected portion be less than seven feet above the level of the #front yard# at the face of the #building#. Supports for the projected portion of any #building# are permitted obstructions within the required #front yard#, provided that the total area occupied by such supports does not exceed 15 percent of the area underneath the projected portion. No support may extend beyond the three-foot projection;

Parking spaces, off-street, open, #accessory#, within a #side# or #rear yard#;

Parking spaces, off-street, open, within a #front yard# that are #accessory# to a #residential building# where:

(1) in R2X, R3, R4 and R5 Districts, no more than two parking spaces are required, provided such spaces are located in a permitted #side lot ribbon#;

(2) in R3, R4 and R5 Districts, more than two parking spaces are required, provided such spaces meet all the requirements of paragraph (b) of Section 25-621 (Location of parking spaces in certain districts) and the screening requirements of Section 25-66.

However, no such parking spaces shall be permitted in any #front yard# within a R4B, ~~or~~ R5B or R5D District, and no such required spaces shall be permitted in any #front yard# within any R1, R2, R3, R4A or R4-1 District within a #lower density growth management area#.

23-45
Minimum Required Front Yards
R1 R2 R3 R4 R5

(a) In the districts indicated, #front yards# shall be provided as set forth in the following table, except that for a #corner lot# in an R1-2 District, one #front yard# may have a depth of 15 feet and, for a #corner lot# in an R3 District, one #front yard# may have a depth of 10 feet.

Front Yard	District
20 feet	R1
15 feet	R2 R3-1 R3-2
15 feet	R2A
10 feet*	R3A R3X R4A R4-1 R5A
10 feet**	R4 R5
5 feet*	R4B R5B R5D

* Except as provided in paragraphs (b) and (c) of this Section.
** If the depth of a #front yard# exceeds 10 feet or the #zoning lot# is #developed# pursuant to the optional regulations applicable in a #predominantly built-up area#, the depth of a #front yard# shall be at least 18 feet. However, on a #corner lot#, if one #front yard# has a depth of at least 18 feet, the other #front yard# shall have a depth of at least 10 feet.

Furthermore, if an opening to an #accessory# off-street parking space is located within the #street wall# of a #residential building#, there shall be an open area between the opening and the #street line# which is at least 8 and 1/2 feet in width by 18 feet in depth, except this provision shall not apply in R5D Districts.
R2A R3A R3X R4A R4-1 R4B R5A R5B R5D

(b) For the purpose of paragraphs (b) and (c) the area between the #street line# and the front building wall of adjacent #buildings# on the same or adjoining #zoning lots# shall be considered adjacent #front yards#.

Except as provided in paragraph (c) of this Section, in the districts indicated, if adjacent #residential buildings# on the same or on adjoining #zoning lots# fronting on the same #street# have #front yards# greater than the minimum set forth in paragraph (a) of this Section, then a #front yard# shall be provided which:

(1) in R2A, R3A, R3X, R4A, R4-1 or R5A Districts is at least as deep as an adjacent #front yard#; and

(3) in R4B, ~~or~~ R5B and R5D Districts is no deeper than the deepest adjacent #front yard# and no shallower than the shallowest adjacent #front yard.

However, a #front yard# need not exceed 20 feet in depth.
In determining the depth of the adjacent #front yards#, balconies, and projections from the front building wall that do not exceed 33 percent of the aggregate width of the #building#, shall be disregarded.

For new #developments# or #enlargements#, projections into the required #front yard# are permitted provided that the aggregate width of all projections at the level of any #story# does not exceed 33 percent of the aggregate width of the #building#. The depth of such projections shall not

exceed three feet into the #front yard#. However, balconies shall be subject to the provisions of Sections 23-13 (Balconies) and 23-44 (Permitted Obstructions in Required Yards or Rear Yard Equivalents).

(c) The provisions of paragraph (b) of this Section determining the depth of a #front yard# by the location of a #front yard# on an adjacent #zoning lot#, are modified as follows:

(1) on #corner lots#, these provisions shall apply on only one #street# frontage; and

(2) these provisions shall not apply to:

(i) any #street# frontage of a #zoning lot# where such frontage has a length of at least 150 feet along such #street

(ii) any #zoning lot# located in historic districts designated by the Landmarks Preservation Commission; or

(iii) a frontage of any #zoning lot# where the depths of 50 percent of the #front yards# within 150 feet of the #side lot lines# of such #zoning lot# are shallower by more than two feet than the shallowest of the adjacent #front yards#.

R1 R2 R3 R4 R5

(d) For any #zoning lot# located in a Historic District designated by the Landmarks Preservation Commission, the provisions of paragraphs (a) and (b) of this Section are modified as follows:

The depth of the #front# yard may vary between the requirements of paragraph (a) of this Section, or as modified in any applicable Special District, and the depth of the #front yard# of any adjacent #zoning lot#.

READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council**, 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists--free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

Line of Duty Injury (LODI) benefits shall be granted in accordance with the following: Upon determination by the Employer that an Employee of the Emergency Medical Service in the title of Supervising Emergency Medical Service Specialist, detailed as Deputy Chief or Division Commander has been physically disabled as the result of an injury arising out of and in the course of the Employee's official duties, including assaults, and through no fault of the Employee, the Employer will grant the disabled Employee a leave of absence with pay not to exceed twelve (12) months.

An Employee granted a leave of absence pursuant to this Agreement shall, without charge to the Employee's annual or sick leave balances, receive his/her regular weekly salary subject to an offset for any Workers' Compensation benefits, if applicable. Such Employee shall, as a condition of receiving benefits under this Agreement, agree to examinations by Employer-designated physicians; shall participate in Employer-sponsored or designated rehabilitation programs; and shall execute an assignment of any judgment or settlement of any third-party actions arising from the injury, in the amount that the salary received pursuant to this Agreement and medical disbursements, if any, made by the Employer exceed the amount of such proceeds. Such assignment shall be in the form prescribed by the Corporation Counsel. The disabled Employee shall also agree to undergo such medical examinations as are required by the Employer, and when found fit for duty by the Employer shall return to the Employee's employment.

Benefits provided pursuant to this Agreement shall be in addition to but not concurrent with benefits provided under Sections 7.0 and 7.1 of the Leave Regulations for Employees Who Are Under the Career and Salary Plan.

b. LODI benefits are applicable only to injuries sustained on or after the execution of this Agreement.

c. If an Employee is on call or asked to standby in his/her home and is then called to work, the Employee shall be eligible for LODI coverage upon the Employee's signing in or clocking in for such assignment, or if the Employee is unable to sign in or clock in, then upon the arrival of the Employee at the location where the Employee was assigned to report. Eligibility for LODI coverage shall cease when such Employee signs out or clocks out or, if the Employee is unable to sign out or clock out, when the Employee is released from such assignment.

d. Employees must remain in their place of recuperation for eight (8) hours each day in accordance with EMS Operating Guide Procedure 125-02 when implemented. An Employee who is found by EMS on two (2) separate occasions to be in violation of EMS Operating Guide Procedure 125-02 shall be terminated from LODI.

Any further appeal shall be taken directly to Step III of the grievance procedure contained in Article VI of this Agreement.

f. An Employee's request for annual leave when he or she will leave his or her place of recuperation for reasons unrelated to his or her LODI leave of absence shall not be unreasonably denied provided the reason for leaving the place of recuperation is consistent with the Employee's medical condition. An Employee on a leave of absence pursuant to this Agreement shall request annual leave when he or she will be away from his or her place of recuperation for one or more hours, and the reason for leaving the place of recuperation is not related to his or her LODI leave of absence. The use of annual leave by an Employee who is on LODI leave pursuant to this Agreement shall have such time charged to his or her annual leave balance.

1) An Employee on LODI leave of absence pursuant to this Agreement who has or develops a medical condition or requires medical treatment not related to his or her LODI injury shall request sick leave for such purpose. Sick leave requests shall not be unreasonably denied. Sick leave will be granted in increments of one (1) hour. Any use of sick leave by the Employee shall have such time charged to her or his sick leave balance.

2) Use of sick leave or annual leave pursuant to this paragraph shall in all other ways conform to EMS procedures pertaining to sick leave or annual leave including required documentation. However, use of annual leave or sick leave during the LODI period shall not extend the twelve (12) month maximum LODI grant.

g. Where an Employee on LODI is required to participate in unsupervised physical or occupational therapy, the Employer may request a copy of the medical doctor's and/or therapist's prescription for unsupervised physical or occupational therapy. Further, the Employer may require the Employee to certify, on a form acceptable to the Employer, when, where, and for how long the Employee participated in such therapy. The Employer may request such certification for each unsupervised physical or occupational therapy session.

h. An Employee shall accrue annual leave and sick leave only for the first six months while on LODI leave. If an Employee returns to work in a light/limited duty capacity, the Employee shall accrue annual and sick leave during the period of the light/limited duty assignment. However, time spent in a light/limited duty assignment shall not extend the LODI period past the twelve (12) month maximum.

i. The parties agree that Employees covered by this Agreement shall not be covered by Article V, Section 10 of the 1995-2001 Citywide Agreement or its successor. The parties further agree than any Employee receiving benefits under this Agreement shall not be covered by Article V, Section 11 of the 1995-2001 Citywide Agreement or its successor.

j. An Employee who refuses to accept a light/limited duty assignment shall have his/her LODI terminated, unless the Employer certifies that the Employee is not physically able to perform the light/limited duty assignment. If there is a disagreement about the Employee's ability to perform said assignment between the Employer and the Employee's own physician, the Employer shall request the opinion of a specialist in the area of the injury in question to determine whether the Employee is capable of performing the assignment. The decision of the specialist shall be final and binding and not subject to appeal through the parties' contractual grievance procedure.

k. An Employee who has been receiving LODI benefits for more than 60 calendar days shall be required to pick up his/her paycheck at their work location, assuming the Employee is physically able to pick up his/her paycheck.

l. The Employer agrees that employees' medical files and records concerning LODI will be kept confidential.

c. The payments shall be remitted by the Employer to the *Organization of Staff Analysts* Welfare Fund subject to the said supplemental agreement to be entered into between the Employer and the Union for the benefit of each Employee and further subject to periodic audit by the Comptroller of the City of New York.

Section 3.

In accordance with the Health Benefits Agreement dated January 11, 2001, each welfare fund shall provide welfare fund benefits equal to the benefits provided on behalf of an active Employee to widow(er)s, domestic partners and/or children of any Employee who dies in the line of duty as that term is referenced in Section 12-126(b)(2) of the New York City Administrative Code. The cost of providing this benefit shall be funded by the Stabilization Fund.

STEP II An appeal from an unsatisfactory determination at **STEP I** where applicable, shall be presented in writing to the agency head or the agency head's designated representative who shall not be the same person designated in **STEP I**. The appeal must be made within five (5) working days of the receipt of the **STEP I** determination. The agency head or designated representative, if any, shall meet with the Employee and/or the Union for review of the grievance and shall issue a determination in writing by the end of the tenth work day following the date on which the appeal was filed.

STEP III An appeal from an unsatisfactory determination at **STEP II** shall be presented by the Employee and/or the Union to the Commissioner of Labor Relations in writing within ten (10) working days of the receipt of the **STEP II** determination. The grievant or the Union should submit copies of the **STEP I** and **STEP II** grievance filings and any agency responses thereto. Copies of such appeal shall be sent to the agency head. The Commissioner of Labor Relations or the Commissioner's designee shall review all appeals from **STEP II** determinations and shall issue a determination on such appeals within fifteen (15) working days following the date on which the appeal was filed.

STEP IV An appeal from an unsatisfactory determination at **STEP III** may be brought solely by the Union to the Office of Collective Bargaining for impartial arbitration within fifteen (15) working days of receipt of the **STEP III** determination. In addition, the Employer shall have the right to bring directly to arbitration any dispute between the parties concerning any matter defined herein as a "grievance." The Employer shall commence such arbitration by submitting a written request therefor to the Office of Collective Bargaining. A copy of the notice requesting impartial arbitration shall be forwarded to the opposing party. The arbitration shall be conducted in accordance with the Consolidated Rules of the Office of Collective Bargaining. The costs and fees of such arbitration shall be borne equally by the Union and the Employer.

The arbitrator's decision, order or award (if any) shall be limited to the application and interpretation of the Agreement, and the arbitrator shall not add to, subtract from or modify the Agreement. The arbitrator's award shall be final and binding and enforceable in any appropriate tribunal in accordance with Article 75 of the Civil Practice Law and Rules. The arbitrator may provide for and direct such relief as the arbitrator deems necessary and proper, subject to the limitations set forth above and any applicable limitations of law.

Section 3.

As a condition to the right of the Union to invoke impartial arbitration set forth in this Article, the Employee or Employees and the Union shall be required to file with the Director of the Office of Collective Bargaining a written waiver of the right, if any, of the Employee and the Union to submit the underlying dispute to any other administrative or judicial tribunal except for the purpose of enforcing the arbitrator's award.

Section 4.

A grievance concerning a large number of Employees and which concerns a claimed misinterpretation, inequitable application, violation or failure to comply with the provisions of this Agreement may be filed directly at **STEP III** of the grievance procedure. Such "group" grievance must be filed no later than 120 days after the date on which the grievance arose, and all other procedural limits, including time limits, set forth in this Article shall apply. All other individual grievances in process concerning the same issue shall be consolidated with the "group" grievance.

Section 5.

If a determination satisfactory to the Union at any level of the Grievance Procedure is not implemented within a reasonable time, the Union may re-institute the original grievance at **STEP III** of the Grievance Procedure; or if a satisfactory **STEP III** determination has not been so implemented, the Union may institute a grievance concerning such failure to implement at **STEP IV** of the Grievance Procedure.

Section 6.

If the Employer exceeds any time limit prescribed at any step in the Grievance Procedure, the grievant and/or the Union may invoke the next step of the procedure, except that only the Union may invoke impartial arbitration under **STEP IV**.

Section 7.

The Employer shall notify the Union in writing of all grievances filed by Employees, all grievance hearings, and all determinations. The Union shall have the right to have a representative present at any grievance hearing and shall be given forty-eight (48) hours' notice of all grievance hearings.

Section 8.

Each of the steps in the Grievance Procedure, as well as time limits prescribed at each step of this Grievance Procedure, may be waived by mutual agreement of the parties.

Section 9.

The grievance and the arbitration procedure contained in this Agreement shall be the exclusive remedy for the resolution of disputes defined as "grievances" herein. This shall not be interpreted to preclude either party from enforcing the arbitrator's award in court. This Section shall not be construed in any manner to limit the statutory rights and obligations of the Employer under Article XIV of the Civil Service Law.

Section 10. Expedited Arbitration Procedure

a. The parties agree that there is a need for an expedited arbitration process which would allow for the prompt adjudication of the grievances as set forth below.

b. The parties voluntarily agree to submit matters to final and binding arbitration pursuant to the New York City Collective Bargaining Law and under the jurisdiction of the Office of Collective Bargaining. An arbitrator or panel of arbitrators, as agreed to by the parties, will act as the arbitrator of any issue submitted under the expedited procedure herein.

c. The selection of those matters which will be submitted shall be made pursuant to mutual agreement by the parties. The following procedures shall apply:

i. **SELECTION AND SCHEDULING OF CASES:**

(1) The Deputy Chairperson for Disputes of the Office of Collective Bargaining shall propose which cases shall be subject to the procedures set forth in Section 10 and notify the parties of proposed hearing dates for such cases.

(2) The parties shall have ten business days from the receipt of the Deputy Chairperson's proposed list of cases and hearing schedule(s) to raise any objections thereto.

(3) If a case is not proposed by the Deputy Chairperson for expedited handling, either party may, at any time prior to the scheduling of an arbitration hearing date for such case, request in writing to the other party and to the Deputy Chairperson of Disputes of the Office of Collective Bargaining that said case be submitted to the expedited procedure. The party receiving such request shall have ten business days from the receipt of the request to raise any objections thereto.

(4) No case shall be submitted to the expedited arbitration process without the mutual agreement of the parties.

ii. **CONDUCT OF HEARINGS:**

(1) The presentation of the case, to the extent possible, shall be made in the narrative form. To the degree that witnesses are necessary, examination will be limited to questions of material fact and cross examination will be similarly limited. Submission of relevant documents, etc., will not be unreasonably limited. Submission of relevant documents, etc., will not be unreasonably limited and may be submitted as a "packet" exhibit.

(2) In the event either party is unable to proceed with hearing a particular case, the case shall be rescheduled. However, only one adjournment shall be permitted. In the event that either party is unable to proceed on a second occasion, a default judgment may be entered against the adjourning party at the Arbitrator's discretion absent a good cause shown.

(3) The Arbitrator shall not be precluded from attempting to assist the parties in settling a particular case.

(4) A decision will be issued by the Arbitrator within two weeks. It will not be necessary in the Award to recount any of the facts presented. However, a brief explanation of the Arbitrator's rationale may be included. Bench decisions may also be issued by the Arbitrator.

(5) Decisions in this expedited procedure shall not be considered as precedent for any other case nor entered into evidence in any other forum or dispute except to enforce the Arbitrator's award.

(6) The parties, shall whenever possible, exchange any documents intended to be offered in evidence at least one week in advance of the first hearing date and all endeavor to stipulate to the issue in advance of the hearing date.

ARTICLE VIII - BULLETIN BOARDS; EMPLOYER FACILITIES

The Union may post notices on bulletin boards in places and locations where notices usually are posted by the Employer for the employees to read. All notices shall be on Union stationery, and shall be used only to notify employees of matters pertaining to Union affairs. Upon request to the responsible official in charge of a work location, the Union may use Employer premises for meetings during employees' lunch hours, subject to availability of appropriate space and provided such meetings do not interfere with the Employer's business.

ARTICLE IX - NO STRIKES

In accordance with the New York City Collective Bargaining Law, as amended, neither the Union nor any Employee shall induce or engage in any strikes, slowdowns, work stoppages, mass absenteeism, or induce any mass resignations during the term of this Agreement.

ARTICLE X - CITYWIDE ISSUES

ARTICLE XI - UNION ACTIVITY

Time spent by Employee representatives in the conduct of labor relations with the City and on Union activities shall be governed by the terms of Executive Order No. 75, as amended, dated March 22, 1973, entitled "Time Spent on the Conduct of Labor Relations between the City and Its Employees and on Union Activity" or any other applicable Executive Order.

ARTICLE XII - FINANCIAL EMERGENCY ACT

The provisions of this Agreement are subject to applicable provisions of law, including the New York State Financial Emergency Act for the City of New York, as amended.

ARTICLE XIII - APPENDICES

The Appendix attached hereto and initialed by the undersigned shall be deemed a part of this Agreement as if fully set forth herein.

The following rules shall govern the eligibility of Employees for the Recurring Increment Payment (RIP) provided for in Article III, Section 4 of the 2003-2007 EMS SOA Unit Agreement.

1. Only service in pay status shall be used to calculate the qualifying years of service. A continuous year of service shall be a full year of service without a break of more than 31 days. Where the regular and customary work year for a title is less than a twelve month year, such as a school year, such regular and customary year shall be credited as a continuous year of service counting towards the qualifying years of service. If the normal work year for an employee is less than the regular and customary work year for the employee's title, it shall be counted as a continuous year of service if the Employee has customarily worked that length work year and the applicable agency verifies that information.

2. Part-time Employees shall be ineligible to receive RIPs, but prior part-time service shall be credited to full-time employees on a pro rata basis, provided all other terms and conditions set forth herein are met.

a. An Employee must have regularly worked at least one half the regular hours of full time Employees in the same title or if no full-time equivalent title exists then at least 17-1/2 hours for white collar positions or 20 hours for blue collar positions.

b. Such part time service shall be prorated by dividing the number of hours worked per week by a part-time Employee by the number of hours worked per week by a full time employee in the same title. If no full-time equivalent title exists then the divisor shall be 35 hours for white collar positions or 40 hours for blue collar positions.

3. Service in pay status prior to a break in service of more than one year shall *not* be used to calculate the qualifying years of service.

4. The following time in which an Employee is not in pay status shall not constitute a break in service, but such time shall *not* be used to calculate the qualifying years of service:

a. time on a leave approved by the proper authority which is consistent with the Personnel Rules and Regulations of the City of New York or the appropriate personnel authority of a covered organization,

b. time prior to a reinstatement,
c. time on a preferred or recall list, and

d. time not in pay status of 31 days or less.

5. RIPs shall be considered a salary adjustment for the purposes of Article III, Section 1 (d) of this Agreement and the maximum salary of an eligible title shall not constitute a bar to the payment thereof.

6. Once an Employee has qualified for a RIP and is receiving it, the RIP shall become part of the Employee's base rate and included in calculating all salary-based payments, except as provided in paragraph 7 below. Any future negotiated general increases shall be applied to RIPs.

7. A RIP shall not become pensionable until two years after the Employee begins to receive such RIP.

ARTICLE IV - WELFARE FUND

Section 1.

a. In accordance with the election by the Union pursuant to the provisions of Article XIII of the Citywide Agreement as amended between the City of New York and related public employers, or its successor Agreement(s), the Welfare Fund provisions of the 1995-2001 Citywide Agreement as amended or any successor(s) thereto shall apply to Employees covered by this Agreement.

b. When an election is made by the Union pursuant to the provisions of Article XIII, Section 1(b), of the Citywide Agreement between the City of New York and related public employers, the provisions of Article XIII, Section 1(b) of the 1995-2001 Citywide Agreement, as amended or any successor agreement(s) thereto, shall apply to Employees covered by this Agreement, and when such election is made, the Union hereby waives its right to training, education and/or legal services contributions provided in this Agreement, if any. In no case shall the single contribution provided in Article XIII, Section 1(b) of the 1995-2001 Citywide Agreement, as amended or any successor agreement(s) thereto, exceed the total amount that the Union would have been entitled to receive if the separate contributions had continued. Contributions remitted to the Union pursuant to this Section 1 and Article XIII of the Citywide Agreement are contingent upon a signed separate trusted fund agreement between the Employer and the Union.

Section 2.

The Union agrees to provide welfare fund benefits to domestic partners of covered employees in the same manner as those benefits are provided to spouses of married covered employees.

Section 3.

In accordance with the Health Benefits Agreement dated January 11, 2001, each welfare fund shall provide welfare fund benefits equal to the benefits provided on behalf of an active employee to widow(er)s, domestic partners and/or children of any employee who dies in the line of duty as that term is referenced in Section 12-126(b)(2) of the New York City Administrative Code. The cost of providing this benefit shall be funded by the Stabilization Fund.

ARTICLE V - PRODUCTIVITY AND PERFORMANCE

Introduction

Delivery of municipal services in the most efficient, effective and courteous manner is of paramount importance to the Employer and the Union. Such achievement is recognized to be a mutual obligation of both parties within their respective roles and responsibilities. To achieve and maintain a high level of effectiveness, the parties hereby agree to the following terms:

Section 1. Performance Levels

a. The Union recognizes the Employer's right under the New York City Collective Bargaining Law to establish and/or revise performance standards or norms notwithstanding the existence of prior performance levels, norms or standards. Such standards, developed by usual work measurement procedures, may be used to determine acceptable performance levels, to prepare work schedules and to measure the performance of each employee or group of employees. Notwithstanding the above, questions concerning the practical impact that decisions on the above matters have on employees are within the scope of collective bargaining. The Employer will give the Union prior notice of the establishment and/or revision of performance standards or norms hereunder.

b. Employees who work at less than acceptable levels of performance may be subject to disciplinary measures in accordance with applicable law.

Section 2. Supervisory Responsibility

a. The Union recognizes the Employer's right under the New York City Collective Bargaining Law to establish and/or revise standards for supervisory responsibility in achieving and maintaining performance levels of supervised employees for employees in supervisory positions listed in Article I, Section 1, of this Agreement. Notwithstanding the above, questions concerning the practical impact that decisions on the above matters have on employees are within the scope of collective bargaining. The Employer will give the Union prior notice of the establishment and/or revision of standards for supervisory responsibility hereunder.

b. Employees who fail to meet such standards may be subject to disciplinary measures in accordance with applicable law.

Section 3. Performance Compensation

The Union acknowledges the Employer's right to pay additional compensation for outstanding performance.

The Employer agrees to notify the Union of its intent to pay such additional compensation.

ARTICLE VI - GRIEVANCE PROCEDURE

Section 1. Definition

The term **"Grievance"** shall mean:

a. A dispute concerning the application or interpretation of the terms of this Agreement;

b. A claimed violation, misinterpretation or misapplication of the rules or regulations, ***written*** policy or orders of the Employer applicable to the agency which employs the grievant affecting terms and conditions of employment; provided, disputes involving the Personnel Rules and Regulations of the City of New York or the Rules and Regulations of the Health and Hospitals Corporation with respect to those matters set forth in the first paragraph of Section 7390.1 of the Unconsolidated Laws shall not be subject to the grievance procedure or arbitration;

c. A claimed assignment of employees to duties substantially different from those stated in their job specifications;

d. A claimed improper holding of an open-competitive rather than a promotional examination;

e. A claimed wrongful disciplinary action taken against a permanent employee covered by Section 75(1) of the Civil Service Law or a permanent employee covered by the Rules and Regulations of the Health and Hospitals Corporation upon whom the agency head has served written charges of incompetence or misconduct while the employee is serving in the employee's permanent title or which affects the employee's permanent status;

f. Failure to serve written charges as required by Section 75 of the Civil Service Law or the Rules and Regulations of the Health and Hospitals Corporation upon a permanent employee covered by Section 75(1) of the Civil Service Law or a permanent competitive employee covered by the Rules and Regulations of the Health and Hospitals Corporation where any of the penalties (including a fine) set forth in Section 75(3) of the Civil Service Law have been imposed;

g. A claimed wrongful disciplinary action taken against a provisional employee who has served for two years in the same or similar title or related occupational group in the same agency.

Section 2.

The Grievance Procedure, except for grievances as defined in Sections l(d), 1(e), and 1(g) of this Article, shall be as follows:

Employees may at any time informally discuss with their supervisors a matter, which may become a grievance. If the results of such a discussion are unsatisfactory, the employees may present the grievance at **STEP I.**

All grievances must be presented in writing at all steps in the grievance procedure. For all grievances as defined in Section l.c., no monetary award shall in any event cover any period prior to the date of the filing of the **STEP I** grievance unless such grievance has been filed within thirty (30) days of the assignment to alleged out-of-title work. No monetary award for a grievance alleging a miscalculation of salary rate resulting in a payroll error of a continuing nature shall be issued unless such grievance has been filed within the time limitation set forth in **STEP I** below for such grievances; if the grievance is so filed, any monetary award shall in any event cover only the period up to six years prior to the date of the filing of the grievance.

STEP I The Employee and/or the Union shall present the grievance in the form of a memorandum to the person designated for such purpose by the agency head no later than 120 days after the date on which the grievance arose, except that grievances alleging a miscalculation of salary rate resulting in a payroll error of a continuing nature shall be presented no later than 120 days after the first date on which the grievant discovered the payroll error. The employee may also request an appointment to discuss the grievance. The person designated by the Employer to hear the grievance shall take any steps necessary to a proper disposition of the grievance and shall issue a determination in writing by the end of the third work day following the date of submission.

The following STEP I(a) shall be applicable only in the Health and Hospitals Corporation in the case of grievances arising under Section 1a through 1c and 1f of this Article and shall be applied prior to STEP II of this Section:

STEP I(a) An appeal from an unsatisfactory determination at STEP I shall be presented in writing to the person designated by the agency head for such purpose. The appeal must be made within five (5) work days of the receipt of the STEP I determination. The person designated to receive the appeal at this STEP shall meet with the employee and/or the Union for review of the grievance and shall issue a determination to the employee and/or the Union by the end of the fifth work day following the day on which the appeal was filed.

STEP II An appeal from an unsatisfactory determination at **STEP I** or **STEP I(a)**, where applicable, shall be presented in writing to the agency head or the agency head's designated representative who shall not be the same person designated in **STEP I**. The appeal must be made within five (5) work days of the receipt of the **STEP I** or **STEP I(a)** determination. The agency head or designated representative, if any, shall meet with the employee and/or the Union for review of the grievance and shall issue a determination in writing by the end of the tenth work day following the date on which the appeal was filed.

STEP III An appeal from an unsatisfactory determination at **STEP II** shall be presented by the employee and/or the Union to the Commissioner of Labor Relations in writing within ten (10) work days of the receipt of the **STEP II** determination. The grievant or the Union should submit copies of the **STEP I** and **STEP II** grievance filings and any agency responses thereto. Copies of such appeal shall be sent to the agency head. The Commissioner of Labor Relations or the Commissioner's designee shall review all appeals from **STEP II** determinations and shall issue a determination on such appeals within fifteen (15) work days following the date on which the appeal was filed.

STEP IV An appeal from an unsatisfactory determination at **STEP III** may be brought solely by the Union to the Office of Collective Bargaining for impartial arbitration within fifteen (15) work days of receipt of the **STEP III** determination. In addition, the Employer shall have the right to bring directly to arbitration any dispute between the parties concerning any matter defined herein as a "grievance." The Employer shall commence such arbitration by submitting a written request therefor to the Office of Collective Bargaining. A copy of the notice requesting impartial arbitration shall be forwarded to the opposing party. The arbitration shall be conducted in accordance with the Consolidated Rules of the Office of Collective Bargaining. The costs and fees of such arbitration shall be borne equally by the Union and the Employer.

The arbitrator's decision, order or award (if any) shall be limited to the application and interpretation of the Agreement, and the arbitrator shall not add to, subtract from or modify the Agreement or any rule, regulation, written policy or order mentioned in Section 1 of this Article. The arbitrator's award shall be final and binding and enforceable in any appropriate tribunal in accordance with Title 61 of the Rules of the City of New York. The arbitrator may provide for and direct such relief as the arbitrator deems necessary and proper, subject to the limitations set forth above and any applicable limitations of law.

Section 3.

As a condition to the right of the Union to invoke impartial arbitration set forth in this Article, including the arbitration of a grievance involving a claimed improper holding of an open-competitive rather than a promotional examination, the employee or employees and the Union shall be required to file with the Director of the Office of Collective Bargaining a written waiver of the right, if any, of the employee and the Union to submit the underlying dispute to any other administrative or judicial tribunal except for the purpose of enforcing the arbitrator's award.

Section 4.

a. Any grievance under Section l(d) relating to a claimed improper holding of an open-competitive rather than a promotional examination shall be presented in writing by the employee or the Union representative to the Commissioner of Labor Relations not later than thirty (30) days after the notice of the intention to conduct such open-competitive examination, or copy of the appointing officer's request for such open-competitive examination, as the case may be, has been posted in accordance with Section 51 of the Civil Service Law. The grievance shall be considered and passed upon within ten (10) days after its presentation. The determination shall be in writing, copies of which shall be transmitted to both parties to the grievance upon issuance.

b. A grievance relating to the use of an open-competitive rather than a promotional examination which is unresolved by the Commissioner of Labor Relations may be brought to impartial arbitration as provided in Sections 2 and 3 above. Such a grievance shall be presented by the Union, in writing, for arbitration within 15 days of the presentation of such grievance to the Commissioner of Labor Relations, and the arbitrator shall decide such grievance within 75 days of its presentation to the arbitrator. The party requesting such arbitration shall send a copy of such request to the other party. The costs and fees of such arbitration shall be borne equally by the Employer and the Union.

Section 5.

In any case involving a grievance under Section l(e) of this Article, the following procedure shall govern upon service of written charges of incompetence or misconduct:

STEP A Following the service of written charges, a conference with such employee shall be held with respect to such charges by the person designated by the agency head to review a grievance at **STEP I** of the Grievance Procedure set forth in this Agreement. The employee may be represented at such conference by a representative of the Union. The person designated by the agency head to review the charges shall take any steps necessary to a proper disposition of the charges and shall issue a determination in writing by the end of the fifth day following the date of the conference. If the employee is satisfied with the determination in **STEP A** above, the employee may choose to

accept such determination as an alternative to and in lieu of a determination made pursuant to the procedures provided for in Section 75 of the Civil Service Law or the Rules and Regulations of the Health and Hospitals Corporation. As a condition of accepting such determination, the employee shall sign a waiver of the employee's right to the procedures available to him or her under Sections 75 and 76 of the Civil Service Law or the Rules and Regulations of the Health and Hospitals Corporation.

STEP B(i) If the Employee is not satisfied with the determination at **STEP A** above then the Employer shall proceed in accordance with the disciplinary procedures set forth in Section 75 of the Civil Service Law or the Rules and Regulations of the Health and Hospitals Corporation. As an alternative, the Union with the consent of the employee may choose to proceed in accordance with the Grievance Procedure set forth in this Agreement, including the right to proceed to binding arbitration pursuant to **STEP IV** of such Grievance Procedure. As a condition for submitting the matter to the Grievance Procedure the employee and the Union shall file a written waiver of the right to utilize the procedures available to the employee pursuant to Sections 75 and 76 of the Civil Service Law or the Rules and Regulations of the Health and Hospitals Corporation or any other administrative or judicial tribunal, except for the purpose of enforcing an arbitrator's award, if any. Notwithstanding such waiver, the period of an employee's suspension without pay pending hearing and determination of charges shall not exceed thirty (30) days.

STEP B(ii) If the election is made to proceed pursuant to the Grievance Procedure, an appeal from the determination of **STEP A** above shall be made to the agency head or designated representative. The appeal must be made in writing within five (5) work days of the receipt of the determination. The agency head or designated representative shall meet with the employee and the Union for review of the grievance and shall issue a determination to the employee and the Union by the end of the tenth work day following the day on which the appeal was filed. The agency head or designated representative shall have the power to impose the discipline, if any, decided upon, up to and including termination of the accused employee's employment. In the event of such termination or suspension without pay totaling more than thirty (30) days, the Union with the consent of the grievant may elect to skip **STEP C** of this Section and proceed directly to **STEP D**.

STEP C If the grievant is not satisfied with the determination of the agency head or designated representative the grievant or the Union may appeal to the Commissioner of Labor Relations in writing within ten (10) days of the determination of the agency head or designated representative. The Commissioner of Labor Relations shall issue a written reply to the grievant and the Union within fifteen (15) work days.

STEP D If the grievant is not satisfied with the determination of the Commissioner of Labor Relations, the Union with the consent of the grievant may proceed to arbitration pursuant to the procedures set forth in **STEP IV** of the Grievance Procedure set forth in this Agreement.

Section 6.

In any case involving a grievance under Section 1(g) of this Article, the following procedure shall govern upon service of written charges of incompetence or misconduct:

STEP A Following the service of written charges, a conference with such employee shall be held with respect to such charges by the person designated by the agency head to review a grievance at **STEP I** of the Grievance Procedure set forth in this Agreement. The employee may be represented at such conference by a representative of the Union. The person designated by the agency head to review the charges shall take any steps necessary to a proper disposition of the charges and shall issue a determination in writing by the end of the fifth day following the date of the conference.

STEP B(i) If the employee is not satisfied with the determination at **STEP A** above then the employee may choose to proceed in accordance with the Grievance Procedure set forth in this Agreement through **STEP III**. The Union, with the consent of the employee, shall have the right to proceed to binding arbitration pursuant to **STEP IV** of such Grievance Procedure. The period of an employee's suspension without pay pending hearing and determination of charges shall not exceed thirty (30) days.

STEP B(ii) An appeal from the determination of **STEP A** above shall be made to the agency head or designated representative. The appeal must be made in writing within five (5) work days of the receipt of the determination. The agency head or designated representative shall meet with the employee and the Union for review of the grievance and shall issue a determination to the employee and the Union by the end of the tenth work day following the day on which the appeal was filed. The agency head or designated representative shall have the power to impose the discipline, if any, decided upon, up to and including termination of the accused employee's employment. In the event of such termination or suspension without pay totaling more than thirty (30) days, the Union with the consent of the grievant may elect to skip **STEP C** of this Section and proceed directly to **STEP D**.

STEP C If the grievant is not satisfied with the determination of the agency head or designated representative the grievant or the Union may appeal to the Commissioner of Labor Relations in writing within ten (10) days of the determination of the agency head or designated representative. The Commissioner of Labor Relations shall issue a written reply to the grievant and the Union within fifteen (15) work days.

STEP D If the grievant is not satisfied with the determination of the Commissioner of Labor Relations, the Union with the consent of the grievant may proceed to arbitration pursuant to the procedures set forth in **STEP IV** of the Grievance Procedure set forth in this Agreement.

Section 7.

A grievance concerning a large number of employees and which concerns a claimed misinterpretation, inequitable application, violation or failure to comply with the provisions of this Agreement may be filed directly at **STEP III** of the grievance procedure except that a grievance concerning employees of the Health and Hospitals Corporation may be filed directly at **STEP II** of the grievance procedure. Such "group" grievance must be filed no later than 120 days after the date on which the grievance arose, and all other procedural limits, including time limits, set forth in this Article shall apply. All other individual grievances in process concerning the same issue shall be consolidated with the "group" grievance.

Section 8.

If a determination satisfactory to the Union at any level of the Grievance Procedure is not implemented within a reasonable time, the Union may re-institute the original grievance at **STEP III** of the Grievance Procedure; or if a satisfactory **STEP III** determination has not been so implemented, the Union may institute a grievance concerning such failure to implement at **STEP IV** of the Grievance Procedure.

Section 9.

If the Employer exceeds any time limit prescribed at any step in the Grievance Procedure, the grievant and/or the Union may invoke the next step of the procedure, except that only the Union may invoke impartial arbitration under **STEP IV**.

Section 10.

The Employer shall notify the Union in writing of all grievances filed by employees, all grievance hearings, and all determinations. The Union shall have the right to have a representative present at any grievance hearing and shall be given forty-eight (48) hours' notice of all grievance hearings.

Section 11.

Each of the steps in the Grievance Procedure, as well as time limits prescribed at each step of this Grievance Procedure, may be waived by mutual agreement of the parties.

Section 12.

A non-Mayoral agency not covered by this Agreement but which employs employees in titles identical to those covered by this Agreement may elect to permit the Union to appeal an unsatisfactory determination received at the last step of its Grievance Procedure prior to arbitration on fiscal matters only to the Commissioner of Labor Relations. If such election is made, the Union shall present its appeal to the Commissioner of Labor Relations in writing within ten (10) work days of the receipt of the last step determination. The Union should submit copies of the grievance filings at the prior steps of its Grievance Procedure and any agency responses thereto. Copies of such appeals shall be sent to the agency head. The Commissioner of Labor Relations, or the Commissioner's designee, shall review all such appeals and answer all such appeals within fifteen (15) work days. An appeal from a determination of the Commissioner of Labor Relations may be taken to arbitration under procedures, if any, applicable to the non-Mayoral agency involved.

Section 13.

The grievance and the arbitration procedure contained in this Agreement shall be the exclusive remedy for the resolution of disputes defined as "grievances" herein. This shall not be interpreted to preclude either party from enforcing the arbitrator's award in court. This Section shall not be construed in any manner to limit the statutory rights and obligations of the Employer under Article XIV of the Civil Service Law.

Section 14. Expedited Arbitration Procedure

a. The parties agree that there is a need for an expedited arbitration process, which would allow for the prompt adjudication of grievances as set forth below.

b. The parties voluntarily agree to submit matters to final and binding arbitration pursuant to the New York City Collective Bargaining Law and under the jurisdiction of the Office of Collective Bargaining. An arbitrator or panel of arbitrators, as agreed to by the parties, will act as the arbitrator of any issue submitted under the expedited procedure herein.

c. The selection of those matters which will be submitted shall include, but not be limited to, out-of-title cases concerning all titles, disciplinary cases wherein the proposed penalty is a monetary fine of one week or less or written reprimand, and other cases pursuant to mutual agreement by the parties. The following procedures shall apply:

i. **SELECTION AND SCHEDULING OF CASES:**

(1) The Deputy Chairperson for Disputes of the Office of Collective Bargaining shall propose which cases shall be subject to the procedures set forth in this Section 14 and notify the parties of proposed hearing dates for such cases.

(2) The parties shall have ten business days from the receipt of the Deputy Chairperson's proposed list of cases and hearing schedule(s) to raise any objections thereto.

(3) If a case is not proposed by the Deputy Chairperson for expedited handling, either party may, at any time prior to the scheduling of an arbitration hearing date for such case, request in writing to the other party and to the Deputy Chairperson of Disputes of the Office of Collective Bargaining that said case be submitted to the expedited procedure. The party receiving such request shall have ten business days from the receipt of the request to raise any objections thereto.

(4) No case shall be submitted to the expedited arbitration process without the mutual agreement of the parties.

ii. **CONDUCT OF HEARINGS**

(1) The presentation of the case, to the extent possible, shall be made in the narrative form. To the degree that witnesses are necessary, examination will be limited to questions of material fact and cross examination will be similarly limited. Submission of relevant documents, etc., will not be unreasonably limited and may be submitted as a "packet" exhibit.

(2) In the event either party is unable to proceed with hearing a particular case, the case shall be rescheduled. However, only one adjournment shall be permitted. In the event that either party is unable to proceed on a second occasion, a default judgment may be entered against the adjourning party at the Arbitrator's discretion absent good cause shown.

(3) The Arbitrator shall not be precluded from attempting to assist the parties in settling a particular case.

(4) A decision will be issued by the Arbitrator within two weeks. It will not be necessary in the Award to recount any of the facts presented. However, a brief explanation of the Arbitrator's rationale may be included. Bench decisions may also be issued by the Arbitrator.

(5) Decisions in this expedited procedure shall not be considered as precedent for any other case nor entered into evidence in any other forum or dispute except to enforce the Arbitrator's award.

(6) The parties shall, whenever possible, exchange any documents intended to be offered in evidence at least one week in advance of the first hearing date and shall endeavor to stipulate to the issue in advance of the hearing date.

ARTICLE VII - BULLETIN BOARDS: EMPLOYER FACILITIES

The Union may post notices on bulletin boards in places and locations where notices usually are posted by the Employer for the employees to read. All notices shall be on Union stationery, and shall be used only to notify employees of matters pertaining to Union affairs. Upon request to the responsible official in charge of a work location, the Union may use Employer premises for meetings during employees' lunch hours, subject to availability of appropriate space and provided such meetings do not interfere with the Employer's business.

ARTICLE VIII - NO STRIKES

In accordance with the New York City Collective Bargaining Law, as amended, neither the Union nor any employee shall induce or engage in any strikes, slowdowns, work stoppages, mass absenteeism, or induce any mass resignations during the term of this Agreement.

ARTICLE IX - CITYWIDE ISSUES

This Agreement is subject to the provisions, terms and conditions of the Agreement which has been or may be negotiated between the City and the Union recognized as the exclusive collective bargaining representative on Citywide matters which must be uniform for specified employees, including the employees covered by this Agreement.

Employees in Rule X titles shall receive the benefits of the Citywide Agreement unless otherwise specifically excluded herein.

ARTICLE X - UNION ACTIVITY

Time spent by employee representatives in the conduct of labor relations with the City and on Union activities shall be

governed by the terms of Executive Order No. 75, as amended, dated March 22, 1973, entitled "Time Spent on the Conduct of Labor Relations between the City and Its employees and on Union Activity" or any other applicable Executive Order.

ARTICLE XI - LABOR-MANAGEMENT COMMITTEE

Section 1.

The Employer and the Union, having recognized that cooperation between management and employees is indispensable to the accomplishment of sound and harmonious labor relations, shall jointly maintain and support a labor-management committee in each of the agencies having at least fifty (50) employees covered by this Agreement.

Section 2.

Each labor-management committee shall consider and recommend to the agency head changes in the working conditions of the employees within the agency who are covered by this Agreement. Matters subject to the Grievance Procedure shall not be appropriate items for consideration by the labor-management committee.

Section 3.

Each labor-management committee shall consist of six members who shall serve for the term of this Agreement. The Union shall designate three members and the agency head shall designate three members. Vacancies shall be filled by the appointing party for the balance of the term to be served. Each member may designate one alternate. Each committee shall select a chairperson from among its members at each meeting. The chairpersonship of each committee shall alternate between the members designated by the agency head and the members designated by the Union. A quorum shall consist of a majority of the total membership of a committee. A committee shall make its recommendations to the agency head in writing.

Section 4.

The labor-management committee shall meet at the call of either the Union members or the Employer members at times mutually agreeable to both parties. At least one week in advance of a meeting the party calling the meeting shall provide, to the other party, a written agenda of matters to be discussed. Minutes shall be kept and copies supplied to all members of the committee.

ARTICLE XII -FINANCIAL EMERGENCY ACT

The provisions of this Agreement are subject to applicable provisions of law, including the New York State Financial Emergency Act for the City of New York as amended.

ARTICLE XIII - APPENDICES

The Appendix or Appendices, if any, attached hereto and initialed by the undersigned shall be deemed a part of this Agreement as if fully set forth herein.

ARTICLE XIV - SAVINGS CLAUSE

In the event that any provision of this Agreement is found to be invalid, such invalidity shall not impair the validity and enforceability of the remaining provisions of this Agreement.

ARTICLE XV - CONTRACTING OUT

The problem of "Contracting Out" or "Farming Out" of work normally performed by personnel covered by this Agreement shall be referred to the Labor-Management Committee as provided for in Article XI of this Agreement.

Longevity Increment Eligibility Rules

The following rules shall govern the eligibility of employees for the longevity increments provided for in Article III, Section 8, of the 2006-2007 *Audio-Visual Aide Technicians, et al.* Agreement:

1. Only service in pay status shall be used to calculate the 5/10/15 years of service, except that for other than full time per annum employees only a continuous year of service in pay status shall be used to calculate the 5/10/15 years of service. A continuous year of service shall be a full year of service without a break of more than 31 days. Where the regular and customary work year for a title is less than a twelve month year, such as a school year, such regular and customary year shall be credited as a continuous year of service counting towards the 5/10/15 years of service. If the normal work year for an employee is less than the regular and customary work year for the employee's title, it shall be counted as a continuous year of service if the employee has customarily worked that length work year and the applicable agency verifies that information.

2. Service in pay status prior to any breaks in service of more than one year shall not be used to calculate the 5/10/15 years of service. Where an employee has less than seven years of continuous service in pay status, breaks in service of less than one year shall be aggregated. Where breaks in service aggregate to more than one year they shall be treated as a break in service of more than one year and the service prior to such breaks and the aggregated breaks shall not be used to calculate the 5/10/15 years of service. No break used to disqualify service shall be used more than once.

3. The following time in which an employee is not in pay status shall not constitute a break in service as specified in paragraph 2 above:

   a. Time on a leave approved by the proper authority which is consistent with the **Rules and Regulations of the New York City Personnel Director** or the appropriate personnel authority of a covered organization.

   b. Time prior to a reinstatement.

   c. Time on a preferred list pursuant to **Civil Service Law Sections 80 and 81** or any similar contractual provision.

   d. Time not in pay status of 31 days or less.

   Notwithstanding the above, such time as specified in subsections a, b and c above shall not be used to calculate the 5/10/15 years of service.

4. Once an employee has completed the 5/10/15 years of "City" service in pay status and is eligible to receive the respective longevity increment, the respective longevity increment shall become part of the employee's base rate for all purposes except as provided in paragraph 5 below.

5. The respective longevity increment shall not become pensionable until fifteen (15) months after the employee becomes eligible to receive such payment. READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council,** 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists--free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

Prince's Bay Rezonings and Text Amendment

The Department of City Planning (DCP) and Councilmember Andrew Lanza propose a zoning map amendment which would rezone an existing R3-2 district to an R3X district and rezone an existing R3X district to an R1-2 district within the Special South Richmond Development District (SSRDD). The proposal also includes a zoning text amendment to the Zoning Resolution (ZR) which would establish Special Area LL (Large Lots) and Special Area SH (Senior Housing) within the Special South Richmond Development District (SSRDD).

The proposed zoning map amendment would rezone an existing R3-2 zoning district to a contextual R3X zoning district in a 149.2 acre section of the southern portion of the Mt. Loretto property. The area contains several community facility buildings, as well as vacant and wooded land. The proposed rezoning area overlaps with a large portion of the proposed Special Area SH.

The proposed zoning map amendment would also rezone an existing R3X zoning district to a lower density R1-2 zoning district in an area generally bounded by Indale Avenue, Hylan Boulevard, and Johnson Terrace and the prolongation of Sherwood Avenue, Richard Avenue, Hylan Boulevard, and Sharrot's Avenue. The rezoning area is approximately 22.4 acres and is located within the former Camp St. Edwards site. A development has been approved and is almost complete for this site.

The proposed text amendment would establish Special Area LL (Large Lots), ZR Section 107-411, which would continue to permit one- or two-family residences on a larger minimum lot size of 5,700 square feet. Area LL is generally bounded by Richmond Parkway, Minturn Avenue and Percival Place, Hylan Boulevard, Richard Avenue, Amboy Road, and Page Avenue. The proposed text amendment would also establish Special Area SH (Senior Housing) ZR Section 107-42, which would permit the development of non-profit housing for the elderly in an R3X district at an R3-2 residential equivalency. A portion of Area SH is within the area of the proposed R3X district, and the remainder of Area SH is within an existing R3X district.

Statement of No Significant Effect:

The Environmental Assessment and Review Division of the Department of City Planning, on behalf of the City Planning Commission, has completed its technical review of the Environmental Assessment Statement dated May 5, 2006, prepared in connection with the ULURP Application (N060464 ZRR and 060465 ZMR). The City Planning Commission has determined that the proposed action will have no significant effect on the quality of the environment.

Supporting Statement:

The above determination is based on an environmental assessment which finds that no significant effects on the environment which would require an Environmental Impact Statement are foreseeable.

This Negative Declaration has been prepared in accordance with Article 8 of the Environmental Conservation Law 6NYCRR part 617.

Should you have any questions pertaining to this Negative Declaration, you may contact Gwen Sheinfeld at (212) 720-3419.

SPECIAL ADJUSTMENTS UNDER PRIOR ORDERS - PROPOSAL

All rent adjustments lawfully implemented and maintained under previous apartment orders and included in the base rent in effect on **September 30, 2006** shall continue to be included in the base rent for the purpose of computing subsequent rents adjusted pursuant to this Order.

Such HUD-determined Fair Market Rents will be published in the Federal Register, to take effect on **October 1, 2006**.

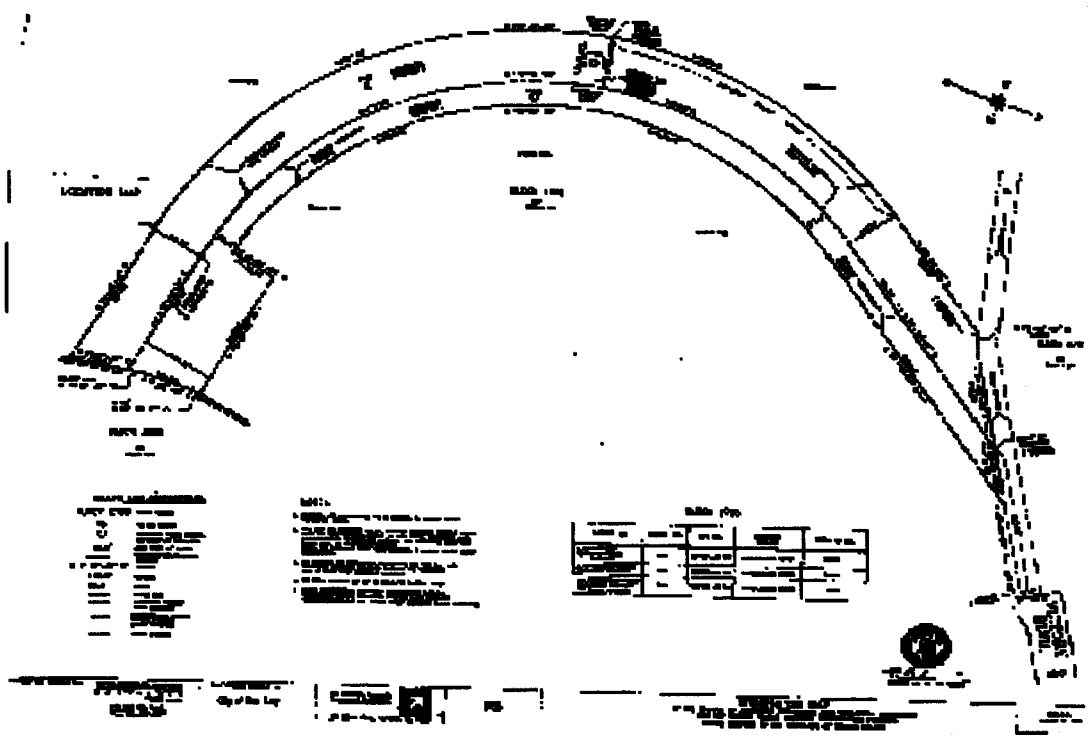
COURT NOTICE MAP FOR STATEN ISLAND RAILROAD REACTIVATION PROJECT, TRAVIS BRANCH



READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council**, 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists--free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.

NEW YORK CITY WETLANDS TRANSFER TASK FORCE

PLEASE TAKE NOTICE, that the New York City Wetlands Transfer Task Force ("Task Force") will hold two (2) public hearings to receive comments regarding the possible transfer of City-owned wetlands to the New York City Department of Parks & Recreation.

The Task Force is a temporary entity created by Local Law 83 (2005) to study the technical, legal, environmental, and economical feasibility of such a transfer of City-owned property only. Before its term expires, the Task Force must submit recommendations on the subject to the Mayor of the City of New York and the Speaker of the Council of the City of New York.

Wetlands improve natural water quality, help prevent flooding, stem shoreline erosion, and provide venues for recreation and aesthetic appreciation. Despite their many advantages, wetlands within the City of New York have decreased over the years from more than one hundred (100) square miles to approximately fourteen (14) square miles.

The time and place of the public hearings have been scheduled as follows:

DATE: May 22, 2006
TIME: 7:00 P.M. - 9:00 P.M.
LOCATION: Blue Heron Nature Center
222 Poillon Avenue, Staten Island, NY 10312

and

DATE: June 1, 2006
TIME: 7:00 P.M. - 9:00 P.M.
LOCATION: Salt Marsh Nature Center
3302 Avenue U, Brooklyn, NY 11234.

Additional public hearings may be scheduled. Any person in attendance at these public hearings shall be given a reasonable opportunity to present oral or written statements and to submit other documents concerning the transfer actions being considered. Each speaker shall be allotted a maximum of three (3) minutes.

The Task Force has a website (www.nyc.gov/parks, keyword "wetlands"), where more information regarding City-owned wetlands, public hearings and other Task Force activities can be viewed. Written comments may be submitted through the website, as well as via postal mail at the addresses below. The deadline for public comment is Friday, June 16, 2006.

A compliant wall assembly shall be substantially identical to, and shall provide an impact resistance equivalent to or exceeding, the performance of one of the following:

(a) **Stud wall.** Impact resistant construction boards shall satisfy the following requirements:

(1) Materials and assemblies shall comply with the following:

a. Materials: Impact resistant construction board sheathed on the impact face of the stair or elevator enclosure wall assembly shall be tested by a laboratory acceptable to the commissioner in accordance with the requirements of ASTM C1629, (*Standard Classification for Abuse-Resistance - Non-Decorated Gypsum Panel Products & Fiberglass-Reinforced Cement Panels*). The impact face shall be considered as the exterior of the stair or elevator enclosure, on the occupied side of the building, and shall be comprised of two layers of construction boards. The construction board used as the base layer panel shall meet or exceed Impact Classification Level 2, as measured by the method described in ASTM C1629, and the face panel shall be a minimum 5/8 inch gypsum construction board.

b. Assembly:

i. The wall assembly shall have a minimum two-hour fire resistance rating as measured by the method described in ASTM E119.

ii. The wall assembly shall meet or exceed Soft Body Impact Classification Level 2 (195 ft.-lbs) as measured by the method described in ASTM C1629.

(2) Installation:

a. Studs shall be minimum 3-½ inch depth metal studs, at least 33 mils thick (20 gauge).

b. Vertical studs shall be spaced at a maximum distance of 24 inches, on center.

c. Runners shall be securely attached at the floor and ceiling to structural element members in such a manner that provides lateral resistance in excess of the equivalent energy of Soft Body Impact Classification Level 2 of ASTM C1629. The installation of top and bottom runner tracks shall be subject to controlled inspection.

d. Construction boards shall be attached with No. 8 self-drilling bugle-head screws, 12 inches, on center maximum, with a minimum depth of ? inch penetration into the wall cavity. Screw attachments shall meet the requirements of ASTM C 1002, *Standard Specification for Steel Drill Screws for the Application of Gypsum Panel Products or Metal Plaster Bases.*

e. Joints between adjoining sheets of construction board shall be staggered from base layer with face panel layer.

(b) **Concrete and masonry walls.** Concrete or masonry walls shall satisfy the impact resistance requirements of this section provided that the enclosure walls are anchored to structural members that provide lateral support as required by the seismic provisions of RS 10. The assembly shall be rated for two-hour fire resistance, as measured by the method described in ASTM E119.

(c) **Other Wall Assemblies.** Wall assemblies not classified in (a) and (b) of this section shall comply with the following criteria:

(1) Impact face: Boards or materials constituting the impact face of the stair or elevator enclosure assembly shall be tested by a laboratory, acceptable to the commissioner, to provide an impact resistance equivalent to gypsum panel meeting Hard Body Impact Classification Level 3 resistance (150 ft-lbs), as measured by ASTM C1629. When more than one layer of material is required to meet the impact resistance requirement, such layers shall be tested in tandem.

(2) Assembly:

a. The wall assembly shall have a minimum two-hour fire resistance rating as measured by the method described in ASTM E119.

b. The wall assembly shall meet or exceed Soft Body Impact Classification Level 2 as measured by the method described in ASTM C1629.

(3) Installation: Wall assemblies shall be anchored to structural members in such manner that provides lateral resistance in excess of the equivalent energy of Soft Body Impact Classification Level 2 of ASTM C1629. The installation shall be subject to controlled inspection.

STATEMENT OF BASIS AND PURPOSE

Local Law 26 of 2004 mandates that high rise office buildings, constructed pursuant to applications filed on or after July 1, 2006, be built with impact resistant stair and elevator enclosures, and requires that the Commissioner of Buildings adopt a rule establishing the technical standards for their installation.

Pursuant to Local Law 26 of 2004, as codified in §27-375(i)(6) and §27-987(c)(2) of the Administrative Code of the City of New York, this proposed rule establishes the technical standards for the installation of impact resistant stair and elevator enclosures in compliance with that mandate.

It is bounded by 37th Avenue to the north, Union Street to the east, 39th Avenue to the south, and 138th Street to the west. The project involves the rezoning of Lots 25 and 46, and the redevelopment of a portion of Lot 25 consisting of a municipal parking lot in Flushing. The proposed Flushing Commons project, which would be constructed on a portion of Lot 25, would comprise a mix of uses. As presently conceived, the project would include approximately 517 market-rate apartments; 200 hotel rooms; nearly 380,000 square feet of retail, office, restaurant, and cinema space; and nearly 88,000 square feet of community facility space for such things as cultural and visitors' centers, a recreation center, and medical offices. The project would also include a below-grade public parking garage of approximately 2,000 spaces, which would replace the 1,101 parking spaces presently in the municipal lot. NEW YORK CITY WETLANDS TRANSFER TASK FORCE

PLEASE TAKE NOTICE, that the New York City Wetlands Transfer Task Force ("Task Force") will hold two (2) public hearings to receive comments regarding the possible transfer of City-owned wetlands to the New York City Department of Parks & Recreation.

The Task Force is a temporary entity created by Local Law 83 (2005) to study the technical, legal, environmental, and economical feasibility of such a transfer of City-owned property only. Before its term expires, the Task Force must submit recommendations on the subject to the Mayor of the City of New York and the Speaker of the Council of the City of New York.

Wetlands improve natural water quality, help prevent flooding, stem shoreline erosion, and provide venues for recreation and aesthetic appreciation. The time and place of the public hearings have been scheduled as follows:

DATE: May 22, 2006
TIME: 7:00 P.M. - 9:00 P.M.
LOCATION: Blue Heron Nature Center

Additional public hearings may be scheduled. Any person in attendance at these public hearings shall be given a reasonable opportunity to present oral or written statements and to submit other documents concerning the transfer actions being considered. Each speaker shall be allotted a maximum of three (3) minutes.

The Task Force has a website (www.nyc.gov/parks, keyword "wetlands") where more information regarding City-owned wetlands, public hearings and other Task Force activities can be viewed.
